E. The hiring provider and a screening contractor designated by the Department shall screen applicants who meet the criteria set forth in subsections C and D to assess whether the applicants have been rehabilitated successfully and are not a risk to individuals receiving services based on their criminal history backgrounds and substance abuse or mental illness histories.

H. The cost of obtaining the criminal history record and search of the child abuse and neglect registry record shall be borne by the applicant, unless the provider licensed pursuant to this article decides to pay the cost.

B. Every community services board shall require (i) any applicant who accepts employment in any direct care position with the community services board, (ii) any applicant for approval as a sponsored residential service provider, (iii) any adult living in the home of an applicant for approval as a sponsored residential service provider, (iv) any person employed by a sponsored residential service provider to provide services in the home, and (v) any person who enters into a shared living arrangement with a person receiving medical assistance services pursuant to a waiver to submit to fingerprinting and provide personal descriptive information to be forwarded through the Central Criminal Records Exchange to the Federal Bureau of Investigation (FBI) for the purpose of obtaining national criminal history record information regarding the applicant. If any applicant is denied employment because of information appearing on his criminal history record and the applicant disputes the information upon which the denial was based, the Central Criminal Records Exchange shall, upon written request, furnish to the applicant the procedures for obtaining a copy of the criminal history record from the FBI. The information provided to the executive director or personnel director of any community services board shall not be disseminated except as provided in this section.

C. D. Notwithstanding the provisions of subsection B, the community services board may hire for compensated employment at adult substance abuse treatment programs a person who has been convicted of not more than one offense of assault and battery of a law-enforcement officer under § 18.2-57, or an equivalent offense in another state, if (i) the person has been granted a simple pardon if the offense was a felony committed in Virginia, or the equivalent if the offense was committed in another state; (ii) more than 10 years have elapsed since the conviction; and (iii) the hiring community services board determines, based upon a screening assessment, that the criminal behavior was substantially related to the applicant’s substance abuse and that the person has been successfully rehabilitated and is not a risk to individuals receiving services based on his criminal history background and his substance abuse history.

E. The community services board and a screening contractor designated by the Department shall screen applicants who meet the criteria set forth in subsections C and D to assess whether the applicants have been rehabilitated successfully and are not a risk to individuals receiving services based on their criminal history backgrounds and substance abuse or mental illness histories. To be eligible for such screening, the applicant shall have completed all prison or jail terms, shall not be under probation or parole supervision, shall have no pending charges in any locality, shall have paid all fines, restitution, and court costs for any prior convictions, and shall have been free of parole or probation for at least five years for all convictions. In addition to any supplementary information the community services board or screening contractor may require or the applicant may wish to present, the applicant shall provide to the screening contractor a statement from his most recent probation or parole officer, if any, outlining his period of supervision and a copy of any pre-sentencing or post-sentencing report on connection with the felony conviction. The cost of this screening shall be paid by the applicant, unless the board decides to pay the cost.

F. Notwithstanding the provisions of subsection B, a community services board may (i) hire for compensated employment, (ii) approve as a sponsored residential service provider, or (iii) permit to enter into a shared living arrangement persons who have been convicted of not more than one misdemeanor offense under § 18.2-57 or 18.2-57.2, if 10 years have elapsed following the conviction, unless the person committed the offense while employed in a direct care position. G. Community services boards also shall require, as a condition of employment, approval as a sponsored residential service provider, or permission to enter into a shared living arrangement with a person receiving medical assistance services pursuant to a waiver, written consent and personal information necessary to obtain a search of the registry of founded complaints of child abuse and neglect that is maintained by the Department of Social Services pursuant to § 63.2-1515.

H. The cost of obtaining the criminal history record and search of the child abuse and neglect registry record shall be borne by the applicant, unless the community services board decides to pay the cost.

I. A person who complies in good faith with the provisions of this section shall not be liable for any civil damages for any act or omission in the performance of duties under this section unless the act or omission was the result of gross negligence or willful misconduct.

CHAPTER 776
An Act to amend the Code of Virginia by adding a section numbered 46.2-410.2, relating to revocation or suspension of driver's licenses; laws of other jurisdictions.

[H 1525]

Approved April 5, 2017

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 46.2-410.2 as follows:

§ 46.2-410.2. License suspension or revocation by Commissioner; offenses under the laws of other jurisdictions.

Notwithstanding any other provision of this chapter, the Commissioner shall not administratively revoke or suspend the driver's license of any person on the basis of receiving a record of such person's conviction for any offense under the laws of another jurisdiction that would otherwise require the Commissioner to revoke or suspend such person's driver's license unless such offense is substantially similar to an offense under the laws of the Commonwealth or a county, city, or town ordinance. Whenever the Commissioner is required to determine whether the law of another jurisdiction is substantially similar to the laws of the Commonwealth, or a county, city, or town ordinance, such determination shall be based only on the text of the other jurisdiction's law without reference to the particular circumstances of any conviction under such other jurisdiction's laws. However, if the Commissioner cannot reasonably determine from the text of the other jurisdiction's law whether such law is substantially similar to the laws of the Commonwealth, or a county, city, or town ordinance, the Commissioner may, if available, review a certified copy of the final order of the person's conviction in order to make such determination.

2. That the Department of Motor Vehicles shall reinstate a person's driver's license that was administratively revoked or suspended prior to July 1, 2017, by the Commissioner of the Department of Motor Vehicles solely on the basis of receiving a record of such person's conviction for any offense under the laws of another jurisdiction if, on a form promulgated by the Department of Motor Vehicles, such person submits to the Department of Motor Vehicles a request to review such suspension or revocation and the Department of Motor Vehicles determines that such suspension or revocation was based on a conviction not in compliance with the provisions of this act. The person requesting the review shall submit with the form a copy of the other jurisdiction's statute under which he was convicted that was in effect at the time of the conviction and a certified copy of the final order of conviction from the other jurisdiction. Any refusal by the Department of Motor Vehicles to reinstate a person's driver's license shall be reviewable in accordance with the provisions of § 46.2-410.1 of the Code of Virginia. The provisions of this act shall not apply to any disqualification of eligibility to operate a commercial motor vehicle imposed by the Commissioner of the Department of Motor Vehicles pursuant to Article 6.1 (§ 46.2-341.1 et seq.) of Chapter 3 of Title 46.2 of the Code of Virginia. Nothing herein shall require the Department of Motor Vehicles to reinstate a person's driver's license if such license was otherwise suspended or revoked.

CHAPTER 777
An Act to amend and reenact § 38.2-401 of the Code of Virginia, relating to the Fire Programs Fund; rate of assessment; allocations.

[H 1532]

Approved April 5, 2017

Be it enacted by the General Assembly of Virginia:

1. That § 38.2-401 of the Code of Virginia is amended and reenacted as follows:

§ 38.2-401. Fire Programs Fund.

A. 1. There is hereby established in the state treasury a special nonreverting fund to be known as the Fire Programs Fund, hereinafter referred to as "the Fund." The Fund shall be administered by the Department of Fire Programs under policies and definitions established by the Virginia Fire Services Board. All moneys collected pursuant to the assessment made by the Commission pursuant to subdivision 2 of this subsection shall be paid into the state treasury and credited to the Fund. The Fund shall also consist of any moneys appropriated thereto by the General Assembly and any grants or other
moneys received by the Virginia Fire Services Board or Department of Fire Programs for the purposes set forth in this section. Any moneys deposited to or remaining in such Fund during or at the end of each fiscal year or biennium, including interest thereon, shall not revert to the general fund but shall remain in the Fund. Interest earned on all moneys in the Fund and interest earned on moneys held by the Commission pursuant to subdivision 2 of this subsection prior to the deposit of such moneys into the Fund, including interest earned on such moneys during any period when the Commission is reconciling payments from insurers, shall remain in or be deposited into the Fund, as the case may be, and be credited to it. Such interest shall be set aside for fire service purposes in accordance with policies developed by the Virginia Fire Services Board. Notwithstanding any other provision of law to the contrary, policies established by the Virginia Fire Services Board for the administration of the Fund, and any grants provided from the Fund, that are not inconsistent with the purposes set out in this section shall be binding upon any locality that accepts such funds or related grants. The Commission shall be reimbursed from the Fund for all expenses necessary for the administration of this section. The balance of moneys in the Fund shall be allocated periodically as provided in this section. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Executive Director of the Department of Fire Programs (Director) or his designee.

2. The Commission shall annually assess against all licensed insurance companies doing business in the Commonwealth by writing any type of insurance as defined in §§ 38.2-110, 38.2-111, 38.2-126, 38.2-130 and 38.2-131 and those combination policies as defined in § 38.2-1921 that contain insurance as defined in §§ 38.2-110, 38.2-111 and 38.2-126, an assessment in the amount of one percent of the total direct gross premium income for such insurance. Such assessment shall be apportioned, assessed and paid as prescribed by § 38.2-403. In any year in which a company has no direct gross premium income or in which its direct gross premium income is insufficient to produce at the rate of assessment prescribed by law an amount equal to or in excess of $100, there shall be so apportioned and assessed against such company a contribution of $100.

B. After reserving funds for the Fire Services Grant Program and Dry Fire Hydrant Grant Program pursuant to subsection D, $80 percent of the remaining moneys available for allocation from the Fund shall be allocated to the several counties, cities and towns of the Commonwealth providing fire service operations to be used for the improvement of volunteer and career fire services in each of the receiving localities. Funds allocated to the counties, cities and towns pursuant to this subsection shall not be used directly or indirectly to supplant or replace any other funds appropriated by the counties, cities and towns for fire service operations. Such funds shall be used solely for the purposes of training volunteer or career firefighting personnel in each of the receiving localities; funding fire prevention and public safety education programs; constructing, improving and expanding regional or local fire service training facilities; purchasing emergency medical care and equipment for fire personnel; payment of personnel costs related to fire and medical training for fire personnel; or for purchasing personal protective equipment, vehicles, equipment and supplies for use in the receiving locality specifically for fire service purposes. Notwithstanding any other provision of the Code, when localities use such funds to construct, improve or expand fire service training facilities, fire-related training provided at such training facilities shall be by instructors certified or approved according to policies developed by the Virginia Fire Services Board. Distribution of this $80 percent of the Fund shall be made on the basis of population as provided for in §§ 4.1-116 and 4.1-117; however, no county or city eligible for such funds shall receive less than $10,000, nor eligible town less than $4,000. The Virginia Fire Services Board shall be authorized to exceed allocations of $10,000 for eligible counties and cities and $4,000 for eligible towns, respectively. Allocations to counties, cities, and towns receiving such allocations shall be fair and equitable as set forth in Board policy. Any increases or decreases in such allocations shall be uniform for all localities. In order to remain eligible for such funds, each receiving locality shall report annually to the Department on the use of the funds allocated to it for the previous year and shall provide a completed Fire Programs Fund Disbursement Agreement form. Each receiving locality shall be responsible for certifying the proper use of the funds. If, at the end of any annual reporting period, a satisfactory report and a completed agreement form have not been submitted by a receiving locality, any funds due to that locality for the next year shall not be retained. Such funds shall be added to the $80 percent of the Fund allocated to the counties, cities, and towns of the Commonwealth for improvement of fire services in localities.

C. The remainder of the moneys available for allocation from the Fund shall be used for (i) the purposes of carrying out the powers and duties assigned to the Department of Fire Programs under Chapter 2 (§ 9.1-200) of Title 9.1, which shall include providing funded training and administrative support services for nonfunded training to localities and (ii) the payment of the compensation and costs of expenses of the members of the Fire Services Board in performing their official duties; however, the Fund shall not be used for salaries or operating expenses associated with the Office of the State Fire Marshal.

D. The Fire Services Grant Program is hereby established and will be used as grants to provide regional fire services training facilities, to finance the Virginia Fire Incident Reporting System and to build or repair burn buildings as determined by the Virginia Fire Services Board. Beginning January 1, 1996, $1 million from the assessments made pursuant to this section shall be distributed each year for the Fire Services Grant Program to be used as herein provided, and $100,000 shall be distributed annually for continuing the statewide Dry Fire Hydrant Grant Program. Moneys allocated pursuant to this subsection shall be used for the purposes stated in this subsection, and for no other purpose. All grants provided from these programs shall be administered by the Department according to the policies established by the Virginia Fire Services Board.

E. Moneys in the Fund shall not be diverted or expended for any purpose not authorized by this section.
F. The Director shall establish written standards for determining the extent to which clients outside the Commonwealth shall be financially responsible for the cost of fire and emergency services training provided by the Department of Fire Programs. Revenues generated by such training shall be retained in the Fire Programs Fund and may be used solely for providing additional funded direct training to members of Virginia's fire and emergency services.

2. That the provisions of this act shall not become effective unless reenacted by the 2018 Session of the General Assembly.

"Closed meeting" means a meeting from which the public is excluded.
"Electronic communication" means any audio or combined audio and visual communication method.
"Emergency" means an unforeseen circumstance rendering the notice required by this chapter impossible or impracticable and which circumstance requires immediate action.
"Information" as used in the exclusions established by §§ 2.2-3705.1 through 2.2-3705.7, means the content within a public record that references a specifically identified subject matter, and shall not be interpreted to require the production of information that is not embodied in a public record.
"Meeting" or "meetings" means the meetings including work sessions, when sitting physically, or through telephonic or video equipment pursuant to § 2.2-3708 or 2.2-3708.1, as a body or entity, or as an informal assemblage of (i) as many as three members or (ii) a quorum, if less than three, of the constituent membership, wherever held, with or without minutes being taken, whether or not votes are cast, of any public body. Neither the gathering of employees of a public body nor the gathering or attendance of two or more members of a public body (i) at any place or function where no part of the purpose of such gathering or attendance is the discussion or transaction of any public business, and such gathering or attendance was not called or prearranged with any purpose of discussing or transacting any business of the public body, or (ii) at a public forum, candidate appearance, or debate, the purpose of which is to inform the electorate and not to transact public business or to hold discussions relating to the transaction of public business, even though the performance of the members individually or collectively in the conduct of public business may be a topic of discussion or debate at such public meeting, shall be deemed a "meeting" subject to the provisions of this chapter.

It shall not exclude any such committee, subcommittee or entity because it has private sector or citizen members. Corporations organized by the Virginia Retirement System are "public bodies" for purposes of this chapter.

For the purposes of the provisions of this chapter applicable to access to public records, constitutional officers and private police departments as defined in § 9.1-101 shall be considered public bodies and, except as otherwise expressly provided by law, shall have the same obligations to disclose public records as other custodians of public records.

§ 2.2-3704. Public records to be open to inspection; procedure for requesting records and responding to request; charges; transfer of records for storage, etc.

A. Except as otherwise specifically provided by law, all public records shall be open to inspection and copying by any citizens of the Commonwealth, representatives of newspapers and magazines with circulation in the Commonwealth, and representatives of radio and television stations broadcasting in or into the Commonwealth during the regular office hours of the custodian of such records. Access to such records shall not be denied to citizens of the Commonwealth, representatives of newspapers and magazines with circulation in the Commonwealth, and representatives of radio and television stations broadcasting in or into the Commonwealth be provided by the custodian in accordance with this chapter by inspection or by providing copies of the requested records, at the option of the requester. The custodian may require the requester to provide his name and legal address. The custodian of such records shall take all necessary precautions for their preservation and safekeeping.

B. A request for public records shall identify the requested records with reasonable specificity. The request need not make reference to this chapter in order to invoke the provisions of this chapter or to impose the time limits for response by a public body. Any public body that is subject to this chapter and that is the custodian of the requested records shall promptly, but in all cases within five working days of receiving a request, provide the requested records to the requester or make one of the following responses in writing:

1. The requested records are being entirely withheld. Such response shall identify with reasonable particularity the volume and subject matter of withheld records, and cite, as to each category of withheld records, the specific Code section that authorizes the withholding of the records.

2. The requested records are being provided in part and are being withheld in part. Such response shall identify with reasonable particularity the subject matter of withheld portions, and cite, as to each category of withheld records, the specific Code section that authorizes the withholding of the records.

3. The requested records could not be found or do not exist. However, if the public body that received the request knows that another public body has the requested records, the response shall include contact information for the other public body.

4. It is not practically possible to provide the requested records or to determine whether they are available within the five-work-day period. Such response shall specify the conditions that make a response impossible. If the response is made within five working days, the public body shall have an additional seven work days in which to provide one of the four preceding responses.

C. Any public body may petition the appropriate court for additional time to respond to a request for records when the request is for an extraordinary volume of records or requires an extraordinarily lengthy search, and a response by the public body within the time required by this chapter will prevent the public body from meeting its operational responsibilities. Before proceeding with the petition, however, the public body shall make reasonable efforts to reach an agreement with the requester concerning the production of the records requested.

D. Subject to the provisions of subsection G, no public body shall be required to create a new record if the record does not already exist. However, a public body may abstract or summarize information under such terms and conditions as agreed between the requester and the public body.

E. Failure to respond to a request for records shall be deemed a denial of the request and shall constitute a violation of this chapter.

F. A public body may make reasonable charges not to exceed its actual cost incurred in accessing, duplicating, supplying, or searching for the requested records. No public body shall impose any extraneous, intermediary, or surplus fees or expenses to recoup the general costs associated with creating or maintaining records or transacting the general business of the public body. Any duplicating fee charged by a public body shall not exceed the actual cost of duplication. The public body may also make a reasonable charge for the cost incurred in supplying records produced from a geographic information system at the request of anyone other than the owner of the land that is the subject of the request. However, such charges shall not exceed the actual cost to the public body in supplying such records, except that the public body may charge, on a pro rata per acre basis, for the cost of creating topographical maps developed by the public body, for such maps or portions thereof, which encompass a contiguous area greater than 50 acres. All charges for the supplying of requested records shall be estimated in advance at the request of the citizen.

G. Public records maintained by a public body in an electronic data processing system, computer database, or any other structured collection of data shall be made available to a requester at a reasonable cost, not to exceed the actual cost in accordance with subsection F. When electronic or other databases are combined or contain exempt and nonexempt records, the public body may provide access to the exempt records if not otherwise prohibited by law, but shall provide access to the nonexempt records as provided by this chapter.

Public bodies shall produce nonexempt records maintained in an electronic database in any tangible medium identified by the requester, including, where the public body has the capability, the option of posting the records on a website or
delivering the records through an electronic mail address provided by the requester, if that medium is used by the public body in the regular course of business. No public body shall be required to produce records from an electronic database in a format not regularly used by the public body. However, the public body shall make reasonable efforts to provide records in any format under such terms and conditions as agreed between the requester and public body, including the payment of reasonable costs. The excision of exempt fields of information from a database or the conversion of data from one available format to another shall not be deemed the creation, preparation, or compilation of a new public record.

H. In any case where a public body determines in advance that charges for producing the requested records are likely to exceed $200, the public body may, before continuing to process the request, require the requester to agree to payment of a deposit not to exceed the amount of the advance determination. The deposit shall be credited toward the final cost of supplying the requested records. The period within which the public body shall respond under this section shall be tolled for the amount of time that elapses between notice of the advance determination and the response of the requester.

1. Before processing a request for records, a public body may require the requester to pay any amounts owed to the public body for previous requests for records that remain unpaid 30 days or more after billing.

2. 49. Discussion or development of grant proposals by a regional council established pursuant to Article 26 (§ 2.2-2484 et seq.) of Chapter 24 to be submitted for consideration to the Virginia Growth and Opportunity Board.

B. No resolution, ordinance, rule, contract, regulation or motion adopted, passed or agreed to in a closed meeting shall become effective unless the public body, following the meeting, reconvenes in open meeting and takes a vote of the membership on such resolution, ordinance, rule, contract, regulation, or motion that shall have its substance reasonably identified in the open meeting.

C. Public officers improperly selected due to the failure of the public body to comply with the other provisions of this section shall be de facto officers and, as such, their official actions are valid until they obtain notice of the legal defect in their election.

D. Nothing in this section shall be construed to prevent the holding of conferences between two or more public bodies, or their representatives, but these conferences shall be subject to the same procedures for holding closed meetings as are applicable to any other public body.

E. This section shall not be construed to (i) require the disclosure of any contract between the Department of Health Professions and an impaired practitioner entered into pursuant to Chapter 25.1 (§ 54.1-2515 et seq.) of Title 54.1 or (ii) require the board of directors of any authority created pursuant to the Industrial Development and Revenue Bond Act (§ 15.2-4900 et seq.), or any public body empowered to issue industrial revenue bonds by general or special law, to identify
a business or industry to which subdivision A 5 applies. However, such business or industry shall be identified as a matter of public record at least 30 days prior to the actual date of the board's authorization of the sale or issuance of such bonds.

§ 2.2-3714. Violations and penalties.

In a proceeding commenced against any officer, employee, or member of a public body under § 2.2-3713 for a violation of § 2.2-3704, 2.2-3705.1 through 2.2-3705.8, 2.2-3705.7, 2.2-3706, 2.2-3707, 2.2-3708, 2.2-3708.1, 2.2-3710, 2.2-3711 or 2.2-3712, the court, if it finds that a violation was willfully and knowingly made, shall impose upon such officer, employee, or member in his individual capacity, whether a writ of mandamus or injunctive relief is awarded or not, a civil penalty of not less than $500 nor more than $2,000, which amount shall be paid into the State Literary Fund. For a second or subsequent violation, such civil penalty shall be not less than $2,000 nor more than $5,000.

§ 2.2-3806. Rights of data subjects.

A. Any agency maintaining personal information shall:

1. Inform an individual who is asked to supply personal information about himself whether he is legally required, or may refuse, to supply the information requested, and also of any specific consequences that are known to the agency of providing or not providing the information.

2. Give notice to a data subject of the possible dissemination of part or all of this information to another agency, nongovernmental organization or system not having regular access authority, and indicate the use for which it is intended, and the specific consequences for the individual, which are known to the agency, of providing or not providing the information. However documented permission for dissemination in the hands of the other agency or organization shall satisfy the requirement of this subdivision. The notice may be given on applications or other data collection forms prepared by data subjects.

3. Upon request and proper identification of any data subject, or of his authorized agent, grant the data subject or agent the right to inspect, in a form comprehensible to him:

a. All personal information about that data subject except as provided in subdivision 1 of § 2.2-3705.1, subdivision 1 of § 2.2-3705.4, and subdivision 1 of § 2.2-3705.5.

b. The nature of the sources of the information.

c. The names of recipients, other than those with regular access authority, of personal information about the data subject including the identity of all persons and organizations involved and their relationship to the system when not having regular access authority, except that if the recipient has obtained the information as part of an ongoing criminal investigation such that disclosure of the investigation would jeopardize law-enforcement action, then no disclosure of such access shall be made to the data subject.

4. Comply with the following minimum conditions of disclosure to data subjects:

a. An agency shall make disclosures to data subjects required under this chapter, during normal business hours, in accordance with the procedures set forth in subsections B and C of § 2.2-3704 for responding to requests under the Virginia Freedom of Information Act (§ 2.2-3700 et seq.) or within a time period as may be mutually agreed upon by the agency and the data subject.

b. The disclosures to data subjects required under this chapter shall be made (i) in person, if he appears in person and furnishes proper identification, or (ii) by mail, if he has made a written request, with proper identification. Copies of the documents containing the personal information sought by a data subject shall be furnished to him or his representative at reasonable charges for document search and duplication in accordance with subsection F of § 2.2-3704.

c. The data subject shall be permitted to be accompanied by a person of his choosing, who shall furnish reasonable identification. An agency may require the data subject to furnish a written statement granting the agency permission to discuss the individual's file in such person's presence.

5. If the data subject gives notice that he wishes to challenge, correct, or explain information about him in the information system, the following minimum procedures shall be followed:

a. The agency maintaining the information system shall investigate, and record the current status of that personal information.

b. If, after such investigation, the information is found to be incomplete, inaccurate, not pertinent, not timely, or not necessary to be retained, it shall be promptly corrected or purged.

c. If the investigation does not resolve the dispute, the data subject may file a statement of not more than 200 words setting forth his position.

d. Whenever a statement of dispute is filed, the agency maintaining the information system shall supply any previous recipient with a copy of the statement and, in any subsequent dissemination or use of the information in question, clearly note that it is disputed and supply the statement of the data subject along with the information.

e. The agency maintaining the information system shall clearly and conspicuously disclose to the data subject his rights to make such a request.

f. Following any correction or purging of personal information the agency shall furnish to past recipients notification that the item has been purged or corrected whose receipt shall be acknowledged.

B. Nothing in this chapter shall be construed to require an agency to disseminate any recommendation or letter of reference from or to a third party that is a part of the personnel file of any data subject nor to disseminate any test or examination used, administered or prepared by any public body for purposes of evaluation of (i) any student or any student's
performance, (ii) any seeker's qualifications or aptitude for employment, retention, or promotion, or (iii) qualifications for any license or certificate issued by any public body.

As used in this subsection, "test or examination" includes (i) any scoring key for any such test or examination and (ii) any other document that would jeopardize the security of the test or examination. Nothing contained in this subsection shall prohibit the release of test scores or results as provided by law, or to limit access to individual records as provided by law; however, the subject of the employment tests shall be entitled to review and inspect all documents relative to his performance on those employment tests.

When, in the reasonable opinion of the public body, any such test or examination no longer has any potential for future use, and the security of future tests or examinations will not be jeopardized, the test or examination shall be made available to the public. Minimum competency tests administered to public school children shall be made available to the public contemporaneously with statewide release of the scores of those taking such tests, but in no event shall such tests be made available to the public later than six months after the administration of such tests.

C. Neither any provision of this chapter nor any provision of the Freedom of Information Act (§ 2.2-3700 et seq.) shall be construed to deny public access to records of the position, job classification, official salary or rate of pay of, and to records of the allowances or reimbursements for expenses paid to any public officer, official or employee at any level of state, local or regional government in the Commonwealth. The provisions of this subsection shall not apply to records of the official salaries or rates of pay of public employees whose annual rate of pay is $10,000 or less.

D. Nothing in this section or in this chapter shall be construed to require an agency to disseminate information derived from tax returns in violation of §§ 2.2-3705.7 and prohibited from release pursuant to § 58.1-3.

A. The Board of Education shall promulgate regulations establishing standards for accreditation pursuant to the Administrative Process Act (§ 2.2-4000 et seq.), which shall include, but not be limited to, student outcome measures, requirements and guidelines for instructional programs and for the integration of educational technology into such instructional programs, administrative and instructional staffing levels and positions, including staff positions for supporting educational technology, student services, auxiliary education programs such as library and media services, requirements for graduation from high school, community relations, and the philosophy, goals, and objectives of public education in Virginia.

The Board of Education shall promulgate regulations establishing standards for accreditation of public virtual schools under the authority of the local school board that enroll students full time.

The Board shall review annually the accreditation status of all schools in the Commonwealth. The Board shall review the accreditation status of a school once every three years if the school has been fully accredited for three consecutive years. Upon such triennial review, the Board shall review the accreditation status of the school for each individual year within that triennial review period. If the Board finds that the school would have been accredited every year of that triennial review period the Board shall accord the school for another three years. The Board may review the accreditation status of any other school once every two years or once every three years, provided that any school that receives a multiyear accreditation status other than full accreditation shall be covered by a Board-approved multiyear corrective action plan for the duration of the period of accreditation. Such multiyear corrective action plan shall include annual written progress updates to the Board.

A multiyear accreditation status shall not nullify any school or division of annual reporting requirements.

Each local school board shall maintain schools that are fully accredited pursuant to the standards for accreditation as prescribed by the Board of Education. Each local school board shall report the accreditation status of all schools in the local school division annually in public session. Within the time specified by the Board of Education, each school board shall submit corrective action plans for any schools within its school division that have been designated as not meeting the standards as approved by the Board.

When the Board of Education determines through the school academic review process that the failure of schools within a division to achieve full accreditation status is related to division-level failure to implement the Standards of Quality or other division-level action or inaction, the Board may require a division-level academic review. After the conduct of such review and within the time specified by the Board of Education, each school board shall submit to the Board for approval a corrective action plan, consistent with criteria established by the Board setting forth specific actions and a schedule designed to ensure that schools within its school division achieve full accreditation status. If the Board determines that the proposed corrective action plan is not sufficient to enable all schools within the division to achieve full accreditation, the Board may return the plan to the local school board with directions to submit an amended plan pursuant to Board guidance. Such corrective action plans shall be part of the relevant school division's comprehensive plan pursuant to § 22.1-253.13:6.

With such funds as are appropriated or otherwise received for this purpose, the Board shall adopt and implement an academic review process, to be conducted by the Department of Education, to assist schools that are accredited with warning. The Department shall forward a report of each academic review to the relevant local school board, and such school board shall report the results of such academic review and the required annual progress reports in public session. The local school board shall implement any actions identified through the academic review and utilize them for improvement planning.

B. The Superintendent of Public Instruction shall develop and the Board of Education shall approve criteria for determining and recognizing educational performance in the Commonwealth's public school divisions and schools. Such criteria, when approved, shall become an integral part of the accreditation process and shall include student outcome measurements. The Superintendent of Public Instruction shall annually report to the Board on the accreditation status of all
school divisions and schools. Such report shall include an analysis of the strengths and weaknesses of public education programs in the various school divisions in Virginia and recommendations to the General Assembly for further enhancing student learning uniformly across the Commonwealth. In recognizing educational performance in the school divisions, the Board shall include consideration of special school division accomplishments, such as numbers of dual enrollments and students in Advanced Placement and International Baccalaureate courses, and participation in academic year Governor's Schools.

The Superintendent of Public Instruction shall assist local school boards in the implementation of action plans for increasing educational performance in those school divisions and schools that are identified as not meeting the approved criteria. The Superintendent of Public Instruction shall monitor the implementation of and report to the Board of Education on the effectiveness of the corrective actions taken to improve the educational performance in such school divisions and schools.

C. With such funds as are available for this purpose, the Board of Education shall prescribe assessment methods to determine the level of achievement of the Standards of Learning objectives by all students. Such assessments shall evaluate knowledge, application of knowledge, critical thinking, and skills related to the Standards of Learning being assessed. The Board shall, with the assistance of independent testing experts, conduct a regular analysis and validation process for these assessments. The Department of Education shall make available to school divisions Standards of Learning assessments typically administered by the middle and high schools by December 1 of the school year in which such assessments are to be administered or when newly developed assessments are available, whichever is later.

The Board shall also provide the option of industry certification and state licensure examinations as a student-selected credit.

The Board of Education shall make publicly available such assessments in a timely manner and as soon as practicable following the administration of such tests, so long as the release of such assessments does not compromise test security or deplete the bank of assessment questions necessary to construct subsequent tests, or limit the ability to test students on demand and provide immediate results in the web-based assessment system.

The Board shall include in the student outcome measures that are required by the Standards for Accreditation end-of-course or end-of-grade assessments for various grade levels and classes, including the completion of the alternative assessments implemented by each local school board, in accordance with the Standards of Learning. These assessments shall include end-of-course or end-of-grade tests for English, mathematics, science, and history and social science and may be integrated to include multiple subject areas.

The Board shall prescribe alternative methods of Standards of Learning assessment administration for children with disabilities, as that term is defined in § 22.1-213, who meet criteria established by the Board to demonstrate achievement of the Standards of Learning. An eligible student's Individual Education Program team shall make the final determination as to whether an alternative method of administration is appropriate for the student.

The Standards of Learning assessments administered to students in grades three through eight shall not exceed (a) reading and mathematics in grades three and four; (b) reading, mathematics, and science in grade five; (c) reading and mathematics in grades six and seven; (d) reading, writing, and mathematics in grade eight; (e) science after the student receives instruction in the grade six science, life science, and physical science Standards of Learning and before the student completes grade eight; and (f) Virginia Studies and Civics and Economics once at the grade levels deemed appropriate by each local school board.

Each school board shall annually certify that it has provided instruction and administered an alternative assessment, consistent with Board guidelines, to students in grades three through eight in each Standards of Learning subject area in which a Standards of Learning assessment was not administered during the school year. Such guidelines shall (1) incorporate options for age-appropriate, authentic performance assessments and portfolios with rubrics and other methodologies designed to ensure that students are making adequate academic progress in the subject area and that the Standards of Learning content is being taught; (2) permit and encourage integrated assessments that include multiple subject areas; and (3) emphasize collaboration between teachers to administer and substantiate the assessments and the professional development of teachers to enable them to make the best use of alternative assessments.

Local school divisions shall provide targeted mathematics remediation and intervention to students in grades six through eight who show computational deficiencies as demonstrated by their individual performance on any diagnostic test or grade-level Standards of Learning mathematics test that measures non-calculator computational skills.

The Department of Education shall award recovery credit to any student in grades three through eight who fails a Standards of Learning assessment in English reading or mathematics, receives remediation, and subsequently retakes and passes such an assessment, including any such student who subsequently retakes such an assessment on an expedited basis.

In addition, to assess the educational progress of students, the Board of Education shall (A) develop appropriate assessments, which may include criterion-referenced tests and other assessment instruments that may be used by classroom teachers; (B) select appropriate industry certification and state licensure examinations; and (C) prescribe and provide measures, which may include nationally normed tests to be used to identify students who score in the bottom quartile at selected grade levels. An annual justification that includes evidence that the student meets the participation criteria defined by the Virginia Department of Education shall be provided for each student considered for the Virginia Grade Level Alternative. Each Individual Education Program team shall review such justification and make the final determination as to whether or not the Virginia Grade Level Alternative is appropriate for the student. The superintendent and the school board
The chairman shall certify to the Board of Education, as a part of certifying compliance with the Standards of Quality, that there is a justification in the Individual Education Program for every student who takes the Virginia Grade Level Alternative. Compliance with this requirement shall be monitored as a part of the special education monitoring process conducted by the Department of Education. The Board shall report to the Governor and General Assembly in its annual reports pursuant to § 22.1-18 any school division that is not in compliance with this requirement.

The Standards of Learning requirements, including all related assessments, shall be waived for any student awarded a scholarship under the Brown v. Board of Education Scholarship Program, pursuant to § 30-231.2, who is enrolled in a preparation program for a high school equivalency examination approved by the Board of Education or in an adult basic education program or an adult secondary education program to obtain the high school diploma or a high school equivalency certificate.

The Department of Education shall develop processes for informing school divisions of changes in the Standards of Learning.

The Board of Education may adopt special provisions related to the administration and use of any Standards of Learning test or tests in a content area as applied to accreditation ratings for any period during which the Standards of Learning content or assessments in that area are being revised and phased in. Prior to statewide administration of such tests, the Board of Education shall provide notice to local school boards regarding such special provisions.

The Board of Education shall not include in its calculation of the passage rate of a Standards of Learning assessment for the purposes of state accountability any student whose parent has decided not to have his child take such Standards of Learning assessment, unless such exclusions would result in the school’s not meeting any required state or federal participation rate.

D. The Board of Education may pursue all available civil remedies pursuant to § 22.1-19.1 or administrative action pursuant to § 22.1-292.1 for breaches in test security and unauthorized alteration of test materials or test results.

The Board may initiate or cause to be initiated a review or investigation of any alleged breach in security, unauthorized alteration, or improper administration of tests, including the exclusion of students from testing who are required to be assessed, by local school board employees responsible for the distribution or administration of the tests.

Records and other information furnished to or prepared by the Board during the conduct of a review or investigation may be withheld pursuant to subdivision (i) a local school board or division superintendent for the purpose of permitting such board or superintendent to consider or to take personnel action with regard to an employee or (ii) any requester, after the conclusion of a review or investigation, in a form that (a) does not reveal the identity of any person making a complaint or supplying information to the Board on a confidential basis and (b) does not compromise the security of any test mandated by the Board. Any local school board or division superintendent receiving such records or other information shall, upon taking personnel action against a relevant employee, place copies of such records or information relating to the specific employee in such person’s personnel file.

Notwithstanding any other provision of state law, no test or examination authorized by this section, including the Standards of Learning assessments, shall be released or required to be released as minimum competency tests, if, in the judgment of the Board, such release wouldbreach the security of such test or examination or deplete the bank of questions necessary to construct future secure tests.

E. With such funds as may be appropriated, the Board of Education may provide, through an agreement with vendors having the technical capacity and expertise to provide computerized tests and assessments, and test construction, analysis, and security, for (i) web-based computerized tests and assessments, including computer-adaptive Standards of Learning assessments, for the evaluation of student progress during and after remediation and (ii) the development of a remediation item bank directly related to the Standards of Learning.

F. To assess the educational progress of students as individuals and as groups, each local school board shall require the use of Standards of Learning assessments, alternative assessments, and other relevant data, such as industry certification and state licensure examinations, to evaluate student progress and to determine educational performance. Each local school shall require the administration of appropriate assessments to students, which may include criterion-referenced tests and teacher-made tests and shall include the Standards of Learning assessments, the local school board’s alternative assessments, and the National Assessment of Educational Progress state-by-state assessment. Each school board shall analyze and report annually, in compliance with any criteria that may be established by the Board of Education, the results from the Stanford Achievement Test Series, Ninth Edition (Stanford Nine) assessment, if administered, industry certification examinations, and the Standards of Learning Assessments to the public.

The Board of Education shall not require administration of the Stanford Achievement Test Series, Ninth Edition (Stanford Nine) assessment, except as may be selected to facilitate compliance with the requirements for home instruction pursuant to § 22.1-254.1.

The Board shall include requirements for the reporting of the Standards of Learning assessment scores and averages for each year, regardless of accreditation frequency, as part of the Board’s requirements relating to the School Performance Report Card. Such scores shall be disaggregated for each school by student subgroups on the Virginia assessment program as appropriate and shall be reported to the public within three months of their receipt. These reports (i) shall be posted on the portion of the Department of Education’s website relating to the School Performance Report Card, in a format and in a
manner that allows year-to-year comparisons, and (ii) may include the National Assessment of Educational Progress state-by-state assessment.

G. Each local school division superintendent shall regularly review the division's submission of data and reports required by state and federal law and regulations to ensure that all information is accurate and submitted in a timely fashion. The Superintendent of Public Instruction shall provide a list of the required reports and data to division superintendents annually. The status of compliance with this requirement shall be included in the Board of Education's annual report to the Governor and the General Assembly as required by § 22.1-18.

H. Any school board may request the Board of Education for release from state regulations or, on behalf of one or more of its schools, for approval of an Individual School Accreditation Plan for the evaluation of the performance of one or more of its schools as authorized for certain other schools by the Standards of Accreditation pursuant to 8VAC20-131-280 C of the Virginia Administrative Code. Waivers of regulatory requirements may be granted by the Board of Education based on submission of a request from the division superintendent and chairman of the local school board. The Board of Education may grant, for a period up to five years, a waiver of regulatory requirements that are not (i) mandated by state or federal law or (ii) designed to promote health or safety. The school board shall provide in its waiver request a description of how the releases from state regulations are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The Department of Education shall provide (a) guidance to any local school division that requests release from state regulations and (b) information about opportunities to form partnerships with other agencies or entities to any local school division in which the school or schools granted releases from state regulations have demonstrated improvement in the quality of instruction and the achievement of students.

The Board of Education may also grant local school boards waivers of specific requirements in § 22.1-253.13:2, based on submission of a request from the division superintendent and chairman of the local school board, permitting the local school board to assign instructional personnel to the schools with the greatest needs, so long as the school division employs a sufficient number of personnel divisionwide to meet the total number required by § 22.1-253.13:2 and all pupil/teacher ratios and class size maximums set forth in subsection C of § 22.1-253.13:2 are met. The school board shall provide in its request a description of how the waivers from specific Standards of Quality staffing standards are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The waivers may be renewed in up to five-year increments, or revoked, based on student achievement results in the affected school or schools.

§ 22.1-279.8. School safety audits and school crisis, emergency management, and medical emergency response plans required.

A. For the purposes of this section, unless the context requires otherwise:

"School crisis, emergency management, and medical emergency response plan" means the essential procedures, operations, and assignments required to prevent, manage, and respond to a critical event or emergency, including natural disasters involving fire, flood, tornadoes, or other severe weather; loss or disruption of power, water, communications or shelter; bus or other accidents; medical emergencies, including cardiac arrest and other life-threatening medical emergencies; student or staff member deaths; explosions; bomb threats; gun, knife or other weapons threats; spills or exposures to hazardous substances; the presence of unauthorized persons or trespassers; the loss, disappearance or kidnapping of a student; hostage situations; violence on school property or at school activities; incidents involving acts of terrorism; and other incidents posing a serious threat of harm to students, personnel, or facilities. The plan shall include a provision that the Department of Criminal Justice Services and the Virginia Criminal Injuries Compensation Fund shall be contacted immediately to deploy assistance in the event of an emergency as defined in the emergency response plan when there are victims as defined in § 19.2-11.01. The Department of Criminal Justice Services and the Virginia Criminal Injuries Compensation Fund shall be the lead coordinating agencies for those individuals determined to be victims, and the plan shall also contain current contact information for both agencies.

"School safety audit" means a written assessment of the safety conditions in each public school to (i) identify and, if necessary, develop solutions for physical safety concerns, including building security issues and (ii) identify and evaluate any patterns of student safety concerns occurring on school property or at school-sponsored events. Solutions and responses shall include recommendations for structural adjustments, changes in school safety procedures, and revisions to the school board's standards for student conduct.

B. The Virginia Center for School and Campus Safety, in consultation with the Department of Education, shall develop a list of items to be reviewed and evaluated in the school safety audits required by this section. Such items shall include those incidents reported to school authorities pursuant to § 22.1-279.3:1 and shall include a school inspection walk-through using a standardized checklist provided by the Virginia Center for School and Campus Safety, which shall incorporate crime prevention through environmental design principles.

The Virginia Center for School and Campus Safety shall prescribe a standardized report format for school safety audits, additional reporting criteria, and procedures for report submission, which may include instructions for electronic submission.

Each local school board shall require all schools under its supervisory control to annually conduct school safety audits as defined in this section and consistent with such list.

The results of such school safety audits shall be made public within 90 days of completion. The local school board shall retain authority to withhold or limit the release of any security plans, walk-through checklists, and specific vulnerability assessment components as provided in subdivision 4 of § 2.2-3705.2. The completed walk-through checklist
shall be made available upon request to the chief law-enforcement officer of the locality or his designee. Each school shall maintain a copy of the school safety audit, which may exclude such security plans, walk-through checklists, and vulnerability assessment components, within the office of the school principal and shall make a copy of such report available for review upon written request.

Each school shall submit a copy of its school safety audit to the relevant school division superintendent. The division superintendent shall collate and submit all such school safety audits, in the prescribed format and manner of submission, to the Virginia Center for School and Campus Safety and shall make available upon request to the chief law-enforcement officer of the locality the results of such audits.

C. The division superintendent shall establish a school safety audit committee to include, if available, representatives of parents, teachers, local law-enforcement, emergency services agencies, local community services boards, and judicial and public safety personnel. The school safety audit committee shall review the completed school safety audits and submit any plans, as needed, for improving school safety to the division superintendent for submission to the local school board.

D. Each school board shall ensure that every school that it supervises shall develop a written school crisis, emergency management, and medical emergency response plan, consistent with the definition provided in this section, and shall provide copies of such plans to the chief law-enforcement officer, the fire chief, the chief of the emergency medical services agency, and the emergency management official of the locality. Each school division shall designate an emergency manager. The Department of Education and the Virginia Center for School and Campus Safety shall provide technical assistance to the school divisions of the Commonwealth in the development of the school crisis, emergency management, and medical emergency response plans that describe the components of a medical emergency response plan developed in coordination with local emergency medical services providers, the training of school personnel and students to respond to a life-threatening emergency, and the equipment required for this emergency response. The local school board shall annually review the written school crisis, emergency management, and medical emergency response plans. The local school board shall have the authority to withhold or limit the review of any security plans and specific vulnerability assessment components as provided in subdivision 7 of § 2.2-3705.2. The local school division superintendent shall certify this review in writing to the Virginia Center for School and Campus Safety no later than August 31 of each year.

Upon consultation with local school boards, division superintendents, the Virginia Center for School and Campus Safety, and the Coordinator of Emergency Management, the Board of Education shall develop, and may revise as it deems necessary, a model school crisis, emergency management, and medical emergency response plan for the purpose of assisting the public schools in Virginia in developing viable, effective crisis, emergency management, and medical emergency response plans. Such model shall set forth recommended effective procedures and means by which parents can contact the relevant school or school division regarding the location and safety of their school children and by which school officials may contact parents, with parental approval, during a critical event or emergency.

§ 23.1-2425. Confidential and public information.
A. The Authority is subject to the provisions of the Freedom of Information Act (§ 2.2-3700 et seq.), including the exclusions set forth in subdivision 44 of § 2.2-3705.7 and subdivision 23 of § 2.2-3711.
B. For purposes of the Freedom of Information Act (§ 2.2-3700 et seq.), meetings of the board are not considered meetings of the board of visitors of the University. Meetings of the board may be conducted through telephonic or video means as provided in § 2.2-3708.

§ 32.1-48.08. Declaration of quarantine.
A. The State Health Commissioner may declare a quarantine of any person or persons or any affected area after he finds that the quarantine is the necessary means to contain a communicable disease of public health threat as defined in § 32.1-48.06 to which such person or persons or the people of an affected area have been or may have been exposed and thus may become infected.
B. The State Health Commissioner shall record his findings and any information on which he has relied in making the finding required for quarantine pursuant to subsection A. The State Health Commissioner's record of findings concerning any communicable disease of public health threat shall be confidential and shall not be disclosed in accordance with subdivision 12 of § 2.2-3705.5.
C. The State Health Commissioner may order the quarantined person or persons to remain in their residences, to remain in another place where they are present, or to report to a place or places designated by the State Health Commissioner for the duration of their quarantine. An electronic device may be used to enforce any such quarantine. The Commissioner's order of quarantine shall be for a duration consistent with the known incubation period for such disease or, if the incubation period is unknown, for a period anticipated as being consistent with the incubation period for other similar infectious agents.

§ 32.1-48.011. Isolation may be ordered under certain exceptional circumstances; Commissioner authorized to require hospitalization or other health care.
A. Whenever the State Health Commissioner makes a determination of exceptional circumstances pursuant to § 32.1-48.05 and that the isolation procedures set forth in Article 3.01 (§ 32.1-48.01 et seq.) of this chapter are insufficient control measures to contain a communicable disease of public health threat, the isolation procedures herein may be invoked.
B. The State Health Commissioner may order the isolation of a person or persons upon a finding that (i) such person or persons are infected with or may reasonably be suspected to be infected with a communicable disease of public health threat and (ii) isolation is necessary to protect the public health, to ensure such isolated person or persons receive appropriate
medical treatment, and to protect health care providers and others who may come into contact with such infected person or persons.

C. The State Health Commissioner shall record his findings and any information on which he has relied in making the finding required for isolation pursuant to this section. The State Health Commissioner's record of findings concerning any communicable disease of public health threat that is involved in an order of isolation shall be confidential and shall not be disclosed in accordance with subdivision 12 of § 2.2-3705.5.

D. The Commissioner may order the isolated person or persons to remain in their places of residence, to remain in another place where they are present, or to report to a place or facility designated by the Commissioner for the duration of their isolation. An electronic device may be used to enforce any such isolation. "Professional teacher's assessment" means those tests mandated for licensure as prescribed by the Board of Education.

"Provisional license" means a nonrenewable license issued by the Board of Education for a specified period of time, not to exceed three years, to an individual who may be employed by a school division in the Commonwealth and who generally meets the requirements specified in the Board of Education's regulations for licensure, but who may need to take additional coursework or pass additional assessments to be fully licensed with a renewable license.

"Renewable license" means a license issued by the Board of Education for five years to an individual who meets the requirements specified in the Board of Education's regulations.

B. The Board of Education shall prescribe, by regulation, the requirements for the licensure of teachers and other school personnel required to hold a license. The Board of Education shall revoke the license of any person for whom it has received a notice of dismissal or resignation pursuant to subsection F of § 22.1-313 and, in the case of a person who is the subject of a founded complaint of child abuse or neglect, after all rights to any appeal provided by § 63.2-1526 have been exhausted. 1. Every person seeking initial licensure or renewal of a license demonstrate proficiency in the use of educational technology for instruction;
2. Every person seeking initial licensure and persons seeking licensure renewal as teachers who have not completed such study shall complete study in child abuse recognition and intervention in accordance with curriculum guidelines developed by the Board of Education in consultation with the Department of Social Services that are relevant to the specific teacher licensure routes;

F. The Board shall establish criteria in its regulations to effectuate the substitution of experiential learning for coursework for those persons seeking initial licensure through an alternate route as defined in Board regulations.

G. Notwithstanding any provision of law to the contrary, the Board (i) may provide for the issuance of a provisional license, valid for a period not to exceed three years, pursuant to subdivision D 7 or to any person who does not meet the requirements of this section or any other requirement for licensure imposed by law and (ii) shall provide for the issuance of a provisional license, valid for a period not to exceed three years, to any former member of the Armed Forces of the United States or the Virginia National Guard who has received an honorable discharge and has the appropriate level of experience or training but does not meet the requirements for a renewable license.

Be it enacted by the General Assembly of Virginia:

1. That § 18.2-57.3 of the Code of Virginia is amended and reenacted as follows:

§ 18.2-57.3. Persons charged with first offense of assault and battery against a family or household member may be placed on local community-based probation; conditions; education and treatment programs; costs and fees; violations; discharge.

A. When a person is charged with a simple assault in violation of subsection A of § 18.2-57 where the victim was a family or household member of the person or a violation of § 18.2-57.2, the court may defer the proceedings against such person, without a finding of guilt, and place him on probation under the terms of this section.

B. For a person to be eligible for such deferral, the court shall find that (i) the person was an adult at the time of the commission of the offense, (ii) the person has not previously been convicted of any offense under this article or under any statute of the United States or of any state or any ordinance of any local government relating to an assault or assault and battery against a family or household member, (iii) the person has not previously had a proceeding against him for violation of such an offense dismissed as provided in this section, (iv) the person pleads guilty to, or enters a plea of not guilty or nolo contendere and the court finds the evidence is sufficient to find the person guilty of, simple assault in violation of subsection A of § 18.2-57 where the victim was a family or household member of the person or a violation of § 18.2-57.2, and (v) the person consents to such deferral and to a waiver of his right to appeal a finding of facts sufficient to justify a finding of guilt under this section entered pursuant to subsection F for a violation of a term or condition of his probation. A person may file a motion to withdraw his consent to the deferral and waiver of his right to appeal within 10 days of the entry of the order deferring proceedings on a form prescribed by the Office of the Executive Secretary of the Supreme Court of Virginia. The court shall schedule a hearing within 30 days of receipt of the motion and shall provide reasonable notice to the attorney for the Commonwealth and to the person and his attorney, if any. If the person appears at the hearing and requests to withdraw his consent, the court shall grant such request, enter a final order adjudicating guilt, and sentence the person accordingly. If the person does not appear at the hearing, the court shall deny his request to withdraw his consent.
C. The court shall (i) where a local community-based probation services agency established pursuant to Article 9 (§ 9.1-173 et seq.) of Chapter 1 of Title 9.1 is available, order that the eligible person be placed with such agency and require, as a condition of local community-based probation, the person to successfully complete all treatment, education programs or services, or any combination thereof indicated by an assessment or evaluation obtained by the local community-based probation services agency if such assessment, treatment or education services are available; or (ii) require successful completion of treatment, education programs or services, or any combination thereof, such as, in the opinion of the court, may be best suited to the needs of the person.

D. The court shall require the person entering such education or treatment program or services under the provisions of this section to pay all or part of the costs of the program or services, including the costs of any assessment, evaluation, testing, education and treatment, based upon the person's ability to pay. Such programs or services shall offer a sliding-scale fee structure or other mechanism to assist participants who are unable to pay the full costs of the required programs or services.

The court shall order the person to be of good behavior for a total period of not less than two years following the deferral of proceedings, including the period of supervised probation, if available.

The court shall, unless done at arrest, order the person to report to the original arresting law-enforcement agency to submit to fingerprinting.

E. Upon fulfillment of the terms and conditions specified in the court order, the court shall discharge the person and dismiss the proceedings against him. Discharge and dismissal under this section shall be without adjudication of guilt and is a conviction only for the purposes of applying this section in subsequent proceedings. No charges dismissed pursuant to this section shall be eligible for expungement under § 19.2-392.2.

F. Upon violation of a term or condition of supervised probation or of the period of good behavior, the court may enter an adjudication of guilt and proceed as otherwise provided by law. Any person placed on probation pursuant to this section who is subsequently adjudicated guilty upon a violation of a term or condition of his probation shall have no right of appeal on such adjudication.

G. Notwithstanding any other provision of this section, whenever a court places a person on probation upon terms and conditions pursuant to this section, such action shall be treated as a conviction for purposes of Article 6.1 (§ 18.2-307.1 et seq.) of Chapter 7.

§ 19.2-305.1. Restitution for property damage or loss; community service.
A. Notwithstanding any other provision of law, no person convicted of a crime in violation of any provision in Title 18.2, which resulted in property damage or loss, shall be placed on probation or have his sentence suspended unless such person shall make at least partial restitution for such property damage or loss, or shall be compelled to perform community services, or both, or shall submit a plan for doing that which appears to the court to be feasible under the circumstances.

B. Police, to which damage is caused during such riot or unlawful assembly. In any prosecution under § 18.2-138, 18.2-405, 18.2-407, or 18.2-408, testimony of the Division of Engineering and Buildings of the Department of General Services or the Division of Risk Management shall be admissible as evidence of value or extent of damages or cost of repairs to the Capitol or any building, monument, statuary, artwork, or other state property in Capitol Square, or at any other property assigned to the Capitol Police. For the purposes of this subsection, "Capitol Square" means the grounds and the interior and exterior of all buildings in that area in the City of Richmond bounded by Bank, Governor, Broad, and Ninth Streets. "Capitol Square" includes the exterior of all state buildings that are at least 50 years old and bordering the boundary streets.

C. At or before the time of sentencing, the court shall receive and consider any plan for making restitution submitted by the defendant. The plan shall include the defendant's home address, place of employment and address, social security number and bank information. If the court finds such plan to be reasonable and practical under the circumstances, it may consider probation or suspension of whatever portion of the sentence that it deems appropriate. By order of the court incorporating the defendant's plan or a reasonable and practical plan devised by the court, the defendant shall make restitution while he is free on probation or work release or following his release from confinement. Additionally, the court may order that the defendant make restitution during his confinement, if feasible, based upon both his earning capacity and net worth as determined by the court at sentencing.

D. At the time of sentencing, the court shall determine the amount to be repaid by the defendant and the terms and conditions thereof. If community service work is ordered, the court shall determine the terms and conditions upon which such work shall be performed. The court shall include such findings in the judgment order. The order shall specify that sums paid under such order shall be paid to the clerk, who shall disburse such sums as the court may, by order, direct. Any court desiring to participate in the Setoff Debt Collection Act (§§ 58.1-520 through 58.1-535) for the purpose of collecting fines or costs or providing restitution shall, at the time of sentencing, obtain the social security number of each defendant.

E. At the time of sentencing, the court shall enter the amount of restitution to be repaid by the defendant, the date by which all restitution is to be paid, and the terms and conditions of such repayment on a form prescribed by the Office of the Executive Secretary of the Supreme Court of Virginia. If the attorney for the Commonwealth participated in the prosecution of the defendant, the attorney for the Commonwealth or his designee shall complete, to the extent possible, all portions of the form excluding the amount of restitution to be repaid by the defendant and the terms and conditions of such repayment. If the attorney for the Commonwealth did not participate in the prosecution of the defendant, the court or the clerk shall complete the form. A copy of the form, excluding contact information for the victim, shall be provided to the defendant at sentencing. A copy of the form shall be provided to the attorney for the Commonwealth and to the victim, his agent, or his estate upon request and free of charge.

F. Unreasonable failure to execute the plan by the defendant shall result in revocation of the probation or imposition of the suspended sentence. A hearing shall be held in accordance with the provisions of this Code relating to revocation of probation or imposition of a suspended sentence before either such action is taken.

G. A defendant convicted of an offense under § 18.2-374.1, 18.2-374.1:1, or 18.2-374.3 shall be ordered to pay mandatory restitution to the victim of the offense in an amount as determined by the court. For purposes of this subsection, "victim" means a person who is depicted in a still or videographic image involved in an offense under § 18.2-374.1, 18.2-374.1:1, or 18.2-374.3.

The Commonwealth shall make reasonable efforts to notify victims of offenses under § 18.2-374.1, 18.2-374.1:1, or 18.2-374.3.

H. If restitution is ordered to be paid by the defendant to the victim of a crime and the victim can no longer be located or identified, the clerk shall deposit any such restitution collected to the Criminal Injuries Compensation Fund for the benefit of crime victims. The administrator shall reserve a sum sufficient in the Fund from which he shall make prompt payment to the victim for any proper claims. Before making the deposit he shall record the name, last known address and amount of restitution due each victim appearing from the clerk's report to be entitled to restitution.

I. If restitution pursuant to § 19.2-305 or this section is ordered to be paid by the defendant to the victim of a crime or other entity, and the Criminal Injuries Compensation Fund has made any payments to or on behalf of the victim for any loss, damage, or expenses included in the restitution order, then upon presentation by the Fund of a written request that sets forth the amount of payments made by the Fund to the victim or on the victim's behalf, the entity collecting restitution shall pay to the Fund as much of the restitution collected as will reimburse the Fund for its payments made to the victim or on the victim's behalf.

§ 19.2-305.2. Amount of restitution; enforcement.

A. The court, when ordering restitution pursuant to § 19.2-305.1, may require that such defendant, in the case of an offense resulting in damage to or loss or destruction of property of a victim of the offense (i) return the property to the owner or (ii) if return of the property is impractical or impossible, pay an amount equal to the greater of the value of the property at the time of the offense or the value of the property at the time of sentencing.

B. An order of restitution may be docketed as provided in § 8.01-446 when so ordered by the court or upon written request of the victim and may be enforced by a victim named in the order to receive the restitution in the same manner as a judgment in a civil action. Such docketing shall not be construed to prohibit the court from exercising any authority otherwise available to enforce the order of restitution.

§ 19.2-349. Responsibility for collections; clerks to report unsatisfied fines, etc.; duty of attorneys for Commonwealth; duties of Department of Taxation.
A. The clerk of the circuit court and district court of every county and city shall submit to the judge of his court, the Department of Taxation, the State Compensation Board and the attorney for the Commonwealth of his county or city a monthly report of all fines, costs, forfeitures and penalties which are delinquent more than 30 days, including court-ordered restitution of a sum certain, imposed in his court for a violation of state law or a local ordinance which remain unsatisfied, including those which are delinquent in installment payments. The monthly report shall include the social security number or driver's license number of the defendant, if known, and such other information as the Department of Taxation and the Compensation Board deem appropriate. The Executive Secretary shall make the report required by this subsection on behalf of those clerks who participate in the Supreme Court's automated information system.

B. The clerk of the circuit court and district court of every county and city shall submit quarterly to the attorney for the Commonwealth of his county or city and any probation agency that serves such county or city:

1. A list of all defendants with an outstanding balance of restitution ordered by the court served by such clerk. Such report shall include the defendant's name, case number, total amount of restitution ordered, amount of restitution remaining due, and last date of payment; and

2. A list of all accounts where more than 90 days have passed since an account was sent to collections and no payments have been made toward fines, costs, forfeitures, penalties, or restitution. For accounts where restitution is owed, such report shall include the defendant's name, case number, and total amount of restitution and restitution interest due.

C. It shall be the duty of the attorney for the Commonwealth to cause proper proceedings to be instituted for the collection and satisfaction of all fines, costs, forfeitures, penalties and restitution. The attorney for the Commonwealth shall determine whether it would be impractical or uneconomical for such service to be rendered by the office of the attorney for the Commonwealth. If the defendant does not enter into an installment payment agreement under § 19.2-354, the attorney for the Commonwealth and the clerk may agree to a process by which collection activity may be commenced 30 days after judgment.

If the attorney for the Commonwealth does not undertake collection, he shall contract with (i) private attorneys or private collection agencies, (ii) enter into an agreement with a local governing body, (iii) enter into an agreement with the county or city treasurer, or (iv) use the services of the Department of Taxation, upon such terms and conditions as may be established by guidelines promulgated by the Office of the Attorney General, the Executive Secretary of the Supreme Court with the Department of Taxation and the Compensation Board. If the attorney for the Commonwealth undertakes collection, he shall follow the procedures established by the Department of Taxation and the Compensation Board. Such guidelines shall not supersede contracts between attorneys for the Commonwealth and private attorneys and collection agencies when active collection efforts are being undertaken. As part of such contract, private attorneys or collection agencies shall be given access to the social security number of the defendant in order to assist in the collection effort. Any such private attorney shall be subject to the penalties and provisions of § 18.2-186.3.

The fees of any private attorneys or collection agencies shall be paid on a contingency fee basis out of the proceeds of the amounts collected. However, in no event shall such attorney or collection agency receive a fee for amounts collected by the Department of Taxation under the Setoff Debt Collection Act (§ 58.1-520 et seq.). A local treasurer undertaking collection pursuant to an agreement with the attorney for the Commonwealth may collect the administrative fee authorized by § 58.1-3958.

D. The Department of Taxation and the State Compensation Board shall be responsible for the collection of any judgment which remains unsatisfied or does not meet the conditions of § 19.2-354. Persons owing such unsatisfied judgments or failing to comply with installment payment agreements under § 19.2-354 shall be subject to the delinquent tax collection provisions of Title 58.1. The Department of Taxation and the State Compensation Board shall establish procedures to be followed by clerks of courts, attorneys for the Commonwealth, other state agencies and any private attorneys or collection agents and may employ private attorneys or collection agencies, or engage other state agencies to collect the judgment. The Department of Taxation and the Commonwealth shall be entitled to deduct a fee for services from amounts collected for violations of local ordinances.

The Department of Taxation and the State Compensation Board shall annually report to the Governor and the General Assembly the total of fines, costs, forfeitures and penalties assessed, collected, and unpaid and those which remain unsatisfied or do not meet the conditions of § 19.2-354 by each circuit and district court. The report shall include the procedures established by the Department of Taxation and the State Compensation Board pursuant to this section and a plan for increasing the collection of unpaid fines, costs, forfeitures and penalties. The Auditor of Public Accounts shall annually report to the Governor, the Executive Secretary of the Supreme Court and the General Assembly as to the adherence of clerks of courts, attorneys for the Commonwealth and other state agencies to the procedures established by the Department of Taxation and the State Compensation Board.

§ 19.2-368.15. Subrogation of Commonwealth to claimant's right of action; lien in favor of the Commonwealth; disposition of funds collected.

Acceptance of an award made pursuant to this chapter shall subrogate the Commonwealth, to the extent of such award, to any right or right of action accruing to the claimant or the victim to recover payments on account of losses resulting from the crime with respect to which the award is made. However, except as otherwise provided in subsection G of § 19.2-305.1, the Commonwealth shall not institute any proceedings in connection with its right of subrogation under this section within one year from the date of commission of the crime, unless any claimant or victim's right or action shall have
been previously terminated. All funds collected by the Commonwealth in a proceeding instituted pursuant to this section shall be paid over to the Comptroller for deposit into the Criminal Injuries Compensation Fund.

Whenever any person receives an award from the Criminal Injuries Compensation Fund, the Commonwealth shall have a lien for the total amount paid by the Fund, or any portion thereof compromised pursuant to the authority granted under § 2.2-514, on the claim of such injured person or his personal representative against the person, firm, or corporation who is alleged to have caused such injuries. The Fund's lien shall be inferior to any lien for payment of reasonable attorney fees and costs, but shall be superior to all other liens created by § 8.01-66.2. The injured person may file a petition or motion to reduce the lien and apportion the recovery pursuant to § 8.01-66.9. The Fund's lien shall become effective when notice is provided pursuant to § 8.01-66.5 and liability shall attach pursuant to § 8.01-66.6.

§ 46.2-2134. Grounds for denying, suspending, or revoking permits.

A permit issued under this chapter may be denied, suspended, or revoked on any one or more of the following grounds:

1. Failure to submit to the Department any tax, fees, fines, or penalties owed to the Department.

2. Failure to maintain and keep on file with the Department motor carrier liability insurance or cargo insurance, issued by a company licensed to do business in the Commonwealth, or a bond, certificate of insurance, certificate of self-insurance, or unconditional letter of credit in accordance with this chapter, with respect to each motor vehicle operated in the Commonwealth.

3. Inactivity of a motor carrier as may be evidenced by the absence of a motor vehicle registered to operate under such permit or certificate for a period of greater than three months.

§ 46.2-2135. Altering or amending permits or certificates.

The Department may alter or amend a license, permit, or certificate of fitness at the request of a licensee, permittee, or certificate holder, or upon a finding by the Department that a licensee, permittee, or certificate holder failed to observe any of the provisions within this chapter, or any of the rules or regulations of the Department, or any term, condition, or limitation of such license, permit or certificate.

§ 46.2-2136. Suspension, revocation, and refusal to renew permit or certificate; notice and hearing.

A. Except as provided in subsection D of this section, unless otherwise provided in this chapter, no license, permit, or certificate of fitness issued under this chapter shall be suspended or revoked, or renewal thereof refused, unless the licensee, permittee, or certificate holder has been furnished a written copy of the complaint against him and the grounds upon which the action is taken and has been offered an opportunity for an administrative hearing to show cause why such action should not be taken.

B. The order suspending, revoking, or denying renewal of a license, permit, or certificate of fitness shall not become effective until the licensee, permittee, or certificate holder has, after notice of the opportunity for a hearing, had thirty 30 days to make a written request for such a hearing. If no hearing has been requested within such thirty-day 30-day period, the order shall become effective and no hearing shall thereafter be held. A timely request for a hearing shall automatically stay operation of the order until after the hearing.

C. Notice of an order suspending, revoking, or denying renewal of a license, permit, or certificate of fitness and an opportunity for a hearing shall be mailed to the licensee, permittee, or certificate holder by registered or certified mail at the address as shown on the license, permit, or certificate or other record of information in possession of the Department and shall be considered served when mailed.

D. If the Department makes a finding, after conducting a preliminary investigation, that the conduct of a licensee, permittee, or certificate holder (i) is in violation of this chapter or regulations adopted pursuant to this chapter and (ii) such violation constitutes a danger to public safety, the Department may issue an order suspending the license, permit, or certificate. Notice of the suspension shall be in writing and mailed in accordance with subsection C of this section. Upon receipt of a request for a hearing appealing the suspension, the licensee, permittee, or certificate holder shall be afforded the opportunity for a hearing within thirty 30 days. The suspension shall remain in effect pending the outcome of the hearing.

§ 46.2-2137. Basis for reinstatement of suspended permits or certificates; reinstatement fees.

A. The Department shall reinstate any license, permit, or certificate suspended pursuant to this chapter provided the grounds upon which the suspension action was taken have been satisfied and the appropriate reinstatement fee and other applicable fees have been paid to the Department.

B. The reinstatement fee for suspensions issued pursuant to this chapter shall be fifty dollars $50. In the event multiple credentials have been suspended under this chapter for the same violation only one reinstatement fee shall be applicable.

C. In addition to a reinstatement fee, a fee of $50 shall be paid for failure of a motor carrier to keep in force at all times insurance, a bond or bonds, in an amount required by this chapter. Any motor carrier who applies for a new license, permit, or certificate because his prior license, permit, or certificate was revoked for failure to keep in force at all times insurance, a bond or bonds, in an amount required by this chapter, shall also be subject to a fee of $500.

§ 46.2-2138. Basis for reissuance after revocation of permits or certificates; fees.

The Department shall not accept an application for a license, permit, or certificate from an applicant where such credentials have been revoked pursuant to this chapter until the period of revocation imposed by the Department has passed. The Department shall process such applications under the same provisions, procedures and requirements as an original application for such license, permit, or certificate. The Department shall issue such license, permit, or certificate, provided that the applicant has met all the appropriate qualifications and requirements, has satisfied the grounds upon which the revocation action was taken, and has paid the appropriate application or filing fees to the Department.
§ 46.2-2139. Surrender of license plate and registration card; removal by law enforcement; operation of vehicle denied.

A. It shall be unlawful for a licensee, permittee, or certificate holder whose license, permit, or certificate has expired or been revoked or suspended or whose renewal thereof has been denied pursuant to this chapter to fail or refuse to surrender, on demand, to the Department license plates, identification markers, and registration cards issued under this title.

B. It shall be unlawful for a vehicle owner who is not the holder of a valid permit or certificate or whose vehicle is not validly leased to a motor carrier holding an active permit or certificate to fail or refuse to surrender to the Department on demand license plates, identification markers, and registration cards issued under this title.

C. If any law-enforcement officer finds that a vehicle bearing Virginia license plates or temporary transport plates is in violation of subsection A or B, such law-enforcement officer may remove the license plate or plates, identification marker, and registration card. If a law-enforcement officer removes a license plate, identification marker, or registration card, he shall forward such license plate, identification marker, and registration card to the Department.

D. When informed that a motor carrier vehicle is being operated in violation of this section, the driver shall drive the vehicle to a nearby location off the public highways and not remove it or allow it to be moved until the motor carrier is in compliance with all provisions of this chapter.

§ 46.2-2140. Title to plates.

All registration cards and identification markers license plates issued by the Department shall remain the property of the Department.

§ 46.2-2143. Surety bonds, insurance, letter of credit or securities required prior to issuance of registration.

No certificate of fitness, permit, identification marker, registration card, or license plate shall be issued by the Department to any motor carrier or for any vehicle operated by or on behalf of a motor carrier until the motor carrier certifies to the Department that the vehicle is covered by one or more of the following, in the amount or amounts set forth in § 46.2-2143.1:

1. An insurance policy or bond;
2. A certificate of insurance in lieu of the insurance policy or bond, certifying that such policy or bond covers the liability of such motor carrier in accordance with the provisions of this article, is issued by an authorized insurer, or in the case of bonds, is in an amount approved by the Department. The bonds may be issued by the Commonwealth of Virginia, the United States of America, or any municipality in the Commonwealth. Such bonds shall be deposited with the State Treasurer and the surety shall not be reduced except in accordance with an order of the Department;
3. An unconditional letter of credit, issued by a bank doing business in Virginia, for an amount approved by the Department. The letter of credit shall be in effect so long as the motor carrier operates motor vehicles in the Commonwealth; or
4. In the case of a lessor who acts as a registrant for purposes of consolidating lessees’ vehicle registration applications, a statement that the registrant has, before leasing a vehicle, obtained from the lessee an insurance policy, bond, or certificate of insurance in lieu of the insurance policy or bond and can make available said proof of insurance coverage upon demand.

Vehicles belonging to carriers who have filed proof of financial responsibility in accordance with the single state registration system authorized by 49 U.S.C. § 14504 or the unified carrier registration system authorized by 49 U.S.C. § 14504a are deemed to have fulfilled the requirements of this article for insurance purposes; provided there is on board the vehicle a copy of an insurance receipt issued pursuant to the federal regulations promulgated pursuant to 49 U.S.C. § 14504 or 14504a. The Department is further authorized to issue single state registration system or unified carrier registration system receipts to register any qualified carrier under the unified carrier registration system as well as to collect and disperse the fees for and to qualified jurisdictions registration under that system.

§ 46.2-2143.1. Insurance requirement for motor carriers.

A. All motor carriers shall keep in force at all times insurance, a bond, or bonds in an amount required by this section. However, motor carriers exempt under subdivision 6 of § 46.2-2101 shall only be required to keep in force insurance, a bond, or bonds in the amount required by this section that provide primary coverage (i) when the motor carrier or person acting on behalf of the motor carrier is available to transport property for compensation and (ii) from the time the motor carrier or a person acting for or on behalf of the motor carrier accepts the request to transport property and the vehicle is en route to pick up the property until the time the property has been removed from the vehicle and delivered to its final destination.

B. The minimum public liability financial responsibility requirements for motor carriers operating in intrastate commerce shall be based on the gross vehicle weight rating of the vehicle as follows: for vehicles with a gross vehicle weight rating in excess of 10,000 pounds, the minimum requirement is $750,000; for vehicles with a gross vehicle weight rating in excess of 7,500 pounds but not in excess of 10,000 pounds, the minimum requirement is $300,000; for passenger cars, motorcycles, autocycles, and vehicles with a gross vehicle weight rating of 7,500 pounds or less, the minimum requirement for clause (i) of subsection A is $25,000 per person, $50,000 per incident for death and bodily injury and $20,000 for property damage and for clause (ii) of subsection A is $100,000 per person and $300,000 per incident for death and bodily injury and at least $50,000 for property damage. The minimum insurance for motor carriers operating in interstate commerce shall equal the minimum required by federal law, rule, or regulation.

C. Notwithstanding subsection B, the minimum public financial responsibility requirements for household goods carriers required to obtain a certificate of fitness pursuant to this chapter shall be $750,000.
D. The minimum cargo insurance required for motor carriers operating in intrastate commerce shall be $50,000. Motor carriers not engaged exclusively in the transportation of bulk commodities in the transportation of household goods and those solely operating passenger cars, motorcycles, autocycles, and vehicles with a gross vehicle weight rating of 7,500 pounds or less shall not be required to file any cargo insurance, bond, or bonds for cargo liability.

D. Any motor carrier that meets the minimum federal financial responsibility requirements and also operates in intrastate commerce may submit, in lieu of a separate filing for its intrastate operation pursuant to § 46.2-2143, proof of the minimum federal limits, provided that (i) both interstate and intrastate operations are insured, (ii) the public liability filed is at least $750,000, and (iii) any cargo insurance requirements of this section have been met.

§ 46.2-2143.2. Special insurance provisions for certain carriers.

A. The provisions of this section shall apply only to motor carriers exempt under subdivision 6 of § 46.2-2101 and insurance policies maintained by such carriers pursuant to this article.

B. Insurance coverage for motor carriers shall be primary, and the requirements of § 46.2-2143.1 may be satisfied by any of the following:
   1. Insurance maintained by the motor carrier;
   2. Insurance maintained by another person on behalf of the motor carrier; or
   3. Any combination of subdivisions 1 and 2.

C. A motor carrier may meet its obligation under subsection B of § 46.2-2143.1 through a policy obtained by a person other than the carrier under subdivision B 2 or 3 only if the motor carrier verifies that the policy is maintained by such other person.

D. Insurers providing coverage under subsection B of § 46.2-2143.1 shall have the exclusive duty to defend any liability claim, including any claim against a motor carrier or person acting for or on behalf of the motor carrier arising from an accident occurring within the time period specified in subsection A of § 46.2-2143.1. Insurers of the personal automobile insurance policy of neither a person acting for or on behalf of the motor carrier nor the vehicle's owner shall have the duty to defend or indemnify the activities of a person acting for or on behalf of a motor carrier in connection with the motor carrier unless such policy expressly provides otherwise for the period of time to which subsection A of § 46.2-2143.1 is applicable or the policy contains an amendment or endorsement to provide that coverage.

E. Coverage under a motor carrier's insurance policy shall not be dependent on a personal automobile policy's first denying a claim, nor shall a personal automobile insurance policy be required to first deny a claim.

F. Nothing in this section shall be construed to require a personal automobile insurance policy to provide primary or excess coverage. The personal automobile insurance policy of neither a person acting for or on behalf of the motor carrier nor the vehicle's owner shall provide coverage for activities in connection with the motor carrier to such person acting for or on behalf of the motor carrier, the vehicle owner, or any third party unless such policy expressly provides otherwise for the period of time to which subsection A of § 46.2-2143.1 is applicable or the policy contains an amendment or endorsement to provide that coverage.

G. In every instance where motor carrier insurance maintained by a person other than the motor carrier to fulfill the insurance obligations of subsection B of § 46.2-2143.1 has lapsed or ceased to exist, the motor carrier shall provide the coverage required by that subsection beginning with the first dollar of a claim.

H. This section shall not limit the liability of a motor carrier arising out of an accident involving a person acting for or on behalf of the carrier in any action for damages against a motor carrier for an amount above the required insurance coverage.

I. Any person, or an attorney acting on his behalf, who suffers a loss in an automobile accident with a reasonable belief that the accident involves a vehicle operated by a person acting for or on behalf of a motor carrier and who provides the motor carrier with the date, approximate time, and location of the accident, the name of the vehicle operator, if available, and the accident report, if available, may request in writing from the motor carrier information relating to the insurance coverage and the company providing the coverage. The motor carrier shall respond electronically or in writing within 30 days. The motor carrier's response shall contain the following information: (i) whether, at the approximate time of the accident, the vehicle was being operated for or on behalf of the motor carrier; (ii) the name of the insurance carrier providing primary coverage; and (iii) the identity and last known address of the vehicle operator.

J. Any insurance required by subsection B of § 46.2-2143.1 may be placed with an insurer that has been admitted in Virginia or with an insurer providing surplus lines insurance as defined in § 38.2-4805.2.

K. Any insurance policy required by subsection B of § 46.2-2143.1 shall satisfy the financial responsibility requirement for a motor vehicle under § 46.2-706 during the period such vehicle is being operated for or on behalf of a motor carrier.

L. If a vehicle operated by a person acting for or on behalf of a motor carrier is insured under a personal automobile insurance policy that does not exclude coverage, then such policy shall provide primary coverage and an insurance policy maintained by the motor carrier under § 46.2-2143.1 shall provide excess coverage up to at least the limits required by § 46.2-2143.1.

M. In a claims coverage investigation, a motor carrier and its insurer shall cooperate with insurers involved in the claims coverage investigation to facilitate the exchange of information, including the date and time of any accident involving a vehicle operated for or on behalf of the motor carrier and the precise times that the vehicle was being operated for or on behalf of the motor carrier.

§ 46.2-2144. Policies or surety bonds to be filed with the Department and securities with State Treasurer.
A. Each motor carrier shall keep on file with the Department proof of an insurance policy or bond in accordance with this article. Record of the policy or bond shall remain in the files of the Department six months after the certificate of fitness, registration card, license plate, identification marker or permit is canceled for any cause. If federal, state, or municipal bonds are deposited with the State Treasurer in lieu of an insurance policy, the bonds shall remain deposited until six months after the registration card, license plate, certificate, or permit or identification marker is canceled for any cause unless otherwise ordered by the Department.

B. The Department may, without holding a hearing, suspend a permit or certificate of fitness if the permittee or certificate holder fails to comply with the requirements of this section.

2. That § 46.2-2108.3 and Article 5 (§§ 46.2-2174, 46.2-2175, and 46.2-2176) of Chapter 21 of Title 46.2 of the Code of Virginia are repealed.

3. That the provisions of this act shall become effective on January 1, 2018.

1. Establishment of a medical care facility;

2. An increase in the total number of beds or operating rooms in an existing medical care facility;

3. Relocation of beds from one existing facility to another, provided that "project" does not include the relocation of up to 10 beds or 10 percent of the beds, whichever is less, (i) from one existing facility to another existing facility at the same site in any two-year period, or (ii) in any three-year period, from one existing nursing home facility to any other existing nursing home facility owned or controlled by the same person that is located either within the same planning district, or within another planning district out of which, during or prior to that three-year period, at least 10 times that number of beds have been authorized by statute to be relocated from one or more facilities located in that other planning district and at least half of those beds have not been replaced, provided further that, however, a hospital shall not be required to obtain a certificate for the use of 10 percent of its beds as nursing home beds as provided in § 32.1-132;

Replacement of existing equipment shall not require a certificate of public need;

8. Any capital expenditure of $15 million or more, not defined as reviewable in subdivisions 1 through 7 of this definition, by or on behalf of a medical care facility other than a general hospital. Capital expenditures of $5 million or more by a general hospital and capital expenditures between $5 and $15 million by a medical care facility other than a general hospital shall be registered with the Commissioner pursuant to regulations developed by the Board. The amounts specified in this subdivision shall be revised effective July 1, 2008, and annually thereafter to reflect inflation using appropriate measures incorporating construction costs and medical inflation. Nothing in this subdivision shall be construed to modify or eliminate the reviewability of any project described in subdivisions 1 through 7 of this definition when undertaken by or on behalf of a general hospital; or

9. Conversion in an existing medical care facility of psychiatric inpatient beds approved pursuant to a Request for Applications (RFA) to nonpsychiatric inpatient beds.

§ 32.1-102.2. Regulations.
A. The Board shall promulgate regulations which are consistent with this article and:
1. Shall establish concise procedures for the prompt review of applications for certificates consistent with the provisions of this article which may include a structured batching process which incorporates, but is not limited to, authorization for the Commissioner to request proposals for certain projects. In any structured batching process established by the Board, applications, combined or separate, for computed tomographic (CT) scanning, magnetic resonance imaging (MRI), positron emission tomographic (PET) scanning, radiation therapy, stereotactic radiotherapy, proton beam therapy, or nuclear imaging shall be considered in the radiation therapy batch. A single application may be filed for a combination of (i) radiation therapy, stereotactic radiotherapy and proton beam therapy, and (ii) any or all of the computed tomographic (CT) scanning, magnetic resonance imaging (MRI), positron emission tomographic (PET) scanning, and nuclear medicine imaging;
2. May classify projects and may eliminate one or more or all of the procedures prescribed in § 32.1-102.6 for different classifications;
3. May provide for exempting from the requirement of a certificate projects determined by the Commissioner, upon application for exemption, to be subject to the economic forces of a competitive market or to have no discernible impact on the cost or quality of health services;
4. Shall establish specific criteria for determining need in rural areas, giving due consideration to distinct and unique geographic, socioeconomic, cultural, transportation, and other barriers to access to care in such areas and providing for weighted calculations of need based on the barriers to health care access in such rural areas in lieu of the determinations of need used for the particular proposed project within the relevant health systems area as a whole;
5. May establish, on or after July 1, 1999, a schedule of fees for applications for certificates to be applied to expenses for the administration and operation of the certificate of public need program. Such fees shall not be less than $1,000 nor exceed the lesser of one percent of the proposed expenditure for the project or $20,000. Until such time as the Board shall establish a schedule of fees, such fees shall be one percent of the proposed expenditure for the project; however, such fees shall not be less than $1,000 or more than $20,000; and
6. Shall establish an expedited application and review process for any certificate for projects reviewable pursuant to subdivision 8 of the definition of "project" in § 32.1-102.1. Regulations establishing the expedited application and review procedure shall include provisions for notice and opportunity for public comment on the application for a certificate, and criteria pursuant to which an application that would normally undergo the review process would instead undergo the full certificate of public need review process set forth in § 32.1-102.6.
B. The Board shall promulgate regulations providing for time limitations for schedules for completion and limitations on the exceeding of the maximum capital expenditure amount for all reviewable projects. The Commissioner shall not approve any such extension or excess unless it complies with the Board's regulations. However, the Commissioner may approve a significant change in cost for an approved project that exceeds the authorized capital expenditure by more than 20 percent, provided the applicant has demonstrated that the cost increases are reasonable and necessary under all the circumstances and do not result from any material expansion of the project as approved.
C. The Board shall also promulgate regulations authorizing the Commissioner to condition approval of a certificate on the agreement of the applicant to provide a level of charity care at a reduced rate to indigent persons or accept patients requiring specialized care. In addition, the Board's licensure regulations shall direct the Commissioner to condition the issuing or renewing of any license for any applicant whose certificate was approved upon such condition on whether such applicant has complied with any agreement to provide a level of charity care at a reduced rate to indigent persons or accept patients requiring specialized care. Except in the case of nursing homes, the value of charity care provided to individuals pursuant to this subsection shall be based on the provider reimbursement methodology utilized by the Centers for Medicare and Medicaid Services for reimbursement under Title XVIII of the Social Security Act, 42 U.S.C. § 1395 et seq.

§ 32.1-102.4. Conditions of certificates; monitoring; revocation of certificates.
A. A certificate shall be issued with a schedule for the completion of the project and a maximum capital expenditure amount for the project. The schedule may not be extended and the maximum capital expenditure may not be exceeded without the approval of the Commissioner in accordance with the regulations of the Board.
B. The Commissioner shall monitor each project for which a certificate is issued to determine its progress and compliance with the schedule and with the maximum capital expenditure. The Commissioner shall also monitor all continuing care retirement communities for which a certificate is issued authorizing the establishment of a nursing home facility or an increase in the number of nursing home beds pursuant to § 32.1-102.3:2 and shall enforce compliance with the conditions for such applications which are required by § 32.1-102.3:2. Any willful violation of a provision of § 32.1-102.3:2 or conditions of a certificate of public need granted under the provisions of § 32.1-102.3:2 shall be subject to a civil penalty of up to $100 per violation per day until the date the Commissioner determines that such facility is in compliance.
C. A certificate may be revoked when:
1. Substantial and continuing progress towards completion of the project in accordance with the schedule has not been made;
2. The maximum capital expenditure amount set for the project is exceeded;
3. The applicant has willfully or recklessly misrepresented intentions or facts in obtaining a certificate; or
4. A continuing care retirement community applicant has failed to honor the conditions of a certificate allowing the establishment of a nursing home facility or granting an increase in the number of nursing home beds in an existing facility which was approved in accordance with the requirements of § 32.1-102.3:2.

D. Further, the Commissioner shall not approve an extension for a schedule for completion of any project or the exceeding of the maximum capital expenditure of any project unless such extension or excess complies with the limitations provided in the regulations promulgated by the Board pursuant to § 32.1-102.2.

E. Any person willfully violating the Board's regulations establishing limitations for schedules for completion of any project or limitations on the exceeding of the maximum capital expenditure of any project shall be subject to a civil penalty of up to $100 per violation per day until the date of completion of the project.

F. The Commissioner may condition, pursuant to the regulations of the Board, the approval of a certificate (i) upon the agreement of the applicant to provide a level of charity care at a reduced rate to indigent indigent persons or accept patients requiring specialized care or (ii) upon the agreement of the applicant to facilitate the development and operation of primary medical care services in designated medically underserved areas of the applicant's service area. Except in the case of nursing homes, the value of charity care provided to individuals pursuant to this subsection shall be based on the provider reimbursement methodology utilized by the Centers for Medicare and Medicaid Services for reimbursement under Title XVIII of the Social Security Act, 42 U.S.C. § 1395 et seq.

The certificate holder shall provide documentation to the Department demonstrating that the certificate holder has satisfied the conditions of the certificate, including documentation of the amount of charity care provided to patients. If the certificate holder is unable or fails to satisfy the conditions of a certificate, the Department may approve alternative methods to satisfy the conditions pursuant to a plan of compliance. No such actions shall become effective until 30 days after adjournment of the session of the General Assembly next following the filing of such a report. 10. In cooperation with public institutions of higher education, develop guidelines for the assessment of student achievement. Each such institution shall use an approved program that complies with the guidelines of the Council and is consistent with the institution's mission and educational objectives in the development of such assessment. 17. Require each institution of higher education formed, chartered, or established in the Commonwealth after July 1, 1980, to ensure the preservation of student transcripts in the event of institutional closure or revocation of approval to operate in the Commonwealth. An institution may ensure the preservation of student transcripts by binding agreement
with another institution of higher education with which it is not corporately connected or in such other way as the Council may authorize by regulation. In the event that an institution closes or has its approval to operate in the Commonwealth revoked, the Council, through its director, may take such action as is necessary to secure and preserve the student transcripts until such time as an appropriate institution accepts all or some of the transcripts. Nothing in this subdivision shall be deemed to interfere with the right of a student to his own transcripts or authorize disclosure of student records except as may otherwise be authorized by law.

18. Require the development and submission of articulation, dual admissions, and guaranteed admissions agreements between associate-degree-granting and baccalaureate public institutions of higher education.

19. Provide periodic updates of base adequacy funding guidelines adopted by the Joint Subcommittee Studying Higher Education Funding Policies for each public institution of higher education.

20. In consultation with each public institution of higher education, develop a one-year uniform certificate of general studies program to be offered at each comprehensive community college. 21. Cooperate with the Board of Education in matters of interest to both public elementary and secondary schools and public institutions of higher education, particularly in connection with coordination of the college admission requirements, coordination of teacher training programs with the public school programs, and the Board’s Six-Year Educational Technology Plan for Virginia. The Council shall encourage public institutions of higher education to design programs that include the skills necessary for the successful implementation of such Plan.

22. Advise and provide technical assistance to the Brown v. Board of Education Scholarship Committee in the implementation and administration of the Brown v. Board of Education Scholarship Program pursuant to Chapter 34.1 (§ 30-231.01 et seq.) of Title 30.

Approved April 5, 2017

Be it enacted by the General Assembly of Virginia:

1. That § 20-107.3 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 20-107.1:1 as follows:

§ 20-107.1:1. Court may decree as to maintenance of life insurance policy.

A. Upon entry of a decree providing for (i) the dissolution of a marriage, (ii) a divorce, whether from the bond of matrimony or from bed and board, or (iii) separate maintenance, where an order for spousal support or separate maintenance has been entered by the court, the court may order a party to (a) maintain any existing life insurance policy on the insured party’s life that was purchased during the marriage, is issued through the insured’s employment, or is within effective control of the insured, provided that the party so ordered has the right to designate a beneficiary and that the payee
§ 20-107.3. Court may decree as to property and debts of the parties.

A. Upon decreeing the dissolution of a marriage, and also upon decreeing a divorce from the bond of matrimony, or upon the filing with the court as provided in subsection J of a certified copy of a final divorce decree obtained without the imposition of an obligation to pay for such a conversion.

B. In making a determination under subsection A, the court shall consider:
   1. The age, health, and insurability of the insured party;
   2. The age and health of the payee spouse;
   3. The cost of the life insurance policy;
   4. The amount and term of the award of spousal support or separate maintenance;
   5. The prevailing insurance rates at the time of the order;
   6. The ability of either spouse to pay the premium cost of the life insurance; and
   7. Such other factors as the court deems necessary or appropriate to consider in order to arrive at a fair order.

C. Upon motion of either party, any order entered pursuant to this section may be modified upon a material change of circumstances, including a change in marital status of the payor spouse, and in consideration of the factors set forth in subsection B. This provision shall not permit the change in marital status of the payor spouse to be considered as a factor under § 20-107.1 or considered a material change in circumstances in any proceeding related to the modification of spousal support.

D. Nothing in this section shall be construed to create an independent cause of action on the part of any beneficiary against the insurer or to require an insurer to provide information relating to such policy to any person other than the policyholder without the written consent of the policyholder or unless ordered by the court.

E. Nothing in this section shall be construed to require an insurance company to renew or reinstate any insurance policy other than as provided in such insurance policy.

F. In the event a group policy issued by an employer that is subject to a court order pursuant to this section is terminated or canceled by the employer or there is an involuntary change in employment by the payor causing the policy to no longer be in effect, such circumstances shall not be the basis of any finding of contempt against the payor arising out of an order entered pursuant to this section.

G. This section shall not apply to any second to die insurance policies on the lives of the payor and payee.

H. In the case of a term life insurance policy that has the ability to convert to a permanent policy, the court shall not impose an obligation to pay for such a conversion.
either party must be significant and result in substantial appreciation of the separate property if any increase in value attributable thereto is to be considered marital property.

2. Marital property is (i) all property titled in the names of both parties, whether as joint tenants, tenants by the entirety or otherwise, except as provided by subdivision A 3, (ii) that part of any property classified as marital pursuant to subdivision A 3, or (iii) all other property acquired by each party during the marriage which is not separate property as defined above. All property including that portion of pensions, profit-sharing or deferred compensation or retirement plans of whatever nature, acquired by either spouse during the marriage, and before the last separation of the parties, if at such time or thereafter at least one of the parties intends that the separation be permanent, is presumed to be marital property in the absence of satisfactory evidence that it is separate property. For purposes of this section marital property is presumed to be jointly owned unless there is a deed, title or other clear indicia that it is not jointly owned.

3. The court shall classify property as part marital property and part separate property as follows:
   a. In the case of income received from separate property during the marriage, such income shall be marital property only to the extent it is attributable to the personal efforts of either party. In the case of the increase in value of separate property during the marriage, such increase in value shall be marital property only to the extent that marital property or the personal efforts of either party have contributed to such increases, provided that any such personal efforts must be significant and result in substantial appreciation of the separate property.
   b. In the case of any pension, profit-sharing, or deferred compensation plan or retirement benefit, the marital share as defined in subsection G shall be marital property.
   c. In the case of any personal injury or workers' compensation recovery of either party, the marital share as defined in subsection G shall be marital property.
   d. When marital property and separate property are commingled by contributing one category of property to another, resulting in the loss of identity of the contributed property, the classification of the contributed property shall be transmuted to the category of property receiving the contribution. However, to the extent the contributed property is retraceable by a preponderance of the evidence and was not a gift, such contributed property shall retain its original classification.
   e. When marital property and separate property are commingled into newly acquired property resulting in the loss of identity of the contributing properties, the commingled property shall be deemed transmuted to marital property. However, to the extent the contributed property is retraceable by a preponderance of the evidence and was not a gift, the contributed property shall retain its original classification.
   f. When separate property is retilted in the joint names of the parties, the retilted property shall be deemed transmuted to marital property. However, to the extent the property is retraceable by a preponderance of the evidence and was not a gift, the retilted property shall retain its original classification.
   g. When the separate property of one party is commingled into the separate property of the other party, or the separate property of each party is commingled into newly acquired property, to the extent the contributed property is retraceable by a preponderance of the evidence and was not a gift, each party shall be reimbursed the value of the contributed property in any award made pursuant to this section.
   h. Subdivisions A 3 d, e and f shall apply to jointly owned property. No presumption of gift shall arise under this section where (i) separate property is commingled with jointly owned property; (ii) newly acquired property is conveyed into joint ownership; or (iii) existing property is conveyed or retitled into joint ownership. For purposes of this subdivision A 3, property is jointly owned when it is titled in the name of both parties, whether as joint tenants, tenants by the entireties, or otherwise.
   4. Separate debt is (i) all debt incurred by either party before the marriage, (ii) all debt incurred by either party after the date of the last separation of the parties, if at such time or thereafter at least one of the parties intends that the separation be permanent, and (iii) that part of any debt classified as separate pursuant to subdivision A 5. However, to the extent that a party can show by a preponderance of the evidence that the debt was incurred for the benefit of the marriage or family, the court may designate the debt as marital.
   5. Marital debt is (i) all debt incurred in the joint names of the parties before the date of the last separation of the parties, if at such time or thereafter at least one of the parties intends that the separation be permanent, whether incurred before or after the date of the marriage, and (ii) all debt incurred in either party's name after the date of the marriage and before the date of the last separation of the parties, if at such time or thereafter at least one of the parties intends that the separation be permanent. However, to the extent that a party can show by a preponderance of the evidence that the debt, or a portion thereof, was incurred, or the proceeds secured by incurring the debt were used, in whole or in part, for a nonmarital purpose, the court may designate the entire debt as separate or a portion of the debt as marital and a portion of the debt as separate.
   B. For the purposes of this section only, both parties shall be deemed to have rights and interests in the marital property. However, such interests and rights shall not attach to the legal title of such property and are only to be used as a consideration in determining a monetary award, if any, as provided in this section.
C. Except as provided in subsection G, the court shall have no authority to order the division or transfer of separate property or marital property, or separate or marital debt, which is not jointly owned or owed. However, upon a finding that separate property of one party is in the possession or control of the other party, the court may order that the property be transferred to the party whose separate property it is. The court may, based upon the factors listed in subsection E, divide or transfer or order the division or transfer, or both, of jointly owned marital property, jointly owed marital debt, or any part thereof. The court shall also have the authority to apportion and order the payment of the debts of the parties, or either of them, that are incurred prior to the dissolution of the marriage, based upon the factors listed in subsection E.

As a means of dividing or transferring the jointly owned marital property, the court may transfer or order the transfer of real or personal property or any interest therein to one of the parties, permit either party to purchase the interest of the other and direct the allocation of the proceeds, provided the party purchasing the interest of the other agrees to assume any indebtedness secured by the property, or order its sale by private sale by the parties, through such agent as the court shall direct, or by public sale as the court shall direct without the necessity for partition. All decrees entered prior to July 1, 1991, which are final and not subject to further proceedings on appeal as of that date, which divide or transfer or order the division or transfer of property directly between the parties are hereby validated and deemed self-executing. All orders or decrees which divide or transfer or order division or transfer of real property between the parties shall be recorded and indexed in the names of the parties in the appropriate grantor and grantee indexes in the land records in the clerk's office of the circuit court of the county or city in which the property is located.

D. In addition, based upon (i) the equities and the rights and interests of each party in the marital property, and (ii) the factors listed in subsection E, the court has the power to grant a monetary award, payable either in a lump sum or over a period of time in fixed amounts, to either party. The party against whom a monetary award is made may satisfy the award, in whole or in part, by conveyance of property, subject to the approval of the court. An award entered pursuant to this subsection shall constitute a judgment within the meaning of § 8.01-426 and shall not be docketed by the clerk unless the decree so directs. An award entered pursuant to this subsection may be enforceable in the same manner as any other money judgment. The provisions of § 8.01-382, relating to interest on judgments, shall apply unless the court orders otherwise.

Any marital property, which has been considered or ordered transferred in granting the monetary award under this section, shall not thereafter be the subject of a suit between the same parties to transfer title or possession of such property.

E. The amount of any division or transfer of jointly owned marital property, and the amount of any monetary award, the apportionment of marital debts, and the method of payment shall be determined by the court after consideration of the following factors:

1. The contributions, monetary and nonmonetary, of each party to the well-being of the family;
2. The contributions, monetary and nonmonetary, of each party in the acquisition and care and maintenance of such marital property of the parties;
3. The duration of the marriage;
4. The ages and physical and mental condition of the parties;
5. The circumstances and factors which contributed to the dissolution of the marriage, specifically including any ground for divorce under the provisions of subdivision A (1), (3) or (6) of § 20-91 or § 20-95;
6. How and when specific items of such marital property were acquired;
7. The debts and liabilities of each spouse, the basis for such debts and liabilities, and the property which may serve as security for such debts and liabilities;
8. The liquid or nonliquid character of all marital property;
9. The tax consequences to each party;
10. The use or expenditure of marital property by either of the parties for a nonmarital separate purpose or the dissipation of such funds, when such was done in anticipation of divorce or separation or after the last separation of the parties; and
11. Such other factors as the court deems necessary or appropriate to consider in order to arrive at a fair and equitable monetary award.

F. The court shall determine the amount of any such monetary award without regard to maintenance and support awarded for either party or support for the minor children of both parties and shall, after or at the time of such determination and upon motion of either party, consider whether an order for support and maintenance of a spouse or children shall be entered or, if previously entered, whether such order shall be modified or vacated.

G. In addition to the monetary award made pursuant to subsection D, and upon consideration of the factors set forth in subsection E:

1. The court may direct payment of a percentage of the marital share of any pension, profit-sharing or deferred compensation plan or retirement benefits, whether vested or nonvested, which constitutes marital property and whether payable in a lump sum or over a period of time. The court may order direct payment of such percentage of the marital share by direct assignment to a party from the employer trustee, plan administrator or other holder of the benefits. However, the court shall only direct that payment be made as such benefits are payable. No such payment shall exceed 50 percent of the marital share of the cash benefits actually received by the party against whom such award is made. "Marital share" means that portion of the total interest, the right to which was earned during the marriage and before the last separation of the parties, if at such time or thereafter at least one of the parties intended that the separation be permanent.
2. To the extent permitted by federal or other applicable law, the court may order a party to designate a spouse or former spouse as irrevocable beneficiary during the lifetime of the beneficiary of all or a portion of any survivor benefit or annuity plan of whatsoever nature, but not to include a life insurance policy except to the extent permitted by § 20-107.1:1. The court, in its discretion, shall determine as between the parties, who shall bear the costs of maintaining such plan.

H. In addition to the monetary award made pursuant to subsection D, and upon consideration of the factors set forth in subsection E, the court may direct payment of a percentage of the marital share of any personal injury or workers' compensation recovery of either party, whether such recovery is payable in a lump sum or over a period of time. However, the court shall only direct that payment be made as such recovery is payable, whether by settlement, jury award, court award, or otherwise. "Marital share" means that part of the total personal injury or workers' compensation recovery attributable to lost wages or medical expenses to the extent not covered by health insurance accruing during the marriage and before the last separation of the parties, if at such time or thereafter at least one of the parties intended that the separation be permanent.

I. Nothing in this section shall be construed to prevent the affirmation, ratification and incorporation in a decree of an agreement between the parties pursuant to §§ 20-109 and 20-109.1. Agreements, otherwise valid as contracts, entered into between spouses prior to the marriage shall be recognized and enforceable.

J. A court of proper jurisdiction under § 20-96 may exercise the powers conferred by this section after a court of a foreign jurisdiction has decreed a dissolution of a marriage or a divorce from the bond of matrimony, if (i) one of the parties was domiciled in this Commonwealth when the foreign proceedings were commenced, (ii) the foreign court did not have personal jurisdiction over the party domiciled in the Commonwealth, (iii) the proceeding is initiated within two years of receipt of notice of the foreign decree by the party domiciled in the Commonwealth, and (iv) the court obtains personal jurisdiction over the parties pursuant to subdivision A 9 of § 8.01-328.1, or in any other manner permitted by law.

K. The court shall have the continuing authority to make any additional orders necessary to effectuate and enforce any order entered pursuant to this section, including the authority to:

1. Order a date certain for transfer or division of any jointly owned property under subsection C or payment of any monetary award under subsection D;
2. Punish as contempt of court any willful failure of a party to comply with the provisions of any order made by the court under this section;
3. Appoint a special commissioner to transfer any property under subsection C where a party refuses to comply with the order of the court to transfer such property; and
4. Modify any order entered in a case filed on or after July 1, 1982, intended to affect or divide any pension, profit-sharing or deferred compensation plan or retirement benefits pursuant to the United States Internal Revenue Code or other applicable federal laws, only for the purpose of establishing or maintaining the order as a qualified domestic relations order or to revise or conform its terms so as to effectuate the expressed intent of the order.

L. If it appears upon or after the entry of a final decree of divorce from the bond of matrimony that neither party resides in the city or county of the circuit court that entered the decree, the court may, on the motion of any party or on its own motion, transfer to the circuit court for the city or county where either party resides the authority to make additional orders pursuant to subsection K or to carry out or enforce any stipulation, contract, or agreement between the parties that has been affirmed, ratified, and incorporated by reference pursuant to § 20-109.1.

**CHAPTER 802**

*An Act to amend and reenact §§ 19.2-349 and 19.2-354 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 19.2-354.1, relating to collection of unpaid court fines, etc.*

Approved April 5, 2017

Be it enacted by the General Assembly of Virginia:

1. That §§ 19.2-349 and 19.2-354 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 19.2-354.1 as follows:

   § 19.2-349. Responsibility for collections; clerks to report unsatisfied fines, etc.; duty of attorneys for Commonwealth; duties of Department of Taxation.
   
   A. The clerk of the circuit court and district court of every county and city shall submit to the judge of his court, the Department of Taxation, the State Compensation Board and the attorney for the Commonwealth of his county or city a monthly report of all fines, costs, forfeitures and penalties which are delinquent more than 90 days, including court-ordered restitution of a sum certain, imposed in his court for a violation of state law or a local ordinance which remain unsatisfied, including those which are delinquent in installment payments. The monthly report shall include the social security number or driver's license number of the defendant, if known, and such other information as the Department of Taxation and the Compensation Board deem appropriate. The Executive Secretary shall make the report required by this subsection on behalf of those clerks who participate in the Supreme Court's automated information system.
   
   B. It shall be the duty of the attorney for the Commonwealth to cause proper proceedings to be instituted for the collection and satisfaction of all fines, costs, forfeitures and restitution. The attorney for the Commonwealth shall determine whether it would be impractical or uneconomical for such service to be rendered by the office of the attorney for the Commonwealth. If the defendant does not enter into an installment payment agreement under § 19.2-354, the attorney for the Commonwealth and the clerk may agree to a process by which collection activity may be commenced 90 days after judgment.
   
   If the attorney for the Commonwealth does not undertake collection, he shall contract with (i) private attorneys or private collection agencies, (ii) enter into an agreement with a local governing body, (iii) enter into an agreement with the county or city treasurer, or (iv) use the services of the Department of Taxation, upon such terms and conditions as may be established by guidelines promulgated by the Office of the Attorney General, the Executive Secretary of the Supreme Court with the Department of Taxation and the Compensation Board. If the attorney for the Commonwealth undertakes collection, he shall follow the procedures established by the Department of Taxation and the Compensation Board. Such guidelines shall not supersede contracts between attorneys for the Commonwealth and private attorneys and collection agencies when active collection efforts are being undertaken. As part of such contract, private attorneys or collection agencies shall be given access to the social security number of the defendant in order to assist in the collection effort. Any such private attorney shall be subject to the penalties and provisions of § 18.2-186.3.
   
   The fees of any private attorneys or collection agencies shall be paid on a contingency fee basis out of the proceeds of the amounts collected. However, in no event shall such attorney or collection agency receive a fee for amounts collected by the Department of Taxation under the Setoff Debt Collection Act (§ 58.1-520 et seq.). A local treasurer undertaking collection pursuant to an agreement with the attorney for the Commonwealth may collect the administrative fee authorized by § 58.1-3958.
C. The Department of Taxation and the State Compensation Board shall be responsible for the collection of any judgment which remains unsatisfied or does not meet the conditions of § 19.2-354. Persons owing such unsatisfied judgments or failing to comply with installment payment agreements under § 19.2-354 shall be subject to the delinquent tax collection provisions of Title 58.1. The Department of Taxation and the State Compensation Board shall establish procedures to be followed by clerks of courts, attorneys for the Commonwealth, other state agencies and any private attorneys or collection agents and may employ private attorneys or collection agencies, or engage other state agencies to collect the judgment. The Department of Taxation and the Commonwealth shall be entitled to deduct a fee for services from amounts collected for violations of local ordinances.

The Department of Taxation and the State Compensation Board shall annually report to the Governor and the General Assembly the total of fines, costs, forfeitures and penalties assessed, collected, and unpaid and those which remain unsatisfied or do not meet the conditions of § 19.2-354 by each circuit and district court. The report shall include the procedures established by the Department of Taxation and the State Compensation Board pursuant to this section and a plan for increasing the collection of unpaid fines, costs, forfeitures and penalties. The Auditor of Public Accounts shall annually report to the Governor, the Executive Secretary of the Supreme Court and the General Assembly as to the adherence of clerks of courts, attorneys for the Commonwealth and other state agencies to the procedures established by the Department of Taxation and the State Compensation Board.

§ 19.2-354. Authority of court to order payment of fine, costs, forfeitures, penalties or restitution in installments or upon other terms and conditions; community work in lieu of payment.

A. Whenever (i) a defendant, convicted of a traffic infraction or a violation of any criminal law of the Commonwealth or of any political subdivision thereof, or found not innocent in the case of a juvenile, is sentenced to pay a fine, restitution, forfeiture or penalty and (ii) the defendant is unable to make payment of the fine, restitution, forfeiture, or penalty and costs within 30 days of sentencing, the court shall order the defendant to pay such fine, restitution, forfeiture or penalty and any costs which the defendant may be required to pay in deferred payments or installments. The court assessing the fine, restitution, forfeiture, or penalty and costs may authorize the clerk to establish and approve individual deferred or installment payment agreements. Any payment agreement authorized under this section shall be consistent with the Rules of Supreme Court of Virginia provisions of § 19.2-354.1, including any required minimum payments or other required conditions. The requirements established by the Rules of Supreme Court of Virginia set forth in § 19.2-354.1 shall be posted in the clerk's office and on the court's website, if a website is available. As a condition of every such agreement, a defendant who enters into an installment or deferred payment agreement shall promptly inform the court of any change of mailing address during the term of the agreement. If the defendant is unable to make payment within 30 days of sentencing, the court may assess a one-time fee not to exceed $10 to cover the costs of management of the defendant's account until such account is paid in full. This one-time fee shall not apply to cases in which costs are assessed pursuant to § 17.1-275.1, 17.1-275.2, 17.1-275.3, 17.1-275.4, 17.1-275.7, 17.1-275.8, or 17.1-275.9. Installment or deferred payment agreements shall include terms for payment if the defendant participates in a program as provided in subsection B or C. The court, if such sum or sums are not paid in full by the date ordered, shall proceed in accordance with § 19.2-358.

B. When a person sentenced to the Department of Corrections or a local correctional facility owes any fines, costs, forfeitures, restitution or penalties, he shall be required as a condition of participating in any work release, home/electronic incarceration or nonconsecutive days program as set forth in § 53.1-60, 53.1-131, 53.1-131.1, or 53.1-131.2 to either make full payment or make payments in accordance with his installment or deferred payment agreement while participating in such program. If, after the person has an installment or deferred payment agreement, the person fails to pay as ordered, his participation in the program may be terminated until all fines, costs, forfeitures, restitution and penalties are satisfied. The Director of the Department of Corrections and any sheriff or other administrative head of any local correctional facility shall withhold such ordered payments from any amounts due to such person. Distribution of the money collected shall be made in the following order of priority:

1. Meet the obligation of any judicial or administrative order to provide support and such funds shall be disbursed according to the terms of such order;
2. Pay any fines, restitution or costs as ordered by the court;
3. Pay travel and other such expenses made necessary by his work release employment or participation in an education or rehabilitative program, including the sums specified in § 53.1-150; and
4. Defray the offender's keep.

The balance shall be credited to the offender's account or sent to his family in an amount the offender so chooses.

The Board of Corrections shall promulgate regulations governing the receipt of wages paid to persons participating in such programs, the withholding of payments and the disbursement of appropriate funds.

C. The court shall establish a program and may provide an option to any person upon whom a fine and costs have been imposed to discharge all or part of the fine or costs by earning credits for the performance of community service work before or after imprisonment. The program shall specify the rate at which credits are earned and provide for the manner of applying earned credits against the fine or costs. The court shall have such other authority as is reasonably necessary for or incidental to carrying out this program.

D. When the court has authorized deferred payment or installment payments, the clerk shall give notice to the defendant that upon his failure to pay as ordered he may be fined or imprisoned pursuant to § 19.2-358 and his privilege to operate a motor vehicle will be suspended pursuant to § 46.2-395.
E. The failure of the defendant to enter into a deferred payment or installment payment agreement with the court or the failure of the defendant to make payments as ordered by the agreement shall allow the Tax Commissioner to act in accordance with § 19.2-349 to collect all fines, costs, forfeitures and penalties.

§ 19.2-354.1. Deferred or installment payment agreements.
A. For purposes of this section:
"Deferred payment agreement" means an agreement in which no installment payments are required and the defendant agrees to pay the full amount of the fines and costs at the end of the agreement's stated term.
"Fines and costs" means all fines, court costs, forfeitures, and penalties assessed in any case by a single court against a defendant for the commission of any crime or traffic infraction. "Fines and costs" includes restitution unless the court orders a separate payment schedule for restitution.
"Installment payment agreement" means an agreement in which the defendant agrees to make monthly or other periodic payments until the fines and costs are paid in full.
"Modified deferred payment agreement" means a deferred payment agreement in which the defendant agrees to use best efforts to make monthly or other periodic payments.
B. The court shall give a defendant ordered to pay fines and costs written notice of the availability of deferred, modified deferred, and installment payment agreements and, if a community service program has been established, the availability of earning credit toward discharge of fines and costs through the performance of community service work. The court shall offer any defendant who is unable to pay in full the fines and costs within 30 days of sentencing the opportunity to enter into a deferred payment agreement, modified deferred payment agreement, or installment payment agreement.
C. The court shall not deny a defendant the opportunity to enter into a deferred, modified deferred, or installment payment agreement solely (i) because of the category of offense for which the defendant was convicted or found not innocent, (ii) because of the total amount of all fines and costs, (iii) because the defendant previously defaulted under the terms of a payment agreement, (iv) because the fines and costs have been referred for collections pursuant to § 19.2-349, (v) because the defendant has not established a payment history, or (vi) because the defendant is eligible for a restricted driver's license under subsection E of § 46.2-395.
D. In determining the length of time to pay under a deferred, modified deferred, or installment payment agreement and the amount of the payments, a court shall take into account the defendant's financial resources and obligations, including any fines and costs owed by the defendant in other courts. In assessing the defendant's ability to pay, the court shall use a written financial statement, on a form developed by the Executive Secretary of the Supreme Court, setting forth the defendant's financial resources and obligations or conduct an oral examination of the defendant to determine his financial resources and obligations. The court may require the defendant to present a summary prepared by the Department of Motor Vehicles of the other courts in which the defendant also owes fines and costs. The length of a payment agreement and the amount of the payments shall be reasonable in light of the defendant's financial resources and obligations and shall not be based solely on the amount of fines and costs. The court may offer a payment agreement combining an initial period during which no payment of fines and costs is required followed by a period of installment payments.
E. A court may require a down payment as a condition of a defendant entering a deferred, modified deferred, or installment payment agreement. Any down payment shall be a minimal amount to demonstrate the defendant's commitment to paying the fines and costs. In the case of an installment payment agreement, the required down payment may not exceed (i) if the fines and costs owed are $500 or less, 10 percent of such amount or (ii) if the fines and costs owed are more than $500, five percent of such amount or $50, whichever is greater. A defendant may make a larger down payment than what is provided by this subsection.
F. All fines and costs that a defendant owes for all cases in any single court may be incorporated into one payment agreement, unless otherwise ordered by the court in specific cases. A payment agreement shall include only those outstanding fines and costs for which the limitations period set forth in § 19.2-341 has not run.
G. Any payment received within 10 days of its due date shall be considered to be timely made.
H. At any time during the duration of a payment agreement, the defendant may request a modification of the agreement in writing on a form provided by the Executive Secretary of the Supreme Court, and the court may grant such modification based on a good faith showing of need.
I. A court shall consider a request by a defendant who has defaulted on a payment agreement to enter into a subsequent payment agreement. In determining whether to approve the request for a subsequent payment agreement, the court shall consider any change in the defendant's circumstances. A court shall require a down payment to enter into a subsequent payment agreement, provided that the down payment required to enter into a subsequent payment agreement shall not exceed (i) if the fines and costs owed are $500 or less, 10 percent of such amount or (ii) if the fines and costs owed are more than $500, five percent of such amount or $50, whichever is greater. When a defendant enters into a subsequent payment agreement, a court shall not require a defendant to establish a payment history on the subsequent payment agreement before restoring the defendant's driver's license.
CHAPTER 803

An Act to amend and reenact §1 of the first enactment of Chapters 358 and 382 of the Acts of Assembly of 2013, relating to pilot programs for third party power purchase agreements; institutions of higher education.

[H2390]

Approved April 5, 2017

Be it enacted by the General Assembly of Virginia:

1. That §1 of the first enactment of Chapters 358 and 382 of the Acts of Assembly of 2013 is amended and reenacted as follows:

§1. That the State Corporation Commission (Commission) shall conduct a pilot program under which a person that owns or operates a solar-powered or wind-powered electricity generation facility located on premises owned or leased by an eligible customer-generator, as defined in §56-594 of the Code of Virginia, shall be permitted to sell the electricity generated from such facility exclusively to such eligible customer-generator under a power purchase agreement used to provide third party financing of the costs of such a renewable generation facility (third party power purchase agreement), subject to the following terms, conditions, and restrictions:

a. The pilot program shall be conducted within the certificated service territory of an investor-owned electric utility that was not bound by a rate case settlement adopted by the Commission that extended in its application beyond January 1, 2002, which utility is hereafter referred to as the other than a utility described in subsection G of §56-580 of the Code of Virginia ("Pilot Utility"), provided that within the certificated service territory of an investor-owned utility that was not bound by a rate case settlement adopted by the Commission that extended in its application beyond January 1, 2002, nonprofit, private institutions of higher education as defined in §23.1-100 of the Code of Virginia that are not being served by generation provided under subdivision A5 of §56-577 of the Code of Virginia shall be deemed to be customer-generators eligible to participate in the pilot program;

b. The aggregated capacity of all generation facilities that are subject to such third party power purchase agreements at any time during the pilot program shall not exceed 50 megawatts for an investor-owned utility that was bound by a rate case settlement adopted by the Commission that extended in its application beyond January 1, 2002, or seven megawatts for an investor-owned utility that was not bound by a rate case settlement adopted by the Commission that extended in its application beyond January 1, 2002. Such limitation on the aggregated capacity of such facilities shall constitute a portion of the existing limit of one percent of the Pilot Utility's adjusted Virginia peak-load forecast for the previous year that is available to eligible customer-generators pursuant to subsection E of §56-594 of the Code of Virginia. Notwithstanding any provision of this act that incorporates provisions of §56-594, the seller and the customer shall elect either to (i) enter into their third party power purchase agreement subject to the conditions and provisions of the Pilot Utility's net energy metering program under §56-594 or (ii) provide that electricity generated from the generation facilities subject to the third party power purchase agreement will not be net metered under §56-594, provided that an election not to net meter under §56-594 shall not exempt the third party power purchase agreement and the parties thereunto from the requirements of this act that incorporate provisions of §56-594;

c. A solar-powered or wind-powered generation facility with a capacity of no less than 50 kilowatts and no more than one megawatt shall be eligible for a third party power purchase agreement under the pilot program; however, if the customer under such agreement is an entity with tax-exempt status in accordance with §501(c) of the Internal Revenue Code of 1954, as amended, then such facility is eligible for the pilot program even if it does not meet the 50 kilowatts minimum size requirement. The maximum generation capacity of one megawatt shall not affect the limits on the capacity of electrical generating capacities of 20 kilowatts for residential customers and 500 kilowatts for nonresidential customers set forth in subsection B of §56-594 of the Code of Virginia, which limitations shall continue to apply to net energy metering generation facilities regardless of whether they are the subject of a third party power purchase agreement under the pilot program;

d. A generation facility that is the subject of a third party power purchase agreement under the pilot program shall serve only one customer, and a third party power purchase agreement shall not serve multiple customers;

e. The customer under a third party power purchase agreement under the pilot program shall be subject to the interconnection and other requirements imposed on eligible customer-generators pursuant to subsection C of §56-594 of the Code of Virginia, including the requirement that the customer bear the reasonable costs, as determined by the Commission, of the items described in clauses (i), (ii), and (iii) of such subsection;

f. A third party power purchase agreement under the pilot program shall not be valid unless it conforms in all respects to the requirements of the pilot program conducted under the provisions of this act and unless the Commission and the Pilot Utility are provided written notice of the parties' intent to enter into a third party power purchase agreement not less than 30 days prior to the agreement's proposed effective date; and

g. An affiliate of the Pilot Utility shall be permitted to offer and enter into third party power purchase arrangements on the same basis as may any other person that satisfies the requirements of being a seller under a third party power purchase agreement under the pilot program.

2. That the provisions of this act relating to a pilot program conducted within the certificated service territory of an investor-owned utility that was not bound by a rate case settlement adopted by the State Corporation Commission
that extended in its application beyond January 1, 2002, shall expire on July 1, 2022. Such expiration shall not affect any power purchase agreement entered into by such a utility during the term of its pilot program.

Within the Authority shall be created a Division of Incentives that shall be responsible for reviewing, vetting, tracking, and coordinating economic development incentives administered by or through the Authority or economic development incentives offered by the Commonwealth or a locality in conjunction with Authority-administered incentives, including those listed in § 2.2-206.2.

B. No project that includes an offer of economic development incentives by the Commonwealth, including grants or loans from the Commonwealth’s Development Opportunity Fund, shall be approved by the Governor until (i) the Division of

C. Any contract or memorandum of understanding for the award of economic development incentives by the Commonwealth shall set forth the investment and job creation requirements for the payment of the incentive and shall include a stipulation that the business beneficiary of the incentives shall be liable for the repayment of all or a portion of the incentives if the business beneficiary fails to make the required investments or create the required number of jobs. If it is determined that a business beneficiary is liable for the repayment of all or a portion of an economic development incentive awarded by the Board, the Board may direct the Office of the Attorney General to enforce the provisions of the contract or memorandum of understanding regarding the repayment.

D. Notwithstanding any other provision of law, approval of the Board shall be required to grant an extension for an approved project to meet the investment and job creation requirements set forth in the contract or memorandum of understanding. Notwithstanding any other provision of law, approval of both the Board and the MEI Project Approval Commission shall be required to grant any additional extensions.

E. The Division of Incentives shall provide semiannual updates to the Board of the status and progress of investment and job creation requirements for all projects for which economic development incentives have been awarded, until such time as the investment and job creation requirements are met or the incentives are repaid to the Commonwealth. Updates shall be provided more frequently upon the request of the Board, or if deemed necessary by the Division of Incentives.

F. Staffing of the Committee shall be provided by the Authority. The Committee shall elect a chairman and vice-chairman from among its membership. A majority of the members shall constitute a quorum.

All members may be reappointed. Members appointed to the Committee shall serve without compensation but shall be reimbursed for all reasonable and necessary expenses incurred in the performance of their duties as provided in §§ 2.2-2813 and 2.2-2825. Approved April 5, 2017

§ 54.1-517.2:1. Home inspection; required statement related to the presence of yellow shaded corrugated stainless steel tubing.

A. As used in this section:

"Bonding" means connecting metallic systems to establish electrical continuity and conductivity.

"Corrugated stainless steel tubing" or "CSST" means a flexible stainless steel pipe used to supply natural gas or propane in residential, commercial, and industrial structures.

Proper bonding and grounding of the product should be determined by a contractor licensed to perform the work in the Commonwealth of Virginia."

CHAPTER 806

An Act to amend and reenact §§ 19.2-349 and 19.2-354 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 19.2-354.1, relating to collection of unpaid court fines, etc.

Approved April 5, 2017

§ 19.2-349. Responsibility for collections; clerks to report unsatisfied fines, etc.; duty of attorneys for Commonwealth; duties of Department of Taxation.
A. The clerk of the circuit court and district court of every county and city shall submit to the judge of his court, the Department of Taxation, the State Compensation Board and the attorney for the Commonwealth of his county or city a monthly report of all fines, costs, forfeitures and penalties which are delinquent more than 90 days, including court-ordered restitution of a sum certain, imposed in his court for a violation of state law or a local ordinance which remain unsatisfied, including those which are delinquent in installment payments. The monthly report shall include the social security number or driver's license number of the defendant, if known, and such other information as the Department of Taxation and the Compensation Board deem appropriate. The Executive Secretary shall make the report required by this subsection on behalf of those clerks who participate in the Supreme Court's automated information system.

B. It shall be the duty of the attorney for the Commonwealth to cause proper proceedings to be instituted for the collection and satisfaction of all fines, costs, forfeitures, penalties and restitution. The attorney for the Commonwealth shall determine whether it would be impractical or uneconomical for such service to be rendered by the office of the attorney for the Commonwealth. If the defendant does not enter into an installment payment agreement under § 19.2-354, the attorney for the Commonwealth and the clerk may agree to a process by which collection activity may be commenced 90 days after judgment.

If the attorney for the Commonwealth does not undertake collection, he shall contract with (i) private attorneys or private collection agencies, (ii) enter into an agreement with a local governing body, (iii) enter into an agreement with the county or city treasurer, or (iv) use the services of the Department of Taxation, upon such terms and conditions as may be established by guidelines promulgated by the Office of the Attorney General, the Executive Secretary of the Supreme Court with the Department of Taxation and the Compensation Board. If the attorney for the Commonwealth undertakes collection, he shall follow the procedures established by the Department of Taxation and the Compensation Board. Such guidelines shall not supersede contracts between attorneys for the Commonwealth and private attorneys and collection agencies when active collection efforts are being undertaken. As part of such contract, private attorneys or collection agencies shall be given access to the social security number of the defendant in order to assist in the collection effort. Any such private attorney shall be subject to the penalties and provisions of § 18.2-186.3.

The fees of any private attorneys or collection agencies shall be paid on a contingency fee basis out of the proceeds of the amounts collected. However, in no event shall such attorney or collection agency receive a fee for amounts collected by the Department of Taxation under the Setoff Debt Collection Act (§ 58.1-520 et seq.). A local treasurer undertaking collection pursuant to an agreement with the attorney for the Commonwealth may collect the administrative fee authorized by § 58.1-3958.

C. The Department of Taxation and the State Compensation Board shall be responsible for the collection of any judgment which remains unsatisfied or does not meet the conditions of § 19.2-354. Persons owing such unsatisfied judgments or failing to comply with installment payment agreements under § 19.2-354 shall be subject to the delinquent tax collection provisions of Title 58.1. The Department of Taxation and the State Compensation Board shall establish procedures to be followed by clerks of courts, attorneys for the Commonwealth, other state agencies and any private attorneys or collection agents and may employ private attorneys or collection agencies, or engage other state agencies to collect the judgment. The Department of Taxation and the Commonwealth shall be entitled to deduct a fee for services from amounts collected for violations of local ordinances.

The Department of Taxation and the State Compensation Board shall annually report to the Governor and the General Assembly the total of fines, costs, forfeitures and penalties assessed, collected, and unpaid and those which remain unsatisfied or do not meet the conditions of § 19.2-354 by each circuit and district court. The report shall include the procedures established by the Department of Taxation and the Compensation Board pursuant to this section and a plan for increasing the collection of unpaid fines, costs, forfeitures and penalties. The Auditor of Public Accounts shall annually report to the Governor, the Executive Secretary of the Supreme Court and the General Assembly as to the adherence of clerks of courts, attorneys for the Commonwealth and other state agencies to the procedures established by the Department of Taxation and the Compensation Board.

§ 19.2-354. Authority of court to order payment of fine, costs, forfeitures, penalties or restitution in installments or upon other terms and conditions; community work in lieu of payment.

A. Whenever (i) a defendant, convicted of a traffic infraction or a violation of any criminal law of the Commonwealth or of any political subdivision thereof, or found not innocent in the case of a juvenile, is sentenced to pay a fine, restitution, forfeiture or penalty and (ii) the defendant is unable to make payment of the fine, restitution, forfeiture, or penalty and costs within 30 days of sentencing, the court shall order the defendant to pay such fine, restitution, forfeiture or penalty and any costs which the defendant may be required to pay in deferred payments or installments. The court assessing the fine, restitution, forfeiture, or penalty and costs may authorize the clerk to establish and approve individual deferred or installment payment agreements. Any payment agreement authorized under this section shall be consistent with the provisions of § 19.2-354.1, including any required minimum payments or other required conditions. The requirements established by the Rules of Supreme Court of Virginia set forth in § 19.2-354.1 shall be posted in the clerk's office and on the court's website, if a website is available. As a condition of every such agreement, a defendant who enters into an installment or deferred payment agreement shall promptly inform the court of any change of mailing address during the term of the agreement. If the defendant is unable to make payment within 90 days of sentencing, the court may assess a one-time fee not to exceed $10 to cover the costs of management of the defendant's account until such account is paid in full. This one-time fee shall not apply to cases in which costs are assessed pursuant to § 17.1-275.1,
Acts of Assembly 1521

17.1-275.2, 17.1-275.3, 17.1-275.4, 17.1-275.7, 17.1-275.8, or 17.1-275.9. Installment or deferred payment agreements shall include terms for payment if the defendant participates in a program as provided in subsection B or C. The court, if such sum or sums are not paid in full by the date ordered, shall proceed in accordance with § 19.2-358.

B. When a person sentenced to the Department of Corrections or a local correctional facility owes any fines, costs, forfeitures, restitution or penalties, he shall be required as a condition of participating in any work release, home/electronic incarceration or nonconsecutive days program as set forth in § 53.1-60, 53.1-131, 53.1-131.1, or 53.1-131.2 to either make full payment or make payments in accordance with his installment or deferred payment agreement while participating in such program. If, after the person has an installment or deferred payment agreement, the person fails to pay as ordered, his participation in the program may be terminated until all fines, costs, forfeitures, restitution and penalties are satisfied. The Director of the Department of Corrections and any sheriff or other administrative head of any local correctional facility shall withhold such ordered payments from any amounts due to such person. Distribution of the money collected shall be made in the following order of priority to:

1. Meet the obligation of any judicial or administrative order to provide support and such funds shall be disbursed according to the terms of such order;
2. Pay any fines, restitution or costs as ordered by the court;
3. Pay travel and other such expenses made necessary by his work release employment or participation in an educational or rehabilitative program, including the sums specified in § 53.1-150; and
4. Defray the offender's keep.

The Board of Corrections shall promulgate regulations governing the receipt of wages paid to persons participating in such programs, the withholding of payments and the disbursement of appropriate funds.

C. The court shall establish a program and may provide an option to any person upon whom a fine and costs have been imposed to discharge all or part of the fine or costs by earning credits for the performance of community service work before or after imprisonment. The program shall specify the rate at which credits are earned and provide for the manner of applying earned credits against the fine or costs. The court shall have such other authority as is reasonably necessary for or incidental to carrying out this program.

D. When the court has authorized deferred payment or installment payments, the clerk shall give notice to the defendant that upon his failure to pay as ordered he may be fined or imprisoned pursuant to § 19.2-358 and his privilege to operate a motor vehicle will be suspended pursuant to § 46.2-395.

E. The failure of the defendant to enter into a deferred payment or installment payment agreement with the court or the failure of the defendant to make payments as ordered by the agreement shall allow the Tax Commissioner to act in accordance with § 19.2-349 to collect all fines, costs, forfeitures and penalties.

§ 19.2-354.1. Deferred or installment payment agreements.

A. For purposes of this section:
"Deferred payment agreement" means an agreement in which no installment payments are required and the defendant agrees to pay the full amount of the fines and costs at the end of the agreement's stated term.
"Fines and costs" means all fines, court costs, forfeitures, and penalties assessed in any case by a single court against a defendant for the commission of any crime or traffic infraction. "Fines and costs" includes restitution unless the court orders a separate payment schedule for restitution.
"Installment payment agreement" means an agreement in which the defendant agrees to make monthly or other periodic payments until the fines and costs are paid in full.
"Modified deferred payment agreement" means a deferred payment agreement in which the defendant also agrees to use best efforts to make monthly or other periodic payments.

B. The court shall give a defendant ordered to pay fines and costs written notice of the availability of deferred, modified deferred, and installment payment agreements and, if a community service program has been established, the availability of earning credit toward discharge of fines and costs through the performance of community service work. The court shall offer any defendant who is unable to pay in full the fines and costs within 30 days of sentencing the opportunity to enter into a deferred payment agreement, modified deferred payment agreement, or installment payment agreement.

C. The court shall not deny a defendant the opportunity to enter into a deferred, modified deferred, or installment payment agreement solely (i) because of the category of offense for which the defendant was convicted or found not innocent, (ii) because of the total amount of all fines and costs, (iii) because the defendant previously defaulted under the terms of a payment agreement, (iv) because the fines and costs have been referred for collections pursuant to § 19.2-349, (v) because the defendant has not established a payment history, or (vi) because the defendant is eligible for a restricted driver's license under subsection E of § 46.2-395.

D. In determining the length of time to pay under a deferred, modified deferred, or installment payment agreement and the amount of the payments, a court shall take into account the defendant's financial resources and obligations, including any fines and costs owed by the defendant in other courts. In assessing the defendant's ability to pay, the court shall use a written financial statement, on a form developed by the Executive Secretary of the Supreme Court, setting forth the defendant's financial resources and obligations or conduct an oral examination of the defendant to determine his financial resources and obligations. The court may require the defendant to present a summary prepared by the Department of Motor Vehicles of the other courts in which the defendant also owes fines and costs. The length of a payment agreement and the
amount of the payments shall be reasonable in light of the defendant's financial resources and obligations and shall not be based solely on the amount of fines and costs. The court may offer a payment agreement combining an initial period during which no payment of fines and costs is required followed by a period of installment payments.

E. A court may require a down payment as a condition of a defendant entering a deferred, modified deferred, or installment payment agreement. Any down payment shall be a minimal amount to demonstrate the defendant's commitment to paying the fines and costs. In the case of an installment payment agreement, the required down payment may not exceed (i) if the fines and costs owed are $500 or less, 10 percent of such amount or (ii) if the fines and costs owed are more than $500, five percent of such amount or $50, whichever is greater. A defendant may make a larger down payment than what is provided by this subsection.

F. All fines and costs that a defendant owes for all cases in any single court may be incorporated into one payment agreement, unless otherwise ordered by the court in specific cases. A payment agreement shall include only those outstanding fines and costs for which the limitations period set forth in § 19.2-341 has not run.

G. Any payment received within 10 days of its due date shall be considered to be timely made.

H. At any time during the duration of a payment agreement, the defendant may request a modification of the agreement in writing on a form provided by the Executive Secretary of the Supreme Court, and the court may grant such modification based on a good faith showing of need.

I. A court shall consider a request by a defendant who has defaulted on a payment agreement to enter into a subsequent payment agreement. In determining whether to approve the request for a subsequent payment agreement, the court shall consider any change in the defendant's circumstances. A court shall require a down payment to enter into a subsequent payment agreement, provided that the down payment required to enter into a subsequent payment agreement shall not exceed (i) if the fines and costs owed are $500 or less, 10 percent of such amount or (ii) if the fines and costs owed are more than $500, five percent of such amount or $50, whichever is greater. When a defendant enters into a subsequent payment agreement, a court shall not require a defendant to establish a payment history on the subsequent payment agreement before restoring the defendant's driver's license.

CHAPTER 807

An Act to amend and reenact § 24.2-106 of the Code of Virginia, relating to electoral board appointments; chief judge of the judicial circuit or his designee to make appointment.

Approved April 5, 2017

Be it enacted by the General Assembly of Virginia:

1. That § 24.2-106 of the Code of Virginia is amended and reenacted as follows:

§ 24.2-106. Appointment and terms; vacancies; chairman and secretary; certain prohibitions; training.

A. There shall be in each county and city an electoral board composed of three members who shall be appointed by a majority of the circuit judges the chief judge of the judicial circuit for the county or city or that judge's designee. Such designee shall be any other judge who sits in the judicial circuit. If a majority of the judges cannot agree, the senior judge shall make the appointment. Any vacancy occurring on a board shall be filled by the same authority for the unexpired term. In the event of the temporary absence, or disability that precludes the performance of duties, of one or more members that prevents attaining a quorum, the senior chief judge or his designee, for good cause, may appoint, on a meeting-to-meeting basis, a temporary member to the electoral board. The temporary appointee must be eligible for appointment and to the extent practicable maintain representation of political parties under § 24.2-106. The clerk of the circuit court shall send to the State Board a copy of each order making an appointment to an electoral board.

In the appointment of the electoral board, representation shall be given to each of the two political parties having the highest and next highest number of votes in the Commonwealth for Governor at the last preceding gubernatorial election. Two electoral board members shall be of the political party that cast the highest number of votes for Governor at that election. When the Governor was not elected as the candidate of a political party, representation shall be given to each of the political parties having the highest and next highest number of members of the General Assembly at the time of the appointment and two board members shall be of the political party having the highest number of members in the General Assembly. The political party entitled to the appointment shall make and file recommendations with the judges for the appointment not later than January 15 of the year of an appointment to a full term or, in the case of an appointment to fill a vacancy, within 30 days of the date of death or notice of resignation of the member being replaced. Its recommendations shall contain the names of at least three qualified voters of the county or city for each appointment. The judges shall promptly make such appointment from the recommendations after receipt of the political party's recommendation or after January 15 for a full term or after the 30-day period expires for a vacancy appointment, whichever of the events described in clause (i) or (ii) first occurs.

The circuit judges, chief judge of the judicial circuit for the county or city, or his designee, shall not appoint to the electoral board (i) any person who is the spouse of an electoral board member or the general registrar for the county or city, (ii) any person, or the spouse of any person, who is the parent, grandparent, sibling, child, or grandchild of an
electoral board member or the general registrar of the county or city; or (iii) (c) any person who is ineligible to serve under the provisions of this section.

Electoral board members shall serve three-year terms and be appointed to staggered terms, one term to expire at midnight on the last day of February each year. No three-year term shall be shortened to comply with the political party representation requirements of this section.

B. The board shall elect one of its members as chairman and another as secretary. The chairman and the secretary shall represent different political parties, unless the representative of the second-ranked political party declines in writing to accept the unfilled office. At any time that the secretary is incapacitated in such a way that makes it impossible for the secretary to carry out the duties of the position, the board may designate one of its other members as acting secretary. Any such designation shall be made in an open meeting and recorded in the minutes of the board.

The secretary of the electoral board shall immediately notify the State Board of any change in the membership or officers of the electoral board and shall keep the Board informed of the name, residence and mailing addresses, and home and business telephone numbers of each electoral board member.

C. No member of an electoral board shall be eligible to offer for or hold an office to be filled in whole or in part by qualified voters of his jurisdiction. If a member resigns to offer for or hold such office, the vacancy shall be filled as provided in this section.

No member of an electoral board shall be the spouse, grandparent, parent, sibling, child, or grandchild, or the spouse of a grandparent, parent, sibling, child, or grandchild, of a candidate for or holder of an elective office filled in whole or in part by any voters within the jurisdiction of the electoral board.

No member of an electoral board shall serve as the chairman of a state, local or district level political party committee or as a paid worker in the campaign of a candidate for nomination or election to an office filled by election in whole or in part by the qualified voters of the jurisdiction of the electoral board.

D. Each member of the electoral board shall attend an annual training program provided by the State Board during the first year of his appointment and the first year of any subsequent reappointment.

CHAPTER 808

§ 58.1-612. Tax collectible from dealers; "dealer" defined; jurisdiction.

A. The tax levied by §§ 58.1-603 and 58.1-604 shall be collectible from all persons who are dealers, as hereinafter defined, and who have sufficient contact with the Commonwealth to qualify under subsections (i) B and C or (ii) B and D.

B. The term "dealer," as used in this chapter, shall include every person who:

1. Manufactures or produces tangible personal property for sale at retail, for use, consumption, or distribution, or for storage to be used or consumed in this Commonwealth;

2. Imports or causes to be imported into this Commonwealth tangible personal property from any state or foreign country, for sale at retail, for use, consumption, or distribution, or for storage to be used or consumed in this Commonwealth;

8. Becomes liable to and owes this Commonwealth any amount of tax imposed by this chapter, whether he holds, or is required to hold, a certificate of registration under § 58.1-613.

C. A dealer shall be deemed to have sufficient activity within the Commonwealth to require registration under § 58.1-613 if he:

1. Maintains or has within this Commonwealth, directly or through an agent or subsidiary, an office, warehouse, or place of business of any nature;

2. Solicits business in this Commonwealth by employees, independent contractors, agents or other representatives;

The presumption in this subsection may be rebutted by demonstrating that the activities conducted by the commonly controlled person in the Commonwealth are not significantly associated with the dealer's ability to establish or maintain a market in the Commonwealth for the dealer's sales. For purposes of this subsection, a "commonly controlled person" means any person that is a member of the same "controlled group of corporations," as defined in § 1563(a) of the Internal Revenue Code of 1954, as amended or renumbered, as the dealer or any other entity that, notwithstanding its form of organization, bears the same ownership relationship to the dealer as a corporation that is a member of the same "controlled group of corporations," as defined in § 1563(a) of the Internal Revenue Code of 1954, as amended or renumbered.

E. 1. The ownership or leasing by that person of tangible or intangible property located at the Virginia premises of the commercial printer;
2. The sale by that person of property of any kind printed at and shipped or distributed from the Virginia premises of the commercial printer;
3. Activities in connection with the printing contract with the person performed by or on behalf of that person at the Virginia premises of the commercial printer; and
4. Activities in connection with the printing contract with the person performed by the commercial printer within Virginia for or on behalf of that person.

F. In addition to the jurisdictional standards contained in subsections C and D, nothing contained herein (other than subsection E) shall limit any authority which this Commonwealth may enjoy under the provisions of federal law or an opinion of the United States Supreme Court to require the collection of sales and use taxes by any dealer who regularly or systematically solicits sales within this Commonwealth. Furthermore, nothing contained in subsection C shall require any broadcaster, printer, outdoor advertising firm, advertising distributor, or publisher which broadcasts, publishes, or displays or distributes paid commercial advertising in this Commonwealth which is intended to be disseminated primarily to consumers located in this Commonwealth to report or impose any liability to pay any tax imposed under this chapter solely because such broadcaster, printer, outdoor advertising firm, advertising distributor, or publisher accepted such advertising contracts from out-of-state advertisers or sellers.

G. (Contingent effective date -- see note*) Pursuant to any federal legislation that grants states the authority to require remote sellers to collect sales and use tax, the Commonwealth is authorized, as permitted by such federal legislation, to require collection of sales and use tax by any remote seller, or a single or consolidated provider acting on behalf of a remote seller. If the federal legislation has an exemption for sellers whose sales are less than a minimum amount, then in determining such amount, the sales made by all persons related within the meanings of subsections (b) and (c) of § 267 or § 707(b)(1) of the Internal Revenue Code of 1986 shall be aggregated.

2. That an emergency exists and the provisions of this act shall become effective on June 1, 2017.

§ 15.2-914. Regulation of child-care services and facilities in certain counties and cities.

Any (i) county that has adopted the urban county executive form of government, (ii) city adjacent to a county that has adopted the urban county executive form of government, or (iii) city which is completely surrounded by such county may by ordinance provide for the regulation and licensing of persons who provide child-care services for compensation and for the regulation and licensing of child-care facilities. "Child-care services" means provision of regular care, protection and guidance to one or more children not related by blood or marriage while such children are separated from their parent, guardian or legal custodian in a dwelling not the residence of the child during a part of the day for at least four days of a calendar week. "Child-care facilities" includes any commercial or residential structure which is used to provide child-care services.

Such local ordinance shall not require the regulation or licensing of any child-care facility that is licensed by the Commonwealth and such ordinance shall not require the regulation or licensing of any facility operated by a religious institution as exempted from licensure by § 63.2-1716.

Such local ordinances shall not be more extensive in scope than comparable state regulations applicable to family day homes. Such local ordinances may regulate the possession and storage of firearms, ammunition, or components or combination thereof at child-care facilities so long as such regulation remains no more extensive in scope than comparable state regulations applicable to family day homes. Local regulations shall not affect the manner of construction or materials to be used in the erection, alteration, repair or use of a residential dwelling.

Such local ordinances may require that persons who provide child-care services shall provide certification from the Central Criminal Records Exchange and a national criminal background check, in accordance with §§ 19.2-389 and 19.2-392.02, that such persons have not been convicted of any offense involving the sexual molestation of children or the physical or sexual abuse or rape of a child or any offense identified as a barrier crime, as defined in § 19.2-297.1, or any conviction of an act of violence, as defined in § 19.2-297.1, or any conviction of an offense set forth in § 19.2-392.02, and such ordinances may require that persons who provide child-care services shall provide certification from the central registry of the Department of Social Services that such persons have not been the subject of a founded complaint of abuse or neglect. If an applicant is denied licensure because of any adverse information appearing on a record obtained from the Central Criminal Records Exchange, the national criminal background check, or the Department of Social Services, the applicant shall be provided a copy of the information upon which that denial was based.

§ 16.1-333.1. Written findings necessary to order that minor is emancipated on the basis of intent to marry.

The court may enter an order declaring such a minor who desires to get married emancipated if, after a hearing where both individuals intending to marry are present, the court makes written findings that:

1. It is the minor's own will that the minor enter into marriage, and the minor is not being compelled against the minor's will by force, threats, persuasions, menace, or duress;
2. The individuals to be married are mature enough to make such a decision to marry;
3. The marriage will not endanger the safety of the minor. In making this finding, the court shall consider (i) the age difference between the parties intending to be married; (ii) whether either individual to be married has a criminal record containing an conviction of an act of violence, as defined in § 19.2-297.1, or any conviction of a barrier crime, as defined in § 63.2-1714 or § 63.2-1726; and (iii) any other acts of violence between the parties to be married; and
4. It is in the best interests of the minor petitioning for an order of emancipation that such order be entered. Neither a past or current pregnancy of either individual to be married or between the individuals to be married nor the wishes of the parents or legal guardians of the minor desiring to be married shall be sufficient evidence to establish that the best interests of the minor would be served by entering the order of emancipation.

A. Each local board and licensed child-placing agency shall obtain, in accordance with regulations adopted by the Board, criminal history record information from the Central Criminal Records Exchange and the Federal Bureau of Investigation through the Central Criminal Records Exchange and the results of a search of the child abuse and neglect central registry of any individual with whom the local board or licensed child-placing agency is considering placing a child on an emergency, temporary or permanent basis, including the birth parent of a child in foster care placement, unless the birth parent has revoked an entrustment agreement pursuant to § 63.2-1223 or 63.2-1817 or a local board or birth parent revokes a placement agreement while legal custody remains with the parent, parents, or guardians pursuant to § 63.2-900. The local board or licensed child-placing agency shall also obtain such background checks on all adult household members residing in the home of the individual with whom the child is to be placed pursuant to subsection B. Such state criminal records or registry search shall be at no cost to the individual. The local board or licensed child-placing agency shall pay for the national fingerprint criminal history record check or may require such individual to pay the cost of the fingerprinting or the national fingerprinting criminal history record check or both. In addition to the fees assessed by the Federal Bureau of Investigation, the designated state agency may assess a fee for responding to requests required by this section.

B. Background checks pursuant to this section require the following:  
   1. A sworn statement or affirmation disclosing whether or not the individual has a criminal conviction or is the subject of any pending criminal charges within or outside the Commonwealth and whether or not the individual has been the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth;
   2. That the individual submit to fingerprinting and provide personal descriptive information to be forwarded along with the individual's fingerprints through the Central Criminal Records Exchange to the Federal Bureau of Investigation for the purpose of obtaining criminal history record information. The local board or licensed child-placing agency shall inform the individual that he is entitled to obtain a copy of any background check report and to challenge the accuracy and completeness of any such report and obtain a prompt resolution before a final decision is made of the individual's fitness to have responsibility for the safety and well-being of children.

   The Central Criminal Records Exchange, upon receipt of an individual's record or notification that no record exists, shall forward it to the designated state agency. The state agency shall, upon receipt of an individual's record lacking disposition data, conduct research in whatever state and local recordkeeping systems are available in order to obtain complete data. The state agency shall report to the local board or licensed child-placing agency whether the individual meets the criteria for having responsibility for the safety and well-being of children based on whether or not the individual has ever been convicted of or is the subject of pending charges set forth for any barrier crime as defined in § 62.2-1719 or an equivalent set forth in another state 19.2-392.02. Copies of any information received by a local board or licensed child-placing agency pursuant to this section shall be available to the state agency that regulates or operates such a child-placing agency but shall not be disseminated further; and

L. 109-248, in which a prospective parent or other adult in the home has resided in the preceding five years.

   C. In emergency circumstances, each local board may obtain, from a criminal justice agency, criminal history record information from the Central Criminal Records Exchange and the Federal Bureau of Investigation through the Virginia Criminal Information Network (VCIN) for the criminal records search authorized by this section. Within three days of placing a child, the local board shall require the individual for whom a criminal history record information check was requested to submit to fingerprinting and provide personal descriptive information to be forwarded along with the fingerprints through the Central Criminal Records Exchange to the Federal Bureau of Investigation for the purpose of obtaining criminal record history information, pursuant to subsection B. The child shall be removed from the home immediately if any adult resident fails to provide such fingerprints and written permission to perform a criminal history record check when requested.

   D. Any individual with whom the local board is considering placing a child on an emergency basis shall submit to a search of the central registry maintained pursuant to § 63.2-1515 and the Adam Walsh Child Protection and Safety Act of 2006, Pub. L. 109-248 for any founded complaint of child abuse or neglect. The search of the central registry must occur prior to emergency placement. Such central registry search shall be at no cost to the individual. Prior to emergency placement, the individual shall provide a statement of affirmation disclosing whether he has ever been the subject of a founded case of child abuse or neglect within or outside the Commonwealth. Child-placing agencies shall not approve individuals with a founded complaint of child abuse as foster or adoptive parents.

F. A local board or child-placing agency may approve as a kinship foster care parent an applicant who has been convicted of the following offenses, provided that 10 years have elapsed from the date of the conviction and the local board or child-placing agency makes a specific finding that approving the kinship foster care placement would not adversely affect the safety and well-being of the child: (i) a felony conviction for possession of drugs as set out in Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2, but not including a felony conviction for possession of drugs with the intent to distribute; any offense set forth in clause (iv) of the definition of barrier crime in § 19.2-392.02 or (ii) a misdemeanor conviction for arson as set out in Article 4 (§ 18.2-77 et seq.) of Chapter 5 of Title 18.2; or (iii) an equivalent offense under § 18.2-80, 18.2-81, 18.2-83, 18.2-87, 18.2-87.1, or 18.2-88 or any substantially similar offense in the laws of another state jurisdiction.

If approval as an agency approved provider is denied because of information obtained through a Central Criminal Records Exchange search, the local board, upon request, shall provide a copy of the information obtained to the individual who is the subject of the search. Further dissemination of the criminal history record information is prohibited.

B. In emergency circumstances, each local board may obtain from a criminal justice agency the criminal history record information from the Central Criminal Records Exchange for the criminal records search authorized by this section. The provision of home-based services shall be immediately terminated or the adult shall be removed from the home immediately, if any adult resident has been convicted of any offense set forth in clause (i) of the definition of barrier crime as described in § 62.2-1719 19.2-392.02.

The school shall afford the Commissioner reasonable opportunity to inspect the school's program, records, and facility, and to interview the employees and any child or parent or guardian of a child who is or has been enrolled in the preschool program. If, upon completion of the investigation, it is determined that the school is in noncompliance with the provisions of this section, the Commissioner shall give reasonable notice to the school of the nature of its noncompliance and thereafter may take appropriate action as provided by law, including a suit to enjoin the operation of the preschool program.
L. Failure of a private school to comply with the provisions of this section, or a finding that the health and safety of the children attending the preschool program are in clear and substantial danger upon the completion of an investigation, shall be grounds for revocation of the certification issued pursuant to this section.

A. Notwithstanding any other provision of law, no person convicted of a crime in violation of any provision in Title 18.2, which resulted in property damage or loss, shall be placed on probation or have his sentence suspended unless such person shall make at least partial restitution for such property damage or loss, or be compelled to perform community services, or both, or shall submit a plan for doing that which appears to the court to be feasible under the circumstances.
B. Notwithstanding any other provision of law, any person who, on or after July 1, 1995, commits, and is convicted of, a crime in violation of any provision in Title 18.2 shall make at least partial restitution for any property damage or loss caused by the crime or for any medical expenses or expenses directly related to funeral or burial incurred by the victim or his estate as a result of the crime, may be compelled to perform community services and, if the court so orders, shall submit a plan for doing that which appears to be feasible to the court under the circumstances.

The plan shall include the defendant's home address, place of employment and address, social security number and bank information. If the court finds such plan to be reasonable and practical under the circumstances, it may consider probation or suspension of whatever portion of the sentence that it deems appropriate. By order of the court incorporating the defendant's plan or a reasonable and practical plan devised by the court, the defendant shall make restitution while he is free on probation or work release or following his release from confinement. Additionally, the court may order that the defendant make restitution during his confinement, if feasible, based upon both his earning capacity and net worth as determined by the court at sentencing.
D. At the time of sentencing, the court shall determine the amount to be repaid by the defendant and the terms and conditions thereof. If community service work is ordered, the court shall determine the terms and conditions upon which such work shall be performed. The court shall include such findings in the judgment order. The order shall specify that sums paid under such order shall be paid to the clerk, who shall disburse such sums as the court may, by order, direct. Any court desiring to participate in the Setoff Debt Collection Act (§§ 58.1-520 through 58.1-535) for the purpose of collecting fines or costs of a violation of § 19.2-405, 18.2-407, or 18.2-408 in Capitol Square, or at any other property assigned to the Capitol Police, shall be ordered to pay restitution to the Commonwealth for the full amount of damages to the Capitol or any building, monument, statue, artwork, or other state property in Capitol Square, or at any other property assigned to the Capitol Police, to which damage is caused during such riot or unlawful assembly. If the attorney for the Commonwealth did not participate in the prosecution of the defendant, the court or the clerk shall complete the form. A copy of the form, excluding contact information for the victim, shall be provided to the defendant at sentencing. A copy of the form shall be provided to the attorney for the Commonwealth and to the victim, his agent, or his estate upon request and free of charge.
F. Unreasonable failure to execute the plan by the defendant shall result in revocation of the probation or imposition of the suspended sentence. A hearing shall be held in accordance with the provisions of this Code relating to revocation of probation or imposition of a suspended sentence before either such action is taken.
G. A defendant convicted of an offense under § 18.2-374.1, 18.2-374.1:1, or 18.2-374.3 shall be ordered to pay mandatory restitution to the victim of the offense in an amount as determined by the court. For purposes of this subsection,

If restitution is ordered to be paid by the defendant to the victim of a crime and the victim can no longer be located or identified, the clerk shall deposit any such restitution collected to the Criminal Injuries Compensation Fund for the benefit of crime victims. The administrator shall reserve a sum sufficient in the Fund from which he shall make prompt payment to the victim for any proper claims. Before making the deposit he shall record the name, last known address and amount of restitution due each victim appearing from the clerk's report to be entitled to restitution.

I. If restitution pursuant to § 19.2-305 or this section is ordered to be paid by the defendant to the victim of a crime or other entity, and the Criminal Injuries Compensation Fund has made any payments to or on behalf of the victim for any loss, damage, or expenses included in the restitution order, then upon presentation by the Fund of a written request that sets forth the amount of payments made by the Fund to the victim or on the victim's behalf, the entity collecting restitution shall pay to the Fund as much of the restitution collected as will reimburse the Fund for its payments made to the victim or on the victim's behalf.

An order of restitution may be docketed as provided in § 8.01-446 when so ordered by the court or upon written request of the victim and may be enforced by a victim named in the order to receive the restitution in the same manner as a judgment in a civil action. Such docketing shall not be construed to prohibit the court from exercising any authority otherwise available to enforce the order of restitution.

A. The clerk of the circuit court and district court of every county and city shall submit to the judge of his court, the Department of Taxation, the State Compensation Board and the attorney for the Commonwealth of his county or city a monthly report of all fines, costs, forfeitures and penalties which are delinquent more than 30 days, including court-ordered restitution of a sum certain, imposed in his court for a violation of state law or a local ordinance which remain unsatisfied, including those which are delinquent in installment payments. C. It shall be the duty of the attorney for the Commonwealth to cause proper proceedings to be instituted for the collection and satisfaction of all fines, costs, forfeitures, penalties and restitution. The attorney for the Commonwealth shall determine whether it would be impractical or uneconomical for such service to be rendered by the office of the attorney for the Commonwealth. If the defendant does not enter into an installment payment agreement under § 19.2-354, the attorney for the Commonwealth and the clerk may agree to a process by which collection activity may be commenced 30 days after judgment.

If the attorney for the Commonwealth does not undertake collection, he shall contract with (i) private attorneys or private collection agencies, (ii) enter into an agreement with a local governing body, (iii) enter into an agreement with the county or city treasurer, or (iv) use the services of the Department of Taxation, upon such terms and conditions as may be established by guidelines promulgated by the Office of the Attorney General, the Executive Secretary of the Supreme Court with the Department of Taxation and the Compensation Board. If the attorney for the Commonwealth undertakes collection, he shall follow the procedures established by the Department of Taxation and the Compensation Board. Such guidelines shall not supersede contracts between attorneys for the Commonwealth and private attorneys and collection agencies when active collection efforts are being undertaken. As part of such contract, private attorneys or collection agencies shall be given access to the social security number of the defendant in order to assist in the collection effort. Any such private attorney shall be subject to the penalties and provisions of § 18.2-186.3.

A local treasurer undertaking
collection pursuant to an agreement with the attorney for the Commonwealth may collect the administrative fee authorized by § 58.1-3958.

Acceptance of an award made pursuant to this chapter shall subrogate the Commonwealth, to the extent of such award, to any right or action accruing to the claimant or the victim to recover payments on account of losses resulting from the crime with respect to which the award is made. However, except as otherwise provided in subsection \(G\) of § 19.2-305.1, the Commonwealth shall not institute any proceedings in connection with its right of subrogation under this section within one year from the date of commission of the crime, unless any claimant or victim's right or action shall have been previously terminated. All funds collected by the Commonwealth in a proceeding instituted pursuant to this section shall be paid over to the Comptroller for deposit into the Criminal Injuries Compensation Fund.

Whenever any person receives an award from the Criminal Injuries Compensation Fund, the Commonwealth shall have a lien for the total amount paid by the Fund, or any portion thereof compromised pursuant to the authority granted under § 2.2-514, on the claim of such injured person or his personal representative against the person, firm, or corporation who is alleged to have caused such injuries. The Fund's lien shall be inferior to any lien for payment of reasonable attorney fees and costs, but shall be superior to all other liens created by § 8.01-66.2. The injured person may file a petition or motion under § 2.2-514, on the claim of such injured person or his personal representative against the person, firm, or corporation who is alleged to have caused such injuries. These provisions shall apply to receivers of carriers and to operating trustees and, to the extent deemed necessary by the Department, to persons having control, direct or indirect, over or affiliated with any motor carrier.

C. As used in this section the term “motor carrier” includes brokers.

**§ 46.2-2126. Certificate or permit holder not relieved of liability for negligence.**

**§ 46.2-2129. Unlawful use of registration and identification markers.**

**§ 46.2-2130. Registration violations; penalties.**

A. The following violations of laws shall be punished as follows:

2. Any person who operates or causes to be operated on any highway in the Commonwealth any motor vehicle that does not carry the proper registration and identification that this title requires or any motor vehicle that does not display (i) an identification marker *issued for such vehicle by the Department* in such manner as is prescribed by the Department or (ii) other identifying information that this title requires it to display shall be guilty of a Class 4 misdemeanor.

B. The officer charging the violation under this section shall serve a citation on the operator of the vehicle in violation. Such citation shall be directed to the owner, operator or other person responsible for the violation as determined by the officer. Service of the citation on the vehicle operator shall constitute service of process upon the owner, operator, or other person charged with the violation under this article, and shall have the same legal force as if served within the
Commonwealth personally upon the owner, operator, or other person charged with the violation, whether such owner, operator, or other person charged is a resident or nonresident.

§ 46.2-2131. Violation; criminal penalties.
A. Any person knowingly and willfully violating any provision of this chapter, or any rule or regulation thereunder, or any term or condition of any certificate, permit, or license, for which a penalty is not otherwise herein provided, shall, upon conviction thereof, be fined not more than $2,500 for the first offense and not more than $5,000 for any subsequent offense. Each day of such violation shall constitute a separate offense.

B. Any person, whether carrier, broker, shipper, or consignee, or any officer, employee, agent, or representative thereof, who shall knowingly and willfully by any such means or otherwise fraudulently seek to evade or defeat regulation as in this chapter provided for motor carriers or brokers, shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than $500 for the first offense and not more than $2,000 for any subsequent offense.

C. Any motor carrier or broker, or any officer, employee, agent, or representative thereof who willfully fails or refuses to make a report to the Department as required by this chapter or to keep accounts, records, and memoranda in the form and manner approved or prescribed by the Department, or knowingly and willfully falsifies, destroys, mutilates, or alters any such report, account, record or memorandum, or knowingly and willfully files any false report, account, record or memorandum, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be subject for each offense to a fine of not less than $100 and not more than $5,000.

Instead of or in addition to imposing such penalty, the Department may suspend, revoke, or cancel any license, permit, certificate of fitness, or registration card or identification marker issued pursuant to this title. If, in any such case, it appears that the defendant owes any fee or tax to the Commonwealth, the Department shall enter order therefor.

B. The order suspending, revoking, or denying renewal of a license, permit, or certificate of fitness shall not become effective until the license, permittee, or certificate holder has, after notice of the opportunity for a hearing, had thirty days to make a written request for such a hearing. If no hearing has been requested within such thirty-day period, the order shall become effective and no hearing shall thereafter be held. A timely request for a hearing shall automatically stay operation of the order until after the hearing.

C. Notice of an order suspending, revoking, or denying renewal of a license, permit, or certificate of fitness and an opportunity for a hearing shall be mailed to the licensee, permittee, or certificate holder by registered or certified mail at the address as shown on the license, permit, or certificate or other record of information in possession of the Department and shall be considered served when mailed.

D. If the Department makes a finding, after conducting a preliminary investigation, that the conduct of a licensee, permittee, or certificate holder (i) is in violation of this chapter or regulations adopted pursuant to this chapter and (ii) such violation constitutes a danger to public safety, the Department may issue an order suspending the license, permit or certificate. Notice of the suspension shall be in writing and mailed in accordance with subsection C of this section. Upon receipt of a request for a hearing appealing the suspension, the licensee, permittee, or certificate holder shall be afforded the opportunity for a hearing within thirty days. C. In addition to a reinstatement fee, a fee of $50 shall be paid for failure of a motor carrier to keep in force at all times insurance, a bond or bonds, in an amount required by this chapter. § 46.2-2138. Basis for reissuance after revocation of permits or certificates; fees.

The Department shall not accept an application for a license, permit, or certificate from an applicant where such credentials have been revoked pursuant to this chapter until the period of revocation imposed by the Department has passed. The Department shall process such applications under the same provisions, procedures and requirements as an original application for such license, permit, or certificate. The Department shall issue such license, permit, or certificate, provided that the applicant has met all the appropriate qualifications and requirements, has satisfied the grounds upon which the revocation action was taken, and has paid the appropriate application or filing fees to the Department.
§ 46.2-2139. Surrender of license plate and registration card; removal by law enforcement; operation of vehicle denied.

A. It shall be unlawful for a licensee, permittee, or certificate holder whose license, permit, or certificate has expired or been revoked or suspended or whose renewal thereof has been denied pursuant to this chapter to fail or refuse to surrender, on demand, to the Department, license plates, identification markers, and registration cards issued under this title.

B. C. If a law-enforcement officer removes a license plate, identification marker, or registration card, he shall forward such license plate, identification marker, and registration card to the Department.

D. When informed that a motor carrier vehicle is being operated in violation of this section, the driver shall drive the vehicle to a nearby location off the public highways and not remove it or allow it to be moved until the motor carrier is in compliance with all provisions of this chapter.

1. An insurance policy or bond;
2. A certificate of insurance in lieu of the insurance policy or bond, certifying that such policy or bond covers the liability of such motor carrier in accordance with the provisions of this article, is issued by an authorized insurer, or in the case of bonds, is in an amount approved by the Department. The bonds may be issued by the Commonwealth of Virginia, the United States of America, or any municipality in the Commonwealth. Such bonds shall be deposited with the State Treasurer and the surety shall not be reduced except in accordance with an order of the Department;
3. An unconditional letter of credit, issued by a bank doing business in Virginia, for an amount approved by the Department. The letter of credit shall be in effect so long as the motor carrier operates motor vehicles in the Commonwealth; or

Vehicles belonging to carriers who have filed proof of financial responsibility in accordance with the single state registration system authorized by 49 U.S.C. § 14504 or the unified carrier registration system authorized by 49 U.S.C. § 14504a are deemed to have fulfilled the requirements of this article for insurance purposes, provided there is on board the vehicle a copy of an insurance receipt issued pursuant to the federal regulations promulgated pursuant to 49 U.S.C. § 14504 or 14504a. The Department is further authorized to issue a single state registration system or unified carrier registration system receipts to register any qualified carrier under the unified carrier registration system as well as to collect and disperse the fees for and to qualified jurisdictions registration under that system.

§ 46.2-2143.1. Insurance requirement for motor carriers.

A. All motor carriers shall keep in force at all times insurance, a bond, or bonds in an amount required by this section. However, motor carriers exempt under subdivision 6 of § 46.2-2101 shall only be required to keep in force insurance, a bond, or bonds in the amount required by this section that provide primary coverage (i) when the motor carrier or person acting on behalf of the motor carrier is available to transport property for compensation and (ii) from the time the motor carrier or a person acting for or on behalf of the motor carrier accepts the request to transport property and the vehicle is en route to pick up the property until the time the property has been removed from the vehicle and delivered to its final destination.

B. The minimum public liability financial responsibility requirements for motor carriers operating in intrastate commerce shall be based on the gross vehicle weight rating of the vehicle as follows: for vehicles with a gross vehicle weight rating in excess of 10,000 pounds, the minimum requirement is $750,000; for vehicles with a gross vehicle weight rating in excess of 7,500 pounds but not in excess of 10,000 pounds, the minimum requirement is $300,000; for passenger cars, motorcycles, autocycles, and vehicles with a gross vehicle weight rating of 7,500 pounds or less, the minimum requirement for clause (i) of subsection A is $25,000 per person, $50,000 per incident for death and bodily injury and $20,000 for property damage and for clause (ii) of subsection A is $100,000 per person and $300,000 per incident for death and bodily injury and at least $50,000 for property damage. The minimum insurance for motor carriers operating in interstate commerce shall equal the minimum required by federal law, rule, or regulation.

C. Notwithstanding subsection B, the minimum public financial responsibility requirements for household goods carriers required to obtain a certificate of fitness pursuant to this chapter shall be $750,000.
D. The minimum cargo insurance required for motor carriers operating in intrastate commerce shall be $50,000. Motor carriers not engaged exclusively in the transportation of bulk commodities in the transportation of household goods and those solely operating passenger cars, motorcycles, autocycles, and vehicles with a gross vehicle weight rating of 7,500 pounds or less shall not be required to file any cargo insurance, bond, or bonds for cargo liability.

D. Any motor carrier that meets the minimum federal financial responsibility requirements and also operates in intrastate commerce may submit, in lieu of a separate filing for its intrastate operation pursuant to § 46.2-2143, proof of the minimum federal limits, provided that (i) both interstate and intrastate operations are insured, (ii) the public liability filed is at least $750,000, and (iii) any cargo insurance requirements of this section have been met.

§ 46.2-2143.2. Special insurance provisions for certain carriers.
A. The provisions of this section shall apply only to motor carriers exempt under subdivision 6 of § 46.2-2101 and insurance policies maintained by such carriers pursuant to this article.
B. Insurance coverage for motor carriers shall be primary, and the requirements of § 46.2-2143.1 may be satisfied by any of the following:
1. Insurance maintained by the motor carrier;
2. Insurance maintained by another person on behalf of the motor carrier; or
3. Any combination of subdivisions 1 and 2.
C. A motor carrier may meet its obligation under subsection B of § 46.2-2143.1 through a policy obtained by a person other than the carrier under subdivision B 2 or 3 only if the motor carrier verifies that the policy is maintained by such other person.
D. Insurers providing coverage under subsection B of § 46.2-2143.1 shall have the exclusive duty to defend any liability claim, including any claim against a motor carrier or person acting for or on behalf of the motor carrier, arising from an accident occurring within the time period specified in subsection A of § 46.2-2143.1. Insurers of the personal automobile insurance policy of neither a person acting for or on behalf of the motor carrier nor the vehicle’s owner shall have the duty to defend or indemnify the activities of a person acting for or on behalf of a motor carrier in connection with the motor carrier unless such policy expressly provides otherwise for the period of time to which subsection A of § 46.2-2143.1 is applicable or the policy contains an amendment or endorsement to provide that coverage.
E. Coverage under a motor carrier’s insurance policy shall not be dependent on a personal automobile policy’s first denying a claim, nor shall a personal automobile insurance policy be required to first deny a claim.
F. Nothing in this section shall be construed to require a personal automobile insurance policy to provide primary or excess coverage. The personal automobile insurance policy of neither a person acting for or on behalf of the motor carrier nor the vehicle’s owner shall provide coverage for activities in connection with the motor carrier to such person acting for or on behalf of the motor carrier, the vehicle owner, or any third party unless such policy expressly provides otherwise for the period of time to which subsection A of § 46.2-2143.1 is applicable or the policy contains an amendment or endorsement to provide that coverage.
G. In every instance where motor carrier insurance maintained by a person other than the motor carrier to fulfill the insurance obligations of subsection B of § 46.2-2143.1 has lapsed or ceased to exist, the motor carrier shall provide the coverage required by that subsection beginning with the first dollar of a claim.
H. This section shall not limit the liability of a motor carrier arising out of an accident involving a person acting for or on behalf of the carrier in any action for damages against a motor carrier for an amount above the required insurance coverage.
I. Any person, or an attorney acting on his behalf, who suffers a loss in an automobile accident with a reasonable belief that the accident involves a vehicle operated by a person acting for or on behalf of a motor carrier and who provides the motor carrier with the date, approximate time, and location of the accident, the name of the vehicle operator, if available, and the accident report, if available, may request in writing from the motor carrier information relating to the insurance coverage and the company providing the coverage. The motor carrier shall respond electronically or in writing within 30 days. The motor carrier’s response shall contain the following information: (i) whether, at the approximate time of the accident, the vehicle was being operated for or on behalf of the motor carrier; (ii) the name of the insurance carrier providing primary coverage; and (iii) the identity and last known address of the vehicle operator.
J. Any insurance required by subsection B of § 46.2-2143.1 may be placed with an insurer that has been admitted in Virginia or with an insurer providing surplus lines insurance as defined in § 38.2-4805.2.
K. Any insurance policy required by subsection B of § 46.2-2143.1 shall satisfy the financial responsibility requirement for a motor vehicle under § 46.2-706 during the period such vehicle is being operated for or on behalf of a motor carrier.
L. If a vehicle operated by a person acting for or on behalf of a motor carrier is insured under a personal automobile insurance policy that does not exclude coverage, then such policy shall provide primary coverage and an insurance policy maintained by the motor carrier under § 46.2-2143.1 shall provide excess coverage up to at least the limits required by § 46.2-2143.1.
M. In a claims coverage investigation, a motor carrier and its insurer shall cooperate with insurers involved in the claims coverage investigation to facilitate the exchange of information, including the date and time of any accident involving a vehicle operated for or on behalf of the motor carrier and the precise times that the vehicle was being operated for or on behalf of the motor carrier.

§ 46.2-2144. Policies or surety bonds to be filed with the Department and securities with State Treasurer.
A. Each motor carrier shall keep on file with the Department proof of an insurance policy or bond in accordance with this article. Record of the policy or bond shall remain in the files of the Department six months after the certificate of fitness, registration card, license plate, identification marker or permit is canceled for any cause. If federal, state, or municipal bonds are deposited with the State Treasurer in lieu of an insurance policy, the bonds shall remain deposited until six months after the registration card, license plate, certificate, or permit or identification marker is canceled for any cause unless otherwise ordered by the Department.

B. The Department may, without holding a hearing, suspend a permit or certificate of fitness if the permittee or certificate holder fails to comply with the requirements of this section.

2. That § 46.2-2108.3 and Article 5 (§§ 46.2-2174, 46.2-2175, and 46.2-2176) of Chapter 21 of Title 46.2 of the Code of Virginia are repealed.

3. That the provisions of this act shall become effective on January 1, 2018.

In the event that an institution closes or has its approval to operate in the Commonwealth revoked, the Council, through its director, may take such action as is necessary to secure and preserve the student transcripts until such time as an appropriate institution accepts all or some of the transcripts. C. The Council shall develop the Roadmap and submit it to the Committee for review and approval. In developing the
Roadmap, the Council shall select and oversee a panel of independent experts who shall:

1. Consult with the chief research officers at public institutions of higher education in the Commonwealth regarding
the Commonwealth’s assets in order to identify the areas of research and development in which the Commonwealth has a great likelihood of excelling in applied research and commercialization;

3. Make recommendations for the alignment of research and development and economic growth in the Commonwealth,
identifying the industry sectors in which the Commonwealth should focus its research, development, investment, and
economic development efforts;

4. Establish a process for maintaining an inventory of the Commonwealth’s current research and development
endeavors in both the public and private sectors that can be used to attract research and commercialization excellence in
the Commonwealth;
5. Make recommendations to the Six-Year Capital Outlay Plan Advisory Committee established pursuant to § 2.2-1516 regarding capital construction needs at public institutions of higher education necessary to excel in basic and applied research in identified industry sectors; and

6. Solicit feedback from the Committee, the Research and Technology Investment Advisory Committee; public and private institutions of higher education in the Commonwealth; members of the National Academies of Sciences, Engineering and Medicine; members of the Virginia Academy of Science, Engineering and Medicine; federal research and development assets in the Commonwealth; regional technology councils in the Commonwealth; the Virginia Economic Development Partnership; the Board; and the private sector.

In selecting the panel of experts pursuant to this subsection, the Council shall ensure that no individuals on the panel are involved, nor have been involved within the past three years, with the application, review, or award process governed by § 2.2-2233.1 or 23.1-3133.

D. The Council shall review the Roadmap and make recommendations regarding its update at least once every three years. Such recommended updates shall be submitted to the Committee for review and approval.
E. The Committee shall submit a draft of the Roadmap to the Governor and the Chairmen of the Senate Finance Committee, the House Appropriations Committee, and the Joint Commission on Technology and Science at least 30 days prior to Committee voting to approve the Roadmap or any subsequent updates. The Committee shall submit the Roadmap and any subsequent updates approved by it to the Governor for final approval. Unless the Governor returns such submissions to the Committee within 30 days of receipt with specific directions for changes or revisions, the Roadmap or updates shall be deemed approved and ready for implementation. Upon final approval, the Committee shall submit the approved Roadmap, and any subsequent updates, to the Chairmen of the Senate Finance Committee, the House Appropriations Committee, and the Joint Commission on Technology and Science.

2. That § 2.2-2221.2 of the Code of Virginia is repealed effective January 1, 2018.
3. That § 2.2-2221 of the Code of Virginia, as amended by this act, and § 23.1-3134 of the Code of Virginia, as created by this act, shall become effective on January 1, 2018.
4. That the State Council of Higher Education for Virginia and the Virginia Research Investment Committee shall collaborate with the Innovation and Entrepreneurship Investment Authority in updating the current Commonwealth Research and Technology Strategic Roadmap, which shall be submitted prior to January 1, 2018, pursuant to subsection D of § 2.2-2221.2 of the Code of Virginia. The Innovation and Entrepreneurship Investment Authority shall provide interim updates to the Virginia Research Investment Committee regarding its work on the Commonwealth Research and Technology Strategic Roadmap.

CHAPTER 817

An Act to require evaluation of closure of coal combustion residuals units.

Approved April 5, 2017

Be it enacted by the General Assembly of Virginia:

1. § 1. That every owner or operator of a coal combustion residuals (CCR) surface impoundment, as that term is defined at 40 C.F.R. § 257.53, that is located within the Chesapeake Bay watershed shall conduct an assessment of each such CCR surface impoundment (CCR unit) regarding the closure of any such unit. At a minimum, an assessment shall, for each CCR unit:
   1. Identify and describe any groundwater or surface water pollution located at or stemming from the CCR unit, including pollution identified through past monitoring, and evaluate corrective measures to resolve such pollution. Any such evaluation shall address the issues set forth in 40 C.F.R. § 257.96(c) and shall describe and demonstrate how the proposed corrective measures will restore groundwater or surface water quality.
   2. Evaluate the clean closure of the CCR unit through excavation and responsible recycling or reuse of coal ash residuals by incorporating them into concrete or other products in a manner that prevents the release into the environment of the pollutants contained within the coal ash residuals. Such evaluation shall consider the feasibility of the onsite processing of a CCR unit for cementitious purposes as well as the feasibility of creating a processing facility or facilities to serve multiple CCR units, including offsite CCR units.
   3. Evaluate the clean closure of the CCR unit through the excavation and removal of coal ash residuals to dry, lined storage in an appropriately permitted and monitored landfill, including an analysis of the impact that any responsible recycling or reuse options would have on such excavation and removal.
   4. Demonstrate the long-term safety of the CCR unit, addressing any long-term risks posed by the proposed closure plan and siting, including risks related to extreme weather events, flooding, hurricanes, storm surges, and erosive forces.

2. That no later than December 1, 2017, the owner or operator of any coal combustion residuals surface impoundment (CCR unit) subject to the assessment requirement of the first enactment of this act shall transmit such assessment to the Chairmen of the House Committee on Agriculture, Chesapeake and Natural Resources and the Senate Committee on Agriculture, Conservation and Natural Resources and to the Departments of Environmental Quality and Conservation and Recreation.
3. That notwithstanding the provisions of this act, the Director of the Department of Environmental Quality (the Director) shall suspend, delay, or defer the issuance of any permit to provide for the closure of any CCR unit until May 1, 2018, or the effective date of any legislation adopted during the 2018 Regular Session of the General Assembly that addresses the closure of a CCR unit in Virginia, whichever occurs later. In deciding whether to issue any such permit, the Director need not include or rely upon his review of any such assessment.

Approved April 5, 2017

[S 1416]
C. The provisions of this section shall not apply to local trusts established pursuant to Article 8 (§ 15.2-1544 et seq.) of Chapter 15 of Title 15.2 to fund postemployment benefits other than pensions.

2. That nothing in this act shall be construed to diminish existing legal authority of the treasurers of political subdivisions related to the investment of public funds.

CHAPTER 820

An Act to amend and reenact § 56-585.1 of the Code of Virginia, relating to electric utility regulation; pumped hydroelectricity generation and storage facilities.

Approved April 5, 2017

Be it enacted by the General Assembly of Virginia:

1. That § 56-585.1 of the Code of Virginia is amended and reenacted as follows:

   § 56-585.1. Generation, distribution, and transmission rates after capped rates terminate or expire.
   A. During the first six months of 2009, the Commission shall, after notice and opportunity for hearing, initiate proceedings to review the rates, terms and conditions for the provision of generation, distribution and transmission services of each investor-owned incumbent electric utility. Such proceedings shall be governed by the provisions of Chapter 10 (§ 56-232 et seq.), except as modified herein. In such proceedings the Commission shall determine fair rates of return on common equity applicable to the generation and distribution services of the utility. In so doing, the Commission may use any methodology to determine such return it finds consistent with the public interest, but such return shall not be set lower than the average of the returns on common equity reported to the Securities and Exchange Commission for the three most recent annual periods for which such data are available by not less than a majority, selected by the Commission as specified in subdivision 2 b, of other investor-owned electric utilities in the peer group of the utility, nor shall the Commission set such return more than 300 basis points above the average of the returns on common equity reported to the Securities and Exchange Commission for the three most recent annual periods for which such data are available by not less than a majority, selected by the Commission as specified in subdivision 2 b. The Commission may increase or decrease such combined rate of return by up to 100 basis points based on the generating plant performance, customer service, and operating efficiency of a utility, as compared to nationally recognized standards determined by the Commission to be appropriate for such purposes. In such a proceeding, the Commission shall determine the rates that the utility may charge until such rates are adjusted. If the Commission finds that the utility's combined rate of return on common equity is more than 50 basis points above the combined rate of return as so determined, it shall be authorized to order increases to the utility's rates necessary to provide the opportunity to fully recover the costs of providing the utility's services and to earn not less than such combined rate of return. If the Commission finds that the utility's combined rate of return on common equity is more than 50 basis points above the combined rate of return as so determined, it shall be authorized either (i) to order reductions to the utility's rates it finds appropriate, provided that the Commission may not order such rate reduction unless it finds that the resulting rates will provide the utility with the opportunity to fully recover its costs of providing its services and to earn not less than the fair rates of return on common equity applicable to the generation and distribution services; or (ii) to direct that 60 percent of the amount of the utility's earnings that were more than 50 basis points above the fair combined rate of return for calendar year 2008 be credited to customers' bills, in which event such credits shall be amortized over a period of six to 12 months, as determined at the discretion of the Commission, following the effective date of the Commission's order and be allocated among customer classes such that the relationship between the specific customer class rates of return to the overall target rate of return will have the same relationship as the last approved allocation of revenues used to design base rates. Commencing in 2011, the Commission, after notice and opportunity for hearing, shall conduct biennial reviews of the rates, terms and conditions for the provision of generation, distribution and transmission services by each investor-owned incumbent electric utility, subject to the following provisions:

   1. Rates, terms and conditions for each service shall be reviewed separately on an unbundled basis, and such reviews shall be conducted in a single, combined proceeding. The first such review shall utilize the two successive 12-month test periods ending December 31, 2010. However, the Commission may, in its discretion, elect to stagger its biennial reviews of utilities by utilizing the two successive 12-month test periods ending December 31, 2010, for a Phase I Utility, and utilizing the two successive 12-month test periods ending December 31, 2011, for a Phase II Utility, with subsequent proceedings utilizing the two successive 12-month test periods ending December 31 immediately preceding the year in which such proceeding is conducted. For purposes of this section, a Phase I Utility is an investor-owned incumbent electric utility that was, as of July 1, 1999, not bound by a rate case settlement adopted by the Commission that extended in its application beyond January 1, 2002, and a Phase II Utility is an investor-owned incumbent electric utility that was bound by such a settlement.

   2. Subject to the provisions of subdivision 6, fair rates of return on common equity applicable separately to the generation and distribution services of such utility, and for the two such services combined, shall be determined by the Commission during each such biennial review, as follows:

      a. The Commission may use any methodology to determine such return it finds consistent with the public interest, but such return shall not be set lower than the average of the returns on common equity reported to the Securities and Exchange Commission for the three most recent annual periods for which such data are available by not less than a majority, selected
by the Commission as specified in subdivision 2 b, of other investor-owned electric utilities in the peer group of the utility subject to such biennial review, nor shall the Commission set such return more than 300 basis points higher than such average.

b. In selecting such majority of peer group investor-owned electric utilities, the Commission shall first remove from such group the two utilities within such group that have the lowest reported returns of the group, as well as the two utilities within such group that have the highest reported returns of the group, and the Commission shall then select a majority of the utilities remaining in such peer group. In its final order regarding such biennial review, the Commission shall identify the utilities in such peer group it selected for the calculation of such limitation. For purposes of this subdivision, an investor-owned electric utility shall be deemed part of such peer group if (i) its principal operations are conducted in the southeastern United States east of the Mississippi River in either the states of West Virginia or Kentucky or in those states south of Virginia, excluding the state of Tennessee, (ii) it is a vertically-integrated electric utility providing generation, transmission and distribution services whose facilities and operations are subject to state public utility regulation in the state where its principal operations are conducted; (iii) it had a long-term bond rating assigned by Moody's Investors Service of at least Baa at the end of the most recent test period subject to such biennial review; and (iv) it is not an affiliate of the utility subject to such biennial review.

c. The Commission may, consistent with its precedent for incumbent electric utilities prior to the enactment of Chapters 888 and 933 of the Acts of Assembly of 2007, increase or decrease the utility's combined rate of return based on the Commission's consideration of the utility's performance.

d. In any Current Proceeding, the Commission shall determine whether the Current Return has increased, on a percentage basis, above the Initial Return by more than the increase, expressed as a percentage, in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the United States Department of Labor, since the date on which the Commission determined the Initial Return. If so, the Commission may conduct an additional analysis of whether it is in the public interest to utilize such Current Return for the Current Proceeding then pending. A finding of whether the Current Return justifies such additional analysis shall be made without regard to any enhanced rate of return on common equity awarded pursuant to the provisions of subdivision 6. Such additional analysis shall include, but not be limited to, a consideration of overall economic conditions, the level of interest rates and cost of capital with respect to business and industry, in general, as well as electric utilities, the current level of inflation and the utility's cost of goods and services, the effect on the utility's ability to provide adequate service and to attract capital if less than the Current Return were utilized for the Current Proceeding then pending, and such other factors as the Commission may deem relevant. If, as a result of such analysis, the Commission finds that use of the Current Return for the Current Proceeding then pending would not be in the public interest, then the lower limit imposed by subdivision 2 a on the return to be determined by the Commission for such utility shall be calculated, for that Current Proceeding only, by increasing the Initial Return by a percentage at least equal to the increase, expressed as a percentage, in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the United States Department of Labor, since the date on which the Commission determined the Initial Return. For purposes of this subdivision:

"Current Proceeding" means any proceeding conducted under any provisions of this subsection that require or authorize the Commission to determine a fair combined rate of return on common equity for a utility and that will be concluded after the date on which the Commission determined the Initial Return for such utility.

"Current Return" means the minimum fair combined rate of return on common equity required for any Current Proceeding by the limitation regarding a utility's peer group specified in subdivision 2 a.

"Initial Return" means the fair combined rate of return on common equity determined for such utility by the Commission on the first occasion after July 1, 2009, under any provision of this subsection pursuant to the provisions of subdivision 2 a.

e. In addition to other considerations, in setting the return on equity within the range allowed by this section, the Commission shall strive to maintain costs of retail electric energy that are cost competitive with costs of retail electric energy provided by the other peer group investor-owned electric utilities.

f. The determination of such returns shall be made by the Commission on a stand-alone basis, and specifically without regard to any return on common equity or other matters determined with regard to facilities described in subdivision 6.

g. If the combined rate of return on common equity earned by the generation and distribution services is no more than 50 basis points above or below the return as so determined or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, such return is no more than 70 basis points above or below the return as so determined, such combined return shall not be considered either excessive or insufficient, respectively. However, for any test period commencing after December 31, 2012, for a Phase II Utility, and after December 31, 2013, for a Phase I Utility, if the utility has, during the test period or periods under review, earned below the return as so determined, whether or not such combined return is within 70 basis points of the return as so determined, the utility may petition the Commission for approval of an increase in rates in accordance with the provisions of subdivision 8 a as if it had earned more than 70 basis points below a fair combined rate of return, and such proceeding shall otherwise be conducted in accordance with the provisions of this section.

h. Any amount of a utility's earnings directed by the Commission to be credited to customers' bills pursuant to this section shall not be considered for the purpose of determining the utility's earnings in any subsequent biennial review.
3. Each such utility shall make a biennial filing by March 31 of every other year, beginning in 2011, consisting of the schedules contained in the Commission's rules governing utility rate increase applications; however, if the Commission elects to stagger the dates of the biennial reviews of utilities as provided in subdivision 1, then each Phase I Utility shall commence biennial filings in 2011 and each Phase II Utility shall commence biennial filings in 2012. Such filing shall encompass the two successive 12-month test periods ending December 31 immediately preceding the year in which such proceeding is conducted, and in every such case the filing for each year shall be identified separately and shall be segregated from any other year encompassed by the filing. If the Commission determines that rates should be revised or credits be applied to customers' bills pursuant to subsection 8 or 9, any rate adjustment clauses previously implemented pursuant to subdivision 5 or those related to facilities utilizing simple-cycle combustion turbines described in subdivision 6, shall be combined with the utility's costs, revenues and investments until the amounts that are the subject of such rate adjustment clauses are fully recovered. The Commission shall combine such clauses with the utility's costs, revenues and investments only after it makes its initial determination with regard to necessary rate revisions or credits to customers' bills, and the amounts thereof; but after such clauses are combined as herein specified, they shall thereafter be considered part of the utility's costs, revenues, and investments for the purposes of future biennial review proceedings. A Phase I Utility shall delay for one year the filing of its biennial review from March 31, 2013, to March 31, 2014, and shall not defer on its books for future recovery any costs incurred during calendar year 2011, other than as provided in subdivision 7 or § 56-249.6, and its subsequent biennial filing shall be made by March 31, 2016, and every two years thereafter.

4. The following costs incurred by the utility shall be deemed reasonable and prudent: (i) costs for transmission services provided to the utility by the regional transmission entity of which the utility is a member, as determined under applicable rates, terms and conditions approved by the Federal Energy Regulatory Commission, and (ii) costs charged to the utility that are associated with demand response programs approved by the Federal Energy Regulatory Commission and administered by the regional transmission entity of which the utility is a member. Upon petition of a utility at any time after the expiration or termination of capped rates, but not more than once in any 12-month period, the Commission shall approve a rate adjustment clause under which such costs, including, without limitation, costs for transmission service, charges for new and existing transmission facilities, administrative charges, and ancillary service charges designed to recover transmission costs, shall be recovered on a timely and current basis from customers. Retail rates to recover these costs shall be designed using the appropriate billing determinants in the retail rate schedules.

5. A utility may at any time, after the expiration or termination of capped rates, but not more than once in any 12-month period, petition the Commission for approval of one or more rate adjustment clauses for the timely and current recovery from customers of the following costs:

a. Incremental costs described in clause (vi) of subsection B of § 56-582 incurred between July 1, 2004, and the expiration or termination of capped rates, if such utility is, as of July 1, 2007, deferring such costs consistent with an order of the Commission entered under clause (vi) of subsection B of § 56-582. The Commission shall approve such a petition allowing the recovery of such costs that comply with the requirements of clause (vi) of subsection B of § 56-582;

b. Projected and actual costs for the utility to design and operate fair and effective peak-shaving programs. The Commission shall approve such a petition if it finds that the program is in the public interest; provided that the Commission shall allow the recovery of such costs as it finds are reasonable;

c. Projected and actual costs for the utility to design, implement, and operate energy efficiency programs, including a margin to be recovered on operating expenses, which margin for the purposes of this section shall be equal to the general rate of return on common equity determined as described in subdivision 2. The Commission shall only approve such a petition if it finds that the program is in the public interest. As part of such cost recovery, the Commission, if requested by the utility, shall allow for the recovery of revenue reductions related to energy efficiency programs. The Commission shall only allow such recovery to the extent that the Commission determines such revenue has not been recovered through margins from incremental off-system sales as defined in § 56-249.6 that are directly attributable to energy efficiency programs.

None of the costs of new energy efficiency programs of an electric utility, including recovery of revenue reductions, shall be assigned to any customer that has a verifiable history of having used more than 50 megawatts of demand from a single meter of delivery. Nor shall any of the costs of new energy efficiency programs of an electric utility, including recovery of revenue reductions, be incurred by any large general service customer as defined herein that has notified the utility of non-participation in such energy efficiency program or programs. A large general service customer is a customer that has a verifiable history of having used more than 500 kilowatts of demand from a single meter of delivery. Non-participation in energy efficiency programs shall be allowed by the Commission if the large general service customer has, at the customer's own expense, implemented energy efficiency programs that have produced or will produce measured and verified results consistent with industry standards and other regulatory criteria stated in this section. The Commission shall, no later than November 15, 2009, promulgate rules and regulations to accommodate the process under which such large general service customers shall file notice for such an exemption and (i) establish the administrative procedures by which eligible customers will notify the utility and (ii) define the standard criteria that must be satisfied by an applicant in order to notify the utility. In promulgating such rules and regulations, the Commission may also specify the timing as to when a utility shall accept and act on such notice, taking into consideration the utility's integrated resource planning process as well as its administration of energy efficiency programs that are approved for cost recovery by the Commission. The notice of non-participation by a large general service customer, to be given by March 1 of a given year, shall be for the
duration of the service life of the customer's energy efficiency program. The Commission on its own motion may initiate steps necessary to verify such non-participants' achievement of energy efficiency if the Commission has a body of evidence that the non-participant has knowingly misrepresented its energy efficiency achievement. A utility shall not charge such large general service customer, as defined by the Commission, for the costs of installing energy efficiency equipment beyond what is required to provide electric service and meter such service on the customer's premises if the customer provides, at the customer's expense, equivalent energy efficiency equipment. In all relevant proceedings pursuant to this section, the Commission shall take into consideration the goals of economic development, energy efficiency and environmental protection in the Commonwealth;

d. Projected and actual costs of participation in a renewable energy portfolio standard program pursuant to § 56-585.2 that are not recoverable under subdivision 6. The Commission shall approve such a petition allowing the recovery of such costs as are provided for in a program approved pursuant to § 56-585.2;

e. Projected and actual costs of projects that the Commission finds to be necessary to comply with state or federal environmental laws or regulations applicable to generation facilities used to serve the utility's native load obligations. The Commission shall approve such a petition if it finds that such costs are necessary to comply with such environmental laws or regulations; and

f. Projected and actual costs, not currently in rates, for the utility to design, implement, and operate programs approved by the Commission that accelerate the vegetation management of distribution rights-of-way. No costs shall be allocated to or recovered from customers that are served within the large general service rate classes for a Phase II Utility or that are served at subtransmission or transmission voltage, or take delivery at a substation served from subtransmission or transmission voltage, for a Phase I Utility.

The Commission shall have the authority to determine the duration or amortization period for any adjustment clause approved under this subdivision.

6. To ensure the generation and delivery of a reliable and adequate supply of electricity, to meet the utility's projected native load obligations and to promote economic development, a utility may at any time, after the expiration or termination of capped rates, petition the Commission for approval of a rate adjustment clause for recovery on a timely and current basis from customers of the costs of (i) a coal-fueled generation facility that utilizes Virginia coal and is located in the coalfield region of the Commonwealth as described in § 15.2-6002, regardless of whether such facility is located within or without the utility's service territory, (ii) one or more other generation facilities, (iii) one or more major unit modifications of transmission voltage, for a Phase I Utility.

All costs of the facilities described in clause (ii) and (iii) that exceed five percent of such utility's distribution rate base, as such rate base was determined for the most recently ended 12-month test period in the utility's latest biennial review proceeding conducted pursuant to subdivision 3 and concluded by final order of the Commission prior to the date of filing of such petition under clause (iv). In all proceedings regarding petitions filed under clause (iv), the level of investments approved for recovery in such proceedings shall be in addition to, and not in lieu of, levels of investments previously approved for recovery in prior proceedings under clause (iv).

Such a petition concerning facilities described in clause (ii) that utilize nuclear power, facilities described in clause (ii) that are coal-fueled and will be built by a Phase I Utility, or facilities described in clause (i) may also be filed before the expiration or termination of capped rates. A utility that constructs any such facility, or purchases any facility consisting of at least one megawatt of generating capacity using energy derived from sunlight and located in the Commonwealth and that utilizes goods or services sourced, in whole or in part, from one or more Virginia businesses, shall have the right to recover the costs of the facility, as accrued against income, through its rates, including projected construction work in progress, and any associated allowance for funds used during construction, planning, development and construction or acquisition costs, life-cycle costs, costs related to assessing the feasibility of potential sites for new underground facilities, and costs of infrastructure associated therewith, plus, as an incentive to undertake such projects, an enhanced rate of return on common equity calculated as specified below; however, in determining the amounts recoverable under a rate adjustment clause for new underground facilities, the Commission shall not consider, or increase or reduce such amounts recoverable because of (a) the operation and maintenance costs attributable to either the overhead distribution facilities being replaced or the new underground facilities or (b) any other costs attributable to the overhead distribution facilities being replaced. Notwithstanding the preceding sentence, the costs described in clauses (a) and (b) thereof shall remain eligible for recovery from customers through the utility's base rates for distribution service. A utility filing a petition for approval to construct or purchase a facility consisting of at least one megawatt of generating capacity using energy derived from sunlight and located in the Commonwealth and that utilizes goods or services sourced, in whole or in part, from one or more Virginia businesses may propose a rate adjustment clause based on a market index in lieu of a cost of service model for such facility.

A utility seeking approval to construct or purchase a generating facility described in clause (i) or (ii) shall demonstrate that it has considered and weighed alternative options, including third-party market alternatives, in its selection process. The costs of the facility, other than return on projected construction work in progress and allowance for funds used during
construction, shall not be recovered prior to the date a facility constructed by the utility and described in clause (i), (ii), or (iii) begins commercial operation, the date the utility becomes the owner of a purchased generation facility consisting of at least one megawatt of generating capacity using energy derived from sunlight and located in the Commonwealth and that utilizes goods or services sourced, in whole or in part, from one or more Virginia businesses, or the date new underground facilities are classified by the utility as plant in service. Such enhanced rate of return on common equity shall be applied to allowance for funds used during construction and to construction work in progress during the construction phase of the facility and shall thereafter be applied to the entire facility during the first portion of the service life of the facility. The first portion of the service life shall be as specified in the table below; however, the Commission shall determine the duration of the first portion of the service life of any facility, within the range specified in the table below, which determination shall be consistent with the public interest and shall reflect the Commission's determinations regarding how critical the facility may be in meeting the energy needs of the citizens of the Commonwealth and the risks involved in the development of the facility. After the first portion of the service life of the facility is concluded, the utility's general rate of return shall be applied to such facility for the remainder of its service life. As used herein, the service life of the facility shall be deemed to begin on the date a facility constructed by the utility and described in clause (i), (ii), or (iii) begins commercial operation, the date the utility becomes the owner of a purchased generation facility consisting of at least one megawatt of generating capacity using energy derived from sunlight and located in the Commonwealth and that utilizes goods or services sourced, in whole or in part, from one or more Virginia businesses, or the date new underground facilities are classified by the utility as plant in service, and such service life shall be deemed equal in years to the life of that facility as used to calculate the utility's depreciation expense. Such enhanced rate of return on common equity shall be calculated by adding the basis points specified in the table below to the utility's general rate of return, and such enhanced rate of return shall apply only to the facility that is the subject of such rate adjustment clause. Allowance for funds used during construction shall be calculated for any such facility utilizing the utility's actual capital structure and overall cost of capital, including an enhanced rate of return on common equity as determined pursuant to this subdivision, until such construction work in progress is included in rates. The construction of any facility described in clause (i) or (iv) is in the public interest, and in determining whether to approve such facility, the Commission shall liberally construe the provisions of this title. The construction or purchase by a utility of one or more generation facilities with at least one megawatt of generating capacity, and with an aggregate rated capacity that does not exceed 500 megawatts, that use energy derived from sunlight and are located in the Commonwealth, regardless of whether any of such facilities are located within or without the utility's service territory, is in the public interest, and in determining whether to approve such facility, the Commission shall liberally construe the provisions of this title. A utility may enter into short-term or long-term power purchase contracts for the power derived from sunlight generated by such generation facility prior to purchasing the generation facility. In determining whether to approve petitions for rate adjustment clauses for new underground facilities, and in determining the level of costs to be recovered thereunder, the Commission shall liberally construe the provisions of this title and shall give due consideration to the public policy goals of increased electric service reliability and reduced outage times associated with the replacement of existing overhead distribution facilities with new underground facilities. The basis points to be added to the utility's general rate of return to calculate the enhanced rate of return on common equity, and the first portion of that facility's service life to which such enhanced rate of return shall be applied, shall vary by type of facility, as specified in the following table:

For generating facilities other than those utilizing nuclear power or those utilizing energy derived from offshore wind, as of July 1, 2013, only those facilities as to which a rate adjustment clause under this subdivision has been previously approved by the Commission, or as to which a petition for approval of such rate adjustment clause was filed with the Commission, on or before January 1, 2013, shall be entitled to the enhanced rate of return on common equity as specified in the above table during the construction phase of the facility and the approved first portion of its service life.

For generating facilities within the Commonwealth utilizing nuclear power or those utilizing energy derived from offshore wind projects located in waters off the Commonwealth's Atlantic shoreline, such facilities shall continue to be eligible for an enhanced rate of return on common equity during the construction phase of the facility and the approved first portion of its service life of between 12 and 25 years in the case of a facility utilizing nuclear power and for a service life of between 5 and 15 years in the case of a facility utilizing energy derived from offshore wind, provided, however, that, as of July 1, 2013, the enhanced return for such facilities shall be 100 basis points, which shall be added to the utility's general rate of return as determined under subdivision 2. Thirty percent of all costs of such a facility utilizing nuclear power that the utility incurred between July 1, 2007, and December 31, 2013, and all of such costs incurred after December 31, 2013, may
be deferred by the utility and recovered through a rate adjustment clause under this subdivision at such time as the Commission provides in an order approving such a rate adjustment clause. The remaining 70 percent of all costs of such a facility that the utility incurred between July 1, 2007, and December 31, 2013, shall not be deferred for recovery through a rate adjustment clause under this subdivision; however, such remaining 70 percent of all costs shall be recovered ratably through existing base rates as determined by the Commission in the test periods under review in the utility's next biennial review filed after July 1, 2014. Thirty percent of all costs of such a facility utilizing energy derived from offshore wind that the utility incurred between July 1, 2007, and December 31, 2013, may be deferred by the utility and recovered through a rate adjustment clause under this subdivision at such time as the Commission provides in an order approving such a rate adjustment clause. The remaining 70 percent of all costs of such a facility that the utility incurred between July 1, 2007, and December 31, 2013, shall not be deferred for recovery through a rate adjustment clause under this subdivision; however, such remaining 70 percent of all costs shall be recovered ratably through existing base rates as determined by the Commission in the test periods under review in the utility's next biennial review filed after July 1, 2014.

In connection with planning to meet forecasted demand for electric generation supply and assure the adequate and sufficient reliability of service, consistent with § 56-598, planning and development activities for a new nuclear generation facility or facilities are in the public interest.

In connection with planning to meet forecasted demand for electric generation supply and assure the adequate and sufficient reliability of service, consistent with § 56-598, planning and development activities for a new utility-owned and utility-operated generating facility or facilities utilizing energy derived from sunlight with an aggregate capacity of 500 megawatts, or from offshore wind, are in the public interest.

Neither generation facilities described in clause (ii) that utilize simple-cycle combustion turbines nor new underground facilities shall receive an enhanced rate of return on common equity as described herein, but instead shall receive the utility's general rate of return during the construction phase of the facility and, thereafter, for the entire service life of the facility. No rate adjustment clause for new underground facilities shall allocate costs to, or provide for the recovery of costs from, customers that are served within the large power service rate class for a Phase I Utility and the large general service rate classes for a Phase II Utility. New underground facilities are hereby declared to be ordinary extensions or improvements in the usual course of business under the provisions of § 56-265.2.

As used in this subdivision, a generation facility is (1) "coal bed methane gas powered" if the facility is fired at least 50 percent by coalbed methane gas, as such term is defined in § 45.1-361.1, produced from wells located in the Commonwealth, and (2) "landfill gas powered" if the facility is fired by methane or other combustible gas produced by the anaerobic digestion or decomposition of biodegradable materials in a solid waste management facility licensed by the Waste Management Board. A landfill gas powered facility includes, in addition to the generation facility itself, the equipment used in collecting, drying, treating, and compressing the landfill gas and in transmitting the landfill gas from the solid waste management facility where it is collected to the generation facility where it is combusted.

For purposes of this subdivision, "general rate of return" means the fair combined rate of return on common equity as it is determined by the Commission from time to time for such utility pursuant to subdivision 2. In any proceeding under this subdivision conducted prior to the conclusion of the first biennial review for such utility, the Commission shall determine a general rate of return for such utility in the same manner as it would in a biennial review proceeding.

Notwithstanding any other provision of this subdivision, if the Commission finds during the biennial review conducted for a Phase II Utility in 2018 that such utility has not filed applications for all necessary federal and state regulatory approvals to construct one or more nuclear-powered or coal-fueled generation facilities that would add a total capacity of at least 1500 megawatts to the amount of the utility's generating resources as such resources existed on July 1, 2007, or that, if all such approvals have been received, that the utility has not made reasonable and good faith efforts to construct one or more such facilities that will provide such additional total capacity within a reasonable time after obtaining such approvals, then the Commission, if it finds it in the public interest, may reduce on a prospective basis any enhanced rate of return on common equity previously applied to any such facility to no less than the general rate of return for such utility and may apply no less than the utility's general rate of return to any such facility for which the utility seeks approval in the future under this subdivision.

7. Any petition filed pursuant to subdivision 4, 5, or 6 shall be considered by the Commission on a stand-alone basis without regard to the other costs, revenues, investments, or earnings of the utility. Any costs incurred by a utility prior to the filing of such petition, or during the consideration thereof by the Commission, that are proposed for recovery in such petition and that are related to subdivision 5 a, or that are related to facilities and projects described in clause (i) of subdivision 6, or that are related to new underground facilities described in clause (iv) of subdivision 6, shall be deferred on the books and records of the utility until the Commission's final order in the matter, or until the implementation of any applicable approved rate adjustment clauses, whichever is later. Except as otherwise provided in subdivision 6, any costs prudently incurred on or after July 1, 2007, by a utility prior to the filing of such petition, or during the consideration thereof by the Commission, that are proposed for recovery in such petition and that are related to facilities and projects described in clause (ii) of subdivision 6 that utilize nuclear power, or coal-fueled facilities and projects described in clause (ii) of subdivision 6 if such coal-fueled facilities will be built by a Phase I Utility, shall be deferred on the books and records of the utility until the Commission's final order in the matter, or until the implementation of any applicable approved rate adjustment clauses, whichever is later. Any costs prudently incurred after the expiration or termination of capped rates
related to other matters described in subdivision 4, 5, or 6 shall be deferred beginning only upon the expiration or termination of capped rates, provided, however, that no provision of this act shall affect the rights of any parties with respect to the rulings of the Federal Energy Regulatory Commission in PJM Interconnection LLC and Virginia Electric and Power Company, 109 F.E.R.C. P 61, 012 (2004). A utility shall establish a regulatory asset for regulatory accounting and ratemaking purposes under which it shall defer its operation and maintenance costs incurred in connection with (i) the refueling of any nuclear-powered generating plant and (ii) other work at such plant normally performed during a refueling outage. The utility shall amortize such deferred costs over the refueling cycle, but in no case more than 18 months, beginning with the month in which such plant resumes operation after such refueling. The refueling cycle shall be the applicable period of time between planned refueling outages for such plant. As of January 1, 2014, such amortized costs are a component of base rates, recoverable in base rates only ratably over the refueling cycle rather than when such outages occur, and are the only nuclear refueling costs recoverable in base rates. This provision shall apply to any nuclear-powered generating plant refueling outage commencing after December 31, 2013, and the Commission shall treat the deferred and amortized costs of such regulatory asset as part of the utility's costs for the purpose of proceedings conducted (a) with respect to biennial review filings under subdivision 3 made on and after July 1, 2014, and (b) pursuant to § 56-245 or the Commission's rules governing utility rate increase applications as provided in subsection B. This provision shall not be deemed to change or reset base rates.

The Commission's final order regarding any petition filed pursuant to subdivision 4, 5, or 6 shall be entered not more than three months, eight months, and nine months, respectively, after the date of filing of such petition. If such petition is approved, the order shall direct that the applicable rate adjustment clause be applied to customers' bills not more than 60 days after the date of the order, or upon the expiration or termination of capped rates, whichever is later.

8. In any biennial review proceeding, the following utility generation and distribution costs not proposed for recovery under any other subdivision of this subsection, as recorded per books by the utility for financial reporting purposes and accrued against income, shall be attributed to the test periods under review: costs associated with asset impairments related to early retirement determinations made by the utility prior to December 31, 2012, for utility generation plant; costs associated with severe weather events; and costs associated with natural disasters. Such costs shall be deemed to have been recovered from customers through rates for generation and distribution services in effect during the test periods under review unless such costs, individually or in the aggregate, together with the utility's other costs, revenues, and investments to be recovered through rates for generation and distribution services, result in the utility's earned return on its generation and distribution services for the combined test periods under review to fall more than 50 basis points below the fair combined rate of return authorized under subdivision 2 for such periods or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, to fall more than 70 basis points below the fair combined rate of return authorized under subdivision 2 for such periods. In such cases, the Commission shall, in such biennial review proceeding, authorize deferred recovery of such costs and allow the utility to amortize and recover such deferred costs over future periods as determined by the Commission. The aggregate amount of such deferred costs shall not exceed an amount that would, together with the utility's other costs, revenues, and investments to be recovered through rates for generation and distribution services, cause the utility's earned return on its generation and distribution services to exceed the fair rate of return authorized under subdivision 2, less 50 basis points, for the combined test periods under review or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, to exceed the fair rate of return authorized under subdivision 2 less 70 basis points. Nothing in this section shall limit the Commission's authority, pursuant to the provisions of Chapter 10 (§ 56-232 et seq.), including specifically § 56-235.2, following the review of combined test period earnings of the utility in a biennial review, for normalization of nonrecurring test period costs and annualized adjustments for future costs, in determining any appropriate increase or decrease in the utility's rates for generation and distribution services pursuant to subdivision 8 a or 8 c.

If the Commission determines as a result of such biennial review that:

a. The utility has, during the test period or periods under review, considered as a whole, earned more than 50 basis points below a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points below a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, the Commission shall order increases to the utility's rates necessary to provide the opportunity to fully recover the costs of providing the utility's services and to earn not less than such fair combined rate of return, using the most recently ended 12-month test period as the basis for determining the amount of the rate increase necessary. However, the Commission may not order such rate increase unless it finds that the resulting rates are necessary to provide the utility with the opportunity to fully recover its costs of providing its services and to earn not less than a fair combined rate of return on both its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, using the most recently ended 12-month test period as the basis for determining the permissibility of any rate increase under the standards of this section, and the amount thereof;

b. The utility has, during the test period or test periods under review, considered as a whole, earned more than 50 basis points above a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points above a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without
regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, the Commission shall, subject to the provisions of subdivision 9, direct that 60 percent of the amount of such earnings that were more than 50 basis points, or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, that 70 percent of the amount of such earnings that were more than 70 basis points, above such fair combined rate of return for the test period or periods under review, considered as a whole, shall be credited to customers' bills. Any such credits shall be amortized over a period of six to 12 months, as determined at the discretion of the Commission, following the effective date of the Commission's order, and shall be allocated among customer classes such that the relationship between the specific customer class rates of return to the overall target rate of return will have the same relationship as the last approved allocation of revenues used to design base rates; or

\( c. \) Such biennial review is the second consecutive biennial review in which the utility has, during the test period or test periods under review, considered as a whole, earned more than 50 basis points above a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points above a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matter determined with respect to facilities described in subdivision 6, the Commission shall, subject to the provisions of subdivision 9 and in addition to the actions authorized in subdivision b, also order reductions to the utility's rates if it finds appropriate. However, the Commission may not order such rate reduction unless it finds that the resulting rates will provide the utility with the opportunity to fully recover its costs of providing its services and to earn not less than a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, using the most recently ended 12-month test period as the basis for determining the permissibility of any rate reduction under the standards of this sentence, and the amount thereof.

The Commission's final order regarding such biennial review shall be entered not more than eight months after the date of filing, and any revisions in rates or credits so ordered shall take effect not more than 60 days after the date of the order. The fair combined rate of return on common equity determined pursuant to subdivision 2 in such biennial review shall apply, for purposes of reviewing the utility's earnings on its rates for generation and distribution services, to the entire two successive 12-month test periods ending December 31 immediately preceding the year of the utility's subsequent biennial review filing under subdivision 3.

9. If, as a result of a biennial review required under this subsection and conducted with respect to any test period or periods under review ending later than December 31, 2010 (or, if the Commission has elected to stagger its biennial reviews of utilities as provided in subdivision 1, under review ending later than December 31, 2010, for a Phase I Utility, or December 31, 2011, for a Phase II Utility), the Commission finds, with respect to such test period or periods considered as a whole, that (i) any utility has, during the test period or periods under review, considered as a whole, earned more than 50 basis points above a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points above a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, and (ii) the total aggregate regulated rates of such utility at the end of the most recently-ended 12-month test period exceeded the annual increases in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the United States Department of Labor, compounded annually, when compared to the total aggregate regulated rates of such utility as determined pursuant to the biennial review conducted for the base period, the Commission shall, unless it finds that such action is not in the public interest or that the provisions of subdivisions 8 b and c are more consistent with the public interest, direct that any or all earnings for such test period or periods under review, considered as a whole that were more than 50 basis points, or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points, above such fair combined rate of return shall be credited to customers' bills, in lieu of the provisions of subdivisions 8 b and c. Any such credits shall be amortized and allocated among customer classes in the manner provided by subdivision 8 b. For purposes of this subdivision:

"Base period" means (i) the test period ending December 31, 2010 (or, if the Commission has elected to stagger its biennial reviews of utilities as provided in subdivision 1, the test period ending December 31, 2010, for a Phase I Utility, or December 31, 2011, for a Phase II Utility), or (ii) the most recent test period with respect to which credits have been applied to customers' bills under the provisions of this subdivision, whichever is later.

"Total aggregate regulated rates" shall include: (i) fuel tariffs approved pursuant to § 56-249.6, except for any increases in fuel tariffs deferred by the Commission for recovery in periods after December 31, 2010, pursuant to the provisions of clause (ii) of subsection C of § 56-249.6; (ii) rate adjustment clauses implemented pursuant to subdivision 4 or 5; (iii) revisions to the utility's rates pursuant to subdivision 8 a; (iv) revisions to the utility's rates pursuant to the Commission's rules governing utility rate increase applications, as permitted by subsection B, occurring after July 1, 2009; and (v) base rates in effect as of July 1, 2009.

10. For purposes of this section, the Commission shall regulate the rates, terms and conditions of any utility subject to this section on a stand-alone basis utilizing the actual end-of-test period capital structure and cost of capital of such utility, unless the Commission finds that the debt to equity ratio of such capital structure is unreasonable for such utility, in which...
case the Commission may utilize a debt to equity ratio that it finds to be reasonable for such utility in determining any rate adjustment pursuant to subdivisions 8 a and c, and without regard to the cost of capital, capital structure, revenues, expenses or investments of any other entity with which such utility may be affiliated. In particular, and without limitation, the Commission shall determine the federal and state income tax costs for any such utility that is part of a publicly traded, consolidated group as follows: (i) such utility's apportioned state income tax costs shall be calculated according to the applicable statutory rate, as if the utility had not filed a consolidated return with its affiliates, and (ii) such utility's federal income tax costs shall be calculated according to the applicable federal income tax rate and shall exclude any consolidated tax liability or benefit adjustments originating from any taxable income or loss of its affiliates.

B. Nothing in this section shall preclude an investor-owned incumbent electric utility from applying for an increase in rates pursuant to § 56-245 or the Commission's rules governing utility rate increase applications; however, in any such filing, a fair rate of return on common equity shall be determined pursuant to subdivision A 2. Nothing in this section shall preclude such utility's recovery of fuel and purchased power costs as provided in § 56-249.6.

C. Except as otherwise provided in this section, the Commission shall exercise authority over the rates, terms and conditions of investor-owned incumbent electric utilities for the provision of generation, transmission and distribution services to retail customers in the Commonwealth pursuant to the provisions of Chapter 10 (§ 56-232 et seq.), including specifically § 56-235.2.

D. The Commission may determine, during any proceeding authorized or required by this section, the reasonableness or prudence of any cost incurred or projected to be incurred, by a utility in connection with the subject of the proceeding. A determination of the Commission regarding the reasonableness or prudence of any such cost shall be consistent with the Commission's authority to determine the reasonableness or prudence of costs in proceedings pursuant to the provisions of Chapter 10 (§ 56-232 et seq.). In determining the reasonableness or prudence of a utility providing energy and capacity to its customers from renewable energy resources, the Commission shall consider the extent to which such renewable energy resources, whether utility-owned or by contract, further the objectives of the Commonwealth Energy Policy set forth in §§ 67-101 and 67-102, and shall also consider whether the costs of such resources is likely to result in unreasonable increases in rates paid by consumers.

E. The Commission shall promulgate such rules and regulations as may be necessary to implement the provisions of this section.

CHAPTER 821

An Act to amend the Code of Virginia by adding a section numbered 46.2-373.1, relating to report of law-enforcement officer involved in an accident.

Approved April 5, 2017

[S 1486]

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 46.2-373.1 as follows:

   Notwithstanding the provisions of § 46.2-208, any law-enforcement officer, as defined in § 9.1-101, who is named as a driver in a motor vehicle accident on a report submitted to the Department pursuant to § 46.2-373 shall not have the accident displayed on his driving record if he was driving a motor vehicle provided by a law-enforcement agency in the course of his employment and was operating the motor vehicle in the performance of his official duties at the time of such accident. The driving record of such law-enforcement officer involved in an accident in the course of his employment shall not contain any information of an accident submitted pursuant to § 46.2-373.

CHAPTER 822

An Act to amend the Code of Virginia by adding a section numbered 56-235.11, relating to water utilities; retail rates of affiliated entities.

Approved April 5, 2017

[S 1492]

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 56-235.11 as follows:

   § 56-235.11. Retail rates of affiliated water utilities.
   A. As used in this section, unless the context requires a different meaning:
      "Affiliate" of a specific water utility or a water utility "affiliated" with a specific water utility means a water utility that directly or indirectly through one or more intermediaries controls, is controlled by, or is under common control with the water utility specified.
      "Control," including the terms "controlling," "controlled by," and "under common control with," means direct or indirect possession of the power to direct or cause the direction of the management and policies of a water utility through
the ownership of an equity interest. Control shall be presumed to exist with respect to another water utility if any water utility directly or indirectly owns, controls, or holds with the power to vote 50 percent or more of the equity interest of the other water utility.

"Rates" includes rates, tolls, charges, or schedules.

"Subsidiary" of a specified water utility means an affiliate directly or indirectly controlled by that water utility through one or more intermediaries.

Approved April 26, 2017

Be it enacted by the General Assembly of Virginia:

1. That §§ 46.2-1231, 46.2-1232, and 46.2-1233.2 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 46.2-1233.3 as follows:

§ 46.2-1231. Ticketing, removal, or immobilization of trespassing vehicles by owner or operator of parking or other lot or building; charges.

The owner, operator, or lessee of any parking lot, parking area, or parking space in a parking lot or area or any part of a parking lot or area, or of any other lot or building, including any county, city, or town, or authorized agent of the person having control of such premises may have any vehicle occupying the lot, area, space, or building without the permission of its owner, operator, lessee, or authorized agent of the one having the control of the premises, removed by towing or otherwise to a licensed garage for storage until called for by the owner or his agent if there are posted at all entrances to the parking lot or area signs clearly and conspicuously disclosing that such vehicle, if parked without permission, will be removed, towed, or immobilized. Such signs shall, at a minimum, include the nonemergency telephone number of the local law-enforcement agency or the telephone number of the responsible towing and recovery operator to contact for information related to the location of vehicles towed from that location. The requirements of this section relating to the posting of signs by an owner, operator, or lessee of any parking lot, parking area or space shall not apply to localities in which the local governing body has adopted an ordinance pursuant to § 46.2-1232.

Whenever a trespassing vehicle is removed or towed as permitted by this section, notice of this action shall forthwith be given by the tow truck operator to the State Police or the local law-enforcement agency of the jurisdiction from which the vehicle was towed. It shall be unlawful to fail to report such tow as required by this section and violation of the reporting requirement of this section shall constitute a traffic infraction punishable by a fine of not more than $100. Such failure to report shall limit the amount which may be charged for the storage and safekeeping of the towed vehicle to an amount no greater than that charged for one day of storage and safekeeping. If the vehicle is removed and stored, the vehicle owner may be charged and the vehicle may be held for a reasonable fee for the removal and storage.

All businesses engaged in towing vehicles without the consent of their owners shall prominently display (i) at their main place of business and (ii) at any other location where towed vehicles may be reclaimed a comprehensive list of all their fees for towing, recovery, and storage services, or the basis of such charges. This requirement to display a list of fees may also be satisfied by providing, when the towed vehicle is reclaimed, a written list of such fees, either as part of a receipt or separately, to the person who reclaims the vehicle. Charges in excess of those posted shall not be collectable from any motor vehicle owner whose vehicle is towed, recovered, or stored without his consent. At the time a vehicle owner or agent reclaims a towed vehicle, such towing and recovery operator, if located in Planning District 8, shall provide a written receipt that provides a telephone number or website available for customer complaints. A locality located wholly or partially in Planning District 8 may require additional information to be included on such receipt.

Notwithstanding the foregoing provisions of this section, if the owner or representative or agent of the owner of the trespassing vehicle is present and removes the trespassing vehicle from the premises before it is actually towed, the trespassing vehicle shall not be towed, but the owner or representative or agent of the owner of the trespassing vehicle shall be liable for a reasonable fee, not to exceed $25 or such other limit as the governing body of the county, city, or town may set by ordinance, in lieu of towing.

In lieu of having a trespassing vehicle removed by towing or otherwise, the owner, operator, lessee or authorized agent of the premises on which the trespassing vehicle is parked may cause the vehicle to be immobilized by a boot or other device that prevents a vehicle from being moved by preventing a wheel from turning, provided that the boot or other device does not damage the vehicle or wheel. The charge for the removal of any boot or device shall not exceed $25 or such other
limit as the governing body of the county, city, or town may set by ordinance. In lieu of having the vehicle removed by
towing or otherwise, or in lieu of causing the vehicle to be immobilized, the owner, operator, lessee or authorized agent of
the premises on which the trespassing vehicle is parked may cause to have an authorized local government official or
law-enforcement officer issue, on the premises, a notice of the violation of a parking ordinance or regulation created
pursuant to § 46.2-1220 or § 46.2-1221 to the registered owner of the vehicle.

This section shall not apply to police, fire, or public health vehicles or where a vehicle, because of a wreck or other
emergency, is parked or left temporarily on the property of another. The governing body of every county, city, and town may
by ordinance set limits on fees and charges provided for in this section.

§ 46.2-1232. Locality may regulate removal or immobilization of trespassing vehicles.
A. The governing body of any county, city, or town may by ordinance regulate the removal of trespassing vehicles
from property by or at the direction of the owner, operator, lessee, or authorized agent in charge of the property. In the event
that a vehicle is towed from one locality and stored in or released from a location in another locality, the local ordinance, if
any, of the locality from which the vehicle was towed shall apply.
B. No local ordinance adopted under authority of this section shall require that any towing and recovery business also
operate as or provide services as a vehicle repair facility or body shop, filling station, or any business other than a towing
and recovery business.
C. Any such local ordinance may also require towing and recovery operators to (i) obtain and retain photographs or
other documentary evidence substantiating the reason for the removal; (ii) post signs at their main place of business and at
any other location where towed vehicles may be reclaimed conspicuously indicating (a) the maximum charges allowed by
local ordinance, if any, for all their fees for towing, recovery, and storage services and (b) the name and business telephone
number of the local official, if any, responsible for handling consumer complaints; (iii) obtain at the time the vehicle is
towed, verbal approval of an agent designated in the local ordinance who is available at all times; and (iv) obtain, at the time
the vehicle is towed, if such towing is performed during the normal business hours of the owner of the property from which
the vehicle is being towed, the written authorization of the owner of the property from which the vehicle is towed, or his
agent. Such written authorization, if required, shall be in addition to any written contract between the towing and recovery
operator and the owner of the property or his agent, except for vehicles being towed from a locality within Planning
District 8, which shall not require written authorization if such written contract is in place. Any such written contract
governing a property located within Planning District 8 shall clearly state the terms on which towing and recovery
operators may monitor private lots on behalf of property owners. For the purposes of this subsection, "agent" shall not
include any person who either (a) is related by blood or marriage to the towing and recovery operator or (b) has a financial
interest in the towing and recovery operator's business.
D. Any such ordinance adopted by a locality within Planning District 8 may require towing companies that tow
vehicles from the county, city, or town adopting the ordinance to other localities, provided that the stored or released
location is within the Commonwealth of Virginia and within 10 miles of the point of origin of the actual towing, (i) to obtain
from the locality from which such vehicles are towed a permit to do so and (ii) to submit to an inspection of such towing
company's facilities to ensure that the company meets all the locality's requirements, regardless of whether such facilities
are located within the locality or elsewhere. The locality may impose and collect reasonable fees for the issuance and
administration of permits as provided for in this subsection. Such ordinance may also provide grounds for revocation,
suspension, or modification of any permit issued under this subsection, subject to notice to the permittee of the revocation,
suspension, or modification and an opportunity for the permittee to have a hearing before the governing body of the locality
or its designated agent to challenge the revocation, suspension, or modification. Any tow truck driver who removes or tows
a vehicle, pursuant to any such ordinance, that is occupied by an unattended companion animal as defined in § 3.2-6500
shall, upon such removal, immediately notify the animal control office of the locality in which the vehicle is being removed
or towed. Nothing in this subsection shall be applicable to public safety towing.

§ 46.2-1232.3. Advisory board.
Prior to adopting or amending any ordinance pursuant to § 46.2-1232 or § 46.2-1233, the local governing body shall
appoint an advisory board to advise the governing body with regard to the appropriate provisions of the ordinance. Voting
members of the advisory board shall only consist of an equal number of representatives of local law-enforcement
agencies and representatives of licensed towing and recovery operators, and one member of the general public. Any such
advisory board shall meet at least once per year at the call of the chairman of the advisory board, who shall be elected
annually from among the voting members of the advisory board by a majority vote. The chairmanship of any such advisory
board for any locality within Planning District 8 shall be for a term of one year and rotate annually between a representative
of a local law-enforcement agency, a representative of a licensed towing and recovery operator, and one member of the
general public.

§ 46.2-1233. Improper towing; penalty.
A. This section shall apply only to tow truck drivers and towing and recovery operators removing a vehicle without the
consent of its owner from a location in Planning District 8.
B. In addition to any other penalty provided by law, if any tow truck driver violates subsection A of § 46.2-118 or § 46.2-1217, 46.2-1231, or 46.2-1233.1, or any ordinance adopted therefrom, or any
ordinance adopted pursuant to § 46.2-1233, or any towing or recovery operator who violates subsection B of § 46.2-118 or
§ 46.2-1217, 46.2-1231, or 46.2-1233.1, or any ordinance adopted therefrom, or any ordinance adopted pursuant to
§ 46.2-1233, is subject to a civil penalty of $150 per violation. Such penalty shall be collected by the Office of the Attorney General, and the proceeds shall be deposited into the Literary Fund.

Nothing in subdivision a shall be construed to authorize the withholding of those portions of such information that are not likely to cause the above-referenced damage;
   b. Adult arrestee photographs taken during the initial intake following the arrest and as part of the routine booking procedure, except when necessary to avoid jeopardizing an investigation in felony cases until such time as the release of the photograph will no longer jeopardize the investigation; and
   c. Information relative to the identity of any individual, other than a juvenile, who is arrested and charged, and the status of the charge or arrest; and
   d. Records of completed unattended death investigations to the parent or spouse of the decedent or, if there is no living parent or spouse, to the immediate family member of the decedent, provided the person is not a person of interest or a suspect.    d. All records of persons imprisoned in penal institutions in the Commonwealth provided such records relate to the imprisonment;
   e. Records of law-enforcement agencies, to the extent that such records contain specific tactical plans, the disclosure of which would jeopardize the safety or security of law-enforcement personnel or the general public;

k. Records of the Sex Offender and Crimes Against Minors Registry maintained by the Department of State Police pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, including information obtained from state, local, and regional officials, except to the extent that information is required to be posted on the Internet pursuant to § 9.1-913; and

3. Prohibited releases. The identity of any individual providing information about a crime or criminal activity under a promise of anonymity shall not be disclosed.

C. Records of any call for service or other communication to an emergency 911 system or communicated with any other equivalent reporting system shall be subject to the provisions of this chapter.

The Council may grant extensions as provided in § 30-356.2 and may authorize a designee to grant such extensions;

4. Accept and review any statement received from a filer disputing the receipt by such filer of a gift that has been disclosed on the form filed by a lobbyist pursuant to Article 3;

5. Beginning July 1, 2016, establish and maintain a searchable electronic database comprising those disclosure forms that are filed with the Council pursuant to §§ 2.2-426, 2.2-3117, 2.2-3118, and 30-111. Such database shall be available to the public through the Council's official website;

6. Furnish, upon request, formal advisory opinions or guidelines and other appropriate information, including informal advice, regarding ethics, conflicts issues arising under Article 3 or the Acts, or a person's duties under Article 3 or the Acts to any person covered by Article 3 or the Acts or to any agency of state or local government, in an expeditious manner. The Council may authorize a designee to furnish formal opinions or informal advice. Formal advisory opinions are public record and shall be published on the Council's website; however, no formal advisory opinion furnished by a designee of the Council shall be available to the public or published until such opinion has been approved by the Council. Published formal advisory opinions may have such deletions and changes as may be necessary to protect the identity of the person involved or other persons supplying information. Informal advice given by the Council or the Council's designee is confidential and is excluded from the mandatory disclosure provisions of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.); however, if the recipient invokes the immunity provisions of § 2.2-3121 or 30-124, the record of the request and the informal advice given shall be deemed to be a public record and shall be released upon request. Other records relating to formal advisory opinions or informal advice, including records of requests, notes, correspondence, and draft versions of such opinions or advice, shall also be confidential and excluded from the mandatory disclosure provisions of the Virginia Freedom of Information Act;

7. Conduct training seminars and educational programs for lobbyists, state and local government officers and employees, legislators, and other interested persons on the requirements of Article 3 and the Acts and provide ethics orientation sessions for legislators in compliance with Article 6 (§ 30-129.1 et seq.) of Chapter 13;

8. Approve orientation courses conducted pursuant to § 2.2-3128 and, upon request, review the educational materials and approve any training or course on the requirements of Article 3 and the Acts conducted for state and local government officers and employees;

9. Publish such educational materials as it deems appropriate on the provisions of Article 3 and the Acts;

10. Review actions taken in the General Assembly with respect to the discipline of its members for the purpose of offering nonbinding advice;

11. Request from any agency of state or local government such assistance, services, and information as will enable the Council to effectively carry out its responsibilities. Information provided to the Council by an agency of state or local government shall not be released to any other party unless authorized by such agency;

12. Redact from any document or form that is to be made available to the public any residential address, personal telephone number, or signature contained on that document or form; and

13. Report on or before December 1 of each year on its activities and findings regarding Article 3 and the Acts, including recommendations for changes in the laws, to the General Assembly and the Governor. The annual report shall be
submitted by the chairman as provided in the procedures of the Division of Legislative Automated Systems for the processing of legislative documents and reports and shall be published as a state document.

§ 30-356.2. Right to grant extensions in special circumstances; civil penalty.
A. Notwithstanding any other provision of law, any person required to file the disclosure form prescribed in Article 3 or the Acts shall be entitled to an extension where good cause for granting such an extension has been shown, as determined by the Council. Good cause shall include:
1. The death of a relative of the filer, as relative is defined in the definition of "gift" in Article 3 or the Acts.
2. A state of emergency is declared by the Governor pursuant to Chapter 3.2 (§ 44-146.13 et seq.) of Title 44 or declared by the President of the United States or the governor of another state pursuant to law and confirmed by the Governor by an executive order, and such an emergency interferes with the timely filing of disclosure forms. The extension shall be granted only for those filers in areas affected by such emergency.
3. The filer is a member of a uniformed service of the United States and is on active duty on the date of the filing deadline.
4. A failure of the electronic filing system and the failure of such system prevents the timely filing of disclosure forms.
B. For any person who is unable to timely file the disclosure form prescribed in the Acts due to the disclosure form not being made available to him until after the deadline has passed, the Council shall grant such person a five-day extension upon request. The head of the agency for which the person works or the clerk of the school board or governing body of the locality that was responsible for providing the disclosure form to such person shall be assessed a civil penalty in the amount equal to $250, to be collected in accordance with the procedure set forth in subsection B of § 2.2-3124. If the disclosure form is provided to the person within three days prior to the filing deadline, the Council shall grant such person a three-day extension upon request and no civil penalties shall be assessed against the head of such person's agency or the clerk.
2. That an emergency exists and the provisions amending §§ 2.2-426 and 24.2-502 of the Code of Virginia are in force from the passage of this act and that the remaining provisions of this act shall become effective in due course.

CHAPTER 833
An Act to amend and reenact § 58.1-3833 of the Code of Virginia, relating to county food and beverage tax; referendum.

Approved April 26, 2017
[S 1296]
An Act to amend the Code of Virginia by adding in Title 15.2 a chapter numbered 67.1, consisting of sections numbered 15.2-6705 through 15.2-6710, relating to the Virginia Coal Train Heritage Authority.

CHAPTER 67.1.

VIRGINIA COAL TRAIN HERITAGE AUTHORITY.

§ 15.2-6705. Virginia Coal Train Heritage Authority established.

The Virginia Coal Train Heritage Authority, referred to in this chapter as "the Authority," is created as a body politic and corporate, a political subdivision of the Commonwealth. As such it shall have, and is hereby vested with, the powers and duties conferred in this chapter.

§ 15.2-6706. Board of the Authority; qualifications; terms; quorum; records.

A. All powers, rights, and duties conferred by this chapter, or other provisions of law, upon the Authority shall be exercised by the Board of the Virginia Coal Train Heritage Authority ("the board").

B. The board shall consist of 25 members as follows: three members of the governing body of each of the Counties of Dickinson, Russell, and Wise, each appointed by the respective governing body; two citizen members appointed by the governing body of each of the Counties of Dickinson, Russell, and Wise, each of whom shall be a resident of the appointing county and not a member of the county governing body; one citizen member appointed by the governing body of each of the...
Town of Clinchco, Haysi, and St. Paul, each of whom shall be a resident of the appointing town; three commissioners of the Breaks Interstate Park Commission, appointed by that Commission; two at-large members who shall be Virginia residents and have experience in any aspect of the excursion train business, appointed by a majority vote of the board; and two members of the General Assembly representing any part of the County of Dickenson, Russell, or Wise, who shall serve ex officio with voting privileges.

C. Initial appointments to the board shall begin July 1, 2017. Each board member shall serve for a term of four years and may be reappointed for additional terms. The term of any member of the board shall immediately terminate if the member no longer meets the eligibility criteria of the initial appointment. Vacancies shall be filled for the unexpired term.

D. Seven members of the board shall constitute a quorum of the board for the purposes of conducting its business and exercising its powers and for all other purposes. No vacancy in the membership of the board shall impair the right of a quorum to exercise all the powers and perform all the duties of the board.

E. The board shall elect from its membership a chairman, a vice-chairman, and from its membership or not, as they desire, a secretary and a treasurer, or a secretary-treasurer, who shall continue to hold such office until their respective successors are elected.

F. The board shall keep detailed minutes of its proceedings, which shall be open to public inspection at all times. It shall keep suitable records of its financial transactions and, unless exempted by § 30-140, it shall arrange to have the records audited annually. Copies of each such audit shall be furnished to the governing bodies of Dickenson, Russell, and Wise Counties and the Auditor of Public Accounts and shall be open to public inspection.

G. A local governing body may remove from the board any member it has appointed in the event that the board member is absent from any three consecutive board meetings or is absent from any four board meetings within any 12-month period. In either such event, the local governing body shall appoint a successor for the unexpired portion of the term of the member who has been removed.

H. The accounts of the Authority shall be audited annually by the Auditor of Public Accounts, or an independent certified public accountant, and the cost of such audit shall be borne by the Authority.

§ 15.2-6707. Executive director; staff.

The Authority shall appoint an executive director, who shall be authorized to employ such staff as necessary to enable the Authority to perform its duties as set forth in this chapter. The Authority is authorized to determine the duties of such staff and to fix salaries and compensation from such funds as may be received or appropriated.

§ 15.2-6708. Powers of Authority.

The Authority shall have the following powers together with all powers incidental thereto or necessary for the performance of those hereinafter stated:

1. To sue and be sued and to prosecute and defend, at law or in equity, in any court having jurisdiction of the subject matter and of the parties;
2. To adopt and use a corporate seal and to alter the same at pleasure;
3. To contract and be contracted with;
4. To employ and pay compensation to such employees and agents, including attorneys, as the board deems necessary in carrying on the business of the Authority;
5. To establish bylaws and make all rules and regulations, not inconsistent with the provisions of this chapter, deemed expedient for the management of the Authority's affairs;
6. To borrow money and to accept contributions, grants, and other financial assistance from the United States government and agencies or instrumentalities thereof; the Commonwealth, or any political subdivision, agency, or public instrumentality of the Commonwealth; or any private person, foundation, or financial institution;
7. To issue bonds in accordance with applicable law;
8. To receive and expend moneys on behalf of tourist train development; and
9. To cooperate with any private or governmental entities in the states of West Virginia, Kentucky, Tennessee, or North Carolina in the development of a tourist train and theme park.

§ 15.2-6709. Authority of localities.

Localities are hereby authorized to lend or donate money or other property or services to the Authority for any of its purposes. The locality making the grant or loan may restrict the use of such grants or loans to a specific project, within or outside that locality.

§ 15.2-6710. Assignment of liability.

Notwithstanding the provisions of § 46.2-2099.42, no private excursion train operator that has entered into a public-private partnership contract with the Authority pursuant to the Public-Private Educational Facilities and Infrastructure Act of 2002 (§ 56-575.1 et seq.) shall be liable upon a claim of personal injury or wrongful death arising from the operation of an excursion train, including operations, maintenance, or signalization of the tracks or facilities upon which the excursion train operates, except in the case of the gross negligence or intentional act of the private excursion train operator. Any authority created pursuant to this chapter shall post notice of such immunity from liability at the time of ticketing and at all train entrances.
An Act to amend the Code of Virginia by adding in Chapter 22 of Title 15.2 an article numbered 7.2, consisting of sections numbered 15.2-2316.3, 15.2-2316.4, and 15.2-2316.5, and by adding in Title 56 a chapter numbered 15.1, consisting of sections numbered 56-484.26 through 56-484.31, relating to wireless communications infrastructure.

   "Micro-wireless facility" means a small cell facility that is not larger in dimension than 24 inches in length, 15 inches in width, and 12 inches in height and that has an exterior antenna, if any, not longer than 11 inches.

   "Small cell facility" means a wireless facility that meets both of the following qualifications: (i) each antenna is located inside an enclosure of no more than six cubic feet in volume, or, in the case of an antenna that has exposed elements, the antenna and all of its exposed elements could fit within an imaginary enclosure of no more than six cubic feet and (ii) all other wireless equipment associated with the facility has a cumulative volume of no more than 28 cubic feet, or such higher limit as is established by the Federal Communications Commission. The following types of associated equipment are not included in the calculation of equipment volume: electric meter, concealment, telecommunications demarcation boxes, back-up power systems, grounding equipment, power transfer switches, cut-off switches, and vertical cable runs for the connection of power and other services.

   "Utility pole" means a structure owned, operated, or owned and operated by a public utility, local government, or the Commonwealth that is designed specifically for and used to carry lines, cables, or wires for communications, cable television, or electricity.

   "Water tower" means a water storage tank, or a standpipe or an elevated tank situated on a support structure, originally constructed for use as a reservoir or facility to store or deliver water.

   "Wireless facility" means a facility at a fixed location that enables wireless communications between user equipment and a communications network, including (i) equipment associated with wireless services, such as private, broadcast, and public safety services, as well as unlicensed wireless services and fixed wireless services, such as microwave backhaul, and (ii) radio transceivers, antennas, coaxial, or fiber-optic cable, regular and backup power supplies, and comparable equipment, regardless of technological configuration.

   "Wireless infrastructure provider" means any person that builds or installs transmission equipment, wireless facilities, or wireless support structures, but that is not a wireless services provider.

   "Wireless services" means (i) "personal wireless services" as defined in 47 U.S.C. § 332(c)(7)(C)(i); (ii) "personal wireless service facilities" as defined in 47 U.S.C. § 332(c)(7)(C)(ii), including commercial mobile services as defined in 47 U.S.C. § 332(d), provided to personal mobile communication devices through wireless facilities; and (iii) any other fixed or mobile wireless service, using licensed or unlicensed spectrum, provided using wireless facilities.

   "Wireless services provider" means a provider of wireless services.

   "Wireless support structure" means a freestanding structure, such as a monopole, tower, either guyed or self-supporting, or suitable existing structure or alternative structure designed to support or capable of supporting wireless
facilities. "Wireless support structure" does not include any telephone or electrical utility pole or any tower used for the distribution or transmission of electrical service.

§ 15.2-2316.4. Zoning; small cell facilities.
A. A locality shall not require that a special exception, special use permit, or variance be obtained for any small cell facility installed by a wireless services provider or wireless infrastructure provider on an existing structure, provided that the wireless services provider or wireless infrastructure provider (i) has permission from the owner of the structure to co-locate equipment on that structure and (ii) notifies the locality in which the permitting process occurs.
B. Localities may require administrative review for the issuance of any required zoning permits for the installation of a small cell facility by a wireless services provider or wireless infrastructure provider on an existing structure. Localities shall permit an applicant to submit up to 35 permit requests on a single application. In addition:
   1. A locality shall approve or disapprove the application within 60 days of receipt of the complete application. Within 10 days after receipt of an application and a valid electronic mail address for the applicant, the locality shall notify the applicant by electronic mail whether the application is incomplete and specify any missing information; otherwise, the application shall be deemed complete. Any disapproval of the application shall be in writing and accompanied by an explanation for the disapproval. The 60-day period may be extended by the locality in writing for a period not to exceed an additional 30 days. The application shall be deemed approved if the locality fails to act within the initial 60 days or an extended 30-day period.
   2. A locality may prescribe and charge a reasonable fee for processing the application not to exceed:
      a. $100 each for up to five small cell facilities on a permit application; and
      b. $50 for each additional small cell facility on a permit application.
   3. Approval for a permit shall not be unreasonably conditioned, withheld, or delayed.
   4. The locality may disapprove a proposed location or installation of a small cell facility only for the following reasons:
      a. Material potential interference with other pre-existing communications facilities or with future communications facilities that have already been designed and planned for a specific location or that have been reserved for future public safety communications facilities;
      b. The public safety or other critical public service needs;
      c. Only in the case of an installation on or in publicly owned or publicly controlled property, excluding privately owned structures where the applicant has an agreement for attachment to the structure, aesthetic impact or the absence of all required approvals from all departments, authorities, and agencies with jurisdiction over such property; or
      d. Conflict with an applicable local ordinance adopted pursuant to § 15.2-2306, or pursuant to local charter on a historic property that is not eligible for the review process established under 54 U.S.C. § 306108.
   5. Nothing shall prohibit an applicant from voluntarily submitting, and the locality from accepting, any conditions that otherwise address potential visual or aesthetic effects resulting from the placement of small cell facilities.
   6. Nothing in this section shall preclude a locality from adopting reasonable rules with respect to the removal of abandoned wireless support structures or wireless facilities.
C. Notwithstanding anything to the contrary in this section, the installation, placement, maintenance, or replacement of micro-wireless facilities that are suspended on cables or lines that are strung between existing utility poles in compliance with national safety codes shall be exempt from locality-imposed permitting requirements and fees.

§ 15.2-2316.5. Moratorium prohibited.
A locality shall not adopt a moratorium on considering zoning applications submitted by wireless services providers or wireless infrastructure providers.

CHAPTER 15.1.
WIRELESS COMMUNICATIONS INFRASTRUCTURE.

As used in this chapter, unless the context requires a different meaning:
"Antenna" means communications equipment that transmits or receives electromagnetic radio signals used in the provision of any type of wireless communications service.
"Co-locate" means to install, mount, maintain, modify, operate, or replace a wireless facility on, under, within, or adjacent to a base station, building, existing structure, utility pole, or wireless support structure. "Co-location" has a corresponding meaning.
"Department" means the Department of Transportation.
"Districtwide permit" means a permit granted by the Department to a wireless services provider or wireless infrastructure provider that allows the permittee to use the rights-of-way under the Department's jurisdiction to install or maintain small cell facilities on existing structures in one of the Commonwealth's nine construction districts. A districtwide permit allows the permittee to perform multiple occurrences of activities necessary to install or maintain small cell facilities on non-limited access right-of-way without obtaining a single use permit for each occurrence. The central office permit manager shall be responsible for the issuance of all districtwide permits. The Department may authorize districtwide permits covering multiple districts.
"Existing structure" means any structure that is installed or approved for installation at the time a wireless services provider or wireless infrastructure provider provides notice to a locality or the Department of an agreement with the owner
of the structure to co-locate equipment on that structure. "Existing structure" includes any structure that is currently supporting, designed to support, or capable of supporting the attachment of wireless facilities, including towers, buildings, utility poles, light poles, flag poles, signs, and water towers.

"Micro-wireless facility" means a small cell facility that is not larger in dimension than 24 inches in length, 15 inches in width, and 12 inches in height and that has an exterior antenna, if any, not longer than 11 inches.

"Small cell facility" means a wireless facility that meets both of the following qualifications: (i) each antenna is located inside an enclosure of no more than six cubic feet in volume, or, in the case of an antenna that has exposed elements, the antenna and all of its exposed elements could fit within an imaginary enclosure of no more than six cubic feet and (ii) all other wireless equipment associated with the facility has a cumulative volume of no more than 28 cubic feet, or such higher limit as is established by the Federal Communications Commission. The following types of associated equipment are not included in the calculation of equipment volume: electric meter, concealment, telecommunications demarcation boxes, ground-based enclosures, back-up power systems, grounding equipment, power transfer switches, cut-off switches, and vertical cable runs for the connection of power and other services.

"Utility pole" means a structure owned, operated, or owned and operated by a public utility, local government, or the Commonwealth that is designed specifically for and used to carry lines, cables, or wires for communications, cable television, or electricity.

"Water tower" means a water storage tank, or a standpipe or an elevated tank situated on a support structure, originally constructed for use as a reservoir or facility to store or deliver water.

"Wireless facility" means equipment at a fixed location that enables wireless services between user equipment and a communications network, including (i) equipment associated with wireless services, such as private, broadcast, and public safety services, as well as unlicensed wireless services and fixed wireless services, such as microwave backhaul, and (ii) radio transceivers, antennas, coaxial, or fiber-optic cable, regular and backup power supplies, and comparable equipment, regardless of technological configuration.

"Wireless infrastructure provider" means any person, including a person authorized to provide telecommunications service in the state, that builds or installs transmission equipment, wireless facilities, or wireless support structures, but that is not a wireless services provider.

"Wireless services" means (i) "personal wireless services" as defined in 47 U.S.C. § 332(c)(7)(C)(i); (ii) "personal wireless service facilities" as defined in 47 U.S.C. § 332(c)(7)(C)(ii), including commercial mobile services as defined in 47 U.S.C. § 332(d), provided to personal mobile communication devices through wireless facilities; and (iii) any other fixed or mobile wireless service, using licensed or unlicensed spectrum, provided using wireless facilities.

"Wireless services provider" means a provider of wireless services.

"Wireless support structure" means a freestanding structure, such as a monopole, tower, either guyed or self-supporting, or suitable existing structure or alternative structure designed to support or capable of supporting wireless facilities. "Wireless support structure" does not include any telephone or electrical utility pole or any tower used for the distribution or transmission of electrical service.

§ 56-484.27. Access to the public rights-of-way by wireless services providers and wireless infrastructure providers: generally.

A. No locality or the Department shall impose on wireless services providers or wireless infrastructure providers any restrictions or requirements concerning the use of the public rights-of-way, including the permitting process, the zoning process, notice, time and location of excavations and repair work, enforcement of the statewide building code, and inspections, that are unfair, unreasonable, or discriminatory.

B. No locality or the Department shall require a wireless services provider or wireless infrastructure provider to provide in-kind services or physical assets as a condition of consent to use public rights-of-way or easements. This shall not limit the ability of localities, their authorities or commissions that provide utility services, or the Department to enter into voluntary pole attachment, tower occupancy, conduit occupancy, or conduit construction agreements with wireless services providers or wireless infrastructure providers.

C. No locality or the Department shall adopt a moratorium on considering requests for access to the public rights-of-way from wireless services providers or wireless infrastructure providers.

§ 56-484.28. Access to public rights-of-way operated and maintained by the Department for the installation and maintenance of small cell facilities on existing structures.

A. Upon application by a wireless services provider or wireless infrastructure provider, the Department shall issue a districtwide permit, consistent with applicable regulations that do not conflict with this chapter, granting access to public rights-of-way that it operates and maintains to install and maintain small cell facilities on existing structures in the rights-of-way. The application shall include a copy of the agreement under which the applicant has permission from the owner of the structure to the co-location of equipment on that structure. If the application is received on or after September 1, 2017, (i) the Department shall issue the districtwide permit within 30 days after receipt of the application and (ii) the districtwide permit shall be deemed granted if not issued within 30 days after receipt of the complete application. Within 10 days after receipt of an application and a valid electronic mail address for the applicant, the Department shall notify the applicant by electronic mail whether the application is incomplete and specify any missing information; otherwise, the application shall be deemed complete. A districtwide permit issued for the original installation shall allow the permittee to repair, replace, or perform routine maintenance operations to small cell facilities once installed.
B. The Department may require a separate single use permit to allow a wireless services provider or wireless infrastructure provider to install and maintain small cell facilities on an existing structure when such activity requires (i) working within the highway travel lane or requiring closure of a highway travel lane; (ii) disturbing the pavement, shoulder, roadway, or ditch line; (iii) placement on limited access rights-of-way; or (iv) any specific precautions to ensure the safety of the traveling public or the protection of public infrastructure or the operation thereof. Upon application by a wireless services provider or wireless infrastructure provider, the Department may issue a single use permit granting access to install and maintain small cell facilities in such circumstances. If the application is received on or after September 1, 2017, (a) the Department shall approve or disapprove the application within 60 days after receipt of the application, which 60-day period may be extended by the Department in writing for a period not to exceed an additional 30 days and (b) the application shall be deemed approved if the Department fails to approve or disapprove the application within the initial 60 days and any extension thereof. Any disapproval of an application for a single use permit shall be in writing and accompanied by an explanation of the reasons for the disapproval.

C. The Department shall not impose any fee for the use of the right-of-way on a wireless services provider or wireless infrastructure provider to attach or co-locate small cell facilities on an existing structure in the right-of-way. However, the Department may prescribe and charge a reasonable fee not to exceed $250 for processing an application for a districtwide permit or $150 for processing an application for a single use permit.

D. The Department shall not impose any fee or require a permit for the installation, placement, maintenance, or replacement of micro-wireless facilities that are suspended on cables or lines that are strung between existing utility poles in compliance with national safety codes. However, the Department may require a single use permit if such activities (i) involve working within the highway travel lane or require closure of a highway travel lane; (ii) disturb the pavement, shoulder, roadway, or ditch line; (iii) include placement on limited access rights-of-way; or (iv) require any specific precautions to ensure the safety of the traveling public or the protection of public infrastructure or the operation thereof, and either were not authorized in or will be conducted in a time, place, or manner that is inconsistent with terms of the existing permit for that facility or the structure upon which it is attached.

§ 56-484.29. Access to locality rights-of-way for installation and maintenance of small cell facilities on existing structures.

A. Upon application by a wireless services provider or wireless infrastructure provider, a locality may issue a permit granting access to the rights-of-way it operates and maintains to install and maintain small cell facilities on existing structures. Such a permit shall grant access to all rights-of-way in the locality for the purpose of installing small cell facilities on existing structures, provided that the wireless services provider or wireless infrastructure provider (i) has permission from the owner of the structure to co-locate equipment on that structure and (ii) provides notice of the agreement and co-location to the locality. The locality shall approve or disapprove any such requested permit within 60 days of receipt of the complete application. Within 10 days after receipt of an application and a valid electronic mail address for the applicant, the locality shall notify the applicant by electronic mail whether the application is complete and specify any missing information; otherwise, the application shall be deemed complete. Any disapproval shall be in writing and accompanied by an explanation for the disapproval. The 60-day period may be extended by the locality in writing for a period not to exceed an additional 30 days. The permit request shall be deemed approved if the locality fails to act within the initial 60 days or an extended 30-day period. No such permit shall be required for providers of telecommunications services and nonpublic providers of cable television, electric, natural gas, water, and sanitary sewer services that, as of July 1, 2017, already have facilities lawfully occupying the public rights-of-way under the locality's jurisdiction.

B. Localities shall not impose any fee for the use of the rights-of-way, except for zoning, subdivision, site plan, and comprehensive plan fees of general application, on a wireless services provider or wireless infrastructure provider to attach or co-locate small cell facilities on an existing structure in the right-of-way. However, a locality may prescribe and charge a reasonable fee not to exceed $250 for processing a permit application under subsection A.

C. Localities shall not impose any fee or require any application or permit for the installation, placement, maintenance, or replacement of micro-wireless facilities that are suspended on cables or lines that are strung between existing utility poles in compliance with national safety codes. However, the locality may require a single use permit if such activities (i) involve working within the highway travel lane or require closure of a highway travel lane; (ii) disturb the pavement, shoulder, roadway, or ditch line; (iii) include placement on limited access rights-of-way; or (iv) require any specific precautions to ensure the safety of the traveling public or the protection of public infrastructure or the operation thereof, and either were not authorized in or will be conducted in a time, place, or manner that is inconsistent with terms of the existing permit for that facility or the structure upon which it is attached.

§ 56-484.30. Agreements for use of public right-of-way to construct new wireless support structures; relocation of wireless support structures.

Subject to any applicable requirements of Article VII, Section 9 of the Constitution of Virginia, public right-of-way permits or agreements for the construction of wireless support structures issued on or after July 1, 2017, shall be for an initial term of at least 10 years, with at least three options for renewal for terms of five years, subject to terms providing for earlier termination for cause or by mutual agreement. Nothing herein is intended to prohibit the Department or localities from requiring permits to relocate wireless support structures when relocation is necessary due to a transportation project, the need to remove a hazard from the right-of-way when the Commissioner of Highways determines such removal is necessary to ensure the safety of the traveling public, or material change to the right-of-way, so long as other users of the
right-of-way that are in similar conflict with the use of the right-of-way are required to relocate. Such relocation shall be completed as soon as reasonably possible within the time set forth in any written request by the Department or a locality for such relocation, as long as the Department or a locality provides the permittee with a minimum of 180 days’ advance written notice to comply with such relocation, unless circumstances beyond the control of the Department or the locality require a shorter period of advance notice. The permittee shall bear only the proportional cost of the relocation that is caused by the transportation project and shall not bear any cost related to private benefit or where the permittee was on private right-of-way. If the locality or the Department bears any of the cost of the relocation, the permittee shall not be obligated to commence the relocation until it receives the funds for such relocation. The permittee shall have no liability for any delays caused by a failure to receive funds for the cost of such relocation, and the Department or a locality shall have no obligation to collect such funds. If relocation is deemed necessary, the Department or locality shall work cooperatively with the permittee to minimize any negative impact to the wireless signal caused by the relocation. There may be emergencies when relocation is required to commence in an expedited manner, and in such situations the permittee and the locality or Department shall work diligently to accomplish such emergency relocation.

§ 56-484.31. Attachment of small cell facilities on government-owned structures.

A. If the Commonwealth or a locality agrees to permit a wireless services provider or a wireless infrastructure provider to attach small cell facilities to government-owned structures, both the government entity and the wireless services or wireless infrastructure provider shall negotiate in good faith to arrive at a mutually agreeable contract terms and conditions.

B. The rates, terms, and conditions for such agreement shall be just and reasonable, cost-based, nondiscriminatory, and competitively neutral, and shall comply with all applicable state and federal laws. However, rates for attachments to government-owned buildings may be based on fair market value.

C. For utility poles owned by a locality or the Commonwealth that support aerial cables used for video, communications, or electric service, the parties shall comply with the process for make-ready work under 47 U.S.C. § 224 and implementing regulations. The good faith estimate of the government entity owning or controlling the utility pole for any make-ready work necessary to enable the utility pole to support the requested co-location shall include pole replacement if necessary.

D. For utility poles owned by a locality or the Commonwealth that do not support aerial cables used for video, communications, or electric service, the government entity owning or controlling the utility pole shall provide a good faith estimate for any make-ready work necessary to enable the utility pole to support the requested co-location, including pole replacement, if necessary, within 60 days after receipt of a complete application. Make-ready work, including any pole replacement, shall be completed within 60 days of written acceptance of the good faith estimate by the wireless services provider or a wireless infrastructure provider.

E. The government entity owning or controlling the utility pole shall not require more make-ready work than required to meet applicable codes or industry standards. Charges for make-ready work, including any pole replacement, shall not exceed actual costs or the amount charged to other wireless services providers, providers of telecommunications services, and nonpublic providers of cable television and electric services for similar work and shall not include consultants’ fees or expenses.

F. The annual recurring rate to co-locate a small cell facility on a government-owned utility pole shall not exceed the actual, direct, and reasonable costs related to the wireless services provider’s or wireless infrastructure provider’s use of space on the utility pole. In any controversy concerning the appropriateness of the rate, the government entity owning or controlling the utility pole shall have the burden of proving that the rates are reasonably related to the actual, direct, and reasonable costs incurred for use of space on the utility pole for such period.

G. This section shall not apply to utility poles, structures, or property of an electric utility owned or operated by a municipality or other political subdivision.

3. The methodology should take into consideration that support staff and operations may need to be expanded when enrollment growth reaches certain levels.

4. The Joint Subcommittee may seek support from the staff of the Senate Finance and House Appropriations Committees, the public institutions of higher education, or other higher education or state agency representatives, as requested by the Joint Subcommittee. At its discretion, the Joint Subcommittee may contract for consulting services.

A. Out of the amounts in this Item for Trial Processes shall be paid:

1. The annual salaries of Circuit Court judges, each at $166,136 from July 1, 2016, to November 24, 2016, $166,136 from November 25, 2016, to November 24, 2017, and $166,136 from November 25, 2017, to June 30, 2018. Such salaries shall represent the total compensation from all sources for Circuit Court judges.

2. Expenses necessarily incurred for the position of judge of the Circuit Court, including clerk hire not exceeding $1,500 a year for each judge.

3. The state's share of expenses incident to the prosecution of a petition for a writ of habeas corpus by an indigent petitioner, including payment of counsel fees as fixed by the Court; the expenses shall be paid upon receipt of an appropriate order from a Circuit Court.

4. A circuit court judge shall only be reimbursed for mileage for commuting if the judge has to travel to a courthouse in a county or city other than the one in which the judge resides and the distance between the judge's residence and the courthouse is greater than 25 miles.

B. The Chief Circuit Court Judge shall restrict the appointment of special justices to conduct involuntary mental commitment hearings to those unusual instances when no General District Court or Juvenile and Domestic Relations District Court Judge can be made available or when the volume of the hearings would require more than eight hours a week.

C. There is hereby reappropriated the unexpended balance remaining at the close of business on June 30, 2016, in the appropriation made in Item 39, Chapter 665, Acts of Assembly of 2015, in the item detail Other Court Costs and Allowances (Criminal Fund) and the balance remaining in this item detail on June 30, 2017.

D. The appropriation in this Item for Other Court Costs and Allowances (Criminal Fund) shall be used to implement the provisions of § 8.01-384.1:1, Code of Virginia.

E.1. General fund appropriations for Other Court Costs and Allowances (Criminal Fund) total $123,560,148 124,384,073 the first year and $123,560,148 124,384,073 the second year in this Item and Items 37, 41, 43, 44 and 45.

2. The Chief Justice of the Supreme Court of Virginia shall determine how the amounts appropriated to Other Courts Costs and Allowances (Criminal Fund) will be allocated, consistent with statutory provisions in the Code of Virginia. Funds within these appropriations are to be used to fund fully the statutory caps on compensation applicable to attorneys appointed by the court to defend criminal charges. Should this appropriation not be sufficient to fund fully all of the statutory caps on compensation as established by § 19.2-163, Code of Virginia, that this appropriation shall be applied first to fully fund the statutory caps for the most serious noncapital felonies and then, should funds still remain in this appropriation, to the other statutory caps, in declining order of the severity of the charges to which each cap is applicable.

3. Out of the amount appropriated from the general fund for Other Court Costs and Allowances (Criminal Fund) in this Item, there shall be transferred an amount not to exceed $880,000 the first year and not to exceed $880,000 the second year to the Criminal Injuries Compensation Fund, administered by the Virginia Workers’ Compensation Commission, for the administration of the physical evidence recovery kit (PERK) program.

4. Notwithstanding the provisions of § 19.2-163, Code of Virginia, the amount of compensation allowed to counsel appointed by the court to defend a felony charge that may be punishable by death shall be calculated on an hourly basis at a rate set by the Supreme Court of Virginia.

F.1. For any hearing conducted pursuant to § 19.2-306, Code of Virginia, the circuit court shall have presented to it a sentencing revocation report prepared on a form designated by the Virginia Criminal Sentencing Commission indicating the condition or conditions of the suspended sentence, good behavior, or probation supervision that the defendant has
allegedly violated.

2. For any hearing conducted pursuant to § 19.2-306 in which the defendant is cited for violation of a condition or conditions other than a new criminal offense conviction, the court shall also have presented to it the applicable probation violation guideline worksheets established pursuant to Chapter 1042 of the Acts of Assembly 2003. The court shall review and consider the suitability of the discretionary probation violation guidelines. Before imposing sentence, the court shall state for the record that such review and consideration have been accomplished and shall make the completed worksheets a part of the record of the case and open for inspection. In hearings in which the court imposes a sentence that is either greater or less than that indicated by the discretionary probation violation guidelines, the court shall file with the record of the case a written explanation of such departure.

3. Following any hearing conducted pursuant to § 19.2-306 and the entry of a final order, the clerk of the circuit court in which the hearing was held shall cause a copy of such order or orders, the original sentencing revocation report, any applicable probation violation guideline worksheets prepared in the case, and a copy of any departure explanation prepared pursuant to subsection F.2., to be forwarded to the Virginia Criminal Sentencing Commission within 30 days.

4. The failure to follow any or all of the provisions specified in F.1. through F.3 or the failure to follow any or all of these provisions in the prescribed manner shall not be reviewable on appeal or the basis of any other post-hearing relief.

G. Mandated changes or improvements to court facilities pursuant to § 15.2-1643, Code of Virginia, or otherwise, including any new construction, shall be delayed at the request of the local governing body in which the court is located until June 30, 2018. The provisions of this item shall not apply to facilities that were subject to litigation on or before November 30, 2008.

H. In order to reduce expenditures through the Criminal Fund for court-appointed counsel, effective July 1, 2014, compensation paid to attorneys appointed pursuant to Virginia Code § 53.1-40 shall be limited to $55 per hour, with a maximum per diem compensation of $200, plus reasonable expenses, to be paid from the Criminal Fund.

I.1. Notwithstanding the provisions of § 19.2-155, Code of Virginia, in cases where an Attorney for the Commonwealth must recuse himself from a case or a special prosecutor must be appointed, the circuit court judge must appoint an Attorney for the Commonwealth or an Assistant Attorney for the Commonwealth from another jurisdiction. If the circuit court judge determines that the appointment of such Attorney for the Commonwealth or such Assistant Attorney for the Commonwealth is not appropriate or that such an attorney or assistant is unavailable then the judge must request approval from the Executive Secretary of the Supreme Court for an exception to this requirement.

2. The Executive Secretary of the Supreme Court shall include in the annual report required in paragraph A. of Item 40 information on the number of exceptions granted related to special prosecutors and the related expenditures.

J. Notwithstanding any other provisions of Chapter 23 of Title 8.1 of the Code of Virginia, a reasonable fee not to exceed $150 may be charged by Commissioners of Accounts for any foreclosures on a timeshare estate to reimburse them for the reasonable costs associated therewith.

B. Out of the amounts provided for in this Item, no expenditures shall be made to provide security devices such as magnetometers in standard use in major metropolitan airports. Personnel expenditures for operation of such equipment incidental to the duties of courtroom and courthouse security deputies may be authorized, provided that no additional expenditures for personnel shall be approved for the principal purpose of operating these devices.

C. Notwithstanding the provisions of § 53.1-120, or any other section of the Code of Virginia, unless a judge provides the sheriff with a written order stating that a substantial security risk exists in a particular case, no courtroom security deputies may be ordered for civil cases, not more than one deputy may be ordered for criminal cases in a district court, and not more than two deputies may be ordered for criminal cases in a circuit court. In complying with such orders for additional security, the sheriff may consider other deputies present in the courtroom as part of his security force.

D. Should the scheduled opening date of any facility be delayed for which funds are available in this Item, the Director, Department of Planning and Budget, may allot such funds as the Compensation Board may request to allow the employment of staff for training purposes not more than 45 days prior to the rescheduled opening date for the facility.

E. Consistent with the provisions of paragraph B of Item 76, the board shall allocate the additional jail deputies provided in this appropriation using a ratio of one jail deputy for every 3.0 beds of operational capacity. Operational capacity shall be determined by the Department of Corrections. No additional deputy sheriffs shall be provided from this appropriation to a local jail in which the present staffing exceeds this ratio unless the jail is overcrowded. Overcrowding for these purposes shall be defined as when the average annual daily population exceeds the operational capacity. In those jails experiencing overcrowding, the board may allocate one additional jail deputy for every five average
annual daily prisoners above operational capacity. Should overcrowding be reduced or eliminated in any jail, the Compensation Board shall reallocate positions previously assigned due to overcrowding to other jails in the Commonwealth that are experiencing overcrowding.

F. Two-thirds of the salaries set by the Compensation Board of medical, treatment, and inmate classification positions approved by the Compensation Board for local correctional facilities shall be paid out of this appropriation.

G.1. Subject to appropriations by the General Assembly for this purpose, the Compensation Board shall provide for a master deputy pay grade to those sheriffs’ offices which had certified, on or before January 1, 1997, having a career development plan for deputy sheriffs that meet the minimum criteria set forth by the Compensation Board for such plans. The Compensation Board shall allow for additional grade 9 positions, at a level not to exceed one grade 9 master deputy per every five Compensation Board grade 7 and 8 deputy positions in each sheriff's office.

2. Each sheriff who desires to participate in the Master Deputy Program who had not certified a career development plan on or before January 1, 1997, may elect to participate by certifying to the Compensation Board that the career development plan in effect in his office meets the minimum criteria for such plans as set by the Compensation Board. Such election shall be made by July 1 for an effective date of participation the following July 1.

3. Subject to appropriations by the General Assembly for this purpose, funding shall be provided by the Compensation Board for participation in the Master Deputy Program to sheriffs’ offices electing participation after January 1, 1997, according to the date of receipt by the Compensation Board of the election by the sheriff.

H. The Compensation Board shall estimate biannually the number of additional law enforcement deputies which will be needed in accordance with § 15.2-1609.1, Code of Virginia. Such estimate of the number of positions and related costs shall be included in the board’s biennial budget request submission to the Governor and General Assembly. The allocation of such positions, established by the Governor and General Assembly in Item 76 of this act, shall be determined by the Compensation Board on an annual basis. The annual allocation of these positions to local sheriffs’ offices shall be based upon the most recent final population estimate for the locality that is available to the Compensation Board at the time when the agency’s annual budget request is completed. The source of such population estimates shall be the Weldon Cooper Center for Public Service of the University of Virginia or the United States Bureau of the Census. For the first year of the biennium, the Compensation Board shall allocate positions based upon the most recent provisional population estimates available at the time the agency’s annual budget is completed.

I. Any amount in the program Financial Assistance for Sheriffs’ Offices and Regional Jails may be transferred between Items 69 and 70, as needed, to cover any deficits incurred in the programs Financial Assistance for Confinement of Inmates in Local and Regional Facilities, and Financial Assistance for Sheriffs’ Offices and Regional Jails.

J.1. Subject to appropriations by the General Assembly for this purpose, the Compensation Board shall provide for a Sheriffs’ Career Development Program.

2. Following receipt of a sheriff’s certification that the minimum requirements of the Sheriffs’ Career Development Program have been met, and provided that such certification is submitted by sheriffs as part of their annual budget request to the Compensation Board on or before February 1 of each year, the Compensation Board shall increase the annual salary shown in paragraph A of this Item by the percentage shown herein for a twelve-month period effective the following July 1.

a. 9.3 percent increase for all sheriffs who certify their compliance with the established minimum criteria for the Sheriffs’ Career Development Program where such criteria includes that a sheriff has achieved certification in a program agreed upon by the Compensation Board and the Virginia Sheriffs’ Institute by Virginia Commonwealth University, or, where such criteria include that a sheriff’s office seeking accreditation has been assessed and will be considered for accreditation by the accrediting body no later than March 1, and have achieved accreditation by March 1 from the Virginia Law Enforcement Professional Standards Commission, or the Commission on Accreditation of Law Enforcement agencies, or the
American Correctional Association.

b. For sheriffs that have not achieved one of the above accreditations:

1. 3.1 percent for all sheriffs who certify their compliance with the established minimum criteria for the Sheriffs' Career Development Program; and

2. 3.1 percent additional increase for sheriffs who certify their compliance with the established minimum criteria for the Sheriffs' Career Development Program and operate a jail; and

3. 3.1 percent additional increase for all sheriffs who certify their compliance with the established minimum criteria for the Sheriffs' Career Development Program and provide primary law enforcement services in the county.

4. The provisions of subparagraphs 2.b.1. through 2.b.3. of this paragraph shall apply only to sheriffs certifying their compliance with the established minimum criteria for the Sheriffs' Career Development Program prior to July 1, 2016, and shall expire on June 30, 2018.

5. Other constitutional officers' associations may request the General Assembly to include certification in a program agreed upon by the Compensation Board and the officers' associations by the Weldon Cooper Center for Public Service to the requirements for participation in their respective career development programs.

K. Notwithstanding the provisions of Article 7, Chapter 15, Title 56, Code of Virginia, $8,000,000 the first year and $8,000,000 the second year from the Wireless E-911 Fund is included in this appropriation for local law enforcement dispatchers to offset dispatch center operations and related costs.

L. Notwithstanding the provisions of §§ 53.1-131 through 53.1-131.3, Code of Virginia, local and regional jails may charge inmates participating in inmate work programs a reasonable daily amount, not to exceed the actual daily cost, to operate the program.

M. Included in this appropriation is $1,064,770 the first year and $1,064,770 the second year from the general fund for the Compensation Board to contract for services to be provided by the Virginia Center for Policing Innovation to implement and maintain the interface between all local and regional jails in the Commonwealth and the Statewide Automated Victim Notification (SAVIN) system, to provide for SAVIN program coordination, and to maintain the interface between SAVIN and the Virginia Sex Offender Registry. All law enforcement agencies receiving general funds pursuant to this item shall provide the data requirements necessary to participate in the SAVIN system.

Fund Sources: General ......................................................... $60,609,993 $61,348,245

A. In the event the appropriation in this Item proves to be insufficient to fund all of its provisions, any amount remaining as of June 1, 2017, and June 1, 2018, may be reallocated among localities on a pro rata basis according to such deficiency.

B. For the purposes of this Item, the following definitions shall be applicable:

1. Effective sentence--a convicted offender's sentence as rendered by the court less any portion of the sentence suspended by the court.

2. Local responsible inmate--(a) any person arrested on a state warrant and incarcerated in a local correctional facility, as defined by § 53.1-1, Code of Virginia, prior to trial; (b) any person convicted of a misdemeanor offense and sentenced to a term in a local correctional facility; or (c) any person convicted of a felony offense and given an effective sentence of (i) twelve months or less or (ii) less than one year.

3. State responsible inmate--any person convicted of one or more felony offenses and (a) the sum of consecutive effective sentences for felonies, committed on or after January 1, 1995, is (i) more than 12 months or (ii) one year or more, or (b) the sum of consecutive effective sentences for felonies, committed before January 1, 1995, is more than two years.

C. The individual or entity responsible for operating any facility which receives funds from this Item may, if requested by the Department of Corrections, enter into an agreement with the department to accept the transfer of convicted felons, from other local facilities or from facilities operated by the Department of Corrections. In entering into any such agreements, or in effecting the transfer of offenders, the Department of Corrections shall consider the security requirements of transferred offenders and the capability of the local facility to maintain such offenders. For purposes of calculating the amount due each locality, all funds earned by the locality as a result of an agreement with the Department of Corrections shall be included as receipts from these appropriations.

D. Out of this appropriation, an amount not to exceed $377,010 the first year and $377,010 the second year from the general fund, is designated to be held in reserve for unanticipated medical expenses incurred by local correctional facilities in the care of state responsible felons.

1. For local responsible inmates--$4 per inmate day, or, if the inmate is housed and maintained in a jail farm not under the control of the sheriff, the rate shall be $18 per inmate day.

2. For state responsible inmates--$12 per inmate day.

F. For the payment specified in paragraph E 1 of this Item for prisoners in alternative punishment or alternative to incarceration programs:

1. Such payment is intended to be made for prisoners that would otherwise be housed in a local correctional facility. It is not intended for prisoners that would otherwise be sentenced to community service or placed on probation.

2. No such payment shall be made unless the program has been approved by the Department of Corrections or the Department of Criminal Justice Services. Alternative punishment or alternative to incarceration programs, however, may include supervised work experience, treatment, and electronic monitoring programs.

G.1. Except as provided for in paragraph G 2, and notwithstanding any other provisions of this Item, the Compensation Board shall provide payment to any locality with an average daily jail population of under ten in FY 1995 an inmate per diem rate of $22 per day for local responsible inmates and $28 per day for state responsible inmates held in these jails in lieu of personal service costs for corrections' officers.

2. Any locality covered by the provisions of this paragraph shall be exempt from the provisions thereof provided that the locally elected sheriff, with the assistance of the Compensation Board, enters into good faith negotiations to house his prisoners in an existing local or regional jail. In establishing the per diem rate and capital contribution, if any, to be charged to such locality by a local or regional jail, the Compensation Board and the local sheriff or regional jail authority shall consider the operating support and capital contribution made by the Commonwealth, as required by §§ 15.2-1613, 15.2-1615.1, 53.1-80, and 53.1-81, Code of Virginia. The Compensation Board shall report periodically to the Chairmen of the House Appropriations and Senate Finance Committees on the progress of these negotiations and may withhold the exemption granted by this paragraph if, in the board's opinion, the local sheriff fails to negotiate in good faith.

H.1. The Compensation Board shall recover the state-funded costs associated with housing federal inmates, District of Columbia inmates or contract inmates from other states. The Compensation Board shall determine, by individual jail, the amount to be recovered by the Commonwealth by multiplying the jail's current inmate days for this population by the proportion of the jail's per inmate day salary funds provided by the Commonwealth, as identified in the most recent Jail Cost Report prepared by the Compensation Board. Beginning July 1, 2009, the Compensation Board shall determine, by individual jail, the amount to be recovered by the Commonwealth by multiplying the jail's current inmate days for this population by the proportion of the jail's per inmate day operating costs provided by the Commonwealth, excluding payments otherwise provided for in this Item, as identified in the most recent Jail Cost Report prepared by the Compensation Board. If a jail is not included in the most recent Jail Cost Report, the Compensation Board shall use the statewide average of per inmate day salary funds provided by the Commonwealth.

2. The Compensation Board shall deduct the amount to be recovered by the Commonwealth from the facility's next quarterly per diem payment for state-responsible and local-responsible inmates. Should the next quarterly per diem payment owed the locality not be sufficient against which to net the total quarterly recovery amount, the locality shall remit the remaining amount not recovered to the Compensation Board.

3. Any local or regional jail which receives funding from the Compensation Board shall give priority to the housing of local-responsible, state-responsible, and state contract inmates, in that order, as provided in paragraph H 1.

4. The Compensation Board shall not provide any inmate per diem payments to any local or regional jail which holds federal inmates in excess of the number of beds contracted for with the Department of Corrections, unless the Director, Department of Corrections, certifies to the Chairman of the Compensation Board that a) such contract beds are not required; b) the facility has operational capacity built under contract with the federal government; c) the facility has received a grant from the federal government for a portion of the capital costs; or d) the facility has applied to the Department of Corrections for participation in the contract bed program with a sufficient number of beds to meet the Department of Corrections' need or ability to fund contract beds at that facility in any given fiscal year.

5. The Compensation Board shall apply the cost recovery methodology set out in paragraph H 1 of this Item to any jail which holds inmates from another state on a contractual basis. However, recovery in such circumstances shall not be made for inmates held pending extradition to other states or pending transfer to the Virginia Department of Corrections.
6. The provisions of this paragraph shall not apply to any local or regional jail where the cumulative federal share of capital costs exceeds the Commonwealth's cumulative capital contribution.

7. For a local or regional jail which operates bed space specifically built utilizing federal capital or grant funds for the housing of federal inmates and for which Compensation Board funding has never been authorized for staff for such bed space, the Compensation Board shall allow an exemption from the recovery provided in paragraph H.1. for a defined number of federal prisoners upon certification by the sheriff or superintendent that the federal government has paid for the construction of bed space in the facility or provided a grant for a portion of the capital cost. Such certification shall include specific funding amounts paid by the federal government, localities, and/or regional jail authorities, and the Commonwealth for the construction of bed space specifically built for the housing of federal inmates and for the construction of the jail facility in its entirety. The defined number of federal prisoners to be exempted from the recovery provided in paragraph H.1. shall be based upon the proportion of funding paid by the federal government and localities and/or regional jail authorities for the construction of bed space to house federal prisoners to the total funding paid by all sources, including the Commonwealth, for all construction costs for the jail facility in its entirety.

8. Beginning March 1, 2013, federal inmates placed in the custody of a regional jail pursuant to a work release program operated by the federal Bureau of Prisons shall be exempt from the recovery of costs associated with housing federal inmates pursuant to paragraph H.1. of this item if such federal inmates have been assigned by the federal Bureau of Prisons to a home electronic monitoring program in place for such inmates by agreement with the jail on or before January 1, 2012 and are not housed in the jail facility. However, no such exemption shall apply to any federal inmate while they are housed in the regional jail facility.

1. Any amounts in the program Financial Assistance for Confinement of Inmates in Local and Regional Facilities, may be transferred between Items 69 and 70, as needed, to cover any deficits incurred in the programs Financial Assistance for Sheriffs' Offices and Regional Jails and Financial Assistance for Confinement of Inmates in Local and Regional Facilities.

2. Whenever a person is admitted to a local or regional correctional facility, the staff of the facility shall screen such person for mental illness using a scientifically validated instrument. The Commissioner of Behavioral Health and Developmental Services shall designate the instrument to be used for the screenings and such instrument shall be capable of being administered by an employee of the local or regional correctional facility, other than a health care provider, provided that such employee is trained in the administration of such instrument.

3. The Compensation Board shall review its jail staffing standards with respect to the provision of mental health and medical treatment in jails. This review shall include an evaluation of the costs and benefits of requiring in all jails an assessment within 72 hours of the time of the initial screening, by qualified mental health professionals, of the need for mental health services in all cases where the initial screening indicates the person may have a mental illness. The Department of Behavioral Health and Developmental Services shall provide all necessary assistance to the Compensation Board in this evaluation. The Compensation Board shall provide a report, including any recommendations for updating the jail staffing standards and associated costs, to the Secretaries of Administration, Public Safety and Homeland Security, and Health and Human Resources, and to the Chairmen of the House Appropriations and Senate Finance Committees by October 1, 2017.

K. Out of the amounts appropriated in this item, $100,000 the first year and $100,000 the second year from the general fund is provided for the purpose of reimbursing the County of
Nottoway for the expense of confining residents of the Virginia Center for Behavioral Rehabilitation arrested for new offenses and held in Piedmont Regional Jail at the expense of the County. Reimbursements by the Board are to be made quarterly, and shall be equal to demonstrated costs incurred by the County of Nottoway for confinement of these individuals, and shall not exceed the amounts provided in this paragraph for each fiscal year. Reimbursement of demonstrated costs in the first year may include expenses incurred in the prior fiscal year if not previously reimbursed. In subsequent years, demonstrated costs may include expenses incurred in the last month of the prior fiscal year if not previously reimbursed. The County of Nottoway, the Virginia Center for Behavioral Rehabilitation, and Piedmont Regional Jail shall upon request provide the Compensation Board any information and assistance it determines is necessary to calculate amounts to be reimbursed to the County of Nottoway.

C. Consistent with the provisions of § 19.2-349, Code of Virginia, attorneys for the Commonwealth may, in addition to the options otherwise provided by law, employ individuals to assist in collection of outstanding fines, costs, forfeitures, penalties, and restitution. Notwithstanding any other provision of law, beginning on the date upon which the order or judgment is entered, the costs associated with employing such individuals may be paid from the proceeds of the amounts collected provided that the cost is apportioned on a pro rata basis according to the amount collected which is due the state and that which is due the locality. The attorneys for the Commonwealth shall account for the amounts collected and apportion costs associated with the collections consistent with procedures issued by the Auditor of Public Accounts.

D. The provisions of this act notwithstanding, no Commonwealth's attorney, public defender or employee of a public defender, shall be paid or receive reimbursement for the state portion of a salary in excess of the salary paid to judges of the circuit court. Nothing in this paragraph shall be construed to limit the ability of localities to supplement the salaries of locally elected constitutional officers or their employees.

E. The Statewide Juvenile Justice project positions, as established under the provisions of Item 74 E, of Chapter 912, 1996 Acts of Assembly, and Chapter 924, 1997 Acts of Assembly, are continued under the provisions of this act. The Commonwealth's attorneys receiving such positions shall annually certify to the Compensation Board that the positions are used primarily, if not exclusively, for the prosecution of delinquency and domestic relations felony cases, as defined by Chapters 912 and 924. In the event the positions are not primarily or exclusively used for the prosecution of delinquency and domestic relations felony cases, the Compensation Board shall reallocate such positions by using the allocation provisions as provided for the board in Item 74 E of Chapters 912 and 924.

F. The Compensation Board shall monitor the Department of Taxation program regarding the collection of unpaid fines and court costs by private debt collection firms contracted by Commonwealth's attorneys and shall include, in its annual report to the General Assembly on the collection of court-ordered fines and fees for clerks of the courts and Commonwealth's attorneys, the amount of unpaid fines and costs collected by this program.

G. Out of this appropriation, $389,165 the first year and $389,165 the second year from the general fund is designated for the Compensation Board to fund five additional positions in Commonwealth's attorney's offices that shall be dedicated to prosecuting gang-related criminal activities. The board shall ensure that these positions work across jurisdictional lines, serving the Northern Virginia area (counties of Fairfax, Loudoun, Prince William, and Arlington and the cities of Falls Church, Alexandria, Manassas, Manassas Park and Fairfax).

H. In accordance with the provisions of § 19.2-349, Code of Virginia, attorneys for the Commonwealth may employ individuals, or contract with private attorneys, private collection agencies, or other state or local agencies, to assist in collection of delinquent fines, costs, forfeitures, penalties, and restitution. If the attorney for the Commonwealth employs individuals, the costs associated with employing such individuals may be paid from the proceeds of the amounts collected provided that the cost is apportioned on a pro rata basis according to the amount collected which is due the state and that which is due the locality. If the attorney for the Commonwealth does not undertake collection, the attorney for the Commonwealth shall, as soon as practicable, take steps to ensure that any agreement or contract with an individual, attorney or agency complies with the terms of the current Master Guidelines Governing Collection of Unpaid Delinquent Court-Ordered Fines and Costs Pursuant to Virginia Code § 19.2-349 promulgated by the Office of the Attorney General, the Executive Secretary of the Supreme Court, the Department of Taxation, and the Compensation Board ("the Master Guidelines"). Notwithstanding any other provision of law, the delinquent amounts owed shall be increased by seventeen (17) percent to help offset the costs associated with employing such individuals or contracting with such agencies or individuals. If such increase would exceed the contracted collection agent's fee, then the delinquent amount owed shall be increased by the percentage or amount of the collection agent's fee. Effective July 1, 2015, as provided in § 19.2-349, Code of Virginia, treasurers not being compensated on a contingency basis as of January 1, 2015 shall be prohibited from being compensated on a contingency basis but shall instead be compensated for administrative costs pursuant to § 58.1-3958, Code of Virginia. Treasurers currently
collecting a contingency fee shall be eligible to contract on a contingency fee basis. Effective July 1, 2015, any treasurer collecting a contingency fee shall retain only the expenses of collection, and the excess collection shall be divided between the state and the locality in the same manner as if the collection had been done by the attorney for the Commonwealth. The attorneys for the Commonwealth shall account for the amounts collected and the fees and costs associated with the collections consistent with procedures issued by the Auditor of Public Accounts.

I. Included in this appropriation is $283,250 in the first year and $566,501 in the second year from the general fund to provide for increased participation, effective December 1, 2016, in the Assistant Commonwealth’s Attorneys Career Development Program.

J. Notwithstanding the provisions of Article 7, Chapter 4, Title 38, Code of Virginia, beginning July 1, 2017, $400,000 each year from the Insurance Fraud Fund is included in this appropriation to fund multi-jurisdictional Assistant Commonwealth’s Attorney positions that shall be dedicated to prosecuting insurance fraud and related criminal activities. The Department of State Police shall identify those jurisdictions most affected by insurance fraud based upon data provided by the Virginia State Police Insurance Fraud Program. The Virginia State Police Insurance Fraud Program shall ensure that these positions work across jurisdictional lines, serving jurisdictions identified as most in need of these resources as supported by data. These funds shall remain unallocated until the Compensation Board and Virginia State Police notify the Director of the Department of Planning and Budget of the joint agreements reached with the Commonwealth’s Attorneys of the jurisdictions receiving the additional Assistant Commonwealth’s Attorney positions and the jurisdictions to be served by these positions. The Commonwealth’s Attorneys receiving such positions shall annually certify to the Compensation Board that these positions are used primarily, if not exclusively, for the prosecution of insurance fraud and related criminal activities.

2. Whenever a clerk of a circuit court is such for a county and a city, for two or more counties, or for two or more cities, the aggregate population of such political subdivisions shall be the population for the purpose of arriving at the salary of the circuit court clerk under the provisions of this Item.

3. Except as provided in Item 76 A 2, the annual salary herein prescribed shall be full compensation for services performed by the office of the circuit court clerk as prescribed by general law, and for the additional services of acting as general receiver of the court pursuant to § 8.01-582, Code of Virginia, indexing and filing land use application fees pursuant to § 58.1-3234, Code of Virginia, and all other services provided from, or utilizing the facilities of, the office of the circuit court clerk. Pursuant to § 8.01-589, Code of Virginia, the court shall provide reasonable compensation to the office of the clerk of the circuit court for acting as general receiver of the court. Out of the compensation so allowed, the clerk shall pay his bond or bonds. The remainder of the compensation so allowed shall be fee and commission income to the office of the circuit court clerk.

4. In any county or city operating under provisions of law which authorizes the governing body to fix the compensation of the clerk on a salary basis, such clerk shall receive such salary as shall be allowed by the governing body. Such salary shall not be fixed at an amount less than the amount that would be allowed the clerk under paragraphs A 1 through A 3 of this Item.

5. All clerks shall deposit all clerks’ fees and state revenue with the State Treasurer in a manner consistent with § 2.2-806, Code of Virginia, unless otherwise provided by the Compensation Board as set forth in § 17.1-284, Code of Virginia or otherwise provided by law.

B. The reports filed by each circuit court clerk pursuant to § 17.1-283, Code of Virginia, for each calendar year shall include all income derived from the performance of any office, function or duty described or authorized by the Code of Virginia whether directly or indirectly related to the office of circuit court clerk, including, by way of description and not limitation, services performed as a commissioner of accounts, receiver, or licensed agent, but excluding private services performed on a personal basis which are completely unrelated to the office. The Compensation Board may suspend the allowance for office expenses for any clerk who fails to file such reports within the time prescribed by law, or when the board determines that such report does not comply with the provisions of this paragraph.

C. Each clerk of the circuit court shall submit to the Compensation Board a copy of the report required pursuant to § 19.2-349, Code of Virginia, at the same time that it is submitted to the Commonwealth's attorney.

D. Included within this appropriation are Trust and Agency funds necessary to support one position to assist circuit court clerks in implementing the recommendations of the Land Records Management Task Force Report dated January 1, 1998.

E. Notwithstanding the provisions of § 17.1-279 E, Code of Virginia, the Compensation Board may allocate to the clerk of any circuit court funds for the acquisition of equipment and software for a pilot project for the automated application for, and issuance of, marriage licenses by such court. Any such funds allocated shall be deemed to have been expended pursuant to clause (iii) of § 17.1-279 E for the purposes of the limitation on allocations set forth in that subsection.

F. Notwithstanding the provisions of § 17.1-279, Code of Virginia, the Compensation Board may allocate up to $2,978,426 the first year and $2,978,426 the second year of Technology Trust Fund moneys for operating expenses in the clerks’ offices.

G. Notwithstanding § 17.1-287, Code of Virginia, any elected official funded through this Item may elect to relinquish any portion of his state funded salary established in paragraph A 1 of this Item. In any office where the official elects this option, the Compensation Board shall ensure the amount relinquished is used to fund salaries of other office staff.

H.1. For audits of clerks of the circuit court completed after July 1, 2004, the Auditor of Public Accounts shall report any internal control matter that could be reasonably expected to lead to the loss of revenues or assets, or otherwise compromise fiscal accountability. The
Auditor of Public Accounts will also report on compliance with appropriate law and other financial matters of the clerks' office.

2. For internal control matters that could be reasonably expected to lead to the loss of revenues or assets, or otherwise compromise fiscal accountability, the clerk shall provide the Auditor of Public Accounts a written corrective action plan to any such audit findings within 10 business days of the audit exit conference, which will state what actions the clerk will take to remediate the finding. The clerk's response may also address the other matters in the report. During the next audit, the Auditor of Public Accounts shall determine and report if the clerk has corrected the finding related to internal control matters that could be reasonably expected to lead to the loss of revenues or assets, or otherwise compromise fiscal accountability.

3. Notwithstanding the provisions of Item 475, the Compensation Board shall not provide any salary increase to any circuit court clerk identified by the Auditor of Public Accounts who has not taken corrective action for the matters reported above.

I.1. Subject to appropriation by the General Assembly for this purpose, the Compensation Board may implement a Circuit Court Clerks' Career Development Program.

2. Following receipt of a clerk's certification that the minimum requirements of the Clerks' Career Development Program have been met, and provided that such certification is submitted by Clerks as part of their annual budget request to the Compensation Board by February 1 of each year, the Compensation Board shall increase the annual salary shown in Paragraph A.1. of this item by 9.3 percent with the salary increase becoming effective on the following July 1 for a 12-month period.

J.1. Subject to appropriation by the General Assembly for this purpose, the Compensation Board may implement a Deputy Clerks of Circuit Courts' Career Development Program.

2. For each deputy clerk selected by the clerk for participation in the Deputy Clerks' Career Development Program, the Compensation Board shall increase the annual salary established for that position by 9.3 percent following receipt of the clerk's certification that the minimum requirements of the Deputy Clerks' Career Development Program have been met and provided that such certification is submitted by clerks as part of their annual budget request to the Compensation Board by February 1 of each year.

K. Upon request of the attorney for the Commonwealth, the clerk of the circuit court shall contemporaneously provide the attorney for the Commonwealth copies of all documents provided to the Virginia Criminal Sentencing Commission pursuant to § 19.2-298.01 E, Code of Virginia.

L. The Compensation Board may obligate Trust and Agency funds in excess of the current biennium appropriation for the automation efforts of the clerks' offices from the Technology Trust Fund provided that sufficient cash is available to cover projected costs in each year and that sufficient revenues are projected to meet all cash obligations for new obligations as well as all other commitments and appropriations approved by the General Assembly in the biennial budget.

M. Offices of the Clerks of the Circuit Court, jails, adult detention centers, and the Department of Corrections are further authorized to enter into agreements to electronically transmit and process criminal court orders to assure timely and accurate recordation and processing of such records.

N. Included in this appropriation is $155,646 in the first year and $211,293 in the second year from the general fund to provide for increased participation; effective December 1, 2016, effective August 1, 2017, in the Circuit Court Clerks' Career Development Program.

the first year and 597 temporary positions the second year.

3. The board is authorized to adjust the expenses and other allowances for such officers to maintain approved permanent and temporary manpower levels.

4. Paragraphs B 1 and B 2 of this Item shall not apply to the clerks of the circuit courts and their employees specified in § 17.1-288, Code of Virginia, or those under contract pursuant to § 17.1-290, Code of Virginia.

C.1. Reimbursement by the Compensation Board for the use of vehicles purchased or leased with public funds used in the discharge of official duties shall be at a rate equal to that approved by the Joint Legislative Audit and Review Commission for Central Garage Car Pool services. No vehicle purchased or leased with public funds on or after July 1, 2002, shall display lettering on the exterior of the vehicle that includes the name of the incumbent sheriff.

2. Reimbursement by the Compensation Board for the use of personal vehicles in the discharge of official duties shall be at a rate equal to that established in § 4-5.04 e 2. of this act. All such requests for reimbursement shall be accompanied by a certification that a publicly owned or leased vehicle was unavailable for use.

D. The Compensation Board is directed to examine the current level of crowding of inmates in local jails among the several localities and to reallocate or reduce temporary positions among local jails as may be required, consistent with the provisions of this act.

E. Any new positions established in Item 76 of this act shall be allocated by the Compensation Board upon request of the constitutional officers in accordance with staffing standards and ranking methodologies approved by the Compensation Board to fulfill the requirements of any court order occurring from proceedings under § 15.2-1636.8, Code of Virginia, in accordance with the provisions of Item 69 of this act.

F. Any funds appropriated in this act for performance pay increases for designated deputies or employees of constitutional officers shall be allocated by the Compensation Board upon certification of the constitutional officer that the performance pay plan for that office meets the minimum standards for such plans as set by the Compensation Board. Nothing herein, and nothing in any performance pay plan set by the Compensation Board or adopted by a constitutional officer, shall change the status of employees or deputies of constitutional officers from employees at will or create a property or contractual right to employment. Such deputies and employees shall continue to be employees at will who serve at the pleasure of the constitutional officers.

G. The Compensation Board shall apply the current fiscal stress factor, as determined by the Commission on Local Government, to any general fund amounts approved by the board for the purchase, lease or lease purchase of equipment for constitutional officers. In the case of equipment requests from regional jail superintendents and regional special prosecutors, the highest stress factor of a member jurisdiction will be used.

H. The Compensation Board shall not approve or commit additional funds for the operational cost, including salaries, for any local or regional jail construction, renovation, or expansion project which was not approved for reimbursement by the State Board of Corrections prior to January 1, 1996, unless: (1) the Secretary of Public Safety and Homeland Security certifies that such additional funding results in an actual cost savings to the Commonwealth or (2) an exception has been granted as provided for in Item 391 of this act.

I. Subject to appropriations by the General Assembly for this purpose, the Compensation Board may provide funding for executive management, lawful employment practices, and jail management training for constitutional officers, their employees, and regional jail superintendents.

J. Any local or regional jail that receives funding from the Compensation Board shall report inmate populations to the Compensation Board, through the local inmate data system, no less frequently than weekly. Each local or regional jail that receives funding from the Compensation Board shall use the Virginia Crime Codes (VCC) in identifying and describing offenses for persons arrested and/or detained in local and regional jails in Virginia.

K.1. The Compensation Board shall provide the Chairmen of the Senate Finance and House
Appropriations Committees and the Secretaries of Finance and Administration with an annual report, on December 1 of each year, of jail revenues and expenditures for all local and regional jails and jail farms which receive funds from the Compensation Board. Information provided to the Compensation Board is to include an audited statement of revenues and expenses for inmate canteen accounts, telephone commission funds, inmate medical co-payment funds, any other fees collected from inmates and investment/interest monies for inclusion in the report.

2. Local and regional jails and jail farms and local governments receiving funds from the Compensation Board shall, as a condition of receiving such funds, provide such information as may be required by the Compensation Board, necessary to prepare the annual jail cost report.

3. If any sheriff, superintendent, county administrator, or city manager fails to send such information within five working days after the information should be forwarded, the Chairman of the Compensation Board shall notify the sheriff, superintendent, county administrator or city manager of such failure. If the information is not provided within ten working days from that date, then the chairman shall cause the information to be prepared from the books of the city, county, or regional jail and shall certify the cost thereof to the State Comptroller. The State Comptroller shall issue his warrant on the state treasury for that amount, deducting the same from any funds that may be due the sheriff or regional jail from the Commonwealth.

L. In the event of the transition of a city to town status pursuant to the provisions of Chapter 41 (§ 15.2-4100 et seq.) of Title 15.2, Code of Virginia, or the consolidation of a city and a county into a single city pursuant to the provisions of Chapter 35 (§ 15.2-3500 et seq.) of Title 15.2, Code of Virginia, subsequent to July 1, 1999, the Compensation Board shall provide funding from Items 69, 72, 73, 74, and 75 of this act, consistent with the requirements of § 15.2-1302, Code of Virginia. Notwithstanding the provisions of paragraph E of this Item, any positions in the constitutional offices of the former city or former county which are available for reallocation as a result of the transition or consolidation shall be first reallocated in accordance with Compensation Board staffing standards to the constitutional officers in the county in which the town is situated or to the consolidated city, without regard to the Compensation Board's priority of need ranking for reallocated positions. The salary and fringe benefit costs for these positions shall be deducted from any amounts due the county or to the consolidated city, as provided in § 15.2-1302, Code of Virginia.

M. Notwithstanding any other provisions of § 15.2-1605, Code of Virginia, the Compensation Board shall provide no reimbursement for accumulated vacation time for employees of Constitutional Officers.

N. The Compensation Board is hereby authorized to deduct, from reimbursements made each year to localities out of the amounts in Items 69, 71, 72, 73, 74, and 75 of this act, an amount equal to 100 percent of each locality's share of the insurance premium paid by the Compensation Board on behalf of the constitutional officers, directors of finance, and regional jails. From the amount deducted from the share for sheriffs and regional jails, the Compensation Board shall retain an additional $80,000 each year for the costs of conducting training on managing risk in the operation of local and regional jails.

O. Effective July 1, 2007, the Compensation Board is authorized to withhold reimbursements due the locality for sheriff and jail expenses upon notification from the Superintendent of State Police that there is reason to believe that crime data reported by a locality to the Department of State Police in accordance with § 52-28, Code of Virginia, is missing, incomplete or incorrect. Upon subsequent notification by the Superintendent that the data is accurate, the Compensation Board shall make reimbursement of withheld funding due the locality when such corrections are made within the same fiscal year that funds have been withheld.

P. Notwithstanding the provisions of § 51.1-1403 A, Code of Virginia, the Compensation Board is hereby authorized to deduct, from reimbursements made each year to localities out of the amounts in Items 69, 71, 72, 73, 74, and 75 of this act, an amount equal to each locality's retiree health premium paid by the Compensation Board on behalf of the constitutional offices, directors of finance, and regional jails.
Q.1. Compensation Board payments of, or reimbursements for, the employer paid contribution to the Virginia Retirement System, or any system offering like benefits, shall not exceed the Commonwealth's proportionate share of the following, whichever is less: (a) the actual retirement rate for the local constitutional officer's office or regional correctional facility as set by the Board of the Virginia Retirement System or (b) the employer rate established for the general classified workforce of the Commonwealth covered under and payable to the Virginia Retirement System.

2. The rate specified in paragraph Q.1. shall exclude the cost of any early retirement program implemented by the Commonwealth.

3. Any employer paid contribution costs for rates exceeding those specified in paragraph Q.1. shall be borne by the employer.

4. The benefits rate reimbursed by the Compensation Board to localities and regional jails shall not exceed the rate identified for fiscal year 2011 in Chapter 890, Item 469, paragraph I.1.

R. Localities shall not utilize Compensation Board funding to supplant local funds provided for the salaries of constitutional officers and their employees under the provisions of Chapter 822, 2012 Acts of Assembly, who were affected members in service on June 30, 2012.

S. Effective July 1, 2016, the Compensation Board is authorized to withhold reimbursements due to the locality for sheriff's law enforcement expenses if the sheriff fails to certify to the Board that the sheriff's office is compliant with the sex offender registration requirements of § 9.1-903, Code of Virginia. Upon subsequent certification by the sheriff that the sheriff's office is compliant with the sex offender registration requirements of § 9.1-903, Code of Virginia, the Compensation Board shall make reimbursement of withheld funding due to the locality when such subsequent certification is made within the same fiscal year that funds have been withheld.

T. 1. The State Compensation Board is hereby directed to convene a group of stakeholders that met three times during 2016 and which is comprised of, and representing the interests of, constitutional officers, regional jail authorities, and local governments. The stakeholder group shall continue to jointly review current and alternative primary liability, medical malpractice, and employee malfeasance policy coverages and contracts, and alternatives for liability reinsurance, for such coverage currently paid for by localities under VARisk.

2. In its review, the group shall consider the premiums which have been and are currently being charged to local governments by VARisk for primary liability, medical malpractice, and employee malfeasance policy coverages for the current and prior six years, and the educational and training services that have been and are currently being provided to constitutional officers in coordination with the VARisk coverage over the same time period. The stakeholder group shall consider the current statutory requirements specifying when localities must prepare budgets, the impact on local governments of the currently utilized system that allows large unanticipated VARisk premium increases, and the resulting hardships on localities caused by an inability to budget for these increases. These findings shall be compared by the State Compensation Board and stakeholders to potential alternative coverage and contracts which could be provided by public and private providers of primary liability, medical malpractice, and employee malfeasance policy coverage, and reinsurance coverage to insure constitutional officers, regional jails authorities, and local governments, and the premiums that would be charged for such coverage. In its review, the group shall also identify and compare any and all policy limits, exclusions, and terms and conditions of VARisk and comparable coverages available from public or private insurance providers.

3. The State Compensation Board and stakeholders shall continue to explore whether proper and current full funding of these liability programs would be desirable and determine whether the available alternative coverage and service options are competitive with or preferable to the coverage and service options provided under VARisk, and the potential financial benefits or liabilities to the stakeholders or the Commonwealth resulting from the provision of primary liability, medical malpractice, employee malfeasance, and reinsurance coverage by alternative providers, and shall report their final findings and recommendations by December 1, 2016.

Authority: § 2.2-2818, § 2.2-1204, and Title 9.1, Chapter 4, Code of Virginia.

A. The appropriation for Health Benefits Services is sum sufficient and amounts shown are estimates from an internal service fund which shall be paid from revenues paid by state agencies to the Department of Human Resource Management.

B. The amounts for Local Health Benefits Services include estimated revenues received from localities for the local choice health benefits program.

C.1. In the event that the total of all eligible claims exceeds the balance in the state employee medical reimbursement account, there is hereby appropriated a sum sufficient from the general fund of the state treasury to enable the payment of such eligible claims.

2. The term "employee medical reimbursement account" means the account administered by the Department of Human Resource Management pursuant to § 125 of the Internal Revenue Code in connection with the health insurance program for state employees (§ 2.2-2818, Code of Virginia).

D. Any balances remaining in the reserved component of the Employee Health Insurance Fund shall be considered part of the overall Health Insurance Fund. It is the intent of the General Assembly that future premiums for the state employee health insurance program shall
ITEM 85.

be set in a manner so that the balance in the Health Insurance Fund will be sufficient to meet the estimated Incurred But Not Paid liability for the Fund and maintain a contingency reserve at a level recommended by the Department of Human Resource Management for a self-insured plan subject to the approval of the General Assembly.

E. The Department of Human Resource Management shall implement a Medication Therapy Management pilot program for state employees with certain disease states including Type II diabetes. The department shall continue to consult with all provider stakeholders in order to establish program parameters.

F. Concurrent with the date the Governor introduces the budget bill, the Directors of the Departments of Planning and Budget and Human Resource Management shall provide to the Chairmen of the House Appropriations and Senate Finance Committees a report detailing the assumptions included in the Governor’s introduced budget for the state employee health insurance plan. The report shall include the proposed premium schedule that would be effective for the upcoming fiscal year and any proposed changes to the benefit structure.

G. Of money appropriated for the state employee health insurance fund, $500,000 the first year and $650,000 the second year shall be held separate and apart from the fund to pay for any required fees due to the Patient-Centered Outcomes Research Institute.

H. The Director of the Department of Human Resource Management shall analyze pharmacy claims data from the past biennium in order to assess the value of payments made to the state employee health program’s contracted third party administrators, and the value of payments made by the contracted third party administrators to their contracted prescription benefit managers (PBMs). The Director shall identify and report any difference in value in payments made to the contracted PBMs and payments made to the state employee health program’s contracted third party administrators and shall make recommendations to the Chairmen of the House Appropriations Committee and Senate Finance Committees by October 1, 2016.

I. In addition to such other payments as may be available, the full cost of group health insurance, net of any deductions and credits, for the surviving spouses and dependents of certain public safety officers killed in the line of duty and for certain public safety officers disabled in the line of duty, and the spouses and dependents of such disabled officers, are payable from this Item pursuant to Title 9.1, Chapter 4, Code of Virginia, effective July 1, 2017.

J. The Department of Human Resource Management shall identify the requirements, costs, and benefits of implementing a shared-savings incentive program for state-employed, public sector or retired enrollees who elect to shop and receive health care services at a lower cost than the average price paid by their carrier for a comparable health care service. Under such a program, the Department shall develop a plan to reimburse the insured for using a lower cost site of service. The cash payment incentive could be calculated as a percentage or as a flat dollar amount, or by some reasonable methodology determined by the Department. The Department shall determine whether to administer the program itself or through a third-party, or to require carriers to offer access to such a program for health care services eligible for shared incentives and estimate the projected fiscal impact of the program. No later than November 1, 2017 the Department shall report to the Chairmen of the House Appropriations and Senate Finance Committees.

Any school division or consortium of divisions which desires to apply for this competitive grant must submit a proposal to the Department of Education by June 1 preceding the school year in which the planning or implementation for systemic high school innovation is to take place.
