The Executive Secretary shall provide a report which shall summarize data from previous years indicating the amount of community service performed in lieu of fines and costs, the hourly rate assumed and the total value of fines and costs avoided compared to the total amount of fines and costs collected, by year, and the available data on the financial circumstances of those persons utilizing the option of community service work. The report should also include a projection of the anticipated impact of the adoption of Rule 1:24 by the Supreme Court of Virginia on November 1, 2016, on the collection of fines and costs, and actual data, to the extent to which it is available, on the results of the implementation of Rule 1:24 for the period beginning February 1, 2017. Copies of the report shall be provided by October 1, 2017, to the Judicial Council, the Committee on District Courts, and the Chairmen of the Senate Committees on Courts of Justice and Finance and the House Committees on Courts of Justice and Appropriations.*

Should this appropriation not be sufficient to fund fully all of the statutory caps on compensation as established by § 19.2-163, Code of Virginia, that this appropriation shall be applied first to fully fund the statutory caps for the most serious noncapital felonies and then, should funds still remain in this appropriation, to the other statutory caps, in declining order of the severity of the charges to which each cap is applicable.				
3. Out of the amount appropriated from the general fund for Other Court Costs and Allowances (Criminal Fund) in this Item, there shall be transferred an amount not to exceed \$880,000 the first year and not to exceed \$880,000 the second year to the Criminal Injuries Compensation Fund, administered by the Virginia Workers' Compensation Commission, for the administration of the physical evidence recovery kit (PERK) program.

2. No such payment shall be made unless the program has been approved by the Department of Corrections or the Department of Criminal Justice Services. Alternative punishment or alternative to incarceration programs, however, may include supervised work experience, treatment, and electronic monitoring programs.

G.1. Except as provided for in paragraph G 2, and notwithstanding any other provisions of this Item, the Compensation Board shall provide payment to any locality with an average daily jail population of under ten in FY 1995 an inmate per diem rate of \$22 per day for local responsible inmates and \$28 per day for state responsible inmates held in these jails in lieu of personal service costs for corrections' officers.

2. Any locality covered by the provisions of this paragraph shall be exempt from the provisions thereof provided that the locally elected sheriff, with the assistance of the Compensation Board, enters into good faith negotiations to house his prisoners in an existing local or regional jail. In establishing the per diem rate and capital contribution, if any, to be charged to such locality by a local or regional jail, the Compensation Board and the local sheriff or regional jail authority shall consider the operating support and capital contribution made by the Commonwealth, as required by §§ 15.2-1613, 15.2-1615.1, 53.1-80, and 53.1-81, Code of Virginia. The Compensation Board shall report periodically to the Chairmen of the House Appropriations and Senate Finance Committees on the progress of these negotiations and may withhold the exemption granted by this paragraph if, in the board's opinion, the local sheriff fails to negotiate in good faith.

H.1. The Compensation Board shall recover the state-funded costs associated with housing federal inmates, District of Columbia inmates or contract inmates from other states. The Compensation Board shall determine, by individual jail, the amount to be recovered by the Commonwealth by multiplying the jail's current inmate days for this population by the proportion of the jail's per inmate day salary funds provided by the Commonwealth, as identified in the most recent Jail Cost Report prepared by the Compensation Board. Beginning July 1, 2009, the Compensation Board shall determine, by individual jail, the amount to be recovered by the Commonwealth by multiplying the jail's current inmate days for this population by the proportion of the jail's per inmate day operating costs provided by the Commonwealth, excluding payments otherwise provided for in this Item, as identified in the most recent Jail Cost Report prepared by the Compensation Board. If a jail is not included in the most recent Jail Cost Report, the Compensation Board shall use the statewide average of per inmate day salary funds provided by the Commonwealth.

2. The Compensation Board shall deduct the amount to be recovered by the Commonwealth from the facility's next quarterly per diem payment for state-responsible and local-responsible inmates. Should the next quarterly per diem payment owed the locality not be sufficient against which to net the total quarterly recovery amount, the locality shall remit the remaining amount not recovered to the Compensation Board.

3. Any local or regional jail which receives funding from the Compensation Board shall give priority to the housing of local-responsible, state-responsible, and state contract inmates, in that order, as provided in paragraph H 1.

4. The Compensation Board shall not provide any inmate per diem payments to any local or regional jail which holds federal inmates in excess of the number of beds contracted for with the Department of Corrections, unless the Director, Department of Corrections, certifies to the Chairman of the Compensation Board that a) such contract beds are not required; b) the facility has operational capacity built under contract with the federal government; c) the facility has received a grant from the federal government for a portion of the capital costs; or d) the facility has applied to the Department of Corrections for participation in the contract bed program with a sufficient number of beds to meet the Department of Corrections' need or ability to fund contract beds at that facility in any given fiscal year.

5. The Compensation Board shall apply the cost recovery methodology set out in paragraph H 1 of this Item to any jail which holds inmates from another state on a contractual basis. However, recovery in such circumstances shall not be made for inmates held pending extradition to other states or pending transfer to the Virginia Department of Corrections.

6. The provisions of this paragraph shall not apply to any local or regional jail where the cumulative federal share of capital costs exceeds the Commonwealth's cumulative capital contribution.				
7. For a local or regional jail which operates bed space specifically built utilizing federal capital or grant funds for the housing of federal inmates and for which Compensation Board funding has never been authorized for staff for such bed space, the Compensation Board shall allow an exemption from the recovery provided in paragraph H.1. for a defined number of federal prisoners upon certification by the sheriff or superintendent that the federal government has paid for the construction of bed space in the facility or provided a grant for a portion of the capital cost. Such certification shall include specific funding amounts paid by the federal government, localities, and/or regional jail authorities, and the Commonwealth for the construction of bed space specifically built for the housing of federal inmates and for the construction of the jail facility in its entirety. The defined number of federal prisoners to be exempted from the recovery provided in paragraph H.1. shall be based upon the proportion of funding paid by the federal government and localities and/or regional jail authorities for the construction of bed space to house federal prisoners to the total funding paid by all sources, including the Commonwealth, for all construction costs for the jail facility in its entirety.				
8. Beginning March 1, 2013, federal inmates placed in the custody of a regional jail pursuant to a work release program operated by the federal Bureau of Prisons shall be exempt from the recovery of costs associated with housing federal inmates pursuant to paragraph H.1. of this item if such federal inmates have been assigned by the federal Bureau of Prisons to a home electronic monitoring program in place for such inmates by agreement with the jail on or before January 1, 2012 and are not housed in the jail facility. However, no such exemption shall apply to any federal inmate while they are housed in the regional jail facility.				
I. Any amounts in the program Financial Assistance for Confinement of Inmates in Local and Regional Facilities, may be transferred between Items 69 and 70, as needed, to cover any deficits incurred in the programs Financial Assistance for Sheriffs' Offices and Regional Jails and Financial Assistance for Confinement of Inmates in Local and Regional Facilities.				
J.1. The Compensation Board shall provide an annual report on the number and diagnoses of inmates with mental illnesses in local and regional jails, the treatment services provided, and expenditures on jail mental health programs. The report shall be prepared in cooperation with the Virginia Sheriffs Association, the Virginia Association of Regional Jails, the Virginia Association of Community Services Boards, and the Department of Behavioral Health and Developmental Services, and shall be coordinated with the data submissions required for the annual jail cost report. Copies of this report shall be provided by November 1 of each year to the Governor, Director, Department of Planning and Budget, and the Chairmen of the Senate Finance and House Appropriations Committees.				
<i>2. Whenever a person is admitted to a local or regional correctional facility, the staff of the facility shall screen such person for mental illness using a scientifically validated instrument. The Commissioner of Behavioral Health and Developmental Services shall designate the instrument to be used for the screenings and such instrument shall be capable of being administered by an employee of the local or regional correctional facility, other than a health care provider, provided that such employee is trained in the administration of such instrument.</i>				
<i>3. The Compensation Board shall review its jail staffing standards with respect to the provision of mental health and medical treatment in jails. This review shall include an evaluation of the costs and benefits of requiring in all jails an assessment within 72 hours of the time of the initial screening, by qualified mental health professionals, of the need for mental health services in all cases where the initial screening indicates the person may have a mental illness. The Department of Behavioral Health and Developmental Services shall provide all necessary assistance to the Compensation Board in this evaluation. The Compensation Board shall provide a report, including any recommendations for updating the jail staffing standards and associated costs, to the Secretaries of Administration, Public Safety and Homeland Security, and Health and Human Resources, and to the Chairmen of the House Appropriations and Senate Finance Committees by October 1, 2017.</i>

In subsequent years, demonstrated costs may include expenses incurred in the last month of the prior fiscal year if not previously reimbursed. 2. The rate specified in paragraph Q.1. shall exclude the cost of any early retirement program implemented by the Commonwealth.				
3. Any employer paid contribution costs for rates exceeding those specified in paragraph Q.1. shall be borne by the employer.				
4. The benefits rate reimbursed by the Compensation Board to localities and regional jails shall not exceed the rate identified for fiscal year 2011 in Chapter 890, Item 469, paragraph 1.1.				
R. Localities shall not utilize Compensation Board funding to supplant local funds provided for the salaries of constitutional officers and their employees under the provisions of Chapter 822, 2012 Acts of Assembly, who were affected members in service on June 30, 2012.				
S. Effective July 1, 2016, the Compensation Board is authorized to withhold reimbursements due to the locality for sheriff's law enforcement expenses if the sheriff fails to certify to the Board that the sheriff's office is compliant with the sex offender registration requirements of § 9.1-903, Code of Virginia. T. 1. The State Compensation Board is hereby directed to <del>convene a</del> <i>continue convening the same</i> group of stakeholders <i>that met three times during 2016 and which is</i> comprised of, and representing the interests of, constitutional officers, regional jail authorities, and local governments. <i>The stakeholder group shall continue</i> to jointly review current and alternative primary liability, medical malpractice, and employee malfeasance policy coverages and contracts, and alternatives for liability reinsurance, for such coverage currently paid for by localities under VARisk.				
2. In <del>its</del> <i>this continuing</i> review, the group shall consider the premiums which have been and are currently being charged to local governments by VARisk for primary liability, medical malpractice, and employee malfeasance policy coverages for the current and prior <del>five (5)</del> <i>six (6)</i> years, and the educational and training services that have been and are currently being provided to constitutional officers in coordination with the VARisk coverage over the same time period. <i>The stakeholder group shall consider the current statutory requirements specifying when localities must prepare budgets, the impact on local governments of the currently utilized system that allows large unanticipated VARisk premium increases, and the resulting hardships on localities caused by an inability to budget for these increases.</i> These findings shall be compared by the State Compensation Board and stakeholders to potential alternative coverage and contracts which could be provided by public and private providers of primary liability, medical malpractice, and employee malfeasance policy coverage, and reinsurance coverage to insure constitutional officers, regional jails authorities, and local governments, and the premiums that would be charged for such coverage. In its review, the group shall also identify and compare any and all policy limits, exclusions, and terms and conditions of VARisk and comparable coverages available from public or private insurance providers.				
3. The State Compensation Board and stakeholders shall <i>continue to explore whether proper and current full funding of these liability programs would be desirable and</i> determine whether the available alternative coverage and service options are competitive with or preferable to the coverage and service options provided under VARisk, and the potential financial benefits or liabilities to the stakeholders or the Commonwealth resulting from the provision of primary liability, medical malpractice, employee malfeasance, and reinsurance coverage by alternative providers, and shall report their <i>final findings and recommendations</i> by December 1, <del>2016</del>

A. It is the intent of the General Assembly that state programs providing financial, technical, or training assistance to local governments for economic development projects or directly to businesses seeking to relocate or expand operations in Virginia should not be used to help a company relocate or expand its operations in one or more Virginia communities when the same company is simultaneously closing facilities in other Virginia communities. It is the responsibility of the Secretary of Commerce and Trade to enforce this policy and to inform the Chairmen of the Senate Finance and House Appropriations Committees in writing of the justification to override this policy for any exception.

B. The Secretary shall develop and implement, as a component of the comprehensive economic development policy requirements as established in § 2.2-205, Code of Virginia, a strategic workforce development plan for the Commonwealth.

C. Out of the appropriation for this item, \$100,000 the first year and \$150,000 the second year from the general fund is provided to support the establishment of the Virginia International Trade Corporation created pursuant to the passage of House Bill 858 of the 2016 General Assembly Session.

In addition, the review shall examine the purpose and appropriateness of transfers between funds under the management of the Department of Small Business and Supplier Diversity, including those funds managed by the VSBFA.

2. The review shall specifically include a review of the Small Business Job Grant Fund to ensure the program is being administered in a manner consistent with the Code and that the fund is being sufficiently promoted.

3. The Secretary shall report his findings and recommendations to the Governor and Chairmen of the House Appropriations and Senate Finance Committees by November 1, 2016.

**A. Definitions**

1. "March 31 Average Daily Membership," or "March 31 ADM" - The responsible school division's average daily membership for grades K-12 including (1) handicapped students ages 5-21 and (2) students for whom English is a second language who entered school for the first time after reaching their twelfth birthday, and who have not reached twenty-two years of age on or before August 1 of the school year, for the first seven (7) months (or equivalent period) of the school year through March 31 in which state funds are distributed from this appropriation. Preschool and postgraduate students shall not be included in March 31 ADM.

a. School divisions shall take a count of September 30 fall membership and report this information to the Department of Education no later than October 15 of each year.

b. Except as otherwise provided herein, by statute, or by precedent, all appropriations to the Department of Education shall be calculated using March 31 ADM unadjusted for half-day kindergarten programs, estimated at ~~1,245,710.22~~ 1,243,100.49 the first year and ~~1,252,626.58~~ 1,248,935.53 the second year. March 31 ADM for half-day kindergarten shall be adjusted at 85 percent.

c. Students who are either (i) enrolled in a nonpublic school or (ii) receiving home instruction pursuant to § 22.1-254.1 and who are enrolled in a public school on less than a full-time basis in any mathematics, science, English, history, social science, vocational education, health education or physical education, fine arts or foreign language course, or receiving special education services required by a student's individualized education plan, shall be counted in the funded fall membership and March 31 ADM of the responsible school division. Each course shall be counted as 0.25, up to a cap of 0.5 of a student.

d. Students enrolled in an Individualized Student Alternative Education Program (ISAEP) pursuant to § 22.1-254 E shall be counted in the March 31 Average Daily Membership of the responsible school division. School divisions shall report these students separately in their March 31 reports of Average Daily Membership.

2. "Standards of Quality" - Operations standards for grades kindergarten through 12 as prescribed by the Board of Education subject to revision by the General Assembly.				
3.a. "Basic Operation Cost" - The cost per pupil, including provision for the number of instructional personnel required by the Standards of Quality for each school division with a minimum ratio of 51 professional personnel for each 1,000 pupils or proportionate number thereof, in March 31 ADM for the same fiscal year for which the costs are computed, and including provision for driver, gifted, occupational-vocational, and special education, library materials and other teaching materials, teacher sick leave, general administration, division superintendents' salaries, free textbooks (including those for free and reduced price lunch pupils), school nurses, operation and maintenance of school plant, transportation of pupils, instructional television, professional and staff improvement, remedial work, fixed charges and other costs in programs not funded by other state and/or federal aid.				
b. The state and local shares of funding resulting from the support cost calculation for school nurses shall be specifically identified as such and reported to school divisions annually. School divisions may spend these funds for licensed school nurse positions employed by the school division or for licensed nurses contracted by the local school division to provide school health services.				
4.a. "Composite Index of Local Ability-to-Pay" - An index figure computed for each locality. The composite index is the sum of 2/3 of the index of wealth per pupil in unadjusted March 31 ADM reported for the first seven (7) months of the 2013-2014 school year and 1/3 of the index of wealth per capita (population estimates for 2013 as determined by the Weldon Cooper Center for Public Service of the University of Virginia) multiplied by the local nominal share of the costs of the Standards of Quality of 0.45 in each year. The indices of wealth are determined by combining the following constituent index elements with the indicated weighting: (1) true values of real estate and public service corporations as reported by the State Department of Taxation for the calendar year 2013 - 50 percent; (2) adjusted gross income for the calendar year 2013 as reported by the State Department of Taxation - 40 percent; (3) the sales for the calendar year 2013 which are subject to the state general sales and use tax, as reported by the State Department of Taxation - 10 percent. Each constituent index element for a locality is its sum per March 31 ADM, or per capita, expressed as a percentage of the state average per March 31 ADM, or per capita, for the same element. A locality whose composite index exceeds 0.8000 shall be considered as having an index of 0.8000 for purposes of distributing all payments based on the composite index of local ability-to-pay. Each constituent index element for a locality used to determine the composite index of local ability-to-pay for the current biennium shall be the latest available data for the specified official base year provided to the Department of Education by the responsible source agencies no later than November 15, 2015.				
b. For any locality whose total calendar year 2013 Virginia Adjusted Gross Income is comprised of at least 3 percent or more by nonresidents of Virginia, such nonresident income shall be excluded in computing the composite index of ability-to-pay. The Department of Education shall compute the composite index for such localities by using adjusted gross income data which exclude nonresident income, but shall not adjust the composite index of any other localities. The Department of Taxation shall furnish to the Department of Education such data as are necessary to implement this provision.				
c.1) Notwithstanding the funding provisions in § 22.1-25 D, Code of Virginia, additional state funding for future consolidations shall be as set forth in future Appropriation Acts.				
2) In the case of the consolidation of Clifton Forge and Alleghany County school divisions, the fifteen year period for the application of a new composite index shall apply beginning with the fiscal year that starts on July 1, 2004. The composite index established by the Board of Education shall equal the lowest composite index that was in effect prior to July 1, 2004, of any individual localities involved in such consolidation, and this index shall remain in effect for a period of fifteen years, unless a lower composite index is calculated for the combined division through the process for computing an index as set forth above.				
3) If the composite index of a consolidated school division is reduced during the course of the fifteen year period to a level that would entitle the school division to a lower interest rate for a Literary Fund loan than it received when the loan was originally released, the Board of Education shall reduce the interest rate of such loan for the remainder of the period of the

loan. Such reduction shall be based on the interest rate that would apply at the time of such adjustment. This rate shall remain in effect for the duration of the loan and shall apply only to those years remaining to be paid.

4) In the case of the consolidation of Bedford County and Bedford City school divisions, the fifteen year period for the application of a new composite shall apply beginning with the fiscal year that starts on July 1, 2013. The composite index established by the Board of Education shall equal the lowest composite index that was in effect prior to July 1, 2013, of any individual localities involved in such consolidation, and this index shall remain in effect for a period of fifteen years, unless a lower composite index is calculated for the combined division through the process for computing an index as set forth above.

d. When it is determined that a substantial error exists in a constituent index element, the Department of Education will make adjustments in funding for the current school year only in the division where the error occurred. The composite index of any other locality shall not be changed as a result of the adjustment. No adjustment during the biennium will be made as a result of updating of data used in a constituent index element.

e. In the event that any school division consolidates two or more small schools, the division shall continue to receive Standards of Quality funding and provide for the required local expenditure for a period of five years as if the schools had not been consolidated. Small schools are defined as any elementary, middle, or high school with enrollment below 200, 300 and 400 students, respectively.

5. "Required Local Expenditure for the Standards of Quality" - The locality's share based on the composite index of local ability-to-pay of the cost required by all the Standards of Quality minus its estimated revenues from the state sales and use tax dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item, both of which are returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, as specified in this Item, collected by the Department of Education and distributed to school divisions in the fiscal year in which the school year begins.

6. "Required Local Match" - The locality's required share of program cost based on the composite index of local ability-to-pay for all Lottery and Incentive programs, where required, in which the school division has elected to participate in a fiscal year.

7. "Planning District Eight" - The nine localities which comprise Planning District Eight are Arlington County, Fairfax County, Loudoun County, Prince William County, Alexandria City, Fairfax City, Falls Church City, Manassas City, and Manassas Park City.

8. "State Share of the Standards of Quality" - The state share of the Standards of Quality (SOQ) shall be equal to the total funded SOQ cost for a school division less the school division's estimated revenues from the state sales and use tax dedicated to public education based on the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, adjusted for the state's share of the composite index of local ability to pay.

9. Entitlements under this Item that use school-level or division-level Free Lunch eligibility percentages to determine the entitlement amounts are based on the most recent data available as of the biennial rebenchmarking calculations made for the current biennium. However, October 2013 Free Lunch eligibility data is used in the case of schools that participate in the Community Eligibility Provision program.

10. In the event that the general fund appropriations in this Item are not sufficient to meet the entitlements payable to school divisions pursuant to the provisions of this Item, the Department of Education is authorized to transfer any available general fund funds between these Items to address such insufficiencies. If the total general fund appropriations after such transfers remain insufficient to meet the entitlements of any program funded with general fund dollars, the Department of Education is authorized to prorate such shortfall proportionately across all of the school divisions participating in any program where such shortfall occurred. In addition, the Department of Education is authorized each year to temporarily suspend textbook payments made to school divisions

from Lottery funds to ensure that any shortfall in Lottery revenue can be accounted for in the remaining textbook payments to be made for the year.

11. The Department of Education is directed to apply a cap on inflation rates in the same manner prescribed in § 51.1-166.B, Code of Virginia, when updating funding to school divisions during the biennial rebenchmarking process.

12. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to combine the end-of-year Average Daily Membership (ADM) for those school divisions who have partnered together as a fiscal agent division and a contractual division for the purposes of calculating prevailing costs included in the Standards of Quality (SOQ).

13. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to include zeroes in the linear weighted average calculation of support non-personal costs for the purpose of calculating prevailing costs included in the Standards of Quality (SOQ).

14. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to eliminate the corresponding and appropriate object code(s) related to reported travel expenditures included the linear weighted average non-personal cost calculations for the purpose of calculating prevailing costs included in the Standards of Quality (SOQ).

15. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to eliminate the corresponding and appropriate object code(s) related to reported leases and rental and facility expenditures included the linear weighted average non-personal cost calculations for the purpose of calculating prevailing costs included in the Standards of Quality (SOQ).

16. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to fund transportation costs using a 15 year replacement schedule, which is the national standard guideline, for school bus replacement schedule for the purpose of calculating funded transportation costs included in the Standards of Quality (SOQ).

17. To provide temporary flexibility, notwithstanding any other provision in statute or in this Item, school divisions may elect to increase the teacher to pupil staffing ratios in kindergarten through grade 7 and English classes for grades 6 through twelve by one additional student; the teacher to pupil staffing ratio requirements for Elementary Resource teachers, Prevention, Intervention and Remediation, English as a Second Language, Gifted and Talented, Career and Technical funded programs (other than on Career and Technical courses where school divisions will have to maintain a maximum class size based on federal Occupational Safety & Health Administration safety requirements) are waived; and the instructional and support technology positions, librarians and guidance counselors staffing ratios for new hires are waived.

18. To provide additional flexibility, notwithstanding the provisions of § 22.1-79.1, Code of Virginia, any school division that was granted a waiver regarding the opening date of the school year for the 2011-12 school year under the good cause requirements shall continue to be granted a waiver for the 2016-17 school year and the 2017-2018 school year.

**B. General Conditions**

a.1) Payment by the state to a local school division shall be based on the state share of fringe benefit costs of 55 percent of the employer's cost distributed on the basis of the composite index.

2) A locality whose composite index exceeds 0.8000 shall be considered as having an index of 0.8000 for purposes of distributing fringe benefit funds under this provision.

3) The state payment to each school division for retirement, social security, and group life insurance costs for non-instructional personnel is included in and distributed through Basic Aid.

b. Payments to school divisions from this Item shall be calculated using March 31 Average Daily Membership adjusted for half-day kindergarten programs.

c. Payments for health insurance fringe benefits are included in and distributed through Basic Aid.

2. Each locality shall offer a school program for all its eligible pupils which is acceptable to the Department of Education as conforming to the Standards of Quality program requirements.

3. In the event the statewide number of pupils in March 31 ADM results in a state share of cost exceeding the general fund appropriation in this Item, the locality's state share of Basic Aid shall be reduced proportionately so that this general fund appropriation will not be exceeded. In addition, the required local share of Basic Aid shall also be reduced proportionately to the reduction in the state's share.

4. The Department of Education shall make equitable adjustments in the computation of indices of wealth and in other state-funded accounts for localities affected by annexation, unless a court of competent jurisdiction makes such adjustments. However, only the indices of wealth and other state-funded accounts of localities party to the annexation will be adjusted.

5. In the event that the actual revenues from the state sales and use tax dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item (both of which are returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service) for sales in the fiscal year in which the school year begins are different from the number estimated as the basis for this appropriation, the estimated state sales and use tax revenues shall not be adjusted.

6. This appropriation shall be apportioned to the public schools with guidelines established by the Department of Education consistent with legislative intent as expressed in this act.

7.a. Appropriations of state funds in this Item include the number of positions required by the Standards of Quality. This Item includes a minimum of 51 professional instructional positions and aide positions (C 5); Education of the Gifted, 1.0 professional instructional position (C 6); Occupational-Vocational Education Payments and Special Education Payments; a minimum of 6.0 professional instructional positions and aide positions (C 7 and C 8) for each 1,000 pupils in March 31 ADM each year in support of the current Standards of Quality. Funding in support of one hour of additional instruction per day based on the percent of students eligible for the federal free lunch program with a pupil-teacher ratio range of 18:1 to 10:1, depending upon a school division's combined failure rate on the English and Math Standards of Learning, is included in Remedial Education Payments (C 9).

b. No actions provided in this section signify any intent of the General Assembly to mandate an increase in the number of instructional personnel per 1,000 students above the numbers explicitly stated in the preceding paragraph.

c. Appropriations in this Item include programs supported in part by transfers to the

general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund pursuant to Part 3 of this Act. These transfers combined together with other appropriations from the general fund in this Item funds the state's share of the following revisions to the Standards of Quality pursuant to Chapters 939 & 955 of the Acts of Assembly of 2004: five elementary resource teachers per 1,000 students; one support technology position per 1,000 students; one instructional technology position per 1,000 students; and a full daily planning period for teachers at the middle and high school levels in order to relieve the financial pressure these education programs place on local real estate taxes.

d. To provide flexibility, school divisions may use the state and local funds for instructional technology resource teachers required by the Standards of Quality to employ a data coordinator position, an instructional technology resource teacher position, or a data coordinator/instructional resource teacher blended position. The data coordinator position is intended to serve as a resource to principals and classroom teachers in the area of data analysis and interpretation for instructional and school improvement purposes, as well as for overall data management and administration of state assessments. School divisions using these SOQ funds in this manner shall only employ instructional personnel licensed by the Board of Education.

e. To provide flexibility in the provision of reading intervention services, school divisions may use the state Early Reading Intervention initiative funding provided from the Lottery Proceeds Fund and the required local matching funds to employ reading specialists to provide the required reading intervention services. School divisions using the Early Reading Intervention Initiative funds in this manner shall only employ instructional personnel licensed by the Board of Education.

f. To provide flexibility in the provision of mathematics intervention services, school divisions may use the state Standards of Learning Algebra Readiness initiative funding provided from the Lottery Proceeds Fund and the required local matching funds to employ mathematics teacher specialists to provide the required mathematics intervention services. School divisions using the Standards of Learning Algebra Readiness initiative funding in this manner shall only employ instructional personnel licensed by the Board of Education.

8.a.1) Pursuant to § 22.1-97, Code of Virginia, the Department of Education is required to make calculations at the start of the school year to ensure that school divisions have appropriated adequate funds to support their estimated required local expenditure for the corresponding state fiscal year. In an effort to reduce the administrative burden on school divisions resulting from state data collections, such as the one needed to make the aforementioned calculations, the requirements of § 22.1-97, Code of Virginia, pertaining to the adequacy of estimated required local expenditures, shall be satisfied by signed certification by each division superintendent at the beginning of each school year that sufficient local funds have been budgeted to meet all state required local effort and required local match amounts. This provision shall only apply to calculations required of the Department of Education related to estimated required local expenditures and shall not pertain to the calculations associated with actual required local expenditures after the close of the school year.

2) The Department of Education shall also make calculations after the close of the school year to verify that the required local effort level, based on actual March 31 Average Daily Membership, was met. Pursuant to § 22.1-97, Code of Virginia, the Department of Education shall report annually, no later than the first day of the General Assembly session, to the House Committees on Education and Appropriations and the Senate Committees on Finance and Education and Health, the results of such calculations made after the close of the school year and the degree to which each school division has met, failed to meet, or surpassed its required local expenditure. The Department of Education shall specify the calculations to determine if a school division has expended its required local expenditure for the Standards of Quality. This calculation may include but is not limited to the following calculations:

b. The total expenditures for operation, defined as total expenditures less all capital outlays, expenditures for debt service, facilities, non-regular day school programs (such as adult education, preschool, and non-local education programs), and any transfers to regional programs will be calculated.

c. The following state funds will be deducted from the amount calculated in paragraph a.

above: revenues from the state sales and use tax (returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, as specified in this Item) for sales in the fiscal year in which the school year begins; total receipts from state funds (except state funds for non-regular day school programs and state funds used for capital or debt service purposes); and the state share of any balances carried forward from the previous fiscal year. Any qualifying state funds that remain unspent at the end of the fiscal year will be added to the amount calculated in paragraph a. above.

d. Federal funds, and any federal funds carried forward from the previous fiscal year, will also be deducted from the amount calculated in paragraph a. above. Any federal funds that remain unspent at the end of the fiscal year and any capital expenditures paid from federal funds will be added to the amount calculated in paragraph a. above.

e. Tuition receipts, receipts from payments from other cities or counties, and fund transfers will also be deducted from the amount calculated in paragraph a, then

f. The final amount calculated as described above must be equal to or greater than the required local expenditure defined in paragraph A. 5.

g. The Department of Education shall collect the data necessary to perform the calculations of required local expenditure as required by this section.

h. A locality whose expenditure in fact exceeds the required amount from local funds may not reduce its expenditures unless it first complies with all of the Standards of Quality.

9.a. Any required local matching funds which a locality, as of the end of a school year, has not expended, pursuant to this Item, for the Standards of Quality shall be paid by the locality into the general fund of the state treasury. Such payments shall be made not later than the end of the school year following that in which the under expenditure occurs.

b. Whenever the Department of Education has recovered funds as defined in the preceding paragraph a., the Secretary of Education is authorized to repay to the locality affected by that action, seventy-five percent (75%) of those funds upon his determination that:

- 1) The local school board agrees to include the funds in its June 30 ending balance for the year following that in which the under expenditure occurs;
- 2) The local governing body agrees to reappropriate the funds as a supplemental appropriation to the approved budget for the second year following that in which the under expenditure occurs, in an appropriate category as requested by the local school board, for the direct benefit of the students;
- 3) The local school board agrees to expend these funds, over and above the funds required to meet the required local expenditure for the second year following that in which the under expenditure occurs, for a special project, the details of which must be furnished to the Department of Education for review and approval;
- 4) The local school board agrees to submit quarterly reports to the Department of Education on the use of funds provided through this project award; and
- 5) The local governing body and the local school board agree that the project award will be cancelled and the funds withdrawn if the above conditions have not been met as of June 30 of the second year following that in which the under expenditure occurs.

c. There is hereby appropriated, for the purposes of the foregoing repayment, a sum sufficient, not to exceed 75 percent of the funds deposited in the general fund pursuant to the preceding paragraph a.

10. In odd-numbered years, the forecast for the current and subsequent two fiscal years shall be provided. In even-numbered years, the forecast for the current and subsequent fiscal year shall be provided. The forecast shall detail the projected March 31 Average Daily Membership and the resulting impact on the education budget.

15. School divisions may choose to use state payments provided for Standards of Quality Prevention, Intervention, and Remediation in both years as a block grant for remediation purposes, without restrictions or reporting requirements, other than reporting necessary as a basis for determining funding for the program.

16. Except as otherwise provided in this act, the Superintendent of Public Instruction shall provide guidelines for the distribution and expenditure of general fund appropriations and such additional federal, private and other funds as may be made available to aid in the establishment and maintenance of the public schools.

19. Payments for accounts related to the Standards of Quality made to localities for public education from the general fund, as provided herein, shall be payable in twenty-four semi-monthly installments at the middle and end of each month.

20. Notwithstanding § 58.1-638 D., Code of Virginia, and other language in this Item, the Department of Education shall, for purposes of calculating the state and local shares of the Standards of Quality, apportion state sales and use tax dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/ Local Real Estate Property Tax Relief Fund in the first year based on the July 1, 2014, estimate of school age population provided by the Weldon Cooper Center for Public Service and, in the second year, based on the July 1, 2015, estimate of school age population provided by the Weldon Cooper Center for Public Service.

23. For reporting purposes, the Department of Education shall include Lottery Proceeds Funds as state funds.

24.a. Any locality that has met its required local effort for the Standards of Quality accounts for FY 2017 and that has met its required local match for incentive or Lottery-funded programs in which the locality elected to participate in FY 2017 may carry over into FY 2018 any remaining state Direct Aid to Public Education fund balances available to help minimize any FY 2018 revenue adjustments that may occur in state funding to that locality. Localities electing to carry forward such unspent state funds must appropriate the funds to the school division for expenditure in FY 2018.

b. Any locality that has met its required local effort for the Standards of Quality accounts for FY 2018 and that has met its required local match for incentive or Lottery-funded programs in which the locality elected to participate in FY 2018 may carry over into FY 2019 any remaining state Direct Aid to Public Education fund balances available to help minimize any FY 2019 revenue adjustments that may occur in state funding to that locality. Localities electing to carry forward such unspent state funds must appropriate the funds to the school division for expenditure in FY 2019.

25. Localities are encouraged to allow school boards to carry over any unspent local allocations into the next fiscal year. Localities are also encouraged to provide increased flexibility to school boards by appropriating state and local funds for public education in a lump sum.

28. The Department of Education, in collaboration with the Virginia Community College System, will ensure that the same policies regarding the cost for dual enrollment courses held at a community college, are consistently applied to public school students and home-schooled students alike. 9. Remedial Education Payments

a. An additional payment estimated at ~~\$114,133,767~~ \$113,782,747 the first year and ~~\$114,313,454~~ \$113,821,446 the second year from the general fund shall be disbursed by the Department of Education to support the Board of Education's Standards of Quality Prevention, Intervention, and Remediation program adopted in June 2003.

b. The payment shall be calculated based on one hour of additional instruction per day for identified students, using the three year average percent of students eligible for the federal Free Lunch program as a proxy for students needing such services. Fall membership shall be multiplied by the three year average division-level Free Lunch eligibility percentage to determine the estimated number of students eligible for services. Pupil-teacher ratios shall be applied to the estimated number of eligible students to determine the number of instructional positions needed for each school division. The pupil-teacher ratio applied for each school division shall range from 10:1 for those divisions with the most severe combined three year average failure rates for English and math Standards of Learning test scores to 18:1 for those divisions with the lowest combined three year average failure rates for English and math Standards of Learning test scores.

c. Funding shall be matched by the local government based on the composite index of local ability-to-pay.

d. To provide flexibility in the instruction of English Language Learners who have limited English proficiency and who are at risk of not meeting state accountability standards, school divisions may use state and local funds from the SOQ Prevention, Intervention, and Remediation account to employ additional English Language Learner teachers to provide instruction to identified limited English proficiency students. Using these funds in this manner is intended to supplement the instructional services provided through the SOQ staffing standard of 17 instructional positions per 1,000 limited English proficiency students. School divisions using the SOQ Prevention, Intervention, and Remediation funds in this manner shall only employ instructional personnel licensed by the Board of Education.

e. An additional state payment estimated at ~~\$83,744,543~~ \$76,080,851 the second year from the general fund and ~~\$98,327,638~~ \$98,013,725 the first year and ~~\$14,797,598~~ \$22,010,800 the second year from the Lottery Proceeds Fund shall be disbursed based on the estimated number of federal Free Lunch participants, in support of programs for students who are educationally at risk. The additional payment shall be based on the state share of:

1) A minimum 1.0 percent add-on, as a percent of the per pupil basic aid cost, for each child who qualifies for the federal Free Lunch Program; and

2) An addition to the add-on, based on the concentration of children qualifying for the federal Free Lunch Program. Based on its percentage of Free Lunch participants, each school division will receive between 1.0 and 13.0 percent in additional basic aid per Free Lunch participant. These funds shall be matched by the local government, based on the composite index of local ability-to-pay.

3a) Local school divisions are required to spend the established at-risk payment (state and local share) on approved programs for students who are educationally at risk.

b) To receive these funds, each school division shall certify to the Department of Education that the state and local share of the at-risk payment will be used to support approved programs for students who are educationally at risk. These programs may include: Dropout Prevention, community and school-based truancy officer programs, Advancement Via Individual Determination (AVID), Project Discovery, Reading Recovery, programs for students who speak English as a second language, or programs related to increasing the success of disadvantaged students in completing a high school degree and providing opportunities to encourage further education and training. Further, each school division shall report to the Department, in the manner prescribed and date set by the Department, the uses of (i) increased funds in fiscal year 2017 above the levels in fiscal year 2016, as well as (ii) the uses of the base level of these funds. The Department

	shall compile the responses and provide them to the Chairmen of Senate Finance and House Appropriations Committees no later than the first day of the 2017 Session.			
	<p>4) If the Board of Education has required a local school board to submit a corrective action plan pursuant to § 22.1-253.13:3, Code of Virginia, either for the school division pursuant to a division level review, or for any schools within its division that have been designated as not meeting the standards as approved by the Board of Education, the Superintendent of Public Instruction shall determine and report to the Board of Education whether each such local school board has met its obligation to develop and submit such corrective action plan(s) and is making adequate and timely progress in implementing the plan(s). Additionally, if an academic review process undertaken pursuant to § 22.1-253.13:3, Code of Virginia, has identified actions for a local school board to implement, the Superintendent of Public Instruction shall determine and report to the Board of Education whether the local school board has implemented required actions. If the Superintendent certifies that a local school board has failed or refused to meet any of those obligations, the Board of Education shall withhold payment of some or all At-Risk Add-On funds otherwise allocated to the affected division pursuant to this allocation for the pending fiscal year. In determining the amount of At-Risk Add-On funds to be withheld, the Board of Education shall take into consideration the extent to which such funds have already been expended or contractually obligated. The local school board shall be given an opportunity to correct its failure and, if successful in a timely manner, may have some or all of its At-Risk Add-On funds restored at the Board of Education's discretion.</p>			
	f. Regional Alternative Education Programs			
	<p>1) An additional state payment of <del>\$8,624,267</del> \$8,528,727 the first year and <del>\$8,922,130</del> \$8,639,782 the second year from the Lottery Proceeds Fund shall be disbursed for Regional Alternative Education programs. Such programs shall be for the purpose of educating certain expelled students and, as appropriate, students who have received suspensions from public schools and students returned to the community from the Department of Juvenile Justice.</p>			
	<p>2) Each regional program shall have a small student/staff ratio. Such staff shall include, but not be limited to education, mental health, health, and law enforcement professionals, who will collaborate to provide for the academic, psychological, and social needs of the students. Each program shall be designed to ensure that students make the transition back into the "mainstream" within their local school division.</p>			
	<p>3) a) Regional alternative education programs are funded through this Item based on the state's share of the incremental per pupil cost for providing such programs. This incremental per pupil payment shall be adjusted for the composite index of local ability-to-pay of the school division that counts such students attending such program in its March 31 Average Daily Membership. It is the intent of the General Assembly that this incremental per pupil amount be in addition to the basic aid per pupil funding provided to the affected school division for such students. Therefore, local school divisions are encouraged to provide the appropriate portion of the basic aid per pupil funding to the regional programs for students attending these programs, adjusted for costs incurred by the school division for transportation, administration, and any portion of the school day or school year that the student does not attend such program.</p>			
	<p>b) In the event a school division does not use all of the student slots it is allocated under this program, the unused slots may be reallocated or transferred to another school division.</p>			
	<p>1. A school division must request from the Department of Education the availability and possible use of any unused student slots. If any unused slots are available and if the requesting school division chooses to utilize any of the unused slots, the requesting school division shall only receive the state's share of tuition for the unused slot that was allocated in this Item for the originally designated school division.</p>			
	<p>2. However, no requesting school division shall receive more tuition funding from the state for any requested unused slot than what would have been the calculated amount for the requesting school division had the unused slot been allocated to the requesting school division in the original budget. Furthermore, the requesting school division shall pay for any remaining tuition payment necessary for using a previously unused slot.</p>

1) This appropriation includes ~~\$28,285,228~~ \$24,687,389 the first year and ~~\$29,966,909~~ \$25,785,842 the second year from the general fund for the state's share of Remedial Summer School Programs. These funds are available to school divisions for the operation of programs designed to remediate students who are required to attend such programs during a summer school session or during an intersession in the case of year-round schools. These funds may be used in conjunction with other sources of state funding for remediation or intervention. School divisions shall have maximum flexibility with respect to the use of these funds and the types of remediation programs offered; however, in exercising this flexibility, students attending these programs shall not be charged tuition and no high school credit may be awarded to students who participate in this program.

2) For school divisions charging students tuition for summer high school credit courses, consideration shall be given to students from households with extenuating financial circumstances who are repeating a class in order to graduate.

b. The Department of Education shall calculate the payment based on the incremental cost of providing the lower class sizes based on the lower of the division average per pupil cost of all divisions or the actual division per pupil cost.

c. Localities are required to provide a match for these funds based on the composite index of local ability-to-pay.

d. By October 15 of each year school divisions must provide data to the Department of Education that each participating school has a September 30 pupil/teacher ratio in grades K through 3 that meet the following criteria:

	11. Literary Fund Subsidy Program Payments			
	a. The Department of Education and the Virginia Public School Authority (VPSA) shall provide a program of funding for school construction and renovation through the Literary Fund and through VPSA bond sales. The program shall be used to provide funds, through Literary Fund loans and subsidies, and through VPSA bond sales, to fund a portion of the projects on the First or Second Literary Fund Waiting List, or other critical projects which may receive priority placement on the First or Second Literary Fund Waiting List by the Department of Education. Interest rate subsidies will provide school divisions with the present value difference in debt service between a Literary Fund loan and a borrowing through the VPSA. To qualify for an interest rate subsidy, the school division's project must be eligible for a Literary Fund loan and shall be subject to the same restrictions. The VPSA shall work with the Department of Education in selecting those projects to be funded through the interest rate subsidy/bond financing program, so as to ensure the maximum leverage of Literary Fund moneys and a minimum impact on the VPSA Bond Pool.			
	b. The Department of Education may offer Literary Fund loans from the uncommitted balances of the Literary Fund after meeting the obligations of the interest rate subsidy sales and the amounts set aside from the Literary Fund for Debt Service Payments for Education Technology in this Item.			
	c. 1) In the event that on any scheduled payment date of bonds of the Virginia Public School Authority (VPSA) authorized under the provisions of a bond resolution adopted subsequent to June 30, 1997, issued subsequent to June 30, 1997, and not benefiting from the provisions of either § 22.1-168 (iii), (iv), and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the sum of (i) the payments on general obligation school bonds of cities, counties, and towns (localities) paid to the VPSA and (ii) the proceeds derived from the application of the provisions of § 15.2-2659, Code of Virginia, to such bonds of localities, is less than the debt service due on such bonds of the VPSA on such date, there is hereby appropriated to the VPSA, first, from available moneys of the Literary Fund and, second, from the general fund a sum equal to such deficiency.			
	2) The Commonwealth shall be subrogated to the VPSA to the extent of any such appropriation paid to the VPSA and shall be entitled to enforce the VPSA's remedies with respect to the defaulting locality and to full recovery of the amount of such deficiency, together with interest at the rate of the defaulting locality's bonds.			
	d. The chairman of the Board of Commissioners of the VPSA shall, on or before November 1 of each year, make and deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds of the VPSA issued and projected to be issued during such biennium pursuant to the bond resolution referred to in paragraph a above. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.			
	12. Educational Technology Payments			
	a. Any unobligated amounts transferred to the educational technology fund shall be disbursed on a pro rata basis to localities. The additional funds shall be used for technology needs identified in the division's technology plan approved by the Department of Education.			
	b. The Department of Education shall authorize amounts estimated at \$11,618,250 the first year from the Literary Fund to provide debt service payments for the education technology grant program conducted through the Virginia Public School Authority in 2012.			
	c. The Department of Education shall authorize amounts estimated at \$12,127,750 the first year and \$12,132,750 the second year from the Literary Fund to provide debt service payments for the education technology grant program conducted through the Virginia Public

Schools that serve only pre-kindergarten students shall not be eligible for this grant.

5. a.) Supplemental grants shall be allocated to eligible divisions to support schools that are not fully accredited in accordance with this paragraph. Schools that include a ninth grade that administer SOL tests in Spring 2016 and that are not fully accredited for the second consecutive year, based on school accreditation ratings in effect for fiscal year 2016 and fiscal year 2017 will qualify to participate in the Virginia e-Learning Backpack Initiative in fiscal year 2017 and receive: (1) a supplemental grant of \$400 per student reported in ninth grade fall membership in a qualifying school for the purchase of a laptop or tablet for that student and (2) a supplemental grant of \$2,400 per qualifying school to purchase two content creation packages for teachers. Schools eligible for the supplemental grants in previous fiscal years shall continue to be eligible for the remaining years of their grant award. Schools eligible to receive this supplemental grant in fiscal year 2018 shall continue to receive the grant for the number of subsequent years equaling the number of grades 9 through 12 in the qualifying school up to a maximum of four years. Grants awarded to qualifying schools that do not have grades 10, 11, or 12 may transition with the students to the primary receiving school for all years subsequent to grade 9. Schools are eligible to receive these grants for a period of up to four years beginning in fiscal year 2014 and shall not be eligible to receive a separate award in the future once the original award period has concluded. Schools that are fully accredited or that are new schools with conditional accreditation in their first year shall not be eligible to receive this supplemental grant.

*b.) The amounts for such grants shall remain unchanged.*

6) Required local match:

a) Localities are required to provide a match for these funds equal to 20 percent of the grant amount, including the supplemental grants provided pursuant to paragraph g. 5). At least 25 percent of the local match, including the match for supplemental grants, shall be used for teacher training in the use of instructional technology, with the remainder spent on other required uses. The Superintendent of Public Instruction is authorized to reduce the required local match for school divisions with a composite index of local ability-to-pay below 0.2000. The Virginia School for the Deaf and the Blind is exempt from the match requirement.

b) School divisions that administer 100 percent of SOL tests online in all elementary, middle, and high schools may use up to 75 percent of their required local match to purchase targeted technology-based interventions. Such interventions may include the necessary technology and software to support online learning, technology-based content systems, content management systems, technology equipment systems, information and data management systems, and other appropriate technologies that support the individual needs of learners. School divisions that receive supplemental grants pursuant to paragraph g.5) above shall use the funds in qualifying schools to purchase laptops and tablets for ninth grade students reported in fall membership and content creation packages for teachers.

7) The goal of the education technology grant program is to improve the instructional, remedial, and testing capabilities of the Standards of Learning for local school divisions and to increase the number of schools achieving full accreditation.

8) Funds shall be used in the following manner:

The rate structure for such lines shall be negotiated by the Superintendent of Public Instruction and the Chief Information Officer of the Virginia Information Technologies Agency. Further, the Superintendent and Director are authorized to encourage the development of "by-pass" infrastructure in localities where it fails to obtain competitive prices or prices consistent with the best rates obtained in other parts of the state.</p>				
<p>2) The State Corporation Commission, in its consideration of the discount for services provided to elementary schools, secondary schools, and libraries and the universal service funding mechanisms as provided under § 254 of the Telecommunications Act of 1996, is hereby encouraged to make the discounts for intrastate services provided to elementary schools, secondary schools, and libraries for educational purposes as large as is prudently possible and to fund such discounts through the universal fund as provided in § 254 of the Telecommunications Act of 1996. The commission shall proceed as expeditiously as possible in implementing these discounts and the funding mechanism for intrastate services, consistent with the rules of the Federal Communications Commission aimed at the preservation and advancement of universal service.</p>

7) School divisions would submit their application to Department of Education by August 1 of each year based on the criteria developed by the Department of Education in collaboration with the Department of Criminal Justice Services who will provide requested technical support. Furthermore, the Department of Education will have the authority to make such grant awards to such school divisions.

8) It is also the intent of the General Assembly that the total amount of the grant awards shall not exceed \$30,000,000 over any ongoing revolving five year period.

9) Required local match:

14. Virginia Preschool Initiative Payments

a.1) It is the intent of the General Assembly that a payment estimated at ~~\$70,657,776~~ \$69,351,713 the first year and ~~\$70,912,925~~ \$70,950,500 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to schools and community-based organizations to provide quality preschool programs for at-risk four-year-olds who are residents of Virginia and unserved by Head Start program funding. In no event shall distributions from the Lottery Proceeds Fund be made directly to community-based or private providers.

2) These state funds and required local matching funds shall be used to provide programs for at-risk four-year-old children, which include quality preschool education, health services, social services, parental involvement and transportation. It shall be the policy of the Commonwealth that state funds and required local matching funds for the Virginia Preschool Initiative not be used for capital outlay. Programs must provide full-day or half-day and, at least, school-year services.

3) The Department of Education, in cooperation with the Council on Child Day Care and Early Childhood Programs, shall establish academic standards that are in accordance with appropriate preparation for students to be ready to successfully enter kindergarten. These standards shall be established in such a manner as to be measurable for student achievement and success. Students shall be required to be evaluated in the fall and in the spring by each participating school division and the school divisions must certify that the Virginia Preschool Initiative program follows the established standards in order to receive the funding for quality preschool education and criteria for the service components. Such guidelines shall be consistent with the findings of the November 1993 study by the Board of Education, the Department of Education, and the Council on Child Day Care and Early Childhood Programs.

4) a) Grants shall be distributed based on an allocation formula providing the state share of a \$6,125 grant for 100 percent of the unserved at-risk four-year-olds in each locality for a full-day program. The number of unserved at-risk four-year-olds in each locality shall be based on the projected number of kindergarten students, updated once each biennium for the Governor's introduced biennial budget. Half-day programs shall operate for a minimum of three hours of classroom instructional time per day, excluding breaks for

poverty guidelines in the case of students with special needs or disabilities. Up to 15 percent of a division's slots may be filled based on locally established eligibility criteria so as to meet the unique needs of at-risk children in the community.

2) The Department of Education is directed to compile from each school division the aggregated information as to the number of enrolled students whose families are (i) at or below 130 percent of poverty, and (ii) above 130 percent but below 200 percent of poverty. The Department shall report this information annually, after the application and fall participation reports are submitted to the Department from the school divisions, to the Chairmen of House Appropriations and Senate Finance Committees. In addition, the Department will post and maintain the summary information by division on the Department's website in keeping with current student privacy policies.

e.1) The Department of Education and the Council on Child Day Care and Early Childhood Programs shall provide technical assistance for the administration of this grant program to provide assistance to localities in developing a comprehensive, coordinated, quality preschool program for serving at-risk four-year-old children.

2) A pre-application session shall be provided by the Department and the Council on Child Day Care and Early Childhood Programs prior to the proposal deadline. The Department shall provide interested localities with information on models for service delivery, methods of coordinating funding streams, such as funds to match federal IV-A child care dollars, to maximize funding without supplanting existing sources of funding for the provision of services to at-risk four-year-old children. A priority for technical assistance in the design of programs shall be given to localities where the majority of the at-risk four-year-old population is currently unserved.

f. The Department of Education shall include in the program's application package specific information regarding the potential availability of funding for supplemental grants that may be used for one-time expenses, other than capital, related to start-up or expansion of programs, with priority given to proposals for expanding the use of partnerships with either nonprofit or for-profit providers. Furthermore, the Department is mandated to communicate to all eligible school divisions the remaining available balances in the program's adopted budget, after the fall participation reports have been submitted and finalized for such grants.

**15. Early Reading Intervention Payments**

a. An additional payment of ~~\$18,142,819~~ \$20,057,840 the first year and ~~\$18,203,496~~ \$20,098,089 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to local school divisions for the purposes of providing early reading intervention services to students in grades kindergarten through 3 who demonstrate deficiencies based on their individual performance on diagnostic tests which have been approved by the Department of Education. The Department of Education shall review the tests of any local school board which requests authority to use a test other than the state-provided test to ensure that such local test uses criteria for the early diagnosis of reading deficiencies which are similar to those criteria used in the state-provided test. The Department of Education shall make the state-provided diagnostic test used in this program available to local school divisions. School divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis at a time to be determined by the Superintendent of Public Instruction.

b. These payments shall be based on the state's share of the cost of providing two and one-half hours of additional instruction each week for an estimated number of students in each school division at a student to teacher ratio of five to one. The estimated number of students in each school division in each year shall be determined by multiplying the projected number of students reported in each school division's fall membership in grades kindergarten, 1, 2, and 3 by the percent of students who are determined to need services based on diagnostic tests administered in the previous year in that school division and adjusted in the following manner:

c. These payments are available to any school division that certifies to the Department of Education that an intervention program will be offered to such students and that each student who receives an intervention will be assessed again at the end of that school year. At the beginning of the school year, local school divisions shall partner with the parents of those third grade students in the division who demonstrate reading deficiencies, discussing with them a developed plan for remediation and retesting. Such intervention programs, at the discretion of the local school division, may include, but not be limited to, the use of: special reading teachers; trained aides; full-time early literacy tutors; volunteer tutors under the supervision of a certified teacher; computer-based reading tutorial programs; aides to instruct in-class groups while the teacher provides direct instruction to the students who need extra assistance; or extended instructional time in the school day or year for these students. Localities receiving these payments are required to match these funds based on the composite index of local ability-to-pay.

d. In the event that a school division does not use the diagnostic test provided by the Department of Education in the year that serves as the basis for updating the funding formula for this program but has used it in past years, the Department of Education shall use the most recent data available for the division for the state-provided diagnostic test.

e. The results of all reading diagnostic tests and reading remediation shall be discussed with the student and the student's parent prior to the student being promoted to grade four.

f. Funds appropriated for Standards of Quality Prevention, Intervention, and Remediation, Remedial Summer School, or At-Risk Add-On may also be used to meet the requirements of this program.

#### 16. Standards of Learning Algebra Readiness Payments

f.1) Regular school year Governor's Schools are funded through this Item based on the state's share of the incremental per pupil cost for providing such programs for each student attending a Governor's School up to a cap of 1,800 students per Governor's School in the first year and a cap of 1,800 students per Governor's School in the second year. This incremental per pupil payment shall be adjusted for the composite index of the school division that counts such students attending an academic year Governor's School in their March 31 Average Daily Membership. It is the intent of the General Assembly that this incremental per pupil amount be in addition to the basic aid per pupil funding provided to the affected school division for such students. Therefore, local school divisions are encouraged to provide the appropriate portion of the basic aid per pupil funding to the Governor's Schools for students attending these programs, adjusted for costs incurred by the school division for transportation, administration, and any portion of the day that the student does not attend a Governor's School.				
2) Students attending a revolving Academic Year Governor's School program for only one semester shall be counted as 0.50 of a full-time equivalent student and will be funded for only fifty percent of the full-year funded per pupil amount. The 2.5 percent increase and the \$50.00 per course adjustment shall only be effective for fiscal year 2017 and fiscal year 2018. The local funding contribution of each school division participating in an Academic Year Governor's Schools program in either year of the biennium shall not be reduced on a per pupil basis below the amount in fiscal year 2016.				
5) The Department of Education shall review the distribution methodology used to determine the Governor's School tuition payments by November 4, 2016, and submit the findings of the review to the Chairmen of House Appropriations and Senate Finance Committees. The review shall include, but not be limited to, consideration of the length of the academic program day with the intent to determine and provide an equitable distribution of tuition payments based on the actual length of academic program day, the appropriate state and local shares, and the academic model used by Governor's Schools in the configuration of the funding formula.

In order to receive the state's allocation for the 2.0 percent compensation incentive supplement in the first year, participating Academic Year Governor's Schools shall comply with the provisions set out in paragraph 36 of this Item.

B. Out of this appropriation an amount estimated at \$80,483 the first year and \$80,483 the second year from the general fund and \$36,130 the first year and \$36,130 the second year from nongeneral funds are designated for the educational telecommunications project to provide graduate engineering education. The participating institutions and centers shall jointly submit an annual report and operating plan to the State Council of Higher Education for Virginia in support of these funded activities.

C. Given the increased investment from the general fund during this biennium, it is the expression of the General Assembly that the institution seek to minimize tuition and fee increases for in-state undergraduate students. This language shall be in effect for the 2016-2018 biennium only. The Board of Visitors shall set the tuition rates for the institution, and forward their action to the State Council of Higher Education for Virginia within three business days of such action. The Council shall analyze the Board's actions and report such analysis to the Chairmen of House Appropriations and Senate Finance Committees within three business days of receipt, at which point, the Board's action shall be final. The Director of the Council shall report the final Board actions to the Chairmen by August 1, 2016 and August 1, 2017.

the sale of said securities shall be handled in accordance with § 55-210.19, Code of Virginia.

F.1. This sum sufficient appropriation is funded from the interest earned on federal funds deposited and invested by the state. The actual amount for transfer shall be established by the State Comptroller.

2. When permitted by applicable federal laws or administrative regulations, the State Comptroller shall first offset and reduce the amount to be transferred by any and all amounts of interest payments calculated to be received by the state from the federal government, where such payments are due to the state because the state was required to disburse its own funds for federal program purposes prior to the receipt of federal funds.

3. Should the interest payments calculated to be made by the federal government to the state exceed the interest calculated to be transferred from the state to the federal government, reduced by the federally approved direct cost reimbursement to the state, the State Comptroller shall then notify the federal government of the net amount of interest due to the state and shall record such net interest, upon its receipt, as interest revenue earned by the general fund.

Authority: Title 2.2, Chapter 2; Article 6, and § 2.2-200, Code of Virginia.

A.1. The Secretary of Health and Human Resources, in collaboration with the Office of the Attorney General and the Secretary of Public Safety and Homeland Security, shall present a six-year forecast of the adult offender population presently incarcerated in the Department of Corrections and approaching release who meet the criteria set forth in Chapter 863 and Chapter 914 of the 2006 Acts of Assembly, and who may be eligible for evaluation as sexually violent predators (SVPs) for each fiscal year within the six-year forecasting period. As part of the forecast, the secretary shall report on: (i) the number of Commitment Review Committee (CRC) evaluations to be completed; (ii) the number of eligible inmates recommended by the CRC for civil commitment, conditional release, and full release; (iii) the number of civilly committed residents of the Virginia Center for Behavioral Rehabilitation who are eligible for annual review; and (iv) the number of individuals civilly committed to the Virginia Center for Behavioral Rehabilitation and granted conditional release from civil commitment in a state SVP facility. The secretary shall complete a summary report of current SVP cases and a forecast of SVP eligibility, civil commitments, and SVP conditional releases, including projected bed space requirements, to the Governor and Senate Finance and House Appropriations Committees by November 15 of each year.

2. As part of the forecast process, the Department of Corrections shall administer a STATIC-99 screening to all potential Sexually Violent Predators eligible for civil commitment pursuant to § 37.2-900 et seq., Code of Virginia, within six months of admission to the Department of Corrections. The results of such screenings shall be provided to the commissioner of the Department of Behavioral Health and Developmental Services (DBHDS) on a monthly basis and used for the SVP population forecast process.

3. The Office of the Attorney General shall also provide to the commissioner of DBHDS, on a monthly basis, the status of all SVP cases pending before their office for purposes of forecasting the SVP population.

B. The Secretary of Health and Human Resources, in consultation with the Secretary of Public Safety and the Secretary of Administration, shall convene a work group including, but not limited to, the Department of Medical Assistance Services, Department of Social Services, Department of Health, Department of Behavioral Health and Developmental Services, Department of Corrections, Department of Juvenile Justice, the Compensation Board, the Department of Human Resource Management and other relevant state agencies to examine the current costs of and protocols for purchasing high-cost medications for the populations served by these agencies. After conducting the review, the workgroup shall develop recommendations to improve the cost efficiency and effectiveness of purchasing high-cost medications in order to improve the care and treatment of individuals served by these agencies. The workgroup shall prepare a final report for consideration by the Governor and the Chairmen of the House Appropriations and Senate Finance Committees no later than October 15, 2016.

C. The Secretary shall develop a plan to address the data governance structure across all agencies in the Health and Human Resources Secretariat in order to streamline business processes, increase operational efficiency and effectiveness, and minimize duplication and overlap of current and future systems development. The plan shall consider how agencies can participate in such a structure while adhering to privacy provisions set forth in state and

federal law and regulations. The Secretary shall report on the plan, including challenges impacting the plan, to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees by October 15, 2016.

D. The Secretary of Health and Human Resources shall report on transition planning for the Health and Human Resources Secretariat, including the achievement of performance metrics by agencies in the Secretariat, current and emerging challenges facing these agencies, the value of services provided by the agencies, and each agency's strategic plan and executive progress report, as well as cross-agency policy issues. The Secretary shall provide this report to the Chairmen of the House Appropriations and Senate Finance Committees, as well as the Chairmen and members of the Health and Human Resources Subcommittees of each respective committee by September 1, 2016 and semi-annually thereafter until a new Governor is elected and sworn into office.

*E.1. It is the intent of the General Assembly that the Department of Behavioral Health and Developmental Services (DBHDS) transform its system of care into a model that embodies best practices and state-of-the art services by treating, where appropriate, individuals in the community. As part of this effort, DBHDS state hospitals shall be structured to ensure high quality care, efficient operation, and sufficient capacity to serve those individuals needing state hospital care.*

2. *Out of this appropriation, \$250,000 from the general fund the first year shall be provided to the Office of the Secretary of Health and Human Resources (OSHHR) to prepare an implementation plan for the financial realignment of Virginia's public behavioral health system. This plan shall include: (i) a timeline and funding mechanism to eliminate the extraordinary barriers list in state hospitals and to maximize the use of community resources for individuals discharged or diverted from state facility care; (ii) sources for bridge funding, to ensure continuity of care in transitioning patients to the community, and to address one-time, non-recurring expenses associated with the implementation of these reinvestment projects; (iii) state hospital appropriations that can be made available to community services boards to expand community mental health and substance abuse program capacity to serve individuals who are discharged or diverted from admission; (iv) financial incentive for community services boards to serve individuals in the community rather than state hospitals; (v) detailed state hospital employee transition plans that identify all available employment options for each affected position, including transfers to vacant positions in either DBHDS facilities or community services boards; (vi) legislation and Appropriation Act language needed to achieve financial realignment; and (vii) matrices to assess performance outcomes.*

3. *In developing the plan, the OSHHR shall seek input from and participation by DBHDS, community services boards and behavioral health authorities, individuals receiving services and their family members, other affected state agencies, local governments, private providers and other stakeholders. OSHHR shall present the implementation plan to the Chairmen of the House Appropriations and Senate Finance Committees and the Chairman of the Joint Subcommittee to Study Mental Health Services in the Commonwealth in the 21st Century by December 1, 2017.*

The department shall implement this change effective July 1, 2013, and prior to completion of any regulatory process undertaken in order to effect such changes.</p>				
<p>CCC. The Department of Medical Assistance Services shall amend the State Plan for Medical Assistance to convert the current cost-based payment methodology for nursing facility operating rates in 12 VAC 30-90-41 to a price-based methodology effective July 1, 2014. The new price-based payment methodology shall be implemented in a budget neutral manner.</p>				
<p>1. The department shall calculate prospective operating rates for direct and indirect costs in the following manner:</p>				
<p>a. The department shall calculate the cost per day in the base year for direct and indirect operating costs for each nursing facility. The department shall use existing definitions of direct and indirect costs.</p>				
<p>b. The initial base year for calculating the cost per day is cost reports ending in calendar year 2011. The department shall rebase prices in fiscal year 2018 and every three years thereafter using the most recent reliable calendar year cost-settled cost reports for freestanding nursing facilities that have been completed as of September 1.</p>				
<p>c. Each nursing facility's direct cost per day shall be neutralized by dividing the direct cost per day by the raw Medicaid facility case-mix that corresponds to the base year by facility.</p>				
<p>d. Costs per day shall be inflated to the midpoint of the fiscal year rate period using the moving average Virginia Nursing Home inflation index for the 4th quarter of each year (the midpoint of the fiscal year). Costs in the 2011 base year shall be inflated from the midpoint of the cost report year to the midpoint of fiscal year 2012 by pro-rating fiscal year 2012 inflation and annual inflation after that. Annual inflation adjustments shall be based on the last available report prior to the beginning of the fiscal year and corrected for any revisions to prior year inflation.</p>				
<p>e. Prices will be established for the following peer groups using a combination of Medicare wage regions and Medicaid rural and bed size modifications based on similar costs.</p>				
<p>1) Direct Peer groups</p>				
<p>- Northern Virginia MSA</p>				
<p>- Other MSAs</p>				
<p>- Northern Rural</p>				
<p>- Southern Rural</p>				
<p>2) Indirect Peer Groups</p>				
<p>- Northern Virginia MSA</p>				
<p>- Rest of State – Greater than 60 Beds</p>				
<p>- Other MSAs</p>				
<p>- Northern Rural</p>				
<p>- Southern Rural</p>				
<p>- Rest of State – 60 Beds or Less</p>

f. The price for each peer group shall be based on the following adjustment factors:

1) Direct - 105 percent of the peer group day-weighted median neutralized and inflated cost per day for freestanding nursing facilities. *Effective on and after July 1, 2017, the Direct Peer Group price percentage shall be increased to 106.8 percent.*

2) Indirect - 100.7 percent of the peer group day-weighted median inflated cost per day for freestanding nursing facilities. *Effective on and after July 1, 2017, the Indirect Peer Group price percentage shall be increased to 101.3 percent.*

3) *The department shall have the authority to implement these price percentage changes effective July 1, 2017 and prior to the completion of any regulatory process in order to effect such changes.*

g. Facilities with costs projected to the rate year below 95 percent of the price shall have an adjusted price equal to the price minus the difference between their cost and 95 percent of the unadjusted price. Adjusted prices will be established at each rebasing. New facilities after the base year shall not have an adjusted price until the next rebasing. The “spending floor” limits the potential gain of low cost facilities, thereby making it possible to implement higher adjustment factors for other facilities at less cost.

h. Individual claim payment for direct costs shall be based on each resident's Resource Utilization Group (RUG) during the service period times the facility direct price (similar to Medicare).

i. Resource Utilization Group (RUG) is a resident classification system that groups nursing facility residents according to resource utilization and assigns weights related to the resource utilization for each classification. The department shall use RUGs to determine facility case mix for cost neutralization in determining the direct costs used in setting the price and for adjusting the claim payments for residents. The department may elect to transition from the RUG-III 34 Medicaid grouper to the RUG-IV 48 grouper in the following manner.

1) The department shall neutralize direct costs per day in the base year using the most current RUG grouper applicable to the base year.

2) The department shall utilize RUG-III 34 groups and weights in fiscal year 2015 for claim payments.

3) Beginning in fiscal year 2016, the department may elect to implement RUG-IV 48 Medicaid groups and weights for claim payments.

4) RUG-IV 48 weights used for claim payments will be normalized to RUG-III 34 weights as long as base year costs are neutralized by the RUG-III 34 group. In that the weights are not the same under RUG IV as under RUG III, normalization will insure that total payments in direct using the RUGs IV 48 weights will be the same as total payments in direct using the RUGs-III 34 grouper.

j. The department shall transition to the price-based methodology over a period of four years, blending the price-based rate described here with the cost-based rate based on current law with the following adjustments. The facility cost-based operating rates shall be the direct and indirect rates for fiscal year 2015 based on facility case-mix neutral rates modeled after the law that would have been in effect in fiscal year 2015 absent this amendment and using base year data from calendar year 2011 inflated to the rate year. Based on a four-year transition, the rate will be based on the following blend:

1) Fiscal year 2015 - 25 percent of the price-based rate and 75 percent of the cost-based rate.

2) Fiscal year 2016 - 50 percent of the price-based rate and 50 percent of the cost-based rate.

3) Fiscal year 2017 - 75 percent of the price-based rate and 25 percent of the cost-based rate.

4) Fiscal year 2018 - 100 percent of the price-based (fully implemented).				
During the first transition year for the period July 1, 2014 through October 31, 2014, DMAS shall case-mix adjust each direct cost component of the rates using the average facility case-mix from the two most recent finalized quarters (September and December 2013) instead of adjusting this component claim by claim.				
Cost-based rates to be used in the transition for facilities without cost data in the base year but placed in service prior to July 1, 2013 shall be determined based on the most recently settled cost data. If there is no settled cost report at the beginning of a fiscal year, then 100 percent of the price-based rate shall be used for that fiscal year. Facilities placed in service after June 30, 2013 shall be paid 100 percent of the price-based rate.				
2. Prospective capital rates shall be calculated in the following manner.				
a. Fair rental value per diem rates for the fiscal year shall be calculated for all freestanding nursing facilities based on the prior calendar year information aged to the fiscal year and using RS Means factors and rental rates corresponding to the fiscal year. There will be no separate calculation for beds subject to and not subject to transition.				
b. The department shall develop a procedure for mid-year fair rental value per diem rate changes for nursing facilities that put into service a major renovation or new beds. A major renovation shall be defined as an increase in capital of \$3,000 per bed. The nursing facility shall submit complete pro forma documentation at least 60 days prior to the effective date and the new rate shall be effective at the beginning of the month following the end of the 60 days. The provider shall submit final documentation within 60 days of the new rate effective date and the department shall review final documentation and modify the rate if necessary effective 90 days after the implementation of the new rate. No mid-year rate changes shall be made for an effective date after April 30 of the fiscal year.				
c. Effective July 1, 2014, the rental rate shall be 8.0 percent.				
d. These FRV changes shall also apply to specialized care facilities.				
e. The capital per diem rate for hospital-based nursing facilities shall be the last settled capital per diem.				
3. Prospective Nurse Aide Training and Competency Evaluation Programs (NATCEP) rates shall be the Medicaid per diem rate in the base year inflated to the rate year based on inflation used in the operating rate calculations.				
4. A prospective rate for criminal records checks shall be the per diem rate in the base year.				
5. The department shall have the authority to implement these payment changes effective July 1, 2014 and prior to completion of any regulatory process in order to effect such changes.				
6. The department shall amend the State Plan for Medical Assistance to reimburse the price-based operating rate rather than the transition operating rate to any nursing facility whose licensed bed capacity decreased by at least 30 beds after 2011 and whose occupancy increased from less than 70 percent in 2011 to more than 80 percent in 2013. The department shall have the authority to implement this reimbursement change effective July 1, 2015, and prior to completion of any regulatory process in order to effect such change.				
7. Effective July 1, 2017, the department shall amend the State Plan for Medical Assistance to increase the direct and indirect operating rates under the nursing facility price based reimbursement methodology by 15 percent for nursing facilities where at least 80 percent of the resident population have one or more of the following diagnoses: quadriplegia, traumatic brain injury, multiple sclerosis, paraplegia, or cerebral palsy. In addition, a qualifying facility must have at least 90 percent Medicaid utilization and a case mix index of 1.15 or higher in fiscal year 2014. The department shall have the authority to implement this reimbursement methodology change for rates on or after July 1, 2017, and prior to completion of any regulatory process in order to effect such change.				
8. <i>Effective July 1, 2017 through June 30, 2020, the Department of Medical Assistance Services shall amend the State Plan for Medical Assistance to pay nursing facilities located in the former Danville Metropolitan Statistical Area (MSA) the operating rates calculated for</i>

For future rebasings, the department shall permanently move these facilities to the Other MSA peer group. The department shall have the authority to implement this reimbursement change effective July 1, 2017 and prior to completion of any regulatory process undertaken in order to effect such change.*

DDD. The Department of Medical Assistance Services shall amend its State Plan under Title XIX of the Social Security Act to implement reasonable restrictions on the amount of incurred dental expenses allowed as a deduction from income for nursing facility residents. Such limitations shall include: (i) that routine exams and x-rays, and dental cleaning shall be limited to twice yearly; (ii) full mouth x-rays shall be limited to once every three years; and (iii) deductions for extractions and fillings shall be permitted only if medically necessary as determined by the department.

EEE. Notwithstanding §32.1-325, et seq. and §32.1-351, et seq. of the Code of Virginia, and effective upon the availability of subsidized private health insurance offered through a Health Benefits Exchange in Virginia as articulated through the federal Patient Protection and Affordable Care Act (PPACA), the Department of Medical Assistance Services shall eliminate, to the extent not prohibited under federal law, Medicaid Plan First and FAMIS Moms program offerings to populations eligible for and enrolled in said subsidized coverage in order to remove disincentives for subsidized private healthcare coverage through publicly-offered alternatives. To ensure, to the extent feasible, a smooth transition from public coverage, DMAS shall endeavor to phase out such coverage for existing enrollees once subsidized private insurance is available through a Health Benefits Exchange in Virginia. The department shall implement any necessary changes upon federal approval and prior to the completion of any regulatory process undertaken in order to effect such change.

FFF. The Department of Medical Assistance Services shall have authority to amend the State Plans for Medical Assistance under Titles XIX and XXI of the Social Security Act, and any waivers thereof, to implement requirements of the federal Patient Protection and Affordable Care Act (PPACA) as it pertains to implementation of Medicaid and CHIP eligibility determination and case management standards and practices, including the Modified Adjusted Gross Income (MAGI) methodology. The department shall have authority to implement such standards and practices upon federal approval and prior to the completion of any regulatory process undertaken in order to effect such change.

GGG. Effective July 1, 2013, the Department of Medical Assistance Services shall establish a Medicaid Physician and Managed Care Liaison Committee including, but not limited to, representatives from the following organizations: the Virginia Academy of Family Physicians; the American Academy of Pediatricians – Virginia Chapter; the Virginia College of Emergency Physicians; the American College of Obstetrics and Gynecology – Virginia Section; Virginia Chapter, American College of Radiology; the Psychiatric Society of Virginia; the Virginia Medical Group Management Association; and the Medical Society of Virginia. The committee shall also include representatives from each of the department's contracted managed care organizations and a representative from the Virginia Association of Health Plans. The committee will work with the department to investigate the implementation of quality, cost-effective health care initiatives, to identify means to increase provider participation in the Medicaid program, to remove administrative obstacles to quality, cost-effective patient care, and to address other matters as raised by the department or members of the committee. The Committee shall establish an Emergency Department Care Coordination work group comprised of representatives from the Committee, including the Virginia College of Emergency Physicians, the Medical Society of Virginia, the Virginia Hospital and Healthcare Association, the Virginia Academy of Family Physicians and the Virginia Association of Health Plans to review the following issues: (i) how to improve coordination of care across provider types of Medicaid "super utilizers"; (ii) the impact of primary care provider incentive funding on improved interoperability between hospital and provider systems; and (iii) methods for formalizing a statewide emergency department collaboration to improve care and treatment of Medicaid recipients and increase cost efficiency in the Medicaid program, including recognized best practices for emergency departments. The committee shall meet semi-annually, or more frequently if requested by

The department, in cooperation with the committee, shall report on the committee's activities annually to the Board of Medical Assistance Services and to the Chairmen of the House Appropriations and Senate Finance Committees and the Department of Planning and Budget no later than October 1 each year.

HHH. The Department of Medical Assistance Services shall establish a work group of representatives of providers of home- and community-based care services to continue improvements in the audit process and procedures for home- and community-based utilization and review audits. The Department of Medical Assistance Services shall report on any revisions to the methodology for home- and community-based utilization and review audits, including progress made in addressing provider concerns and solutions to improve the process for providers while ensuring program integrity. In addition, the report shall include documentation of the past year's audits, a summary of the number of audits to which retractions were assessed and the total amount, the number of appeals received and the results of appeals. The report shall be provided to the Chairmen of the House Appropriations and Senate Finance Committees by December 1 of each year.

III. The Department of Medical Assistance Services shall realign the billable activities paid for individual supported employment provided under the Medicaid home- and community-based waivers to be consistent with job development and job placement services provided through employment services organizations that are reimbursed by the Department for Aging and Rehabilitative Services. The department shall have the authority to implement this reimbursement change effective July 1, 2013, and prior to the completion of any regulatory process undertaken in order to effect such change.

JJJ.1. The Department of Medical Assistance Services shall seek federal authority through any necessary waiver(s) and/or State Plan authorization under Titles XIX and XXI of the Social Security Act to implement a comprehensive value-driven, market-based reform of the Virginia Medicaid/FAMIS programs.

2. The department is authorized to contract with qualified health plans to offer recipients a Medicaid benefit package adhering to these principles. Any coordination of non-traditional behavioral health services covered under contract with qualified health plans or through other means shall adhere to the principles outlined in paragraph MM. c. This reformed service delivery model shall be mandatory, to the extent allowed under the relevant authority granted by the federal government and shall, at a minimum, include (i) limited high-performing provider networks and medical/health homes; (ii) financial incentives for high quality outcomes and alternative payment methods; (iii) improvements to encounter data submission, reporting, and oversight; (iv) standardization of administrative and other processes for providers; and (v) support of the health information exchange.

3. The Department of Medical Assistance Services shall seek reforms to include all remaining Medicaid populations and services, including long-term care and home- and community-based waiver services into cost-effective, managed and coordinated delivery systems. The department shall begin designing the process and obtaining federal authority to transition all remaining Medicaid beneficiaries into a coordinated delivery system. DMAS shall promulgate regulations to implement these provisions to be effective within 280 days of its enactment. The department may implement any changes necessary to implement these provisions prior to the promulgation of regulations undertaken in order to effect such changes.

4. As a condition on all appropriations in this act and notwithstanding any other provision of this act, or any other law, no general or nongeneral funds shall be appropriated or expended for such costs as may be incurred to implement coverage for newly eligible individuals pursuant to 42 U.S.C. § 1396d(y)(1)[2010] of the Patient Protection and Affordable Care Act, unless included in an appropriation bill adopted by the General Assembly on or after July 1, 2016.

KKK.1. The Director of the Department of Medical Assistance Services shall continue to make improvements in the provision of health and long-term care services under Medicaid/FAMIS that are consistent with evidence-based practices and delivered in a cost effective manner to eligible individuals.

2. In order to effect such improvements and ensure that reform efforts are cost effective relative to current forecasted Medicaid/FAMIS expenditure levels, the Department of Medical

Assistance Services shall (i) develop a five-year consensus forecast of expenditures and savings associated with the Virginia Medicaid/FAMIS reform efforts by November 15 of each year in conjunction with the Department of Planning and Budget, and with input from the House Appropriations and Senate Finance Committees, and (ii) engage stakeholder involvement in meeting annual targets for quality and cost-effectiveness.

LLL. Effective July 1, 2014, the Department of Medical Assistance Services shall replace the AP-DRG grouper with the APR-DRG grouper for hospital inpatient reimbursement. The department shall develop budget neutral case rates and Virginia-specific weights for the APR-DRG grouper based on the FY 2011 base year. The department shall phase in the APR-DRG weights by blending in 50 percent of the full APR-DRG weights with 50 percent of FY 2014 AP-DRG weights in the first year and 75 percent of the full APR-DRG weights with 25 percent of the FY 2014 AP-DRG weights in the second year for each APR-DRG group and severity. FY 2014 AP-DRG weights shall be calculated as a weighted average FY 2014 AP-DRG weight for all claims in the base year that group to each APR-DRG group and severity. Full APR-DRG weights shall be used in the third year and succeeding years for each APR-DRG group and severity. The department shall have the authority to implement these reimbursement changes effective July 1, 2014, and prior to completion of any regulatory process in order to effect such changes.

MMM.1. Effective July 1, 2014, the Department of Medical Assistance Services shall replace the current Disproportionate Share Hospital (DSH) methodology with the following methodology:

- a) DSH eligible hospitals must have a total Medicaid Inpatient Utilization Rate equal to 14 percent or higher in the base year using Medicaid days eligible for Medicare DSH or a Low Income Utilization Rate in excess of 25 percent and meet other federal requirements. Eligibility for out of state cost reporting hospitals shall be based on total Medicaid utilization or on total Medicaid NICU utilization equal to 14 percent or higher.
- b) Each hospital's DSH payment shall be equal to the DSH per diem multiplied by each hospital's eligible DSH days in a base year. Days reported in provider fiscal years in state FY 2011 will be the base year for FY 2015 prospective DSH payments. DSH will be recalculated annually with an updated base year. DSH payments are subject to applicable federal limits.
- c) Eligible DSH days are the sum of all Medicaid inpatient acute, psychiatric and rehabilitation days above 14 percent for each DSH hospital subject to special rules for out of state cost reporting hospitals. Eligible DSH days for out of state cost reporting hospitals shall be the higher of the number of eligible days based on the calculation in the first sentence times Virginia Medicaid utilization (Virginia Medicaid days as a percent of total Medicaid days) or the Medicaid NICU days above 14 percent times Virginia NICU Medicaid utilization (Virginia NICU Medicaid days as a percent of total NICU Medicaid days). Eligible DSH days for out of state cost reporting hospitals who qualify for DSH but who have less than 12 percent Virginia Medicaid utilization shall be 50 percent of the days that would have otherwise been eligible DSH days.
- d) Additional eligible DSH days are days that exceed 28 percent Medicaid utilization for Virginia Type Two hospitals (excluding Children's Hospital of the Kings Daughters).
- e) The DSH per diem shall be calculated in the following manner:
  - a. The DSH per diem for Type Two hospitals is calculated by dividing the total Type Two DSH allocation by the sum of eligible DSH days for all Type Two DSH hospitals. For purposes of DSH, Type Two hospitals do not include Children's Hospital of the Kings Daughters (CHKD) or any hospital whose reimbursement exceeds its federal uncompensated care cost limit. The Type Two Hospital DSH allocation shall equal the amount of DSH paid to Type Two hospitals in state FY 2014 increased annually by the percent change in the federal allotment, including any reductions as a result of the Affordable Care Act, adjusted for the state fiscal year.
  - b. The DSH per diem for State Inpatient Psychiatric Hospitals is calculated by dividing the total State Inpatient Psychiatric Hospital DSH allocation by the sum of eligible DSH days. The State Inpatient Psychiatric Hospital DSH allocation shall equal the amount of DSH

There is hereby appropriated sum-sufficient nongeneral funds for the Department of Medical Assistance Services (DMAS) to pay the state share of supplemental payments for qualifying private hospital partners of Type One hospitals (consisting of state-owned teaching hospitals) as provided in the State Plan for Medical Assistance Services. Qualifying private hospitals shall consist of any hospital currently enrolled as a Virginia Medicaid provider and owned or operated by a private entity in which a Type One hospital has a non-majority interest. The supplemental payments shall be based upon the reimbursement methodology established for such payments in Attachments 4.19-A and 4.19-B of the State Plan for Medical Assistance Services. There is hereby appropriated sum-sufficient funds for DMAS to pay the state share of the supplemental Medicaid payment hereunder. However, DMAS shall not submit such State Plan amendment to CMS until it has entered into an intergovernmental agreement with eligible local government-owned nursing homes or the local government itself which requires them to transfer funds to DMAS for use as the state share for the supplemental Medicaid payment each nursing home is entitled to and to represent that</p>

If a local government-owned nursing home or the local government itself is unable to comply with the intergovernmental agreement, DMAS shall have the authority to modify the State Plan. The department shall have the authority to implement the reimbursement change consistent with the effective date in the State Plan amendment approved by CMS and prior to the completion of any regulatory process undertaken in order to effect such change.

The Department of Medical Assistance Services shall have the authority to amend the State Plan for Medical Assistance Services to implement a supplemental payment for clinic services furnished by the Virginia Department of Health (VDH) effective July 1, 2015. The total supplemental Medicaid payment shall be based on the Upper Payment Limit approved by the Centers for Medicare and Medicaid Services and all other Medicaid payments. VDH is required to transfer funds to the department funds already appropriated to VDH to cover the non-federal share of the Medicaid payments. The amount of the supplemental payment shall be based on the reimbursement methodology established for such payments in Attachments 4.19-A and 4.19-B of the State Plan for Medical Assistance and/or the department's contracts with managed care organizations. The department shall have the authority to implement these reimbursement changes consistent with the effective date in the State Plan amendment or the managed care contracts approved by the Centers for Medicare and Medicaid Services (CMS) and prior to completion of any regulatory process in order to effect such changes. 4. The Board of Corrections shall review and take action on the request, after reviewing the comments and recommendations of the Departments of Corrections and Criminal Justice Services. It may modify any aspect of the request before approving it. The board shall not approve any request unless the following conditions have been met:

e. any other criteria established by the board.				
5. If the Board of Corrections approves a request, the Department of Corrections shall notify the Department of Planning and Budget by October 1 of the board's action and submit a summary of the project and a detailed list of the board-approved costs to the department.

7. The Department of Planning and Budget shall submit to the Governor, for consideration for inclusion in the budget bill to be submitted by the Governor to the General Assembly, its recommendations concerning the approval of the request for reimbursement of jail construction or renovation costs and whether state funding is appropriate to support the alternatives to incarceration included in the community-based corrections plan.				
B. The Department of Corrections shall provide an annual report on the status of jail construction and renovation projects as approved for funding by the General Assembly. The report shall be limited to those projects which increase bed capacity. The report shall include a brief summary description of each project, the total capital cost of the project and the approved state share of the capital cost, the number of beds approved, along with the net number of new beds if existing beds are to be removed, and the closure of any existing facilities, if applicable. D. The Board of Corrections shall include within its reporting formats on the capacity of each local and regional jail, a measure of the actual jail capacity, which shall include double-bunking, with exceptions as appropriate, in the judgment of the Board, for isolation, segregation, or medical cells, or similar units which would not normally be double-bunked.

Authority: §§ 53.1-1, 53.1-5, 53.1-8, and 53.1-10, Code of Virginia.				
A. Included in this appropriation is \$1,195,000 in the first year and \$1,195,000 the second year from nongeneral funds for the purposes listed below. The source of the funds is commissions generated by prison commissary operations:				
1. \$170,000 the first year and \$170,000 the second year for Assisting Families of Inmates, Inc., to provide transportation for family members to visit offenders in prison and other ancillary services to family members;				
2. \$950,000 the first year and \$950,000 the second year for distribution to organizations that work to enhance faith-based services to inmates; and				
3. \$75,000 the first year and \$75,000 the second year for the "FETCH" program.				
B.1. The Department of Corrections is authorized to contract with other governmental entities to house male and female prisoners from those jurisdictions in facilities operated by the department.				
2. The State Comptroller shall continue to maintain the Contract Prisoners Special Revenue Fund on the books of the Commonwealth to reflect the activities of contracts between the Commonwealth of Virginia and other governmental entities for the housing of prisoners in facilities operated by the Virginia Department of Corrections.				
3. The Department of Corrections shall determine whether it may be possible to contract to house additional federal inmates or inmates from other states in space available within state correctional facilities. The department may, subject to the approval of the Governor, enter into such contracts, to the extent that sufficient bedspace may become available in state facilities for this purpose.				
C. The Department of Corrections may enter into agreements with local and regional jails to house state-responsible offenders in such facilities and to effect transfers of convicted state felons between and among such jails. Such agreements shall be governed by the provisions of Item 70 of this act.				
D. To the extent that the Department of Corrections privatizes food services, the department shall also seek to maximize agribusiness operations.				
E. Notwithstanding the provisions of § 53.1-45, Code of Virginia, the Department of Corrections is authorized to sell on the open market and through the Virginia Farmers' Market Network any dairy, animal, or farm products of which the Commonwealth imports more than it exports.				
F. It is the intention of the General Assembly that § 53.1-47, the Code of Virginia, concerning articles and services produced or manufactured by persons confined in state correctional facilities, shall be construed such that the term "manufactured" articles shall include "remanufactured" articles.				
G. Out of this appropriation, \$921,040 the first year and \$921,040 the second year from nongeneral funds is included for inmate medical costs. The sources of the nongeneral funds are an award from the State Criminal Alien Assistance Program, administered by the U.S. Department of Justice.				
H.1. The Department of Corrections, in coordination with the Virginia Supreme Court, shall continue to operate a behavioral correction program. Offenders eligible for such a program shall be those offenders: (i) who have never been convicted of a violent felony as defined in § 17.1-805 of the Code of Virginia and who have never been convicted of a felony violation of §§ 18.2-248 and 18.2-248.1 of the Code of Virginia; (ii) for whom the sentencing guidelines developed by the Virginia Criminal Sentencing Commission would recommend a sentence of four years or more in facilities operated by the Department of Corrections; and (iii) whom the court determines require treatment for drug or alcohol substance abuse. For any such offender, the court may impose the appropriate sentence with the stipulation that the Department of Corrections place the offender in an intensive therapeutic community-style substance abuse treatment program as soon as possible after receiving the offender. Upon certification by the Department of Corrections that the offender has successfully completed

such a program of a duration of 24 months or longer, the court may suspend the remainder of the sentence imposed by the court and order the offender released to supervised probation for a period specified by the court.

2. If an offender assigned to the program voluntarily withdraws from the program, is removed from the program by the Department of Corrections for intractable behavior, fails to participate in program activities, or fails to comply with the terms and conditions of the program, the Department of Corrections shall notify the court, outlining specific reasons for the removal and shall reassign the defendant to another incarceration assignment as appropriate. Under such terms, the offender shall serve out the balance of the sentence imposed by the court, as provided by law.

3. The Department of Corrections shall collect the data and develop the framework and processes that will enable it to conduct an in-depth evaluation of the program three years after it has been in operation. The department shall submit a report periodically on the program to the Chief Justice as he may require and shall submit a report on the implementation of the program and its usage to the Secretary of Public Safety and Homeland Security and the Chairmen of the House Appropriations and Senate Finance Committees by June 30 of each year.

I. Included in the appropriation for this Item is \$250,000 the first year and \$250,000 the second year from nongeneral funds for a culinary arts program in which inmates are trained to operate food service activities serving agency staff and the general public. The source of the funds shall be revenues generated by the program. Any revenues so generated by the program shall not be subject to § 4-2.02 of this act and shall be used by the agency for the costs of operating the program. The State Comptroller shall continue to maintain the Inmate Culinary Arts Training Program Fund on the books of the Commonwealth to reflect the revenue and expenditures of this program.

J.1. The Department of Corrections shall continue to coordinate with the Department of Medical Assistance Services and the Department of Social Services to enroll eligible inmates in Medicaid. To the extent possible, the Department of Corrections shall work to identify potentially eligible inmates on a proactive basis, prior to the time inpatient hospitalization occurs. Procedures shall also include provisions for medical providers to bill the Department of Medical Assistance Services, rather than the Department of Corrections, for eligible inmate inpatient medical expenses. Due to the multiple payor sources associated with inpatient and outpatient health care services, the Department of Corrections and the Department of Medical Assistance Services shall consult with the applicable provider community to ensure that administrative burdens are minimized and payment for health care services is rendered in a prompt manner.

*2. The Department of Corrections, through its contract with the Virginia Commonwealth University Department of Health Administration, shall review the management of a selected number of inmates who account for the largest share of total inpatient and outpatient medical care costs within the department. The review shall include inmates who have been enrolled in Medicaid for qualifying inpatient hospitalizations; for these individuals, the Department of Medical Assistance shall provide the requisite enrollee data. The review shall address the number and characteristics of these inmates (including demographic background, offense history, and security classification) who account for the highest costs for medical care. The review shall also consider, to the extent available, their medical history and current medical issues and address potential case management strategies and other steps to reduce costs for these inmates in the long term. Copies of the review shall be provided by October 1, 2017, to the Secretary of Public Safety and Homeland Security, the Secretary of Health and Human Resources, the Chairman of the Joint Commission on Health Care, and the Chairmen of the House Appropriations and Senate Finance Committees.*

K. Federal funds received by the Department of Corrections from the federal Residential Substance Abuse Treatment Program shall be exempt from payment of statewide and agency indirect cost recoveries into the general fund.

L. Included in the appropriation for this item is funding for the first year and the second year from the general fund for six medical contract monitors. The persons filling these positions shall have the responsibility of closely monitoring the adequacy and quality of

The Department of Corrections shall continue to operate a separate program for inmates under 18 years old who have been tried and convicted as adults and committed to the Department of Corrections. This separation of these offenders from the general prison population is required by the requirements of the federal Prison Rape Elimination Act.</p> <p>N. The Department shall provide to the Secretary of Public Safety and Homeland Security, the Directors of the Departments of Planning and Budget and Human Resources Management, and the Chairmen of the House Appropriations and Senate Finance Committees by July 1, 2016, a report assessing:</p> <p>a. The costs, benefits, and administrative actions required to eliminate the Department's reliance on a private contractor for the delivery of inmate health care at multiple facilities, and to provide the same services internally using either state employees or individual contract medical personnel.</p> <p>b. The costs, benefits, and administrative actions required to transition to a statewide health care management model that uses best practices and cost containment methods employed by prison health care management and Medicaid managed care organizations to deliver provider-managed and outcome-based comprehensive health care services through a single statewide contract for all of the Department's adult correctional centers.</p> <p>c. A review of the Department's actual cost experience comparing the previous arrangement in which the contractor assumed full financial risk for the payment of off-site inpatient and outpatient services, and the current and proposed arrangement in which the Department assumes that risk and also receives any Medicaid reimbursement for such off-site expenses. For purposes of analyzing the first arrangement, it is assumed that the benefit of any Medicaid or other third-party reimbursement for hospital or other services would accrue to the contractor. This review shall also compare cost trends experienced by other states which have adopted these two arrangements.</p> <p>d. A comparison of the costs and benefits of the Department's current management of inmate health care, including the model envisioned in its August 2014 Request for Proposals, to the alternative models the Department is directed to assess in subsections a, b, and c above.</p> <p>e. The Department of Human Resources Management, the Department of Planning and Budget and other executive branch agencies shall provide technical assistance to the Department as needed.</p>

A.1. This appropriation includes an estimated \$9,000,000 the first year and an estimated \$9,000,000 the second year from federal funds pursuant to the Omnibus Crime Control Act of 1968, as amended. Of these amounts, nine percent is available for administration, and the remainder is available for grants to state agencies and local units of government. The remaining federal funds are to be passed through as grants to localities, with a required 25 percent local match. Also included in this appropriation is \$452,128 the first year and \$452,128 the second year from the general fund for the required matching funds for state agencies.

2. The Department of Criminal Justice Services shall provide a summary report on federal anti-crime and related grants which will require state general funds for matching purposes during FY 2013 and beyond. The report shall include a list of each grant and grantee, the purpose of the grant, and the amount of federal and state funds recommended, organized by topical area and fiscal period. The report shall indicate whether each grant represents a new program or a renewal of an existing grant. Copies of this report shall be provided to the Chairmen of the Senate Finance and House Appropriations Committees and the Director, Department of Planning and Budget by January 1 of each year.

B. The Department of Criminal Justice Services is authorized to make grants and provide technical assistance out of this appropriation to state agencies, local governments, regional, and nonprofit organizations for the establishment and operation of programs for the following purposes and up to the amounts specified:

The new academy shall be eligible to receive state funding in a manner consistent with the currently existing regional criminal justice training academies. <p>A. From July 1, 2016 to June 30, 2018, the Board of Juvenile Justice shall not approve or commit additional funds for the state share of the cost of construction, enlargement or renovation of local or regional detention centers, group homes or related facilities. The board may grant exceptions only to address emergency maintenance projects needed to resolve immediate life safety issues. For such emergency projects, approval by both the Board of Juvenile Justice and the Secretary of Public Safety and Homeland Security is required. Any emergency projects must also comply with Board of Juvenile Justice standards.</p>				
<p>B. Each emergency resolution adopted by the Board of Juvenile Justice approving reimbursement of the state share of the cost of construction, maintenance, or operation of local or regional detention centers, group homes, or related facilities or programs shall include a statement noting that such approval is subject to the availability of funds and approval by the General Assembly at its next regular session.</p>				
<p>C. The Department of Juvenile Justice shall reimburse localities, pursuant to § 66-15, Code of Virginia, at the rate of \$50 per day for housing juveniles who have been committed to the department, for each day after the department has received a valid commitment order and other pertinent information as required by § 16.1-287, Code of Virginia.</p>				
<p>D. Notwithstanding the provisions of § 16.1-322.1 of the Code of Virginia, the department shall apportion to localities the amounts appropriated in this Item.</p>				
<p>E.1. The appropriation for Financial Assistance for Community Based Alternative Treatment Services includes \$10,379,926 the first year and \$10,379,926 the second year from the general fund for the implementation of the financial assistance provisions of the Juvenile Community Crime Control Act (VJCCCA), §§ 16.1-309.2 through 16.1-309.10, Code of Virginia. Notwithstanding § 16.1-309.6, Code of Virginia, localities participating in this program and contributing through their local match an amount of local funds which is greater than they receive from the Commonwealth under this program are authorized, but not required, to provide a contribution greater than the state general fund contribution. In no case shall their local match be less than their state share.</p>				
<p>2. Notwithstanding the provisions of §§ 16.1-309.2 through 16.1-309.10, Code of Virginia, the Board of Juvenile Justice shall establish guidelines for use in determining the types of programs for which VJCCCA funding may be expended. The department shall establish a format to receive biennial or annual requests for funding from localities, based on these guidelines. For each program requested, the plan shall document the need for the program, goals, and measurable objectives, and a budget for the proposed expenditure of these funds and any other resources to be committed by localities.</p>				
<p>3.a. Notwithstanding the provisions of § 16.1-309.7 B, Code of Virginia, unobligated VJCCCA funds must be returned to the department by each grantee locality no later than October 1 of the fiscal year following the fiscal year in which they were received, or a similar amount may be withheld from the current fiscal year's periodic payments designated by the department for that locality. The Director, Department of Planning and Budget, may increase the general fund appropriation for this Item up to the amount of unobligated VJCCCA funds returned to the Department of Juvenile Justice.</p>				
<p>b. All such unobligated and reappropriated balances shall be used by the department for the purpose of awarding short-term supplementary grants to localities, for programs and services which have been demonstrated to improve outcomes, including reduced recidivism, of juvenile offenders. Such programs and services must augment and support current VJCCCA-funded programs within each affected locality. The grantee locality shall submit an outcomes report to the department, in accord with a written memorandum of agreement which shall accompany the supplementary grant award. This provision shall apply to funds obligated to and in the possession of the department and its grant recipients. The entity which returns unobligated funds under this provision shall not have a presumptive entitlement to a supplementary grant.</p>

A. The Department of Juvenile Justice shall retain all funds paid for the support of children committed to the department to be used for the security, care, and treatment of said children.

B.1. The Director, Department of Juvenile Justice, (the “Department”) shall develop a transformation plan to provide more effective and efficient services for juveniles, using data-based decision-making, that improves outcomes and safely reduces the number of juveniles housed in state-operated juvenile correctional centers, consistent with public safety. To accomplish these objectives, the Department will provide, when appropriate, alternative placements and services for juveniles committed to the Department that offer treatment, supervision and programs that meet the levels of risk and need, as identified by the Department's risk and needs assessment instruments, for each juvenile placed in such placements or programs. Prior to implementation, the plan shall be approved by the Secretary of Public Safety and Homeland Security.

2. The Department shall reallocate any savings from the reduced cost of operating state juvenile correctional centers to support the goals of the transformation plan including, but not limited to: (a) increasing the number of male and female local placement options, and post-dispositional treatment programs and services; (b) ensuring that appropriate placements and treatment programs are available across all regions of the Commonwealth; and (c) providing appropriate levels of educational, career readiness, rehabilitative, and mental health services for these juveniles in state, regional, or local programs and facilities, including but not limited to, community placement programs, independent living programs, and group homes. The goals of such transformation services shall be to reduce the risks for reoffending for juveniles supervised or committed to the Department and to improve and promote the skills and resiliencies necessary for the juveniles to lead successful lives in their communities.

3. No later than November 1 of each year, the Department of Juvenile Justice shall provide a report to the Governor, the Chairmen of the House Appropriations and Senate Finance Committees, the Secretary of Public Safety and Homeland Security and the Director, Department of Planning and Budget, assessing the impact and results of the transformation plan and its related actions. The report shall include, but is not limited to, assessing juvenile offender recidivism rates, fiscal and operational impact on detention homes; changes (if any) in commitment orders by the courts; and use of the savings redirected as a result of transformation, including the amount expended for contracted programs and treatment services, including the number of juveniles receiving each specific service. The report should also include the average length of stay for juveniles in each placement option.				
4. The Director, Department of Planning and Budget, is authorized to transfer appropriations between items and programs within the Department of Juvenile Justice to reallocate any savings achieved through transformation to accomplish the goals of transformation.				
C.1. There is hereby established a task force on juvenile correctional centers comprised of the Secretary of Public Safety and Homeland Security, and the Directors of the Departments of Juvenile Justice, Corrections, and Behavioral Health and Developmental Services, and the Office of Children's Services, or their designees. The Secretary of Public Safety and Homeland Security shall chair the task force. The task force shall present an interim report by November 1, 2016, and a final report by July 15, 2017, to the Governor, the Director of the Department of Planning and Budget, the Chairman of the Virginia Commission on Youth, and the Chairmen of the Senate Finance and House Appropriations Committees.				
2.a. The task force shall consider the future capital and operational requirements for Virginia's juvenile correctional centers, including the construction of a new facility in the City of Chesapeake, for which planning was authorized by the 2016 General Assembly, and also including (i) the projected population of state-responsible juvenile offenders, including an assessment of the impact of the Department of Juvenile Justice's length of stay guidelines, (ii) the number of juveniles expected to be held in each facility, (iii) the level and type of mental health, medical, academic and vocational education, and other services to be provided, (iv) the design and size of spaces needed to accommodate the necessary services within state facilities, (v) the accommodation of the treatment needs of state-responsible juvenile offenders with diagnoses of serious mental or behavioral health issues, (vi) the appropriateness of alternative housing models, including cells and rooms (including both single and double-bunking), dormitories, cottages, and other housing configurations, (vii) the number and geographical location of facilities, and (viii) the potential for contracting for the use of space in existing local and regional secure detention facilities, group homes, and private residential facilities.				
b. The task force shall identify existing juvenile correctional centers, including facilities which are not currently operational, and other property currently owned by state agencies, and consider the extent to which the recommendations developed pursuant to Paragraph C.2.a. of this item may be accommodated within such properties, along with the costs of construction or renovation of existing facilities to accommodate these recommendations. The task force shall conduct a cost-benefit analysis to compare the potential revenues realized from the sale of existing real property owned by state agencies, with the projected replacement costs which would be incurred to provide replacement facilities, should existing properties be sold. This analysis should include an assessment of the impact of locational factors on expected program outcomes and on the objective of maintaining the juvenile offenders' relationships with their families and communities.				
c. In evaluating these alternatives, the task force shall give consideration to and report on the estimated costs of construction, operation and maintenance of facilities, and the potential impact of these alternatives to the outcomes for state-responsible juvenile offenders, including recidivism. The task force shall also give consideration to the projected requirements for state funding for local and regional secure detention facilities, and alternatives to detention, including but not limited to, the Virginia Juvenile Community Crime Control Act.				
3. The Department of General Services and all other agencies of the Commonwealth shall

provide technical assistance upon request of the task force. The task force shall include input from judges, attorneys for the Commonwealth, law enforcement, local government, private providers, and other stakeholders as appropriate.				
4. The Director, Department of Juvenile Justice, is authorized to procure such consultant or other services as necessary to conduct the task force's review. The Director is authorized to use funds identified in Paragraph A of this item for such purposes.				
5. If the Department of Juvenile Justice deems it necessary, due to facility population decline, efficient use of resources, and the need to further reduce recidivism, to close a state juvenile correctional center, the Department shall (i) work cooperatively with the affected localities to minimize the effect of the closure on those communities and their residents, and (ii) implement a general closure plan, preferably not less than 12 months from announcement of the closure, to create opportunities to place affected state employees in existing departmental vacancies, assist affected employees with placement in other state agencies, create training opportunities for affected employees to increase their qualifications for additional positions, and safely reduce the population of the facility facing closure, consistent with public safety.

Authority: Title 2.2, Chapter 2, Article 10, § 2.2-201, and Titles 33, 46, and 58, Code of Virginia.

A. The transportation policy goals enumerated in this act shall be implemented by the Secretary of Transportation, including the Secretary acting as Chairman of the Commonwealth Transportation Board.

1. The maintenance of existing transportation assets to ensure the safety of the public shall be the first priority in budgeting, allocation, and spending. The highway share of the Transportation Trust Fund shall be used for highway maintenance and operation purposes prior to its availability for new development, acquisition, and construction.

2. It is in the interest of the Commonwealth to have an efficient and cost-effective transportation system that promotes economic development and all modes of transportation, intermodal connectivity, environmental quality, accessibility for people and freight, and transportation safety. The planning, development, construction, and operations of Virginia's transportation facilities will reflect this goal.

3. To the greatest extent possible, the appropriation of transportation revenues shall reflect planned spending of such revenues by agency and by program.

B. The maximization of all federal transportation funds available to the Commonwealth shall be paramount in the budgetary, spending, and allocation processes.

1. Notwithstanding any provision of law to the contrary, the secretary and all agencies within the transportation secretariat are hereby authorized to take all actions necessary to ensure that federal transportation funds are allocated and utilized for the maximum benefit of the Commonwealth, whether such actions or funds or both are authorized under P.L. 112-141 of the 112th Congress, or any successor or related federal transportation legislation, or regulation, rule, or guidance issued by the U.S. Department of Transportation or any federal agency. The secretary and agencies within the transportation secretariat shall utilize, to the maximum extent practicable, the flexibility provided in federal law, regulation, rule, or guidance to use federal funds in a manner consistent with the Code of Virginia.

2. The secretary shall ensure that the allocation of transportation funds apportioned and for which obligation authority is expected to be available under federal law shall be in accordance with such laws and in support of the transportation policy goals enumerated in section A. of this Item. Furthermore, the secretary is authorized to take all actions necessary to allocate the required match for federal highway funds to ensure their appropriate and timely obligation and expenditure within the fiscal constraints of state transportation revenues. By June 1 of each year, the secretary, as Chairman of the Board, shall report to the Governor and General Assembly on the allocation of such federal transportation funds and the actions taken to provide the required match.

3. The board shall only make allocations providing the required match for federal Regional Surface Transportation Program funds to those Metropolitan Planning Organizations in urbanized areas greater than 200,000 that, in consultation with the Office of Intermodal Planning and Investment, have developed regional transportation and land use performance measures pursuant to Chapters 670 and 690 of the 2009 Acts of Assembly and have been approved by the board.

4. Projects funded, in whole or part, from federal funds referred to as congestion mitigation and air quality improvement, shall be selected as directed by the board. Such funds shall be federally obligated within 12 months of their allocation by the board and expended within 36 months of such obligation. If the requirements included in this paragraph are not met by such

<p>agency or recipient, then the board shall use such federal funds for any other project eligible under 23 USC 149.</p>				
<p>5. Funds apportioned under federal law for the Surface Transportation Program shall be distributed and administered in accordance with federal requirements, including the 22 percent of the non-suballocated portion that is required to be allocated for public transportation purposes. The prioritization process developed under subsection B of Chapter 726 of the 2014 Virginia Acts of Assembly shall not apply to the 22 percent share of the non-suballocated portion allocated for public transportation purposes.</p>				
<p>6. Funds made available to the Metropolitan Planning Organizations known as the Regional Surface Transportation Program for urbanized areas greater than 200,000 shall be federally obligated within 12 months of their allocation by the board and expended within 36 months of such obligation. If the requirements included in this paragraph are not met by the recipient, then the board may rescind the required match for such federal funds.</p>				
<p>7. Notwithstanding paragraph B.2. of this Item, the required matching funds for Transportation Alternatives projects are to be provided by the project sponsor of the federal-aid funding.</p>				
<p>8. Federal transportation funds as well as the required state matching funds may be allocated by the Commonwealth Transportation Board for transit purposes under the same rules and conditions authorized by federal law. The Commonwealth Transportation Board, in consultation with the appropriate local and regional entities, may allocate state revenues to local and regional public transit operators, for operating and/or capital purposes.</p>				
<p>9. If a regional area (or areas) of the Commonwealth is determined to be not in compliance with Clean Air Act rules regarding conformity and as a result federal and/or state allocations, apportionments or obligations cannot be used to fund or support transportation projects or programs in that area, such funds may be used to finance demand management, conformity, and congestion mitigation projects to the extent allowed by federal law. Any remaining amount of such allocations, apportionments, or obligations shall be set aside to the extent possible under law for use in that regional area.</p>				
<p>10. Appropriations in this act related to federal revenues outlined in this section may be adjusted by the Director, Department of Planning and Budget, upon request from the Secretary of Transportation, as needed to utilize and allocate additional federal funds that may become available.</p>				
<p>11. The secretary shall ensure that any bonds issued pursuant to Article 4, Chapter 15 of Title 33.2 shall be programmed to eligible projects selected and funded through the High Priority Projects Program pursuant § 33.2-370 or the Construction District Grant Program pursuant to §33.2-371. Such agreement shall be subject to the provisions established in § 2.2-3705.6, Code of Virginia.

3. By December 1, 2016 and December 1, 2017, the Authority shall report to the Secretary of Transportation and the Chairmen of the House Appropriations and Senate Finance Committees on the actual and forecasted changes to the cost per enplanement at the Washington Dulles International Airport over the prior year, what portion of the reduction is attributable to state support, what portion attributable to cost reduction measures implemented by the Authority and what portion is attributable to increased passenger traffic at the Airports. Further, the Authority shall report the additional measures taken by the Authority to reduce airline cost per enplanement including, but not limited to, an estimate of revenues that could be generated by development or disposal of property owned by the Authority as a means to further reduce long term cost per enplanement. Provided, however, that such commercial operations shall not be entitled to compensation as established under § 46.2-205, Code of Virginia, but rather at rates limited to those established by the commissioner.				
B. The Department of Motor Vehicles shall work to increase the use of alternative service delivery methods, which may include offering discounts on certain transactions conducted online, as determined by the department. As part of its effort to shift customers to internet usage where applicable, the department shall not charge its customers for the use of credit cards for internet or other types of transactions; however, this restriction shall not apply with respect to any credit or debit card transactions the department conducts on behalf of another agency, provided (i) the other agency is authorized to charge customers for the use of credit or debit cards and (ii) the merchant's fees and other transaction costs imposed by the card issuer are charged to the department.

A.1. Except as provided in Item 450, the Commonwealth Transportation Board shall allocate all monies in the Commonwealth Mass Transit Fund, as provided in § 58.1-638, Code of Virginia. The total appropriation for the Commonwealth Mass Transit Fund is estimated to be \$247,794,000 the first year and \$255,422,000 the second year from the Transportation Trust Fund. From these funds, the following estimated allocations shall be made:

a. \$182,608,000 the first year and \$187,826,000 the second year to statewide Operating Assistance as provided in § 58.1-638, Code of Virginia.

b. \$55,837,000 the first year and \$58,030,000 the second year from the Commonwealth Mass Transit Fund to statewide Capital Assistance.

c. Notwithstanding the provisions of paragraph A.1.a and A.1.b. of this Item, prior to the annual adoption of the Six-Year Improvement Program, the Commonwealth Transportation Board may allocate funding from the Commonwealth Mass Transit Fund to implement the transit and transportation demand management improvements identified for the I-95 corridor. Such costs shall include only direct transit capital and operating costs as well as transportation demand management activities. Costs associated with additional park and ride lots required to be funded by the Commonwealth under the provisions of the Comprehensive Agreement for the Interstate 95 High Occupancy Toll Lanes project shall be borne by the Department of Transportation as set out in Item 455 of this act.

2. Included in this Item is \$1,500,000 the first year and \$1,500,000 the second year from the Commonwealth Mass Transit Trust Fund. These allocations are designated for "paratransit" capital projects and enhanced transportation services for the elderly and disabled.

3. a. From the amounts appropriated in this Item from the Commonwealth Mass Transit

	Fund, \$7,849,000 the first year and \$8,066,000 the second year is the estimated allocation to statewide Special Programs as provided in § 58.1-638, Code of Virginia.			
	b. From the amounts provided for Special Programs, the Commonwealth Transportation Board shall operate a program entitled the Transportation Efficiency Improvement Fund (TEIF). The purpose of the TEIF program is to reduce traffic congestion by supporting transportation demand management programs and projects designed to reduce the movement of passengers and freight on Virginia's highway system.			
	c. From the amounts appropriated in this Item from the Commonwealth Mass Transit Fund, up to \$1,975,000 the first year and up to \$1,975,000 the second year may be allocated by the Board for the expansion of vanpool service throughout the Commonwealth. Such efforts may include partnering with private operators to provide vanpool services on a statewide basis. All or a portion of any increase to the amounts appropriated in subparagraph B.5 of Item 436 as a result of the Federal Fixing America's Surface Transportation (FAST) Act may also be allocated by the Board for this purpose.			
	4. Not included in this appropriation is an amount estimated at \$25,583,000 the first year and \$25,583,000 the second year allocated to transit agencies from federal sources for the Surface Transportation Program (STP).			
	B. 1. Funds from a stable and reliable source, as required in Public Law 96-184, as amended, are to be provided to Metro from payments authorized and allocated in this program and pursuant to §§ 58.1-1720 and 58.1-2295, Code of Virginia. Notwithstanding any other provision of law, funds allocated to Metro under this program may be disbursed by the Department of Rail and Public Transportation directly to Metro or to any other transportation entity that has an agreement to provide funding to Metro as deemed appropriate by the Department. In appointing the Virginia members of the board of directors of the Washington Metropolitan Area Transit Authority (WMATA), the Northern Virginia Transportation Commission shall include the Secretary of Transportation or his designee as a principal member on the WMATA board of directors.			
	2. To ensure that all revenues provided to support the Washington Metropolitan Area Transit Authority (WMATA) are used efficiently and appropriately, the WMATA Board of Directors shall submit to the Director, Department of Rail and Public Transportation, and the Chairmen of the House and Senate Transportation Committees and the House Appropriations and Senate Finance Committees, a report on the actions taken to address all the recommendations cited in the Federal Transit Administration of the U. S. Department of Transportation's "Full Scope of Systems Review of the Washington Metropolitan Transit Authority" dated June 10, 2014. Such reports shall be submitted no more than 30 days after the close of each quarter of the fiscal year, and shall include any further findings issued by the appropriate compliance officer of the Federal Transit Administration. In addition, the WMATA Board of Directors shall provide, immediately upon its issuance, a copy of the audited financial statements and shall submit a plan to remedy any deficiencies within 30 days of receipt of the report.			
	C. All Commonwealth Mass Transit Funds appropriated for Financial Assistance for Public Transportation shall be used only for public transportation purposes as defined by the Federal Transit Administration or outlined in § 58.1-638 A.4. or in § 58.1-638 A.5., Code of Virginia.			
	D. It is the intent of the General Assembly that no transit operating assistance funding be used to support any new transit system or route at a level higher than such project would be eligible for under the allocation formula set out in § 58.1-638 A 4. e., Code of Virginia, beyond the first two years of its operation.			
	E.1. The Department of Rail and Public Transportation, in conjunction with the Transit Capital Project Revenue Advisory Board, shall develop a proposal to be submitted to the Commonwealth Transportation Board and the General Assembly for a statewide prioritization process for the use of funds allocated pursuant to § 33.2-365, or allocated to the Commonwealth Mass Transit Fund established pursuant to subdivision A 4 of § 58.1-638. Such prioritization process would be used for the development of a Six-Year Improvement Program for transit capital expenditures to be included in the Program adopted annually by the Commonwealth Transportation Board pursuant to § 33.2-214. The proposal development should be undertaken with input from localities, metropolitan planning organizations, transit authorities, transportation authorities, and other stakeholders.

<p>2. Any prioritization process should be based on an objective and quantifiable analysis. For transit capital projects that establish new transit service or expand existing service, the prioritization process should consider, at a minimum, the following factors relative to the cost of the project or strategy: congestion mitigation, economic development, accessibility, safety, environmental quality, and land use. For state of good repair projects, the prioritization process should consider asset condition and other factors determined to be appropriate by the Department. Such a process for the allocation and distribution of funding would be in addition to the tiered approach established by the Commonwealth Transportation Board for capital purposes based on asset need and anticipated state participation level and revenues and is intended to foster project-specific prioritization within the asset tiers.</p> <p>3. The Department shall submit its report on the feasibility and proposed content of such a prioritization scheme to the Chairmen of the House and Senate Transportation Committees, the House Appropriations Committee and the Senate Finance Committee not later than August 1, 2017.</p> <p><i>F. The Director, Department of Planning and Budget, is hereby authorized, upon request by the Secretary of Transportation, to transfer an amount not to exceed \$6,214,575 in the first year and \$6,214,575 in the second year from the amounts appropriated in Item 453 of this act to the Department of Rail and Public Transportation. Such transfers shall be considered loans, and are intended to hold harmless transit agencies that operate in the Commonwealth that receive urbanized transit funds pursuant to 49 U.S.C 5307 whose funds have been withheld by the Federal Transit Administration until the certification of the Metro Safety Commission by the Federal Transit Administration. The Department may disburse, subject to appropriate repayment terms, such funds to affected transit agencies in an amount not to exceed the funds withheld by the Federal Transit Administration. To the extent repayment is not made as required by the agreement between the Department and an affected transit agency, the Department is directed to withhold the payment amount due from funds provided to such transit agency pursuant to §58.1-638 A 4 b 1 (c) of the Code of Virginia in order to return such amounts to the Department of Transportation. However, no funds from such loan shall be disbursed to any transit agency until such agency has expended all funds available for their use from federal fiscal year 2016. The specific terms and structure of any loan shall be approved by the Secretary of Transportation, upon consultation with the Chairmen of the House Appropriations and Senate Finance Committees, or their designees.</i></p>

A. 1. Except as provided in Item 450, the Commonwealth Transportation Board shall operate the Shortline Railway Preservation and Development program in accordance with § 33.2-1602, Code of Virginia. As determined by the board, funds apportioned pursuant to § 33.2-1530 or § 33.2-1601, Code of Virginia, shall be appropriated to the Shortline Railway Preservation and Development Program. B. The Commonwealth Transportation Board shall operate the Rail Industrial Access Program in accordance with § 33.2-1600, Code of Virginia. The board may allocate funds pursuant to § 33.2-358, Code of Virginia, to the fund for construction of industrial access railroad tracks.

C. Of the funds appropriated pursuant to Chapters 1019 and 1044 of the 2000 Acts of Assembly for passenger rail capacity improvements in the I-95 passenger rail corridor between Richmond and the District of Columbia, the Director of the Department of Rail and Public Transportation is authorized to utilize any remaining funds along the described corridor for the development of intercity passenger rail enhancements to include rail improvements and passenger station facilities.

D. Because of the overwhelming need for the delivery of services provided by the investment in a balanced transportation system in the Commonwealth, and in an effort to deliver intercity passenger trains utilizing the Commonwealth's investments and to increase passenger train frequencies to Norfolk and Roanoke, notwithstanding the provisions of § 33.2-1601 and § 33.2-1603, Code of Virginia, the Commonwealth Transportation Board may only make further investments in intercity passenger rail capacity to serve new markets in North Carolina, provided the Six-Year Improvement Plan adopted pursuant to § 33.2-214, Code of Virginia includes sufficient funding to complete projects underway to deliver train capacity improvements and provides the funding for service for additional passenger rail frequency to Norfolk and an extension of passenger rail to Roanoke. Any Rail Enhancement Funds utilized for the purposes of the service delivery outlined in this paragraph shall be administered according to the guidelines governing the use of Intercity Passenger Rail Operating and Capital Funds.

E. The Department of Rail and Public Transportation shall evaluate both the costs of providing service to the Town of Bedford as well as the available funding and provide this information to the Chairmen of the House Committees on Transportation and Appropriations, the Senate Committees on Transportation and Finance, and the Joint Commission on Transportation Accountability no later than December 1, 2016.

*F. To achieve cost efficiencies for all parties while undertaking the new rail features of the Atlantic Gateway Project in Fairfax County, the Department shall work with Fairfax County and the Virginia Department of Transportation to develop a cost-effective design for a new facility over Route 1 that replaces the existing bridge, expands rail capacity, and accommodates the future Bus Rapid Transit system on Route 1, and also work with Fairfax County and the Virginia Department of Transportation to identify funding sources for this portion of the project.*

*G. No later than July 1, 2017, the Department of Rail and Public Transportation, in collaboration with the Hampton Roads Transportation Planning Organization as well as all relevant stakeholders, shall evaluate the costs of and potential funding sources for completing a Tier II Environmental Impact Study for the purpose of delivering future high speed passenger rail service between Richmond and Hampton Roads, and provide this information to the Chairmen of the House Committees on Transportation and Appropriations, the Senate Committees on Transportation and Finance.*

Such activities shall consider safety, access management, alternative modes, operations, and infrastructure improvements. Such funds shall be used for, but are not limited to, the completion of activities prior to the initiation of an individual project's design or to benefit identification of needs throughout the state or the prioritization of those needs. For federally eligible activities, the activity or item shall be included in the Commonwealth Transportation Board's annual update of the Six-Year Improvement program so that (i) appropriate federal funds may be allocated and

In jurisdictions that maintain roadways within their boundaries, the provisions of § 33.2-214, Code of Virginia, shall apply only to highways controlled by the Department of Transportation.				
D. The prioritization process developed under subsection B of Chapter 726 of the 2014 Virginia Acts of Assembly shall not apply to use of funds provided in this item from the federal apportionments in the State Planning and Research Program.

<p>the Transportation Partnership Opportunity Fund pursuant to § 33.2-1529.1, Code of Virginia.</p>				
<p>B. Notwithstanding § 33.2-358, Code of Virginia, the proceeds from the lease or sale of surplus and residue property purchased under this program in excess of related costs shall be applied to the State of Good Repair Program pursuant to § 33.2-369, Code of Virginia. Proceeds must be used on Federal Title 23 eligible projects.</p>				
<p>C. The Director of the Department of Planning and Budget is authorized to increase the appropriation as needed to utilize amounts available from prior year balances in the dedicated funds and adjust items to the most recent Commonwealth Transportation Board budget.</p>				
<p>D. Funds appropriated for legacy formula construction programs shall be used for the purposes enumerated in subsection C of § 33.2-358, Code of Virginia, or as previously appropriated.</p>				
<p>E. Included in the amounts for specialized state and federal programs is the reappropriation of \$145,700,000 the first year and \$131,300,000 the second year from bond proceeds or dedicated special revenues for anticipated expenditure of amounts collected in prior years. The amounts will be provided from balances in the Capital Projects Revenue Bond Fund, Federal Transportation Grant Anticipation Revenue Bond Fund, Northern Virginia Transportation District Fund, State Route 28 Highway Improvement District Fund, U.S. Route 58 Corridor Development Fund and the Priority Transportation Fund. These amounts were originally appropriated when received or forecasted and are not related to FY 2017 and FY 2018 estimated revenues.</p>

<p>G. 1. Of the amounts provided in Item 449.10, Chapter 847 of the 20087 Acts of Assembly, \$31,070,647 was dedicated to enumerated projects funded from the Transportation Partnership Opportunity Fund. This amount represents available authorization remaining after the completed advancement of acquisition and construction of the projects in the Item. Of this amount, \$23,110,000 is now directed to Road Improvements at military installations in the Commonwealth. As part of the ongoing negotiations of a memorandum of agreement between the Department of the U.S. Army and the U.S. Department of Transportation and the Virginia Department of Transportation for the delivery of transportation projects as in-kind payments for parcel A-2 and A-3 at the former Ft. Monroe under the economic development conveyance in the Commonwealth of Virginia, the Virginia Department of Transportation shall request that the Department of the U.S. Army consider the reservation of funding included in this paragraph for improvements to the Ft. Eustis Boulevard interchange with I-64 at mile marker 250 which directly benefits Joint Base Langley-Eustis and the United States Army Training and Doctrine Command. Of this amount, \$7,960,647 is now directed to Improvements at interstate rest areas throughout the Commonwealth.</p>				
<p>2. Pursuant to the provisions of Item 449.10, 1., Chapter 847 of the 2007 Acts of Assembly, \$20,000,000 was deposited to the Transportation Partnership Opportunity Fund (TPOF) for the purpose of purchasing right of way owned by Norfolk Southern Corporation and located between Newtown Road and the Oceanfront. The subsequent contract for the TPOF award signed between the Department of Transportation and the City of Virginia Beach, specified that if such funds were not utilized to extend light rail along the corridor to Virginia Beach, the funds were to be repaid to the Department of Transportation and redeposited into the TPOF for allocations for other eligible transportation projects. Based on the failure of the project to move forward, as evidenced by the failure of the voter referendum on the Virginia Beach ballot in the November 2016 election, the City of Virginia Beach is required to repay to the Department of Transportation the full amount in four annual payments of \$5,000,000 by September 1 of each year for the next four years beginning in fiscal year 2018. To the extent the annual payment is not made as required by September 1 in each year for the next four years, the Department of Transportation is directed to withhold the payment amount due from funds</p>

It is the intent of the General Assembly that tolling on Interstate 66 inside the Capitol Beltway shall not extend beyond four hours during the morning rush hour and four hours during the evening rush hour on Mondays, Tuesdays, Wednesdays, Thursdays and Fridays, exclusive of national holidays, and tolling shall not apply on weekends.

*L. It is the intent of the General Assembly that the Commissioner, Department of Transportation, with the cooperation of the Secretary of Finance, shall set-aside any federal funding specifically authorized by Congress for projects on the Coalfields Expressway in a special sub-account of the Transportation Trust Fund to ensure such funds are used exclusively to advance the Coalfields Expressway project.*

A: The standards upon which the public institutions of higher education are deemed certified to receive the payment of interest earnings from the tuition and fees and other nongeneral fund Educational and General revenues shall be based upon the standards provided in § 4-9.01 of this act, as approved by the General Assembly.

B: The estimated interest earnings and other revenues shall be distributed to those specific public institutions of higher education that have been certified by the State Council of Higher Education for Virginia as having met the standards provided in § 4-9.01 of this act, based on the distribution methodology developed pursuant to Chapter 933, Enactment 2, Acts of Assembly of 2005 and reported to the Chairmen of the House Appropriations Committee and Senate Finance Committee.

C: In accordance with § 2.2-5004 and 5005, Code of Virginia, this Item provides \$1,750,000 the first year and \$1,750,000 the second year from the general fund; and \$1,000,000 from nongeneral funds in the first year and \$1,000,000 from nongeneral funds in the second year for the estimated total payment to individual institutions of higher education of the interest earned on tuition and fees and other nongeneral fund Education and General Revenues deposited to the state treasury. Upon certification by the State Council of Higher Education of Virginia that all available performance benchmarks have been successfully achieved by the individual institutions of higher education, the Director, Department of Planning and Budget, shall transfer the appropriation in this Item for such estimated interest earnings to the general fund appropriation of each institution's Educational and General program.

D: This Item also includes \$2,250,000 in the first year and \$2,250,000 the second year from the general fund for the payment to individual institutions of higher education of a pro rata amount of the rebate paid to the State Commonwealth on credit card purchases not exceeding \$5,000 during the previous fiscal year. The State Comptroller shall determine the amount owed to each certified institution, net of any payments due to the federal government, using a methodology that equates a pro rata share based upon the total transactions of \$5,000 or less made by the institution using the state-approved credit card in comparison to all transactions of \$5,000 or less using said approved credit card. By October 15, or as soon thereafter as deemed appropriate, following the year of certification, the Comptroller shall reimburse each institution its estimated pro rata share.

E: Once actual financial data from the year of certification are available, the State Comptroller and the Director, Department of Planning and Budget, shall compare the actual data with estimates used to determine the distribution of the interest earnings, nongeneral fund Educational and General revenues, and the pro rata amounts to the certified institutions of higher education. In those cases where variances exist, the Governor shall include in his next introduced budget bill recommended appropriations to make whatever adjustments to each institution's distributed amount to ensure that each institution's incentive payments are accurate based on actual financial data.

accounts of participating state employees in such amounts as may be necessary to match the contributions of the qualified participating employees, consistent with the requirements of the Code of Virginia governing the deferred compensation cash match program. 43. The procurement of services related to the implementation of this program shall be governed by standards set forth in § 51.1-124.30 C, Code of Virginia, and shall not be subject to the provisions of Chapter 7 (§ 11-35 et seq.), Title 11, Code of Virginia.

F. The Secretary of Administration, in conjunction with the Secretary of Finance, may establish a program that allows for the sharing of cost savings from improved productivity, efficiency, and performance with agencies and employees. Such gain sharing programs require a management philosophy of open communication encouraging employee participation; a system which seeks, evaluates and implements employee input on increasing productivity; and a formula for measuring productivity gains and sharing these gains between employees and the agency. The Department of Human Resource Management, in conjunction with the Department of Planning and Budget, shall develop specific gain sharing program guidelines for use by agencies. The Department of Human Resource Management shall provide to the Governor, the Chairmen of the House Appropriations and Senate Finance Committees an annual report no later than October 1 of each year detailing identified savings and their usage.

3. The Department of Human Resource Management shall explore options within the health insurance plan for state employees to promote value-based health choices aimed at creating greater employee satisfaction with lower overall health care costs. It is the General Assembly's intent that any savings associated with this employee health care initiative be retained and used towards funding state employee salary or fringe benefit cost increases.

4. Notwithstanding any other provision of law, it shall be the sole responsibility and authority of the Department of Human Resource Management to establish and enforce employer contribution rates for any health insurance plan established pursuant to §2.2-2818, Code of Virginia.

J.1. The Virginia Retirement System Board of Trustees shall account for the employer retirement contribution payments deferred for the 2010-2012 biennium based on limiting employer retirement contributions to the Virginia Retirement System to the actuarial normal cost. In setting the employer retirement contribution rates for subsequent biennia, the board shall calculate a separate, supplemental employer contribution rate that will amortize such deferred payments over a period of ten years using the board's assumed long-term rate of return. The Governor shall include funds to support payment of such board-approved, supplemental employer contribution rates in the budget submitted to the General Assembly.

2. For purposes of setting rates for the 2014-16 biennium, and future biennia, the board shall treat any lump-sum deposits into the retirement system as an expedited repayment of the 2010-2012 deferred contributions for the appropriate system. Should these deposits exceed the remaining amounts owed for the deferred contributions, the balance shall remain in these specific systems to address the overall unfunded liability.

K.1. Contribution rates paid to the Virginia Retirement System for other employee benefits to include the public employee group life insurance program, the Virginia Sickness and Disability Program, the state employee retiree health insurance credit, and the public school teacher retiree health insurance credit, shall be based on a valuation of assets and liabilities that assume an investment return of seven percent and an amortization period of 30 years.

**PART 2: CAPITAL PROJECT EXPENSES**

**§ 2-0. GENERAL CONDITIONS**

A.1. The General Assembly hereby authorizes the capital projects listed in this act. The amounts hereinafter set forth are appropriated to the state agencies named for the indicated capital projects. Amounts so appropriated and amounts reappropriated pursuant to paragraph G of this section shall be available for expenditure during the current biennium, subject to the conditions controlling the expenditures of capital project funds as provided by law. Reappropriated amounts, unless otherwise stated, are limited to the unexpended appropriation balances at the close of the previous biennium, as shown by the records of the Department of Accounts.

2. The Director, Department of Planning and Budget, may transfer appropriations listed in Part 2 of this act from the second year to the first year in accordance with § 4-1.03 a 5 of this act.

B. The five-digit number following the title of a project is the code identification number assigned for the life of the project.

C. Except as herein otherwise expressly provided, appropriations or reappropriations for structures may be used for the purchase of equipment to be used in the structures for which the funds are provided, subject to guidelines prescribed by the Governor.

D. Notwithstanding any other provisions of law, appropriations for capital projects shall be subject to the following:

1. Appropriations or reappropriations of funds made pursuant to this act for planning of capital projects shall not constitute implied approval of construction funds in a future biennium. Funds, other than the reappropriations referred to above, for the preparation of capital project proposals must come from the affected agency's existing resources.

2. No capital project for which appropriations for planning are contained in this act, nor any project for which appropriations for planning have been previously approved, shall be considered for construction funds until preliminary plans and cost estimates are reviewed by the Department of General Services. The purpose of this review is to avoid unnecessary expenditures for each project, in the interest of assuring the overall cost of the project is reasonable in relation to the purpose intended, regardless of discrete design choices.

E.1. Expenditures from Items in this act identified as "Maintenance Reserve" are to be made only for the maintenance of property, plant, and equipment as defined in § 4-4.01c of this act to the extent that funds included in the appropriation to the agency for this purpose in Part 1 of this act are insufficient.

2. Agencies and institutions of higher education can expend up to \$1,500,000 for a single repair or project through the maintenance reserve appropriation. Such expenditures shall be subject to rules and regulations prescribed by the Governor. To the extent an agency or institution of higher education has identified a potential project that exceeds this threshold, the Director, Department of Planning and Budget, can provide exemptions to the threshold as long as the project still meets the definition of a maintenance reserve project as defined by the Department of Planning and Budget.

3. Only facilities supported wholly or in part by the general fund shall utilize general fund maintenance reserve appropriations. Facilities supported entirely by nongeneral funds shall accomplish maintenance through the use of nongeneral funds.

F. Conditions Applicable to Bond Projects

1. The capital projects listed in §§ 2-53 and 2-54 for the indicated agencies and institutions of higher education are hereby authorized and sums from the sources and in the amount indicated are hereby appropriated and reappropriated. The issuance of bonds in a principal amount plus amounts needed to fund issuance costs, reserve funds, and other financing expenses, including capitalized interest for any project listed in §§ 2-53 and 2-54 is hereby authorized.

2. The issuance of bonds for any project listed in § 2-53 is to be separately authorized pursuant to Article X, Section 9 (c), Constitution of Virginia.

3. The issuance of bonds for any project listed in §§ 2-53 or 2-54 shall be authorized pursuant to ~~§ 23-19~~ § 23.1-1106, Code of Virginia.

4. In the event that the cost of any capital project listed in §§ 2-53 and 2-54 shall exceed the amount appropriated therefore, the Director, Department of Planning and Budget, is hereby authorized, upon request of the affected institution, to approve an increase in appropriation authority of not more than ten percent of the amount designated in §§ 2-53 and 2-54 for such project, from any available nongeneral fund revenues, provided that such increase shall not constitute an increase in debt issuance authorization for such capital project. Furthermore, the Director, Department of Planning and Budget, is hereby authorized to approve the expenditure of all interest earnings derived from the investment of bond proceeds in addition to the amount designated in §§ 2-53 and 2-54 for such capital project.

5. The interest on bonds to be issued for these projects may be subject to inclusion in gross income for federal income tax purposes.

6. Inclusion of a project in this act does not imply a commitment of state funds for temporary construction financing. In the absence of such commitment, the institution may be responsible for securing short-term financing and covering the costs from other sources of funds.

7. In the event that the Treasury Board determines not to finance all or any portion of any project listed in § 2-53 of this act with the issuance of bonds pursuant to Article X, Section 9 (c), Constitution of Virginia, and notwithstanding any provision of law to the contrary, this act shall constitute the approval of the General Assembly to finance all or such portion of such project under the authorization of § 2-54 of this act.

8. The General Assembly further declares and directs that, notwithstanding any other provision of law to the contrary, 50 percent of the proceeds from the sale of surplus real property pursuant to § 2.2-1147 et seq., Code of Virginia, which pertain to the general fund, and which were under the control of an institution of higher education prior to the sale, shall be deposited in a special fund set up on the books of the State Comptroller, which shall be known as the Higher Education Capital Projects Fund. Such sums shall be held in reserve, and may be used, upon appropriation, to pay debt service on bonds for the 21st Century College Program as authorized in Item C-7.10 of Chapter 924 of the Acts of Assembly of 1997.

G. Upon certification by the Director, Department of Planning and Budget, there is hereby reappropriated the appropriations unexpended at the close of the previous biennium for all authorized capital projects which meet any of the following conditions:

1. Construction is in progress.
2. Equipment purchases have been authorized by the Governor but not received.
3. Plans and specifications have been authorized by the Governor but not completed.
4. Obligations were outstanding at the end of the previous biennium.

A. *The Department of Alcoholic Beverage Control (ABC) and the Department of General Services (DGS) shall develop and deliver a plan to provide capital project options for a new ABC warehouse and ABC administrative offices.*

B. *The plan will be a comprehensive plan for an ABC warehouse and administrative offices. At a minimum the plan will include real estate development approaches to achieve operationally ready, "turn-key", cost effective and efficient solutions to meet ABC's operational and business requirements. Solutions may include, but not be limited to, lease or construction of new facilities, acquiring existing facilities through lease or purchase, a combination of new construction and existing facilities, and must include at least one option for using the existing location for the new or retrofitted warehouse and administrative office building.*

C. *In developing a new construction option for office space, an infill design concept should be considered, which initially would accommodate not more than a ten percent increase in central office staff beyond the number currently located in the headquarters building, with further growth in staff beyond the ten percent to be accommodated through less-expensive infill construction.*

D. *The Department of General Services (DGS) shall analyze and include options in the ABC plan for the use of state-owned real property declared surplus and existing underutilized state-owned real property.*

E. *Private sector developer options are to be included in the ABC plan. DGS is tasked and authorized to publicly solicit proposals (i.e. Request For Proposal, Request For Information or by other public solicitation method), to evaluate requirements in paragraphs B and D of this item, from the private sector developer community interested in providing solutions that meet ABC's operational, business, and cost effectiveness and efficiency requirements.*

F. *ABC is tasked to include in the plan financing options for the capital project options.*

G. *The plan shall be delivered to the Governor, Chairmen of the House Appropriations and Senate Finance Committees, and the Six-Year Capital Outlay Plan Advisory Committee (§ 2.2-1516) no later than November 1, 2017.*

H. *Funds authorized to the Department of General Services for this item may be used to accomplish the necessary tasks to prepare, develop, complete, and execute the ABC plan.*

The Virginia Department of Transportation shall transfer, from motor fuel tax revenues, \$388,254 the first year and \$388,254 the second year to the Department of General Services for motor fuels testing.

§ 3-1.03 SHORT-TERM ADVANCE TO THE GENERAL FUND FROM NONGENERAL FUNDS

A. To meet the occasional short-term cash needs of the general fund during the course of the year when cumulative year-to-date disbursements exceed temporarily cumulative year-to-date revenue collections, the State Comptroller is authorized to draw cash temporarily from nongeneral fund cash balances deemed to be available, although special dedicated funds related to commodity boards are exempt from this provision. Such cash drawdowns shall be limited to the amounts immediately required by the general fund to meet disbursements made in pursuance of an authorized appropriation. However, the amount of the cash drawdown from any particular nongeneral fund shall be limited to the excess of the cash balance of such fund over the amount otherwise necessary to meet the short-term disbursement requirements of that nongeneral fund. The State Comptroller will ensure that those funds will be replenished in the normal course of business.

B. In the event that nongeneral funds are not sufficient to compensate for the operating cash needs of the general fund, the State Treasurer is authorized to borrow, temporarily, required funds from cash balances within the Transportation Trust Fund, where such trust fund balances, based upon assessments provided by the Commonwealth Transportation Commissioner, are not otherwise needed to meet the short-term disbursement needs of the Transportation Trust Fund, including any debt service and debt coverage needs, over the life of the borrowing. In addition, the State Treasurer shall ensure that such borrowings are consistent with the terms and conditions of all bond documents, if any, that are relevant to the Transportation Trust Fund.

C. The Secretary of Finance, the State Treasurer and the Commonwealth Transportation Commissioner shall jointly agree on the amounts of such interfund borrowings. Such borrowed amounts shall be repaid to the Transportation Trust Fund at the earliest practical time when they are no longer needed to meet short-term cash needs of the general fund, provided, however, that such borrowed amounts shall be repaid within the biennium in which they are borrowed. Interest shall accrue daily at the rate per annum equal to the then current one-year United States Treasury Obligation Note rate.

D. Any temporary loan shall be evidenced by a loan certificate duly executed by the State Treasurer and the Commonwealth Transportation Commissioner specifying the maturity date of such loan and the annual rate of interest. Prepayment of temporary loans shall be without penalty and with interest calculated to such prepayment date. The State Treasurer is authorized to make, at least monthly, interest payments to the Transportation Trust Fund.

### § 3-2.00 WORKING CAPITAL FUNDS AND LINES OF CREDIT

#### § 3-2.01 ADVANCES TO WORKING CAPITAL FUNDS

The State Comptroller shall make available to the Virginia Racing Commission, on July 1 of each year, the amount of \$125,000 from the general fund as a temporary cash flow advance, to be repaid by December 30 of each year.

#### § 3-2.02 CHARGES AGAINST WORKING CAPITAL FUNDS

The State Comptroller may periodically charge the appropriation of any state agency for the expenses incurred for services received from any program financed and accounted for by working capital funds. Such charge may be made upon receipt of such documentation as in the opinion of the State Comptroller provides satisfactory evidence of a claim, charge or demand against the appropriations made to any agency. The amounts so charged shall be recorded to the credit of the appropriate working capital fund accounts. In the event any portion of the charge so made shall be disputed, the amount in dispute may be restored to the agency appropriation by direction of the Governor.
