**§ 8.01-417. Copies of written statements or transcriptions of verbal statements by injured person to be delivered to him; copies of subpoenaed documents to be provided to other party; disclosure of insurance policy limits.**

A. Any person who takes from a person who has sustained a personal injury a signed written statement or voice recording of any statement relative to such injury shall deliver to such injured person a copy of such written statement forthwith or a verified typed transcription of such recording within 30 days from the date such statement was given or recording made, when and if the statement or recording is transcribed or in all cases when requested by the injured person or his attorney.

B. Unless otherwise ordered for good cause shown, when one party to a civil proceeding subpoenas documents, the subpoenaing party, upon receipt of the subpoenaed documents, shall, if requested in writing, provide true and full copies of the same to any other party or to the attorney for any other party, provided the other party or attorney for the other party pays the reasonable cost of copying or reproducing the subpoenaed documents. This provision does not apply where the subpoenaed documents are returnable to and maintained by the clerk of court in which the action is pending.

C. After he gives written notice that he represents an injured person, an attorney, or an individual injured in a motor vehicle accident if he is not represented by counsel, may, prior to the filing of a civil action for personal injuries sustained as a result of a motor vehicle accident, request in writing that the insurer disclose (i) the limits of liability of any motor vehicle liability or any personal injury liability insurance policy that may be applicable to the claim and (ii) the physical address, if known, of the alleged tortfeasor who is insured by the insurer, if not previously reported to the requesting party. The insurer shall respond in writing within 30 days of receipt of the request and shall disclose the limits of liability at the time of the accident of all such policies, regardless of whether the insurer contests the applicability of the policy to the personal representative's claim, and the insured's address. Disclosure of the policy limits under this section shall not constitute an admission that the alleged death or other damage is subject to the policy. Information concerning the insurance policy is not by reason of disclosure pursuant to this subsection admissible as evidence at trial.

E. For purposes of subsections C and D, if the alleged tortfeasor has insurance coverage from a self-insured locality for a motor vehicle accident, as described in this section, and the locality is authorized by the alleged tortfeasor to accept service of process on behalf of the alleged tortfeasor and agrees to do so, the locality, in its discretion and instead of disclosing the alleged tortfeasor's home address, may disclose the insured's work address and the name and address of the person who shall accept service of process on behalf of the alleged tortfeasor. If the locality makes such a disclosure, the locality shall not be required to disclose the alleged tortfeasor's home address.

F. As used in subsections C and D, "insurer" does not include the insurance agency or the insurance agent representing the alleged tortfeasor as the authorized representative or agent with respect to the alleged tortfeasor's motor vehicle insurance policy.

#### CHAPTER 482

*An Act to amend and reenact § 22.1-253.13:4 of the Code of Virginia, relating to diploma seals; science, technology, engineering, and mathematics.*

[H 167]

Approved March 23, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That § 22.1-253.13:4 of the Code of Virginia is amended and reenacted as follows:**

**§ 22.1-253.13:4. Standard 4. Student achievement and graduation requirements.**

A. Each local school board shall award diplomas to all secondary school students, including students who transfer from nonpublic schools or from home instruction, who meet the requirements prescribed by the Board of Education and meet such other requirements as may be prescribed by the local school board and approved by the Board of Education. Provisions shall be made to facilitate the transfer and appropriate grade placement of students from other public secondary schools, from nonpublic schools, or from home instruction as outlined in the standards for accreditation. The standards for accreditation shall include provisions relating to the completion of graduation requirements through Virtual Virginia. Further, reasonable accommodation to meet the requirements for diplomas shall be provided for otherwise qualified students with disabilities as needed.

In addition, each local school board may devise, vis-a-vis the award of diplomas to secondary school students, a mechanism for calculating class rankings that takes into consideration whether the student has taken a required class more than one time and has had any prior earned grade for such required class expunged.

Each local school board shall notify the parents of rising eleventh and twelfth grade students of (i) the requirements for graduation pursuant to the standards for accreditation and (ii) the requirements that have yet to be completed by the individual student.

B. Students identified as disabled who complete the requirements of their individualized education programs and meet certain requirements prescribed by the Board pursuant to regulations but do not meet the requirements for any named diploma shall be awarded Applied Studies diplomas by local school boards.

Each local school board shall notify the parent of such students with disabilities who have an individualized education program and who fail to meet the graduation requirements of the student's right to a free and appropriate education to age 21, inclusive, pursuant to Article 2 (§ 22.1-213 et seq.) of Chapter 13.

C. Students who have completed a prescribed course of study as defined by the local school board shall be awarded certificates of program completion by local school boards if they are not eligible to receive a Board of Education-approved diploma.

Each local school board shall provide notification of the right to a free public education for students who have not reached 20 years of age on or before August 1 of the school year, pursuant to Chapter 1 (§ 22.1-1 et seq.), to the parent of students who fail to graduate or who have failed to achieve graduation requirements as provided in the standards for accreditation. If such student who does not graduate or complete such requirements is a student for whom English is a second language, the local school board shall notify the parent of the student's opportunity for a free public education in accordance with § 22.1-5.

D. (From Acts 2016, cc. 720 & 750: The graduation requirements established by the Board of Education pursuant to the provisions of subdivisions D 1, 2, and 3 shall apply to each student who enrolls in high school as (i) a freshman after July 1, 2018; (ii) a sophomore after July 1, 2019; (iii) a junior after July 1, 2020; or (iv) a senior after July 1, 2021) In establishing graduation requirements, the Board shall:

1. Develop and implement, in consultation with stakeholders representing elementary and secondary education, higher education, and business and industry in the Commonwealth and including parents, policymakers, and community leaders in the Commonwealth, a Profile of a Virginia Graduate that identifies the knowledge and skills that students should attain during high school in order to be successful contributors to the economy of the Commonwealth, giving due consideration to critical thinking, creative thinking, collaboration, communication, and citizenship.

2. Emphasize the development of core skill sets in the early years of high school.

3. Establish multiple paths toward college and career readiness for students to follow in the later years of high school. Each such pathway shall include opportunities for internships, externships, and credentialing.

4. Provide for the selection of integrated learning courses meeting the Standards of Learning and approved by the Board to satisfy graduation requirements, which shall include Standards of Learning testing, as necessary.

5. Require students to complete at least one course in fine or performing arts or career and technical education, one course in United States and Virginia history, and two sequential elective courses chosen from a concentration of courses selected from a variety of options that may be planned to ensure the completion of a focused sequence of elective courses that provides a foundation for further education or training or preparation for employment.

6. Require that students either (i) complete an Advanced Placement, honors, or International Baccalaureate course or (ii) earn a career and technical education credential that has been approved by the Board, except when a career and technical education credential in a particular subject area is not readily available or appropriate or does not adequately measure student competency, in which case the student shall receive satisfactory competency-based instruction in the subject area to earn credit. The career and technical education credential, when required, could include the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, the Armed Services Vocational Aptitude Battery, or the Virginia workplace readiness skills assessment.

7. Beginning with first-time ninth grade students in the 2016-2017 school year, require students to be trained in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation.

8. Make provision in its regulations for students with disabilities to earn a diploma.

9. Require students to complete one virtual course, which may be a noncredit-bearing course.

10. Provide that students who complete elective classes into which the Standards of Learning for any required course have been integrated and achieve a passing score on the relevant Standards of Learning test for the relevant required course receive credit for such elective class.

11. Establish a procedure to facilitate the acceleration of students that allows qualified students, with the recommendation of the division superintendent, without completing the 140-hour class, to obtain credit for such class upon demonstrating mastery of the course content and objectives and receiving a passing score on the relevant Standards of Learning assessment. Nothing in this section shall preclude relevant school division personnel from enforcing compulsory attendance in public schools.

12. Provide for the award of credit for passing scores on industry certifications, state licensure examinations, and national occupational competency assessments approved by the Board of Education.

School boards shall report annually to the Board of Education the number of Board-approved industry certifications obtained, state licensure examinations passed, national occupational competency assessments passed, Armed Services Vocational Aptitude Battery assessments passed, and Virginia workplace readiness skills assessments passed, and the number of career and technical education completers who graduated. These numbers shall be reported as separate categories on the School Performance Report Card.

For the purposes of this subdivision, "career and technical education completer" means a student who has met the requirements for a career and technical concentration or specialization and all requirements for high school graduation or an approved alternative education program.

In addition, the Board may:

a. For the purpose of awarding credit, approve the use of additional or substitute tests for the correlated Standards of Learning assessment, such as academic achievement tests, industry certifications or state licensure examinations; and

b. Permit students completing career and technical education programs designed to enable such students to pass such industry certification examinations or state licensure examinations to be awarded, upon obtaining satisfactory scores on such industry certification or licensure examinations, appropriate credit for one or more career and technical education classes into which relevant Standards of Learning for various classes taught at the same level have been integrated. Such industry certification and state licensure examinations may cover relevant Standards of Learning for various required classes and may, at the discretion of the Board, address some Standards of Learning for several required classes.

13. Provide for the waiver of certain graduation requirements (i) upon the Board's initiative or (ii) at the request of a local school board. Such waivers shall be granted only for good cause and shall be considered on a case-by-case basis.

14. Consider all computer science course credits earned by students to be science course credits, mathematics course credits, or career and technical education credits. The Board of Education shall develop guidelines addressing how computer science courses can satisfy graduation requirements.

15. Permit local school divisions to waive the requirement for students to receive 140 clock hours of instruction upon providing the Board with satisfactory proof, based on Board guidelines, that the students for whom such requirements are waived have learned the content and skills included in the relevant Standards of Learning.

16. Provide for the award of verified units of credit for a satisfactory score, as determined by the Board, on the Preliminary ACT (PreACT) or Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT) examination.

E. In the exercise of its authority to recognize exemplary performance by providing for diploma seals:

1. The Board shall develop criteria for recognizing exemplary performance in career and technical education programs by students who have completed the requirements for a Board of Education-approved diploma and shall award seals on the diplomas of students meeting such criteria.

2. The Board shall establish criteria for awarding a diploma seal for ~~advanced science, technology, engineering, and mathematics and technology (STEM)~~ for the Board of Education-approved diplomas. The Board shall consider including criteria for (i) ~~technology courses relevant coursework~~; (ii) technical writing, reading, and oral communication skills; (iii) ~~technology-related relevant training~~; and (iv) industry, professional, and trade association national certifications.

3. The Board shall establish criteria for awarding a diploma seal for excellence in civics education and understanding of our state and federal constitutions and the democratic model of government for the Board of Education-approved diplomas. The Board shall consider including criteria for (i) successful completion of history, government, and civics courses, including courses that incorporate character education; (ii) voluntary participation in community service or extracurricular activities that includes the types of activities that shall qualify as community service and the number of hours required; and (iii) related requirements as it deems appropriate.

4. The Board shall establish criteria for awarding a diploma seal of biliteracy to any student who demonstrates proficiency in English and at least one other language for the Board of Education-approved diplomas. The Board shall consider criteria including the student's (i) score on a College Board Advanced Placement foreign language examination, (ii) score on an SAT II Subject Test in a foreign language, (iii) proficiency level on an ACTFL Assessment of Performance toward Proficiency in Languages (AAPPL) measure or another nationally or internationally recognized language proficiency test, or (iv) cumulative grade point average in a sequence of foreign language courses approved by the Board.

F. The Board shall establish, by regulation, requirements for the award of a general achievement adult high school diploma for those persons who are not subject to the compulsory school attendance requirements of § 22.1-254 and have (i) achieved a passing score on a high school equivalency examination approved by the Board of Education; (ii) successfully completed an education and training program designated by the Board of Education; (iii) earned a Board of

Education-approved career and technical education credential such as the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, the Armed Services Vocational Aptitude Battery, or the Virginia workplace readiness skills assessment; and (iv) satisfied other requirements as may be established by the Board for the award of such diploma.

G. To ensure the uniform assessment of high school graduation rates, the Board shall collect, analyze, report, and make available to the public high school graduation and dropout data using a formula prescribed by the Board.

H. The Board shall also collect, analyze, report, and make available to the public high school graduation and dropout data using a formula that excludes any student who fails to graduate because such student is in the custody of the Department of Corrections, the Department of Juvenile Justice, or local law enforcement. For the purposes of the Standards of Accreditation, the Board shall use the graduation rate required by this subsection.

I. The Board may promulgate such regulations as may be necessary and appropriate for the collection, analysis, and reporting of such data required by subsections G and H.

### Be it enacted by the General Assembly of Virginia:

#### 1. That § 2.2-3119 of the Code of Virginia is amended and reenacted as follows:

##### § 2.2-3119. Additional provisions applicable to school boards and employees of school boards; exceptions.

A. Notwithstanding any other provision of this chapter, it shall be unlawful for the school board of any county or city or of any town constituting a separate school division to employ or pay any teacher or other school board employee from the public funds, federal, state or local, or for a division superintendent to recommend to the school board the employment of any teacher or other employee, if the teacher or other employee is the father, mother, brother, sister, spouse, son, daughter, son-in-law, daughter-in-law, sister-in-law or brother-in-law of the superintendent, or of any member of the school board.

This section shall apply to any person employed by any school board in the operation of the public free school system, adult education programs or any other program maintained and operated by a local county, city or town school board.

B. This section shall not be construed to prohibit the employment, promotion, or transfer within a school division of any person within a relationship described in subsection A when such person:

1. Has been employed pursuant to a written contract with a school board or employed as a substitute teacher or teacher's aide by a school board prior to the taking of office of any member of such board or division superintendent of schools; or
2. Has been employed pursuant to a written contract with a school board or employed as a substitute teacher or teacher's aide by a school board prior to the inception of such relationship; or
3. Was employed by a school board at any time prior to June 10, 1994, and had been employed at any time as a teacher or other employee of any Virginia school board prior to the taking of office of any member of such school board or division superintendent of schools.

C. A person employed as a substitute teacher may not be employed to any greater extent than he was employed by the school board in the last full school year prior to the taking of office of such board member or division superintendent or to the inception of such relationship. The exceptions in subdivisions B 1, B 2, and B 3 shall apply only if the prior employment has been in the same school divisions where the employee and the superintendent or school board member now seek to serve simultaneously.

D. If any member of the school board or any division superintendent knowingly violates these provisions, he shall be personally liable to refund to the local treasury any amounts paid in violation of this law, and the funds shall be recovered from the individual by action or suit in the name of the Commonwealth on the petition of the attorney for the Commonwealth. Recovered funds shall be paid into the local treasury for the use of the public schools.

## CHAPTER 484

*An Act to amend and reenact §§ 22.1-253.13:1 and 22.1-253.13:2 of the Code of Virginia, relating to the Standards of Quality; instructional programs and positions; dual language.*

[H 507]

Approved March 23, 2018

**Be it enacted by the General Assembly of Virginia:****1. That §§ 22.1-253.13:1 and 22.1-253.13:2 of the Code of Virginia are amended and reenacted as follows:****§ 22.1-253.13:1. Standard 1. Instructional programs supporting the Standards of Learning and other educational objectives.**

A. The General Assembly and the Board of Education believe that the fundamental goal of the public schools of the Commonwealth must be to enable each student to develop the skills that are necessary for success in school, preparation for life, and reaching their full potential. The General Assembly and the Board of Education find that the quality of education is dependent upon the provision of (i) the appropriate working environment, benefits, and salaries necessary to ensure the availability of high-quality instructional personnel; (ii) the appropriate learning environment designed to promote student achievement; (iii) quality instruction that enables each student to become a productive and educated citizen of Virginia and the United States of America; and (iv) the adequate commitment of other resources. In keeping with this goal, the General Assembly shall provide for the support of public education as set forth in Article VIII, Section 1 of the Constitution of Virginia.

B. The Board of Education shall establish educational objectives known as the Standards of Learning, which shall form the core of Virginia's educational program, and other educational objectives, which together are designed to ensure the development of the skills that are necessary for success in school and for preparation for life in the years beyond. At a minimum, the Board shall establish Standards of Learning for English, mathematics, science, and history and social science. The Standards of Learning shall not be construed to be regulations as defined in § 2.2-4001.

The Board shall seek to ensure that the Standards of Learning are consistent with a high-quality foundation educational program. The Standards of Learning shall include, but not be limited to, the basic skills of communication (listening, speaking, reading, and writing); computation and critical reasoning, including problem solving and decision making; proficiency in the use of computers and related technology; computer science and computational thinking, including computer coding; and the skills to manage personal finances and to make sound financial decisions.

The English Standards of Learning for reading in kindergarten through grade three shall be based on components of effective reading instruction, to include, at a minimum, phonemic awareness, phonics, fluency, vocabulary development, and text comprehension.

The Standards of Learning in all subject areas shall be subject to regular review and revision to maintain rigor and to reflect a balance between content knowledge and the application of knowledge in preparation for eventual employment and lifelong learning. The Board of Education shall establish a regular schedule, in a manner it deems appropriate, for the review, and revision as may be necessary, of the Standards of Learning in all subject areas. Such review of each subject area shall occur at least once every seven years. Nothing in this section shall be construed to prohibit the Board from conducting such review and revision on a more frequent basis.

To provide appropriate opportunity for input from the general public, teachers, and local school boards, the Board of Education shall conduct public hearings prior to establishing revised Standards of Learning. Thirty days prior to conducting such hearings, the Board shall give notice of the date, time, and place of the hearings to all local school boards and any other persons requesting to be notified of the hearings and publish notice of its intention to revise the Standards of Learning in the Virginia Register of Regulations. Interested parties shall be given reasonable opportunity to be heard and present information prior to final adoption of any revisions of the Standards of Learning.

In addition, the Department of Education shall make available and maintain a website, either separately or through an existing website utilized by the Department of Education, enabling public elementary, middle, and high school educators to submit recommendations for improvements relating to the Standards of Learning, when under review by the Board according to its established schedule, and related assessments required by the Standards of Quality pursuant to this chapter. Such website shall facilitate the submission of recommendations by educators.

School boards shall implement the Standards of Learning or objectives specifically designed for their school divisions that are equivalent to or exceed the Board's requirements. Students shall be expected to achieve the educational objectives established by the school division at appropriate age or grade levels. The curriculum adopted by the local school division shall be aligned to the Standards of Learning.

The Board of Education shall include in the Standards of Learning for history and social science the study of contributions to society of diverse people. For the purposes of this subsection, "diverse" includes consideration of disability, ethnicity, race, and gender.

The Board of Education shall include in the Standards of Learning for health instruction in emergency first aid, cardiopulmonary resuscitation, and the use of an automated external defibrillator, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. Such instruction shall be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external

defibrillator, such as a program developed by the American Heart Association or the American Red Cross. No teacher who is in compliance with subdivision D 5 of § 22.1-298.1 shall be required to be certified as a trainer of cardiopulmonary resuscitation to provide instruction for non-certification.

With such funds as are made available for this purpose, the Board shall regularly review and revise the competencies for career and technical education programs to require the full integration of English, mathematics, science, and history and social science Standards of Learning. Career and technical education programs shall be aligned with industry and professional standard certifications, where they exist.

C. Local school boards shall develop and implement a program of instruction for grades K through 12 that is aligned to the Standards of Learning and meets or exceeds the requirements of the Board of Education. The program of instruction shall emphasize reading, writing, speaking, mathematical concepts and computations, proficiency in the use of computers and related technology, computer science and computational thinking, including computer coding, and scientific concepts and processes; essential skills and concepts of citizenship, including knowledge of Virginia history and world and United States history, economics, government, foreign languages, international cultures, health and physical education, environmental issues, and geography necessary for responsible participation in American society and in the international community; fine arts, which may include, but need not be limited to, music and art, and practical arts; knowledge and skills needed to qualify for further education, gainful employment, or training in a career or technical field; and development of the ability to apply such skills and knowledge in preparation for eventual employment and lifelong learning and to achieve economic self-sufficiency.

Local school boards shall also develop and implement programs of prevention, intervention, or remediation for students who are educationally at risk including, but not limited to, those who fail to achieve a passing score on any Standards of Learning assessment in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs shall include components that are research-based.

Any student who achieves a passing score on one or more, but not all, of the Standards of Learning assessments for the relevant grade level in grades three through eight may be required to attend a remediation program.

Any student who fails to achieve a passing score on all of the Standards of Learning assessments for the relevant grade level in grades three through eight or who fails an end-of-course test required for the award of a verified unit of credit shall be required to attend a remediation program or to participate in another form of remediation. Division superintendents shall require such students to take special programs of prevention, intervention, or remediation, which may include attendance in public summer school programs, in accordance with clause (ii) of subsection A of § 22.1-254 and § 22.1-254.01.

Remediation programs shall include, when applicable, a procedure for early identification of students who are at risk of failing the Standards of Learning assessments in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs may also include summer school for all elementary and middle school grades and for all high school academic courses, as defined by regulations promulgated by the Board of Education, or other forms of remediation. Summer school remediation programs or other forms of remediation shall be chosen by the division superintendent to be appropriate to the academic needs of the student. Students who are required to attend such summer school programs or to participate in another form of remediation shall not be charged tuition by the school division.

The requirement for remediation may, however, be satisfied by the student's attendance in a program of prevention, intervention or remediation that has been selected by his parent, in consultation with the division superintendent or his designee, and is either (i) conducted by an accredited private school or (ii) a special program that has been determined to be comparable to the required public school remediation program by the division superintendent. The costs of such private school remediation program or other special remediation program shall be borne by the student's parent.

The Board of Education shall establish standards for full funding of summer remedial programs that shall include, but not be limited to, the minimum number of instructional hours or the equivalent thereof required for full funding and an assessment system designed to evaluate program effectiveness. Based on the number of students attending and the Commonwealth's share of the per pupil instructional costs, state funds shall be provided for the full cost of summer and other remediation programs as set forth in the appropriation act, provided such programs comply with such standards as shall be established by the Board, pursuant to § 22.1-199.2.

D. Local school boards shall also implement the following:

1. Programs in grades K through three that emphasize developmentally appropriate learning to enhance success.
2. Programs based on prevention, intervention, or remediation designed to increase the number of students who earn a high school diploma and to prevent students from dropping out of school. Such programs shall include components that are research-based.
3. Career and technical education programs incorporated into the K through 12 curricula that include:
  - a. Knowledge of careers and all types of employment opportunities, including, but not limited to, apprenticeships, entrepreneurship and small business ownership, the military, and the teaching profession, and emphasize the advantages of completing school with marketable skills;
  - b. Career exploration opportunities in the middle school grades;
  - c. Competency-based career and technical education programs that integrate academic outcomes, career guidance, and job-seeking skills for all secondary students. Programs shall be based upon labor market needs and student interest. Career guidance shall include counseling about available employment opportunities and placement services for students exiting school. Each school board shall develop and implement a plan to ensure compliance with the provisions of this subdivision.

Such plan shall be developed with the input of area business and industry representatives and local comprehensive community colleges and shall be submitted to the Superintendent of Public Instruction in accordance with the timelines established by federal law; and

d. Annual notice on its website to enrolled high school students and their parents of (i) the availability of the postsecondary education and employment data published by the State Council of Higher Education on its website pursuant to § 23.1-204.1 and (ii) the opportunity for such students to obtain a nationally recognized career readiness certificate at a local public high school, comprehensive community college, or workforce center.

4. Educational objectives in middle and high school that emphasize economic education and financial literacy pursuant to § 22.1-200.03.

5. Early identification of students with disabilities and enrollment of such students in appropriate instructional programs consistent with state and federal law.

6. Early identification of gifted students and enrollment of such students in appropriately differentiated instructional programs.

7. Educational alternatives for students whose needs are not met in programs prescribed elsewhere in these standards. Such students shall be counted in average daily membership (ADM) in accordance with the regulations of the Board of Education.

8. Adult education programs for individuals functioning below the high school completion level. Such programs may be conducted by the school board as the primary agency or through a collaborative arrangement between the school board and other agencies.

9. A plan to make achievements for students who are educationally at risk a divisionwide priority that shall include procedures for measuring the progress of such students.

10. An agreement for postsecondary degree attainment with a comprehensive community college in the Commonwealth specifying the options for students to complete an associate degree or a one-year Uniform Certificate of General Studies from a comprehensive community college concurrent with a high school diploma. Such agreement shall specify the credit available for dual enrollment courses and Advanced Placement courses with qualifying exam scores of three or higher.

11. A plan to notify students and their parents of the availability of dual enrollment and advanced placement classes, career and technical education programs, the International Baccalaureate Program, and Academic Year Governor's School Programs, the qualifications for enrolling in such classes and programs, and the availability of financial assistance to low-income and needy students to take the advanced placement and International Baccalaureate examinations. This plan shall include notification to students and parents of the agreement with a comprehensive community college in the Commonwealth to enable students to complete an associate degree or a one-year Uniform Certificate of General Studies concurrent with a high school diploma.

12. Identification of students with limited English proficiency and enrollment of such students in appropriate instructional programs, *which programs may include dual language programs whereby such students receive instruction in English and in a second language.*

13. Early identification, diagnosis, and assistance for students with reading and mathematics problems and provision of instructional strategies and reading and mathematics practices that benefit the development of reading and mathematics skills for all students.

Local school divisions shall provide reading intervention services to students in kindergarten through grade three who demonstrate deficiencies based on their individual performance on the Standards of Learning reading test or any reading diagnostic test that meets criteria established by the Department of Education. Local school divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis, at a time to be determined by the Superintendent of Public Instruction. Each student who receives early intervention reading services will be assessed again at the end of that school year. The local school division, in its discretion, shall provide such reading intervention services prior to promoting a student from grade three to grade four. Reading intervention services may include the use of: special reading teachers; trained aides; volunteer tutors under the supervision of a certified teacher; computer-based reading tutorial programs; aides to instruct in-class groups while the teacher provides direct instruction to the students who need extra assistance; and extended instructional time in the school day or school year for these students. Funds appropriated for prevention, intervention, and remediation; summer school remediation; at-risk; or early intervention reading may be used to meet the requirements of this subdivision.

Local school divisions shall provide algebra readiness intervention services to students in grades six through nine who are at risk of failing the Algebra I end-of-course test, as demonstrated by their individual performance on any diagnostic test that has been approved by the Department of Education. Local school divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis, at a time to be determined by the Superintendent of Public Instruction. Each student who receives algebra readiness intervention services will be assessed again at the end of that school year. Funds appropriated for prevention, intervention, and remediation; summer school remediation; at-risk; or algebra readiness intervention services may be used to meet the requirements of this subdivision.

14. Incorporation of art, music, and physical education as a part of the instructional program at the elementary school level.

15. (Applicable to school years before the 2018-2019 school year) A program of physical fitness available to all students with a goal of at least 150 minutes per week on average during the regular school year. Such program may include any combination of (i) physical education classes, (ii) extracurricular athletics, or (iii) other programs and physical activities deemed appropriate by the local school board. Each local school board shall incorporate into its local wellness policy a goal for the implementation of such program during the regular school year.

15. Such program may include any combination of (i) physical education classes, (ii) extracurricular athletics, (iii) recess, or (iv) other programs and physical activities deemed appropriate by the local school board. Each local school board shall implement such program during the regular school year.

16. A program of student services for kindergarten through grade 12 that shall be designed to aid students in their educational, social, and career development.

17. The collection and analysis of data and the use of the results to evaluate and make decisions about the instructional program.

18. A program of instruction in the high school Virginia and U.S. Government course on all information and concepts contained in the civics portion of the U.S. Naturalization Test.

E. From such funds as may be appropriated or otherwise received for such purpose, there shall be established within the Department of Education a unit to (i) conduct evaluative studies; (ii) provide the resources and technical assistance to increase the capacity for school divisions to deliver quality instruction; and (iii) assist school divisions in implementing those programs and practices that will enhance pupil academic performance and improve family and community involvement in the public schools. Such unit shall identify and analyze effective instructional programs and practices and professional development initiatives; evaluate the success of programs encouraging parental and family involvement; assess changes in student outcomes prompted by family involvement; and collect and disseminate among school divisions information regarding effective instructional programs and practices, initiatives promoting family and community involvement, and potential funding and support sources. Such unit may also provide resources supporting professional development for administrators and teachers. In providing such information, resources, and other services to school divisions, the unit shall give priority to those divisions demonstrating a less than 70 percent passing rate on the Standards of Learning assessments.

F. Each local school board may enter into agreements for postsecondary credential, certification, or license attainment with comprehensive community colleges or other public institutions of higher education or educational institutions established pursuant to Title 23.1 that offer a career and technical education curriculum. Such agreements shall specify (i) the options for students to take courses as part of the career and technical education curriculum that lead to an industry-recognized credential, certification, or license concurrent with a high school diploma and (ii) the credentials, certifications, or licenses available for such courses.

**§ 22.1-253.13:2. Standard 2. Instructional, administrative, and support personnel.**

A. The Board shall establish requirements for the licensing of teachers, principals, superintendents, and other professional personnel.

B. School boards shall employ licensed instructional personnel qualified in the relevant subject areas.

C. Each school board shall assign licensed instructional personnel in a manner that produces divisionwide ratios of students in average daily membership to full-time equivalent teaching positions, excluding special education teachers, principals, assistant principals, counselors, and librarians, that are not greater than the following ratios: (i) 24 to one in kindergarten with no class being larger than 29 students; if the average daily membership in any kindergarten class exceeds 24 pupils, a full-time teacher's aide shall be assigned to the class; (ii) 24 to one in grades one, two, and three with no class being larger than 30 students; (iii) 25 to one in grades four through six with no class being larger than 35 students; and (iv) 24 to one in English classes in grades six through 12. After September 30 of any school year, anytime the number of students in a class exceeds the class size limit established by this subsection, the local school division shall notify the parent of each student in such class of such fact no later than 10 days after the date on which the class exceeded the class size limit. Such notification shall state the reason that the class size exceeds the class size limit and describe the measures that the local school division will take to reduce the class size to comply with this subsection.

Within its regulations governing special education programs, the Board shall seek to set pupil/teacher ratios for pupils with intellectual disability that do not exceed the pupil/teacher ratios for self-contained classes for pupils with specific learning disabilities.

Further, school boards shall assign instructional personnel in a manner that produces schoolwide ratios of students in average daily memberships to full-time equivalent teaching positions of 21 to one in middle schools and high schools. School divisions shall provide all middle and high school teachers with one planning period per day or the equivalent, unencumbered of any teaching or supervisory duties.

D. Each local school board shall employ with state and local basic, special education, gifted, and career and technical education funds a minimum number of licensed, full-time equivalent instructional personnel for each 1,000 students in average daily membership (ADM) as set forth in the appropriation act. Calculations of kindergarten positions shall be based on full-day kindergarten programs. Beginning with the March 31 report of average daily membership, those school

divisions offering half-day kindergarten with pupil/teacher ratios that exceed 30 to one shall adjust their average daily membership for kindergarten to reflect 85 percent of the total kindergarten average daily memberships, as provided in the appropriation act.

E. In addition to the positions supported by basic aid and in support of regular school year programs of prevention, intervention, and remediation, state funding, pursuant to the appropriation act, shall be provided to fund certain full-time equivalent instructional positions for each 1,000 students in grades K through 12 who are identified as needing prevention, intervention, and remediation services. State funding for prevention, intervention, and remediation programs provided pursuant to this subsection and the appropriation act may be used to support programs for educationally at-risk students as identified by the local school boards.

To provide algebra readiness intervention services required by § 22.1-253.13:1, school divisions may employ mathematics teacher specialists to provide the required algebra readiness intervention services. School divisions using the Standards of Learning Algebra Readiness Initiative funding in this manner shall only employ instructional personnel licensed by the Board of Education.

F. In addition to the positions supported by basic aid and those in support of regular school year programs of prevention, intervention, and remediation, state funding, pursuant to the appropriation act, shall be provided to support 17 full-time equivalent instructional positions for each 1,000 students identified as having limited English proficiency, *which positions may include dual language teachers who provide instruction in English and in a second language.*

To provide flexibility in the instruction of English language learners who have limited English proficiency and who are at risk of not meeting state accountability standards, school divisions may use state and local funds from the Standards of Quality Prevention, Intervention, and Remediation account to employ additional English language learner teachers *or dual language teachers* to provide instruction to identified limited English proficiency students. Using these funds in this manner is intended to supplement the instructional services provided in this section. School divisions using the SOQ Prevention, Intervention, and Remediation funds in this manner shall employ only instructional personnel licensed by the Board of Education.

G. In addition to the full-time equivalent positions required elsewhere in this section, each local school board shall employ the following reading specialists in elementary schools, one full-time in each elementary school at the discretion of the local school board. One reading specialist employed by each local school board that employs a reading specialist shall have training in the identification of and the appropriate interventions, accommodations, and teaching techniques for students with dyslexia or a related disorder and shall serve as an advisor on dyslexia and related disorders. Such reading specialist shall have an understanding of the definition of dyslexia and a working knowledge of (i) techniques to help a student on the continuum of skills with dyslexia; (ii) dyslexia characteristics that may manifest at different ages and grade levels; (iii) the basic foundation of the keys to reading, including multisensory, explicit, systemic, and structured reading instruction; and (iv) appropriate interventions, accommodations, and assistive technology supports for students with dyslexia.

To provide reading intervention services required by § 22.1-253.13:1, school divisions may employ reading specialists to provide the required reading intervention services. School divisions using the Early Reading Intervention Initiative funds in this manner shall employ only instructional personnel licensed by the Board of Education.

H. Each local school board shall employ, at a minimum, the following full-time equivalent positions for any school that reports fall membership, according to the type of school and student enrollment:

1. Principals in elementary schools, one half-time to 299 students, one full-time at 300 students; principals in middle schools, one full-time, to be employed on a 12-month basis; principals in high schools, one full-time, to be employed on a 12-month basis;

2. Assistant principals in elementary schools, one half-time at 600 students, one full-time at 900 students; assistant principals in middle schools, one full-time for each 600 students; assistant principals in high schools, one full-time for each 600 students; and school divisions that employ a sufficient number of assistant principals to meet this staffing requirement may assign assistant principals to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary;

3. Librarians in elementary schools, one part-time to 299 students, one full-time at 300 students; librarians in middle schools, one-half time to 299 students, one full-time at 300 students, two full-time at 1,000 students; librarians in high schools, one half-time to 299 students, one full-time at 300 students, two full-time at 1,000 students. Local school divisions that employ a sufficient number of librarians to meet this staffing requirement may assign librarians to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary; and

4. Guidance counselors in elementary schools, one hour per day per 100 students, one full-time at 500 students, one hour per day additional time per 100 students or major fraction thereof; guidance counselors in middle schools, one period per 80 students, one full-time at 400 students, one additional period per 80 students or major fraction thereof; guidance counselors in high schools, one period per 70 students, one full-time at 350 students, one additional period per 70 students or major fraction thereof. Local school divisions that employ a sufficient number of guidance counselors to meet this staffing requirement may assign guidance counselors to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary.

I. Local school boards shall employ five full-time equivalent positions per 1,000 students in grades kindergarten through five to serve as elementary resource teachers in art, music, and physical education.

J. Local school boards shall employ two full-time equivalent positions per 1,000 students in grades kindergarten through 12, one to provide technology support and one to serve as an instructional technology resource teacher.

To provide flexibility, school divisions may use the state and local funds for instructional technology resource teachers to employ a data coordinator position, an instructional technology resource teacher position, or a data coordinator/instructional resource teacher blended position. The data coordinator position is intended to serve as a resource to principals and classroom teachers in the area of data analysis and interpretation for instructional and school improvement purposes, as well as for overall data management and administration of state assessments. School divisions using these funds in this manner shall employ only instructional personnel licensed by the Board of Education.

K. Local school boards may employ additional positions that exceed these minimal staffing requirements. These additional positions may include, but are not limited to, those funded through the state's incentive and categorical programs as set forth in the appropriation act.

L. A combined school, such as kindergarten through 12, shall meet at all grade levels the staffing requirements for the highest grade level in that school; this requirement shall apply to all staff, except for guidance counselors, and shall be based on the school's total enrollment; guidance counselor staff requirements shall, however, be based on the enrollment at the various school organization levels, i.e., elementary, middle, or high school. The Board of Education may grant waivers from these staffing levels upon request from local school boards seeking to implement experimental or innovative programs that are not consistent with these staffing levels.

M. School boards shall, however, annually, on or before December 31, report to the public (i) the actual pupil/teacher ratios in elementary school classrooms in the local school division by school for the current school year; and (ii) the actual pupil/teacher ratios in middle school and high school in the local school division by school for the current school year. Actual pupil/teacher ratios shall include only the teachers who teach the grade and class on a full-time basis and shall exclude resource personnel. School boards shall report pupil/teacher ratios that include resource teachers in the same annual report. Any classes funded through the voluntary kindergarten through third grade class size reduction program shall be identified as such classes. Any classes having waivers to exceed the requirements of this subsection shall also be identified. Schools shall be identified; however, the data shall be compiled in a manner to ensure the confidentiality of all teacher and pupil identities.

N. Students enrolled in a public school on a less than full-time basis shall be counted in ADM in the relevant school division. Students who are either (i) enrolled in a nonpublic school or (ii) receiving home instruction pursuant to § 22.1-254.1, and who are enrolled in public school on a less than full-time basis in any mathematics, science, English, history, social science, career and technical education, fine arts, foreign language, or health education or physical education course shall be counted in the ADM in the relevant school division on a pro rata basis as provided in the appropriation act. Each such course enrollment by such students shall be counted as 0.25 in the ADM; however, no such nonpublic or home school student shall be counted as more than one-half a student for purposes of such pro rata calculation. Such calculation shall not include enrollments of such students in any other public school courses.

O. Each local school board shall provide those support services that are necessary for the efficient and cost-effective operation and maintenance of its public schools.

For the purposes of this title, unless the context otherwise requires, "support services positions" shall include the following:

1. Executive policy and leadership positions, including school board members, superintendents and assistant superintendents;
2. Fiscal and human resources positions, including fiscal and audit operations;
3. Student support positions, including (i) social workers and social work administrative positions; (ii) guidance administrative positions not included in subdivision H 4; (iii) homebound administrative positions supporting instruction; (iv) attendance support positions related to truancy and dropout prevention; and (v) health and behavioral positions, including school nurses and school psychologists;
4. Instructional personnel support, including professional development positions and library and media positions not included in subdivision H 3;
5. Technology professional positions not included in subsection J;
6. Operation and maintenance positions, including facilities; pupil transportation positions; operation and maintenance professional and service positions; and security service, trade, and laborer positions;
7. Technical and clerical positions for fiscal and human resources, student support, instructional personnel support, operation and maintenance, administration, and technology; and
8. School-based clerical personnel in elementary schools; part-time to 299 students, one full-time at 300 students; clerical personnel in middle schools; one full-time and one additional full-time for each 600 students beyond 200 students and one full-time for the library at 750 students; clerical personnel in high schools; one full-time and one additional full-time for each 600 students beyond 200 students and one full-time for the library at 750 students. Local school divisions that employ a sufficient number of school-based clerical personnel to meet this staffing requirement may assign the clerical personnel to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary.

Pursuant to the appropriation act, support services shall be funded from basic school aid.

School divisions may use the state and local funds for support services to provide additional instructional services.

P. Notwithstanding the provisions of this section, when determining the assignment of instructional and other licensed personnel in subsections C through J, a local school board shall not be required to include full-time students of approved virtual school programs.

#### CHAPTER 485

*An Act to amend and reenact § 22.1-253.13:1 of the Code of Virginia, relating to career investigation courses and programs of instruction.*

[H 632]

Approved March 23, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That § 22.1-253.13:1 of the Code of Virginia is amended and reenacted as follows:**

**§ 22.1-253.13:1. Standard 1. Instructional programs supporting the Standards of Learning and other educational objectives.**

A. The General Assembly and the Board of Education believe that the fundamental goal of the public schools of the Commonwealth must be to enable each student to develop the skills that are necessary for success in school, preparation for life, and reaching their full potential. The General Assembly and the Board of Education find that the quality of education is dependent upon the provision of (i) the appropriate working environment, benefits, and salaries necessary to ensure the availability of high-quality instructional personnel; (ii) the appropriate learning environment designed to promote student achievement; (iii) quality instruction that enables each student to become a productive and educated citizen of Virginia and the United States of America; and (iv) the adequate commitment of other resources. In keeping with this goal, the General Assembly shall provide for the support of public education as set forth in Article VIII, Section 1 of the Constitution of Virginia.

B. The Board of Education shall establish educational objectives known as the Standards of Learning, which shall form the core of Virginia's educational program, and other educational objectives, which together are designed to ensure the development of the skills that are necessary for success in school and for preparation for life in the years beyond. At a minimum, the Board shall establish Standards of Learning for English, mathematics, science, and history and social science. The Standards of Learning shall not be construed to be regulations as defined in § 2.2-4001.

The Board shall seek to ensure that the Standards of Learning are consistent with a high-quality foundation educational program. The Standards of Learning shall include, but not be limited to, the basic skills of communication (listening, speaking, reading, and writing); computation and critical reasoning, including problem solving and decision making; proficiency in the use of computers and related technology; computer science and computational thinking, including computer coding; and the skills to manage personal finances and to make sound financial decisions.

The English Standards of Learning for reading in kindergarten through grade three shall be based on components of effective reading instruction, to include, at a minimum, phonemic awareness, phonics, fluency, vocabulary development, and text comprehension.

The Standards of Learning in all subject areas shall be subject to regular review and revision to maintain rigor and to reflect a balance between content knowledge and the application of knowledge in preparation for eventual employment and lifelong learning. The Board of Education shall establish a regular schedule, in a manner it deems appropriate, for the review, and revision as may be necessary, of the Standards of Learning in all subject areas. Such review of each subject area shall occur at least once every seven years. Nothing in this section shall be construed to prohibit the Board from conducting such review and revision on a more frequent basis.

To provide appropriate opportunity for input from the general public, teachers, and local school boards, the Board of Education shall conduct public hearings prior to establishing revised Standards of Learning. Thirty days prior to conducting such hearings, the Board shall give notice of the date, time, and place of the hearings to all local school boards and any other persons requesting to be notified of the hearings and publish notice of its intention to revise the Standards of Learning in the Virginia Register of Regulations. Interested parties shall be given reasonable opportunity to be heard and present information prior to final adoption of any revisions of the Standards of Learning.

In addition, the Department of Education shall make available and maintain a website, either separately or through an existing website utilized by the Department of Education, enabling public elementary, middle, and high school educators to submit recommendations for improvements relating to the Standards of Learning, when under review by the Board according to its established schedule, and related assessments required by the Standards of Quality pursuant to this chapter. Such website shall facilitate the submission of recommendations by educators.

School boards shall implement the Standards of Learning or objectives specifically designed for their school divisions that are equivalent to or exceed the Board's requirements. Students shall be expected to achieve the educational objectives established by the school division at appropriate age or grade levels. The curriculum adopted by the local school division shall be aligned to the Standards of Learning.

The Board of Education shall include in the Standards of Learning for history and social science the study of contributions to society of diverse people. For the purposes of this subsection, "diverse" includes consideration of disability, ethnicity, race, and gender.

The Board of Education shall include in the Standards of Learning for health instruction in emergency first aid, cardiopulmonary resuscitation, and the use of an automated external defibrillator, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. Such instruction shall be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross. No teacher who is in compliance with subdivision D 5 of § 22.1-298.1 shall be required to be certified as a trainer of cardiopulmonary resuscitation to provide instruction for non-certification.

With such funds as are made available for this purpose, the Board shall regularly review and revise the competencies for career and technical education programs to require the full integration of English, mathematics, science, and history and social science Standards of Learning. Career and technical education programs shall be aligned with industry and professional standard certifications, where they exist.

*The Board shall establish content standards and curriculum guidelines for courses in career investigation in elementary school, middle school, and high school. Each school board shall (i) require each middle school student to take at least one course in career investigation or (ii) select an alternate means of delivering the career investigation course to each middle school student, provided that such alternative is equivalent in content and rigor and provides the foundation for such students to develop their academic and career plans. Any school board may require (a) such courses in career investigation at the high school level as it deems appropriate, subject to Board approval as required in subsection A of § 22.1-253.13:4, and (b) such courses in career investigation at the elementary school level as it deems appropriate. The Board shall develop and disseminate to each school board career investigation resource materials that are designed to ensure that students have the ability to further explore interest in career and technical education opportunities in middle and high school. In developing such resource materials, the Board shall consult with representatives of career and technical education, industry, skilled trade associations, chambers of commerce or similar organizations, and contractor organizations.*

C. Local school boards shall develop and implement a program of instruction for grades K through 12 that is aligned to the Standards of Learning and meets or exceeds the requirements of the Board of Education. The program of instruction shall emphasize reading, writing, speaking, mathematical concepts and computations, proficiency in the use of computers and related technology, computer science and computational thinking, including computer coding, and scientific concepts and processes; essential skills and concepts of citizenship, including knowledge of Virginia history and world and United States history, economics, government, foreign languages, international cultures, health and physical education, environmental issues, and geography necessary for responsible participation in American society and in the international community; fine arts, which may include, but need not be limited to, music and art, and practical arts; knowledge and skills needed to qualify for further education, gainful employment, or training in a career or technical field; and development of the ability to apply such skills and knowledge in preparation for eventual employment and lifelong learning and to achieve economic self-sufficiency.

Local school boards shall also develop and implement programs of prevention, intervention, or remediation for students who are educationally at risk including, but not limited to, those who fail to achieve a passing score on any Standards of Learning assessment in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs shall include components that are research-based.

Any student who achieves a passing score on one or more, but not all, of the Standards of Learning assessments for the relevant grade level in grades three through eight may be required to attend a remediation program.

Any student who fails to achieve a passing score on all of the Standards of Learning assessments for the relevant grade level in grades three through eight or who fails an end-of-course test required for the award of a verified unit of credit shall be required to attend a remediation program or to participate in another form of remediation. Division superintendents shall require such students to take special programs of prevention, intervention, or remediation, which may include attendance in public summer school programs, in accordance with clause (ii) of subsection A of § 22.1-254 and § 22.1-254.01.

Remediation programs shall include, when applicable, a procedure for early identification of students who are at risk of failing the Standards of Learning assessments in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs may also include summer school for all elementary and middle school grades and for all high school academic courses, as defined by regulations promulgated by the Board of Education, or other forms of remediation. Summer school remediation programs or other forms of remediation shall be chosen by the division superintendent to be appropriate to the academic needs of the student. Students who are required to attend such summer school programs or to participate in another form of remediation shall not be charged tuition by the school division.

The requirement for remediation may, however, be satisfied by the student's attendance in a program of prevention, intervention or remediation that has been selected by his parent, in consultation with the division superintendent or his designee, and is either (i) conducted by an accredited private school or (ii) a special program that has been determined to be comparable to the required public school remediation program by the division superintendent. The costs of such private school remediation program or other special remediation program shall be borne by the student's parent.

The Board of Education shall establish standards for full funding of summer remedial programs that shall include, but not be limited to, the minimum number of instructional hours or the equivalent thereof required for full funding and an assessment system designed to evaluate program effectiveness. Based on the number of students attending and the Commonwealth's share of the per pupil instructional costs, state funds shall be provided for the full cost of summer and

other remediation programs as set forth in the appropriation act, provided such programs comply with such standards as shall be established by the Board, pursuant to § 22.1-199.2.

D. Local school boards shall also implement the following:

1. Programs in grades K through three that emphasize developmentally appropriate learning to enhance success.
2. Programs based on prevention, intervention, or remediation designed to increase the number of students who earn a high school diploma and to prevent students from dropping out of school. Such programs shall include components that are research-based.
3. Career and technical education programs incorporated into the K through 12 curricula that include:
  - a. Knowledge of careers and all types of employment opportunities, including, but not limited to, apprenticeships, entrepreneurship and small business ownership, the military, and the teaching profession, and emphasize the advantages of completing school with marketable skills;
  - b. Career exploration opportunities in the middle school grades;
  - c. Competency-based career and technical education programs that integrate academic outcomes, career guidance, and job-seeking skills for all secondary students. Programs shall be based upon labor market needs and student interest. Career guidance shall include counseling about available employment opportunities and placement services for students exiting school. Each school board shall develop and implement a plan to ensure compliance with the provisions of this subdivision. Such plan shall be developed with the input of area business and industry representatives and local comprehensive community colleges and shall be submitted to the Superintendent of Public Instruction in accordance with the timelines established by federal law; and
  - d. Annual notice on its website to enrolled high school students and their parents of (i) the availability of the postsecondary education and employment data published by the State Council of Higher Education on its website pursuant to § 23.1-204.1 and (ii) the opportunity for such students to obtain a nationally recognized career readiness certificate at a local public high school, comprehensive community college, or workforce center.
4. Educational objectives in middle and high school that emphasize economic education and financial literacy pursuant to § 22.1-200.03.
5. Early identification of students with disabilities and enrollment of such students in appropriate instructional programs consistent with state and federal law.
6. Early identification of gifted students and enrollment of such students in appropriately differentiated instructional programs.
7. Educational alternatives for students whose needs are not met in programs prescribed elsewhere in these standards. Such students shall be counted in average daily membership (ADM) in accordance with the regulations of the Board of Education.
8. Adult education programs for individuals functioning below the high school completion level. Such programs may be conducted by the school board as the primary agency or through a collaborative arrangement between the school board and other agencies.
9. A plan to make achievements for students who are educationally at risk a divisionwide priority that shall include procedures for measuring the progress of such students.
10. An agreement for postsecondary degree attainment with a comprehensive community college in the Commonwealth specifying the options for students to complete an associate degree or a one-year Uniform Certificate of General Studies from a comprehensive community college concurrent with a high school diploma. Such agreement shall specify the credit available for dual enrollment courses and Advanced Placement courses with qualifying exam scores of three or higher.
11. A plan to notify students and their parents of the availability of dual enrollment and advanced placement classes, career and technical education programs, the International Baccalaureate Program, and Academic Year Governor's School Programs, the qualifications for enrolling in such classes and programs, and the availability of financial assistance to low-income and needy students to take the advanced placement and International Baccalaureate examinations. This plan shall include notification to students and parents of the agreement with a comprehensive community college in the Commonwealth to enable students to complete an associate degree or a one-year Uniform Certificate of General Studies concurrent with a high school diploma.
12. Identification of students with limited English proficiency and enrollment of such students in appropriate instructional programs.
13. Early identification, diagnosis, and assistance for students with reading and mathematics problems and provision of instructional strategies and reading and mathematics practices that benefit the development of reading and mathematics skills for all students.

Local school divisions shall provide reading intervention services to students in kindergarten through grade three who demonstrate deficiencies based on their individual performance on the Standards of Learning reading test or any reading diagnostic test that meets criteria established by the Department of Education. Local school divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis, at a time to be determined by the Superintendent of Public Instruction. Each student who receives early intervention reading services will be assessed again at the end of that school year. The local school division, in its discretion, shall provide such reading intervention services prior to promoting a student from grade three to grade four. Reading intervention services may include the use of: special reading teachers;

trained aides; volunteer tutors under the supervision of a certified teacher; computer-based reading tutorial programs; aides to instruct in-class groups while the teacher provides direct instruction to the students who need extra assistance; and extended instructional time in the school day or school year for these students. Funds appropriated for prevention, intervention, and remediation; summer school remediation; at-risk; or early intervention reading may be used to meet the requirements of this subdivision.

Local school divisions shall provide algebra readiness intervention services to students in grades six through nine who are at risk of failing the Algebra I end-of-course test, as demonstrated by their individual performance on any diagnostic test that has been approved by the Department of Education. Local school divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis, at a time to be determined by the Superintendent of Public Instruction. Each student who receives algebra readiness intervention services will be assessed again at the end of that school year. Funds appropriated for prevention, intervention, and remediation; summer school remediation; at-risk; or algebra readiness intervention services may be used to meet the requirements of this subdivision.

14. Incorporation of art, music, and physical education as a part of the instructional program at the elementary school level.

15. (Applicable to school years before the 2018-2019 school year) A program of physical fitness available to all students with a goal of at least 150 minutes per week on average during the regular school year. Such program may include any combination of (i) physical education classes, (ii) extracurricular athletics, or (iii) other programs and physical activities deemed appropriate by the local school board. Each local school board shall incorporate into its local wellness policy a goal for the implementation of such program during the regular school year.

15. (Applicable beginning with the 2018-2019 school year) A program of physical activity available to all students in grades kindergarten through five consisting of at least 20 minutes per day or an average of 100 minutes per week during the regular school year and available to all students in grades six through 12 with a goal of at least 150 minutes per week on average during the regular school year. Such program may include any combination of (i) physical education classes, (ii) extracurricular athletics, (iii) recess, or (iv) other programs and physical activities deemed appropriate by the local school board. Each local school board shall implement such program during the regular school year.

16. A program of student services for kindergarten through grade 12 that shall be designed to aid students in their educational, social, and career development.

17. The collection and analysis of data and the use of the results to evaluate and make decisions about the instructional program.

18. A program of instruction in the high school Virginia and U.S. Government course on all information and concepts contained in the civics portion of the U.S. Naturalization Test.

E. From such funds as may be appropriated or otherwise received for such purpose, there shall be established within the Department of Education a unit to (i) conduct evaluative studies; (ii) provide the resources and technical assistance to increase the capacity for school divisions to deliver quality instruction; and (iii) assist school divisions in implementing those programs and practices that will enhance pupil academic performance and improve family and community involvement in the public schools. Such unit shall identify and analyze effective instructional programs and practices and professional development initiatives; evaluate the success of programs encouraging parental and family involvement; assess changes in student outcomes prompted by family involvement; and collect and disseminate among school divisions information regarding effective instructional programs and practices, initiatives promoting family and community involvement, and potential funding and support sources. Such unit may also provide resources supporting professional development for administrators and teachers. In providing such information, resources, and other services to school divisions, the unit shall give priority to those divisions demonstrating a less than 70 percent passing rate on the Standards of Learning assessments.

F. Each local school board may enter into agreements for postsecondary credential, certification, or license attainment with comprehensive community colleges or other public institutions of higher education or educational institutions established pursuant to Title 23.1 that offer a career and technical education curriculum. Such agreements shall specify (i) the options for students to take courses as part of the career and technical education curriculum that lead to an industry-recognized credential, certification, or license concurrent with a high school diploma and (ii) the credentials, certifications, or licenses available for such courses.

**2. That the Board of Education shall convene a working group with the Virginia Board of Workforce Development to support the further development of an interactive Academic and Career Plan, as prescribed in 8VAC20-131-140, for all students as a virtual portfolio that can provide access to multiple partners and in which all academic and career plans, assessments, credentials, and achievements are tracked in a cloud-based environment for students, teachers, and parents to monitor and manage. Further, in the case of any five-year-old child who is subject to the provisions of this subsection, the requirements of this section may be alternatively satisfied by ~~sending~~ *causing* the child to *attend* any public educational pre-kindergarten program, including a Head Start program, or in a private, denominational, or parochial educational pre-kindergarten program.

Instruction in the home of a child or children by the parent, guardian, or other person having control or charge of such child or children shall not be classified or defined as a private, denominational or parochial school.

C. Each local school board shall develop policies for excusing students who are absent by reason of observance of a religious holiday. Such policies shall ensure that a student shall not be deprived of any award or of eligibility or opportunity to compete for any award, or of the right to take an alternate test or examination, for any which he missed by reason of such absence, if the absence is verified in a manner acceptable to the school board.

2. *For taxable years beginning on and after January 1, 2018, but prior to January 1, 2022, a business primarily engaged in manufacturing shall be allowed a credit against the taxes imposed by Articles 2 (§ 58.1-320 et seq.) and 10 (§ 58.1-400 et seq.) in an amount equal to 35 percent of its direct costs incurred during the taxable year in conducting orientation, instruction, and training in the Commonwealth relating to the manufacturing activities undertaken by the business. In no event shall the credit allowed to a business under this subdivision exceed \$2,000 for any taxable year. The Department shall allow credit only for programs that (i) provide orientation, instruction, and training solely to students in grades six through 12; (ii) are coordinated with the local school division; and (iii) are conducted either at a plant or facility owned, leased, rented, or otherwise used by the business or at a public middle or high school in Virginia. The taxpayer shall include in its direct costs only the following expenditures: (a) salaries or wages paid to instructors and trainers, prorated for the period of instruction or training; (b) costs for orientation, instruction, and training materials; (c) amounts paid for machinery and equipment used primarily for such instruction and training; and (d) the cost of leased or rented space used primarily for conducting the program.*

3. The total amount of tax credits granted to employers under this section for each fiscal year shall not exceed ~~\$2,500,000~~ *\$1 million*.

C. For purposes of this section, the amount of any credit attributable to a partnership, electing small business corporation (S corporation), or limited liability company shall be allocated to the individual partners, shareholders, or members, respectively, in proportion to their ownership or interest in such business entities.

D. 1. An employer shall be ~~entitled to the credit granted under this section~~ *allowed a credit pursuant to subdivision B 1* only for those courses at a comprehensive community college or a private school for which courses have been certified as eligible worker retraining to the Department of Taxation by the Virginia Economic Development Partnership Authority. ~~The Tax Commissioner shall promulgate regulations, in accordance with the Administrative Process Act (§ 2.2-4000 et seq.), (i) establishing procedures for claiming the credit provided by this section, (ii) defining eligible worker retraining, which shall include only those courses and programs that are substantially related to the duties of a qualified employee or that enhance the qualified employee's job-related skills, and that promote economic development, and (iii) providing for the allocation of credits among employers requesting credits in the event that the amount of credits for which requests are made exceeds the available amount of credits in any year.~~ The Virginia Economic Development Partnership Authority shall review requests for certification submitted by employers and shall advise the Tax Commissioner whether a course or program qualifies as eligible worker retraining and, if it qualifies, whether the course or program is in a STEM or STEAM discipline.

2. *A business shall be allowed the credit pursuant to subdivision B 2 only for an orientation, instruction, and training program that has been approved by the local school division and certified as eligible by the Virginia Economic Development Partnership Authority. A business seeking a tax credit under subdivision B 2 shall include in its application reviewed by the Virginia Economic Development Partnership Authority an approval from the local school division. The Virginia Economic Development Partnership Authority shall review requests for certification submitted by businesses and shall advise the Tax Commissioner whether an orientation, instruction, and training program qualifies as relating to the manufacturing activities undertaken by the business and meets other applicable requirements.*

3. *The Tax Commissioner shall develop guidelines (i) establishing procedures for claiming the credit provided by this section, (ii) defining eligible worker retraining, which shall include only those courses and programs that are substantially related to the duties of a qualified employee or that enhance the qualified employee's job-related skills, and that promote economic development, and (iii) providing for the allocation of credits among employers and businesses requesting credits in the event that the amount of credits for which requests are made exceeds the available amount of credits in any year. Such guidelines shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq.).*

E. Any credit not usable for the taxable year may be carried over for the next three taxable years. The amount of credit allowed pursuant to this section shall not exceed the tax imposed for such taxable year. No credit shall be carried back to a preceding taxable year. If an employer *or business* that is subject to the tax limitation imposed pursuant to this subsection is allowed another credit pursuant to any other section of this Code, or has a credit carryover from a preceding taxable year, such employer *or business* shall be considered to have first utilized any credit allowed which does not have a carryover provision, and then any credit which is carried forward from a preceding taxable year, prior to the utilization of any credit allowed pursuant to this section.

F. No employer *or business* shall be eligible to claim a credit under this section for worker retraining *or manufacturing orientation, instruction, and training* undertaken by any program operated, administered, or paid for by the Commonwealth.

G. *The Department shall review certifications received from the Virginia Economic Development Partnership Authority pursuant to subsection D and, if it determines a taxpayer meets the applicable requirements, shall issue a credit in the amount specified in subsection B.*

H. The Virginia Economic Development Partnership Authority shall report annually to the Chairmen of the House Finance and Senate Finance Committees on the status and implementation of the credit established by this section, including certifications for eligible worker retraining.

CHAPTER 501

*An Act to amend and reenact § 46.2-1148 of the Code of Virginia, relating to overweight permits for hauling Virginia-grown farm produce; bridges and culverts.*

[H 214]

Approved March 29, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That § 46.2-1148 of the Code of Virginia is amended and reenacted as follows:**

**§ 46.2-1148. Overweight permit for hauling Virginia-grown farm produce.**

In addition to other permits provided for in this article, the Commissioner, upon written application by the owner or operator of any vehicle hauling farm produce grown in Virginia from the point of origin to the first place of delivery, shall issue permits for overweight operation of such vehicles as provided in this section. Such permits shall allow the vehicles to have a single axle weight of no more than 24,000 pounds, a tandem axle weight of no more than 40,000 pounds, and a tri-axle grouping weight of no more than 50,000 pounds. Additionally, any five-axle combination *having no less than 42 feet of axle space between extreme axles* may have a gross weight of no more than 90,000 pounds, any four-axle combination, may have a gross weight of not more than 70,000 pounds, any three-axle combination may have a gross weight of no more than 60,000 pounds, and any two-axle combination may have a gross weight of no more than 40,000 pounds.

Except as otherwise provided in this section, no such permit shall designate the route to be traversed nor contain restrictions or conditions not applicable to other vehicles in their general use of the highways.

No permit issued under this section shall authorize any vehicle ~~whose axle weights or axle spacing would not be permissible under §§ 46.2-1122 through 46.2-1127 to cross any bridge constituting a part of any public road to violate any weight limitation applicable to bridges or culverts, as promulgated and posted in accordance with § 46.2-1130.~~ Nothing contained in this section shall authorize any extension of weight limits provided in § 46.2-1127 for operation on interstate highways.

The fee for a permit issued under this section shall be \$45, to be allocated as follows: (i) \$40 to the Highway Maintenance and Operating Fund established pursuant to § 33.2-1530, with a portion equal to the percentage of the Commonwealth's total lane miles represented by the lane miles eligible for maintenance payments pursuant to §§ 33.2-319 and 33.2-366 being redistributed on the basis of lane miles to the applicable localities pursuant to §§ 33.2-319 and 33.2-366, to be used to assist in funding needed highway pavement and bridge maintenance and rehabilitation and (ii) a \$5 administrative fee to the Department.

CHAPTER 502

*An Act to amend the Code of Virginia by adding in Article 18.2 of Chapter 3 of Title 8.01 a section numbered 8.01-195.13 and for the relief of Danial J Williams, Joseph Jesse Dick, Jr., Eric Cameron Wilson, and Derek Elliot Tice, relating to compensation for wrongful incarceration for a felony conviction.*

[H 762]

Approved March 29, 2018

Whereas, Danial J Williams (Mr. Williams), Joseph Jesse Dick, Jr. (Mr. Dick), Eric Cameron Wilson (Mr. Wilson), and Derek Elliot Tice (Mr. Tice) spent nearly four decades in prison collectively for crimes they did not commit, and another collective 30 years after release from prison under highly restrictive parole and sex offender registry conditions that imposed onerous barriers to their reentry to society; and

Whereas, in the early morning hours of July 8, 1997, Omar Ballard (Ballard) entered the Norfolk, Virginia, apartment of Michelle Moore Bosko (Ms. Bosko) and brutally raped her and strangled and stabbed her to death; and

Whereas, in 1997, Mr. Williams, Mr. Dick, Mr. Wilson, and Mr. Tice were young men serving our country through military service with the United States Navy, none of whom had a criminal record; and

Whereas, investigating Norfolk police crime scene officers recorded a crime scene that strongly suggested Ms. Bosko was killed by a single assailant, and the officers collected several samples of DNA material; and

Whereas, a neighbor of Ms. Bosko provided police with the name of Ballard, a person with a long criminal history, as a suspect of Ms. Bosko's rape and murder; and

Whereas, Norfolk police officers investigated another rape that took place in the same complex where Ms. Bosko resided, and the victim provided information that fit the description of Ballard as her likely assailant; and

Whereas, the same evening as the neighbor provided Ballard's name as a suspect of Ms. Bosko's rape and murder, Norfolk police officers secured a warrant for Ballard's arrest for the assault of another woman in the same complex where Ms. Bosko resided; and

Whereas, instead of focusing on Ballard as a suspect in Ms. Bosko's rape and murder, Norfolk police officers interrogated and focused exclusively on Mr. Williams, a neighbor of Ms. Bosko; and

Whereas, police learned from Mr. Williams's ailing wife, who had just returned home from the hospital after cancer surgery, that Mr. Williams had been with her the entire evening of July 7 and morning hours of July 8; and

Whereas, while no evidence linked Mr. Williams to the crime, he fully cooperated with interrogating officers and repeatedly denied any involvement in or knowledge of the crime over the course of many hours; and

Whereas, after more than nine hours of interrogation during which Norfolk police officers falsely told Mr. Williams that he had failed a polygraph examination and suggested to Mr. Williams that he had raped Ms. Bosko and killed her by beating her with a shoe, Mr. Williams continued to declare his innocence; and

Whereas, Norfolk police brought into the interrogation Detective Robert Glen Ford (Ford), an aggressive and determined interrogator with a history of eliciting false confessions who has subsequently been convicted of federal felonies related to his police work; and

Whereas, Ford, through illegal and improper means and contrary to accepted police practices, obtained a false confession from an exhausted and traumatized Mr. Williams that he had assaulted and killed Ms. Bosko with a shoe; and

Whereas, Ford and other Norfolk police officers knew that Mr. Williams's statement was based on a false scenario provided to Mr. Williams by an interrogator and did not conform to the medical and forensic evidence; and

Whereas, when the medical examiner determined that Ms. Bosko had been strangled and stabbed to death, Norfolk police returned to Mr. Williams and insisted he change his confession to match the crime by saying that he stabbed and strangled Ms. Bosko; and

Whereas, Mr. Williams was a young man who had been taught by the Navy to comply with authority figures and was completely overwhelmed, and so he did as demanded by the police; and

Whereas, the Norfolk police accepted Mr. Williams's altered confession, told the public the case was solved, and did not further investigate the crime; and

Whereas, Mr. Williams was held without bail and charged with capital murder and rape; and

Whereas, in December 1997, Commonwealth crime lab DNA testing determined that Mr. Williams was not the source of the DNA evidence recovered from the crime scene; and

Whereas, Ford, who decided to continue to investigate Mr. Williams as a suspect, had previously secured false confessions after using aggressive interrogation techniques, and as a result had been demoted out of the homicide squad; and

Whereas, the Norfolk police did not turn the investigation to Ballard, even though he was now in prison for the violent assault of two young women, but instead sought to find a co-defendant to Mr. Williams who might be the contributor of the DNA evidence recovered at the crime scene; and

Whereas, Norfolk police decided to interrogate Mr. Williams's roommate, Mr. Dick, even though they had no evidence that he was involved in the crime; and

Whereas, Mr. Dick was a highly suggestible, immature young man of limited cognitive functioning; and

Whereas, on January 12, 1998, police picked up Mr. Dick from the naval base, placed him in a Norfolk police interrogation room, and sought to have him implicate himself and Mr. Williams in the crime; and

Whereas, Mr. Dick repeatedly told police that he had no involvement in the crime and had been on duty on the USS *Saipan* the week beginning on July 7; and

Whereas, Ford, through illegal and improper means and contrary to accepted police practices, obtained a false confession from Mr. Dick, who broke down after hours of steadfastly asserting his innocence; and

Whereas, Mr. Dick gave a statement in which he said that he and Mr. Williams had jointly assaulted and stabbed Ms. Bosko; and

Whereas, numerous facts in Mr. Dick's statement were glaringly inconsistent with both the known crime scene evidence and Mr. Williams's coerced statement; and

Whereas, Mr. Dick was held without bail and charged with capital murder and rape; and

Whereas, in March 1998, Commonwealth crime lab DNA testing confirmed that Mr. Dick was not the source of the DNA evidence recovered at the Bosko crime scene, and no evidence linked him to the crime; and

Whereas, Norfolk police again chose not to investigate Ballard as a suspect in the rape and murder of Ms. Bosko, and instead chose to look for another co-defendant to Mr. Williams and Mr. Dick, despite the fact that the crime scene evidence was inconsistent with a multiple-offender crime theory; and

Whereas, the Norfolk police turned their attention to Mr. Wilson, an acquaintance of Mr. Williams; and

Whereas, in early April 1998, Norfolk police brought Mr. Wilson to an interrogation room and, through illegal and improper means and contrary to accepted police practices, obtained a false confession; and

Whereas, Mr. Wilson had, for hours, denied any knowledge or involvement in the crime but like Mr. Williams and Mr. Dick had become exhausted and traumatized and gave into pressure from the police; and

Whereas, Mr. Wilson's confession matched neither the known crime scene evidence nor Mr. Williams's nor Mr. Dick's prior statements to the police, and no forensic evidence linked Mr. Wilson to the crime; and

Whereas, Mr. Wilson was held without bail and charged with capital murder and rape; and

Whereas, shortly thereafter, Commonwealth crime lab DNA testing also excluded Mr. Wilson as the source of the DNA recovered from the crime scene; and

Whereas, in June 1998, Norfolk police again ignored the overwhelming evidence that Ballard might have committed this crime and sought to identify a fourth potential DNA contributor through continued questioning of the highly malleable and submissive Mr. Dick; and

Whereas, undeterred by Mr. Dick's then-obvious prior false and inconsistent statements, Ford and his partner demanded that Mr. Dick provide the name of another suspect; and

Whereas, despite Mr. Dick giving the Norfolk police officers a made-up name and description of someone that did not match Navy records, Ford persisted and pressured Mr. Dick to pick out Mr. Tice from a Navy yearbook from Mr. Wilson's ship; and

Whereas, again, Ford, through illegal and improper means and contrary to accepted police practices, obtained a false confession from Mr. Tice, who after two days in police custody, hours of interrogation, and repeatedly professing his innocence to no avail finally told Ford that he committed the crime along with Mr. Williams, Mr. Dick, and Mr. Wilson; and

Whereas, Mr. Tice's confession was inconsistent in numerous respects with the known crime scene evidence and the statements of Mr. Williams, Mr. Dick, and Mr. Wilson; and

Whereas, Mr. Tice was held on bail and charged with capital murder and rape; and

Whereas, shortly thereafter, Commonwealth crime lab DNA testing also excluded Mr. Tice as a contributor of the DNA evidence recovered from the crime scene; and

Whereas, in the fall of 1998, in a misdirected search for a co-defendant whose DNA would match the Bosko crime scene evidence, Ford and other Norfolk police officers interrogated and charged three additional former members of the U.S. Navy with participating in the assault and murder of Ms. Bosko; despite forceful interrogations, none of these men gave incriminating statements but each was held for several months even though two of the three had very strong alibis that were known to the police; and

Whereas, in February 1999, Ballard, incarcerated for a sexual assault he had committed unrelated to the Bosko case, wrote to a friend and admitted responsibility for killing Ms. Bosko; and

Whereas, this letter was promptly shared with Norfolk police; and

Whereas, Ford and another Norfolk police officer met with Ballard, who confessed to Ms. Bosko's murder after a brief questioning and told police that he alone committed the crime; and

Whereas, Ballard's statement matched the known crime scene evidence in all respects; and

Whereas, Commonwealth crime lab DNA testing confirmed that the DNA evidence recovered from Ms. Bosko's body, from under her fingernails, and from a blanket near her body belonged to Ballard; and

Whereas, Ballard was charged with capital murder and rape; and

Whereas, Ford was involved before, during, and after his investigation of the rape and murder of Ms. Bosko in a fraudulent scheme to urge judges to allow certain offenders to remain out on bail; these offenders paid thousands of dollars to Ford as bribes, and in return Ford committed perjury so they could retain their freedom; and

Whereas, Ford has subsequently been convicted and is serving a 150-month sentence in federal prison related to this felonious scheme; and

Whereas, in order for Ford to conceal that the confessions of Mr. Williams, Mr. Dick, Mr. Wilson, and Mr. Tice were coerced and false so that he could continue to be employed with the homicide squad, as well as so that he could continue his enrichment scheme to accept bribes, Ford told Ballard that he could avoid the death penalty only by asserting that Mr. Williams, Mr. Dick, Mr. Wilson, and Mr. Tice committed the crime with him; and

Whereas, even though the statement that the other four men were involved in the assault and murder of Ms. Bosko was a lie, Ballard agreed to go along with Ford in order to obtain the life-sentence deal; and

Whereas, fearing the death penalty, Mr. Williams reluctantly entered a guilty plea in order to receive a sentence of life without parole; and

Whereas, Mr. Williams sought to withdraw his guilty plea after he learned of Ballard's confession, but the prosecution successfully opposed the motion; and

Whereas, also fearing for his life and in a fragile state of mind, Mr. Dick also entered a plea of guilty and was sentenced to life in prison; and

Whereas, Mr. Wilson insisted on going to trial and testified at the trial that he was not guilty; the jury acquitted him of murder but convicted him of rape, based solely on his false, coerced confession, and sentenced him to eight and one-half years in prison; and

Whereas, Mr. Tice also fought the charges against him and was tried twice. His first conviction was overturned on appeal due to defective jury instructions, but solely on the basis of his false, coerced confession he was convicted at a second trial of both capital murder and rape and received life sentences; and

Whereas, Norfolk police withheld from each of these wrongfully charged men evidence that, had it been disclosed, would have prevented Mr. Williams and Mr. Dick from entering guilty pleas to avoid the death penalty and would have led juries to acquit Mr. Wilson and Mr. Tice of all charges; and

Whereas, each of these four men were imprisoned and experienced assaults and other horrific experiences during the imprisonment that irreparably broke them in a manner that no time or money will ever fix; and

Whereas, in 2005, the four men sought absolute pardons due to their innocence; and

Whereas, Norfolk officials vigorously opposed these petitions and continued to withhold evidence from the Governor of Virginia that would have confirmed their innocence; and

Whereas, in 2009, Governor Tim Kaine granted conditional pardons to Mr. Williams, Mr. Dick, and Mr. Tice, concluding that they had made a very strong case that they, and Mr. Wilson, were innocent; however, Governor Kaine did not disturb their convictions and required that they each accept parole supervision for 20 years and register as sex offenders; and

Whereas, Mr. Wilson had previously been released from prison in 2005 after serving his full sentence and was also required to register as a sex offender; and

Whereas, all four men have struggled to rebuild their lives and have lived vastly reduced lives due to the strong stigma of their wrongful convictions for violent crimes and due further to the stringent conditions of parole and sex offender registry requirements; and

Whereas, many job training programs and promising employment opportunities have not been available due to these limitations; and

Whereas, the four men have been restricted from living in certain areas, subject to strict curfews, and unable to be in the vicinity of certain public facilities; and

Whereas, numerous family relations were shattered, and other friends and acquaintances have wanted nothing to do with them; and

Whereas, federal habeas review overturned Mr. Tice's convictions; that relief was affirmed by a unanimous three-judge panel of the United States Court of Appeals for the Fourth Circuit, and thereafter all state charges were dismissed without prejudice (with the Commonwealth reserving the right to recharge him later); and

Whereas, in 2016, federal habeas review brought relief to Mr. Williams and Mr. Dick when a district court judge, after conducting a two-day hearing on innocence, ruled that Mr. Williams, Mr. Dick, Mr. Tice, and Mr. Wilson were absolutely innocent, and that the only guilty party was Ballard; and

Whereas, all charges were dismissed against Mr. Williams and Mr. Dick in November 2016; and

Whereas, Mr. Wilson could not receive any state or federal judicial relief due to procedural technicalities; however, in late 2016, he, Mr. Williams, Mr. Dick, and Mr. Tice filed for absolute pardons from Governor Terry McAuliffe; and

Whereas, in March 2017, Governor McAuliffe issued full, absolute pardons to each man due to their factual innocence; and

Whereas, had Norfolk officials not purposefully fabricated evidence to make each man appear guilty and deliberately withheld exonerating evidence during the trials, appeals, clemency proceedings, and state and federal habeas proceedings that would have proven their innocence, these men would not have been charged with or convicted of these horrific crimes and would not have suffered for nearly two decades with shame, humiliation, and loss of liberty as convicted rapists and murderers; and

Whereas, Danial J Williams, Joseph Jesse Dick, Jr., Eric Cameron Wilson, and Derek Elliot Tice have no other means to obtain adequate relief except by action of this body; now, therefore,

**Be it enacted by the General Assembly of Virginia:**

**1. That the Code of Virginia is amended by adding in Article 18.2 of Chapter 3 of Title 8.01 a section numbered 8.01-195.13 as follows:**

Approved March 29, 2018

Whereas, Danial J Williams (Mr. Williams), Joseph Jesse Dick, Jr. (Mr. Dick), Eric Cameron Wilson (Mr. Wilson), and Derek Elliot Tice (Mr. Tice) spent nearly four decades in prison collectively for crimes they did not commit, and another collective 30 years after release from prison under highly restrictive parole and sex offender registry conditions that imposed onerous barriers to their reentry to society; and

Whereas, in the early morning hours of July 8, 1997, Omar Ballard (Ballard) entered the Norfolk, Virginia, apartment of Michelle Moore Bosko (Ms. Bosko) and brutally raped her and strangled and stabbed her to death; and

Whereas, in 1997, Mr. Williams, Mr. Dick, Mr. Wilson, and Mr. Tice were young men serving our country through military service with the United States Navy, none of whom had a criminal record; and

Whereas, investigating Norfolk police crime scene officers recorded a crime scene that strongly suggested Ms. Bosko was killed by a single assailant, and the officers collected several samples of DNA material; and

Whereas, a neighbor of Ms. Bosko provided police with the name of Ballard, a person with a long criminal history, as a suspect of Ms. Bosko's rape and murder; and

Whereas, Norfolk police officers investigated another rape that took place in the same complex where Ms. Bosko resided, and the victim provided information that fit the description of Ballard as her likely assailant; and

Whereas, the same evening as the neighbor provided Ballard's name as a suspect of Ms. Bosko's rape and murder, Norfolk police officers secured a warrant for Ballard's arrest for the assault of another woman in the same complex where Ms. Bosko resided; and

Whereas, instead of focusing on Ballard as a suspect in Ms. Bosko's rape and murder, Norfolk police officers interrogated and focused exclusively on Mr. Williams, a neighbor of Ms. Bosko; and

Whereas, police learned from Mr. Williams's ailing wife, who had just returned home from the hospital after cancer surgery, that Mr. Williams had been with her the entire evening of July 7 and morning hours of July 8; and

Whereas, while no evidence linked Mr. Williams to the crime, he fully cooperated with interrogating officers and repeatedly denied any involvement in or knowledge of the crime over the course of many hours; and

Whereas, after more than nine hours of interrogation during which Norfolk police officers falsely told Mr. Williams that he had failed a polygraph examination and suggested to Mr. Williams that he had raped Ms. Bosko and killed her by beating her with a shoe, Mr. Williams continued to declare his innocence; and

Whereas, Norfolk police brought into the interrogation Detective Robert Glen Ford (Ford), an aggressive and determined interrogator with a history of eliciting false confessions who has subsequently been convicted of federal felonies related to his police work; and

Whereas, Ford, through illegal and improper means and contrary to accepted police practices, obtained a false confession from an exhausted and traumatized Mr. Williams that he had assaulted and killed Ms. Bosko with a shoe; and

Whereas, Ford and other Norfolk police officers knew that Mr. Williams's statement was based on a false scenario provided to Mr. Williams by an interrogator and did not conform to the medical and forensic evidence; and

Whereas, when the medical examiner determined that Ms. Bosko had been strangled and stabbed to death, Norfolk police returned to Mr. Williams and insisted he change his confession to match the crime by saying that he stabbed and strangled Ms. Bosko; and

Whereas, Mr. Williams was a young man who had been taught by the Navy to comply with authority figures and was completely overwhelmed, and so he did as demanded by the police; and

Whereas, the Norfolk police accepted Mr. Williams's altered confession, told the public the case was solved, and did not further investigate the crime; and

Whereas, Mr. Williams was held without bail and charged with capital murder and rape; and

Whereas, in December 1997, Commonwealth crime lab DNA testing determined that Mr. Williams was not the source of the DNA evidence recovered from the crime scene; and

Whereas, Ford, who decided to continue to investigate Mr. Williams as a suspect, had previously secured false confessions after using aggressive interrogation techniques, and as a result had been demoted out of the homicide squad; and

Whereas, the Norfolk police did not turn the investigation to Ballard, even though he was now in prison for the violent assault of two young women, but instead sought to find a co-defendant to Mr. Williams who might be the contributor of the DNA evidence recovered at the crime scene; and

Whereas, Norfolk police decided to interrogate Mr. Williams's roommate, Mr. Dick, even though they had no evidence that he was involved in the crime; and

Whereas, Mr. Dick was a highly suggestible, immature young man of limited cognitive functioning; and

Whereas, on January 12, 1998, police picked up Mr. Dick from the naval base, placed him in a Norfolk police interrogation room, and sought to have him implicate himself and Mr. Williams in the crime; and

Whereas, Mr. Dick repeatedly told police that he had no involvement in the crime and had been on duty on the USS *Saipan* the week beginning on July 7; and

Whereas, Ford, through illegal and improper means and contrary to accepted police practices, obtained a false confession from Mr. Dick, who broke down after hours of steadfastly asserting his innocence; and

Whereas, Mr. Dick gave a statement in which he said that he and Mr. Williams had jointly assaulted and stabbed Ms. Bosko; and

Whereas, numerous facts in Mr. Dick's statement were glaringly inconsistent with both the known crime scene evidence and Mr. Williams's coerced statement; and

Whereas, Mr. Dick was held without bail and charged with capital murder and rape; and

Whereas, in March 1998, Commonwealth crime lab DNA testing confirmed that Mr. Dick was not the source of the DNA evidence recovered at the Bosko crime scene, and no evidence linked him to the crime; and

Whereas, Norfolk police again chose not to investigate Ballard as a suspect in the rape and murder of Ms. Bosko, and instead chose to look for another co-defendant to Mr. Williams and Mr. Dick, despite the fact that the crime scene evidence was inconsistent with a multiple-offender crime theory; and

Whereas, the Norfolk police turned their attention to Mr. Wilson, an acquaintance of Mr. Williams; and

Whereas, in early April 1998, Norfolk police brought Mr. Wilson to an interrogation room and, through illegal and improper means and contrary to accepted police practices, obtained a false confession; and

Whereas, Mr. Wilson had, for hours, denied any knowledge or involvement in the crime but like Mr. Williams and Mr. Dick had become exhausted and traumatized and gave into pressure from the police; and

Whereas, Mr. Wilson's confession matched neither the known crime scene evidence nor Mr. Williams's nor Mr. Dick's prior statements to the police, and no forensic evidence linked Mr. Wilson to the crime; and

Whereas, Mr. Wilson was held without bail and charged with capital murder and rape; and

Whereas, shortly thereafter, Commonwealth crime lab DNA testing also excluded Mr. Wilson as the source of the DNA recovered from the crime scene; and

Whereas, in June 1998, Norfolk police again ignored the overwhelming evidence that Ballard might have committed this crime and sought to identify a fourth potential DNA contributor through continued questioning of the highly malleable and submissive Mr. Dick; and

Whereas, undeterred by Mr. Dick's then-obvious prior false and inconsistent statements, Ford and his partner demanded that Mr. Dick provide the name of another suspect; and

Whereas, despite Mr. Dick giving the Norfolk police officers a made-up name and description of someone that did not match Navy records, Ford persisted and pressured Mr. Dick to pick out Mr. Tice from a Navy yearbook from Mr. Wilson's ship; and

Whereas, again, Ford, through illegal and improper means and contrary to accepted police practices, obtained a false confession from Mr. Tice, who after two days in police custody, hours of interrogation, and repeatedly professing his innocence to no avail finally told Ford that he committed the crime along with Mr. Williams, Mr. Dick, and Mr. Wilson; and

Whereas, Mr. Tice's confession was inconsistent in numerous respects with the known crime scene evidence and the statements of Mr. Williams, Mr. Dick, and Mr. Wilson; and

Whereas, Mr. Tice was held on bail and charged with capital murder and rape; and

Whereas, shortly thereafter, Commonwealth crime lab DNA testing also excluded Mr. Tice as a contributor of the DNA evidence recovered from the crime scene; and

Whereas, in the fall of 1998, in a misdirected search for a co-defendant whose DNA would match the Bosko crime scene evidence, Ford and other Norfolk police officers interrogated and charged three additional former members of the U.S. Navy with participating in the assault and murder of Ms. Bosko; despite forceful interrogations, none of these men gave incriminating statements but each was held for several months even though two of the three had very strong alibis that were known to the police; and

Whereas, in February 1999, Ballard, incarcerated for a sexual assault he had committed unrelated to the Bosko case, wrote to a friend and admitted responsibility for killing Ms. Bosko; and

Whereas, this letter was promptly shared with Norfolk police; and

Whereas, Ford and another Norfolk police officer met with Ballard, who confessed to Ms. Bosko's murder after a brief questioning and told police that he alone committed the crime; and

Whereas, Ballard's statement matched the known crime scene evidence in all respects; and

Whereas, Commonwealth crime lab DNA testing confirmed that the DNA evidence recovered from Ms. Bosko's body, from under her fingernails, and from a blanket near her body belonged to Ballard; and

Whereas, Ballard was charged with capital murder and rape; and

Whereas, Ford was involved before, during, and after his investigation of the rape and murder of Ms. Bosko in a fraudulent scheme to urge judges to allow certain offenders to remain out on bail; these offenders paid thousands of dollars to Ford as bribes, and in return Ford committed perjury so they could retain their freedom; and

Whereas, Ford has subsequently been convicted and is serving a 150-month sentence in federal prison related to this felonious scheme; and

Whereas, in order for Ford to conceal that the confessions of Mr. Williams, Mr. Dick, Mr. Wilson, and Mr. Tice were coerced and false so that he could continue to be employed with the homicide squad, as well as so that he could continue his enrichment scheme to accept bribes, Ford told Ballard that he could avoid the death penalty only by asserting that Mr. Williams, Mr. Dick, Mr. Wilson, and Mr. Tice committed the crime with him; and

Whereas, even though the statement that the other four men were involved in the assault and murder of Ms. Bosko was a lie, Ballard agreed to go along with Ford in order to obtain the life-sentence deal; and

Whereas, fearing the death penalty, Mr. Williams reluctantly entered a guilty plea in order to receive a sentence of life without parole; and

Whereas, Mr. Williams sought to withdraw his guilty plea after he learned of Ballard's confession, but the prosecution successfully opposed the motion; and

Whereas, also fearing for his life and in a fragile state of mind, Mr. Dick also entered a plea of guilty and was sentenced to life in prison; and

Whereas, Mr. Wilson insisted on going to trial and testified at the trial that he was not guilty; the jury acquitted him of murder but convicted him of rape, based solely on his false, coerced confession, and sentenced him to eight and one-half years in prison; and

Whereas, Mr. Tice also fought the charges against him and was tried twice. His first conviction was overturned on appeal due to defective jury instructions, but solely on the basis of his false, coerced confession he was convicted at a second trial of both capital murder and rape and received life sentences; and

Whereas, Norfolk police withheld from each of these wrongfully charged men evidence that, had it been disclosed, would have prevented Mr. Williams and Mr. Dick from entering guilty pleas to avoid the death penalty and would have led juries to acquit Mr. Wilson and Mr. Tice of all charges; and

Whereas, each of these four men were imprisoned and experienced assaults and other horrific experiences during the imprisonment that irreparably broke them in a manner that no time or money will ever fix; and

Whereas, in 2005, the four men sought absolute pardons due to their innocence; and

Whereas, Norfolk officials vigorously opposed these petitions and continued to withhold evidence from the Governor of Virginia that would have confirmed their innocence; and

Whereas, in 2009, Governor Tim Kaine granted conditional pardons to Mr. Williams, Mr. Dick, and Mr. Tice, concluding that they had made a very strong case that they, and Mr. Wilson, were innocent; however, Governor Kaine did not disturb their convictions and required that they each accept parole supervision for 20 years and register as sex offenders; and

Whereas, Mr. Wilson had previously been released from prison in 2005 after serving his full sentence and was also required to register as a sex offender; and

Whereas, all four men have struggled to rebuild their lives and have lived vastly reduced lives due to the strong stigma of their wrongful convictions for violent crimes and due further to the stringent conditions of parole and sex offender registry requirements; and

Whereas, many job training programs and promising employment opportunities have not been available due to these limitations; and

Whereas, the four men have been restricted from living in certain areas, subject to strict curfews, and unable to be in the vicinity of certain public facilities; and

Whereas, numerous family relations were shattered, and other friends and acquaintances have wanted nothing to do with them; and

Whereas, federal habeas review overturned Mr. Tice's convictions; that relief was affirmed by a unanimous three-judge panel of the United States Court of Appeals for the Fourth Circuit, and thereafter all state charges were dismissed without prejudice (with the Commonwealth reserving the right to recharge him later); and

Whereas, in 2016, federal habeas review brought relief to Mr. Williams and Mr. Dick when a district court judge, after conducting a two-day hearing on innocence, ruled that Mr. Williams, Mr. Dick, Mr. Tice, and Mr. Wilson were absolutely innocent, and that the only guilty party was Ballard; and

Whereas, all charges were dismissed against Mr. Williams and Mr. Dick in November 2016; and

Whereas, Mr. Wilson could not receive any state or federal judicial relief due to procedural technicalities; however, in late 2016, he, Mr. Williams, Mr. Dick, and Mr. Tice filed for absolute pardons from Governor Terry McAuliffe; and

Whereas, in March 2017, Governor McAuliffe issued full, absolute pardons to each man due to their factual innocence; and

Whereas, had Norfolk officials not purposefully fabricated evidence to make each man appear guilty and deliberately withheld exonerating evidence during the trials, appeals, clemency proceedings, and state and federal habeas proceedings that would have proven their innocence, these men would not have been charged with or convicted of these horrific crimes and would not have suffered for nearly two decades with shame, humiliation, and loss of liberty as convicted rapists and murderers; and

Whereas, Dania J Williams, Joseph Jesse Dick, Jr., Eric Cameron Wilson, and Derek Elliot Tice have no other means to obtain adequate relief except by action of this body; now, therefore,

## CHAPTER 504

*An Act to amend and reenact §§ 58.1-3230, 58.1-3231, and 58.1-3234 of the Code of Virginia, relating to real property tax; use value assessment.*

[H 871]

Approved March 29, 2018

**Be it enacted by the General Assembly of Virginia:****1. That §§ 58.1-3230, 58.1-3231, and 58.1-3234 of the Code of Virginia are amended and reenacted as follows:****§ 58.1-3230. Special classifications of real estate established and defined.**

For the purposes of this article the following special classifications of real estate are established and defined:

"Real estate devoted to agricultural use" shall mean real estate devoted to the bona fide production for sale of plants and animals, or products made from such plants and animals on the real estate, that are useful to man or devoted to and meeting the requirements and qualifications for payments or other compensation pursuant to soil and water conservation programs under an agreement with an agency of the state or federal government under uniform standards prescribed by the Commissioner of Agriculture and Consumer Services in accordance with the Administrative Process Act (§ 2.2-4000 et seq.); or ~~devoted to and meeting the requirements and qualifications for payments or other compensation pursuant to a soil conservation program under an agreement with an agency of the federal government.~~ Prior, discontinued use of property shall not be considered in determining its current use. Real estate upon which recreational activities are conducted for a profit or otherwise shall be considered real estate devoted to agricultural use as long as the recreational activities conducted on such real estate do not change the character of the real estate so that it does not meet the uniform standards prescribed by the Commissioner. Real property that has been designated as devoted to agricultural use shall not lose such designation solely because a portion of the property is being used for a different purpose pursuant to a special use permit or otherwise allowed by zoning, provided that the property, excluding such portion, otherwise meets all the requirements for such designation. The portion of the property being used for a different purpose pursuant to a special use permit or otherwise allowed by zoning shall be deemed a separate piece of property from the remaining property for purposes of assessment. The presence of utility lines on real property shall not be considered in determining whether the property, including the portion where the utility lines are located, is devoted to agricultural use. In determining whether real property is devoted to agricultural use, zoning designations and special use permits for the property shall not be the sole considerations.

"Real estate devoted to horticultural use" shall mean real estate devoted to the bona fide production for sale of fruits of all kinds, including grapes, nuts, and berries; vegetables; ~~and~~ nursery and floral products; ~~and plants or products directly produced from fruits, vegetables, nursery and floral products, or plants on such real estate or devoted to and meeting the requirements and qualifications for payments or other compensation pursuant to a soil and water conservation program under an agreement with an agency of the state or federal government.~~ Prior, discontinued use of property shall not be considered in determining its current use. Real estate upon which recreational activities are conducted for profit or otherwise shall be considered real estate devoted to horticultural use as long as the recreational activities conducted on such real estate do not change the character of the real estate so that it does not meet the uniform standards prescribed by the Commissioner. Real property that has been designated as devoted to horticultural use shall not lose such designation solely because a portion of the property is being used for a different purpose pursuant to a special use permit or otherwise allowed by zoning, provided that the property, excluding such portion, otherwise meets all the requirements for such designation. The portion of the property being used for a different purpose pursuant to a special use permit or otherwise allowed by zoning shall be deemed a separate piece of property from the remaining property for purposes of assessment. The presence of utility lines on real property shall not be considered in determining whether the property, including the portion where the utility lines are located, is devoted to horticultural use. In determining whether real property is devoted to horticultural use, zoning designations and special use permits for the property shall not be the sole considerations.

"Real estate devoted to forest use" shall mean land, including the standing timber and trees thereon, devoted to tree growth in such quantity and so spaced and maintained as to constitute a forest area under standards prescribed by the State Forester pursuant to the authority set out in § 58.1-3240 and in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). Prior, discontinued use of property shall not be considered in determining its current use. Real estate upon which recreational activities are conducted for profit, or otherwise, shall still be considered real estate devoted to forest use as long as the recreational activities conducted on such real estate do not change the character of the real estate so that it no longer constitutes a forest area under standards prescribed by the State Forester pursuant to the authority set out in § 58.1-3240. Real property that has been designated as devoted to forest use shall not lose such designation solely because a portion of the property is being used for a different purpose pursuant to a special use permit or is otherwise allowed by zoning, provided that the property, excluding such portion, otherwise meets all the requirements for such designation. The portion of the property being used for a different purpose pursuant to a special use permit or otherwise allowed by zoning shall be

deemed a separate piece of property from the remaining property for purposes of assessment. The presence of utility lines on real property shall not be considered in determining whether the property, including the portion where the utility lines are located, is devoted to forest use. In determining whether real property is devoted to forest use, zoning designations and special use permits for the property shall not be the sole considerations.

"Real estate devoted to open-space use" shall mean real estate used as, or preserved for, (i) park or recreational purposes, including public or private golf courses, (ii) conservation of land or other natural resources, (iii) floodways, (iv) wetlands as defined in § 58.1-3666, (v) riparian buffers as defined in § 58.1-3666, (vi) historic or scenic purposes, or (vii) assisting in the shaping of the character, direction, and timing of community development or for the public interest and consistent with the local land-use plan under uniform standards prescribed by the Director of the Department of Conservation and Recreation pursuant to the authority set out in § 58.1-3240 and in accordance with the Administrative Process Act (§ 2.2-4000 et seq.) and the local ordinance. Prior, discontinued use of property shall not be considered in determining its current use. Real property that has been designated as devoted to open-space use shall not lose such designation solely because a portion of the property is being used for a different purpose pursuant to a special use permit or is otherwise allowed by zoning, provided that the property, excluding such portion, otherwise meets all the requirements for such designation. The portion of the property being used for a different purpose pursuant to a special use permit or otherwise allowed by zoning shall be deemed a separate piece of property from the remaining property for purposes of assessment. The presence of utility lines on real property shall not be considered in determining whether the property, including the portion where the utility lines are located, is devoted to open-space use. In determining whether real property is devoted to open-space use, zoning designations and special use permits for the property shall not be the sole considerations.

**§ 58.1-3231. Authority of counties, cities and towns to adopt ordinances; general reassessment following adoption of ordinance.**

Any county, city or town which has adopted a land-use plan may adopt an ordinance to provide for the use value assessment and taxation, in accord with the provisions of this article, of real estate classified in § 58.1-3230. The local governing body pursuant to § 58.1-3237.1 may provide in the ordinance that property located in specified zoning districts shall not be eligible for special assessment as provided in this article. *However, real estate that is being provided use value assessment and taxation shall not be denied such use value assessment and taxation solely because of its location in a newly created zoning district that was not requested by the real estate owner.* The provisions of this article shall not be applicable in any county, city or town for any year unless such an ordinance is adopted by the governing body thereof not later than June 30 of the year previous to the year when such taxes are first assessed and levied under this article, or December 31 of such year for localities which have adopted a fiscal year assessment date of July 1, under Chapter 30 (§ 58.1-3000 et seq.) of this subtitle. The provisions of this article also shall not apply to the assessment of any real estate assessable pursuant to law by a central state agency.

Land used in agricultural and forestal production within an agricultural district, a forestal district or an agricultural and forestal district that has been established under Chapter 43 (§ 15.2-4300 et seq.) of Title 15.2, shall be eligible for the use value assessment and taxation whether or not a local land-use plan or local ordinance pursuant to this section has been adopted.

Such ordinance shall provide for the assessment and taxation in accordance with the provisions of this article of any or all of the four classes of real estate set forth in § 58.1-3230. If the uniform standards prescribed by the Commissioner of Agriculture and Consumer Services pursuant to § 58.1-3230 require real estate to have been used for a particular purpose for a minimum length of time before qualifying as real estate devoted to agricultural use or horticultural use, then such ordinance may waive such prior use requirement for real estate devoted to the production of agricultural and horticultural crops that require more than two years from initial planting until commercially feasible harvesting. *If the uniform standards prescribed by the Commissioner of Agriculture and Consumer Services pursuant to § 58.1-3230 require real estate to have been used for a particular purpose for a minimum length of time before qualifying as real estate devoted to agricultural use or horticultural use, then (i) use of other similar property by a lessee of the owner shall be included in calculating such time and (ii) the Commissioner of Agriculture and Consumer Services shall include in the uniform standards a shorter minimum length of time for real estate with no prior qualifying use, provided that the owner submits a written document of the owner's intent regarding use of the real estate containing elements set out in the uniform standards. Localities are not required to maintain such written document.*

In addition to but not to replace any other requirements of a land-use plan such ordinance may provide that the special assessment and taxation be established on a sliding scale which establishes a lower assessment for property held for longer periods of time within the classes of real estate set forth in § 58.1-3230. Any such sliding scale shall be set forth in the ordinance.

Notwithstanding any other provision of law, the governing body of any county, city or town shall be authorized to direct a general reassessment of real estate in the year following adoption of an ordinance pursuant to this article.

**§ 58.1-3234. Application by property owners for assessment, etc., under ordinance; continuation of assessment, etc.**

Property owners ~~must~~ shall submit an application for taxation on the basis of a use assessment to the local assessing officer *as follows*:

1. ~~At~~ *The property owner shall submit an initial application, unless it is a revalidation form, at least ~~sixty~~ 60 days preceding the tax year for which such taxation is sought; or*

2. In any year in which a general reassessment is being made, the property owner may submit such application until ~~thirty~~ 30 days have elapsed after his notice of increase in assessment is mailed in accordance with § 58.1-3330, or ~~sixty~~ 60 days preceding the tax year, whichever is later; or

3. In any locality which has adopted a fiscal tax year under Chapter 30 (§ 58.1-3000 et seq.) of this Subtitle III, but continues to assess as of January 1, such application ~~must~~ shall be submitted for any year at least ~~sixty~~ 60 days preceding the effective date of the assessment for such year.

The governing body, by ordinance, may permit applications to be filed within no more than ~~sixty~~ 60 days after the filing deadline specified herein, upon the payment of a late filing fee to be established by the governing body. In addition, a locality may, by ordinance, permit a further extension of the filing deadline specified herein, upon payment of an extension fee to be established by the governing body in an amount not to exceed the late filing fee, to a date not later than ~~thirty~~ 30 days after notices of assessments are mailed. An individual who is owner of an undivided interest in a parcel may apply on behalf of himself and the other owners of such parcel upon submitting an affidavit that such other owners are minors or cannot be located. An application shall be submitted whenever the use or acreage of such land previously approved changes; however, no application fee may be required when a change in acreage occurs solely as a result of a conveyance necessitated by governmental action or condemnation of a portion of any land previously approved for taxation on the basis of use assessment. The governing body of any ~~county, city or town~~ locality may, however, require any such property owner to revalidate ~~annually~~ at least every six years with such locality, on or before the date on which the last installment of property tax prior to the effective date of the assessment is due, on forms prepared by the locality, any applications previously approved. Each locality which has adopted an ordinance hereunder may provide for the imposition of a revalidation fee every sixth year. Such revalidation fee shall not, however, exceed the application fee currently charged by the locality. The governing body may also provide for late filing of revalidation forms on or before the effective date of the assessment, on payment of a late filing fee. Forms shall be prepared by the State Tax Commissioner and supplied to the locality for use of the applicants and applications shall be submitted on such forms. An application fee may be required to accompany all such applications.

In the event of a material misstatement of facts in the application or a material change in such facts prior to the date of assessment, such application for taxation based on use assessment granted thereunder shall be void and the tax for such year extended on the basis of value determined under § 58.1-3236 D. Except as provided by local ordinance, no application for assessment based on use shall be accepted or approved if, at the time the application is filed, the tax on the land affected is delinquent. Upon the payment of all delinquent taxes, including penalties and interest, the application shall be treated in accordance with the provisions of this section.

Continuation of valuation, assessment and taxation under an ordinance adopted pursuant to this article shall depend on continuance of the real estate in a qualifying use, continued payment of taxes as referred to in § 58.1-3235, and compliance with the other requirements of this article and the ordinance and not upon continuance in the same owner of title to the land.

In the event that the locality provides for a sliding scale under an ordinance, the property owner and the locality shall execute a written agreement which sets forth the period of time that the property shall remain within the classes of real estate set forth in § 58.1-3230. The term of the written agreement shall be for a period not exceeding ~~twenty~~ 20 years, and the instrument shall be recorded in the office of the clerk of the circuit court for the locality in which the subject property is located.

No locality shall require any applicant who is a lessor of the property or a portion of the property that is the subject of an application submitted pursuant to this section to provide the lease agreement governing the property for the purpose of determining whether the property is eligible for special assessment and taxation pursuant to this article.

*An Act to direct the Department of Transportation to develop and submit for approval an expedited land use permit process; rights-of-way.*

[H 901]

Approved March 29, 2018

### **Be it enacted by the General Assembly of Virginia:**

1. *§ 1. That the Department of Transportation (Department) shall develop and submit for approval to the Federal Highway Administration an expedited land use permit process by which public or private utility companies that offer high-speed Internet services may apply to use any right-of-way maintained by the Department. 2. **That the Department of Transportation shall complete the requirements of the first enactment of this act by November 30, 2018, and shall submit to the Governor and the General Assembly an executive summary and a report on the expedited land use permit process and, if possible, the response from the Federal Highway Administration for publication as a House or Senate document. The executive summary and report shall be submitted as provided in the**

### CHAPTER 506

*An Act to amend and reenact §§ 5.1-2.2:3 and 58.1-638 of the Code of Virginia, relating to sales tax revenue allocation; increase amount allocated to discretionary spending for airports.*

[H 993]

Approved March 29, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 5.1-2.2:3 and 58.1-638 of the Code of Virginia are amended and reenacted as follows:**

**§ 5.1-2.2:3. Transparency and accountability in the use of Commonwealth Airport Fund revenues.**

A. By November 1 of each year, the Board shall report to the Governor and the General Assembly on the use of ~~Commercial~~ Commonwealth Airport Fund revenues the previous fiscal year. The report shall include at a minimum the following:

1. The use of entitlement funds allocated pursuant to subdivision A 3 a of § 58.1-638 by each air carrier airport, including the amount of funds that are unobligated;
2. The award and use of discretionary funds allocated for air carrier and reliever airports pursuant to ~~subdivision A 3 b~~ *subdivision A 3 b 1 a* of § 58.1-638 by every such airport; ~~and~~
3. The award and use of discretionary funds allocated for general aviation airports pursuant to ~~subdivision A 3 e~~ *subdivision A 3 b 1 b* of § 58.1-638 by every such airport; ~~and~~
4. *The award and use of discretionary funds allocated for all airports pursuant to subdivision A 3 b 2 of § 58.1-638 by every such airport.*

Such report shall also include the status of ongoing projects funded in whole or in part by the Commonwealth Airport Fund pursuant to subdivision A 3 of § 58.1-638.

B. Each year prior to the release of entitlement funds allocated pursuant to subdivision A 3 a of § 58.1-638, each air carrier airport shall submit a plan that outlines the planned use of such funds for the upcoming fiscal year to the Board for review and approval. The Board shall approve such plan provided that the use of funds is in accordance with Board policies. An airport may modify its plan during a fiscal year by submitting a revised plan to the Board for review.

C. The Board shall have the right to withhold entitlement funds allocated pursuant to subdivision A 3 a of § 58.1-638 in the event that the entitlement utilization plan is not approved by the Board or the airport uses the funds in a manner that is inconsistent with the approved plan.

**§ 58.1-638. Disposition of state sales and use tax revenue.**

A. The Comptroller shall designate a specific revenue code number for all the state sales and use tax revenue collected under the preceding sections of this chapter.

1. The sales and use tax revenue generated by the one-half percent sales and use tax increase enacted by the 1986 Special Session of the General Assembly shall be paid, in the manner hereinafter provided in this section, to the Transportation Trust Fund as defined in § 33.2-1524. Of the funds paid to the Transportation Trust Fund, an aggregate of 4.2 percent shall be set aside as the Commonwealth Port Fund as provided in this section; an aggregate of 2.4 percent shall be set aside as the Commonwealth Airport Fund as provided in this section; and an aggregate of 14.7 percent shall be set aside as the Commonwealth Mass Transit Fund as provided in this section. The Fund's share of such net revenue shall be computed as an estimate of the net revenue to be received into the state treasury each month, and such estimated payment shall be adjusted for the actual net revenue received in the preceding month. All payments shall be made to the Fund on the last day of each month.

2. There is hereby created in the Department of the Treasury a special nonreverting fund which shall be a part of the Transportation Trust Fund and which shall be known as the Commonwealth Port Fund.

a. The Commonwealth Port Fund shall be established on the books of the Comptroller and the funds remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on such funds shall remain in the Fund and be credited to it. Funds may be paid to any authority, locality or commission for the purposes hereinafter specified.

b. The amounts allocated pursuant to this section shall be allocated by the Commonwealth Transportation Board to the Board of Commissioners of the Virginia Port Authority to be used to support port capital needs and the preservation of existing capital needs of all ocean, river, or tributary ports within the Commonwealth. Expenditures for such capital needs are restricted to those capital projects specified in subsection B of § 62.1-132.1.

c. Commonwealth Port Fund revenue shall be allocated by the Board of Commissioners to the Virginia Port Authority in order to foster and stimulate the flow of maritime commerce through the ports of Virginia, including but not limited to the ports of Richmond, Hopewell, and Alexandria.

3. There is hereby created in the Department of the Treasury a special nonreverting fund which shall be part of the Transportation Trust Fund and which shall be known as the Commonwealth Airport Fund. The Commonwealth Airport

Fund shall be established on the books of the Comptroller and any funds remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on the funds shall be credited to the Fund. The funds so allocated shall be allocated by the Commonwealth Transportation Board to the Virginia Aviation Board. The funds shall be allocated by the Virginia Aviation Board to any Virginia airport which is owned by the Commonwealth, a governmental subdivision thereof, or a private entity to which the public has access for the purposes enumerated in § 5.1-2.16, or is owned or leased by the Metropolitan Washington Airports Authority (MWAA), as follows:

Any new funds in excess of \$12.1 million which are available for allocation by the Virginia Aviation Board from the Commonwealth Transportation Fund, shall be allocated as follows: 60 percent to MWAA, up to a maximum annual amount of \$2 million, and 40 percent to air carrier airports as provided in subdivision A 3 a. Except for adjustments due to changes in enplaned passengers, no air carrier airport sponsor, excluding MWAA, shall receive less funds identified under subdivision A 3 a than it received in fiscal year 1994-1995.

Of the remaining amount:

a. Forty percent of the funds shall be allocated to air carrier airports, except airports owned or leased by MWAA, based upon the percentage of enplanements for each airport to total enplanements at all air carrier airports, except airports owned or leased by MWAA. No air carrier airport sponsor, however, shall receive less than \$50,000 nor more than \$2 million per year from this provision.

b. *Sixty percent of the funds shall be allocated as follows:*

*(1) For the first six months of each fiscal year, the funds shall be allocated as follows:*

*(a) Forty percent of the funds shall be allocated by the Aviation Board for air carrier and reliever airports on a discretionary basis, except airports owned or leased by MWAA; and*

*⊖ (b) Twenty percent of the funds shall be allocated by the Aviation Board for general aviation airports on a discretionary basis; and*

*(2) For the second six months of each fiscal year, all remaining funds shall be allocated by the Aviation Board for all eligible airports on a discretionary basis, except airports owned or leased by MWAA.*

3a. There is hereby created in the Department of the Treasury a special nonreverting fund that shall be a part of the Transportation Trust Fund and that shall be known as the Commonwealth Space Flight Fund. The Commonwealth Space Flight Fund shall be established on the books of the Comptroller and the funds remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on such funds shall remain in the Fund and be credited to it.

a. The amounts allocated to the Commonwealth Space Flight Fund pursuant to § 33.2-1526 shall be allocated by the Commonwealth Transportation Board to the Board of Directors of the Virginia Commercial Space Flight Authority to be used to support the capital needs, maintenance, and operating costs of any and all facilities owned and operated by the Virginia Commercial Space Flight Authority.

b. Commonwealth Space Flight Fund revenue shall be allocated by the Board of Directors to the Virginia Commercial Space Flight Authority in order to foster and stimulate the growth of the commercial space flight industry in Virginia.

4. There is hereby created in the Department of the Treasury a special nonreverting fund which shall be a part of the Transportation Trust Fund and which shall be known as the Commonwealth Mass Transit Fund.

a. The Commonwealth Mass Transit Fund shall be established on the books of the Comptroller and any funds remaining in such Fund at the end of the biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on such funds shall be credited to the Fund. If funds in subdivision 4 b (1)(c) or 4 b (2)(d) are allocated to the construction of a new fixed rail project, such project shall be evaluated according to the process established pursuant to subsection B of § 33.2-214.1. Funds may be paid to any local governing body, transportation district commission, or public service corporation for the purposes hereinafter specified.

b. The amounts allocated pursuant to this section shall be used to support the operating, capital, and administrative costs of public transportation at a state share determined by the Commonwealth Transportation Board, and these amounts may be used to support the capital project costs of public transportation and ridesharing equipment, facilities, and associated costs at a state share determined by the Commonwealth Transportation Board. Capital costs may include debt service payments on local or agency transit bonds. In making these determinations, the Commonwealth Transportation Board shall confer with the Director of the Department of Rail and Public Transportation. In development of the Director's recommendation and subsequent allocation of funds by the Commonwealth Transportation Board, the Director of the Department of Rail and Public Transportation and the Commonwealth Transportation Board shall adhere to the following:

(1) For the distribution of revenues from the Commonwealth Mass Transit Fund, of those revenues generated in 2014 and thereafter, the first \$160 million in revenues or the maximum available revenues if less than \$160 million shall be distributed by the Commonwealth Transportation Board as follows:

(a) Funds for special programs, which shall include ridesharing, transportation demand management programs, experimental transit, public transportation promotion, operation studies, and technical assistance, shall not exceed 3 percent of the funds pursuant to this section and may be allocated to any local governing body, planning district commission, transportation district commission, or public transit corporation, or may be used directly by the Department of Rail and Public Transportation for the following purposes and aid of public transportation services:

(i) To finance a program administered by the Department of Rail and Public Transportation designed to promote the use of public transportation and ridesharing throughout Virginia.

(ii) To finance up to 80 percent of the cost of the development and implementation of projects where the purpose of such project is to enhance the provision and use of public transportation services.

(b) At least 72 percent of the funds shall be distributed to each transit property in the same proportion as its operating expenses bear to the total statewide operating expenses and shall be spent for the purposes specified in subdivision 4 b.

(c) Twenty-five percent of the funds shall be allocated and distributed utilizing a tiered approach evaluated by the Transit Service Delivery Advisory Committee along with the Director of the Department of Rail and Public Transportation and established by the Commonwealth Transportation Board for capital purposes based on asset need and anticipated state participation level and revenues. The tier distribution measures may be evaluated by the Transit Service Delivery Advisory Committee along with the Director of the Department of Rail and Public Transportation every three years and, if redefined by the Board, shall be published at least one year in advance of being applied. Funds allocated for debt service payments will be included in the tier that applies to the capital asset that is leveraged.

(d) Transfer of funds from funding categories in subdivisions 4 b (1)(a) and 4 b (1)(c) to 4 b (1)(b) shall be considered by the Commonwealth Transportation Board in times of statewide economic distress or statewide special need.

(2) The Commonwealth Transportation Board shall allocate the remaining revenues after the application of the provisions set forth in subdivision 4 b (1) generated for the Commonwealth Mass Transit Fund for 2014 and succeeding years as follows:

(a) Funds pursuant to this section shall be distributed among operating, capital, and special projects in order to respond to the needs of the transit community.

(b) Of the funds pursuant to this section, at least 72 percent shall be allocated to support operating costs of transit providers and distributed by the Commonwealth Transportation Board based on service delivery factors, based on effectiveness and efficiency, as established by the Commonwealth Transportation Board. These measures and their relative weight shall be evaluated every three years and, if redefined by the Commonwealth Transportation Board, shall be published and made available for public comment at least one year in advance of being applied. In developing the service delivery factors, the Commonwealth Transportation Board shall create for the Department of Rail and Public Transportation a Transit Service Delivery Advisory Committee, consisting of two members appointed by the Virginia Transit Association, one member appointed by the Community Transportation Association of Virginia, one member appointed by the Virginia Municipal League, one member appointed by the Virginia Association of Counties, and three members appointed by the Director of the Department of Rail and Public Transportation, to advise the Department of Rail and Public Transportation in the development of a distribution process for the funds allocated pursuant to this subdivision 4 b (2)(b) and how transit systems can incorporate these metrics in their transit development plans. The Transit Service Delivery Advisory Committee shall elect a Chair. The Department of Rail and Public Transportation shall provide administrative support to the committee. Effective July 1, 2013, the Transit Service Delivery Advisory Committee shall meet at least annually and consult with interested stakeholders and hold at least one public hearing and report its findings to the Director of the Department of Rail and Public Transportation. Prior to the Commonwealth Transportation Board approving the service delivery factors, the Director of the Department of Rail and Public Transportation along with the Chair of the Transit Service Delivery Advisory Committee shall brief the Senate Committee on Finance, the House Appropriations Committee, and the Senate and House Committees on Transportation on the findings of the Transit Service Delivery Advisory Committee and the Department's recommendation. Before redefining any component of the service delivery factors, the Commonwealth Transportation Board shall consult with the Director of the Department of Rail and Public Transportation, Transit Service Delivery Advisory Committee, and interested stakeholders and provide for a 45-day public comment period. Prior to approval of any amendment to the service delivery measures, the Board shall notify the aforementioned committees of the pending amendment to the service delivery factors and its content.

(c) Funds for special programs, which shall include ridesharing, transportation demand management programs, experimental transit, public transportation promotion, operation studies, and technical assistance, shall not exceed 3 percent of the funds pursuant to this section and may be allocated to any local governing body, planning district commission, transportation district commission, or public transit corporation, or may be used directly by the Department of Rail and Public Transportation for the following purposes and aid of public transportation services:

(i) To finance a program administered by the Department of Rail and Public Transportation designed to promote the use of public transportation and ridesharing throughout Virginia.

(ii) To finance up to 80 percent of the cost of the development and implementation of projects where the purpose of such project is to enhance the provision and use of public transportation services.

(d) Of the funds pursuant to this section, 25 percent shall be allocated and distributed utilizing a tiered approach evaluated by the Transit Service Delivery Advisory Committee along with the Director of Rail and Public Transportation and established by the Commonwealth Transportation Board for capital purposes based on asset need and anticipated state participation level and revenues. The tier distribution measures may be evaluated by the Transit Service Delivery Advisory Committee along with the Director of Rail and Public Transportation every three years and, if redefined by the Board, shall be published at least one year in advance of being applied. Funds allocated for debt service payments shall be included in the tier that applies to the capital asset that is leveraged.

(e) Transfer of funds from funding categories in subdivisions 4 b (2)(c) and 4 b (2)(d) to 4 b (2)(b) shall be considered by the Commonwealth Transportation Board in times of statewide economic distress or statewide special need.

(f) The Department of Rail and Public Transportation may reserve a balance of up to five percent of the Commonwealth Mass Transit Fund revenues under this subsection in order to assure better stability in providing operating and capital funding to transit entities from year to year.

(3) The Commonwealth Mass Transit Fund shall not be allocated without requiring a local match from the recipient.

c. There is hereby created in the Department of the Treasury a special nonreverting fund known as the Commonwealth Transit Capital Fund. The Commonwealth Transit Capital Fund shall be part of the Commonwealth Mass Transit Fund. The Commonwealth Transit Capital Fund subaccount shall be established on the books of the Comptroller and consist of such moneys as are appropriated to it by the General Assembly and of all donations, gifts, bequests, grants, endowments, and other moneys given, bequeathed, granted, or otherwise made available to the Commonwealth Transit Capital Fund. Any funds remaining in the Commonwealth Transit Capital Fund at the end of the biennium shall not revert to the general fund, but shall remain in the Commonwealth Transit Capital Fund. Interest earned on funds within the Commonwealth Transit Capital Fund shall remain in and be credited to the Commonwealth Transit Capital Fund. Proceeds of the Commonwealth Transit Capital Fund may be paid to any political subdivision, another public entity created by an act of the General Assembly, or a private entity as defined in § 33.2-1800 and for purposes as enumerated in subdivision 7 of § 33.2-1701 or expended by the Department of Rail and Public Transportation for the purposes specified in this subdivision. Revenues of the Commonwealth Transit Capital Fund shall be used to support capital expenditures involving the establishment, improvement, or expansion of public transportation services through specific projects approved by the Commonwealth Transportation Board. If revenues of the Commonwealth Transit Capital Fund are allocated to the construction of a new fixed rail project, such project shall be evaluated according to the process established pursuant to subsection B of § 33.2-214.1. The Commonwealth Transit Capital Fund shall not be allocated without requiring a local match from the recipient.

d. The Commonwealth Transportation Board may allocate up to three and one-half percent of the funds set aside for the Commonwealth Mass Transit Fund to support costs of project development, project administration, and project compliance incurred by the Department of Rail and Public Transportation in implementing rail, public transportation, and congestion management grants and programs.

5. Funds for Metro shall be paid by the Northern Virginia Transportation Commission (NVTC) to the Washington Metropolitan Area Transit Authority (WMATA) and be a credit to the Counties of Arlington and Fairfax and the Cities of Alexandria, Falls Church, and Fairfax in the following manner:

a. Local obligations for debt service for WMATA rail transit bonds apportioned to each locality using WMATA's capital formula shall be paid first by NVTC. NVTC shall use 95 percent state aid for these payments.

b. The remaining funds shall be apportioned to reflect WMATA's allocation formulas by using the related WMATA-allocated subsidies and relative shares of local transit subsidies. Capital costs shall include 20 percent of annual local bus capital expenses. Hold harmless protections and obligations for NVTC's jurisdictions agreed to by NVTC on November 5, 1998, shall remain in effect.

Appropriations from the Commonwealth Mass Transit Fund are intended to provide a stable and reliable source of revenue as defined by Public Law 96-184.

6. Notwithstanding any other provision of law, funds allocated to Metro may be disbursed by the Department of Rail and Public Transportation directly to Metro or to any other transportation entity that has an agreement to provide funding to Metro.

B. The sales and use tax revenue generated by a one percent sales and use tax shall be distributed among the counties and cities of the Commonwealth in the manner provided in subsections C and D.

C. The localities' share of the net revenue distributable under this section among the counties and cities shall be apportioned by the Comptroller and distributed among them by warrants of the Comptroller drawn on the Treasurer of Virginia as soon as practicable after the close of each month during which the net revenue was received into the state treasury. The distribution of the localities' share of such net revenue shall be computed with respect to the net revenue received into the state treasury during each month, and such distribution shall be made as soon as practicable after the close of each such month.

D. The net revenue so distributable among the counties and cities shall be apportioned and distributed upon the basis of the latest yearly estimate of the population of cities and counties ages five to 19, provided by the Weldon Cooper Center for Public Service of the University of Virginia. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for persons who are domiciled in orphanages or charitable institutions or who are dependents living on any federal military or naval reservation or other federal property within the school division in which the institutions or federal military or naval reservation or other federal property is located. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for members of the military services who are under 20 years of age within the school division in which the parents or guardians of such persons legally reside. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for individuals receiving services in state hospitals, state training centers, or mental health facilities, persons who are confined in state or federal correctional institutions, or persons who attend the Virginia School for the Deaf and the Blind within the school division in which the parents or guardians of such persons legally reside. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for persons who attend institutions of higher education within the school division in which the student's parents or guardians legally

reside. To such estimate, the Department of Education shall add the population of students with disabilities, ages two through four and 20 through 21, as provided to the Department of Education by school divisions. The revenue so apportionable and distributable is hereby appropriated to the several counties and cities for maintenance, operation, capital outlays, debt and interest payments, or other expenses incurred in the operation of the public schools, which shall be considered as funds raised from local resources. In any county, however, wherein is situated any incorporated town constituting a school division, the county treasurer shall pay into the town treasury for maintenance, operation, capital outlays, debt and interest payments, or other expenses incurred in the operation of the public schools, the proper proportionate amount received by him in the ratio that the school population of such town bears to the school population of the entire county. If the school population of any city or of any town constituting a school division is increased by the annexation of territory since the last estimate of school population provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this section, be added to the school population of such city or town as shown by the last such estimate and a proper reduction made in the school population of the county or counties from which the annexed territory was acquired.

E. Beginning July 1, 2000, of the remaining sales and use tax revenue, the revenue generated by a two percent sales and use tax, up to an annual amount of \$13 million, collected from the sales of hunting equipment, auxiliary hunting equipment, fishing equipment, auxiliary fishing equipment, wildlife-watching equipment, and auxiliary wildlife-watching equipment in Virginia, as estimated by the most recent U.S. Department of the Interior, Fish and Wildlife Service and U.S. Department of Commerce, Bureau of the Census National Survey of Fishing, Hunting, and Wildlife-Associated Recreation, shall be paid into the Game Protection Fund established under § 29.1-101 and shall be used, in part, to defray the cost of law enforcement. Not later than 30 days after the close of each quarter, the Comptroller shall transfer to the Game Protection Fund the appropriate amount of collections to be dedicated to such Fund. At any time that the balance in the Capital Improvement Fund, established under § 29.1-101.01, is equal to or in excess of \$35 million, any portion of sales and use tax revenues that would have been transferred to the Game Protection Fund, established under § 29.1-101, in excess of the net operating expenses of the Board, after deduction of other amounts which accrue to the Board and are set aside for the Game Protection Fund, shall remain in the general fund until such time as the balance in the Capital Improvement Fund is less than \$35 million.

F. 1. Of the net revenue generated from the one-half percent increase in the rate of the state sales and use tax effective August 1, 2004, pursuant to enactments of the 2004 Special Session I of the General Assembly, the Comptroller shall transfer from the general fund of the state treasury to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund established under § 58.1-638.1 an amount equivalent to one-half of the net revenue generated from such one-half percent increase as provided in this subdivision. The transfers to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund under this subdivision shall be for one-half of the net revenue generated (and collected in the succeeding month) from such one-half percent increase for the month of August 2004 and for each month thereafter.

2. Beginning July 1, 2013, of the remaining sales and use tax revenue, an amount equal to the revenue generated by a 0.125 percent sales and use tax shall be distributed to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund established under § 58.1-638.1, and be used for the state's share of Standards of Quality basic aid payments.

3. For the purposes of the Comptroller making the required transfers under subdivision 1 and 2, the Tax Commissioner shall make a written certification to the Comptroller no later than the twenty-fifth of each month certifying the sales and use tax revenues generated in the preceding month. Within three calendar days of receiving such certification, the Comptroller shall make the required transfers to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund.

G. (Contingent expiration date) Beginning July 1, 2013, of the remaining sales and use tax revenue, an amount equal to the following percentages of the revenue generated by a one-half percent sales and use tax, such as that paid to the Transportation Trust Fund as provided in subdivision A 1, shall be paid to the Highway Maintenance and Operating Fund established pursuant to § 33.2-1530:

1. For fiscal year 2014, an amount equal to 10 percent;
2. For fiscal year 2015, an amount equal to 20 percent;
3. For fiscal year 2016, an amount equal to 30 percent; and
4. For fiscal year 2017 and thereafter, an amount equal to 35 percent.

The Highway Maintenance and Operating Fund's share of the net revenue distributable under this subsection shall be computed as an estimate of the net revenue to be received into the state treasury each month, and such estimated payment shall be adjusted for the actual net revenue received in the preceding month. All payments shall be made to the Fund on the last day of each month.

H. (Contingent expiration date) 1. The additional revenue generated by increases in the state sales and use tax from Planning District 8 pursuant to §§ 58.1-603.1, 58.1-604.01, 58.1-604.1, and 58.1-614 shall be deposited by the Comptroller in the fund established under § 33.2-2509.

The Board shall not be required to post an injunction bond or other security.*

*C. Any licensed motor vehicle dealer who sustains injury or damage to his business or property by reason of a violation of subsection A by any person that is not licensed as required by subsection A may file a motion with the circuit court for the county or city in which a person alleged to have committed such violation is located, and, upon a hearing and for cause shown, the court may grant a temporary or permanent injunction prohibiting any further such violation. The foregoing restriction shall not apply to those cases where existing sewerage systems or sewage or other waste treatment works cease to perform in accordance with their approved certificate requirements.

*B. Nothing contained in this chapter shall be construed to empower the Board to require the Commonwealth, or any political subdivision thereof, to upgrade the level of treatment in any works to a level more stringent than that required by applicable provisions of the Federal Water Pollution Control Act, P.L. 84-660, as amended.*

*C. Nothing contained in this chapter shall be construed to empower the Board to adopt the 2013 proposed Aquatic Life Ambient Water Quality Criteria for Ammonia of the U.S. Environmental Protection Agency unless the Board includes in such adoption a phased implementation program consistent with the federal Clean Water Act (33 U.S.C. § 1251 et seq.) that includes (i) consideration of the relative priority of ammonia criteria and other water quality and water infrastructure*

**2. That the Department of Environmental Quality shall (i) identify any other states that have adopted the U.S. Environmental Protection Agency 2013 Aquatic Life Ambient Water Quality Criteria for Ammonia (the Criteria) as of July 1, 2018; (ii) identify the specific procedures and practices for the implementation of the Criteria by the General Assembly or the State Water Control Board (the Board) that will both minimize the impact of the Criteria on Virginia sewerage systems or other treatment works and be permissible under the federal Clean Water Act (33 U.S.C. § 1251 et seq.), including an opportunity to request consideration of alternative effluent limitations based on a demonstration by the permittee, acceptable to the Board, of the lack of appreciable harm from the discharge of ammonia to aquatic life that is present in the vicinity of the discharge or which should be present but for the discharge; and (iii) report its findings to the Chairmen of the Senate Committee on Agriculture, Conservation and Natural Resources, the House Committee on Agriculture, Chesapeake and Natural Resources, the Senate Finance Committee, and the House Appropriations Committee no later than November 1, 2018. The completion of such identification and reporting shall not preclude the Board from proceeding to adopt the Criteria.**

**3. That the inclusion of the phased implementation program required by this act in the current regulatory action of the State Water Control Board (the Board) on the adoption of the U.S. Environmental Protection Agency 2013 Aquatic Life Ambient Water Quality Criteria for Ammonia shall not require reproposal of the current action and shall not be considered changes with substantial impact under § 2.2-4007.06 of the Code of Virginia if the Department of Environmental Quality provides a 60-day public comment period on the proposed phased implementation program before it is presented to the Board for adoption.**

## CHAPTER 512

*An Act to amend and reenact § 22.1-253.13:4 of the Code of Virginia, relating to high school graduation requirements; course load.*

[H 329]

Approved March 29, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That § 22.1-253.13:4 of the Code of Virginia is amended and reenacted as follows:**

**§ 22.1-253.13:4. Standard 4. Student achievement and graduation requirements.**

A. Each local school board shall award diplomas to all secondary school students, including students who transfer from nonpublic schools or from home instruction, who meet the requirements prescribed by the Board of Education and meet such other requirements as may be prescribed by the local school board and approved by the Board of Education. Provisions shall be made to facilitate the transfer and appropriate grade placement of students from other public secondary schools, from nonpublic schools, or from home instruction as outlined in the standards for accreditation. The standards for accreditation shall include provisions relating to the completion of graduation requirements through Virtual Virginia. Further, reasonable accommodation to meet the requirements for diplomas shall be provided for otherwise qualified students with disabilities as needed.

In addition, each local school board may devise, vis-a-vis the award of diplomas to secondary school students, a mechanism for calculating class rankings that takes into consideration whether the student has taken a required class more than one time and has had any prior earned grade for such required class expunged.

Each local school board shall notify the parents of rising eleventh and twelfth grade students of (i) the requirements for graduation pursuant to the standards for accreditation and (ii) the requirements that have yet to be completed by the individual student.

B. Students identified as disabled who complete the requirements of their individualized education programs and meet certain requirements prescribed by the Board pursuant to regulations but do not meet the requirements for any named diploma shall be awarded Applied Studies diplomas by local school boards.

Each local school board shall notify the parent of such students with disabilities who have an individualized education program and who fail to meet the graduation requirements of the student's right to a free and appropriate education to age 21, inclusive, pursuant to Article 2 (§ 22.1-213 et seq.) of Chapter 13.

C. Students who have completed a prescribed course of study as defined by the local school board shall be awarded certificates of program completion by local school boards if they are not eligible to receive a Board of Education-approved diploma.

Each local school board shall provide notification of the right to a free public education for students who have not reached 20 years of age on or before August 1 of the school year, pursuant to Chapter 1 (§ 22.1-1 et seq.), to the parent of students who fail to graduate or who have failed to achieve graduation requirements as provided in the standards for accreditation. If such student who does not graduate or complete such requirements is a student for whom English is a second language, the local school board shall notify the parent of the student's opportunity for a free public education in accordance with § 22.1-5.

D. (From Acts 2016, cc. 720 & 750: The graduation requirements established by the Board of Education pursuant to the provisions of subdivisions D 1, 2, and 3 shall apply to each student who enrolls in high school as (i) a freshman after July 1, 2018; (ii) a sophomore after July 1, 2019; (iii) a junior after July 1, 2020; or (iv) a senior after July 1, 2021) In establishing graduation requirements, the Board shall:

1. Develop and implement, in consultation with stakeholders representing elementary and secondary education, higher education, and business and industry in the Commonwealth and including parents, policymakers, and community leaders in the Commonwealth, a Profile of a Virginia Graduate that identifies the knowledge and skills that students should attain during high school in order to be successful contributors to the economy of the Commonwealth, giving due consideration to critical thinking, creative thinking, collaboration, communication, and citizenship.

2. Emphasize the development of core skill sets in the early years of high school.

3. Establish multiple paths toward college and career readiness for students to follow in the later years of high school. Each such pathway shall include opportunities for internships, externships, and credentialing.

4. Provide for the selection of integrated learning courses meeting the Standards of Learning and approved by the Board to satisfy graduation requirements, which shall include Standards of Learning testing, as necessary.

5. Require students to complete at least one course in fine or performing arts or career and technical education, one course in United States and Virginia history, and two sequential elective courses chosen from a concentration of courses selected from a variety of options that may be planned to ensure the completion of a focused sequence of elective courses that provides a foundation for further education or training or preparation for employment.

6. Require that students either (i) complete an Advanced Placement, honors, or International Baccalaureate course or (ii) earn a career and technical education credential that has been approved by the Board, except when a career and technical education credential in a particular subject area is not readily available or appropriate or does not adequately measure student competency, in which case the student shall receive satisfactory competency-based instruction in the subject area to earn credit. The career and technical education credential, when required, could include the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, the Armed Services Vocational Aptitude Battery, or the Virginia workplace readiness skills assessment.

7. Beginning with first-time ninth grade students in the 2016-2017 school year, require students to be trained in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation.

8. Make provision in its regulations for students with disabilities to earn a diploma.

9. Require students to complete one virtual course, which may be a noncredit-bearing course.

10. Provide that students who complete elective classes into which the Standards of Learning for any required course have been integrated and achieve a passing score on the relevant Standards of Learning test for the relevant required course receive credit for such elective class.

11. Establish a procedure to facilitate the acceleration of students that allows qualified students, with the recommendation of the division superintendent, without completing the 140-hour class, to obtain credit for such class upon demonstrating mastery of the course content and objectives and receiving a passing score on the relevant Standards of Learning assessment. Nothing in this section shall preclude relevant school division personnel from enforcing compulsory attendance in public schools.

12. Provide for the award of credit for passing scores on industry certifications, state licensure examinations, and national occupational competency assessments approved by the Board of Education.

School boards shall report annually to the Board of Education the number of Board-approved industry certifications obtained, state licensure examinations passed, national occupational competency assessments passed, Armed Services Vocational Aptitude Battery assessments passed, and Virginia workplace readiness skills assessments passed, and the number of career and technical education completers who graduated. These numbers shall be reported as separate categories on the School Performance Report Card.

For the purposes of this subdivision, "career and technical education completer" means a student who has met the requirements for a career and technical concentration or specialization and all requirements for high school graduation or an approved alternative education program.

In addition, the Board may:

a. For the purpose of awarding credit, approve the use of additional or substitute tests for the correlated Standards of Learning assessment, such as academic achievement tests, industry certifications or state licensure examinations; and

b. Permit students completing career and technical education programs designed to enable such students to pass such industry certification examinations or state licensure examinations to be awarded, upon obtaining satisfactory scores on such industry certification or licensure examinations, appropriate credit for one or more career and technical education classes into which relevant Standards of Learning for various classes taught at the same level have been integrated. Such industry certification and state licensure examinations may cover relevant Standards of Learning for various required classes and may, at the discretion of the Board, address some Standards of Learning for several required classes.

13. Provide for the waiver of certain graduation requirements (i) upon the Board's initiative or (ii) at the request of a local school board. Such waivers shall be granted only for good cause and shall be considered on a case-by-case basis.

14. Consider all computer science course credits earned by students to be science course credits, mathematics course credits, or career and technical education credits. The Board of Education shall develop guidelines addressing how computer science courses can satisfy graduation requirements.

15. Permit local school divisions to waive the requirement for students to receive 140 clock hours of instruction upon providing the Board with satisfactory proof, based on Board guidelines, that the students for whom such requirements are waived have learned the content and skills included in the relevant Standards of Learning.

16. Provide for the award of verified units of credit for a satisfactory score, as determined by the Board, on the Preliminary ACT (PreACT) or Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT) examination.

17. *Permit students to exceed a full course load in order to participate in courses offered by an institution of higher education that lead to a degree, certificate, or credential at such institution.*

E. In the exercise of its authority to recognize exemplary performance by providing for diploma seals:

1. The Board shall develop criteria for recognizing exemplary performance in career and technical education programs by students who have completed the requirements for a Board of Education-approved diploma and shall award seals on the diplomas of students meeting such criteria.

2. The Board shall establish criteria for awarding a diploma seal for advanced mathematics and technology for the Board of Education-approved diplomas. The Board shall consider including criteria for (i) technology courses; (ii) technical writing, reading, and oral communication skills; (iii) technology-related training; and (iv) industry, professional, and trade association national certifications.

3. The Board shall establish criteria for awarding a diploma seal for excellence in civics education and understanding of our state and federal constitutions and the democratic model of government for the Board of Education-approved diplomas. The Board shall consider including criteria for (i) successful completion of history, government, and civics courses, including courses that incorporate character education; (ii) voluntary participation in community service or extracurricular activities that includes the types of activities that shall qualify as community service and the number of hours required; and (iii) related requirements as it deems appropriate.

4. The Board shall establish criteria for awarding a diploma seal of biliteracy to any student who demonstrates proficiency in English and at least one other language for the Board of Education-approved diplomas. B. *Any parent who elects to provide home instruction in lieu of school attendance shall annually notify the division superintendent in August of his intention to so instruct the child and provide a description of the curriculum, limited to a list of subjects to be studied during the coming year, and evidence of having met one of the criteria for providing home instruction as required by subsection A. Effective July 1, 2000, parents electing to provide home instruction shall provide such annual notice no later than August 15. ## CHAPTER 521

*An Act to amend and reenact §§ 22.1-205 and 46.2-1702 of the Code of Virginia, relating to driver education programs; parent/student driver education component.*

[S 126]

Approved March 29, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 22.1-205 and 46.2-1702 of the Code of Virginia are amended and reenacted as follows:**

**§ 22.1-205. Driver education programs.**

A. The Board of Education shall establish for the public school system a standardized program of driver education in the safe operation of motor vehicles. Such program shall consist of classroom training and behind-the-wheel driver training. However, any student who participates in such a program of driver education shall meet the academic requirements established by the Board, and no student in a course shall be permitted to operate a motor vehicle without a license or permit to do so issued by the Department of Motor Vehicles.

1. ~~The driver education program shall include (i) instruction concerning (a) alcohol and drug abuse; (b) aggressive driving; (c) distracted driving; (d) motorcycle awareness; (e) organ and tissue donor awareness; (f) fuel-efficient driving practices; and (g) traffic stops, including law-enforcement procedures for traffic stops, appropriate actions to be taken by drivers during traffic stops, and appropriate interactions with law-enforcement officers who initiate traffic stops, and (ii) in Planning District 8, for any student completing a driver education program beginning in academic year 2010-2011, an additional minimum 90-minute parent/student driver education component as part of the in-classroom portion of the driver education curriculum, requiring. The additional parent/student driver education component may be provided to students outside Planning District 8, at the discretion of each local school board.~~

2. ~~The parent/student driver education component shall be administered as part of the classroom portion of the driver education curriculum. In Planning District 8, the parent/student driver education component shall be administered in-person. Outside Planning District 8, the parent/student driver education component may be administered either in-person or online by a public school or driver training schools that are licensed as computer-based driver education providers. For students in Planning District 8 and those students in school divisions that offer the parent/student component, the participation of the student's parent or guardian shall be required, and emphasizing the program shall emphasize (i) parental responsibilities regarding juvenile driver behavior, (ii) juvenile driving restrictions pursuant to the Code of Virginia, and (iii) the dangers of driving while intoxicated and underage consumption of alcohol. Such instruction shall be developed by the Department in cooperation with the Virginia Alcohol Safety Action Program, the Department of Health, and the Department of Behavioral Health and Developmental Services, as appropriate. Nothing in this subdivision precludes any school division outside Planning District 8 from including a program of parental involvement as part of a driver education program in addition to or as an alternative to the minimum 90-minute parent/student driver education component.~~

~~Such~~ 3. Any driver education program shall require a minimum number of miles driven during the behind-the-wheel driver training.

B. The Board shall assist school divisions by preparation, publication and distribution of competent driver education instructional materials to ensure a more complete understanding of the responsibilities and duties of motor vehicle operators.

C. Each school board shall determine whether to offer the program of driver education in the safe operation of motor vehicles and, if offered, whether such program shall be an elective or a required course. In addition to the fee approved by the Board of Education pursuant to the appropriation act that allows local school boards to charge a per pupil fee for behind-the-wheel driver education, the Board of Education may authorize a local school board's request to assess a

surcharge in order to further recover program costs that exceed state funds distributed through basic aid to school divisions offering driver education programs. Each school board may waive the fee or the surcharge in total or in part for those students it determines cannot pay the fee or surcharge. Only school divisions complying with the standardized program and regulations established by the Board of Education and the provisions of § 46.2-335 shall be entitled to participate in the distribution of state funds appropriated for driver education.

School boards in Planning District 8 shall make the 90-minute parent/student driver education component available to all students and their parents or guardians who are in compliance with § 22.1-254.

D. The actual initial driving instruction shall be conducted, with motor vehicles equipped as may be required by regulation of the Board of Education, on private or public property removed from public highways if practicable; if impracticable, then, at the request of the school board, the Commissioner of Highways shall designate a suitable section of road near the school to be used for such instruction. Such section of road shall be marked with signs, which the Commissioner of Highways shall supply, giving notice of its use for driving instruction. Such signs shall be removed at the close of the instruction period. No vehicle other than those used for driver training shall be operated between such signs at a speed in excess of 25 miles per hour. Violation of this limit shall be a Class 4 misdemeanor.

E. The Board of Education may, in its discretion, promulgate regulations for the use and certification of paraprofessionals as teaching assistants in the driver education programs of school divisions.

F. The Board of Education shall approve correspondence courses for the classroom training component of driver education. These correspondence courses shall be consistent in quality with instructional programs developed by the Board for classroom training in the public schools. Students completing the correspondence courses for classroom training, who are eligible to take behind-the-wheel driver training, may receive behind-the-wheel driver training (i) from a public school, upon payment of the required fee, if the school division offers behind-the-wheel driver training and space is available, (ii) from a driver training school licensed by the Department of Motor Vehicles, or (iii) in the case of a home schooling parent or guardian instructing his own child who meets the requirements for home school instruction under § 22.1-254.1 or subdivision B 1 of § 22.1-254, from a behind-the-wheel training course approved by the Board. Nothing herein shall be construed to require any school division to provide behind-the-wheel driver training to nonpublic school students.

**§ 46.2-1702. Certification of driver education courses by Commissioner.**

Notwithstanding any other provision of law, the Commissioner shall have the authority to approve as a driver education course satisfying the requirements of § 46.2-334 any course which is offered by any driver training school licensed under the provisions of this chapter if he finds that the course is of comparable content and quality to that offered in the Commonwealth's public schools. In making such finding, the Commissioner shall not require that the instructors of any driver training school meet the certification requirements of teachers in the Commonwealth's public schools.

Any comprehensive community college within the Virginia Community College System shall have the authority to offer the courses required by the Virginia Board of Education to become a certified driver education instructor in Virginia on a not-for-credit basis so long as the courses include the same content and curriculum required by the Department of Education, enabling individuals who complete those courses to then teach driver's education in Virginia driver education training schools upon official certification by the Department of Motor Vehicles. The Virginia Department of Education shall provide the curriculum, content, and other information regarding the courses required to become certified driver education instructors in Virginia to any comprehensive community college within the Virginia Community College System. The content of each course must be accurate and rigorous and must meet the requirements for the Department of Education's Curriculum and Administrative Guide for Driver's Education, which includes the Board of Education's standards of learning.

Except for schools in the Commonwealth's public school system and providers of correspondence courses approved by the Board of Education pursuant to subsection F of § 22.1-205, only those driver training schools that are licensed as computer-based driver education providers shall be authorized to administer computer-based driver education courses, *including the parent/student driver education component of the driver education curriculum as established in § 22.1-205.* The content and quality of such computer-based driver education courses shall be comparable to that of courses offered in the Commonwealth's public schools. The Commissioner may establish minimum standards for testing students who have enrolled in computer-based driver education courses. Such standards may include (i) requirements for the test site; (ii) verification that the person taking the test is the person enrolled in the course; (iii) verification of the identity of the student using photo identification approved by the Commissioner; and (iv) maintenance of a log containing the name and title of the licensed instructor monitoring the test, the test date, the name of the student taking the test, and the student's time-in and time-out of the test site. Computer-based driver education providers shall not issue a certificate of completion to a student ~~in Planning District 8~~ prior to receiving proof of completion of the additional minimum 90-minute parent/student driver education component pursuant to § 22.1-205.

Any driver training school licensed under the provisions of this chapter shall be authorized to provide the 90-minute parent/student driver education component ~~in Planning District 8~~ *of the driver education curriculum pursuant to § 22.1-205. Only public schools and those driver training schools that are licensed as computer-based driver education providers shall be authorized to administer the parent/student driver education component of the driver education curriculum through a virtual, computer-based program.* Completion of such education component shall satisfy the requirement for the additional 90-minute parent/student driver education component ~~pursuant to § 22.1-205~~, so long as there is participation of the student's parent or guardian and the content provided is comparable to that which is offered in the Commonwealth's public

schools and emphasizes ~~(i)~~ (a) parental responsibilities regarding juvenile driver behavior, ~~(ii)~~ (b) juvenile driving restrictions pursuant to this Code, and ~~(iii)~~ (c) the dangers of driving while intoxicated and underage consumption of alcohol.

The Commissioner shall have authority to approve any driver education course offered by any Class A licensee if he finds the course meets the requirements for such courses as set forth in this chapter and as otherwise established by the Department. Class A licensees shall not be permitted to administer knowledge or behind-the-wheel examinations. Driver education courses offered by any Class B licensee shall be based on the driver education curriculum currently approved by the Department of Education and the Department.

The Commissioner may accept 20 years' service with the Virginia Department of State Police by a person who retired or resigned while in good standing from such Department in lieu of requirements established by the Department of Education for instructor qualification.

B. Each CMRS provider and each CMRS reseller shall collect a wireless E-911 surcharge from each of its customers whose place of primary use is within the Commonwealth. However, no surcharge shall be imposed on federal, state and local government agencies. A payment equal to all wireless E-911 surcharges shall be remitted within 30 days to the Department of Taxation. The Department of Taxation, after subtracting its direct costs of administration, shall deposit all remitted wireless E-911 surcharges into the state treasury. The Comptroller shall as soon as practicable deposit such moneys into the Fund. Each CMRS provider and CMRS reseller may retain an amount equal to three percent of the wireless E-911 surcharges collected to defray the costs of collecting the surcharges. State and local taxes shall not apply to any wireless E-911 surcharge collected from customers. Surcharges collected from customers shall be subject to the provisions of the federal Mobile Telecommunications Sourcing Act (4 U.S.C. § 116 et seq., as amended).

The CMRS provider and CMRS reseller shall collect the surcharge through regular periodic billing.

C. ~~Beginning July 1, 2012, 60~~ Sixty percent of the Wireless E-911 Fund shall be distributed on a monthly basis to the PSAPs according to each PSAP's average pro rata distribution from the Wireless E-911 Fund for fiscal years 2007-2012, taking into account any funding adjustments made pursuant to subsection E. On or before July 1, 2018, and every five years thereafter, the Department of Taxation shall recalculate the distribution percentage for each PSAP based on the ~~cost~~ population and call load data of the PSAP for the previous five fiscal years, which data shall continue to be received by the Board and then reported to the Department of Taxation. The distribution from the Wireless E-911 Fund shall be made on a monthly basis to the PSAPs according to such distribution percentage beginning July 1 of such fiscal year.

D. ~~Using 30 percent of the Wireless E-911 Fund, the Board shall provide payment to CMRS providers of wireless E-911 CMRS costs. For these purposes each CMRS provider shall submit to the Board on or before December 31 of each year an estimate of wireless E-911 CMRS costs it expects to incur during the next fiscal year of counties and municipalities in whose jurisdiction it operates. The Board shall review such estimates and advise each CMRS provider on or before the following March 1 whether its estimate qualifies for payment hereunder and whether the Wireless E-911 Fund is expected to be sufficient for such payment during said fiscal year. A CMRS provider with an approved estimate of costs shall submit~~

its request for payment of such costs no later than four months after the end of the fiscal year in which the cost was incurred. If the portion of the Fund designated for CMRS provider cost payments is insufficient to provide full payment to each CMRS provider for its costs, no unpaid cost shall be paid in the following fiscal year. The remaining 40 percent of the Fund and any remaining funds for the previous fiscal year from the 30 percent for CMRS providers shall be distributed to PSAPs or on behalf of PSAPs based on grant requests received by the Board each fiscal year. The Board shall establish criteria for receiving and making grants from the Fund, including procedures for determining the amount of a grant and payment schedule; however, the grants must be to the benefit of wireless E-911 priority shall be given to grants that support the deployment and sustainment of NG9-1-1. Any grant funding that has not been committed by the Board by the end of the fiscal year shall be distributed to the PSAPs based on the same distribution percentage used during the fiscal year in which the funding was collected; however, the If requested by an originating service provider, the Board shall execute a contract to reimburse that originating service provider for its costs incurred to deliver 9-1-1 calls to the ESInet points of interconnection. The Board shall ensure that cost is minimized while still achieving necessary 9-1-1 service and ESInet objectives. The Board may retain some or all of this uncommitted funding for an identified 9-1-1 funding need in the next fiscal year or for a reserve balance pursuant to a reserve balance policy adopted by the Board.

E. After the end of each fiscal year, on a schedule adopted by the Board, the Board shall audit the grant funding received by all recipients to ensure it was utilized in accordance with the grant requirements. For the fiscal year ending June 30, 2005, the Board shall determine whether qualifying payments to PSAP operators and CMRS providers during the preceding fiscal year exceeded or were less than the actual wireless E-911 PSAP costs or wireless E-911 CMRS costs of any PSAP operator or CMRS provider. Each funding recipient shall provide such verification of such costs as may be requested by the Board. Any overpayment shall be refunded to the Board or credited to payments during the then current then-current fiscal year, on such schedule as the Board shall determine. If payments are less than the actual costs reported, the Board may include the additional funding in the then current then-current fiscal year.

F. The Auditor of Public Accounts, or his legally authorized representatives, shall annually audit the Wireless E-911 Fund. The cost of such audit shall be borne by the Board and be payable from the Wireless E-911 Fund, as appropriate. The Board shall furnish copies of the audits to the Governor, the Public Safety Subcommittees of the Senate Committee on Finance and the House Committee on Appropriations, and the Virginia State Crime Commission.

G. The special tax authorized by § 58.1-1730 shall not be imposed on consumers of CMRS.

2. That §§ 56-484.12:1, 56-484.12:2, and 56-484.15 of the Code of Virginia are repealed.

For any office in which no person was elected by write-in votes, and for which the total number of write-in votes for that office is less than (i) ~~five~~ 10 percent of the total number of votes cast for that office and (ii) the total number of votes cast for the candidate receiving the most votes, the electoral board shall ascertain the total votes for each write-in candidate for the office within one week following the election. The abstracts shall be certified and signed by the electoral board, attested by the secretary, and retained by the electoral board as part of its records. A copy of each, certified under the official seal of the electoral board, shall immediately be mailed or delivered by hand to the State Board. Independent candidates shall be identified by the term "Independent." For the purpose of this section, any Independent candidate may, by producing sufficient and appropriate evidence of nomination by a "recognized political party" to the State Board, have the term "Independent" on the ballot converted to that of a "recognized political party" on the ballot and be treated on the ballot in a manner consistent with the candidates nominated by political parties. For the purpose of this section, a "recognized political party" is defined as an organization that, for at least six months preceding the filing of its nominee for the office, has had in continual existence a state central committee composed of registered voters residing in each congressional district of the Commonwealth, a party plan and bylaws, and a duly elected state chairman and secretary. The name of the political party, the name of the "recognized political party," or term "Independent" may be shown by an initial or abbreviation to meet ballot requirements.

C. Except as provided for primary elections, the State Board shall determine by lot the order of the political parties, and the names of all candidates for a particular office shall appear together in the order determined for their parties. For the purpose of this section, except as provided for presidential elections in § 24.2-614, "recognized political parties" shall be treated as a class; the order of the recognized political parties within the class shall be determined by lot by the State Board; and the class shall follow the political parties as defined by § 24.2-101 and precede the independent class. Independent candidates shall be treated as a class under "Independent", and their names shall be placed on the ballot after the political parties and recognized political parties. Where there is more than one independent candidate for an office, their names shall appear on the ballot in an order determined by the priority of time of filing ~~at~~ ~~required paperwork~~ for the office. In the event two or more candidates file simultaneously, the order of filing shall then be determined by lot by the electoral board as in the case of a tie vote for the office.

*For the purposes of this subsection, "time of filing for the office" means the time at which an independent candidate has filed his petition signature pages with a number of signatures at least equal to the number required for the office pursuant to § 24.2-506. In the case of an office for which no petition is required, "time of filing for the office" means the time at which the candidate has filed his completed statement of qualification pursuant to § 24.2-501.*

No individual's name shall appear on the ballot more than once for the same office.

For any office to which only one candidate can be elected, the following language shall be used: "Vote for only one." For any office to which more than one candidate can be elected, the following language shall be used: "Vote for not more than."

Such reproductions shall be printed and otherwise handled in accordance with all laws and procedures that apply to official paper ballots.

In every county and city using voting systems requiring printed ballots, the electoral board shall furnish a sufficient number of ballots printed on plain white paper, of such form and size as will fit in the ballot frames.

*An Act to amend and reenact § 2.2-4310 of the Code of Virginia, relating to the Virginia Public Procurement Act; participation of service disabled veteran-owned business.*

[S 386]

Approved March 29, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That § 2.2-4310 of the Code of Virginia is amended and reenacted as follows:**

**§ 2.2-4310. Discrimination prohibited; participation of small, women-owned, minority-owned, and service disabled veteran-owned businesses and employment services organizations.**

A. In the solicitation or awarding of contracts, no public body shall discriminate against a bidder or offeror because of race, religion, color, sex, national origin, age, disability, status as a service disabled veteran, or any other basis prohibited by state law relating to discrimination in employment. Whenever solicitations are made, each public body shall include businesses selected from a list made available by the Department of Small Business and Supplier Diversity, which list shall include all companies and organizations certified by the Department.

B. All public bodies shall establish programs consistent with this chapter to facilitate the participation of small businesses, businesses owned by women, minorities, and service disabled veterans, and employment services organizations in procurement transactions. The programs established shall be in writing and shall comply with the provisions of any enhancement or remedial measures authorized by the Governor pursuant to subsection C or, where applicable, by the chief executive of a local governing body pursuant to § 15.2-965.1, and shall include specific plans to achieve any goals established therein. State agencies shall submit annual progress reports on (i) small, women-owned, and minority-owned business procurement, (ii) service disabled veteran-owned business procurement, and (iii) employment services organization procurement to the Department of Small Business and Supplier Diversity in a form specified by the Department of Small Business and Supplier Diversity. Contracts and subcontracts awarded to employment services organizations *and service disabled veteran-owned businesses* shall be credited toward the small business, women-owned, and minority-owned business contracting and subcontracting goals of state agencies and contractors. The Department of Small Business and Supplier Diversity shall make information on service disabled veteran-owned procurement available to the Department of Veterans Services upon request.

C. Whenever there exists (i) a rational basis for small business or employment services organization enhancement or (ii) a persuasive analysis that documents a statistically significant disparity between the availability and utilization of women-owned and minority-owned businesses, the Governor is authorized and encouraged to require state agencies to implement appropriate enhancement or remedial measures consistent with prevailing law. Any enhancement or remedial measure authorized by the Governor pursuant to this subsection for state public bodies may allow for small businesses certified by the Department of Small Business and Supplier Diversity or a subcategory of small businesses established as a part of the enhancement program to have a price preference over noncertified businesses competing for the same contract award on designated procurements, provided that the bid of the certified small business or the business in such subcategory of small businesses established as a part of an enhancement program does not exceed the low bid by more than five percent.

D. In awarding a contract for services to a small, women-owned, or minority-owned business that is certified in accordance with § 2.2-1606, or to a business identified by a public body as a service disabled veteran-owned business where the award is being made pursuant to an enhancement or remedial program as provided in subsection C, the public body shall include in every such contract of more than \$10,000 the following:

"If the contractor intends to subcontract work as part of its performance under this contract, the contractor shall include in the proposal a plan to subcontract to small, women-owned, minority-owned, and service disabled veteran-owned businesses."

E. In the solicitation or awarding of contracts, no state agency, department or institution shall discriminate against a bidder or offeror because the bidder or offeror employs ex-offenders unless the state agency, department or institution has made a written determination that employing ex-offenders on the specific contract is not in its best interest.

If a sample has been previously taken from the person as indicated by the Local Inmate Data System (LIDS), no additional sample shall be taken. The Department of Forensic Science shall provide to LIDS the most current information submitted to the DNA data bank on a weekly basis and shall remove from LIDS and the data bank persons no longer eligible to be in the data bank. A fee of \$53 shall be charged for the withdrawal of this sample. The fee shall be taxed as part of the costs of the criminal case resulting in the conviction and \$15 of the fee shall be paid into the general fund of the locality where the sample was taken and \$38 of the fee shall be paid into the general fund of the state treasury. This fee shall only be taxed one time regardless of the number of samples taken. The assessment provided for herein shall be in addition to any other fees prescribed by law. The analysis shall be performed by the Department of Forensic Science or other entity designated by the Department. The identification characteristics of the profile resulting from the DNA analysis shall be stored and maintained by the Department in a DNA data bank and shall be made available only as provided in § 19.2-310.5.

D. A collection or placement of a sample for DNA analysis that was taken or retained in good faith does not invalidate the sample's use in the data bank pursuant to the provisions of this article. The detention, arrest, or conviction of a person based upon a data bank match or data bank information is not invalidated if it is determined that the sample was obtained, placed, or retained in the data bank in good faith, or if the conviction or juvenile adjudication that resulted in the collection of the DNA sample was subsequently vacated or otherwise altered in any future proceeding, including but not limited to post-trial or post-fact-finding motions, appeals, or collateral attacks.

E. The Virginia Department of Corrections and the Department of Forensic Science shall, on a quarterly basis, compare databases of offenders under the custody or supervision of the Department of Corrections with the DNA data bank of the Department of Forensic Science. The Virginia Department of Corrections shall require a DNA sample of those offenders under its custody or supervision if they are not identified in the DNA data bank.

F. The Department of State Police shall verify that a DNA sample required to be taken for the Sex Offender and Crimes Against Minors Registry pursuant to § 9.1-903 has been received by the Department of Forensic Science. Each community-based probation services agency established pursuant to § 9.1-174 shall determine by reviewing the Local Inmate Data System upon intake and again prior to discharge whether a blood, saliva, or tissue sample has been taken for DNA analysis for each offender required to submit a sample pursuant to this section and, if no sample has been taken, require an offender to submit a sample for DNA analysis.

H. The sheriff or regional jailer shall determine by reviewing the Local Inmate Data System upon intake and again prior to release whether a blood, saliva, or tissue sample has been taken for DNA analysis for each offender required to

Such ordinance may apply to road improvements constructed after July 1, 1988, in Fairfax County; in Arlington County, Loudoun County, and Prince William County, in any town located within such counties, in Bedford County, Pittsylvania County, Spotsylvania County, and Stafford County, or in the Cities of Alexandria, *Chesapeake*, Fairfax, Falls Church, Hampton, Manassas, ~~and~~ Manassas Park, *and Portsmouth*, such ordinance may only apply to road improvements constructed after the effective date of such ordinance.

Such provisions shall provide for the adoption of a pro rata reimbursement plan which shall include reasonable standards to identify the area having related traffic needs, to determine the total estimated or actual cost of road improvements required to adequately serve the area when fully developed in accordance with the comprehensive plan or as required by proffered conditions, and to determine the proportionate share of such costs to be reimbursed by each subsequent subdivider or developer within the area, with interest (i) at the legal rate or (ii) at an inflation rate prescribed by a generally accepted index of road construction costs, whichever is less.

For any subdivision ordinance adopted pursuant to provision 5 of this section after February 1, 1993, no such payment shall be assessed or imposed upon a subsequent developer or subdivider if (i) prior to the adoption of a pro rata reimbursement plan the subsequent subdivider or developer has proffered conditions pursuant to § 15.2-2303 for offsite road improvements and such proffered conditions have been accepted by the locality, (ii) the locality has assessed or imposed an impact fee on the subsequent development or subdivision pursuant to Article 8 (§ 15.2-2317 et seq.) of Chapter 22, or (iii) the subsequent subdivider or developer has received final site plan, subdivision plan, or plan of development approval from the locality prior to the adoption of a pro rata reimbursement plan for the area having related traffic needs.

The amount of the costs to be reimbursed by a subsequent developer or subdivider shall be determined before or at the time the site plan or subdivision is approved. The ordinance shall specify that such costs are to be collected at the time of the issuance of a temporary or final certificate of occupancy or functional use and occupancy within the development, whichever shall come first. The ordinance also may provide that the required reimbursement may be paid (i) in lump sum, (ii) by agreement of the parties on installment at a reasonable rate of interest or rate of inflation, whichever is less, for a fixed number of years, or (iii) on such terms as otherwise agreed to by the initial and subsequent subdividers and developers.

Such ordinance provisions may provide that no certificate of occupancy shall be issued to a subsequent developer or subdivider until (i) the initial developer certifies to the locality that the subsequent developer has made the required reimbursement directly to him as provided above or (ii) the subsequent developer has deposited the reimbursement amount with the locality for transfer forthwith to the initial developer.

If such town fails to locate such owner or developer after making a reasonable attempt to do so, the town may proceed as if such consent had been granted. In addition, the escrowed funds to be used for such other improvement may only come from an escrow that does not exceed a principal amount of \$30,000 plus any accrued interest and shall have been escrowed for at least five years.

Nothing in this paragraph shall alter in any way any authority of localities or the Department of Transportation to require sidewalks on any newly constructed street or highway.

10. Provisions for requiring and considering Phase I environmental site assessments based on the anticipated use of the property proposed for the subdivision or development that meet generally accepted national standards for such assessments, such as those developed by the American Society for Testing and Materials, and Phase II environmental site assessments, that also meet accepted national standards, such as, but not limited to, those developed by the American Society for Testing and Materials, if the locality deems such to be reasonably necessary, based on findings in the Phase I assessment, and in accordance with regulations of the United States Environmental Protection Agency and the American Society for Testing and Materials. A reasonable fee may be charged for the review of such environmental assessments. Such fees shall not exceed an amount commensurate with the services rendered, taking into consideration the time, skill, and administrative expense involved in such review.

## CHAPTER 552

*An Act to amend and reenact § 62.1-44.16 of the Code of Virginia, relating to discharge of industrial wastes; notice of application.*

[H 1206]

Approved March 30, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That § 62.1-44.16 of the Code of Virginia is amended and reenacted as follows:**

**§ 62.1-44.16. Industrial wastes.**

A. Any owner who erects, constructs, opens, reopens, expands, or employs new processes in or operates any establishment from which there is a potential or actual discharge of industrial wastes or other wastes to state waters shall first provide facilities approved by the Board for the treatment or control of such industrial wastes or other wastes.

Application for such discharge shall be made to the Board and shall be accompanied by pertinent plans, specifications, maps, and such other relevant information as may be required, in scope and details satisfactory to the Board.

1. Public notice of every such application shall be given by notice published once a week for two successive weeks in a newspaper of general circulation in the county or city where the certificate is applied for or by such other means as the Board may prescribe. *However, to the extent authorized by federal law and if the permit applicant so chooses, an abbreviated public notice shall be published in such newspaper listing the name of the permitted facility, the type of discharge, and a link to the Department's website with such public notice.*

2. The Board shall review the application and the information that accompanies it as soon as practicable and making a ruling within a period of four months from the date the application is filed with the Board approving or disapproving the application and stating the grounds for conditional approval or disapproval. If the application is approved, the Board shall grant a certificate for the discharge of the industrial wastes or other wastes into state waters or for the other alteration of the physical, chemical, or biological properties of state waters, as the case may be. If the application is disapproved, the Board shall notify the owner as to what measures, if any, the owner may take to secure approval.

B. Any owner operating under a valid certificate issued by the Board who fails to meet water quality standards established by the Board solely as a result of a change in water quality standards or in the law shall provide the necessary facilities approved by the Board within a reasonable time to meet such new requirements; provided, however, that such facilities shall be reasonable and practicable of attainment giving consideration to the public interest and the equities of the case. The Board may amend such certificate, or revoke it and issue a new one to reflect such facilities after proper hearing, with at least thirty days' notice to the owner of the time, place, and purpose thereof. If such revocation or amendment of a certificate is mutually agreeable to the Board and the owner involved, the hearing and notice may be dispensed with.

C. The Board shall revoke the certificate in case of a failure to comply with all such requirements and may issue a special order under subdivisions (8a), (8b), and (8c) of § 62.1-44.15 (8).

D. Any locality may adopt an ordinance that provides for the testing and monitoring of the land application of solid or semisolid industrial wastes within its political boundaries to ensure compliance with applicable laws and regulations.

E. The Board shall adopt regulations requiring the payment of a fee for the land application of solid or semisolid industrial wastes, pursuant to permits issued under this section, in localities that have adopted ordinances in accordance with subsection D. The person land applying industrial wastes shall (i) provide advance notice of the estimated fee to the generator of the industrial wastes unless notification is waived, (ii) collect the fee from the generator, and (iii) remit the fee to the Department of Environmental Quality as provided by regulation. The fee shall be imposed on each dry ton of solid or semisolid industrial wastes that is land applied in a locality in accordance with the regulations adopted by the Board. The regulations shall include requirements and procedures for:

The Department, in consultation with the Department of Health, the Department of Conservation and Recreation, the Department of Agriculture and Consumer Services, and the Virginia Cooperative Extension Service, shall establish and implement a program to train persons employed by those local governments that have adopted ordinances, pursuant to this section, to test and monitor the land application of industrial wastes. The program shall include, at a minimum, instruction in (i) the provisions of the Virginia Pollution Abatement Permit Regulation; (ii) land application methods and equipment, including methods and processes for preparation and stabilization of industrial wastes that are land applied; (iii) sampling and chain of custody control; (iv) preparation and implementation of nutrient management plans for land application sites; (v) complaint response and preparation of complaint and inspection reports; (vi) enforcement authority and procedures; (vii) interaction and communication with the public; and (viii) preparation of applications for reimbursement of local monitoring costs disbursed pursuant to subsection G of § 62.1-44.19:3. To the extent feasible, the program shall emphasize in-field instruction and practical training. Persons employed by local governments shall successfully complete such training before the local government may request reimbursement from the Board for testing and monitoring of land application of solid or semisolid industrial wastes performed by the person. The completion of training shall not be a prerequisite to the exercise of authority granted to local governments by any applicable provision of law.

The Department may:

1. Charge attendees a reasonable fee to recover the actual costs of preparing course materials and providing facilities and instructors for the program. The fee shall be reimbursable from the Fund established pursuant to subsection G of § 62.1-44.19:3; and
2. Request and accept the assistance and participation of other state agencies and institutions in preparing and presenting the course of training established by this subsection.

**2. That the adoption of amendments to the State Water Control Board regulations necessary to implement the provisions of this act shall be exempt from Article 2 (§ 2.2-4006 et seq. of the Code of Virginia) of the Administrative Process Act if the Department of Environmental Quality accepts public comment on the proposed amendments for at least 60 days and provides a summary of the public comments to the Board prior to Board action on the amendments.**

2. An automatic-loading or hand-operated repeating shotgun capable of holding not more than three shells the magazine of which has been cut off or plugged with a one-piece filler incapable of removal through the loading end, so as to reduce the capacity of the gun to not more than three shells at one time in the magazine and chamber combined, unless otherwise allowed by Board regulations;
3. A rifle, a muzzleloading rifle, or an air rifle;
4. A bow and arrow;
5. [Expired.]

B. A pistol, muzzleloading pistol, or revolver may be used to hunt nuisance species of birds and animals.

C. In the counties west of the Blue Ridge Mountains, and counties east of the Blue Ridge where rifles of a caliber larger than .22 caliber may be used for hunting wild birds and animals, game birds and animals may be hunted with pistols or revolvers firing cartridges rated in manufacturers' tables at 350 foot pounds of energy or greater and under the same restrictions and conditions as apply to rifles, provided that no cartridge shall be used with a bullet of less than .23 caliber. **§ 29.1-521. Unlawful to hunt, trap, possess, sell, or transport wild birds and wild animals except as permitted; exception; penalty.**

A. The following shall be unlawful:

1. To hunt or kill any wild bird or wild animal, including any nuisance species, with a gun, firearm, or other weapon, or to hunt or kill any deer or bear with a gun, firearm, or other weapon with the aid or assistance of dogs, on Sunday. The provision of this subdivision that prohibits the hunting or killing of any wild bird or wild animal, including nuisance species, on Sunday shall not apply to (i) any person who hunts or kills raccoons, which may be hunted until 2:00 a.m. on Sunday mornings; (ii) any person who hunts or kills birds in the family Rallidae or waterfowl, subject to geographical limitations established by the Director and except within 200 yards of a place of worship or any accessory structure thereof; or (iii) any landowner or member of his family or any person with written permission from the landowner who hunts or kills any wild bird or wild animal, including any nuisance species, on the landowner's property, except within 200 yards of a place of worship or any accessory structure thereof. However, a person lawfully carrying a gun, firearm, or other weapon on Sunday in an area that could be used for hunting shall not be presumed to be hunting on Sunday, absent evidence to the contrary.

2. To destroy or molest the nest, eggs, dens, or young of any wild bird or wild animal, except nuisance species, at any time without a permit as required by law.

3. To hunt or attempt to kill or trap any species of wild bird or wild animal after having obtained the daily bag or season limit during such day or season. However, any properly licensed person, or a person exempt from having to obtain a license, who has obtained such daily bag or season limit while hunting may assist others who are hunting game by calling game, retrieving game, handling dogs, or conducting drives if the weapon in his possession is an unloaded firearm, a bow without a nocked arrow, an unloaded slingbow, *an unloaded arrowgun*, or an unloaded crossbow. Any properly licensed person, or person exempt from having to obtain a license, who has obtained such season limit prior to commencement of the hunt may assist others who are hunting game by calling game, retrieving game, handling dogs, or conducting drives, provided he does not have a firearm, bow, slingbow, *arrowgun*, or crossbow in his possession.

4. To knowingly occupy any baited blind or other baited place for the purpose of taking or attempting to take any wild bird or wild animal or to put out bait or salt for any wild bird or wild animal for the purpose of taking or killing it. There shall be a rebuttable presumption that a person charged with violating this subdivision knows that he is occupying a baited blind or other baited place for the purpose of taking or attempting to take any wild bird or wild animal. However, this shall

not apply to baiting nuisance species of animals and birds, or to baiting traps for the purpose of taking fur-bearing animals that may be lawfully trapped.

8. To set a trap where it would be likely to injure persons, dogs, stock, or fowl.

9. To fail to visit all traps once each day and remove all animals caught, and immediately report to the landowner as to stock, dogs, or fowl that are caught and the date. However, the Director or his designee may authorize employees of federal, state, and local government agencies, and persons holding a valid Commercial Nuisance Animal Permit issued by the Department, to visit body-gripping traps that are completely submerged at least once every 72 hours, and the Board may adopt regulations permitting trappers to visit traps less frequently under specified conditions. The Board shall adopt regulations permitting trappers to use remote trap-checking technology to check traps under specified conditions.

10. To hunt, trap, take, capture, kill, attempt to take, capture, or kill, possess, deliver for transportation, transport, cause to be transported, by any means whatever, receive for transportation or export, or import, at any time or in any manner, any wild bird or wild animal or the carcass or any part thereof, except as specifically permitted by law and only by the manner or means and within the numbers stated. However, the provisions of this section shall not be construed to prohibit the (i) use or transportation of legally taken turkey carcasses, or portions thereof, for the purposes of making or selling turkey callers; (ii) the manufacture or sale of implements, including tools or utensils made from legally harvested deer skeletal parts, including antlers; (iii) the possession of shed antlers; or (iv) the possession, manufacture, or sale of other parts or implements authorized by regulations adopted by the Board.

11. To offer for sale, sell, offer to purchase, or purchase, at any time or in any manner, any wild bird or wild animal or the carcass or any part thereof, except as specifically permitted by law, including subsection D of § 29.1-553. However, any nonprofit organization exempt from taxation under § 501(c)(3) of the Internal Revenue Code that is (i) organized to provide wild game as food to the hungry and (ii) authorized by the Department to possess, transport, and distribute donated or unclaimed meat to the hungry may pay a processing fee in order to obtain such meat. Such fee shall not exceed the actual cost for processing the meat. In addition, any nonprofit organization exempt from taxation under § 501(c)(3) of the Internal Revenue Code that is (a) organized to support wildlife habitat conservation and (b) approved by the Department shall be allowed to offer wildlife mounts that have undergone the taxidermy process for sale in conjunction with fundraising activities. A violation of this subdivision shall be punishable as provided in § 29.1-553.

B. Notwithstanding any other provision of this article, any American Indian who produces verification that he is an enrolled member of a tribe recognized by the Commonwealth, another state, or the U.S. government, may possess, offer for sale, or sell to another American Indian, or offer to purchase or purchase from another American Indian, parts of legally obtained fur-bearing animals, nonmigratory game birds, and game animals, except bear. Such legally obtained parts shall include antlers, hooves, feathers, claws, and bones.

"Verification" as used in this section shall include (i) display of a valid tribal identification card, (ii) confirmation through a central tribal registry, (iii) a letter from a tribal chief or council, or (iv) certification from a tribal office that the person is an enrolled member of the tribe.

C. Notwithstanding any other provision of this chapter, the Department may authorize the use of snake exclusion devices by public utilities at their transmission or distribution facilities and the incidental taking of snakes resulting from the use of such devices.

D. A violation of subdivisions A 1 through 10 shall be punishable as a Class 3 misdemeanor.

**§ 29.1-521.2. Violation of § 18.2-286 while hunting; revocation of license and privileges.**

A. Any firearm, crossbow, slingbow, *arrowgun*, or bow and arrow used by any person to hunt any game bird or game animal in a manner which violates § 18.2-286 may, upon conviction of such person violating § 18.2-286, be forfeited to the Commonwealth by order of the court trying the case. The forfeiture shall be enforced as provided in Chapter 22.1 (§ 19.2-386.1 et seq.) of Title 19.2. The officer or other person seizing the property shall immediately give notice to the attorney for the Commonwealth.

B. The court may revoke the current hunting license and privileges of a person hunting any game bird or game animal in a manner that constitutes a violation of § 18.2-286. The court may prohibit that person from hunting for a period of one to five years. If found hunting during this prohibited period, the person shall be guilty of a Class 2 misdemeanor. Notification of such revocation or prohibition shall be forwarded to the Department pursuant to subsection C of § 18.2-56.1.

**§ 29.1-524. Forfeiture of vehicles and weapons used for killing or attempt to kill.**

Every vehicle, firearm, crossbow, slingbow, *arrowgun*, bow and arrow, or speargun used with the knowledge or consent of the owner or lienholder thereof, in killing or attempting to kill deer between a half hour after sunset and a half hour before sunrise in violation of § 29.1-523, and every vehicle used in the transportation of the carcass, or any part thereof, of a deer so killed shall be forfeited to the Commonwealth. Upon being condemned as forfeited in proceedings under Chapter 22.1 (§ 19.2-386.1 et seq.) of Title 19.2, the proceeds of sale shall be disposed of according to law.

Any person in any vehicle and then in possession of any firearm, crossbow, slingbow, *arrowgun*, bow and arrow, or speargun who employs a light attached to the vehicle or a spotlight or flashlight to cast a light beyond the water or surface of the roadway upon any place used by deer shall be guilty of a Class 2 misdemeanor. Every person in or on any such vehicle shall be deemed prima facie a principal in the second degree and subject to the same punishment as a principal in the first degree. This subsection shall not apply to a landowner in possession of a weapon when he is on his own land and is making a bona fide effort to protect his property from damage by deer and not for the purpose of killing deer unless the landowner is in possession of a permit to do so pursuant to the provisions of § 29.1-529.

B. Any person in any motor vehicle who deliberately employs a light attached to such vehicle or a spotlight or flashlight to cast a light beyond the surface of the roadway upon any place used by deer, except upon his own land or upon land on which he has an easement or permission for such purpose, shall be guilty of a Class 4 misdemeanor. Every person in or on any such vehicle shall be deemed prima facie a principal in the second degree and subject to the same punishment as a principal in the first degree.

C. The provisions of subsections A and B shall not apply to activities conducted by a locality pursuant to a permit or written authorization issued by the Department.

D. In addition to the penalties prescribed in subsection A, the court shall revoke the current hunting license and privileges of the person convicted of a violation of subsection A and prohibit the person from hunting for a period of one to five years. In addition to the penalties prescribed in subsection B, the court may revoke the current hunting license and privileges of the person convicted of a violation of subsection B and prohibit that person from hunting for one to five years. **Be it enacted by the General Assembly of Virginia:****1. That § 58.1-513 of the Code of Virginia is amended and reenacted as follows:****§ 58.1-513. Limitations; transfer of credit; gain or loss from tax credit.**

A. Any taxpayer claiming a tax credit under this article shall not claim a credit under any similar Virginia law for costs related to the same project. To the extent a credit is taken in accordance with this article, no subtraction allowed for the gain on the sale of (i) land dedicated to open-space use or (ii) an easement dedicated to open-space use under subdivision 14 of § 58.1-322.02 shall be allowed for three years following the year in which the credit is taken. Any building which serves as the basis, in whole or in part, of a tax credit under this article shall not serve as the basis of the tax credit allowed under § 58.1-339.2 for a period of five years following the donation on which the credit is based; and any building which serves as the basis for the tax credit allowed under § 58.1-339.2 shall not serve as the basis, in whole or in part, for a tax credit under this article for a period of five years following the completion of the rehabilitation project on which the credit is based.

B. Any tax credits that arise under this article from the donation of land or an interest in land made by a pass-through tax entity such as a trust, estate, partnership, limited liability company or partnership, limited partnership, subchapter S corporation or other fiduciary shall be used either by such entity if it is the taxpayer on behalf of such entity or by the member, manager, partner, shareholder or beneficiary, as the case may be, in proportion to their interest in such entity in the event that income, deductions and tax liability pass through such entity to such member, manager, partner, shareholder or beneficiary or as set forth in the agreement of said entity. Such tax credits shall not be claimed by both the entity and the member, manager, partner, shareholder or beneficiary for the same donation.

C. 1. Any taxpayer holding a credit under this article may transfer unused but otherwise allowable credit for use by another taxpayer on Virginia income tax returns. A taxpayer who transfers any amount of credit under this article shall file a notification of such transfer to the Department in accordance with procedures and forms prescribed by the Tax Commissioner.

2. The two percent fee shall not apply to a distribution of credits to a nonresident owner of a pass-through entity when such credits are applied by the pass-through entity to the withholding tax pursuant to subdivision B 2 of § 58.1-486.2. Revenues generated by such fees first shall be used by the Department of Taxation and the Department of Conservation and Recreation for their costs in implementing this article but in no event shall such amount exceed 50 percent of the total revenue generated by the fee on an annual basis. The remainder of such revenues shall be transferred to the Virginia Land Conservation Fund for distribution to the public or private conservation agencies or organizations, excluding federal governmental entities, that are responsible for enforcing the conservation and preservation purposes of the donated interests. Distribution of such revenues shall be made annually by the Virginia Land Conservation Foundation proportionally based on a three-year average of the number of donated interests accepted by the public or private conservation agencies or organizations, excluding federal governmental entities, during the immediately preceding three-year period.

3. *If the individual taxpayer who originally earned the tax credit holds unused credit under this article, he may provide through a will, bequest, or other instrument of transfer that, upon his death, his unused credit shall be transferred to a designated beneficiary. If such taxpayer dies without a will, his unused credit shall be transferred to the next person who is eligible to receive according to the rules of intestate succession as described in § 64.2-200; however, if two or more persons are eligible to receive according to such rules, the administrator of the taxpayer's estate shall choose one such person to whom to transfer such taxpayer's unused credit. The two percent fee described in subdivision 2 shall not apply to a transfer of unused credits pursuant to this subdivision. The carryover period for such transferred credits shall not be extended;*

The Tax Commissioner shall be entitled to deal with the tax matters representative as representative of the taxpayers to whom credits have been allocated or transferred by the entity under this article with respect to those credits. In the event a pass-through tax entity allocates or transfers tax credits arising under this article to its partners, members or shareholders and the allocated or transferred credits shall be disallowed, in whole or in part, such that an assessment of additional tax against a taxpayer shall be made, the Tax Commissioner shall first make written demand for payment of any additional tax, together with interest and penalties, from the tax matters representative. In the event such payment demand is not satisfied, the Tax Commissioner shall proceed to collection against the taxpayers in accordance with the provisions of Chapter 18 (§ 58.1-1800 et seq.).

**2. That the provisions of subdivision C 3 of § 58.1-513 of the Code of Virginia, as amended by this act, shall apply to transfers of unused credits upon the death of a taxpayer occurring on and after July 1, 2018, regardless of when such unused credits were earned.**

*An Act to amend and reenact §§ 16.1-340 and 37.2-808 of the Code of Virginia, relating to emergency custody orders; extension.*

[S 673]

Approved March 30, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 16.1-340 and 37.2-808 of the Code of Virginia are amended and reenacted as follows:**

**§ 16.1-340. Emergency custody; issuance and execution of order.**

A. Any magistrate shall issue, upon the sworn petition of a minor's treating physician or parent or, if the parent is not available or is unable or unwilling to file a petition, by any responsible adult, including the person having custody over a minor in detention or shelter care pursuant to an order of a juvenile and domestic relations district court, or upon his own motion, an emergency custody order when he has probable cause to believe that (i) because of mental illness, the minor (a) presents a serious danger to himself or others to the extent that severe or irreparable injury is likely to result, as evidenced by recent acts or threats, or (b) is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusory thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control; and (ii) the minor is in need of compulsory treatment for a mental illness and is reasonably likely to benefit from the proposed treatment. Any emergency custody order entered pursuant to this section shall provide for the disclosure of medical records pursuant to subsection B of § 16.1-337. This subsection shall not preclude any other disclosures as required or permitted by law. To the extent possible, the petition shall contain the information required by § 16.1-339.1.

When considering whether there is probable cause to issue an emergency custody order, the magistrate may, in addition to the petition, consider (1) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (2) any past actions of the minor, (3) any past mental health treatment of the minor, (4) any relevant hearsay evidence, (5) any medical records available, (6) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (7) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue an emergency custody order.

B. Any minor for whom an emergency custody order is issued shall be taken into custody and transported to a convenient location to be evaluated to determine whether he meets the criteria for temporary detention pursuant to § 16.1-340.1 and to assess the need for hospitalization or treatment. The evaluation shall be made by a person designated by the community services board serving the area in which the minor is located who is skilled in the diagnosis and treatment of mental illness and who has completed a certification program approved by the Department.

C. The magistrate issuing an emergency custody order shall specify the primary law-enforcement agency and jurisdiction to execute the emergency custody order and provide transportation. However, the magistrate may authorize transportation by an alternative transportation provider, including a parent, family member, or friend of the minor who is the subject of the order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner, upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the minor's treating physician, if any; or other persons who are available and have knowledge of the minor, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified primary law-enforcement agency to execute the order, to take the minor into custody, and to transfer custody of the minor to the alternative transportation provider identified in the order. In such cases, a copy of the emergency custody order shall accompany the minor being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the community services board or its designee responsible for conducting the evaluation. The community services board or its designee conducting the evaluation shall return a copy of the emergency custody order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

Transportation under this section shall include transportation to a medical facility as may be necessary to obtain emergency medical evaluation or treatment that shall be conducted immediately in accordance with state and federal law. Transportation under this section shall include transportation to a medical facility for a medical evaluation if a physician at the hospital in which the minor subject to the emergency custody order may be detained requires a medical evaluation prior to admission.

D. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall order the primary law-enforcement agency from the jurisdiction served by the community services board that designated the person to perform the evaluation required in subsection B to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. If the community services board serves more than one jurisdiction, the magistrate shall designate the primary law-enforcement agency from the particular jurisdiction within the community services board's service area where the minor who is the subject of the emergency custody order was taken into custody or, if the minor has not yet been taken into custody, the primary law-enforcement agency from the jurisdiction where the minor is presently located to execute the order and provide transportation.

E. The law-enforcement agency or alternative transportation provider providing transportation pursuant to this section may transfer custody of the minor to the facility or location to which the minor is transported for the evaluation required in subsection B, G, or H if the facility or location (i) is licensed to provide the level of security necessary to protect both the minor and others from harm, (ii) is actually capable of providing the level of security necessary to protect the minor and others from harm, and (iii) in cases in which transportation is provided by a law-enforcement agency, has entered into an agreement or memorandum of understanding with the law-enforcement agency setting forth the terms and conditions under which it will accept a transfer of custody, provided, however, that the facility or location may not require the law-enforcement agency to pay any fees or costs for the transfer of custody.

F. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing an emergency custody order pursuant to this section.

G. A law-enforcement officer who, based upon his observation or the reliable reports of others, has probable cause to believe that a minor meets the criteria for emergency custody as stated in this section may take that minor into custody and transport that minor to an appropriate location to assess the need for hospitalization or treatment without prior authorization. A law-enforcement officer who takes a person into custody pursuant to this subsection or subsection H may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of obtaining the assessment. Such evaluation shall be conducted immediately. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the minor into custody.

H. A law-enforcement officer who is transporting a minor who has voluntarily consented to be transported to a facility for the purpose of assessment or evaluation and who is beyond the territorial limits of the county, city, or town in which he serves may take such minor into custody and transport him to an appropriate location to assess the need for hospitalization or treatment without prior authorization when the law-enforcement officer determines (i) that the minor has revoked consent to be transported to a facility for the purpose of assessment or evaluation and (ii) based upon his observations, that probable cause exists to believe that the minor meets the criteria for emergency custody as stated in this section. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the minor into custody.

I. A representative of the primary law-enforcement agency specified to execute an emergency custody order or a representative of the law-enforcement agency employing a law-enforcement officer who takes a person into custody pursuant to subsection G or H shall notify the community services board responsible for conducting the evaluation required in subsection B, G, or H as soon as practicable after execution of the emergency custody order or after the person has been taken into custody pursuant to subsection G or H.

J. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a minor in his custody as provided in this section.

K. The minor shall remain in custody until a temporary detention order is issued, until the minor is released, or until the emergency custody order expires. An emergency custody order shall be valid for a period not to exceed eight hours from the time of execution.

L. If an emergency custody order is not executed within eight hours of its issuance, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if such office is not open, to any magistrate serving the jurisdiction of the issuing court.

M. ~~Expired.~~ *In addition to the eight-hour period of emergency custody set forth in subsection G, H, or K, if the minor is detained in a state facility pursuant to subsection D of § 16.1-340.1, the state facility and an employee or designee of the community services board may, for an additional four hours, continue to attempt to identify an alternative facility that is able and willing to provide temporary detention and appropriate care to the minor.*

N. Payments shall be made pursuant to § 37.2-804 to licensed health care providers for medical screening and assessment services provided to minors with mental illnesses while in emergency custody.

O. No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.

**§ 37.2-808. Emergency custody; issuance and execution of order.**

A. Any magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion, an emergency custody order when he has probable cause to believe that any person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, (ii) is in need of hospitalization or treatment, and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. Any emergency custody order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

When considering whether there is probable cause to issue an emergency custody order, the magistrate may, in addition to the petition, consider (1) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (2) any past actions of the person, (3) any past mental health treatment of the person, (4) any relevant hearsay evidence, (5) any medical records available, (6) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (7) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue an emergency custody order.

B. Any person for whom an emergency custody order is issued shall be taken into custody and transported to a convenient location to be evaluated to determine whether the person meets the criteria for temporary detention pursuant to § 37.2-809 and to assess the need for hospitalization or treatment. The evaluation shall be made by a person designated by the community services board who is skilled in the diagnosis and treatment of mental illness and who has completed a certification program approved by the Department.

C. The magistrate issuing an emergency custody order shall specify the primary law-enforcement agency and jurisdiction to execute the emergency custody order and provide transportation. However, the magistrate shall consider any request to authorize transportation by an alternative transportation provider in accordance with this section, whenever an alternative transportation provider is identified to the magistrate, which may be a person, facility, or agency, including a family member or friend of the person who is the subject of the order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner, upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the person's treating physician, if any; or other persons who are available and have knowledge of the person, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified primary law-enforcement agency to execute the order, to take the person into custody, and to transfer custody of the person to the alternative transportation provider identified in the order. In such cases, a copy of the emergency custody order shall accompany the person being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the community services board or its designee responsible for conducting the evaluation. The community services board or its designee conducting the evaluation shall return a copy of the emergency custody order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

Transportation under this section shall include transportation to a medical facility as may be necessary to obtain emergency medical evaluation or treatment that shall be conducted immediately in accordance with state and federal law. Transportation under this section shall include transportation to a medical facility for a medical evaluation if a physician at the hospital in which the person subject to the emergency custody order may be detained requires a medical evaluation prior to admission.

D. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall order the primary law-enforcement agency from the jurisdiction served by the community services board that designated the person to perform the evaluation required in subsection B to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. If the community services board serves more than one jurisdiction, the magistrate shall designate the primary law-enforcement agency from the particular jurisdiction within the community services board's service area where the person who is the subject of the emergency custody order was taken into custody or, if the person has not yet been taken into custody, the primary law-enforcement agency from the jurisdiction where the person is presently located to execute the order and provide transportation.

E. The law-enforcement agency or alternative transportation provider providing transportation pursuant to this section may transfer custody of the person to the facility or location to which the person is transported for the evaluation required in subsection B, G, or H if the facility or location (i) is licensed to provide the level of security necessary to protect both the person and others from harm, (ii) is actually capable of providing the level of security necessary to protect the person and others from harm, and (iii) in cases in which transportation is provided by a law-enforcement agency, has entered into an agreement or memorandum of understanding with the law-enforcement agency setting forth the terms and conditions under

which it will accept a transfer of custody, provided, however, that the facility or location may not require the law-enforcement agency to pay any fees or costs for the transfer of custody.

F. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing an emergency custody order pursuant to this section.

G. A law-enforcement officer who, based upon his observation or the reliable reports of others, has probable cause to believe that a person meets the criteria for emergency custody as stated in this section may take that person into custody and transport that person to an appropriate location to assess the need for hospitalization or treatment without prior authorization. A law-enforcement officer who takes a person into custody pursuant to this subsection or subsection H may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of obtaining the assessment. Such evaluation shall be conducted immediately. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the person into custody.

H. A law-enforcement officer who is transporting a person who has voluntarily consented to be transported to a facility for the purpose of assessment or evaluation and who is beyond the territorial limits of the county, city, or town in which he serves may take such person into custody and transport him to an appropriate location to assess the need for hospitalization or treatment without prior authorization when the law-enforcement officer determines (i) that the person has revoked consent to be transported to a facility for the purpose of assessment or evaluation, and (ii) based upon his observations, that probable cause exists to believe that the person meets the criteria for emergency custody as stated in this section. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the person into custody.

I. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a person in his custody as provided in this section.

J. A representative of the primary law-enforcement agency specified to execute an emergency custody order or a representative of the law-enforcement agency employing a law-enforcement officer who takes a person into custody pursuant to subsection G or H shall notify the community services board responsible for conducting the evaluation required in subsection B, G, or H as soon as practicable after execution of the emergency custody order or after the person has been taken into custody pursuant to subsection G or H.

K. The person shall remain in custody until a temporary detention order is issued, until the person is released, or until the emergency custody order expires. An emergency custody order shall be valid for a period not to exceed eight hours from the time of execution.

L. Nothing in this section shall preclude the issuance of an order for temporary detention for testing, observation, or treatment pursuant to § 37.2-1104 for a person who is also the subject of an emergency custody order issued pursuant to this section. In any case in which an order for temporary detention for testing, observation, or treatment is issued for a person who is also the subject of an emergency custody order, the person may be detained by a hospital emergency room or other appropriate facility for testing, observation, and treatment for a period not to exceed 24 hours, unless extended by the court as part of an order pursuant to § 37.2-1101, in accordance with subsection A of § 37.2-1104. Upon completion of testing, observation, or treatment pursuant to § 37.2-1104, the hospital emergency room or other appropriate facility in which the person is detained shall notify the nearest community services board, and the designee of the community services board shall, as soon as is practicable and prior to the expiration of the order for temporary detention issued pursuant to § 37.2-1104, conduct an evaluation of the person to determine if he meets the criteria for temporary detention pursuant to § 37.2-809.

M. Any person taken into emergency custody pursuant to this section shall be given a written summary of the emergency custody procedures and the statutory protections associated with those procedures.

N. If an emergency custody order is not executed within eight hours of its issuance, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if such office is not open, to any magistrate serving the jurisdiction of the issuing court.

O. ~~Expired.~~ *In addition to the eight-hour period of emergency custody set forth in subsection G, H, or K, if the individual is detained in a state facility pursuant to subsection E of § 37.2-809, the state facility and an employee or designee of the community services board as defined in § 37.2-809 may, for an additional four hours, continue to attempt to identify an alternative facility that is able and willing to provide temporary detention and appropriate care to the individual.*

If a child's name currently appears on the registry without consultation with and permission of the parents or guardians for a founded case of abuse and neglect that does not name the parents or guardians of the child as the abuser or neglecter, such parents or guardians may have the child's name removed by written request to the Department. ## CHAPTER 583

*An Act to amend and reenact §§ 20-107.1 and 20-109 of the Code of Virginia, relating to modification of spousal support; retirement age.*

[S 540]

Approved March 30, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 20-107.1 and 20-109 of the Code of Virginia are amended and reenacted as follows:**

**§ 20-107.1. Court may decree as to maintenance and support of spouses.**

A. Pursuant to any proceeding arising under subsection L of § 16.1-241 or upon the entry of a decree providing (i) for the dissolution of a marriage, (ii) for a divorce, whether from the bond of matrimony or from bed and board, (iii) that neither party is entitled to a divorce, or (iv) for separate maintenance, the court may make such further decree as it shall deem expedient concerning the maintenance and support of the spouses, notwithstanding a party's failure to prove his grounds for divorce, provided that a claim for support has been properly pled by the party seeking support. However, the court shall have no authority to decree maintenance and support payable by the estate of a deceased spouse.

B. Any maintenance and support shall be subject to the provisions of § 20-109, and no permanent maintenance and support shall be awarded from a spouse if there exists in such spouse's favor a ground of divorce under the provisions of subdivision A (1) of § 20-91. However, the court may make such an award notwithstanding the existence of such ground if the court determines from clear and convincing evidence, that a denial of support and maintenance would constitute a manifest injustice, based upon the respective degrees of fault during the marriage and the relative economic circumstances of the parties.

C. The court, in its discretion, may decree that maintenance and support of a spouse be made in periodic payments for a defined duration, or in periodic payments for an undefined duration, or in a lump sum award, or in any combination thereof.

D. In addition to or in lieu of an award pursuant to subsection C, the court may reserve the right of a party to receive support in the future. In any case in which the right to support is so reserved, there shall be a rebuttable presumption that the reservation will continue for a period equal to 50 percent of the length of time between the date of the marriage and the date of separation. Once granted, the duration of such a reservation shall not be subject to modification.

E. The court, in determining whether to award support and maintenance for a spouse, shall consider the circumstances and factors which contributed to the dissolution of the marriage, specifically including adultery and any other ground for divorce under the provisions of subdivision A (3) or (6) of § 20-91 or § 20-95. In determining the nature, amount and duration of an award pursuant to this section, the court shall consider the following:

1. The obligations, needs and financial resources of the parties, including but not limited to income from all pension, profit sharing or retirement plans, of whatever nature;
2. The standard of living established during the marriage;
3. The duration of the marriage;
4. The age and physical and mental condition of the parties and any special circumstances of the family;
5. The extent to which the age, physical or mental condition or special circumstances of any child of the parties would make it appropriate that a party not seek employment outside of the home;
6. The contributions, monetary and nonmonetary, of each party to the well-being of the family;
7. The property interests of the parties, both real and personal, tangible and intangible;
8. The provisions made with regard to the marital property under § 20-107.3;
9. The earning capacity, including the skills, education and training of the parties and the present employment opportunities for persons possessing such earning capacity;
10. The opportunity for, ability of, and the time and costs involved for a party to acquire the appropriate education, training and employment to obtain the skills needed to enhance his or her earning ability;

11. The decisions regarding employment, career, economics, education and parenting arrangements made by the parties during the marriage and their effect on present and future earning potential, including the length of time one or both of the parties have been absent from the job market;

12. The extent to which either party has contributed to the attainment of education, training, career position or profession of the other party; and

13. Such other factors, including the tax consequences to each party and the circumstances and factors that contributed to the dissolution, specifically including any ground for divorce, as are necessary to consider the equities between the parties.

F. In contested cases in the circuit courts, any order granting, reserving or denying a request for spousal support shall be accompanied by written findings and conclusions of the court identifying the factors in subsection E which support the court's order. *Any order granting or reserving any request for spousal support shall state whether the retirement of either party was contemplated by the court and specifically considered by the court in making its award, and, if so, the order shall state the facts the court contemplated and specifically considered as to the retirement of the party.* If the court awards periodic support for a defined duration, such findings shall identify the basis for the nature, amount and duration of the award and, if appropriate, a specification of the events and circumstances reasonably contemplated by the court which support the award.

G. For purposes of this section and § 20-109, "date of separation" means the earliest date at which the parties are physically separated and at least one party intends such separation to be permanent provided the separation is continuous thereafter and "defined duration" means a period of time (i) with a specific beginning and ending date or (ii) specified in relation to the occurrence or cessation of an event or condition other than death or termination pursuant to § 20-110.

H. Where there are no minor children whom the parties have a mutual duty to support, an order directing the payment of spousal support, including those orders confirming separation agreements, entered on or after October 1, 1985, whether they are original orders or modifications of existing orders, shall contain the following:

1. If known, the name, date of birth and social security number of each party and, unless otherwise ordered, each party's residential and, if different, mailing address, residential and employer telephone number, driver's license number, and the name and address of his employer; however, when a protective order has been issued or the court otherwise finds reason to believe that a party is at risk of physical or emotional harm from the other party, information other than the name of the party at risk shall not be included in the order;

2. The amount of periodic spousal support expressed in fixed sums, together with the payment interval, the date payments are due, and the date the first payment is due;

3. A statement as to whether there is an order for health care coverage for a party;

4. If support arrearages exist, (i) to whom an arrearage is owed and the amount of the arrearage, (ii) the period of time for which such arrearage is calculated, and (iii) a direction that all payments are to be credited to current spousal support obligations first, with any payment in excess of the current obligation applied to arrearages;

5. If spousal support payments are ordered to be paid directly to the obligee, and unless the court for good cause shown orders otherwise, the parties shall give each other and the court at least 30 days' written notice, in advance, of any change of address and any change of telephone number within 30 days after the change; and

6. Notice that in determination of a spousal support obligation, the support obligation as it becomes due and unpaid creates a judgment by operation of law.

**§ 20-109. Changing maintenance and support for a spouse; effect of stipulations as to maintenance and support for a spouse; cessation upon cohabitation, remarriage, or death; effect of retirement.**

A. Upon petition of either party the court may increase, decrease, or terminate the amount or duration of any spousal support and maintenance that may thereafter accrue, whether previously or hereafter awarded, as the circumstances may make proper. Upon order of the court based upon clear and convincing evidence that the spouse receiving support has been habitually cohabiting with another person in a relationship analogous to a marriage for one year or more commencing on or after July 1, 1997, the court shall terminate spousal support and maintenance unless (i) otherwise provided by stipulation or contract or (ii) the spouse receiving support proves by a preponderance of the evidence that termination of such support would be unconscionable. The provisions of this subsection shall apply to all orders and decrees for spousal support, regardless of the date of the suit for initial setting of support, the date of entry of any such order or decree, or the date of any petition for modification of support.

B. The court may consider a modification of an award of spousal support for a defined duration upon petition of either party filed within the time covered by the duration of the award. Upon consideration of the factors set forth in subsection E of § 20-107.1, the court may increase, decrease or terminate the amount or duration of the award upon finding that (i) there has been a material change in the circumstances of the parties, not reasonably in the contemplation of the parties when the award was made or (ii) an event which the court anticipated would occur during the duration of the award and which was significant in the making of the award, does not in fact occur through no fault of the party seeking the modification. The provisions of this subsection shall apply only to suits for initial spousal support orders filed on or after July 1, 1998, and suits for modification of spousal support orders arising from suits for initial support orders filed on or after July 1, 1998.

C. In suits for divorce, annulment and separate maintenance, and in proceedings arising under subdivision A 3 or subsection L of § 16.1-241, if a stipulation or contract signed by the party to whom such relief might otherwise be awarded is filed before entry of a final decree, no decree or order directing the payment of support and maintenance for the spouse,

suit money, or counsel fee or establishing or imposing any other condition or consideration, monetary or nonmonetary, shall be entered except in accordance with that stipulation or contract. If such a stipulation or contract is filed after entry of a final decree and if any party so moves, the court shall modify its decree to conform to such stipulation or contract.

D. Unless otherwise provided by stipulation or contract, spousal support and maintenance shall terminate upon the death of either party or remarriage of the spouse receiving support. The spouse entitled to support shall have an affirmative duty to notify the payor spouse immediately of remarriage at the last known address of the payor spouse.

E. For purposes of the modification of an award of spousal support, and without precluding the ability of a party to otherwise file for a modification of spousal support based upon any other material change in circumstances, the payor spouse's attainment of full retirement age shall be considered a material change in circumstances. For the purposes of this subsection, "full retirement age" means the normal retirement age at which a person is eligible to receive full retirement benefits under the federal Social Security Act, but "full retirement age" does not mean "early retirement age" as defined under the federal Social Security Act (42 U.S.C. § 416, as amended).

F. In an action for the increase, decrease, or termination of spousal support based on the retirement of the payor spouse pursuant to subsection E, where the court finds that there has been a material change in circumstances, the court shall determine whether any modification or termination of such spousal support should be granted. In making such determination, the court may consider the factors set forth in subsection E of § 20-107.1 and shall consider the following factors:

1. Whether retirement was contemplated by the court and specifically considered by the court when the spousal support was awarded;
2. Whether the retirement is mandatory or voluntary, and the terms and conditions related to such retirement;
3. Whether the retirement would result in a change in the income of either the payor or the payee spouse;
4. The age and health of the parties;
5. The duration and amount of spousal support already paid; and
6. The assets or property interest of each of the parties during the period from the date of the support order and up to the date of the hearing on modification or termination.

The provisions of this subsection (i) shall be subject to the provisions regarding stipulations or contracts as set forth in subsection C, and (ii) shall not apply to a contract or stipulation that is non-modifiable.

The provisions of this subsection and subsection E shall apply to suits for modification or termination of spousal support orders regardless of the date of the suit for initial setting of support or the date of entry of any such order or decree.

G. In any action for the increase, decrease, or termination of spousal support, if the court finds that there has been a material change in circumstances, the court may consider the factors set forth in subsection E of § 20-107.1 and subsection F of this section in making its determination as to whether any modification or termination of such support should be granted. The court shall further consider the assets or property interest of each of the parties from the date of the support order and up to the time of the hearing on modification or termination, and any income generated from the asset or property interest. Any order granting or denying a request for the modification or termination of spousal support shall be accompanied by written findings and conclusions of the court identifying the factors set forth in subsection E of § 20-107.1 and subsection F of this section that support the court's order.

The certificate of the circuit court clerk to such copies may be provided electronically subject to the provisions of § 17.1-258.3:2. Neither a clerk nor the Executive Secretary shall be required to create a new record if the record does not already exist or provide a report of aggregated, nonconfidential case data in a format not regularly used by the clerk or the Executive Secretary; however, a clerk or the Executive Secretary, as applicable, may abstract or summarize information under such terms and conditions as agreed to by the requester and the clerk or Executive Secretary, as provided herein.*

*F. Except as otherwise provided by law, the requested court records or reports of aggregated, nonconfidential case data shall be provided to the requester within a reasonable period of time, given the nature of the request and the availability of staff to respond to the request, but in no event longer than 30 days from the date of a complete request made by a requester that is fully compliant with the requirements of this section and other applicable law. Except as otherwise provided in this article, every parent, guardian, or other person in the Commonwealth having control or charge of any child who will have reached the fifth birthday on or before September 30 of any school year and who has not passed the eighteenth birthday shall, during the period of each year the public schools are in session and for the same number of days and hours per day as the public schools, send such child to a public school or to a private, denominational, or parochial school or have such child taught by a tutor or teacher of qualifications prescribed by the Board of Education and approved by the division superintendent, or provide for home instruction of such child as described in § 22.1-254.1.

As prescribed in the regulations of the Board of Education, the requirements of this section may also be satisfied by sending a child to an alternative program of study or work/study offered by a public, private, denominational, or parochial school or by a public or private degree-granting institution of higher education. Further, in the case of any five-year-old child who is subject to the provisions of this subsection, the requirements of this section may be alternatively satisfied by sending the child to any public educational pre-kindergarten program, including a Head Start program, or in a private, denominational, or parochial educational pre-kindergarten program.

Instruction in the home of a child or children by the parent, guardian, or other person having control or charge of such child or children shall not be classified or defined as a private, denominational or parochial school.

The requirements of this section shall apply to (i) any child in the custody of the Department of Juvenile Justice or the Department of Corrections who has not passed his eighteenth birthday and (ii) any child whom the division superintendent has required to take a special program of prevention, intervention, or remediation as provided in subsection C of § 22.1-253.13:1 and in § 22.1-254.01. On the recommendation of the juvenile and domestic relations district court of the county or city in which the pupil resides and for such period of time as the court deems appropriate, any pupil who, together with his parents, is opposed to attendance at a school by reason of concern for such pupil's health, as verified by competent medical evidence, or by reason of such pupil's reasonable apprehension for personal safety when such concern or apprehension in that pupil's specific case is determined by the court, upon consideration of the recommendation of the principal and division superintendent, to be justified.

C. Each local school board shall develop policies for excusing students who are absent by reason of observance of a religious holiday. Such policies shall ensure that a student shall not be deprived of any award or of eligibility or opportunity to compete for any award, or of the right to take an alternate test or examination, for any which he missed by reason of such absence, if the absence is verified in a manner acceptable to the school board.

D. A school board may excuse from attendance at school:

The juvenile and domestic relations district court of the county or city in which a pupil resides or in which charges are pending against a pupil, or any court in which charges are pending against a pupil, may require the pupil who has been charged with (i) a crime that resulted in or could have resulted in injury to others, (ii) a violation of Article 1 (§ 18.2-77 et seq.) of Chapter 5 of Title 18.2, or (iii) any offense related to possession or distribution of any Schedule I, II, or III controlled substances to attend an alternative education program, including, but not limited to, night school, adult education, or any other education program designed to offer instruction to students for whom the regular program of instruction may be inappropriate.

The distances specified in subdivisions 3 and 4 of this subsection shall be measured or determined from the child's residence to the entrance to the school grounds or to the school bus stop nearest the entrance to the residence of such children by the nearest practical routes which are usable for walking or riding. A. Each local school board shall award diplomas to all secondary school students, including students who transfer from nonpublic schools or from home instruction, who meet the requirements prescribed by the Board of Education and meet such other requirements as may be prescribed by the local school board and approved by the Board of Education. Provisions shall be made to facilitate the transfer and appropriate grade placement of students from other public secondary schools, from nonpublic schools, or from home instruction as outlined in the standards for accreditation. The standards for accreditation shall include provisions relating to the completion of graduation requirements through Virtual Virginia. Further, reasonable accommodation to meet the requirements for diplomas shall be provided for otherwise qualified students with disabilities as needed.

In addition, each local school board may devise, vis-a-vis the award of diplomas to secondary school students, a mechanism for calculating class rankings that takes into consideration whether the student has taken a required class more than one time and has had any prior earned grade for such required class expunged.

Each local school board shall notify the parents of rising eleventh and twelfth grade students of (i) the requirements for graduation pursuant to the standards for accreditation and (ii) the requirements that have yet to be completed by the individual student.

B. Students identified as disabled who complete the requirements of their individualized education programs and meet certain requirements prescribed by the Board pursuant to regulations but do not meet the requirements for any named diploma shall be awarded Applied Studies diplomas by local school boards.

Each local school board shall notify the parent of such students with disabilities who have an individualized education program and who fail to meet the graduation requirements of the student's right to a free and appropriate education to age 21, inclusive, pursuant to Article 2 (§ 22.1-213 et seq.) of Chapter 13.

C. Students who have completed a prescribed course of study as defined by the local school board shall be awarded certificates of program completion by local school boards if they are not eligible to receive a Board of Education-approved diploma.

Each local school board shall provide notification of the right to a free public education for students who have not reached 20 years of age on or before August 1 of the school year, pursuant to Chapter 1 (§ 22.1-1 et seq.), to the parent of students who fail to graduate or who have failed to achieve graduation requirements as provided in the standards for accreditation. If such student who does not graduate or complete such requirements is a student for whom English is a second language, the local school board shall notify the parent of the student's opportunity for a free public education in accordance with § 22.1-5.

D. (From Acts 2016, cc. 720 & 750: The graduation requirements established by the Board of Education pursuant to the provisions of subdivisions D 1, 2, and 3 shall apply to each student who enrolls in high school as (i) a freshman after July 1, 2018; (ii) a sophomore after July 1, 2019; (iii) a junior after July 1, 2020; or (iv) a senior after July 1, 2021) In establishing graduation requirements, the Board shall:

1. Develop and implement, in consultation with stakeholders representing elementary and secondary education, higher education, and business and industry in the Commonwealth and including parents, policymakers, and community leaders in the Commonwealth, a Profile of a Virginia Graduate that identifies the knowledge and skills that students should attain during high school in order to be successful contributors to the economy of the Commonwealth, giving due consideration to critical thinking, creative thinking, collaboration, communication, and citizenship.

2. Emphasize the development of core skill sets in the early years of high school.

3. Establish multiple paths toward college and career readiness for students to follow in the later years of high school.

Each such pathway shall include opportunities for internships, externships, and credentialing.

4. Provide for the selection of integrated learning courses meeting the Standards of Learning and approved by the Board to satisfy graduation requirements, which shall include Standards of Learning testing, as necessary.

5. Require students to complete at least one course in fine or performing arts or career and technical education, one course in United States and Virginia history, and two sequential elective courses chosen from a concentration of courses selected from a variety of options that may be planned to ensure the completion of a focused sequence of elective courses that provides a foundation for further education or training or preparation for employment.

6. Require that students either (i) complete an Advanced Placement, honors, or International Baccalaureate course or (ii) earn a career and technical education credential that has been approved by the Board, except when a career and technical education credential in a particular subject area is not readily available or appropriate or does not adequately measure student competency, in which case the student shall receive satisfactory competency-based instruction in the subject area to earn credit. The career and technical education credential, when required, could include the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, the Armed Services Vocational Aptitude Battery, or the Virginia workplace readiness skills assessment.

7. Beginning with first-time ninth grade students in the 2016-2017 school year, require students to be trained in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation.

8. Make provision in its regulations for students with disabilities to earn a diploma.

9. Require students to complete one virtual course, which may be a noncredit-bearing course.

10. Provide that students who complete elective classes into which the Standards of Learning for any required course have been integrated and achieve a passing score on the relevant Standards of Learning test for the relevant required course receive credit for such elective class.

11. Establish a procedure to facilitate the acceleration of students that allows qualified students, with the recommendation of the division superintendent, without completing the 140-hour class, to obtain credit for such class upon demonstrating mastery of the course content and objectives and receiving a passing score on the relevant Standards of Learning assessment. Nothing in this section shall preclude relevant school division personnel from enforcing compulsory attendance in public schools.

12. Provide for the award of credit for passing scores on industry certifications, state licensure examinations, and national occupational competency assessments approved by the Board of Education.

School boards shall report annually to the Board of Education the number of Board-approved industry certifications obtained, state licensure examinations passed, national occupational competency assessments passed, Armed Services Vocational Aptitude Battery assessments passed, and Virginia workplace readiness skills assessments passed, and the number of career and technical education completers who graduated. These numbers shall be reported as separate categories on the School Performance Report Card.

For the purposes of this subdivision, "career and technical education completer" means a student who has met the requirements for a career and technical concentration or specialization and all requirements for high school graduation or an approved alternative education program.

In addition, the Board may:

a. For the purpose of awarding credit, approve the use of additional or substitute tests for the correlated Standards of Learning assessment, such as academic achievement tests, industry certifications or state licensure examinations; and

b. Permit students completing career and technical education programs designed to enable such students to pass such industry certification examinations or state licensure examinations to be awarded, upon obtaining satisfactory scores on such industry certification or licensure examinations, appropriate credit for one or more career and technical education classes into which relevant Standards of Learning for various classes taught at the same level have been integrated. Such industry certification and state licensure examinations may cover relevant Standards of Learning for various required classes and may, at the discretion of the Board, address some Standards of Learning for several required classes.

13. Provide for the waiver of certain graduation requirements (i) upon the Board's initiative or (ii) at the request of a local school board. Such waivers shall be granted only for good cause and shall be considered on a case-by-case basis.

14. Consider all computer science course credits earned by students to be science course credits, mathematics course credits, or career and technical education credits. The Board of Education shall develop guidelines addressing how computer science courses can satisfy graduation requirements.

15. Permit local school divisions to waive the requirement for students to receive 140 clock hours of instruction upon providing the Board with satisfactory proof, based on Board guidelines, that the students for whom such requirements are waived have learned the content and skills included in the relevant Standards of Learning.

16. Provide for the award of verified units of credit for a satisfactory score, as determined by the Board, on the Preliminary ACT (PreACT) or Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT) examination.

17. *Permit local school divisions to waive the requirement for students to receive 140 clock hours of instruction after the student has completed the course curriculum and relevant Standards of Learning end-of-course assessment, or Board-approved substitute, provided that such student subsequently receives instruction, coursework, or study toward an industry certification approved by the local school board.*

E. In the exercise of its authority to recognize exemplary performance by providing for diploma seals:

1. The Board shall develop criteria for recognizing exemplary performance in career and technical education programs by students who have completed the requirements for a Board of Education-approved diploma and shall award seals on the diplomas of students meeting such criteria.

2. The Board shall establish criteria for awarding a diploma seal for advanced mathematics and technology for the Board of Education-approved diplomas. The Board shall consider including criteria for (i) technology courses; (ii) technical writing, reading, and oral communication skills; (iii) technology-related training; and (iv) industry, professional, and trade association national certifications.

3. The Board shall establish criteria for awarding a diploma seal for excellence in civics education and understanding of our state and federal constitutions and the democratic model of government for the Board of Education-approved diplomas. The Board shall consider including criteria for (i) successful completion of history, government, and civics courses, including courses that incorporate character education; (ii) voluntary participation in community service or extracurricular activities that includes the types of activities that shall qualify as community service and the number of hours required; and (iii) related requirements as it deems appropriate.

4. The Board shall establish criteria for awarding a diploma seal of biliteracy to any student who demonstrates proficiency in English and at least one other language for the Board of Education-approved diplomas. The Board shall consider criteria including the student's (i) score on a College Board Advanced Placement foreign language examination, (ii) score on an SAT II Subject Test in a foreign language, (iii) proficiency level on an ACTFL Assessment of Performance toward Proficiency in Languages (AAPPL) measure or another nationally or internationally recognized language proficiency test, or (iv) cumulative grade point average in a sequence of foreign language courses approved by the Board.

F. The Board shall establish, by regulation, requirements for the award of a general achievement adult high school diploma for those persons who are not subject to the compulsory school attendance requirements of § 22.1-254 and have (i) achieved a passing score on a high school equivalency examination approved by the Board of Education; (ii) successfully completed an education and training program designated by the Board of Education; (iii) earned a Board of Education-approved career and technical education credential such as the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, the Armed Services Vocational Aptitude Battery, or the Virginia workplace readiness skills assessment; and (iv) satisfied other requirements as may be established by the Board for the award of such diploma.

G. To ensure the uniform assessment of high school graduation rates, the Board shall collect, analyze, report, and make available to the public high school graduation and dropout data using a formula prescribed by the Board.

H. The Board shall also collect, analyze, report, and make available to the public high school graduation and dropout data using a formula that excludes any student who fails to graduate because such student is in the custody of the Department of Corrections, the Department of Juvenile Justice, or local law enforcement. For the purposes of the Standards of Accreditation, the Board shall use the graduation rate required by this subsection.

I. The Board may promulgate such regulations as may be necessary and appropriate for the collection, analysis, and reporting of such data required by subsections G and H.

A. The board of visitors of each baccalaureate public institution of higher education shall develop, consistent with Council guidelines and the institution's six-year plan as set forth in § 23.1-306, articulation, dual admissions, and guaranteed admissions agreements with each associate-degree-granting public institution of higher education. *Such guaranteed admissions agreements may provide for the guaranteed admission of a student who earns an associate degree concurrently with a high school diploma through a dual enrollment program, in addition to any guaranteed admission for a student who earns an associate degree post-high school.*

B. The Council and each public institution of higher education shall develop a passport credit program, including any necessary guidelines for such program. In developing the program, the Council and each public institution of higher education shall establish competencies and standards for each passport credit course. Any course that does not meet or exceed the standards developed under the program shall not be deemed a passport credit course. Such passport credit program shall require that it is the responsibility of the course provider to ensure that a passport credit course meets the standards of the program. Each passport credit course shall satisfy a lower division general education requirement at any public institution of higher education.

C. The Council and each public institution of higher education shall develop a one-year uniform certificate of general studies program as set forth in subdivision 20 of § 23.1-203. All credits earned in academic subject coursework by students attending an associate-degree-granting public institution of higher education who complete the one-year uniform certificate of general studies program are transferrable to a baccalaureate public institution of higher education in accordance with Council guidelines.

D. The Council shall prepare an annual report on the pertinent aspects of the pipeline of students transferring from comprehensive community colleges to baccalaureate public institutions of higher education.

Such agreements shall specify the credit available for dual enrollment courses and Advanced Placement courses with qualifying exam scores of three or higher.

## CHAPTER 594

*An Act to amend and reenact § 22.1-3 of the Code of Virginia, relating to public schools; military children; tuition.*

[S 775]

Approved March 30, 2018

### **Be it enacted by the General Assembly of Virginia:**

#### **1. That § 22.1-3 of the Code of Virginia is amended and reenacted as follows:**

##### **§ 22.1-3. Persons to whom public schools shall be free.**

A. The public schools in each school division shall be free to each person of school age who resides within the school division. Every person of school age shall be deemed to reside in a school division:

1. When the person is living with a natural parent or a parent by legal adoption;
2. When, in accordance with the provisions of § 22.1-360, the person is living with a noncustodial parent or other person standing in loco parentis, not solely for school purposes, pursuant to a Special Power of Attorney executed under 10 U.S.C. § 1044b by the custodial parent;
3. When the parents of such person are dead and the person is living with a person in loco parentis who actually resides within the school division;
4. When the parents of such person are unable to care for the person and the person is living, not solely for school purposes, with another person who resides in the school division and is (i) the court-appointed guardian, or has legal custody, of the person; (ii) acting in loco parentis pursuant to placement of the person for adoption by a person or entity authorized to do so under § 63.2-1200; or (iii) an adult relative providing temporary kinship care as that term is defined in § 63.2-100. Local school divisions may require one or both parents and the relative providing kinship care to submit signed, notarized affidavits (a) explaining why the parents are unable to care for the person, (b) detailing the kinship care arrangement, and (c) agreeing that the kinship care provider or the parent will notify the school within 30 days of when the kinship care arrangement ends, as well as a power of attorney authorizing the adult relative to make educational decisions regarding the person. A school division may also require the parent or adult relative to obtain written verification from the local department of social services where the parent or parents live, or from both that department and the department of social services where the kinship provider lives, that the kinship arrangement serves a legitimate purpose that is in the best interest of the person other than school enrollment. With written consent from the parent or adult relative, for the purposes of expediting enrollment, a school division may obtain such written verification directly from the local department or departments of social services. The verification process shall be consistent with confidentiality provisions of Article 5 (§ 22.1-287 et seq.) of Chapter 14 of this title and Chapter 1 (§ 63.2-100 et seq.) of Title 63.2. If the kinship care arrangement lasts more than one year, a school division may require continued verification directly from one or both departments of social services as to why the parents are unable to care for the person and that the kinship care arrangement serves a legitimate purpose other than school enrollment. A local school division may enroll a person living with a relative in a kinship care arrangement that has not been verified by a local department of social services;
5. When the person is living in the school division not solely for school purposes, as an emancipated minor; or
6. When the person living in the school division is a homeless child or youth, as set forth in this subdivision, who lacks a fixed, regular, and adequate nighttime residence. Such persons shall include (i) children and youths, including unaccompanied youths who are not in the physical custody of their parents, who (a) are sharing the housing of other persons due to loss of housing, economic hardship, or other causes; are living in motels, hotels, trailer parks, or camping grounds due to lack of alternative adequate accommodations or in emergency, congregate, temporary, or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement; (b) are living in an institution that provides a temporary residence for individuals with mental illness or individuals intended to be institutionalized; (c) have a primary nighttime residence that is a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings; or (d) are living in parked cars, parks, public spaces, abandoned buildings, substandard housing, bus or train

stations, or similar settings; and (ii) migratory children, as defined in the federal Elementary and Secondary Education Act of 1965, P.L. 89-10, as amended, who are deemed homeless as they are living in circumstances set forth in clause (i).

For purposes of clause (i) of subdivision 6, "temporary shelter" means (1) any home, single or multi-unit dwelling, or housing unit in which persons who are without housing or a fixed address receive temporary housing or shelter or (2) any facility specifically designed or approved for the purpose of providing temporary housing or shelter to persons who are without permanent housing or a fixed address.

If a person resides within housing, temporary shelter, or primary nighttime residence as described in subdivision 6 that is situated in more than one school division, the person shall be deemed to reside in and shall be entitled to attend a public school within either school division. However, if a person resides in housing, temporary shelter, or primary nighttime residence as described in subdivision 6 that is located in one school division, but the property on which such housing, temporary shelter, or primary nighttime residence is located lies within more than one school division, such person shall be deemed to reside only in the single school division in which the housing, temporary shelter, or primary nighttime residence is located. Notwithstanding any such residency determination, any person residing in housing, a temporary shelter, or primary nighttime residence as described in subdivision 6 that is located in one school division, but the property on which such housing, temporary shelter, or primary nighttime residence is located lies within more than one school division, shall be deemed to reside in either school division, if such person or any sibling of such person residing in the same housing or temporary shelter attends, prior to July 1, 1999, or, in the case of a primary nighttime residence as described in subdivision 6, prior to July 1, 2000, a school within either school division in which the property on which the housing, temporary shelter, or primary nighttime residence is located.

School divisions shall comply with the requirements of the federal McKinney-Vento Homeless Education Assistance Improvements Act of 2001, as amended (42 U.S.C. § 11431 et seq.), to ensure that homeless children and youths shall receive the educational services comparable to those offered to other public school students.

School divisions serving the students identified in subdivision 6 shall coordinate the identification and provision of services to such students with relevant local social services agencies and other agencies and programs providing services to such students, and with other school divisions as may be necessary to resolve interdivisional issues.

B. In the interest of providing educational continuity to the children of military personnel, no child of a person on active military duty:

1. *Who is attending a school free of charge in accordance with this section shall be charged tuition by that school division upon such child's relocation to military housing located in another school division in the Commonwealth, pursuant to orders received by such child's parent to relocate to base housing and forfeit his military housing allowance.* Such children shall be allowed to continue attending school in the school division they attended immediately prior to the relocation and shall not be charged tuition for attending such school. ~~Such children shall be counted in the average daily membership of the school division in which they are enrolled. Further, the school division in which such children are enrolled subsequent to their relocation to base housing shall not be responsible for providing for their transportation to and from school;~~

2. *Who is attending a school free of charge in accordance with this section shall be charged tuition by that school division upon such child's relocation pursuant to orders received by such child's parent to relocate to a new duty station or to be deployed. Such children shall be allowed to remain enrolled in the current school division free of tuition through the end of the school year; and*

3. *Who is eligible to attend school free of charge in accordance with this section shall be charged tuition by a school division that will be the child's school division of residence once his service member parent is relocated pursuant to orders received. Such a child shall be allowed to enroll in the school division of the child's intended residence if documentation is provided, at the time of enrollment, of military orders of the service member parent or an official letter from the service member's command indicating such relocation. Documentation indicating a permanent address within the school division shall be provided to the school division within 120 days of a child's enrollment or tuition may be charged, including tuition for the days since the child's enrollment in school. In the event that the child's service member parent is ordered to relocate before the 120th day following the child's enrollment, the school division shall not charge tuition. The assignment of the school such child will attend shall be determined by the local school division.*

*Such children as listed in subdivisions 1, 2, and 3 shall be counted in the average daily membership of the school division in which they are enrolled. Further, the school division in which such children are enrolled subsequent to their relocation to base housing shall not be responsible for providing for their transportation to and from school.*

An application for an absentee ballot may be accepted the later of (i) 12 months before an election or (ii) the day following any election held in the twelfth month prior to the election in which the applicant is applying to vote.

An application that is completed in person at the same time that the applicant registers to vote shall be held and processed no sooner than the fifth day after the date that the applicant registered to vote; however, this requirement shall not be applicable to any person who is qualified to vote absentee under subdivision 2 of § 24.2-700.

Any application received before the ballots are printed shall be held and processed as soon as the printed ballots for the election are available.

For the purposes of this chapter, the general registrar's office shall be open a minimum of eight hours between the hours of 8:00 a.m. and 5:00 p.m. on the first and second Saturday immediately preceding all general elections, except May general elections, and on the Saturday immediately preceding any primary election, May general election, or special election.

If the applicant is unable to sign the application, a person assisting the applicant will note this fact on the applicant signature line and provide his signature, name, and address.

B. Applications for absentee ballots shall be completed in the following manner:

A. This chapter may be cited as the "Government Data Collection and Dissemination Practices Act."

1. An individual's privacy is directly affected by the extensive collection, maintenance, use and dissemination of personal information;

2. The increasing use of computers and sophisticated information technology has greatly magnified the harm that can occur from these practices;

3. An individual's opportunities to secure employment, insurance, credit, and his right to due process, and other legal protections are endangered by the misuse of certain of these personal information systems; and

4. In order to preserve the rights guaranteed a citizen in a free society, legislation is necessary to establish procedures to govern information systems containing records on individuals.

C. Recordkeeping agencies of the Commonwealth and political subdivisions shall adhere to the following principles of information practice to ensure safeguards for personal privacy:

1. There shall be no personal information system whose existence is secret.

2. Information shall not be collected unless the need for it has been clearly established in advance.

3. Information shall be appropriate and relevant to the purpose for which it has been collected.

7. There shall be a clearly prescribed and uncomplicated procedure for an individual to correct, erase or amend inaccurate, obsolete or irrelevant information.

8. Any agency holding personal information shall assure its reliability and take precautions to prevent its misuse.

9. There shall be a clearly prescribed procedure to prevent personal information collected for one purpose from being used or disseminated for another purpose *unless such use or dissemination is authorized or required by law.*

"Abandon" means to desert, forsake, or absolutely give up an animal without having secured another owner or custodian for the animal or by failing to provide the elements of basic care as set forth in § 3.2-6503 for a period of five consecutive days.

"Adequate care" or "care" means the responsible practice of good animal husbandry, handling, production, management, confinement, feeding, watering, protection, shelter, transportation, treatment, and, when necessary, euthanasia, appropriate for the age, species, condition, size and type of the animal and the provision of veterinary care when needed to prevent suffering or impairment of health.

"Adequate exercise" or "exercise" means the opportunity for the animal to move sufficiently to maintain normal muscle tone and mass for the age, species, size, and condition of the animal.

"Adequate feed" means access to and the provision of food that is of sufficient quantity and nutritive value to maintain each animal in good health; is accessible to each animal; is prepared so as to permit ease of consumption for the age, species, condition, size and type of each animal; is provided in a clean and sanitary manner; is placed so as to minimize

contamination by excrement and pests; and is provided at suitable intervals for the species, age, and condition of the animal, but at least once daily, except as prescribed by a veterinarian or as dictated by naturally occurring states of hibernation or fasting normal for the species.

"Adequate shelter" means provision of and access to shelter that is suitable for the species, age, condition, size, and type of each animal; provides adequate space for each animal; is safe and protects each animal from injury, rain, sleet, snow, hail, direct sunlight, the adverse effects of heat or cold, physical suffering, and impairment of health; is properly lighted; is properly cleaned; enables each animal to be clean and dry, except when detrimental to the species; and, for dogs and cats, provides a solid surface, resting platform, pad, floormat, or similar device that is large enough for the animal to lie on in a normal manner and can be maintained in a sanitary manner. When freedom of movement would endanger the animal, temporarily and appropriately restricting movement of the animal according to professionally accepted standards for the species is considered provision of adequate space.

"Adequate water" means provision of and access to clean, fresh, potable water of a drinkable temperature that is provided in a suitable manner, in sufficient volume, and at suitable intervals appropriate for the weather and temperature, to maintain normal hydration for the age, species, condition, size and type of each animal, except as prescribed by a veterinarian or as dictated by naturally occurring states of hibernation or fasting normal for the species; and is provided in clean, durable receptacles that are accessible to each animal and are placed so as to minimize contamination of the water by excrement and pests or an alternative source of hydration consistent with generally accepted husbandry practices.

## CHAPTER 609

*An Act to amend and reenact § 10.1-2131 of the Code of Virginia, relating to the Virginia Water Quality Improvement Fund; publicly owned treatment works; nutrient reduction.*

[H 1608]

Approved March 30, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That § 10.1-2131 of the Code of Virginia is amended and reenacted as follows:**

**§ 10.1-2131. Point source pollution funding; conditions for approval.**

A. The Department of Environmental Quality shall be the lead state agency for determining the appropriateness of any grant related to point source pollution to be made from the Fund to restore, protect or improve state water quality.

B. The Director of the Department of Environmental Quality shall, subject to available funds and in coordination with the Director of the Department of Conservation and Recreation, direct the State Treasurer to make Water Quality Improvement Grants in accordance with the guidelines established pursuant to § 10.1-2129. The Director of the Department of Environmental Quality shall enter into grant agreements with all facilities designated as significant dischargers or eligible nonsignificant dischargers that apply for grants; however, all such grant agreements shall contain provisions that payments thereunder are subject to the availability of funds.

C. Notwithstanding the priority provisions of § 10.1-2129, the Director of the Department of Environmental Quality shall not authorize the distribution of grants from the Fund for purposes other than financing the cost of design and installation of nutrient removal technology at publicly owned treatment works in the Chesapeake Bay watershed until such time as nutrient reductions of regulations, permits, or the Chesapeake Bay TMDL Watershed Implementation Plan are satisfied, unless he finds that there exists in the Fund sufficient funds for substantial and continuing progress in implementation of the reductions established in accordance with regulations, permits, or the Chesapeake Bay TMDL Watershed Implementation Plan within the Chesapeake Bay watershed. In addition to the provisions of § 10.1-2130, all grant agreements related to nutrients shall include: (i) numerical technology-based effluent concentration limitations on nutrient discharges to state waters based upon the technology installed by the facility; (ii) enforceable provisions related to the maintenance of the numerical concentrations that will allow for exceedances of 0.8 mg/L for total nitrogen or no more than 10 percent, whichever is greater, for exceedances of 0.1 mg/L for total phosphorus or no more than 10%, and for exceedances caused by extraordinary conditions; and (iii) recognition of the authority of the Commonwealth to make the Virginia Water Facilities Revolving Fund (§ 62.1-224 et seq.) available to local governments to fund their share of the cost of designing and installing nutrient removal technology based on financial need and subject to availability of revolving loan funds, priority ranking and revolving loan distribution criteria. If, pursuant to § 10.1-1187.6, the State Water Control Board approves an alternative compliance method to technology-based concentration limitations in Virginia Pollutant Discharge Elimination System permits, the concentration limitations of the grant agreement shall be suspended subject to the terms of such approval. The cost of the design and installation of nutrient removal technology at publicly owned treatment works meeting the nutrient reductions of regulations, permits, or the Chesapeake Bay TMDL Watershed Implementation Plan and incurred prior to the execution of a grant agreement is eligible for reimbursement from the Fund provided the grant is made pursuant to an executed agreement consistent with the provisions of this chapter.

Subsequent to the implementation of any applicable regulations, permits, or the Chesapeake Bay TMDL Watershed Implementation Plan, the Director may authorize disbursements from the Fund for any water quality restoration, protection and improvements related to point source pollution that are clearly demonstrated as likely to achieve measurable and specific water quality improvements, including, ~~but not limited to,~~ cost effective technologies to reduce ~~nutrient~~ loads of total phosphorus, total nitrogen, or nitrogen-containing ammonia in order to meet the requirements of regulations associated with the reduction of ammonia that have not yet been adopted and that are more stringent than regulations adopted by the State Water Control Board as of January 1, 2018. Notwithstanding the previous provisions of this subsection, the Director may, at any time, authorize grants, including grants to institutions of higher education, for technical assistance related to nutrient reduction.

D. The grant percentage provided for financing the costs of the design and installation of nutrient removal technology at publicly owned treatment works shall be based upon the financial need of the community as determined by comparing the annual sewer charges expended within the service area to the reasonable sewer cost established for the community.

E. Grants shall be awarded in the following manner:

1. In communities for which the ratio of annual sewer charges to reasonable sewer cost is less than 0.30, the Director of the Department of Environmental Quality shall authorize grants in the amount of 35 percent of the costs of the design and installation of nutrient removal technology;

2. In communities for which the ratio of annual sewer charges to reasonable sewer cost is equal to or greater than 0.30 and less than 0.50, the Director shall authorize grants in the amount of 45 percent of the costs of the design and installation of nutrient removal technology;

3. In communities for which the ratio of annual sewer charges to reasonable sewer cost is equal to or greater than 0.50 and less than 0.80, the Director shall authorize grants in the amount of 60 percent of the costs of design and installation of nutrient removal technology; and

4. In communities for which the ratio of annual sewer charges to reasonable sewer cost is equal to or greater than 0.80, the Director shall authorize grants in the amount of 75 percent of the costs of the design and installation of nutrient removal technology.

**2. That the Department of Environmental Quality shall prepare a preliminary estimate of the amount and timing of Water Quality Improvement Grants required to fund projects to reduce loads of nitrogen-containing ammonia at the levels authorized by subsection E of § 10.2131 of the Code of Virginia, as amended by this act, based on an estimate of the anticipated range of costs for all publicly owned treatment works if the State Water Control Board were to adopt the 2013 Aquatic Life Ambient Water Quality Criteria for Ammonia published by the U.S. Environmental Protection Agency. For purposes of preparing the preliminary estimate, the Department may rely upon readily available existing information and any reasonable assumption. The Department shall report such preliminary estimate and related assumptions no later than November 1, 2018, to the Chairmen of the Senate Finance Committee, the House Appropriations Committee, the Senate Committee on Agriculture, Conservation and Natural Resources, and the House Committee on Agriculture, Chesapeake and Natural Resources.**

Parties to informal fact-finding proceedings conducted pursuant to § 2.2-4019 may agree at the outset of the proceeding to have a hearing officer preside at the proceeding, such agreement to be revoked only by mutual consent. *An Act to amend and reenact § 46.2-1702 of the Code of Virginia, relating to driver education courses; instructor qualifications.*

[S 359]

Approved March 30, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That § 46.2-1702 of the Code of Virginia is amended and reenacted as follows:**

**§ 46.2-1702. Certification of driver education courses by Commissioner.**

Notwithstanding any other provision of law, the Commissioner shall have the authority to approve as a driver education course satisfying the requirements of § 46.2-334 any course which is offered by any driver training school licensed under the provisions of this chapter if he finds that the course is of comparable content and quality to that offered in the Commonwealth's public schools. In making such finding, the Commissioner shall not require that the instructors of any driver training school meet the certification requirements of teachers in the Commonwealth's public schools.

Any comprehensive community college within the Virginia Community College System shall have the authority to offer the courses required by the Virginia Board of Education to become a certified driver education instructor in Virginia on a not-for-credit basis so long as the courses include the same content and curriculum required by the Department of Education, enabling individuals who complete those courses to then teach driver's education in Virginia driver education training schools upon official certification by the Department of Motor Vehicles. The Virginia Department of Education shall provide the curriculum, content, and other information regarding the courses required to become certified driver education instructors in Virginia to any comprehensive community college within the Virginia Community College System. The content of each course must be accurate and rigorous and must meet the requirements for the Department of Education's Curriculum and Administrative Guide for Driver's Education, which includes the Board of Education's standards of learning.

Except for schools in the Commonwealth's public school system and providers of correspondence courses approved by the Board of Education pursuant to subsection F of § 22.1-205, only those driver training schools that are licensed as computer-based driver education providers shall be authorized to administer computer-based driver education courses. The content and quality of such computer-based driver education courses shall be comparable to that of courses offered in the Commonwealth's public schools. The Commissioner may establish minimum standards for testing students who have enrolled in computer-based driver education courses. Such standards may include (i) requirements for the test site; (ii) verification that the person taking the test is the person enrolled in the course; (iii) verification of the identity of the student using photo identification approved by the Commissioner; and (iv) maintenance of a log containing the name and title of the licensed instructor monitoring the test, the test date, the name of the student taking the test, and the student's time-in and time-out of the test site. Computer-based driver education providers shall not issue a certificate of completion to a student in Planning District 8 prior to receiving proof of completion of the additional minimum 90-minute parent/student driver education component pursuant to § 22.1-205.

Any driver training school licensed under the provisions of this chapter shall be authorized to provide the 90-minute parent/student driver education component in Planning District 8. Completion of such education component shall satisfy the requirement for the additional 90-minute parent/student driver education component pursuant to § 22.1-205, so long as there is participation of the student's parent or guardian and the content provided is comparable to that which is offered in the Commonwealth's public schools and emphasizes ~~(i)~~ (a) parental responsibilities regarding juvenile driver behavior, ~~(ii)~~ (b) juvenile driving restrictions pursuant to this Code, and ~~(iii)~~ (c) the dangers of driving while intoxicated and underage consumption of alcohol.

The Commissioner shall have authority to approve any driver education course offered by any Class A licensee if he finds the course meets the requirements for such courses as set forth in this chapter and as otherwise established by the Department. Class A licensees shall not be permitted to administer knowledge or behind-the-wheel examinations. Driver

education courses offered by any Class B licensee shall be based on the driver education curriculum currently approved by the Department of Education and the Department.

**1. That § 29.1-521 of the Code of Virginia is amended and reenacted as follows:**

**§ 29.1-521. Unlawful to hunt, trap, possess, sell, or transport wild birds and wild animals except as permitted; exception; penalty.**

A. The following shall be unlawful:

1. To hunt or kill any wild bird or wild animal, including any nuisance species, with a gun, firearm, or other weapon, or to hunt or kill any deer or bear with a gun, firearm, or other weapon with the aid or assistance of dogs, on Sunday. The provision of this subdivision that prohibits the hunting or killing of any wild bird or wild animal, including nuisance species, on Sunday shall not apply to (i) any person who hunts or kills raccoons, ~~which may be hunted until 2:00 a.m. on Sunday mornings~~; (ii) any person who hunts or kills birds in the family Rallidae or waterfowl, subject to geographical limitations established by the Director and except within 200 yards of a place of worship or any accessory structure thereof; or (iii) any landowner or member of his family or any person with written permission from the landowner who hunts or kills any wild bird or wild animal, including any nuisance species, on the landowner's property, except within 200 yards of a place of worship or any accessory structure thereof. However, a person lawfully carrying a gun, firearm, or other weapon on Sunday in an area that could be used for hunting shall not be presumed to be hunting on Sunday, absent evidence to the contrary.

2. To destroy or molest the nest, eggs, dens, or young of any wild bird or wild animal, except nuisance species, at any time without a permit as required by law.

3. To hunt or attempt to kill or trap any species of wild bird or wild animal after having obtained the daily bag or season limit during such day or season. However, any properly licensed person, or a person exempt from having to obtain a license, who has obtained such daily bag or season limit while hunting may assist others who are hunting game by calling game, retrieving game, handling dogs, or conducting drives if the weapon in his possession is an unloaded firearm, a bow without a nocked arrow, an unloaded slingbow, or an unloaded crossbow. Any properly licensed person, or person exempt from having to obtain a license, who has obtained such season limit prior to commencement of the hunt may assist others who are hunting game by calling game, retrieving game, handling dogs, or conducting drives, provided he does not have a firearm, bow, slingbow, or crossbow in his possession.

4. To knowingly occupy any baited blind or other baited place for the purpose of taking or attempting to take any wild bird or wild animal or to put out bait or salt for any wild bird or wild animal for the purpose of taking or killing it. There shall be a rebuttable presumption that a person charged with violating this subdivision knows that he is occupying a baited blind or other baited place for the purpose of taking or attempting to take any wild bird or wild animal. However, this shall not apply to baiting nuisance species of animals and birds, or to baiting traps for the purpose of taking fur-bearing animals that may be lawfully trapped.

5. To kill or capture any wild bird or wild animal adjacent to any area while a field or forest fire is in progress.

8. To set a trap where it would be likely to injure persons, dogs, stock, or fowl.

9. To fail to visit all traps once each day and remove all animals caught, and immediately report to the landowner as to stock, dogs, or fowl that are caught and the date. However, the Director or his designee may authorize employees of federal, state, and local government agencies, and persons holding a valid Commercial Nuisance Animal Permit issued by the Department, to visit body-gripping traps that are completely submerged at least once every 72 hours, and the Board may adopt regulations permitting trappers to visit traps less frequently under specified conditions. The Board shall adopt regulations permitting trappers to use remote trap-checking technology to check traps under specified conditions.

10. To hunt, trap, take, capture, kill, attempt to take, capture, or kill, possess, deliver for transportation, transport, cause to be transported, by any means whatever, receive for transportation or export, or import, at any time or in any manner, any

wild bird or wild animal or the carcass or any part thereof, except as specifically permitted by law and only by the manner or means and within the numbers stated. However, the provisions of this section shall not be construed to prohibit the (i) use or transportation of legally taken turkey carcasses, or portions thereof, for the purposes of making or selling turkey callers; (ii) the manufacture or sale of implements, including tools or utensils made from legally harvested deer skeletal parts, including antlers; (iii) the possession of shed antlers; or (iv) the possession, manufacture, or sale of other parts or implements authorized by regulations adopted by the Board.

11. To offer for sale, sell, offer to purchase, or purchase, at any time or in any manner, any wild bird or wild animal or the carcass or any part thereof, except as specifically permitted by law, including subsection D of § 29.1-553. However, any nonprofit organization exempt from taxation under § 501(c)(3) of the Internal Revenue Code that is (i) organized to provide wild game as food to the hungry and (ii) authorized by the Department to possess, transport, and distribute donated or unclaimed meat to the hungry may pay a processing fee in order to obtain such meat. Such fee shall not exceed the actual cost for processing the meat. In addition, any nonprofit organization exempt from taxation under § 501(c)(3) of the Internal Revenue Code that is (a) organized to support wildlife habitat conservation and (b) approved by the Department shall be allowed to offer wildlife mounts that have undergone the taxidermy process for sale in conjunction with fundraising activities. A violation of this subdivision shall be punishable as provided in § 29.1-553.

B. Notwithstanding any other provision of this article, any American Indian who produces verification that he is an enrolled member of a tribe recognized by the Commonwealth, another state, or the U.S. government, may possess, offer for sale, or sell to another American Indian, or offer to purchase or purchase from another American Indian, parts of legally obtained fur-bearing animals, nonmigratory game birds, and game animals, except bear. Such legally obtained parts shall include antlers, hooves, feathers, claws, and bones.

"Verification" as used in this section shall include (i) display of a valid tribal identification card, (ii) confirmation through a central tribal registry, (iii) a letter from a tribal chief or council, or (iv) certification from a tribal office that the person is an enrolled member of the tribe.

C. Notwithstanding any other provision of this chapter, the Department may authorize the use of snake exclusion devices by public utilities at their transmission or distribution facilities and the incidental taking of snakes resulting from the use of such devices.

D. A violation of subdivisions A 1 through 10 shall be punishable as a Class 3 misdemeanor.

**Be it enacted by the General Assembly of Virginia:**

**1. That the Code of Virginia is amended by adding a section numbered 58.1-3825.2:1 as follows:**

**§ 58.1-3825.2:1. Additional transient occupancy tax for historic lodging properties.**

*A. As used in this section:*

*"Eligible historic lodging property" means a structure (i) that contains 450 or more rooms for overnight lodging purposes, (ii) that is situated on one or more parcels of land exceeding 700 acres, and (iii) of which some or all portions of the structure were constructed prior to 1930.*

*B. In addition to such transient occupancy taxes as are authorized by this chapter, a qualified county may impose an additional transient occupancy tax not to exceed five percent of the amount of the charge for the occupancy of any room or space occupied at an eligible historic lodging property. The qualified county may adopt an ordinance implementing the tax only after it holds a public hearing regarding the implementation of such a tax.*

*C. The revenues collected from the additional tax authorized by this section shall be designated solely as local funds to be used to incentivize other entities to invest in substantial rehabilitation, renovation, and expansion projects on eligible historic lodging properties that would enhance local economic development and tourism opportunities.*

*D. The tax imposed hereunder shall not apply to rooms or spaces rented and continuously occupied by the same individual or same group of individuals for 30 or more days.*

CHAPTER 627

*An Act to amend and reenact §§ 62.1-44.15:31, as it shall become effective, and 62.1-44.15:55, as it is currently effective, of the Code of Virginia, relating to stream restoration; standards and specifications.*

[S 576]

Approved March 30, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 62.1-44.15:31, as it shall become effective, and 62.1-44.15:55, as it is currently effective, of the Code of Virginia are amended and reenacted as follows:**

**§ 62.1-44.15:31. (For effective date, see Acts 2016, cc. 68 and 758, as amended by Acts 2017, c. 345) Standards and specifications for state agencies, federal entities, and other specified entities.**

*A. As an alternative to submitting soil erosion control and stormwater management plans for its land-disturbing activities pursuant to § 62.1-44.15:34, the Virginia Department of Transportation shall, and any other state agency or federal entity may, submit standards and specifications for its conduct of land-disturbing activities for Department of Environmental Quality approval. Approved standards and specifications shall be consistent with this article. The Department of Environmental Quality shall have 60 days after receipt in which to act on any standards and specifications submitted or resubmitted to it for approval.*

*B. As an alternative to submitting soil erosion control and stormwater management plans pursuant to § 62.1-44.15:34, electric, natural gas, and telephone utility companies, interstate and intrastate natural gas pipeline companies, railroad companies, and authorities created pursuant to § 15.2-5102 may submit standards and specifications for Department approval that describe how land-disturbing activities shall be conducted. Such standards and specifications may be submitted for the following types of projects:*

1. Construction, installation, or maintenance of electric transmission and distribution lines, oil or gas transmission and distribution pipelines, communication utility lines, and water and sewer lines; and

2. Construction of the tracks, rights-of-way, bridges, communication facilities, and other related structures and facilities of a railroad company.

The Department shall have 60 days after receipt in which to act on any standards and specifications submitted or resubmitted to it for approval. A linear project not included in subdivision 1 or 2, or for which the owner chooses not to submit standards and specifications, shall comply with the requirements of the VESMP or the VESCP and VSMP, as appropriate, in any locality within which the project is located.

C. As an alternative to submitting soil erosion control and stormwater management plans pursuant to § 62.1-44.15:34, any person engaging in more than one jurisdiction in the creation and operation of a wetland mitigation or stream restoration bank that has been approved and is operated in accordance with applicable federal and state guidance, laws, or regulations for the establishment, use, and operation of (i) a wetlands mitigation or stream restoration bank, pursuant to a mitigation banking instrument signed by the Department, the Marine Resources Commission, or the U.S. Army Corps of Engineers, or (ii) a stream restoration project for purposes of reducing nutrients or sediment entering state waters may submit standards and specifications for Department approval that describe how land-disturbing activities shall be conducted. The Department shall have 60 days after receipt in which to act on standards and specifications submitted to it or resubmitted to it for approval.

D. All standards and specifications submitted to the Department shall be periodically updated according to a schedule to be established by the Department and shall be consistent with the requirements of this article. Approval of standards and specifications by the Department does not relieve the owner or operator of the duty to comply with any other applicable local ordinances or regulations. Standards and specifications shall include:

1. Technical criteria to meet the requirements of this article and regulations developed under this article;
2. Provisions for the long-term responsibility and maintenance of any stormwater management control devices and other techniques specified to manage the quantity and quality of runoff;
3. Provisions for administration of the standards and specifications program, project-specific plan design, plan review and plan approval, and construction inspection and compliance;
4. Provisions for ensuring that personnel and contractors assisting the owner in carrying out the land-disturbing activity obtain training or qualifications for soil erosion control and stormwater management as set forth in regulations adopted pursuant to this article;
5. Provisions for ensuring that personnel implementing approved standards and specifications pursuant to this section obtain certifications or qualifications comparable to those required for VESMP personnel pursuant to subsection C of § 62.1-44.15:30;
6. Implementation of a project tracking system that ensures notification to the Department of all land-disturbing activities covered under this article; and
7. Requirements for documenting onsite changes as they occur to ensure compliance with the requirements of this article.

E. The Department shall perform random site inspections or inspections in response to a complaint to ensure compliance with this article and regulations adopted thereunder.

F. The Department shall assess an administrative charge to cover the costs of services rendered associated with its responsibilities pursuant to this section, including standards and specifications review and approval, project inspections, and compliance. The Board may take enforcement actions in accordance with this article and related regulations.

**§ 62.1-44.15:55. (For expiration date, see Acts 2016, cc. 68 and 758, as amended by Acts 2017, c. 345) Regulated land-disturbing activities; submission and approval of erosion and sediment control plan.**

A. Except as provided in § 62.1-44.15:56 for state agency and federal entity land-disturbing activities, no person shall engage in any land-disturbing activity until he has submitted to the VESCP authority an erosion and sediment control plan for the land-disturbing activity and the plan has been reviewed and approved. Upon the development of an online reporting system by the Department, but no later than July 1, 2014, a VESCP authority shall then be required to obtain evidence of Virginia Stormwater Management Program permit coverage where it is required prior to providing approval to begin land disturbance. Where land-disturbing activities involve lands under the jurisdiction of more than one VESCP, an erosion and sediment control plan may, at the request of one or all of the VESCP authorities, be submitted to the Department for review and approval rather than to each jurisdiction concerned. The Department may charge the jurisdictions requesting the review a fee sufficient to cover the cost associated with conducting the review. A VESCP may enter into an agreement with an adjacent VESCP regarding the administration of multijurisdictional projects whereby the jurisdiction that contains the greater portion of the project shall be responsible for all or part of the administrative procedures. Where the land-disturbing activity results from the construction of a single-family residence, an agreement in lieu of a plan may be substituted for an erosion and sediment control plan if executed by the VESCP authority.

B. The VESCP authority shall review erosion and sediment control plans submitted to it and grant written approval within 60 days of the receipt of the plan if it determines that the plan meets the requirements of this article and the Board's regulations and if the person responsible for carrying out the plan certifies that he will properly perform the erosion and sediment control measures included in the plan and shall comply with the provisions of this article. In addition, as a prerequisite to engaging in the land-disturbing activities shown on the approved plan, the person responsible for carrying

out the plan shall provide the name of an individual holding a certificate of competence to the VESCP authority, as provided by § 62.1-44.15:52, who will be in charge of and responsible for carrying out the land-disturbing activity. However, any VESCP authority may waive the certificate of competence requirement for an agreement in lieu of a plan for construction of a single-family residence. If a violation occurs during the land-disturbing activity, then the person responsible for carrying out the agreement in lieu of a plan shall correct the violation and provide the name of an individual holding a certificate of competence, as provided by § 62.1-44.15:52. Failure to provide the name of an individual holding a certificate of competence prior to engaging in land-disturbing activities may result in revocation of the approval of the plan and the person responsible for carrying out the plan shall be subject to the penalties provided in this article.

When a plan is determined to be inadequate, written notice of disapproval stating the specific reasons for disapproval shall be communicated to the applicant within 45 days. The notice shall specify the modifications, terms, and conditions that will permit approval of the plan. If no action is taken by the VESCP authority within the time specified in this subsection, the plan shall be deemed approved and the person authorized to proceed with the proposed activity. The VESCP authority shall act on any erosion and sediment control plan that has been previously disapproved within 45 days after the plan has been revised, resubmitted for approval, and deemed adequate.

C. The VESCP authority may require changes to an approved plan in the following cases:

1. Where inspection has revealed that the plan is inadequate to satisfy applicable regulations; or
2. Where the person responsible for carrying out the approved plan finds that because of changed circumstances or for other reasons the approved plan cannot be effectively carried out, and proposed amendments to the plan, consistent with the requirements of this article and associated regulations, are agreed to by the VESCP authority and the person responsible for carrying out the plan.

D. Electric, natural gas, and telephone utility companies, interstate and intrastate natural gas pipeline companies, and railroad companies shall, and authorities created pursuant to § 15.2-5102 may, file general erosion and sediment control standards and specifications annually with the Department for review and approval. Such standards and specifications shall be consistent with the requirements of this article and associated regulations and the Stormwater Management Act (§ 62.1-44.15:24 et seq.) and associated regulations where applicable. The specifications shall apply to:

1. Construction, installation, or maintenance of electric transmission, natural gas, and telephone utility lines and pipelines, and water and sewer lines; and
2. Construction of the tracks, rights-of-way, bridges, communication facilities, and other related structures and facilities of the railroad company.

The Department shall have 60 days in which to approve the standards and specifications. If no action is taken by the Department within 60 days, the standards and specifications shall be deemed approved. Individual approval of separate projects within subdivisions 1 and 2 is not necessary when approved specifications are followed. Projects not included in subdivisions 1 and 2 shall comply with the requirements of the appropriate VESCP. The Board shall have the authority to enforce approved specifications and charge fees equal to the lower of (i) \$1,000 or (ii) an amount sufficient to cover the costs associated with standard and specification review and approval, project inspections, and compliance.

E. Any person engaging, in more than one jurisdiction, in the creation and operation of a wetland mitigation or stream restoration bank or banks, which have been approved and are operated in accordance with applicable federal and state guidance, laws, or regulations for the establishment, use, and operation of (i) wetlands mitigation or stream restoration banks, pursuant to a mitigation banking instrument signed by the Department of Environmental Quality, the Marine Resources Commission, or the U.S. Army Corps of Engineers, or (ii) a stream restoration project for purposes of reducing nutrients or sediment entering state waters may, at the option of that person, file general erosion and sediment control standards and specifications for wetland mitigation or stream restoration banks annually with the Department for review and approval consistent with guidelines established by the Board.

The Department shall have 60 days in which to approve the specifications. If no action is taken by the Department within 60 days, the specifications shall be deemed approved. Individual approval of separate projects under this subsection is not necessary when approved specifications are implemented through a project-specific erosion and sediment control plan. Projects not included in this subsection shall comply with the requirements of the appropriate local erosion and sediment control program. The Board shall have the authority to enforce approved specifications and charge fees equal to the lower of (i) \$1,000 or (ii) an amount sufficient to cover the costs associated with standard and specification review and approval, projection inspections, and compliance. Approval of general erosion and sediment control specifications by the Department does not relieve the owner or operator from compliance with any other local ordinances and regulations including requirements to submit plans and obtain permits as may be required by such ordinances and regulations.

F. In order to prevent further erosion, a VESCP authority may require approval of an erosion and sediment control plan for any land identified by the VESCP authority as an erosion impact area.

G. For the purposes of subsections A and B, when land-disturbing activity will be required of a contractor performing construction work pursuant to a construction contract, the preparation, submission, and approval of an erosion and sediment control plan shall be the responsibility of the owner.

[S 950]

Approved March 30, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 62.1-44.15:20 and 62.1-44.15:21 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding in Chapter 3.1 of Title 62.1 an article numbered 2.6, consisting of sections numbered 62.1-44.15:80 through 62.1-44.15:84, as follows:**

**§ 62.1-44.15:20. Virginia Water Protection Permit.**

A. Except in compliance with an individual or general Virginia Water Protection Permit issued in accordance with this article, it shall be unlawful to:

1. Excavate in a wetland;
2. On or after October 1, 2001, conduct the following in a wetland:
  - a. New activities to cause draining that significantly alters or degrades existing wetland acreage or functions;
  - b. Filling or dumping;
  - c. Permanent flooding or impounding; or
  - d. New activities that cause significant alteration or degradation of existing wetland acreage or functions; or
3. Alter the physical, chemical, or biological properties of state waters and make them detrimental to the public health, animal or aquatic life, or to the uses of such waters for domestic or industrial consumption, or for recreation, or for other uses unless authorized by a certificate issued by the Board.

B. The Board shall, after providing an opportunity for public comment, issue a Virginia Water Protection Permit if it has determined that the proposed activity is consistent with the provisions of the Clean Water Act and the State Water Control Law and will protect instream beneficial uses.

C. Prior to the issuance of a Virginia Water Protection Permit, the Board shall consult with and give full consideration to any relevant information contained in the state water supply plan described in subsection A of § 62.1-44.38:1 as well as to the written recommendations of the following agencies: the Department of Game and Inland Fisheries, the Department of Conservation and Recreation, the Virginia Marine Resources Commission, the Department of Health, the Department of Agriculture and Consumer Services, and any other interested and affected agencies. When considering the state water supply plan, nothing shall be construed to limit the operation or expansion of an electric generation facility located on a man-made lake or impoundment built for the purpose of providing cooling water to such facility. Such consultation shall include the need for balancing instream uses with offstream uses. Agencies may submit written comments on proposed permits within 45 days after notification by the Board. If written comments are not submitted by an agency within this time period, the Board shall assume that the agency has no comments on the proposed permit and deem that the agency has waived its right to comment. After the expiration of the 45-day period, any such agency shall have no further opportunity to comment.

D. Issuance of a Virginia Water Protection Permit shall constitute the certification required under § 401 of the Clean Water Act, *except for any applicant to the Federal Energy Regulatory Commission for a certificate of public convenience and necessity pursuant to § 7c of the federal Natural Gas Act (15 U.S.C. § 717f(c)) to construct any natural gas transmission pipeline greater than 36 inches inside diameter; in which case issuance of a Virginia Water Protection Permit pursuant to this article and a certification issued pursuant to Article 2.6 (§ 62.1-44.15:80 et seq.) shall together constitute the certification required under § 401 of the federal Clean Water Act.*

E. No locality may impose wetlands permit requirements duplicating state or federal wetlands permit requirements. In addition, no locality shall impose or establish by ordinance, policy, plan, or any other means provisions related to the location of wetlands or stream mitigation in satisfaction of aquatic resource impacts regulated under a Virginia Water Protection Permit or under a permit issued by the U.S. Army Corps of Engineers pursuant to § 404 of the Clean Water Act. However, a locality's determination of allowed uses within zoning classifications or its approval of the siting or construction of wetlands or stream mitigation banks or other mitigation projects shall not be affected by the provisions of this subsection.

F. The Board shall assess compensation implementation, inventory permitted wetland impacts, and work to prevent unpermitted impacts to wetlands.

**§ 62.1-44.15:21. Impacts to wetlands.**

A. Permits shall address avoidance and minimization of wetland impacts to the maximum extent practicable. A permit shall be issued only if the Board finds that the effect of the impact, together with other existing or proposed impacts to wetlands, will not cause or contribute to a significant impairment of state waters or fish and wildlife resources.

B. Permits shall contain requirements for compensating impacts on wetlands. Such compensation requirements shall be sufficient to achieve no net loss of existing wetland acreage and functions and may be met through (i) wetland creation or restoration, (ii) purchase or use of mitigation bank credits pursuant to § 62.1-44.15:23, (iii) contribution to the Wetland and Stream Replacement Fund established pursuant to § 62.1-44.15:23.1 to provide compensation for impacts to wetlands, streams, or other state waters that occur in areas where neither mitigation bank credits nor credits from a Board-approved fund that have met the success criteria are available at the time of permit application, or (iv) contribution to a Board-approved fund dedicated to achieving no net loss of wetland acreage and functions. When utilized in conjunction with creation, restoration, or mitigation bank credits, compensation may incorporate (a) preservation or restoration of upland buffers adjacent to wetlands or other state waters or (b) preservation of wetlands.

C. The Board shall utilize the U.S. Army Corps of Engineers' "Wetlands Delineation Manual, Technical Report Y-87-1, January 1987, Final Report" as the approved method for delineating wetlands. The Board shall adopt appropriate guidance and regulations to ensure consistency with the U.S. Army Corps of Engineers' implementation of delineation practices. The

Board shall also adopt guidance and regulations for review and approval of the geographic area of a delineated wetland. Any such approval of a delineation shall remain effective for a period of five years; however, if the Board issues a permit pursuant to this article for an activity in the delineated wetland within the five-year period, the approval shall remain effective for the term of the permit. Any delineation accepted by the U.S. Army Corps of Engineers as sufficient for its exercise of jurisdiction pursuant to § 404 of the Clean Water Act shall be determinative of the geographic area of that delineated wetland.

D. The Board shall develop general permits for such activities in wetlands as it deems appropriate. General permits shall include such terms and conditions as the Board deems necessary to protect state waters and fish and wildlife resources from significant impairment. The Board is authorized to waive the requirement for a general permit or deem an activity in compliance with a general permit when it determines that an isolated wetland is of minimal ecological value. The Board shall develop general permits for:

1. Activities causing wetland impacts of less than one-half of an acre;
2. Facilities and activities of utilities and public service companies regulated by the Federal Energy Regulatory Commission or State Corporation Commission, *except for construction of any natural gas transmission pipeline that is greater than 36 inches inside diameter pursuant to a certificate of public convenience and necessity under § 7c of the federal Natural Gas Act (15 U.S.C. § 717f(c))*. No Board action on an individual or general permit for such facilities shall alter the siting determination made through Federal Energy Regulatory Commission or State Corporation Commission approval. The Board and the State Corporation Commission shall develop a memorandum of agreement pursuant to §§ 56-46.1, 56-265.2, 56-265.2:1, and 56-580 to ensure that consultation on wetland impacts occurs prior to siting determinations;
3. Coal, natural gas, and coalbed methane gas mining activities authorized by the Department of Mines, Minerals and Energy, and sand mining;
4. Virginia Department of Transportation or other linear transportation projects; and
5. Activities governed by nationwide or regional permits approved by the Board and issued by the U.S. Army Corps of Engineers. Conditions contained in the general permits shall include, but not be limited to, filing with the Board any copies of preconstruction notification, postconstruction report, and certificate of compliance required by the U.S. Army Corps of Engineers.

E. Within 15 days of receipt of an individual permit application, the Board shall review the application for completeness and either accept the application or request additional specific information from the applicant. Within 120 days of receipt of a complete application, the Board shall issue the permit, issue the permit with conditions, deny the permit, or decide to conduct a public meeting or hearing. If a public meeting or hearing is held, it shall be held within 60 days of the decision to conduct such a proceeding, and a final decision as to the permit shall be made within 90 days of completion of the public meeting or hearing. *In addition, for an individual permit application related to an application to the Federal Energy Regulatory Commission for a certificate of public convenience and necessity pursuant to § 7c of the federal Natural Gas Act (15 U.S.C. § 717f(c)) for construction of any natural gas transmission pipeline greater than 36 inches inside diameter, the Board shall complete its consideration within the one-year period established under 33 U.S.C. § 1341(a).*

F. Within 15 days of receipt of a general permit application, the Board shall review the application for completeness and either accept the application or request additional specific information from the applicant. A determination that an application is complete shall not mean the Board will issue the permit but means only that the applicant has submitted sufficient information to process the application. The Board shall deny, approve, or approve with conditions any application for coverage under a general permit within 45 days of receipt of a complete preconstruction application. The application shall be deemed approved if the Board fails to act within 45 days.

G. No Virginia Water Protection Permit shall be required for impacts to wetlands caused by activities governed under Chapter 13 (§ 28.2-1300 et seq.) of Title 28.2 or normal agricultural activities or normal silvicultural activities. This section shall also not apply to normal residential gardening, lawn and landscape maintenance, or other similar activities that are incidental to an occupant's ongoing residential use of property and of minimal ecological impact. The Board shall develop criteria governing this exemption and shall specifically identify the activities meeting these criteria in its regulations.

H. No Virginia Water Protection Permit shall be required for impacts caused by the construction or maintenance of farm or stock ponds, but other permits may be required pursuant to state and federal law. For purposes of this exclusion, farm or stock ponds shall include all ponds and impoundments that do not fall under the authority of the Virginia Soil and Water Conservation Board pursuant to Article 2 (§ 10.1-604 et seq.) of Chapter 6 pursuant to normal agricultural or silvicultural activities.

*1. An individual Virginia Water Protection Permit shall be required for impacts to state waters for the construction of any natural gas transmission pipeline greater than 36 inches inside diameter pursuant to a certificate of public convenience and necessity under § 7c of the federal Natural Gas Act (15 U.S.C. § 717f(c)). For purposes of this subsection:*

1. *Each wetland and stream crossing shall be considered as a single and complete project; however, only one individual Virginia Water Protection Permit addressing all such crossings shall be required for any such pipeline. Notwithstanding the requirement for only one such individual permit addressing all such crossings, individual review of each proposed water body crossing with an upstream drainage area of five square miles or greater shall be performed.*

2. All pipelines shall be constructed in a manner that minimizes temporary and permanent impacts to state waters and protects water quality to the maximum extent practicable, including by the use of applicable best management practices that the Board determines to be necessary to protect water quality.

3. The Department shall assess an administrative charge to any applicant for such project to cover the direct costs of services rendered associated with its responsibilities pursuant to this subsection. This administrative charge shall be in addition to any fee assessed pursuant to § 62.1-44.15:6.

Article 2.6.

*Additional Upland Conditions for Water Quality Certification.*

**§ 62.1-44.15:80. Findings and purpose.**

The General Assembly determines and finds that to comply with § 401 of the federal Clean Water Act (33 U.S.C. § 1341), any applicant for a federal license or permit to conduct any activity that may result in any discharge into navigable waters shall provide the federal licensing or permitting authority with a certification from the state in which the discharge originates or will originate certifying that any such discharge will comply with applicable provisions of the Clean Water Act. The General Assembly determines and finds that the Virginia Water Protection Permit program has proven to be sufficient to evaluate and, when necessary, mitigate potential water quality impacts for most federally permitted projects. Virginia Water Protection Permit coverage addresses the impacts caused to wetlands and streams by excavating in a wetland, draining or significantly altering wetland acreage or function, filling or dumping in a stream or wetland, or permanently flooding or impounding a wetland area or stream. However, the conditions and requirements of a Virginia Water Protection Permit do not cover activities in upland areas, outside of wetlands and streams, that may result in a discharge to state waters. The General Assembly determines and finds that for construction of natural gas transmission pipelines greater than 36 inches inside diameter that are subject to a certificate of public convenience and necessity under § 7c of the federal Natural Gas Act (15 U.S.C. § 717f(c)), there may be activities in upland areas that may have the potential to affect water quality but that do not fall within the scope of the Virginia Water Protection Permit program. Information related to such impacts would not be contained in the Joint Permit Application utilized to determine permit conditions for a Virginia Water Protection Permit. The General Assembly determines and finds that issuance of a Virginia Water Protection Permit and a certification issued pursuant to this article shall together constitute the certification required under § 401 of the Clean Water Act for natural gas transmission pipelines greater than 36 inches inside diameter subject to § 7c of the Natural Gas Act.

**§ 62.1-44.15:81. Application and preparation of draft certificate conditions.**

A. Any applicant for a federal license or permit for a natural gas transmission pipeline greater than 36 inches inside diameter subject to § 7c of the federal Natural Gas Act (15 U.S.C. § 717f(c)) shall submit a separate application, at the same time the Joint Permit Application is submitted, to the Department containing a description of all activities that will occur in upland areas, including activities in or related to (i) slopes with a grade greater than 15 percent; (ii) karst geology features, including sinkholes and underground springs; (iii) proximity to sensitive streams and wetlands identified by the Department of Conservation and Recreation or the Department of Game and Inland Fisheries; (iv) seasonally high water tables; (v) water impoundment structures and reservoirs; and (vi) areas with highly erodible soils, low pH, and acid sulfate soils.

B. At any time during the review of the application, but prior to issuing a certification pursuant to this article, the Department may issue an information request to the applicant for any relevant additional information necessary to determine (i) if any activities related to the applicant's project in upland areas are likely to result in a discharge to state waters and (ii) how the applicant proposes to minimize water quality impacts to the maximum extent practicable to protect water quality. The information request shall provide a reasonable amount of time for the applicant to respond.

C. The Department shall review the information contained in the application and any additional information obtained through any information requests issued pursuant to subsection B to determine if any activities described in the application or in any additional information requests (i) are likely to result in a discharge to state waters with the potential to adversely impact water quality and (ii) will not be addressed by the Virginia Water Protection Permit issued for the activity pursuant to Article 2.2 (§ 62.1-44.15:20 et seq.). The Department of Game and Inland Fisheries, the Department of Conservation and Recreation, the Department of Health, and the Department of Agriculture and Consumer Services shall consult with the Department during the review of the application and any additional information obtained through any information requests issued pursuant to subsection B. Following the conclusion of its review, the Department shall develop a draft certification for public comment and potential issuance by the Department or the Board pursuant to § 62.1-44.15:02 that contains any additional conditions for activities in upland areas necessary to protect water quality. The Department shall make the information contained in the application and any additional information obtained through any information requests issued pursuant to subsection B available to the public.

D. Notwithstanding any applicable annual standards and specifications for erosion and sediment control or stormwater management pursuant to Article 2.3 (§ 62.1-44.15:24 et seq.) or 2.4 (§ 62.1-44.15:51 et seq.), the applicant shall not commence land-disturbing activity prior to approval by the Department of an erosion and sediment control plan and stormwater management plan in accordance with applicable regulations. The Department shall act on any plan submittal within 60 days after initial submittal of a completed plan to the Department. The Department may issue either approval or disapproval and shall provide written rationale for any disapproval. The Department shall act on any plan that has been previously disapproved within 30 days after the plan has been revised and resubmitted for approval.

*E. No action by either the Department or the Board on a certification pursuant to this article shall alter the siting determination made through Federal Energy Regulatory Commission or State Corporation Commission approval.*

*F. The Department shall assess an administrative charge to the applicant to cover the direct costs of services rendered associated with its responsibilities pursuant to this section.*

**§ 62.1-44.15:82. Public notice of draft certificate conditions.**

*A. The Department shall prepare a public notice of draft certification conditions developed pursuant to § 62.1-44.15:81 that the applicant shall cause to be published once in one or more newspapers of general circulation selected by the Department in the areas in which the proposed activity is to take place.*

*B. The public notice shall include:*

*1. The name, address, telephone number, and government email address of the Department office at which persons may obtain information pertinent to the application;*

*2. A brief description of the activity that may result in a discharge to state waters or how to obtain detailed information on the activity;*

*3. The location of such activity and the state waters that may be affected. The location shall include a listing of all counties and cities in which the activity will occur and include either maps of the project area or directions on how to access such maps. Where possible, location information shall reference route numbers, road intersections, map coordinates, or similar information or how to obtain detailed information on the activity;*

*4. A summary of the draft certification conditions;*

*5. A brief description of the procedures for formulation of a final determination of any conditions, including the appropriate comment period required by subsection C and the means by which interested persons may comment on the application; and*

*6. Instructions for requesting a public hearing if a public hearing is not already scheduled.*

*C. If no public hearing has already been scheduled, a period of 30 days following the date of the publication of public notice shall be provided during which interested persons may submit written comments and requests for a hearing. If a public hearing has already been scheduled, public notice shall be provided at least 30 days before the public hearing date.*

**§ 62.1-44.15:83. Requests for public hearing, hearings, and final decisions procedures.**

*A. The issuance of a certification pursuant to this article shall be a permit action for purposes of § 62.1-44.15:02.*

*B. The Department shall assess an administrative charge to the applicant to cover the direct costs of services rendered associated with its responsibilities pursuant to this section.*

**§ 62.1-44.15:84. Requests for modification or revocation; public notice.**

*A. The applicant or the Department may request that conditions in the certification be modified or revoked. Requests for modification or revocation of any certification conditions shall contain the following information:*

*1. If the request is made by the applicant, the name, mailing address, and telephone number of the requester and the name, mailing address, and telephone number of any person representing the requestor;*

*2. Where applicable, a statement specifically setting forth the requested modification and the reason for such modification; and*

*3. Where applicable, a statement specifically setting forth the reason for the requested revocation.*

*B. The Director shall review all requests for modification or revocation and make a tentative determination within 60 days of receipt of the completed request whether to grant or deny the requested modification or revocation.*

*C. Any draft modification or revocation shall be public noticed, and final decisions shall be made in the same manner as the original certification.*

**2. That the provisions of this act shall apply to any application submitted on or after July 1, 2018, for a federal license or permit for construction of a natural gas transmission pipeline that has an inside diameter of greater than 36 inches pursuant to a certificate of public convenience and necessity under § 7c of the federal Natural Gas Act (15 U.S.C. § 717f(c)).**

**CHAPTER 637**

Whereas, Rocky Fugett and Jessica Fugett attended Western Albemarle High School, where Robert Davis also attended; and

Whereas, Rocky Fugett and Jessica Fugett were interrogated by investigators of the Albemarle County Police Department on February 21, 2003; and

Whereas, Rocky Fugett and Jessica Fugett admitted to the murders of Nola Annette Charles and William Thomas Charles and also implicated Robert Davis and others not prosecuted; and

Whereas, Rocky Fugett and Jessica Fugett were known to have bullied and harbored a deep hatred of Robert Davis; and

Whereas, there was substantial physical and forensic evidence linking Rocky Fugett and Jessica Fugett to the deaths of Nola Annette Charles and Williams Thomas Charles; and

Whereas, the statements by Rocky Fugett and Jessica Fugett implicating Robert Davis in the deaths of Nola Annette Charles and William Thomas Charles were never corroborated by any independent evidence; and

Whereas, Robert Davis was arrested on February 22, 2003, and subsequently interrogated by investigators of the Albemarle County Police Department; and

Whereas the video-taped interrogation commenced at 2:00 a.m., February 22, 2003, and continued until 8:00 a.m., February 22, 2003; and

Whereas, at the time of his arrest, Robert Davis was 18 years of age, was a senior at Western Albemarle High School, and had no prior adult criminal record; and

Whereas, at the time of his arrest, Robert Davis had a learning disability and had attended a special school for learning disabled students; and

Whereas, at the time of his arrest, Robert Davis was ill with a virus, was on antibiotic medication, and periodically used a breathing device for his asthma; and

Whereas, Robert Davis denied any involvement in the deaths of Nola Annette Charles and William Thomas Charles at least 78 times during almost six hours of video-taped interrogation; and

Whereas, Robert Davis asked to be given a polygraph examination at least five times and stated at least 26 times that he had not been in the Charleses' house; and

Whereas, the investigators interrogating Robert Davis did not have any independent, physical, or forensic evidence linking Robert Davis to the deaths of Nola Annette Charles and William Thomas Charles, only statements made by Rocky Fugett and Jessica Fugett implicating Robert Davis; and

Whereas, through improper and questionable interrogating procedures and techniques, the investigators fed Robert Davis facts relevant to the deaths of Nola Annette Charles and William Thomas Charles; and

Whereas, through these improper and questionable interrogating procedures and techniques, coupled with other salient factors, the investigators eventually wore Robert Davis down and overbore his will, and Robert Davis eventually confessed to the deaths of Nola Annette Charles and William Thomas Charles; and

Whereas, Robert Davis's confession was never corroborated by any independent evidence linking Robert Davis to the deaths of Nola Annette Charles and William Thomas Charles and the confession given by Robert Davis did not fit the facts of the crime scene; and

Whereas, upon the conclusion of the interrogation by investigators of the Albemarle County Police Department, Robert Davis once again insisted that he was not involved in the deaths of Nola Annette Charles and William Thomas Charles; and

Whereas, on October 6, 2003, Robert Davis was indicted on two counts of first-degree murder, two counts of attempted murder, and arson, robbery, and burglary; and

Whereas, a Motion to Suppress the Confession was heard by the Albemarle Circuit Court on December 2, 2003, and said motion was denied as a matter of constitutional law, leaving the reliability of the confession to the judgment of the jury; and

Whereas, prosecutors notified the attorneys for Robert Davis that Rocky Fugett would testify against Robert Davis; and

Whereas, Robert Davis, if convicted at trial, could have been sentenced to life imprisonment in the Virginia Department of Corrections; and

Whereas, the prosecutors offered Robert Davis the opportunity to plead guilty to the first-degree murder of Nola Annette Charles and the second-degree murder of William Thomas Charles and indicated that they would recommend a sentence of 23 years in the Virginia Department of Corrections; and

Whereas, Robert Davis continued to insist that he was innocent and was not involved in the deaths of Nola Annette Charles and William Thomas Charles; and

Whereas, the attorneys for Robert Davis were concerned that if Robert Davis went to trial on these charges and were found guilty, he likely would receive at least one life sentence; and

Whereas, upon consultation with his attorneys, who recommended that he accept the plea agreement, Robert Davis reluctantly agreed; and

Whereas, Robert Davis entered an "Alford Plea," which would allow him to maintain his innocence while acknowledging that the prosecutors could prove the charges; and

Whereas, on April 19, 2004, after entering his Alford Plea, Robert Davis, while still maintaining his innocence, was sentenced to 23 years in the Virginia Department of Corrections; and

Whereas, in 2006, Rocky Fugett, who was sentenced to 75 years in the Virginia Department of Corrections for his role in the deaths of Nola Annette Charles and William Thomas Charles, contacted the attorney for Robert Davis and recanted his statement, under oath, that Robert Davis was involved in the deaths of Nola Annette Charles and William Thomas Charles; and

Whereas, in 2012, Jessica Fugett, who was sentenced to 100 years in the Virginia Department of Corrections for her role in the deaths of Nola Annette Charles and William Thomas Charles, contacted the attorney for Robert Davis and recanted her statement, under oath, that Robert Davis was involved in the deaths of Nola Annette Charles and William Thomas Charles; and

Whereas, a Petition for Clemency on behalf of Robert Davis was filed in 2012 with the Office of the Governor of Virginia; and

Whereas, nationally recognized experts in the field of interrogation practices and procedures, along with mental health experts who evaluated Robert Davis, examined the interrogation processes and procedures used against Robert Davis and evidence related to the deaths of Nola Annette Charles and William Thomas Charles and opined that the interrogation of Robert Davis that led to his confession was improper and unreliable; and

Whereas, on December 21, 2015, Governor Terry McAuliffe granted the Petition for Clemency and issued a Conditional Pardon releasing Robert Davis from prison and placing him on parole; and

Whereas, in 2016, the Chief of Albemarle County Police Department and a senior detective stated that Robert Davis's confession was improperly obtained and thus unreliable, and this was presented to Governor Terry McAuliffe as a basis to request an absolute pardon for Robert Davis and a declaration of innocence; and

Whereas, on December 15, 2016, Governor Terry McAuliffe granted the Petition for Clemency, issued an Absolute Pardon, and declared Robert Davis innocent in the deaths of Nola Annette Charles and William Thomas Charles; and

Whereas, Robert Davis, as a result of this wrongful incarceration, has lost almost 13 years of his freedom and countless life experiences and opportunities, including the loss of family relations, the opportunity to further his education, and the opportunity to earn potential income from gainful employment during his years of incarceration; and

Whereas, Robert Davis, as a result of this wrongful incarceration, has suffered severe physical, emotional, and psychological damage; and

Whereas, Robert Davis has no other means to obtain adequate relief except by action of this body; now, therefore,

**Be it enacted by the General Assembly of Virginia:**

1. § 1. *That there is hereby appropriated from the general fund of the state treasury the sum of \$582,313 for the relief of Robert Davis, to be paid by check issued by the State Treasurer on warrant of the Comptroller upon execution of a release of any present or future claims Robert Davis may have against (i) the Commonwealth or any agency, instrumentality, officer, employee, or political subdivision thereof, (ii) any legal counsel appointed pursuant to § 19.2-159 of the Code of Virginia, and (iii) all other parties of interest in connection with the aforesaid occurrence.*

*The State Treasurer shall purchase the annuity at the lowest cost available from any A+ rated company authorized to sell annuities in the Commonwealth, including any A+ rated company from which the State Lottery Department may purchase an annuity. The annuity shall provide that it shall not be sold, discounted, or used as securitization for loans and mortgages. The annuity shall, however, contain beneficiary provisions providing for the annuity's continued disbursement in the event of Robert Davis's death.*

§ 2. *That Robert Davis shall be entitled to receive career and technical training within the Virginia Community College System free of tuition charges, up to a maximum of \$10,000. The cost for the tuition benefit shall be paid by the community*

**§ 38.2-401. Fire Programs Fund.**

A. 1. There is hereby established in the state treasury a special nonreverting fund to be known as the Fire Programs Fund, hereinafter referred to as "the Fund." The Fund shall be administered by the Department of Fire Programs under policies and definitions established by the Virginia Fire Services Board. All moneys collected pursuant to the assessment made by the Commission pursuant to subdivision 2 of this subsection shall be paid into the state treasury and credited to the Fund. The Fund shall also consist of any moneys appropriated thereto by the General Assembly and any grants or other moneys received by the Virginia Fire Services Board or Department of Fire Programs for the purposes set forth in this section. Any moneys deposited to or remaining in such Fund during or at the end of each fiscal year or biennium, including interest thereon, shall not revert to the general fund but shall remain in the Fund. Interest earned on all moneys in the Fund and interest earned on moneys held by the Commission pursuant to subdivision 2 of this subsection prior to the deposit of such moneys into the Fund, including interest earned on such moneys during any period when the Commission is reconciling payments from insurers, shall remain in or be deposited into the Fund, as the case may be, and be credited to it. Such interest shall be set aside for fire service purposes in accordance with policies developed by the Virginia Fire Services Board. Notwithstanding any other provision of law to the contrary, policies established by the Virginia Fire Services Board for the administration of the Fund, and any grants provided from the Fund, that are not inconsistent with the purposes set out

in this section shall be binding upon any locality that accepts such funds or related grants. The Commission shall be reimbursed from the Fund for all expenses necessary for the administration of this section. The balance of moneys in the Fund shall be allocated periodically as provided in this section. B. After reserving funds for the Fire Services Grant Program and Dry Fire Hydrant Grant Program pursuant to subsection D, 75 percent of the remaining moneys available for allocation from the Fund shall be allocated to the several counties, cities, and towns of the Commonwealth providing fire service operations to be used for the improvement of volunteer and career fire services in each of the receiving localities. In order to remain eligible for such funds, each receiving locality shall report annually to the Department on the use of the funds allocated to it for the previous year and shall provide a completed Fire Programs Fund Disbursement Agreement form. Each receiving locality shall be responsible for certifying the proper use of the funds. If, at the end of any annual reporting period, a satisfactory report and a completed agreement form have not been submitted by a receiving locality, any funds due to that locality for the next year shall not be retained. Such funds shall be added to the 75 percent of the Fund allocated to the counties, cities, and towns of the Commonwealth for improvement of fire services in localities.

C. All grants provided from these programs shall be administered by the Department according to the policies established by the Virginia Fire Services Board.

E. Moneys in the Fund shall not be diverted or expended for any purpose not authorized by this section.

F. The Director shall establish written standards for determining the extent to which clients outside the Commonwealth shall be financially responsible for the cost of fire and emergency services training provided by the Department of Fire Programs. Prohibiting such contacts by the respondent with the allegedly abused person or family or household members of the allegedly abused person, including prohibiting the respondent from being in the physical presence of the allegedly abused person or family or household members of the allegedly abused person, as the judge or magistrate deems necessary to protect the safety of such persons;
3. Granting the family or household member possession of the premises occupied by the parties to the exclusion of the respondent; however, no such grant of possession shall affect title to any real or personal property; and
4. Granting the petitioner the possession of any companion animal as defined in § 3.2-6500 if such petitioner meets the definition of owner in § 3.2-6500.

When the judge or magistrate considers the issuance of an emergency protective order pursuant to clause (i), he shall presume that there is probable danger of further acts of family abuse against a family or household member by the respondent unless the presumption is rebutted by the allegedly abused person.

C. An emergency protective order issued pursuant to this section shall expire at 11:59 p.m. on the third day following issuance. If the expiration occurs on a day that the court is not in session, the emergency protective order shall be extended until 11:59 p.m. on the next day that the juvenile and domestic relations district court is in session. When issuing an emergency protective order under this section, the judge or magistrate shall provide the protected person or the law-enforcement officer seeking the emergency protective order with the form for use in filing petitions pursuant to § 16.1-253.1 and written information regarding protective orders that shall include the telephone numbers of domestic violence agencies and legal referral sources on a form prepared by the Supreme Court. If these forms are provided to a law-enforcement officer, the officer may provide these forms to the protected person when giving the emergency protective order to the protected person. The respondent may at any time file a motion with the court requesting a hearing to dissolve or modify the order issued hereunder. The hearing on the motion shall be given precedence on the docket of the court.

D. A law-enforcement officer may request an emergency protective order pursuant to this section and, if the person in need of protection is physically or mentally incapable of filing a petition pursuant to § 16.1-253.1 or 16.1-279.1, may request the extension of an emergency protective order for an additional period of time not to exceed three days after expiration of the original order. The request for an emergency protective order or extension of an order may be made orally, in person or by electronic means, and the judge of a circuit court, general district court, or juvenile and domestic relations district court or a magistrate may issue an oral emergency protective order. An oral emergency protective order issued pursuant to this section shall be reduced to writing, by the law-enforcement officer requesting the order or the magistrate on a preprinted form approved and provided by the Supreme Court of Virginia. The completed form shall include a statement of the grounds for the order asserted by the officer or the allegedly abused person.

E. The court or magistrate shall forthwith, but in all cases no later than the end of the business day on which the order was issued, enter and transfer electronically to the Virginia Criminal Information Network the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court or magistrate. A copy of an emergency protective order issued pursuant to this section containing any such identifying information shall be forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders. Upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith upon the respondent and due return made to the court. However, if the order is issued by the circuit court, the clerk of the circuit court shall forthwith forward an attested copy of the order containing the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court to the primary law-enforcement agency providing service and entry of protective orders and upon receipt of the order, the primary law-enforcement agency shall enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia Criminal Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith on the respondent. Upon service, the agency making service shall enter the date and time of service and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network and make due return to the court. One copy of the order shall be given to the allegedly abused person when it is issued, and one copy shall be filed with the written report required by subsection D of § 19.2-81.3. The judge or magistrate who issues an oral order pursuant to an electronic request by a law-enforcement officer shall verify the written order to determine whether the officer who reduced it to writing accurately transcribed the contents of the oral order. The original copy shall be filed with the clerk of the juvenile and domestic relations district court within five business days of the issuance of the order. If the order is later dissolved or modified, a copy of the dissolution or modification order shall also be attested, forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders, and upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network as described above and the order shall be served forthwith and due return made to the court. Upon request, the clerk shall provide the allegedly abused person with information regarding the date and time of service.

F. The availability of an emergency protective order shall not be affected by the fact that the family or household member left the premises to avoid the danger of family abuse by the respondent.

G. The issuance of an emergency protective order shall not be considered evidence of any wrongdoing by the respondent.

H. As used in this section, "law-enforcement officer" means (i) any full-time or part-time employee of a police department or sheriff's office which is part of or administered by the Commonwealth or any political subdivision thereof and who is responsible for the prevention and detection of crime and the enforcement of the penal, traffic, or highway laws of the Commonwealth; (ii) any member of an auxiliary police force established pursuant to § 15.2-1731; and (iii) any special conservator of the peace who meets the certification requirements for a law-enforcement officer as set forth in § 15.2-1706. Neither a law-enforcement agency, the attorney for the Commonwealth, a court nor the clerk's office, nor any employee of them, may disclose, except among themselves, the residential address, telephone number, or place of employment of the person protected by the order or that of the family of such person, except to the extent that disclosure is

If a protective order is issued pursuant to subsection A, the court may also issue a temporary child support order for the support of any children of the petitioner whom the respondent has a legal obligation to support. Such order shall terminate upon the determination of support pursuant to § 20-108.1.

B. The protective order may be issued for a specified period of time up to a maximum of two years. The protective order shall expire at 11:59 p.m. on the last day specified or at 11:59 p.m. on the last day of the two-year period if no date is specified. Prior to the expiration of the protective order, a petitioner may file a written motion requesting a hearing to extend the order. Proceedings to extend a protective order shall be given precedence on the docket of the court. If the petitioner was a family or household member of the respondent at the time the initial protective order was issued, the court may extend the protective order for a period not longer than two years to protect the health and safety of the petitioner or persons who are family or household members of the petitioner at the time the request for an extension is made. The extension of the protective order shall expire at 11:59 p.m. on the last day specified or at 11:59 p.m. on the last day of the two-year period if no date is specified. The court, including a circuit court if the circuit court issued the order, shall forthwith, but in all cases no later than the end of the business day on which the order was issued, enter and transfer electronically to the Virginia Criminal Information Network the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court and shall forthwith forward the attested copy of the protective order containing any such identifying information to the primary law-enforcement agency responsible for service and entry of protective orders. Upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith upon the respondent and due return made to the court. Upon service, the agency making service shall enter the date and time of service and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network and make due return to the court. D. Except as otherwise provided in § 16.1-253.2, a violation of a protective order issued under this section shall constitute contempt of court.

E. The court may assess costs and attorneys' fees against either party regardless of whether an order of protection has been issued as a result of a full hearing.

F. Any judgment, order or decree, whether permanent or temporary, issued by a court of appropriate jurisdiction in another state, the United States or any of its territories, possessions or Commonwealths, the District of Columbia or by any tribal court of appropriate jurisdiction for the purpose of preventing violent or threatening acts or harassment against or contact or communication with or physical proximity to another person, including any of the conditions specified in subsection A, shall be accorded full faith and credit and enforced in the Commonwealth as if it were an order of the Commonwealth, provided reasonable notice and opportunity to be heard were given by the issuing jurisdiction to the person against whom the order is sought to be enforced sufficient to protect such person's due process rights and consistent with federal law. A person entitled to protection under such a foreign order may file the order in any juvenile and domestic relations district court by filing with the court an attested or exemplified copy of the order. Upon such a filing, the clerk shall forthwith forward an attested copy of the order to the primary law-enforcement agency responsible for service and entry of protective orders which shall, upon receipt, enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52. Where practical, the court may transfer information electronically to the Virginia Criminal Information Network.

Upon inquiry by any law-enforcement agency of the Commonwealth, the clerk shall make a copy available of any foreign order filed with that court. A law-enforcement officer may, in the performance of his duties, rely upon a copy of a foreign protective order or other suitable evidence which has been provided to him by any source and may also rely upon the statement of any person protected by the order that the order remains in effect.

G. Either party may at any time file a written motion with the court requesting a hearing to dissolve or modify the order. Proceedings to dissolve or modify a protective order shall be given precedence on the docket of the court.

Upon request, the clerk shall provide the alleged victim of such crime with information regarding the date and time of service.

F. The issuance of an emergency protective order shall not be considered evidence of any wrongdoing by the respondent.

The order may be issued in an ex parte proceeding upon good cause shown when the petition is supported by an affidavit or sworn testimony before the judge or intake officer. Immediate and present danger of any act of violence, force, or threat or evidence sufficient to establish probable cause that an act of violence, force, or threat has recently occurred shall constitute good cause.

If the respondent fails to appear at this hearing because the respondent was not personally served, the court may extend the protective order for a period not to exceed six months. The extended protective order shall be served as soon as possible on the respondent. However, upon motion of the respondent and for good cause shown, the court may continue the hearing. The preliminary order shall remain in effect until the hearing. Upon receipt of the return of service or other proof of service pursuant to subsection C of § 16.1-264, the clerk shall forthwith forward an attested copy of the preliminary protective order to primary law-enforcement agency and the agency shall forthwith verify and enter any modification as necessary into the Virginia Criminal Information Network as described above. ## CHAPTER 666

*An Act to amend and reenact § 19.2-386.14 of the Code of Virginia, relating to sharing of forfeited assets; report.*

[S 813]

Approved March 30, 2018

**Be it enacted by the General Assembly of Virginia:****1. That § 19.2-386.14 of the Code of Virginia is amended and reenacted as follows:****§ 19.2-386.14. Sharing of forfeited assets.**

A. All cash, negotiable instruments, and proceeds from a sale conducted pursuant to § 19.2-386.7 or 19.2-386.12, after deduction of expenses, fees, and costs as provided in § 19.2-386.12, shall, as soon after entry of the forfeiture as is practicable, be distributed in a manner consistent with this chapter and Article VIII, Section 8 of the Constitution of Virginia.

A1. All cash, negotiable instruments and proceeds from a sale conducted pursuant to § 19.2-386.7 or 19.2-386.12, after deduction of expenses, fees and costs as provided in § 19.2-386.12, shall, as soon after entry of the forfeiture as is practicable, be paid over to the state treasury into a special fund of the Department of Criminal Justice Services for distribution in accordance with this section. The forfeited property and proceeds, less 10 percent, shall be made available to federal, state and local agencies to promote law enforcement in accordance with this section and regulations adopted by the Criminal Justice Services Board to implement the asset-sharing program.

The 10 percent retained by the Department shall be held in a nonreverting fund, known as the Asset Sharing Administrative Fund. Administrative costs incurred by the Department to manage and operate the asset-sharing program shall be paid from the Fund. Any amounts remaining in the Fund after payment of these costs shall be used to promote state or local law-enforcement activities. Distributions from the Fund for these activities shall be based upon need and shall be made from time to time in accordance with regulations promulgated by the Board.

B. Any federal, state or local agency or office that directly participated in the investigation or other law-enforcement activity which led, directly or indirectly, to the seizure and forfeiture shall be eligible for, and may petition the Department for, return of the forfeited asset or an equitable share of the net proceeds, based upon the degree of participation in the law-enforcement effort resulting in the forfeiture, taking into account the total value of all property forfeited and the total law-enforcement effort with respect to the violation of law on which the forfeiture is based. Upon finding that the petitioning agency is eligible for distribution and that all participating agencies agree on the equitable share of each, the Department shall distribute each share directly to the appropriate treasury of the participating agency.

If all eligible participating agencies cannot agree on the equitable shares of the net proceeds, the shares shall be determined by the Criminal Justice Services Board in accordance with regulations which shall specify the criteria to be used by the Board in assessing the degree of participation in the law-enforcement effort resulting in the forfeiture.

C. After the order of forfeiture is entered concerning any motor vehicle, boat, aircraft, or other tangible personal property, any seizing agency may (i) petition the Department for return of the property that is not subject to a grant or pending petition for remission or (ii) request the circuit court to order the property destroyed. Where all the participating agencies agree upon the equitable distribution of the tangible personal property, the Department shall return the property to those agencies upon finding that (a) the agency meets the criteria for distribution as set forth in subsection B and (b) the agency has a clear and reasonable law-enforcement need for the forfeited property.

If all eligible participating agencies cannot agree on the distribution of the property, distribution shall be determined by the Criminal Justice Services Board as in subsection B, taking into consideration the clear and reasonable law-enforcement needs for the property which the agencies may have. In order to equitably distribute tangible personal property, the Criminal Justice Services Board may require the agency receiving the property to reimburse the Department in cash for the difference between the fair market value of the forfeited property and the agency's equitable share as determined by the Criminal Justice Services Board.

If a seizing agency has received property for its use pursuant to this section, when the agency disposes of the property (1) by sale, the proceeds shall be distributed as set forth in this section; or (2) by destruction pursuant to a court order, the agency shall do so in a manner consistent with this section.

D. All forfeited property, including its proceeds or cash equivalent, received by a participating state or local agency pursuant to this section shall be used to promote law enforcement but shall not be used to supplant existing programs or funds. The Board shall promulgate regulations establishing an audit procedure to ensure compliance with this section.

E. On or after July 1, 2012, but before July 1, 2014, local seizing agencies may contribute cash funds and proceeds from forfeited property to the Virginia Public Safety Foundation to support the construction of the Commonwealth Public Safety Memorial. Any funds contributed by seizing agencies shall be contributed only after an internal analysis to determine that such contributions will not negatively impact law-enforcement training or operations.

F. The Department shall report annually on or before December 31 to the Governor and the General Assembly the amount of all cash, negotiable instruments, and proceeds from sales conducted pursuant to § 19.2-386.7 or 19.2-386.12 that were forfeited to the Commonwealth, including the amount of all forfeitures distributed to the Literary Fund. Such report shall also detail the amount distributed by the Department to each federal, state, or local agency or office pursuant to this section, and the amount each state or local agency or office received from federal asset forfeiture proceedings. *Any state or*

*local agency that receives a forfeited asset or an equitable share of the net proceeds of a forfeited asset from the Department or from a federal asset forfeiture proceeding shall inform the Department, in a manner prescribed by the Department, of (i) the offense on which the forfeiture is based listed in the information filed pursuant to § 19.2-386.1, (ii) any criminal charge brought against the owner of the forfeited asset, and (iii) if a criminal charge was brought against the owner of the forfeited asset, the status of the charge, including whether the charge is pending or resulted in a conviction. The Department shall include such information in the annual report. The Department shall ensure that such report is available to the public.*

B. An application for an ex parte order authorizing the installation and use of a pen register or trap and trace device may be filed in the jurisdiction where the ongoing criminal investigation is being conducted; where there is probable cause to believe that an offense was committed, is being committed, or will be committed; or where the person or persons who subscribe to the wire or electronic communication system live, work, or maintain an address or a post office box. For the purposes of an order entered pursuant to this section for the installation and use of a pen register or trap and trace device, such installation shall be deemed to occur in the jurisdiction where the order is entered, regardless of the physical location or the method by which the information is captured or routed to the law-enforcement officer that made the application. Upon application, the court shall enter an ex parte order authorizing the installation and use of a pen register or a trap and trace device if the court finds that the investigative or law-enforcement officer has certified to the court that the information likely to be obtained by such installation and use is relevant to an ongoing criminal investigation.

The order shall specify:

1. The identity, if known, of the person in whose name the telephone line or other facility to which the pen register or trap and trace device is to be attached or applied is listed or to whom the line or other facility is leased;
2. The identity, if known, of the person who is the subject of the criminal investigation;
3. The attributes of the communications to which the order applies, including the number or other identifier and, if known, the location of the telephone line or other facility to which the pen register or trap and trace device is to be attached or applied; and
4. A statement of the offense to which the information likely to be obtained by the pen register or trap and trace device relates.

C. Installation and use of a pen register or a trap and trace device shall be authorized for a period not to exceed 60 days. Extensions of the order may be granted, but only upon application made and order issued in accordance with this section. The period of an extension shall not exceed 60 days.

D. An order authorizing or approving the installation and use of a pen register or a trap and trace device shall direct that:

1. The order and application be sealed until otherwise ordered by the court;
2. Information, facilities and technical assistance necessary to accomplish the installation be furnished if requested in the application; and
3. The person owning or leasing the line or other facility to which the pen register or trap and trace device is attached or applied, or who is obligated by the order to provide assistance to the applicant, not disclose the existence of the pen register or trap and trace device or the existence of the investigation to the listed subscriber, or to any other person, unless or until otherwise ordered by the court.

E. Upon request of an investigative or a law-enforcement officer authorized by the court to install and use a pen register, a provider of wire or electronic communication service, a landlord, custodian or any other person so ordered by the court shall, as soon as practicable, furnish the officer with all information, facilities, and technical assistance necessary to

accomplish the installation of the pen register unobtrusively and with a minimum of interference with the services that the person so ordered by the court accords the party with respect to whom the installation and use is to take place.

F. Upon request of an investigative or law-enforcement officer authorized by the court to receive the results of a trap and trace device under this section, a provider of wire or electronic communication service, a landlord, custodian or any other person so ordered by the court shall, as soon as practicable, install the device on the appropriate line and furnish the officer with all additional information, facilities and technical assistance, including installation and operation of the device, unobtrusively and with a minimum of interference with the services that the person so ordered by the court accords the party with respect to whom the installation and use is to take place. Unless otherwise ordered by the court, the results of the trap and trace device shall be furnished to the investigative or law-enforcement officer designated by the court at reasonable intervals during regular business hours for the duration of the order. Where the law-enforcement agency implementing an ex parte order under this subsection seeks to do so by installing and using its own pen register or trap and trace device on a packet-switched data network of a provider of electronic communication service to the public, the agency shall ensure that a record will be maintained that will identify (i) any officer or officers who installed the device and any officer or officers who accessed the device to obtain information from the network; (ii) the date and time the device was installed, the date and time the device was uninstalled, and the date, time, and duration of each time the device is accessed to obtain information; (iii) the configuration of the device at the time of its installation and any subsequent modification thereof; and (iv) any information that has been collected by the device. To the extent that the pen register or trap and trace device can be set automatically to record this information electronically, the record shall be maintained electronically throughout the installation and use of such device. The record maintained hereunder shall be provided ex parte and under seal of the court that entered the ex parte order authorizing the installation and use of the device within 30 days after termination of the order, including any extensions thereof.

G. A provider of a wire or electronic communication service, a landlord, custodian or other person who furnishes facilities or technical assistance pursuant to this section shall be reasonably compensated for reasonable and actual expenses incurred in providing such facilities and assistance. The expenses shall be paid out of the criminal fund.

H. *When disclosure of real-time location data is not prohibited by federal law, an investigative or law-enforcement officer may obtain a pen register or trap and trace device installation without a court order, in addition to any real-time location data obtained pursuant to subsection E of § 19.2-70.3, in the following circumstances:*

1. *To respond to a user's call for emergency services;*
2. *With the informed, affirmative consent of the owner or user of the electronic device concerned if (i) the device is in his possession, (ii) the owner or user knows or believes that the device is in the possession of an employee or agent of the owner or user with the owner's or user's consent, or (iii) the owner or user knows or believes that the device has been taken by a third party without the consent of the owner or user;*
3. *With the informed, affirmative consent of the legal guardian or next of kin of the owner or user, if reasonably available, if the owner or user is reasonably believed to be deceased, is reported missing, or is unable to be contacted;*
4. *To locate a child who is reasonably believed to have been abducted or to be missing and endangered; or*
5. *If the investigative or law-enforcement officer reasonably believes that an emergency involving the immediate danger to a person requires the disclosure, without delay, of pen register and trap and trace data, or real-time location data pursuant to subsection E of § 19.2-70.3, concerning a specific person and that a court order cannot be obtained in time to prevent the identified danger.*

*No later than three business days after seeking the installation of a pen register or trap and trace device pursuant to this subsection, the investigative or law-enforcement officer seeking the installation shall file with the appropriate court a written statement setting forth the facts giving rise to the emergency and the reasons why the installation of the pen register or trap and trace device was believed to be important in addressing the emergency.*

I. No cause of action shall lie in any court against a provider of a wire or electronic communication service, its officers, employees, agents or other specified persons for providing information, facilities, or assistance in accordance with the terms of a court order issued pursuant to this section. Good faith reliance on a court order, a legislative authorization or a statutory authorization is a complete defense against any civil or criminal action based upon a violation of this chapter.

**§ 19.2-70.3. Obtaining records concerning electronic communication service or remote computing service.**

A. A provider of electronic communication service or remote computing service, which, for purposes of subdivisions 2, 3, and 4, includes a foreign corporation that provides such services, shall disclose a record or other information pertaining to a subscriber to or customer of such service, excluding the contents of electronic communications and real-time location data, to an investigative or law-enforcement officer only pursuant to:

1. A subpoena issued by a grand jury of a court of the Commonwealth;
2. A search warrant issued by a magistrate, general district court, or circuit court;
3. A court order issued by a circuit court for such disclosure issued as provided in subsection B; or
4. The consent of the subscriber or customer to such disclosure.

B. A court shall issue an order for disclosure under this section only if the investigative or law-enforcement officer shows that there is reason to believe the records or other information sought are relevant and material to an ongoing criminal investigation, or the investigation of any missing child as defined in § 52-32, missing senior adult as defined in § 52-34.4, or an incapacitated person as defined in § 64.2-2000 who meets the definition of a missing senior adult except for the age requirement. Upon issuance of an order for disclosure under this section, the order and any written application or statement

of facts may be sealed by the court for 90 days for good cause shown upon application of the attorney for the Commonwealth in an ex parte proceeding. The order and any written application or statement of facts may be sealed for additional 90-day periods for good cause shown upon subsequent application of the attorney for the Commonwealth in an ex parte proceeding. A court issuing an order pursuant to this section, on a motion made promptly by the service provider, may quash or modify the order, if the information or records requested are unusually voluminous in nature or compliance with such order would otherwise cause an undue burden on such provider.

C. Except as provided in subsection D or E, a provider of electronic communication service or remote computing service, including a foreign corporation that provides such services, shall disclose the contents of electronic communications or real-time location data to an investigative or law-enforcement officer only pursuant to a search warrant issued by a magistrate, a juvenile and domestic relations district court, a general district court, or a circuit court, based upon complaint on oath supported by an affidavit as required in § 19.2-54, or judicial officer or court of any of the several states of the United States or its territories, or the District of Columbia when the warrant issued by such officer or such court complies with the provisions of subsection G. In the case of a search warrant directed to a foreign corporation, the affidavit shall state that the complainant believes that the records requested are actually or constructively possessed by a foreign corporation that provides electronic communication service or remote computing service within the Commonwealth of Virginia. If satisfied that probable cause has been established for such belief and as required by Chapter 5 (§ 19.2-52 et seq.), the magistrate, the juvenile and domestic relations district court, the general district court, or the circuit court shall issue a warrant identifying those records to be searched for and commanding the person seeking such warrant to properly serve the warrant upon the foreign corporation. A search warrant for real-time location data shall be issued if the magistrate, the juvenile and domestic relations district court, the general district court, or the circuit court is satisfied that probable cause has been established that the real-time location data sought is relevant to a crime that is being committed or has been committed or that an arrest warrant exists for the person whose real-time location data is sought.

D. A provider of electronic communication service or remote computing service, including a foreign corporation that provides such services, shall disclose a record or other information pertaining to a subscriber to or customer of such service, including real-time location data but excluding the contents of electronic communications, to an investigative or law-enforcement officer pursuant to an administrative subpoena issued pursuant to § 19.2-10.2 concerning a violation of § 18.2-374.1 or 18.2-374.1:1, former § 18.2-374.1:2, or § 18.2-374.3 when the information sought is relevant and material to an ongoing criminal investigation.

E. When disclosure of real-time location data is not prohibited by federal law, an investigative or law-enforcement officer may obtain real-time location data without a warrant in the following circumstances:

1. To respond to the user's call for emergency services;
2. With the informed, affirmative consent of the owner or user of the electronic device concerned if (i) the device is in his possession; (ii) the owner or user knows or believes that the device is in the possession of an employee or agent of the owner or user with the owner's or user's consent; or (iii) the owner or user knows or believes that the device has been taken by a third party without the consent of the owner or user;
3. With the informed, affirmative consent of the legal guardian or next of kin of the owner or user, if reasonably available, if the owner or user is reasonably believed to be deceased, is reported missing, or is unable to be contacted; ~~or~~
4. *To locate a child who is reasonably believed to have been abducted or to be missing and endangered; or*
5. If the investigative or law-enforcement officer reasonably believes that an emergency involving the immediate danger to a person requires the disclosure, without delay, of real-time location data concerning a specific person and that a warrant cannot be obtained in time to prevent the identified danger.

No later than three business days after seeking disclosure of real-time location data pursuant to this subsection, the investigative or law-enforcement officer seeking the information shall file with the appropriate court a written statement setting forth the facts giving rise to the emergency and the facts as to why the person whose real-time location data was sought is believed to be important in addressing the emergency.

F. In order to comply with the requirements of § 19.2-54, any search of the records of a foreign corporation shall be deemed to have been made in the same place wherein the search warrant was issued.

G. A Virginia corporation or other entity that provides electronic communication services or remote computing services to the general public, when properly served with a search warrant and affidavit in support of the warrant, issued by a judicial officer or court of any of the several states of the United States or its territories, or the District of Columbia with jurisdiction over the matter, to produce a record or other information pertaining to a subscriber to or customer of such service, including real-time location data, or the contents of electronic communications, or both, shall produce the record or other information, including real-time location data, or the contents of electronic communications as if that warrant had been issued by a Virginia court. The provisions of this subsection shall only apply to a record or other information, including real-time location data, or contents of electronic communications relating to the commission of a criminal offense that is substantially similar to (i) a violent felony as defined in § 17.1-805, (ii) an act of violence as defined in § 19.2-297.1, (iii) any offense for which registration is required pursuant to § 9.1-902, (iv) computer fraud pursuant to § 18.2-152.3, or (v) identity theft pursuant to § 18.2-186.3. The search warrant shall be enforced and executed in the Commonwealth as if it were a search warrant described in subsection C.

H. The provider of electronic communication service or remote computing service may verify the authenticity of the written reports or records that it discloses pursuant to this section by providing an affidavit from the custodian of those

written reports or records or from a person to whom said custodian reports certifying that they are true and complete copies of reports or records and that they are prepared in the regular course of business. When so authenticated, no other evidence of authenticity shall be necessary. The written reports and records, excluding the contents of electronic communications, shall be considered business records for purposes of the business records exception to the hearsay rule.

I. No cause of action shall lie in any court against a provider of a wire or electronic communication service or remote computing service or such provider's officers, employees, agents, or other specified persons for providing information, facilities, or assistance in accordance with the terms of a court order, warrant, administrative subpoena, or subpoena under this section or the provisions of subsection E.

J. A search warrant or administrative subpoena for the disclosure of real-time location data pursuant to this section shall require the provider to provide ongoing disclosure of such data for a reasonable period of time, not to exceed 30 days. A court may, for good cause shown, grant one or more extensions, not to exceed 30 days each.

K. An investigative or law-enforcement officer shall not use any device to obtain electronic communications or collect real-time location data from an electronic device without first obtaining a search warrant authorizing the use of the device if, in order to obtain the contents of such electronic communications or such real-time location data from the provider of electronic communication service or remote computing service, such officer would be required to obtain a search warrant pursuant to this section. However, an investigative or law-enforcement officer may use such a device without first obtaining a search warrant under the circumstances set forth in subsection E. For purposes of subdivision E 4 5, the investigative or law-enforcement officer using such a device shall be considered to be the possessor of the real-time location data.

L. Upon issuance of any subpoena, search warrant, or order for disclosure issued under this section, upon written certification by the attorney for the Commonwealth that there is a reason to believe that the victim is under the age of 18 and that notification or disclosure of the existence of the subpoena, search warrant, or order will endanger the life or physical safety of an individual, or lead to flight from prosecution, the destruction of or tampering with evidence, the intimidation of potential witnesses, or otherwise seriously jeopardize an investigation, the court may in an ex parte proceeding order a provider of electronic communication service or remote computing service not to disclose for a period of 90 days the existence of the subpoena, search warrant, or order and written application or statement of facts to another person, other than an attorney to obtain legal advice. The nondisclosure order may be renewed for additional 90-day periods for good cause shown upon subsequent application of the attorney for the Commonwealth in an ex parte proceeding. A court issuing an order for disclosure pursuant to this section, on a motion made promptly by the service provider, may quash or modify the order if the information or records requested are unusually voluminous in nature or compliance with such order would otherwise cause an undue burden on such provider.

M. For the purposes of this section:

"Electronic device" means a device that enables access to, or use of, an electronic communication service, remote computing service, or location information service, including a global positioning service or other mapping, locational, or directional information service.

"Foreign corporation" means any corporation or other entity, whose primary place of business is located outside of the boundaries of the Commonwealth, that makes a contract or engages in a terms of service agreement with a resident of the Commonwealth to be performed in whole or in part by either party in the Commonwealth, or a corporation that has been issued a certificate of authority pursuant to § 13.1-759 to transact business in the Commonwealth. The making of the contract or terms of service agreement or the issuance of a certificate of authority shall be considered to be the agreement of the foreign corporation or entity that a search warrant or subpoena, which has been properly served on it, has the same legal force and effect as if served personally within the Commonwealth.

"Properly served" means delivery of a search warrant or subpoena by hand, by United States mail, by commercial delivery service, by facsimile or by any other manner to any officer of a corporation or its general manager in the Commonwealth, to any natural person designated by it as agent for the service of process, or if such corporation has designated a corporate agent, to any person named in the latest annual report filed pursuant to § 13.1-775.

"Real-time location data" means any data or information concerning the current location of an electronic device that, in whole or in part, is generated, derived from, or obtained by the operation of the device.

## CHAPTER 668

*An Act to amend and reenact §§ 38.2-1868.1, 38.2-1869, 38.2-1871, and 38.2-1872 of the Code of Virginia, relating to insurance agent licensing; continuing education requirements.*

[S 853]

Approved March 30, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 38.2-1868.1, 38.2-1869, 38.2-1871, and 38.2-1872 of the Code of Virginia are amended and reenacted as follows:**

**§ 38.2-1868.1. Proof of compliance; exemption or waiver.**

A. As used in this article:

"Proof of compliance" shall mean all documents, forms and fees specified by the Board for (i) filing proof of completion of Board-approved continuing education courses for the appropriate number of hours and for the appropriate content or (ii) filing proof of meeting the exemption requirements set forth in subsection B ~~or C~~ of § 38.2-1871.

"Received by the Board or its administrator" shall mean delivered into the possession of the Board or its administrator at the business address of the Board's administrator.

B. Each agent holding one or more licenses subject to the continuing education requirements of this article shall complete all continuing education course, exemption, or waiver requirements and shall submit to the Board or its administrator proof of compliance with or exemption from the continuing education requirements in the form and manner required by the Board by no later than ~~November 30~~ *December 31*, or the next working day *thereafter* if ~~November 30~~ *December 31* falls on a weekend, of each even-numbered year.

~~C. After November 30, agents who have failed to complete all continuing education course, exemption, or waiver requirements or have failed to pay any required fees shall be provided a final opportunity to complete such requirements, provided proof of compliance is received by the Board or its administrator by December 31, or the next working day thereafter if December 31 falls on a weekend.~~

~~D. Agents who have completed all continuing education course or, exemption, or waiver requirements by December 31 but failed to demonstrate proof of compliance by failing to pay the filing fee imposed by the Board shall be permitted to pay such filing fee for an additional period of time, until the close of business on January 31, or the next working day thereafter if January 31 falls on a weekend, of the following year, but only if the agent pays, in addition to the filing fee, a late filing penalty of \$100, payable to the Board in such manner as may be prescribed by the Board. No agent whose proof of compliance is received during this final period shall be considered in compliance with the continuing education requirements unless the filing fee and the late filing penalty described herein are paid by the close of business on January 31, or the next working day thereafter if January 31 falls on a weekend.~~

~~E. D. Failure of an agent to furnish proof of compliance by the applicable date dates specified in subsection subsections B, and C or D of this section and pay any applicable filing penalty shall result in license termination as set forth in § 38.2-1869.~~

~~F. E. Agents seeking a waiver of some or all of the course credit requirements for a biennium pursuant to § 38.2-1870 shall submit all documentation, forms, and fees specified by the Board so as to be received by the Board or its administrator no later than the deadlines set forth in subsection subsections B or and C of this section.~~

~~G. F. Any agent holding one or more licenses subject to this article who fails to submit complete documentation showing proof of compliance with continuing education requirements, as well as all specified forms and fees, so as to be received by the Board or its administrator by the close of business on the dates described in this section shall be deemed to be in noncompliance with the requirements of this article.~~

~~H. G. All fees specified by the Board shall be nonrefundable once received by the Board or its administrator, except that duplicate payments may be refunded.~~

**§ 38.2-1869. Failure to satisfy requirements; termination of license.**

A. Failure of an agent to satisfy the requirements of this article within the time period specified in § 38.2-1868.1; either by obtaining the continuing education credits required and furnishing evidence of same to the Board or its administrator as required by this article, or by furnishing to the Board acceptable evidence of exemption from the requirements of this article, or by obtaining, in a manner prescribed by the Board pursuant to this article, a waiver of the requirements for that biennium; shall result, subsequent to notification by the Board to the Commission, in the administrative termination of each license held by the agent for which the requirement was not satisfied.

B. The Board shall, on or about a date six months prior to the end of each biennium, provide a status report to each agent who has not yet fully satisfied the requirements of this article for such biennium. Such report shall inform the agent of his current compliance status for each license held that is subject to this article, and the consequences associated with noncompliance, and shall be sent by first-class mail to such agent at his last-known residence address as shown in the Commission's records. Failure of an agent to receive such notification shall not be grounds for contesting license termination.

C. No administrative termination pursuant to this section shall become effective until the Commission has provided 30 calendar days' written notice of such impending termination to the agent by first-class mail sent to the agent at the agent's last known residence address as shown in the Commission's records. The notice period shall commence on the date that the written notice is deposited in the United States mail and, if the 30th calendar day falls on a weekend, the end of the notice period shall be extended to the next business day. Failure of an agent to receive such notification shall not be grounds for contesting a license termination. Any agent who obtained the required number of continuing education credits in the time permitted for obtaining such credits and paid any required fees shall be permitted to submit proof of compliance during the 30 calendar day notice period.

D. Neither the Board, its administrator, nor the Commission shall have the power to grant an agent additional time for completing the continuing education credits required by § 38.2-1866, or additional time for submitting proof of compliance as required by § 38.2-1868.1, or additional time for seeking waivers or exemption pursuant to § 38.2-1870 or 38.2-1871.

~~E. During the period set forth in subsection C of § 38.2-1868.1, the Board shall permit agents either to demonstrate to the satisfaction of the Board that the agent had, in fact, timely submitted and the Board or its administrator had received~~

~~proof of compliance on or before the filing deadlines set forth in § 38.2-1868.1 or to complete all continuing education course, exemption, or waiver requirements and present proof of compliance.~~

~~F. During the period set forth in subsection C of § 38.2-1868.1, the Board shall not be obligated to review or respond to any other submissions except for submissions that prove that the records of the Board or its administrator are incorrect and late filing submissions permitted pursuant to subsection C of § 38.2-1868.1. Subsequent to the expiration of such period immediately following December 31 of each even-numbered year, the Board shall provide a reasonable additional period of time for processing of appeals pursuant to § 38.2-1874. However, failure of an agent to provide written notice of appeal in the form and manner required by the Board within 30 calendar days following the expiration of the period set forth in subsection C of § 38.2-1868.1 by the close of business on January 31, or the next working day thereafter if January 31 falls on a weekend, of the following year shall be deemed a waiver by such agent of the right to appeal the determination of noncompliance.~~

~~G. F.~~ No more than 15 calendar days after the end of ~~such~~ the appeal period set forth in subsection E, the Board or its administrator shall provide to the Commission a final updated record of those agents who complied with the requirements of this article, whereupon the Commission shall administratively terminate the licenses of those agents required to submit proof of compliance and by whom proof of compliance was not submitted in a proper or timely manner. Agents wishing to contest the Commission's action in terminating a license shall adhere to the Commission's Rules of Practice and Procedure (5 VAC 5-20-10 et seq.) and the Rules of the Supreme Court of Virginia. Failure by the agent to initiate such contest within 30 calendar days following the date the license was administratively terminated shall be deemed a waiver by the agent of the right to contest such license termination.

~~H. G.~~ Pursuant to the requirements of subsection C of § 38.2-1815, §§ ~~38.2-4806~~ 38.2-1857.1, and 55-525.19, respectively:

1. A resident variable contract agent whose life and annuities insurance agent license is administratively terminated for failure to satisfy the requirements of this article shall also have such variable contract license administratively terminated by the Commission;

2. A resident agent holding a license as a surplus lines broker whose property and casualty insurance agent license is administratively terminated for failure to satisfy the requirements of this article shall also have such surplus lines broker license administratively terminated by the Commission; and

3. An agent holding a registration as a title settlement agent whose title insurance agent license is administratively terminated for failure to satisfy the requirements of this article shall also have such registration as a title settlement agent administratively terminated by the Commission.

Any such license or registration so terminated may be applied for again after the agent has obtained, respectively, a new life and annuities insurance agent's license, a new property and casualty insurance agent's license, or a new title insurance agent's license and appointment, if appointment is required.

~~I. H.~~ A resident agent whose license or licenses have been terminated under the terms of this section shall be permitted to make application for new licenses, provided that such agent has successfully completed, subsequent to the end of the biennium, the examination required by § 38.2-1817. In such an event, the examination requirements shall not be subject to waiver under any circumstances, including those set forth in § 38.2-1817.

~~J. I.~~ A nonresident agent whose license or licenses have been terminated under the terms of this section and who is in good standing in the person's state of residence shall be permitted to make application for new licenses in the manner prescribed by § 38.2-1836.

~~K. J.~~ A resident or nonresident agent who voluntarily surrenders his license without prejudice during a biennium or prior to the expiration of the appeal period for that biennium as described in subsection ~~F~~ E, and who has not provided proof of compliance for such biennium, shall not be permitted to apply for a new license of the same type until such agent has complied with the requirements of subsection H or I ~~or J~~.

~~L. K.~~ A resident agent whose license terminates because, within 180 calendar days prior to the end of a biennium, or prior to the expiration of the appeal period for that biennium as described in subsection ~~F~~ E, such agent moves his residence to another state, and who had not, prior to such relocation, provided proof of compliance for such biennium shall not be permitted to apply for a new license of the same type until such agent has complied with the requirements of subsection ~~J~~ I.

~~M. L.~~ An insurance consultant who fails to renew his insurance consultant license by the date specified in § 38.2-1840, but who obtains a new insurance consultant license within 12 months following such renewal date shall be treated, for purposes of determining exemption from continuing education requirements pursuant to § 38.2-1871, as if such insurance consultant license had been renewed in a timely manner.

**§ 38.2-1871. Licensees exempt from continuing education requirements of article.**

A. Resident or nonresident agents who have been issued a license during the last ~~twelve~~ 12 months of the biennium in which such licenses are issued, and who are not otherwise exempt from the continuing education requirements for that license, shall be exempt from fulfilling the continuing education credit requirements set forth in this article for that biennium.

B. The following licensees are exempt from fulfilling the continuing education credit requirements set forth in this article:

1. Life and health insurance consultants who are also licensed both as life and annuities insurance agents and as health agents and who satisfy the continuing education requirements needed for continuation of their life and annuities and health agent licenses; and

2. Property and casualty insurance consultants who are also licensed as property and casualty agents and who satisfy the continuing education requirements needed for continuation of their property and casualty agent license;

~~C. The following licensees may request exemptions from continuing education requirements, but shall not be exempt unless such exemption is approved by the Board after submission of an exemption request in the form and manner required by the Board:~~

~~1. An agent who can prove, in the form and manner required by the Board, that he has attained or will attain at least the age of sixty-five by the end of a biennium may apply for a permanent exemption with respect to one or more licenses held by such agent, subject to submission of proof of the following, in a form and manner required by the Board:~~

~~a. A resident or nonresident agent must demonstrate that the agent has held any combination of resident or nonresident Virginia licenses of equivalent type continuously and without interruption for at least the twenty years immediately preceding the end of the biennium; or~~

~~b. A resident agent who will have held a Virginia resident agent license continuously and without interruption for no fewer than the immediately preceding four years by the end of the biennium must furnish proof of having held equivalent license authority continuously and without interruption in other states for a period that, when combined with the number of years of resident licensure in Virginia, equals at least twenty continuous and uninterrupted years immediately preceding the end of the biennium; or~~

~~c. A resident agent who will have held a Virginia resident license continuously and without interruption for no fewer than the immediately preceding four years by the end of the biennium shall furnish proof (i) of having held equivalent license authority in Virginia for at least twenty of the preceding thirty years; and (ii) that any unlicensed period was not the result of a license revocation or termination by the Commission pursuant to § 38.2-1832 or § 38.2-1869; and~~

~~2. 3. Nonresident agents who furnish evidence in the form and manner required by the Board of their current good standing in their home state, provided that the insurance supervisory official of the nonresident agent's home state will grant similar exemptions to Virginia residents; and~~

~~4. Agents who have applied for and received a permanent exemption from the continuing education credit requirements set forth in this article by December 31, 2018.~~

**§ 38.2-1872. Administrative duties of Board; transfer to outside administrator.**

A. The Board shall have the authority to transfer all or part of its administrative duties to an outside administrator. The performance of the administrator shall be confirmed at least annually by the Board and appropriate corrective action shall be taken for any deficiencies. Such administrator shall maintain records reflecting the continuing education status of all licensed agents reporting credits to it, subject to the requirements of this article.

B. ## CHAPTER 670

*An Act to amend and reenact § 15.2-2259 of the Code of Virginia, relating to local planning commissions; proposed plats.*

[S 993]

Approved March 30, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That § 15.2-2259 of the Code of Virginia is amended and reenacted as follows:**

**§ 15.2-2259. Local planning commission to act on proposed plat.**

A. 1. Except as otherwise provided in subdivisions 2 and 3, the local planning commission or other agent shall act on any proposed plat within 60 days after it has been officially submitted for approval by either approving or disapproving the plat in writing, and giving with the latter specific reasons therefor. The Commission or agent shall thoroughly review the plat and shall make a good faith effort to identify all deficiencies, if any, with the initial submission. However, if approval of a feature or features of the plat by a state agency or public authority authorized by state law is necessary, the commission or agent shall forward the plat to the appropriate state agency or agencies for review within 10 business days of receipt of such plat. The state agency shall respond in accord with the requirements set forth in § 15.2-2222.1, which shall extend the time for action by the local planning commission or other agent, as set forth in subsection B. Specific reasons for disapproval shall be contained either in a separate document or on the plat itself. The reasons for disapproval shall identify deficiencies in the plat that cause the disapproval by reference to specific duly adopted ordinances, regulations, or policies and shall identify modifications or corrections as will permit approval of the plat. The local planning commission or other agent shall act on any proposed plat that it has previously disapproved within 45 days after the plat has been modified, corrected and resubmitted for approval.

2. The approval of plats, site plans, and plans of development solely involving parcels of commercial real estate by a local planning commission or other agent shall be governed by subdivision 3 and subsections B, C, and D. For the purposes of this section, the term "commercial" means all real property used for commercial or industrial uses.

3. The local planning commission or other agent shall act on any proposed plat, site plan or plan of development within 60 days after it has been officially submitted for approval by either approving or disapproving the plat in writing, and giving with the latter specific reasons therefor. *The local planning commission or other agent shall not delay the official submission of any proposed plat, site plan, or plan of development by requiring presubmission conferences, meetings, or reviews.* The Commission or agent shall thoroughly review the plat or plan and shall in good faith identify, to the greatest extent practicable, all deficiencies, if any, with the initial submission. However, if approval of a feature or features of the plat or plan by a state agency or public authority authorized by state law is necessary, the commission or agent shall forward the plat or plan to the appropriate state agency or agencies for review within 10 business days of receipt of such plat or plan. The state agency shall respond in accord with the requirements set forth in § 15.2-2222.1, which shall extend the time for action by the local planning commission or other agent, as set forth in subsection B. Specific reasons for disapproval shall be contained either in a separate document or on the plat or plan itself. The reasons for disapproval shall identify deficiencies in the plat or plan that caused the disapproval by reference to specific duly adopted ordinances, regulations, or policies and shall identify, to the greatest extent practicable, modifications or corrections that will permit approval of the plat or plan.

In the review of a resubmitted proposed plat, site plan or plan of development that has been previously disapproved, the local planning commission or other agent shall consider only deficiencies it had identified in its review of the initial submission of the plat or plan that have not been corrected in such resubmission and any deficiencies that arise as a result of the corrections made to address deficiencies identified in the initial submission. In the review of the resubmission of a plat or plan, the local planning commission or other agent shall identify all deficiencies with the proposed plat or plan that caused the disapproval by reference to specific duly adopted ordinances, regulations or policies and shall identify modifications or corrections that will permit approval of the plat or plan. Upon the second resubmission of such disapproved plat or plan, the local planning commission or other agent's review shall be limited solely to the previously identified deficiencies that caused its disapproval.

The local planning commission or other agent shall act on any proposed plat, site plan or plan of development that it has previously disapproved within 45 days after the plat or plan has been modified, corrected and resubmitted for approval. The failure of a local planning commission or other agent to approve or disapprove a resubmitted plat or plan within the time periods required by this section shall cause the plat or plan to be deemed approved.

Notwithstanding the approval or deemed approval of any proposed plat, site plan or plan of development, any deficiency in any proposed plat or plan, that if left uncorrected, would violate local, state or federal law, regulations,

mandatory Department of Transportation engineering and safety requirements, and other mandatory engineering and safety requirements, shall not be considered, treated or deemed as having been approved by the local planning commission or other agent. Should any resubmission include a material revision of infrastructure or physical improvements from the earlier submission or if a material revision in the resubmission creates a new required review by the Virginia Department of Transportation or by a state agency or public authority authorized by state law, then the local planning commission or other agent's review shall not be limited to only the previously identified deficiencies identified in the prior submittals and may consider deficiencies initially appearing in the resubmission because of such material revision.

~~The provisions of this subsection shall not apply to deficiencies caused by changes, errors or omissions occurring in the applicant's plat, site plan or plan of development filings after the initial submission of such plat, site plan or plan of development. The provision of this subsection shall not apply to the review and approval of construction plans.~~

B. Any state agency or public authority authorized by state law making a review of a plat forwarded to it under this article, including, without limitation, the Virginia Department of Transportation and authorities authorized by Chapter 51 (§ 15.2-5100 et seq.), shall complete its review within 45 days of receipt of the plat upon first submission and within 45 days for any proposed plat that has previously been disapproved, provided, however, that the time periods set forth in § 15.2-2222.1 shall apply to plats triggering the applicability of said section. The Virginia Department of Transportation and authorities authorized by Chapter 51 (§ 15.2-5100 et seq.) shall allow use of public rights-of-way dedicated for public street purposes for placement of utilities by permit when practical and shall not unreasonably deny plat approval. If a state agency or public authority authorized by state law does not approve the plat, it shall comply with the requirements, and be subject to the restrictions, set forth in subsection A, with the exception of the time period therein specified. Upon receipt of the approvals from all state agencies and other agencies, the local agent shall act upon a plat within 35 days.

C. If the commission or other agent fails to approve or disapprove the plat within 60 days after it has been officially submitted for approval, or within 45 days after it has been officially resubmitted after a previous disapproval or within 35 days of receipt of any agency response pursuant to subsection B, the subdivider, after 10-days' written notice to the commission, or agent, may petition the circuit court for the locality in which the land involved, or the major part thereof, is located, to decide whether the plat should or should not be approved. The court shall give the petition priority on the civil docket, hear the matter expeditiously in accordance with the procedures prescribed in Article 2 (§ 8.01-644 et seq.) of Chapter 25 of Title 8.01 and make and enter an order with respect thereto as it deems proper, which may include directing approval of the plat.

D. If a commission or other agent disapproves a plat and the subdivider contends that the disapproval was not properly based on the ordinance applicable thereto, or was arbitrary or capricious, he may appeal to the circuit court having jurisdiction of such land and the court shall hear and determine the case as soon as may be, provided that his appeal is filed with the circuit court within 60 days of the written disapproval by the commission or other agent.

A. Notwithstanding any other provision of law, no person convicted of a crime in violation of any provision in Title 18.2, which resulted in property damage or loss, shall be placed on probation or have his sentence suspended unless such person shall make at least partial restitution for such property damage or loss, or shall be compelled to perform community services, or both, or shall submit a plan for doing that which appears to the court to be feasible under the circumstances.

B. Notwithstanding any other provision of law, any person who, on or after July 1, 1995, commits, and is convicted of, a crime in violation of any provision in Title 18.2 shall make at least partial restitution for any property damage or loss caused by the crime or for any medical expenses or expenses directly related to funeral or burial incurred by the victim or his estate as a result of the crime, may be compelled to perform community services and, if the court so orders, shall submit a plan for doing that which appears to be feasible to the court under the circumstances.

B1. Notwithstanding any other provision of law, any person, who on or after July 1, 2005 commits and is convicted of a crime in violation of § 18.2-248 involving the manufacture of any controlled substance, may be ordered, upon presentation of suitable evidence of such costs, by the court to reimburse the Commonwealth or the locality for the costs incurred by the jurisdiction, as the case may be, for the removal and remediation associated with the illegal manufacture of any controlled substance by the defendant.

B2. Notwithstanding any other provision of law, any person who, on or after July 1, 2015, commits and is convicted of a violation of § 18.2-138 for damage to the Capitol or any building, monument, statuary, artwork, or other state property in Capitol Square, or at any other property assigned to the Capitol Police, shall be ordered to pay restitution to the Commonwealth for the full amount of damages. Any person who, on or after July 1, 2015, commits and is convicted of a violation of § 18.2-405, 18.2-407, or 18.2-408 in Capitol Square, or at any other property assigned to the Capitol Police, shall be ordered to pay restitution to the Commonwealth for the full amount of damages to the Capitol or any building, monument, statuary, artwork, or other state property in Capitol Square, or at any other property assigned to the Capitol Police, to which damage is caused during such riot or unlawful assembly. In any prosecution under § 18.2-138, 18.2-405, 18.2-407, or 18.2-408, testimony of the Division of Engineering and Buildings of the Department of General Services or the Division of Risk Management shall be admissible as evidence of value or extent of damages or cost of repairs to the Capitol or any building, monument, statuary, artwork, or other state property in Capitol Square, or at any other property assigned to the Capitol Police. For the purposes of this subsection, "Capitol Square" means the grounds and the interior and exterior of all buildings in that area in the City of Richmond bounded by Bank, Governor, Broad, and Ninth Streets. "Capitol Square" includes the exterior of all state buildings that are at least 50 years old and bordering the boundary streets.

C. At or before the time of sentencing, the court shall receive and consider any plan for making restitution submitted by the defendant. The plan shall include the defendant's home address, place of employment and address, social security number and bank information. If the court finds such plan to be reasonable and practical under the circumstances, it may consider probation or suspension of whatever portion of the sentence that it deems appropriate. By order of the court incorporating the defendant's plan or a reasonable and practical plan devised by the court, the defendant shall make restitution while he is free on probation or work release or following his release from confinement. Additionally, the court may order that the defendant make restitution during his confinement, if feasible, based upon both his earning capacity and net worth as determined by the court at sentencing.

D. At the time of sentencing, the court shall determine the amount to be repaid by the defendant and the terms and conditions thereof. If community service work is ordered, the court shall determine the terms and conditions upon which such work shall be performed. The court shall include such findings in the judgment order. The order shall specify that sums paid under such order shall be paid to the clerk, who shall disburse such sums as the court may, by order, direct. Any court

desiring to participate in the Setoff Debt Collection Act (§§ 58.1-520 through 58.1-535) for the purpose of collecting fines or costs or providing restitution shall, at the time of sentencing, obtain the social security number of each defendant.

E. At the time of sentencing, the court shall enter the amount of restitution to be repaid by the defendant, the date by which all restitution is to be paid, and the terms and conditions of such repayment on a form prescribed by the Office of the Executive Secretary of the Supreme Court of Virginia. If the attorney for the Commonwealth participated in the prosecution of the defendant, the attorney for the Commonwealth or his designee shall complete, to the extent possible, all portions of the form excluding the amount of restitution to be repaid by the defendant and the terms and conditions of such repayment. If the attorney for the Commonwealth did not participate in the prosecution of the defendant, the court or the clerk shall complete the form. A copy of the form, excluding contact information for the victim, shall be provided to the defendant at sentencing. A copy of the form shall be provided to the attorney for the Commonwealth and to the victim, his agent, or his estate upon request and free of charge.

F. 1. *In any case in which the court orders the defendant to pay restitution and places the defendant on probation that includes a period of active supervision, the probation agency supervising the defendant shall notify the court and the attorney for the Commonwealth of the amount of any restitution that remains unsatisfied and the last known address for the defendant (i) 60 days prior to the defendant's release from supervision pursuant to the terms of the sentencing order or (ii) if the agency requests that the defendant be released from supervision, at the time the agency submits its request to the court. Such notice shall be in writing and the attorney for the Commonwealth shall, if practicable, provide a copy of the notice to the victim. If any amount of restitution remains unsatisfied, the court shall conduct a hearing prior to the defendant's release from supervision after providing notice of the hearing to the defendant and the attorney for the Commonwealth. If the court finds that the defendant is not in compliance with the restitution order, the court may (a) release the defendant from supervision, (b) modify the period or terms of supervision pursuant to § 19.2-304, (c) revoke some or all of the suspended sentence or probation pursuant to § 19.2-306, or (d) proceed in accordance with subsection E of § 19.2-358. The court shall also docket the restitution order as a civil judgment pursuant to subsection B of § 19.2-305.2 unless such order has previously been docketed. Any defendant who is released from supervision shall be subject to the provisions of subdivision 3.*

2. *In any case in which the court orders the defendant to pay restitution and places the defendant on probation that does not include a period of active supervision, the court shall include in the order a date, not to exceed two years from the date of the entry of the order or, if the court has sentenced the defendant to an active term of incarceration, from the date of the defendant's release from incarceration, on which the defendant's compliance with the restitution order shall be reviewed and the court shall schedule a hearing for such date. The court may, on its own motion, cancel the hearing if the amount of restitution has been satisfied. If at the hearing the court finds that the defendant is not in compliance with the restitution order, the court may (i) modify the period or terms of probation pursuant to § 19.2-304, (ii) revoke some or all of the suspended sentence or probation pursuant to § 19.2-306, or (iii) proceed in accordance with the provisions of subsection E of § 19.2-358. The court shall also docket the restitution order as a civil judgment pursuant to subsection B of § 19.2-305.2 unless such order has previously been docketed. After the hearing conducted pursuant to this subdivision, the defendant shall be subject to the provisions of subdivision 3.*

3. *If any amount of restitution remains unsatisfied at the time of a hearing conducted pursuant to subdivision 1 or 2, the court shall continue to schedule hearings to review the defendant's compliance with the restitution order until the amount of restitution has been satisfied and provide notice of such hearings to the defendant. The court may, on its own motion, cancel any such hearing if the amount of restitution has been satisfied or if the defendant is in compliance with the restitution order. If at any hearing conducted pursuant to this subdivision the court finds that the defendant is not in compliance with the restitution order, the court may (i) modify the period or terms of probation pursuant to § 19.2-304, (ii) revoke some or all of the suspended sentence or probation pursuant to § 19.2-306, or (iii) proceed in accordance with the provisions of subsection E of § 19.2-358. The court shall follow the procedures set forth in this subdivision for the purpose of reviewing compliance with a restitution order by a defendant (a) until the amount of restitution has been satisfied or (b) if any amount of restitution remains unsatisfied, for the longer of 10 years from the date of the hearing held pursuant to subdivision 1 or 2 or the period of probation ordered by the court.*

4. *If the court determines at any hearing conducted pursuant to this subsection that the defendant is unable to pay restitution and will remain unable to pay restitution for the duration of the review period set forth in subdivision 3, the court may discontinue any further hearings to review a defendant's compliance with the restitution order.*

5. *If the court determines that a defendant would be incarcerated on the date of any hearing scheduled pursuant to this subsection, the court may remove the case from the docket, reschedule such hearing to a date after the defendant's release from incarceration, and provide notice of the hearing to the defendant and the attorney for the Commonwealth. If the defendant who is on probation that includes a period of active supervision is incarcerated, the probation agency supervising the defendant shall notify the court when the defendant has been released from incarceration.*

6. *No provision of this subsection shall be construed to prohibit the court from exercising any authority otherwise granted by law over a defendant during any period of probation ordered by the court.*

G. *Unreasonable failure to execute the plan by the defendant shall result in revocation of the probation or imposition of the suspended sentence. A hearing shall be held in accordance with the provisions of this Code relating to revocation of probation or imposition of a suspended sentence before either such action is taken.*

~~G.~~ H. *A defendant convicted of an offense under § 18.2-374.1, 18.2-374.1:1, or 18.2-374.3 shall be ordered to pay mandatory restitution to the victim of the offense in an amount as determined by the court. For purposes of this subsection,*

"victim" means a person who is depicted in a still or videographic image involved in an offense under § 18.2-374.1, 18.2-374.1:1, or 18.2-374.3.

The Commonwealth shall make reasonable efforts to notify victims of offenses under § 18.2-374.1, 18.2-374.1:1, or 18.2-374.3.

¶ I. If restitution is ordered to be paid by the defendant to the victim of a crime and the victim can no longer be located or identified, the clerk shall deposit any such restitution collected to the Criminal Injuries Compensation Fund for the benefit of crime victims. The administrator shall reserve a sum sufficient in the Fund from which he shall make prompt payment to the victim for any proper claims. Before making the deposit he shall record the name, last known address and amount of restitution due each victim appearing from the clerk's report to be entitled to restitution.

¶ J. If restitution pursuant to § 19.2-305 or this section is ordered to be paid by the defendant to the victim of a crime or other entity, and the Criminal Injuries Compensation Fund has made any payments to or on behalf of the victim for any loss, damage, or expenses included in the restitution order, then upon presentation by the Fund of a written request that sets forth the amount of payments made by the Fund to the victim or on the victim's behalf, the entity collecting restitution shall pay to the Fund as much of the restitution collected as will reimburse the Fund for its payments made to the victim or on the victim's behalf.

¶ K. Whenever a defendant is ordered to pay restitution, any sums collected shall be used first to satisfy such restitution order and any collection costs associated with restitution prior to being used to satisfy any fine, forfeiture, penalty, or cost assessed against the defendant.

**§ 19.2-358. Procedure on default in deferred payment or installment payment of fine, costs, forfeiture, restitution or penalty.**

A. When an individual obligated to pay a fine, costs, forfeiture, ~~restitution~~ or penalty defaults in the payment or any installment payment, the court upon the motion of the Commonwealth in the case of a conviction of a violation of a state law, or attorney for a locality or for the Commonwealth in the event of a conviction of a violation of a local law or ordinance, or upon its own motion, may require him to show cause why he should not be confined in jail or fined for nonpayment. A show cause proceeding shall not be required prior to issuance of a capias if an order to appear on a date certain in the event of nonpayment was issued pursuant to subsection A of § 19.2-354 and the defendant failed to appear.

B. Following the order to show cause or following a capias issued for a defendant's failure to comply with a court order to appear issued pursuant to subsection A of § 19.2-354, unless the defendant shows that his default *for the payment of fines, costs, forfeitures, or penalties* was not attributable to an intentional refusal to obey the sentence of the court, or not attributable to a failure on his part to make a good faith effort to obtain the necessary funds for payment, or unless the defendant shows that any failure to appear was not attributable to an intentional refusal to obey the order of the court, the court may order the defendant confined as for a contempt for a term not to exceed sixty days or impose a fine not to exceed \$500. The court may provide in its order that payment or satisfaction of the amounts in default *for the payment of fines, costs, forfeitures, or penalties* at any time will entitle the defendant to his release from such confinement or, after entering the order, may at any time reduce the sentence for good cause shown, including payment or satisfaction of such amounts.

C. If it appears that the default *for the payment of fines, costs, forfeitures, or penalties* is excusable under the standards set forth in subsection B ~~hereof~~, the court may enter an order allowing the defendant additional time for payment, reducing the amount due or of each installment, or remitting the unpaid portion in whole or in part.

D. *When an individual obligated to pay restitution defaults in the payment or any installment payment, the court upon the motion of the Commonwealth in the case of a conviction of a violation of a state law, or attorney for a locality or for the Commonwealth in the event of a conviction of a violation of a local law or ordinance, or upon its own motion, may proceed in accordance with the procedures set forth in subsection E.*

*E. If, pursuant to subsection D or at a hearing conducted pursuant to subsection F of § 19.2-305.1, the court finds that a defendant is not in compliance with a restitution order, the court may order the defendant confined as for a contempt for a term not to exceed 60 days unless the defendant shows that his default was not attributable to an intentional refusal to obey the sentence of the court, or not attributable to a failure on his part to make a good faith effort to obtain the necessary funds for payment, or unless the defendant shows that any failure to appear was not attributable to an intentional refusal to obey the order of the court. The court may provide in its order that payment or satisfaction of the amounts in default at any time will entitle the defendant to his release from such confinement or, after entering the order, may at any time reduce the sentence for good cause shown, including payment or satisfaction of such amounts. If it appears that the defendant's default for the payment of restitution is excusable under the standards set forth in this subsection, the court may modify the terms for payment of restitution, except that the court may not modify the amount of restitution owed by the defendant.*

F. Nothing in this section shall be deemed to alter or interfere with the collection of fines by any means authorized for the enforcement of money judgments rendered in favor of the Commonwealth or any locality within the Commonwealth.

**§ 19.2-368.15. Subrogation of Commonwealth to claimant's right of action; lien in favor of the Commonwealth; disposition of funds collected.**

Acceptance of an award made pursuant to this chapter shall subrogate the Commonwealth, to the extent of such award, to any right or right of action accruing to the claimant or the victim to recover payments on account of losses resulting from the crime with respect to which the award is made. However, except as otherwise provided in subsection ¶ J of § 19.2-305.1, the Commonwealth shall not institute any proceedings in connection with its right of subrogation under this section within one year from the date of commission of the crime, unless any claimant or victim's right or action shall have been previously

terminated. All funds collected by the Commonwealth in a proceeding instituted pursuant to this section shall be paid over to the Comptroller for deposit into the Criminal Injuries Compensation Fund.

Whenever any person receives an award from the Criminal Injuries Compensation Fund, the Commonwealth shall have a lien for the total amount paid by the Fund, or any portion thereof compromised pursuant to the authority granted under § 2.2-514, on the claim of such injured person or his personal representative against the person, firm, or corporation who is alleged to have caused such injuries. The Fund's lien shall be inferior to any lien for payment of reasonable attorney fees and costs, but shall be superior to all other liens created by § 8.01-66.2. The injured person may file a petition or motion to reduce the lien and apportion the recovery pursuant to § 8.01-66.9. The Fund's lien shall become effective when notice is provided pursuant to § 8.01-66.5 and liability shall attach pursuant to § 8.01-66.6.

**§ 53.1-145. Powers and duties of probation and parole officers.**

In addition to other powers and duties prescribed by this article, each probation and parole officer shall:

1. Investigate and report on any case pending in any court or before any judge in his jurisdiction referred to him by the court or judge;

4. Arrest and recommit to the place of confinement from which he was released, or in which he would have been confined but for the suspension of his sentence or of its imposition, for violation of the terms of probation, post-release supervision pursuant to § 19.2-295.2 or parole, any probationer, person subject to post-release supervision or parolee under his supervision, or as directed by the Chairman, Board member or the court, pending a hearing by the Board or the court, as the case may be;
5. Keep such records, make such reports, and perform other duties as may be required of him by the Director or by regulations prescribed by the Board of Corrections, and the court or judge by whom he was authorized;
6. Order and conduct, in his discretion, drug and alcohol screening tests of any probationer, person subject to post-release supervision pursuant to § 19.2-295.2 or parolee under his supervision who the officer has reason to believe is engaged in the illegal use of controlled substances or marijuana, or the abuse of alcohol. The cost of the test may be charged to the person under supervision. Regulations governing the officer's exercise of this authority shall be promulgated by the Board;

8. Provide services in accordance with any contract entered into between the Department of Corrections and the Department of Behavioral Health and Developmental Services pursuant to § 37.2-912;
9. Pursuant to any contract entered into between the Department of Corrections and the Department of Behavioral Health and Developmental Services, probation and parole officers shall have the power to provide intensive supervision services to persons placed on conditional release, regardless of whether the person has any time remaining to serve on any criminal sentence, pursuant to Chapter 9 (§ 37.2-900 et seq.);
10. Determine by reviewing the Local Inmate Data System upon intake and again prior to release whether a blood, saliva, or tissue sample has been taken for DNA analysis for each person placed on probation or parole required to submit a sample pursuant to Article 1.1 (§ 19.2-310.2 et seq.) of Chapter 18 of Title 19.2 and, if no sample has been taken, require a person placed on probation or parole to submit a sample for DNA analysis; ~~and~~
11. For every offender accepted pursuant to the Interstate Compact for the Supervision of Adult Offenders (§ 53.1-176.1 et seq.) who has been convicted of an offense that, if committed in Virginia, would be considered a felony, take a sample or verify that a sample has been taken and accepted into the data bank for DNA analysis in the Commonwealth; *and*
12. *Monitor the collection and payment of restitution to the victims of crime for offenders placed on supervised probation.*

Nothing in this article shall require probation and parole officers to investigate or supervise cases before general district or juvenile and domestic relations district courts.

*An Act to amend and reenact §§ 3.2-5121 and 35.1-14 of the Code of Virginia, relating to sale of rabbits; regulations.*

[S 470]

Approved March 30, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 3.2-5121 and 35.1-14 of the Code of Virginia are amended and reenacted as follows:**

**§ 3.2-5121. Authority to adopt regulations; conformity with federal regulations; hearings; enforcement of article; review of regulations.**

A. The Board is authorized to adopt regulations for the efficient enforcement of this article, unless that authority is specifically granted to the Commissioner. The Board may make the regulations adopted under this article conform, insofar as practicable, with those adopted under the federal act. Notwithstanding any other requirement under the Administrative Process Act (§ 2.2-4000 et seq.) to the contrary, the Commissioner may adopt any regulation under the federal act without public hearing. Such regulation shall be effective upon filing with the Registrar of Regulations. The Board, at its next regular meeting, shall adopt the regulation after notice but without public hearing unless a petition is filed in accordance with subsection F.

B. The Board may adopt any edition of the Food and Drug Administration's Food Code, or supplement thereto, or any portion thereof, as regulations, with any amendments as it deems appropriate. In addition, the Board may repeal or amend any regulation adopted pursuant to this subsection. No regulations adopted or amended by the Board pursuant to this subsection shall establish requirements for any license, permit, or inspection unless such license, permit, or inspection is otherwise provided for in this title. The provisions of the Food and Drug Administration's Food Code shall not apply to farmers selling their own farm-produced products directly to consumers for their personal use, whether such sales occur on such farmer's farm or at a farmers' market, unless such provisions are adopted in accordance with the Administrative Process Act (§ 2.2-4000 et seq.).

C. The provisions of the Administrative Process Act (§ 2.2-4000 et seq.) shall not apply to the adoption of any regulation pursuant to subsection B if the Board of Health adopts the same edition of the Food and Drug Administration's Food Code, or the same portions thereof, pursuant to subsection C of § 35.1-14, and the regulations adopted by the Board and the Board of Health have the same effective date. In the event that the Board of Health adopts regulations pursuant to § 2.2-4012.1, the effective date of the Board's regulations may be any date on or after the effective date of the regulations adopted by the Board of Health.

Notwithstanding any exemption to the contrary, a regulation adopted pursuant to subsection B shall be subject to the requirements set out in §§ 2.2-4007.03, 2.2-4007.04, and 2.2-4007.05, and shall be published in the Virginia Register of Regulations. After the close of the 60-day comment period, the Board may adopt a final regulation, with or without changes. Such regulation shall become effective 15 days after publication in the Virginia Register, unless the Board has withdrawn or suspended the regulation, or a later date has been set by the Board. The Board shall also hold at least one public hearing on the proposed regulation during the 60-day comment period. The notice for such public hearing shall include the date, time, and place of the hearing.

D. Hearings authorized or required by this article shall be conducted by the Board, the Commissioner, or such officer, agent, or employee as the Board may designate for the purpose.

E. The Commissioner shall coordinate enforcement of this article with the applicable federal agencies charged with enforcement of the federal act, in order to avoid unnecessary or unjustified conflict between enforcement of this article and the federal act as to Virginia food manufacturers, processors, packers, and retailers.

F. The Board or Commissioner shall from time to time for good cause shown to review the regulations and enforcement guidelines adopted pursuant to this article. If the Commissioner finds that any federal regulation or enforcement guideline that includes any tolerance or action level that does not protect the health and welfare of the citizens of the Commonwealth, he shall petition the appropriate federal agency to change the federal regulation or enforcement guideline.

G. The Commissioner or any interested party for good cause shown may request the Board to hold a public hearing concerning any regulation or enforcement guideline. If the Board after hearing finds that the regulation or enforcement

guideline does not protect the health and welfare of the citizens of the Commonwealth, it shall adopt a new regulation or enforcement guideline. Within the limits of personnel and funds available all state agencies and institutions shall cooperate and assist in furnishing information and data as to whether the regulations or enforcement guidelines in question protect the health and welfare of the citizens of the Commonwealth.

*H. No regulation adopted or amended by the Board pursuant to subsection B shall require that commercially slaughtered or processed rabbits that are offered for sale or service be slaughtered or processed under (i) the voluntary inspection program that is conducted by the state agency that has animal health jurisdiction or (ii) a voluntary inspection program that is administered by the U.S. Department of Agriculture. However, nothing in this subsection shall exempt any person who is commercially slaughtering or processing rabbits that are offered for sale or service from any other applicable provision of this chapter.*

B. In its regulations, the Board may classify restaurants by type and specify different requirements for each classification.

C. The Board may adopt any edition of the Food and Drug Administration's Food Code, or supplement thereto, or any portion thereof, as regulations, with any amendments as it deems appropriate. In addition, the Board may repeal or amend any regulation adopted pursuant to this subsection. No regulations adopted or amended by the Board pursuant to this subsection, however, shall establish requirements for any license, permit, or inspection unless such license, permit, or inspection is otherwise provided for in this title. The provisions of the Food and Drug Administration's Food Code shall not apply to farmers selling their own farm-produced products directly to consumers for their personal use, whether such sales occur on such farmer's farm or at a farmers' market, unless such provisions are adopted in accordance with the Administrative Process Act (§ 2.2-4000 et seq.).

D. The Board may issue advisory standards for the safe preparation, handling, protection, and preservation of food by entities exempt from the provisions of this title pursuant to § 35.1-25 or 35.1-26.

E. The provisions of the Administrative Process Act (§ 2.2-4000 et seq.) shall not apply to the adoption of any regulation pursuant to subsection C if the Board of Agriculture and Consumer Services adopts the same edition of the Food Code, or the same portions thereof, pursuant to subsection B of § 3.2-5121 and the regulations adopted by the Board and the Board of Agriculture and Consumer Services have the same effective date. In the event that the Board of Agriculture and Consumer Services adopts regulations pursuant to § 2.2-4012.1, the effective date of the Board's regulations may be any date on or after the effective date of the regulations adopted by the Board of Agriculture and Consumer Services.

Notwithstanding any exemption to the contrary, a regulation promulgated pursuant to subsection C shall be subject to the requirements set out in §§ 2.2-4007.03, 2.2-4007.04, and 2.2-4007.05, and shall be published in the Virginia Register of Regulations. After the close of the 60-day comment period, the Board may adopt a final regulation, with or without changes. Such regulation shall become effective 15 days after publication in the Virginia Register, unless the Board has withdrawn or suspended the regulation, or a later date has been set by the Board. The Board shall also hold at least one public hearing on the proposed regulation during the 60-day comment period. The notice for such public hearing shall include the date, time and place of the hearing.

*F. The Board shall adopt regulations pursuant to subsection C that allow the receipt for sale or service of rabbits that are slaughtered or processed in a facility that complies with regulations adopted by the Board of Agriculture and Consumer Services pursuant to the provisions of subsection H of § 3.2-5121.*

*An Act to amend and reenact § 3.2-302 of the Code of Virginia, relating to agricultural operations; nuisance.*

[S 567]

Approved March 30, 2018

**Be it enacted by the General Assembly of Virginia:**

1. **That § 3.2-302 of the Code of Virginia is amended and reenacted as follows:**

**§ 3.2-302. When agricultural operations do not constitute nuisance.**

A. No agricultural operation or any of its appurtenances shall be or become a nuisance, private or public, if such operations are conducted in accordance with ~~substantial compliance with existing~~ *any applicable best management practices in use by the operation at the time of the alleged nuisance and comply with existing any applicable laws and regulations of the Commonwealth relevant to the alleged nuisance. No action shall be brought by any person against any agricultural operation the existence of which was known or reasonably knowable when that person's use or occupancy of his property began.*

*The provisions of this section shall apply to any nuisance claim brought against any party that has a business relationship with the agricultural operation that is the subject of the alleged nuisance. The provisions of this section shall not apply whenever a nuisance results from the negligent or improper operation of any such agricultural operation or its appurtenances to any action for negligence or any tort other than a nuisance.*

*For the purposes of this subsection, "substantial compliance" means a level of compliance with applicable best management practices, laws, or regulations such that any identified deficiency did not cause a nuisance that created a significant risk to human health or safety. Agricultural operations shall be presumed to be in substantial compliance absent a contrary showing.*

B. The provisions of subsection A shall not affect or defeat the right of any person to recover damages for any injuries or damages sustained by them on account of any pollution of, or change in condition of, the waters of any stream or on the account of any overflow of lands of any such person.

C. *Only persons with an ownership interest in the property allegedly affected by the nuisance may bring an action for private nuisance. Any compensatory damages awarded to any person for a private nuisance action not otherwise prohibited by this section, where the alleged nuisance emanated from an agricultural operation, shall be measured as follows:*

1. *For a permanent nuisance, by the reduction in fair market value of the person's property caused by the nuisance, but not to exceed the fair market value of the property; or*
2. *For a temporary nuisance, by the diminution of the fair rental value of the person's property.*

*The combined recovery from multiple actions for private nuisance brought against any agricultural operation by any person or that person's successor in interest shall not exceed the fair market value of the subject property, regardless of whether any subsequent action is brought against a different defendant than any preceding action.*

D. *Notwithstanding subsection C, for any nuisance claim not otherwise prohibited by this section, nothing herein shall limit any recovery allowed under common law for physical or mental injuries that arise from such alleged nuisance and are shown by objective and documented medical evidence to have endangered life or health.*

E. Any and all ordinances of any unit of local government now in effect or hereafter adopted that would make the operation of any such agricultural operation or its appurtenances a nuisance or providing for abatement thereof as a nuisance in the circumstance set forth in this section are and shall be null and void. ~~The provisions of this section shall not apply whenever a nuisance results from the negligent or improper operation of any such agricultural operation or any of its appurtenances.~~

[S 580]

Approved March 30, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 2.2-3800, 2.2-3801, and 2.2-3803 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding in Article 2 of Chapter 2 of Title 2.2 a section numbered 2.2-203.2:4 as follows:**

**§ 2.2-203.2:4. Chief Data Officer; position created.**

*A. As used in this section, "open data" means data that is collected by an agency that is not prohibited from being made available to the public by applicable laws or regulations or other restrictions, requirements, or rights associated with such data.*

*B. There is created in the Office of the Secretary of Administration the position of Chief Data Officer of the Commonwealth to coordinate and oversee the effective sharing of data among state, regional, and local public entities and public institutions of higher education and to implement effective data governance strategies to maintain data integrity and security and promote access to open data.*

*C. The Chief Data Officer shall:*

*1. Establish business rules, guidelines, and best practices for the use of data, including open data, in the Commonwealth. Such rules, guidelines, and best practices shall address, at a minimum, (i) the sharing of data between state, regional, and local public entities and public institutions of higher education, and, when appropriate, private entities; (ii) data storage; (iii) data security; (iv) privacy; (v) compliance with federal law; (vi) the de-identification of data for research purposes; and (vii) the appropriate access to and presentation of open data and datasets to the public;*

*2. Assist state, regional, and local public entities, public institutions of higher education, and employees thereof, with the application of the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et. seq.) and understanding the applicability of federal laws governing privacy and access to data to the data sharing practices of the Commonwealth;*

*3. Assist the Chief Information Officer of the Commonwealth with matters related to the creation, storage, and dissemination of data upon request;*

*4. Encourage and coordinate efforts of state, regional, and local public entities and public institutions of higher education to access and share data, including open data, across all levels of government in an effort to improve the efficiency and efficacy of services, improve outcomes, and promote data-driven policy making, decision making, research, and analysis; and*

*5. Oversee the implementation of a website dedicated to (i) hosting open data from state, regional, and local public entities and public institutions of higher education and (ii) providing links to any other additional open data websites in the Commonwealth.*

**§ 2.2-3800. Short title; findings; principles of information practice.**

*A. This chapter may be cited as the "Government Data Collection and Dissemination Practices Act."*

*B. The General Assembly finds that:*

*1. An individual's privacy is directly affected by the extensive collection, maintenance, use and dissemination of personal information;*

2. The increasing use of computers and sophisticated information technology has greatly magnified the harm that can occur from these practices;

3. An individual's opportunities to secure employment, insurance, credit, and his right to due process, and other legal protections are endangered by the misuse of certain of these personal information systems; and

**§ 32.1-127. Regulations.**

A. The regulations promulgated by the Board to carry out the provisions of this article shall be in substantial conformity to the standards of health, hygiene, sanitation, construction and safety as established and recognized by medical and health care professionals and by specialists in matters of public health and safety, including health and safety standards established under provisions of Title XVIII and Title XIX of the Social Security Act, and to the provisions of Article 2 (§ 32.1-138 et seq.).

The hospital shall also have an agreement with at least one tissue bank and at least one eye bank to cooperate in the retrieval, processing, preservation, storage, and distribution of tissues and eyes to ensure that all usable tissues and eyes are obtained from potential donors and to avoid interference with organ procurement. The protocol shall ensure that the hospital collaborates with the designated organ procurement organization to inform the family of each potential donor of the option to donate organs, tissues, or eyes or to decline to donate. **§ 15.2-2223. Comprehensive plan to be prepared and adopted; scope and purpose.**

A. The local planning commission shall prepare and recommend a comprehensive plan for the physical development of the territory within its jurisdiction and every governing body shall adopt a comprehensive plan for the territory under its jurisdiction.

In the preparation of a comprehensive plan, the commission shall make careful and comprehensive surveys and studies of the existing conditions and trends of growth, and of the probable future requirements of its territory and inhabitants. The comprehensive plan shall be made with the purpose of guiding and accomplishing a coordinated, adjusted and harmonious development of the territory which will, in accordance with present and probable future needs and resources, best promote the health, safety, morals, order, convenience, prosperity and general welfare of the inhabitants, including the elderly and persons with disabilities.

The comprehensive plan shall be general in nature, in that it shall designate the general or approximate location, character, and extent of each feature, including any road improvement and any transportation improvement, shown on the plan and shall indicate where existing lands or facilities are proposed to be extended, widened, removed, relocated, vacated, narrowed, abandoned, or changed in use as the case may be.

B. 1. As part of the comprehensive plan, each locality shall develop a transportation plan that designates a system of transportation infrastructure needs and recommendations that include the designation of new and expanded transportation facilities and that support the planned development of the territory covered by the plan and shall include, as appropriate, but not be limited to, roadways, bicycle accommodations, pedestrian accommodations, railways, bridges, waterways, airports, ports, and public transportation facilities. The plan shall recognize and differentiate among a hierarchy of roads such as expressways, arterials, and collectors. The Virginia Department of Transportation shall, upon request, provide localities with technical assistance in preparing such transportation plan.

4. Prior to the adoption of the transportation plan or any amendment to the transportation plan, the locality shall submit such plan or amendment to the Department for review and comment. The Department shall conduct its review and provide written comments to the locality on the consistency of the transportation plan or any amendment to the provisions of subdivision 1. *An Act to amend and reenact §§ 63.2-900 and 63.2-1208 of the Code of Virginia, relating to foster care and adoption; disclosure of information prior to placement.*

[H 986]

Approved March 30, 2018

**Be it enacted by the General Assembly of Virginia:****1. That §§ 63.2-900 and 63.2-1208 of the Code of Virginia are amended and reenacted as follows:****§ 63.2-900. Accepting children for placement in homes, facilities, etc., by local boards.**

A. Pursuant to § 63.2-319, a local board shall have the right to accept for placement in suitable family homes, children's residential facilities or independent living arrangements, subject to the supervision of the Commissioner and in accordance with regulations adopted by the Board, such persons under 18 years of age as may be entrusted to it by the parent, parents or guardian, committed by any court of competent jurisdiction, or placed through an agreement between it and the parent, parents or guardians where legal custody remains with the parent, parents, or guardians.

The Board shall adopt regulations for the provision of foster care services by local boards, which shall be directed toward the prevention of unnecessary foster care placements and towards the immediate care of and permanent planning for children in the custody of or placed by local boards and that shall achieve, as quickly as practicable, permanent placements for such children. The local board shall first seek out kinship care options to keep children out of foster care and as a placement option for those children in foster care, if it is in the child's best interests, pursuant to § 63.2-900.1. In cases in which a child cannot be returned to his prior family or placed for adoption and kinship care is not currently in the best interests of the child, the local board shall consider the placement and services that afford the best alternative for protecting the child's welfare. Placements may include but are not limited to family foster care, treatment foster care and residential care. Services may include but are not limited to assessment and stabilization, diligent family search, intensive in-home, intensive wraparound, respite, mentoring, family mentoring, adoption support, supported adoption, crisis stabilization or other community-based services. The Board shall also approve in foster care policy the language of the agreement required

in § 63.2-902. The agreement shall include at a minimum a Code of Ethics and mutual responsibilities for all parties to the agreement.

Within 30 days of accepting for foster care placement a person under 18 years of age whose father is unknown, the local board shall request a search of the Virginia Birth Father Registry established pursuant to Article 7 (§ 63.2-1249 et seq.) of Chapter 12 to determine whether any man has registered as the putative father of the child. If the search results indicate that a man has registered as the putative father of the child, the local board shall contact the man to begin the process to determine paternity.

The local board shall, in accordance with the regulations adopted by the Board and in accordance with the entrustment agreement or other order by which such person is entrusted or committed to its care, have custody and control of the person so entrusted or committed to it until he is lawfully discharged, has been adopted or has attained his majority.

Whenever a local board places a child where legal custody remains with the parent, parents or guardians, the board shall enter into an agreement with the parent, parents or guardians. The agreement shall specify the responsibilities of each for the care and control of the child.

The local board shall have authority to place for adoption, and to consent to the adoption of, any child properly committed or entrusted to its care when the order of commitment or entrustment agreement between the parent or parents and the agency provides for the termination of all parental rights and responsibilities with respect to the child for the purpose of placing and consenting to the adoption of the child.

The local board shall also have the right to accept temporary custody of any person under 18 years of age taken into custody pursuant to subdivision B of § 16.1-246 or § 63.2-1517. The placement of a child in a foster home, whether within or without the Commonwealth, shall not be for the purpose of adoption unless the placement agreement between the foster parents and the local board specifically so stipulates.

B. Prior to the approval of any family for placement of a child, a home study shall be completed and the prospective foster or adoptive parents shall be informed that information about shaken baby syndrome, its effects, and resources for help and support for caretakers is available on a website maintained by the Department as prescribed in regulations adopted by the Board. Home studies by local boards shall be conducted in accordance with the Mutual Family Assessment home study template and any addenda thereto developed by the Department.

C. Prior to placing any such child in any foster home or children's residential facility, the local board shall enter into a written agreement with the foster parents, pursuant to § 63.2-902, or other appropriate custodian setting forth therein the conditions under which the child is so placed pursuant to § 63.2-902. However, if a child is placed in a children's residential facility licensed as a temporary emergency shelter, and a verbal agreement for placement is secured within eight hours of the child's arrival at the facility, the written agreement does not need to be entered into prior to placement, but shall be completed and signed by the local board and the facility representative within 24 hours of the child's arrival or by the end of the next business day after the child's arrival.

*Agreements entered into pursuant to this subsection shall include a statement by the local board that all reasonably ascertainable background, medical, and psychological records of the child, including whether the child has been the subject of an investigation as the perpetrator of sexual abuse, have been provided to the foster home or children's residential facility.*

D. Within 72 hours of placing a child of school age in a foster care placement, as defined in § 63.2-100, the local social services agency making such placement shall, in writing, (i) notify the principal of the school in which the student is to be enrolled and the superintendent of the relevant school division or his designee of such placement, and (ii) inform the principal of the status of the parental rights.

If the documents required for enrollment of the foster child pursuant to § 22.1-3.1, 22.1-270 or 22.1-271.2, are not immediately available upon taking the child into custody, the placing social services agency shall obtain and produce or otherwise ensure compliance with such requirements for the foster child within 30 days after the child's enrollment.

**§ 63.2-1208. Investigations; report to circuit court.**

A. Upon consideration of the petition, the circuit court shall, upon being satisfied as to proper jurisdiction and venue, immediately enter an order referring the case to a child-placing agency to conduct an investigation and prepare a report unless no investigation is required pursuant to this chapter. The court shall enter the order of reference prior to or concurrently with the entering of an order of publication, if such is necessary. Upon entry of the order of reference, the clerk shall forward a copy of the order of reference, the petition, and all exhibits thereto to the Commissioner and the child-placing agency retained to provide investigative, reporting, and supervisory services. If no Virginia agency was retained to provide such services, the order of reference, petition, and all exhibits shall be forwarded to the local director of social services of the locality where the petitioners reside or resided at the time of filing the petition or had legal residence at the time the petition was filed.

B. Upon receiving a petition and order of reference from the circuit court, the applicable agency shall make a thorough investigation of the matter and report thereon in writing, in such form as the Commissioner may prescribe, to the circuit court within 60 days after the copy of the petition and all exhibits thereto are forwarded. A copy of the report to the circuit court shall be served on the Commissioner by delivering or mailing a copy to him on or before the day of filing the report with the circuit court. On the report to the circuit court there shall be appended either acceptance of service or certificate of the local director, or the representative of the child-placing agency, that copies were served as this section requires, showing

the date of delivery or mailing. The circuit court shall expeditiously consider the merits of the petition upon receipt of the report.

C. If the report is not made to the circuit court within the periods specified, the circuit court may proceed to hear and determine the merits of the petition and enter such order or orders as the circuit court may deem appropriate.

D. The investigation requested by the circuit court shall include, in addition to other inquiries that the circuit court may require the child-placing agency or local director to make, inquiries as to (i) whether the petitioner is financially able, except as provided in Chapter 13 (§ 63.2-1300 et seq.) of this title, morally suitable, in satisfactory physical and mental health and a proper person to care for and to train the child; (ii) what the physical and mental condition of the child is; (iii) why the parents, if living, desire to be relieved of the responsibility for the custody, care, and maintenance of the child, and what their attitude is toward the proposed adoption; (iv) whether the parents have abandoned the child or are morally unfit to have custody over him; (v) the circumstances under which the child came to live, and is living, in the physical custody of the petitioner; (vi) whether the child is a suitable child for adoption by the petitioner; (vii) what fees have been paid by the petitioners or on their behalf to persons or agencies that have assisted them in obtaining the child; and (viii) whether the requirements of subsections E and F have been met. Any report made to the circuit court shall include a recommendation as to the action to be taken by the circuit court on the petition. A copy of any report made to the circuit court shall be furnished to counsel of record representing the adopting parent or parents. When the investigation reveals that there may have been a violation of § 63.2-1200 or § 63.2-1218, the local director or child-placing agency shall so inform the circuit court and the Commissioner.

E. The report shall include the relevant physical and mental history of the birth parents if known to the person making the report. The child-placing agency or local director shall document in the report all efforts they made to encourage birth parents to share information related to their physical and mental history. However, nothing in this subsection shall require that an investigation of the physical and mental history of the birth parents be made.

F. The report shall include a statement by the child-placing agency or local director that all reasonably ascertainable background, medical, and psychological records of the child, *including whether the child has been the subject of an investigation as the perpetrator of sexual abuse*, have been provided to the prospective adoptive parent(s). The report also shall include a list of such records provided.

[S 589]

Approved March 30, 2018

### **Be it enacted by the General Assembly of Virginia:**

**1. That § 24.2-604 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 24.2-604.3 as follows:**

**§ 24.2-604. Prohibited activities at polls; notice of prohibited area; electioneering; presence of representatives of parties or candidates; simulated elections; observers; news media; penalties.**

A. During the times the polls are open and ballots are being counted, it shall be unlawful for any person (i) to loiter or congregate within 40 feet of any entrance of any polling place; (ii) within such distance to give, tender, or exhibit any ballot, ticket, or other campaign material to any person or to solicit or in any manner attempt to influence any person in casting his vote; or (iii) to hinder or delay a qualified voter in entering or leaving a polling place.

B. Prior to opening the polls, the officers of election shall post, in the area within 40 feet of any entrance to the polling place, sufficient notices which state "Prohibited Area" in two-inch type. The notices shall also state the provisions of this section in not less than 24-point type. The officers of election shall post the notices within the prohibited area to be visible to voters and the public.

C. The officers of election shall permit one authorized representative of each political party or independent candidate in a general or special election, or one authorized representative of each candidate in a primary election, to remain in the room in which the election is being conducted at all times. A representative may serve part of the day and be replaced by successive representatives. The officers of election shall have discretion to permit up to three authorized representatives of each political party or independent candidate in a general or special election, or up to three authorized representatives of each candidate in a primary election, to remain in the room in which the election is being conducted. The officers shall permit one such representative for each pollbook station. However, no more than one such representative for each pollbook station or three representatives of any political party or independent candidate, whichever number is larger, shall be permitted in the room at any one time. Each authorized representative shall be a qualified voter of any jurisdiction of the Commonwealth. Each representative shall present to the officers of election a written statement designating him to be a representative of the party or candidate and signed by the county or city chairman of his political party, the independent candidate, or the primary candidate, as appropriate. If the county or city chairman is unavailable to sign such a written designation, such a designation may be made by the state or district chairman of the political party. However, no written designation made by a state or district chairman shall take precedence over a written designation made by the county or city chairman. Such statement, bearing the chairman's or candidate's original signature, may be photocopied, and such photocopy shall be as valid as if the copy had been signed. No candidate whose name is printed on the ballot shall serve as a representative of a party or candidate for purposes of this section. Authorized representatives shall be allowed, whether in a regular polling place or central absentee voter precinct, to be close enough to the voter check-in table to be able to hear and see what is occurring; however, such observation shall not violate the secret vote provision of Article II, Section 3 of the Constitution of Virginia or otherwise interfere with the orderly process of the election. Any representative who complains to the chief officer of election that he is unable to hear or see the process may accept the chief officer's decision or, if dissatisfied, he may immediately appeal the decision to the local electoral board or general registrar. Authorized representatives shall be allowed, whether in a regular polling place or central absentee voter precinct, to use a handheld wireless communications device, but shall not be allowed to use such a device to capture a digital image inside the polling place or central absentee voter precinct. The officers of election may prohibit the use of cellular telephones or other handheld wireless communications devices if such use will result in a violation of subsection A or D or § 24.2-607. Authorized representatives shall not be allowed in any case to provide assistance to any voter as permitted under § 24.2-649 or to wear any indication that they are authorized to assist voters either inside the polling place or within 40 feet of any entrance to the polling place.

G. This section shall not be construed to prohibit a minor from entering a polling place on the day of the election to vote in a simulated election at that polling place, provided that the local electoral board or general registrar has determined that such polling place can accommodate simulated election activities without interference or substantial delay in the orderly conduct of the official voting process. Persons supervising or working in a simulated election in which minors vote may remain within such polling place. The local electoral board or general registrar and the chief officer for the polling place shall exercise authority over, but shall have no responsibility for the administration of, simulated election related activities at the polling place.

The local electoral board, or its general registrar, may conduct a special election day program for high school students in one or more polling places designated by the electoral board or the general registrar, other than a central absentee voter precinct. Such students shall be selected by the electoral board or the general registrar in cooperation with high school authorities. The program shall be designed to stimulate the students' interest in elections and registering to vote, provide assistance to the officers of election, and ensure the safe entry and exit of elderly and disabled voters from the polling place. Each student shall receive, from a person designated by the electoral board, training on the duties, responsibilities, and prohibited conduct of election pages. Each student shall take and sign an oath as an election page, serve under the direct supervision of the chief officer of election of his assigned polling place, and observe strict impartiality at all times. ~~I. A local electoral board or general registrar may authorize in writing the presence of additional neutral observers as may be deemed appropriate, except as otherwise prohibited or limited by this section. Such observers shall comply with the restrictions in subsections A and D and shall not be allowed in any case to provide assistance to any voter as permitted under § 24.2-649 or to wear any indication that they are authorized to assist voters either inside the polling place or within 40 feet of any entrance to the polling place.~~

~~J. I. The officers of election shall permit representatives of the news media to visit and film or photograph inside the polling place for a reasonable and limited period of time while the polls are open. However, the media (i) shall comply with the restrictions in subsections A and D; (ii) shall not film or photograph any person who specifically asks the media representative at that time that he not be filmed or photographed; (iii) shall not film or photograph the voter or the ballot in such a way that divulges how any individual voter is voting; and (iv) shall not film or photograph the voter list or any other voter record or material at the precinct in such a way that it divulges the name or other information concerning any individual voter. Any interviews with voters, candidates or other persons, live broadcasts, or taping of reporters' remarks, shall be conducted outside of the polling place and the prohibited area. The officers of election may require any person who is found by a majority of the officers present to be in violation of this subsection to leave the polling place and the prohibited area.~~

~~K. J. The provisions of subsections A and D shall not be construed to prohibit a person who approaches or enters the polling place for the purpose of voting from wearing a shirt, hat, or other apparel on which a candidate's name or a political slogan appears or from having a sticker or button attached to his apparel on which a candidate's name or a political slogan appears. This exemption shall not apply to candidates, representatives of candidates, or any other person who approaches or enters the polling place for any purpose other than voting.~~

**§ 24.2-604.3. Election day page program; high school students.**

*A. The local electoral board, or its general registrar, may conduct a special election day page program for high school students in one or more polling places designated by the electoral board or the general registrar, other than a central absentee voter precinct. Students shall be selected for the election day page program by the electoral board or the general registrar in cooperation with high school authorities. The program shall be designed to stimulate the pages' interest in elections and registering to vote, provide assistance to the officers of election, and ensure the safe entry and exit of elderly and disabled voters from the polling place.*

*B. Each page shall receive, from a person designated by the electoral board, training on the duties, responsibilities, and prohibited conduct of election pages. Each page shall take and sign an oath as an election page, serve under the direct supervision of the chief officer of election of his assigned polling place, and observe strict impartiality at all times.*

*C. Election pages may observe the electoral process and seek information from the chief officer of election and may assist in the arrangement of the voting equipment, furniture, and other materials for the conduct of the election but shall not enter any voting booth. Election pages may, at the direction and under the direct supervision of the chief officer of election, assist in the counting of unmarked ballots but shall not handle or touch ballots in any other circumstance.*

## CHAPTER 701

*An Act to amend and reenact § 20-109 of the Code of Virginia, relating to modification of spousal support.*

[S 614]

Approved March 30, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That § 20-109 of the Code of Virginia is amended and reenacted as follows:**

**§ 20-109. Changing maintenance and support for a spouse; effect of stipulations as to maintenance and support for a spouse; cessation upon cohabitation, remarriage or death.**

A. Upon petition of either party the court may increase, decrease, or terminate the amount or duration of any spousal support and maintenance that may thereafter accrue, whether previously or hereafter awarded, as the circumstances may make proper. Upon order of the court based upon clear and convincing evidence that the spouse receiving support has been habitually cohabiting with another person in a relationship analogous to a marriage for one year or more commencing on or after July 1, 1997, the court shall terminate spousal support and maintenance unless (i) otherwise provided by stipulation or contract or (ii) the spouse receiving support proves by a preponderance of the evidence that termination of such support would be unconscionable. The provisions of this subsection shall apply to all orders and decrees for spousal support, regardless of the date of the suit for initial setting of support, the date of entry of any such order or decree, or the date of any petition for modification of support.

B. The court may consider a modification of an award of spousal support for a defined duration upon petition of either party filed within the time covered by the duration of the award. Upon consideration of the factors set forth in subsection E of § 20-107.1, the court may increase, decrease or terminate the amount or duration of the award upon finding that (i) there has been a material change in the circumstances of the parties, not reasonably in the contemplation of the parties when the award was made or (ii) an event which the court anticipated would occur during the duration of the award and which was significant in the making of the award, does not in fact occur through no fault of the party seeking the modification. The provisions of this subsection shall apply only to suits for initial spousal support orders filed on or after July 1, 1998, and suits for modification of spousal support orders arising from suits for initial support orders filed on or after July 1, 1998.

C. In suits for divorce, annulment and separate maintenance, and in proceedings arising under subdivision A 3 or subsection L of § 16.1-241, if a stipulation or contract signed by the party to whom such relief might otherwise be awarded is filed before entry of a final decree, no decree or order directing the payment of support and maintenance for the spouse, suit money, or counsel fee or establishing or imposing any other condition or consideration, monetary or nonmonetary, shall be entered except in accordance with that stipulation or contract. If such a stipulation or contract is filed after entry of a final decree and if any party so moves, the court shall modify its decree to conform to such stipulation or contract. *No request for modification of spousal support based on a material change in circumstances or the terms of stipulation or contract shall be denied solely on the basis of the terms of any stipulation or contract that is executed on or after July 1, 2018, unless such stipulation or contract contains the following language: "The amount or duration of spousal support contained in this [AGREEMENT] is not modifiable except as specifically set forth in this [AGREEMENT]."*

D. Unless otherwise provided by stipulation or contract, spousal support and maintenance shall terminate upon the death of either party or remarriage of the spouse receiving support. The spouse entitled to support shall have an affirmative duty to notify the payor spouse immediately of remarriage at the last known address of the payor spouse.

This definition of the term "lost profits" shall not create any new right or remedy or diminish any existing right or remedy other than to allow the body determining just compensation to consider lost profits in awarding just compensation if a person asserts a right to lost profits in a claim for compensation.

"Owner" means any person who owns property, provided that the person's ownership of the property is of record in the land records of the clerk's office of the circuit court of the county or city where the property is located. The term "owner" shall not include trustees or beneficiaries under a deed of trust, any person with a security interest in the property, or any person with a judgment or lien against the property. **§ 25.1-230.1. Lost access and lost profits.**

A. For purposes of this section:

"Business" shall have the same meaning as set forth in § 25.1-400.

"Business profit" means the average net income for federal income tax purposes for the three years immediately prior to the ~~valuation date of~~ *later of (i) the date of valuation or (ii) the date the state agency or its contractor prevents the owner from using the land or any of the owner's other property rights are taken*, for a business or farm operation located on the property taken.

"Direct access" means ingress or egress on or off a public road, street, or highway at a location where the property adjoins that road, street, or highway.

"Farm operation" shall have the same meaning as set forth in § 25.1-400.

B. The body determining just compensation shall include in its determination of damage to the residue any loss in market value of the remaining property from lost access caused by the taking or damaging of the property. The body determining just compensation shall ascertain any reduction in value for lost access, if any, that may accrue to the residue (i) beyond the enhancement in value, if any, to such residue as provided in subdivision A 1 of § 25.1-230, or (ii) beyond the peculiar benefits, if any, to such other property as provided in subdivision A 2 of § 25.1-230, by reason of the taking and use by the petitioner. If such peculiar benefit or enhancement in value shall exceed the reduction in value, there shall be no recovery against the landowner for such excess. The body determining just compensation may not consider an injury or benefit that the property owner experiences in common with the general community, including off-site circuitry of travel and diversion of traffic, arising from an exercise of the police power. The body determining just compensation shall ensure that

any compensation awarded for lost access shall not be duplicated in the compensation otherwise awarded to the owner of the property taken or damaged.

C. The body determining just compensation shall include in its determination of just compensation lost profits to the owner of a business or farm operation conducted on the property taken only if the owner proves with reasonable certainty the amount of the loss and that the loss is directly and proximately caused by the taking of the property through the exercise of eminent domain and the following conditions are met:

1. The loss cannot be reasonably prevented by a relocation of the business or farm operation, or by taking steps and adopting procedures that a reasonably prudent person would take and adopt;
2. The loss will not be included in relocation assistance provided pursuant to Chapter 4 (§ 25.1-400 et seq.);
3. Compensation for the loss will not be duplicated in the compensation otherwise awarded to the owner of the property taken or damaged; and
4. The loss shall be determined in accordance with generally accepted accounting principles applied on a consistent basis.

D. Any and all liability for lost access shall be established and made a part of the award of just compensation for damage to the residue of the property taken or damaged, and any and all liability for lost profits shall be set forth specifically in the award. In a partial acquisition, in the event that the owner of the property being condemned and the owner of the business or farm operation claiming lost profits are the same, then any enhancement or peculiar benefit shall be offset against both damage to the residue and lost profits.

E. It shall not be a requirement of any bona fide effort to purchase the property pursuant to § 25.1-204 or 33.2-1001 that the petitioner include any liability for lost profits in a written offer to purchase the property.

F. In any proceeding in which the owner of a business or farm operation seeks to recover lost profits, the owner shall provide the condemning authority with all federal income tax returns, if any, relating to the business or farm operation for which the owner seeks lost profits for a period of three years prior to the *later of (i) the valuation date or (ii) the date the state agency or its contractor prevents the owner from using the land or any of the owner's other property rights are taken*, and for each year thereafter during the pendency of the condemnation proceeding. The condemning authority shall not divulge the information provided pursuant to this subsection except in connection with the condemnation proceeding. *Additionally, unless already named in the petition for condemnation, the owner may intervene in the proceeding by filing a motion to intervene accompanied by a petition for intervention setting forth the basis for the lost profits claim under this chapter. Proceedings to adjudicate lost profits may be bifurcated from the other proceedings to determine just compensation if the lost profits claim period will not expire until one year or later from the date of the filing of the petition for condemnation, but such bifurcation shall not prevent the entry of an order confirming indefeasible title to the land interests acquired by the condemning authority.*

G. Nothing in this section is intended to provide for compensation for inverse condemnation claims for temporary interference with or interruption of a business or farm operation other than that which is directly and proximately caused by a taking or damaging of property through the exercise of eminent domain.

### CHAPTER 703

*An Act to amend the Code of Virginia by adding a section numbered 38.2-3407.10:1, relating to reimbursement of a physician for services rendered during the period in which a credentialing application is pending before a health insurance carrier.*

[H 139]

Approved March 30, 2018

**Be it enacted by the General Assembly of Virginia:**

**1. That the Code of Virginia is amended by adding a section numbered 38.2-3407.10:1 as follows:**

**§ 38.2-3407.10:1. Reimbursement for services rendered during pendency of physician's credentialing application.**

*A. As used in this section:*

*"Carrier" means an entity subject to the insurance laws and regulations of the Commonwealth and subject to the jurisdiction of the Commission that contracts or offers to contract to provide, deliver, arrange for, pay for, or reimburse any of the costs of health care services, including an insurer licensed to sell accident and sickness insurance, a health maintenance organization, a health services plan, or any other entity providing a plan of health insurance, health benefits, or health care services.*

*"Covered person" means a policyholder, subscriber, enrollee, participant, or other individual covered by a health benefit plan.*

*"Health benefit plan" means a policy, contract, certificate, or agreement offered by a carrier to provide, deliver, arrange for, pay for, or reimburse any of the costs of health care services.*

*"Network" means a group of participating physicians who provide health care services under the carrier's health benefit plan that requires or creates incentives for a covered person to use the participating physicians.*

*"New provider applicant" means a physician who has submitted a completed credentialing application to a carrier.*

"Participating physician" means a physician who is managed, under contract with, or employed by a carrier and who has agreed to provide health care services to covered persons with an expectation of receiving payments, other than coinsurance, copayments, or deductibles, directly or indirectly from the carrier.

"Physician" means a doctor of medicine or osteopathic medicine holding an active license from the Board of Medicine.

B. A carrier that credentials the physicians in its network shall establish reasonable protocols and procedures for reimbursing new provider applicants, after being credentialed by the carrier, for health care services provided to covered persons during the period in which the applicant's completed credentialing application is pending. At a minimum, the protocols and procedures shall:

1. Apply only if the physician's credentialing application is approved by the carrier;
2. Permit physician reimbursement for services rendered from the date the physician's completed credentialing application is received for consideration by the carrier;
3. Apply only if a contractual relationship exists between the carrier and the physician or entity for whom the physician is employed or engaged; and
4. Require that any reimbursement be paid at the in-network rate that the physician would have received had he been, at the time the covered health care services were provided, a credentialed participating physician in the network for the applicable health benefit plan.

C. Nothing in this section shall require reimbursement of physician-rendered services that are not benefits or services covered by the carrier's health benefit plan.

D. Nothing in this section requires a carrier to pay reimbursement at the contracted in-network rate for any covered medical services provided by the new provider applicant if the new provider applicant's credentialing application is not approved or the carrier is otherwise not willing to contract with the new provider applicant.

E. Payments made or retroactive denials of payments made under this section shall be governed by § 38.2-3407.15.

F. If a payment is made by the carrier to a physician or any entity that employs or engages such physician under this section for a covered service, the patient shall only be responsible for any coinsurance, copayments, or deductibles permitted under the insurance contract with the carrier or participating provider agreement with the physician. If the new provider applicant is not credentialed by the carrier, the new provider applicant or any entity that employs or engages such physician shall not collect any amount from the patient for health care services provided from the date the completed credentialing application was submitted to the carrier until the applicant received notification from the carrier that credentialing was denied.

G. New provider applicants, in order to submit claims to the carrier pursuant to this section, shall provide written or electronic notice to covered persons in advance of treatment that they have submitted a credentialing application to the carrier of the covered person, stating that the carrier is in the process of obtaining and verifying the following pursuant to credentialing regulations:

*"Notice of Provider credentialing and re-credentialing.*

Your health insurance carrier is required to establish and maintain a comprehensive credentialing verification program to ensure that its physicians meet the minimum standards of professional licensure or certification. Written supporting documentation for physicians who have completed their residency or fellowship requirements for their specialty area more than 12 months prior to the credentialing decision shall include:

1. Current valid license and history of licensure or certification;
2. Status of hospital privileges, if applicable;
3. Valid U.S. Drug Enforcement Administration certificate, if applicable;
4. Information from the National Practitioner Data Bank, as available;
5. Education and training, including postgraduate training, if applicable;
6. Specialty board certification status, if applicable;
7. Practice or work history covering at least the past five years; and
8. Current, adequate malpractice insurance and malpractice history covering at least the past five years.

Your health insurance carrier is in the process of obtaining and verifying the above information in order to determine if your physician will be credentialed or not."

H. The provisions of this section shall not apply to coverages issued by a Medicare Advantage plan or pursuant to Title XIX of the Social Security Act, 42 U.S.C. § 1396 et seq. (Medicaid).

I. The Commission shall have no jurisdiction to adjudicate individual controversies arising out of this section.

**2. That the Virginia Department of Health shall revise and reenact the regulations promulgated pursuant to § 32.1-137.1 of the Code of Virginia regarding managed care health insurance plans consistent with the provisions of this act.**

1. Misrepresenting goods or services as those of another;
2. Misrepresenting the source, sponsorship, approval, or certification of goods or services;
3. Misrepresenting the affiliation, connection, or association of the supplier, or of the goods or services, with another;
4. Misrepresenting geographic origin in connection with goods or services;
5. Misrepresenting that goods or services have certain quantities, characteristics, ingredients, uses, or benefits;
6. Misrepresenting that goods or services are of a particular standard, quality, grade, style, or model;
7. Advertising or offering for sale goods that are used, secondhand, repossessed, defective, blemished, deteriorated, or reconditioned, or that are "seconds," irregulars, imperfects, or "not first class," without clearly and unequivocally indicating in the advertisement or offer for sale that the goods are used, secondhand, repossessed, defective, blemished, deteriorated, reconditioned, or are "seconds," irregulars, imperfects or "not first class";

8. Advertising goods or services with intent not to sell them as advertised, or with intent not to sell at the price or upon the terms advertised.

In any action brought under this subdivision, the refusal by any person, or any employee, agent, or servant thereof, to sell any goods or services advertised or offered for sale at the price or upon the terms advertised or offered, shall be prima facie evidence of a violation of this subdivision. This paragraph shall not apply when it is clearly and conspicuously stated in the advertisement or offer by which such goods or services are advertised or offered for sale, that the supplier or offeror has a limited quantity or amount of such goods or services for sale, and the supplier or offeror at the time of such advertisement or offer did in fact have or reasonably expected to have at least such quantity or amount for sale;

13. Using in any contract or lease any liquidated damage clause, penalty clause, or waiver of defense, or attempting to collect any liquidated damages or penalties under any clause, waiver, damages, or penalties that are void or unenforceable under any otherwise applicable laws of the Commonwealth, or under federal statutes or regulations;

13a. Failing to provide to a consumer, or failing to use or include in any written document or material provided to or executed by a consumer, in connection with a consumer transaction any statement, disclosure, notice, or other information however characterized when the supplier is required by 16 C.F.R. Part 433 to so provide, use, or include the statement, disclosure, notice, or other information in connection with the consumer transaction;

14. Using any other deception, fraud, false pretense, false promise, or misrepresentation in connection with a consumer transaction;

If the supplier does not permit a refund, exchange, or credit for return, he shall so state on a similar sign. The provisions of this subdivision shall not apply to any retail merchant who has a policy of providing, for a period of not less than 20 days after date of purchase, a cash refund or credit to the purchaser's credit card account for the return of defective, unused, or undamaged merchandise upon presentation of proof of purchase. In the case of merchandise paid for by check, the purchase shall be treated as a cash purchase and any refund may be delayed for a period of 10 banking days to allow for the check to clear. This subdivision does not apply to sale merchandise that is obviously distressed, out of date, post season, or otherwise reduced for clearance; nor does this subdivision apply to special order purchases where the purchaser has requested the supplier to order merchandise of a specific or unusual size, color, or brand not ordinarily carried in the store or the store's catalog; nor shall this subdivision apply in connection with a transaction for the sale or lease of motor vehicles, farm tractors, or motorcycles as defined in § 46.2-100;

b. A layaway agreement. Such disclosure shall be furnished to the consumer (i) in writing at the time of the layaway agreement, or (ii) by means of a sign placed in a conspicuous public area of the premises of the supplier, so as to be readily noticeable and readable by the consumer, or (iii) on the bill of sale. Disclosure shall include the conditions, charges, or fees in the event that a consumer breaches the agreement;

16a. Failing to provide written notice to a consumer of an existing open-end credit balance in excess of \$5 (i) on an account maintained by the supplier and (ii) resulting from such consumer's overpayment on such account. Suppliers shall give consumers written notice of such credit balances within 60 days of receiving overpayments. If the credit balance information is incorporated into statements of account furnished consumers by suppliers within such 60-day period, no separate or additional notice is required;

17. If a supplier enters into a written agreement with a consumer to resolve a dispute that arises in connection with a consumer transaction, failing to adhere to the terms and conditions of such an agreement;

CHAPTER 17.8.

*AUTOMATIC RENEWAL OFFERS AND CONTINUOUS SERVICE OFFERS.*

**§ 59.1-207.45. Definitions.**

*As used in this chapter, unless the context requires a different meaning:*

"Automatic renewal" means a plan or arrangement in which a paid subscription or purchasing agreement is automatically renewed at the end of a definite term for a subsequent term.

"Automatic renewal offer terms" means the following clear and conspicuous disclosures:

1. That the subscription or purchasing agreement will continue until the consumer cancels;
2. The description of the cancellation policy that applies to the offer;
3. The recurring charges that will be charged to the consumer's credit or debit card or payment account with a third party as part of the automatic renewal plan or arrangement and that the amount of the charge may change, if that is the case, and the amount to which the charge will change, if known;
4. The length of the automatic renewal term or that the service is continuous, unless the length of the term is chosen by the consumer; and
5. The minimum purchase obligation, if any.

"Clear and conspicuous" or "clearly and conspicuously" means in larger type than the surrounding text, or in contrasting type, font, or color to the surrounding text of the same size, or set off from the surrounding text of the same size by symbols or other marks, in a manner that clearly calls attention to the language. In the case of an audio disclosure, "clear and conspicuous" or "clearly and conspicuously" means in a volume and cadence sufficient to be readily audible and understandable.

"Consumer" means any individual who seeks or acquires, by purchase or lease, any goods, services, money, or credit for personal, family, or household purposes.

"Continuous service" means a plan or arrangement in which a subscription or purchasing agreement continues until the consumer cancels the service.

"Supplier" has the same meaning ascribed thereto in § 59.1-198.

**§ 59.1-207.46. Making automatic renewal or continuous service offer to consumer; affirmative consent required; disclosures; prohibited conduct.**

A. No supplier making an automatic renewal or continuous service offer to a consumer in the Commonwealth shall do any of the following:

1. Fail to present the automatic renewal offer terms or continuous service offer terms in a clear and conspicuous manner before the consumer becomes obligated on the automatic renewal or continuous service offer and in visual proximity, or in the case of an offer conveyed by voice, in temporal proximity, to the request for consent to the offer.
2. Charge the consumer's credit or debit card or the consumer's account with a third party for an automatic renewal or continuous service without first obtaining the consumer's affirmative consent to the agreement containing the automatic renewal offer terms or continuous service offer terms.
3. Fail to provide an acknowledgment that includes the automatic renewal or continuous service offer terms, cancellation policy, and information regarding how to cancel in a manner that is capable of being retained by the consumer. If the offer includes a free trial, the supplier shall also disclose in the acknowledgment how to cancel and allow the consumer to cancel before the consumer pays or becomes obligated to pay for the goods or services.

B. A supplier making automatic renewal or continuous service offers shall provide a toll-free telephone number, an electronic mail address, a postal address only when the supplier directly bills the consumer, or another cost-effective, timely, and easy-to-use mechanism for cancellation that shall be described in the acknowledgment specified in subdivision A 3.

C. In the case of a material change in the terms of the automatic renewal or continuous service offer that has been accepted by a consumer in the Commonwealth, the supplier shall provide the consumer with a clear and conspicuous notice of the material change and provide information regarding how to cancel in a manner that is capable of being retained by the consumer.

D. The requirements of this section shall apply only prior to the completion of the initial order for the automatic renewal or continuous service, except:

1. The requirement in subdivision A 3 may be fulfilled after completion of the initial order; and
2. The requirement in subsection C shall be fulfilled prior to implementation of the material change.

**§ 59.1-207.47. When goods, wares, merchandise, or products deemed a gift.**

In any case in which a supplier sends any goods, wares, merchandise, or products to a consumer under a continuous service agreement or automatic renewal of a purchase without first obtaining the consumer's affirmative consent as described in § 59.1-207.46, the goods, wares, merchandise, or products shall for all purposes be deemed an unconditional gift to the consumer; who may use or dispose of the same in any manner he sees fit without any obligation whatsoever on the consumer's part to the supplier, including any obligation or responsibility for shipping any goods, wares, merchandise, or products to the supplier.

**§ 59.1-207.48. Exemptions.**

This chapter shall not apply to:

1. Any service provided by a supplier or its affiliate where either the supplier or its affiliate is doing business pursuant to a franchise issued by a political subdivision of the Commonwealth or a license, franchise, certificate, or other authorization issued by the State Corporation Commission to a public service company or public utility pursuant to Title 56;

7. Any health club registered pursuant to the Virginia Health Club Act (59.1-294 et seq.).

**§ 59.1-207.49. Enforcement; penalties.**

Any violation of this chapter shall constitute a prohibited practice under the provisions of § 59.1-200 and shall be subject to the enforcement provisions of the Virginia Consumer Protection Act (§ 59.1-196 et seq.). However, if a supplier makes a good faith effort to comply with the requirements of this chapter, the supplier shall not be subject to either a civil penalty under § 59.1-206 or damages under § 59.1-204.

**2. That the provisions of this act shall become effective on January 1, 2019.**
