Q. Nothing in this title shall prohibit the administration of normally self-administered drugs by unlicensed individuals to a person in his private residence.

R. U. Pursuant to a specific order for a patient and under his direct and immediate supervision, a prescriber may authorize the administration of controlled substances by personnel who have been properly trained to assist a doctor of medicine or osteopathic medicine, provided the method does not include intravenous, intrathecal, or epidural administration and the prescriber remains responsible for such administration.

V. A physician assistant, nurse or a dental hygienist may possess and administer topical fluoride varnish to the teeth of children aged six months to three years pursuant to an oral or written order or a standing protocol issued by a doctor of medicine, osteopathic medicine, or dentistry that conforms to standards adopted by the Department of Health.

**§ 45.1-186.3. Commonwealth to have lien for reclamation work.**

The Commonwealth shall have a lien, if perfected as provided in subsection A of § 45.1-186.4, on land owned by the operator and reclaimed by the Director pursuant to this chapter for the amount of the increase in the appraised market value of the land resulting from the reclamation, except that no lien shall attach to or be filed against the property of any person if the Director waives the lien as provided in subsection B of § 45.1-186.4.

**§ 45.1-186.4. Perfection of lien; waiver of lien.**

B. The Director shall waive a lien if he determines that (i) the direct and indirect costs of filing such lien exceed the increase in fair market value resulting from reclamation or (ii) if reclamation is necessitated by an unforeseen occurrence, the reclamation will not result in a significant increase in the fair market value of the land.

**§ 45.1-186.5. Recordation and indexing of lien; notice.**

It shall be the duty of the clerk in whose office the statement described in § 45.1-186.4 is filed to record the statement in the deed books of such office, and index the statement in the general index of deeds, in the name of the Commonwealth as well as the owner of the property, showing the type of such lien. From the time of such recording and indexing, all persons shall be deemed to have notice thereof.

**§ 45.1-186.6. Priority of lien.**

Liens acquired under this article shall have priority as a lien second only to the lien of real estate taxes imposed upon the land.

**§ 45.1-186.7. Hearing to determine amount of lien.**

Any party having an interest in the real property against which a lien has been filed may, within 60 days of such filing, petition the court of equity having jurisdiction wherein the property or some portion thereof is located to hold a hearing to determine the increase in the fair market value of the land as a result of reclamation. After reasonable notice to the Director, the court shall hold a hearing to determine such increase. **CHAPTER 9**

*An Act to amend and reenact § 62.1-44.19:14 of the Code of Virginia, relating to watershed general permit for nutrients.*

[H 1619]

Approved February 13, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 62.1-44.19:14 of the Code of Virginia is amended and reenacted as follows:**

**§ 62.1-44.19:14. Watershed general permit for nutrients.**

A. By January 1, 2006, or as soon thereafter as possible, the Board shall issue a Watershed General Virginia Pollutant Discharge Elimination System Permit, hereafter referred to as the general permit, authorizing point source discharges of total nitrogen and total phosphorus to the waters of the Chesapeake Bay and its tributaries. Except as otherwise provided in this article, the general permit shall control in lieu of technology-based, water quality-based, and best professional judgment, interim or final effluent limitations for total nitrogen and total phosphorus in individual Virginia Pollutant Discharge Elimination System permits for facilities covered by the general permit where the effluent limitations for total nitrogen and total phosphorus in the individual permits are based upon standards, criteria, waste load allocations, policy, or guidance established to restore or protect the water quality and beneficial uses of the Chesapeake Bay or its tidal tributaries.

B. This section shall not be construed to limit or otherwise affect the Board's authority to establish and enforce more stringent water quality-based effluent limitations for total nitrogen or total phosphorus in individual permits where those limitations are necessary to protect local water quality. The exchange or acquisition of credits pursuant to this article shall not affect any requirement to comply with such local water quality-based limitations.

C. The general permit shall contain the following:

1. Waste load allocations for total nitrogen and total phosphorus for each permitted facility expressed as annual mass loads. The allocations for each permitted facility shall reflect the applicable individual water quality-based total nitrogen and total phosphorus waste load allocations. An owner or operator of two or more facilities located in the same tributary may apply for and receive an aggregated waste load allocation for total nitrogen and an aggregated waste load allocation for total phosphorus for multiple facilities reflecting the total of the water quality-based total nitrogen and total phosphorus waste load allocations established for such facilities individually;

2. A schedule requiring compliance with the combined waste load allocations for each tributary as soon as possible taking into account (i) opportunities to minimize costs to the public or facility owners by phasing in the implementation of multiple projects; (ii) the availability of required services and skilled labor; (iii) the availability of funding from the Virginia Water Quality Improvement Fund as established in § 10.1-2128, the Virginia Water Facilities Revolving Fund as established in § 62.1-225, and other financing mechanisms; (iv) water quality conditions; and (v) other relevant factors. Following receipt of the compliance plans required by subdivision C 3, the Board shall reevaluate the schedule taking into account the information in the compliance plans and the factors in this subdivision, and may modify the schedule as appropriate;

3. A requirement that within nine months after the initial effective date of the general permit, the permittees shall either individually or through the Association submit compliance plans to the Department for approval. The compliance plans shall contain, at a minimum, any capital projects and implementation schedules needed to achieve total nitrogen and phosphorus reductions sufficient to comply with the individual and combined waste load allocations of all the permittees in the tributary. The compliance plans may rely on the exchange of point source credits in accordance with this article, but not the acquisition of credits through payments authorized by § 62.1-44.19:18, to achieve compliance with the individual and combined waste load allocations in each tributary. The compliance plans shall be updated annually and submitted to the Department no later than February 1 of each year;

4. Such monitoring and reporting requirements as the Board deems necessary to carry out the provisions of this article;

5. A procedure that requires every owner or operator of a facility authorized by a Virginia Pollutant Discharge Elimination System permit to discharge 100,000 gallons or more per day, or an equivalent load, directly into tidal waters, or 500,000 gallons or more per day, or an equivalent load, directly into nontidal waters, to secure general permit coverage by filing a registration statement with the Department within a specified period after each effective date of the general permit. The procedure shall also require any owner or operator of a facility authorized by a Virginia Pollutant Discharge Elimination System permit to discharge 40,000 gallons or more per day, or an equivalent load, directly into tidal or nontidal waters to secure general permit coverage by filing a registration statement with the Department at the time he makes application with the Department for a new discharge or expansion that is subject to an offset or technology-based requirement in § 62.1-44.19:15, and thereafter within a specified period of time after each effective date of the general permit. The procedure shall also require any owner or operator of a facility with a discharge that is subject to an offset requirement in subdivision A 5 of § 62.1-44.19:15 to secure general permit coverage by filing a registration statement with the Department prior to commencing the discharge and thereafter within a specified period of time after each effective date of the general permit. The general permit shall provide that any facility authorized by a Virginia Pollutant Discharge Elimination System permit and not required by this subdivision to file a registration statement shall be deemed to be covered under the general permit at the time it is issued, and shall file a registration statement with the Department when required by this section. Owners or operators of facilities that are deemed to be permitted under this section shall have no other obligation under the general permit prior to filing a registration statement and securing coverage under the general permit based upon such registration statement;

6. A procedure for efficiently modifying the lists of facilities covered by the general permit where the modification does not change or otherwise alter any waste load allocation or delivery factor adopted pursuant to the Water Quality Management Planning Regulation (~~9VAC25-270~~) (9VAC25-720) or its successor, or an applicable total maximum daily load. The procedure shall also provide for modifying or incorporating new waste load allocations or delivery factors, including the opportunity for public notice and comment on such modifications or incorporations; and

7. Such other conditions as the Board deems necessary to carry out the provisions of this chapter and Section 402 of the federal Clean Water Act (33 U.S.C. § 1342).

D. 1. *The Board shall (i) review during the year 2020 and every 10 years thereafter the basis for allocations granted in the Water Quality Management Planning Regulation (9VAC25-720) and (ii) as a result of such decennial reviews propose for inclusion in the Water Quality Management Planning Regulation (9VAC25-720) either the reallocation of unneeded allocations to other facilities registered under the general permit or the reservation of such allocations for future use.*

2. *For each decennial review, the Board shall determine whether a permitted facility has:*

*a. Changed the use of the facility in such a way as to make discharges unnecessary, ceased the discharge of nutrients, and become unlikely to resume such discharges in the foreseeable future; or*

*b. Changed the production processes employed in the facility in such a way as to render impossible, or significantly to diminish the likelihood of, the resumption of previous nutrient discharges.*

3. Beginning in 2030, each review also shall consider the following factors for municipal wastewater facilities:
- a. Substantial changes in the size or population of a service area;
  - b. Significant changes in land use resulting from adopted changes to zoning ordinances or comprehensive plans within a service area;
  - c. Significant establishment of conservation easements or other perpetual instruments that are associated with a deed and that restrict growth or development;
  - d. Constructed treatment facility capacity;
  - e. Significant changes in the understanding of the water chemistry or biology of receiving waters that would reasonably result in unused nutrient discharge allocations over an extended period of time;
  - f. Significant changes in treatment technologies that would reasonably result in unused nutrient discharge allocations over an extended period of time;
  - g. The ability of the permitted facility to accommodate projected growth under existing nutrient waste load allocations; and
  - h. Other similarly significant factors that the Board determines reasonably to affect the allocations granted.
- The Board shall not reduce allocations based solely on voluntary improvements in nutrient removal technology.
- E. The Board shall maintain and make available to the public a current listing, by tributary, of all permittees and permitted facilities under the general permit, together with each permitted facility's total nitrogen and total phosphorus waste load allocations, and total nitrogen and total phosphorus delivery factors.
- ~~E. F.~~ Except as otherwise provided in this article, in the event that there are conflicting or duplicative conditions contained in the general permit and an individual Virginia Pollutant Discharge Elimination System permit, the conditions in the general permit shall control.

## CHAPTER 10

An Act to amend and reenact § 62.1-44.15:28, as it is currently effective and as it shall become effective, of the Code of Virginia, relating to stormwater management programs; regulations.

[H 2076]

Approved February 13, 2017

### Be it enacted by the General Assembly of Virginia:

1. That § 62.1-44.15:28, as it is currently effective and as it shall become effective, of the Code of Virginia is amended and reenacted as follows:

#### § 62.1-44.15:28. (For expiration date, see Acts 2016, cc. 68 & 758) Development of regulations.

A. The Board is authorized to adopt regulations that specify minimum technical criteria and administrative procedures for Virginia Stormwater Management Programs. The regulations shall:

1. Establish standards and procedures for administering a VSMP;
2. Establish minimum design criteria for measures to control nonpoint source pollution and localized flooding, and incorporate the stormwater management regulations adopted pursuant to the Erosion and Sediment Control Law (§ 62.1-44.15:51 et seq.), as they relate to the prevention of stream channel erosion. These criteria shall be periodically modified as required in order to reflect current engineering methods;
3. Require the provision of long-term responsibility for and maintenance of stormwater management control devices and other techniques specified to manage the quality and quantity of runoff;
4. Require as a minimum the inclusion in VSMPs of certain administrative procedures that include, but are not limited to, specifying the time period within which a VSMP authority shall grant land-disturbing activity approval, the conditions and processes under which approval shall be granted, the procedures for communicating disapproval, the conditions under which an approval may be changed, and requirements for inspection of approved projects;
5. Establish by regulations a statewide permit fee schedule to cover all costs associated with the implementation of a VSMP related to land-disturbing activities of one acre or greater. Such fee attributes include the costs associated with plan review, VSMP registration statement review, permit issuance, state-coverage verification, inspections, reporting, and compliance activities associated with the land-disturbing activities as well as program oversight costs. The fee schedule shall also include a provision for a reduced fee for land-disturbing activities between 2,500 square feet and up to one acre in Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) localities. The fee schedule shall be governed by the following:
  - a. The revenue generated from the statewide stormwater permit fee shall be collected utilizing, where practicable, an online payment system, and the Department's portion shall be remitted to the State Treasurer for deposit in the Virginia Stormwater Management Fund established pursuant to § 62.1-44.15:29. However, whenever the Board has approved a VSMP, no more than 30 percent of the total revenue generated by the statewide stormwater permit fees collected shall be remitted to the State Treasurer for deposit in the Virginia Stormwater Management Fund, with the balance going to the VSMP authority.
  - b. Fees collected pursuant to this section shall be in addition to any general fund appropriation made to the Department or other supporting revenue from a VSMP; however, the fees shall be set at a level sufficient for the Department and the VSMP to fully carry out their responsibilities under this article and its attendant regulations and local ordinances or

standards and specifications where applicable. When establishing a VSMP, the VSMP authority shall assess the statewide fee schedule and shall have the authority to reduce or increase such fees, and to consolidate such fees with other program-related charges, but in no case shall such fee changes affect the amount established in the regulations as available to the Department for program oversight responsibilities pursuant to subdivision 5 a. A VSMP's portion of the fees shall be used solely to carry out the VSMP's responsibilities under this article and its attendant regulations, ordinances, or annual standards and specifications.

c. Until July 1, 2014, the fee for coverage under the General Permit for Discharges of Stormwater from Construction Activities issued by the Board, or where the Board has issued an individual permit or coverage under the General Permit for Discharges of Stormwater from Construction Activities for an entity for which it has approved annual standards and specifications, shall be \$750 for each large construction activity with sites or common plans of development equal to or greater than five acres and \$450 for each small construction activity with sites or common plans of development equal to or greater than one acre and less than five acres. On and after July 1, 2014, such fees shall only apply where coverage has been issued under the Board's General Permit for Discharges of Stormwater from Construction Activities to a state agency or federal entity for which it has approved annual standards and specifications. After establishment, such fees may be modified in the future through regulatory actions.

d. Until July 1, 2014, the Department is authorized to assess a \$125 reinspection fee for each visit to a project site that was necessary to check on the status of project site items noted to be in noncompliance and documented as such on a prior project inspection.

e. In establishing the fee schedule under this subdivision, the Department shall ensure that the VSMP authority portion of the statewide permit fee for coverage under the General Permit for Discharges of Stormwater from Construction Activities for small construction activity involving a single family detached residential structure with a site or area, within or outside a common plan of development or sale, that is equal to or greater than one acre but less than five acres shall be no greater than the VSMP authority portion of the fee for coverage of sites or areas with a land-disturbance acreage of less than one acre within a common plan of development or sale.

f. When any fees are collected pursuant to this section by credit cards, business transaction costs associated with processing such payments may be additionally assessed;

6. Establish statewide standards for stormwater management from land-disturbing activities of one acre or greater, except as specified otherwise within this article, and allow for the consolidation in the permit of a comprehensive approach to addressing stormwater management and erosion and sediment control, consistent with the provisions of the Erosion and Sediment Control Law (§ 62.1-44.15:51 et seq.) and this article. However, such standards shall also apply to land-disturbing activity exceeding an area of 2,500 square feet in all areas of the jurisdictions designated as subject to the Chesapeake Bay Preservation Area Designation and Management Regulations;

7. Establish a procedure by which a stormwater management plan that is approved for a residential, commercial, or industrial subdivision shall govern the development of the individual parcels, including those parcels developed under subsequent owners;

8. Notwithstanding the provisions of subdivision A 5, establish a procedure by which neither a registration statement nor payment of the Department's portion of the statewide permit fee established pursuant to that subdivision shall be required for coverage under the General Permit for Discharges of Stormwater from Construction Activities for construction activity involving a single-family detached residential structure, within or outside a common plan of development or sale;

9. Provide for reciprocity with programs in other states for the certification of proprietary best management practices;

10. Require that VSMPs maintain after-development runoff rate of flow and characteristics that replicate, as nearly as practicable, the existing predevelopment runoff characteristics and site hydrology, or improve upon the contributing share of the existing predevelopment runoff characteristics and site hydrology if stream channel erosion or localized flooding is an existing predevelopment condition. Except where more stringent requirements are necessary to address total maximum daily load requirements or to protect exceptional state waters, any land-disturbing activity that provides for stormwater management shall satisfy the conditions of this subsection if the practices are designed to (i) detain the water quality volume and to release it over 48 hours; (ii) detain and release over a 24-hour period the expected rainfall resulting from the one year, 24-hour storm; and (iii) reduce the allowable peak flow rate resulting from the 1.5-year, two-year, and 10-year, 24-hour storms to a level that is less than or equal to the peak flow rate from the site assuming it was in a good forested condition, achieved through multiplication of the forested peak flow rate by a reduction factor that is equal to the runoff volume from the site when it was in a good forested condition divided by the runoff volume from the site in its proposed condition, and shall be exempt from any flow rate capacity and velocity requirements for natural or man-made channels as defined in any regulations promulgated pursuant to this section or any ordinances adopted pursuant to § 62.1-44.15:27 or 62.1-44.15:33;

11. Encourage low-impact development designs, regional and watershed approaches, and nonstructural means for controlling stormwater;

12. Promote the reclamation and reuse of stormwater for uses other than potable water in order to protect state waters and the public health and to minimize the direct discharge of pollutants into state waters;

13. Establish procedures to be followed when a locality that operates a VSMP wishes to transfer administration of the VSMP to the Department;

14. Establish a statewide permit fee schedule for stormwater management related to municipal separate storm sewer system permits; ~~and~~

15. Provide for the evaluation and potential inclusion of emerging or innovative stormwater control technologies that may prove effective in reducing nonpoint source pollution; *and*

16. *Require that all final plan elements, specifications, or calculations whose preparation requires a license under Chapter 4 (§ 54.1-400 et seq.) or 22 (§ 54.1-2200 et seq.) of Title 54.1 be appropriately signed and sealed by a professional who is licensed to engage in practice in the Commonwealth. Nothing in this subdivision shall authorize any person to engage in practice outside his area of professional competence.*

B. The Board may integrate and consolidate components of the regulations implementing the Erosion and Sediment Control program and the Chesapeake Bay Preservation Area Designation and Management program with the regulations governing the Virginia Stormwater Management Program (VSMP) Permit program or repeal components so that these programs may be implemented in a consolidated manner that provides greater consistency, understanding, and efficiency for those regulated by and administering a VSMP.

**§ 62.1-44.15:28. (For effective date, see Acts 2016, cc. 68 & 758) Development of regulations.**

The Board is authorized to adopt regulations that establish requirements for the effective control of soil erosion, sediment deposition, and stormwater, including nonagricultural runoff, that shall be met in any VESMP to prevent the unreasonable degradation of properties, stream channels, waters, and other natural resources, and that specify minimum technical criteria and administrative procedures for VESMPs. The regulations shall:

1. Establish standards and procedures for administering a VESMP;
2. Establish minimum standards of effectiveness of the VESMP and criteria and procedures for reviewing and evaluating its effectiveness. The minimum standards of program effectiveness established by the Board shall provide that (i) no soil erosion control and stormwater management plan shall be approved until it is reviewed by a plan reviewer certified pursuant to § 62.1-44.15:30, (ii) each inspection of a land-disturbing activity shall be conducted by an inspector certified pursuant to § 62.1-44.15:30, and (iii) each VESMP shall contain a program administrator, a plan reviewer, and an inspector, each of whom is certified pursuant to § 62.1-44.15:30 and all of whom may be the same person;
3. Be based upon relevant physical and developmental information concerning the watersheds and drainage basins of the Commonwealth, including data relating to land use, soils, hydrology, geology, size of land area being disturbed, proximate water bodies and their characteristics, transportation, and public facilities and services;
4. Include any survey of lands and waters as the Board deems appropriate or as any applicable law requires to identify areas, including multijurisdictional and watershed areas, with critical soil erosion and sediment problems;
5. Contain conservation standards for various types of soils and land uses, which shall include criteria, techniques, and methods for the control of soil erosion and sediment resulting from land-disturbing activities;
6. Establish water quality and water quantity technical criteria. These criteria shall be periodically modified as required in order to reflect current engineering methods;
7. Require the provision of long-term responsibility for and maintenance of stormwater management control devices and other techniques specified to manage the quality and quantity of runoff;
8. Require as a minimum the inclusion in VESMPs of certain administrative procedures that include, but are not limited to, specifying the time period within which a VESMP authority shall grant land-disturbance approval, the conditions and processes under which such approval shall be granted, the procedures for communicating disapproval, the conditions under which an approval may be changed, and requirements for inspection of approved projects;
9. Establish a statewide fee schedule to cover all costs associated with the implementation of a VESMP related to land-disturbing activities where permit coverage is required, and for land-disturbing activities where the Board serves as a VESMP authority or VSMP authority. Such fee attributes include the costs associated with plan review, permit registration statement review, permit issuance, permit coverage verification, inspections, reporting, and compliance activities associated with the land-disturbing activities as well as program oversight costs. The fee schedule shall also include a provision for a reduced fee for a land-disturbing activity that disturbs 2,500 square feet or more but less than one acre in an area of a locality designated as a Chesapeake Bay Preservation Area pursuant to the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.). The fee schedule shall be governed by the following:
  - a. The revenue generated from the statewide fee shall be collected utilizing, where practicable, an online payment system, and the Department's portion shall be remitted to the State Treasurer for deposit in the Virginia Stormwater Management Fund established pursuant to § 62.1-44.15:29. However, whenever the Board has approved a VESMP, no more than 30 percent of the total revenue generated by the statewide fees collected shall be remitted to the State Treasurer for deposit in the Virginia Stormwater Management Fund, with the balance going to the VESMP authority;
  - b. Fees collected pursuant to this section shall be in addition to any general fund appropriation made to the Department or other supporting revenue from a VESMP; however, the fees shall be set at a level sufficient for the Department, the Board, and the VESMP to fully carry out their responsibilities under this article and local ordinances or standards and specifications where applicable. When establishing a VESMP, the VESMP authority shall assess the statewide fees pursuant to the schedule and shall have the authority to reduce or increase such fees, and to consolidate such fees with other program-related charges, but in no case shall such fee changes affect the amount established in the regulations as available to the Department for program oversight responsibilities pursuant to subdivision a. A VESMP's portion of the fees shall be used solely to carry out the VESMP's responsibilities under this article and associated ordinances;
  - c. In establishing the fee schedule under this subdivision, the Department shall ensure that the VESMP authority portion of the statewide fee for coverage under the General Permit for Discharges of Stormwater from Construction

Activities for small construction activity involving a single-family detached residential structure with a site or area, within or outside a common plan of development or sale, that is equal to or greater than one acre but less than five acres shall be no greater than the VESMP authority portion of the fee for coverage of sites or areas with a land-disturbance acreage of less than one acre within a common plan of development or sale;

d. When any fees are collected pursuant to this section by credit cards, business transaction costs associated with processing such payments may be additionally assessed;

e. Notwithstanding the other provisions of this subdivision 9, establish a procedure by which neither a registration statement nor payment of the Department's portion of the statewide fee established pursuant to this subdivision 9 shall be required for coverage under the General Permit for Discharges of Stormwater from Construction Activities for construction activity involving a single-family detached residential structure, within or outside a common plan of development or sale;

10. Establish statewide standards for soil erosion control and stormwater management from land-disturbing activities;

11. Establish a procedure by which a soil erosion control and stormwater management plan or stormwater management plan that is approved for a residential, commercial, or industrial subdivision shall govern the development of the individual parcels, including those parcels developed under subsequent owners;

12. Provide for reciprocity with programs in other states for the certification of proprietary best management practices;

13. Require that VESMPs maintain after-development runoff rate of flow and characteristics that replicate, as nearly as practicable, the existing predevelopment runoff characteristics and site hydrology, or improve upon the contributing share of the existing predevelopment runoff characteristics and site hydrology if stream channel erosion or localized flooding is an existing predevelopment condition.

a. Except where more stringent requirements are necessary to address total maximum daily load requirements or to protect exceptional state waters, any land-disturbing activity that was subject to the water quantity requirements that were in effect pursuant to this article prior to July 1, 2014, shall be deemed to satisfy the conditions of this subsection if the practices are designed to (i) detain the water volume equal to the first one-half inch of runoff multiplied by the impervious surface of the land development project and to release it over 48 hours; (ii) detain and release over a 24-hour period the expected rainfall resulting from the one year, 24-hour storm; and (iii) reduce the allowable peak flow rate resulting from the 1.5-year, two-year, and 10-year, 24-hour storms to a level that is less than or equal to the peak flow rate from the site assuming it was in a good forested condition, achieved through multiplication of the forested peak flow rate by a reduction factor that is equal to the runoff volume from the site when it was in a good forested condition divided by the runoff volume from the site in its proposed condition. Any land-disturbing activity that complies with these requirements shall be exempt from any flow rate capacity and velocity requirements for natural or man-made channels as defined in any regulations promulgated pursuant to this section or any ordinances adopted pursuant to § 62.1-44.15:27 or 62.1-44.15:33;

b. Any stream restoration or relocation project that incorporates natural channel design concepts is not a man-made channel and shall be exempt from any flow rate capacity and velocity requirements for natural or man-made channels as defined in any regulations promulgated pursuant to this article;

14. Encourage low-impact development designs, regional and watershed approaches, and nonstructural means for controlling stormwater;

15. Promote the reclamation and reuse of stormwater for uses other than potable water in order to protect state waters and the public health and to minimize the direct discharge of pollutants into state waters;

16. Establish procedures to be followed when a locality chooses to change the type of program it administers pursuant to subsection D of § 62.1-44.15:27;

17. Establish a statewide permit fee schedule for stormwater management related to MS4 permits; ~~and~~

18. Provide for the evaluation and potential inclusion of emerging or innovative stormwater control technologies that may prove effective in reducing nonpoint source pollution; *and*

19. *Require that all final plan elements, specifications, or calculations whose preparation requires a license under Chapter 4 (§ 54.1-400 et seq.) or 22 (§ 54.1-2200 et seq.) of Title 54.1 be appropriately signed and sealed by a professional who is licensed to engage in practice in the Commonwealth. Nothing in this subdivision shall authorize any person to engage in practice outside his area of professional competence.*

**2. That the State Water Control Board (the Board) shall adopt regulations to implement the requirements of this act to be effective no later than July 1, 2018. The adoption of such regulations shall be exempt from the requirements of Article 2 (§ 2.2-4006 et seq.) of the Administrative Process Act (§ 2.2-4000 et seq. of the Code of Virginia). However, the Department shall (i) provide a Notice of Intended Regulatory Action and (ii) provide for a 60-day public comment period prior to the Board's adoption of the regulations.**

3. Misrepresenting the affiliation, connection, or association of the supplier, or of the goods or services, with another;
4. Misrepresenting geographic origin in connection with goods or services;
5. Misrepresenting that goods or services have certain quantities, characteristics, ingredients, uses, or benefits;
6. Misrepresenting that goods or services are of a particular standard, quality, grade, style, or model;
7. Advertising or offering for sale goods that are used, secondhand, repossessed, defective, blemished, deteriorated, or reconditioned, or that are "seconds, " irregulars, imperfects, or "not first class, " without clearly and unequivocally indicating in the advertisement or offer for sale that the goods are used, secondhand, repossessed, defective, blemished, deteriorated, reconditioned, or are "seconds, " irregulars, imperfects or "not first class";
8. Advertising goods or services with intent not to sell them as advertised, or with intent not to sell at the price or upon the terms advertised.

In any action brought under this subdivision, the refusal by any person, or any employee, agent, or servant thereof, to sell any goods or services advertised or offered for sale at the price or upon the terms advertised or offered, shall be prima facie evidence of a violation of this subdivision. This paragraph shall not apply when it is clearly and conspicuously stated in the advertisement or offer by which such goods or services are advertised or offered for sale, that the supplier or offeror has a limited quantity or amount of such goods or services for sale, and the supplier or offeror at the time of such advertisement or offer did in fact have or reasonably expected to have at least such quantity or amount for sale;

13. - 13a. Failing to provide to a consumer, or failing to use or include in any written document or material provided to or executed by a consumer, in connection with a consumer transaction any statement, disclosure, notice, or other information however characterized when the supplier is required by 16 C.F.R. Part 433 to so provide, use, or include the statement, disclosure, notice, or other information in connection with the consumer transaction;

Such disclosure shall be by means of a sign attached to the goods, or placed in a conspicuous public area of the premises of the supplier, so as to be readily noticeable and readable by the person obtaining the goods from the supplier. If the supplier does not permit a refund, exchange, or credit for return, he shall so state on a similar sign. The provisions of this subdivision shall not apply to any retail merchant who has a policy of providing, for a period of not less than 20 days after date of purchase, a cash refund or credit to the purchaser's credit card account for the return of defective, unused, or undamaged merchandise upon presentation of proof of purchase. In the case of merchandise paid for by check, the purchase shall be treated as a cash purchase and any refund may be delayed for a period of 10 banking days to allow for the check to clear. This subdivision does not apply to sale merchandise that is obviously distressed, out of date, post season, or otherwise reduced for clearance; nor does this subdivision apply to special order purchases where the purchaser has requested the supplier to order merchandise of a specific or unusual size, color, or brand not ordinarily carried in the store or the store's catalog; nor shall this subdivision apply in connection with a transaction for the sale or lease of motor vehicles, farm tractors, or motorcycles as defined in § 46.2-100;

## CHAPTER 12

*An Act to amend and reenact §§ 54.1-2322 and 54.1-2324 of the Code of Virginia, relating to perpetual care trust funds; method of distribution.*

[H 1505]

Approved February 17, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 54.1-2322 and 54.1-2324 of the Code of Virginia are amended and reenacted as follows:**

**§ 54.1-2322. Use of income from perpetual care trust fund; distributions.**

A. The income from the perpetual care trust fund shall be used solely and exclusively for the general care, maintenance, administration, and embellishment of the cemetery. Unless prior approval has been obtained from the Board or a court of competent jurisdiction, the principal of the perpetual care trust fund shall only be used for investment purposes.

B. A cemetery company may request the trustee of a perpetual care trust fund to elect the distribution of either of the following from the perpetual care trust fund:

1. All net income, which for purposes of this section means the collected dividends, interest, and other income of the perpetual care trust fund less any taxes on income, fees, commissions, and costs. A distribution made under this subdivision shall be referred to as a "net income distribution method"; or

2. An amount not to exceed five percent of the fair market value of the perpetual care trust fund at the close of its fiscal year preceding the distribution year. A distribution made under this subdivision shall be referred to as a "total return distribution method."

C. A cemetery company may request the trustee of a perpetual care trust fund to convert from a net income distribution method to a total return distribution method by delivering written or electronic notice to the trustee. Notice of such conversions shall be provided to the Board at least 90 days prior to implementation of the total return distribution method. Such notices may be written or electronic and shall include a copy of the trust instrument, election of distribution method, and an investment and distribution policy pursuant to subdivision D 1. In the event that a distribution method is not elected, distributions shall be limited to the net income distribution method.

D. The trustee of a perpetual care trust fund may reject a cemetery company's request to elect a total return distribution method. If a trustee determines that election of a total return distribution method is proper, he shall:

1. Prior to implementation of the total return distribution method, adopt a written investment and distribution policy under which the amounts of future distributions from the perpetual care trust fund will be calculated under the total return distribution method rather than net income distribution method. The investment goals and objectives of such policy shall be tailored to achieve (i) principal growth through equity investment; (ii) current income through income investment, as necessary; and (iii) an appropriate balance between (a) maintaining purchasing power through principal appreciation and (b) generating income to support the cemetery company's care and maintenance. A copy of such policy shall be sent to the Board with the notice required in subsection C;

2. Ensure that asset allocation under the perpetual care trust fund includes a diversified portfolio and that investment decisions are made in accordance with all other applicable laws of the Commonwealth;

3. Determine the fair market value of the perpetual care trust fund at least annually using generally accepted valuation methods and such valuation date or dates or averages of valuation dates as are readily ascertainable;

4. Make distributions from the perpetual care trust fund on a monthly, quarterly, semi-annual, or annual basis, as agreed upon by the cemetery company and the trustee;

5. Require that both of the following tests be met each fiscal year prior to allowing any distribution from the perpetual care trust fund to the cemetery company: (i) the fair market value of the perpetual care trust fund after the distribution will be greater than the aggregate of 80 percent of the fair market value of the perpetual care trust fund at the close of the preceding fiscal year plus the total contributions made to the trust principal from such date to the date that the method of distribution is elected and (ii) beginning with the third year of using a total return distribution method, a three-year analysis of investment returns and distribution practices indicates that such practices will result in sufficient protection of the trust principal. If either test is not met, distributions for that fiscal year shall be limited to the net income distribution method;

6. In the event that the taxes and fees paid by the perpetual care trust fund are greater than two and one-half percent of the fair market value of the trust at the close of the preceding fiscal year, reduce the distribution by the amount exceeding two and one-half percent; and

7. Maintain records documenting the fair market value of the assets held in the perpetual care trust fund at the end of the accounting period immediately prior to conversion to the total return distribution method.

E. In addition to filing an annual perpetual care trust fund financial report with the Board pursuant to § 54.1-2324, a cemetery company that has elected a total return distribution method shall also file a copy of such financial report at the close of each fiscal year with the commissioner of accounts in a jurisdiction in the Commonwealth in which the cemetery company owns a cemetery. The commissioner of accounts shall review the financial report and forward his finalized

accounting to the Board, with all reasonable fees and costs for such filing and review borne by the cemetery company. A trustee shall not make any distribution from a perpetual care trust fund under a total return distribution method until the review by the commissioner of accounts has been finalized. A review shall be deemed finalized if the commissioner of accounts has not responded or communicated any deficiencies within 60 days of the submission of the financial report.

F. The Board shall review all notices of conversion or reversion of perpetual care trust fund distribution method for compliance with this section. The Board may engage the services of a professional to review notices of conversion or reversion to a total return distribution method, with all reasonable costs of such review borne by the cemetery company that submitted such notice.

The Board may limit or prohibit conversion from a net income distribution method to a total return distribution method if the trustee or any investment manager is not able to demonstrate sufficient knowledge and expertise regarding effective implementation of the total return distribution method. The Board may prohibit a reversion from the total return distribution method to the net income distribution method if the trust principal is less than it was at the time the cemetery company converted to the total return distribution method, as adjusted for inflation.

If a conversion to the total return distribution method has already been made, the Board may limit or prohibit distributions from the perpetual care trust fund if the trustee or any investment manager is not able to demonstrate sufficient knowledge and expertise regarding the distribution of trust income for the maintenance of the cemetery using the total return distribution method. In deciding whether a distribution should be limited or prohibited, the Board shall consider the presence and stated value of trust assets that do not have an active market and are not traded on a regular basis, the frequency of appraisals and evaluations of such assets, the asset allocation of the trust, and whether trust principal, as adjusted for inflation, is less than it was at the time the cemetery company converted to the total return distribution method.

The Board may require a cemetery company to restore a distribution to the perpetual care trust fund if (i) the distribution and all other aspects of the trust were not in compliance with the requirements of this section at the time such distribution was made or (ii) the cemetery company has committed fraud against the trust.

G. If a total return distribution method has been elected, the perpetual care trust fund may not be reverted to a net income distribution method absent approval by the Board. A failure by a cemetery company to file a perpetual care trust fund financial report annually with the Board as required by § 54.1-2324 shall automatically prohibit a conversion to or continuation of a total return distribution method pending further action by the Board.

~~B.~~ H. No portion of the perpetual care trust fund shall be used to pay any personal obligation or debt of any officer or owner of the cemetery or any tax obligation incurred by the cemetery or for any purpose other than that expressly described in this section. Nothing in this section shall be construed to limit the ability of the perpetual care trust fund trustee from paying normal operating expenses and income taxes of the trust itself, the trust being a separate legal entity.

**§ 54.1-2324. Financial report and report of independent certified public accountant required for perpetual care trust funds.**

A. Within four months after the close of its fiscal year, the cemetery company shall report the following information to the Board, on forms prescribed by the Board:

1. The total amount of principal in the perpetual care trust fund;
2. The securities in which the perpetual care trust fund is invested and the amount of cash on hand as of the close of the fiscal year;
3. The income received from the perpetual care trust fund, and the sources of such income, during the preceding fiscal year;
4. The method of distribution used for distributions from the perpetual care trust fund and, if a total return distribution method was used, a schedule to verify compliance with the requirements of § 54.1-2322;
5. An affidavit executed by the compliance agent that all applicable provisions of this chapter relating to perpetual care trust funds have been complied with;
- ~~5.~~ 6. The total receipts subject to the 10 percent trust requirement;
- ~~6.~~ 7. All expenditures from the perpetual care trust fund;
- ~~7.~~ 8. If the trustee is other than a Virginia trust company or trust subsidiary or a federally insured bank or savings institution doing business in the Commonwealth, proof that the required fidelity bond has been secured and that it is in effect; and
- ~~8.~~ 9. A separate total of expenses incurred for general care and maintenance, embellishment and administration of its cemeteries.

B. The cemetery company shall (i) engage an independent certified public accountant to apply agreed-upon procedures as specified by the Board to the total of all receipts subject to § 54.1-2319, in accordance with standards established by the American Institute of Certified Public Accountants or any successor standard authorities, and (ii) provide to the Board the independent certified public accountant's report on the agreed-upon procedures. The information provided by the cemetery company shall provide full disclosure of any transactions between the perpetual care trust fund and any directors, officers, stockholders, or employees of the cemetery company, or relatives of the cemetery company's employees, and shall include a description of the transactions, the parties involved, the dates and amounts of the transactions, and the reasons for the transactions.

C. The information required to be filed hereunder with the Board shall be exempt from the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et seq.).

11. To appoint, employ and compensate out of the funds of the district as many persons as special policemen as may be deemed necessary to maintain order and enforce the criminal and police laws of the Commonwealth and of the county within such district. Notwithstanding any other provisions of law, when an ~~order has been entered~~ ordinance has been adopted creating a sanitary district in such county, the board of supervisors or other governing body hereinafter referred to as "board of supervisors;" shall have the following powers and duties, in addition to such powers and duties created by any law, subject to the conditions and limitations hereinafter prescribed:

(a) To construct, reconstruct, maintain, alter, improve, add to, and operate dams, motor vehicle parking lots, water supply, drainage, sewerage, garbage disposal, heat, light, power, gas, sidewalks, curbs, gutters, streets and street name signs, and fire-fighting systems, for the use and benefit of the public in such sanitary district and as to such motor vehicle parking lots systems to make such charges for the use of such facilities as may be prescribed by said board or body;

(a1) To acquire, construct, maintain, and operate, or to contract for such acquisition, construction, maintenance, and operation, within such sanitary district, such community buildings, community centers, other recreational facilities, and advisory community planning councils as the board may deem expedient or advisable, and to make such charges for the use of such facilities as may be prescribed by the board;

(c) To contract with any person, firm, corporation, municipality, county, authority, or the federal government or any agency thereof to acquire, construct, reconstruct, maintain, alter, improve, add to, and operate any such dams, motor vehicle parking lots, water supply, drainage, sewerage, garbage removal and disposal, heat, light, power, gas, sidewalks, curbs, gutters, streets and street name signs, and fire-fighting systems in such district, and to accept the funds of, or to reimburse from any available source, such person, firm, corporation, municipality, county, authority, or the federal government or any agency thereof for either the whole or any part of the costs, expenses, and charges incident to the acquisition, construction, reconstruction, maintenance, alteration, improvement, addition to, and operation of any such system or systems;

(d) To require owners or tenants of any property in the district to connect with any such system or systems, and to contract with the owners or tenants for such connections. In order to require owners or tenants of any property in the district to connect with any such system or systems, the board of supervisors shall have power and authority to adopt ordinances so requiring owners or tenants to connect with such systems, and to use the same, and the board of supervisors shall have power to provide for a punishment in the ordinance of not exceeding a \$50 fine for each failure and refusal to so connect with such systems, or to use the same. Before adopting any such ordinance the board of supervisors shall give public notice of the intention to propose the same for passage by posting handbill notices of such proposal in three or more public places in the sanitary district at least 10 days prior to the time the ordinance shall be proposed for passage. The ordinance shall not become effective after its passage until 10 days' like notice has been given by posting copies of such ordinance in three or more public places in the district. The board of supervisors, in lieu of giving notice in such manner, may cause notice to be published in the manner provided in § 15.2-1427 for imposing or increasing any tax or levy. Violations of such ordinances shall be tried before the county court of the county as is provided for trial of misdemeanors, and with like right of appeal;

(e) To fix and prescribe or change the rates of charge for the use of any such system or systems, the rate of charge for connection to any such system or systems, a late charge not to exceed 10 percent of the amount due or \$10, whichever is the greater, and interest on outstanding bills at the rate provided for in § 58.1-3918, after a public hearing upon notice as provided in subdivision (d) and to provide for the collection of such charges. In fixing such rates the sanitary district may seek the advice of the State Corporation Commission. The Commission may charge the district a reasonable fee for any advice given pursuant to this section. The board of supervisors may provide for the exemption from, deferral of or reduction of the rates of charge for the use of any garbage disposal system or systems by persons at least 65 years of age or persons permanently and totally disabled as defined in § 58.1-3217. Any such exemptions, deferrals or reductions may be conditioned upon only the income criteria as provided by § 58.1-3211 as in effect on December 31, 2010. And to enable the

board to enforce the collection of charges for the use of any such system against the person or persons, firm or corporation using the same, the charges when made for the use of any such system shall be collectible by distress, levy, garnishment, attachment or otherwise without recourse to court procedure, except so far as the selected procedure may require the same. And the board shall have power to designate as its agent for the purpose of collection such officer or officers; *or* person or persons as it may determine, and the officer or officers; *or* person or persons shall be vested with the same power and authority as a sheriff or constable may have in like procedure.

Water and sewer connection fees established by any county, city, town, or sanitary district shall be fair and reasonable. Such fees shall be reviewed by the county, city, town or sanitary district periodically and shall be adjusted, if necessary, to assure that they continue to be fair and reasonable. Nothing herein shall affect existing contracts with bondholders which are in conflict with any of the foregoing provisions.

If any rates, fees or charges for the use of and for the services furnished by any system acquired or constructed by the sanitary district under the provisions of this chapter shall not be paid within 30 days after the same shall become due and payable, and the person who incurred the debt is the occupant of such premises, the board may at the expiration of such 30-day period disconnect the premises from the water and/or sewer system, or otherwise suspend services, and the board may proceed to recover the amount of any such delinquent rates, fees or charges, with interest, in a civil action.

If any rates, fees, or charges for the use and services of any water or sewer system acquired or constructed by the sanitary district under the provisions of this chapter shall not be paid within 30 days after the same becomes due and payable, the occupant-debtor of such premises shall cease to dispose of sewage or industrial wastes originating from or on such premises by discharge thereof directly or indirectly into the sewer system until such rates, fees, or charges with interest shall be paid. If such occupant-debtor does not cease such disposal at the expiration of such 30-day period, the political subdivision or district or other public corporation, board, or body supplying water to or selling water for use on such premises may, within five days after the receipt of notice of such delinquency, cease to supply water to or to sell water to such occupant-debtor. If such political subdivision or district or public corporation, board, or body shall not, at the expiration of such five-day period, cease supplying water to or selling water for use by such occupant-debtor, then the governing body within whose geographical boundaries such sanitary district lies may shut off the supply of water to such person.

The water supply to or for any occupant-debtor shall not be shut off or stopped under the provisions of this section, if the State Health Commissioner, upon application of the local board of health or health officer of the county, city or town wherein such water is supplied or such real estate is located, shall have found and shall certify to the authorities charged with the responsibility of ceasing to supply or sell such water, or to shut off the supply of such water, that ceasing to supply or shutting off such water supply will endanger the health of such person or the health of others in such county, city or town.

Any unpaid charge shall become a lien superior to the interest of any owner, lessee or tenant, and next in succession to county taxes, on the real property on which the use of any such system was made and for which the charge was imposed. However, such lien shall not bind or affect a subsequent bona fide purchaser of such real estate for valuable consideration without actual notice of such lien, except and until from the time that the amount of such charge is entered in the Judgment Lien Docket kept in the office where deeds may be recorded in the political subdivision wherein the real estate or a part thereof is located. It shall be the duty of the clerk in whose office deeds may be recorded to keep and preserve and hold available for public inspection such Judgment Lien Docket and to cause entries to be made and indexed therein from time to time upon certification by the board for which he shall be entitled to a fee of five dollars per entry to be paid by the board and added to the amount of the lien.

No such lien shall be placed by the board unless the board or its billing and collection agent (i) shall have advised the owner of such real estate at the time of initiating service to a lessee or tenant of such real estate that a lien will be placed on such real estate if the lessee or tenant fails to pay any fees, rents or other charges when due for services rendered to such lessee or tenant; (ii) shall have mailed to the owner of such real estate a duplicate copy of the final bill rendered to such lessee or tenant at the time of rendering the final bill to such lessee or tenant; and (iii) shall employ the same collection efforts and practices to collect amounts due the board from a lessee or a tenant as are employed with respect to collection of such amounts due from customers who are owners of the real estate for which service is provided.

Such lien on any real estate may be discharged by the payment to the board of the total amount of such lien, and interest accrued thereon to the date of such payment, and the entry fee of two dollars, and it shall be the duty of the board to deliver a certificate thereof to the person paying the same, and upon presentation thereof and the payment of the further fee of one dollar by such person, the clerk having the record of such lien shall mark the entry of such lien satisfied.

Jurisdiction to enforce any such lien shall be in equity and the court may decree the real estate subject to the lien, or any part thereof, to be sold and the proceeds applied to the payment of such lien and the interest which may accrue to the date of such payment.

Nothing contained herein shall be construed to prejudice the right of the board to recover the amount of such lien, or of the charge, and the interest which may accrue, by action at law or otherwise, which relief shall be cumulative and not alternative;

(f) To employ and fix the compensation of any technical, clerical, or other force and help which from time to time, in their judgment, may be deemed necessary for the construction, operation, or maintenance of any such system or systems;

(g) To negotiate and contract with any person, firm, corporation, county, authority, or municipality with regard to the connection of any system or systems with any other system or systems now in operation or hereafter to be established, and

(k) To borrow not earlier than January 1 of any year, or the first day of the fiscal year of the district, for the purpose of meeting casual deficits in the revenue of the district or creating a debt in anticipation of the collection of the revenue of the district, a sum of money not to exceed one-half of the amount reasonably anticipated to be produced by the revenues of the district, including taxes levied pursuant to § 21-119, for the year in which the loan is negotiated; provided, there shall be excluded from the amount reasonably anticipated to be produced by the revenue of the district any anticipated tax revenues of the district which have not actually been levied and assessed against property within the district.

Notwithstanding any provisions of law to the contrary, any sanitary district is empowered to borrow in advance of grants and reimbursements due the district from the federal and state governments for the purpose of meeting appropriations for the then current fiscal year. "Grants" and "reimbursements" as used herein shall mean grants which the district has been formally advised in writing it will receive, and reimbursements on moneys which the federal or state governments are obligated to pay the district on account of expenditures made in anticipation of receiving such payment from the federal or state government. The district may borrow the full amount of the grant or reimbursement that the federal or state government is obligated to pay at the time the loan is issued. The loan shall be repaid within 60 days of the time the grant or reimbursement is received, but in any event, the loan shall be repaid within one year from the date of its issue.

Such temporary loans shall be evidenced by notes or bonds, negotiable or nonnegotiable as the board of supervisors may determine; shall bear interest at a rate as provided in § 2.2-5000; and shall be repaid not later than either December 15 of the year in which they are borrowed or 15 days before the last day of the fiscal year of the district. No extension of any such loan shall be valid. No additional loan under this subsection shall be made until all temporary loans of preceding years shall have been paid. No election shall be required for the issuance of any bond pursuant to the provisions of this subsection. Except as this subsection otherwise provides, any bonds issued pursuant to this subsection may be issued in accordance with the provisions of §§ 21-130 through 21-136;

(l) Notwithstanding any other provision of this chapter to the contrary, where the use of any water or sewer systems described in this section is contracted for by an occupant who is not the owner of the premises and where such occupant's premises are separately metered for service, the owner of any such premises shall be liable only for the payment of delinquent rates or charges applicable to three delinquent billing periods but not to exceed a period of 90 days for such delinquency. No board shall refuse to service other premises of the owner not occupied by an occupant who is delinquent in the payment of such rates or charges on account of such delinquency provided that such owner has paid in full any delinquent charges for which he would be responsible for paying. No board shall refuse to service or unreasonably delay reinstatement of service to premises where such occupant who is delinquent has vacated the premises and a new party has applied for service provided such owner has paid in full such delinquent charges as he would be responsible for paying.

A. Each sanitary district created or purported to be created by ~~an order of the circuit court of any county of the Commonwealth, or a judge thereof~~ *the governing body of a county*, heretofore or hereafter made and ~~entered~~ *adopted* pursuant to any general law of the Commonwealth, is hereby determined to be and is hereby made, from and after the date of such creation or purported creation, a special taxing district for the purposes for which created; and any improvements heretofore or hereafter made by or for any such district are hereby determined to be general tax improvements and of general benefit to all of the property within the sanitary district, as distinct from peculiar or special benefits to some or all of the property within the sanitary district.

C. Notwithstanding subsections A and B ~~of this section~~, the board of supervisors of Buckingham County, Nottoway County, or Westmoreland County may impose on, and collect from, landowners abutting a street being improved by the sanitary district a user fee for such service. **CHAPTER 22**

*An Act to amend and reenact § 56-484.17 of the Code of Virginia, relating to the Wireless E-911 Fund; distribution percentages.*

[S 1003]

Approved February 17, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 56-484.17 of the Code of Virginia is amended and reenacted as follows:**

**§ 56-484.17. Wireless E-911 Fund; uses of Fund; enforcement; audit required.**

A. There is hereby created in the state treasury a special nonreverting fund to be known as the Wireless E-911 Fund (the Fund). The Fund shall be established on the books of the Comptroller. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Except as provided in § 2.2-2031, moneys in the Fund shall be used for the purposes stated in subsections C through D. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Tax Commissioner or the Chief Information Officer of the Commonwealth.

B. Each CMRS provider and each CMRS reseller shall collect a wireless E-911 surcharge from each of its customers whose place of primary use is within the Commonwealth. However, no surcharge shall be imposed on federal, state and local government agencies. A payment equal to all wireless E-911 surcharges shall be remitted within 30 days to the Department of Taxation. The Department of Taxation, after subtracting its direct costs of administration, shall deposit all remitted wireless E-911 surcharges into the state treasury. The Comptroller shall as soon as practicable deposit such moneys into the Fund. Each CMRS provider and CMRS reseller may retain an amount equal to three percent of the wireless E-911 surcharges collected to defray the costs of collecting the surcharges. State and local taxes shall not apply to any wireless E-911 surcharge collected from customers. Surcharges collected from customers shall be subject to the provisions of the federal Mobile Telecommunications Sourcing Act (4 U.S.C. § 116 et seq., as amended).

The CMRS provider and CMRS reseller shall collect the surcharge through regular periodic billing.

C. Beginning July 1, 2012, 60 percent of the Wireless E-911 Fund shall be distributed on a monthly basis to the PSAPs according to each PSAP's average pro rata distribution from the Wireless E-911 Fund for fiscal years 2007-2012, taking into account any funding adjustments made pursuant to subsection E. On or before July 1, ~~2017~~ 2018, and every five years thereafter, the Department of Taxation shall recalculate the distribution percentage for each PSAP based on the cost and call load data of the PSAP for the previous five fiscal years, which data shall continue to be received by the Board and then reported to the Department of Taxation. The distribution from the Wireless E-911 Fund shall be made on a monthly basis to the PSAPs according to such distribution percentage beginning July 1 of such fiscal year.

D. Using 30 percent of the Wireless E-911 Fund, the Board shall provide payment to CMRS providers of wireless E-911 CMRS costs. For these purposes each CMRS provider shall submit to the Board on or before December 31 of each year an estimate of wireless E-911 CMRS costs it expects to incur during the next fiscal year of counties and municipalities in whose jurisdiction it operates. The Board shall review such estimates and advise each CMRS provider on or before the following March 1 whether its estimate qualifies for payment hereunder and whether the Wireless E-911 Fund is expected to be sufficient for such payment during said fiscal year. A CMRS provider with an approved estimate of costs shall submit its request for payment of such costs no later than four months after the end of the fiscal year in which the cost was incurred. If the portion of the Fund designated for CMRS provider cost payments is insufficient to provide full payment to each CMRS provider for its costs, no unpaid cost shall be paid in the following fiscal year. The remaining 10 percent of the Fund and any remaining funds for the previous fiscal year from the 30 percent for CMRS providers shall be distributed to PSAPs or on behalf of PSAPs based on grant requests received by the Board each fiscal year. The Board shall establish criteria for receiving and making grants from the Fund, including procedures for determining the amount of a grant and payment schedule; however, the grants must be to the benefit of wireless E-911. Any grant funding that has not been committed by the Board by the end of the fiscal year shall be distributed to the PSAPs based on the same distribution percentage used during the fiscal year in which the funding was collected; however, the Board may retain some or all of this uncommitted funding for an identified funding need in the next fiscal year or for a reserve balance pursuant to a reserve balance policy adopted by the Board.

E. After the end of each fiscal year, on a schedule adopted by the Board, the Board shall audit the grant funding received by all recipients to ensure it was utilized in accordance with the grant requirements. For the fiscal year ending June 30, 2005, the Board shall determine whether qualifying payments to PSAP operators and CMRS providers during the preceding fiscal year exceeded or were less than the actual wireless E-911 PSAP costs or wireless E-911 CMRS costs of any PSAP operator or CMRS provider. Each funding recipient shall provide such verification of such costs as may be requested by the Board. Any overpayment shall be refunded to the Board or credited to payments during the then current fiscal year, on such schedule as the Board shall determine. If payments are less than the actual costs reported, the Board may include the additional funding in the then current fiscal year.

F. The Auditor of Public Accounts, or his legally authorized representatives, shall annually audit the Wireless E-911 Fund. The cost of such audit shall be borne by the Board and be payable from the Wireless E-911 Fund, as appropriate. The Board shall furnish copies of the audits to the Governor, the Public Safety Subcommittees of the Senate Committee on Finance and the House Committee on Appropriations, and the Virginia State Crime Commission.

G. The special tax authorized by § 58.1-1730 shall not be imposed on consumers of CMRS.

[H 1455]

Approved February 17, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 58.1-3221 of the Code of Virginia is amended and reenacted as follows:**

**§ 58.1-3221. Partial exemption for certain rehabilitated, renovated or replacement commercial or industrial structures.**

A. The governing body of any county, city or town may, by ordinance, provide for the partial exemption from taxation of real estate on which any structure or other improvement no less than ~~twenty~~ 20 years of age, or ~~fifteen~~ 15 years of age if the structure is located in an area designated as an enterprise zone by the Commonwealth *or as a technology zone by any county, city or town pursuant to § 58.1-3850*, has undergone substantial rehabilitation, renovation or replacement for commercial or industrial use, subject to such conditions as the ordinance may prescribe. The exemption may commence upon completion of the rehabilitation, renovation or replacement, or on January 1 of the year following completion of the rehabilitation,

The governing body of a county, city or town may place a shorter time limitation on the length of such exemption, or reduce the amount of the exemption in annual steps over the entire period or a portion thereof, in such manner as the ordinance may prescribe.

C. Nothing in this section shall be construed as to permit the commissioner of the revenue to list upon the land book any reduced value due to the exemption provided in subsection B.

## CHAPTER 25

*An Act to amend and reenact § 58.1-3234 of the Code of Virginia, relating to real property tax; special assessment for land preservation.*

[H 1476]

Approved February 17, 2017

### **Be it enacted by the General Assembly of Virginia:**

#### **1. That § 58.1-3234 of the Code of Virginia is amended and reenacted as follows:**

##### **§ 58.1-3234. Application by property owners for assessment, etc., under ordinance; continuation of assessment, etc.**

Property owners must submit an application for taxation on the basis of a use assessment to the local assessing officer:

1. At least sixty days preceding the tax year for which such taxation is sought; or
2. In any year in which a general reassessment is being made, the property owner may submit such application until thirty days have elapsed after his notice of increase in assessment is mailed in accordance with § 58.1-3330, or sixty days preceding the tax year, whichever is later; or
3. In any locality which has adopted a fiscal tax year under Chapter 30 (§ 58.1-3000 et seq.) of this Subtitle III, but continues to assess as of January 1, such application must be submitted for any year at least sixty days preceding the effective date of the assessment for such year.

The governing body, by ordinance, may permit applications to be filed within no more than sixty days after the filing deadline specified herein, upon the payment of a late filing fee to be established by the governing body. In addition, a locality may, by ordinance, permit a further extension of the filing deadline specified herein, upon payment of an extension fee to be established by the governing body in an amount not to exceed the late filing fee, to a date not later than thirty days after notices of assessments are mailed. An individual who is owner of an undivided interest in a parcel may apply on behalf of himself and the other owners of such parcel upon submitting an affidavit that such other owners are minors or cannot be located. An application shall be submitted whenever the use or acreage of such land previously approved changes; however, no application fee may be required when a change in acreage occurs solely as a result of a conveyance necessitated by governmental action or condemnation of a portion of any land previously approved for taxation on the basis of use assessment. The governing body of any county, city or town may, however, require any such property owner to revalidate annually with such locality, on or before the date on which the last installment of property tax prior to the effective date of the assessment is due, on forms prepared by the locality, any applications previously approved. Each locality which has adopted an ordinance hereunder may provide for the imposition of a revalidation fee every sixth year. Such revalidation fee shall not, however, exceed the application fee currently charged by the locality. The governing body may also provide for late filing of revalidation forms on or before the effective date of the assessment, on payment of a late filing fee. Forms shall be prepared by the State Tax Commissioner and supplied to the locality for use of the applicants and applications shall be submitted on such forms. An application fee may be required to accompany all such applications.

In the event of a material misstatement of facts in the application or a material change in such facts prior to the date of assessment, such application for taxation based on use assessment granted thereunder shall be void and the tax for such year extended on the basis of value determined under § 58.1-3236 D. Except as provided by local ordinance, no application for assessment based on use shall be accepted or approved if, at the time the application is filed, the tax on the land affected is delinquent. Upon the payment of all delinquent taxes, including penalties and interest, the application shall be treated in accordance with the provisions of this section.

Continuation of valuation, assessment and taxation under an ordinance adopted pursuant to this article shall depend on continuance of the real estate in a qualifying use, continued payment of taxes as referred to in § 58.1-3235, and compliance with the other requirements of this article and the ordinance and not upon continuance in the same owner of title to the land.

In the event that the locality provides for a sliding scale under an ordinance, the property owner and the locality shall execute a written agreement which sets forth the period of time that the property shall remain within the classes of real estate set forth in § 58.1-3230. The term of the written agreement shall be for a period not exceeding twenty years, and the instrument shall be recorded in the office of the clerk of the circuit court for the locality in which the subject property is located.

*No locality shall require any applicant who is a lessor of the property or a portion of the property that is the subject of an application submitted pursuant to this section to provide the lease agreement governing the property for the purpose of determining whether the property is eligible for special assessment and taxation pursuant to this article.*

## CHAPTER 26

**§ 64.2-1622. Authority that requires specific grant; grant of general authority.**

A. Subject to the provisions of subsection H, an agent under a power of attorney may do the following on behalf of the principal or with the principal's property only if the power of attorney expressly grants the agent the authority and exercise of the authority is not otherwise prohibited or limited by another statute, agreement, or instrument to which the authority or property is subject:

7. Exercise fiduciary powers that the principal has authority to delegate; or

8. *Have authority over the content of an electronic communication of the principal as provided by § 64.2-123.*

B. Notwithstanding a grant of authority to do an act described in subsection A or H, unless the power of attorney otherwise provides, an agent that is not an ancestor, spouse, or descendant of the principal may not exercise authority under a power of attorney to create in the agent, or in an individual to whom the agent owes a legal obligation of support, an interest in the principal's property, whether by gift, right of survivorship, beneficiary designation, disclaimer, or otherwise.

C. Subject to subsections A, B, D, and E, if a power of attorney grants to an agent authority to do all acts that a principal could do, the agent has the general authority described in § 64.2-124 and §§ 64.2-1625 through 64.2-1637.

D. Unless the power of attorney otherwise provides and subject to subsection H, a grant of authority to make a gift is subject to § 64.2-1638.

#### CHAPTER 34

*An Act to amend and reenact § 64.2-531 of the Code of Virginia, relating to nonexoneration of debts on property of decedent; notice to creditor and beneficiaries.*

[H 1618]

Approved February 17, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 64.2-531 of the Code of Virginia is amended and reenacted as follows:**

**§ 64.2-531. Nonexoneration; payment of lien if granted by agent.**

A. Unless a contrary intent is clearly set out in the will or in a transfer on death deed, (i) real or personal property that is the subject of a specific devise or bequest in the will or (ii) real property subject to a transfer on death deed passes, subject to any mortgage, pledge, security interest, or other lien existing at the date of death of the testator, without the right of exoneration. A general directive in the will to pay debts shall not be evidence of a contrary intent that the mortgage, pledge, security interest, or other lien be exonerated prior to passing to the legatee.

B. *The personal representative may give written notice to the creditor holding any debt to which subsection A applies that there is no right of exoneration for such debt pursuant to this section. Such notice shall include a copy of this section. Any such notice shall be sent by certified mail (i) to the address the creditor last provided to the debtor as the address to which notices to the creditor are to be sent; (ii) if the personal representative cannot reasonably determine the address to which notices to the creditor are to be sent, to the address the creditor last provided to the debtor as the address at which payments to the creditor are to be made; or (iii) if the personal representative cannot reasonably determine either the address to which notices to the creditor are to be sent or at which payments to the creditor are to be made, to (a) the address of the creditor's registered agent on file with the Virginia State Corporation Commission or (b) if there is no such registered agent on file, to the creditor's last known address. The creditor holding such debt may file a claim for such debt with the commissioner of accounts pursuant to § 64.2-552 on or before the later of one year after the qualification of the personal representative of the decedent's estate or six months after the personal representative gives such written notice to the creditor. Once the personal representative has given notice to the creditor as provided in this section, unless the creditor files a timely claim against the estate as set forth in this subsection, the liability of a personal representative or his surety for such debt shall not exceed the assets of the decedent remaining in the possession of the personal representative and available for application to the debt pursuant to § 64.2-528 at the time the creditor presents a demand for payment of such debt to the personal representative. Nothing in this section shall affect either the liability of the estate for such debt to the extent of the decedent's assets remaining at the time a claim is filed or the liability of the beneficiaries that receive the decedent's assets to the extent of such receipt.*

*In the event that any such claim is timely filed with the commissioner of accounts, the personal representative shall give the specific beneficiary receiving such real or personal property written notice, within 90 days after such claim is filed, to obtain from the creditor the release of the estate from such claim. The notice to a beneficiary may be made to the personal representative of a deceased beneficiary whose estate is a beneficiary, an attorney-in-fact for a beneficiary, a guardian or*

conservator of an incapacitated beneficiary, a committee of a convict or insane beneficiary, or the duly qualified guardian of a minor or, if none exists, a custodial parent of a minor. If the estate has not been released from such claim after the later of 180 days from such notice or one year from qualification, the personal representative may (a) sell the real or personal property that is the subject of a specific devise or bequest and that is also subject to the claim, (b) apply the proceeds of sale to the satisfaction of the claim, and (c) distribute any excess proceeds from such sale of the specific beneficiary of such property. If the proceeds of such sale are insufficient to satisfy the debt in full, the deficiency shall remain a debt of the estate to be satisfied from the other assets of the estate in accordance with applicable law. If such real property is subject to a transfer on death deed and is also subject to the claim, the personal representative may proceed as provided in § 64.2-634 to enforce the liability for such claim against such property.

C. Subsection A shall not apply to any mortgage, pledge, security interest, or other lien existing at the date of death of the testator against any specifically devised or bequeathed real or personal property, or any real property subject to a transfer on death deed, that was granted by an agent acting within the authority of a durable power of attorney for the testator while the testator was incapacitated. For the purposes of this section, (i) no adjudication of the testator's incapacity is necessary, (ii) the acts of an agent within the authority of a durable power of attorney are rebuttably presumed to be for an incapacitated testator, and (iii) an incapacitated testator is one who is impaired by reason of mental illness, intellectual disability, physical illness or disability, chronic use of drugs, chronic intoxication, or other cause creating a lack of sufficient understanding or capacity to make or communicate responsible decisions. This subsection shall not apply (a) if the mortgage, pledge, security interest, or other lien granted by the agent on the specific property is thereafter ratified by the testator while he is not incapacitated; or (b) if the durable power of attorney was limited to one or more specific purposes and was not general in nature.

~~C.~~ D. Subsection A shall not apply to any mortgage, pledge, security interest, or other lien existing at the date of the death of the testator against any specific devise or bequest of any real or personal property, or any real property subject to a transfer on death deed, that was granted by a conservator, guardian, or committee of the testator. This subsection shall not apply if, after the mortgage, pledge, security interest, or other lien granted by the conservator, guardian, or committee, there is an adjudication that the testator's disability has ceased and the testator survives that adjudication by at least one year.

E. Nothing in this section shall affect the priority of a secured debt with respect to the collateral securing such debt.

## CHAPTER 35

*An Act to amend and reenact §§ 8.01-600, 17.1-124, and 17.1-125 of the Code of Virginia, relating to report of money kept by clerk; money held recorded in civil law book; recording in the order book.*

[H 1630]

Approved February 17, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 8.01-600, 17.1-124, and 17.1-125 of the Code of Virginia are amended and reenacted as follows:**

**§ 8.01-600. How money under control of court deposited; record kept; liability of clerk.**

A. This section pertains only to money held by the clerk of the circuit court, when the court orders moneys to be held by the clerk pursuant to this section. Where judgment is taken in the circuit court, upon motion of a party for good cause shown, the court may enter an order directing the clerk to hold moneys pursuant to this section. The clerk shall have the duty, unless it is otherwise specially ordered, to receive, take charge of, hold or invest in such manner as the court orders and also to pay out or dispose of these moneys as the court orders or decrees. To this end, the clerk is authorized to verify, receive, and give acquittances for all such moneys as the court may direct.

B. Orders creating funds pursuant to this section or § 8.01-582 shall include information necessary to make prudent investment and disbursement decisions. The orders shall include, except when it is unreasonable, the proposed dates of periodic and final disbursements. Prior to the entry of the order, the beneficiary or his representative shall file an affidavit with the court providing the beneficiary's name, date of birth, address and social security number. The affidavit shall be maintained under seal by the clerk unless otherwise ordered by the court, and the information therein shall be used solely for the purposes of financial management and reporting.

Unless otherwise ordered by the court, the provisions of this section shall not apply to:

1. Cash or other money received in lieu of surety on any bond posted in any civil or criminal case, including but not limited to bail bonds, appeal bonds in appeals from a district court or circuit court, bonds posted in connection with the filing of an attachment, detinue seizure or distress, suspending bonds, and performance bonds;
2. Cash or other money paid or deposited in the clerk's office prior to final disposition of the case, including but not limited to interpleaders or eminent domain; or
3. Cash or other money deposited in lieu of surety on any bond posted in the clerk's office which is not posted in connection with any civil or criminal case, including bonds posted by executors or administrators.

C. All deposits under this section shall be secured in accordance with the Virginia Security for Public Deposits Act (§ 2.2-4400 et seq.).

D. Moneys held pursuant to this section shall be invested in certificates of deposit and time deposits, and in accordance with the provisions of Chapter 45 (§ 2.2-4500 et seq.) of Title 2.2 as ordered by the court.

E. Any interest which accrues on the funds, minus allowable fees and bond costs, shall be credited and payable to the person or persons entitled to receive such funds. The court may order the clerk to consolidate for investment purposes money received under this section, with income received hereunder to be apportioned among the several accounts.

F. Except as otherwise ordered by the court, for good cause shown, the clerk shall be liable for any loss of income which results from his (i) failure to invest the money within sixty days of the court order creating the fund or (ii) failure to pay out any money so ordered by the court within sixty days of the court order. He shall be charged with interest from the date of the court order until such investment or payment is made.

G. The clerk shall keep an accurate and particular account of all moneys received, invested, and paid out by him, showing the respective amounts to the credit of each case in the court and designating in the items the judgments, orders or decrees of court under which the respective sums have been received, invested or paid out. At least annually and no later than October 1 of each year, the clerk shall make a report to the court, *which shall include the chief judge of the circuit or the resident judge*, showing the balance to the credit of each case in the court in which money has been received by him, the manner in which money has been received by him, the manner in which it is invested, the amounts received, invested or paid out during the year ending June 30 of the current year, the approximate date on which the moneys held for the beneficiaries will become payable, and the whole amount then invested and subject to the future order of the court. *The clerk shall make a copy of such report available to the Auditor of Public Accounts for purposes of audit.* A copy of this report shall be recorded in the trust fund order book. The clerk shall, at any time when required by the court or the Auditor of Public Accounts to do so, furnish a statement of the amount subject to the order of the court in any case pending therein and any other information required by the court or the Auditor of Public Accounts as to any money or other property under his control before the court. When the clerk receives funds under this section, he shall be entitled to receive fees in accordance with § 17.1-287 in the amounts as specified for general receivers in § 8.01-589.

H. All moneys received under this section are subject to audit by the Auditor of Public Accounts.

**§ 17.1-124. Order books; automated systems.**

Except as otherwise provided herein, each circuit court clerk shall keep order books or, in lieu thereof, an automated system recording all proceedings, orders and judgments of the court in all matters, all decrees, and decretal orders of such court and all matters pertaining to trusts, the appointment and qualification of trustees, committees, administrators, executors, conservators and guardians shall be recorded, except when the same are appointed by the clerk of court, in which event the order appointing such administrators or executors, shall be made and entered in the clerk's order book. In any circuit court, the clerk may, with the approval of the chief judge of the court, by order entered of record, divide the order book into two sections, to be known as the civil order book and the criminal order book. All (i) proceedings, orders, and judgments of the court in all matters at civil law and (ii) *trust fund orders, which shall include money held by a general receiver of the court pursuant to § 8.01-582 or by the clerk of the circuit court pursuant to § 8.01-600*, shall be recorded in the civil order book, and all proceedings, orders and judgments of the court in all matters at criminal law shall be recorded in the criminal order book. In any proceeding brought for the condemnation of property, all proceedings, orders, judgments and decrees of the court shall be recorded in the civil order book of the court. The recordation prior to January 1, 1974, of all proceedings, orders, judgments and decrees in such cases, whether entered in the common-law order book or the chancery order book of any court, is hereby declared a valid and proper recordation of the same. Orders in cases appealed from the juvenile and domestic relations district courts shall be maintained as provided in this section and, to the extent inconsistent with this section, § 16.1-302.

The clerk shall ensure that these order books have been microfilmed or converted to or created in an electronic format. Such microfilm and microphotographic processes and equipment shall meet state microfilm standards, and such electronic format shall follow state electronic records guidelines, pursuant to § 42.1-82. The clerk shall further provide the master reel of any such microfilm for storage in the Library of Virginia and shall provide for the secured, off-site back up of any electronic copies of such records.

**§ 17.1-125. Trust fund order book.**

~~There shall be kept in the office of the clerk of every circuit court an order book to be known as the trust fund order book. The clerk shall record (i) trust fund orders pursuant to §§ 17.1-123 and 17.1-124 and (ii) the annual trust fund report required pursuant to subsection G of § 8.01-600 in a book known as the civil order book, in which shall be recorded all reports, orders, and decrees concerning moneys received or to be received by general receivers pursuant to § 8.01-582 and by clerks pursuant to § 8.01-600. Recording of orders and decrees pursuant to this section shall be in addition to, and not in lieu of, any recording otherwise required by statute.~~

**TO ANY AUTHORIZED OFFICER:** You are hereby commanded to serve this summons on the judgment debtor and the garnishee.

**TO THE GARNISHEE:** You are hereby commanded to

(1) File a written answer with this court, or

(2) Deliver payment to this court, or

(3) Appear before this court on the return date and time shown on this summons to answer the Suggestion for Summons in Garnishment of the judgment creditor that, by reason of the lien of writ of fieri facias, there is a liability as shown in the statement upon the garnishee.

As garnishee, you shall withhold from the judgment debtor any sums of money to which the judgment debtor is or may be entitled from you during the period between the date of service of this summons on you and the date for your appearance in court, subject to the following limitations:

(1) The maximum amount which may be garnished is the "TOTAL BALANCE DUE" as shown on this summons.

(2) If the sums of money being garnished are earnings of the judgment debtor, then the provision of "MAXIMUM PORTION OF DISPOSABLE EARNINGS SUBJECT TO GARNISHMENT" shall apply.

If a garnishment summons is served on an employer having 1,000 or more employees, then money to which the judgment debtor is or may be entitled from his or her employer shall be considered those wages, salaries, commissions, or other earnings which, following service on the garnishee-employer, are determined and are payable to the judgment debtor under the garnishee-employer's normal payroll procedure with a reasonable time allowance for making a timely return by mail to this court.

(b) A plain language interpretation of § 34-29 shall appear on the reverse side of the summons as follows:

"The following statement is not the law but is an interpretation of the law which is intended to assist those who must respond to this garnishment. You may rely on this only for general guidance because the law itself is the final word. (Read the law, § 34-29 of the Code of Virginia, for a full explanation. A copy of § 34-29 is available at the clerk's office. If you do not understand the law, call a lawyer for help.)

An employer may take as much as 25 percent of an employee's disposable earnings to satisfy this garnishment. But if an employee makes the minimum wage or less for his week's earnings, the employee will ordinarily get to keep ~~30~~ 40 times the minimum hourly wage."

But an employer may withhold a different amount of money from that above if:

(1) The employee must pay child support or spousal support and was ordered to do so by a court procedure or other legal procedure. No more than 65 percent of an employee's earnings may be withheld for support;

(2) Money is withheld by order of a bankruptcy court; or

(3) Money is withheld for a tax debt.

"Disposable earnings" means the money an employee makes after taxes and after other amounts required by law to be withheld are satisfied. Earnings can be salary, hourly wages, commissions, bonuses, or otherwise, whether paid directly to the employee or not. After those earnings are in the bank for 30 days, they are not considered earnings any more.

If an employee tries to transfer, assign, or in any way give his earnings to another person to avoid the garnishment, it will not be legal; earnings are still earnings.

An employee cannot be fired because he is garnished for one debt.

Financial institutions that receive an employee's paycheck by direct deposit do not have to determine what part of a person's earnings can be garnished.

**2. That the Executive Secretary of the Supreme Court of Virginia shall update the form of garnishment summons in accordance with this act and subdivision (a) (2) of § 34-29 of the Code of Virginia.**

CHAPTER 37

*An Act to amend and reenact § 16.1-69.35 of the Code of Virginia, relating to City of Richmond general district court; concurrent criminal jurisdiction.*

[H 1652]

Approved February 17, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 16.1-69.35 of the Code of Virginia is amended and reenacted as follows:**

**§ 16.1-69.35. Administrative duties of chief district judge.**

The chief judge of each district shall have the following administrative duties and authority with respect to his district:

1. When any district court judge is under any disability or for any other cause is unable to hold court and the chief judge determines that assistance is needed:

a. The chief district judge shall designate a judge within the district or a judge of another district court within the Commonwealth, if one is reasonably available, to hear and dispose of any action or actions properly coming before such district court for disposition;

b. If unable to designate a judge as provided in subdivision 1 a, the chief district judge may designate a retired district judge eligible for recall pursuant to § 16.1-69.22:1 for such hearing and disposition if such judge consents; or

c. If unable to assign a retired district court judge, the chief district judge may designate a retired circuit court judge eligible for recall pursuant to § 17.1-106 if such judge consents or the chief district judge may request that the Chief Justice of the Supreme Court designate a circuit judge if such judge consents.

If no judges are available under subdivision a, b or c, then a substitute judge shall be designated pursuant to § 16.1-69.21.

While acting, any judge so designated shall have all the authority and power of the judge of the court, and his order or judgment shall, to all intents and purposes, be the judgment of the court. A general district court judge designated pursuant to subdivision 1 a, may, with his consent, substitute for or replace a juvenile and domestic relations district court judge, and vice versa. The names of the judges designated under subdivisions b and c shall be selected from a list provided by the Executive Secretary and approved by the Chief Justice of the Supreme Court.

2. The chief general district court judge of a district may designate any juvenile and domestic relations district court judge of the district, with the judge's consent, for an individual case or to sit and hear cases for a period of not more than one year, in any of the general district courts within the district. The chief juvenile and domestic relations district court judge of a district may designate any general district court judge of the district, with the judge's consent, for an individual case or to sit and hear cases for a period of not more than one year, in any of the juvenile and domestic relations district courts within the district. Every judge so designated shall have the same powers and jurisdiction and be authorized to perform the same duties as any judge of the district for which he is designated to assist, and, while so acting, his order or judgment shall be, for all purposes, the judgment of the court to which he is assigned.

3. If on account of congestion in the work of any district court or when in his opinion the administration of justice so requires, the Chief Justice of the Supreme Court may, upon his own initiative or upon written application of the chief district court judge desiring assistance, designate a judge from another district or any circuit court judge, if such circuit court judge consents, or a retired judge eligible for recall, to provide judicial assistance to such district. Every judge so designated shall have the same powers and jurisdiction and be authorized to perform the same duties as any judge of the district for which he

is designated to assist and while so acting his order or judgment shall be, to all intents and purposes, the judgment of the court to which he is assigned.

4. Subject to such rules as may be established pursuant to § 16.1-69.32, the chief judge may establish special divisions of any general district court when the work of the court may be more efficiently handled thereby such as through the establishment of special civil, criminal or traffic divisions, and he may assign the judges of the general district court with respect to serving such special divisions. In the City of Richmond the general district court shall, in addition to any specialized divisions, maintain a separate division of such court in that part of Richmond south of the James River with concurrent jurisdiction in civil matters whenever one or more of the defendants reside or the cause of action or any part thereof arises in that part of the city, concurrent jurisdiction over all traffic matters arising in that part of the city and ~~exclusive~~ concurrent jurisdiction over all other criminal matters arising in that part of the city.

5. Subject to such rules as may be established pursuant to § 16.1-69.32, the chief judge shall determine when the district courts or divisions of such courts shall be open for the transaction of business. The chief judge or presiding judge of any district court may authorize the clerk's office to close on any date when the chief judge or presiding judge determines that operation of the clerk's office, under prevailing conditions, would constitute a threat to the health or safety of the clerk's office personnel or the general public. Closing of the clerk's office pursuant to this subsection shall have the same effect as provided in subsection B of § 1-210. In determining whether to close because of a threat to the health or safety of the general public, the chief judge or the presiding judge of the district court shall coordinate with the chief judge or presiding judge of the circuit court so that, where possible and appropriate, both the circuit and district courts take the same action. He shall determine the times each such court shall be held for the trial of civil, criminal or traffic matters and cases. He shall determine whether, in the case of district courts in counties, court shall be held at any place or places in addition to the county seat. He shall determine the office hours and arrange a vacation schedule of the judges within his district, in order to ensure the availability of a judge or judges to the public at normal times of business. A schedule of the times and places at which court is held shall be filed with the Executive Secretary of the Supreme Court and kept posted at the courthouse, and in any county also at any such other place or places where court may be held, and the clerk shall make such schedules available to the public upon request. Any matter may, in the discretion of the judge, or by direction of the chief district judge, be removed from any one of such designated places to another, or to or from the county seat, in order to serve the convenience of the parties or to expedite the administration of justice; however, any town having a population of over 15,000 as of July 1, 1972, having court facilities and a court with both general criminal and civil jurisdiction prior to July 1, 1972, shall be designated by the chief judge as a place to hold court.

6. D. As a part of any presentence investigation conducted pursuant to subsection A, when the offense for which the defendant was convicted was a felony, not a capital offense, committed on or after January 1, 2000, the defendant shall be required to undergo a substance abuse screening pursuant to § 18.2-251.01.

## CHAPTER 46

*An Act to amend and reenact §§ 16.1-278.15 and 20-124.2 of the Code of Virginia, relating to custody and visitation orders; parenting time.*

[H 1456]

Approved February 17, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 16.1-278.15 and 20-124.2 of the Code of Virginia are amended and reenacted as follows:**

**§ 16.1-278.15. Custody or visitation, child or spousal support generally.**

A. In cases involving the custody, visitation or support of a child pursuant to subdivision A 3 of § 16.1-241, the court may make any order of disposition to protect the welfare of the child and family as may be made by the circuit court. The parties to any petition where a child whose custody, visitation, or support is contested shall show proof that they have attended within the 12 months prior to their court appearance or that they shall attend within 45 days thereafter an educational seminar or other like program conducted by a qualified person or organization approved by the court. The court may require the parties to attend such seminar or program in uncontested cases only if the court finds good cause. The seminar or other program shall be a minimum of four hours in length and shall address the effects of separation or divorce on children, parenting responsibilities, options for conflict resolution and financial responsibilities. Once a party has completed one educational seminar or other like program, the required completion of additional programs shall be at the court's discretion. Parties under this section shall include natural or adoptive parents of the child, or any person with a legitimate interest as defined in § 20-124.1. The fee charged a party for participation in such program shall be based on the party's ability to pay; however, no fee in excess of \$50 may be charged. Whenever possible, before participating in mediation or alternative dispute resolution to address custody, visitation or support, each party shall have attended the educational seminar or other like program. The court may grant an exemption from attendance of such program for good cause shown or if there is no program reasonably available. Other than statements or admissions by a party admitting criminal activity or child abuse or neglect, no statement or admission by a party in such seminar or program shall be admissible into evidence in any subsequent proceeding. If support is ordered for a child, the order shall also provide that

support will continue to be paid for a child over the age of 18 who is (i) a full-time high school student, (ii) not self-supporting, and (iii) living in the home of the parent seeking or receiving child support, until the child reaches the age of 19 or graduates from high school, whichever occurs first. The court may also order that support be paid or continue to be paid for any child over the age of 18 who is (a) severely and permanently mentally or physically disabled, and such disability existed prior to the child reaching the age of 18 or the age of 19 if the child met the requirements of clauses (i), (ii), and (iii); (b) unable to live independently and support himself; and (c) residing in the home of the parent seeking or receiving child support.

B. In any case involving the custody or visitation of a child, the court may award custody upon petition to any party with a legitimate interest therein, including, but not limited to, grandparents, stepparents, former stepparents, blood relatives and family members. The term "legitimate interest" shall be broadly construed to accommodate the best interest of the child. The authority of the juvenile court to consider a petition involving the custody of a child shall not be proscribed or limited where the custody of the child has previously been awarded to a local board of social services.

C. In any determination of support obligation under this section, the support obligation as it becomes due and unpaid creates a judgment by operation of law. Such judgment becomes a lien against real estate only when docketed in the county or city where such real estate is located. Nothing herein shall be construed to alter or amend the process of attachment of any lien on personal property.

D. Orders entered prior to July 1, 2008, shall not be deemed void or voidable solely because the petition or motion that resulted in the order was completed, signed and filed by a nonattorney employee of the Department of Social Services.

E. In cases involving charges for desertion, abandonment or failure to provide support by any person in violation of law, disposition shall be made in accordance with Chapter 5 (§ 20-61 et seq.) of Title 20.

F. In cases involving a spouse who seeks spousal support after having separated from his spouse, the court may enter any appropriate order to protect the welfare of the spouse seeking support.

G. In any case or proceeding involving the custody or visitation of a child, the court shall consider the best interest of the child, including the considerations for determining custody and visitation set forth in Chapter 6.1 (§ 20-124.1 et seq.) of Title 20.

*G1. In any case or proceeding involving the custody or visitation of a child, as to a parent, the court may, in its discretion, use the phrase "parenting time" to be synonymous with the term "visitation."*

H. In any proceeding before the court for custody or visitation of a child, the court may order a custody or a psychological evaluation of any parent, guardian, legal custodian or person standing in loco parentis to the child, if the court finds such evaluation would assist it in its determination. The court may enter such orders as it deems appropriate for the payment of the costs of the evaluation by the parties.

I. When deemed appropriate by the court in any custody or visitation matter, the court may order drug testing of any parent, guardian, legal custodian or person standing in loco parentis to the child. The court may enter such orders as it deems appropriate for the payment of the costs of the testing by the parties.

#### **§ 20-124.2. Court-ordered custody and visitation arrangements.**

A. In any case in which custody or visitation of minor children is at issue, whether in a circuit or district court, the court shall provide prompt adjudication, upon due consideration of all the facts, of custody and visitation arrangements, including support and maintenance for the children, prior to other considerations arising in the matter. The court may enter an order pending the suit as provided in § 20-103. The procedures for determining custody and visitation arrangements shall insofar as practical, and consistent with the ends of justice, preserve the dignity and resources of family members. Mediation shall be used as an alternative to litigation where appropriate. When mediation is used in custody and visitation matters, the goals may include development of a proposal addressing the child's residential schedule and care arrangements, and how disputes between the parents will be handled in the future.

B. In determining custody, the court shall give primary consideration to the best interests of the child. The court shall assure minor children of frequent and continuing contact with both parents, when appropriate, and encourage parents to share in the responsibilities of rearing their children. As between the parents, there shall be no presumption or inference of law in favor of either. The court shall give due regard to the primacy of the parent-child relationship but may upon a showing by clear and convincing evidence that the best interest of the child would be served thereby award custody or visitation to any other person with a legitimate interest. The court may award joint custody or sole custody.

*B1. In any case or proceeding involving the custody or visitation of a child, as to a parent, the court may, in its discretion, use the phrase "parenting time" to be synonymous with the term "visitation."*

C. The court may order that support be paid for any child of the parties. The court shall also order that support will continue to be paid for any child over the age of 18 who is (i) a full-time high school student, (ii) not self-supporting, and (iii) living in the home of the party seeking or receiving child support until such child reaches the age of 19 or graduates from high school, whichever first occurs. The court may also order that support be paid or continue to be paid for any child over the age of 18 who is (a) severely and permanently mentally or physically disabled, and such disability existed prior to the child reaching the age of 18 or the age of 19 if the child met the requirements of clauses (i), (ii), and (iii); (b) unable to live independently and support himself; and (c) residing in the home of the parent seeking or receiving child support. In addition, the court may confirm a stipulation or agreement of the parties which extends a support obligation beyond when it would otherwise terminate as provided by law. The court shall have no authority to decree support of children payable by the estate

of a deceased party. The court may make such further decree as it shall deem expedient concerning support of the minor children, including an order that either party or both parties provide health care coverage or cash medical support, or both.

D. In any case in which custody or visitation of minor children is at issue, whether in a circuit or district court, the court may order an independent mental health or psychological evaluation to assist the court in its determination of the best interests of the child. The court may enter such order as it deems appropriate for the payment of the costs of the evaluation by the parties.

E. The court shall have the continuing authority and jurisdiction to make any additional orders necessary to effectuate and enforce any order entered pursuant to this section or § 20-103 including the authority to punish as contempt of court any willful failure of a party to comply with the provisions of the order. A parent or other person having legal custody of a child may petition the court to enjoin and the court may enter an order to enjoin a parent of the child from filing a petition relating to custody and visitation of that child for any period of time up to 10 years if doing so is in the best interests of the child and such parent has been convicted of an offense under the laws of the Commonwealth or a substantially similar law of another state, the United States, or any foreign jurisdiction which constitutes (i) murder or voluntary manslaughter, or a felony attempt, conspiracy or solicitation to commit any such offense, if the victim of the offense was a child of the parent, a child with whom the parent resided at the time the offense occurred, or the other parent of the child, or (ii) felony assault resulting in serious bodily injury, felony bodily wounding resulting in serious bodily injury, or felony sexual assault, if the victim of the offense was a child of the parent or a child with whom the parent resided at the time of the offense. When such a petition to enjoin the filing of a petition for custody and visitation is filed, the court shall appoint a guardian ad litem for the child pursuant to § 16.1-266.

The court clerk shall be immune from suit arising from any acts or omissions relating to the issuance of concealed handgun permits without judicial review pursuant to this section unless the clerk was grossly negligent or engaged in willful misconduct. This section shall not be construed to limit, withdraw, or overturn any defense or immunity already existing in statutory or common law, or to affect any cause of action accruing prior to July 1, 2010.

E. The permit to carry a concealed handgun shall specify only the following information: name, address, date of birth, gender, height, weight, color of hair, color of eyes, and signature of the permittee; the signature of the judge issuing the permit, of the clerk of court who has been authorized to sign such permits by the issuing judge, or of the clerk of court who has been authorized to issue such permits pursuant to subsection D; the date of issuance; and the expiration date. [H 2058]

Approved February 20, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 58.1-612 of the Code of Virginia is amended and reenacted as follows:**

**§ 58.1-612. Tax collectible from dealers; "dealer" defined; jurisdiction.**

A. The tax levied by §§ 58.1-603 and 58.1-604 shall be collectible from all persons who are dealers, as hereinafter defined, and who have sufficient contact with the Commonwealth to qualify under subsections (i) B and C or (ii) B and D.

B. The term "dealer," as used in this chapter, shall include every person who:

1. Manufactures or produces tangible personal property for sale at retail, for use, consumption, or distribution, or for storage to be used or consumed in this Commonwealth;

2. Imports or causes to be imported into this Commonwealth tangible personal property from any state or foreign country, for sale at retail, for use, consumption, or distribution, or for storage to be used or consumed in this Commonwealth;

3. Sells at retail, or who offers for sale at retail, or who has in his possession for sale at retail, or for use, consumption, or distribution, or for storage to be used or consumed in this Commonwealth, tangible personal property;

4. Has sold at retail, used, consumed, distributed, or stored for use or consumption in this Commonwealth, tangible personal property and who cannot prove that the tax levied by this chapter has been paid on the sale at retail, the use, consumption, distribution, or storage of such tangible personal property;

5. Leases or rents tangible personal property for a consideration, permitting the use or possession of such property without transferring title thereto;

6. Is the lessee or rentee of tangible personal property and who pays to the owner of such property a consideration for the use or possession of such property without acquiring title thereto;

7. As a representative, agent, or solicitor, of an out-of-state principal, solicits, receives and accepts orders from persons in this Commonwealth for future delivery and whose principal refuses to register as a dealer under § 58.1-613; or

8. Becomes liable to and owes this Commonwealth any amount of tax imposed by this chapter, whether he holds, or is required to hold, a certificate of registration under § 58.1-613.

C. A dealer shall be deemed to have sufficient activity within the Commonwealth to require registration under § 58.1-613 if he:

1. Maintains or has within this Commonwealth, directly or through an agent or subsidiary, an office, warehouse, or place of business of any nature;

2. Solicits business in this Commonwealth by employees, independent contractors, agents or other representatives;

3. Advertises in newspapers or other periodicals printed and published within this Commonwealth, on billboards or posters located in this Commonwealth, or through materials distributed in this Commonwealth by means other than the United States mail;

4. Makes regular deliveries of tangible personal property within this Commonwealth by means other than common carrier. A person shall be deemed to be making regular deliveries hereunder if vehicles other than those operated by a common carrier enter this Commonwealth more than 12 times during a calendar year to deliver goods sold by him;

5. Solicits business in this Commonwealth on a continuous, regular, seasonal, or systematic basis by means of advertising that is broadcast or relayed from a transmitter within this Commonwealth or distributed from a location within this Commonwealth;

6. Solicits business in this Commonwealth by mail, if the solicitations are continuous, regular, seasonal, or systematic and if the dealer benefits from any banking, financing, debt collection, or marketing activities occurring in this Commonwealth or benefits from the location in this Commonwealth of authorized installation, servicing, or repair facilities;

7. Is owned or controlled by the same interests which own or control a business located within this Commonwealth;

8. Has a franchisee or licensee operating under the same trade name in this Commonwealth if the franchisee or licensee is required to obtain a certificate of registration under § 58.1-613; or

9. Owns tangible personal property that is *for sale located in this Commonwealth, or that is* rented or leased to a consumer in this Commonwealth, or offers tangible personal property, on approval, to consumers in this Commonwealth.

D. A dealer is presumed to have sufficient activity within the Commonwealth to require registration under § 58.1-613 (unless the presumption is rebutted as provided herein) if any commonly controlled person maintains a distribution center, warehouse, fulfillment center, office, or similar location within the Commonwealth that facilitates the delivery of tangible personal property sold by the dealer to its customers. The presumption in this subsection may be rebutted by demonstrating that the activities conducted by the commonly controlled person in the Commonwealth are not significantly associated with the dealer's ability to establish or maintain a market in the Commonwealth for the dealer's sales. For purposes of this subsection, a "commonly controlled person" means any person that is a member of the same "controlled group of corporations," as defined in § 1563(a) of the Internal Revenue Code of 1954, as amended or renumbered, as the dealer or any other entity that, notwithstanding its form of organization, bears the same ownership relationship to the dealer as a corporation that is a member of the same "controlled group of corporations," as defined in § 1563(a) of the Internal Revenue Code of 1954, as amended or renumbered.

E. Notwithstanding any other provision of this section, the following shall not be considered to determine whether a person who has contracted with a commercial printer for printing in the Commonwealth is a "dealer" and whether such person has sufficient contact with the Commonwealth to be required to register under § 58.1-613:

1. The ownership or leasing by that person of tangible or intangible property located at the Virginia premises of the commercial printer which is used solely in connection with the printing contract with the person;

2. The sale by that person of property of any kind printed at and shipped or distributed from the Virginia premises of the commercial printer;

3. Activities in connection with the printing contract with the person performed by or on behalf of that person at the Virginia premises of the commercial printer; and

4. Activities in connection with the printing contract with the person performed by the commercial printer within Virginia for or on behalf of that person.

F. In addition to the jurisdictional standards contained in subsections C and D, nothing contained herein (other than subsection E) shall limit any authority which this Commonwealth may enjoy under the provisions of federal law or an opinion of the United States Supreme Court to require the collection of sales and use taxes by any dealer who regularly or systematically solicits sales within this Commonwealth. Furthermore, nothing contained in subsection C shall require any broadcaster, printer, outdoor advertising firm, advertising distributor, or publisher which broadcasts, publishes, or displays or distributes paid commercial advertising in this Commonwealth which is intended to be disseminated primarily to consumers located in this Commonwealth to report or impose any liability to pay any tax imposed under this chapter solely because such broadcaster, printer, outdoor advertising firm, advertising distributor, or publisher accepted such advertising contracts from out-of-state advertisers or sellers.

G. (Contingent effective date) Pursuant to any federal legislation that grants states the authority to require remote sellers to collect sales and use tax, the Commonwealth is authorized, as permitted by such federal legislation, to require collection of sales and use tax by any remote seller, or a single or consolidated provider acting on behalf of a remote seller. If the federal legislation has an exemption for sellers whose sales are less than a minimum amount, then in determining such amount, the sales made by all persons related within the meanings of subsections (b) and (c) of § 267 or § 707(b)(1) of the Internal Revenue Code of 1986 shall be aggregated.

## CHAPTER 52

*An Act to amend and reenact § 58.1-3713 of the Code of Virginia, relating to local gas severance tax; extension of sunset date.*

[H 2169]

Approved February 20, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 58.1-3713 of the Code of Virginia is amended and reenacted as follows:**

**§ 58.1-3713. Local gas road improvement and Virginia Coalfield Economic Development Authority tax.**

A. In addition to the taxes authorized under § 58.1-3712, any county or city may adopt a license tax on every person engaging in the business of severing gases from the earth. The rate of such tax shall not exceed one percent. The provisions of § 58.1-3712 as they relate to measurement of gross receipts, filing of reports and record keeping shall be applicable to the tax imposed under this section.

The moneys collected for each county or city from the taxes imposed under authority of this section and subsection B of § 58.1-3741 shall be paid into a special fund of such county or city to be called the Coal and Gas Road Improvement Fund of such county or city, and shall be spent for such improvements to public roads as the coal and gas road improvement advisory committee and the governing body of such county or city may determine as provided in subsection B of this section. The county may also, in its discretion, elect to improve city or town roads with its funds if consent of the city or town council is obtained. Such funds shall be in addition to those allocated to such counties from state highway funds which allocations shall not be reduced as a result of any revenues received from the tax imposed hereunder. In those localities that comprise the Virginia Coalfield Economic Development Authority, the tax imposed under this section or subsection B of § 58.1-3741 shall be paid as follows: (i) three-fourths of the revenue shall be paid to the Coal and Gas Road Improvement Fund and used for the purposes set forth herein; however, one-fourth of such revenue may be used to fund the construction of new water or sewer systems and lines and the repair or enhancement of existing water or sewer systems and lines in areas with natural water supplies that are insufficient from the standpoint of quality or quantity, or the construction of natural gas service lines as authorized by § 15.2-2109.3, and (ii) one-fourth of the revenue shall be paid to the Virginia Coalfield Economic Development Fund. Furthermore, with regard to the portion paid to the Coal and Gas Road Improvement Fund, a county or city may provide for an additional one-fourth allocation for the construction of new systems or lines for water, sewer, or natural gas as authorized by § 15.2-2109.3, or the repair or enhancement of existing water, sewer, or natural gas systems or lines in areas with natural water supplies or existing natural gas services that are insufficient from the standpoint of quality or quantity; however, if this option is initiated by a county or city, it must satisfy the requirements set forth in § 58.1-3713.01. Notwithstanding the foregoing limitations regarding revenues used for water systems, sewer systems, or natural gas systems, such revenues designated for water and water systems, sewer systems, or natural gas systems shall be distributed directly to the local public service authority for such purposes instead of the local governing body. Funds in the Coal and Gas Road Improvement Fund used to construct, repair, or enhance natural gas service lines or systems shall not exceed one-fourth of the revenue paid to the Coal and Gas Road Improvement Fund collected from the severance tax imposed upon the severance of natural gas pursuant to this section and may be so used only upon passage of a local ordinance or resolution of the governing body of the applicable county or city providing for the same.

B. Any county or city imposing the tax authorized in this section or in subsection B of § 58.1-3741 shall establish a Coal and Gas Road Improvement Advisory Committee, to be composed of four members: (i) a member of the governing body of such county or city, appointed by the governing body, (ii) a representative of the Department of Transportation, and (iii) two citizens of such county or city connected with the coal and gas industry, appointed for a term of four years, initially commencing July 1, 1989, by the chief judge of the circuit court.

[H 2246]

Approved February 20, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That the Code of Virginia is amended by adding in Article 3 of Chapter 18 of Title 58.1 a section numbered 58.1-1840.2 as follows:**

**§ 58.1-1840.2. Virginia Tax Amnesty Program.**

A. There is hereby established the Virginia Tax Amnesty Program (the Program).

B. The Virginia Tax Amnesty Program shall be administered by the Department. Any taxpayer required to file a return or to pay any tax administered or collected by the Department shall be eligible to participate in the Program, subject to the requirements in this section and guidelines established by the Tax Commissioner. The Tax Commissioner may require participants in the Program to complete an amnesty application and such other forms as he may prescribe and to furnish any additional information he deems necessary to make a determination regarding the validity of such amnesty application.

C. The Tax Commissioner shall establish guidelines and rules for the procedures for participation and any other rules that are deemed necessary by the Tax Commissioner. The guidelines and rules issued by the Tax Commissioner regarding the Program shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.).

D. The Program shall have the following features:

1. The Program shall be conducted during the period July 1, 2017, through June 30, 2018, and shall not last less than 60 nor more than 75 days. The exact dates of the Program shall be established by the Tax Commissioner.

2. All civil or criminal penalties assessed or assessable, as provided in this title, including the addition to tax under §§ 58.1-492 and 58.1-504, and one-half of the interest assessed or assessable, as provided in this title, which are the result of nonpayment, underpayment, nonreporting, or underreporting of tax liabilities, shall be waived upon receipt of the payment of the amount of taxes and interest owed, with the following exceptions:

a. No taxpayer currently under investigation or prosecution for filing a fraudulent return or failing to file a return with the intent to evade tax shall be eligible to participate in the Program.

b. No taxpayer shall be eligible to participate in the Program with respect to any assessment outstanding for which the date of assessment is less than 90 days prior to the first day of the Program or with respect to any liability arising from the failure to file a return for which the due date of the return is less than 90 days prior to the first day of the Program.

c. No taxpayer shall be eligible to participate in the Program with respect to any tax liability from the income taxes imposed by §§ 58.1-320, 58.1-360, and 58.1-400, if the tax liability is attributable to taxable years beginning on and after January 1, 2016.

E. For the purpose of computing the outstanding balance due because of the nonpayment, underpayment, nonreporting, or underreporting of any tax liability that has not been assessed prior to the first day of the Program, the rate of interest specified for omitted taxes and assessments under § 58.1-15 shall not be applicable. Instead, the Tax Commissioner shall establish one interest rate to be used for each taxable year that approximates the average "underpayment rate" specified under § 58.1-15 for the five-year period immediately preceding the Program.

F. 1. If any taxpayer eligible for amnesty under this section and under the rules and guidelines established by the Tax Commissioner retains any outstanding balance after the close of the Program because of the nonpayment, underpayment, nonreporting, or underreporting of any tax liability eligible for relief under the Program, then such balance shall be subject to a 20 percent penalty on the unpaid tax. This penalty is in addition to all other penalties that may apply to the taxpayer.

2. Any taxpayer who defaults upon any agreement to pay tax and interest arising out of a grant of amnesty is subject to reinstatement of the penalty and interest forgiven and the imposition of the penalty under this section as though the taxpayer retained the original outstanding balance at the close of the Program.

## CHAPTER 58

*An Act to amend and reenact §§ 54.1-3303 and 54.1-3423 of the Code of Virginia, relating to practice of telemedicine; prescribing.*

[S 1009]

Approved February 20, 2017

### **Be it enacted by the General Assembly of Virginia:**

#### **1. That §§ 54.1-3303 and 54.1-3423 of the Code of Virginia are amended and reenacted as follows:**

##### **§ 54.1-3303. Prescriptions to be issued and drugs to be dispensed for medical or therapeutic purposes only.**

A. A prescription for a controlled substance may be issued only by a practitioner of medicine, osteopathy, podiatry, dentistry or veterinary medicine who is authorized to prescribe controlled substances, or by a licensed nurse practitioner pursuant to § 54.1-2957.01, a licensed physician assistant pursuant to § 54.1-2952.1, or a TPA-certified optometrist pursuant to Article 5 (§ 54.1-3222 et seq.) of Chapter 32. The prescription shall be issued for a medicinal or therapeutic purpose and may be issued only to persons or animals with whom the practitioner has a bona fide practitioner-patient relationship.

For purposes of this section, a bona fide practitioner-patient-pharmacist relationship is one in which a practitioner prescribes, and a pharmacist dispenses, controlled substances in good faith to his patient for a medicinal or therapeutic purpose within the course of his professional practice. In addition, a bona fide practitioner-patient relationship means that the practitioner shall (i) ensure that a medical or drug history is obtained; (ii) provide information to the patient about the benefits and risks of the drug being prescribed; (iii) perform or have performed an appropriate examination of the patient, either physically or by the use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically; except for medical emergencies, the examination of the patient shall have been performed by the practitioner himself, within the group in which he practices, or by a consulting practitioner prior to issuing a prescription; and (iv) initiate additional interventions and follow-up care, if necessary, especially if a prescribed drug may have serious side effects. *A practitioner who performs or has performed an appropriate examination of the patient required pursuant to clause (iii), either physically or by the use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically, for the purpose of establishing a bona fide practitioner-patient relationship, may prescribe Schedule II through VI controlled substances to the patient, provided that the prescribing of such Schedule II through V controlled substance is in compliance with federal requirements for the practice of telemedicine.*

For the purpose of prescribing a Schedule VI controlled substance to a patient via telemedicine services as defined in § 38.2-3418.16, a prescriber may establish a bona fide practitioner-patient relationship by an examination through face-to-face interactive, two-way, real-time communications services or store-and-forward technologies when all of the following conditions are met: (a) the patient has provided a medical history that is available for review by the prescriber; (b) the prescriber obtains an updated medical history at the time of prescribing; (c) the prescriber makes a diagnosis at the time of prescribing; (d) the prescriber conforms to the standard of care expected of in-person care as appropriate to the patient's age and presenting condition, including when the standard of care requires the use of diagnostic testing and performance of a physical examination, which may be carried out through the use of peripheral devices appropriate to the patient's condition; (e) the prescriber is actively licensed in the Commonwealth and authorized to prescribe; (f) if the patient is a member or enrollee of a health plan or carrier, the prescriber has been credentialed by the health plan or carrier as a participating provider and the diagnosing and prescribing meets the qualifications for reimbursement by the health plan or carrier pursuant to § 38.2-3418.16; and (g) upon request, the prescriber provides patient records in a timely manner in accordance with the provisions of § 32.1-127.1:03 and all other state and federal laws and regulations. Nothing in this paragraph shall permit a prescriber to establish a bona fide practitioner-patient relationship for the purpose of prescribing a Schedule VI controlled substance when the standard of care dictates that an in-person physical examination is necessary for diagnosis. Nothing in this paragraph shall apply to: (1) a prescriber providing on-call coverage per an agreement with another prescriber or his prescriber's professional entity or employer; (2) a prescriber consulting with another prescriber regarding a patient's care; or (3) orders of prescribers for hospital out-patients or in-patients.

Any practitioner who prescribes any controlled substance with the knowledge that the controlled substance will be used otherwise than medicinally or for therapeutic purposes shall be subject to the criminal penalties provided in § 18.2-248 for violations of the provisions of law relating to the distribution or possession of controlled substances.

B. In order to determine whether a prescription that appears questionable to the pharmacist results from a bona fide practitioner-patient relationship, the pharmacist shall contact the prescribing practitioner or his agent and verify the identity of the patient and name and quantity of the drug prescribed. The person knowingly filling an invalid prescription shall be subject to the criminal penalties provided in § 18.2-248 for violations of the provisions of law relating to the sale, distribution or possession of controlled substances.

No prescription shall be filled unless there is a bona fide practitioner-patient-pharmacist relationship. A prescription not issued in the usual course of treatment or for authorized research is not a valid prescription.

C. Notwithstanding any provision of law to the contrary and consistent with recommendations of the Centers for Disease Control and Prevention or the Department of Health, a practitioner may prescribe Schedule VI antibiotics and antiviral agents to other persons in close contact with a diagnosed patient when (i) the practitioner meets all requirements of a bona fide practitioner-patient relationship, as defined in subsection A, with the diagnosed patient; (ii) in the practitioner's professional judgment, the practitioner deems there is urgency to begin treatment to prevent the transmission of a communicable disease; (iii) the practitioner has met all requirements of a bona fide practitioner-patient relationship, as defined in subsection A, for the close contact except for the physical examination required in clause (iii) of subsection A; and (iv) when such emergency treatment is necessary to prevent imminent risk of death, life-threatening illness, or serious disability.

D. A pharmacist may dispense a controlled substance pursuant to a prescription of an out-of-state practitioner of medicine, osteopathy, podiatry, dentistry, *optometry*, or veterinary medicine, *a nurse practitioner*, or *a physician assistant* authorized to issue such prescription if the prescription complies with the requirements of this chapter and the Drug Control Act (§ 54.1-3400 et seq.).

E. A licensed nurse practitioner who is authorized to prescribe controlled substances pursuant to § 54.1-2957.01 may issue prescriptions or provide manufacturers' professional samples for controlled substances and devices as set forth in the Drug Control Act (§ 54.1-3400 et seq.) in good faith to his patient for a medicinal or therapeutic purpose within the scope of his professional practice.

F. A licensed physician assistant who is authorized to prescribe controlled substances pursuant to § 54.1-2952.1 may issue prescriptions or provide manufacturers' professional samples for controlled substances and devices as set forth in the Drug Control Act (§ 54.1-3400 et seq.) in good faith to his patient for a medicinal or therapeutic purpose within the scope of his professional practice.

G. A TPA-certified optometrist who is authorized to prescribe controlled substances pursuant to Article 5 (§ 54.1-3222 et seq.) of Chapter 32 may issue prescriptions in good faith or provide manufacturers' professional samples to his patients for medicinal or therapeutic purposes within the scope of his professional practice for the drugs specified on the TPA-Formulary, established pursuant to § 54.1-3223, which shall be limited to (i) analgesics included on Schedule II controlled substances as defined in § 54.1-3448 of the Drug Control Act (§ 54.1-3400 et seq.) consisting of hydrocodone in combination with acetaminophen; (ii) oral analgesics included in Schedules III through VI, as defined in §§ 54.1-3450 and 54.1-3455 of the Drug Control Act (§ 54.1-3400 et seq.), which are appropriate to relieve ocular pain; (iii) other oral Schedule VI controlled substances, as defined in § 54.1-3455 of the Drug Control Act, appropriate to treat diseases and abnormal conditions of the human eye and its adnexa; (iv) topically applied Schedule VI drugs, as defined in § 54.1-3455 of the Drug Control Act; and (v) intramuscular administration of epinephrine for treatment of emergency cases of anaphylactic shock.

H. The requirement for a bona fide practitioner-patient relationship shall be deemed to be satisfied by a member or committee of a hospital's medical staff when approving a standing order or protocol for the administration of influenza vaccinations and pneumococcal vaccinations in a hospital in compliance with § 32.1-126.4.

**§ 54.1-3423. Board to issue registration unless inconsistent with public interest; authorization to conduct research; application and fees.**

A. The Board shall register an applicant to manufacture or distribute controlled substances included in Schedules I through V unless it determines that the issuance of that registration would be inconsistent with the public interest. In determining the public interest, the Board shall consider the following factors:

1. Maintenance of effective controls against diversion of controlled substances into other than legitimate medical, scientific, or industrial channels;
2. Compliance with applicable state and local law;
3. Any convictions of the applicant under any federal and state laws relating to any controlled substance;
4. Past experience in the manufacture or distribution of controlled substances, and the existence in the applicant's establishment of effective controls against diversion;
5. Furnishing by the applicant of false or fraudulent material in any application filed under this chapter;
6. Suspension or revocation of the applicant's federal registration to manufacture, distribute, or dispense controlled substances as authorized by federal law; and
7. Any other factors relevant to and consistent with the public health and safety.

B. Registration under subsection A does not entitle a registrant to manufacture and distribute controlled substances in Schedule I or II other than those specified in the registration.

C. Practitioners must be registered to conduct research with controlled substances in Schedules II through VI. Practitioners registered under federal law to conduct research with Schedule I substances may conduct research with Schedule I substances within this Commonwealth upon furnishing the evidence of that federal registration.

D. The Board may register other persons or entities to possess controlled substances listed on Schedules II through VI upon a determination that (i) there is a documented need, (ii) the issuance of the registration is consistent with the public interest, (iii) the possession and subsequent use of the controlled substances complies with applicable state and federal laws and regulations, and (iv) the subsequent storage, use, and recordkeeping of the controlled substances will be under the general supervision of a licensed pharmacist, practitioner of medicine, osteopathy, podiatry, dentistry or veterinary medicine as specified in the Board's regulations. The Board shall consider, at a minimum, the factors listed in subsection A of this section in determining whether the registration shall be issued. Notwithstanding the exceptions listed in § 54.1-3422 A, the Board may mandate a controlled substances registration for sites maintaining certain types and quantities of Schedules II through VI controlled substances as it may specify in its regulations. The Board shall promulgate regulations related to requirements or criteria for the issuance of such controlled substances registration, storage, security, supervision, and recordkeeping.

E. The Board may register a public or private animal shelter as defined in § 3.2-6500 to purchase, possess, and administer certain Schedule II-VI controlled substances approved by the State Veterinarian for the purpose of euthanizing injured, sick, homeless, and unwanted domestic pets and animals; and to purchase, possess, and administer certain Schedule VI controlled substances for the purpose of preventing, controlling, and treating certain communicable diseases that failure to control would result in transmission to the animal population in the shelter. *An Act to amend and reenact §§ 55-225.10 and 55-507 of the Code of Virginia, relating to residential rental property.*

[H 1623]

Approved February 20, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 55-225.10 and 55-507 of the Code of Virginia are amended and reenacted as follows:**

**§ 55-225.10. Notice to tenant in event of foreclosure.**

A. The landlord of a dwelling unit subject to this chapter shall give written notice to the tenant or any prospective tenant of such dwelling unit that the landlord has received a notice of a mortgage default, mortgage acceleration, or foreclosure sale relative to the loan on the dwelling unit within five business days after written notice from the lender is received by the landlord. This requirement shall not apply (i) to any managing agent who does not receive a copy of such written notice from the lender or (ii) if the tenant or prospective tenant provides a copy of the written notice from the lender to the landlord or the managing agent.

B. If the landlord fails to provide the notice required by this section, the tenant shall have the right to terminate the rental agreement upon written notice to the landlord at least five business days prior to the effective date of termination. If the tenant terminates the rental agreement, the landlord shall make disposition of the tenant's security deposit in accordance with law or the provisions of the rental agreement, whichever is applicable.

C. ~~If the dwelling unit is foreclosed upon and there is a tenant lawfully residing in the dwelling unit on the date of foreclosure, the tenant may remain in such dwelling unit as a tenant only pursuant to the Protecting Tenants at Foreclosure Act, P.L. No. 111-22, § 702, 123 Stat. 1632, 1660 (2009), and provided the tenant remains in compliance with all of the terms and conditions of the lease agreement, including payment of rent. If there is in effect at the date of the foreclosure sale a tenant in a residential dwelling unit foreclosed upon, the foreclosure shall act as a termination of the rental agreement by the owner. In such case, the tenant may remain in possession of such dwelling unit as a month-to-month tenant on the terms of the terminated rental agreement until the successor owner gives a notice of termination of such month-to-month tenancy. If the successor owner elects to terminate the month-to-month tenancy, written notice of such termination shall be given in accordance with the rental agreement, or the provisions of § 55-222 or 55-248.6, as applicable.~~

D. ~~Unless or until the successor owner terminates the month-to-month tenancy, the terms of the terminated rental agreement remain in effect except that the tenant shall make rental payments (i) to the successor owner as directed in a written notice to the tenant in this subsection; (ii) to the managing agent of the owner, if any, or successor owner; or (iii) into a court escrow account pursuant to the provisions of § 55-225.12; however, there is no obligation of a tenant to file a tenant's assertion and pay rent into escrow. Where there is not a managing agent designated in the terminated rental agreement, the tenant shall remain obligated for payment of the rent but shall not be held to be delinquent or assessed a late charge until the successor owner provides written notice identifying the name, address, and telephone number of the party to which the rent should be paid.~~

E. ~~The successor owner may enter into a new rental agreement with the tenant in the dwelling unit, in which case, upon the commencement date of the new rental agreement, the month-to-month tenancy shall terminate.~~

**§ 55-507. Transfer of deposits upon purchase.**

The *current* owner of rental property shall transfer any security deposits and any accrued interest on the deposits in his possession to the new owner at the time of the transfer of the rental property. *If the current owner has entered into a written property management agreement with a managing agent in accordance with the provisions of subsection E of § 54.1-2135, the current owner shall give written notice to the managing agent requesting payment of such security deposits to the current owner prior to settlement with the new owner. Upon receipt of the written notice, the managing agent shall transfer the security deposits to the current owner and provide written notice to each tenant that his security deposit has been transferred to the new owner in accordance with this section.*

#### CHAPTER 65

*An Act to amend and reenact §§ 54.1-2322 and 54.1-2324 of the Code of Virginia, relating to perpetual care trust funds; method of distribution.*

[S 891]

Approved February 20, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 54.1-2322 and 54.1-2324 of the Code of Virginia are amended and reenacted as follows:**

**§ 54.1-2322. Use of income from perpetual care trust fund; distributions.**

A. The income from the perpetual care trust fund shall be used solely and exclusively for the general care, maintenance, administration, and embellishment of the cemetery. Unless prior approval has been obtained from the Board or a court of competent jurisdiction, the principal of the perpetual care trust fund shall only be used for investment purposes.

B. A cemetery company may request the trustee of a perpetual care trust fund to elect the distribution of either of the following from the perpetual care trust fund:

1. All net income, which for purposes of this section means the collected dividends, interest, and other income of the perpetual care trust fund less any taxes on income, fees, commissions, and costs. A distribution made under this subdivision shall be referred to as a "net income distribution method"; or

2. An amount not to exceed five percent of the fair market value of the perpetual care trust fund at the close of its fiscal year preceding the distribution year. A distribution made under this subdivision shall be referred to as a "total return distribution method."

C. A cemetery company may request the trustee of a perpetual care trust fund to convert from a net income distribution method to a total return distribution method by delivering written or electronic notice to the trustee. Notice of such conversions shall be provided to the Board at least 90 days prior to implementation of the total return distribution method. Such notices may be written or electronic and shall include a copy of the trust instrument, election of distribution method, and an investment and distribution policy pursuant to subdivision D 1. In the event that a distribution method is not elected, distributions shall be limited to the net income distribution method.

D. The trustee of a perpetual care trust fund may reject a cemetery company's request to elect a total return distribution method. If a trustee determines that election of a total return distribution method is proper, he shall:

1. Prior to implementation of the total return distribution method, adopt a written investment and distribution policy under which the amounts of future distributions from the perpetual care trust fund will be calculated under the total return distribution method rather than net income distribution method. The investment goals and objectives of such policy shall be tailored to achieve (i) principal growth through equity investment; (ii) current income through income investment, as necessary; and (iii) an appropriate balance between (a) maintaining purchasing power through principal appreciation and (b) generating income to support the cemetery company's care and maintenance. A copy of such policy shall be sent to the Board with the notice required in subsection C;

2. Ensure that asset allocation under the perpetual care trust fund includes a diversified portfolio and that investment decisions are made in accordance with all other applicable laws of the Commonwealth;

3. Determine the fair market value of the perpetual care trust fund at least annually using generally accepted valuation methods and such valuation date or dates or averages of valuation dates as are readily ascertainable;

4. Make distributions from the perpetual care trust fund on a monthly, quarterly, semi-annual, or annual basis, as agreed upon by the cemetery company and the trustee;

5. Require that both of the following tests be met each fiscal year prior to allowing any distribution from the perpetual care trust fund to the cemetery company: (i) the fair market value of the perpetual care trust fund after the distribution will be greater than the aggregate of 80 percent of the fair market value of the perpetual care trust fund at the close of the preceding fiscal year plus the total contributions made to the trust principal from such date to the date that the method of distribution is elected and (ii) beginning with the third year of using a total return distribution method, a three-year analysis of investment returns and distribution practices indicates that such practices will result in sufficient protection of the trust principal. If either test is not met, distributions for that fiscal year shall be limited to the net income distribution method;

6. In the event that the taxes and fees paid by the perpetual care trust fund are greater than two and one-half percent of the fair market value of the trust at the close of the preceding fiscal year, reduce the distribution by the amount exceeding two and one-half percent; and

7. Maintain records documenting the fair market value of the assets held in the perpetual care trust fund at the end of the accounting period immediately prior to conversion to the total return distribution method.

E. In addition to filing an annual perpetual care trust fund financial report with the Board pursuant to § 54.1-2324, a cemetery company that has elected a total return distribution method shall also file a copy of such financial report at the close of each fiscal year with the commissioner of accounts in a jurisdiction in the Commonwealth in which the cemetery company owns a cemetery. The commissioner of accounts shall review the financial report and forward his finalized accounting to the Board, with all reasonable fees and costs for such filing and review borne by the cemetery company. A trustee shall not make any distribution from a perpetual care trust fund under a total return distribution method until the review by the commissioner of accounts has been finalized. A review shall be deemed finalized if the commissioner of accounts has not responded or communicated any deficiencies within 60 days of the submission of the financial report.

F. The Board shall review all notices of conversion or reversion of perpetual care trust fund distribution method for compliance with this section. The Board may engage the services of a professional to review notices of conversion or reversion to a total return distribution method, with all reasonable costs of such review borne by the cemetery company that submitted such notice.

The Board may limit or prohibit conversion from a net income distribution method to a total return distribution method if the trustee or any investment manager is not able to demonstrate sufficient knowledge and expertise regarding effective implementation of the total return distribution method. The Board may prohibit a reversion from the total return distribution method to the net income distribution method if the trust principal is less than it was at the time the cemetery company converted to the total return distribution method, as adjusted for inflation.

If a conversion to the total return distribution method has already been made, the Board may limit or prohibit distributions from the perpetual care trust fund if the trustee or any investment manager is not able to demonstrate sufficient knowledge and expertise regarding the distribution of trust income for the maintenance of the cemetery using the total return distribution method. In deciding whether a distribution should be limited or prohibited, the Board shall consider the presence and stated value of trust assets that do not have an active market and are not traded on a regular basis, the frequency of appraisals and evaluations of such assets, the asset allocation of the trust, and whether trust principal, as adjusted for inflation, is less than it was at the time the cemetery company converted to the total return distribution method.

The Board may require a cemetery company to restore a distribution to the perpetual care trust fund if (i) the distribution and all other aspects of the trust were not in compliance with the requirements of this section at the time such distribution was made or (ii) the cemetery company has committed fraud against the trust.

G. If a total return distribution method has been elected, the perpetual care trust fund may not be reverted to a net income distribution method absent approval by the Board. A failure by a cemetery company to file a perpetual care trust fund financial report annually with the Board as required by § 54.1-2324 shall automatically prohibit a conversion to or continuation of a total return distribution method pending further action by the Board.

H. No portion of the perpetual care trust fund shall be used to pay any personal obligation or debt of any officer or owner of the cemetery or any tax obligation incurred by the cemetery or for any purpose other than that expressly described in this section. Nothing in this section shall be construed to limit the ability of the perpetual care trust fund trustee from paying normal operating expenses and income taxes of the trust itself, the trust being a separate legal entity.

**§ 54.1-2324. Financial report and report of independent certified public accountant required for perpetual care trust funds.**

A. Within four months after the close of its fiscal year, the cemetery company shall report the following information to the Board, on forms prescribed by the Board:

1. The total amount of principal in the perpetual care trust fund;
2. The securities in which the perpetual care trust fund is invested and the amount of cash on hand as of the close of the fiscal year;
3. The income received from the perpetual care trust fund, and the sources of such income, during the preceding fiscal year;

4. *The method of distribution used for distributions from the perpetual care trust fund and, if a total return distribution method was used, a schedule to verify compliance with the requirements of § 54.1-2322;*

5. An affidavit executed by the compliance agent that all applicable provisions of this chapter relating to perpetual care trust funds have been complied with;

~~5-~~ 6. The total receipts subject to the 10 percent trust requirement;

~~6-~~ 7. All expenditures from the perpetual care trust fund;

~~7-~~ 8. If the trustee is other than a Virginia trust company or trust subsidiary or a federally insured bank or savings institution doing business in the Commonwealth, proof that the required fidelity bond has been secured and that it is in effect; and

~~8-~~ 9. A separate total of expenses incurred for general care and maintenance, embellishment and administration of its cemeteries.

B. The cemetery company shall (i) engage an independent certified public accountant to apply agreed-upon procedures as specified by the Board to the total of all receipts subject to § 54.1-2319, in accordance with standards established by the American Institute of Certified Public Accountants or any successor standard authorities, and (ii) provide to the Board the independent certified public accountant's report on the agreed-upon procedures. **CHAPTER 67**

*An Act to amend and reenact §§ 54.1-2108.1 and 55-225.12 of the Code of Virginia, relating to residential rental property; foreclosure sale; tenant's assertion.*

[S 966]

Approved February 20, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 54.1-2108.1 and 55-225.12 of the Code of Virginia are amended and reenacted as follows:**

**§ 54.1-2108.1. Protection of escrow funds, etc., held by a real estate broker in the event of foreclosure of real property; required deposits.**

A. Notwithstanding any other provision of law:

1. If a licensed real estate broker or an agent of the licensee is holding escrow funds for the owner of real property and such property is foreclosed upon ~~by a lender~~, the licensee or an agent of the licensee shall have the right to file an interpleader action pursuant to § 16.1-77.

2. If there is in effect at the date of the foreclosure sale, a real estate purchase contract to buy the property foreclosed upon and the real estate purchase contract provides that the earnest money deposit held in escrow by a licensee shall be paid to a party to the contract in the event of a termination of the real estate purchase contract, the foreclosure shall be deemed a termination of the real estate purchase contract and the licensee or an agent of the licensee may, absent any default on the part of the purchaser, disburse the earnest money deposit to the purchaser pursuant to such provisions of the real estate purchase contract without further consent from, or notice to, the parties.

3. If there is in effect at the date of the foreclosure sale, a tenant in a residential dwelling unit foreclosed upon and the landlord is holding a security deposit of the tenant, the landlord shall handle the security deposit in accordance with applicable law, which requires the holder of the landlord's interest in the dwelling unit at the time of termination of tenancy to return any security deposit and any accrued interest that is duly owed to the tenant, whether or not such security deposit is transferred with the landlord's interest by law or equity, and regardless of any contractual agreements between the original landlord and his successors in interest. Nothing herein shall be construed to prevent the landlord from making lawful deductions from the security deposit in accordance with applicable law.

4. *If there is in effect at the date of the foreclosure sale a tenant in a residential dwelling unit foreclosed upon pursuant to § 55-225.10, the foreclosure acts as a termination of the rental agreement by the landlord and the tenant may remain in possession of such dwelling. If the rent is paid to a real estate licensee acting on behalf of the landlord as a managing agent, such property management agreement having been entered into prior to and in effect at the time of the foreclosure sale, the managing agent may collect the rent and shall place it into an escrow account by the end of the fifth business banking day following receipt.*

5. *If there is in effect at the date of the foreclosure sale a written property management agreement between the landlord and a real estate licensee licensed pursuant to the provisions of § 54.1-2106.1, the foreclosure shall convert the property management agreement into a month-to-month agreement between the successor landlord and the real estate licensee acting as a managing agent, except in the event that the terms of the original property management agreement between the landlord and the real estate licensee acting as a managing agent require an earlier termination date. Unless altered by the parties, the terms of the original property management agreement that existed between the landlord and the real estate licensee acting as a managing agent shall govern the agreement between the successor landlord and the real estate licensee acting as a managing agent. The property management agreement may be terminated by either party upon provision of written notice to the other party at least 30 days prior to the intended termination date. Any funds received or held by the real estate licensee acting as a managing agent shall be disbursed only in accordance with the terms of the property management agreement or as otherwise provided by law.*

B. Notwithstanding any other provision of law:

1. Any prepaid rent paid more than one month prior to the rent due date to a real estate licensee acting on behalf of a landlord client in connection with the lease shall be placed in an escrow account by the end of the fifth business banking day following receipt, unless otherwise agreed to in writing by the principals to a lease transaction. Any rent paid less than one month prior to the rent due date shall be current rent and may be deposited into an operating account of the real estate licensee.

2. Any security deposits paid to a real estate licensee acting on behalf of a landlord client in connection with the lease shall be placed in an escrow account by the end of the fifth business banking day following receipt, unless otherwise agreed to in writing by the principals to a lease transaction.

3. Any application deposit as defined by § 55-248.4 paid by a prospective tenant for the purpose of being considered as a tenant for a dwelling unit to a real estate licensee acting on behalf of a landlord client shall be placed in escrow by the end

of the fifth business banking day following approval of the rental application by the landlord, unless otherwise agreed to in writing by the principals to a lease transaction.

4. Such funds shall remain in an escrow account until disbursed in accordance with the terms of the lease, the property management agreement, or the applicable statutory provisions, as applicable.

5. *Except in the event of foreclosure, if a real estate licensee acting on behalf of a landlord client as a managing agent elects to terminate the property management agreement, the licensee may transfer any funds held in escrow by the licensee on behalf of the landlord client to the landlord client without his consent, provided that the real estate licensee provides written notice to each tenant that the funds have been so transferred. In the event of foreclosure, a real estate licensee shall not transfer any funds to a landlord client whose property has been foreclosed upon.*

6. *A real estate licensee acting on behalf of a landlord client as a managing agent who complies with the provisions of this section shall have immunity from any liability for such compliance, in the absence of gross negligence or intentional misconduct.*

**§ 55-225.12. Tenant's assertion; rent escrow; dwelling units.**

A. The tenant may assert that there exists upon the dwelling unit, a condition or conditions which constitute a material noncompliance by the landlord with the rental agreement or with provisions of law, or which if not promptly corrected, will constitute a fire hazard or serious threat to the life, health or safety of occupants thereof, including but not limited to, a lack of heat or hot or cold running water, except if the tenant is responsible for payment of the utility charge and where the lack of such heat or hot or cold running water is the direct result of the tenant's failure to pay the utility charge; or a lack of light, electricity or adequate sewage disposal facilities; or an infestation of rodents; or the existence of paint containing lead pigment on surfaces within the dwelling, provided that the landlord has notice of such paint. The tenant may file such an assertion in a general district court wherein the dwelling unit is located by a declaration setting forth such assertion and asking for one or more forms of relief as provided for in subsection D. *A tenant residing in a dwelling unit that has been foreclosed upon shall be eligible to file an assertion pursuant to this section.*

B. Prior to the granting of any relief, the tenant shall show to the satisfaction of the court that:

1. Prior to the commencement of the action the landlord was served a written notice by the tenant of the conditions described in subsection A, or was notified of such conditions by a violation or condemnation notice from an appropriate state or municipal agency, and that the landlord has refused, or having a reasonable opportunity to do so, has failed to remedy the same. For the purposes of this subsection, what period of time shall be deemed to be unreasonable delay is left to the discretion of the court except that there shall be a rebuttable presumption that a period in excess of 30 days from receipt of the notification by the landlord is unreasonable; and

2. The tenant has paid into court the amount of rent called for under the rental agreement, within five days of the date due thereunder, unless or until such amount is modified by subsequent order of the court under this chapter.

C. It shall be sufficient answer or rejoinder to a declaration pursuant to subsection A if the landlord establishes to the satisfaction of the court that the conditions alleged by the tenant do not in fact exist, or such conditions have been removed or remedied, or such conditions have been caused by the tenant or members of his family or his or their invitees or licensees, or the tenant has unreasonably refused entry to the landlord to the dwelling unit for the purpose of correcting such conditions.

D. Any court shall make findings of fact on the issues before it and shall issue any order that may be required. Such an order may include, but is not limited to, any one or more of the following:

1. Terminating the rental agreement upon the request of the tenant or ordering the dwelling unit surrendered to the landlord if the landlord prevails on a request for possession pursuant to an unlawful detainer properly filed with the court;

2. Ordering all moneys already accumulated in escrow disbursed to the landlord or to the tenant in accordance with this chapter, *or to the successor landlord or the successor landlord's managing agent in accordance with § 54.1-2108.1;*

3. Ordering that the escrow be continued until the conditions causing the complaint are remedied;

4. Ordering that the amount of rent, whether paid into the escrow account or paid to the landlord, be abated as determined by the court in such an amount as may be equitable to represent the existence of the condition or conditions found by the court to exist. In all cases where the court deems that the tenant is entitled to relief under this chapter, the burden shall be upon the landlord to show cause why there should not be an abatement of rent;

5. Ordering any amount of moneys accumulated in escrow disbursed to the tenant where the landlord refuses to make repairs after a reasonable time or to the landlord or to a contractor chosen by the landlord in order to make repairs or to otherwise remedy the condition. In either case, the court shall in its order insure that moneys thus disbursed will be in fact used for the purpose of making repairs or effecting a remedy;

6. Referring any matter before the court to the proper state or municipal agency for investigation and report and granting a continuance of the action or complaint pending receipt of such investigation and report. When such a continuance is granted, the tenant shall deposit with the court rent payments within five days of the date due under the rental agreement, subject to any abatement under this section, which become due during the period of the continuance, to be held by the court pending its further order;

7. In the court's discretion, ordering escrow funds disbursed to pay a mortgage on the property upon which the dwelling unit is located in order to stay a foreclosure; or

8. In the court's discretion, ordering escrow funds disbursed to pay a creditor to prevent or satisfy a bill to enforce a mechanic's or materialman's lien.

Notwithstanding any provision of this subsection, where an escrow account is established by the court and the condition or conditions are not fully remedied within six months of the establishment of such account, and the landlord has not made reasonable attempts to remedy the condition, the court shall award all moneys accumulated in escrow to the tenant. In such event, the escrow shall not be terminated, but shall begin upon a new six-month period with the same result if, at the end thereof, the condition or conditions have not been remedied.

E. The initial hearing on the tenant's assertion filed pursuant to subsection A shall be held within 15 calendar days from the date of service of process on the landlord, except that the court shall order an earlier hearing where emergency conditions are alleged to exist upon the premises, such as failure of heat in winter, lack of adequate sewage facilities or any other condition which constitutes an immediate threat to the health or safety of the inhabitants of the dwelling unit. The court, on motion of either party or on its own motion, may hold hearings subsequent to the initial proceeding in order to further determine the rights and obligations of the parties. Distribution of escrow moneys may only occur by order of the court after a hearing of which both parties are given notice as required by law or upon motion of both the landlord and tenant or upon certification by the appropriate inspector that the work required by the court to be done has been satisfactorily completed.

**1. That § 2.2-2319 of the Code of Virginia is amended and reenacted as follows:**

**§ 2.2-2319. Cooperative Marketing Fund.**

A. There is established the Cooperative Marketing Fund (Marketing Fund) for the purpose of encouraging, stimulating, and supporting the tourism segment of the economy of the Commonwealth and the direct and indirect benefits that flow from the success of such industry. To create the public-private partnership envisioned by such Marketing Fund, the Marketing Fund shall be established out of the sums appropriated by the General Assembly for the purpose of matching ~~private eligible~~ funds to be used for the promotion, marketing, and advertising of the Commonwealth's many tourist attractions and locations. *Proposals for new programs as well as existing programs with measurable return on investment* shall be eligible for matching grant funds under this section only if they promote, benefit, market and advertise locations or destinations that are (i) solely within the territorial limits of the Commonwealth or (ii) in both the Commonwealth and any adjoining state, in which instance the matching grant funds should be used to promote locations and destinations located within the territorial limits of the Commonwealth. The funds made available in the appropriations act for the Marketing Fund shall be administered and managed by the Authority.

B. In the event more than one person seeks to take advantage of the benefits conferred by this section and the Marketing Fund is insufficient to accommodate all such requests, the matching formula shall be adjusted, to the extent practicable, to afford each request for which there is a valid public purpose an equitable share.

C. All persons seeking to receive or qualify for such matching funds shall apply to the Authority in January of the year preceding the fiscal year for which funds are sought, and to the extent the Governor concurs in such funding request, it shall be reflected in the Governor's Budget Bill filed pursuant to § 2.2-1509. The application shall set forth the applicant's proposals in detail. The Authority shall develop guidelines setting forth the criteria it will weigh in considering such applications; such guidelines may indicate a preference for proposals submitted by nonprofit organizations *or state agencies*. The guidelines may require that as a condition of receiving any grant or other incentive that is based on employment goals, a recipient company must provide copies of employer quarterly payroll reports provided to the Virginia Employment Commission to verify the employment status of any position included in the employment goal.

## CHAPTER 70

*An Act to amend and reenact § 18.2-160.3 of the Code of Virginia, relating to fare enforcement inspectors.*

[H 1931]

Approved February 20, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 18.2-160.3 of the Code of Virginia is amended and reenacted as follows:**

**§ 18.2-160.3. Fare enforcement inspectors; failure to produce proof of payment of fare; penalty.**

A. For the purposes of this section, "eligible entity" means any transit operation ~~in Planning District 8~~ that is owned or operated directly or indirectly by a political subdivision of the Commonwealth or any governmental entity established by an interstate compact of which Virginia is a signatory.

B. Any eligible entity that either directly or by contract operates any form of mass transit may appoint fare enforcement inspectors and establish the qualifications required for their appointment. Fare enforcement inspectors shall have the power to (i) request patrons at transit boarding locations or on transit vehicles to show proof of payment of the applicable fare; (ii) inspect the proof of payment for validity; (iii) issue a civil summons for violations authorized by this section; (iv) assist with crowd control while on a transit vehicle or at a transit boarding location; and (v) perform such other customer service and safety duties as may be assigned by the eligible entity. The powers of fare enforcement inspectors are limited to those powers enumerated in this section, and fare enforcement inspectors are not required to be law-enforcement officers. The powers of fare enforcement inspectors appointed pursuant to this section shall be exercisable anywhere in the Commonwealth where the appointing eligible entity operates transit service. Fare enforcement inspectors shall report to the department or agency designated by the appointing eligible entity.

C. It shall be unlawful for any person to board or ride a transit operation operated by an eligible entity when he fails or refuses to pay the applicable fare or refuses to produce valid proof of payment of the fare upon request of a fare enforcement inspector. Any person who violates this section shall be liable for a civil penalty of not more than \$100. Any person summoned for a violation may make an appearance in person or in writing by mail to the department of finance or the treasurer of the locality, or the designee of the department of finance or the treasurer, where the violation occurred as specified on the summons prior to the date fixed for trial in court. Any person so appearing may enter a waiver of trial, admit liability, and pay the civil penalty established for the violation charged. Such persons shall be informed of their right to stand trial and that a signature to an admission of liability will have the same force and effect as a judgment of court. If a person charged with a violation does not elect to enter a waiver of trial and admit liability, the violation shall be brought by the eligible entity or the locality in which the violation occurred and tried as a civil case in the general district court in the same manner and with the same right of appeal as provided for by law. In any trial for a violation authorized by this section, it shall be the burden of the eligible entity or locality in which the violation occurred to show the liability of the violator by a preponderance of the evidence. The penalty for failure to pay the established fare on transit properties covered by another provision of law shall be governed by that provision and not by this section.

D. The governing bodies of counties, cities, and towns may adopt ordinances not in conflict with the provisions of this section to appoint fare enforcement inspectors and prescribe their duties in such counties, cities, and towns.

E. The penalty imposed by this section shall not apply to a law-enforcement officer while he is engaged in the performance of his official duties.

The examination, however, shall not include investigation of any facts other than those directly pertaining to the ability of the applicant to drive a motor vehicle with safety, or other than those facts declared to be prerequisite to the issuance of a license under this chapter. No applicant otherwise competent shall be required to demonstrate ability to park any motor vehicle except in an adequate parking space between horizontal markers, and not between flags or sticks simulating parked vehicles. Except for applicants subject to § 46.2-312, if the Commissioner is satisfied that an applicant has demonstrated the same proficiency as required by the Department's examination through successful completion of either (1) the driver education course approved by the Department of Education or (2) a driver training course offered by a driver training school

licensed under Chapter 17 (§ 46.2-1700 et seq.), he may waive those parts of the Department's examination provided for in this section that require the applicant to drive and park a motor vehicle.

B. Any person who fails the behind-the-wheel examination for a driver's license administered by the Department shall wait two days before being permitted to take another such examination. No person who fails the behind-the-wheel examination for a driver's license administered by the Department three times shall be permitted to take such examination a fourth time until he successfully completes, subsequent to the third examination failure, the in-vehicle component of driver instruction at a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.) or a comparable course approved by the Department or the Department of Education. In addition, no person who fails the driver knowledge examination for a driver's license administered by the Department three times shall be permitted to take such examination a fourth time until he successfully completes, subsequent to the third examination failure, the classroom component of driver instruction at a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.) or a comparable course approved by the Department or the Department of Education or, for (i) persons at least 19 18 years old or (ii) persons less than 19 18 years old who have previously completed the classroom component of driver instruction at a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.), a course of instruction based on the Virginia Driver's Manual offered by a driver training school licensed under Chapter 17 (§ 46.2-1700 et seq.) and approved by the Department or the Department of Education. All persons required to attend a driver training school complete the in-vehicle component of driver instruction or the classroom component of driver instruction pursuant to this section shall be required after successful completion of the necessary courses to have the applicable examination administered by the Department.

The provisions of this subsection shall not apply to persons placed under medical control by the Department pursuant to § 46.2-322.

Such license may also authorize individuals holding a brewery license to (a) operate a facility designed for and utilized exclusively for the education of persons in the manufacture of beer, including sampling by such individuals of beer products, within a theme or amusement park located upon the premises occupied by such brewery, or upon property of such person contiguous to such premises, or in a development contiguous to such premises owned and operated by such person or a wholly owned subsidiary or (b) offer samples of the brewery's products to individuals visiting the licensed premises, provided that such samples shall be provided only to individuals for consumption on the premises of such facility or licensed premises and only to individuals to whom such products may be lawfully sold.

Such motion shall identify by the style, date, and Court of Appeals record number of the judgment sought to be appealed, and, if one was assigned in a prior attempt to appeal the judgment to the Supreme Court, shall give the record number assigned in the Supreme Court in that proceeding, and shall set forth the specific facts establishing the said error, neglect, or fault. If the error, neglect, or fault is alleged to be that of an attorney representing the appellant, the motion shall be accompanied by the affidavit of the attorney whose error, neglect, or fault is alleged, verifying the specific facts alleged in the motion, and certifying that the appellant is not personally responsible, in whole or in part, for the error, neglect, or fault causing loss of the original opportunity for appeal.

Such motion shall be served on the attorney for the Commonwealth or, if a petition for appeal was granted in the Court of Appeals or in the Supreme Court in the original attempt to appeal, upon the Attorney General, in accordance with Rule 5:4 of the Supreme Court. If the Commonwealth disputes the facts alleged in the motion, or contends that those facts do not entitle the appellant to a delayed appeal under this section, the motion shall be denied without prejudice to the appellant's right to seek a delayed appeal by means of petition for a writ of habeas corpus. present such testimony. In the event that such notice is not given and the defendant tenders testimony by an expert witness at the sentencing phase of the trial, then the court may, in its discretion, upon objection of the Commonwealth, either allow the Commonwealth a continuance or, under appropriate circumstances, bar the defendant from presenting such evidence.

F. 1. If the attorney for the defendant gives notice pursuant to subsection E and the Commonwealth thereafter seeks an evaluation concerning the existence or absence of the defendant's ~~mental retardation~~ *intellectual disability*, the court shall appoint one or more qualified experts to perform such an evaluation. The court shall order the defendant to submit to such an evaluation, and advise the defendant on the record in court that a refusal to cooperate with the Commonwealth's experts could result in exclusion of the defendant's expert evidence. The qualification of the experts shall be governed by subsection A. The attorney for the Commonwealth shall be responsible for providing the experts the information specified in subsection C of § 19.2-169.5. After performing their evaluation, the experts shall report their findings and opinions and provide copies of psychiatric, psychological, medical or other records obtained during the course of the evaluation to the attorneys for the Commonwealth and the defense.

2. If the court finds, after hearing evidence presented by the parties, out of the presence of the jury, that the defendant has refused to cooperate with an evaluation requested by the Commonwealth, the court may admit evidence of such refusal or, in the discretion of the court, bar the defendant from presenting his expert evidence.

**§ 19.2-264.3:3. Limitations on use of statements or disclosure by defendant during evaluations.**

No statement or disclosure by the defendant made during a competency evaluation performed pursuant to § 19.2-169.1, an evaluation performed pursuant to § 19.2-169.5 to determine sanity at the time of the offense, treatment provided pursuant to § 19.2-169.2 or § 19.2-169.6, a mental condition evaluation performed pursuant to § 19.2-264.3:1 or a ~~mental retardation~~ *an intellectual disability* evaluation performed pursuant to § 19.2-264.3:1.2, and no evidence derived from any such statements or disclosures may be introduced against the defendant at the sentencing phase of a capital murder trial for the purpose of proving the aggravating circumstances specified in § 19.2-264.4. Such statements or disclosures shall be admissible in rebuttal only when relevant to issues in mitigation raised by the defense.

**2. That it is the expressed intent of the General Assembly that the provisions of this act serve only to reflect a change in terminology approved and used by experts in the field to describe the identical phenomenon, as stated by the U.S. Supreme Court in *Hall v. Florida*, 134 S. Ct. 1986 (2014), and do not affect the meaning or applicability of the existing definition or case law utilizing the existing definition.**

B. Where a procurement transaction involves the expenditure of federal assistance or contract funds, the receipt of which is conditioned upon compliance with mandatory requirements in federal laws or regulations not in conformance with the provisions of this chapter, a public body may comply with such federal requirements, notwithstanding the provisions of this chapter, only upon the written determination of the Governor, in the case of state agencies, or the governing body, in the case of political subdivisions, that acceptance of the grant or contract funds under the applicable conditions is in the public interest. A. Each local department shall establish child-protective services under a departmental coordinator within such department or with one or more adjacent local departments that shall be staffed with qualified personnel pursuant to regulations adopted by the Board. The local department shall be the public agency responsible for receiving and responding to complaints and reports, except that (i) in cases where the reports or complaints are to be made to the court and the judge determines that no local department within a reasonable geographic distance can impartially respond to the report, the court shall assign the report to the court services unit for evaluation; and (ii) in cases where an employee at a private or state-operated hospital, institution or other facility, or an employee of a school board is suspected of abusing or neglecting a child in such hospital, institution or other facility, or public school, the local department shall request the Department and the relevant private or state-operated hospital, institution or other facility, or school board to assist in conducting a joint investigation in accordance with regulations adopted by the Board, in consultation with the Departments of Education, Health, Medical Assistance Services, Behavioral Health and Developmental Services, Juvenile Justice and Corrections.

## CHAPTER 95

*An Act to amend and reenact §§ 16.1-278.15 and 20-124.2 of the Code of Virginia, relating to child support orders; special needs trust; ABLE savings trust account.*

[H 1492]

Approved February 20, 2017

### **Be it enacted by the General Assembly of Virginia:**

#### **1. That §§ 16.1-278.15 and 20-124.2 of the Code of Virginia are amended and reenacted as follows:**

##### **§ 16.1-278.15. Custody or visitation, child or spousal support generally.**

A. In cases involving the custody, visitation or support of a child pursuant to subdivision A 3 of § 16.1-241, the court may make any order of disposition to protect the welfare of the child and family as may be made by the circuit court. The parties to any petition where a child whose custody, visitation, or support is contested shall show proof that they have attended within the 12 months prior to their court appearance or that they shall attend within 45 days thereafter an educational seminar or other like program conducted by a qualified person or organization approved by the court. The court may require the parties to attend such seminar or program in uncontested cases only if the court finds good cause. The seminar or other program shall be a minimum of four hours in length and shall address the effects of separation or divorce on children, parenting responsibilities, options for conflict resolution and financial responsibilities. Once a party has completed one educational seminar or other like program, the required completion of additional programs shall be at the court's discretion. Parties under this section shall include natural or adoptive parents of the child, or any person with a legitimate interest as defined in § 20-124.1. The fee charged a party for participation in such program shall be based on the party's ability to pay; however, no fee in excess of \$50 may be charged. Whenever possible, before participating in mediation or alternative dispute resolution to address custody, visitation or support, each party shall have attended the educational seminar or other like program. The court may grant an exemption from attendance of such program for good cause shown or if there is no program reasonably available. Other than statements or admissions by a party admitting criminal activity or child abuse or neglect, no statement or admission by a party in such seminar or program shall be admissible into evidence in any subsequent proceeding. If support is ordered for a child, the order shall also provide that support will continue to be paid for a child over the age of 18 who is (i) a full-time high school student, (ii) not self-supporting, and (iii) living in the home of the parent seeking or receiving child support, until the child reaches the age of 19 or graduates from high school, whichever occurs first. The court may also order that support be paid or continue to be paid for any child over the age of 18 who is (a) severely and permanently mentally or physically disabled, and such disability existed prior to the child reaching the age of 18 or the age of 19 if the child met the requirements of clauses (i), (ii), and (iii); (b) unable to live independently and support himself; and (c) residing in the home of the parent seeking or receiving child support. *Upon request of either party, the court may also order that support payments be made to a special needs trust or an ABLE savings trust account as defined in § 23.1-700.*

B. In any case involving the custody or visitation of a child, the court may award custody upon petition to any party with a legitimate interest therein, including, but not limited to, grandparents, stepparents, former stepparents, blood relatives and family members. The term "legitimate interest" shall be broadly construed to accommodate the best interest of the child. The authority of the juvenile court to consider a petition involving the custody of a child shall not be proscribed or limited where the custody of the child has previously been awarded to a local board of social services.

C. In any determination of support obligation under this section, the support obligation as it becomes due and unpaid creates a judgment by operation of law. Such judgment becomes a lien against real estate only when docketed in the county or city where such real estate is located. Nothing herein shall be construed to alter or amend the process of attachment of any lien on personal property.

D. Orders entered prior to July 1, 2008, shall not be deemed void or voidable solely because the petition or motion that resulted in the order was completed, signed and filed by a nonattorney employee of the Department of Social Services.

E. In cases involving charges for desertion, abandonment or failure to provide support by any person in violation of law, disposition shall be made in accordance with Chapter 5 (§ 20-61 et seq.) of Title 20.

F. In cases involving a spouse who seeks spousal support after having separated from his spouse, the court may enter any appropriate order to protect the welfare of the spouse seeking support.

G. In any case or proceeding involving the custody or visitation of a child, the court shall consider the best interest of the child, including the considerations for determining custody and visitation set forth in Chapter 6.1 (§ 20-124.1 et seq.) of Title 20.

H. In any proceeding before the court for custody or visitation of a child, the court may order a custody or a psychological evaluation of any parent, guardian, legal custodian or person standing in loco parentis to the child, if the court

finds such evaluation would assist it in its determination. The court may enter such orders as it deems appropriate for the payment of the costs of the evaluation by the parties.

I. When deemed appropriate by the court in any custody or visitation matter, the court may order drug testing of any parent, guardian, legal custodian or person standing in loco parentis to the child. The court may enter such orders as it deems appropriate for the payment of the costs of the testing by the parties.

**§ 20-124.2. Court-ordered custody and visitation arrangements.**

A. In any case in which custody or visitation of minor children is at issue, whether in a circuit or district court, the court shall provide prompt adjudication, upon due consideration of all the facts, of custody and visitation arrangements, including support and maintenance for the children, prior to other considerations arising in the matter. The court may enter an order pending the suit as provided in § 20-103. The procedures for determining custody and visitation arrangements shall insofar as practical, and consistent with the ends of justice, preserve the dignity and resources of family members. Mediation shall be used as an alternative to litigation where appropriate. When mediation is used in custody and visitation matters, the goals may include development of a proposal addressing the child's residential schedule and care arrangements, and how disputes between the parents will be handled in the future.

B. In determining custody, the court shall give primary consideration to the best interests of the child. The court shall assure minor children of frequent and continuing contact with both parents, when appropriate, and encourage parents to share in the responsibilities of rearing their children. As between the parents, there shall be no presumption or inference of law in favor of either. The court shall give due regard to the primacy of the parent-child relationship but may upon a showing by clear and convincing evidence that the best interest of the child would be served thereby award custody or visitation to any other person with a legitimate interest. The court may award joint custody or sole custody.

C. The court may order that support be paid for any child of the parties. *Upon request of either party, the court may order that such support payments be made to a special needs trust or an ABLE savings trust account as defined in § 23.1-700.* The court shall also order that support will continue to be paid for any child over the age of 18 who is (i) a full-time high school student, (ii) not self-supporting, and (iii) living in the home of the party seeking or receiving child support until such child reaches the age of 19 or graduates from high school, whichever first occurs. The court may also order that support be paid or continue to be paid for any child over the age of 18 who is (a) severely and permanently mentally or physically disabled, and such disability existed prior to the child reaching the age of 18 or the age of 19 if the child met the requirements of clauses (i), (ii), and (iii); (b) unable to live independently and support himself; and (c) residing in the home of the parent seeking or receiving child support. In addition, the court may confirm a stipulation or agreement of the parties which extends a support obligation beyond when it would otherwise terminate as provided by law. The court shall have no authority to decree support of children payable by the estate of a deceased party. The court may make such further decree as it shall deem expedient concerning support of the minor children, including an order that either party or both parties provide health care coverage or cash medical support, or both.

D. In any case in which custody or visitation of minor children is at issue, whether in a circuit or district court, the court may order an independent mental health or psychological evaluation to assist the court in its determination of the best interests of the child. The court may enter such order as it deems appropriate for the payment of the costs of the evaluation by the parties.

E. The court shall have the continuing authority and jurisdiction to make any additional orders necessary to effectuate and enforce any order entered pursuant to this section or § 20-103 including the authority to punish as contempt of court any willful failure of a party to comply with the provisions of the order. A parent or other person having legal custody of a child may petition the court to enjoin and the court may enter an order to enjoin a parent of the child from filing a petition relating to custody and visitation of that child for any period of time up to 10 years if doing so is in the best interests of the child and such parent has been convicted of an offense under the laws of the Commonwealth or a substantially similar law of another state, the United States, or any foreign jurisdiction which constitutes (i) murder or voluntary manslaughter, or a felony attempt, conspiracy or solicitation to commit any such offense, if the victim of the offense was a child of the parent, a child with whom the parent resided at the time the offense occurred, or the other parent of the child, or (ii) felony assault resulting in serious bodily injury, felony bodily wounding resulting in serious bodily injury, or felony sexual assault, if the victim of the offense was a child of the parent or a child with whom the parent resided at the time of the offense. When such a petition to enjoin the filing of a petition for custody and visitation is filed, the court shall appoint a guardian ad litem for the child pursuant to § 16.1-266.

**CHAPTER 100**

*An Act to amend and reenact § 22.1-253.13:1 of the Code of Virginia, relating to local school boards; student and parent notification; career and technical education programs; career readiness certificates.*

[H 1552]

Approved February 20, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 22.1-253.13:1 of the Code of Virginia is amended and reenacted as follows:**

**§ 22.1-253.13:1. Standard 1. Instructional programs supporting the Standards of Learning and other educational objectives.**

A. The General Assembly and the Board of Education believe that the fundamental goal of the public schools of the Commonwealth must be to enable each student to develop the skills that are necessary for success in school, preparation for life, and reaching their full potential. The General Assembly and the Board of Education find that the quality of education is dependent upon the provision of (i) the appropriate working environment, benefits, and salaries necessary to ensure the availability of high-quality instructional personnel; (ii) the appropriate learning environment designed to promote student achievement; (iii) quality instruction that enables each student to become a productive and educated citizen of Virginia and the United States of America; and (iv) the adequate commitment of other resources. In keeping with this goal, the General Assembly shall provide for the support of public education as set forth in Article VIII, Section 1 of the Constitution of Virginia.

B. The Board of Education shall establish educational objectives known as the Standards of Learning, which shall form the core of Virginia's educational program, and other educational objectives, which together are designed to ensure the development of the skills that are necessary for success in school and for preparation for life in the years beyond. At a minimum, the Board shall establish Standards of Learning for English, mathematics, science, and history and social science. The Standards of Learning shall not be construed to be regulations as defined in § 2.2-4001.

The Board shall seek to ensure that the Standards of Learning are consistent with a high-quality foundation educational program. The Standards of Learning shall include, but not be limited to, the basic skills of communication (listening, speaking, reading, and writing); computation and critical reasoning, including problem solving and decision making; proficiency in the use of computers and related technology; computer science and computational thinking, including computer coding; and the skills to manage personal finances and to make sound financial decisions.

The English Standards of Learning for reading in kindergarten through grade three shall be based on components of effective reading instruction, to include, at a minimum, phonemic awareness, phonics, fluency, vocabulary development, and text comprehension.

The Standards of Learning in all subject areas shall be subject to regular review and revision to maintain rigor and to reflect a balance between content knowledge and the application of knowledge in preparation for eventual employment and lifelong learning. The Board of Education shall establish a regular schedule, in a manner it deems appropriate, for the review, and revision as may be necessary, of the Standards of Learning in all subject areas. Such review of each subject area shall occur at least once every seven years. Nothing in this section shall be construed to prohibit the Board from conducting such review and revision on a more frequent basis.

To provide appropriate opportunity for input from the general public, teachers, and local school boards, the Board of Education shall conduct public hearings prior to establishing revised Standards of Learning. Thirty days prior to conducting such hearings, the Board shall give notice of the date, time, and place of the hearings to all local school boards and any other persons requesting to be notified of the hearings and publish notice of its intention to revise the Standards of Learning in the Virginia Register of Regulations. Interested parties shall be given reasonable opportunity to be heard and present information prior to final adoption of any revisions of the Standards of Learning.

In addition, the Department of Education shall make available and maintain a website, either separately or through an existing website utilized by the Department of Education, enabling public elementary, middle, and high school educators to submit recommendations for improvements relating to the Standards of Learning, when under review by the Board according to its established schedule, and related assessments required by the Standards of Quality pursuant to this chapter. Such website shall facilitate the submission of recommendations by educators.

School boards shall implement the Standards of Learning or objectives specifically designed for their school divisions that are equivalent to or exceed the Board's requirements. Students shall be expected to achieve the educational objectives established by the school division at appropriate age or grade levels. The curriculum adopted by the local school division shall be aligned to the Standards of Learning.

The Board of Education shall include in the Standards of Learning for history and social science the study of contributions to society of diverse people. For the purposes of this subsection, "diverse" includes consideration of disability, ethnicity, race, and gender.

The Board of Education shall include in the Standards of Learning for health instruction in emergency first aid, cardiopulmonary resuscitation, and the use of an automated external defibrillator, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. Such instruction shall be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross. No teacher who is in compliance with subdivision D 5 of § 22.1-298.1 shall be required to be certified as a trainer of cardiopulmonary resuscitation to provide instruction for non-certification.

With such funds as are made available for this purpose, the Board shall regularly review and revise the competencies for career and technical education programs to require the full integration of English, mathematics, science, and history and social science Standards of Learning. Career and technical education programs shall be aligned with industry and professional standard certifications, where they exist.

C. Local school boards shall develop and implement a program of instruction for grades K through 12 that is aligned to the Standards of Learning and meets or exceeds the requirements of the Board of Education. The program of instruction

shall emphasize reading, writing, speaking, mathematical concepts and computations, proficiency in the use of computers and related technology, computer science and computational thinking, including computer coding, and scientific concepts and processes; essential skills and concepts of citizenship, including knowledge of Virginia history and world and United States history, economics, government, foreign languages, international cultures, health and physical education, environmental issues, and geography necessary for responsible participation in American society and in the international community; fine arts, which may include, but need not be limited to, music and art, and practical arts; knowledge and skills needed to qualify for further education, gainful employment, or training in a career or technical field; and development of the ability to apply such skills and knowledge in preparation for eventual employment and lifelong learning and to achieve economic self-sufficiency.

Local school boards shall also develop and implement programs of prevention, intervention, or remediation for students who are educationally at risk including, but not limited to, those who fail to achieve a passing score on any Standards of Learning assessment in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs shall include components that are research-based.

Any student who achieves a passing score on one or more, but not all, of the Standards of Learning assessments for the relevant grade level in grades three through eight may be required to attend a remediation program.

Any student who fails to achieve a passing score on all of the Standards of Learning assessments for the relevant grade level in grades three through eight or who fails an end-of-course test required for the award of a verified unit of credit shall be required to attend a remediation program or to participate in another form of remediation. Division superintendents shall require such students to take special programs of prevention, intervention, or remediation, which may include attendance in public summer school programs, in accordance with clause (ii) of subsection A of § 22.1-254 and § 22.1-254.01.

Remediation programs shall include, when applicable, a procedure for early identification of students who are at risk of failing the Standards of Learning assessments in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs may also include summer school for all elementary and middle school grades and for all high school academic courses, as defined by regulations promulgated by the Board of Education, or other forms of remediation. Summer school remediation programs or other forms of remediation shall be chosen by the division superintendent to be appropriate to the academic needs of the student. Students who are required to attend such summer school programs or to participate in another form of remediation shall not be charged tuition by the school division.

The requirement for remediation may, however, be satisfied by the student's attendance in a program of prevention, intervention or remediation that has been selected by his parent, in consultation with the division superintendent or his designee, and is either (i) conducted by an accredited private school or (ii) a special program that has been determined to be comparable to the required public school remediation program by the division superintendent. The costs of such private school remediation program or other special remediation program shall be borne by the student's parent.

The Board of Education shall establish standards for full funding of summer remedial programs that shall include, but not be limited to, the minimum number of instructional hours or the equivalent thereof required for full funding and an assessment system designed to evaluate program effectiveness. Based on the number of students attending and the Commonwealth's share of the per pupil instructional costs, state funds shall be provided for the full cost of summer and other remediation programs as set forth in the appropriation act, provided such programs comply with such standards as shall be established by the Board, pursuant to § 22.1-199.2.

D. Local school boards shall also implement the following:

1. Programs in grades K through three that emphasize developmentally appropriate learning to enhance success.
2. Programs based on prevention, intervention, or remediation designed to increase the number of students who earn a high school diploma and to prevent students from dropping out of school. Such programs shall include components that are research-based.
3. Career and technical education programs incorporated into the K through 12 curricula that include:
  - a. Knowledge of careers and all types of employment opportunities, including, but not limited to, apprenticeships, entrepreneurship and small business ownership, the military, and the teaching profession, and emphasize the advantages of completing school with marketable skills;
  - b. Career exploration opportunities in the middle school grades;
  - c. Competency-based career and technical education programs that integrate academic outcomes, career guidance, and job-seeking skills for all secondary students. Programs shall be based upon labor market needs and student interest. Career guidance shall include counseling about available employment opportunities and placement services for students exiting school. Each school board shall develop and implement a plan to ensure compliance with the provisions of this subdivision. Such plan shall be developed with the input of area business and industry representatives and local community colleges and shall be submitted to the Superintendent of Public Instruction in accordance with the timelines established by federal law; and
  - d. Annual notice on its website to enrolled high school students and their parents of (i) the availability of the postsecondary education and employment data published by the State Council of Higher Education on its website pursuant to § 23.1-204 and (ii) the opportunity for such students to obtain a nationally recognized career readiness certificate at a local public high school, comprehensive community college, or workforce center.

5. Early identification of students with disabilities and enrollment of such students in appropriate instructional programs consistent with state and federal law.

6. Early identification of gifted students and enrollment of such students in appropriately differentiated instructional programs.

7. Educational alternatives for students whose needs are not met in programs prescribed elsewhere in these standards. Such students shall be counted in average daily membership (ADM) in accordance with the regulations of the Board of Education.

8. Adult education programs for individuals functioning below the high school completion level. Such programs may be conducted by the school board as the primary agency or through a collaborative arrangement between the school board and other agencies.

9. A plan to make achievements for students who are educationally at risk a divisionwide priority that shall include procedures for measuring the progress of such students.

10. An agreement for postsecondary degree attainment with a community college in the Commonwealth specifying the options for students to complete an associate's degree or a one-year Uniform Certificate of General Studies from a community college concurrent with a high school diploma. Such agreement shall specify the credit available for dual enrollment courses and Advanced Placement courses with qualifying exam scores of three or higher.

11. A plan to notify students and their parents of the availability of dual enrollment and advanced placement classes, *career and technical education programs*, the International Baccalaureate Program, and Academic Year Governor's School Programs, the qualifications for enrolling in such classes and programs, and the availability of financial assistance to low-income and needy students to take the advanced placement and International Baccalaureate examinations. This plan shall include notification to students and parents of the agreement with a community college in the Commonwealth to enable students to complete an associate's degree or a one-year Uniform Certificate of General Studies concurrent with a high school diploma.

12. Identification of students with limited English proficiency and enrollment of such students in appropriate instructional programs.

13. Early identification, diagnosis, and assistance for students with reading and mathematics problems and provision of instructional strategies and reading and mathematics practices that benefit the development of reading and mathematics skills for all students.

Local school divisions shall provide reading intervention services to students in kindergarten through grade three who demonstrate deficiencies based on their individual performance on the Standards of Learning reading test or any reading diagnostic test that meets criteria established by the Department of Education. Local school divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis, at a time to be determined by the Superintendent of Public Instruction. Each student who receives early intervention reading services will be assessed again at the end of that school year. The local school division, in its discretion, shall provide such reading intervention services prior to promoting a student from grade three to grade four. Reading intervention services may include the use of: special reading teachers; trained aides; volunteer tutors under the supervision of a certified teacher; computer-based reading tutorial programs; aides to instruct in-class groups while the teacher provides direct instruction to the students who need extra assistance; and extended instructional time in the school day or school year for these students. Funds appropriated for prevention, intervention, and remediation; summer school remediation; at-risk; or early intervention reading may be used to meet the requirements of this subdivision.

Local school divisions shall provide algebra readiness intervention services to students in grades six through nine who are at risk of failing the Algebra I end-of-course test, as demonstrated by their individual performance on any diagnostic test that has been approved by the Department of Education. Local school divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis, at a time to be determined by the Superintendent of Public Instruction. Each student who receives algebra readiness intervention services will be assessed again at the end of that school year. Funds appropriated for prevention, intervention, and remediation; summer school remediation; at-risk; or algebra readiness intervention services may be used to meet the requirements of this subdivision.

*An Act to amend and reenact §§ 32.1-325 and 63.2-501 of the Code of Virginia, relating to Medicaid applications; information about advance directives.*

[H 1567]

Approved February 21, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 32.1-325 and 63.2-501 of the Code of Virginia are amended and reenacted as follows:**

**§ 32.1-325. Board to submit plan for medical assistance services to U.S. Secretary of Health and Human Services pursuant to federal law; administration of plan; contracts with health care providers.**

A. The Board, subject to the approval of the Governor, is authorized to prepare, amend from time to time, and submit to the U.S. Secretary of Health and Human Services a state plan for medical assistance services pursuant to Title XIX of the United States Social Security Act and any amendments thereto. The Board shall include in such plan:

1. A provision for payment of medical assistance on behalf of individuals, up to the age of 21, placed in foster homes or private institutions by private, nonprofit agencies licensed as child-placing agencies by the Department of Social Services or placed through state and local subsidized adoptions to the extent permitted under federal statute;

2. A provision for determining eligibility for benefits for medically needy individuals which disregards from countable resources an amount not in excess of \$3,500 for the individual and an amount not in excess of \$3,500 for his spouse when such resources have been set aside to meet the burial expenses of the individual or his spouse. The amount disregarded shall be reduced by (i) the face value of life insurance on the life of an individual owned by the individual or his spouse if the cash surrender value of such policies has been excluded from countable resources and (ii) the amount of any other revocable or irrevocable trust, contract, or other arrangement specifically designated for the purpose of meeting the individual's or his spouse's burial expenses;

3. A requirement that, in determining eligibility, a home shall be disregarded. For those medically needy persons whose eligibility for medical assistance is required by federal law to be dependent on the budget methodology for Aid to Families with Dependent Children, a home means the house and lot used as the principal residence and all contiguous property. For all other persons, a home shall mean the house and lot used as the principal residence, as well as all contiguous property, as long as the value of the land, exclusive of the lot occupied by the house, does not exceed \$5,000. In any case in which the definition of home as provided here is more restrictive than that provided in the state plan for medical assistance services in Virginia as it was in effect on January 1, 1972, then a home means the house and lot used as the principal residence and all contiguous property essential to the operation of the home regardless of value;

4. A provision for payment of medical assistance on behalf of individuals up to the age of 21, who are Medicaid eligible, for medically necessary stays in acute care facilities in excess of 21 days per admission;

5. A provision for deducting from an institutionalized recipient's income an amount for the maintenance of the individual's spouse at home;

6. A provision for payment of medical assistance on behalf of pregnant women which provides for payment for inpatient postpartum treatment in accordance with the medical criteria outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists. Payment shall be made for any postpartum home visit or visits for the mothers and the children which are within the time periods recommended by the attending physicians in accordance with and as indicated by such Guidelines or Standards. For the purposes of this subdivision, such Guidelines or Standards shall include any changes thereto within six months of the publication of such Guidelines or Standards or any official amendment thereto;

7. A provision for the payment for family planning services on behalf of women who were Medicaid-eligible for prenatal care and delivery as provided in this section at the time of delivery. Such family planning services shall begin with delivery and continue for a period of 24 months, if the woman continues to meet the financial eligibility requirements for a pregnant woman under Medicaid. For the purposes of this section, family planning services shall not cover payment for abortion services and no funds shall be used to perform, assist, encourage or make direct referrals for abortions;

8. A provision for payment of medical assistance for high-dose chemotherapy and bone marrow transplants on behalf of individuals over the age of 21 who have been diagnosed with lymphoma, breast cancer, myeloma, or leukemia and have been determined by the treating health care provider to have a performance status sufficient to proceed with such high-dose chemotherapy and bone marrow transplant. Appeals of these cases shall be handled in accordance with the Department's expedited appeals process;

9. A provision identifying entities approved by the Board to receive applications and to determine eligibility for medical assistance, which shall include a requirement that such entities (i) obtain accurate contact information, including the best available address and telephone number, from each applicant for medical assistance, to the extent required by federal law and regulations, and (ii) provide each applicant for medical assistance with information about advance directives pursuant to Article 8 (§ 54.1-2981 et seq.) of Chapter 29 of Title 54.1, including information about the purpose and benefits of advance directives and how the applicant may make an advance directive;

10. A provision for breast reconstructive surgery following the medically necessary removal of a breast for any medical reason. Breast reductions shall be covered, if prior authorization has been obtained, for all medically necessary indications. Such procedures shall be considered noncosmetic;

11. A provision for payment of medical assistance for annual pap smears;

12. A provision for payment of medical assistance services for prostheses following the medically necessary complete or partial removal of a breast for any medical reason;

13. A provision for payment of medical assistance which provides for payment for 48 hours of inpatient treatment for a patient following a radical or modified radical mastectomy and 24 hours of inpatient care following a total mastectomy or a partial mastectomy with lymph node dissection for treatment of disease or trauma of the breast. Nothing in this subdivision shall be construed as requiring the provision of inpatient coverage where the attending physician in consultation with the patient determines that a shorter period of hospital stay is appropriate;

### CHAPTER 108

*An Act to amend and reenact § 58.1-439.12:03 of the Code of Virginia, relating to motion picture production tax credit.*

[H 1665]

Approved February 21, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 58.1-439.12:03 of the Code of Virginia is amended and reenacted as follows:**

**§ 58.1-439.12:03. Motion picture production tax credit.**

A. For taxable years beginning on and after January 1, 2011, but prior to January 1, ~~2019~~ 2022, any motion picture production company with qualifying expenses of at least \$250,000 with respect to a motion picture production filmed in Virginia shall be allowed a refundable credit against the taxes imposed by § 58.1-320 or 58.1-400 in an amount equal to 15 percent of the production company's qualifying expenses or 20 percent of such expenses if the production is filmed in an economically distressed area of the Commonwealth. The Virginia Economic Development Partnership Authority shall designate which areas of the Commonwealth are deemed to be economically distressed areas. The credit shall be computed based on all of the taxpayer's qualifying expenses incurred with respect to the production, not just the qualifying expenses incurred during the taxable year. The refundable tax credits allowed under this section are for one tax year only. Where a motion picture production continues for more than one year, a separate application for each tax year the production continues must be made. The grant of a refundable tax credit for a motion picture film production does not create a presumption that the production will receive a refundable tax credit for subsequent tax years. Effective on January 1, 2013, for purposes of eligibility for refundable tax credits, a motion picture film production shall include digital interactive media production.

"Qualifying expenses" means the sum of the following amounts spent in the Commonwealth by a production company in connection with the production of a motion picture filmed in the Commonwealth:

1. Goods and services leased or purchased. For goods with a purchase price of \$25,000 or more, the amount included in qualifying expenses is the purchase price less the fair market value of the good at the time the production is completed.

2. Compensation and wages, except in the case of each individual who directly or indirectly receives compensation in excess of \$1 million for personal services with respect to a single production. In such a case, only the first \$1 million of salary shall be considered a qualifying expense. An individual is deemed to receive compensation indirectly when a production company pays a personal service company or an employee leasing company that pays the individual.

B. 1. In addition to the refundable credit authorized under subsection A, such production company shall be allowed an additional refundable credit equal to 10 percent of the total aggregate payroll for Virginia residents employed in connection with the production of a film in the Commonwealth when total production costs in the Commonwealth are at least \$250,000 but not more than \$1 million. This additional credit shall be equal to 20 percent of the total aggregate payroll for Virginia residents employed in connection with such production when total production costs in the Commonwealth exceed \$1 million.

2. In addition to the credits authorized under subsection A and subdivision B 1, such production company shall be allowed an additional refundable credit equal to 10 percent of the total aggregate payroll for Virginia residents employed for the first time as actors or members of a production crew in connection with the production of a film in the Commonwealth.

C. 1. For purposes of this section, in the case of an episodic television series, an entire season of episodes shall be deemed to be one production.

2. No credit shall be allowed under this section for any production that (i) is political advertising, (ii) is a television production of a news program or live sporting event, (iii) contains obscene material, or (iv) is a reality television production.

D. 1. The issuance of refundable tax credits under this section shall be in accordance with procedures, qualifying criteria, and deadlines established by the Department and the Virginia Film Office. The qualifying criteria established by the Virginia Film Office shall take into account whether the production involves physical production within the Commonwealth

of Virginia, the number of residents of Virginia that will be employed in the production and the level of compensation they will be paid, the extent to which the production will contribute to the support and expansion of existing production companies in Virginia, the extent to which the production will impact existing local businesses and the local economy, the extent to which the production will involve existing and new companies located in Virginia, and other relevant considerations. The taxpayer shall apply for a credit by submitting such forms as prescribed by the Virginia Film Office, prior to the start of production in Virginia.

2. Any taxpayer seeking credits under this section must enter into a memorandum of understanding with the Virginia Film Office that at a minimum provides the requirements that the taxpayer must meet in order to receive the credits, including but not limited to the estimated amount of money to be spent in Virginia, the timeline for completing production in Virginia, and the maximum amount of credits allocated to the taxpayer.

3. Once the taxpayer has satisfied all of the requirements in the memorandum of understanding to the satisfaction of the Virginia Film Office and completed production in Virginia, the taxpayer may claim the applicable amount of credits up to the amount that has been allocated by the Virginia Film Office on a return filed for the taxable year in which the Virginia production activities are completed. The return must state the name of the production, provide a description of the production, and include a detailed accounting of the qualifying expenses with respect to which a credit is claimed.

E. A taxpayer allowed a credit under this section must maintain and make available for inspection any information or records required by the Tax Commissioner. The taxpayer has the burden of proving eligibility for a credit and the amount of the credit. The Tax Commissioner shall consult with the Virginia Film Office in order to determine the amount of qualifying expenses.

F. For purposes of this section, the amount of any credit attributable to a partnership, electing small business corporation (S corporation), or limited liability company may be allocated to the individual partners, shareholders, or members, respectively, in proportion to their ownership or interest in such business entities.

G. The total amount of credits allocated to all taxpayers under this section shall not exceed \$2.5 million in the 2010-2012 biennium, \$5 million in the 2012-2014 biennium, and \$6.5 million in fiscal year 2015 and each fiscal year thereafter.

H. The Department of Taxation, in consultation with the Virginia Film Office, must publish by November 1 of each year for the 12-month period ending the preceding December 31 the following information:

1. Location of sites used in a production for which a credit was claimed;
2. Qualifying expenses for which a credit was claimed, classified by whether the expenses were for goods, services, or compensation paid by the production company;
3. Number of people employed in the Commonwealth with respect to credits claimed; and
4. Total cost to the Commonwealth's general fund of the credits claimed.

Notwithstanding any provision of § 58.1-3 or any other law, such information shall be published by the Department, even if such information is not classified, so as to prevent the identification of particular taxpayers, reports, or returns and items.

I. The Tax Commissioner shall develop guidelines implementing the provisions of this section, including but not limited to the definition of "qualifying expenses" and setting forth the recordkeeping requirements applicable to production companies claiming this credit. Such guidelines shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq.).

### CHAPTER 110

*An Act to amend and reenact §§ 54.1-3303 and 54.1-3423 of the Code of Virginia, relating to practice of telemedicine; prescribing.*

[H 1767]

Approved February 21, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 54.1-3303 and 54.1-3423 of the Code of Virginia are amended and reenacted as follows:**

**§ 54.1-3303. Prescriptions to be issued and drugs to be dispensed for medical or therapeutic purposes only.**

A. A prescription for a controlled substance may be issued only by a practitioner of medicine, osteopathy, podiatry, dentistry or veterinary medicine who is authorized to prescribe controlled substances, or by a licensed nurse practitioner pursuant to § 54.1-2957.01, a licensed physician assistant pursuant to § 54.1-2952.1, or a TPA-certified optometrist pursuant to Article 5 (§ 54.1-3222 et seq.) of Chapter 32. The prescription shall be issued for a medicinal or therapeutic purpose and may be issued only to persons or animals with whom the practitioner has a bona fide practitioner-patient relationship.

For purposes of this section, a bona fide practitioner-patient-pharmacist relationship is one in which a practitioner prescribes, and a pharmacist dispenses, controlled substances in good faith to his patient for a medicinal or therapeutic purpose within the course of his professional practice. In addition, a bona fide practitioner-patient relationship means that the practitioner shall (i) ensure that a medical or drug history is obtained; (ii) provide information to the patient about the benefits and risks of the drug being prescribed; (iii) perform or have performed an appropriate examination of the patient, either physically or by the use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically; except for medical emergencies, the examination of the patient shall have been performed by the practitioner himself, within the group in which he practices, or by a consulting practitioner prior to issuing a prescription; and (iv) initiate additional interventions and follow-up care, if necessary, especially if a prescribed drug may have serious side effects. *A practitioner who performs or has performed an appropriate examination of the patient required pursuant to clause (iii), either physically or by the use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically, for the purpose of establishing a bona fide practitioner-patient relationship, may prescribe Schedule II through VI controlled substances to the patient, provided that the prescribing of such Schedule II through V controlled substance is in compliance with federal requirements for the practice of telemedicine.*

For the purpose of prescribing a Schedule VI controlled substance to a patient via telemedicine services as defined in § 38.2-3418.16, a prescriber may establish a bona fide practitioner-patient relationship by an examination through face-to-face interactive, two-way, real-time communications services or store-and-forward technologies when all of the following conditions are met: (a) the patient has provided a medical history that is available for review by the prescriber; (b) the prescriber obtains an updated medical history at the time of prescribing; (c) the prescriber makes a diagnosis at the time of prescribing; (d) the prescriber conforms to the standard of care expected of in-person care as appropriate to the patient's age and presenting condition, including when the standard of care requires the use of diagnostic testing and performance of a physical examination, which may be carried out through the use of peripheral devices appropriate to the patient's condition; (e) the prescriber is actively licensed in the Commonwealth and authorized to prescribe; (f) if the patient is a member or enrollee of a health plan or carrier, the prescriber has been credentialed by the health plan or carrier as a participating provider and the diagnosing and prescribing meets the qualifications for reimbursement by the health plan or carrier pursuant to § 38.2-3418.16; and (g) upon request, the prescriber provides patient records in a timely manner in accordance with the provisions of § 32.1-127.1:03 and all other state and federal laws and regulations. Nothing in this paragraph shall permit a prescriber to establish a bona fide practitioner-patient relationship for the purpose of prescribing a Schedule VI controlled substance when the standard of care dictates that an in-person physical examination is necessary for diagnosis. Nothing in this paragraph shall apply to: (1) a prescriber providing on-call coverage per an agreement with another prescriber or his prescriber's professional entity or employer; (2) a prescriber consulting with another prescriber regarding a patient's care; or (3) orders of prescribers for hospital out-patients or in-patients.

Any practitioner who prescribes any controlled substance with the knowledge that the controlled substance will be used otherwise than medically or for therapeutic purposes shall be subject to the criminal penalties provided in § 18.2-248 for violations of the provisions of law relating to the distribution or possession of controlled substances.

B. In order to determine whether a prescription that appears questionable to the pharmacist results from a bona fide practitioner-patient relationship, the pharmacist shall contact the prescribing practitioner or his agent and verify the identity of the patient and name and quantity of the drug prescribed. The person knowingly filling an invalid prescription shall be subject to the criminal penalties provided in § 18.2-248 for violations of the provisions of law relating to the sale, distribution or possession of controlled substances.

No prescription shall be filled unless there is a bona fide practitioner-patient-pharmacist relationship. A prescription not issued in the usual course of treatment or for authorized research is not a valid prescription.

C. Notwithstanding any provision of law to the contrary and consistent with recommendations of the Centers for Disease Control and Prevention or the Department of Health, a practitioner may prescribe Schedule VI antibiotics and antiviral agents to other persons in close contact with a diagnosed patient when (i) the practitioner meets all requirements of a bona fide practitioner-patient relationship, as defined in subsection A, with the diagnosed patient; (ii) in the practitioner's professional judgment, the practitioner deems there is urgency to begin treatment to prevent the transmission of a communicable disease; (iii) the practitioner has met all requirements of a bona fide practitioner-patient relationship, as defined in subsection A, for the close contact except for the physical examination required in clause (iii) of subsection A; and (iv) when such emergency treatment is necessary to prevent imminent risk of death, life-threatening illness, or serious disability.

D. A pharmacist may dispense a controlled substance pursuant to a prescription of an out-of-state practitioner of medicine, osteopathy, podiatry, dentistry, *optometry*, or veterinary medicine, a *nurse practitioner*, or a *physician assistant* authorized to issue such prescription if the prescription complies with the requirements of this chapter and the Drug Control Act (§ 54.1-3400 et seq.).

E. A licensed nurse practitioner who is authorized to prescribe controlled substances pursuant to § 54.1-2957.01 may issue prescriptions or provide manufacturers' professional samples for controlled substances and devices as set forth in the Drug Control Act (§ 54.1-3400 et seq.) in good faith to his patient for a medicinal or therapeutic purpose within the scope of his professional practice.

F. A licensed physician assistant who is authorized to prescribe controlled substances pursuant to § 54.1-2952.1 may issue prescriptions or provide manufacturers' professional samples for controlled substances and devices as set forth in the Drug Control Act (§ 54.1-3400 et seq.) in good faith to his patient for a medicinal or therapeutic purpose within the scope of his professional practice.

G. A TPA-certified optometrist who is authorized to prescribe controlled substances pursuant to Article 5 (§ 54.1-3222 et seq.) of Chapter 32 may issue prescriptions in good faith or provide manufacturers' professional samples to his patients for medicinal or therapeutic purposes within the scope of his professional practice for the drugs specified on the TPA-Formulary, established pursuant to § 54.1-3223, which shall be limited to (i) analgesics included on Schedule II controlled substances as defined in § 54.1-3448 of the Drug Control Act (§ 54.1-3400 et seq.) consisting of hydrocodone in combination with acetaminophen; (ii) oral analgesics included in Schedules III through VI, as defined in §§ 54.1-3450 and 54.1-3455 of the Drug Control Act (§ 54.1-3400 et seq.), which are appropriate to relieve ocular pain; (iii) other oral Schedule VI controlled substances, as defined in § 54.1-3455 of the Drug Control Act, appropriate to treat diseases and abnormal conditions of the human eye and its adnexa; (iv) topically applied Schedule VI drugs, as defined in § 54.1-3455 of the Drug Control Act; and (v) intramuscular administration of epinephrine for treatment of emergency cases of anaphylactic shock.

H. The requirement for a bona fide practitioner-patient relationship shall be deemed to be satisfied by a member or committee of a hospital's medical staff when approving a standing order or protocol for the administration of influenza vaccinations and pneumococcal vaccinations in a hospital in compliance with § 32.1-126.4.

**§ 54.1-3423. Board to issue registration unless inconsistent with public interest; authorization to conduct research; application and fees.**

A. The Board shall register an applicant to manufacture or distribute controlled substances included in Schedules I through V unless it determines that the issuance of that registration would be inconsistent with the public interest. In determining the public interest, the Board shall consider the following factors:

1. Maintenance of effective controls against diversion of controlled substances into other than legitimate medical, scientific, or industrial channels;
2. Compliance with applicable state and local law;
3. Any convictions of the applicant under any federal and state laws relating to any controlled substance;
4. Past experience in the manufacture or distribution of controlled substances, and the existence in the applicant's establishment of effective controls against diversion;
5. Furnishing by the applicant of false or fraudulent material in any application filed under this chapter;
6. Suspension or revocation of the applicant's federal registration to manufacture, distribute, or dispense controlled substances as authorized by federal law; and
7. Any other factors relevant to and consistent with the public health and safety.

B. Registration under subsection A does not entitle a registrant to manufacture and distribute controlled substances in Schedule I or II other than those specified in the registration.

C. Practitioners must be registered to conduct research with controlled substances in Schedules II through VI. Practitioners registered under federal law to conduct research with Schedule I substances may conduct research with Schedule I substances within this Commonwealth upon furnishing the evidence of that federal registration.

D. The Board may register other persons or entities to possess controlled substances listed on Schedules II through VI upon a determination that (i) there is a documented need, (ii) the issuance of the registration is consistent with the public interest, (iii) the possession and subsequent use of the controlled substances complies with applicable state and federal laws and regulations, and (iv) the subsequent storage, use, and recordkeeping of the controlled substances will be under the

general supervision of a licensed pharmacist, practitioner of medicine, osteopathy, podiatry, dentistry, optometry, or veterinary medicine as specified in the Board's regulations. The Board shall consider, at a minimum, the factors listed in subsection A of this section in determining whether the registration shall be issued. Notwithstanding the exceptions listed in § 54.1-3422 A, the Board may mandate a controlled substances registration for sites maintaining certain types and quantities of Schedules II through VI controlled substances as it may specify in its regulations. The Board shall promulgate regulations related to requirements or criteria for the issuance of such controlled substances registration, storage, security, supervision, and recordkeeping.

E. The Board may register a public or private animal shelter as defined in § 3.2-6500 to purchase, possess, and administer certain Schedule II-VI controlled substances approved by the State Veterinarian for the purpose of euthanizing injured, sick, homeless, and unwanted domestic pets and animals; and to purchase, possess, and administer certain Schedule VI controlled substances for the purpose of preventing, controlling, and treating certain communicable diseases that failure to control would result in transmission to the animal population in the shelter. The drugs used for euthanasia shall be administered only in accordance with protocols established by the State Veterinarian and only by persons trained in accordance with instructions by the State Veterinarian. The list of Schedule VI drugs used for treatment and prevention of communicable diseases within the shelter shall be determined by the supervising veterinarian of the shelter and the drugs shall be administered only pursuant to written protocols established or approved by the supervising veterinarian of the shelter and only by persons who have been trained in accordance with instructions established or approved by the supervising veterinarian. The shelter shall maintain a copy of the approved list of drugs, written protocols for administering, and training records of those persons administering drugs on the premises of the shelter.

F. The Board may register a crisis stabilization unit established pursuant to § 37.2-500 or 37.2-601 and licensed by the Department of Behavioral Health and Developmental Services to maintain a stock of Schedule VI controlled substances necessary for immediate treatment of patients admitted to the crisis stabilization unit, which may be accessed and administered by a nurse pursuant to a written or oral order of a prescriber in the absence of a prescriber. Schedule II through Schedule V controlled substances shall only be maintained if so authorized by federal law and Board regulations.

G. *The Board may register an entity at which a patient is treated by the use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically for the purpose of establishing a bona fide practitioner-patient relationship and is prescribed Schedule II through VI controlled substances when such prescribing is in compliance with federal requirements for the practice of telemedicine and the patient is not in the physical presence of a practitioner registered with the U.S. Drug Enforcement Administration. In determining whether the registration shall be issued, the Board shall consider (i) the factors listed in subsection A, (ii) whether there is a documented need for such registration, and (iii) whether the issuance of the registration is consistent with the public interest.*

H. Applications for controlled substances registration certificates and renewals thereof shall be made on a form prescribed by the Board and such applications shall be accompanied by a fee in an amount to be determined by the Board.

H. I. Upon (i) any change in ownership or control of a business, (ii) any change of location of the controlled substances stock, (iii) the termination of authority by or of the person named as the responsible party on a controlled substances registration, or (iv) a change in the supervising practitioner, if applicable, the registrant or responsible party shall immediately surrender the registration. The registrant shall, within 14 days following surrender of a registration, file a new application and, if applicable, name the new responsible party or supervising practitioner.

**2. That an emergency exists and this act is in force from its passage.**

**3. That the Board of Pharmacy shall promulgate regulations to implement the provisions of this act to be effective within 280 days of its enactment.**

## CHAPTER 111

*An Act to amend and reenact §§ 58.1-3700.1 and 58.1-3703 of the Code of Virginia, relating to local license taxes; exemption for certain defense production businesses.*

[H 1889]

Approved February 21, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 58.1-3700.1 and 58.1-3703 of the Code of Virginia are amended and reenacted as follows:**

**§ 58.1-3700.1. Definitions.**

For the purposes of this chapter and any local ordinances adopted pursuant to this chapter, unless otherwise required by the context:

"Affiliated group" means:

1. One or more chains of corporations subject to inclusion connected through stock ownership with a common parent corporation which is a corporation subject to inclusion if:

a. Stock possessing at least eighty percent of the voting power of all classes of stock and at least eighty percent of each class of the nonvoting stock of each of the corporations subject to inclusion, except the common parent corporation, is owned directly by one or more of the other corporations subject to inclusion; and

b. The common parent corporation directly owns stock possessing at least eighty percent of the voting power of all classes of stock and at least eighty percent of each class of the nonvoting stock of at least one of the other subject to inclusion corporations. As used in this subdivision, the term "stock" does not include nonvoting stock which is limited and preferred as to dividends; the phrase "corporation subject to inclusion" means any corporation within the affiliated group irrespective of the state or country of its incorporation; and the term "receipts" includes gross receipts and gross income.

2. Two or more corporations if five or fewer persons who are individuals, estates or trusts own stock possessing:

a. At least eighty percent of the total combined voting power of all classes of stock entitled to vote or at least eighty percent of the total value of shares of all classes of the stock of each corporation; and

b. More than fifty percent of the total combined voting power of all classes of stock entitled to vote or more than fifty percent of the total value of shares of all classes of stock of each corporation, taking into account the stock ownership of each such person only to the extent such stock ownership is identical with respect to each such corporation.

When one or more of the corporations subject to inclusion, including the common parent corporation, is a nonstock corporation, the term "stock" as used in this subdivision shall refer to the nonstock corporation membership or membership voting rights, as is appropriate to the context.

3. Two or more entities if such entities satisfy the requirements in subdivision 1 or 2 of this definition as if they were corporations and the ownership interests therein were stock.

"Assessment" means a determination as to the proper rate of tax, the measure to which the tax rate is applied, and ultimately the amount of tax, including additional or omitted tax, that is due. An assessment shall include a written assessment made pursuant to notice by the assessing official or a self-assessment made by a taxpayer upon the filing of a return or otherwise not pursuant to notice. Assessments shall be deemed made by an assessing official when a written notice of assessment is delivered to the taxpayer by the assessing official or an employee of the assessing official, or mailed to the taxpayer at his last known address. Self-assessments shall be deemed made when a return is filed, or if no return is required, when the tax is paid. A return filed or tax paid before the last day prescribed by ordinance for the filing or payment thereof shall be deemed to be filed or paid on the last day specified for the filing of a return or the payment of tax, as the case may be.

"Base year" means the calendar year preceding the license year, except for contractors subject to the provisions of § 58.1-3715 or unless the local ordinance provides for a different period for measuring the gross receipts of a business, such as for beginning businesses or to allow an option to use the same fiscal year as for federal income tax purposes.

"Business" means a course of dealing which requires the time, attention and labor of the person so engaged for the purpose of earning a livelihood or profit. It implies a continuous and regular course of dealing, rather than an irregular or isolated transaction. A person may be engaged in more than one business. The following acts shall create a rebuttable presumption that a person is engaged in a business: (i) advertising or otherwise holding oneself out to the public as being engaged in a particular business or (ii) filing tax returns, schedules and documents that are required only of persons engaged in a trade or business.

*"Defense production business" means a business engaged in the design, development, or production of materials, components, or equipment required to meet the needs of national defense.*

"Definite place of business" means an office or a location at which occurs a regular and continuous course of dealing for thirty consecutive days or more. Such governing body may levy and provide for the assessment and collection of county, city or town license taxes on businesses, trades, professions, occupations and callings and upon the persons, firms and corporations engaged therein within the county, city or town subject to the limitations in (i) subsection C and (ii) subsection A of § 58.1-3706, provided such tax shall not be assessed and collected on any amount of gross receipts of each business upon which a license fee is charged. Any county, city or town with a population greater than 50,000 shall reduce the fee to an amount not to exceed \$50 by January 1, 2000. The ordinance imposing such license fees and levying such license taxes shall include the provisions of § 58.1-3703.1.

B. Any county, city or town by ordinance may exempt in whole or in part from the license tax (i) the design, development or other creation of computer software for lease, sale or license and (ii) private businesses and industries entering into agreements for the establishment, installation, renovation, remodeling, or construction of satellite classrooms for grades kindergarten through three on a site owned by the business or industry and leased to the school board at no costs pursuant to § 22.1-26.1.

C. No county, city, or town shall impose a license fee or levy any license tax:

3. Upon the privilege or right of printing or publishing any newspaper, magazine, newsletter or other publication issued daily or regularly at average intervals not exceeding three months, provided the publication's subscription sales are exempt from state sales tax, or for the privilege or right of operating or conducting any radio or television broadcasting station or service;

4. On a manufacturer for the privilege of manufacturing and selling goods, wares and merchandise at wholesale at the place of manufacture. *For purposes of this subdivision, this shall include a manufacturer that is also a defense production business selling manufacturing, rebuilding, repair, and maintenance services at the place of manufacture (i) to the United States or (ii) for which consent of the United States is required;*

Article 2 (§ 13.1-312 et seq.) of Chapter 3 of Title 13.1, or a member or subsidiary or affiliated association thereof, to other members of the same group. This exemption shall not exempt any such corporation from such license or other tax measured by receipts from outside the group;

10. On or measured by receipts or purchases by an entity which is a member of an affiliated group of entities from other members of the same affiliated group. This exclusion shall not exempt affiliated entities from such license or other tax measured by receipts or purchases from outside the affiliated group. This exclusion also shall not preclude a locality from levying a wholesale merchant's license tax on an affiliated entity on those sales by the affiliated entity to a nonaffiliated entity, notwithstanding the fact that the wholesale merchant's license tax would be based upon purchases from an affiliated entity. Such tax shall be based on the purchase price of the goods sold to the nonaffiliated entity. As used in this subdivision, the term "sales by the affiliated entity to a nonaffiliated entity" means sales by the affiliated entity to a nonaffiliated entity where goods sold by the affiliated entity or its agent are manufactured or stored in the Commonwealth prior to their delivery to the nonaffiliated entity;

For the purpose of this subdivision, "nonprofit organization" means an organization that is described in Internal Revenue Code § 501(c)(3) or 501(c)(19), and to which contributions are deductible by the contributor under Internal Revenue Code § 170, except that educational institutions exempt from federal income tax under Internal Revenue Code § 501(c)(3) shall be limited to schools, colleges, and other similar institutions of learning.

b. On or measured by gifts, contributions, and membership dues of a nonprofit organization. Activities conducted for consideration that are similar to activities conducted for consideration by for-profit businesses shall be presumed to be activities that are part of a business subject to licensure. For the purpose of this subdivision, "nonprofit organization" means an organization exempt from federal income tax under Internal Revenue Code § 501 other than the nonprofit organizations described in subdivision a;

19. On any venture capital fund or other investment fund, except commissions and fees of such funds. Gross receipts from the sale and rental of real estate and buildings remain taxable by the locality in which the real estate is located provided the locality is otherwise authorized to tax such businesses and rental of real estate;

D. Any county, city or town may establish by ordinance a business license incentive program for "qualifying businesses." For purposes of this subsection, a "qualifying business" is a business that locates for the first time in the locality adopting such ordinance. A business shall not be deemed to locate in such locality for the first time based on merger, acquisition, similar business combination, name change, or a change in business form. Any incentive established pursuant to this subsection may extend for a period not to exceed two years from the date the business locates in such locality. The business license incentive program may include (i) an exemption, in whole or in part, of license taxes for any qualifying business; (ii) a refund or rebate, in whole or in part, of license taxes paid by a qualifying business; or (iii) other relief from license taxes for a qualifying business not prohibited by state or federal law.

E. For taxable years beginning on or after January 1, 2012, any locality may exempt, by ordinance, license fees or license taxes on any business that does not have an after-tax profit for the taxable year and offers the income tax return of the business as proof to the local commissioner of the revenue. ## CHAPTER 112

*An Act to amend and reenact §§ 58.1-623, 58.1-1000, and 58.1-1017.3 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 58.1-623.2 and by adding in Article 1 of Chapter 10 of Title 58.1 a section numbered 58.1-1017.4, relating to the purchase of cigarettes for resale; penalties.*

[H 1913]

Approved February 21, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 58.1-623, 58.1-1000, and 58.1-1017.3 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 58.1-623.2 and by adding in Article 1 of Chapter 10 of Title 58.1 a section numbered 58.1-1017.4 as follows:**

**§ 58.1-623. Sales or leases presumed subject to tax; exemption certificates.**

A. All sales or leases are subject to the tax until the contrary is established. The burden of proving that a sale, distribution, lease, or storage of tangible personal property is not taxable is upon the dealer unless he takes from the taxpayer a certificate to the effect that the property is exempt under this chapter. *However, the sale or distribution of cigarettes shall be subject to the provisions of § 58.1-623.2 and require a cigarette exemption certificate issued pursuant to § 58.1-623.2.*

B. The certificate mentioned in this section shall relieve the person who takes such certificate from any liability for the payment or collection of the tax, except upon notice from the Tax Commissioner that such certificate is no longer acceptable. Such certificate shall be signed by and bear the name and address of the taxpayer; shall indicate the number of the certificate of registration, if any, issued to the taxpayer; shall indicate the general character of the tangible personal property sold, distributed, leased, or stored, or to be sold, distributed, leased, or stored under a blanket exemption certificate; and shall be substantially in such form as the Tax Commissioner may prescribe. If an exemption pertains to a nonprofit organization, other than a nonprofit church, that has qualified for a sales and use tax exemption under § 58.1-609.11, the exemption certificate shall be valid until the scheduled expiration date stated on the exemption certificate.

C. If a taxpayer who gives a certificate under this section makes any use of the property other than an exempt use or retention, demonstration, or display while holding the property for resale, distribution, or lease in the regular course of business, such use shall be deemed a taxable sale by the taxpayer as of the time the property or service is first used by him, and the cost of the property to him shall be deemed the sales price of such retail sale. If the sole use of the property other than retention, demonstration, or display in the regular course of business is the rental of the property while holding it for sale, distribution, or lease, the taxpayer may elect to pay the tax on the amount of the rental charged, rather than the cost of the property to him.

D. If a taxpayer gives a certificate under this section with respect to the purchase of fungible goods and thereafter commingles these goods with other fungible goods not so purchased, but of such similarity that the identity of the constituent goods in the commingled mass cannot be determined, sales or distributions from the mass of commingled goods shall be deemed to be sales or distributions of the goods so purchased until a quantity of commingled goods equal to the quantity of purchased goods so commingled has been sold or distributed.

E. If a taxpayer fails to give the dealer at the time of purchase an exemption certificate previously issued by the Department, no interest shall be paid on a subsequent refund claim for any period prior to the date the taxpayer makes a complete refund claim with the Department. This subsection shall not apply to transactions exempted under self-executing certificates of exemption not issued to a specific taxpayer by the Department.

**§ 58.1-623.2. Cigarette exemption certificate.**

A. *1. Notwithstanding any other provision of law, all sales of cigarettes, as defined in § 58.1-1031, bearing Virginia revenue stamps in the Commonwealth shall be subject to the tax until the contrary is established. The burden of proving that a sale is not taxable is upon the dealer unless he takes from the taxpayer a cigarette exemption certificate issued by the Department to the taxpayer to the effect that the cigarettes are exempt under this chapter for the purposes of resale in the Commonwealth.*

*2. The cigarette exemption certificate mentioned in this section shall relieve the person who takes such certificate from any liability for the payment or collection of the tax on the sale of cigarettes, except upon notice from the Tax Commissioner or the taxpayer that such certificate is no longer acceptable.*

*3. If a taxpayer who gives a cigarette exemption certificate under this section makes any use of the property other than an exempt use or retention, demonstration, or display while holding the property for resale or distribution in the regular course of business, such use shall be deemed a taxable sale by the taxpayer as of the time the property or service is first used by him, and the cost of the property to him shall be deemed the sales price of such retail sale.*

*B. 1. Prior to issuing a cigarette exemption certificate under this section, the Department shall conduct a background investigation on the taxpayer for the certificate. The Department shall not issue a cigarette exemption certificate until at least 30 days have passed from the receipt of the application, unless the taxpayer qualifies for the expedited process set forth in subdivision 3, or any other expedited process set forth in guidelines issued pursuant to subsection L. If the taxpayer does not qualify for the expedited process, the Department shall inspect each location listed in the application and verify that any location that resells cigarettes meets the requirements prescribed in subsection E.*

2. A taxpayer shall be required to pay an application fee, not to exceed \$50, to the Department for a cigarette exemption certificate.

3. A taxpayer shall be eligible for an expedited process to receive a cigarette exemption certificate if the taxpayer possesses, at the time of filing an application for a cigarette exemption certificate, (i) an active license, in good standing, issued by the Department of Alcoholic Beverage Control pursuant to Title 4.1, as verified by electronic or other means by the Department, or (ii) an active tobacco products tax distributor's license, in good standing, issued by the Department pursuant to § 58.1-1021.04:1. The Department may identify other categories of taxpayers who qualify for an expedited process through guidelines issued pursuant to subsection L. Taxpayers that qualify for an expedited process shall not be subject to the background check or the waiting period set forth in subdivision 1, nor shall such taxpayers be required to pay the application fee set forth in subdivision 2.

4. If a taxpayer has been denied a cigarette exemption certificate, or has been issued a cigarette exemption certificate that has subsequently been suspended or revoked, the Department shall not consider an application from the taxpayer for a new cigarette exemption certificate for six months from the date of the denial, suspension, or revocation.

C. The Department shall deny an application for a cigarette exemption certificate, or suspend or revoke a cigarette exemption certificate previously issued to a taxpayer, if the Department determines that:

1. The taxpayer is a person who is not 18 years of age or older;
2. The taxpayer is a person who is physically unable to carry on the business for which the application for a cigarette exemption certificate is filed, or has been adjudicated incapacitated;
3. The taxpayer has not resided in the Commonwealth for at least one year immediately preceding the application, unless in the opinion of the Department, good cause exists for the taxpayer to have not resided in the Commonwealth for the immediately preceding year;
4. The taxpayer has not established a physical place of business in the Commonwealth, as described in subsection E;
5. A court or administrative body having jurisdiction has found that the physical place of business occupied by the taxpayer, as described in subsection E, does not conform to the sanitation, health, construction, or equipment requirements of the governing body of the county, city, or town in which such physical place is located, or to similar requirements established pursuant to the laws of the Commonwealth;
6. The physical place of business occupied by the taxpayer, as described in subsection E, is not constructed, arranged, or illuminated so as to allow access to and reasonable observation of, any room or area in which cigarettes are to be sold;
7. The taxpayer is not an authorized representative of the business;
8. The taxpayer made a material misstatement or material omission in the application;
9. The taxpayer has defrauded, or attempted to defraud, the Department, or any federal, state, or local government or governmental agency or authority, by making or filing any report, document, or tax return required by statute or regulation that is fraudulent or contains a false representation of material fact, or the taxpayer has willfully deceived or attempted to deceive the Department, or any federal, state, or local government or governmental agency or authority, by making or maintaining business records required by statute or regulation that are false or fraudulent;
10. The Tax Commissioner has determined that the taxpayer has misused the certificate;
11. The taxpayer has knowingly and willfully allowed any individual, other than an authorized representative, to use the certificate;
12. The taxpayer has failed to comply with or has been convicted under any of the provisions of this chapter or Chapter 10 (§ 58.1-1000 et seq.) or any of the rules of the Department adopted or promulgated under the authority of this chapter or Chapter 10; however, no certificate shall be denied, suspended, or revoked on the basis of a failure to file a retail sales and use tax return or remit retail sales and use tax unless the taxpayer is more than 30 days delinquent in any filing or payment and has not entered into an installment agreement pursuant to § 58.1-1817; or
13. The taxpayer has been convicted under the laws of any state or of the United States of (i) any robbery, extortion, burglary, larceny, embezzlement, gambling, perjury, bribery, treason, racketeering, money laundering, other crime involving fraud under Chapter 6 (§ 18.2-168 et seq.) of Title 18.2, or crime that has the same elements of the offenses set forth in § 58.1-1017 or 58.1-1017.1, or (ii) a felony.

D. The provisions of § 58.1-623.1 shall apply to the suspension and revocation of exemption certificates issued pursuant to this section, *mutatis mutandis*.

E. A cigarette exemption certificate shall only be issued to a taxpayer who:

F. A taxpayer with more than one physical place of business shall be required to complete only one application for a cigarette exemption certificate but shall list on the application every physical place of business in the Commonwealth where cigarettes are purchased, stored, or resold by the taxpayer or his affiliate. Upon approval of the application, the Department shall issue a cigarette exemption certificate to the taxpayer. The taxpayer shall be authorized to resell cigarettes only at the locations listed on the application. No cigarette exemption certificate shall be transferrable. For purposes of this subsection, a taxpayer shall be considered to have more than one physical place of business if the taxpayer owns or leases two or more physical locations in the Commonwealth where cigarettes are purchased, stored, or resold.

G. A cigarette exemption certificate issued to a taxpayer shall bear the address of the physical place of business occupied or to be occupied by the taxpayer in conducting the business of purchasing cigarettes in the Commonwealth. In the event that a taxpayer intends to move the physical place of business listed on a certificate to a new location, he shall provide written notice to the Department at least 30 days in advance of the move. A successful inspection of the new physical place of business shall be required by the Department prior to the issuance of a new cigarette exemption certificate bearing the updated address. If the taxpayer intends to change any of the required information relating to the physical places of business contained in the application for the cigarette exemption certificate submitted pursuant to subsection F, the taxpayer shall file an amendment to the application at least 30 days in advance of such change. The certificate with the original address shall become invalid upon the issuance of the new certificate, or 30 days after notice of the move is provided to the Department, whichever occurs sooner. A taxpayer shall not be required to pay a fee to the Department for the issuance of a new cigarette exemption certificate pursuant to this subsection.

H. The privilege of a taxpayer issued a cigarette exemption certificate to purchase cigarettes shall extend to any authorized representative of such taxpayer. The taxpayer issued a cigarette exemption certificate may be held liable for any violation of this chapter, Chapter 10 (§ 58.1-1000 et seq.), Chapter 10.1 (§ 58.1-1031 et seq.), or any related Department guidelines by such authorized representative.

I. A taxpayer issued a cigarette exemption certificate shall comply with the recordkeeping requirements prescribed in § 58.1-1007 and shall make such records available for audit and inspection as provided therein. A taxpayer issued a cigarette exemption certificate who fails to comply with such requirements shall be subject to the penalties provided in § 58.1-1007.

At the end of the five-year period, the cigarette exemption certificate of a taxpayer who qualifies for the expedited application process set forth in subdivision B 3 shall be automatically renewed and no fee shall be required. If a taxpayer does not qualify for the expedited application process, then such taxpayer shall apply to the Department to renew the new cigarette exemption certificate as set forth in subdivision B 1 and shall pay an application fee not to exceed \$50 as set forth in subdivision B 2; however, the 30-day waiting period set forth in subdivision B 1 shall not apply.

K. No taxpayer issued a cigarette exemption certificate shall display the certificate, or a copy thereof, in the physical place of business where a substantial portion of the retail cigarette sales activity of the business is routinely conducted.

L. The Tax Commissioner shall develop guidelines implementing the provisions of this section, including but not limited to (i) defining categories of taxpayers who qualify for the expedited process, (ii) prescribing the form of the application for the cigarette exemption certificate, (iii) prescribing the form of the application for the expedited cigarette exemption certificate, (iv) establishing procedures for suspending and revoking the cigarette exemption certificate, and (v) establishing procedures for renewing the cigarette exemption certificate. ### CHAPTER 113

*An Act to amend and reenact § 58.1-3832 of the Code of Virginia, relating to local cigarette taxes; refund of returned tax stamps.*

[H 1950]

Approved February 21, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 58.1-3832 of the Code of Virginia is amended and reenacted as follows:**

**§ 58.1-3832. Local ordinances to administer and enforce local taxes on sale or use of cigarettes.**

Any county, city or town having a tax upon the sale or use of cigarettes may by ordinance, provide for the administration and enforcement of any such cigarette tax. Such local ordinance may:

1. Provide for the registration of any distributor, wholesaler, vendor, retailer or other person selling, storing or possessing cigarettes within or transporting cigarettes within or into such taxing jurisdiction for sale or use. Such registration may be conditioned upon the filing of a bond with a surety company authorized to do business in Virginia as surety, which bond shall not exceed one and one-half times the average monthly liability of such taxpayer. The county, city or town may revoke registration if such bond is impaired, but for no other reason. Any such distributor, wholesaler, retailer or other person whose business and residence is outside the taxing jurisdiction, who shall sell, store or possess in the taxing jurisdiction therein any cigarettes shall, by virtue of such sale, storage or possession submit himself to its legal jurisdiction and appoint as his attorney for any service of lawful process such officer or person as may be designated in the local ordinance for that purpose. A copy of any such process served on the said officer or person shall be sent forthwith by registered mail to the distributor, wholesaler or retailer.

2. Provide for the use of a tax stamp or meter impression as evidence of payment of the tax or other method or system of reporting payment and collection of such tax. Any local tax stamp or meter impression required to be used to evidence payment of the tax shall be of the same stamp technology that is used or required by the Commonwealth for the state cigarette tax stamp pursuant to Chapter 10 (§ 58.1-1000 et seq.). *The purchase price of any tax stamps purchased under this section shall be refunded, without penalties or additional fees, upon verification by the county, city, or town imposing the tax that the stamps have been returned to such county, city, or town.*

3. Provide that tobacco products found in quantities of more than six cartons within the taxing jurisdiction shall be conclusively presumed for sale or use within the jurisdiction and may be seized and confiscated if:

a. They are in transit, and are not accompanied by a bill of lading or other document indicating the true name and address of the consignor or seller and of the consignee or purchaser, and the brands and quantity of cigarettes so transported, or are in transit and accompanied by a bill of lading or other document which is false or fraudulent, in whole or in part; or

b. They are in transit and are accompanied by a bill of lading or other document indicating:

(1) A consignee or purchaser in another state or the District of Columbia who is not authorized by the law of such other jurisdiction to receive or possess such tobacco products on which the taxes imposed by such other jurisdiction have not been paid, unless the tax of the state or District of destination has been paid and the said products bear the tax stamps of that state or District; or

(2) A consignee or purchaser in the Commonwealth of Virginia but outside the taxing jurisdiction who does not possess a Virginia sales and use tax certificate, a Virginia retail cigarette license and, where applicable, both a business license and retail cigarette license issued by the local jurisdiction of destination; or

c. They are not in transit and the tax has not been paid, nor have approved arrangements for payment been made, provided that this subparagraph shall not apply to cigarettes in the possession of distributors or public warehouses which have filed notice and appropriate proof with the taxing jurisdiction that those cigarettes are temporarily within the taxing jurisdiction and will be sent to consignees or purchasers outside the jurisdiction in the normal course of business.

4. Provide that cigarettes and other property, other than motor vehicles, used in the furtherance of any illegal evasion of the tax so seized and confiscated may be disposed of by sale or other method deemed appropriate by the local taxing authority. No credit from any sale or other disposition shall be allowed toward any tax or penalties owed.

5. Provide that persons violating any provision thereof shall be deemed guilty of a Class 1 misdemeanor, and require the payment of penalties for late payment not to exceed 10 percent per month, penalties for fraud or evasion of the tax not to exceed 50 percent, and interest not to exceed three quarters of one percent per month, upon any tax found to be overdue and unpaid. The mere possession of untaxed cigarettes in quantities of not more than six cartons shall not be a violation of any such ordinance.

6. Provide for the forfeiture and sale of any property seized; provided, however, that proper notice of such seizure shall be given to the known holders of property interests in such property and shall include procedures for administrative appeal as well as affirmative defenses which may be asserted by such holders which procedures must be set forth in reasonable detail.

7. Provide that any coin-operated vending machine, in which any cigarettes are found, stored or possessed bearing a counterfeit or bogus cigarette tax stamp or impression or any unstamped tobacco products, or any cigarettes upon which the tax has not been paid, may be declared contraband property and shall be subject to confiscation and sale as provided in subsection 6. When any such vending machine is found containing such cigarettes it shall be presumed that such cigarettes were intended for distribution, sale or use therefrom. In lieu of immediate seizure and confiscation of any vending machines used in an illegal evasion of the tax it may be sealed by appropriate enforcement authorities to prevent continued illegal sale or removal of any cigarettes, and may be left unremoved until other civil and criminal penalties are imposed or waived. Notice requirements shall be the same as if the machine had been seized. Such seal may be removed and the machine declared eligible for operation only by authorized enforcement authorities. Nothing in this section shall prevent seizure and confiscation of a vending machine at any time after it is sealed.

8. Provide that any counterfeit stamps or counterfeit impression devices may also be seized and confiscated.

9. Any county, city or town may enact an ordinance which would delegate its administrative and enforcement authority under its cigarette tax ordinance to one agency or authority pursuant to the provisions of § 15.2-1300. Such agency or authority may promulgate rules and regulations governing the display of cigarette stamps in vending machines, tax liens against property of taxpayers hereunder, extend varying discount rates and establish different classes of taxpayers or those required to collect and remit the tax, requirements concerning keeping and production of records, administrative and jeopardy assessment of tax where reasonably justified, required notice to authorities of sale of taxpayer's business, audit requirements and authority, and criteria for authority of distributors and others to possess untaxed cigarettes and any other provisions consistent with the powers granted by this section or necessarily implied therefrom. Such ordinance may further provide that such agency or authority created may issue a common revenue stamp, employ legal counsel, bring appropriate court action, in its own name where necessary to enforce payment of the cigarette taxes or penalties owed any member jurisdiction and provide cigarette tax agents, and the necessary enforcement supplies and equipment needed to effectively enforce the cigarette tax ordinance promulgated by each such county, city or town. Any cigarette tax agents shall meet such requirements of training or experience as may be promulgated from time to time by the enforcement authority when performing their duties and shall be required to carry proper identification and may be armed for their own protection and for the enforcement of such ordinance. Any such agent shall have the power of arrest upon reasonable and probable cause that a violation of any tobacco tax ordinance has been committed. Any common revenue stamp issued by such agency or authority shall be of the same stamp technology that is used or required by the Commonwealth for the state cigarette tax stamp pursuant to Chapter 10 (§ 58.1-1000 et seq.).

**2. That § 54.1-2935 of the Code of Virginia is repealed.**

**CHAPTER 118**

*An Act to amend and reenact §§ 15.2-901, 15.2-906, 15.2-907, 15.2-908, 15.2-908.1, and 15.2-1115 of the Code of Virginia, relating to lien priority.*

[S 920]

Approved February 21, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 15.2-901, 15.2-906, 15.2-907, 15.2-908, 15.2-908.1, and 15.2-1115 of the Code of Virginia are amended and reenacted as follows:**

**§ 15.2-901. Locality may provide for removal or disposal of trash, cutting of grass and weeds; penalty in certain counties; penalty.**

A. Any locality may, by ordinance, provide that:

1. The owners of property therein shall, at such time or times as the governing body may prescribe, remove therefrom any and all trash, garbage, refuse, litter and other substances which might endanger the health or safety of other residents of

such locality; or may, whenever the governing body deems it necessary, after reasonable notice, have such trash, garbage, refuse, litter and other like substances which might endanger the health of other residents of the locality, removed by its own agents or employees, in which event the cost or expenses thereof shall be chargeable to and paid by the owners of such property and may be collected by the locality as taxes are collected;

2. Trash, garbage, refuse, litter and other debris shall be disposed of in personally owned or privately owned receptacles that are provided for such use and for the use of the persons disposing of such matter or in authorized facilities provided for such purpose and in no other manner not authorized by law;

3. The owners of occupied or vacant developed or undeveloped property therein, including such property upon which buildings or other improvements are located, shall cut the grass, weeds and other foreign growth on such property or any part thereof at such time or times as the governing body shall prescribe; or may, whenever the governing body deems it necessary, after reasonable notice as determined by the locality, have such grass, weeds or other foreign growth cut by its agents or employees, in which event the cost and expenses thereof shall be chargeable to and paid by the owner of such property and may be collected by the locality as taxes are collected. For purposes of this provision, one written notice per growing season to the owner of record of the subject property shall be considered reasonable notice. No such ordinance adopted by any county shall have any force and effect within the corporate limits of any town. No such ordinance adopted by any county having a density of population of less than 500 per square mile shall have any force or effect except within the boundaries of platted subdivisions or any other areas zoned for residential, business, commercial or industrial use. No such ordinance shall be applicable to land zoned for or in active farming operation.

B. Every charge authorized by this section with which the owner of any such property shall have been assessed and which remains unpaid shall constitute a lien against such property ranking on a parity with liens for unpaid local *real estate* taxes and enforceable in the same manner as provided in Articles 3 (§ 58.1-3940 et seq.) and 4 (§ 58.1-3965 et seq.) of Chapter 39 of Title 58.1. A locality may waive such liens in order to facilitate the sale of the property. Such liens may be waived only as to a purchaser who is unrelated by blood or marriage to the owner and who has no business association with the owner. All such liens shall remain a personal obligation of the owner of the property at the time the liens were imposed.

C. The governing body of any locality may by ordinance provide that violations of this section shall be subject to a civil penalty, not to exceed \$50 for the first violation, or violations arising from the same set of operative facts. The civil penalty for subsequent violations not arising from the same set of operative facts within 12 months of the first violation shall not exceed \$200. Each business day during which the same violation is found to have existed shall constitute a separate offense. In no event shall a series of specified violations arising from the same set of operative facts result in civil penalties that exceed a total of \$3,000 in a 12-month period.

D. Except as provided in this subsection, adoption of an ordinance pursuant to subsection C shall be in lieu of criminal penalties and shall preclude prosecution of such violation as a misdemeanor. The governing body of any locality may, however, by ordinance provide that such violations shall be a Class 3 misdemeanor in the event three civil penalties have previously been imposed on the same defendant for the same or similar violation, not arising from the same set of operative facts, within a 24-month period. Classifying such subsequent violations as criminal offenses shall preclude the imposition of civil penalties for the same violation.

**§ 15.2-906. Authority to require removal, repair, etc., of buildings and other structures.**

Any locality may, by ordinance, provide that:

1. The owners of property therein, shall at such time or times as the governing body may prescribe, remove, repair or secure any building, wall or any other structure that might endanger the public health or safety of other residents of such locality;

2. The locality through its own agents or employees may remove, repair or secure any building, wall or any other structure that might endanger the public health or safety of other residents of such locality, if the owner and lienholder of such property, after reasonable notice and a reasonable time to do so, has failed to remove, repair, or secure the building, wall or other structure. For purposes of this section, repair may include maintenance work to the exterior of a building to prevent deterioration of the building or adjacent buildings. For purposes of this section, reasonable notice includes a written notice (i) mailed by certified or registered mail, return receipt requested, sent to the last known address of the property owner and (ii) published once a week for two successive weeks in a newspaper having general circulation in the locality. No action shall be taken by the locality to remove, repair, or secure any building, wall, or other structure for at least 30 days following the later of the return of the receipt or newspaper publication, except that the locality may take action to prevent unauthorized access to the building within seven days of such notice if the structure is deemed to pose a significant threat to public safety and such fact is stated in the notice;

3. In the event the locality, through its own agents or employees, removes, repairs, or secures any building, wall, or any other structure after complying with the notice provisions of this section, the cost or expenses thereof shall be chargeable to and paid by the owners of such property and may be collected by the locality as taxes are collected;

4. Every charge authorized by this section or § 15.2-900 with which the owner of any such property has been assessed and that remains unpaid shall constitute a lien against such property ranking on a parity with liens for unpaid local *real estate* taxes and enforceable in the same manner as provided in Articles 3 (§ 58.1-3940 et seq.) and 4 (§ 58.1-3965 et seq.) of Chapter 39 of Title 58.1. A locality may waive such liens in order to facilitate the sale of the property. Such liens may be waived only as to a purchaser who is unrelated by blood or marriage to the owner and who has no business association with the owner. All such liens shall remain a personal obligation of the owner of the property at the time the liens were imposed;

5. Notwithstanding the foregoing, with the written consent of the property owner, a locality may, through its agents or employees, demolish or remove a derelict nonresidential building or structure provided that such building or structure is neither located within or determined to be a contributing property within a state or local historic district nor individually designated in the Virginia Landmarks Register. The property owner's written consent shall identify whether the property is subject to a first lien evidenced by a recorded deed of trust or mortgage and, if so, shall document the property owner's best reasonable efforts to obtain the consent of the first lienholder or the first lienholder's authorized agent. The costs of such demolition or removal shall constitute a lien against such property. In the event the consent of the first lienholder or the first lienholder's authorized agent is obtained, such lien shall rank on a parity with liens for unpaid local taxes and be enforceable in the same manner as provided in subdivision 4. In the event the consent of the first lienholder or the first lienholder's authorized agent is not obtained, such lien shall be subordinate to that first lien but shall otherwise be subject to subdivision 4; and

6. A locality may prescribe civil penalties, not to exceed a total of \$1,000, for violations of any ordinance adopted pursuant to this section.

**§ 15.2-907. Authority to require removal, repair, etc., of buildings and other structures harboring illegal drug use.**

A. As used in this section:

"Affidavit" means the affidavit prepared by a locality in accordance with subdivision B 1 a hereof.

"Controlled substance" means illegally obtained controlled substances or marijuana, as defined in § 54.1-3401.

"Corrective action" means the taking of steps which are reasonably expected to be effective to abate drug blight on real property, such as removal, repair or securing of any building, wall or other structure.

"Drug blight" means a condition existing on real property which tends to endanger the public health or safety of residents of a locality and is caused by the regular presence on the property of persons under the influence of controlled substances or the regular use of the property for the purpose of illegally possessing, manufacturing or distributing controlled substances.

"Owner" means the record owner of real property.

"Property" means real property.

B. Any locality may, by ordinance, provide that:

1. The locality may undertake corrective action with respect to property in accordance with the procedures described herein:

a. The locality shall execute an affidavit, citing this section, to the effect that (i) drug blight exists on the property and in the manner described therein; (ii) the locality has used diligence without effect to abate the drug blight; and (iii) the drug blight constitutes a present threat to the public's health, safety or welfare.

b. The locality shall then send a notice to the owner of the property, to be sent by regular mail to the last address listed for the owner on the locality's assessment records for the property, together with a copy of such affidavit, advising that (i) the owner has up to 30 days from the date thereof to undertake corrective action to abate the drug blight described in such affidavit and (ii) the locality will, if requested to do so, assist the owner in determining and coordinating the appropriate corrective action to abate the drug blight described in such affidavit.

c. If no corrective action is undertaken during such 30-day period, the locality shall send by regular mail an additional notice to the owner of the property, at the address stated in the preceding subdivision, stating the date on which the locality may commence corrective action to abate the drug blight on the property, which date shall be no earlier than 15 days after the date of mailing of the notice. Such additional notice shall also reasonably describe the corrective action contemplated to be taken by the locality. Upon receipt of such notice, the owner shall have a right, upon reasonable notice to the locality, to seek equitable relief, and the locality shall initiate no corrective action while a proper petition for relief is pending before a court of competent jurisdiction.

2. If the locality undertakes corrective action with respect to the property after complying with the provisions of subdivision B 1, the costs and expenses thereof shall be chargeable to and paid by the owner of such property and may be collected by the locality as taxes are collected.

3. Every charge authorized by this section with which the owner of any such property has been assessed and which remains unpaid shall constitute a lien against such property with the same priority as liens for unpaid local *real estate* taxes and enforceable in the same manner as provided in Articles 3 (§ 58.1-3940 et seq.) and 4 (§ 58.1-3965 et seq.) of Chapter 39 of Title 58.1.

C. If the owner of such property takes timely corrective action pursuant to such ordinance, the locality shall deem the drug blight abated, shall close the proceeding without any charge or cost to the owner and shall promptly provide written notice to the owner that the proceeding has been terminated satisfactorily. The closing of a proceeding shall not bar the locality from initiating a subsequent proceeding if the drug blight recurs.

D. Nothing in this section shall be construed to abridge or waive any rights or remedies of an owner of property at law or in equity.

**§ 15.2-908. Authority of localities to remove or repair the defacement of buildings, walls, fences and other structures.**

A. Any locality may by ordinance undertake or contract for the removal or repair of the defacement of any public building, wall, fence or other structure or any private building, wall, fence or other structure where such defacement is visible from any public right-of-way. The ordinance may provide that whenever the property owner, after reasonable notice,

fails to remove or repair the defacement, the locality may have such defacement removed or repaired by its agents or employees. Such agents or employees shall have any and all immunity normally provided to an employee of the locality. For purposes of this section, the term "defacement" means the unauthorized application by any means of any writing, painting, drawing, etching, scratching, or marking of an inscription, word, mark, figure, or design of any type.

If the defacement occurs on a public or private building, wall, fence, or other structure located on an unoccupied property, and the locality, through its own agents or employees, removes or repairs the defacement after complying with the notice provisions of this section, the actual cost or expenses thereof shall be chargeable to and paid by the owners of such property and may be collected by the locality as taxes are collected. No lien shall be chargeable to the owners of such property unless the locality shall have given a minimum of 15 days notice to the property owner prior to the removal of the defacement.

Every charge authorized by this section with which the owner of any such property shall have been assessed and that remains unpaid shall constitute a lien against such property, ranking on a parity with liens for unpaid local *real estate* taxes and enforceable in the same manner as provided in Articles 3 (§ 58.1-3940 et seq.) and 4 (§ 58.1-3965 et seq.) of Chapter 39 of Title 58.1. A locality may waive and release such liens in order to facilitate the sale of the property. Such liens may be waived only as to a purchaser who is unrelated by blood or marriage to the owner and who has no business association with the owner. All such liens shall remain a personal obligation of the owner of the property at the time the liens were imposed.

B. The court may order any person convicted of unlawfully defacing property described in subsection A to pay full or partial restitution to the locality for costs incurred by the locality in removing or repairing the defacement if the locality has adopted an ordinance pursuant to this section.

C. An order of restitution pursuant to this section shall be docketed as provided in § 8.01-446 when so ordered by the court or upon written request of the locality and may be enforced by the locality in the same manner as a judgment in a civil action.

**§ 15.2-908.1. Authority to require removal, repair, etc., of buildings and other structures harboring a bawdy place.**

A. As used in this section:

"Affidavit" means the affidavit prepared by a locality in accordance with subdivision B 1 a hereof.

"Bawdy place" means the same as that term is defined in § 18.2-347.

"Corrective action" means the taking of steps which are reasonably expected to be effective to abate a bawdy place on real property, such as removal, repair or securing of any building, wall or other structure.

"Owner" means the record owner of real property.

"Property" means real property.

B. The governing body of any locality may, by ordinance, provide that:

1. The locality may undertake corrective action with respect to property in accordance with the procedures described herein:

a. The locality shall execute an affidavit, citing this section, to the effect that (i) a bawdy place exists on the property and in the manner described therein; (ii) the locality has used diligence without effect to abate the bawdy place; and (iii) the bawdy place constitutes a present threat to the public's health, safety or welfare.

b. The locality shall then send a notice to the owner of the property, to be sent by regular mail to the last address listed for the owner on the locality's assessment records for the property, together with a copy of such affidavit, advising that (i) the owner has up to thirty days from the date thereof to undertake corrective action to abate the bawdy place described in such affidavit and (ii) the locality will, if requested to do so, assist the owner in determining and coordinating the appropriate corrective action to abate the bawdy place described in such affidavit.

c. If no corrective action is undertaken during such thirty-day period, the locality shall send by regular mail an additional notice to the owner of the property, at the address stated in the preceding subdivision, stating the date on which the locality may commence corrective action to abate the bawdy place on the property, which date shall be no earlier than fifteen days after the date of mailing of the notice. Such additional notice shall also reasonably describe the corrective action contemplated to be taken by the locality. Upon receipt of such notice, the owner shall have a right, upon reasonable notice to the locality, to seek equitable relief, and the locality shall initiate no corrective action while a proper petition for relief is pending before a court of competent jurisdiction.

2. If the locality undertakes corrective action with respect to the property after complying with the provisions of subdivision B 1, the costs and expenses thereof shall be chargeable to and paid by the owner of such property and may be collected by the locality as taxes and levies are collected.

3. Every charge authorized by this section with which the owner of any such property has been assessed and which remains unpaid shall constitute a lien against such property with the same priority as liens for unpaid local *real estate* taxes and enforceable in the same manner as provided in Articles 3 (§ 58.1-3940 et seq.) and 4 (§ 58.1-3965 et seq.) of Chapter 39 of Title 58.1.

C. If the owner of such property takes timely corrective action pursuant to such ordinance, the locality shall deem the bawdy place abated, shall close the proceeding without any charge or cost to the owner and shall promptly provide written notice to the owner that the proceeding has been terminated satisfactorily. The closing of a proceeding shall not bar the locality from initiating a subsequent proceeding if the bawdy place recurs.

D. Nothing in this section shall be construed to abridge or waive any rights or remedies of an owner of property at law or in equity.

**§ 15.2-1115. Abatement or removal of nuisances.**

A. A municipal corporation may compel the abatement or removal of all nuisances, including but not limited to the removal of weeds from private and public property and snow from sidewalks; the covering or removal of offensive, unwholesome, unsanitary or unhealthy substances allowed to accumulate in or on any place or premises; the filling in to the street level, fencing or protection by other means, of the portion of any lot adjacent to a street where the difference in level between the lot and the street constitutes a danger to life and limb; the raising or draining of grounds subject to be covered by stagnant water; and the razing or repair of all unsafe, dangerous or unsanitary public or private buildings, walls or structures which constitute a menace to the health and safety of the occupants thereof or the public. If after such reasonable notice as the municipal corporation may prescribe the owner or owners, occupant or occupants of the property or premises affected by the provisions of this section shall fail to abate or obviate the condition or nuisance, the municipal corporation may do so and charge and collect the cost thereof from the owner or owners, occupant or occupants of the property affected in any manner provided by law for the collection of state or local taxes.

B. Every charge authorized by this section in excess of \$200 which has been assessed against the owner of any such property and which remains unpaid shall constitute a lien against such property. Such liens shall have the same priority as *liens* for other unpaid local *real estate* taxes and shall be enforceable in the same manner as provided in Articles 3 (§ 58.1-3940 et seq.) and 4 (§ 58.1-3965 et seq.) of Chapter 39 of Title 58.1. A locality may waive such liens in order to facilitate the sale of the property. Such liens may be waived only as to a purchaser who is unrelated by blood or marriage to the owner and who has no business association with the owner. All such liens shall remain a personal obligation of the owner of the property at the time the liens were imposed.

## CHAPTER 119

*An Act to amend and reenact § 46.2-752 of the Code of Virginia, relating to collection of local motor vehicle taxes and license fees.*

[S 1211]

Approved February 21, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 46.2-752 of the Code of Virginia is amended and reenacted as follows:**

**§ 46.2-752. Taxes and license fees imposed by counties, cities, and towns; limitations on amounts; disposition of revenues; requiring evidence of payment of personal property taxes and certain fines; prohibiting display of licenses after expiration; failure to display valid local license required by other localities; penalty.**

A. Except as provided in § 46.2-755, counties, cities, and towns may levy and assess taxes and charge license fees on motor vehicles, trailers, and semitrailers. However, none of these taxes and license fees shall be assessed or charged by any county on vehicles owned by residents of any town located in the county when such town constitutes a separate school district if the vehicles are already subject to town license fees and taxes, nor shall a town charge a license fee to any new resident of the town, previously a resident of a county within which all or part of the town is situated, who has previously paid a license fee for the same tax year to such county. The amount of the license fee or tax imposed by any county, city, or town on any motor vehicle, trailer, or semitrailer shall not be greater than the annual or one-year fee imposed by the Commonwealth on the motor vehicle, trailer, or semitrailer. The license fees and taxes shall be imposed in such manner, on such basis, for such periods, and subject to proration for fractional periods of years, as the proper local authorities may determine.

Owners or lessees of motor vehicles, trailers, and semitrailers who have served outside of the United States in the armed services of the United States shall have a 90-day grace period, beginning on the date they are no longer serving outside the United States, in which to comply with the requirements of this section. For purposes of this section, "the armed services of the United States" includes active duty service with the regular Armed Forces of the United States or the National Guard or other reserve component.

Local licenses may be issued free of charge for any or all of the following:

2. Vehicles owned by volunteer emergency medical services agencies,
3. Vehicles owned by volunteer fire departments,
4. Vehicles owned or leased by active members or active auxiliary members of volunteer emergency medical services agencies,

In the case of active members of volunteer emergency medical services agencies and active members of volunteer fire departments, applications for such licenses shall be accompanied by written evidence, in a form acceptable to the locality, of their active affiliation or membership, and no member of an emergency medical services agency or member of a volunteer fire department shall be issued more than one such license free of charge,

12. All vehicles having a situs for the imposition of licensing fees under this section in the locality,

13. Vehicles owned or leased by deputy sheriffs; however, no deputy sheriff shall be issued more than one such license free of charge,

14. Vehicles owned or leased by police officers; however, no police officer shall be issued more than one such license free of charge,

15. Vehicles owned or leased by officers of the State Police; however, no officer of the State Police shall be issued more than one such license free of charge,

20. Vehicles owned or leased by members of the Virginia Defense Force; however, no member of the Virginia Defense Force shall be issued more than one such license free of charge.

The governing body of any county, city, or town issuing licenses under this section may by ordinance provide for a 50 percent reduction in the fee charged for the issuance of any such license issued for any vehicle owned or leased by any person who is 65 years old or older. No such discount, however, shall be available for more than one vehicle owned or leased by the same person.

The governing body of any county, city, or town issuing licenses free of charge under this subsection may by ordinance provide for (i) the limitation, restriction, or denial of such free issuance to an otherwise qualified applicant, including without limitation the denial of free issuance to a taxpayer who has failed to timely pay personal property taxes due with respect to the vehicle and (ii) the grounds for such limitation, restriction, or denial.

The situs for the imposition of licensing fees under this section shall in all cases, except as hereinafter provided, be the county, city, or town in which the motor vehicle, trailer, or semitrailer is normally garaged, stored, or parked. If it cannot be determined where the personal property is normally garaged, stored, or parked, the situs shall be the domicile of its owner. In the event the owner of the motor vehicle is a full-time student attending an institution of higher education, the situs shall be the domicile of such student, provided the student has presented sufficient evidence that he has paid a personal property tax on the motor vehicle in his domicile.

B. The revenue derived from all county, city, or town taxes and license fees imposed on motor vehicles, trailers, or semitrailers shall be applied to general county, city, or town purposes.

C. A county, city, or town may require that no motor vehicle, trailer, or semitrailer shall be locally licensed until the applicant has produced satisfactory evidence that all personal property taxes on the motor vehicle, trailer, or semitrailer to be licensed have been paid and satisfactory evidence that any delinquent motor vehicle, trailer, or semitrailer personal property taxes owing have been paid which have been properly assessed or are assessable against the applicant by the county, city, or town. A county, city, or town may also provide that no motor vehicle license shall be issued unless the tangible personal property taxes properly assessed or assessable by that locality on any tangible personal property used or usable as a dwelling titled by the Department of Motor Vehicles and owned by the taxpayer have been paid. Any county and any town within any such county may by agreement require that all personal property taxes assessed by either the county or the town on any vehicle be paid before licensure of such vehicle by either the county or the town.

C1. The Counties of Dinwiddie, Lee, and Wise may, by ordinance or resolution adopted after public notice and hearing and, with the consent of the treasurer, require that no license may be issued under this section unless the applicant has produced satisfactory evidence that all fees, including delinquent fees, payable to such county or local solid waste authority, for the disposal of solid waste pursuant to the Virginia Water and Waste Authorities Act (§ 15.2-5100 et seq.), or pursuant to § 15.2-2159, have been paid in full. For purposes of this subsection, all fees, including delinquent fees, payable to a county for waste disposal services described herein, shall be paid to the treasurer of such county; however, in Wise County, the fee shall be paid to the county or its agent.

D. The Counties of Arlington, Fairfax, Loudoun, and Prince William and towns within them and any city may require that no motor vehicle, trailer, or semitrailer shall be licensed by that jurisdiction unless all fines owed to the jurisdiction by the owner of the vehicle, trailer, or semitrailer for violation of the jurisdiction's ordinances governing parking of vehicles

have been paid. The provisions of this subsection shall not apply to vehicles owned by firms or companies in the business of renting motor vehicles.

E. If in any county imposing license fees and taxes under this section, a town therein imposes like fees and taxes on vehicles of owners resident in the town, the owner of any vehicle subject to the fees or taxes shall be entitled, on the owner's displaying evidence that he has paid the fees or taxes, to receive a credit on the fees or taxes imposed by the county to the extent of the fees or taxes he has paid to the town. Nothing in this section shall deprive any town now imposing these licenses and taxes from increasing them or deprive any town not now imposing them from hereafter doing so, but subject to the limitations provided in subsection D. The governing body of any county and the governing body of any town in that county wherein each imposes the license tax herein provided may provide mutual agreements so that not more than one license plate or decal in addition to the state plate shall be required.

F. Notwithstanding the provisions of subsection E, in a consolidated county wherein a tier-city exists, the tier-city may, in accordance with the provisions of the agreement or plan of consolidation, impose license fees and taxes under this section in addition to those fees and taxes imposed by the county, provided that the combined county and tier-city rates do not exceed the maximum provided in subsection A. No credit shall be allowed on the fees or taxes imposed by the county for fees or taxes paid to the tier-city, except as may be provided by the consolidation agreement or plan. The governing body of any county and the governing body of any tier-city in such county wherein each imposes the license tax herein may provide by mutual agreement that no more than one license plate or decal in addition to the state license plate shall be required.

G. Any county, city, or town may by ordinance provide that it shall be unlawful for any owner or operator of a motor vehicle, trailer, or semitrailer (i) to fail to obtain and, if any required by such ordinance, to display the local license required by any ordinance of the county, city or town in which the vehicle is registered, or (ii) to display upon a motor vehicle, trailer, or semitrailer any such local license, required by ordinance to be displayed, after its expiration date. The ordinance may provide that a violation shall constitute a misdemeanor the penalty for which shall not exceed that of a Class 4 misdemeanor and may, in the case of a motor vehicle registered to a resident of the locality where such vehicle is registered, authorize the issuance by local law-enforcement officers of citations, summonses, parking tickets, or uniform traffic summonses for violations. Any such ordinance may also provide that a violation of the ordinance by the registered owner of the vehicle may not be discharged by payment of a fine except upon presentation of satisfactory evidence that the required license has been obtained. Nothing in this section shall be construed to require a county, city, or town to issue a decal or any other tangible evidence of a local license to be displayed on the licensed vehicle if the county's, city's, or town's ordinance does not require display of a decal or other evidence of payment. No ordinance adopted pursuant to this section shall require the display of any local license, decal, or sticker on any vehicle owned by a public service company, as defined in § 56-76, having a fleet of at least 2,500 vehicles garaged in the Commonwealth.

H. Except as provided by subsections E and F, no vehicle shall be subject to taxation under the provisions of this section in more than one jurisdiction. Furthermore, no person who has purchased a local vehicle license, decal, or sticker for a vehicle in one county, city, or town and then moves to and garages his vehicle in another county, city, or town shall be required to purchase another local license, decal, or sticker from the county, city, or town to which he has moved and wherein his vehicle is now garaged until the expiration date of the local license, decal, or sticker issued by the county, city, or town from which he moved.

I. Purchasers of new or used motor vehicles shall be allowed at least a 10-day grace period, beginning with the date of purchase, during which to pay license fees charged by local governments under authority of this section.

J. The treasurer or director of finance of any county, city, or town may enter into an agreement with the Commissioner whereby the Commissioner will refuse to issue or renew any vehicle registration of any applicant therefor who owes to such county, city or town any local vehicle license fees or delinquent tangible personal property tax or parking citations. Before being issued any vehicle registration or renewal of such license or registration by the Commissioner, the applicant shall first satisfy all such local vehicle license fees and delinquent taxes or parking citations and present evidence satisfactory to the Commissioner that all such local vehicle license fees and delinquent taxes or parking citations have been paid in full. The Commissioner shall charge a reasonable fee to cover the costs of such enforcement action, and the treasurer or director of finance may add the cost of this fee to the delinquent tax bill or the amount of the parking citation. The treasurer or director of finance of any county, city, or town seeking to collect delinquent taxes or parking citations through the withholding of registration or renewal thereof by the Commissioner as provided for in this subsection shall notify the Commissioner in the manner provided for in his agreement with the Commissioner and supply to the Commissioner information necessary to identify the debtor whose registration or renewal is to be denied. Any agreement entered into pursuant to the provisions of this subsection shall provide the debtor notice of the intent to deny renewal of registration at least 30 days prior to the expiration date of a current vehicle registration. For the purposes of this subsection, notice by first-class mail to the registrant's address as maintained in the records of the Department of Motor Vehicles shall be deemed sufficient. In the case of parking violations, the Commissioner shall only refuse to issue or renew the vehicle registration of any applicant therefor pursuant to this subsection for the vehicle that incurred the parking violations. The provisions of this subsection shall not apply to vehicles owned by firms or companies in the business of renting motor vehicles.

K. The governing bodies of any two or more counties, cities, or towns may enter into compacts for the regional enforcement of local motor vehicle license requirements. The governing body of each participating jurisdiction may by ordinance require the owner or operator of any motor vehicle, trailer, or semitrailer to display on his vehicle a valid local license issued by another county, city, or town that is a party to the regional compact, provided that the owner or operator is

required by the jurisdiction of situs, as provided in § 58.1-3511, to obtain and display such license. The ordinance may also provide that no motor vehicle, trailer, or semitrailer shall be locally licensed until the applicant has produced satisfactory evidence that (i) all personal property taxes on the motor vehicle, trailer, or semitrailer to be licensed have been paid to all participating jurisdictions and (ii) any delinquent motor vehicle, trailer, or semitrailer personal property taxes that have been properly assessed or are assessable by any participating jurisdiction against the applicant have been paid. Any city and any county having the urban county executive form of government, the counties adjacent to such county and towns within them may require that no motor vehicle, trailer, or semitrailer shall be licensed by that jurisdiction or any other jurisdiction in the compact unless all fines owed to any participating jurisdiction by the owner of the vehicle for violation of any participating jurisdiction's ordinances governing parking of vehicles have been paid. The ordinance may further provide that a violation shall constitute a misdemeanor the penalty for which shall not exceed that of a Class 4 misdemeanor. Any such ordinance may also provide that a violation of the ordinance by the owner of the vehicle may not be discharged by payment of a fine and applicable court costs except upon presentation of satisfactory evidence that the required license has been obtained. The provisions of this subsection shall not apply to vehicles owned by firms or companies in the business of renting motor vehicles.

L. In addition to the taxes and license fees permitted in subsection A, counties, cities, and towns may charge a license fee of no more than \$1 per motor vehicle, trailer, and semitrailer. Except for the provisions of subsection B, such fee shall be subject to all other provisions of this section. All funds collected pursuant to this subsection shall be paid pursuant to § 51.1-1204 to the Volunteer Firefighters' and Rescue Squad Workers' Service Award Fund to the accounts of all members of the Fund who are volunteers for fire departments or emergency medical services agencies within the jurisdiction of the particular county, city, or town.

M. In any county, the county treasurer or comparable officer and the treasurer of any town located wholly or partially within such county may enter into a reciprocal agreement, with the approval of the respective local governing bodies, that provides for the town treasurer to collect ~~current, non-delinquent~~ license fees or taxes on any motor vehicle, trailer, or semitrailer owed to the county *that are non-delinquent, delinquent, or both* or for the county treasurer to collect ~~current, license fees or taxes on any motor vehicle, trailer, or semitrailer owed to the town that are non-delinquent license fees or taxes owed to the town, delinquent, or both~~. A treasurer or comparable officer collecting any such license fee or tax pursuant to an agreement entered into under this subsection shall account for and pay over such amounts to the locality owed such license fee or tax in the same manner as provided by law. As used in this subsection, with regard to towns, "treasurer" means the town officer or employee vested with authority by the charter, statute, or governing body to collect local taxes.

## CHAPTER 120

*An Act to amend and reenact § 46.2-204 of the Code of Virginia, relating to examination of drivers believed incompetent.*

[H 1494]

Approved February 21, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 46.2-204 of the Code of Virginia is amended and reenacted as follows:**

**§ 46.2-204. Medical Advisory Board.**

For the purpose of enabling the Department of Motor Vehicles to comply with its responsibilities under this title, there is hereby created a Medical Advisory Board for the Department. The Board shall consist of seven licensed physicians currently practicing medicine in Virginia appointed by the Governor. Appointments to the Board shall be for four-year terms and vacancies shall be filled by appointment for the unexpired portion of a term. The Governor shall designate the chairman of the Board.

The Commissioner may refer to the Board for an advisory opinion the case of any person applying for a driver's license or renewal thereof, or of any person whose license has been suspended or revoked, or of any person being examined under the provisions of § 46.2-322, when he has cause to believe that such person suffers from a physical or mental disability or disease which will prevent his exercising reasonable and ordinary control over a motor vehicle while driving it on the highways. *The Medical Advisory Board shall provide guidance and recommendations to the Department regarding any case of a person examined under the provisions of § 46.2-322 who appeals the outcome of the examination pursuant to § 46.2-321 if the basis for such appeal is related to the medical evidence in the case. However, appeals related to the examinee's (i) failure to follow procedures, (ii) failure to pass knowledge or behind-the-wheel tests, or (iii) evaluation by a driver rehabilitation specialist are not required to be referred to the Board. The Board shall submit to the Department its recommendations for consideration prior to the scheduled appeal proceedings.* In addition, the Board shall assist the Commissioner through the development of medical and health standards for use in the issuance of driver's licenses by the Department to avoid the issuance of licenses to persons suffering from any physical or mental disability or disease that will prevent their exercising reasonable and ordinary control over a motor vehicle while driving it on the highways.

The Board shall meet at the pleasure of the Commissioner. Each member shall serve without compensation but shall be reimbursed for his necessary expenses from funds appropriated to the Department of Motor Vehicles.

## CHAPTER 121

*An Act to amend and reenact § 46.2-311 of the Code of Virginia, relating to issuance of a driver's license or learner's permit; minimum standards for vision tests.*

[H 1504]

Approved February 21, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 46.2-311 of the Code of Virginia is amended and reenacted as follows:**

**§ 46.2-311. Persons having defective vision; minimum standards of visual acuity and field of vision; tests of vision.**

A. The Department shall not issue a driver's license or learner's permit (i) to any person unless he demonstrates a visual acuity of at least 20/40 in one or both eyes with or without corrective lenses or (ii) to any such person unless he demonstrates at least a field of ~~100~~ 110 degrees of horizontal vision in one or both eyes or a comparable measurement that demonstrates a visual field within this range. However, a license permitting the driving of motor vehicles during a period beginning one-half hour after sunrise and ending one-half hour before sunset, may be issued to a person who demonstrates a visual acuity of at least 20/70 in one or both eyes without or with corrective lenses provided he demonstrates at least a field of 70 degrees of horizontal vision or a comparable measurement that demonstrates a visual field within this range, and further provided that if such person has vision in one eye only, he demonstrates at least a field of 40 degrees temporal and 30 degrees nasal horizontal vision or a comparable measurement that demonstrates a visual field within this range.

B. The Department shall not issue a driver's license or learner's permit to any person authorizing the driving of a commercial motor vehicle as defined in the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.) unless he demonstrates a visual acuity of at least 20/40 in each eye and at least a field of 140 degrees of horizontal vision or a comparable measurement that demonstrates a visual field within this range.

C. Every person applying to renew a driver's license and required to be reexamined as a prerequisite to the renewal of the license, shall:

1. Appear before a license examiner of the Department to demonstrate his visual acuity and horizontal field of vision, or
2. Accompany his application with a report of such examination made within 90 days prior thereto by an ophthalmologist or optometrist.

D. The test of horizontal visual fields made by license examiners of the Department shall be performed at thirty-three and one-third centimeters with a 10 millimeter round white test object or may, at the discretion of the Commissioner, be performed with electronic or other devices designed for the purpose of testing visual acuity and horizontal field of vision. The report of examination of visual acuity and horizontal field of vision made by an ophthalmologist or optometrist shall have precedence over an examination made by a license examiner of the Department in administrative determination as to the issuance of a license to drive. Any such report may, in the discretion of the Commissioner, be referred to a medical advisory board or to the State Health Commissioner for evaluation.

E. Notwithstanding the provisions of subsection B of this section, any person who is licensed to drive any motor vehicle may, on special application to the Department, be licensed to drive any vehicle, provided the operation of the vehicle would not unduly endanger the public safety, as determined by the Commissioner.

The Commissioner may waive the vision requirements of subsection B for any commercial driver's license applicant who either (i) is subject to the Federal Motor Carrier Safety Regulations but is exempt from the vision standards of 49 C.F.R. Part 391 or (ii) is not required to meet the vision standards specified in 49 C.F.R. § 391.41 of the regulations.

In order to determine whether such a waiver would unduly endanger the public safety, the Commissioner shall require such commercial driver's license applicant to submit a special waiver application and to provide all medical information relating to his vision that may be requested by the Department. The Department may require such commercial driver's license applicant to take a road test administered by the Department before determining whether to grant a waiver. If a waiver is granted, the Department may subject the applicant's use of a commercial motor vehicle to reasonable restrictions, which shall be noted on the commercial driver's license. If a waiver is granted, the Department may also limit the validity period of the commercial driver's license, and the expiration date shall be noted on the commercial driver's license.

Persons 70 years of age or older may exchange a valid Virginia driver's license for a special identification card at no fee. Special identification cards subsequently issued to such persons shall be subject to the regular fees for special identification cards.

B. The fee for the issuance of an original, *duplicate, reissue,* or renewal special identification card is ~~\$5~~ \$2 per year, with a \$10 minimum fee. ~~The fee for the issuance of a duplicate or reissue of a special identification card is \$5.~~ Persons 21 years old or older may be issued a scenic special identification card for an additional fee of \$5.

The special identification card shall be considered a reissue and the expiration date shall be the last day of the month of the surrendered driver's license's month of expiration.

H. Any personal information, as identified in § 2.2-3801, which is retained by the Department from an application for the issuance of a special identification card is confidential and shall not be divulged to any person, association, corporation, or organization, public or private, except to the legal guardian or the attorney of the applicant or to a person, association, corporation, or organization nominated in writing by the applicant, his legal guardian, or his attorney. I. Any person who uses a false or fictitious name or gives a false or fictitious address in any application for an identification card or knowingly makes a false statement or conceals a material fact or otherwise commits a fraud in any such application shall be guilty of a Class 2 misdemeanor. However, where the name or address is given, or false statement is made, or fact is concealed, or fraud committed, with the intent to purchase a firearm or where the identification card is obtained for the purpose of committing any offense punishable as a felony, a violation of this section shall constitute a Class 4 felony.

M. When requested by the applicant, the applicant's parent if the applicant is a minor, or the applicant's guardian, and upon presentation of a signed statement by a licensed physician confirming the applicant's condition, the Department shall indicate on the applicant's special identification card that the applicant has any condition listed in subsection K of § 46.2-342.

**§ 63.2-1709.2. Enforcement and sanctions; special orders; civil penalties.**

A. Notwithstanding any other provision of law, following a proceeding as provided in § 2.2-4019, the Commissioner may issue a special order (i) for violation of any of the provisions of this subtitle, § 54.1-3408, or any regulation adopted

under any provision of this subtitle which violation adversely affects, or is an imminent and substantial threat to, the health, safety, or welfare of the person cared for therein, or (ii) for permitting, aiding, or abetting the commission of any illegal act in an assisted living facility, adult day care center, or child welfare agency. Notice of the Commissioner's intent to take any of the actions enumerated in subdivisions B 1 through B 7 shall be provided by the Department and a copy of such notice shall be posted in a prominent place at each public entrance of the licensed premises to advise consumers of serious or persistent violations. The issuance of a special order shall be considered a case decision as defined in § 2.2-4001. The Commissioner shall not delegate his authority to impose civil penalties in conjunction with the issuance of special orders.

B. The Commissioner may take the following actions regarding assisted living facilities, adult day care centers, and child welfare agencies through the issuance of a special order and may require a copy of the special order provided by the Department to be posted in a prominent place at each public entrance of the licensed premises to advise consumers of serious or persistent violations:

1. Place a licensee on probation upon finding that the licensee is substantially out of compliance with the terms of its license and that the health and safety of residents, participants, or children are at risk;
2. Reduce licensed capacity or prohibit new admissions when the Commissioner concludes that the licensee cannot make necessary corrections to achieve compliance with regulations except by a temporary restriction of its scope of service;
3. Mandate training for the licensee or licensee's employees, with any costs to be borne by the licensee, when the Commissioner concludes that the lack of such training has led directly to violations of regulations;
4. Assess civil penalties for each day the assisted living facility is or was out of compliance with the terms of its license and the health, safety, and welfare of residents are at risk, which shall be paid into the state treasury and credited to the Assisted Living Facility Education, Training, and Technical Assistance Fund created pursuant to § 63.2-1803.1. The aggregate amount of such civil penalties shall not exceed \$10,000 for assisted living facilities in any ~~24-month~~ 12-month period. Criteria for imposition of civil penalties and amounts, expressed in ranges, shall be developed by the Board, and shall be based upon the severity, pervasiveness, duration, and degree of risk to the health, safety, or welfare of residents. Such civil penalties shall be applied by the Commissioner in a consistent manner. Such criteria shall also provide that (i) the Commissioner may accept a plan of correction, including a schedule of compliance, from an assisted living facility prior to setting a civil penalty, and (ii) the Commissioner may reduce or abate the penalty amount if the facility complies with the plan of correction within its terms.

A single act, omission, or incident shall not give rise to imposition of multiple civil penalties even though such act, omission, or incident may violate more than one statute or regulation. A civil penalty that is not appealed becomes due on the first day after the appeal period expires. The license of an assisted living facility that has failed to pay a civil penalty due under this section shall not be renewed until the civil penalty has been paid in full, with interest, provided that the Commissioner may renew a license when an unpaid civil penalty is the subject of a pending appeal;

5. Assess civil penalties of not more than \$500 per inspection upon finding that the adult day care center or child welfare agency is substantially out of compliance with the terms of its license and the health and safety of residents, participants, or children are at risk;
6. Require licensees to contact parents, guardians, or other responsible persons in writing regarding health and safety violations; and
7. Prevent licensees who are substantially out of compliance with the licensure terms or in violation of the regulations from receiving public funds.

C. The Board shall adopt regulations to implement the provisions of this section.

### CHAPTER 139

*An Act to amend and reenact § 64.2-531 of the Code of Virginia, relating to nonexoneration of debts on property of decedent; notice to creditor and beneficiaries.*

[S 1176]

Approved February 21, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 64.2-531 of the Code of Virginia is amended and reenacted as follows:**

**§ 64.2-531. Nonexoneration; payment of lien if granted by agent.**

A. Unless a contrary intent is clearly set out in the will or in a transfer on death deed, (i) real or personal property that is the subject of a specific devise or bequest in the will or (ii) real property subject to a transfer on death deed passes, subject to any mortgage, pledge, security interest, or other lien existing at the date of death of the testator, without the right of exoneration. A general directive in the will to pay debts shall not be evidence of a contrary intent that the mortgage, pledge, security interest, or other lien be exonerated prior to passing to the legatee.

B. *The personal representative may give written notice to the creditor holding any debt to which subsection A applies that there is no right of exoneration for such debt pursuant to this section. Such notice shall include a copy of this section. Any such notice shall be sent by certified mail (i) to the address the creditor last provided to the debtor as the address to which notices to the creditor are to be sent; (ii) if the personal representative cannot reasonably determine the address to which notices to the creditor are to be sent, to the address the creditor last provided to the debtor as the address at which*

payments to the creditor are to be made; or (iii) if the personal representative cannot reasonably determine either the address to which notices to the creditor are to be sent or at which payments to the creditor are to be made, to (a) the address of the creditor's registered agent on file with the Virginia State Corporation Commission or (b) if there is no such registered agent on file, to the creditor's last known address. The creditor holding such debt may file a claim for such debt with the commissioner of accounts pursuant to § 64.2-552 on or before the later of one year after the qualification of the personal representative of the decedent's estate or six months after the personal representative gives such written notice to the creditor. Once the personal representative has given notice to the creditor as provided in this section, unless the creditor files a timely claim against the estate as set forth in this subsection, the liability of a personal representative or his surety for such debt shall not exceed the assets of the decedent remaining in the possession of the personal representative and available for application to the debt pursuant to § 64.2-528 at the time the creditor presents a demand for payment of such debt to the personal representative. Nothing in this section shall affect either the liability of the estate for such debt to the extent of the decedent's assets remaining at the time a claim is filed or the liability of the beneficiaries that receive the decedent's assets to the extent of such receipt.

In the event that any such claim is timely filed with the commissioner of accounts, the personal representative shall give the specific beneficiary receiving such real or personal property written notice, within 90 days after such claim is filed, to obtain from the creditor the release of the estate from such claim. The notice to a beneficiary may be made to the personal representative of a deceased beneficiary whose estate is a beneficiary, an attorney-in-fact for a beneficiary, a guardian or conservator of an incapacitated beneficiary, a committee of a convict or insane beneficiary, or the duly qualified guardian of a minor or, if none exists, a custodial parent of a minor. If the estate has not been released from such claim after the later of 180 days from such notice or one year from qualification, the personal representative may (a) sell the real or personal property that is the subject of a specific devise or bequest and that is also subject to the claim, (b) apply the proceeds of sale to the satisfaction of the claim, and (c) distribute any excess proceeds from such sale of the specific beneficiary of such property. If the proceeds of such sale are insufficient to satisfy the debt in full, the deficiency shall remain a debt of the estate to be satisfied from the other assets of the estate in accordance with applicable law. If such real property is subject to a transfer on death deed and is also subject to the claim, the personal representative may proceed as provided in § 64.2-634 to enforce the liability for such claim against such property.

C. Subsection A shall not apply to any mortgage, pledge, security interest, or other lien existing at the date of death of the testator against any specifically devised or bequeathed real or personal property, or any real property subject to a transfer on death deed, that was granted by an agent acting within the authority of a durable power of attorney for the testator while the testator was incapacitated. For the purposes of this section, (i) no adjudication of the testator's incapacity is necessary, (ii) the acts of an agent within the authority of a durable power of attorney are rebuttably presumed to be for an incapacitated testator, and (iii) an incapacitated testator is one who is impaired by reason of mental illness, intellectual disability, physical illness or disability, chronic use of drugs, chronic intoxication, or other cause creating a lack of sufficient understanding or capacity to make or communicate responsible decisions. This subsection shall not apply (a) if the mortgage, pledge, security interest, or other lien granted by the agent on the specific property is thereafter ratified by the testator while he is not incapacitated; or (b) if the durable power of attorney was limited to one or more specific purposes and was not general in nature.

~~C.~~ D. Subsection A shall not apply to any mortgage, pledge, security interest, or other lien existing at the date of the death of the testator against any specific devise or bequest of any real or personal property, or any real property subject to a transfer on death deed, that was granted by a conservator, guardian, or committee of the testator. This subsection shall not apply if, after the mortgage, pledge, security interest, or other lien granted by the conservator, guardian, or committee, there is an adjudication that the testator's disability has ceased and the testator survives that adjudication by at least one year.

E. Nothing in this section shall affect the priority of a secured debt with respect to the collateral securing such debt.

10. Personal *contact* information, ~~as defined in § 2.2-3801, including electronic mail addresses~~, furnished to a public body for the purpose of receiving electronic mail from the public body, provided that the electronic mail recipient has requested that the public body not disclose such information. However, access shall not be denied to the person who is the subject of the record. *As used in this subdivision, "personal contact information" means the information provided to the public body for the purpose of receiving electronic mail from the public body and includes home or business (i) address, (ii) email address, or (iii) telephone number or comparable number assigned to any other electronic communication device.*

11. Communications and materials required to be kept confidential pursuant to § 2.2-4119 of the Virginia Administrative Dispute Resolution Act (§ 2.2-4115 et seq.).

12. Information relating to the negotiation and award of a specific contract where competition or bargaining is involved and where the release of such information would adversely affect the bargaining position or negotiating strategy of the public body. [H 2279]

Approved February 21, 2017

**Be it enacted by the General Assembly of Virginia:****1. That § 63.2-1503 of the Code of Virginia is amended and reenacted as follows:****§ 63.2-1503. Local departments to establish child-protective services; duties.**

A. Each local department shall establish child-protective services under a departmental coordinator within such department or with one or more adjacent local departments that shall be staffed with qualified personnel pursuant to regulations adopted by the Board. The local department shall be the public agency responsible for receiving and responding to complaints and reports, except that (i) in cases where the reports or complaints are to be made to the court and the judge determines that no local department within a reasonable geographic distance can impartially respond to the report, the court shall assign the report to the court services unit for evaluation; and (ii) in cases where an employee at a private or state-operated hospital, institution or other facility, or an employee of a school board is suspected of abusing or neglecting a child in such hospital, institution or other facility, or public school, the local department shall request the Department and the relevant private or state-operated hospital, institution or other facility, or school board to assist in conducting a joint investigation in accordance with regulations adopted by the Board, in consultation with the Departments of Education, Health, Medical Assistance Services, Behavioral Health and Developmental Services, Juvenile Justice and Corrections.

D. The local department shall develop, when practicable, memoranda of understanding for responding to reports of child abuse and neglect with local law enforcement and the attorney for the Commonwealth.

In each case in which the local department notifies the local law-enforcement agency of a complaint pursuant to this subsection, the local department shall, within two business days of delivery of the notification, complete a written report, on a form provided by the Board for such purpose, which shall include (a) the name of the representative of the local department providing notice required by this subsection; (b) the name of the local law-enforcement officer who received such notice; (c) the date and time that notification was made; (d) the identity of the victim; (e) the identity of the person alleged to have abused or neglected the child, if known; (f) the clause or clauses in this subsection that describe the reasons for the notification; and (g) the signatures, which may be electronic signatures, of the representatives of the local department making the notification and the local law-enforcement officer receiving the notification. The local department shall use reasonable diligence to locate (i) any child for whom a report of suspected abuse or neglect has been received and is under investigation, receiving family assessment, or for whom a founded determination of abuse and neglect has been made and a child-protective services case opened and (ii) persons who are the subject of a report that is under investigation or receiving family assessment, if the whereabouts of the child or such persons are unknown to the local department.

G. The receiving local department shall arrange protective and rehabilitative services as required by this section.

H. When a child for whom a report of suspected abuse or neglect has been received and is under investigation or receiving family assessment and the child and the child's parents or other persons responsible for the child's care who are the subject of the report that is under investigation or family assessment have relocated out of the jurisdiction of the local department, the local department shall notify the child-protective services agency in the jurisdiction to which the child and such persons have relocated, whether inside or outside of the Commonwealth, and complete such investigation or family assessment by requesting such agency's assistance in completing the investigation or family assessment. The local department that completes the investigation or family assessment shall forward to the receiving agency relevant portions of the case record in order for the receiving agency to arrange protective and rehabilitative services as required by this section.

I. Upon receipt of a report of child abuse or neglect, the local department shall determine the validity of such report and shall make a determination to conduct an investigation pursuant to § 63.2-1505 or, if designated as a child-protective services differential response agency by the Department according to § 63.2-1504, a family assessment pursuant to § 63.2-1506.

J. The local department shall foster, when practicable, the creation, maintenance and coordination of hospital and community-based multidisciplinary teams that shall include where possible, but not be limited to, members of the medical, mental health, social work, nursing, education, legal and law-enforcement professions. Such teams shall assist the local departments in identifying abused and neglected children; coordinating medical, social, and legal services for the children and their families; developing innovative programs for detection and prevention of child abuse; promoting community concern and action in the area of child abuse and neglect; and disseminating information to the general public with respect to the problem of child abuse and neglect and the facilities and prevention and treatment methods available to combat child abuse and neglect. These teams may be the family assessment and planning teams established pursuant to § 2.2-5207. Multidisciplinary teams may develop agreements regarding the exchange of information among the parties for the purposes of the investigation and disposition of complaints of child abuse and neglect, delivery of services and child protection. Any information exchanged in accordance with the agreement shall not be considered to be a violation of the provisions of § 63.2-102, 63.2-104, or 63.2-105.

The local department shall also coordinate its efforts in the provision of these services for abused and neglected children with the judge and staff of the court.

K. The local department may develop multidisciplinary teams to provide consultation to the local department during the investigation of selected cases involving child abuse or neglect, and to make recommendations regarding the prosecution of such cases. These teams may include, but are not limited to, members of the medical, mental health, legal and law-enforcement professions, including the attorney for the Commonwealth or his designee; a local child-protective services representative; and the guardian ad litem or other court-appointed advocate for the child. Any information exchanged for the purpose of such consultation shall not be considered a violation of § 63.2-102, 63.2-104, or 63.2-105.

L. The local department shall report annually on its activities concerning abused and neglected children to the court and to the Child-Protective Services Unit in the Department on forms provided by the Department.

M. Statements, or any evidence derived therefrom, made to local department child-protective services personnel, or to any person performing the duties of such personnel, by any person accused of the abuse, injury, neglect or death of a child after the arrest of such person, shall not be used in evidence in the case-in-chief against such person in the criminal proceeding on the question of guilt or innocence over the objection of the accused, unless the statement was made after such person was fully advised (i) of his right to remain silent, (ii) that anything he says may be used against him in a court of law, (iii) that he has a right to the presence of an attorney during any interviews, and (iv) that if he cannot afford an attorney, one will be appointed for him prior to any questioning.

N. Notwithstanding any other provision of law, the local department, in accordance with Board regulations, shall transmit information regarding founded complaints or family assessments and may transmit other information regarding reports, complaints, family assessments, and investigations involving children of active duty military personnel members of the United States Armed Forces or members of their household to family advocacy representatives of the United States Armed Forces.

O. The local department shall notify the custodial parent and make reasonable efforts to notify the noncustodial parent as those terms are defined in § 63.2-1900 of a report of suspected abuse or neglect of a child who is the subject of an investigation or is receiving family assessment, in those cases in which such custodial or noncustodial parent is not the subject of the investigation.

P. The local department shall notify the Superintendent of Public Instruction when an individual holding a license issued by the Board of Education is the subject of a founded complaint of child abuse or neglect and shall transmit identifying information regarding such individual if the local department knows the person holds a license issued by the Board of Education and after all rights to any appeal provided by § 63.2-1526 have been exhausted. Any information exchanged for the purpose of this subsection shall not be considered a violation of § 63.2-102, 63.2-104, or 63.2-105.

An employer may take as much as 25 percent of an employee's disposable earnings to satisfy this garnishment. But if an employee makes the minimum wage or less for his week's earnings, the employee will ordinarily get to keep ~~30~~ 40 times the minimum hourly wage."

But an employer may withhold a different amount of money from that above if:

- (1) The employee must pay child support or spousal support and was ordered to do so by a court procedure or other legal procedure. No more than 65 percent of an employee's earnings may be withheld for support;
- (2) Money is withheld by order of a bankruptcy court; or
- (3) Money is withheld for a tax debt.

"Disposable earnings" means the money an employee makes after taxes and after other amounts required by law to be withheld are satisfied. Earnings can be salary, hourly wages, commissions, bonuses, or otherwise, whether paid directly to the employee or not. After those earnings are in the bank for 30 days, they are not considered earnings any more.

If an employee tries to transfer, assign, or in any way give his earnings to another person to avoid the garnishment, it will not be legal; earnings are still earnings.

An employee cannot be fired because he is garnished for one debt.

Financial institutions that receive an employee's paycheck by direct deposit do not have to determine what part of a person's earnings can be garnished.

**2. That the Executive Secretary of the Supreme Court of Virginia shall update the form of garnishment summons in accordance with this act and subdivision (a) (2) of § 34-29 of the Code of Virginia.**

- 1. That § 46.2-1702 of the Code of Virginia is amended and reenacted as follows:  
§ 46.2-1702. Certification of driver education courses by Commissioner.**

Notwithstanding any other provision of law, the Commissioner shall have the authority to approve as a driver education course satisfying the requirements of § 46.2-334 any course which is offered by any driver training school licensed under the provisions of this chapter if he finds that the course is of comparable content and quality to that offered in the Commonwealth's public schools. In making such finding, the Commissioner shall not require that the instructors of any driver training school meet the certification requirements of teachers in the Commonwealth's public schools.

Any community college within the Virginia Community College System shall have the authority to offer the courses required by the Virginia Board of Education to become a certified driver education instructor in Virginia on a not-for-credit basis so long as the courses include the same content and curriculum required by the Department of Education, enabling individuals who complete those courses to then teach driver's education in Virginia driver education training schools upon official certification by the Department of Motor Vehicles. The Virginia Department of Education shall provide the curriculum, content, and other information regarding the courses required to become certified driver education instructors in Virginia to any community college within the Virginia Community College System. The content of each course must be accurate and rigorous and must meet the requirements for the Department of Education's Curriculum and Administrative Guide for Driver's Education, which includes the Board of Education's standards of learning.

Except for schools in the Commonwealth's public school system and providers of correspondence courses approved by the Board of Education pursuant to subsection F of § 22.1-205, only those driver training schools that are licensed as computer-based driver education providers shall be authorized to administer computer-based driver education courses. The content and quality of such computer-based driver education courses shall be comparable to that of courses offered in the Commonwealth's public schools. The Commissioner may establish minimum standards for testing students who have enrolled in computer-based driver education courses. Such standards may include (i) requirements for the test site; (ii) verification that the person taking the test is the person enrolled in the course; (iii) verification of the identity of the student using photo identification approved by the Commissioner; and (iv) maintenance of a log containing the name and title of the licensed instructor monitoring the test, the test date, the name of the student taking the test, and the student's time-in and time-out of the test site. Computer-based driver education providers shall not issue a certificate of completion to a student in Planning District 8 prior to receiving proof of completion of the additional minimum 90-minute parent/student driver education component pursuant to § 22.1-205.

*Any driver training school licensed under the provisions of this chapter shall be authorized to provide the 90-minute parent/student driver education component in Planning District 8. Completion of such education component shall satisfy the requirement for the additional 90-minute parent/student driver education component pursuant to § 22.1-205, so long as there is participation of the student's parent or guardian and the content provided is comparable to that which is offered in the Commonwealth's public schools and emphasizes (i) parental responsibilities regarding juvenile driver behavior, (ii) juvenile driving restrictions pursuant to this Code, and (iii) the dangers of driving while intoxicated and underage consumption of alcohol.*

The Commissioner shall have authority to approve any driver education course offered by any Class A licensee if he finds the course meets the requirements for such courses as set forth in this chapter and as otherwise established by the Department. Class A licensees shall not be permitted to administer knowledge or behind-the-wheel examinations. Driver education courses offered by any Class B licensee shall be based on the driver education curriculum currently approved by the Department of Education and the Department.

The Commissioner may accept 20 years' service with the Virginia Department of State Police by a person who retired or resigned while in good standing from such Department in lieu of requirements established by the Department of Education for instructor qualification.

[H 1433]

Such regulations or guidelines shall contain a requirement that a neighborhood organization shall have been in existence for at least one year. Department of Social Services or the Department of Education, then (a) the Commissioner of Social Services or the Superintendent of Public Instruction, as applicable, shall reallocate the remaining balance of tax credits to such previously approved proposals to the extent that a neighborhood organization can use or allocate additional tax credits for the previously approved proposal and (b) the \$0.825 and \$0.5 million annual limitations for tax credits approved to a grouping of neighborhood organization affiliates shall be inapplicable to the extent of any balance of tax credits reallocated under clause (a). The balance of tax credits remaining for reallocation shall include the amount of any tax credits that have been granted for a proposal approved during the initial allocation but for which the Commissioner of Social Services or the Superintendent of Public Instruction has been provided notice by the neighborhood organization that it will not be able to use or allocate such amount for the approved proposal.

The Superintendent of Public Instruction and the Commissioner of Social Services shall work cooperatively for purposes of ensuring that neighborhood organization proposals are submitted to the proper state agency. The Superintendent of Public Instruction and the Commissioner of Social Services may request the assistance of the Department of Taxation for purposes of determining whether or not anticipated donations for which tax credits are requested by a neighborhood organization likely qualify as a charitable donation under federal tax laws and regulations.

E. Actions of (i) the State Department of Social Services, or the Commissioner of the same, or (ii) the Superintendent of Public Instruction or the Department of Education relating to the review of neighborhood organization proposals and the allocation of tax credits to proposals shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq.). Decisions of (a) the State Department of Social Services, or the Commissioner of the same, or (b) the Superintendent of Public Instruction or the Department of Education shall be final and not subject to review or appeal.

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 4.1-208, 4.1-209, and 4.1-210 of the Code of Virginia are amended and reenacted as follows:**

**§ 4.1-208. Beer licenses.**

A. The Board may grant the following licenses relating to beer:

Such license shall also authorize the licensee to sell at retail the brands of beer that the brewery owns at premises described in the brewery license for on-premises consumption and in closed containers for off-premises consumption.

Such license may also authorize individuals holding a brewery license to (a) operate a facility designed for and utilized exclusively for the education of persons in the manufacture of beer, including sampling by such individuals of beer products, within a theme or amusement park located upon the premises occupied by such brewery, or upon property of such person contiguous to such premises, or in a development contiguous to such premises owned and operated by such person or a wholly owned subsidiary or (b) offer samples of the brewery's products to individuals visiting the licensed premises, provided that such samples shall be provided only to individuals for consumption on the premises of such facility or licensed premises and only to individuals to whom such products may be lawfully sold.

However, the Board may, with notice to the local governing body in accordance with the provisions of § 4.1-230, also approve other portions of the farm to be included as part of the licensed premises. For purposes

A. Subject to the provisions of § 4.1-124, the Board may grant the following licenses relating to mixed beverages:

1. Mixed beverage restaurant licenses, which shall authorize the licensee to sell and serve mixed beverages for consumption in dining areas and other designated areas of such restaurant. Such license may be granted only to persons (i) who operate a restaurant and (ii) whose gross receipts from the sale of food cooked or prepared, and consumed on the premises and nonalcoholic beverages served on the premises, after issuance of such license, amount to at least 45 percent of the gross receipts from the sale of mixed beverages and food. For the purposes of this subdivision, other designated areas shall include outdoor dining areas, whether or not contiguous to the licensed premises, which outdoor dining areas may have more than one means of ingress and egress to an adjacent public thoroughfare, provided such areas are under the control of the licensee and approved by the Board. Such noncontiguous designated areas shall not be approved for any retail license issued pursuant to subdivision A 5 of § 4.1-201.

If the restaurant is located on the premises of a hotel or motel with not less than four permanent bedrooms where food and beverage service is customarily provided by the restaurant in designated areas, bedrooms and other private rooms of such hotel or motel, such licensee may (i) sell and serve mixed beverages for consumption in such designated areas, bedrooms and other private rooms and (ii) sell spirits packaged in original closed containers purchased from the Board for on-premises consumption to registered guests and at scheduled functions of such hotel or motel only in such bedrooms or private rooms. Where such club prepares no food in its restaurant but purchases its food requirements from a restaurant licensed by the Board and located on another portion of the premises of the same hotel or motel building, this fact shall not prohibit the granting of a license by the Board to such club qualifying in all other respects. The club's gross receipts from the sale of nonalcoholic beverages consumed on the premises and food resold to its members and guests and consumed on the premises shall amount to at least 45 percent of its gross receipts from the sale of mixed beverages and food. Such manufacturer shall be limited to eight banquet licenses for such events per year without regard to the number of wineries owned or operated by such manufacturer or by any parent, subsidiary, or company under common control with such manufacturer. Where the event occurs on no more than three consecutive days, a manufacturer need only obtain one such license for the event.*

3. Notwithstanding any other provision of this title, a manufacturer of distilled spirits, whether licensed in the Commonwealth or not, may obtain a banquet license for a special event as provided in subdivision A 4 of § 4.1-210 upon application to the Board, provided that such event is (1) at a place approved by the Board and (2) conducted for the purposes of featuring and educating the consuming public about the manufacturer's spirits products. Such manufacturer shall be limited to no more than four banquet licenses for such special events per year. Where the event occurs on no more than three consecutive days, a manufacturer need only obtain one such license for the event. C. The General Assembly finds that it is necessary and proper to require a separation between manufacturing interests, wholesale interests and retail interests in the production and distribution of alcoholic beverages in order to prevent suppliers from dominating local markets through vertical integration and to prevent excessive sales of alcoholic beverages caused by overly aggressive marketing techniques. The exceptions established by this section to the general prohibition against tied interests shall be limited to their express terms so as not to undermine the general prohibition and shall therefore be construed accordingly.

## CHAPTER 163

*An Act to amend and reenact § 62.1-44.15:28, as it is currently effective and as it shall become effective, of the Code of Virginia, relating to stormwater management programs; regulations.*

[S 1127]

Approved February 23, 2017

**Be it enacted by the General Assembly of Virginia:****1. That § 62.1-44.15:28, as it is currently effective and as it shall become effective, of the Code of Virginia is amended and reenacted as follows:****§ 62.1-44.15:28. (For expiration date, see Acts 2016, cc. 68 & 758) Development of regulations.**

A. The Board is authorized to adopt regulations that specify minimum technical criteria and administrative procedures for Virginia Stormwater Management Programs. The regulations shall:

1. Establish standards and procedures for administering a VSMP;
2. Establish minimum design criteria for measures to control nonpoint source pollution and localized flooding, and incorporate the stormwater management regulations adopted pursuant to the Erosion and Sediment Control Law (§ 62.1-44.15:51 et seq.), as they relate to the prevention of stream channel erosion. These criteria shall be periodically modified as required in order to reflect current engineering methods;
3. Require the provision of long-term responsibility for and maintenance of stormwater management control devices and other techniques specified to manage the quality and quantity of runoff;
4. Require as a minimum the inclusion in VSMPs of certain administrative procedures that include, but are not limited to, specifying the time period within which a VSMP authority shall grant land-disturbing activity approval, the conditions and processes under which approval shall be granted, the procedures for communicating disapproval, the conditions under which an approval may be changed, and requirements for inspection of approved projects;
5. Establish by regulations a statewide permit fee schedule to cover all costs associated with the implementation of a VSMP related to land-disturbing activities of one acre or greater. Such fee attributes include the costs associated with plan review, VSMP registration statement review, permit issuance, state-coverage verification, inspections, reporting, and compliance activities associated with the land-disturbing activities as well as program oversight costs. The fee schedule shall also include a provision for a reduced fee for land-disturbing activities between 2,500 square feet and up to one acre in Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) localities. The fee schedule shall be governed by the following:

a. The revenue generated from the statewide stormwater permit fee shall be collected utilizing, where practicable, an online payment system, and the Department's portion shall be remitted to the State Treasurer for deposit in the Virginia Stormwater Management Fund established pursuant to § 62.1-44.15:29. However, whenever the Board has approved a VSMP, no more than 30 percent of the total revenue generated by the statewide stormwater permit fees collected shall be remitted to the State Treasurer for deposit in the Virginia Stormwater Management Fund, with the balance going to the VSMP authority.

b. Fees collected pursuant to this section shall be in addition to any general fund appropriation made to the Department or other supporting revenue from a VSMP; however, the fees shall be set at a level sufficient for the Department and the VSMP to fully carry out their responsibilities under this article and its attendant regulations and local ordinances or standards and specifications where applicable. When establishing a VSMP, the VSMP authority shall assess the statewide fee schedule and shall have the authority to reduce or increase such fees, and to consolidate such fees with other program-related charges, but in no case shall such fee changes affect the amount established in the regulations as available to the Department for program oversight responsibilities pursuant to subdivision 5 a. A VSMP's portion of the fees shall be used solely to carry out the VSMP's responsibilities under this article and its attendant regulations, ordinances, or annual standards and specifications.

c. Until July 1, 2014, the fee for coverage under the General Permit for Discharges of Stormwater from Construction Activities issued by the Board, or where the Board has issued an individual permit or coverage under the General Permit for Discharges of Stormwater from Construction Activities for an entity for which it has approved annual standards and specifications, shall be \$750 for each large construction activity with sites or common plans of development equal to or greater than five acres and \$450 for each small construction activity with sites or common plans of development equal to or greater than one acre and less than five acres. On and after July 1, 2014, such fees shall only apply where coverage has been issued under the Board's General Permit for Discharges of Stormwater from Construction Activities to a state agency or federal entity for which it has approved annual standards and specifications. After establishment, such fees may be modified in the future through regulatory actions.

d. Until July 1, 2014, the Department is authorized to assess a \$125 reinspection fee for each visit to a project site that was necessary to check on the status of project site items noted to be in noncompliance and documented as such on a prior project inspection.

e. In establishing the fee schedule under this subdivision, the Department shall ensure that the VSMP authority portion of the statewide permit fee for coverage under the General Permit for Discharges of Stormwater from Construction Activities for small construction activity involving a single family detached residential structure with a site or area, within or outside a common plan of development or sale, that is equal to or greater than one acre but less than five acres shall be no greater than the VSMP authority portion of the fee for coverage of sites or areas with a land-disturbance acreage of less than one acre within a common plan of development or sale.

f. When any fees are collected pursuant to this section by credit cards, business transaction costs associated with processing such payments may be additionally assessed;

6. Establish statewide standards for stormwater management from land-disturbing activities of one acre or greater, except as specified otherwise within this article, and allow for the consolidation in the permit of a comprehensive approach to addressing stormwater management and erosion and sediment control, consistent with the provisions of the Erosion and Sediment Control Law (§ 62.1-44.15:51 et seq.) and this article. However, such standards shall also apply to land-disturbing activity exceeding an area of 2,500 square feet in all areas of the jurisdictions designated as subject to the Chesapeake Bay Preservation Area Designation and Management Regulations;

7. Establish a procedure by which a stormwater management plan that is approved for a residential, commercial, or industrial subdivision shall govern the development of the individual parcels, including those parcels developed under subsequent owners;

8. Notwithstanding the provisions of subdivision A 5, establish a procedure by which neither a registration statement nor payment of the Department's portion of the statewide permit fee established pursuant to that subdivision shall be required for coverage under the General Permit for Discharges of Stormwater from Construction Activities for construction activity involving a single-family detached residential structure, within or outside a common plan of development or sale;

9. Provide for reciprocity with programs in other states for the certification of proprietary best management practices;

10. Require that VSMPs maintain after-development runoff rate of flow and characteristics that replicate, as nearly as practicable, the existing predevelopment runoff characteristics and site hydrology, or improve upon the contributing share of the existing predevelopment runoff characteristics and site hydrology if stream channel erosion or localized flooding is an existing predevelopment condition. Except where more stringent requirements are necessary to address total maximum daily load requirements or to protect exceptional state waters, any land-disturbing activity that provides for stormwater management shall satisfy the conditions of this subsection if the practices are designed to (i) detain the water quality volume and to release it over 48 hours; (ii) detain and release over a 24-hour period the expected rainfall resulting from the one year, 24-hour storm; and (iii) reduce the allowable peak flow rate resulting from the 1.5-year, two-year, and 10-year, 24-hour storms to a level that is less than or equal to the peak flow rate from the site assuming it was in a good forested condition, achieved through multiplication of the forested peak flow rate by a reduction factor that is equal to the runoff volume from the site when it was in a good forested condition divided by the runoff volume from the site in its proposed condition, and shall be exempt from any flow rate capacity and velocity requirements for natural or man-made channels as defined in any regulations promulgated pursuant to this section or any ordinances adopted pursuant to § 62.1-44.15:27 or 62.1-44.15:33;

11. Encourage low-impact development designs, regional and watershed approaches, and nonstructural means for controlling stormwater;

12. Promote the reclamation and reuse of stormwater for uses other than potable water in order to protect state waters and the public health and to minimize the direct discharge of pollutants into state waters;

13. Establish procedures to be followed when a locality that operates a VSMP wishes to transfer administration of the VSMP to the Department;

14. Establish a statewide permit fee schedule for stormwater management related to municipal separate storm sewer system permits; ~~and~~

15. Provide for the evaluation and potential inclusion of emerging or innovative stormwater control technologies that may prove effective in reducing nonpoint source pollution; *and*

16. *Require that all final plan elements, specifications, or calculations whose preparation requires a license under Chapter 4 (§ 54.1-400 et seq.) or 22 (§ 54.1-2200 et seq.) of Title 54.1 be appropriately signed and sealed by a professional who is licensed to engage in practice in the Commonwealth. Nothing in this subdivision shall authorize any person to engage in practice outside his area of professional competence.*

B. The Board may integrate and consolidate components of the regulations implementing the Erosion and Sediment Control program and the Chesapeake Bay Preservation Area Designation and Management program with the regulations governing the Virginia Stormwater Management Program (VSMP) Permit program or repeal components so that these programs may be implemented in a consolidated manner that provides greater consistency, understanding, and efficiency for those regulated by and administering a VSMP.

**§ 62.1-44.15:28. (For effective date, see Acts 2016, cc. 68 & 758) Development of regulations.**

The Board is authorized to adopt regulations that establish requirements for the effective control of soil erosion, sediment deposition, and stormwater, including nonagricultural runoff, that shall be met in any VESMP to prevent the unreasonable degradation of properties, stream channels, waters, and other natural resources, and that specify minimum technical criteria and administrative procedures for VESMPs. The regulations shall:

1. Establish standards and procedures for administering a VESMP;
2. Establish minimum standards of effectiveness of the VESMP and criteria and procedures for reviewing and evaluating its effectiveness. The minimum standards of program effectiveness established by the Board shall provide that (i) no soil erosion control and stormwater management plan shall be approved until it is reviewed by a plan reviewer certified pursuant to § 62.1-44.15:30, (ii) each inspection of a land-disturbing activity shall be conducted by an inspector certified pursuant to § 62.1-44.15:30, and (iii) each VESMP shall contain a program administrator, a plan reviewer, and an inspector, each of whom is certified pursuant to § 62.1-44.15:30 and all of whom may be the same person;
3. Be based upon relevant physical and developmental information concerning the watersheds and drainage basins of the Commonwealth, including data relating to land use, soils, hydrology, geology, size of land area being disturbed, proximate water bodies and their characteristics, transportation, and public facilities and services;
4. Include any survey of lands and waters as the Board deems appropriate or as any applicable law requires to identify areas, including multijurisdictional and watershed areas, with critical soil erosion and sediment problems;
5. Contain conservation standards for various types of soils and land uses, which shall include criteria, techniques, and methods for the control of soil erosion and sediment resulting from land-disturbing activities;
6. Establish water quality and water quantity technical criteria. These criteria shall be periodically modified as required in order to reflect current engineering methods;
7. Require the provision of long-term responsibility for and maintenance of stormwater management control devices and other techniques specified to manage the quality and quantity of runoff;
8. Require as a minimum the inclusion in VESMPs of certain administrative procedures that include, but are not limited to, specifying the time period within which a VESMP authority shall grant land-disturbance approval, the conditions and processes under which such approval shall be granted, the procedures for communicating disapproval, the conditions under which an approval may be changed, and requirements for inspection of approved projects;
9. Establish a statewide fee schedule to cover all costs associated with the implementation of a VESMP related to land-disturbing activities where permit coverage is required, and for land-disturbing activities where the Board serves as a VESMP authority or VSMP authority. Such fee attributes include the costs associated with plan review, permit registration statement review, permit issuance, permit coverage verification, inspections, reporting, and compliance activities associated with the land-disturbing activities as well as program oversight costs. The fee schedule shall also include a provision for a reduced fee for a land-disturbing activity that disturbs 2,500 square feet or more but less than one acre in an area of a locality designated as a Chesapeake Bay Preservation Area pursuant to the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.). The fee schedule shall be governed by the following:
  - a. The revenue generated from the statewide fee shall be collected utilizing, where practicable, an online payment system, and the Department's portion shall be remitted to the State Treasurer for deposit in the Virginia Stormwater Management Fund established pursuant to § 62.1-44.15:29. However, whenever the Board has approved a VESMP, no more than 30 percent of the total revenue generated by the statewide fees collected shall be remitted to the State Treasurer for deposit in the Virginia Stormwater Management Fund, with the balance going to the VESMP authority;
  - b. Fees collected pursuant to this section shall be in addition to any general fund appropriation made to the Department or other supporting revenue from a VESMP; however, the fees shall be set at a level sufficient for the Department, the Board, and the VESMP to fully carry out their responsibilities under this article and local ordinances or standards and specifications where applicable. When establishing a VESMP, the VESMP authority shall assess the statewide fees pursuant to the schedule and shall have the authority to reduce or increase such fees, and to consolidate such fees with other program-related charges, but in no case shall such fee changes affect the amount established in the regulations as available to the Department for program oversight responsibilities pursuant to subdivision a. A VESMP's portion of the fees shall be used solely to carry out the VESMP's responsibilities under this article and associated ordinances;
  - c. In establishing the fee schedule under this subdivision, the Department shall ensure that the VESMP authority portion of the statewide fee for coverage under the General Permit for Discharges of Stormwater from Construction Activities for small construction activity involving a single-family detached residential structure with a site or area, within or outside a common plan of development or sale, that is equal to or greater than one acre but less than five acres shall be no greater than the VESMP authority portion of the fee for coverage of sites or areas with a land-disturbance acreage of less than one acre within a common plan of development or sale;
  - d. When any fees are collected pursuant to this section by credit cards, business transaction costs associated with processing such payments may be additionally assessed;

e. Notwithstanding the other provisions of this subdivision 9, establish a procedure by which neither a registration statement nor payment of the Department's portion of the statewide fee established pursuant to this subdivision 9 shall be required for coverage under the General Permit for Discharges of Stormwater from Construction Activities for construction activity involving a single-family detached residential structure, within or outside a common plan of development or sale;

10. Establish statewide standards for soil erosion control and stormwater management from land-disturbing activities;

11. Establish a procedure by which a soil erosion control and stormwater management plan or stormwater management plan that is approved for a residential, commercial, or industrial subdivision shall govern the development of the individual parcels, including those parcels developed under subsequent owners;

12. Provide for reciprocity with programs in other states for the certification of proprietary best management practices;

13. Require that VESMPs maintain after-development runoff rate of flow and characteristics that replicate, as nearly as practicable, the existing predevelopment runoff characteristics and site hydrology, or improve upon the contributing share of the existing predevelopment runoff characteristics and site hydrology if stream channel erosion or localized flooding is an existing predevelopment condition.

a. Except where more stringent requirements are necessary to address total maximum daily load requirements or to protect exceptional state waters, any land-disturbing activity that was subject to the water quantity requirements that were in effect pursuant to this article prior to July 1, 2014, shall be deemed to satisfy the conditions of this subsection if the practices are designed to (i) detain the water volume equal to the first one-half inch of runoff multiplied by the impervious surface of the land development project and to release it over 48 hours; (ii) detain and release over a 24-hour period the expected rainfall resulting from the one year, 24-hour storm; and (iii) reduce the allowable peak flow rate resulting from the 1.5-year, two-year, and 10-year, 24-hour storms to a level that is less than or equal to the peak flow rate from the site assuming it was in a good forested condition, achieved through multiplication of the forested peak flow rate by a reduction factor that is equal to the runoff volume from the site when it was in a good forested condition divided by the runoff volume from the site in its proposed condition. Any land-disturbing activity that complies with these requirements shall be exempt from any flow rate capacity and velocity requirements for natural or man-made channels as defined in any regulations promulgated pursuant to this section or any ordinances adopted pursuant to § 62.1-44.15:27 or 62.1-44.15:33;

b. Any stream restoration or relocation project that incorporates natural channel design concepts is not a man-made channel and shall be exempt from any flow rate capacity and velocity requirements for natural or man-made channels as defined in any regulations promulgated pursuant to this article;

14. Encourage low-impact development designs, regional and watershed approaches, and nonstructural means for controlling stormwater;

15. Promote the reclamation and reuse of stormwater for uses other than potable water in order to protect state waters and the public health and to minimize the direct discharge of pollutants into state waters;

16. Establish procedures to be followed when a locality chooses to change the type of program it administers pursuant to subsection D of § 62.1-44.15:27;

17. Establish a statewide permit fee schedule for stormwater management related to MS4 permits; ~~and~~

18. Provide for the evaluation and potential inclusion of emerging or innovative stormwater control technologies that may prove effective in reducing nonpoint source pollution; *and*

19. *Require that all final plan elements, specifications, or calculations whose preparation requires a license under Chapter 4 (§ 54.1-400 et seq.) or 22 (§ 54.1-2200 et seq.) of Title 54.1 be appropriately signed and sealed by a professional who is licensed to engage in practice in the Commonwealth. Nothing in this subdivision shall authorize any person to engage in practice outside his area of professional competence.*

**2. That the State Water Control Board (the Board) shall adopt regulations to implement the requirements of this act to be effective no later than July 1, 2018. The adoption of such regulations shall be exempt from the requirements of Article 2 (§ 2.2-4006 et seq.) of the Administrative Process Act (§ 2.2-4000 et seq. of the Code of Virginia). However, the Department shall (i) provide a Notice of Intended Regulatory Action and (ii) provide for a 60-day public comment period prior to the Board's adoption of the regulations.**

**§ 46.2-944.1. Compact entered into law; terms.**

*The Nonresident Violator Compact of 1977 is hereby enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:*

## NONRESIDENT VIOLATOR COMPACT of 1977

## Article I

## Findings, Declaration of Policy and Purpose

(a) The party jurisdictions find that:

(1) In most instances, a motorist who is cited for a traffic violation in a jurisdiction other than his home jurisdiction:

(i) Must post collateral or bond to secure appearance for trial at a later date; or

(ii) If unable to post collateral or bond, is taken into custody until the collateral or bond is posted; or

(iii) Is taken directly to court for the trial to be held.

(2) In some instance, the motorist's driver's license may be deposited as collateral to be returned after he has complied with the terms of the citation.

(3) The purpose of the practices described in paragraphs (1) and (2) above is to ensure compliance with the terms of a traffic citation by the motorist who, if permitted to continue on his way after receiving the traffic citation, could return to his home jurisdiction and disregard his duty under the terms of the traffic citation.

(4) A motorist receiving a traffic citation in his home jurisdiction is permitted, except for certain violations, to accept the citation from the officer at the scene of the violation and to immediately continue on his way after promising or being instructed to comply with the terms of the citation.

(5) The practice described in paragraph (1) above causes unnecessary inconvenience and, at times, a hardship for the motorist who is unable at the time to post collateral, furnish a bond, stand trial, or pay the fine, and thus is compelled to remain in custody until some arrangement can be made.

(6) The deposit of a driver's license as a bail bond, as directed in paragraph (2) is viewed with disfavor.

(7) The practices described herein consume an undue amount of law enforcement time.

(b) It is the policy of the party jurisdictions to:

(1) Seek compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles in each of the jurisdictions.

(2) Allow motorists to accept a traffic citation for certain violations and proceed on their way without delay whether or not the motorist is a resident of the jurisdiction in which the citation was issued.

(3) Extend cooperation to its fullest extent among the jurisdictions for obtaining compliance with the terms of a traffic citation issued in one jurisdiction to a resident of another jurisdiction.

(4) Maximize effective utilization of law enforcement personnel and assist court systems in the efficient disposition of traffic violations.

(c) The purpose of the compact is to:

(1) Provide a means through which the party jurisdictions may participate in a reciprocal program to effectuate the policies enumerated in paragraph (b) above in a uniform and orderly manner.

(2) Provide for the fair and impartial treatment of traffic violators operating within party jurisdictions in recognition of the motorist's right of due process and the sovereign status of a party jurisdiction.

## Article II

(11) "Police Officer" means any individual authorized by the party jurisdiction to issue a citation for a traffic violation.

(12) "Terms of the Citation" means those options expressly stated upon the citation.

\* For purposes of the Nonresident Violator Compact the posting of collateral or bail has not been considered in this definition.

### Article III

#### Procedure for Issuing Jurisdiction

(a) When issuing a citation for a traffic violation, a police officer shall issue the citation to a motorist who possesses a driver's license issued by a party jurisdiction and shall not, subject to the exceptions noted in paragraph (b) of this article, require the motorist to post collateral to secure appearance, if the officer receives the motorist's personal recognizance that he or she will comply with the terms of the citation.

(b) Personal recognizance is acceptable only if not prohibited by law. If mandatory appearance is required, it should take place immediately following issuance of the citation.

(c) Upon failure of a motorist to comply with the terms of a traffic citation, the appropriate official shall report the failure to comply to the licensing authority of the jurisdiction in which the traffic citation was issued. The report shall be made in accordance with procedures specified by the issuing jurisdiction and shall contain information as specified in the Compact Manual as minimum requirements for effective processing by the home jurisdiction.

(d) Upon receipt of the report, the licensing authority of the issuing jurisdiction shall transmit to the licensing authority in the home jurisdiction of the motorist, the information in a form and content as contained in the Compact Manual.

(e) The licensing authority of the issuing jurisdiction need not suspend the privilege of a motorist for whom a report has been transmitted.

(f) The licensing authority of the issuing jurisdiction shall not transmit a report on any violation if the date of transmission is more than six months after the date on which the traffic citation was issued.

(g) The licensing authority of the issuing jurisdiction shall not transmit a report on any violation where the date of issuance of the citation predates the most recent of the effective dates of entry for the two jurisdictions affected.

### Article IV

#### Procedure for Home Jurisdiction

(a) Upon receipt of a report of a failure to comply from the licensing authority of the issuing jurisdiction, the licensing authority of the home jurisdiction shall notify the motorist and initiate a suspension action in accordance with the home jurisdiction's procedures, to suspend the motorist's driver's license until satisfactory evidence of compliance with the terms of the traffic citation has been furnished to the home jurisdiction licensing authority. Due process safeguards will be accorded.

(b) The licensing authority of the home jurisdiction shall maintain a record of actions taken and make reports to issuing jurisdictions as provided in the Compact Manual.

### Article V

#### Applicability of Other Laws

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party jurisdiction to apply any of its other laws relating to license to drive to any person or circumstance, or to invalidate or prevent any driver license agreement or other cooperative arrangements between a party jurisdiction and a nonparty jurisdiction.

### Article VI

#### Compact Administrator Procedures

(a) For the purpose of administering the provisions of this compact and to serve as a governing body for the resolution of all matters relating to the operation of this compact, a Board of Compact Administrators is established. The board shall be composed of one representative from each party jurisdiction to be known as the compact administrator. The compact administrator shall be appointed by the jurisdiction executive and will serve and be subject to removal in accordance with the laws of the jurisdiction he represents. A compact administrator may provide for the discharge of his duties and the performance of his functions as a board member by an alternate. An alternate may not be entitled to serve unless written notification of his identity has been given to the board.

(b) Each member of the Board of Compact Administrators shall be entitled to one vote. No action of the board shall be binding unless taken at a meeting at which a majority of the total number of votes on the board are cast in favor. Action by the board shall be only at a meeting at which a majority of the party jurisdictions are represented.

(c) The board shall elect annually, from its membership, a chairman and vice chairman.

(d) The board shall adopt bylaws, not inconsistent with the provisions of this compact or the laws of a party jurisdiction, for the conduct of its business and shall have the power to amend and rescind its bylaws.

(e) The board may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any jurisdiction, the United States, or any other governmental agency, and may receive, utilize, and dispose of the same.

(f) The board may contract with, or accept services or personnel from any governmental or intergovernmental agency, person, firm, or corporation, or any private nonprofit organization or institution.

(g) The board shall formulate all necessary procedures and develop uniform forms and documents for administering the provisions of this compact. All procedures and forms adopted pursuant to board action shall be contained in the Compact Manual.

### Article VII

#### Entry into Compact and Withdrawal

(a) This compact shall become effective when it has been adopted by at least two jurisdictions.

(b) (1) Entry into the compact shall be made by a Resolution of Ratification executed by the authorized officials of the applying jurisdiction and submitted to the chairman of the board.

(2) The resolution shall be in a form and content as provided in the Compact Manual and shall include statements that in substance are as follows:

(i) A citation of the authority by which the jurisdiction is empowered to become a party to this compact.

(ii) Agreement to comply with the terms and provisions of the compact.

(iii) That compact entry is with all jurisdiction then party to the compact and with any jurisdiction that legally becomes a party to the compact.

(3) The effective date of entry shall be specified by the applying jurisdiction, but it shall not be less than 60 days after notice has been given by the chairman of the Board of Compact Administrators or by the secretariat of the board to each party jurisdiction that the resolution from the applying jurisdiction has been received.

(c) A party jurisdiction may withdraw from this compact by official written notice to the other party jurisdictions, but a withdrawal shall not take effect until 90 days after notice of withdrawal is given. The notice shall be directed to the compact administrator of each member jurisdiction. No withdrawal shall affect the validity of this compact as to the remaining party jurisdictions.

(c) Failure of a party jurisdiction to respond to the compact chairman within 120 days after receipt of the proposed amendment shall constitute endorsement.

Article X

Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes stated herein. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the construction of any party jurisdiction or of the United States or the applicability thereof to any government agency, person, or circumstance, the compact shall not be affected thereby. Notwithstanding any other provisions of this title, the Department of Elections may print or otherwise provide one statewide paper ballot style for each paper ballot style in use for presidential and vice-presidential electors for use only by persons eligible to vote for those offices only under § 24.2-402 or only for federal elections under § 24.2-453. In the case of a special election, excluding for federal offices, if time is insufficient to meet the applicable deadline established herein, then the general registrar shall make printed ballots available as soon after the deadline as possible. For the purposes of this chapter, making printed ballots available includes mailing of such ballots or electronic transmission of such ballots pursuant to § 24.2-706 to a qualified absentee voter who is eligible for an absentee ballot under subdivision 2 of § 24.2-700. Not later than five days after absentee ballots are made available, each general registrar shall report to the Department of Elections, in writing on a form approved by the Department of Elections, whether he has complied with the applicable deadline.

Only the names of candidates for offices to be voted on in a particular election district shall be printed on the ballots for that election district.

The general registrar shall send to the Department of Elections a statement of the number of ballots ordered to be printed, proofs of each printed ballot for verification, and copies of each final ballot. If the Department of Elections finds that, in its opinion, the number of ballots ordered to be printed by any general registrar is not sufficient, it may direct the general registrar to order the printing of a reasonable number of additional ballots.

9. Shall establish standards and maintain a process for designation of levels or categories of care in neonatal services according to an applicable national or state-developed evaluation system. Such standards may be differentiated for various levels or categories of care and may include, but need not be limited to, requirements for staffing credentials, staff/patient ratios, equipment, and medical protocols;

10. Shall require that each nursing home and certified nursing facility train all employees who are mandated to report adult abuse, neglect, or exploitation pursuant to § 63.2-1606 on such reporting procedures and the consequences for failing to make a required report;

11. Shall permit hospital personnel, as designated in medical staff bylaws, rules and regulations, or hospital policies and procedures, to accept emergency telephone and other verbal orders for medication or treatment for hospital patients from physicians, and other persons lawfully authorized by state statute to give patient orders, subject to a requirement that such verbal order be signed, within a reasonable period of time not to exceed 72 hours as specified in the hospital's medical staff bylaws, rules and regulations or hospital policies and procedures, by the person giving the order, or, when such person is not available within the period of time specified, co-signed by another physician or other person authorized to give the order;

13. Shall require that each nursing home and certified nursing facility register with the Department of State Police to receive notice of the registration or reregistration of any sex offender within the same or a contiguous zip code area in which the home or facility is located, pursuant to § 9.1-914;

14. Shall require that each nursing home and certified nursing facility ascertain, prior to admission, whether a potential patient is a registered sex offender, if the home or facility anticipates the potential patient will have a length of stay greater than three days or in fact stays longer than three days;

15. Shall require that each licensed hospital include in its visitation policy a provision allowing each adult patient to receive visits from any individual from whom the patient desires to receive visits, subject to other restrictions contained in the visitation policy including, but not limited to, those related to the patient's medical condition and the number of visitors permitted in the patient's room simultaneously;

16. Shall require that each nursing home and certified nursing facility shall, upon the request of the facility's family council, send notices and information about the family council mutually developed by the family council and the administration of the nursing home or certified nursing facility, and provided to the facility for such purpose, to the listed responsible party or a contact person of the resident's choice up to six times per year. Such notices may be included together

with a monthly billing statement or other regular communication. Notices and information shall also be posted in a designated location within the nursing home or certified nursing facility;

17. Shall require that each nursing home and certified nursing facility maintain liability insurance coverage in a minimum amount of \$1 million, and professional liability coverage in an amount at least equal to the recovery limit set forth in § 8.01-581.15, to compensate patients or individuals for injuries and losses resulting from the negligent or criminal acts of the facility. Failure to maintain such minimum insurance shall result in revocation of the facility's license;

## CHAPTER 176

*An Act to amend and reenact §§ 63.2-1505, 63.2-1506, and 63.2-1509 of the Code of Virginia, relating to in utero exposure to a controlled substance.*

[H 1786]

Approved February 23, 2017

### **Be it enacted by the General Assembly of Virginia:**

#### **1. That §§ 63.2-1505, 63.2-1506, and 63.2-1509 of the Code of Virginia are amended and reenacted as follows:**

##### **§ 63.2-1505. Investigations by local departments.**

A. An investigation requires the collection of information necessary to determine:

1. The immediate safety needs of the child;
2. The protective and rehabilitative services needs of the child and family that will deter abuse or neglect;
3. Risk of future harm to the child;
4. Alternative plans for the child's safety if protective and rehabilitative services are indicated and the family is unable or unwilling to participate in services;
5. Whether abuse or neglect has occurred;
6. If abuse or neglect has occurred, who abused or neglected the child; and
7. A finding of either founded or unfounded based on the facts collected during the investigation.

B. If the local department responds to the report or complaint by conducting an investigation, the local department shall:

1. Make immediate investigation and, if the report or complaint was based upon one of the factors specified in subsection B of § 63.2-1509, the local department may file a petition pursuant to § 16.1-241.3;
2. Complete a report and ~~transmit it forthwith to the Department, except that no such report shall be transmitted in cases in which the cause to suspect abuse or neglect is one of the factors specified in subsection B of § 63.2-1509 and the mother sought substance abuse counseling or treatment prior to the child's birth~~ *enter it into the statewide automation system maintained by the Department;*
3. Consult with the family to arrange for necessary protective and rehabilitative services to be provided to the child and his family;
4. Petition the court for services deemed necessary including, but not limited to, removal of the child or his siblings from their home;
5. Determine within 45 days if a report of abuse or neglect is founded or unfounded and transmit a report to such effect to the Department and to the person who is the subject of the investigation. However, upon written justification by the local

department, the time for such determination may be extended not to exceed a total of 60 days or, in the event that the investigation is being conducted in cooperation with a law-enforcement agency and both parties agree that circumstances so warrant, as stated in the written justification, the time for such determination may be extended not to exceed 90 days. If through the exercise of reasonable diligence the local department is unable to find the child who is the subject of the report, the time the child cannot be found shall not be computed as part of the total time period allowed for the investigation and determination and documentation of such reasonable diligence shall be placed in the record. In cases involving the death of a child or alleged sexual abuse of a child who is the subject of the report, the time during which records necessary for the investigation of the complaint but not created by the local department, including autopsy or medical or forensic records or reports, are not available to the local department due to circumstances beyond the local department's control shall not be computed as part of the total time period allowed for the investigation and determination, and documentation of the circumstances that resulted in the delay shall be placed in the record. In cases in which the subject of the investigation is a full-time, part-time, permanent, or temporary employee of a school division who is suspected of abusing or neglecting a child in the course of his educational employment, the time period for determining whether a report is founded or unfounded and transmitting a report to that effect to the Department and the person who is the subject of the investigation shall be mandatory, and every local department shall make the required determination and report within the specified time period without delay;

6. If a report of abuse or neglect is unfounded, transmit a report to such effect to the complainant and parent or guardian and the person responsible for the care of the child in those cases where such person was suspected of abuse or neglect; and

7. If a report of child abuse and neglect is founded, and the subject of the report is a full-time, part-time, permanent, or temporary employee of a school division located within the Commonwealth, notify the relevant school board of the founded complaint.

Any information exchanged for the purposes of this subsection shall not be considered a violation of § 63.2-102, 63.2-104, or 63.2-105.

C. Each local board may obtain and consider, in accordance with regulations adopted by the Board, statewide criminal history record information from the Central Criminal Records Exchange and results of a search of the child abuse and neglect central registry of any individual who is the subject of a child abuse or neglect investigation conducted under this section when there is evidence of child abuse or neglect and the local board is evaluating the safety of the home and whether removal will protect a child from harm. The local board also may obtain such a criminal records or registry search on all adult household members residing in the home where the individual who is the subject of the investigation resides and the child resides or visits. If a child abuse or neglect petition is filed in connection with such removal, a court may admit such information as evidence. Where the individual who is the subject of such information contests its accuracy through testimony under oath in hearing before the court, no court shall receive or consider the contested criminal history record information without certified copies of conviction. Further dissemination of the information provided to the local board is prohibited, except as authorized by law.

D. A person who has not previously participated in the investigation of complaints of child abuse or neglect in accordance with this chapter shall not participate in the investigation of any case involving a complaint of alleged sexual abuse of a child unless he (i) has completed a Board-approved training program for the investigation of complaints involving alleged sexual abuse of a child or (ii) is under the direct supervision of a person who has completed a Board-approved training program for the investigation of complaints involving alleged sexual abuse of a child. No individual may make a determination of whether a case involving a complaint of alleged sexual abuse of a child is founded or unfounded unless he has completed a Board-approved training program for the investigation of complaints involving alleged sexual abuse of a child.

**§ 63.2-1506. Family assessments by local departments.**

A. A family assessment requires the collection of information necessary to determine:

1. The immediate safety needs of the child;
2. The protective and rehabilitative services needs of the child and family that will deter abuse or neglect;
3. Risk of future harm to the child; ~~and~~
4. *Whether the mother of a child who was exposed in utero to a controlled substance sought substance abuse counseling or treatment prior to the child's birth; and*
5. Alternative plans for the child's safety if protective and rehabilitative services are indicated and the family is unable or unwilling to participate in services.

B. When a local department has been designated as a child-protective services differential response system participant by the Department pursuant to § 63.2-1504 and responds to the report or complaint by conducting a family assessment, the local department shall:

1. Conduct an immediate family assessment and, if the report or complaint was based upon one of the factors specified in subsection B of § 63.2-1509, the local department may file a petition pursuant to § 16.1-241.3;
2. Immediately contact the subject of the report and the family of the child alleged to have been abused or neglected and give each a written and an oral explanation of the family assessment procedure. The family assessment shall be in writing and shall be completed in accordance with Board regulation;

3. Complete the family assessment within ~~forty five~~ 45 days and transmit a report to such effect to the Department and to the person who is the subject of the family assessment. However, upon written justification by the local department, the family assessment may be extended, not to exceed a total of ~~sixty~~ 60 days;

4. Consult with the family to arrange for necessary protective and rehabilitative services to be provided to the child and his family. Families have the option of declining the services offered as a result of the family assessment. If the family declines the services, the case shall be closed unless the local department determines that sufficient cause exists to redetermine the case as one that needs to be investigated. In no instance shall a case be redetermined as an investigation solely because the family declines services;

5. Petition the court for services deemed necessary;

6. Make no disposition of founded or unfounded for reports in which a family assessment is completed. Reports in which a family assessment is completed shall not be entered into the central registry contained in § 63.2-1515; and

7. Commence an immediate investigation, if at any time during the completion of the family assessment, the local department determines that an investigation is required.

C. When a local department has been designated as a child-protective services differential response agency by the Department, the local department may investigate any report of child abuse or neglect, but the following valid reports of child abuse or neglect shall be investigated: (i) sexual abuse, (ii) child fatality, (iii) abuse or neglect resulting in serious injury as defined in § 18.2-371.1, (iv) child has been taken into the custody of the local department, or (v) cases involving a caretaker at a state-licensed child day center, religiously exempt child day center, licensed, registered or approved family day home, private or public school, hospital or any institution. *If a report or complaint is based upon one of the factors specified in subsection B of § 63.2-1509, the local department shall (a) conduct a family assessment, unless an investigation is required pursuant to this subsection or other provision of law or is necessary to protect the safety of the child, and (b) develop a plan of safe care in accordance with federal law, regardless of whether the local department makes a finding of abuse or neglect.*

**§ 63.2-1509. Requirement that certain injuries to children be reported by physicians, nurses, teachers, etc.; penalty for failure to report.**

A. The following persons who, in their professional or official capacity, have reason to suspect that a child is an abused or neglected child, shall report the matter immediately to the local department of the county or city wherein the child resides or wherein the abuse or neglect is believed to have occurred or to the Department's toll-free child abuse and neglect hotline:

9. Any mediator eligible to receive court referrals pursuant to § 8.01-576.8;
10. Any professional staff person, not previously enumerated, employed by a private or state-operated hospital, institution or facility to which children have been committed or where children have been placed for care and treatment;
11. Any person 18 years of age or older associated with or employed by any public or private organization responsible for the care, custody or control of children;

14. Any person employed by a local department as defined in § 63.2-100 who determines eligibility for public assistance;
15. Any emergency medical services provider certified by the Board of Health pursuant to § 32.1-111.5, unless such provider immediately reports the matter directly to the attending physician at the hospital to which the child is transported, who shall make such report forthwith;
16. Any athletic coach, director or other person 18 years of age or older employed by or volunteering with a private sports organization or team;
17. Administrators or employees 18 years of age or older of public or private day camps, youth centers and youth recreation programs; and

If neither the locality in which the child resides nor where the abuse or neglect is believed to have occurred is known, then such report shall be made to the local department of the county or city where the abuse or neglect was discovered or to the Department's toll-free child abuse and neglect hotline.

If an employee of the local department is suspected of abusing or neglecting a child, the report shall be made to the court of the county or city where the abuse or neglect was discovered. Upon receipt of such a report by the court, the judge shall assign the report to a local department that is not the employer of the suspected employee for investigation or family assessment. The judge may consult with the Department in selecting a local department to respond to the report or the complaint.

If the information is received by a teacher, staff member, resident, intern or nurse in the course of professional services in a hospital, school or similar institution, such person may, in place of said report, immediately notify the person in charge of the institution or department, or his designee, who shall make such report forthwith. If the initial report of suspected abuse or neglect is made to the person in charge of the institution or department, or his designee, pursuant to this subsection, such person shall notify the teacher, staff member, resident, intern or nurse who made the initial report when the report of suspected child abuse or neglect is made to the local department or to the Department's toll-free child abuse and neglect hotline, and of the name of the individual receiving the report, and shall forward any communication resulting from the report, including any information about any actions taken regarding the report, to the person who made the initial report.

The initial report may be an oral report but such report shall be reduced to writing by the child abuse coordinator of the local department on a form prescribed by the Board. Any person required to make the report pursuant to this subsection shall disclose all information that is the basis for his suspicion of abuse or neglect of the child and, upon request, shall make available to the child-protective services coordinator and the local department, which is the agency of jurisdiction, any information, records, or reports that document the basis for the report. All persons required by this subsection to report suspected abuse or neglect who maintain a record of a child who is the subject of such a report shall cooperate with the investigating agency and shall make related information, records and reports available to the investigating agency unless such disclosure violates the federal Family Educational Rights and Privacy Act (20 U.S.C. § 1232g). Provision of such information, records, and reports by a health care provider shall not be prohibited by § 8.01-399. Criminal investigative reports received from law-enforcement agencies shall not be further disseminated by the investigating agency nor shall they be subject to public disclosure.

B. For purposes of subsection A, "reason to suspect that a child is abused or neglected" shall include (i) ~~a finding made by a health care provider within six weeks of the birth of a child that the results of toxicology studies of the child indicate the presence of a controlled substance not prescribed for the mother by a physician;~~ (ii) a finding made by a health care provider within six weeks of the birth of a child that the child was born ~~dependent on a controlled substance which was not prescribed by a physician for the mother and has demonstrated~~ affected by substance abuse or experiencing withdrawal symptoms ~~resulting from in utero drug exposure;~~ (iii) (ii) a diagnosis made by a health care provider ~~at any time within four years~~ following a child's birth that the child has an illness, disease, or condition ~~which that, to a reasonable degree of medical certainty, is attributable to in utero exposure to maternal abuse of a controlled substance which was not prescribed by a physician for the mother or the child during pregnancy;~~ or (iv) (iii) a diagnosis made by a health care provider ~~at any time within four years~~ following a child's birth that the child has a fetal alcohol spectrum disorder attributable to in utero exposure to alcohol. When "reason to suspect" is based upon this subsection, such fact shall be included in the report along with the facts relied upon by the person making the report.

C. Any person who makes a report or provides records or information pursuant to subsection A or who testifies in any judicial proceeding arising from such report, records, or information shall be immune from any civil or criminal liability or administrative penalty or sanction on account of such report, records, information, or testimony, unless such person acted in bad faith or with malicious purpose.

D. Any person required to file a report pursuant to this section who fails to do so as soon as possible, but not longer than 24 hours after having reason to suspect a reportable offense of child abuse or neglect, shall be fined not more than \$500 for the first failure and for any subsequent failures not less than \$1,000. In cases evidencing acts of rape, sodomy, or object sexual penetration as defined in Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2, a person who knowingly and intentionally fails to make the report required pursuant to this section shall be guilty of a Class 1 misdemeanor.

E. No person shall be required to make a report pursuant to this section if the person has actual knowledge that the same matter has already been reported to the local department or the Department's toll-free child abuse and neglect hotline.

**§ 58.1-439.6. Worker retraining tax credit.**

A. As used in this section, unless the context clearly requires otherwise:

"Eligible worker retraining" means retraining of a qualified employee that promotes economic development in the form of (i) noncredit courses at any of the Commonwealth's community colleges or a private school or (ii) worker retraining programs undertaken through an apprenticeship agreement approved by the Commissioner of Labor and Industry.

"Qualified employee" means an employee of an employer eligible for a credit under this section in a full-time position requiring a minimum of 1,680 hours in the entire normal year of the employer's operations if the standard fringe benefits are paid by the employer for the employee. Employees in seasonal or temporary positions shall not qualify as qualified employees. A qualified employee (i) shall not be a relative of any owner or the employer claiming the credit and (ii) shall not own, directly or indirectly, more than five percent in value of the outstanding stock of a corporation claiming the credit. As used herein, "relative" means a spouse, child, grandchild, parent or sibling of an owner or employer, and "owner" means, in the case of a corporation, any person who owns five percent or more of the corporation's stock.

"STEM or STEAM discipline" means a science, technology, engineering, mathematics, or applied mathematics related discipline as determined by the ~~Department of Small Business and Supplier Diversity~~ *Virginia Economic Development Partnership Authority* in consultation with the Superintendent of Public Instruction. The term shall include a health care-related discipline.

B. For taxable years beginning on and after January 1, 1999, but prior to January 1, ~~2018~~ 2022, an employer shall be allowed a credit against the taxes imposed by Articles 2 (§ 58.1-320 et seq.), 6 (§ 58.1-360 et seq.), and 10 (§ 58.1-400 et seq.) of Chapter 3; Chapter 12 (§ 58.1-1200 et seq.); Article 1 (§ 58.1-2500 et seq.) of Chapter 25; or Article 2 (§ 58.1-2620 et seq.) of Chapter 26 in an amount equal to 30 percent of all expenditures paid or incurred by the employer during the taxable year for eligible worker retraining. However, for taxable years beginning prior to January 1, 2013, if the eligible worker retraining consists of courses conducted at a private school, the credit shall be in an amount equal to the cost per qualified employee, but the amount of the credit shall not exceed \$100 per qualified employee annually. For taxable years beginning on or after January 1, 2013, if the eligible worker retraining consists of courses conducted at a private school, the credit shall be in an amount equal to the cost per qualified employee, but the amount of the credit shall not exceed \$200 per qualified employee annually, or \$300 per qualified employee annually if the eligible worker retraining includes retraining in a STEM or STEAM discipline, including but not limited to industry-recognized credentials, certificates, and certifications. The total amount of tax credits granted to employers under this section for each fiscal year shall not exceed \$2,500,000.

C. For purposes of this section, the amount of any credit attributable to a partnership, electing small business corporation (S corporation), or limited liability company shall be allocated to the individual partners, shareholders, or members, respectively, in proportion to their ownership or interest in such business entities.

D. An employer shall be entitled to the credit granted under this section only for those courses at a community college or a private school for which courses have been certified as eligible worker retraining to the Department of Taxation by the ~~Department of Small Business and Supplier Diversity~~ *Virginia Economic Development Partnership Authority*. The Tax Commissioner shall promulgate regulations, in accordance with the Administrative Process Act (§ 2.2-4000 et seq.), (i) establishing procedures for claiming the credit provided by this section, (ii) defining eligible worker retraining, which shall include only those courses and programs that are substantially related to the duties of a qualified employee or that enhance the qualified employee's job-related skills, and that promote economic development, and (iii) providing for the allocation of credits among employers requesting credits in the event that the amount of credits for which requests are made exceeds the available amount of credits in any year. The ~~Department of Small Business and Supplier Diversity~~ *Virginia Economic Development Partnership Authority* shall review requests for certification submitted by employers and shall advise the Tax Commissioner whether a course or program qualifies as eligible worker retraining and, if it qualifies, whether the course or program is in a STEM or STEAM discipline.

E. Any credit not usable for the taxable year may be carried over for the next three taxable years. The amount of credit allowed pursuant to this section shall not exceed the tax imposed for such taxable year. No credit shall be carried back to a preceding taxable year. If an employer that is subject to the tax limitation imposed pursuant to this subsection is allowed another credit pursuant to any other section of this Code, or has a credit carryover from a preceding taxable year, such employer shall be considered to have first utilized any credit allowed which does not have a carryover provision, and then any credit which is carried forward from a preceding taxable year, prior to the utilization of any credit allowed pursuant to this section.

F. No employer shall be eligible to claim a credit under this section for worker retraining undertaken by any program operated, administered, or paid for by the Commonwealth.

G. The ~~Director of the Department of Small Business and Supplier Diversity~~ *Virginia Economic Development Partnership Authority* shall report annually to the ~~chairmen~~ *Chairmen* of the House Finance and Senate Finance Committees on the status and implementation of the credit established by this section, including certifications for eligible worker retraining.

"Eligible telework expenses" means expenses incurred during the taxable year pursuant to a telework agreement, in an amount up to \$1,200 for each participating employee, that enable a participating employee to begin to telework, which

expenses are not otherwise the subject of a deduction from income claimed by the employer in any tax year. Such expenses include, but are not limited to, expenses paid or incurred to purchase computers, computer-related hardware and software, modems, data processing equipment, telecommunications equipment, high-speed Internet connectivity equipment, computer security software and devices, and all related delivery, installation, and maintenance fees. Such expenses do not include replacement costs for computers, computer-related hardware and software, modems, data processing equipment, telecommunications equipment, or computer security software and devices at the principal place of business when that equipment is relocated to the telework site. Eligible telework expenses may also include up to a maximum of \$20,000 for conducting a telework assessment on or after January 1, 2012. Such costs shall be ineligible for this credit if they are otherwise taken as a deduction by the employer from income in any taxable year. The costs included and allowed to be taken as a credit include program planning costs, which may include direct program development and training costs, raw labor costs, and professional consulting fees. Such costs shall not include those for which a credit is claimed under any other provision of this chapter. The credit for conducting a telework assessment shall be allowed once for each employer meeting the requirements herein.

"Employer" means any employer subject to the income tax imposed by this chapter.

"Participating employee" means an employee who has entered into a telework agreement with his employer on or after July 1, 2012, in accordance with policies set by the Virginia Department of Rail and Public Transportation. The term shall not include an individual who is self-employed or an individual who ordinarily spends a majority of the workday at a location other than the place where his duties are normally performed.

"Telework" means the performance of normal and regular work functions on a workday at a location different from the place where work functions are normally performed and that is within or closer to the participating employee's residence. The term shall not include home-based businesses, extensions of the workday, or work performed on a weekend or holiday.

The amount of the credit shall not exceed \$50,000 per employer for each calendar year.

Such expenses may be incurred (i) only once per participating employee and (ii) directly by the employer on behalf of the participating employee or directly by the participating employee and reimbursed by the employer.

**§ 16.1-251. Emergency removal order.**

A. A child may be taken into immediate custody and placed in shelter care pursuant to an emergency removal order in cases in which the child is alleged to have been abused or neglected. Such order may be issued ex parte by the court upon a petition supported by an affidavit or by sworn testimony in person before the judge or intake officer which establishes that:

1. The child would be subjected to an imminent threat to life or health to the extent that severe or irremediable injury would be likely to result if the child were returned to or left in the custody of his parents, guardian, legal custodian or other person standing in loco parentis pending a final hearing on the petition.

2. Reasonable efforts have been made to prevent removal of the child from his home and there are no alternatives less drastic than removal of the child from his home which could reasonably protect the child's life or health pending a final hearing on the petition. The alternatives less drastic than removal may include but not be limited to the provision of medical, educational, psychiatric, psychological, homemaking or other similar services to the child or family or the issuance of a preliminary protective order pursuant to § 16.1-253.

If the petitioner fails to obtain an emergency removal order within four hours of taking custody of the child, the affidavit or sworn testimony before the judge or intake officer shall state the reasons therefor.

When a child is removed from his home and there is no reasonable opportunity to provide preventive services, reasonable efforts to prevent removal shall be deemed to have been made.

*The petitioner shall not be required by the court to make reasonable efforts to prevent removal of the child from his home if the court finds that (i) the residual parental rights of the parent regarding a sibling of the child have previously been involuntarily terminated; (ii) the parent has been convicted of an offense under the laws of the Commonwealth or a substantially similar law of any other state, the United States, or any foreign jurisdiction that constitutes murder or voluntary manslaughter, or a felony attempt, conspiracy, or solicitation to commit any such offense, if the victim of the offense was a child of the parent, a child with whom the parent resided at the time such offense occurred, or the other parent of the child; (iii) the parent has been convicted of an offense under the laws of the Commonwealth or a substantially similar law of any other state, the United States, or any foreign jurisdiction that constitutes felony assault resulting in serious bodily injury or felony bodily wounding resulting in serious bodily injury or felony sexual assault, if the victim of the offense was a child of the parent or a child with whom the parent resided at the time of such offense; or (iv) on the basis of clear and convincing evidence, the parent has subjected any child to aggravated circumstances or abandoned a child under circumstances that would justify the termination of residual parental rights pursuant to subsection D of § 16.1-283.*

*As used in this section:*

*"Aggravated circumstances" means torture, chronic or severe abuse, or chronic or severe sexual abuse, if the victim of such conduct was a child of the parent or child with whom the parent resided at the time such conduct occurred, including the failure to protect such a child from such conduct, which conduct or failure to protect (i) evinces a wanton or depraved indifference to human life or (ii) has resulted in the death of such a child or in serious bodily injury to such a child.*

*"Chronic abuse" or "chronic sexual abuse" means recurring acts of physical abuse that place the child's health, safety and well-being at risk.*

*"Serious bodily injury" means bodily injury that involves substantial risk of death, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ or mental faculty.*

*"Severe abuse" or "severe sexual abuse" may include an act or omission that occurred only once but otherwise meets the definition of "aggravated circumstances."*

B. Whenever a child is taken into immediate custody pursuant to an emergency removal order, a hearing shall be held in accordance with § 16.1-252 as soon as practicable, but in no event later than five business days after the removal of the child.

C. In the emergency removal order the court shall give consideration to temporary placement of the child with a relative or other interested individual, including grandparents, under the supervision of the local department of social services, until such time as the hearing in accordance with § 16.1-252 is held.

D. The local department of social services having "legal custody" of a child as defined in § 16.1-228 (i) shall not be required to comply with the requirements of this section in order to redetermine where and with whom the child shall live, notwithstanding that the child had been placed with a natural parent.

#### **§ 16.1-252. Preliminary removal order; hearing.**

A. A preliminary removal order in cases in which a child is alleged to have been abused or neglected may be issued by the court after a hearing wherein the court finds that reasonable efforts have been made to prevent removal of the child from his home. The hearing shall be in the nature of a preliminary hearing rather than a final determination of custody.

B. Prior to the removal hearing, notice of the hearing shall be given at least 24 hours in advance of the hearing to the guardian ad litem for the child, to the parents, guardian, legal custodian or other person standing in loco parentis of the child and to the child if he or she is 12 years of age or older. If notice to the parents, guardian, legal custodian or other person standing in loco parentis cannot be given despite diligent efforts to do so, the hearing shall be held nonetheless, and the parents, guardian, legal custodian or other person standing in loco parentis shall be afforded a later hearing on their motion regarding a continuation of the summary removal order. The notice provided herein shall include (i) the time, date and place for the hearing; (ii) a specific statement of the factual circumstances which allegedly necessitate removal of the child; and (iii) notice that child support will be considered if a determination is made that the child must be removed from the home.

C. All parties to the hearing shall be informed of their right to counsel pursuant to § 16.1-266.

D. At the removal hearing the child and his parent, guardian, legal custodian or other person standing in loco parentis shall have the right to confront and cross-examine all adverse witnesses and evidence and to present evidence on their own behalf. If the child was 14 years of age or under on the date of the alleged offense and is 16 or under at the time of the hearing, the child's attorney or guardian ad litem, or if the child has been committed to the custody of the Department of Social Services, the local department of social services, may apply for an order from the court that the child's testimony be taken in a room outside the courtroom and be televised by two-way closed-circuit television. The provisions of § 63.2-1521 shall apply, mutatis mutandis, to the use of two-way closed-circuit television except that the person seeking the order shall

apply for the order at least 48 hours before the hearing, unless the court for good cause shown allows the application to be made at a later time.

E. In order for a preliminary order to issue or for an existing order to be continued, the petitioning party or agency must prove:

1. The child would be subjected to an imminent threat to life or health to the extent that severe or irreparable injury would be likely to result if the child were returned to or left in the custody of his parents, guardian, legal custodian or other person standing in loco parentis pending a final hearing on the petition; and

2. Reasonable efforts have been made to prevent removal of the child from his home and there are no alternatives less drastic than removal of the child from his home which could reasonably and adequately protect the child's life or health pending a final hearing on the petition. The alternatives less drastic than removal may include but not be limited to the provision of medical, educational, psychiatric, psychological, homemaking or other similar services to the child or family or the issuance of a preliminary protective order pursuant to § 16.1-253.

When a child is removed from his home and there is no reasonable opportunity to provide preventive services, reasonable efforts to prevent removal shall be deemed to have been made.

*The petitioner shall not be required by the court to make reasonable efforts to prevent removal of the child from his home if the court finds that (i) the residual parental rights of the parent regarding a sibling of the child have previously been involuntarily terminated; (ii) the parent has been convicted of an offense under the laws of the Commonwealth or a substantially similar law of any other state, the United States, or any foreign jurisdiction that constitutes murder or voluntary manslaughter, or a felony attempt, conspiracy, or solicitation to commit any such offense, if the victim of the offense was a child of the parent, a child with whom the parent resided at the time such offense occurred, or the other parent of the child; (iii) the parent has been convicted of an offense under the laws of the Commonwealth or a substantially similar law of any other state, the United States, or any foreign jurisdiction that constitutes felony assault resulting in serious bodily injury or felony bodily wounding resulting in serious bodily injury or felony sexual assault, if the victim of the offense was a child of the parent or a child with whom the parent resided at the time of such offense; or (iv) on the basis of clear and convincing evidence, the parent has subjected any child to aggravated circumstances, or abandoned a child under circumstances that would justify the termination of residual parental rights pursuant to subsection D of § 16.1-283.*

*As used in this section:*

*"Aggravated circumstances" means torture, chronic or severe abuse, or chronic or severe sexual abuse, if the victim of such conduct was a child of the parent or child with whom the parent resided at the time such conduct occurred, including the failure to protect such a child from such conduct, which conduct or failure to protect (i) evinces a wanton or depraved indifference to human life or (ii) has resulted in the death of such a child or in serious bodily injury to such a child.*

*"Chronic abuse" or "chronic sexual abuse" means recurring acts of physical abuse that place the child's health, safety and well-being at risk.*

*"Serious bodily injury" means bodily injury that involves substantial risk of death, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ or mental faculty.*

*"Severe abuse" or "severe sexual abuse" may include an act or omission that occurred only once but otherwise meets the definition of "aggravated circumstances."*

F. If the court determines that pursuant to subsection E hereof the removal of the child is proper, the court shall:

1. Order that the child be placed in the temporary care and custody of a suitable person, subject to the provisions of subsection F1 of this section and under the supervision of the local department of social services, with consideration being given to placement in the temporary care and custody of a relative or other interested individual, including grandparents, until such time as the court enters an order of disposition pursuant to § 16.1-278.2, or, if such placement is not available, in the care and custody of a suitable agency;

2. Order that reasonable visitation be allowed between the child and his parents, guardian, legal custodian or other person standing in loco parentis, and between the child and his siblings, if such visitation would not endanger the child's life or health; and

3. Order that the parent or other legally obligated person pay child support pursuant to § 16.1-290.

In addition, the court may enter a preliminary protective order pursuant to § 16.1-253 imposing requirements and conditions as specified in that section which the court deems appropriate for protection of the welfare of the child.

F1. Prior to the entry of an order pursuant to subsection F of this section transferring temporary custody of the child to a relative or other interested individual, including grandparents, the court shall consider whether the relative or other interested individual is one who (i) is willing and qualified to receive and care for the child; (ii) is willing to have a positive, continuous relationship with the child; and (iii) is willing and has the ability to protect the child from abuse and neglect. The court's order transferring temporary custody to a relative or other interested individual should provide for compliance with any preliminary protective order entered on behalf of the child in accordance with the provisions of § 16.1-253; initiation and completion of the investigation as directed by the court and court review of the child's placement required in accordance with the provisions of § 16.1-278.2; and, as appropriate, ongoing provision of social services to the child and the temporary custodian.

G. At the conclusion of the preliminary removal order hearing, the court shall determine whether the allegations of abuse or neglect have been proven by a preponderance of the evidence. Any finding of abuse or neglect shall be stated in the court order. However, if, before such a finding is made, a person responsible for the care and custody of the child, the child's

guardian ad litem or the local department of social services objects to a finding being made at the hearing, the court shall schedule an adjudicatory hearing to be held within 30 days of the date of the initial preliminary removal hearing. The adjudicatory hearing shall be held to determine whether the allegations of abuse and neglect have been proven by a preponderance of the evidence. Parties who are present at the preliminary removal order hearing shall be given notice of the date set for the adjudicatory hearing and parties who are not present shall be summoned as provided in § 16.1-263. The hearing shall be held and an order may be entered, although a party to the preliminary removal order hearing fails to appear and is not represented by counsel, provided personal or substituted service was made on the person, or the court determines that such person cannot be found, after reasonable effort, or in the case of a person who is without the Commonwealth, the person cannot be found or his post office address cannot be ascertained after reasonable effort.

The preliminary removal order and any preliminary protective order issued shall remain in full force and effect pending the adjudicatory hearing.

H. If the preliminary removal order includes a finding of abuse or neglect and the child is removed from his home or a preliminary protective order is issued, a dispositional hearing shall be held pursuant to § 16.1-278.2. The dispositional hearing shall be scheduled at the time of the preliminary removal order hearing and shall be held within 60 days of the preliminary removal order hearing. If an adjudicatory hearing is requested pursuant to subsection G, the dispositional hearing shall nonetheless be scheduled at the initial preliminary removal order hearing. All parties present at the preliminary removal order hearing shall be given notice of the date scheduled for the dispositional hearing; parties who are not present shall be summoned to appear as provided in § 16.1-263.

I. The local department of social services having "legal custody" of a child as defined in § 16.1-228 (i) shall not be required to comply with the requirements of this section in order to redetermine where and with whom the child shall live, notwithstanding that the child had been placed with a natural parent.

J. Violation of any order issued pursuant to this section shall constitute contempt of court.

**§ 16.1-278.2. Abused, neglected, or abandoned children or children without parental care.**

A. Within 60 days of a preliminary removal order hearing held pursuant to § 16.1-252 or a hearing on a preliminary protective order held pursuant to § 16.1-253, a dispositional hearing shall be held if the court found abuse or neglect and (i) removed the child from his home or (ii) entered a preliminary protective order. Notice of the dispositional hearing shall be provided to the child's parent, guardian, legal custodian, or other person standing in loco parentis in accordance with § 16.1-263. The hearing shall be held and a dispositional order may be entered, although a parent, guardian, legal custodian, or person standing in loco parentis fails to appear and is not represented by counsel, provided personal or substituted service was made on the person, or the court determines that such person cannot be found, after reasonable effort, or in the case of a person who is without the Commonwealth, the person cannot be found or his post office address cannot be ascertained after reasonable effort. Notice shall also be provided to the local department of social services, the guardian ad litem and, if appointed, the court-appointed special advocate.

If a child is found to be (a) abused or neglected; (b) at risk of being abused or neglected by a parent or custodian who has been adjudicated as having abused or neglected another child in his care; or (c) abandoned by his parent or other custodian, or without parental care and guardianship because of his parent's absence or physical or mental incapacity, the juvenile court or the circuit court may make any of the following orders of disposition to protect the welfare of the child:

1. Enter an order pursuant to the provisions of § 16.1-278;
2. Permit the child to remain with his parent, subject to such conditions and limitations as the court may order with respect to such child and his parent or other adult occupant of the same dwelling;
3. Prohibit or limit contact as the court deems appropriate between the child and his parent or other adult occupant of the same dwelling whose presence tends to endanger the child's life, health or normal development. The prohibition may exclude any such individual from the home under such conditions as the court may prescribe for a period to be determined by the court but in no event for longer than 180 days from the date of such determination. A hearing shall be held within 150 days to determine further disposition of the matter that may include limiting or prohibiting contact for another 180 days;
4. Permit the local board of social services or a public agency designated by the community policy and management team to place the child, subject to the provisions of § 16.1-281, in suitable family homes, child-caring institutions, residential facilities, or independent living arrangements with legal custody remaining with the parents or guardians. The local board or public agency and the parents or guardians shall enter into an agreement which shall specify the responsibilities of each for the care and control of the child. The board or public agency that places the child shall have the final authority to determine the appropriate placement for the child.

Any order allowing a local board or public agency to place a child where legal custody remains with the parents or guardians as provided in this section shall be entered only upon a finding by the court that reasonable efforts have been made to prevent placement out of the home and that continued placement in the home would be contrary to the welfare of the child; and the order shall so state.

5. After a finding that there is no less drastic alternative, transfer legal custody, subject to the provisions of § 16.1-281, to any of the following:

- a. A relative or other interested individual subject to the provisions of subsection A1 of this section;
- b. A child welfare agency, private organization or facility that is licensed or otherwise authorized by law to receive and provide care for such child; however, a court shall not transfer legal custody of an abused or neglected child to an agency, organization or facility out of the Commonwealth without the approval of the Commissioner of Social Services; or

c. The local board of social services of the county or city in which the court has jurisdiction or, at the discretion of the court, to the local board of the county or city in which the child has residence if other than the county or city in which the court has jurisdiction. The local board shall accept the child for care and custody, provided that it has been given reasonable notice of the pendency of the case and an opportunity to be heard. However, in an emergency in the county or city in which the court has jurisdiction, the local board may be required to accept a child for a period not to exceed 14 days without prior notice or an opportunity to be heard if the judge entering the placement order describes the emergency and the need for such temporary placement in the order. Nothing in this section shall prohibit the commitment of a child to any local board of social services in the Commonwealth when the local board consents to the commitment. The board to which the child is committed shall have the final authority to determine the appropriate placement for the child.

Any order authorizing removal from the home and transferring legal custody of a child to a local board of social services as provided in this section shall be entered only upon a finding by the court that reasonable efforts have been made to prevent removal and that continued placement in the home would be contrary to the welfare of the child; and the order shall so state.

*A finding by the court that reasonable efforts were made to prevent removal of the child from his home shall not be required if the court finds that (i) the residual parental rights of the parent regarding a sibling of the child have previously been involuntarily terminated; (ii) the parent has been convicted of an offense under the laws of the Commonwealth or a substantially similar law of any other state, the United States, or any foreign jurisdiction that constitutes murder or voluntary manslaughter, or a felony attempt, conspiracy, or solicitation to commit any such offense, if the victim of the offense was a child of the parent, a child with whom the parent resided at the time such offense occurred, or the other parent of the child; (iii) the parent has been convicted of an offense under the laws of the Commonwealth or a substantially similar law of any other state, the United States, or any foreign jurisdiction that constitutes felony assault resulting in serious bodily injury or felony bodily wounding resulting in serious bodily injury or felony sexual assault, if the victim of the offense was a child of the parent or a child with whom the parent resided at the time of such offense; or (iv) on the basis of clear and convincing evidence, the parent has subjected any child to aggravated circumstances, or abandoned a child under circumstances that would justify the termination of residual parental rights pursuant to subsection D of § 16.1-283.*

*As used in this section:*

*"Aggravated circumstances" means torture, chronic or severe abuse, or chronic or severe sexual abuse, if the victim of such conduct was a child of the parent or child with whom the parent resided at the time such conduct occurred, including the failure to protect such a child from such conduct, which conduct or failure to protect (i) evinces a wanton or depraved indifference to human life or (ii) has resulted in the death of such a child or in serious bodily injury to such a child.*

*"Chronic abuse" or "chronic sexual abuse" means recurring acts of physical abuse that place the child's health, safety and well-being at risk.*

*"Serious bodily injury" means bodily injury that involves substantial risk of death, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ or mental faculty.*

*"Severe abuse" or "severe sexual abuse" may include an act or omission that occurred only once but otherwise meets the definition of "aggravated circumstances."*

6. Transfer legal custody pursuant to subdivision 5 of this section and order the parent to participate in such services and programs or to refrain from such conduct as the court may prescribe; or

7. Terminate the rights of the parent pursuant to § 16.1-283.

A1. Any order transferring custody of the child to a relative or other interested individual pursuant to subdivision A 5 shall be entered only upon a finding, based upon a preponderance of the evidence, that the relative or other interested individual is one who, after an investigation as directed by the court, (i) is found by the court to be willing and qualified to receive and care for the child; (ii) is willing to have a positive, continuous relationship with the child; (iii) is committed to providing a permanent, suitable home for the child; and (iv) is willing and has the ability to protect the child from abuse and neglect; and the order shall so state. The court's order transferring custody to a relative or other interested individual should further provide for, as appropriate, any terms or conditions which would promote the child's interest and welfare; ongoing provision of social services to the child and the child's custodian; and court review of the child's placement.

B. If the child has been placed in foster care, at the dispositional hearing the court shall review the foster care plan for the child filed in accordance with § 16.1-281 by the local department of social services, a public agency designated by the community policy and management team which places a child through an agreement with the parents or guardians where legal custody remains with the parents or guardians, or child welfare agency.

C. Any preliminary protective orders entered on behalf of the child shall be reviewed at the dispositional hearing and may be incorporated, as appropriate, in the dispositional order.

D. A dispositional order entered pursuant to this section is a final order from which an appeal may be taken in accordance with § 16.1-296.

**§ 16.1-278.4. Children in need of services.**

If a child is found to be in need of services or a status offender, the juvenile court or the circuit court may make any of the following orders of disposition for the supervision, care and rehabilitation of the child:

1. Enter an order pursuant to the provisions of § 16.1-278.

2. Permit the child to remain with his parent subject to such conditions and limitations as the court may order with respect to such child and his parent.

3. Order the parent with whom the child is living to participate in such programs, cooperate in such treatment or be subject to such conditions and limitations as the court may order and as are designed for the rehabilitation of the child and his parent.

4. Beginning July 1, 1992, in the case of any child fourteen years of age or older, where the court finds that the child is not able to benefit appreciably from further schooling, the court may excuse the child from further compliance with any legal requirement of compulsory school attendance as provided under § 22.1-254 or authorize the child, notwithstanding the provisions of any other law, to be employed in any occupation which is not legally declared hazardous for children under the age of eighteen.

5. Permit the local board of social services or a public agency designated by the community policy and management team to place the child, subject to the provisions of § 16.1-281, in suitable family homes, child caring-institutions, residential facilities, or independent living arrangements with legal custody remaining with the parents or guardians. The local board or public agency and the parents or guardians shall enter into an agreement which shall specify the responsibilities of each for the care and control of the child. The board or public agency that places the child shall have the final authority to determine the appropriate placement for the child.

Any order allowing a local board or public agency to place a child where legal custody remains with the parents or guardians as provided in this section shall be entered only upon a finding by the court that reasonable efforts have been made to prevent placement out of the home and that continued placement in the home would be contrary to the welfare of the child, and the order shall so state.

6. Transfer legal custody to any of the following:

- a. A relative or other individual who, after study, is found by the court to be qualified to receive and care for the child;
- b. A child welfare agency, private organization or facility that is licensed or otherwise authorized by law to receive and provide care for such child. The court shall not transfer legal custody of a child in need of services to an agency, organization or facility out of the Commonwealth without the approval of the Commissioner of Social Services; or
- c. The local board of social services of the county or city in which the court has jurisdiction or, at the discretion of the court, to the local board of the county or city in which the child has residence if other than the county or city in which the court has jurisdiction. The local board shall accept the child for care and custody, provided that it has been given reasonable notice of the pendency of the case and an opportunity to be heard. However, in an emergency in the county or city in which the court has jurisdiction, the local board may be required to accept a child for a period not to exceed fourteen days without prior notice or an opportunity to be heard if the judge entering the placement order describes the emergency and the need for such temporary placement in the order. Nothing in this subdivision shall prohibit the commitment of a child to any local board of social services in the Commonwealth when the local board consents to the commitment. The board to which the child is committed shall have the final authority to determine the appropriate placement for the child.

Any order authorizing removal from the home and transferring legal custody of a child to a local board of social services as provided in this subdivision shall be entered only upon a finding by the court that reasonable efforts have been made to prevent removal and that continued placement in the home would be contrary to the welfare of the child, and the order shall so state.

*A finding by the court that reasonable efforts were made to prevent removal of the child from his home shall not be required if the court finds that (i) the residual parental rights of the parent regarding a sibling of the child have previously been involuntarily terminated; (ii) the parent has been convicted of an offense under the laws of the Commonwealth or a substantially similar law of any other state, the United States, or any foreign jurisdiction that constitutes murder or voluntary manslaughter, or a felony attempt, conspiracy, or solicitation to commit any such offense, if the victim of the offense was a child of the parent, a child with whom the parent resided at the time such offense occurred, or the other parent of the child; (iii) the parent has been convicted of an offense under the laws of the Commonwealth or a substantially similar law of any other state, the United States, or any foreign jurisdiction that constitutes felony assault resulting in serious bodily injury or felony bodily wounding resulting in serious bodily injury or felony sexual assault, if the victim of the offense was a child of the parent or a child with whom the parent resided at the time of such offense; or (iv) on the basis of clear and convincing evidence, the parent has subjected any child to aggravated circumstances, or abandoned a child under circumstances that would justify the termination of residual parental rights pursuant to subsection D of § 16.1-283.*

*As used in this section:*

*"Aggravated circumstances" means torture, chronic or severe abuse, or chronic or severe sexual abuse, if the victim of such conduct was a child of the parent or child with whom the parent resided at the time such conduct occurred, including the failure to protect such a child from such conduct, which conduct or failure to protect (i) evinces a wanton or depraved indifference to human life or (ii) has resulted in the death of such a child or in serious bodily injury to such a child.*

*"Chronic abuse" or "chronic sexual abuse" means recurring acts of physical abuse that place the child's health, safety and well-being at risk.*

*"Serious bodily injury" means bodily injury that involves substantial risk of death, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ or mental faculty.*

*"Severe abuse" or "severe sexual abuse" may include an act or omission that occurred only once but otherwise meets the definition of "aggravated circumstances."*

7. Require the child to participate in a public service project under such conditions as the court prescribes.

**§ 16.1-282.1. Permanency planning hearing for children in foster care.**

A. In the case of a child who was the subject of a foster care plan filed with the court pursuant to § 16.1-281, a permanency planning hearing shall be held within 10 months of the dispositional hearing at which the foster care plan pursuant to § 16.1-281 was reviewed if the child (a) was placed through an agreement between the parents or guardians and the local board of social services where legal custody remains with the parents or guardians and such agreement has not been dissolved by court order; or (b) is under the legal custody of a local board of social services or a child welfare agency and has not had a petition to terminate parental rights filed on the child's behalf, has not been placed in permanent foster care, or is age 16 or over and the plan for the child is not independent living. The board or child welfare agency shall file a petition for a permanency planning hearing 30 days prior to the date of the permanency planning hearing scheduled by the court. The purpose of this hearing is to establish a permanent goal for the child and either to achieve the permanent goal or to defer such action through the approval of an interim plan for the child.

To achieve the permanent goal, the petition for a permanency planning hearing shall seek to (i) transfer the custody of the child to his prior family, or dissolve the board's placement agreement and return the child to his prior family; (ii) transfer custody of the child to a relative other than the child's prior family, subject to the provisions of subsection A1; (iii) terminate residual parental rights pursuant to § 16.1-277.01 or 16.1-283; (iv) place a child who is 16 years of age or older in permanent foster care pursuant to § 63.2-908; (v) if the child has been admitted to the United States as a refugee or asylee and has attained the age of 16 years or older and the plan is independent living, direct the board or agency to provide the child with services to transition from foster care; or (vi) place a child who is 16 years of age or older in another planned permanent living arrangement in accordance with the provisions of subsection A2. In cases in which a foster care plan approved prior to July 1, 2011, includes independent living as the goal for a child who is not admitted to the United States as an asylee or refugee, the petition shall direct the board or agency to provide the child with services to transition from foster care.

For approval of an interim plan, the petition for a permanency planning hearing shall seek to continue custody with the board or agency, or continue placement with the board through a parental agreement; or transfer custody to the board or child welfare agency from the parents or guardian of a child who has been in foster care through an agreement where the parents or guardian retains custody.

Upon receipt of the petition, if a permanency planning hearing has not already been scheduled, the court shall schedule such a hearing to be held within 30 days. The permanency planning hearing shall be held within 10 months of the dispositional hearing at which the foster care plan was reviewed pursuant to § 16.1-281. The provisions of subsection B of § 16.1-282 shall apply to this petition. The procedures of subsection C of § 16.1-282 and the provisions of subsection E of § 16.1-282 shall apply to the scheduling and notice of proceedings under this section.

A1. The following requirements shall apply to the transfer of custody of the child to a relative other than the child's prior family in accordance with the provisions of (ii) of subsection A of this section. Any order transferring custody of the child to a relative other than the child's prior family shall be entered only upon a finding, based upon a preponderance of the evidence, that the relative is one who, after an investigation as directed by the court, (i) is found by the court to be willing and qualified to receive and care for the child; (ii) is willing to have a positive, continuous relationship with the child; (iii) is committed to providing a permanent, suitable home for the child; and (iv) is willing and has the ability to protect the child from abuse and neglect; and the order shall so state. The court's order transferring custody to a relative should further provide, as appropriate, for any terms or conditions which would promote the child's interest and welfare.

A2. The following requirements shall apply to the selection and approval of placement in another planned permanent living arrangement as the permanent goal for the child in accordance with clause (vi) of subsection A of this section:

1. The board or child welfare agency shall petition for alternative (vi) of subsection A only if the child has a severe and chronic emotional, physical or neurological disabling condition for which the child requires long-term residential treatment; and the board or child welfare agency has thoroughly investigated the feasibility of the alternatives listed in clauses (i) through (v) of subsection A and determined that none of those alternatives is in the best interests of the child. In a foster care plan filed with the petition pursuant to this section, the board or agency shall document the following: (i) the investigation conducted of the placement alternatives listed in clauses (i) through (v) of subsection A and why each of these is not currently in the best interest of the child; (ii) at least one compelling reason why none of the alternatives listed in clauses (i) through (v) is achievable for the child at the time placement in another planned permanent living arrangement is selected as the permanent goal for the child; (iii) the identity of the long-term residential treatment service provider; (iv) the nature of the child's disability; (v) the anticipated length of time required for the child's treatment; and (vi) the status of the child's eligibility for admission and long-term treatment. The court shall ensure that the local department has documentation of the intensive, ongoing, and, as of the date of the hearing, unsuccessful efforts made to return the child home or secure a placement for the child with a fit and willing relative, including adult siblings, or an adoptive parent, including through efforts that utilize search technology, including social media, to find the child's biological family members. The court shall ask the child about the child's desired permanency outcome and make a judicial determination, accompanied by an explanation of the reasons that the alternatives listed in clauses (i) through (iii) of subsection A continue to not be in the best interest of the child.

2. Before approving alternative (vi) of subsection A as the plan for the child, the court shall find (i) that the child has a severe and chronic emotional, physical or neurological disabling condition; (ii) that the child requires long-term residential treatment for the disabling condition; and (iii) that none of the alternatives listed in clauses (i) through (v) of subsection A is achievable for the child at the time placement in another planned permanent living arrangement is approved as the

permanent goal for the child. If the board or agency petitions for alternative (vi), alternative (vi) may be approved by the court for a period of six months at a time.

3. At the conclusion of the permanency planning hearing, if alternative (vi) of subsection A is the permanent plan, the court shall schedule a hearing to be held within six months to review the child's placement in another planned permanent living arrangement in accordance with subdivision 4 of subsection A2. All parties present at the hearing at which clause (vi) of subsection A is approved as the permanent plan for the child shall be given notice of the date scheduled for the foster care review hearing. Parties not present shall be summoned to appear as provided in § 16.1-263. Otherwise, this subsection A2 shall govern the scheduling and notice for such hearings.

4. The court shall review a foster care plan for any child who is placed in another planned permanent living arrangement every six months from the date of the permanency planning hearing held pursuant to this subsection, so long as the child remains in the legal custody of the board or child welfare agency. The board or child welfare agency shall file such petitions for review pursuant to the provisions of § 16.1-282 and shall, in addition, include in the petition the information required by subdivision 1 of subsection A2 of this section. The petition for foster care review shall be filed no later than 30 days prior to the hearing scheduled in accordance with subdivision 3 of subsection A2. At the conclusion of the foster care review hearing, if alternative (vi) of subsection A remains the permanent plan, the court shall enter an order that states whether reasonable efforts have been made to place the child in a timely manner in accordance with the permanency plan and to monitor the child's status in another planned permanent living arrangement.

However, if at any time during the six-month approval periods permitted by this subsection, a determination is made by treatment providers that the child's need for long-term residential treatment for the child's disabling condition is eliminated, the board or agency shall immediately begin to plan for post-discharge services and shall, within 30 days of making such a determination, file a petition for a permanency planning hearing pursuant to subsection A of this section. Upon receipt of the petition, the court shall schedule a permanency planning hearing to be held within 30 days. The provisions of subsection B of § 16.1-282 shall apply to this petition. The procedures of subsection C of § 16.1-282 and the provisions of subsection E of § 16.1-282 shall apply to proceedings under this section.

A3. The following requirements shall apply to the selection and approval of permanent foster care pursuant to clause (iv) of subsection A:

1. The court shall ensure that the local department has documentation of the intensive, ongoing, and, as of the date of the hearing, unsuccessful efforts made to return the child home or secure a placement for the child with a fit and willing relative, including adult siblings, or an adoptive parent, including through efforts that utilize search technology, including social media, to find the child's biological family members.

2. The court shall ask the child about the child's desired permanency outcome and make a judicial determination, accompanied by an explanation of the reasons that the alternatives listed in clauses (i) through (iii) of subsection A continue to not be in the best interest of the child.

B. The following requirements shall apply to the selection and approval of an interim plan for the child in accordance with subsection A:

1. The board or child welfare agency shall petition for approval of an interim plan only if the board or child welfare agency has thoroughly investigated the feasibility of the alternatives listed in clauses (i) through (v) of subsection A and determined that none of those alternatives is in the best interest of the child. If the board or agency petitions for approval of an interim plan, such plan may be approved by the court for a maximum period of six months. The board or agency shall also file a foster care plan that (i) identifies a permanent goal for the child that corresponds with one of the alternatives specified in clauses (i) through (v) of subsection A; (ii) includes provisions for accomplishing the permanent goal within six months; and (iii) summarizes the investigation conducted of the alternatives listed in clauses (i) through (v) of subsection A and why achieving each of these is not in the best interest of the child at this time. *The foster care plan shall describe the child's placement, including the in-state and out-of-state placement options and whether the child's placement is in state or out of state. If the child's placement is out of state, the foster care plan shall provide the reason why the out-of-state placement is appropriate and in the best interests of the child.*

2. Before approving an interim plan for the child, the court shall find:

a. When returning home remains the plan for the child, that the parent has made marked progress toward reunification with the child, the parent has maintained a close and positive relationship with the child, and the child is likely to return home within the near future, although it is premature to set an exact date for return at the time of this hearing; or

b. When returning home is not the plan for the child, that marked progress is being made to achieve the permanent goal identified by the board or child welfare agency and that it is premature to set an exact date for accomplishing the goal at the time of this hearing. *The court shall consider the in-state and out-of-state placement options, and if the child has been placed out of state, determine whether the out-of-state placement is appropriate and in the best interests of the child.*

3. Upon approval of an interim plan, the court shall schedule a hearing to be held within six months to determine that the permanent goal is accomplished and to enter an order consistent with alternative (i), (ii), (iii), (iv), or (v) of subsection A. All parties present at the initial permanency planning hearing shall be given notice of the date scheduled for the second permanency planning hearing. Parties not present shall be summoned to appear as provided in § 16.1-263. Otherwise, subsection A shall govern the scheduling and notice for such hearings.

C. In each permanency planning hearing and in any hearing regarding the transition of the child from foster care to independent living, the court shall consult with the child in an age-appropriate manner regarding the proposed permanency plan or transition plan for the child, unless the court finds that such consultation is not in the best interests of the child.

D. At the conclusion of the permanency planning hearing held pursuant to this section, whether action is taken or deferred to achieve the permanent goal for the child, the court shall enter an order that states whether reasonable efforts have been made to reunite the child with the child's prior family, if returning home is the permanent goal for the child; or whether reasonable efforts have been made to achieve the permanent goal identified by the board or agency, if the goal is other than returning the child home.

In making this determination, the court shall give consideration to whether the board or agency has placed the child in a timely manner in accordance with the foster care plan and completed the steps necessary to finalize the permanent placement of the child.

**§ 63.2-910.2. Petition to terminate parental rights.**

A. If a child has been in foster care under the responsibility of a local board for 15 of the most recent 22 months or if the parent of a child in foster care has been convicted of an offense under the laws of the Commonwealth or a substantially similar law of any other state, the United States, or any foreign jurisdiction that constitutes (i) murder or voluntary manslaughter, or a felony attempt, conspiracy, or solicitation to commit any such offense, if the victim of the offense was a child of the parent, a child with whom the parent resided at the time such offense occurred, or the other parent of the child; or (ii) felony assault resulting in serious bodily injury or felony bodily wounding resulting in serious bodily injury or felony sexual assault, if the victim of the offense was a child of the parent or a child with whom the parent resided at the time of such offense, the local board shall file a petition to terminate the parental rights of the child's parents and concurrently identify, recruit, process, and approve a qualified family for adoption of the child, unless:

1. At the option of the local board, the child is being cared for by a relative;

2. The local board has determined that the filing of such a petition would not be in the best interests of the child and has documented a compelling reason for such determination in the child's foster care plan; or

3. The local board has not provided to the family of the child, within the time period established in the child's foster care plan, services deemed necessary for the child's safe return home or has not otherwise made reasonable efforts to return the child home, if required under § 473(a)(15)(B)(ii) of Title IV-E of the Social Security Act (42 U.S.C. § 673).

B. As used in this section, "serious bodily injury" means bodily injury that involves substantial risk of death, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ, or mental faculty.

**CHAPTER 193**

*An Act to amend and reenact §§ 63.2-900, 63.2-904, 63.2-1231, and 63.2-1232 of the Code of Virginia, relating to Adoption and Foster Care placements; Mutual Family Assessment home study.*

[H 1795]

Approved February 23, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 63.2-900, 63.2-904, 63.2-1231, and 63.2-1232 of the Code of Virginia are amended and reenacted as follows:**

**§ 63.2-900. Accepting children for placement in homes, facilities, etc., by local boards.**

A. Pursuant to § 63.2-319, a local board shall have the right to accept for placement in suitable family homes, children's residential facilities or independent living arrangements, subject to the supervision of the Commissioner and in accordance with regulations adopted by the Board, such persons under 18 years of age as may be entrusted to it by the parent, parents or guardian, committed by any court of competent jurisdiction, or placed through an agreement between it and the parent, parents or guardians where legal custody remains with the parent, parents, or guardians.

The Board shall adopt regulations for the provision of foster care services by local boards, which shall be directed toward the prevention of unnecessary foster care placements and towards the immediate care of and permanent planning for children in the custody of or placed by local boards and that shall achieve, as quickly as practicable, permanent placements

for such children. The local board shall first seek out kinship care options to keep children out of foster care and as a placement option for those children in foster care, if it is in the child's best interests, pursuant to § 63.2-900.1. In cases in which a child cannot be returned to his prior family or placed for adoption and kinship care is not currently in the best interests of the child, the local board shall consider the placement and services that afford the best alternative for protecting the child's welfare. Placements may include but are not limited to family foster care, treatment foster care and residential care. Services may include but are not limited to assessment and stabilization, diligent family search, intensive in-home, intensive wraparound, respite, mentoring, family mentoring, adoption support, supported adoption, crisis stabilization or other community-based services. The Board shall also approve in foster care policy the language of the agreement required in § 63.2-902. The agreement shall include at a minimum a Code of Ethics and mutual responsibilities for all parties to the agreement.

Within 30 days of accepting for foster care placement a person under 18 years of age whose father is unknown, the local board shall request a search of the Putative Father Registry established pursuant to Article 7 (§ 63.2-1249 et seq.) of Chapter 12 to determine whether any man has registered as the putative father of the child. If the search results indicate that a man has registered as the putative father of the child, the local board shall contact the man to begin the process to determine paternity.

The local board shall, in accordance with the regulations adopted by the Board and in accordance with the entrustment agreement or other order by which such person is entrusted or committed to its care, have custody and control of the person so entrusted or committed to it until he is lawfully discharged, has been adopted or has attained his majority.

Whenever a local board places a child where legal custody remains with the parent, parents or guardians, the board shall enter into an agreement with the parent, parents or guardians. The agreement shall specify the responsibilities of each for the care and control of the child.

The local board shall have authority to place for adoption, and to consent to the adoption of, any child properly committed or entrusted to its care when the order of commitment or entrustment agreement between the parent or parents and the agency provides for the termination of all parental rights and responsibilities with respect to the child for the purpose of placing and consenting to the adoption of the child.

The local board shall also have the right to accept temporary custody of any person under 18 years of age taken into custody pursuant to subdivision B of § 16.1-246 or § 63.2-1517. The placement of a child in a foster home, whether within or without the Commonwealth, shall not be for the purpose of adoption unless the placement agreement between the foster parents and the local board specifically so stipulates.

B. Prior to the approval of any family for placement of a child, a home study shall be completed and the prospective foster or adoptive parents shall be informed that information about shaken baby syndrome, its effects, and resources for help and support for caretakers is available on a website maintained by the Department as prescribed in regulations adopted by the Board. *Home studies by local boards shall be conducted in accordance with the Mutual Family Assessment home study template and any addenda thereto developed by the Department.*

C. Prior to placing any such child in any foster home or children's residential facility, the local board shall enter into a written agreement with the foster parents, pursuant to § 63.2-902, or other appropriate custodian setting forth therein the conditions under which the child is so placed pursuant to § 63.2-902. However, if a child is placed in a children's residential facility licensed as a temporary emergency shelter, and a verbal agreement for placement is secured within eight hours of the child's arrival at the facility, the written agreement does not need to be entered into prior to placement, but shall be completed and signed by the local board and the facility representative within 24 hours of the child's arrival or by the end of the next business day after the child's arrival.

D. Within 72 hours of placing a child of school age in a foster care placement, as defined in § 63.2-100, the local social services agency making such placement shall, in writing, (i) notify the principal of the school in which the student is to be enrolled and the superintendent of the relevant school division or his designee of such placement, and (ii) inform the principal of the status of the parental rights.

If the documents required for enrollment of the foster child pursuant to § 22.1-3.1, 22.1-270 or 22.1-271.2, are not immediately available upon taking the child into custody, the placing social services agency shall obtain and produce or otherwise ensure compliance with such requirements for the foster child within 30 days after the child's enrollment.

**§ 63.2-904. Investigation, visitation, and supervision of foster homes or independent living arrangement; removal of child.**

A. Before placing or arranging for the placement of any such child in a foster home or independent living arrangement, a local board or licensed child-placing agency shall cause a careful study to be made to determine the suitability of such home or independent living arrangement, and after placement shall cause such home or independent living arrangement and child to be visited as often as necessary to protect the interests of such child. *Home studies by local boards shall be conducted in accordance with the Mutual Family Assessment home study template and any addenda thereto developed by the Department.*

B. Every local board or licensed child-placing agency that places a child in a foster home or independent living arrangement shall maintain such supervision over such home or independent living arrangement as shall be required by the standards and policies established by the Board.

C. Whenever any child placed by a local board or licensed child-placing agency and still under its control or supervision is subject, in the home in which he is placed, to unwholesome influences or to neglect or mistreatment, or

whenever the Commissioner shall so order, such local board or agency shall cause the child to be removed from such home and shall make for him such arrangements as may be approved by the Commissioner.

D. Consistent with the reasonable and prudent parent standard defined in 42 U.S.C. § 675(10)(A), caregivers for children in foster care shall support normalcy for such children. The Board shall adopt regulations to assist local boards and licensed child-placing agencies in carrying out practices that support careful and sensible parental decisions that maintain the health, safety, and best interest of the child while at the same time encouraging his emotional and developmental growth.

**§ 63.2-1231. Home study; meeting required; exception.**

A. Prior to the consent hearing in the juvenile and domestic relations district court, a home study of the adoptive parent(s) shall be completed by a licensed or duly authorized child-placing agency and the prospective adoptive parents shall be informed that information about shaken baby syndrome, its effects, and resources for help and support for caretakers is available on a website maintained by the Department in accordance with regulations adopted by the Board. ~~The Home studies by local boards shall be conducted in accordance with the Mutual Family Assessment home study template and any addenda thereto developed by the Department. All home study studies conducted pursuant to this section, whether by a local board or a child-placing agency,~~ shall make inquiry as to (i) whether the prospective adoptive parents are financially able, morally suitable, and in satisfactory physical and mental health to enable them to care for the child; (ii) the physical and mental condition of the child, if known; (iii) the circumstances under which the child came to live, or will be living, in the home of the prospective adoptive family, as applicable; (iv) what fees have been paid by the prospective adoptive family or in their behalf in the placement and adoption of the child; (v) whether the requirements of subdivisions A 1, A 2, A 3, and A 5 of § 63.2-1232 have been met; and (vi) any other matters specified by the circuit court. In the course of the home study, the agency social worker, family-services specialist, or other qualified equivalent worker shall meet at least once with the birth parent(s) and at least once with the prospective adoptive parents. Upon agreement of both parties, such meetings may occur simultaneously or separately.

B. Any home study conducted pursuant to this section for the purpose of parental placement or agency placement shall be valid for a period of 36 months from the date of completion of the study. However, the Board may, by regulation, require an additional state criminal background check before finalizing an adoption if more than 18 months have passed from the completion of the home study.

**§ 63.2-1232. Requirements of a parental placement adoption; exception.**

A. The juvenile and domestic relations district court shall not accept consent until it determines that:

1. The birth parent(s) are aware of alternatives to adoption, adoption procedures, and opportunities for placement with other adoptive families, and that the birth parents' consent is informed and uncoerced.

2. A licensed or duly authorized child-placing agency has counseled the prospective adoptive parents with regard to alternatives to adoption, adoption procedures, including the need to address the parental rights of birth parents, the procedures for terminating such rights, and opportunities for adoption of other children; that the prospective adoptive parents' decision is informed and uncoerced; and that they intend to file an adoption petition and proceed toward a final order of adoption.

3. The birth parent(s) and adoptive parents have exchanged identifying information including but not limited to full names, addresses, physical, mental, social and psychological information and any other information necessary to promote the welfare of the child, unless both parties agree in writing to waive the disclosure of full names and addresses.

4. Any financial agreement or exchange of property among the parties and any fees charged or paid for services related to the placement or adoption of the child have been disclosed to the court and that all parties understand that no binding contract regarding placement or adoption of the child exists.

5. There has been no violation of the provisions of § 63.2-1218 in connection with the placement; however, if it appears there has been such violation, the court shall not reject consent of the birth parent to the adoption for that reason alone but shall report the alleged violation as required by § 63.2-1219.

6. A licensed or duly authorized child-placing agency has conducted a home study of the prospective adoptive home in accordance with regulations established by the Board *and, in the case of home studies by local boards, in accordance with the Mutual Family Assessment home study template and any addenda thereto developed by the Department*, and has provided to the court a report of such home study, which shall contain the agency's recommendation regarding the suitability of the placement. A married couple or an unmarried individual shall be eligible to receive placement of a child for adoption.

7. The birth parent(s) have been informed of their opportunity to be represented by legal counsel.

B. The juvenile and domestic relations district court shall not accept the consent if the requirements of subsection A have not been met. In such cases, it shall refer the birth parent to a licensed or duly authorized child-placing agency for investigation and recommendation in accordance with §§ 63.2-1208 and 63.2-1238. If the juvenile and domestic relations district court determines that any of the parties is financially unable to obtain the required services, it shall refer the matter to the local director.

C. In cases in which a birth parent who resides in the Commonwealth places his child for adoption with adoptive parents in another state and the laws of that receiving state govern the proceeding for adoption, the birth parent may elect to waive the execution of consent pursuant to § 63.2-1233 and instead execute consent to the adoption pursuant to the laws of the receiving state. Any waiver of consent made pursuant to this subsection shall be made under oath and in writing, and shall expressly state that the birth parent has received independent legal counsel from an attorney licensed in the

Commonwealth of Virginia advising him of the laws of the Commonwealth, the laws of the receiving state pursuant to which he elects to consent to the adoption, and the effects of his waiver of consent pursuant to § 63.2-1233 and election to consent pursuant to the laws of the receiving state. Any waiver of consent and election to consent pursuant to the laws of a receiving state shall include the name, address, and telephone number of such legal counsel. Failure to comply with this section shall render a waiver of consent pursuant to § 63.2-1233 and election to consent pursuant to the laws of the receiving state as authorized by this subsection invalid.

D. When consent to a parental placement adoption is sought pursuant to this article and the prospective adoptive parent(s) have had continuous physical and legal custody of the child for five or more years, the juvenile and domestic relations district court may, in its discretion, accept consent without (i) a home study as required by subsection A of § 63.2-1231 and subdivision A 6 of this section and (ii) the meeting and counseling requirements, as they relate to the prospective adoptive parent(s), listed in subsection A of § 63.2-1231 and subdivision A 2 of this section. All other provisions of the parental placement adoption statutes shall apply.

**2. That the Department of Social Services is authorized to amend or update its Mutual Family Assessment home study template and any addenda thereto when necessary to improve the process of adoptive and foster placements, provided such amendments or updates do not lessen the requirements of the home study process.**

### CHAPTER 194

*An Act to amend and reenact § 63.2-901.1 of the Code of Virginia, relating to Fostering Futures program; background check.*

[H 1942]

Approved February 23, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 63.2-901.1 of the Code of Virginia is amended and reenacted as follows:**

**§ 63.2-901.1. Criminal history and central registry check for placements of children.**

A. Each local board and licensed child-placing agency shall obtain, in accordance with regulations adopted by the Board, criminal history record information from the Central Criminal Records Exchange and the Federal Bureau of Investigation through the Central Criminal Records Exchange and the results of a search of the child abuse and neglect central registry of any individual with whom the local board or licensed child-placing agency is considering placing a child on an emergency, temporary or permanent basis, including the birth parent of a child in foster care placement, unless the birth parent has revoked an entrustment agreement pursuant to § 63.2-1223 or 63.2-1817 or a local board or birth parent revokes a placement agreement while legal custody remains with the parent, parents, or guardians pursuant to § 63.2-900. The local board or licensed child-placing agency shall also obtain such background checks on all adult household members residing in the home of the individual with whom the child is to be placed pursuant to subsection B. Such state criminal records or registry search shall be at no cost to the individual. The local board or licensed child-placing agency shall pay for the national fingerprint criminal history record check or may require such individual to pay the cost of the fingerprinting or the national fingerprinting criminal history record check or both. In addition to the fees assessed by the Federal Bureau of Investigation, the designated state agency may assess a fee for responding to requests required by this section.

B. Background checks pursuant to this section require the following:

1. A sworn statement or affirmation disclosing whether or not the individual has a criminal conviction or is the subject of any pending criminal charges within or outside the Commonwealth and whether or not the individual has been the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth;

2. That the individual submit to fingerprinting and provide personal descriptive information to be forwarded along with the individual's fingerprints through the Central Criminal Records Exchange to the Federal Bureau of Investigation for the purpose of obtaining criminal history record information. The local board or licensed child-placing agency shall inform the individual that he is entitled to obtain a copy of any background check report and to challenge the accuracy and completeness of any such report and obtain a prompt resolution before a final decision is made of the individual's fitness to have responsibility for the safety and well-being of children.

The Central Criminal Records Exchange, upon receipt of an individual's record or notification that no record exists, shall forward it to the designated state agency. The state agency shall, upon receipt of an individual's record lacking disposition data, conduct research in whatever state and local recordkeeping systems are available in order to obtain complete data. The state agency shall report to the local board or licensed child-placing agency whether the individual meets the criteria for having responsibility for the safety and well-being of children based on whether or not the individual has ever been convicted of or is the subject of pending charges set forth in § 63.2-1719 or an equivalent set forth in another state. Copies of any information received by a local board or licensed child-placing agency pursuant to this section shall be available to the state agency that regulates or operates such a child-placing agency but shall not be disseminated further; and

3. A search of the central registry maintained pursuant to § 63.2-1515 for any founded complaint of child abuse or neglect. In addition, a search of the child abuse and neglect registry maintained by any other state pursuant to the Adam Walsh Child Protection and Safety Act of 2006, Pub. L. 109-248, in which a prospective parent or other adult in the home has resided in the preceding five years.

C. In emergency circumstances, each local board may obtain, from a criminal justice agency, criminal history record information from the Central Criminal Records Exchange and the Federal Bureau of Investigation through the Virginia Criminal Information Network (VCIN) for the criminal records search authorized by this section. Within three days of placing a child, the local board shall require the individual for whom a criminal history record information check was requested to submit to fingerprinting and provide personal descriptive information to be forwarded along with the fingerprints through the Central Criminal Records Exchange to the Federal Bureau of Investigation for the purpose of obtaining criminal record history information, pursuant to subsection B. The child shall be removed from the home immediately if any adult resident fails to provide such fingerprints and written permission to perform a criminal history record check when requested.

D. Any individual with whom the local board is considering placing a child on an emergency basis shall submit to a search of the central registry maintained pursuant to § 63.2-1515 and the Adam Walsh Child Protection and Safety Act of 2006, Pub. L. 109-248 for any founded complaint of child abuse or neglect. The search of the central registry must occur prior to emergency placement. Such central registry search shall be at no cost to the individual. Prior to emergency placement, the individual shall provide a written statement of affirmation disclosing whether he has ever been the subject of a founded case of child abuse or neglect within or outside the Commonwealth. Child-placing agencies shall not approve individuals with a founded complaint of child abuse as foster or adoptive parents.

E. The child-placing agency shall not approve a foster or adoptive home if any individual has a record of an offense defined in § 63.2-1719 or a founded complaint of abuse or neglect as maintained in registries pursuant to § 63.2-1515 and 42 U.S.C.S. 16901 et seq. A child-placing agency may approve as a foster parent an applicant convicted of not more than one misdemeanor as set out in § 18.2-57, not involving the abuse, neglect, or moral turpitude of a minor, provided 10 years have elapsed following the conviction.

F. A local board or child-placing agency may approve as a kinship foster care parent an applicant convicted of the following offenses, provided that 10 years have elapsed from the date of the conviction and the local board or child-placing agency makes a specific finding that approving the kinship foster care placement would not adversely affect the safety and well-being of the child: (i) a felony conviction for possession of drugs as set out in Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2, but not including a felony conviction for possession of drugs with the intent to distribute; (ii) a misdemeanor conviction for arson as set out in Article 1 (§ 18.2-77 et seq.) of Chapter 5 of Title 18.2; or (iii) an equivalent offense in another state.

G. *Any individual participating in the Fostering Futures program, which allows local departments to continue to provide foster care services to individuals who are 18 years of age or older but have not reached 21 years of age, who is placed in a foster home shall be subject to the background check requirements set forth in subsection B. The results of such background check shall be used for the sole purpose of determining whether other children should be placed or remain in the same foster home as the individual subject to the background check. The results of the background check shall not be used to terminate or suspend the approval of the foster home pursuant to subsection E. For purposes of this subsection, "individual participating in the Fostering Futures program" means a person who is 18 years of age or older but has not reached 21 years of age and is receiving foster care services through the Fostering Futures program.*

## CHAPTER 195

*An Act to amend and reenact §§ 63.2-100 and 63.2-1606 of the Code of Virginia, relating to adult exploitation.*

[H 1945]

Approved February 23, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 63.2-100 and 63.2-1606 of the Code of Virginia are amended and reenacted as follows:**

**§ 63.2-100. Definitions.**

As used in this title, unless the context requires a different meaning:

"Abused or neglected child" means any child less than 18 years of age:

1.
