[H 2216]

Approved February 23, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 16.1-277.01, 17.1-275, 20-88.35, 63.2-900, 63.2-1201, 63.2-1202, 63.2-1222, 63.2-1224, 63.2-1233, 63.2-1249, 63.2-1250, 63.2-1252, and 63.2-1253 of the Code of Virginia are amended and reenacted as follows:**

**§ 16.1-277.01. Approval of entrustment agreement.**

A. In any case in which a child has been entrusted pursuant to § 63.2-903 or 63.2-1817 to the local board of social services or to a child welfare agency, a petition for approval of the entrustment agreement by the board or agency:

1. Shall be filed within a reasonable period of time, no later than 89 days after the execution of an entrustment agreement for less than 90 days, if the child is not returned to the caretaker from whom he was entrusted within that period;
2. Shall be filed within a reasonable period of time, not to exceed 30 days after the execution of an entrustment agreement for 90 days or longer or for an unspecified period of time, if such entrustment agreement does not provide for the termination of all parental rights and responsibilities with respect to the child; and
3. May be filed in the case of a permanent entrustment agreement which provides for the termination of all parental rights and responsibilities with respect to the child.

The board or agency shall file a foster care plan pursuant to § 16.1-281 to be heard with any petition for approval of an entrustment agreement.

B. Upon the filing of a petition for approval of an entrustment agreement pursuant to subsection A of § 16.1-241, the court shall appoint a guardian ad litem to represent the child in accordance with the provisions of § 16.1-266, and shall schedule the matter for a hearing to be held as follows: within 45 days of the filing of a petition pursuant to subdivision A 1, A 2 or A 3, except where an order of publication has been ordered by the court, in which case the hearing shall be held within 75 days of the filing of the petition. The court shall provide notice of the hearing and a copy of the petition to the following, each of whom shall be a party entitled to participate in the proceeding:

1. The local board of social services or child welfare agency;
2. The child, if he is 12 years of age or older;
3. The guardian ad litem for the child; and
4. The child's parents, guardian, legal custodian or other person standing in loco parentis to the child. No such notification shall be required, however, if the judge certifies on the record that the identity of the parent or guardian is not reasonably ascertainable. A birth father shall be given notice of the proceedings if he is an acknowledged father pursuant to § 20-49.1, adjudicated pursuant to § 20-49.8, or presumed pursuant to § 63.2-1202, or has registered with the ~~Putative Virginia Birth~~ *Putative Virginia Birth* Father Registry pursuant to Article 7 (§ 63.2-1249 et seq.). An affidavit of the mother that the identity of the father is not reasonably ascertainable shall be sufficient evidence of this fact, provided there is no other evidence before the court which would refute such an affidavit. Failure to register with the ~~Putative Virginia Birth~~ *Putative Virginia Birth* Father Registry pursuant to Article 7 (§ 63.2-1249 et seq.) of Chapter 12 of Title 63.2 shall be evidence that the identity of the father is not reasonably ascertainable. The hearing shall be held and an order may be entered, although a parent, guardian, legal custodian or person standing in loco parentis fails to appear and is not represented by counsel, provided personal or substituted service was made on the person, or the court determines that such person cannot be found, after reasonable effort, or in the case of a person who is without the Commonwealth, the person cannot be found or his post office address cannot be ascertained after reasonable effort. However, when a petition seeks approval of a permanent entrustment agreement which provides for the termination of all parental rights and responsibilities with respect to the child, a summons shall be served upon the parent or parents and the other parties specified in § 16.1-263. The summons or notice of hearing shall clearly state the consequences of a termination of residual parental rights. Service shall be made pursuant to § 16.1-264. The remaining parent's parental rights may be terminated even though that parent has not entered into an entrustment agreement if the court finds, based upon clear and convincing evidence, that it is in the best interest of the child and that (i) the identity of the parent is not reasonably ascertainable; (ii) the identity and whereabouts of the parent are known or reasonably ascertainable, and the parent is personally served with notice of the termination proceeding pursuant to § 8.01-296 or 8.01-320; (iii) the whereabouts of the parent are not reasonably ascertainable and the parent is given notice of the termination proceedings by certified or registered mail to the last known address and such parent fails to object to the proceedings within 15 days of the mailing of such notice; or (iv) the whereabouts of the parent are not reasonably ascertainable and the parent is given notice of the termination proceedings through an order of publication pursuant to §§ 8.01-316 and 8.01-317, and such parent fails to object to the proceedings.

C. At the hearing held pursuant to this section, the court shall hear evidence on the petition filed and shall review the foster care plan for the child filed by the local board or child welfare agency in accordance with § 16.1-281.

D. At the conclusion of the hearing, the court shall make a finding, based upon a preponderance of the evidence, whether approval of the entrustment agreement is in the best interest of the child. However, if the petition seeks approval of a permanent entrustment agreement which provides for the termination of all parental rights and responsibilities with respect to the child, the court shall make a finding, based upon clear and convincing evidence, whether termination of parental rights is in the best interest of the child. If the court makes either of these findings, the court may make any of the orders of disposition permitted in a case involving an abused or neglected child pursuant to § 16.1-278.2. Any such order transferring legal custody of the child shall be made in accordance with the provisions of subdivision A 5 of § 16.1-278.2 and shall be subject to the provisions of subsection D1. This order shall include, but need not be limited to, the following findings: (i) that there is no less drastic alternative to granting the requested relief; and (ii) that reasonable efforts have been made to prevent removal and that continued placement in the home would be contrary to the welfare of the child, if the order transfers legal custody of the child to a local board of social services. At any time subsequent to the transfer of legal custody of the child pursuant to this section, a birth parent or parents of the child and the pre-adoptive parent or parents may enter into a written post-adoption contact and communication agreement in accordance with the provisions of § 16.1-283.1 and Article 1.1 (§ 63.2-1220.2 et seq.) of Chapter 12 of Title 63.2. The court shall not require a written post-adoption contact and communication agreement as a precondition to entry of an order in any case involving the child.

The effect of the court's order approving a permanent entrustment agreement is to terminate an entrusting parent's residual parental rights. Any order terminating parental rights shall be accompanied by an order (i) continuing or granting custody to a local board of social services or to a licensed child-placing agency or (ii) granting custody or guardianship to a relative or other interested individual. Such an order continuing or granting custody to a local board of social services or to a licensed child-placing agency shall indicate whether that board or agency shall have the authority to place the child for adoption and consent thereto. A final order terminating parental rights pursuant to this section renders the approved entrustment agreement irrevocable. Such order may be appealed in accordance with the provisions of § 16.1-296.

D1. Any order transferring custody of the child to a relative or other interested individual pursuant to subsection D shall be entered only upon a finding, based upon a preponderance of the evidence, that the relative or other interested individual is one who (i) after an investigation as directed by the court, is found by the court to be willing and qualified to receive and care for the child; (ii) is willing to have a positive, continuous relationship with the child; (iii) is committed to providing a permanent, suitable home for the child; and (iv) is willing and has the ability to protect the child from abuse and neglect; and the order shall so state. The court's order transferring custody to a relative or other interested individual should further provide for, as appropriate, any terms and conditions which would promote the child's interest and welfare; ongoing provision of social services to the child and the child's custodian; and court review of the child's placement.

E. The local board or licensed child-placing agency to which authority is given to place the child for adoption and consent thereto after an order terminating parental rights is entered pursuant to this section shall file a written Adoption Progress Report with the juvenile court on the progress being made to place the child in an adoptive home. The report shall be filed with the court every six months from the date of the final order terminating parental rights until a final order of adoption is entered on behalf of the child in the circuit court. At the conclusion of the hearing at which termination of parental rights is ordered and authority is given to the local board or licensed child-placing agency to place the child for adoption, the juvenile court shall schedule a date by which the board or agency shall file the first Adoption Progress Report required by this section. A copy of the Adoption Progress Report shall be sent by the court to the guardian ad litem for the child. The court may schedule a hearing on the report with or without the request of a party.

The funds to recoup the cost of making out the copies shall be deposited with the county or city treasurer or Director of Finance, and the governing body shall budget and appropriate such funds to be used to support the cost of copies pursuant to this subdivision. For purposes of this section, the costs of making out the copies authorized under this section shall include costs included in the lease and maintenance agreements for the equipment and the technology needed to operate electronic systems in the clerk's office used to make out the copies, but shall not include salaries or related benefits. The costs of copies shall otherwise be determined in accordance with § 2.2-3704. However, there shall be no charge to the recipient of a final order or decree to send an attested copy to such party.

9. For annexing the seal of the court to any paper, writing the certificate of the clerk accompanying it, the clerk shall charge \$2 and for attaching the certificate of the judge, if the clerk is requested to do so, the clerk shall charge an additional \$0.50.

In all civil actions that include one or more claims for the award of monetary damages the clerk's fee chargeable to the plaintiff shall be \$100 in cases seeking recovery not exceeding \$49,999; \$200 in cases seeking recovery exceeding \$49,999, but not exceeding \$100,000; \$250 in cases seeking recovery exceeding \$100,000, but not exceeding \$500,000; and \$300 in cases seeking recovery exceeding \$500,000. Ten dollars of each such fee shall be apportioned to the Courts Technology Fund established under § 17.1-132. A fee of \$25 shall be paid by the plaintiff at the time of instituting a condemnation case, in lieu of any other fees. There shall be no fee charged for the filing of a cross-claim or setoff in any pending action. However, the fees prescribed by this subdivision shall be charged upon the filing of a counterclaim or a claim impleading a third-party defendant. The fees prescribed above shall be collected upon the filing of papers for the commencement of civil actions. This subdivision shall not be applicable to cases filed in the Supreme Court of Virginia.

13a. For the filing of any petition seeking court approval of a settlement where no action has yet been filed, the clerk's fee, chargeable to the petitioner, shall be \$50, to be paid by the petitioner at the time of filing the petition.

14. In addition to the fees chargeable for civil actions, for the costs of proceedings for judgments by confession under §§ 8.01-432 through 8.01-440, the clerk shall tax as costs (i) the cost of registered or certified mail; (ii) the statutory writ tax, in the amount required by law to be paid on a suit for the amount of the confessed judgment; (iii) for the sheriff for serving each copy of the order entering judgment, \$12; and (iv) for docketing the judgment and issuing executions thereon, the same fees as prescribed in subdivision A 17.

15. For qualifying notaries public, including the making out of the bond and any copies thereof, administering the necessary oaths, and entering the order, \$10.

18. For all services rendered by the clerk in any court proceeding for which no specific fee is provided by law, the clerk shall charge \$10, to be paid by the party filing said papers at the time of filing; however, this subdivision shall not be applicable in a divorce cause prior to and including the entry of a decree of divorce from the bond of matrimony.

25. For providing court records or documents on microfilm, per frame, \$0.50.

26. In all divorce and separate maintenance proceedings, and all civil actions that do not include one or more claims for the award of monetary damages, the clerk's fee chargeable to the plaintiff shall be \$60, \$10 of which shall be apportioned to the Courts Technology Fund established under § 17.1-132 to be paid by the plaintiff at the time of instituting the suit, which shall include the furnishing of a duly certified copy of the final decree. The fees prescribed by this subdivision shall be charged upon the filing of a counterclaim or a claim impleading a third-party defendant. However, no fee shall be charged for (i) the filing of a cross-claim or setoff in any pending suit or (ii) the filing of a counterclaim or any other responsive pleading in any annulment, divorce, or separate maintenance proceeding. In divorce cases, when there is a merger of a divorce of separation a mensa et thoro into a decree of divorce a vinculo, the above mentioned fee shall include the furnishing of a duly certified copy of both such decrees.

27. For the acceptance of credit or debit cards in lieu of money to collect and secure all fees, including filing fees, fines, restitution, forfeiture, penalties and costs, the clerk shall collect from the person presenting such credit or debit card a reasonable convenience fee for the processing of such credit or debit card. Such convenience fee shall not exceed four percent of the amount paid for the transaction or a flat fee of \$2 per transaction. The clerk may set a lower convenience fee for electronic filing of civil or criminal proceedings pursuant to § 17.1-258.3. Nothing herein shall be construed to prohibit the clerk from outsourcing the processing of credit and debit card transactions to a third-party private vendor engaged by the clerk. Convenience fees shall be used to cover operational expenses as defined in § 17.1-295.

28. For the return of any check unpaid by the financial institution on which it was drawn or notice is received from the credit or debit card issuer that payment will not be made for any reason, the clerk may collect a fee of \$50 or 10 percent of the amount of the payment, whichever is greater.

29. For all services rendered, except in cases in which costs are assessed pursuant to § 17.1-275.1, 17.1-275.2, 17.1-275.3, or 17.1-275.4, in an adoption proceeding, a fee of \$20, in addition to the fee imposed under § 63.2-1246, to be paid by the petitioner or petitioners. For each petition for adoption filed pursuant to § 63.2-1201, except those filed pursuant to subdivisions 5 and 6 of § 63.2-1210, an additional \$50 filing fee as required under § 63.2-1201 shall be deposited in the ~~Putative~~ *Putative Virginia Birth* Father Registry Fund pursuant to § 63.2-1249.

30. For issuing a duplicate license for one lost or destroyed as provided in § 29.1-334, a fee in the same amount as the fee for the original license.

31. For the filing of any petition as provided in §§ 33.2-1023, 33.2-1024, and 33.2-1027, a fee of \$5 to be paid by the petitioner; and for the recordation of a certificate or copy thereof, as provided for in § 33.2-1021, as well as for any order of the court relating thereto, the clerk shall charge the same fee as for recording a deed as provided for in this section, to be paid by the party upon whose request such certificate is recorded or order is entered.

32. For making up, certifying and transmitting original record pursuant to the Rules of the Supreme Court, including all papers necessary to be copied and other services rendered, except in cases in which costs are assessed pursuant to § 17.1-275.1, 17.1-275.2, 17.1-275.3, 17.1-275.4, 17.1-275.7, 17.1-275.8, or 17.1-275.9, a fee of \$20.

**§ 20-88.35. Bases for jurisdiction over nonresident.**

In a proceeding to establish or enforce a support order or to determine parentage of a child, a tribunal of the Commonwealth may exercise personal jurisdiction over a nonresident individual or the individual's guardian or conservator if:

1. The individual is personally served with process within the Commonwealth;
2. The individual submits to the jurisdiction of the Commonwealth by consent, by entering a general appearance, or by filing a responsive document having the effect of waiving any contest to personal jurisdiction;
3. The individual resided with the child in the Commonwealth;
4. The individual resided in the Commonwealth and paid prenatal expenses or provided support for the child;
5. The child resides in the Commonwealth as a result of the acts or directives of the individual;
6. The individual engaged in sexual intercourse in the Commonwealth and the child may have been conceived by the act of intercourse;
7. The individual asserted parentage of a child in the ~~putative father registry~~ *Virginia Birth Father Registry* maintained in the Commonwealth by the Department of Social Services;
8. The exercise of personal jurisdiction is authorized under subdivision A 8 of § 8.01-328.1; or
9. There is any other basis consistent with the constitutions of the Commonwealth and the United States for the exercise of personal jurisdiction.

The bases of personal jurisdiction set forth in this section or any other law of the Commonwealth may not be used to acquire personal jurisdiction for a tribunal of the Commonwealth to modify a child support order issued by a tribunal of another state unless the requirements of § 20-88.76 or 20-88.77:3 are met.

**§ 63.2-900. Accepting children for placement in homes, facilities, etc., by local boards.**

A. Pursuant to § 63.2-319, a local board shall have the right to accept for placement in suitable family homes, children's residential facilities or independent living arrangements, subject to the supervision of the Commissioner and in accordance with regulations adopted by the Board, such persons under 18 years of age as may be entrusted to it by the parent, parents or guardian, committed by any court of competent jurisdiction, or placed through an agreement between it and the parent, parents or guardians where legal custody remains with the parent, parents, or guardians.

The Board shall adopt regulations for the provision of foster care services by local boards, which shall be directed toward the prevention of unnecessary foster care placements and towards the immediate care of and permanent planning for children in the custody of or placed by local boards and that shall achieve, as quickly as practicable, permanent placements for such children. The local board shall first seek out kinship care options to keep children out of foster care and as a placement option for those children in foster care, if it is in the child's best interests, pursuant to § 63.2-900.1. In cases in which a child cannot be returned to his prior family or placed for adoption and kinship care is not currently in the best interests of the child, the local board shall consider the placement and services that afford the best alternative for protecting the child's welfare. Placements may include but are not limited to family foster care, treatment foster care and residential care. Services may include but are not limited to assessment and stabilization, diligent family search, intensive in-home, intensive wraparound, respite, mentoring, family mentoring, adoption support, supported adoption, crisis stabilization or other community-based services. The Board shall also approve in foster care policy the language of the agreement required in § 63.2-902. The agreement shall include at a minimum a Code of Ethics and mutual responsibilities for all parties to the agreement.

Within 30 days of accepting for foster care placement a person under 18 years of age whose father is unknown, the local board shall request a search of the ~~Putative~~ *Virginia Birth Father Registry* established pursuant to Article 7 (§ 63.2-1249 et seq.) of Chapter 12 to determine whether any man has registered as the putative father of the child. If the search results indicate that a man has registered as the putative father of the child, the local board shall contact the man to begin the process to determine paternity.

The local board shall, in accordance with the regulations adopted by the Board and in accordance with the entrustment agreement or other order by which such person is entrusted or committed to its care, have custody and control of the person so entrusted or committed to it until he is lawfully discharged, has been adopted or has attained his majority.

Whenever a local board places a child where legal custody remains with the parent, parents or guardians, the board shall enter into an agreement with the parent, parents or guardians. The agreement shall specify the responsibilities of each for the care and control of the child.

The local board shall have authority to place for adoption, and to consent to the adoption of, any child properly committed or entrusted to its care when the order of commitment or entrustment agreement between the parent or parents and the agency provides for the termination of all parental rights and responsibilities with respect to the child for the purpose of placing and consenting to the adoption of the child.

The local board shall also have the right to accept temporary custody of any person under 18 years of age taken into custody pursuant to subdivision B of § 16.1-246 or § 63.2-1517. The placement of a child in a foster home, whether within or without the Commonwealth, shall not be for the purpose of adoption unless the placement agreement between the foster parents and the local board specifically so stipulates.

B. Prior to the approval of any family for placement of a child, a home study shall be completed and the prospective foster or adoptive parents shall be informed that information about shaken baby syndrome, its effects, and resources for help and support for caretakers is available on a website maintained by the Department as prescribed in regulations adopted by the Board.

C. Prior to placing any such child in any foster home or children's residential facility, the local board shall enter into a written agreement with the foster parents, pursuant to § 63.2-902, or other appropriate custodian setting forth therein the conditions under which the child is so placed pursuant to § 63.2-902. However, if a child is placed in a children's residential facility licensed as a temporary emergency shelter, and a verbal agreement for placement is secured within eight hours of the child's arrival at the facility, the written agreement does not need to be entered into prior to placement, but shall be completed and signed by the local board and the facility representative within 24 hours of the child's arrival or by the end of the next business day after the child's arrival.

D. Within 72 hours of placing a child of school age in a foster care placement, as defined in § 63.2-100, the local social services agency making such placement shall, in writing, (i) notify the principal of the school in which the student is to be enrolled and the superintendent of the relevant school division or his designee of such placement, and (ii) inform the principal of the status of the parental rights.

If the documents required for enrollment of the foster child pursuant to § 22.1-3.1, 22.1-270 or 22.1-271.2, are not immediately available upon taking the child into custody, the placing social services agency shall obtain and produce or otherwise ensure compliance with such requirements for the foster child within 30 days after the child's enrollment.

**§ 63.2-1201. Filing of petition for adoption; venue; jurisdiction; and proceedings.**

Proceedings for the adoption of a minor child and for a change of name of such child shall be instituted only by petition to a circuit court in the county or city in which the petitioner resides, in the county or city in which the child-placing agency that placed the child is located, or in the county or city in which a birth parent executed a consent pursuant to § 63.2-1233. Such petition may be filed by any natural person who resides in the Commonwealth, or who has custody of a child placed by a child-placing agency of the Commonwealth, or by an adopting parent of a child who was subject to a consent proceeding held pursuant to § 63.2-1233, or by intended parents who are parties to a surrogacy contract. The petition shall ask leave to adopt a minor child not legally the petitioner's by birth and, if it is so desired by the petitioner, also to change the name of such child. In the case of married persons, or persons who were previously married who are permitted to adopt a child under § 63.2-1201.1, the petition shall be the joint petition of the husband and wife or former spouses but, in the event the child to be adopted is legally the child by birth or adoption of one of the petitioners, such petitioner shall unite in the petition for the purpose of indicating consent to the prayer thereof only. If any procedural provision of this chapter applies to only one of the adoptive parents, then the court may waive the application of the procedural provision for the spouse of the adoptive parent to whom the provision applies. The petition shall contain a full disclosure of the circumstances under which the child came to live, and is living, in the home of the petitioner. Each petition for adoption shall be signed by the petitioner as well as by counsel of record, if any. In any case in which the petition seeks the entry of an adoption order without referral for investigation, the petition shall be under oath.

A single petition for adoption under the provisions of this section shall be sufficient for the concurrent adoption by the same petitioners of two or more children who have the same birth parent or parents, and nothing in this section shall be construed as having heretofore required a separate petition for each of such children.

The petition for adoption, except those filed pursuant to subdivisions 5 and 6 of § 63.2-1210, shall include an additional \$50 filing fee that shall be used to fund the ~~Putative~~ *Putative Virginia Birth* Father Registry established in Article 7 (§ 63.2-1249 et seq.) of this chapter.

A petition filed while the child is under 18 years of age shall not become invalid because the child reaches 18 years of age prior to the entry of a final order of adoption. Any final order of adoption entered pursuant to § 63.2-1213 after a child reaches 18 years of age, where the petition was filed prior to the child turning 18 years of age, shall have the same effect as if the child was under 18 years of age at the time the order was entered by the circuit court provided the court has obtained the consent of the adoptee.

**§ 63.2-1202. Parental, or agency, consent required; exceptions.**

A. No petition for adoption shall be granted, except as hereinafter provided in this section, unless written consent to the proposed adoption is filed with the petition. Such consent shall be in writing, signed under oath and acknowledged before an officer authorized by law to take acknowledgments. The consent of a birth parent for the adoption of his child placed directly by the birth parent shall be executed as provided in § 63.2-1233, and the circuit court may accept a certified copy of an order entered pursuant to § 63.2-1233 in satisfaction of all requirements of this section, provided the order clearly evidences compliance with the applicable notice and consent requirements of § 63.2-1233.

B. A birth parent who has not reached the age of 18 shall have legal capacity to give consent to adoption and perform all acts related to adoption, and shall be as fully bound thereby as if the birth parent had attained the age of 18 years.

C. Consent shall be executed:

1. By the birth mother and by any man who:

a. Is an acknowledged father under § 20-49.1;

b. Is an adjudicated father under § 20-49.8;

c. Is a presumed father under subsection D; or

d. Has registered with the ~~Putative Virginia Birth~~ *Putative Virginia Birth* Father Registry pursuant to Article 7 (§ 63.2-1249 et seq.).

Verification of compliance with the notice provisions of the ~~Putative Virginia Birth~~ *Putative Virginia Birth* Father Registry shall be provided to the court.

2. By the child-placing agency or the local board having custody of the child, with right to place him for adoption, through court commitment or parental agreement as provided in § 63.2-900, 63.2-903, or 63.2-1221; or an agency outside the Commonwealth that is licensed or otherwise duly authorized to place children for adoption by virtue of the laws under which it operates; and

3. By the child if he is 14 years of age or older, unless the circuit court finds that the best interests of the child will be served by not requiring such consent.

D. A man shall be presumed to be the father of a child if:

1. He and the mother of the child are married to each other and the child is born during the marriage;

2. He and the mother of the child were married to each other and the child is born within 300 days of their date of separation, as evidenced by a written agreement or decree of separation, or within 300 days after the marriage is terminated by death, annulment, declaration of invalidity, or divorce; or

3. Before the birth of the child, he and the mother of the child married each other in apparent compliance with the law, even if the attempted marriage is or could be declared invalid, and the child is born during the invalid marriage or within 300 days of their date of separation, as evidenced by a written agreement or decree of separation, or within 300 days after its termination by death, annulment, declaration of invalidity, or divorce.

Such presumption may be rebutted by sufficient evidence that would establish by a preponderance of the evidence the paternity of another man or the impossibility or improbability of cohabitation with the birth mother for a period of at least 300 days prior to the birth of the child.

E. No consent shall be required of a birth father if he denies under oath and in writing the paternity of the child. Such denial of paternity may be withdrawn no more than 10 days after it is executed. Once the child is 10 days old, any executed denial of paternity is final and constitutes a waiver of all rights with respect to the adoption of the child and cannot be withdrawn.

F. No consent shall be required of the birth father of a child when the birth father is convicted of a violation of subsection A of § 18.2-61, § 18.2-63, subsection B of § 18.2-366, or an equivalent offense of another state, the United States, or any foreign jurisdiction, and the child was conceived as a result of such violation.

G. No notice or consent shall be required of any person whose parental rights have been terminated by a court of competent jurisdiction, including foreign courts that have competent jurisdiction. No notice or consent is required of any birth parent of a child for whom a guardianship order was granted when the child was approved by the United States Citizenship and Immigration Services for purposes of adoption.

H. No consent shall be required of a birth parent who, without just cause, has neither visited nor contacted the child for a period of six months immediately prior to the filing of the petition for adoption or the filing of a petition to accept consent to an adoption. The prospective adoptive parent(s) shall establish by clear and convincing evidence that the birth parent(s), without just cause, has neither visited nor contacted the child for a period of six months immediately prior to the filing of the petition for adoption or the filing of a petition to accept consent to an adoption. This provision shall not infringe upon the birth parent's right to be noticed and heard on the allegation of abandonment. For purposes of this section, the payment of child support, in the absence of other contact with the child, shall not be considered contact.

I. A birth father of the child may consent to the termination of all of his parental rights prior to the birth of the child.

J. The failure of the nonconsenting party to appear at any scheduled hearing, either in person or by counsel, after proper notice has been given to said party, shall constitute a waiver of any objection and right to consent to the adoption.

K. If a birth parent, legal guardian, or prospective adoptee, executing a consent, entrustment, or other documents related to the adoption, cannot provide the identification required pursuant to § 47.1-14, the birth parent, legal guardian, or prospective adoptee may execute a self-authenticating affidavit as to his identity subject to the penalties contained in § 63.2-1217.

**§ 63.2-1222. Execution of entrustment agreement by birth parent(s); exceptions; notice and objection to entrustment; copy required to be furnished; requirement for agencies outside the Commonwealth.**

A. For the purposes of this section, a birth parent who is less than 18 years of age shall be deemed fully competent and shall have legal capacity to execute a valid entrustment agreement, including an agreement that provides for the termination of all parental rights and responsibilities, and perform all acts related to adoption and shall be as fully bound thereby as if such birth parent had attained the age of 18 years.

B. An entrustment agreement for the termination of all parental rights and responsibilities with respect to the child shall be valid notwithstanding that it is not signed by the birth father of a child born out of wedlock if the identity of the birth

father is not reasonably ascertainable or such birth father did not register with the ~~Putative~~ *Virginia Birth* Father Registry pursuant to Article 7 (§ 63.2-1249 et seq.) or the birth father named by the birth mother denies under oath and in writing the paternity of the child. An affidavit signed by the birth mother stating that the identity of the birth father is unknown may be filed with the court alleging that the identity of the birth father is not known or reasonably ascertainable. A birth father shall be given notice of the entrustment if he is an acknowledged father pursuant to § 20-49.1, an adjudicated father pursuant to § 20-49.8, a presumed father pursuant to § 63.2-1202, or a putative father who has registered with ~~Putative~~ *the Virginia Birth* Father Registry pursuant to Article 7 (§ 63.2-1249 et seq.). If the putative father's identity is reasonably ascertainable, he shall be given notice pursuant to the requirements of § 63.2-1250.

C. When a birth father is required to be given notice, he may be given notice of the entrustment by registered or certified mail to his last known address. If he fails to object to the entrustment within 15 days of the mailing of such notice, his entrustment shall not be required. An objection to an entrustment agreement shall be in writing, signed by the objecting party or counsel of record for the objecting party and filed with the agency that mailed the notice of entrustment within the time period specified in § 63.2-1223.

D. The execution of an entrustment agreement shall be required of a presumed father except under the following circumstances: (i) if he denies paternity under oath and in writing in accordance with § 63.2-1202; (ii) if the presumption is rebutted by sufficient evidence, satisfactory to the circuit court, which would establish by a preponderance of the evidence the paternity of another man or the impossibility or improbability of cohabitation of the birth mother and her husband for a period of at least 300 days preceding the birth of the child; (iii) if another man admits, in writing and under oath, that he is the biological father; or (iv) if an adoptive placement has been determined to be in the best interests of the child pursuant to § 63.2-1205.

E. When none of the provisions of subsections C and D apply, notice of the entrustment shall be given to the presumed father pursuant to the requirements of § 16.1-277.01.

F. An entrustment agreement for the termination of all parental rights and responsibilities with respect to the child shall be valid notwithstanding that it is not signed by the birth father of a child when the birth father has been convicted of a violation of subsection A of § 18.2-61, § 18.2-63, subsection B of § 18.2-366, or an equivalent offense of another state, the United States, or any foreign jurisdiction, and the child was conceived as a result of such violation.

G. A birth father may execute an entrustment agreement for the termination of all of his parental rights prior to the birth of the child. Such entrustment shall be subject to the revocation provisions of § 63.2-1223.

H. No entrustment shall be required of a birth father if he denies under oath and in writing the paternity of the child. Such denial of paternity may be withdrawn no more than 10 days after it is executed. Once the child is 10 days old, any executed denial of paternity is final and constitutes a waiver of all rights with respect to the adoption of the child and cannot be withdrawn.

I. A copy of the entrustment agreement shall be furnished to all parties signing such agreement.

J. When any agency outside the Commonwealth, or its agent, that is licensed or otherwise duly authorized to place children for adoption by virtue of the laws under which it operates executes an entrustment agreement in the Commonwealth with a birth parent for the termination of all parental rights and responsibilities with respect to the child, the requirements of §§ 63.2-1221 through 63.2-1224 shall apply. The birth parent may expressly waive, under oath and in writing, the execution of the entrustment under the requirements of §§ 63.2-1221 through 63.2-1224 in favor of the execution of an entrustment or relinquishment under the laws of another state if the birth parent is represented by independent legal counsel. Such written waiver shall expressly state that the birth parent has received independent legal counsel advising of the laws of Virginia and of the other state and that Virginia law is expressly being waived. The waiver also shall include the name, address, and telephone number of such legal counsel. Any entrustment agreement that fails to comply with such requirements shall be void.

**§ 63.2-1224. Explanation of process, legal effects of adoption required.**

Prior to the placement of a child for adoption, the licensed child-placing agency or local board having custody of the child shall provide an explanation of the adoption process to the birth mother and, if reasonably available, the man who is an acknowledged father pursuant to § 20-49.1, an adjudicated father pursuant to § 20-49.8, a presumed father pursuant to § 63.2-1202, or a putative father who has registered with the ~~Putative~~ *Virginia Birth* Father Registry pursuant to Article 7 (§ 63.2-1249 et seq.) of this chapter.

**§ 63.2-1233. Consent to be executed in juvenile and domestic relations district court; exceptions.**

When the juvenile and domestic relations district court is satisfied that all requirements of § 63.2-1232 have been met with respect to at least one birth parent and the adoptive child is at least in the third calendar day of life, that birth parent or both birth parents, as the case may be, shall execute consent to the proposed adoption in compliance with the provisions of § 63.2-1202 while before the juvenile and domestic relations district court in person and in the presence of the prospective adoptive parents. The juvenile and domestic relations district court shall accept the consent of the birth parent(s) and transfer custody of the child to the prospective adoptive parents, pending notification to any nonconsenting birth parent, as described hereinafter.

1. a. The execution of consent before the juvenile and domestic relations district court shall not be required of a birth father if the birth father consents under oath and in writing to the adoption.

b. The consent of a birth father who is not married to the mother of the child at the time of the child's conception or birth shall not be required if the putative father named by the birth mother denies under oath and in writing the paternity of

the child or if the putative father did not register with the ~~Putative~~ *Virginia Birth* Father Registry pursuant to Article 7 (§ 63.2-1249 et seq.) of this chapter. If the identity of the birth father is reasonably ascertainable, but the whereabouts of the birth father are not reasonably ascertainable, verification of compliance with the ~~Putative~~ *Virginia Birth* Father Registry shall be provided to the court.

c. When a birth father is required to be given notice, he may be given notice of the adoption by registered or certified mail to his last known address and if he fails to object to the adoption within 15 days of the mailing of such notice, his consent shall not be required. An objection shall be in writing, signed by the objecting party or counsel of record for the objecting party and shall be filed with the clerk of the juvenile and domestic relations district court in which the petition was filed during the business day of the court, within the time period specified in this section. When no timely objection is filed, no hearing on this issue is required. Failure of the objecting party to appear at any scheduled hearing, either in person or by counsel, shall constitute a waiver of such objection.

d. The juvenile and domestic relations district court may accept the written consent of the birth father at the time of the child's conception or birth, provided that his identifying information required in § 63.2-1232 is filed in writing with the juvenile and domestic relations district court of jurisdiction. Such consent shall advise the birth father of his opportunity for legal representation, shall identify the court in which the case was or is intended to be filed, and shall be presented to the juvenile and domestic relations district court for acceptance. The consent may waive further notice of the adoption proceedings and shall contain the name, address and telephone number of the birth father's legal counsel or an acknowledgment that he was informed of his opportunity to be represented by legal counsel and declined such representation. For good cause shown, the court may dispense with the requirements regarding the filing of the birth father's identifying information pursuant to this subdivision 1. d.

e. In the event that the birth mother's consent is not executed in the juvenile and domestic relations district court, the consent of the birth father shall be executed in the juvenile and domestic relations district court.

f. A child born to a married birth mother shall be presumed to be the child of her husband and his consent shall be required, unless the court finds that the father's consent is withheld contrary to the best interests of the child as provided in § 63.2-1205 or if his consent is unobtainable. The consent of such presumed father shall be under oath and in writing and may be executed in or out of court. The presumption that the husband is the father of the child may be rebutted by sufficient evidence, satisfactory to the juvenile and domestic relations district court, which would establish by a preponderance of the evidence the paternity of another man or the impossibility or improbability of cohabitation of the birth mother and her husband for a period of at least 300 days preceding the birth of the child, in which case the husband's consent shall not be required. The executed denial of paternity by the putative father shall be sufficient to rebut the presumption that he is the father of the child. If the court is satisfied that the presumption has been rebutted, notice of the adoption shall not be required to be given to the presumed father.

2. After the application of the provisions of subdivision 1, if a birth parent is entitled to a hearing, the birth parent shall be given notice of the date and location of the hearing and be given the opportunity to appear before the juvenile and domestic relations district court. Such hearing may occur subsequent to the proceeding wherein the consenting birth parent appeared but may not be held until 15 days after personal service of notice on the nonconsenting birth parent, or if personal service is unobtainable, 10 days after the completion of the execution of an order of publication against such birth parent. The juvenile and domestic relations district court may appoint counsel for the birth parent(s). If the juvenile and domestic relations district court finds that consent is withheld contrary to the best interests of the child, as set forth in § 63.2-1205, or is unobtainable, it may grant the petition without such consent and enter an order waiving the requirement of consent of the nonconsenting birth parent and transferring custody of the child to the prospective adoptive parents. No further consent or notice shall be required of a birth parent who fails to appear at any scheduled hearing, either in person or by counsel. If the juvenile and domestic relations district court denies the petition, the juvenile and domestic relations district court shall order that any consent given for the purpose of such placement shall be void and, if necessary, the court shall determine custody of the child as between the birth parents.

3. Except as provided in subdivisions 4 and 5, if consent cannot be obtained from at least one birth parent, the juvenile and domestic relations district court shall deny the petition and determine custody of the child pursuant to § 16.1-278.2.

4. If a child has been under the physical care and custody of the prospective adoptive parents and if both birth parents have failed, without good cause, to appear at a hearing to execute consent under this section for which they were given proper notice pursuant to § 16.1-264, the juvenile and domestic relations district court may grant the petition without the consent of either birth parent and enter an order waiving consent and transferring custody of the child to the prospective adoptive parents. Prior to the entry of such an order, the juvenile and domestic relations district court may appoint legal counsel for the birth parents and shall find by clear and convincing evidence (i) that the birth parents were given proper notice of the hearing(s) to execute consent and of the hearing to proceed without their consent; (ii) that the birth parents failed to show good cause for their failure to appear at such hearing(s); and (iii) that pursuant to § 63.2-1205, the consent of the birth parents is withheld contrary to the best interests of the child or is unobtainable. Under this subdivision, the court or the parties may waive the requirement of the simultaneous meeting under § 63.2-1231 and the requirements of subdivisions A 1, A 3, and A 7 of § 63.2-1232 where the opportunity for compliance is not reasonably available under the applicable circumstances.

5. If both birth parents are deceased, the juvenile and domestic relations district court, after hearing evidence to that effect, may grant the petition without the filing of any consent.

6. No consent shall be required from the birth father of a child placed pursuant to this section when such father is convicted of a violation of subsection A of § 18.2-61, § 18.2-63, subsection B of § 18.2-366, or an equivalent offense of another state, the United States, or any foreign jurisdiction, and the child was conceived as a result of such violation, nor shall the birth father be entitled to notice of any of the proceedings under this section.

7. No consent shall be required of a birth father if he denies under oath and in writing the paternity of the child. Such denial of paternity may be withdrawn no more than 10 days after it is executed. Once the child is 10 days old, any executed denial of paternity is final and constitutes a waiver of all rights with the respect to the adoption of the child and cannot be withdrawn.

8. A birth father may consent to the adoption prior to the birth of the child.

9. The juvenile and domestic relations district court shall review each order entered under this section at least annually until such time as the final order of adoption is entered.

10. When there has been an interstate transfer of the child in a parental placement adoption in compliance with Chapter 10 (§ 63.2-1000 et seq.) of this title, all matters relating to the adoption of the child including, but not limited to, custody and parentage shall be determined in the court of appropriate jurisdiction in the state that was approved for finalization of the adoption by the interstate compact authorities.

**§ 63.2-1249. Establishment of Registry.**

A. A ~~Putative~~ Virginia Birth Father Registry is hereby established in the Department of Social Services.

B. There is hereby created in the state treasury a special nonreverting fund to be known as the ~~Putative~~ Virginia Birth Father Registry Fund, hereafter referred to as "the Fund." The Fund shall be established on the books of the Comptroller. All moneys collected under § 63.2-1201 shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purposes of administration of the ~~Putative~~ Virginia Birth Father Registry. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Commissioner or his designee.

**§ 63.2-1250. Registration; notice; form.**

A. ~~Except as otherwise provided in subsection C,~~ *Any man who has engaged in sexual intercourse with a woman is deemed to be on legal notice that a child may be conceived and that the man is entitled to all legal rights and obligations resulting therefrom. Lack of knowledge of the pregnancy does not excuse failure to timely register with the Virginia Birth Father Registry.*

B. A man who desires to be notified of a placement of a child by a local board pursuant to § 63.2-900, a proceeding for adoption, or a proceeding for termination of parental rights regarding a child that he may have fathered shall register with the ~~Putative~~ Virginia Birth Father Registry ~~before the birth of the child or within 10 days after the birth.~~ *A registrant shall promptly notify the registry of any change in the information registered including but not limited to change of address. The Department shall incorporate all new information received into its records but is not required to obtain current information for incorporation in the registry.*

C. ~~Failure to timely register with the Virginia Birth Father Registry shall waive all rights of a man who is not acknowledged to be, presumed to be, or adjudicated the father to withhold consent to an adoption proceeding unless the man was led to believe through the birth mother's misrepresentation that (i) the pregnancy was terminated or the mother miscarried when in fact the baby was born or (ii) the child died when in fact the child is alive. Upon discovery of the misrepresentation, the man shall register with the Virginia Birth Father Registry within 10 days.~~

~~B.~~ D. A man will not prejudice any rights by failing to register if:

1. A father-child relationship between the man and the child has been established pursuant to § 20-49.1, 20-49.8, or if the man is a presumed father as defined in § 63.2-1202; or

2. The man commences a proceeding to adjudicate his paternity before a petition to accept consent or waive adoption consent is filed in the juvenile and domestic relations district court, or *before* a petition for adoption or a petition for the termination of his parental rights is filed with the court.

~~C. Failure to register pursuant to subsection A shall waive all rights of a man who is not an acknowledged, presumed, or adjudicated father to withhold consent to an adoption proceeding unless the man was led to believe through the birth mother's fraud that (i) the pregnancy was terminated or the mother miscarried when in fact the baby was born or (ii) that the child died when in fact the child is alive. Upon the discovery of the fraud, the man shall register with the Putative Father Registry within 10 days.~~

*E. Registration is timely if it is received by the Department within (i) 10 days of the child's birth or (ii) the time specified in subsection C or F. Registration is complete when the signed registration form is first received by the Department. The signed registration form shall be submitted in the manner prescribed by the Department.*

*F. In the event that the identity and whereabouts of the birth father are reasonably ascertainable, the child-placing agency or adoptive parents shall give written notice to the birth father of the existence of an adoption plan and the availability of registration with the Virginia Birth Father Registry. Such written notice shall be provided by personal service or by certified mailing to the birth father's last known address. Registration is timely if the signed registration form is received by the Department within 10 days of personal service of the written notice or within 13 days of the certified mailing date of the written notice. The personal service or certified mailing may be completed either prior to or after the birth of the child.*

~~D. G.~~ The child-placing agency or adoptive parent(s) shall give notice to a registrant who has timely registered of a placement of a child by a local board pursuant to § 63.2-900, a proceeding for adoption, or a proceeding for termination of parental rights regarding a child to a registrant who has timely registered pursuant to subsection A. Notice shall be given pursuant to the requirements of this chapter or § 16.1-277.01 for the appropriate adoption proceeding.

~~E.~~ Any man who has engaged in sexual intercourse with a woman is deemed to be on legal notice that a child may be conceived and the man is entitled to all legal rights and obligations resulting therefrom. Lack of knowledge of the pregnancy does not excuse failure to timely register. In the event that the identity and whereabouts of the birth father are reasonably ascertainable, written notice of the existence of an adoption plan and the availability of registration with the Putative Father Registry shall be provided by personal service or by certified mailing to the man's last known address. The man shall have no more than 10 days from the date of such personal service or certified mailing to register. The personal service or certified mailing may be done either prior to or after the birth of the child.

~~F. H. 1.~~ The Department shall prepare a form for registering with the agency that shall require (i) the registrant's name, date of birth and social security number; (ii) the registrant's driver's license number and state of issuance; (iii) the registrant's home address, telephone number, and employer; (iv) the name, date of birth, ethnicity, address, and telephone number of the putative mother, if known; (v) the state of conception; (vi) the place and date of birth of the child, if known; (vii) the name and gender of the child, if known; and (viii) the signature of the registrant. No form for registering with the Putative Virginia Birth Father Registry pursuant to this subsection shall be complete unless signed by the registrant and the signed registration form is received by the Department in the manner prescribed by the Department.

~~G. 2.~~ The form shall also state that (i) timely registration entitles the registrant to notice of a proceeding for adoption of the child or termination of the registrant's parental rights, (ii) registration does not commence a proceeding to establish paternity, (iii) the information disclosed on the form may be used against the registrant to establish paternity, (iv) services to assist in establishing paternity are available to the registrant through the Department, (v) the registrant should also register in another state if conception or birth of the child occurred in another state, (vi) information on registries of other states may be available from the Department, (vii) the form is signed under penalty of perjury, and (viii) procedures exist to rescind the registration of a claim of paternity.

~~3.~~ A registrant shall promptly notify the Virginia Birth Father Registry of any change in information, including change of address. The Department shall incorporate all updated information received into its records but is not required to request or otherwise pursue current or updated information for incorporation in the registry.

#### § 63.2-1252. Search of registry.

A. If no father-child relationship has been established pursuant to § 20-49.1, a petitioner for adoption shall obtain from the Department a certificate that a search of the Putative Virginia Birth Father Registry was performed. If the conception or birth of the child occurred in another state, a petitioner for adoption shall obtain a certificate from that state indicating that a search of the putative father registry was performed, if that state has a putative father registry.

B. The Department shall furnish to the requester a certificate of search of the registry upon the request of an individual, court, or agency listed in § 63.2-1251. Any such certificate shall be signed on behalf of the Department and state that a search has been made of the registry and a registration containing the information required to identify the registrant has been found and is attached to the certificate of search or has not been found. Within four business days from the receipt of the request, the Department shall mail the certificate to the requestor by United States mail. Upon request of the requestor and payment of any additional costs, the Department shall have the certificate delivered to the requestor by overnight mail, in person, by messenger, by facsimile or other electronic communication. The Department's certificate or an appropriate certificate from another state shall be sufficient proof the registry was searched.

C. A petitioner shall file the certificate of search with the court before a proceeding for adoption of, or termination of parental rights regarding, a child may be concluded.

D. A certificate of search of the Putative Virginia Birth Father Registry is admissible in a proceeding for adoption of, or termination of parental rights regarding, a child and, if relevant, in other legal proceedings.

#### § 63.2-1253. Duty to publicize registry.

A. The Department shall produce and distribute a pamphlet or other publication informing the public about the Putative Virginia Birth Father Registry including (i) the procedures for voluntary acknowledgement of paternity, (ii) the consequences of acknowledgement and failure to acknowledge paternity pursuant to § 20-49.1, (iii) a description of the Putative Virginia Birth Father Registry including to whom and under what circumstances it applies, (iv) the time limits and responsibilities for filing, (v) paternal rights and associated responsibilities, and (vi) other appropriate provisions of this article.

B. Such pamphlet or publication shall include a detachable form that meets the requirements of subsection ~~F H~~ of § 63.2-1250, is suitable for United States mail, and is addressed to the Putative Virginia Birth Father Registry. Such pamphlet or publication shall be made available for distribution at all offices of the Department of Health and all local departments of social services. The Department shall also provide such pamphlets or publications to hospitals, libraries, medical clinics, schools, universities, and other providers of child-related services upon request.

C. The Department shall provide information to the public at large by way of general public service announcements, or other ways to deliver information to the public about the Putative Virginia Birth Father Registry and its services.

## CHAPTER 201

*An Act to amend and reenact § 63.2-1720, as it is currently effective and as it shall become effective, of the Code of Virginia, relating to assisted living facilities and adult day care centers; background checks.*

[S 1434]

Approved February 23, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 63.2-1720, as it is currently effective and as it shall become effective, of the Code of Virginia is amended and reenacted as follows:**

**§ 63.2-1720. (Effective until July 1, 2017) Employment for compensation of persons or use of volunteers convicted of certain offenses prohibited; background check required; penalty.**

A. An assisted living facility, adult day care center or child welfare agency licensed or registered in accordance with the provisions of this chapter, or family day homes approved by family day systems, shall not hire for compensated employment or continue to employ persons who have an offense as defined in § 63.2-1719. Such employees shall undergo background checks pursuant to subsection D. In the case of child welfare agencies, the provisions of this section shall apply to employees who are involved in the day-to-day operations of such agency or who are alone with, in control of, or supervising one or more children.

B. A licensed assisted living facility or adult day care center may hire an applicant *or continue to employ a person* convicted of one misdemeanor barrier crime not involving abuse or neglect, if five years have elapsed following the conviction.

C. Notwithstanding the provisions of subsection A, a child day center may hire for compensated employment persons who have been convicted of not more than one misdemeanor offense under § 18.2-57 if 10 years have elapsed following the conviction, unless the person committed such offense while employed in a child day center or the object of the offense was a minor.

D. Background checks pursuant to this section require:

1. A sworn statement or affirmation disclosing whether the person has a criminal conviction or is the subject of any pending criminal charges within or outside the Commonwealth and, in the case of child welfare agencies, whether or not the person has been the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth;

2. A criminal history record check through the Central Criminal Records Exchange pursuant to § 19.2-389; and

3. In the case of child welfare agencies, a search of the central registry maintained pursuant to § 63.2-1515 for any founded complaint of child abuse and neglect.

E. Any person desiring to work as a compensated employee at a licensed assisted living facility, licensed adult day care center, a licensed or registered child welfare agency, or a family day home approved by a family day system shall provide the hiring or approving facility, center or agency with a sworn statement or affirmation pursuant to subdivision D 1. Any person making a materially false statement regarding the sworn statement or affirmation provided pursuant to subdivision D 1 shall be guilty of a Class 1 misdemeanor.

F. A licensed assisted living facility, licensed adult day care center, a licensed or registered child welfare agency, or a family day home approved by a family day system shall obtain for any compensated employees within 30 days of employment (i) an original criminal record clearance with respect to convictions for offenses specified in § 63.2-1719 or an original criminal history record from the Central Criminal Records Exchange and (ii) in the case of licensed or registered child welfare agencies or family day homes approved by family day systems, a copy of the information from the central registry. However, no employee shall be permitted to work in a position that involves direct contact with a person or child receiving services until an original criminal record clearance or original criminal history record has been received, unless such person works under the direct supervision of another employee for whom a background check has been completed in accordance with the requirements of this section. If an applicant is denied employment because of information from the central registry or convictions appearing on his criminal history record, the assisted living facility, adult day care center or child welfare agency shall provide a copy of the information obtained from the central registry or the Central Criminal Records Exchange or both to the applicant.

G. No volunteer who has an offense as defined in § 63.2-1719 shall be permitted to serve in a licensed or registered child welfare agency or a family day home approved by a family day system. Any person desiring to volunteer at such a child welfare agency shall provide the agency with a sworn statement or affirmation pursuant to subdivision D 1. Such child welfare agency shall obtain for any volunteers, within 30 days of commencement of volunteer service, a copy of (i) the information from the central registry and (ii) an original criminal record clearance with respect to offenses specified in § 63.2-1719 or an original criminal history record from the Central Criminal Records Exchange. Any person making a materially false statement regarding the sworn statement or affirmation provided pursuant to subdivision D 1 shall be guilty of a Class 1 misdemeanor. If a volunteer is denied service because of information from the central registry or convictions appearing on his criminal history record, such child welfare agency shall provide a copy of the information obtained from the central registry or the Central Criminal Records Exchange or both to the volunteer. The provisions of this subsection shall apply only to volunteers who will be alone with any child in the performance of their duties and shall not apply to a parent-volunteer of a child attending a licensed or registered child welfare agency, or a family day home approved by a

family day system, whether or not such parent-volunteer will be alone with any child in the performance of his duties. A parent-volunteer is someone supervising, without pay, a group of children that includes the parent-volunteer's own child in a program that operates no more than four hours per day, provided that the parent-volunteer works under the direct supervision of a person who has received a clearance pursuant to this section.

H. No volunteer shall be permitted to serve in a licensed assisted living facility or licensed adult day care center without the permission or under the supervision of a person who has received a clearance pursuant to this section.

I. Further dissemination of the background check information is prohibited other than to the Commissioner's representative or a federal or state authority or court as may be required to comply with an express requirement of law for such further dissemination.

J. A licensed assisted living facility shall notify and provide all students a copy of the provisions of this article prior to or upon enrollment in a certified nurse aide program operated by such assisted living facility.

K. The provisions of this section shall not apply to any children's residential facility licensed pursuant to § 63.2-1701, which instead shall comply with the background investigation requirements contained in § 63.2-1726.

L. A person who complies in good faith with the provisions of this section shall not be liable for any civil damages for any act or omission in the performance of duties under this section unless the act or omission was the result of gross negligence or willful misconduct.

**§ 63.2-1720. (Effective July 1, 2017) Assisted living facilities and adult day care centers; employment for compensation of persons or use of volunteers convicted of certain offenses prohibited; background check required; penalty.**

A. No assisted living facility, adult day care center, child-placing agency, independent foster home, or family day system licensed in accordance with the provisions of this chapter, or registered family day homes or family day homes approved by family day systems, shall hire for compensated employment or continue to employ persons who have an offense as defined in § 63.2-1719. All applicants for employment shall undergo background checks pursuant to subsection C.

## CHAPTER 211

*An Act to amend and reenact §§ 53.1-81 and 53.1-82 of the Code of Virginia, relating to reimbursement of capital costs; regional jails; regional contracts for cooperative jailing.*

[S 1313]

Approved February 23, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 53.1-81 and 53.1-82 of the Code of Virginia are amended and reenacted as follows:**

**§ 53.1-81. Construction and operation of regional jail facilities; state reimbursement; agreements with Department.**

A. Three or more cities or counties, or any combination thereof, are authorized, pursuant to approval of the Board, to construct, enlarge or renovate a regional jail facility or to enlarge or renovate an existing jail for the purpose of establishing a regional jail facility. In addition, (i) any regional jail facilities established by three or more cities, counties or towns, or any combination thereof, on or before January 31, 1993, (ii) any existing regional jail facilities established by only two cities, counties or towns on or before June 30, 1982, and (iii) any regional jail facilities established by only two contiguous counties whose boundaries are not contiguous by land with the boundaries of any other county in the Commonwealth, may participate under the provisions of this section. On and after December 1, 1989, subject to the provisions of § 53.1-82.2, the Commonwealth shall reimburse each such locality its pro rata share up to one-half of the capital costs, as defined in § 53.1-82.2, of such construction, enlargement or renovation in accordance with the provisions of this section if the project was approved by the Governor prior to July 1, 2015, or the project is an enlargement or renovation of a regional jail facility created prior to July 1, 2015, and shall reimburse each such locality its pro rata share up to one-fourth of such capital costs if such project is approved by the Governor on or after July 1, 2015, and has been specifically authorized in the general appropriation act. *On or after July 1, 2017, subject to the provisions of § 53.1-82.2, the Commonwealth shall reimburse each such locality its pro rata share up to one-fourth of the capital costs, as defined in § 53.1-82.2, for any construction, enlargement or renovation project in accordance with the provisions of this section if such project is approved by the Governor on or after July 1, 2017, and has been specifically authorized in the general appropriation act.* However, regional jails created by any combination of three or more cities or counties on or after February 1, 1993, shall not be eligible for such reimbursement unless at least three of the participating localities of such combination were each operating a jail on February 1, 1993. The Board shall promulgate regulations, to include criteria which may be used to assess need and establish priorities, to serve as guidelines in evaluating requests for such reimbursement and to ensure the fair and equitable distribution of state funds provided for such purpose. The Department shall apply such regulations in preparing requests for appropriations. No such reimbursement shall be had unless the plans and specifications, including the need for additional personnel, thereof have been submitted to the Governor and the jail project has been approved by him. The Governor shall base his approval in part on the expected operating cost-efficiency of the interior design of the facility. Such reimbursement shall be paid subject to the provisions of § 53.1-82.2.

Such counties, cities, towns, or combination thereof may enter into agreements with the Department of Corrections for the Department to operate such jail or to pay the costs of maintenance, upkeep and other operational costs of the jail. Each city, county or town shall, however, bear the expense of local prisoners from such city, county or town. In such case, the Department shall receive such costs from the funds appropriated in the general appropriation act for criminal costs. The method of operation by the Department shall be in the manner it prescribes, notwithstanding any other provision of law designating sheriffs as the keepers of jails.

In lieu of an agreement by the localities with the Board for construction or operation of jail facilities, the Board may agree to sell land owned by the Commonwealth to the localities. The Governor is hereby authorized, at his discretion and upon the advice of the Board, to execute a conveyance of such land in a form approved by the Attorney General.

B. In the event that a county, city or town requests and receives financial assistance for capital costs of such jail project from the Department of Criminal Justice Services or from other public fund sources outside of the provisions of this section, the total financial assistance and reimbursement shall not exceed the total cost of the project.

**§ 53.1-82. Regional contracts for cooperative jailing of offenders; state reimbursement.**

A. Three or more counties or cities, or any combination thereof, are authorized to contract for services for the detention and confinement of categories of offenders in single or regional jail facilities operated by the contracting jurisdictions. In addition, (i) any three or more counties, cities or towns, or any combination thereof, operating a jail facility pursuant to an agreement for cooperative jailing established on or before January 31, 1993, (ii) any existing regional jail facilities established by only two cities, counties, or towns on or before June 30, 1982, and (iii) any regional jail facilities established by only two contiguous counties whose boundaries are not contiguous by land with the boundaries of any other county in the Commonwealth, may participate under the provisions of this section. The Board shall promulgate regulations specifying the categories of offenders which may be served pursuant to the contracts provided for herein.

The governing bodies of localities participating in an agreement for cooperative jailing shall create a board to advise the locality in which the jail facility is located on matters affecting operation of the facility. Each participating locality shall have at least one representative on the board. The sheriff and any member of the local governing body of each participating locality shall be eligible for appointment to the board; however, when a participating locality appoints more than one representative, the sheriff shall be appointed unless the sheriff is the administrator or superintendent of the jail facility operated pursuant to the agreement for cooperative jailing. A sheriff serving as such administrator or superintendent shall be an ex officio member of the board.

When such contracts are approved by the Board and, for the implementation of the contract, require the construction, enlargement, or renovation of a regional jail facility or the enlargement or renovation of an existing jail, the Commonwealth shall reimburse each such locality its pro rata share, up to one-half, of the capital costs, as defined in § 53.1-82.2, of such jail project in accordance with the provisions of this section and § 53.1-82.2 if the project was approved by the Governor prior to July 1, 2015, or the project is an enlargement or renovation of a regional jail facility created prior to July 1, 2015, and shall reimburse each such locality its pro rata share up to one-fourth of such capital costs if such project is approved by the Governor on or after July 1, 2015, and has been specifically authorized in the general appropriation act. *On or after July 1, 2017, subject to the provisions of § 53.1-82.2, the Commonwealth shall reimburse each such locality its pro rata*

share up to one-fourth of the capital costs, as defined in § 53.1-82.2, for any construction, enlargement or renovation project in accordance with the provisions of this section if such project is approved by the Governor on or after July 1, 2017, and has been specifically authorized in the general appropriation act. Any agreement for cooperative jailing entered into on or after July 1, 1991, which requires the construction, enlargement, or renovation of a single or regional jail facility shall require such counties, cities and towns to participate in the costs of the facility for a minimum period of thirty years.

The Board shall promulgate regulations, to include criteria which may be used to assess need and establish priorities, to serve as guidelines in evaluating requests for such reimbursement and to ensure the fair and equitable distribution of state funds provided for such purpose. The Department shall apply such regulations in preparing requests for appropriations. No such reimbursement shall be had unless the plans and specifications, including the need for additional personnel, thereof have been submitted to the Governor, and the jail project has been approved by him. The Governor shall base his approval in part on the expected operating cost-efficiency of the interior design of the facility. Such reimbursement shall be paid subject to the provisions of § 53.1-82.2.

B. In the event that a county, city or town requests and receives financial assistance for capital costs of a jail project from the Department of Criminal Justice Services or from other public fund sources outside of the provisions of this section, the total financial assistance and reimbursement shall not exceed the total cost of the project.

In addition, no such reimbursement shall be had by localities entering into a contract pursuant to this section on or after February 1, 1993, unless at least three of the participating localities were each operating a jail on February 1, 1993.

**§ 19.2-264.3:1.1. Capital cases; determination of intellectual disability.**

A. As used in this section and § 19.2-264.3:1.2, the following definition applies:

"~~Mentally retarded~~" *Intellectual disability*" means a disability, originating before the age of 18 years, characterized concurrently by (i) significantly subaverage intellectual functioning as demonstrated by performance on a standardized measure of intellectual functioning administered in conformity with accepted professional practice, that is at least two standard deviations below the mean and (ii) significant limitations in adaptive behavior as expressed in conceptual, social and practical adaptive skills.

B. Assessments of ~~mental retardation~~ *intellectual disability* under this section and § 19.2-264.3:1.2 shall conform to the following requirements:

1. Assessment of intellectual functioning shall include administration of at least one standardized measure generally accepted by the field of psychological testing and appropriate for administration to the particular defendant being assessed, taking into account cultural, linguistic, sensory, motor, behavioral and other individual factors. All such measures shall be reported as a range of scores calculated by adding and subtracting the standard error of measurement identified by the test publisher to the defendant's earned score. Testing of intellectual functioning shall be carried out in conformity with accepted professional practice, and whenever indicated, the assessment shall include information from multiple sources. The Commissioner of Behavioral Health and Developmental Services shall maintain an exclusive list of standardized measures of intellectual functioning generally accepted by the field of psychological testing.

The assessment shall include at least one standardized measure generally accepted by the field of psychological testing for assessing adaptive behavior and appropriate for administration to the particular defendant being assessed, unless not feasible. In reaching a clinical judgment regarding whether the defendant exhibits significant limitations in adaptive behavior, the examiner shall give performance on standardized measures whatever weight is clinically appropriate in light of the defendant's history and characteristics and the context of the assessment.

3. Assessment of developmental origin shall be based on multiple sources of information generally accepted by the field of psychological testing and appropriate for the particular defendant being assessed, including, whenever available, educational, social service, medical records, prior disability assessments, parental or caregiver reports, and other collateral data, recognizing that valid clinical assessment conducted during the defendant's childhood may not have conformed to current practice standards.

C. In any case in which the offense may be punishable by death and is tried before a jury, the issue of ~~mental retardation~~ *intellectual disability*, if raised by the defendant in accordance with the notice provisions of subsection E of § 19.2-264.3:1.2, shall be determined by the jury as part of the sentencing proceeding required by § 19.2-264.4.

In any case in which the offense may be punishable by death and is tried before a judge, the issue of ~~mental retardation~~ *intellectual disability*, if raised by the defendant in accordance with the notice provisions of subsection E of § 19.2-264.3:1.2, shall be determined by the judge as part of the sentencing proceeding required by § 19.2-264.4.

The defendant shall bear the burden of proving that he is ~~mentally retarded~~ *a person with intellectual disability* by a preponderance of the evidence.

D. The verdict of the jury, if the issue of ~~mental retardation~~ *intellectual disability* is raised, shall be in writing, and, in addition to the forms specified in § 19.2-264.4, shall include one of the following forms:

(+) 1. "We the jury, on the issue joined, having found the defendant guilty of (here set out the statutory language of the offense charged), and that the defendant has proven by a preponderance of the evidence that he is ~~mentally retarded~~ *a*

person with intellectual disability, fix his punishment at (i) imprisonment for life or (ii) imprisonment for life and a fine of \$ \_\_\_\_\_.

Signed \_\_\_\_\_ foreman"

or

(2) 2. "We the jury, on the issue joined, having found the defendant guilty of (here set out the statutory language of the offense charged) find that the defendant has not proven by a preponderance of the evidence that he is ~~mentally retarded~~ a person with intellectual disability.

Signed \_\_\_\_\_ foreman"

**§ 19.2-264.3:1.2. Expert assistance when issue of defendant's intellectual disability relevant to capital sentencing.**

A. Upon (i) motion of the attorney for a defendant charged with or convicted of capital murder and (ii) a finding by the court that the defendant is financially unable to pay for expert assistance, the court shall appoint one or more qualified mental health experts to assess whether or not the defendant is ~~mentally retarded~~ a person with intellectual disability and to assist the defense in the preparation and presentation of information concerning the defendant's ~~mental retardation~~ intellectual disability. The mental health expert appointed pursuant to this section shall be (a) a psychiatrist, a clinical psychologist or an individual with a doctorate degree in clinical psychology, (b) skilled in the administration, scoring and interpretation of intelligence tests and measures of adaptive behavior and (c) qualified by experience and by specialized training, approved by the Commissioner of Behavioral Health and Developmental Services, to perform forensic evaluations. The defendant shall not be entitled to a mental health expert of the defendant's own choosing or to funds to employ such expert.

B. Evaluations performed pursuant to subsection A may be combined with evaluations performed pursuant to § 19.2-169.1, 19.2-169.5, or 19.2-264.3:1.

C. The expert appointed pursuant to subsection A shall submit to the attorney for the defendant a report assessing whether the defendant is ~~mentally retarded~~ a person with intellectual disability. The report shall include the expert's opinion as to whether the defendant is ~~mentally retarded~~ a person with intellectual disability.

D. The report described in subsection C shall be sent solely to the attorney for the defendant and shall be protected by the attorney-client privilege. However, the Commonwealth shall be given a copy of the report, the results of any other evaluation of the defendant's ~~mental retardation~~ intellectual disability and copies of psychiatric, psychological, medical or other records obtained during the course of the evaluation, after the attorney for the defendant gives notice of an intent to present evidence of ~~mental retardation~~ intellectual disability pursuant to subsection E.

E. In any case in which a defendant charged with capital murder intends, in the event of conviction, to present testimony of an expert witness to support a claim that he is ~~mentally retarded~~ a person with intellectual disability, he or his attorney shall give notice in writing to the attorney for the Commonwealth, at least 21 days before trial, of his intention to present such testimony. In the event that such notice is not given and the defendant tenders testimony by an expert witness at the sentencing phase of the trial, then the court may, in its discretion, upon objection of the Commonwealth, either allow the Commonwealth a continuance or, under appropriate circumstances, bar the defendant from presenting such evidence.

F. 1. If the attorney for the defendant gives notice pursuant to subsection E and the Commonwealth thereafter seeks an evaluation concerning the existence or absence of the defendant's ~~mental retardation~~ intellectual disability, the court shall appoint one or more qualified experts to perform such an evaluation. The court shall order the defendant to submit to such an evaluation, and advise the defendant on the record in court that a refusal to cooperate with the Commonwealth's experts could result in exclusion of the defendant's expert evidence. The qualification of the experts shall be governed by subsection A. The attorney for the Commonwealth shall be responsible for providing the experts the information specified in subsection C of § 19.2-169.5. After performing their evaluation, the experts shall report their findings and opinions and provide copies of psychiatric, psychological, medical or other records obtained during the course of the evaluation to the attorneys for the Commonwealth and the defense.

2. If the court finds, after hearing evidence presented by the parties, out of the presence of the jury, that the defendant has refused to cooperate with an evaluation requested by the Commonwealth, the court may admit evidence of such refusal or, in the discretion of the court, bar the defendant from presenting his expert evidence.

**§ 19.2-264.3:3. Limitations on use of statements or disclosure by defendant during evaluations.**

No statement or disclosure by the defendant made during a competency evaluation performed pursuant to § 19.2-169.1, an evaluation performed pursuant to § 19.2-169.5 to determine sanity at the time of the offense, treatment provided pursuant to § 19.2-169.2 or § 19.2-169.6, a mental condition evaluation performed pursuant to § 19.2-264.3:1 or a ~~mental retardation~~ an intellectual disability evaluation performed pursuant to § 19.2-264.3:1.2, and no evidence derived from any such statements or disclosures may be introduced against the defendant at the sentencing phase of a capital murder trial for the purpose of proving the aggravating circumstances specified in § 19.2-264.4. Such statements or disclosures shall be admissible in rebuttal only when relevant to issues in mitigation raised by the defense.

**2. That it is the expressed intent of the General Assembly that the provisions of this act serve only to reflect a change in terminology approved and used by experts in the field to describe the identical phenomenon, as stated by the U.S. Supreme Court in *Hall v. Florida*, 134 S. Ct. 1986 (2014), and do not affect the meaning or applicability of the existing definition or case law utilizing the existing definition.**

## CHAPTER 213

*An Act to amend and reenact § 15.2-901 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 15.2-901.1, relating to running bamboo; local ordinance; civil penalty.*

[S 964]

Approved February 23, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 15.2-901 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 15.2-901.1 as follows:**

**§ 15.2-901. Locality may provide for removal or disposal of trash, cutting of grass, weeds, and running bamboo; penalty in certain counties; penalty.**

A. Any locality may, by ordinance, provide that:

1. The owners of property therein shall, at such time or times as the governing body may prescribe, remove therefrom any and all trash, garbage, refuse, litter and other substances which might endanger the health or safety of other residents of such locality; or may, whenever the governing body deems it necessary, after reasonable notice, have such trash, garbage, refuse, litter and other like substances which might endanger the health of other residents of the locality, removed by its own agents or employees, in which event the cost or expenses thereof shall be chargeable to and paid by the owners of such property and may be collected by the locality as taxes are collected;

2. Trash, garbage, refuse, litter and other debris shall be disposed of in personally owned or privately owned receptacles that are provided for such use and for the use of the persons disposing of such matter or in authorized facilities provided for such purpose and in no other manner not authorized by law;

3. The owners of occupied or vacant developed or undeveloped property therein, including such property upon which buildings or other improvements are located, shall cut the grass, weeds and other foreign growth, *including running bamboo as defined in § 15.2-901.1*, on such property or any part thereof at such time or times as the governing body shall prescribe; or may, whenever the governing body deems it necessary, after reasonable notice as determined by the locality, have such grass, weeds or other foreign growth cut by its agents or employees, in which event the cost and expenses thereof shall be chargeable to and paid by the owner of such property and may be collected by the locality as taxes are collected. For purposes of this provision, one written notice per growing season to the owner of record of the subject property shall be considered reasonable notice. No such ordinance adopted by any county shall have any force and effect within the corporate limits of any town. No such ordinance adopted by any county having a density of population of less than 500 per square mile shall have any force or effect except within the boundaries of platted subdivisions or any other areas zoned for residential, business, commercial or industrial use. No such ordinance shall be applicable to land zoned for or in active farming operation.

B. Every charge authorized by this section with which the owner of any such property shall have been assessed and which remains unpaid shall constitute a lien against such property ranking on a parity with liens for unpaid local taxes and enforceable in the same manner as provided in Articles 3 (§ 58.1-3940 et seq.) and 4 (§ 58.1-3965 et seq.) of Chapter 39 of Title 58.1. A locality may waive such liens in order to facilitate the sale of the property. Such liens may be waived only as to a purchaser who is unrelated by blood or marriage to the owner and who has no business association with the owner. All such liens shall remain a personal obligation of the owner of the property at the time the liens were imposed.

C. The governing body of any locality may by ordinance provide that violations of this section shall be subject to a civil penalty, not to exceed \$50 for the first violation, or violations arising from the same set of operative facts. The civil penalty for subsequent violations not arising from the same set of operative facts within 12 months of the first violation shall not exceed \$200. Each business day during which the same violation is found to have existed shall constitute a separate offense. In no event shall a series of specified violations arising from the same set of operative facts result in civil penalties that exceed a total of \$3,000 in a 12-month period.

D. Except as provided in this subsection, adoption of an ordinance pursuant to subsection C shall be in lieu of criminal penalties and shall preclude prosecution of such violation as a misdemeanor. The governing body of any locality may, however, by ordinance provide that such violations shall be a Class 3 misdemeanor in the event three civil penalties have previously been imposed on the same defendant for the same or similar violation, not arising from the same set of operative facts, within a 24-month period. Classifying such subsequent violations as criminal offenses shall preclude the imposition of civil penalties for the same violation.

**§ 15.2-901.1. Locality may provide for control of running bamboo; civil penalty.**

A. For purposes of this section, "running bamboo" means any bamboo that is characterized by aggressive spreading behavior, including species in the genus *Phyllostachys*.

B. Any locality may, by ordinance, provide that:

1. No landowner shall allow running bamboo to grow without proper upkeep and appropriate containment measures, including barriers or trenching; and

2. No landowner shall allow running bamboo to spread from his property to any public right-of-way or adjoining property not owned by the landowner.

C. A violation of a running bamboo ordinance authorized by this section shall be subject to a civil penalty, not to exceed \$50 for the first violation or violations arising from the same set of operative facts. The civil penalty for subsequent violations not arising from the same set of operative facts within 12 months of the first violation shall not exceed \$200. Each business day during which the same violation is found to have existed shall constitute a separate offense. In no event shall a series of specified violations arising from the same set of operative facts result in civil penalties that exceed a total of \$3,000 in a 12-month period.

D. No violation of a running bamboo ordinance arising from the same set of operative facts shall be subject to a civil penalty under both (i) an ordinance adopted pursuant to this section and (ii) an ordinance adopted pursuant to § 15.2-901.

**2. That the Department of Agriculture and Consumer Services and the Department of Conservation and Recreation shall, by July 1, 2018, together develop a model running bamboo ordinance for use by localities based on § 15.2-901.1 of the Code of Virginia, as created by this act.**

**3. That the Department of Agriculture and Consumer Services (VDACS), the Department of Conservation and Recreation, and the Department of Forestry shall enter into a Memorandum of Understanding that clarifies the roles of the VDACS noxious weeds regulations and the work of the Virginia Invasive Species Working Group.**

**4. That the Department of Agriculture and Consumer Services and the Department of Conservation and Recreation shall examine the eligibility of the plants listed in § 15.2-902 of the Code of Virginia for designation as noxious weeds and shall so designate any such plant determined to be eligible.**

For the purpose of administering affordable dwelling unit ordinances authorized by this chapter, local governments may establish individual definitions of affordable housing and affordable dwelling units including determination of the appropriate percent of area median income and percent of gross income.

"Conditional zoning" means, as part of classifying land within a locality into areas and districts by legislative action, the allowing of reasonable conditions governing the use of such property, such conditions being in addition to, or modification of the regulations provided for a particular zoning district or zone by the overall zoning ordinance.

"Development" means a tract of land developed or to be developed as a unit under single ownership or unified control which is to be used for any business or industrial purpose or is to contain three or more residential dwelling units. The term "development" shall not be construed to include any tract of land which will be principally devoted to agricultural production.

"Historic area" means an area containing one or more buildings or places in which historic events occurred or having special public value because of notable architectural, archaeological or other features relating to the cultural or artistic heritage of the community, of such significance as to warrant conservation and preservation.

"Incentive zoning" means the use of bonuses in the form of increased project density or other benefits to a developer in return for the developer providing certain features, design elements, uses, services, or amenities desired by the locality, including but not limited to, site design incorporating principles of new urbanism and traditional neighborhood development, environmentally sustainable and energy-efficient building design, affordable housing creation and preservation, and historical preservation, as part of the development.

"Local planning commission" means a municipal planning commission or a county planning commission.

"Military installation" means a base, camp, post, station, yard, center, homeport facility for any ship, or other activity under jurisdiction of the U.S. Department of Defense, including any leased facility, or any land or interest in land owned by the Commonwealth and administered by the Adjutant General of Virginia or the Virginia Department of Military Affairs. "Planned unit development" means a form of development characterized by unified site design for a variety of housing types and densities, clustering of buildings, common open space, and a mix of building types and land uses in which project planning and density calculation are performed for the entire development rather than on an individual lot basis.

"Planning district commission" means a regional planning agency chartered under the provisions of Chapter 42 (§ 15.2-4200 et seq.) of this title.

"Plat" or "plat of subdivision" means the schematic representation of land divided or to be divided and information in accordance with the provisions of §§ 15.2-2241, 15.2-2242, 15.2-2258, 15.2-2262, and 15.2-2264, and other applicable statutes.

"Site plan" means the proposal for a development or a subdivision including all covenants, grants or easements and other conditions relating to use, location and bulk of buildings, density of development, common open space, public facilities and such other information as required by the subdivision ordinance to which the proposed development or subdivision is subject.

"Special exception" means a special use that is a use not permitted in a particular district except by a special use permit granted under the provisions of this chapter and any zoning ordinances adopted herewith.

"Street" means highway, street, avenue, boulevard, road, lane, alley, or any public way.

The term includes resubdivision and, when appropriate to the context, shall relate to the process of subdividing or to the land subdivided and solely for the purpose of recordation of any single division of land into two lots or parcels, a plat of such division shall be submitted for approval in accordance with § 15.2-2258.

"Variance" means, in the application of a zoning ordinance, a reasonable deviation from those provisions regulating the shape, size, or area of a lot or parcel of land or the size, height, area, bulk, or location of a building or structure when the strict application of the ordinance would unreasonably restrict the utilization of the property, and such need for a variance would not be shared generally by other properties, and provided such variance is not contrary to the purpose of the ordinance. It shall not include a change in use, which change shall be accomplished by a rezoning or by a conditional zoning.

*"Working waterfront" means an area or structure on, over, or adjacent to navigable waters that provides access to the water and is used for water-dependent commercial, industrial, or governmental activities, including commercial and recreational fishing; tourism; aquaculture; boat and ship building, repair, and services; seafood processing and sales; transportation; shipping; marine construction; and military activities.*

"Zoning" or "to zone" means the process of classifying land within a locality into areas and districts, such areas and districts being generally referred to as "zones," by legislative action and the prescribing and application in each area and district of regulations concerning building and structure designs, building and structure placement and uses to which land, buildings and structures within such designated areas and districts may be put.

#### **§ 15.2-2283. Purpose of zoning ordinances.**

Zoning ordinances shall be for the general purpose of promoting the health, safety or general welfare of the public and of further accomplishing the objectives of § 15.2-2200. Such ordinance may also include reasonable provisions, not inconsistent with applicable state water quality standards, to protect surface water and ground water as defined in § 62.1-255.

**§ 15.2-2306.1. Creation of working waterfront development areas.**

A. Any locality may establish by ordinance one or more working waterfront development areas for the purpose of providing incentives to private entities to purchase real property and interests in real property to assemble parcels suitable for working waterfront development. Each locality establishing a working waterfront development area may grant such incentives and provide regulatory flexibility. Such zones shall be reasonably compact, shall not encompass the entire locality, and shall constitute one or more tax parcels not commonly owned. Properties that are acquired through the use of eminent domain shall not be eligible for the incentives and regulatory flexibility provided by the ordinance.

B. Incentives granted by a locality pursuant to subsection A may include, but not be limited to, (i) reduction of permit fees, (ii) reduction of user fees, (iii) reduction of any type of gross receipts tax, and (iv) waiver of tax liens to facilitate the sale of property.

C. Incentives granted pursuant to this section may extend for a period of up to 10 years from the date of initial establishment of the working waterfront development area; however, the extent and duration of any incentive shall conform to the requirements of applicable federal and state law.

D. E. This section shall not authorize any local government powers that are not expressly granted herein.

F. Prior to adopting or amending any ordinance pursuant to this section, a locality shall provide for notice and public hearing in accordance with subsection A of § 15.2-2204.

*An Act to amend and reenact § 40.1-49.4 of the Code of Virginia, relating to enforcement of occupational safety and health laws; civil penalties.*

[S 1542]

Approved February 23, 2017

**Be it enacted by the General Assembly of Virginia:****1. That § 40.1-49.4 of the Code of Virginia is amended and reenacted as follows:****§ 40.1-49.4. Enforcement of this title and standards, rules or regulations for safety and health; orders of Commissioner; proceedings in circuit court; injunctions; penalties.**

A. 1. If the Commissioner has reasonable cause to believe that an employer has violated any safety or health provision of Title 40.1 or any standard, rule or regulation adopted pursuant thereto, he shall with reasonable promptness issue a citation to the employer. Each citation shall be in writing and shall describe with particularity the nature of the violation or violations, including a reference to the provision of this title or the appropriate standards, rules or regulations adopted pursuant thereto, and shall include an order of abatement fixing a reasonable time for abatement of each violation.

2. The Commissioner may prescribe procedures for calling to the employer's attention de minimis violations which have no direct or immediate relationship to safety and health.

3. No citation may be issued under this section after the expiration of six months following the occurrence of any alleged violation.

4. (a) The Commissioner shall have the authority to propose civil penalties for cited violations in accordance with subsections G, H, I, and J of this section. In determining the amount of any proposed penalty he shall give due consideration to the appropriateness of the penalty with respect to the size of the business of the employer being charged, the gravity of the violation, the good faith of the employer, and the history of previous violations. In addition, the Commissioner shall have authority to assess interest on all past-due penalties and administrative costs incurred in the collection of penalties for such violations consistent with § 2.2-4805.

(b) After, or concurrent with, the issuance of a citation and order of abatement, and within a reasonable time after the termination of an inspection or investigation, the Commissioner shall notify the employer by certified mail or by personal

service of the proposed penalty or that no penalty is being proposed. The proposed penalty shall be deemed to be the final order of the Commissioner and not subject to review by any court or agency unless, within 15 working days from the date of receipt of such notice, the employer notifies the Commissioner in writing that he intends to contest the citation, order of abatement or the proposed penalty or the employee or representative of employees has filed a notice in accordance with subsection B of this section and any such notice of proposed penalty, citation or order of abatement shall so state.

B. Any employee or representative of employees of an employer to whom a citation and order of abatement has been issued may, within 15 working days from the time of the receipt of the citation and order of abatement by the employer, notify the Commissioner, in writing, that they wish to contest the abatement time before the circuit court.

C. If the Commissioner has reasonable cause to believe that an employer has failed to abate a violation for which a citation has been issued within the time period permitted for its abatement, which time shall not begin to run until the entry of a final order in the case of any contest as provided in subsection E of this section initiated by the employer in good faith and not solely for delay or avoidance of penalties, a citation for failure to abate will be issued to the employer in the same manner as prescribed by subsection A of this section. In addition, the Commissioner shall notify the employer by certified mail or by personal service of such failure and of the penalty proposed to be assessed by reason of such failure. If, within 15 working days from the date of receipt of the notice of the proposed penalty, the employer fails to notify the Commissioner that he intends to contest the citation or proposed assessment of penalty, the citation and assessment as proposed shall be deemed a final order of the Commissioner and not subject to review by any court or agency.

D. Civil penalties owed under this section shall be paid to the Commissioner for deposit into the general fund of the Treasurer of the Commonwealth. The Commissioner shall prescribe procedures for the payment of proposed assessments of penalties which are not contested by employers. Such procedures shall include provisions for an employer to consent to abatement of the alleged violation and pay a proposed penalty or a negotiated sum in lieu of such penalty without admission of any civil liability arising from such alleged violation.

Final orders of the Commissioner or the circuit courts may be recorded, enforced and satisfied as orders or decrees of a circuit court upon certification of such orders by the Commissioner or the court as appropriate.

E. Upon receipt of a notice of contest of a citation, proposed penalty, order of abatement or abatement time pursuant to subdivision A 4 (b), subsection B or C of this section, the Commissioner shall immediately notify the attorney for the Commonwealth for the jurisdiction wherein the violation is alleged to have occurred and shall file a civil action with the circuit court. Upon issuance and service of process, the circuit court shall promptly set the matter for hearing without a jury. The circuit court shall thereafter issue a written order, based on findings of fact and conclusions of law, affirming, modifying or vacating the Commissioner's citation or proposed penalty, or directing other appropriate relief, and such order shall become final 21 days after its issuance. The circuit court shall provide affected employees or their representatives and employers an opportunity to participate as parties to hearings under this subsection.

F. 1. In addition to the remedies set forth above, the Commissioner may file a civil action with the clerk of the circuit court having equity jurisdiction over the employer or the place of employment involved asking the court to temporarily or permanently enjoin any conditions or practices in any place of employment which are such that a danger exists which could reasonably be expected to cause death or serious physical harm immediately or before the imminence of such danger can be eliminated through the enforcement procedures otherwise provided by this title. Any order issued under this section may require such steps to be taken as may be necessary to avoid, correct or remove such imminent danger and prohibit the employment or presence of any individual in locations or under conditions where such imminent danger exists, except individuals whose presence is necessary to avoid, correct or remove such imminent danger or to maintain the capacity of a continuous process operation to resume normal operations without a complete cessation of operations, or where a cessation of operations is necessary, to permit such to be accomplished in a safe and orderly manner. No order issued without prior notice to the employer shall be effective for more than five working days. Whenever and as soon as the Commissioner concludes that conditions or practices described in this subsection exist in any place of employment and that judicial relief shall be sought, he shall immediately inform the affected employer and employees of such proposed course of action.

2. Any court described in this section shall also have jurisdiction, upon petition of the Commissioner or his authorized representative, to enjoin any violations of this title or the standards, rules or regulations promulgated thereunder.

3. If the Commissioner arbitrarily or capriciously fails to seek relief under subdivision 1 of this subsection, any employee who may be injured by reason of such failure, or the representative of such employee, may bring an action against the Commissioner in a circuit court of competent jurisdiction for a writ of mandamus to compel the Commissioner to seek such an order and for such further relief as may be appropriate.

G. Any employer who has received a citation for a violation of any safety or health provision of this title or any standard, rule or regulation promulgated pursuant thereto and such violation is specifically determined not to be of a serious nature may be assessed a civil penalty of up to ~~\$7,000~~ \$12,471, as such amount may be adjusted as provided in subsection P, for each such violation.

H. Any employer who has received a citation for a violation of any safety or health provision of this title or any standard, rule or regulation promulgated pursuant thereto and such violation is determined to be a serious violation shall be assessed a civil penalty of up to ~~\$7,000~~ \$12,471, as such amount may be adjusted as provided in subsection P, for each such violation.

I. Any employer who fails to abate a violation for which a citation has been issued within the period permitted for its abatement (which period shall not begin to run until the entry of the final order of the circuit court) may be assessed a civil

penalty of not more than ~~\$7,000~~ \$12,471, as such amount may be adjusted as provided in subsection P, for each day during which such violation continues.

J. Any employer who willfully or repeatedly violates any safety or health provision of this title or any standard, rule or regulation promulgated pursuant thereto may be assessed a civil penalty of not more than ~~\$70,000~~ \$124,709, as such amount may be adjusted as provided in subsection P, for each such violation.

K. Any employer who willfully violates any safety or health provisions of this title or standards, rules or regulations adopted pursuant thereto, and that violation causes death to any employee, shall, upon conviction, be punished by a fine of not more than \$70,000 or by imprisonment for not more than six months, or by both such fine and imprisonment. If the conviction is for a violation committed after a first conviction of such person, punishment shall be a fine of not more than \$140,000 or by imprisonment for not more than one year, or by both such fine and imprisonment.

L. In any proceeding before a judge of a circuit court parties may obtain discovery by the methods provided for in the Rules of Supreme Court of Virginia.

M. No fees or costs shall be charged the Commonwealth by a court or any officer for or in connection with the filing of the complaint, pleadings, or other papers in any action authorized by this section or § 40.1-49.5.

N. Every official act of the circuit court shall be entered of record and all hearings and records shall be open to the public, except any information subject to protection under the provisions of § 40.1-51.4:1.

O. The provisions of Chapter 30 (§ 59.1-406 et seq.) of Title 59.1 shall be considered safety and health standards of the Commonwealth and enforced as to employers pursuant to this section by the Commissioner of Labor and Industry.

P. Beginning in 2018, the Commissioner annually shall adjust the maximum civil penalties stated in subsections G through J each year by the percentage increase, if any, in the United States Average Consumer Price Index for all Urban Consumers (CPI-U), as published by the Bureau of Labor Statistics of the United States Department of Labor, from its monthly average for the previous calendar year. The amount of each adjustment to the maximum civil penalties shall be rounded to the nearest whole dollar. The adjustments to the maximum civil penalties shall be effective on each August 1. If the CPI-U is discontinued or revised, such other historical index or computation approved by the Commissioner shall be used for purposes of this section that would obtain substantially the same result as would have been obtained if the CPI-U had not been discontinued or revised.

The chief judge of each district shall have the following administrative duties and authority with respect to his district:

1. When any district court judge is under any disability or for any other cause is unable to hold court and the chief judge determines that assistance is needed:

a. The chief district judge shall designate a judge within the district or a judge of another district court within the Commonwealth, if one is reasonably available, to hear and dispose of any action or actions properly coming before such district court for disposition;

b. If unable to designate a judge as provided in subdivision 1 a, the chief district judge may designate a retired district judge eligible for recall pursuant to § 16.1-69.22:1 for such hearing and disposition if such judge consents; or

c. If unable to assign a retired district court judge, the chief district judge may designate a retired circuit court judge eligible for recall pursuant to § 17.1-106 if such judge consents or the chief district judge may request that the Chief Justice of the Supreme Court designate a circuit judge if such judge consents.

If no judges are available under subdivision a, b or c, then a substitute judge shall be designated pursuant to § 16.1-69.21.

While acting, any judge so designated shall have all the authority and power of the judge of the court, and his order or judgment shall, to all intents and purposes, be the judgment of the court. A general district court judge designated pursuant to subdivision 1 a, may, with his consent, substitute for or replace a juvenile and domestic relations district court judge, and vice versa. The names of the judges designated under subdivisions b and c shall be selected from a list provided by the Executive Secretary and approved by the Chief Justice of the Supreme Court.

2. The chief general district court judge of a district may designate any juvenile and domestic relations district court judge of the district, with the judge's consent, for an individual case or to sit and hear cases for a period of not more than one year, in any of the general district courts within the district. The chief juvenile and domestic relations district court judge of a district may designate any general district court judge of the district, with the judge's consent, for an individual case or to sit and hear cases for a period of not more than one year, in any of the juvenile and domestic relations district courts within the district. Every judge so designated shall have the same powers and jurisdiction and be authorized to perform the same duties as any judge of the district for which he is designated to assist, and, while so acting, his order or judgment shall be, for all purposes, the judgment of the court to which he is assigned.

3. If on account of congestion in the work of any district court or when in his opinion the administration of justice so requires, the Chief Justice of the Supreme Court may, upon his own initiative or upon written application of the chief district court judge desiring assistance, designate a judge from another district or any circuit court judge, if such circuit court judge consents, or a retired judge eligible for recall, to provide judicial assistance to such district. Every judge so designated shall have the same powers and jurisdiction and be authorized to perform the same duties as any judge of the district for which he is designated to assist and while so acting his order or judgment shall be, to all intents and purposes, the judgment of the court to which he is assigned.

4. In determining whether to close because of a threat to the health or safety of the general public, the chief judge or the presiding judge of the district court shall coordinate with the chief judge or presiding judge of the circuit court so that, where possible and appropriate, both the circuit and district courts take the same action. He shall determine the times each such court shall be held for the trial of civil, criminal or traffic matters and cases. He shall determine whether, in the case of district courts in counties, court shall be held at any place or places in addition to the county seat. He shall determine the office hours and arrange a vacation schedule of the judges within his district, in order to ensure the availability of a judge or judges to the public at normal times of business. A schedule of the times and places at which court is held shall be filed with the Executive Secretary of the Supreme Court and kept posted at the courthouse, and in any county also at any such other place or places where court may be held, and the clerk shall make such schedules available to the public upon request. No search warrant shall be issued until there is filed with the officer authorized to issue the same an affidavit of some person reasonably describing the place, thing, or person to be searched, the things or persons to be searched for thereunder, alleging briefly material facts, constituting the probable cause for the issuance of such warrant and alleging substantially the offense in relation to which such search is to be made and that the object, thing, or person searched for constitutes evidence of the commission of such offense. The affidavit may be filed by electronically transmitted (i) facsimile process or (ii) electronic record as defined in § 59.1-480. Such affidavit shall be certified by the officer who issues such warrant and delivered in person; mailed by certified mail, return receipt requested; or delivered by electronically transmitted facsimile process or by use of filing and security procedures as defined in the Uniform Electronic Transactions Act (§ 59.1-479 et seq.) by transmitting signed documents, by such officer or his designee or agent, to the clerk of the circuit court of the county or city wherein the search is made, ~~with a copy of the affidavit also being delivered to the clerk of the circuit court of the county or city where the warrant is issued, if in a different county or city,~~ within seven days after the issuance of such warrant and shall by such ~~clerk~~ clerk be preserved as a record and shall at all times be subject to inspection by the public after the warrant that is the subject of the affidavit has been executed or 15 days after issuance of the warrant, whichever is earlier; however, such affidavit, any warrant issued pursuant thereto, any return made thereon, and any order sealing the affidavit, warrant, or return may be temporarily sealed for a specific period of time by the appropriate court upon application of the attorney for the Commonwealth for good cause shown in an ex parte hearing. The burden of proof with respect to continued sealing shall be upon the Commonwealth. Each such clerk shall maintain an index of all such affidavits filed in his office in order to facilitate inspection. No such warrant shall be issued on an affidavit omitting such essentials, and no general warrant for the search of a house, place, compartment, vehicle or baggage shall be issued. The term "affidavit" as used in this section, means statements made under oath or affirmation and preserved verbatim.

Failure of the officer issuing such warrant to file the required affidavit shall not invalidate any search made under the warrant unless such failure shall continue for a period of 30 days. If the affidavit is filed prior to the expiration of the 30-day period, nevertheless, evidence obtained in any such search shall not be admissible until a reasonable time after the filing of the required affidavit.

**§ 19.2-56. To whom search warrant directed; what it shall command; warrant to show date and time of issuance; copy of affidavit to be part of warrant and served therewith; warrants not executed within 15 days.**

An inventory shall be produced before a court having jurisdiction of the offense in relation to which the warrant was issued as provided in § 19.2-57.

Any such warrant as provided in this section shall be executed by the policeman or other law-enforcement officer or agent into whose hands it shall come or be delivered. If the warrant is directed jointly to a sheriff, sergeant, policeman or law-enforcement officer or agent of the Commonwealth and a federal agent or officer as otherwise provided in this section, the warrant may be executed jointly or by the policeman, law-enforcement officer or agent into whose hands it is delivered. No other person may be permitted to be present during or participate in the execution of a warrant to search a place except ~~(i)~~ (1) the owners and occupants of the place to be searched when permitted to be present by the officer in charge of the conduct of the search and ~~(ii)~~ (2) persons designated by the officer in charge of the conduct of the search to assist or provide expertise in the conduct of the search.

Any search warrant for records or other information pertaining to a subscriber to, or customer of, an electronic communication service or remote computing service, whether a domestic corporation or foreign corporation, that is transacting or has transacted any business in the Commonwealth, to be executed upon such service provider may be executed within or without the Commonwealth by hand, United States mail, commercial delivery service, facsimile, or other electronic means upon the service provider. Notwithstanding the provisions of § 19.2-57, the officer executing a warrant pursuant to this paragraph shall endorse the date of execution thereon and shall file the warrant, with the inventory attached (or a notation that no property was seized) and the accompanying affidavit, unless such affidavit was made by voice or videotape recording, within three days after the materials ordered to be produced are received by the officer from the service provider. The return shall be made in the circuit court clerk's office for the jurisdiction wherein the warrant was issued. Saturdays, Sundays, or any federal or state legal holiday shall not be used in computing the three-day filing period.

*Notwithstanding the provisions of § 19.2-57, any search warrant for records or other information pertaining to a customer of a financial institution as defined in § 6.2-604, money transmitter as defined in § 6.2-1900, commercial business providing credit history or credit reports, or issuer as defined in § 6.2-424 may be executed within the Commonwealth by hand, United States mail, commercial delivery service, facsimile, or other electronic means upon the financial institution, money transmitter, commercial business providing credit history or credit reports, or issuer. The officer executing such warrant shall endorse the date of execution thereon and shall file the warrant, with the inventory attached (or a notation that no property was seized) and the accompanying affidavit, unless such affidavit was made by voice or videotape recording, within three days after the materials ordered to be produced are received by the officer from the financial institution, money transmitter, commercial business providing credit history or credit reports, or issuer. The return shall be made in the circuit court clerk's office for the jurisdiction wherein the warrant was executed. Saturdays, Sundays, or any federal or state legal holiday shall not be used in computing the three-day filing period. For the purposes of this section, the warrant will be considered executed in the jurisdiction where the entity on which the warrant is served is located.*

Every search warrant shall contain the date and time it was issued. However, the failure of any such search warrant to contain the date and time it was issued shall not render the warrant void, provided that the date and time of issuing of said warrant is established by competent evidence.

The judge, magistrate, or other official authorized to issue criminal warrants shall attach a copy of the affidavit required by § 19.2-54, which shall become a part of the search warrant and served therewith. However, this provision shall not be applicable in any case in which the affidavit is made by means of a voice or videotape recording or where the affidavit has been sealed pursuant to § 19.2-54.

Any search warrant not executed within 15 days after issuance thereof shall be returned to, and voided by, the officer who issued such search warrant.

"Properly served" means delivery of a search warrant or subpoena by hand, by United States mail, by commercial delivery service, by facsimile or by any other manner to any officer of a corporation or its general manager in the Commonwealth, to any natural person designated by it as agent for the service of process, or if such corporation has designated a corporate agent, to any person named in the latest annual report filed pursuant to § 13.1-775.

*An Act to amend and reenact §§ 19.2-53, 19.2-54, and 19.2-56 of the Code of Virginia, relating to search warrants; persons subject to warrant or *capias* for arrest.*

[H 2084]

Approved February 23, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 19.2-53, 19.2-54, and 19.2-56 of the Code of Virginia are amended and reenacted as follows:**

**§ 19.2-53. What may be searched and seized.**

A. Search warrants may be issued for the search of or for specified places, things or persons, and seizure therefrom of the following things as specified in the warrant:

1. Weapons or other objects used in the commission of crime;
2. Articles or things the sale or possession of which is unlawful;
3. Stolen property or the fruits of any crime;
4. Any object, thing, or person, including without limitation, documents, books, papers, records or body fluids, constituting evidence of the commission of crime; or
5. Any person to be arrested for whom a warrant or process for arrest has been issued.

Notwithstanding any other provision in this chapter to the contrary, no search warrant may be issued as a substitute for a witness subpoena.

B. Any search warrant issued for the search and seizure of a computer, computer network, or other device containing electronic or digital information shall be deemed to include the search and seizure of the physical components and the electronic or digital information contained in any such computer, computer network, or other device.

C. Any search, including the search of the contents of any computer, computer network, or other device conducted pursuant to subsection B, may be conducted in any location and is not limited to the location where the evidence was seized.

**§ 19.2-54. Affidavit preliminary to issuance of search warrant; general search warrant prohibited; effect of failure to file affidavit.**

No search warrant shall be issued until there is filed with the officer authorized to issue the same an affidavit of some person reasonably describing the place, thing, or person to be searched, the things or persons to be searched for thereunder, alleging briefly material facts, constituting the probable cause for the issuance of such warrant and alleging substantially the offense *or the identity of the person to be arrested for whom a warrant or process for arrest has been issued* in relation to which such search is to be made and that the object, thing, or person searched for constitutes evidence of the commission of such offense *or is the person to be arrested for whom a warrant or process for arrest has been issued*. The affidavit may be filed by electronically transmitted (i) facsimile process or (ii) electronic record as defined in § 59.1-480. Such affidavit shall be certified by the officer who issues such warrant and delivered in person; mailed by certified mail, return receipt requested; or delivered by electronically transmitted facsimile process or by use of filing and security procedures as defined in the Uniform Electronic Transactions Act (§ 59.1-479 et seq.) for transmitting signed documents, by such officer or his designee or agent, to the clerk of the circuit court of the county or city wherein the search is made, with a copy of the affidavit also being delivered to the clerk of the circuit court of the county or city where the warrant is issued, if in a different county or city, within seven days after the issuance of such warrant and shall by such clerks be preserved as a record and shall at all times be subject to inspection by the public after the warrant that is the subject of the affidavit has been executed or 15 days after issuance of the warrant, whichever is earlier; however, such affidavit, any warrant issued pursuant thereto, any return made thereon, and any order sealing the affidavit, warrant, or return may be temporarily sealed for a specific period of time by the appropriate court upon application of the attorney for the Commonwealth for good cause shown in an ex parte hearing. Any individual arrested and claiming to be aggrieved by such search and seizure or any person who claims to be entitled to lawful possession of such property seized may move the appropriate court for the unsealing of such affidavit, warrant, and return. The burden of proof with respect to continued sealing shall be upon the Commonwealth. Each such clerk shall maintain an index of all such affidavits filed in his office in order to facilitate inspection. No such warrant shall be issued on an affidavit omitting such essentials, and no general warrant for the search of a house, place, compartment, vehicle or baggage shall be issued. The term "affidavit" as used in this section, means statements made under oath or affirmation and preserved verbatim.

Failure of the officer issuing such warrant to file the required affidavit shall not invalidate any search made under the warrant unless such failure shall continue for a period of 30 days. If the affidavit is filed prior to the expiration of the 30-day period, nevertheless, evidence obtained in any such search shall not be admissible until a reasonable time after the filing of the required affidavit.

**§ 19.2-56. To whom search warrant directed; what it shall command; warrant to show date and time of issuance; copy of affidavit to be part of warrant and served therewith; warrants not executed within 15 days.**

The judge, magistrate or other official authorized to issue criminal warrants, shall issue a search warrant if he finds from the facts or circumstances recited in the affidavit that there is probable cause for the issuance thereof.

Every search warrant shall be directed to (i) the sheriff, sergeant, or any policeman of the county, city or town in which the place to be searched is located, (ii) any law-enforcement officer or agent employed by the Commonwealth and vested with the powers of sheriffs and police, or (iii) jointly to any such sheriff, sergeant, policeman or law-enforcement officer or agent and an agent, special agent or officer of the Federal Bureau of Investigation, the Bureau of Alcohol, Tobacco and Firearms of the United States Treasury, the United States Naval Criminal Investigative Service, the United States Department of Homeland Security, any inspector, law-enforcement official or police personnel of the United States Postal Service, or the Drug Enforcement Administration. The warrant shall ~~(i)~~ (a) name the affiant, ~~(ii)~~ (b) recite the offense *or the identity of the person to be arrested for whom a warrant or process for arrest has been issued* in relation to which the search is to be made, ~~(iii)~~ (c) name or describe the place to be searched, ~~(iv)~~ (d) describe the property or person to be searched for, and ~~(v)~~ (e) recite that the magistrate has found probable cause to believe that the property or person constitutes evidence of a crime (identified in the warrant) or tends to show that a person (named or described therein) has committed or is committing a crime *or that the person to be arrested for whom a warrant or process for arrest has been issued is located at the place to be searched*.

The warrant shall command that the place be forthwith searched, either in day or night, and that the objects or persons described in the warrant, if found there, be seized. An inventory shall be produced before a court having jurisdiction of the offense *or over the person to be arrested for whom a warrant or process for arrest has been issued* in relation to which the warrant was issued as provided in § 19.2-57.

Any such warrant as provided in this section shall be executed by the policeman or other law-enforcement officer or agent into whose hands it shall come or be delivered. If the warrant is directed jointly to a sheriff, sergeant, policeman or law-enforcement officer or agent of the Commonwealth and a federal agent or officer as otherwise provided in this section, the warrant may be executed jointly or by the policeman, law-enforcement officer or agent into whose hands it is delivered. No other person may be permitted to be present during or participate in the execution of a warrant to search a place except ~~(i)~~ (1) the owners and occupants of the place to be searched when permitted to be present by the officer in charge of the conduct of the search and ~~(ii)~~ (2) persons designated by the officer in charge of the conduct of the search to assist or provide expertise in the conduct of the search.

Any search warrant for records or other information pertaining to a subscriber to, or customer of, an electronic communication service or remote computing service, whether a domestic corporation or foreign corporation, that is

transacting or has transacted any business in the Commonwealth, to be executed upon such service provider may be executed within or without the Commonwealth by hand, United States mail, commercial delivery service, facsimile, or other electronic means upon the service provider. Notwithstanding the provisions of § 19.2-57, the officer executing a warrant pursuant to this paragraph shall endorse the date of execution thereon and shall file the warrant, with the inventory attached (or a notation that no property was seized) and the accompanying affidavit, unless such affidavit was made by voice or videotape recording, within three days after the materials ordered to be produced are received by the officer from the service provider. The return shall be made in the circuit court clerk's office for the jurisdiction wherein the warrant was issued. Saturdays, Sundays, or any federal or state legal holiday shall not be used in computing the three-day filing period.

Electronic communication service or remote computing service providers, whether a foreign or domestic corporation, shall also provide the contents of electronic communications pursuant to a search warrant issued under this section and § 19.2-70.3 using the same process described in the preceding paragraph.

Every search warrant shall contain the date and time it was issued. However, the failure of any such search warrant to contain the date and time it was issued shall not render the warrant void, provided that the date and time of issuing of said warrant is established by competent evidence.

The judge, magistrate, or other official authorized to issue criminal warrants shall attach a copy of the affidavit required by § 19.2-54, which shall become a part of the search warrant and served therewith. However, this provision shall not be applicable in any case in which the affidavit is made by means of a voice or videotape recording or where the affidavit has been sealed pursuant to § 19.2-54.

Any search warrant not executed within 15 days after issuance thereof shall be returned to, and voided by, the officer who issued such search warrant.

For the purposes of this section:

"Foreign corporation" means any corporation or other entity, whose primary place of business is located outside of the boundaries of the Commonwealth, that makes a contract or engages in a terms of service agreement with a resident of the Commonwealth to be performed in whole or in part by either party in the Commonwealth, or a corporation that has been issued a certificate of authority pursuant to § 13.1-759 to transact business in the Commonwealth. The making of the contract or terms of service agreement or the issuance of a certificate of authority shall be considered to be the agreement of the foreign corporation or entity that a search warrant or subpoena, which has been properly served on it, has the same legal force and effect as if served personally within the Commonwealth.

"Properly served" means delivery of a search warrant or subpoena by hand, by United States mail, by commercial delivery service, by facsimile or by any other manner to any officer of a corporation or its general manager in the Commonwealth, to any natural person designated by it as agent for the service of process, or if such corporation has designated a corporate agent, to any person named in the latest annual report filed pursuant to § 13.1-775.

The Commission shall not regulate or prescribe the rates, charges, and fees for the provision of retail electric vehicle charging service provided by persons *or school boards* other than public service corporations. Sales of electricity by public utilities to persons ~~who~~ *or school boards that* (i) are not public service corporations and (ii) provide electric vehicle charging service shall continue to be regulated by the Commission to the same extent as are other services provided by public utilities. ## CHAPTER 240

*An Act to amend and reenact §§ 22.1-298.1 and 22.1-307 of the Code of Virginia, relating to licensure of school personnel; investigation of certain complaints; license revocation.*

[H 2432]

Approved February 23, 2017

**Be it enacted by the General Assembly of Virginia:****1. That §§ 22.1-298.1 and 22.1-307 of the Code of Virginia are amended and reenacted as follows:****§ 22.1-298.1. Regulations governing licensure.**

## A. As used in this section:

"Alternate route to licensure" means a nontraditional route to teacher licensure available to individuals who meet the criteria specified in the regulations issued by the Board of Education.

"Industry certification credential" means an active career and technical education credential that is earned by successfully completing a Board of Education-approved industry certification examination, being issued a professional license in the Commonwealth, or successfully completing an occupational competency examination.

"Licensure by reciprocity" means a process used to issue a license to an individual coming into the Commonwealth from another state when that individual meets certain conditions specified in the Board of Education's regulations.

"Professional teacher's assessment" means those tests mandated for licensure as prescribed by the Board of Education.

"Provisional license" means a nonrenewable license issued by the Board of Education for a specified period of time, not to exceed three years, to an individual who may be employed by a school division in the Commonwealth and who generally meets the requirements specified in the Board of Education's regulations for licensure, but who may need to take additional coursework or pass additional assessments to be fully licensed with a renewable license.

"Renewable license" means a license issued by the Board of Education for five years to an individual who meets the requirements specified in the Board of Education's regulations.

B. The Board of Education shall prescribe, by regulation, the requirements for the licensure of teachers and other school personnel required to hold a license. Such regulations shall include requirements for the denial, suspension, cancellation, revocation, and reinstatement of licensure *and procedures for the immediate and thorough investigation by the division superintendent or his designee of any complaint alleging that a license holder has engaged in conduct that may form the basis for the revocation of his license. At a minimum, such procedures for investigations contained in such regulations shall require (i) the division superintendent to petition for the revocation of the license upon completing such investigation and finding that there is reasonable cause to believe that the license holder has engaged in conduct that forms the basis for revocation of a license; (ii) the school board to proceed to a hearing on such petition for revocation within 90 days of the mailing of a copy of the petition to the license holder, unless the license holder requests the cancellation of his license in accordance with Board regulations; and (iii) the school board to provide a copy of the investigative file and such petition for revocation to the Superintendent of Public Instruction at the time that the hearing is scheduled.* The Board of Education shall revoke the license of any person for whom it has received a notice of dismissal or resignation pursuant to subsection F of § 22.1-313 and, in the case of a person who is the subject of a founded complaint of child abuse or neglect, after all rights to any *administrative* appeal provided by § 63.2-1526 have been exhausted. Regardless of the authority of any other agency of the Commonwealth to approve educational programs, only the Board of Education shall have the authority to license teachers to be regularly employed by school boards, including those teachers employed to provide nursing education.

The Board of Education shall prescribe by regulation the licensure requirements for teachers who teach only online courses, as defined in § 22.1-212.23. Such license shall be valid only for teaching online courses. Teachers who hold a five-year renewable license issued by the Board of Education may teach online courses for which they are properly endorsed.

## C. The Board of Education's regulations shall include requirements that a person seeking initial licensure:

1. Complete professional assessments as prescribed by the Board of Education;
2. Complete study in attention deficit disorder;
3. Complete study in gifted education, including the use of multiple criteria to identify gifted students; and
4. Complete study in methods of improving communication between schools and families and ways of increasing family involvement in student learning at home and at school.

## D. In addition, such regulations shall include requirements that:

1. Every person seeking initial licensure or renewal of a license demonstrate proficiency in the use of educational technology for instruction;
2. Every person seeking initial licensure and persons seeking licensure renewal as teachers who have not completed such study shall complete study in child abuse recognition and intervention in accordance with curriculum guidelines developed by the Board of Education in consultation with the Department of Social Services that are relevant to the specific teacher licensure routes;

4. Every person seeking renewal of a license shall complete all renewal requirements, including professional development in a manner prescribed by the Board, except that no person seeking renewal of a license shall be required to satisfy any such requirement by completing coursework and earning credit at an institution of higher education;

5. Every person seeking initial licensure or renewal of a license shall provide evidence of completion of certification or training in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators. The certification or training program shall be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross. The Board shall provide a waiver for this requirement for any person with a disability whose disability prohibits such person from completing the certification or training;

6. Every person seeking licensure with an endorsement as a teacher of the blind and visually impaired shall demonstrate proficiency in reading and writing Braille;

7. Every teacher seeking an initial license in the Commonwealth with an endorsement in the area of career and technical education shall have an industry certification credential in the area in which the teacher seeks endorsement. If a teacher seeking an initial license in the Commonwealth has not attained an industry certification credential in the area in which the teacher seeks endorsement, the Board may, upon request of the employing school division or educational agency, issue the teacher a provisional license to allow time for the teacher to attain such credential; and

8. (Effective July 1, 2017) Every person seeking initial licensure or renewal of a license shall complete awareness training, provided by the Department of Education, on the indicators of dyslexia, as that term is defined by the Board pursuant to regulations, and the evidence-based interventions and accommodations for dyslexia.

E. The Board's regulations shall require that initial licensure for principals and assistant principals be contingent upon passage of an assessment as prescribed by the Board.

F. The Board shall establish criteria in its regulations to effectuate the substitution of experiential learning for coursework for those persons seeking initial licensure through an alternate route as defined in Board regulations.

G. Notwithstanding any provision of law to the contrary, the Board (i) may provide for the issuance of a provisional license, valid for a period not to exceed three years, pursuant to subdivision D 7 or to any person who does not meet the requirements of this section or any other requirement for licensure imposed by law and (ii) shall provide for the issuance of a provisional license, valid for a period not to exceed three years, to any former member of the Armed Forces of the United States or the Virginia National Guard who has received an honorable discharge and has the appropriate level of experience or training but does not meet the requirements for a renewable license.

H. The Board's licensure regulations shall also provide for licensure by reciprocity:

1. With comparable endorsement areas for those individuals holding a valid out-of-state teaching license and national certification from the National Board for Professional Teaching Standards or a nationally recognized certification program approved by the Board of Education. The application for such individuals shall require evidence of such valid licensure and national certification and shall not require official student transcripts;

2. For individuals who have obtained a valid out-of-state license, with full credentials and without deficiencies, that is in force at the time the application for a Virginia license is received by the Department of Education. The individual must establish a file in the Department of Education by submitting a complete application packet, which shall include official student transcripts. An assessment of basic skills as provided in § 22.1-298.2 and service requirements shall not be imposed for these licensed individuals; however, other licensing assessments, as prescribed by the Board of Education, shall be required; and

3. The Board may include other provisions for reciprocity in its regulations.

**§ 22.1-307. Dismissal of teacher; grounds.**

A. Teachers may be dismissed for incompetency, immorality, noncompliance with school laws and regulations, disability as shown by competent medical evidence when in compliance with federal law, conviction of a felony or a crime of moral turpitude, or other good and just cause. A teacher shall be dismissed if such teacher is or becomes the subject of a founded complaint of child abuse and neglect, pursuant to § 63.2-1505, and after all rights to ~~an~~ any administrative appeal provided by § 63.2-1526 have been exhausted. The fact of such finding, after all rights to ~~an~~ any administrative appeal provided by § 63.2-1526 have been exhausted, shall be grounds for the local school division to recommend that the Board of Education revoke such person's license to teach. No teacher shall be dismissed or placed on probation solely on the basis of the teacher's refusal to submit to a polygraph examination requested by the school board.

B. For the purposes of this article, "incompetency" may be construed to include, but shall not be limited to, consistent failure to meet the endorsement requirements for the position or one or more unsatisfactory performance evaluations.

[S 1260]

Approved February 23, 2017

**Be it enacted by the General Assembly of Virginia:****1. That §§ 19.2-53, 19.2-54, and 19.2-56 of the Code of Virginia are amended and reenacted as follows:****§ 19.2-53. What may be searched and seized.**

A. Search warrants may be issued for the search of or for specified places, things or persons, and seizure therefrom of the following things as specified in the warrant:

1. Weapons or other objects used in the commission of crime;
2. Articles or things the sale or possession of which is unlawful;
3. Stolen property or the fruits of any crime;
4. Any object, thing, or person, including without limitation, documents, books, papers, records or body fluids, constituting evidence of the commission of crime; *or*

5. *Any person to be arrested for whom a warrant or process for arrest has been issued.*

Notwithstanding any other provision in this chapter to the contrary, no search warrant may be issued as a substitute for a witness subpoena.

B. Any search warrant issued for the search and seizure of a computer, computer network, or other device containing electronic or digital information shall be deemed to include the search and seizure of the physical components and the electronic or digital information contained in any such computer, computer network, or other device.

C. Any search, including the search of the contents of any computer, computer network, or other device conducted pursuant to subsection B, may be conducted in any location and is not limited to the location where the evidence was seized.

**§ 19.2-54. Affidavit preliminary to issuance of search warrant; general search warrant prohibited; effect of failure to file affidavit.**

No search warrant shall be issued until there is filed with the officer authorized to issue the same an affidavit of some person reasonably describing the place, thing, or person to be searched, the things or persons to be searched for thereunder, alleging briefly material facts, constituting the probable cause for the issuance of such warrant and alleging substantially the offense *or the identity of the person to be arrested for whom a warrant or process for arrest has been issued* in relation to which such search is to be made and that the object, thing, or person searched for constitutes evidence of the commission of such offense *or is the person to be arrested for whom a warrant or process for arrest has been issued*. The affidavit may be filed by electronically transmitted (i) facsimile process or (ii) electronic record as defined in § 59.1-480. Such affidavit shall be certified by the officer who issues such warrant and delivered in person; mailed by certified mail, return receipt requested; or delivered by electronically transmitted facsimile process or by use of filing and security procedures as defined in the Uniform Electronic Transactions Act (§ 59.1-479 et seq.) for transmitting signed documents, by such officer or his designee or agent, to the clerk of the circuit court of the county or city wherein the search is made, with a copy of the affidavit also being delivered to the clerk of the circuit court of the county or city where the warrant is issued, if in a different county or city, within seven days after the issuance of such warrant and shall by such clerks be preserved as a record and shall at all times be subject to inspection by the public after the warrant that is the subject of the affidavit has been executed or 15 days after issuance of the warrant, whichever is earlier; however, such affidavit, any warrant issued pursuant thereto, any return made thereon, and any order sealing the affidavit, warrant, or return may be temporarily sealed for a specific period of time by the appropriate court upon application of the attorney for the Commonwealth for good cause shown in an ex parte hearing. Any individual arrested and claiming to be aggrieved by such search and seizure or any person who claims to be entitled to lawful possession of such property seized may move the appropriate court for the unsealing of such affidavit, warrant, and return. The burden of proof with respect to continued sealing shall be upon the Commonwealth. Each such clerk shall maintain an index of all such affidavits filed in his office in order to facilitate inspection. No such warrant shall be issued on an affidavit omitting such essentials, and no general warrant for the search of a house, place, compartment, vehicle or baggage shall be issued. The term "affidavit" as used in this section, means statements made under oath or affirmation and preserved verbatim.

Failure of the officer issuing such warrant to file the required affidavit shall not invalidate any search made under the warrant unless such failure shall continue for a period of 30 days. If the affidavit is filed prior to the expiration of the 30-day period, nevertheless, evidence obtained in any such search shall not be admissible until a reasonable time after the filing of the required affidavit.

**§ 19.2-56. To whom search warrant directed; what it shall command; warrant to show date and time of issuance; copy of affidavit to be part of warrant and served therewith; warrants not executed within 15 days.**

The judge, magistrate or other official authorized to issue criminal warrants, shall issue a search warrant if he finds from the facts or circumstances recited in the affidavit that there is probable cause for the issuance thereof.

Every search warrant shall be directed to (i) the sheriff, sergeant, or any policeman of the county, city or town in which the place to be searched is located, (ii) any law-enforcement officer or agent employed by the Commonwealth and vested with the powers of sheriffs and police, or (iii) jointly to any such sheriff, sergeant, policeman or law-enforcement officer or agent and an agent, special agent or officer of the Federal Bureau of Investigation, the Bureau of Alcohol, Tobacco and Firearms of the United States Treasury, the United States Naval Criminal Investigative Service, the United States Department of Homeland Security, any inspector, law-enforcement official or police personnel of the United States Postal Service, or the Drug Enforcement Administration. The warrant shall (i) name the affiant, (ii) recite the offense *or the identity of the person to be arrested for whom a warrant or process for arrest has been issued* in relation to which the search is to be made, (iii) name or describe the place to be searched, (iv) describe the property or person to be searched for, and (v) recite that the magistrate has found probable cause to believe that the property or person constitutes evidence of a crime (identified in the warrant) or tends to show that a person (named or described therein) has committed or is committing a crime *or that the person to be arrested for whom a warrant or process for arrest has been issued is located at the place to be searched*.

The warrant shall command that the place be forthwith searched, either in day or night, and that the objects or persons described in the warrant, if found there, be seized. An inventory shall be produced before a court having jurisdiction of the offense *or over the person to be arrested for whom a warrant or process for arrest has been issued* in relation to which the warrant was issued as provided in § 19.2-57.

Any such warrant as provided in this section shall be executed by the policeman or other law-enforcement officer or agent into whose hands it shall come or be delivered. If the warrant is directed jointly to a sheriff, sergeant, policeman or law-enforcement officer or agent of the Commonwealth and a federal agent or officer as otherwise provided in this section, the warrant may be executed jointly or by the policeman, law-enforcement officer or agent into whose hands it is delivered. No other person may be permitted to be present during or participate in the execution of a warrant to search a place except ~~(†)~~ (1) the owners and occupants of the place to be searched when permitted to be present by the officer in charge of the conduct of the search and ~~(††)~~ (2) persons designated by the officer in charge of the conduct of the search to assist or provide expertise in the conduct of the search.

Any search warrant for records or other information pertaining to a subscriber to, or customer of, an electronic communication service or remote computing service, whether a domestic corporation or foreign corporation, that is transacting or has transacted any business in the Commonwealth, to be executed upon such service provider may be executed within or without the Commonwealth by hand, United States mail, commercial delivery service, facsimile, or other electronic means upon the service provider. Notwithstanding the provisions of § 19.2-57, the officer executing a warrant pursuant to this paragraph shall endorse the date of execution thereon and shall file the warrant, with the inventory attached (or a notation that no property was seized) and the accompanying affidavit, unless such affidavit was made by voice or videotape recording, within three days after the materials ordered to be produced are received by the officer from the service provider. The return shall be made in the circuit court clerk's office for the jurisdiction wherein the warrant was issued. Saturdays, Sundays, or any federal or state legal holiday shall not be used in computing the three-day filing period.

Electronic communication service or remote computing service providers, whether a foreign or domestic corporation, shall also provide the contents of electronic communications pursuant to a search warrant issued under this section and § 19.2-70.3 using the same process described in the preceding paragraph.

Every search warrant shall contain the date and time it was issued. However, the failure of any such search warrant to contain the date and time it was issued shall not render the warrant void, provided that the date and time of issuing of said warrant is established by competent evidence.

The judge, magistrate, or other official authorized to issue criminal warrants shall attach a copy of the affidavit required by § 19.2-54, which shall become a part of the search warrant and served therewith. However, this provision shall not be applicable in any case in which the affidavit is made by means of a voice or videotape recording or where the affidavit has been sealed pursuant to § 19.2-54.

Any search warrant not executed within 15 days after issuance thereof shall be returned to, and voided by, the officer who issued such search warrant.

For the purposes of this section:

"Foreign corporation" means any corporation or other entity, whose primary place of business is located outside of the boundaries of the Commonwealth, that makes a contract or engages in a terms of service agreement with a resident of the Commonwealth to be performed in whole or in part by either party in the Commonwealth, or a corporation that has been issued a certificate of authority pursuant to § 13.1-759 to transact business in the Commonwealth. The making of the contract or terms of service agreement or the issuance of a certificate of authority shall be considered to be the agreement of the foreign corporation or entity that a search warrant or subpoena, which has been properly served on it, has the same legal force and effect as if served personally within the Commonwealth.

"Properly served" means delivery of a search warrant or subpoena by hand, by United States mail, by commercial delivery service, by facsimile or by any other manner to any officer of a corporation or its general manager in the Commonwealth, to any natural person designated by it as agent for the service of process, or if such corporation has designated a corporate agent, to any person named in the latest annual report filed pursuant to § 13.1-775.

The proof of consultation and favorable review shall be valid as long as the officer is on active military duty and shall expire when the officer returns to active law-enforcement duty. The issuance of the proof of consultation and favorable review shall be entered into the Virginia Criminal Information Network. The Superintendent of State Police shall not without cause withhold such written proof if the officer is in good standing and is qualified to carry a weapon while on active law-enforcement duty.

[H 1562]

Approved February 24, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 10.1-603.19 of the Code of Virginia is amended and reenacted as follows:**

**§ 10.1-603.19. Purposes for which Fund is to be used; Authority to set terms and conditions of loans.**

A. The Director may make grants or loans to any local government for the purpose of assisting the local government in the development and implementation of flood prevention or protection projects, or for flood prevention or protection studies.

B. The Director may expend from the Fund up to \$50,000 annually for cost share with federal agencies in flood protection studies of statewide or regional significance.

C. The Director may, in order to protect public safety and welfare, make (i) grants or loans to ~~local governments owning dams and loans to private entities~~ *a local government that owns a dam, to a local government for a dam located within the locality, or to a private entity that owns a dam* for the design, repair, and the safety modifications of ~~dams~~ *such a dam if it is identified in safety reports* a safety report generated pursuant to § 10.1-607 or 10.1-609 and (ii) grants to ~~local governments and private entities~~ *a local government or private entity* for the determination of the hazard classification for impounding structures, dam break analysis, the mapping and digitization of dam break inundation zones, incremental damage analysis, and other engineering requirements such as emergency action plan development.

D. The Director may, in order to reduce dam owner expenses associated with hazard classification, dam break analysis, the mapping and digitization of dam break inundation zones, incremental damage analysis, and other engineering requirements such as emergency action plan development, expend moneys from the Fund to employ staff or to directly contract for these services. The Director may establish a fee to be paid by the dam owner to offset a portion of these services. Such fee shall not exceed 50 percent of the cost incurred by the Department.

E. No loan or grant from the Fund shall exceed the total cost of the project to be financed or the outstanding principal amount of the indebtedness to be refinanced plus reasonable financing expenses. Loans may also be from the Fund, at the Director's discretion, to a local

government that has developed a low-interest loan program to provide loans or other incentives to facilitate the correction of dam or impounding structure deficiencies, as required by the Department, provided that the moneys are to be used only for the program and that the dams or impounding structures to be repaired or upgraded are owned by private entities.

I. Except as otherwise provided in this article, the Authority shall determine the interest rate and terms and conditions of any loan from the Fund, which may vary between different loans and between local governments and private entities to finance or refinance the cost of a project. Each loan shall be evidenced by appropriate bonds or notes of the local government or by the appropriate debt instrument for private entities payable to the Fund. Private entities shall duly authorize an appropriate debt instrument and execute same by their authorized legal representatives. The bonds or notes shall have been duly authorized by the local government and executed by its authorized legal representatives. The Authority may require in connection with any loan from the Fund such documents, instruments, certificates, legal opinions, covenants, conditions, and other information as it may deem necessary or convenient to further the purpose of the loan. In addition to any other terms or conditions that the Authority may establish, the Authority may require, as a condition to making any loan from the Fund, that the local government or private entity receiving the loan covenant to perform any of the following:

1. Establish and collect rents, rates, fees, and charges to produce revenue sufficient to pay all or a specified portion of (i) the costs of operation, maintenance, replacement, renewal, and repairs of the project; (ii) any outstanding indebtedness incurred for the purposes of the project, including the principal of, premium, if any, and interest on the loan from the Fund; and (iii) any amounts necessary to create and maintain any required reserve, including any rate stabilization fund deemed necessary or appropriate by the Authority to offset the need, in whole or part, for future increases in rents, rates, fees, or charges;

2. With respect to local governments, levy and collect ad valorem taxes on all property within the jurisdiction of the local government subject to local taxation sufficient to pay the principal of and premium, if any, and interest on the loan from the Fund to the local government;

3. Create and maintain a special fund or funds for the payment of the principal of, premium, if any, and interest on the loan from the Fund and any other amounts becoming due under any agreement entered into in connection with the loan, or for the operation, maintenance, repair, or replacement of the project or any portions thereof or other property of the borrower, and deposit into any fund or funds amounts sufficient to make any payments on the loan as they become due and payable;

4. Create and maintain other special funds as required by the Authority;

5. Perform other acts otherwise permitted by applicable law to secure payment of the principal of, premium, if any, and interest on the loan from the Fund and to provide for the remedies of the Fund in the event of any default by the borrower in payment of the loan, including, without limitation, any of the following:

a. The conveyance of, or the granting of liens on or security interests in, real and personal property, together with all rights, title and interest therein;

d. The maintenance, replacement, renewal, and repair of the project; and

e. The procurement of casualty and liability insurance;

6. Obtain a review of the accounting and internal controls from the Auditor of Public Accounts or his legally authorized representatives, as applicable. The Authority may request additional reviews at any time during the term of the loan. In addition, anyone receiving a report in accordance with § 10.1-603.23 may request an additional review as set forth in this section; and

7. Directly offer, pledge, and consent to the Authority to take action pursuant to § 62.1-216.1 to obtain payment of any amounts in default, as applicable.

All local governments or private entities borrowing money from the Fund are authorized to perform any acts, take any action, adopt any proceedings, and make and carry out any contracts that are contemplated by this article. Such contracts need not be identical among all local governments or private entities but may be structured as determined by the Authority according to the needs of the contracting local governments or private entities and the Fund.

Subject to the rights, if any, of the registered owners of any of the bonds of the Authority, the Authority may consent to and approve any modification in the terms of any loan to any local government.

#### CHAPTER 246

*An Act to amend and reenact § 56-585.1 of the Code of Virginia, relating to electric utility regulation; pumped hydroelectricity generation and storage facilities.*

[H 1760]

Approved February 24, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 56-585.1 of the Code of Virginia is amended and reenacted as follows:**

**§ 56-585.1. Generation, distribution, and transmission rates after capped rates terminate or expire.**

A. During the first six months of 2009, the Commission shall, after notice and opportunity for hearing, initiate proceedings to review the rates, terms and conditions for the provision of generation, distribution and transmission services of each investor-owned incumbent electric utility. Such proceedings shall be governed by the provisions of Chapter 10 (§ 56-232 et seq.), except as modified herein. In such proceedings the Commission shall determine fair rates of return on common equity applicable to the generation and distribution services of the utility. In so doing, the Commission may use any methodology to determine such return it finds consistent with the public interest, but such return shall not be set lower than the average of the returns on common equity reported to the Securities and Exchange Commission for the three most recent annual periods for which such data are available by not less than a majority, selected by the Commission as specified in subdivision 2 b, of other investor-owned electric utilities in the peer group of the utility, nor shall the Commission set such return more than 300 basis points higher than such average. The peer group of the utility shall be determined in the manner prescribed in subdivision 2 b. The Commission may increase or decrease such combined rate of return by up to 100 basis points based on the generating plant performance, customer service, and operating efficiency of a utility, as compared to nationally recognized standards determined by the Commission to be appropriate for such purposes. In such a proceeding, the Commission shall determine the rates that the utility may charge until such rates are adjusted. If the Commission finds that the utility's combined rate of return on common equity is more than 50 basis points below the combined rate of return as so determined, it shall be authorized to order increases to the utility's rates necessary to provide the opportunity to fully recover the costs of providing the utility's services and to earn not less than such combined rate of return. If the Commission finds that the utility's combined rate of return on common equity is more than 50 basis points above the combined rate of return as so determined, it shall be authorized either (i) to order reductions to the utility's rates it finds appropriate, provided that the Commission may not order such rate reduction unless it finds that the resulting rates will provide the utility with the opportunity to fully recover its costs of providing its services and to earn not less than the fair rates of return on common equity applicable to the generation and distribution services; or (ii) to direct that 60 percent of the amount of the utility's earnings that were more than 50 basis points above the fair combined rate of return for calendar year 2008 be credited to customers' bills, in which event such credits shall be amortized over a period of six to 12 months, as determined at the discretion of the Commission, following the effective date of the Commission's order and be allocated among customer classes such that the relationship between the specific customer class rates of return to the overall target rate of return will have the same relationship as the last approved allocation of revenues used to design base rates. Commencing in 2011, the Commission, after notice and opportunity for hearing, shall conduct biennial reviews of the rates, terms and conditions for the provision of generation, distribution and transmission services by each investor-owned incumbent electric utility, subject to the following provisions:

1. Rates, terms and conditions for each service shall be reviewed separately on an unbundled basis, and such reviews shall be conducted in a single, combined proceeding. The first such review shall utilize the two successive 12-month test periods ending December 31, 2010. However, the Commission may, in its discretion, elect to stagger its biennial reviews of utilities by utilizing the two successive 12-month test periods ending December 31, 2010, for a Phase I Utility, and utilizing the two successive 12-month test periods ending December 31, 2011, for a Phase II Utility, with subsequent proceedings utilizing the two successive 12-month test periods ending December 31 immediately preceding the year in which such proceeding is conducted. For purposes of this section, a Phase I Utility is an investor-owned incumbent electric utility that was, as of July 1, 1999, not bound by a rate case settlement adopted by the Commission that extended in its application beyond January 1, 2002, and a Phase II Utility is an investor-owned incumbent electric utility that was bound by such a settlement.

2. Subject to the provisions of subdivision 6, fair rates of return on common equity applicable separately to the generation and distribution services of such utility, and for the two such services combined, shall be determined by the Commission during each such biennial review, as follows:

a. The Commission may use any methodology to determine such return it finds consistent with the public interest, but such return shall not be set lower than the average of the returns on common equity reported to the Securities and Exchange Commission for the three most recent annual periods for which such data are available by not less than a majority, selected by the Commission as specified in subdivision 2 b, of other investor-owned electric utilities in the peer group of the utility subject to such biennial review, nor shall the Commission set such return more than 300 basis points higher than such average.

b. In selecting such majority of peer group investor-owned electric utilities, the Commission shall first remove from such group the two utilities within such group that have the lowest reported returns of the group, as well as the two utilities within such group that have the highest reported returns of the group, and the Commission shall then select a majority of the utilities remaining in such peer group. In its final order regarding such biennial review, the Commission shall identify the utilities in such peer group it selected for the calculation of such limitation. For purposes of this subdivision, an investor-owned electric utility shall be deemed part of such peer group if (i) its principal operations are conducted in the southeastern United States east of the Mississippi River in either the states of West Virginia or Kentucky or in those states south of Virginia, excluding the state of Tennessee, (ii) it is a vertically-integrated electric utility providing generation, transmission and distribution services whose facilities and operations are subject to state public utility regulation in the state

where its principal operations are conducted, (iii) it had a long-term bond rating assigned by Moody's Investors Service of at least Baa at the end of the most recent test period subject to such biennial review, and (iv) it is not an affiliate of the utility subject to such biennial review.

c. The Commission may, consistent with its precedent for incumbent electric utilities prior to the enactment of Chapters 888 and 933 of the Acts of Assembly of 2007, increase or decrease the utility's combined rate of return based on the Commission's consideration of the utility's performance.

d. In any Current Proceeding, the Commission shall determine whether the Current Return has increased, on a percentage basis, above the Initial Return by more than the increase, expressed as a percentage, in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the United States Department of Labor, since the date on which the Commission determined the Initial Return. If so, the Commission may conduct an additional analysis of whether it is in the public interest to utilize such Current Return for the Current Proceeding then pending. A finding of whether the Current Return justifies such additional analysis shall be made without regard to any enhanced rate of return on common equity awarded pursuant to the provisions of subdivision 6. Such additional analysis shall include, but not be limited to, a consideration of overall economic conditions, the level of interest rates and cost of capital with respect to business and industry, in general, as well as electric utilities, the current level of inflation and the utility's cost of goods and services, the effect on the utility's ability to provide adequate service and to attract capital if less than the Current Return were utilized for the Current Proceeding then pending, and such other factors as the Commission may deem relevant. If, as a result of such analysis, the Commission finds that use of the Current Return for the Current Proceeding then pending would not be in the public interest, then the lower limit imposed by subdivision 2 a on the return to be determined by the Commission for such utility shall be calculated, for that Current Proceeding only, by increasing the Initial Return by a percentage at least equal to the increase, expressed as a percentage, in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the United States Department of Labor, since the date on which the Commission determined the Initial Return. For purposes of this subdivision:

"Current Proceeding" means any proceeding conducted under any provisions of this subsection that require or authorize the Commission to determine a fair combined rate of return on common equity for a utility and that will be concluded after the date on which the Commission determined the Initial Return for such utility.

"Current Return" means the minimum fair combined rate of return on common equity required for any Current Proceeding by the limitation regarding a utility's peer group specified in subdivision 2 a.

"Initial Return" means the fair combined rate of return on common equity determined for such utility by the Commission on the first occasion after July 1, 2009, under any provision of this subsection pursuant to the provisions of subdivision 2 a.

e. In addition to other considerations, in setting the return on equity within the range allowed by this section, the Commission shall strive to maintain costs of retail electric energy that are cost competitive with costs of retail electric energy provided by the other peer group investor-owned electric utilities.

f. The determination of such returns shall be made by the Commission on a stand-alone basis, and specifically without regard to any return on common equity or other matters determined with regard to facilities described in subdivision 6.

g. If the combined rate of return on common equity earned by the generation and distribution services is no more than 50 basis points above or below the return as so determined or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, such return is no more than 70 basis points above or below the return as so determined, such combined return shall not be considered either excessive or insufficient, respectively. However, for any test period commencing after December 31, 2012, for a Phase II Utility, and after December 31, 2013, for a Phase I Utility, if the utility has, during the test period or periods under review, earned below the return as so determined, whether or not such combined return is within 70 basis points of the return as so determined, the utility may petition the Commission for approval of an increase in rates in accordance with the provisions of subdivision 8 a as if it had earned more than 70 basis points below a fair combined rate of return, and such proceeding shall otherwise be conducted in accordance with the provisions of this section.

h. Any amount of a utility's earnings directed by the Commission to be credited to customers' bills pursuant to this section shall not be considered for the purpose of determining the utility's earnings in any subsequent biennial review.

3. Each such utility shall make a biennial filing by March 31 of every other year, beginning in 2011, consisting of the schedules contained in the Commission's rules governing utility rate increase applications; however, if the Commission elects to stagger the dates of the biennial reviews of utilities as provided in subdivision 1, then each Phase I Utility shall commence biennial filings in 2011 and each Phase II Utility shall commence biennial filings in 2012. Such filing shall encompass the two successive 12-month test periods ending December 31 immediately preceding the year in which such proceeding is conducted, and in every such case the filing for each year shall be identified separately and shall be segregated from any other year encompassed by the filing. If the Commission determines that rates should be revised or credits be applied to customers' bills pursuant to subdivision 8 or 9, any rate adjustment clauses previously implemented pursuant to subdivision 5 or those related to facilities utilizing simple-cycle combustion turbines described in subdivision 6, shall be combined with the utility's costs, revenues and investments until the amounts that are the subject of such rate adjustment clauses are fully recovered. The Commission shall combine such clauses with the utility's costs, revenues and investments only after it makes its initial determination with regard to necessary rate revisions or credits to customers' bills, and the

amounts thereof, but after such clauses are combined as herein specified, they shall thereafter be considered part of the utility's costs, revenues, and investments for the purposes of future biennial review proceedings. A Phase I Utility shall delay for one year the filing of its biennial review from March 31, 2013, to March 31, 2014, and shall not defer on its books for future recovery any costs incurred during calendar year 2011, other than as provided in subdivision 7 or § 56-249.6, and its subsequent biennial filing shall be made by March 31, 2016, and every two years thereafter.

4. The following costs incurred by the utility shall be deemed reasonable and prudent: (i) costs for transmission services provided to the utility by the regional transmission entity of which the utility is a member, as determined under applicable rates, terms and conditions approved by the Federal Energy Regulatory Commission, and (ii) costs charged to the utility that are associated with demand response programs approved by the Federal Energy Regulatory Commission and administered by the regional transmission entity of which the utility is a member. Upon petition of a utility at any time after the expiration or termination of capped rates, but not more than once in any 12-month period, the Commission shall approve a rate adjustment clause under which such costs, including, without limitation, costs for transmission service, charges for new and existing transmission facilities, administrative charges, and ancillary service charges designed to recover transmission costs, shall be recovered on a timely and current basis from customers. Retail rates to recover these costs shall be designed using the appropriate billing determinants in the retail rate schedules.

5. A utility may at any time, after the expiration or termination of capped rates, but not more than once in any 12-month period, petition the Commission for approval of one or more rate adjustment clauses for the timely and current recovery from customers of the following costs:

a. Incremental costs described in clause (vi) of subsection B of § 56-582 incurred between July 1, 2004, and the expiration or termination of capped rates, if such utility is, as of July 1, 2007, deferring such costs consistent with an order of the Commission entered under clause (vi) of subsection B of § 56-582. The Commission shall approve such a petition allowing the recovery of such costs that comply with the requirements of clause (vi) of subsection B of § 56-582;

b. Projected and actual costs for the utility to design and operate fair and effective peak-shaving programs. The Commission shall approve such a petition if it finds that the program is in the public interest; provided that the Commission shall allow the recovery of such costs as it finds are reasonable;

c. Projected and actual costs for the utility to design, implement, and operate energy efficiency programs, including a margin to be recovered on operating expenses, which margin for the purposes of this section shall be equal to the general rate of return on common equity determined as described in subdivision 2. The Commission shall only approve such a petition if it finds that the program is in the public interest. As part of such cost recovery, the Commission, if requested by the utility, shall allow for the recovery of revenue reductions related to energy efficiency programs. The Commission shall only allow such recovery to the extent that the Commission determines such revenue has not been recovered through margins from incremental off-system sales as defined in § 56-249.6 that are directly attributable to energy efficiency programs.

None of the costs of new energy efficiency programs of an electric utility, including recovery of revenue reductions, shall be assigned to any customer that has a verifiable history of having used more than 10 megawatts of demand from a single meter of delivery. Nor shall any of the costs of new energy efficiency programs of an electric utility, including recovery of revenue reductions, be incurred by any large general service customer as defined herein that has notified the utility of non-participation in such energy efficiency program or programs. A large general service customer is a customer that has a verifiable history of having used more than 500 kilowatts of demand from a single meter of delivery. Non-participation in energy efficiency programs shall be allowed by the Commission if the large general service customer has, at the customer's own expense, implemented energy efficiency programs that have produced or will produce measured and verified results consistent with industry standards and other regulatory criteria stated in this section. The Commission shall, no later than November 15, 2009, promulgate rules and regulations to accommodate the process under which such large general service customers shall file notice for such an exemption and (i) establish the administrative procedures by which eligible customers will notify the utility and (ii) define the standard criteria that must be satisfied by an applicant in order to notify the utility. In promulgating such rules and regulations, the Commission may also specify the timing as to when a utility shall accept and act on such notice, taking into consideration the utility's integrated resource planning process as well as its administration of energy efficiency programs that are approved for cost recovery by the Commission. The notice of non-participation by a large general service customer, to be given by March 1 of a given year, shall be for the duration of the service life of the customer's energy efficiency program. The Commission on its own motion may initiate steps necessary to verify such non-participants' achievement of energy efficiency if the Commission has a body of evidence that the non-participant has knowingly misrepresented its energy efficiency achievement. A utility shall not charge such large general service customer, as defined by the Commission, for the costs of installing energy efficiency equipment beyond what is required to provide electric service and meter such service on the customer's premises if the customer provides, at the customer's expense, equivalent energy efficiency equipment. In all relevant proceedings pursuant to this section, the Commission shall take into consideration the goals of economic development, energy efficiency and environmental protection in the Commonwealth;

d. Projected and actual costs of participation in a renewable energy portfolio standard program pursuant to § 56-585.2 that are not recoverable under subdivision 6. The Commission shall approve such a petition allowing the recovery of such costs as are provided for in a program approved pursuant to § 56-585.2;

e. Projected and actual costs of projects that the Commission finds to be necessary to comply with state or federal environmental laws or regulations applicable to generation facilities used to serve the utility's native load obligations. The Commission shall approve such a petition if it finds that such costs are necessary to comply with such environmental laws or regulations; and

f. Projected and actual costs, not currently in rates, for the utility to design, implement, and operate programs approved by the Commission that accelerate the vegetation management of distribution rights-of-way. No costs shall be allocated to or recovered from customers that are served within the large general service rate classes for a Phase II Utility or that are served at subtransmission or transmission voltage, or take delivery at a substation served from subtransmission or transmission voltage, for a Phase I Utility.

The Commission shall have the authority to determine the duration or amortization period for any adjustment clause approved under this subdivision.

6. To ensure the generation and delivery of a reliable and adequate supply of electricity, to meet the utility's projected native load obligations and to promote economic development, a utility may at any time, after the expiration or termination of capped rates, petition the Commission for approval of a rate adjustment clause for recovery on a timely and current basis from customers of the costs of (i) a coal-fueled generation facility that utilizes Virginia coal and is located in the coalfield region of the Commonwealth, as described in § 15.2-6002, regardless of whether such facility is located within or without the utility's service territory, (ii) one or more other generation facilities, (iii) one or more major unit modifications of generation facilities, ~~or~~ (iv) one or more new underground facilities to replace one or more existing overhead distribution facilities of 69 kilovolts or less located within the Commonwealth, *or (v) one or more pumped hydroelectricity generation and storage facilities that utilize on-site or off-site renewable energy resources as all or a portion of their power source and such facilities and associated resources are located in the coalfield region of the Commonwealth as described in § 15.2-6002, regardless of whether such facility is located within or without the utility's service territory*; however, subject to the provisions of the following sentence, the utility shall not file a petition under clause (iv) more often than annually and, in such petition, shall not seek any annual incremental increase in the level of investments associated with such a petition that exceeds five percent of such utility's distribution rate base, as such rate base was determined for the most recently ended 12-month test period in the utility's latest biennial review proceeding conducted pursuant to subdivision 3 and concluded by final order of the Commission prior to the date of filing of such petition under clause (iv). In all proceedings regarding petitions filed under clause (iv), the level of investments approved for recovery in such proceedings shall be in addition to, and not in lieu of, levels of investments previously approved for recovery in prior proceedings under clause (iv). Such a petition concerning facilities described in clause (ii) that utilize nuclear power, facilities described in clause (ii) that are coal-fueled and will be built by a Phase I Utility, or facilities described in clause (i) may also be filed before the expiration or termination of capped rates. A utility that constructs any such facility, or purchases any facility consisting of at least one megawatt of generating capacity using energy derived from sunlight and located in the Commonwealth and that utilizes goods or services sourced, in whole or in part, from one or more Virginia businesses, shall have the right to recover the costs of the facility, as accrued against income, through its rates, including projected construction work in progress, and any associated allowance for funds used during construction, planning, development and construction or acquisition costs, life-cycle costs, costs related to assessing the feasibility of potential sites for new underground facilities, and costs of infrastructure associated therewith, plus, as an incentive to undertake such projects, an enhanced rate of return on common equity calculated as specified below; however, in determining the amounts recoverable under a rate adjustment clause for new underground facilities, the Commission shall not consider, or increase or reduce such amounts recoverable because of (a) the operation and maintenance costs attributable to either the overhead distribution facilities being replaced or the new underground facilities or (b) any other costs attributable to the overhead distribution facilities being replaced. Notwithstanding the preceding sentence, the costs described in clauses (a) and (b) thereof shall remain eligible for recovery from customers through the utility's base rates for distribution service. A utility filing a petition for approval to construct or purchase a facility consisting of at least one megawatt of generating capacity using energy derived from sunlight and located in the Commonwealth and that utilizes goods or services sourced, in whole or in part, from one or more Virginia businesses may propose a rate adjustment clause based on a market index in lieu of a cost of service model for such facility. A utility seeking approval to construct or purchase a generating facility *described in clauses (i) and (ii)* shall demonstrate that it has considered and weighed alternative options, including third-party market alternatives, in its selection process. The costs of the facility, other than return on projected construction work in progress and allowance for funds used during construction, shall not be recovered prior to the date a facility constructed by the utility and described in clause (i), (ii), or (iii) begins commercial operation, the date the utility becomes the owner of a purchased generation facility consisting of at least one megawatt of generating capacity using energy derived from sunlight and located in the Commonwealth and that utilizes goods or services sourced, in whole or in part, from one or more Virginia businesses, or the date new underground facilities are classified by the utility as plant in service. Such enhanced rate of return on common equity shall be applied to allowance for funds used during construction and to construction work in progress during the construction phase of the facility and shall thereafter be applied to the entire facility during the first portion of the service life of the facility. The first portion of the service life shall be as specified in the table below; however, the Commission shall determine the duration of the first portion of the service life of any facility, within the range specified in the table below, which determination shall be consistent with the public interest and shall reflect the Commission's determinations regarding how critical the facility may be in meeting the energy needs of the citizens of the Commonwealth and the risks involved in the development of the

facility. After the first portion of the service life of the facility is concluded, the utility's general rate of return shall be applied to such facility for the remainder of its service life. As used herein, the service life of the facility shall be deemed to begin on the date a facility constructed by the utility and described in clause (i), (ii), or (iii) begins commercial operation, the date the utility becomes the owner of a purchased generation facility consisting of at least one megawatt of generating capacity using energy derived from sunlight and located in the Commonwealth and that utilizes goods or services sourced, in whole or in part, from one or more Virginia businesses, or the date new underground facilities are classified by the utility as plant in service, and such service life shall be deemed equal in years to the life of that facility as used to calculate the utility's depreciation expense. Such enhanced rate of return on common equity shall be calculated by adding the basis points specified in the table below to the utility's general rate of return, and such enhanced rate of return shall apply only to the facility that is the subject of such rate adjustment clause. Allowance for funds used during construction shall be calculated for any such facility utilizing the utility's actual capital structure and overall cost of capital, including an enhanced rate of return on common equity as determined pursuant to this subdivision, until such construction work in progress is included in rates. The construction of any facility described in clause (i) is in the public interest, and in determining whether to approve such facility, the Commission shall liberally construe the provisions of this title. The construction or purchase by a utility of one or more generation facilities with at least one megawatt of generating capacity, and with an aggregate rated capacity that does not exceed 500 megawatts, that use energy derived from sunlight and are located in the Commonwealth, regardless of whether any of such facilities are located within or without the utility's service territory, is in the public interest, and in determining whether to approve such facility, the Commission shall liberally construe the provisions of this title. A utility may enter into short-term or long-term power purchase contracts for the power derived from sunlight generated by such generation facility prior to purchasing the generation facility. In determining whether to approve petitions for rate adjustment clauses for new underground facilities, and in determining the level of costs to be recovered thereunder, the Commission shall liberally construe the provisions of this title and shall give due consideration to the public policy goals of increased electric service reliability and reduced outage times associated with the replacement of existing overhead distribution facilities with new underground facilities. The basis points to be added to the utility's general rate of return to calculate the enhanced rate of return on common equity, and the first portion of that facility's service life to which such enhanced rate of return shall be applied, shall vary by type of facility, as specified in the following table:

Type of Generation Facility	Basis Points	First Portion of Service Life
Nuclear-powered	200	Between 12 and 25 years
Carbon capture compatible, clean-coal powered	200	Between 10 and 20 years
Renewable powered, other than landfill gas powered	200	Between 5 and 15 years
Coalbed methane gas powered	150	Between 5 and 15 years
Landfill gas powered	200	Between 5 and 15 years
Conventional coal or combined-cycle combustion turbine	100	Between 10 and 20 years

For generating facilities other than those utilizing nuclear power or those utilizing energy derived from offshore wind, as of July 1, 2013, only those facilities as to which a rate adjustment clause under this subdivision has been previously approved by the Commission, or as to which a petition for approval of such rate adjustment clause was filed with the Commission, on or before January 1, 2013, shall be entitled to the enhanced rate of return on common equity as specified in the above table during the construction phase of the facility and the approved first portion of its service life.

For generating facilities within the Commonwealth utilizing nuclear power or those utilizing energy derived from offshore wind projects located in waters off the Commonwealth's Atlantic shoreline, such facilities shall continue to be eligible for an enhanced rate of return on common equity during the construction phase of the facility and the approved first portion of its service life of between 12 and 25 years in the case of a facility utilizing nuclear power and for a service life of between 5 and 15 years in the case of a facility utilizing energy derived from offshore wind, provided, however, that, as of July 1, 2013, the enhanced return for such facilities shall be 100 basis points, which shall be added to the utility's general rate of return as determined under subdivision 2. Thirty percent of all costs of such a facility utilizing nuclear power that the utility incurred between July 1, 2007, and December 31, 2013, and all of such costs incurred after December 31, 2013, may be deferred by the utility and recovered through a rate adjustment clause under this subdivision at such time as the Commission provides in an order approving such a rate adjustment clause. The remaining 70 percent of all costs of such a facility that the utility incurred between July 1, 2007, and December 31, 2013, shall not be deferred for recovery through a rate adjustment clause under this subdivision; however, such remaining 70 percent of all costs shall be recovered ratably through existing base rates as determined by the Commission in the test periods under review in the utility's next biennial review filed after July 1, 2014. Thirty percent of all costs of such a facility utilizing energy derived from offshore wind that the utility incurred between July 1, 2007, and December 31, 2013, and all of such costs incurred after December 31, 2013, may be deferred by the utility and recovered through a rate adjustment clause under this subdivision at such time as the Commission provides in an order approving such a rate adjustment clause. The remaining 70 percent of all costs of such a facility that the utility incurred between July 1, 2007, and December 31, 2013, shall not be deferred for recovery through a rate adjustment clause under this subdivision; however, such remaining 70 percent of all costs shall be recovered ratably

through existing base rates as determined by the Commission in the test periods under review in the utility's next biennial review filed after July 1, 2014.

In connection with planning to meet forecasted demand for electric generation supply and assure the adequate and sufficient reliability of service, consistent with § 56-598, planning and development activities for a new nuclear generation facility or facilities are in the public interest.

In connection with planning to meet forecasted demand for electric generation supply and assure the adequate and sufficient reliability of service, consistent with § 56-598, planning and development activities for a new utility-owned and utility-operated generating facility or facilities utilizing energy derived from sunlight with an aggregate capacity of 500 megawatts, or from offshore wind, are in the public interest.

Neither generation facilities described in clause (ii) that utilize simple-cycle combustion turbines nor new underground facilities shall receive an enhanced rate of return on common equity as described herein, but instead shall receive the utility's general rate of return during the construction phase of the facility and, thereafter, for the entire service life of the facility. No rate adjustment clause for new underground facilities shall allocate costs to, or provide for the recovery of costs from, customers that are served within the large power service rate class for a Phase I Utility and the large general service rate classes for a Phase II Utility. New underground facilities are hereby declared to be ordinary extensions or improvements in the usual course of business under the provisions of § 56-265.2.

As used in this subdivision, a generation facility is (1) "coalbed methane gas powered" if the facility is fired at least 50 percent by coalbed methane gas, as such term is defined in § 45.1-361.1, produced from wells located in the Commonwealth, and (2) "landfill gas powered" if the facility is fired by methane or other combustible gas produced by the anaerobic digestion or decomposition of biodegradable materials in a solid waste management facility licensed by the Waste Management Board. A landfill gas powered facility includes, in addition to the generation facility itself, the equipment used in collecting, drying, treating, and compressing the landfill gas and in transmitting the landfill gas from the solid waste management facility where it is collected to the generation facility where it is combusted.

For purposes of this subdivision, "general rate of return" means the fair combined rate of return on common equity as it is determined by the Commission from time to time for such utility pursuant to subdivision 2. In any proceeding under this subdivision conducted prior to the conclusion of the first biennial review for such utility, the Commission shall determine a general rate of return for such utility in the same manner as it would in a biennial review proceeding.

Notwithstanding any other provision of this subdivision, if the Commission finds during the biennial review conducted for a Phase II Utility in 2018 that such utility has not filed applications for all necessary federal and state regulatory approvals to construct one or more nuclear-powered or coal-fueled generation facilities that would add a total capacity of at least 1500 megawatts to the amount of the utility's generating resources as such resources existed on July 1, 2007, or that, if all such approvals have been received, that the utility has not made reasonable and good faith efforts to construct one or more such facilities that will provide such additional total capacity within a reasonable time after obtaining such approvals, then the Commission, if it finds it in the public interest, may reduce on a prospective basis any enhanced rate of return on common equity previously applied to any such facility to no less than the general rate of return for such utility and may apply no less than the utility's general rate of return to any such facility for which the utility seeks approval in the future under this subdivision.

7. Any petition filed pursuant to subdivision 4, 5, or 6 shall be considered by the Commission on a stand-alone basis without regard to the other costs, revenues, investments, or earnings of the utility. Any costs incurred by a utility prior to the filing of such petition, or during the consideration thereof by the Commission, that are proposed for recovery in such petition and that are related to subdivision 5 a, or that are related to facilities and projects described in clause (i) of subdivision 6, or that are related to new underground facilities described in clause (iv) of subdivision 6, shall be deferred on the books and records of the utility until the Commission's final order in the matter, or until the implementation of any applicable approved rate adjustment clauses, whichever is later. Except as otherwise provided in subdivision 6, any costs prudently incurred on or after July 1, 2007, by a utility prior to the filing of such petition, or during the consideration thereof by the Commission, that are proposed for recovery in such petition and that are related to facilities and projects described in clause (ii) of subdivision 6 that utilize nuclear power, or coal-fueled facilities and projects described in clause (ii) of subdivision 6 if such coal-fueled facilities will be built by a Phase I Utility, shall be deferred on the books and records of the utility until the Commission's final order in the matter, or until the implementation of any applicable approved rate adjustment clauses, whichever is later. Any costs prudently incurred after the expiration or termination of capped rates related to other matters described in subdivision 4, 5, or 6 shall be deferred beginning only upon the expiration or termination of capped rates, provided, however, that no provision of this act shall affect the rights of any parties with respect to the rulings of the Federal Energy Regulatory Commission in PJM Interconnection LLC and Virginia Electric and Power Company, 109 F.E.R.C. P 61, 012 (2004). A utility shall establish a regulatory asset for regulatory accounting and ratemaking purposes under which it shall defer its operation and maintenance costs incurred in connection with (i) the refueling of any nuclear-powered generating plant and (ii) other work at such plant normally performed during a refueling outage. The utility shall amortize such deferred costs over the refueling cycle, but in no case more than 18 months, beginning with the month in which such plant resumes operation after such refueling. The refueling cycle shall be the applicable period of time between planned refueling outages for such plant. As of January 1, 2014, such amortized costs are a component of base rates, recoverable in base rates only ratably over the refueling cycle rather than when such outages occur, and are the only nuclear refueling costs recoverable in base rates. This provision shall apply to any nuclear-powered

generating plant refueling outage commencing after December 31, 2013, and the Commission shall treat the deferred and amortized costs of such regulatory asset as part of the utility's costs for the purpose of proceedings conducted (a) with respect to biennial filings under subdivision 3 made on and after July 1, 2014, and (b) pursuant to § 56-245 or the Commission's rules governing utility rate increase applications as provided in subsection B. This provision shall not be deemed to change or reset base rates.

The Commission's final order regarding any petition filed pursuant to subdivision 4, 5, or 6 shall be entered not more than three months, eight months, and nine months, respectively, after the date of filing of such petition. If such petition is approved, the order shall direct that the applicable rate adjustment clause be applied to customers' bills not more than 60 days after the date of the order, or upon the expiration or termination of capped rates, whichever is later.

8. In any biennial review proceeding, the following utility generation and distribution costs not proposed for recovery under any other subdivision of this subsection, as recorded per books by the utility for financial reporting purposes and accrued against income, shall be attributed to the test periods under review: costs associated with asset impairments related to early retirement determinations made by the utility prior to December 31, 2012, for utility generation plant; costs associated with severe weather events; and costs associated with natural disasters. Such costs shall be deemed to have been recovered from customers through rates for generation and distribution services in effect during the test periods under review unless such costs, individually or in the aggregate, together with the utility's other costs, revenues, and investments to be recovered through rates for generation and distribution services, result in the utility's earned return on its generation and distribution services for the combined test periods under review to fall more than 50 basis points below the fair combined rate of return authorized under subdivision 2 for such periods or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, to fall more than 70 basis points below the fair combined rate of return authorized under subdivision 2 for such periods. In such cases, the Commission shall, in such biennial review proceeding, authorize deferred recovery of such costs and allow the utility to amortize and recover such deferred costs over future periods as determined by the Commission. The aggregate amount of such deferred costs shall not exceed an amount that would, together with the utility's other costs, revenues, and investments to be recovered through rates for generation and distribution services, cause the utility's earned return on its generation and distribution services to exceed the fair rate of return authorized under subdivision 2, less 50 basis points, for the combined test periods under review or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, to exceed the fair rate of return authorized under subdivision 2 less 70 basis points. Nothing in this section shall limit the Commission's authority, pursuant to the provisions of Chapter 10 (§ 56-232 et seq.), including specifically § 56-235.2, following the review of combined test period earnings of the utility in a biennial review, for normalization of nonrecurring test period costs and annualized adjustments for future costs, in determining any appropriate increase or decrease in the utility's rates for generation and distribution services pursuant to subdivision 8 a or 8 c.

If the Commission determines as a result of such biennial review that:

a. The utility has, during the test period or periods under review, considered as a whole, earned more than 50 basis points below a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points below a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, the Commission shall order increases to the utility's rates necessary to provide the opportunity to fully recover the costs of providing the utility's services and to earn not less than such fair combined rate of return, using the most recently ended 12-month test period as the basis for determining the amount of the rate increase necessary. However, the Commission may not order such rate increase unless it finds that the resulting rates are necessary to provide the utility with the opportunity to fully recover its costs of providing its services and to earn not less than a fair combined rate of return on both its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, using the most recently ended 12-month test period as the basis for determining the permissibility of any rate increase under the standards of this sentence, and the amount thereof;

b. The utility has, during the test period or test periods under review, considered as a whole, earned more than 50 basis points above a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points above a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, the Commission shall, subject to the provisions of subdivision 9, direct that 60 percent of the amount of such earnings that were more than 50 basis points, or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, that 70 percent of the amount of such earnings that were more than 70 basis points, above such fair combined rate of return for the test period or periods under review, considered as a whole, shall be credited to customers' bills. Any such credits shall be amortized over a period of six to 12 months, as determined at the discretion of the Commission, following the effective date of the Commission's order, and shall be allocated among customer classes such that the relationship between the specific customer class rates of return to the overall target rate of return will have the same relationship as the last approved allocation of revenues used to design base rates; or

c. Such biennial review is the second consecutive biennial review in which the utility has, during the test period or test periods under review, considered as a whole, earned more than 50 basis points above a fair combined rate of return on its

generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points above a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matter determined with respect to facilities described in subdivision 6, the Commission shall, subject to the provisions of subdivision 9 and in addition to the actions authorized in subdivision b, also order reductions to the utility's rates it finds appropriate. However, the Commission may not order such rate reduction unless it finds that the resulting rates will provide the utility with the opportunity to fully recover its costs of providing its services and to earn not less than a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, using the most recently ended 12-month test period as the basis for determining the permissibility of any rate reduction under the standards of this sentence, and the amount thereof.

The Commission's final order regarding such biennial review shall be entered not more than eight months after the date of filing, and any revisions in rates or credits so ordered shall take effect not more than 60 days after the date of the order. The fair combined rate of return on common equity determined pursuant to subdivision 2 in such biennial review shall apply, for purposes of reviewing the utility's earnings on its rates for generation and distribution services, to the entire two successive 12-month test periods ending December 31 immediately preceding the year of the utility's subsequent biennial review filing under subdivision 3.

9. If, as a result of a biennial review required under this subsection and conducted with respect to any test period or periods under review ending later than December 31, 2010 (or, if the Commission has elected to stagger its biennial reviews of utilities as provided in subdivision 1, under review ending later than December 31, 2010, for a Phase I Utility, or December 31, 2011, for a Phase II Utility), the Commission finds, with respect to such test period or periods considered as a whole, that (i) any utility has, during the test period or periods under review, considered as a whole, earned more than 50 basis points above a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points above a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, and (ii) the total aggregate regulated rates of such utility at the end of the most recently-ended 12-month test period exceeded the annual increases in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the United States Department of Labor, compounded annually, when compared to the total aggregate regulated rates of such utility as determined pursuant to the biennial review conducted for the base period, the Commission shall, unless it finds that such action is not in the public interest or that the provisions of subdivisions 8 b and c are more consistent with the public interest, direct that any or all earnings for such test period or periods under review, considered as a whole that were more than 50 basis points, or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points, above such fair combined rate of return shall be credited to customers' bills, in lieu of the provisions of subdivisions 8 b and c. Any such credits shall be amortized and allocated among customer classes in the manner provided by subdivision 8 b. For purposes of this subdivision:

"Base period" means (i) the test period ending December 31, 2010 (or, if the Commission has elected to stagger its biennial reviews of utilities as provided in subdivision 1, the test period ending December 31, 2010, for a Phase I Utility, or December 31, 2011, for a Phase II Utility), or (ii) the most recent test period with respect to which credits have been applied to customers' bills under the provisions of this subdivision, whichever is later.

"Total aggregate regulated rates" shall include: (i) fuel tariffs approved pursuant to § 56-249.6, except for any increases in fuel tariffs deferred by the Commission for recovery in periods after December 31, 2010, pursuant to the provisions of clause (ii) of subsection C of § 56-249.6; (ii) rate adjustment clauses implemented pursuant to subdivision 4 or 5; (iii) revisions to the utility's rates pursuant to subdivision 8 a; (iv) revisions to the utility's rates pursuant to the Commission's rules governing utility rate increase applications, as permitted by subsection B, occurring after July 1, 2009; and (v) base rates in effect as of July 1, 2009.

10. For purposes of this section, the Commission shall regulate the rates, terms and conditions of any utility subject to this section on a stand-alone basis utilizing the actual end-of-test period capital structure and cost of capital of such utility, unless the Commission finds that the debt to equity ratio of such capital structure is unreasonable for such utility, in which case the Commission may utilize a debt to equity ratio that it finds to be reasonable for such utility in determining any rate adjustment pursuant to subdivisions 8 a and c, and without regard to the cost of capital, capital structure, revenues, expenses or investments of any other entity with which such utility may be affiliated. In particular, and without limitation, the Commission shall determine the federal and state income tax costs for any such utility that is part of a publicly traded, consolidated group as follows: (i) such utility's apportioned state income tax costs shall be calculated according to the applicable statutory rate, as if the utility had not filed a consolidated return with its affiliates, and (ii) such utility's federal income tax costs shall be calculated according to the applicable federal income tax rate and shall exclude any consolidated tax liability or benefit adjustments originating from any taxable income or loss of its affiliates.

B. Nothing in this section shall preclude an investor-owned incumbent electric utility from applying for an increase in rates pursuant to § 56-245 or the Commission's rules governing utility rate increase applications; however, in any such

filing, a fair rate of return on common equity shall be determined pursuant to subdivision A 2. Nothing in this section shall preclude such utility's recovery of fuel and purchased power costs as provided in § 56-249.6.

C. Except as otherwise provided in this section, the Commission shall exercise authority over the rates, terms and conditions of investor-owned incumbent electric utilities for the provision of generation, transmission and distribution services to retail customers in the Commonwealth pursuant to the provisions of Chapter 10 (§ 56-232 et seq.), including specifically § 56-235.2.

D. The Commission may determine, during any proceeding authorized or required by this section, the reasonableness or prudence of any cost incurred or projected to be incurred, by a utility in connection with the subject of the proceeding. A determination of the Commission regarding the reasonableness or prudence of any such cost shall be consistent with the Commission's authority to determine the reasonableness or prudence of costs in proceedings pursuant to the provisions of Chapter 10 (§ 56-232 et seq.). In determining the reasonableness or prudence of a utility providing energy and capacity to its customers from renewable energy resources, the Commission shall consider the extent to which such renewable energy resources, whether utility-owned or by contract, further the objectives of the Commonwealth Energy Policy set forth in §§ 67-101 and 67-102, and shall also consider whether the costs of such resources is likely to result in unreasonable increases in rates paid by consumers.

E. The Commission shall promulgate such rules and regulations as may be necessary to implement the provisions of this section.

## CHAPTER 247

*An Act to amend and reenact § 22.1-298.1 of the Code of Virginia, relating to teacher licensure; career and technical education; certain local waivers.*

[H 1770]

Approved February 24, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 22.1-298.1 of the Code of Virginia is amended and reenacted as follows:**

**§ 22.1-298.1. Regulations governing licensure.**

A. As used in this section:

"Alternate route to licensure" means a nontraditional route to teacher licensure available to individuals who meet the criteria specified in the regulations issued by the Board of Education.

"Industry certification credential" means an active career and technical education credential that is earned by successfully completing a Board of Education-approved industry certification examination, being issued a professional license in the Commonwealth, or successfully completing an occupational competency examination.

"Licensure by reciprocity" means a process used to issue a license to an individual coming into the Commonwealth from another state when that individual meets certain conditions specified in the Board of Education's regulations.

"Professional teacher's assessment" means those tests mandated for licensure as prescribed by the Board of Education.

"Provisional license" means a nonrenewable license issued by the Board of Education for a specified period of time, not to exceed three years, to an individual who may be employed by a school division in the Commonwealth and who generally meets the requirements specified in the Board of Education's regulations for licensure, but who may need to take additional coursework or pass additional assessments to be fully licensed with a renewable license.

"Renewable license" means a license issued by the Board of Education for five years to an individual who meets the requirements specified in the Board of Education's regulations.

B. The Board of Education shall prescribe, by regulation, the requirements for the licensure of teachers and other school personnel required to hold a license. Such regulations shall include requirements for the denial, suspension, cancellation, revocation, and reinstatement of licensure. The Board of Education shall revoke the license of any person for whom it has received a notice of dismissal or resignation pursuant to subsection F of § 22.1-313 and, in the case of a person who is the subject of a founded complaint of child abuse or neglect, after all rights to any appeal provided by § 63.2-1526 have been exhausted. Regardless of the authority of any other agency of the Commonwealth to approve educational programs, only the Board of Education shall have the authority to license teachers to be regularly employed by school boards, including those teachers employed to provide nursing education.

The Board of Education shall prescribe by regulation the licensure requirements for teachers who teach only online courses, as defined in § 22.1-212.23. Such license shall be valid only for teaching online courses. Teachers who hold a five-year renewable license issued by the Board of Education may teach online courses for which they are properly endorsed.

C. The Board of Education's regulations shall include requirements that a person seeking initial licensure:

1. Complete professional assessments as prescribed by the Board of Education;
2. Complete study in attention deficit disorder;
3. Complete study in gifted education, including the use of multiple criteria to identify gifted students; and
4. Complete study in methods of improving communication between schools and families and ways of increasing family involvement in student learning at home and at school.

D. In addition, such regulations shall include requirements that:

1. Every person seeking initial licensure or renewal of a license demonstrate proficiency in the use of educational technology for instruction;
2. Every person seeking initial licensure and persons seeking licensure renewal as teachers who have not completed such study shall complete study in child abuse recognition and intervention in accordance with curriculum guidelines developed by the Board of Education in consultation with the Department of Social Services that are relevant to the specific teacher licensure routes;
3. Every person seeking initial licensure or renewal of a license shall receive professional development in instructional methods tailored to promote student academic progress and effective preparation for the Standards of Learning end-of-course and end-of-grade assessments;
4. Every person seeking renewal of a license shall complete all renewal requirements, including professional development in a manner prescribed by the Board, except that no person seeking renewal of a license shall be required to satisfy any such requirement by completing coursework and earning credit at an institution of higher education;
5. Every person seeking initial licensure or renewal of a license shall provide evidence of completion of certification or training in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators. The certification or training program shall be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross. The Board shall provide a waiver for this requirement for any person with a disability whose disability prohibits such person from completing the certification or training;
6. Every person seeking licensure with an endorsement as a teacher of the blind and visually impaired shall demonstrate proficiency in reading and writing Braille;
7. Every teacher seeking an initial license in the Commonwealth with an endorsement in the area of career and technical education shall have an industry certification credential in the area in which the teacher seeks endorsement. If a teacher seeking an initial license in the Commonwealth has not attained an industry certification credential in the area in which the teacher seeks endorsement, the Board may, upon request of the employing school division or educational agency, issue the teacher a provisional license to allow time for the teacher to attain such credential; and
8. (Effective July 1, 2017) Every person seeking initial licensure or renewal of a license shall complete awareness training, provided by the Department of Education, on the indicators of dyslexia, as that term is defined by the Board pursuant to regulations, and the evidence-based interventions and accommodations for dyslexia.

*E. Each local school board or division superintendent may waive for any individual whom it seeks to employ as a career and technical education teacher and who is also seeking initial licensure or renewal of a license with an endorsement in the area of career and technical education any applicable requirement set forth in subsection C or subdivision D 1, 3, 4, 6, or 8.*

~~F. The Board's regulations shall require that initial licensure for principals and assistant principals be contingent upon passage of an assessment as prescribed by the Board.~~

~~F. G. The Board shall establish criteria in its regulations to effectuate the substitution of experiential learning for coursework for those persons seeking initial licensure through an alternate route as defined in Board regulations.~~

~~G. H. Notwithstanding any provision of law to the contrary, the Board (i) may provide for the issuance of a provisional license, valid for a period not to exceed three years, pursuant to subdivision D 7 or to any person who does not meet the requirements of this section or any other requirement for licensure imposed by law and (ii) shall provide for the issuance of a provisional license, valid for a period not to exceed three years, to any former member of the Armed Forces of the United States or the Virginia National Guard who has received an honorable discharge and has the appropriate level of experience or training but does not meet the requirements for a renewable license.~~

~~H. I. The Board's licensure regulations shall also provide for licensure by reciprocity:~~

~~1. With comparable endorsement areas for those individuals holding a valid out-of-state teaching license and national certification from the National Board for Professional Teaching Standards or a nationally recognized certification program approved by the Board of Education. The application for such individuals shall require evidence of such valid licensure and national certification and shall not require official student transcripts;~~

~~2. For individuals who have obtained a valid out-of-state license, with full credentials and without deficiencies, that is in force at the time the application for a Virginia license is received by the Department of Education. The individual must establish a file in the Department of Education by submitting a complete application packet, which shall include official student transcripts. An assessment of basic skills as provided in § 22.1-298.2 and service requirements shall not be imposed for these licensed individuals; however, other licensing assessments, as prescribed by the Board of Education, shall be required; and~~

~~3. The Board may include other provisions for reciprocity in its regulations.~~

## CHAPTER 248

*An Act to amend the Code of Virginia by adding in Chapter 32 of Title 58.1 an article numbered 2.5, consisting of sections numbered 58.1-3219.13 through 58.1-3219.16, relating to real property tax exemption; certain surviving spouses.*

[H 1884]

Approved February 24, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That the Code of Virginia is amended by adding in Chapter 32 of Title 58.1 an article numbered 2.5, consisting of sections numbered 58.1-3219.13 through 58.1-3219.16, as follows:**

*Article 2.5.*

*Exemption for Surviving Spouses of Certain Persons Killed in the Line of Duty.*

**§ 58.1-3219.13. Definitions.**

*As used in this article, unless the context requires otherwise:*

*"Covered person" means any person set forth in the definition of "deceased person" in § 9.1-400 whose beneficiary, as defined in § 9.1-400, is entitled to receive benefits under § 9.1-402, as determined by the Comptroller prior to July 1, 2017, or as determined by the Virginia Retirement System on and after July 1, 2017.*

**§ 58.1-3219.14. Exemption from taxes on property of surviving spouses of certain persons killed in the line of duty.**

*A. Pursuant to Article X, Section 6-B of the Constitution of Virginia, for tax years beginning on or after January 1, 2017, any county, city, or town may exempt from taxation the real property described in subsection B of the surviving spouse of any covered person who occupies the real property as his principal place of residence. If the covered person's death occurred on or prior to January 1, 2017, and the surviving spouse has a principal residence on January 1, 2017, eligible for the exemption under this section, then the exemption for the surviving spouse shall begin on January 1, 2017. If the covered person's death occurs after January 1, 2017, and the surviving spouse has a principal residence eligible for the exemption under this section on the date that such covered person dies, then the exemption for the surviving spouse shall begin on the date that such covered person dies. If the surviving spouse acquires the property after January 1, 2017, then the exemption shall begin on the date of acquisition, and the previous owner may be entitled to a refund for a pro rata portion of real property taxes paid pursuant to § 58.1-3360. No county, city, or town shall be liable for any interest on any refund due to the surviving spouse for taxes paid prior to the surviving spouse's filing of the affidavit or written statement required by § 58.1-3219.15.*

*B. Those dwellings, in any locality that provides the exemption pursuant to this article, with assessed values in the most recently ended tax year that are not in excess of the average assessed value for such year of a dwelling situated on property that is zoned as single-family residential shall qualify for a total exemption from real property taxes under this article. If the value of a dwelling is in excess of the average assessed value as described in this subsection, then only that portion of the assessed value in excess of the average assessed value shall be subject to real property taxes, and the portion of the assessed value that is not in excess of the average assessed value shall be exempt from real property taxes. Single-family homes, condominiums, town homes, manufactured homes as defined in § 46.2-100 whether or not the wheels and other equipment previously used for mobility have been removed, and other types of dwellings of surviving spouses, whether or not the land on which the single-family home, condominium, town home, manufactured home, or other type of dwelling of a surviving spouse is located is owned by someone other than the surviving spouse, that (i) meet this requirement and (ii) are occupied by such persons as their principal place of residence shall qualify for the real property tax exemption. If the land on which the single-family home, condominium, town home, manufactured home, or other type of dwelling is located is not owned by the surviving spouse, then the land is not exempt.*

*For purposes of determining whether a dwelling, or a portion of its value, is exempt from county and town real property taxes, the average assessed value shall be such average for all dwellings located within the county that are situated on property zoned as single-family residential.*

*C. The surviving spouse shall qualify for the exemption so long as the surviving spouse does not remarry and continues to occupy the real property as his principal place of residence. The exemption applies without any restriction on the spouse's moving to a different principal place of residence.*

*D. A county, city, or town shall provide for the exemption from real property taxes of (i) the qualifying dwelling, or that portion of the value of such dwelling and land that qualifies for the exemption pursuant to subsection B, and (ii) with the exception of land not owned by the surviving spouse, the land, not exceeding one acre, upon which it is situated. However, if a county, city, or town provides for an exemption from or deferral of real property taxes of more than one acre of land pursuant to Article 2 (§ 58.1-3210 et seq.), then the county, city, or town shall also provide an exemption for the same number of acres pursuant to this section. A real property improvement other than a dwelling, including the land upon which such improvement is situated, made to such one acre or greater number of acres exempt from taxation pursuant to this subsection shall also be exempt from taxation so long as the principal use of the improvement is (a) to house or cover motor vehicles or household goods and personal effects as classified in subdivision A 14 of § 58.1-3503 and as listed in § 58.1-3504 and (b) for other than a business purpose.*

*E. For purposes of this exemption, real property of any surviving spouse of a covered person includes real property (i) held by a surviving spouse as a tenant for life, (ii) held in a revocable inter vivos trust over which the surviving spouse*

holds the power of revocation, or (iii) held in an irrevocable trust under which the surviving spouse possesses a life estate or enjoys a continuing right of use or support. Such real property does not include any interest held under a leasehold or term of years.

F. 1. In the event that (i) a surviving spouse is entitled to an exemption under this section by virtue of holding the property in any of the three ways set forth in subsection E and (ii) one or more other persons have an ownership interest in the property that permits them to occupy the property, then the tax exemption for the property that otherwise would have been provided shall be prorated by multiplying the amount of the exemption by a fraction the numerator of which is 1 and the denominator of which equals the total number of people having an ownership interest that permits them to occupy the property.

2. In the event that the principal residence is jointly owned by two or more individuals including the surviving spouse, and no person is entitled to the exemption under this section by virtue of holding the property in any of the three ways set forth in subsection E, then the exemption shall be prorated by multiplying the amount of the exemption by a fraction the numerator of which is the percentage of ownership interest in the dwelling held by the surviving spouse and the denominator of which is 100.

**§ 58.1-3219.15. Application for exemption.**

A. The surviving spouse claiming the exemption under this article shall file with the commissioner of the revenue of the county, city, or town or such other officer as may be designated by the governing body in which the real property is located, on forms to be supplied by the county, city, or town, an affidavit or written statement (i) setting forth the surviving spouse's name, (ii) indicating any other joint owners of the real property, (iii) certifying that the real property is occupied as the surviving spouse's principal place of residence, and (iv) including evidence of the determination of the Comptroller or the Virginia Retirement System pursuant to subsection A. The surviving spouse shall also provide documentation that he is the surviving spouse of a covered person and of the date that the covered person died.

The surviving spouse shall be required to refile the information required by this section only if the surviving spouse's principal place of residence changes.

B. The surviving spouse shall promptly notify the commissioner of the revenue of any remarriage.

**§ 58.1-3219.16. Absence from residence.**

The fact that surviving spouses who are otherwise qualified for tax exemption pursuant to this article are residing in hospitals, nursing homes, convalescent homes, or other facilities for physical or mental care for extended periods of time shall not be construed to mean that the real estate for which tax exemption is sought does not continue to be the sole dwelling of such persons during such extended periods of other residence, so long as such real estate is not used by or leased to others for consideration.

B. The Board of Education shall prescribe, by regulation, the requirements for the licensure of teachers and other school personnel required to hold a license. The Board of Education shall revoke the license of any person for whom it has received a notice of dismissal or resignation pursuant to subsection F of § 22.1-313 and, in the case of a person who is the subject of a founded complaint of child abuse or neglect, after all rights to any appeal provided by § 63.2-1526 have been exhausted. 5. Every person seeking initial licensure or renewal of a license shall provide evidence of completion of certification or training in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators. The certification or training program shall be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross. 7. Every teacher seeking an initial license in the Commonwealth with an endorsement in the area of career and technical education shall have an industry certification credential in the area in which the teacher seeks endorsement. 8. (Effective July 1, 2017) Every person seeking initial licensure or renewal of a license shall complete awareness training, provided by the Department of Education, on the indicators of dyslexia, as that term is defined by the Board pursuant to regulations, and the evidence-based interventions and accommodations for dyslexia.

*E. Each local school board or division superintendent may waive for any individual whom it seeks to employ as a career and technical education teacher and who is also seeking initial licensure or renewal of a license with an endorsement in the area of career and technical education any applicable requirement set forth in subsection C or subdivision D 1, 3, 4, 6, or 8.*

## CHAPTER 259

*An Act to amend and reenact § 11-34.3 of the Code of Virginia, relating to energy performance-based contracting; cooperative procurement.*

[H 1712]

Approved March 3, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 11-34.3 of the Code of Virginia is amended and reenacted as follows:**

**§ 11-34.3. Energy Performance-Based Contract Procedures; required contract provisions.**

A. Any contracting entity may enter into an energy performance-based contract with an energy performance contractor to significantly reduce energy costs to a level established by the public body or operating costs of a facility through one or more energy conservation or operational efficiency measures. *For the purposes of this chapter, energy conservation or operational efficiency measures shall not include roof replacement projects.*

B. The energy performance contractor shall be selected through competitive sealed bidding or competitive negotiation as set forth in § 2.2-4302.1 or 2.2-4302.2. The evaluation of the request for proposal shall analyze the estimates of all costs of installation, maintenance, repairs, debt service, post installation project monitoring and reporting. *Notwithstanding any other provision of law, any contracting entity may purchase energy conservation or operational efficiency measures under an energy performance-based contract entered into by another contracting entity pursuant to this chapter even if it did not participate in the request for proposals if the request for proposals specified that the procurement was being conducted on behalf of other contracting entities.*

C. Before entering into a contract for energy conservation measures and facility technology infrastructure upgrades and modernization measures, the contracting entity shall require the performance contractor to provide a payment and performance bond relating to the installation of energy conservation measures and facility technology infrastructure upgrades and modernization measures in the amount the contracting entity finds reasonable and necessary to protect its interests.

D. Prior to the design and installation of the energy conservation measure, the contracting entity shall obtain from the energy performance contractor a report disclosing all costs associated with the energy conservation measure and providing an estimate of the amount of the energy cost savings. After reviewing the report, the contracting entity may enter into an energy performance-based contract if it finds (i) the amount the entity would spend on the energy conservation measures and facility and technology infrastructure upgrades and modernization measures recommended in the report will not exceed the amount to be saved in energy and operation costs more than 20 years from the date of installation, based on life-cycle costing calculations, if the recommendations in the report were followed and (ii) the energy performance contractor provides a written guarantee that the energy and operating cost savings will meet or exceed the costs of the system. The contract may provide for payments over a period of time not to exceed 20 years.

E. The term of any energy performance-based contract shall expire at the end of each fiscal year but may be renewed annually up to 20 years, subject to the contracting entity making sufficient annual appropriations based upon continued realized cost savings. Such contracts shall stipulate that the agreement does not constitute a debt, liability, or obligation of the contracting entity, or a pledge of the faith and credit of the contracting entity. Such contract may also provide capital contributions for the purchase and installation of energy conservation and facility and technology infrastructure upgrades and modernization measures that cannot be totally funded by the energy and operational savings.

F. An energy performance-based contract shall include the following provisions:

1. A guarantee by the energy performance contractor that annual energy and operational cost savings will meet or exceed the amortized cost of energy conservation measures. The guaranteed energy savings contract shall include a written guarantee of the qualified provider that either the energy or operational cost savings, or both, will meet or exceed within 20 years the costs of the energy and operational savings measures. The qualified provider shall reimburse the contracting entity for any shortfall of guaranteed energy savings projected in the contract.

2. A requirement that the energy performance contractor to whom the contract is awarded provide a 100 percent performance guarantee bond to the contracting entity for the installation and faithful performance of the installed energy savings measures as outlined in the contract document.

3. A requirement that the energy performance contractor provide to the contracting entity an annual reconciliation of the guaranteed energy cost savings. The energy performance contractor shall be liable for any annual savings shortfall that may occur.

G. The Department of Mines, Minerals and Energy (the Department) shall make a reasonable effort, as long as workload permits, to:

1. Provide general advice, upon request, to local governments that wish to consider pursuit of an energy performance-based contract pursuant to this section;

2. Annually compile a list of performance-based contracts entered into by local governments of which the Department may become aware.

## CHAPTER 260

*An Act to amend and reenact § 56-484.17 of the Code of Virginia, relating to the Wireless E-911 Fund; distribution percentages.*

[H 1719]

Approved March 3, 2017

### **Be it enacted by the General Assembly of Virginia:**

#### **1. That § 56-484.17 of the Code of Virginia is amended and reenacted as follows:**

##### **§ 56-484.17. Wireless E-911 Fund; uses of Fund; enforcement; audit required.**

A. There is hereby created in the state treasury a special nonreverting fund to be known as the Wireless E-911 Fund (the Fund). The Fund shall be established on the books of the Comptroller. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Except as provided in § 2.2-2031, moneys in the Fund shall be used for the purposes stated in subsections C through D. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Tax Commissioner or the Chief Information Officer of the Commonwealth.

B. Each CMRS provider and each CMRS reseller shall collect a wireless E-911 surcharge from each of its customers whose place of primary use is within the Commonwealth. However, no surcharge shall be imposed on federal, state and local government agencies. A payment equal to all wireless E-911 surcharges shall be remitted within 30 days to the Department of Taxation. The Department of Taxation, after subtracting its direct costs of administration, shall deposit all remitted wireless E-911 surcharges into the state treasury. The Comptroller shall as soon as practicable deposit such moneys into the Fund. Each CMRS provider and CMRS reseller may retain an amount equal to three percent of the wireless E-911 surcharges collected to defray the costs of collecting the surcharges. State and local taxes shall not apply to any wireless E-911 surcharge collected from customers. Surcharges collected from customers shall be subject to the provisions of the federal Mobile Telecommunications Sourcing Act (4 U.S.C. § 116 et seq., as amended).

The CMRS provider and CMRS reseller shall collect the surcharge through regular periodic billing.

C. Beginning July 1, 2012, 60 percent of the Wireless E-911 Fund shall be distributed on a monthly basis to the PSAPs according to each PSAP's average pro rata distribution from the Wireless E-911 Fund for fiscal years 2007-2012, taking into account any funding adjustments made pursuant to subsection E. On or before July 1, ~~2017~~ 2018, and every five years thereafter, the Department of Taxation shall recalculate the distribution percentage for each PSAP based on the cost and call load data of the PSAP for the previous five fiscal years, which data shall continue to be received by the Board and then reported to the Department of Taxation. The distribution from the Wireless E-911 Fund shall be made on a monthly basis to the PSAPs according to such distribution percentage beginning July 1 of such fiscal year.

D. Using 30 percent of the Wireless E-911 Fund, the Board shall provide payment to CMRS providers of wireless E-911 CMRS costs. For these purposes each CMRS provider shall submit to the Board on or before December 31 of each year an estimate of wireless E-911 CMRS costs it expects to incur during the next fiscal year of counties and municipalities in whose jurisdiction it operates. The Board shall review such estimates and advise each CMRS provider on or before the following March 1 whether its estimate qualifies for payment hereunder and whether the Wireless E-911 Fund is expected to be sufficient for such payment during said fiscal year. A CMRS provider with an approved estimate of costs shall submit its request for payment of such costs no later than four months after the end of the fiscal year in which the cost was incurred. If the portion of the Fund designated for CMRS provider cost payments is insufficient to provide full payment to each CMRS provider for its costs, no unpaid cost shall be paid in the following fiscal year. The remaining 10 percent of the Fund and any remaining funds for the previous fiscal year from the 30 percent for CMRS providers shall be distributed to PSAPs or on behalf of PSAPs based on grant requests received by the Board each fiscal year. The Board shall establish criteria for receiving and making grants from the Fund, including procedures for determining the amount of a grant and payment schedule; however, the grants must be to the benefit of wireless E-911. Any grant funding that has not been committed by the Board by the end of the fiscal year shall be distributed to the PSAPs based on the same distribution percentage used

during the fiscal year in which the funding was collected; however, the Board may retain some or all of this uncommitted funding for an identified funding need in the next fiscal year or for a reserve balance pursuant to a reserve balance policy adopted by the Board.

E. After the end of each fiscal year, on a schedule adopted by the Board, the Board shall audit the grant funding received by all recipients to ensure it was utilized in accordance with the grant requirements. For the fiscal year ending June 30, 2005, the Board shall determine whether qualifying payments to PSAP operators and CMRS providers during the preceding fiscal year exceeded or were less than the actual wireless E-911 PSAP costs or wireless E-911 CMRS costs of any PSAP operator or CMRS provider. Each funding recipient shall provide such verification of such costs as may be requested by the Board. Any overpayment shall be refunded to the Board or credited to payments during the then current fiscal year, on such schedule as the Board shall determine. If payments are less than the actual costs reported, the Board may include the additional funding in the then current fiscal year.

F. The Auditor of Public Accounts, or his legally authorized representatives, shall annually audit the Wireless E-911 Fund. The cost of such audit shall be borne by the Board and be payable from the Wireless E-911 Fund, as appropriate. The Board shall furnish copies of the audits to the Governor, the Public Safety Subcommittees of the Senate Committee on Finance and the House Committee on Appropriations, and the Virginia State Crime Commission.

G. The special tax authorized by § 58.1-1730 shall not be imposed on consumers of CMRS.

## CHAPTER 263

*An Act to amend and reenact § 40.1-49.4 of the Code of Virginia, relating to enforcement of occupational safety and health laws; civil penalties.*

[H 1883]

Approved March 3, 2017

**Be it enacted by the General Assembly of Virginia:****1. That § 40.1-49.4 of the Code of Virginia is amended and reenacted as follows:**

**§ 40.1-49.4. Enforcement of this title and standards, rules or regulations for safety and health; orders of Commissioner; proceedings in circuit court; injunctions; penalties.**

A. 1. If the Commissioner has reasonable cause to believe that an employer has violated any safety or health provision of Title 40.1 or any standard, rule or regulation adopted pursuant thereto, he shall with reasonable promptness issue a citation to the employer. Each citation shall be in writing and shall describe with particularity the nature of the violation or violations, including a reference to the provision of this title or the appropriate standards, rules or regulations adopted pursuant thereto, and shall include an order of abatement fixing a reasonable time for abatement of each violation.

2. The Commissioner may prescribe procedures for calling to the employer's attention de minimis violations which have no direct or immediate relationship to safety and health.

3. No citation may be issued under this section after the expiration of six months following the occurrence of any alleged violation.

4. (a) The Commissioner shall have the authority to propose civil penalties for cited violations in accordance with subsections G, H, I, and J of this section. In determining the amount of any proposed penalty he shall give due consideration to the appropriateness of the penalty with respect to the size of the business of the employer being charged, the gravity of the violation, the good faith of the employer, and the history of previous violations. In addition, the Commissioner shall have authority to assess interest on all past-due penalties and administrative costs incurred in the collection of penalties for such violations consistent with § 2.2-4805.

(b) After, or concurrent with, the issuance of a citation and order of abatement, and within a reasonable time after the termination of an inspection or investigation, the Commissioner shall notify the employer by certified mail or by personal service of the proposed penalty or that no penalty is being proposed. The proposed penalty shall be deemed to be the final order of the Commissioner and not subject to review by any court or agency unless, within 15 working days from the date of receipt of such notice, the employer notifies the Commissioner in writing that he intends to contest the citation, order of abatement or the proposed penalty or the employee or representative of employees has filed a notice in accordance with subsection B of this section and any such notice of proposed penalty, citation or order of abatement shall so state.

B. Any employee or representative of employees of an employer to whom a citation and order of abatement has been issued may, within 15 working days from the time of the receipt of the citation and order of abatement by the employer, notify the Commissioner, in writing, that they wish to contest the abatement time before the circuit court.

C. If the Commissioner has reasonable cause to believe that an employer has failed to abate a violation for which a citation has been issued within the time period permitted for its abatement, which time shall not begin to run until the entry of a final order in the case of any contest as provided in subsection E of this section initiated by the employer in good faith and not solely for delay or avoidance of penalties, a citation for failure to abate will be issued to the employer in the same manner as prescribed by subsection A of this section. In addition, the Commissioner shall notify the employer by certified mail or by personal service of such failure and of the penalty proposed to be assessed by reason of such failure. If, within 15 working days from the date of receipt of the notice of the proposed penalty, the employer fails to notify the Commissioner that he intends to contest the citation or proposed assessment of penalty, the citation and assessment as proposed shall be deemed a final order of the Commissioner and not subject to review by any court or agency.

D. Civil penalties owed under this section shall be paid to the Commissioner for deposit into the general fund of the Treasurer of the Commonwealth. The Commissioner shall prescribe procedures for the payment of proposed assessments of penalties which are not contested by employers. Such procedures shall include provisions for an employer to consent to abatement of the alleged violation and pay a proposed penalty or a negotiated sum in lieu of such penalty without admission of any civil liability arising from such alleged violation.

Final orders of the Commissioner or the circuit courts may be recorded, enforced and satisfied as orders or decrees of a circuit court upon certification of such orders by the Commissioner or the court as appropriate.

E. Upon receipt of a notice of contest of a citation, proposed penalty, order of abatement or abatement time pursuant to subdivision A 4 (b), subsection B or C of this section, the Commissioner shall immediately notify the attorney for the Commonwealth for the jurisdiction wherein the violation is alleged to have occurred and shall file a civil action with the circuit court. Upon issuance and service of process, the circuit court shall promptly set the matter for hearing without a jury. The circuit court shall thereafter issue a written order, based on findings of fact and conclusions of law, affirming, modifying or vacating the Commissioner's citation or proposed penalty, or directing other appropriate relief, and such order shall become final 21 days after its issuance. The circuit court shall provide affected employees or their representatives and employers an opportunity to participate as parties to hearings under this subsection.

F. 1. In addition to the remedies set forth above, the Commissioner may file a civil action with the clerk of the circuit court having equity jurisdiction over the employer or the place of employment involved asking the court to temporarily or permanently enjoin any conditions or practices in any place of employment which are such that a danger exists which could reasonably be expected to cause death or serious physical harm immediately or before the imminence of such danger can be eliminated through the enforcement procedures otherwise provided by this title. Any order issued under this section may require such steps to be taken as may be necessary to avoid, correct or remove such imminent danger and prohibit the employment or presence of any individual in locations or under conditions where such imminent danger exists, except individuals whose presence is necessary to avoid, correct or remove such imminent danger or to maintain the capacity of a continuous process operation to resume normal operations without a complete cessation of operations, or where a cessation of operations is necessary, to permit such to be accomplished in a safe and orderly manner. No order issued without prior notice to the employer shall be effective for more than five working days. Whenever and as soon as the Commissioner

concludes that conditions or practices described in this subsection exist in any place of employment and that judicial relief shall be sought, he shall immediately inform the affected employer and employees of such proposed course of action.

2. Any court described in this section shall also have jurisdiction, upon petition of the Commissioner or his authorized representative, to enjoin any violations of this title or the standards, rules or regulations promulgated thereunder.

3. If the Commissioner arbitrarily or capriciously fails to seek relief under subdivision 1 of this subsection, any employee who may be injured by reason of such failure, or the representative of such employee, may bring an action against the Commissioner in a circuit court of competent jurisdiction for a writ of mandamus to compel the Commissioner to seek such an order and for such further relief as may be appropriate.

G. Any employer who has received a citation for a violation of any safety or health provision of this title or any standard, rule or regulation promulgated pursuant thereto and such violation is specifically determined not to be of a serious nature may be assessed a civil penalty of up to ~~\$7,000~~ \$12,471, as such amount may be adjusted as provided in subsection P, for each such violation.

H. Any employer who has received a citation for a violation of any safety or health provision of this title or any standard, rule or regulation promulgated pursuant thereto and such violation is determined to be a serious violation shall be assessed a civil penalty of up to ~~\$7,000~~ \$12,471, as such amount may be adjusted as provided in subsection P, for each such violation.

I. Any employer who fails to abate a violation for which a citation has been issued within the period permitted for its abatement (which period shall not begin to run until the entry of the final order of the circuit court) may be assessed a civil penalty of not more than ~~\$7,000~~ \$12,471, as such amount may be adjusted as provided in subsection P, for each day during which such violation continues.

J. Any employer who willfully or repeatedly violates any safety or health provision of this title or any standard, rule or regulation promulgated pursuant thereto may be assessed a civil penalty of not more than ~~\$70,000~~ \$124,709, as such amount may be adjusted as provided in subsection P, for each such violation.

K. Any employer who willfully violates any safety or health provisions of this title or standards, rules or regulations adopted pursuant thereto, and that violation causes death to any employee, shall, upon conviction, be punished by a fine of not more than \$70,000 or by imprisonment for not more than six months, or by both such fine and imprisonment. If the conviction is for a violation committed after a first conviction of such person, punishment shall be a fine of not more than \$140,000 or by imprisonment for not more than one year, or by both such fine and imprisonment.

L. In any proceeding before a judge of a circuit court parties may obtain discovery by the methods provided for in the Rules of Supreme Court of Virginia.

M. No fees or costs shall be charged the Commonwealth by a court or any officer for or in connection with the filing of the complaint, pleadings, or other papers in any action authorized by this section or § 40.1-49.5.

N. Every official act of the circuit court shall be entered of record and all hearings and records shall be open to the public, except any information subject to protection under the provisions of § 40.1-51.4:1.

O. The provisions of Chapter 30 (§ 59.1-406 et seq.) of Title 59.1 shall be considered safety and health standards of the Commonwealth and enforced as to employers pursuant to this section by the Commissioner of Labor and Industry.

*P. Beginning in 2018, the Commissioner annually shall adjust the maximum civil penalties stated in subsections G through J each year by the percentage increase, if any, in the United States Average Consumer Price Index for all Urban Consumers (CPI-U), as published by the Bureau of Labor Statistics of the United States Department of Labor, from its monthly average for the previous calendar year. The amount of each adjustment to the maximum civil penalties shall be rounded to the nearest whole dollar. The adjustments to the maximum civil penalties shall be effective on each August 1. If the CPI-U is discontinued or revised, such other historical index or computation approved by the Commissioner shall be used for purposes of this section that would obtain substantially the same result as would have been obtained if the CPI-U had not been discontinued or revised.*

F. Grant payments under this section shall be conditional upon the small business substantially retaining (i) the number of full-time positions in its base year plus (ii) the number of new full-time positions for which grants are to be paid. **§ 33.2-214.1. Statewide prioritization process for project selection.**

A. The General Assembly declares it to be in the public interest that a prioritization process for projects funded by the Commonwealth Transportation Board be developed and implemented to improve the efficiency and effectiveness of the state's transportation system, transportation safety, transportation accessibility for people and freight, environmental quality, and economic development in the Commonwealth.

B. Subject to the limitations in subsection C, the Commonwealth Transportation Board shall develop, in accordance with federal transportation requirements, and in cooperation with metropolitan planning organizations wholly within the Commonwealth and with the Northern Virginia Transportation Authority, a statewide prioritization process for the use of funds allocated pursuant to §§ 33.2-358, 33.2-370, and 33.2-371 or apportioned pursuant to 23 U.S.C. § 104. Such

prioritization process shall be used for the development of the Six-Year Improvement Program pursuant to § 33.2-214 and shall consider, at a minimum, highway, transit, rail, roadway, technology operational improvements, and transportation demand management strategies.

1. The prioritization process shall be based on an objective and quantifiable analysis that considers, at a minimum, the following factors relative to the cost of the project or strategy: congestion mitigation, economic development, accessibility, safety, and environmental quality.

2. Prior to the analysis in subdivision 1, candidate projects and strategies shall be screened by the Commonwealth Transportation Board to determine whether they are consistent with the assessment of capacity needs for all for corridors of statewide significance, regional networks, and improvements to promote urban development areas established pursuant to § 15.2-2223.1, undertaken in the Statewide Transportation Plan in accordance with § 33.2-353.

3. The Commonwealth Transportation Board shall weight the factors used in subdivision 1 for each of the state's highway construction districts. 4. The Commonwealth Transportation Board shall solicit input from localities, metropolitan planning organizations, transit authorities, transportation authorities, and other stakeholders in its development of the prioritization process pursuant to this section. Further, the Board shall explicitly consider input provided by an applicable metropolitan planning organization or the Northern Virginia Transportation Authority when developing the weighting of factors pursuant to subdivision 3 for a metropolitan planning area with a population over 200,000 individuals.

C. The prioritization process developed under subsection B shall not apply to the following: projects or activities undertaken pursuant to § 33.2-352; projects funded by the Congestion Mitigation Air Quality funds apportioned to the state pursuant to 23 U.S.C. § 104(b)(4) and state matching funds; projects funded by the Highway Safety Improvement Program funds apportioned to the state pursuant to 23 U.S.C. § 104(b)(3) and state matching funds; projects funded by the Transportation Alternatives funds set-aside pursuant to 23 U.S.C. § 213 and state matching funds; projects funded by the revenue-sharing program pursuant to § 33.2-357; and projects funded by federal programs established by the federal government after June 30, 2014, with specific rules that restrict the types of projects that may be funded, excluding restrictions on the location of projects with regard to highway functional classification. The Commonwealth Transportation Board may, at its discretion, develop a prioritization process for any of the funds covered by this subsection, subject to planning and funding requirements of federal law.

~~D. The Commonwealth Transportation Board shall make public, in an accessible format, the results of the screening and analysis of candidate projects and strategies under subsection B, including the weighting of factors and the criteria used to determine the value of each factor, no later than 30 days prior to a vote on such projects or strategies.~~

C. *The Department shall make public a recommended list of projects eligible for funds under the state of good repair program pursuant to § 33.2-369 from the listing of prioritized pavement and bridge needs published in the Commissioner's annual report pursuant to § 33.2-232 at least 150 days prior to the adoption of a Six-Year Improvement Program that includes new projects with funding from such program.*

**1. That § 24.2-711 of the Code of Virginia is amended and reenacted as follows:**

**§ 24.2-711. Duties of officers of election.**

Before the polls open, the officers of election at each precinct shall mark, for each person on the absentee voter applicant list, the letters "AB" (meaning absentee ballot) in the voting record column on the pollbook. The pollbook may be so marked prior to election day by the general registrar, the secretary of the electoral board, or staff under the direction of the general registrar or the secretary, or when the pollbook is produced by the State Board pursuant to § 24.2-404. If the pollbook has been marked prior to election day, before the polls open the officers of election at each precinct shall check the marks for accuracy and make any additions or corrections required.

The chief officer of election shall keep the copy of the absentee voter applicant list in the polling place as a public record open for inspection upon request at all times while the polls are open.

Immediately after the close of the polls, the container of absentee ballots shall be opened by the officers of election. As each ballot envelope is removed from the container, the name of the voter shall be called and checked as if the voter were voting in person. If the voter is found entitled to vote, an officer shall mark the voter's name on the pollbook with the first or next consecutive number from the voter count form, or shall enter that the voter has voted if the pollbook is in electronic form. The ballot envelope shall then be opened, and the ballot deposited in the ballot container without being unfolded or examined. If the voter is found not entitled to vote, the unopened envelope shall be rejected. An unopened envelope shall not be rejected on the sole basis of a voter's failure to provide in the statement on the back of the unopened envelope his full middle name or his middle initial, unless the voter also failed to provide his full first and last name. An unopened envelope shall not be rejected on the sole basis of a voter's failure to provide the date, or any part of the date, including the year, on which he signed the statement printed on the back of the envelope. ~~A majority of the officers~~ *At least two officers of election, one representing each political party,* shall write and sign a statement of the cause for rejection on the envelope or on an attachment to the envelope.

When all ballots have been accounted for and either voted or rejected, the officers shall place the empty ballot envelopes, the return envelopes, and any rejected ballot envelopes, in one envelope provided for the purpose and seal and deliver it with the ballots cast at the election as provided in this title.

This inspection shall serve as an antitheft and antifraud measure and shall not certify the safety or roadworthiness of the vehicle. The Commissioner shall ensure that, in scheduling and performing examinations of salvage vehicles under this section, single vehicles owned by private owner-operators are afforded no lower priority than examinations of vehicles owned by motor vehicle dealers, salvage pools, licensed auto recyclers, or vehicle removal operators. The Commissioner may charge a fee of \$125 per vehicle, for the examination of rebuilt vehicles.

C. Any salvage vehicle whose vehicle identification number or confidential number has been altered, is missing, or appears to have been tampered with may be impounded by the Department until completion of an investigation by the Department. The vehicle may not be moved, sold, or tampered with until the completion of this investigation. Upon completion of an investigation by the Department, if the vehicle identification number is found to be missing or altered, a new vehicle identification number may be issued by the Department. If the vehicle is found to be a stolen vehicle and its owner can be determined, the vehicle shall be returned to him. If the owner cannot be determined or located and the person seeking to title the vehicle has been convicted of a violation of § 46.2-1074 or 46.2-1075, the vehicle shall be deemed forfeited to the Commonwealth and said forfeiture shall proceed in accordance with Chapter 22.1 (§ 19.2-386.1 et seq.) of Title 19.2.

D. If the Department's examination of a rebuilt salvage vehicle indicates no irregularities, a title and registration may be issued for the vehicle upon application therefor to the Department by the owner of the salvage vehicle. The title issued by the Department and any subsequent title thereafter issued for the rebuilt vehicle shall be permanently branded to indicate that it is a rebuilt vehicle. All rebuilt vehicles shall be subject to all safety equipment requirements provided by law. ~~No~~ *Except as otherwise provided in this chapter, no* title or registration shall be issued by the Department for any rebuilt vehicle that has not first passed a safety inspection or for any vehicle for which a nonrepairable certificate has ever been issued.

The Council shall report such approvals, disapprovals, and definitions to the Governor and the General Assembly at least once every six years. No such actions shall become effective until 30 days after adjournment of the session of the General Assembly next following the filing of such a report. Nothing in this subdivision shall be construed to authorize the Council to modify any mission statement adopted by the General Assembly or empower the Council to affect, either directly or indirectly, the selection of faculty or the standards and criteria for admission of any public institution of higher education, whether relating to academic standards, residence, or other criteria. An institution may ensure the preservation of student transcripts by binding agreement with another institution of higher education with which it is not corporately connected or in such other way as the Council may authorize by regulation. In the event that an institution closes or has its approval to operate in the Commonwealth revoked, the Council, through its director, may take such action as is necessary to secure and preserve the student transcripts

until such time as an appropriate institution accepts all or some of the transcripts. Nothing in this subdivision shall be deemed to interfere with the right of a student to his own transcripts or authorize disclosure of student records except as may otherwise be authorized by law.

The owners or paying agent of the bonds at the time of each payment shall deliver to the State Comptroller, in a form satisfactory to the State Comptroller, a receipt for payment of the principal or interest satisfied by the payment.

However, notification may be withheld if any person licensed to diagnose and treat mental, emotional, or behavioral disorders by a health regulatory board within the Department of Health Professions who is treating the student has made a part of the student's record a written statement that, in the exercise of his professional judgment, the notification would be reasonably likely to cause substantial harm to the student or another person. No public institution of higher education or employee of a public institution of higher education making a disclosure pursuant to this subsection is civilly liable for any harm resulting from such disclosure unless such disclosure constitutes gross negligence or willful misconduct by the institution or its employees;

8. In addition to all meetings prescribed in Chapters 14 (§ 23.1-1400 et seq.) through 29 (§ 23.1-2900 et seq.), meet with the chief executive officer of the institution at least once annually, in a closed meeting pursuant to subdivision A 1 of § 2.2-3711 and deliver an evaluation of the chief executive officer's performance. Any change to the chief executive officer's employment contract during any such meeting or any other meeting of the board shall be made only by a vote of the majority of the board's members;

9. If human research, as defined in § 32.1-162.16, is conducted at the institution, adopt regulations pursuant to the Administrative Process Act (§ 2.2-4000 et seq.) to effectuate the provisions of Chapter 5.1 (§ 32.1-162.16 et seq.) of Title 32.1 for human research. Such regulations shall require the human research committee to submit to the Governor, the General Assembly, and the chief executive officer of the institution or his designee at least annually a report on the human research projects reviewed and approved by the committee and require the committee to report any significant deviations from approved proposals;

10. Submit the annual financial statements for the fiscal year ending the preceding June 30 and the accounts and status of any ongoing capital projects to the Auditor of Public Accounts for the audit of such statements pursuant to § 30-133;

As used in this subdivision, "investments" includes all short-term, long-term, liquid, and illiquid Statement of Net Position accounts, and subaccounts thereof, in which moneys have been invested in securities.

12. Submit to the General Assembly and the Governor an annual executive summary of its interim activity and work no later than the first day of each regular session of the General Assembly. ## CHAPTER 321

*An Act to amend and reenact § 22.1-253.13:2 of the Code of Virginia, relating to school boards; pupil/teacher ratios; class size limits; public report.*

[H 2174]

Approved March 13, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 22.1-253.13:2 of the Code of Virginia is amended and reenacted as follows:**

**§ 22.1-253.13:2. Standard 2. Instructional, administrative, and support personnel.**

A. The Board shall establish requirements for the licensing of teachers, principals, superintendents, and other professional personnel.

B. School boards shall employ licensed instructional personnel qualified in the relevant subject areas.

C. Each school board shall assign licensed instructional personnel in a manner that produces divisionwide ratios of students in average daily membership to full-time equivalent teaching positions, excluding special education teachers, principals, assistant principals, counselors, and librarians, that are not greater than the following ratios: (i) 24 to one in kindergarten with no class being larger than 29 students; if the average daily membership in any kindergarten class exceeds 24 pupils, a full-time teacher's aide shall be assigned to the class; (ii) 24 to one in grades one, two, and three with no class being larger than 30 students; (iii) 25 to one in grades four through six with no class being larger than 35 students; and (iv) 24 to one in English classes in grades six through 12. After September 30 of any school year, anytime the number of students in a class exceeds the class size limit established by this subsection, the local school division shall notify the parent of each student in such class of such fact no later than 10 days after the date on which the class exceeded the class size limit. Such notification shall state the reason that the class size exceeds the class size limit and describe the measures that the local school division will take to reduce the class size to comply with this subsection.

Within its regulations governing special education programs, the Board shall seek to set pupil/teacher ratios for pupils with intellectual disability that do not exceed the pupil/teacher ratios for self-contained classes for pupils with specific learning disabilities.

Further, school boards shall assign instructional personnel in a manner that produces schoolwide ratios of students in average daily memberships to full-time equivalent teaching positions of 21 to one in middle schools and high schools. School divisions shall provide all middle and high school teachers with one planning period per day or the equivalent, unencumbered of any teaching or supervisory duties.

D. Each local school board shall employ with state and local basic, special education, gifted, and career and technical education funds a minimum number of licensed, full-time equivalent instructional personnel for each 1,000 students in average daily membership (ADM) as set forth in the appropriation act. Calculations of kindergarten positions shall be based on full-day kindergarten programs. Beginning with the March 31 report of average daily membership, those school divisions offering half-day kindergarten with pupil/teacher ratios that exceed 30 to one shall adjust their average daily membership for kindergarten to reflect 85 percent of the total kindergarten average daily memberships, as provided in the appropriation act.

E. In addition to the positions supported by basic aid and in support of regular school year programs of prevention, intervention, and remediation, state funding, pursuant to the appropriation act, shall be provided to fund certain full-time

equivalent instructional positions for each 1,000 students in grades K through 12 who are identified as needing prevention, intervention, and remediation services. State funding for prevention, intervention, and remediation programs provided pursuant to this subsection and the appropriation act may be used to support programs for educationally at-risk students as identified by the local school boards.

To provide algebra readiness intervention services required by § 22.1-253.13:1, school divisions may employ mathematics teacher specialists to provide the required algebra readiness intervention services. School divisions using the Standards of Learning Algebra Readiness Initiative funding in this manner shall only employ instructional personnel licensed by the Board of Education.

F. In addition to the positions supported by basic aid and those in support of regular school year programs of prevention, intervention, and remediation, state funding, pursuant to the appropriation act, shall be provided to support 17 full-time equivalent instructional positions for each 1,000 students identified as having limited English proficiency.

To provide flexibility in the instruction of English language learners who have limited English proficiency and who are at risk of not meeting state accountability standards, school divisions may use state and local funds from the Standards of Quality Prevention, Intervention, and Remediation account to employ additional English language learner teachers to provide instruction to identified limited English proficiency students. Using these funds in this manner is intended to supplement the instructional services provided in this section. School divisions using the SOQ Prevention, Intervention, and Remediation funds in this manner shall employ only instructional personnel licensed by the Board of Education.

G. In addition to the full-time equivalent positions required elsewhere in this section, each local school board shall employ the following reading specialists in elementary schools, one full-time in each elementary school at the discretion of the local school board.

To provide reading intervention services required by § 22.1-253.13:1, school divisions may employ reading specialists to provide the required reading intervention services. School divisions using the Early Reading Intervention Initiative funds in this manner shall employ only instructional personnel licensed by the Board of Education.

H. Each local school board shall employ, at a minimum, the following full-time equivalent positions for any school that reports fall membership, according to the type of school and student enrollment:

1. Principals in elementary schools, one half-time to 299 students, one full-time at 300 students; principals in middle schools, one full-time, to be employed on a 12-month basis; principals in high schools, one full-time, to be employed on a 12-month basis;

2. Assistant principals in elementary schools, one half-time at 600 students, one full-time at 900 students; assistant principals in middle schools, one full-time for each 600 students; assistant principals in high schools, one full-time for each 600 students; and school divisions that employ a sufficient number of assistant principals to meet this staffing requirement may assign assistant principals to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary;

3. Librarians in elementary schools, one part-time to 299 students, one full-time at 300 students; librarians in middle schools, one-half time to 299 students, one full-time at 300 students, two full-time at 1,000 students; librarians in high schools, one half-time to 299 students, one full-time at 300 students, two full-time at 1,000 students. Local school divisions that employ a sufficient number of librarians to meet this staffing requirement may assign librarians to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary; and

4. Guidance counselors in elementary schools, one hour per day per 100 students, one full-time at 500 students, one hour per day additional time per 100 students or major fraction thereof; guidance counselors in middle schools, one period per 80 students, one full-time at 400 students, one additional period per 80 students or major fraction thereof; guidance counselors in high schools, one period per 70 students, one full-time at 350 students, one additional period per 70 students or major fraction thereof. Local school divisions that employ a sufficient number of guidance counselors to meet this staffing requirement may assign guidance counselors to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary.

I. Local school boards shall employ five full-time equivalent positions per 1,000 students in grades kindergarten through five to serve as elementary resource teachers in art, music, and physical education.

J. Local school boards shall employ two full-time equivalent positions per 1,000 students in grades kindergarten through 12, one to provide technology support and one to serve as an instructional technology resource teacher.

To provide flexibility, school divisions may use the state and local funds for instructional technology resource teachers to employ a data coordinator position, an instructional technology resource teacher position, or a data coordinator/instructional resource teacher blended position. The data coordinator position is intended to serve as a resource to principals and classroom teachers in the area of data analysis and interpretation for instructional and school improvement purposes, as well as for overall data management and administration of state assessments. School divisions using these funds in this manner shall employ only instructional personnel licensed by the Board of Education.

K. Local school boards may employ additional positions that exceed these minimal staffing requirements. These additional positions may include, but are not limited to, those funded through the state's incentive and categorical programs as set forth in the appropriation act.

L. A combined school, such as kindergarten through 12, shall meet at all grade levels the staffing requirements for the highest grade level in that school; this requirement shall apply to all staff, except for guidance counselors, and shall be based on the school's total enrollment; guidance counselor staff requirements shall, however, be based on the enrollment at the

various school organization levels, i.e., elementary, middle, or high school. The Board of Education may grant waivers from these staffing levels upon request from local school boards seeking to implement experimental or innovative programs that are not consistent with these staffing levels.

M. School boards shall, however, annually, on or before ~~January 1~~ *December 31*, report to the public (i) the actual pupil/teacher ratios in elementary school classrooms *in the local school division* by school for the current school year; and (ii) *the actual pupil/teacher ratios in middle school and high school in the local school division by school for the current school year.* ~~Such actual~~ *Actual* pupil/teacher ratios shall include only the teachers who teach the grade and class on a full-time basis and shall exclude resource personnel. School boards shall report pupil/teacher ratios that include resource teachers in the same annual report. Any classes funded through the voluntary kindergarten through third grade class size reduction program shall be identified as such classes. Any classes having waivers to exceed the requirements of this subsection shall also be identified. Schools shall be identified; however, the data shall be compiled in a manner to ensure the confidentiality of all teacher and pupil identities.

N. Students enrolled in a public school on a less than full-time basis shall be counted in ADM in the relevant school division. Students who are either (i) enrolled in a nonpublic school or (ii) receiving home instruction pursuant to § 22.1-254.1, and who are enrolled in public school on a less than full-time basis in any mathematics, science, English, history, social science, career and technical education, fine arts, foreign language, or health education or physical education course shall be counted in the ADM in the relevant school division on a pro rata basis as provided in the appropriation act. Each such course enrollment by such students shall be counted as 0.25 in the ADM; however, no such nonpublic or home school student shall be counted as more than one-half a student for purposes of such pro rata calculation. Such calculation shall not include enrollments of such students in any other public school courses.

O. Each local school board shall provide those support services that are necessary for the efficient and cost-effective operation and maintenance of its public schools.

For the purposes of this title, unless the context otherwise requires, "support services positions" shall include the following:

1. Executive policy and leadership positions, including school board members, superintendents and assistant superintendents;
2. Fiscal and human resources positions, including fiscal and audit operations;
3. Student support positions, including (i) social workers and social work administrative positions; (ii) guidance administrative positions not included in subdivision H 4; (iii) homebound administrative positions supporting instruction; (iv) attendance support positions related to truancy and dropout prevention; and (v) health and behavioral positions, including school nurses and school psychologists;
4. Instructional personnel support, including professional development positions and library and media positions not included in subdivision H 3;
5. Technology professional positions not included in subsection J;
6. Operation and maintenance positions, including facilities; pupil transportation positions; operation and maintenance professional and service positions; and security service, trade, and laborer positions;
7. Technical and clerical positions for fiscal and human resources, student support, instructional personnel support, operation and maintenance, administration, and technology; and
8. School-based clerical personnel in elementary schools; part-time to 299 students, one full-time at 300 students; clerical personnel in middle schools; one full-time and one additional full-time for each 600 students beyond 200 students and one full-time for the library at 750 students; clerical personnel in high schools; one full-time and one additional full-time for each 600 students beyond 200 students and one full-time for the library at 750 students. Local school divisions that employ a sufficient number of school-based clerical personnel to meet this staffing requirement may assign the clerical personnel to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary.

Pursuant to the appropriation act, support services shall be funded from basic school aid.

School divisions may use the state and local funds for support services to provide additional instructional services.

P. Notwithstanding the provisions of this section, when determining the assignment of instructional and other licensed personnel in subsections C through J, a local school board shall not be required to include full-time students of approved virtual school programs.

## CHAPTER 328

*An Act to amend and reenact § 22.1-253.13:3 of the Code of Virginia, relating to the Standards of Quality; standards for accreditation.*

[S 1098]

Approved March 13, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 22.1-253.13:3 of the Code of Virginia is amended and reenacted as follows:**

**§ 22.1-253.13:3. Standard 3. Accreditation, other standards, assessments, and releases from state regulations.**

A. The Board of Education shall promulgate regulations establishing standards for accreditation pursuant to the Administrative Process Act (§ 2.2-4000 et seq.), which shall include, ~~but not be limited to,~~ student outcome measures, requirements and guidelines for instructional programs and for the integration of educational technology into such instructional programs, administrative and instructional staffing levels and positions, including staff positions for supporting educational technology, student services, auxiliary education programs such as library and media services, requirements for graduation from high school, community relations, and the philosophy, goals, and objectives of public education in Virginia.

The Board of Education shall promulgate regulations establishing standards for accreditation of public virtual schools under the authority of the local school board that enroll students full time.

*The Board's regulations establishing standards for accreditation shall ensure that the accreditation process is transparent and based on objective measurements and that any appeal of the accreditation status of a school is heard and decided by the Board.*

The Board shall review annually the accreditation status of all schools in the Commonwealth. The Board shall review the accreditation status of a school once every three years if the school has been fully accredited for three consecutive years. Upon such triennial review, the Board shall review the accreditation status of the school for each individual year within that triennial review period. If the Board finds that the school would have been accredited every year of that triennial review period the Board shall accredit the school for another three years. The Board may review the accreditation status of any other school once every two years or once every three years, provided that any school that receives a multiyear accreditation status other than full accreditation shall be covered by a Board-approved multiyear corrective action plan for the duration of the period of accreditation. Such multiyear corrective action plan shall include annual written progress updates to the Board. A multiyear accreditation status shall not relieve any school or division of annual reporting requirements.

Each local school board shall maintain schools that are fully accredited pursuant to the standards for accreditation as prescribed by the Board of Education. Each local school board shall report the accreditation status of all schools in the local school division annually in public session. Within the time specified by the Board of Education, each school board shall submit corrective action plans for any schools within its school division that have been designated as not meeting the standards as approved by the Board.

When the Board of Education determines through the school academic review process that the failure of schools within a division to achieve full accreditation status is related to division-level failure to implement the Standards of Quality or other division-level action or inaction, the Board may require a division-level academic review. After the conduct of such review and within the time specified by the Board of Education, each school board shall submit to the Board for approval a corrective action plan, consistent with criteria established by the Board setting forth specific actions and a schedule designed to ensure that schools within its school division achieve full accreditation status. If the Board determines that the proposed corrective action plan is not sufficient to enable all schools within the division to achieve full accreditation, the Board may return the plan to the local school board with directions to submit an amended plan pursuant to Board guidance. Such corrective action plans shall be part of the relevant school division's comprehensive plan pursuant to § 22.1-253.13:6.

With such funds as are appropriated or otherwise received for this purpose, the Board shall adopt and implement an academic review process, to be conducted by the Department of Education, to assist schools that are accredited with warning. The Department shall forward a report of each academic review to the relevant local school board, and such school board shall report the results of such academic review and the required annual progress reports in public session. The local school board shall implement any actions identified through the academic review and utilize them for improvement planning.

B. The Superintendent of Public Instruction shall develop and the Board of Education shall approve criteria for determining and recognizing educational performance in the Commonwealth's public school divisions and schools. Such criteria, when approved, shall become an integral part of the accreditation process and shall include student outcome measurements. The Superintendent of Public Instruction shall annually report to the Board on the accreditation status of all school divisions and schools. Such report shall include an analysis of the strengths and weaknesses of public education programs in the various school divisions in Virginia and recommendations to the General Assembly for further enhancing student learning uniformly across the Commonwealth. In recognizing educational performance in the school divisions, the Board shall include consideration of special school division accomplishments, such as numbers of dual enrollments and students in Advanced Placement and International Baccalaureate courses, and participation in academic year Governor's Schools.

The Superintendent of Public Instruction shall assist local school boards in the implementation of action plans for increasing educational performance in those school divisions and schools that are identified as not meeting the approved criteria. The Superintendent of Public Instruction shall monitor the implementation of and report to the Board of Education on the effectiveness of the corrective actions taken to improve the educational performance in such school divisions and schools.

C. With such funds as are available for this purpose, the Board of Education shall prescribe assessment methods to determine the level of achievement of the Standards of Learning objectives by all students. Such assessments shall evaluate knowledge, application of knowledge, critical thinking, and skills related to the Standards of Learning being assessed. The Board shall, with the assistance of independent testing experts, conduct a regular analysis and validation process for these assessments. The Department of Education shall make available to school divisions Standards of Learning assessments typically administered by the middle and high schools by December 1 of the school year in which such assessments are to be administered or when newly developed assessments are available, whichever is later.

The Board shall also provide the option of industry certification and state licensure examinations as a student-selected credit.

The Board of Education shall make publicly available such assessments in a timely manner and as soon as practicable following the administration of such tests, so long as the release of such assessments does not compromise test security or deplete the bank of assessment questions necessary to construct subsequent tests, or limit the ability to test students on demand and provide immediate results in the web-based assessment system.

The Board shall include in the student outcome measures that are required by the Standards for Accreditation end-of-course or end-of-grade assessments for various grade levels and classes, including the completion of the alternative assessments implemented by each local school board, in accordance with the Standards of Learning. These assessments shall include end-of-course or end-of-grade tests for English, mathematics, science, and history and social science and may be integrated to include multiple subject areas.

The Board shall prescribe alternative methods of Standards of Learning assessment administration for children with disabilities, as that term is defined in § 22.1-213, who meet criteria established by the Board to demonstrate achievement of the Standards of Learning. An eligible student's Individual Education Program team shall make the final determination as to whether an alternative method of administration is appropriate for the student.

The Standards of Learning assessments administered to students in grades three through eight shall not exceed (a) reading and mathematics in grades three and four; (b) reading, mathematics, and science in grade five; (c) reading and mathematics in grades six and seven; (d) reading, writing, and mathematics in grade eight; (e) science after the student receives instruction in the grade six science, life science, and physical science Standards of Learning and before the student completes grade eight; and (f) Virginia Studies and Civics and Economics once each at the grade levels deemed appropriate by each local school board.

Each school board shall annually certify that it has provided instruction and administered an alternative assessment, consistent with Board guidelines, to students in grades three through eight in each Standards of Learning subject area in which a Standards of Learning assessment was not administered during the school year. Such guidelines shall

(1) incorporate options for age-appropriate, authentic performance assessments and portfolios with rubrics and other methodologies designed to ensure that students are making adequate academic progress in the subject area and that the Standards of Learning content is being taught; (2) permit and encourage integrated assessments that include multiple subject areas; and (3) emphasize collaboration between teachers to administer and substantiate the assessments and the professional development of teachers to enable them to make the best use of alternative assessments.

Local school divisions shall provide targeted mathematics remediation and intervention to students in grades six through eight who show computational deficiencies as demonstrated by their individual performance on any diagnostic test or grade-level Standards of Learning mathematics test that measures non-calculator computational skills.

The Department of Education shall award recovery credit to any student in grades three through eight who fails a Standards of Learning assessment in English reading or mathematics, receives remediation, and subsequently retakes and passes such an assessment, including any such student who subsequently retakes such an assessment on an expedited basis.

In addition, to assess the educational progress of students, the Board of Education shall (A) develop appropriate assessments, which may include criterion-referenced tests and other assessment instruments that may be used by classroom teachers; (B) select appropriate industry certification and state licensure examinations; and (C) prescribe and provide measures, which may include nationally normed tests to be used to identify students who score in the bottom quartile at selected grade levels. An annual justification that includes evidence that the student meets the participation criteria defined by the Virginia Department of Education shall be provided for each student considered for the Virginia Grade Level Alternative. Each Individual Education Program team shall review such justification and make the final determination as to whether or not the Virginia Grade Level Alternative is appropriate for the student. The superintendent and the school board chairman shall certify to the Board of Education, as a part of certifying compliance with the Standards of Quality, that there is a justification in the Individual Education Program for every student who takes the Virginia Grade Level Alternative. Compliance with this requirement shall be monitored as a part of the special education monitoring process conducted by the Department of Education. The Board shall report to the Governor and General Assembly in its annual reports pursuant to § 22.1-18 any school division that is not in compliance with this requirement.

The Standards of Learning requirements, including all related assessments, shall be waived for any student awarded a scholarship under the Brown v. Board of Education Scholarship Program, pursuant to § 30-231.2, who is enrolled in a preparation program for a high school equivalency examination approved by the Board of Education or in an adult basic education program or an adult secondary education program to obtain the high school diploma or a high school equivalency certificate.

The Department of Education shall develop processes for informing school divisions of changes in the Standards of Learning.

The Board of Education may adopt special provisions related to the administration and use of any Standards of Learning test or tests in a content area as applied to accreditation ratings for any period during which the Standards of Learning content or assessments in that area are being revised and phased in. Prior to statewide administration of such tests, the Board of Education shall provide notice to local school boards regarding such special provisions.

The Board of Education shall not include in its calculation of the passage rate of a Standards of Learning assessment for the purposes of state accountability any student whose parent has decided to not have his child take such Standards of Learning assessment, unless such exclusions would result in the school's not meeting any required state or federal participation rate.

D. The Board of Education may pursue all available civil remedies pursuant to § 22.1-19.1 or administrative action pursuant to § 22.1-292.1 for breaches in test security and unauthorized alteration of test materials or test results.

The Board may initiate or cause to be initiated a review or investigation of any alleged breach in security, unauthorized alteration, or improper administration of tests, including the exclusion of students from testing who are required to be assessed, by local school board employees responsible for the distribution or administration of the tests.

Records and other information furnished to or prepared by the Board during the conduct of a review or investigation may be withheld pursuant to subdivision 11 of § 2.2-3705.3. However, this section shall not prohibit the disclosure of records to (i) a local school board or division superintendent for the purpose of permitting such board or superintendent to consider or to take personnel action with regard to an employee or (ii) any requester, after the conclusion of a review or investigation, in a form that (a) does not reveal the identity of any person making a complaint or supplying information to the Board on a confidential basis and (b) does not compromise the security of any test mandated by the Board. Any local school board or division superintendent receiving such records or other information shall, upon taking personnel action against a relevant employee, place copies of such records or information relating to the specific employee in such person's personnel file.

Notwithstanding any other provision of state law, no test or examination authorized by this section, including the Standards of Learning assessments, shall be released or required to be released as minimum competency tests, if, in the judgment of the Board, such release would breach the security of such test or examination or deplete the bank of questions necessary to construct future secure tests.

E. With such funds as may be appropriated, the Board of Education may provide, through an agreement with vendors having the technical capacity and expertise to provide computerized tests and assessments, and test construction, analysis, and security, for (i) web-based computerized tests and assessments, including computer-adaptive Standards of Learning

assessments, for the evaluation of student progress during and after remediation and (ii) the development of a remediation item bank directly related to the Standards of Learning.

F. To assess the educational progress of students as individuals and as groups, each local school board shall require the use of Standards of Learning assessments, alternative assessments, and other relevant data, such as industry certification and state licensure examinations, to evaluate student progress and to determine educational performance. Each local school shall require the administration of appropriate assessments to students, which may include criterion-referenced tests and teacher-made tests and shall include the Standards of Learning assessments, the local school board's alternative assessments, and the National Assessment of Educational Progress state-by-state assessment. Each school board shall analyze and report annually, in compliance with any criteria that may be established by the Board of Education, the results from the Stanford Achievement Test Series, Ninth Edition (Stanford Nine) assessment, if administered, industry certification examinations, and the Standards of Learning Assessments to the public.

The Board of Education shall not require administration of the Stanford Achievement Test Series, Ninth Edition (Stanford Nine) assessment, except as may be selected to facilitate compliance with the requirements for home instruction pursuant to § 22.1-254.1.

The Board shall include requirements for the reporting of the Standards of Learning assessment scores and averages for each year, regardless of accreditation frequency, as part of the Board's requirements relating to the School Performance Report Card. Such scores shall be disaggregated for each school by student subgroups on the Virginia assessment program as appropriate and shall be reported to the public within three months of their receipt. These reports (i) shall be posted on the portion of the Department of Education's website relating to the School Performance Report Card, in a format and in a manner that allows year-to-year comparisons, and (ii) may include the National Assessment of Educational Progress state-by-state assessment.

G. Each local school division superintendent shall regularly review the division's submission of data and reports required by state and federal law and regulations to ensure that all information is accurate and submitted in a timely fashion. The Superintendent of Public Instruction shall provide a list of the required reports and data to division superintendents annually. The status of compliance with this requirement shall be included in the Board of Education's annual report to the Governor and the General Assembly as required by § 22.1-18.

H. Any school board may request the Board of Education for release from state regulations or, on behalf of one or more of its schools, for approval of an Individual School Accreditation Plan for the evaluation of the performance of one or more of its schools as authorized for certain other schools by the Standards of Accreditation pursuant to 8VAC20-131-280 C of the Virginia Administrative Code. Waivers of regulatory requirements may be granted by the Board of Education based on submission of a request from the division superintendent and chairman of the local school board. The Board of Education may grant, for a period up to five years, a waiver of regulatory requirements that are not (i) mandated by state or federal law or (ii) designed to promote health or safety. The school board shall provide in its waiver request a description of how the releases from state regulations are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The Department of Education shall provide (a) guidance to any local school division that requests releases from state regulations and (b) information about opportunities to form partnerships with other agencies or entities to any local school division in which the school or schools granted releases from state regulations have demonstrated improvement in the quality of instruction and the achievement of students.

The Board of Education may also grant local school boards waivers of specific requirements in § 22.1-253.13:2, based on submission of a request from the division superintendent and chairman of the local school board, permitting the local school board to assign instructional personnel to the schools with the greatest needs, so long as the school division employs a sufficient number of personnel divisionwide to meet the total number required by § 22.1-253.13:2 and all pupil/teacher ratios and class size maximums set forth in subsection C of § 22.1-253.13:2 are met. The school board shall provide in its request a description of how the waivers from specific Standards of Quality staffing standards are designed to increase the quality of instruction and improve the achievement of students in the affected school or schools. The waivers may be renewed in up to five-year increments, or revoked, based on student achievement results in the affected school or schools.

### CHAPTER 330

*An Act to amend and reenact §§ 22.1-253.13:4 and 22.1-254 of the Code of Virginia, relating to public schools; career and technical education credential.*

[S 1159]

Approved March 13, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 22.1-253.13:4 and 22.1-254 of the Code of Virginia are amended and reenacted as follows:**

**§ 22.1-253.13:4. Standard 4. Student achievement and graduation requirements.**

A. Each local school board shall award diplomas to all secondary school students, including students who transfer from nonpublic schools or from home instruction, who meet the requirements prescribed by the Board of Education and meet such other requirements as may be prescribed by the local school board and approved by the Board of Education. Provisions shall be made to facilitate the transfer and appropriate grade placement of students from other public secondary schools, from nonpublic schools, or from home instruction as outlined in the standards for accreditation. The standards for accreditation shall include provisions relating to the completion of graduation requirements through Virtual Virginia. Further, reasonable accommodation to meet the requirements for diplomas shall be provided for otherwise qualified students with disabilities as needed.

In addition, each local school board may devise, vis-a-vis the award of diplomas to secondary school students, a mechanism for calculating class rankings that takes into consideration whether the student has taken a required class more than one time and has had any prior earned grade for such required class expunged.

Each local school board shall notify the parents of rising eleventh and twelfth grade students of (i) the requirements for graduation pursuant to the standards for accreditation and (ii) the requirements that have yet to be completed by the individual student.

B. Students identified as disabled who complete the requirements of their individualized education programs and meet certain requirements prescribed by the Board pursuant to regulations but do not meet the requirements for any named diploma shall be awarded Applied Studies diplomas by local school boards.

Each local school board shall notify the parent of such students with disabilities who have an individualized education program and who fail to meet the graduation requirements of the student's right to a free and appropriate education to age 21, inclusive, pursuant to Article 2 (§ 22.1-213 et seq.) of Chapter 13.

C. Students who have completed a prescribed course of study as defined by the local school board shall be awarded certificates of program completion by local school boards if they are not eligible to receive a Board of Education-approved diploma.

Each local school board shall provide notification of the right to a free public education for students who have not reached 20 years of age on or before August 1 of the school year, pursuant to Chapter 1 (§ 22.1-1 et seq.), to the parent of students who fail to graduate or who have failed to achieve graduation requirements as provided in the standards for accreditation. If such student who does not graduate or complete such requirements is a student for whom English is a second language, the local school board shall notify the parent of the student's opportunity for a free public education in accordance with § 22.1-5.

D. (From Acts 2016, cc. 720 & 750: The graduation requirements established by the Board of Education pursuant to the provisions of subdivisions D 1, 2, and 3 shall apply to each student who enrolls in high school as (i) a freshman after July 1, 2018; (ii) a sophomore after July 1, 2019; (iii) a junior after July 1, 2020; or (iv) a senior after July 1, 2021) In establishing graduation requirements, the Board shall:

1. Develop and implement, in consultation with stakeholders representing elementary and secondary education, higher education, and business and industry in the Commonwealth and including parents, policymakers, and community leaders in the Commonwealth, a Profile of a Virginia Graduate that identifies the knowledge and skills that students should attain during high school in order to be successful contributors to the economy of the Commonwealth, giving due consideration to critical thinking, creative thinking, collaboration, communication, and citizenship.

2. Emphasize the development of core skill sets in the early years of high school.

3. Establish multiple paths toward college and career readiness for students to follow in the later years of high school. Each such pathway shall include opportunities for internships, externships, and credentialing.

4. Provide for the selection of integrated learning courses meeting the Standards of Learning and approved by the Board to satisfy graduation requirements, which shall include Standards of Learning testing, as necessary.

5. Require students to complete at least one course in fine or performing arts or career and technical education, one course in United States and Virginia history, and two sequential elective courses chosen from a concentration of courses selected from a variety of options that may be planned to ensure the completion of a focused sequence of elective courses that provides a foundation for further education or training or preparation for employment.

6. Graduation requirements shall include a requirement that students either (i) complete an Advanced Placement, honors, or International Baccalaureate course or (ii) earn a career and technical education credential that has been approved by the Board, except when a career and technical education credential in a particular subject area is not readily available or appropriate or does not adequately measure student competency, in which case the student shall receive satisfactory competency-based instruction in the subject area to earn credit. The career and technical education credential, when required, could include the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, the *Armed Services Vocational Aptitude Battery*, or the Virginia workplace readiness skills assessment.

7. Beginning with first-time ninth grade students in the 2016-2017 school year, require students to be trained in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation.

8. Make provision in its regulations for students with disabilities to earn a diploma.

9. Require students to complete one virtual course, which may be a noncredit-bearing course.

10. Provide that students who complete elective classes into which the Standards of Learning for any required course have been integrated and achieve a passing score on the relevant Standards of Learning test for the relevant required course receive credit for such elective class.

11. Establish a procedure to facilitate the acceleration of students that allows qualified students, with the recommendation of the division superintendent, without completing the 140-hour class, to obtain credit for such class upon demonstrating mastery of the course content and objectives and receiving a passing score on the relevant Standards of Learning assessment. Nothing in this section shall preclude relevant school division personnel from enforcing compulsory attendance in public schools.

12. Provide for the award of credit for passing scores on industry certifications, state licensure examinations, and national occupational competency assessments approved by the Board of Education.

School boards shall report annually to the Board of Education the number of Board-approved industry certifications obtained, state licensure examinations passed, national occupational competency assessments passed, *Armed Services Vocational Aptitude Battery assessments passed*, and Virginia workplace readiness skills assessments passed, and the number of career and technical education completers who graduated. These numbers shall be reported as separate categories on the School Performance Report Card.

For the purposes of this subdivision, "career and technical education completer" means a student who has met the requirements for a career and technical concentration or specialization and all requirements for high school graduation or an approved alternative education program.

In addition, the Board may:

a. For the purpose of awarding credit, approve the use of additional or substitute tests for the correlated Standards of Learning assessment, such as academic achievement tests, industry certifications or state licensure examinations; and

b. Permit students completing career and technical education programs designed to enable such students to pass such industry certification examinations or state licensure examinations to be awarded, upon obtaining satisfactory scores on such industry certification or licensure examinations, appropriate credit for one or more career and technical education classes into which relevant Standards of Learning for various classes taught at the same level have been integrated. Such industry certification and state licensure examinations may cover relevant Standards of Learning for various required classes and may, at the discretion of the Board, address some Standards of Learning for several required classes.

13. Provide for the waiver of certain graduation requirements (i) upon the Board's initiative or (ii) at the request of a local school board. Such waivers shall be granted only for good cause and shall be considered on a case-by-case basis.

14. Consider all computer science course credits earned by students to be science course credits, mathematics course credits, or career and technical education credits. The Board of Education shall develop guidelines addressing how computer science courses can satisfy graduation requirements.

15. Permit local school divisions to waive the requirement for students to receive 140 clock hours of instruction upon providing the Board with satisfactory proof, based on Board guidelines, that the students for whom such requirements are waived have learned the content and skills included in the relevant Standards of Learning.

E. In the exercise of its authority to recognize exemplary performance by providing for diploma seals:

1. The Board shall develop criteria for recognizing exemplary performance in career and technical education programs by students who have completed the requirements for a Board of Education-approved diploma and shall award seals on the diplomas of students meeting such criteria.

2. The Board shall establish criteria for awarding a diploma seal for advanced mathematics and technology for the Board of Education-approved diplomas. The Board shall consider including criteria for (i) technology courses; (ii) technical

writing, reading, and oral communication skills; (iii) technology-related training; and (iv) industry, professional, and trade association national certifications.

3. The Board shall establish criteria for awarding a diploma seal for excellence in civics education and understanding of our state and federal constitutions and the democratic model of government for the Board of Education-approved diplomas. The Board shall consider including criteria for (i) successful completion of history, government, and civics courses, including courses that incorporate character education; (ii) voluntary participation in community service or extracurricular activities that includes the types of activities that shall qualify as community service and the number of hours required; and (iii) related requirements as it deems appropriate.

4. The Board shall establish criteria for awarding a diploma seal of biliteracy to any student who demonstrates proficiency in English and at least one other language for the Board of Education-approved diplomas. The Board shall consider criteria including the student's (i) score on a College Board Advanced Placement foreign language examination, (ii) score on an SAT II Subject Test in a foreign language, (iii) proficiency level on an ACTFL Assessment of Performance toward Proficiency in Languages (AAPPL) measure or another nationally or internationally recognized language proficiency test, or (iv) cumulative grade point average in a sequence of foreign language courses approved by the Board.

F. The Board shall establish, by regulation, requirements for the award of a general achievement adult high school diploma for those persons who are not subject to the compulsory school attendance requirements of § 22.1-254 and have (i) achieved a passing score on a high school equivalency examination approved by the Board of Education; (ii) successfully completed an education and training program designated by the Board of Education; (iii) earned a Board of Education-approved career and technical education credential such as the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, *the Armed Services Vocational Aptitude Battery*, or the Virginia workplace readiness skills assessment; and (iv) satisfied other requirements as may be established by the Board for the award of such diploma.

G. To ensure the uniform assessment of high school graduation rates, the Board shall collect, analyze, report, and make available to the public high school graduation and dropout data using a formula prescribed by the Board.

H. The Board shall also collect, analyze, report, and make available to the public high school graduation and dropout data using a formula that excludes any student who fails to graduate because such student is in the custody of the Department of Corrections, the Department of Juvenile Justice, or local law enforcement. For the purposes of the Standards of Accreditation, the Board shall use the graduation rate required by this subsection.

I. The Board may promulgate such regulations as may be necessary and appropriate for the collection, analysis, and reporting of such data required by subsections G and H.

**§ 22.1-254. Compulsory attendance required; excuses and waivers; alternative education program attendance; exemptions from article.**

A. Except as otherwise provided in this article, every parent, guardian, or other person in the Commonwealth having control or charge of any child who will have reached the fifth birthday on or before September 30 of any school year and who has not passed the eighteenth birthday shall, during the period of each year the public schools are in session and for the same number of days and hours per day as the public schools, send such child to a public school or to a private, denominational, or parochial school or have such child taught by a tutor or teacher of qualifications prescribed by the Board of Education and approved by the division superintendent, or provide for home instruction of such child as described in § 22.1-254.1.

As prescribed in the regulations of the Board of Education, the requirements of this section may also be satisfied by sending a child to an alternative program of study or work/study offered by a public, private, denominational, or parochial school or by a public or private degree-granting institution of higher education. Further, in the case of any five-year-old child who is subject to the provisions of this subsection, the requirements of this section may be alternatively satisfied by sending the child to any public educational pre-kindergarten program, including a Head Start program, or in a private, denominational, or parochial educational pre-kindergarten program.

Instruction in the home of a child or children by the parent, guardian, or other person having control or charge of such child or children shall not be classified or defined as a private, denominational or parochial school.

The requirements of this section shall apply to (i) any child in the custody of the Department of Juvenile Justice or the Department of Corrections who has not passed his eighteenth birthday and (ii) any child whom the division superintendent has required to take a special program of prevention, intervention, or remediation as provided in subsection C of § 22.1-253.13:1 and in § 22.1-254.01. The requirements of this section shall not apply to (a) any person 16 through 18 years of age who is housed in an adult correctional facility when such person is actively pursuing the achievement of a passing score on a high school equivalency examination approved by the Board of Education but is not enrolled in an individual student alternative education plan pursuant to subsection E, and (b) any child who has obtained a high school diploma or its equivalent, a certificate of completion, or has achieved a passing score on a high school equivalency examination approved by the Board of Education, or who has otherwise complied with compulsory school attendance requirements as set forth in this article.

B. A school board shall excuse from attendance at school:

1. Any pupil who, together with his parents, by reason of bona fide religious training or belief is conscientiously opposed to attendance at school. For purposes of this subdivision, "bona fide religious training or belief" does not include essentially political, sociological or philosophical views or a merely personal moral code; and

2. On the recommendation of the juvenile and domestic relations district court of the county or city in which the pupil resides and for such period of time as the court deems appropriate, any pupil who, together with his parents, is opposed to attendance at a school by reason of concern for such pupil's health, as verified by competent medical evidence, or by reason of such pupil's reasonable apprehension for personal safety when such concern or apprehension in that pupil's specific case is determined by the court, upon consideration of the recommendation of the principal and division superintendent, to be justified.

C. Each local school board shall develop policies for excusing students who are absent by reason of observance of a religious holiday. Such policies shall ensure that a student shall not be deprived of any award or of eligibility or opportunity to compete for any award, or of the right to take an alternate test or examination, for any which he missed by reason of such absence, if the absence is verified in a manner acceptable to the school board.

D. A school board may excuse from attendance at school:

1. On recommendation of the principal and the division superintendent and with the written consent of the parent or guardian, any pupil who the school board determines, in accordance with regulations of the Board of Education, cannot benefit from education at such school; or

2. On recommendation of the juvenile and domestic relations district court of the county or city in which the pupil resides, any pupil who, in the judgment of such court, cannot benefit from education at such school.

E. Local school boards may allow the requirements of subsection A to be met under the following conditions:

For a student who is at least 16 years of age, there shall be a meeting of the student, the student's parents, and the principal or his designee of the school in which the student is enrolled in which an individual student alternative education plan shall be developed in conformity with guidelines prescribed by the Board, which plan must include:

a. Career guidance counseling;

b. Mandatory enrollment and attendance in a preparatory program for passing a high school equivalency examination approved by the Board of Education or other alternative education program approved by the local school board with attendance requirements that provide for reporting of student attendance by the chief administrator of such preparatory program or approved alternative education program to such principal or his designee;

c. Mandatory enrollment in a program to earn a Board of Education-approved career and technical education credential, such as the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, *the Armed Services Vocational Aptitude Battery*, or the Virginia workplace readiness skills assessment;

d. Successful completion of the course in economics and personal finance required to earn a Board of Education-approved high school diploma;

e. Counseling on the economic impact of failing to complete high school; and

f. Procedures for reenrollment to comply with the requirements of subsection A.

A student for whom an individual student alternative education plan has been granted pursuant to this subsection and who fails to comply with the conditions of such plan shall be in violation of the compulsory school attendance law, and the division superintendent or attendance officer of the school division in which such student was last enrolled shall seek immediate compliance with the compulsory school attendance law as set forth in this article.

Students enrolled with an individual student alternative education plan shall be counted in the average daily membership of the school division.

F. A school board may, in accordance with the procedures set forth in Article 3 (§ 22.1-276.01 et seq.) of Chapter 14 and upon a finding that a school-age child has been (i) charged with an offense relating to the Commonwealth's laws, or with a violation of school board policies, on weapons, alcohol or drugs, or intentional injury to another person; (ii) found guilty or not innocent of a crime that resulted in or could have resulted in injury to others, or of an offense that is required to be disclosed to the superintendent of the school division pursuant to subsection G of § 16.1-260; (iii) suspended pursuant to § 22.1-277.05; or (iv) expelled from school attendance pursuant to § 22.1-277.06 or 22.1-277.07 or subsection B of § 22.1-277, require the child to attend an alternative education program as provided in § 22.1-209.1:2 or 22.1-277.2:1.

G. Whenever a court orders any pupil into an alternative education program, including a program preparing students for a high school equivalency examination approved by the Board of Education, offered in the public schools, the local school board of the school division in which the program is offered shall determine the appropriate alternative education placement of the pupil, regardless of whether the pupil attends the public schools it supervises or resides within its school division.

The juvenile and domestic relations district court of the county or city in which a pupil resides or in which charges are pending against a pupil, or any court in which charges are pending against a pupil, may require the pupil who has been charged with (i) a crime that resulted in or could have resulted in injury to others, (ii) a violation of Article 1 (§ 18.2-77 et seq.) of Chapter 5 of Title 18.2, or (iii) any offense related to possession or distribution of any Schedule I, II, or III controlled substances to attend an alternative education program, including, but not limited to, night school, adult education, or any other education program designed to offer instruction to students for whom the regular program of instruction may be inappropriate.

This subsection shall not be construed to limit the authority of school boards to expel, suspend, or exclude students, as provided in §§ 22.1-277.04, 22.1-277.05, 22.1-277.06, 22.1-277.07, and 22.1-277.2. As used in this subsection, the term "charged" means that a petition or warrant has been filed or is pending against a pupil.

H. Within one calendar month of the opening of school, each school board shall send to the parents or guardian of each student enrolled in the division a copy of the compulsory school attendance law and the enforcement procedures and policies established by the school board.

I. The provisions of this article shall not apply to:

2. Children whose immunizations against communicable diseases have not been completed as provided in § 22.1-271.2;

5. Children excused pursuant to subsections B and D.

Further, any child who will not have reached his sixth birthday on or before September 30 of each school year whose parent or guardian notifies the appropriate school board that he does not wish the child to attend school until the following year because the child, in the opinion of the parent or guardian, is not mentally, physically, or emotionally prepared to attend school, may delay the child's attendance for one year.

The distances specified in subdivisions 3 and 4 of this subsection shall be measured or determined from the child's residence to the entrance to the school grounds or to the school bus stop nearest the entrance to the residence of such children by the nearest practical routes which are usable for walking or riding. [S 1414]

Approved March 13, 2017

**Be it enacted by the General Assembly of Virginia:****1. That § 22.1-254.1 of the Code of Virginia is amended and reenacted as follows:****§ 22.1-254.1. Declaration of policy; requirements for home instruction of children.**

A. When the requirements of this section have been satisfied, instruction of children by their parents is an acceptable alternative form of education under the policy of the Commonwealth of Virginia. Any parent of any child who will have reached the fifth birthday on or before September 30 of any school year and who has not passed the eighteenth birthday may elect to provide home instruction in lieu of school attendance if he (i) holds a high school diploma; or (ii) is a teacher of qualifications prescribed by the Board of Education; or (iii) provides a program of study or curriculum which may be delivered through a correspondence course or distance learning program or in any other manner; or (iv) provides evidence that he is able to provide an adequate education for the child.

B. Any parent who elects to provide home instruction in lieu of school attendance shall annually notify the division superintendent in August of his intention to so instruct the child and provide a description of the curriculum, limited to a list of subjects to be studied during the coming year, and evidence of having met one of the criteria for providing home instruction as required by subsection A. Effective July 1, 2000, parents electing to provide home instruction shall provide such annual notice no later than August 15. Any parent who moves into a school division or begins home instruction after the school year has begun shall notify the division superintendent of his intention to provide home instruction as soon as practicable and shall thereafter comply with the requirements of this section within 30 days of such notice. The division superintendent shall notify the Superintendent of Public Instruction of the number of students in the school division receiving home instruction.

C. The parent who elects to provide home instruction shall provide the division superintendent by August 1 following the school year in which the child has received home instruction with either (i) evidence that the child has attained a composite score in or above the fourth stanine on any nationally normed standardized achievement test, or an equivalent score on the ACT, SAT, or PSAT test or (ii) an evaluation or assessment which the division superintendent determines to indicate that the child is achieving an adequate level of educational growth and progress, including but not limited to: (a) an evaluation letter from a person licensed to teach in any state, or a person with a master's degree or higher in an academic discipline, having knowledge of the child's academic progress, stating that the child is achieving an adequate level of educational growth and progress; or (b) a report card or transcript from a community college or college, college distance learning program, or home-education correspondence school.

In the event that evidence of progress as required in this subsection is not provided by the parent, the home instruction program for that child may be placed on probation for one year. Parents shall file with the division superintendent evidence of their ability to provide an adequate education for their child in compliance with subsection A and a remediation plan for the probationary year which indicates their program is designed to address any educational deficiency. Upon acceptance of such evidence and plan by the division superintendent, the home instruction may continue for one probationary year. If the remediation plan and evidence are not accepted or the required evidence of progress is not provided by August 1 following the probationary year, home instruction shall cease and the parent shall make other arrangements for the education of the child which comply with § 22.1-254. The requirements of subsection C shall not apply to children who are under the age of six as of September 30 of the school year.

The owners of such structures or properties shall not be prohibited from erecting and maintaining protective bulkheads or other equivalent structural improvements of the type, size, and configuration as approved by the *Virginia Beach Wetlands Board*. As used in this section, the "Sandbridge Beach Subdivision" means the area that is bounded on the north by Dam Neck Naval Base, on the west by Sandpiper Road, and on the south by Little Island Park.

The *Virginia Beach Wetlands Board* shall not impose arbitrary or unreasonable conditions upon its approval of any such bulkhead or other structural improvement. The *Virginia Beach Wetlands Board* shall maintain a continuing responsibility to ensure that each bulkhead or structural improvement constructed under the authority of this section is maintained in a condition that is safe, structurally sound, and otherwise in conformity with the conditions imposed by the *Virginia Beach Wetlands Board*.

Upon submission of an application to the *Virginia Beach Wetlands Board* pursuant to this section, as a requirement for approval, the applicant must consent in writing to any subsequent construction approved by the *Virginia Beach Wetlands Board* whereby an adjacent property owner desires to tie in a bulkhead at no additional cost with the bulkhead proposed by the applicant. Such consent shall constitute a waiver of property line defenses relating to the bulkhead line.

*B. 1. The Virginia Beach Wetlands Board may develop and adopt, after holding a public hearing, a General Permit for Sand Management and Placement Profiles for properties in the Sandbridge Beach Subdivision. The Virginia Beach*

*Wetlands Board shall publish notice of each hearing at least once a week for two consecutive weeks prior to such hearing in a newspaper having general circulation in Virginia Beach.*

The Norfolk Wetlands Board shall publish notice of each hearing at least once a week for two consecutive weeks prior to such hearing in a newspaper having general circulation in the City of Norfolk.*

*C. Any General Permit for Sand Management and Placement Profiles adopted by a wetlands board pursuant to subsection B shall set forth sand management practices that require owners of real property in the permit area to undertake responsible, cost-effective sand management practices that (i) protect and enhance the value and use of their property and (ii) preserve and protect coastal primary sand dunes and public beaches and prevent their despoliation and destruction. The General Permit for Sand Management and Placement Profiles shall specify all permissible sand management practices, including the manner in which sand removed from these properties shall be transported to and placed upon an appropriate sand placement and spreading zone as may be designated in the Placement Profiles adopted by the wetlands board. The sand shall be in the condition of clean beach sand prior to such transport and placement. A wetlands board may from time to time revise such General Permit for Sand Management and Placement Profiles as appropriate, in accordance with this subsection and subsections B and D.*

*D. Following adoption of the General Permit for Sand Management and Placement Profiles, the owner of real property in the permit area, or the designee of such owner, may apply for coverage under the applicable General Permit for Sand Management and Placement Profile by submitting a registration statement to the local wetlands board on a form to be developed by the wetlands board requiring the following information: (i) owner's name; (ii) owner's address; (iii) owner's telephone number and email address; (iv) address of property or properties; (v) designee's name, if any; (vi) designee's address; (vii) designee's telephone number and email address; (viii) identification of the applicable Placement Profile for the property; (ix) signature of owner or designee; and (x) date of application. The wetlands board may impose a reasonable fee in connection with processing the registration statement.*

*The wetlands board shall, within 30 days of receipt of a registration statement, notify the owner or his designee in writing whether the registration statement is approved or disapproved. The wetlands board's written notice of approval or disapproval may be delivered to the applicant via email at the email address stated in the registration statement or it may be delivered via United States mail at the address stated in the registration statement, or both. If the wetlands board fails to notify the applicant in writing within 30 days of receipt of a registration statement, then the registration statement is deemed approved. If the registration statement is disapproved, the wetlands board shall provide in its notification to the applicant a complete statement of the reason for the disapproval. Notwithstanding the requirements of § 28.2-1408 or any other provision of law, if the registration statement is approved, then the applicant is authorized to manage sand in accordance with the applicable General Permit for Sand Management for a period of three years from the date of the application. The approval or disapproval of a registration statement submitted by an applicant is a decision of the wetlands board that is reviewable pursuant to § 28.2-1411.*

[H 2009]

Approved March 13, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 62.1-44.15:27, as it is currently effective and as it shall become effective, of the Code of Virginia is amended and reenacted as follows:**

**§ 62.1-44.15:27. (For expiration date, see Acts 2016, cc. 68 and 758) Establishment of Virginia Stormwater Management Programs.**

A. Any locality that operates a regulated MS4 or that notifies the Department of its decision to participate in the establishment of a VSMP shall be required to adopt a VSMP for land-disturbing activities consistent with the provisions of this article according to a schedule set by the Department. Such schedule shall require implementation no later than July 1, 2014. Thereafter, the Department shall provide an annual schedule by which localities can submit applications to implement a VSMP. Localities subject to this subsection are authorized to coordinate plan review and inspections with other entities in accordance with subsection H. The Department shall operate a VSMP on behalf of any locality that does not operate a regulated MS4 and that does not notify the Department, according to a schedule set by the Department, of its decision to participate in the establishment of a VSMP. A locality that decides not to establish a VSMP shall still comply with the requirements set forth in this article and attendant regulations as required to satisfy the stormwater flow rate capacity and velocity requirements set forth in the Erosion and Sediment Control Law (§ 62.1-44.15:51 et seq.). A locality that is subject to the provisions of the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) also shall adopt requirements set forth in this article and attendant regulations as required to regulate Chesapeake Bay Preservation Act land-disturbing activities in accordance with § 62.1-44.15:28.

Notwithstanding any other provision of this subsection, any county that operates an MS4 that became a regulated MS4 on or after January 1, 2014 may elect, on a schedule set by the Department, to defer the implementation of the county's VSMP until no later than January 1, 2015. During this deferral period, when such county thus lacks the legal authority to operate a VSMP, the Department shall operate a VSMP on behalf of the county and address post-construction stormwater runoff and the required design criteria for stormwater runoff controls. Any such county electing to defer the establishment of its VSMP shall still comply with the requirements set forth in this article and attendant regulations as required to satisfy the stormwater flow rate capacity and velocity requirements set forth in the Erosion and Sediment Control Law (§ 62.1-44.15:51 et seq.).

B. Any town, including a town that operates a regulated MS4, lying within a county that has adopted a VSMP in accordance with subsection A may decide, but shall not be required, to become subject to the county's VSMP. Any town lying within a county that operates an MS4 that became a regulated MS4 on or after January 1, 2014 may elect to become subject to the county's VSMP according to the deferred schedule established in subsection A. During the county's deferral period, the Department shall operate a VSMP on behalf of the town and address post-construction stormwater runoff and the required design criteria for stormwater runoff controls for the town as provided in subsection A. If a town lies within the boundaries of more than one county, the town shall be considered to be wholly within the county in which the larger portion of the town lies. Towns shall inform the Department of their decision according to a schedule established by the Department. Thereafter, the Department shall provide an annual schedule by which towns can submit applications to adopt a VSMP.

C. In support of VSMP authorities, the Department shall:

1. Provide assistance grants to localities not currently operating a local stormwater management program to help the localities to establish their VSMP.

2. Provide technical assistance and training.

3. Provide qualified services in specified geographic areas to a VSMP to assist localities in the administration of components of their programs. The Department shall actively assist localities in the establishment of their programs and in the selection of a contractor or other entity that may provide support to the locality or regional support to several localities.

D. The Department shall develop a model ordinance for establishing a VSMP consistent with this article and its associated regulations, including the Virginia Stormwater Management Program (VSMP) General Permit for Discharges of Stormwater from Construction Activities.

E. Each locality that administers an approved VSMP shall, by ordinance, establish a VSMP that shall be administered in conjunction with a local MS4 program and a local erosion and sediment control program if required pursuant to the Erosion and Sediment Control Law (§ 62.1-44.15:51 et seq.), and which shall include the following:

1. Consistency with regulations adopted in accordance with provisions of this article;  
 2. Provisions for long-term responsibility for and maintenance of stormwater management control devices and other techniques specified to manage the quality and quantity of runoff; and

3. Provisions for the integration of the VSMP with local erosion and sediment control, flood insurance, flood plain management, and other programs requiring compliance prior to authorizing construction in order to make the submission and approval of plans, issuance of permits, payment of fees, and coordination of inspection and enforcement activities more convenient and efficient both for the local governments and those responsible for compliance with the programs.

F. The Board may approve a state entity, including the Department, federal entity, or, for linear projects subject to annual standards and specifications, electric, natural gas, and telephone utility companies, interstate and intrastate natural gas pipeline companies, railroad companies, or authorities created pursuant to § 15.2-5102 to operate a Virginia Stormwater Management Program consistent with the requirements of this article and its associated regulations and the VSMP authority's Department-approved annual standards and specifications. For these programs, enforcement shall be administered by the Department and the Board where applicable in accordance with the provisions of this article.

G. The Board shall approve a VSMP when it deems a program consistent with this article and associated regulations, including the Virginia Stormwater Management Program (VSMP) General Permit for Discharges of Stormwater from Construction Activities.

H. A VSMP authority may enter into agreements or contracts with soil and water conservation districts, adjacent localities, or other public or private entities to carry out or assist with the responsibilities of this article. *A VSMP authority may enter into contracts with third-party professionals who hold certificates of competence in the appropriate subject areas, as provided in subsection A of § 62.1-44.15:30, to carry out any or all of the responsibilities that this article requires of a VSMP authority, including plan review and inspection but not including enforcement.*

I. If a locality establishes a VSMP, it shall issue a consolidated stormwater management and erosion and sediment control permit that is consistent with the provisions of the Erosion and Sediment Control Law (§ 62.1-44.15:51 et seq.). When available in accordance with subsection J, such permit, where applicable, shall also include a copy of or reference to state VSMP permit coverage authorization to discharge.

J. Upon the development of an online reporting system by the Department, but no later than July 1, 2014, a VSMP authority shall then be required to obtain evidence of state VSMP permit coverage where it is required prior to providing approval to begin land disturbance.

K. Any VSMP adopted pursuant to and consistent with this article shall be considered to meet the stormwater management requirements under the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) and attendant regulations, and effective July 1, 2014, shall not be subject to local program review under the stormwater management provisions of the Chesapeake Bay Preservation Act.

L. All VSMP authorities shall comply with the provisions of this article and the stormwater management provisions of the Erosion and Sediment Control Law (§ 62.1-44.15:51 et seq.) and related regulations. The VSMP authority responsible for regulating the land-disturbing activity shall require compliance with the issued permit, permit conditions, and plan specifications. The state shall enforce state permits.

**§ 62.1-44.15:27. (For effective date, see Acts 2016, cc. 68 and 758) Virginia Programs for Erosion Control and Stormwater Management.**

A. Any locality that operates a regulated MS4 or that administers a Virginia Stormwater Management Program (VSMP) as of July 1, 2017, shall be required to adopt and administer a VESMP consistent with the provisions of this article that regulates any land-disturbing activity that (i) disturbs 10,000 square feet or more or (ii) disturbs 2,500 square feet or more in an area of a locality designated as a Chesapeake Bay Preservation Area pursuant to the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.). The VESMP shall be adopted according to a process established by the Department.

B. Any locality that does not operate a regulated MS4 and for which the Department administers a VSMP as of July 1, 2017, shall choose one of the following options and shall notify the Department of its choice according to a process established by the Department:

1. Adopt and administer a VESMP consistent with the provisions of this article that regulates any land-disturbing activity that (i) disturbs 10,000 square feet or more or (ii) disturbs 2,500 square feet or more in an area of a locality designated as a Chesapeake Bay Preservation Area pursuant to the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.);

2. Adopt and administer a VESMP consistent with the provisions of this article that regulates any land-disturbing activity that (i) disturbs 10,000 square feet or more or (ii) disturbs 2,500 square feet or more in an area of a locality designated as a Chesapeake Bay Preservation Area pursuant to the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.), except that the Department shall provide the locality with review of the plan required by § 62.1-44.15:34 and provide a recommendation to the locality on the plan's compliance with the water quality and water quantity technical criteria; or

3. Adopt and administer a VESCP pursuant to Article 2.4 (§ 62.1-44.15:51 et seq.) that regulates any land-disturbing activity that (i) disturbs 10,000 square feet or more or (ii) disturbs 2,500 square feet or more in an area of a locality designated as a Chesapeake Bay Preservation Area pursuant to the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.). For such a land-disturbing activity in a Chesapeake Bay Preservation Area, the VESCP authority also shall adopt

requirements set forth in this article and attendant regulations as required to regulate those activities in accordance with §§ 62.1-44.15:28 and 62.1-44.15:34.

The Board shall administer a VSMP on behalf of each VESCP authority for any land-disturbing activity that (a) disturbs one acre or more of land or (b) disturbs less than one acre of land and is part of a larger common plan of development or sale that results in one acre or greater of land disturbance.

C. Any town that is required to or elects to adopt and administer a VSMP or VESCP, as applicable, may choose one of the following options and shall notify the Department of its choice according to a process established by the Department:

1. Any town, including a town that operates a regulated MS4, lying within a county may enter into an agreement with the county to become subject to the county's VSMP. If a town lies within the boundaries of more than one county, it may enter into an agreement with any of those counties that operates a VSMP.

2. Any town that chooses not to adopt and administer a VSMP pursuant to subdivision B 3 and that lies within a county may enter into an agreement with the county to become subject to the county's VSMP or VESCP, as applicable. If a town lies within the boundaries of more than one county, it may enter into an agreement with any of those counties.

3. Any town that is subject to the provisions of the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) may enter into an agreement with a county pursuant to subdivision C 1 or 2 only if the county administers a VSMP for land-disturbing activities that disturb 2,500 square feet or more.

D. Any locality that chooses not to implement a VSMP pursuant to subdivision B 3 may notify the Department at any time that it has chosen to implement a VSMP pursuant to subdivision B 1 or 2. Any locality that chooses to implement a VSMP pursuant to subdivision B 2 may notify the Department at any time that it has chosen to implement a VSMP pursuant to subdivision B 1. A locality may petition the Board at any time for approval to change from fully administering a VSMP pursuant to subdivision B 1 to administering a VSMP in coordination with the Department pursuant to subdivision B 2 due to a significant change in economic conditions or other fiscal emergency in the locality. The provisions of the Administrative Process Act (§ 2.2-4000 et seq.) shall govern any appeal of the Board's decision.

E. In support of VSMP authorities, the Department shall provide technical assistance and training and general assistance to localities in the establishment and administration of their individual or regional programs.

F. The Department shall develop a model ordinance for establishing a VSMP consistent with this article.

G. Each locality that operates a regulated MS4 or that chooses to administer a VSMP shall, by ordinance, establish a VSMP that shall be administered in conjunction with a local MS4 management program, if applicable, and which shall include the following:

1. Ordinances, policies, and technical materials consistent with regulations adopted in accordance with this article;

2. Requirements for land-disturbance approvals;

3. Requirements for plan review, inspection, and enforcement consistent with the requirements of this article, including provisions requiring periodic inspections of the installation of stormwater management measures. A VSMP authority may require monitoring and reports from the person responsible for meeting the permit conditions to ensure compliance with the permit and to determine whether the measures required in the permit provide effective stormwater management;

4. Provisions charging each applicant a reasonable fee to defray the cost of program administration for a regulated land-disturbing activity that does not require permit coverage. Such fee may be in addition to any fee charged pursuant to the statewide fee schedule established in accordance with subdivision 9 of § 62.1-44.15:28, although payment of fees may be consolidated in order to provide greater convenience and efficiency for those responsible for compliance with the program. A VSMP authority shall hold a public hearing prior to establishing such fees. The fee shall not exceed an amount commensurate with the services rendered, taking into consideration the time, skill, and the VSMP authority's expense involved;

5. Provisions for long-term responsibility for and maintenance of stormwater management control devices and other techniques specified to manage the quality and quantity of runoff; and

6. Provisions for the coordination of the VSMP with flood insurance, flood plain management, and other programs requiring compliance prior to authorizing land disturbance in order to make the submission and approval of plans, issuance of land-disturbance approvals, payment of fees, and coordination of inspection and enforcement activities more convenient and efficient both for the local governments and those responsible for compliance with the programs.

H. The Board shall approve a VSMP when it deems a program consistent with this article and associated regulations.

I. A VSMP authority may enter into agreements or contracts with the Department, soil and water conservation districts, adjacent localities, planning district commissions, or other public or private entities to carry out or assist with plan review and inspections. *A VSMP authority may enter into contracts with third-party professionals who hold certifications in the appropriate subject areas, as provided in subsection A of § 62.1-44.15:30, to carry out any or all of the responsibilities that this article requires of a VSMP authority, including plan review and inspection but not including enforcement.*

J. A VSMP authority shall be required to obtain evidence of permit coverage from the Department's online reporting system, where such coverage is required, prior to providing land-disturbance approval.

K. The VSMP authority responsible for regulating the land-disturbing activity shall require compliance with its applicable ordinances and the conditions of its land-disturbance approval and plan specifications. The Board shall enforce permits and require compliance with its applicable regulations, including when serving as a VSMP authority in a locality that chose not to adopt a VSMP in accordance with subdivision B 3.

*An Act to amend and reenact § 24.2-613 of the Code of Virginia, relating to form of ballot; order of independent candidates.*  
[H 2179]

Approved March 13, 2017

**Be it enacted by the General Assembly of Virginia:****1. That § 24.2-613 of the Code of Virginia is amended and reenacted as follows:****§ 24.2-613. Form of ballot.**

A. The ballots shall comply with the requirements of this title and the standards prescribed by the State Board.

B. For elections for federal, statewide, and General Assembly offices only, each candidate who has been nominated by a political party or in a primary election shall be identified by the name of his political party. Independent candidates shall be identified by the term "Independent." For the purpose of this section, any Independent candidate may, by producing sufficient and appropriate evidence of nomination by a "recognized political party" to the State Board, have the term "Independent" on the ballot converted to that of a "recognized political party" on the ballot and be treated on the ballot in a manner consistent with the candidates nominated by political parties. For the purpose of this section, a "recognized political party" is defined as an organization that, for at least six months preceding the filing of its nominee for the office, has had in continual existence a state central committee composed of registered voters residing in each congressional district of the Commonwealth, a party plan and bylaws, and a duly elected state chairman and secretary. A letter from the state chairman of a recognized political party certifying that a candidate is the nominee of that party and also signed by such candidate accepting that nomination shall constitute sufficient and appropriate evidence of nomination by a recognized political party. The name of the political party, the name of the "recognized political party," or term "Independent" may be shown by an initial or abbreviation to meet ballot requirements.

C. Except as provided for primary elections, the State Board shall determine by lot the order of the political parties, and the names of all candidates for a particular office shall appear together in the order determined for their parties. In an election district in which more than one person is nominated by one political party for the same office, the candidates' names shall appear alphabetically in their party groups under the name of the office, with sufficient space between party groups to indicate them as such. For the purpose of this section, except as provided for presidential elections in § 24.2-614, "recognized political parties" shall be treated as a class; the order of the recognized political parties within the class shall be determined by lot by the State Board; and the class shall follow the political parties as defined by § 24.2-101 and precede the independent class. Independent candidates shall be treated as a class under "Independent", and their names shall be placed on the ballot after the political parties and recognized political parties. Where there is more than one independent candidate for an office, their names shall appear ~~alphabetically, except that the names of candidates for school boards elected pursuant to § 22.1-57.3 shall appear~~ on the ballot in an order determined by the priority of time of filing *all required paperwork* for the office. In the event two or more candidates file simultaneously, the order of filing shall then be determined by lot by the electoral board as in the case of a tie vote for the office.

No individual's name shall appear on the ballot more than once for the same office.

D. In preparing the printed ballots for general, special, and primary elections, the State Board and electoral boards shall cause to be printed in not less than 10-point type, immediately below the title of any office, a statement of the number of candidates for whom votes may be cast for that office. For any office to which only one candidate can be elected, the following language shall be used: "Vote for only one." For any office to which more than one candidate can be elected, the following language shall be used: "Vote for not more than \_\_\_\_."

E. Any locality that uses machine-readable ballots at one or more precincts, including any central absentee precinct, may, with the approval of the State Board, use a printed reproduction of the machine-readable ballot in lieu of the official machine-readable ballot. Such reproductions shall be printed and otherwise handled in accordance with all laws and procedures that apply to official paper ballots.

In every county and city using voting systems requiring printed ballots, the electoral board shall furnish a sufficient number of ballots printed on plain white paper, of such form and size as will fit in the ballot frames.

Approved March 13, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 24.2-506 and 24.2-521 of the Code of Virginia are amended and reenacted as follows:**

**§ 24.2-506. Petition of qualified voters required; number of signatures required; certain towns excepted.**

A. The name of any candidate for any office, other than a party nominee, shall not be printed upon any official ballots provided for the election unless he shall file along with his declaration of candidacy a petition therefor, on a form prescribed by the State Board, signed by the number of qualified voters specified ~~below~~ *in this subsection* after January 1 of the year in which the election is held and listing the residence address of each such voter. Each signature on the petition shall have been witnessed by a person who is himself a legal resident of the Commonwealth and who is not a minor or a felon whose voting rights have not been restored and whose affidavit to that effect appears on each page of the petition.

Each voter signing the petition may provide on the petition the last four digits of his social security number, if any; however, noncompliance with this requirement shall not be cause to invalidate the voter's signature on the petition.

The minimum number of signatures of qualified voters required for candidate petitions shall be as follows:

1. For a candidate for the United States Senate, Governor, Lieutenant Governor, or Attorney General, 10,000 signatures, including the signatures of at least 400 qualified voters from each congressional district in the Commonwealth;

~~9.~~ 10. For any other candidate, 50 signatures.

B. The State Board shall approve uniform standards by which petitions filed by a candidate for office, other than a party nominee, are reviewed to determine if the petitions contain sufficient signatures of qualified voters as required in subsection A.

C. If a candidate, other than a party nominee, does not qualify to have his name appear on the ballot by reason of the candidate's filed petition not containing the minimum number of signatures of qualified voters for the office sought, the candidate may appeal that determination within five calendar days of the issuance of the notice of disqualification pursuant to § 24.2-612 or notice from the State Board that the candidate did not meet the requirements to have his name appear on the ballot.

Appeals made by candidates for a county, city, or town office shall be filed with the electoral board. Appeals made by candidates for all other offices shall be filed with the State Board. The appeal shall be heard by the State Board or the electoral board, as appropriate, within five business days of its filing. Immediately after the conclusion of the appeal hearing, the entity conducting the appeal shall notify the candidate and, if applicable, the State Board, of its decision in writing. The decision on appeal shall be final and not subject to further appeal.

**§ 24.2-521. Petition required to accompany declaration; number of signatures required.**

A candidate for nomination by primary for any office shall be required to file with his declaration of candidacy a petition for his name to be printed on the official primary ballot, on a form prescribed by the State Board, signed by the number of qualified voters specified ~~below in this section~~ after January 1 of the year in which the election is held or before or after said date in the case of a March primary, and listing the residence address of each such voter. Each signature on the petition shall have been witnessed by a person who is himself a legal resident of the Commonwealth and who is not a minor or a felon whose voting rights have not been restored and whose affidavit to that effect appears on each page of the petition.

Each voter signing the petition may provide on the petition the last four digits of his social security number, if any; however, noncompliance with this requirement shall not be cause to invalidate the voter's signature on the petition.

The minimum number of signatures of qualified voters required for primary candidate petitions shall be as follows:

*An Act to amend and reenact § 24.2-612 of the Code of Virginia, relating to ballots; number ordered to be printed.*

[H 2415]

Approved March 13, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 24.2-612 of the Code of Virginia is amended and reenacted as follows:**

**§ 24.2-612. List of offices and candidates filed with Department of Elections and checked for accuracy; when ballots printed; number required.**

Immediately after the expiration of the time provided by law for a candidate for any office to qualify to have his name printed on the official ballot and prior to printing the ballots for an election, each general registrar shall forward to the Department of Elections a list of the county, city, or town offices to be filled at the election and the names of all candidates who have filed for each office. In addition, each general registrar shall forward the name of any candidate who failed to qualify with the reason for his disqualification. On that same day, the general registrar shall also provide a copy of the notice to each disqualified candidate. The notice shall be sent by email or regular mail to the address on the candidate's certificate of candidate qualification, and such notice shall be deemed sufficient. The Department of Elections shall promptly advise

the general registrar of the accuracy of the list. The failure of any general registrar to send the list to the Department of Elections for verification shall not invalidate any election.

Each general registrar shall have printed the number of ballots he determines will be sufficient to conduct the election. Such determination shall be *based on the number of active registered voters and historical election data, including voter turnout, and shall be* subject to the approval by the electoral board.

Notwithstanding any other provisions of this title, the Department of Elections may print or otherwise provide one statewide paper ballot style for each paper ballot style in use for presidential and vice-presidential electors for use only by persons eligible to vote for those offices only under § 24.2-402 or only for federal elections under § 24.2-453. The Department of Elections may apportion or authorize the printer or vendor to apportion the costs for these ballots among the localities based on the number of ballots ordered. Any printer employed by the Department of Elections shall execute the statement required by § 24.2-616. The Department of Elections shall designate a representative to be present at the printing of such ballots and deliver them to the appropriate general registrars pursuant to § 24.2-617. Upon receipt of such paper ballots, the electoral board or the general registrar shall affix the seal of the electoral board. Thereafter, such ballots shall be handled and accounted for, and the votes counted as the Department of Elections shall specifically direct.

The general registrar shall make printed ballots available for absentee voting not later than 45 days prior to any election or within three business days of the receipt of a properly completed absentee ballot application, whichever is later. In the case of a special election, excluding for federal offices, if time is insufficient to meet the applicable deadline established herein, then the general registrar shall make printed ballots available as soon after the deadline as possible. For the purposes of this chapter, making printed ballots available includes mailing of such ballots or electronic transmission of such ballots pursuant to § 24.2-706 to a qualified absentee voter who is eligible for an absentee ballot under subdivision 2 of § 24.2-700. Not later than five days after absentee ballots are made available, each general registrar shall report to the Department of Elections, in writing on a form approved by the Department of Elections, whether he has complied with the applicable deadline.

Only the names of candidates for offices to be voted on in a particular election district shall be printed on the ballots for that election district.

The general registrar shall send to the Department of Elections a statement of the number of ballots ordered to be printed, proofs of each printed ballot for verification, and copies of each final ballot. If the Department of Elections finds that, in its opinion, the number of ballots ordered to be printed by any general registrar is not sufficient, it may direct the general registrar to order the printing of a reasonable number of additional ballots.

B. For elections for federal, statewide, and General Assembly offices only, each candidate who has been nominated by a political party or in a primary election shall be identified by the name of his political party. Independent candidates shall be identified by the term "Independent." For the purpose of this section, any Independent candidate may, by producing sufficient and appropriate evidence of nomination by a "recognized political party" to the State Board, have the term "Independent" on the ballot converted to that of a "recognized political party" on the ballot and be treated on the ballot in a manner consistent with the candidates nominated by political parties. For the purpose of this section, a "recognized political party" is defined as an organization that, for at least six months preceding the filing of its nominee for the office, has had in continual existence a state central committee composed of registered voters residing in each congressional district of the Commonwealth, a party plan and bylaws, and a duly elected state chairman and secretary. A letter from the state chairman of a recognized political party certifying that a candidate is the nominee of that party and also signed by such candidate accepting that nomination shall constitute sufficient and appropriate evidence of nomination by a recognized political party.

The name of the political party, the name of the "recognized political party," or term "Independent" may be shown by an initial or abbreviation to meet ballot requirements.

C. Except as provided for primary elections, the State Board shall determine by lot the order of the political parties, and the names of all candidates for a particular office shall appear together in the order determined for their parties. In an election district in which more than one person is nominated by one political party for the same office, the candidates' names shall appear alphabetically in their party groups under the name of the office, with sufficient space between party groups to indicate them as such. For the purpose of this section, except as provided for presidential elections in § 24.2-614, "recognized political parties" shall be treated as a class; the order of the recognized political parties within the class shall be determined by lot by the State Board; and the class shall follow the political parties as defined by § 24.2-101 and precede the independent class. Independent candidates shall be treated as a class under "Independent", and their names shall be placed on the ballot after the political parties and recognized political parties. Where there is more than one independent candidate for an office, their names shall appear ~~alphabetically, except that the names of candidates for school boards elected pursuant to § 22.1-57.3 shall appear~~ on the ballot in an order determined by the priority of time of filing *all required paperwork* for the office. In the event two or more candidates file simultaneously, the order of filing shall then be determined by lot by the electoral board as in the case of a tie vote for the office.

No individual's name shall appear on the ballot more than once for the same office.

D. In preparing the printed ballots for general, special, and primary elections, the State Board and electoral boards shall cause to be printed in not less than 10-point type, immediately below the title of any office, a statement of the number of candidates for whom votes may be cast for that office. For any office to which only one candidate can be elected, the following language shall be used: "Vote for only one." For any office to which more than one candidate can be elected, the following language shall be used: "Vote for not more than \_\_\_\_."

E. Any locality that uses machine-readable ballots at one or more precincts, including any central absentee precinct, may, with the approval of the State Board, use a printed reproduction of the machine-readable ballot in lieu of the official machine-readable ballot. Such reproductions shall be printed and otherwise handled in accordance with all laws and procedures that apply to official paper ballots.

In every county and city using voting systems requiring printed ballots, the electoral board shall furnish a sufficient number of ballots printed on plain white paper, of such form and size as will fit in the ballot frames.

If the Department determines that more than a single permit by rule is necessary, the Department initially shall develop the permit by rule for

wind energy, which shall be effective as soon as practicable, but not later than January 1, 2011. Subsequent permits by rule regulations shall be effective as soon as practicable.

B. The conditions for issuance of the permit by rule for small renewable energy projects shall include:

1. A notice of intent provided by the applicant, to be published in the Virginia Register, that a person intends to submit the necessary documentation for a permit by rule for a small renewable energy project;

2. A certification by the governing body of the locality or localities wherein the small renewable energy project will be located that the project complies with all applicable land use ordinances;

3. Copies of all interconnection studies undertaken by the regional transmission organization or transmission owner, or both, on behalf of the small renewable energy project;

4. A copy of the final interconnection agreement between the small renewable energy project and the regional transmission organization or transmission owner indicating that the connection of the small renewable energy project will not cause a reliability problem for the system. If the final agreement is not available, the most recent interconnection study shall be sufficient for the purposes of this section. When a final interconnection agreement is complete, it shall be provided to the Department. The Department shall forward a copy of the agreement or study to the State Corporation Commission;

5. A certification signed by a professional engineer licensed in Virginia that the maximum generation capacity of the small renewable energy project by (i) *an electrical generation facility that generates electricity only from sunlight or wind as designed does not exceed 150 megawatts*; (ii) *an electrical generation facility that generates electricity only from sunlight, wind, falling water, wave motion, tides, or geothermal power as designed does not exceed 100 megawatts*; or ~~(ii)~~ (iii) *an electrical generation facility that generates electricity only from biomass, energy from waste, or municipal solid waste as designed does not exceed 20 megawatts*;

6. An analysis of potential environmental impacts of the small renewable energy project's operations on attainment of national ambient air quality standards;

7. Where relevant, an analysis of the beneficial and adverse impacts of the proposed project on natural resources. For wildlife, that analysis shall be based on information on the presence, activity, and migratory behavior of wildlife to be collected at the site for a period of time dictated by the site conditions and biology of the wildlife being studied, not exceeding 12 months;

8. If the Department determines that the information collected pursuant to subdivision B 7 indicates that significant adverse impacts to wildlife or historic resources are likely, the submission of a mitigation plan detailing reasonable actions to be taken by the owner or operator to avoid, minimize, or otherwise mitigate such impacts, and to measure the efficacy of those actions;

9. A certification signed by a professional engineer licensed in Virginia that the small renewable energy project is designed in accordance with all of the standards that are established in the regulations applicable to the permit by rule;

10. An operating plan describing how any standards established in the regulations applicable to the permit by rule will be achieved;

11. A detailed site plan with project location maps that show the location of all components of the small renewable energy project, including any towers. Changes to the site plan that occur after the applicant has submitted an application shall be allowed by the Department without restarting the application process, if the changes were the result of optimizing technical, environmental, and cost considerations, do not materially alter the environmental effects caused by the facility, or do not alter any other environmental permits that the Commonwealth requires the applicant to obtain;

12. A certification signed by the applicant that the small renewable energy project has applied for or obtained all necessary environmental permits;

13. A requirement that the applicant hold a public meeting. The public meeting shall be held in the locality or, if the project is located in more than one locality in a place proximate to the location of the proposed project. Following the public meeting, the applicant shall prepare a report summarizing the issues raised at the meeting, including any written comments received. The report shall be provided to the Department; and

14. A 30-day public review and comment period prior to authorization of the project.

C. The Department's regulations shall establish a schedule of fees, to be payable by the owner or operator of the small renewable energy project regulated under this article, which fees shall be assessed for the purpose of funding the costs of administering and enforcing the provisions of this article associated with such operations including, but not limited to, the inspection and monitoring of such projects to ensure compliance with this article.

Such fees shall include an additional amount to cover the Department's costs of inspecting such projects.

E. The fees collected pursuant to this article shall be used only for the purposes specified in this article and for funding purposes authorized by this article to abate impairments or impacts on the Commonwealth's natural resources directly caused by small renewable energy projects.

F. There is hereby established a special, nonreverting fund in the state treasury to be known as the Small Renewable Energy Project Fee Fund, hereafter referred to as the Fund. Notwithstanding the provisions of § 2.2-1802, all moneys collected pursuant to this § 10.1-1197.6 shall be paid into the state treasury to the credit of the Fund. Any moneys remaining in the Fund shall not revert to the general fund but shall remain in the Fund. Interest earned on such moneys shall remain in

the Fund and be credited to it. The Fund shall be exempt from statewide indirect costs charged and collected by the Department of Accounts.

G. After the effective date of regulations adopted pursuant to this section, no person shall erect, construct, materially modify or operate a small renewable energy project except in accordance with this article or Title 56 if the small renewable energy project was approved pursuant to Title 56.

H. Any small renewable energy project shall be eligible for permit by rule under this section if the project is proposed, developed, constructed, or purchased by a person that is not a utility regulated pursuant to Title 56.

A. If the owner or operator of a small renewable energy project to whom for which the Department has authorized a permit by rule pursuant to this article is not a utility regulated pursuant to Title 56, then the State Corporation Commission shall not have jurisdiction to review the small renewable energy project or to condition the construction or operation of a small renewable energy project upon the State Corporation Commission's issuance of any permit or certificate under any provision of Title 56, provided that the State Corporation Commission shall retain jurisdiction to resolve requests for joint use of the rights of way of public service corporations pursuant to § 56-259 and denials of requests for interconnection of facilities pursuant to § 56-578.

B. If the owner or operator of a small renewable energy project to whom for which the Department has authorized a permit by rule pursuant to this article is a utility regulated pursuant to Title 56, such small renewable energy project shall be exempt from any provision of § 56-46.1 and any corresponding provision of subsection D of § 56-580 or Chapter 10.1 (§ 56-265.1 et seq.) of Title 56 that requires environmental review and permitting by the State Corporation Commission. An owner or operator of a small renewable energy project that is a utility regulated pursuant to Title 56 granted a permit by rule pursuant to subsection I of § 10.1-1197.6, shall nonetheless not be required to obtain a certificate of public convenience and necessity pursuant to subsection D of § 56-580 or the Utility Facilities Act (§ 56-265.1 et seq.). Nothing in this section shall affect the jurisdiction of the State Corporation Commission regarding a utility that is not eligible for a permit by rule, or the requirement of such utility to obtain a certificate of public convenience and necessity.

**1. That § 46.2-755 of the Code of Virginia is amended and reenacted as follows:**

**§ 46.2-755. Limitations on imposition of motor vehicle license taxes and fees.**

- A. No locality shall impose any motor vehicle license tax or fee on any motor vehicle, trailer, or semitrailer when:
1. A similar tax or fee is imposed by the locality wherein the vehicle is normally garaged, stored, or parked;

2. The vehicle is owned by a nonresident of such locality and is used exclusively for pleasure or personal transportation or as a TNC partner vehicle as defined in § 46.2-2000 and not otherwise for hire or for the conduct of any business or occupation other than that set forth in subdivision 3;

3. The vehicle is (i) owned by a nonresident and (ii) used for transporting into and within the locality, for sale in person or by his employees, wood, meats, poultry, fruits, flowers, vegetables, milk, butter, cream, or eggs produced or grown by him, and not purchased by him for sale;

4. The motor vehicle, trailer, or semitrailer is owned by an officer or employee of the Commonwealth who is a nonresident of such locality and who uses the vehicle in the performance of his duties for the Commonwealth under an agreement for such use;

5. The motor vehicle, trailer, or semitrailer is kept by a dealer or manufacturer for sale or for sales demonstration;

6. The motor vehicle, trailer, or semitrailer is operated by a common carrier of persons or property operating between cities and towns in the Commonwealth and not in intracity transportation or between cities and towns on the one hand and points and places outside cities and towns on the other and not in intracity transportation; ~~or~~

7. The motor vehicle, trailer, or semitrailer is inoperable and unlicensed pursuant to § 46.2-734; *or*

8. *The motor vehicle, trailer, or semitrailer qualifies and is licensed as an antique vehicle pursuant to § 46.2-730.*

B. No locality shall impose a license fee for any one motor vehicle owned and used personally by any veteran who holds a current state motor vehicle registration card establishing that he has received a disabled veteran's exemption from the Department and has been issued a disabled veteran's motor vehicle license plate as prescribed in § 46.2-739.

C. No locality shall impose any license tax or license fee or the requirement of a license tag, sticker or decal upon any daily rental vehicle, as defined in § 58.1-1735, the rental of which is subject to the tax imposed by subdivision A 2 of § 58.1-1736.

D. In the rental agreement between a motor vehicle renting company and a renter, the motor vehicle renting company may separately itemize and charge daily fees or transaction fees to the renter, provided that the amounts of such fees are disclosed at the time of reservation and rental as part of any estimated pricing provided to the renter. Such fees include a vehicle license fee to recover the company's incurred costs in licensing, titling, and registering its rental fleet, concession recovery fees actually charged the company by an airport, or other governmentally owned or operated facility, and consolidated facility charges actually charged by an airport, or other governmentally owned or operated facility for improvements to or construction of facilities at such facility where the motor vehicle rental company operates. The vehicle license fee shall represent the company's good faith estimate of the average per day per vehicle portion of the company's total annual vehicle licensing, titling, and registration costs.

No motor vehicle renting company charging a vehicle license fee, concession recovery fee, or consolidated facility charge may make an advertisement in the Commonwealth that includes a statement of the rental rate for a vehicle available for rent in the Commonwealth unless such advertisement includes a statement that the customer will be required to pay a vehicle license fee, concession recovery fee, or consolidated facility charge. The vehicle license fee, concession recovery fee, or consolidated facility charge shall be shown as a separately itemized charge on the rental agreement. The vehicle license fee shall be described in either the terms and conditions of the rental agreement as the "estimated average per day per vehicle portion of the company's total annual vehicle licensing, titling, and registration costs" or, for renters participating in an extended rental program pursuant to a master rental agreement, by posting such statement on the rental company website.

Any amounts collected by the motor vehicle renting company in excess of the actual amount of its costs incurred relating to its vehicle license fees shall be retained by the motor vehicle renting company and applied toward the recovery of its next calendar year's costs relating to such fees. In such event, the good faith estimate of any vehicle license fee to be charged by the company for the next calendar year shall be reduced to take into account the excess amount collected from the prior year.

E. As used in this section, common carrier of persons or property includes any person who undertakes, whether directly or by lease or any other arrangement, to transport passengers or household goods for the general public by motor vehicle for compensation over the highways of the Commonwealth, whether over regular or irregular routes, that has obtained the required certificate from the Department of Motor Vehicles pursuant to § 46.2-2075 or 46.2-2150.

If the mortgagee has not supplied an address to the association, the association shall be deemed to have received the written consent of a mortgagee if the association sends the text of the proposed amendment by certified mail, return receipt requested, to the mortgagee at the address filed in the land records or with the local tax assessor's office, and receives no written objection to the adoption of the amendment from the mortgagee within 60 days of the date that the notice of amendment is sent by the association, unless the declaration expressly provides otherwise.

B. Subsection A shall not apply to amendments which alter the priority of the lien of the mortgagee or which materially impair or affect a lot as collateral or the right of the mortgagee to foreclose on a lot as collateral.

C. Where the declaration is silent on the need for mortgagee consent, no mortgagee consent shall be required if the amendment to the declaration does not specifically affect mortgagee rights.

D. ~~A Except as otherwise provided in the declaration, a declaration may be amended by a two-thirds vote of the owners. This subsection may be applied to an association subject to a declaration recorded prior to July 1, 1999, if the declaration is silent on how it may be amended or upon the amendment of that declaration in accordance with its requirements.~~

#### CHAPTER 375

*An Act to amend and reenact § 15.2-2114 of the Code of Virginia, relating to locality; stormwater management program; fee waiver where no runoff.*

[H 1597]

Approved March 13, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 15.2-2114 of the Code of Virginia is amended and reenacted as follows:**

**§ 15.2-2114. Regulation of stormwater.**

A. Any locality, by ordinance, may establish a utility or enact a system of service charges to support a local stormwater management program consistent with Article 2.3 (§ 62.1-44.15:24 et seq.) of Chapter 3.1 of Title 62.1 or any other state or federal regulation governing stormwater management. Income derived from a utility or system of charges shall be dedicated special revenue, may not exceed the actual costs incurred by a locality operating under the provisions of this section, and may be used only to pay or recover costs for the following:

1. The acquisition, as permitted by § 15.2-1800, of real and personal property, and interest therein, necessary to construct, operate and maintain stormwater control facilities;
2. The cost of administration of such programs;
3. Planning, design, engineering, construction, and debt retirement for new facilities and enlargement or improvement of existing facilities, including the enlargement or improvement of dams, levees, floodwalls, and pump stations, whether publicly or privately owned, that serve to control stormwater;
4. Facility operation and maintenance, including the maintenance of dams, levees, floodwalls, and pump stations, whether publicly or privately owned, that serve to control stormwater;
5. Monitoring of stormwater control devices and ambient water quality monitoring;
6. Contracts related to stormwater management, including contracts for the financing, construction, operation, or maintenance of stormwater management facilities, regardless of whether such facilities are located on public or private property and, in the case of private property locations, whether the contract is entered into pursuant to a stormwater management private property program under subsection J or otherwise; and
7. Other activities consistent with the state or federal regulations or permits governing stormwater management, including, but not limited to, public education, watershed planning, inspection and enforcement activities, and pollution prevention planning and implementation.

B. The charges may be assessed to property owners or occupants, including condominium unit owners or tenants (when the tenant is the party to whom the water and sewer service is billed), and shall be based upon an analysis that demonstrates the rational relationship between the amount charged and the services provided. Prior to adopting such a system, a public hearing shall be held after giving notice as required by charter or by publishing a descriptive notice once a week for two successive weeks prior to adoption in a newspaper with a general circulation in the locality. The second publication shall not be sooner than one calendar week after the first publication. However, prior to adoption of any ordinance pursuant to this section related to the enlargement, improvement, or maintenance of privately owned dams, a locality shall comply with the notice provisions of § 15.2-1427 and hold a public hearing.

C. A locality adopting such a system shall provide for full waivers of charges to the following:

1. A federal, state, or local government, or public entity, that holds a permit to discharge stormwater from a municipal separate storm sewer system, except that the waiver of charges shall apply only to property covered by any such permit; and
2. Public roads and street rights-of-way that are owned and maintained by state or local agencies, including property rights-of-way acquired through the acquisitions process.

D. A locality adopting such a system shall provide for full or partial waivers of charges to any person who installs, operates, and maintains a stormwater management facility that achieves a permanent reduction in stormwater flow or pollutant loadings *or other such other facility, system, or practice whereby stormwater runoff produced by the property is retained and treated on site in accordance with a stormwater management plan approved pursuant to Chapter 3.1 (§ 62.1-44.2 et seq.) of Title 62.1*. The locality shall base the amount of the waiver in part on the percentage reduction in stormwater flow or pollutant loadings, or both, from pre-installation to post-installation of the facility. No locality shall provide a waiver to any person who does not obtain a stormwater permit from the Department of Environmental Quality when such permit is required by statute or regulation.

E. A locality adopting such a system may provide for full or partial waivers of charges to cemeteries, property owned or operated by the locality administering the program, and public or private entities that implement or participate in strategies, techniques, or programs that reduce stormwater flow or pollutant loadings, or decrease the cost of maintaining or operating the public stormwater management system.

F. Any locality may issue general obligation bonds or revenue bonds in order to finance the cost of infrastructure and equipment for a stormwater control program. Infrastructure and equipment shall include structural and natural stormwater control systems of all types, including, without limitation, retention basins, sewers, conduits, pipelines, pumping and ventilating stations, and other plants, structures, and real and personal property used for support of the system. The procedure for the issuance of any such general obligation bonds or revenue bonds pursuant to this section shall be in conformity with the procedure for issuance of such bonds as set forth in the Public Finance Act (§ 15.2-2600 et seq.).

G. In the event charges are not paid when due, interest thereon shall at that time accrue at the rate, not to exceed the maximum amount allowed by law, determined by the locality until such time as the overdue payment and interest are paid. Charges and interest may be recovered by the locality by action at law or suit in equity and shall constitute a lien against the property, ranking on a parity with liens for unpaid taxes. The locality may combine the billings for stormwater charges with billings for water or sewer charges, real property tax assessments, or other billings; in such cases, the locality may establish the order in which payments will be applied to the different charges. No locality shall combine its billings with those of another locality or political subdivision, including an authority operating pursuant to Chapter 51 (§ 15.2-5100 et seq.) of Title 15.2, unless such locality or political subdivision has given its consent by duly adopted resolution or ordinance.

H. Any two or more localities may enter into cooperative agreements concerning the management of stormwater.

I. For purposes of implementing waivers pursuant to subdivision C 1, for property where two adjoining localities subject to a revenue sharing agreement each hold municipal separate storm sewer permits, the waiver shall also apply to the property of each locality and of its school board that is accounted for in that locality's municipal separate storm sewer program plan, regardless of whether such property is located within the adjoining locality.

J. Any locality that establishes a system of charges pursuant to this section may establish a public-private partnership program, to be known as a stormwater management private property program, in order to promote cost-effectiveness in reducing excessive stormwater flow or pollutant loadings or in making other stormwater improvements authorized pursuant to this section. A locality that opts to establish a stormwater management private property program pursuant to this subsection shall:

1. Promote awareness of the location, quantity, and timing of reductions or other improvements that it determines appropriate under this program;
2. Seek the voluntary participation of property owners;
3. Accept the participation of property owners on both an individual and a group basis by which multiple owners may collaborate on improvements and allocate among the multiple owners any payments made by the locality;
4. Enter into contracts at its discretion to secure improvements on terms and conditions that the locality deems appropriate, including by making payments to property owners in excess of the value of any applicable waivers pursuant to subsections D and E; and
5. Require appropriate operation and maintenance of the contracted improvements.

K. Any locality that establishes a stormwater management private property program pursuant to subsection J may procure reductions and improvements in accordance with the Public-Private Education Facilities and Infrastructure Act (§ 56-575.1 et seq.) or other means, as appropriate. Subsection J shall not be interpreted to limit the authority of a locality to secure reductions of excessive stormwater flow or pollutant loadings or other stormwater improvements by other means.

This subdivision shall not apply, however, to a dissemination made by an agency to an agency in another state, district or territory of the United States where the personal information is requested by the agency of such other state, district or territory in connection with the application of the data subject therein for a service, privilege or right under the laws thereof, nor shall this apply to information transmitted to family advocacy representatives of the United States Armed Forces in accordance with subsection N of § 63.2-1503;
6. Maintain a list of all persons or organizations having regular access to personal information in the information system;

9. Establish appropriate safeguards to secure the system from any reasonably foreseeable threat to its security; and  
10. Collect no personal information concerning the political or religious beliefs, affiliations, and activities of data subjects that is maintained, used or disseminated in or by any information system operated by any agency unless authorized explicitly by statute or ordinance.

B. Every public body, as defined in § 2.2-3701, that has an Internet website associated with that public body shall develop an Internet privacy policy and an Internet privacy policy statement that explains the policy to the public. The policy shall be consistent with the requirements of this chapter. The statement shall be made available on the public body's website in a conspicuous manner. The Secretary of Technology or his designee shall provide guidelines for developing the policy and the statement, and each public body shall tailor the policy and the statement to reflect the information practices of the individual public body. At minimum, the policy and the statement shall address (i) what information, including personally identifiable information, will be collected, if any; (ii) whether any information will be automatically collected simply by accessing the website and, if so, what information; (iii) whether the website automatically places a computer file, commonly referred to as a "cookie," on the Internet user's computer and, if so, for what purpose; and (iv) how the collected information is being used or will be used.

C. Notwithstanding the provisions of subsection A, the Virginia Retirement System may disseminate information as to the retirement status or benefit eligibility of any employee covered by the Virginia Retirement System, the Judicial Retirement System, the State Police Officers' Retirement System, or the Virginia Law Officers' Retirement System, to the chief executive officer or personnel officers of the state or local agency by which he is employed.

D. Notwithstanding the provisions of subsection A, the Department of Social Services may disseminate client information to the Department of Taxation for the purposes of providing specified tax information as set forth in clause (ii) of subsection C of § 58.1-3.

*E. Notwithstanding the provisions of subsection A, the State Council of Higher Education for Virginia may disseminate student information to agencies acting on behalf or in place of the U.S. government to gain access to data on wages earned outside the Commonwealth or through federal employment, for the purposes of complying with § 23.1-204.1.*

#### **§ 23.1-203. Duties of Council.**

The Council shall:

1. Develop a statewide strategic plan that (i) reflects the goals set forth in subsection A of § 23.1-1002 or (ii) once adopted, reflects the goals and objectives developed pursuant to subdivision B 5 of § 23.1-309 for higher education in the Commonwealth, identifies a coordinated approach to such state and regional goals, and emphasizes the future needs for higher education in the Commonwealth at both the undergraduate and the graduate levels and the mission, programs, facilities, and location of each of the existing institutions of higher education, each public institution's six-year plan, and such other matters as the Council deems appropriate. The Council shall revise such plan at least once every six years and shall submit such recommendations as are necessary for the implementation of the plan to the Governor and the General Assembly.

2. Review and approve or disapprove any proposed change in the statement of mission of any public institution of higher education and define the mission of all newly created public institutions of higher education. The Council shall report such approvals, disapprovals, and definitions to the Governor and the General Assembly at least once every six years. No such actions shall become effective until 30 days after adjournment of the session of the General Assembly next following the filing of such a report. Nothing in this subdivision shall be construed to authorize the Council to modify any mission statement adopted by the General Assembly or empower the Council to affect, either directly or indirectly, the selection of faculty or the standards and criteria for admission of any public institution of higher education, whether relating to academic standards, residence, or other criteria. Faculty selection and student admission policies shall remain a function of the individual public institutions of higher education.

3. Study any proposed escalation of any public institution of higher education to a degree-granting level higher than that level to which it is presently restricted and submit a report and recommendation to the Governor and the General Assembly relating to the proposal. The study shall include the need for and benefits or detriments to be derived from the escalation. No such institution shall implement any such proposed escalation until the Council's report and recommendation have been submitted to the General Assembly and the General Assembly approves the institution's proposal.

4. Review and approve or disapprove all enrollment projections proposed by each public institution of higher education. The Council's projections shall be organized numerically by level of enrollment and shall be used solely for budgetary, fiscal, and strategic planning purposes. The Council shall develop estimates of the number of degrees to be awarded by each public institution of higher education and include those estimates in its reports of enrollment projections. The student admissions policies for such institutions and their specific programs shall remain the sole responsibility of the individual governing boards but all baccalaureate public institutions of higher education shall adopt dual admissions policies with comprehensive community colleges as required by § 23.1-907.

5. Review and approve or disapprove all new undergraduate or graduate academic programs that any public institution of higher education proposes.

6. other public institutions of higher education. The Council shall make a report to the Governor and the General Assembly with respect to the discontinuance of any such academic program. No such discontinuance shall become effective until 30 days after the adjournment of the session of the General Assembly next following the filing of such report.

7. Review and approve or disapprove the establishment of any department, school, college, branch, division, or extension of any public institution of higher education that such institution proposes to establish, whether located on or off the main campus of such institution. If any organizational change is determined by the Council to be proposed solely for the purpose of internal management and the institution's curricular offerings remain constant, the Council shall approve the proposed change. Nothing in this subdivision shall be construed to authorize the Council to disapprove the establishment of any such department, school, college, branch, division, or extension established by the General Assembly.

8. Review the proposed closure of any academic program in a high demand or critical shortage area, as defined by the Council, by any public institution of higher education and assist in the development of an orderly closure plan, when needed.

The system shall include information on admissions, enrollment, self-identified students with documented disabilities, personnel, programs, financing, space inventory, facilities, and such other areas as the Council deems appropriate. When consistent with the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et seq.), the Virginia Unemployment Compensation Act (§ 60.2-100 et seq.), and applicable federal law, the Council, acting solely or in partnership with the Virginia Department of Education or the Virginia Employment Commission, may contract with private entities to create de-identified student records in which all personally identifiable information has been removed for the purpose of assessing the performance of institutions and specific programs relative to the workforce needs of the Commonwealth.

10. In cooperation with public institutions of higher education, develop guidelines for the assessment of student achievement. Each such institution shall use an approved program that complies with the guidelines of the Council and is consistent with the institution's mission and educational objectives in the development of such assessment. The Council shall report each institution's assessment of student achievement in the revisions to the Commonwealth's statewide strategic plan for higher education.

11. In cooperation with the appropriate state financial and accounting officials, develop and establish uniform standards and systems of accounting, recordkeeping, and statistical reporting for public institutions of higher education.

12. Review biennially and approve or disapprove all changes in the inventory of educational and general space that any public institution of higher education proposes and report such approvals and disapprovals to the Governor and the General Assembly. No such change shall become effective until 30 days after the adjournment of the session of the General Assembly next following the filing of such report.

13. Visit and study the operations of each public institution of higher education at such times as the Council deems appropriate and conduct such other studies in the field of higher education as the Council deems appropriate or as may be requested by the Governor or the General Assembly.

14. Provide advisory services to each accredited nonprofit private institution of higher education whose primary purpose is to provide collegiate or graduate education and not to provide religious training or theological education on academic, administrative, financial, and space utilization matters. 17. Require each institution of higher education formed, chartered, or established in the Commonwealth after July 1, 1980, to ensure the preservation of student transcripts in the event of institutional closure or revocation of approval to operate in the Commonwealth. An institution may ensure the preservation of student transcripts by binding agreement with another institution of higher education with which it is not corporately connected or in such other way as the Council may authorize by regulation. In the event that an institution closes or has its approval to operate in the Commonwealth revoked, the Council, through its director, may take such action as is necessary to secure and preserve the student transcripts until such time as an appropriate institution accepts all or some of the transcripts. Nothing in this subdivision shall be deemed to interfere with the right of a student to his own transcripts or authorize disclosure of student records except as may otherwise be authorized by law.

18. Require the development and submission of articulation, dual admissions, and guaranteed admissions agreements between associate-degree-granting and baccalaureate public institutions of higher education.

19. Provide periodic updates of base adequacy funding guidelines adopted by the Joint Subcommittee Studying Higher Education Funding Policies for each public institution of higher education.

20. In consultation with each public institution of higher education, develop a one-year uniform certificate of general studies program to be offered at each comprehensive community college. academic subject coursework to a baccalaureate public institution of higher education upon acceptance to such baccalaureate institution.

21. Cooperate with the Board of Education in matters of interest to both public elementary and secondary schools and public institutions of higher education, particularly in connection with coordination of the college admission requirements, coordination of teacher training programs with the public school programs, and the Board's Six-Year Educational Technology Plan for Virginia. The Council shall encourage public institutions of higher education to design programs that include the skills necessary for the successful implementation of such Plan.

22. Advise and provide technical assistance to the Brown v. Board of Education Scholarship Committee in the implementation and administration of the Brown v. Board of Education Scholarship Program pursuant to Chapter 34.1 (§ 30-231.01 et seq.) of Title 30.

The data shall include the program and the program level, as recognized by the Council, for each degree awarded by each institution; the percentage of graduates known to be employed in the Commonwealth; the average salary and the average higher education-related debt for the graduates on which the data is based; rates of enrollment in remedial coursework for each institution; individual student credit accumulation for each institution; rates of postsecondary degree completion; and any other information that the Council determines is necessary to address adequate preparation for success in postsecondary education and alignment between secondary and postsecondary education. The Council shall disseminate to each public high school and each public institution of higher education and private institution of higher education for which the Council has student-level data a link on its website to the published data. The Council shall provide a notification template that each public high school may use to annually notify students and their parents about the availability of such data. The published data shall be consistent with the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et seq.) and the federal Family Educational Rights and Privacy Act (20 U.S.C. § 1232g).*

B. *Each such institution of higher education shall provide a link to such published postsecondary education and employment data.*

[H 1686]

Approved March 13, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 15.2-4202 and 15.2-4203 of the Code of Virginia are amended and reenacted as follows:**

**§ 15.2-4202. Definitions.**

For the purposes of this chapter:

"Commission" means a planning district commission. Planning district commissions are composed of the duly appointed representatives of the localities *or Indian tribes* which are parties to the charter agreement.

"Indian tribe" means an Indian tribe or band that is recognized by federal law.

"Planning district" means a contiguous area within the boundaries established by the Department of Housing and Community Development.

"Population," unless a different census is clearly set forth, means the number of inhabitants according to the United States census latest preceding the time at which any provision dependent upon population is being applied, or the time as of which it is being construed, unless there is available an annual estimate of population prepared by the Weldon Cooper Center for Public Service of the University of Virginia, which has been filed with the Department of Housing and Community Development, in which event the estimate shall govern.

**§ 15.2-4203. Organization of planning district commission.**

A. At any time after the establishment of the geographic boundaries of a planning district, the localities or *Indian tribes* embracing at least 45 percent of the population within the district acting by their governing bodies may organize a planning district commission by written agreement. Any locality not a party to such charter agreement shall continue as a part of the planning district, but, until such time as such locality elects to become a part of the planning district commission as hereinafter provided, shall not be represented in the composition of the membership of the planning district commission. *Any Indian tribe (i) whose land is located within the boundaries of the planning district and (ii) that is not a party to such charter agreement may elect to become part of the planning district commission at any time after its formation, and may negotiate the terms of such membership with the planning district commission.* Whenever a planning district is created which contains only two counties, the governing body of either county may organize a planning district commission in accordance with the provisions of this chapter if the governing body of the other county does not agree to organize such a planning district commission.

B. The charter agreement shall set forth:

1. The name of the planning district. An entity organized as a planning district commission under this act may employ the name "regional council" or "regional commission" as a substitute for the name "planning district commission."

2. The locality in which its principal office shall be situated.

3. The effective date of the organization of the planning district commission.

4. The composition of the membership of the planning district commission. At least a majority of its members shall be elected officials of the governing bodies of the localities within the district, or members of the General Assembly, with each county, city and town of more than 3,500 population having at least one representative. In any planning district other than planning district number 23, a town of 3,500 or less population may petition the planning district commission to be represented thereon. The planning district commission may, in its discretion, grant representation to such town by a majority vote of the members of the commission. Other members shall be qualified voters and residents of the district. In planning districts number 4 and 14, the membership may also include representatives of higher education institutions. Should the charter agreement, as adopted, so provide, an alternate may serve in lieu of one of the elected officials of each of the governing bodies of the participating localities.

5. The term of office of the members, their method of selection or removal and the method for the selection and the term of office of a chairman.

6. The voting rights of members. Such voting rights need not be equal and may be weighed on the basis of the population of the locality represented by the member, the aggregation of the voting rights of members representing one locality, or otherwise.

7. The procedure for amendment, for addition of other localities within the planning district which are not parties to the original charter agreement, and the withdrawal from the charter agreement by localities within the planning district electing to do so.

C. The governing body of any locality which is a member of the planning district commission may provide for compensation to be paid by it for its commission members, except for any full-time salaried employees of the locality. The amount of such compensation shall not exceed the amount fixed by the planning district commission.

## CHAPTER 381

*An Act to amend and reenact § 15.2-907.2 of the Code of Virginia, relating to land banks; receivership.*

[H 1936]

**Be it enacted by the General Assembly of Virginia:**

**1. That § 15.2-907.2 of the Code of Virginia is amended and reenacted as follows:**

**§ 15.2-907.2. Authority of locality or land bank entity to be appointed to act as a receiver to repair derelict and blighted buildings in certain limited circumstances.**

A. Any locality that has adopted an ordinance pursuant to § 15.2-907.1 may petition the circuit court for the appointment of the locality *or a land bank entity created pursuant to the Land Bank Entities Act (§ 15.2-7500 et seq.)* to act as a receiver to repair real property that contains residential dwelling units only in accordance with all of the following:

1. The locality has properly declared the subject property to be a derelict building in compliance with the provisions of § 15.2-907.1;

2. The property owners are in noncompliance with the provisions of § 15.2-907.1;

3. The locality has properly declared the subject property to be blighted in compliance with the provisions of § 36-49.1:1 for spot blight abatement, and the subject property is itself blighted;

4. The property owners are in noncompliance with the provisions of § 36-49.1:1 requiring abatement of the blighted condition of the property;

5. The locality has made bona fide efforts to ensure compliance by the property owners of the subject property with the requirements of §§ 15.2-907.1 and 36-49.1:1;

6. The repairs to the subject property are necessary to bring the subject property into compliance with the provisions of the Uniform Statewide Building Code;

7. The repairs to the subject property necessary to satisfy the requirements of subdivision 6 shall not result in a change of use for zoning purposes of the subject property;

8. Upon appointment by the circuit court to serve as a receiver, the locality *or land bank entity* shall have the authority to contract for all reasonable repairs necessary to bring the property into compliance with the provisions of the Uniform Statewide Building Code, subject to all applicable requirements of state and local procurement laws. Such repairs shall be made in a time period established by the court, but in no event shall a receivership exceed two years;

9. Notwithstanding any other provision of law, the provisions of this section are subject to the requirements of the Servicemembers Civil Relief Act (50 U.S.C. § 3901 et seq.); and

10. Notwithstanding any other provisions of law, the subject property shall be eligible for any real estate abatement programs that exist in the locality.

B. Such sale shall be upon order of the court entered after notice as required by the Rules of the Supreme Court of Virginia and following publication of notice of the sale once a week for four consecutive weeks in a newspaper of general circulation. Following such public auction, the special commissioner shall file an accounting with the court and seek confirmation of the sale. Upon confirmation, the special commissioner shall be authorized to execute a deed conveying title, which shall pass free and clear to the purchaser at public auction. Following such sale, the former owner or owners, or any heirs, assignees, devisees, or successors in interest to the property shall be entitled to the surplus received in excess of the receiver's lien, taxes, penalties, interest, reasonable attorney fees, costs, and any recorded liens chargeable against the property. At any time prior to confirmation of the sale provided for herein, the owner shall have the right to redeem the property, as provided for in subsection D. The character of the title acquired by the purchaser of the property at public auction shall be governed by the principles and rules applicable to the titles of purchases at judicial sales of real estate generally.

D. The owner of any property subject to receivership may redeem the property at any time prior to the expiration of the two-year period or prior to confirmation of sale at public auction by paying the receiver's lien in full and the taxes, penalties, interest, reasonable attorney fees, costs, and any recorded liens chargeable against the property. Partial payment shall not be sufficient to redeem the property and shall not operate to suspend the receivership.

E. In lieu of appointment of a receiver, the circuit court shall permit repair by a property owner or a person with an interest in the property secured by a deed of trust properly recorded upon the following conditions:

1. Demonstration of the ability to complete the repair within a reasonable amount of time to be determined by the court; and

Neither the association nor its common interest community manager shall require cash, check, certified funds, or credit card payments at the time of the request is made for the association disclosure packet.

E. If settlement does not occur within 60 days of the delivery of the disclosure packet, or funds are not collected at settlement and disbursed to the association or the common interest community manager, all fees, including those costs that would have otherwise been the responsibility of the purchaser or settlement agent, shall be (i) assessed within one year after delivery of the disclosure packet against the lot owner, (ii) the personal obligation of the lot owner, and (iii) an assessment against the lot and collectible as any other assessment in accordance with the provisions of the declaration and § 55-516. The seller may pay the association by cash, check, certified funds, or credit card, if credit card payment is an option offered by the association. The association shall pay the common interest community manager the amount due from the lot owner within 30 days after invoice.

F. The maximum allowable fees charged in accordance with this section shall adjust every five years, as of January 1 of that year, in an amount equal to the annual increases for that five-year period in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the U.S. Department of Labor.

G. If an association disclosure packet has been issued for a lot within the preceding 12-month period, a person specified in the written instructions of the seller or the seller's authorized agent, including the seller or the seller's authorized agent, or the purchaser or his authorized agent may request a disclosure packet update. The requester shall specify whether the disclosure packet update shall be delivered electronically or in hard copy, and shall specify the complete contact information of the parties to whom the update shall be delivered. The disclosure packet update shall be delivered within 10 days of the written request.

H. The settlement agent may request a financial update. The requester shall specify whether the financial update shall be delivered electronically or in hard copy, and shall specify the complete contact information of the parties to whom the update shall be delivered. The financial update shall be delivered within three business days of the written request.

I. A reasonable fee for the disclosure packet update or financial update may be charged by the preparer not to exceed \$50. At the option of the purchaser or the purchaser's authorized agent, the requester may request that the association or the common interest community manager perform an additional inspection of the exterior of the dwelling unit and the lot, as authorized in the declaration, for a fee not to exceed \$100. Any fees charged for the specified update shall be collected at the time settlement occurs on the sale of the property. The settlement agent shall escrow a sum sufficient to pay such costs of the seller at settlement. Neither the association nor its common interest community manager, if any, shall require cash, check, certified funds, or credit card payments at the time the request is made for the disclosure packet update. The requester may request that the specified update be provided in hard copy or in electronic form.

J. No association or common interest community manager may require the requester to request the specified update electronically. The seller or the seller's authorized agent shall continue to have the right to request a hard copy of the specified update in person at the principal place of business of the association. If the requester asks that the specified update be provided in electronic format, neither the association nor its common interest community manager may require the requester to pay any fees to use the provider's electronic network or system. A copy of the specified update shall be provided to the seller or the seller's authorized agent.

K. When an association disclosure packet has been delivered as required by § 55-509.5, the association shall, as to the purchaser, be bound by the statements set forth therein as to the status of the assessment account and the status of the lot with respect to any violation of the declaration, bylaws, rules and regulations, architectural guidelines and articles of incorporation, if any, of the association as of the date of the statement unless the purchaser had actual knowledge that the contents of the disclosure packet were in error.

L. If the association or its common interest community manager has been requested in writing to furnish the association disclosure packet required by § 55-509.5, failure to provide the association disclosure packet substantially in the form provided in this section shall be deemed a waiver of any claim for delinquent assessments or of any violation of the declaration, bylaws, rules and regulations, or architectural guidelines existing as of the date of the request with respect to the subject lot. The preparer of the association disclosure packet shall be liable to the seller in an amount equal to the actual damages sustained by the seller in an amount not to exceed \$1,000. The purchaser shall nevertheless be obligated to abide by the declaration, bylaws, rules and regulations, and architectural guidelines of the association as to all matters arising after the date of the settlement of the sale.

*M. The Common Interest Community Board may assess a monetary penalty for failure to deliver the association disclosure packet within 14 days against any (i) property owners' association pursuant to § 54.1-2351 or (ii) common interest community manager pursuant to § 54.1-2349 and regulations promulgated thereto, and may issue a cease and desist order pursuant to § 54.1-2349 or 54.1-2352, as applicable.*

#### CHAPTER 76.

#### RURAL COASTAL VIRGINIA COMMUNITY ENHANCEMENT AUTHORITY.

##### **§ 15.2-7600. Authority created; name.**

*The Rural Coastal Virginia Community Enhancement Authority, hereinafter referred to as the Authority, is created as a body politic and corporate, a political subdivision of the Commonwealth. As such it shall have, and is hereby vested with, the powers and duties hereinafter conferred in this chapter. The Authority, if approved by the respective governing bodies, may consist of up to 12 of the counties within the Northern Neck, Middle Peninsula, and Accomack-Norhampton planning districts as follows: Accomack, Essex, Gloucester, King and Queen, King William, Lancaster, Mathews, Middlesex, Northampton, Northumberland, Richmond, and Westmoreland.*

##### **§ 15.2-7601. Purpose.**

*The Authority is created for the purpose of serving as a regional economic development body and represents a partnership of the Commonwealth, the three planning districts, and the 12 counties of the coastal region.*

##### **§ 15.2-7602. Board of Authority; members and officers; staff; annual report.**

*A. All powers, rights, and duties conferred by this chapter, or other provisions of law, upon the Authority shall be exercised by the Board of the Rural Coastal Virginia Community Enhancement Authority, hereinafter referred to as the Board or the Board of the Authority. Initial appointments shall begin July 1, 2017. The Board shall consist of up to 15 members as follows: one member of each of the 12 counties' governing bodies if so appointed by the respective governing bodies and three at-large members, who shall be appointed by the Governor and who shall be residents of the coastal region. In addition, the Secretary of Commerce and Trade or his designee shall serve as a nonvoting ex officio member of the Board. All members shall serve for a term of four years and may be reappointed for one additional term. A position shall be considered vacant if a member's term of office has ended. Vacancies shall be filled for the unexpired term in the same manner as the original appointee. For the initial appointments only, approximately half of the members appointed by the governing bodies shall be appointed for two-year terms, and such initial terms shall not be counted toward the term limitation.*

*B. Each member of the Board shall, before entering upon the discharge of the duties of his office, take and subscribe to the oath prescribed in § 49-1. Members shall serve without compensation but shall be reimbursed for actual expenses incurred in the performance of their duties.*

*C. A majority of the members of the Board shall constitute a quorum, and the affirmative vote of a majority present shall be necessary for any action taken by the Board. No vacancy in the membership of the Board shall impair the right of a quorum to exercise all the rights and perform all the duties of the Board.*

*D. The Board shall elect from its membership a chairman and a vice-chairman for each calendar year.*

*E. Staffing and support for the Authority shall be provided by the counties and the planning district commissions that make up the Authority. Additional staff support may be hired or contracted for by the Authority through funds raised by or provided to it. The Authority is authorized to determine the duties of such staff and fix staff compensation within available resources.*

*F. All agencies of the Commonwealth shall cooperate with the Authority and, upon request, shall assist the Authority in fulfilling its purposes and mission. The Secretary of Commerce and Trade or his designee shall act as the chief liaison between the administrative agencies and the Authority.*

*G. The Board, promptly following the close of the fiscal year, shall submit an annual report of the Authority's activities for the preceding year to the Governor, the General Assembly, and the board of supervisors of each member county. Each such report shall set forth a complete operating and financial statement covering the operation of the Authority during such year.*

##### **§ 15.2-7603. Powers of Authority.**

*The Authority acting through its Board:*

*1. Is vested with the powers of a body corporate, including the power to sue and be sued, plead and be impleaded, make contracts, and adopt and use a common seal and alter the same as may be deemed expedient;*

2. May retain legal counsel to represent the Authority in hearings, controversies, or matters involving the interests of the Authority and the furtherance of its purposes; and

3. May adopt, alter, or repeal its own bylaws and regulations that govern the manner in which its business may be transacted and may provide for the appointment of such committees, and the functions thereof, as the Authority deems necessary to facilitate its business. Each committee shall consist of the number of persons as the Authority deems advisable.

**§ 15.2-7604. Further powers.**

1. The Authority may seek and approve loans and solicit donations, grants, and any other funding from the Commonwealth, the federal government, and regional, local government, and private entities to carry out its purposes, powers, and duties;

2. The Authority will assist the region in obtaining necessary job training or employment-related education, leadership and civic development, and business development, especially entrepreneurship for the coastal region;

3. The Authority will provide special assistance to distressed and underdeveloped counties within the coastal region; and

4. The Authority will fund demonstration projects, and conduct research, evaluations, and assessments of the coastal region's assets and needs.

Agencies of the Commonwealth shall review grant program eligibility requirements, and amend such requirements as appropriate, for purposes of recognizing the unique socioeconomic and demographic challenges faced by rural coastal localities and the inability to qualify for financial assistance.

**§ 15.2-7605. Duties of Authority; governmental functions.**

A. The Authority shall (i) develop comprehensive and coordinated plans and programs, establish priorities, and approve grants for the economic development of the coastal region; (ii) provide for research, demonstration, investigation, assessment, and evaluation of the region's assets and needs; (iii) encourage the formation and capacity of local government and private investment in compatible industries, including natural resources, commercial, industrial, and other economic development projects; and (iv) provide a forum for the consideration of problems and possible solutions of the coastal region.

B. The Authority shall (i) develop a definition for what constitutes "distressed" and annually designate distressed, moderately distressed, and economically strong counties within the region and (ii) allocate at least 50 percent of the grants, loans, and donations made available to the Authority for programs and projects for the distressed counties. Such funds shall not be used within economically strong counties without a two-thirds vote of approval by a quorum of the Board. Nothing herein shall prevent the Authority from applying for and receiving federal, state, or private funds to advance the purpose of the Authority regardless of distressed county status.

**§ 15.2-7606. Duties of planning districts within the coastal region.**

Each member planning district commission of the Authority shall approve annually a development plan for its area within the coastal region. Comprehensive Economic Development Strategy (CEDS) plans shall satisfy this requirement if updated and reaffirmed annually by the planning district commission.

The development plan shall outline factors to be considered by the Authority in considering programs and projects for assistance under this chapter and in establishing priorities among assistance requests.

The Authority shall use the plans developed by the planning district commissions to guide the development of a work program for the Authority.

**§ 15.2-7607. Dissolution of Authority.**

Each member locality of the Authority may withdraw from the Authority only upon dissolution of the Authority as set forth herein. Whenever the Board determines that the purpose for which the Authority was created has been substantially fulfilled or is impractical or impossible to accomplish and that all obligations incurred by the Authority have been paid or that cash or a sufficient amount of United States government securities has been deposited for their payment, or provisions satisfactory for the timely payment of all its outstanding obligations have been arranged, the Board may adopt resolutions declaring and finding that the Authority shall be dissolved. Appropriate attested copies of such resolutions shall be delivered to the Governor so that legislation dissolving the Authority may be introduced in the General Assembly. The dissolution of the Authority shall become effective according to the terms of such legislation. The title to all funds and other property owned by the Authority at the time of such dissolution shall vest in the counties that have contributed to the Authority's resources in proportion to their respective contributions.

Any increase in any rates, fees or charges under this section shall be made in the manner provided in subsection B. Any other change or revision of the rates, fees or charges may be made in the same manner as the rates, fees or charges were originally established as provided in subsection B.

D. Connection fees established by any authority shall be fair and reasonable. ### CHAPTER 392

*An Act to amend and reenact § 15.2-901 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 15.2-901.1, relating to running bamboo; local ordinance; civil penalty.*

[H 2154]

Approved March 13, 2017

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-901 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 15.2-901.1 as follows:

**§ 15.2-901. Locality may provide for removal or disposal of trash, cutting of grass, weeds, and running bamboo; penalty in certain counties; penalty.**

A. Any locality may, by ordinance, provide that:

1. The owners of property therein shall, at such time or times as the governing body may prescribe, remove therefrom any and all trash, garbage, refuse, litter and other substances which might endanger the health or safety of other residents of such locality; or may, whenever the governing body deems it necessary, after reasonable notice, have such trash, garbage, refuse, litter and other like substances which might endanger the health of other residents of the locality, removed by its own agents or employees, in which event the cost or expenses thereof shall be chargeable to and paid by the owners of such property and may be collected by the locality as taxes are collected;

2. Trash, garbage, refuse, litter and other debris shall be disposed of in personally owned or privately owned receptacles that are provided for such use and for the use of the persons disposing of such matter or in authorized facilities provided for such purpose and in no other manner not authorized by law;

3. The owners of occupied or vacant developed or undeveloped property therein, including such property upon which buildings or other improvements are located, shall cut the grass, weeds and other foreign growth, *including running bamboo as defined in § 15.2-901.1*, on such property or any part thereof at such time or times as the governing body shall prescribe; or may, whenever the governing body deems it necessary, after reasonable notice as determined by the locality, have such grass, weeds or other foreign growth cut by its agents or employees, in which event the cost and expenses thereof shall be chargeable to and paid by the owner of such property and may be collected by the locality as taxes are collected. For purposes of this provision, one written notice per growing season to the owner of record of the subject property shall be considered reasonable notice. No such ordinance adopted by any county shall have any force and effect within the corporate limits of any town. No such ordinance adopted by any county having a density of population of less than 500 per square mile shall have any force or effect except within the boundaries of platted subdivisions or any other areas zoned for residential, business, commercial or industrial use. No such ordinance shall be applicable to land zoned for or in active farming operation.

B. Every charge authorized by this section with which the owner of any such property shall have been assessed and which remains unpaid shall constitute a lien against such property ranking on a parity with liens for unpaid local taxes and enforceable in the same manner as provided in Articles 3 (§ 58.1-3940 et seq.) and 4 (§ 58.1-3965 et seq.) of Chapter 39 of Title 58.1. A locality may waive such liens in order to facilitate the sale of the property. Such liens may be waived only as to a purchaser who is unrelated by blood or marriage to the owner and who has no business association with the owner. All such liens shall remain a personal obligation of the owner of the property at the time the liens were imposed.

C. The governing body of any locality may by ordinance provide that violations of this section shall be subject to a civil penalty, not to exceed \$50 for the first violation, or violations arising from the same set of operative facts. The civil penalty for subsequent violations not arising from the same set of operative facts within 12 months of the first violation shall not exceed \$200. Each business day during which the same violation is found to have existed shall constitute a separate offense. In no event shall a series of specified violations arising from the same set of operative facts result in civil penalties that exceed a total of \$3,000 in a 12-month period.

D. Except as provided in this subsection, adoption of an ordinance pursuant to subsection C shall be in lieu of criminal penalties and shall preclude prosecution of such violation as a misdemeanor. The governing body of any locality may, however, by ordinance provide that such violations shall be a Class 3 misdemeanor in the event three civil penalties have previously been imposed on the same defendant for the same or similar violation, not arising from the same set of operative facts, within a 24-month period. Classifying such subsequent violations as criminal offenses shall preclude the imposition of civil penalties for the same violation.

**§ 15.2-901.1. Locality may provide for control of running bamboo; civil penalty.**

A. For purposes of this section, "running bamboo" means any bamboo that is characterized by aggressive spreading behavior, including species in the genus *Phyllostachys*.

B. Any locality may, by ordinance, provide that:

1. No landowner shall allow running bamboo to grow without proper upkeep and appropriate containment measures, including barriers or trenching; and

2. No landowner shall allow running bamboo to spread from his property to any public right-of-way or adjoining property not owned by the landowner.

C. A violation of a running bamboo ordinance authorized by this section shall be subject to a civil penalty, not to exceed \$50 for the first violation or violations arising from the same set of operative facts. The civil penalty for subsequent violations not arising from the same set of operative facts within 12 months of the first violation shall not exceed \$200. Each business day during which the same violation is found to have existed shall constitute a separate offense. In no event shall a series of specified violations arising from the same set of operative facts result in civil penalties that exceed a total of \$3,000 in a 12-month period.

D. No violation of a running bamboo ordinance arising from the same set of operative facts shall be subject to a civil penalty under both (i) an ordinance adopted pursuant to this section and (ii) an ordinance adopted pursuant to § 15.2-901.

**2. That the Department of Agriculture and Consumer Services and the Department of Conservation and Recreation shall, by July 1, 2018, together develop a model running bamboo ordinance for use by localities based on § 15.2-901.1 of the Code of Virginia, as created by this act.**

**3. **4. That the Department of Agriculture and Consumer Services and the Department of Conservation and Recreation shall examine the eligibility of the plants listed in § 15.2-902 of the Code of Virginia for designation as noxious weeds and shall so designate any such plant determined to be eligible.**

### CHAPTER 393

*An Act to amend and reenact §§ 54.1-2349, 55-79.97, and 55-79.97:1 of the Code of Virginia, relating to the Condominium Act; resale by purchaser; designation of authorized representative.*

[H 2274]

Approved March 13, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 54.1-2349, 55-79.97, and 55-79.97:1 of the Code of Virginia are amended as follows:**

**§ 54.1-2349. Powers and duties of the Board.**

A. The Board shall administer and enforce the provisions of this chapter. In addition to the provisions of §§ 54.1-201 and 54.1-202, the Board shall:

1. Promulgate regulations necessary to carry out the requirements of this chapter in accordance with the provisions of the Administrative Process Act (§ 2.2-4000 et seq.) to include but not be limited to the prescription of fees, procedures, and qualifications for the issuance and renewal of common interest community manager licenses. The Board shall annually assess each common interest community manager an amount equal to the lesser of (i) \$1,000, or such other amount as the Board may establish by regulation, or (ii) five hundredths of one percent (0.05%) of the gross receipts from common interest community management during the preceding year. For the purposes of clause (ii), no minimum payment shall be less than \$10. The annual payment shall be remitted to the State Treasurer and shall be placed to the credit of the Common Interest Community Management Fund established pursuant to § 55-529;

2. Establish criteria for the licensure of common interest community managers to ensure the appropriate training and educational credentials for the provision of management services to common interest communities. Such criteria may include experiential requirements and shall include designation as an Accredited Association Management Company by the Community Associations Institute. As an additional alternative to such designation, the Board shall have authority, by regulation, to include one of the following: (i) successful completion of another Board-approved training program and certifying examination, or (ii) successful completion of a Virginia testing program to determine the quality of the training and educational credentials for and competence of common interest community managers;

3. Establish criteria for the certification of the employees of common interest community managers who have principal responsibility for management services provided to a common interest community or who have supervisory responsibility for employees who participate directly in the provision of management services to a common interest community to ensure the person possesses the character and minimum skills to engage properly in the provision of management services to a common interest community. Such criteria shall include designation as a Certified Manager of Community Associations by the National Board of Certification for Community Association Managers, designation as an Association Management Specialist by the Community Associations Institute, or designation as a Professional Community Association Manager by the Community Associations Institute. As an additional alternative to such designations, the Board shall have authority, by regulation, to include one of the following: (i) successful completion of another Board-approved training program as developed by the Virginia Association of Realtors or other organization, and certifying examination, or (ii) successful completion of a Virginia testing program to determine the quality of the training and educational credentials for and competence of the employees of common interest community managers who participate directly in the provision of management services to a common interest community. The fee paid to the Board for the issuance of such certificate shall be paid to the Common Interest Community Management Information Fund established pursuant to § 55-529;

4. Approve the criteria for accredited common interest community manager training programs;

5. Approve accredited common interest community manager training programs;

6. Establish, by regulation, standards of conduct for common interest community managers and for employees of common interest community managers certified in accordance with the provisions of this chapter;

7. Establish, by regulation, an education-based certification program for persons who are involved in the business or activity of providing management services for compensation to common interest communities. The Board shall have the authority to approve training courses and instructors in furtherance of the provisions of this chapter; and

8. Develop and publish best practices for the content of declarations consistent with the requirements of the Property Owners' Association Act (§ 55-508 et seq.).

B. 1. The Board shall have the sole responsibility for the administration of this chapter and for the promulgation of regulations to carry out the requirements thereof.

2. The Board shall also be responsible for the enforcement of this chapter, provided that the Real Estate Board shall have the sole responsibility for the enforcement of this chapter with respect to a real estate broker, real estate salesperson, or real estate brokerage firm licensed in accordance with Chapter 21 (§ 54.1-2100 et seq.) who is also licensed as a common interest community manager.

3. For purposes of enforcement of this chapter or Chapter 4.2 (§ 55-79.39 et seq.), 21 (§ 55-360 et seq.), 24 (§ 55-424 et seq.), or 26 (§ 55-508 et seq.) of Title 55, any requirement for the conduct of a hearing shall be satisfied by an informal fact-finding proceeding convened and conducted pursuant to § 2.2-4019 of the Administrative Process Act (§ 2.2-4000 et seq.).

C. The Board is authorized to obtain criminal history record information from any state or federal law-enforcement agency relating to an applicant for licensure or certification. Any information so obtained is for the exclusive use of the Board and shall not be released to any other person or agency except in furtherance of the investigation of the applicant or with the authorization of the applicant or upon court order.

*D. Notwithstanding the provisions of subsection E of § 55-530, the Board may receive a complaint directly from any person aggrieved by an association's failure to deliver a resale certificate or disclosure packet within the time period required under § 55-79.97, 55-79.97:1, 55-484, 55-509.5, 55-509.6, or 55-509.7.*

**§ 55-79.97. Resale by purchaser; resale certificate; use of for sale sign in connection with resale; designation of authorized representative.**

A. In the event of any resale of a condominium unit by a unit owner other than the declarant, and subject to the provisions of subsection F and § 55-79.87 A, the unit owner shall disclose in the contract that (i) the unit is located within a development which is subject to the Condominium Act, (ii) the Act requires the seller to obtain from the unit owners' association a resale certificate and provide it to the purchaser, (iii) the purchaser may cancel the contract within three days after receiving the resale certificate or being notified that the resale certificate will not be available, (iv) if the purchaser has received the resale certificate, the purchaser has a right to request a resale certificate update or financial update in accordance with § 55-79.97:1, as appropriate, and (v) the right to receive the resale certificate and the right to cancel the contract are waived conclusively if not exercised before settlement.

For purposes of clause (iii), the resale certificate shall be deemed not to be available if (a) a current annual report has not been filed by the unit owners' association with either the State Corporation Commission pursuant to § 13.1-936 or the Common Interest Community Board pursuant to § 55-79.93:1, (b) the seller has made a written request to the unit owners' association that the resale certificate be provided and no such resale certificate has been received within 14 days in accordance with subsection C, or (c) written notice has been provided by the unit owners' association that a resale certificate is not available.

B. If the contract does not contain the disclosure required by subsection A, the purchaser's sole remedy is to cancel the contract prior to settlement.

C. The information contained in the resale certificate shall be current as of a date specified on the resale certificate. A resale certificate update or a financial update may be requested as provided in § 55-79.97:1, as appropriate. The purchaser may cancel the contract (i) within three days after the date of the contract, if the purchaser receives the resale certificate or is notified that the resale certificate will not be available on or before the date that the purchaser signs the contract; (ii) within three days after receiving the resale certificate if the resale certificate or notice that the resale certificate will not be available is hand delivered, delivered by electronic means, or delivered by a commercial overnight delivery service or the United States Postal Service, and a receipt obtained; or (iii) within six days after the postmark date if the resale certificate or notice that the resale certificate will not be available is sent to the purchaser by United States mail. *The purchaser may also cancel the contract at any time prior to settlement if the purchaser has not been notified that the resale certificate will not be available and the resale certificate is not delivered to the purchaser.*

Notice of cancellation shall be provided to the unit owner or his agent by one of the following methods:

- a. Hand delivery;
- b. United States mail, postage prepaid, provided the sender retains sufficient proof of mailing, which may be either a United States postal certificate of mailing or a certificate of service prepared by the sender confirming such mailing;
- c. Electronic means provided the sender retains sufficient proof of the electronic delivery, which may be an electronic receipt of delivery, a confirmation that the notice was sent by facsimile, or a certificate of service prepared by the sender confirming the electronic delivery; or
- d. Overnight delivery using a commercial service or the United States Postal Service.

In the event of a dispute, the sender shall have the burden to demonstrate delivery of the notice of cancellation. Such cancellation shall be without penalty, and the unit owner shall cause any deposit to be returned promptly to the purchaser.

A resale certificate shall include the following:

1. An appropriate statement pursuant to subsection H of § 55-79.84 which need not be notarized and, if applicable, an appropriate statement pursuant to § 55-79.85;
2. A statement of any expenditure of funds approved by the unit owners' association or the executive organ which shall require an assessment in addition to the regular assessment during the current or the immediately succeeding fiscal year;

3. A statement, including the amount, of all assessments and any other fees or charges currently imposed by the unit owners' association, together with any known post-closing fee charged by the common interest community manager, if any, and associated with the purchase, disposition and maintenance of the condominium unit and the use of the common elements, and the status of the account;

4. A statement whether there is any other entity or facility to which the unit owner may be liable for fees or other charges;

5. The current reserve study report or a summary thereof, a statement of the status and amount of any reserve or replacement fund and any portion of the fund designated for any specified project by the executive organ;

6. A copy of the unit owners' association's current budget or a summary thereof prepared by the unit owners' association and a copy of the statement of its financial position (balance sheet) for the last fiscal year for which a statement is available, including a statement of the balance due of any outstanding loans of the unit owners' association;

7. A statement of the nature and status of any pending suits or unpaid judgments to which the unit owners' association is a party which either could or would have a material impact on the unit owners' association or the unit owners or which relates to the unit being purchased;

8. A statement setting forth what insurance coverage is provided for all unit owners by the unit owners' association, including the fidelity bond maintained by the unit owners' association, and what additional insurance coverage would normally be secured by each individual unit owner;

9. A statement that any improvements or alterations made to the unit, or the limited common elements assigned thereto, are or are not in violation of the condominium instruments;

10. A copy of the current bylaws, rules and regulations and architectural guidelines adopted by the unit owners' association and the amendments thereto;

11. A statement of whether the condominium or any portion thereof is located within a development subject to the Property Owners' Association Act (§ 55-508 et seq.) of Chapter 26 of this title;

12. A copy of the notice given to the unit owner by the unit owners' association of any current or pending rule or architectural violation;

13. A copy of any approved minutes of the executive organ and unit owners' association meetings for the six calendar months preceding the request for the resale certificate;

14. Certification that the unit owners' association has filed with the Common Interest Community Board the annual report required by § 55-79.93:1; which certification shall indicate the filing number assigned by the Common Interest Community Board and the expiration date of such filing;

15. A statement of any limitation on the number of persons who may occupy a unit as a dwelling;

16. A statement setting forth any restrictions, limitation or prohibition on the right of a unit owner to display the flag of the United States, including, but not limited to reasonable restrictions as to the size, time, place, and manner of placement or display of such flag;

17. A statement setting forth any restriction, limitation, or prohibition on the right of a unit owner to install or use solar energy collection devices on the unit owner's property; and

18. A statement indicating any known project approvals currently in effect issued by secondary mortgage market agencies.

Failure to receive a resale certificate shall not excuse any failure to comply with the provisions of the condominium instruments, articles of incorporation, or rules or regulations.

The resale certificate shall be delivered in accordance with the written request and instructions of the seller or the seller's authorized agent, including whether the resale certificate shall be delivered electronically or in hard copy, at the option of the seller or the seller's authorized agent, and shall specify the complete contact information for the parties to whom the resale certificate shall be delivered. The resale certificate shall be delivered within 14 days of receipt of such request. The resale certificate shall not, in and of itself, be deemed a security within the meaning of § 13.1-501.

D. The seller or the seller's authorized agent may request that the resale certificate be provided in hard copy or in electronic form. A unit owners' association or common interest community manager may provide the resale certificate electronically; however, the seller or the seller's authorized agent shall have the right to request that the resale certificate be provided in hard copy. The seller or the seller's authorized agent shall continue to have the right to request a hard copy of the resale certificate in person at the principal place of business of the unit owners' association. If the seller or the seller's authorized agent requests that the resale certificate be provided in electronic format, neither the unit owners' association nor its common interest community manager may require the seller or the seller's authorized agent to pay any fees to use the provider's electronic network or system. The resale certificate shall not be delivered in hard copy if the requester has requested delivery of such resale certificate electronically. If the resale certificate is provided electronically by a website link, the preparer shall not cause the website link to expire within the subsequent 90-day period. The preparer shall not charge another fee during the subsequent 12-month period, except that the preparer may charge an update fee for a financial update or for an inspection as provided in § 55-79.97:1. If the seller or the seller's authorized agent asks that the resale certificate be provided in electronic format, the seller or the seller's authorized agent may request that an electronic copy be provided to each of the following named in the request: the seller, the seller's authorized agent, the purchaser, the purchaser's authorized agent, and not more than one other person designated by the requester. If so requested, the unit owners' association or its common interest community manager may require the seller or the seller's authorized agent to pay

the fee specified in § 55-79.97:1. Regardless of whether the resale certificate is delivered in paper form or electronically, the preparer of the resale certificate shall provide such resale certificate directly to the persons designated by the requester to the addresses or, if applicable, the email addresses provided by the requester.

E. Subject to the provisions of § 55-79.87, but notwithstanding any other provisions of this chapter, the provisions and requirements of this section shall apply to any such resale of a condominium unit created under the provisions of the Horizontal Property Act (§ 55-79.1 et seq.).

F. The resale certificate required by this section need not be provided in the case of:

1. A disposition of a unit by gift;
2. A disposition of a unit pursuant to court order if the court so directs;
3. A disposition of a unit by foreclosure or deed in lieu of foreclosure; or
4. A disposition of a unit by a sale at auction, when the resale certificate was made available as part of the auction package for prospective purchasers prior to the auction.

G. In any transaction in which a resale certificate is required and a trustee acts as the seller in the sale or resale of a unit, the trustee shall obtain the resale certificate from the unit owners' association and provide the resale certificate to the purchaser.

H. For purposes of this chapter:

"Delivery" means that the resale certificate is delivered to the purchaser or purchaser's authorized agent by one of the methods specified in this section.

"Purchaser's authorized agent" means any person designated by such purchaser in a ratified real estate contract for purchase and sale of residential real property or other writing designating such agent.

"Receives, received, or receiving" the resale certificate means that the purchaser or purchaser's authorized agent has received the resale certificate by one of the methods specified in this section.

"Seller's authorized agent" means a person designated by such seller in a ratified real estate contract for purchase and sale of residential real property or other writing designating such agent.

I. Unless otherwise provided in the ratified real estate contract or other writing, delivery to the purchaser's authorized agent shall require delivery to such agent and not to a person other than such agent. Delivery of the resale certificate may be made by the unit owner or the seller's authorized agent.

J. If the unit is governed by more than one association, the purchaser's right of cancellation may be exercised within the required time frames following delivery of the last resale certificate or disclosure packet.

*K. Except as expressly authorized in this chapter or in the condominium instruments or as otherwise provided by law, no unit owners' association shall:*

*1. Require the use of any for sale sign that is (i) a unit owners' association sign or (ii) a real estate sign that does not comply with the requirements of the Virginia Real Estate Board. A unit owners' association may, however, prohibit the placement of signs in the common elements and establish reasonable rules and regulations that regulate (a) the number of real estate signs to be located on real property upon which the owner has a separate ownership interest or a right of exclusive possession, so long as at least one real estate sign is permitted; (b) the geographical location of real estate signs on real property in which the owner has a separate ownership interest or a right of exclusive possession, so long as the location of the real estate signs complies with the requirements of the Virginia Real Estate Board; (c) the manner in which real estate signs are affixed to real property; and (d) the period of time after settlement when the real estate signs on such real property shall be removed; or*

*2. Require any unit owner to execute a formal power of attorney if the unit owner designates a person licensed under the provisions of § 54.1-2106.1 as the unit owner's authorized representative, and the unit owners' association shall recognize such representation without a formal power of attorney, provided that the unit owners' association is given a written authorization signed by the unit owner designating such representative. Notwithstanding the foregoing, the requirements of § 55-79.77 and the condominium instruments shall be satisfied before any such representative may exercise a vote on behalf of a unit owner as a proxy.*

**§ 55-79.97:1. Fees for resale certificate.**

A. The unit owners' association may charge fees as authorized by this section for the inspection of the property, the preparation and issuance of the resale certificate required by § 55-79.97, and for such other services as are set out in this section. Nothing in this chapter shall be construed to authorize the unit owners' association or common interest community manager to charge an inspection fee for a unit except as provided in this section.

B. A reasonable fee may be charged by the preparer of the resale certificate as follows for:

1. The inspection of the unit, as authorized in the declaration and as required to prepare the resale certificate, a fee not to exceed \$100;

2. The preparation and delivery of the resale certificate in (i) paper format, a fee not to exceed \$150 for no more than two hard copies, or (ii) electronic format, a fee not to exceed a total of \$125, for an electronic copy to each of the following named in the request: the seller, the seller's authorized agent, the purchaser, the purchaser's authorized agent, and not more than one other person designated by the requester. Only one fee shall be charged for the preparation and delivery of the resale certificate;

3. At the option of the seller or the seller's authorized agent, with the consent of the unit owners' association or the common interest community manager, expediting the inspection, preparation, and delivery of the resale certificate, an additional expedite fee not to exceed \$50;

4. At the option of the seller or the seller's authorized agent, an additional hard copy of the resale certificate, a fee not to exceed \$25 per hard copy;

5. At the option of the seller or the seller's authorized agent, a fee not to exceed an amount equal to the actual cost paid to a third-party commercial delivery service for hand delivery or overnight delivery of the resale certificate; and

6. A post-closing fee to the purchaser of the unit, collected at settlement, for the purpose of establishing the purchaser as the owner of the unit in the records of the unit owners' association, a fee not to exceed \$50.

Neither the unit owners' association nor its common interest community manager shall require cash, check, certified funds, or credit card payments at the time the request for the resale certificate is made. The resale certificate shall state that all fees and costs for the resale certificate shall be the personal obligation of the unit owner and shall be an assessment against the unit and collectible as any other assessment in accordance with the provisions of the condominium instruments and § 55-79.83, if not paid at settlement or within 60 days of the delivery of the resale certificate, whichever occurs first.

For purposes of this section, an expedite fee shall only be charged if the inspection and preparation of delivery of the resale certificate are completed within five business days of the request for a resale certificate.

C. No fees other than those specified in this section, and as limited by this section, shall be charged by the unit owners' association or its common interest community manager for compliance with the duties and responsibilities of the unit owners' association under this section. No additional fee shall be charged for access to the unit owners' association's or common interest community manager's website. The unit owners' association or its common interest community manager shall publish and make available in paper or electronic format, or both, a schedule of the applicable fees so that the seller or the seller's authorized agent will know such fees at the time of requesting the resale certificate.

D. Any fees charged pursuant to this section shall be collected at the time settlement occurs on the sale of the unit and shall be due and payable out of the settlement proceeds in accordance with this section. The seller shall be responsible for all costs associated with the preparation and delivery of the resale certificate, except for the costs of any resale certificate update or financial update, which costs shall be the responsibility of the requester, payable at settlement. The settlement agent shall escrow a sum sufficient to pay such costs at settlement. Neither the unit owners' association nor its common interest community manager shall require cash, check, certified funds, or credit card payments at the time the request is made for the resale certificate.

E. If settlement does not occur within 60 days of the delivery of the resale certificate, or funds are not collected at settlement and disbursed to the unit owners' association or the common interest community manager, all fees, including those costs that would have otherwise been the responsibility of the purchaser or settlement agent, shall be (i) assessed within one year after delivery of the resale certificate against the unit owner, (ii) the personal obligation of the unit owner, and (iii) an assessment against the unit and collectible as any other assessment in accordance with the provisions of the condominium instruments and § 55-79.83. The seller may pay the unit owners' association by cash, check, certified funds, or credit card, if credit card payment is an option offered by the unit owners' association. The unit owners' association shall pay the common interest community manager the amount due from the unit owner within 30 days after invoice.

F. The maximum allowable fees charged in accordance with this section shall adjust every five years, as of January 1 of that year, in an amount equal to the annual increases for that five-year period in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the U.S. Department of Labor.

G. If a resale certificate has been issued within the preceding 12-month period, a person specified in the written instructions of the seller or the seller's authorized agent, including the seller or the seller's authorized agent or the purchaser or the purchaser's authorized agent, may request a resale certificate update. The requester shall specify whether the resale certificate update shall be delivered electronically or in hard copy and shall specify the complete contact information of the parties to whom the update shall be delivered. The resale certificate update shall be delivered within 10 days of the written request.

H. The settlement agent may request a financial update. The requester shall specify whether the financial update shall be delivered electronically or in hard copy and shall specify the complete contact information of the parties to whom the update shall be delivered. The financial update shall be delivered within three business days of the written request.

I. A reasonable fee for the resale certificate update or financial update may be charged by the preparer, not to exceed \$50. At the option of the purchaser or the purchaser's authorized agent, the requester may request that the unit owners' association or the common interest community manager perform an additional inspection of the unit, as authorized in the declaration, for a fee not to exceed \$100. Any fees charged for the specified update shall be collected at the time settlement occurs on the sale of the property. The settlement agent shall escrow a sum sufficient to pay such costs at settlement. Neither the unit owners' association nor its common interest community manager, if any, shall require cash, check, certified funds, or credit card payments at the time the request is made for the resale certificate update. The requester may request that the specified update be provided in hard copy or in electronic form.

J. No unit owners' association or common interest community manager may require the requester to request the specified update electronically. The seller or the seller's authorized agent shall continue to have the right to request a hard copy of the specified update in person at the principal place of business of the unit owners' association. If the requester asks

that the specified update be provided in electronic format, neither the unit owners' association nor its common interest community manager may require the requester to pay any fees to use the provider's electronic network or system. A copy of the specified update shall be provided to the seller or the seller's authorized agent.

K. When a resale certificate has been delivered as required by § 55-79.97, the unit owners' association shall, as to the purchaser, be bound by the statements set forth therein as to the status of the assessment account and the status of the unit with respect to any violation of the condominium instruments as of the date of the statement unless the purchaser had actual knowledge that the contents of the resale certificate were in error.

L. If the unit owners' association or its common interest community manager has been requested in writing to furnish the resale certificate required by § 55-79.97, failure to provide the resale certificate substantially in the form provided in this section shall be deemed a waiver of any claim for delinquent assessments or of any violation of the declaration, bylaws, rules and regulations, or architectural guidelines existing as of the date of the request with respect to the subject unit. The preparer of the resale certificate shall be liable to the seller in an amount equal to the actual damages sustained by the seller in an amount not to exceed \$1,000. The purchaser shall nevertheless be obligated to abide by the condominium instruments, rules and regulations, and architectural guidelines of the unit owners' association as to all matters arising after the date of the settlement of the sale.

M. *The Common Interest Community Board may assess a monetary penalty for failure to deliver the resale certificate within 14 days against any (i) unit owners' association pursuant to § 54.1-2351 or (ii) common interest community manager pursuant to § 54.1-2349 and regulations promulgated thereto, and may issue a cease and desist order pursuant to § 54.1-2349 or 54.1-2352, as applicable.*

## CHAPTER 394

*An Act to amend and reenact §§ 54.1-2108.1 and 55-225.12 of the Code of Virginia, relating to residential rental property; foreclosure sale; tenant's assertion.*

[H 2281]

Approved March 13, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 54.1-2108.1 and 55-225.12 of the Code of Virginia are amended and reenacted as follows:**

**§ 54.1-2108.1. Protection of escrow funds, etc., held by a real estate broker in the event of foreclosure of real property; required deposits.**

A. Notwithstanding any other provision of law:

1. If a licensed real estate broker or an agent of the licensee is holding escrow funds for the owner of real property and such property is foreclosed upon by a lender, the licensee or an agent of the licensee shall have the right to file an interpleader action pursuant to § 16.1-77.

2. If there is in effect at the date of the foreclosure sale, a real estate purchase contract to buy the property foreclosed upon and the real estate purchase contract provides that the earnest money deposit held in escrow by a licensee shall be paid to a party to the contract in the event of a termination of the real estate purchase contract, the foreclosure shall be deemed a termination of the real estate purchase contract and the licensee or an agent of the licensee may, absent any default on the part of the purchaser, disburse the earnest money deposit to the purchaser pursuant to such provisions of the real estate purchase contract without further consent from, or notice to, the parties.

3. If there is in effect at the date of the foreclosure sale, a tenant in a residential dwelling unit foreclosed upon and the landlord is holding a security deposit of the tenant, the landlord shall handle the security deposit in accordance with applicable law, which requires the holder of the landlord's interest in the dwelling unit at the time of termination of tenancy to return any security deposit and any accrued interest that is duly owed to the tenant, whether or not such security deposit is transferred with the landlord's interest by law or equity, and regardless of any contractual agreements between the original landlord and his successors in interest. Nothing herein shall be construed to prevent the landlord from making lawful deductions from the security deposit in accordance with applicable law.

4. *If there is in effect at the date of the foreclosure sale a tenant in a residential dwelling unit foreclosed upon pursuant to § 55-225.10, the foreclosure acts as a termination of the rental agreement by the landlord and the tenant may remain in possession of such dwelling. If rent is paid to a real estate licensee acting on behalf of the landlord as a managing agent, such property management agreement having been entered into prior to and in effect at the time of the foreclosure sale, the managing agent may collect the rent and shall place it into an escrow account by the end of the fifth business banking day following receipt.*

5. *If there is in effect at the date of the foreclosure sale a written property management agreement between the landlord and a real estate licensee licensed pursuant to the provisions of § 54.1-2106.1, the foreclosure shall convert the property management agreement into a month-to-month agreement between the successor landlord and the real estate licensee acting as a managing agent, except in the event that the terms of the original property management agreement between the landlord and the real estate licensee acting as a managing agent require an earlier termination date. Unless altered by the parties, the terms of the original property management agreement that existed between the landlord and the real estate licensee acting as a managing agent shall govern the agreement between the successor landlord and the real estate licensee*

*acting as a managing agent. The property management agreement may be terminated by either party upon provision of written notice to the other party at least 30 days prior to the intended termination date. Any funds received or held by the real estate licensee acting as a managing agent shall be disbursed only in accordance with the terms of the property management agreement or as otherwise provided by law.*

B. Notwithstanding any other provision of law:

1. Any prepaid rent paid more than one month prior to the rent due date to a real estate licensee acting on behalf of a landlord client in connection with the lease shall be placed in an escrow account by the end of the fifth business banking day following receipt, unless otherwise agreed to in writing by the principals to a lease transaction. Any rent paid less than one month prior to the rent due date shall be current rent and may be deposited into an operating account of the real estate licensee.

2. Any security deposits paid to a real estate licensee acting on behalf of a landlord client in connection with the lease shall be placed in an escrow account by the end of the fifth business banking day following receipt, unless otherwise agreed to in writing by the principals to a lease transaction.

3. Any application deposit as defined by § 55-248.4 paid by a prospective tenant for the purpose of being considered as a tenant for a dwelling unit to a real estate licensee acting on behalf of a landlord client shall be placed in escrow by the end of the fifth business banking day following approval of the rental application by the landlord, unless otherwise agreed to in writing by the principals to a lease transaction.

4. Such funds shall remain in an escrow account until disbursed in accordance with the terms of the lease, the property management agreement, or the applicable statutory provisions, as applicable.

5. *Except in the event of foreclosure, if a real estate licensee acting on behalf of a landlord client as a managing agent elects to terminate the property management agreement, the licensee may transfer any funds held in escrow by the licensee on behalf of the landlord client to the landlord client without his consent, provided that the real estate licensee provides written notice to each tenant that the funds have been so transferred. In the event of foreclosure, a real estate licensee shall not transfer any funds to a landlord client whose property has been foreclosed upon.*

6. *A real estate licensee acting on behalf of a landlord client as a managing agent who complies with the provisions of this section shall have immunity from any liability for such compliance, in the absence of gross negligence or intentional misconduct.*

**§ 55-225.12. Tenant's assertion; rent escrow; dwelling units.**

A. The tenant may assert that there exists upon the dwelling unit, a condition or conditions which constitute a material noncompliance by the landlord with the rental agreement or with provisions of law, or which if not promptly corrected, will constitute a fire hazard or serious threat to the life, health or safety of occupants thereof, including but not limited to, a lack of heat or hot or cold running water, except if the tenant is responsible for payment of the utility charge and where the lack of such heat or hot or cold running water is the direct result of the tenant's failure to pay the utility charge; or a lack of light, electricity or adequate sewage disposal facilities; or an infestation of rodents; or the existence of paint containing lead pigment on surfaces within the dwelling, provided that the landlord has notice of such paint. The tenant may file such an assertion in a general district court wherein the dwelling unit is located by a declaration setting forth such assertion and asking for one or more forms of relief as provided for in subsection D. *A tenant residing in a dwelling unit that has been foreclosed upon shall be eligible to file an assertion pursuant to this section.*

B. Prior to the granting of any relief, the tenant shall show to the satisfaction of the court that:

1. Prior to the commencement of the action the landlord was served a written notice by the tenant of the conditions described in subsection A, or was notified of such conditions by a violation or condemnation notice from an appropriate state or municipal agency, and that the landlord has refused, or having a reasonable opportunity to do so, has failed to remedy the same. For the purposes of this subsection, what period of time shall be deemed to be unreasonable delay is left to the discretion of the court except that there shall be a rebuttable presumption that a period in excess of 30 days from receipt of the notification by the landlord is unreasonable; and

2. The tenant has paid into court the amount of rent called for under the rental agreement, within five days of the date due thereunder, unless or until such amount is modified by subsequent order of the court under this chapter.

C. It shall be sufficient answer or rejoinder to a declaration pursuant to subsection A if the landlord establishes to the satisfaction of the court that the conditions alleged by the tenant do not in fact exist, or such conditions have been removed or remedied, or such conditions have been caused by the tenant or members of his family or his or their invitees or licensees, or the tenant has unreasonably refused entry to the landlord to the dwelling unit for the purpose of correcting such conditions.

D. Any court shall make findings of fact on the issues before it and shall issue any order that may be required. Such an order may include, but is not limited to, any one or more of the following:

1. Terminating the rental agreement upon the request of the tenant or ordering the dwelling unit surrendered to the landlord if the landlord prevails on a request for possession pursuant to an unlawful detainer properly filed with the court;

2. Ordering all moneys already accumulated in escrow disbursed to the landlord or to the tenant in accordance with this chapter, *or to the successor landlord or the successor landlord's managing agent in accordance with § 54.1-2108.1;*

3. Ordering that the escrow be continued until the conditions causing the complaint are remedied;

4. Ordering that the amount of rent, whether paid into the escrow account or paid to the landlord, be abated as determined by the court in such an amount as may be equitable to represent the existence of the condition or conditions

found by the court to exist. In all cases where the court deems that the tenant is entitled to relief under this chapter, the burden shall be upon the landlord to show cause why there should not be an abatement of rent;

5. Ordering any amount of moneys accumulated in escrow disbursed to the tenant where the landlord refuses to make repairs after a reasonable time or to the landlord or to a contractor chosen by the landlord in order to make repairs or to otherwise remedy the condition. In either case, the court shall in its order insure that moneys thus disbursed will be in fact used for the purpose of making repairs or effecting a remedy;

6. Referring any matter before the court to the proper state or municipal agency for investigation and report and granting a continuance of the action or complaint pending receipt of such investigation and report. When such a continuance is granted, the tenant shall deposit with the court rent payments within five days of the date due under the rental agreement, subject to any abatement under this section, which become due during the period of the continuance, to be held by the court pending its further order;

7. In the court's discretion, ordering escrow funds disbursed to pay a mortgage on the property upon which the dwelling unit is located in order to stay a foreclosure; or

8. In the court's discretion, ordering escrow funds disbursed to pay a creditor to prevent or satisfy a bill to enforce a mechanic's or materialman's lien.

Notwithstanding any provision of this subsection, where an escrow account is established by the court and the condition or conditions are not fully remedied within six months of the establishment of such account, and the landlord has not made reasonable attempts to remedy the condition, the court shall award all moneys accumulated in escrow to the tenant. In such event, the escrow shall not be terminated, but shall begin upon a new six-month period with the same result if, at the end thereof, the condition or conditions have not been remedied.

E. The initial hearing on the tenant's assertion filed pursuant to subsection A shall be held within 15 calendar days from the date of service of process on the landlord, except that the court shall order an earlier hearing where emergency conditions are alleged to exist upon the premises, such as failure of heat in winter, lack of adequate sewage facilities or any other condition which constitutes an immediate threat to the health or safety of the inhabitants of the dwelling unit. The court, on motion of either party or on its own motion, may hold hearings subsequent to the initial proceeding in order to further determine the rights and obligations of the parties. Distribution of escrow moneys may only occur by order of the court after a hearing of which both parties are given notice as required by law or upon motion of both the landlord and tenant or upon certification by the appropriate inspector that the work required by the court to be done has been satisfactorily completed.

B. The court, through its contempt powers, may compel the owner, custodian, or harbinger of the animal to produce the animal. While so confined within the structure, the animal shall be provided for according to § 3.2-6503. When off its owner's property, an animal found to be a dangerous dog shall be kept on a leash and muzzled in such a manner as not to cause injury to the animal or interfere with the animal's vision or respiration, but so as to prevent it from biting a person or another animal.

Any owner of a dangerous dog who relocates to a new address shall, within 10 days of relocating, provide written notice to the appropriate local animal control authority for the old address from which the animal has moved and the new address to which the animal has been moved.

~~J. L.~~ Any owner or custodian of a canine or canine crossbreed or other animal is guilty of a:

The provisions of this subsection shall not apply to any animal that, at the time of the acts complained of, was responding to pain or injury, or was protecting itself, its kennel, its offspring, a person, or its owner's or custodian's property, or when the animal is a police dog that is engaged in the performance of its duties at the time of the attack.

~~K. M.~~ The owner of any animal that has been found to be a dangerous dog who willfully fails to comply with the requirements of this section is guilty of a Class 1 misdemeanor.

Whenever an owner or custodian of an animal found to be a dangerous dog is charged with a violation of this section, the animal control officer shall confine the dangerous dog until such time as evidence shall be heard and a verdict rendered. Upon conviction, the court may (i) order the dangerous dog to be disposed of by a local governing body pursuant to § 3.2-6562 or (ii) grant the owner up to ~~45~~ 30 days to comply with the requirements of this section, during which time the dangerous dog shall remain in the custody of the animal control officer until compliance has been verified. If the owner fails to achieve compliance within the time specified by the court, the court shall order the dangerous dog to be disposed of by a local governing body pursuant to § 3.2-6562. The court, in its discretion, may order the owner to pay all reasonable expenses incurred in caring and providing for such dangerous dog from the time the animal is taken into custody until such time that the animal is disposed of or returned to the owner.

~~L. N.~~ All fees collected pursuant to this section, less the costs incurred by the animal control authority in producing and distributing the certificates and tags required by this section and fees due to the State Veterinarian for maintenance of the Virginia Dangerous Dog Registry, shall be paid into a special dedicated fund in the treasury of the locality for the purpose of paying the expenses of any training course required under § 3.2-6556.

### CHAPTER 398

*An Act to amend and reenact § 15.2-2286 of the Code of Virginia, relating to zoning; delinquent charges.*

[H 2469]

Approved March 13, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 15.2-2286 of the Code of Virginia is amended and reenacted as follows:**

**§ 15.2-2286. Permitted provisions in zoning ordinances; amendments; applicant to pay delinquent taxes; penalties.**

A. A zoning ordinance may include, among other things, reasonable regulations and provisions as to any or all of the following matters:

1. For variances or special exceptions, as defined in § 15.2-2201, to the general regulations in any district.
2. For the temporary application of the ordinance to any property coming into the territorial jurisdiction of the governing body by annexation or otherwise, subsequent to the adoption of the zoning ordinance, and pending the orderly amendment of the ordinance.
3. For the granting of special exceptions under suitable regulations and safeguards; notwithstanding any other provisions of this article, the governing body of any locality may reserve unto itself the right to issue such special exceptions. Conditions imposed in connection with residential special use permits, wherein the applicant proposes affordable housing, shall be consistent with the objective of providing affordable housing. When imposing conditions on residential projects specifying materials and methods of construction or specific design features, the approving body shall consider the impact of the conditions upon the affordability of housing.

The governing body or the board of zoning appeals of the City of Norfolk may impose a condition upon any special exception relating to retail alcoholic beverage control licensees which provides that such special exception will automatically expire upon a change of ownership of the property, a change in possession, a change in the operation or management of a facility or upon the passage of a specific period of time.

The governing body of the City of Richmond may impose a condition upon any special use permit issued after July 1, 2000, relating to retail alcoholic beverage licensees which provides that such special use permit shall be subject to an automatic review by the governing body upon a change in possession, a change in the owner of the business, or a transfer of majority control of the business entity. Upon review by the governing body, it may either amend or revoke the special use permit after notice and a public hearing as required by § 15.2-2206.

4. For the administration and enforcement of the ordinance including the appointment or designation of a zoning administrator who may also hold another office in the locality. The zoning administrator shall have all necessary authority on behalf of the governing body to administer and enforce the zoning ordinance. His authority shall include (i) ordering in writing the remedying of any condition found in violation of the ordinance; (ii) insuring compliance with the ordinance, bringing legal action, including injunction, abatement, or other appropriate action or proceeding subject to appeal pursuant to § 15.2-2311; and (iii) in specific cases, making findings of fact and, with concurrence of the attorney for the governing body, conclusions of law regarding determinations of rights accruing under § 15.2-2307 or subsection C of § 15.2-2311.

Whenever the zoning administrator has reasonable cause to believe that any person has engaged in or is engaging in any violation of a zoning ordinance that limits occupancy in a residential dwelling unit, which is subject to a civil penalty that may be imposed in accordance with the provisions of § 15.2-2209, and the zoning administrator, after a good faith effort to obtain the data or information necessary to determine whether a violation has occurred, has been unable to obtain

such information, he may request that the attorney for the locality petition the judge of the general district court for his jurisdiction for a subpoena duces tecum against any such person refusing to produce such data or information. The judge of the court, upon good cause shown, may cause the subpoena to be issued. Any person failing to comply with such subpoena shall be subject to punishment for contempt by the court issuing the subpoena. Any person so subpoenaed may apply to the judge who issued the subpoena to quash it.

Notwithstanding the provisions of § 15.2-2311, a zoning ordinance may prescribe an appeal period of less than 30 days, but not less than 10 days, for a notice of violation involving temporary or seasonal commercial uses, parking of commercial trucks in residential zoning districts, maximum occupancy limitations of a residential dwelling unit, or similar short-term, recurring violations.

Where provided by ordinance, the zoning administrator may be authorized to grant a modification from any provision contained in the zoning ordinance with respect to physical requirements on a lot or parcel of land, including but not limited to size, height, location or features of or related to any building, structure, or improvements, if the administrator finds in writing that: (i) the strict application of the ordinance would produce undue hardship; (ii) such hardship is not shared generally by other properties in the same zoning district and the same vicinity; and (iii) the authorization of the modification will not be of substantial detriment to adjacent property and the character of the zoning district will not be changed by the granting of the modification. Prior to the granting of a modification, the zoning administrator shall give, or require the applicant to give, all adjoining property owners written notice of the request for modification, and an opportunity to respond to the request within 21 days of the date of the notice. The zoning administrator shall make a decision on the application for modification and issue a written decision with a copy provided to the applicant and any adjoining landowner who responded in writing to the notice sent pursuant to this paragraph. The decision of the zoning administrator shall constitute a decision within the purview of § 15.2-2311, and may be appealed to the board of zoning appeals as provided by that section. Decisions of the board of zoning appeals may be appealed to the circuit court as provided by § 15.2-2314.

The zoning administrator shall respond within 90 days of a request for a decision or determination on zoning matters within the scope of his authority unless the requester has agreed to a longer period.

5. For the imposition of penalties upon conviction of any violation of the zoning ordinance. Any such violation shall be a misdemeanor punishable by a fine of not less than \$10 nor more than \$1,000. If the violation is uncorrected at the time of the conviction, the court shall order the violator to abate or remedy the violation in compliance with the zoning ordinance, within a time period established by the court. Failure to remove or abate a zoning violation within the specified time period shall constitute a separate misdemeanor offense punishable by a fine of not less than \$10 nor more than \$1,000, and any such failure during any succeeding 10-day period shall constitute a separate misdemeanor offense for each 10-day period punishable by a fine of not less than \$100 nor more than \$1,500.

However, any conviction resulting from a violation of provisions regulating the number of unrelated persons in single-family residential dwellings shall be punishable by a fine of up to \$2,000. Failure to abate the violation within the specified time period shall be punishable by a fine of up to \$5,000, and any such failure during any succeeding 10-day period shall constitute a separate misdemeanor offense for each 10-day period punishable by a fine of up to \$7,500. However, no such fine shall accrue against an owner or managing agent of a single-family residential dwelling unit during the pendency of any legal action commenced by such owner or managing agent of such dwelling unit against a tenant to eliminate an overcrowding condition in accordance with Chapter 13 or Chapter 13.2 of Title 55, as applicable. A conviction resulting from a violation of provisions regulating the number of unrelated persons in single-family residential dwellings shall not be punishable by a jail term.

6. For the collection of fees to cover the cost of making inspections, issuing permits, advertising of notices and other expenses incident to the administration of a zoning ordinance or to the filing or processing of any appeal or amendment thereto.

7. For the amendment of the regulations or district maps from time to time, or for their repeal. Whenever the public necessity, convenience, general welfare, or good zoning practice requires, the governing body may by ordinance amend, supplement, or change the regulations, district boundaries, or classifications of property. Any such amendment may be initiated (i) by resolution of the governing body; (ii) by motion of the local planning commission; or (iii) by petition of the owner, contract purchaser with the owner's written consent, or the owner's agent therefor, of the property which is the subject of the proposed zoning map amendment, addressed to the governing body or the local planning commission, who shall forward such petition to the governing body; however, the ordinance may provide for the consideration of proposed amendments only at specified intervals of time, and may further provide that substantially the same petition will not be reconsidered within a specific period, not exceeding one year. Any such resolution or motion by such governing body or commission proposing the rezoning shall state the above public purposes therefor.

In any county having adopted such zoning ordinance, all motions, resolutions or petitions for amendment to the zoning ordinance, and/or map shall be acted upon and a decision made within such reasonable time as may be necessary which shall not exceed 12 months unless the applicant requests or consents to action beyond such period or unless the applicant withdraws his motion, resolution or petition for amendment to the zoning ordinance or map, or both. In the event of and upon such withdrawal, processing of the motion, resolution or petition shall cease without further action as otherwise would be required by this subdivision.

8. For the submission and approval of a plan of development prior to the issuance of building permits to assure compliance with regulations contained in such zoning ordinance.

9. For areas and districts designated for mixed use developments or planned unit developments as defined in § 15.2-2201.

10. For the administration of incentive zoning as defined in § 15.2-2201.

11. For provisions allowing the locality to enter into a voluntary agreement with a landowner that would result in the downzoning of the landowner's undeveloped or underdeveloped property in exchange for a tax credit equal to the amount of excess real estate taxes that the landowner has paid due to the higher zoning classification. The locality may establish reasonable guidelines for determining the amount of excess real estate tax collected and the method and duration for applying the tax credit. For purposes of this section, "downzoning" means a zoning action by a locality that results in a reduction in a formerly permitted land use intensity or density.

12. Provisions for requiring and considering Phase I environmental site assessments based on the anticipated use of the property proposed for the subdivision or development that meet generally accepted national standards for such assessments, such as those developed by the American Society for Testing and Materials, and Phase II environmental site assessments, that also meet accepted national standards, such as, but not limited to, those developed by the American Society for Testing and Materials, if the locality deems such to be reasonably necessary, based on findings in the Phase I assessment, and in accordance with regulations of the United States Environmental Protection Agency and the American Society for Testing and Materials. A reasonable fee may be charged for the review of such environmental assessments. Such fees shall not exceed an amount commensurate with the services rendered, taking into consideration the time, skill, and administrative expense involved in such review.

13. Provisions for requiring disclosure and remediation of contamination and other adverse environmental conditions of the property prior to approval of subdivision and development plans.

14. For the enforcement of provisions of the zoning ordinance that regulate the number of persons permitted to occupy a single-family residential dwelling unit, provided such enforcement is in compliance with applicable local, state and federal fair housing laws.

15. For the issuance of inspection warrants by a magistrate or court of competent jurisdiction. The zoning administrator or his agent may make an affidavit under oath before a magistrate or court of competent jurisdiction and, if such affidavit establishes probable cause that a zoning ordinance violation has occurred, request that the magistrate or court grant the zoning administrator or his agent an inspection warrant to enable the zoning administrator or his agent to enter the subject dwelling for the purpose of determining whether violations of the zoning ordinance exist. After issuing a warrant under this section, the magistrate or judge shall file the affidavit in the manner prescribed by § 19.2-54. After executing the warrant, the zoning administrator or his agents shall return the warrant to the clerk of the circuit court of the city or county wherein the inspection was made. The zoning administrator or his agent shall make a reasonable effort to obtain consent from the owner or tenant of the subject dwelling prior to seeking the issuance of an inspection warrant under this section.

B. Prior to the initiation of an application by the owner of the subject property, the owner's agent, or any entity in which the owner holds an ownership interest greater than 50 percent, for a special exception, special use permit, variance, rezoning or other land disturbing permit, including building permits and erosion and sediment control permits, or prior to the issuance of final approval, the authorizing body may require the applicant to produce satisfactory evidence that any delinquent real estate taxes, nuisance charges, stormwater management utility fees, and any other charges that constitute a lien on the subject property, that are owed to the locality and have been properly assessed against the subject property, have been paid, *unless otherwise authorized by the treasurer.*

*An Act to amend and reenact § 15.2-906 of the Code of Virginia, relating to removal of blight; building collapse.*

[S 919]

Approved March 13, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 15.2-906 of the Code of Virginia is amended and reenacted as follows:**

**§ 15.2-906. Authority to require removal, repair, etc., of buildings and other structures.**

Any locality may, by ordinance, provide that:

1. The owners of property therein, shall at such time or times as the governing body may prescribe, remove, repair or secure any building, wall or any other structure that might endanger the public health or safety of other residents of such locality;

2. The locality through its own agents or employees may remove, repair or secure any building, wall or any other structure that might endanger the public health or safety of other residents of such locality, if the owner and lienholder of such property, after reasonable notice and a reasonable time to do so, has failed to remove, repair, or secure the building, wall or other structure. For purposes of this section, repair may include maintenance work to the exterior of a building to prevent deterioration of the building or adjacent buildings. For purposes of this section, reasonable notice includes a written notice (i) mailed by certified or registered mail, return receipt requested, sent to the last known address of the property owner and (ii) published once a week for two successive weeks in a newspaper having general circulation in the locality. No action shall be taken by the locality to remove, repair, or secure any building, wall, or other structure for at least 30 days following the later of the return of the receipt or newspaper publication, except that the locality may take action to prevent unauthorized access to the building within seven days of such notice if the structure is deemed to pose a significant threat to public safety and such fact is stated in the notice;

3. In the event *that* the locality, through its own agents or employees, removes, repairs, or secures any building, wall, or any other structure after complying with the notice provisions of this section *or as otherwise permitted under the Virginia Uniform Statewide Building Code in the event of an emergency*, the cost or expenses thereof shall be chargeable to and paid by the owners of such property and may be collected by the locality as taxes are collected;

4. Every charge authorized by this section or § 15.2-900 with which the owner of any such property has been assessed and that remains unpaid shall constitute a lien against such property ranking on a parity with liens for unpaid local taxes and enforceable in the same manner as provided in Articles 3 (§ 58.1-3940 et seq.) and 4 (§ 58.1-3965 et seq.) of Chapter 39 of Title 58.1. A locality may waive such liens in order to facilitate the sale of the property. Such liens may be waived only as to a purchaser who is unrelated by blood or marriage to the owner and who has no business association with the owner. All such liens shall remain a personal obligation of the owner of the property at the time the liens were imposed;

5. Notwithstanding the foregoing, with the written consent of the property owner, a locality may, through its agents or employees, demolish or remove a derelict nonresidential building or structure provided that such building or structure is neither located within or determined to be a contributing property within a state or local historic district nor individually designated in the Virginia Landmarks Register. The property owner's written consent shall identify whether the property is subject to a first lien evidenced by a recorded deed of trust or mortgage and, if so, shall document the property owner's best reasonable efforts to obtain the consent of the first lienholder or the first lienholder's authorized agent. The costs of such demolition or removal shall constitute a lien against such property. In the event the consent of the first lienholder or the first lienholder's authorized agent is obtained, such lien shall rank on a parity with liens for unpaid local taxes and be enforceable in the same manner as provided in subdivision 4. In the event the consent of the first lienholder or the first lienholder's authorized agent is not obtained, such lien shall be subordinate to that first lien but shall otherwise be subject to subdivision 4; and

6. A locality may prescribe civil penalties, not to exceed a total of \$1,000, for violations of any ordinance adopted pursuant to this section.

A. A locality may acquire by purchase, gift, devise, bequest, exchange, lease as lessee, or otherwise, title to, or any interests in, any real property, whether improved or unimproved, within its jurisdiction, for any public use. Acquisition of any interest in real property by condemnation is governed by Chapter 19 (§ 15.2-1901 et seq.). The acquisition of a leasehold or other interest in a telecommunications tower, owned by a nongovernmental source, for the operation of a locality's wireless radio communications systems shall be governed by this chapter.

However, the holding of a public hearing shall not apply to (i) the leasing of real property to another public body, political subdivision or authority of the Commonwealth or (ii) conveyance of site development easements, *or utility easements related to transportation projects*, across public property, including, but not limited to, easements for ingress, egress, utilities, cable, telecommunications, storm water management, and other similar conveyances, that are consistent with the local capital improvement program, involving improvement of property owned by the locality. Nothing in this paragraph shall be construed to require any locality to sponsor the Boy Scouts of America or the Girl Scouts of the USA, or to exempt any such groups from local policies governing access to and use of a locality's real property. The provisions of this paragraph applicable to a locality shall also apply equally to any local governmental entity, including a department, agency, or authority.

F. This section shall not be construed to deprive the resident judge or judges of the right to control the use of the courthouse.

G. "Public use" as used in this section shall have the same meaning as in § 1-219.1.

## CHAPTER 402

*An Act to amend and reenact §§ 55-225.10 and 55-507 of the Code of Virginia, relating to residential rental property.*

[S 991]

Approved March 13, 2017

### **Be it enacted by the General Assembly of Virginia:**

#### **1. That §§ 55-225.10 and 55-507 of the Code of Virginia are amended and reenacted as follows:**

##### **§ 55-225.10. Notice to tenant in event of foreclosure.**

A. The landlord of a dwelling unit subject to this chapter shall give written notice to the tenant or any prospective tenant of such dwelling unit that the landlord has received a notice of a mortgage default, mortgage acceleration, or foreclosure sale relative to the loan on the dwelling unit within five business days after written notice from the lender is received by the landlord. This requirement shall not apply (i) to any managing agent who does not receive a copy of such written notice from the lender or (ii) if the tenant or prospective tenant provides a copy of the written notice from the lender to the landlord or the managing agent.

B. If the landlord fails to provide the notice required by this section, the tenant shall have the right to terminate the rental agreement upon written notice to the landlord at least five business days prior to the effective date of termination. If the tenant terminates the rental agreement, the landlord shall make disposition of the tenant's security deposit in accordance with law or the provisions of the rental agreement, whichever is applicable.

C. ~~If the dwelling unit is foreclosed upon and there is a tenant lawfully residing in the dwelling unit on the date of foreclosure, the tenant may remain in such dwelling unit as a tenant only pursuant to the Protecting Tenants at Foreclosure Act, P.L. No. 111-22, § 702, 123 Stat. 1632, 1660 (2009), and provided the tenant remains in compliance with all of the terms and conditions of the lease agreement, including payment of rent. If there is in effect at the date of the foreclosure sale a tenant in a residential dwelling unit foreclosed upon, the foreclosure shall act as a termination of the rental agreement by the owner. In such case, the tenant may remain in possession of such dwelling unit as a month-to-month tenant on the terms of the terminated rental agreement until the successor owner gives a notice of termination of such month-to-month tenancy. If the successor owner elects to terminate the month-to-month tenancy, written notice of such termination shall be given in accordance with the rental agreement, or the provisions of § 55-222 or 55-248.6, as applicable.~~

*D. Unless or until the successor owner terminates the month-to-month tenancy, the terms of the terminated rental agreement remain in effect except that the tenant shall make rental payments (i) to the successor owner as directed in a written notice to the tenant in this subsection; (ii) to the managing agent of the owner, if any, or successor owner; or (iii) into a court escrow account pursuant to the provisions of § 55-225.12; however, there is no obligation of a tenant to file a tenant's assertion and pay rent into escrow. Where there is not a managing agent designated in the terminated rental agreement, the tenant shall remain obligated for payment of the rent but shall not be held to be delinquent or assessed a late charge until the successor owner provides written notice identifying the name, address, and telephone number of the party to which the rent should be paid.*

*E. The successor owner may enter into a new rental agreement with the tenant in the dwelling unit, in which case, upon the commencement date of the new rental agreement, the month-to-month tenancy shall terminate.*

**§ 55-507. Transfer of deposits upon purchase.**

The current owner of rental property shall transfer any security deposits and any accrued interest on the deposits in his possession to the new owner at the time of the transfer of the rental property. *If the current owner has entered into a written property management agreement with a managing agent in accordance with the provisions of subsection E of § 54.1-2135, the current owner shall give written notice to the managing agent requesting payment of such security deposits to the current owner prior to settlement with the new owner. Upon receipt of the written notice, the managing agent shall transfer the security deposits to the current owner and provide written notice to each tenant that his security deposit has been transferred to the new owner in accordance with this section.*

#### CHAPTER 404

*An Act to amend and reenact § 15.2-2307 of the Code of Virginia, relating to vested property rights.*

[S 1173]

Approved March 13, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 15.2-2307 of the Code of Virginia is amended and reenacted as follows:**

**§ 15.2-2307. Vested rights not impaired; nonconforming uses.**

A. Nothing in this article shall be construed to authorize the impairment of any vested right. Without limiting the time when rights might otherwise vest, a landowner's rights shall be deemed vested in a land use and such vesting shall not be affected by a subsequent amendment to a zoning ordinance when the landowner (i) obtains or is the beneficiary of a significant affirmative governmental act which remains in effect allowing development of a specific project, (ii) relies in good faith on the significant affirmative governmental act, and (iii) incurs extensive obligations or substantial expenses in diligent pursuit of the specific project in reliance on the significant affirmative governmental act.

B. For purposes of this section and without limitation, the following are deemed to be significant affirmative governmental acts allowing development of a specific project: (i) the governing body has accepted proffers or proffered conditions which specify use related to a zoning amendment; (ii) the governing body has approved an application for a rezoning for a specific use or density; (iii) the governing body or board of zoning appeals has granted a special exception or use permit with conditions; (iv) the board of zoning appeals has approved a variance; (v) the governing body or its designated agent has approved a preliminary subdivision plat, site plan or plan of development for the landowner's property and the applicant diligently pursues approval of the final plat or plan within a reasonable period of time under the circumstances; (vi) the governing body or its designated agent has approved a final subdivision plat, site plan or plan of development for the landowner's property; or (vii) the zoning administrator or other administrative officer has issued a written order, requirement, decision or determination regarding the permissibility of a specific use or density of the landowner's property that is no longer subject to appeal and no longer subject to change, modification or reversal under subsection C of § 15.2-2311.

C. A zoning ordinance may provide that land, buildings, and structures and the uses thereof which do not conform to the zoning prescribed for the district in which they are situated may be continued only so long as the then existing or a more restricted use continues and such use is not discontinued for more than two years, and so long as the buildings or structures are maintained in their then structural condition; and that the uses of such buildings or structures shall conform to such regulations whenever, with respect to the building or structure, the square footage of a building or structure is enlarged, or the building or structure is structurally altered as provided in the Uniform Statewide Building Code (§ 36-97 et seq.). If a use does not conform to the zoning prescribed for the district in which such use is situated, and if (i) a business license was issued by the locality for such use and (ii) the holder of such business license has operated continuously in the same location for at least 15 years and has paid all local taxes related to such use, the locality shall permit the holder of such business license to apply for a rezoning or a special use permit without charge by the locality or any agency affiliated with the locality for fees associated with such filing. Further, a zoning ordinance may provide that no nonconforming use may be expanded, or that no nonconforming building or structure may be moved on the same lot or to any other lot which is not properly zoned to permit such nonconforming use.

D. Notwithstanding any local ordinance to the contrary, if (i) the local government has issued a building permit, the building or structure was thereafter constructed in accordance with the building permit, and upon completion of construction, the local government issued a certificate of occupancy or a use permit therefor, or (ii) the owner of the building or structure has paid taxes to the locality for such building or structure for a period of more than the previous 15 years, a zoning ordinance shall not provide that such building or structure is illegal and subject to removal solely due to such nonconformity. Such building or structure shall be nonconforming. A zoning ordinance may provide that such building

or structure be brought in compliance with the Uniform Statewide Building Code, provided that to do so shall not affect the nonconforming status of such building or structure. If the local government has issued a permit, other than a building permit, that authorized construction of an improvement to real property and the improvement was thereafter constructed in accordance with such permit, the ordinance may provide that the improvements are nonconforming, but not illegal. *If the structure is one that requires no permit, and an authorized local government official informs the property owner that the structure will comply with the zoning ordinance, and the improvement was thereafter constructed, a zoning ordinance may provide that the structure is nonconforming but shall not provide that such structure is illegal and subject to removal solely due to such nonconformity. In any proceeding when the authorized government official is deceased or is otherwise unavailable to testify, uncorroborated testimony of the oral statement of such official shall not be sufficient evidence to prove that the authorized government official made such statement.*

E. A zoning ordinance shall permit the owner of any residential or commercial building damaged or destroyed by a natural disaster or other act of God to repair, rebuild, or replace such building to eliminate or reduce the nonconforming features to the extent possible, without the need to obtain a variance as provided in § 15.2-2310. If such building is damaged greater than 50 percent and cannot be repaired, rebuilt or replaced except to restore it to its original nonconforming condition, the owner shall have the right to do so. The owner shall apply for a building permit and any work done to repair, rebuild or replace such building shall be in compliance with the provisions of the Uniform Statewide Building Code (§ 36-97 et seq.) and any work done to repair, rebuild or replace such building shall be in compliance with the provisions of the local flood plain regulations adopted as a condition of participation in the National Flood Insurance Program. Unless such building is repaired, rebuilt or replaced within two years of the date of the natural disaster or other act of God, such building shall only be repaired, rebuilt or replaced in accordance with the provisions of the zoning ordinance of the locality. However, if the nonconforming building is in an area under a federal disaster declaration and the building has been damaged or destroyed as a direct result of conditions that gave rise to the declaration, then the zoning ordinance shall provide for an additional two years for the building to be repaired, rebuilt or replaced as otherwise provided in this paragraph. For purposes of this section, "act of God" shall include any natural disaster or phenomena including a hurricane, tornado, storm, flood, high water, wind-driven water, tidal wave, earthquake or fire caused by lightning or wildfire. For purposes of this section, owners of property damaged by an accidental fire have the same rights to rebuild such property as if it were damaged by an act of God. Nothing herein shall be construed to enable the property owner to commit an arson under § 18.2-77 or 18.2-80, and obtain vested rights under this section.

F. Notwithstanding any local ordinance to the contrary, an owner of real property shall be permitted to replace an existing on-site sewage system for any existing building in the same general location on the property even if a new on-site sewage system would not otherwise be permitted in that location, unless access to a public sanitary sewer is available to the property. If access to a sanitary sewer system is available, then the connection to such system shall be required. Any new on-site system shall be installed in compliance with applicable regulations of the Department of Health in effect at the time of the installation.

G. Nothing in this section shall be construed to prevent a locality, after making a reasonable attempt to notify such property owner, from ordering the removal of a nonconforming sign that has been abandoned. For purposes of this section, a sign shall be considered abandoned if the business for which the sign was erected has not been in operation for a period of at least two years. Any locality may, by ordinance, provide that following the expiration of the two-year period any abandoned nonconforming sign shall be removed by the owner of the property on which the sign is located, if notified by the locality to do so. If, following such two-year period, the locality has made a reasonable attempt to notify the property owner, the locality through its own agents or employees may enter the property upon which the sign is located and remove any such sign whenever the owner has refused to do so. The cost of such removal shall be chargeable to the owner of the property. Nothing herein shall prevent the locality from applying to a court of competent jurisdiction for an order requiring the removal of such abandoned nonconforming sign by the owner by means of injunction or other appropriate remedy.

H. Nothing in this section shall be construed to prevent the land owner or home owner from removing a valid nonconforming manufactured home from a mobile or manufactured home park and replacing that home with another comparable manufactured home that meets the current HUD manufactured housing code. In such mobile or manufactured home park, a single-section home may replace a single-section home and a multi-section home may replace a multi-section home. The owner of a valid nonconforming mobile or manufactured home not located in a mobile or manufactured home park may replace that home with a newer manufactured home, either single- or multi-section, that meets the current HUD manufactured housing code. Any such replacement home shall retain the valid nonconforming status of the prior home.

**2. That the provisions of this act shall not be deemed retroactive.**

The annual payment shall be remitted to the State Treasurer and shall be placed to the credit of the Common Interest Community Management Fund established pursuant to § 55-529;

4. Approve the criteria for accredited common interest community manager training programs;

5. Approve accredited common interest community manager training programs;

The Board shall have the authority to approve training courses and instructors in furtherance of the provisions of this chapter; and

B. 1. The Board shall have the sole responsibility for the administration of this chapter and for the promulgation of regulations to carry out the requirements thereof.

2. The Board shall also be responsible for the enforcement of this chapter, provided that the Real Estate Board shall have the sole responsibility for the enforcement of this chapter with respect to a real estate broker, real estate salesperson, or real estate brokerage firm licensed in accordance with Chapter 21 (§ 54.1-2100 et seq.) who is also licensed as a common interest community manager.

3. For purposes of enforcement of this chapter or Chapter 4.2 (§ 55-79.39 et seq.), 21 (§ 55-360 et seq.), 24 (§ 55-424 et seq.), or 26 (§ 55-508 et seq.) of Title 55, any requirement for the conduct of a hearing shall be satisfied by an informal fact-finding proceeding convened and conducted pursuant to § 2.2-4019 of the Administrative Process Act (§ 2.2-4000 et seq.).

C. The Board is authorized to obtain criminal history record information from any state or federal law-enforcement agency relating to an applicant for licensure or certification. Any information so obtained is for the exclusive use of the Board and shall not be released to any other person or agency except in furtherance of the investigation of the applicant or with the authorization of the applicant or upon court order.

D. *Notwithstanding the provisions of subsection E of § 55-530, the Board may receive a complaint directly from any person aggrieved by an association's failure to deliver a resale certificate or disclosure packet within the time period required under § 55-79.97, 55-79.97:1, 55-484, 55-509.5, 55-509.6, or 55-509.7.*

**§ 55-509.4. Contract disclosure statement; right of cancellation; use of for sale sign in connection with resale; designation of authorized representative.**

A. Subject to the provisions of subsection A of § 55-509.10, an owner selling a lot shall disclose in the contract that (i) the lot is located within a development that is subject to the Virginia Property Owners' Association Act (§ 55-508 et seq.); (ii) the Act requires the seller to obtain from the property owners' association an association disclosure packet and provide it to the purchaser; (iii) the purchaser may cancel the contract within three days after receiving the association disclosure packet or being notified that the association disclosure packet will not be available; (iv) if the purchaser has received the association disclosure packet, the purchaser has a right to request an update of such disclosure packet in accordance with subsection H of § 55-509.6 or subsection C of § 55-509.7, as appropriate; and (v) the right to receive the association disclosure packet and the right to cancel the contract are waived conclusively if not exercised before settlement.

For purposes of clause (iii), the association disclosure packet shall be deemed not to be available if (a) a current annual report has not been filed by the association with either the State Corporation Commission pursuant to § 13.1-936 or with the Common Interest Community Board pursuant to § 55-516.1, (b) the seller has made a written request to the association that the packet be provided and no such packet has been received within 14 days in accordance with subsection A of § 55-509.5, or (c) written notice has been provided by the association that a packet is not available.

B. If the contract does not contain the disclosure required by subsection A, the purchaser's sole remedy is to cancel the contract prior to settlement.

C. The information contained in the association disclosure packet shall be current as of a date specified on the association disclosure packet prepared in accordance with this section; however, a disclosure packet update or financial update may be requested in accordance with subsection G of § 55-509.6 or subsection C of § 55-509.7, as appropriate. The purchaser may cancel the contract: (i) within three days after the date of the contract, if on or before the date that the purchaser signs the contract, the purchaser receives the association disclosure packet or is notified that the association disclosure packet will not be available; (ii) within three days after receiving the association disclosure packet if the association disclosure packet or notice that the association disclosure packet will not be available is hand delivered, delivered by electronic means, or delivered by a commercial overnight delivery service or the United States Postal Service, and a receipt obtained; or (iii) within six days after the postmark date if the association disclosure packet or notice that the association disclosure packet will not be available is sent to the purchaser by United States mail. The purchaser may also cancel the contract at any time prior to settlement if the purchaser has not been notified that the association disclosure packet will not be available and the association disclosure packet is not delivered to the purchaser.

Notice of cancellation shall be provided to the lot owner or his agent by one of the following methods:

1. Hand delivery;
2. United States mail, postage prepaid, provided the sender retains sufficient proof of mailing, which may be either a United States postal certificate of mailing or a certificate of service prepared by the sender confirming such mailing;
3. Electronic means provided the sender retains sufficient proof of the electronic delivery, which may be an electronic receipt of delivery, a confirmation that the notice was sent by facsimile, or a certificate of service prepared by the sender confirming the electronic delivery; or
4. Overnight delivery using a commercial service or the United States Postal Service.

In the event of a dispute, the sender shall have the burden to demonstrate delivery of the notice of cancellation. Such cancellation shall be without penalty, and the seller shall cause any deposit to be returned promptly to the purchaser.

D. Whenever any contract is canceled based on a failure to comply with subsection A or C or pursuant to subsection B, any deposit or escrowed funds shall be returned within 30 days of the cancellation, unless the parties to the contract specify in writing a shorter period.

E. Any rights of the purchaser to cancel the contract provided by this chapter are waived conclusively if not exercised prior to settlement.

F. Except as expressly provided in this chapter, the provisions of this section and § 55-509.5 may not be varied by agreement, and the rights conferred by this section and § 55-509.5 may not be waived.

G. For purposes of this chapter:

"Delivery" means that the disclosure packet is delivered to the purchaser or purchaser's authorized agent by one of the methods specified in this section.

"Purchaser's authorized agent" means any person designated by such purchaser in a ratified real estate contract for purchase and sale of residential real property or other writing designating such agent.

"Receives, received, or receiving" the disclosure packet means that the purchaser or purchaser's authorized agent has received the disclosure packet by one of the methods specified in this section.

"Seller's authorized agent" means a person designated by such seller in a ratified real estate contract for purchase and sale of residential real property or other writing designating such agent.

H. Unless otherwise provided in the ratified real estate contract or other writing, delivery to the purchaser's authorized agent shall require delivery to such agent and not to a person other than such agent. Delivery of the disclosure packet may be made by the lot owner or the lot owner's authorized agent.

I. If the lot is governed by more than one association, the purchaser's right of cancellation may be exercised within the required time frames following delivery of the last disclosure packet or resale certificate.

*J. Except as expressly authorized in this chapter or in the declaration or as otherwise provided by law, no property owners' association shall:*

*1. Require the use of any for sale sign that is (i) an association sign or (ii) a real estate sign that does not comply with the requirements of the Real Estate Board. An association may, however, prohibit the placement of signs in the common area and establish reasonable rules and regulations that regulate (a) the number of real estate signs to be located on real property upon which the owner has a separate ownership interest or a right of exclusive possession so long as at least one real estate sign is permitted; (b) the geographical location of real estate signs on real property in which the owner has a separate ownership interest or a right of exclusive possession, so long as the location of the real estate signs complies with the requirements of the Real Estate Board; (c) the manner in which real estate signs are affixed to real property; and (d) the period of time after settlement when the real estate signs on such real property shall be removed; or*

*2. Require any lot owner to execute a formal power of attorney if the lot owner designates a person licensed under the provisions of § 54.1-2106.1 as the lot owner's authorized representative, and the association shall recognize such representation without a formal power of attorney, provided that the association is given a written authorization signed by the lot owner designating such representative. Notwithstanding the foregoing, the requirements of § 13.1-849 of the Virginia Nonstock Corporation Act (§ 13.1-801 et seq.) and the association's declaration, bylaws, and articles of incorporation shall be satisfied before any such representative may exercise a vote on behalf of a lot owner as a proxy.*

**§ 55-509.6. Fees for disclosure packet; professionally managed associations.**

A. A professionally managed association or its common interest community manager may charge certain fees as authorized by this section for the inspection of the property, the preparation and issuance of the disclosure packet required by § 55-509.5, and for such other services as set out in this section. The seller or the seller's authorized agent shall specify in writing whether the disclosure packet shall be delivered electronically or in hard copy, at the option of the seller or the seller's authorized agent, and shall specify the complete contact information for the parties to whom the disclosure packet shall be delivered.

B. A reasonable fee may be charged by the preparer as follows for:

1. The inspection of the exterior of the dwelling unit and the lot, as authorized in the declaration and as required to prepare the association disclosure packet, a fee not to exceed \$100;

2. The preparation and delivery of the disclosure packet in (i) paper format, a fee not to exceed \$150 for no more than two hard copies or (ii) electronic format, a fee not to exceed a total of \$125 for an electronic copy to each of the following named in the request: the seller, the seller's authorized agent, the purchaser, the purchaser's authorized agent, and not more than one other person designated by the requester. The preparer of the disclosure packet shall provide the disclosure packet directly to the designated persons. Only one fee shall be charged for the preparation and delivery of the disclosure packet;

3. At the option of the seller or the seller's authorized agent, with the consent of the association or the common interest community manager, expediting the inspection, preparation and delivery of the disclosure packet, an additional expedite fee not to exceed \$50;

4. At the option of the seller or the seller's authorized agent, an additional hard copy of the disclosure packet, a fee not to exceed \$25 per hard copy;

5. At the option of the seller or the seller's authorized agent, a fee not to exceed an amount equal to the actual cost paid to a third-party commercial delivery service for hand delivery or overnight delivery of the association disclosure packet; and

6. A post-closing fee to the purchaser of the property, collected at settlement, for the purpose of establishing the purchaser as the owner of the property in the records of the association, a fee not to exceed \$50.

Except as otherwise provided in subsection E, neither the association nor its common interest community manager shall require cash, check, certified funds or credit card payments at the time the request for the disclosure packet is made. The disclosure packet shall state that all fees and costs for the disclosure packet shall be the personal obligation of the lot owner and shall be an assessment against the lot and collectible as any other assessment in accordance with the provisions of the declaration and § 55-516, if not paid at settlement or within 60 days of the delivery of the disclosure packet, whichever occurs first.

For purposes of this section, an expedite fee shall only be charged if the inspection and preparation of delivery of the disclosure packet are completed within five business days of the request for a disclosure packet.

C. No fees other than those specified in this section, and as limited by this section, shall be charged by the association or its common interest community manager for compliance with the duties and responsibilities of the association under this chapter. No additional fee shall be charged for access to the association's or common interest community manager's website. The association or its common interest community manager shall publish and make available in paper or electronic format, or both, a schedule of the applicable fees so the seller or the seller's authorized agent will know such fees at the time of requesting the packet.

D. Any fees charged pursuant to this section shall be collected at the time of settlement on the sale of the lot and shall be due and payable out of the settlement proceeds in accordance with this section. The settlement agent shall escrow a sum sufficient to pay such costs of the seller at settlement. The seller shall be responsible for all costs associated with the preparation and delivery of the association disclosure packet, except for the costs of any disclosure packet update or financial update, which costs shall be the responsibility of the requester, payable at settlement. Neither the association nor its common interest community manager shall require cash, check, certified funds, or credit card payments at the time of the request is made for the association disclosure packet.

E. If settlement does not occur within 60 days of the delivery of the disclosure packet, or funds are not collected at settlement and disbursed to the association or the common interest community manager, all fees, including those costs that would have otherwise been the responsibility of the purchaser or settlement agent, shall be (i) assessed within one year after delivery of the disclosure packet against the lot owner, (ii) the personal obligation of the lot owner, and (iii) an assessment against the lot and collectible as any other assessment in accordance with the provisions of the declaration and § 55-516. The seller may pay the association by cash, check, certified funds, or credit card, if credit card payment is an option offered by the association. The association shall pay the common interest community manager the amount due from the lot owner within 30 days after invoice.

F. The maximum allowable fees charged in accordance with this section shall adjust every five years, as of January 1 of that year, in an amount equal to the annual increases for that five-year period in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the U.S. Department of Labor.

G. If an association disclosure packet has been issued for a lot within the preceding 12-month period, a person specified in the written instructions of the seller or the seller's authorized agent, including the seller or the seller's authorized agent, or the purchaser or his authorized agent may request a disclosure packet update. The requester shall specify whether the disclosure packet update shall be delivered electronically or in hard copy, and shall specify the complete contact information of the parties to whom the update shall be delivered. The disclosure packet update shall be delivered within 10 days of the written request.

H. The settlement agent may request a financial update. The requester shall specify whether the financial update shall be delivered electronically or in hard copy, and shall specify the complete contact information of the parties to whom the update shall be delivered. The financial update shall be delivered within three business days of the written request.

I. A reasonable fee for the disclosure packet update or financial update may be charged by the preparer not to exceed \$50. At the option of the purchaser or the purchaser's authorized agent, the requester may request that the association or the common interest community manager perform an additional inspection of the exterior of the dwelling unit and the lot, as authorized in the declaration, for a fee not to exceed \$100. Any fees charged for the specified update shall be collected at the time settlement occurs on the sale of the property. The settlement agent shall escrow a sum sufficient to pay such costs of the seller at settlement. Neither the association nor its common interest community manager, if any, shall require cash, check, certified funds, or credit card payments at the time the request is made for the disclosure packet update. The requester may request that the specified update be provided in hard copy or in electronic form.

J. No association or common interest community manager may require the requester to request the specified update electronically. The seller or the seller's authorized agent shall continue to have the right to request a hard copy of the specified update in person at the principal place of business of the association. If the requester asks that the specified update be provided in electronic format, neither the association nor its common interest community manager may require the requester to pay any fees to use the provider's electronic network or system. A copy of the specified update shall be provided to the seller or the seller's authorized agent.

K. When an association disclosure packet has been delivered as required by § 55-509.5, the association shall, as to the purchaser, be bound by the statements set forth therein as to the status of the assessment account and the status of the lot with respect to any violation of the declaration, bylaws, rules and regulations, architectural guidelines and articles of incorporation, if any, of the association as of the date of the statement unless the purchaser had actual knowledge that the contents of the disclosure packet were in error.

L. If the association or its common interest community manager has been requested in writing to furnish the association disclosure packet required by § 55-509.5, failure to provide the association disclosure packet substantially in the form provided in this section shall be deemed a waiver of any claim for delinquent assessments or of any violation of the declaration, bylaws, rules and regulations, or architectural guidelines existing as of the date of the request with respect to the subject lot. The preparer of the association disclosure packet shall be liable to the seller in an amount equal to the actual damages sustained by the seller in an amount not to exceed \$1,000. The purchaser shall nevertheless be obligated to abide by the declaration, bylaws, rules and regulations, and architectural guidelines of the association as to all matters arising after the date of the settlement of the sale.

M. *The Common Interest Community Board may assess a monetary penalty for failure to deliver the association disclosure packet within 14 days against any (i) property owners' association pursuant to § 54.1-2351 or (ii) common interest community manager pursuant to § 54.1-2349 and regulations promulgated thereto, and may issue a cease and desist order pursuant to § 54.1-2349 or 54.1-2352, as applicable.*

C. The Board is authorized to obtain criminal history record information from any state or federal law-enforcement agency relating to an applicant for licensure or certification. Any information so obtained is for the exclusive use of the Board and shall not be released to any other person or agency except in furtherance of the investigation of the applicant or with the authorization of the applicant or upon court order.

D. *Notwithstanding the provisions of subsection E of § 55-530, the Board may receive a complaint directly from any person aggrieved by an association's failure to deliver a resale certificate or disclosure packet within the time period required under § 55-79.97, 55-79.97:1, 55-484, 55-509.5, 55-509.6, or 55-509.7.*

**§ 55-79.97. Resale by purchaser; resale certificate; use of for sale sign in connection with resale; designation of authorized representative.**

A. In the event of any resale of a condominium unit by a unit owner other than the declarant, and subject to the provisions of subsection F and § 55-79.87 A, the unit owner shall disclose in the contract that (i) the unit is located within a development which is subject to the Condominium Act, (ii) the Act requires the seller to obtain from the unit owners' association a resale certificate and provide it to the purchaser, (iii) the purchaser may cancel the contract within three days after receiving the resale certificate or being notified that the resale certificate will not be available, (iv) if the purchaser has received the resale certificate, the purchaser has a right to request a resale certificate update or financial update in accordance with § 55-79.97:1, as appropriate, and (v) the right to receive the resale certificate and the right to cancel the contract are waived conclusively if not exercised before settlement.

For purposes of clause (iii), the resale certificate shall be deemed not to be available if (a) a current annual report has not been filed by the unit owners' association with either the State Corporation Commission pursuant to § 13.1-936 or the Common Interest Community Board pursuant to § 55-79.93:1, (b) the seller has made a written request to the unit owners' association that the resale certificate be provided and no such resale certificate has been received within 14 days in accordance with subsection C, or (c) written notice has been provided by the unit owners' association that a resale certificate is not available.

B. If the contract does not contain the disclosure required by subsection A, the purchaser's sole remedy is to cancel the contract prior to settlement.

C. The information contained in the resale certificate shall be current as of a date specified on the resale certificate. A resale certificate update or a financial update may be requested as provided in § 55-79.97:1, as appropriate. The purchaser may cancel the contract (i) within three days after the date of the contract, if the purchaser receives the resale certificate or is notified that the resale certificate will not be available on or before the date that the purchaser signs the contract; (ii) within three days after receiving the resale certificate if the resale certificate or notice that the resale certificate will not be available is hand delivered, delivered by electronic means, or delivered by a commercial overnight delivery service or the United States Postal Service, and a receipt obtained; or (iii) within six days after the postmark date if the resale certificate or notice that the resale certificate will not be available is sent to the purchaser by United States mail. *The purchaser may also cancel the contract at any time prior to settlement if the purchaser has not been notified that the resale certificate will not be available and the resale certificate is not delivered to the purchaser.*

Notice of cancellation shall be provided to the unit owner or his agent by one of the following methods:

- a. Hand delivery;
- b. United States mail, postage prepaid, provided the sender retains sufficient proof of mailing, which may be either a United States postal certificate of mailing or a certificate of service prepared by the sender confirming such mailing;
- c. Electronic means provided the sender retains sufficient proof of the electronic delivery, which may be an electronic receipt of delivery, a confirmation that the notice was sent by facsimile, or a certificate of service prepared by the sender confirming the electronic delivery; or
- d. Overnight delivery using a commercial service or the United States Postal Service.

In the event of a dispute, the sender shall have the burden to demonstrate delivery of the notice of cancellation. Such cancellation shall be without penalty, and the unit owner shall cause any deposit to be returned promptly to the purchaser.

A resale certificate shall include the following:

1. An appropriate statement pursuant to subsection H of § 55-79.84 which need not be notarized and, if applicable, an appropriate statement pursuant to § 55-79.85;
2. A statement of any expenditure of funds approved by the unit owners' association or the executive organ which shall require an assessment in addition to the regular assessment during the current or the immediately succeeding fiscal year;
3. A statement, including the amount, of all assessments and any other fees or charges currently imposed by the unit owners' association, together with any known post-closing fee charged by the common interest community manager, if any, and associated with the purchase, disposition and maintenance of the condominium unit and the use of the common elements, and the status of the account;
4. A statement whether there is any other entity or facility to which the unit owner may be liable for fees or other charges;
5. The current reserve study report or a summary thereof, a statement of the status and amount of any reserve or replacement fund and any portion of the fund designated for any specified project by the executive organ;
6. A copy of the unit owners' association's current budget or a summary thereof prepared by the unit owners' association and a copy of the statement of its financial position (balance sheet) for the last fiscal year for which a statement is available, including a statement of the balance due of any outstanding loans of the unit owners' association;
7. A statement of the nature and status of any pending suits or unpaid judgments to which the unit owners' association is a party which either could or would have a material impact on the unit owners' association or the unit owners or which relates to the unit being purchased;
8. A statement setting forth what insurance coverage is provided for all unit owners by the unit owners' association, including the fidelity bond maintained by the unit owners' association, and what additional insurance coverage would normally be secured by each individual unit owner;

9. A statement that any improvements or alterations made to the unit, or the limited common elements assigned thereto, are or are not in violation of the condominium instruments;

10. A copy of the current bylaws, rules and regulations and architectural guidelines adopted by the unit owners' association and the amendments thereto;

11. A statement of whether the condominium or any portion thereof is located within a development subject to the Property Owners' Association Act (§ 55-508 et seq.) of Chapter 26 of this title;

12. A copy of the notice given to the unit owner by the unit owners' association of any current or pending rule or architectural violation;

13. A copy of any approved minutes of the executive organ and unit owners' association meetings for the six calendar months preceding the request for the resale certificate;

18. A statement indicating any known project approvals currently in effect issued by secondary mortgage market agencies.

Failure to receive a resale certificate shall not excuse any failure to comply with the provisions of the condominium instruments, articles of incorporation, or rules or regulations.

The resale certificate shall be delivered in accordance with the written request and instructions of the seller or the seller's authorized agent, including whether the resale certificate shall be delivered electronically or in hard copy, at the option of the seller or the seller's authorized agent, and shall specify the complete contact information for the parties to whom the resale certificate shall be delivered. The resale certificate shall be delivered within 14 days of receipt of such request. The resale certificate shall not, in and of itself, be deemed a security within the meaning of § 13.1-501.

D. The seller or the seller's authorized agent may request that the resale certificate be provided in hard copy or in electronic form. A unit owners' association or common interest community manager may provide the resale certificate electronically; however, the seller or the seller's authorized agent shall have the right to request that the resale certificate be provided in hard copy. The seller or the seller's authorized agent shall continue to have the right to request a hard copy of the resale certificate in person at the principal place of business of the unit owners' association. If the seller or the seller's authorized agent requests that the resale certificate be provided in electronic format, neither the unit owners' association nor its common interest community manager may require the seller or the seller's authorized agent to pay any fees to use the provider's electronic network or system. The resale certificate shall not be delivered in hard copy if the requester has requested delivery of such resale certificate electronically. If the resale certificate is provided electronically by a website link, the preparer shall not cause the website link to expire within the subsequent 90-day period. The preparer shall not charge another fee during the subsequent 12-month period, except that the preparer may charge an update fee for a financial update or for an inspection as provided in § 55-79.97:1. If the seller or the seller's authorized agent asks that the resale certificate be provided in electronic format, the seller or the seller's authorized agent may request that an electronic copy be provided to each of the following named in the request: the seller, the seller's authorized agent, the purchaser, the purchaser's authorized agent, and not more than one other person designated by the requester. If so requested, the unit owners' association or its common interest community manager may require the seller or the seller's authorized agent to pay the fee specified in § 55-79.97:1. Regardless of whether the resale certificate is delivered in paper form or electronically, the preparer of the resale certificate shall provide such resale certificate directly to the persons designated by the requester to the addresses or, if applicable, the email addresses provided by the requester.

E. Subject to the provisions of § 55-79.87, but notwithstanding any other provisions of this chapter, the provisions and requirements of this section shall apply to any such resale of a condominium unit created under the provisions of the Horizontal Property Act (§ 55-79.1 et seq.).

F. The resale certificate required by this section need not be provided in the case of:

1. A disposition of a unit by gift;
2. A disposition of a unit pursuant to court order if the court so directs;
3. A disposition of a unit by foreclosure or deed in lieu of foreclosure; or
4. A disposition of a unit by a sale at auction, when the resale certificate was made available as part of the auction package for prospective purchasers prior to the auction.

G. In any transaction in which a resale certificate is required and a trustee acts as the seller in the sale or resale of a unit, the trustee shall obtain the resale certificate from the unit owners' association and provide the resale certificate to the purchaser.

H. For purposes of this chapter:

"Delivery" means that the resale certificate is delivered to the purchaser or purchaser's authorized agent by one of the methods specified in this section.

"Purchaser's authorized agent" means any person designated by such purchaser in a ratified real estate contract for purchase and sale of residential real property or other writing designating such agent.

"Receives, received, or receiving" the resale certificate means that the purchaser or purchaser's authorized agent has received the resale certificate by one of the methods specified in this section.

"Seller's authorized agent" means a person designated by such seller in a ratified real estate contract for purchase and sale of residential real property or other writing designating such agent.

I. Unless otherwise provided in the ratified real estate contract or other writing, delivery to the purchaser's authorized agent shall require delivery to such agent and not to a person other than such agent. Delivery of the resale certificate may be made by the unit owner or the seller's authorized agent.

J. If the unit is governed by more than one association, the purchaser's right of cancellation may be exercised within the required time frames following delivery of the last resale certificate or disclosure packet.

K. *Except as expressly authorized in this chapter or in the condominium instruments or as otherwise provided by law, no unit owners' association shall:*

1. *Require the use of any for sale sign that is (i) a unit owners' association sign or (ii) a real estate sign that does not comply with the requirements of the Virginia Real Estate Board. A unit owners' association may, however, prohibit the placement of signs in the common elements and establish reasonable rules and regulations that regulate (a) the number of real estate signs to be located on real property upon which the owner has a separate ownership interest or a right of exclusive possession, so long as at least one real estate sign is permitted; (b) the geographical location of real estate signs on real property in which the owner has a separate ownership interest or a right of exclusive possession, so long as the location of the real estate signs complies with the requirements of the Virginia Real Estate Board; (c) the manner in which real estate signs are affixed to real property; and (d) the period of time after settlement when the real estate signs on such real property shall be removed; or*

2. *Require any unit owner to execute a formal power of attorney if the unit owner designates a person licensed under the provisions of § 54.1-2106.1 as the unit owner's authorized representative, and the unit owners' association shall recognize such representation without a formal power of attorney, provided that the unit owners' association is given a written authorization signed by the unit owner designating such representative. Notwithstanding the foregoing, the requirements of § 55-79.77 and the condominium instruments shall be satisfied before any such representative may exercise a vote on behalf of a unit owner as a proxy.*

**§ 55-79.97:1. Fees for resale certificate.**

A. The unit owners' association may charge fees as authorized by this section for the inspection of the property, the preparation and issuance of the resale certificate required by § 55-79.97, and for such other services as are set out in this section. Nothing in this chapter shall be construed to authorize the unit owners' association or common interest community manager to charge an inspection fee for a unit except as provided in this section.

B. A reasonable fee may be charged by the preparer of the resale certificate as follows for:

1. The inspection of the unit, as authorized in the declaration and as required to prepare the resale certificate, a fee not to exceed \$100;

2. The preparation and delivery of the resale certificate in (i) paper format, a fee not to exceed \$150 for no more than two hard copies, or (ii) electronic format, a fee not to exceed a total of \$125, for an electronic copy to each of the following named in the request: the seller, the seller's authorized agent, the purchaser, the purchaser's authorized agent, and not more than one other person designated by the requester. Only one fee shall be charged for the preparation and delivery of the resale certificate;

3. At the option of the seller or the seller's authorized agent, with the consent of the unit owners' association or the common interest community manager, expediting the inspection, preparation, and delivery of the resale certificate, an additional expedite fee not to exceed \$50;

4. At the option of the seller or the seller's authorized agent, an additional hard copy of the resale certificate, a fee not to exceed \$25 per hard copy;

5. At the option of the seller or the seller's authorized agent, a fee not to exceed an amount equal to the actual cost paid to a third-party commercial delivery service for hand delivery or overnight delivery of the resale certificate; and

6. A post-closing fee to the purchaser of the unit, collected at settlement, for the purpose of establishing the purchaser as the owner of the unit in the records of the unit owners' association, a fee not to exceed \$50.

Neither the unit owners' association nor its common interest community manager shall require cash, check, certified funds, or credit card payments at the time the request for the resale certificate is made. The resale certificate shall state that all fees and costs for the resale certificate shall be the personal obligation of the unit owner and shall be an assessment against the unit and collectible as any other assessment in accordance with the provisions of the condominium instruments and § 55-79.83, if not paid at settlement or within 60 days of the delivery of the resale certificate, whichever occurs first.

For purposes of this section, an expedite fee shall only be charged if the inspection and preparation of delivery of the resale certificate are completed within five business days of the request for a resale certificate.

C. No fees other than those specified in this section, and as limited by this section, shall be charged by the unit owners' association or its common interest community manager for compliance with the duties and responsibilities of the unit

owners' association under this section. No additional fee shall be charged for access to the unit owners' association's or common interest community manager's website. The unit owners' association or its common interest community manager shall publish and make available in paper or electronic format, or both, a schedule of the applicable fees so that the seller or the seller's authorized agent will know such fees at the time of requesting the resale certificate.

D. Any fees charged pursuant to this section shall be collected at the time settlement occurs on the sale of the unit and shall be due and payable out of the settlement proceeds in accordance with this section. The seller shall be responsible for all costs associated with the preparation and delivery of the resale certificate, except for the costs of any resale certificate update or financial update, which costs shall be the responsibility of the requester, payable at settlement. The settlement agent shall escrow a sum sufficient to pay such costs at settlement. Neither the unit owners' association nor its common interest community manager shall require cash, check, certified funds, or credit card payments at the time the request is made for the resale certificate.

E. If settlement does not occur within 60 days of the delivery of the resale certificate, or funds are not collected at settlement and disbursed to the unit owners' association or the common interest community manager, all fees, including those costs that would have otherwise been the responsibility of the purchaser or settlement agent, shall be (i) assessed within one year after delivery of the resale certificate against the unit owner, (ii) the personal obligation of the unit owner, and (iii) an assessment against the unit and collectible as any other assessment in accordance with the provisions of the condominium instruments and § 55-79.83. The seller may pay the unit owners' association by cash, check, certified funds, or credit card, if credit card payment is an option offered by the unit owners' association. The unit owners' association shall pay the common interest community manager the amount due from the unit owner within 30 days after invoice.

F. The maximum allowable fees charged in accordance with this section shall adjust every five years, as of January 1 of that year, in an amount equal to the annual increases for that five-year period in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the U.S. Department of Labor.

G. If a resale certificate has been issued within the preceding 12-month period, a person specified in the written instructions of the seller or the seller's authorized agent, including the seller or the seller's authorized agent or the purchaser or the purchaser's authorized agent, may request a resale certificate update. The requester shall specify whether the resale certificate update shall be delivered electronically or in hard copy and shall specify the complete contact information of the parties to whom the update shall be delivered. The resale certificate update shall be delivered within 10 days of the written request.

H. The settlement agent may request a financial update. The requester shall specify whether the financial update shall be delivered electronically or in hard copy and shall specify the complete contact information of the parties to whom the update shall be delivered. The financial update shall be delivered within three business days of the written request.

I. A reasonable fee for the resale certificate update or financial update may be charged by the preparer, not to exceed \$50. At the option of the purchaser or the purchaser's authorized agent, the requester may request that the unit owners' association or the common interest community manager perform an additional inspection of the unit, as authorized in the declaration, for a fee not to exceed \$100. Any fees charged for the specified update shall be collected at the time settlement occurs on the sale of the property. The settlement agent shall escrow a sum sufficient to pay such costs at settlement. Neither the unit owners' association nor its common interest community manager, if any, shall require cash, check, certified funds, or credit card payments at the time the request is made for the resale certificate update. The requester may request that the specified update be provided in hard copy or in electronic form.

J. No unit owners' association or common interest community manager may require the requester to request the specified update electronically. The seller or the seller's authorized agent shall continue to have the right to request a hard copy of the specified update in person at the principal place of business of the unit owners' association. If the requester asks that the specified update be provided in electronic format, neither the unit owners' association nor its common interest community manager may require the requester to pay any fees to use the provider's electronic network or system. A copy of the specified update shall be provided to the seller or the seller's authorized agent.

K. When a resale certificate has been delivered as required by § 55-79.97, the unit owners' association shall, as to the purchaser, be bound by the statements set forth therein as to the status of the assessment account and the status of the unit with respect to any violation of the condominium instruments as of the date of the statement unless the purchaser had actual knowledge that the contents of the resale certificate were in error.

L. If the unit owners' association or its common interest community manager has been requested in writing to furnish the resale certificate required by § 55-79.97, failure to provide the resale certificate substantially in the form provided in this section shall be deemed a waiver of any claim for delinquent assessments or of any violation of the declaration, bylaws, rules and regulations, or architectural guidelines existing as of the date of the request with respect to the subject unit. The preparer of the resale certificate shall be liable to the seller in an amount equal to the actual damages sustained by the seller in an amount not to exceed \$1,000. The purchaser shall nevertheless be obligated to abide by the condominium instruments, rules and regulations, and architectural guidelines of the unit owners' association as to all matters arising after the date of the settlement of the sale.

M. *The Common Interest Community Board may assess a monetary penalty for failure to deliver the resale certificate within 14 days against any (i) unit owners' association pursuant to § 54.1-2351 or (ii) common interest community manager pursuant to § 54.1-2349 and regulations promulgated thereto, and may issue a cease and desist order pursuant to § 54.1-2349 or 54.1-2352, as applicable.*

The licensee shall have the right to practice dental hygiene in the Commonwealth for the period of his license as set by the Board, under the direction of any licensed dentist.

B. An application for such license shall be made to the Board in writing and shall be accompanied by satisfactory proof that the applicant (i) is of good moral character, (ii) is a graduate of a dental hygiene program accredited by the Commission on Dental Accreditation and offered by an accredited institution of higher education, (iii) has passed the dental hygiene examination given by the Joint Commission on Dental Examinations, and (iv) has successfully completed a clinical examination acceptable to the Board.

C. The Board may grant a license to practice dental hygiene to an applicant licensed to practice in another jurisdiction if he (i) meets the requirements of subsection B; (ii) holds a current, unrestricted license to practice dental hygiene in another jurisdiction in the United States; (iii) has not committed any act that would constitute grounds for denial as set forth in § 54.1-2706; and (iv) meets other qualifications as determined in regulations promulgated by the Board.

D. A licensed dental hygienist may, under the direction or general supervision of a licensed dentist and subject to the regulations of the Board, perform services that are educational, diagnostic, therapeutic, or preventive. These services shall not include the establishment of a final diagnosis or treatment plan for a dental patient. Pursuant to subsection V of § 54.1-3408, a licensed dental hygienist may administer topical oral fluorides under an oral or written order or a standing protocol issued by a dentist or a doctor of medicine or osteopathic medicine.

A dentist may also authorize a dental hygienist under his direction to administer Schedule VI nitrous oxide and oxygen inhalation analgesia and, to persons 18 years of age or older, Schedule VI local anesthesia. In its regulations, the Board of Dentistry shall establish the education and training requirements for dental hygienists to administer such controlled substances under a dentist's direction.

For the purposes of this section, "general supervision" means that a dentist has evaluated the patient and prescribed authorized services to be provided by a dental hygienist; however, the dentist need not be present in the facility while the authorized services are being provided.

The Board shall provide for an inactive license for those dental hygienists who hold a current, unrestricted license to practice in the Commonwealth at the time of application for an inactive license and who do not wish to practice in Virginia. The Board shall promulgate such regulations as may be necessary to carry out the provisions of this section, including requirements for remedial education to activate a license.

E. For the purposes of this subsection, "remote supervision" means that a public health dentist has regular, periodic communications with a public health dental hygienist regarding patient treatment, but such dentist may not have conducted an initial examination of the patients who are to be seen and treated by the dental hygienist and may not be present with the dental hygienist when dental hygiene services are being provided.

Notwithstanding any provision of law, a dental hygienist employed by the Virginia Department of Health who holds a license issued by the Board of Dentistry may provide educational and preventative dental care in the Commonwealth under the remote supervision of a dentist employed by the Department of Health. A dental hygienist providing such services shall practice pursuant to a protocol adopted by the Commissioner of Health on September 23, 2010, having been developed jointly by (i) the medical directors of the Cumberland Plateau, Southside, and Lenowisco Health Districts; (ii) dental hygienists employed by the Department of Health; (iii) the Director of the Dental Health Division of the Department of Health; (iv) one representative of the Virginia Dental Association; and (v) one representative of the Virginia Dental Hygienists' Association. Such protocol shall be adopted by the Board as regulations.

A report of services provided by dental hygienists pursuant to such protocol, including their impact upon the oral health of the citizens of the Commonwealth, shall be prepared and submitted by the Department of Health to the Virginia Secretary of Health and Human Resources annually. Nothing in this section shall be construed to authorize or establish the independent practice of dental hygiene.

F. For the purposes of this subsection, "remote supervision" means that a *supervising* dentist is accessible and available for communication and consultation with a dental hygienist ~~employed by such dentist~~ during the delivery of dental hygiene

services, but such dentist may not have conducted an initial examination of the patients who are to be seen and treated by the dental hygienist and may not be present with the dental hygienist when dental hygiene services are being provided.

Notwithstanding any other provision of law, a dental hygienist may practice dental hygiene under the remote supervision of a dentist who holds an active, ~~unrestricted~~ license by the Board and who has a dental office practice physically located in the Commonwealth. No dental hygienist shall practice under remote supervision unless he has (i) completed a continuing education course *designed to develop the competencies needed to provide care under remote supervision* offered by an accredited dental education program or from a continuing education provider approved by the Board and (ii) at least two years of clinical experience, consisting of at least 2,500 hours of clinical experience. A dental hygienist practicing under remote supervision shall have professional liability insurance with policy limits acceptable to the supervising dentist. A dental hygienist shall only practice under remote supervision at a ~~community health center, federally qualified health center;~~ charitable safety net facility; free clinic; long-term care facility; elementary or secondary school; Head Start program; or women, infants, and children (WIC) program.

A dental hygienist practicing under remote supervision may (a) obtain a patient's treatment history and consent, (b) perform an oral assessment, (c) perform scaling and polishing, (d) perform all educational and preventative services, (e) take X-rays as ordered by the supervising dentist or consistent with a standing order, (f) maintain appropriate documentation in the patient's chart, (g) administer topical oral fluorides under an oral or written order or a standing protocol issued by a dentist or a doctor of medicine or osteopathic medicine pursuant to subsection V of § 54.1-3408, and (h) perform any other service ordered by the supervising dentist or required by statute or Board regulation. No dental hygienist practicing under remote supervision shall administer local anesthetic or nitrous oxide.

Prior to providing a patient dental hygiene services, a dental hygienist practicing under remote supervision shall obtain (1) the patient's or the patient's legal representative's signature on a statement disclosing that the delivery of dental hygiene services under remote supervision is not a substitute for the need for regular dental examinations by a dentist and (2) ~~verbal or written permission of any dentist who has treated the patient in the previous 12 months and can be identified by confirmation from the patient that he does not have a dentist of record whom he is seeing regularly.~~

After conducting an initial oral assessment of a patient, a dental hygienist practicing under remote supervision ~~shall consult with the supervising dentist prior to providing~~ may provide further dental hygiene services ~~if such patient is medically compromised or has periodontal disease~~ following a written practice protocol developed and provided by the supervising dentist. Such written practice protocol shall consider, at a minimum, the medical complexity of the patient and the presenting signs and symptoms of oral disease.

A dental hygienist practicing under remote supervision shall inform the supervising dentist of all findings for a patient. A dental hygienist practicing under remote supervision may continue to treat a patient for 90 days. After such 90-day period, the supervising dentist, absent emergent circumstances, shall either conduct an examination of the patient or refer the patient to another dentist to conduct an examination. The supervising dentist shall develop a *diagnosis and treatment* plan for the patient, and either the supervising dentist or the dental hygienist shall provide the treatment plan to the patient. The supervising dentist shall review a patient's records at least once every 10 months.

Nothing in this subsection shall prevent a dental hygienist from practicing dental hygiene under general supervision whether as an employee or as a volunteer.

**2. That the Board of Dentistry shall promulgate regulations to implement the provisions of this act to be effective within 280 days of its enactment.**

B. Nongeneral funds generated by fees collected on behalf of the health regulatory boards and accounted for and deposited into a special fund by the Director of the Department of Health Professions shall be held exclusively to cover the expenses of the health regulatory boards, the Health Practitioners' Monitoring Program, and the Department and Board of Health Professions and shall not be transferred to any agency other than the Department of Health Professions, except as provided in §§ 54.1-3011.1 and 54.1-3011.2.

**§ 54.1-2400. General powers and duties of health regulatory boards.**

The general powers and duties of health regulatory boards shall be:

1. To establish the qualifications for registration, certification, licensure, *permit*, or the issuance of a multistate licensure privilege in accordance with the applicable law which are necessary to ensure competence and integrity to engage in the regulated professions.

2. To examine or cause to be examined applicants for certification ~~or~~, licensure, *or registration*. Unless otherwise required by law, examinations shall be administered in writing or shall be a demonstration of manual skills.

3. To register, certify, license, or issue a multistate licensure privilege to qualified applicants as practitioners of the particular profession or professions regulated by such board.

4. To establish schedules for renewals of registration, certification, licensure, *permit*, and the issuance of a multistate licensure privilege.

5. To levy and collect fees for application processing, examination, registration, certification, *permitting*, or licensure or the issuance of a multistate licensure privilege and renewal that are sufficient to cover all expenses for the administration and operation of the Department of Health Professions, the Board of Health Professions, and the health regulatory boards.

6. To promulgate regulations in accordance with the Administrative Process Act (§ 2.2-4000 et seq.) that are reasonable and necessary to administer effectively the regulatory system, which shall include provisions for the satisfaction of board-required continuing education for individuals registered, certified, licensed, or issued a multistate licensure privilege by a health regulatory board through delivery of health care services, without compensation, to low-income individuals receiving health services through a local health department or a free clinic organized in whole or primarily for the delivery of those health services. Such regulations shall not conflict with the purposes and intent of this chapter or of Chapter 1 (§ 54.1-100 et seq.) and Chapter 25 (§ 54.1-2500 et seq.).

7. To revoke, suspend, restrict, or refuse to issue or renew a registration, certificate, license, *permit*, or multistate licensure privilege which such board has authority to issue for causes enumerated in applicable law and regulations.

8. To appoint designees from their membership or immediate staff to coordinate with the Director and the Health Practitioners' Monitoring Program Committee and to implement, as is necessary, the provisions of Chapter 25.1 (§ 54.1-2515 et seq.) of this title. Each health regulatory board shall appoint one such designee.

9. To take appropriate disciplinary action for violations of applicable law and regulations, and to accept, in their discretion, the surrender of a license, certificate, registration, *permit*, or multistate licensure privilege in lieu of disciplinary action.

10. To appoint a special conference committee, composed of not less than two members of a health regulatory board or, when required for special conference committees of the Board of Medicine, not less than two members of the Board and one member of the relevant advisory board, or, when required for special conference committees of the Board of Nursing, not less than one member of the Board and one member of the relevant advisory board, to act in accordance with § 2.2-4019 upon receipt of information that a practitioner or permit holder of the appropriate board may be subject to disciplinary action or to consider an application for a license, certification, registration, permit or multistate licensure privilege in nursing. The special conference committee may (i) exonerate; (ii) reinstate; (iii) place the practitioner or permit holder on probation with such terms as it may deem appropriate; (iv) reprimand; (v) modify a previous order; (vi) impose a monetary penalty pursuant to § 54.1-2401, (vii) deny or grant an application for licensure, certification, registration, permit, or multistate licensure privilege; and (viii) issue a restricted license, certification, registration, permit or multistate licensure privilege subject to terms and conditions. The order of the special conference committee shall become final 30 days after service of the order unless a written request to the board for a hearing is received within such time. If service of the decision to a party is accomplished by mail, three days shall be added to the 30-day period. Upon receiving a timely written request for a hearing, the board or a panel of the board shall then proceed with a hearing as provided in § 2.2-4020, and the action of the committee shall be vacated. This subdivision shall not be construed to limit the authority of a board to delegate to an appropriately qualified agency subordinate, as defined in § 2.2-4001, the authority to conduct informal fact-finding proceedings in accordance with § 2.2-4019, upon receipt of information that a practitioner may be subject to a disciplinary action. The recommendation of such subordinate may be considered by a panel consisting of at least five board members, or, if a quorum of the board is less than five members, consisting of a quorum of the members, convened for the purpose of issuing a case decision. Criteria for the appointment of an agency subordinate shall be set forth in regulations adopted by the board.

11. To convene, at their discretion, a panel consisting of at least five board members or, if a quorum of the board is less than five members, consisting of a quorum of the members to conduct formal proceedings pursuant to § 2.2-4020, decide the case, and issue a final agency case decision. Any decision rendered by majority vote of such panel shall have the same effect as if made by the full board and shall be subject to court review in accordance with the Administrative Process Act. No member who participates in an informal proceeding conducted in accordance with § 2.2-4019 shall serve on a panel conducting formal proceedings pursuant to § 2.2-4020 to consider the same matter.

12. To issue inactive licenses or certificates and promulgate regulations to carry out such purpose. Such regulations shall include, but not be limited to, the qualifications, renewal fees, and conditions for reactivation of licenses or certificates.

13. To meet by telephone conference call to consider settlement proposals in matters pending before special conference committees convened pursuant to this section, or matters referred for formal proceedings pursuant to § 2.2-4020 to a health regulatory board or a panel of the board or to consider modifications of previously issued board orders when such considerations have been requested by either of the parties.

14. To request and accept from a certified, registered, or licensed practitioner; *a facility holding a license, certification, registration, or permit*; or a person holding a multistate licensure privilege to practice nursing, in lieu of disciplinary action, a confidential consent agreement. A confidential consent agreement shall be subject to the confidentiality provisions of § 54.1-2400.2 and shall not be disclosed by a practitioner *or facility*. A confidential consent agreement shall include findings of fact and may include an admission or a finding of a violation. A confidential consent agreement shall not be considered either a notice or order of any health regulatory board, but it may be considered by a board in future disciplinary proceedings. A confidential consent agreement shall be entered into only in cases involving minor misconduct where there is little or no injury to a patient or the public and little likelihood of repetition by the practitioner *or facility*. A board shall not enter into a confidential consent agreement if there is probable cause to believe the practitioner *or facility* has (i) demonstrated gross negligence or intentional misconduct in the care of patients or (ii) conducted his practice in such a manner as to be a danger to the health and welfare of his patients or the public. A certified, registered, or licensed practitioner, *a facility holding a license, certification, registration, or permit, or a person holding a multistate licensure privilege to practice nursing* who has entered into two confidential consent agreements involving a standard of care violation, within the 10-year period immediately preceding a board's receipt of the most recent report or complaint being considered, shall receive public discipline for any subsequent violation within the 10-year period unless the board finds there are sufficient facts and circumstances to rebut the presumption that the disciplinary action be made public.

15. When a board has probable cause to believe a practitioner is unable to practice with reasonable skill and safety to patients because of excessive use of alcohol or drugs or physical or mental illness, the board, after preliminary investigation by an informal fact-finding proceeding, may direct that the practitioner submit to a mental or physical examination. Failure

to submit to the examination shall constitute grounds for disciplinary action. Any practitioner affected by this subsection shall be afforded reasonable opportunity to demonstrate that he is competent to practice with reasonable skill and safety to patients. For the purposes of this subdivision, "practitioner" shall include any person holding a multistate licensure privilege to practice nursing.

**§ 54.1-2401. Monetary penalty.**

Any person licensed, registered, *permitted*, or certified or issued a multistate licensure privilege by any health regulatory board who violates any provision of statute or regulation pertaining to that board and who is not criminally prosecuted, may be subject to the monetary penalty provided in this section. If the board or any special conference committee determines that a respondent has violated any provision of statute or regulation pertaining to the board, it shall determine the amount of any monetary penalty to be imposed for the violation, which shall not exceed \$5,000 for each violation. The penalty may be sued for and recovered in the name of the Commonwealth. All such monetary penalties shall be deposited in the Literary Fund.

**§ 54.1-2403. Certain advertising prohibited.**

No person licensed, *certified, registered, or permitted* by one of the boards within the Department shall use any form of advertising that contains any false, fraudulent, misleading, or deceptive statement or claim.

**§ 54.1-2408.2. Minimum period for reinstatement after revocation.**

When the certificate, registration, *permit*, or license of any person certified, registered, *permitted*, or licensed by one of the health regulatory boards has been revoked, the board may, after three years and upon the payment of a fee prescribed by the board, consider an application for reinstatement of a certificate, registration, *permit*, or license in the same manner as the original certificates, registrations, *permits*, or licenses are granted; however, if a license has been revoked pursuant to subdivision A 19 of § 54.1-2915, the board shall not consider an application for reinstatement until five years have passed since revocation. A board shall conduct an investigation and review an application for reinstatement after revocation to determine whether there are causes for denial of the application. The burden of proof shall be on the applicant to show by clear and convincing evidence that he is safe and competent to practice. The reinstatement of a certificate, registration, *permit*, or license shall require the affirmative vote of three-fourths of the members at the hearing. In the discretion of the board, such reinstatement may be granted without further examination.

**§ 54.1-2409.1. Criminal penalties for practicing certain professions and occupations without appropriate licensure, certificate, etc.**

Any person who, without holding a current valid license, *certificate, registration, permit*, or multistate licensure privilege, issued by a regulatory board pursuant to this title (i) performs an invasive procedure for which a license or multistate licensure privilege is required; (ii) administers, prescribes, sells, distributes, or dispenses a controlled drug; or (iii) practices a profession or occupation after having his license, *certificate, registration, permit*, or multistate licensure privilege to do so suspended or revoked shall be guilty of a Class 6 felony.

## CHAPTER 424

*An Act to amend and reenact § 58.1-512 of the Code of Virginia, relating to land preservation tax credit; per taxpayer limitation.*

[S 963]

Approved March 13, 2017

**Be it enacted by the General Assembly of Virginia:**

**1. That § 58.1-512 of the Code of Virginia is amended and reenacted as follows:**

**§ 58.1-512. Land preservation tax credits for individuals and corporations.**

A. For taxable years beginning on or after January 1, 2000, there shall be allowed as a credit against the tax liability imposed by §§ 58.1-320 and 58.1-400, an amount equal to 50 percent of the fair market value of any land or interest in land located in Virginia which is conveyed for the purpose of agricultural and forestal use, open space, natural resource, and/or biodiversity conservation, or land, agricultural, watershed and/or historic preservation, as an unconditional donation by the landowner/taxpayer to a public or private conservation agency eligible to hold such land and interests therein for conservation or preservation purposes. For such conveyances made on or after January 1, 2007, the tax credit shall be 40 percent of the fair market value of the land or interest in land so conveyed.

B. The fair market value of qualified donations made under this section shall be determined in accordance with § 58.1-512.1 and substantiated by a "qualified appraisal" prepared by a "qualified appraiser," as those terms are defined under applicable federal law and regulations governing charitable contributions. The value of the donated interest in land that qualifies for credit under this section, as determined according to appropriate federal law and regulations, shall be subject to the limits established by United States Internal Revenue Code § 170(e). In order to qualify for a tax credit under this section, the qualified appraisal shall be signed by the qualified appraiser, who must be licensed in the Commonwealth of Virginia as provided in § 54.1-2011, and a copy of the appraisal shall be submitted to the Department. In the event that any appraiser falsely or fraudulently overstates the value of the contributed property in an appraisal that the appraiser has signed, the Department may disallow further appraisals signed by the appraiser and shall refer the appraiser to the Real Estate Appraiser Board for appropriate disciplinary action pursuant to § 54.1-2013, which may include, but need not be limited to,

revocation of the appraiser's license. Any appraisal that, upon audit by the Department, is determined to be false or fraudulent, may be disregarded by the Department in determining the fair market value of the property and the amount of tax credit to be allowed under this section.

C. 1. The amount of the credit that may be claimed by each taxpayer, including credit claimed by applying unused credits as provided under subsection C of § 58.1-513, shall not exceed \$50,000 for 2000 taxable years; \$75,000 for 2001 taxable years; \$100,000 for each of 2002 through 2008 taxable years; \$50,000 for each of 2009, 2010, and 2011 taxable years; \$100,000 for each of 2012, 2013, and 2014 taxable years; \$20,000 for each of 2015 ~~and~~, 2016, *and* 2017 taxable years; and \$50,000 for ~~2017~~ 2018 taxable years and for each taxable year thereafter. However, for any fee simple donation of land conveyed to the Commonwealth on or after January 1, 2015, the amount of the credit claimed shall not exceed \$100,000 for each taxable year, provided that no part of the charitable contributions deduction under § 170 of the Internal Revenue Code related to such fee simple donation is allowable by reason of a sale or exchange of property. In addition, for each taxpayer, in any one taxable year the credit used may not exceed the amount of individual, fiduciary or corporate income tax otherwise due. Any portion of the credit that is unused in any one taxable year may be carried over for a maximum of 10 consecutive taxable years following the taxable year in which the credit originated until fully expended. A credit shall not be reduced by the amount of unused credit that could have been claimed in a prior year by the taxpayer but was unclaimed. For taxpayers affected by the credit reduction for taxable years 2009, 2010, 2011, and 2015 and thereafter, any portion of the credit that is unused in any one taxable year may be carried over for a maximum of 13 consecutive taxable years following the taxable year in which the credit originated until fully expended.

2. Qualified donations shall include the conveyance of a fee interest in real property or the conveyance in perpetuity of a less-than-fee interest in real property, such as a conservation restriction, preservation restriction, agricultural preservation restriction, or watershed preservation restriction, provided that such less-than-fee interest qualifies as a charitable deduction under § 170(h) of the United States Internal Revenue Code of 1986, as amended.

The Department of Conservation and Recreation shall compile an annual report on qualified donations of less-than-fee interests accepted by any public or private conservation agency in the respective calendar year and shall submit the report by December 1 of each year to the Chairmen of the House Committee on Appropriations, House Committee on Finance, and the Senate Committee on Finance. In preparing such report, the Department of Conservation and Recreation shall consult and coordinate with the Department of Taxation and the Departments of Forestry and Agriculture and Consumer Services to provide an estimate of the number of acres of land currently being used for "production agriculture and silviculture" as defined in § 3.2-300 that have been protected by qualified donations of less-than-fee interests. This report shall include information, when available, on land qualifying for credits being used for "production agriculture and silviculture" that have onsite operational best management practices, which are designed to reduce the amount of nutrients and sediment entering public waters. In addition, the report shall include information, when available, on riparian buffers, both vegetated/forested buffers and no-plow buffers, required by deed restriction on land qualifying for credits in order to protect water quality. This information shall be reported in summary fashion as appropriate to preserve confidentiality of information. Qualified donations shall not include the conveyance of a fee interest, or a less-than-fee interest, in real property by a charitable organization that (i) meets the definition of "holder" in § 10.1-1009 and (ii) holds one or more conservation easements acquired pursuant to the authority conferred on a "holder" by § 10.1-1010.

3. Any fee interest, or a less-than-fee interest, in real property that has been dedicated as open space within, or as part of, a residential subdivision or any other type of residential or commercial development; dedicated as open space in, or as part of, any real estate development plan; or dedicated for the purpose of fulfilling density requirements to obtain approvals for zoning, subdivision, site plan, or building permits shall not be a qualified donation under this article.

4. Qualified donations shall be eligible for the tax credit herein described if such donations are made to the Commonwealth of Virginia, an instrumentality thereof, or a charitable organization described in § 501(c)(3) of the United States Internal Revenue Code of 1986, as amended, if such charitable organization (i) meets the requirements of § 509(a)(2) or (ii) meets the requirements of § 509(a)(3) and is controlled by an organization described in § 509(a)(2).

5. The preservation, agricultural preservation, historic preservation or similar use and purpose of such property shall be assured in perpetuity. In the case of conveyances of a fee interest to a charitable organization that is a "holder" as defined in § 10.1-1009, the credit shall not be allowed until the charitable organization agrees that subsequent conveyances of the fee interest in the property will be (i) subject to a previous conveyance in perpetuity of a conservation easement, as that term is defined in § 10.1-1009, or subject to the conveyance in perpetuity of an open-space easement, as that term is defined in § 10.1-1700, or (ii) conveyed to the Commonwealth of Virginia or to a federal conservation agency. No credit shall be allowed with respect to any subsequent conveyances by the charitable organization.

D. The issuance of tax credits under this article for donations made on and after January 1, 2007, shall be in accordance with procedures and deadlines established by the Department and shall be administered under the following conditions:

1. The taxpayer shall apply for a credit after completing the donation by submitting a form or forms prescribed by the Department in consultation with the Department of Conservation and Recreation. If the application requests a credit of \$1 million or more or if the donation meets the conditions of subdivision 3 c, then a copy of the application shall also be filed with the Department of Conservation and Recreation by the taxpayer. The application shall include, but not be limited to:

- a. A description of the conservation purpose or purposes being served by the donation;
- b. The fair market value of land being donated in the absence of any easement or other restriction;
- c. The public benefit derived from the donation;

- d. The extent to which water quality best management practices will be implemented on the property; and
- e. Whether the property is fully or partially forested and a forest management plan is included in the terms of the donation.

2. Applications for otherwise qualified donations of a less-than-fee interest shall be accompanied by an affidavit describing how the donated interest in land meets the requirements of § 170(h) of the United States Internal Revenue Code of 1986, as amended, and the regulations adopted thereunder. The application with accompanying affidavit shall be submitted to the Department of Taxation, with a copy also provided to the Department of Conservation and Recreation.

3. a. No credit in the amount of \$1 million or more shall be issued with respect to a donation unless the conservation value of the donation has been verified by the Director of the Department of Conservation and Recreation, based on the criteria adopted by the Virginia Land Conservation Foundation for this purpose. Such criteria and subsequent amendments shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.), but the Virginia Land Conservation Foundation shall provide for adequate public participation, including adequate notice and opportunity to provide comments on the proposed criteria. The Director shall act on applications within 90 days of his receipt of a complete application and shall notify the taxpayer and the Department of Taxation of his action.

b. For purposes of determining whether a credit requires verification of the conservation value, the credits allowed under this article with respect to donations of any other portion of a recorded parcel of land within the preceding 11 years shall be aggregated with the credit claimed for the current donation. This subdivision shall not apply if (i) all owners of the parcel who have been allowed credit for a qualified donation are not affiliated with the person or entity seeking credit for the current donation of a different portion of the parcel and (ii) in the case of an individual seeking credit, the individual has not previously made a qualified donation for any portion of the parcel and is not an immediate family member of any such owners.

c. If (i) the real property that is the subject of the donation was partitioned from or part of another parcel of land and any other portion of such parcel, or any land partitioned from such parcel of land, has been allowed a tax credit under this article (or an application for tax credit is pending) within three years of such donation and (ii) the tax credit that would otherwise be allowed to the donor for such donation is at least \$250,000, then no credit under this article shall be issued with respect to such donation described in clause (i) unless the conservation value of the donation has been verified by the Director of the Department of Conservation and Recreation. The Director shall act on applications within 90 days of his receipt of a complete application and shall notify the taxpayer and the Department of Taxation of his action. Nothing in this subdivision shall be construed or interpreted (a) as allowing additional tax credit for any land or interest in land previously conveyed for which tax credit has already been allowed under this article or (b) affecting the validity of any tax credit allowed under this article for a prior conveyance of any land or interest in land.

4. a. Tax credits shall be issued on a calendar year basis, and in no case shall the Department issue more than the maximum allowed for the calendar year. The maximum amount of credits that may be issued in a calendar year shall be \$100 million plus any credits previously issued under this article but subsequently disallowed or invalidated by the Department. Credits previously issued but subsequently disallowed or invalidated shall be reissued in a subsequent calendar year. All credits shall be issued in the order that each complete application is filed. For filings by mail or a recognized commercial delivery service, the postmark or confirmation of shipment shall determine the date of filing. If within 30 days after an application for credits has been filed the Tax Commissioner provides written notice to the donor that he has determined that the preparation of a second qualified appraisal is warranted, the application shall not be deemed complete until the fair market value of the donation has been finally determined by the Tax Commissioner. The Tax Commissioner shall make a final determination within 180 days of notifying the donor, unless the donor has filed an appeal. The donor shall have the right to appeal any decision of the Department in accordance with the provisions of Chapter 18 (§ 58.1-1800 et seq.). If more than one complete application is filed at the same time, the credits with respect to those applications shall be issued in the order that the conveyances were recorded in the appropriate circuit court of the Commonwealth. In the event that a credit requires verification of the conservation value by the Department of Conservation and Recreation and such verification has not been received at the time the maximum \$100 million allowed is reached for the calendar year of the donation, such credit shall not be issued for that calendar year but shall be issued in the calendar year that the conservation value of the credit is verified by the Department of Conservation and Recreation.

No credit shall be allowed for any land or interest in land conveyed on or after July 1, 2015, unless a complete application for tax credit with regard to the conveyance has been filed with the Department by December 31 of the year following the calendar year of the conveyance. For filings by mail or a recognized commercial delivery service, the postmark or confirmation of shipment shall determine the date of filing. Solely for purposes of this condition, any application for which the Tax Commissioner has given written notice to the donor that the preparation of a second qualified appraisal is warranted shall be deemed timely filed, provided that the application was otherwise complete as of such filing deadline.

b. Beginning with calendar year 2008, the \$100 million amount contained in subdivision 4 a shall be increased by an amount equal to \$100 million multiplied by the percentage by which the consumer price index for all-urban consumers published by the United States Department of Labor (CPI-U) for the 12-month period ending August 31 of the preceding year exceeds the CPI-U for the 12-month period ending August 31, 2006.

c. Beginning with calendar year 2015, the maximum amount of credits that may be issued in a calendar year shall not exceed \$75 million. In no case shall the Department issue any tax credit for a donation from any allocation or pool of tax credits attributable to a calendar year prior to the year in which the complete tax credit application for the donation was filed.

Beginning with the submission due on or before December 20, 2015, and in each year thereafter, the Governor shall include in "The Budget Bill" submitted pursuant to subsection A of § 2.2-1509 or in his amendments to the general appropriation act in effect submitted pursuant to subsection E of § 2.2-1509 a recommended appropriation from the general fund equal to the difference between the amount calculated pursuant to subdivision b and \$75 million, but not more than \$20 million, to be allocated as follows: 80 percent to the Virginia Land Conservation Fund to be used in accordance with § 10.1-1020, with no less than 50 percent of such appropriation to be used for fee simple acquisitions with public access or acquisitions of easements with public access; 10 percent to the Virginia Battlefield Preservation Fund to be used in accordance with § 10.1-2202.4; and 10 percent to the Virginia Farmland Preservation Fund to be used in accordance with § 3.2-201.

5. a. Any taxpayer that has been issued a tax credit by the Department shall be allowed to use such credit for his or its taxable year that begins in the calendar year for which such credit was issued and for succeeding taxable years in accordance with the 10 consecutive taxable year carryforward provisions of this article, except for any taxpayer affected by the credit limitation for taxable years 2009, 2010, 2011, and 2015 and taxable years thereafter. Such a taxpayer shall be allowed to use such credit for his or its taxable year that begins in the calendar year for which such credit was issued and for succeeding taxable years in accordance with the 13 consecutive taxable year carryforward provisions of this article.

b. Any taxpayer to whom a credit has been transferred may use such credit for the taxable year in which the transfer occurred and unused amounts may be carried forward to succeeding taxable years, but in no event may such transferred credit be used more than 11 years after it was originally issued by the Department or in any taxable year of such taxpayer that ended prior to the date of transfer, except for any taxpayer affected by the credit limitation for taxable years 2009, 2010, 2011, and 2015 and taxable years thereafter. Such a taxpayer may use such credit for the taxable year in which the transfer occurred and unused amounts may be carried forward to succeeding taxable years, but in no event may such transferred credit be used more than 14 years after it was originally issued by the Department or in any taxable year of such taxpayer that ended prior to the date of transfer.

6. Neither the verification of conservation value by the Department of Conservation and Recreation nor the issuance of a credit by the Department of Taxation shall in any way be construed or interpreted as prohibiting the Department of Taxation or the Tax Commissioner from auditing any credit claimed pursuant to the provisions of this article or from assessing tax relating to the claiming of any credit under this article.

E. In any review or appeal before the Tax Commissioner or in any court in the Commonwealth the burden of proof shall be on the taxpayer to show that the fair market value and conservation value at the time of the qualified donation is consistent with this section and that all requirements of this article have been satisfied.

## CHAPTER 425

*An Act to amend and reenact § 58.1-439.12:03 of the Code of Virginia, relating to motion picture production tax credit.*

[S 982]

Approved March 13, 2017

### **Be it enacted by the General Assembly of Virginia:**

#### **1. That § 58.1-439.12:03 of the Code of Virginia is amended and reenacted as follows:**

##### **§ 58.1-439.12:03. Motion picture production tax credit.**

A. For taxable years beginning on and after January 1, 2011, but prior to January 1, ~~2019~~ 2022, any motion picture production company with qualifying expenses of at least \$250,000 with respect to a motion picture production filmed in Virginia shall be allowed a refundable credit against the taxes imposed by § 58.1-320 or 58.1-400 in an amount equal to 15 percent of the production company's qualifying expenses or 20 percent of such expenses if the production is filmed in an economically distressed area of the Commonwealth. The Virginia Economic Development Partnership Authority shall designate which areas of the Commonwealth are deemed to be economically distressed areas. The credit shall be computed based on all of the taxpayer's qualifying expenses incurred with respect to the production, not just the qualifying expenses incurred during the taxable year. The refundable tax credits allowed under this section are for one tax year only. Where a motion picture production continues for more than one year, a separate application for each tax year the production continues must be made. The grant of a refundable tax credit for a motion picture film production does not create a presumption that the production will receive a refundable tax credit for subsequent tax years. Effective on January 1, 2013, for purposes of eligibility for refundable tax credits, a motion picture film production shall include digital interactive media production.

"Qualifying expenses" means the sum of the following amounts spent in the Commonwealth by a production company in connection with the production of a motion picture filmed in the Commonwealth:

1. Goods and services leased or purchased. For goods with a purchase price of \$25,000 or more, the amount included in qualifying expenses is the purchase price less the fair market value of the good at the time the production is completed.

2. Compensation and wages, except in the case of each individual who directly or indirectly receives compensation in excess of \$1 million for personal services with respect to a single production. In such a case, only the first \$1 million of salary shall be considered a qualifying expense. An individual is deemed to receive compensation indirectly when a production company pays a personal service company or an employee leasing company that pays the individual.

B. 1. In addition to the refundable credit authorized under subsection A, such production company shall be allowed an additional refundable credit equal to 10 percent of the total aggregate payroll for Virginia residents employed in connection with the production of a film in the Commonwealth when total production costs in the Commonwealth are at least \$250,000 but not more than \$1 million. This additional credit shall be equal to 20 percent of the total aggregate payroll for Virginia residents employed in connection with such production when total production costs in the Commonwealth exceed \$1 million.

2. In addition to the credits authorized under subsection A and subdivision B 1, such production company shall be allowed an additional refundable credit equal to 10 percent of the total aggregate payroll for Virginia residents employed for the first time as actors or members of a production crew in connection with the production of a film in the Commonwealth.

C. 1. For purposes of this section, in the case of an episodic television series, an entire season of episodes shall be deemed to be one production.

2. No credit shall be allowed under this section for any production that (i) is political advertising, (ii) is a television production of a news program or live sporting event, (iii) contains obscene material, or (iv) is a reality television production.

D. 1. The issuance of refundable tax credits under this section shall be in accordance with procedures, qualifying criteria, and deadlines established by the Department and the Virginia Film Office. The qualifying criteria established by the Virginia Film Office shall take into account whether the production involves physical production within the Commonwealth of Virginia, the number of residents of Virginia that will be employed in the production and the level of compensation they will be paid, the extent to which the production will contribute to the support and expansion of existing production companies in Virginia, the extent to which the production will impact existing local businesses and the local economy, the extent to which the production will involve existing and new companies located in Virginia, and other relevant considerations. The taxpayer shall apply for a credit by submitting such forms as prescribed by the Virginia Film Office, prior to the start of production in Virginia.

2. Any taxpayer seeking credits under this section must enter into a memorandum of understanding with the Virginia Film Office that at a minimum provides the requirements that the taxpayer must meet in order to receive the credits, including but not limited to the estimated amount of money to be spent in Virginia, the timeline for completing production in Virginia, and the maximum amount of credits allocated to the taxpayer.

3. Once the taxpayer has satisfied all of the requirements in the memorandum of understanding to the satisfaction of the Virginia Film Office and completed production in Virginia, the taxpayer may claim the applicable amount of credits up to the amount that has been allocated by the Virginia Film Office on a return filed for the taxable year in which the Virginia production activities are completed. The return must state the name of the production, provide a description of the production, and include a detailed accounting of the qualifying expenses with respect to which a credit is claimed.

E. A taxpayer allowed a credit under this section must maintain and make available for inspection any information or records required by the Tax Commissioner. The taxpayer has the burden of proving eligibility for a credit and the amount of the credit. The Tax Commissioner shall consult with the Virginia Film Office in order to determine the amount of qualifying expenses.

F. For purposes of this section, the amount of any credit attributable to a partnership, electing small business corporation (S corporation), or limited liability company may be allocated to the individual partners, shareholders, or members, respectively, in proportion to their ownership or interest in such business entities.

G. The total amount of credits allocated to all taxpayers under this section shall not exceed \$2.5 million in the 2010-2012 biennium, \$5 million in the 2012-2014 biennium, and \$6.5 million in fiscal year 2015 and each fiscal year thereafter.

H. The Department of Taxation, in consultation with the Virginia Film Office, must publish by November 1 of each year for the 12-month period ending the preceding December 31 the following information:

1. Location of sites used in a production for which a credit was claimed;
2. Qualifying expenses for which a credit was claimed, classified by whether the expenses were for goods, services, or compensation paid by the production company;
3. Number of people employed in the Commonwealth with respect to credits claimed; and
4. Total cost to the Commonwealth's general fund of the credits claimed.

Notwithstanding any provision of § 58.1-3 or any other law, such information shall be published by the Department, even if such information is not classified, so as to prevent the identification of particular taxpayers, reports, or returns and items.

I. The Tax Commissioner shall develop guidelines implementing the provisions of this section, including but not limited to the definition of "qualifying expenses" and setting forth the recordkeeping requirements applicable to production companies claiming this credit. Such guidelines shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq.).

2. Any information of which he may become aware in his official capacity indicating, after reasonable investigation and consultation as needed with the appropriate internal boards or committees authorized to impose disciplinary action on a health professional, that there is a reasonable probability that such health professional may have engaged in unethical, fraudulent or unprofessional conduct as defined by the pertinent licensing statutes and regulations. **Be it enacted by the General Assembly of Virginia:**

**1. That § 18.2-186.6 of the Code of Virginia is amended and reenacted as follows:**

**§ 18.2-186.6. Breach of personal information notification.**

A. As used in this section:

"Breach of the security of the system" means the unauthorized access and acquisition of unencrypted and unredacted computerized data that compromises the security or confidentiality of personal information maintained by an individual or entity as part of a database of personal information regarding multiple individuals and that causes, or the individual or entity reasonably believes has caused, or will cause, identity theft or other fraud to any resident of the Commonwealth. Good faith acquisition of personal information by an employee or agent of an individual or entity for the purposes of the individual or entity is not a breach of the security of the system, provided that the personal information is not used for a purpose other than a lawful purpose of the individual or entity or subject to further unauthorized disclosure.

"Encrypted" means the transformation of data through the use of an algorithmic process into a form in which there is a low probability of assigning meaning without the use of a confidential process or key, or the securing of the information by another method that renders the data elements unreadable or unusable.

"Entity" includes corporations, business trusts, estates, partnerships, limited partnerships, limited liability partnerships, limited liability companies, associations, organizations, joint ventures, governments, governmental subdivisions, agencies, or instrumentalities or any other legal entity, whether for profit or not for profit.

"Financial institution" has the meaning given that term in 15 U.S.C. § 6809 (3).

"Individual" means a natural person.

"Notice" means:

1. Written notice to the last known postal address in the records of the individual or entity;
2. Telephone notice;
3. Electronic notice; or
4. Substitute notice, if the individual or the entity required to provide notice demonstrates that the cost of providing notice will exceed \$50,000, the affected class of Virginia residents to be notified exceeds 100,000 residents, or the individual or the entity does not have sufficient contact information or consent to provide notice as described in subdivisions 1, 2, or 3 of this definition. Substitute notice consists of all of the following:
  - a. E-mail notice if the individual or the entity has e-mail addresses for the members of the affected class of residents;
  - b. Conspicuous posting of the notice on the website of the individual or the entity if the individual or the entity maintains a website; and

- (4) A telephone number that the person may call for further information and assistance, if one exists; and
- (5) Advice that directs the person to remain vigilant by reviewing account statements and monitoring free credit reports.

"Personal information" means the first name or first initial and last name in combination with and linked to any one or more of the following data elements that relate to a resident of the Commonwealth, when the data elements are neither encrypted nor redacted:

3. Financial account number, or credit card or debit card number, in combination with any required security code, access code, or password that would permit access to a resident's financial accounts.

The term does not include information that is lawfully obtained from publicly available information, or from federal, state, or local government records lawfully made available to the general public.

Notice required by this section may be reasonably delayed to allow the individual or entity to determine the scope of the breach of the security of the system and restore the reasonable integrity of the system. Notice required by this section may be delayed if, after the individual or entity notifies a law-enforcement agency, the law-enforcement agency determines and advises the individual or entity that the notice will impede a criminal or civil investigation, or homeland or national security. Notice shall be made without unreasonable delay after the law-enforcement agency determines that the notification will no longer impede the investigation or jeopardize national or homeland security.

C. An individual or entity shall disclose the breach of the security of the system if encrypted information is accessed and acquired in an unencrypted form, or if the security breach involves a person with access to the encryption key and the individual or entity reasonably believes that such a breach has caused or will cause identity theft or other fraud to any resident of the Commonwealth.

F. An entity that maintains its own notification procedures as part of an information privacy or security policy for the treatment of personal information that are consistent with the timing requirements of this section shall be deemed to be in compliance with the notification requirements of this section if it notifies residents of the Commonwealth in accordance with its procedures in the event of a breach of the security of the system.

G. An entity that is subject to Title V of the Gramm-Leach-Bliley Act (15 U.S.C. § 6801 et seq.) and maintains procedures for notification of a breach of the security of the system in accordance with the provision of that Act and any rules, regulations, or guidelines promulgated thereto shall be deemed to be in compliance with this section.

H. An entity that complies with the notification requirements or procedures pursuant to the rules, regulations, procedures, or guidelines established by the entity's primary or functional state or federal regulator shall be in compliance with this section.

Nothing in this section shall limit an individual from recovering direct economic damages from a violation of this section.

J. A violation of this section by a state-chartered or licensed financial institution shall be enforceable exclusively by the financial institution's primary state regulator.

K. A violation of this section by an individual or entity regulated by the State Corporation Commission's Bureau of Insurance shall be enforced exclusively by the State Corporation Commission.

Notwithstanding any other provision of this section, any employer or payroll service provider that owns or licenses computerized data relating to income tax withheld pursuant to Article 16 (§ 58.1-460 et seq.) of Chapter 3 of Title 58.1 shall notify the Office of the Attorney General without unreasonable delay after the discovery or notification of unauthorized access and acquisition of unencrypted and unredacted computerized data containing a taxpayer identification number in combination with the income tax withheld for that taxpayer that compromises the confidentiality of such data and that creates a reasonable belief that an unencrypted and unredacted version of such information was accessed and acquired by an unauthorized person, and causes, or the employer or payroll provider reasonably believes has caused or will cause, identity theft or other fraud. With respect to employers, this subsection applies only to information regarding the employer's employees, and does not apply to information regarding the employer's customers or other non-employees.*

*Such employer or payroll service provider shall provide the Office of the Attorney General with the name and federal employer identification number of the employer as defined in § 58.1-460 that may be affected by the compromise in confidentiality.
