When permitted by applicable federal laws or administrative regulations, the State Comptroller shall first offset and reduce the amount to be transferred by any and all amounts of interest payments calculated to be received by the state from the federal government, where such payments are due to the state because the state was required to disburse its own funds for federal program purposes prior to the receipt of federal funds.</p> <p>3. Should the interest payments calculated to be made by the federal government to the state exceed the interest calculated to be transferred from the state to the federal government, reduced by the federally approved direct cost reimbursement to the state, the State Comptroller shall then notify the federal government of the net amount of interest due to the state and shall record such net interest, upon its receipt, as interest revenue earned by the general fund.</p>			
287.10	<p>Notwithstanding the provisions set forth in this Act, the amounts listed below associated with increased general fund spending within this agency shall be immediately unallotted upon enactment of these appropriations from the applicable Items of this agency and any other relevant Item of this act. Further, notwithstanding the provisions of this Act, any language associated with the spending listed below shall not be applicable unless, after such unallotment, a base amount of funding remains to which such language would be applicable or unless such language previously appeared in Chapter 854, 2019 Acts of Assembly. Any amounts referenced within any other Items of this Act that reflect or include the spending amounts listed below shall have no effect. These amounts shall remain unallotted until re-enacted by the General Assembly after acceptance of a revenue forecast that confirms the revenues estimated within this Act. <p>2. The workgroup may consider and evaluate other EHR systems that may be more appropriate to meet specific agency needs and evaluate the cost-effectiveness of pursuing a separate EHR system as compared to a statewide integrated EHR. However, the workgroup shall ensure that standards are developed to ensure that EHRs can be shared as appropriate with public and private partner agencies and health care entities.</p>				
<p>3. The workgroup shall also develop an implementation timeline, cost estimates, and assess other issues that may need to be addressed in order to implement an integrated statewide EHR system. The workgroup shall examine and report on the (i) federal requirements and permissibility associated with providing a Medicaid doula benefit; (ii) impact that state regulation would have on doula practitioners; (iii) a review of strategies other states have implemented; (iv) an analysis of the appropriate rates for such a benefit; and (v) the estimated costs and potential savings to the state and practitioners over the next six years. 2. Local Match. All localities are required to appropriate a local match for the base year funding consisting of the actual aggregate local match rate based on actual total 1997 program expenditures for the Children's Services Act. This local match rate shall also apply to all reimbursements from the state pool of funds in this Item and carryforward expenditures submitted prior to September 30 each year for the preceding fiscal year, including administrative reimbursements under paragraph C.4. in this Item.

If there is more than one CPMT in the CSB's service area, the CPMTs and the CSB may work together as a region to develop a plan for ICC services. Local CPMTs and CSBs shall also work together to determine the most appropriate and cost-effective provider of ICC services for children in their community who are placed in, or at-risk of being placed in, residential care through the Children's Services Act, in accordance with guidelines developed by the State Executive Council. The State Executive Council and Office of Children's Services shall establish guidelines for reasonable rates for ICC services and provide training and technical assistance to CPMTs and fiscal agents regarding these services.

Every locality shall be required to appropriate a local match based on the local match contribution in paragraph C.2. of this Item. A. This appropriation shall only be used for the provision of loans or scholarships in accordance with regulations promulgated by the Board of Health, or for the administration, management, and reporting thereof. The department may move appropriation between scholarship or loan repayment programs as long as the scholarship or loan repayment is in accordance with the regulations promulgated by the Board of Health.

B. The Virginia Department of Health shall collaborate with the Virginia Health Care Foundation and the Department of Behavioral Health and Developmental Services, the state teaching hospitals, and other relevant stakeholders on a plan to increase the number of Virginia behavioral health practitioners, including licensed clinical psychologists, licensed clinical social workers, licensed professional counselors, child and adolescent psychiatrists, and psychiatric nurse practitioners, practicing in Virginia's community services boards, behavioral health authorities, state mental health facilities, free clinics, federally qualified health centers and other similar health safety net organizations through the use of a student loan repayment program. The program design shall address the need for behavioral health professionals in behavioral health shortage areas; the types of behavioral health practitioners needed across communities; the results of community health needs assessments that have been completed by hospitals, localities or other organizations; and shortages that may exist in high cost of living areas, which may preclude individuals from choosing employment in public and non-profit community behavioral health and safety net organizations and state mental health facilities. The program design shall include a preference for applicants who choose employment in underserved areas of the Commonwealth and contain conditions for recipients to practice in these areas for at least two years. The program shall be implemented by the Virginia Department of Health. The plan shall identify opportunities to leverage state funding for the program with funds from other sources in order to maximize the total funding for such a program. The plan shall determine how the program can complement and coordinate with existing efforts to recruit and retain Virginia behavioral health practitioners.

C.1. The Virginia Department of Health shall establish the Virginia Behavioral Health Loan Repayment Program. Eligible practitioners include: psychiatrists, licensed clinical psychologists, licensed clinical social workers, licensed professional counselors, child and adolescent psychiatrists, and psychiatric nurse practitioners. The program shall include a tiered incentive system as follows: (i) Tier I providers: child and adolescent psychiatrists, psychiatric nurse practitioners, and psychiatrists; and (ii) Tier II providers: licensed clinical psychologists, licensed clinical social workers, and licensed professional counselors.

2. For each eligible year of service provided, the practitioner shall receive a year of applicable loan repayment award in return. Loan repayment checks will be submitted at

the end of each year of service. Payments will be made directly to the lender. Practitioners must agree to a minimum of two years of practice for the behavioral health provider with the ability for two one-year renewals. The program shall require preference be given to applicants choosing to practice in underserved areas which must be a federally designated mental Health Professional Shortage Area or Medically Underserved Area within the Commonwealth. Practitioners are required to practice at Community Services Boards, behavioral health authorities, state mental health facilities, free clinics, federally qualified health centers and other similar health safety net organizations in order to be eligible for the program. The award amount is up to 25 percent of student loan debt, not to exceed \$30,000 per year for Tier I professionals or \$20,000 per year for Tier II professionals. In no instance shall the loan repayment exceed the total student loan debt.

3. No match contribution from practice sites or the community is required. Loan repayment awards shall be tax exempt.

4. The program shall have an Advisory Board, composed of representatives from stakeholder organizations and community members as determined by the department. The Advisory Board will meet annually and provide guidance regarding effective outreach and feedback on both programmatic processes and impact. The department shall provide an annual report to the Advisory Board on successes, challenges and opportunities with the program.

The amount of the incentive may be adjusted based on the actual number of hours completed during the clinical education rotation. The program shall seek to reduce the shortage of APRN clinical education opportunities and establish new preceptor rotations for advanced practice nursing students, especially in high demand fields such as psychiatry. The department shall report to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by November 1, 2020, on the progress of establishing the Nursing Preceptor Incentive Program.

Income Utilization Rate in excess of 25 percent and meet other federal requirements. Eligibility for out of state cost reporting hospitals shall be based on total Medicaid utilization or on total Medicaid NICU utilization equal to 14 percent or higher.				
b) Each hospital's DSH payment shall be equal to the DSH per diem multiplied by each hospital's eligible DSH days in a base year. Days reported in provider fiscal years in state FY 2011 will be the base year for FY 2015 prospective DSH payments. DSH will be recalculated annually with an updated base year. DSH payments are subject to applicable federal limits.				
c) Eligible DSH days are the sum of all Medicaid inpatient acute, psychiatric and rehabilitation days above 14 percent for each DSH hospital subject to special rules for out of state cost reporting hospitals. Eligible DSH days for out of state cost reporting hospitals shall be the higher of the number of eligible days based on the calculation in the first sentence times Virginia Medicaid utilization (Virginia Medicaid days as a percent of total Medicaid days) or the Medicaid NICU days above 14 percent times Virginia NICU Medicaid utilization (Virginia NICU Medicaid days as a percent of total NICU Medicaid days). Eligible DSH days for out of state cost reporting hospitals who qualify for DSH but who have less than 12 percent Virginia Medicaid utilization shall be 50 percent of the days that would have otherwise been eligible DSH days.				
d) Additional eligible DSH days are days that exceed 28 percent Medicaid utilization for Virginia Type Two hospitals (excluding Children's Hospital of the Kings Daughters).				
e) The DSH per diem shall be calculated in the following manner:

For purposes of DSH, Type Two hospitals do not include Children's Hospital of the Kings Daughters (CHKD) or any hospital whose reimbursement exceeds its federal uncompensated care cost limit. The Type Two Hospital DSH allocation shall equal the amount of DSH paid to Type Two hospitals in state FY 2014 increased annually by the percent change in the federal allotment, including any reductions as a result of the Affordable Care Act, adjusted for the state fiscal year.				
b. The DSH per diem for State Inpatient Psychiatric Hospitals is calculated by dividing the total State Inpatient Psychiatric Hospital DSH allocation by the sum of eligible DSH days. The State Inpatient Psychiatric Hospital DSH allocation shall equal the amount of DSH paid in state FY 2013 increased annually by the percent change in the federal allotment, including any reductions as a result of the Affordable Care Act, adjusted for the state fiscal year.				
c. The DSH per diem for CHKD shall be three times the DSH per diem for Type Two hospitals.				
d. The DSH per diem for Type One hospitals shall be 17 times the DSH per diem for Type Two hospitals.				
2. Each year, the department shall determine how much Type Two DSH has been reduced as a result of the Affordable Care Act and adjust the percent of cost reimbursed for outpatient hospital reimbursement.				
3. The department shall convene the Hospital Payment Policy Advisory Council at least once a year to consider additional changes to the DSH methodology.				
4. The department shall have the authority to implement these reimbursement changes effective July 1, 2014, and prior to completion of any regulatory process in order to effect such changes.				
SS. HHH.1. By October 1, 2019, the Department of Medical Assistance Services shall require consumer-directed aides providing personal care, respite care and companion services in the Medicaid Commonwealth Coordinated Care (CCC) Plus Waiver and Developmental Disability waiver programs and the Early and Periodic Screening Diagnosis and Treatment (EPSDT) program to utilize an Electronic Visit Verification (EVV) system. Nothing in this paragraph shall apply to live-in caretakers, who shall be exempt from the EVV requirements beginning January 1, 2021. The department is authorized to contract with a vendor to provide access to an EVV system for use by consumer-directed aides.

2. For personal care, respite care and companion services agencies, the department shall work with the appropriate stakeholders to develop standards for electronic visit verification systems and certification requirements to ensure EVV systems used by such agencies meet all federal requirements and are capable of providing the necessary data the department may require.

3. Nothing stated above shall apply to respite services provided by a DBHDS licensed provider in a DBHDS licensed program site such as a group home, sponsored residential home, supervised living, supported living or similar facility/location licensed to provide respite, as allowed by the Centers for Medicare and Medicaid.

4. The department shall ensure that implementation of electronic visit verification complies with all requirements of the federal Centers of Medicare and Medicaid Services. The department shall have authority to implement these provisions prior to the completion of any regulatory process in order to effect such changes.

III.1. Effective July 1, 2017, the Department of Medical Assistance Services shall amend the State Plan for Medical Assistance to increase the formula for indirect medical education (IME) for freestanding children's hospitals with greater than 50 percent Medicaid utilization in 2009 as a substitute for DSH payments. The formula for these hospitals for indirect medical education for inpatient hospital services provided to Medicaid patients but reimbursed by capitated managed care providers shall be identical to the formula for Type One hospitals. The IME payments shall continue to be limited such that total payments to freestanding children's hospitals with greater than 50 percent Medicaid utilization do not exceed the federal uncompensated care cost limit to which disproportionate share hospital payments are subject, excluding third party reimbursement for Medicaid eligible patients. The department shall have the authority to implement these changes effective July 1, 2017, and prior to completion of any regulatory action to effect such changes.

2. The Department of Medical Assistance Services (DMAS) shall have the authority to create additional hospital supplemental payments for freestanding children's hospitals with greater than 50 percent Medicaid utilization in 2009 to replace payments that have been reduced due to the federal regulation on the definition of uncompensated care costs effective June 2, 2017. These new payments shall equal what would have been paid to the freestanding children's hospitals under the current disproportionate share hospital (DSH) formula without regard to the uncompensated care cost limit. These additional hospital supplemental payments shall take precedence over supplemental payments for private acute care hospitals. If the federal regulation is voided, DMAS shall continue DSH payments to the impacted hospitals and adjust the additional hospital supplemental payments authorized in this paragraph accordingly. The department shall have the authority to implement these changes prior to completion of any regulatory process undertaken in order to effectuate such change.

JJJ. For the period beginning September 1, 2016 until 180 days after publication and distribution of the Developmental Disabilities Waivers provider manual by the Department of Medical Assistance Services (DMAS), retraction of payment from Developmental Disabilities Waivers providers following an audit by DMAS or one of its contractors is only permitted when the audit points identified are supported by the Code of Virginia, regulations, DMAS general providers manuals, or DMAS Medicaid Memos in effect during the date of services being audited.

The department shall have the authority to amend the necessary waiver(s) and the State Plan under Titles XIX and XXI of the Social Security Act to include changes to services covered, provider qualifications, medical necessity criteria, and rates and rate methodologies for private duty nursing. The adjustments to these services shall meet the needs of members and maintain budget neutrality by not requiring any additional expenditure of general fund beyond the current projected appropriation for such nursing services.</p>			
	<p>2. The department shall have authority to implement these changes to be effective July 1, 2019. The department shall also have authority to promulgate any emergency regulations required to implement these necessary changes within 280 days or less from the enactment dated of this act. 	<p>2. Any new beds or renovations placed in service between the reporting year and the rate year shall be treated as a mid-year rate adjustment. No new rate will be made after April 30. Rate updates that fall between May 1 and June 30 shall be effective July 1 of the same year.</p>			
	<p>3. The department shall annualize real estate taxes, property taxes and property insurance costs that do not represent a full year's cost.</p>

Any adjustments based on subsequent documentation or audit for a current rate year shall be applied beginning with the next rate year.</p>			
	<p>5. The department shall have 15 days from the date of the provider's submission to determine if the filing is complete for purposes of setting a rate for a new or renovated facility. The facility shall have 15 days from the date the filing is deemed incomplete to submit the required information. The deadline for setting the rate shall be extended for 30 days after the filing is deemed complete.</p>

Home delivered meals shall not require cost-sharing until such time as federal law permits cost-sharing with Older Americans Act funding.

342. A. Area Agencies on Aging are encouraged to continue seeking funds from a variety of sources which include cost-sharing in programs where not prohibited by funding sources; private sector voluntary contributions from older persons receiving services; families of individuals receiving services; and churches, service groups and other organizations. Such appropriations shall not be included in the appropriations used to match Older Americans Act funding. Revenue generated as a result of these projects shall be retained by the participating area agencies for use in meeting critical care needs of older Virginians. These revenues shall supplement, not supplant, general fund resources.

B. It is the intent of the General Assembly that all Area Agencies on Aging use any new general fund revenue, with the exception of funding provided for the Long-term Care Ombudsman program, to implement sliding fees for services. However, priority for services should be given to applicants in the greatest need, regardless of ability to pay. Revenue from fees shall be retained by the Area Agencies on Aging for use in meeting critical care needs of older Virginians. These revenues shall supplement, not supplant, general fund resources.

C. It is the intent of the General Assembly that Older Americans Act funds and general fund moneys be targeted to services which can assist the elderly to function independently for as long as possible. Area Agencies on Aging may use general fund moneys for consumer-directed services.

D. At the request of the Commissioner, Department for Aging and Rehabilitative Services, the Director, Department of Planning and Budget may transfer state general fund appropriations for services provided by Area Agencies on Aging between service categories. Each individual Area Agency on Aging may transfer up to the maximum amount of federal funds and matching state general fund amounts allowed by federal law between service categories. Further, each Area Agency on Aging may transfer undesignated state general fund amounts among service categories. Under no circumstances shall any funds be transferred from direct services to administration. State general fund appropriations shall be available to the area agencies on aging beginning July 1 of each year of the biennium, in compliance with the department's General Fund Cash Management Policy.

A. The Department of Social Services shall require localities to report all expenditures on designated social services, regardless of reimbursement from state and federal sources. The Department of Social Services is authorized to include eligible costs in its claim for Temporary Assistance for Needy Families Maintenance of Effort requirements.

B. It is the intent of the General Assembly that the Commissioner, Department of Social Services shall work with localities that seek to voluntarily merge and consolidate their respective local departments of social services. No funds appropriated under this act shall be used to require a locality to merge or consolidate local departments of social services.

C.1. Out of this appropriation, \$627,458 the first year and \$627,458 the second year from the general fund and \$969,542 the first year and \$969,542 the second year from nongeneral funds shall be provided to support the statewide 2-1-1 Information and Referral System which provides resource and referral information on many of the specialized health and human resource services available in the Commonwealth, including child day care availability and providers in localities throughout the state, and publish consumer-oriented materials for those interested in learning the location of child day care providers.

2. The Department of Social Services shall request that all state and local child-serving agencies within the Commonwealth be included in the Virginia Statewide Information and Referral System as well as any agency or entity that receives state general fund dollars and provides services to families and youth. The Secretary of Health and Human Resources, the Secretary of Education and Workforce, and the Secretary of Public Safety and Homeland Security shall assist in this effort by requesting all affected agencies within their secretariats to submit information to the statewide Information and Referral System and ensure that such information is accurate and updated annually. Agencies shall also notify the Virginia Information and Referral System of any changes in services that may occur throughout the year.

3. The Department of Social Services shall communicate with child-serving agencies within the Commonwealth about the availability of the statewide Information and Referral System. This information shall also be communicated via the Department of Social Services' broadcast system on their agency-wide Intranet so that all local and regional offices can be better informed about the Statewide Information and Referral System. Information on the Statewide Information and Referral System shall also be included within the department's electronic mailings to all local and regional offices at least biannually.

D.1. Within 30 days of awarding or amending any contract related to the Virginia Case Management System (VaCMS), the Department of Social Services (DSS) shall provide the Chairmen of the House Appropriations and Senate Finance Committees, and Director, Department of Planning and Budget with a copy of the contract, including any fiscal implications.

2. Prior to the award of any contract that will potentially obligate the Commonwealth to future unappropriated spending, the department shall receive prior written concurrence from Director, Department of Planning and Budget. Any approved increases in funding requests shall be reported by DSS to the Chairmen of House Appropriations and Senate Finance Committees within 30 days.

E. At least 60 days prior to the modification of any public guidance document, handbook, manual, or state plan, the Department of Social Services (DSS) shall provide written notification to the Governor and the Director of the Department of Planning and Budget as to the purpose of such change. This notice shall also assess whether the amendment may require any 1) future state regulatory action; 2) increase in local costs; and/or 3) any state expenditure beyond that which is appropriated in this Act. This notice does not exempt the agency from any requirements set forth within § 4-5.03 of this Act.

F. The Superintendent of Public Instruction shall convene a work group to develop and establish a plan to transfer the Child Care Development Fund grant from the Virginia Department of Social Services to the Virginia Department of Education no later than July 1, 2021. The work group shall include representatives of (i) the Secretariats of Education and Health and Human Resources; (ii) relevant state agencies, including the Department of Planning and Budget, the Office of the Attorney General, the Department of Education, and the Department of Social Services; (iii) relevant regulatory boards, including the Board of Education; and (iv) the House Committee on Appropriations and the Senate Committee on Finance and Appropriations. The goal of this transfer is to house responsibility of child care and education programs under one agency. The plan shall be submitted to the Governor, the Chairs of the House Appropriations and Senate Finance and Appropriations Committees, and Director of the Department of Planning and Budget no later than August 15, 2020. Such plan shall confirm the funding amounts and positions that need to be transferred between the impacted agencies, and shall identify any savings or additional costs associated with the transfer of these programs. The review shall also assess any potential administrative impacts on the Department of Social Services and the Department of Education.

G. Out of this appropriation, \$250,000 the first year from the general fund is provided for the agency to contract with a vendor for assistance in evaluating the agency's needs for a new child welfare system, developing detailed cost estimates and a timeline for implementation. The department shall submit a plan for a new child welfare system to the Governor and the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by October 1, 2020.

H. The Department of Social Services shall report a detailed accounting, annually, of the agency's organization and operations. This report shall include an organizational chart that shows all full- and part-time positions (by job title) employed by the agency as well as the current management structure and unit responsibilities. The report shall also provide a summary of organization changes implemented over the previous year. The report shall be made available on the department's website by August 15 of each year. For the report due August 15, 2020, the department shall provide a summary of all organizational changes implemented since January 1, 2018.

I. Notwithstanding any other provision of law, the Department of Social Services (DSS) shall have temporary authority to make any changes to relevant State Plans, request waivers from applicable Federal agencies, change eligibility criteria for benefits and services, and payment levels for applicable programs in response to the COVID-19 pandemic and new authorities and funding made available by the federal government to effect those policies necessary to ensure that benefits are available to eligible populations in response to COVID-19. Prior to the implementation of any change, DSS must receive written approval from the Governor. Within 15 days of implementing changes in response to COVID-19, DSS shall send a list of such actions to the Director, Department of Planning and Budget and the Chairs of the House Appropriations and Senate Finance and Appropriations Committees. The provisions of this paragraph, as well as any actions implemented under its authority, shall be in accordance with the Governor's emergency declaration for COVID-19 and be in effect for the period specified therein.

360. A. In the operation of any program of public assistance, including benefit and service programs in any locality, for which program appropriations are made to the Department of Social Services, it is provided that if a payment or overpayment is made to an individual who is ineligible therefor under federal and/or state statutes and regulations, the amount of such payment or overpayment shall be returned to the Department of Social Services by the locality.

B. However, no such repayments may be required of the locality if the department determines

that such overpayment or payments to ineligibles resulted from the promulgation of vague or conflicting regulations by the department or from the failure of the department to make timely distribution to the localities of the statutes, rules, regulations, and policy decisions, causing the overpayment or payment to ineligible(s) to be made by the locality or from situations where a locality exercised due diligence, yet received incomplete or incorrect information from the client which caused the overpayment or payment to ineligibles. If a locality fails to effect the return, the Department of Social Services shall withhold an equal amount from the next disbursement made by the department to the locality for the same program.

C. The Department of Social Services shall implement the guidance issued by the U.S. Department of Health and Human Services concerning the obligation of recipients of federal financial assistance to comply with Title VI of the Civil Rights Act of 1964 by ensuring that meaningful access to federally-funded programs, activities and services administered by the department is provided to limited English proficient (LEP) persons, 63 Fed. Reg. 47,311-47,323 (August 8, 2003). At a minimum, the department shall (i) identify the need for language assistance by analyzing the following factors: (1) the number or proportion of LEP persons in the eligible service population, (2) the frequency of contact with such persons, (3) the nature and importance of the program, activity or service, and (4) the costs of providing language assistance and resources available; (ii) translate vital documents into the language of each frequently encountered LEP group eligible to be served; (iii) provide accurate and timely oral interpreter services; and (iv) develop an effective implementation plan to address the identified needs of the LEP populations served.

361. A. The amount for the Supplemental Nutrition Assistance Program (SNAP) shall be expended under regulations of the Board of Social Services to reimburse county and city welfare/social services boards pursuant to § 63.2-401, Code of Virginia, and subject to the same percentage limitations for other administrative services performed by county and city public welfare/social services boards and superintendents of public welfare/social services pursuant to other provisions of the Code of Virginia, as amended.

B. Pursuant to the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, Public Law 104-193, the Department of Social Services shall, in cooperation with local departments of social services, maintain a waiver of the work requirement for Supplemental Nutrition Assistance Program (SNAP) recipients residing in areas that do not have a sufficient number of jobs to provide employment for such individuals, including those areas designated as labor surplus areas by the U.S. Department of Labor.

C. To the extent permitted by federal law, Supplemental Nutrition Assistance Program (SNAP) recipients subject to a work requirement pursuant to § 824 of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, Public Law 104-193, as amended, shall be permitted to satisfy such work requirement by providing volunteer services to a public or private, nonprofit agency for the number of hours per month determined by dividing the household's monthly SNAP allotment by the federal minimum wage.

D. The Department of Social Services shall, to the extent permitted by federal law, disregard the value of at least one motor vehicle per household in determining eligibility for the Supplemental Nutrition Assistance Program (SNAP).

E. The Department of Social Services shall develop a multi-lingual outreach campaign to inform qualified aliens and their children, who are United States citizens, of their eligibility for the federal Supplemental Nutrition Assistance Program (SNAP) and ensure that they have access to benefits under SNAP. To the extent permitted by federal law, the department shall administer SNAP in a way that minimizes the procedural burden on qualified aliens and addresses concerns about the impact of SNAP receipt on their immigration sponsors and status.

Out of the appropriation for this Item, \$403,250 the first year and \$403,250 the second year from the general fund is provided for the ongoing financing costs of scientific equipment in the toxicology, controlled substances, breath alcohol, and DNA sections through the state's master equipment lease purchase program.

D. Included in the appropriation for this item is \$144,336 each year from the general fund for the estimated costs of materials needed for the additional DNA testing required pursuant to Chapters 543 and 544 of the 2018 Session of the General Assembly.

E. Notwithstanding § 9.1-1101.1, Code of Virginia, the Department of Forensic Science shall not enter into contracts or agreements for forensic laboratory services that i) require additional general fund resources for laboratory services that can otherwise be procured at lower costs, or ii) impose additional regulatory burdens on the staff of the Department to implement.

<p>from the general fund for the implementation of the financial assistance provisions of the Juvenile Community Crime Control Act (VJCCCA), §§ 16.1-309.2 through 16.1-309.10, Code of Virginia. Notwithstanding § 16.1-309.6, Code of Virginia, localities participating in this program and contributing through their local match an amount of local funds which is greater than they receive from the Commonwealth under this program are authorized, but not required, to provide a contribution greater than the state general fund contribution. In no case shall their local match be less than their state share.</p> <p>2. Notwithstanding the provisions of §§ 16.1-309.2 through 16.1-309.10, Code of Virginia, the Board of Juvenile Justice shall establish guidelines for use in determining the types of programs for which VJCCCA funding may be expended. The department shall establish a format to receive biennial or annual requests for funding from localities, based on these guidelines. For each program requested, the plan shall document the need for the program, goals, and measurable objectives, and a budget for the proposed expenditure of these funds and any other resources to be committed by localities.</p> <p>3.a. Notwithstanding the provisions of § 16.1-309.7 B, Code of Virginia, unobligated VJCCCA funds must be returned to the department by each grantee locality no later than October 1 of the fiscal year following the fiscal year in which they were received, or a similar amount may be withheld from the current fiscal year's periodic payments designated by the department for that locality. The Director, Department of Planning and Budget, may increase the general fund appropriation for this Item up to the amount of unobligated VJCCCA funds returned to the Department of Juvenile Justice.</p> <p>b. All such unobligated and reappropriated balances shall be used by the department for the purpose of awarding short-term supplementary grants to localities, for programs and services which have been demonstrated to improve outcomes, including reduced recidivism, of juvenile offenders. Such programs and services must augment and support current VJCCCA-funded programs within each affected locality. The grantee locality shall submit an outcomes report to the department, in accord with a written memorandum of agreement which shall accompany the supplementary grant award. This provision shall apply to funds obligated to and in the possession of the department and its grant recipients. The entity which returns unobligated funds under this provision shall not have a presumptive entitlement to a supplementary grant.</p> <p>c. The Department of Juvenile Justice, with the assistance of the Department of Corrections, the Virginia Council on Juvenile Detention, juvenile court service unit directors, juvenile and domestic relations district court judges, and juvenile justice advocacy groups, shall provide a report on the types of programs supported by the Juvenile Community Crime Control Act and whether the youth participating in such programs are statistically less likely to be arrested, adjudicated or convicted, or incarcerated for either misdemeanors or crimes that would otherwise be considered felonies if committed by an adult.</p> <p>F. The department shall consolidate the annual reporting requirements in §§ 2.2-222 and 66-13 and in Chapters 755 and 914 of the 1996 Acts of the General Assembly concerning juvenile offender demographics. The consolidated annual report shall address the progress of Virginia Juvenile Community Crime Control Act programs including the requirements in Article 12.1 of Chapter 11 of Title 16.1 (§ 16.1-309.2 et seq.) relating to the number of juveniles served, the average cost for residential and nonresidential services, the number of employees, and descriptions of the contracts entered into by localities. Notwithstanding any other provisions of the Code of Virginia, the consolidated report shall be submitted to the Governor, the General Assembly, the Chairmen of the House Appropriations and Senate Finance Committees, the Secretary of Public Safety and Homeland Security, and the Department of Planning and Budget by the first day of the regular General Assembly session.</p>

A. The Department of Juvenile Justice shall retain all funds paid for the support of children committed to the department to be used for the security, care, and treatment of said children.

B.1. The Director, Department of Juvenile Justice, (the “Department”) shall develop a transformation plan to provide more effective and efficient services for juveniles, using data-based decision-making, that improves outcomes and safely reduces the number of juveniles housed in state-operated juvenile correctional centers, consistent with public safety. To accomplish these objectives, the Department will provide, when appropriate, alternative placements and services for juveniles committed to the Department that offer treatment, supervision and programs that meet the levels of risk and need, as identified by the Department's risk and needs assessment instruments, for each juvenile placed in such placements or programs. Prior to implementation, the plan shall be approved by the Secretary of Public Safety and Homeland Security.

2. The Department shall reallocate any savings from the reduced cost of operating state juvenile correctional centers to support the goals of the transformation plan including, but not limited to: (a) increasing the number of male and female local placement options, and post-dispositional treatment programs and services; (b) ensuring that appropriate placements and treatment programs are available across all regions of the Commonwealth; and (c) providing appropriate levels of educational, career readiness, rehabilitative, and mental health services for these juveniles in state, regional, or local programs and facilities, including but not limited to, community placement programs, independent living programs, and group homes. The goals of such transformation services shall be to reduce the risks for reoffending for juveniles supervised or committed to the Department and to improve and promote the skills and resiliencies necessary for the juveniles to lead successful lives in their communities.

3. No later than November 1 of each year, the Department of Juvenile Justice shall provide a report to the Governor, the Chairmen of the House Appropriations and Senate Finance Committees, the Secretary of Public Safety and Homeland Security and the Director, Department of Planning and Budget, assessing the impact and results of the transformation plan and its related actions. The report shall include, but is not limited to, assessing juvenile offender recidivism rates, fiscal and operational impact on detention homes; changes (if any) in commitment orders by the courts; and use of the savings redirected as a result of transformation, including the amount expended for contracted programs and treatment services, including the number of juveniles receiving each specific service. The report should also include the average length of stay for juveniles in each placement option.

4. The Director, Department of Planning and Budget, is authorized to transfer appropriations between items and programs within the Department of Juvenile Justice to reallocate any savings achieved through transformation to accomplish the goals of transformation.

5. If the Department of Juvenile Justice deems it necessary, due to facility population decline, efficient use of resources, and the need to further reduce recidivism, to close a state juvenile correctional center, the Department shall (i) work cooperatively with the affected localities to minimize the effect of the closure on those communities and their residents, and (ii) implement a general closure plan, preferably not less than 12 months from announcement of the closure, to create opportunities to place affected state

Authority: Title 2.2, Chapter 2, Article 10, § 2.2-201, and Titles 33, 46, and 58, Code of Virginia.

A. The transportation policy goals enumerated in this act shall be implemented by the Secretary of Transportation, including the secretary acting as Chairman of the Commonwealth Transportation Board.

1. The maintenance of existing transportation assets to ensure the safety of the public shall be the first priority in budgeting, allocation, and spending. The highway share of the Transportation Trust Fund shall be used for highway maintenance and operation purposes prior to its availability for new development, acquisition, and construction.

2. It is in the interest of the Commonwealth to have an efficient and cost-effective transportation system that promotes economic development and all modes of transportation, intermodal connectivity, environmental quality, accessibility for people and freight, and transportation safety. The planning, development, construction, and operations of Virginia's transportation facilities will reflect this goal.

3. To the greatest extent possible, the appropriation of transportation revenues shall reflect planned spending of such revenues by agency and by program.

B. The maximization of all federal transportation funds available to the Commonwealth shall be paramount in the budgetary, spending, and allocation processes.

1. Notwithstanding any provision of law to the contrary, the secretary and all agencies within the transportation secretariat are hereby authorized to take all actions necessary to ensure that federal transportation funds are allocated and utilized for the maximum benefit of the Commonwealth, whether such actions or funds or both are authorized under P.L. 114-94 of the 114th Congress, or any successor or related federal transportation legislation, or regulation, rule, or guidance issued by the U.S. Department of Transportation or any federal agency. The secretary and agencies within the transportation secretariat shall utilize, to the maximum extent practicable, the flexibility provided in federal law, regulation, rule, or guidance to use federal funds in a manner consistent with the Code of Virginia. However, neither the secretary nor an agency in the transportation secretariat may materially delay a project selected pursuant to § 33.2-214.1, Code of Virginia, under the authority in this paragraph.

2. The secretary shall ensure that the allocation of transportation funds apportioned and for which obligation authority is expected to be available under federal law shall be in accordance with such laws and in support of the transportation policy goals enumerated in section A. of this Item. Furthermore, the secretary is authorized to take all actions necessary to allocate the required match for federal highway funds to ensure their appropriate and timely obligation and expenditure within the fiscal constraints of state transportation revenues and in support of the efforts addressed in B.1. By June 1 of each year, the secretary, as Chairman of the Board, shall report to the Governor and General Assembly on the allocation of such federal transportation funds and the actions taken to provide the required match.

3. The board shall only make allocations providing the required match for federal Regional Surface Transportation Block Grant Program funds to those Metropolitan Planning Organizations in urbanized areas greater than 200,000 that, in consultation with the Office of Intermodal Planning and Investment, have developed regional transportation and land use performance measures pursuant to Chapters 670 and 690 of the 2009 Acts of Assembly and have been approved by the board.

Such funds shall be federally obligated within 12 months of their allocation by the board and expended within 36 months of such obligation. If the requirements included in this paragraph are not met by such agency or recipient, then the board shall use such federal funds for any other project eligible under 23 USC 149.				
5. Funds made available to the Metropolitan Planning Organizations known as the Regional Surface Transportation Block Grant Program for urbanized areas greater than 200,000 shall be federally obligated within 12 months of their allocation by the board and expended within 36 months of such obligation. The Commonwealth Transportation Board, in consultation with the appropriate local and regional entities, may allocate state revenues to local and regional public transit operators, for operating and/or capital purposes.				
8. If a regional area (or areas) of the Commonwealth is determined to be not in compliance with Clean Air Act rules regarding conformity and as a result federal and/or state allocations, apportionments or obligations cannot be used to fund or support transportation projects or programs in that area, such funds may be used to finance demand management, conformity, and congestion mitigation projects to the extent allowed by federal law. Any remaining amount of such allocations, apportionments, or obligations shall be set aside to the extent possible under law for use in that regional area.				
9. Appropriations in this act related to federal revenues outlined in this section may be adjusted by the Director, Department of Planning and Budget, upon request from the Secretary of Transportation, as needed to utilize and allocate additional federal funds that may become available.

C. All Commonwealth Mass Transit Funds appropriated for Financial Assistance for Public Transportation shall be used only for public transportation purposes as defined by the Federal Transit Administration or outlined in § 33.2-1526.1, Code of Virginia.				
D. It is the intent of the General Assembly that no transit operating assistance funding, as provided in A.1.a. of this item, be used to support any new transit system or route at a level higher than such project would be eligible for under the allocation formula set out in § 33.2-1526.1 C. 1., Code of Virginia, beyond the first two years of its operation.

Of this amount, the allocation for Recreational Access Roads shall be \$1,500,000 the first year and \$1,500,000 the second year. It is the intent of the General Assembly that up to \$250,000 of the funds allocated by the Commonwealth Transportation Board for Recreational Access Roads in this Item shall be prioritized for handicapped accessibility improvements at Virginia State Parks, including improvements to handicapped access points and parking facility enhancements as may be requested by the Department of Conservation and Recreation.

B. Distribution of Northern Virginia Transportation Authority Fund Revenues represents direct payments, of the revenue collected and deposited into the Fund, to the Northern Virginia Transportation Authority for uses contained in Chapter 766, 2013 Acts of Assembly. Notwithstanding any other provision of law, moneys deposited into the Hampton Roads Transportation Fund shall be transferred to the Hampton Roads Transportation Accountability Commission for use in accordance with § 33.2-2611, Code of Virginia. Consistent with § 33.2-366, Code of Virginia, the Commonwealth Transportation Board, when establishing annual rates of payments to Counties that have elected to withdraw from the secondary highway system, shall adjust such rate annually with i) procedures established for adjusting payments to cities, and ii) lane mileage adjustments. It is the express intent of the General Assembly that under no circumstance shall the addition of lane miles to one jurisdiction result in the direct or indirect reduction in the calculation of payment to any other jurisdiction receiving payment from funds appropriated for Financial Assistance for County Road Maintenance (60702).

E. The Department of Transportation shall report on an annual basis to the Commonwealth Transportation Board on the impact of adjusting the payments made as part of Financial Assistance to Localities distributions for inflation consistent with adjustments for highway system maintenance and operations.

F. Of the amounts in this item, \$1,000,000 the first year and \$1,000,000 the second year from the Commonwealth Transportation Fund is appropriated for service charges to be paid to localities in which the Virginia Port Authority owns tax-exempt real estate for roadway maintenance activities in the jurisdictions hosting Virginia Port Authority facilities. These payments shall be treated the same as other Commonwealth Transportation Board payments to localities for highway maintenance. These funds shall not be used for other activities nor shall they supplant other local government expenditures for roadway maintenance. These funds shall be distributed to the localities on a pro rata basis in accordance with the formula set out in § 58.1-3403 D, Code of Virginia; however, the proportion of the funds distributed based on cargo traveling through each port facility shall be distributed on a pro rata basis according to twenty-foot equivalent units.

A. The standards upon which the public institutions of higher education are deemed certified to receive the payment of interest earnings from the tuition and fees and other nongeneral fund Educational and General revenues shall be based upon the standards provided in § 4-9.01 of this act, as approved by the General Assembly.

B. The estimated interest earnings and other revenues shall be distributed to those specific public institutions of higher education that have been certified by the State Council of Higher Education for Virginia as having met the standards provided in § 4-9.01 of this act, based on the distribution methodology developed pursuant to Chapter 933, Enactment 2, Acts of Assembly of 2005 and reported to the Chairmen of the House Appropriations Committee and Senate Finance Committee.

C. In accordance with § 2.2-5004 and 5005, Code of Virginia, this Item provides \$4,573,395 the first year and \$4,573,395 the second year from the general fund, and \$3,525,816 from nongeneral funds in the first year and \$3,525,816 from nongeneral funds in the second year for the estimated total payment to individual institutions of higher education of the interest earned on tuition and fees and other nongeneral fund Education and General Revenues deposited to the state treasury. Upon certification by the State Council of Higher Education of Virginia that all available performance benchmarks have been successfully achieved by the individual institutions of higher education, the Director, Department of Planning and Budget, shall transfer the appropriation in this Item for such estimated interest earnings to the general fund appropriation of each institution's Educational and General program.

D. This Item also includes \$2,657,622 in the first year and \$2,657,622 the second year from the general fund for the payment to individual institutions of higher education of a pro rata amount of the rebate paid to the State Commonwealth on credit card purchases not exceeding \$5,000 during the previous fiscal year. The State Comptroller shall determine the amount owed to each certified institution, net of any payments due to the federal government, using a methodology that equates a pro rata share based upon the total transactions of \$5,000 or less made by the institution using the state-approved credit card in comparison to all transactions of \$5,000 or less using said approved credit card. By October 15, or as soon thereafter as deemed appropriate, following the year of certification, the Comptroller shall reimburse each institution its estimated pro rata share.

E. Once actual financial data from the year of certification are available, the State Comptroller and the Director, Department of Planning and Budget, shall compare the actual data with estimates used to determine the distribution of the interest earnings, nongeneral fund Educational and General revenues, and the pro rata amounts to the certified institutions of higher education. In those cases where variances exist, the Governor shall include in his next introduced budget bill recommended appropriations to make whatever adjustments to each institution's distributed amount to ensure that each institution's incentive payments are accurate based on actual financial data.

The cost of each year of age or creditable service purchased by the employer shall be equal to fifteen percent of the employee's present annual compensation. The number of years of age or creditable service to be purchased by the employer shall be equal to the quotient obtained by dividing (i) the cash value of the benefits to which the employee would be entitled under subparagraphs 3.a. and 3.d. of this paragraph by (ii) the cost of each year of age or creditable service. PART 2: CAPITAL PROJECT EXPENSES

§ 2-0. GENERAL CONDITIONS

A.1. The General Assembly hereby authorizes the capital projects listed in this act. The amounts hereinafter set forth are appropriated to the state agencies named for the indicated capital projects. Amounts so appropriated and amounts reappropriated pursuant to paragraph G. of this section shall be available for expenditure during the current biennium, subject to the conditions controlling the expenditures of capital project funds as provided by law. Reappropriated amounts, unless otherwise stated, are limited to the unexpended appropriation balances at the close of the previous biennium, as shown by the records of the Department of Accounts.

2. The Director, Department of Planning and Budget, may transfer appropriations listed in Part 2 of this act from the second year to the first year in accordance with § 4-1.03 c.5. of this act.

B. The five-digit number following the title of a project is the code identification number assigned for the life of the project.

C. Except as herein otherwise expressly provided, appropriations or reappropriations for structures may be used for the purchase of equipment to be used in the structures for which the funds are provided, subject to guidelines prescribed by the Governor.

D. Notwithstanding any other provisions of law, appropriations for capital projects shall be subject to the following:

1. Appropriations or reappropriations of funds made pursuant to this act for planning of capital projects shall not constitute implied approval of construction funds in a future biennium. Funds, other than the reappropriations referred to above, for the preparation of capital project proposals must come from the affected agency's existing resources.

2. No capital project for which appropriations for planning are contained in this act, nor any project for which appropriations for planning have been previously approved, shall be considered for construction funds until preliminary plans and cost estimates are reviewed by the Department of General Services. The purpose of this review is to avoid unnecessary expenditures for each project, in the interest of assuring the overall cost of the project is reasonable in relation to the purpose intended, regardless of discrete design choices.

E.1. Expenditures from Items in this act identified as "Maintenance Reserve" are to be made only for the maintenance of property, plant, and equipment as defined in § 4-4.01 c. of this act to the extent that funds included in the appropriation to the agency for this purpose in Part 1 of this act are insufficient.

2. Agencies and institutions of higher education can expend up to \$2,000,000 for a single repair or project, and up to \$4,000,000 for a roof replacement project, through the maintenance reserve appropriation. Such expenditures shall be subject to rules and regulations prescribed by the Governor. To the extent an agency or institution of higher education has identified a potential project that exceeds this threshold, the Director, Department of Planning and Budget, can provide exemptions to the threshold as long as the project still meets the definition of a maintenance reserve project as defined by the Department of Planning and Budget.

3. Only facilities supported wholly or in part by the general fund shall utilize general fund maintenance reserve appropriations. Facilities supported entirely by nongeneral funds shall accomplish maintenance through the use of nongeneral funds.

F. Conditions Applicable to Bond Projects

1. The capital projects listed in §§ 2-26 and 2-27 for the indicated agencies and institutions of higher education are hereby authorized and sums from the sources and in the amount indicated are hereby appropriated and reappropriated. The issuance of bonds in a principal amount plus amounts needed to fund issuance costs, reserve funds, and other financing expenses, including capitalized interest for any project listed in §§ 2-26 and 2-27 is hereby authorized.

2. The issuance of bonds for any project listed in § 2-26 is to be separately authorized pursuant to Article X, Section 9 (c), Constitution of Virginia.

3. The issuance of bonds for any project listed in §§ 2-26 or 2-27 shall be authorized pursuant to § 23.1-1106, Code of Virginia.

4. In the event that the cost of any capital project listed in §§ 2-26 and 2-27 shall exceed the amount appropriated therefore, the Director, Department of Planning and Budget, is hereby authorized, upon request of the affected institution, to approve an increase in appropriation authority of not more than ten percent of the amount designated in §§ 2-26 and 2-27 for such project, from any available nongeneral fund revenues, provided that such increase shall not constitute an increase in debt issuance authorization for such capital project. Furthermore, the Director, Department of Planning and Budget, is hereby authorized to approve the expenditure of all interest earnings derived from the investment of bond proceeds in addition to the amount designated in §§ 2-26 and 2-27 for such capital project.

5. The interest on bonds to be issued for these projects may be subject to inclusion in gross income for federal income tax purposes.

6. Inclusion of a project in this act does not imply a commitment of state funds for temporary construction financing. In the absence of such commitment, the institution may be responsible for securing short-term financing and covering the costs from other sources of funds.

7. In the event that the Treasury Board determines not to finance all or any portion of any project listed in § 2-26 of this act with the issuance of bonds pursuant to Article X, Section 9 (c), Constitution of Virginia, and notwithstanding any provision of law to the contrary, this act shall constitute the approval of the General Assembly to finance all or such portion of such project under the authorization of § 2-27 of this act.

8. The General Assembly further declares and directs that, notwithstanding any other provision of law to the contrary, 50 percent of the proceeds from the sale of surplus real property pursuant to § 2.2-1147 et seq., Code of Virginia, which pertain to the general fund, and which were under the control of an institution of higher education prior to the sale, shall be deposited in a special fund set up on the books of the State Comptroller, which shall be known as the Higher Education Capital Projects Fund. Such sums shall be held in reserve, and may be used, upon appropriation, to pay debt service on bonds for the 21st Century College Program as authorized in Item C-7.10 of Chapter 924 of the Acts of Assembly of 1997.

G. Upon certification by the Director, Department of Planning and Budget, there is hereby reappropriated the appropriations unexpended at the close of the previous biennium for all authorized capital projects which meet any of the following conditions:

1. Construction is in progress.
2. Equipment purchases have been authorized by the Governor but not received.
3. Plans and specifications have been authorized by the Governor but not completed.
4. Obligations were outstanding at the end of the previous biennium.

safety and security enhancements within the referenced right-of-way of North 9th Street and East Broad Street prior to the execution of a deed of easement or other proper instruments, if deemed necessary by DGS to avoid delay in the implementation of the construction project work or safety and security enhancements.

B. 1. Pursuant to projects authorized and funded in paragraph E.1 of Item C-39.40 of Chapter 1 of the Acts of Assembly of 2014, operations of the Virginia General Assembly have temporarily moved and now operate from the Pocahontas Building bounded by the following streets 9th to the west, 10th to the east, Bank to the north, and Main to the south in the City of Richmond. This temporary move has resulted in the Commonwealth's legislative activities to be concentrated in an area requiring traffic and pedestrian operational safety and security enhancements. As such, and pursuant to the responsibilities of the Department of General Services (DGS) (§ 2.2-1129) and the Division of Capitol Police (DCP) (§ 30-34.2:1), Bank Street from 9th to 12th Street in the City of Richmond shall be controlled by the DGS and the DCP year-round while General Assembly operations are located, and conducted, in the Pocahontas Building. Vehicular travel limitations and pedestrian management needs on and along Bank Street shall be determined jointly by the DGS and the DCP during that time. These determinations will be based on the recommendations outlined in the Bank Street Safety and Security Assessment prepared by Commonwealth Architects dated February 15, 2017 (the Assessment). Funding for materials and contract services needed to address pedestrian and vehicle management activities are available to DGS from the Chapter referenced in this item.

2. At no time, will DGS or DCP make permanent changes to Bank Street right-of-way (e.g. traffic control devices, security fixtures, street lighting, surface treatments) without the approval of the City of Richmond's Chief Administrative Officer. Additionally, at no time will the City prevent DGS and DCP from implementing and maintaining the recommendations outlined in the Assessment. Bank Street operations, as described in paragraph A, will remain under the control of DGS and DCP year-round until control of Bank Street 1 reverts to the City of Richmond upon the General Assembly, and its operations, vacating the Pocahontas Building, and the General Assembly, with approval of the Governor, authorizing control of Bank Street back to the City of Richmond.

B. Notwithstanding the statute of limitations on assessments contained in § 58.1-312, Code of Virginia, any deduction taken hereunder shall be subject to recapture in the taxable year or years in which distributions or refunds are made for any reason other than (i) to pay qualified disability expenses, as defined in § 529A of the Internal Revenue Code; or (ii) the beneficiary's death.

C. A contributor to an ABLE savings trust account who has attained age 70 shall not be subject to the limitation that the amount of the deduction not exceed \$2,000 per ABLE savings trust account in any taxable year. Such taxpayer shall be allowed a deduction for the full amount contributed to an ABLE savings trust account, less any amounts previously deducted.

D. The Tax Commissioner shall develop guidelines implementing the provisions of this section, including but not limited to the computation, carryover, and recapture of the deduction provided under this section. Such guidelines shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq., Code of Virginia).

The tax shall not exceed 10 percent of the amount of charge for admission to any such venue. The provisions of this section shall expire on July 1, 2019 if no entertainment venue exists in Stafford County upon which the tax authorized is imposed.

§ 3-5.14 SUNSET DATES FOR INCOME TAX CREDITS AND SALES AND USE TAX EXEMPTIONS

A. Notwithstanding any other provision of law the General Assembly shall not advance the sunset date on any existing sales tax exemption or tax credit beyond June 30, 2025. Any new sales tax exemption or tax credit enacted by the General Assembly after the 2019 regular legislative session, but prior to the 2024 regular legislative session, shall have a sunset date of not later than June 30, 2025. However, this requirement shall not apply to tax exemptions administered by the Department of Taxation under § 58.1-609.11, relating to exemptions for nonprofit entities nor shall it apply to exemptions or tax credits with sunset dates after June 30, 2022, enacted or advanced during the 2016 Session of the General Assembly, or to the Motion Picture Production Tax Credit under § 58.1-439.12:03, Code of Virginia.

B. By November 1, 2020, the Department of Taxation shall report to every member of the General Assembly and to the Joint Subcommittee to Evaluate Tax Preferences, on the revenue impact of every sales tax exemption and tax credit scheduled to expire on or before June 30, 2025. The report shall include the prior fiscal year's state and local sales tax impact of each expiring sales tax exemption, and the prior fiscal year's general fund revenue impact of each expiring tax credit. The tax credit revenue impact analysis shall be inclusive of credits claimed against any tax imposed under Title 58.1 of the Code of Virginia.

C. The Department shall provide an updated revenue impact report no later than November 1, 2025, and every five years thereafter, for sales tax exemptions and tax credits set to expire within two years following the date of the report. Such reports shall be distributed to every member of the General Assembly and to the Joint Subcommittee to Evaluate Tax Preferences.

§ 3-5.15 PROVIDER COVERAGE ASSESSMENT

A. The Department of Medical Assistance Services (DMAS) is authorized to levy an assessment upon private acute care hospitals operating in Virginia in accordance with this Item. Private acute care hospitals operating in Virginia shall pay a coverage assessment beginning on or after October 1, 2018. For the purposes of this coverage assessment, the definition of private acute care hospitals shall exclude public hospitals, freestanding psychiatric and rehabilitation hospitals, children's hospitals, long stay hospitals, long-term acute care hospitals and critical access hospitals.

B.1. The coverage assessment shall be used only to cover the non-federal share of the "full cost of expanded Medicaid coverage" for newly eligible individuals pursuant to 42 U.S.C. § 1396d(y)(1)[2010] of the Patient Protection and Affordable Care Act, including the administrative costs of collecting the coverage assessment and implementing and operating the coverage for newly eligible adults which includes the costs of administering the provisions of the Section 1115 waiver.

2.a. The "full cost of expanded Medicaid coverage" shall include: 1) any and all Medicaid expenditures related to individuals eligible for Medicaid pursuant to 42 U.S.C. § 1396d(y)(1)[2010] of the Patient Protection and Affordable Care Act, including any federal actions or repayments; and, 2) all administrative costs associated with providing coverage, which includes the costs of administering the provisions of the Section 1115 waiver, and collecting the coverage assessment.

b. The "full cost of expanded Medicaid coverage" shall be updated: 1) on November 1 of each year based on the official Medicaid forecast and latest administrative cost estimates developed by DMAS; 2) no more than 30 days after the enactment of this Act to reflect policy changes adopted by the latest session of the General Assembly; and 3) on March 1 of any year in which DMAS estimates that the most recent non-federal share of the "full cost of expanded Medicaid coverage" times 1.08 will be insufficient to pay all expenses in 2.a. for that year.

C.1. The "coverage assessment amount" shall equal the non-federal share of the "full cost of expanded Medicaid coverage" times 1.08.

2. The "coverage assessment percentage" shall be calculated quarterly by dividing (i) the "coverage assessment amount" by (ii) the total "net patient service revenue" for hospitals subject to the assessment. The coverage assessment amount used in the quarterly calculation of the "coverage assessment percentage" shall include a reconciliation of the Health Care Coverage Assessment Fund prescribed in D.1 and subtract all prior quarterly assessments paid for that fiscal year before dividing the remainder by the remaining quarters in the fiscal year.

3. Each hospital's "net patient service revenue" equals the amount reported in the most recent Virginia Health Information (VHI) "Hospital Detail Report." Hospitals shall certify that the net patient service revenue is hospital revenue and this amount shall be the assessment basis for the following fiscal year.

4. Each hospital's coverage assessment amount shall be calculated by multiplying the quarterly "coverage assessment percentage" times each hospital's net patient service revenue.

D.1. DMAS shall, at a minimum, update the "coverage assessment amount" whenever the "full cost of expanded Medicaid coverage" is updated in section B.2.b or to ensure amounts are sufficient to cover the full cost of expanded Medicaid coverage based on the latest estimate. Hospitals shall be given no less than 15 days' notice prior to the beginning of the quarter with associated calculations supporting the change in its coverage assessment amount. Prior to any change to the coverage assessment amount, DMAS shall perform and incorporate a reconciliation of the Health Care Coverage Assessment Fund through the most recent complete quarter. Any estimated excess or shortfall of revenue shall be deducted from or added to the "coverage assessment amount."

2. DMAS shall be responsible for collecting the coverage assessment amount. Hospitals subject to the coverage assessment shall make quarterly payments due no later than July 1, October 1, January 1 and April 1 of each state fiscal year.

3. Hospitals that fail to make the coverage assessment payments within 30 days of the due date shall incur a five percent penalty that shall be deposited in the Virginia Health Care Fund. Any unpaid coverage assessment or penalty will be considered a debt to the Commonwealth and DMAS is authorized to recover it as such.

E. DMAS shall submit a report, due September 1 of each year, to the Director, Department of Planning and Budget and Chairmen of the House Appropriations and Senate Finance Committees, and the Virginia Hospital and Healthcare Association. The report shall include, for the most recently completed fiscal year, the revenue collected from the coverage assessment, expenditures for purposes authorized by this Item, and the year-end coverage assessment balance in the Health Care Coverage Assessment Fund. The report shall also include a complete and itemized listing of all administrative costs included in the coverage assessment.

F. All revenue from the coverage assessment excluding penalties, shall be deposited into the Health Care Coverage Assessment Fund. Proceeds from the coverage assessment, excluding penalties, shall not be used for any other purpose than to cover the non-federal share of the full cost of expanded Medicaid coverage. Notwithstanding any other provision of law, the net state share of any prior year recovery of Medicaid expansion costs that were paid with coverage assessment revenue shall be deposited into the Health Care Coverage Assessment Fund.

G. Any provision of this Item is contingent upon approval by the Centers for Medicare and Medicaid Services if necessary.

H. The Hospital Payment Policy Advisory Council shall meet to consider the implementation and provisions of the Provider Coverage and Payment Rate Assessments in order to consider and make recommendations to ensure the collection and use of such funds are appropriate and consistent with the intent of the General Assembly. Specifically, the Council shall consider the level of detail and format necessary to develop the report pursuant to paragraph E. The Council shall recommend a format and associated level of detail, to be included in the report to the Joint Subcommittee for Health and Human Resources Oversight. The Joint Subcommittee shall approve the final format and associated level of detail of the report to be submitted by the Department of Medical Assistance Services.

§ 3-5.16 PROVIDER PAYMENT RATE ASSESSMENT

A. The Department of Medical Assistance Services (DMAS) is hereby authorized to levy a payment rate assessment upon private acute care hospitals operating in Virginia in accordance with this item. Private acute care hospitals operating in Virginia shall pay a payment rate assessment beginning on or after October 1, 2018 when all necessary state plan amendments are approved by the Centers for Medicare and Medicaid Services (CMS). For purposes of this assessment, the definition of private acute care hospitals shall exclude public hospitals, freestanding psychiatric and rehabilitation hospitals, children's hospitals, long stay hospitals, long-term acute care hospitals and critical access hospitals.

B. Proceeds from the payment rate assessment shall be used to (i) fund an increase in inpatient and outpatient payment rates paid to private acute care hospitals operating in Virginia up to the "upper payment limit gap"; and (ii) fill the "managed care organization hospital payment gap" for care provided to recipients of medical assistance services. Payments made under the provisions i and ii of this paragraph shall be referred to as "private acute care hospital enhanced payments".

C.1. The Department of Medical Assistance Services (DMAS) shall calculate each hospital's "payment rate assessment amount" by multiplying the "payment rate assessment percentage" times "net patient service revenue" as defined below.

2. The "payment rate assessment percentage" for hospitals shall be calculated as (i) the non-federal share of funding the "private acute care hospitals enhanced payments" divided by (ii) the total "net patient service revenue" for hospitals subject to the assessment.

3. Each hospital's "net patient service revenue" equals the amount reported in the most recent Virginia Health Information (VHI) "Hospital Detail Report." Hospitals shall certify that the net patient service revenue is hospital revenue and this amount shall be the assessment basis for the following fiscal year.

D. DMAS is authorized to update the payment rate assessment amount and payment rate assessment percentage on a quarterly basis to ensure amounts are sufficient to cover the non-federal share of the full cost of the private acute care hospital enhanced payments based on the department's quarterly claims and encounter data. Hospitals shall be given no less than 15 days prior notice of the new assessment amount and be provided with calculations. Prior to any change to the payment rate assessment amount, DMAS shall perform and incorporate a reconciliation of the Health Care Provider Payment Rate Assessment Fund. Any estimated excess or shortfall of revenue since the previous reconciliation shall be deducted from or added to the calculation of the private acute care hospital enhanced payments.

E.1. The "upper payment limit" means the limit on payment for inpatient services for recipients of medical assistance established in accordance with 42 C.F.R. § 447.272 and outpatient services for recipients of medical assistance pursuant to 42 C.F.R. § 447.321 for private hospitals. DMAS shall complete a calculation of the "upper payment limit" for each state fiscal year with a detailed analysis of how it was determined. The "upper payment limit payment gap" means the difference between the amount of the private hospital upper payment limit and the amount otherwise paid pursuant to the state plan for inpatient and outpatient services. The "managed care organization hospital payment gap" means the difference between the amount included in the capitation rates for inpatient and outpatient services based on historical paid claims and the amount that would be included when the projected hospital services furnished by private acute care hospitals operating in Virginia are priced for the contract year equivalent to the upper payment limit subject to CMS approval under 42 C.F.R. section 438.6(c). As part of the development of the managed care capitation rates, the DMAS shall calculate a "Medicaid managed care organization (MCO) supplemental hospital capitation payment adjustment". This is a distinct additional amount that shall be added to Medicaid MCO capitation rates to fund supplemental payments under this section to private acute care hospitals operating in Virginia for services to Medicaid recipients.

2. DMAS shall contractually direct Medicaid MCOs to disburse supplemental hospital capitation payment funds consistent with this section and 42 C.F.R. § 438.6(c), to ensure that all such funds are disbursed to private acute care hospitals operating in Virginia. In addition, DMAS shall contractually prohibit MCOs from making reductions to or supplanting hospital payments otherwise paid by MCOs.

3. DMAS shall make available quarterly a report of the additional capitation payments that are made to each MCO pursuant to this item. Further, DMAS shall consider recommendations of the Medicaid Hospital Payment Policy and Advisory Council in designing and implementing the specific elements of the payment rate assessment and private acute care hospital supplemental payment program authorized by this item.

F.1. DMAS shall be responsible for collecting the payment rate assessment amount. Hospitals subject to the payment rate assessment shall make quarterly payments due no later than August 15, November 15, February 15 and May 15 of each state fiscal year.

2. Hospitals that fail to make the payment rate assessment payments on or before the due date in subsection F.1. shall incur a five percent penalty that shall be deposited in the Virginia Health Care Fund. Any unpaid payment assessment or penalty will be considered a debt to the Commonwealth and DMAS is authorized to recover it as such.

G. DMAS shall submit a report due September 1 of each year to the Director, Department of Planning and Budget and Chairmen of the House Appropriations and Senate Finance Committees. The report shall include, for the most recently completed fiscal year, the revenue collected from the payment rate assessment, expenditures for purposes authorized by this item, and the year-end assessment balance in the Health Care Provider Payment Rate Assessment Fund.

H. All revenue from the payment rate assessment shall be deposited into the Health Care Provider Payment Rate Assessment Fund, a special non-reverting fund in the state treasury. Proceeds from the payment rate assessment, excluding penalties, shall not be used for any other purpose than to fund (i) an increase in inpatient and outpatient payment rates paid to private acute care hospitals operating in Virginia up to the private hospital "upper payment limit" and "managed care organization hospital payment gap" for care provided to recipients of medical assistance services, and (ii) the administrative costs of collecting the assessment and of implementing and operating the associated payment rate actions.

I. Any provision of this Section is contingent upon approval by the Centers for Medicare and Medicaid Services if necessary.

§ 4-1.00 APPROPRIATIONS

§ 4-1.01 PREREQUISITES FOR PAYMENT

- a. The State Comptroller shall not pay any money out of the state treasury except pursuant to appropriations in this act or in any other act of the General Assembly making an appropriation during the current biennium.
- b. Moneys shall be spent solely for the purposes for which they were appropriated by the General Assembly, except as specifically provided otherwise by § 4-1.03 Appropriation Transfers, § 4-4.01 Capital Projects, or § 4-5.01 a. Settlement of Claims with Individuals. Should the Governor find that moneys are not being spent in accordance with provisions of the act appropriating them, he shall restrain the State Comptroller from making further disbursements, in whole or in part, from said appropriations. Further, should the Auditor of Public Accounts determine that a state or other agency is not spending moneys in accordance with provisions of the act appropriating them, he shall so advise the Governor or other governing authority, the State Comptroller, the Chairman of the Joint Legislative Audit and Review Commission, and Chairmen of the Senate Finance and House Appropriations Committees.
- c. Exclusive of revenues paid into the general fund of the state treasury, all revenues earned or collected by an agency, and contained in an appropriation item to the agency shall be expended first during the fiscal year, prior to the expenditure of any general fund appropriation within that appropriation item, unless prohibited by statute or by the terms and conditions of any gift, grant or donation.

§ 4-1.02 WITHHOLDING OF SPENDING AUTHORITY

- a. For purposes of this subsection, withholding of spending authority is defined as any action pursuant to a budget reduction plan approved by the Governor to address a declared shortfall in budgeted revenue that impedes or limits the ability to spend appropriated moneys, regardless of the mechanism used to effect such withholding.
 - b.1. Changed Expenditure Factors: The Governor is authorized to reduce spending authority, by withholding allotments of appropriations, when expenditure factors, such as enrollments or population in institutions, are smaller than the estimates upon which the appropriation was based. Moneys generated from the withholding action shall not be reallocated for any other purpose, provided the withholding of allotments of appropriations under this provision shall not occur until at least 15 days after the Governor has transmitted a statement of changed factors and intent to withhold moneys to the Chairmen of the House Appropriations and Senate Finance Committees.
2. Moneys shall not be withheld on the basis of reorganization plans or program evaluations until such plans or evaluations have been specifically presented in writing to the General Assembly at its next regularly scheduled session.
- c. Increased Nongeneral Fund Revenue:
 1. General fund appropriations to any state agency for operating expenses are supplemental to nongeneral fund revenues collected by the agency. To the extent that nongeneral fund revenues collected in a fiscal year exceed the estimate on which the operating budget was based, the Governor is authorized to withhold general fund spending authority, by withholding allotments of appropriations, in an equivalent amount. However, this limitation shall not apply to (a) restricted excess tuition and fees for educational and general programs in the institutions of higher education, as defined in § 4-2.01 c of this act; (b) appropriations to institutions of higher education designated for fellowships, scholarships and loans; (c) gifts or grants which are made to any state agency for the direct costs of a stipulated project; (d) appropriations to institutions for the mentally ill or intellectually disabled payable from the Behavioral Health and Developmental Services Revenue Fund; and (e) general fund appropriations for highway construction and mass transit. Moneys unallotted under this provision shall not be reallocated for any other purpose.
 2. To the degree that new or additional grant funds become available to supplement general fund appropriations for a program, following enactment of an appropriation act, the Governor is authorized to withhold general fund spending authority, by withholding allotments of appropriations, in an amount equivalent to that provided from grant funds, unless such action is prohibited by the original provider of the grant funds. The withholding action shall not include general fund appropriations, which are required to match grant funds. Moneys unallotted under this provision shall not be reallocated for any other purpose.
- d. Reduced General Fund Resources:
 1. The term "general fund resources" as applied in this subsection includes revenues collected and paid into the general fund of the state treasury during the current biennium, transfers to the general fund of the state treasury during the current biennium, and all unexpended balances brought forward from the previous biennium.
 2. In the event that general fund resources are estimated by the Governor to be insufficient to pay in full all general fund appropriations authorized by the General Assembly, the Governor shall, subject to the qualifications herein contained, withhold general fund spending authority, by withholding allotments of appropriations, to prevent any expenditure in excess of the estimated general fund resources available.
 3. In making this determination, the Governor shall take into account actual general fund revenue collections for the current fiscal year and the results of a formal written re-estimate of general fund revenues for the current and next biennium, prepared

within the previous 90 days, in accordance with the process specified in § 2.2-1503, Code of Virginia. Said re-estimate of general fund revenues shall be communicated to the Chairmen of the Senate Finance, House Appropriations and House Finance Committees, prior to taking action to reduce general fund allotments of appropriations on account of reduced resources.

4.a) In addition to monthly reports on the status of revenue collections relative to the current fiscal year's estimate, the Governor shall provide a written quarterly assessment of the current economic outlook for the remainder of the fiscal year to the Chairmen of the House Appropriations, House Finance, and Senate Finance Committees.

b) Within five business days after the preliminary close of the state accounts at the end of the fiscal year, the State Comptroller shall provide the Governor with the actual total of (1) individual income taxes, (2) corporate income taxes, and (3) sales taxes for the just-completed fiscal year, with a comparison of such actual totals with the total of such taxes in the official budget estimate for that fiscal year. If that comparison indicates that the total of (1) individual income taxes, (2) corporate income taxes, and (3) sales taxes, as shown on the preliminary close, was one percent or more below the amount of such taxes in the official budget estimate for the just-completed fiscal year, the Governor shall prepare a written re-estimate of general fund revenues for the current biennium and the next biennium in accordance with § 2.2-1503, Code of Virginia, to be reported to the Chairmen of the Senate Finance, House Finance and House Appropriations Committees, not later than September 1 following the close of the fiscal year.

5.a) The Governor shall take no action to withhold allotments until a written plan detailing specific reduction actions approved by the Governor, identified by program and appropriation item, has been presented to the Chairmen of the House Appropriations and Senate Finance Committees. Subsequent modifications to the approved reduction plan also must be submitted to the Chairmen of the House Appropriations and Senate Finance Committees, prior to withholding allotments of appropriations.

b) In addition to the budget reduction plan approved by the Governor, all budget reduction proposals submitted by state agencies to the Governor or the Governor's staff, including but not limited to the Department of Planning and Budget, the Governor's Cabinet secretaries, or the Chief of Staff, whether submitted electronically or otherwise, shall be made available via electronic means to the Chairmen of the House Appropriations and Senate Finance Committees concurrently with that budget reduction plan.

6. In effecting the reduction of expenditures, the Governor shall not withhold allotments of appropriations for:

a) More than 15 percent cumulatively of the annual general fund appropriation contained in this act for operating expenses of any one state or nonstate agency or institution designated in this act by title, and the exact amount withheld, by state or nonstate agency or institution, shall be reported within five calendar days to the Chairmen of the Senate Finance and House Appropriations Committees. State agencies providing funds directly to grantees named in this act shall not apportion a larger cut to the grantee than the proportional cut apportioned to the agency. Without regard to § 4-5.05 b.4. of this act, the remaining appropriation to the grantee which is not subject to the cut, equal to at least 85 percent of the annual appropriation, shall be made by July 31, or in two equal installments, one payable by July 31 and the other payable by December 31, if the remaining appropriation is less than or equal to \$500,000, except in cases where the normal conditions of the grant dictate a different payment schedule.

b) The payment of principal and interest on the bonded debt or other bonded obligations of the Commonwealth, its agencies and its authorities, or for payment of a legally authorized deficit.

c) The payments for care of graves of Confederate and historical African American dead.

d) The employer contributions, and employer-paid member contributions, to the Social Security System, Virginia Retirement System, Judicial Retirement System, State Police Officers Retirement System, Virginia Law Officers Retirement System, Optional Retirement Plan for College and University Faculty, Optional Retirement Plan for Political Appointees, Optional Retirement Plan for Superintendents, the Volunteer Service Award Program, the Virginia Retirement System's group life insurance, sickness and disability, and retiree health care credit programs for state employees, state-supported local employees and teachers. If the Virginia Retirement System Board of Trustees approves a contribution rate for a fiscal year that is lower than the rate on which the appropriation was based, or if the United States government approves a Social Security rate that is lower than that in effect for the current budget, the Governor may withhold excess contributions. However, employer and employee paid rates or contributions for health insurance and matching deferred compensation for state employees, state-supported local employees and teachers may not be increased or decreased beyond the amounts approved by the General Assembly. Payments for the employee benefit programs listed in this paragraph may not be delayed beyond the customary billing cycles that have been established by law or policy by the governing board.

e) The payments in fulfillment of any contract awarded for the design, construction and furnishing of any state building.

f) The salary of any state officer for whom the Constitution of Virginia prohibits a change in salary.

g) The salary of any officer or employee in the Executive Department by more than two percent (irrespective of the fund source for payment of salaries and wages); however, the percentage of reduction shall be uniformly applied to all employees within the Executive Department.

h) The appropriation supported by the State Bar Fund, as authorized by § 54.1-3913, Code of Virginia, unless the supporting revenues for such appropriation are estimated to be insufficient to pay the appropriation.

7. The Governor is authorized to withhold specific allotments of appropriations by a uniform percentage, a graduated reduction or on an individual basis, or apply a combination of these actions, in effecting the authorized reduction of expenditures, up to the maximum of 15 percent, as prescribed in subdivision 6a of this subsection.

8. Each nongeneral fund appropriation shall be payable in full only to the extent the nongeneral fund revenues from which the appropriation is payable are estimated to be sufficient. The Governor is authorized to reduce allotments of nongeneral fund appropriations by the amount necessary to ensure that expenditures do not exceed the supporting revenues for such appropriations; however, the Governor shall take no action to reduce allotments of appropriations for major nongeneral fund sources on account of reduced revenues until such time as a formal written re-estimate of revenues for the current and next biennium, prepared in accordance with the process specified in § 2.2-1503, Code of Virginia, has been reported to the Chairmen of the Senate Finance, House Finance, and House Appropriations Committees. For purposes of this subsection, major nongeneral fund sources are defined as Highway Maintenance and Operating Fund and Transportation Trust Fund.

9. Notwithstanding any contrary provisions of law, the Governor is authorized to transfer to the general fund on June 30 of each year of the biennium, or within 20 days from that date, any available unexpended balances in other funds in the state treasury, subject to the following:

a) The Governor shall declare in writing to the Chairmen of the Senate Finance and House Appropriations Committees that a fiscal emergency exists which warrants the transfer of nongeneral funds to the general fund and reports the exact amount of such transfer within five calendar days of the transfer;

b) No such transfer may be made from retirement or other trust accounts, the State Bar Fund as authorized by § 54.1-3913, Code of Virginia, debt service funds, or federal funds; and

c) The Governor shall include for informative purposes, in the first biennial budget he submits subsequent to the transfer, the amount transferred from each account or fund and recommendations for restoring such amounts.

10. The Director, Department of Planning and Budget, shall make available via electronic means a report of spending authority withheld under the provisions of this subsection to the Chairmen of the Senate Finance and House Appropriations Committees within five calendar days of the action to withhold. Said report shall include the amount withheld by agency and appropriation item.

11. If action to withhold allotments of appropriation under this provision is inadequate to eliminate the imbalance between projected general fund resources and appropriations, the Speaker of the House of Delegates and the President pro tempore of the Senate shall be advised in writing by the Governor, so that they may consider requesting a special session of the General Assembly.

§ 4-1.03 APPROPRIATION TRANSFERS

GENERAL

a. During any fiscal year, the Director, Department of Planning and Budget, may transfer appropriation authority from one state or other agency to another, to effect the following:

1) distribution of amounts budgeted in the central appropriation to agencies, or withdrawal of budgeted amounts from agencies in accordance with specific language in the central appropriation establishing reversion clearing accounts;

2) distribution of pass-through grants or other funds held by an agency as fiscal agent;

3) correction of errors within this act, where such errors have been identified in writing by the Chairmen of the House Appropriations and Senate Finance Committees;

4) proper accounting between fund sources 0100 and 0300 in higher education institutions;

5) transfers specifically authorized elsewhere in this act or as specified in the Code of Virginia;

6) to supplement capital projects in order to realize efficiencies or provide for cost overruns unrelated to changes in size or scope; or

7) to administer a program for another agency or to effect budgeted program purposes approved by the General Assembly, pursuant to a signed agreement between the respective agencies.

b. During any fiscal year, the Director, Department of Planning and Budget, may transfer appropriation authority within an agency to effect proper accounting between fund sources and to effect program purposes approved by the General Assembly, unless specifically provided otherwise in this act or as specified in the Code of Virginia. However, appropriation authority for local aid programs and aid to individuals, with the exception of student financial aid, shall not be transferred elsewhere without advance notice to the Chairmen of the House Appropriations and Senate Finance Committees. Further, any transfers between capital projects shall be made only to realize efficiencies or provide for cost overruns unrelated to changes in size or scope.

c.1. In addition to authority granted elsewhere in this act, the Director, Department of Planning and Budget, may transfer operating appropriations authority among sub-agencies within the Judicial System, the Department of Corrections, and the Department of Behavioral Health and Developmental Services to effect changes in operating expense requirements which may occur during the biennium.

2. The Director, Department of Planning and Budget, may transfer appropriations from the Department of Behavioral Health and Developmental Services to the Department of Medical Assistance Services, consisting of the general fund amounts required to match federal funds for reimbursement of services provided by its institutions and Community Services Boards.

3. The Director, Department of Planning and Budget, may transfer appropriations from the Office of Comprehensive Services to the Department of Medical Assistance Services, consisting of the general fund amounts required to match federal funds for reimbursement of services provided to eligible children.

4. The Director, Department of Planning and Budget, may transfer an appropriation or portion thereof within a state or other agency, or from one such agency to another, to support changes in agency organization, program or responsibility enacted by the General Assembly to be effective during the current biennium.

5. The Director, Department of Planning and Budget, may transfer appropriations from the second year to the first year, with said transfer to be reported in writing to the Chairmen of the Senate Finance and House Appropriations Committees within five calendar days of the transfer, when the expenditure of such funds is required to:

a) address a threat to life, safety, health or property, or

b) provide for unbudgeted cost increases for statutorily required services or federally mandated services, in order to continue those services at the present level, or

c) provide for payment of overtime salaries and wages, when the obligations for payment of such overtime were incurred during a situation deemed threatening to life, safety, health, or property, or

d) provide for payments to the beneficiaries of certain public safety officers killed in the line of duty, as authorized in Title 2.2, Chapter 4, Code of Virginia and for payments to the beneficiaries of certain members of the National Guard and United States military reserves killed in action in any armed conflict on or after October 7, 2001, as authorized in § 44-93.1 B., Code of Virginia, or

e) continue a program at the present level of service or at an increased level of service when required to address unanticipated increases in workload such as enrollment, caseload or like factors, or unanticipated costs, or

f) to address unanticipated business or industrial development opportunities which will benefit the state's economy, provided that any such appropriations be used in a manner consistent with the purposes of the program as originally appropriated.

6. An appropriation transfer shall not occur except through properly executed appropriation transfer documents designed specifically for that purpose, and all transactions effecting appropriation transfers shall be entered in the state's computerized budgeting and accounting systems.

7. The Director, Department of Planning and Budget, may transfer from any other agency, appropriations to supplement any project of the Virginia Public Building Authority authorized by the General Assembly and approved by the Governor. Such capital project shall be transferred to the state agency designated as the managing agency for the Virginia Public Building Authority.

8. In the event of the transition of a city to town status pursuant to the provisions of Chapter 41 of Title 15.2 of the Code of Virginia (§ 15.2-4100 et seq.) or the consolidation of a city and a county into a single city pursuant to the provisions of Chapter 35 of Title 15.2, Code of Virginia (§ 15.2-3500 et seq.) subsequent to July 1, 1999, the provisions of § 15.2-1302 shall govern distributions from state agencies to the county in which the town is situated or to the consolidated city, and the Director, Department of Planning and Budget, is authorized to transfer appropriations or portions thereof within a state agency, or from one such agency to another, if necessary to fulfill the requirements of § 15.2-1302.

§ 4-1.04 APPROPRIATION INCREASES

a. UNAPPROPRIATED NONGENERAL FUNDS:

1. Sale of Surplus Materials:

The Director, Department of Planning and Budget, is hereby authorized to increase the appropriations to any state agency by the amount of credit resulting from the sale of surplus materials under the provisions of § 2.2-1125, Code of Virginia.

2. Insurance Recovery:

The Director, Department of Planning and Budget, shall increase the appropriation authority for any state agency by the amount of the proceeds of an insurance policy or from the State Insurance Reserve Trust Fund, for expenditures as far as may be necessary, to

pay for the repair or replacement of lost, damaged or destroyed property, plant or equipment.

3. Gifts, Grants and Other Nongeneral Funds:

a) Subject to § 4-1.02 c, Increased Nongeneral Fund Revenue, and the conditions stated in this section, the Director, Department of Planning and Budget, is hereby authorized to increase the appropriations to any state agency by the amount of the proceeds of donations, gifts, grants or other nongeneral funds paid into the state treasury in excess of such appropriations during a fiscal year. Such appropriations shall be increased only when the expenditure of moneys is authorized elsewhere in this act or is required to:

1) address a threat to life, safety, health or property or

2) provide for unbudgeted increases in costs for services required by statute or services mandated by the federal government, in order to continue those services at the present level or implement compensation adjustments approved by the General Assembly, or

3) provide for payment of overtime salaries and wages, when the obligations for payment of such overtime were incurred during a situation deemed threatening to life, safety, health, or property, or

4) continue a program at the present level of service or at an increased level of service when required to address unanticipated increases in noncredit instruction at institutions of higher education or business and industrial development opportunities which will benefit the state's economy, or

5) participate in a federal or sponsored program provided that the provisions of § 4-5.03 shall also apply to increases in appropriations for additional gifts, grants, and other nongeneral fund revenue which require a general fund match as a condition of their acceptance; or

6) realize cost savings in excess of the additional funds provided, or

7) permit a state agency or institution to use a donation, gift or grant for the purpose intended by the donor, or

8) provide for cost overruns on capital projects and for capital projects authorized under § 4-4.01 m of this act, or

9) address caseload or workload changes in programs approved by the General Assembly.

b) The above conditions shall not apply to donations and gifts to the endowment funds of institutions of higher education.

c) Each state agency and institution shall ensure that its budget estimates include a reasonable estimate of receipts from donations, gifts or other nongeneral fund revenue. The Department of Planning and Budget shall review such estimates and verify their accuracy, as part of the budget planning and review process.

d) No obligation or expenditure shall be made from such funds until a revised operating budget request is approved by the Director, Department of Planning and Budget. Expenditures from any gift, grant or donation shall be in accordance with the purpose for which it was made; however, expenditures for property, plant or equipment, irrespective of fund source, are subject to the provisions of §§ 4-2.03 Indirect Costs, 4-4.01 Capital Projects General, and 4-5.03 b Services and Clients-New Services, of this act.

e) Nothing in this section shall exempt agencies from complying with § 4-2.01 a Solicitation and Acceptance of Donations, Gifts, Grants, and Contracts of this act.

4. Any nongeneral fund cash balance recorded on the books of the Department of Accounts as unexpended on the last day of the fiscal year may be appropriated for use in the succeeding fiscal year with the prior written approval of the Director, Department of Planning and Budget, unless the General Assembly shall have specifically provided otherwise. Revenues deposited to the Virginia Health Care Fund shall be used only as the state share of Medicaid, unless the General Assembly specifically authorizes an alternate use. With regard to the appropriation of other nongeneral fund cash balances, the Director shall make a listing of such transactions available to the public via electronic means no less than ten business days following the approval of the appropriation of any such balance.

5. Reporting:

The Director, Department of Planning and Budget, shall make available via electronic means a report on increases in unappropriated nongeneral funds in accordance with § 4-8.00, Reporting Requirements, or as modified by specific provisions in this subsection.

b. AGRIBUSINESS EQUIPMENT FOR THE DEPARTMENT OF CORRECTIONS

The Director of the Department of Planning and Budget may increase the Department of Corrections appropriation for the purchase of agribusiness equipment or the repair or construction of agribusiness facilities by an amount equal to fifty percent of

any annual amounts in excess of fiscal year 1992 deposits to the general fund from agribusiness operations. It is the intent of the General Assembly that appropriation increases for the purposes specified shall not be used to reduce the general fund appropriations for the Department of Corrections.

§ 4-1.05 REVERSION OF APPROPRIATIONS AND REAPPROPRIATIONS

a. GENERAL FUND OPERATING EXPENSE:

1.a) General fund appropriations which remain unexpended on (i) the last day of the previous biennium or (ii) the last day of the first year of the current biennium, shall be reappropriated and allotted for expenditure where required by the Code of Virginia, where necessary for the payment of preexisting obligations for the purchase of goods or services, or where desirable, in the determination of the Governor, to address any of the six conditions listed in § 4-1.03 c.5 of this act or to provide financial incentives to reduce spending to effect current or future cost savings. With the exception of the unexpended general fund appropriations of agencies in the Legislative Department, the Judicial Department, the Independent Agencies, or institutions of higher education, all other such unexpended general fund appropriations unexpended on the last day of the previous biennium or the last day of the first year of the current biennium shall revert to the general fund.

b) General fund appropriations for agencies in the Legislative Department, the Judicial Department, and the Independent Agencies shall be reappropriated, except as may be specifically provided otherwise by the General Assembly. General fund appropriations shall also be reappropriated for institutions of higher education, subject to § 23.1-1002, Code of Virginia.

c) To improve the stability in institutional planning and predictability for students and families to prepare for the cost of higher education, public higher education institutions are encouraged to employ the financial management strategy of establishing an institutional reserve fund supported by any unexpended education and general appropriations of the institution at the end of the fiscal year. The establishment of such a fund is designed to foster more long-term planning, promote efficient resource utilization and reduce the need for substantial year-to-year increases in tuition, thereby increasing affordability for Virginians. Independent of the provisions of § 23.1-1001, institutions are authorized to carry over education and general unexpended balances to establish and maintain a reserve fund in an amount not to exceed six percent of their general fund appropriation for educational and general programs in the most recently-completed fiscal year. Any use of the reserve fund shall be approved by the Board of Visitors of the affected institution, and the institution shall immediately report the details of the approved plan for use of the reserve fund to the Governor, the Secretary of Education, the Secretary of Finance and the Chairmen of the House Appropriations and Senate Finance Committees. Any reserve fund shall be subject to the provisions of § 23.1-1303.B.11.

2. a. The Governor shall report within five calendar days after completing the reappropriation process to the Chairmen of the Senate Finance and House Appropriations Committees on the reappropriated amounts for each state agency in the Executive Department. He shall provide a preliminary report of reappropriation actions on or before November 1 and a final report on or before December 20 to the Chairmen of the House Appropriations and Senate Finance Committees.

b. The Director, Department of Planning and Budget, may transfer reappropriated amounts within an agency to cover nonrecurring costs.

3. Pursuant to subsection E of § 2.2-1125, Code of Virginia, the determination of compliance by an agency or institution with management standards prescribed by the Governor shall be made by the Secretary of Finance and the Secretary having jurisdiction over the agency or institution, acting jointly.

4. The general fund resources available for appropriation in the first enactment of this act include the reversion of certain unexpended balances in operating appropriations as of June 30 of the prior fiscal year, which were otherwise required to be reappropriated by language in the Appropriation Act.

5. Upon request, the Director, Department of Planning and Budget, shall provide a report to the Chairmen of the House Appropriations and Senate Finance Committees showing the amount reverted for each agency and the total amount of such reversions.

b. NONGENERAL FUND OPERATING EXPENSE:

Based on analysis by the State Comptroller, when any nongeneral fund has had no increases or decreases in fund balances for a period of 24 months, the State Comptroller shall promptly transfer and pay the balance into the fund balance of the general fund. If it is subsequently determined that an appropriate need warrants repayment of all or a portion of the amount transferred, the Director, Department of Planning and Budget shall include repayment in the next budget bill submitted to the General Assembly. This provision does not apply to funds held in trust by the Commonwealth.

c. CAPITAL PROJECTS:

1. Upon certification by the Director, Department of Planning and Budget, the State Comptroller is hereby authorized to revert to the fund balance of the general fund any portion of the unexpended general fund cash balance and corresponding appropriation or reappropriation for a capital project when the Director determines that such portion is not needed for completion of the project. The State Comptroller may similarly return to the appropriate fund source any part of the unexpended nongeneral fund cash balance and

reduce any appropriation or reappropriation which the Director determines is not needed to complete the project.

2. The unexpended general fund cash balance and corresponding appropriation or reappropriation for capital projects shall revert to and become part of the fund balance of the general fund during the current biennium as of the date the Director, Department of Planning and Budget, certifies to the State Comptroller that the project has been completed in accordance with the intent of the appropriation or reappropriation and there are no known unpaid obligations related to the project. The State Comptroller shall return the unexpended nongeneral fund cash balance, if there be any, for such completed project to the source from which said nongeneral funds were obtained. Likewise, he shall revert an equivalent portion of the appropriation or reappropriation of said nongeneral funds.

3. The Director, Department of Planning and Budget, may direct the restoration of any portion of the reverted amount if he shall subsequently verify an unpaid obligation or requirement for completion of the project. In the case of a capital project for which an unexpended cash balance was returned and appropriation or reappropriation was reverted in the prior biennium, he may likewise restore any portion of such amount under the same conditions.

§ 4-1.06 LIMITED ADJUSTMENTS OF APPROPRIATIONS

a. LIMITED CONTINUATION OF APPROPRIATIONS.

Notwithstanding any contrary provision of law, any unexpended balances on the books of the State Comptroller as of the last day of the previous biennium shall be continued in force for such period, not exceeding 10 days from such date, as may be necessary in order to permit payment of any claims, demands or liabilities incurred prior to such date and unpaid at the close of business on such date, and shown by audit in the Department of Accounts to be a just and legal charge, for values received as of the last day of the previous biennium, against such unexpended balances.

b. LIMITATIONS ON CASH DISBURSEMENTS.

Notwithstanding any contrary provision of law, the State Comptroller may begin preparing the accounts of the Commonwealth for each subsequent fiscal year on or about 10 days before the start of such fiscal year. The books will be open only to enter budgetary transactions and transactions that will not require the receipt or disbursement of funds until after June 30. Should an emergency arise, or in years in which July 1 falls on a weekend requiring the processing of transactions on or before June 30, the State Comptroller may, with notification to the Auditor of Public Accounts, authorize the disbursement of funds drawn against appropriations of the subsequent fiscal year, not to exceed the sum of three million dollars (\$3,000,000) from the general fund. This provision does not apply to debt service payments on bonds of the Commonwealth which shall be made in accordance with bond documents, trust indentures, and/or escrow agreements.

§ 4-1.07 ALLOTMENTS

Except when otherwise directed by the Governor within the limits prescribed in §§ 4-1.02 Withholding of Spending Authority, 4-1.03 Appropriation Transfers, and 4-1.04 Appropriation Increases of this act, the Director, Department of Planning and Budget, shall prepare and act upon the allotment of appropriations required by this act, and by § 2.2-1819, Code of Virginia, and the authorizations for rates of pay required by this act. Such allotments and authorizations shall have the same effect as if the personal signature of the Governor were subscribed thereto. This section shall not be construed to prohibit an appeal by the head of any state agency to the Governor for reconsideration of any action taken by the Director, Department of Planning and Budget, under this section.

§ 4-2.00 REVENUES

§ 4-2.01 NONGENERAL FUND REVENUES

a. SOLICITATION AND ACCEPTANCE OF DONATIONS, GIFTS, GRANTS, AND CONTRACTS:

1. a) No state agency shall solicit or accept any donation, gift, grant, or contract without the written approval of the Governor except under written guidelines issued by the Governor which provide for the solicitation and acceptance of nongeneral funds, except that donations or gifts to the Virginia War Memorial Foundation that are small in size and number and valued at less than \$5,000, such as library items or small display items, may be approved by the Executive Director of the Virginia War Memorial in consultation with the Secretary of Veterans Affairs and Homeland Security. All other gifts and donations to the Virginia War Memorial Foundation must receive written approval from the Secretary of Veterans Affairs and Homeland Security.

b) The limits on solicitation and acceptance of donations, gifts, grants, and contracts stated in paragraph 1.a) above shall not apply to donations, gifts, grants, and contracts associated with support and/or response to the needs and impacts of the COVID-19 pandemic provided that acceptance of such does not create any ongoing commitments against general or nongeneral fund resources of the Commonwealth.

2. The Governor may issue policies in writing for procedures which allow state agencies to solicit and accept nonmonetary donations, gifts, grants, or contracts except that donations, gifts and grants of real property shall be subject to § 4-4.00 of this

act and § 2.2-1149, Code of Virginia. This provision shall apply to donations, gifts and grants of real property to endowment funds of institutions of higher education, when such endowment funds are held by the institution in its own name and not by a separately incorporated foundation or corporation.

3. The preceding subdivisions shall not apply to property and equipment acquired and used by a state agency or institution through a lease purchase agreement and subsequently donated to the state agency or institution during or at the expiration of the lease purchase agreement, provided that the lessor is the Virginia College Building Authority.

4. The use of endowment funds for property, plant or equipment for state-owned facilities is subject to §§ 4-2.03 Indirect Costs, 4-4.01 Capital Projects-General and 4-5.03 Services and Clients of this act.

5. Notwithstanding any other provision of law, public institutions of higher education may enter into agreements or contracts with nonprofit organizations that provide funding for research or other mission related activities and require use of binding arbitration or application of the laws of another jurisdiction, upon approval of the Office of the Attorney General.

b. HIGHER EDUCATION TUITION AND FEES

1. Except as provided in Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, and Chapters 675 and 685 of the 2009 Acts of Assembly, all nongeneral fund collections by public institutions of higher education, including collections from the sale of dairy and farm products, shall be deposited in the state treasury in accordance with § 2.2-1802, Code of Virginia, and expended by the institutions of higher education in accordance with the appropriations and provisions of this act, provided, however, that this requirement shall not apply to private gifts, endowment funds, or income derived from endowments and gifts.

2. a) The Boards of Visitors or other governing bodies of institutions of higher education may set tuition and fee charges at levels they deem to be appropriate for all resident student groups based on, but not limited to, competitive market rates, provided that the total revenue generated by the collection of tuition and fees from all students is within the nongeneral fund appropriation for educational and general programs provided in this act.

b) The Boards of Visitors or other governing bodies of institutions of higher education may set tuition and fee charges at levels they deem to be appropriate for all nonresident student groups based on, but not limited to, competitive market rates, provided that: i) the tuition and mandatory educational and general fee rates for nonresident undergraduate and graduate students cover at least 100 percent of the average cost of their education, as calculated through base adequacy guidelines adopted, and periodically amended, by the Joint Subcommittee Studying Higher Education Funding Policies, and ii) the total revenue generated by the collection of tuition and fees from all students is within the nongeneral fund appropriation for educational and general programs provided in this act.

c) For institutions charging nonresident students less than 100 percent of the cost of education, the State Council of Higher Education for Virginia may authorize a phased approach to meeting this requirement, when in its judgment, it would result in annual tuition and fee increases for nonresident students that would discourage their enrollment.

d) The Boards of Visitors or other governing bodies of institutions of higher education shall not increase the current proportion of nonresident undergraduate students if the institution's nonresident undergraduate enrollment exceeds 25 percent, unless: i) such enrollment is intended to support workforce development needs within the Commonwealth of Virginia as identified in consultation with the Virginia Economic Development Partnership, and ii) the number of in-state undergraduate students does not drop below fall 2018 full-time equivalent census levels as certified by the State Council of Higher Education for Virginia. Norfolk State University, Virginia Military Institute, Virginia State University, and two-year public institutions are exempt from this restriction. Any such increases shall be limited to no more than a one percentage point increase over the prior year.

3. a) In setting the nongeneral fund appropriation for educational and general programs at the institutions of higher education, the General Assembly shall take into consideration the appropriate student share of costs associated with providing full funding of the base adequacy guidelines referenced in subparagraph 2. b), raising average salaries for teaching and research faculty to the 60th percentile of peer institutions, and other priorities set forth in this act.

b) In determining the appropriate state share of educational costs for resident students, the General Assembly shall seek to cover at least 67 percent of educational costs associated with providing full funding of the base adequacy guidelines referenced in subparagraph 2. b), raising average salaries for teaching and research faculty to the 60th percentile of peer institutions, and other priorities set forth in this act.

4. a) Each institution and the State Council of Higher Education for Virginia shall monitor tuition, fees, and other charges, as well as the mix of resident and nonresident students, to ensure that the primary mission of providing educational opportunities to citizens of Virginia is served, while recognizing the material contributions provided by the presence of nonresident students. The State Council of Higher Education for Virginia shall also develop and enforce uniform guidelines for reporting student enrollments and the domiciliary status of students.

b) The State Council of Higher Education for Virginia shall report to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees no later than August 1 of each year the annual change in total charges for tuition and all required fees approved and allotted by the Board of Visitors. As it deems appropriate, the State Council of Higher Education for Virginia

shall provide comparative national, peer, and market data with respect to charges assessed students for tuition and required fees at institutions outside of the Commonwealth.

c) Institutions of higher education are hereby authorized to make the technology service fee authorized in Chapter 1042, 2003 Acts of Assembly, part of ongoing tuition revenue. Such revenues shall continue to be used to supplement technology resources at the institutions of higher education.

d) Except as provided in Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 675 and 685 of the 2009 Acts of Assembly, and Chapters 144 and 145 of the 2019 Acts of Assembly, each institution shall work with the State Council of Higher Education for Virginia and the Virginia College Savings Plan to determine appropriate tuition and fee estimates for tuition savings plans.

5. It is the intent of the General Assembly that each institution's combined general and nongeneral fund appropriation within its educational and general program closely approximate the anticipated annual budget each fiscal year.

6. Nonresident graduate students employed by an institution as teaching assistants, research assistants, or graduate assistants and paid at an annual contract rate of \$4,000 or more may be considered resident students for the purposes of charging tuition and fees.

7. The fund source "Higher Education Operating" within educational and general programs for institutions of higher education includes tuition and fee revenues from nonresident students to pay their proportionate share of the amortized cost of the construction of buildings approved by the Commonwealth of Virginia Educational Institutions Bond Act of 1992 and the Commonwealth of Virginia Educational Facilities Bond Act of 2002.

8. a) 1) Except as provided in Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 675 and 685 of the 2009 Acts of Assembly, and Chapters 124 and 125 of the 2019 Acts of Assembly, mandatory fees for purposes other than educational and general programs shall not be increased for Virginia undergraduates beyond three percent annually, excluding requirements for wage, salary, and fringe benefit increases, authorized by the General Assembly. Fee increases required to carry out actions that respond to mandates of federal agencies are also exempt from this provision, provided that a report on the purposes of the amount of the fee increase is submitted to the Chairmen of the House Appropriations and Senate Finance Committees by the institution of higher education at least 30 days prior to the effective date of the fee increase.

2) The University of Mary Washington is hereby authorized to undertake a review of its tuition and fee structure for the purpose of more closely aligning auxiliary fees, including room, board, and the comprehensive fee, with auxiliary expenditure budgets. Adjustments to mandatory fees in auxiliary programs may exceed three percent subject to annual approval by the University's Board of Visitors to the extent required to effect budgetary alignment of revenues and expenditures. This exemption will be limited to the period beginning in fiscal year 2019-20 and extending through the end of fiscal year 2023-24.

b) This restriction shall not apply in the following instances: fee increases directly related to capital projects authorized by the General Assembly; fee increases to support student health services; and other fee increases specifically authorized by the General Assembly.

c) Due to the small mandatory non-educational and general program fees currently assessed students in the Virginia Community College System, increases in any one year of no more than \$15 shall be allowed on a cost-justified case-by-case basis, subject to approval by the State Board for Community Colleges.

9. Any institution of higher education granting new tuition waivers to resident or nonresident students not authorized by the Code of Virginia must absorb the cost of any discretionary waivers.

10. Tuition and fee revenues from nonresident students taking courses through Virginia institutions from the Southern Regional Education Board's Southern Regional Electronic Campus must exceed all direct and indirect costs of providing instruction to those students. Tuition and fee rates to meet this requirement shall be established by the Board of Visitors of the institution.

Such increase shall be made in the program incurring the costs.

3. Statewide indirect cost recoveries shall be paid into the general fund of the state treasury, unless the agency is specifically exempted from this requirement by language in this act. 2. The Governor is authorized to approve deficit funding for a state agency under the following conditions:

a) an unanticipated federal or judicial mandate has been imposed,

b) insufficient moneys are available in the first year of the biennium for start-up of General Assembly-approved action, or

c) delay pending action by the General Assembly at its next legislative session will result in the curtailment of services required by statute or those required by federal mandate or will produce a threat to life, safety, health or property.

d) Such approval by the Governor shall be in writing under the conditions described in § 4-3.02 a Authorized Deficit Loans of this act and shall be promptly communicated to the Chairmen of the House Appropriations and Senate Finance Committees within five calendar days of deficit approval.

3. Deficits shall not be authorized for capital projects.

4. The Department of Transportation may obligate funds in excess of the current biennium appropriation for projects of a capital nature not covered by § 4-4.00 Capital Projects, of this act provided such projects a) are delineated in the Virginia Transportation Six-Year Improvement Program, as approved by the Commonwealth Transportation Board; and b) have sufficient cash allocated to each such project to cover projected costs in each year of the Program; and provided that c) sufficient revenues are projected to meet all cash obligations for such projects as well as all other commitments and appropriations approved by the General Assembly in the biennial budget.

b. UNAUTHORIZED DEFICITS: If any agency contravenes any of the prohibitions stated above, thereby incurring an unauthorized

deficit, the Governor is hereby directed to withhold approval of such excess obligation or expenditure. Further, there shall be no reimbursement of said excess, nor shall there be any liability or obligation upon the state to make any appropriation hereafter to meet such unauthorized deficit. Further, those members of the governing board of any such agency who shall have voted therefor, or its head if there be no governing board, making any such excess obligation or expenditure shall be personally liable for the full amount of such unauthorized deficit and, at the discretion of the Governor, shall be deemed guilty of neglect of official duty and be subject to removal therefor. Further, the State Comptroller is hereby directed to make public any such unauthorized deficit, and the Director, Department of Planning and Budget, is hereby directed to set out such unauthorized deficits in the next biennium budget. In addition, the Governor is directed to bring this provision of this act to the attention of the members of the governing board of each state agency, or its head if there be no governing board, within two weeks of the date that this act becomes effective. The governing board or the agency head shall execute and return to the Governor a signed acknowledgment of such notification.

At the close of business on the last day of the current biennium, any unexpended balance of such loan shall be applied toward repayment of the loan, unless such action is contrary to the conditions of the loan approval. The Director, Department of Planning and Budget, shall set forth in the next biennial budget all such loans which require an appropriation for repayment. 5. To ensure that such loans are repaid as soon as practical and economical, the Department of Planning and Budget shall monitor the construction and expenditure schedules of all approved capital projects that will be paid for with proceeds from authorized debt and have anticipation loans.

6. Unless otherwise prohibited by federal or state law, the State Treasurer shall charge current market interest rates on anticipation loans made for operating purposes and capital projects subject to the following:

a) Anticipation loans for capital projects for which debt service will be paid with general fund appropriations shall be exempt from interest payments on borrowed balances.

h. Initiation Generally:

1. No architectural or engineering planning for, or construction of, or purchase of any capital project shall be commenced or revised without the prior written approval of the Governor or his designee.

The requirements of § 10.1-1190, Code of Virginia, shall be met prior to the release of funds for a major state project, provided, however, that the Governor or his designee is authorized to release from any appropriation for a major state project made pursuant to this act such sum or sums as may be necessary to pay for the preparation of the environmental impact report required by § 10.1-1188, Code of Virginia.
3. The Governor, at his discretion, or his designee may release from any capital project appropriation or reappropriation made pursuant to this act such sum (or sums) as may be necessary to pay for the preparation of plans and specifications by architects and engineers, provided that the estimated cost of the construction covered by such drawings and specifications does not exceed the appropriation therefor; provided, further, however, that the architectural and engineering fees paid on completion of the preliminary design for any such project may be based on such estimated costs as may be approved by the Governor in writing, where it is shown to the satisfaction of the Governor that higher costs of labor or material, or both, or other unforeseen conditions, have made the appropriation inadequate for the completion of the project for which the appropriation was made, and where in the judgment of the Governor such changed conditions justify the payment of architectural or engineering fees based on costs exceeding the appropriation.
4. Architectural or engineering contracts shall not be awarded in perpetuity for capital projects at any state institution, agency or activity.

i. Capital Projects Financed with Bonds: Capital projects proposed to be financed with (i) 9 (c) general obligation bonds or (ii) 9(d) obligations where debt service is expected to be paid from project revenues or revenues of the agency or institution, shall be reviewed as follows:

1. By August 15 of each year, requests for inclusion in the Executive Budget of capital projects to be financed with 9(c) general obligation bonds shall be submitted to the State Treasurer for evaluation of financial feasibility. Submission shall be in accordance with the instructions prescribed by the State Treasurer. The State Treasurer shall distribute copies of financial feasibility studies to the Director, Department of Planning and Budget, the Secretary for the submitting agency or institution, the Chairmen of the House Appropriations and Senate Finance Committees, and the Director, State Council of Higher Education for Virginia, if the project is requested by an institution of higher education.
2. By August 15 of each year, institutions shall also prepare and submit copies of financial feasibility studies to the State Council of Higher Education for Virginia for 9(d) obligations where debt service is expected to be paid from project revenues or revenues of the institution. The State Council of Higher Education for Virginia shall identify the impact of all projects requested by the institutions of higher education, and as described in § 4-4.01 j.1. of this act, on the current and projected cost to students in institutions of higher

education and the impact of the project on the institution's need for student financial assistance. The State Council of Higher Education for Virginia shall report such information to the Secretary of Finance and the Chairmen of the House Appropriations and Senate Finance Committees no later than October 1 of each year.

3. Prior to the issuance of debt for 9(c) general obligation projects, when more than one year has elapsed since the review of financial feasibility specified in § 4-4.01 j 1 above, an updated feasibility study shall be prepared by the agency and reviewed by the State Treasurer prior to requesting the Governor's Opinion of Financial Feasibility required under Article X, Section 9 (c), of the Constitution of Virginia.

j. Transfers to supplement capital projects from nongeneral funds may be made under the conditions set forth in §§ 4-1.03 a, 4-1.04 a.3, and 4-4.01 m of this act.

k.1. Change in Size and Scope: Unless otherwise provided by law, the scope, which is the function or intended use, of any capital project may not be substantively changed, nor its size increased or decreased by more than five percent in size beyond the plans and justification which were the basis for the appropriation or reappropriation in this act or for the Governor's authorization pursuant to § 4-4.01 m of this act. However, this prohibition is not applicable to changes in size and scope required because of circumstances determined by the Governor to be an emergency, or requirements imposed by the federal government when such capital project is for armories or other defense-related installations and is funded in whole or in part by federal funds. Furthermore, this prohibition shall not apply to minor increases, beyond five percent, in square footage determined by the Director, Department of General Services, to be reasonable and appropriate based on a written justification submitted by the agency stating the reason for the increase, with the provision that such increase will not increase the cost of the project beyond the amount appropriated; nor to decreases in size beyond five percent to offset unbudgeted costs when such costs are determined by the Director, Department of Planning and Budget, to be reasonable based on a written justification submitted by the agency specifying the amount and nature of the unbudgeted costs and the types of actions that will be taken to decrease the size of the project. The written justification shall also include a certification, signed by the agency head, that the resulting project will be consistent with the original programmatic intent of the appropriations.

2. If space planning, energy conservation, and environmental standards guides for any type of construction have been approved by the Governor or the General Assembly, the Governor shall require capital projects to conform to such planning guides.

l. Projects Not Included In This Act:

1. Authorization by Governor:

a) The Governor may authorize initiation of, planning for, construction of or acquisition of a nongeneral fund capital project not specifically included in this act or provided for a program approved by the General Assembly through appropriations, under one or more of the following conditions:

1) The project is required to meet an emergency situation.

2) The project is to be operated as an auxiliary enterprise or sponsored program in an institution of higher education and will be fully funded by revenues of auxiliary enterprises or sponsored programs.

3) The project is to be operated as an educational and general program in an institution of higher education and will be fully funded by nongeneral fund revenues of educational and general programs or from private gifts and indirect cost recoveries.

4) The project consists of plant or property which has become available or has been received as a gift.

5) The project has been recommended for funding by the Tobacco Indemnification and Community Revitalization Commission or the Virginia Tobacco Settlement Foundation.

b) The foregoing conditions are subject to the following criteria:

1) Funds are available within the appropriations made by this act (including those subject to §§ 4-1.03 a, 4-1.04 a.3, and 4-2.03) without adverse effect on other projects or programs, or from unappropriated nongeneral fund revenues or balances.

2) In the Governor's opinion such action may avoid an increase in cost or otherwise result in a measurable benefit to the state.

3) The authorization includes a detailed description of the project, the project need, the total project cost, the estimated operating costs, and the fund sources for the project and its operating costs.

4) The Chairmen of the House Appropriations and Senate Finance Committees shall be notified by the Governor prior to the authorization of any capital project under the provisions of this subsection.

5) Permanent funding for any project initiated under this section shall only be from nongeneral fund sources.

2. Authorization by Director, Department of Planning and Budget:

a) The Director, Department of Planning and Budget, may authorize initiation of a capital project not included in this act, if the General Assembly has enacted legislation to fund the project from bonds of the Virginia Public Building Authority, Virginia College Building Authority, or from reserves created by refunding of bonds issued by those Authorities.

3. Delegated authorization by Boards of Visitors, Public Institutions of Higher Education:

a) In accordance with § 4-5.06 of this act, the board of visitors of any public institution of higher education that: i) has met the eligibility criteria set forth in Chapters 933 and 945 of the 2005 Acts of Assembly for additional operational and administrative autonomy, including having entered into a memorandum of understanding with the Secretary of Administration for delegated authority of nongeneral fund capital outlay projects, and ii) has received a sum sufficient nongeneral fund appropriation for emergency projects as set out in Part 2: Capital Project Expenses of this act, may authorize the initiation of any capital project that is not specifically set forth in this act provided that the project meets at least one of the conditions and criteria identified in § 4-4.01 m 1 of this act.

b) At least 30 days prior to the initiation of a project under this provision, the board of visitors must notify the Governor and Chairmen of the House Appropriations and Senate Finance Committees and must provide a life-cycle budget analysis of the project. Such analysis shall be in a form to be prescribed by the Auditor of Public Accounts.

c) The Commonwealth of Virginia shall have no general fund obligation for the construction, operation, insurance, routine maintenance, or long-term maintenance of any project authorized by the board of visitors of a public institution of higher education in accordance with this provision.

m. Acquisition, maintenance, and operation of buildings and nonbuilding facilities in colleges and universities shall be subject to the following policies:

1. The anticipated program use of the building or nonbuilding facility should determine the funding source for expenditures for acquisition, construction, maintenance, operation, and repairs.

2. For new campuses to be established within the Virginia Community College System, expenditures for land acquisition, site preparation beyond five feet from a building, and the construction of additional outdoor lighting, sidewalks, outdoor athletic and recreational facilities, and parking lots in the Virginia Community College System shall be made only from appropriated federal funds, Trust and Agency funds, including local government allocations or appropriations, or the proceeds of indebtedness authorized by the General Assembly.

3. The general policy of the Commonwealth shall be that parking services are to be operated as an auxiliary enterprise by all colleges and universities. Institutions should develop sufficient reserves for ongoing maintenance and replacement of parking facilities.

4. Except as provided in paragraph 2 above, expenditures for maintenance, replacement, and repair of outdoor lighting, sidewalks, and other infrastructure facilities may be made from any appropriated funds.

5. Expenditures for operations, maintenance, and repair of athletic, recreational, and public service facilities, both indoor and outdoor, should be from nongeneral funds. However, this condition shall not apply to any indoor recreational facility existing on a community college campus as of July 1, 1988.

6.a.1. At institutions of higher education that have met the eligibility criteria for additional operational and administrative authority as set forth in Chapters 933 and 945 of the 2005 Acts of Assembly or Chapters 824 and 829 of the 2008 Acts of Assembly, any repair, renovation, or new construction project costing up to \$3,000,000 shall be exempt from the capital outlay review and approval process. For purposes of this paragraph, projects shall not include any subset of a series of projects, which in combination would exceed the \$3,000,000 maximum.

2. All state agencies and institutions of higher education shall be exempt from the capital review and approval process for repair, renovation, or new construction projects costing up to \$3,000,000.

b. Blanket authorizations funded entirely by nongeneral funds may be used for 1) renovation and infrastructure projects costing up to \$3,000,000 and 2) the planning of nongeneral fund new construction and renovation projects through bidding, with bid award made after receipt of a construction authorization. The Director, Department of Planning and Budget, may provide exemptions to the threshold.

7. It is the policy of the Commonwealth that the institutions of higher education shall treat the maintenance of their facilities as a priority for the allocation of resources. No appropriations shall be transferred from the "Operation and Maintenance of Plant" subprogram except for closely and definitely related purposes, as approved by the Director, Department of Planning and Budget, or his designee. A report providing the rationale for each approved transfer shall be made to the Chairmen of the House Appropriations and Senate Finance Committees.

n. Legislative Intent and Reporting: Appropriations for capital projects shall be deemed to have been made for purposes which require their expenditure, or being placed under contract for expenditure, during the current biennium. Agencies to which such appropriations are made in this act or any other act are required to report progress as specified by the Governor. If, in the opinion of

the Governor, these reports do not indicate satisfactory progress, he is authorized to take such actions as in his judgment may be necessary to meet legislative intent as herein defined. Reporting on the progress of capital projects shall be in accordance with § 4-8.00, Reporting Requirements.

o. No expenditure from a general fund appropriation in this act shall be made to expand or enhance a capital outlay project beyond that anticipated when the project was initially approved by the General Assembly except to comply with requirements imposed by the federal government when such capital project is for armories or other defense-related installations and is funded in whole or in part by federal funds. General fund appropriations in excess of those necessary to complete the project shall not be reallocated to expand or enhance the project, or be reallocated to a different project. The prohibitions in this subsection shall not apply to transfers from projects for which reappropriations have been authorized.

p. Local or private funds to be used for the acquisition, construction or improvement of capital projects for state agency use as owner or lessee shall be deposited into the state treasury for appropriation prior to their expenditure for such projects.

q. State-owned Registered Historic Landmarks: To guarantee that the historical and/or architectural integrity of any state-owned properties listed on the Virginia Landmarks Register and the knowledge to be gained from archaeological sites will not be adversely affected because of inappropriate changes, the heads of those agencies in charge of such properties are directed to submit all plans for significant alterations, remodeling, redecoration, restoration or repairs that may basically alter the appearance of the structure, landscaping, or demolition to the Department of Historic Resources. Such plans shall be reviewed within thirty days and the comments of that department shall be submitted to the Governor through the Department of General Services for use in making a final determination.

r.1. The Governor may authorize the conveyance of any interest in property or improvements thereon held by the Commonwealth to the educational or real estate foundation of any institution of higher education where he finds that such property was acquired with local or private funds or by gift or grant to or for the use of the institution, and not with funds appropriated to the institution by the General Assembly. Any approved conveyance shall be exempt from § 2.2-1156, Code of Virginia, and any other statute concerning conveyance, transfer or sale of state property. If the foundation conveys any interest in the property or any improvements thereon, such conveyance shall likewise be exempt from compliance with any statute concerning disposition of state property. Any income or proceeds from the conveyance of any interest in the property shall be deemed to be local or private funds and may be used by the foundation for any foundation purpose.

2. This section shall not apply to public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 824 and 829 of the 2008 Acts of Assembly, Chapters 675 and 685 of the 2009 Acts of Assembly, and Chapters 124 and 125 of the 2019 Acts of Assembly.

s.1. Facility Lease Agreements Involving Institutions of Higher Education: In the case of any lease agreement involving state-owned property controlled by an institution of higher education, where the lease has been entered into consistent with the provisions of § 2.2-1155, Code of Virginia, the Governor may amend, adjust or waive any project review and reporting procedures of Executive agencies as may reasonably be required to promote the property improvement goals for which the lease agreement was developed.

2. This section shall not apply to public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 824 and 829 of the 2008 Acts of Assembly, Chapters 675 and 685 of the 2009 Acts of Assembly, and Chapters 124 and 125 of the 2019 Acts of Assembly.

t. Energy-efficiency Projects: Improvements to state-owned properties for the purpose of energy-efficiency shall be treated as follows:

1. Such improvements shall be considered an operating expense, provided that:

a) the scope of the project meets or exceeds the applicable energy-efficiency standards set forth in the American Society of Heating, Refrigerating, and Air Conditioning Engineers (ASHRAE), the Illuminating Engineering Society (IES) standard 90.1-1989 and is limited to measures listed in guidelines issued by the Department of General Services;

b) the project is financed consistent with the provisions of § 2.2-2417, Code of Virginia, which requires Treasury Board approval and is executed through a nonprofessional services contract with a vendor approved by the Department of General Services;

c) the scope of work has been reviewed and recommended by the Department of Mines, Minerals and Energy;

d) the total cost does not exceed \$3,000,000; and

e) if the total cost exceeds \$3,000,000, but does not exceed \$7,000,000, the energy savings from the project offset the total cost of the project, including debt service and interest payments.

2. If (a) the total cost of the improvement exceeds \$7,000,000 or (b) the total cost exceeds \$3,000,000, but does not exceed \$7,000,000, and the energy savings from the project do not fully offset the total cost of the project, including debt services and

interest payments, the improvement shall be considered a capital expense regardless of the type of improvement and the following conditions must be met:

- a) the scope of the project meets or exceeds the applicable energy-efficiency standards set forth in the American Society of Heating, Refrigerating, and Air Conditioning Engineers (ASHRAE), the Illuminating Engineering Society (IES) standard 90.1-1989 and is limited to measures listed in guidelines issued by the Department of General Services;
- b) the project is financed consistent with the provisions of § 2.2-2417, Code of Virginia, which requires Treasury Board approval and is executed through a nonprofessional services contract with a vendor approved by the Department of General Services;
- c) the scope of work has been reviewed and recommended by the Department of Mines, Minerals and Energy;
- d) the project has been reviewed by the Department of Planning and Budget; and
- e) the project has been approved by the Governor.

3. If the total project exceeds \$250,000, the agency director will submit written notification to the Director, Department of Planning and Budget, verifying that the project meets all of the conditions in subparagraph 1 above.

The provisions of §§ 2.0 and 4-4.01 of this act and the provisions of § 2.2-1132, Code of Virginia, shall not apply to energy conservation projects that qualify as capital expenses.

4. As used in this paragraph, "improvement" does not include (a) constructing, enlarging, altering, repairing or demolishing a building or structure, (b) changing the use of a building either within the same use group or to a different use group when the new use requires greater degrees of structural strength, fire protection, exit facilities or sanitary provisions, or (c) removing or disturbing any asbestos-containing materials during demolition, alteration, renovation of or additions to building or structures. If the projected scope of an energy-efficiency project includes any of these elements, it shall be subject to the capital outlay process as set out in this section.

5. The Director, Department of Planning and Budget, shall notify the Chairmen of the House Appropriations and Senate Finance Committees upon the initiation of any energy-efficiency projects under the provisions of this paragraph.

u. No expenditures shall be authorized for the purchase of fee simple title to any real property to be used for a correctional facility or for the actual construction of a correctional facility provided for in this act, or by reference hereto, that involves acquisition or new construction of youth or adult correctional facilities on real property which was not owned by the Commonwealth on January 1, 1995, until the governing body of the county, city or town wherein the project is to be located has adopted a resolution supporting the location of such project within the boundaries of the affected jurisdiction. The foregoing does not prohibit expenditures for site studies, real estate options, correctional facility design and related expenditures.

v. Except for institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 675 and 685 of the 2009 Acts of Assembly, and Chapters 124 and 125 of the 2019 Acts of Assembly, any alternative financing agreement entered into between a state agency or institution of higher education and a private entity or affiliated foundation must be reviewed and approved by the Treasury Board.

w. Prior to requesting authorization for new dormitory capital projects, institutions of higher education shall conduct a cost study to determine whether an alternative financing arrangement or public-private transaction would provide a more effective option for the construction of the proposed facility. This study shall be submitted to the Department of Planning and Budget as part of the budget development process and shall be evaluated by the Governor prior to submitting his proposed budget.

x. Construction or improvement projects of the Department of Military Affairs are not exempt from the capital outlay review process when the state procurement process is utilized, except for those projects with both an estimated cost of \$3,000,000 or less and are 100 percent federally reimbursed. The Department of Military Affairs shall submit by July 30 of each year to the Department of Planning and Budget a list of such projects that were funded pursuant to this exemption in the previous fiscal year and any projects that would be eligible for such funding in future fiscal years.

§ 4-4.02 PLANNING AND BUDGETING

a. It shall be the intent of the General Assembly to make biennial appropriations for a capital improvements program sufficient to address the program needs of the Commonwealth. The capital improvements program shall include maintenance and deferred maintenance of the Commonwealth's existing facilities, and of the facility requirements necessary to deliver the programs of state agencies and institutions.

b. In effecting these policies, the Governor shall establish a capital budget plan to address the renewal and replacement of the Commonwealth's physical plant, using such guidelines as recommended by industry or government to maintain the Commonwealth's investment in its property and plant.

§ 4-5.00 SPECIAL CONDITIONS AND RESTRICTIONS ON EXPENDITURES

§ 4-5.01 TRANSACTIONS WITH INDIVIDUALS

a. SETTLEMENT OF CLAIMS: Whenever a dispute, claim or controversy involving the interest of the Commonwealth is settled pursuant to § 2.2-514, Code of Virginia, payment may be made out of any appropriations, designated by the Governor, to the state agency(ies) which is (are) party to the settlement.

b. STUDENT FINANCIAL ASSISTANCE FOR HIGHER EDUCATION:

1. General:

a) The appropriations made in this act to state institutions of higher education within the Items for student financial assistance may be expended for any one, all, or any combination of the following purposes: grants to undergraduate students enrolled at least one-half time in a degree, certificate, industry-based certification and related programs that do not qualify for other sources of student financial assistance or diploma program; grants to full-time graduate students; graduate assistantships: grants to students enrolled full-time in a dual or concurrent undergraduate and graduate program. The institutions may also use these appropriations for the purpose of supporting work study programs. The institution is required to transfer to educational and general appropriations all funds used for work study or to pay graduate assistantships. Institutions may also contribute to federal or private student grant aid programs requiring matching funds by the institution, except for programs requiring work. The State Council of Higher Education for Virginia shall annually review each institution's plan for the expenditures of its general fund appropriation for undergraduate student financial assistance prior to the start of the fall term to determine program compliance. The institution's plan shall include the institution's assumptions and calculations for determining the cost of attendance, student financial need, and student remaining need as well as an award schedule or description of how funds are awarded. For the purposes of the proposed plan, each community college shall be considered independently. No limitations shall be placed on the awarding of nongeneral fund appropriations made in this act to state institutions of higher education within the Items for student financial assistance other than those found previously in this paragraph and as follows: (i) funds derived from in-state student tuition will not subsidize out-of-state students, (ii) students receiving these funds must be making satisfactory academic progress, (iii) awards made to students should be based primarily on financial need, and (iv) institutions should make larger grant and scholarship awards to students taking the number of credit hours necessary to complete a degree in a timely manner.

b) All awards made to undergraduate students from such Items shall be for Virginia students only and such awards shall offset all, or portions of, the costs of tuition and required fees, and, in the case of students qualifying under subdivision b 2 c)1) hereof, the cost of books. All undergraduate financial aid award amounts funded by this appropriation shall be proportionate to the remaining need of individual students, with students with higher levels of remaining need receiving grants before other students. No criteria other than the need of the student shall be used to determine the award amount. Because of the low cost of attendance and recognizing that federal grants provide a much higher portion of cost than at other institutions, a modified approach and minimum award amount for the neediest VGAP student should be implemented for community college and Richard Bland College students based on remaining need and the combination of federal and grant state aid. Student financial need shall be determined by a need-analysis system approved by the Council.

c)1) All need-based awards made to graduate students shall be determined by the use of a need-analysis system approved by the Council.

2) As part of the six-year financial plans required in the provisions of Chapters 933 and 945 of the 2005 Acts of Assembly, each institution of higher education shall report the extent to which tuition and fee revenues are used to support graduate student aid and graduate compensation and how the use of these funds impacts planned increases in student tuition and fees.

d) A student who receives a grant under such Items and who, during a semester, withdraws from the institution which made the award must surrender the unearned portion. The institution shall calculate the unearned portion of the award based on the percentage used for federal Return to Title IV program purposes.

e) An award made under such Items to assist a student in attending an institution's summer session shall be prorated according to the size of comparable awards made in that institution's regular session.

f) The provisions of this act under the heading "Student Financial Assistance for Higher Education" shall not apply to (1) the soil scientist scholarships authorized under § 23.1-615, Code of Virginia and (2) need-based financial aid programs for industry-based certification and related programs that do not qualify for other sources of student financial assistance, which will be subject to guidelines developed by the State Council of Higher Education for Virginia.

g) Unless noted elsewhere in this act, general fund awards shall be named "Commonwealth" grants.

h) Unless otherwise provided by statute, undergraduate awards shall not be made to students seeking a second or additional baccalaureate degree until the financial aid needs of first-degree seeking students are fully met.

2. Grants To Undergraduate Students:

a) Each institution which makes undergraduate grants paid from its appropriation for student financial assistance shall expend

such sums as approved for that purpose by the Council.

b) A student receiving an award must be duly admitted and enrolled in a degree, certificate or diploma program at the institution making the award, and shall be making satisfactory academic progress as defined by the institution for the purposes of eligibility under Title IV of the federal Higher Education Act, as amended.

c)1) It is the intent of the General Assembly that students eligible under the Virginia Guaranteed Assistance Program (VGAP) authorized in Title 23.1, Chapter 4.4:2, Code of Virginia, shall receive grants before all other students at the same institution with equivalent remaining need from the appropriations for undergraduate student financial assistance found in Part 1 of this act (service area 1081000 - Scholarships). In each instance, VGAP eligible students shall receive awards greater than other students with equivalent remaining need.

2) The amount of each VGAP grant shall vary according to each student's remaining need and the total of tuition, all required fees and the cost of books at the institution the student will attend upon acceptance for admission. The actual amount of the VGAP award will be determined by the proportionate award schedule adopted by each institution; however, those students with the greatest financial need shall be guaranteed an award at least equal to tuition.

3) It is the intent of the General Assembly that the Virginia Guaranteed Assistance Program serve as an incentive to financially needy students now attending elementary and secondary school in Virginia to raise their expectations and their academic performance and to consider higher education an achievable objective in their futures.

4) Students may not receive a VGAP and a Commonwealth grant in the same semester.

3. Grants To Graduate Students:

a) An individual award may be based on financial need but may, in addition to or instead of, be based on other criteria determined by the institution making the award. The amount of an award shall be determined by the institution making the award; however, the Council shall annually be notified as to the maximum size of a graduate award that is paid from funds in the appropriation.

b) A student receiving a graduate award paid from the appropriation must be duly admitted into a graduate degree program at the institution making the award.

c) Not more than 50 percent of the funds designated by an institution as graduate grants from the appropriation, and approved as such by the Council, shall be awarded to persons not eligible to be classified as Virginia domiciliary resident students except in cases where the persons meet the criteria outlined in § 4-2.01b.6.

4. Matching Funds: Any institution of higher education may, with the approval of the Council, use funds from its appropriation for fellowships and scholarships to provide the institutional contribution to any student financial aid program established by the federal government or private sources which requires the matching of the contribution by institutional funds, except for programs requiring work.

5. Discontinued Loan Program:

a) If any federal student loan program for which the institutional contribution was appropriated by the General Assembly is discontinued, the institutional share of the discontinued loan program shall be repaid to the fund from which the institutional share was derived unless other arrangements for the use of the funds are recommended by the Council and approved by the Department of Planning and Budget. Should the institution be permitted to retain the federal contributions to the program, the funds shall be used according to arrangements authorized by the Council and approved by the Department of Planning and Budget.

b)1) An institution of higher education may discontinue its student loan fund established pursuant to Title 23.1, Chapter 4.01, Code of Virginia. The full amount of cash in such discontinued loan fund shall be paid into the state treasury into a nonrevertible nongeneral fund account. Prior to such payment, the State Comptroller shall verify its accuracy, including the fact that the cash held by the institution in the loan fund will be fully depleted by such payment. The loan fund shall not be reestablished thereafter for that institution.

2) The cash so paid into the state treasury shall be used only for grants to undergraduate and graduate students in the Higher Education Student Financial Assistance program according to arrangements authorized by the Council and approved by the Department of Planning and Budget.

3) Payments on principal and interest of any promissory notes held by the discontinued loan fund shall continue to be received by the institution, which shall deposit such payments in the state treasury to the nonrevertible nongeneral fund account specified in subdivision (1) preceding, to be used for grants as specified in subdivision (2) preceding.

6. Reporting: The Council shall collect student-specific information for undergraduate students as is necessary for the operation of the Student Financial Assistance Program. The Council shall maintain regulations governing the operation of the Student Financial Assistance Program based on the provisions outlined in this section, the Code of Virginia, and State Council policy.

C. PAYMENTS TO CITIZEN MEMBERS OF NONLEGISLATIVE BODIES:

Notwithstanding any other provision of law, executive branch agencies shall not pay compensation to citizen members of boards, commissions, authorities, councils, or other bodies from any fund for the performance of such members' duties in the work of the board, commission, authority, council, or other body.

d. VIRGINIA BIRTH-RELATED NEUROLOGICAL INJURY COMPENSATION PROGRAM

Notwithstanding any other provision of law, the Virginia Birth-Related Neurological Injury Compensation Program is authorized to require each admitted claimant's parent or legal guardian to purchase private health insurance (the "primary payer") to provide coverage for the actual medically necessary and reasonable expenses as described in Virginia Code § 38.2-5009(A)(1) that were, or are, incurred as a result of the admitted claimant's birth-related neurological injury and for the admitted claimant's benefit. Provided, however, that the Program shall reimburse, upon receipt of proof of payment, solely the portion of the premiums that is attributable to the admitted claimant's post-admission coverage from the effective date of this provision forward and paid for by the admitted claimant's parent or legal guardian.

§ 4-5.02 THIRD PARTY TRANSACTIONS

a. EMPLOYMENT OF ATTORNEYS:

1.a) All attorneys authorized by this act to be employed by any state agency and all attorneys compensated out of any moneys appropriated in this session of the General Assembly shall be appointed by the Attorney General and be in all respects subject to the provisions of Title 2.2, Chapter 5, Code of Virginia, to the extent not to conflict with Title 12.1, Chapter 4, Code of Virginia; provided, however, that if the Governor certifies the need for independent legal counsel for any Executive Department agency, such agency shall be free to act independently of the Office of the Attorney General in regard to selection, and provided, further, that compensation of such independent legal counsel shall be paid from the moneys appropriated to such Executive Department agency or from the moneys appropriated to the Office of the Attorney General.

b) For purposes of this act, "attorney" shall be defined as an employee or contractor who represents an agency before a court, board or agency of the Commonwealth of Virginia or political subdivision thereof. This term shall not include members of the bar employed by an agency who perform in a capacity that does not require a license to practice law, including but not limited to, instructing, managing, supervising or performing normal or customary duties of that agency.

2. This section does not apply to attorneys employed by state agencies in the Legislative Department, Judicial Department or Independent Agencies.

3. Reporting on employment of attorneys shall be in accordance with § 4-8.00, Reporting Requirements.

4. Notwithstanding § 2.2-510.1 of the Code of Virginia and any other conflicting provision of law, the Virginia Retirement System may enter into agreements to seek i) recovery of investment losses in foreign jurisdictions, and ii) legal advice related to its investments. Any such agreements shall be reported to the Office of the Attorney General as soon as practicable.

b. STUDIES AND CONSULTATIVE SERVICES REQUIRED BY GENERAL ASSEMBLY: No expenditure for payments on third party nongovernmental contracts for studies or consultative services shall be made out of any appropriation to the General Assembly or to any study group created by the General Assembly, nor shall any such expenditure for third party nongovernmental contracts be made by any Executive Department agency in response to a legislative request for a study, without the prior approval of two of the following persons: the Chairman of the House Appropriations Committee; the Chairman of the Senate Finance Committee; the Speaker of the House of Delegates; the President pro tempore of the Senate. b) The limits on establishing new services stated in paragraph 1.a) above shall not apply to new services established to respond to COVID-19 when funding is provided from a nongeneral fund source dedicated to addressing the impact of COVID-19 or from any source when specifically approved by the Governor in response to the COVID-19 pandemic.

2. Pursuant to the policies and procedures of the State Council of Higher Education regarding approval of academic programs and

Artwork and photographs which exaggerate or extol rather than supplement or complement permissible information are prohibited. Mass mailings are generally prohibited; however, either mass mailings or newspaper inserts, but not both, may be used if other methods of distributing permissible information are not economically feasible in the institution's local service area.

3. Remedial Education: Senior institutions of higher education shall make arrangements with community colleges for the remediation of students accepted for admission by the senior institutions.

4. Compliance: The president or chancellor of each institution of higher education is responsible for the institution's compliance with this subsection.

b. INFORMATION TECHNOLOGY FACILITIES AND SERVICES:

1.a) The Virginia Information Technologies Agency shall procure information technology and telecommunications goods and services of every description for its own benefit or on behalf of other state executive branch agencies and institutions, or authorize other state executive branch agencies or institutions to undertake such procurements on their own. "Executive branch agency" means the same as that term is defined in § 2.2-2006.

b) Except for research projects, research initiatives, or instructional programs at public institutions of higher education, or any non-major information technology project request from the Virginia Community College System, Longwood University, or from an institution of higher education which is a member of the Virginia Association of State Colleges and University Purchasing Professionals (VASCUPP) as of July 1, 2003, or any procurement of information technology and telecommunications goods and services by public institutions of higher education governed by some combination of Chapters 933 and 945 of the 2005 Acts of Assembly, Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 824 and 829 of the 2008 Acts of Assembly, and Chapters 675 and 685 of the 2009 Acts of Assembly, requests for authorization from state agencies and institutions to procure information technology and telecommunications goods and services on their own behalf shall be made in writing to the Chief Information Officer or his designee. Additionally, the contract administrator is authorized to competitively negotiate additional agreements in accordance with the Code of Virginia and all applicable regulations, as required, to establish and maintain research network infrastructure.

If the billing rates and associated systems for computer, telecommunications and systems development services to state agencies are altered, the Director, Department of Planning and Budget, may transfer appropriations from the general fund between programs affected. These transfers are limited to actions needed to adjust for overfunding or underfunding the program appropriations affected by the altered billing systems.

3. The provisions of this subsection shall not in any way affect the duties and responsibilities of the State Comptroller under the provisions of § 2.2-803, Code of Virginia.

4. It is the intent of the General Assembly that information technology (IT) systems, products, data, and service costs, including geographic information systems (GIS), be contained through the shared use of existing or planned equipment, data, or services which may be available or soon made available for use by state agencies, institutions, authorities, and other public bodies. State agencies, institutions, and authorities shall cooperate with the Virginia Information Technologies Agency in identifying the development and operational requirements for proposed IT and GIS systems, products, data, and services, including the proposed use, functionality, capacity and the total cost of acquisition, operation and maintenance.

5. This section shall not apply to public institutions of higher education governed by some combination of Chapters 933 and 945 of the 2005 Acts of Assembly, Chapters 933 and 943 of the 2006 Acts of Assembly or Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 824 and 829 of the 2008 Acts of Assembly and Chapters 675 and 685 of the 2009 Acts of Assembly, or to the Virginia Alcoholic Beverage Control Authority.

The Director of the Department of General Services shall compare the cost of vehicles acquired by institutions of higher education and the Authority to like vehicles under the state contract. If the comparison demonstrates for a given institution or the Authority that the cost to the Commonwealth is greater for like vehicles than would be the case based on a contract of statewide applicability, the Governor or his designee may suspend the exemption granted to the institution or the Authority pursuant to this subparagraph c.

3. The Director, Department of General Services, is hereby authorized to transfer surplus motor vehicles among the state agencies, and determine the value of such surplus equipment for the purpose of maintaining the financial accounts of the state agencies affected by such transfers.

The Joint Subcommittee on Rules is authorized to provide the approval of such expenditures for legislative agencies. For judicial agencies and independent agencies, other than the Virginia Lottery Department, prior approval action rests with the supervisory bodies of these entities. With respect to television programs which are so approved and other programs which are otherwise authorized or are not produced for television transmission, state agencies may enter into contracts without competitive sealed bidding, or competitive negotiation, for program production and transmission services which are performed by public telecommunications entities, as defined in § 2.2-2006, Code of Virginia.

2. The first 15,000 miles of use during each fiscal year of personal automobiles in the discharge of official duties within the continental limits of the United States shall be reimbursed at an amount equal to the most recent business standard mileage rate as established by the Internal Revenue Service for employees or self-employed individuals to use in computing their income tax deductible costs for operating passenger vehicles owned or leased by them for business purposes, or in the instance of a state employee, at the lesser of (a) the IRS rate or (b) the lowest combined capital and operational trip pool rate charged by the

Department of General Services, Office of Fleet Management Services (OFMS), posted on the OFMS website at time of travel, for the use of a compact state-owned vehicle. If the head of the state agency concerned certifies that a state-owned vehicle was not available, or if, according to regulations issued by the State Comptroller, the use of a personal automobile in lieu of a state-owned automobile is considered to be an advantage to the state, the reimbursement shall be at the rate of the IRS rate. For such use in excess of 15,000 miles in each fiscal year, the reimbursement shall be at a rate of 13.0 cents per mile, unless a state-owned vehicle is not available; then the rate shall be the IRS rate;

The fee shall be collected by the Department of Accounts through accounting entries.

g. **PURCHASES OF APPLIANCES AND EQUIPMENT:** State agencies and institutions shall purchase Energy Star rated appliances and equipment in all cases where such appliances and equipment are available.

h. **ELECTRONIC PAYMENTS:** Any recipient of payments from the State Treasury who receives six or more payments per year issued by the State Treasurer shall receive such payments electronically. The Chief Information Officer and the State Comptroller shall develop statewide requirements for the use of cellular telephones and other telecommunication devices by in-scope Executive Department agencies, addressing the assignment, evaluation of need, safeguarding, monitoring, and usage of these telecommunication devices. The requirements shall include an acceptable use agreement template clearly defining an employee's responsibility when they receive and use a telecommunication device. Statewide requirements shall require some form of identification on a device in case it is lost or stolen and procedures to wipe the device clean of all sensitive information when it is no longer in use.

2. In-scope Executive Department agencies providing employees with telecommunication devices shall develop agency-specific policies, incorporating the guidance provided in § 4-5.04 k. 1. of this act and shall maintain a cost justification for the assignment or a public health, welfare and safety need.

3. The Chief Information Officer shall determine the optimal number of telecommunication vendors and plans necessary to meet the needs of in-scope Executive Department agency personnel. The Chief Information Officer shall regularly procure these services and provide statewide contracts for use by all such agencies. These contracts shall require the vendors to provide detailed usage information in a useable electronic format to enable the in-scope agencies to properly monitor usage to make informed purchasing decisions and minimize costs.

4. The Chief Information Officer shall examine the feasibility of providing tools for in-scope Executive Department agencies to analyze usage and cost data to assist in determining the most cost effective plan combinations for the entity as a whole and individual users.

k. **ALTERNATIVE PROCUREMENT:** If any payment is declared unconstitutional for any reason or if the Attorney General finds in a formal, written, legal opinion that a payment is unconstitutional, in circumstances where a good or service can constitutionally be the subject of a purchase, the administering agency of such payment is authorized to use the affected appropriation to procure, by means of the Commonwealth's Procurement Act, goods and services, which are similar to those sought by such payment in order to accomplish the original legislative intent.

l. **MEDICAL SERVICES:** No expenditures from general or nongeneral fund sources may be made out of any appropriation by the

General Assembly for providing abortion services, except otherwise as required by federal law or state statute.

m. In an effort to expand cooperative procurement efforts, all public institutions of higher education in the Commonwealth of Virginia may access the Virginia Association of State Colleges and University Purchasing Professionals (VASCUPP) contracts regardless of their level of purchasing delegated authority, non-VASCUPP institutions shall amend terms and conditions of VASCUPP contracts to incorporate Virginia Public Procurement Act, and Commonwealth of Virginia Agency Procurement and Surplus Property Manual.

Such matching funds shall not have been previously used to meet the match requirement in any prior appropriation act.

4. Operating appropriations for nonstate agencies equal to or in excess of \$150,000 shall be disbursed to nonstate agencies in twelve or fewer equal monthly installments depending on when the first payment is made within the fiscal year. Decentralization programs for which institutions have executed memoranda of understanding with the Secretary of Administration pursuant to the provisions of § 4-5.08b of Chapter 912, 1996 Acts of Assembly shall no longer be considered pilot projects, and shall remain in effect until revoked.

c. Institutions wishing to participate in a nongeneral fund capital outlay decentralization program for the first time shall submit a letter of interest to the appropriate Cabinet Secretary. Within 90 calendar days of the receipt of the institution's request to participate, the responsible Cabinet Secretary shall determine whether the institution meets the eligibility criteria and, if appropriate, establish a decentralization program at the institution. The Cabinet Secretary shall report to the Governor and Chairmen of the Senate Finance and House Appropriations Committees by December 1 of each year all institutions that have applied for inclusion in a decentralization program and whether the institutions have been granted authority to participate in the decentralization program.

e. 1. Salaries for newly employed or promoted employees shall be established consistent with the compensation and classification plans established by the Governor.

2. The State Comptroller is hereby authorized to require payment of wages or salaries to state employees by direct deposit or by credit to a prepaid debit card or card account from which the employee is able to withdraw or transfer funds.

f. The provisions of this section, requiring prior written approval of the Governor relative to compensation, shall apply also to any system of incentive award payments which may be adopted and implemented by the Governor. The cost of implementing any such system shall be paid from any funds appropriated to the affected agencies.

g. No lump sum appropriation for personal service shall be regarded as advisory or suggestive of individual salary rates or of salary schedules to be fixed under law by the Governor payable from the lump sum appropriation.

h. Subject to approval by the Governor of a plan for a statewide employee meritorious service awards program, as provided for in § 2.2-1201, Code of Virginia, the costs for such awards shall be paid from any operating funds appropriated to the affected agencies.

i. The General Assembly hereby affirms and ratifies the Governor's existing authority and the established practice of this body to provide for pay differentials or to supplement base rates of pay for employees in specific job classifications in particular geographic and/or functional areas where, in the Governor's discretion, they are needed for the purpose of maintaining salaries which enable the Commonwealth to maintain a competitive position in the relevant labor market.

j.1. If at any time the Administrator of the Commonwealth's Attorneys' Services Council serves on the faculty of a state-supported institution of higher education, the faculty appointment must be approved by the Council. Such institution shall pay one-half of the salary listed in § 4-6.01 c 6 of this act. Further, such institution may provide compensation in addition to that listed in § 4-6.01 c 6; provided, however, that such additional compensation must be approved by the Council.

2. If the Administrator ceases to be a member of the faculty of a state-supported institution of higher education, the total salary listed in § 4-6.01 c 6 shall be paid from the Council's appropriation.

k.1.a. Except as otherwise provided for in this subdivision, any increases in the salary band assignment of any job role contained in the compensation and classification plans approved by the Governor shall be effective beginning with the first pay period, defined as the pay period from June 25 through July 9, of the fiscal year if: (1) the agency certifies to the Secretary of Finance that funds are available within the agency's appropriation to cover the cost of the increase for the remainder of the current biennium and presents a plan for covering the costs next biennium and the Secretary concurs, or (2) such funds are appropriated by the General Assembly. If at any time the Secretary of Administration shall certify that such change in the salary band assignment for a job role is of an emergency nature and the Secretary of Finance shall certify that funds are available to cover the cost of the increase for the remainder of the biennium within the agency's appropriation, such change in compensation may be effective on a date agreed upon by these two Secretaries. The Secretary of Administration shall provide a monthly report of all such emergency changes in accordance with § 4-8.00, Reporting Requirements.

b. Notwithstanding any other provision of law, state employees will be paid on the first workday of July for the work period June 10 to June 24 in any calendar year in which July 1 falls on a weekend.

2. Salary adjustments for any employee through a promotion, role change, exceptional recruitment and retention incentive options, or in-range adjustment shall occur only if: a) the agency has sufficient funds within its appropriation to cover the cost of the salary adjustment for the remainder of the current biennium or b) such funds are appropriated by the General Assembly.

3. No changes in salary band assignments affecting classified employees of more than one agency shall become effective unless the Secretary of Finance certifies that sufficient funds are available to provide such increase or plan to all affected employees supported from the general fund.

l. Full-time employees of the Commonwealth, including faculty members of state institutions of higher education, who are appointed to a state-level board, council, commission or similar collegial body shall not receive any such compensation for their services as members or chairmen except for reimbursement of reasonable and necessary expenses. The foregoing provision shall likewise apply to the Compensation Board, pursuant to § 15.2-1636.5, Code of Virginia.

m.1. Notwithstanding any other provision of law, the board of visitors or other governing body of any public institution of higher education is authorized to establish age and service eligibility criteria for faculty participating in voluntary early retirement incentive plans for their respective institutions pursuant to § 23.1-1302 B and the cash payment offered under such compensation plans pursuant to § 23.1-1302 D, Code of Virginia. Notwithstanding the limitations in § 23.1-1302 D, the total cost in any fiscal year for any such compensation plan, shall be set forth by the governing body in the compensation plan for approval by the Governor and review for legal sufficiency by the Office of the Attorney General.

2. Notwithstanding any other provision of law, employees holding full-time, academic-year classified positions at public institutions of higher education shall be considered "state employees" as defined in § 51.1-124.3, Code of Virginia, and shall be considered for medical/hospitalization, retirement service credit, and other benefits on the same basis as those individuals appointed to full-time, 12-month classified positions.

n. Notwithstanding the Department of Human Resource Management Policies and Procedures, payment to employees with five or more years of continuous service who either terminate or retire from service shall be paid in one sum for twenty-five percent of their

sick leave balance, provided, however, that the total amount paid for sick leave shall not exceed \$5,000 and the remaining seventy-five percent of their sick leave shall lapse. This provision shall not apply to employees who are covered by the Virginia Sickness and Disability Program as defined in § 51.1-1100, Code of Virginia. Such employees shall not be paid for their sick leave balances. However, they will be paid, if eligible as described above, for any disability leave credits they have at separation or retirement or may convert disability credits to service credit under the Virginia Retirement System pursuant to § 51.1-1103 (F), Code of Virginia.

o. It is the intent of the General Assembly that calculation of the faculty salary benchmark goal for the Virginia Community College System shall be done in a manner consistent with that used for four-year institutions, taking into consideration the number of faculty at each of the community colleges. In addition, calculation of the salary target shall reflect an eight percent salary differential in a manner consistent with other public four-year institutions and for faculty at Northern Virginia Community College.

p. Any public institution of higher education that has met the eligibility criteria set out in Chapters 933 and 945 of the 2005 Acts of Assembly may supplement annual salaries for classified employees from private gifts, endowment funds, or income from endowments and gifts, subject to policies approved by the board of visitors. The Commonwealth shall have no general fund obligations for the continuation of such salary supplements.

q. The Governor, or any other appropriate Board or Public Body, is authorized to adjust the salaries of employees specified in this item, and other items in the Act, to reflect the compensation adjustments authorized in this Act.

r. Any public institution of higher education shall not provide general fund monies above \$100,000 for any individual athletic coaching salaries after July 1, 2013. Athletic coaching salaries with general fund monies above this amount shall be phased-down over a five-year period at 20 percent per year until reaching the cap of \$100,000.

§ 4-6.02 EMPLOYEE TRAINING AND STUDY

Subject to uniform rules and regulations established by the Governor, the head of any state agency may authorize, from any funds appropriated to such department, institution or other agency in this act or subsequently made available for the purpose, compensation or expenses or both compensation and expenses for employees pursuing approved training courses or academic studies for the purpose of becoming better equipped for their employment in the state service. The rules and regulations shall include reasonable provision for the return of any employee receiving such benefits for a reasonable period of duty, or for reimbursement to the state for expenditures incurred on behalf of the employee should he not return to state service.

§ 4-6.03 EMPLOYEE BENEFITS

a. Any medical/hospitalization benefit program provided for state employees shall include the following provision: any state employee, as defined in § 2.2-2818, Code of Virginia, shall have the option to accept or reject coverage.

b. Except as provided for sworn personnel of the Department of State Police, no payment of, or reimbursement for, the employer paid contribution to the State Police Officers' Retirement System, or any system offering like benefits, shall be made by the Compensation Board of the Commonwealth at a rate greater than the employer rate established for the general classified workforce of the Commonwealth covered under the Virginia Retirement System. Any cost for benefits exceeding such general rate shall be borne by the employee or, in the case of a political subdivision, by the employer.

c. Each agency may, within the funds appropriated by this act, implement a transit and ridesharing incentive program for its employees. With such programs, agencies may reimburse employees for all or a portion of the costs incurred from using public transit, car pools, or van pools. The Secretary of Transportation shall develop guidelines for the implementation of such programs and any agency program must be developed in accordance with such guidelines. The guidelines shall be in accordance with the federal National Energy Policy Act of 1992 (P.L. 102-486), and no program shall provide an incentive that exceeds the actual costs incurred by the employee.

d. Any hospital that serves as the primary medical facility for state employees may be allowed to participate in the State Employee Health Insurance Program pursuant to § 2.2-2818, Code of Virginia, provided that (1) such hospital is not a participating provider in the network, contracted by the Department of Human Resource Management, that serves state employees and (2) such hospital enters into a written agreement with the Department of Human Resource Management as to the rates of reimbursement. The department shall accept the lowest rates offered by the hospital from among the rates charged by the hospital to (1) its largest purchaser of care, (2) any state or federal public program, or (3) any special rate developed by the hospital for the state employee health benefits program which is lower than either of the rates above. If the department and the hospital cannot come to an agreement, the department shall reimburse the hospital at the rates contained in its final offer to the hospital until the dispute is resolved. Any dispute shall be resolved through arbitration or through the procedures established by the Administrative Process Act, as the hospital may decide, without impairment of any residual right to judicial review.

e. Any classified employee of the Commonwealth and any person similarly employed in the legislative, judicial and independent agencies who (i) is compensated on a salaried basis and (ii) works at least twenty hours per week shall be considered a full-time employee for the purposes of participation in the Virginia Retirement System's group life insurance and

retirement programs. Any part-time magistrate hired prior to July 1, 1999, shall have the option of participating in the programs under this provision.

f.1. Any member of the Virginia Retirement System who is retired under the provisions of § 51.1-155.1, Code of Virginia who: 1) returns to work in a position that is covered by the provisions of § 51.1-155.1, Code of Virginia after a break of not less than four years, 2) receives no other compensation for service to a public employer than that provided for the position covered by § 51.1-155.1, Code of Virginia during such period of reemployment, 3) retires within one year of commencing such period of reemployment, and 4) retires directly from service at the end of such period of reemployment may either:

a) Revert to the previous retirement benefit received under the provisions of § 51.1-155.1, Code of Virginia, including any annual cost of living adjustments granted thereon. This benefit may be adjusted upward to reflect the effect of such additional months of service and compensation received during the period of reemployment, or

b) Retire under the provisions of Title 51.1 in effect at the termination of his or her period of reemployment, including any purchase of service that may be eligible for purchase under the provisions of § 51.1-142.2, Code of Virginia.

2. The Virginia Retirement System shall establish procedures for verification by the employer of eligibility for the benefits provided for in this paragraph.

g. Notwithstanding any other provision of law, no agency head compensated by funds appropriated in this act may be a member of the Virginia Law Officers' Retirement System created under Title 51.1, Chapter 2.1, Code of Virginia. The provisions of this paragraph are effective on July 1, 2002, and shall not apply to the Chief of the Capitol Police.

h. Full-time employees appointed by the Governor who, except for meeting the minimum service requirements, would be eligible for the provisions of § 51.1-155.1, Code of Virginia, may, upon termination of service, use any severance allowance payment to purchase service to meet, but not exceed, the minimum service requirements of § 51.1-155.1, Code of Virginia. Such service purchase shall be at the rate of 15 percent of the employee's final creditable compensation or average final compensation, whichever is greater, and shall be completed within 90 days of separation of service.

i. When calculating the retirement benefits payable under the Virginia Retirement System (VRS), the State Police Officers' Retirement System (SPORS), the Virginia Law-enforcement Officers' Retirement System (VaLORS), or the Judicial Retirement System (JRS) to any employee of the Commonwealth or its political subdivisions who is called to active duty with the armed forces of the United States, including the United States Coast Guard, the Virginia Retirement System shall:

1) utilize the pre-deployment salary, or the actual salary paid by the Commonwealth or the political subdivision, whichever is higher, when calculating average compensation, and

2) include those months after September 1, 2001 during which the employee was serving on active duty with the armed forces of the United States in the calculation of creditable service.

j. The provisions in § 51.1-144, Code of Virginia, that require a member to contribute five percent of his creditable compensation for each pay period for which he receives compensation on a salary reduction basis, shall not apply to any (i) "state employee," as defined in § 51.1-124.3, Code of Virginia, who is an elected official, or (ii) member of the Judicial Retirement System under Chapter 3 of Title 51.1 (§ 51.1-300 et seq.), who is not a "person who becomes a member on or after July 1, 2010," as defined in § 51.1-124.3, Code of Virginia.

k. Notwithstanding the provisions of subsection G of § 51.1-156, any employee of a school division who completed a period of 24 months of leave of absence without pay during October 2013 and who had previously submitted an application for disability retirement to VRS in 2011 may submit an application for disability retirement under the provisions of § 51.1-156. Such application shall be received by the Virginia Retirement System no later than October 1, 2014. This provision shall not be construed to grant relief in any case for which a court of competent jurisdiction has already rendered a decision, as contemplated by Article II, Section 14 of the Constitution of Virginia.

§ 4-6.04 CHARGES

a. **FOOD SERVICES:** Except as exempted by the prior written approval of the Director, Department of Human Resource Management, and the provisions of § 2.2-3605, Code of Virginia, state employees shall be charged for meals served in state facilities. Charges for meals will be determined by the agency. Such charges shall be not less than the value of raw food and the cost of direct labor and utilities incidental to preparation and service. Each agency shall maintain records as to the calculation of meal charges and revenues collected. Except where appropriations for operation of the food service are from nongeneral funds, all revenues received from such charges shall be paid directly and promptly into the general fund. The provisions of this paragraph shall not apply to on-duty employees assigned to correctional facilities operated by the Departments of Corrections and Juvenile Justice.

b. **HOUSING SERVICES:**

1. Each agency will collect a fee from state employees who occupy state-owned or leased housing, subject to guidelines provided by the Director, Department of General Services. Each agency head is responsible for establishing a fee for state-owned or leased

housing and for documenting in writing why the rate established was selected. In exceptional circumstances, which shall be documented as being in the best interest of the Commonwealth by the agency requesting an exception, the Director, Department of General Services may waive the requirement for collection of fees.

2. All revenues received from housing fees shall be promptly deposited in the state treasury. For housing for which operating expenses or rent are financed by general fund appropriations, such revenues shall be deposited to the credit of the general fund. For housing for which operating expenses or rent are financed by nongeneral fund appropriations, such revenues shall be deposited to the credit of the nongeneral fund. Agencies which provide housing for which operating expenses or rent are financed from both general fund and nongeneral fund appropriations shall allocate such revenues, when deposited in the state treasury, to the appropriate fund sources in the same proportion as the appropriations. However, without exception, any portion of a housing fee attributable to depreciation for housing which was constructed with general fund appropriations shall be paid into the general fund.

c. PARKING SERVICES:

1. State-owned parking facilities

Agencies with parking space for employees in state-owned facilities shall, when required by the Director, Department of General Services, charge employees for such space on a basis approved by the Governor. All revenues received from such charges shall be paid directly and promptly into a special fund in the state treasury to be used, as determined by the Governor, for payment of costs for the provision of vehicle parking spaces. Interest shall be added to the fund as earned. -

2. Leased parking facilities in metropolitan Richmond area

Agencies occupying private sector leased or rental space in the metropolitan Richmond area, not including institutions of higher education, shall be required to charge a fee to employees for vehicle parking spaces that are assigned to them or are otherwise available either incidental to the lease or rental agreement or pursuant to a separate lease agreement for private parking space. In such cases, the individual employee parking fee shall not be less than that paid by employees parking in Department of General Services parking facilities at the Seat of Government. The Director, Department of General Services may amend or waive the fee requirement for good cause. Revenues derived from employees paying for parking spaces in leased facilities will be retained by the leasing agency to be used to offset the cost of the lease to which it pertains. Any lease for private parking space must be approved by the Director, Department of General Services.

3. The assignment of Lot P1A of the Department of General Services, Capitol Area Site Plan, to include parking spaces 1 through 37, but excluding spaces 34 and 36, which shall be reserved for the Department of General Services, and the surrounding surfaces around those spaces shall be under the control of the Committee on Joint Rules and administered by the Clerk of the House and the Clerk of the Senate. Any employee permanently assigned to any of these spaces shall be subject to the provisions of paragraph 1 of this item.

4. The assignment of 300 parking spaces in the Department of General Services parking facility to be built at the corner of 9th and Broad Streets in the City of Richmond, shall be under the control of the Committee on Joint Rules and administered by the Clerk of the House and the Clerk of the Senate. Such parking spaces shall be subject to the provisions of paragraph 1 of this item.

§ 4-6.05 SELECTION OF APPLICANTS FOR CLASSIFIED POSITIONS

It is the responsibility of state agency heads to ensure that all provisions outlined in Title 2.2, Chapter 29, Code of Virginia (the Virginia Personnel Act), and executive orders that govern the practice of selecting applicants for classified positions are strictly observed. The Governor's Secretaries shall ensure this provision is faithfully enforced.

§ 4-6.06 POSITIONS GOVERNED BY CHAPTERS 933 AND 943 OF THE 2006 ACTS OF ASSEMBLY

Except as provided in subsection A of § 23.1-1020 of the Code of Virginia, § 4-6.00 shall not apply to public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly and Chapters 675 and 685 of the 2009 Acts of Assembly, with regard to their participating covered employees, as that term is defined in those two chapters, except to the extent a specific appropriation or language in this act addresses such an employee.

§ 4-7.00 STATEWIDE PLANS

§ 4-7.01 MANPOWER CONTROL PROGRAM

a.1. The term Position Level is defined as the number of full-time equivalent (FTE) salaried employees assigned to an agency in this act. Except as provided in § 4-7.01 b, the Position Level number stipulated in an agency's appropriation is the upper limit for agency employment which cannot be exceeded during the fiscal year without approval from the Director, Department of Planning and Budget for Executive Department agencies, approval from the Joint Committee on Rules for Legislative Department agencies or approval from the appropriate governing authority for the independent agencies.

2. Any approval granted under this subsection shall be reported in writing to the Chairmen of the House Appropriations Committee and the Senate Finance Committee, the Governor and the Directors of the Department of Planning and Budget and Department of Human Resource Management within ten days of such approval. Approvals for executive department agencies shall be based on threats to life, safety, health, or property, or compliance with judicial orders or federal mandates, to support federal grants or private donations, to administer a program for another agency or to address an immediate increase in workload or responsibility or when to delay approval of increased positions would result in a curtailment of services prior to the next legislative session. Any such position level increases pursuant to this provision may not be approved for more than one year.

b. The Position Levels stipulated for the individual agencies within the Department of Behavioral Health and Developmental Services and the Department of Corrections are for reference only and are subject to changes by the applicable Department, provided that such changes do not result in exceeding the Position Level for that department.

c.1. The Governor shall implement such policies and procedures as are necessary to ensure that the number of employees in the Executive Department, excluding institutions of higher education and the State Council of Higher Education, may be further restricted to the number required for efficient operation of those programs approved by the General Assembly. Such policies and procedures shall include periodic review and analysis of the staffing requirements of all Executive Department agencies by the Department of Planning and Budget with the object of eliminating through attrition positions not necessary for the efficient operation of programs.

2. The institutions of higher education and the State Council of Higher Education are hereby authorized to fill all positions authorized in this act. This provision shall be waived only upon the Governor's official declaration that a fiscal emergency exists requiring a change in the official estimate of general fund revenues available for appropriation.

d.1. Position Levels are for reference only and are not binding on agencies in the legislative department, independent agencies, the Executive Offices other than the offices of the Governor's Secretaries, and the judicial department.

2. Positions assigned to programs supported by internal service funds are for reference only and may fluctuate depending upon workload and funding availability.

3. Positions assigned to sponsored programs, auxiliary enterprises, continuing education, and teaching hospitals in the institutions of higher education are for reference only and may fluctuate depending upon workload and funding availability. Positions assigned to Item Detail 43012, State Health Services Technical Support and Administration, at Virginia Commonwealth University are for reference only and may fluctuate depending upon workload and funding availability.

4. Positions assigned to educational and general programs in the institutions of higher education are for reference only and may fluctuate depending upon workload and funding availability. However, total general fund positions filled by an institution of higher education may not exceed 105 percent of the general fund positions appropriated without prior approval from the Director, Department of Planning and Budget.

5. Positions assigned to Item Details 47001, Job Placement Services; 47002, Unemployment Insurance Services; 47003, Workforce Development Services; and 53402, Economic Information Services, at the Virginia Employment Commission are for reference only and may fluctuate depending upon workload and funding availability. Unless otherwise required by the funding source, after enactment of this act, any new positions hired using this provision shall not be subject to transitional severance benefit provisions of the Workforce Transition Act of 1995, Title 2.2, Chapter 32, Code of Virginia.

e. Prior to implementing any Executive Department hiring freeze, the Governor shall consider the needs of the Commonwealth in regards to the safe and efficient operation of state facilities and performance of essential services to include the exemption of certain positions assigned to agencies and institutions that provide services pertaining to public safety and public health from such hiring freezes.

f.1. Full-time, part-time, wage or contractual state employees assigned to the Governor's Cabinet Secretaries from agencies and institutions under their control for the purpose of carrying out temporary assignments or projects may not be so assigned for a period exceeding 180 days in any calendar year. The permanent transfer of positions from an agency or institution to the Offices of the Secretaries, or the temporary assignment of agency or institutional employees to the Offices of the Secretaries for periods exceeding 180 days in any calendar year regardless of the separate or discrete nature of the projects, is prohibited without the prior approval of the General Assembly.

2. Not more than three positions in total, as described in subsection 1 hereof, may be assigned at any time to the Office of any Cabinet Secretary, unless specifically approved in writing by the Governor. The Governor shall notify the Chairmen of the House Appropriations and Senate Finance Committees in the case of any such approvals.

g. All state employees, including those in the legislative, judicial, and executive branches and the independent agencies of the Commonwealth, who are not eligible for benefits under a health care plan established and administered by the Department of Human Resource Management (DHRM) pursuant to Va. Code § 2.2-2818, or by an agency administering its own health care plan, may not work more than 29 hours per week on average over a twelve month period. Adjunct faculty at institutions of higher education may not work more than 29 hours per week on average over a twelve month period, including classroom or other instructional time plus

additional hours determined by the institution as necessary to perform the adjunct faculty's duties. DHRM shall provide relevant program requirements to agencies and employees, including, but not limited to, information on wage, variable and seasonal employees. All state agencies/employers in all branches of government shall provide information requested by DHRM concerning hours worked by employees as needed to comply with the Affordable Care Act (the "Act") and this provision. State agencies/employers are accountable for compliance with this provision, and are responsible for any costs associated with maintaining compliance with it and for any costs or penalties associated with any violations of the Act or regulations thereunder and any such costs shall be borne by the agency from existing appropriations. The provisions of this paragraph shall not apply to employees of state teaching hospitals that have their own health insurance plan; however, the state teaching hospitals are accountable for compliance with, and are responsible for any costs associated with maintaining compliance with the Act and for any costs or penalties associated with any violations of the Act or regulations thereunder and any such costs shall be borne by the agency from existing appropriations. Subject to approval of the Governor, DHRM shall modify this provision consistent with any updates or changes to federal law and regulations.

§ 4-8.00 REPORTING REQUIREMENTS

§ 4-8.01 GOVERNOR

a. General:

1. The Governor shall submit the information specified in this section to the Chairmen of the House Appropriations and Senate Finance Committees on a monthly basis, or at such intervals as may be directed by said Chairmen, or as specified elsewhere in this act. The information on agency operating plans and expenditures as well as agency budget requests shall be submitted in such form, and by such method, including electronically, as may be mutually agreed upon. Such information shall be preserved for public inspection in the Department of Planning and Budget.

2. The Governor shall make available annually to the Chairmen of the Senate Finance, House Finance, and House Appropriations Committees a report concerning the receipt of any nongeneral funds above the amount(s) specifically appropriated, their sources, and the amounts for each agency affected.

3. a) It is the intent of the General Assembly that reporting requirements affecting state institutions of higher education be reduced or consolidated where appropriate. State institutions of higher education, working with the Secretary of Education and Workforce, Secretary of Finance, and the Director, Department of Planning and Budget, shall continue to identify specific reporting requirements that the Governor may consider suspending.

b) Reporting generally should be limited to instances where (1) there is a compelling state interest for state agencies to collect, use, and maintain the information collected; (2) substantial risk to the public welfare or safety would result from failing to collect the information; or (3) the information collected is central to an essential state process mandated by the Code of Virginia.

c) Upon the effective date of this act, and until its expiration date, the following reporting requirements are hereby suspended or modified as specified below:

The purpose of this effort shall be aimed at developing a common form for use in collecting nongeneral fund data for DPB's six-year nongeneral fund revenue estimate submission and SCHEV's annual survey of nongeneral fund revenue from institutions of higher education.

4.a) Notwithstanding any other provision of law or of any provision of this Act, the Governor may delay or defer the submission of any report or study that is required by the Code of Virginia or by this Act of a state entity, including agencies, boards, commissions, and authorities, and that is due prior to June 30, 2021, if in the opinion of the Governor, meeting the reporting deadline is either not possible or is impractical due to impacts of the COVID-19 pandemic on the reporting entity. Reporting entities seeking approval of the Governor to grant such a delay must submit a written request to the Governor no less than 30 days prior to the reporting deadline. Upon receiving approval from the Governor, the reporting entity shall provide the parties designated to receive the report with notice of an approved delay. This notice shall be in lieu of the required report until such time as the required report is submitted. § 4-8.03 LOCAL GOVERNMENTS

a.1. The Auditor of Public Accounts shall establish a workgroup to develop criteria for a preliminary determination that a local government may be in fiscal distress. Such criteria shall be based upon information regularly collected by the Commonwealth or otherwise regularly made public by the local government. This information includes expenditure reports submitted to the Auditor, budget information posted on local government websites, and reports prepared by the Commission on Local Government on revenue fiscal stress. Information provided by the Virginia Retirement System, the Virginia Resources Authority, the Virginia Public Building Authority, and other state and regional authorities concerning late or missed debt service payments shall be shared with the Auditor. Fiscal distress as used in this context shall mean a situation whereby the provision and sustainability of public services is threatened by various administrative and financial shortcomings including but not limited to cash flow issues; inability to pay expenses; revenue shortfalls; deficit spending; structurally imbalanced budgets; billing and revenue collection inadequacies and discrepancies; debt overload; failure to meet obligations to authorities, school divisions, or political subdivisions of the Commonwealth; and/or lack of trained and qualified staff to process administrative and financial transactions. Fiscal distress may be caused by factors internal to the unit of government or external to the unit of government and in various degrees such conditions may or may not be controllable by management, or the local governing body, or its constitutional officers.

2. Based upon the criteria established by the workgroup and using information identified above, the Auditor of Public Accounts shall establish a prioritized early warning system. Under the prioritized early warning system, the Auditor of Public Accounts shall establish a regular process whereby it reviews data on at least an annual basis to make a preliminary determination that a local government is in fiscal distress.

3. For local governments where the Auditor of Public Accounts has made a preliminary determination of fiscal distress based upon the early warning system criteria, the Auditor of Public Accounts shall notify the local governing body of its preliminary determination that it may meet the criteria for fiscal distress. Based upon the request of the local governing body or chief executive officer, the Auditor of Public Accounts may conduct a review and request documents and data from the local government. Such review shall consider factors including, but not limited to, budget processes, debt, borrowing, expenses and payables, revenues and receivables, and other areas including staffing, and the identification of external variables contributing to a locality's financial position, and if so, the scope of the issues involved. Any local governing body that receives requests for information from the Auditor of Public Accounts pursuant to such preliminary determination based on the above described threshold levels shall acknowledge receipt of such a request and shall ensure that a response is provided within the time frames specified by the Auditor of Public Accounts. After such review, if the Auditor of Public Accounts is of the opinion that state assistance, oversight, or targeted intervention is needed, either to further assess, help stabilize, or remediate the situation, the Auditor shall notify the Governor and the Chairmen of the House Appropriations and Senate Finance Committees, and the governing body of the local government in writing outlining specific issues or actions that need to be addressed by state intervention.

4. The notification issued by the Auditor of Public Accounts pursuant to paragraph 3 above shall satisfy the notification requirement necessary to effectuate the provisions of this act in paragraph b.3 below.

b.1. The Director of the Department of Planning and Budget shall identify any amounts remaining unexpended from general fund appropriations in this Act as of June 30 of each year, which constitute state aid to local governments. The Director shall provide a listing of such amounts designated by item number and by program on or before August 15 of each year, to the Governor and the Chairmen of the House Appropriations Committee and the Senate Finance Committee.

2. From such unexpended balances identified by the Director of the Department of Planning and Budget, the Governor may reappropriate up to \$750,000 from amounts which would otherwise revert to the balance of the general fund and transfer such amounts as necessary to establish a component of fund balance which may be used for the purpose of providing technical assistance and intervention actions for local governments deemed to be fiscally distressed and in need of intervention to address such distress. Any such reappropriation approved by the Governor, shall be separately identified in the commitments specified on the balance sheet and financial statements of the State Comptroller for the close of each fiscal year, to the extent that such reserve is not used or added to by future appropriation actions.

3. Prior to any expenditure of the reappropriated reserve, the Governor and the Chairmen of the House Appropriations Committee and the Senate Finance Committee must receive a notification from the Auditor of Public Accounts that a specific locality is in need of intervention because of a worsening financial situation. The Auditor of Public Accounts may issue such a notification upon receipt of audited financial statement or other information that indicates the existence of fiscal distress. But, no such notification shall be made until appropriate follow up and correspondence ascertains that, in the opinion of the Auditor of Public Accounts, such fiscal distress indeed exists. Such notification may also be issued by the Auditor of Public Accounts if written concerns raised about fiscal distress are not adequately addressed by the locality in question.

4. Once the Governor has received a notification from the Auditor of Public Accounts indicating fiscal distress in a specific local government, the Governor shall consult with the Chairmen of the House Appropriations Committee and the Senate Finance Committee about a plan for state intervention prior to any expenditure of funds from the cash reserve. Any plan approved by the Governor for intervention should, at a minimum, specify the purpose of such intervention, the estimated duration of the intervention, and the anticipated resources (dollars and personnel) directed toward such effort. The staffing necessary to carry out the intervention

plan may be assembled from either public agencies or private entities or both and, notwithstanding any other provisions of law, the Governor may use an expedited method of procurement to secure such staffing when, in his judgment, the need for intervention is of an emergency nature such that action must be taken in a timely manner to avoid or address unacceptable financial risks to the Commonwealth.

5. The governing body and the elected constitutional officers of a locality subject to an intervention plan approved by the Governor shall assist all state appointed staff conducting the intervention regardless of whether such staff are from public agencies or private entities. Intervention staff shall provide periodic reports in writing to the Governor and the Chairmen of the House Appropriations Committee and the Senate Finance Committee outlining the scope of issues discovered and any recommendations made to remediate such issues, and the progress that is made on such recommendations or other remediation efforts. These periodic reports shall specifically address the degree of cooperation the intervention team is receiving from locally elected officials, including constitutional officers, city, county, or town managers and other local personnel in regards to their intervention work.

6. The Department of General Services is hereby encouraged to develop a master contract of qualified private sector turnaround specialists with expertise in local government intervention that the Governor can use to procure intervention services in an expeditious manner when he determines that state intervention is warranted in situations of local fiscal distress.

In general, institutions are expected to achieve all performance measures in order to be certified by SCHEV, but it is understood that there can be circumstances beyond an institution's control that may prevent achieving one or more performance measures. The Council shall consider, in consultation with each institution, such factors in its review: (1) institutions meeting all performance measures will be certified by the Council and recommended to receive the financial benefits, (2) institutions that do not meet all performance measures will be evaluated by the Council and the Council may take one or more of the following actions: (a) request the institution provide a remediation plan and recommend that the Governor withhold release of financial benefits until Council review of the remediation plan or (b) recommend that the Governor withhold all or part of financial benefits.

Further, the State Council shall have broad authority to certify institutions as having met the standards on education-related measures. The State Council shall likewise have the authority to exempt institutions from certification on education-related measures that the State Council deems unrelated to an institution's mission or unnecessary given the institution's level of performance.

The State Council may develop, adopt, and publish standards for granting exemptions and ongoing modifications to the certification process.

a). BOARD OF VISITORS ACCOUNTABILITY AND DELEGATION OF AUTHORITY.

The Board of Visitors of the University shall at all times be fully and ultimately accountable for the proper fulfillment of the duties and responsibilities set forth in, and for the appropriate implementation of, this Policy. Consistent with this full and ultimate accountability, however, the Board may, pursuant to its legally permissible procedures, specifically delegate either herein or by

separate Board resolution the duties and responsibilities set forth in this Policy to a person or persons within the University, who, while continuing to be fully accountable for such duties and responsibilities, may further delegate the implementation of those duties and responsibilities pursuant to the University's usual delegation policies and procedures.

b) FINANCIAL MANAGEMENT AND REPORTING SYSTEM.

The President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall continue to be authorized by the Board to maintain existing and implement new policies governing the management of University financial resources. These policies shall continue to (i) ensure compliance with Generally Accepted Accounting Principles, (ii) ensure consistency with the current accounting principles employed by the Commonwealth, including the use of fund accounting principles, with regard to the establishment of the underlying accounting records of the University and the allocation and utilization of resources within the accounting system, including the relevant guidance provided by the State Council of Higher Education for Virginia chart of accounts with regard to the allocation and proper use of funds from specific types of fund sources, (iii) provide adequate risk management and internal controls to protect and safeguard all financial resources, including moneys transferred to the University pursuant to a general fund appropriation, and ensure compliance with the requirements of the Appropriation Act.

The financial management system shall continue to include a financial reporting system to satisfy both the requirements for inclusion into the Commonwealth's Comprehensive Annual Financial Report, as specified in the related State Comptroller's Directives, and the University's separately audited financial statements. To ensure observance of limitations and restrictions placed on the use of the resources available to the University, the accounting and bookkeeping system of the University shall continue to be maintained in accordance with the principles prescribed for governmental organizations by the Governmental Accounting Standards Board.

In addition, the financial management system shall continue to provide financial reporting for the President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, and the Board of Visitors to enable them to provide adequate oversight of the financial operations of the University.

c) FINANCIAL MANAGEMENT POLICIES.

The President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall create and implement any and all financial management policies necessary to establish a financial management system with adequate risk management and internal control processes and procedures for the effective protection and management of all University financial resources. Such policies will not address the underlying accounting principles and policies employed by the Commonwealth and the University, but rather will focus on the internal operations of the University's financial management. These policies shall include, but need not be limited to, the development of a tailored set of finance and accounting practices that seek to support the University's specific business and administrative operating environment in order to improve the efficiency and effectiveness of its business and administrative functions. In general, the system of independent financial management policies shall be guided by the general principles contained in the Commonwealth's Accounting Policies and Procedures such as establishing strong risk management and internal accounting controls to ensure University financial resources are properly safeguarded and that appropriate stewardship of public funds is obtained through management's oversight of the effective and efficient use of such funds in the performance of University programs.

Such alternate policies shall include applicable accountability measures and shall be submitted to the State Comptroller for review and comment before they are implemented by the University.

Except as provided otherwise in the Appropriation Act, it is the intent of the Commonwealth and the University that the University shall be exempt from the revenue restrictions in the general provisions of the Appropriation Act related to non-general funds. In addition, unless prohibited by the Appropriation Act, it is the intent of the Commonwealth and the University that the University shall be entitled to retain non-general fund savings generated from changes in Commonwealth rates and charges, including but not limited to health, life, and disability insurance rates, retirement contribution rates, telecommunications charges, and utility rates, rather than reverting such savings back to the Commonwealth. This financial resource policy assists the University by providing the framework for retaining and managing non-general funds, for the receipt of general funds, and for the use and stewardship of all these funds.

The President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall continue to provide oversight of the University's cash management system which is the framework for the retention of non-general funds. The Internal Audit Department of the University shall periodically audit the University's cash management system in accordance with appropriate risk assessment models and make reports to the Audit and Compliance Committee of the Board of Visitors. Additional oversight shall continue to be provided through the annual audit and assessment of internal controls performed by the Auditor of Public Accounts. For the receipt of general and non-general funds, the University shall conform to

the Security for Public Deposits Act, Chapter 44 (§ 2.2-4400 et seq.) of Title 2.2 of the Code of Virginia as it currently exists and from time to time may be amended.

e) ACCOUNTS RECEIVABLE MANAGEMENT AND COLLECTION.

The President, through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall continue to be authorized to create and implement any and all Accounts Receivable Management and Collection policies as part of a system for the management of University financial resources. The policies shall be guided by the requirements of the Virginia Debt Collection Act, Chapter 48 (§ 2.2-4800 et seq.) of the Code of Virginia, such that the University shall take all appropriate and cost effective actions to aggressively collect accounts receivable in a timely manner.

These shall include, but not be limited to, establishing the criteria for granting credit to University customers; establishing the nature and timing of collection procedures within the above general principles; and the independent authority to select and contract with collection agencies and, after consultation with the Office of the Attorney General, private attorneys as needed to perform any and all collection activities for all University accounts receivable such as reporting delinquent accounts to credit bureaus, obtaining judgments, garnishments, and liens against such debtors, and other actions. In accordance with sound collection activities, the University shall continue to utilize the Commonwealth's Debt Set-Off Collection Programs, shall develop procedures acceptable to the Tax Commissioner and the State Comptroller to implement such Programs, and shall provide a quarterly summary report of receivables to the Department of Accounts in accordance with the reporting procedures established pursuant to the Virginia Debt Collection Act.

f) DISBURSEMENT MANAGEMENT.

The President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall continue to be authorized to create and implement any and all disbursement policies as part of a system for the management of University financial resources. The disbursement management policies shall continue to define the appropriate and reasonable uses of all funds, from whatever source derived, in the execution of the University's operations. These policies also shall continue to address the timing of appropriate and reasonable disbursements consistent with the Prompt Payment Act, and the appropriateness of certain goods or services relative to the University's mission, including travel-related disbursements. Further, the University's disbursement policy shall continue to provide for the mechanisms by which payments are made including the use of charge cards, warrants, and electronic payments.

These disbursement policies shall authorize the President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, to independently select, engage, and contract for such consultants, accountants, and financial experts, and other such providers of expert advice and consultation, and, after consultation with the Office of the Attorney General, private attorneys, as may be necessary or desirable in his or her discretion. The policies also shall continue to include the ability to locally manage and administer the Commonwealth's credit card and cost recovery programs related to disbursements, subject to any restrictions contained in the Commonwealth's contracts governing those programs, provided that the University shall submit the credit card and cost recovery aspects of its financial and operations policies to the State Comptroller for review and comment prior to implementing those aspects of those policies. The disbursement policies shall ensure that adequate risk management and internal control procedures shall be maintained over previously decentralized processes for public records, payroll, and non-payroll disbursements. The University shall continue to provide summary quarterly prompt payment reports to the Department of Accounts in accordance with the reporting procedures established pursuant to the Prompt Payment Act.

The University's disbursement policies shall be guided by the principles of the Commonwealth's policies as included in the Commonwealth's Accounting Policy and Procedures Manual. The University shall continue to follow the Commonwealth's disbursement policies until such time as specific alternative policies can be developed, approved and implemented. Such alternate policies shall be submitted to the State Comptroller for review and comment prior to their implementation by the University.

3. The Auditor of Public Accounts or his legally authorized representatives shall audit annually the accounts of each institution and shall distribute copies of each annual audit to the Governor and to the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance. Pursuant to § 30-133, the Auditor of Public Accounts and his legally authorized representatives shall examine annually the accounts and books of each such institution, but the institution shall not be deemed to be a state or governmental agency, advisory agency, public body, or agency or instrumentality for purposes of Chapter 14 (§ 30-130 et seq.) of Title 30 except for those provisions in such chapter that relate to requirements for financial recordkeeping and bookkeeping. Each such institution shall be subject to periodic external review by the Joint Legislative and Audit Review Commission and such other reviews and audits as shall be required by law.

d. Subject to review of its Shared Services Center by the Department of General Services, and approval to proceed with decentralized procurement of authority by the Department of General Services, the Virginia Community College System (VCCS) is authorized, for a period of five years, to exercise additional financial and administrative authority as set out in each of the three functional areas of information technology, procurement and capital projects as set forth and subject to all the conditions in §§ 2.0, 3.0 and 4.0 of the second enactment of Chapter 824 and 829 of the Acts of Assembly of 2008 except that (i) any effective dates contained in Chapter 824 and 829 of the Acts of Assembly of 2008 are superseded by the provisions of this item. The State Board for Community Colleges may request any subsequent delegation of procurement authority after consultation with and positive recommendation by the Department of General Services.

e. Notwithstanding the small purchase thresholds set forth in the Rules Governing Procurement for institutions of higher education that have operational authority in the area of procurement, the small purchases thresholds shall be the same thresholds set forth in the Virginia Public Procurement Act (§ 2.2-4300 et seq). Where small purchase thresholds in the Rules Governing Procurement for such institutions exceed those in 2.2-4300 et seq, the Rules Governing Procurement shall be the authorized procurement threshold.

§ 4-9.03 LEVEL III AUTHORITY

a. The Management Agreements negotiated by the institutions contained in Chapters 675 and 685 of the 2009 Acts of Assembly shall continue in effect unless the Governor, the General Assembly, or the institutions determine that the Management Agreements need to be renegotiated or revised.

b. Notwithstanding the small purchase thresholds set forth in the Rules Governing Procurement the small purchases thresholds for Level III institutions shall be the small purchase thresholds set forth in the Virginia Public Procurement Act (§ 2.2-4300 et seq). Where small purchase thresholds under Rules Governing Procurement for Level III institutions exceed those in 2.2-4300 et seq, the Rules Governing Procurement shall be the authorized procurement threshold.

§ 4-9.04 IMPLEMENT JLARC RECOMMENDATIONS

a. The Boards of Visitors at each Virginia public four-year higher education institution, to the extent practicable, shall:

1. require their institutions to clearly list the amount of the athletic fee on their website's tuition and fees information page. The page should include a link to the State Council of Higher Education for Virginia's tuition and fee information. The boards should consider requiring institutions to list the major components of all mandatory fees, including the portion attributable to athletics, on a separate page attached to student invoices;

2. assess the feasibility and impact of raising additional revenue through campus recreation and fitness enterprises to reduce reliance on mandatory student fees. The assessments should address the feasibility and impact of raising additional revenue through charging for specialized programs and services, expanding membership, and/or charging all users of recreation facilities;

3. direct staff to perform a comprehensive review of the institution's organizational structure, including an analysis of spans of control and a review of staff activities and workload, and identify opportunities to streamline the organizational structure. Boards should further direct staff to implement the recommendations of the review to streamline their organizational structures where possible;

4. require periodic reports on average and median spans of control and the number of supervisors with six or fewer direct reports;

5. direct staff to revise human resource policies to eliminate unnecessary supervisory positions by developing standards that establish and promote broader spans of control. The new policies and standards should (i) set an overall target span of control for the institution, (ii) set a minimum number of direct reports per supervisor, with guidelines for exceptions, (iii) define the circumstances that necessitate the use of a supervisory position, (iv) prohibit the establishment of supervisory positions for the purpose of recruiting or retaining employees, and (v) establish a periodic review of departments where spans of control are unusually narrow; and,

6. direct institution staff to set and enforce policies to maximize standardization of purchases of commonly procured goods, including use of institution-wide contracts;

7. consider directing institution staff to provide an annual report on all institutional purchases, including small purchases, that are exceptions to the institutional policies for standardizing purchases;

8. participate in national faculty teaching load assessments by discipline and faculty type.

b. The State Council on Higher Education for Virginia, to the extent practicable, shall:

1. convene a working group of institution financial officers, with input from the Department of Accounts, the Department of Planning and Budget, and the Auditor of Public Accounts, to create a standard way of calculating and publishing mandatory non-E&G fees, including for intercollegiate athletics;

2. update the state's Chart of Accounts for higher education in order to improve comparability and transparency of mandatory non-E&G fees, with input from the Department of Accounts, the Department of Planning and Budget, the Auditor of Public Accounts, and institutional staff. This process should be coordinated with the standardization of tuition and fee reporting;

3. convene a working group of institutional staff to develop instructional and research space guidelines that adequately measure current use of space and plans for future use of space at Virginia's public higher education institutions;

4. coordinate a committee of institutional representatives, such as the previously authorized Learning Technology Advisory Committee. In addition to the objectives set out in the Appropriation Act for the Learning Technology Advisory Committee, the committee should identify instructional technology initiatives and best practices for directly or indirectly lowering institutions' instructional expenditures per student while maintaining or enhancing student learning;
 5. include factors such as discipline, faculty rank, cost of living, and regional comparisons in developing faculty salary goals;
 6. identify instructional technology best practices that directly or indirectly lower student cost while maintaining or enhancing learning.
- c. Notwithstanding the provisions of § 23.1-1304, the State Council of Higher Education for Virginia shall annually train boards of visitors members on the types of information members should request from institutions to inform decision making, such as performance measures, benchmarking data, the impact of financial decisions on student costs, and past and projected cost trends. Boards of Visitors members serving on finance and facilities subcommittees should, at a minimum, participate in the training within their first year of membership on the subcommittee. SCHEV should obtain assistance in developing or delivering the training from relevant agencies such as the Department of General Services and past or present finance officers at Virginia's public four-year institutions, as appropriate.
- d. The Department of Planning and Budget shall revise the formula used to make allocation recommendations for the state's maintenance reserve funding to account for higher maintenance needs resulting from poor facility condition, aging of facilities, and differences in facility use.
- e. The Six-Year Capital Outlay Plan Advisory Committee, the Department of Planning and Budget, and others as appropriate shall use the results of the prioritization process established by the State Council of Higher Education for Virginia in determining which capital projects should receive funding.
- f. Beginning with fiscal year 2016, the Auditor of Public Accounts shall include in its audit plan for each public institution of higher education a review of progress in implementing the JLARC recommendations contained in paragraph § 4-9.04 a.

§ 4-11.00 STATEMENT OF FINANCIAL CONDITION

Each agency head handling any state funds shall, at least once each year, upon request of the Auditor of Public Accounts, make a detailed statement, under oath, of the financial condition of his office as of the date of such call, to the Auditor of Public Accounts, and upon such forms as shall be prescribed by the Auditor of Public Accounts.

§ 4-12.00 SEVERABILITY

If any part, section, subsection, paragraph, sentence, clause, phrase, or item of this act or the application thereof to any person or circumstance is for any reason declared unconstitutional, such decisions shall not affect the validity of the remaining portions of this act which shall remain in force as if such act had been passed with the unconstitutional part, section, subsection, paragraph, sentence, clause, phrase, item or such application thereof eliminated; and the General Assembly hereby declares that it would have passed this act if such unconstitutional part, section, subsection, paragraph, sentence, clause, phrase, or item had not been included herein, or if such application had not been made.

§ 4-13.00 CONFLICT WITH OTHER LAWS

Notwithstanding any other provision of law, and until June 30, 2022, the provisions of this act shall prevail over any conflicting provision of any other law, without regard to whether such other law is enacted before or after this act; however, a conflicting provision of another law enacted after this act shall prevail over a conflicting provision of this act if the General Assembly has clearly evidenced its intent that the conflicting provision of such other law shall prevail, which intent shall be evident only if such other law (i) identifies the specific provision(s) of this act over which the conflicting provision of such other law is intended to prevail and (ii) specifically states that the terms of this section are not applicable with respect to the conflict between the provision(s) of this act and the provision of such other law.

§ 4-14.00 EFFECTIVE DATE

This act is effective on July 1, 2020.

ADDITIONAL ENACTMENTS

2. That the authority and responsibilities of the Secretary of Technology included in the Code of Virginia shall be executed by the Secretary of Administration and the Secretary of Commerce and Trade pursuant to Item 66 and Item 111 of this act. Any authority or responsibilities of the Secretary of Technology not referenced in Item 66 and Item 111 of this act shall be executed by either the Secretary of Administration or the Secretary of Commerce and Trade as determined by the Governor.

3. That any authority or responsibilities of the Innovation and Entrepreneurship Investment Authority and the Center for Innovative Technology not referenced in Item 135 of this Act shall be executed by the Virginia Innovation Partnership Authority and the non-profit entity established in legislation to be considered by the 2020 General Assembly.

4. That § 16.1-69.48:2 of the Code of Virginia is amended and reenacted as follows:

§ 16.1-69.48:2. Fees for services of district court judges and clerks and magistrates in civil cases.

Fees in civil cases for services performed by the judges or clerks of general district courts or magistrates in the event any such services are performed by magistrates in civil cases shall be as provided in this section, and, unless otherwise provided, shall be included in the taxed costs and shall not be refundable, except in case of error or as herein provided.

For all court and magistrate services in each distress, detinue, interrogatory summons, unlawful detainer, civil warrant, notice of motion, garnishment, attachment issued, or other civil proceeding, the fee shall be ~~\$30~~ \$36. No such fee shall be collected (i) in any tax case instituted by any county, city or town or (ii) in any case instituted by a school board for collection of overdue book rental fees. Of the fees collected under this section, \$10 of each such fee collected shall be apportioned to the Courts Technology Fund established under § 17.1-132.

The judge or clerk shall collect the foregoing fee at the time of issuing process. Any magistrate or other issuing officer shall collect the foregoing fee at the time of issuing process, and shall remit the entire fee promptly to the court to which such process is returnable, or to its clerk. When no service of process is had on a defendant named in any civil process other than a notice of motion for judgment, such process may be reissued once by the court or clerk at the court's direction by changing the return day of such process, for which service by the court or clerk there shall be no charge; however, reissuance of such process shall be within three months after the original return day.

The clerk of any district court may charge a fee for making a copy of any paper of record to go out of his office which is not otherwise specifically provided for. The amount of this fee shall be set in the discretion of the clerk but shall not exceed \$1 for the first two pages and \$.50 for each page thereafter.

The fees prescribed in this section shall be the only fees charged in civil cases for services performed by such judges and clerks, and when the services referred to herein are performed by magistrates such fees shall be the only fees charged by such magistrates for the prescribed services.

5. a. In anticipation of the collection of taxes and revenues of the Commonwealth, for fiscal years 2021 and 2022, the Treasury Board is hereby authorized, by and with the consent of the Governor, to sell and issue, pursuant to Article X, Section 9 (a)(2) of the Constitution of Virginia, as the case may be, at one time or from time to time, tax and revenue anticipation notes ("9(a)(2) Notes") of the Commonwealth, including 9(a)(2) Notes issued as commercial paper. The proceeds of such 9(a)(2) Notes, excluding amounts needed to fund issuance costs, reserve funds, and other financing expenses, shall be used exclusively for the purpose of providing funds, together with any other available funds, to help manage the cash flow impact of actual or potential reductions of tax and other revenues or increases in expenses related to or resulting from the COVID-19 pandemic, and including the payment of operating expenses incurred or to be incurred in anticipation of the collection of taxes and revenues by the Commonwealth.

b. In addition, in anticipation of the collection of taxes and revenues of the Commonwealth, and its counties, cities and towns, for fiscal years 2021 and 2022, the Treasury Board is hereby authorized, by and with the consent of the Governor, to sell and issue, pursuant to Article X, Section 9 (d) of the Constitution of Virginia, as the case may be, at one time or from time to time, tax and revenue anticipation notes of the Commonwealth ("9(d) Notes" and together with the 9(a)(2) Notes authorized in the foregoing paragraph, "Notes"), including 9(d) Notes issued as commercial paper. The proceeds of such 9(d) Notes, excluding amounts needed to fund issuance costs, reserve funds, and other financing expenses, shall be used exclusively for the purpose of providing funds, together with any other available funds, to help manage the cash flow impact of actual or potential reductions of tax and other revenues or increases in expenses related to or resulting from the COVID-19 pandemic, and including the payment of operating expenses incurred or to be incurred in anticipation of the collection of taxes and revenues by the Commonwealth and its counties, cities and towns, and to purchase or acquire similar notes issued by, or otherwise to assist, cities, counties and towns of the Commonwealth for such purpose. The Governor is authorized to select the counties, cities and towns to participate in the undertakings authorized hereunder and direct the distribution of 9(d) Note proceeds to the particular counties, cities and town, and shall, after consultation with all interested parties, develop a guidance document governing eligibility and priority criteria.

c. The Treasury Board is authorized to issue Notes hereunder in an aggregate principal amount not exceeding \$500,000,000 for the benefit of the Commonwealth and in an aggregate principal amount not exceeding \$250,000,000 for the benefit of counties, cities and towns, plus in either case amounts needed to fund issuance costs, reserve funds, capitalized interest, and other financing expenses.

d. 9(a)(2) Notes shall mature at such time or times within twelve months from their date or dates, and 9(d) Notes shall mature at such time or times not exceeding two years from their date or dates.

e. The full faith and credit of the Commonwealth shall be pledged to any 9(a)(2) Notes issued under the provisions of this Item. 9(d) Notes issued under the provisions of this item shall not be deemed to constitute a debt of the Commonwealth of Virginia or a pledge of the full faith and credit of the Commonwealth, but such obligations shall be payable solely, subject to appropriation by the General Assembly, from amounts appropriated from time to time by the General Assembly and

from amounts paid by counties, cities and towns that issue bonds, notes or obligations with respect to this Item. There is hereby appropriated a sum sufficient to the Treasury Board for the purpose of paying the debt service on the Notes.

f. The Virginia Resources Authority is authorized to purchase and acquire through proceeds of 9(d) Notes bonds, notes or obligations of counties, cities and towns of the Commonwealth issued for the purposes authorized hereunder and establish the interest rates and repayment terms of such bonds, notes or obligations in accordance with a memorandum of agreement with the Treasury Board and the Authority shall recover its reasonable costs and expenses for doing so from the proceeds of such Notes and for its role in the administration and management of such proceeds.

g. Each county, city, and town is hereby authorized to issue bonds, notes or obligations for the purposes set forth in paragraph (b) above. The authority of any county, city, and town to contract and to issue bonds, notes or obligations pursuant to such authorization is in addition to any existing authority to contract and issue bonds, notes or obligations, anything in the laws of the Commonwealth, including any local charter, to the contrary notwithstanding. The provisions of Virginia Code § 15.2-2659 and § 62.1-216.1 shall apply, mutatis mutandis, with respect to any bond, note or obligation issued by a county, city or town hereunder.

h. The proceeds, including any premium, of the Notes shall be deposited in a special account in the state treasury and, together with the investment income thereon, shall be disbursed by the State Treasurer from time to time for paying all or any part of the expenses or undertakings as set forth in paragraphs (a) and (b) above. The Notes shall be dated and may be made redeemable before their maturity or maturities at such price or prices or within such price parameters, all as may be determined by the Treasury Board, by and with the consent of the Governor, and shall be in such form, shall bear interest at such rate or rates, either at fixed rates or at rates established by formula or other method, and may contain such other provisions, all as determined by the Treasury Board or, when authorized by the Treasury Board, the State Treasurer. The principal of and premium, if any, and the interest on Notes shall be payable in lawful money of the United States of America. Notes may be certificated or uncertificated as determined by the Treasury Board. The Treasury Board may contract for services of such registrars, transfer agents, or other authenticating agents as it deems appropriate to maintain a record of the persons entitled to the Notes. Notes issued in certificated form may be issued under a system of book entry for recording the ownership and transfer of ownership of rights to receive payments on the Notes. The Treasury Board shall fix the authorized denomination or denominations of the Notes and the place or places of payment of certificated Notes, which may be at the Office of the State Treasurer or at any bank or trust company within or without the Commonwealth. The Treasury Board may sell Notes in such manner, by competitive bidding, negotiated sale, or private placement with private lenders or governmental agencies, and for such price or within such price parameters as it may determine, by and with the consent of the Governor, to be in the best interest of the Commonwealth. In the discretion of the Treasury Board, Notes may be issued at one time or from time to time. Certificated Notes shall be signed on behalf of the Commonwealth by the Governor and by the State Treasurer, or shall bear their facsimile signatures, and shall bear the lesser seal of the Commonwealth or a facsimile thereof. If the Notes bear the facsimile signature of the State Treasurer, they shall be signed by such administrative assistant as the State Treasurer shall determine or by such registrar or paying agent as may be designated to sign them by the Treasury Board. If any officer whose signature or facsimile signature appears on any Notes ceases to be such officer before delivery, such signature or facsimile signature shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until such delivery, and any Note may bear the facsimile signature of, or may be signed by, such persons as at the actual time of execution are the proper officers to sign such Note, although at the date of such Note, such persons may not have been such officers.

i. The Treasury Board is authorized to create debt service and sinking funds for the payments of the principal of, premium, if any, and interest on the Notes and other funds or reserves desirable or required by any purchaser. Pending the application of the proceeds of the Notes to the purpose for which they have been authorized and the application of funds set aside for the purpose to the payment of Notes, they may be invested by the State Treasurer in securities that are legal investments under the laws of the Commonwealth for public funds and sinking funds, as the case may be. Whenever the State Treasurer receives interest from the investment of the proceeds of Notes, such interest shall become a part of the principal of the Notes and shall be used in the same manner as required for principal of the Notes.

6. That the provisions of the first, second, third, and fifth enactments of this act shall expire at midnight on June 30, 2022.

7. That the provisions of the fourth enactment of this act shall have no expiration date.

HOUSE JOINT RESOLUTION NO. 51

Requesting the Departments of Education, Behavioral Health and Developmental Services, and Social Services to study the feasibility of developing an early childhood mental health consultation program available to all early care and education programs serving children from birth to five years of age. Report.

Agreed to by the House of Delegates, February 27, 2020

Agreed to by the Senate, February 25, 2020

WHEREAS, the beginning years of any child's life are critical for building the foundation of learning, health, and wellness needed for success in school and later in life. During these years, children's brains are developing rapidly, influenced by the experiences they share with their families, teachers, and peers and in their communities; and

WHEREAS, exclusionary discipline practices are stressful, and negative experiences for young children and their families can influence adverse outcomes across development, health, and education; recent national data indicates that expulsions and suspensions occur regularly in early childhood settings and at a much higher rate than in K-12 education; and

WHEREAS, evidence shows that young children who are suspended or expelled in the early school years are as much as 10 times more likely to drop out of high school, experience academic failure and grade retention, hold negative attitudes toward school, and face incarceration than those who are not; and

WHEREAS, in 2014, the U.S. Department of Education and the U.S. Department of Health and Human Services jointly released a policy statement addressing expulsion and suspension in early learning settings, highlighting the importance of social-emotional health, and recommended that early childhood education programs have access to specialized supports such as Early Childhood Mental Health Consultation; and

WHEREAS, research shows that early childhood mental health consultation models can play an important role in improving school readiness and reducing preschool expulsions by addressing challenging behaviors, increasing positive social skills, and reducing teacher stress and burnout. Early Childhood Mental Health Consultation (ECMHC) is a multilevel preventive intervention that teams mental health professionals with early care professionals who work with young children and their families to improve their social-emotional development; ECMHC builds the capacity of teachers, providers, and families and includes skilled observations, the strengthening of teacher-family relationships, teacher training, the identification of children with or at-risk for behavioral, developmental, or mental health difficulties, and linkages to additional support services; and

WHEREAS, in a 2018 report on challenging behavior in early childhood settings from the National Center for Children in Poverty, over 900 early childhood educators in Virginia were asked about their experiences working with children with challenging behaviors; a relevant finding is that 90 percent of teachers reported having at least one child in their care with challenging behaviors and 63 percent of teachers recommended increasing access to ECMHC services; now, therefore, be it

RESOLVED by the House of Delegates, the Senate concurring, That the Department of Education, Department of Behavioral Health and Developmental Services, and the Department of Social Services be requested to jointly study the feasibility of developing an early childhood mental health consultation available to all early care and education programs serving children from birth to five years of age. In conducting the study, the Departments shall convene a work group to include stakeholders including the Virginia Early Childhood Mental Health Advisory Council, the Virginia Infant Mental Health Association, Voices for Virginia's Children, the National Center of Excellence for Infant and Early Childhood Mental Health Consultation, the National Center for Children in Poverty, Zero to Three, Head Start, Early Impact Virginia, and other state and national experts as the Departments may deem appropriate. The work group shall evaluate the potential costs and benefits of adopting a statewide early childhood mental health consultation model to prevent suspensions and expulsions of young children attending early care and education programs in Virginia and shall (i) identify the appropriate state agency to scale up a statewide early childhood mental health consultation program, (ii) study effective models of early childhood mental health consultation, (iii) identify funding streams that Virginia could access to support statewide implementation of early childhood mental health consultation, (iv) develop a plan for scaling up the early childhood mental health workforce that builds off existing resources, and (v) provide recommendations for legislative, regulatory, budgetary, and other actions necessary to implement such a plan.

All agencies of the Commonwealth shall provide assistance to the Departments of Education, Behavioral Health and Developmental Services for this study, upon request.

The Departments of Education, Behavioral Health and Developmental Services, and Social Services shall complete their meetings by November 30, 2020, and shall submit to the Governor and the General Assembly an executive summary and a report of their findings and recommendations for publication as a House or Senate document. HOUSE JOINT RESOLUTION NO. 90

Commemorating the 150th anniversary of the ratification of the Fifteenth Amendment to the Constitution of the United States.

Agreed to by the House of Delegates, January 29, 2020

Agreed to by the Senate, February 6, 2020

WHEREAS, the Fifteenth Amendment to the Constitution of the United States was ratified 150 years ago, on February 3, 1870, forbidding the denial of United States citizens' right to vote "on account of race, color, or previous condition of servitude" and providing constitutionally for the right to vote for African American men; and

WHEREAS, the nation's founders asserted in the United States Declaration of Independence "that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty, and the pursuit of Happiness"; but these ideals did not extend to enslaved persons, formerly enslaved persons, or their descendants; and

WHEREAS, the Thirteenth Amendment, ratified on December 6, 1865, formally encoded the abolition of slavery, an institution that spanned nearly 250 years in the British colonies and the new nation; the Fourteenth Amendment, ratified on July 9, 1868, granted citizenship to "all persons born or naturalized in the United States" and required equal protection under the law for all persons within the states' jurisdiction; and

WHEREAS, the Fifteenth Amendment was the last of the three Reconstruction Amendments passed in the wake of the American Civil War to build a foundation for the newly reunited nation, inclusive of rights for formerly enslaved persons and their descendants; and

WHEREAS, the passage of the Fifteenth Amendment and the granting of the right to vote to African American men enabled the election of African American legislators to the General Assembly, to both the Senate and the House of Delegates, and enabled African American Virginians to have a voice in Virginia's legislature; and

WHEREAS, the right to vote and the power it afforded to African American voters was resisted, particularly in the American South, and in spite of the constitutionally guaranteed right, African American voters were deliberately disenfranchised, including by Jim Crow laws that included poll taxes and literacy tests designed to make the polls inaccessible to African American voters; and

WHEREAS, the suppression of the vote disenfranchised African Americans for decades following Reconstruction, such that in Virginia no African Americans were elected to the General Assembly from 1890 until 1969; and

WHEREAS, the right to vote guaranteed by the Fifteenth Amendment had to be continually fought for following Reconstruction and through the Civil Rights Movement, and such right was encoded again in the form of the Twenty-fourth Amendment to the Constitution of the United States, ratified in 1964, abolishing poll taxes, and the Voting Rights Act of 1965, prohibiting discriminatory voting practices; and

WHEREAS, the right of citizens to vote is a fundamental component of American democracy, a right that has historically been denied and suppressed, and a right that must be continually defended and protected; now, therefore, be it

RESOLVED by the House of Delegates, the Senate concurring, That the General Assembly hereby commemorate the 150th anniversary of the ratification of the Fifteenth Amendment to the Constitution of the United States; and, be it

Agreed to by the House of Delegates, February 7, 2020

Agreed to by the Senate, March 3, 2020

WHEREAS, House Joint Resolution 50 and Senate Joint Resolution 76 (2012) directed the Virginia Institute of Marine Science (VIMS) to study strategies for adaptation to prevent recurrent flooding in Tidewater and Eastern Shore Virginia localities; and

WHEREAS, the resulting VIMS report, titled "Recurrent Flooding Study for Tidewater Virginia," published as Senate Document 3 (2013), stated that recurrent flooding impacts all localities in Virginia's coastal zone and is predicted to become worse over reasonable planning horizons (20 to 50 years); and

WHEREAS, VIMS offered several recommendations, including that the Commonwealth, working with its coastal localities, (i) begin comprehensive and coordinated planning efforts; (ii) initiate identification, collection, and analysis of data needed to support effective planning for response efforts; and (iii) take a lead role in addressing recurrent flooding in Virginia for the following reasons: (a) accessing relevant federal resources for planning and mitigation may be enhanced through state mediation, (b) flooding problems are linked to water bodies and therefore often transcend locality boundaries, and (c) prioritizing flood management actions must be based in part on risk; and therefore, the Commonwealth must oversee the necessary studies to determine adaptation strategies as well as implementation of the agreed-upon strategies; and

WHEREAS, the Joint Legislative Audit and Review Commission (JLARC) study mandated by House Joint Resolution 132 (2012) and presented on October 15, 2013, titled "Review of Disaster Preparedness Planning in Virginia," stated, "The state generally has strong disaster response plans, but deficiencies in evacuation and shelter plans may compromise the safety of the Hampton Roads population during a catastrophic disaster"; and

WHEREAS, the JLARC study further noted that if four key assumptions in the state's current evacuation plan do not hold, "timely hurricane evacuations could be compromised," placing citizens at risk after the storm; and

WHEREAS, House Joint Resolution 16 and Senate Joint Resolution 3 (2014) established the Joint Subcommittee to Formulate Recommendations to Address Recurrent Flooding as recommended by the VIMS report; and

WHEREAS, the Joint Subcommittee to Address Recurrent Flooding met four times during the 2014 interim to collect information from federal agencies, state agencies, localities, and stakeholders and to carry out its work; and

WHEREAS, the Joint Subcommittee to Address Recurrent Flooding filed an executive summary with the General Assembly prior to the 2015 Session, which included five initial recommendations to increase public awareness, improve local and state government agency resiliency coordination, and address floodplain management; and

WHEREAS, recommendations made by the Joint Subcommittee to Address Recurrent Flooding during the 2014 interim resulted in six bills passing the General Assembly with bipartisan support during the 2015 Session; and

WHEREAS, the Joint Subcommittee to Address Recurrent Flooding met four times during the 2015 interim to collect information from federal agencies, state agencies, localities, and stakeholders and to carry out its work; and

WHEREAS, the members of the full Joint Subcommittee to Address Recurrent Flooding concurred that the joint subcommittee be continued for two more years with a name change to the Joint Subcommittee on Coastal Flooding to more accurately reflect its mission and to continue the Commonwealth on the path of advancing Virginia as the coastal states' leader in advancing resiliency strategies, and most importantly, protecting our citizens and our business assets; and

WHEREAS, pursuant to House Joint Resolution 84 and Senate Joint Resolution 58 (2016), the Joint Subcommittee on Coastal Flooding continued its work during the 2016 and 2017 interims and brought forth additional recommendations for the 2018 Session; and

WHEREAS, pursuant to House Joint Resolution 26 and Senate Joint Resolution 19 (2018), the Joint Subcommittee on Coastal Flooding continued its work during the 2018 and 2019 interims and will bring forth additional recommendations for the 2020 Session; and

WHEREAS, considerable racial disparities in pregnancy-related mortality exist, with deaths per live birth for black women nearly three times higher than such deaths for white women; the root cause of these disparities is longstanding structural racism, which has contributed to poorer health outcomes among communities of color; and

WHEREAS, the Commonwealth is committed to better understanding the root causes of pregnancy-related and pregnancy-associated deaths, identifying ways to improve maternal care and maternal health outcomes, reducing infant mortality, and improving the health of pregnant women; now, therefore, be it

WHEREAS, it is important to ensure that any market created for the regulated sale of marijuana assures that business opportunities are available to those people previously marginalized and geographic areas harmed by criminalization of marijuana possession and use; and

WHEREAS, it is important to ensure that any regulating entity or group established to study regulation, sale, and possession of marijuana include those who have been impacted by the criminalization of marijuana use and possession; now, therefore, be it

Agreed to by the Senate, February 25, 2020

WHEREAS, in 1990, the Congress of the United States enacted 23 U.S.C. § 159, which makes the apportionment of certain federal highway funding to a state contingent upon that state's enacting a law requiring that the driver's licenses of persons convicted of drug offenses be revoked or suspended for a period of at least six months, regardless of whether the offense was related to the operation of a motor vehicle; and

WHEREAS, the revocation or suspension of a person's driver's license may impose significant societal and economic hardships and constitutes excessive punishment when such revocation or suspension is unrelated to the underlying criminal offense; and

WHEREAS, 23 U.S.C. § 159 provides that if the Governor submits to the U.S. Secretary of Transportation a written certification of his opposition to the enactment or enforcement of state law that meets the requirements of 23 U.S.C. § 159 and a written certification that the General Assembly has adopted a resolution expressing its opposition to such a law, then no highway funds will be withheld; now, therefore, be it
