**§ 38.2-1016.1. Conversion of a health maintenance organization to an accident and sickness insurer.**

A. Any health maintenance organization domiciled in the Commonwealth and subject to the provisions of Chapter 43 (§ 38.2-4300 et seq.) may, at its option and without reincorporation, convert to an insurer licensed to write accident and sickness insurance, hereinafter referred to as the "converted insurer," by following the procedures set forth in this section. A health maintenance organization that becomes a converted insurer under this section shall have all of the rights to and titles and interests in the assets of the original health maintenance organization, as well as all of its liabilities and obligations.

B. A health maintenance organization eligible to become a converted insurer under subsection A may effect such conversion by (i) complying with the requirements for formation of a domestic insurer under Article 1 (§ 38.2-1000 et seq.); (ii) promptly filing with the Commission any necessary amendments to its articles of incorporation, bylaws, and other corporate documents pursuant to the provisions of Chapter 9 (§ 13.1-601 et seq.) of Title 13.1; and (iii) filing with the Commission such other information as the Commission may require to meet all of the requirements of an insurer in Virginia. When those requirements have been met, the Commission shall issue a license in accordance with the provisions of Article 5 (§ 38.2-1024 et seq.) to permit the converted insurer to conduct the business of accident and sickness insurance in the Commonwealth. Upon the issuance of the converted insurer's license, and except as provided in this section, the converted insurer shall be subject to all of the provisions of this title that pertain to insurers licensed pursuant to Article 5 (§ 38.2-1024 et seq.) of this chapter and the business of accident and sickness insurance.

C. After the effective date of the health maintenance organization's conversion to and licensure as an insurer, all of the converted insurer's individual and group health care plans, contracts, and evidences of coverage shall remain valid and in force in accordance with their terms until the earlier of (i) the expiration or termination of the plans, contracts, or evidences of coverage; or (ii) the last day of the eighteenth month after the effective date of conversion. For the period during which the converted insurer continues to provide or arrange for health care services under such health care plan or plans, the insurer's obligation to pay license taxes under Chapter 25 (§ 58.1-2500 et seq.) of Title 58.1 and fees for maintaining the Bureau of Insurance under Chapter 4 (§ 38.2-400 et seq.), which are, in all cases, attributable to such health care plan or plans, shall be the same as the license taxes and fees required of health maintenance organizations generally.

D. Except as provided herein, a converted insurer shall not, after the effective date of its conversion, use in its accident and sickness insurance policies, contracts or other literature (i) the words "health maintenance organization" or "HMO" or (ii) any other words descriptive of a health maintenance organization or deceptively similar to the name or description of any health maintenance organization then doing business in the Commonwealth in any manner that misrepresents the benefits, advantages, conditions, or terms of the converted insurer's insurance policies, contracts, or other literature.

E. For the purposes of handling the rehabilitation, liquidation, or conservation of a converted insurer, the provisions of Chapter 15 (§ 38.2-1500 et seq.) shall apply. Whenever an order has been entered pursuant to Chapter 15 authorizing the Commission or other receiver to proceed with the rehabilitation, liquidation, or conservation of a converted insurer, the Commission may utilize the provisions of §§ § 38.2-4310, ~~38.2-4317, and 38.2-4317.1~~ to protect the interests of enrollees in the converted insurer's health care plans. If a receivership occurs in a converted insurer that continues to provide or arrange for health care services under such health care plan or plans, contracts, or policies, the receiver shall consider these plans, contracts, or policies as existing in the converted insurer. The Commission or other receiver appointed pursuant to Chapter 15 shall allocate the assets, liabilities, and obligations of the insolvent converted insurer in the manner that the Commission or other receiver determines is fair and equitable to the insurer's accident and sickness insurance policyholders, health care plan enrollees, and other creditors. The accident and sickness insurance contracts and policies issued by the converted insurer shall be governed by the provisions applicable to the Virginia Life, Accident and Sickness Insurance Guaranty Association pursuant to Chapter 17 (§ 38.2-1700 et seq.). The health care plans, contracts, or policies of the converted insurer, associated with the business written as a health maintenance organization, shall be governed by the provisions of §§ § 38.2-4310, ~~38.2-4317, and 38.2-4317.1~~.

**§ 38.2-1700. Purpose and applicability of chapter.**

A. The purpose of this chapter is to protect, subject to certain limitations, the persons specified in subsection B against failure in the performance of contractual obligations, under life ~~and~~ accident and sickness insurance ~~policies~~, and annuity ~~policies, plans, or contracts~~ specified in subsection C because of the impairment or insolvency of the member insurer that issued the policies, ~~plans, or contracts~~. This chapter shall be construed to effect this purpose. To provide this protection, an

association of *member* insurers is created to pay benefits and to continue coverage as limited by this chapter, and members of the Association are subject to assessments to provide funds to carry out the purpose of this chapter.

B. This chapter shall provide coverage for the policies and contracts specified in subsection C as follows:

1. This chapter shall provide coverage, for the policies and contracts specified in subsection C, to persons who, regardless of where they reside, except for nonresident certificate holders under group policies or contracts, are the beneficiaries, assignees, or payees, *including health care providers rendering services covered under accident and sickness insurance policies or certificates*, of the persons covered under subdivision B 2.

2. This chapter shall provide coverage, for the policies and contracts specified in subsection C, to persons who are owners of or certificate holders *or enrollees* under the policies or contracts, other than unallocated annuity contracts and structured settlement annuities, and in each case who:

a. Are residents; or

b. Are not residents and (i) the *member* insurer that issued the policies or contracts is domiciled in the Commonwealth, (ii) the states in which the persons reside have associations similar to the Association, and (iii) the persons are not eligible for coverage by an association in any other state due to the fact that the insurer *or health maintenance organization* was not licensed in the state at the time specified in the state's guaranty association law.

3. For unallocated annuity contracts specified in subsection C, subdivisions B 1 and B 2 shall not apply, and this chapter, except as provided in subdivisions B 5 and B 6, shall provide coverage to persons who are the owners of the unallocated annuity contracts if the contracts are issued to or in connection with a specific benefit plan whose plan sponsor has its principal place of business in ~~this~~ the Commonwealth.

4. For structured settlement annuities specified in subsection C, subdivision B 1 and B 2 shall not apply and this chapter, except as provided in subdivisions B 5 and B 6, shall provide coverage to a person who is a payee under a structured settlement annuity, or beneficiary of a payee if the payee is deceased, if the payee:

a. Is a resident, regardless of where the contract owner resides; or

b. Is not a resident and both (i) the contract owner of the structured settlement annuity is (a) a resident or (b) not a resident but the insurer that issued the structured settlement annuity is domiciled in the Commonwealth and the state in which the contract owner resides has an association similar to the Association; and (ii) neither the payee or beneficiary, nor the contract owner is eligible for coverage by the association of the state in which the payee or contract owner resides.

5. This chapter shall not provide coverage to:

a. A person who is a payee, or beneficiary, of a contract owner resident of the Commonwealth if the payee, or beneficiary, is afforded any coverage by the association of another state; or

b. A person covered under subdivision B 3 if any coverage is provided by the association of another state to the person.

6. This chapter is intended to provide coverage to a person who is a resident of the Commonwealth and, in special circumstances, to a nonresident. In order to avoid duplicate coverage, if a person who would otherwise receive coverage under this chapter is provided coverage under the laws of any other state, the person shall not be provided coverage under this chapter. In determining the application of the provisions of this subdivision in situations where a person could be covered by the association of more than one state, whether as an owner, payee, *enrollee*, beneficiary, or assignee, this chapter shall be construed in conjunction with other state laws to result in coverage by only one association.

C. This chapter shall:

1. Provide coverage to the persons specified in subsection B for *policies or contracts of direct, nongroup life insurance, accident and sickness insurance, which for the purposes of this chapter includes health maintenance organization subscriber contracts and certificates, or annuity policies or contracts annuities*, and supplemental contracts to any of these, for certificates under direct group policies and contracts, and for unallocated annuity contracts issued by member insurers, in each case except as limited by this chapter. Annuity contracts and certificates under group annuity contracts include guaranteed investment contracts, deposit administration contracts, unallocated funding agreements, allocated funding agreements, structured settlement annuities, and any immediate or deferred annuity contracts. This chapter shall apply also to dental benefit contracts entered into with a dental plan organization as provided in Chapter 61 (§ 38.2-6100 et seq.).

2. ~~Not~~ *Except as otherwise provided in subdivision 3, not* provide coverage for:

b. A policy or contract of reinsurance, unless assumption certificates have been issued pursuant to the reinsurance policy or contract;

c. A portion of a policy or contract to the extent that the rate of interest on which it is based, or the interest rate, crediting rate, or similar factor determined by use of an index or other external reference stated in the policy or contract employed in calculating returns or changes in value:

(1) Averaged over the period of four years prior to the date on which the member insurer becomes an impaired or insolvent insurer under this chapter, whichever is earlier, exceeds the rate of interest determined by subtracting two percentage points from Moody's Corporate Bond Yield Average averaged for that same four-year period or for such lesser period if the policy or contract was issued less than four years before the member insurer becomes an impaired or insolvent insurer under this chapter, whichever is earlier; and

(2) On and after the date on which the member insurer becomes an impaired or insolvent insurer under this chapter, whichever is earlier, exceeds the rate of interest determined by subtracting three percentage points from Moody's Corporate Bond Yield Average as most recently available;

d. A portion of a policy or contract issued to a plan or program of an employer, association, or other person to provide life, health, or annuity benefits to its employees, members, or others, to the extent that the plan or program is self-funded or uninsured, including but not limited to benefits payable by an employer, association, or other person under:

- (1) A multiple employer welfare arrangement as defined in 29 U.S.C. § 1144;
- (2) A minimum premium group insurance plan;
- (3) A stop-loss agreement described in subsection B of § 38.2-109; or

h. A portion of an unallocated annuity contract that is not issued to or in connection with a specific employee, union, or association of natural persons benefit plan;

i. A portion of a policy or contract to the extent that the assessments required by § 38.2-1705 with respect to the policy or contract are preempted by federal or state law;

j. An obligation that does not arise under the express written terms of the policy or contract issued by the *member insurer* to the *enrollee, certificate holder, contract owner, or policy owner*, including:

- (1) Claims based on marketing materials;
- (2) Claims based on side letters, riders, or other documents that were issued by the *member insurer* without meeting applicable policy *or contract* form filing or approval requirements;

l. A portion of a policy or contract to the extent it provides for interest or other changes in value to be determined by the use of an index or other external reference stated in the policy or contract, but which have not been credited to the policy or contract, or as to which the policy or contract owner's rights are subject to forfeiture, as of the date the member insurer becomes an impaired or insolvent insurer under this chapter, whichever is earlier. If a policy's or contract's interest or changes in value are credited less frequently than annually, then for purposes of determining the values that have been credited and are not subject to forfeiture under this subdivision, the interest or change in value determined by using the procedures defined in the policy or contract will be credited as if the contractual date of crediting interest or changing values was the date of impairment or insolvency, whichever is earlier, and will not be subject to forfeiture;

(3) \$250,000 in the present value of annuity benefits, including net cash surrender and net cash withdrawal values;

b. Each individual participating in a benefit plan established under Section 401, 403(b) or 457 of the U.S. Internal Revenue Code who (i) selected an investment option that includes investment in unallocated annuity contracts and (ii) is covered by such an unallocated annuity contract, including the beneficiaries of each such individual if deceased, in the aggregate, \$250,000 in present value of annuity benefits, including net cash surrender and net cash withdrawal values;

However, in the case where one or more unallocated annuity contracts are covered contracts under this chapter and are owned by a trust or other entity for the benefit or two or more plan sponsors, coverage shall be afforded by the Association if the largest interest in the trust or entity owning the contract or contracts is held by a plan sponsor whose principal place of business is in the Commonwealth and in no event shall the Association be obligated to cover more than \$5 million in benefits with respect to all such unallocated contracts.

e. In no event shall the Association be obligated to cover (i) more than an aggregate of \$350,000 in benefits with respect to any one life under subdivisions D 2 a, b, and c except with respect to benefits for ~~basic hospital, medical and surgical insurance, and major medical insurance health benefit plans~~ under subdivision D 2 a (2), in which case the aggregate liability of the Association shall not exceed \$500,000 with respect to any one individual, or (ii) with respect to one owner of multiple nongroup policies of life insurance, whether the policy *or contract* owner is an individual, firm, corporation, or other person, and whether the persons insured are officers, managers, employees, or other persons, more than \$5 million in benefits, regardless of the number of policies and contracts held by the owner.

The costs of the Association's obligations under this chapter may be met by the use of assets attributable to covered policies or reimbursed to the Association pursuant to its subrogation and assignment rights.

g. *For purposes of this chapter, benefits provided by a long-term care rider to a life insurance policy or annuity contract shall be considered the same type of benefits as the base life insurance policy or annuity contract to which such rider relates.*

d. In providing the substitute coverage required under subdivision 2 c, the Association may offer either to reissue the terminated coverage or to issue an alternative policy *or contract at actuarially justified rates, subject to the prior approval of the Commission*. Alternative or reissued policies shall be offered without requiring evidence of insurability, and shall not provide for any waiting period or exclusion that would not have applied under the terminated policy *or contract*. The Association may reinsure any alternative or reissued policy *or contract*;

e. Alternative policies *or contracts* adopted by the Association shall be subject to the approval of the ~~domiciliary insurance commissioner and the receivership court~~ *Commission*. The Association may adopt alternative policies *or contracts* of various types for future issuance without regard to any particular impairment or insolvency. Alternative policies *or contracts* shall contain at least the minimum statutory provisions required in ~~this~~ *the* Commonwealth and provide benefits that shall not be unreasonable in relation to the premium charged. The Association shall set the premium in accordance with a table of rates that it shall adopt. The premium shall reflect the amount of insurance to be provided and the age and class of risk of each insured, but shall not reflect any changes in the health of the insured after the original policy *or contract* was last underwritten. Any alternative policy *or contract* issued by the Association shall provide coverage of a type similar to that of the policy *or contract* issued by the impaired or insolvent insurer, as determined by the Association;

f. If the Association elects to reissue terminated coverage at a premium rate different from that charged under the terminated policy *or contract*, the premium shall be *actuarially justified and* set by the Association in accordance with the amount of insurance *or coverage* provided and the age and class of risk, subject to approval of the ~~domiciliary insurance commissioner and the receivership court~~ *Commission*;

g. The Association's obligations with respect to coverage under any policy *or contract* of the impaired or insolvent insurer or under any reissued or alternative policy *or contract* shall cease on the date the coverage or policy *or contract* is replaced by another similar policy *or contract* by the policy *or contract* owner, the insured, *the enrollee*, or the Association; and

h. When proceeding under subdivision B 2 with respect to a policy or contract carrying guaranteed minimum interest rates, the Association shall assure the payment or crediting of a rate of interest consistent with subdivision C 2 c of § 38.2-1700.

C. Nonpayment of premiums within 31 days after the date required under the terms of any guaranteed, assumed, alternative, or reissued policy or contract or substitute coverage shall terminate the Association's obligations under the policy *or contract* or coverage under this chapter with respect to the policy, *contract*, or coverage, except with respect to any claims incurred or any net cash surrender value that may be due in accordance with the provisions of this chapter.

D. Premiums due for coverage after entry of an order of liquidation of an insolvent insurer shall belong to and be payable at the direction of the Association. If the liquidator of an insolvent insurer requests, the Association shall provide a report to the liquidator regarding such premium collected by the Association. The Association shall be liable for unearned premiums due to policy or contract owners arising after the entry of the order.

E. The protection provided by this chapter shall not apply where the Commission has determined that the foreign or alien insurer's domiciliary jurisdiction or state of entry provides substantially similar protection by statute or regulation for residents of ~~this~~ *the* Commonwealth.

F. In carrying out its duties under subsection B, the Association may:

1. Subject to approval by the Commission, impose permanent policy contract liens in connection with a guarantee, assumption, or reinsurance agreement, if the Association finds that the amounts that can be assessed under this chapter are less than the amounts needed to assure full and prompt performance of the Association's duties under this chapter, or that economic or financial conditions as they affect member insurers are sufficiently adverse to render the imposition of such permanent policy or contract liens to be in the public interest; and

2. Subject to approval by the Commission, impose temporary moratoriums or liens on payments of cash values and policy loans or any other right to withdraw funds held in conjunction with policies or contracts, in addition to any contractual provisions for deferral of cash or policy loan values. In addition, in the event of a temporary moratorium or moratorium charge imposed by the receivership court on payment of cash values or policy loans, or on any other right to withdraw funds held in conjunction with policies or contracts, out of the assets of the impaired or insolvent insurer, the Association may defer the payment of cash values, policy loans, or other rights by the Association for the period of the moratorium or moratorium charge imposed by the receivership court, except for claims covered by the Association to be paid in accordance with a hardship procedure established by the liquidator or rehabilitator and approved by the receivership court.

G. A deposit in ~~this~~ *the* Commonwealth, held pursuant to law or required by the Commission for the benefit of creditors, including policy *or contract* owners, not turned over to the domiciliary liquidator upon the entry of a final order of

liquidation or order approving a rehabilitation plan of ~~an~~ *a member* insurer domiciled in ~~this~~ *the* Commonwealth or in a reciprocal state, pursuant to Article 7 (§ 38.2-1045 et seq.) of Chapter 10 shall be promptly paid to the Association. The Association shall be entitled to retain a portion of any amount so paid to it equal to the percentage determined by dividing the aggregate amount of policy *or contract* owners' claims related to that insolvency for which the Association has provided statutory benefits by the aggregate amount of all policy *or contract* owners' claims in ~~this~~ *the* Commonwealth related to that insolvency and shall remit to the domiciliary receiver the amount so paid to the Association less the amount retained pursuant to this subsection. Any amount so paid to the Association and retained by it shall be treated as a distribution of estate assets pursuant to applicable state receivership law dealing with early access disbursements.

H. If the Association fails to act within a reasonable period of time with respect to an insolvent insurer, as provided in subsection B, the Commission shall have the powers and duties of the Association under this chapter with respect to the insolvent insurer.

I. The Association may render assistance and advice to the Commission, upon the Commission's request, concerning rehabilitation, payment of claims, continuation of coverage, or the performance of other contractual obligations of an impaired or insolvent insurer.

J. The Association shall have standing to appear or intervene before the Commission or any court or agency in the Commonwealth with jurisdiction over an impaired or insolvent insurer concerning which the Association is or may become obligated under this chapter or with jurisdiction over any person or property against which the Association may have rights through subrogation or otherwise. Standing shall extend to all matters germane to the powers and duties of the Association, including proposals for reinsuring, *reissuing*, modifying, or guaranteeing the policies or contracts of the impaired or insolvent insurer and the determination of the policies or contracts and contractual obligations. The Association shall also have the right to appear or intervene before a court or agency in another state with jurisdiction over an impaired or insolvent insurer for which the Association is or may become obligated or with jurisdiction over any person or property against whom the Association may have rights through subrogation or otherwise.

K. 1. Any person receiving benefits under this chapter shall be deemed to have assigned the rights under, and any causes of action against any person for losses arising under, resulting from, or otherwise relating to, the covered policy or contract to the Association to the extent of the benefits received because of this chapter, whether the benefits are payments of or on account of contractual obligations, continuation of coverage, or provision of substitute or alternative *policies, contracts, or coverages*. The Association may require an assignment to it of such rights and causes of action by any *enrollee*, payee, policy or contract owner, beneficiary, insured, or annuitant as a condition precedent to the receipt of any right or benefits conferred by this chapter upon the person.

2. The subrogation rights of the Association under this subsection shall have the same priority against the assets of the insolvent insurer as that possessed by the person entitled to receive benefits under this chapter.

3. In addition to the rights provided by subdivisions K 1 and K 2, the Association shall have all common law rights of subrogation and any other equitable or legal remedy that would have been available to the impaired or insolvent insurer or owner, beneficiary, *enrollee*, or payee of a policy or contract with respect to the policy or contract, including, in the case of a structured settlement annuity, any rights of the owner, beneficiary, or payee of the annuity, to the extent of benefits received pursuant to this chapter, against a person originally or by succession responsible for the losses arising from the personal injury relating to the annuity or payment therefor, excepting any such person responsible solely by reason of serving as an assignee in respect of a qualified assignment under § 130 of the Internal Revenue Code.

4. If ~~subdivision~~ *subdivisions* K 1 ~~through K~~ 2, and 3 are invalid or ineffective with respect to any person or claim for any reason, the amount payable by the Association with respect to the related covered obligations shall be reduced by the amount realized by any other person with respect to the person or claim that is attributable to the policies *or contracts*, or portion thereof, covered by the Association.

5. If the Association has provided benefits with respect to a covered obligation and a person recovers amounts to which the Association has rights as described in subdivisions K 1 through K 4, the person shall pay to the Association the portion of the recovery attributable to the policies *or contracts*, or portion thereof, covered by the Association.

L. In addition to the rights and powers granted to it elsewhere in this chapter, the Association may:

1. Enter into such contracts as are necessary or proper to carry out the provisions and purposes of this chapter;
2. Sue or be sued, including taking any legal actions necessary or proper to recover any unpaid assessments under § 38.2-1705 and to settle any claims or potential claims against it;
3. Borrow money to effect the purposes of this chapter. Any notes or other evidence of indebtedness of the Association not in default shall be Category 1 investments, as defined in § 38.2-1401, for domestic *member* insurers;
4. Employ or retain such persons as are necessary or appropriate to handle the financial transactions of the Association, and to perform other functions as become necessary or proper under this chapter;
5. Negotiate and contract with any liquidator, rehabilitator, conservator, or ancillary receiver to carry out the powers and duties of the Association;
6. Take such legal action as may be necessary or appropriate to avoid or recover payment of improper claims;
7. Exercise, for the purposes of this chapter and to the extent approved by the Commission, the powers of a domestic life ~~or insurer~~, accident and sickness insurer, *or health maintenance organization*, but in no case may the Association issue ~~insurance~~ policies or ~~annuity~~ contracts other than those issued to perform its obligations under this chapter;
8. Organize itself as a corporation or in other legal form permitted by the laws of the Commonwealth;

9. Request information from a person seeking coverage from the Association in order to aid the Association in determining its obligations under this chapter with respect to the person, and the person shall promptly comply with the request; ~~and~~

10. *In accordance with the terms and conditions of the policy or contract, file for actuarially justified rate or premium increases for any policy or contract for which it provides coverage under this chapter; and*

11. Take other necessary or appropriate action to discharge its duties and obligations under this chapter or to exercise its powers under this chapter.

M. The Association may join an organization of one or more other state associations of similar purposes, to further the purposes and administer the powers and duties of the Association.

N. 1. a. At any time within 180 days of the date of the order of liquidation, the Association may elect to succeed to the rights and obligations of the ceding member insurer that relate to policies, *contracts*, or annuities covered, in whole or in part, by the Association, in each case under any one or more reinsurance contracts entered into by the insolvent insurer and its reinsurers and selected by the Association. Any such assumption shall be effective as of the date of the order of liquidation. The election shall be effected by the Association or any agent of the Association on the Association's behalf sending written notice, return receipt requested, to the affected reinsurers.

b. To facilitate the earliest practicable decision about whether to assume any of the contracts of reinsurance, and in order to protect the financial position of the estate, the receiver and each reinsurer of the ceding member insurer shall make available upon request to the Association or to any agent of the Association on the Association's behalf as soon as possible after commencement of formal delinquency proceedings (i) copies of in-force contracts of reinsurance and all related files and records relevant to the determination of whether such contracts should be assumed and (ii) notices of any defaults under the reinsurance contracts or any known event or condition which with the passage of time could become a default under the reinsurance contracts.

c. The following shall apply to reinsurance contracts so assumed by the Association:

(1) The Association shall be responsible for all unpaid premiums due under the reinsurance contracts for periods both before and after the date of the order of liquidation, and shall be responsible for the performance of all other obligations to be performed after the date of the order of liquidation, in each case which relate to policies, *contracts*, or annuities covered, in whole or in part, by the Association. The Association may charge policies, *contracts*, or annuities covered in part by the Association, through reasonable allocation methods, the costs for reinsurance in excess of the obligations of the Association and shall provide notice and an accounting of these charges to the liquidator;

(2) The Association shall be entitled to any amounts payable by the reinsurer under the reinsurance contracts with respect to losses or events that occur in periods after the date of the order of liquidation and that relate to policies, *contracts*, or annuities covered, in whole or in part, by the Association, provided that, upon receipt of any such amounts, the Association shall be obliged to pay to the beneficiary, under the policy, *contract*, or annuity on account of which the amounts were paid, a portion of the amount equal to the lesser of (i) the amount received by the Association and (ii) the excess of the amount received by the Association over the amount equal to the benefits paid by the Association on account of the policy, *contract*, or annuity less the retention of the insurer applicable to the loss or event;

(3) Within 30 days following the Association's election (the election date), the Association and each reinsurer under contracts assumed by the Association shall calculate the net balance due to or from the Association under each reinsurance contract as of the election date with respect to policies, *contracts*, or annuities covered, in whole or in part, by the Association, which calculation shall give full credit to all items paid by either the *member* insurer or its receiver or the reinsurer prior to the election date. The reinsurer shall pay the receiver any amounts due for losses or events prior to the date of the order of liquidation, subject to any set-off for premiums unpaid for periods prior to the date, and the Association or reinsurer shall pay any remaining balance due the other, in each case within five days of the completion of the aforementioned calculation. Any disputes over the amounts due to either the Association or the reinsurer shall be resolved by arbitration pursuant to the terms of the affected reinsurance contract or, if the contract contains no arbitration clause, as otherwise provided by law. If the receiver has received any amounts due the Association pursuant to subdivision N 1 c (2), the receiver shall remit the same to the Association as promptly as practicable; and

(4) If the Association or receiver, on the Association's behalf, within 60 days of the election date, pays the unpaid premiums due for periods both before and after the election date that relate to policies, *contracts*, or annuities covered, in whole or in part, by the Association, the reinsurer shall not be entitled to terminate the reinsurance contracts for failure to pay premium insofar as the reinsurance contracts related to policies, *contracts*, or annuities covered, in whole or in part, by the Association, and shall not be entitled to set off any unpaid amounts due under other contracts, or unpaid amounts due from parties other than the Association, against amounts due the Association.

2. During the period from the date of the order of liquidation until the election date (or, if the election date does not occur, until 180 days after the date of the order of liquidation),

a. Neither the Association nor the reinsurer shall have any rights or obligations under reinsurance contracts that the Association has the right to assume under subdivision N 1, whether for periods prior to or after the date of the order of liquidation; and the reinsurer, the receiver, and the Association shall, to the extent practicable, provide each other data and records reasonably requested;

b. Provided that once the Association has elected to assume a reinsurance contract, the parties' rights and obligations shall be governed by subdivision N 1.

3. If the Association does not elect to assume a reinsurance contract by the election date pursuant to subdivision N 1, the Association shall have no rights or obligations, in each case for periods both before and after the date of the order of liquidation, with respect to the reinsurance contract.

4. When policies, *contracts*, or annuities, or covered obligations with respect thereto, are transferred to an assuming insurer, reinsurance on the policies, *contracts*, or annuities may also be transferred by the Association, in the case of contracts assumed under subdivision N 1, subject to the following:

a. Unless the reinsurer and the assuming insurer agree otherwise, the reinsurance contract transferred shall not cover any new policies of insurance, *contracts*, or annuities in addition to those transferred;

b. The obligations described in subdivision N 1 shall no longer apply with respect to matters arising after the effective date of the transfer; and

c. Notice shall be given in writing, return receipt requested, by the transferring party to the affected reinsurer not less than 30 days prior to the effective date of the transfer.

5. The provisions of this subsection shall supersede the provisions of any *Commonwealth* law or of any affected reinsurance contract that provides for or requires any payment of reinsurance proceeds, on account of losses or events that occur in periods after the date of the order of liquidation, to the receiver of the insolvent insurer or any other person. The receiver shall remain entitled to any amounts payable by the reinsurer under the reinsurance contracts with respect to losses or events that occur in periods prior to the date of the order of liquidation, subject to applicable setoff provisions.

6. Except as otherwise provided in this section, nothing in this subsection shall alter or modify the terms and conditions of any reinsurance contract. Nothing in this section shall abrogate or limit any rights of any reinsurer to claim that it is entitled to rescind a reinsurance contract. Nothing in this section shall give a policy holder, *contract owner*, *enrollee*, *certificate holder*, or beneficiary an independent cause of action against a reinsurer that is not otherwise set forth in the reinsurance contract. Nothing in this section shall limit or affect the Association's rights as a creditor of the estate against the assets of the estate. Nothing in this section shall apply to reinsurance agreements covering property or casualty risks.

O. The board of directors of the Association shall have discretion and may exercise good faith business judgment to determine the means by which the Association is to provide the benefits of this chapter in an economical and efficient manner.

P. Where the Association has arranged or offered to provide the benefits of this chapter to a covered person under a plan or arrangement that fulfills the Association's obligations under this chapter, the person shall not be entitled to benefits from the Association in addition to or other than those provided under the plan or arrangement.

Q. Venue in a suit against the Association arising under this chapter shall be in the circuit court of the city or county in which the Association has its principal place of business except that any suit to which the Commission is a party shall be brought before the Commission. The Association shall not be required to give an appeal bond in an appeal that relates to a cause of action arising under this chapter.

R. In carrying out its duties in connection with guaranteeing, assuming, *reissuing*, or reinsuring policies or contracts under subsection A or B, the Association may, ~~subject to approval of the receivership court,~~ issue substitute coverage for a policy or contract that provides an interest rate, crediting rate or similar factor determined by use of an index or other external reference stated in the policy or contract employed in calculating returns or changes in value by issuing an alternative policy or contract in accordance with the following provisions:

1. In lieu of the index or other external reference provided for in the original policy or contract, the alternative policy or contract provides for (i) a fixed interest rate, (ii) payment of dividends with minimum guarantees, or (iii) a different method for calculating interest or changes in value;

2. There is no requirement for evidence of insurability, waiting period, or other exclusion that would not have applied under the replaced policy or contract; and

3. The alternative policy or contract is similar to the replaced policy or contract in all other material terms.

#### § 38.2-1705. Assessments.

A. For the purpose of providing the funds necessary to carry out the powers and duties of the Association, the board of directors shall assess the member insurers, separately for each account, at such time and for any amounts as the board finds necessary. Assessments shall be due not less than 30 days after prior written notice has been given to the member insurers. Late payments shall accrue interest from the due date compounded quarterly, based upon the average ~~90 day~~ 90-day treasury bill rate for the most recently completed calendar quarter as published in the Federal Reserve Bulletin and shall be subject to a minimum charge of \$50.

B. There shall be two classes of assessments, as follows:

1. Class A assessments shall be authorized and called for the purpose of meeting administrative and legal costs and other expenses. Class A assessments may be authorized and called whether or not related to a particular impaired or insolvent insurer.

2. Class B assessments shall be authorized and called to the extent necessary to carry out the powers and duties of the Association under § 38.2-1704 with regard to an impaired or an insolvent insurer.

C. 1. The amount of any Class A assessment shall be determined by the board and may be authorized and called for current member insurers on a ~~pro-rata~~ *pro-rata* or ~~nonpro-rata~~ *non-pro-rata* basis. If *pro-rata*, the board may provide that it be credited against future Class B assessments. ~~The total of all nonpro-rata assessments shall not exceed \$500 per member insurer in any one calendar year.~~ The amount of a Class B assessment, *except for assessments related to long-term care*

insurance, shall be allocated for assessment purposes ~~among~~ *between the accounts and among the subaccounts of the life insurance and annuity account*, pursuant to an allocation formula which may be based on the premiums or reserves of the impaired or insolvent insurer or any other standard deemed by the board in its sole discretion as being fair and reasonable under the circumstances. *The amount of the Class B assessment for long-term care insurance written by the impaired or insolvent insurer shall be allocated according to a methodology included in the plan of operation and approved by the Commission. The methodology shall provide for 50 percent of the assessment to be allocated to accident and sickness member insurers and 50 percent to be allocated to life and annuity member insurers.*

2. *In determining the shares that shall be allocated to the life insurance and annuity account pursuant to the methodology in subdivision C 1, the guaranty association shall use the following formula:  $= (0.50 - \text{Life and annuity member insurers' share of Accident and Sickness Account}) / (\text{Life and annuity member insurers' share of Life Insurance and Annuity Account} - \text{Life and annuity member insurers' share of Accident and Sickness Account})$ .*

3. *For the purposes of the methodology in subdivision C 1 and the formula in subdivision C 2 only, "life and annuity member insurer" means a member insurer for which (i) the sum of its assessable life insurance premiums and annuity premiums is greater than or equal to (ii) its assessable accident and sickness insurance premiums, which shall include its assessable health maintenance organization premiums but shall exclude its assessable premiums written for disability income and long-term care insurance. For purposes of this definition, assessable premiums shall be measured within the state. An "accident and sickness member insurer" means any member insurer not defined as a "life and annuity member insurer."*

~~2.~~ 4. Class B assessments against member insurers for each account and subaccount shall be in the proportion that the premiums received on business in ~~this~~ *the Commonwealth* by each assessed member insurer on policies or contracts covered by each account and subaccount for the three most recent calendar years for which information is available preceding the year in which the *member* insurer became insolvent or, in the case of an assessment with respect to an impaired insurer, the three most recent calendar years for which information is available preceding the year in which the insurer became impaired, bear to such premiums received on business in ~~this~~ *the Commonwealth* for those calendar years by all assessed member insurers.

~~3.~~ 5. Assessments for funds to meet the requirements of the Association with respect to an impaired or insolvent insurer shall not be authorized or called until necessary to implement the purposes of this chapter. Classification of assessments under subsection B and computation of assessments under this subsection shall be made with a reasonable degree of accuracy, recognizing that exact determinations may not always be possible. The Association shall notify each member insurer of its anticipated ~~pro-rata~~ *pro rata* share of an authorized assessment not yet called within 180 days after the assessment is authorized.

D. The Association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. In the event an assessment against a member insurer is abated or deferred in whole or in part, the amount by which the assessment is abated or deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this section. Once the conditions that caused a deferral have been removed or rectified, the member insurer shall pay all assessments that were deferred pursuant to a repayment plan approved by the Association.

E. 1. a. Subject to the provisions of subdivision E 1 b, the total of all assessments authorized by the Association with respect to a member insurer for each subaccount of the life insurance and annuity account and for the accident and sickness ~~insurance~~ *insurance* account shall not in any one calendar year exceed two percent of that member insurer's average annual premiums received in the Commonwealth on the policies and contracts covered by the subaccount or account during the three calendar years preceding the year in which the *member* insurer became an impaired or insolvent insurer.

b. If two or more assessments are authorized in one calendar year with respect to *member* insurers that become impaired or insolvent in different calendar years, the average annual premiums for purposes of the aggregate assessment percentage limitation referenced in subdivision E 1 a shall be equal and limited to the higher of the three-year average annual premiums for the applicable subaccount or account as calculated pursuant to this section.

c. If the maximum assessment, together with the other assets of the Association in an account, does not provide in one year in that account an amount sufficient to carry out the responsibilities of the Association, the necessary additional funds shall be assessed as soon thereafter as permitted by this chapter.

2. The board may provide in the plan of operation a method of allocating funds among claims, whether relating to one or more impaired or insolvent insurers, when the maximum assessment will be insufficient to cover anticipated claims.

3. If the maximum assessment for a subaccount of the life and annuity account in one year does not provide an amount sufficient to carry out the responsibilities of the Association, then pursuant to subdivision C 2, the board shall access the other subaccounts of the life and annuity account for the necessary additional amount, subject to the maximum stated in subdivision E 1.

F. If the Board of Directors of the Association determines that it has surplus funds on hand with respect to an insolvency, the Association shall, in accordance with the process set forth in the certificate of contribution for adjusting or cancelling the unamortized portion of the member insurer's certificate of contribution in the event of a reimbursement of assessment payments, use such surplus funds to reimburse member insurers for assessment costs not otherwise amortized and offset pursuant to § 38.2-1709 and pay the remaining surplus to the Department of Taxation, for deposit with the State Treasurer for credit to the general fund of the Commonwealth. Within 90 days of making payment of surplus funds to the

Department of Taxation for deposit with the State Treasurer, the Association shall notify its member insurers of such payment. If any member insurer contends that it is entitled to any portion of the surplus refunded to the Commonwealth in order to recover assessment costs not otherwise amortized and offset pursuant to § 38.2-1709, then the member insurer may present evidence of such entitlement to the Department of Taxation. If the Department of Taxation determines that the member insurer is entitled to a portion of the surplus funds in order to recover assessment costs not otherwise amortized and offset pursuant to § 38.2-1709, then the State Treasurer shall pay to the member insurer the sum that the Department of Taxation determines that the member insurer is entitled to receive. A reasonable amount may be retained in any account to provide funds for the continuing expenses of the Association and for future losses and claims. For purposes of this subsection, "surplus funds" includes funds that the Association obtains by way of distributions or recoveries from receivers and third parties as reimbursement for its costs in connection with insolvencies and impairments in excess of reasonable amounts retained in an account to provide funds for the continuing expenses of the Association and for future losses and claims.

G. It shall be proper for any member insurer, in determining its premium rates and policy owner dividends as to any kind of insurance or *health maintenance organization business* within the scope of this chapter, to consider the amount reasonably necessary to meet its assessment obligations under this chapter.

H. The Association shall issue to each *member* insurer paying an assessment under this chapter, other than a Class A assessment, a certificate of contribution, in a form prescribed by the Commission, for the amount of the assessment so paid excluding interest penalties. All outstanding certificates shall be of equal dignity and priority without reference to amounts or dates of issue. A certificate of contribution may be shown by the *member* insurer in its financial statement as an asset in such form and for such amount, if any, and period of time as the Commission may approve.

I. 1. A member insurer that wishes to protest all or part of an assessment shall pay when due the full amount of the assessment as set forth in the notice provided by the Association. The payment shall be available to meet Association obligations during the pendency of the protest or any subsequent appeal. Payment shall be accompanied by a statement in writing that the payment is made under protest and setting forth a brief statement of the grounds for the protest.

2. Within 60 days following the payment of an assessment under protest by a member insurer, the Association shall notify the member insurer in writing of its determination with respect to the protest unless the Association notifies the member insurer that additional time is required to resolve the issues raised by the protest.

3. Within 30 days after a final decision has been made, the Association shall notify the protesting member insurer in writing of that final decision. Within 60 days of receipt of notice of the final decision, the protesting member insurer may appeal that final action to the Commission.

4. In the alternative to rendering a final decision with respect to a protest based on a question regarding the assessment base, the Association may refer the protest to the Commission for a final decision, with or without a recommendation from the Association.

5. If the protest or appeal on the assessment is upheld, the amount paid in error or excess shall be returned to the member ~~company~~ insurer. Interest on a refund due a protesting member insurer shall be paid at the rate actually earned by the Association.

J. The Association may request information of member insurers in order to aid in the exercise of its power under this section and member insurers shall promptly comply with a request.

**§ 38.2-1706. Plan of operation.**

A. 1. The Association's plan of operation approved under former § 38.1-482.24 shall remain in effect until modified in accordance with this subsection. The Association shall from time to time submit to the Commission any amendments to the plan of operation necessary or suitable to assure the fair, reasonable, and equitable administration of the Association. Any amendments to the plan of operation shall become effective upon the Commission's written approval or unless they have not been disapproved within 60 days.

2. If at any time the Association fails to submit suitable amendments to the plan, the Commission shall, after notice and hearing, adopt and promulgate such reasonable rules as are necessary or advisable to effectuate the provisions of this chapter. The rules shall continue in force until modified by the Commission or superseded by an amended plan submitted by the Association and approved by the Commission.

B. All member insurers shall comply with the plan of operation.

C. The plan of operation shall, in addition to requirements enumerated elsewhere in this chapter:

1. Establish procedures for handling assets of the Association;
2. Establish the amount and method of reimbursing members of the board of directors under § 38.2-1703;
3. Establish regular places and times for meetings, including telephone conference calls, of the board of directors;
4. Establish procedures for records to be kept of all financial transactions of the Association, its agents, and the board of directors;
5. Establish the procedures whereby selections for the board of directors will be made and submitted to the Commission;
6. Establish any additional procedures for assessments under § 38.2-1705;
7. Establish a plan for equitable distribution of refunds to ~~members~~ member insurers;
8. Contain additional provisions necessary or proper for the execution of the powers and duties of the Association;

9. Establish procedures whereby a director may be removed for cause, including in the case where a member insurer director becomes an impaired or insolvent insurer; and

10. Require the board of directors to establish a policy and procedures for addressing conflicts of interests.

D. The plan of operation may provide that any or all powers and duties of the Association, except those under subdivision L 3 of § 38.2-1704 and § 38.2-1705, are delegated to a corporation, association, or other organization that performs or will perform functions similar to those of this Association, or its equivalent, in two or more states. Such a corporation, association, or organization shall be reimbursed for any payments made on behalf of the Association and shall be paid for its performance of any function of the Association. A delegation under this subsection shall take effect only with the approval of both the board of directors and the Commission, and may be made only to a corporation, association, or organization that extends protection not substantially less favorable and effective than that provided by this chapter.

**§ 38.2-1707. Duties and powers of the Commission.**

A. In addition to the duties and powers enumerated elsewhere in this chapter, the Commission shall:

1. Upon request of the board of directors, provide the Association with a statement of the premiums in the appropriate states for each member insurer;

2. When an impairment is declared and the amount of the impairment is determined, serve a demand upon the impaired insurer to make good the impairment within a reasonable time. Notice to the impaired insurer shall constitute notice to its shareholders, if any. The failure of the *impaired* insurer to promptly comply with this demand shall not excuse the Association from the performance of its powers and duties under this chapter; and

3. Be appointed as the liquidator or rehabilitator in any liquidation or rehabilitation proceeding involving a domestic *member* insurer. If a foreign or alien member insurer is subject to a liquidation proceeding in its domiciliary jurisdiction or state of entry, the Commission shall be appointed conservator.

B. The Commission may suspend or revoke, after notice and hearing, the license to transact ~~the business of insurance~~ in ~~this~~ the Commonwealth of any member insurer that fails to pay an assessment when due or fails to comply with the plan of operation. As an alternative the Commission may levy a forfeiture on any member insurer that fails to pay an assessment when due. The forfeiture shall not exceed five percent of the unpaid assessment per month, but no forfeiture shall be less than \$100 per month.

C. Any action of the board of directors or the Association may be appealed to the Commission by any member insurer if the appeal is taken within 30 days of the action being appealed. Any final action or order of the Commission shall be subject to judicial review in accordance with the provisions of §§ 12.1-39 through 12.1-41.

D. The liquidator, rehabilitator, or conservator of any impaired or insolvent insurer may notify all interested persons of the effect of this chapter.

a. Revocation of license;

b. Suspension of license; or

c. Enters a formal order that the ~~company~~ *member insurer* restrict its premium writing, obtain additional contributions to surplus, withdraw from the Commonwealth, reinsure all or any part of its business, or increase capital, surplus, or any other account for the security of policy owners, *contract owners*, *certificate holders*, or creditors;

2. Report to the board of directors when the Commission has taken any of the actions set forth in subdivision 1 or has received a report from any other insurance department indicating that any such action has been taken in another state. The report to the board of directors shall contain all significant details of the action taken or the report received from another insurance department;

3. Report to the board of directors when the Commission has reasonable cause to believe from an examination, whether completed or in process, of any member insurer that the *member* insurer may be an impaired or insolvent insurer; and

4. Furnish to the board of directors the National Association of Insurance Commissioners (NAIC) Insurance Regulatory Information System (IRIS) ratios and listings of companies not included in the ratios developed by the NAIC, and the board may use the information contained therein in carrying out its duties and responsibilities under this section. The report and the information contained therein shall be kept confidential by the board of directors until such time as made public by the Commission or other lawful authority.

B. The Commission may seek the advice and recommendations of the board of directors concerning any matter affecting its duties and responsibilities regarding the financial condition of member insurers and insurers *or health maintenance organizations* seeking admission to transact ~~the business of insurance~~ in the Commonwealth.

C. The board of directors may, upon majority vote, make reports and recommendations to the Commission upon any matter germane to the solvency, liquidation, rehabilitation or conservation of any member insurer or germane to the solvency of any insurer *or health maintenance organization* seeking to transact ~~the business of insurance~~ in ~~this~~ the Commonwealth. A. A member insurer shall have at its option the right to show a certificate of contribution as an asset in the form approved by the Commission pursuant to subsection H of § 38.2-1705 at the original face amount for the calendar year of issuance. Such amount shall be amortized over the 10 calendar years following the year the contribution was paid in amounts each equal to 10 percent of the amount of the contribution.

B. The *member* insurer may offset the amount of the certificate amortized in a calendar year as provided in subsection A. This amount shall be deducted from the premium tax liability incurred on business transacted in ~~this~~ the Commonwealth for that year. However, the Association shall diligently pursue all rights available to it to recover its expenditures made in the fulfillment of its responsibilities under this chapter. If the Commission determines after a hearing that the Association is not diligently pursuing available measures of recovery, the Commission shall notify the Department and contributing *member* insurers will not be able to offset amounts amortized during the period that the Commission determines that the Association has not been diligently pursuing available measures of recovery.

C. Any sums for which a certificate of contribution has been issued that have been (i) amortized by contributing insurers and offset against premium taxes as provided in subsection B and (ii) subsequently refunded pursuant to subsection F of § 38.2-1705 shall be paid to the Department of Taxation and deposited with the State Treasurer for credit to the general fund of ~~this~~ the Commonwealth.

D. The amount of any credit against premium taxes provided for in this section for ~~an~~ a *member* insurer shall be reduced by the amount of reduction in federal income taxes for any deduction claimed by the *member* insurer for an assessment paid pursuant to this chapter.

*E. Amounts recouped shall not be considered premiums for any other purpose, including the computation of gross premium tax, the loss ratio, or agent commission. If a member insurer collects excess surcharges, the member insurer shall remit the excess amount to the Association, and the excess amount shall be applied to reduce future assessments in the appropriate account.*

**§ 38.2-1710. Miscellaneous provisions.**

A. Nothing in this chapter shall be construed to reduce the liability for unpaid assessments of the insureds on an impaired or insolvent insurer operating under a plan with assessment liability.

B. Records shall be kept of all meetings of the board of directors to discuss the activities of the Association in carrying out its powers and duties under § 38.2-1704. The records of the Association with respect to an impaired or insolvent insurer shall not be disclosed prior to the termination of a liquidation, rehabilitation, or conservation proceeding involving the impaired or insolvent insurer, except (i) upon the termination of the impairment or insolvency of the *member* insurer or (ii) upon the order of a court of competent jurisdiction. Nothing in this subsection shall limit the duty of the Association to render a report of its activities under § 38.2-1711.

C. For the purpose of carrying out its obligations under this chapter, the Association shall be deemed to be a creditor of the impaired or insolvent insurer to the extent of assets attributable to covered policies and contracts reduced by any amounts to which the Association is entitled as subrogee pursuant to subsection K of § 38.2-1704. Assets of the impaired or insolvent insurer attributable to covered policies and contracts shall be used to continue all covered policies and contracts and pay all contractual obligations of the impaired or insolvent insurer as required by this chapter. "Assets attributable to covered policies and contracts" means that proportion of the assets which the reserves that should have been established for these policies and contracts bear to the reserves that should have been established for all insurance policies ~~and~~, contracts, and health benefit plans written by the impaired or insolvent insurer.

D. As a creditor of the impaired or insolvent insurer as established in subsection C and consistent with subsection B of § 38.2-1509, the Association and other similar associations shall be entitled to receive a disbursement of assets out of the marshaled assets, from time to time as the assets become available to reimburse it, as a credit against contractual obligations under this chapter. If the liquidator has not, within 120 days of a final determination of insolvency of ~~an~~ a *member* insurer by the receivership court, made an application to the court for the approval of a proposal to disburse assets out of marshaled assets to guaranty associations having obligations because of the insolvency, then the Association shall be entitled to make application to the receivership court for approval of its own proposal to disburse these assets.

E. 1. Prior to the termination of any liquidation, rehabilitation, or conservation proceeding, the court, in making an equitable distribution of the ownership rights of the insolvent insurer, may take into consideration the contributions of the respective parties, including the Association, the shareholders, *contract owners*, *certificate holders*, *enrollees*, and policy and contract owners of the insolvent insurer, and any other party with a legitimate interest. In this determination, consideration shall be given to the welfare of the policy ~~and~~ owners, contract owners, *certificate holders*, and *enrollees* of the continuing or successor *member* insurer.

2. No distribution to any stockholders, if any, of an impaired or insolvent insurer shall be made until and unless the total amount of valid claims of the Association with interest thereon for funds expended in carrying out its powers and duties under § 38.2-1704 with respect to the *member* insurer have been fully recovered by the Association.

F. 1. If an order for liquidation or rehabilitation of ~~an~~ a *member* insurer domiciled in ~~this~~ the Commonwealth has been entered, the receiver appointed under that order shall have a right to recover on behalf of the *member* insurer, from any affiliate that controlled it, the amount of distributions, other than stock dividends paid by the *member* insurer on its capital stock, made at any time during the five years preceding the petition for liquidation or rehabilitation, subject to the limitations of subdivisions 2 through 4.

2. No such distribution shall be recoverable if the *member* insurer shows that when paid the distribution was lawful and reasonable, and that the *member* insurer did not know and could not reasonably have known that the distribution might adversely affect the ability of the *member* insurer to fulfill its contractual obligations.

3. Any person who was an affiliate that controlled the *member* insurer at the time the distributions were paid shall be liable up to the amount of distributions received. Any person who was an affiliate that controlled the *member* insurer at the time the distributions were declared shall be liable up to the amount of distributions that would have been received if they had been paid immediately. If two or more persons are liable with respect to the same distributions, they shall be jointly and severally liable.

4. The maximum amount recoverable under this subsection shall be the amount in excess of all other available assets of the insolvent insurer needed to pay (i) the contractual obligations of the insolvent insurer and (ii) the reasonable expenses of the Association incurred in connection with the performance of its duties for the insolvent insurer.

5. If any person liable under subdivision 3 is insolvent, all its affiliates that controlled it at the time the distribution was paid shall be jointly and severally liable for any resulting deficiency in the amount recovered from the insolvent affiliate.

**§ 38.2-1714. Stay of proceedings; reopening default judgments.**

All proceedings in which the insolvent *member* insurer is a party in any court in this Commonwealth shall be stayed 180 days from the date an order of liquidation, rehabilitation, or conservation is final to permit proper legal action by the Association on all matters germane to its powers and duties. The Association may apply to have the judgment under any decision, order, verdict, or finding based on default set aside by the same court that made the judgment and shall be permitted to defend against the suit on the merits.

**§ 38.2-1715. Prohibited advertisement of Association coverage in insurance sales; notice to policy owners.**

A. No person, including ~~an~~ a *member* insurer, agent, or affiliate of ~~an~~ a *member* insurer, shall make, publish, disseminate, circulate, or place before the public, or cause, directly or indirectly, to be made, published, disseminated, circulated or placed before the public, in any newspaper, magazine, or other publication, or in the form of a notice, circular, pamphlet, letter, or poster, or over any radio station or television station, or in any other way, any advertisement, announcement, or statement, written or oral, that uses the existence of the Association of ~~this~~ the Commonwealth for the purpose of sales, solicitation, or inducement to purchase any form of insurance or *other coverage* covered by this chapter. This subsection shall not apply to the Association or any other entity that does not sell or solicit insurance or *coverage by a health maintenance organization*.

B. ~~By January 1, 2011, the~~ The Association shall prepare a summary document describing the general purposes and current limitations of this chapter and that complies with subsection C. This document shall be submitted to the Commission for approval. At the expiration of the sixtieth day after the date on which the Commission approves the document, ~~an~~ a *member* insurer may not deliver a policy or contract to a policy ~~or~~ owner, contract owner, *certificate holder*, or *enrollee* unless the summary document is delivered to the policy ~~or~~ owner, contract owner, *certificate holder*, or *enrollee* at the time of delivery of the policy or contract. The document shall be posted on the Association's website and shall also be available upon request by a policy ~~or~~ owner, contract owner, *certificate holder*, or *enrollee*. The distribution, delivery, or contents or interpretation of this document does not guarantee that either the policy or the contract or the *policy* owner ~~of the policy or~~ contract owner, *certificate holder*, or *enrollee* is covered in the event of the impairment or insolvency of a member insurer. The summary document shall be revised by the Association as amendments to the chapter may require. Failure to receive this document does not give the policy owner, contract owner, *certificate holder*, *enrollee*, or insured any greater rights than those stated in this chapter.

C. The document prepared under subsection B shall contain a clear and conspicuous disclaimer on its face. The Commission shall establish the form and content of the disclaimer. The disclaimer shall:

1. State the name and address of the Association and the Bureau of Insurance;
2. Prominently warn the policy ~~or~~ owner, contract owner, *certificate holder*, or *enrollee* that the Association may not cover the policy or contract or, if coverage is available, it will be subject to substantial limitations and exclusions and conditioned on continued residence in the Commonwealth;
3. State the types of policies or *contracts* for which guaranty funds will provide coverage;
4. State that the *member* insurer and its agents are prohibited by law from using the existence of the Association for the purpose of sales, solicitation, or inducement to purchase any form of insurance or *health maintenance organization coverage*;
5. State that the policy ~~or~~ owner, contract owner, *certificate holder*, or *enrollee* should not rely on coverage under the Association when selecting an insurer or *health maintenance organization*;

7. Provide other information as directed by the Commission including but not limited to, sources for information about the financial condition of insurers provided that the information is not proprietary and is subject to disclosure under the Freedom of Information Act (§ 2.2-3700 et seq.).

D. A member insurer shall retain evidence of compliance with subsection B for so long as the policy or contract for which the notice is given remains in effect.

**§ 38.2-4302. Issuance of license; fee; minimum net worth; impairment.**

A. The Commission shall issue a license to a health maintenance organization after the receipt of a complete application and payment of a \$500 nonrefundable application fee if the Commission is satisfied that the following conditions are met:

1. The persons responsible for the conduct of the affairs of the applicant are competent, trustworthy, and reputable;
2. The health care plan constitutes an appropriate mechanism for the health maintenance organization to provide or arrange for the provision of, as a minimum, basic health care services or limited health care services on a prepaid basis, except to the extent of reasonable requirements for copayments, deductibles, or both;
3. The health maintenance organization is financially responsible and may reasonably be expected to meet its obligations to enrollees and prospective enrollees. In making this determination, the Commission may consider:
  - a. The financial soundness of the health care plan's arrangements for health care services and the schedule of prepaid charges used for those services;
  - b. The adequacy of working capital;
  - c. Any agreement with an insurer, a health services plan, a government, or any other organization for insuring the payment of the cost of health care services or the provision for automatic applicability of an alternative coverage if the health care plan is discontinued;
  - d. Any contracts with health care providers that set forth the health care services to be performed and the providers' responsibilities for fulfilling the health maintenance organization's obligations to its enrollees;
  - e. The deposit of acceptable securities in an amount satisfactory to the Commission, submitted in accordance with § 38.2-4310 as a guarantee that the obligations to the enrollees will be duly performed;

4. The enrollees will be given an opportunity to participate in matters of policy and operation as required by § 38.2-4304; and
5. Nothing in the method of operation is contrary to the public interest, as shown in the information submitted pursuant to § 38.2-4301 or Chapter 58 (§ 38.2-5800 et seq.) or by independent investigation. Issuance of a license shall not constitute approval of the forms submitted under subdivisions B 6, 7, and 12 of ~~subsection B~~ of § 38.2-4301.

B. A licensed health maintenance organization shall have and maintain at all times the minimum net worth described in subdivision A 3 f of ~~subsection A~~ of this section.

1. If the Commission finds that the minimum net worth of a domestic health maintenance organization is impaired, the Commission shall issue an order requiring the health maintenance organization to eliminate the impairment within a period not exceeding 90 days. The Commission may by order served upon the health maintenance organization prohibit the health maintenance organization from issuing any new contracts while the impairment exists. If at the expiration of the designated period the health maintenance organization has not satisfied the Commission that the impairment has been eliminated, an order for the rehabilitation or liquidation of the health maintenance organization may be entered as provided in § 38.2-4317.

2. If the Commission finds an impairment of the minimum net worth of any foreign health maintenance organization, the Commission may order the health maintenance organization to eliminate the impairment and restore the minimum net worth to the amount required by this section. The Commission may, by order served upon the health maintenance organization, prohibit the health maintenance organization from issuing any new contracts while the impairment exists. If the health maintenance organization fails to comply with the Commission's order within a period of not more than 90 days, the Commission may, in the manner set out in § 38.2-4316, suspend or revoke the license of the health maintenance organization.

3. Prior to December 31, 1999, a health maintenance organization with less than minimum net worth which is licensed on and after June 30, 1998, may continue to operate as a licensed health maintenance organization without a finding of impairment if the licensee has net worth (i) on June 30, 1998, and up to December 31, 1998, in an amount at least equal to the sum of uncovered expenses, but not less than \$300,000, up to a maximum of \$2 million; (ii) on December 31, 1998, and up to June 30, 1999, in an amount at least equal to the sum of uncovered expenses, but not less than \$400,000, up to a maximum of \$2.5 million; and (iii) on June 30, 1999, and up to December 31, 1999, in an amount at least equal to the sum of uncovered expenses, but not less than \$500,000, up to a maximum of \$3 million.

**§ 38.2-4310. Protection against insolvency.**

A. Each health maintenance organization shall deposit and maintain acceptable securities with the State Treasurer in amounts prescribed by § 38.2-4310.1. The deposit shall be held as a special fund in trust, as a guarantee that the obligations to the enrollees who are residents of this Commonwealth will be performed. The securities shall be deposited pursuant to a system of book-entry evidencing ownership interests of the securities with transfers of ownership interests effected on the

records of a depository and its participants pursuant to rules and procedures established by the depository. Upon a determination of insolvency or action by the Commission pursuant to § 38.2-4317, the deposit shall be used to protect the interests of the health maintenance organization's enrollees and to assure continuation of covered services to enrollees. If a health maintenance organization is placed in receivership, the deposit shall be an asset subject to the provisions of Chapter 15 (§ 38.2-1500 et seq.) of this title.

B. The Commission may require that each health maintenance organization have a plan for handling insolvency which allows for continuation of benefits for the duration of the contract period for which premiums have been paid and continuation of benefits to members who are confined on the date of insolvency in an inpatient facility until their discharge or expiration of benefits. In considering such a plan, the Commission may require:

1. Insurance satisfactory in form and content to the Commission to cover the expenses to be paid for continued benefits after an insolvency;
2. Provisions in provider contracts that obligate the provider to provide services for the duration of the period after the health maintenance organization's insolvency for which premium payment has been made and until the enrollees' discharge from inpatient facilities;
3. Acceptable letters of credit; or
4. Any other arrangements to assure that benefits are continued as specified above.

~~C. 1. In the event of an insolvency of a health maintenance organization, all other carriers that participated in the enrollment process with the insolvent health maintenance organization at a group's last regular enrollment period shall offer such group's enrollees of the insolvent health maintenance organization a 30-day enrollment period commencing upon a date to be prescribed by the Commission. Each carrier shall offer such enrollees of the insolvent health maintenance organization the same coverages and rates then in effect for its enrollees in such group.~~

~~2. If no other carrier had been offered to some groups enrolled in the insolvent health maintenance organization, or if the Commission determines that the other health benefit plan lacks sufficient health care delivery resources to assure that health care services shall be available and accessible to all of the group enrollees of the insolvent health maintenance organization, then the Commission may allocate equitably the insolvent health maintenance organization's group contracts for such groups among all health maintenance organizations which operate within a portion of the insolvent health maintenance organization's service area, taking into consideration the health care delivery resources of each health maintenance organization. Each health maintenance organization to which a group or groups are so allocated shall offer such group or groups the health maintenance organization's existing coverage which is most similar to each group's coverage with the insolvent health maintenance organization at rates determined in accordance with the successor health maintenance organization's existing rating methodology.~~

~~3. The Commission may also allocate equitably the insolvent health maintenance organization's nongroup enrollees which are unable to obtain other coverage among all health maintenance organizations which operate within a portion of the insolvent health maintenance organization's service area, taking into consideration the health care delivery resources of each such health maintenance organization. Each health maintenance organization to which nongroup enrollees are allocated shall offer such nongroup enrollees the health maintenance organization's existing coverage for individual coverage as determined by his type of coverage in the insolvent health maintenance organization at rates determined in accordance with the successor health maintenance organization's existing rating methodology. Successor health maintenance organizations which do not offer direct nongroup enrollment may aggregate all of the allocated nongroup enrollees into one group for rating and coverage purposes.~~

~~D. 1. Any carrier providing replacement coverage with respect to group hospital, medical or surgical expense or service benefits within a period of 60 days from the date of discontinuance of a prior health maintenance organization contract or policy providing such hospital, medical or surgical expense or service benefits shall immediately cover all employees and dependents who were validly covered under the previous health maintenance organization contract or policy at the date of discontinuance and who would otherwise be eligible for coverage under the succeeding carrier's contract, regardless of any provisions of the contract relating to active employment or hospital confinement or pregnancy.~~

~~2. Except to the extent benefits for the condition would have been reduced or excluded under the prior carrier's contract or policy, no provision in a succeeding carrier's contract of replacement coverage which would operate to reduce or exclude benefits on the basis that the condition giving rise to benefits preexisted the effective date of the succeeding carrier's contract shall be applied with respect to those employees and dependents validly covered under the prior carrier's contract or policy on the date of discontinuance.~~

#### **Be it enacted by the General Assembly of Virginia:**

#### **1. That § 20-79.1 of the Code of Virginia is amended and reenacted as follows:**

##### **§ 20-79.1. Enforcement of support orders; income deduction; penalty for wrongful discharge.**

A. As part of any order directing a person to pay child support, except for initial orders entered pursuant to § 20-79.2, or spousal support pursuant to this chapter or §§ 16.1-278.15 through 16.1-278.18, 20-103, 20-107.2 or § 20-109.1, or by separate order at any time thereafter, a court of competent jurisdiction may order a person's employer to deduct from the amounts due or payable to such person, the entitlement to which is based upon income as defined in § 63.2-1900, the amount of current support due and an amount to be applied to arrearages, if any. The terms "employer" and "income" shall have the meanings prescribed in § 63.2-1900. The court shall order such income deductions (i) if so provided in a stipulation or contract signed by the party ordered to pay such support and filed with the pleadings or depositions, (ii) upon receipt of a notice of arrearages in a case in which an order has been entered pursuant to § 20-60.3, or (iii) upon a finding that the respondent is in arrears for an amount equal to one month's support obligation. The court may, in its discretion, order such payroll deduction ~~(i)~~ (a) based upon the obligor's past financial responsibility, history of prior payments pursuant to any such support order, and any other matter which the court considers relevant in determining the likelihood of payment in accordance with the support order; or ~~(ii)~~ (b) at the request of the obligor.

B. Any income deduction order shall be entered upon motion and concurrent proper notice sent by the clerk or counsel. The notice shall cite this section. If the notice is sent by the clerk, it shall be served in accordance with the provisions of § 8.01-296 or § 8.01-329, or sent by certified mail or by electronic means, including facsimile transmission, to the employer. An employer paying wages subject to deduction shall deliver the notice to the person ordered to pay such support.

The notice shall advise the obligor (i) of the amount proposed to be withheld, (ii) that the order of the court will apply to current and future income, (iii) of the right to contest the order, (iv) that the obligor must file a written notice of contest of such deduction with the court within ~~ten~~ 10 days of the date of issuance of the notice, (v) that if the notice is contested, a hearing will be held and a decision rendered within ~~ten~~ 10 days from the receipt of the notice of contest by the court, unless good cause is shown for additional time, which shall in no event exceed forty-five days from receipt of the notice by the obligor, (vi) that only disputes as to mistakes of fact as defined in § 63.2-1900 will be heard, (vii) that any order for income deduction entered will state when the deductions will start and the information that will be provided to the person's employer, and (viii) that payment of overdue support upon receipt of the notice shall not be a bar to the implementation of withholding.

Whenever the obligor and the obligee agree to income deductions in a contract or stipulation, the obligor shall be deemed to have waived notice as required in this subsection and the deduction shall be ordered only upon the stipulation or contract being approved by the court.

C. The income deduction order of the court shall by its terms direct the clerk to issue an order in accordance with § 20-79.3 to any employer and, if required, to each future employer, as necessary to implement the order. The order shall cite this section as authority for the entry of the order.

D. The rights and responsibilities of employers with respect to income deduction orders are set out in § 20-79.3.

E. The order to the employer pursuant to this section shall be effective when a certified copy thereof has been served upon or sent to the employer by electronic means, including facsimile transmission. A copy shall be provided to the employee by the employer. If the employer is a corporation, such service shall be accomplished as is provided in § 8.01-513.

F. Any order issued pursuant to this section shall be promptly terminated or modified, as appropriate, after notice and an opportunity for a hearing for the parties when (i) the whereabouts of the children entitled to support and their custodian become unknown, or (ii) the support obligation to an obligee ceases. Any such order shall be promptly modified, as appropriate, when arrearages have been paid in full.

G. The Department of Social Services may charge an obligee an appropriate fee when complying with an order entered under this section sufficient to cover the Department's cost.

H. If a court of competent jurisdiction in any state or territory of the United States or the District of Columbia has ordered a person to pay child support, a court of competent jurisdiction in this Commonwealth, upon motion, notice and opportunity for a hearing as provided in this section, shall enter an income deduction order, conforming with § 20-79.3 as provided in this section. The rights and responsibilities of the employer with respect to the order are set out in § 20-79.3. Similar orders of the courts of this Commonwealth may be enforced in a similar manner in such other state, territory or district.

I. The court or clerk shall attempt to ascertain the obligor's pay period interval prior to service of the clerk's order. If, after the order is served, the employer replies to the court that the pay period interval in the income deduction order differs from the obligor's pay period interval, the clerk shall convert the single monetary amount in the income deduction order to an equivalent single monetary amount for the obligor's pay period interval pursuant to a formula approved by the Committee on District Courts. The equivalent single monetary amount shall be contained in a new order issued by the clerk and served on the employer and which conforms to § 20-79.3.

J. If the Department of Social Services or the Department's designee receives payments deducted from income of the obligor pursuant to more than one judicial order or a combination of judicial and administrative orders, the Department or the Department's designee shall first allocate such payments among the obligees under such orders with priority given to payment of the order for current support. Where payments are received pursuant to two or more orders for current support, the Department or the Department's designee shall prorate the payments received on the basis of the amounts due under each such order. Upon satisfaction of any amounts due for current support the Department or the Department's designee shall prorate the remainder of the payments received on the basis of amounts due under any orders for accrued arrearages.

## CHAPTER 711

*An Act to amend and reenact § 22.1-298.1 of the Code of Virginia, relating to teacher licensure; alternate routes; instructors at regionally accredited institutions of higher education.*

[H 215]

Approved March 30, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That § 22.1-298.1 of the Code of Virginia is amended and reenacted as follows:**

**§ 22.1-298.1. Regulations governing licensure.**

A. As used in this section:

"Alternate route to licensure" means a nontraditional route to teacher licensure available to individuals who meet the criteria specified in the regulations issued by the Board of Education.

"Industry certification credential" means an active career and technical education credential that is earned by successfully completing a Board of Education-approved industry certification examination, being issued a professional license in the Commonwealth, or successfully completing an occupational competency examination.

"Licensure by reciprocity" means a process used to issue a license to an individual coming into the Commonwealth from another state when that individual meets certain conditions specified in the Board of Education's regulations.

"Professional teacher's assessment" means those tests mandated for licensure as prescribed by the Board of Education.

"Provisional license" means a nonrenewable license issued by the Board of Education for a specified period of time, not to exceed three years, to an individual who may be employed by a school division in the Commonwealth and who generally meets the requirements specified in the Board of Education's regulations for licensure, but who may need to take additional coursework or pass additional assessments to be fully licensed with a renewable license.

"Renewable license" means a license issued by the Board of Education for five years to an individual who meets the requirements specified in the Board of Education's regulations.

B. The Board of Education shall prescribe, by regulation, the requirements for the licensure of teachers and other school personnel required to hold a license. Such regulations shall include requirements for the denial, suspension, cancellation, revocation, and reinstatement of licensure and procedures for the immediate and thorough investigation by the division superintendent or his designee of any complaint alleging that a license holder has engaged in conduct that may form the basis for the revocation of his license. At a minimum, such procedures for investigations contained in such regulations shall require (i) the division superintendent to petition for the revocation of the license upon completing such investigation and finding that there is reasonable cause to believe that the license holder has engaged in conduct that forms the basis for revocation of a license; (ii) the school board to proceed to a hearing on such petition for revocation within 90 days of the mailing of a copy of the petition to the license holder, unless the license holder requests the cancellation of his license in accordance with Board regulations; and (iii) the school board to provide a copy of the investigative file and such petition for revocation to the Superintendent of Public Instruction at the time that the hearing is scheduled. The Board of Education shall revoke the license of any person for whom it has received a notice of dismissal or resignation pursuant to subsection F of § 22.1-313 and, in the case of a person who is the subject of a founded complaint of child abuse or neglect, after all rights to any administrative appeal provided by § 63.2-1526 have been exhausted. Regardless of the authority of any other agency of the Commonwealth to approve educational programs, only the Board of Education shall have the authority to license teachers to be regularly employed by school boards, including those teachers employed to provide nursing education.

The Board of Education shall prescribe by regulation the licensure requirements for teachers who teach only online courses, as defined in § 22.1-212.23. Such license shall be valid only for teaching online courses. Teachers who hold a five-year renewable license issued by the Board of Education may teach online courses for which they are properly endorsed.

C. The Board of Education's regulations shall include requirements that a person seeking initial licensure:

1. Complete professional assessments as prescribed by the Board of Education;
2. Complete study in attention deficit disorder;
3. Complete study in gifted education, including the use of multiple criteria to identify gifted students; and
4. Complete study in methods of improving communication between schools and families and ways of increasing family involvement in student learning at home and at school.

D. In addition, such regulations shall include requirements that:

1. Every person seeking initial licensure or renewal of a license demonstrate proficiency in the use of educational technology for instruction;
2. Every person seeking initial licensure and persons seeking licensure renewal as teachers who have not completed such study shall complete study in child abuse recognition and intervention in accordance with curriculum guidelines developed by the Board of Education in consultation with the Department of Social Services that are relevant to the specific teacher licensure routes;
3. Every person seeking initial licensure or renewal of a license shall receive professional development in instructional methods tailored to promote student academic progress and effective preparation for the Standards of Learning end-of-course and end-of-grade assessments;
4. Every person seeking renewal of a license shall complete all renewal requirements, including professional development in a manner prescribed by the Board, except that no person seeking renewal of a license shall be required to satisfy any such requirement by completing coursework and earning credit at an institution of higher education;
5. Every person seeking initial licensure or renewal of a license shall provide evidence of completion of certification or training in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators. The certification or training program shall (i) be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross, and (ii) include hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. The Board shall provide a waiver for this requirement for any person with a disability whose disability prohibits such person from completing the certification or training;
6. Every person seeking licensure with an endorsement as a teacher of the blind and visually impaired shall demonstrate proficiency in reading and writing Braille;
7. Every teacher seeking an initial license in the Commonwealth with an endorsement in the area of career and technical education shall have an industry certification credential in the area in which the teacher seeks endorsement. If a teacher seeking an initial license in the Commonwealth has not attained an industry certification credential in the area in which the teacher seeks endorsement, the Board may, upon request of the employing school division or educational agency, issue the teacher a provisional license to allow time for the teacher to attain such credential;

8. Every person seeking initial licensure or renewal of a license shall complete awareness training, provided by the Department of Education, on the indicators of dyslexia, as that term is defined by the Board pursuant to regulations, and the evidence-based interventions and accommodations for dyslexia; and

9. Every person seeking initial licensure or renewal of a license with an endorsement as a school counselor shall complete training in the recognition of mental health disorder and behavioral distress, including depression, trauma, violence, youth suicide, and substance abuse.

E. Each local school board or division superintendent may waive for any individual whom it seeks to employ as a career and technical education teacher and who is also seeking initial licensure or renewal of a license with an endorsement in the area of career and technical education any applicable requirement set forth in subsection C or subdivision D 1, 3, 4, 6, or 8.

F. The Board's regulations shall require that initial licensure for principals and assistant principals be contingent upon passage of an assessment as prescribed by the Board.

G. The Board shall establish criteria in its regulations to effectuate the substitution of experiential learning for coursework for those persons seeking initial licensure through an alternate route as defined in Board regulations. *Such alternate routes shall include eligibility for any individual to receive, notwithstanding any provision of law to the contrary, a renewable one-year license to teach in public high schools in the Commonwealth if he has:*

1. *Received a graduate degree from a regionally accredited institution of higher education;*
2. *Completed at least 30 credit hours of teaching experience as an instructor at a regionally accredited institution of higher education;*
3. *Received qualifying scores on the professional teacher's assessments prescribed by the Board, including the communication and literacy assessment and the content-area assessment for the endorsement sought; and*
4. *Met the requirements set forth in subdivisions D 2 and 5.*

H. Notwithstanding any provision of law to the contrary, the Board (i) may provide for the issuance of a provisional license, valid for a period not to exceed three years, pursuant to subdivision D 7 or to any person who does not meet the requirements of this section or any other requirement for licensure imposed by law and (ii) shall provide for the issuance of a provisional license, valid for a period not to exceed three years, to any former member of the Armed Forces of the United States or the Virginia National Guard who has received an honorable discharge and has the appropriate level of experience or training but does not meet the requirements for a renewable license.

I. The Board's licensure regulations shall also provide for licensure by reciprocity:

1. With comparable endorsement areas for those individuals holding a valid out-of-state teaching license and national certification from the National Board for Professional Teaching Standards or a nationally recognized certification program approved by the Board of Education. The application for such individuals shall require evidence of such valid licensure and national certification and shall not require official student transcripts;

2. For individuals who have obtained a valid out-of-state license, with full credentials and without deficiencies, that is in force at the time the application for a Virginia license is received by the Department of Education. The individual must establish a file in the Department of Education by submitting a complete application packet, which shall include official student transcripts. An assessment of basic skills as provided in § 22.1-298.2 and service requirements shall not be imposed for these licensed individuals. Other licensing assessments, as prescribed by the Board of Education, shall be required, but any such individual shall be exempt from any professional teacher's assessment requirements, subject to the approval of the division superintendent or the school board in the school division in which such individual is employed; and

3. The Board may include other provisions for reciprocity in its regulations.

A. Each local school board shall award diplomas to all secondary school students, including students who transfer from nonpublic schools or from home instruction, who meet the requirements prescribed by the Board of Education and meet such other requirements as may be prescribed by the local school board and approved by the Board of Education. Provisions shall be made to facilitate the transfer and appropriate grade placement of students from other public secondary schools, from nonpublic schools, or from home instruction as outlined in the standards for accreditation. The standards for accreditation shall include provisions relating to the completion of graduation requirements through Virtual Virginia. Further, reasonable accommodation to meet the requirements for diplomas shall be provided for otherwise qualified students with disabilities as needed.

In addition, each local school board may devise, vis-a-vis the award of diplomas to secondary school students, a mechanism for calculating class rankings that takes into consideration whether the student has taken a required class more than one time and has had any prior earned grade for such required class expunged.

Each local school board shall notify the parents of rising eleventh and twelfth grade students of (i) the requirements for graduation pursuant to the standards for accreditation and (ii) the requirements that have yet to be completed by the individual student.

B. Students identified as disabled who complete the requirements of their individualized education programs and meet certain requirements prescribed by the Board pursuant to regulations but do not meet the requirements for any named diploma shall be awarded Applied Studies diplomas by local school boards.

If such student who does not graduate or complete such requirements is a student for whom English is a second language, the local school board shall notify the parent of the student's opportunity for a free public education in accordance with § 22.1-5.

D. (From Acts 2016, cc. 720 & 750: The graduation requirements established by the Board of Education pursuant to the provisions of subdivisions D 1, 2, and 3 shall apply to each student who enrolls in high school as (i) a freshman after July 1, 2018; (ii) a sophomore after July 1, 2019; (iii) a junior after July 1, 2020; or (iv) a senior after July 1, 2021) In establishing graduation requirements, the Board shall:

1. Develop and implement, in consultation with stakeholders representing elementary and secondary education, higher education, and business and industry in the Commonwealth and including parents, policymakers, and community leaders in the Commonwealth, a Profile of a Virginia Graduate that identifies the knowledge and skills that students should attain during high school in order to be successful contributors to the economy of the Commonwealth, giving due consideration to critical thinking, creative thinking, collaboration, communication, and citizenship.

2. Emphasize the development of core skill sets in the early years of high school.

3. Establish multiple paths toward college and career readiness for students to follow in the later years of high school. Each such pathway shall include opportunities for internships, externships, and credentialing.

4. Provide for the selection of integrated learning courses meeting the Standards of Learning and approved by the Board to satisfy graduation requirements, which shall include Standards of Learning testing, as necessary.

5. Require students to complete at least one course in fine or performing arts or career and technical education, one course in United States and Virginia history, and two sequential elective courses chosen from a concentration of courses selected from a variety of options that may be planned to ensure the completion of a focused sequence of elective courses that provides a foundation for further education or training or preparation for employment.

6. Require that students either (i) complete an Advanced Placement, honors, or International Baccalaureate course or (ii) earn a career and technical education credential that has been approved by the Board, except when a career and technical education credential in a particular subject area is not readily available or appropriate or does not adequately measure student competency, in which case the student shall receive satisfactory competency-based instruction in the subject area to

earn credit. The career and technical education credential, when required, could include the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, the Armed Services Vocational Aptitude Battery, or the Virginia workplace readiness skills assessment.

7. Beginning with first-time ninth grade students in the 2016-2017 school year, require students to be trained in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation.

8. Make provision in its regulations for students with disabilities to earn a diploma.

9. Require students to complete one virtual course, which may be a noncredit-bearing course.

10. Provide that students who complete elective classes into which the Standards of Learning for any required course have been integrated and achieve a passing score on the relevant Standards of Learning test for the relevant required course receive credit for such elective class.

11. Establish a procedure to facilitate the acceleration of students that allows qualified students, with the recommendation of the division superintendent, without completing the 140-hour class, to obtain credit for such class upon demonstrating mastery of the course content and objectives and receiving a passing score on the relevant Standards of Learning assessment. Nothing in this section shall preclude relevant school division personnel from enforcing compulsory attendance in public schools.

12. Provide for the award of credit for passing scores on industry certifications, state licensure examinations, and national occupational competency assessments approved by the Board of Education.

School boards shall report annually to the Board of Education the number of Board-approved industry certifications obtained, state licensure examinations passed, national occupational competency assessments passed, Armed Services Vocational Aptitude Battery assessments passed, and Virginia workplace readiness skills assessments passed, and the number of career and technical education completers who graduated. These numbers shall be reported as separate categories on the School Performance Report Card.

For the purposes of this subdivision, "career and technical education completer" means a student who has met the requirements for a career and technical concentration or specialization and all requirements for high school graduation or an approved alternative education program.

In addition, the Board may:

a. For the purpose of awarding credit, approve the use of additional or substitute tests for the correlated Standards of Learning assessment, such as academic achievement tests, industry certifications or state licensure examinations; and

b. Permit students completing career and technical education programs designed to enable such students to pass such industry certification examinations or state licensure examinations to be awarded, upon obtaining satisfactory scores on such industry certification or licensure examinations, appropriate credit for one or more career and technical education classes into which relevant Standards of Learning for various classes taught at the same level have been integrated. Such industry certification and state licensure examinations may cover relevant Standards of Learning for various required classes and may, at the discretion of the Board, address some Standards of Learning for several required classes.

13. Provide for the waiver of certain graduation requirements (i) upon the Board's initiative or (ii) at the request of a local school board. Such waivers shall be granted only for good cause and shall be considered on a case-by-case basis.

14. Consider all computer science course credits earned by students to be science course credits, mathematics course credits, or career and technical education credits. The Board of Education shall develop guidelines addressing how computer science courses can satisfy graduation requirements.

15. Permit local school divisions to waive the requirement for students to receive 140 clock hours of instruction upon providing the Board with satisfactory proof, based on Board guidelines, that the students for whom such requirements are waived have learned the content and skills included in the relevant Standards of Learning.

16. Provide for the award of verified units of credit for a satisfactory score, as determined by the Board, on the Preliminary ACT (PreACT) or Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT) examination.

17. *Permit any English language learner who previously earned a sufficient score on an Advanced Placement or International Baccalaureate foreign language examination or an SAT II Subject Test in a foreign language to substitute computer coding course credit for any foreign language course credit required to graduate, except in cases in which such foreign language course credit is required to earn an advanced diploma offered by a nationally recognized provider of college-level courses.*

E. In the exercise of its authority to recognize exemplary performance by providing for diploma seals:

1. The Board shall develop criteria for recognizing exemplary performance in career and technical education programs by students who have completed the requirements for a Board of Education-approved diploma and shall award seals on the diplomas of students meeting such criteria.

2. The Board shall establish criteria for awarding a diploma seal for advanced mathematics and technology for the Board of Education-approved diplomas. The Board shall consider including criteria for (i) technology courses; (ii) technical writing, reading, and oral communication skills; (iii) technology-related training; and (iv) industry, professional, and trade association national certifications.

3. The Board shall establish criteria for awarding a diploma seal for excellence in civics education and understanding of our state and federal constitutions and the democratic model of government for the Board of Education-approved diplomas. The Board shall consider including criteria for (i) successful completion of history, government, and civics

courses, including courses that incorporate character education; (ii) voluntary participation in community service or extracurricular activities that includes the types of activities that shall qualify as community service and the number of hours required; and (iii) related requirements as it deems appropriate.

4. The Board shall establish criteria for awarding a diploma seal of biliteracy to any student who demonstrates proficiency in English and at least one other language for the Board of Education-approved diplomas. The Board shall consider criteria including the student's (i) score on a College Board Advanced Placement foreign language examination, (ii) score on an SAT II Subject Test in a foreign language, (iii) proficiency level on an ACTFL Assessment of Performance toward Proficiency in Languages (AAPPL) measure or another nationally or internationally recognized language proficiency test, or (iv) cumulative grade point average in a sequence of foreign language courses approved by the Board.

F. The Board shall establish, by regulation, requirements for the award of a general achievement adult high school diploma for those persons who are not subject to the compulsory school attendance requirements of § 22.1-254 and have (i) achieved a passing score on a high school equivalency examination approved by the Board of Education; (ii) successfully completed an education and training program designated by the Board of Education; (iii) earned a Board of Education-approved career and technical education credential such as the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, the Armed Services Vocational Aptitude Battery, or the Virginia workplace readiness skills assessment; and (iv) satisfied other requirements as may be established by the Board for the award of such diploma.

G. To ensure the uniform assessment of high school graduation rates, the Board shall collect, analyze, report, and make available to the public high school graduation and dropout data using a formula prescribed by the Board.

H. The Board shall also collect, analyze, report, and make available to the public high school graduation and dropout data using a formula that excludes any student who fails to graduate because such student is in the custody of the Department of Corrections, the Department of Juvenile Justice, or local law enforcement. For the purposes of the Standards of Accreditation, the Board shall use the graduation rate required by this subsection.

6. To take or cause to be taken affidavits or depositions within or without the Commonwealth.

7. [S 562]

Approved March 30, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 19.2-305.1, 19.2-349, and 19.2-368.3 of the Code of Virginia are amended and reenacted as follows:**

**§ 19.2-305.1. Restitution for property damage or loss; community service.**

A. Notwithstanding any other provision of law, no person convicted of a crime in violation of any provision in Title 18.2, which resulted in property damage or loss, shall be placed on probation or have his sentence suspended unless such person shall make at least partial restitution for such property damage or loss, or shall be compelled to perform community services, or both, or shall submit a plan for doing that which appears to the court to be feasible under the circumstances.

B. Notwithstanding any other provision of law, any person who, on or after July 1, 1995, commits, and is convicted of, a crime in violation of any provision in Title 18.2 shall make at least partial restitution for any property damage or loss caused by the crime or for any medical expenses or expenses directly related to funeral or burial incurred by the victim or his estate as a result of the crime, may be compelled to perform community services and, if the court so orders, shall submit a plan for doing that which appears to be feasible to the court under the circumstances.

B1. Notwithstanding any other provision of law, any person, who on or after July 1, 2005 commits and is convicted of a crime in violation of § 18.2-248 involving the manufacture of any controlled substance, may be ordered, upon presentation of suitable evidence of such costs, by the court to reimburse the Commonwealth or the locality for the costs incurred by the jurisdiction, as the case may be, for the removal and remediation associated with the illegal manufacture of any controlled substance by the defendant.

B2. Notwithstanding any other provision of law, any person who, on or after July 1, 2015, commits and is convicted of a violation of § 18.2-138 for damage to the Capitol or any building, monument, statuary, artwork, or other state property in Capitol Square, or at any other property assigned to the Capitol Police, shall be ordered to pay restitution to the Commonwealth for the full amount of damages. Any person who, on or after July 1, 2015, commits and is convicted of a violation of § 18.2-405, 18.2-407, or 18.2-408 in Capitol Square, or at any other property assigned to the Capitol Police, shall be ordered to pay restitution to the Commonwealth for the full amount of damages to the Capitol or any building, monument, statuary, artwork, or other state property in Capitol Square, or at any other property assigned to the Capitol Police, to which damage is caused during such riot or unlawful assembly. In any prosecution under § 18.2-138, 18.2-405, 18.2-407, or 18.2-408, testimony of the Division of Engineering and Buildings of the Department of General Services or the Division of Risk Management shall be admissible as evidence of value or extent of damages or cost of repairs to the Capitol or any building, monument, statuary, artwork, or other state property in Capitol Square, or at any other property assigned to the Capitol Police. For the purposes of this subsection, "Capitol Square" means the grounds and the interior and exterior of all buildings in that area in the City of Richmond bounded by Bank, Governor, Broad, and Ninth Streets. "Capitol Square" includes the exterior of all state buildings that are at least 50 years old and bordering the boundary streets.

C. At or before the time of sentencing, the court shall receive and consider any plan for making restitution submitted by the defendant. The plan shall include the defendant's home address, place of employment and address, social security number and bank information. If the court finds such plan to be reasonable and practical under the circumstances, it may consider probation or suspension of whatever portion of the sentence that it deems appropriate. By order of the court incorporating the defendant's plan or a reasonable and practical plan devised by the court, the defendant shall make restitution while he is free on probation or work release or following his release from confinement. Additionally, the court may order that the defendant make restitution during his confinement, if feasible, based upon both his earning capacity and net worth as determined by the court at sentencing.

D. At the time of sentencing, the court shall determine the amount to be repaid by the defendant and the terms and conditions thereof. If community service work is ordered, the court shall determine the terms and conditions upon which such work shall be performed. The court shall include such findings in the judgment order. The order shall specify that sums paid under such order shall be paid to the clerk, who shall disburse such sums as the court may, by order, direct. *The clerk*

shall record receipt of restitution payments in an automated financial management system operated and maintained by the Executive Secretary of the Supreme Court or such other system established and maintained by a circuit court clerk pursuant to § 17.1-502. Any court desiring to participate in the Setoff Debt Collection Act (§§ 58.1-520 through 58.1-535) for the purpose of collecting fines or costs or providing restitution shall, at the time of sentencing, obtain the social security number of each defendant.

E. At the time of sentencing, the court shall enter the amount of restitution to be repaid by the defendant, the date by which all restitution is to be paid, ~~and~~ the terms and conditions of such repayment, *and the victim's name and contact information, including the victim's home address, telephone number, and email address*, on a form prescribed by the Office of the Executive Secretary of the Supreme Court of Virginia. If the attorney for the Commonwealth participated in the prosecution of the defendant, the attorney for the Commonwealth or his designee shall complete, to the extent possible, all portions of the form excluding the amount of restitution to be repaid by the defendant and the terms and conditions of such repayment. If the attorney for the Commonwealth did not participate in the prosecution of the defendant, the court or the clerk shall complete the form. A copy of the form, excluding contact information for the victim, shall be provided to the defendant at sentencing. A copy of the form shall be provided to the attorney for the Commonwealth and to the victim, his agent, or his estate upon request and free of charge. *Except as provided in this section or otherwise required by law, the victim's contact information shall be confidential, and the clerk shall not disclose such confidential information to any person.*

F. Unreasonable failure to execute the plan by the defendant shall result in revocation of the probation or imposition of the suspended sentence. A hearing shall be held in accordance with the provisions of this Code relating to revocation of probation or imposition of a suspended sentence before either such action is taken.

G. A defendant convicted of an offense under § 18.2-374.1, 18.2-374.1:1, or 18.2-374.3 shall be ordered to pay mandatory restitution to the victim of the offense in an amount as determined by the court. For purposes of this subsection, "victim" means a person who is depicted in a still or videographic image involved in an offense under § 18.2-374.1, 18.2-374.1:1, or 18.2-374.3.

The Commonwealth shall make reasonable efforts to notify victims of offenses under § 18.2-374.1, 18.2-374.1:1, or 18.2-374.3.

H. If restitution is ordered to be paid by the defendant to the victim of a crime and the victim can no longer be located or identified, the clerk shall deposit any such restitution collected to the Criminal Injuries Compensation Fund for the benefit of crime victims *by November 1 of each year. If a clerk does not have any such restitution to deposit, the clerk shall provide a statement to that effect to the Fund by November 1 of each year.* The administrator shall reserve a sum sufficient in the Fund from which he shall make prompt payment *directly* to the victim for any proper claims. *When depositing such restitution to the Fund, the clerk shall report the victim's last known contact information, including the victim's home address, telephone number, and email address, and the amount of restitution being deposited for that victim.* Before making the deposit ~~he~~, the administrator shall record the name, ~~last known address~~ *contact information*, and amount of restitution ~~due~~ *being deposited* for each victim appearing from the clerk's report to be entitled to restitution. *The victim's contact information reported to the Fund shall be confidential and shall not be disseminated further except as otherwise required by law.*

I. If restitution pursuant to § 19.2-305 or this section is ordered to be paid by the defendant to the victim of a crime or other entity, and the Criminal Injuries Compensation Fund has made any payments to or on behalf of the victim for any loss, damage, or expenses included in the restitution order, then upon presentation by the Fund of a written request that sets forth the amount of payments made by the Fund to the victim or on the victim's behalf, the entity collecting restitution shall pay to the Fund as much of the restitution collected as will reimburse the Fund for its payments made to the victim or on the victim's behalf.

J. Whenever a defendant is ordered to pay restitution, any sums collected shall be used first to satisfy such restitution order and any collection costs associated with restitution prior to being used to satisfy any fine, forfeiture, penalty, or cost assessed against the defendant.

**§ 19.2-349. Responsibility for collections; clerks to report unsatisfied fines, etc.; duty of attorneys for Commonwealth; duties of Department of Taxation.**

A. The clerk of the circuit court and district court of every county and city shall submit to the judge of his court, the Department of Taxation, the State Compensation Board and the attorney for the Commonwealth of his county or city a monthly report of all fines, costs, forfeitures and penalties which are delinquent more than 90 days, including court-ordered restitution of a sum certain, imposed in his court for a violation of state law or a local ordinance which remain unsatisfied, including those which are delinquent in installment payments. The monthly report shall include the social security number or driver's license number of the defendant, if known, and such other information as the Department of Taxation and the Compensation Board deem appropriate. The Executive Secretary shall make the report required by this subsection on behalf of those clerks who participate in the Supreme Court's automated information system.

B. The clerk of the circuit court and district court of every county and city shall submit quarterly to the attorney for the Commonwealth of his county or city and any probation agency that serves such county or city:

1. A list of all defendants with an outstanding balance of restitution ordered by the court served by such clerk. Such report shall include the defendant's name, case number, total amount of restitution ordered, amount of restitution remaining due, and last date of payment; and

2. A list of all accounts where more than 90 days have passed since an account was sent to collections and no payments have been made toward fines, costs, forfeitures, penalties, or restitution. For accounts where restitution is owed, such report shall include the defendant's name, case number, and total amount of restitution and restitution interest due.

C. It shall be the duty of the attorney for the Commonwealth to cause proper proceedings to be instituted for the collection and satisfaction of all fines, costs, forfeitures, penalties and restitution. The attorney for the Commonwealth shall determine whether it would be impractical or uneconomical for such service to be rendered by the office of the attorney for the Commonwealth. If the defendant does not enter into an installment payment agreement under § 19.2-354, the attorney for the Commonwealth and the clerk may agree to a process by which collection activity may be commenced 90 days after judgment.

If the attorney for the Commonwealth does not undertake collection, he shall contract with (i) private attorneys or private collection agencies, (ii) enter into an agreement with a local governing body, (iii) enter into an agreement with the county or city treasurer, or (iv) use the services of the Department of Taxation, upon such terms and conditions as may be established by guidelines promulgated by the Office of the Attorney General, the Executive Secretary of the Supreme Court with the Department of Taxation and the Compensation Board. If the attorney for the Commonwealth undertakes collection, he shall follow the procedures established by the Department of Taxation and the Compensation Board. Such guidelines shall not supersede contracts between attorneys for the Commonwealth and private attorneys and collection agencies when active collection efforts are being undertaken. As part of such contract, private attorneys or collection agencies shall be given access to the social security number of the defendant in order to assist in the collection effort. Any such private attorney shall be subject to the penalties and provisions of § 18.2-186.3.

The fees of any private attorneys or collection agencies shall be paid on a contingency fee basis out of the proceeds of the amounts collected. However, in no event shall such attorney or collection agency receive a fee for amounts collected by the Department of Taxation under the Setoff Debt Collection Act (§ 58.1-520 et seq.). A local treasurer undertaking collection pursuant to an agreement with the attorney for the Commonwealth may collect the administrative fee authorized by § 58.1-3958.

D. The Department of Taxation and the State Compensation Board shall be responsible for the collection of any judgment which remains unsatisfied or does not meet the conditions of § 19.2-354. Persons owing such unsatisfied judgments or failing to comply with installment payment agreements under § 19.2-354 shall be subject to the delinquent tax collection provisions of Title 58.1. The Department of Taxation and the State Compensation Board shall establish procedures to be followed by clerks of courts, attorneys for the Commonwealth, other state agencies and any private attorneys or collection agents and may employ private attorneys or collection agencies, or engage other state agencies to collect the judgment. The Department of Taxation and the Commonwealth shall be entitled to deduct a fee for services from amounts collected for violations of local ordinances.

The Department of Taxation and the State Compensation Board shall annually report to the Governor and the General Assembly the total of fines, costs, forfeitures and penalties assessed, collected, and unpaid and those which remain unsatisfied or do not meet the conditions of § 19.2-354 by each circuit and district court. The report shall include the procedures established by the Department of Taxation and the State Compensation Board pursuant to this section and a plan for increasing the collection of unpaid fines, costs, forfeitures and penalties. The Auditor of Public Accounts shall annually report to the Governor, the Executive Secretary of the Supreme Court and the General Assembly as to the adherence of clerks of courts, attorneys for the Commonwealth and other state agencies to the procedures established by the Department of Taxation and the State Compensation Board.

*The Office of the Executive Secretary of the Supreme Court shall annually report to the Governor, the General Assembly, the Chairmen of the House and Senate Committees for Courts of Justice, and the Virginia State Crime Commission on the total of restitution assessed, collected, and unpaid for each circuit and district court and the total of restitution collected and deposited into the Criminal Injuries Compensation Fund pursuant to subsection H of § 19.2-305.1 by each circuit and district court.*

#### **§ 19.2-368.3. Powers and duties of Commission.**

The Commission shall have the following powers and duties in the administration of the provisions of this chapter:

1. To adopt, promulgate, amend and rescind suitable rules and regulations to carry out the provisions and purposes of this chapter, to include a distinct policy (i) for the payment of physical evidence recovery kit examinations and (ii) to require each health care provider as defined in § 8.01-581.1 that provides services under this chapter to negotiate with the Commission or its designee to establish prospective agreements relating to rates for payment of claims for such services allowed under § 19.2-368.11:1, such rates to discharge the obligation to the provider in full except where the provider is an agency of the Commonwealth and the claimant receives a third party recovery in addition to the payment from the Fund.

2. Notwithstanding the provisions of § 2.2-3706, to acquire from the attorneys for the Commonwealth, State Police, local police departments, sheriffs' departments, and the Chief Medical Examiner such investigative results, information and data as will enable the Commission to determine if, in fact, a crime was committed or attempted, and the extent, if any, to which the victim or claimant was responsible for his own injury. These data shall include prior adult arrest records and juvenile court disposition records of the offender. For such purposes and in accordance with § 16.1-305, the Commission may also acquire from the juvenile and domestic relations district courts a copy of the order of disposition relating to the crime. The use of any information received by the Commission pursuant to this subdivision shall be limited to carrying out the purposes set forth in this section, and this information shall be confidential and shall not be disseminated further. The

agency from which the information is requested may submit original reports, portions thereof, summaries, or such other configurations of information as will comply with the requirements of this section.

3. To hear and determine all claims for awards filed with the Commission pursuant to this chapter, and to reinvestigate or reopen cases as the Commission deems necessary.

4. To require and direct medical examination of victims.

5. To hold hearings, administer oaths or affirmations, examine any person under oath or affirmation and to issue summonses requiring the attendance and giving of testimony of witnesses and require the production of any books, papers, documentary or other evidence. The powers provided in this subsection may be delegated by the Commission to any member or employee thereof.

6. To take or cause to be taken affidavits or depositions within or without the Commonwealth.

7. To render each year to the Governor and to the General Assembly a written report of its activities. *This report shall include a detailed section on all unclaimed restitution collected and disbursed to the victim from the Criminal Injuries Compensation Fund pursuant to subsection H of § 19.2-305.1.*

8. To accept from the government of the United States grants of federal moneys for disbursement under the provisions of this chapter.

*9. To collect and disburse unclaimed restitution pursuant to subsection H of § 19.2-305.1 and develop, in consultation with circuit court clerks and the Office of the Executive Secretary of the Supreme Court of Virginia, policies and procedures for the receipt, collection, and disbursement of unclaimed restitution to victims of crime.*

*10. To identify and locate victims of crime for whom restitution owed to such victims has been deposited into the Criminal Injuries Compensation Fund pursuant to subsection H of § 19.2-305.1. Notwithstanding the provisions of § 2.2-3706, the Commission may acquire from the attorneys for the Commonwealth, State Police, local police departments, and sheriffs' departments such information as will enable the Commission to identify and locate such victims. The use of any information received by the Commission pursuant to this subdivision shall be limited to carrying out the purposes set forth in this section, and this information shall be confidential and shall not be disseminated further.*

**CHAPTER 726**

*An Act to amend and reenact § 15.2-2286 of the Code of Virginia, relating to zoning; penalties.*

[H 709]

Approved March 30, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That § 15.2-2286 of the Code of Virginia is amended and reenacted as follows:**

**§ 15.2-2286. Permitted provisions in zoning ordinances; amendments; applicant to pay delinquent taxes; penalties.**

A. A zoning ordinance may include, among other things, reasonable regulations and provisions as to any or all of the following matters:

1. For variances or special exceptions, as defined in § 15.2-2201, to the general regulations in any district.

2. For the temporary application of the ordinance to any property coming into the territorial jurisdiction of the governing body by annexation or otherwise, subsequent to the adoption of the zoning ordinance, and pending the orderly amendment of the ordinance.

3. For the granting of special exceptions under suitable regulations and safeguards; notwithstanding any other provisions of this article, the governing body of any locality may reserve unto itself the right to issue such special exceptions. Conditions imposed in connection with residential special use permits, wherein the applicant proposes affordable housing, shall be consistent with the objective of providing affordable housing. When imposing conditions on residential projects specifying materials and methods of construction or specific design features, the approving body shall consider the impact of the conditions upon the affordability of housing.

The governing body or the board of zoning appeals of the City of Norfolk may impose a condition upon any special exception relating to retail alcoholic beverage control licensees which provides that such special exception will automatically expire upon a change of ownership of the property, a change in possession, a change in the operation or management of a facility or upon the passage of a specific period of time.

The governing body of the City of Richmond may impose a condition upon any special use permit issued after July 1, 2000, relating to retail alcoholic beverage licensees which provides that such special use permit shall be subject to an automatic review by the governing body upon a change in possession, a change in the owner of the business, or a transfer of majority control of the business entity. Upon review by the governing body, it may either amend or revoke the special use permit after notice and a public hearing as required by § 15.2-2206.

4. For the administration and enforcement of the ordinance including the appointment or designation of a zoning administrator who may also hold another office in the locality. The zoning administrator shall have all necessary authority on behalf of the governing body to administer and enforce the zoning ordinance. His authority shall include (i) ordering in writing the remedying of any condition found in violation of the ordinance; (ii) insuring compliance with the ordinance, bringing legal action, including injunction, abatement, or other appropriate action or proceeding subject to appeal pursuant

to § 15.2-2311; and (iii) in specific cases, making findings of fact and, with concurrence of the attorney for the governing body, conclusions of law regarding determinations of rights accruing under § 15.2-2307 or subsection C of § 15.2-2311.

Whenever the zoning administrator has reasonable cause to believe that any person has engaged in or is engaging in any violation of a zoning ordinance that limits occupancy in a residential dwelling unit, which is subject to a civil penalty that may be imposed in accordance with the provisions of § 15.2-2209, and the zoning administrator, after a good faith effort to obtain the data or information necessary to determine whether a violation has occurred, has been unable to obtain such information, he may request that the attorney for the locality petition the judge of the general district court for his jurisdiction for a subpoena duces tecum against any such person refusing to produce such data or information. The judge of the court, upon good cause shown, may cause the subpoena to be issued. Any person failing to comply with such subpoena shall be subject to punishment for contempt by the court issuing the subpoena. Any person so subpoenaed may apply to the judge who issued the subpoena to quash it.

Notwithstanding the provisions of § 15.2-2311, a zoning ordinance may prescribe an appeal period of less than 30 days, but not less than 10 days, for a notice of violation involving temporary or seasonal commercial uses, parking of commercial trucks in residential zoning districts, maximum occupancy limitations of a residential dwelling unit, or similar short-term, recurring violations.

Where provided by ordinance, the zoning administrator may be authorized to grant a modification from any provision contained in the zoning ordinance with respect to physical requirements on a lot or parcel of land, including but not limited to size, height, location or features of or related to any building, structure, or improvements, if the administrator finds in writing that: (i) the strict application of the ordinance would produce undue hardship; (ii) such hardship is not shared generally by other properties in the same zoning district and the same vicinity; and (iii) the authorization of the modification will not be of substantial detriment to adjacent property and the character of the zoning district will not be changed by the granting of the modification. Prior to the granting of a modification, the zoning administrator shall give, or require the applicant to give, all adjoining property owners written notice of the request for modification, and an opportunity to respond to the request within 21 days of the date of the notice. The zoning administrator shall make a decision on the application for modification and issue a written decision with a copy provided to the applicant and any adjoining landowner who responded in writing to the notice sent pursuant to this paragraph. The decision of the zoning administrator shall constitute a decision within the purview of § 15.2-2311, and may be appealed to the board of zoning appeals as provided by that section. Decisions of the board of zoning appeals may be appealed to the circuit court as provided by § 15.2-2314.

The zoning administrator shall respond within 90 days of a request for a decision or determination on zoning matters within the scope of his authority unless the requester has agreed to a longer period.

5. For the imposition of penalties upon conviction of any violation of the zoning ordinance. Any such violation shall be a misdemeanor punishable by a fine of not ~~less than \$10 nor~~ more than \$1,000. If the violation is uncorrected at the time of the conviction, the court shall order the violator to abate or remedy the violation in compliance with the zoning ordinance, within a time period established by the court. Failure to remove or abate a zoning violation within the specified time period shall constitute a separate misdemeanor offense punishable by a fine of not ~~less than \$10 nor~~ more than \$1,000; ~~and~~; any such failure during ~~any a~~ succeeding 10-day period shall constitute a separate misdemeanor offense ~~for each 10-day period~~ punishable by a fine of not ~~less than \$100 nor~~ more than \$1,500; ~~and any such failure during any succeeding 10-day period shall constitute a separate misdemeanor offense for each 10-day period punishable by a fine of not more than \$2,000.~~

However, any conviction resulting from a violation of provisions regulating the number of unrelated persons in single-family residential dwellings shall be punishable by a fine of up to \$2,000. Failure to abate the violation within the specified time period shall be punishable by a fine of up to \$5,000, and any such failure during any succeeding 10-day period shall constitute a separate misdemeanor offense for each 10-day period punishable by a fine of up to \$7,500. However, no such fine shall accrue against an owner or managing agent of a single-family residential dwelling unit during the pendency of any legal action commenced by such owner or managing agent of such dwelling unit against a tenant to eliminate an overcrowding condition in accordance with Chapter 13 or Chapter 13.2 of Title 55, as applicable. A conviction resulting from a violation of provisions regulating the number of unrelated persons in single-family residential dwellings shall not be punishable by a jail term.

6. For the collection of fees to cover the cost of making inspections, issuing permits, advertising of notices and other expenses incident to the administration of a zoning ordinance or to the filing or processing of any appeal or amendment thereto.

7. For the amendment of the regulations or district maps from time to time, or for their repeal. Whenever the public necessity, convenience, general welfare, or good zoning practice requires, the governing body may by ordinance amend, supplement, or change the regulations, district boundaries, or classifications of property. Any such amendment may be initiated (i) by resolution of the governing body; (ii) by motion of the local planning commission; or (iii) by petition of the owner, contract purchaser with the owner's written consent, or the owner's agent therefor, of the property which is the subject of the proposed zoning map amendment, addressed to the governing body or the local planning commission, who shall forward such petition to the governing body; however, the ordinance may provide for the consideration of proposed amendments only at specified intervals of time, and may further provide that substantially the same petition will not be reconsidered within a specific period, not exceeding one year. Any such resolution or motion by such governing body or commission proposing the rezoning shall state the above public purposes therefor.

In any county having adopted such zoning ordinance, all motions, resolutions or petitions for amendment to the zoning ordinance, and/or map shall be acted upon and a decision made within such reasonable time as may be necessary which shall not exceed 12 months unless the applicant requests or consents to action beyond such period or unless the applicant withdraws his motion, resolution or petition for amendment to the zoning ordinance or map, or both. In the event of and upon such withdrawal, processing of the motion, resolution or petition shall cease without further action as otherwise would be required by this subdivision.

8. For the submission and approval of a plan of development prior to the issuance of building permits to assure compliance with regulations contained in such zoning ordinance.

9. For areas and districts designated for mixed use developments or planned unit developments as defined in § 15.2-2201.

10. For the administration of incentive zoning as defined in § 15.2-2201.

11. For provisions allowing the locality to enter into a voluntary agreement with a landowner that would result in the downzoning of the landowner's undeveloped or underdeveloped property in exchange for a tax credit equal to the amount of excess real estate taxes that the landowner has paid due to the higher zoning classification. The locality may establish reasonable guidelines for determining the amount of excess real estate tax collected and the method and duration for applying the tax credit. For purposes of this section, "downzoning" means a zoning action by a locality that results in a reduction in a formerly permitted land use intensity or density.

12. Provisions for requiring and considering Phase I environmental site assessments based on the anticipated use of the property proposed for the subdivision or development that meet generally accepted national standards for such assessments, such as those developed by the American Society for Testing and Materials, and Phase II environmental site assessments, that also meet accepted national standards, such as, but not limited to, those developed by the American Society for Testing and Materials, if the locality deems such to be reasonably necessary, based on findings in the Phase I assessment, and in accordance with regulations of the United States Environmental Protection Agency and the American Society for Testing and Materials. A reasonable fee may be charged for the review of such environmental assessments. Such fees shall not exceed an amount commensurate with the services rendered, taking into consideration the time, skill, and administrative expense involved in such review.

13. Provisions for requiring disclosure and remediation of contamination and other adverse environmental conditions of the property prior to approval of subdivision and development plans.

14. For the enforcement of provisions of the zoning ordinance that regulate the number of persons permitted to occupy a single-family residential dwelling unit, provided such enforcement is in compliance with applicable local, state and federal fair housing laws.

15. For the issuance of inspection warrants by a magistrate or court of competent jurisdiction. The zoning administrator or his agent may make an affidavit under oath before a magistrate or court of competent jurisdiction and, if such affidavit establishes probable cause that a zoning ordinance violation has occurred, request that the magistrate or court grant the zoning administrator or his agent an inspection warrant to enable the zoning administrator or his agent to enter the subject dwelling for the purpose of determining whether violations of the zoning ordinance exist. After issuing a warrant under this section, the magistrate or judge shall file the affidavit in the manner prescribed by § 19.2-54. After executing the warrant, the zoning administrator or his agents shall return the warrant to the clerk of the circuit court of the city or county wherein the inspection was made. The zoning administrator or his agent shall make a reasonable effort to obtain consent from the owner or tenant of the subject dwelling prior to seeking the issuance of an inspection warrant under this section.

B. Prior to the initiation of an application by the owner of the subject property, the owner's agent, or any entity in which the owner holds an ownership interest greater than 50 percent, for a special exception, special use permit, variance, rezoning or other land disturbing permit, including building permits and erosion and sediment control permits, or prior to the issuance of final approval, the authorizing body may require the applicant to produce satisfactory evidence that any delinquent real estate taxes, nuisance charges, stormwater management utility fees, and any other charges that constitute a lien on the subject property, that are owed to the locality and have been properly assessed against the subject property, have been paid, unless otherwise authorized by the treasurer.

The Supreme Court, by rule, shall establish and maintain a judicial performance evaluation program that will provide a self-improvement mechanism for judges and a source of information for the reelection process. By December 1 of each year, the Supreme Court, or its designee, shall transmit a report of the evaluation in the final year of the term of each

justice and judge whose term expires during the next session of the General Assembly to the Chairmen of the House and Senate Committees for Courts of Justice. *Such report shall include the number of cases during the judge's term in which a judge imposed a sentence that is either greater or less than that indicated by the sentencing guidelines and did not file a written explanation of such departure required pursuant to subsection B of § 19.2-298.01. The Virginia Criminal Sentencing Commission shall provide such information to the Supreme Court by November 1.*

B. The reporting requirement of this section shall become effective when funds are appropriated for this program and shall apply to the evaluation of any justice or judge who has had at least one interim evaluation conducted during his term. For any judge or justice elected or reelected on or after January 1, 2014, an interim evaluation of each individual justice or judge shall be completed during his term. Such interim evaluation shall be commenced by the judicial performance evaluation program no later than the midpoint of his term.

C. All records created or maintained by or on behalf of the judicial performance evaluation program related to an evaluation of any individual justice or judge are confidential and shall not be disclosed, except that any report provided to the General Assembly pursuant to this section shall be a public record that is open to inspection.

## CHAPTER 728

*An Act to amend and reenact § 15.2-1301 of the Code of Virginia, relating to economic growth-sharing agreements.*

[H 1148]

Approved March 30, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That § 15.2-1301 of the Code of Virginia is amended and reenacted as follows:**

**§ 15.2-1301. Voluntary economic growth-sharing agreements.**

A. Any county, city or town, or combination thereof, may enter voluntarily into an agreement with any other county, city or town, or combination thereof, whereby the locality may agree for any purpose otherwise permitted, including the provision on a multi-jurisdictional basis of one or more public services or facilities or any type of economic development project, to enter into binding fiscal arrangements for fixed time periods, to exceed one year, to share in the benefits of the economic growth of their localities. However, if any such agreement contains any provision addressing any issue provided for in ~~Chapter~~ Chapter 32 (§ 15.2-3200 et seq.), 33 (§ 15.2-3300 et seq.), 36 (§ 15.2-3600 et seq.), 38 (§ 15.2-3800 et seq.), 39 (§ 15.2-3900 et seq.), or 41 of this title (§ 15.2-4100 et seq.), the agreement shall be subject to the review and implementation process established by Chapter 34 of this title (§ 15.2-3400 et seq.). *All such agreements, including those that address any issue provided for in Chapter 32, 33, 36, 38, 39, or 41, shall require, at least annually, a report from each locality that is a recipient of funds pursuant to the agreement to each of the other governing bodies of the participating localities that includes (i) the amount of money transferred among the localities pursuant to the agreement and (ii) the uses of such funds by the localities. The parties to any such agreement that has been in effect for at least 10 years as of July 1, 2018, and pursuant to which annual payments exceed \$5 million, shall (a) comply with the reporting requirements of this subsection, notwithstanding whether such requirements are contained in the existing agreement and (b) convene an annual meeting to discuss anticipated future plans for economic growth in the localities.*

B. The terms and conditions of the revenue, tax base or economic growth-sharing agreement as provided in subsection A shall be determined by the affected localities and shall be approved by the governing body of each locality participating in the agreement, provided the governing body of each such locality first holds a public hearing which shall be advertised once a week for two successive weeks in a newspaper of general circulation in the locality. However, the public hearing shall not take place until the Commission on Local Government has issued its findings in accordance with subsection D. For purposes of this section, "revenue, tax base, and economic growth-sharing agreements" means any agreement authorized by subsection A which obligates any locality to pay another locality all or any portion of designated taxes or other revenues received by that political subdivision, but shall not include any interlocal service agreement.

C. Any revenue, tax base or economic growth-sharing agreement entered into under the provisions of this section that creates a debt pursuant to Article VII, Section 10 (b) of the Constitution of Virginia, shall require the board of supervisors to hold a special election on the question as provided in § 15.2-3401.

D. Revenue, tax base, and economic growth-sharing agreements drafted under the provisions of this chapter shall be submitted to the Commission on Local Government for review as provided in subdivision 4 of § 15.2-2903. However, no such review shall be required for two or more localities entering into an economic growth-sharing agreement pursuant to this section in order to facilitate the reception of grants for qualified companies in such locality pursuant to the Port of Virginia Economic and Infrastructure Development Grant Fund and Program established pursuant to § 62.1-132.3:2.

## CHAPTER 729

*An Act to amend and reenact § 4.1-204 of the Code of Virginia, relating to alcoholic beverage control; records of retail licensees.*

[H 1379]

Approved March 30, 2018

**Be it enacted by the General Assembly of Virginia:****1. That § 4.1-204 of the Code of Virginia is amended and reenacted as follows:****§ 4.1-204. Records of licensees; inspection of records and places of business.**

A. Manufacturers, bottlers or wholesalers. — Every licensed manufacturer, bottler or wholesaler shall keep complete, accurate and separate records in accordance with Board regulations of all alcoholic beverages purchased, manufactured, bottled, sold or shipped by him, and the applicable tax required by § 4.1-234 or 4.1-236, if any.

B. Retailers. — Every retail licensee shall keep complete, accurate and separate records, in accordance with Board regulations, of all purchases of alcoholic beverages, the prices charged such licensee therefor, and the names and addresses of the persons from whom purchased. Every retail licensee shall also preserve all invoices showing his purchases for a period as specified by Board regulations. He shall also keep an accurate account of daily sales, showing quantities of alcoholic beverages sold and the total price charged by him therefor. Except as otherwise provided in subsection D, such account need not give the names or addresses of the purchasers thereof, except as may be required by Board regulation for the sale of alcoholic beverages in kegs. In the case of persons holding retail licenses which require sales of food to determine their qualifications for such licenses, the records shall also include purchases and sales of food and nonalcoholic beverages.

*Notwithstanding the provisions of subsection F, electronic records of retail licensees may be stored off site, provided that such records are readily retrievable and available for electronic inspection by the Board or its special agents at the licensed premises. However, in the case that such electronic records are not readily available for electronic inspection on the licensed premises, the retail licensee may obtain Board approval, for good cause shown, to permit the retail licensee to provide the records to a special agent of the Board within three business days or less, as determined by the Board, after a request is made to inspect the records.*

C. Common carriers. — Common carriers of passengers by train, boat, or airplane shall keep records of purchases and sales of alcoholic beverages and food as required by Board regulation.

D. Wine shippers and beer shippers. — Every wine shipper licensee and every beer shipper licensee shall keep complete, accurate, and separate records in accordance with Board regulations of all shipments of wine or beer to persons in the Commonwealth. Such licensees shall also remit on a monthly basis an accurate account stating whether any wine, farm wine, or beer products were sold and shipped and, if so, stating the total quantities of wine and beer sold and the total price charged for such wine and beer. Such records shall include the names and addresses of the purchasers to whom the wine and beer is shipped.

E. Delivery permittees. — Every holder of a delivery permit issued pursuant to § 4.1-212.1 shall keep complete, accurate, and separate records in accordance with Board regulations of all deliveries of wine or beer to persons in the Commonwealth. Such permittees shall also remit on a monthly basis an accurate account that sets forth the total quantities of wine and beer sold and the total price charged for such wine and beer. Such records shall include the names and addresses of the purchasers to whom the wine and beer is delivered. If no wine or beer was sold and delivered in any month, the permittee shall not be required to submit a report to the Board for that month; however, every permittee must submit a report to the Board no less frequently than once every 12 months even if no sales or deliveries have been made in the preceding 12 months.

F. Inspection. — The Board and its special agents shall be allowed free access during reasonable hours to every place in the Commonwealth and to the premises of both (i) every wine shipper licensee and beer shipper licensee and (ii) every delivery permittee wherever located where alcoholic beverages are manufactured, bottled, stored, offered for sale or sold, for the purpose of examining and inspecting such place and all records, invoices and accounts therein. The Board may engage the services of alcoholic beverage control authorities in any state to assist with the inspection of the premises of a wine shipper licensee, a beer shipper licensee, or delivery permittee, or any applicant for such license or permit.

For purposes of a Board inspection of the records of any retail licensees, "reasonable hours" means the hours between 9 a.m. and 5 p.m.; however, if the licensee generally is not open to the public substantially during the same hours, "reasonable hours" shall mean the business hours when the licensee is open to the public. At any other time of day, if the retail licensee's records are not available for inspection, the retailer shall provide the records to a special agent of the Board within 24 hours after a request is made to inspect the records.

## CHAPTER 730

*An Act to amend and reenact §§ 15.2-2607 and 58.1-3833 of the Code of Virginia, relating to bond referenda; authorizing localities to make bond issuance contingent on enactment of a food and beverage tax.*

[H 1390]

Approved March 30, 2018

**Be it enacted by the General Assembly of Virginia:****1. That §§ 15.2-2607 and 58.1-3833 of the Code of Virginia are amended and reenacted as follows:****§ 15.2-2607. Provisions which may be embodied in bond ordinances or resolution; adoption; filing copy with court.**

The governing body of any locality, subject to the approval of a majority of the qualified voters of the locality voting on the issuance of such bonds if required by the Constitution of Virginia or by this chapter, is authorized to provide by ordinance or resolution for the issuance, at one time or from time to time, of bonds of the locality for the purposes set forth in and subject to the provisions of this chapter.

Any such ordinance or resolution may contain provisions which shall be a part of the contract with the owners of the bonds as to:

1. The payment of the principal of and premium, if any, and the interest on bonds from (i) ad valorem taxes to be levied without limitation as to rate or amount on all property subject to taxation or (ii) county food and beverage taxes levied pursuant to Article 7.1 (§ 58.1-3833 et seq.) of Chapter 38 of Title 58.1 and the pledging of the full faith and credit of the locality to secure the payment of bonds;

2. The pledge of specified revenues of the locality, other than taxes, ad valorem or otherwise, including, without limitation, the pledge of the revenues of any revenue-producing undertaking or undertakings, to the payment of the principal of and premium, if any, and interest on bonds;

3. The granting of a mortgage or deed of trust lien on any specific revenue-producing undertaking or undertakings to secure the payment of the principal of and premium, if any, and interest on bonds issued to finance in whole or in part the costs of the undertaking or undertakings, but only if the full faith and credit of the locality is not pledged to the payment of the bonds;

4. The securing of the payment of the principal of and premium, if any, and interest on bonds by an ordinance resolution, trust agreement, indenture or other instrument, which may (i) appoint any trust company or bank having the powers of a trust company within or outside the Commonwealth as corporate trustee, (ii) set forth the rights and remedies of the bondholders and of the trustee, (iii) restrict the individual right of action by bondholders, and (iv) contain any other provisions as the governing body of the locality deems reasonable and proper for the security of the bondholders;

5. The payment of the principal of and premium, if any, and the interest on bonds from any one or more of the sources of funds provided for in this section or any combination of them and the pledging of any one or more of the sources of funds or any combination of them to secure the payment of the principal of and premium, if any and interest on bonds;

6. The rates, rents, fees, charges, taxes and other revenues or receipts of any revenue-producing undertaking or undertakings and the amounts to be raised in each year by them, and the use and disposition of such rates, rents, fees, charges, taxes and other revenues and receipts of any undertaking or undertakings;

7. The setting aside of reserves or sinking funds and the regulation and disposition of them;

8. Limitations on the right of the locality to restrict and regulate the use of any project;

9. Limitations on the purpose to which the proceeds of sale of any bonds may be applied;

10. Limitations on issuance of additional revenue bonds;

11. The procedure, if any, by which the terms of any contract with bondholders may be amended or discharged, the amount of bonds the owners of which shall consent to the amendment or abrogation, and the manner in which the consent must be given;

12. Conferring upon the bondholders or the trustee under any ordinance, resolution, trust agreement, indenture or other instrument remedies for enforcing the rights of the bondholders and requiring the governing body to carry out any agreement with the bondholders;

13. Any other matter required by any state or federal agency as a condition precedent to the obtaining of a direct grant or grants of money for or in aid of any project or to defray or partially to defray the cost of the labor and materials employed upon any project, or to obtain a loan or loans of money for or in aid of any project from any state or federal agency; and

14. Any provisions necessary to qualify the interest on the bonds for exclusion from gross income for federal income tax purposes and to maintain that exclusion.

Any ordinance or resolution authorizing the issuance of bonds may be finally adopted at the meeting at which it is introduced, which may be a regular or special meeting, by a majority of the members of the governing body. A certified copy of each such ordinance or resolution shall be filed in the circuit court having jurisdiction over the locality. When any town is situated partly in two or more counties, the certified copy of the ordinance or resolution may be presented to the circuit court for any of the counties. Except as expressly required by this article, the ordinance or resolution need not be published, posted or advertised.

**§ 58.1-3833. County food and beverage tax.**

A. 1. Any county is hereby authorized to levy a tax on food and beverages sold, for human consumption, by a restaurant, as such term is defined in subdivision 9 of § 35.1-1, not to exceed four percent of the amount charged for such food and beverages. Such tax shall not be levied on food and beverages sold through vending machines or by (i) boardinghouses that do not accommodate transients; (ii) cafeterias operated by industrial plants for employees only; (iii) restaurants to their employees as part of their compensation when no charge is made to the employee; (iv) volunteer fire departments and volunteer emergency medical services agencies; nonprofit churches or other religious bodies; or educational, charitable, fraternal, or benevolent organizations the first three times per calendar year and, beginning with the fourth time, on the first \$100,000 of gross receipts per calendar year from sales of food and beverages (excluding gross receipts from the first three times), as a fundraising activity, the gross proceeds of which are to be used by such church, religious body or organization exclusively for nonprofit educational, charitable, benevolent, or religious purposes; (v) churches that serve meals for their members as a regular part of their religious observances; (vi) public or private elementary or secondary schools or institutions of higher education to their students or employees; (vii) hospitals, medical clinics, convalescent homes, nursing homes, or other extended care facilities to patients or residents thereof; (viii) day care centers; (ix) homes for the aged, infirm, handicapped, battered women, narcotic addicts, or alcoholics; or (x) age-restricted apartment complexes or residences with restaurants, not open to the public, where meals are served and fees are charged for such food and beverages and are included in rental fees. Also, the tax shall not be levied on food and beverages: (a) when used or consumed and paid for by the Commonwealth, any political subdivision of the Commonwealth, or the United States; or (b) provided by a public or private nonprofit charitable organization or establishment to elderly, infirm, blind, handicapped, or needy persons in their homes, or at central locations; or (c) provided by private establishments that contract with the appropriate agency of the Commonwealth to offer food, food products, or beverages for immediate consumption at concession prices to elderly, infirm, blind, handicapped, or needy persons in their homes or at central locations.

2. Grocery stores and convenience stores selling prepared foods ready for human consumption at a delicatessen counter shall be subject to the tax, for that portion of the grocery store or convenience store selling such items.

3. This tax shall be levied only if the tax is approved in a referendum within the county which shall be held in accordance with § 24.2-684 and initiated either by a resolution of the board of supervisors or on the filing of a petition signed by a number of registered voters of the county equal in number to 10 percent of the number of voters registered in the county, as appropriate on January 1 of the year in which the petition is filed with the court of such county. However, no referendum initiated by a resolution of the board of supervisors shall be authorized in a county in the three calendar years subsequent to the electoral defeat of any referendum held pursuant to this section in such county. The clerk of the circuit court shall publish notice of the election in a newspaper of general circulation in the county once a week for three consecutive weeks prior to the election. If the voters affirm the levy of a local meals tax, the tax shall be effective in an amount and on such terms as the governing body may by ordinance prescribe. If such resolution of the board of supervisors or such petition states for what projects and/or purposes the revenues collected from the tax are to be used, then the question on the ballot for the referendum shall include language stating for what projects and/or purposes the revenues collected from the tax are to be used.

4. Any referendum held for the purpose of approving a county food and beverage tax pursuant to this section shall, in the language of the ballot question presented to voters, contain the following text in a paragraph unto itself: "If this food and beverage tax is adopted and a maximum tax rate of four percent is imposed, then the total tax imposed on all prepared food and beverage shall be..." followed by the total, expressed as a percentage, of all existing ad valorem taxes applicable to the transaction added to the four percent county food and beverage tax to be approved by the referendum.

5. *Notwithstanding any other provision of this section, if a county that has not imposed a county food and beverage tax adopts an ordinance or resolution pursuant to subdivision 1 of § 15.2-2607 providing for the payment of the principal and premium, if any, and interest on bonds issued in accordance with the Public Finance Act (§ 15.2-2600 et seq.) from revenue collected from a county food and beverage tax, then the ballot may provide, as a single question:*

*a. The purpose or purposes of the bonds to be issued;*

*b. The estimated maximum amount of such bonds proposed in the notice required in subsection A of § 15.2-2606;*

*c. The request for approval by the voters of a county food and beverage tax authorized and levied in accordance with subdivision 3;*

*d. The language required to be included in the ballot question as set forth in subdivision 4; and*

*e. An explanation that the bonds shall be issued only if the county food and beverage tax is approved in the referendum.*

*Any referendum placed on the ballot pursuant to this subdivision 5 shall be submitted according to the procedures specified in § 24.2-684.*

The term "beverage" as set forth herein shall mean alcoholic beverages as defined in § 4.1-100 and nonalcoholic beverages served as part of a meal. The tax shall be in addition to the sales tax currently imposed by the county pursuant to the authority of Chapter 6 (§ 58.1-600 et seq.). Collection of such tax shall be in a manner prescribed by the governing body.

B. Notwithstanding the provisions of subsection A, Roanoke County, Rockbridge County, Frederick County, Arlington County, and Montgomery County, are hereby authorized to levy a tax on food and beverages sold for human consumption by a restaurant, as such term is defined in § 35.1-1 and as modified in subsection A above and subject to the same exemptions, not to exceed four percent of the amount charged for such food and beverages, provided that the governing

body of the respective county holds a public hearing before adopting a local food and beverage tax, and the governing body by unanimous vote adopts such tax by local ordinance. The tax shall be effective in an amount and on such terms as the governing body may by ordinance prescribe.

C. Nothing herein contained shall affect any authority heretofore granted to any county, city or town to levy a meals tax. The county tax limitations imposed pursuant to § 58.1-3711 shall apply to any tax levied under this section, mutatis mutandis. All food and beverage tax collections and all meals tax collections shall be deemed to be held in trust for the county, city or town imposing the applicable tax. The wrongful and fraudulent use of such collections other than remittance of the same as provided by law shall constitute embezzlement pursuant to § 18.2-111.

D. No county which has heretofore adopted an ordinance pursuant to subsection A shall be required to submit an amendment to its meals tax ordinance to the voters in a referendum.

E. Notwithstanding any other provision of this section, no locality shall levy any tax under this section upon (i) that portion of the amount paid by the purchaser as a discretionary gratuity in addition to the sales price; (ii) that portion of the amount paid by the purchaser as a mandatory gratuity or service charge added by the restaurant in addition to the sales price, but only to the extent that such mandatory gratuity or service charge does not exceed 20 percent of the sales price; or (iii) alcoholic beverages sold in factory sealed containers and purchased for off-premises consumption or food purchased for human consumption as "food" is defined in the Food Stamp Act of 1977, 7 U.S.C. § 2012, as amended, and federal regulations adopted pursuant to that act, except for the following items: sandwiches, salad bar items sold from a salad bar, prepackaged single-serving salads consisting primarily of an assortment of vegetables, and nonfactory sealed beverages.

Probation officers; court personnel; *state*, county, city, and town personnel; any other public officials; and private volunteers who participate in a program where persons on probation or community service are ordered as a condition of probation or community service to pick up litter along a section of public roadway or waterway, to perform recycling duties at landfills, garbage transfer sites, and other waste disposal systems, to mow rights-of-way or to perform other landscaping maintenance tasks, *or to perform services assigned by such probation officers, court personnel, state, county, city, or town personnel, or private volunteers acting as approved worksite supervisors of a court-approved voluntary jail diversion program* shall not be liable for any civil damages to a probationer or person on community service, or the property of such person, for acts or omissions resulting from such participation, unless such act or omission is the result of willful misconduct. The provisions of this section shall not be interpreted to grant any immunity to a driver transporting the persons on probation or community service or a motorist who, by his negligence, may injure such probationer or person on community service.

*Nonprofit corporation employees or officials who participate in a program where persons on probation or community service are ordered as a condition of probation or community service to pick up litter along a section of public roadway or waterway, to perform recycling duties at landfills, garbage transfer sites, and other waste disposal systems, to mow rights-of-way or to perform other landscaping maintenance tasks, or to perform services assigned by such nonprofit corporation employees or officials acting as approved worksite supervisors of a court-approved voluntary jail diversion program shall not be liable for any civil damages to a probationer or person on community service, or the property of such person, for acts or omissions resulting from such participation, unless such act or omission is the result of gross negligence or willful misconduct.*

B. If the courthouse is used before and after removal for any city as well as for the county, then the petition shall be signed by a number of voters equal to at least one-third of the total number of voters registered in the locality on the January 1 preceding filing of the petition. [S 486]

Approved March 30, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 4.1-119 and 4.1-215 of the Code of Virginia are amended and reenacted as follows:**

**§ 4.1-119. Operation of government stores.**

A. Subject to the requirements of §§ 4.1-121 and 4.1-122, the Board may establish, maintain, and operate government stores for the sale of alcoholic beverages, other than beer and wine not produced by farm wineries, vermouth, mixers, products used in connection with distilled spirits, including any garnish or garnishment applied to the rim of a glass of distilled spirits, as may be approved by the Board from time to time, and products licensed by the Virginia Tourism Corporation as specified in § 4.1-103 in such counties, cities, and towns considered advisable by the Board. The Board may discontinue any such store.

B. With respect to the sale of wine or cider produced by farm wineries, the Board may give preference to farm wineries that produce 2,500 cases or less of wine or cider per year.

C. The Board shall fix the wholesale and retail prices at which the various classes, varieties and brands of alcoholic beverages and other Board-approved products that are sold in government stores. Differences in the cost of operating stores, and market competition and conditions may be reflected in the sale price of alcoholic beverages sold at government stores. The Board may sell alcoholic beverages to federal instrumentalities (i) authorized and operating under the laws of the United States and regulations of the United States Department of Defense and (ii) located within the boundaries of federal enclaves or reservations over which the United States has acquired jurisdiction, at prices which may be greater or less than the wholesale price charged other authorized purchasers. Nothing in this subsection shall be construed to limit the authority of the Board to fix the retail price of alcoholic beverages sold at government stores, which retail price may include promotional, volume, or other discounts deemed appropriate by the Board.

D. Alcoholic beverages at government stores shall be sold by employees of the Authority who shall carry out the provisions of this title and Board regulations governing the operation of government stores and the sale of alcoholic beverages, except that the Board may appoint the holder of a distiller's license or its officers and employees as agents of the Board for the sale of spirits, manufactured by or for, or blended by such licensee on the licensed premises, at government stores established by the Board (i) on the distiller's licensed premises or (ii) at the site of an event licensed by the Board and conducted for the purpose of featuring and educating the consuming public about spirits products.

Such agents shall sell the spirits in accordance with the provisions of this title, Board regulations, and the terms of the agency agreement between the Authority and the licensed distiller.

For the purposes of this subsection, "blended" means the receipt by a licensed distiller of deliveries and shipments of alcoholic beverages, other than wine and beer, in accordance with subdivision 6 of § 4.1-201 to be (i) additionally aged by the receiving distillery in order to increase the quality and flavor of such alcoholic beverages and (ii) bottled by the receiving distillery.

E. (Effective until July 1, 2022) No Class 1 neutral grain spirit or alcohol, as defined by federal regulations, that is without distinctive character, aroma, taste or color shall be sold in government stores at a proof greater than 151 except upon permits issued by the Board for industrial, commercial, culinary, or medical use.

E. (Effective July 1, 2022) No Class 1 neutral grain spirit or alcohol, as defined by federal regulations, that is without distinctive character, aroma, taste or color shall be sold in government stores at a proof greater than 101 except upon permits issued by the Board for industrial, commercial, culinary, or medical use.

F. All alcoholic beverages sold in government stores, except for tasting samples pursuant to subsection G sold in government stores established by the Board on a distiller's licensed premises, shall be in closed containers, sealed and affixed with labels prescribed by the Board.

G. No alcoholic beverages shall be consumed in a government store by any person unless it is part of an organized tasting event conducted by (i) an employee of a manufacturer of distilled spirits or farm winery or (ii) an authorized representative of a manufacturer of distilled spirits or farm winery with a permit issued by the Board pursuant to subdivision A 15 of § 4.1-212, at which the samples of alcoholic beverages provided to any consumer do not exceed the limits for spirits or wine set forth in subdivision A 5 of § 4.1-201.1. No sample may be consumed by any individual to whom alcoholic beverages may not lawfully be sold pursuant to § 4.1-304.

Notwithstanding the provision of this subsection to the contrary, an agent of the Board appointed pursuant to subsection D may give samples of spirits, beer, wine, or cider to persons to whom alcoholic beverages may be lawfully sold for on-premises consumption, provided that (i) the spirits, beer, wine, or cider samples are manufactured within the same licensed premises or on contiguous premises of such agent licensed as a distillery, brewery, or winery or cider; (ii) no single sample shall exceed four ounces of beer, two ounces of wine, or one-half ounce of spirits, unless served as a mixed beverage, in which case a single sample of spirits may contain up to one and one-half ounces of spirits; (iii) no more than four total samples of alcoholic beverage products or, in the case of spirits samples, no more than three ounces of spirits shall be given or sold to any person per day; and (iv) in the case of spirits samples, a method is used to track the consumption of each consumer. Nothing in this paragraph shall prohibit such agent from serving samples of spirits as part of a mixed beverage. *Such mixed beverage samples may contain spirits or vermouth not manufactured on the licensed premises or on contiguous premises of the licensed distillery, provided that at least 75 percent of the alcohol used in such samples is manufactured on the licensed premises or on contiguous premises of the licensed distillery. An agent of the Board appointed pursuant to subsection D may keep on the licensed premises no more than 10 varieties of spirits or vermouth not manufactured on the licensed premises or on contiguous premises of the licensed distillery. Any spirits or vermouth used in such samples that are not manufactured on the licensed premises or on contiguous premises of the licensed distillery shall be purchased from the Board.*

The Board shall establish guidelines governing tasting events conducted pursuant to this subsection.

H. With respect to purchases by licensees at government stores, the Authority shall (i) accept in payment for any purchase or series of purchases cash, electronic fund transfer, credit or debit card, or check payable to the Authority, in the exact amount of any such purchase or series of purchases and (ii) provide notice to licensees on Board policies relating to the assignment of government stores from which licensees may purchase products and any procedure for the licensee to elect to make purchases from an alternative government store.

I. With respect to purchases by consumers at government stores, the Authority shall accept cash in payment for any purchase or series of purchases. The Board may adopt regulations which provide for accepting a credit card or debit card as payment. Such regulations may provide for the collection, where appropriate, of related fees, penalties and service charges for the use of a credit card or debit card by any consumer.

J. Before the Authority implements any increase in the markup on distilled spirits or any change to the markup formula for distilled spirits pursuant to § 4.1-235 that would result in an increase in the retail price of distilled spirits sold to the public, the Authority shall (i) provide at least 45 days' public notice before such a price increase takes effect; (ii) provide the opportunity for submission of written comments regarding the proposed price increase; (iii) conduct a public meeting for the purpose of receiving verbal comment regarding the proposed price increase; and (iv) consider any written or verbal comments before implementing such a price increase.

**§ 4.1-215. Limitation on manufacturers, bottlers and wholesalers; exemptions.**

Nor shall such licenses be granted in any instances where such manufacturer, bottler or wholesaler and such retailer are under common control, by stock ownership or otherwise.

2. Notwithstanding any other provision of this title:

a. A manufacturer of malt beverages, whether licensed in the Commonwealth or not, may obtain a banquet license as provided in § 4.1-209 upon application to the Board, provided that the event for which a banquet license is obtained is ~~(a)~~ (i) at a place approved by the Board and ~~(b)~~ (ii) conducted for the purposes of featuring and educating the consuming public about malt beverage products. Such manufacturer shall be limited to eight banquet licenses for such events per year without regard to the number of breweries owned or operated by such manufacturer or by any parent, subsidiary, or company under common control with such manufacturer. Where the event occurs on no more than three consecutive days, a manufacturer need only obtain one such license for the event; or

A manufacturer of wine, whether licensed in the Commonwealth or not, may obtain a banquet license as provided in § 4.1-209 upon application to the Board, provided that the event for which a banquet license is obtained is (i) at a place approved by the Board and (ii) conducted for the purposes of featuring and educating the consuming public about wine products. Such manufacturer shall be limited to eight banquet licenses for such events per year without regard to the number of wineries owned or operated by such manufacturer or by any parent, subsidiary, or company under common control with such manufacturer. Where the event occurs on no more than three consecutive days, a manufacturer need only obtain one such license for the event.

3. Notwithstanding any other provision of this title, a manufacturer of distilled spirits, whether licensed in the Commonwealth or not, may obtain a banquet license for a special event as provided in subdivision A 4 of § 4.1-210 upon application to the Board, provided that such event is ~~(1)~~ (i) at a place approved by the Board and ~~(2)~~ (ii) conducted for the purposes of featuring and educating the consuming public about the manufacturer's spirits products. Such manufacturer shall be limited to no more than ~~four~~ eight banquet licenses for such special events per year. Where the event occurs on no more than three consecutive days, a manufacturer need only obtain one such license for the event. Such banquet license shall authorize the manufacturer to *sell or give* samples of spirits to any person to whom alcoholic beverages may be lawfully sold in designated areas at the special event, provided that ~~(A)~~ (a) no single sample shall exceed one-half ounce per spirits product offered, unless served as a mixed beverage, in which case a single sample may contain up to one and one-half ounces of spirits, and ~~(B)~~ (b) no more than three ounces of spirits may be offered to any patron *per day*. C. The General Assembly finds that it is necessary and proper to require a separation between manufacturing interests, wholesale interests and retail interests in the production and distribution of alcoholic beverages in order to prevent suppliers from dominating local markets through vertical integration and to prevent excessive sales of alcoholic beverages caused by overly aggressive marketing techniques. The exceptions established by this section to the general prohibition against tied interests shall be limited to their express terms so as not to undermine the general prohibition and shall therefore be construed accordingly.

### CHAPTER 743

*An Act to direct the Commonwealth Transportation Board to study financing options for Interstate 81 corridor improvements; report.*

[S 971]

Approved April 4, 2018

Whereas, an adequate, efficient, and safe Interstate 81 corridor is important to the economic well-being of the communities located along the corridor; and

Whereas, Interstate 81 carries 42 percent of all the truck vehicle miles traveled on interstate highways in the Commonwealth and, in 2016, there were more than 2,000 crashes on Interstate 81 and, of such crashes, 30 took more than six hours to clear; and

Whereas, Interstate 81 is a crucial corridor for interstate truck traffic and an efficient artery to promote the flow of goods and continued economic development; and

Whereas, losing one lane of traffic due to a crash reduces the highway capacity by 65 percent; and

Whereas, the lack of parallel routes and automated traffic management systems increases the impact of such crashes on users of Interstate 81; and

Whereas, due to these conditions, the Interstate 81 corridor today does not meet the needs of these communities, and current statewide transportation revenues are not sufficient to implement necessary improvements to the Interstate 81 corridor; now, therefore,

**Be it enacted by the General Assembly of Virginia:**

**1. § 1.** *That the Commonwealth Transportation Board (the Board) be directed to study financing options for Interstate 81 corridor improvements.*

*In conducting its study, the Board shall evaluate the feasibility of using toll financing to improve Interstate 81 throughout the Commonwealth. Such evaluation shall not consider options that toll all users of Interstate 81, and shall not consider tolls on commuters using Interstate 81, but may consider high-occupancy toll lanes established pursuant to § 33.2-502 of the Code of Virginia and tolls on heavy commercial vehicles. The Board, with the support of the Office of Intermodal Planning and Investment, shall develop and adopt an Interstate 81 Corridor Improvement Plan (Plan). Such Plan shall include the examination of the entire length of Interstate 81 and the methods of financing such improvements, and such Plan may include tolls imposed or collected on heavy commercial vehicles but shall not include tolls on commuters using Interstate 81.*

*At a minimum, in the development of such Plan, the Board shall:*

- 1. Designate specific segments of the Interstate 81 corridor for improvement;*
- 2. Identify a targeted set of improvements for each segment that may be financed or funded in such segment and evaluated using the statewide prioritization process pursuant to § 33.2-214.1 of the Code of Virginia;*
- 3. Ensure that in the overall plan of expenditure and distribution of any toll revenues or other financing means evaluated, each segment's total long-term benefit shall be approximately equal to the proportion of the total of the toll revenues collected that are attributable to such segment divided by the total of such toll revenues collected;*
- 4. Study truck travel patterns along the Interstate 81 corridor and analyze policies that minimize the impact on local truck traffic;*
- 5. Identify incident management strategies corridor-wide;*
- 6. Ensure that any revenues collected on Interstate 81 be used only for the benefit of that corridor;*
- 7. Identify actions and policies that will be implemented to minimize the diversion of truck traffic from the Interstate 81 corridor, including the prohibition of through trucks on parallel routes;*
- 8. Determine potential solutions to address truck parking needs along the Interstate 81 corridor; and*
- 9. Assess the potential economic impacts on Virginia agriculture, manufacturing, and logistics sector companies utilizing the I-81 corridor from tolling only heavy commercial trucks.*

*Technical assistance shall be provided to the Commonwealth Transportation Board by the Department of Transportation, the Department of Motor Vehicles, and the Department of State Police. All agencies of the Commonwealth shall provide assistance to the Commonwealth Transportation Board for this study, upon request.*

*The Commonwealth Transportation Board shall complete its meetings by November 30, 2018, and shall submit to the Governor and the General Assembly an executive summary and a report of its findings and recommendations for publication as a House or Senate document. The executive summary and report shall be submitted as provided in the procedures of the Division of Legislative Automated Systems for the processing of legislative documents and reports no later than the first day of the 2019 Regular Session of the General Assembly and shall be posted on the General Assembly's website.*

**2. That nothing in this act shall be construed to conflict with the exclusive authority of the General Assembly to approve tolling on components of highways, bridges, or tunnels.**

#### CHAPTER 744

*An Act to amend the Code of Virginia by adding in Title 59.1 a chapter numbered 22.11, consisting of a section numbered 59.1-284.30, relating to Special Workforce Grant Fund; creation.*

[H 1551]

Approved April 4, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That the Code of Virginia is amended by adding in Title 59.1 a chapter numbered 22.11, consisting of a section numbered 59.1-284.30, as follows:**

#### CHAPTER 22.11.

#### SPECIAL WORKFORCE GRANT FUND.

##### **§ 59.1-284.30. Special Workforce Grant Fund created.**

*A. As used in this section, unless the context requires a different meaning:*

*"Capital investment" means an investment on or after May 1, 2017, in real property, tangible personal property, or both, at a facility within an eligible county that has been capitalized or is subject to being capitalized. "Capital investment" may include (i) a capital expenditure related to a leasehold interest in real property; (ii) the purchase or lease of furniture, fixtures, machinery, and equipment, including under an operating lease; and (iii) necessary changes to facilities to accommodate specific business needs and tenant improvements made by or on behalf of the qualified company.*

*"Eligible county" means Fairfax County.*

*"Facility" means the building, group of buildings, or corporate campus, including any related machinery, furniture, fixtures, and equipment, that is owned, leased, licensed, occupied, or otherwise operated by the qualified company for use in the administration, management, and operation of its business.*

*"Fund" means the Special Workforce Grant Fund.*

*"Grant" means a grant from the Special Workforce Grant Fund awarded to a qualified company for up to \$5,600 per new full-time job, and \$25,000 per \$1 million of capital investment, not to exceed a total aggregate award of \$10.5 million. Grants are intended to pay or to reimburse the qualified company for the costs of workforce development, workforce recruitment, and instructional or training purposes. The qualified company may use the award for any lawful purpose.*

*"Memorandum of understanding" means a performance agreement or related document entered into on or before August 1, 2018, between a qualified company and the Commonwealth that sets forth the requirements for capital investment and the creation of new full-time jobs for the qualified company to be eligible for a grant from the Fund.*

*"New full-time job" means employment of an indefinite duration at the facility for which wages and standard fringe benefits are paid, for which the annual average wage is at least equal to the prevailing average wage of the eligible county, and requiring a minimum of either (i) 35 hours of an employee's time per week for the entire normal year of the employer's operations, which "normal year" must consist of at least 48 weeks, or (ii) 1,680 hours per year. A new full-time job shall be a job position in which an employee, an employee of an employee leasing company, or a combination of such employees work at the facility. Seasonal or temporary positions and positions created when a job function is shifted from an existing location in the Commonwealth shall not qualify as new full-time jobs under this section. Other positions, which may or may not be of indefinite duration, including supplemental employees of affiliates, joint ventures, contractors, or subcontractors of the qualified company, may be considered new full-time jobs if designated as such in a memorandum of understanding. "New full-time job" does not include any existing full-time positions at the facility prior to May 1, 2017. The Commonwealth may gauge compliance with the new full-time jobs requirements for the qualified company by reference to the new payroll generated by a qualified company, as indicated in a memorandum of understanding.*

*"Qualified company" means an e-commerce company, including its affiliates, that between May 1, 2017, and December 31, 2022, is expected to (i) make a capital investment at a facility of at least \$84 million and (ii) create at least 1,500 new full-time jobs at the facility related to, or supportive of, its e-commerce business.*

*"Secretary" means the Secretary of Commerce and Trade or his designee.*

*B. There is hereby created in the state treasury a special nonreverting fund to be known as the Special Workforce Grant Fund. The Fund shall be established on the books of the Comptroller. All funds appropriated for such Fund shall be paid*

into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purpose to pay grants. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller pursuant to subsection F.

C. A qualified company shall be eligible to receive grants each fiscal year beginning with the Commonwealth's fiscal year starting on July 1, 2021, and ending with the Commonwealth's fiscal year starting on July 1, 2026, unless such timeframe is extended in accordance with the memorandum of understanding. The grants under this section shall be paid to the qualified company from the Fund, subject to appropriation by the General Assembly, during each such fiscal year, contingent upon the qualified company's meeting the requirements set forth in the memorandum of understanding for the number of new full-time jobs created and maintained and the amount of capital investment made. No grant shall be awarded until the qualified company has made a preliminary capital investment of at least \$20 million and has created at least 600 new full-time jobs, and the amount of the grant that may be awarded in a particular fiscal year shall depend on the amount of capital investment and creation of new full-time jobs created to date.

D. The aggregate amount of grants payable under this section shall be calculated in accordance with the memorandum of understanding, estimated to not exceed the following:

1. \$5.31 million for the Commonwealth's fiscal year beginning July 1, 2021;
2. \$8.21 million, less the total amount of grants previously awarded pursuant to this subsection, for the Commonwealth's fiscal year beginning July 1, 2022; and
3. \$10.5 million, less the total amount of grants previously awarded pursuant to this subsection, for the Commonwealth's fiscal year beginning July 1, 2023.

E. A qualified company applying for a grant under this section shall provide evidence, satisfactory to the Secretary, of (i) the aggregate number of new full-time jobs created and maintained as of the last day of the calendar year that immediately precedes the beginning of the fiscal year in which the grant installment is to be paid and (ii) the aggregate amount of the capital investment made as of the last day of the calendar year that immediately precedes the beginning of the fiscal year in which the grant installment is to be paid. The application and evidence shall be filed with the Secretary in person, by mail, or as otherwise agreed upon in the memorandum of understanding, by no later than April 1 each year following the end of the prior calendar year upon which the evidence set forth above is based. Failure to meet the filing deadline shall result in a deferral of a scheduled grant installment payment set forth in subsection D. For filings by mail, the postmark cancellation shall govern the date of the filing determination.

F. Within 30 days of receiving the application and evidence pursuant to subsection E, the Secretary shall certify to the Comptroller and the qualified company the amount of grants to which such qualified company is entitled for payment in the following fiscal year. Payment of such grants shall be made by check issued by the State Treasurer on warrant of the Comptroller in the Commonwealth's fiscal year following the submission of such application. The Comptroller shall not draw any warrants to issue checks for the grants under this section without a specific appropriation for the same.

G. As a condition of receipt of the grants, a qualified company shall make available for inspection to the Secretary or his designee, upon request, all documents relevant and applicable to determining whether the qualified company has met the requirements for the receipt of a grant as set forth in this section and subject to the memorandum of understanding. All such documents appropriately identified by the qualified company shall be considered confidential and proprietary.

**Be it enacted by the General Assembly of Virginia:**

**1. That § 22.1-298.1 of the Code of Virginia is amended and reenacted as follows:**

**§ 22.1-298.1. Regulations governing licensure.**

"Renewable license" means a license issued by the Board of Education for five years to an individual who meets the requirements specified in the Board of Education's regulations.

B. The Board of Education shall prescribe, by regulation, the requirements for the licensure of teachers and other school personnel required to hold a license. Such regulations shall include requirements for the denial, suspension, cancellation, revocation, and reinstatement of licensure and procedures for the immediate and thorough investigation by the division superintendent or his designee of any complaint alleging that a license holder has engaged in conduct that may form the basis for the revocation of his license. At a minimum, such procedures for investigations contained in such regulations shall require (i) the division superintendent to petition for the revocation of the license upon completing such investigation and finding that there is reasonable cause to believe that the license holder has engaged in conduct that forms the basis for revocation of a license; (ii) the school board to proceed to a hearing on such petition for revocation within 90 days of the mailing of a copy of the petition to the license holder, unless the license holder requests the cancellation of his license in accordance with Board regulations; and (iii) the school board to provide a copy of the investigative file and such petition for revocation to the Superintendent of Public Instruction at the time that the hearing is scheduled. The Board of Education shall revoke the license of any person for whom it has received a notice of dismissal or resignation pursuant to subsection F of § 22.1-313 and, in the case of a person who is the subject of a founded complaint of child abuse or neglect, after all rights to any administrative appeal provided by § 63.2-1526 have been exhausted. Regardless of the authority of any other agency of the Commonwealth to approve educational programs, only the Board of Education shall have the authority to license teachers to be regularly employed by school boards, including those teachers employed to provide nursing education.

The Board of Education shall prescribe by regulation the licensure requirements for teachers who teach only online courses, as defined in § 22.1-212.23. Such license shall be valid only for teaching online courses. Teachers who hold a five-year renewable license issued by the Board of Education may teach online courses for which they are properly endorsed.

C. The Board of Education's regulations shall include requirements that a person seeking initial licensure:

1. Complete professional assessments as prescribed by the Board of Education;
2. Complete study in attention deficit disorder;
3. Complete study in gifted education, including the use of multiple criteria to identify gifted students; and
4. Complete study in methods of improving communication between schools and families and ways of increasing family involvement in student learning at home and at school.

1. Every person seeking initial licensure or renewal of a license demonstrate proficiency in the use of educational technology for instruction;
2. Every person seeking initial licensure and persons seeking licensure renewal as teachers who have not completed such study shall complete study in child abuse recognition and intervention in accordance with curriculum guidelines developed by the Board of Education in consultation with the Department of Social Services that are relevant to the specific teacher licensure routes;

5. Every person seeking initial licensure or renewal of a license shall provide evidence of completion of certification or training in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators. The certification or training program shall (i) be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross, and (ii) include hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. The Board shall provide a waiver for this requirement for any person with a disability whose disability prohibits such person from completing the certification or training;
6. Every person seeking licensure with an endorsement as a teacher of the blind and visually impaired shall demonstrate proficiency in reading and writing Braille;
7. Every teacher seeking an initial license in the Commonwealth with an endorsement in the area of career and technical education shall have an industry certification credential in the area in which the teacher seeks endorsement. If a teacher seeking an initial license in the Commonwealth has not attained an industry certification credential in the area in which the teacher seeks endorsement, the Board may, upon request of the employing school division or educational agency, issue the teacher a provisional license to allow time for the teacher to attain such credential;
8. Every person seeking initial licensure or renewal of a license shall complete awareness training, provided by the Department of Education, on the indicators of dyslexia, as that term is defined by the Board pursuant to regulations, and the evidence-based interventions and accommodations for dyslexia; and

9. Every person seeking initial licensure or renewal of a license with an endorsement as a school counselor shall complete training in the recognition of mental health disorder and behavioral distress, including depression, trauma, violence, youth suicide, and substance abuse.

E. Each local school board or division superintendent may waive for any individual whom it seeks to employ as a career and technical education teacher and who is also seeking initial licensure or renewal of a license with an endorsement in the area of career and technical education any applicable requirement set forth in subsection C or subdivision D 1, 3, 4, 6, or 8.

F. The Board's regulations shall require that initial licensure for principals and assistant principals be contingent upon passage of an assessment as prescribed by the Board.

G. The Board shall establish criteria in its regulations to effectuate the substitution of experiential learning for coursework for those persons seeking initial licensure through an alternate route as defined in Board regulations.

H. Notwithstanding any provision of law to the contrary, the Board (i) may provide for the issuance of a provisional license, valid for a period not to exceed three years, pursuant to subdivision D 7 or to any person who does not meet the requirements of this section or any other requirement for licensure imposed by law and (ii) shall provide for the issuance of a provisional license, valid for a period not to exceed three years, to any former member of the Armed Forces of the United States or the Virginia National Guard who has received an honorable discharge and has the appropriate level of experience or training but does not meet the requirements for a renewable license.

I. The Board's licensure regulations shall also provide for licensure by reciprocity:

1. With comparable endorsement areas for those individuals holding a valid out-of-state teaching license and national certification from the National Board for Professional Teaching Standards or a nationally recognized certification program approved by the Board of Education. The application for such individuals shall require evidence of such valid licensure and national certification and shall not require official student transcripts;

2. *For any spouse of an active duty member of the Armed Forces of the United States or the Commonwealth who has obtained a valid out-of-state license, with full credentials and without deficiencies, that is in force at the time the application for a Virginia license is received by the Department of Education. Each such individual shall establish a file in the Department of Education by submitting a complete application packet, which shall include official student transcripts. No service requirements or licensing assessments shall be required for any such individual; and*

3. The individual must establish a file in the Department of Education by submitting a complete application packet, which shall include official student transcripts. An assessment of basic skills as provided in § 22.1-298.2 and service requirements shall not be imposed for these licensed individuals. Other licensing assessments, as prescribed by the Board of Education, shall be required, but any such individual shall be exempt from any professional teacher's assessment requirements, subject to the approval of the division superintendent or the school board in the school division in which such individual is employed; ~~and~~

~~3. The Board may include other provisions for reciprocity in its regulations.~~

B. The Board of Education shall prescribe, by regulation, the requirements for the licensure of teachers and other school personnel required to hold a license. Such regulations shall include requirements for the denial, suspension, cancellation, revocation, and reinstatement of licensure and procedures for the immediate and thorough investigation by the division superintendent or his designee of any complaint alleging that a license holder has engaged in conduct that may form the basis for the revocation of his license. At a minimum, such procedures for investigations contained in such regulations shall require (i) the division superintendent to petition for the revocation of the license upon completing such investigation and finding that there is reasonable cause to believe that the license holder has engaged in conduct that forms the basis for revocation of a license; (ii) the school board to proceed to a hearing on such petition for revocation within 90 days of the mailing of a copy of the petition to the license holder, unless the license holder requests the cancellation of his license in accordance with Board regulations; and (iii) the school board to provide a copy of the investigative file and such petition for revocation to the Superintendent of Public Instruction at the time that the hearing is scheduled. The Board of Education shall revoke the license of any person for whom it has received a notice of dismissal or resignation pursuant to subsection F of § 22.1-313 and, in the case of a person who is the subject of a founded complaint of child abuse or neglect, after all rights to any administrative appeal provided by § 63.2-1526 have been exhausted. Regardless of the authority of any other agency of the Commonwealth to approve educational programs, only the Board of Education shall have the authority to license teachers to be regularly employed by school boards, including those teachers employed to provide nursing education.

The Board of Education shall prescribe by regulation the licensure requirements for teachers who teach only online courses, as defined in § 22.1-212.23. F. The Board's regulations shall require that initial licensure for principals and assistant principals be contingent upon passage of an assessment as prescribed by the Board.

G. The Board shall establish criteria in its regulations to effectuate the substitution of experiential learning for coursework for those persons seeking initial licensure through an alternate route as defined in Board regulations.

H. Notwithstanding any provision of law to the contrary, the Board (i) may provide for the issuance of a provisional license, valid for a period not to exceed three years, pursuant to subdivision D 7 or to any person who does not meet the requirements of this section or any other requirement for licensure imposed by law and (ii) shall provide for the issuance of a provisional license, valid for a period not to exceed three years, to any former member of the Armed Forces of the United States or the Virginia National Guard who has received an honorable discharge and has the appropriate level of experience or training but does not meet the requirements for a renewable license.

An assessment of basic skills as provided in § 22.1-298.2 and service requirements shall not be imposed for these licensed individuals. 7. Every teacher seeking an initial license in the Commonwealth with an endorsement in the area of career and technical education shall have an industry certification credential in the area in which the teacher seeks endorsement. [S 349]

Approved April 4, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 22.1-253.13:1, 22.1-298.1, 22.1-298.2, 22.1-299, 22.1-299.5, and 22.1-299.6 of the Code of Virginia are amended and reenacted as follows:**

**§ 22.1-253.13:1. Standard 1. Instructional programs supporting the Standards of Learning and other educational objectives.**

A. The General Assembly and the Board of Education believe that the fundamental goal of the public schools of the Commonwealth must be to enable each student to develop the skills that are necessary for success in school, preparation for life, and reaching their full potential. The General Assembly and the Board of Education find that the quality of education is dependent upon the provision of (i) the appropriate working environment, benefits, and salaries necessary to ensure the availability of high-quality instructional personnel; (ii) the appropriate learning environment designed to promote student achievement; (iii) quality instruction that enables each student to become a productive and educated citizen of Virginia and the United States of America; and (iv) the adequate commitment of other resources. In keeping with this goal, the General Assembly shall provide for the support of public education as set forth in Article VIII, Section 1 of the Constitution of Virginia.

B. The Board of Education shall establish educational objectives known as the Standards of Learning, which shall form the core of Virginia's educational program, and other educational objectives, which together are designed to ensure the development of the skills that are necessary for success in school and for preparation for life in the years beyond. At a minimum, the Board shall establish Standards of Learning for English, mathematics, science, and history and social science. The Standards of Learning shall not be construed to be regulations as defined in § 2.2-4001.

The Board shall seek to ensure that the Standards of Learning are consistent with a high-quality foundation educational program. The Standards of Learning shall include, but not be limited to, the basic skills of communication (listening, speaking, reading, and writing); computation and critical reasoning, including problem solving and decision making; proficiency in the use of computers and related technology; computer science and computational thinking, including computer coding; and the skills to manage personal finances and to make sound financial decisions.

The English Standards of Learning for reading in kindergarten through grade three shall be based on components of effective reading instruction, to include, at a minimum, phonemic awareness, phonics, fluency, vocabulary development, and text comprehension.

The Standards of Learning in all subject areas shall be subject to regular review and revision to maintain rigor and to reflect a balance between content knowledge and the application of knowledge in preparation for eventual employment and lifelong learning. The Board of Education shall establish a regular schedule, in a manner it deems appropriate, for the

review, and revision as may be necessary, of the Standards of Learning in all subject areas. Such review of each subject area shall occur at least once every seven years. Nothing in this section shall be construed to prohibit the Board from conducting such review and revision on a more frequent basis.

To provide appropriate opportunity for input from the general public, teachers, and local school boards, the Board of Education shall conduct public hearings prior to establishing revised Standards of Learning. Thirty days prior to conducting such hearings, the Board shall give notice of the date, time, and place of the hearings to all local school boards and any other persons requesting to be notified of the hearings and publish notice of its intention to revise the Standards of Learning in the Virginia Register of Regulations. Interested parties shall be given reasonable opportunity to be heard and present information prior to final adoption of any revisions of the Standards of Learning.

In addition, the Department of Education shall make available and maintain a website, either separately or through an existing website utilized by the Department of Education, enabling public elementary, middle, and high school educators to submit recommendations for improvements relating to the Standards of Learning, when under review by the Board according to its established schedule, and related assessments required by the Standards of Quality pursuant to this chapter. Such website shall facilitate the submission of recommendations by educators.

School boards shall implement the Standards of Learning or objectives specifically designed for their school divisions that are equivalent to or exceed the Board's requirements. Students shall be expected to achieve the educational objectives established by the school division at appropriate age or grade levels. The curriculum adopted by the local school division shall be aligned to the Standards of Learning.

The Board of Education shall include in the Standards of Learning for history and social science the study of contributions to society of diverse people. For the purposes of this subsection, "diverse" includes consideration of disability, ethnicity, race, and gender.

The Board of Education shall include in the Standards of Learning for health instruction in emergency first aid, cardiopulmonary resuscitation, and the use of an automated external defibrillator, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. Such instruction shall be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross. No teacher who is in compliance with subdivision D § 3 of § 22.1-298.1 shall be required to be certified as a trainer of cardiopulmonary resuscitation to provide instruction for non-certification.

With such funds as are made available for this purpose, the Board shall regularly review and revise the competencies for career and technical education programs to require the full integration of English, mathematics, science, and history and social science Standards of Learning. Career and technical education programs shall be aligned with industry and professional standard certifications, where they exist.

C. Local school boards shall develop and implement a program of instruction for grades K through 12 that is aligned to the Standards of Learning and meets or exceeds the requirements of the Board of Education. The program of instruction shall emphasize reading, writing, speaking, mathematical concepts and computations, proficiency in the use of computers and related technology, computer science and computational thinking, including computer coding, and scientific concepts and processes; essential skills and concepts of citizenship, including knowledge of Virginia history and world and United States history, economics, government, foreign languages, international cultures, health and physical education, environmental issues, and geography necessary for responsible participation in American society and in the international community; fine arts, which may include, but need not be limited to, music and art, and practical arts; knowledge and skills needed to qualify for further education, gainful employment, or training in a career or technical field; and development of the ability to apply such skills and knowledge in preparation for eventual employment and lifelong learning and to achieve economic self-sufficiency.

Local school boards shall also develop and implement programs of prevention, intervention, or remediation for students who are educationally at risk including, but not limited to, those who fail to achieve a passing score on any Standards of Learning assessment in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs shall include components that are research-based.

Any student who achieves a passing score on one or more, but not all, of the Standards of Learning assessments for the relevant grade level in grades three through eight may be required to attend a remediation program.

Any student who fails to achieve a passing score on all of the Standards of Learning assessments for the relevant grade level in grades three through eight or who fails an end-of-course test required for the award of a verified unit of credit shall be required to attend a remediation program or to participate in another form of remediation. Division superintendents shall require such students to take special programs of prevention, intervention, or remediation, which may include attendance in public summer school programs, in accordance with clause (ii) of subsection A of § 22.1-254 and § 22.1-254.01.

Remediation programs shall include, when applicable, a procedure for early identification of students who are at risk of failing the Standards of Learning assessments in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs may also include summer school for all elementary and middle school grades and for all high school academic courses, as defined by regulations promulgated by the Board of Education, or other forms of remediation. Summer school remediation programs or other forms of remediation shall be chosen by the division superintendent to be appropriate to the academic needs of the student. Students who are required to attend such summer school programs or to participate in another form of remediation shall not be charged tuition by the school division.

The requirement for remediation may, however, be satisfied by the student's attendance in a program of prevention, intervention or remediation that has been selected by his parent, in consultation with the division superintendent or his designee, and is either (i) conducted by an accredited private school or (ii) a special program that has been determined to be comparable to the required public school remediation program by the division superintendent. The costs of such private school remediation program or other special remediation program shall be borne by the student's parent.

The Board of Education shall establish standards for full funding of summer remedial programs that shall include, but not be limited to, the minimum number of instructional hours or the equivalent thereof required for full funding and an assessment system designed to evaluate program effectiveness. Based on the number of students attending and the Commonwealth's share of the per pupil instructional costs, state funds shall be provided for the full cost of summer and other remediation programs as set forth in the appropriation act, provided such programs comply with such standards as shall be established by the Board, pursuant to § 22.1-199.2.

D. Local school boards shall also implement the following:

1. Programs in grades K through three that emphasize developmentally appropriate learning to enhance success.
2. Programs based on prevention, intervention, or remediation designed to increase the number of students who earn a high school diploma and to prevent students from dropping out of school. Such programs shall include components that are research-based.
3. Career and technical education programs incorporated into the K through 12 curricula that include:
  - a. Knowledge of careers and all types of employment opportunities, including, but not limited to, apprenticeships, entrepreneurship and small business ownership, the military, and the teaching profession, and emphasize the advantages of completing school with marketable skills;
  - b. Career exploration opportunities in the middle school grades;
  - c. Competency-based career and technical education programs that integrate academic outcomes, career guidance, and job-seeking skills for all secondary students. Programs shall be based upon labor market needs and student interest. Career guidance shall include counseling about available employment opportunities and placement services for students exiting school. Each school board shall develop and implement a plan to ensure compliance with the provisions of this subdivision. Such plan shall be developed with the input of area business and industry representatives and local comprehensive community colleges and shall be submitted to the Superintendent of Public Instruction in accordance with the timelines established by federal law; and
  - d. Annual notice on its website to enrolled high school students and their parents of (i) the availability of the postsecondary education and employment data published by the State Council of Higher Education on its website pursuant to § 23.1-204.1 and (ii) the opportunity for such students to obtain a nationally recognized career readiness certificate at a local public high school, comprehensive community college, or workforce center.
4. Educational objectives in middle and high school that emphasize economic education and financial literacy pursuant to § 22.1-200.03.
5. Early identification of students with disabilities and enrollment of such students in appropriate instructional programs consistent with state and federal law.
6. Early identification of gifted students and enrollment of such students in appropriately differentiated instructional programs.
7. Educational alternatives for students whose needs are not met in programs prescribed elsewhere in these standards. Such students shall be counted in average daily membership (ADM) in accordance with the regulations of the Board of Education.
8. Adult education programs for individuals functioning below the high school completion level. Such programs may be conducted by the school board as the primary agency or through a collaborative arrangement between the school board and other agencies.
9. A plan to make achievements for students who are educationally at risk a divisionwide priority that shall include procedures for measuring the progress of such students.
10. An agreement for postsecondary degree attainment with a comprehensive community college in the Commonwealth specifying the options for students to complete an associate degree or a one-year Uniform Certificate of General Studies from a comprehensive community college concurrent with a high school diploma. Such agreement shall specify the credit available for dual enrollment courses and Advanced Placement courses with qualifying exam scores of three or higher.
11. A plan to notify students and their parents of the availability of dual enrollment and advanced placement classes, career and technical education programs, the International Baccalaureate Program, and Academic Year Governor's School Programs, the qualifications for enrolling in such classes and programs, and the availability of financial assistance to low-income and needy students to take the advanced placement and International Baccalaureate examinations. This plan shall include notification to students and parents of the agreement with a comprehensive community college in the Commonwealth to enable students to complete an associate degree or a one-year Uniform Certificate of General Studies concurrent with a high school diploma.
12. Identification of students with limited English proficiency and enrollment of such students in appropriate instructional programs.

13. Early identification, diagnosis, and assistance for students with reading and mathematics problems and provision of instructional strategies and reading and mathematics practices that benefit the development of reading and mathematics skills for all students.

Local school divisions shall provide reading intervention services to students in kindergarten through grade three who demonstrate deficiencies based on their individual performance on the Standards of Learning reading test or any reading diagnostic test that meets criteria established by the Department of Education. Local school divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis, at a time to be determined by the Superintendent of Public Instruction. Each student who receives early intervention reading services will be assessed again at the end of that school year. The local school division, in its discretion, shall provide such reading intervention services prior to promoting a student from grade three to grade four. Reading intervention services may include the use of: special reading teachers; trained aides; volunteer tutors under the supervision of a certified teacher; computer-based reading tutorial programs; aides to instruct in-class groups while the teacher provides direct instruction to the students who need extra assistance; and extended instructional time in the school day or school year for these students. Funds appropriated for prevention, intervention, and remediation; summer school remediation; at-risk; or early intervention reading may be used to meet the requirements of this subdivision.

Local school divisions shall provide algebra readiness intervention services to students in grades six through nine who are at risk of failing the Algebra I end-of-course test, as demonstrated by their individual performance on any diagnostic test that has been approved by the Department of Education. Local school divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis, at a time to be determined by the Superintendent of Public Instruction. Each student who receives algebra readiness intervention services will be assessed again at the end of that school year. Funds appropriated for prevention, intervention, and remediation; summer school remediation; at-risk; or algebra readiness intervention services may be used to meet the requirements of this subdivision.

14. Incorporation of art, music, and physical education as a part of the instructional program at the elementary school level.

15. (Applicable to school years before the 2018-2019 school year) A program of physical fitness available to all students with a goal of at least 150 minutes per week on average during the regular school year. Such program may include any combination of (i) physical education classes, (ii) extracurricular athletics, or (iii) other programs and physical activities deemed appropriate by the local school board. Each local school board shall incorporate into its local wellness policy a goal for the implementation of such program during the regular school year.

E. From such funds as may be appropriated or otherwise received for such purpose, there shall be established within the Department of Education a unit to (i) conduct evaluative studies; (ii) provide the resources and technical assistance to increase the capacity for school divisions to deliver quality instruction; and (iii) assist school divisions in implementing those programs and practices that will enhance pupil academic performance and improve family and community involvement in the public schools. [H 1125]

Approved April 4, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 22.1-253.13:1, 22.1-298.1, 22.1-298.2, 22.1-299, 22.1-299.5, and 22.1-299.6 of the Code of Virginia are amended and reenacted as follows:**

**§ 22.1-253.13:1. Standard 1. Instructional programs supporting the Standards of Learning and other educational objectives.**

A. The General Assembly and the Board of Education believe that the fundamental goal of the public schools of the Commonwealth must be to enable each student to develop the skills that are necessary for success in school, preparation for life, and reaching their full potential. The General Assembly and the Board of Education find that the quality of education is dependent upon the provision of (i) the appropriate working environment, benefits, and salaries necessary to ensure the availability of high-quality instructional personnel; (ii) the appropriate learning environment designed to promote student achievement; (iii) quality instruction that enables each student to become a productive and educated citizen of Virginia and the United States of America; and (iv) the adequate commitment of other resources. In keeping with this goal, the General Assembly shall provide for the support of public education as set forth in Article VIII, Section 1 of the Constitution of Virginia.

B. The Board of Education shall establish educational objectives known as the Standards of Learning, which shall form the core of Virginia's educational program, and other educational objectives, which together are designed to ensure the development of the skills that are necessary for success in school and for preparation for life in the years beyond. At a minimum, the Board shall establish Standards of Learning for English, mathematics, science, and history and social science. The Standards of Learning shall not be construed to be regulations as defined in § 2.2-4001.

The Board shall seek to ensure that the Standards of Learning are consistent with a high-quality foundation educational program. The Standards of Learning shall include, but not be limited to, the basic skills of communication (listening, speaking, reading, and writing); computation and critical reasoning, including problem solving and decision making; proficiency in the use of computers and related technology; computer science and computational thinking, including computer coding; and the skills to manage personal finances and to make sound financial decisions.

The English Standards of Learning for reading in kindergarten through grade three shall be based on components of effective reading instruction, to include, at a minimum, phonemic awareness, phonics, fluency, vocabulary development, and text comprehension.

The Standards of Learning in all subject areas shall be subject to regular review and revision to maintain rigor and to reflect a balance between content knowledge and the application of knowledge in preparation for eventual employment and lifelong learning. The Board of Education shall establish a regular schedule, in a manner it deems appropriate, for the review, and revision as may be necessary, of the Standards of Learning in all subject areas. Such review of each subject area shall occur at least once every seven years. Nothing in this section shall be construed to prohibit the Board from conducting such review and revision on a more frequent basis.

To provide appropriate opportunity for input from the general public, teachers, and local school boards, the Board of Education shall conduct public hearings prior to establishing revised Standards of Learning. Thirty days prior to conducting such hearings, the Board shall give notice of the date, time, and place of the hearings to all local school boards and any other persons requesting to be notified of the hearings and publish notice of its intention to revise the Standards of Learning in the Virginia Register of Regulations. Interested parties shall be given reasonable opportunity to be heard and present information prior to final adoption of any revisions of the Standards of Learning.

In addition, the Department of Education shall make available and maintain a website, either separately or through an existing website utilized by the Department of Education, enabling public elementary, middle, and high school educators to submit recommendations for improvements relating to the Standards of Learning, when under review by the Board according to its established schedule, and related assessments required by the Standards of Quality pursuant to this chapter. Such website shall facilitate the submission of recommendations by educators.

School boards shall implement the Standards of Learning or objectives specifically designed for their school divisions that are equivalent to or exceed the Board's requirements. Students shall be expected to achieve the educational objectives established by the school division at appropriate age or grade levels. The curriculum adopted by the local school division shall be aligned to the Standards of Learning.

The Board of Education shall include in the Standards of Learning for history and social science the study of contributions to society of diverse people. For the purposes of this subsection, "diverse" includes consideration of disability, ethnicity, race, and gender.

The Board of Education shall include in the Standards of Learning for health instruction in emergency first aid, cardiopulmonary resuscitation, and the use of an automated external defibrillator, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. Such instruction shall be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross. No teacher who is in compliance with subdivision D 5 3 of § 22.1-298.1 shall be required to be certified as a trainer of cardiopulmonary resuscitation to provide instruction for non-certification.

With such funds as are made available for this purpose, the Board shall regularly review and revise the competencies for career and technical education programs to require the full integration of English, mathematics, science, and history and social science Standards of Learning. Career and technical education programs shall be aligned with industry and professional standard certifications, where they exist.

C. Local school boards shall develop and implement a program of instruction for grades K through 12 that is aligned to the Standards of Learning and meets or exceeds the requirements of the Board of Education. The program of instruction shall emphasize reading, writing, speaking, mathematical concepts and computations, proficiency in the use of computers and related technology, computer science and computational thinking, including computer coding, and scientific concepts and processes; essential skills and concepts of citizenship, including knowledge of Virginia history and world and United States history, economics, government, foreign languages, international cultures, health and physical education, environmental issues, and geography necessary for responsible participation in American society and in the international community; fine arts, which may include, but need not be limited to, music and art, and practical arts; knowledge and skills needed to qualify for further education, gainful employment, or training in a career or technical field; and development of the ability to apply such skills and knowledge in preparation for eventual employment and lifelong learning and to achieve economic self-sufficiency.

Local school boards shall also develop and implement programs of prevention, intervention, or remediation for students who are educationally at risk including, but not limited to, those who fail to achieve a passing score on any Standards of Learning assessment in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs shall include components that are research-based.

Any student who achieves a passing score on one or more, but not all, of the Standards of Learning assessments for the relevant grade level in grades three through eight may be required to attend a remediation program.

Any student who fails to achieve a passing score on all of the Standards of Learning assessments for the relevant grade level in grades three through eight or who fails an end-of-course test required for the award of a verified unit of credit shall be required to attend a remediation program or to participate in another form of remediation. Division superintendents shall require such students to take special programs of prevention, intervention, or remediation, which may include attendance in public summer school programs, in accordance with clause (ii) of subsection A of § 22.1-254 and § 22.1-254.01.

Remediation programs shall include, when applicable, a procedure for early identification of students who are at risk of failing the Standards of Learning assessments in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs may also include summer school for all elementary and middle school grades and for all high school academic courses, as defined by regulations promulgated by the Board of Education, or other forms of remediation. Summer school remediation programs or other forms of remediation shall be chosen by the division superintendent to be appropriate to the academic needs of the student. Students who are required to attend such summer school programs or to participate in another form of remediation shall not be charged tuition by the school division.

The requirement for remediation may, however, be satisfied by the student's attendance in a program of prevention, intervention or remediation that has been selected by his parent, in consultation with the division superintendent or his designee, and is either (i) conducted by an accredited private school or (ii) a special program that has been determined to be comparable to the required public school remediation program by the division superintendent. The costs of such private school remediation program or other special remediation program shall be borne by the student's parent.

The Board of Education shall establish standards for full funding of summer remedial programs that shall include, but not be limited to, the minimum number of instructional hours or the equivalent thereof required for full funding and an assessment system designed to evaluate program effectiveness. Based on the number of students attending and the Commonwealth's share of the per pupil instructional costs, state funds shall be provided for the full cost of summer and

other remediation programs as set forth in the appropriation act, provided such programs comply with such standards as shall be established by the Board, pursuant to § 22.1-199.2.

D. Local school boards shall also implement the following:

1. Programs in grades K through three that emphasize developmentally appropriate learning to enhance success.
2. Programs based on prevention, intervention, or remediation designed to increase the number of students who earn a high school diploma and to prevent students from dropping out of school. Such programs shall include components that are research-based.
3. Career and technical education programs incorporated into the K through 12 curricula that include:

11. A plan to notify students and their parents of the availability of dual enrollment and advanced placement classes, career and technical education programs, the International Baccalaureate Program, and Academic Year Governor's School Programs, the qualifications for enrolling in such classes and programs, and the availability of financial assistance to low-income and needy students to take the advanced placement and International Baccalaureate examinations. This plan shall include notification to students and parents of the agreement with a comprehensive community college in the Commonwealth to enable students to complete an associate degree or a one-year Uniform Certificate of General Studies concurrent with a high school diploma.
12. Identification of students with limited English proficiency and enrollment of such students in appropriate instructional programs.
13. Early identification, diagnosis, and assistance for students with reading and mathematics problems and provision of instructional strategies and reading and mathematics practices that benefit the development of reading and mathematics skills for all students.

Local school divisions shall provide reading intervention services to students in kindergarten through grade three who demonstrate deficiencies based on their individual performance on the Standards of Learning reading test or any reading diagnostic test that meets criteria established by the Department of Education. Local school divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis, at a time to be determined by the Superintendent of Public Instruction. Each student who receives early intervention reading services will be assessed again at the end of that school year. The local school division, in its discretion, shall provide such reading intervention services prior to promoting a student from grade three to grade four. Reading intervention services may include the use of: special reading teachers;

trained aides; volunteer tutors under the supervision of a certified teacher; computer-based reading tutorial programs; aides to instruct in-class groups while the teacher provides direct instruction to the students who need extra assistance; and extended instructional time in the school day or school year for these students. Local school divisions shall provide algebra readiness intervention services to students in grades six through nine who are at risk of failing the Algebra I end-of-course test, as demonstrated by their individual performance on any diagnostic test that has been approved by the Department of Education. Local school divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis, at a time to be determined by the Superintendent of Public Instruction. Each student who receives algebra readiness intervention services will be assessed again at the end of that school year. Funds appropriated for prevention, intervention, and remediation; summer school remediation; at-risk; or algebra readiness intervention services may be used to meet the requirements of this subdivision.

The exclusion provided by this subdivision shall not apply to protect from disclosure (i) the identities of sponsors providing grants to or contracting with the institution for the performance of research services or other work or (ii) the terms and conditions of such grants or contracts.

8. Information held by a threat assessment team established by a local school board pursuant to § 22.1-79.4 or by a public institution of higher education pursuant to § 23.1-805 relating to the assessment or intervention with a specific individual. ## CHAPTER 757

*An Act to amend and reenact §§ 15.2-2283 and 15.2-2309 of the Code of Virginia, relating to zoning; disabilities.*

[H 796]

Approved April 4, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 15.2-2283 and 15.2-2309 of the Code of Virginia are amended and reenacted as follows:**

**§ 15.2-2283. Purpose of zoning ordinances.**

Zoning ordinances shall be for the general purpose of promoting the health, safety or general welfare of the public and of further accomplishing the objectives of § 15.2-2200. To these ends, such ordinances shall be designed to give reasonable

consideration to each of the following purposes, where applicable: (i) to provide for adequate light, air, convenience of access, and safety from fire, flood, impounding structure failure, crime and other dangers; (ii) to reduce or prevent congestion in the public streets; (iii) to facilitate the creation of a convenient, attractive and harmonious community; (iv) to facilitate the provision of adequate police and fire protection, disaster evacuation, civil defense, transportation, water, sewerage, flood protection, schools, parks, forests, playgrounds, recreational facilities, airports and other public requirements; (v) to protect against destruction of or encroachment upon historic areas and working waterfront development areas; (vi) to protect against one or more of the following: overcrowding of land, undue density of population in relation to the community facilities existing or available, obstruction of light and air, danger and congestion in travel and transportation, or loss of life, health, or property from fire, flood, impounding structure failure, panic or other dangers; (vii) to encourage economic development activities that provide desirable employment and enlarge the tax base; (viii) to provide for the preservation of agricultural and forestal lands and other lands of significance for the protection of the natural environment; (ix) to protect approach slopes and other safety areas of licensed airports, including United States government and military air facilities; (x) to promote the creation and preservation of affordable housing suitable for meeting the current and future needs of the locality as well as a reasonable proportion of the current and future needs of the planning district within which the locality is situated; ~~and~~ (xi) to provide reasonable protection against encroachment upon military bases, military installations, and military airports and their adjacent safety areas, excluding armories operated by the Virginia National Guard; *and (xii) to provide reasonable modifications in accordance with the Americans with Disabilities Act of 1990 (42 U.S.C. § 12131 et seq.) or state and federal fair housing laws, as applicable.* Such ordinance may also include reasonable provisions, not inconsistent with applicable state water quality standards, to protect surface water and ground water as defined in § 62.1-255.

**§ 15.2-2309. Powers and duties of boards of zoning appeals.**

Boards of zoning appeals shall have the following powers and duties:

1. To hear and decide appeals from any order, requirement, decision, or determination made by an administrative officer in the administration or enforcement of this article or of any ordinance adopted pursuant thereto. The decision on such appeal shall be based on the board's judgment of whether the administrative officer was correct. The determination of the administrative officer shall be presumed to be correct. At a hearing on an appeal, the administrative officer shall explain the basis for his determination after which the appellant has the burden of proof to rebut such presumption of correctness by a preponderance of the evidence. The board shall consider any applicable ordinances, laws, and regulations in making its decision. For purposes of this section, determination means any order, requirement, decision or determination made by an administrative officer. Any appeal of a determination to the board shall be in compliance with this section, notwithstanding any other provision of law, general or special.

2. Notwithstanding any other provision of law, general or special, to grant upon appeal or original application in specific cases a variance as defined in § 15.2-2201, provided that the burden of proof shall be on the applicant for a variance to prove by a preponderance of the evidence that his application meets the standard for a variance as defined in § 15.2-2201 and the criteria set out in this section.

Notwithstanding any other provision of law, general or special, a variance shall be granted if the evidence shows that the strict application of the terms of the ordinance would unreasonably restrict the utilization of the property or that the granting of the variance would alleviate a hardship due to a physical condition relating to the property or improvements thereon at the time of the effective date of the ordinance, *or alleviate a hardship by granting a reasonable modification to a property or improvements thereon requested by, or on behalf of, a person with a disability*, and (i) the property interest for which the variance is being requested was acquired in good faith and any hardship was not created by the applicant for the variance; (ii) the granting of the variance will not be of substantial detriment to adjacent property and nearby properties in the proximity of that geographical area; (iii) the condition or situation of the property concerned is not of so general or recurring a nature as to make reasonably practicable the formulation of a general regulation to be adopted as an amendment to the ordinance; (iv) the granting of the variance does not result in a use that is not otherwise permitted on such property or a change in the zoning classification of the property; and (v) the relief or remedy sought by the variance application is not available through a special exception process that is authorized in the ordinance pursuant to subdivision 6 of § 15.2-2309 or the process for modification of a zoning ordinance pursuant to subdivision A 4 of § 15.2-2286 at the time of the filing of the variance application. *Any variance granted to provide a reasonable modification to a property or improvements thereon requested by, or on behalf of, a person with a disability may expire when the person benefited by it is no longer in need of the modification to such property or improvements provided by the variance, subject to the provisions of state and federal fair housing laws, or the Americans with Disabilities Act of 1990 (42 U.S.C. § 12131 et seq.), as applicable. If a request for a reasonable modification is made to a locality and is appropriate under the provisions of state and federal fair housing laws, or the Americans with Disabilities Act of 1990 (42 U.S.C. § 12131 et seq.), as applicable, such request shall be granted by the locality unless a variance from the board of zoning appeals under this section is required in order for such request to be granted.*

No variance shall be considered except after notice and hearing as required by § 15.2-2204. However, when giving any required notice to the owners, their agents or the occupants of abutting property and property immediately across the street or road from the property affected, the board may give such notice by first-class mail rather than by registered or certified mail.

In granting a variance, the board may impose such conditions regarding the location, character, and other features of the proposed structure or use as it may deem necessary in the public interest and may require a guarantee or bond to ensure

that the conditions imposed are being and will continue to be complied with. Notwithstanding any other provision of law, general or special, the property upon which a property owner has been granted a variance shall be treated as conforming for all purposes under state law and local ordinance; however, the structure permitted by the variance may not be expanded unless the expansion is within an area of the site or part of the structure for which no variance is required under the ordinance. Where the expansion is proposed within an area of the site or part of the structure for which a variance is required, the approval of an additional variance shall be required.

3. To hear and decide appeals from the decision of the zoning administrator after notice and hearing as provided by § 15.2-2204. However, when giving any required notice to the owners, their agents or the occupants of abutting property and property immediately across the street or road from the property affected, the board may give such notice by first-class mail rather than by registered or certified mail.

4. To hear and decide applications for interpretation of the district map where there is any uncertainty as to the location of a district boundary. After notice to the owners of the property affected by the question, and after public hearing with notice as required by § 15.2-2204, the board may interpret the map in such way as to carry out the intent and purpose of the ordinance for the particular section or district in question. However, when giving any required notice to the owners, their agents or the occupants of abutting property and property immediately across the street or road from the property affected, the board may give such notice by first-class mail rather than by registered or certified mail. The board shall not have the power to change substantially the locations of district boundaries as established by ordinance.

5. No provision of this section shall be construed as granting any board the power to rezone property or to base board decisions on the merits of the purpose and intent of local ordinances duly adopted by the governing body.

6. To hear and decide applications for special exceptions as may be authorized in the ordinance. The board may impose such conditions relating to the use for which a permit is granted as it may deem necessary in the public interest, including limiting the duration of a permit, and may require a guarantee or bond to ensure that the conditions imposed are being and will continue to be complied with.

No special exception may be granted except after notice and hearing as provided by § 15.2-2204. However, when giving any required notice to the owners, their agents or the occupants of abutting property and property immediately across the street or road from the property affected, the board may give such notice by first-class mail rather than by registered or certified mail.

7. To revoke a special exception previously granted by the board of zoning appeals if the board determines that there has not been compliance with the terms or conditions of the permit. No special exception may be revoked except after notice and hearing as provided by § 15.2-2204. However, when giving any required notice to the owners, their agents or the occupants of abutting property and property immediately across the street or road from the property affected, the board may give such notice by first-class mail rather than by registered or certified mail. If a governing body reserves unto itself the right to issue special exceptions pursuant to § 15.2-2286, and, if the governing body determines that there has not been compliance with the terms and conditions of the permit, then it may also revoke special exceptions in the manner provided by this subdivision.

8. The board by resolution may fix a schedule of regular meetings, and may also fix the day or days to which any meeting shall be continued if the chairman, or vice-chairman if the chairman is unable to act, finds and declares that weather or other conditions are such that it is hazardous for members to attend the meeting. Such finding shall be communicated to the members and the press as promptly as possible. All hearings and other matters previously advertised for such meeting in accordance with § 15.2-2312 shall be conducted at the continued meeting and no further advertisement is required.

## CHAPTER 768

*An Act to amend and reenact § 19.2-182.3 of the Code of Virginia, relating to persons acquitted by reason of insanity; commitment; sentencing.*

[H 1193]

Approved April 4, 2018

### **Be it enacted by the General Assembly of Virginia:**

#### **1. That § 19.2-182.3 of the Code of Virginia is amended and reenacted as follows:**

##### **§ 19.2-182.3. Commitment; civil proceedings.**

Upon receipt of the evaluation report and, if applicable, a conditional release or discharge plan, the court shall schedule the matter for hearing on an expedited basis, giving the matter priority over other civil matters before the court, to determine the appropriate disposition of the acquittee. Except as otherwise ordered by the court, the attorney who represented the defendant at the criminal proceedings shall represent the acquittee through the proceedings pursuant to this section. The matter may be continued on motion of either party for good cause shown. The acquittee shall be provided with adequate notice of the hearing, of the right to be present at the hearing, the right to the assistance of counsel in preparation for and during the hearing, and the right to introduce evidence and cross-examine witnesses at the hearing. The hearing is a civil proceeding.

At the conclusion of the hearing, the court shall commit the acquittee if it finds that he has mental illness or intellectual disability and is in need of inpatient hospitalization. For the purposes of this chapter, mental illness includes any mental illness, as defined in § 37.2-100, in a state of remission when the illness may, with reasonable probability, become active. The decision of the court shall be based upon consideration of the following factors:

1. To what extent the acquittee has mental illness or intellectual disability, as those terms are defined in § 37.2-100;
2. The likelihood that the acquittee will engage in conduct presenting a substantial risk of bodily harm to other persons or to himself in the foreseeable future;
3. The likelihood that the acquittee can be adequately controlled with supervision and treatment on an outpatient basis; and
4. Such other factors as the court deems relevant.

If the court determines that an acquittee does not need inpatient hospitalization solely because of treatment or habilitation he is currently receiving, but the court is not persuaded that the acquittee will continue to receive such treatment or habilitation, it may commit him for inpatient hospitalization. The court shall order the acquittee released with conditions pursuant to §§ 19.2-182.7, 19.2-182.8, and 19.2-182.9 if it finds that he is not in need of inpatient hospitalization but that he

meets the criteria for conditional release set forth in § 19.2-182.7. If the court finds that the acquittee does not need inpatient hospitalization nor does he meet the criteria for conditional release, it shall release him without conditions, provided the court has approved a discharge plan prepared by the appropriate community services board or behavioral health authority in consultation with the appropriate hospital staff.

*The court shall order that any person acquitted by reason of insanity and committed pursuant to this section who is sentenced to a term of incarceration for any other offense in the same proceeding or in any proceeding conducted prior to the proceeding in which the person is acquitted by reason of insanity complete any sentence imposed for such other offense prior to being placed in the custody of the Commissioner of Behavioral Health and Developmental Services until released from commitment pursuant to this chapter. The court shall order that any person acquitted by reason of insanity and committed pursuant to this section who is sentenced to a term of incarceration in any proceeding conducted during the period of commitment be transferred to the custody of the correctional facility where he is to serve his sentence, and, upon completion of his sentence, such person shall be placed in the custody of the Commissioner of Behavioral Health and Developmental Services until released from commitment pursuant to this chapter.*

[H 1333]

**§ 63.2-100. Definitions.**

As used in this title, unless the context requires a different meaning:

"Abused or neglected child" means any child less than 18 years of age:

1. Whose parents or other person responsible for his care creates or inflicts, threatens to create or inflict, or allows to be created or inflicted upon such child a physical or mental injury by other than accidental means, or creates a substantial risk of death, disfigurement, or impairment of bodily or mental functions, including, but not limited to, a child who is with his parent or other person responsible for his care either (i) during the manufacture or attempted manufacture of a Schedule I or II controlled substance, or (ii) during the unlawful sale of such substance by that child's parents or other person responsible for his care, where such manufacture, or attempted manufacture or unlawful sale would constitute a felony violation of § 18.2-248;

2. Whose parents or other person responsible for his care neglects or refuses to provide care necessary for his health. However, no child who in good faith is under treatment solely by spiritual means through prayer in accordance with the tenets and practices of a recognized church or religious denomination shall for that reason alone be considered to be an abused or neglected child. Further, a decision by parents who have legal authority for the child or, in the absence of parents with legal authority for the child, any person with legal authority for the child, who refuses a particular medical treatment for a child with a life-threatening condition shall not be deemed a refusal to provide necessary care if (i) such decision is made jointly by the parents or other person with legal authority and the child; (ii) the child has reached 14 years of age and is sufficiently mature to have an informed opinion on the subject of his medical treatment; (iii) the parents or other person with legal authority and the child have considered alternative treatment options; and (iv) the parents or other person with legal authority and the child believe in good faith that such decision is in the child's best interest. Nothing in this subdivision shall be construed to limit the provisions of § 16.1-278.4;

3. Whose parents or other person responsible for his care abandons such child;

4. Whose parents or other person responsible for his care commits or allows to be committed any act of sexual exploitation or any sexual act upon a child in violation of the law;

5. Who is without parental care or guardianship caused by the unreasonable absence or the mental or physical incapacity of the child's parent, guardian, legal custodian or other person standing in loco parentis;

6. Whose parents or other person responsible for his care creates a substantial risk of physical or mental injury by knowingly leaving the child alone in the same dwelling, including an apartment as defined in § 55-79.2, with a person to whom the child is not related by blood or marriage and who the parent or other person responsible for his care knows has been convicted of an offense against a minor for which registration is required as a violent sexual offender pursuant to § 9.1-902; or

7. Who has been identified as a victim of sex trafficking or severe forms of trafficking as defined in the Trafficking Victims Protection Act of 2000, 22 U.S.C. § 7102 et seq., and in the Justice for Victims of Trafficking Act of 2015, 42 U.S.C. § 5101 et seq.

If a civil proceeding under this title is based solely on the parent having left the child at a hospital or emergency medical services agency, it shall be an affirmative defense that such parent safely delivered the child to a hospital that provides 24-hour emergency services or to an attended emergency medical services agency that employs emergency

1. Whose parents or other person responsible for his care creates or inflicts, threatens to create or inflict, or allows to be created or inflicted upon such child a physical or mental injury by other than accidental means, or creates a substantial risk of death, disfigurement, or impairment of bodily or mental functions, including, but not limited to, a child who is with his parent or other person responsible for his care either (i) during the manufacture or attempted manufacture of a Schedule I or II controlled substance, or (ii) during the unlawful sale of such substance by that child's parents or other person responsible for his care, where such manufacture, or attempted manufacture or unlawful sale would constitute a felony violation of § 18.2-248;

2. Whose parents or other person responsible for his care neglects or refuses to provide care necessary for his health. However, no child who in good faith is under treatment solely by spiritual means through prayer in accordance with the tenets and practices of a recognized church or religious denomination shall for that reason alone be considered to be an abused or neglected child. Further, a decision by parents who have legal authority for the child or, in the absence of parents with legal authority for the child, any person with legal authority for the child, who refuses a particular medical treatment for a child with a life-threatening condition shall not be deemed a refusal to provide necessary care if (i) such decision is made jointly by the parents or other person with legal authority and the child; (ii) the child has reached 14 years of age and is sufficiently mature to have an informed opinion on the subject of his medical treatment; (iii) the parents or other person with legal authority and the child have considered alternative treatment options; and (iv) the parents or other person with legal authority and the child believe in good faith that such decision is in the child's best interest. Nothing in this subdivision shall be construed to limit the provisions of § 16.1-278.4;

3. Whose parents or other person responsible for his care abandons such child;

4. Whose parents or other person responsible for his care commits or allows to be committed any act of sexual exploitation or any sexual act upon a child in violation of the law;

5. Who is without parental care or guardianship caused by the unreasonable absence or the mental or physical incapacity of the child's parent, guardian, legal custodian or other person standing in loco parentis;

6. Whose parents or other person responsible for his care creates a substantial risk of physical or mental injury by knowingly leaving the child alone in the same dwelling, including an apartment as defined in § 55-79.2, with a person to whom the child is not related by blood or marriage and who the parent or other person responsible for his care knows has been convicted of an offense against a minor for which registration is required as a violent sexual offender pursuant to § 9.1-902; or

[S 996]

Approved April 4, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 3.2-6546, 54.1-3423 and 54.1-3801, as it is currently effective and as it shall become effective, of the Code of Virginia are amended and reenacted as follows:**

**§ 3.2-6546. County or city public animal shelters; confinement and disposition of animals; affiliation with foster care providers; penalties; injunctive relief.**

A. For purposes of this section:

"Animal" shall not include agricultural animals.

"Rightful owner" means a person with a right of property in the animal.

B. The governing body of each county or city shall maintain or cause to be maintained a public animal shelter and shall require dogs running at large without the tag required by § 3.2-6531 or in violation of an ordinance passed pursuant to § 3.2-6538 to be confined therein. Nothing in this section shall be construed to prohibit confinement of other companion animals in such a shelter. The governing body of any county or city need not own the facility required by this section but may contract for its establishment with a private group or in conjunction with one or more other local governing bodies. The governing body shall require that:

1. The public animal shelter shall be accessible to the public at reasonable hours during the week;

2. The public animal shelter shall obtain a signed statement from each of its directors, operators, staff, or animal caregivers specifying that each individual has never been convicted of animal cruelty, neglect, or abandonment, and each shelter shall update such statement as changes occur;

3. If a person contacts the public animal shelter inquiring about a lost companion animal, the shelter shall advise the person if the companion animal is confined at the shelter or if a companion animal of similar description is confined at the shelter;

4. The public animal shelter shall maintain a written record of the information on each companion animal submitted to the shelter by a private animal shelter in accordance with subsection D of § 3.2-6548 for a period of 30 days from the date the information is received by the shelter. If a person contacts the shelter inquiring about a lost companion animal, the shelter shall check its records and make available to such person any information submitted by a private animal shelter or allow such person inquiring about a lost animal to view the written records;

5. The public animal shelter shall maintain a written record of the information on each companion animal submitted to the shelter by a releasing agency other than a public or private animal shelter in accordance with subdivision F 2 of § 3.2-6549 for a period of 30 days from the date the information is received by the shelter. If a person contacts the shelter inquiring about a lost companion animal, the shelter shall check its records and make available to such person any information submitted by such releasing agency or allow such person inquiring about a lost companion animal to view the written records; and

6. The public animal shelter shall maintain a written record of the information on each companion animal submitted to the shelter by an individual in accordance with subdivision A 2 of § 3.2-6551 for a period of 30 days from the date the information is received by the shelter. If a person contacts the shelter inquiring about a lost companion animal, the shelter shall check its records and make available to such person any information submitted by the individual or allow such person inquiring about a lost companion animal to view the written records.

C. An animal confined pursuant to this section shall be kept for a period of not less than five days, such period to commence on the day immediately following the day the animal is initially confined in the facility, unless sooner claimed by the rightful owner thereof.

The operator or custodian of the public animal shelter shall make a reasonable effort to ascertain whether the animal has a collar, tag, license, tattoo, or other form of identification. If such identification is found on the animal, the animal shall be held for an additional five days, unless sooner claimed by the rightful owner. If the rightful owner of the animal can be readily identified, the operator or custodian of the shelter shall make a reasonable effort to notify the owner of the animal's confinement within the next 48 hours following its confinement.

*During the time that an animal is confined pursuant to this subsection, the operator or custodian of the public animal shelter may vaccinate the animal to prevent the risk of communicable diseases, provided that (i) all vaccines are administered in accordance with a protocol approved by a licensed veterinarian and (ii) rabies vaccines are administered by a licensed veterinarian or licensed veterinary technician under the immediate direction and supervision of a licensed veterinarian in accordance with § 3.2-6521.*

If any animal confined pursuant to this section is claimed by its rightful owner, such owner may be charged with the actual expenses incurred in keeping the animal impounded. In addition to this and any other fees that might be levied, the locality may, after a public hearing, adopt an ordinance to charge the owner of an animal a fee for impoundment and increased fees for subsequent impoundments of the same animal.

D. If an animal confined pursuant to this section has not been claimed upon expiration of the appropriate holding period as provided by subsection C, it shall be deemed abandoned and become the property of the public animal shelter.

Such animal may be euthanized in accordance with the methods approved by the State Veterinarian or disposed of by the methods set forth in subdivisions 1 through 5. No shelter shall release more than two animals or a family of animals during any 30-day period to any one person under subdivisions 2, 3, or 4.

1. Release to any humane society, public or private animal shelter, or other releasing agency within the Commonwealth, provided that each humane society, animal shelter, or other releasing agency obtains a signed statement from each of its directors, operators, staff, or animal caregivers specifying that each individual has never been convicted of animal cruelty, neglect, or abandonment and updates such statements as changes occur;

2. Adoption by a resident of the county or city where the shelter is operated and who will pay the required license fee, if any, on such animal, provided that such resident has read and signed a statement specifying that he has never been convicted of animal cruelty, neglect, or abandonment;

3. Adoption by a resident of an adjacent political subdivision of the Commonwealth, if the resident has read and signed a statement specifying that he has never been convicted of animal cruelty, neglect, or abandonment;

4. Adoption by any other person, provided that such person has read and signed a statement specifying that he has never been convicted of animal cruelty, neglect, or abandonment and provided that no dog or cat may be adopted by any person who is not a resident of the county or city where the shelter is operated, or of an adjacent political subdivision, unless the dog or cat is first sterilized, and the shelter may require that the sterilization be done at the expense of the person adopting the dog or cat; or

5. Release for the purposes of adoption or euthanasia only, to an animal shelter, or any other releasing agency located in and lawfully operating under the laws of another state, provided that such animal shelter, or other releasing agency: (i) maintains records that would comply with § 3.2-6557; (ii) requires that adopted dogs and cats be sterilized; (iii) obtains a signed statement from each of its directors, operators, staff, and animal caregivers specifying that each individual has never been convicted of animal cruelty, neglect, or abandonment, and updates such statement as changes occur; and (iv) has provided to the public or private animal shelter or other releasing agency within the Commonwealth a statement signed by

an authorized representative specifying the entity's compliance with clauses (i) through (iii), and the provisions of adequate care and performance of humane euthanasia, as necessary in accordance with the provisions of this chapter.

For purposes of recordkeeping, release of an animal by a public animal shelter to a public or private animal shelter or other releasing agency shall be considered a transfer and not an adoption. If the animal is not first sterilized, the responsibility for sterilizing the animal transfers to the receiving entity.

Any proceeds deriving from the gift, sale, or delivery of such animals shall be paid directly to the treasurer of the locality. Any proceeds deriving from the gift, sale, or delivery of such animals by a public or private animal shelter or other releasing agency shall be paid directly to the clerk or treasurer of the animal shelter or other releasing agency for the expenses of the society and expenses incident to any agreement concerning the disposing of such animal. No part of the proceeds shall accrue to any individual except for the aforementioned purposes.

E. Nothing in this section shall prohibit the immediate euthanasia of a critically injured, critically ill, or unweaned animal for humane purposes. Any animal euthanized pursuant to the provisions of this chapter shall be euthanized by one of the methods prescribed or approved by the State Veterinarian.

F. Nothing in this section shall prohibit the immediate euthanasia or disposal by the methods listed in subdivisions 1 through 5 of subsection D of an animal that has been released to a public or private animal shelter, other releasing agency, or animal control officer by the animal's rightful owner after the rightful owner has read and signed a statement: (i) surrendering all property rights in such animal; (ii) stating that no other person has a right of property in the animal; and (iii) acknowledging that the animal may be immediately euthanized or disposed of in accordance with subdivisions 1 through 5 of subsection D.

G. Nothing in this section shall prohibit any feral dog or feral cat not bearing a collar, tag, tattoo, or other form of identification that, based on the written statement of a disinterested person, exhibits behavior that poses a risk of physical injury to any person confining the animal, from being euthanized after being kept for a period of not less than three days, at least one of which shall be a full business day, such period to commence on the day the animal is initially confined in the facility, unless sooner claimed by the rightful owner. The statement of the disinterested person shall be kept with the animal as required by § 3.2-6557. For purposes of this subsection, a disinterested person shall not include a person releasing or reporting the animal.

H. No public animal shelter shall place a companion animal in a foster home with a foster care provider unless the foster care provider has read and signed a statement specifying that he has never been convicted of animal cruelty, neglect, or abandonment, and each shelter shall update such statement as changes occur. The shelter shall maintain the original statement and any updates to such statement in accordance with this chapter and for at least so long as the shelter has an affiliation with the foster care provider.

I. A public animal shelter that places a companion animal in a foster home with a foster care provider shall ensure that the foster care provider complies with § 3.2-6503.

J. If a public animal shelter finds a direct and immediate threat to a companion animal placed with a foster care provider, it shall report its findings to the animal control agency in the locality where the foster care provider is located.

K. The governing body shall require that the public animal shelter be operated in accordance with regulations issued by the Board. If this chapter or such regulations are violated, the locality may be assessed a civil penalty by the Board or its designee in an amount that does not exceed \$1,000 per violation. Each day of the violation is a separate offense. In determining the amount of any civil penalty, the Board or its designee shall consider: (i) the history of previous violations at the shelter; (ii) whether the violation has caused injury to, death or suffering of, an animal; and (iii) the demonstrated good faith of the locality to achieve compliance after notification of the violation. All civil penalties assessed under this section shall be recovered in a civil action brought by the Attorney General in the name of the Commonwealth. Such civil penalties shall be paid into a special fund in the state treasury to the credit of the Department to be used in carrying out the purposes of this chapter.

L. If this chapter or any laws governing public animal shelters are violated, the Commissioner may bring an action to enjoin the violation or threatened violation of this chapter or the regulations pursuant thereto regarding public animal shelters, in the circuit court where the shelter is located. The Commissioner may request the Attorney General to bring such an action, when appropriate.

**§ 54.1-3423. Board to issue registration unless inconsistent with public interest; authorization to conduct research; application and fees.**

A. The Board shall register an applicant to manufacture or distribute controlled substances included in Schedules I through V unless it determines that the issuance of that registration would be inconsistent with the public interest. In determining the public interest, the Board shall consider the following factors:

1. Maintenance of effective controls against diversion of controlled substances into other than legitimate medical, scientific, or industrial channels;
2. Compliance with applicable state and local law;
3. Any convictions of the applicant under any federal and state laws relating to any controlled substance;
4. Past experience in the manufacture or distribution of controlled substances, and the existence in the applicant's establishment of effective controls against diversion;
5. Furnishing by the applicant of false or fraudulent material in any application filed under this chapter;

6. Suspension or revocation of the applicant's federal registration to manufacture, distribute, or dispense controlled substances as authorized by federal law; and

7. Any other factors relevant to and consistent with the public health and safety.

B. Registration under subsection A does not entitle a registrant to manufacture and distribute controlled substances in Schedule I or II other than those specified in the registration.

C. Practitioners must be registered to conduct research with controlled substances in Schedules II through VI. Practitioners registered under federal law to conduct research with Schedule I substances may conduct research with Schedule I substances within this Commonwealth upon furnishing the evidence of that federal registration.

D. The Board may register other persons or entities to possess controlled substances listed on Schedules II through VI upon a determination that (i) there is a documented need, (ii) the issuance of the registration is consistent with the public interest, (iii) the possession and subsequent use of the controlled substances complies with applicable state and federal laws and regulations, and (iv) the subsequent storage, use, and recordkeeping of the controlled substances will be under the general supervision of a licensed pharmacist, practitioner of medicine, osteopathy, podiatry, dentistry, or veterinary medicine as specified in the Board's regulations. The Board shall consider, at a minimum, the factors listed in subsection A of this section in determining whether the registration shall be issued. Notwithstanding the exceptions listed in § 54.1-3422 A, the Board may mandate a controlled substances registration for sites maintaining certain types and quantities of Schedules II through VI controlled substances as it may specify in its regulations. The Board shall promulgate regulations related to requirements or criteria for the issuance of such controlled substances registration, storage, security, supervision, and recordkeeping.

E. The Board may register a public or private animal shelter as defined in § 3.2-6500 to purchase, possess, and administer certain Schedule ~~II through VI~~ *II through VI* controlled substances approved by the State Veterinarian for the purpose of euthanizing injured, sick, homeless, and unwanted domestic pets and animals; and to purchase, possess, and administer certain Schedule VI ~~controlled substances~~ *drugs and biological products* for the purpose of preventing, controlling, and treating certain communicable diseases that failure to control would result in transmission to the animal population in the shelter. ~~The drugs~~ *Controlled substances* used for euthanasia shall be administered only in accordance with protocols established by the State Veterinarian and only by persons trained in accordance with instructions by the State Veterinarian. The list of Schedule VI *drugs and biological products* used for treatment and prevention of communicable diseases within the shelter shall be determined by the supervising veterinarian of the shelter and the *drugs and biological products* shall be administered only pursuant to written protocols established or approved by the supervising veterinarian of the shelter and only by persons who have been trained in accordance with instructions established or approved by the supervising veterinarian. The shelter shall maintain a copy of the approved list of *drugs and biological products*, written protocols for administering, and training records of those persons administering *drugs and biological products* on the premises of the shelter.

F. The Board may register a crisis stabilization unit established pursuant to § 37.2-500 or 37.2-601 and licensed by the Department of Behavioral Health and Developmental Services to maintain a stock of Schedule VI controlled substances necessary for immediate treatment of patients admitted to the crisis stabilization unit, which may be accessed and administered by a nurse pursuant to a written or oral order of a prescriber in the absence of a prescriber. Schedule II through Schedule V controlled substances shall only be maintained if so authorized by federal law and Board regulations.

G. The Board may register an entity at which a patient is treated by the use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically for the purpose of establishing a bona fide practitioner-patient relationship and is prescribed Schedule II through VI controlled substances when such prescribing is in compliance with federal requirements for the practice of telemedicine and the patient is not in the physical presence of a practitioner registered with the U.S. Drug Enforcement Administration. In determining whether the registration shall be issued, the Board shall consider (i) the factors listed in subsection A, (ii) whether there is a documented need for such registration, and (iii) whether the issuance of the registration is consistent with the public interest.

H. Applications for controlled substances registration certificates and renewals thereof shall be made on a form prescribed by the Board and such applications shall be accompanied by a fee in an amount to be determined by the Board.

I. Upon (i) any change in ownership or control of a business, (ii) any change of location of the controlled substances stock, (iii) the termination of authority by or of the person named as the responsible party on a controlled substances registration, or (iv) a change in the supervising practitioner, if applicable, the registrant or responsible party shall immediately surrender the registration. The registrant shall, within 14 days following surrender of a registration, file a new application and, if applicable, name the new responsible party or supervising practitioner.

"Pharmacy intern" means a student currently enrolled in or a graduate of an approved school of pharmacy who is registered with the Board for the purpose of gaining the practical experience required to apply for licensure as a pharmacist.

"Pharmacy technician" means a person registered with the Board to assist a pharmacist under the pharmacist's supervision.

"Practice of pharmacy" means the personal health service that is concerned with the art and science of selecting, procuring, recommending, administering, preparing, compounding, packaging, and dispensing of drugs, medicines, and devices used in the diagnosis, treatment, or prevention of disease, whether compounded or dispensed on a prescription or otherwise legally dispensed or distributed, and shall include the proper and safe storage and distribution of drugs; the maintenance of proper records; the responsibility of providing information concerning drugs and medicines and their therapeutic values and uses in the treatment and prevention of disease; and the management of patient care under the terms of a collaborative agreement as defined in this section.

"Supervision" means the direction and control by a pharmacist of the activities of a pharmacy intern or a pharmacy technician whereby the supervising pharmacist is physically present in the pharmacy or in the facility in which the pharmacy is located when the intern or technician is performing duties restricted to a pharmacy intern or technician, respectively, and is available for immediate oral communication.

Other terms used in the context of this chapter shall be defined as provided in Chapter 34 (§ 54.1-3400 et seq.) unless the context requires a different meaning.

**§ 54.1-3300.1. Participation in collaborative agreements; regulations to be promulgated by the Boards of Medicine and Pharmacy.**

A pharmacist and his designated alternate pharmacists involved directly in patient care may participate with (i) any person licensed to practice medicine, osteopathy, or podiatry together with any person licensed, registered, or certified by a health regulatory board of the Department of Health Professions who provides health care services to patients of such person licensed to practice medicine, osteopathy, or podiatry; (ii) a physician's office as defined in § 32.1-276.3, provided *that* such collaborative agreement is signed by each physician participating in the collaborative practice agreement; (iii) any licensed physician assistant working under the supervision of a person licensed to practice medicine, osteopathy, or podiatry; or (iv) any licensed nurse practitioner working ~~as part of a patient care team as defined in § 54.1-2900 in accordance with the provisions of § 54.1-2957~~, involved directly in patient care in collaborative agreements which authorize cooperative procedures related to treatment using drug therapy, laboratory tests, or medical devices, under defined conditions or limitations, for the purpose of improving patient outcomes. However, no person licensed to practice medicine, osteopathy, or podiatry shall be required to participate in a collaborative agreement with a pharmacist and his designated alternate pharmacists, regardless of whether a professional business entity on behalf of which the person is authorized to act enters into a collaborative agreement with a pharmacist and his designated alternate pharmacists.

No patient shall be required to participate in a collaborative procedure without such patient's consent. A patient who chooses to not participate in a collaborative procedure shall notify the prescriber of his refusal to participate in such collaborative procedure. A prescriber may elect to have a patient not participate in a collaborative procedure by contacting the pharmacist or his designated alternative pharmacists or by documenting the same on the patient's prescription.

Collaborative agreements may include the implementation, modification, continuation, or discontinuation of drug therapy pursuant to written or electronic protocols, provided implementation of drug therapy occurs following diagnosis by the prescriber; the ordering of laboratory tests; or other patient care management measures related to monitoring or improving the outcomes of drug or device therapy. No such collaborative agreement shall exceed the scope of practice of the respective parties. Any pharmacist who deviates from or practices in a manner inconsistent with the terms of a collaborative agreement shall be in violation of § 54.1-2902; such violation shall constitute grounds for disciplinary action pursuant to §§ 54.1-2400 and 54.1-3316.

Collaborative agreements may only be used for conditions which have protocols that are clinically accepted as the standard of care, or are approved by the Boards of Medicine and Pharmacy. The Boards of Medicine and Pharmacy shall jointly develop and promulgate regulations to implement the provisions of this section and to facilitate the development and implementation of safe and effective collaborative agreements between the appropriate practitioners and pharmacists. The regulations shall include guidelines concerning the use of protocols, and a procedure to allow for the approval or disapproval of specific protocols by the Boards of Medicine and Pharmacy if review is requested by a practitioner or pharmacist.

Nothing in this section shall be construed to supersede the provisions of § 54.1-3303.

**§ 54.1-3301. Exceptions.**

This chapter shall not be construed to:

1. Interfere with any legally qualified practitioner of dentistry, or veterinary medicine or any physician acting on behalf of the Virginia Department of Health or local health departments, in the compounding of his prescriptions or the purchase and possession of drugs as he may require;
2. Prevent any legally qualified practitioner of dentistry, or veterinary medicine or any prescriber, as defined in § 54.1-3401, acting on behalf of the Virginia Department of Health or local health departments, from administering or supplying to his patients the medicines that he deems proper under the conditions of § 54.1-3303 or from causing drugs to be administered or dispensed pursuant to §§ 32.1-42.1 and 54.1-3408, except that a veterinarian shall only be authorized to dispense a compounded drug, distributed from a pharmacy, when (i) the animal is his own patient, (ii) the animal is a companion animal as defined in regulations promulgated by the Board of Veterinary Medicine, (iii) the quantity dispensed is no more than a 72-hour supply, (iv) the compounded drug is for the treatment of an emergency condition, and (v) timely access to a compounding pharmacy is not available, as determined by the prescribing veterinarian;
3. Prohibit the sale by merchants and retail dealers of proprietary medicines as defined in Chapter 34 (§ 54.1-3400 et seq.) of this title;
4. Prevent the operation of automated drug dispensing systems in hospitals pursuant to Chapter 34 (§ 54.1-3400 et seq.) of this title;
5. Prohibit the employment of ancillary personnel to assist a pharmacist as provided in the regulations of the Board;
6. Interfere with any legally qualified practitioner of medicine, osteopathy, or podiatry from purchasing, possessing or administering controlled substances to his own patients or providing controlled substances to his own patients in a bona fide medical emergency or providing manufacturers' professional samples to his own patients;
7. Interfere with any legally qualified practitioner of optometry, certified or licensed to use diagnostic pharmaceutical agents, from purchasing, possessing or administering those controlled substances as specified in § 54.1-3221 or interfere with any legally qualified practitioner of optometry certified to prescribe therapeutic pharmaceutical agents from purchasing, possessing, or administering to his own patients those controlled substances as specified in § 54.1-3222 and the TPA formulary, providing manufacturers' samples of these drugs to his own patients, or dispensing, administering, or selling ophthalmic devices as authorized in § 54.1-3204;
8. Interfere with any physician assistant with prescriptive authority receiving and dispensing to his own patients manufacturers' professional samples of controlled substances and devices that he is authorized, in compliance with the provisions of § 54.1-2952.1, to prescribe according to his practice setting and a written agreement with a physician or podiatrist;
9. Interfere with any licensed nurse practitioner with prescriptive authority receiving and dispensing to his own patients manufacturers' professional samples of controlled substances and devices that he is authorized, in compliance with the provisions of § 54.1-2957.01, to prescribe according to his practice setting and a written or electronic agreement with a physician;
10. Interfere with any legally qualified practitioner of medicine or osteopathy participating in an indigent patient program offered by a pharmaceutical manufacturer in which the practitioner sends a prescription for one of his own patients to the manufacturer, and the manufacturer donates a stock bottle of the prescription drug ordered at no cost to the practitioner or patient. The practitioner may dispense such medication at no cost to the patient without holding a license to dispense from the Board of Pharmacy. However, the container in which the drug is dispensed shall be labeled in accordance with the requirements of § 54.1-3410, and, unless directed otherwise by the practitioner or the patient, shall meet standards for special packaging as set forth in § 54.1-3426 and Board of Pharmacy regulations. In lieu of dispensing directly to the patient, a practitioner may transfer the donated drug with a valid prescription to a pharmacy for dispensing to the patient. The practitioner or pharmacy participating in the program shall not use the donated drug for any purpose other than dispensing to the patient for whom it was originally donated, except as authorized by the donating manufacturer for another patient meeting that manufacturer's requirements for the indigent patient program. Neither the practitioner nor the pharmacy shall charge the patient for any medication provided through a manufacturer's indigent patient program pursuant to this subdivision. A participating pharmacy, including a pharmacy participating in bulk donation programs, may charge a reasonable dispensing or administrative fee to offset the cost of dispensing, not to exceed the actual costs of such dispensing. However, if the patient is unable to pay such fee, the dispensing or administrative fee shall be waived;
11. Interfere with any legally qualified practitioner of medicine or osteopathy from providing controlled substances to his own patients in a free clinic without charge when such controlled substances are donated by an entity other than a pharmaceutical manufacturer as authorized by subdivision 10. The practitioner shall first obtain a controlled substances registration from the Board and shall comply with the labeling and packaging requirements of this chapter and the Board's regulations; or
12. Prevent any pharmacist from providing free health care to an underserved population in Virginia who (i) does not regularly practice pharmacy in Virginia, (ii) holds a current valid license or certificate to practice pharmacy in another state, territory, district or possession of the United States, (iii) volunteers to provide free health care to an underserved area of this Commonwealth under the auspices of a publicly supported all volunteer, nonprofit organization that sponsors the provision of health care to populations of underserved people, (iv) files a copy of the license or certificate issued in such other

jurisdiction with the Board, (v) notifies the Board at least five business days prior to the voluntary provision of services of the dates and location of such service, and (vi) acknowledges, in writing, that such licensure exemption shall only be valid, in compliance with the Board's regulations, during the limited period that such free health care is made available through the volunteer, nonprofit organization on the dates and at the location filed with the Board. The Board may deny the right to practice in Virginia to any pharmacist whose license has been previously suspended or revoked, who has been convicted of a felony or who is otherwise found to be in violation of applicable laws or regulations. However, the Board shall allow a pharmacist who meets the above criteria to provide volunteer services without prior notice for a period of up to three days, provided the nonprofit organization verifies that the practitioner has a valid, unrestricted license in another state.

This section shall not be construed as exempting any person from the licensure, registration, permitting and record keeping requirements of this chapter or Chapter 34 of this title.

CHAPTER 780

*An Act to amend and reenact § 3.2-6500 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 3.2-6513.1, relating to pet shops; posting of information about dogs; records.*

[H 877]

Approved April 4, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That § 3.2-6500 of the Code of Virginia is amended and reenacted and the Code of Virginia is amended by adding a section numbered 3.2-6513.1 as follows:**

**§ 3.2-6500. Definitions.**

As used in this chapter unless the context requires a different meaning:

"Abandon" means to desert, forsake, or absolutely give up an animal without having secured another owner or custodian for the animal or by failing to provide the elements of basic care as set forth in § 3.2-6503 for a period of five consecutive days.

"Adequate care" or "care" means the responsible practice of good animal husbandry, handling, production, management, confinement, feeding, watering, protection, shelter, transportation, treatment, and, when necessary, euthanasia, appropriate for the age, species, condition, size and type of the animal and the provision of veterinary care when needed to prevent suffering or impairment of health.

"Adequate exercise" or "exercise" means the opportunity for the animal to move sufficiently to maintain normal muscle tone and mass for the age, species, size, and condition of the animal.

"Adequate feed" means access to and the provision of food that is of sufficient quantity and nutritive value to maintain each animal in good health; is accessible to each animal; is prepared so as to permit ease of consumption for the age, species, condition, size and type of each animal; is provided in a clean and sanitary manner; is placed so as to minimize contamination by excrement and pests; and is provided at suitable intervals for the species, age, and condition of the animal, but at least once daily, except as prescribed by a veterinarian or as dictated by naturally occurring states of hibernation or fasting normal for the species.

"Adequate shelter" means provision of and access to shelter that is suitable for the species, age, condition, size, and type of each animal; provides adequate space for each animal; is safe and protects each animal from injury, rain, sleet, snow, hail, direct sunlight, the adverse effects of heat or cold, physical suffering, and impairment of health; is properly lighted; is properly cleaned; enables each animal to be clean and dry, except when detrimental to the species; and, for dogs and cats, provides a solid surface, resting platform, pad, floor mat, or similar device that is large enough for the animal to lie on in a normal manner and can be maintained in a sanitary manner. Under this chapter, shelters whose wire, grid, or slat floors: (i) permit the animals' feet to pass through the openings; (ii) sag under the animals' weight; or (iii) otherwise do not protect the animals' feet or toes from injury are not adequate shelter.

"Adequate space" means sufficient space to allow each animal to: (i) easily stand, sit, lie, turn about, and make all other normal body movements in a comfortable, normal position for the animal; and (ii) interact safely with other animals in the

enclosure. When an animal is tethered, "adequate space" means a tether that permits the above actions and is appropriate to the age and size of the animal; is attached to the animal by a properly applied collar, halter, or harness configured so as to protect the animal from injury and prevent the animal or tether from becoming entangled with other objects or animals, or from extending over an object or edge that could result in the strangulation or injury of the animal; and is at least three times the length of the animal, as measured from the tip of its nose to the base of its tail, except when the animal is being walked on a leash or is attached by a tether to a lead line. When freedom of movement would endanger the animal, temporarily and appropriately restricting movement of the animal according to professionally accepted standards for the species is considered provision of adequate space.

"Adequate water" means provision of and access to clean, fresh, potable water of a drinkable temperature that is provided in a suitable manner, in sufficient volume, and at suitable intervals appropriate for the weather and temperature, to maintain normal hydration for the age, species, condition, size and type of each animal, except as prescribed by a veterinarian or as dictated by naturally occurring states of hibernation or fasting normal for the species; and is provided in clean, durable receptacles that are accessible to each animal and are placed so as to minimize contamination of the water by excrement and pests or an alternative source of hydration consistent with generally accepted husbandry practices.

"Adoption" means the transfer of ownership of a dog or a cat, or any other companion animal, from a releasing agency to an individual.

"Agricultural animals" means all livestock and poultry.

"Ambient temperature" means the temperature surrounding the animal.

"Animal" means any nonhuman vertebrate species except fish. For the purposes of § 3.2-6522, animal means any species susceptible to rabies. For the purposes of § 3.2-6570, animal means any nonhuman vertebrate species including fish except those fish captured and killed or disposed of in a reasonable and customary manner.

"Animal control officer" means a person appointed as an animal control officer or deputy animal control officer as provided in § 3.2-6555.

"Boarding establishment" means a place or establishment other than a public or private animal shelter where companion animals not owned by the proprietor are sheltered, fed, and watered in exchange for a fee.

"Collar" means a well-fitted device, appropriate to the age and size of the animal, attached to the animal's neck in such a way as to prevent trauma or injury to the animal.

"Commercial dog breeder" means any person who, during any 12-month period, maintains 30 or more adult female dogs for the primary purpose of the sale of their offspring as companion animals.

"Companion animal" means any domestic or feral dog, domestic or feral cat, nonhuman primate, guinea pig, hamster, rabbit not raised for human food or fiber, exotic or native animal, reptile, exotic or native bird, or any feral animal or any animal under the care, custody, or ownership of a person or any animal that is bought, sold, traded, or bartered by any person. Agricultural animals, game species, or any animals regulated under federal law as research animals shall not be considered companion animals for the purposes of this chapter.

"Consumer" means any natural person purchasing an animal from a dealer or pet shop or hiring the services of a boarding establishment. The term "consumer" shall not include a business or corporation engaged in sales or services.

"Dealer" means any person who in the regular course of business for compensation or profit buys, sells, transfers, exchanges, or barter companion animals. A. The regulations promulgated by the Board to carry out the provisions of this article shall be in substantial conformity to the standards of health, hygiene, sanitation, construction and safety as established and recognized by medical and health care professionals and by specialists in matters of public health and safety, including health and safety standards established under provisions of Title XVIII and Title XIX of the Social Security Act, and to the provisions of Article 2 (§ 32.1-138 et seq.).

The protocol shall ensure that the hospital collaborates with the designated organ procurement organization to inform the family of each potential donor of the option to donate organs, tissues, or eyes or to decline to donate. The individual making contact with the family shall have completed a course in the methodology for approaching potential donor families and requesting organ or tissue donation that (a) is offered or approved by the organ procurement organization and designed in conjunction with the tissue and eye bank community and (b) encourages discretion and sensitivity according to the specific circumstances, views, and beliefs of the relevant family. Immediately upon identification, pursuant to § 54.1-2403.1, of any substance-abusing, postpartum woman, the hospital shall notify, subject to federal law restrictions, the community services board of the jurisdiction in which the woman resides to appoint a discharge plan manager. The community services board shall implement and manage the discharge plan;

7. Shall require that each nursing home and certified nursing facility fully disclose to the applicant for admission the home's or facility's admissions policies, including any preferences given;

8. Shall require that each licensed hospital establish a protocol relating to the rights and responsibilities of patients which shall include a process reasonably designed to inform patients of such rights and responsibilities. 12. Shall require, unless the vaccination is medically contraindicated or the resident declines the offer of the vaccination, that each certified nursing facility and nursing home provide or arrange for the administration to its residents of (i) an annual vaccination against influenza and (ii) a pneumococcal vaccination, in accordance with the most recent recommendations of the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention;

Such notices may be included together with a monthly billing statement or other regular communication. Notices and information shall also be posted in a designated location within the nursing home or certified nursing facility. No family member of a resident or other resident representative shall be restricted from participating in meetings in the facility with the families or resident representatives of other residents in the facility;

17. Shall require that each nursing home and certified nursing facility maintain liability insurance coverage in a minimum amount of \$1 million, and professional liability coverage in an amount at least equal to the recovery limit set forth in § 8.01-581.15, to compensate patients or individuals for injuries and losses resulting from the negligent or criminal acts of the facility. Failure to maintain such minimum insurance shall result in revocation of the facility's license;

18. Shall require each hospital that provides obstetrical services to establish policies to follow when a stillbirth, as defined in § 32.1-69.1, occurs that meet the guidelines pertaining to counseling patients and their families and other aspects of managing stillbirths as may be specified by the Board in its regulations;

*An Act to amend and reenact § 19.2-13 of the Code of Virginia, relating to special conservators of the peace; authority; insurance.*

[H 151]

Approved April 6, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That § 19.2-13 of the Code of Virginia is amended and reenacted as follows:**

**§ 19.2-13. Special conservators of the peace; authority; jurisdiction; registration; liability of employers; penalty; report.**

A. Upon the submission of an application, which shall include the results of the background investigation conducted pursuant to subsection C, from (i) any sheriff or chief of police of any county, city, or town; (ii) any corporation authorized to do business in the Commonwealth; (iii) the owner, proprietor, or authorized custodian of any place within the Commonwealth; or (iv) any museum owned and managed by the Commonwealth, a circuit court judge of any county or city shall appoint special conservators of the peace who shall serve as such for such length of time as the court may designate, but not exceeding four years under any one appointment, during which time the court shall retain jurisdiction over the appointment order, upon a showing by the applicant of a necessity for the security of property or the peace and presentation of evidence that the person or persons to be appointed as a special conservator of the peace possess a valid registration issued by the Department of Criminal Justice Services in accordance with the provisions of subsection C. Upon an application made pursuant to clause (ii), (iii), or (iv), the court shall, prior to entering the order of appointment, transmit a copy of the application to the local attorney for the Commonwealth and the local sheriff or chief of police who may submit to the court a sworn, written statement indicating whether the order of appointment should be granted. However, a judge may deny the appointment for good cause, and shall state the specific reasons for the denial in writing in the order denying the appointment. A judge also may revoke the appointment order for good cause shown, upon the filing of a sworn petition by the attorney for the Commonwealth, sheriff, or chief of police for any locality in which the special conservator of the peace is authorized to serve or by the Department of Criminal Justice Services. Prior to revocation, a hearing shall be set and the special conservator of the peace shall be given notice and the opportunity to be heard. The judge may temporarily suspend the appointment pending the hearing for good cause shown. A hearing on the petition shall be heard by the court as soon as practicable. If the appointment order is suspended or revoked, the clerk of court shall notify the Department of

Criminal Justice Services, the Department of State Police, the applicable local law-enforcement agencies in all cities and counties where the special conservator of the peace is authorized to serve, and the employer of the special conservator of the peace.

The order of appointment ~~may shall~~ provide that a special conservator of the peace ~~shall have all the powers, functions, duties, responsibilities and authority of any other conservator of the peace~~ *may perform only the duties for which he is qualified by training as established by the Criminal Justice Services Board. The order of appointment shall provide that such duties shall be exercised only within such geographical limitations as the court may deem appropriate specified by the court, which shall be* within the confines of the county, city or town that makes application or on the real property where the corporate applicant is located, or any real property contiguous to such real property, limited, except as provided in subsection F, to the city or county wherein application has been made, ~~whenever and only when~~ such special conservator of the peace is engaged in the performance of his duties as such; *however, a court may, in its discretion, specify in the order of appointment additional jurisdictions in which a special conservator of the peace employed by the Shenandoah Valley Regional Airport Commission or the Richmond Metropolitan Transportation Authority may exercise his duties.* The order may provide that the special conservator of the peace shall have the authority to make an arrest outside of such geographical limitations if the arrest results from a close pursuit that was initiated when the special conservator of the peace was within the confines of the area wherein he has been authorized to have the powers and authority of a special conservator of the peace; the order ~~may shall~~ further delineate a geographical limitation or distance beyond which the special conservator of the peace may not effectuate such an arrest that follows from a close pursuit. The order shall require the special conservator of the peace to comply with the provisions of the United States Constitution and the Constitution of Virginia. The order shall not identify the special conservator of the peace as a law-enforcement officer pursuant to § 9.1-101. The order may provide, however, that the special conservator of the peace is a "law-enforcement officer" for the purposes of Article 4 (§ 37.2-808 et seq.) of Chapter 8 of Title 37.2 or Article 16 (§ 16.1-335 et seq.) of Chapter 11 of Title 16.1, but such designation shall not qualify the special conservator of the peace as a "qualified law-enforcement officer" or "qualified retired law-enforcement officer" within the meaning of the federal Law Enforcement Officer Safety Act, 18 U.S.C. § 926(B) et seq., and the order of appointment shall specifically state this. ~~Upon request and for good cause shown, the order may also provide that the special conservator of the peace is authorized to use the seal of the Commonwealth in a badge or other credential of office as the court may deem appropriate. Upon request and for good cause shown, the order may also provide that the special conservator of the peace may use the title "police" on any badge or uniform worn in the performance of his duties as such.~~ The order may also provide that a special conservator of the peace who has completed the minimum training standards established by the Criminal Justice Services Board, has the authority to affect arrests, using up to the same amount of force as would be allowed to a law-enforcement officer employed by the Commonwealth or any of its political subdivisions when making a lawful arrest. The order shall prohibit blue flashing lights, but upon request and for good cause shown may provide that the special conservator of the peace may use flashing lights and sirens on any vehicle used by the special conservator of the peace when he is in the performance of his duties. Prior to granting an application for appointment, the circuit court shall ensure that the applicant has met the registration requirements established by the Criminal Justice Services Board.

B. All applications and orders for appointments of special conservators of the peace shall be submitted on forms developed by the Office of the Executive Secretary of the Supreme Court of Virginia in consultation with the Department of Criminal Justice Services and shall specify the duties for which the applicant is qualified. The applications and orders shall specify the geographic limitations consistent with subsection A.

C. No person shall seek appointment as a special conservator of the peace from a circuit court judge without possessing a valid registration issued by the Department of Criminal Justice Services, except as provided in this section. Applicants for registration may submit an application on or after January 1, 2004. A temporary registration may be issued in accordance with regulations established by the Criminal Justice Services Board while awaiting the results of a state and national fingerprint search. However, no person shall be issued a valid registration or temporary registration until he has (i) complied with, or been exempted from the compulsory minimum training standards as set forth in this section; (ii) submitted his fingerprints on a form provided by the Department to be used for the conduct of a national criminal records search and a Virginia criminal history records search; (iii) submitted the results of a background investigation, performed by any state or local law-enforcement agency, which may, at its discretion, charge a reasonable fee to the applicant and which shall include a review of the applicant's criminal history records and may include a review of the applicant's school records, employment records, or interviews with persons possessing general knowledge of the applicant's character and fitness for such appointment; and (iv) met all other requirements of this article and Board regulations. No person with a criminal conviction for a misdemeanor involving (a) moral turpitude, (b) assault and battery, (c) damage to real or personal property, (d) controlled substances or imitation controlled substances as defined in Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2, (e) prohibited sexual behavior as described in Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2, or (f) firearms, or any felony, or who is required to register with the Sex Offender and Crimes Against Minors Registry pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, or who is prohibited from possessing, transporting, or purchasing a firearm shall be eligible for registration or appointment as a special conservator of the peace. A special conservator of the peace shall report if he is arrested for, charged with, or convicted of any misdemeanor or felony offense or becomes ineligible for registration or appointment as a special conservator of the peace pursuant to this subsection to the Department of Criminal Justice Services and the chief law-enforcement officer of all localities in which he is authorized to serve within

three days of such arrest or of becoming ineligible for registration or appointment as a special conservator of the peace. Any appointment for a special conservator of the peace shall be eligible for suspension and revocation after a hearing pursuant to subsection A if the special conservator of the peace is convicted of any offense listed in this subsection or becomes ineligible for registration or appointment as a special conservator of the peace pursuant to this subsection. All appointments for special conservators of the peace shall become void on September 15, 2004, unless they have obtained a valid registration issued by the Department of Criminal Justice Services.

D. Each person registered as or seeking registration as a special conservator of the peace shall be covered by evidence of a policy of (i) personal injury liability insurance, as defined in § 38.2-117; (ii) property damage liability insurance, as defined in § 38.2-118; and (iii) miscellaneous casualty insurance, as defined in subsection B of § 38.2-111, which includes professional liability insurance that provides coverage for any activity within the scope of the duties of a special conservator of the peace as set forth in this section, in an amount and with coverage for each as fixed by the Board, or self-insurance in an amount and with coverage as fixed by the Board. Any person who is aggrieved by the misconduct of any person registered as a special conservator of the peace and recovers a judgment against the registrant, which is unsatisfied in whole or in part, may bring an action in his own name against the insurance policy of the registrant.

E. Effective July 1, 2015, all persons currently appointed or seeking appointment or reappointment as a special conservator of the peace are required to register with the Department of Criminal Justice Services, regardless of any other standing the person may have as a law-enforcement officer or other position requiring registration or licensure by the Department. The employer of any special conservator of the peace shall notify the circuit court, the Department of Criminal Justice Services, the Department of State Police, and the chief law-enforcement officer of all localities in which the special conservator of the peace is authorized to serve within 30 days after the date such individual has left employment and all powers of the special conservator of the peace shall be void. Failure to provide such notification shall be punishable by a fine of \$250 plus an additional \$50 per day for each day such notice is not provided.

F. When the application is made by any sheriff or chief of police, the circuit court shall specify in the order of appointment the name of the applicant authorized under subsection A and the geographic jurisdiction of the special conservator of the peace. Such appointments shall be limited to the city or county wherein application has been made. When the application is made by any corporation authorized to do business in the Commonwealth, any owner, proprietor, or authorized custodian of any place within the Commonwealth, or any museum owned and managed by the Commonwealth, the circuit court shall specify in the order of appointment the name of the applicant authorized under subsection A and the specific real property where the special conservator of the peace is authorized to serve. Such appointments shall be limited to the specific real property within the county, city, or town wherein application has been made. In the case of a corporation or other business, the court appointment may also include, for good cause shown, any real property owned or leased by the corporation or business, including any subsidiaries, in other specifically named cities and counties, but shall provide that the powers of the special conservator of the peace do not extend beyond the boundaries of such real property. The clerk of the appointing circuit court shall transmit to the Department of State Police, the clerk of the circuit court of each locality where the special conservator of the peace is authorized to serve, and the sheriff or chief of police of each such locality a copy of the order of appointment that shall specify the following information: the person's complete name, address, date of birth, social security number, gender, race, height, weight, color of hair, color of eyes, firearm authority or limitation as set forth in subsection G, date of the order, and other information as may be required by the Department of State Police. The Department of State Police shall enter the person's name and other information into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52. The Department of State Police may charge a fee not to exceed \$10 to cover its costs associated with processing these orders. Each special conservator of the peace so appointed on application shall present his credentials to the chief of police or sheriff or his designee of all jurisdictions where he has conservator powers. If his powers are limited to certain areas of real property owned or leased by a corporation or business, he shall also provide notice of the exact physical addresses of those areas. Each special conservator shall provide to the circuit court a temporary registration letter issued by the Department of Criminal Justice Services to include the results of the background check prior to seeking an appointment by the circuit court. Once the applicant receives the appointment from the circuit court the applicant shall file the appointment order and a copy of the application with the Department of Criminal Justice Services in order to receive his special conservator of the peace registration document. If the court appointment includes any real property owned or leased by the corporation or business in other specifically named cities and counties not within the city or county wherein application has been made, the clerk of the appointing court shall transmit a copy of the order of appointment to (i) the clerk of the circuit court for each jurisdiction where the special conservator of the peace is authorized to serve and (ii) the sheriff or chief of police of each jurisdiction where the special conservator of the peace is authorized to serve.

If any such special conservator of the peace is the employee, agent or servant of another, his appointment as special conservator of the peace shall not relieve his employer, principal or master from civil liability to another arising out of any wrongful action or conduct committed by such special conservator of the peace while within the scope of his employment.

Effective July 1, 2002, no person employed by a local school board as a school security officer, as defined in § 9.1-101, shall be eligible for appointment as a conservator for purposes of maintaining safety in a public school in the Commonwealth. All appointments of special conservators of the peace granted to school security officers as defined in § 9.1-101 prior to July 1, 2002 are void.

G. The court may limit or prohibit the carrying of weapons by any special conservator of the peace initially appointed on or after July 1, 1996, while the appointee is within the scope of his employment as such.

H. The governing body of any locality or the sheriff of a county where no police department has been established may enter into mutual aid agreements with any entity employing special conservators of the peace that is located in such locality for the use of their joint forces and their equipment and materials to maintain peace and good order. Any law-enforcement officer or special conservator of the peace, while performing his duty under any such agreement, shall have the same authority as lawfully conferred on him within his own jurisdiction.

*I. No special conservator of the peace shall display or use the word "police" on any uniform, badge, credential, or vehicle in the performance of his duties as a special conservator of the peace. Other than special conservators of the peace employed by a state agency, no special conservator of the peace shall use the seal of the Commonwealth on any uniform, badge, credential, or vehicle in the performance of his duties. However, upon request and for good cause shown, the order of appointment may provide that a special conservator of the peace who (i) meets all requirements, including the minimum compulsory training requirements, for law-enforcement officers set forth in Chapter 1 (§ 9.1-100 et seq.) of Title 9.1 and (ii) is employed by the Shenandoah Valley Regional Airport Commission or the Richmond Metropolitan Transportation Authority may use the word "police" on any badge, uniform, or vehicle in the performance of his duties or the seal of the Commonwealth on any badge or credential in the performance of his duties.*

**2. That special conservators of the peace employed on July 1, 2018, by the Shenandoah Regional Airport Commission or the Richmond Metropolitan Transportation Authority who do not meet all requirements, including the minimum compulsory training requirements, for law-enforcement officers set forth in Chapter 1 (§ 9.1-100 et seq.) of Title 9.1 of the Code of Virginia may, in accordance with the provisions of this act, continue to use the word "police" on any badge, uniform, or vehicle in the performance of their duties or the seal of the Commonwealth on any badge or credential in the performance of their duties until July 1, 2020.**

## CHAPTER 795

*An Act to amend and reenact § 56-585.1 of the Code of Virginia, relating to the regulation of investor-owned electric utilities.*

[S 922]

Approved April 6, 2018

**Be it enacted by the General Assembly of Virginia:****1. That § 56-585.1 of the Code of Virginia is amended and reenacted as follows:****§ 56-585.1. Generation, distribution, and transmission rates after capped rates terminate or expire.**

A. During the first six months of 2009, the Commission shall, after notice and opportunity for hearing, initiate proceedings to review the rates, terms and conditions for the provision of generation, distribution and transmission services of each investor-owned incumbent electric utility. Such proceedings shall be governed by the provisions of Chapter 10 (§ 56-232 et seq.), except as modified herein. In such proceedings the Commission shall determine fair rates of return on common equity applicable to the generation and distribution services of the utility. In so doing, the Commission may use any methodology to determine such return it finds consistent with the public interest, but such return shall not be set lower than the average of the returns on common equity reported to the Securities and Exchange Commission for the three most recent annual periods for which such data are available by not less than a majority, selected by the Commission as specified in subdivision 2 b, of other investor-owned electric utilities in the peer group of the utility, nor shall the Commission set such return more than 300 basis points higher than such average. The peer group of the utility shall be determined in the manner prescribed in subdivision 2 b. The Commission may increase or decrease such combined rate of return by up to 100 basis points based on the generating plant performance, customer service, and operating efficiency of a utility, as compared to nationally recognized standards determined by the Commission to be appropriate for such purposes. In such a proceeding, the Commission shall determine the rates that the utility may charge until such rates are adjusted. If the Commission finds that the utility's combined rate of return on common equity is more than 50 basis points below the combined rate of return as so determined, it shall be authorized to order increases to the utility's rates necessary to provide the opportunity to fully recover the costs of providing the utility's services and to earn not less than such combined rate of return. If the Commission finds that the utility's combined rate of return on common equity is more than 50 basis points above the combined rate of return as so determined, it shall be authorized either (i) to order reductions to the utility's rates it finds appropriate, provided that the Commission may not order such rate reduction unless it finds that the resulting rates will provide the utility with the opportunity to fully recover its costs of providing its services and to earn not less than the fair rates of return on common equity applicable to the generation and distribution services; or (ii) to direct that 60 percent of the amount of the utility's earnings that were more than 50 basis points above the fair combined rate of return for calendar year 2008 be credited to customers' bills, in which event such credits shall be amortized over a period of six to 12 months, as determined at the discretion of the Commission, following the effective date of the Commission's order and be allocated among customer classes such that the relationship between the specific customer class rates of return to the overall target rate of return will have the same relationship as the last approved allocation of revenues used to design base rates. Commencing in 2011, the Commission, after notice and opportunity for hearing, shall conduct biennial reviews of the rates, terms and conditions for the provision of generation, distribution and transmission services by each investor-owned incumbent electric utility, subject to the following provisions:

1. Rates, terms and conditions for each service shall be reviewed separately on an unbundled basis, and such reviews shall be conducted in a single, combined proceeding. The first such review shall utilize the two successive 12-month test periods ending December 31, 2010. However, the Commission may, in its discretion, elect to stagger its biennial reviews of utilities by utilizing the two successive 12-month test periods ending December 31, 2010, for a Phase I Utility, and utilizing the two successive 12-month test periods ending December 31, 2011, for a Phase II Utility, with subsequent proceedings utilizing the two successive 12-month test periods ending December 31 immediately preceding the year in which such proceeding is conducted. For purposes of this section, a Phase I Utility is an investor-owned incumbent electric utility that was, as of July 1, 1999, not bound by a rate case settlement adopted by the Commission that extended in its application beyond January 1, 2002, and a Phase II Utility is an investor-owned incumbent electric utility that was bound by such a settlement.

2. Subject to the provisions of subdivision 6, fair rates of return on common equity applicable separately to the generation and distribution services of such utility, and for the two such services combined, shall be determined by the Commission during each such biennial review, as follows:

a. The Commission may use any methodology to determine such return it finds consistent with the public interest, but such return shall not be set lower than the average of the returns on common equity reported to the Securities and Exchange Commission for the three most recent annual periods for which such data are available by not less than a majority, selected by the Commission as specified in subdivision 2 b, of other investor-owned electric utilities in the peer group of the utility subject to such biennial review, nor shall the Commission set such return more than 300 basis points higher than such average.

b. In selecting such majority of peer group investor-owned electric utilities, the Commission shall first remove from such group the two utilities within such group that have the lowest reported returns of the group, as well as the two utilities

within such group that have the highest reported returns of the group, and the Commission shall then select a majority of the utilities remaining in such peer group. In its final order regarding such biennial review, the Commission shall identify the utilities in such peer group it selected for the calculation of such limitation. For purposes of this subdivision, an investor-owned electric utility shall be deemed part of such peer group if (i) its principal operations are conducted in the southeastern United States east of the Mississippi River in either the states of West Virginia or Kentucky or in those states south of Virginia, excluding the state of Tennessee, (ii) it is a vertically-integrated electric utility providing generation, transmission and distribution services whose facilities and operations are subject to state public utility regulation in the state where its principal operations are conducted, (iii) it had a long-term bond rating assigned by Moody's Investors Service of at least Baa at the end of the most recent test period subject to such biennial review, and (iv) it is not an affiliate of the utility subject to such biennial review.

c. The Commission may, consistent with its precedent for incumbent electric utilities prior to the enactment of Chapters 888 and 933 of the Acts of Assembly of 2007, increase or decrease the utility's combined rate of return based on the Commission's consideration of the utility's performance.

d. In any Current Proceeding, the Commission shall determine whether the Current Return has increased, on a percentage basis, above the Initial Return by more than the increase, expressed as a percentage, in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the United States Department of Labor, since the date on which the Commission determined the Initial Return. If so, the Commission may conduct an additional analysis of whether it is in the public interest to utilize such Current Return for the Current Proceeding then pending. A finding of whether the Current Return justifies such additional analysis shall be made without regard to any enhanced rate of return on common equity awarded pursuant to the provisions of subdivision 6. Such additional analysis shall include, but not be limited to, a consideration of overall economic conditions, the level of interest rates and cost of capital with respect to business and industry, in general, as well as electric utilities, the current level of inflation and the utility's cost of goods and services, the effect on the utility's ability to provide adequate service and to attract capital if less than the Current Return were utilized for the Current Proceeding then pending, and such other factors as the Commission may deem relevant. If, as a result of such analysis, the Commission finds that use of the Current Return for the Current Proceeding then pending would not be in the public interest, then the lower limit imposed by subdivision 2 a on the return to be determined by the Commission for such utility shall be calculated, for that Current Proceeding only, by increasing the Initial Return by a percentage at least equal to the increase, expressed as a percentage, in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the United States Department of Labor, since the date on which the Commission determined the Initial Return. For purposes of this subdivision:

"Current Proceeding" means any proceeding conducted under any provisions of this subsection that require or authorize the Commission to determine a fair combined rate of return on common equity for a utility and that will be concluded after the date on which the Commission determined the Initial Return for such utility.

"Current Return" means the minimum fair combined rate of return on common equity required for any Current Proceeding by the limitation regarding a utility's peer group specified in subdivision 2 a.

"Initial Return" means the fair combined rate of return on common equity determined for such utility by the Commission on the first occasion after July 1, 2009, under any provision of this subsection pursuant to the provisions of subdivision 2 a.

e. In addition to other considerations, in setting the return on equity within the range allowed by this section, the Commission shall strive to maintain costs of retail electric energy that are cost competitive with costs of retail electric energy provided by the other peer group investor-owned electric utilities.

f. The determination of such returns shall be made by the Commission on a stand-alone basis, and specifically without regard to any return on common equity or other matters determined with regard to facilities described in subdivision 6.

g. If the combined rate of return on common equity earned by the generation and distribution services is no more than 50 basis points above or below the return as so determined or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, such return is no more than 70 basis points above or below the return as so determined, such combined return shall not be considered either excessive or insufficient, respectively. However, for any test period commencing after December 31, 2012, for a Phase II Utility, and after December 31, 2013, for a Phase I Utility, if the utility has, during the test period or periods under review, earned below the return as so determined, whether or not such combined return is within 70 basis points of the return as so determined, the utility may petition the Commission for approval of an increase in rates in accordance with the provisions of subdivision 8 a as if it had earned more than 70 basis points below a fair combined rate of return, and such proceeding shall otherwise be conducted in accordance with the provisions of this section.

h. Any amount of a utility's earnings directed by the Commission to be credited to customers' bills pursuant to this section shall not be considered for the purpose of determining the utility's earnings in any subsequent biennial review.

3. Each such utility shall make a biennial filing by March 31 of every other year, beginning in 2011, consisting of the schedules contained in the Commission's rules governing utility rate increase applications; however, if the Commission elects to stagger the dates of the biennial reviews of utilities as provided in subdivision 1, then each Phase I Utility shall commence biennial filings in 2011 and each Phase II Utility shall commence biennial filings in 2012. Such filing shall encompass the two successive 12-month test periods ending December 31 immediately preceding the year in which such

proceeding is conducted, and in every such case the filing for each year shall be identified separately and shall be segregated from any other year encompassed by the filing. If the Commission determines that rates should be revised or credits be applied to customers' bills pursuant to subdivision 8 or 9, any rate adjustment clauses previously implemented pursuant to subdivision 5 or those related to facilities utilizing simple-cycle combustion turbines described in subdivision 6, shall be combined with the utility's costs, revenues and investments until the amounts that are the subject of such rate adjustment clauses are fully recovered. The Commission shall combine such clauses with the utility's costs, revenues and investments only after it makes its initial determination with regard to necessary rate revisions or credits to customers' bills, and the amounts thereof, but after such clauses are combined as herein specified, they shall thereafter be considered part of the utility's costs, revenues, and investments for the purposes of future biennial review proceedings. A Phase I Utility shall delay for one year the filing of its biennial review from March 31, 2013, to March 31, 2014, and shall not defer on its books for future recovery any costs incurred during calendar year 2011, other than as provided in subdivision 7 or § 56-249.6, and its subsequent biennial filing shall be made by March 31, 2016, and every two years thereafter. *In a biennial filing under this subdivision that does not result in an overall rate change a utility may propose an adjustment to one or more tariffs that are revenue neutral to the utility.*

4. The following costs incurred by the utility shall be deemed reasonable and prudent: (i) costs for transmission services provided to the utility by the regional transmission entity of which the utility is a member, as determined under applicable rates, terms and conditions approved by the Federal Energy Regulatory Commission, and (ii) costs charged to the utility that are associated with demand response programs approved by the Federal Energy Regulatory Commission and administered by the regional transmission entity of which the utility is a member. Upon petition of a utility at any time after the expiration or termination of capped rates, but not more than once in any 12-month period, the Commission shall approve a rate adjustment clause under which such costs, including, without limitation, costs for transmission service, charges for new and existing transmission facilities, administrative charges, and ancillary service charges designed to recover transmission costs, shall be recovered on a timely and current basis from customers. Retail rates to recover these costs shall be designed using the appropriate billing determinants in the retail rate schedules.

5. A utility may at any time, after the expiration or termination of capped rates, but not more than once in any 12-month period, petition the Commission for approval of one or more rate adjustment clauses for the timely and current recovery from customers of the following costs:

a. Incremental costs described in clause (vi) of subsection B of § 56-582 incurred between July 1, 2004, and the expiration or termination of capped rates, if such utility is, as of July 1, 2007, deferring such costs consistent with an order of the Commission entered under clause (vi) of subsection B of § 56-582. The Commission shall approve such a petition allowing the recovery of such costs that comply with the requirements of clause (vi) of subsection B of § 56-582;

b. Projected and actual costs for the utility to design and operate fair and effective peak-shaving programs. The Commission shall approve such a petition if it finds that the program is in the public interest; provided that the Commission shall allow the recovery of such costs as it finds are reasonable;

c. Projected and actual costs for the utility to design, implement, and operate energy efficiency programs, including a margin to be recovered on operating expenses, which margin for the purposes of this section shall be equal to the general rate of return on common equity determined as described in subdivision 2. The Commission shall only approve such a petition if it finds that the program is in the public interest. As part of such cost recovery, the Commission, if requested by the utility, shall allow for the recovery of revenue reductions related to energy efficiency programs. The Commission shall only allow such recovery to the extent that the Commission determines such revenue has not been recovered through margins from incremental off-system sales as defined in § 56-249.6 that are directly attributable to energy efficiency programs.

None of the costs of new energy efficiency programs of an electric utility, including recovery of revenue reductions, shall be assigned to any customer that has a verifiable history of having used more than 10 megawatts of demand from a single meter of delivery. Nor shall any of the costs of new energy efficiency programs of an electric utility, including recovery of revenue reductions, be incurred by any large general service customer as defined herein that has notified the utility of non-participation in such energy efficiency program or programs. A large general service customer is a customer that has a verifiable history of having used more than 500 kilowatts of demand from a single meter of delivery. Non-participation in energy efficiency programs shall be allowed by the Commission if the large general service customer has, at the customer's own expense, implemented energy efficiency programs that have produced or will produce measured and verified results consistent with industry standards and other regulatory criteria stated in this section. The Commission shall, no later than November 15, 2009, promulgate rules and regulations to accommodate the process under which such large general service customers shall file notice for such an exemption and (i) establish the administrative procedures by which eligible customers will notify the utility and (ii) define the standard criteria that must be satisfied by an applicant in order to notify the utility. In promulgating such rules and regulations, the Commission may also specify the timing as to when a utility shall accept and act on such notice, taking into consideration the utility's integrated resource planning process as well as its administration of energy efficiency programs that are approved for cost recovery by the Commission. The notice of non-participation by a large general service customer, to be given by March 1 of a given year, shall be for the duration of the service life of the customer's energy efficiency program. The Commission on its own motion may initiate steps necessary to verify such non-participants' achievement of energy efficiency if the Commission has a body of evidence that the non-participant has knowingly misrepresented its energy efficiency achievement. A utility shall not charge such

large general service customer, as defined by the Commission, for the costs of installing energy efficiency equipment beyond what is required to provide electric service and meter such service on the customer's premises if the customer provides, at the customer's expense, equivalent energy efficiency equipment. In all relevant proceedings pursuant to this section, the Commission shall take into consideration the goals of economic development, energy efficiency and environmental protection in the Commonwealth;

d. Projected and actual costs of participation in a renewable energy portfolio standard program pursuant to § 56-585.2 that are not recoverable under subdivision 6. The Commission shall approve such a petition allowing the recovery of such costs as are provided for in a program approved pursuant to § 56-585.2;

e. Projected and actual costs of projects that the Commission finds to be necessary to comply with state or federal environmental laws or regulations applicable to generation facilities used to serve the utility's native load obligations. The Commission shall approve such a petition if it finds that such costs are necessary to comply with such environmental laws or regulations; and

f. Projected and actual costs, not currently in rates, for the utility to design, implement, and operate programs approved by the Commission that accelerate the vegetation management of distribution rights-of-way. No costs shall be allocated to or recovered from customers that are served within the large general service rate classes for a Phase II Utility or that are served at subtransmission or transmission voltage, or take delivery at a substation served from subtransmission or transmission voltage, for a Phase I Utility.

The Commission shall have the authority to determine the duration or amortization period for any adjustment clause approved under this subdivision.

6. To ensure the generation and delivery of a reliable and adequate supply of electricity, to meet the utility's projected native load obligations and to promote economic development, a utility may at any time, after the expiration or termination of capped rates, petition the Commission for approval of a rate adjustment clause for recovery on a timely and current basis from customers of the costs of (i) a coal-fueled generation facility that utilizes Virginia coal and is located in the coalfield region of the Commonwealth as described in § 15.2-6002, regardless of whether such facility is located within or without the utility's service territory, (ii) one or more other generation facilities, (iii) one or more major unit modifications of generation facilities, including the costs of any system or equipment upgrade, system or equipment replacement, or other cost reasonably appropriate to extend the combined operating license for or the operating life of one or more generation facilities utilizing nuclear power, (iv) one or more new underground facilities to replace one or more existing overhead distribution facilities of 69 kilovolts or less located within the Commonwealth, or (v) one or more pumped hydroelectricity generation and storage facilities that utilize on-site or off-site renewable energy resources as all or a portion of their power source and such facilities and associated resources are located in the coalfield region of the Commonwealth as described in § 15.2-6002, regardless of whether such facility is located within or without the utility's service territory; however, subject to the provisions of the following sentence, the utility shall not file a petition under clause (iv) more often than annually and, in such petition, shall not seek any annual incremental increase in the level of investments associated with such a petition that exceeds five percent of such utility's distribution rate base, as such rate base was determined for the most recently ended 12-month test period in the utility's latest biennial review proceeding conducted pursuant to subdivision 3 and concluded by final order of the Commission prior to the date of filing of such petition under clause (iv). In all proceedings regarding petitions filed under clause (iv), the level of investments approved for recovery in such proceedings shall be in addition to, and not in lieu of, levels of investments previously approved for recovery in prior proceedings under clause (iv). Such a petition concerning facilities described in clause (ii) that utilize nuclear power, facilities described in clause (ii) that are coal-fueled and will be built by a Phase I Utility, or facilities described in clause (i) may also be filed before the expiration or termination of capped rates. A utility that constructs or makes modifications to any such facility, or purchases any facility consisting of at least one megawatt of generating capacity using energy derived from sunlight and located in the Commonwealth and that utilizes goods or services sourced, in whole or in part, from one or more Virginia businesses, shall have the right to recover the costs of the facility, as accrued against income, through its rates, including projected construction work in progress, and any associated allowance for funds used during construction, planning, development and construction or acquisition costs, life-cycle costs, costs related to assessing the feasibility of potential sites for new underground facilities, and costs of infrastructure associated therewith, plus, as an incentive to undertake such projects, an enhanced rate of return on common equity calculated as specified below; however, in determining the amounts recoverable under a rate adjustment clause for new underground facilities, the Commission shall not consider, or increase or reduce such amounts recoverable because of (a) the operation and maintenance costs attributable to either the overhead distribution facilities being replaced or the new underground facilities or (b) any other costs attributable to the overhead distribution facilities being replaced. Notwithstanding the preceding sentence, the costs described in clauses (a) and (b) thereof shall remain eligible for recovery from customers through the utility's base rates for distribution service. A utility filing a petition for approval to construct or purchase a facility consisting of at least one megawatt of generating capacity using energy derived from sunlight and located in the Commonwealth and that utilizes goods or services sourced, in whole or in part, from one or more Virginia businesses may propose a rate adjustment clause based on a market index in lieu of a cost of service model for such facility. A utility seeking approval to construct or purchase a generating facility described in clause (i) or (ii) shall demonstrate that it has considered and weighed alternative options, including third-party market alternatives, in its selection process. The costs of the facility, other than return on projected construction work in progress and allowance for funds used during construction, shall not be recovered prior to the date a facility constructed by the utility and described

in clause (i), (ii), or (iii) begins commercial operation, the date the utility becomes the owner of a purchased generation facility consisting of at least one megawatt of generating capacity using energy derived from sunlight and located in the Commonwealth and that utilizes goods or services sourced, in whole or in part, from one or more Virginia businesses, or the date new underground facilities are classified by the utility as plant in service. Such enhanced rate of return on common equity shall be applied to allowance for funds used during construction and to construction work in progress during the construction phase of the facility and shall thereafter be applied to the entire facility during the first portion of the service life of the facility. The first portion of the service life shall be as specified in the table below; however, the Commission shall determine the duration of the first portion of the service life of any facility, within the range specified in the table below, which determination shall be consistent with the public interest and shall reflect the Commission's determinations regarding how critical the facility may be in meeting the energy needs of the citizens of the Commonwealth and the risks involved in the development of the facility. After the first portion of the service life of the facility is concluded, the utility's general rate of return shall be applied to such facility for the remainder of its service life. As used herein, the service life of the facility shall be deemed to begin on the date a facility constructed by the utility and described in clause (i), (ii), or (iii) begins commercial operation, the date the utility becomes the owner of a purchased generation facility consisting of at least one megawatt of generating capacity using energy derived from sunlight and located in the Commonwealth and that utilizes goods or services sourced, in whole or in part, from one or more Virginia businesses, or the date new underground facilities are classified by the utility as plant in service, and such service life shall be deemed equal in years to the life of that facility as used to calculate the utility's depreciation expense. Such enhanced rate of return on common equity shall be calculated by adding the basis points specified in the table below to the utility's general rate of return, and such enhanced rate of return shall apply only to the facility that is the subject of such rate adjustment clause. Allowance for funds used during construction shall be calculated for any such facility utilizing the utility's actual capital structure and overall cost of capital, including an enhanced rate of return on common equity as determined pursuant to this subdivision, until such construction work in progress is included in rates. The construction of any facility described in clause (i) or (v) is in the public interest, and in determining whether to approve such facility, the Commission shall liberally construe the provisions of this title. The construction or purchase by a utility of one or more generation facilities with at least one megawatt of generating capacity, and with an aggregate rated capacity that does not exceed 500 megawatts, that use energy derived from sunlight and are located in the Commonwealth, regardless of whether any of such facilities are located within or without the utility's service territory, is in the public interest, and in determining whether to approve such facility, the Commission shall liberally construe the provisions of this title. A utility may enter into short-term or long-term power purchase contracts for the power derived from sunlight generated by such generation facility prior to purchasing the generation facility. The replacement of any subset of a utility's existing overhead distribution tap lines that have, in the aggregate, an average of nine or more total unplanned outage events-per-mile over a preceding 10-year period with new underground facilities in order to improve electric service reliability is in the public interest. In determining whether to approve petitions for rate adjustment clauses for such new underground facilities that meet this criteria, and in determining the level of costs to be recovered thereunder, the Commission shall liberally construe the provisions of this title. There shall be a rebuttable presumption that the conversion of such facilities will provide local and system-wide benefits, that such new underground facilities are cost beneficial, and that the costs associated with such new underground facilities are reasonably and prudently incurred. The basis points to be added to the utility's general rate of return to calculate the enhanced rate of return on common equity, and the first portion of that facility's service life to which such enhanced rate of return shall be applied, shall vary by type of facility, as specified in the following table:

Type of Generation Facility	Basis Points	First Portion of Service Life
Nuclear-powered	200	Between 12 and 25 years
Carbon capture compatible, clean-coal powered	200	Between 10 and 20 years
Renewable powered, other than landfill gas powered	200	Between 5 and 15 years
Coalbed methane gas powered	150	Between 5 and 15 years
Landfill gas powered	200	Between 5 and 15 years
Conventional coal or combined-cycle combustion turbine	100	Between 10 and 20 years

For generating facilities other than those utilizing nuclear power constructed pursuant to clause (ii) or those utilizing energy derived from offshore wind, as of July 1, 2013, only those facilities as to which a rate adjustment clause under this subdivision has been previously approved by the Commission, or as to which a petition for approval of such rate adjustment clause was filed with the Commission, on or before January 1, 2013, shall be entitled to the enhanced rate of return on common equity as specified in the above table during the construction phase of the facility and the approved first portion of its service life.

For generating facilities within the Commonwealth utilizing nuclear power or those utilizing energy derived from offshore wind projects located in waters off the Commonwealth's Atlantic shoreline, such facilities shall continue to be eligible for an enhanced rate of return on common equity during the construction phase of the facility and the approved first portion of its service life of between 12 and 25 years in the case of a facility utilizing nuclear power and for a service life of

between 5 and 15 years in the case of a facility utilizing energy derived from offshore wind, provided, however, that, as of July 1, 2013, the enhanced return for such facilities constructed pursuant to clause (ii) shall be 100 basis points, which shall be added to the utility's general rate of return as determined under subdivision 2. Thirty percent of all costs of such a facility utilizing nuclear power that the utility incurred between July 1, 2007, and December 31, 2013, and all of such costs incurred after December 31, 2013, may be deferred by the utility and recovered through a rate adjustment clause under this subdivision at such time as the Commission provides in an order approving such a rate adjustment clause. The remaining 70 percent of all costs of such a facility that the utility incurred between July 1, 2007, and December 31, 2013, shall not be deferred for recovery through a rate adjustment clause under this subdivision; however, such remaining 70 percent of all costs shall be recovered ratably through existing base rates as determined by the Commission in the test periods under review in the utility's next biennial review filed after July 1, 2014. Thirty percent of all costs of such a facility utilizing energy derived from offshore wind that the utility incurred between July 1, 2007, and December 31, 2013, and all of such costs incurred after December 31, 2013, may be deferred by the utility and recovered through a rate adjustment clause under this subdivision at such time as the Commission provides in an order approving such a rate adjustment clause. The remaining 70 percent of all costs of such a facility that the utility incurred between July 1, 2007, and December 31, 2013, shall not be deferred for recovery through a rate adjustment clause under this subdivision; however, such remaining 70 percent of all costs shall be recovered ratably through existing base rates as determined by the Commission in the test periods under review in the utility's next biennial review filed after July 1, 2014.

In connection with planning to meet forecasted demand for electric generation supply and assure the adequate and sufficient reliability of service, consistent with § 56-598, planning and development activities for a new nuclear generation facility or facilities are in the public interest.

In connection with planning to meet forecasted demand for electric generation supply and assure the adequate and sufficient reliability of service, consistent with § 56-598, planning and development activities for a new utility-owned and utility-operated generating facility or facilities utilizing energy derived from sunlight with an aggregate capacity of 500 megawatts, or from offshore wind, are in the public interest.

Neither generation facilities described in clause (ii) that utilize simple-cycle combustion turbines nor new underground facilities shall receive an enhanced rate of return on common equity as described herein, but instead shall receive the utility's general rate of return during the construction phase of the facility and, thereafter, for the entire service life of the facility. No rate adjustment clause for new underground facilities shall allocate costs to, or provide for the recovery of costs from, customers that are served within the large power service rate class for a Phase I Utility and the large general service rate classes for a Phase II Utility. New underground facilities are hereby declared to be ordinary extensions or improvements in the usual course of business under the provisions of § 56-265.2.

As used in this subdivision, a generation facility is (1) "coalbed methane gas powered" if the facility is fired at least 50 percent by coalbed methane gas, as such term is defined in § 45.1-361.1, produced from wells located in the Commonwealth, and (2) "landfill gas powered" if the facility is fired by methane or other combustible gas produced by the anaerobic digestion or decomposition of biodegradable materials in a solid waste management facility licensed by the Waste Management Board. A landfill gas powered facility includes, in addition to the generation facility itself, the equipment used in collecting, drying, treating, and compressing the landfill gas and in transmitting the landfill gas from the solid waste management facility where it is collected to the generation facility where it is combusted.

For purposes of this subdivision, "general rate of return" means the fair combined rate of return on common equity as it is determined by the Commission from time to time for such utility pursuant to subdivision 2. In any proceeding under this subdivision conducted prior to the conclusion of the first biennial review for such utility, the Commission shall determine a general rate of return for such utility in the same manner as it would in a biennial review proceeding.

Notwithstanding any other provision of this subdivision, if the Commission finds during the biennial review conducted for a Phase II Utility in 2018 that such utility has not filed applications for all necessary federal and state regulatory approvals to construct one or more nuclear-powered or coal-fueled generation facilities that would add a total capacity of at least 1500 megawatts to the amount of the utility's generating resources as such resources existed on July 1, 2007, or that, if all such approvals have been received, that the utility has not made reasonable and good faith efforts to construct one or more such facilities that will provide such additional total capacity within a reasonable time after obtaining such approvals, then the Commission, if it finds it in the public interest, may reduce on a prospective basis any enhanced rate of return on common equity previously applied to any such facility to no less than the general rate of return for such utility and may apply no less than the utility's general rate of return to any such facility for which the utility seeks approval in the future under this subdivision.

7. Any petition filed pursuant to subdivision 4, 5, or 6 shall be considered by the Commission on a stand-alone basis without regard to the other costs, revenues, investments, or earnings of the utility. Any costs incurred by a utility prior to the filing of such petition, or during the consideration thereof by the Commission, that are proposed for recovery in such petition and that are related to subdivision 5 a, or that are related to facilities and projects described in clause (i) of subdivision 6, or that are related to new underground facilities described in clause (iv) of subdivision 6, shall be deferred on the books and records of the utility until the Commission's final order in the matter, or until the implementation of any applicable approved rate adjustment clauses, whichever is later. Except as otherwise provided in subdivision 6, any costs prudently incurred on or after July 1, 2007, by a utility prior to the filing of such petition, or during the consideration thereof by the Commission, that are proposed for recovery in such petition and that are related to facilities and projects described in

clause (ii) or clause (iii) of subdivision 6 that utilize nuclear power, or coal-fueled facilities and projects described in clause (ii) of subdivision 6 if such coal-fueled facilities will be built by a Phase I Utility, shall be deferred on the books and records of the utility until the Commission's final order in the matter, or until the implementation of any applicable approved rate adjustment clauses, whichever is later. Any costs prudently incurred after the expiration or termination of capped rates related to other matters described in subdivision 4, 5, or 6 shall be deferred beginning only upon the expiration or termination of capped rates, provided, however, that no provision of this act shall affect the rights of any parties with respect to the rulings of the Federal Energy Regulatory Commission in PJM Interconnection LLC and Virginia Electric and Power Company, 109 F.E.R.C. P 61,012 (2004). A utility shall establish a regulatory asset for regulatory accounting and ratemaking purposes under which it shall defer its operation and maintenance costs incurred in connection with (i) the refueling of any nuclear-powered generating plant and (ii) other work at such plant normally performed during a refueling outage. The utility shall amortize such deferred costs over the refueling cycle, but in no case more than 18 months, beginning with the month in which such plant resumes operation after such refueling. The refueling cycle shall be the applicable period of time between planned refueling outages for such plant. As of January 1, 2014, such amortized costs are a component of base rates, recoverable in base rates only ratably over the refueling cycle rather than when such outages occur, and are the only nuclear refueling costs recoverable in base rates. This provision shall apply to any nuclear-powered generating plant refueling outage commencing after December 31, 2013, and the Commission shall treat the deferred and amortized costs of such regulatory asset as part of the utility's costs for the purpose of proceedings conducted (a) with respect to biennial filings under subdivision 3 made on and after July 1, 2014, and (b) pursuant to § 56-245 or the Commission's rules governing utility rate increase applications as provided in subsection B. This provision shall not be deemed to change or reset base rates.

The Commission's final order regarding any petition filed pursuant to subdivision 4, 5, or 6 shall be entered not more than three months, eight months, and nine months, respectively, after the date of filing of such petition. If such petition is approved, the order shall direct that the applicable rate adjustment clause be applied to customers' bills not more than 60 days after the date of the order, or upon the expiration or termination of capped rates, whichever is later.

8. In any biennial review proceeding, the following utility generation and distribution costs not proposed for recovery under any other subdivision of this subsection, as recorded per books by the utility for financial reporting purposes and accrued against income, shall be attributed to the test periods under review: costs associated with asset impairments related to early retirement determinations made by the utility prior to December 31, 2012, for utility generation plant; costs associated with severe weather events; and costs associated with natural disasters. Such costs shall be deemed to have been recovered from customers through rates for generation and distribution services in effect during the test periods under review unless such costs, individually or in the aggregate, together with the utility's other costs, revenues, and investments to be recovered through rates for generation and distribution services, result in the utility's earned return on its generation and distribution services for the combined test periods under review to fall more than 50 basis points below the fair combined rate of return authorized under subdivision 2 for such periods or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, to fall more than 70 basis points below the fair combined rate of return authorized under subdivision 2 for such periods. In such cases, the Commission shall, in such biennial review proceeding, authorize deferred recovery of such costs and allow the utility to amortize and recover such deferred costs over future periods as determined by the Commission. The aggregate amount of such deferred costs shall not exceed an amount that would, together with the utility's other costs, revenues, and investments to be recovered through rates for generation and distribution services, cause the utility's earned return on its generation and distribution services to exceed the fair rate of return authorized under subdivision 2, less 50 basis points, for the combined test periods under review or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, to exceed the fair rate of return authorized under subdivision 2 less 70 basis points. Nothing in this section shall limit the Commission's authority, pursuant to the provisions of Chapter 10 (§ 56-232 et seq.), including specifically § 56-235.2, following the review of combined test period earnings of the utility in a biennial review, for normalization of nonrecurring test period costs and annualized adjustments for future costs, in determining any appropriate increase or decrease in the utility's rates for generation and distribution services pursuant to subdivision 8 a or 8 c.

If the Commission determines as a result of such biennial review that:

a. The utility has, during the test period or periods under review, considered as a whole, earned more than 50 basis points below a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points below a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, the Commission shall order increases to the utility's rates necessary to provide the opportunity to fully recover the costs of providing the utility's services and to earn not less than such fair combined rate of return, using the most recently ended 12-month test period as the basis for determining the amount of the rate increase necessary. However, the Commission may not order such rate increase unless it finds that the resulting rates are necessary to provide the utility with the opportunity to fully recover its costs of providing its services and to earn not less than a fair combined rate of return on both its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, using the most recently ended 12-month test period as the basis for determining the permissibility of any rate increase under the standards of this sentence, and the amount thereof;

b. The utility has, during the test period or test periods under review, considered as a whole, earned more than 50 basis points above a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points above a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, the Commission shall, subject to the provisions of subdivision 9, direct that 60 percent of the amount of such earnings that were more than 50 basis points, or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, that 70 percent of the amount of such earnings that were more than 70 basis points, above such fair combined rate of return for the test period or periods under review, considered as a whole, shall be credited to customers' bills. Any such credits shall be amortized over a period of six to 12 months, as determined at the discretion of the Commission, following the effective date of the Commission's order, and shall be allocated among customer classes such that the relationship between the specific customer class rates of return to the overall target rate of return will have the same relationship as the last approved allocation of revenues used to design base rates; or

c. Such biennial review is the second consecutive biennial review in which the utility has, during the test period or test periods under review, considered as a whole, earned more than 50 basis points above a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points above a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matter determined with respect to facilities described in subdivision 6, the Commission shall, subject to the provisions of subdivision 9 and in addition to the actions authorized in subdivision b, also order reductions to the utility's rates it finds appropriate. However, the Commission may not order such rate reduction unless it finds that the resulting rates will provide the utility with the opportunity to fully recover its costs of providing its services and to earn not less than a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, using the most recently ended 12-month test period as the basis for determining the permissibility of any rate reduction under the standards of this sentence, and the amount thereof.

The Commission's final order regarding such biennial review shall be entered not more than eight months after the date of filing, and any revisions in rates or credits so ordered shall take effect not more than 60 days after the date of the order. The fair combined rate of return on common equity determined pursuant to subdivision 2 in such biennial review shall apply, for purposes of reviewing the utility's earnings on its rates for generation and distribution services, to the entire two successive 12-month test periods ending December 31 immediately preceding the year of the utility's subsequent biennial review filing under subdivision 3.

9. If, as a result of a biennial review required under this subsection and conducted with respect to any test period or periods under review ending later than December 31, 2010 (or, if the Commission has elected to stagger its biennial reviews of utilities as provided in subdivision 1, under review ending later than December 31, 2010, for a Phase I Utility, or December 31, 2011, for a Phase II Utility), the Commission finds, with respect to such test period or periods considered as a whole, that (i) any utility has, during the test period or periods under review, considered as a whole, earned more than 50 basis points above a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points above a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, and (ii) the total aggregate regulated rates of such utility at the end of the most recently-ended 12-month test period exceeded the annual increases in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the United States Department of Labor, compounded annually, when compared to the total aggregate regulated rates of such utility as determined pursuant to the biennial review conducted for the base period, the Commission shall, unless it finds that such action is not in the public interest or that the provisions of subdivisions 8 b and c are more consistent with the public interest, direct that any or all earnings for such test period or periods under review, considered as a whole that were more than 50 basis points, or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points, above such fair combined rate of return shall be credited to customers' bills, in lieu of the provisions of subdivisions 8 b and c. Any such credits shall be amortized and allocated among customer classes in the manner provided by subdivision 8 b. For purposes of this subdivision:

"Base period" means (i) the test period ending December 31, 2010 (or, if the Commission has elected to stagger its biennial reviews of utilities as provided in subdivision 1, the test period ending December 31, 2010, for a Phase I Utility, or December 31, 2011, for a Phase II Utility), or (ii) the most recent test period with respect to which credits have been applied to customers' bills under the provisions of this subdivision, whichever is later.

"Total aggregate regulated rates" shall include: (i) fuel tariffs approved pursuant to § 56-249.6, except for any increases in fuel tariffs deferred by the Commission for recovery in periods after December 31, 2010, pursuant to the provisions of clause (ii) of subsection C of § 56-249.6; (ii) rate adjustment clauses implemented pursuant to subdivision 4 or 5; (iii) revisions to the utility's rates pursuant to subdivision 8 a; (iv) revisions to the utility's rates pursuant to the

Commission's rules governing utility rate increase applications, as permitted by subsection B, occurring after July 1, 2009; and (v) base rates in effect as of July 1, 2009.

10. For purposes of this section, the Commission shall regulate the rates, terms and conditions of any utility subject to this section on a stand-alone basis utilizing the actual end-of-test period capital structure and cost of capital of such utility, *excluding any debt associated with securitized bonds that are the obligation of non-Virginia jurisdictional customers*, unless the Commission finds that the debt to equity ratio of such capital structure is unreasonable for such utility, in which case the Commission may utilize a debt to equity ratio that it finds to be reasonable for such utility in determining any rate adjustment pursuant to subdivisions 8 a and c, and without regard to the cost of capital, capital structure, revenues, expenses or investments of any other entity with which such utility may be affiliated. In particular, and without limitation, the Commission shall determine the federal and state income tax costs for any such utility that is part of a publicly traded, consolidated group as follows: (i) such utility's apportioned state income tax costs shall be calculated according to the applicable statutory rate, as if the utility had not filed a consolidated return with its affiliates, and (ii) such utility's federal income tax costs shall be calculated according to the applicable federal income tax rate and shall exclude any consolidated tax liability or benefit adjustments originating from any taxable income or loss of its affiliates.

B. Nothing in this section shall preclude an investor-owned incumbent electric utility from applying for an increase in rates pursuant to § 56-245 or the Commission's rules governing utility rate increase applications; however, in any such filing, a fair rate of return on common equity shall be determined pursuant to subdivision A 2. Nothing in this section shall preclude such utility's recovery of fuel and purchased power costs as provided in § 56-249.6.

C. Except as otherwise provided in this section, the Commission shall exercise authority over the rates, terms and conditions of investor-owned incumbent electric utilities for the provision of generation, transmission and distribution services to retail customers in the Commonwealth pursuant to the provisions of Chapter 10 (§ 56-232 et seq.), including specifically § 56-235.2.

D. The Commission may determine, during any proceeding authorized or required by this section, the reasonableness or prudence of any cost incurred or projected to be incurred, by a utility in connection with the subject of the proceeding. A determination of the Commission regarding the reasonableness or prudence of any such cost shall be consistent with the Commission's authority to determine the reasonableness or prudence of costs in proceedings pursuant to the provisions of Chapter 10 (§ 56-232 et seq.). In determining the reasonableness or prudence of a utility providing energy and capacity to its customers from renewable energy resources, the Commission shall consider the extent to which such renewable energy resources, whether utility-owned or by contract, further the objectives of the Commonwealth Energy Policy set forth in §§ 67-101 and 67-102, and shall also consider whether the costs of such resources is likely to result in unreasonable increases in rates paid by consumers.

E. The Commission shall promulgate such rules and regulations as may be necessary to implement the provisions of this section.

**CHAPTER 796**

*An Act to amend and reenact § 15.2-2223 of the Code of Virginia, relating to local transportation plan; secondary system road construction program allocation; undergrounding utilities.*

[S 622]

Approved April 6, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That § 15.2-2223 of the Code of Virginia is amended and reenacted as follows:**

**§ 15.2-2223. Comprehensive plan to be prepared and adopted; scope and purpose.**

A. The local planning commission shall prepare and recommend a comprehensive plan for the physical development of the territory within its jurisdiction and every governing body shall adopt a comprehensive plan for the territory under its jurisdiction.

In the preparation of a comprehensive plan, the commission shall make careful and comprehensive surveys and studies of the existing conditions and trends of growth, and of the probable future requirements of its territory and inhabitants. The comprehensive plan shall be made with the purpose of guiding and accomplishing a coordinated, adjusted and harmonious development of the territory which will, in accordance with present and probable future needs and resources, best promote the health, safety, morals, order, convenience, prosperity and general welfare of the inhabitants, including the elderly and persons with disabilities.

The comprehensive plan shall be general in nature, in that it shall designate the general or approximate location, character, and extent of each feature, including any road improvement and any transportation improvement, shown on the plan and shall indicate where existing lands or facilities are proposed to be extended, widened, removed, relocated, vacated, narrowed, abandoned, or changed in use as the case may be.

B. 1. As part of the comprehensive plan, each locality shall develop a transportation plan that designates a system of transportation infrastructure needs and recommendations that include the designation of new and expanded transportation facilities and that support the planned development of the territory covered by the plan and shall include, as appropriate, but not be limited to, roadways, bicycle accommodations, pedestrian accommodations, railways, bridges, waterways, airports,

ports, and public transportation facilities. The plan shall recognize and differentiate among a hierarchy of roads such as expressways, arterials, and collectors. In developing the plan, the locality shall take into consideration how to align transportation infrastructure and facilities with affordable, accessible housing and community services that are located within the territory in order to facilitate community integration of the elderly and persons with disabilities. The Virginia Department of Transportation shall, upon request, provide localities with technical assistance in preparing such transportation plan.

2. The transportation plan shall include a map that shall show road and transportation improvements, including the cost estimates of such road and transportation improvements from the Virginia Department of Transportation, taking into account the current and future needs of residents in the locality while considering the current and future needs of the planning district within which the locality is situated.

3. The transportation plan, and any amendment thereto pursuant to § 15.2-2229, shall be consistent with the Commonwealth Transportation Board's Statewide Transportation Plan developed pursuant to § 33.2-353, the Six-Year Improvement Program adopted pursuant to subsection B of § 33.2-214, and the location of routes to be followed by roads comprising systems of state highways pursuant to subsection A of § 33.2-208. The locality shall consult with the Virginia Department of Transportation to assure such consistency is achieved. The transportation plan need reflect only those changes in the annual update of the Six-Year Improvement Program that are deemed to be significant new, expanded, or relocated roadways.

4. Prior to the adoption of the transportation plan or any amendment to the transportation plan, the locality shall submit such plan or amendment to the Department for review and comment. The Department shall conduct its review and provide written comments to the locality on the consistency of the transportation plan or any amendment to the provisions of subdivision 1. The Department shall provide such written comments to the locality within 90 days of receipt of the plan or amendment, or such other shorter period of time as may be otherwise agreed upon by the Department and the locality.

5. The locality shall submit a copy of the adopted transportation plan or any amendment to the transportation plan to the Department for informational purposes. If the Department determines that the transportation plan or amendment is not consistent with the provisions of subdivision 1, the Department shall notify the Commonwealth Transportation Board so that the Board may take appropriate action in accordance with subsection E of § 33.2-214.

6. *If the adopted transportation plan designates corridors planned to be served by mass transit, as defined in § 33.2-100, a portion of its allocation from (i) the Northern Virginia Transportation Authority distribution specified in subdivision B 1 of § 33.2-2510, (ii) the commercial and industrial real property tax revenue specified in § 58.1-3221.3, and (iii) the secondary system road construction program, as described in Article 5 (§ 33.2-351 et seq.) of Chapter 3 of Title 33.2, may be used for the purpose of utility undergrounding in the planned corridor, if the locality matches 100 percent of the state allocation.*

7. Each locality's amendments or updates to its transportation plan as required by subdivisions 2 through 5 shall be made on or before its ongoing scheduled date for updating its transportation plan.

C. The comprehensive plan, with the accompanying maps, plats, charts, and descriptive matter, shall show the locality's long-range recommendations for the general development of the territory covered by the plan. It may include, but need not be limited to:

1. The designation of areas for various types of public and private development and use, such as different kinds of residential, including age-restricted, housing; business; industrial; agricultural; mineral resources; conservation; active and passive recreation; public service; flood plain and drainage; and other areas;

2. The designation of a system of community service facilities such as parks, sports playing fields, forests, schools, playgrounds, public buildings and institutions, hospitals, nursing homes, assisted living facilities, community centers, waterworks, sewage disposal or waste disposal areas, and the like;

3. The designation of historical areas and areas for urban renewal or other treatment;

4. The designation of areas for the implementation of reasonable ground water protection measures;

A. 1. In addition to all other taxes now imposed by law, there is hereby imposed a tax upon every distributor who engages in the business of selling fuels at wholesale to retail dealers for retail sale in any county or city that is a member of (i) any transportation district in which a rapid heavy rail commuter mass transportation system operating on an exclusive right-of-way and a bus commuter mass transportation system are owned, operated, or controlled by an agency or commission as defined in § 33.2-1901 or (ii) any transportation district that is subject to subsection C of § 33.2-1915 and that is contiguous to the Northern Virginia Transportation District.

2. In addition to all other taxes now imposed by law, there is hereby imposed a tax upon every distributor who engages in the business of selling fuels at wholesale to retail dealers for retail sale in any county or city that is located in a Planning District established pursuant to Chapter 42 (§ 15.2-4200 et seq.) of Title 15.2 that (i) as of January 1, 2013, has a population of not less than 1.5 million but fewer than two million, as shown by the most recent United States Census, has not less than 1.2 million but fewer than 1.7 million motor vehicles registered therein, and has a total transit ridership of not less than

15 million but fewer than 50 million riders per year across all transit systems within the Planning District or (ii) as shown by the most recent United States Census meets the population criteria set forth in clause (i) and also meets the vehicle registration and ridership criteria set forth in clause (i). In any case in which the tax is imposed pursuant to clause (ii), such tax shall be effective beginning on the July 1 immediately following the calendar year in which all of the criteria have been met.

B. 1. The tax shall be imposed on each gallon of fuel, other than diesel fuel, sold by a distributor to a retail dealer for retail sale in any such county or city described in subsection A at a rate of 2.1 percent of the sales price charged by a distributor for fuels sold to a retail dealer for retail sale in any such county or city. In any such sale to a retail dealer in which the distributor and the retail dealer are the same person, the sales price charged by the distributor shall be the cost price to the distributor of the fuel statewide average distributor price of a gallon of unleaded regular gasoline as determined by the Commissioner pursuant to subdivision C 1. For alternative fuels other than liquid alternative fuels, the Commissioner shall determine an equivalent tax rate based on gasoline gallon equivalency.

2. The tax shall be imposed on each gallon of diesel fuel sold by a distributor to a retail dealer for retail sale in any such county or city at a rate of 2.1 percent of the statewide average distributor price of a gallon of diesel fuel as determined by the Commissioner pursuant to subdivision C 2.

C. 1. To determine the statewide average distributor price of a gallon of unleaded regular gasoline, the Commissioner shall use the period from June 1 to November 30, inclusive, as the base period for the determination of the rate of the tax for the immediately following applied period beginning January 1 and ending June 30, inclusive. The Commissioner shall use the period from December 1 to May 31, inclusive, as the base period for the determination of the rate of the tax for the immediately following applied period beginning July 1 and ending December 31, inclusive. In no case shall the statewide average distributor price of a gallon of unleaded regular gasoline determined for the purposes of this section be less than the statewide average wholesale price of a gallon of unleaded regular gasoline on February 20, 2013, plus a distributor charge calculated by the Commissioner for that date.

2. To determine the statewide average distributor price of a gallon of diesel fuel, the Commissioner shall use the period from June 1 to November 30, inclusive, as the base period for the determination of the rate of the tax for the immediately following applied period beginning January 1 and ending June 30, inclusive. The Commissioner shall use the period from December 1 to May 31, inclusive, as the base period for the determination of the rate of the tax for the immediately following applied period beginning July 1 and ending December 31, inclusive. D. The tax levied under this section shall be imposed at the time of sale by the distributor to the retail dealer.

~~E.~~ E. The tax imposed by this section shall be paid by the distributor, but the distributor shall separately state the amount of the tax and add such tax to the sales price or charge. Thereafter, such tax shall be a debt from the retail dealer to the distributor until paid and shall be recoverable at law in the same manner as other debts. No action at law or suit in equity under this chapter shall be maintained in the Commonwealth by any distributor who is not registered under § 58.1-2299.2 or is delinquent in the payment of taxes imposed under this chapter.

F. Nothing in this section shall be construed to exempt the imposition and remittance of tax pursuant to this section in a sale to a retail dealer in which the distributor and the retail dealer are the same person.

#### § 58.1-2299. Bad debts.

A. In any return filed under the provisions of this chapter, a distributor may credit, against the tax shown to be due on the return, the amount of tax previously returned and paid on accounts which are owed to the distributor and which have been found to be worthless within the period covered by the return. The credit, however, shall not exceed the amount of the uncollected sales price determined by treating prior payments on each debt as consisting of the same proportion of the sales price, tax levied under this chapter, and other nontaxable charges as the total debt originally owed to the distributor tax due pursuant to § 58.1-2295 for the relevant applied period for the fuel delivered to the worthless accounts. The amount of accounts for which a credit has been taken that are thereafter in whole or in part paid to the dealer shall be included in the first return filed after such collection.

B. Notwithstanding any other provision of this section, a distributor whose volume and character of uncollectible accounts, including checks returned for insufficient funds, renders it impractical to substantiate the credit on an account-by-account basis may, subject to the approval of the Department, utilize an alternative method of substantiating the credit.

#### § 58.1-2299.10. Willful commission of prohibited acts; criminal penalties.

Any person who willfully commits any of the following acts with the intent to (i) evade or circumvent the taxes imposed under this chapter or (ii) assist any other person in efforts to evade or circumvent such taxes is guilty of a Class 6 felony, if he:

1. Does not pay the taxes imposed under this chapter and diverts the proceeds from such taxes for other purposes;
2. Is a distributor required to be registered under the provisions of this chapter, or the agent or representative of such a distributor, and converts or attempts to convert proceeds from taxes imposed under this chapter for the use of the distributor or the distributor's agent or representative, with the intent to defraud the Commonwealth;
3. Illegally collects taxes imposed under this chapter when not authorized or licensed by the Commissioner to do so;

4. Conspires with any other person or persons to engage in an act, plan, or scheme to defraud the Commonwealth of proceeds from taxes levied under this chapter;

5. Fails to remit to the Commissioner any tax levied pursuant to this chapter, if he (i) has added, or represented that he has added, the tax to the sales price for the fuel and (ii) has collected the amount of the tax; or

6. Applies for or collects from the Department a tax credit when the person knows or has reason to know that fuel for which the credit is claimed has been or will be used for a taxable purpose; however, if the amount of fuel involved is not more than 20 gallons, such person is guilty of a Class 1 misdemeanor.

**§ 58.1-2299.14. Recordkeeping requirements; inspection of records; civil penalties.**

A. Every distributor required to make a return and pay or collect any tax under this chapter shall keep and preserve suitable records of the sales taxable under this chapter, and such other books of account as may be necessary to determine the amount of tax due hereunder, and such other pertinent information as may be required by the Commissioner. Such records shall be kept and maintained for a period to include the Department's current fiscal year and the previous three fiscal years.

B. The Commissioner or any agent authorized by him may examine during the usual business hours all records, books, papers, or other documents of any distributor required to be registered under this chapter relating to the sales price amount of any fuel subject to taxation under this chapter to verify the truth and accuracy of any statement or any other information as to a particular sale.

C. Any person who fails to keep or retain records as required by this section shall be subject to a civil penalty. The amount of the civil penalty assessed against a person for his first violation shall be \$1,000. The amount of the civil penalty assessed against a person for each subsequent violation shall be \$1,000 more than the amount of the civil penalty for the preceding violation.

D. Any person who refuses to allow an inspection authorized under this section shall be subject to a civil penalty of \$5,000 for each refusal.

**2. That the Department of Motor Vehicles (the Department) shall develop guidelines, with the input of relevant stakeholders, to determine the distributor charges, as defined by § 58.1-2292 of the Code of Virginia, as amended by this act, to be added to the wholesale price of a gallon of fuel in order to establish the statewide average distributor price of a gallon of fuel pursuant to § 58.1-2295 of the Code of Virginia, as amended by this act. Such guidelines shall include a procedure for a review of the items included in the distributor charge and an adjustment of the charge, if necessary, at the same time that the Department computes the tax for an applicable base period pursuant to § 58.1-2217 of the Code of Virginia. The guidelines required by this enactment shall not be subject to the Administrative Process Act (§ 2.2-4000 et seq. of the Code of Virginia).**

Approved April 9, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 2.2-115, 58.1-405, 58.1-408, 58.1-417 through 58.1-420, 58.1-422, 58.1-422.1, and 58.1-422.2 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding sections numbered 15.2-958.2:01 and 58.1-405.1 as follows:**

**§ 2.2-115. Commonwealth's Development Opportunity Fund.**

**A.** As used in this section, unless the context requires otherwise:

"New job" means employment of an indefinite duration, created as the direct result of the private investment, for which the firm pays the wages and standard fringe benefits for its employee, requiring a minimum of either (i) 35 hours of the

employee's time a week for the entire normal year of the firm's operations, which "normal year" must consist of at least 48 weeks or (ii) 1,680 hours per year.

Seasonal or temporary positions, positions created when a job function is shifted from an existing location in the Commonwealth to the location of the economic development project, positions with suppliers, and multiplier or spin-off jobs shall not qualify as new jobs. The term "new job" shall include positions with contractors provided that all requirements included within the definition of the term are met.

"Prevailing average wage" means that amount determined by the Virginia Employment Commission to be the average wage paid workers in the city or county of the Commonwealth where the economic development project is located. The prevailing average wage shall be determined without regard to any fringe benefits.

"Private investment" means the private investment required under this section.

B. There is created the Commonwealth's Development Opportunity Fund (the Fund) to be used by the Governor to attract economic development prospects and secure the expansion of existing industry in the Commonwealth. The Fund shall consist of any funds appropriated to it by the general appropriation act and revenue from any other source, public or private. The Fund shall be established on the books of the Comptroller, and any funds remaining in the Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on the Fund shall be credited to the Fund. The Governor shall report to the Chairmen of the House Committees on Appropriations and Finance and the Senate Committee on Finance as funds are awarded in accordance with this section.

C. Funds shall be awarded from the Fund by the Governor as grants or loans to political subdivisions. The criteria for making such grants or loans shall include (i) job creation, (ii) private capital investment, and (iii) anticipated additional state tax revenue expected to accrue to the state and affected localities as a result of the capital investment and jobs created. Loans shall be approved by the Governor and made in accordance with guidelines established by the Virginia Economic Development Partnership and approved by the Comptroller. Loans shall be interest-free unless otherwise determined by the Governor and shall be repaid to the Fund. The Governor may establish the interest rate to be charged; otherwise, any interest charged shall be at market rates as determined by the State Treasurer and shall be indicative of the duration of the loan. The Virginia Economic Development Partnership shall be responsible for monitoring repayment of such loans and reporting the receivables to the Comptroller as required.

Beginning with the five fiscal years from fiscal year 2006-2007 through fiscal year 2010-2011, and for every five fiscal years' period thereafter, in general, no less than one-third of the moneys appropriated to the Fund in every such five-year period shall be awarded to counties and cities having an annual average unemployment rate that is greater than the final statewide average unemployment rate for the calendar year that immediately precedes the calendar year of the award. However, if such one-third requirement will not be met because economic development prospects in such counties and cities are unable to fulfill the applicable minimum private investment and new jobs requirements set forth in this section, then any funds remaining in the Fund at the end of the five-year period that would have otherwise been awarded to such counties and cities shall be made available for awards in the next five fiscal years' period.

D. Funds may be used for public and private utility extension or capacity development on and off site; public and private installation, extension, or capacity development of high-speed or broadband Internet access, whether on or off site; road, rail, or other transportation access costs beyond the funding capability of existing programs; site acquisition; grading, drainage, paving, and any other activity required to prepare a site for construction; construction or build-out of publicly or privately owned buildings; training; or grants or loans to an industrial development authority, housing and redevelopment authority, or other political subdivision for purposes directly relating to any of the foregoing. However, in no case shall funds from the Fund be used, directly or indirectly, to pay or guarantee the payment for any rental, lease, license, or other contractual right to the use of any property.

It shall be the policy of the Commonwealth that moneys in the Fund shall not be used for any economic development project in which a business relocates or expands its operations in one or more Virginia localities and simultaneously closes its operations or substantially reduces the number of its employees in another Virginia locality, unless the procedures set forth in § 30-310 are followed. The Secretary of Commerce and Trade shall enforce this policy and for any exception thereto shall, pursuant to § 30-310, submit such projects to the MEI Project Approval Commission established pursuant to § 30-309.

E. 1. a. Except as provided in this subdivision, no grant or loan shall be awarded from the Fund unless the project involves a minimum private investment of \$5 million and creates at least 50 new jobs for which the average wage, excluding fringe benefits, is no less than the prevailing average wage. For projects, including but not limited to projects involving emerging technologies, for which the average wage of the new jobs created, excluding fringe benefits, is at least twice the prevailing average wage for that locality or region, the Governor shall have the discretion to require no less than one-half the number of new jobs as set forth for that locality in this subdivision.

b. Notwithstanding the provisions of subdivision a, a grant or loan may be awarded from the Fund if the project involves a minimum private investment of \$100 million and creates at least 25 new jobs for which the average wage, excluding fringe benefits, is no less than the prevailing average wage.

2. Notwithstanding the provisions of subdivision 1 a, in localities (i) with an annual unemployment rate for the most recent calendar year for which such data is available that is greater than the final statewide average unemployment rate for that calendar year or (ii) with a poverty rate for the most recent calendar year for which such data is available that exceeds the statewide average poverty rate for that year, a grant or loan may be awarded from the Fund pursuant to subdivision 1 a if

the project involves a minimum private investment of \$2.5 million and creates at least 25 new jobs for which the average wage, excluding fringe benefits, is no less than 85 percent of the prevailing average wage.

3. Notwithstanding the provisions of subdivisions 1 a and 2, in localities (i) with an annual unemployment rate for the most recent calendar year for which such data is available that is greater than the final statewide average unemployment rate for that calendar year and (ii) with a poverty rate for the most recent calendar year for which such data is available that exceeds the statewide average poverty rate for that year, a grant or loan may be awarded from the Fund pursuant to such subdivisions if the project involves a minimum private investment of \$1.5 million and creates at least 15 new jobs for which the average wage, excluding fringe benefits, is no less than 85 percent of the prevailing average wage.

4. For projects that are eligible under subdivision 2 or 3, the average wage of the new jobs, excluding fringe benefits, shall be no less than 85 percent of the prevailing average wage. In addition, for projects in such localities, the Governor may award a grant or loan for a project paying less than 85 percent of the prevailing average wage but still providing customary employee benefits, only after the Secretary of Commerce and Trade has made a written finding that the economic circumstances in the area are sufficiently distressed (i.e., high unemployment or underemployment and negative economic forecasts) that assistance to the locality to attract the project is nonetheless justified. However, the minimum private investment and number of new jobs required to be created as set forth in this subsection shall still be a condition of eligibility for an award from the Fund. Such written finding shall promptly be provided to the chairs of the Senate Committee on Finance and the House Committee on Appropriations.

F. 1. The Virginia Economic Development Partnership shall assist the Governor in developing objective guidelines and criteria that shall be used in awarding grants or making loans from the Fund. The guidelines may require that as a condition of receiving any grant or loan incentive that is based on employment goals, a recipient company must provide copies of employer quarterly payroll reports that have been provided to the Virginia Employment Commission to verify the employment status of any position included in the employment goal. The guidelines may include a requirement for the affected locality or localities to provide matching funds which may be cash or in-kind, at the discretion of the Governor. The guidelines and criteria shall include provisions for geographic diversity and a cap on the amount of funds to be provided to any individual project. At the discretion of the Governor, this cap may be waived for qualifying projects of regional or statewide interest. In developing the guidelines and criteria, the Virginia Economic Development Partnership shall use the measure for Fiscal Stress published by the Commission on Local Government of the Department of Housing and Community Development for the locality in which the project is located or will be located as one method of determining the amount of assistance a locality shall receive from the Fund.

2. a. Notwithstanding any provision in this section or in the guidelines, each political subdivision that receives a grant or loan from the Fund shall enter into a contract with each business beneficiary of funds from the Fund. A person or entity shall be a business beneficiary of funds from the Fund if grant or loan moneys awarded from the Fund by the Governor are paid to a political subdivision and (i) subsequently distributed by the political subdivision to the person or entity or (ii) used by the political subdivision for the benefit of the person or entity but never distributed to the person or entity.

b. The contract between the political subdivision and the business beneficiary shall provide in detail (i) the fair market value of all funds that the Commonwealth has committed to provide, (ii) the fair market value of all matching funds (or in-kind match) that the political subdivision has agreed to provide, (iii) how funds committed by the Commonwealth (including but not limited to funds from the Fund committed by the Governor) and funds that the political subdivision has agreed to provide are to be spent, (iv) the minimum private investment to be made and the number of new jobs to be created agreed to by the business beneficiary, (v) the average wage (excluding fringe benefits) agreed to be paid in the new jobs, (vi) the prevailing average wage, and (vii) the formula, means, or processes agreed to be used for measuring compliance with the minimum private investment and new jobs requirements, including consideration of any layoffs instituted by the business beneficiary over the course of the period covered by the contract.

The contract shall state the date by which the agreed upon private investment and new job requirements shall be met by the business beneficiary of funds from the Fund and may provide for the political subdivision to grant up to a 15-month extension of such date if deemed appropriate by the political subdivision subsequent to the execution of the contract. Any extension of such date granted by the political subdivision shall be in writing and promptly delivered to the business beneficiary, and the political subdivision shall simultaneously provide a copy of the extension to the Virginia Economic Development Partnership.

The contract shall provide that if the private investment and new job contractual requirements are not met by the expiration of the date stipulated in the contract, including any extension granted by the political subdivision, the business beneficiary shall be liable to the political subdivision for repayment of a portion of the funds provided under the contract. The contract shall include a formula for purposes of determining the portion of such funds to be repaid. The formula shall, in part, be based upon the fair market value of all funds that have been provided by the Commonwealth and the political subdivision and the extent to which the business beneficiary has met the private investment and new job contractual requirements. Any such funds repaid to the political subdivision that relate to the award from the Commonwealth's Development Opportunity Fund shall promptly be paid over by the political subdivision to the Commonwealth by payment remitted to the State Treasurer. Upon receipt by the State Treasurer of such payment, the Comptroller shall deposit such repaid funds into the Commonwealth's Development Opportunity Fund.

c. The contract shall be amended to reflect changes in the funds committed by the Commonwealth or agreed to be provided by the political subdivision.

d. Notwithstanding any provision in this section or in the guidelines, whenever layoffs instituted by a business beneficiary over the course of the period covered by a contract cause the net total number of the new jobs created to be fewer than the number agreed to, then the business beneficiary shall return the portion of any funds received pursuant to the repayment formula established by the contract.

3. Notwithstanding any provision in this section or in the guidelines, prior to executing any such contract with a business beneficiary, the political subdivision shall provide a copy of the proposed contract to the Attorney General. The Attorney General shall review the proposed contract (i) for enforceability as to its provisions and (ii) to ensure that it is in appropriate legal form. The Attorney General shall provide any written suggestions to the political subdivision within seven days of his receipt of the copy of the contract. The Attorney General's suggestions shall be limited to the enforceability of the contract's provisions and the legal form of the contract.

4. Notwithstanding any provision in this section or in the guidelines, a political subdivision shall not expend, distribute, pledge, use as security, or otherwise use any award from the Fund unless and until such contract as described herein is executed with the business beneficiary.

G. Within the 30 days immediately following June 30 and December 30 of each year, the Governor shall provide a report to the Chairmen of the House Committees on Appropriations and Finance and the Senate Committee on Finance which shall include, but is not limited to, the following information regarding grants and loans awarded from the Fund during the immediately preceding six-month period for economic development projects: the name of the company that is the business beneficiary of the grant or loan and the type of business in which it engages; the location (county, city, or town) of the project; the amount of the grant or loan committed from the Fund and the amount of all other funds committed by the Commonwealth from other sources and the purpose for which such grants, loans, or other funds will be used; the amount of all moneys or funds agreed to be provided by political subdivisions and the purposes for which they will be used; the number of new jobs agreed to be created by the business beneficiary; the amount of investment in the project agreed to be made by the business beneficiary; the timetable for the completion of the project and new jobs created; the prevailing average wage; and the average wage (excluding fringe benefits) agreed to be paid in the new jobs.

H. The Governor shall provide grants and commitments from the Fund in an amount not to exceed the dollar amount contained in the Fund. If the Governor commits funds for years beyond the fiscal years covered under the existing appropriation act, the State Treasurer shall set aside and reserve the funds the Governor has committed, and the funds shall remain in the Fund for those future fiscal years. No grant or loan shall be payable in the years beyond the existing appropriation act unless the funds are currently available in the Fund.

I. On a quarterly basis, the Virginia Economic Development Partnership shall notify the Governor, his campaign committee, and his political action committee of awards from the Fund made in the prior quarter. Within 18 months of the date of each award from the Fund, the Governor, his campaign committee, and his political action committee shall submit to the Virginia Conflict of Interest and Ethics Advisory Council established in § 30-355 a report listing any contribution, gift, or other item with a value greater than \$100 provided by the business beneficiary of such award to the Governor, his campaign committee, or his political action committee, respectively, during (i) the period in which the business beneficiary's application for such award was pending and (ii) the one-year period immediately after any such award was made.

*J. 1. Notwithstanding any provision of this section, the Governor may give grants or loans to any eligible company, as defined in § 58.1-405.1, provided that such company shall be required to distribute at least half of such grant or loan to its employees in jobs located in a qualified locality, as defined in § 58.1-405.1. If the Governor gives a grant or loan pursuant to this subsection, it shall not be required to meet other provisions in this section, including provisions, restrictions, and procedural requirements related to job creation, investment, local matching funds, or contracts with business beneficiaries.*

*2. The grant or loan shall not exceed \$2,000 per new job, as defined in § 58.1-405.1; however, the Governor may give a new grant or loan each year to the same eligible company.*

*3. An eligible company's eligibility for or receipt of a grant or loan pursuant to this subsection shall not prevent it from receiving any other grant or loan for which it may be qualified pursuant to this section.*

**§ 15.2-958.2:01. Grants for certain corporations and pass-through entities.**

*A. The counties and cities listed in subsection B may give grants or loans to any eligible company, as defined in § 58.1-405.1.*

*B. The counties and cities that may give grants pursuant to subsection A are:*

*1. The Counties of Alleghany, Bland, Buchanan, Carroll, Craig, Dickenson, Giles, Grayson, Lee, Russell, Scott, Smyth, Tazewell, Washington, Wise, and Wythe and the Cities of Bristol, Galax, and Norton;*

*2. The Counties of Amelia, Appomattox, Buckingham, Charlotte, Cumberland, Halifax, Henry, Lunenburg, Mecklenburg, Nottoway, Patrick, Pittsylvania, and Prince Edward and the Cities of Danville and Martinsville;*

*3. The Counties of Accomack, Caroline, Essex, Gloucester, King and Queen, King William, Lancaster, Mathews, Middlesex, Northampton, Northumberland, Richmond, and Westmoreland; and*

*4. The Counties of Brunswick and Dinwiddie and the City of Petersburg.*

**§ 58.1-405. Corporations transacting or conducting entire business within this Commonwealth.**

*Except as provided in § 58.1-405.1, if the entire business of the corporation is transacted or conducted within the Commonwealth, the tax imposed by this chapter shall be upon the entire Virginia taxable income of such corporation for each taxable year; however, if such corporation is certified by the Virginia Economic Development Partnership Authority as*

an eligible company pursuant to § 58.1-405.1, it may elect to (i) apportion its income between qualified localities, as defined in § 58.1-405.1, and other localities in the Commonwealth, provided that it shall not apportion any of its income to a state other than Virginia and (ii) utilize any modification for which it may be eligible pursuant to the provisions of § 58.1-408, 58.1-417, 58.1-418, 58.1-419, 58.1-420, 58.1-422, 58.1-422.1, or 58.1-422.2, as applicable. The entire business of the corporation shall be deemed to have been transacted or conducted within the Commonwealth if such corporation is not subject in any other state to a net income tax, a franchise tax measured by net income, or a franchise tax for the privilege of doing business.

**§ 58.1-405.1. Eligibility of companies for apportionment modification; certification by the Virginia Economic Development Partnership Authority.**

A. For purposes of this section:

"Authority" means the Virginia Economic Development Partnership Authority.

"Eligible company" means a corporation or pass-through entity, as defined in § 58.1-390.1, that does not have any existing property or payroll in Virginia as of January 1, 2018, and on or after January 1, 2018, but before January 1, 2025, (i) either (a) spends at least \$5 million on new capital investment in a qualified locality or qualified localities and creates at least 10 new jobs in a qualified locality or qualified localities or (b) creates at least 50 new jobs in a qualified locality or qualified localities; (ii) is a traded-sector company; and (iii) is certified by the Authority as generating a positive fiscal impact pursuant to subsection B.

"New capital investment" means real property acquired in a qualified locality or qualified localities on or after January 1, 2018, but before January 1, 2025, and any improvements to real property in a qualified locality or qualified localities on or after January 1, 2018, but before January 1, 2025.

"New job" means a permanent, full-time position of indefinite duration that pays at least 150 percent of the minimum wage, as defined in the Virginia Minimum Wage Act (§ 40.1-28.8 et seq.), and that requires a minimum of (i) 35 hours of an employee's time a week for the entire normal year of the eligible company's operations, which normal year shall consist of at least 48 weeks, or (ii) 1,680 hours per year.

"Qualified development site" means real property that is in a locality adjacent to a qualified locality and, before January 1, 2018, either (i) was owned or partly owned by a qualified locality or an industrial development authority of which a qualified locality is a member or (ii) was owned or partly owned by a locality or industrial development authority, was leased to a private party, and was subject to a revenue-sharing agreement providing that a portion of the revenues from the lease would be distributed to a qualified locality. "Qualified development site" does not include real property that is not owned by the Commonwealth or a political subdivision thereof.

"Qualified locality" means (i) the County of Alleghany, Bland, Buchanan, Carroll, Craig, Dickenson, Giles, Grayson, Lee, Russell, Scott, Smyth, Tazewell, Washington, Wise, or Wythe or the City of Bristol, Galax, or Norton; (ii) the County of Amelia, Appomattox, Buckingham, Charlotte, Cumberland, Halifax, Henry, Lunenburg, Mecklenburg, Nottoway, Patrick, Pittsylvania, or Prince Edward or the City of Danville or Martinsville; (iii) the County of Accomack, Caroline, Essex, Gloucester, King and Queen, King William, Lancaster, Mathews, Middlesex, Northampton, Northumberland, Richmond, or Westmoreland; or (iv) the County of Brunswick or Dinwiddie or the City of Petersburg. "Qualified locality" includes a qualified development site.

"Traded-sector company" means a company that directly or indirectly derives more than 50 percent of its revenue from out-of-state sources.

B. 1. The Authority shall determine whether a company will generate a positive fiscal impact based on the following factors: (i) job creation; (ii) private capital investment; and (iii) anticipated additional state and local tax revenue. The Authority also shall consider the additional revenue the Commonwealth likely would expend in and for the localities if the economy in the localities continues to erode. In making its determination, the Authority shall consult with the Department regarding the revenue impact of certifying such company. The Authority shall certify a company only if it determines such company will generate a positive fiscal impact.

2. The Authority shall deny certification to any company if it determines such taxpayer has engaged in a merger, acquisition, similar business combination, name change, change in business form, or other transaction the primary purpose of which is to obtain status as an eligible company.

3. The Authority shall make an annual re-certification according to subdivision B 1, and no company shall remain an eligible company for any taxable year that the Authority does not grant re-certification.

C. Any eligible company may elect to apportion its income pursuant to the provisions of § 58.1-408, 58.1-417, 58.1-418, 58.1-419, 58.1-420, 58.1-422, 58.1-422.1, or 58.1-422.2, as applicable. However, if the entire business of an eligible company is transacted or conducted within the Commonwealth, it shall not apportion its income pursuant to this subsection but may elect to apportion its income pursuant to the provisions of § 58.1-405.

**§ 58.1-408. What income apportioned and how.**

A. The Virginia taxable income of any corporation, except those subject to the provisions of § 58.1-417, 58.1-418, 58.1-419, 58.1-420, 58.1-422, 58.1-422.1, or 58.1-422.2, excluding income allocable under § 58.1-407, shall be apportioned to the Commonwealth by multiplying such income by a fraction, the numerator of which is the property factor plus the payroll factor, plus twice the sales factor, and the denominator of which is four; however, where the sales factor does not exist, the denominator of the fraction shall be the number of existing factors and where the sales factor exists but the payroll factor or the property factor does not exist, the denominator of the fraction shall be the number of existing factors plus one.

*B. Any eligible company, as defined in § 58.1-405.1, may subtract from the numerator of the corresponding factor the value of its (i) property acquired in any qualified locality or qualified localities, as defined in § 58.1-405.1, on or after January 1, 2018, but before January 1, 2025; (ii) payroll attributable to jobs created on or after January 1, 2018, but before January 1, 2025, in any qualified locality or qualified localities; and (iii) sales in the Commonwealth during the taxable year. Such eligible company may make such modification for the taxable year in which it first becomes eligible and for the six subsequent, consecutive taxable years, except for any year in which the eligible company's (a) total, cumulative new capital investment falls below the applicable initial threshold or (b) number of new jobs falls below the applicable initial threshold.*

**§ 58.1-417. Motor carriers; apportionment.**

A. Motor carriers of property or passengers shall apportion their net apportionable income to this Commonwealth by the use of the ratio of vehicle miles in this Commonwealth to total vehicle miles of the corporation everywhere. For the purposes of this section the words "vehicle miles" in the case of motor carriers of property shall mean miles traveled by vehicles (whether owned or operated by the corporation) hauling property for a charge or traveling on a scheduled route. In the case of motor carriers of passengers the same shall mean miles traveled by vehicles (whether owned or operated by the corporation) carrying passengers for a fare or traveling on a scheduled route.

B. The provisions of subsection A shall not be applicable to a carrier:

1. Which neither owns nor rents real or tangible personal property within this Commonwealth, except vehicles, which has made no pick-ups or deliveries within this Commonwealth, and which has traveled less than 50,000 vehicle miles in this Commonwealth in the taxable year; or

2. Which neither owns nor rents any real or tangible personal property within this Commonwealth, except vehicles, and which makes no more than twelve round trips into this Commonwealth during a taxable year.

The mileage traveled under 50,000 miles or the mileage traveled in such round trips, however, may not represent more than 5 percent of the total miles annually traveled in all states by such carrier.

*C. Any eligible company, as defined in § 58.1-405.1, may subtract its vehicle miles traveled in any qualified locality or qualified localities, as defined in § 58.1-405.1, during the taxable year from the numerator of the ratio in subsection A. Such eligible company may make such modification for the taxable year in which it first becomes eligible and for the six subsequent, consecutive taxable years, except for any year in which the eligible company's (i) total, cumulative new capital investment falls below the applicable initial threshold or (ii) number of new jobs falls below the applicable initial threshold.*

**§ 58.1-418. Financial corporations; apportionment.**

A. The Virginia taxable income of a financial corporation, as defined herein, excluding income allocable under § 58.1-407, shall be apportioned within and without this Commonwealth in the ratio that the business within this Commonwealth is to the total business of the corporation. Business within this Commonwealth shall be based on cost of performance in the Commonwealth over cost of performance everywhere.

B. "Financial corporation" means any corporation not exempted from the imposition of tax under the provisions of § 58.1-401, which derives more than seventy percent of its gross income from the classes of income enumerated in subdivisions 1 through 4 below, without reference to the state wherein such income is earned, including but not limited to small loan companies, sales finance companies, brokerage companies and investment companies:

1. Fees, commissions, other compensation for financial services rendered;
2. Gross profits from trading in stocks, bonds, or other securities;
3. Interest; and
4. Dividends received to the extent included in Virginia taxable income.

C. In computing the amounts referred to in subdivisions 1 through 4 of subsection B of this section, any amount received by a member of an affiliated group, determined under § 1504(a) of the Internal Revenue Code but without reference to whether any such corporation is an includable corporation under § 1504(b) of the Internal Revenue Code, from another member of such group shall be included only to the extent such amount exceeds expenses of the recipient directly related thereto.

*D. Any eligible company, as defined in § 58.1-405.1, may subtract the value of its business within any qualified locality or qualified localities, as defined in § 58.1-405.1, during the taxable year from the numerator of the ratio in subsection A. Such eligible company may make such modification for the taxable year in which it first becomes eligible and for the six subsequent, consecutive taxable years, except for any year in which the eligible company's (i) total, cumulative new capital investment falls below the applicable initial threshold or (ii) number of new jobs falls below the applicable initial threshold.*

**§ 58.1-419. Construction corporations; apportionment.**

A. Construction companies which have elected to report income on the completed contract basis shall apportion income within and without this Commonwealth in the ratio that the business within the Commonwealth is to the total business of the corporation.

B. All other construction corporations not reporting under the completed contract method shall determine Virginia taxable income by reference to §§ 58.1-406 through 58.1-416.

*C. Any eligible company, as defined in § 58.1-405.1, may subtract the value of its business within any qualified locality or qualified localities, as defined in § 58.1-405.1, during the taxable year from the numerator of the ratio in subsection A. Such eligible company may make such modification for the taxable year in which it first becomes eligible and for the six*

*subsequent, consecutive taxable years, except for any year in which the eligible company's (i) total, cumulative new capital investment falls below the applicable initial threshold or (ii) number of new jobs falls below the applicable initial threshold.*

**§ 58.1-420. Railway companies; apportionment.**

A. Notwithstanding the provisions of § 58.1-408, railway companies shall determine their net apportionable income to the Commonwealth by multiplying the Virginia taxable income of such company, excluding the classes of income allocable under § 58.1-407, by the use of the ratio of revenue car miles in the Commonwealth to total revenue car miles of the company everywhere. For the purposes of this section, "revenue car mile" in the case of railway carriers of property or passengers means the movement of a unit of loaded car equipment a distance of one mile. The loaded car miles shall be determined in accordance with the Uniform System of Accounts for Railroad Companies of the Interstate Commerce Commission.

B. *Any eligible company, as defined in § 58.1-405.1, may subtract its revenue car miles traveled in any qualified locality or qualified localities, as defined in § 58.1-405.1, during the taxable year from the numerator of the ratio in subsection A. Such eligible company may make such modification for the taxable year in which it first becomes eligible and for the six subsequent, consecutive taxable years, except for any year in which the eligible company's (i) total, cumulative new capital investment falls below the applicable initial threshold or (ii) number of new jobs falls below the applicable initial threshold.*

**§ 58.1-422. Manufacturing companies; apportionment.**

A. For taxable years beginning on or after July 1, 2011, the Virginia taxable income of a manufacturing company, excluding income allocable under § 58.1-407, may be apportioned within and without the Commonwealth as provided in § 58.1-408 or as follows:

1. From July 1, 2011, until July 1, 2013, by multiplying such income by a fraction, the numerator of which is the property factor plus the payroll factor plus triple the sales factor and the denominator of which is five, except when the sales factor does not exist, the denominator of the fraction shall be the number of existing factors, and when the sales factor exists but the payroll factor or property factor does not exist, the denominator of the fraction shall be the number of existing factors plus two;

2. From July 1, 2013, until July 1, 2014, by multiplying such income by a fraction, the numerator of which is the property factor plus the payroll factor plus quadruple the sales factor and the denominator of which is six, except when the sales factor does not exist, the denominator of the fraction shall be the number of existing factors, and when the sales factor exists but the payroll factor or property factor does not exist, the denominator of the fraction shall be the number of existing factors plus three; and

3. From July 1, 2014, and thereafter, by multiplying such income by the sales factor.

B. If the taxpayer makes one or more of the elections described in subdivision A 1, A 2, or A 3, the taxpayer may not revoke the election for a period of three taxable years.

In addition, the taxpayer shall certify to the Department that the average weekly wage of its full-time employees is greater than the lower of the state or local average weekly wages for the taxpayer's industry.

C. If the average annual number of full-time employees of a manufacturing company for the first three taxable years (in which the manufacturing company used the alternative apportionment set forth in this section) is less than 90 percent of the base year employment, or the average wage of its full-time employees as certified by the taxpayer is not greater than the lower of the state or local average weekly wage, then the Department of Taxation shall assess the manufacturing company with additional taxes pursuant to this article computed as the difference between (i) the taxes that would have been due under the apportionment formula provided under § 58.1-408 for such three taxable years, minus (ii) the taxes due under the alternative apportionment provided under this section for such three taxable years. Interest shall accrue and shall be assessed on such additional taxes at the rate prescribed under § 58.1-15, with such interest accruing from the original due date for filing of the income tax return to the date of payment of such additional taxes.

Such additional taxes and interest are hereby imposed on manufacturing companies using the alternative apportionment set forth in this section.

D. As used in this section, unless the context requires another meaning:

"Base year employment" means the average number of full-time employees employed by the manufacturing company in the Commonwealth in the taxable year that ended immediately prior to the first taxable year in which the manufacturing company used the alternative apportionment set forth in this section.

"Full-time employee" means an employee of a manufacturing company who is employed for an indefinite duration in the Commonwealth for which the standard fringe benefits are paid by the manufacturing company, for which employment requires a minimum of either (i) 35 hours of an employee's time per week for the entire normal year of such manufacturing company's operations, which "normal year" shall consist of at least 48 weeks, or (ii) 1,680 hours per year.

"Manufacturing company" means a domestic or foreign corporation primarily engaged in activities that, in accordance with the North American Industrial Classification System (NAICS), United States Manual, United States Office of Management and Budget, 1997 Edition, would be included in Sector 11, 31, 32, or 33.

E. The General Assembly of Virginia finds that job creation is essential to the continued fiscal health of the Commonwealth. In this modern economy, states often compete for quality manufacturing jobs. Accordingly, the provisions of this section relating to manufacturing companies that increase their employment in Virginia are integral to the purpose of

the election allowed pursuant to this section. If any provision of this section is for any reason held to be invalid or unconstitutional by the decision of a court of competent jurisdiction, that provision shall not be deemed severable.

*F. Any eligible company, as defined in § 58.1-405.1, that elects to apportion its income pursuant to subsection A may subtract the value of its sales in the Commonwealth during the taxable year from the numerator of the ratio in subdivision A 3. Such eligible company may make such modification for the taxable year in which it first becomes eligible and for the six subsequent, consecutive taxable years, except for any year in which the eligible company's (i) total, cumulative new capital investment falls below the applicable initial threshold or (ii) number of new jobs falls below the applicable initial threshold.*

**§ 58.1-422.1. Retail companies; apportionment.**

A. For taxable years beginning on or after July 1, 2012, the Virginia taxable income of a retail company, excluding income allocable under § 58.1-407, shall be apportioned within and without the Commonwealth as follows:

1. From July 1, 2012, until July 1, 2014, by multiplying such income by a fraction, the numerator of which is the property factor plus the payroll factor plus triple the sales factor and the denominator of which is five, except that when the sales factor does not exist, the denominator of the fraction shall be the number of existing factors, and when the sales factor exists but the payroll factor or property factor does not exist, the denominator of the fraction shall be the number of existing factors plus two;

2. From July 1, 2014, until July 1, 2015, by multiplying such income by a fraction, the numerator of which is the property factor plus the payroll factor plus quadruple the sales factor and the denominator of which is six, except that when the sales factor does not exist, the denominator of the fraction shall be the number of existing factors, and when the sales factor exists but the payroll factor or property factor does not exist, the denominator of the fraction shall be the number of existing factors plus three; and

3. From July 1, 2015, and thereafter, by multiplying such income by the sales factor.

B. As used in this section, "retail company" means a domestic or foreign corporation primarily engaged in activities that, in accordance with the North American Industry Classification System (NAICS), United States Manual, United States Office of Management and Budget, 1997 Edition, would be included in Sectors 44-45.

*C. Any eligible company, as defined in § 58.1-405.1, may subtract the value of its sales in the Commonwealth during the taxable year from the numerator of the ratio in subdivision A 3. Such eligible company may make such modification for the taxable year in which it first becomes eligible and for the six subsequent, consecutive taxable years, except for any year in which the eligible company's (i) total, cumulative new capital investment falls below the applicable initial threshold or (ii) number of new jobs falls below the applicable initial threshold.*

**§ 58.1-422.2. Apportionment; taxpayers with enterprise data center operations.**

A. For taxable years beginning on or after July 1, 2016, the Virginia taxable income of taxpayers with enterprise data center operations, excluding income allocable under § 58.1-407, shall be apportioned within and without the Commonwealth as follows:

1. From July 1, 2016, until July 1, 2017, by multiplying such income by a fraction, the numerator of which is the property factor plus the payroll factor plus quadruple the sales factor and the denominator of which is six, except that when the sales factor does not exist, the denominator of the fraction shall be the number of existing factors, and when the sales factor exists but the payroll factor or property factor does not exist, the denominator of the fraction shall be the number of existing factors plus three; and

2. From July 1, 2017, and thereafter, by multiplying such income by the sales factor.

B. As used in this section:

"Enterprise data center operations" means operations that (i) physically house information technology equipment such as servers, switches, routers, data storage devices, or related equipment; (ii) manage and process digital data and information to provide application services or management for data processing, such as web hosting, Internet, intranet, telecommunication, and information technology; (iii) are developed and owned by the taxpayer; and (iv) are operated by the taxpayer or any of its affiliates substantially for their own use.

C. The provisions of this section requiring an apportionment formula for taxpayers with enterprise data center operations shall apply only to taxpayers that have entered into a memorandum of understanding with the Virginia Economic Development Partnership Authority on or after July 1, 2015, to make a new capital investment of at least \$150 million in an enterprise data center in the Commonwealth on or after such date. The apportionment formula under this section shall apply to such taxpayers beginning with the taxable year for which the Virginia Economic Development Partnership Authority provides a written certification to the taxpayer that the new capital investment has been completed.

D. The General Assembly of Virginia finds that capital investment in data centers is essential to the continued fiscal health of the Commonwealth. In this modern economy, states often compete for quality data centers. Accordingly, the provisions of subsection C relating to capital investment in enterprise data centers are integral to the purpose of this section. If any provision of this section is for any reason held to be invalid or unconstitutional by the decision of a court of competent jurisdiction, that provision shall not be deemed severable.

*E. Any eligible company, as defined in § 58.1-405.1, that apportions its income pursuant to this section may subtract the value of its sales in the Commonwealth during the taxable year from the numerator of the ratio in subdivision A 2. Such eligible company may make such modification for the taxable year in which it first becomes eligible and for the six subsequent, consecutive taxable years, except for any year in which the eligible company's (i) total, cumulative new capital investment falls below the applicable initial threshold or (ii) number of new jobs falls below the applicable initial threshold.*

2. That the Virginia Economic Development Partnership Authority shall promulgate guidelines regarding the certification process described in subsection B of § 58.1-405.1 of the Code of Virginia, as created by this act, and that the Department of Taxation shall promulgate guidelines regarding the modifications to apportionment formulae described in §§ 58.1-405, 58.1-408, 58.1-417, 58.1-418, 58.1-419, 58.1-420, 58.1-422, 58.1-422.1, and 58.1-422.2 of the Code of Virginia, as amended by this act.

3. That any eligible company, as defined in § 58.1-405.1 of the Code of Virginia, as created by this act, that apportions its income pursuant to the provisions of this act shall include with its income tax return information regarding the modification of its apportionment method pursuant to this act, including the amounts subtracted from the relevant apportionment factors. The Department of Taxation shall use such information to compute the fiscal savings to such companies and shall report annually by the first day of each regular session of the General Assembly to the Chairmen of the House Committee on Appropriations, the House Committee on Finance, and the Senate Committee on Finance the number of returns processed during the prior fiscal year for eligible companies that claimed a modified method of apportionment under this act and the estimated revenue impact of such modified methods of apportionment.

## CHAPTER 802

*An Act to amend and reenact §§ 2.2-115, 58.1-405, 58.1-408, 58.1-417 through 58.1-420, 58.1-422, 58.1-422.1, and 58.1-422.2 of the Code of Virginia and to amend the Code of Virginia by adding sections numbered 15.2-958.2:01 and 58.1-405.1, relating to income tax; modification for certain companies; grants.*

[H 222]

Approved April 9, 2018

**Be it enacted by the General Assembly of Virginia:**

1. That §§ 2.2-115, 58.1-405, 58.1-408, 58.1-417 through 58.1-420, 58.1-422, 58.1-422.1, and 58.1-422.2 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding sections numbered 15.2-958.2:01 and 58.1-405.1 as follows:

### § 2.2-115. Commonwealth's Development Opportunity Fund.

A. As used in this section, unless the context requires otherwise:

"New job" means employment of an indefinite duration, created as the direct result of the private investment, for which the firm pays the wages and standard fringe benefits for its employee, requiring a minimum of either (i) 35 hours of the employee's time a week for the entire normal year of the firm's operations, which "normal year" must consist of at least 48 weeks or (ii) 1,680 hours per year.

Seasonal or temporary positions, positions created when a job function is shifted from an existing location in the Commonwealth to the location of the economic development project, positions with suppliers, and multiplier or spin-off jobs shall not qualify as new jobs. The term "new job" shall include positions with contractors provided that all requirements included within the definition of the term are met.

"Prevailing average wage" means that amount determined by the Virginia Employment Commission to be the average wage paid workers in the city or county of the Commonwealth where the economic development project is located. The prevailing average wage shall be determined without regard to any fringe benefits.

"Private investment" means the private investment required under this section.

B. There is created the Commonwealth's Development Opportunity Fund (the Fund) to be used by the Governor to attract economic development prospects and secure the expansion of existing industry in the Commonwealth. The Fund shall consist of any funds appropriated to it by the general appropriation act and revenue from any other source, public or private. The Fund shall be established on the books of the Comptroller, and any funds remaining in the Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on the Fund shall be credited to the Fund. The Governor shall report to the Chairmen of the House Committees on Appropriations and Finance and the Senate Committee on Finance as funds are awarded in accordance with this section.

C. Funds shall be awarded from the Fund by the Governor as grants or loans to political subdivisions. The criteria for making such grants or loans shall include (i) job creation, (ii) private capital investment, and (iii) anticipated additional state tax revenue expected to accrue to the state and affected localities as a result of the capital investment and jobs created. Loans shall be approved by the Governor and made in accordance with guidelines established by the Virginia Economic Development Partnership and approved by the Comptroller. Loans shall be interest-free unless otherwise determined by the Governor and shall be repaid to the Fund. The Governor may establish the interest rate to be charged; otherwise, any interest charged shall be at market rates as determined by the State Treasurer and shall be indicative of the duration of the loan. The Virginia Economic Development Partnership shall be responsible for monitoring repayment of such loans and reporting the receivables to the Comptroller as required.

Beginning with the five fiscal years from fiscal year 2006-2007 through fiscal year 2010-2011, and for every five fiscal years' period thereafter, in general, no less than one-third of the moneys appropriated to the Fund in every such five-year period shall be awarded to counties and cities having an annual average unemployment rate that is greater than the final statewide average unemployment rate for the calendar year that immediately precedes the calendar year of the award.

However, if such one-third requirement will not be met because economic development prospects in such counties and cities are unable to fulfill the applicable minimum private investment and new jobs requirements set forth in this section, then any funds remaining in the Fund at the end of the five-year period that would have otherwise been awarded to such counties and cities shall be made available for awards in the next five fiscal years' period.

D. Funds may be used for public and private utility extension or capacity development on and off site; public and private installation, extension, or capacity development of high-speed or broadband Internet access, whether on or off site; road, rail, or other transportation access costs beyond the funding capability of existing programs; site acquisition; grading, drainage, paving, and any other activity required to prepare a site for construction; construction or build-out of publicly or privately owned buildings; training; or grants or loans to an industrial development authority, housing and redevelopment authority, or other political subdivision for purposes directly relating to any of the foregoing. However, in no case shall funds from the Fund be used, directly or indirectly, to pay or guarantee the payment for any rental, lease, license, or other contractual right to the use of any property.

It shall be the policy of the Commonwealth that moneys in the Fund shall not be used for any economic development project in which a business relocates or expands its operations in one or more Virginia localities and simultaneously closes its operations or substantially reduces the number of its employees in another Virginia locality, unless the procedures set forth in § 30-310 are followed. The Secretary of Commerce and Trade shall enforce this policy and for any exception thereto shall, pursuant to § 30-310, submit such projects to the MEI Project Approval Commission established pursuant to § 30-309.

E. 1. a. Except as provided in this subdivision, no grant or loan shall be awarded from the Fund unless the project involves a minimum private investment of \$5 million and creates at least 50 new jobs for which the average wage, excluding fringe benefits, is no less than the prevailing average wage. For projects, including but not limited to projects involving emerging technologies, for which the average wage of the new jobs created, excluding fringe benefits, is at least twice the prevailing average wage for that locality or region, the Governor shall have the discretion to require no less than one-half the number of new jobs as set forth for that locality in this subdivision.

b. Notwithstanding the provisions of subdivision a, a grant or loan may be awarded from the Fund if the project involves a minimum private investment of \$100 million and creates at least 25 new jobs for which the average wage, excluding fringe benefits, is no less than the prevailing average wage.

2. Notwithstanding the provisions of subdivision 1 a, in localities (i) with an annual unemployment rate for the most recent calendar year for which such data is available that is greater than the final statewide average unemployment rate for that calendar year or (ii) with a poverty rate for the most recent calendar year for which such data is available that exceeds the statewide average poverty rate for that year, a grant or loan may be awarded from the Fund pursuant to subdivision 1 a if the project involves a minimum private investment of \$2.5 million and creates at least 25 new jobs for which the average wage, excluding fringe benefits, is no less than 85 percent of the prevailing average wage.

3. Notwithstanding the provisions of subdivisions 1 a and 2, in localities (i) with an annual unemployment rate for the most recent calendar year for which such data is available that is greater than the final statewide average unemployment rate for that calendar year and (ii) with a poverty rate for the most recent calendar year for which such data is available that exceeds the statewide average poverty rate for that year, a grant or loan may be awarded from the Fund pursuant to such subdivisions if the project involves a minimum private investment of \$1.5 million and creates at least 15 new jobs for which the average wage, excluding fringe benefits, is no less than 85 percent of the prevailing average wage.

4. For projects that are eligible under subdivision 2 or 3, the average wage of the new jobs, excluding fringe benefits, shall be no less than 85 percent of the prevailing average wage. In addition, for projects in such localities, the Governor may award a grant or loan for a project paying less than 85 percent of the prevailing average wage but still providing customary employee benefits, only after the Secretary of Commerce and Trade has made a written finding that the economic circumstances in the area are sufficiently distressed (i.e., high unemployment or underemployment and negative economic forecasts) that assistance to the locality to attract the project is nonetheless justified. However, the minimum private investment and number of new jobs required to be created as set forth in this subsection shall still be a condition of eligibility for an award from the Fund. Such written finding shall promptly be provided to the chairs of the Senate Committee on Finance and the House Committee on Appropriations.

F. 1. The Virginia Economic Development Partnership shall assist the Governor in developing objective guidelines and criteria that shall be used in awarding grants or making loans from the Fund. The guidelines may require that as a condition of receiving any grant or loan incentive that is based on employment goals, a recipient company must provide copies of employer quarterly payroll reports that have been provided to the Virginia Employment Commission to verify the employment status of any position included in the employment goal. The guidelines may include a requirement for the affected locality or localities to provide matching funds which may be cash or in-kind, at the discretion of the Governor. The guidelines and criteria shall include provisions for geographic diversity and a cap on the amount of funds to be provided to any individual project. At the discretion of the Governor, this cap may be waived for qualifying projects of regional or statewide interest. In developing the guidelines and criteria, the Virginia Economic Development Partnership shall use the measure for Fiscal Stress published by the Commission on Local Government of the Department of Housing and Community Development for the locality in which the project is located or will be located as one method of determining the amount of assistance a locality shall receive from the Fund.

2. a. Notwithstanding any provision in this section or in the guidelines, each political subdivision that receives a grant or loan from the Fund shall enter into a contract with each business beneficiary of funds from the Fund. A person or entity shall be a business beneficiary of funds from the Fund if grant or loan moneys awarded from the Fund by the Governor are paid to a political subdivision and (i) subsequently distributed by the political subdivision to the person or entity or (ii) used by the political subdivision for the benefit of the person or entity but never distributed to the person or entity.

b. The contract between the political subdivision and the business beneficiary shall provide in detail (i) the fair market value of all funds that the Commonwealth has committed to provide, (ii) the fair market value of all matching funds (or in-kind match) that the political subdivision has agreed to provide, (iii) how funds committed by the Commonwealth (including but not limited to funds from the Fund committed by the Governor) and funds that the political subdivision has agreed to provide are to be spent, (iv) the minimum private investment to be made and the number of new jobs to be created agreed to by the business beneficiary, (v) the average wage (excluding fringe benefits) agreed to be paid in the new jobs, (vi) the prevailing average wage, and (vii) the formula, means, or processes agreed to be used for measuring compliance with the minimum private investment and new jobs requirements, including consideration of any layoffs instituted by the business beneficiary over the course of the period covered by the contract.

The contract shall state the date by which the agreed upon private investment and new job requirements shall be met by the business beneficiary of funds from the Fund and may provide for the political subdivision to grant up to a 15-month extension of such date if deemed appropriate by the political subdivision subsequent to the execution of the contract. Any extension of such date granted by the political subdivision shall be in writing and promptly delivered to the business beneficiary, and the political subdivision shall simultaneously provide a copy of the extension to the Virginia Economic Development Partnership.

The contract shall provide that if the private investment and new job contractual requirements are not met by the expiration of the date stipulated in the contract, including any extension granted by the political subdivision, the business beneficiary shall be liable to the political subdivision for repayment of a portion of the funds provided under the contract. The contract shall include a formula for purposes of determining the portion of such funds to be repaid. The formula shall, in part, be based upon the fair market value of all funds that have been provided by the Commonwealth and the political subdivision and the extent to which the business beneficiary has met the private investment and new job contractual requirements. Any such funds repaid to the political subdivision that relate to the award from the Commonwealth's Development Opportunity Fund shall promptly be paid over by the political subdivision to the Commonwealth by payment remitted to the State Treasurer. Upon receipt by the State Treasurer of such payment, the Comptroller shall deposit such repaid funds into the Commonwealth's Development Opportunity Fund.

c. The contract shall be amended to reflect changes in the funds committed by the Commonwealth or agreed to be provided by the political subdivision.

d. Notwithstanding any provision in this section or in the guidelines, whenever layoffs instituted by a business beneficiary over the course of the period covered by a contract cause the net total number of the new jobs created to be fewer than the number agreed to, then the business beneficiary shall return the portion of any funds received pursuant to the repayment formula established by the contract.

3. Notwithstanding any provision in this section or in the guidelines, prior to executing any such contract with a business beneficiary, the political subdivision shall provide a copy of the proposed contract to the Attorney General. The Attorney General shall review the proposed contract (i) for enforceability as to its provisions and (ii) to ensure that it is in appropriate legal form. The Attorney General shall provide any written suggestions to the political subdivision within seven days of his receipt of the copy of the contract. The Attorney General's suggestions shall be limited to the enforceability of the contract's provisions and the legal form of the contract.

4. Notwithstanding any provision in this section or in the guidelines, a political subdivision shall not expend, distribute, pledge, use as security, or otherwise use any award from the Fund unless and until such contract as described herein is executed with the business beneficiary.

G. Within the 30 days immediately following June 30 and December 30 of each year, the Governor shall provide a report to the Chairmen of the House Committees on Appropriations and Finance and the Senate Committee on Finance which shall include, but is not limited to, the following information regarding grants and loans awarded from the Fund during the immediately preceding six-month period for economic development projects: the name of the company that is the business beneficiary of the grant or loan and the type of business in which it engages; the location (county, city, or town) of the project; the amount of the grant or loan committed from the Fund and the amount of all other funds committed by the Commonwealth from other sources and the purpose for which such grants, loans, or other funds will be used; the amount of all moneys or funds agreed to be provided by political subdivisions and the purposes for which they will be used; the number of new jobs agreed to be created by the business beneficiary; the amount of investment in the project agreed to be made by the business beneficiary; the timetable for the completion of the project and new jobs created; the prevailing average wage; and the average wage (excluding fringe benefits) agreed to be paid in the new jobs.

H. The Governor shall provide grants and commitments from the Fund in an amount not to exceed the dollar amount contained in the Fund. If the Governor commits funds for years beyond the fiscal years covered under the existing appropriation act, the State Treasurer shall set aside and reserve the funds the Governor has committed, and the funds shall remain in the Fund for those future fiscal years. No grant or loan shall be payable in the years beyond the existing appropriation act unless the funds are currently available in the Fund.

I. On a quarterly basis, the Virginia Economic Development Partnership shall notify the Governor, his campaign committee, and his political action committee of awards from the Fund made in the prior quarter. Within 18 months of the date of each award from the Fund, the Governor, his campaign committee, and his political action committee shall submit to the Virginia Conflict of Interest and Ethics Advisory Council established in § 30-355 a report listing any contribution, gift, or other item with a value greater than \$100 provided by the business beneficiary of such award to the Governor, his campaign committee, or his political action committee, respectively, during (i) the period in which the business beneficiary's application for such award was pending and (ii) the one-year period immediately after any such award was made.

*J. 1. Notwithstanding any provision of this section, the Governor may give grants or loans to any eligible company, as defined in § 58.1-405.1, provided that such company shall be required to distribute at least half of such grant or loan to its employees in jobs located in a qualified locality, as defined in § 58.1-405.1. If the Governor gives a grant or loan pursuant to this subsection, it shall not be required to meet other provisions in this section, including provisions, restrictions, and procedural requirements related to job creation, investment, local matching funds, or contracts with business beneficiaries.*

*2. The grant or loan shall not exceed \$2,000 per new job, as defined in § 58.1-405.1; however, the Governor may give a new grant or loan each year to the same eligible company.*

*3. An eligible company's eligibility for or receipt of a grant or loan pursuant to this subsection shall not prevent it from receiving any other grant or loan for which it may be qualified pursuant to this section.*

**§ 15.2-958.2:01. Grants for certain corporations and pass-through entities.**

*A. The counties and cities listed in subsection B may give grants or loans to any eligible company, as defined in § 58.1-405.1.*

*B. The counties and cities that may give grants pursuant to subsection A are:*

*1. The Counties of Alleghany, Bland, Buchanan, Carroll, Craig, Dickenson, Giles, Grayson, Lee, Russell, Scott, Smyth, Tazewell, Washington, Wise, and Wythe and the Cities of Bristol, Galax, and Norton;*

*2. The Counties of Amelia, Appomattox, Buckingham, Charlotte, Cumberland, Halifax, Henry, Lunenburg, Mecklenburg, Nottoway, Patrick, Pittsylvania, and Prince Edward and the Cities of Danville and Martinsville;*

*3. The Counties of Accomack, Caroline, Essex, Gloucester, King and Queen, King William, Lancaster, Mathews, Middlesex, Northampton, Northumberland, Richmond, and Westmoreland; and*

*4. The Counties of Brunswick and Dinwiddie and the City of Petersburg.*

**§ 58.1-405. Corporations transacting or conducting entire business within this Commonwealth.**

*¶ Except as provided in § 58.1-405.1, if the entire business of the corporation is transacted or conducted within the Commonwealth, the tax imposed by this chapter shall be upon the entire Virginia taxable income of such corporation for each taxable year; however, if such corporation is certified by the Virginia Economic Development Partnership Authority as an eligible company pursuant to § 58.1-405.1, it may elect to (i) apportion its income between qualified localities, as defined in § 58.1-405.1, and other localities in the Commonwealth, provided that it shall not apportion any of its income to a state other than Virginia and (ii) utilize any modification for which it may be eligible pursuant to the provisions of § 58.1-408, 58.1-417, 58.1-418, 58.1-419, 58.1-420, 58.1-422, 58.1-422.1, or 58.1-422.2, as applicable. The entire business of the corporation shall be deemed to have been transacted or conducted within the Commonwealth if such corporation is not subject in any other state to a net income tax, a franchise tax measured by net income, or a franchise tax for the privilege of doing business.*

**§ 58.1-405.1. Eligibility of companies for apportionment modification; certification by the Virginia Economic Development Partnership Authority.**

*A. For purposes of this section:*

*"Authority" means the Virginia Economic Development Partnership Authority.*

*"Eligible company" means a corporation or pass-through entity, as defined in § 58.1-390.1, that does not have any existing property or payroll in Virginia as of January 1, 2018, and on or after January 1, 2018, but before January 1, 2025, (i) either (a) spends at least \$5 million on new capital investment in a qualified locality or qualified localities and creates at least 10 new jobs in a qualified locality or qualified localities or (b) creates at least 50 new jobs in a qualified locality or qualified localities; (ii) is a traded-sector company; and (iii) is certified by the Authority as generating a positive fiscal impact pursuant to subsection B.*

*"New capital investment" means real property acquired in a qualified locality or qualified localities on or after January 1, 2018, but before January 1, 2025, and any improvements to real property in a qualified locality or qualified localities on or after January 1, 2018, but before January 1, 2025.*

*"New job" means a permanent, full-time position of indefinite duration that pays at least 150 percent of the minimum wage, as defined in the Virginia Minimum Wage Act (§ 40.1-28.8 et seq.), and that requires a minimum of (i) 35 hours of an employee's time a week for the entire normal year of the eligible company's operations, which normal year shall consist of at least 48 weeks, or (ii) 1,680 hours per year.*

*"Qualified development site" means real property that is in a locality adjacent to a qualified locality and, before January 1, 2018, either (i) was owned or partly owned by a qualified locality or an industrial development authority of which a qualified locality is a member or (ii) was owned or partly owned by a locality or industrial development authority, was leased to a private party, and was subject to a revenue-sharing agreement providing that a portion of the revenues from*

the lease would be distributed to a qualified locality. "Qualified development site" does not include real property that is not owned by the Commonwealth or a political subdivision thereof.

"Qualified locality" means (i) the County of Alleghany, Bland, Buchanan, Carroll, Craig, Dickenson, Giles, Grayson, Lee, Russell, Scott, Smyth, Tazewell, Washington, Wise, or Wythe or the City of Bristol, Galax, or Norton; (ii) the County of Amelia, Appomattox, Buckingham, Charlotte, Cumberland, Halifax, Henry, Lunenburg, Mecklenburg, Nottoway, Patrick, Pittsylvania, or Prince Edward or the City of Danville or Martinsville; (iii) the County of Accomack, Caroline, Essex, Gloucester, King and Queen, King William, Lancaster, Mathews, Middlesex, Northampton, Northumberland, Richmond, or Westmoreland; or (iv) the County of Brunswick or Dinwiddie or the City of Petersburg. "Qualified locality" includes a qualified development site.

"Traded-sector company" means a company that directly or indirectly derives more than 50 percent of its revenue from out-of-state sources.

B. 1. The Authority shall determine whether a company will generate a positive fiscal impact based on the following factors: (i) job creation; (ii) private capital investment; and (iii) anticipated additional state and local tax revenue. The Authority also shall consider the additional revenue the Commonwealth likely would expend in and for the localities if the economy in the localities continues to erode. In making its determination, the Authority shall consult with the Department regarding the revenue impact of certifying such company. The Authority shall certify a company only if it determines such company will generate a positive fiscal impact.

2. The Authority shall deny certification to any company if it determines such taxpayer has engaged in a merger, acquisition, similar business combination, name change, change in business form, or other transaction the primary purpose of which is to obtain status as an eligible company.

3. The Authority shall make an annual re-certification according to subdivision B 1, and no company shall remain an eligible company for any taxable year that the Authority does not grant re-certification.

C. Any eligible company may elect to apportion its income pursuant to the provisions of § 58.1-408, 58.1-417, 58.1-418, 58.1-419, 58.1-420, 58.1-422, 58.1-422.1, or 58.1-422.2, as applicable. However, if the entire business of an eligible company is transacted or conducted within the Commonwealth, it shall not apportion its income pursuant to this subsection but may elect to apportion its income pursuant to the provisions of § 58.1-405.

#### **§ 58.1-408. What income apportioned and how.**

A. The Virginia taxable income of any corporation, except those subject to the provisions of § 58.1-417, 58.1-418, 58.1-419, 58.1-420, 58.1-422, 58.1-422.1, or 58.1-422.2, excluding income allocable under § 58.1-407, shall be apportioned to the Commonwealth by multiplying such income by a fraction, the numerator of which is the property factor plus the payroll factor, plus twice the sales factor, and the denominator of which is four; however, where the sales factor does not exist, the denominator of the fraction shall be the number of existing factors and where the sales factor exists but the payroll factor or the property factor does not exist, the denominator of the fraction shall be the number of existing factors plus one.

B. Any eligible company, as defined in § 58.1-405.1, may subtract from the numerator of the corresponding factor the value of its (i) property acquired in any qualified locality or qualified localities, as defined in § 58.1-405.1, on or after January 1, 2018, but before January 1, 2025; (ii) payroll attributable to jobs created on or after January 1, 2018, but before January 1, 2025, in any qualified locality or qualified localities; and (iii) sales in the Commonwealth during the taxable year. Such eligible company may make such modification for the taxable year in which it first becomes eligible and for the six subsequent, consecutive taxable years, except for any year in which the eligible company's (a) total, cumulative new capital investment falls below the applicable initial threshold or (b) number of new jobs falls below the applicable initial threshold.

#### **§ 58.1-417. Motor carriers; apportionment.**

A. Motor carriers of property or passengers shall apportion their net apportionable income to this Commonwealth by the use of the ratio of vehicle miles in this Commonwealth to total vehicle miles of the corporation everywhere. For the purposes of this section the words "vehicle miles" in the case of motor carriers of property shall mean miles traveled by vehicles (whether owned or operated by the corporation) hauling property for a charge or traveling on a scheduled route. In the case of motor carriers of passengers the same shall mean miles traveled by vehicles (whether owned or operated by the corporation) carrying passengers for a fare or traveling on a scheduled route.

B. The provisions of subsection A shall not be applicable to a carrier:

1. Which neither owns nor rents real or tangible personal property within this Commonwealth, except vehicles, which has made no pick-ups or deliveries within this Commonwealth, and which has traveled less than 50,000 vehicle miles in this Commonwealth in the taxable year; or

2. Which neither owns nor rents any real or tangible personal property within this Commonwealth, except vehicles, and which makes no more than twelve round trips into this Commonwealth during a taxable year.

The mileage traveled under 50,000 miles or the mileage traveled in such round trips, however, may not represent more than 5 percent of the total miles annually traveled in all states by such carrier.

C. Any eligible company, as defined in § 58.1-405.1, may subtract its vehicle miles traveled in any qualified locality or qualified localities, as defined in § 58.1-405.1, during the taxable year from the numerator of the ratio in subsection A. Such eligible company may make such modification for the taxable year in which it first becomes eligible and for the six subsequent, consecutive taxable years, except for any year in which the eligible company's (i) total, cumulative new capital investment falls below the applicable initial threshold or (ii) number of new jobs falls below the applicable initial threshold.

**§ 58.1-418. Financial corporations; apportionment.**

A. The Virginia taxable income of a financial corporation, as defined herein, excluding income allocable under § 58.1-407, shall be apportioned within and without this Commonwealth in the ratio that the business within this Commonwealth is to the total business of the corporation. Business within this Commonwealth shall be based on cost of performance in the Commonwealth over cost of performance everywhere.

B. "Financial corporation" means any corporation not exempted from the imposition of tax under the provisions of § 58.1-401, which derives more than seventy percent of its gross income from the classes of income enumerated in subdivisions 1 through 4 below, without reference to the state wherein such income is earned, including but not limited to small loan companies, sales finance companies, brokerage companies and investment companies:

1. Fees, commissions, other compensation for financial services rendered;
2. Gross profits from trading in stocks, bonds, or other securities;
3. Interest; and
4. Dividends received to the extent included in Virginia taxable income.

C. In computing the amounts referred to in subdivisions 1 through 4 of subsection B of this section, any amount received by a member of an affiliated group, determined under § 1504(a) of the Internal Revenue Code but without reference to whether any such corporation is an includable corporation under § 1504(b) of the Internal Revenue Code, from another member of such group shall be included only to the extent such amount exceeds expenses of the recipient directly related thereto.

*D. Any eligible company, as defined in § 58.1-405.1, may subtract the value of its business within any qualified locality or qualified localities, as defined in § 58.1-405.1, during the taxable year from the numerator of the ratio in subsection A. Such eligible company may make such modification for the taxable year in which it first becomes eligible and for the six subsequent, consecutive taxable years, except for any year in which the eligible company's (i) total, cumulative new capital investment falls below the applicable initial threshold or (ii) number of new jobs falls below the applicable initial threshold.*

**§ 58.1-419. Construction corporations; apportionment.**

A. Construction companies which have elected to report income on the completed contract basis shall apportion income within and without this Commonwealth in the ratio that the business within the Commonwealth is to the total business of the corporation.

B. All other construction corporations not reporting under the completed contract method shall determine Virginia taxable income by reference to §§ 58.1-406 through 58.1-416.

*C. Any eligible company, as defined in § 58.1-405.1, may subtract the value of its business within any qualified locality or qualified localities, as defined in § 58.1-405.1, during the taxable year from the numerator of the ratio in subsection A. Such eligible company may make such modification for the taxable year in which it first becomes eligible and for the six subsequent, consecutive taxable years, except for any year in which the eligible company's (i) total, cumulative new capital investment falls below the applicable initial threshold or (ii) number of new jobs falls below the applicable initial threshold.*

**§ 58.1-420. Railway companies; apportionment.**

A. Notwithstanding the provisions of § 58.1-408, railway companies shall determine their net apportionable income to the Commonwealth by multiplying the Virginia taxable income of such company, excluding the classes of income allocable under § 58.1-407, by the use of the ratio of revenue car miles in the Commonwealth to total revenue car miles of the company everywhere. For the purposes of this section, "revenue car mile" in the case of railway carriers of property or passengers means the movement of a unit of loaded car equipment a distance of one mile. The loaded car miles shall be determined in accordance with the Uniform System of Accounts for Railroad Companies of the Interstate Commerce Commission.

*B. Any eligible company, as defined in § 58.1-405.1, may subtract its revenue car miles traveled in any qualified locality or qualified localities, as defined in § 58.1-405.1, during the taxable year from the numerator of the ratio in subsection A. Such eligible company may make such modification for the taxable year in which it first becomes eligible and for the six subsequent, consecutive taxable years, except for any year in which the eligible company's (i) total, cumulative new capital investment falls below the applicable initial threshold or (ii) number of new jobs falls below the applicable initial threshold.*

**§ 58.1-422. Manufacturing companies; apportionment.**

A. For taxable years beginning on or after July 1, 2011, the Virginia taxable income of a manufacturing company, excluding income allocable under § 58.1-407, may be apportioned within and without the Commonwealth as provided in § 58.1-408 or as follows:

1. From July 1, 2011, until July 1, 2013, by multiplying such income by a fraction, the numerator of which is the property factor plus the payroll factor plus triple the sales factor and the denominator of which is five, except when the sales factor does not exist, the denominator of the fraction shall be the number of existing factors, and when the sales factor exists but the payroll factor or property factor does not exist, the denominator of the fraction shall be the number of existing factors plus two;

2. From July 1, 2013, until July 1, 2014, by multiplying such income by a fraction, the numerator of which is the property factor plus the payroll factor plus quadruple the sales factor and the denominator of which is six, except when the sales factor does not exist, the denominator of the fraction shall be the number of existing factors, and when the sales factor

exists but the payroll factor or property factor does not exist, the denominator of the fraction shall be the number of existing factors plus three; and

3. From July 1, 2014, and thereafter, by multiplying such income by the sales factor.

B. If the taxpayer makes one or more of the elections described in subdivision A 1, A 2, or A 3, the taxpayer may not revoke the election for a period of three taxable years.

In addition, the taxpayer shall certify to the Department that the average weekly wage of its full-time employees is greater than the lower of the state or local average weekly wages for the taxpayer's industry.

C. If the average annual number of full-time employees of a manufacturing company for the first three taxable years (in which the manufacturing company used the alternative apportionment set forth in this section) is less than 90 percent of the base year employment, or the average wage of its full-time employees as certified by the taxpayer is not greater than the lower of the state or local average weekly wage, then the Department of Taxation shall assess the manufacturing company with additional taxes pursuant to this article computed as the difference between (i) the taxes that would have been due under the apportionment formula provided under § 58.1-408 for such three taxable years, minus (ii) the taxes due under the alternative apportionment provided under this section for such three taxable years. Interest shall accrue and shall be assessed on such additional taxes at the rate prescribed under § 58.1-15, with such interest accruing from the original due date for filing of the income tax return to the date of payment of such additional taxes.

Such additional taxes and interest are hereby imposed on manufacturing companies using the alternative apportionment set forth in this section.

D. As used in this section, unless the context requires another meaning:

"Base year employment" means the average number of full-time employees employed by the manufacturing company in the Commonwealth in the taxable year that ended immediately prior to the first taxable year in which the manufacturing company used the alternative apportionment set forth in this section.

"Full-time employee" means an employee of a manufacturing company who is employed for an indefinite duration in the Commonwealth for which the standard fringe benefits are paid by the manufacturing company, for which employment requires a minimum of either (i) 35 hours of an employee's time per week for the entire normal year of such manufacturing company's operations, which "normal year" shall consist of at least 48 weeks, or (ii) 1,680 hours per year.

"Manufacturing company" means a domestic or foreign corporation primarily engaged in activities that, in accordance with the North American Industrial Classification System (NAICS), United States Manual, United States Office of Management and Budget, 1997 Edition, would be included in Sector 11, 31, 32, or 33.

E. The General Assembly of Virginia finds that job creation is essential to the continued fiscal health of the Commonwealth. In this modern economy, states often compete for quality manufacturing jobs. Accordingly, the provisions of this section relating to manufacturing companies that increase their employment in Virginia are integral to the purpose of the election allowed pursuant to this section. If any provision of this section is for any reason held to be invalid or unconstitutional by the decision of a court of competent jurisdiction, that provision shall not be deemed severable.

*F. Any eligible company, as defined in § 58.1-405.1, that elects to apportion its income pursuant to subsection A may subtract the value of its sales in the Commonwealth during the taxable year from the numerator of the ratio in subdivision A 3. Such eligible company may make such modification for the taxable year in which it first becomes eligible and for the six subsequent, consecutive taxable years, except for any year in which the eligible company's (i) total, cumulative new capital investment falls below the applicable initial threshold or (ii) number of new jobs falls below the applicable initial threshold.*

**§ 58.1-422.1. Retail companies; apportionment.**

A. For taxable years beginning on or after July 1, 2012, the Virginia taxable income of a retail company, excluding income allocable under § 58.1-407, shall be apportioned within and without the Commonwealth as follows:

1. From July 1, 2012, until July 1, 2014, by multiplying such income by a fraction, the numerator of which is the property factor plus the payroll factor plus triple the sales factor and the denominator of which is five, except that when the sales factor does not exist, the denominator of the fraction shall be the number of existing factors, and when the sales factor exists but the payroll factor or property factor does not exist, the denominator of the fraction shall be the number of existing factors plus two;

2. From July 1, 2014, until July 1, 2015, by multiplying such income by a fraction, the numerator of which is the property factor plus the payroll factor plus quadruple the sales factor and the denominator of which is six, except that when the sales factor does not exist, the denominator of the fraction shall be the number of existing factors, and when the sales factor exists but the payroll factor or property factor does not exist, the denominator of the fraction shall be the number of existing factors plus three; and

3. From July 1, 2015, and thereafter, by multiplying such income by the sales factor.

B. As used in this section, "retail company" means a domestic or foreign corporation primarily engaged in activities that, in accordance with the North American Industry Classification System (NAICS), United States Manual, United States Office of Management and Budget, 1997 Edition, would be included in Sectors 44-45.

*C. Any eligible company, as defined in § 58.1-405.1, may subtract the value of its sales in the Commonwealth during the taxable year from the numerator of the ratio in subdivision A 3. Such eligible company may make such modification for the taxable year in which it first becomes eligible and for the six subsequent, consecutive taxable years, except for any year in which the eligible company's (i) total, cumulative new capital investment falls below the applicable initial threshold or (ii) number of new jobs falls below the applicable initial threshold.*

**§ 58.1-422.2. Apportionment; taxpayers with enterprise data center operations.**

A. For taxable years beginning on or after July 1, 2016, the Virginia taxable income of taxpayers with enterprise data center operations, excluding income allocable under § 58.1-407, shall be apportioned within and without the Commonwealth as follows:

1. From July 1, 2016, until July 1, 2017, by multiplying such income by a fraction, the numerator of which is the property factor plus the payroll factor plus quadruple the sales factor and the denominator of which is six, except that when the sales factor does not exist, the denominator of the fraction shall be the number of existing factors, and when the sales factor exists but the payroll factor or property factor does not exist, the denominator of the fraction shall be the number of existing factors plus three; and

2. From July 1, 2017, and thereafter, by multiplying such income by the sales factor.

B. As used in this section:

"Enterprise data center operations" means operations that (i) physically house information technology equipment such as servers, switches, routers, data storage devices, or related equipment; (ii) manage and process digital data and information to provide application services or management for data processing, such as web hosting, Internet, intranet, telecommunication, and information technology; (iii) are developed and owned by the taxpayer; and (iv) are operated by the taxpayer or any of its affiliates substantially for their own use.

C. The provisions of this section requiring an apportionment formula for taxpayers with enterprise data center operations shall apply only to taxpayers that have entered into a memorandum of understanding with the Virginia Economic Development Partnership Authority on or after July 1, 2015, to make a new capital investment of at least \$150 million in an enterprise data center in the Commonwealth on or after such date. The apportionment formula under this section shall apply to such taxpayers beginning with the taxable year for which the Virginia Economic Development Partnership Authority provides a written certification to the taxpayer that the new capital investment has been completed.

D. The General Assembly of Virginia finds that capital investment in data centers is essential to the continued fiscal health of the Commonwealth. In this modern economy, states often compete for quality data centers. Accordingly, the provisions of subsection C relating to capital investment in enterprise data centers are integral to the purpose of this section. If any provision of this section is for any reason held to be invalid or unconstitutional by the decision of a court of competent jurisdiction, that provision shall not be deemed severable.

*E. Any eligible company, as defined in § 58.1-405.1, that apportions its income pursuant to this section may subtract the value of its sales in the Commonwealth during the taxable year from the numerator of the ratio in subdivision A 2. Such eligible company may make such modification for the taxable year in which it first becomes eligible and for the six subsequent, consecutive taxable years, except for any year in which the eligible company's (i) total, cumulative new capital investment falls below the applicable initial threshold or (ii) number of new jobs falls below the applicable initial threshold.*

**2. That the Virginia Economic Development Partnership Authority shall promulgate guidelines regarding the certification process described in subsection B of § 58.1-405.1 of the Code of Virginia, as created by this act, and that the Department of Taxation shall promulgate guidelines regarding the modifications to apportionment formulae described in §§ 58.1-405, 58.1-408, 58.1-417, 58.1-418, 58.1-419, 58.1-420, 58.1-422, 58.1-422.1, and 58.1-422.2 of the Code of Virginia, as amended by this act.**

**3. That any eligible company, as defined in § 58.1-405.1 of the Code of Virginia, as created by this act, that apportions its income pursuant to the provisions of this act shall include with its income tax return information regarding the modification of its apportionment method pursuant to this act, including the amounts subtracted from the relevant apportionment factors. The Department of Taxation shall use such information to compute the fiscal savings to such companies and shall report annually by the first day of each regular session of the General Assembly to the Chairmen of the House Committee on Appropriations, the House Committee on Finance, and the Senate Committee on Finance the number of returns processed during the prior fiscal year for eligible companies that claimed a modified method of apportionment under this act and the estimated revenue impact of such modified methods of apportionment.**

[H 990]

Approved April 9, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That § 30-356.2 of the Code of Virginia is amended and reenacted as follows:**

**§ 30-356.2. Right to grant extensions in special circumstances; civil penalty.**

A. Notwithstanding any other provision of law, any person required to file the disclosure form prescribed in Article 3 or the Acts shall be entitled to an extension where good cause for granting such an extension has been shown, as determined by the Council. Good cause shall include:

1. The death of a relative of the filer, as relative is defined in the definition of "gift" in Article 3 or the Acts.

2. A state of emergency is declared by the Governor pursuant to Chapter 3.2 (§ 44-146.13 et seq.) of Title 44 or declared by the President of the United States or the governor of another state pursuant to law and confirmed by the Governor by an executive order, and such an emergency interferes with the timely filing of disclosure forms. a. The locality shall execute an affidavit, citing this section, to the effect that (i) ~~drug criminal~~ blight exists on the property and in the manner described therein; (ii) the locality has used diligence without effect to abate the ~~drug criminal~~ blight; and (iii) the ~~drug criminal~~ blight constitutes a present threat to the public's health, safety, or welfare.

b. The locality shall then send a notice to the owner of the property, to be sent by ~~regular~~ (i) *certified mail, return receipt requested*; (ii) *hand delivery*; or (iii) *overnight delivery by a commercial service or the United States Postal Service*, to the last address listed for the owner on the locality's assessment records for the property, together with a copy of such affidavit, advising that ~~(i)~~ (a) the owner has up to 30 days from the date thereof to undertake corrective action to abate the ~~drug criminal~~ blight described in such affidavit and ~~(ii)~~ (b) the locality will, if requested to do so, assist the owner in determining and coordinating the appropriate corrective action to abate the ~~drug criminal~~ blight described in such affidavit. *If the owner notifies the locality in writing within the 30-day period that additional time to complete the corrective action is needed, the locality shall allow such owner an extension for an additional 30-day period to take such corrective action.*

c. If no corrective action is undertaken during such 30-day period, *or during the extension if such extension is granted by the locality*, the locality shall send by ~~regular~~ *certified mail, return receipt requested*, an additional notice to the owner of the property, at the address stated in ~~the preceding~~ subdivision b, stating (i) the date on which the locality may commence corrective action to abate the ~~drug criminal~~ blight on the property or (ii) *the date on which the locality may commence legal action in a court of competent jurisdiction to obtain a court order to require that the owner take such corrective action or, if the owner does not take corrective action, a court order to revoke the certificate of occupancy for such property*, which date shall be no earlier than 15 days after the date of mailing of the notice. Such additional notice shall also reasonably describe the corrective action contemplated to be taken by the locality. Upon receipt of such notice, the owner shall have a right, upon reasonable notice to the locality, to seek ~~equitable~~ *judicial relief*, and the locality shall initiate no corrective action while a proper petition for relief is pending before a court of competent jurisdiction.

2. If the locality undertakes corrective action with respect to the property after complying with the provisions of subdivision B 1, the costs and expenses thereof shall be chargeable to and paid by the owner of such property and may be collected by the locality as taxes are collected.

3. Every charge authorized by this section with which the owner of any such property has been assessed and ~~which~~ *that* remains unpaid shall constitute a lien against such property with the same priority as liens for unpaid local real estate taxes and enforceable in the same manner as provided in Articles 3 (§ 58.1-3940 et seq.) and 4 (§ 58.1-3965 et seq.) of Chapter 39 of Title 58.1.

The closing of a proceeding shall not bar the locality from initiating a subsequent proceeding if the ~~drug criminal~~ blight recurs.

D. Nothing in this section shall be construed to abridge, *diminish, limit, or waive any rights or remedies of an owner of property at law or in equity or any permits or nonconforming rights the owner may have under Chapter 22 (§ 15.2-2200 et seq.) or under a local ordinance. If an owner in good faith takes corrective action, and despite having taken such action, the specific criminal blight identified in the affidavit of the locality persists, such owner shall be deemed in compliance with this section. Further, if a tenant in a rental dwelling unit, or a tenant on a manufactured home lot, is the cause of criminal blight on such property and the owner in good faith initiates legal action and pursues the same by requesting a final order by a court of competent jurisdiction, as otherwise authorized by this Code, against such tenant to remedy such noncompliance or to terminate the tenancy, such owner shall be deemed in compliance with this section.*

[H 798]

Approved April 9, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 58.1-408 and 58.1-416 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered § 58.1-422.3 as follows:**

**§ 58.1-408. What income apportioned and how.**

The Virginia taxable income of any corporation, except those subject to the provisions of § 58.1-417, 58.1-418, 58.1-419, 58.1-420, 58.1-422, 58.1-422.1, ~~or~~ 58.1-422.2, or 58.1-422.3, excluding income allocable under § 58.1-407, shall be apportioned to the Commonwealth by multiplying such income by a fraction, the numerator of which is the property factor plus the payroll factor, plus twice the sales factor, and the denominator of which is four; however, where the sales factor does not exist, the denominator of the fraction shall be the number of existing factors and where the sales factor exists

but the payroll factor or the property factor does not exist, the denominator of the fraction shall be the number of existing factors plus one.

**§ 58.1-416. When certain other sales deemed in the Commonwealth.**

A. Sales, other than sales of tangible personal property, are in the Commonwealth if:

1. The income-producing activity is performed in the Commonwealth; or
2. The income-producing activity is performed both in and outside the Commonwealth and a greater proportion of the income-producing activity is performed in the Commonwealth than in any other state, based on costs of performance.

B. For debt buyers, as defined in § 58.1-422.3, sales, other than sales of tangible personal property, are in the Commonwealth if they consist of money recovered on debt that a debt buyer collected from a person who is a resident of the Commonwealth or an entity that has its commercial domicile in the Commonwealth. Such rule shall apply regardless of the location of a debt buyer's business.

C. The taxes under this article on the sales described under subsection B are imposed to the maximum extent permitted under the Constitutions of Virginia and the United States and federal law. For the collection of such taxes on such sales, it is the intent of the General Assembly that the Tax Commissioner and the Department assert the taxpayer's nexus with the Commonwealth to the maximum extent permitted under the Constitutions of Virginia and the United States and federal law.

D. If necessary information is not available to the taxpayer to determine whether a sale other than a sale of tangible personal property is in the Commonwealth pursuant to the provisions of subsections B and C, the taxpayer may estimate the dollar value or portion of such sale in the Commonwealth, provided that the taxpayer can demonstrate to the satisfaction of the Tax Commissioner that (i) the estimate has been undertaken in good faith, (ii) the estimate is a reasonable approximation of the dollar value or portion of such sale in the Commonwealth, and (iii) in using an estimate the taxpayer did not have as a principal purpose the avoidance of any tax due under this article. The Department may implement procedures for obtaining its approval to use an estimate. The Department shall adopt remedies and corrective procedures for cases in which the Department has determined that the sourcing rules for sales other than sales of tangible personal property have been abused by the taxpayer, which may include reliance on the location of income-producing activity and direct costs of performance as described in subsection A.

**§ 58.1-422.3. Debt buyers; apportionment.**

A. As used in this section, "debt buyer" means an entity and its affiliated entities that purchase nonperforming loans from unaffiliated commercial entities that (i) are in default for at least 120 days or (ii) are in bankruptcy proceedings. "Debt buyer" does not include an entity that provides debt collection services for unaffiliated entities.

B. For taxable years beginning on and after January 1, 2019, the Virginia taxable income of a debt buyer, excluding income allocable under § 58.1-407, shall be apportioned within and without the Commonwealth by multiplying such income by the sales factor. For debt buyers, only money recovered on debt that a debt buyer collected from a person who is a resident of the Commonwealth or an entity that has its commercial domicile in the Commonwealth shall be apportioned to the Commonwealth for income tax purposes.

**2. That the Department of Taxation shall develop and make publicly available guidelines implementing the provisions of this act. In developing such guidelines, the Department of Taxation shall not be subject to the provisions of the Administrative Process Act (§ 2.2-4000 et seq. of the Code of Virginia) for guidelines promulgated on or before December 31, 2021, but shall cooperate with and seek the counsel of interested groups and shall not promulgate any guidelines, preliminary or final, without first seeking such counsel and conducting a public hearing. Preliminary guidelines shall be promulgated and made publicly available no later than December 31, 2018, and final guidelines shall be promulgated and made publicly available no later than December 31, 2019. Subsequent to December 31, 2019, the guidelines shall next be updated by December 31, 2021, under the same procedures as required for the preliminary and final guidelines. After December 31, 2021, the guidelines shall be subject to the Administrative Process Act and accorded the weight of regulations under § 58.1-205 of the Code of Virginia.**

A. For purposes of this article, Virginia taxable income for a taxable year means the federal taxable income and any other income taxable to the corporation under federal law for such year of a corporation adjusted as provided in subsections B, C, D, and E.

For a regulated investment company and a real estate investment trust, such term means the "investment company taxable income" and "real estate investment trust taxable income," respectively, to which shall be added in each case any amount of capital gains and any other income taxable to the corporation under federal law which shall be further adjusted as provided in subsections B, C, D, and E.

B. There shall be added to the extent excluded from federal taxable income:

1. Interest, less related expenses to the extent not deducted in determining federal taxable income, on obligations of any state other than Virginia, or of a political subdivision of any such other state unless created by compact or agreement to which the Commonwealth is a party;

2. Interest or dividends, less related expenses to the extent not deducted in determining federal taxable income, on obligations or securities of any authority, commission or instrumentality of the United States, which the laws of the United States exempt from federal income tax but not from state income taxes;

3. [Repealed.]

4. The amount of any net income taxes and other taxes, including franchise and excise taxes, which are based on, measured by, or computed with reference to net income, imposed by the Commonwealth or any other taxing jurisdiction, to the extent deducted in determining federal taxable income;

5. Unrelated business taxable income as defined by § 512 of the Internal Revenue Code;

6. [Repealed.]

7. The amount required to be included in income for the purpose of computing the partial tax on an accumulation distribution pursuant to § 667 of the Internal Revenue Code;

8. a. For taxable years beginning on and after January 1, 2004, the amount of any intangible expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with one or more related members to the extent such expenses and costs were deductible or deducted in computing federal taxable income for Virginia purposes. This addition shall not be required for any portion of the intangible expenses and costs if one of the following applies:

(1) The corresponding item of income received by the related member is subject to a tax based on or measured by net income or capital imposed by Virginia, another state, or a foreign government that has entered into a comprehensive tax treaty with the United States government;

(2) The related member derives at least one-third of its gross revenues from the licensing of intangible property to parties who are not related members, and the transaction giving rise to the expenses and costs between the corporation and the related member was made at rates and terms comparable to the rates and terms of agreements that the related member has entered into with parties who are not related members for the licensing of intangible property; or

(3) The corporation can establish to the satisfaction of the Tax Commissioner that the intangible expenses and costs meet both of the following: (i) the related member during the same taxable year directly or indirectly paid, accrued or incurred such portion to a person who is not a related member, and (ii) the transaction giving rise to the intangible expenses and costs between the corporation and the related member did not have as a principal purpose the avoidance of any portion of the tax due under this chapter.

b. A corporation required to add to its federal taxable income intangible expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of

intangible expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such intangible expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related intangible expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

This addition shall not be required for any portion of the interest expenses and costs, if:

(1) The related member has substantial business operations relating to interest-generating activities, in which the related member pays expenses for at least five full-time employees who maintain, manage, defend or are otherwise responsible for operations or administration relating to the interest-generating activities; and

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in

taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related interest expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

The local department shall notify the local attorney for the Commonwealth and the local law-enforcement agency of all complaints of suspected child abuse or neglect involving (i) any death of a child; (ii) any injury or threatened injury to the child in which a felony or Class 1 misdemeanor is also suspected; (iii) any sexual abuse, suspected sexual abuse or other sexual offense involving a child, including but not limited to the use or display of the child in sexually explicit visual material, as defined in § 18.2-374.1; (iv) any abduction of a child; (v) any felony or Class 1 misdemeanor drug offense involving a child; or (vi) contributing to the delinquency of a minor in violation of § 18.2-371, immediately, but in no case more than two hours of receipt of the complaint, and shall provide the attorney for the Commonwealth and the local law-enforcement agency with records and information of the local department, including records related to any complaints of abuse or neglect involving the victim or the alleged perpetrator, related to the investigation of the complaint. *The local department shall notify the local attorney for the Commonwealth of all complaints of suspected child abuse or neglect involving the child's being left alone in the same dwelling with a person to whom the child is not related by blood or marriage and who has been convicted of an offense against a minor for which registration is required as a violent sexual offender pursuant to § 9.1-902, immediately, but in no case more than two hours of receipt of the complaint, and shall provide the attorney for the Commonwealth with records and information of the local department that would help determine whether a violation of post-release conditions, probation, parole, or court order has occurred due to the nonrelative sexual offender's contact with the child.* The local department shall not allow reports of the death of the victim from other local agencies to substitute for direct reports to the attorney for the Commonwealth and the local law-enforcement agency. The local department shall develop, when practicable, memoranda of understanding for responding to reports of child abuse and neglect with local law enforcement and the attorney for the Commonwealth.

In each case in which the local department notifies the local law-enforcement agency of a complaint pursuant to this subsection, the local department shall, within two business days of delivery of the notification, complete a written report, on a form provided by the Board for such purpose, which shall include (a) the name of the representative of the local department providing notice required by this subsection; (b) the name of the local law-enforcement officer who received such notice; (c) the date and time that notification was made; (d) the identity of the victim; (e) the identity of the person alleged to have abused or neglected the child, if known; (f) the clause or clauses in this subsection that describe the reasons for the notification; and (g) the signatures, which may be electronic signatures, of the representatives of the local department making the notification and the local law-enforcement officer receiving the notification. Such report shall be included in the record of the investigation and may be submitted either in writing or electronically.

E. When abuse or neglect is suspected in any case involving the death of a child, the local department shall report the case immediately to the regional medical examiner and the local law-enforcement agency.

F. The local department shall use reasonable diligence to locate (i) any child for whom a report of suspected abuse or neglect has been received and is under investigation, receiving family assessment, or for whom a founded determination of abuse and neglect has been made and a child-protective services case opened and (ii) persons who are the subject of a report that is under investigation or receiving family assessment, if the whereabouts of the child or such persons are unknown to the local department.

G. When an abused or neglected child and the persons who are the subject of an open child-protective services case have relocated out of the jurisdiction of the local department, the local department shall notify the child-protective services agency in the jurisdiction to which such persons have relocated, whether inside or outside of the Commonwealth, and forward to such agency relevant portions of the case record. The receiving local department shall arrange protective and rehabilitative services as required by this section.

H. When a child for whom a report of suspected abuse or neglect has been received and is under investigation or receiving family assessment and the child and the child's parents or other persons responsible for the child's care who are the subject of the report that is under investigation or family assessment have relocated out of the jurisdiction of the local department, the local department shall notify the child-protective services agency in the jurisdiction to which the child and such persons have relocated, whether inside or outside of the Commonwealth, and complete such investigation or family assessment by requesting such agency's assistance in completing the investigation or family assessment. The local department that completes the investigation or family assessment shall forward to the receiving agency relevant portions of the case record in order for the receiving agency to arrange protective and rehabilitative services as required by this section.

I. Upon receipt of a report of child abuse or neglect, the local department shall determine the validity of such report and shall make a determination to conduct an investigation pursuant to § 63.2-1505 or, if designated as a child-protective services differential response agency by the Department according to § 63.2-1504, a family assessment pursuant to § 63.2-1506.

J. The local department shall foster, when practicable, the creation, maintenance and coordination of hospital and community-based multidisciplinary teams that shall include where possible, but not be limited to, members of the medical, mental health, social work, nursing, education, legal and law-enforcement professions. Such teams shall assist the local departments in identifying abused and neglected children; coordinating medical, social, and legal services for the children and their families; developing innovative programs for detection and prevention of child abuse; promoting community concern and action in the area of child abuse and neglect; and disseminating information to the general public with respect to the problem of child abuse and neglect and the facilities and prevention and treatment methods available to combat child abuse and neglect. These teams may be the family assessment and planning teams established pursuant to § 2.2-5207.

Multidisciplinary teams may develop agreements regarding the exchange of information among the parties for the purposes of the investigation and disposition of complaints of child abuse and neglect, delivery of services and child protection. Any information exchanged in accordance with the agreement shall not be considered to be a violation of the provisions of § 63.2-102, 63.2-104, or 63.2-105.

The local department shall also coordinate its efforts in the provision of these services for abused and neglected children with the judge and staff of the court.

K. The local department may develop multidisciplinary teams to provide consultation to the local department during the investigation of selected cases involving child abuse or neglect, and to make recommendations regarding the prosecution of such cases. These teams may include, but are not limited to, members of the medical, mental health, legal and law-enforcement professions, including the attorney for the Commonwealth or his designee; a local child-protective services representative; and the guardian ad litem or other court-appointed advocate for the child. Any information exchanged for the purpose of such consultation shall not be considered a violation of § 63.2-102, 63.2-104, or 63.2-105.

L. The local department shall report annually on its activities concerning abused and neglected children to the court and to the Child-Protective Services Unit in the Department on forms provided by the Department.

M. Statements, or any evidence derived therefrom, made to local department child-protective services personnel, or to any person performing the duties of such personnel, by any person accused of the abuse, injury, neglect or death of a child after the arrest of such person, shall not be used in evidence in the case-in-chief against such person in the criminal proceeding on the question of guilt or innocence over the objection of the accused, unless the statement was made after such person was fully advised (i) of his right to remain silent, (ii) that anything he says may be used against him in a court of law, (iii) that he has a right to the presence of an attorney during any interviews, and (iv) that if he cannot afford an attorney, one will be appointed for him prior to any questioning.

N. Notwithstanding any other provision of law, the local department, in accordance with Board regulations, shall transmit information regarding reports, complaints, family assessments, and investigations involving children of active duty members of the United States Armed Forces or members of their household to family advocacy representatives of the United States Armed Forces.

O. The local department shall notify the custodial parent and make reasonable efforts to notify the noncustodial parent as those terms are defined in § 63.2-1900 of a report of suspected abuse or neglect of a child who is the subject of an investigation or is receiving family assessment, in those cases in which such custodial or noncustodial parent is not the subject of the investigation.

P. The local department shall notify the Superintendent of Public Instruction when an individual holding a license issued by the Board of Education is the subject of a founded complaint of child abuse or neglect and shall transmit identifying information regarding such individual if the local department knows the person holds a license issued by the Board of Education and after all rights to any appeal provided by § 63.2-1526 have been exhausted. Any information exchanged for the purpose of this subsection shall not be considered a violation of § 63.2-102, 63.2-104, or 63.2-105.

**§ 63.2-1506. Family assessments by local departments.**

A. A family assessment requires the collection of information necessary to determine:

1. The immediate safety needs of the child;
2. The protective and rehabilitative services needs of the child and family that will deter abuse or neglect;
3. Risk of future harm to the child;
4. Whether the mother of a child who was exposed in utero to a controlled substance sought substance abuse counseling or treatment prior to the child's birth; and
5. Alternative plans for the child's safety if protective and rehabilitative services are indicated and the family is unable or unwilling to participate in services.

B. When a local department has been designated as a child-protective services differential response system participant by the Department pursuant to § 63.2-1504 and responds to the report or complaint by conducting a family assessment, the local department shall:

1. Conduct an immediate family assessment and, if the report or complaint was based upon one of the factors specified in subsection B of § 63.2-1509, the local department may file a petition pursuant to § 16.1-241.3;
2. Immediately contact the subject of the report and the family of the child alleged to have been abused or neglected and give each a written and an oral explanation of the family assessment procedure. The family assessment shall be in writing and shall be completed in accordance with Board regulation;
3. Complete the family assessment within 45 days and transmit a report to such effect to the Department and to the person who is the subject of the family assessment. However, upon written justification by the local department, the family assessment may be extended, not to exceed a total of 60 days;
4. Consult with the family to arrange for necessary protective and rehabilitative services to be provided to the child and his family. Families have the option of declining the services offered as a result of the family assessment. If the family declines the services, the case shall be closed unless the local department determines that sufficient cause exists to redetermine the case as one that needs to be investigated. In no instance shall a case be redetermined as an investigation solely because the family declines services;
5. Petition the court for services deemed necessary;

6. Make no disposition of founded or unfounded for reports in which a family assessment is completed. Reports in which a family assessment is completed shall not be entered into the central registry contained in § 63.2-1515; and

7. Commence an immediate investigation, if at any time during the completion of the family assessment, the local department determines that an investigation is required.

C. When a local department has been designated as a child-protective services differential response agency by the Department, the local department may investigate any report of child abuse or neglect, but the following valid reports of child abuse or neglect shall be investigated: (i) sexual abuse, (ii) child fatality, (iii) abuse or neglect resulting in serious injury as defined in § 18.2-371.1, (iv) *cases involving a child's being left alone in the same dwelling with a person to whom the child is not related by blood or marriage and who has been convicted of an offense against a minor for which registration is required as a violent sexual offender pursuant to § 9.1-902*, (v) child has been taken into the custody of the local department, or ~~(v)~~ (vi) cases involving a caretaker at a state-licensed child day center, religiously exempt child day center, licensed, registered or approved family day home, private or public school, hospital or any institution. If a report or complaint is based upon one of the factors specified in subsection B of § 63.2-1509, the local department shall (a) conduct a family assessment, unless an investigation is required pursuant to this subsection or other provision of law or is necessary to protect the safety of the child, and (b) develop a plan of safe care in accordance with federal law, regardless of whether the local department makes a finding of abuse or neglect.

**CHAPTER 825**

*An Act to amend and reenact § 2.2-1156 of the Code of Virginia, relating to the Department of General Services; lease of surplus property.*

[H 543]

Approved April 18, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That § 2.2-1156 of the Code of Virginia is amended and reenacted as follows:**

**§ 2.2-1156. Sale or lease of surplus property and excess building space.**

The Department shall identify real property assets that are surplus to the current and reasonably anticipated future needs of the Commonwealth and may dispose of surplus assets as provided in this section, except when a department, agency or institution notifies the Department of a need for property which has been declared surplus, and the Department finds that stated need to be valid and best satisfied by the use of the property.

A. After it determines the property to be surplus to the needs of the Commonwealth and that such property should be sold, the Department shall request the written opinion of the Secretary of Natural Resources as to whether the property is a significant component of the Commonwealth's natural or historic resources, and if so how those resources should be protected in the sale of the property. The Secretary of Natural Resources shall provide this review within 15 business days of receipt of full information from the Department. Within 120 days of receipt of the Secretary's review, the Department shall, with the prior written approval of the Governor, proceed to sell the property.

B. The sale shall be by public auction, or sealed bids, or by marketing through one or more real estate brokers licensed by the Commonwealth. Notice of the date, time and place of sale, if by public auction or sealed bids shall be given by advertisement in at least two newspapers published and having general circulation in the Commonwealth, at least one of which shall have general circulation in the county or city in which the property to be sold is located. At least thirty days shall elapse between publication of the notice and the auction or the date on which sealed bids will be opened.

C. In instances where the appraised value of property proposed to be sold is determined to be a nominal amount or an amount insufficient to warrant statewide advertisement, but in no event in excess of \$250,000, the notice of sale may be placed in only one newspaper having general circulation in the county or city in which the property to be sold is located.

D. The Department may reject any and all bids or offers when, in the opinion of the Department, the price is inadequate in relation to the value of the property, the proposed terms are unacceptable, or if a need has been found for the property.

E. In lieu of the sale of any such property, or in the event the Department determines there is space within a building owned by the Commonwealth or any space leased by the Commonwealth in excess of current and reasonably anticipated needs, the Department may, with the approval of the Governor, lease or sublease such property or space to any responsible person, firm or corporation on such terms as shall be approved by the Governor; provided, however *that* the authority herein to sublease space leased by the Commonwealth shall be subject to the terms of the original lease. *The Department may with the approval of the Governor permit charitable organizations exempt from taxation under § 501(c)(3) of the Internal Revenue Code that provide addiction recovery services to lease or sublease such property or space at cost and on such terms as shall be approved by the Governor, provided such use is deemed appropriate.*

The Department shall post reports from the Commonwealth's statewide electronic procurement system, known as eVA, on the Department's website. The report shall include, at a minimum, current leasing opportunities and sales of surplus real property posted on the eVA's Virginia Business Opportunities website. Such reports shall also be made available by electronic subscription. The provisions of this section requiring disposition of property through the medium of sealed bids, public auction, or marketing through licensed real estate brokers shall not apply to any lease thereof, although such procedures may be followed in the discretion of the Department.

F. The deed, lease, or sublease conveying the property or excess space shall be executed in the name of the Commonwealth and shall be in a form approved by the Attorney General. Notwithstanding any law to the contrary and notwithstanding how title to the property was acquired, the deed or lease may be executed on behalf of the Commonwealth by the Director of the Department or his designee, and such action shall not create a cloud on the title to the property. The terms of the sale, lease, or sublease shall be subject to the written approval of the Governor.

G. An exception to sale by sealed bids, public auction, or listing the property with a licensed real estate broker may be granted by the Governor if the property is landlocked and inaccessible from a public road or highway. In such cases, the Department shall notify all adjacent landowners of the Commonwealth's desire to dispose of the property. After the notice has been given, the Department may begin negotiations for the sale of the property with each interested adjacent landowner. The Department, with the approval of the Governor, may accept any offer which it deems to be fair and adequate consideration for the property. In all cases, the offer shall be the best offer made by any adjacent landowner. The terms of all negotiations shall be public information.

H. Subject to any law to the contrary, 50 percent of the proceeds from all sales or leases, or from the conveyance of any interest in property under the provisions of this article, above the costs of the transaction, which costs shall include fees or commissions, if any, negotiated with and paid to auctioneers or real estate brokers, shall be paid into the State Park Acquisition and Development Fund, so long as the sales or leases pertain to general fund agencies or the property involved was originally acquired through the general fund, except as provided in Chapter 180 of the Acts of Assembly of 1966. The remaining 50 percent of proceeds involving general fund sales or leases, less a pro rata share of any costs of the transactions, shall be deposited in the general fund of the state treasury. The Department of Planning and Budget shall develop guidelines which allow, with the approval of the Governor, any portion of the deposit in the general fund to be credited to the agency, department or institution having control of the property at the time it was determined surplus to the Commonwealth's needs. Any amounts so credited to an agency, department or institution may be used, upon appropriation, to supplement maintenance reserve funds or capital project appropriations, or for the acquisition, construction or improvement of real property or facilities. Net proceeds from sales or leases of special fund agency properties or property acquired through a gift for a specific purpose shall be retained by the agency or used in accordance with the original terms of the gift. Notwithstanding the foregoing, income from leases or subleases above the cost of the transaction shall first be applied to rent under the original lease and to the cost of maintenance and operation of the property. The remaining funds shall be distributed as provided herein.

I. When the Department deems it to be in the best interests of the Commonwealth, it may, with the approval of the Governor, authorize the department, institution or agency in possession or control of the property to dispose of surplus property in accordance with the procedures set forth in this section.

3. The minimum tax levied on the sale of any motor vehicle in the Commonwealth that is subject to taxation at a rate exceeding zero percent shall be \$75, except as provided by those exemptions defined in § 58.1-2403; *however, for a trailer, as defined in § 46.2-100, with a registered gross weight of 2,000 pounds or less, the minimum tax shall be \$35.*

Further, any motor vehicle, trailer or semitrailer exempt from the tax imposed by this chapter under subdivision 11 of § 58.1-2403 or §§ 46.2-663 through 46.2-674 shall be subject to the tax, based on the current market value, when such vehicle is subsequently licensed to operate on the highways of the Commonwealth.

D. Any person who with intent to evade or to aid another person to evade the tax provided for herein, falsely states the selling price of a vehicle on a bill of sale, assignment of title, application for title, or any other document or paper submitted to the Commissioner pursuant to any provisions of this title or Title 46.2, shall be guilty of a Class 3 misdemeanor.

E. Effective January 1, 1997, any amount designated as a "processing fee" and any amount charged by a dealer for processing a transaction, which is required to be included on a buyer's order pursuant to subdivision A 10 of § 46.2-1530, shall be subject to the tax.

All funds appropriated for such purpose and any gifts, donations, grants, bequests, and other funds received on its behalf shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. **§ 2.2-1831.3. Commitment of funds for Revenue Reserve Fund.**

*A. On or before November 1 of each year, the Auditor of Public Accounts shall report to the General Assembly the total general fund revenues collected in the most recently ended fiscal year. The Auditor of Public Accounts shall, at the same time, provide his report on the amount that could be paid into the Fund and the amount by which the amount in the Fund is less than the maximum amount permitted.*

*B. Whenever there is a fiscal year in which general fund revenues do not result in a mandatory deposit to the Revenue Stabilization Fund required by Article X, Section 8 of the Constitution of Virginia, the Comptroller shall, at the end of the fiscal year, commit within his annual report pursuant to § 2.2-813 the amount of the general fund revenue in excess of the official forecast for that prior fiscal year, less any deposit to the Virginia Water Quality Improvement Fund pursuant to subsection A of § 10.1-2128, for deposit into the Fund. Such amount committed for deposit into the Fund shall not exceed one percent of the total general fund revenues for the prior fiscal year. In no event shall the total amount in the Fund at any time exceed two percent of the total general fund revenues for the prior fiscal year.*

*C. The Governor shall include in "The Budget Bill" pursuant to § 2.2-1509 recommended appropriations from the general fund or recommended amendments to general fund appropriations in the general appropriation act in effect at that time an amount for deposit into the Fund at least equal to the amounts committed by the Comptroller and confirmed by the Auditor of Public Accounts for such purposes pursuant to the provisions of subsection B. However, if any amounts accrue, such as through interest or dividends, to the credit of the Fund in excess of the limit set forth in this subsection as calculated by the Auditor of Public Accounts, any excess shall be paid into the general fund.*

**§ 2.2-1831.4. Decline in forecasted revenues.**

*In the event that a revised general fund forecast presented to the General Assembly reflects a decline when compared with total general fund revenues appropriated, and the decrease is two percent or less of general fund resources collected in the most recently ended fiscal year, the General Assembly may appropriate an amount for transfer from the Fund, not to exceed 50 percent of the amount in the Fund, to the general fund to stabilize the revenues of the Commonwealth.*

*When the General Assembly is not in session, after review of the May general fund revenue collections and certification to the General Assembly that actions to curtail spending will not be sufficient to avoid a cash deficit, the Governor may withdraw amounts appropriated to the Fund to avoid such cash deficit.*

**§ 2.2-1831.5. Sources or components of general fund revenues.**

*Any revised general fund revenue forecast presented to the General Assembly for purposes of this article shall consist of the same revenue sources or components as those on which the total general fund revenues appropriated are based.*

**§ 15.2-2223. Comprehensive plan to be prepared and adopted; scope and purpose.**

A. The local planning commission shall prepare and recommend a comprehensive plan for the physical development of the territory within its jurisdiction and every governing body shall adopt a comprehensive plan for the territory under its jurisdiction.

In the preparation of a comprehensive plan, the commission shall make careful and comprehensive surveys and studies of the existing conditions and trends of growth, and of the probable future requirements of its territory and inhabitants. The comprehensive plan shall be made with the purpose of guiding and accomplishing a coordinated, adjusted and harmonious development of the territory which will, in accordance with present and probable future needs and resources, best promote the health, safety, morals, order, convenience, prosperity and general welfare of the inhabitants, including the elderly and persons with disabilities.

The comprehensive plan shall be general in nature, in that it shall designate the general or approximate location, character, and extent of each feature, including any road improvement and any transportation improvement, shown on the plan and shall indicate where existing lands or facilities are proposed to be extended, widened, removed, relocated, vacated, narrowed, abandoned, or changed in use as the case may be.

B. 1. As part of the comprehensive plan, each locality shall develop a transportation plan that designates a system of transportation infrastructure needs and recommendations that include the designation of new and expanded transportation facilities and that support the planned development of the territory covered by the plan and shall include, as appropriate, but not be limited to, roadways, bicycle accommodations, pedestrian accommodations, railways, bridges, waterways, airports, ports, and public transportation facilities. The plan shall recognize and differentiate among a hierarchy of roads such as expressways, arterials, and collectors. In developing the plan, the locality shall take into consideration how to align transportation infrastructure and facilities with affordable, accessible housing and community services that are located within the territory in order to facilitate community integration of the elderly and persons with disabilities. The Virginia Department of Transportation shall, upon request, provide localities with technical assistance in preparing such transportation plan.

2. The transportation plan shall include a map that shall show road and transportation improvements, including the cost estimates of such road and transportation improvements from the Virginia Department of Transportation, taking into account the current and future needs of residents in the locality while considering the current and future needs of the planning district within which the locality is situated.

3. The transportation plan, and any amendment thereto pursuant to § 15.2-2229, shall be consistent with the Commonwealth Transportation Board's Statewide Transportation Plan developed pursuant to § 33.2-353, the Six-Year Improvement Program adopted pursuant to subsection B of § 33.2-214, and the location of routes to be followed by roads comprising systems of state highways pursuant to subsection A of § 33.2-208. The locality shall consult with the Virginia Department of Transportation to assure such consistency is achieved. The transportation plan need reflect only those changes in the annual update of the Six-Year Improvement Program that are deemed to be significant new, expanded, or relocated roadways.

4. Prior to the adoption of the transportation plan or any amendment to the transportation plan, the locality shall submit such plan or amendment to the Department for review and comment. The Department shall conduct its review and provide written comments to the locality on the consistency of the transportation plan or any amendment to the provisions of subdivision 1. The Department shall provide such written comments to the locality within 90 days of receipt of the plan or amendment, or such other shorter period of time as may be otherwise agreed upon by the Department and the locality.

5. The locality shall submit a copy of the adopted transportation plan or any amendment to the transportation plan to the Department for informational purposes. If the Department determines that the transportation plan or amendment is not consistent with the provisions of subdivision 1, the Department shall notify the Commonwealth Transportation Board so that the Board may take appropriate action in accordance with subsection E F of § 33.2-214.

6. Each locality's amendments or updates to its transportation plan as required by subdivisions 2 through 5 shall be made on or before its ongoing scheduled date for updating its transportation plan.

C. The comprehensive plan, with the accompanying maps, plats, charts, and descriptive matter, shall show the locality's long-range recommendations for the general development of the territory covered by the plan. It may include, but need not be limited to:

1. The designation of areas for various types of public and private development and use, such as different kinds of residential, including age-restricted, housing; business; industrial; agricultural; mineral resources; conservation; active and passive recreation; public service; flood plain and drainage; and other areas;

The designation of a system of community service facilities such as parks, sports playing fields, forests, schools, playgrounds, public buildings and institutions, hospitals, nursing homes, assisted living facilities, community centers, waterworks, sewage disposal or waste disposal areas, and the like;

3. The designation of historical areas and areas for urban renewal or other treatment;

4. The designation of areas for the implementation of reasonable ground water protection measures;

5. A capital improvements program, a subdivision ordinance, a zoning ordinance and zoning district maps, mineral resource district maps and agricultural and forestal district maps, where applicable;

6. The location of existing or proposed recycling centers;

7. The location of military bases, military installations, and military airports and their adjacent safety areas; and

8. The designation of corridors or routes for electric transmission lines of 150 kilovolts or more.

D. The comprehensive plan shall include the designation of areas and implementation of measures for the construction, rehabilitation and maintenance of affordable housing, which is sufficient to meet the current and future needs of residents of all levels of income in the locality while considering the current and future needs of the planning district within which the locality is situated.

**§ 33.2-201. Appointment requirements; statewide interest.**

Of the members appointed to the Board, one member shall be a resident of the territory now included in the Bristol highway construction district, one in the Salem highway construction district, one in the Lynchburg highway construction district, one in the Staunton highway construction district, one in the Culpeper highway construction district, one in the Fredericksburg highway construction district, one in the Richmond highway construction district, one in the Hampton Roads highway construction district, and one in the Northern Virginia highway construction district. Each appointed member of the Board shall be primarily mindful of the best interest of the Commonwealth at large instead of the interests of the highway construction district from which chosen or of the transportation interest represented.

*No member of a governing body of a locality shall be eligible, during the term of office for which he was elected or appointed, to serve as an appointed member of the Board.*

**§ 33.2-214. Transportation; Six-Year Improvement Program.**

A. B. The Board shall have the power and duty to coordinate the planning for financing of transportation needs, including needs for highways, railways, seaports, airports, and public transportation and set aside funds as provided in § 33.2-1524. To allocate funds for these needs pursuant to §§ 33.2-358 and 58.1-638, the Board shall adopt a Six-Year Improvement Program of anticipated projects and programs by July 1 of each year. This program shall be based on the most recent official Transportation Trust Fund revenue forecast and shall be consistent with a debt management policy adopted by the Board in consultation with the Debt Capacity Advisory Committee and the Department of the Treasury.

C. The Board shall have the power and duty to enter into contracts with local districts, commissions, agencies, or other entities created for transportation purposes.

F. The Board shall have the power and duty to integrate land use with transportation planning and programming, consistent with the efficient and economical use of public funds. If the Board determines that a local transportation plan described in § 15.2-2223 or any amendment as described in § 15.2-2229 or a metropolitan regional long-range transportation plan or regional Transportation Improvement Program as described in § 33.2-3201 is not consistent with the Board's Statewide Transportation Plan developed pursuant to § 33.2-353, the Six-Year Improvement Program adopted pursuant to subsection B, and the location of routes to be followed by roads comprising systems of state highways pursuant to subsection A of § 33.2-208, the Board shall notify the locality of such inconsistency and request that the applicable plan

or program be amended accordingly. If, after a reasonable time, the Board determines that there is a refusal to amend the plan or program, then the Board may reallocate funds that were allocated to the nonconforming project as permitted by state or federal law. However, the Board shall not reallocate any funds allocated pursuant to § 33.2-319 or 33.2-366, based on a determination of inconsistency with the Board's Statewide Transportation Plan or the Six-Year Improvement Program nor shall the Board reallocate any funds, allocated pursuant to subsection C or D of § 33.2-358, from any projects on highways controlled by any county that has withdrawn, or elects to withdraw, from the secondary system of state highways based on a determination of inconsistency with the Board's Statewide Transportation Plan or the Six-Year Improvement Program. If a locality or metropolitan planning organization requests the termination of a project, and the Department does not agree to the termination, or if a locality or metropolitan planning organization does not advance a project to the next phase of construction when requested by the Board and the Department has expended state or federal funds, the locality or the localities within the metropolitan planning organization may be required to reimburse the Department for all funds expended on the project. If, after design approval by the Chief Engineer of the Department, a locality or metropolitan planning organization requests alterations to a project that, in the aggregate, exceeds 10 percent of the total project costs, the locality or the localities within the metropolitan planning organization may be required to reimburse the Department for the additional project costs above the original estimates for making such alterations.

**§ 33.2-223. General powers of Commissioner of Highways.**

Except such powers as are conferred by law upon the Board *and the Office of Intermodal Planning and Investment of the Secretary of Transportation*, the Commissioner of Highways shall have the power to do all acts necessary or convenient for constructing, improving, maintaining, and preserving the efficient operation of the highways embraced in the systems of state highways and to further the interests of the Commonwealth in the areas of public transportation, railways, seaports, and airports. Such contract may cover either a single project or may provide for the locality's implementation of several projects. The locality shall undertake implementation of the particular project by obtaining the necessary permits from the Department in order to ensure that the improvement is consistent with the Department's standards for such improvements. At the request of the locality, the Department may provide the locality with engineering, right-of-way acquisition, construction, or maintenance services for a project with its own forces. The locality shall provide payment to the Department for any such services. If administered by the Department, such contract shall also require that the governing body of the locality pay to the Department within 30 days the local revenue-sharing funds upon written notice by the Department of its intent to proceed. Any project having funds allocated under this program shall be initiated in such a fashion that at least a portion of such funds have been expended within one year of allocation. Seasonal or temporary positions, positions created when a job function is shifted from an existing location in the Commonwealth to the location of the economic development project, positions with suppliers, and multiplier or spin-off jobs shall not qualify as new jobs. The term "new job" shall include positions with contractors provided that all requirements included within the definition of the term are met.

"Prevailing average wage" means that amount determined by the Virginia Employment Commission to be the average wage paid workers in the city or county of the Commonwealth where the economic development project is located. The prevailing average wage shall be determined without regard to any fringe benefits.

"Private investment" means the private investment required under this section.

B. There is created the Commonwealth's Development Opportunity Fund (the Fund) to be used by the Governor to attract economic development prospects and secure the expansion of existing industry in the Commonwealth. The Fund shall consist of any funds appropriated to it by the general appropriation act and revenue from any other source, public or private. The Fund shall be established on the books of the Comptroller, and any funds remaining in the Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on the Fund shall be credited to the Fund. The Governor shall report to the Chairmen of the House Committees on Appropriations and Finance and the Senate Committee on Finance as funds are awarded in accordance with this section.

C. Funds shall be awarded from the Fund by the Governor as grants or loans to political subdivisions. The criteria for making such grants or loans shall include (i) job creation, (ii) private capital investment, and (iii) anticipated additional state tax revenue expected to accrue to the state and affected localities as a result of the capital investment and jobs created. Loans shall be approved by the Governor and made in accordance with guidelines established by the Virginia Economic Development Partnership and approved by the Comptroller. Loans shall be interest-free unless otherwise determined by the Governor and shall be repaid to the Fund. The Governor may establish the interest rate to be charged; otherwise, any interest charged shall be at market rates as determined by the State Treasurer and shall be indicative of the duration of the loan. The Virginia Economic Development Partnership shall be responsible for monitoring repayment of such loans and reporting the receivables to the Comptroller as required.

Beginning with the five fiscal years from fiscal year 2006-2007 through fiscal year 2010-2011, and for every five fiscal years' period thereafter, in general, no less than one-third of the moneys appropriated to the Fund in every such five-year period shall be awarded to counties and cities having an annual average unemployment rate that is greater than the final statewide average unemployment rate for the calendar year that immediately precedes the calendar year of the award. However, if such one-third requirement will not be met because economic development prospects in such counties and cities are unable to fulfill the applicable minimum private investment and new jobs requirements set forth in this section, then any funds remaining in the Fund at the end of the five-year period that would have otherwise been awarded to such counties and cities shall be made available for awards in the next five fiscal years' period.

D. Funds may be used for public and private utility extension or capacity development on and off site; public and private installation, extension, or capacity development of high-speed or broadband Internet access, whether on or off site; road, rail, or other transportation access costs beyond the funding capability of existing programs; site acquisition; grading, drainage, paving, and any other activity required to prepare a site for construction; construction or build-out of publicly or privately owned buildings; training; or grants or loans to an industrial development authority, housing and redevelopment authority, or other political subdivision for purposes directly relating to any of the foregoing. However, in no case shall funds from the Fund be used, directly or indirectly, to pay or guarantee the payment for any rental, lease, license, or other contractual right to the use of any property.

It shall be the policy of the Commonwealth that moneys in the Fund shall not be used for any economic development project in which a business relocates or expands its operations in one or more Virginia localities and simultaneously closes its operations or substantially reduces the number of its employees in another Virginia locality, unless the procedures set forth in § 30-310 are followed. The Secretary of Commerce and Trade shall enforce this policy and for any exception

thereto shall, pursuant to § 30-310, submit such projects to the MEI Project Approval Commission established pursuant to § 30-309.

E. 1. a. Except as provided in this subdivision, no grant or loan shall be awarded from the Fund unless the project involves a minimum private investment of \$5 million and creates at least 50 new jobs for which the average wage, excluding fringe benefits, is no less than the prevailing average wage. For projects, including but not limited to projects involving emerging technologies, for which the average wage of the new jobs created, excluding fringe benefits, is at least twice the prevailing average wage for that locality or region, the Governor shall have the discretion to require no less than one-half the number of new jobs as set forth for that locality in this subdivision.

b. Notwithstanding the provisions of subdivision a, a grant or loan may be awarded from the Fund if the project involves a minimum private investment of \$100 million and creates at least 25 new jobs for which the average wage, excluding fringe benefits, is no less than the prevailing average wage.

2. Notwithstanding the provisions of subdivision 1 a, in localities (i) with an annual unemployment rate for the most recent calendar year for which such data is available that is greater than the final statewide average unemployment rate for that calendar year or (ii) with a poverty rate for the most recent calendar year for which such data is available that exceeds the statewide average poverty rate for that year, a grant or loan may be awarded from the Fund pursuant to subdivision 1 a if the project involves a minimum private investment of \$2.5 million and creates at least 25 new jobs for which the average wage, excluding fringe benefits, is no less than 85 percent of the prevailing average wage.

3. Notwithstanding the provisions of subdivisions 1 a and 2, in localities (i) with an annual unemployment rate for the most recent calendar year for which such data is available that is greater than the final statewide average unemployment rate for that calendar year and (ii) with a poverty rate for the most recent calendar year for which such data is available that exceeds the statewide average poverty rate for that year, a grant or loan may be awarded from the Fund pursuant to such subdivisions if the project involves a minimum private investment of \$1.5 million and creates at least 15 new jobs for which the average wage, excluding fringe benefits, is no less than 85 percent of the prevailing average wage.

4. For projects that are eligible under subdivision 2 or 3, the average wage of the new jobs, excluding fringe benefits, shall be no less than 85 percent of the prevailing average wage. In addition, for projects in such localities, the Governor may award a grant or loan for a project paying less than 85 percent of the prevailing average wage but still providing customary employee benefits, only after the Secretary of Commerce and Trade has made a written finding that the economic circumstances in the area are sufficiently distressed (i.e., high unemployment or underemployment and negative economic forecasts) that assistance to the locality to attract the project is nonetheless justified. However, the minimum private investment and number of new jobs required to be created as set forth in this subsection shall still be a condition of eligibility for an award from the Fund. Such written finding shall promptly be provided to the chairs of the Senate Committee on Finance and the House Committee on Appropriations.

F. 1. The Virginia Economic Development Partnership shall assist the Governor in developing objective guidelines and criteria that shall be used in awarding grants or making loans from the Fund. The guidelines may require that as a condition of receiving any grant or loan incentive that is based on employment goals, a recipient company must provide copies of employer quarterly payroll reports that have been provided to the Virginia Employment Commission to verify the employment status of any position included in the employment goal. The guidelines may include a requirement for the affected locality or localities to provide matching funds which may be cash or in-kind, at the discretion of the Governor. The guidelines and criteria shall include provisions for geographic diversity and a cap on the amount of funds to be provided to any individual project. At the discretion of the Governor, this cap may be waived for qualifying projects of regional or statewide interest. In developing the guidelines and criteria, the Virginia Economic Development Partnership shall use the measure for Fiscal Stress published by the Commission on Local Government of the Department of Housing and Community Development for the locality in which the project is located or will be located as one method of determining the amount of assistance a locality shall receive from the Fund.

2. a. Notwithstanding any provision in this section or in the guidelines, each political subdivision that receives a grant or loan from the Fund shall enter into a contract with *the Commonwealth, through the Virginia Economic Development Partnership Authority as its agent, and each business beneficiary of funds from the Fund*. A person or entity shall be a business beneficiary of funds from the Fund if grant or loan moneys awarded from the Fund by the Governor are paid to a political subdivision and (i) subsequently distributed by the political subdivision to the person or entity or (ii) used by the political subdivision for the benefit of the person or entity but never distributed to the person or entity.

b. The contract between the political subdivision, *the Commonwealth*, and the business beneficiary shall provide in detail (i) the fair market value of all funds that the Commonwealth has committed to provide, (ii) the fair market value of all matching funds (or in-kind match) that the political subdivision has agreed to provide, (iii) how funds committed by the Commonwealth (including but not limited to funds from the Fund committed by the Governor) and funds that the political subdivision has agreed to provide are to be spent, (iv) the minimum private investment to be made and the number of new jobs to be created agreed to by the business beneficiary, (v) the average wage (excluding fringe benefits) agreed to be paid in the new jobs, (vi) the prevailing average wage, and (vii) the formula, means, or processes agreed to be used for measuring compliance with the minimum private investment and new jobs requirements, including consideration of any layoffs instituted by the business beneficiary over the course of the period covered by the contract.

The contract shall state the date by which the agreed upon private investment and new job requirements shall be met by the business beneficiary of funds from the Fund and may provide for the political subdivision *and the Commonwealth* to

grant up to a 15-month extension of such date if deemed appropriate by the political subdivision *and the Commonwealth* subsequent to the execution of the contract. Any extension of such date granted by the political subdivision shall be in writing and promptly delivered to the business beneficiary, and the political subdivision shall simultaneously provide a copy of the extension to the Virginia Economic Development Partnership.

The contract shall provide that if the private investment and new job contractual requirements are not met by the expiration of the date stipulated in the contract, including any extension granted by the political subdivision *and the Commonwealth*, the business beneficiary shall be liable to the political subdivision *and the Commonwealth* for repayment of a portion of the funds provided *by the political subdivision* under the contract *and liable to the Commonwealth for repayment of a portion of the funds provided from the Commonwealth's Development Opportunity Fund*. The contract shall include a formula for purposes of determining the portion of such funds to be repaid. The formula shall, in part, be based upon the fair market value of all funds that have been provided by the Commonwealth and the political subdivision and the extent to which the business beneficiary has met the private investment and new job contractual requirements. ~~Any~~ All such funds repaid to the political subdivision *or the Commonwealth* that relate to the award from the Commonwealth's Development Opportunity Fund shall promptly be ~~paid over by the political subdivision to the Commonwealth by payment~~ remitted to the State Treasurer. Upon receipt by the State Treasurer of such payment, the Comptroller shall deposit such repaid funds into the Commonwealth's Development Opportunity Fund.

c. The contract shall be amended to reflect changes in the funds committed by the Commonwealth or agreed to be provided by the political subdivision.

d. Notwithstanding any provision in this section or in the guidelines, whenever layoffs instituted by a business beneficiary over the course of the period covered by a contract cause the net total number of the new jobs created to be fewer than the number agreed to, then the business beneficiary shall return the portion of any funds received pursuant to the repayment formula established by the contract.

3. Notwithstanding any provision in this section or in the guidelines, prior to executing any such contract with a business beneficiary, the political subdivision shall provide a copy of the proposed contract to the Attorney General. The Attorney General shall review the proposed contract (i) for enforceability as to its provisions and (ii) to ensure that it is in appropriate legal form. The Attorney General shall provide any written suggestions to the political subdivision within seven days of his receipt of the copy of the contract. The Attorney General's suggestions shall be limited to the enforceability of the contract's provisions and the legal form of the contract.

4. Notwithstanding any provision in this section or in the guidelines, a political subdivision shall not expend, distribute, pledge, use as security, or otherwise use any award from the Fund unless and until such contract as described herein is executed with the business beneficiary.

G. Within the 30 days immediately following June 30 and December 30 of each year, the Governor shall provide a report to the Chairmen of the House Committees on Appropriations and Finance and the Senate Committee on Finance which shall include, but is not limited to, the following information regarding grants and loans awarded from the Fund during the immediately preceding six-month period for economic development projects: the name of the company that is the business beneficiary of the grant or loan and the type of business in which it engages; the location (county, city, or town) of the project; the amount of the grant or loan committed from the Fund and the amount of all other funds committed by the Commonwealth from other sources and the purpose for which such grants, loans, or other funds will be used; the amount of all moneys or funds agreed to be provided by political subdivisions and the purposes for which they will be used; the number of new jobs agreed to be created by the business beneficiary; the amount of investment in the project agreed to be made by the business beneficiary; the timetable for the completion of the project and new jobs created; the prevailing average wage; and the average wage (excluding fringe benefits) agreed to be paid in the new jobs.

H. The Governor shall provide grants and commitments from the Fund in an amount not to exceed the dollar amount contained in the Fund. If the Governor commits funds for years beyond the fiscal years covered under the existing appropriation act, the State Treasurer shall set aside and reserve the funds the Governor has committed, and the funds shall remain in the Fund for those future fiscal years. No grant or loan shall be payable in the years beyond the existing appropriation act unless the funds are currently available in the Fund.

I. On a quarterly basis, the Virginia Economic Development Partnership shall notify the Governor, his campaign committee, and his political action committee of awards from the Fund made in the prior quarter. Within 18 months of the date of each award from the Fund, the Governor, his campaign committee, and his political action committee shall submit to the Virginia Conflict of Interest and Ethics Advisory Council established in § 30-355 a report listing any contribution, gift, or other item with a value greater than \$100 provided by the business beneficiary of such award to the Governor, his campaign committee, or his political action committee, respectively, during (i) the period in which the business beneficiary's application for such award was pending and (ii) the one-year period immediately after any such award was made.

**§ 15.2-2316.4:1. Zoning; other wireless facilities and wireless support structures.**

*A. A locality shall not require that a special exception, special use permit, or variance be obtained for the installation or construction of an administrative review-eligible project but may require administrative review for the issuance of any zoning permit, or an acknowledgement that zoning approval is not required, for such a project.*

*B. A locality may charge a reasonable fee for each application submitted under subsection A or for any zoning approval required for a standard process project. The fee shall not include direct payment or reimbursement of third-party fees charged on a contingency basis or a result-based arrangement. Upon request, a locality shall provide the applicant with the cost basis for the fee. A locality shall not charge market-based or value-based fees for the processing of an application. If the application is for:*

*1. An administrative review-eligible project, the fee shall not exceed \$500; and*

*2. A standard process project, the fee shall not exceed the actual direct costs to process the application, including permits and inspection.*

*C. The processing of any application submitted under subsection A or for any zoning approval required for a standard process project shall be subject to the following:*

*1. Within 10 business days after receiving an incomplete application, the locality shall notify the applicant that the application is incomplete. The notice shall specify any additional information required to complete the application. The notice shall be sent by electronic mail to the applicant's email address provided in the application. If the locality fails to provide such notice within such 10-day period, the application shall be deemed complete.*

*2. Except as provided in subdivision 3, a locality shall approve or disapprove a complete application:*

*a. For a new structure within the lesser of 150 days of receipt of the completed application or the period required by federal law for such approval or disapproval; or*

*b. For the co-location of any wireless facility that is not a small cell facility within the lesser of 90 days of receipt of the completed application or the period required by federal law for such approval or disapproval, unless the application constitutes an eligible facilities request as defined in 47 U.S.C. § 1455(a).*

*3. Any period specified in subdivision 2 for a locality to approve or disapprove an application may be extended by mutual agreement between the applicant and the locality.*

*D. A complete application for a project shall be deemed approved if the locality fails to approve or disapprove the application within the applicable period specified in subdivision C 2 or any agreed extension thereof pursuant to subdivision C 3.*

*E. If a locality disapproves an application submitted under subsection A or for any zoning approval required for a standard process project:*

*1. The locality shall provide the applicant with a written statement of the reasons for such disapproval; and*

*2. If the locality is aware of any modifications to the project as described in the application that if made would permit the locality to approve the proposed project, the locality shall identify them in the written statement provided under subdivision 1. The locality's subsequent disapproval of an application for a project that incorporates the modifications identified in such a statement may be used by the applicant as evidence that the locality's subsequent disapproval was arbitrary or capricious in any appeal of the locality's action.*

*F. A locality's action on disapproval of an application submitted under subsection A or for any zoning approval required for a standard process project shall:*

*1. Not unreasonably discriminate between the applicant and other wireless services providers, wireless infrastructure providers, providers of telecommunications services, and other providers of functionally equivalent services; and*

*2. Be supported by substantial record evidence contained in a written record publicly released within 30 days following the disapproval.*

*G. An applicant adversely affected by the disapproval of an application submitted under subsection A or for any zoning approval required for a standard process project may file an appeal pursuant to subsection F of § 15.2-2285, or to § 15.2-2314 if the requested zoning approval involves a variance, within 30 days following delivery to the applicant or notice to the applicant of the record described in subdivision F 2.*

**§ 15.2-2316.4:2. Application reviews.**

*A. In its receiving, consideration, and processing of a complete application submitted under subsection A of § 15.2-2316.4:1 or for any zoning approval required for a standard process project, a locality shall not:*

*1. Disapprove an application on the basis of:*

*a. The applicant's business decision with respect to its designed service, customer demand for service, or quality of its service to or from a particular site;*

*b. The applicant's specific need for the project, including the applicant's desire to provide additional wireless coverage or capacity; or*

*c. The wireless facility technology selected by the applicant for use at the project;*

*2. Require an applicant to provide proprietary, confidential, or other business information to justify the need for the project, including propagation maps and telecommunications traffic studies, or information reviewed by a federal agency as part of the approval process for the same structure and wireless facility, provided that a locality may require an applicant to provide a copy of any approval granted by a federal agency, including conditions imposed by that agency;*

*3. Require the removal of existing wireless support structures or wireless facilities, wherever located, as a condition for approval of an application. A locality may adopt reasonable rules with respect to the removal of abandoned wireless support structures or wireless facilities;*

*4. Impose surety requirements, including bonds, escrow deposits, letters of credit, or any other types of financial surety, to ensure that abandoned or unused wireless facilities can be removed, unless the locality imposes similar requirements on other permits for other types of similar commercial development. Any such instrument shall not exceed a reasonable estimate of the direct cost of the removal of the wireless facilities;*

*5. Discriminate or create a preference on the basis of the ownership, including ownership by the locality, of any property, structure, base station, or wireless support structure, when promulgating rules or procedures for siting wireless facilities or for evaluating applications;*

*6. Impose any unreasonable requirements or obligations regarding the presentation or appearance of a project, including unreasonable requirements relating to (i) the kinds of materials used or (ii) the arranging, screening, or landscaping of wireless facilities or wireless structures;*

*7. Impose any requirement that an applicant purchase, subscribe to, use, or employ facilities, networks, or services owned, provided, or operated by a locality, in whole or in part, or by any entity in which a locality has a competitive, economic, financial, governance, or other interest;*

*8. Condition or require the approval of an application solely on the basis of the applicant's agreement to allow any wireless facilities provided or operated, in whole or in part, by a locality or by any other entity, to be placed at or co-located with the applicant's project;*

*9. Impose a setback or fall zone requirement for a project that is larger than a setback or fall zone area that is imposed on other types of similar structures of a similar size, including utility poles;*

*10. Limit the duration of the approval of an application, except a locality may require that construction of the approved project shall commence within two years of final approval and be diligently pursued to completion; or*

*11. Require an applicant to perform services unrelated to the project described in the application, including restoration work on any surface not disturbed by the applicant's project.*

*B. Nothing in this article shall prohibit a locality from disapproving an application submitted under subsection A of § 15.2-2316.4:1 or for any zoning approval required for a standard process project:*

*1. On the basis of the fact that the proposed height of any wireless support structure, wireless facility, or wireless support structure with attached wireless facilities exceeds 50 feet above ground level, provided that the locality follows a local ordinance or regulation that does not unreasonably discriminate between the applicant and other wireless services providers, wireless infrastructure providers, providers of telecommunications services, and other providers of functionally equivalent services; or*

*2. That proposes to locate a new structure, or to co-locate a wireless facility, in an area where all cable and public utility facilities are required to be placed underground by a date certain or encouraged to be undergrounded as part of a transportation improvement project or rezoning proceeding as set forth in objectives contained in a comprehensive plan, if:*

*a. The undergrounding requirement or comprehensive plan objective existed at least three months prior to the submission of the application;*

*b. The locality allows the co-location of wireless facilities on existing utility poles, government-owned structures with the government's consent, existing wireless support structures, or a building within that area;*

*c. The locality allows the replacement of existing utility poles and wireless support structures with poles or support structures of the same size or smaller within that area; and*

*d. The disapproval of the application does not unreasonably discriminate between the applicant and other wireless services providers, wireless infrastructure providers, providers of telecommunications services, and other providers of functionally equivalent services.*

*C. Nothing in this article shall prohibit an applicant from voluntarily submitting, and the locality from accepting, any conditions that otherwise address potential visual or aesthetic effects resulting from the placement of a new structure or facility.*

*D. Nothing in this article shall prohibit a locality from disapproving an application submitted under a standard process project on the basis of the availability of existing wireless support structures within a reasonable distance that could be used for co-location at reasonable terms and conditions without imposing technical limitations on the applicant.*

**§ 15.2-2316.4:3. Additional provisions.**

*A. A locality shall not require zoning approval for (i) routine maintenance or (ii) the replacement of wireless facilities or wireless support structures within a six-foot perimeter with wireless facilities or wireless support structures that are*

*substantially similar or the same size or smaller. However, a locality may require a permit to work within the right-of-way for the activities described in clause (i) or (ii), if applicable.*

*B. Nothing in this article shall prohibit a locality from limiting the number of new structures or the number of wireless facilities that can be installed in a specific location.*

**2. That any publicly-owned or privately-owned wireless service provider operating within the Commonwealth or serving residents of the Commonwealth shall, by January 1, 2019, and annually thereafter until January 1, 2025, provide to the Department of Housing and Community Development a report detailing by county, city, and town enhanced service capacity in previously served areas and expansion of service in previously unserved geographic areas that are provided access to wireless services. Notwithstanding any other provision of law, the Department shall maintain the confidentiality of company-specific data but may publicly release aggregate data.**

**3. The plan shall be completed by December 15, 2018. The plan shall include the following components: a definition of unserved and underserved areas, identification of barriers to access to wireless services in such areas, a proposed expedited review process for such areas, identification of ways to encourage industry to locate in such areas, and consideration of a lower fee for such an expedited review process.**

The fee shall not include direct payment or reimbursement of third-party fees charged on a contingency basis or a result-based arrangement. Upon request, a locality shall provide the applicant with the cost basis for the fee. A locality shall not charge market-based or value-based fees for the processing of an application. If the application is for:*

*1. An administrative review-eligible project, the fee shall not exceed \$500; and*

*2. A standard process project, the fee shall not exceed the actual direct costs to process the application, including permits and inspection.*

*C. The processing of any application submitted under subsection A or for any zoning approval required for a standard process project shall be subject to the following:*

*1. Within 10 business days after receiving an incomplete application, the locality shall notify the applicant that the application is incomplete. The notice shall specify any additional information required to complete the application. The notice shall be sent by electronic mail to the applicant's email address provided in the application. If the locality fails to provide such notice within such 10-day period, the application shall be deemed complete.*

*2. Except as provided in subdivision 3, a locality shall approve or disapprove a complete application:*

*a. For a new structure within the lesser of 150 days of receipt of the completed application or the period required by federal law for such approval or disapproval; or*

*1. The locality shall provide the applicant with a written statement of the reasons for such disapproval; and*

*2. If the locality is aware of any modifications to the project as described in the application that if made would permit the locality to approve the proposed project, the locality shall identify them in the written statement provided under subdivision 1. The locality's subsequent disapproval of an application for a project that incorporates the modifications*

identified in such a statement may be used by the applicant as evidence that the locality's subsequent disapproval was arbitrary or capricious in any appeal of the locality's action.

F. A locality's action on disapproval of an application submitted under subsection A or for any zoning approval required for a standard process project shall:

1. Not unreasonably discriminate between the applicant and other wireless services providers, wireless infrastructure providers, providers of telecommunications services, and other providers of functionally equivalent services; and

G. An applicant adversely affected by the disapproval of an application submitted under subsection A or for any zoning approval required for a standard process project may file an appeal pursuant to subsection F of § 15.2-2285, or to § 15.2-2314 if the requested zoning approval involves a variance, within 30 days following delivery to the applicant or notice to the applicant of the record described in subdivision F 2.

**§ 15.2-2316.4:2. Application reviews.**

A. In its receiving, consideration, and processing of a complete application submitted under subsection A of § 15.2-2316.4:1 or for any zoning approval required for a standard process project, a locality shall not:

    - a. The applicant's business decision with respect to its designed service, customer demand for service, or quality of its service to or from a particular site;
    - b. The applicant's specific need for the project, including the applicant's desire to provide additional wireless coverage or capacity; or
    - c. The wireless facility technology selected by the applicant for use at the project;
  2. Require an applicant to provide proprietary, confidential, or other business information to justify the need for the project, including propagation maps and telecommunications traffic studies, or information reviewed by a federal agency as part of the approval process for the same structure and wireless facility, provided that a locality may require an applicant to provide a copy of any approval granted by a federal agency, including conditions imposed by that agency;
  3. Require the removal of existing wireless support structures or wireless facilities, wherever located, as a condition for approval of an application. A locality may adopt reasonable rules with respect to the removal of abandoned wireless support structures or wireless facilities;
  4. Impose surety requirements, including bonds, escrow deposits, letters of credit, or any other types of financial surety, to ensure that abandoned or unused wireless facilities can be removed, unless the locality imposes similar requirements on other permits for other types of similar commercial development. Any such instrument shall not exceed a reasonable estimate of the direct cost of the removal of the wireless facilities;
  5. Discriminate or create a preference on the basis of the ownership, including ownership by the locality, of any property, structure, base station, or wireless support structure, when promulgating rules or procedures for siting wireless facilities or for evaluating applications;
  6. Impose any unreasonable requirements or obligations regarding the presentation or appearance of a project, including unreasonable requirements relating to (i) the kinds of materials used or (ii) the arranging, screening, or landscaping of wireless facilities or wireless structures;
  7. Impose any requirement that an applicant purchase, subscribe to, use, or employ facilities, networks, or services owned, provided, or operated by a locality, in whole or in part, or by any entity in which a locality has a competitive, economic, financial, governance, or other interest;
  8. Condition or require the approval of an application solely on the basis of the applicant's agreement to allow any wireless facilities provided or operated, in whole or in part, by a locality or by any other entity, to be placed at or co-located with the applicant's project;
  9. Impose a setback or fall zone requirement for a project that is larger than a setback or fall zone area that is imposed on other types of similar structures of a similar size, including utility poles;
  10. Limit the duration of the approval of an application, except a locality may require that construction of the approved project shall commence within two years of final approval and be diligently pursued to completion; or
  11. Require an applicant to perform services unrelated to the project described in the application, including restoration work on any surface not disturbed by the applicant's project.
- B. Nothing in this article shall prohibit a locality from disapproving an application submitted under subsection A of § 15.2-2316.4:1 or for any zoning approval required for a standard process project:
1. On the basis of the fact that the proposed height of any wireless support structure, wireless facility, or wireless support structure with attached wireless facilities exceeds 50 feet above ground level, provided that the locality follows a local ordinance or regulation that does not unreasonably discriminate between the applicant and other wireless services providers, wireless infrastructure providers, providers of telecommunications services, and other providers of functionally equivalent services; or
  2. That proposes to locate a new structure, or to co-locate a wireless facility, in an area where all cable and public utility facilities are required to be placed underground by a date certain or encouraged to be undergrounded as part of a transportation improvement project or rezoning proceeding as set forth in objectives contained in a comprehensive plan, if:

a. The undergrounding requirement or comprehensive plan objective existed at least three months prior to the submission of the application;

b. The locality allows the co-location of wireless facilities on existing utility poles, government-owned structures with the government's consent, existing wireless support structures, or a building within that area;

c. The locality allows the replacement of existing utility poles and wireless support structures with poles or support structures of the same size or smaller within that area; and

d. The disapproval of the application does not unreasonably discriminate between the applicant and other wireless services providers, wireless infrastructure providers, providers of telecommunications services, and other providers of functionally equivalent services.

C. Nothing in this article shall prohibit an applicant from voluntarily submitting, and the locality from accepting, any conditions that otherwise address potential visual or aesthetic effects resulting from the placement of a new structure or facility.

D. Nothing in this article shall prohibit a locality from disapproving an application submitted under a standard process project on the basis of the availability of existing wireless support structures within a reasonable distance that could be used for co-location at reasonable terms and conditions without imposing technical limitations on the applicant.

**§ 15.2-2316.4:3. Additional provisions.**

A. A locality shall not require zoning approval for (i) routine maintenance or (ii) the replacement of wireless facilities or wireless support structures within a six-foot perimeter with wireless facilities or wireless support structures that are substantially similar or the same size or smaller. However, a locality may require a permit to work within the right-of-way for the activities described in clause (i) or (ii), if applicable.

B. Nothing in this article shall prohibit a locality from limiting the number of new structures or the number of wireless facilities that can be installed in a specific location.

**2. That any publicly-owned or privately-owned wireless service provider operating within the Commonwealth or serving residents of the Commonwealth shall, by January 1, 2019, and annually thereafter until January 1, 2025, provide to the Department of Housing and Community Development a report detailing by county, city, and town enhanced service capacity in previously served areas and expansion of service in previously unserved geographic areas that are provided access to wireless services. Notwithstanding any other provision of law, the Department shall maintain the confidentiality of company-specific data but may publicly release aggregate data.**

**3. That the Secretariats of Commerce and Trade and Public Safety and Homeland Security shall convene a group of stakeholders, to include representatives from the Department of Housing and Community Development, the Virginia Economic Development Partnership, the Virginia Tobacco Region Revitalization Commission, and the Department of Emergency Management, industry representatives, and representatives of affected communities, to develop a plan for expanding access to wireless services in unserved and underserved areas of the Commonwealth. The plan shall be completed by December 15, 2018. The plan shall include the following components: a definition of unserved and underserved areas, identification of barriers to access to wireless services in such areas, a proposed expedited review process for such areas, identification of ways to encourage industry to locate in such areas, and consideration of a lower fee for such an expedited review process.**

All credits earned in academic subject coursework by students attending an associate degree-granting public institution of higher education who complete the one-year uniform certificate of general studies program are transferrable to a baccalaureate public institution of higher education in accordance with Council guidelines. The Council shall establish procedures under which a baccalaureate public institution of higher education may seek a waiver from the Council from accepting the transfer of a Uniform Certificate of General Studies Program or Passport Program course to satisfy the requirements for the completion of a specific pathway or degree. A waiver shall not be granted allowing a baccalaureate public institution to (i) generally reject the transfer of all coursework that is a part of the Uniform Certificate of General Studies Program or Passport Program or (ii) generally reject the transfer of a course from the Uniform Certificate of General Studies Program or Passport Program for all pathway maps and degrees. An application for a waiver shall identify with particularity the course for which the institution is seeking a waiver and the particular pathway or degree to which the waiver would apply. The application shall provide justification for the waiver and shall designate alternative courses offered through the System that may be completed by a student in~~

order to complete a transferable, 30-credit-hour Uniform Certificate or 15-credit-hour Passport. The Council shall adopt guidelines regarding the criteria to be used to review and issue decisions regarding waiver requests. Such waiver requests shall only be granted if the baccalaureate public institution of higher education provides evidence that the specified pathway or degree requires a specialized, lower division course not available through the System. Once approved, notice of a waiver granted by the Council shall be included in the online portal established pursuant to § 23.1-908.

D. The Council shall develop guidelines for associate-degree-granting and baccalaureate public institutions of higher education to use in mapping pathways for the completion of credits in particular programs of study, including the courses recommended to be taken in a dual enrollment, comprehensive community college, and baccalaureate public institution setting in order to pursue a specific degree or career. Such guidelines shall define the elements of a pathway map and identify the pathway maps to be developed. Initial guidelines adopted for mapping such pathways shall establish a multiyear schedule for the development and implementation of pathway maps for all fields of study.

E. Each baccalaureate public institution of higher education, in cooperation and consultation with the System, shall develop pathway maps consistent with the guidelines established pursuant to subsection D. Such pathways maps shall clearly set forth the courses that a student at a comprehensive community college is encouraged to complete prior to transferring to the baccalaureate institution. The goal of the career education pathway maps shall be to assist students in achieving optimal efficiencies in the time and cost of completing a degree program. Such program map shall also clearly identify the courses, if any, for which the baccalaureate institution has received a waiver from transfer pursuant to subsection C.

F. The Council shall prepare an a comprehensive annual report on the pertinent aspects of the pipeline effectiveness of students transferring from comprehensive community colleges to baccalaureate public institutions of higher education, including a review of the effectiveness of the use of pathway maps in achieving efficiencies and cost savings in the completion of a degree program. The report shall include the following elements: completion rates, average time to degree, credit accumulation, post-transfer student academic performance, and comparative efficiency. The Council shall adopt guidelines for data submission from public institutions of higher education necessary for such report, and all institutions shall report such data in accordance with the guidelines. The report shall be made publicly available on the Council website and on the online portal maintained pursuant to § 23.1-908.

~~E. The Council, consistent with its responsibility to facilitate the development of articulation, dual admissions, and guaranteed admissions agreements set forth in §§ 23.1-203 and 23.1-908, shall develop guidelines for such agreements.~~

F. G. Each comprehensive community college shall develop agreements for postsecondary degree attainment with the public high schools in the school divisions that such comprehensive community college serves specifying the options for students to complete an associate degree or a one-year Uniform Certificate of General Studies, the Passport Program, or the Uniform Certificate of General Studies Program concurrent with a high school diploma. Such agreements shall specify the credit available for dual enrollment courses and Advanced Placement courses with qualifying exam scores of three or higher.

H. The provisions of this section shall not apply to any public institution of higher education established pursuant to Chapter 25 (§ 23.1-2500 et seq.).

#### § 23.1-908. State Transfer Tool.

A. The Council shall develop, in cooperation with the System and each public institution of higher education, a State Transfer Tool that designates each general education course, in addition to the courses that comprise the Uniform Certificate of General Studies Program and the Passport Program, that is offered in an associate degree program at an associate-degree-granting public institution of higher education and transferable for course credit to a baccalaureate public institution of higher education. In developing the State Transfer Tool, the Council shall also seek the participation of private institutions of higher education.

B. The Council shall develop guidelines to govern the development and implementation of articulation, dual admissions, and guaranteed admissions agreements between associate-degree-granting public institutions of higher education and baccalaureate public institutions of higher education. Dual admissions agreements shall set forth (i) the obligations of each student accepted to such a program, including grade point average requirements, acceptable associate degree majors, and completion timetables, and (ii) the extent to which each student accepted to such a program may access the privileges of enrollment at both institutions while he is enrolled at either institution. Such agreements are subject to the admissions requirements of the baccalaureate public institutions of higher education.

~~C. The Council shall develop and make available to the public information identifying all passport credit courses and other general education courses offered at associate-degree-granting public institutions of higher education and designating those that are transferable for course credit at baccalaureate public institutions of higher education and baccalaureate private institutions of higher education. Each baccalaureate public institution of higher education shall update its transfer agreements immediately following any program modifications and shall send a copy of its updated agreement and any other transfer-related documents and resources to the System. The Council shall also send to the System a copy of any transfer-related guidelines and resources that it possesses. The System shall maintain an online portal that allows access to all such agreements, documents, and resources. The online portal shall also include (i) documents and resources related to course equivalency, (ii) pathway maps established pursuant to subsection E of § 23.1-907, (iii) the transfer tool established pursuant to subsection A, (iv) information regarding dual enrollment courses as described in § 23.1-905.1, and (v) any other information required to be included by law or deemed relevant by the System. A copy of the petition shall be mailed or delivered to the attorney for the Commonwealth for the jurisdiction where the petition was filed who shall be entitled to respond and represent the interests of the Commonwealth. "Pension plan" has the same meaning ascribed to that term in § 3(2) of ERISA.

C. The exemption from the claims of creditors provided under subsection B shall not apply to claims arising under a qualified domestic relations order.

D. The exemption from the claims of creditors provided under subsection B shall not apply to any claim by a creditor with respect to an annuity contract that was taken out, made, or assigned in writing for the benefit of the creditor.

E. Notwithstanding the provisions of subsection B and subject to the applicable statute of limitations, the amount of any premiums or other amounts paid for the related annuity contract that were paid with the intent to defraud creditors, with the interest thereon, shall inure to the benefit of the creditors from the proceeds of the policy, contract, or deposit.

F. The exemption provided by this section shall not apply to any protected annuity contract issued or effected during the six months preceding the date that the person claiming the exemption (i) files a voluntary petition in bankruptcy; (ii) becomes the subject of an order for relief or is declared insolvent in any federal or state bankruptcy or insolvency proceeding; or (iii) files a petition or answer seeking for himself any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under any statute, law, or regulation.

**§ 38.2-3125. Other rights of beneficiaries and assignees protected.**

Since the purpose of §§ 38.2-3122, 38.2-3122.1, and 38.2-3123 is to confer additional rights, privileges, and benefits upon beneficiaries and assignees of policies, no beneficiary or assignee shall by reason of these sections be divested or deprived of or prohibited from exercising or enjoying any right, privilege, or benefit that he would have or could exercise or enjoy had §§ 38.2-3122, 38.2-3122.1, and 38.2-3123 not been enacted.

2. Fifty percent of the revenues shall be deposited into a special fund hereby created on the books of the Comptroller under the name "Collections of Historic Triangle Sales Tax" and distributed to the locality in which the sales or use tax was collected. The revenues received by a locality pursuant to this subsection shall not be used to reduce the amount of other revenues appropriated by such locality to or for use by the Greater Williamsburg Chamber and Tourism Alliance below the amount provided in fiscal year 2018.

E. 1. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purposes of marketing, advertising, and promoting the Historic Triangle area as an overnight tourism destination, with the intent to attract visitors from a sufficient distance so as to require an overnight stay of at least one night, as set forth in this subsection. The Council shall use moneys in the Fund to fund the pay for necessary expenses of the Office and to fund the activities of the Office. The Office shall be overseen by a professional with extensive experience in marketing or advertising and in the tourism industry. The Office shall be responsible for (i) developing and implementing, in consultation with the Council, long-term and short-term strategic plans for advertising and promoting the numerous facilities, venues, and attractions devoted to education, historic preservation, amusement, entertainment, and dining in the Historic Triangle as a cohesive and unified travel destination for local, national, and international travelers; (ii) assisting, upon request, with the coordination of cross-advertising and cross-marketing efforts between various tourism venues and destinations in the Historic Triangle region; (iii) identifying strategies for both increasing the number of overnight visitors to the region and increasing the average length of stay of tourists in the region; and (iv) performing any other function related to the promotion of the Historic Triangle region as may be identified by the Council.

4. *The Council shall report annually on its long-term and short-term strategic plans and the implementation of such plans; marketing efforts; metrics regarding tourism in the Historic Triangle region; use of the funds in the Fund; and any other details relevant to the work of the Council and the Office. Such report shall be delivered no later than December 1 of each year to the managers or chief executive officers of the City of Williamsburg and the Counties of James City and York, and to the Chairmen of the House Committees on Finance and Appropriations and the Senate Committee on Finance.*

**§ 58.1-638. Disposition of state sales and use tax revenue.**

A. The Comptroller shall designate a specific revenue code number for all the state sales and use tax revenue collected under the preceding sections of this chapter.

1. The sales and use tax revenue generated by the one-half percent sales and use tax increase enacted by the 1986 Special Session of the General Assembly shall be paid, in the manner hereinafter provided in this section, to the Transportation Trust Fund as defined in § 33.2-1524. Of the funds paid to the Transportation Trust Fund, an aggregate of 4.2 percent shall be set aside as the Commonwealth Port Fund as provided in this section; an aggregate of 2.4 percent shall be set aside as the Commonwealth Airport Fund as provided in this section; and an aggregate of 14.7 percent shall be set aside as the Commonwealth Mass Transit Fund as provided in this section. The Fund's share of such net revenue shall be computed as an estimate of the net revenue to be received into the state treasury each month, and such estimated payment shall be adjusted for the actual net revenue received in the preceding month. All payments shall be made to the Fund on the last day of each month.

2. There is hereby created in the Department of the Treasury a special nonreverting fund which shall be a part of the Transportation Trust Fund and which shall be known as the Commonwealth Port Fund.

a. The Commonwealth Port Fund shall be established on the books of the Comptroller and the funds remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on such funds shall remain in the Fund and be credited to it. Funds may be paid to any authority, locality or commission for the purposes hereinafter specified.

b. The amounts allocated pursuant to this section shall be allocated by the Commonwealth Transportation Board to the Board of Commissioners of the Virginia Port Authority to be used to support port capital needs and the preservation of existing capital needs of all ocean, river, or tributary ports within the Commonwealth. Expenditures for such capital needs are restricted to those capital projects specified in subsection B of § 62.1-132.1.

c. Commonwealth Port Fund revenue shall be allocated by the Board of Commissioners to the Virginia Port Authority in order to foster and stimulate the flow of maritime commerce through the ports of Virginia, including but not limited to the ports of Richmond, Hopewell, and Alexandria.

3. There is hereby created in the Department of the Treasury a special nonreverting fund which shall be part of the Transportation Trust Fund and which shall be known as the Commonwealth Airport Fund. The Commonwealth Airport Fund shall be established on the books of the Comptroller and any funds remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on the funds shall be credited to the Fund. The funds so allocated shall be allocated by the Commonwealth Transportation Board to the Virginia Aviation Board. The funds shall be allocated by the Virginia Aviation Board to any Virginia airport which is owned by the Commonwealth, a governmental subdivision thereof, or a private entity to which the public has access for the purposes enumerated in § 5.1-2.16, or is owned or leased by the Metropolitan Washington Airports Authority (MWAA), as follows:

Any new funds in excess of \$12.1 million which are available for allocation by the Virginia Aviation Board from the Commonwealth Transportation Fund, shall be allocated as follows: 60 percent to MWAA, up to a maximum annual amount of \$2 million, and 40 percent to air carrier airports as provided in subdivision A 3 a. Except for adjustments due to changes in enplaned passengers, no air carrier airport sponsor, excluding MWAA, shall receive less funds identified under subdivision A 3 a than it received in fiscal year 1994-1995.

Of the remaining amount:

a. Forty percent of the funds shall be allocated to air carrier airports, except airports owned or leased by MWAA, based upon the percentage of enplanements for each airport to total enplanements at all air carrier airports, except airports owned or leased by MWAA. No air carrier airport sponsor, however, shall receive less than \$50,000 nor more than \$2 million per year from this provision.

b. Forty percent of the funds shall be allocated by the Aviation Board for air carrier and reliever airports on a discretionary basis, except airports owned or leased by MWAA.

c. Twenty percent of the funds shall be allocated by the Aviation Board for general aviation airports on a discretionary basis.

3a. There is hereby created in the Department of the Treasury a special nonreverting fund that shall be a part of the Transportation Trust Fund and that shall be known as the Commonwealth Space Flight Fund. The Commonwealth Space Flight Fund shall be established on the books of the Comptroller and the funds remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on such funds shall remain in the Fund and be credited to it.

a. The amounts allocated to the Commonwealth Space Flight Fund pursuant to § 33.2-1526 shall be allocated by the Commonwealth Transportation Board to the Board of Directors of the Virginia Commercial Space Flight Authority to be used to support the capital needs, maintenance, and operating costs of any and all facilities owned and operated by the Virginia Commercial Space Flight Authority.

b. Commonwealth Space Flight Fund revenue shall be allocated by the Board of Directors to the Virginia Commercial Space Flight Authority in order to foster and stimulate the growth of the commercial space flight industry in Virginia.

4. There is hereby created in the Department of the Treasury a special nonreverting fund which shall be a part of the Transportation Trust Fund and which shall be known as the Commonwealth Mass Transit Fund.

a. The Commonwealth Mass Transit Fund shall be established on the books of the Comptroller and any funds remaining in such Fund at the end of the biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on such funds shall be credited to the Fund. If funds in subdivision 4 b (1)(c) or 4 b (2)(d) are allocated to the construction of a new fixed rail project, such project shall be evaluated according to the process established pursuant to subsection B of § 33.2-214.1. Funds may be paid to any local governing body, transportation district commission, or public service corporation for the purposes hereinafter specified.

b. The amounts allocated pursuant to this section shall be used to support the operating, capital, and administrative costs of public transportation at a state share determined by the Commonwealth Transportation Board, and these amounts may be used to support the capital project costs of public transportation and ridesharing equipment, facilities, and associated costs at a state share determined by the Commonwealth Transportation Board. Capital costs may include debt service payments on local or agency transit bonds. In making these determinations, the Commonwealth Transportation Board shall confer with the Director of the Department of Rail and Public Transportation. In development of the Director's recommendation and subsequent allocation of funds by the Commonwealth Transportation Board, the Director of the Department of Rail and Public Transportation and the Commonwealth Transportation Board shall adhere to the following:

(1) For the distribution of revenues from the Commonwealth Mass Transit Fund, of those revenues generated in 2014 and thereafter, the first \$160 million in revenues or the maximum available revenues if less than \$160 million shall be distributed by the Commonwealth Transportation Board as follows:

(a) Funds for special programs, which shall include ridesharing, transportation demand management programs, experimental transit, public transportation promotion, operation studies, and technical assistance, shall not exceed 3 percent of the funds pursuant to this section and may be allocated to any local governing body, planning district commission, transportation district commission, or public transit corporation, or may be used directly by the Department of Rail and Public Transportation for the following purposes and aid of public transportation services:

(i) To finance a program administered by the Department of Rail and Public Transportation designed to promote the use of public transportation and ridesharing throughout Virginia.

(ii) To finance up to 80 percent of the cost of the development and implementation of projects where the purpose of such project is to enhance the provision and use of public transportation services.

(b) At least 72 percent of the funds shall be distributed to each transit property in the same proportion as its operating expenses bear to the total statewide operating expenses and shall be spent for the purposes specified in subdivision 4 b.

(c) Twenty-five percent of the funds shall be allocated and distributed utilizing a tiered approach evaluated by the Transit Service Delivery Advisory Committee along with the Director of the Department of Rail and Public Transportation and established by the Commonwealth Transportation Board for capital purposes based on asset need and anticipated state participation level and revenues. The tier distribution measures may be evaluated by the Transit Service Delivery Advisory Committee along with the Director of the Department of Rail and Public Transportation every three years and, if redefined by the Board, shall be published at least one year in advance of being applied. Funds allocated for debt service payments will be included in the tier that applies to the capital asset that is leveraged.

(d) Transfer of funds from funding categories in subdivisions 4 b (1)(a) and 4 b (1)(c) to 4 b (1)(b) shall be considered by the Commonwealth Transportation Board in times of statewide economic distress or statewide special need.

(2) The Commonwealth Transportation Board shall allocate the remaining revenues after the application of the provisions set forth in subdivision 4 b (1) generated for the Commonwealth Mass Transit Fund for 2014 and succeeding years as follows:

(a) Funds pursuant to this section shall be distributed among operating, capital, and special projects in order to respond to the needs of the transit community.

(b) Of the funds pursuant to this section, at least 72 percent shall be allocated to support operating costs of transit providers and distributed by the Commonwealth Transportation Board based on service delivery factors, based on effectiveness and efficiency, as established by the Commonwealth Transportation Board. These measures and their relative weight shall be evaluated every three years and, if redefined by the Commonwealth Transportation Board, shall be published and made available for public comment at least one year in advance of being applied. In developing the service delivery factors, the Commonwealth Transportation Board shall create for the Department of Rail and Public Transportation a Transit Service Delivery Advisory Committee, consisting of two members appointed by the Virginia Transit Association, one member appointed by the Community Transportation Association of Virginia, one member appointed by the Virginia Municipal League, one member appointed by the Virginia Association of Counties, and three members appointed by the Director of the Department of Rail and Public Transportation, to advise the Department of Rail and Public Transportation in the development of a distribution process for the funds allocated pursuant to this subdivision 4 b (2)(b) and how transit systems can incorporate these metrics in their transit development plans. The Transit Service Delivery Advisory Committee shall elect a Chair. The Department of Rail and Public Transportation shall provide administrative support to the committee. Effective July 1, 2013, the Transit Service Delivery Advisory Committee shall meet at least annually and consult with interested stakeholders and hold at least one public hearing and report its findings to the Director of the Department of Rail

and Public Transportation. Prior to the Commonwealth Transportation Board approving the service delivery factors, the Director of the Department of Rail and Public Transportation along with the Chair of the Transit Service Delivery Advisory Committee shall brief the Senate Committee on Finance, the House Appropriations Committee, and the Senate and House Committees on Transportation on the findings of the Transit Service Delivery Advisory Committee and the Department's recommendation. Before redefining any component of the service delivery factors, the Commonwealth Transportation Board shall consult with the Director of the Department of Rail and Public Transportation, Transit Service Delivery Advisory Committee, and interested stakeholders and provide for a 45-day public comment period. Prior to approval of any amendment to the service delivery measures, the Board shall notify the aforementioned committees of the pending amendment to the service delivery factors and its content.

(c) Funds for special programs, which shall include ridesharing, transportation demand management programs, experimental transit, public transportation promotion, operation studies, and technical assistance, shall not exceed 3 percent of the funds pursuant to this section and may be allocated to any local governing body, planning district commission, transportation district commission, or public transit corporation, or may be used directly by the Department of Rail and Public Transportation for the following purposes and aid of public transportation services:

(i) To finance a program administered by the Department of Rail and Public Transportation designed to promote the use of public transportation and ridesharing throughout Virginia.

(ii) To finance up to 80 percent of the cost of the development and implementation of projects where the purpose of such project is to enhance the provision and use of public transportation services.

(d) Of the funds pursuant to this section, 25 percent shall be allocated and distributed utilizing a tiered approach evaluated by the Transit Service Delivery Advisory Committee along with the Director of Rail and Public Transportation and established by the Commonwealth Transportation Board for capital purposes based on asset need and anticipated state participation level and revenues. The tier distribution measures may be evaluated by the Transit Service Delivery Advisory Committee along with the Director of Rail and Public Transportation every three years and, if redefined by the Board, shall be published at least one year in advance of being applied. Funds allocated for debt service payments shall be included in the tier that applies to the capital asset that is leveraged.

(e) Transfer of funds from funding categories in subdivisions 4 b (2)(c) and 4 b (2)(d) to 4 b (2)(b) shall be considered by the Commonwealth Transportation Board in times of statewide economic distress or statewide special need.

(f) The Department of Rail and Public Transportation may reserve a balance of up to five percent of the Commonwealth Mass Transit Fund revenues under this subsection in order to assure better stability in providing operating and capital funding to transit entities from year to year.

(3) The Commonwealth Mass Transit Fund shall not be allocated without requiring a local match from the recipient.

c. There is hereby created in the Department of the Treasury a special nonreverting fund known as the Commonwealth Transit Capital Fund. The Commonwealth Transit Capital Fund shall be part of the Commonwealth Mass Transit Fund. The Commonwealth Transit Capital Fund subaccount shall be established on the books of the Comptroller and consist of such moneys as are appropriated to it by the General Assembly and of all donations, gifts, bequests, grants, endowments, and other moneys given, bequeathed, granted, or otherwise made available to the Commonwealth Transit Capital Fund. Any funds remaining in the Commonwealth Transit Capital Fund at the end of the biennium shall not revert to the general fund, but shall remain in the Commonwealth Transit Capital Fund. Interest earned on funds within the Commonwealth Transit Capital Fund shall remain in and be credited to the Commonwealth Transit Capital Fund. Proceeds of the Commonwealth Transit Capital Fund may be paid to any political subdivision, another public entity created by an act of the General Assembly, or a private entity as defined in § 33.2-1800 and for purposes as enumerated in subdivision 7 of § 33.2-1701 or expended by the Department of Rail and Public Transportation for the purposes specified in this subdivision. Revenues of the Commonwealth Transit Capital Fund shall be used to support capital expenditures involving the establishment, improvement, or expansion of public transportation services through specific projects approved by the Commonwealth Transportation Board. If revenues of the Commonwealth Transit Capital Fund are allocated to the construction of a new fixed rail project, such project shall be evaluated according to the process established pursuant to subsection B of § 33.2-214.1. The Commonwealth Transit Capital Fund shall not be allocated without requiring a local match from the recipient.

d. The Commonwealth Transportation Board may allocate up to three and one-half percent of the funds set aside for the Commonwealth Mass Transit Fund to support costs of project development, project administration, and project compliance incurred by the Department of Rail and Public Transportation in implementing rail, public transportation, and congestion management grants and programs.

5. Funds for Metro shall be paid by the Northern Virginia Transportation Commission (NVTC) to the Washington Metropolitan Area Transit Authority (WMATA) and be a credit to the Counties of Arlington and Fairfax and the Cities of Alexandria, Falls Church, and Fairfax in the following manner:

a. Local obligations for debt service for WMATA rail transit bonds apportioned to each locality using WMATA's capital formula shall be paid first by NVTC. NVTC shall use 95 percent state aid for these payments.

b. The remaining funds shall be apportioned to reflect WMATA's allocation formulas by using the related WMATA-allocated subsidies and relative shares of local transit subsidies. Capital costs shall include 20 percent of annual local bus capital expenses. Hold harmless protections and obligations for NVTC's jurisdictions agreed to by NVTC on November 5, 1998, shall remain in effect.

Appropriations from the Commonwealth Mass Transit Fund are intended to provide a stable and reliable source of revenue as defined by Public Law 96-184.

6. Notwithstanding any other provision of law, funds allocated to Metro may be disbursed by the Department of Rail and Public Transportation directly to Metro or to any other transportation entity that has an agreement to provide funding to Metro.

B. The sales and use tax revenue generated by a one percent sales and use tax shall be distributed among the counties and cities of the Commonwealth in the manner provided in subsections C and D.

C. The localities' share of the net revenue distributable under this section among the counties and cities shall be apportioned by the Comptroller and distributed among them by warrants of the Comptroller drawn on the Treasurer of Virginia as soon as practicable after the close of each month during which the net revenue was received into the state treasury. The distribution of the localities' share of such net revenue shall be computed with respect to the net revenue received into the state treasury during each month, and such distribution shall be made as soon as practicable after the close of each such month.

D. The net revenue so distributable among the counties and cities shall be apportioned and distributed upon the basis of the latest yearly estimate of the population of cities and counties ages five to 19, provided by the Weldon Cooper Center for Public Service of the University of Virginia. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for persons who are domiciled in orphanages or charitable institutions or who are dependents living on any federal military or naval reservation or other federal property within the school division in which the institutions or federal military or naval reservation or other federal property is located. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for members of the military services who are under 20 years of age within the school division in which the parents or guardians of such persons legally reside. Within three calendar days of receiving such certification, the Comptroller shall make the required transfers to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund.

4. The net revenues distributable under this subsection shall be computed as an estimate of the net revenue to be received by the state treasury each month, and such estimated payment shall be adjusted for the actual net revenue received in the preceding month. All payments shall be made to the appropriate funds on the last day of each month.

*An Act to amend and reenact § 58.1-439.2 of the Code of Virginia, relating to coalfield employment enhancement tax credit.*

[H 665]

Approved May 18, 2018

**Be it enacted by the General Assembly of Virginia:**

- 1. That § 58.1-439.2 of the Code of Virginia is amended and reenacted as follows:**

**§ 58.1-439.2. Coalfield employment enhancement tax credit.**

*A. For tax years beginning on and after January 1, 1996, but before January 1, 2017, and on and after January 1, 2018, but before January 1, 2023, any person who has an economic interest in coal mined in the Commonwealth shall be allowed*

a credit against the tax imposed by § 58.1-400 and any other tax imposed by the Commonwealth in accordance with the following:

1. For *metallurgical* coal mined by underground methods, the credit amount shall be based on the seam thickness as follows:

Seam Thickness	Credit per Ton
36" and under	\$2.00
Above 36"	\$1.00

The seam thickness shall be based on the weighted average isopach mapping of actual *metallurgical* coal thickness by mine as certified by a professional engineer. Copies of such certification shall be maintained by the person qualifying for the credit under this section for a period of three years after the credit is applied for and received and shall be available for inspection by the Department of Taxation. The Department of Mines, Minerals and Energy is hereby authorized to audit all information upon which the isopach mapping is based.

2. For *metallurgical* coal mined by surface mining methods, a credit in the amount of 40 cents (\$0.40) per ton for coal sold in 1996, and each year thereafter.

B. In addition to the credit allowed in subsection A, for tax years beginning on and after January 1, 1996, *but before January 1, 2023*, any person who is a producer of coalbed methane shall be allowed a credit in the amount of one cent (\$0.01) per million BTUs of coalbed methane produced in the Commonwealth against the tax imposed by § 58.1-400 and any other tax imposed by the Commonwealth on such person.

C. For purposes of this section, economic interest is the same as the economic ownership interest required by § 611 of the Internal Revenue Code which was in effect on December 31, 1977. A party who only receives an arm's length royalty shall not be considered as having an economic interest in coal mined in the Commonwealth.

D. If the credit exceeds the person's state tax liability for the tax year, the excess shall be redeemable by the Tax Commissioner on behalf of the Commonwealth for 90 percent of the face value within 90 days after filing the return; however, for credit earned in tax years beginning on and after January 1, 2002, such excess shall be redeemable by the Tax Commissioner on behalf of the Commonwealth for 85 percent of the face value within 90 days after filing the return. The remaining 10 or 15 percent of the value of the credit being redeemed, as applicable for such tax year, shall be deposited by the Commissioner in a regional economic development fund administered by the ~~Coalfields Virginia Coalfield~~ Virginia Coalfield Economic Development Authority to be used for regional economic diversification in accordance with guidelines developed by the ~~Coalfields Virginia Coalfield~~ Virginia Coalfield Economic Development Authority and the Virginia Economic Development Partnership.

E. No person may utilize more than one of the credits on a given ton of coal described in subsection A. No person may claim a credit pursuant to this section for any ton of coal for which a credit has been claimed under § 58.1-433.1 or 58.1-2626.1. Persons who qualify for the credit may not apply such credit to their tax returns prior to January 1, 1999, and only one year of credits shall be allowed annually beginning in 1999.

F. The amount of credit allowed pursuant to subsection A shall be the amount of credit earned multiplied by the person's employment factor. The person's employment factor shall be the percentage obtained by dividing the total number of coal mining jobs of the person filing the return, including the jobs of the contract operators of such person, as reflected in the annual tonnage reports filed with the Department of Mines, Minerals and Energy for the year in which the credit was earned by the total number of coal mining jobs of such persons or operators as reflected in the annual tonnage reports for the year immediately prior to the year in which the credit was earned. In no case shall the credit claimed exceed that amount set forth in subsection A.

G. The tax credit allowed under this section shall be claimed in the third taxable year following the taxable year in which the credit was earned and allowed.

H. As used in this section, "*metallurgical coal*" means bituminous coal used for the manufacture of iron and steel with calorific value of 14,000 BTUs or greater on a moisture and ash free basis.

**2. That the Department of Taxation shall develop and make publicly available guidelines implementing the provisions of this act. In developing such guidelines, the Department shall not be subject to the provisions of the Administrative Process Act (§ 2.2-4000 et seq. of the Code of Virginia).**

**CHAPTER 854**

*An Act to amend and reenact §§ 33.2-2400, 33.2-2401, 33.2-2509, 58.1-638, 58.1-811, as it is currently effective, 58.1-815.4, as it is currently effective and as it may become effective, 58.1-1741, as it is currently effective, 58.1-2289, as it is currently effective, 58.1-2299.20, as it is currently effective, and 58.1-3221.3 of the Code of Virginia; to amend and reenact § 3 of the second enactment of Chapter 896 of the Acts of Assembly of 2007, as amended by Chapter 830 of the Acts of Assembly of 2011; to amend and reenact the twelfth enactment of Chapter 684 of the Acts of Assembly of 2015; to amend the Code of Virginia by adding a section numbered 33.2-214.3, by adding in Article 5 of Chapter 2 of Title 33.2 a section numbered 33.2-286, by adding a section numbered 33.2-1526.1, by adding in Article 11 of Chapter 19 of Title 33.2 a section numbered 33.2-1936, by adding in Title 33.2 a chapter numbered 31.01, consisting of*

**§ 33.2-214.3. Statewide prioritization for the Commonwealth Mass Transit Fund.**

A. 1. The Board shall develop a prioritization process for the use of funds allocated pursuant to subdivision C 2 of § 33.2-1526.1. Such prioritization process shall be used for the development of the Six-Year Improvement Program adopted annually by the Board pursuant to § 33.2-214. There shall be a separate prioritization process for state of good repair projects and major expansion projects. The prioritization process shall, for state of good repair projects, be based upon transit asset management principles, including federal requirements for Transit Asset Management pursuant to 49 U.S.C. § 5326. The prioritization process shall, for major expansion projects, be based on an objective and quantifiable analysis that considers the following factors relative to the cost of a major expansion project: congestion mitigation, economic development, accessibility, safety, environmental quality, and land use.

2. The Board shall solicit input from localities, metropolitan planning organizations, transit authorities, transportation authorities, and other stakeholders in its development of the prioritization process pursuant to this subsection. Further, the Board shall explicitly consider input provided by an applicable metropolitan planning organization or the Northern Virginia Transportation Authority when developing the prioritization process set forth in subdivision 1 for a metropolitan planning area with a population of over 200,000 individuals.

B. 1. The Board shall create for the Department of Rail and Public Transportation a Transit Service Delivery Advisory Committee, consisting of two members appointed by the Virginia Transit Association, one member appointed by the Community Transportation Association of Virginia, one member appointed by the Virginia Municipal League, one member appointed by the Virginia Association of Counties, and three members appointed by the Director of the Department of Rail and Public Transportation, to advise the Department of Rail and Public Transportation in the development of the process set forth in subdivision 2. The Transit Service Delivery Advisory Committee shall elect a chairman from among its membership. The Department of Rail and Public Transportation shall provide administrative support to the Transit Service Delivery Advisory Committee. The Transit Service Delivery Advisory Committee shall meet at least annually and consult with interested stakeholders and hold at least one public hearing and report its findings to the Director of the Department of Rail and Public Transportation.

2. The Department of Rail and Public Transportation, in conjunction with the Transit Service Delivery Advisory Committee, shall develop a process for the distribution of the funds allocated pursuant to subdivision C 1 of § 33.2-1526.1 and the incorporation by transit systems of the service delivery factors set forth therein into their transit development plans. Prior to the Board approving service delivery factors, the Director of the Department of Rail and Public Transportation and the Chairman of the Transit Service Delivery Advisory Committee shall brief the House Committees on Appropriations and Transportation and the Senate Committees on Finance and Transportation regarding the findings and recommendations of the Transit Service Delivery Advisory Committee and the Department of Rail and Public Transportation. Before redefining any component of the service delivery factors, the Board shall consult with the Director of the Department of Rail and Public Transportation, the Transit Service Delivery Advisory Committee, and interested stakeholders, and shall provide for a 45-day public comment period. The process required to be delivered by this subsection shall be adopted no later than July 1, 2019, and shall apply beginning with the fiscal year 2020-2025 Six-Year Improvement Program.

**§ 33.2-286. Urban transit agency strategic plans.**

A. The Department of Rail and Public Transportation shall develop guidelines, subject to the approval of the Board, for the development of strategic plans for transit agencies that (i) serve an urbanized area with a population of 50,000 or more and (ii) have a bus fleet consisting of at least 20 buses.

*B. As a condition of receiving funds from the Commonwealth Mass Transit Fund, any transit agency that meets the criteria of subsection A shall develop, and update at least once every five years, a strategic plan using the guidelines approved by the Board.*

*C. The guidelines shall require the following:*

- 1. An assessment of state of good repair needs;*
- 2. A review of the performance of fixed-route bus service, including schedules, route design, connectivity, and vehicle sizes;*
- 3. An evaluation of opportunities to improve operating efficiency of the transit network, including reliability of trips and travel speed;*
- 4. An examination and identification of opportunities to share services where multiple transit providers' services overlap; and*
- 5. An examination of opportunities to improve service in underserved areas.*

*D. In addition to developing and updating a strategic plan pursuant to this section, in all planning districts with transit systems collectively serving population areas of not less than 1.5 million nor more than 2 million, such transit systems shall develop a regional transit planning process coordinated by the federally designated Metropolitan Planning Organization. Such planning process shall include the identification and prioritization of projects, the establishment of performance benchmarks that incorporate state and federal requirements, the development and implementation of a regional subsidy allocation model, and the distribution of funds solely designated for transit and rail and that are administered by a regional body authorized by this Code to enter into agreements for the operation and maintenance of transit and rail facilities.*

**§ 33.2-1526.1. Use of the Commonwealth Mass Transit Fund.**

*A. All funds deposited pursuant to §§ 58.1-638, 58.1-638.3, 58.1-815.4, and 58.1-2289 into the Commonwealth Mass Transit Fund (the Fund), established pursuant to subdivision A 4 of § 58.1-638, shall be allocated as set forth in this section.*

*B. The Board may establish policies for the implementation of this section, including the determination of the state share of operating, capital, and administrative costs related to mass transit. For purposes of this section, capital costs may include debt service payments on local or agency transit bonds. Funds may be paid to any local governing body, transportation district commission, or public service corporation for the purposes as set forth in this section. No funds from the Fund shall be allocated without a local match from the recipient.*

*C. Each year the Director of the Department of Rail and Public Transportation shall make recommendations to the Board for the allocation of funds from the Fund. Such recommendations, and the final allocations approved by the Board, shall adhere to the following:*

*1. Thirty-one percent of the funds shall be allocated to support operating costs of transit providers and shall be distributed by the Board on the basis of service delivery factors, based on effectiveness and efficiency as established by the Board. Such measures and their relative weight shall be evaluated every three years and, if redefined by the Board, shall be published and made available for public comment at least one year in advance of being applied. The Washington Metropolitan Area Transit Authority (WMATA) shall not be eligible for an allocation of funds pursuant to this subdivision.*

*2. Twelve and one-half percent of the funds shall be allocated for capital purposes and distributed utilizing the transit capital prioritization process established by the Board pursuant to § 33.2-214.3. The Washington Metropolitan Area Transit Authority shall not be eligible for an allocation of funds pursuant to this subdivision.*

*3. Fifty-three and one-half percent of the funds shall be allocated to the Northern Virginia Transportation Commission for distribution to WMATA for capital purposes and operating assistance, as determined by the Commission.*

*4. Three percent of the funds shall be allocated for special programs, including ridesharing, transportation demand management programs, experimental transit, public transportation promotion, operation studies, and technical assistance, and may be allocated to any local governing body, planning district commission, transportation district commission, or public transit corporation. Remaining funds may also be used directly by the Department of Rail and Public Transportation to (i) finance a program administered by the Department of Rail and Public Transportation designed to promote the use of public transportation and ridesharing throughout the Commonwealth or (ii) finance up to 80 percent of the cost of development and implementation of projects with a purpose of enhancing the provision and use of public transportation services.*

*D. The Board may consider the transfer of funds from subdivisions C 2 and 4 to subdivision C 1 in times of statewide economic distress or statewide special need.*

*E. The Department of Rail and Public Transportation may reserve a balance of up to five percent of the Fund revenues in order to ensure stability in providing operating and capital funding to transit entities from year to year, provided that such balance shall not exceed five percent of revenues in a given biennium.*

*F. The Board may allocate up to 3.5 percent of the funds set aside for the Fund to support costs of project development, project administration, and project compliance incurred by the Department of Rail and Public Transportation in implementing rail, public transportation, and congestion management grants and programs.*

*G. Funds allocated to the Northern Virginia Transportation Commission (NVTC) for WMATA pursuant to subdivision C 3 shall be credited to the Counties of Arlington and Fairfax and the Cities of Alexandria, Fairfax, and Falls Church. Beginning in the fiscal year when service starts on Phase II of the Silver Line, such funds shall also be credited to Loudoun County. Funds allocated pursuant to this subsection shall be credited as follows:*

1. Local obligations for debt service for WMATA rail transit bonds apportioned to each locality using WMATA's capital formula shall be paid first by NVTC, which shall use 95 percent state aid for these payments.

2. The remaining funds shall be apportioned to reflect WMATA's allocation formulas by using the related WMATA-allocated subsidies and relative shares of local transit subsidies. Capital costs shall include 20 percent of annual local bus capital expenses. Local transit subsidies and local capital costs of Loudoun County shall not be included. Hold harmless protections and obligations for NVTC's jurisdictions agreed to by NVTC on November 5, 1998, shall remain in effect.

H. Appropriations from the Fund are intended to provide a stable and reliable source of revenue, as defined by P.L. 96-184.

I. Notwithstanding any other provision of law, funds allocated to WMATA may be disbursed by the Department of Rail and Public Transportation directly to WMATA or to any other transportation entity that has an agreement to provide funding to WMATA.

J. In any year that the total Virginia operating assistance in the approved WMATA budget increases by more than 3 percent from the total operating assistance in the prior year's approved WMATA budget, the Board shall withhold an amount equal to 35 percent of the funds available under subdivision C 3. The following items shall not be included in the calculation of any WMATA budget increase: (i) any service, equipment, or facility that is required by any applicable law, rule, or regulation; (ii) any capital project approved by the WMATA Board before or after the effective date of this provision; and (iii) any payments or obligations of any kind arising from or related to legal disputes or proceedings between or among WMATA and any other person or entity.

**§ 33.2-1936. Transportation districts with unique needs.**

The General Assembly finds that transportation districts that (i) have a population of 1.7 million or more, as shown by the most recent United States Census, (ii) have not less than 1.5 million motor vehicles registered therein, and (iii) have a total transit ridership of not less than 75 million riders per year across all transit systems within the transportation district and in which a rapid heavy rail commuter mass transportation system operating on an exclusive right-of-way and a bus commuter mass transportation system are owned, operated, or controlled by an agency or commission as defined in § 33.2-1901 have unique transportation needs.

Such transfer shall be made by the issuance of a treasury loan at no interest in the amount of \$19 million in the event such an amount is not included for the Fund in the general appropriation act enacted by the 1994 Session of the General Assembly. Such treasury loan shall be repaid from the Commonwealth's portion of the state recordation tax imposed by Chapter 8 (§ 58.1-800 et seq.) of Title 58.1 designated for the Fund by this section and § 58.1-816.

*D. Beginning in fiscal year 2019, \$20 million each year shall be transferred from the Fund to the Washington Metropolitan Area Transit Authority Capital Fund established pursuant to § 33.2-3401.*

**§ 33.2-2401. Northern Virginia Transportation District Program.**

"WMATA" means the Washington Metropolitan Area Transit Authority.

**§ 33.2-3401. Washington Metropolitan Area Transit Authority Capital Fund.**

A. There is hereby created in the state treasury a special nonreverting fund for the benefit of the Northern Virginia Transportation District to be known as the Washington Metropolitan Area Transit Authority Capital Fund. The Fund shall be established on the books of the Comptroller. All revenues dedicated to the Fund pursuant to §§ 33.2-2400, 33.2-3404, 58.1-802.3, 58.1-1741, 58.1-1743, and 58.1-2299.20 shall be paid into the state treasury and credited to the Fund as set forth in subsection B and shall be used for the payment of capital purposes incurred, or to be incurred, by WMATA. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. The Comptroller shall disburse funds to WMATA on a monthly basis if NVTC has provided the certification required by subsection B of § 33.2-3402.

B. 1. Within the Fund, there shall be established a separate, segregated account into which revenues dedicated to the Fund pursuant to §§ 33.2-2400 and 58.1-1741 shall be deposited (the Restricted Account). Revenues deposited into the Restricted Account shall be available for use by WMATA for capital purposes other than for the payment of, or security for, debt service on bonds or other indebtedness of WMATA.

2. Within the Fund, there shall be established a separate, segregated account into which revenues dedicated to the Fund pursuant to §§ 33.2-3404, 58.1-802.3, 58.1-1743, and 58.1-2299.20 shall be deposited (the Non-Restricted Account). Revenues deposited into the Non-Restricted Account shall be available for use by WMATA for capital purposes, including for the payment of, or security for, debt service on bonds or other indebtedness of WMATA, or for any other WMATA capital purposes.

C. The amounts deposited into the Fund and the distribution and expenditure of such amounts shall not be used to calculate or reduce the share of federal, state, or local revenues otherwise available to participating jurisdictions. Further, such revenues and moneys shall not be included in any computation of, or formula for, a locality's ability to pay for public education, upon which appropriations of state revenues to local governments for public education are determined.

**§ 33.2-3402. NVTC oversight.**

A. In any year that funds are deposited into the Fund, the NVTC shall request certain documents and reports from WMATA to confirm the benefits of the WMATA system to persons living, traveling, commuting, and working in the localities that the NVTC comprises. Such documents and reports shall include:

1. WMATA's annual capital budget;
2. WMATA's annual independent financial audit;
3. WMATA's National Transit Data annual profile; and
4. Single audit reports issued in accordance with the Uniform Administrative Requirements, Cost Principals, and Audit Requirements for Federal Awards (2 C.F.R. Part 200).

B. NVTC shall be responsible for coordinating the delivery of such documents and reports with WMATA. Funding of the Commonwealth to support WMATA pursuant to § 33.2-1526.1 shall be contingent on WMATA providing the documents and reports described in subsection A, and NVTC shall provide annual certification to the Comptroller that such documents and reports have been received.

**§ 33.2-3403. NVTC report.**

By November 1 of each year that funds are deposited into the Fund, NVTC shall report to the Governor and the General Assembly on the performance and condition of WMATA. Such report shall contain, at a minimum, documentation of the following:

1. The safety and reliability of the rapid heavy rail mass transportation system and bus network;
2. The financial performance of WMATA related to the operations of the rapid heavy rail mass transportation system, including farebox recovery, service per rider, and cost per service hour;
3. The financial performance of WMATA related to the operations of the bus mass transportation system, including farebox recovery, service per rider, and cost per service hour;
4. Potential strategies to reduce the growth in such costs and to improve the efficiency of WMATA operations;
5. Use of the funds provided from the Fund to improve the safety and condition of the rapid heavy rail mass transportation system; and
6. Ridership of the rapid heavy rail mass transportation system and the bus mass transportation system.

**§ 33.2-3404. Local transportation support for WMATA.**

A. Each county or city that (i) is located in a transportation district that as of January 1, 2018, meets the criteria established in § 33.2-1936 and (ii) has financial obligations to a transit system that operates a rapid heavy rail mass transit system operating on an exclusive right-of-way that is funded and controlled in part by such transportation district shall annually pay to the Fund an amount as determined by subsection B.

*B. The amount to be paid by each local government pursuant to subsection A shall be determined by multiplying \$27.12 million by a fraction the numerator of which shall be such local government's share of capital funding for WMATA and the denominator of which shall be the total share of capital funding for WMATA for all local governments in the Commonwealth.*

*C. A locality subject to subsection A shall pay the amount determined by subsection B by transferring a portion of the revenues received pursuant to subsection B of § 33.2-2510 to the Fund. However, in any fiscal year in which a locality subject to subsection A has adopted a budget and a corresponding resolution to provide the amount of funds determined pursuant to subsection B from a source other than the revenues received pursuant to subsection B of § 33.2-2510, such locality may provide the funds for that fiscal year from such other source, and shall not be required to transfer funds received pursuant to subdivision B of § 33.2-2510.*

CHAPTER 35.

COMMUTER RAIL OPERATING AND CAPITAL FUND.

**§ 33.2-3500. Commuter Rail Operating and Capital Fund.**

*A. The General Assembly declares it to be in the public interest that developing and continuing commuter rail operations and developing rail infrastructure, rolling stock, and support facilities to support commuter rail service are important elements of a balanced transportation system in the Commonwealth and further declares that retaining, maintaining, improving, and developing commuter rail-related infrastructure improvements and operations are essential to the Commonwealth's continued economic growth, vitality, and competitiveness in national and world markets.*

*B. There is hereby created in the state treasury a special nonreverting fund to be known as the Commuter Rail Operating and Capital Fund, referred to in this section as "the Fund." The Fund shall be established on the books of the Comptroller and shall consist of funds deposited into the Fund pursuant to § 58.1-2299.20 and other funds as may be set forth in a general appropriation act or allocated by the Commonwealth Transportation Board. Such funds shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. The Comptroller shall disburse funds in the Fund monthly to transportation districts established pursuant to Chapter 19 (§ 33.2-1900 et seq.) that on July 1, 2018, jointly operate a commuter rail system. The amount distributed to each transportation district shall be determined by multiplying the total amount of funds available for disbursement by a fraction, the numerator of which shall be such transportation district's share of funding for the commuter rail service jointly operated by the two transportation districts and the denominator of which shall be the total funding provided by both transportation districts for such commuter rail service.*

*C. If the transportation districts described in subsection B determine that such moneys distributed to the districts exceed the amount required to meet the current capital and operating needs of the commuter rail system, they may invest such excess moneys to the same extent as provided in subsection A of § 33.2-1525 for excess funds in the Transportation Trust Fund.*

*D. The amounts deposited into the Fund and the distribution and expenditure of such amounts shall not be used to calculate or reduce the share of federal, state, or local revenues otherwise available to participating jurisdictions. Further, such revenues and moneys shall not be included in any computation of, or formula for, a locality's ability to pay for public education, upon which appropriations of state revenues to local governments for public education are determined. Any amounts deposited pursuant to § 58.1-2299.20 shall be considered local funds when used to make a required match for state or federal transportation grant funds.*

**§ 33.2-3501. Use of revenues in the Fund.**

*A. The transportation districts described in subsection B of § 33.2-3500 shall administer and expend, or commit, funds from the Fund to support the cost of operating commuter rail service; acquiring, leasing, or improving railways or railroad equipment, rolling stock, rights-of-way, or facilities; or assisting other appropriate entities to acquire, lease, or improve railways or railroad equipment, rolling stock, rights-of-way, or facilities for commuter rail transportation purposes whenever such transportation districts have determined that such acquisition, lease, or improvement is for the common good of a region of the Commonwealth or the Commonwealth as a whole. Funds provided in this section may also be used as matching funds for federal grants to support commuter rail projects.*

*B. Capital projects, including tracks and facilities constructed, and property, equipment, and rolling stock purchased, with funds from the Fund pursuant to this section shall be owned, leased, or otherwise subject to the continuing use of the transportation districts described in subsection B of § 33.2-3500 for the useful life of the projects and property, equipment, and rolling stock, as determined by such transportation districts, and shall be made available for use by all commuter rail operations and common carriers using the railway system to which they connect under the trackage rights or operating agreements between the parties. Such transportation districts may transfer ownership of any tracks or property to the Commonwealth. Projects undertaken pursuant to this section shall be limited to those providing benefits to a region of the Commonwealth, the Commonwealth as a whole, or an adjacent jurisdiction served by commuter rail originating in the Commonwealth.*

**§ 33.2-3502. Authority to issue bonds.**

*The transportation districts described in subsection B of § 33.2-3500 may issue bonds and other evidences of debt as may be authorized by this section or other law. The provisions of Article 5 (§ 33.2-1920 et seq.) of Chapter 19 shall apply, mutatis mutandis, to the issuance of such bonds or other debt. The Authority may issue bonds or other debt in such amounts*

*as it deems appropriate. The bonds may be supported by any funds available in the Fund, provided that the total amount of debt service for all outstanding bonds may not exceed 66 percent of the revenues dedicated to the Fund pursuant to § 58.1-2299.20.*

**§ 58.1-638. Disposition of state sales and use tax revenue.**

A. The Comptroller shall designate a specific revenue code number for all the state sales and use tax revenue collected under the preceding sections of this chapter.

1. The sales and use tax revenue generated by the one-half percent sales and use tax increase enacted by the 1986 Special Session of the General Assembly shall be paid, in the manner hereinafter provided in this section, to the Transportation Trust Fund as defined in § 33.2-1524. Hold harmless protections and obligations for NVTC's jurisdictions agreed to by NVTC on November 5, 1998, shall remain in effect.

6. Notwithstanding any other provision of law, funds allocated to Metro may be disbursed by the Department of Rail and Public Transportation directly to Metro or to any other transportation entity that has an agreement to provide funding to Metro.

B. The sales and use tax revenue generated by a one percent sales and use tax shall be distributed among the counties and cities of the Commonwealth in the manner provided in subsections C and D.

C. The localities' share of the net revenue distributable under this section among the counties and cities shall be apportioned by the Comptroller and distributed among them by warrants of the Comptroller drawn on the Treasurer of Virginia as soon as practicable after the close of each month during which the net revenue was received into the state treasury. The distribution of the localities' share of such net revenue shall be computed with respect to the net revenue received into the state treasury during each month, and such distribution shall be made as soon as practicable after the close of each such month.

D. The net revenue so distributable among the counties and cities shall be apportioned and distributed upon the basis of the latest yearly estimate of the population of cities and counties ages five to 19, provided by the Weldon Cooper Center for Public Service of the University of Virginia. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for persons who are domiciled in orphanages or charitable institutions or who are dependents living on any federal military or naval reservation or other federal property within the school division in which the institutions or federal military or naval reservation or other federal property is located. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for members of the military services who are under 20 years of age within the school division in which the parents or guardians of such persons legally reside. To such estimate, the Department of Education shall add the population of students with disabilities, ages two through four and 20 through 21, as provided to the Department of Education by school divisions. The revenue so apportionable and distributable is hereby appropriated to the several counties and cities for maintenance, operation, capital outlays, debt and interest payments, or other expenses incurred in the operation of the public schools, which shall be considered as funds raised from local resources. In any county, however, wherein is situated any incorporated town constituting a school division, the county treasurer shall pay into the town treasury for maintenance, operation, capital outlays, debt and interest payments, or other expenses incurred in the operation of the public schools, the proper proportionate amount received by him in the ratio that the school population of such town bears to the school population of the entire county. If the school population of any city or of any town constituting a school division is increased by the annexation of territory since the last estimate of school population provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this section, be added to the school population of such city or town as shown by the last such estimate and a proper reduction made in the school population of the county or counties from which the annexed territory was acquired.

That notwithstanding the provisions of subdivision C 1 of § 33.2-1526.1 of the Code of Virginia, as created by this act, for fiscal year 2019 the funds allocated to support the operating costs of transit shall be distributed as follows: (i) the first \$54 million of such funds shall be distributed to each transit property in the same proportion as its operating expenses bear to the total statewide operating expenses and shall be spent for purposes deemed to be eligible by the Board and (ii) the remaining amount of such funds shall be allocated to support operating costs of transit providers and shall be distributed by the Board on the basis of service delivery factors, based on effectiveness and efficiency, as established by the Board.

12. That (i) the Washington Metropolitan Area Transit Authority (WMATA) was established pursuant to an interstate compact between Virginia, Maryland, and the District of Columbia to operate a regional mass transit system in the Washington, D.C., metropolitan area; (ii) WMATA is currently the second largest rapid heavy rail mass transportation system and the sixth largest bus mass transportation system in the United States; (iii) Section 16 of the WMATA compact embodies the funding principle that "the payment of the costs shall be borne by the persons using or benefiting from the Authority's facilities and services and any remaining costs shall be equitably shared among the federal, District of Columbia and participating local governments"; (iv) the operation of the rapid heavy rail mass transportation system and the bus mass transportation system by WMATA provides particular and substantial benefit to the persons living, traveling, commuting, and working in those localities embraced by the Northern Virginia Transportation Commission; (v) the benefits to such persons include not only access to the rapid heavy rail mass transportation system and the bus mass transportation system operated by WMATA but also the lessened congestion on roadways and highways as a result of such operations; and (vi) on a typical weekday more than 340,000 trips are taken on WMATA in Virginia. On the basis of these facts, the General Assembly finds that dedicated funding is appropriate and necessary to support the capital needs of WMATA's rapid heavy rail mass transportation system.

13. That Virginia shall seek to appoint members to the Washington Metropolitan Area Transit Authority (WMATA) Board of Directors (i) with experience in transit, transportation, or land use planning; transit, transportation, or other public-sector management; engineering; finance; public safety; homeland security; human resources; or the law and (ii) who are familiar with the WMATA system.

14. That, for projects initiated by the Washington Metropolitan Area Transit Authority on and after July 1, 2018, and located solely within the Commonwealth, bidders, offers, contractors, or subcontractors (i) shall not, as a condition of the contract, be required to enter into or adhere to or prohibited from entering into or adhering to agreements with one or more labor organizations and (ii) shall not otherwise be discriminated against for becoming

or refusing to become or remain signatories or otherwise adhere to agreements with one or more labor organizations.

15. That should any portion of this act be held unconstitutional by a court of competent jurisdiction, the remaining portions shall remain in effect.

16. That should any provision of this act changing the allocation of existing revenues in the Code of Virginia be declared invalid by a court of competent jurisdiction, the amendments to the relevant section of the Code of Virginia made by this act shall expire, and such section shall revert to the language in the Code of Virginia in effect on January 1, 2018.

17. That nothing in this act shall be construed to appropriate or transfer any transportation revenues for nontransportation purposes pursuant to the twenty-second enactment of Chapter 896 of the Acts of Assembly of 2007 or the fourteenth enactment of Chapter 766 of the Acts of Assembly of 2013.

18. That the twelfth enactment of Chapter 684 of the Acts of Assembly of 2015 is amended and reenacted as follows:

12. That the provisions of this act amending §§ 33.2-1530, 58.1-815.4, ~~58.1-1741~~, and 58.1-2289 of the Code of Virginia shall expire if the Commonwealth collects sales and use tax from remote sellers on sales made into the Commonwealth pursuant to legislation enacted by the federal government that grants states that meet minimum simplification requirements specified in such legislation the authority to compel remote retailers to collect sales and use tax on sales made into the respective state.

CHAPTER 855

An Act to amend and reenact § 58.1-439.2 of the Code of Virginia, relating to coalfield employment enhancement tax credit.

[S 378]

Approved May 18, 2018

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-439.2 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-439.2. Coalfield employment enhancement tax credit.

A. For tax years beginning on and after January 1, 1996, but before January 1, 2017, and on and after January 1, 2018, but before January 1, 2023, any person who has an economic interest in coal mined in the Commonwealth shall be allowed a credit against the tax imposed by § 58.1-400 and any other tax imposed by the Commonwealth in accordance with the following:

1. For *metallurgical* coal mined by underground methods, the credit amount shall be based on the seam thickness as follows:

Seam Thickness	Credit per Ton
36" and under	\$2.00
Above 36"	\$1.00

The seam thickness shall be based on the weighted average isopach mapping of actual *metallurgical* coal thickness by mine as certified by a professional engineer. Copies of such certification shall be maintained by the person qualifying for the credit under this section for a period of three years after the credit is applied for and received and shall be available for inspection by the Department of Taxation. The Department of Mines, Minerals and Energy is hereby authorized to audit all information upon which the isopach mapping is based.

2. For *metallurgical* coal mined by surface mining methods, a credit in the amount of 40 cents (\$0.40) per ton for coal sold in 1996, and each year thereafter.

B. In addition to the credit allowed in subsection A, for tax years beginning on and after January 1, 1996, but before January 1, 2023, any person who is a producer of coalbed methane shall be allowed a credit in the amount of one cent (\$0.01) per million BTUs of coalbed methane produced in the Commonwealth against the tax imposed by § 58.1-400 and any other tax imposed by the Commonwealth on such person.

C. For purposes of this section, economic interest is the same as the economic ownership interest required by § 611 of the Internal Revenue Code which was in effect on December 31, 1977. A party who only receives an arm's length royalty shall not be considered as having an economic interest in coal mined in the Commonwealth.

D. If the credit exceeds the person's state tax liability for the tax year, the excess shall be redeemable by the Tax Commissioner on behalf of the Commonwealth for 90 percent of the face value within 90 days after filing the return; however, for credit earned in tax years beginning on and after January 1, 2002, such excess shall be redeemable by the Tax Commissioner on behalf of the Commonwealth for 85 percent of the face value within 90 days after filing the return. The remaining 10 or 15 percent of the value of the credit being redeemed, as applicable for such tax year, shall be deposited by the Commissioner in a regional economic development fund administered by the ~~Coalfields~~ Virginia Coalfield Economic Development Authority to be used for regional economic diversification in accordance with guidelines developed by the ~~Coalfields~~ Virginia Coalfield Economic Development Authority and the Virginia Economic Development Partnership.

E. No person may utilize more than one of the credits on a given ton of coal described in subsection A. No person may claim a credit pursuant to this section for any ton of coal for which a credit has been claimed under § 58.1-433.1 or 58.1-2626.1. Persons who qualify for the credit may not apply such credit to their tax returns prior to January 1, 1999, and only one year of credits shall be allowed annually beginning in 1999.

F. The amount of credit allowed pursuant to subsection A shall be the amount of credit earned multiplied by the person's employment factor. The person's employment factor shall be the percentage obtained by dividing the total number of coal mining jobs of the person filing the return, including the jobs of the contract operators of such person, as reflected in the annual tonnage reports filed with the Department of Mines, Minerals and Energy for the year in which the credit was earned by the total number of coal mining jobs of such persons or operators as reflected in the annual tonnage reports for the year immediately prior to the year in which the credit was earned. In no case shall the credit claimed exceed that amount set forth in subsection A.

G. The tax credit allowed under this section shall be claimed in the third taxable year following the taxable year in which the credit was earned and allowed.

H. As used in this section, "metallurgical coal" means bituminous coal used for the manufacture of iron and steel with calorific value of 14,000 BTUs or greater on a moisture and ash free basis.

**2. That the Department of Taxation shall develop and make publicly available guidelines implementing the provisions of this act. In developing such guidelines, the Department shall not be subject to the provisions of the Administrative Process Act (§ 2.2-4000 et seq. of the Code of Virginia).**

**§ 33.2-214.3. Statewide prioritization for the Commonwealth Mass Transit Fund.**

*A. 1. The Board shall develop a prioritization process for the use of funds allocated pursuant to subdivision C 2 of § 33.2-1526.1. Such prioritization process shall be used for the development of the Six-Year Improvement Program adopted annually by the Board pursuant to § 33.2-214. There shall be a separate prioritization process for state of good repair projects and major expansion projects. The prioritization process shall, for state of good repair projects, be based upon transit asset management principles, including federal requirements for Transit Asset Management pursuant to 49 U.S.C. § 5326. The prioritization process shall, for major expansion projects, be based on an objective and quantifiable analysis that considers the following factors relative to the cost of a major expansion project: congestion mitigation, economic development, accessibility, safety, environmental quality, and land use.*

*2. The Board shall solicit input from localities, metropolitan planning organizations, transit authorities, transportation authorities, and other stakeholders in its development of the prioritization process pursuant to this subsection. Further, the*

Board shall explicitly consider input provided by an applicable metropolitan planning organization or the Northern Virginia Transportation Authority when developing the prioritization process set forth in subdivision 1 for a metropolitan planning area with a population of over 200,000 individuals.

B. 1. The Board shall create for the Department of Rail and Public Transportation a Transit Service Delivery Advisory Committee, consisting of two members appointed by the Virginia Transit Association, one member appointed by the Community Transportation Association of Virginia, one member appointed by the Virginia Municipal League, one member appointed by the Virginia Association of Counties, and three members appointed by the Director of the Department of Rail and Public Transportation, to advise the Department of Rail and Public Transportation in the development of the process set forth in subdivision 2. The process required to be delivered by this subsection shall be adopted no later than July 1, 2019, and shall apply beginning with the fiscal year 2020-2025 Six-Year Improvement Program.

**§ 33.2-286. Urban transit agency strategic plans.**

A. The Department of Rail and Public Transportation shall develop guidelines, subject to the approval of the Board, for the development of strategic plans for transit agencies that (i) serve an urbanized area with a population of 50,000 or more and (ii) have a bus fleet consisting of at least 20 buses.

B. As a condition of receiving funds from the Commonwealth Mass Transit Fund, any transit agency that meets the criteria of subsection A shall develop, and update at least once every five years, a strategic plan using the guidelines approved by the Board.

C. The guidelines shall require the following:

3. An evaluation of opportunities to improve operating efficiency of the transit network, including reliability of trips and travel speed;
4. An examination and identification of opportunities to share services where multiple transit providers' services overlap; and
5. An examination of opportunities to improve service in underserved areas.

D. In addition to developing and updating a strategic plan pursuant to this section, in all planning districts with transit systems collectively serving population areas of not less than 1.5 million nor more than 2 million, such transit systems shall develop a regional transit planning process coordinated by the federally designated Metropolitan Planning Organization. Such planning process shall include the identification and prioritization of projects, the establishment of performance benchmarks that incorporate state and federal requirements, the development and implementation of a regional subsidy allocation model, and the distribution of funds solely designated for transit and rail and that are administered by a regional body authorized by this Code to enter into agreements for the operation and maintenance of transit and rail facilities.

The Board may allocate up to 3.5 percent of the funds set aside for the Fund to support costs of project development, project administration, and project compliance incurred by the Department of Rail and Public Transportation in implementing rail, public transportation, and congestion management grants and programs.*

*G. Funds allocated to the Northern Virginia Transportation Commission (NVTC) for WMATA pursuant to subdivision C 3 shall be credited to the Counties of Arlington and Fairfax and the Cities of Alexandria, Fairfax, and Falls Church. Beginning in the fiscal year when service starts on Phase II of the Silver Line, such funds shall also be credited to Loudoun County. Funds allocated pursuant to this subsection shall be credited as follows:*

*1. Local obligations for debt service for WMATA rail transit bonds apportioned to each locality using WMATA's capital formula shall be paid first by NVTC, which shall use 95 percent state aid for these payments.*

*2. The remaining funds shall be apportioned to reflect WMATA's allocation formulas by using the related WMATA-allocated subsidies and relative shares of local transit subsidies. Capital costs shall include 20 percent of annual local bus capital expenses. Local transit subsidies and local capital costs of Loudoun County shall not be included. Hold harmless protections and obligations for NVTC's jurisdictions agreed to by NVTC on November 5, 1998, shall remain in effect.*

*J. In any year that the total Virginia operating assistance in the approved WMATA budget increases by more than 3 percent from the total operating assistance in the prior year's approved WMATA budget, the Board shall withhold an amount equal to 35 percent of the funds available under subdivision C 3. The following items shall not be included in the calculation of any WMATA budget increase: (i) any service, equipment, or facility that is required by any applicable law, rule, or regulation; (ii) any capital project approved by the WMATA Board before or after the effective date of this provision; and (iii) any payments or obligations of any kind arising from or related to legal disputes or proceedings between or among WMATA and any other person or entity.*
