Such procedures shall prohibit requiring the selected contractors to compete for individual projects based on price.

T. Persons who are otherwise authorized to administer controlled substances in hospitals shall be authorized to administer influenza or pneumococcal vaccines pursuant to § 32.1-126.4.

U. Pursuant to a specific order for a patient and under his direct and immediate supervision, a prescriber may authorize the administration of controlled substances by personnel who have been properly trained to assist a doctor of medicine or osteopathic medicine, provided the method does not include intravenous, intrathecal, or epidural administration and the prescriber remains responsible for such administration.

If the person acting on behalf of an organization dispenses naloxone in an injectable formulation with a hypodermic needle or syringe, he shall first obtain authorization from the Department of Behavioral Health and Developmental Services to train individuals on the proper administration of naloxone by and proper disposal of a hypodermic needle or syringe, and he shall obtain a controlled substance registration from the Board of Pharmacy. The Board of Pharmacy shall not charge a fee for the issuance of such controlled substance registration. The dispensing may occur at a site other than that of the controlled substance registration provided the entity possessing the controlled substances registration maintains records in accordance with regulations of the Board of Pharmacy. No person who dispenses naloxone on behalf of an organization pursuant to this subsection shall charge a fee for the dispensing of naloxone that is greater than the cost to the organization of obtaining the naloxone dispensed. A person to whom naloxone has been dispensed pursuant to this subsection may possess naloxone and may administer naloxone to a person who is believed to be experiencing or about to experience a life-threatening opioid overdose.

Z. Pursuant to a written order or standing protocol issued by the prescriber within the course of his professional practice, such prescriber may authorize, with the consent of the parents as defined in § 22.1-1, an employee of (i) a school board, (ii) a school for students with disabilities as defined in § 22.1-319 licensed by the Board of Education, or (iii) a private school accredited pursuant to § 22.1-19 as administered by the Virginia Council for Private Education who is trained in the administration of injected medications for the treatment of adrenal crisis resulting from a condition causing adrenal insufficiency to administer such medication to a student diagnosed with a condition causing adrenal insufficiency when the student is believed to be experiencing or about to experience an adrenal crisis. Such materials shall be prepared and updated as necessary by the Department of Education and shall include information describing services that can be provided in the least restrictive environment possible and the purpose and use of temporary guardianship, limited guardianship, and guardianship, as those terms are defined in § 64.2-2000.

§ 64.2-2000. Definitions.

As used in this chapter, unless the context requires a different meaning:

§ 64.2-2007. Hearing on petition to appoint.

A. The respondent is entitled to a jury trial upon request, and may compel the attendance of witnesses, present evidence on his own behalf, and confront and cross-examine witnesses.

B. The court or the jury, if a jury is requested, shall hear the petition for the appointment of a guardian or conservator. The hearing may be held at such convenient place as the court directs, including the place where the respondent is located. proposed guardian or conservator shall attend the hearing except for good cause shown and, where appropriate, shall provide the court with a recommendation as to living arrangements and a treatment plan for the respondent. The respondent is entitled to be present at the hearing and all other stages of the proceedings. The respondent shall be present if he so requests or if his presence is requested by the guardian ad litem. Whether or not present, the respondent shall be regarded as having denied the allegations in the petition.

C. In determining the need for a guardian or a conservator and the powers and duties of any guardian or conservator, if needed, consideration shall be given to the following factors: (i) the limitations of the respondent; (ii) the development of the respondent's maximum self-reliance and independence; (iii) the availability of less restrictive alternatives, including advance directives and durable powers of attorney; (iv) the extent to which it is necessary to protect the respondent from neglect, exploitation, or abuse; (v) the actions needed to be taken by the guardian or conservator; (vi) the suitability of the proposed guardian or conservator; and (vii) the best interests of the respondent.

The court in its order shall make specific findings of fact and conclusions of law in support of each provision of any orders entered. *The order of appointment shall be made in a form that complies with the requirements set out in § 64.2-2009.*

B. The court may appoint a limited guardian for an incapacitated person who is capable of addressing some of the essential requirements for his care for the limited purpose of medical decision making, decisions about place of residency, or other specific decisions regarding his personal affairs. The court may appoint a limited conservator for an incapacitated person who is capable of managing some of his property and financial affairs for limited purposes that are specified in the order.

C. Unless the guardian has a professional relationship with the incapacitated person or is employed by or affiliated with a facility where the person resides, the court's order may authorize the guardian to consent to the admission of the person to a facility pursuant to § 37.2-805.1, upon finding by clear and convincing evidence that (i) the person has severe and persistent mental illness that significantly impairs the person's capacity to exercise judgment or self-control, as confirmed by the evaluation of a licensed psychiatrist; (ii) such condition is unlikely to improve in the foreseeable future; and (iii) the guardian has formulated a plan for providing ongoing treatment of the person's illness in the least restrictive setting suitable for the person's condition.

D. A guardian need not be appointed for a person who has appointed an agent under an advance directive executed in accordance with the provisions of Article 8 (§ 54.1-2981 et seq.) of Chapter 29 of Title 54.1, unless the court determines that the agent is not acting in accordance with the wishes of the principal or there is a need for decision making outside the purview of the advance directive.

A conservator need not be appointed for a person (i) who has appointed an agent under a durable power of attorney, unless the court determines pursuant to the Uniform Power of Attorney Act (§ 64.2-1600 et seq.) that the agent is not acting in the best interests of the principal or there is a need for decision making outside the purview of the durable power of attorney or (ii) whose only or major source of income is from the Social Security Administration or other government program and who has a representative payee.

E. *All orders appointing a guardian shall include the following statements in conspicuous bold print in at least 14-point type:*

However, such ordinance shall not require the regulation or licensing of any facility operated by a religious institution as exempted from licensure by § ~~63.2-1716~~ 22.1-289.031.

B. Such ordinance may be more restrictive or more extensive in scope than statutes or state regulations that may affect child-care services or child-care facilities, provided that such ordinance shall not impose additional requirements or restrictions on the construction or materials to be used in the erection, alteration, repair, or use of a residential dwelling.

§ 15.2-914. Regulation of child-care services and facilities in certain counties and cities.

Any (i) county that has adopted the urban county executive form of government, (ii) city adjacent to a county that has adopted the urban county executive form of government, or (iii) city which is completely surrounded by such county may by ordinance provide for the regulation and licensing of persons who provide child-care services for compensation and for the regulation and licensing of child-care facilities. The ordinance may contain such standards as the local governing body deems appropriate and shall include a requirement that notification be sent by registered or certified letter to the last known address of each adjacent property owner. If the zoning administrator receives no written objection from a person so notified within 30 days of the date of sending the letter and determines that the family day home otherwise complies with the provisions of the ordinance and all other applicable local ordinances, the zoning administrator shall issue the permit sought. If the zoning administrator receives a written objection from a person so notified within 30 days of the date of sending the letter and determines that the family day home otherwise complies with the provisions of the ordinance, the zoning administrator shall consider such objection and may (i) issue or deny the permit sought or (ii) if required by the ordinance, refer the permit to the local governing body for consideration. The ordinance shall provide a process whereby an applicant for a family day home that is denied a permit through the administrative process may request that its application be considered after a hearing following public notice as provided in § 15.2-2204. Upon such hearing, the local governing body may, in its discretion, approve the permit, subject to such conditions as agreed upon by the applicant and the locality, or deny the permit. A. The General Assembly finds that Virginia educational research supports the conclusion that poor children are more at risk of educational failure than children from more affluent homes and that reduced pupil/teacher ratios and class sizes result in improved academic performance among young children; to this end, the General Assembly establishes a long-term goal of reducing pupil/teacher ratios and class sizes for grades K through three in those schools in the Commonwealth with high or moderate concentrations of at-risk students.

With such funds as are provided in the appropriation act for this purpose, there is hereby established the statewide voluntary pupil/teacher ratio and class size reduction program for the purpose of reaching the long-term goal of statewide voluntary pupil/teacher ratio and class size reductions for grades K through three in schools with high or moderate concentrations of at-risk students, consistent with the provisions provided in the appropriation act.

In order to facilitate these primary grade ratio and class size reductions, the Department of Education shall calculate the state funding of these voluntary ratio and class size reductions based on the incremental cost of providing the lower class sizes according to the greater of the division average per-pupil cost of all divisions or the actual division per-pupil cost. Localities shall provide matching funds for these voluntary ratio and class size reductions based on the composite index of local ability to pay. School divisions shall notify the Department of Education of their intention to implement the reduced ratios and class sizes in one or more of their qualifying schools by August 1 of each year. By March 31 of each year, school divisions shall forward data substantiating that each participating school has a complying pupil/teacher ratio.

In developing each proposed biennium budget for public education, the Board of Education shall include funding for these ratios and class sizes. These ratios and class sizes shall be included in the annual budget for public education.

B. The General Assembly finds that educational technology is one of the most important components, along with highly skilled teachers, in ensuring the delivery of quality public school education throughout the Commonwealth. Therefore, the Board of Education shall strive to incorporate technological studies within the teaching of all disciplines.

Further, the General Assembly notes that educational technology can only be successful if teachers and administrators are provided adequate training and assistance. To this end, the following program is established.

With such funds as are appropriated for this purpose, the Board of Education shall award to the several school divisions grants for expanded access to educational technology. Funding for educational technology training for instructional personnel shall be provided as set forth in the appropriation act.

Funds for improving the quality and capacity of educational technology shall also be provided as set forth in the appropriation act, including, but not limited to, (i) funds for providing a technology resource assistant to serve every elementary school in this Commonwealth beginning on July 1, 1998, and (ii) funds to maintain the currency of career and technical education programs. Any local school board accepting funds to hire technology resource assistants or maintain currency of career and technical education programs shall commit to providing the required matching funds, based on the composite index of local ability to pay.

Each qualifying school board shall establish an individualized technology plan, which shall be approved by the Superintendent of Public Instruction, for integrating technology into the classroom and into schoolwide instructional programs, including career and technical education programs. The grants shall be prioritized as follows:

1. In the 1994 biennium, the first priority for these funds shall be to automate the library media centers and provide network capabilities in Virginia's elementary, middle and high schools, or combination thereof, in order to ensure access to the statewide library and other information networks. If any elementary, middle or high school has already met this priority, the 1994 biennium grant shall be used to provide other educational technologies identified in the relevant division's approved technology plan, such as multimedia and telecomputing packages, integrated learning systems, laptop computer loan programs, career and technical education laboratories or other electronic techniques designed to enhance public education and to facilitate teacher training in and implementation of effective instructional technology. The Board shall also distribute, as provided in the appropriation act, funds to support the purchase of electronic reference materials for use in the statewide automated reference system.

2. In the 1996 biennium and thereafter, the first priority for funding shall be consistent with those components of the Board of Education's revised six-year technology plan which focus on (i) retrofitting and upgrading existing school buildings to efficiently use educational technology; (ii) providing (a) one network-ready multimedia microcomputer for each classroom, (b) a five-to-one ratio of pupils to network-ready microcomputers, (c) graphing calculators and relevant scientific probes/sensors as required by the Standards of Learning, and (d) training and professional development on available technologies and software to all levels and positions, including professional development for personnel delivering career and technical education at all levels and positions; and (iii) assisting school divisions in developing integrated voice-, video-, and data-connectivity to local, national and international resources.

This funding may be used to implement a local school division's long-range technology plan, at the discretion of the relevant school board, if the local plan meets or exceeds the goals and standards of the Board's revised six-year technology plan and has been approved by the Superintendent of Public Instruction.

3. The Departments of Education, Information Technology, and General Services shall coordinate master contracts for the purchase by local school boards of the aforementioned educational technologies and reference materials.

4. Beginning on July 1, 1998, a technology replacement program shall be, with such funds as may be appropriated for this purpose, implemented to replace obsolete educational hardware and software. As provided in subsection D of § 22.1-129, school boards may donate obsolete educational technology hardware and software which are being replaced. Any such donations shall be offered to other school divisions and to preschool programs in the Commonwealth, or to public school students as provided in guidelines to be promulgated by the Board of Education. Such guidelines shall include criteria for determining student eligibility and need; a reporting system for the compilation of information concerning the number and socioeconomic characteristics of recipient students; and notification of parents of the availability of such donations of obsolete educational hardware and software.

5. In fiscal year 2000, the Board of Education shall, with such funds as are appropriated for this purpose, contract for the development or purchase of interactive educational software and other instructional materials designed as tutorials to improve achievement on the Standards of Learning assessments. Such interactive educational software and other instructional materials may be used in media centers, computer laboratories, libraries, after-school or before-school programs or remedial programs by teachers and other instructional personnel or provided to parents and students to be used in the home. This interactive educational software and other instructional materials shall only be used as supplemental tools for instruction, remediation, and acceleration of the learning required by the K through 12 Standards of Learning objectives.

Consistent with school board policies designed to improve school-community communications and guidelines for providing instructional assistance in the home, each school division shall strive to establish a voice mail communication system after regular school hours for parents, families, and teachers by the year 2000.

~~C. The General Assembly finds that effective prevention programs designed to assist children at risk of school failure and dropout are practical mechanisms for reducing violent and criminal activity and for ensuring that Virginia's children will reach adulthood with the skills necessary to succeed in the twenty-first century; to this end, the following program is hereby established. With such funds as are appropriated for this purpose, the General Assembly hereby establishes a grant program to be disbursed by the Department of Education to schools and community-based organizations to provide quality preschool programs for at-risk four-year-olds who are unserved by Head Start programs and for at-risk five-year-olds who are not eligible to attend kindergarten.~~

The grants shall be used to provide at least half-day services for the length of the school year for at-risk four-year-old children who are unserved by Head Start programs and for at-risk five-year-olds who are not eligible to attend kindergarten. The services shall include quality preschool education; health services; social services; parental involvement including activities to promote family literacy; and transportation.

The Department of Education, in cooperation with such other state agencies that may coordinate child day care and early childhood programs, shall establish guidelines for quality preschool education and criteria for the service components, consistent with the findings of the November 1993 study by the Board of Education, the Department of Education, and the Council on Child Day Care and Early Childhood Programs.

The guidelines for quality preschool education and criteria for preschool education services may be differentiated according to the agency providing the services in order to comply with various relevant federal or state requirements. However, the guidelines for quality preschool education and the criteria for preschool education services shall require when such services are being provided by the public schools of the Commonwealth, and may require for other service providers, that (i) one teacher shall be employed for any class of nine students or less; (ii) if the average daily membership in any class exceeds nine students but does not exceed 18, a full-time teacher's aide shall be assigned to the class; and (iii) the maximum class size shall be 18 students.

School divisions may apply for and be granted waivers from these guidelines by the Department of Education.

During the 1995-1996 fiscal year, the Board of Education shall, with such funds as are appropriated for this purpose, distribute grants, based on an allocation formula providing the state share of the grant per child, as specified in the appropriation act, for 30 percent of the unserved at-risk four-year-olds in the Commonwealth pursuant to the funding provided in the appropriation act.

During the 1996-1997 fiscal year and thereafter, grants shall be distributed, with such funds as are appropriated for this purpose, based on an allocation formula providing the state share of the grant per child, as specified in the appropriation act, for at least 60 percent of the unserved at-risk four-year-olds and five-year-olds who are not eligible to attend kindergarten in the Commonwealth, such 60 percent to be calculated by adding services for 30 percent more of the unserved at-risk children to the 30 percent of unserved at-risk children in each locality provided funding in the appropriation act.

Local school boards may elect to serve more than 60 percent of the at-risk four-year-olds and may use federal funds or local funds for this expansion or may seek funding through this grant program for such purposes. Grants may be awarded, if funds are available in excess of the funding for the 60 percent allocation, to expand services to at-risk four-year-olds beyond the 60 percent goal.

In order for a locality to qualify for these grants, the local governing body shall commit to providing the required matching funds, based on the composite index of local ability to pay. Localities may use, for the purposes of meeting the local match, local or other nonstate expenditures for existing qualifying programs and shall also continue to pursue and coordinate other funding sources, including child care subsidies. Funds received through this program shall be used to supplement, not supplant, any local funds currently provided for preschool programs within the locality.

~~D.~~ The General Assembly finds that local autonomy in making decisions on local educational needs and priorities results in effective grass-roots efforts to improve education in the Commonwealth's public schools only when coupled with sufficient state funding; to this end, the following block grant program is hereby established. With such funds as are provided in the appropriation act, the Department of Education shall distribute block grants to localities to enable compliance with the Commonwealth's requirements for school divisions in effect on January 1, 1995. Therefore, for the purpose of such compliance, the block grant herein established shall consist of a sum equal to the amount appropriated in the appropriation act for the covered programs, including the at-risk add-on program; dropout prevention, specifically Project YES; Project Discovery; English as a second language programs, including programs for overage, nonschooled students; Advancement Via Individual Determination (AVID); the Homework Assistance Program; programs initiated under the Virginia Guaranteed Assistance Program, except that such funds shall not be used to pay any expenses of participating students at institutions of higher education; Reading Recovery; and school/community health centers. Each school board may use any funds received through the block grant to implement the covered programs and other programs designed to save the Commonwealth's children from educational failure.

~~E. D.~~ In order to reduce pupil/teacher ratios and class sizes in elementary schools, from such funds as may be appropriated for this purpose, each school board may employ additional classroom teachers, remedial teachers, and reading specialists for each of its elementary schools over the requirements of the Standards of Quality. State and local funding for such additional classroom teachers, remedial teachers, and reading specialists shall be apportioned as provided in the appropriation act.

~~F. E.~~ Pursuant to a turnaround specialist program administered by the Department of Education, local school boards may enter into agreements with individuals to be employed as turnaround specialists to address those conditions at the school that may impede educational progress and effectiveness and academic success. Local school boards may offer such turnaround specialists or other administrative personnel incentives such as increased compensation, improved retirement benefits in accordance with Chapter 6.2 (§ 51.1-617 et seq.) of Title 51.1, increased deferred compensation in accordance with § 51.1-603, relocation expenses, bonuses, and other incentives as may be determined by the board.

~~G. F.~~ The General Assembly finds that certain schools have particular difficulty hiring teachers for certain subject areas and that the need for such teachers in these schools is particularly strong. Accordingly in an effort to attract and retain high quality teachers, local school boards may offer instructional personnel serving in such schools as a member of a middle

school teacher corps administered by the Department of Education incentives such as increased compensation, improved retirement benefits in accordance with Chapter 6.2 (§ 51.1-617 et seq.) of Title 51.1, increased deferred compensation in accordance with § 51.1-603, relocation expenses, bonuses, and other incentives as may be determined by the board.

For purposes of this subsection, "middle school teacher corps" means licensed instructional personnel who are assigned to a local school division to teach in a subject matter in grades six, seven, or eight where there is a critical need, as determined by the Department of Education. The contract between such persons and the relevant local school board shall specify that the contract is for service in the middle school teacher corps.

As used in this chapter, unless the context requires a different meaning:

"Child day center" means a child day program offered to (i) two or more children under the age of 13 in a facility that is not the residence of the provider or of any of the children in care or (ii) 13 or more children at any location.

"Child day program" means a regularly operating service arrangement for children where, during the absence of a parent or guardian, a person or organization has agreed to assume responsibility for the supervision, protection, and well-being of a child under the age of 13 for less than a 24-hour period.

"Early childhood care and education entity" means a child day center, family day home, or family day system serving children under the age of five.

"Family day home" means a child day program offered in the residence of the provider or the home of any of the children in care for one through 12 children under the age of 13, exclusive of the provider's own children and any children who reside in the home, when at least one child receives care for compensation. The provider of a licensed or registered family day home shall disclose to the parents or guardians of children in their care the percentage of time per week that persons other than the provider will care for the children. Family day homes serving five through 12 children, exclusive of the provider's own children and any children who reside in the home, shall be licensed. However, no family day home shall care for more than four children under the age of two, including the provider's own children and any children who reside in the home, unless the family day home is licensed or voluntarily registered. However, a family day home where the children in care are all related to the provider by blood or marriage shall not be required to be licensed.

"Family day system" means any person who approves family day homes as members of its system; who refers children to available family day homes in that system; and who, through contractual arrangement, may provide central administrative functions including, but not limited to, training of operators of member homes; technical assistance and consultation to operators of member homes; inspection, supervision, monitoring, and evaluation of member homes; and referral of children to available health and social services.

"Head Start provider" means a public or private, nonprofit or for-profit organization or agency, including any community-based organization, as such term is defined in 20 U.S.C. § 7801, to which a grantee has delegated all or part of the responsibility of the grantee for operating a Head Start program.

"Publicly funded provider" means any (i) educational program provided by a school division or local government to children between birth and age five or (ii) child day program that receives state or federal funds in support of its operations that serves three or more unrelated children. "Publicly funded provider" does not include any program for which the sole source of public funding is the federal Child and Adult Care Food Program (CACFP) administered by the U.S. Department of Agriculture Food and Nutrition Service.

"Registered family day home" means any family day home that has met the standards for voluntary registration for such homes pursuant to regulations adopted by the Board and that has obtained a certificate of registration from the Superintendent.

§ 22.1-289.03. Early childhood care and education system; establishment.

A. The Board shall establish a statewide unified public-private system for early childhood care and education in the Commonwealth to ensure that every child has the opportunity to enter kindergarten healthy and ready to learn. Such system shall be administered by the Board, the Superintendent, and the Department and shall be formed, implemented, and sustained through a structure that engages and leverages both state-level authority and regional-level public-private partnership assets.

B. It is the intent of the General Assembly that the system established pursuant to subsection A shall (i) provide families with coordinated access for referral to early childhood education programs, (ii) provide families with easy-to-understand information about the quality of publicly funded early childhood care and education programs, (iii) establish expectations for the continuous improvement of early childhood care and education programs, and (iv) establish shared expectations for early childhood care and education programs among the Department of Education, the Department of Social Services, local school divisions, and state and regional stakeholders.

C. The system established pursuant to subsection A shall consist of a combination of programs offered through (i) the Virginia Preschool Initiative, pursuant to § 22.1-289.09, or any other school-based early childhood care and education program; (ii) licensed programs, pursuant to Article 3 (§ 22.1-289.010 et seq.); and (iii) unlicensed programs, pursuant to Article 4 (§ 22.1-289.030 et seq.).

§ 22.1-289.04. Early childhood care and education advisory committee.

The Board shall establish an early childhood care and education advisory committee to advise the Board on programs, systems, and regulations established pursuant to this chapter. The advisory committee shall include the following members, who shall represent geographically diverse areas: (i) two representatives of publicly funded licensed providers, including at least one for-profit provider; (ii) one representative of an early childhood care and education entity that is not a publicly funded provider; (iii) two representatives of early childhood care and education entities that are license-exempt pursuant to Article 4 (§ 22.1-289.030 et seq.), including one representative of an early childhood care and education entity that is exempt from licensure pursuant to § 22.1-289.031; (iv) three representatives of Head Start providers, one of which shall be operated by a local school division, and two of which shall not be operated by a local school division; (v) two representatives from local school divisions or local school boards operating early childhood programs other than Head Start providers; (vi) two representatives of nonprofit advocacy organizations in the Commonwealth that focus on early childhood care and education; (vii) one representative of a family day home that is a publicly funded provider; (viii) two professionals or faculty members from an institution of higher education in the Commonwealth who have child development or early childhood education expertise; (ix) one representative from the Virginia chapter of the American Academy of Pediatrics; (x) one representative from an advocacy or service organization that focuses on serving children with disabilities; (xi) one representative from a business in the Commonwealth; (xii) one parent of a child currently enrolled in a preschool program offered by a publicly funded provider; (xiii) one representative of the Virginia Council on Private Education; (xiv) one representative from a statewide nonprofit association in the Commonwealth whose membership includes both before-school and afterschool nonprofit child care providers and nonprofit preschool providers; (xv) one representative from a nonprofit entity that provides child care resource and referral services related to the operation of early childhood care and education programs; and (xvi) such other members as the Board may deem appropriate. The Board shall establish bylaws for such advisory committee that include term length and limits for members.

§ 22.1-289.05. Quality rating and improvement system; establishment.

A. The Board shall establish a uniform quality rating and improvement system designed to provide parents and families with information about the quality and availability of publicly funded providers. Such system shall include:

1. Service provision and performance targets for children from birth to age five that align with standards for kindergarten readiness and early elementary grades;
2. Consistent quality standards;
3. Outcome-based measurements; and
4. Incentives to encourage participation and improvement.

B. All publicly funded providers shall be required to participate in the quality rating and improvement system established pursuant to subsection A. All other child day programs may participate in such system. Any participation in such system shall comply with all applicable federal laws and regulations, including the federal Head Start Act (42 U.S.C. § 9801 et seq.), as amended, and associated regulations.

C. The Board shall establish consequences for publicly funded providers that fail to participate in the quality rating and improvement system established pursuant to subsection A or persistently fail to meet minimal quality standards.

§ 22.1-289.06. Confidential records and information; penalty.

A. The records, information, and statistical registries of the Department and of all child day programs and family day systems concerning services to or on behalf of individuals shall be confidential information, provided that the Superintendent, the Board, and their agents or designees shall have access to such records, information, and statistical registries, and that such records, information, and statistical registries may be disclosed to any person having a legitimate interest in accordance with state and federal law and regulation.

It shall be unlawful for any officer, agent, or employee of any child day program or family day system; for the Superintendent, the State Board, or their agents, designees, or employees; for any person who has held any such position; and for any other person to whom any such record or information is disclosed to disclose, directly or indirectly, any such confidential record or information, except as herein provided or pursuant to § 63.2-105. Every violation of this section shall constitute a Class 1 misdemeanor.

B. If a request for a record or information concerning applicants for and recipients of services provided in this chapter is made to the Department by a person who does not have a legitimate interest, the Superintendent shall not provide the record or information unless permitted by state or federal law or regulation.

§ 22.1-289.07. Information related to shaken baby syndrome.

The Department shall make information about shaken baby syndrome, its effects, and resources for help and support for caretakers in a printable format, and information about how to acquire information about shaken baby syndrome and its effects in an audiovisual format, available to the public on its website. Such information shall be provided to every child day program and family day system required to be licensed by the Department at the time of initial licensure and upon request.

§ 22.1-289.08. Board to investigate child day programs at direction of Governor.

Whenever the Governor considers it proper or necessary to investigate the management of any child day program or family day system licensed by or required to be inspected by the Board under the provisions of this chapter; he may direct the Board, or any committee or agent thereof, to make the investigation. The Board, committee, or agent designated by the Governor shall have power to administer oaths and to summon officers, employees, or other persons to attend as witnesses and to enforce their attendance and to compel them to produce documents and give evidence.

Article 2.

Virginia Preschool Initiative.

§ 22.1-289.09. Programs designed to promote educational opportunities.

A. The General Assembly finds that effective prevention programs designed to assist children at risk of school failure and dropout are practical mechanisms for reducing violent and criminal activity and for ensuring that Virginia's children will reach adulthood with the skills necessary to succeed; to this end, the following program is hereby established. With such funds as are appropriated for this purpose, the General Assembly hereby establishes the Virginia Preschool Initiative as a grant program to be disbursed by the Department of Education to schools and community-based organizations to provide quality preschool programs for at-risk three-year-olds and four-year-olds who are unserved by Head Start programs and for at-risk five-year-olds who are not eligible to attend kindergarten.

B. Grants shall be used to provide at least half-day services for the length of the school year for at-risk three-year-old and four-year-old children who are unserved by Head Start programs and for at-risk five-year-olds who are not eligible to attend kindergarten. The services shall include quality preschool education; health services, including nutrition access programs; social services; parental involvement, including activities to promote family literacy; and transportation.

C. The guidelines for quality preschool education and criteria for preschool education services may be differentiated according to the agency providing the services in order to comply with various relevant federal or state requirements.

1. Any classroom that exceeds benchmarks set by the Board shall be staffed as follows: (i) at least one teacher shall be provided for any classroom with 10 students or fewer students; (ii) if the average daily membership in any classroom exceeds 10 students but does not exceed 20 students, at least one full-time teacher's aide shall be assigned to the classroom; and (iii) the maximum classroom size shall be 20 students.

2. Any classroom that does not exceed benchmarks set by the Board shall be staffed as follows: (i) at least one teacher shall be provided for any classroom with nine or fewer students; (ii) if the average daily membership in any classroom exceeds nine students but does not exceed 18 students, a full-time teacher's aide shall be assigned to such classroom; and (iii) the maximum classroom size shall be 18 students.

D. School divisions and other grantees may apply for and be granted waivers from these guidelines by the Department of Education. Grants shall be distributed, with such funds as are appropriated for this purpose, based on an allocation formula providing the state share of the grant per child, as specified in the appropriation act, for at least 60 percent of the unserved at-risk four-year-olds and five-year-olds who are not eligible to attend kindergarten in the Commonwealth, such 60 percent to be calculated by adding services for 30 percent more of the unserved at-risk children to the 30 percent of unserved at-risk children in each locality provided funding in the appropriation act.

E. Local school boards may elect to serve more than 60 percent of the at-risk four-year-olds and may use federal funds or local funds for this expansion or may seek funding through this grant program for such purposes. Grants may be awarded, if funds are available in excess of the funding for the 60 percent allocation, to expand services to at-risk four-year-olds beyond the 60 percent goal.

F. In order for a locality to qualify for these grants, the local governing body shall commit to providing the required matching funds, based on the composite index of local ability to pay. Localities may use, for the purposes of meeting the local match, local or other nonstate expenditures for existing qualifying programs and shall also continue to pursue and coordinate other funding sources, including child care subsidies. Funds received through this program shall be used to supplement, not supplant, any local funds currently provided for preschool programs within the locality.

Article 3.

Licensure.

§ 22.1-289.010. Application fees; regulations and schedules; use of fees; certain facilities, centers and agencies exempt.

The Board is authorized to adopt regulations and schedules for fees to be charged for processing applications for licenses to operate child day programs and family day systems. Such schedules shall specify minimum and maximum fees and, where appropriate, gradations based on the capacity of such facilities, centers, and agencies. Fees shall be used for the development and delivery of training for operators and staff of child day programs and family day systems. Fees shall be expended for this purpose within two fiscal years following the fiscal year in which they are collected. These fees shall not be applicable to facilities, centers, or agencies operated by federal entities.

The Board shall develop training programs for operators and staffs of licensed child day programs. Such programs shall include formal and informal training offered by institutions of higher education, state and national associations representing child care professionals, local and regional early childhood educational organizations, state agencies and other trainers designated by the Board, and licensed child care providers. Training provided to operators and staffs of licensed child day programs shall include training and information regarding shaken baby syndrome, its effects, and resources for help and support for caretakers. To the maximum extent possible, the Board shall ensure that all provider interests are represented and that no single approach to training shall be given preference.

§ 22.1-289.011. Licenses required; issuance, expiration, and renewal; maximum number of participants or children; posting of licenses.

A. As used in this section, "person" means any individual; corporation; partnership; association; limited liability company; local government; state agency, including any department, institution, authority, instrumentality, board, or other administrative agency of the Commonwealth; or other legal or commercial entity that operates or maintains a child day program or family day system.

B. Every person who constitutes, or who operates or maintains, a child day program or family day system shall obtain the appropriate license from the Superintendent, which may be renewed. The Superintendent, upon request, shall consult with, advise, and assist any person interested in securing and maintaining any such license. Each application for a license shall be made to the Superintendent, in such form as he may prescribe. It shall contain the name and address of the applicant and, if the applicant is an association, partnership, limited liability company, or corporation, the names and addresses of its officers and agents. The application shall also contain a description of the activities proposed to be engaged in and the facilities and services to be employed, together with other pertinent information as the Superintendent may require.

C. The licenses shall be issued on forms prescribed by the Superintendent. Any two or more licenses may be issued for concurrent operation of more than one child day program or family day system, but each license shall be issued upon a separate form. Each license for a family day home or family day system and renewals thereof may be issued for periods of up to three successive years, unless sooner revoked or surrendered. Licenses issued to child day centers under this chapter shall have a duration of two years from date of issuance.

D. The Superintendent may extend or shorten the duration of licensure periods for a child day program or family day system whenever, in his sole discretion, it is administratively necessary to redistribute the workload for greater efficiency in staff utilization.

E. Each license shall indicate the maximum number of persons who may be cared for in the child day program or family day system for which it is issued.

F. The license and any other documents required by the Superintendent shall be posted in a conspicuous place on the licensed premises.

G. Every person issued a license that has not been suspended or revoked shall renew such license prior to its expiration.

§ 22.1-289.012. Local government to report business licenses issued to child day centers and family day homes.

The commissioner of the revenue or other local business license official shall report to the Department on a semiannual basis the name, address, and contact information of any child day center or family day home to which a business license was issued.

§ 22.1-289.013. Investigation on receipt of application.

Upon receipt of the application, the Superintendent shall cause an investigation to be made of the activities, services, and facilities of the applicant and of his character and reputation or, if the applicant is an association, partnership, limited liability company, or corporation, the character and reputation of its officers and agents, and upon receipt of the initial application, an investigation of the applicant's financial responsibility. The financial records of an applicant shall not be subject to inspection if the applicant submits an operating budget and at least one credit reference. The character and reputation investigation upon application shall include background checks pursuant to § 22.1-289.036. Records that contain confidential proprietary information furnished to the Department pursuant to this section shall be exempt from disclosure pursuant to subdivision 4 of § 2.2-3705.5.

§ 22.1-289.014. Variances.

The Superintendent may grant a variance to a regulation when the Superintendent determines that (i) a licensee or applicant for licensure as a child day program or family day system has demonstrated that the implementation of a regulation would impose a substantial financial or programmatic hardship and (ii) the variance would not adversely affect the safety and well-being of children in care. The Superintendent shall review each allowable variance at least annually. At a minimum, this review shall address the impact of the allowable variance on persons in care, adherence by the licensee to any conditions attached, and the continuing need for the allowable variance.

§ 22.1-289.015. Voluntary registration of family day homes; inspections; investigation upon receipt of complaint; revocation or suspension of registration.

A. Any person who maintains a family day home serving fewer than five children, exclusive of the provider's own children and any children who reside in the home, may apply for voluntary registration. An applicant for voluntary registration shall file with the Superintendent, prior to beginning any such operation and thereafter biennially, an application which shall include, but not be limited to, the following:

1. The name, address, phone number, and social security number of the person maintaining the family day home;
2. The number and ages of the children to receive care;
3. A sworn statement or affirmation in which the applicant attests to the accuracy of the information submitted to the Superintendent; and
4. Documentation that the background check requirements for registered family day homes in Article 5 (§ 22.1-289.034 et seq.) have been met.

B. The Board shall adopt regulations for voluntarily registered family day homes that include, but are not limited to:

1. The criteria and process for the approval of the certificate of registration;
2. Requirements for a self-administered health and safety guidelines evaluation checklist;
3. A schedule for fees to be paid by the providers to the contract organization or to the Department if it implements the provisions of this section for processing applications for the voluntary registration of family day homes. The charges collected shall be maintained for the purpose of recovering administrative costs incurred in processing applications and certifying such homes as eligible or registered;

4. The criteria and process for the renewal of the certificate of registration; and

5. The requirement that upon receipt of a complaint concerning a registered family day home, the Superintendent shall cause an investigation to be made, including on-site visits as he deems necessary, of the activities, services, and facilities. The person who maintains such home shall afford the Superintendent reasonable opportunity to inspect the operator's facilities and records and to interview any employees and any child or other person within his custody or control. Whenever a registered family day home is determined by the Superintendent to be in noncompliance with the regulations for voluntarily registered family day homes, the Superintendent shall give reasonable notice to the operator of the nature of the noncompliance and may thereafter revoke or suspend the registration.

C. Upon receiving the application on forms prescribed by the Superintendent, and after having determined that the home has satisfied the requirements of the regulations for voluntarily registered family day homes, the Superintendent shall issue a certificate of registration to the family day home.

D. The Superintendent shall contract in accordance with the requirements of the Virginia Public Procurement Act (§ 2.2-4300 *et seq.*) with qualified local agencies and community organizations to review applications and certify family day homes as eligible for registration, pursuant to the regulations for voluntarily registered family day homes. If no qualified local agencies or community organizations are available, the Superintendent shall implement the provisions of this section. For the purposes of this subsection, "qualified" means demonstrated ability to provide sound financial management and administrative services including application processing, maintenance of records and reports, technical assistance, consultation, training, monitoring, and random inspections.

E. The scope of services in contracts shall include:

1. The identification of family day homes which may meet the standards for voluntary registration provided in subsection A; and

2. A requirement that the contract organization shall provide administrative services, including, but not limited to, processing applications for the voluntary registration of family day homes; certifying such homes as eligible for registration; providing technical assistance, training and consultation with family day homes; ensuring providers' compliance with the regulations for voluntarily registered family day homes, including monitoring and random inspections; and maintaining permanent records regarding all family day homes which it may certify as eligible for registration.

F. The contract organization, upon determining that a family day home has satisfied the requirements of the regulations for voluntarily registered family day homes, shall certify the home as eligible for registration on forms prescribed by the Superintendent. The Superintendent, upon determining that certification has been properly issued, may register the family day home.

G. The provisions of this section shall not apply to any family day home located in a county, city, or town in which the governing body provides by ordinance for the regulation and licensing of persons who provide child-care services for compensation and for the regulation and licensing of child-care facilities pursuant to the provisions of § 15.2-914.

§ 22.1-289.016. Unlicensed and unregistered family day homes; notice to parents.

Every unlicensed, unregistered family day home shall provide written notice to the parents of every child receiving care, at the time the family day home begins providing care for the child, stating that the family day home is not regulated by the Department and referring parents to a website maintained by the Department for additional information regarding licensed, registered, and unlicensed, unregistered family day homes. The provisions of this section shall not apply to an unlicensed, unregistered family day home in which all of the children receiving care are related to the provider by blood or marriage.

§ 22.1-289.017. Compliance with Uniform Statewide Building Code.

Buildings licensed as child day programs or family day systems shall be classified by and meet the specifications for the proper Use Group as required by the Virginia Uniform Statewide Building Code.

§ 22.1-289.018. Inspections and interviews.

A. Applicants for licensure and licensees shall at all times afford the Superintendent reasonable opportunity to inspect all of their facilities, books and records, and to interview their agents and employees and any person living or participating in such facilities, or under their custody, control, direction, or supervision. Interviews conducted pursuant to this section with persons living or participating in a facility operated by or under the custody, control, direction, or supervision of an applicant for licensure or a licensee shall be (i) authorized by the person to be interviewed or his legally authorized representative and (ii) limited to discussion of issues related to the applicant's or licensee's compliance with applicable laws and regulations, including ascertaining if assessments and reassessments of residents' cognitive and physical needs are performed as required under regulations of the Board.

B. All licensed child day programs and family day systems shall be inspected not less than twice annually, and one of those inspections shall be unannounced.

C. The activities, services, and facilities of each applicant for renewal of his license as a child day program or family day system shall be subject to an inspection or examination by the Superintendent to determine if he is in compliance with current regulations of the Board.

D. The Superintendent may authorize such other announced or unannounced inspections as the Superintendent considers appropriate.

§ 22.1-289.019. Inspections of child day programs and family day systems; prioritization.

The Superintendent shall prioritize inspections of child day programs and family day systems in the following order: (i) inspections conducted in response to a complaint involving a licensed, registered, license-exempt, or unlicensed child day program or family day system; (ii) inspections of licensed or registered child day programs and family day systems that are not conducted in response to a complaint; (iii) inspections of license-exempt or unlicensed child day programs and family day systems that have entered into a contract with the Department or its agents or designees or a local department of social services to provide child care services funded by the Child Care and Development Block Grant, other than inspections conducted in response to a complaint; and (iv) inspections of license-exempt and unlicensed child day programs and family day systems that are not conducted in response to a complaint.

§ 22.1-289.020. Issuance or refusal of license; notification; provisional and conditional licenses.

Upon completion of his investigation, the Superintendent shall issue an appropriate license to the applicant if (i) the applicant has made adequate provision for such activities, services, and facilities as are reasonably conducive to the welfare of the children over whom he may have control; (ii) at the time of initial application, the applicant has submitted an operating budget and at least one credit reference; (iii) he is, or the officers and agents of the applicant if it is an association, partnership, limited liability company, or corporation are, of good character and reputation; and (iv) the applicant and agents comply with the provisions of this chapter. Otherwise, the license shall be denied. Immediately upon taking final action, the Superintendent shall notify the applicant of such action.

Upon completion of the investigation for the renewal of a license, the Superintendent may issue a provisional license to any applicant if the applicant is temporarily unable to comply with all of the licensure requirements. The provisional license may be renewed, but the issuance of a provisional license and any renewals thereof shall be for no longer a period than six successive months. A copy of the provisional license shall be prominently displayed by the provider at each public entrance of the subject facility and shall be printed in a clear and legible size and style. In addition, the facility shall be required to prominently display next to the posted provisional license a notice that a description of specific violations of licensing standards to be corrected and the deadline for completion of such corrections is available for inspection at the facility and on the facility's website, if applicable.

At the discretion of the Superintendent, a conditional license may be issued to an applicant to operate a new facility in order to permit the applicant to demonstrate compliance with licensure requirements. Such conditional license may be renewed, but the issuance of a conditional license and any renewals thereof shall be for no longer a period than six successive months.

§ 22.1-289.021. Records and reports.

Every licensed or registered child day program and family day system shall keep such records and make such reports to the Superintendent as he may require. The forms to be used in the making of such reports shall be prescribed and furnished by the Superintendent.

§ 22.1-289.022. Enforcement and sanctions; child day programs and family day systems; revocation and denial.

A. The Superintendent may revoke or deny the renewal of the license of any child day program or family day system that violates any provision of this chapter or fails to comply with the limitations and standards set forth in its license.

B. Pursuant to the procedures set forth in subsection C, and in addition to the authority for other disciplinary actions provided in this title, the Superintendent may issue a notice of summary suspension of the license of any child day program or family day system, in conjunction with any proceeding for revocation, denial, or other action, when conditions or practices exist in the child day program or family day system that pose an immediate and substantial threat to the health, safety, and welfare of the children receiving care, and the Superintendent believes the operation of the child day program or family day system should be suspended during the pendency of such proceeding.

C. A notice of summary suspension issued by the Superintendent to a child day program or family day system shall set forth (i) the summary suspension procedures; (ii) hearing and appeal rights as provided in this subsection; (iii) facts and evidence that formed the basis for the summary suspension; and (iv) the time, date, and location of a hearing to determine whether the summary suspension is appropriate. Such notice shall be served on the child day program or family day system or its designee as soon as practicable thereafter by personal service or certified mail, return receipt requested, to the address of record of the child day program or family day system.

The summary suspension hearing shall be presided over by a hearing officer selected by the Superintendent from a list prepared by the Executive Secretary of the Supreme Court of Virginia and shall be held as soon as practicable, but in no event later than 15 business days following service of the notice of summary suspension; however, the hearing officer may grant a written request for a continuance, not to exceed an additional 10 business days, for good cause shown. Within 10 business days after such hearing, the hearing officer shall provide to the Superintendent written findings and conclusions, together with a recommendation as to whether the license should be summarily suspended.

Within 10 business days of the receipt of the hearing officer's findings, conclusions, and recommendation, the Superintendent may issue a final order of summary suspension or an order that such summary suspension is not warranted

by the facts and circumstances presented. The Superintendent shall adopt the hearing officer's recommended decision unless to do so would be an error of law or Department policy. In the event that the Superintendent rejects the hearing officer's findings, conclusions, or recommendation, the Superintendent shall state with particularity the basis for rejection. In issuing a final order of summary suspension, the Superintendent may choose to suspend the license of the child day program or family day system or to suspend only certain authority of the child day program or family day system to operate, including the authority to provide certain services or perform certain functions that the Superintendent determines should be restricted or modified in order to protect the health, safety, or welfare of the children receiving care. A final order of summary suspension shall include notice that the licensee may appeal the Superintendent's decision to the appropriate circuit court no later than 10 days following service of the order. The sole issue before the court shall be whether the Superintendent had reasonable grounds to require the licensee to cease operations during the pendency of the concurrent revocation, denial, or other proceeding. The concurrent revocation, denial, or other proceeding shall not be affected by the outcome of any hearing on the appropriateness of the summary suspension.

A copy of any final order of summary suspension shall be prominently displayed by the child day program or family day system at each public entrance of the facility, or in lieu thereof, the child day program or family day system may display a written statement summarizing the terms of the order in a prominent location, printed in a clear and legible size and typeface, and identifying the location within the facility where the final order of summary suspension may be reviewed.

The willful and material failure to comply with the final order of summary suspension constitutes a violation of subdivision 3 of § 22.1-298.027.

The provisions of this subsection shall not apply to any child day program or family day system operated by an agency of the Commonwealth, which shall instead be governed by the provisions of subsection D.

D. Whenever the Superintendent issues a summary order of suspension of the license to operate a child day program or family day system operated by an agency of the Commonwealth:

1. Before such summary order of suspension shall take effect, the Superintendent shall issue to the child day program or family day system a notice of summary order of suspension setting forth (i) the procedures for a hearing and right of review as provided in this section and (ii) facts and evidence that formed the basis on which the summary order of suspension is sought. Such notice shall be served on the licensee or its designee as soon as practicable thereafter by personal service or certified mail, return receipt requested, to the address of record of the licensee. The notice shall state the time, date, and location of a hearing to determine whether the suspension is appropriate. Such hearing shall be held no later than three business days after the issuance of the notice of the summary order of suspension and shall be convened by the Superintendent or his designee. After such hearing, the Superintendent may issue a final order of summary suspension or may find that such summary suspension is not warranted by the facts and circumstances presented.

2. A final order of summary suspension shall include notice that the licensee may request, in writing and within three business days after receiving the Superintendent's decision, that the Superintendent refer the matter to the Secretary of Education for resolution within three business days of the referral. Any determination by the Secretary shall be final and not subject to judicial review. If the final order of summary suspension is upheld, it shall take effect immediately, and a copy of the final order of summary suspension shall be prominently displayed by the licensee at each public entrance of the facility. Any concurrent revocation, denial, or other proceedings shall not be affected by the outcome of any determination by the Secretary.

§ 22.1-289.023. Enforcement and sanctions; special orders; civil penalties.

A. Notwithstanding any other provision of law, following a proceeding as provided in § 2.2-4019, the Superintendent may issue a special order (i) for violation of any of the provisions of this chapter, § 54.1-3408, or any regulation adopted under any provision of this chapter which violation adversely affects, or is an imminent and substantial threat to, the health, safety, or welfare of the person cared for therein, or (ii) for permitting, aiding, or abetting the commission of any illegal act in a child day program or family day system. Notice of the Superintendent's intent to take any of the actions enumerated in subdivisions B 1 through 6 shall be provided by the Department, and a copy of such notice shall be posted in a prominent place at each public entrance of the licensed premises to advise consumers of serious or persistent violations. The issuance of a special order shall be considered a case decision as defined in § 2.2-4001. Actions set forth in subsection B may be appealed by (a) a child day program or family day system operated by an agency of the Commonwealth in accordance with § 22.1-289.025 or (b) any other child day program or family day system in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). The Superintendent shall not delegate his authority to impose civil penalties in conjunction with the issuance of special orders.

B. The Superintendent may take the following actions regarding child day programs and family day systems through the issuance of a special order and may require a copy of the special order provided by the Department to be posted in a prominent place at each public entrance of the licensed premises to advise consumers of serious or persistent violations:

1. Place a licensee on probation upon finding that the licensee is substantially out of compliance with the terms of its license and that the health and safety of children are at risk;

2. Reduce licensed capacity or prohibit new admissions when the Superintendent concludes that the licensee cannot make necessary corrections to achieve compliance with regulations except by a temporary restriction of its scope of service;

3. Mandate training for the licensee or licensee's employees, with any costs to be borne by the licensee, when the Superintendent concludes that the lack of such training has led directly to violations of regulations;

4. Assess civil penalties of not more than \$500 per inspection upon finding that the child day program or family day system is substantially out of compliance with the terms of its license and the health and safety of children are at risk; however, no civil penalty shall be imposed pursuant to this subdivision on any child day program or family day system operated by an agency of the Commonwealth;

5. Require licensees to contact parents, guardians, or other responsible persons in writing regarding health and safety violations; and

6. Prevent licensees who are substantially out of compliance with the licensure terms or in violation of the regulations from receiving public funds.

C. The Board shall adopt regulations to implement the provisions of this section.

§ 22.1-289.024. Appeal from refusal, denial of renewal, or revocation of license.

A. Whenever the Superintendent refuses to issue a license or to renew a license or revokes a license for a child day program or family day system operated by an agency of the Commonwealth, the provisions of § 22.1-289.025 shall apply. Whenever the Superintendent refuses to issue a license or to renew a license or revokes a license for any child day program or family day system other than a child day program or family day system operated by an agency of the Commonwealth, the provisions of the Administrative Process Act (§ 2.2-4000 et seq.) shall apply, except that all appeals from notice of the Superintendent's intent to refuse to issue or renew, or revoke a license shall be received in writing from the child day program or family day system operator within 15 days of the date of receipt of the notice. Judicial review of a final review agency decision shall be in accordance with the provisions of the Administrative Process Act. No stay may be granted upon appeal to the Virginia Supreme Court.

B. In every appeal to a court of record, the Superintendent shall be named defendant.

C. An appeal, taken as provided in this section, shall operate to stay any criminal prosecution for operation without a license.

D. When issuance or renewal of a license for a child day program or family day system has been refused by the Superintendent, the applicant shall not thereafter for a period of six months apply again for such license unless the Superintendent in his sole discretion believes that there has been such a change in the conditions on account of which he refused the prior application as to justify considering the new application. When an appeal is taken by the applicant pursuant to subsection A, the six-month period shall be extended until a final decision has been rendered on appeal.

§ 22.1-289.025. Right to appeal notice of intent; child day programs and family day systems operated by agencies of the Commonwealth.

Any child day program or family day system operated by an agency of the Commonwealth shall have the right to appeal any notice of intent as follows:

1. Within 30 days after receiving a notice of intent to impose a sanction, the licensee shall request in writing that the Superintendent review the intended agency action and may submit, together with such request, relevant information, documentation, or other pertinent data supporting its appeal. The Superintendent shall issue a decision within 60 days after receiving the request and shall have the authority to uphold the sanction or take whatever action he deems appropriate to resolve the controversy.

2. If the child day program or family day system disputes the Superintendent's decision, the licensee shall request, within 30 days of receiving the Superintendent's decision, that the Superintendent refer the matter to the Secretary of Education. The Secretary shall issue a decision within 60 days of receiving the request for review. The Secretary's decision shall be final and shall not be subject to review.

§ 22.1-289.026. Injunction against operation without license.

Any circuit court having jurisdiction in the county or city where the principal office of any child day program or family day system is located shall, at the suit of the Superintendent, have jurisdiction to enjoin its operation without a license required by this chapter.

§ 22.1-289.027. Offenses; penalty.

Any person, and each officer and each member of the governing board of any association or corporation that operates a child day program or family day system, shall be guilty of a Class 1 misdemeanor if he:

1. Interferes with any representative of the Superintendent in the discharge of his duties under this chapter;

2. Makes to the Superintendent or any representative of the Superintendent any report or statement, with respect to the operation of any child day program or family day system, that is known by such person to be false or untrue;

3. Operates or engages in the conduct of a child day program or family day system without first obtaining a license as required by this chapter or after such license has been revoked or suspended or has expired and not been renewed. No violation shall occur if the agency has applied to the Department for renewal prior to the expiration date of the license. Every day's violation of this subdivision shall constitute a separate offense; or

4. Operates or engages in the conduct of a child day program or family day system serving more persons than the maximum stipulated in the license.

§ 22.1-289.028. Misleading advertising prohibited.

No child day program or family day system shall make, publish, disseminate, circulate, or place before the public or cause, directly or indirectly, to be made, published, disseminated, circulated or placed before the public in this Commonwealth, in a newspaper or other publication; in the form of a book, notice, handbill, poster, blueprint, map, bill, tag, label, circular, pamphlet, or letter; or via electronic mail, website, automatic mailing list services (listservs),

newsgroups, facsimile, chat rooms; or in any other way an advertisement of any sort regarding services or anything so offered to the public, which advertisement contains any promise, assertion, representation or statement of fact that is untrue, deceptive, or misleading.

§ 22.1-289.029. Duty of attorneys for the Commonwealth.

It shall be the duty of the attorney for the Commonwealth of every county and city to prosecute all violations of this chapter.

A program of instructional experience in a single focus, such as, but not limited to, computer science, archaeology, sport clinics, or music, if children under the age of six do not attend at all and if no child is allowed to attend for more than 25 days in any three-month period commencing with enrollment. This exemption does not apply if children merely change their enrollment to a different focus area at a site offering a variety of activities and such children's attendance exceeds 25 days in a three-month period.

2. Programs of instructional or recreational activities wherein no child under age six attends for more than six hours weekly with no class or activity period to exceed one and one-half hours, and no child six years of age or above attends for more than six hours weekly when school is in session or 12 hours weekly when school is not in session. Competition, performances, and exhibitions related to the instructional or recreational activity shall be excluded when determining the hours of program operation.

3. Instructional programs offered by private schools that serve school-age children and that satisfy compulsory attendance laws or provide services under the Individuals with Disabilities Education Act, as amended, and programs of school-sponsored extracurricular activities that are focused on single interests such as, but not limited to, music, sports, drama, civic service, or foreign language.

4. Instructional programs offered by public schools that serve preschool-age children, satisfy compulsory attendance laws, or provide services under the Individuals with Disabilities Education Act, as amended, and programs of school-sponsored extracurricular activities that are focused on single interests such as, but not limited to, music, sports, drama, civic service, or foreign language.

6. Practice or competition in organized competitive sports leagues.

7. Programs of religious instruction, such as Sunday schools, vacation Bible schools, Bar Mitzvah or Bat Mitzvah classes, and nurseries offered by religious institutions and provided for the duration of specified religious services or related activities to allow parents or guardians or their designees who are on site to attend such religious services and activities.

1. A child day center that has obtained an exemption pursuant to § 22.1-289.031.

2. A program where, by written policy given to and signed by a parent or guardian, school-age children are free to enter and leave the premises without permission. A program that would qualify for this exemption except that it assumes responsibility for the supervision, protection, and well-being of several children with disabilities who are mainstreamed shall not be subject to licensure.

3. A program that operates no more than a total of 20 program days in the course of a calendar year, provided that programs serving children under age six operate no more than two consecutive weeks without a break of at least a week.

4. Child-minding services that are not available for more than three hours per day for any individual child offered on site in commercial or recreational establishments if the parent or guardian (i) can be contacted and can resume responsibility for the child's supervision within 30 minutes and (ii) is receiving or providing services or participating in activities offered by the establishment.

7. A program offered by a local school division, operated for no more than four hours per day, staffed by local school division employees, and attended by children who are at least three years of age and are enrolled in public school or a preschool program within such school division. Such programs shall be subject to safety and supervisory standards established by the local school division offering the program.

8. Child-minding services offered by a business on the premises of the business to no more than four children under the age of 13 at any given time and for no more than eight hours per day, provided that the parent or guardian of every child

receiving care is an employee of the business who is on the premises of the business and can resume responsibility for the child's supervision within 30 minutes upon request.

C. Child day programs that are exempt from licensure pursuant to subsection B, except for child day programs that are exempt from licensure pursuant to subdivision B 1 or 5, shall:

1. File with the Superintendent annually and prior to beginning operation of a child day program a statement indicating the intent to operate a child day program, identifying the specific provision of this section relied upon for exemption from licensure, and certifying that the child day program has disclosed in writing to the parents or guardians of the children in the program the fact that it is exempt from licensure;

2. Report to the Superintendent all incidents involving serious physical injury to or death of children attending the child day program. Reports of serious physical injuries, which shall include any physical injuries that require an emergency referral to an offsite health care professional or treatment in a hospital, shall be submitted annually. Reports of deaths shall be submitted no later than one business day after the death occurred; and

3. Post in a visible location on the premises notice that the child day program is operating as a program exempt from licensure with basic health and safety requirements but has no direct oversight by the Department.

E. The Superintendent shall inspect child day programs that are exempt from licensure pursuant to subsection B to determine compliance with the provisions of this section only upon receipt of a complaint, except as otherwise provided by law.

F. Family day homes that are members of a licensed family day system shall not be required to obtain a license from the Superintendent.

§ 22.1-289.031. Child day center operated by religious institution exempt from licensure; annual statement and documentary evidence required; enforcement; injunctive relief.

A. Notwithstanding any other provisions of this chapter, a child day center, including a child day center operated or conducted under the auspices of a religious institution, shall be exempt from the licensure requirements of this chapter, but shall comply with the provisions of this section unless it chooses to be licensed. If such religious institution chooses not to be licensed, it shall file with the Superintendent, prior to beginning operation of a child day center and thereafter annually, a statement of intent to operate a child day center, certification that the child day center has disclosed in writing to the parents or guardians of the children in the center the fact that it is exempt from licensure and has posted the fact that it is exempt from licensure in a visible location on the premises, the qualifications of the personnel employed therein, and documentary evidence that:

1. Such religious institution has tax exempt status as a nonprofit religious institution in accordance with § 501(c) of the Internal Revenue Code of 1954, as amended, or that the real property owned and exclusively occupied by the religious institution is exempt from local taxation.

2. Within the prior 90 days for the initial exemption and within the prior 180 days for exemptions thereafter, the local health department and local fire marshal or Office of the State Fire Marshal, whichever is appropriate, have inspected the physical facilities of the child day center and have determined that the center is in compliance with applicable laws and regulations with regard to food service activities, health and sanitation, water supply, building codes, and the Statewide Fire Prevention Code or the Uniform Statewide Building Code.

3. The child day center employs supervisory personnel according to the following ratio of staff to children:

a. One staff member to four children from ages zero to 16 months.

b. One staff member to five children from ages 16 months to 24 months.

c. One staff member to eight children from ages 24 months to 36 months.

d. One staff member to 10 children from ages 36 months to five years.

e. One staff member to 20 children from ages five years to nine years.

f. One staff member to 25 children from ages nine years to 12 years.

Staff shall be counted in the required staff-to-children ratios only when they are directly supervising children. In each grouping of children, at least one adult staff member shall be regularly present. However, during designated daily rest periods and designated sleep periods of evening and overnight care programs, for children ages 16 months to six years, only one staff member shall be required to be present with the children under supervision. In such cases, at least one staff member shall be physically present in the same space as the children under supervision at all times. Other staff members counted for purposes of the staff-to-child ratio need not be physically present in the same space as the resting or sleeping children, but shall be present on the same floor as the resting or sleeping children and shall have no barrier to their immediate access to the resting or sleeping children. The staff member who is physically present in the same space as the

sleeping children shall be able to summon additional staff counted in the staff-to-child ratio without leaving the space in which the resting or sleeping children are located.

Staff members shall be at least 16 years of age. Staff members under 18 years of age shall be under the supervision of an adult staff member. Adult staff members shall supervise no more than two staff members under 18 years of age at any given time.

4. Each person in a supervisory position has been certified by a practicing physician or physician assistant to be free from any disability which would prevent him from caring for children under his supervision.

5. The center is in compliance with the requirements of:

a. This section.

b. Section 22.1-289.039 relating to background checks.

c. Section 63.2-1509 relating to the reporting of suspected cases of child abuse and neglect.

d. Chapter 3 (§ 46.2-300 et seq.) of Title 46.2 regarding a valid Virginia driver's license or commercial driver's license; Article 21 (§ 46.2-1157 et seq.) of Chapter 10 of Title 46.2, regarding vehicle inspections; ensuring that any vehicle used to transport children is an insured motor vehicle as defined in § 46.2-705; and Article 13 (§ 46.2-1095 et seq.) of Chapter 10 of Title 46.2, regarding child restraint devices.

6. The following aspects of the child day center's operations are described in a written statement provided to the parents or guardians of the children in the center and made available to the general public: physical facilities, enrollment capacity, food services, health requirements for the staff, and public liability insurance.

7. The individual seeking to operate the child day center is not currently ineligible to operate another child day program due to a suspension or revocation of his license or license exemption for reasons involving child safety or any criminal conviction, including fraud, related to such child day program.

8. A person trained and certified in first aid and cardiopulmonary resuscitation (CPR) will be present at the child day center whenever children are present or at any other location in which children attending the child day center are present.

9. The child day center is in compliance with all safe sleep guidelines recommended by the American Academy of Pediatrics.

B. The center shall establish and implement procedures for:

1. Hand washing by staff and children before eating and after toileting and diapering.

2. Appropriate supervision of all children in care, including daily intake and dismissal procedures to ensure safety of children.

3. A daily simple health screening and exclusion of sick children by a person trained to perform such screenings.

4. Ensuring that all children in the center are in compliance with the provisions of § 32.1-46 regarding the immunization of children against certain diseases.

5. Ensuring that all areas of the premises accessible to children are free of obvious injury hazards, including providing and maintaining sand or other cushioning material under playground equipment.

6. Ensuring that all staff are able to recognize the signs of child abuse and neglect.

7. Ensuring that all incidents involving serious physical injury to or death of children attending the child day center are reported to the Superintendent. Reports of serious physical injuries, which shall include any physical injuries that require an emergency referral to an offsite health care professional or treatment in a hospital, shall be submitted annually. Reports of deaths shall be submitted no later than one business day after the death occurred.

C. The Superintendent may perform on-site inspections of religious institutions to confirm compliance with the provisions of this section and to investigate complaints that the religious institution is not in compliance with the provisions of this section. The Superintendent may revoke the exemption for any child day center in serious or persistent violation of the requirements of this section. If a religious institution operates a child day center and does not file the statement and documentary evidence required by this section, the Superintendent shall give reasonable notice to such religious institution of the nature of its noncompliance and may thereafter take such action as he determines appropriate, including a suit to enjoin the operation of the child day center.

D. Any person who has reason to believe that a child day center falling within the provisions of this section is not in compliance with the requirements of this section may report the same to the Department, the local health department, or the local fire marshal, each of which may inspect the child day center for noncompliance, give reasonable notice to the religious institution, and thereafter may take appropriate action as provided by law, including a suit to enjoin the operation of the child day center.

E. Nothing in this section shall prohibit a child day center operated by or conducted under the auspices of a religious institution from obtaining a license pursuant to this chapter.

§ 22.1-289.032. Certification of preschool or nursery school programs operated by accredited private schools; provisional certification; annual statement and documentary evidence required; enforcement; injunctive relief.

A. A preschool or nursery school program operated by a private school accredited by an accrediting organization recognized by the Board pursuant to § 22.1-19 shall be exempt from licensure under this chapter if it complies with the provisions of this section and meets the requirements of subsection B.

B. A school described in subsection A shall meet the following conditions in order to be exempt under this subsection:

1. The school offers kindergarten or elementary school instructional programs that satisfy compulsory school attendance laws, and children below the age of compulsory school attendance also participate in such instructional programs;

2. The number of pupils in the preschool program does not exceed 12 pupils for each instructional adult, or if operated as a Montessori program with mixed age groups of three-year-old to six-year-old children, the number of pupils in the preschool program does not exceed 15 pupils for each instructional adult;

3. The school (i) maintains an average enrollment ratio during the current school year of five children age five or above to one four-year-old child, and no child in attendance is under age four, or (ii) does not allow children below the age of eligibility for kindergarten attendance to attend the preschool program for more than five hours per day, of which no more than four hours of instructional classes may be provided per day, and no child in attendance is under age three;

4. The preschool offers instructional classes and does not hold itself out as a child care center or child day program;

5. Children enrolled in the preschool do not attend more than five days per week; and

6. The school maintains a certificate or permit issued pursuant to a local government ordinance that addresses health, safety, and welfare of the children.

C. The school shall file with the Superintendent, prior to the beginning of the school year or calendar year, as the case may be, and thereafter, annually, a statement which includes the following:

1. Intent to operate a certified preschool program;

2. Documentary evidence that the school has been accredited as provided in subsection A;

3. Documentation that the school has disclosed in writing to the parents, guardians, or persons having charge of a child enrolled in the school's preschool program and has posted in a visible location on the premises the fact of the program's exemption from licensure;

4. Documentary evidence that the physical facility in which the preschool program will be conducted has been inspected (i) before initial certification by the local building official and (ii) within the 12-month period prior to initial certification and at least annually thereafter by the local health department, and local fire marshal or Office of the State Fire Marshal, whichever is appropriate, and an inspection report that documents that the facility is in compliance with applicable laws and regulations pertaining to food services, health and sanitation, water supply, building codes, and the Statewide Fire Prevention Code or the Uniform Statewide Building Code;

5. Documentation that the school has disclosed the following in writing to the parents, guardians, or persons having charge of a child enrolled in the school's preschool program, and in a written statement available to the general public: (i) the school facility is in compliance with applicable laws and regulations pertaining to food services, health and sanitation, water supply, building codes, and the Statewide Fire Prevention Code or the Uniform Statewide Building Code; (ii) the preschool program's maximum capacity; (iii) the school's policy or practice for pupil-teacher ratio, staffing patterns, and staff health requirements; and (iv) a description of the school's public liability insurance, if any;

6. Qualifications of school personnel who work in the preschool program;

7. Certification that the school will report to the Superintendent all incidents involving serious injury to or death of children attending the preschool program. Reports of serious injuries, which shall include any injuries that require an emergency referral to an offsite health care professional or treatment in a hospital, shall be submitted annually. Reports of deaths shall be submitted no later than one business day after the death occurred; and

8. Documentary evidence that the private school, as set forth in § 22.1-19 and administered by the Virginia Council for Private Education, requires all employees of the preschool and other school employees who have contact with the children enrolled in the preschool program to obtain a criminal record check as provided in § 22.1-289.035 to meet the requirements of § 22.1-296.3 as a condition of initial or continued employment.

All accredited private schools seeking certification of preschool programs shall file such information on forms prescribed by the Superintendent. The Superintendent shall certify all preschool programs of accredited private schools which comply with the provisions of subsection A. The Superintendent may conduct an annual inspection of such preschool programs to ensure compliance with the provisions of this section and conduct inspections to investigate complaints alleging noncompliance.

D. A preschool program of a private school that has not been accredited as provided in subsection A shall be subject to licensure.

E. If the preschool program of a private school that is accredited as provided in subsection A fails to file the statement and the required documentary evidence, the Superintendent shall notify the school of its noncompliance and may thereafter take such action as he determines appropriate, including notice that the program is required to be licensed.

F. The revocation or denial of the certification of a preschool program shall be subject to appeal pursuant to the provisions of the Administrative Process Act (§ 2.2-4000 et seq.). Judicial review of a final agency decision shall be in accordance with the provisions of the Administrative Process Act.

G. Any person who has reason to believe that a private school falling within the provisions of this section is in noncompliance with any applicable requirement of this section may report the same to the Department, the local health department, or the local fire marshal, each of which may inspect the school for noncompliance, give reasonable notice to the school of the nature of its noncompliance, and thereafter may take appropriate action as provided by law, including a suit to enjoin the operation of the preschool program.

H. Upon receipt of a complaint concerning a certified preschool program of an accredited private school, if for good cause shown there is reason to suspect that the school is in noncompliance with any provision of this section or the health or safety of the children attending the preschool program is in danger, the Superintendent shall cause an investigation to be made, including on-site visits as he deems necessary of the services, personnel, and facilities of the school's preschool program. The school shall afford the Superintendent reasonable opportunity to inspect the school's preschool program, records, and facility, and to interview the employees and any child or parent or guardian of a child who is or has been enrolled in the preschool program. If, upon completion of the investigation, it is determined that the school is in noncompliance with the provisions of this section, the Superintendent shall give reasonable notice to the school of the nature of its noncompliance and thereafter may take appropriate action as provided by law, including a suit to enjoin the operation of the preschool program.

I. Failure of a private school to comply with the provisions of this section, or a finding that the health and safety of the children attending the preschool program are in clear and substantial danger upon the completion of an investigation, shall be grounds for revocation of the certification issued pursuant to this section.

J. If a private school operates a child day program outside the scope of its instructional classes during the school year or operates a child day program during the summer, the child day program shall be subject to licensure under the regulations adopted pursuant to § 22.1-289.046.

K. Nothing in this section shall prohibit a preschool operated by or conducted under the auspices of a private school from obtaining a license pursuant to this chapter.

§ 22.1-289.033. Inspection of unlicensed child care operations; inspection warrant.

In order to perform his duties under this chapter, the Superintendent may enter and inspect any unlicensed child care operation with the consent of the owner or person in charge, or pursuant to a warrant. Administrative search warrants for inspections of child care operations, based upon a petition demonstrating probable cause and supported by an affidavit, may be issued ex parte by any judge having authority to issue criminal warrants whose territorial jurisdiction includes the child care operation to be inspected, if he is satisfied from the petition and affidavit that there is reasonable and probable cause for the inspection. The affidavit shall contain either a statement that consent to inspect has been sought and refused, or that facts and circumstances exist reasonably justifying the failure to seek such consent. Such facts may include, without limitation, past refusals to permit inspection or facts establishing reason to believe that seeking consent would provide an opportunity to conceal violations of statutes or regulations. Probable cause may be demonstrated by an affidavit showing probable cause to believe that the child care operation is in violation of any provision of this chapter or any regulation adopted pursuant to this chapter, or upon a showing that the inspection is to be made pursuant to a reasonable administrative plan for the administration of this chapter. The inspection of a child care operation that has been the subject of a complaint pursuant to § 22.1-289.042 shall have preeminent priority over any other inspections of child care operations to be made by the Superintendent unless the complaint on its face or in the context of information known to the Superintendent discloses that the complaint has been brought to harass, to retaliate, or otherwise to achieve an improper purpose, and that the improper purpose casts serious doubt on the veracity of the complaint. After issuing a warrant under this section, the judge shall file the affidavit in the manner prescribed by § 19.2-54. Such warrant shall be executed and returned to the clerk of the circuit court of the city or county wherein the inspection was made.

Article 5.

Background Checks.

§ 22.1-289.034. Barrier crime; construction.

For purposes of this chapter, convictions for any barrier crime as defined in § 19.2-392.02 shall include prior adult convictions and juvenile convictions or adjudications of delinquency based on a crime that would be a felony if committed by an adult within or outside the Commonwealth.

§ 22.1-289.035. Licensed child day centers, family day homes, and family day systems; employment for compensation or use as volunteers of persons convicted of or found to have committed certain offenses prohibited; national background check required; penalty.

A. No child day center, family day home, or family day system licensed in accordance with the provisions of this chapter, child day center exempt from licensure pursuant to § 22.1-289.031, registered family day home, family day home approved by a family day system, or child day center, family day home, or child day program that enters into a contract with the Department or its agents or designees to provide child care services funded by the Child Care and Development Block Grant shall hire for compensated employment, continue to employ, or permit to serve as a volunteer who will be alone with, in control of, or supervising children any person who (i) has been convicted of any barrier crime as defined in § 19.2-392.02 or (ii) is the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth. All applicants for employment, employees, applicants to serve as volunteers, and volunteers shall undergo a background check in accordance with subsection B prior to employment or beginning to serve as a volunteer and every five years thereafter.

B. Any individual required to undergo a background check in accordance with subsection A shall:

1. Provide a sworn statement or affirmation disclosing whether he has ever been convicted of or is the subject of pending charges for any offense within or outside the Commonwealth and whether he has been the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth;

2. Submit to fingerprinting and provide personal descriptive information described in subdivision B 2 of § 19.2-392.02; and

3. Authorize the child day center, family day home, or family day system described in subsection A to obtain a copy of the results of a search of the central registry maintained pursuant to § 63.2-1515 and any child abuse and neglect registry or equivalent registry maintained by any other state in which the individual has resided in the preceding five years for any founded complaint of child abuse or neglect against him.

The applicant's fingerprints and personal descriptive information obtained pursuant to subdivision 2 shall be forwarded by the Department or its designee or, in the case of a child day program operated by a local government, may be forwarded by the local law-enforcement agency through the Central Criminal Records Exchange to the Federal Bureau of Investigation for the purpose of obtaining national criminal history record information regarding such applicant. Upon receipt of an applicant's record or notification that no record exists, the Central Criminal Records Exchange shall forward the information to the Department or its designee, and the Department or its designee shall report to the child day center or family day home whether the applicant is eligible to have responsibility for the safety and well-being of children. In cases in which the record forwarded to the Department or its designee is lacking disposition data, the Department or its designee shall conduct research in whatever state and local recordkeeping systems are available in order to obtain complete data before reporting to the child day center, family day home, or family day system.

C. The child day center, family day home, or family day system described in subsection A shall inform every individual required to undergo a background check pursuant to this section that he is entitled to obtain a copy of any background check report and to challenge the accuracy and completeness of any such report and obtain a prompt resolution before a final determination is made of the individual's eligibility to have responsibility for the safety and well-being of children.

D. Any person making a materially false statement regarding the sworn statement or affirmation provided pursuant to subdivision B 1 is guilty of a Class 1 misdemeanor.

E. Further dissemination of the background check information is prohibited other than to the Superintendent's representative or a federal or state authority or court as may be required to comply with an express requirement of law for such further dissemination.

F. A person who complies in good faith with the provisions of this section shall not be liable for any civil damages for any act or omission in the performance of duties under this section unless the act or omission was the result of gross negligence or willful misconduct.

G. Notwithstanding the provisions of subsection A, a child day center may hire for compensated employment persons who have been convicted of not more than one misdemeanor offense under § 18.2-57, or any substantially similar offense under the laws of another jurisdiction, if 10 years have elapsed following the conviction, unless the person committed such offense while employed in a child day center or the object of the offense was a minor.

H. Fees charged for the processing and administration of background checks pursuant to this section shall not exceed the actual cost to the state or the local law-enforcement agency of such processing and administration.

I. Any individual required to undergo a background check pursuant to subsection A who is (i) convicted of any barrier crime as defined in § 19.2-392.02 or (ii) found to be the subject of a founded complaint of child abuse or neglect within or outside of the Commonwealth shall notify the child day center, family day home, or family day system described in subsection A of such conviction or finding.

§ 22.1-289.036. Background check upon application for licensure, registration, or approval as child day center, family day home, or family day system; penalty.

A. Every (i) applicant for licensure as a child day center, family day home, or family day system, registration as a family day home, or approval as a family day home by a family day system; (ii) agent of an applicant for licensure as a child day center, family day home, or family day system, registration as a family day home, or approval as a family day home by a family day system at the time of application who is or will be involved in the day-to-day operations of the child day center, family day home, or family day system or who is or will be alone with, in control of, or supervising one or more of the children; and (iii) adult living in such child day center or family day home shall undergo a background check in accordance with subsection B prior to issuance of a license as a child day center, family day home, or family day system, registration as a family day home, or approval as a family day home by a family day system and every five years thereafter.

B. Every person required to undergo a background check pursuant to subsection A shall:

1. Provide a sworn statement or affirmation disclosing whether he has ever been convicted of or is the subject of any pending criminal charges for any offense within or outside the Commonwealth and whether or not he has been the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth;

2. Submit to fingerprinting and provide personal descriptive information described in subdivision B 2 of § 19.2-392.02; and

3. Authorize the child day center, family day home, or family day system specified in subsection A to obtain a copy of the results of a search of the central registry maintained pursuant to § 63.2-1515 and any child abuse and neglect registry or equivalent registry maintained by any other state in which the individual has resided in the preceding five years for any founded complaint of child abuse or neglect against him.

Fingerprints and personal descriptive information obtained pursuant to subdivision 2 shall be forwarded by the Department or its designee or, in the case of a child day program operated by a local government, may be forwarded by the local law-enforcement agency through the Central Criminal Records Exchange to the Federal Bureau of Investigation for

the purpose of obtaining national criminal history record information regarding the individual. Upon receipt of an individual's record or notification that no record exists, the Central Criminal Records Exchange shall forward the information to the Department or its designee. The Department or its designee shall report to the child day center, family day home, or family day system described in subsection A as to whether the individual is eligible to have responsibility for the safety and well-being of children. In cases in which the record forwarded to the Department or its designee is lacking disposition data, the Department or its designee shall conduct research in whatever state and local recordkeeping systems are available in order to obtain complete data.

C. If any person specified in subsection A required to have a background check (i) has been convicted of any barrier crime as defined in § 19.2-392.02 or (ii) is the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth, and such person has not been granted a waiver by the Superintendent pursuant to § 22.1-289.038, no license as a child day center, family day home, or family day system or registration as a family day home shall be granted by the Superintendent and no approval as a family day home shall be granted by the family day system.

D. Information from a search of the central registry maintained pursuant to § 63.2-1515 and any child abuse and neglect registry or equivalent registry maintained by any other state in which the applicant, agent, or adult has resided in the preceding five years, authorized in accordance with subdivision B 3, shall be obtained prior to issuance of a license as a child day center, family day home, or family day system, registration as a family day home, or approval as a family day home by a family day system.

E. No person specified in subsection A shall be involved in the day-to-day operations of the child day center, family day home, or family day system, or shall be alone with, in control of, or supervising one or more children, without first having completed any required background check pursuant to subsection B.

F. Any person making a materially false statement regarding the sworn statement or affirmation provided pursuant to subdivision B 1 is guilty of a Class 1 misdemeanor.

G. If an individual is denied licensure, registration, or approval because of information from the central registry or any child abuse and neglect registry or equivalent registry maintained by any other state, or convictions appearing on his criminal history record, the Superintendent shall provide a copy of the information obtained from the central registry, any child abuse and neglect registry or equivalent registry maintained by any other state, or the Central Criminal Records Exchange to the individual.

H. Further dissemination of the background check information is prohibited other than to the Superintendent's representative or a federal or state authority or court as may be required to comply with an express requirement of law for such further dissemination.

I. Fees charged for the processing and administration of background checks pursuant to this section shall not exceed the actual cost to the state or the local law-enforcement agency of such processing and administration.

§ 22.1-289.037. Revocation or denial of renewal based on background checks; failure to obtain background check.

A. The Superintendent may revoke or deny renewal of a license or registration of a child day program or family day system, and a family day system may revoke the approval of a family day home, if the child day program, family day system, or approved family day home has knowledge that a person specified in § 22.1-289.035 or 22.1-289.036 required to have a background check (i) has been convicted of any barrier crime as defined in § 19.2-392.02 or (ii) is the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth, and such person has not been granted a waiver by the Superintendent pursuant to § 22.1-289.038 or is not subject to the exceptions in subsection G of § 22.1-289.035, and the agency or home refuses to separate such person from employment or service or allows the household member to continue to reside in the home.

B. Failure to obtain background checks pursuant to §§ 22.1-289.035 and 22.1-289.036 shall be grounds for denial, revocation, or termination of a license, registration, or approval or any contract with the Department or its agents or designees or a local department of social services to provide child care services to clients of the Department or its agents or designees or the local department of social services. No violation shall occur if the family day system, family day home, or child day center has applied for the background check timely and it has not been obtained due to administrative delay. The provisions of this section shall be enforced by the Department.

§ 22.1-289.038. Child day programs and family day systems; criminal conviction and waiver.

A. Any person who seeks to operate, volunteer, or work at a child day program or family day system and who is disqualified because of a criminal conviction or a criminal conviction in the background check of any other adult living in a family day home regulated by the Department, pursuant to § 22.1-289.035, 22.1-289.036, or 22.1-289.039, may apply in writing for a waiver from the Superintendent. The Superintendent may grant a waiver if the Superintendent determines that (i) the person is of good moral character and reputation and (ii) the waiver would not adversely affect the safety and well-being of children in the person's care. The Superintendent shall not grant a waiver to any person who has been convicted of any barrier crime as defined in § 19.2-392.02. However, the Superintendent may grant a waiver to a family day home licensed or registered by the Department if any other adult living in the home of the applicant or provider has been convicted of not more than one misdemeanor offense under § 18.2-57 or 18.2-57.2, or any substantially similar offense under the laws of another jurisdiction, provided that (a) five years have elapsed following the conviction and (b) the Department has conducted a home study that includes, but is not limited to, (1) an assessment of the safety of children placed in the home and (2) a determination that the offender is now a person of good moral character and reputation. The waiver shall not be granted if the adult living in the home is an assistant or substitute provider or if such adult has been

convicted of a misdemeanor offense under both §§ 18.2-57 and 18.2-57.2, or any substantially similar offense under the laws of another jurisdiction. Any waiver granted under this section shall be available for inspection by the public. The child day program or family day system shall notify in writing every parent and guardian of the children in its care of any waiver granted for its operators, employees, or volunteers.

B. The Board shall adopt regulations to implement the provisions of this section.

§ 22.1-289.039. Records check by unlicensed child day center; penalty.

Any child day center that is exempt from licensure pursuant to § 22.1-289.031 shall require all applicants for employment, employees, applicants to serve as volunteers, and volunteers and any other person who is expected to be alone with one or more children enrolled in the child day center to obtain a background check in accordance with § 22.1-289.035. A child day center that is exempt from licensure pursuant to § 22.1-289.031 shall refuse employment or service to any person who (i) has been convicted of any barrier crime as defined in § 19.2-392.02 or (ii) is the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth. The foregoing provisions shall not apply to a parent or guardian who may be left alone with his own child. For purposes of this section, convictions shall include prior adult convictions and juvenile convictions or adjudications of delinquency based on a crime that would have been a felony if committed by an adult within or outside the Commonwealth. Further dissemination of the information provided to the facility is prohibited.

§ 22.1-289.040. Child day centers and family day homes receiving federal, state, or local child care funds; eligibility requirements.

A. Whenever any child day center or family day home that has not met the requirements of §§ 22.1-289.035, 22.1-289.036, and 22.1-289.039 applies to enter into a contract with the Department or its agents or designees to provide child care services to clients of the Department or its agents or designees, the Department or its agents or designees shall require a background check, at the time of application to enter into a contract and every five years thereafter, of (i) the applicant; any agents involved in the day-to-day operation; all agents who are alone with, in control of, or supervising one or more of the children; and any other adult living in a family day home pursuant to § 22.1-289.036; and (ii) all applicants for employment, employees, applicants to serve as volunteers, and volunteers pursuant to § 22.1-289.035. The child day center or family day home shall not be permitted to enter into a contract with the Department or its agents or designees for child care services when an applicant; any employee; a prospective employee; a volunteer, an agent involved in the day-to-day operation; an agent alone with, in control of, or supervising one or more children; or any other adult living in a family day home (i) has been convicted of any barrier crime as defined in § 19.2-392.02 or (ii) is the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth. Further dissemination of the information provided to the facility, beyond dissemination to the Department or its agents or designees is prohibited.

B. Every child day center or family day home that enters into a contract with the Department or its agents or designees to provide child care services to clients of the Department or its agents or designees that is funded, in whole or in part, by the Child Care and Development Block Grant, shall comply with all requirements established by federal law and regulations.

§ 22.1-289.041. Sex offender or child abuser prohibited from operating or residing in family day home; penalty.

It shall be unlawful for any person to operate a family day home if he, or if he knows that any other person who resides in, is employed by, or volunteers in the home, has been convicted of a felony in violation of § 18.2-48, 18.2-61, 18.2-63, 18.2-64.1, 18.2-67.1, 18.2-67.2, 18.2-67.3, 18.2-67.5, 18.2-355, 18.2-361, 18.2-366, 18.2-369, 18.2-370, 18.2-370.1, 18.2-371.1, or 18.2-374.1, has been convicted of any offense that requires registration on the Sex Offender and Crimes Against Minors Registry pursuant to § 9.1-902, or is the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth. A violation of this section is punishable as a Class 1 misdemeanor.

Article 6.

Complaints.

§ 22.1-289.042. Establishment of toll-free telephone line for complaints; investigation on receipt of complaints.

With such funds as are appropriated for this purpose, the Superintendent shall establish a toll-free telephone line to respond to complaints regarding operations of child day programs or family day systems. Upon receipt of a complaint concerning the operation of a child day program or family day system, regardless of whether the program is subject to licensure, the Superintendent shall, for good cause shown, cause an investigation to be made, including on-site visits as he deems necessary, of the activities, services, records, and facilities. The child day program or family day system shall afford the Superintendent reasonable opportunity to inspect all of the operator's activities, services, records, and facilities and to interview its agents and employees and any child within its control. Whenever a child day program or family day system subject to inspection under this section is determined by the Superintendent to be in noncompliance with the provisions of this chapter or with regulations adopted pursuant to this chapter, the Superintendent shall give reasonable notice to the child day program or family day system of the nature of its noncompliance and may thereafter take appropriate action as provided by law, including a suit to enjoin the operation of the child day program or family day system.

§ 22.1-289.043. Confidentiality of complainant's identity.

Whenever the Department conducts inspections and investigations in response to complaints received from the public, the identity of the complainant and the identity of any child who is the subject of the complaint, or identified therein, shall be confidential and shall not be open to inspection by members of the public. Identities of the complainant and child who is the subject of the complaint shall be revealed only if a court order so requires. Nothing contained herein shall prevent the

Department, in its discretion, from disclosing to the child day program or family day system the nature of the complaint or the identity of the child who is the subject of the complaint. Nothing contained herein shall prevent the Department or its employees from making reports under Chapter 15 (§ 63.2-1500 et seq.) of Title 63.2. If the Department intends to rely, in whole or in part, on any statements made by the complainant at any administrative hearing brought against child day program or family day system, the Department shall disclose the identity of the complainant to the child day program or family day system a reasonable time in advance of such hearing.

§ 22.1-289.044. Retaliation or discrimination against complainants.

No child day program or family day system shall retaliate or discriminate in any manner against any person who (i) in good faith complains or provides information to, or otherwise cooperates with, the Department or any other agency of government or any person or entity operating under contract with an agency of government having responsibility for protecting the rights of children in child day programs and family day systems, (ii) attempts to assert any right protected by state or federal law, or (iii) assists any person in asserting such right.

§ 22.1-289.045. Retaliation against reports of child abuse or neglect.

No child day program or family day system shall retaliate in any manner against any person who in good faith reports child abuse or neglect pursuant to Chapter 15 (§ 63.2-1500 et seq.) of Title 63.2.

Article 7.

Regulations and Interdepartmental Cooperation.

§ 22.1-289.046. Regulations for child day programs and family day systems.

A. The Board shall adopt regulations for the activities, services, and facilities to be employed by persons and agencies required to be licensed under this chapter, which shall be designed to ensure that such activities, services, and facilities are conducive to the welfare of the children under the control of such persons or agencies.

Such regulations shall be developed in consultation with representatives of the affected entities and shall include matters relating to the sex, age, and number of children and other persons to be maintained or cared for, as the case may be, and to the buildings and premises to be used, and reasonable standards for the activities, services and facilities to be employed. Such limitations and standards shall be specified in each license and renewal thereof. Such regulations shall not require the adoption of a specific teaching approach or doctrine or require the membership, affiliation, or accreditation services of any single private accreditation or certification agency.

Such regulations governing child day programs providing care for school-age children at a location that is currently approved by the Department or recognized as a private school by the Board for school occupancy and that houses a public or private school during the school year shall not (i) prohibit school-age children from using outdoor play equipment and areas approved for use by students of the school during school hours or (ii) in the case of public schools, require inspection or approval of the building, vehicles used to transport children attending the child day program that are owned by the school, or meals served to such children that are prepared by the school.

A. Upon enrollment of a child in a regulated child day program, such child day program shall require information from the person enrolling the child regarding previous child day care and schools attended by the child. The regulated child day program shall also require that the person enrolling the child present the regulated child day program with the proof of the child's identity and age. The proof of identity, if reproduced or retained by the child day program or both, shall be destroyed upon the conclusion of the requisite period of retention. "Proof of identity" means a certified copy of a birth certificate or other reliable proof of the child's identity and age.

The statement shall include identification of any significant hazard areas, the date of the inspection and be signed by the person who inspected for the asbestos. If asbestos was detected, an operations and maintenance plan shall be developed in accordance with the regulations of the federal Asbestos Hazard Emergency Response Act and the statement shall be signed by the person who prepared the operations and maintenance plan. Any inspection, preparation of an operations and maintenance plan or response action shall be performed by competent personnel who have been licensed in accordance with the provisions of Chapter 5 of Title 54.1.

When asbestos has been detected, the applicant for licensure shall also submit to the Superintendent a written statement that response actions to abate any risk to human health have been or will be initiated in accordance with a specified schedule and plan as recommended by an asbestos management planner licensed in Virginia. This statement shall be signed by the applicant for licensure.

The written statements required by this section shall be submitted for approval to the Superintendent's representative prior to issuance of a license. In case the Superintendent fails to take final action upon an application for a license within 60 days after the application is made, either by way of issuance or refusal, or fails within such time to notify the applicant thereof, it shall be lawful for the applicant to engage in the operations or activities for which the license is desired, until the Superintendent has taken final action and notified the applicant thereof; however, no application shall be deemed made until all the required information is submitted in the form prescribed by the Superintendent.

§ 22.1-289.054. Visitation by parents or guardians in child day programs.

A custodial parent or guardian shall be admitted to any child day program. For purposes of this section, "child day program" is one in which a person or organization has agreed to assume responsibility for the supervision, protection, and well-being of a child under the age of 13 for less than a 24-hour period, regardless of whether it is licensed. § 22.1-296.3. Certain private school employees subject to fingerprinting and criminal records checks.

The Central Criminal Records Exchange, upon receipt of an applicant's record or notification that no record exists, shall report to the governing board or administrator, or to a private organization coordinating such records on behalf of such governing board or administrator pursuant to a written agreement with the Department of State Police, that the applicant meets the criteria or does not meet the criteria for employment based on whether or not the applicant has ever been convicted of any barrier crime as defined in § 19.2-392.02.

B. The Central Criminal Records Exchange shall not disclose information to such governing board, administrator, or private organization coordinating such records regarding charges or convictions of any crimes. If any applicant is denied employment because of information appearing on the criminal history record and the applicant disputes the information upon which the denial was based, the Central Criminal Records Exchange shall, upon request, furnish the applicant the procedures for obtaining a copy of the criminal history record from the Federal Bureau of Investigation. The information provided to the governing board, administrator, or private organization coordinating such records shall not be disseminated except as provided in this section. Such governing board, administrator, or private organization transferring criminal records information pursuant to this section shall be immune from civil liability for any official act, decision, or omission done or made in the performance of such transfer, when such acts or omissions are taken in good faith and are not the result of gross negligence or willful misconduct.

Fees charged for the processing and administration of background checks pursuant to this section shall not exceed the actual cost to the state of such processing and administration.

C. Effective July 1, 2017, the governing board or administrator of a private elementary or secondary school that is accredited pursuant to § 22.1-19 that operates a child welfare agency day program or family day system regulated by the Department of Social Services pursuant to Chapter 17 14.1 (§ 63.2-1700 22.1-289.02 et seq.) of Title 63-2 shall accept evidence of a background check in accordance with § 63.2-1720.1 22.1-289.035 for individuals who are required to undergo

A. The Board shall adopt regulations for the activities, services, and facilities to be employed by persons and agencies required to be licensed under this subtitle, which shall be designed to ensure that such activities, services, and facilities are conducive to the welfare of the children under the custody or control of such persons or agencies.

Such regulations shall be developed in consultation with representatives of the affected entities and shall include, but need not be limited to, matters relating to the sex, age, and number of children and other persons to be maintained, cared for, or placed out, as the case may be, and to the buildings and premises to be used, and reasonable standards for the activities, services, and facilities to be employed. Such limitations and standards shall be specified in each license and renewal thereof. Such regulations shall not require the adoption of a specific teaching approach or doctrine or require the membership, affiliation, or accreditation services of any single private accreditation or certification agency.

Such regulations governing child day programs providing care for school-age children at a location that is currently approved by the Department of Education or recognized as a private school by the State Board of Education for school occupancy and that houses a public or private school during the school year shall not (i) prohibit school-age children from using outdoor play equipment and areas approved for use by students of the school during school hours or (ii) in the case of public schools, require inspection or approval of the building, vehicles used to transport children attending the child day program that are owned by the school, or meals served to such children that are prepared by the school.

Such plan shall identify necessary statutory and regulatory changes and necessary steps to transfer lead agency authority for relevant federal programs, including the Child Care and Development Block Grant and Head Start State Collaboration Office grants, to the Department of Education to align with its current administration of the Virginia Preschool Initiative and other early childhood programs. The work group shall report on the implementation plan to the Chairmen of the House Committees on Appropriations, Education, and Health, Welfare and Institutions and the Senate Committees on Education and Health, Finance and Appropriations, and Rehabilitation and Social Services no later than December 1, 2020, and shall provide such Chairmen an update on the implementation of the plan no later than December 1, 2021.

7. That guidance adopted by the State Board of Social Services or Department of Social Services relating to programs to be transferred by this act shall remain in effect until amended or repealed.

8. That any valid license that is in effect on July 1, 2021, that was issued by the Department of Social Services under a program that is transferred to the Department of Education pursuant to the provisions of this act shall, on July 1, 2021, be deemed to be a license issued by the Department of Education and shall remain valid and in effect until its expiration date.

The ordinance may contain such standards as the local governing body deems appropriate and shall include a requirement that notification be sent by registered or certified letter to the last known address of each adjacent property owner. If the zoning administrator receives no written objection from a person so notified within 30 days of the date of sending the letter and determines that the family day home otherwise complies with the provisions of the ordinance and all other applicable local ordinances, the zoning administrator shall issue the permit sought. If the zoning administrator receives a written objection from a person so notified within 30 days of the date of sending the letter and determines that the family day home otherwise complies with the provisions of the ordinance, the zoning administrator shall consider such objection and may (i) issue or deny the permit sought or (ii) if required by the ordinance, refer the permit to the local governing body for consideration. The ordinance shall provide a process whereby an applicant for a family day home that is denied a permit through the administrative process may request that its application be considered after a hearing following public notice as provided in § 15.2-2204. Upon such hearing, the local governing body may, in its discretion, approve the permit, subject to such conditions as agreed upon by the applicant and the locality, or deny the permit. B. A qualified entity may request the Department of State Police to conduct a national criminal background check on any provider who is employed by such entity. No qualified entity may request a national criminal background check on a provider until such provider has:

1. Been fingerprinted; and

2. Completed and signed a statement, furnished by the entity, that includes (i) his name, address, and date of birth as it appears on a valid identification document; (ii) a disclosure of whether or not the provider has ever been convicted of or is the subject of pending charges for a criminal offense within or outside the Commonwealth, and if the provider has been convicted of a crime, a description of the crime and the particulars of the conviction; (iii) a notice to the provider that the entity may request a background check; (iv) a notice to the provider that he is entitled to obtain a copy of any background check report, to challenge the accuracy and completeness of any information contained in any such report, and to obtain a prompt determination as to the validity of such challenge before a final determination is made by the Department; and (v) a notice to the provider that prior to the completion of the background check the qualified entity may choose to deny the provider unsupervised access to children or the elderly or disabled for whom the qualified entity provides care.

"School board" means the school board that governs a school division.

§ 22.1-19. Accreditation of elementary, middle, and high schools; nursery schools; recognition of certain organizations; child day center regulation.

The Board shall provide for the accreditation of public elementary, middle, and high schools in accordance with standards prescribed by it. The Board may provide for the accreditation of private elementary, middle, and high schools in accordance with standards prescribed by it, taking reasonably into account the special circumstances and factors affecting such private schools. The Board in its discretion may recommend provisions for *accreditation* standards for private nursery schools. Any such accreditation shall be at the request of the private school only.

For the purposes of facilitating the transfer of academic credits for students who have attended private schools and are enrolling in public schools, and to meet the requirements of § ~~63-2-1717~~ 22.1-289.032, the Board of Education shall authorize, in a manner it deems appropriate, the Virginia Council for Private Education to accredit private nursery, preschool, elementary, and secondary schools.

§ 22.1-199.1. Programs designed to promote educational opportunities.

A. The General Assembly finds that Virginia educational research supports the conclusion that poor children are more at risk of educational failure than children from more affluent homes and that reduced pupil/teacher ratios and class sizes result in improved academic performance among young children; to this end, the General Assembly establishes a long-term goal of reducing pupil/teacher ratios and class sizes for grades K through three in those schools in the Commonwealth with high or moderate concentrations of at-risk students.

With such funds as are provided in the appropriation act for this purpose, there is hereby established the statewide voluntary pupil/teacher ratio and class size reduction program for the purpose of reaching the long-term goal of statewide voluntary pupil/teacher ratio and class size reductions for grades K through three in schools with high or moderate concentrations of at-risk students, consistent with the provisions provided in the appropriation act.

In order to facilitate these primary grade ratio and class size reductions, the Department of Education shall calculate the state funding of these voluntary ratio and class size reductions based on the incremental cost of providing the lower class sizes according to the greater of the division average per-pupil cost of all divisions or the actual division per-pupil cost. Localities shall provide matching funds for these voluntary ratio and class size reductions based on the composite index of local ability to pay. School divisions shall notify the Department of Education of their intention to implement the reduced ratios and class sizes in one or more of their qualifying schools by August 1 of each year. By March 31 of each year, school divisions shall forward data substantiating that each participating school has a complying pupil/teacher ratio.

In developing each proposed biennium budget for public education, the Board of Education shall include funding for these ratios and class sizes. These ratios and class sizes shall be included in the annual budget for public education.

B. The General Assembly finds that educational technology is one of the most important components, along with highly skilled teachers, in ensuring the delivery of quality public school education throughout the Commonwealth. Therefore, the Board of Education shall strive to incorporate technological studies within the teaching of all disciplines. Further, the General Assembly notes that educational technology can only be successful if teachers and administrators are provided adequate training and assistance. To this end, the following program is established.

With such funds as are appropriated for this purpose, the Board of Education shall award to the several school divisions grants for expanded access to educational technology. Funding for educational technology training for instructional personnel shall be provided as set forth in the appropriation act.

Funds for improving the quality and capacity of educational technology shall also be provided as set forth in the appropriation act, including, but not limited to, (i) funds for providing a technology resource assistant to serve every elementary school in this Commonwealth beginning on July 1, 1998, and (ii) funds to maintain the currency of career and technical education programs. Any local school board accepting funds to hire technology resource assistants or maintain currency of career and technical education programs shall commit to providing the required matching funds, based on the composite index of local ability to pay.

Each qualifying school board shall establish an individualized technology plan, which shall be approved by the Superintendent of Public Instruction, for integrating technology into the classroom and into schoolwide instructional programs, including career and technical education programs. The grants shall be prioritized as follows:

1. In the 1994 biennium, the first priority for these funds shall be to automate the library media centers and provide network capabilities in Virginia's elementary, middle and high schools, or combination thereof, in order to ensure access to the statewide library and other information networks. If any elementary, middle or high school has already met this priority, the 1994 biennium grant shall be used to provide other educational technologies identified in the relevant division's approved technology plan, such as multimedia and telecomputing packages, integrated learning systems, laptop computer loan programs, career and technical education laboratories or other electronic techniques designed to enhance public education and to facilitate teacher training in and implementation of effective instructional technology. The Board shall also distribute, as provided in the appropriation act, funds to support the purchase of electronic reference materials for use in the statewide automated reference system.

2. In the 1996 biennium and thereafter, the first priority for funding shall be consistent with those components of the Board of Education's revised six-year technology plan which focus on (i) retrofitting and upgrading existing school buildings to efficiently use educational technology; (ii) providing (a) one network-ready multimedia microcomputer for each classroom, (b) a five-to-one ratio of pupils to network-ready microcomputers, (c) graphing calculators and relevant scientific probes/sensors as required by the Standards of Learning, and (d) training and professional development on available technologies and software to all levels and positions, including professional development for personnel delivering

career and technical education at all levels and positions; and (iii) assisting school divisions in developing integrated voice-, video-, and data-connectivity to local, national and international resources.

This funding may be used to implement a local school division's long-range technology plan, at the discretion of the relevant school board, if the local plan meets or exceeds the goals and standards of the Board's revised six-year technology plan and has been approved by the Superintendent of Public Instruction.

3. The Departments of Education, Information Technology, and General Services shall coordinate master contracts for the purchase by local school boards of the aforementioned educational technologies and reference materials.

4. Beginning on July 1, 1998, a technology replacement program shall be, with such funds as may be appropriated for this purpose, implemented to replace obsolete educational hardware and software. As provided in subsection D of § 22.1-129, school boards may donate obsolete educational technology hardware and software which are being replaced. Any such donations shall be offered to other school divisions and to preschool programs in the Commonwealth, or to public school students as provided in guidelines to be promulgated by the Board of Education. Such guidelines shall include criteria for determining student eligibility and need; a reporting system for the compilation of information concerning the number and socioeconomic characteristics of recipient students; and notification of parents of the availability of such donations of obsolete educational hardware and software.

5. In fiscal year 2000, the Board of Education shall, with such funds as are appropriated for this purpose, contract for the development or purchase of interactive educational software and other instructional materials designed as tutorials to improve achievement on the Standards of Learning assessments. Such interactive educational software and other instructional materials may be used in media centers, computer laboratories, libraries, after-school or before-school programs or remedial programs by teachers and other instructional personnel or provided to parents and students to be used in the home. This interactive educational software and other instructional materials shall only be used as supplemental tools for instruction, remediation, and acceleration of the learning required by the K through 12 Standards of Learning objectives.

Consistent with school board policies designed to improve school-community communications and guidelines for providing instructional assistance in the home, each school division shall strive to establish a voice mail communication system after regular school hours for parents, families, and teachers by the year 2000.

C. The General Assembly finds that effective prevention programs designed to assist children at risk of school failure and dropout are practical mechanisms for reducing violent and criminal activity and for ensuring that Virginia's children will reach adulthood with the skills necessary to succeed in the twenty-first century; to this end, the following program is hereby established. With such funds as are appropriated for this purpose, the General Assembly hereby establishes a grant program to be disbursed by the Department of Education to schools and community-based organizations to provide quality preschool programs for at-risk four-year-olds who are unserved by Head Start programs and for at-risk five-year-olds who are not eligible to attend kindergarten.

The grants shall be used to provide at least half-day services for the length of the school year for at-risk four-year-old children who are unserved by Head Start programs and for at-risk five-year-olds who are not eligible to attend kindergarten. The services shall include quality preschool education; health services; social services; parental involvement including activities to promote family literacy; and transportation.

The Department of Education, in cooperation with such other state agencies that may coordinate child day care and early childhood programs, shall establish guidelines for quality preschool education and criteria for the service components, consistent with the findings of the November 1993 study by the Board of Education, the Department of Education, and the Council on Child Day Care and Early Childhood Programs.

The guidelines for quality preschool education and criteria for preschool education services may be differentiated according to the agency providing the services in order to comply with various relevant federal or state requirements. However, the guidelines for quality preschool education and the criteria for preschool education services shall require when such services are being provided by the public schools of the Commonwealth, and may require for other service providers, that (i) one teacher shall be employed for any class of nine students or less; (ii) if the average daily membership in any class exceeds nine students but does not exceed 18, a full-time teacher's aide shall be assigned to the class; and (iii) the maximum class size shall be 18 students.

School divisions may apply for and be granted waivers from these guidelines by the Department of Education.

During the 1995-1996 fiscal year, the Board of Education shall, with such funds as are appropriated for this purpose, distribute grants, based on an allocation formula providing the state share of the grant per child, as specified in the appropriation act, for 30 percent of the unserved at-risk four-year-olds in the Commonwealth pursuant to the funding provided in the appropriation act.

During the 1996-1997 fiscal year and thereafter, grants shall be distributed, with such funds as are appropriated for this purpose, based on an allocation formula providing the state share of the grant per child, as specified in the appropriation act, for at least 60 percent of the unserved at-risk four-year-olds and five-year-olds who are not eligible to attend kindergarten in the Commonwealth, such 60 percent to be calculated by adding services for 30 percent more of the unserved at-risk children to the 30 percent of unserved at-risk children in each locality provided funding in the appropriation act.

Local school boards may elect to serve more than 60 percent of the at-risk four-year-olds and may use federal funds or local funds for this expansion or may seek funding through this grant program for such purposes. Grants may be awarded, if funds are available in excess of the funding for the 60 percent allocation, to expand services to at-risk four-year-olds beyond the 60 percent goal.

In order for a locality to qualify for these grants, the local governing body shall commit to providing the required matching funds, based on the composite index of local ability to pay. Localities may use, for the purposes of meeting the local match, local or other nonstate expenditures for existing qualifying programs and shall also continue to pursue and coordinate other funding sources, including child care subsidies. Funds received through this program shall be used to supplement, not supplant, any local funds currently provided for preschool programs within the locality.

D. The General Assembly finds that local autonomy in making decisions on local educational needs and priorities results in effective grass-roots efforts to improve education in the Commonwealth's public schools only when coupled with sufficient state funding; to this end, the following block grant program is hereby established. With such funds as are provided in the appropriation act, the Department of Education shall distribute block grants to localities to enable compliance with the Commonwealth's requirements for school divisions in effect on January 1, 1995. Therefore, for the purpose of such compliance, the block grant herein established shall consist of a sum equal to the amount appropriated in the appropriation act for the covered programs, including the at-risk add-on program; dropout prevention, specifically Project YES; Project Discovery; English as a second language programs, including programs for overage, nonschooled students; Advancement Via Individual Determination (AVID); the Homework Assistance Program; programs initiated under the Virginia Guaranteed Assistance Program, except that such funds shall not be used to pay any expenses of participating students at institutions of higher education; Reading Recovery; and school/community health centers. Each school board may use any funds received through the block grant to implement the covered programs and other programs designed to save the Commonwealth's children from educational failure.

E. D. In order to reduce pupil/teacher ratios and class sizes in elementary schools, from such funds as may be appropriated for this purpose, each school board may employ additional classroom teachers, remedial teachers, and reading specialists for each of its elementary schools over the requirements of the Standards of Quality. State and local funding for such additional classroom teachers, remedial teachers, and reading specialists shall be apportioned as provided in the appropriation act.

F. E. Pursuant to a turnaround specialist program administered by the Department of Education, local school boards may enter into agreements with individuals to be employed as turnaround specialists to address those conditions at the school that may impede educational progress and effectiveness and academic success. Local school boards may offer such turnaround specialists or other administrative personnel incentives such as increased compensation, improved retirement benefits in accordance with Chapter 6.2 (§ 51.1-617 et seq.) of Title 51.1, increased deferred compensation in accordance with § 51.1-603, relocation expenses, bonuses, and other incentives as may be determined by the board.

G. F. The General Assembly finds that certain schools have particular difficulty hiring teachers for certain subject areas and that the need for such teachers in these schools is particularly strong. Accordingly in an effort to attract and retain high quality teachers, local school boards may offer instructional personnel serving in such schools as a member of a middle school teacher corps administered by the Department of Education incentives such as increased compensation, improved retirement benefits in accordance with Chapter 6.2 (§ 51.1-617 et seq.) of Title 51.1, increased deferred compensation in accordance with § 51.1-603, relocation expenses, bonuses, and other incentives as may be determined by the board.

For purposes of this subsection, "middle school teacher corps" means licensed instructional personnel who are assigned to a local school division to teach in a subject matter in grades six, seven, or eight where there is a critical need, as determined by the Department of Education. The contract between such persons and the relevant local school board shall specify that the contract is for service in the middle school teacher corps.

The provider of a licensed or registered family day home shall disclose to the parents or guardians of children in their care the percentage of time per week that persons other than the provider will care for the children. Family day homes serving five through 12 children, exclusive of the provider's own children and any children who reside in the home, shall be licensed. However, no family day home shall care for more than four children under the age of two, including the provider's own children and any children who reside in the home, unless the family day home is licensed or voluntarily registered. "Publicly funded provider" means any (i) educational program provided by a school division or local government to children between birth and age five or (ii) child day program that receives state or federal funds in support of its operations that serves three or more unrelated children. "Publicly funded provider" does not include any program for which the sole source of public funding is the federal Child and Adult Care Food Program (CACFP) administered by the U.S. Department of Agriculture Food and Nutrition Service.

"Registered family day home" means any family day home that has met the standards for voluntary registration for such homes pursuant to regulations adopted by the Board and that has obtained a certificate of registration from the Superintendent.

Such system shall be administered by the Board, the Superintendent, and the Department and shall be formed, implemented, and sustained through a structure that engages and leverages both state-level authority and regional-level public-private partnership assets.

B. It is the intent of the General Assembly that the system established pursuant to subsection A shall (i) provide families with coordinated access for referral to early childhood education programs, (ii) provide families with easy-to-understand information about the quality of publicly funded early childhood care and education programs, (iii) establish expectations for the continuous improvement of early childhood care and education programs, and (iv) establish shared expectations for early childhood care and education programs among the Department of Education, the Department of Social Services, local school divisions, and state and regional stakeholders.

§ 22.1-289.04. Early childhood care and education advisory committee.

The Board shall establish an early childhood care and education advisory committee to advise the Board on programs, systems, and regulations established pursuant to this chapter. The advisory committee shall include the following members, who shall represent geographically diverse areas: (i) two representatives of publicly funded licensed providers, including at least one for-profit provider; (ii) one representative of an early childhood care and education entity that is not a publicly funded provider; (iii) two representatives of early childhood care and education entities that are license-exempt pursuant to Article 4 (§ 22.1-289.030 et seq.), including one representative of an early childhood care and education entity that is exempt from licensure pursuant to § 22.1-289.031; (iv) three representatives of Head Start providers, one of which shall be operated by a local school division, and two of which shall not be operated by a local school division; (v) two representatives from local school divisions or local school boards operating early childhood programs other than Head Start providers; (vi) two representatives of nonprofit advocacy organizations in the Commonwealth that focus on early childhood care and education; (vii) one representative of a family day home that is a publicly funded provider; (viii) two professionals or faculty members from an institution of higher education in the Commonwealth who have child development or early childhood education expertise; (ix) one representative from the Virginia chapter of the American Academy of Pediatrics; (x) one representative from an advocacy or service organization that focuses on serving children with disabilities; (xi) one representative from a business in the Commonwealth; (xii) one parent of a child currently enrolled in a preschool program offered by a publicly funded provider; (xiii) one representative of the Virginia Council on Private Education; (xiv) one representative from a statewide nonprofit association in the Commonwealth whose membership includes both before-school and afterschool nonprofit child care providers and nonprofit preschool providers; (xv) one representative from a nonprofit entity that provides child care resource and referral services related to the operation of early childhood care and education programs; and (xvi) such other members as the Board may deem appropriate. The Commissioner of Social Services or his designee, the Secretary of Education or his designee, the Secretary of Health and Human Resources or his designee, the Superintendent of Public Instruction or his designee, the Commissioner of the Department of Health or his designee, the Commissioner of the Department of Behavioral Health and Development Services or his designee, and the Director of the Head Start Collaboration Office shall serve ex officio without voting privileges. The Board shall establish bylaws for such advisory committee that include term length and limits for members.

§ 22.1-289.05. Quality rating and improvement system; establishment.

A. The Board shall establish a uniform quality rating and improvement system designed to provide parents and families with information about the quality and availability of publicly funded providers. Such system shall include:

1. Service provision and performance targets for children from birth to age five that align with standards for kindergarten readiness and early elementary grades;

2. Consistent quality standards;

3. Outcome-based measurements; and

4. Incentives to encourage participation and improvement.

B. All publicly funded providers shall be required to participate in the quality rating and improvement system established pursuant to subsection A. All other child day programs may participate in such system. Any participation in such system shall comply with all applicable federal laws and regulations, including the federal Head Start Act (42 U.S.C. § 9801 et seq.), as amended, and associated regulations.

C. The Board shall establish consequences for publicly funded providers that fail to participate in the quality rating and improvement system established pursuant to subsection A or persistently fail to meet minimal quality standards.

§ 22.1-289.06. Confidential records and information; penalty.

A. The records, information, and statistical registries of the Department and of all child day programs and family day systems concerning services to or on behalf of individuals shall be confidential information, provided that the Superintendent, the Board, and their agents or designees shall have access to such records, information, and statistical registries, and that such records, information, and statistical registries may be disclosed to any person having a legitimate interest in accordance with state and federal law and regulation.

It shall be unlawful for any officer, agent, or employee of any child day program or family day system; for the Superintendent, the State Board, or their agents, designees, or employees; for any person who has held any such position; and for any other person to whom any such record or information is disclosed to disclose, directly or indirectly, any such confidential record or information, except as herein provided or pursuant to § 63.2-105. Every violation of this section shall constitute a Class 1 misdemeanor.

B. If a request for a record or information concerning applicants for and recipients of services provided in this chapter is made to the Department by a person who does not have a legitimate interest, the Superintendent shall not provide the record or information unless permitted by state or federal law or regulation.

§ 22.1-289.07. Information related to shaken baby syndrome.

The Department shall make information about shaken baby syndrome, its effects, and resources for help and support for caretakers in a printable format, and information about how to acquire information about shaken baby syndrome and its effects in an audiovisual format, available to the public on its website. Such information shall be provided to every child day program and family day system required to be licensed by the Department at the time of initial licensure and upon request.

§ 22.1-289.08. Board to investigate child day programs at direction of Governor.

Whenever the Governor considers it proper or necessary to investigate the management of any child day program or family day system licensed by or required to be inspected by the Board under the provisions of this chapter, he may direct the Board, or any committee or agent thereof, to make the investigation. The Board, committee, or agent designated by the Governor shall have power to administer oaths and to summon officers, employees, or other persons to attend as witnesses and to enforce their attendance and to compel them to produce documents and give evidence.

Article 2.

Virginia Preschool Initiative.

§ 22.1-289.09. Programs designed to promote educational opportunities.

A. The General Assembly finds that effective prevention programs designed to assist children at risk of school failure and dropout are practical mechanisms for reducing violent and criminal activity and for ensuring that Virginia's children will reach adulthood with the skills necessary to succeed; to this end, the following program is hereby established. With such funds as are appropriated for this purpose, the General Assembly hereby establishes the Virginia Preschool Initiative as a grant program to be disbursed by the Department of Education to schools and community-based organizations to provide quality preschool programs for at-risk three-year-olds and four-year-olds who are unserved by Head Start programs and for at-risk five-year-olds who are not eligible to attend kindergarten.

B. Grants shall be used to provide at least half-day services for the length of the school year for at-risk three-year-old and four-year-old children who are unserved by Head Start programs and for at-risk five-year-olds who are not eligible to attend kindergarten. The services shall include quality preschool education; health services, including nutrition access programs; social services; parental involvement, including activities to promote family literacy; and transportation.

C. The guidelines for quality preschool education and criteria for preschool education services may be differentiated according to the agency providing the services in order to comply with various relevant federal or state requirements.

1. Any classroom that exceeds benchmarks set by the Board shall be staffed as follows: (i) at least one teacher shall be provided for any classroom with 10 students or fewer students; (ii) if the average daily membership in any classroom exceeds 10 students but does not exceed 20 students, at least one full-time teacher's aide shall be assigned to the classroom; and (iii) the maximum classroom size shall be 20 students.

2. Any classroom that does not exceed benchmarks set by the Board shall be staffed as follows: (i) at least one teacher shall be provided for any classroom with nine or fewer students; (ii) if the average daily membership in any classroom exceeds nine students but does not exceed 18 students, a full-time teacher's aide shall be assigned to such classroom; and (iii) the maximum classroom size shall be 18 students.

D. School divisions and other grantees may apply for and be granted waivers from these guidelines by the Department of Education. Grants shall be distributed, with such funds as are appropriated for this purpose, based on an allocation formula providing the state share of the grant per child, as specified in the appropriation act, for at least 60 percent of the unserved at-risk four-year-olds and five-year-olds who are not eligible to attend kindergarten in the Commonwealth, such 60 percent to be calculated by adding services for 30 percent more of the unserved at-risk children to the 30 percent of unserved at-risk children in each locality provided funding in the appropriation act.

E. Local school boards may elect to serve more than 60 percent of the at-risk four-year-olds and may use federal funds or local funds for this expansion or may seek funding through this grant program for such purposes. Grants may be awarded, if funds are available in excess of the funding for the 60 percent allocation, to expand services to at-risk four-year-olds beyond the 60 percent goal.

F. In order for a locality to qualify for these grants, the local governing body shall commit to providing the required matching funds, based on the composite index of local ability to pay. Localities may use, for the purposes of meeting the local match, local or other nonstate expenditures for existing qualifying programs and shall also continue to pursue and coordinate other funding sources, including child care subsidies. Funds received through this program shall be used to supplement, not supplant, any local funds currently provided for preschool programs within the locality.

Article 3.

Licensure.

§ 22.1-289.010. Application fees; regulations and schedules; use of fees; certain facilities, centers and agencies exempt.

The Board is authorized to adopt regulations and schedules for fees to be charged for processing applications for licenses to operate child day programs and family day systems. Such schedules shall specify minimum and maximum fees and, where appropriate, gradations based on the capacity of such facilities, centers, and agencies. Fees shall be used for the development and delivery of training for operators and staff of child day programs and family day systems. Fees shall be expended for this purpose within two fiscal years following the fiscal year in which they are collected. These fees shall not be applicable to facilities, centers, or agencies operated by federal entities.

The Board shall develop training programs for operators and staffs of licensed child day programs. Such programs shall include formal and informal training offered by institutions of higher education, state and national associations representing child care professionals, local and regional early childhood educational organizations, state agencies and other trainers designated by the Board, and licensed child care providers. Training provided to operators and staffs of licensed child day programs shall include training and information regarding shaken baby syndrome, its effects, and resources for help and support for caretakers. To the maximum extent possible, the Board shall ensure that all provider interests are represented and that no single approach to training shall be given preference.

§ 22.1-289.011. Licenses required; issuance, expiration, and renewal; maximum number of participants or children; posting of licenses.

A. As used in this section, "person" means any individual; corporation; partnership; association; limited liability company; local government; state agency, including any department, institution, authority, instrumentality, board, or other administrative agency of the Commonwealth; or other legal or commercial entity that operates or maintains a child day program or family day system.

B. Every person who constitutes, or who operates or maintains, a child day program or family day system shall obtain the appropriate license from the Superintendent, which may be renewed. The Superintendent, upon request, shall consult with, advise, and assist any person interested in securing and maintaining any such license. Each application for a license shall be made to the Superintendent, in such form as he may prescribe. It shall contain the name and address of the applicant and, if the applicant is an association, partnership, limited liability company, or corporation, the names and addresses of its officers and agents. The application shall also contain a description of the activities proposed to be engaged in and the facilities and services to be employed, together with other pertinent information as the Superintendent may require.

C. The licenses shall be issued on forms prescribed by the Superintendent. Any two or more licenses may be issued for concurrent operation of more than one child day program or family day system, but each license shall be issued upon a separate form. Each license for a family day home or family day system and renewals thereof may be issued for periods of up to three successive years, unless sooner revoked or surrendered. Licenses issued to child day centers under this chapter shall have a duration of two years from date of issuance.

D. The Superintendent may extend or shorten the duration of licensure periods for a child day program or family day system whenever, in his sole discretion, it is administratively necessary to redistribute the workload for greater efficiency in staff utilization.

E. Each license shall indicate the maximum number of persons who may be cared for in the child day program or family day system for which it is issued.

F. The license and any other documents required by the Superintendent shall be posted in a conspicuous place on the licensed premises.

G. Every person issued a license that has not been suspended or revoked shall renew such license prior to its expiration.

§ 22.1-289.012. Local government to report business licenses issued to child day centers and family day homes.

The commissioner of the revenue or other local business license official shall report to the Department on a semiannual basis the name, address, and contact information of any child day center or family day home to which a business license was issued.

§ 22.1-289.013. Investigation on receipt of application.

Upon receipt of the application, the Superintendent shall cause an investigation to be made of the activities, services, and facilities of the applicant and of his character and reputation or, if the applicant is an association, partnership, limited liability company, or corporation, the character and reputation of its officers and agents, and upon receipt of the initial application, an investigation of the applicant's financial responsibility. The financial records of an applicant shall not be subject to inspection if the applicant submits an operating budget and at least one credit reference. The character and reputation investigation upon application shall include background checks pursuant to § 22.1-289.036. Records that contain confidential proprietary information furnished to the Department pursuant to this section shall be exempt from disclosure pursuant to subdivision 4 of § 2.2-3705.5.

§ 22.1-289.014. Variances.

The Superintendent may grant a variance to a regulation when the Superintendent determines that (i) a licensee or applicant for licensure as a child day program or family day system has demonstrated that the implementation of a regulation would impose a substantial financial or programmatic hardship and (ii) the variance would not adversely affect the safety and well-being of children in care. The Superintendent shall review each allowable variance at least annually. At a minimum, this review shall address the impact of the allowable variance on persons in care, adherence by the licensee to any conditions attached, and the continuing need for the allowable variance.

§ 22.1-289.015. Voluntary registration of family day homes; inspections; investigation upon receipt of complaint; revocation or suspension of registration.

A. Any person who maintains a family day home serving fewer than five children, exclusive of the provider's own children and any children who reside in the home, may apply for voluntary registration. An applicant for voluntary registration shall file with the Superintendent, prior to beginning any such operation and thereafter biennially, an application which shall include, but not be limited to, the following:

1. The name, address, phone number, and social security number of the person maintaining the family day home;
2. The number and ages of the children to receive care;
3. A sworn statement or affirmation in which the applicant attests to the accuracy of the information submitted to the Superintendent; and

4. Documentation that the background check requirements for registered family day homes in Article 5 (§ 22.1-289.034 et seq.) have been met.

B. The Board shall adopt regulations for voluntarily registered family day homes that include, but are not limited to:

1. The criteria and process for the approval of the certificate of registration;
2. Requirements for a self-administered health and safety guidelines evaluation checklist;
3. A schedule for fees to be paid by the providers to the contract organization or to the Department if it implements the provisions of this section for processing applications for the voluntary registration of family day homes. The charges collected shall be maintained for the purpose of recovering administrative costs incurred in processing applications and certifying such homes as eligible or registered;
4. The criteria and process for the renewal of the certificate of registration; and
5. The requirement that upon receipt of a complaint concerning a registered family day home, the Superintendent shall cause an investigation to be made, including on-site visits as he deems necessary, of the activities, services, and facilities. The person who maintains such home shall afford the Superintendent reasonable opportunity to inspect the operator's facilities and records and to interview any employees and any child or other person within his custody or control. Whenever a registered family day home is determined by the Superintendent to be in noncompliance with the regulations for voluntarily registered family day homes, the Superintendent shall give reasonable notice to the operator of the nature of the noncompliance and may thereafter revoke or suspend the registration.

C. Upon receiving the application on forms prescribed by the Superintendent, and after having determined that the home has satisfied the requirements of the regulations for voluntarily registered family day homes, the Superintendent shall issue a certificate of registration to the family day home.

D. The Superintendent shall contract in accordance with the requirements of the Virginia Public Procurement Act (§ 2.2-4300 et seq.) with qualified local agencies and community organizations to review applications and certify family day homes as eligible for registration, pursuant to the regulations for voluntarily registered family day homes. If no qualified local agencies or community organizations are available, the Superintendent shall implement the provisions of this section. For the purposes of this subsection, "qualified" means demonstrated ability to provide sound financial management and administrative services including application processing, maintenance of records and reports, technical assistance, consultation, training, monitoring, and random inspections.

E. The scope of services in contracts shall include:

1. The identification of family day homes which may meet the standards for voluntary registration provided in subsection A; and
2. A requirement that the contract organization shall provide administrative services, including, but not limited to, processing applications for the voluntary registration of family day homes; certifying such homes as eligible for

registration; providing technical assistance, training and consultation with family day homes; ensuring providers' compliance with the regulations for voluntarily registered family day homes, including monitoring and random inspections; and maintaining permanent records regarding all family day homes which it may certify as eligible for registration.

F. The contract organization, upon determining that a family day home has satisfied the requirements of the regulations for voluntarily registered family day homes, shall certify the home as eligible for registration on forms prescribed by the Superintendent. The Superintendent, upon determining that certification has been properly issued, may register the family day home.

G. The provisions of this section shall not apply to any family day home located in a county, city, or town in which the governing body provides by ordinance for the regulation and licensing of persons who provide child-care services for compensation and for the regulation and licensing of child-care facilities pursuant to the provisions of § 15.2-914.

§ 22.1-289.016. Unlicensed and unregistered family day homes; notice to parents.

Every unlicensed, unregistered family day home shall provide written notice to the parents of every child receiving care, at the time the family day home begins providing care for the child, stating that the family day home is not regulated by the Department and referring parents to a website maintained by the Department for additional information regarding licensed, registered, and unlicensed, unregistered family day homes. The provisions of this section shall not apply to an unlicensed, unregistered family day home in which all of the children receiving care are related to the provider by blood or marriage.

§ 22.1-289.017. Compliance with Uniform Statewide Building Code.

Buildings licensed as child day programs or family day systems shall be classified by and meet the specifications for the proper Use Group as required by the Virginia Uniform Statewide Building Code.

§ 22.1-289.018. Inspections and interviews.

A. Applicants for licensure and licensees shall at all times afford the Superintendent reasonable opportunity to inspect all of their facilities, books and records, and to interview their agents and employees and any person living or participating in such facilities, or under their custody, control, direction, or supervision. Interviews conducted pursuant to this section with persons living or participating in a facility operated by or under the custody, control, direction, or supervision of an applicant for licensure or a licensee shall be (i) authorized by the person to be interviewed or his legally authorized representative and (ii) limited to discussion of issues related to the applicant's or licensee's compliance with applicable laws and regulations, including ascertaining if assessments and reassessments of residents' cognitive and physical needs are performed as required under regulations of the Board.

B. All licensed child day programs and family day systems shall be inspected not less than twice annually, and one of those inspections shall be unannounced.

C. The activities, services, and facilities of each applicant for renewal of his license as a child day program or family day system shall be subject to an inspection or examination by the Superintendent to determine if he is in compliance with current regulations of the Board.

D. The Superintendent may authorize such other announced or unannounced inspections as the Superintendent considers appropriate.

§ 22.1-289.019. Inspections of child day programs and family day systems; prioritization.

The Superintendent shall prioritize inspections of child day programs and family day systems in the following order: (i) inspections conducted in response to a complaint involving a licensed, registered, license-exempt, or unlicensed child day program or family day system; (ii) inspections of licensed or registered child day programs and family day systems that are not conducted in response to a complaint; (iii) inspections of license-exempt or unlicensed child day programs and family day systems that have entered into a contract with the Department or its agents or designees or a local department of social services to provide child care services funded by the Child Care and Development Block Grant, other than inspections conducted in response to a complaint; and (iv) inspections of license-exempt and unlicensed child day programs and family day systems that are not conducted in response to a complaint.

§ 22.1-289.020. Issuance or refusal of license; notification; provisional and conditional licenses.

Upon completion of his investigation, the Superintendent shall issue an appropriate license to the applicant if (i) the applicant has made adequate provision for such activities, services, and facilities as are reasonably conducive to the welfare of the children over whom he may have control; (ii) at the time of initial application, the applicant has submitted an operating budget and at least one credit reference; (iii) he is, or the officers and agents of the applicant if it is an association, partnership, limited liability company, or corporation are, of good character and reputation; and (iv) the applicant and agents comply with the provisions of this chapter. Otherwise, the license shall be denied. Immediately upon taking final action, the Superintendent shall notify the applicant of such action.

Upon completion of the investigation for the renewal of a license, the Superintendent may issue a provisional license to any applicant if the applicant is temporarily unable to comply with all of the licensure requirements. The provisional license may be renewed, but the issuance of a provisional license and any renewals thereof shall be for no longer a period than six successive months. A copy of the provisional license shall be prominently displayed by the provider at each public entrance of the subject facility and shall be printed in a clear and legible size and style. In addition, the facility shall be required to prominently display next to the posted provisional license a notice that a description of specific violations of licensing standards to be corrected and the deadline for completion of such corrections is available for inspection at the facility and on the facility's website, if applicable.

At the discretion of the Superintendent, a conditional license may be issued to an applicant to operate a new facility in order to permit the applicant to demonstrate compliance with licensure requirements. Such conditional license may be renewed, but the issuance of a conditional license and any renewals thereof shall be for no longer a period than six successive months.

§ 22.1-289.021. Records and reports.

Every licensed or registered child day program and family day system shall keep such records and make such reports to the Superintendent as he may require. The forms to be used in the making of such reports shall be prescribed and furnished by the Superintendent.

§ 22.1-289.022. Enforcement and sanctions; child day programs and family day systems; revocation and denial.

A. The Superintendent may revoke or deny the renewal of the license of any child day program or family day system that violates any provision of this chapter or fails to comply with the limitations and standards set forth in its license.

B. Pursuant to the procedures set forth in subsection C, and in addition to the authority for other disciplinary actions provided in this title, the Superintendent may issue a notice of summary suspension of the license of any child day program or family day system, in conjunction with any proceeding for revocation, denial, or other action, when conditions or practices exist in the child day program or family day system that pose an immediate and substantial threat to the health, safety, and welfare of the children receiving care, and the Superintendent believes the operation of the child day program or family day system should be suspended during the pendency of such proceeding.

C. A notice of summary suspension issued by the Superintendent to a child day program or family day system shall set forth (i) the summary suspension procedures; (ii) hearing and appeal rights as provided in this subsection; (iii) facts and evidence that formed the basis for the summary suspension; and (iv) the time, date, and location of a hearing to determine whether the summary suspension is appropriate. Such notice shall be served on the child day program or family day system or its designee as soon as practicable thereafter by personal service or certified mail, return receipt requested, to the address of record of the child day program or family day system.

The summary suspension hearing shall be presided over by a hearing officer selected by the Superintendent from a list prepared by the Executive Secretary of the Supreme Court of Virginia and shall be held as soon as practicable, but in no event later than 15 business days following service of the notice of summary suspension; however, the hearing officer may grant a written request for a continuance, not to exceed an additional 10 business days, for good cause shown. Within 10 business days after such hearing, the hearing officer shall provide to the Superintendent written findings and conclusions, together with a recommendation as to whether the license should be summarily suspended.

Within 10 business days of the receipt of the hearing officer's findings, conclusions, and recommendation, the Superintendent may issue a final order of summary suspension or an order that such summary suspension is not warranted by the facts and circumstances presented. The Superintendent shall adopt the hearing officer's recommended decision unless to do so would be an error of law or Department policy. In the event that the Superintendent rejects the hearing officer's findings, conclusions, or recommendation, the Superintendent shall state with particularity the basis for rejection. In issuing a final order of summary suspension, the Superintendent may choose to suspend the license of the child day program or family day system or to suspend only certain authority of the child day program or family day system to operate, including the authority to provide certain services or perform certain functions that the Superintendent determines should be restricted or modified in order to protect the health, safety, or welfare of the children receiving care. A final order of summary suspension shall include notice that the licensee may appeal the Superintendent's decision to the appropriate circuit court no later than 10 days following service of the order. The sole issue before the court shall be whether the Superintendent had reasonable grounds to require the licensee to cease operations during the pendency of the concurrent revocation, denial, or other proceeding. The concurrent revocation, denial, or other proceeding shall not be affected by the outcome of any hearing on the appropriateness of the summary suspension.

A copy of any final order of summary suspension shall be prominently displayed by the child day program or family day system at each public entrance of the facility, or in lieu thereof, the child day program or family day system may display a written statement summarizing the terms of the order in a prominent location, printed in a clear and legible size and typeface, and identifying the location within the facility where the final order of summary suspension may be reviewed.

The willful and material failure to comply with the final order of summary suspension constitutes a violation of subdivision 3 of § 22.1-298.027.

The provisions of this subsection shall not apply to any child day program or family day system operated by an agency of the Commonwealth, which shall instead be governed by the provisions of subsection D.

D. Whenever the Superintendent issues a summary order of suspension of the license to operate a child day program or family day system operated by an agency of the Commonwealth:

1. Before such summary order of suspension shall take effect, the Superintendent shall issue to the child day program or family day system a notice of summary order of suspension setting forth (i) the procedures for a hearing and right of review as provided in this section and (ii) facts and evidence that formed the basis on which the summary order of suspension is sought. Such notice shall be served on the licensee or its designee as soon as practicable thereafter by personal service or certified mail, return receipt requested, to the address of record of the licensee. The notice shall state the time, date, and location of a hearing to determine whether the suspension is appropriate. Such hearing shall be held no later than three business days after the issuance of the notice of the summary order of suspension and shall be convened by

the Superintendent or his designee. After such hearing, the Superintendent may issue a final order of summary suspension or may find that such summary suspension is not warranted by the facts and circumstances presented.

2. A final order of summary suspension shall include notice that the licensee may request, in writing and within three business days after receiving the Superintendent's decision, that the Superintendent refer the matter to the Secretary of Education for resolution within three business days of the referral. Any determination by the Secretary shall be final and not subject to judicial review. If the final order of summary suspension is upheld, it shall take effect immediately, and a copy of the final order of summary suspension shall be prominently displayed by the licensee at each public entrance of the facility. Any concurrent revocation, denial, or other proceedings shall not be affected by the outcome of any determination by the Secretary.

§ 22.1-289.023. Enforcement and sanctions; special orders; civil penalties.

A. Notwithstanding any other provision of law, following a proceeding as provided in § 2.2-4019, the Superintendent may issue a special order (i) for violation of any of the provisions of this chapter, § 54.1-3408, or any regulation adopted under any provision of this chapter which violation adversely affects, or is an imminent and substantial threat to, the health, safety, or welfare of the person cared for therein, or (ii) for permitting, aiding, or abetting the commission of any illegal act in a child day program or family day system. Notice of the Superintendent's intent to take any of the actions enumerated in subdivisions B 1 through 6 shall be provided by the Department, and a copy of such notice shall be posted in a prominent place at each public entrance of the licensed premises to advise consumers of serious or persistent violations. The issuance of a special order shall be considered a case decision as defined in § 2.2-4001. Actions set forth in subsection B may be appealed by (a) a child day program or family day system operated by an agency of the Commonwealth in accordance with § 22.1-289.025 or (b) any other child day program or family day system in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). The Superintendent shall not delegate his authority to impose civil penalties in conjunction with the issuance of special orders.

B. The Superintendent may take the following actions regarding child day programs and family day systems through the issuance of a special order and may require a copy of the special order provided by the Department to be posted in a prominent place at each public entrance of the licensed premises to advise consumers of serious or persistent violations:

1. Place a licensee on probation upon finding that the licensee is substantially out of compliance with the terms of its license and that the health and safety of children are at risk;

2. Reduce licensed capacity or prohibit new admissions when the Superintendent concludes that the licensee cannot make necessary corrections to achieve compliance with regulations except by a temporary restriction of its scope of service;

3. Mandate training for the licensee or licensee's employees, with any costs to be borne by the licensee, when the Superintendent concludes that the lack of such training has led directly to violations of regulations;

4. Assess civil penalties of not more than \$500 per inspection upon finding that the child day program or family day system is substantially out of compliance with the terms of its license and the health and safety of children are at risk; however, no civil penalty shall be imposed pursuant to this subdivision on any child day program or family day system operated by an agency of the Commonwealth;

5. Require licensees to contact parents, guardians, or other responsible persons in writing regarding health and safety violations; and

6. Prevent licensees who are substantially out of compliance with the licensure terms or in violation of the regulations from receiving public funds.

C. The Board shall adopt regulations to implement the provisions of this section.

§ 22.1-289.024. Appeal from refusal, denial of renewal, or revocation of license.

A. Whenever the Superintendent refuses to issue a license or to renew a license or revokes a license for a child day program or family day system operated by an agency of the Commonwealth, the provisions of § 22.1-289.025 shall apply. Whenever the Superintendent refuses to issue a license or to renew a license or revokes a license for any child day program or family day system other than a child day program or family day system operated by an agency of the Commonwealth, the provisions of the Administrative Process Act (§ 2.2-4000 et seq.) shall apply, except that all appeals from notice of the Superintendent's intent to refuse to issue or renew, or revoke a license shall be received in writing from the child day program or family day system operator within 15 days of the date of receipt of the notice. Judicial review of a final review agency decision shall be in accordance with the provisions of the Administrative Process Act. No stay may be granted upon appeal to the Virginia Supreme Court.

B. In every appeal to a court of record, the Superintendent shall be named defendant.

C. An appeal, taken as provided in this section, shall operate to stay any criminal prosecution for operation without a license.

D. When issuance or renewal of a license for a child day program or family day system has been refused by the Superintendent, the applicant shall not thereafter for a period of six months apply again for such license unless the Superintendent in his sole discretion believes that there has been such a change in the conditions on account of which he refused the prior application as to justify considering the new application. When an appeal is taken by the applicant pursuant to subsection A, the six-month period shall be extended until a final decision has been rendered on appeal.

§ 22.1-289.025. Right to appeal notice of intent; child day programs and family day systems operated by agencies of the Commonwealth.

Any child day program or family day system operated by an agency of the Commonwealth shall have the right to appeal any notice of intent as follows:

1. Within 30 days after receiving a notice of intent to impose a sanction, the licensee shall request in writing that the Superintendent review the intended agency action and may submit, together with such request, relevant information, documentation, or other pertinent data supporting its appeal. The Superintendent shall issue a decision within 60 days after receiving the request and shall have the authority to uphold the sanction or take whatever action he deems appropriate to resolve the controversy.

2. If the child day program or family day system disputes the Superintendent's decision, the licensee shall request, within 30 days of receiving the Superintendent's decision, that the Superintendent refer the matter to the Secretary of Education. The Secretary shall issue a decision within 60 days of receiving the request for review. The Secretary's decision shall be final and shall not be subject to review.

§ 22.1-289.026. Injunction against operation without license.

Any circuit court having jurisdiction in the county or city where the principal office of any child day program or family day system is located shall, at the suit of the Superintendent, have jurisdiction to enjoin its operation without a license required by this chapter.

§ 22.1-289.027. Offenses; penalty.

Any person, and each officer and each member of the governing board of any association or corporation that operates a child day program or family day system, shall be guilty of a Class 1 misdemeanor if he:

1. Interferes with any representative of the Superintendent in the discharge of his duties under this chapter;

2. Makes to the Superintendent or any representative of the Superintendent any report or statement, with respect to the operation of any child day program or family day system, that is known by such person to be false or untrue;

3. Operates or engages in the conduct of a child day program or family day system without first obtaining a license as required by this chapter or after such license has been revoked or suspended or has expired and not been renewed. No violation shall occur if the agency has applied to the Department for renewal prior to the expiration date of the license. Every day's violation of this subdivision shall constitute a separate offense; or

4. Operates or engages in the conduct of a child day program or family day system serving more persons than the maximum stipulated in the license.

§ 22.1-289.028. Misleading advertising prohibited.

No child day program or family day system shall make, publish, disseminate, circulate, or place before the public or cause, directly or indirectly, to be made, published, disseminated, circulated or placed before the public in this Commonwealth, in a newspaper or other publication; in the form of a book, notice, handbill, poster, blueprint, map, bill, tag, label, circular, pamphlet, or letter; or via electronic mail, website, automatic mailing list services (listservs), newsgroups, facsimile, chat rooms; or in any other way an advertisement of any sort regarding services or anything so offered to the public, which advertisement contains any promise, assertion, representation or statement of fact that is untrue, deceptive, or misleading.

§ 22.1-289.029. Duty of attorneys for the Commonwealth.

It shall be the duty of the attorney for the Commonwealth of every county and city to prosecute all violations of this chapter.

2. Programs of instructional or recreational activities wherein no child under age six attends for more than six hours weekly with no class or activity period to exceed one and one-half hours, and no child six years of age or above attends for more than six hours weekly when school is in session or 12 hours weekly when school is not in session. Competition, performances, and exhibitions related to the instructional or recreational activity shall be excluded when determining the hours of program operation.

3. Instructional programs offered by private schools that serve school-age children and that satisfy compulsory attendance laws or provide services under the Individuals with Disabilities Education Act, as amended, and programs of school-sponsored extracurricular activities that are focused on single interests such as, but not limited to, music, sports, drama, civic service, or foreign language.

2. A program where, by written policy given to and signed by a parent or guardian, school-age children are free to enter and leave the premises without permission. A program that would qualify for this exemption except that it assumes responsibility for the supervision, protection, and well-being of several children with disabilities who are mainstreamed shall not be subject to licensure.

3. A program that operates no more than a total of 20 program days in the course of a calendar year, provided that programs serving children under age six operate no more than two consecutive weeks without a break of at least a week.

4. Child-minding services that are not available for more than three hours per day for any individual child offered on site in commercial or recreational establishments if the parent or guardian (i) can be contacted and can resume responsibility for the child's supervision within 30 minutes and (ii) is receiving or providing services or participating in activities offered by the establishment.

A program offered by a local school division, operated for no more than four hours per day, staffed by local school division employees, and attended by children who are at least three years of age and are enrolled in public school or a preschool program within such school division. Such programs shall be subject to safety and supervisory standards established by the local school division offering the program.

8. Child-minding services offered by a business on the premises of the business to no more than four children under the age of 13 at any given time and for no more than eight hours per day, provided that the parent or guardian of every child receiving care is an employee of the business who is on the premises of the business and can resume responsibility for the child's supervision within 30 minutes upon request.

C. Child day programs that are exempt from licensure pursuant to subsection B, except for child day programs that are exempt from licensure pursuant to subdivision B 1 or 5, shall:

1. File with the Superintendent annually and prior to beginning operation of a child day program a statement indicating the intent to operate a child day program, identifying the specific provision of this section relied upon for exemption from licensure, and certifying that the child day program has disclosed in writing to the parents or guardians of the children in the program the fact that it is exempt from licensure;

2. Report to the Superintendent all incidents involving serious physical injury to or death of children attending the child day program. Reports of serious physical injuries, which shall include any physical injuries that require an emergency referral to an offsite health care professional or treatment in a hospital, shall be submitted annually. E. The Superintendent shall inspect child day programs that are exempt from licensure pursuant to subsection B to determine compliance with the provisions of this section only upon receipt of a complaint, except as otherwise provided by law.

F. Family day homes that are members of a licensed family day system shall not be required to obtain a license from the Superintendent.

§ 22.1-289.031. Child day center operated by religious institution exempt from licensure; annual statement and documentary evidence required; enforcement; injunctive relief.

A. Notwithstanding any other provisions of this chapter, a child day center, including a child day center operated or conducted under the auspices of a religious institution, shall be exempt from the licensure requirements of this chapter, but shall comply with the provisions of this section unless it chooses to be licensed. If such religious institution chooses not to be licensed, it shall file with the Superintendent, prior to beginning operation of a child day center and thereafter annually, a statement of intent to operate a child day center, certification that the child day center has disclosed in writing to the parents or guardians of the children in the center the fact that it is exempt from licensure and has posted the fact that it is exempt from licensure in a visible location on the premises, the qualifications of the personnel employed therein, and documentary evidence that:

1. Such religious institution has tax exempt status as a nonprofit religious institution in accordance with § 501(c) of the Internal Revenue Code of 1954, as amended, or that the real property owned and exclusively occupied by the religious institution is exempt from local taxation.

2. Within the prior 90 days for the initial exemption and within the prior 180 days for exemptions thereafter, the local health department and local fire marshal or Office of the State Fire Marshal, whichever is appropriate, have inspected the physical facilities of the child day center and have determined that the center is in compliance with applicable laws and regulations with regard to food service activities, health and sanitation, water supply, building codes, and the Statewide Fire Prevention Code or the Uniform Statewide Building Code.

3. The child day center employs supervisory personnel according to the following ratio of staff to children:

- a. One staff member to four children from ages zero to 16 months.

- d. One staff member to 10 children from ages 36 months to five years.
- e. One staff member to 20 children from ages five years to nine years.
- f. One staff member to 25 children from ages nine years to 12 years.

Staff shall be counted in the required staff-to-children ratios only when they are directly supervising children. In each grouping of children, at least one adult staff member shall be regularly present. However, during designated daily rest periods and designated sleep periods of evening and overnight care programs, for children ages 16 months to six years, only one staff member shall be required to be present with the children under supervision. In such cases, at least one staff member shall be physically present in the same space as the children under supervision at all times. Other staff members counted for purposes of the staff-to-child ratio need not be physically present in the same space as the resting or sleeping children, but shall be present on the same floor as the resting or sleeping children and shall have no barrier to their immediate access to the resting or sleeping children. The staff member who is physically present in the same space as the sleeping children shall be able to summon additional staff counted in the staff-to-child ratio without leaving the space in which the resting or sleeping children are located.

Staff members shall be at least 16 years of age. Staff members under 18 years of age shall be under the supervision of an adult staff member. Adult staff members shall supervise no more than two staff members under 18 years of age at any given time.

4. Each person in a supervisory position has been certified by a practicing physician or physician assistant to be free from any disability which would prevent him from caring for children under his supervision.

5. The center is in compliance with the requirements of:

- a. This section.
- b. Section 22.1-289.039 relating to background checks.
- c. Section 63.2-1509 relating to the reporting of suspected cases of child abuse and neglect.
- d. Chapter 3 (§ 46.2-300 et seq.) of Title 46.2 regarding a valid Virginia driver's license or commercial driver's license; Article 21 (§ 46.2-1157 et seq.) of Chapter 10 of Title 46.2, regarding vehicle inspections; ensuring that any vehicle used to transport children is an insured motor vehicle as defined in § 46.2-705; and Article 13 (§ 46.2-1095 et seq.) of Chapter 10 of Title 46.2, regarding child restraint devices.

6. The following aspects of the child day center's operations are described in a written statement provided to the parents or guardians of the children in the center and made available to the general public: physical facilities, enrollment capacity, food services, health requirements for the staff, and public liability insurance.

7. The individual seeking to operate the child day center is not currently ineligible to operate another child day program due to a suspension or revocation of his license or license exemption for reasons involving child safety or any criminal conviction, including fraud, related to such child day program.

8. A person trained and certified in first aid and cardiopulmonary resuscitation (CPR) will be present at the child day center whenever children are present or at any other location in which children attending the child day center are present.

9. The child day center is in compliance with all safe sleep guidelines recommended by the American Academy of Pediatrics.

B. The center shall establish and implement procedures for:

1. Hand washing by staff and children before eating and after toileting and diapering.

2. Appropriate supervision of all children in care, including daily intake and dismissal procedures to ensure safety of children.

4. Ensuring that all children in the center are in compliance with the provisions of § 32.1-46 regarding the immunization of children against certain diseases.

5. Ensuring that all areas of the premises accessible to children are free of obvious injury hazards, including providing and maintaining sand or other cushioning material under playground equipment.

6. Ensuring that all staff are able to recognize the signs of child abuse and neglect.

7. Ensuring that all incidents involving serious physical injury to or death of children attending the child day center are reported to the Superintendent. Reports of serious physical injuries, which shall include any physical injuries that require an emergency referral to an offsite health care professional or treatment in a hospital, shall be submitted annually. Reports of deaths shall be submitted no later than one business day after the death occurred.

C. The Superintendent may perform on-site inspections of religious institutions to confirm compliance with the provisions of this section and to investigate complaints that the religious institution is not in compliance with the provisions of this section. The Superintendent may revoke the exemption for any child day center in serious or persistent violation of the requirements of this section. If a religious institution operates a child day center and does not file the statement and documentary evidence required by this section, the Superintendent shall give reasonable notice to such religious institution of the nature of its noncompliance and may thereafter take such action as he determines appropriate, including a suit to enjoin the operation of the child day center.

D. Any person who has reason to believe that a child day center falling within the provisions of this section is not in compliance with the requirements of this section may report the same to the Department, the local health department, or the local fire marshal, each of which may inspect the child day center for noncompliance, give reasonable notice to the religious institution, and thereafter may take appropriate action as provided by law, including a suit to enjoin the operation of the child day center.

E. Nothing in this section shall prohibit a child day center operated by or conducted under the auspices of a religious institution from obtaining a license pursuant to this chapter.

§ 22.1-289.032. Certification of preschool or nursery school programs operated by accredited private schools; provisional certification; annual statement and documentary evidence required; enforcement; injunctive relief.

A. A preschool or nursery school program operated by a private school accredited by an accrediting organization recognized by the Board pursuant to § 22.1-19 shall be exempt from licensure under this chapter if it complies with the provisions of this section and meets the requirements of subsection B.

B. A school described in subsection A shall meet the following conditions in order to be exempt under this subsection:

1. The school offers kindergarten or elementary school instructional programs that satisfy compulsory school attendance laws, and children below the age of compulsory school attendance also participate in such instructional programs;

2. The number of pupils in the preschool program does not exceed 12 pupils for each instructional adult, or if operated as a Montessori program with mixed age groups of three-year-old to six-year-old children, the number of pupils in the preschool program does not exceed 15 pupils for each instructional adult;

3. The school (i) maintains an average enrollment ratio during the current school year of five children age five or above to one four-year-old child, and no child in attendance is under age four, or (ii) does not allow children below the age of eligibility for kindergarten attendance to attend the preschool program for more than five hours per day, of which no more than four hours of instructional classes may be provided per day, and no child in attendance is under age three;

4. The preschool offers instructional classes and does not hold itself out as a child care center or child day program;

5. Children enrolled in the preschool do not attend more than five days per week; and

6. The school maintains a certificate or permit issued pursuant to a local government ordinance that addresses health, safety, and welfare of the children.

C. The school shall file with the Superintendent, prior to the beginning of the school year or calendar year, as the case may be, and thereafter, annually, a statement which includes the following:

1. Intent to operate a certified preschool program;

2. Documentary evidence that the school has been accredited as provided in subsection A;

3. Documentation that the school has disclosed in writing to the parents, guardians, or persons having charge of a child enrolled in the school's preschool program and has posted in a visible location on the premises the fact of the program's exemption from licensure;

4. Documentary evidence that the physical facility in which the preschool program will be conducted has been inspected (i) before initial certification by the local building official and (ii) within the 12-month period prior to initial certification and at least annually thereafter by the local health department, and local fire marshal or Office of the State Fire Marshal, whichever is appropriate, and an inspection report that documents that the facility is in compliance with applicable laws and regulations pertaining to food services, health and sanitation, water supply, building codes, and the Statewide Fire Prevention Code or the Uniform Statewide Building Code;

5. Documentation that the school has disclosed the following in writing to the parents, guardians, or persons having charge of a child enrolled in the school's preschool program, and in a written statement available to the general public:

6. Qualifications of school personnel who work in the preschool program;

7. Certification that the school will report to the Superintendent all incidents involving serious injury to or death of children attending the preschool program. Reports of serious injuries, which shall include any injuries that require an emergency referral to an offsite health care professional or treatment in a hospital, shall be submitted annually. Reports of deaths shall be submitted no later than one business day after the death occurred; and

8. Documentary evidence that the private school, as set forth in § 22.1-19 and administered by the Virginia Council for Private Education, requires all employees of the preschool and other school employees who have contact with the children enrolled in the preschool program to obtain a criminal record check as provided in § 22.1-289.035 to meet the requirements of § 22.1-296.3 as a condition of initial or continued employment.

All accredited private schools seeking certification of preschool programs shall file such information on forms prescribed by the Superintendent. The Superintendent shall certify all preschool programs of accredited private schools which comply with the provisions of subsection A. The Superintendent may conduct an annual inspection of such preschool programs to ensure compliance with the provisions of this section and conduct inspections to investigate complaints alleging noncompliance.

D. A preschool program of a private school that has not been accredited as provided in subsection A shall be subject to licensure.

E. If the preschool program of a private school that is accredited as provided in subsection A fails to file the statement and the required documentary evidence, the Superintendent shall notify the school of its noncompliance and may thereafter take such action as he determines appropriate, including notice that the program is required to be licensed.

F. The revocation or denial of the certification of a preschool program shall be subject to appeal pursuant to the provisions of the Administrative Process Act (§ 2.2-4000 et seq.). Judicial review of a final agency decision shall be in accordance with the provisions of the Administrative Process Act.

G. Any person who has reason to believe that a private school falling within the provisions of this section is in noncompliance with any applicable requirement of this section may report the same to the Department, the local health department, or the local fire marshal, each of which may inspect the school for noncompliance, give reasonable notice to the school of the nature of its noncompliance, and thereafter may take appropriate action as provided by law, including a suit to enjoin the operation of the preschool program.

H. Upon receipt of a complaint concerning a certified preschool program of an accredited private school, if for good cause shown there is reason to suspect that the school is in noncompliance with any provision of this section or the health or safety of the children attending the preschool program is in danger, the Superintendent shall cause an investigation to be made, including on-site visits as he deems necessary of the services, personnel, and facilities of the school's preschool program. The school shall afford the Superintendent reasonable opportunity to inspect the school's preschool program, records, and facility, and to interview the employees and any child or parent or guardian of a child who is or has been enrolled in the preschool program. If, upon completion of the investigation, it is determined that the school is in noncompliance with the provisions of this section, the Superintendent shall give reasonable notice to the school of the nature of its noncompliance and thereafter may take appropriate action as provided by law, including a suit to enjoin the operation of the preschool program.

I. Failure of a private school to comply with the provisions of this section, or a finding that the health and safety of the children attending the preschool program are in clear and substantial danger upon the completion of an investigation, shall be grounds for revocation of the certification issued pursuant to this section.

J. If a private school operates a child day program outside the scope of its instructional classes during the school year or operates a child day program during the summer, the child day program shall be subject to licensure under the regulations adopted pursuant to § 22.1-289.046.

K. Nothing in this section shall prohibit a preschool operated by or conducted under the auspices of a private school from obtaining a license pursuant to this chapter.

§ 22.1-289.033. Inspection of unlicensed child care operations; inspection warrant.

In order to perform his duties under this chapter, the Superintendent may enter and inspect any unlicensed child care operation with the consent of the owner or person in charge, or pursuant to a warrant. Administrative search warrants for inspections of child care operations, based upon a petition demonstrating probable cause and supported by an affidavit, may be issued ex parte by any judge having authority to issue criminal warrants whose territorial jurisdiction includes the child care operation to be inspected, if he is satisfied from the petition and affidavit that there is reasonable and probable cause for the inspection. The affidavit shall contain either a statement that consent to inspect has been sought and refused, or that facts and circumstances exist reasonably justifying the failure to seek such consent. Such facts may include, without limitation, past refusals to permit inspection or facts establishing reason to believe that seeking consent would provide an opportunity to conceal violations of statutes or regulations. Probable cause may be demonstrated by an affidavit showing probable cause to believe that the child care operation is in violation of any provision of this chapter or any regulation adopted pursuant to this chapter, or upon a showing that the inspection is to be made pursuant to a reasonable

administrative plan for the administration of this chapter. The inspection of a child care operation that has been the subject of a complaint pursuant to § 22.1-289.042 shall have preeminent priority over any other inspections of child care operations to be made by the Superintendent unless the complaint on its face or in the context of information known to the Superintendent discloses that the complaint has been brought to harass, to retaliate, or otherwise to achieve an improper purpose, and that the improper purpose casts serious doubt on the veracity of the complaint. After issuing a warrant under this section, the judge shall file the affidavit in the manner prescribed by § 19.2-54. Such warrant shall be executed and returned to the clerk of the circuit court of the city or county wherein the inspection was made.

Article 5.

Background Checks.

§ 22.1-289.034. Barrier crime; construction.

For purposes of this chapter, convictions for any barrier crime as defined in § 19.2-392.02 shall include prior adult convictions and juvenile convictions or adjudications of delinquency based on a crime that would be a felony if committed by an adult within or outside the Commonwealth.

The applicant's fingerprints and personal descriptive information obtained pursuant to subdivision 2 shall be forwarded by the Department or its designee or, in the case of a child day program operated by a local government, may be forwarded by the local law-enforcement agency through the Central Criminal Records Exchange to the Federal Bureau of Investigation for the purpose of obtaining national criminal history record information regarding such applicant. Upon receipt of an applicant's record or notification that no record exists, the Central Criminal Records Exchange shall forward the information to the Department or its designee, and the Department or its designee shall report to the child day center or family day home whether the applicant is eligible to have responsibility for the safety and well-being of children. In cases in which the record forwarded to the Department or its designee is lacking disposition data, the Department or its designee shall conduct research in whatever state and local recordkeeping systems are available in order to obtain complete data before reporting to the child day center, family day home, or family day system.

C. The child day center, family day home, or family day system described in subsection A shall inform every individual required to undergo a background check pursuant to this section that he is entitled to obtain a copy of any background check report and to challenge the accuracy and completeness of any such report and obtain a prompt resolution before a final determination is made of the individual's eligibility to have responsibility for the safety and well-being of children.

D. Any person making a materially false statement regarding the sworn statement or affirmation provided pursuant to subdivision B 1 is guilty of a Class 1 misdemeanor.

E. Further dissemination of the background check information is prohibited other than to the Superintendent's representative or a federal or state authority or court as may be required to comply with an express requirement of law for such further dissemination.

F. A person who complies in good faith with the provisions of this section shall not be liable for any civil damages for any act or omission in the performance of duties under this section unless the act or omission was the result of gross negligence or willful misconduct.

G. Notwithstanding the provisions of subsection A, a child day center may hire for compensated employment persons who have been convicted of not more than one misdemeanor offense under § 18.2-57, or any substantially similar offense

under the laws of another jurisdiction, if 10 years have elapsed following the conviction, unless the person committed such offense while employed in a child day center or the object of the offense was a minor.

H. Fees charged for the processing and administration of background checks pursuant to this section shall not exceed the actual cost to the state or the local law-enforcement agency of such processing and administration.

I. Any individual required to undergo a background check pursuant to subsection A who is (i) convicted of any barrier crime as defined in § 19.2-392.02 or (ii) found to be the subject of a founded complaint of child abuse or neglect within or outside of the Commonwealth shall notify the child day center, family day home, or family day system described in subsection A of such conviction or finding.

§ 22.1-289.036. Background check upon application for licensure, registration, or approval as child day center, family day home, or family day system; penalty.

A. Every (i) applicant for licensure as a child day center, family day home, or family day system, registration as a family day home, or approval as a family day home by a family day system; (ii) agent of an applicant for licensure as a child day center, family day home, or family day system, registration as a family day home, or approval as a family day home by a family day system at the time of application who is or will be involved in the day-to-day operations of the child day center, family day home, or family day system or who is or will be alone with, in control of, or supervising one or more of the children; and (iii) adult living in such child day center or family day home shall undergo a background check in accordance with subsection B prior to issuance of a license as a child day center, family day home, or family day system, registration as a family day home, or approval as a family day home by a family day system and every five years thereafter.

B. Every person required to undergo a background check pursuant to subsection A shall:

2. Submit to fingerprinting and provide personal descriptive information described in subdivision B 2 of § 19.2-392.02; and

3. Authorize the child day center, family day home, or family day system specified in subsection A to obtain a copy of the results of a search of the central registry maintained pursuant to § 63.2-1515 and any child abuse and neglect registry or equivalent registry maintained by any other state in which the individual has resided in the preceding five years for any founded complaint of child abuse or neglect against him.

Fingerprints and personal descriptive information obtained pursuant to subdivision 2 shall be forwarded by the Department or its designee or, in the case of a child day program operated by a local government, may be forwarded by the local law-enforcement agency through the Central Criminal Records Exchange to the Federal Bureau of Investigation for the purpose of obtaining national criminal history record information regarding the individual. Upon receipt of an individual's record or notification that no record exists, the Central Criminal Records Exchange shall forward the information to the Department or its designee. The Department or its designee shall report to the child day center, family day home, or family day system described in subsection A as to whether the individual is eligible to have responsibility for the safety and well-being of children. In cases in which the record forwarded to the Department or its designee is lacking disposition data, the Department or its designee shall conduct research in whatever state and local recordkeeping systems are available in order to obtain complete data.

C. If any person specified in subsection A required to have a background check (i) has been convicted of any barrier crime as defined in § 19.2-392.02 or (ii) is the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth, and such person has not been granted a waiver by the Superintendent pursuant to § 22.1-289.038, no license as a child day center, family day home, or family day system or registration as a family day home shall be granted by the Superintendent and no approval as a family day home shall be granted by the family day system.

D. Information from a search of the central registry maintained pursuant to § 63.2-1515 and any child abuse and neglect registry or equivalent registry maintained by any other state in which the applicant, agent, or adult has resided in the preceding five years, authorized in accordance with subdivision B 3, shall be obtained prior to issuance of a license as a child day center, family day home, or family day system, registration as a family day home, or approval as a family day home by a family day system.

E. No person specified in subsection A shall be involved in the day-to-day operations of the child day center, family day home, or family day system, or shall be alone with, in control of, or supervising one or more children, without first having completed any required background check pursuant to subsection B.

F. Any person making a materially false statement regarding the sworn statement or affirmation provided pursuant to subdivision B 1 is guilty of a Class 1 misdemeanor.

G. If an individual is denied licensure, registration, or approval because of information from the central registry or any child abuse and neglect registry or equivalent registry maintained by any other state, or convictions appearing on his criminal history record, the Superintendent shall provide a copy of the information obtained from the central registry, any child abuse and neglect registry or equivalent registry maintained by any other state, or the Central Criminal Records Exchange to the individual.

H. Further dissemination of the background check information is prohibited other than to the Superintendent's representative or a federal or state authority or court as may be required to comply with an express requirement of law for such further dissemination.

I. Fees charged for the processing and administration of background checks pursuant to this section shall not exceed the actual cost to the state or the local law-enforcement agency of such processing and administration.

§ 22.1-289.037. Revocation or denial of renewal based on background checks; failure to obtain background check.

A. The Superintendent may revoke or deny renewal of a license or registration of a child day program or family day system, and a family day system may revoke the approval of a family day home, if the child day program, family day system, or approved family day home has knowledge that a person specified in § 22.1-289.035 or 22.1-289.036 required to have a background check (i) has been convicted of any barrier crime as defined in § 19.2-392.02 or (ii) is the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth, and such person has not been granted a waiver by the Superintendent pursuant to § 22.1-289.038 or is not subject to the exceptions in subsection G of § 22.1-289.035, and the agency or home refuses to separate such person from employment or service or allows the household member to continue to reside in the home.

B. Failure to obtain background checks pursuant to §§ 22.1-289.035 and 22.1-289.036 shall be grounds for denial, revocation, or termination of a license, registration, or approval or any contract with the Department or its agents or designees or a local department of social services to provide child care services to clients of the Department or its agents or designees or the local department of social services. No violation shall occur if the family day system, family day home, or child day center has applied for the background check timely and it has not been obtained due to administrative delay. The provisions of this section shall be enforced by the Department.

§ 22.1-289.038. Child day programs and family day systems; criminal conviction and waiver.

A. Any person who seeks to operate, volunteer, or work at a child day program or family day system and who is disqualified because of a criminal conviction or a criminal conviction in the background check of any other adult living in a family day home regulated by the Department, pursuant to § 22.1-289.035, 22.1-289.036, or 22.1-289.039, may apply in writing for a waiver from the Superintendent. The Superintendent may grant a waiver if the Superintendent determines that (i) the person is of good moral character and reputation and (ii) the waiver would not adversely affect the safety and well-being of children in the person's care. The Superintendent shall not grant a waiver to any person who has been convicted of any barrier crime as defined in § 19.2-392.02. However, the Superintendent may grant a waiver to a family day home licensed or registered by the Department if any other adult living in the home of the applicant or provider has been convicted of not more than one misdemeanor offense under § 18.2-57 or 18.2-57.2, or any substantially similar offense under the laws of another jurisdiction, provided that (a) five years have elapsed following the conviction and (b) the Department has conducted a home study that includes, but is not limited to, (1) an assessment of the safety of children placed in the home and (2) a determination that the offender is now a person of good moral character and reputation. The waiver shall not be granted if the adult living in the home is an assistant or substitute provider or if such adult has been convicted of a misdemeanor offense under both §§ 18.2-57 and 18.2-57.2, or any substantially similar offense under the laws of another jurisdiction. Any waiver granted under this section shall be available for inspection by the public. The child day program or family day system shall notify in writing every parent and guardian of the children in its care of any waiver granted for its operators, employees, or volunteers.

B. The Board shall adopt regulations to implement the provisions of this section.

§ 22.1-289.039. Records check by unlicensed child day center; penalty.

Any child day center that is exempt from licensure pursuant to § 22.1-289.031 shall require all applicants for employment, employees, applicants to serve as volunteers, and volunteers and any other person who is expected to be alone with one or more children enrolled in the child day center to obtain a background check in accordance with § 22.1-289.035. A child day center that is exempt from licensure pursuant to § 22.1-289.031 shall refuse employment or service to any person who (i) has been convicted of any barrier crime as defined in § 19.2-392.02 or (ii) is the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth. The foregoing provisions shall not apply to a parent or guardian who may be left alone with his own child. For purposes of this section, convictions shall include prior adult convictions and juvenile convictions or adjudications of delinquency based on a crime that would have been a felony if committed by an adult within or outside the Commonwealth. Further dissemination of the information provided to the facility is prohibited.

§ 22.1-289.040. Child day centers and family day homes receiving federal, state, or local child care funds; eligibility requirements.

A. Whenever any child day center or family day home that has not met the requirements of §§ 22.1-289.035, 22.1-289.036, and 22.1-289.039 applies to enter into a contract with the Department or its agents or designees to provide child care services to clients of the Department or its agents or designees, the Department or its agents or designees shall require a background check, at the time of application to enter into a contract and every five years thereafter, of (i) the applicant; any agents involved in the day-to-day operation; all agents who are alone with, in control of, or supervising one or more of the children; and any other adult living in a family day home pursuant to § 22.1-289.036; and (ii) all applicants for employment, employees, applicants to serve as volunteers, and volunteers pursuant to § 22.1-289.035. The child day center or family day home shall not be permitted to enter into a contract with the Department or its agents or designees for child care services when an applicant; any employee; a prospective employee; a volunteer, an agent involved in the day-to-day operation; an agent alone with, in control of, or supervising one or more children; or any other adult living in a family day home (i) has been convicted of any barrier crime as defined in § 19.2-392.02 or (ii) is the subject of a founded

complaint of child abuse or neglect within or outside the Commonwealth. Further dissemination of the information provided to the facility, beyond dissemination to the Department or its agents or designees is prohibited.

B. Every child day center or family day home that enters into a contract with the Department or its agents or designees to provide child care services to clients of the Department or its agents or designees that is funded, in whole or in part, by the Child Care and Development Block Grant, shall comply with all requirements established by federal law and regulations.

§ 22.1-289.041. Sex offender or child abuser prohibited from operating or residing in family day home; penalty.

It shall be unlawful for any person to operate a family day home if he, or if he knows that any other person who resides in, is employed by, or volunteers in the home, has been convicted of a felony in violation of § 18.2-48, 18.2-61, 18.2-63, 18.2-64.1, 18.2-67.1, 18.2-67.2, 18.2-67.3, 18.2-67.5, 18.2-355, 18.2-361, 18.2-366, 18.2-369, 18.2-370, 18.2-370.1, 18.2-371.1, or 18.2-374.1, has been convicted of any offense that requires registration on the Sex Offender and Crimes Against Minors Registry pursuant to § 9.1-902, or is the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth. A violation of this section is punishable as a Class 1 misdemeanor.

Article 6.

Complaints.

§ 22.1-289.042. Establishment of toll-free telephone line for complaints; investigation on receipt of complaints.

With such funds as are appropriated for this purpose, the Superintendent shall establish a toll-free telephone line to respond to complaints regarding operations of child day programs or family day systems. Upon receipt of a complaint concerning the operation of a child day program or family day system, regardless of whether the program is subject to licensure, the Superintendent shall, for good cause shown, cause an investigation to be made, including on-site visits as he deems necessary, of the activities, services, records, and facilities. The child day program or family day system shall afford the Superintendent reasonable opportunity to inspect all of the operator's activities, services, records, and facilities and to interview its agents and employees and any child within its control. Whenever a child day program or family day system subject to inspection under this section is determined by the Superintendent to be in noncompliance with the provisions of this chapter or with regulations adopted pursuant to this chapter, the Superintendent shall give reasonable notice to the child day program or family day system of the nature of its noncompliance and may thereafter take appropriate action as provided by law, including a suit to enjoin the operation of the child day program or family day system.

§ 22.1-289.043. Confidentiality of complainant's identity.

Whenever the Department conducts inspections and investigations in response to complaints received from the public, the identity of the complainant and the identity of any child who is the subject of the complaint, or identified therein, shall be confidential and shall not be open to inspection by members of the public. Identities of the complainant and child who is the subject of the complaint shall be revealed only if a court order so requires. Nothing contained herein shall prevent the Department, in its discretion, from disclosing to the child day program or family day system the nature of the complaint or the identity of the child who is the subject of the complaint. Nothing contained herein shall prevent the Department or its employees from making reports under Chapter 15 (§ 63.2-1500 et seq.) of Title 63.2. If the Department intends to rely, in whole or in part, on any statements made by the complainant at any administrative hearing brought against child day program or family day system, the Department shall disclose the identity of the complainant to the child day program or family day system a reasonable time in advance of such hearing.

§ 22.1-289.044. Retaliation or discrimination against complainants.

No child day program or family day system shall retaliate or discriminate in any manner against any person who (i) in good faith complains or provides information to, or otherwise cooperates with, the Department or any other agency of government or any person or entity operating under contract with an agency of government having responsibility for protecting the rights of children in child day programs and family day systems, (ii) attempts to assert any right protected by state or federal law, or (iii) assists any person in asserting such right.

§ 22.1-289.045. Retaliation against reports of child abuse or neglect.

No child day program or family day system shall retaliate in any manner against any person who in good faith reports child abuse or neglect pursuant to Chapter 15 (§ 63.2-1500 et seq.) of Title 63.2.

Article 7.

Regulations and Interdepartmental Cooperation.

§ 22.1-289.046. Regulations for child day programs and family day systems.

A. The Board shall adopt regulations for the activities, services, and facilities to be employed by persons and agencies required to be licensed under this chapter, which shall be designed to ensure that such activities, services, and facilities are conducive to the welfare of the children under the control of such persons or agencies.

Such regulations shall be developed in consultation with representatives of the affected entities and shall include matters relating to the sex, age, and number of children and other persons to be maintained or cared for, as the case may be, and to the buildings and premises to be used, and reasonable standards for the activities, services and facilities to be employed. Such limitations and standards shall be specified in each license and renewal thereof. Such regulations shall not require the adoption of a specific teaching approach or doctrine or require the membership, affiliation, or accreditation services of any single private accreditation or certification agency.

Such regulations governing child day programs providing care for school-age children at a location that is currently approved by the Department or recognized as a private school by the Board for school occupancy and that houses a public

or private school during the school year shall not (i) prohibit school-age children from using outdoor play equipment and areas approved for use by students of the school during school hours or (ii) in the case of public schools, require inspection or approval of the building, vehicles used to transport children attending the child day program that are owned by the school, or meals served to such children that are prepared by the school.

Such regulations governing orientation and training of child day program staff shall provide that parents or other persons who participate in a cooperative preschool center on behalf of a child attending such cooperative preschool center, including such parents and persons who are counted for the purpose of determining staff-to-child ratios, shall be exempt from orientation and training requirements applicable to staff of child day programs; however, such regulations may require such parents and persons to complete up to four hours of training per year. This orientation and training exemption shall not apply to any parent or other person who participates in a cooperative preschool center that has entered into a contract to provide child care services funded by the Child Care and Development Block Grant.

B. The Board shall adopt or amend regulations, policies, and procedures related to child day care in collaboration with the Virginia Recreation and Park Society. No regulation adopted by the Board shall prohibit a child day center from hiring an armed security officer, licensed pursuant to Article 4 (§ 9.1-138 et seq.) of Chapter 1 of Title 9.1, to provide protection for children placed in the care of the child day center or employees of the center. The Board shall adopt or amend regulations related to therapeutic recreation programs in collaboration with the Virginia Park and Recreation Society and the Department of Behavioral Health and Developmental Services.

§ 22.1-289.047. Interagency agreements; cooperation of Department with other departments.

The Department is authorized to enter into interagency agreements with other state agencies to develop and implement regulations adopted pursuant to this chapter. Any state agency identified by the Department as appropriate to include in an interagency agreement shall participate in the development and implementation of the agreement. The Department shall assist and cooperate with other state departments in fulfilling their respective inspection responsibilities and in coordinating the regulations involving inspections. The Board may adopt regulations allowing the Department to so assist and cooperate with other state departments.

Program leaders and child-care supervisors employed by child day centers may possess an approved credential. For purposes of this section:

"Approved credential" means a competency-based credential awarded to individuals who work with children ages five and under in either a teaching, supervisory, or administrative capacity and that is specifically awarded or administered by the National Association for the Education of Young Children; the National Academy of Early Childhood Programs; the Association of Christian Schools International; the American Association of Christian Schools; the National Early Childhood Program Accreditation; the National Accreditation Council for Early Childhood Professional Personnel and Programs; the International Academy for Private Education; the American Montessori Society; the International Accreditation and Certification of Childhood Educators, Programs, and Trainers; the National Accreditation Commission; the Virginia Community College System, or another institution of higher education; or its equivalent as determined by the Department.

Article 8.

Facilities and Programs.

§ 22.1-289.049. Regulated child day programs to require proof of child identity and age; report to law-enforcement agencies.

A. Upon enrollment of a child in a regulated child day program, such child day program shall require information from the person enrolling the child regarding previous child day care and schools attended by the child. The regulated child day program shall also require that the person enrolling the child present the regulated child day program with the proof of the child's identity and age. The proof of identity, if reproduced or retained by the child day program or both, shall be destroyed upon the conclusion of the requisite period of retention. The procedures for the disposal, physical destruction, or other disposition of the proof of identity containing social security numbers shall include all reasonable steps to destroy such documents by (i) shredding, (ii) erasing, or (iii) otherwise modifying the social security numbers in those records to make them unreadable or indecipherable by any means.

B. For purposes of this section:

"Proof of identity" means a certified copy of a birth certificate or other reliable proof of the child's identity and age.

"Regulated child day program" is one in which a person or organization has agreed to assume responsibility for the supervision, protection, and well-being of a child under the age of 13 for less than a 24-hour period that is licensed pursuant to § 22.1-289.011, voluntarily registered pursuant to § 22.1-289.015, certified as a preschool or nursery school program pursuant to § 22.1-289.032, exempted from licensure as a child day center operated by a religious institution pursuant to § 22.1-289.031, or approved as a family day home by a licensed family day system.

C. If the parent, guardian, or other person enrolling the child in a regulated child day program for longer than two consecutive days or other pattern of regular attendance does not provide the information required by subsection A within

seven business days of initial attendance, such child day program shall immediately notify the local law-enforcement agency in its jurisdiction of such failure to provide the requested information.

D. Upon receiving notification of such failure to provide the information required by subsection A, the law-enforcement agency shall, if available information warrants, immediately submit an inquiry to the Missing Children Information Clearinghouse and, with the assistance of the local department of social services, if available information warrants, conduct the appropriate investigation to determine whether the child is missing.

E. The Board shall adopt regulations to implement the provisions of this section.

§ 22.1-289.050. Insurance notice requirements for family day homes; civil penalty.

A. Any person who operates a family day home approved by a licensed family day system, a licensed family day home, or a voluntarily registered family day home shall furnish a written notice to the parent or guardian of each child under the care of the family day home, which states whether there is liability insurance in force to cover the operation of the family day home, provided that no person under this section shall state that liability insurance is in place to cover the operation of the family day home, unless there is a minimum amount of coverage as established by the Department.

B. Each parent or guardian shall acknowledge, in writing, receipt of such notice. In the event there is no longer insurance coverage, the person operating the family day home shall (i) notify each parent or guardian within 10 business days after the effective date of the change and (ii) obtain written acknowledgment of such notice. A copy of an acknowledgment required under this section shall be maintained on file at the family day home at all times while the child attends the family day home and for 12 months after the child's last date of attendance.

C. Any person who fails to give any notice required under this section shall be subject to a civil penalty of up to \$500 for each such failure.

§ 22.1-289.051. Dual licenses for certain child day centers.

Any facility licensed as a child day center which also meets the requirements for a license as a summer camp by the Department of Health under the provisions of § 35.1-18 shall be entitled to a summer camp license. Such a facility shall comply with all of the regulations adopted by the Board and the State Board of Health for each such license.

§ 22.1-289.052. Asbestos inspection required for child day centers.

The Superintendent shall not issue a license to any child day center that is located in a building built prior to 1978 until he receives a written statement that the building has been inspected for asbestos, as defined by § 2.2-1162, and in accordance with the regulations for initial asbestos inspections pursuant to the federal Asbestos Hazard Emergency Response Act, 40 C.F.R. Part 763 — Asbestos Containing Materials in Schools. The inspection shall be conducted by personnel competent to identify the presence of asbestos and licensed in Virginia as an asbestos inspector and as an asbestos management planner pursuant to Chapter 5 (§ 54.1-500 et seq.) of Title 54.1. The written statement shall state whether (i) no asbestos was detected, (ii) asbestos was detected and response actions to abate any risk to human health have been completed, or (iii) asbestos was detected and response actions to abate any risk to human health have been recommended in accordance with a specified schedule and plan pursuant to applicable state and federal statutes and regulations. The statement shall include identification of any significant hazard areas, the date of the inspection and be signed by the person who inspected for the asbestos. If asbestos was detected, an operations and maintenance plan shall be developed in accordance with the regulations of the federal Asbestos Hazard Emergency Response Act and the statement shall be signed by the person who prepared the operations and maintenance plan. Any inspection, preparation of an operations and maintenance plan or response action shall be performed by competent personnel who have been licensed in accordance with the provisions of Chapter 5 of Title 54.1.

When asbestos has been detected, the applicant for licensure shall also submit to the Superintendent a written statement that response actions to abate any risk to human health have been or will be initiated in accordance with a specified schedule and plan as recommended by an asbestos management planner licensed in Virginia. This statement shall be signed by the applicant for licensure.

The written statements required by this section shall be submitted for approval to the Superintendent's representative prior to issuance of a license. The provisions of this section shall not apply to child day centers located in buildings required to be inspected pursuant to Article 5 (§ 2.2-1162 et seq.) of Chapter 11 of Title 2.2.

§ 22.1-289.053. Delay in acting on application or in notification.

In case the Superintendent fails to take final action upon an application for a license within 60 days after the application is made, either by way of issuance or refusal, or fails within such time to notify the applicant thereof, it shall be lawful for the applicant to engage in the operations or activities for which the license is desired, until the Superintendent has taken final action and notified the applicant thereof; however, no application shall be deemed made until all the required information is submitted in the form prescribed by the Superintendent.

§ 22.1-289.054. Visitation by parents or guardians in child day programs.

A custodial parent or guardian shall be admitted to any child day program. For purposes of this section, "child day program" is one in which a person or organization has agreed to assume responsibility for the supervision, protection, and well-being of a child under the age of 13 for less than a 24-hour period, regardless of whether it is licensed. Such right of admission shall apply only while the child is in the child day program.

§ 22.1-289.055. Public funds to be withheld for serious or persistent violations.

The Board may adopt policies, as permitted by state and federal law, to restrict the eligibility of a child day program or family day system to receive or continue to receive funds when such agency is found to be in serious or persistent violation of regulations.

§ 22.1-296.3. Certain private school employees subject to fingerprinting and criminal records checks.

A. As a condition of employment, the governing boards or administrators of private elementary or secondary schools that are accredited pursuant to § 22.1-19 shall require any applicant who accepts employment, whether full-time or part-time, permanent or temporary, to submit to fingerprinting and to provide personal descriptive information to be forwarded along with the applicant's fingerprints through the Central Criminal Records Exchange to the Federal Bureau of Investigation for the purpose of obtaining criminal history record information regarding such applicant.

The Central Criminal Records Exchange, upon receipt of an applicant's record or notification that no record exists, shall report to the governing board or administrator, or to a private organization coordinating such records on behalf of such governing board or administrator pursuant to a written agreement with the Department of State Police, that the applicant meets the criteria or does not meet the criteria for employment based on whether or not the applicant has ever been convicted of any barrier crime as defined in § 19.2-392.02.

B. The Central Criminal Records Exchange shall not disclose information to such governing board, administrator, or private organization coordinating such records regarding charges or convictions of any crimes. If any applicant is denied employment because of information appearing on the criminal history record and the applicant disputes the information upon which the denial was based, the Central Criminal Records Exchange shall, upon request, furnish the applicant the procedures for obtaining a copy of the criminal history record from the Federal Bureau of Investigation. The information provided to the governing board, administrator, or private organization coordinating such records shall not be disseminated except as provided in this section. A governing board or administrator employing or previously employing a temporary teacher or a private organization coordinating such records on behalf of such governing board or administrator pursuant to a written agreement with the Department of State Police may disseminate, at the written request of such temporary teacher, whether such teacher meets the criteria or does not meet the criteria for employment pursuant to subsection A to the governing board or administrator of another accredited private elementary or secondary school in which such teacher has accepted employment. Such governing board, administrator, or private organization transferring criminal records information pursuant to this section shall be immune from civil liability for any official act, decision, or omission done or made in the performance of such transfer, when such acts or omissions are taken in good faith and are not the result of gross negligence or willful misconduct.

Fees charged for the processing and administration of background checks pursuant to this section shall not exceed the actual cost to the state of such processing and administration.

C. Effective July 1, 2017, the governing board or administrator of a private elementary or secondary school that is accredited pursuant to § 22.1-19 that operates a child welfare agency day program or family day system regulated by the Department of Social Services pursuant to Chapter 17.14.1 (§ 63.2-1700 22.1-289.02 et seq.) of Title 63.2 shall accept evidence of a background check in accordance with § 63.2-1720.1 22.1-289.035 for individuals who are required to undergo a background check in accordance with that section as a condition of employment in lieu of the background check required by subsection A.

D. For purposes of this section, "governing board" or "administrator" means the unit or board or person designated to supervise operations of a system of private schools or a private school accredited pursuant to § 22.1-19.

Nothing in this section or § 19.2-389 shall be construed to require any private or religious school which is not so accredited to comply with this section.

B. In addition to the criteria set forth in subsection A, any individual who seeks an endorsement in early childhood, early/primary, or elementary education shall either (i) agree to complete such coursework in the teaching of reading as may

be prescribed by the Board pursuant to regulation during the first year of employment or (ii) achieve a passing score on a reading instructional assessment prescribed by the Board pursuant to regulation.

C. Teachers issued a Teach For America provisional license shall not be eligible for continuing contract status while employed under the authority of a Teach For America license and shall be subject to the probationary terms of employment specified in § 22.1-303.

D. The Board may extend any Teach For America license for one additional year upon request of the employing school division, provided that no Teach For America license shall exceed a total of three years in length.

§ 63.2-601.2. Statewide Temporary Assistance for Needy Families (TANF) Program Funding Pool Program.

A. The Department shall develop a Statewide TANF Program Funding Pool Program (the Funding Pool Program) and shall allocate to the Funding Pool Program that portion of the TANF block grant to be awarded to service providers for expanded TANF programs, which shall include all funds not transferred to the ~~Child Care and Development Block Grant or Social Services Block Grant~~ or used for cash assistance, employment services, or child-care benefits through the TANF program, up to an amount equal to 12 percent of the total amount of the TANF block grant for that year.

B. Prior to submission of its proposed biennial budget to the Governor, the Department shall issue a Request for Proposals for use of available funds from the Funding Pool Program to service providers providing expanded TANF programs through a competitive process that is designed in a manner that ensures that all service providers in the Commonwealth, regardless of size or geographic location, are afforded the opportunity to apply for funds. All programs and services funded through the Funding Pool Program shall comply with all federal and state statutory and regulatory requirements and shall serve the stated purposes of the TANF program.

C. In developing the Request for Proposals, the Department shall include:

1. A long-range planning and priority-setting process to identify state and local service needs and avoid overlap or duplication of services. The planning and priority-setting process shall include opportunity for citizen participation and consideration of local and statewide service needs and priorities;

However, if an eligible child has not received immunizations in accordance with § 32.1-46, verification shall be provided at the next scheduled redetermination of eligibility for TANF after initial eligibility is granted

that the child has received at least one dose of each of the immunizations required by § 32.1-46 as appropriate for the child's age and that the child's physician or the local health department has developed a plan for completing the immunizations. Verification of compliance with the plan for completing the immunizations shall be presented at subsequent redeterminations of eligibility for TANF.

If necessary, the local department shall provide assistance to the TANF recipient in obtaining verification from immunization providers. No sanction may be imposed until the reason for the failure to comply with the immunization requirement has been identified and any barriers to accessing immunizations have been removed.

Failure by the recipient to provide the required verification of immunizations shall result in a reduction in the amount of monthly assistance received from the TANF program until the required verification is provided. The reduction shall be ~~five dollars~~ \$50 for the first child and ~~twenty-five dollars~~ \$25 for each additional child for whom verification is not provided.

Any person who becomes ineligible for TANF payments as a result of this provision shall nonetheless be considered a TANF recipient for all other purposes.

If neither the locality in which the child resides nor where the abuse or neglect is believed to have occurred is known, then such report shall be made to the local department of the county or city where the abuse or neglect was discovered or to the Department's toll-free child abuse and neglect hotline.

If an employee of the local department is suspected of abusing or neglecting a child, the report shall be made to the court of the county or city where the abuse or neglect was discovered. Upon receipt of such a report by the court, the judge shall assign the report to a local department that is not the employer of the suspected employee for investigation or family assessment. The initial report may be an oral report but such report shall be reduced to writing by the child abuse coordinator of the local department on a form prescribed by the Board. Any person required to make the report pursuant to this subsection shall disclose all information that is the basis for his suspicion of abuse or neglect of the child and, upon request, shall make available to the child-protective services coordinator and the local department, which is the agency of jurisdiction, any information, records, or reports that document the basis for the report. All persons required by this subsection to report suspected abuse or neglect who maintain a record of a child who is the subject of such a report shall cooperate with the investigating agency and shall make related information, records and reports available to the investigating agency unless such disclosure violates the federal Family Educational Rights and Privacy Act (20 U.S.C. § 1232g). Provision of such information, records, and reports by a health care provider shall not be prohibited by § 8.01-399. Criminal investigative reports received from law-enforcement agencies shall not be further disseminated by the investigating agency nor shall they be subject to public disclosure.

B. For purposes of subsection A, "reason to suspect that a child is abused or neglected" shall, due to the special medical needs of infants affected by substance exposure, include (i) a finding made by a health care provider within six weeks of the birth of a child that the child was born affected by substance abuse or experiencing withdrawal symptoms resulting from in utero drug exposure; (ii) a diagnosis made by a health care provider within four years following a child's birth that the child has an illness, disease, or condition that, to a reasonable degree of medical certainty, is attributable to maternal abuse of a controlled substance during pregnancy; or (iii) a diagnosis made by a health care provider within four years following a child's birth that the child has a fetal alcohol spectrum disorder attributable to in utero exposure to alcohol. When "reason to suspect" is based upon this subsection, such fact shall be included in the report along with the facts relied upon by the person making the report. Such reports shall not constitute a per se finding of child abuse or neglect. If a health care provider in a licensed hospital makes any finding or diagnosis set forth in clause (i), (ii), or (iii), the hospital shall require the development of a written discharge plan under protocols established by the hospital pursuant to subdivision B 6 of § 32.1-127.

C. Any person who makes a report or provides records or information pursuant to subsection A or who testifies in any judicial proceeding arising from such report, records, or information shall be immune from any civil or criminal liability or administrative penalty or sanction on account of such report, records, information, or testimony, unless such person acted in bad faith or with malicious purpose.

D. Any person required to file a report pursuant to this section who fails to do so as soon as possible, but not longer than 24 hours after having reason to suspect a reportable offense of child abuse or neglect, shall be fined not more than \$500 for the first failure and for any subsequent failures not less than \$1,000. In cases evidencing acts of rape, sodomy, or object sexual penetration as defined in Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2, a person who knowingly and intentionally fails to make the report required pursuant to this section shall be guilty of a Class 1 misdemeanor.

E. No person shall be required to make a report pursuant to this section if the person has actual knowledge that the same matter has already been reported to the local department or the Department's toll-free child abuse and neglect hotline.

§ 63.2-1515. Central registry; disclosure of information.

The central registry shall contain such information as shall be prescribed by Board regulation; however, when the founded case of abuse or neglect does not name the parents or guardians of the child as the abuser or neglector, and the abuse or neglect occurred in a licensed or unlicensed child day center; *as defined in § 22.1-289.02*; a licensed, registered, or approved family day home; *as defined in § 22.1-289.02*; a private or public school; or a children's residential facility, the child's name shall not be entered on the registry without consultation with and permission of the parents or guardians. If a child's name currently appears on the registry without consultation with and permission of the parents or guardians for a founded case of abuse and neglect that does not name the parents or guardians of the child as the abuser or neglector, such parents or guardians may have the child's name removed by written request to the Department. The information contained in the central registry shall not be open to inspection by the public. However, appropriate disclosure may be made in accordance with Board regulations.

The Department shall respond to requests for a search of the central registry made by (i) local departments, (ii) local school boards, and (iii) governing boards or administrators of private schools accredited pursuant to § 22.1-19 regarding applicants for employment, pursuant to § 22.1-296.4, in cases where there is no match within the central registry within 10 business days of receipt of such requests. In cases where there is a match within the central registry regarding applicants for employment, the Department shall respond to requests made by local departments, local school boards, and governing boards or administrators within 30 business days of receipt of such requests. The response may be by first-class mail or facsimile transmission.

The Department shall disclose information in the central registry to the Chairmen of the Committees for the Courts of Justice of the Senate and House of Delegates for the purpose of determining if any person being considered for election to any judgeship has been the subject of any founded complaint of child abuse or neglect.

Any central registry check of a person who has applied to be a volunteer with a (a) Virginia affiliate of Big Brothers/Big Sisters of America, (b) Virginia affiliate of Compeer, (c) Virginia affiliate of Childhelp USA, (d) volunteer fire company or volunteer emergency medical services agency, or (e) court-appointed special advocate program pursuant to § 9.1-153 shall be conducted at no charge.

Such schedules shall specify minimum and maximum fees and, where appropriate, gradations based on the capacity of such facilities, centers, and agencies. Fees shall be used for the development and delivery of training for operators and staff of facilities, centers, and agencies. Fees shall be expended for this purpose within two fiscal years following the fiscal year in which they are collected. These fees shall not be applicable to facilities, centers, or agencies operated by federal entities.

~~The Board shall develop training programs for operators and staffs of licensed child day programs. Such programs shall include formal and informal training offered by institutions of higher education, state and national associations representing child care professionals, local and regional early childhood educational organizations and licensed child care providers. Training provided to operators and staffs of licensed child day programs shall include training and information regarding shaken baby syndrome, its effects, and resources for help and support for caretakers. To the maximum extent possible, the Board shall ensure that all provider interests are represented and that no single approach to training shall be given preference.~~

§ 63.2-1701. Licenses required; issuance, expiration, and renewal; maximum number of residents, participants or children; posting of licenses.

A. As used in this section, "person" means any individual; corporation; partnership; association; limited liability company; local government; state agency, including any department, institution, authority, instrumentality, board, or other administrative agency of the Commonwealth; or other legal or commercial entity that operates or maintains a child welfare agency, adult day care center, or assisted living facility.

B. D. The length of each license or renewal thereof for an assisted living facility shall be based on the judgment of the Commissioner regarding the compliance history of the facility and the extent to which it meets or exceeds state licensing standards. On the basis of this judgment, the Commissioner may issue licenses or renewals thereof for periods of six months, one year, two years, or three years.

E. The Commissioner may extend or shorten the duration of licensure periods for a child welfare agency whenever, in his sole discretion, it is administratively necessary to redistribute the workload for greater efficiency in staff utilization.

F. Each license shall indicate the maximum number of persons who may be cared for in the assisted living facility, adult day care center, or child welfare agency for which it is issued.

G. The license and any other documents required by the Commissioner shall be posted in a conspicuous place on the licensed premises.

I. Officers, employees, or agents of the Commonwealth, or of any county, city, or town acting within the scope of their authority as such, who serve as or maintain a child-placing agency shall not be required to be licensed.

§ 63.2-1702. Investigation on receipt of application.

Upon receipt of the application, the Commissioner shall cause an investigation to be made of the activities, services, and facilities of the applicant and of his character and reputation or, if the applicant is an association, partnership, limited liability company, or corporation, the character and reputation of its officers and agents, and upon receipt of the initial

9. That the initial actions of the Board of Education to adopt, with necessary amendments, the regulations implementing the programs being transferred by this act shall be exempt from Article 2 (§ 2.2-4006 et seq.) of Chapter 40 of Title 2.2 of the Code of Virginia. 10. That by July 1, 2021, the Department of Education shall be the lead agency for the administration of the Child Care and Development Block Grant and the Head Start Collaboration Office.

§ 58.1-605. To what extent and under what conditions cities and counties may levy local sales taxes; collection thereof by Commonwealth and return of revenue to each city or county entitled thereto.

A. No county, city or town shall impose any local general sales or use tax or any local general retail sales or use tax except as authorized by this section or § 58.1-605.1.

B. The council of any city and the governing body of any county may levy a general retail sales tax at the rate of one percent to provide revenue for the general fund of such city or county. Such tax shall be added to the rate of the state sales tax imposed by §§ 58.1-603 and 58.1-604 and shall be subject to all the provisions of this chapter and the rules and regulations published with respect thereto. No discount under § 58.1-622 shall be allowed on a local sales tax.

C. 1. The council of any city and the governing body of any county desiring to impose a local sales tax under this section may do so by the adoption of an ordinance stating its purpose and referring to this section, and providing that such ordinance shall be effective on the first day of a month at least 60 days after its adoption. A certified copy of such ordinance shall be forwarded to the Tax Commissioner so that it will be received within five days after its adoption.

2. Prior to any change in the rate of any local sales and use tax, the Tax Commissioner shall provide remote sellers with at least 30 days' notice. Any change in the rate of any local sales and use tax shall only become effective on the first day of a calendar quarter. Failure to provide notice pursuant to this section shall require the Commonwealth and the locality to apply the preceding effective rate until 30 days after notification is provided.

D. Any local sales tax levied under this section shall be administered and collected by the Tax Commissioner in the same manner and subject to the same penalties as provided for the state sales tax.

E. All local sales tax moneys collected by the Tax Commissioner under this section shall be paid into the state treasury to the credit of a special fund which is hereby created on the Comptroller's books under the name "Collections of Local Sales Taxes." Such local sales tax moneys shall be credited to the account of each particular city or county levying a local sales tax under this section. The basis of such credit shall be the city or county in which the sales were made as shown by the records of the Department and certified by it monthly to the Comptroller, namely, the city or county of location of each place of business of every dealer paying the tax to the Commonwealth without regard to the city or county of possible use by the purchasers. If a dealer has any place of business located in more than one political subdivision by reason of the boundary line or lines passing through such place of business, the amount of sales tax paid by such a dealer with respect to such place of business shall be treated for the purposes of this section as follows: one-half shall be assignable to each political subdivision where two are involved, one-third where three are involved, and one-fourth where four are involved.

F. As soon as practicable after the local sales tax moneys have been paid into the state treasury in any month for the preceding month, the Comptroller shall draw his warrant on the Treasurer of Virginia in the proper amount in favor of each city or county entitled to the monthly return of its local sales tax moneys, and such payments shall be charged to the account of each such city or county under the special fund created by this section. If errors are made in any such payment, or adjustments are otherwise necessary, whether attributable to refunds to taxpayers, or to some other fact, the errors shall be corrected and adjustments made in the payments for the next two months as follows: one-half of the total adjustment shall be included in the payments for the next two months. In addition, the payment shall include a refund of amounts erroneously not paid to the city or county and not previously refunded during the three years preceding the discovery of the error. A correction and adjustment in payments described in this subsection due to the misallocation of funds by the dealer shall be made within three years of the date of the payment error.

G. Such payments to counties are subject to the qualification that in any county wherein is situated any incorporated town constituting a special school district and operated as a separate school district under a town school board of three members appointed by the town council, the county treasurer shall pay into the town treasury for general governmental purposes the proper proportionate amount received by him in the ratio that the school age population of such town bears to the school age population of the entire county. If the school age population of any town constituting a separate school district is increased by the annexation of territory since the last estimate of school age population provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this section, be added to the school age population of such town as shown by the last such estimate and a proper reduction made in the school age population of the county or counties from which the annexed territory was acquired.

H. One-half of such payments to counties are subject to the further qualification, other than as set out in subsection G, that in any county wherein is situated any incorporated town not constituting a separate special school district that has

complied with its charter provisions providing for the election of its council and mayor for a period of at least four years immediately prior to the adoption of the sales tax ordinance, the county treasurer shall pay into the town treasury of each such town for general governmental purposes the proper proportionate amount received by him in the ratio that the school age population of each such town bears to the school age population of the entire county, based on the latest estimate provided by the Weldon Cooper Center for Public Service. The preceding requirement pertaining to the time interval between compliance with election provisions and adoption of the sales tax ordinance shall not apply to a tier-city. If the school age population of any such town not constituting a separate special school district is increased by the annexation of territory or otherwise since the last estimate of school age population provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this section, be added to the school age population of such town as shown by the last such estimate and a proper reduction made in the school age population of the county or counties from which the annexed territory was acquired.

I. Notwithstanding the provisions of subsection H, the board of supervisors of a county may, in its discretion, appropriate funds to any incorporated town not constituting a separate school district within such county that has not complied with the provisions of its charter relating to the elections of its council and mayor, an amount not to exceed the amount it would have received from the tax imposed by this chapter if such election had been held; however, Halifax County and Gloucester County may appropriate any amount to any such incorporated town.

J. It is further provided that if any incorporated town which would otherwise be eligible to receive funds from the county treasurer under subsection G or H be located in a county that does not levy a general retail sales tax under the provisions of this law, such town may levy a general retail sales tax at the rate of one percent to provide revenue for the general fund of the town, subject to all the provisions of this section generally applicable to cities and counties. Any tax levied under the authority of this subsection shall in no case continue to be levied on or after the effective date of a county ordinance imposing a general retail sales tax in the county within which such town is located.

B. Taxes imposed by this section shall be collected as provided in § 58.1-812 and the clerk shall return taxes collected hereunder one-half into the state treasury and one-half into the treasury of the locality.

The local portion of the tax imposed by this section on property that is located in more than one jurisdiction shall be collected by the clerk in proportion to the value of the property located in each such locality when recorded therein.

Every clerk of court collecting taxes under this section for the county or city that he serves shall be entitled to compensation for such service at five percent of the amount so collected and paid.

§ 58.1-802.3. Regional transportation improvement fee.

In addition to any other tax or fee imposed under the provisions of this chapter, a fee, delineated as the "regional WMATA capital fee," is hereby imposed on each deed, instrument, or writing by which lands, tenements, or other realty located in any county or city that is a member of the Northern Virginia Transportation Authority is sold and is granted, assigned, transferred, or otherwise conveyed to or vested in the purchaser or any other person, by such purchaser's direction. The rate of the fee, when the consideration or value of the interest, whichever is greater, equals or exceeds \$100, shall be \$0.15 for each \$100 or fraction thereof, exclusive of the value of any lien or encumbrance remaining thereon at the time of the sale, whether such lien is assumed or the realty is sold subject to such lien or encumbrance.

The fee imposed by this section shall be paid by the grantor, or any person who signs on behalf of the grantor, of any deed, instrument, or writing subject to the fee imposed by this section; *however, the grantor and grantee may arrange for the grantee to pay all or a portion of the fee.*

No such deed, instrument, or other writing shall be admitted to record unless certification of the clerk wherein first recorded has been affixed thereto that the fee imposed pursuant to this section has been paid.

Fees imposed by this section shall be collected by the clerk of the court. For fees collected in a county or city located in a transportation district established pursuant to Chapter 19 (§ 33.2-1900 et seq.) of Title 33.2 that as of January 1, 2018, meets the criteria established in § 33.2-1936 shall be transferred to the state treasury as soon as practicable and deposited into the fund established in § 33.2-3401. The fees collected in any other county or city in which the fee is imposed shall be retained by the county or city; and shall be used solely for transportation purposes.

CHAPTER 867

An Act to amend and reenact § 46.2-1605 of the Code of Virginia, relating to rebuilt vehicles; issuance of title.

[S 562]

Approved April 8, 2020

Be it enacted by the General Assembly of Virginia:**1. That § 46.2-1605 of the Code of Virginia is amended and reenacted as follows:****§ 46.2-1605. Vehicles rebuilt for highway use; examinations; branding of titles.**

A. Each salvage vehicle that has been rebuilt for use on the highways shall be submitted for a state safety inspection in accordance with § 46.2-1157. The inspection shall be conducted by an inspector wholly unaffiliated with the person requesting the inspection of the vehicle.

B. 1. Upon passage of a state safety inspection, each rebuilt vehicle shall be examined by the Department prior to the issuance of a title for the vehicle. The examination by the Department shall include a review of video or photographic images of the vehicle prior to being rebuilt, if available; all documentation for the parts and labor used for the repair of the salvage vehicle; and verification of the vehicle's identification number, confidential number, odometer reading, and engine, transmission, or electronic modules, if applicable. This inspection shall serve as an antitheft and antifraud measure and shall not certify the safety or roadworthiness of the vehicle. The Commissioner shall ensure that, in scheduling and performing examinations of salvage vehicles under this section, single vehicles owned by private owner-operators are afforded no lower

priority than examinations of vehicles owned by motor vehicle dealers, salvage pools, licensed auto recyclers, or vehicle removal operators. The Commissioner may charge a fee of \$125 per vehicle, for the examination of rebuilt vehicles.

2. *The examination described in subdivision 1 shall not be required for a rebuilt vehicle if (i) the person rebuilding the vehicle has been licensed under this chapter for at least 10 years and has not incurred any penalties pursuant to the provisions of this chapter; (ii) the rebuilt vehicle is at least 10 years old but does not qualify as an antique motor vehicle; and (iii) the resale value of the rebuilt vehicle is less than \$10,000. Any rebuilder who sells a rebuilt vehicle without an examination, as authorized by this subdivision, shall be required to maintain all required records for rebuilt vehicles described in subdivision 1 for inspection upon request of the Department or any law-enforcement official.*

C. Any salvage vehicle whose vehicle identification number or confidential number has been altered, is missing, or appears to have been tampered with may be impounded by the Department until completion of an investigation by the Department. The vehicle may not be moved, sold, or tampered with until the completion of this investigation. Upon completion of an investigation by the Department, if the vehicle identification number is found to be missing or altered, a new vehicle identification number may be issued by the Department. If the vehicle is found to be a stolen vehicle and its owner can be determined, the vehicle shall be returned to him. If the owner cannot be determined or located and the person seeking to title the vehicle has been convicted of a violation of § 46.2-1074 or 46.2-1075, the vehicle shall be deemed forfeited to the Commonwealth and said forfeiture shall proceed in accordance with Chapter 22.1 (§ 19.2-386.1 et seq.) of Title 19.2.

D. If the Department's examination of a rebuilt salvage vehicle indicates no irregularities, a title and registration may be issued for the vehicle upon application therefor to the Department by the owner of the salvage vehicle. The title issued by the Department and any subsequent title thereafter issued for the rebuilt vehicle shall be permanently branded to indicate that it is a rebuilt vehicle. All rebuilt vehicles shall be subject to all safety equipment requirements provided by law. Except as otherwise provided in this chapter, no title or registration shall be issued by the Department for any rebuilt vehicle that has not first passed a safety inspection or for any vehicle for which a nonrepairable certificate has ever been issued.

E. If the Department's examination of a rebuilt salvage vehicle reveals irregularities in the required documentation or obvious defects, the Department shall identify to the owner the irregularities and defects that must be corrected before the Department's examination can be completed.

F. Notwithstanding § 46.2-1550, a licensed salvage dealer or rebuilder who is also licensed as a motor vehicle dealer pursuant to Chapter 15 (§ 46.2-1500 et seq.) may use dealer's license plates for the sole purpose of transporting a rebuilt salvage vehicle to and from an official safety inspection station. Such dealer's license plates may not be used on any vehicle not owned by the licensed salvage dealer or rebuilder. For all other rebuilt salvage vehicles, when necessary and upon application, the Department shall issue temporary trip permits in accordance with § 46.2-651 for this purpose.

CHAPTER 868

An Act to amend and reenact § 40.1-29 of the Code of Virginia, relating to nonpayment of wages; cause of action; penalties.

[H 123]

Approved April 8, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 40.1-29 of the Code of Virginia is amended and reenacted as follows:

§ 40.1-29. Time and medium of payment; withholding wages; written statement of earnings; agreement for forfeiture of wages; proceedings to enforce compliance; penalties.

A. ~~All employers operating a business shall establish regular pay periods and rates of pay for employees except executive personnel. All such employers shall pay salaried employees at least once each month and employees paid on an hourly rate at least once every two weeks or twice in each month, except that (i) a student who is currently enrolled in a work-study program or its equivalent administered by any secondary school, institution of higher education, or trade school, and (ii) employees whose weekly wages total more than 150 percent of the average weekly wage of the Commonwealth as defined in § 65.2-500, upon agreement by each affected employee, may be paid once each month if the institution or employer so chooses. Upon termination of employment an employee shall be paid all wages or salaries due him for work performed prior thereto; such payment shall be made on or before the date on which he would have been paid for such work had his employment not been terminated.~~

~~2. Any such employer who knowingly fails to make payment of wages in accordance with this section shall be subject to a civil penalty not to exceed \$1,000 for each violation. The Commissioner shall notify any employer who he alleges has violated any provision of this section by certified mail. Such notice shall contain a description of the alleged violation. Within 15 days of receipt of notice of the alleged violation, the employer may request an informal conference regarding such violation with the Commissioner. In determining the amount of any penalty to be imposed, the Commissioner shall consider the size of the business of the employer charged and the gravity of the violation. The decision of the Commissioner shall be final.~~

B. Payment of wages or salaries shall be (i) in lawful money of the United States, (ii) by check payable at face value upon demand in lawful money of the United States, (iii) by electronic automated fund transfer in lawful money of the United States into an account in the name of the employee at a financial institution designated by the employee, or (iv) by

credit to a prepaid debit card or card account from which the employee is able to withdraw or transfer funds with full written disclosure by the employer of any applicable fees and affirmative consent thereto by the employee. However, an employer that elects not to pay wages or salaries in accordance with clause (i) or (ii) to an employee who is hired after January 1, 2010, shall be permitted to pay wages or salaries by credit to a prepaid debit card or card account in accordance with clause (iv), even though such employee has not affirmatively consented thereto, if the employee fails to designate an account at a financial institution in accordance with clause (iii) and the employer arranges for such card or card account to be issued through a network system through which the employee shall have the ability to make at least one free withdrawal or transfer per pay period, which withdrawal may be for any sum in such card or card account as the employee may elect, using such card or card account at financial institutions participating in such network system.

C. No employer shall withhold any part of the wages or salaries of any employee except for payroll, wage, or withholding taxes or in accordance with law, without the written and signed authorization of the employee. On each regular pay date, each employer other than an employer engaged in agricultural employment including agribusiness and forestry shall provide to each employee a written statement, by a paystub or online accounting, that shows the name and address of the employer, the number of hours worked during the pay period, the rate of pay, the gross wages earned by the employee during the pay period, and the amount and purpose of any deductions therefrom. An employer engaged in agricultural employment including agribusiness and forestry, upon request of its employee, shall furnish the employee a written statement of the gross wages earned by the employee during any pay period and the amount and purpose of any deductions therefrom.

D. No employer shall require any employee, except executive personnel, to sign any contract or agreement which provides for the forfeiture of the employee's wages for time worked as a condition of employment or the continuance therein, except as otherwise provided by law.

E. An employer who willfully and with intent to defraud fails or refuses to pay wages in accordance with this section:

1. To an employee or employees is guilty of a Class 1 misdemeanor if the value of the wages earned and not paid by the employer is less than \$10,000; and

2. To an employee or employees is guilty of a Class 6 felony (i) if the value of the wages earned and not paid is \$10,000 or more or (ii) regardless of the value of the wages earned and not paid, if the conviction is a second or subsequent conviction under this section.

For purposes of this section, the determination as to the "value of the wages earned" shall be made by combining all wages the employer failed or refused to pay pursuant to this section.

F. The Commissioner may require a written complaint of the violation of this section and, with the written and signed consent of an employee, may institute proceedings on behalf of an employee to enforce compliance with this section, and to collect any moneys unlawfully withheld from such employee which shall be paid to the employee entitled thereto. In addition, following the issuance of a final order by the Commissioner or a court, the Commissioner may engage private counsel, approved by the Attorney General, to collect any moneys owed to the employee or the Commonwealth. Upon entry of a final order of the Commissioner, or upon entry of a judgment, against the employer, the Commissioner or the court shall assess ~~attorney's~~ attorney fees of one-third of the amount set forth in the final order or judgment.

G. In addition to being subject to any other penalty provided by the provisions of this section, any employer who fails to make payment of wages in accordance with subsection A shall be liable for the payment of all wages due, *and an additional equal amount as liquidated damages*, plus interest at an annual rate of eight percent accruing from the date the wages were due.

H. *Any employer who knowingly fails to make payment of wages in accordance with subsection A shall be subject to a civil penalty not to exceed \$1,000 for each violation. The Commissioner shall notify any employer that he alleges has violated any provision of this section by certified mail. Such notice shall contain a description of the alleged violation. Within 15 days of receipt of notice of the alleged violation, the employer may request an informal conference regarding such violation with the Commissioner. In determining the amount of any penalty to be imposed, the Commissioner shall consider the size of the business of the employer charged and the gravity of the violation. The decision of the Commissioner shall be final.* Civil penalties owed under this section shall be paid to the Commissioner for deposit into the general fund of the State Treasurer. The Commissioner shall prescribe procedures for the payment of proposed assessments of penalties ~~which~~ that are not contested by employers. Such procedures shall include provisions for an employer to consent to abatement of the alleged violation and pay a proposed penalty or a negotiated sum in lieu of such penalty without admission of any civil liability arising from such alleged violation.

I. Final orders of the Commissioner, the general district courts, or the circuit courts may be recorded, enforced, and satisfied as orders or decrees of a circuit court upon certification of such orders by the Commissioner or the court as appropriate.

J. *In addition to any civil or criminal penalty provided by this section, and without regard to any exhaustion of alternative administrative remedies provided for in this section, if an employer fails to pay wages to an employee in accordance with this section, the employee may bring an action, individually, jointly, with other aggrieved employees, or on behalf of similarly situated employees as a collective action consistent with the collective action procedures of the Fair Labor Standards Act (29 U.S.C. § 216(b)) against the employer in a court of competent jurisdiction to recover payment of the wages and the court shall award the wages owed, an additional equal amount as liquidated damages, plus prejudgment interest thereon as provided in subsection G, and reasonable attorney fees and costs. If the court finds that the employer*

knowingly failed to pay wages to an employee in accordance with this section, the court shall award the employee an amount equal to triple the amount of wages due and reasonable attorney fees and costs.

K. As used in this section, a person acts "knowingly" if the person, with respect to information, (i) has actual knowledge of the information, (ii) acts in deliberate ignorance of the truth or falsity of the information, or (iii) acts in reckless disregard of the truth or falsity of the information. Establishing that a person acted knowingly shall not require proof of specific intent to defraud.

L. An action under this section shall be commenced within three years after the cause of action accrued. The period for filing is tolled upon the filing of an administrative action under subsection F until the employee has been informed that the action has been resolved or until the employee has withdrawn the complaint, whichever is sooner.

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 854 of the Acts of Assembly of 2019 requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of \$50,000. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

CHAPTER 869

An Act to require the Department of Education to establish and school boards to implement guidelines for the granting of excused absences to students due to mental or behavioral health.

[H 308]

Approved April 8, 2020

Be it enacted by the General Assembly of Virginia:

1. § 1. *The Department of Education shall establish and distribute to each school board no later than December 31, 2020, guidelines for the granting of an excused absence from school to a student due to his mental or behavioral health. Any student who is absent from school due to his mental or behavioral health shall be granted, subject to such guidelines, an excused absence.*

CHAPTER 870

An Act to amend and reenact §§ 22.1-298.1 and 23.1-902 of the Code of Virginia, relating to education preparation programs; teacher licensure; certain instruction or training.

[H 894]

Approved April 8, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 22.1-298.1 and 23.1-902 of the Code of Virginia are amended and reenacted as follows:

§ 22.1-298.1. Regulations governing licensure.

A. As used in this section:

"Alternate route to licensure" means a nontraditional route to teacher licensure available to individuals who meet the criteria specified in the guidelines developed pursuant to subsection N or regulations issued by the Board of Education.

"Industry certification credential" means an active career and technical education credential that is earned by successfully completing a Board of Education-approved industry certification examination, being issued a professional license in the Commonwealth, or successfully completing an occupational competency examination.

"Licensure by reciprocity" means a process used to issue a license to an individual coming into the Commonwealth from another state when that individual meets certain conditions specified in the Board of Education's regulations.

"Professional teacher's assessment" means those tests mandated for licensure as prescribed by the Board of Education.

"Provisional license" means a nonrenewable license issued by the Board of Education for a specified period of time, not to exceed three years, to an individual who may be employed by a school division in the Commonwealth and who generally meets the requirements specified in the Board of Education's regulations for licensure, but who may need to take additional coursework, pass additional assessments, or meet alternative evaluation standards to be fully licensed with a renewable license.

"Renewable license" means a license issued by the Board of Education for 10 years to an individual who meets the requirements specified in the Board of Education's regulations.

B. The Board of Education shall prescribe, by regulation, the requirements for the licensure of teachers and other school personnel required to hold a license. Such regulations shall include procedures for (i) the denial, suspension, cancellation, revocation, and reinstatement of licensure; (ii) written reprimand of license holders, notice of which shall be made by the Superintendent of Public Instruction to division superintendents or their designated representatives; and (iii) the immediate and thorough investigation by the division superintendent or his designee of any complaint alleging that a license holder has engaged in conduct that may form the basis for the revocation of his license. At a minimum, such

procedures for investigations contained in such regulations shall require (a) the division superintendent to petition for the revocation of the license upon completing such investigation and finding that there is reasonable cause to believe that the license holder has engaged in conduct that forms the basis for revocation of a license; (b) the school board to proceed to a hearing on such petition for revocation within 90 days of the mailing of a copy of the petition to the license holder, unless the license holder requests the cancellation of his license in accordance with Board regulations; and (c) the school board to provide a copy of the investigative file and such petition for revocation to the Superintendent of Public Instruction at the time that the hearing is scheduled. The Board of Education shall revoke the license of any person for whom it has received a notice of dismissal or resignation pursuant to subsection F of § 22.1-313 and, in the case of a person who is the subject of a founded complaint of child abuse or neglect, after all rights to any administrative appeal provided by § 63.2-1526 have been exhausted. Regardless of the authority of any other agency of the Commonwealth to approve educational programs, only the Board of Education shall have the authority to license teachers to be regularly employed by school boards, including those teachers employed to provide nursing education.

The Board of Education shall prescribe by regulation the licensure requirements for teachers who teach only online courses, as defined in § 22.1-212.23. Such license shall be valid only for teaching online courses. Teachers who hold a 10-year renewable license issued by the Board of Education may teach online courses for which they are properly endorsed.

C. The Board of Education's regulations shall include requirements that a person seeking initial licensure:

1. Demonstrate proficiency in the relevant content area, communication, literacy, and other core skills for educators by achieving a qualifying score on professional assessments or meeting alternative evaluation standards as prescribed by the Board;

2. Complete study in attention deficit disorder;

3. Complete study in gifted education, including the use of multiple criteria to identify gifted students; and

4. Complete study in methods of improving communication between schools and families and ways of increasing family involvement in student learning at home and at school.

D. In addition, such regulations shall include requirements that:

1. Every person seeking initial licensure and persons seeking licensure renewal as teachers who have not completed such study shall complete study in child abuse recognition and intervention in accordance with curriculum guidelines developed by the Board of Education in consultation with the Department of Social Services that are relevant to the specific teacher licensure routes;

2. Every person seeking renewal of a license shall complete all renewal requirements, including professional development in a manner prescribed by the Board, except that no person seeking renewal of a license shall be required to satisfy any such requirement by completing coursework and earning credit at an institution of higher education;

3. Every person seeking initial licensure or renewal of a license shall provide evidence of completion of certification or training in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators. The certification or training program shall (i) be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross, and (ii) include hands-on practice of the skills necessary to perform cardiopulmonary resuscitation. The Board shall provide a waiver for this requirement for any person with a disability whose disability prohibits such person from completing the certification or training;

4. Every person seeking licensure with an endorsement as a teacher of the blind and visually impaired shall demonstrate proficiency in reading and writing Braille;

5. Every teacher seeking an initial license in the Commonwealth with an endorsement in the area of career and technical education shall have an industry certification credential in the area in which the teacher seeks endorsement. If a teacher seeking an initial license in the Commonwealth has not attained an industry certification credential in the area in which the teacher seeks endorsement, the Board may, upon request of the employing school division or educational agency, issue the teacher a provisional license to allow time for the teacher to attain such credential;

6. Every person seeking initial licensure or renewal of a license shall complete awareness training, provided by the Department of Education, on the indicators of dyslexia, as that term is defined by the Board pursuant to regulations, and the evidence-based interventions and accommodations for dyslexia; and

7. Every person seeking initial licensure or renewal of a license with an endorsement as a school counselor shall complete training in the recognition of mental health disorder and behavioral distress, including depression, trauma, violence, youth suicide, and substance abuse.

8. *Every person seeking initial licensure as a teacher who has not received the instruction described in subsection D of § 23.1-902 shall receive instruction or training on positive behavior interventions and supports; crisis prevention and de-escalation; the use of physical restraint and seclusion, consistent with regulations of the Board of Education; and appropriate alternative methods to reduce and prevent the need for the use of physical restraint and seclusion.*

E. No teacher who seeks a provisional license shall be required to meet any requirement set forth in subdivision D 1, 3, ~~or~~ 6, or 8 as a condition of such licensure, but each such teacher shall complete each such requirement during the first year of provisional licensure.

F. The Board shall issue a license to an individual seeking initial licensure who has not completed professional assessments as prescribed by the Board, if such individual (i) holds a provisional license that will expire within three months; (ii) is employed by a school board; (iii) is recommended for licensure by the division superintendent; (iv) has

attempted, unsuccessfully, to obtain a qualifying score on the professional assessments as prescribed by the Board; (v) has received an evaluation rating of proficient or above on the performance standards for each year of the provisional license, and such evaluation was conducted in a manner consistent with the Guidelines for Uniform Performance Standards and Evaluation Criteria for Teachers, Principals, and Superintendents; and (vi) meets all other requirements for initial licensure.

G. Each local school board or division superintendent may waive for any individual whom it seeks to employ as a career and technical education teacher and who is also seeking initial licensure or renewal of a license with an endorsement in the area of career and technical education any applicable requirement set forth in subsection C or subdivision D 2, 4, or 6.

H. The Board's regulations shall require that initial licensure for principals and assistant principals be contingent upon passage of an assessment as prescribed by the Board.

I. The Board shall establish criteria in its regulations to effectuate the substitution of experiential learning for coursework for those persons seeking initial licensure through an alternate route as defined in Board regulations. Such alternate routes shall include eligibility for any individual to receive, notwithstanding any provision of law to the contrary, a renewable one-year license to teach in public high schools in the Commonwealth if he has:

1. Received a graduate degree from a regionally accredited institution of higher education;
2. Completed at least 30 credit hours of teaching experience as an instructor at a regionally accredited institution of higher education;
3. Received qualifying scores on the professional teacher's assessments prescribed by the Board, including the communication and literacy assessment and the content-area assessment for the endorsement sought; and
4. Met the requirements set forth in subdivisions D 1 and 3.

J. Notwithstanding any provision of law to the contrary, the Board (i) may provide for the issuance of a provisional license, valid for a period not to exceed three years, pursuant to subdivision D 5 or to any person who does not meet the requirements of this section or any other requirement for licensure imposed by law and (ii) shall provide for the issuance of a provisional license, valid for a period not to exceed three years, to any former member of the Armed Forces of the United States or the Virginia National Guard who has received an honorable discharge and has the appropriate level of experience or training but does not meet the requirements for a renewable license.

K. The Board's licensure regulations shall also provide for licensure by reciprocity:

1. With comparable endorsement areas for those individuals holding a valid out-of-state teaching license and national certification from the National Board for Professional Teaching Standards or a nationally recognized certification program approved by the Board of Education. The application for such individuals shall require evidence of such valid licensure and national certification and shall not require official student transcripts;

2. For any spouse of an active duty member of the Armed Forces of the United States or the Commonwealth who has obtained a valid out-of-state license, with full credentials and without deficiencies, that is in force at the time the application for a Virginia license is received by the Department of Education. Each such individual shall establish a file in the Department of Education by submitting a complete application packet, which shall include official student transcripts. No service requirements or licensing assessments shall be required for any such individual; and

3. For individuals who have obtained a valid out-of-state license, with full credentials and without deficiencies, that is in force at the time the application for a Virginia license is received by the Department of Education. Each such individual shall establish a file in the Department of Education by submitting a complete application packet, which shall include official student transcripts. No service requirements or licensing assessments shall be required for any such individual.

L. The Board shall include in its regulations an alternate route to licensure for elementary education preK-6 and an alternate route to licensure for special education general curriculum K-12. Each such alternate route to licensure shall require individuals to (i) meet the qualifying scores on the content area assessment prescribed by the Board for the endorsements sought and (ii) complete an alternative certification program that provides training in the pedagogy and methodology of the respective content or special education areas prescribed by the Board. The curriculum of any such alternative certification program shall be approved by the Board. Nothing in this subsection shall preclude the Board from establishing other alternate routes to licensure.

M. The Board, in its regulations providing for licensure by reciprocity established pursuant to subsection K, shall (i) permit applicants to submit third-party employment verification forms and (ii) grant special consideration to individuals who have successfully completed a program offered by a provider that is accredited by the Council for the Accreditation of Educator Preparation.

N. The Board shall develop guidelines that establish a process to permit a school board or any organization sponsored by a school board to petition the Board for approval of an alternate route to licensure that may be used to meet the requirements for a provisional or renewable license or any endorsement. Any such alternate route may include alternatives to the regulatory requirements for teacher preparation, including alternative professional assessments and coursework. The petitioner may proffer or the Board may impose conditions in conjunction with the approval of such petition.

§ 23.1-902. Education preparation programs offered by institutions of higher education.

A. Education preparation programs offered by public institutions of higher education and private institutions of higher education shall meet the requirements for accreditation and program approval as prescribed by the Board of Education in its regulations.

B. The Board of Education may prescribe in its regulations requirements for admission to approved education preparation programs in the Commonwealth.

C. Any candidate who fails to achieve the minimum score established by the Board of Education may be denied entrance into an education preparation program on the basis of such failure, but any such candidate who gains entrance and enrolls in an education preparation program shall have the opportunity to address all deficiencies.

D. *Education preparation programs offered by public institutions of higher education and private institutions of higher education shall ensure that, as a condition of degree completion, each student enrolled in the education preparation program receives instruction on positive behavior interventions and supports; crisis prevention and de-escalation; the use of physical restraint and seclusion, consistent with regulations of the Board of Education; and appropriate alternative methods to reduce and prevent the need for the use of physical restraint and seclusion.*

2. That the Board of Education shall adopt such regulations as are necessary to implement the provisions of this act.

CHAPTER 874

An Act to amend and reenact § 22.1-253.13:4 of the Code of Virginia, relating to the Board of Education; high school graduation requirements; certain substitutions.

[S 323]

Approved April 8, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-253.13:4 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-253.13:4. Standard 4. Student achievement and graduation requirements.

A. Each local school board shall award diplomas to all secondary school students, including students who transfer from nonpublic schools or from home instruction, who meet the requirements prescribed by the Board of Education and meet such other requirements as may be prescribed by the local school board and approved by the Board of Education. Provisions shall be made to facilitate the transfer and appropriate grade placement of students from other public secondary schools, from nonpublic schools, or from home instruction as outlined in the standards for accreditation. The standards for accreditation shall include provisions relating to the completion of graduation requirements through Virtual Virginia. Further, reasonable accommodation to meet the requirements for diplomas shall be provided for otherwise qualified students with disabilities as needed.

In addition, each local school board may devise, vis-a-vis the award of diplomas to secondary school students, a mechanism for calculating class rankings that takes into consideration whether the student has taken a required class more than one time and has had any prior earned grade for such required class expunged.

Each local school board shall notify the parents of rising eleventh and twelfth grade students of (i) the requirements for graduation pursuant to the standards for accreditation and (ii) the requirements that have yet to be completed by the individual student.

B. Students identified as disabled who complete the requirements of their individualized education programs and meet certain requirements prescribed by the Board pursuant to regulations but do not meet the requirements for any named diploma shall be awarded Applied Studies diplomas by local school boards.

Each local school board shall notify the parent of such students with disabilities who have an individualized education program and who fail to meet the graduation requirements of the student's right to a free and appropriate education to age 21, inclusive, pursuant to Article 2 (§ 22.1-213 et seq.) of Chapter 13.

C. Students who have completed a prescribed course of study as defined by the local school board shall be awarded certificates of program completion by local school boards if they are not eligible to receive a Board of Education-approved diploma.

Each local school board shall provide notification of the right to a free public education for students who have not reached 20 years of age on or before August 1 of the school year, pursuant to Chapter 1 (§ 22.1-1 et seq.), to the parent of students who fail to graduate or who have failed to achieve graduation requirements as provided in the standards for accreditation. If such student who does not graduate or complete such requirements is a student for whom English is a second language, the local school board shall notify the parent of the student's opportunity for a free public education in accordance with § 22.1-5.

D. (From Acts 2016, cc. 720 & 750: The graduation requirements established by the Board of Education pursuant to the provisions of subdivisions D 1, 2, and 3 shall apply to each student who enrolls in high school as (i) a freshman after July 1, 2018; (ii) a sophomore after July 1, 2019; (iii) a junior after July 1, 2020; or (iv) a senior after July 1, 2021) In establishing graduation requirements, the Board shall:

1. Develop and implement, in consultation with stakeholders representing elementary and secondary education, higher education, and business and industry in the Commonwealth and including parents, policymakers, and community leaders in the Commonwealth, a Profile of a Virginia Graduate that identifies the knowledge and skills that students should attain during high school in order to be successful contributors to the economy of the Commonwealth, giving due consideration to critical thinking, creative thinking, collaboration, communication, and citizenship.

2. Emphasize the development of core skill sets in the early years of high school.

3. Establish multiple paths toward college and career readiness for students to follow in the later years of high school. Each such pathway shall include opportunities for internships, externships, and credentialing.

4. Provide for the selection of integrated learning courses meeting the Standards of Learning and approved by the Board to satisfy graduation requirements, which shall include Standards of Learning testing, as necessary.

5. Require students to complete at least one course in fine or performing arts or career and technical education, one course in United States and Virginia history, and two sequential elective courses chosen from a concentration of courses selected from a variety of options that may be planned to ensure the completion of a focused sequence of elective courses that provides a foundation for further education or training or preparation for employment.

6. Require that students either (i) complete an Advanced Placement, honors, or International Baccalaureate course or (ii) earn a career and technical education credential that has been approved by the Board, except when a career and technical education credential in a particular subject area is not readily available or appropriate or does not adequately measure student competency, in which case the student shall receive satisfactory competency-based instruction in the subject area to earn credit. The career and technical education credential, when required, could include the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, the Armed Services Vocational Aptitude Battery, or the Virginia workplace readiness skills assessment. The Department of Education shall develop, maintain, and make available to each local school board a catalogue of the testing accommodations available to English language learners for each such certification, examination, assessment, and battery. Each local school board shall develop and implement policies to require each high school principal or his designee to notify each English language learner of the availability of such testing accommodations prior to the student's participation in any such certification, examination, assessment, or battery.

7. Beginning with first-time ninth grade students in the 2016-2017 school year, require students to be trained in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation.

8. Make provision in its regulations for students with disabilities to earn a diploma.

9. Require students to complete one virtual course, which may be a noncredit-bearing course.

10. Provide that students who complete elective classes into which the Standards of Learning for any required course have been integrated and achieve a passing score on the relevant Standards of Learning test for the relevant required course receive credit for such elective class.

11. Establish a procedure to facilitate the acceleration of students that allows qualified students, with the recommendation of the division superintendent, without completing the 140-hour class, to obtain credit for such class upon demonstrating mastery of the course content and objectives and receiving a passing score on the relevant Standards of Learning assessment. Nothing in this section shall preclude relevant school division personnel from enforcing compulsory attendance in public schools.

12. Provide for the award of credit for passing scores on industry certifications, state licensure examinations, and national occupational competency assessments approved by the Board of Education.

School boards shall report annually to the Board of Education the number of Board-approved industry certifications obtained, state licensure examinations passed, national occupational competency assessments passed, Armed Services Vocational Aptitude Battery assessments passed, and Virginia workplace readiness skills assessments passed, and the number of career and technical education completers who graduated. These numbers shall be reported as separate categories on the School Performance Report Card.

For the purposes of this subdivision, "career and technical education completer" means a student who has met the requirements for a career and technical concentration or specialization and all requirements for high school graduation or an approved alternative education program.

In addition, the Board may:

a. For the purpose of awarding credit, approve the use of additional or substitute tests for the correlated Standards of Learning assessment, such as academic achievement tests, industry certifications or state licensure examinations; and

b. Permit students completing career and technical education programs designed to enable such students to pass such industry certification examinations or state licensure examinations to be awarded, upon obtaining satisfactory scores on such industry certification or licensure examinations, appropriate credit for one or more career and technical education classes into which relevant Standards of Learning for various classes taught at the same level have been integrated. Such industry certification and state licensure examinations may cover relevant Standards of Learning for various required classes and may, at the discretion of the Board, address some Standards of Learning for several required classes.

13. Provide for the waiver of certain graduation requirements (i) upon the Board's initiative or (ii) at the request of a local school board. Such waivers shall be granted only for good cause and shall be considered on a case-by-case basis.

14. Consider all computer science course credits earned by students to be science course credits, mathematics course credits, or career and technical education credits. The Board of Education shall develop guidelines addressing how computer science courses can satisfy graduation requirements.

15. Permit local school divisions to waive the requirement for students to receive 140 clock hours of instruction upon providing the Board with satisfactory proof, based on Board guidelines, that the students for whom such requirements are waived have learned the content and skills included in the relevant Standards of Learning.

16. Provide for the award of verified units of credit for a satisfactory score, as determined by the Board, on the Preliminary ACT (PreACT) or Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT) examination.

17. Permit students to exceed a full course load in order to participate in courses offered by an institution of higher education that lead to a degree, certificate, or credential at such institution.

18. Permit local school divisions to waive the requirement for students to receive 140 clock hours of instruction after the student has completed the course curriculum and relevant Standards of Learning end-of-course assessment, or Board-approved substitute, provided that such student subsequently receives instruction, coursework, or study toward an industry certification approved by the local school board.

19. Permit any English language learner who previously earned a sufficient score on an Advanced Placement or International Baccalaureate foreign language examination or an SAT II Subject Test in a foreign language to substitute computer coding course credit for any foreign language course credit required to graduate, except in cases in which such foreign language course credit is required to earn an advanced diploma offered by a nationally recognized provider of college-level courses.

20. *Permit a student who is pursuing an advanced diploma and whose individualized education program specifies a credit accommodation for world language to substitute two standard units of credit in computer science for two standard units of credit in a world language. For any student that elects to substitute a credit in computer science for credit in world language, his or her school counselor must provide notice to the student and parent or guardian of possible impacts related to college entrance requirements.*

E. In the exercise of its authority to recognize exemplary performance by providing for diploma seals:

1. The Board shall develop criteria for recognizing exemplary performance in career and technical education programs by students who have completed the requirements for a Board of Education-approved diploma and shall award seals on the diplomas of students meeting such criteria.

2. The Board shall establish criteria for awarding a diploma seal for science, technology, engineering, and mathematics (STEM) for the Board of Education-approved diplomas. The Board shall consider including criteria for (i) relevant coursework; (ii) technical writing, reading, and oral communication skills; (iii) relevant training; and (iv) industry, professional, and trade association national certifications.

3. The Board shall establish criteria for awarding a diploma seal for excellence in civics education and understanding of our state and federal constitutions and the democratic model of government for the Board of Education-approved diplomas. The Board shall consider including criteria for (i) successful completion of history, government, and civics courses, including courses that incorporate character education; (ii) voluntary participation in community service or extracurricular activities that includes the types of activities that shall qualify as community service and the number of hours required; and (iii) related requirements as it deems appropriate.

4. The Board shall establish criteria for awarding a diploma seal of biliteracy to any student who demonstrates proficiency in English and at least one other language for the Board of Education-approved diplomas. The Board shall consider criteria including the student's (i) score on a College Board Advanced Placement foreign language examination, (ii) score on an SAT II Subject Test in a foreign language, (iii) proficiency level on an ACTFL Assessment of Performance toward Proficiency in Languages (AAPPL) measure or another nationally or internationally recognized language proficiency test, or (iv) cumulative grade point average in a sequence of foreign language courses approved by the Board.

F. The Board shall establish, by regulation, requirements for the award of a general achievement adult high school diploma for those persons who are not subject to the compulsory school attendance requirements of § 22.1-254 and have (i) achieved a passing score on a high school equivalency examination approved by the Board of Education; (ii) successfully completed an education and training program designated by the Board of Education; (iii) earned a Board of Education-approved career and technical education credential such as the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, the Armed Services Vocational Aptitude

Battery, or the Virginia workplace readiness skills assessment; and (iv) satisfied other requirements as may be established by the Board for the award of such diploma.

G. To ensure the uniform assessment of high school graduation rates, the Board shall collect, analyze, report, and make available to the public high school graduation and dropout data using a formula prescribed by the Board.

H. The Board shall also collect, analyze, report, and make available to the public high school graduation and dropout data using a formula that excludes any student who fails to graduate because such student is in the custody of the Department of Corrections, the Department of Juvenile Justice, or local law enforcement. For the purposes of the Standards of Accreditation, the Board shall use the graduation rate required by this subsection.

I. The Board may promulgate such regulations as may be necessary and appropriate for the collection, analysis, and reporting of such data required by subsections G and H.

Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a minor in his custody as provided in this section. Such medical evaluation or treatment shall be conducted immediately in accordance with state and federal law.

C. *If an alternative transportation provider providing transportation of a minor who is the subject of a temporary detention order becomes unable to continue providing transportation of the minor at any time after taking custody of the minor, the primary law-enforcement agency for the jurisdiction in which the alternative transportation provider is located at the time he becomes unable to continue providing transportation shall take custody of the minor and shall transport the minor to the facility of temporary detention. In such cases, (i) a copy of the temporary detention order shall accompany the minor being transported and shall be delivered to and returned by the temporary detention facility in accordance with the provisions of subsection B and (ii) if the alternative transportation provider originally authorized to provide transportation is a person other than the minor's parent, the alternative transportation provider shall notify the minor's parent (a) that the primary law-enforcement agency for the jurisdiction in which he is located has taken custody of the minor and is transporting the minor to the facility of temporary detention and (b) of the name of the law-enforcement officer providing transportation of the minor.*

D. In cases in which an alternative facility of temporary detention is identified and the law-enforcement agency or alternative transportation provider identified to provide transportation in accordance with subsection B continues to have

custody of the minor, the local law-enforcement agency or alternative transportation provider shall transport the minor to the alternative facility of temporary detention identified by the employee or designee of the local community services board. In cases in which an alternative facility of temporary detention is identified and custody of the minor has been transferred from the law-enforcement agency or alternative transportation provider that provided transportation in accordance with subsection B to the initial facility of temporary detention, the employee or designee of the local community services board shall request, and a magistrate may enter an order specifying, an alternative transportation provider or, if no alternative transportation provider is available, willing, and able to provide transportation in a safe manner, the local law-enforcement agency for the jurisdiction in which the minor resides or, if the nearest boundary of the jurisdiction in which the minor resides is more than 50 miles from the nearest boundary of the jurisdiction in which the minor is located, the law-enforcement agency of the jurisdiction in which the minor is located, to provide transportation.

D. E. The magistrate may change the transportation provider specified in a temporary detention order at any time prior to the initiation of transportation of a minor who is the subject of a temporary detention order pursuant to this section. If the designated transportation provider is changed by the magistrate at any time after the temporary detention order has been executed but prior to the initiation of transportation, the transportation provider having custody of the minor shall transfer custody of the minor to the transportation provider subsequently specified to provide transportation. For the purposes of this subsection, "transportation provider" includes both a law-enforcement agency and an alternative transportation provider.

F. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing any temporary detention order pursuant to this section. Law-enforcement agencies may enter into agreements to facilitate the execution of temporary detention orders and provide transportation.

E. G. No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.

§ 16.1-345. Involuntary commitment; criteria.

After observing the minor and considering (i) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (ii) any past actions of the minor, (iii) any past mental health treatment of the minor, (iv) any qualified evaluator's report, (v) any medical records available, (vi) the preadmission screening report, and (vii) any other evidence that may have been admitted, the court shall order the involuntary commitment of the minor to a mental health facility for treatment for a period not to exceed 90 days if it finds, by clear and convincing evidence, that:

1. Because of mental illness, the minor (i) presents a serious danger to himself or others to the extent that severe or irreparable injury is likely to result, as evidenced by recent acts or threats or (ii) is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusional thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control;

2. The minor is in need of compulsory treatment for a mental illness and is reasonably likely to benefit from the proposed treatment; and

3. If the court finds that inpatient treatment is not the least restrictive treatment, the court shall consider entering an order for mandatory outpatient treatment pursuant to § 16.1-345.2.

Upon the expiration of an order for involuntary commitment, the minor shall be released unless he is involuntarily admitted by further petition and order of a court, which shall be for a period not to exceed 90 days from the date of the subsequent court order, or the minor or his parent rescinds the objection to inpatient treatment and consents to admission pursuant to § 16.1-338 or subsection D of § 16.1-339 or the minor is ordered to mandatory outpatient treatment pursuant to § 16.1-345.2.

A minor who has been hospitalized while properly detained by a juvenile and domestic relations district court shall be returned to the detention home, shelter care, or other facility approved by the Department of Juvenile Justice by the sheriff serving the jurisdiction where the minor was detained within 24 hours following completion of a period of inpatient treatment, unless the court having jurisdiction over the case orders that the minor be released from custody. However, such a minor shall not be eligible for mandatory outpatient treatment.

In conducting an evaluation of a minor who has been properly detained, if the evaluator finds, irrespective of the fact that the minor has been detained, that the minor meets the criteria for involuntary commitment in this section, the evaluator shall recommend that the minor meets the criteria for involuntary commitment.

If the parent or parents with whom the minor resides are not willing to approve the proposed commitment, the court shall order inpatient treatment only if it finds, in addition to the criteria specified in this section, that such treatment is necessary to protect the minor's life, health, safety, or normal development. If a special justice believes that issuance of a removal order or protective order may be in the child's best interest, the special justice shall report the matter to the local department of social services for the county or city where the minor resides.

Upon finding that the best interests of the minor so require, the court may enter an order directing either or both of the minor's parents to comply with reasonable conditions relating to the minor's treatment.

If the minor is committed to inpatient treatment, such placement shall be in a mental health facility for inpatient treatment designated by the community services board which serves the political subdivision in which the minor was evaluated pursuant to § 16.1-342. If the community services board does not provide a placement recommendation at the

hearing, the minor shall be placed in a mental health facility designated by the Commissioner of Behavioral Health and Developmental Services.

When a minor has been involuntarily committed pursuant to this section, the judge shall determine, after consideration of information provided by the minor's treating mental health professional and any involved community services board staff regarding the minor's dangerousness, whether transportation shall be provided by the sheriff or may be provided by an alternative transportation provider, including a parent, family member, or friend of the minor, a representative of the community services board, a representative of the facility at which the minor was detained pursuant to a temporary detention order, or other alternative transportation provider with personnel trained to provide transportation in a safe manner. If the judge determines that transportation may be provided by an alternative transportation provider, the judge may consult with the proposed alternative transportation provider either in person or via two-way electronic video and audio or telephone communication system to determine whether the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. If the judge finds that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner, the judge may order transportation by the proposed alternative transportation provider. In all other cases, the judge shall order transportation by the sheriff of the jurisdiction where the minor is a resident unless the sheriff's office of that jurisdiction is located more than 100 road miles from the nearest boundary of the jurisdiction in which the proceedings took place. In cases where the sheriff of the jurisdiction in which the minor is a resident is more than 100 road miles from the nearest boundary of the jurisdiction in which the proceedings took place, it shall be the responsibility of the sheriff of the latter jurisdiction to transport the minor.

If the judge determines that the minor requires transportation by the sheriff, the sheriff, as specified in this section shall transport the minor to the proper facility. In no event shall transport commence later than six hours after notification to the sheriff or alternative transportation provider of the judge's order.

If an alternative transportation provider providing transportation of a minor becomes unable to continue providing transportation of the minor at any time after taking custody of the minor, the primary law-enforcement agency for the jurisdiction in which the alternative transportation provider is located at the time he becomes unable to continue providing transportation shall take custody of the minor and shall transport the minor to the proper facility. In such cases, if the alternative transportation provider originally authorized to provide transportation is a person other than the minor's parent, the alternative transportation provider shall notify the minor's parent (a) that the primary law-enforcement agency for the jurisdiction in which he is located has taken custody of the minor and is transporting the minor to the facility of temporary detention and (b) of the name of the law-enforcement officer providing transportation of the minor.

No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.

§ 37.2-810. Transportation of person in the temporary detention process.

A. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall specify in the temporary detention order the law-enforcement agency of the jurisdiction in which the person resides, or any other willing law-enforcement agency that has agreed to provide transportation, to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. However, if the nearest boundary of the jurisdiction in which the person resides is more than 50 miles from the nearest boundary of the jurisdiction in which the person is located, the law-enforcement agency of the jurisdiction in which the person is located shall execute the order and provide transportation.

B. The magistrate issuing the temporary detention order shall specify the law-enforcement agency to execute the order and provide transportation. However, the magistrate shall consider any request to authorize transportation by an alternative transportation provider in accordance with this section, whenever an alternative transportation provider is identified to the magistrate, which may be a person, facility, or agency, including a family member or friend of the person who is the subject of the temporary detention order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the person's treating physician, if any; or other persons who are available and have knowledge of the person, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified law-enforcement agency to execute the order, to take the person into custody, and to transfer custody of the person to the alternative transportation provider identified in the order.

In such cases, a copy of the temporary detention order shall accompany the person being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the temporary detention facility. The temporary detention facility shall return a copy of the temporary detention order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

The order may include transportation of the person to such other medical facility as may be necessary to obtain further medical evaluation or treatment prior to placement as required by a physician at the admitting temporary detention facility. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a person in his custody as provided in this section. Such medical evaluation or treatment shall be conducted immediately in accordance with state and federal law.

C. If an alternative transportation provider providing transportation of a person who is the subject of a temporary detention order becomes unable to continue providing transportation of the person at any time after taking custody of the person, the primary law-enforcement agency for the jurisdiction in which the alternative transportation provider is located at the time he becomes unable to continue providing transportation shall take custody of the person and shall transport the person to the facility of temporary detention. In such cases, a copy of the temporary detention order shall accompany the person being transported and shall be delivered to and returned by the temporary detention facility in accordance with the provisions of subsection B.

D. In cases in which an alternative facility of temporary detention is identified and the law-enforcement agency or alternative transportation provider identified to provide transportation in accordance with subsection B continues to have custody of the person, the local law-enforcement agency or alternative transportation provider shall transport the person to the alternative facility of temporary detention identified by the employee or designee of the community services board. In cases in which an alternative facility of temporary detention is identified and custody of the individual person has been transferred from the law-enforcement agency or alternative transportation provider that provided transportation in accordance with subsection B to the initial facility of temporary detention, the employee or designee of the community services board shall request, and a magistrate may enter an order specifying, an alternative transportation provider or, if no alternative transportation provider is available, willing, and able to provide transportation in a safe manner, the local law-enforcement agency for the jurisdiction in which the person resides or, if the nearest boundary of the jurisdiction in which the person resides is more than 50 miles from the nearest boundary of the jurisdiction in which the person is located, the law-enforcement agency of the jurisdiction in which the person is located, to provide transportation.

~~*E. The magistrate may change the transportation provider specified in a temporary detention order at any time prior to the initiation of transportation of a person who is the subject of a temporary detention order pursuant to this section. If the designated transportation provider is changed by the magistrate at any time after the temporary detention order has been executed but prior to the initiation of transportation, the transportation provider having custody of the person shall transfer custody of the person to the transportation provider subsequently specified to provide transportation. For the purposes of this subsection, "transportation provider" includes both a law-enforcement agency and an alternative transportation provider.*~~

F. A law-enforcement officer may lawfully go to or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing any temporary detention order pursuant to this section. Law-enforcement agencies may enter into agreements to facilitate the execution of temporary detention orders and provide transportation.

~~*G. No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.*~~

§ 37.2-829. Transportation of person in civil admission process.

When a person has volunteered for admission pursuant to § 37.2-814 or been ordered to be admitted to a facility under §§ 37.2-815 through 37.2-821, the judge or special justice shall determine after consideration of information provided by the person's treating mental health professional and any involved community services board or behavioral health authority staff regarding the person's dangerousness, whether transportation shall be provided by the sheriff or may be provided by an alternative transportation provider, including a family member or friend of the person, a representative of the community services board, a representative of the facility at which the person was detained pursuant to a temporary detention order, or other alternative transportation provider with personnel trained to provide transportation in a safe manner. If the judge or special justice determines that transportation may be provided by an alternative transportation provider, the judge or special justice may consult with the proposed alternative transportation provider either in person or via two-way electronic video and audio or telephone communication system to determine whether the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. If the judge or special justice finds that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner, the judge or special justice may order transportation by the proposed alternative transportation provider. In all other cases, the judge or special justice shall order transportation by the sheriff of the jurisdiction where the person is a resident unless the sheriff's office of that jurisdiction is located more than 100 road miles from the nearest boundary of the jurisdiction in which the proceedings took place. In cases where the sheriff of the jurisdiction of which the person is a resident is more than 100 road miles from the nearest boundary of the jurisdiction in which the proceedings took place, it shall be the responsibility of the sheriff of the latter jurisdiction to transport the person.

If the judge or special justice determines that the person requires transportation by the sheriff, the person may be delivered to the care of the sheriff, as specified in this section, who shall transport the person to the proper facility. In no

event shall transport commence later than six hours after notification to the sheriff or alternative transportation provider of the judge's or special justice's order.

If any state hospital has become too crowded to admit any such person, the Commissioner shall give notice of the fact to all community services boards and shall designate the facility to which sheriffs or alternative transportation providers shall transport such persons.

If an alternative transportation provider providing transportation of a person becomes unable to continue providing transportation of the person at any time after taking custody of the person, the primary law-enforcement agency for the jurisdiction in which the alternative transportation provider is located at the time he becomes unable to continue providing transportation shall take custody of the person and shall transport the person to the proper facility.

No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.

CHAPTER 880

An Act to amend and reenact §§ 16.1-340.2, 16.1-345, 37.2-810, and 37.2-829 of the Code of Virginia, relating to involuntary admission; transportation; transfer to local law enforcement.

[S 603]

Approved April 8, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-340.2, 16.1-345, 37.2-810, and 37.2-829 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-340.2. Transportation of minor in the temporary detention process.

A. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall specify in the temporary detention order the law-enforcement agency of the jurisdiction in which the minor resides to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. However, if the nearest boundary of the jurisdiction in which the minor resides is more than 50 miles from the nearest boundary of the jurisdiction in which the minor is located, the law-enforcement agency of the jurisdiction in which the minor is located shall execute the order and provide transportation.

B. The magistrate issuing the temporary detention order shall specify the law-enforcement agency to execute the order and provide transportation. However, the magistrate may authorize transportation by an alternative transportation provider, including a parent, family member, or friend of the minor who is the subject of the temporary detention order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the minor's treating physician, if any; or other persons who are available and have knowledge of the minor, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified primary law-enforcement agency to execute the order, to take the minor into custody, and to transfer custody of the minor to the alternative transportation provider identified in the order.

In such cases any case in which a magistrate authorizes transportation of a minor subject to a temporary detention order by an alternative transportation provider, a copy of the temporary detention order shall accompany the minor being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the temporary detention facility. The temporary detention facility shall return a copy of the temporary detention order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

The order may include transportation of the minor to such other medical facility as may be necessary to obtain further medical evaluation or treatment prior to placement as required by a physician at the admitting temporary detention facility. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a minor in his custody as provided in this section. Such medical evaluation or treatment shall be conducted immediately in accordance with state and federal law.

C. *If an alternative transportation provider providing transportation of a minor who is the subject of a temporary detention order becomes unable to continue providing transportation of the minor at any time after taking custody of the minor, the primary law-enforcement agency for the jurisdiction in which the alternative transportation provider is located at the time he becomes unable to continue providing transportation shall take custody of the minor and shall transport the minor to the facility of temporary detention. In such cases, (i) a copy of the temporary detention order shall accompany the minor being transported and shall be delivered to and returned by the temporary detention facility in accordance with the provisions of subsection B and (ii) if the alternative transportation provider originally authorized to provide transportation is a person other than the minor's parent, the alternative transportation provider shall notify the minor's parent (a) that the*

primary law-enforcement agency for the jurisdiction in which he is located has taken custody of the minor and is transporting the minor to the facility of temporary detention and (b) of the name of the law-enforcement officer providing transportation of the minor.

D. In cases in which an alternative facility of temporary detention is identified and the law-enforcement agency or alternative transportation provider identified to provide transportation in accordance with subsection B continues to have custody of the minor, the local law-enforcement agency or alternative transportation provider shall transport the minor to the alternative facility of temporary detention identified by the employee or designee of the local community services board. In cases in which an alternative facility of temporary detention is identified and custody of the minor has been transferred from the law-enforcement agency or alternative transportation provider that provided transportation in accordance with subsection B to the initial facility of temporary detention, the employee or designee of the local community services board shall request, and a magistrate may enter an order specifying, an alternative transportation provider or, if no alternative transportation provider is available, willing, and able to provide transportation in a safe manner, the local law-enforcement agency for the jurisdiction in which the minor resides or, if the nearest boundary of the jurisdiction in which the minor resides is more than 50 miles from the nearest boundary of the jurisdiction in which the minor is located, the law-enforcement agency of the jurisdiction in which the minor is located, to provide transportation.

~~D.~~ E. The magistrate may change the transportation provider specified in a temporary detention order at any time prior to the initiation of transportation of a minor who is the subject of a temporary detention order pursuant to this section. If the designated transportation provider is changed by the magistrate at any time after the temporary detention order has been executed but prior to the initiation of transportation, the transportation provider having custody of the minor shall transfer custody of the minor to the transportation provider subsequently specified to provide transportation. For the purposes of this subsection, "transportation provider" includes both a law-enforcement agency and an alternative transportation provider.

F. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing any temporary detention order pursuant to this section. Law-enforcement agencies may enter into agreements to facilitate the execution of temporary detention orders and provide transportation.

~~E.~~ G. No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.

§ 16.1-345. Involuntary commitment; criteria.

After observing the minor and considering (i) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (ii) any past actions of the minor, (iii) any past mental health treatment of the minor, (iv) any qualified evaluator's report, (v) any medical records available, (vi) the preadmission screening report, and (vii) any other evidence that may have been admitted, the court shall order the involuntary commitment of the minor to a mental health facility for treatment for a period not to exceed 90 days if it finds, by clear and convincing evidence, that:

1. Because of mental illness, the minor (i) presents a serious danger to himself or others to the extent that severe or irreparable injury is likely to result, as evidenced by recent acts or threats or (ii) is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusional thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control;

2. The minor is in need of compulsory treatment for a mental illness and is reasonably likely to benefit from the proposed treatment; and

3. If the court finds that inpatient treatment is not the least restrictive treatment, the court shall consider entering an order for mandatory outpatient treatment pursuant to § 16.1-345.2.

Upon the expiration of an order for involuntary commitment, the minor shall be released unless he is involuntarily admitted by further petition and order of a court, which shall be for a period not to exceed 90 days from the date of the subsequent court order, or the minor or his parent rescinds the objection to inpatient treatment and consents to admission pursuant to § 16.1-338 or subsection D of § 16.1-339 or the minor is ordered to mandatory outpatient treatment pursuant to § 16.1-345.2.

A minor who has been hospitalized while properly detained by a juvenile and domestic relations district court shall be returned to the detention home, shelter care, or other facility approved by the Department of Juvenile Justice by the sheriff serving the jurisdiction where the minor was detained within 24 hours following completion of a period of inpatient treatment, unless the court having jurisdiction over the case orders that the minor be released from custody. However, such a minor shall not be eligible for mandatory outpatient treatment.

In conducting an evaluation of a minor who has been properly detained, if the evaluator finds, irrespective of the fact that the minor has been detained, that the minor meets the criteria for involuntary commitment in this section, the evaluator shall recommend that the minor meets the criteria for involuntary commitment.

If the parent or parents with whom the minor resides are not willing to approve the proposed commitment, the court shall order inpatient treatment only if it finds, in addition to the criteria specified in this section, that such treatment is necessary to protect the minor's life, health, safety, or normal development. If a special justice believes that issuance of a removal order or protective order may be in the child's best interest, the special justice shall report the matter to the local department of social services for the county or city where the minor resides.

Upon finding that the best interests of the minor so require, the court may enter an order directing either or both of the minor's parents to comply with reasonable conditions relating to the minor's treatment.

If the minor is committed to inpatient treatment, such placement shall be in a mental health facility for inpatient treatment designated by the community services board which serves the political subdivision in which the minor was evaluated pursuant to § 16.1-342. If the community services board does not provide a placement recommendation at the hearing, the minor shall be placed in a mental health facility designated by the Commissioner of Behavioral Health and Developmental Services.

When a minor has been involuntarily committed pursuant to this section, the judge shall determine, after consideration of information provided by the minor's treating mental health professional and any involved community services board staff regarding the minor's dangerousness, whether transportation shall be provided by the sheriff or may be provided by an alternative transportation provider, including a parent, family member, or friend of the minor, a representative of the community services board, a representative of the facility at which the minor was detained pursuant to a temporary detention order, or other alternative transportation provider with personnel trained to provide transportation in a safe manner. If the judge determines that transportation may be provided by an alternative transportation provider, the judge may consult with the proposed alternative transportation provider either in person or via two-way electronic video and audio or telephone communication system to determine whether the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. If the judge finds that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner, the judge may order transportation by the proposed alternative transportation provider. In all other cases, the judge shall order transportation by the sheriff of the jurisdiction where the minor is a resident unless the sheriff's office of that jurisdiction is located more than 100 road miles from the nearest boundary of the jurisdiction in which the proceedings took place. In cases where the sheriff of the jurisdiction in which the minor is a resident is more than 100 road miles from the nearest boundary of the jurisdiction in which the proceedings took place, it shall be the responsibility of the sheriff of the latter jurisdiction to transport the minor.

If the judge determines that the minor requires transportation by the sheriff, the sheriff, as specified in this section shall transport the minor to the proper facility. In no event shall transport commence later than six hours after notification to the sheriff or alternative transportation provider of the judge's order.

If an alternative transportation provider providing transportation of a minor becomes unable to continue providing transportation of the minor at any time after taking custody of the minor, the primary law-enforcement agency for the jurisdiction in which the alternative transportation provider is located at the time he becomes unable to continue providing transportation shall take custody of the minor and shall transport the minor to the proper facility. In such cases, if the alternative transportation provider originally authorized to provide transportation is a person other than the minor's parent, the alternative transportation provider shall notify the minor's parent (a) that the primary law-enforcement agency for the jurisdiction in which he is located has taken custody of the minor and is transporting the minor to the facility of temporary detention and (b) of the name of the law-enforcement officer providing transportation of the minor.

No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.

§ 37.2-810. Transportation of person in the temporary detention process.

A. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall specify in the temporary detention order the law-enforcement agency of the jurisdiction in which the person resides, or any other willing law-enforcement agency that has agreed to provide transportation, to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. However, if the nearest boundary of the jurisdiction in which the person resides is more than 50 miles from the nearest boundary of the jurisdiction in which the person is located, the law-enforcement agency of the jurisdiction in which the person is located shall execute the order and provide transportation.

B. The magistrate issuing the temporary detention order shall specify the law-enforcement agency to execute the order and provide transportation. However, the magistrate shall consider any request to authorize transportation by an alternative transportation provider in accordance with this section, whenever an alternative transportation provider is identified to the magistrate, which may be a person, facility, or agency, including a family member or friend of the person who is the subject of the temporary detention order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the person's treating physician, if any; or other persons who are available and have knowledge of the person, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified law-enforcement agency to execute the order, to take the person into custody, and to transfer custody of the person to the alternative transportation provider identified in the order.

In such cases, a copy of the temporary detention order shall accompany the person being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the temporary detention facility. The temporary detention facility shall return a copy of the temporary detention order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

The order may include transportation of the person to such other medical facility as may be necessary to obtain further medical evaluation or treatment prior to placement as required by a physician at the admitting temporary detention facility. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a person in his custody as provided in this section. Such medical evaluation or treatment shall be conducted immediately in accordance with state and federal law.

C. If an alternative transportation provider providing transportation of a person who is the subject of a temporary detention order becomes unable to continue providing transportation of the person at any time after taking custody of the person, the primary law-enforcement agency for the jurisdiction in which the alternative transportation provider is located at the time he becomes unable to continue providing transportation shall take custody of the person and shall transport the person to the facility of temporary detention. In such cases, a copy of the temporary detention order shall accompany the person being transported and shall be delivered to and returned by the temporary detention facility in accordance with the provisions of subsection B.

D. In cases in which an alternative facility of temporary detention is identified and the law-enforcement agency or alternative transportation provider identified to provide transportation in accordance with subsection B continues to have custody of the person, the local law-enforcement agency or alternative transportation provider shall transport the person to the alternative facility of temporary detention identified by the employee or designee of the community services board. In cases in which an alternative facility of temporary detention is identified and custody of the individual person has been transferred from the law-enforcement agency or alternative transportation provider that provided transportation in accordance with subsection B to the initial facility of temporary detention, the employee or designee of the community services board shall request, and a magistrate may enter an order specifying, an alternative transportation provider or, if no alternative transportation provider is available, willing, and able to provide transportation in a safe manner, the local law-enforcement agency for the jurisdiction in which the person resides or, if the nearest boundary of the jurisdiction in which the person resides is more than 50 miles from the nearest boundary of the jurisdiction in which the person is located, the law-enforcement agency of the jurisdiction in which the person is located, to provide transportation.

~~*E. The magistrate may change the transportation provider specified in a temporary detention order at any time prior to the initiation of transportation of a person who is the subject of a temporary detention order pursuant to this section. If the designated transportation provider is changed by the magistrate at any time after the temporary detention order has been executed but prior to the initiation of transportation, the transportation provider having custody of the person shall transfer custody of the person to the transportation provider subsequently specified to provide transportation. For the purposes of this subsection, "transportation provider" includes both a law-enforcement agency and an alternative transportation provider.*~~

F. A law-enforcement officer may lawfully go to or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing any temporary detention order pursuant to this section. Law-enforcement agencies may enter into agreements to facilitate the execution of temporary detention orders and provide transportation.

E. G. No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.

§ 37.2-829. Transportation of person in civil admission process.

When a person has volunteered for admission pursuant to § 37.2-814 or been ordered to be admitted to a facility under §§ 37.2-815 through 37.2-821, the judge or special justice shall determine after consideration of information provided by the person's treating mental health professional and any involved community services board or behavioral health authority staff regarding the person's dangerousness, whether transportation shall be provided by the sheriff or may be provided by an alternative transportation provider, including a family member or friend of the person, a representative of the community services board, a representative of the facility at which the person was detained pursuant to a temporary detention order, or other alternative transportation provider with personnel trained to provide transportation in a safe manner. If the judge or special justice determines that transportation may be provided by an alternative transportation provider, the judge or special justice may consult with the proposed alternative transportation provider either in person or via two-way electronic video and audio or telephone communication system to determine whether the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. If the judge or special justice finds that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner, the judge or special justice may order transportation by the proposed alternative transportation provider. In all other cases, the judge or special justice shall order transportation by the sheriff of the jurisdiction where the person is a resident unless the sheriff's office of that jurisdiction is located more than 100 road miles from the nearest boundary of the jurisdiction in which the proceedings took place. In cases where the sheriff of the jurisdiction of which the person is a resident is more than 100 road miles from the nearest boundary

of the jurisdiction in which the proceedings took place, it shall be the responsibility of the sheriff of the latter jurisdiction to transport the person.

If the judge or special justice determines that the person requires transportation by the sheriff, the person may be delivered to the care of the sheriff, as specified in this section, who shall transport the person to the proper facility. In no event shall transport commence later than six hours after notification to the sheriff or alternative transportation provider of the judge's or special justice's order.

If any state hospital has become too crowded to admit any such person, the Commissioner shall give notice of the fact to all community services boards and shall designate the facility to which sheriffs or alternative transportation providers shall transport such persons.

If an alternative transportation provider providing transportation of a person becomes unable to continue providing transportation of the person at any time after taking custody of the person, the primary law-enforcement agency for the jurisdiction in which the alternative transportation provider is located at the time he becomes unable to continue providing transportation shall take custody of the person and shall transport the person to the proper facility.

No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.

Presidential candidates who anticipate the possibility of asking for a recount are encouraged to so notify the State Board by letter as soon as possible after election day. The petition shall be filed in the Circuit Court of the City of Richmond. If any presidential candidate is eligible to seek a recount of the results of the election for presidential electors under § 24.2-800 the State Board shall, within 24 hours of the certification of the results, notify the Circuit Court of the City of Richmond and the Supreme Court of Virginia (i) that a recount is possible, (ii) which presidential candidate is eligible to seek a recount, and (iii) of the date the results were certified. § 24.2-802. (Effective until July 1, 2020) Recount standards.

A. The State Board of Elections shall promulgate standards for (i) the proper handling and security of voting and counting machines, ballots, and other materials required for a recount, (ii) accurate ~~determination~~ *counting* of votes based upon objective evidence and taking into account the counting machine and form of ballots approved for use in the Commonwealth, and (iii) any other matters that will promote a timely and accurate resolution of the recount.

B. The State Board shall promulgate additional standards and instructions for the conduct of simultaneous recounts of two or more elections in a single election district.

C. The chief judge of the circuit court or the full recount court may, consistent with State Board of Elections standards, resolve disputes over the application of the standards and direct all other appropriate measures to ensure the proper conduct of the recount.

~~The recount procedures to be followed throughout the election district shall be as uniform as practicable, taking into account the types of ballots and voting and counting machines in use in the election district.~~

~~In preparation for the recount, the clerks of the circuit courts shall (a) secure all printed ballots and other election materials in sealed boxes; (b) place all of the sealed boxes in a vault or room not open to the public or to anyone other than the clerk and his staff; (c) cause such vault or room to be securely locked except when access is necessary for the clerk and his staff; and (d) certify that these security measures have been taken in whatever form is deemed appropriate by the chief judge.~~

~~B. Within seven calendar days of the filing of the petition for a recount of any election other than an election for presidential electors, or within five calendar days of the filing of a petition for a recount of an election for presidential electors, the chief judge of the circuit court shall call a preliminary hearing at which (i) motions may be disposed of and (ii) the rules of procedure may be fixed, both subject to review by the full court. As part of the preliminary hearing, the chief judge may permit the petitioner and his counsel, together with each other party and his counsel and at least two members of the electoral board and the custodians, to examine any direct recording electronic machine of the type that prints returns when the print-out sheets are not clearly legible. The petitioner and his counsel and each other party and their counsel under supervision of the electoral board and its agents shall also have access to pollbooks and other materials used in the election for examination purposes, provided that individual ballots cast in the election shall not be examined at the preliminary hearing. The chief judge during the preliminary hearing shall review all security measures taken for all ballots and voting and counting machines and direct, as he deems necessary, all appropriate measures to ensure proper security to conduct the recount.~~

~~The chief judge, subject to review by the full court, may set the place or places for the recount and may order the delivery of election materials to a central location and the transportation of voting and counting machines to a central location in each county or city under appropriate safeguards.~~

~~After the full court is appointed under § 24.2-801 or 24.2-801.1, it shall call a hearing at which all motions shall be disposed of and the rules of procedure shall be fixed finally, and it shall issue a written order setting out such rules of~~

procedure. The court shall call for the advice and cooperation of the Department, the State Board, or any local electoral board, as appropriate, and such boards or agency shall have the duty and authority to assist the court. The court shall fix procedures that shall provide for the accurate determination of votes in the election.

The determination of the votes in a recount shall be based on votes cast in the election and shall not take into account (a) any absentee ballots or provisional ballots sought to be cast but ruled invalid and not cast in the election; (b) ballots cast only for administrative or test purposes and voided by the officers of election; or (c) ballots spoiled by a voter and replaced with a new ballot.

The eligibility of any voter to have voted shall not be an issue in a recount. Commencing upon the filing of the recount, nothing shall prevent the discovery or disclosure of any evidence that could be used pursuant to § 24.2-803 in contesting the results of an election.

C. The court shall permit each candidate, or petitioner and governing body or chief executive officer, to select an equal number of the officers of election to be recount officials and to count printed ballots; or in the case of direct recording electronic machines, to redetermine the vote. The number shall be fixed by the court and be sufficient to conduct the recount within a reasonable period. The court may permit each party to the recount to submit a list of alternate officials in the number the court directs. There shall be at least one team of recount officials to recount printed ballots and to redetermine the vote cast on direct recording electronic machines of the type that prints returns for the election district at large in which the recount is being held. There shall be at least one team from each locality using ballot scanner machines to insert the ballots into one or more scanners. The ballot scanner machines shall be programmed to count only votes cast for parties to the recount or for or against the question in a referendum recount. Each team shall be composed of one representative of each party.

The court may provide that if, at the time of the recount, any recount official fails to appear, the remaining recount officials present shall appoint substitute recount officials who shall possess the same qualifications as the recount officials for whom they substitute. The court may select pairs of recount coordinators to serve for each county or city in the election district who shall be members of the county or city electoral board and represent different political parties. The court shall have authority to summon such officials and coordinators. On the request of any party to the recount, the court shall allow that party to appoint one representative observer for each team of recount officials. The representative observers shall have an unobstructed view of the work of the recount officials. The expenses of its representatives shall be borne by each party.

D. The court (i) shall supervise the recount and (ii) may require delivery of any or all pollbooks used and any or all ballots cast at the election; or may assume supervision thereof through the recount coordinators and officials.

The redetermination of the vote in a recount shall be conducted as follows:

1. For paper ballots, the recount officials shall hand count the paper ballots using the standards promulgated by the State Board pursuant to subsection A.

2. For direct recording electronic machines (DREs), the recount officials shall open the envelopes with the printouts and read the results from the printouts. If the printout is not clear, or on the request of the court, the recount officials shall rerun the printout from the machine or examine the counters as appropriate.

3. For ballot scanner machines, the recount officials shall rerun all the machine-readable ballots through a scanner programmed to count only the votes for the office or issue in question in the recount and to set aside all ballots containing write-in votes, overvotes, and undervotes. The ballots that are set aside, any ballots not accepted by the scanner, and any ballots for which a scanner could not be programmed to meet the programming requirements of this subdivision, shall be hand counted using the standards promulgated by the State Board pursuant to subsection A. If the total number of machine-readable ballots reported as counted by the scanner plus the total number of ballots set aside by the scanner do not equal the total number of ballots rerun through the scanner, then all ballots cast on ballot scanner machines for that precinct shall be set aside to be counted by hand using the standards promulgated by the State Board pursuant to subsection A. Prior to running the machine-readable ballots through the ballot scanner machine, the recount officials shall ensure that logic and accuracy tests have been successfully performed on each scanner after the scanner has been programmed. The result calculated for ballots accepted by the ballot scanner machine during the recount shall be considered the correct determination for those machine-readable ballots unless the court finds sufficient cause to rule otherwise.

There shall be only one redetermination of the vote in each precinct.

At the conclusion of the recount of each precinct, the recount officials shall write down the number of valid ballots cast, this number being obtained from the ballots cast in the precinct, or from the ballots cast as shown on the statement of results if the ballots cannot be found; for each of the two candidates or for and against the question. They shall submit the ballots or the statement of results used, as to the validity of which questions exist, to the court. The written statement of any one recount official challenging a ballot shall be sufficient to require its submission to the court. If, on all direct recording electronic machines, the number of persons voting in the election, or the number of votes cast for the office or on the question, totals more than the number of names on the pollbooks of persons voting on the voting machines, the figures recorded by the machines shall be accepted as correct.

At the conclusion of the recount of all precincts, after allowing the parties to inspect the questioned ballots, and after hearing arguments, the court shall rule on the validity of all questioned ballots and votes. After determining all matters pertaining to the recount and redetermination of the vote as raised by the parties, the court shall certify to the State Board and the electoral board or boards (a) the vote for each party to the recount and declare the person who received the higher number of votes to be nominated or elected; as appropriate; or (b) the votes for and against the question and declare the

outcome of the referendum. The Department shall post on the Internet any and all changes made during the recount to the results as previously certified by it pursuant to § 24.2-679.

E. Costs of the recount shall be assessed against the counties and cities comprising the election district when (i) the candidate petitioning for the recount is declared the winner; (ii) the petitioners in a recount of a referendum win the recount; or (iii) there was between the candidate apparently nominated or elected and the candidate petitioning for the recount a difference of not more than one-half of one percent of the total vote cast for the two such candidates as determined by the State Board or electoral board prior to the recount. Otherwise the costs of the recount shall be assessed against the candidate petitioning for the recount or the petitioners in a recount of a referendum. If more than one candidate petitions for a recount, the court may assess costs in an equitable manner between the counties and cities and any such candidate if both are liable for costs under this subsection. Costs incurred to date shall be assessed against any candidate or petitioner who defaults or withdraws his petition.

F. The court shall determine the costs of the recount subject to the following limitations: (i) no per diem payment shall be assessed for salaried election officials; (ii) no per diem payment to officers of election serving as recount officials shall exceed two-thirds of the per diem paid such officers by the county or city for service on election day; and (iii) per diem payments to alternates shall be allowed only if they serve.

G. Any petitioner who may be assessed with costs under subsection E shall post a bond with surety with the court in the amount of \$10 per precinct in the area subject to recount. If the petitioner wins the recount, the bond shall not be forfeit. If the petitioner loses the recount, the bond shall be forfeit only to the extent of the assessed costs. If the assessed costs exceed the bond, he shall be liable for such excess.

H. The recount proceeding shall be final and not subject to appeal.

I. For the purposes of this section:

"Overvote" means a ballot on which a voter casts a vote for a greater number of candidates or positions than the number for which he was lawfully entitled to vote and no vote shall be counted with respect to that office or issue.

"Undervote" means a ballot on which a voter casts a vote for a lesser number of candidates or positions than the number for which he was lawfully entitled to vote.

2. For ballot scanner machines, the recount officials shall rerun all the machine-readable ballots through a scanner programmed to count only the votes for the office or issue in question in the recount and to set aside all ballots containing write-in votes, overvotes, and undervotes. A. Within seven calendar days of the filing of the petition for a recount of any election other than an election for presidential electors, or within five calendar days of the filing of a petition for a recount of an election for presidential electors, the chief judge of the circuit court shall call a preliminary hearing at which (i) motions may be disposed of and (ii) the rules of procedure may be fixed, both subject to review by the full court. The petitioner and his counsel and each other party and their counsel under supervision of the electoral board and its agents shall have access to pollbooks and other materials used in the election for examination purposes, provided that individual ballots cast in the election shall not be examined at the preliminary hearing. The chief judge during the preliminary hearing shall review all security measures taken for all ballots and voting systems and direct, as he deems necessary, all appropriate measures to ensure proper security to conduct the recount.

The chief judge, subject to review by the full court, may set the place for the recount and may order the delivery of election materials to a central location and the transportation of voting systems to a central location in each county or city under appropriate safeguards.

B. After the full court is appointed under § 24.2-801 or 24.2-801.1, it shall call a hearing at which all motions shall be disposed of and the rules of procedure shall be fixed finally, and it shall issue a written order setting out such rules of procedure. The court shall call for the advice and cooperation of the Department, the State Board, or any local electoral board, as appropriate, and such boards or agency shall have the duty and authority to assist the court. The court shall fix any additional procedures, that are not provided for in this chapter, that shall provide for the accurate counting of votes in the election. The recount procedures to be followed throughout the election district shall be as uniform as practicable, taking into account the types of ballots and voting systems in use in the election district.

C. The court shall permit each candidate, or petitioner and governing body or chief executive officer, to select an equal number of the officers of election to be recount officials and to count printed ballots. D. The court (i) shall supervise the recount and (ii) may require delivery of any or all pollbooks used and any or all ballots cast at the election, or may assume supervision thereof through the recount coordinators and officials.

§ 24.2-802.2. General recount procedures.

A. For the purposes of this section:

"Overvote" means a ballot on which a voter casts a vote for a greater number of candidates or positions than the number for which he was lawfully entitled to vote and no vote shall be counted with respect to that office or issue.

"Undervote" means a ballot on which a voter casts a vote for a lesser number of candidates or positions than the number for which he was lawfully entitled to vote.

B. The recount of the votes shall be based on votes cast in the election and shall not take into account (i) any absentee ballots or provisional ballots sought to be cast but ruled invalid and not cast in the election, (ii) ballots cast only for administrative or test purposes and voided by the officers of election, or (iii) ballots spoiled by a voter and replaced with a new ballot.

C. The eligibility of any voter to have voted shall not be an issue in a recount. Commencing upon the filing of the recount, nothing shall prevent the discovery or disclosure of any evidence that could be used pursuant to § 24.2-803 in contesting the results of an election.

D. There shall be only one recount of the vote in each precinct. The recount of the vote shall be conducted as follows:

1. For paper ballots, the recount officials shall hand count the paper ballots using the standards promulgated by the State Board pursuant to § 24.2-802.

2. For ballot scanner machines, the recount officials shall rerun all the machine-readable ballots through a scanner programmed to count only the votes for the parties or issue in question in the recount and to set aside all ballots containing write-in votes, overvotes, and undervotes. The ballots that are set aside, any ballots not accepted by the scanner, and any ballots for which a scanner could not be programmed to meet the programming requirements of this subdivision, shall be hand counted using the standards promulgated by the State Board pursuant to § 24.2-802. If the total number of machine-readable ballots reported as counted by the scanner plus the total number of ballots set aside by the scanner do not equal the total number of ballots rerun through the scanner, then all ballots cast on ballot scanner machines for that precinct shall be set aside to be counted by hand using the standards promulgated by the State Board pursuant to § 24.2-802. Prior to running the machine-readable ballots through the ballot scanner machine, the recount officials shall ensure that logic and accuracy tests have been successfully performed on each scanner after the scanner has been programmed. The result calculated for ballots accepted by the ballot scanner machine during the recount shall be considered correct for those machine-readable ballots unless the court finds sufficient cause to rule otherwise.

E. At the conclusion of the recount of each precinct, the recount officials shall write down the number of valid ballots cast, this number being obtained from the ballots cast in the precinct, or from the ballots cast as shown on the statement of results if the ballots cannot be found, for each of the two candidates or for and against the question. They shall submit the ballots or the statement of results used, as to the validity of which questions exist, to the court. The written statement of any one recount official challenging a ballot shall be sufficient to require its submission to the court. If, on all ballot scanners, the number of persons voting in the election, or the number of votes cast for the office or on the question, totals more than the number of names on the pollbooks of persons voting on the voting machines, the figures recorded by the machines shall be accepted as correct.

F. At the conclusion of the recount of all precincts, after allowing the parties to inspect the questioned ballots, and after hearing arguments, the court shall rule on the validity of all questioned ballots and votes. After settling all matters pertaining to the recount of the vote as raised by the parties, the court shall certify to the State Board and the electoral board (i) the vote for each party to the recount and declare the person who received the higher number of votes to be nominated or elected, as appropriate, or (ii) the votes for and against the question and declare the outcome of the referendum. The Department shall post on the Internet any and all changes made during the recount to the results as previously certified by it pursuant to § 24.2-679.

G. The recount proceeding shall be final and not subject to appeal.

§ 24.2-802.3. Costs of the recount.

A. Costs of the recount shall be assessed against the counties and cities comprising the election district when (i) the candidate petitioning for the recount is declared the winner; (ii) the petitioners in a recount of a referendum win the recount; or (iii) there was between the candidate apparently nominated or elected and the candidate petitioning for the recount a difference of not more than one-half of one percent of the total vote cast for the two such candidates as determined by the State Board or electoral board prior to the recount. Otherwise the costs of the recount shall be assessed against the candidate petitioning for the recount or the petitioners in a recount of a referendum. If more than one candidate petitions for a recount, the court may assess costs in an equitable manner between the counties and cities and any such candidate if both are liable for costs under this subsection. Costs incurred to date shall be assessed against any candidate or petitioner who defaults or withdraws his petition.

B. The court shall appraise the costs of the recount subject to the following limitations: (i) no per diem payment shall be assessed for salaried election officials; (ii) no per diem payment to officers of election serving as recount officials shall exceed two-thirds of the per diem paid such officers by the county or city for service on election day; and (iii) per diem payments to alternates shall be allowed only if they serve.

C. Any petitioner who may be assessed with costs under subsection A shall post a bond with surety with the court in the amount of \$10 per precinct in the area subject to recount. If the petitioner wins the recount, the bond shall not be forfeit. If the petitioner loses the recount, the bond shall be forfeit only to the extent of the assessed costs. If the assessed costs exceed the bond, he shall be liable for such excess.

§ 24.2-814. Contest following recount.

A candidate in a primary or an election to office, who was originally declared a winner and subsequently loses as the result of a recount, may file either (i) notice of his intent to contest the result in accordance with § 24.2-803 or § 24.2-804 or (ii) a written complaint pursuant to § 24.2-805 or § 24.2-806. 2. The State Police shall provide its response to the requesting dealer during the dealer's request, or by return call without delay. If the criminal history record information check indicates the prospective purchaser or transferee has a disqualifying criminal record or has been acquitted by reason of insanity and committed to the custody of the Commissioner of Behavioral Health and Developmental Services, the State Police shall have until the end of the dealer's next business day to advise the dealer if its records indicate the buyer or transferee is prohibited from possessing or transporting a firearm by state or federal law. If not so advised by the end of the dealer's next business day, a dealer who has fulfilled the requirements of subdivision 1 may immediately complete the sale or transfer and shall not be deemed in violation of this section with respect to such sale or transfer. In case of electronic failure or other circumstances beyond the control of the State Police, the dealer shall be advised immediately of the reason for such delay and be given an estimate of the length of such delay. After such notification, the State Police shall, as soon as possible but in no event later than the end of the dealer's next business day, inform the requesting dealer if its records indicate the buyer or transferee is prohibited from possessing or transporting a firearm by state or federal law. A dealer who fulfills the requirements of subdivision 1 and is told by the State Police that a response will not be available by the end of the dealer's next business day may immediately complete the sale or transfer and shall not be deemed in violation of this section with respect to such sale or transfer.

3. Except as required by subsection D of § 9.1-132, the State Police shall not maintain records longer than 30 days, except for multiple handgun transactions for which records shall be maintained for 12 months, from any dealer's request for a criminal history record information check pertaining to a buyer or transferee who is not found to be prohibited from possessing and transporting a firearm under state or federal law. However, the log on requests made may be maintained for a period of 12 months, and such log shall consist of the name of the purchaser, the dealer identification number, the unique approval number and the transaction date.

4. On the last day of the week following the sale or transfer of any firearm, the dealer shall mail or deliver the written consent form required by subsection A to the Department of State Police. The State Police shall immediately initiate a search of all available criminal history record information to determine if the purchaser is prohibited from possessing or transporting a firearm under state or federal law. If the search discloses information indicating that the buyer or transferee is so prohibited from possessing or transporting a firearm, the State Police shall inform the chief law-enforcement officer in the jurisdiction where the sale or transfer occurred and the dealer without delay.

5. Notwithstanding any other provisions of this section, rifles and shotguns may be purchased by persons who are citizens of the United States or persons lawfully admitted for permanent residence but residents of other states under the terms of subsections A and B upon furnishing the dealer with one photo-identification form issued by a governmental agency of the person's state of residence and one other form of identification determined to be acceptable by the Department of Criminal Justice Services.

6. For the purposes of this subsection, the phrase "dealer's next business day" shall not include December 25.

C. No dealer shall sell, rent, trade or transfer from his inventory any firearm, except when the transaction involves a rifle or a shotgun and can be accomplished pursuant to the provisions of subdivision B 5 to any person who is not a resident of Virginia unless he has first obtained from the Department of State Police a report indicating that a search of all available criminal history record information has not disclosed that the person is prohibited from possessing or transporting a firearm under state or federal law. The dealer shall obtain the required report by mailing or delivering the written consent form required under subsection A to the State Police within 24 hours of its execution. If the dealer has complied with the provisions of this subsection and has not received the required report from the State Police within 10 days from the date the written consent form was mailed to the Department of State Police, he shall not be deemed in violation of this section for thereafter completing the sale or transfer.

D. Nothing herein shall prevent a resident of the Commonwealth, at his option, from buying, renting or receiving a firearm from a dealer in Virginia by obtaining a criminal history record information check through the dealer as provided in subsection C.

E. If any buyer or transferee is denied the right to purchase a firearm under this section, he may exercise his right of access to and review and correction of criminal history record information under § 9.1-132 or institute a civil action as provided in § 9.1-135, provided any such action is initiated within 30 days of such denial.

CHAPTER 9.2.

SUBSTANTIAL RISK ORDERS.

§ 19.2-152.13. *Emergency substantial risk order.*

A. *Upon the petition of an attorney for the Commonwealth or a law-enforcement officer, a judge of a circuit court, general district court, or juvenile and domestic relations district court or a magistrate, upon a finding that there is probable cause to believe that a person poses a substantial risk of personal injury to himself or others in the near future by such person's possession or acquisition of a firearm, shall issue an ex parte emergency substantial risk order. Such order shall prohibit the person who is subject to the order from purchasing, possessing, or transporting a firearm for the duration of the order. In determining whether probable cause for the issuance of an order exists, the judge or magistrate shall consider any relevant evidence, including any recent act of violence, force, or threat as defined in § 19.2-152.7:1 by such person directed toward another person or toward himself. No petition shall be filed unless an independent investigation has been conducted by law enforcement that determines that grounds for the petition exist. The order shall contain a statement (i) informing the person who is subject to the order of the requirements and penalties under § 18.2-308.1:6, including that it is unlawful for such person to purchase, possess, or transport a firearm for the duration of the order and that such person is required to surrender his concealed handgun permit if he possesses such permit, and (ii) advising such person to voluntarily relinquish any firearm within his custody to the law-enforcement agency that serves the order.*

B. *The petition for an emergency substantial risk order shall be made under oath and shall be supported by an affidavit.*

C. *Upon service of an emergency substantial risk order, the person who is subject to the order shall be given the opportunity to voluntarily relinquish any firearm in his possession. The law-enforcement agency that executed the*

emergency substantial risk order shall take custody of all firearms that are voluntarily relinquished by such person. The law-enforcement agency that takes into custody a firearm pursuant to the order shall prepare a written receipt containing the name of the person who is subject to the order and the manufacturer, model, condition, and serial number of the firearm and shall provide a copy thereof to such person. Nothing in this subsection precludes a law-enforcement officer from later obtaining a search warrant for any firearms if the law-enforcement officer has reason to believe that the person who is subject to an emergency substantial risk order has not relinquished all firearms in his possession.

D. An emergency substantial risk order issued pursuant to this section shall expire at 11:59 p.m. on the fourteenth day following issuance of the order. If the expiration occurs on a day that the circuit court for the jurisdiction where the order was issued is not in session, the order shall be extended until 11:59 p.m. on the next day that the circuit court is in session. The person who is subject to the order may at any time file with the circuit court a motion to dissolve the order.

E. An emergency substantial risk order issued pursuant to this section is effective upon personal service on the person who is subject to the order. The order shall be served forthwith after issuance. A copy of the order, petition, and supporting affidavit shall be given to the person who is subject to the order together with a notice informing the person that he has a right to a hearing under § 19.2-152.14 and may be represented by counsel at the hearing.

F. The court or magistrate shall forthwith, but in all cases no later than the end of the business day on which the emergency substantial risk order was issued, enter and transfer electronically to the Virginia Criminal Information Network (VCIN) established and maintained by the Department of State Police (Department) pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 the identifying information of the person who is subject to the order provided to the court or magistrate. A copy of an order issued pursuant to this section containing any such identifying information shall be forwarded forthwith to the primary law-enforcement agency responsible for service and entry of the order. Upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department into the VCIN, and the order shall be served forthwith upon the person who is subject to the order. However, if the order is issued by the circuit court, the clerk of the circuit court shall forthwith forward an attested copy of the order containing the identifying information of the person who is subject to the order provided to the court to the primary law-enforcement agency providing service and entry of the order. Upon receipt of the order by the primary law-enforcement agency, the agency shall enter the name of the person subject to the order and other appropriate information required by the Department into the VCIN and the order shall be served forthwith upon the person who is subject to the order. Upon service, the agency making service shall enter the date and time of service and other appropriate information required into the VCIN and make due return to the court. If the order is later dissolved or modified, a copy of the dissolution or modification order shall also be attested and forwarded forthwith to the primary law-enforcement agency responsible for service and entry of the order. Upon receipt of the dissolution or modification order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department into the VCIN and the order shall be served forthwith.

G. The law-enforcement agency that serves the emergency substantial risk order shall make due return to the circuit court, which shall be accompanied by a written inventory of all firearms relinquished.

H. Proceedings in which an emergency substantial risk order is sought pursuant to this section shall be commenced where the person who is subject to the order (i) has his principal residence or (ii) has engaged in any conduct upon which the petition for the emergency substantial risk order is based.

I. A proceeding for a substantial risk order shall be a separate civil legal proceeding subject to the same rules as civil proceedings.

§ 19.2-152.14. Substantial risk order.

A. Not later than 14 days after the issuance of an emergency substantial risk order pursuant to § 19.2-152.13, the circuit court for the jurisdiction where the order was issued shall hold a hearing to determine whether a substantial risk order should be entered. The attorney for the Commonwealth for the jurisdiction that issued the emergency substantial risk order shall represent the interests of the Commonwealth. Notice of the hearing shall be given to the person subject to the emergency substantial risk order and the attorney for the Commonwealth. Upon motion of the respondent and for good cause shown, the court may continue the hearing, provided that the order shall remain in effect until the hearing. The Commonwealth shall have the burden of proving all material facts by clear and convincing evidence. If the court finds by clear and convincing evidence that the person poses a substantial risk of personal injury to himself or to other individuals in the near future by such person's possession or acquisition of a firearm, the court shall issue a substantial risk order. Such order shall prohibit the person who is subject to the order from purchasing, possessing, or transporting a firearm for the duration of the order. In determining whether clear and convincing evidence for the issuance of an order exists, the judge shall consider any relevant evidence including any recent act of violence, force, or threat as defined in § 19.2-152.7:1 by such person directed toward another person or toward himself. The order shall contain a statement (i) informing the person who is subject to the order of the requirements and penalties under § 18.2-308.1:6, including that it is unlawful for such person to purchase, possess, or transport a firearm for the duration of the order and that such person is required to surrender his concealed handgun permit if he possesses such permit, and (ii) advising such person to voluntarily relinquish any firearm that has not been taken into custody to the law-enforcement agency that served the emergency substantial risk order.

B. If the court issues a substantial risk order pursuant to subsection A, the court shall (i) order that any firearm that was previously relinquished pursuant to § 19.2-152.13 from the person who is subject to the substantial risk order continue

to be held by the agency that has custody of the firearm for the duration of the order and (ii) advise such person that a law-enforcement officer may obtain a search warrant to search for any firearms from such person if such law-enforcement officer has reason to believe that such person has not relinquished all firearms in his possession.

If the court finds that the person does not pose a substantial risk of personal injury to himself or to other individuals in the near future, the court shall order that any firearm that was previously relinquished be returned to such person in accordance with the provisions of § 19.2-152.15.

C. The substantial risk order may be issued for a specified period of time up to a maximum of 180 days. The order shall expire at 11:59 p.m. on the last day specified or at 11:59 p.m. on the last day of the 180-day period if no date is specified. Prior to the expiration of the order, an attorney for the Commonwealth or a law-enforcement officer may file a written motion requesting a hearing to extend the order. Proceedings to extend an order shall be given precedence on the docket of the court. The court may extend the order for a period not longer than 180 days if the court finds by clear and convincing evidence that the person continues to pose a substantial risk of personal injury to himself or to other individuals in the near future by such person's possession or acquisition of a firearm at the time the request for an extension is made. The extension of the order shall expire at 11:59 p.m. on the last day specified or at 11:59 p.m. on the last day of the 180-day period if no date is specified. Nothing herein shall limit the number of extensions that may be requested or issued. The person who is subject to the order may file a motion to dissolve the order one time during the duration of the order; however, such motion may not be filed earlier than 30 days from the date the order was issued.

D. Any person whose firearm has been voluntarily relinquished pursuant to § 19.2-152.13 or this section, or such person's legal representative, may transfer the firearm to another individual 21 years of age or older who is not otherwise prohibited by law from possessing such firearm, provided that:

1. The person subject to the order and the transferee appear at the hearing;
2. At the hearing, the attorney for the Commonwealth advises the court that a law-enforcement agency has determined that the transferee is not prohibited from possessing or transporting a firearm;
3. The transferee does not reside with the person subject to the order;
4. The court informs the transferee of the requirements and penalties under § 18.2-308.2:1; and
5. The court, after considering all relevant factors and any evidence or testimony from the person subject to the order, approves the transfer of the firearm subject to such restrictions as the court deems necessary.

The law-enforcement agency holding the firearm shall deliver the firearm to the transferee within five days of receiving a copy of the court's approval of the transfer.

E. The court shall forthwith, but in all cases no later than the end of the business day on which the substantial risk order was issued, enter and transfer electronically to the Virginia Criminal Information Network (VCIN) established and maintained by the Department of State Police (Department) pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 the identifying information of the person who is subject to the order provided to the court and shall forthwith forward the attested copy of the order containing any such identifying information to the primary law-enforcement agency responsible for service and entry of the order. Upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department into the VCIN and the order shall be served forthwith upon the person who is subject to the order and due return made to the court. Upon service, the agency making service shall enter the date and time of service and other appropriate information required by the Department into the VCIN and make due return to the court. If the person who is subject to an emergency substantial risk order fails to appear at the hearing conducted pursuant to this section because such person was not personally served with notice of the hearing pursuant to subsection A, or if personally served was incarcerated and not transported to the hearing, the court may extend the emergency substantial risk order for a period not to exceed 14 days. The extended emergency substantial risk order shall specify a date for a hearing to be conducted pursuant to this section and shall be served forthwith on such person and due return made to the court. If the order is later dissolved or modified, a copy of the dissolution or modification order shall also be attested and forwarded forthwith to the primary law-enforcement agency responsible for service and entry of the order. Upon receipt of the dissolution or modification order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network, and the order shall be served forthwith and due return made to the court.

§ 19.2-152.15. Return or disposal of firearms.

A. Any firearm taken into custody pursuant to § 19.2-152.13 or 19.2-152.14 and held by a law-enforcement agency shall be returned by such agency to the person from whom the firearm was taken upon a court order for the return of the firearm issued pursuant to § 19.2-152.14 or the expiration or dissolution of an order issued pursuant to § 19.2-152.13 or 19.2-152.14. Such agency shall return the firearm within five days of receiving a written request for the return of the firearm by the person from whom the firearm was taken and a copy of the receipt provided to such person pursuant to § 19.2-152.13. Prior to returning the firearm to such person, the law-enforcement agency holding the firearm shall confirm that such person is no longer subject to an order issued pursuant to § 19.2-152.13 or 19.2-152.14 and is not otherwise prohibited by law from possessing a firearm.

B. A firearm taken into custody pursuant to § 19.2-152.13 or 19.2-152.14 and held by a law-enforcement agency may be disposed of in accordance with the provisions of § 15.2-1721 if (i) the person from whom the firearm was taken provides written authorization for such disposal to the agency or (ii) the firearm remains in the possession of the

agency more than 120 days after such person is no longer subject to an order issued pursuant to § 19.2-152.13 or 19.2-152.14 and such person has not submitted a request in writing for the return of the firearm.

§ 19.2-152.16. False statement to law-enforcement officer, etc.; penalty.

Any person who knowingly and willfully makes any materially false statement or representation to a law-enforcement officer or attorney for the Commonwealth who is in the course of conducting an investigation undertaken pursuant to this chapter is guilty of a Class 1 misdemeanor.

§ 19.2-152.17. Immunity of law-enforcement officers, etc.; chapter not exclusive.

A. An attorney for the Commonwealth or a law-enforcement officer shall be immune from civil liability for any act or omission related to petitioning or declining to petition for a substantial risk order pursuant to this chapter.

B. Any law-enforcement agency or law-enforcement officer that takes into custody, stores, possesses, or transports a firearm pursuant to § 19.2-152.13 or 19.2-152.14, or by a search warrant for a person who has failed to voluntarily relinquish his firearm, shall be immune from civil or criminal liability for any damage to or deterioration, loss, or theft of such firearm.

C. Nothing in this chapter precludes a law-enforcement officer from conducting a search for a firearm or removing a firearm from a person under any other lawful authority.

§ 19.2-387.3. Substantial Risk Order Registry; maintenance; access.

A. The Department of State Police shall keep and maintain a computerized Substantial Risk Order Registry (the Registry) for the entry of orders issued pursuant to § 19.2-152.13 or 19.2-152.14. The purpose of the Registry shall be to assist the efforts of law-enforcement agencies to protect their communities and their citizens. The Department of State Police shall make the Registry information available, upon request, to criminal justice agencies, including local law-enforcement agencies, through the Virginia Criminal Information Network. Registry information provided under this section shall be used only for the purposes of the administration of criminal justice as defined in § 9.1-101.

B. No liability shall be imposed upon any law-enforcement official who disseminates information or fails to disseminate information in good faith compliance with the requirements of this section, but this provision shall not be construed to grant immunity for gross negligence or willful misconduct.

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 854 of the Acts of Assembly of 2019 requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of \$50,000. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

3. That the Supreme Court shall create standard forms to implement the intent of this act.

When the photo identification presented to a dealer by the prospective purchaser is a driver's license or other photo identification issued by the Department of Motor Vehicles, and such identification form contains a date of issue, the dealer shall not, except for a renewed driver's license or other photo identification issued by the Department of Motor Vehicles, sell or otherwise transfer a firearm to the prospective purchaser until 30 days after the date of issue of an original or duplicate driver's license unless the prospective purchaser also presents a copy of his Virginia Department of Motor Vehicles driver's record showing that the original date of issue of the driver's license was more than 30 days prior to the attempted purchase.

In addition, no dealer shall sell, rent, trade, or transfer from his inventory any assault firearm to any person who is not a citizen of the United States or who is not a person lawfully admitted for permanent residence.

Upon receipt of the request for a criminal history record information check, the State Police shall (a) review its criminal history record information to determine if the buyer or transferee is prohibited from possessing or transporting a firearm by state or federal law, (b) inform the dealer if its record indicates that the buyer or transferee is so prohibited, and (c) provide the dealer with a unique reference number for that inquiry.

2. The State Police shall provide its response to the requesting dealer during the dealer's request, or by return call without delay. If the criminal history record information check indicates the prospective purchaser or transferee has a disqualifying criminal record or has been acquitted by reason of insanity and committed to the custody of the Commissioner of Behavioral Health and Developmental Services, the State Police shall have until the end of the dealer's next business day to advise the dealer if its records indicate the buyer or transferee is prohibited from possessing or transporting a firearm by state or federal law. If not so advised by the end of the dealer's next business day, a dealer who has fulfilled the requirements of subdivision 1 may immediately complete the sale or transfer and shall not be deemed in violation of this section with respect to such sale or transfer. In case of electronic failure or other circumstances beyond the control of the State Police, the

dealer shall be advised immediately of the reason for such delay and be given an estimate of the length of such delay. After such notification, the State Police shall, as soon as possible but in no event later than the end of the dealer's next business day, inform the requesting dealer if its records indicate the buyer or transferee is prohibited from possessing or transporting a firearm by state or federal law. A dealer who fulfills the requirements of subdivision 1 and is told by the State Police that a response will not be available by the end of the dealer's next business day may immediately complete the sale or transfer and shall not be deemed in violation of this section with respect to such sale or transfer.

3. Except as required by subsection D of § 9.1-132, the State Police shall not maintain records longer than 30 days, except for multiple handgun transactions for which records shall be maintained for 12 months, from any dealer's request for a criminal history record information check pertaining to a buyer or transferee who is not found to be prohibited from possessing and transporting a firearm under state or federal law. However, the log on requests made may be maintained for a period of 12 months, and such log shall consist of the name of the purchaser, the dealer identification number, the unique approval number and the transaction date.

4. On the last day of the week following the sale or transfer of any firearm, the dealer shall mail or deliver the written consent form required by subsection A to the Department of State Police. The State Police shall immediately initiate a search of all available criminal history record information to determine if the purchaser is prohibited from possessing or transporting a firearm under state or federal law. If the search discloses information indicating that the buyer or transferee is so prohibited from possessing or transporting a firearm, the State Police shall inform the chief law-enforcement officer in the jurisdiction where the sale or transfer occurred and the dealer without delay.

5. Notwithstanding any other provisions of this section, rifles and shotguns may be purchased by persons who are citizens of the United States or persons lawfully admitted for permanent residence but residents of other states under the terms of subsections A and B upon furnishing the dealer with one photo-identification form issued by a governmental agency of the person's state of residence and one other form of identification determined to be acceptable by the Department of Criminal Justice Services.

6. For the purposes of this subsection, the phrase "dealer's next business day" shall not include December 25.

C. No dealer shall sell, rent, trade or transfer from his inventory any firearm, except when the transaction involves a rifle or a shotgun and can be accomplished pursuant to the provisions of subdivision B 5 to any person who is not a resident of Virginia unless he has first obtained from the Department of State Police a report indicating that a search of all available criminal history record information has not disclosed that the person is prohibited from possessing or transporting a firearm under state or federal law. The dealer shall obtain the required report by mailing or delivering the written consent form required under subsection A to the State Police within 24 hours of its execution. If the dealer has complied with the provisions of this subsection and has not received the required report from the State Police within 10 days from the date the written consent form was mailed to the Department of State Police, he shall not be deemed in violation of this section for thereafter completing the sale or transfer.

D. Nothing herein shall prevent a resident of the Commonwealth, at his option, from buying, renting or receiving a firearm from a dealer in Virginia by obtaining a criminal history record information check through the dealer as provided in subsection C.

E. If any buyer or transferee is denied the right to purchase a firearm under this section, he may exercise his right of access to and review and correction of criminal history record information under § 9.1-132 or institute a civil action as provided in § 9.1-135, provided any such action is initiated within 30 days of such denial.

F. Any dealer who willfully and intentionally requests, obtains, or seeks to obtain criminal history record information under false pretenses, or who willfully and intentionally disseminates or seeks to disseminate criminal history record information except as authorized in this section shall be guilty of a Class 2 misdemeanor.

H. This section shall not restrict the transfer of a firearm at any place other than at a dealership or at any event required to be registered as a gun show.

I. CHAPTER 9.2.

SUBSTANTIAL RISK ORDERS.

§ 19.2-152.13. *Emergency substantial risk order.*

A. *Upon the petition of an attorney for the Commonwealth or a law-enforcement officer, a judge of a circuit court, general district court, or juvenile and domestic relations district court or a magistrate, upon a finding that there is probable cause to believe that a person poses a substantial risk of personal injury to himself or others in the near future by such person's possession or acquisition of a firearm, shall issue an ex parte emergency substantial risk order. Such order shall prohibit the person who is subject to the order from purchasing, possessing, or transporting a firearm for the duration of the order. In determining whether probable cause for the issuance of an order exists, the judge or magistrate shall consider any relevant evidence, including any recent act of violence, force, or threat as defined in § 19.2-152.7:1 by such person directed toward another person or toward himself. No petition shall be filed unless an independent investigation has been conducted by law enforcement that determines that grounds for the petition exist. The order shall contain a statement (i) informing the person who is subject to the order of the requirements and penalties under § 18.2-308.1:6, including that it is unlawful for such person to purchase, possess, or transport a firearm for the duration of the order and that such person is required to surrender his concealed handgun permit if he possesses such permit, and (ii) advising such person to voluntarily relinquish any firearm within his custody to the law-enforcement agency that serves the order.*

B. *The petition for an emergency substantial risk order shall be made under oath and shall be supported by an affidavit.*

C. *Upon service of an emergency substantial risk order, the person who is subject to the order shall be given the opportunity to voluntarily relinquish any firearm in his possession. The law-enforcement agency that executed the emergency substantial risk order shall take custody of all firearms that are voluntarily relinquished by such person. The law-enforcement agency that takes into custody a firearm pursuant to the order shall prepare a written receipt containing the name of the person who is subject to the order and the manufacturer, model, condition, and serial number of the firearm and shall provide a copy thereof to such person. Nothing in this subsection precludes a law-enforcement officer from later obtaining a search warrant for any firearms if the law-enforcement officer has reason to believe that the person who is subject to an emergency substantial risk order has not relinquished all firearms in his possession.*

D. *An emergency substantial risk order issued pursuant to this section shall expire at 11:59 p.m. on the fourteenth day following issuance of the order. If the expiration occurs on a day that the circuit court for the jurisdiction where the order was issued is not in session, the order shall be extended until 11:59 p.m. on the next day that the circuit court is in session. The person who is subject to the order may at any time file with the circuit court a motion to dissolve the order.*

E. *An emergency substantial risk order issued pursuant to this section is effective upon personal service on the person who is subject to the order. The order shall be served forthwith after issuance. A copy of the order, petition, and supporting affidavit shall be given to the person who is subject to the order together with a notice informing the person that he has a right to a hearing under § 19.2-152.14 and may be represented by counsel at the hearing.*

F. *The court or magistrate shall forthwith, but in all cases no later than the end of the business day on which the emergency substantial risk order was issued, enter and transfer electronically to the Virginia Criminal Information Network (VCIN) established and maintained by the Department of State Police (Department) pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 the identifying information of the person who is subject to the order provided to the court or magistrate. A copy of an order issued pursuant to this section containing any such identifying information shall be forwarded forthwith to the primary law-enforcement agency responsible for service and entry of the order. Upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department into the VCIN, and the order shall be served forthwith upon the person who is subject to the order. However, if the order is issued by the circuit court, the clerk of the circuit court shall forthwith forward an attested copy of the order containing the identifying information of the person who is subject to the order provided to the court to the primary law-enforcement agency providing service and entry of the order. Upon receipt of the order by the primary law-enforcement agency, the agency shall enter the name of the person subject to*

the order and other appropriate information required by the Department into the VCIN and the order shall be served forthwith upon the person who is subject to the order. Upon service, the agency making service shall enter the date and time of service and other appropriate information required into the VCIN and make due return to the court. If the order is later dissolved or modified, a copy of the dissolution or modification order shall also be attested and forwarded forthwith to the primary law-enforcement agency responsible for service and entry of the order. Upon receipt of the dissolution or modification order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department into the VCIN and the order shall be served forthwith.

G. The law-enforcement agency that serves the emergency substantial risk order shall make due return to the circuit court, which shall be accompanied by a written inventory of all firearms relinquished.

H. Proceedings in which an emergency substantial risk order is sought pursuant to this section shall be commenced where the person who is subject to the order (i) has his principal residence or (ii) has engaged in any conduct upon which the petition for the emergency substantial risk order is based.

I. A proceeding for a substantial risk order shall be a separate civil legal proceeding subject to the same rules as civil proceedings.

§ 19.2-152.14. Substantial risk order.

A. Not later than 14 days after the issuance of an emergency substantial risk order pursuant to § 19.2-152.13, the circuit court for the jurisdiction where the order was issued shall hold a hearing to determine whether a substantial risk order should be entered. The attorney for the Commonwealth for the jurisdiction that issued the emergency substantial risk order shall represent the interests of the Commonwealth. Notice of the hearing shall be given to the person subject to the emergency substantial risk order and the attorney for the Commonwealth. Upon motion of the respondent and for good cause shown, the court may continue the hearing, provided that the order shall remain in effect until the hearing. The Commonwealth shall have the burden of proving all material facts by clear and convincing evidence. If the court finds by clear and convincing evidence that the person poses a substantial risk of personal injury to himself or to other individuals in the near future by such person's possession or acquisition of a firearm, the court shall issue a substantial risk order. Such order shall prohibit the person who is subject to the order from purchasing, possessing, or transporting a firearm for the duration of the order. In determining whether clear and convincing evidence for the issuance of an order exists, the judge shall consider any relevant evidence including any recent act of violence, force, or threat as defined in § 19.2-152.7:1 by such person directed toward another person or toward himself. The order shall contain a statement (i) informing the person who is subject to the order of the requirements and penalties under § 18.2-308.1:6, including that it is unlawful for such person to purchase, possess, or transport a firearm for the duration of the order and that such person is required to surrender his concealed handgun permit if he possesses such permit, and (ii) advising such person to voluntarily relinquish any firearm that has not been taken into custody to the law-enforcement agency that served the emergency substantial risk order.

B. If the court issues a substantial risk order pursuant to subsection A, the court shall (i) order that any firearm that was previously relinquished pursuant to § 19.2-152.13 from the person who is subject to the substantial risk order continue to be held by the agency that has custody of the firearm for the duration of the order and (ii) advise such person that a law-enforcement officer may obtain a search warrant to search for any firearms from such person if such law-enforcement officer has reason to believe that such person has not relinquished all firearms in his possession.

If the court finds that the person does not pose a substantial risk of personal injury to himself or to other individuals in the near future, the court shall order that any firearm that was previously relinquished be returned to such person in accordance with the provisions of § 19.2-152.15.

C. The substantial risk order may be issued for a specified period of time up to a maximum of 180 days. The order shall expire at 11:59 p.m. on the last day specified or at 11:59 p.m. on the last day of the 180-day period if no date is specified. Prior to the expiration of the order, an attorney for the Commonwealth or a law-enforcement officer may file a written motion requesting a hearing to extend the order. Proceedings to extend an order shall be given precedence on the docket of the court. The court may extend the order for a period not longer than 180 days if the court finds by clear and convincing evidence that the person continues to pose a substantial risk of personal injury to himself or to other individuals in the near future by such person's possession or acquisition of a firearm at the time the request for an extension is made. The extension of the order shall expire at 11:59 p.m. on the last day specified or at 11:59 p.m. on the last day of the 180-day period if no date is specified. Nothing herein shall limit the number of extensions that may be requested or issued. The person who is subject to the order may file a motion to dissolve the order one time during the duration of the order; however, such motion may not be filed earlier than 30 days from the date the order was issued.

D. Any person whose firearm has been voluntarily relinquished pursuant to § 19.2-152.13 or this section, or such person's legal representative, may transfer the firearm to another individual 21 years of age or older who is not otherwise prohibited by law from possessing such firearm, provided that:

1. The person subject to the order and the transferee appear at the hearing;
2. At the hearing, the attorney for the Commonwealth advises the court that a law-enforcement agency has determined that the transferee is not prohibited from possessing or transporting a firearm;
3. The transferee does not reside with the person subject to the order;
4. The court informs the transferee of the requirements and penalties under § 18.2-308.2:1; and

5. The court, after considering all relevant factors and any evidence or testimony from the person subject to the order, approves the transfer of the firearm subject to such restrictions as the court deems necessary.

The law-enforcement agency holding the firearm shall deliver the firearm to the transferee within five days of receiving a copy of the court's approval of the transfer.

E. The court shall forthwith, but in all cases no later than the end of the business day on which the substantial risk order was issued, enter and transfer electronically to the Virginia Criminal Information Network (VCIN) established and maintained by the Department of State Police (Department) pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 the identifying information of the person who is subject to the order provided to the court and shall forthwith forward the attested copy of the order containing any such identifying information to the primary law-enforcement agency responsible for service and entry of the order. Upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department into the VCIN and the order shall be served forthwith upon the person who is subject to the order and due return made to the court. Upon service, the agency making service shall enter the date and time of service and other appropriate information required by the Department into the VCIN and make due return to the court. If the person who is subject to an emergency substantial risk order fails to appear at the hearing conducted pursuant to this section because such person was not personally served with notice of the hearing pursuant to subsection A, or if personally served was incarcerated and not transported to the hearing, the court may extend the emergency substantial risk order for a period not to exceed 14 days. The extended emergency substantial risk order shall specify a date for a hearing to be conducted pursuant to this section and shall be served forthwith on such person and due return made to the court. If the order is later dissolved or modified, a copy of the dissolution or modification order shall also be attested and forwarded forthwith to the primary law-enforcement agency responsible for service and entry of the order. Upon receipt of the dissolution or modification order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network, and the order shall be served forthwith and due return made to the court.

§ 19.2-152.15. Return or disposal of firearms.

A. Any firearm taken into custody pursuant to § 19.2-152.13 or 19.2-152.14 and held by a law-enforcement agency shall be returned by such agency to the person from whom the firearm was taken upon a court order for the return of the firearm issued pursuant to § 19.2-152.14 or the expiration or dissolution of an order issued pursuant to § 19.2-152.13 or 19.2-152.14. Such agency shall return the firearm within five days of receiving a written request for the return of the firearm by the person from whom the firearm was taken and a copy of the receipt provided to such person pursuant to § 19.2-152.13. [S 589]

Approved April 8, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2286 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2286. Permitted provisions in zoning ordinances; amendments; applicant to pay delinquent taxes; penalties.

A. A zoning ordinance may include, among other things, reasonable regulations and provisions as to any or all of the following matters:

1. For variances or special exceptions, as defined in § 15.2-2201, to the general regulations in any district.

2. For the temporary application of the ordinance to any property coming into the territorial jurisdiction of the governing body by annexation or otherwise, subsequent to the adoption of the zoning ordinance, and pending the orderly amendment of the ordinance.

3. For the granting of special exceptions under suitable regulations and safeguards; notwithstanding any other provisions of this article, the governing body of any locality may reserve unto itself the right to issue such special exceptions. Conditions imposed in connection with residential special use permits, wherein the applicant proposes affordable housing, shall be consistent with the objective of providing affordable housing. When imposing conditions on residential projects specifying materials and methods of construction or specific design features, the approving body shall consider the impact of the conditions upon the affordability of housing.

The governing body or the board of zoning appeals of the City of Norfolk may impose a condition upon any special exception relating to retail alcoholic beverage control licensees which provides that such special exception will automatically expire upon a change of ownership of the property, a change in possession, a change in the operation or management of a facility or upon the passage of a specific period of time.

The governing body of the City of Richmond may impose a condition upon any special use permit issued after July 1, 2000, relating to retail alcoholic beverage licensees which provides that such special use permit shall be subject to an automatic review by the governing body upon a change in possession, a change in the owner of the business, or a transfer of majority control of the business entity. Upon review by the governing body, it may either amend or revoke the special use permit after notice and a public hearing as required by § 15.2-2206.

4. For the administration and enforcement of the ordinance including the appointment or designation of a zoning administrator who may also hold another office in the locality. The zoning administrator shall have all necessary authority on behalf of the governing body to administer and enforce the zoning ordinance. His authority shall include (i) ordering in writing the remedying of any condition found in violation of the ordinance; (ii) insuring compliance with the ordinance, bringing legal action, including injunction, abatement, or other appropriate action or proceeding subject to appeal pursuant to § 15.2-2311; and (iii) in specific cases, making findings of fact and, with concurrence of the attorney for the governing body, conclusions of law regarding determinations of rights accruing under § 15.2-2307 or subsection C of § 15.2-2311.

Whenever the zoning administrator has reasonable cause to believe that any person has engaged in or is engaging in any violation of a zoning ordinance that limits occupancy in a residential dwelling unit, which is subject to a civil penalty that may be imposed in accordance with the provisions of § 15.2-2209, and the zoning administrator, after a good faith effort to obtain the data or information necessary to determine whether a violation has occurred, has been unable to obtain such information, he may request that the attorney for the locality petition the judge of the general district court for his jurisdiction for a subpoena duces tecum against any such person refusing to produce such data or information. The judge of the court, upon good cause shown, may cause the subpoena to be issued. Any person failing to comply with such subpoena shall be subject to punishment for contempt by the court issuing the subpoena. Any person so subpoenaed may apply to the judge who issued the subpoena to quash it.

Notwithstanding the provisions of § 15.2-2311, a zoning ordinance may prescribe an appeal period of less than 30 days, but not less than 10 days, for a notice of violation involving temporary or seasonal commercial uses, parking of commercial trucks in residential zoning districts, maximum occupancy limitations of a residential dwelling unit, or similar short-term, recurring violations.

Where provided by ordinance, the zoning administrator may be authorized to grant a modification from any provision contained in the zoning ordinance with respect to physical requirements on a lot or parcel of land, including but not limited to size, height, location or features of or related to any building, structure, or improvements, if the administrator finds in writing that: (i) the strict application of the ordinance would produce undue hardship; (ii) such hardship is not shared generally by other properties in the same zoning district and the same vicinity; and (iii) the authorization of the modification will not be of substantial detriment to adjacent property and the character of the zoning district will not be changed by the granting of the modification. Prior to the granting of a modification, the zoning administrator shall give, or require the applicant to give, all adjoining property owners written notice of the request for modification, and an opportunity to respond to the request within 21 days of the date of the notice. The zoning administrator shall make a decision on the application for modification and issue a written decision with a copy provided to the applicant and any adjoining landowner who responded in writing to the notice sent pursuant to this paragraph. The decision of the zoning administrator shall constitute a decision within the purview of § 15.2-2311, and may be appealed to the board of zoning appeals as provided by that section. Decisions of the board of zoning appeals may be appealed to the circuit court as provided by § 15.2-2314.

The zoning administrator shall respond within 90 days of a request for a decision or determination on zoning matters within the scope of his authority unless the requester has agreed to a longer period. *If the decision or determination by the zoning administrator could impair the ability of an adjacent property owner to satisfy the minimum storage capacity and*

yield requirements for a residential drinking well pursuant to § 32.1-176.4 or any regulation adopted thereunder, the zoning administrator shall provide a copy of such decision or determination to such adjacent property owner so affected.

5. For the imposition of penalties upon conviction of any violation of the zoning ordinance. Any such violation shall be a misdemeanor punishable by a fine of not more than \$1,000. If the violation is uncorrected at the time of the conviction, the court shall order the violator to abate or remedy the violation in compliance with the zoning ordinance, within a time period established by the court. Failure to remove or abate a zoning violation within the specified time period shall constitute a separate misdemeanor offense punishable by a fine of not more than \$1,000; any such failure during a succeeding 10-day period shall constitute a separate misdemeanor offense punishable by a fine of not more than \$1,500; and any such failure during any succeeding 10-day period shall constitute a separate misdemeanor offense for each 10-day period punishable by a fine of not more than \$2,000.

However, any conviction resulting from a violation of provisions regulating the number of unrelated persons in single-family residential dwellings shall be punishable by a fine of up to \$2,000. Failure to abate the violation within the specified time period shall be punishable by a fine of up to \$5,000, and any such failure during any succeeding 10-day period shall constitute a separate misdemeanor offense for each 10-day period punishable by a fine of up to \$7,500. However, no such fine shall accrue against an owner or managing agent of a single-family residential dwelling unit during the pendency of any legal action commenced by such owner or managing agent of such dwelling unit against a tenant to eliminate an overcrowding condition in accordance with the Virginia Residential Landlord and Tenant Act (§ 55.1-1200 et seq.). A conviction resulting from a violation of provisions regulating the number of unrelated persons in single-family residential dwellings shall not be punishable by a jail term.

6. For the collection of fees to cover the cost of making inspections, issuing permits, advertising of notices and other expenses incident to the administration of a zoning ordinance or to the filing or processing of any appeal or amendment thereto.

7. For the amendment of the regulations or district maps from time to time, or for their repeal. Whenever the public necessity, convenience, general welfare, or good zoning practice requires, the governing body may by ordinance amend, supplement, or change the regulations, district boundaries, or classifications of property. Any such amendment may be initiated (i) by resolution of the governing body; (ii) by motion of the local planning commission; or (iii) by petition of the owner, contract purchaser with the owner's written consent, or the owner's agent therefor, of the property which is the subject of the proposed zoning map amendment, addressed to the governing body or the local planning commission, who shall forward such petition to the governing body; however, the ordinance may provide for the consideration of proposed amendments only at specified intervals of time, and may further provide that substantially the same petition will not be reconsidered within a specific period, not exceeding one year. Any such resolution or motion by such governing body or commission proposing the rezoning shall state the above public purposes therefor.

In any county having adopted such zoning ordinance, all motions, resolutions or petitions for amendment to the zoning ordinance, and/or map shall be acted upon and a decision made within such reasonable time as may be necessary which shall not exceed 12 months unless the applicant requests or consents to action beyond such period or unless the applicant withdraws his motion, resolution or petition for amendment to the zoning ordinance or map, or both. In the event of and upon such withdrawal, processing of the motion, resolution or petition shall cease without further action as otherwise would be required by this subdivision.

8. For the submission and approval of a plan of development prior to the issuance of building permits to assure compliance with regulations contained in such zoning ordinance.

9. For areas and districts designated for mixed use developments or planned unit developments as defined in § 15.2-2201.

10. For the administration of incentive zoning as defined in § 15.2-2201.

11. For provisions allowing the locality to enter into a voluntary agreement with a landowner that would result in the downzoning of the landowner's undeveloped or underdeveloped property in exchange for a tax credit equal to the amount of excess real estate taxes that the landowner has paid due to the higher zoning classification. The locality may establish reasonable guidelines for determining the amount of excess real estate tax collected and the method and duration for applying the tax credit. For purposes of this section, "downzoning" means a zoning action by a locality that results in a reduction in a formerly permitted land use intensity or density.

12. Provisions for requiring and considering Phase I environmental site assessments based on the anticipated use of the property proposed for the subdivision or development that meet generally accepted national standards for such assessments, such as those developed by the American Society for Testing and Materials, and Phase II environmental site assessments, that also meet accepted national standards, such as, but not limited to, those developed by the American Society for Testing and Materials, if the locality deems such to be reasonably necessary, based on findings in the Phase I assessment, and in accordance with regulations of the United States Environmental Protection Agency and the American Society for Testing and Materials. A reasonable fee may be charged for the review of such environmental assessments. Such fees shall not exceed an amount commensurate with the services rendered, taking into consideration the time, skill, and administrative expense involved in such review.

13. Provisions for requiring disclosure and remediation of contamination and other adverse environmental conditions of the property prior to approval of subdivision and development plans.

15. For the issuance of inspection warrants by a magistrate or court of competent jurisdiction. The zoning administrator or his agent may make an affidavit under oath before a magistrate or court of competent jurisdiction and, if such affidavit establishes probable cause that a zoning ordinance violation has occurred, request that the magistrate or court grant the zoning administrator or his agent an inspection warrant to enable the zoning administrator or his agent to enter the subject dwelling for the purpose of determining whether violations of the zoning ordinance exist. After issuing a warrant under this section, the magistrate or judge shall file the affidavit in the manner prescribed by § 19.2-54. After executing the warrant, the zoning administrator or his agents shall return the warrant to the clerk of the circuit court of the city or county wherein the inspection was made. Prior to the initiation of an application by the owner of the subject property, the owner's agent, or any entity in which the owner holds an ownership interest greater than 50 percent, for a special exception, special use permit, variance, rezoning or other land disturbing permit, including building permits and erosion and sediment control permits, or prior to the issuance of final approval, the authorizing body may require the applicant to produce satisfactory evidence that any delinquent real estate taxes, nuisance charges, stormwater management utility fees, and any other charges that constitute a lien on the subject property, that are owed to the locality and have been properly assessed against the subject property, have been paid, unless otherwise authorized by the treasurer.

CHAPTER 894

An Act to amend and reenact § 15.2-2286 of the Code of Virginia, relating to zoning administrators; notice of decisions and determinations.

[S 647]

Approved April 8, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2286 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2286. Permitted provisions in zoning ordinances; amendments; applicant to pay delinquent taxes; penalties.

A. A zoning ordinance may include, among other things, reasonable regulations and provisions as to any or all of the following matters:

1. For variances or special exceptions, as defined in § 15.2-2201, to the general regulations in any district.

2. For the temporary application of the ordinance to any property coming into the territorial jurisdiction of the governing body by annexation or otherwise, subsequent to the adoption of the zoning ordinance, and pending the orderly amendment of the ordinance.

3. For the granting of special exceptions under suitable regulations and safeguards; notwithstanding any other provisions of this article, the governing body of any locality may reserve unto itself the right to issue such special exceptions. Conditions imposed in connection with residential special use permits, wherein the applicant proposes affordable housing, shall be consistent with the objective of providing affordable housing. When imposing conditions on residential projects specifying materials and methods of construction or specific design features, the approving body shall consider the impact of the conditions upon the affordability of housing.

The governing body or the board of zoning appeals of the City of Norfolk may impose a condition upon any special exception relating to retail alcoholic beverage control licenses which provides that such special exception will automatically expire upon a change of ownership of the property, a change in possession, a change in the operation or management of a facility or upon the passage of a specific period of time.

The governing body of the City of Richmond may impose a condition upon any special use permit issued after July 1, 2000, relating to retail alcoholic beverage licensees which provides that such special use permit shall be subject to an automatic review by the governing body upon a change in possession, a change in the owner of the business, or a transfer of majority control of the business entity. Upon review by the governing body, it may either amend or revoke the special use permit after notice and a public hearing as required by § 15.2-2206.

4. For the administration and enforcement of the ordinance including the appointment or designation of a zoning administrator who may also hold another office in the locality. The zoning administrator shall have all necessary authority on behalf of the governing body to administer and enforce the zoning ordinance. His authority shall include (i) ordering in writing the remedying of any condition found in violation of the ordinance; (ii) insuring compliance with the ordinance, bringing legal action, including injunction, abatement, or other appropriate action or proceeding subject to appeal pursuant to § 15.2-2311; and (iii) in specific cases, making findings of fact and, with concurrence of the attorney for the governing body, conclusions of law regarding determinations of rights accruing under § 15.2-2307 or subsection C of § 15.2-2311.

Whenever the zoning administrator has reasonable cause to believe that any person has engaged in or is engaging in any violation of a zoning ordinance that limits occupancy in a residential dwelling unit, which is subject to a civil penalty

that may be imposed in accordance with the provisions of § 15.2-2209, and the zoning administrator, after a good faith effort to obtain the data or information necessary to determine whether a violation has occurred, has been unable to obtain such information, he may request that the attorney for the locality petition the judge of the general district court for his jurisdiction for a subpoena duces tecum against any such person refusing to produce such data or information. The judge of the court, upon good cause shown, may cause the subpoena to be issued. Any person failing to comply with such subpoena shall be subject to punishment for contempt by the court issuing the subpoena. Any person so subpoenaed may apply to the judge who issued the subpoena to quash it.

Notwithstanding the provisions of § 15.2-2311, a zoning ordinance may prescribe an appeal period of less than 30 days, but not less than 10 days, for a notice of violation involving temporary or seasonal commercial uses, parking of commercial trucks in residential zoning districts, maximum occupancy limitations of a residential dwelling unit, or similar short-term, recurring violations.

Where provided by ordinance, the zoning administrator may be authorized to grant a modification from any provision contained in the zoning ordinance with respect to physical requirements on a lot or parcel of land, including but not limited to size, height, location or features of or related to any building, structure, or improvements, if the administrator finds in writing that: (i) the strict application of the ordinance would produce undue hardship; (ii) such hardship is not shared generally by other properties in the same zoning district and the same vicinity; and (iii) the authorization of the modification will not be of substantial detriment to adjacent property and the character of the zoning district will not be changed by the granting of the modification. Prior to the granting of a modification, the zoning administrator shall give, or require the applicant to give, all adjoining property owners written notice of the request for modification, and an opportunity to respond to the request within 21 days of the date of the notice. The zoning administrator shall make a decision on the application for modification and issue a written decision with a copy provided to the applicant and any adjoining landowner who responded in writing to the notice sent pursuant to this paragraph. The decision of the zoning administrator shall constitute a decision within the purview of § 15.2-2311, and may be appealed to the board of zoning appeals as provided by that section. Decisions of the board of zoning appeals may be appealed to the circuit court as provided by § 15.2-2314.

The zoning administrator shall respond within 90 days of a request for a decision or determination on zoning matters within the scope of his authority unless the requester has agreed to a longer period. *If the decision or determination by the zoning administrator could impair the ability of an adjacent property owner to satisfy the minimum storage capacity and yield requirements for a residential drinking well pursuant to § 32.1-176.4 or any regulation adopted thereunder, the zoning administrator shall provide a copy of such decision or determination to such adjacent property owner so affected.*

5. For the imposition of penalties upon conviction of any violation of the zoning ordinance. Any such violation shall be a misdemeanor punishable by a fine of not more than \$1,000. If the violation is uncorrected at the time of the conviction, the court shall order the violator to abate or remedy the violation in compliance with the zoning ordinance, within a time period established by the court. Failure to remove or abate a zoning violation within the specified time period shall constitute a separate misdemeanor offense punishable by a fine of not more than \$1,000; any such failure during a succeeding 10-day period shall constitute a separate misdemeanor offense punishable by a fine of not more than \$1,500; and any such failure during any succeeding 10-day period shall constitute a separate misdemeanor offense for each 10-day period punishable by a fine of not more than \$2,000.

However, any conviction resulting from a violation of provisions regulating the number of unrelated persons in single-family residential dwellings shall be punishable by a fine of up to \$2,000. Failure to abate the violation within the specified time period shall be punishable by a fine of up to \$5,000, and any such failure during any succeeding 10-day period shall constitute a separate misdemeanor offense for each 10-day period punishable by a fine of up to \$7,500. However, no such fine shall accrue against an owner or managing agent of a single-family residential dwelling unit during the pendency of any legal action commenced by such owner or managing agent of such dwelling unit against a tenant to eliminate an overcrowding condition in accordance with the Virginia Residential Landlord and Tenant Act (§ 55.1-1200 et seq.). A conviction resulting from a violation of provisions regulating the number of unrelated persons in single-family residential dwellings shall not be punishable by a jail term.

6. For the collection of fees to cover the cost of making inspections, issuing permits, advertising of notices and other expenses incident to the administration of a zoning ordinance or to the filing or processing of any appeal or amendment thereto.

7. For the amendment of the regulations or district maps from time to time, or for their repeal. Whenever the public necessity, convenience, general welfare, or good zoning practice requires, the governing body may by ordinance amend, supplement, or change the regulations, district boundaries, or classifications of property. Any such amendment may be initiated (i) by resolution of the governing body; (ii) by motion of the local planning commission; or (iii) by petition of the owner, contract purchaser with the owner's written consent, or the owner's agent therefor, of the property which is the subject of the proposed zoning map amendment, addressed to the governing body or the local planning commission, who shall forward such petition to the governing body; however, the ordinance may provide for the consideration of proposed amendments only at specified intervals of time, and may further provide that substantially the same petition will not be reconsidered within a specific period, not exceeding one year. Any such resolution or motion by such governing body or commission proposing the rezoning shall state the above public purposes therefor.

In any county having adopted such zoning ordinance, all motions, resolutions or petitions for amendment to the zoning ordinance, and/or map shall be acted upon and a decision made within such reasonable time as may be necessary which

shall not exceed 12 months unless the applicant requests or consents to action beyond such period or unless the applicant withdraws his motion, resolution or petition for amendment to the zoning ordinance or map, or both. In the event of and upon such withdrawal, processing of the motion, resolution or petition shall cease without further action as otherwise would be required by this subdivision.

8. For the submission and approval of a plan of development prior to the issuance of building permits to assure compliance with regulations contained in such zoning ordinance.

9. For areas and districts designated for mixed use developments or planned unit developments as defined in § 15.2-2201.

10. For the administration of incentive zoning as defined in § 15.2-2201.

11. For provisions allowing the locality to enter into a voluntary agreement with a landowner that would result in the downzoning of the landowner's undeveloped or underdeveloped property in exchange for a tax credit equal to the amount of excess real estate taxes that the landowner has paid due to the higher zoning classification. The locality may establish reasonable guidelines for determining the amount of excess real estate tax collected and the method and duration for applying the tax credit. For purposes of this section, "downzoning" means a zoning action by a locality that results in a reduction in a formerly permitted land use intensity or density.

12. Provisions for requiring and considering Phase I environmental site assessments based on the anticipated use of the property proposed for the subdivision or development that meet generally accepted national standards for such assessments, such as those developed by the American Society for Testing and Materials, and Phase II environmental site assessments, that also meet accepted national standards, such as, but not limited to, those developed by the American Society for Testing and Materials, if the locality deems such to be reasonably necessary, based on findings in the Phase I assessment, and in accordance with regulations of the United States Environmental Protection Agency and the American Society for Testing and Materials. A reasonable fee may be charged for the review of such environmental assessments. Such fees shall not exceed an amount commensurate with the services rendered, taking into consideration the time, skill, and administrative expense involved in such review.

13. Provisions for requiring disclosure and remediation of contamination and other adverse environmental conditions of the property prior to approval of subdivision and development plans.

14. For the enforcement of provisions of the zoning ordinance that regulate the number of persons permitted to occupy a single-family residential dwelling unit, provided such enforcement is in compliance with applicable local, state and federal fair housing laws.

15. For the issuance of inspection warrants by a magistrate or court of competent jurisdiction. The zoning administrator or his agent may make an affidavit under oath before a magistrate or court of competent jurisdiction and, if such affidavit establishes probable cause that a zoning ordinance violation has occurred, request that the magistrate or court grant the zoning administrator or his agent an inspection warrant to enable the zoning administrator or his agent to enter the subject dwelling for the purpose of determining whether violations of the zoning ordinance exist. After issuing a warrant under this section, the magistrate or judge shall file the affidavit in the manner prescribed by § 19.2-54. After executing the warrant, the zoning administrator or his agents shall return the warrant to the clerk of the circuit court of the city or county wherein the inspection was made. The zoning administrator or his agent shall make a reasonable effort to obtain consent from the owner or tenant of the subject dwelling prior to seeking the issuance of an inspection warrant under this section.

B. Prior to the initiation of an application by the owner of the subject property, the owner's agent, or any entity in which the owner holds an ownership interest greater than 50 percent, for a special exception, special use permit, variance, rezoning or other land disturbing permit, including building permits and erosion and sediment control permits, or prior to the issuance of final approval, the authorizing body may require the applicant to produce satisfactory evidence that any delinquent real estate taxes, nuisance charges, stormwater management utility fees, and any other charges that constitute a lien on the subject property, that are owed to the locality and have been properly assessed against the subject property, have been paid, unless otherwise authorized by the treasurer.

At least 24 hours before the performance of an abortion, a qualified medical professional trained in sonography and working under the supervision of a physician licensed in the Commonwealth shall perform fetal transabdominal ultrasound imaging on the patient undergoing the abortion for the purpose of determining gestational age. If the pregnant woman lives at least 100 miles from the facility where the abortion is to be performed, the fetal ultrasound imaging shall be performed at least two hours before the abortion. The ultrasound image shall contain the dimensions of the fetus and accurately portray the presence of external members and internal organs of the fetus, if present or viewable. Determination of gestational age shall be based upon measurement of the fetus in a manner consistent with standard medical practice in the community for determining gestational age. When only the gestational sac is visible during ultrasound imaging, gestational age may be based upon measurement of the gestational sac. If gestational age cannot be determined by a transabdominal ultrasound,~~

then the patient undergoing the abortion shall be verbally offered other ultrasound imaging to determine gestational age, which she may refuse. A print of the ultrasound image shall be made to document the measurements that have been taken to determine the gestational age of the fetus.

The provisions of this subsection shall not apply if the woman seeking an abortion is the victim of rape or incest, if the incident was reported to law enforcement authorities. Nothing herein shall preclude the physician from using any ultrasound imaging that he considers to be medically appropriate pursuant to the standard medical practice in the community.

C. The qualified medical professional performing fetal ultrasound imaging pursuant to subsection B shall verbally offer the woman an opportunity to view the ultrasound image; receive a printed copy of the ultrasound image and hear the fetal heart tones pursuant to standard medical practice in the community; and shall obtain from the woman written certification that this opportunity was offered and whether or not it was accepted and, if applicable, verification that the pregnant woman lives at least 100 miles from the facility where the abortion is to be performed. A printed copy of the ultrasound image shall be maintained in the woman's medical record at the facility where the abortion is to be performed for the longer of (i) seven years or (ii) the extent required by applicable federal or state law.

D. For purposes of this section:

"Informed written consent" means the knowing and voluntary written consent to abortion by a pregnant woman of any age, without undue inducement or any element of force, fraud, deceit, duress, or other form of constraint or coercion by the physician who is to perform the abortion or his agent. The basic information to effect such consent, as required by this subsection, shall be provided by telephone or in person to the woman at least 24 hours before the abortion by the physician who is to perform the abortion, by a referring physician, or by a licensed professional or practical nurse working under the direct supervision of either the physician who is to perform the abortion or the referring physician; however, the information in subdivision 5 may be provided instead by a licensed health-care professional working under the direct supervision of either the physician who is to perform the abortion or the referring physician. This basic information shall include:

1. A full, reasonable and comprehensible medical explanation of the nature, benefits, and risks of and alternatives to the proposed procedures or protocols to be followed in her particular case;

2. An instruction that the woman may withdraw her consent at any time prior to the performance of the procedure;

3. An offer for the woman to speak with the physician who is to perform the abortion so that he may answer any questions that the woman may have and provide further information concerning the procedures and protocols;

4. A statement of the probable gestational age of the fetus at the time the abortion is to be performed and that fetal ultrasound imaging shall be performed prior to the abortion to confirm the gestational age; and

5. An offer to review the printed materials described in subsection F. If the woman chooses to review such materials, they shall be provided to her in a respectful and understandable manner, without prejudice and intended to give the woman the opportunity to make an informed choice and shall be provided to her at least 24 hours before the abortion or mailed to her at least 72 hours before the abortion by first-class mail or, if the woman requests, by certified mail, restricted delivery. This offer for the woman to review the material shall advise her of the following: (i) the Department of Health publishes printed materials that describe the unborn child and list agencies that offer alternatives to abortion; (ii) medical assistance benefits may be available for prenatal care, childbirth and neonatal care, and that more detailed information on the availability of such assistance is contained in the printed materials published by the Department; (iii) the father of the unborn child is liable to assist in the support of her child, even in instances where he has offered to pay for the abortion, that assistance in the collection of such support is available; and that more detailed information on the availability of such assistance is contained in the printed materials published by the Department; (iv) she has the right to review the materials printed by the Department and that copies will be provided to her free of charge if she chooses to review them; and (v) a statewide list of public and private agencies and services that provide ultrasound imaging and auscultation of fetal heart tone services free of charge. Where the woman has advised that the pregnancy is the result of a rape, the information in clause (iii) may be omitted.

The information required by this subsection may be provided by telephone or in person.

E. The physician need not obtain the informed written consent of the woman when the abortion is to be performed pursuant to a medical emergency or spontaneous miscarriage. "Medical emergency" means any condition which, on the basis of the physician's good faith clinical judgment, so complicates the medical condition of a pregnant woman as to necessitate the immediate abortion of her pregnancy to avert her death or for which a delay will create a serious risk of substantial and irreversible impairment of a major bodily function.

F. On or before October 1, 2001, the Department of Health shall publish, in English and in each language which is the primary language of two percent or more of the population of the Commonwealth, the following printed materials in such a way as to ensure that the information is easily comprehensible:

1. Geographically indexed materials designed to inform the woman of public and private agencies and services available to assist a woman through pregnancy, upon childbirth and while the child is dependent, including, but not limited to; information on services relating to (i) adoption as a positive alternative, (ii) information relative to counseling services, benefits, financial assistance, medical care and contact persons or groups; (iii) paternity establishment and child support enforcement, (iv) child development, (v) child rearing and stress management, (vi) pediatric and maternal health care, and (vii) public and private agencies and services that provide ultrasound imaging and auscultation of fetal heart tone services free of charge. The materials shall include a comprehensive list of the names and telephone numbers of the agencies; or, at

the option of the Department of Health, printed materials including a toll-free, 24-hour-a-day telephone number which may be called to obtain, orally, such a list and description of agencies in the locality of the caller and of the services they offer;

2. Materials designed to inform the woman of the probable anatomical and physiological characteristics of the human fetus at two-week gestational increments from the time when a woman can be known to be pregnant to full term; including any relevant information on the possibility of the fetus's survival and pictures or drawings representing the development of the human fetus at two-week gestational increments. Such pictures or drawings shall contain the dimensions of the fetus and shall be realistic and appropriate for the stage of pregnancy depicted. The materials shall be objective, nonjudgmental and designed to convey only accurate scientific information about the human fetus at the various gestational ages; and

3. Materials containing objective information describing the methods of abortion procedures commonly employed; the medical risks commonly associated with each such procedure; the possible detrimental psychological effects of abortion; and the medical risks commonly associated with carrying a child to term.

The Department of Health shall make these materials available at each local health department and, upon request, to any person or entity, in reasonable numbers and without cost to the requesting party.

G. Any physician who fails to comply with the provisions of this section shall be subject to a \$2,500 civil penalty.

§ 32.1-127. Regulations.

A. The regulations promulgated by the Board to carry out the provisions of this article shall be in substantial conformity to the standards of health, hygiene, sanitation, construction and safety as established and recognized by medical and health care professionals and by specialists in matters of public health and safety, including health and safety standards established under provisions of Title XVIII and Title XIX of the Social Security Act, and to the provisions of Article 2 (§ 32.1-138 et seq.).

B. Such regulations:

1. Shall include minimum standards for (i) the construction and maintenance of hospitals, nursing homes and certified nursing facilities to ensure the environmental protection and the life safety of its patients, employees, and the public; (ii) the operation, staffing and equipping of hospitals, nursing homes and certified nursing facilities; (iii) qualifications and training of staff of hospitals, nursing homes and certified nursing facilities, except those professionals licensed or certified by the Department of Health Professions; (iv) conditions under which a hospital or nursing home may provide medical and nursing services to patients in their places of residence; and (v) policies related to infection prevention, disaster preparedness, and facility security of hospitals, nursing homes, and certified nursing facilities. ~~For purposes of this paragraph, facilities in which five or more first trimester abortions per month are performed shall be classified as a category of "hospital";~~

2. Shall provide that at least one physician who is licensed to practice medicine in this Commonwealth shall be on call at all times, though not necessarily physically present on the premises, at each hospital which operates or holds itself out as operating an emergency service;

3. May classify hospitals and nursing homes by type of specialty or service and may provide for licensing hospitals and nursing homes by bed capacity and by type of specialty or service;

4. Shall also require that each hospital establish a protocol for organ donation, in compliance with federal law and the regulations of the Centers for Medicare and Medicaid Services (CMS), particularly 42 C.F.R. § 482.45. Each hospital shall have an agreement with an organ procurement organization designated in CMS regulations for routine contact, whereby the provider's designated organ procurement organization certified by CMS (i) is notified in a timely manner of all deaths or imminent deaths of patients in the hospital and (ii) is authorized to determine the suitability of the decedent or patient for organ donation and, in the absence of a similar arrangement with any eye bank or tissue bank in Virginia certified by the Eye Bank Association of America or the American Association of Tissue Banks, the suitability for tissue and eye donation. The hospital shall also have an agreement with at least one tissue bank and at least one eye bank to cooperate in the retrieval, processing, preservation, storage, and distribution of tissues and eyes to ensure that all usable tissues and eyes are obtained from potential donors and to avoid interference with organ procurement. The protocol shall ensure that the hospital collaborates with the designated organ procurement organization to inform the family of each potential donor of the option to donate organs, tissues, or eyes or to decline to donate. The individual making contact with the family shall have completed a course in the methodology for approaching potential donor families and requesting organ or tissue donation that (a) is offered or approved by the organ procurement organization and designed in conjunction with the tissue and eye bank community and (b) encourages discretion and sensitivity according to the specific circumstances, views, and beliefs of the relevant family. In addition, the hospital shall work cooperatively with the designated organ procurement organization in educating the staff responsible for contacting the organ procurement organization's personnel on donation issues, the proper review of death records to improve identification of potential donors, and the proper procedures for maintaining potential donors while necessary testing and placement of potential donated organs, tissues, and eyes takes place. This process shall be followed, without exception, unless the family of the relevant decedent or patient has expressed opposition to organ donation, the chief administrative officer of the hospital or his designee knows of such opposition, and no donor card or other relevant document, such as an advance directive, can be found;

5. Shall require that each hospital that provides obstetrical services establish a protocol for admission or transfer of any pregnant woman who presents herself while in labor;

6. Shall also require that each licensed hospital develop and implement a protocol requiring written discharge plans for identified, substance-abusing, postpartum women and their infants. The protocol shall require that the discharge plan be discussed with the patient and that appropriate referrals for the mother and the infant be made and documented. Appropriate

referrals may include, but need not be limited to, treatment services, comprehensive early intervention services for infants and toddlers with disabilities and their families pursuant to Part H of the Individuals with Disabilities Education Act, 20 U.S.C. § 1471 et seq., and family-oriented prevention services. The discharge planning process shall involve, to the extent possible, the father of the infant and any members of the patient's extended family who may participate in the follow-up care for the mother and the infant. Immediately upon identification, pursuant to § 54.1-2403.1, of any substance-abusing, postpartum woman, the hospital shall notify, subject to federal law restrictions, the community services board of the jurisdiction in which the woman resides to appoint a discharge plan manager. The community services board shall implement and manage the discharge plan;

7. Shall require that each nursing home and certified nursing facility fully disclose to the applicant for admission the home's or facility's admissions policies, including any preferences given;

8. Shall require that each licensed hospital establish a protocol relating to the rights and responsibilities of patients which shall include a process reasonably designed to inform patients of such rights and responsibilities. Such rights and responsibilities of patients, a copy of which shall be given to patients on admission, shall be consistent with applicable federal law and regulations of the Centers for Medicare and Medicaid Services;

9. Shall establish standards and maintain a process for designation of levels or categories of care in neonatal services according to an applicable national or state-developed evaluation system. Such standards may be differentiated for various levels or categories of care and may include, but need not be limited to, requirements for staffing credentials, staff/patient ratios, equipment, and medical protocols;

10. Shall require that each nursing home and certified nursing facility train all employees who are mandated to report adult abuse, neglect, or exploitation pursuant to § 63.2-1606 on such reporting procedures and the consequences for failing to make a required report;

11. Shall permit hospital personnel, as designated in medical staff bylaws, rules and regulations, or hospital policies and procedures, to accept emergency telephone and other verbal orders for medication or treatment for hospital patients from physicians, and other persons lawfully authorized by state statute to give patient orders, subject to a requirement that such verbal order be signed, within a reasonable period of time not to exceed 72 hours as specified in the hospital's medical staff bylaws, rules and regulations or hospital policies and procedures, by the person giving the order, or, when such person is not available within the period of time specified, co-signed by another physician or other person authorized to give the order;

12. Shall require, unless the vaccination is medically contraindicated or the resident declines the offer of the vaccination, that each certified nursing facility and nursing home provide or arrange for the administration to its residents of (i) an annual vaccination against influenza and (ii) a pneumococcal vaccination, in accordance with the most recent recommendations of the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention;

13. Shall require that each nursing home and certified nursing facility register with the Department of State Police to receive notice of the registration or reregistration of any sex offender within the same or a contiguous zip code area in which the home or facility is located, pursuant to § 9.1-914;

14. Shall require that each nursing home and certified nursing facility ascertain, prior to admission, whether a potential patient is a registered sex offender, if the home or facility anticipates the potential patient will have a length of stay greater than three days or in fact stays longer than three days;

15. Shall require that each licensed hospital include in its visitation policy a provision allowing each adult patient to receive visits from any individual from whom the patient desires to receive visits, subject to other restrictions contained in the visitation policy including, but not limited to, those related to the patient's medical condition and the number of visitors permitted in the patient's room simultaneously;

16. Shall require that each nursing home and certified nursing facility shall, upon the request of the facility's family council, send notices and information about the family council mutually developed by the family council and the administration of the nursing home or certified nursing facility, and provided to the facility for such purpose, to the listed responsible party or a contact person of the resident's choice up to six times per year. Such notices may be included together with a monthly billing statement or other regular communication. Notices and information shall also be posted in a designated location within the nursing home or certified nursing facility. No family member of a resident or other resident representative shall be restricted from participating in meetings in the facility with the families or resident representatives of other residents in the facility;

17. Shall require that each nursing home and certified nursing facility maintain liability insurance coverage in a minimum amount of \$1 million, and professional liability coverage in an amount at least equal to the recovery limit set forth in § 8.01-581.15, to compensate patients or individuals for injuries and losses resulting from the negligent or criminal acts of the facility. Failure to maintain such minimum insurance shall result in revocation of the facility's license;

18. Shall require each hospital that provides obstetrical services to establish policies to follow when a stillbirth, as defined in § 32.1-69.1, occurs that meet the guidelines pertaining to counseling patients and their families and other aspects of managing stillbirths as may be specified by the Board in its regulations;

19. Shall require each nursing home to provide a full refund of any unexpended patient funds on deposit with the facility following the discharge or death of a patient, other than entrance-related fees paid to a continuing care provider as defined in § 38.2-4900, within 30 days of a written request for such funds by the discharged patient or, in the case of the

death of a patient, the person administering the person's estate in accordance with the Virginia Small Estates Act (§ 64.2-600 et seq.);

20. Shall require that each hospital that provides inpatient psychiatric services establish a protocol that requires, for any refusal to admit (i) a medically stable patient referred to its psychiatric unit, direct verbal communication between the on-call physician in the psychiatric unit and the referring physician, if requested by such referring physician, and prohibits on-call physicians or other hospital staff from refusing a request for such direct verbal communication by a referring physician and (ii) a patient for whom there is a question regarding the medical stability or medical appropriateness of admission for inpatient psychiatric services due to a situation involving results of a toxicology screening, the on-call physician in the psychiatric unit to which the patient is sought to be transferred to participate in direct verbal communication, either in person or via telephone, with a clinical toxicologist or other person who is a Certified Specialist in Poison Information employed by a poison control center that is accredited by the American Association of Poison Control Centers to review the results of the toxicology screen and determine whether a medical reason for refusing admission to the psychiatric unit related to the results of the toxicology screen exists, if requested by the referring physician;

21. Shall require that each hospital that is equipped to provide life-sustaining treatment shall develop a policy governing determination of the medical and ethical appropriateness of proposed medical care, which shall include (i) a process for obtaining a second opinion regarding the medical and ethical appropriateness of proposed medical care in cases in which a physician has determined proposed care to be medically or ethically inappropriate; (ii) provisions for review of the determination that proposed medical care is medically or ethically inappropriate by an interdisciplinary medical review committee and a determination by the interdisciplinary medical review committee regarding the medical and ethical appropriateness of the proposed health care; and (iii) requirements for a written explanation of the decision reached by the interdisciplinary medical review committee, which shall be included in the patient's medical record. Such policy shall ensure that the patient, his agent, or the person authorized to make medical decisions pursuant to § 54.1-2986 (a) are informed of the patient's right to obtain his medical record and to obtain an independent medical opinion and (b) afforded reasonable opportunity to participate in the medical review committee meeting. Nothing in such policy shall prevent the patient, his agent, or the person authorized to make medical decisions pursuant to § 54.1-2986 from obtaining legal counsel to represent the patient or from seeking other remedies available at law, including seeking court review, provided that the patient, his agent, or the person authorized to make medical decisions pursuant to § 54.1-2986, or legal counsel provides written notice to the chief executive officer of the hospital within 14 days of the date on which the physician's determination that proposed medical treatment is medically or ethically inappropriate is documented in the patient's medical record;

22. Shall require every hospital with an emergency department to establish protocols to ensure that security personnel of the emergency department, if any, receive training appropriate to the populations served by the emergency department, which may include training based on a trauma-informed approach in identifying and safely addressing situations involving patients or other persons who pose a risk of harm to themselves or others due to mental illness or substance abuse or who are experiencing a mental health crisis;

23. Shall require that each hospital establish a protocol requiring that, before a health care provider arranges for air medical transportation services for a patient who does not have an emergency medical condition as defined in 42 U.S.C. § 1395dd(e)(1), the hospital shall provide the patient or his authorized representative with written or electronic notice that the patient (i) may have a choice of transportation by an air medical transportation provider or medically appropriate ground transportation by an emergency medical services provider and (ii) will be responsible for charges incurred for such transportation in the event that the provider is not a contracted network provider of the patient's health insurance carrier or such charges are not otherwise covered in full or in part by the patient's health insurance plan; and

24. Shall establish an exemption, for a period of no more than 30 days, from the requirement to obtain a license to add temporary beds in an existing hospital or nursing home when the Commissioner has determined that a natural or man-made disaster has caused the evacuation of a hospital or nursing home and that a public health emergency exists due to a shortage of hospital or nursing home beds.

C. Upon obtaining the appropriate license, if applicable, licensed hospitals, nursing homes, and certified nursing facilities may operate adult day care centers.

D. All facilities licensed by the Board pursuant to this article which provide treatment or care for hemophiliacs and, in the course of such treatment, stock clotting factors, shall maintain records of all lot numbers or other unique identifiers for such clotting factors in order that, in the event the lot is found to be contaminated with an infectious agent, those hemophiliacs who have received units of this contaminated clotting factor may be apprised of this contamination. Facilities which have identified a lot which is known to be contaminated shall notify the recipient's attending physician and request that he notify the recipient of the contamination. If the physician is unavailable, the facility shall notify by mail, return receipt requested, each recipient who received treatment from a known contaminated lot at the individual's last known address.

CHAPTER 899

An Act to amend and reenact §§ 16.1-77, 18.2-72, 18.2-76, and 32.1-127 of the Code of Virginia, relating to provision of abortion.

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-77, 18.2-72, 18.2-76, and 32.1-127 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-77. Civil jurisdiction of general district courts; amending amount of claim.

Except as provided in Article 5 (§ 16.1-122.1 et seq.), each general district court shall have, within the limits of the territory it serves, civil jurisdiction as follows:

(1) Exclusive original jurisdiction of any claim to specific personal property or to any debt, fine or other money, or to damages for breach of contract or for injury done to property, real or personal, or for any injury to the person that would be recoverable by action at law or suit in equity, when the amount of such claim does not exceed \$4,500 exclusive of interest and any attorney fees, and concurrent jurisdiction with the circuit courts having jurisdiction in such territory of any such claim when the amount thereof exceeds \$4,500 but does not exceed \$25,000, exclusive of interest and any attorney fees. However, this \$25,000 limit shall not apply with respect to distress warrants under the provisions of § 8.01-130.4, cases involving liquidated damages for violations of vehicle weight limits pursuant to § 46.2-1135, nor cases involving forfeiture of a bond pursuant to § 19.2-143. While a matter is pending in a general district court, upon motion of the plaintiff seeking to increase the amount of the claim, the court shall order transfer of the matter to the circuit court that has jurisdiction over the amended amount of the claim without requiring that the case first be dismissed or that the plaintiff suffer a nonsuit, and the tolling of the applicable statutes of limitations governing the pending matter shall be unaffected by the transfer. Except for good cause shown, no such order of transfer shall issue unless the motion to amend and transfer is made at least 10 days before trial. The plaintiff shall pay filing and other fees as otherwise provided by law to the clerk of the court to which the case is transferred, and such clerk shall process the claim as if it were a new civil action. The plaintiff shall prepare and present the order of transfer to the transferring court for entry, after which time the case shall be removed from the pending docket of the transferring court and the order of transfer placed among its records. The plaintiff shall provide a certified copy of the transfer order to the receiving court.

(2) Jurisdiction to try and decide attachment cases when the amount of the plaintiff's claim does not exceed \$25,000 exclusive of interest and any attorney fees.

(3) Jurisdiction of actions of unlawful entry or detainer as provided in Article 13 (§ 8.01-124 et seq.) of Chapter 3 of Title 8.01, and in Chapter 14 (§ 55.1-1400 et seq.) of Title 55.1, and the maximum jurisdictional limits prescribed in subdivision (1) shall not apply to any claim, counter-claim or cross-claim in an unlawful detainer action that includes a claim for damages sustained or rent against any person obligated on the lease or guarantee of such lease.

(4) Except where otherwise specifically provided, all jurisdiction, power and authority over any civil action or proceeding conferred upon any general district court judge or magistrate under or by virtue of any provisions of the Code.

(5) Jurisdiction to try and decide suits in interpleader involving personal or real property where the amount of money or value of the property is not more than the maximum jurisdictional limits of the general district court. However, the maximum jurisdictional limits prescribed in subdivision (1) shall not apply to any claim, counter-claim, or cross-claim in an interpleader action that is limited to the disposition of an earnest money deposit pursuant to a real estate purchase contract. The action shall be brought in accordance with the procedures for interpleader as set forth in § 8.01-364. However, the general district court shall not have any power to issue injunctions. Actions in interpleader may be brought by either the stakeholder or any of the claimants. The initial pleading shall be either by motion for judgment, by warrant in debt, or by other uniform court form established by the Supreme Court of Virginia. The initial pleading shall briefly set forth the circumstances of the claim and shall name as defendant all parties in interest who are not parties plaintiff.

(6) Jurisdiction to try and decide any cases pursuant to § 2.2-3713 of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.) or § 2.2-3809 of the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et seq.), for writs of mandamus or for injunctions.

(7) Concurrent jurisdiction with the circuit courts having jurisdiction in such territory to adjudicate habitual offenders pursuant to the provisions of Article 9 (§ 46.2-355.1 et seq.) of Chapter 3 of Title 46.2.

~~(8) Jurisdiction to try and decide cases alleging a civil violation described in § 18.2-76.~~

~~(9) Jurisdiction to try and decide any cases pursuant to § 55.1-1819 of the Property Owners' Association Act (§ 55.1-1800 et seq.) or § 55.1-1959 of the Virginia Condominium Act (§ 55.1-1900 et seq.).~~

~~(10) (9) Concurrent jurisdiction with the circuit courts to submit matters to arbitration pursuant to Chapter 21 (§ 8.01-577 et seq.) of Title 8.01 where the amount in controversy is within the jurisdictional limits of the general district court. Any party that disagrees with an order by a general district court granting an application to compel arbitration may appeal such decision to the circuit court pursuant to § 8.01-581.016.~~

For purposes of this section, the territory served by a county general district court expressly authorized by statute to be established in a city includes the general district court courtroom.

§ 18.2-72. When abortion lawful during first trimester of pregnancy.

Notwithstanding any of the provisions of § 18.2-71, it shall be lawful for (i) any physician licensed by the Board of Medicine to practice medicine and surgery; or (ii) any person jointly licensed by the Boards of Medicine and Nursing as a nurse practitioner and acting within such person's scope of practice to terminate or attempt to terminate a human pregnancy or aid or assist in the termination of a human pregnancy by performing an abortion or causing a miscarriage on any woman during the first trimester of pregnancy.

§ 18.2-76. Informed written consent required.

A. Before performing any abortion or inducing any miscarriage or terminating a pregnancy as provided in § 18.2-72, 18.2-73, or 18.2-74, the physician *or, if such abortion, induction, or termination is to be performed pursuant to § 18.2-72, either the physician or the nurse practitioner authorized pursuant to clause (ii) of § 18.2-72 to perform such abortion, induction, or termination* shall obtain the informed written consent of the pregnant woman. However, if the woman has been adjudicated incapacitated by any court of competent jurisdiction or if the physician *or, if the abortion, induction, or termination is to be performed pursuant to § 18.2-72, either the physician or the nurse practitioner authorized pursuant to clause (ii) of § 18.2-72 to perform such abortion, induction, or termination* knows or has good reason to believe that such woman is incapacitated as adjudicated by a court of competent jurisdiction, then only after permission is given in writing by a parent, guardian, committee, or other person standing in loco parentis to the woman, may the physician *or, if the abortion, induction, or termination is to be performed pursuant to § 18.2-72, either the physician or the nurse practitioner authorized pursuant to clause (ii) of § 18.2-72 to perform such abortion, induction, or termination* perform the abortion or otherwise terminate the pregnancy.

B. At least 24 hours before the performance of an abortion, a qualified medical professional trained in sonography and working under the supervision of a physician licensed in the Commonwealth shall perform fetal transabdominal ultrasound imaging on the patient undergoing the abortion for the purpose of determining gestational age. If the pregnant woman lives at least 100 miles from the facility where the abortion is to be performed, the fetal ultrasound imaging shall be performed at least two hours before the abortion. The ultrasound image shall contain the dimensions of the fetus and accurately portray the presence of external members and internal organs of the fetus; if present or viewable. Determination of gestational age shall be based upon measurement of the fetus in a manner consistent with standard medical practice in the community for determining gestational age. When only the gestational sac is visible during ultrasound imaging, gestational age may be based upon measurement of the gestational sac. If gestational age cannot be determined by a transabdominal ultrasound, then the patient undergoing the abortion shall be verbally offered other ultrasound imaging to determine gestational age, which she may refuse. A print of the ultrasound image shall be made to document the measurements that have been taken to determine the gestational age of the fetus.

The provisions of this subsection shall not apply if the woman seeking an abortion is the victim of rape or incest, if the incident was reported to law enforcement authorities. Nothing herein shall preclude the physician from using any ultrasound imaging that he considers to be medically appropriate pursuant to the standard medical practice in the community.

C. The qualified medical professional performing fetal ultrasound imaging pursuant to subsection B shall verbally offer the woman an opportunity to view the ultrasound image, receive a printed copy of the ultrasound image and hear the fetal heart tones pursuant to standard medical practice in the community, and shall obtain from the woman written certification that this opportunity was offered and whether or not it was accepted and, if applicable, verification that the pregnant woman lives at least 100 miles from the facility where the abortion is to be performed. A printed copy of the ultrasound image shall be maintained in the woman's medical record at the facility where the abortion is to be performed for the longer of (i) seven years or (ii) the extent required by applicable federal or state law.

D. For purposes of this section:

"Informed written consent" means the knowing and voluntary written consent to abortion by a pregnant woman of any age, without undue inducement or any element of force, fraud, deceit, duress, or other form of constraint or coercion by the physician who is to perform the abortion or his agent. The basic information to effect such consent, as required by this subsection, shall be provided by telephone or in person to the woman at least 24 hours before the abortion by the physician who is to perform the abortion, by a referring physician, or by a licensed professional or practical nurse working under the direct supervision of either the physician who is to perform the abortion or the referring physician; however, the information in subdivision 5 may be provided instead by a licensed health-care professional working under the direct supervision of either the physician who is to perform the abortion or the referring physician. This basic information shall include:

1. A full, reasonable and comprehensible medical explanation of the nature, benefits, and risks of and alternatives to the proposed procedures or protocols to be followed in her particular case;
2. An instruction that the woman may withdraw her consent at any time prior to the performance of the procedure;
3. An offer for the woman to speak with the physician who is to perform the abortion so that he may answer any questions that the woman may have and provide further information concerning the procedures and protocols;
4. A statement of the probable gestational age of the fetus at the time the abortion is to be performed and that fetal ultrasound imaging shall be performed prior to the abortion to confirm the gestational age; and
5. An offer to review the printed materials described in subsection F. If the woman chooses to review such materials, they shall be provided to her in a respectful and understandable manner, without prejudice and intended to give the woman the opportunity to make an informed choice and shall be provided to her at least 24 hours before the abortion or mailed to her at least 72 hours before the abortion by first-class mail or, if the woman requests, by certified mail, restricted delivery. This offer for the woman to review the material shall advise her of the following: (i) the Department of Health publishes printed materials that describe the unborn child and list agencies that offer alternatives to abortion; (ii) medical assistance benefits may be available for prenatal care, childbirth and neonatal care, and that more detailed information on the availability of such assistance is contained in the printed materials published by the Department; (iii) the father of the unborn child is liable to assist in the support of her child, even in instances where he has offered to pay for the abortion, that assistance in the collection of such support is available, and that more detailed information on the availability of such

The term "policy of motor vehicle insurance" or "policy" does not include (i) any policy issued through the Virginia Automobile Insurance Plan, (ii) any policy covering the operation of a garage, sales agency, repair shop, service station, or public parking place, (iii) any policy providing insurance only on an excess basis, or (iv) any other contract providing insurance to the named insured even though the contract may incidentally provide insurance on motor vehicles.

"Renewal" or "to renew" means (i) the issuance and delivery by an insurer of a policy superseding at the end of the policy period a policy previously issued and delivered by the same insurer, providing types and limits of coverage at least

equal to those contained in the policy being superseded, or (ii) the issuance and delivery of a certificate or notice extending the term of a policy beyond its policy period or term with types and limits of coverage at least equal to those contained in the policy. Each renewal shall conform with the requirements of the manual rules and rating program currently filed by the insurer with the Commission. Except as provided in subsection K, any policy with a policy period or term of less than 12 months or any policy with no fixed expiration date shall for the purpose of this section be considered as if written for successive policy periods or terms of six months from the original effective date.

B. This section shall apply only to that portion of a policy of motor vehicle insurance providing the coverage required by §§ 38.2-2204, 38.2-2205, and 38.2-2206.

C. 1. No insurer shall refuse to renew a motor vehicle insurance policy solely because of any one or more of the following factors:

- a. Age;
- b. Sex;
- c. Residence;
- d. Race;
- e. Color;
- f. Creed;
- g. National origin;
- h. Ancestry;

- o. A single claim by a single insured submitted under the medical expense coverage due to an accident for which the insured was neither wholly nor partially at fault;
- p. One or more claims submitted under the comprehensive or towing coverages. However, nothing in this section shall prohibit an insurer from modifying or refusing to renew the comprehensive or towing coverages at the time of renewal of the policy on the basis of one or more claims submitted by an insured under those coverages, provided that the insurer shall mail or deliver to the insured at the address shown in the policy, or deliver electronically to the address provided by the named insured, written notice of any such change in coverage at least 45 days prior to the renewal;
- q. Two or fewer motor vehicle accidents within a three-year period unless the accident was caused either wholly or partially by the named insured, a resident of the same household, or other customary operator;
- r. Credit information contained in a "consumer report," as defined in the federal Fair Credit Reporting Act, 15 U.S.C. § 1681 et seq., bearing on a natural person's creditworthiness, credit standing or credit capacity. If credit information is used, in part, as the basis for the nonrenewal, such credit information shall be based on a consumer report procured within 120 days from the effective date of the nonrenewal. The provisions of this subdivision shall apply only to insurance purchased primarily for personal, family, or household purposes;
- s. The refusal of a motor vehicle owner as defined in § 46.2-1088.6 to provide access to recorded data from a recording device as defined in § 46.2-1088.6; or
- t. The status of the person as a foster care provider or a person in foster care.

2. Nothing in this section shall require any insurer to renew a policy for an insured where the insured's occupation has changed so as to materially increase the risk. Nothing contained in subdivisions 1 n, o, and p shall prohibit an insurer from refusing to renew a policy where a claim is false or fraudulent. Nothing in this section prohibits any insurer from setting rates in accordance with relevant actuarial data.

D. No insurer shall cancel a policy except for one or more of the following reasons:

1. The named insured or any other operator who either resides in the same household or customarily operates a motor vehicle insured under the policy has had his driver's license suspended or revoked during the policy period or, if the policy is a renewal, during its policy period or the 90 days immediately preceding the last effective date.

2. The named insured fails to pay the premium for the policy or any installment of the premium, whether payable to the insurer or its agent either directly or indirectly under any premium finance plan or extension of credit.

3. The named insured or his duly constituted attorney-in-fact has notified the insurer of a change in the insured's legal residence to a state other than Virginia and the insured vehicle will be principally garaged in the new state of legal residence.

E. No cancellation or refusal to renew by an insurer of a policy of motor vehicle insurance shall be effective unless the insurer delivers or mails to the named insured at the address shown in the policy a written notice of the cancellation or refusal to renew, or the insurer delivers such notice electronically to the address provided by the named insured. The notice shall:

1. Be in a type size authorized under § 38.2-311.

2. State the effective date of the cancellation or refusal to renew. The effective date of cancellation or refusal to renew shall be at least 45 days after mailing or delivering to the insured the notice of cancellation or notice of refusal to renew. However, when the policy is being canceled or not renewed for the reason set forth in subdivision D 2 the effective date may be less than 45 days but at least 15 days from the date of mailing or delivery.

3. State the specific reason of the insurer for cancellation or refusal to renew and provide for the notification required by §§ 38.2-608, 38.2-609, and subsection B of § 38.2-610. However, those notification requirements shall not apply when the policy is being canceled or not renewed for the reason set forth in subdivision D 2.

4. Inform the insured of his right to request in writing within 15 days of the receipt of the notice that the Commissioner review the action of the insurer.

The notice of cancellation or refusal to renew shall contain the following statement to inform the insured of such right:
IMPORTANT NOTICE

Within 15 days of receiving this notice, you or your attorney may request in writing that the Commissioner of Insurance review this action to determine whether the insurer has complied with Virginia laws in canceling or nonrenewing your policy. If this insurer has failed to comply with the cancellation or nonrenewal laws, the Commissioner may require that your policy be reinstated. However, the Commissioner is prohibited from making underwriting judgments. If this insurer has complied with the cancellation or nonrenewal laws, the Commissioner does not have the authority to overturn this action.

5. Inform the insured of the possible availability of other insurance which may be obtained through his agent, through another insurer, or through the Virginia Automobile Insurance Plan.

6. If sent by mail or delivered electronically, comply with the provisions of § 38.2-2208.

Nothing in this subsection prohibits any insurer or agent from including in the notice of cancellation or refusal to renew, any additional disclosure statements required by state or federal laws, or any additional information relating to the availability of other insurance.

F. Nothing in this section shall apply:

1. If the insurer or its agent acting on behalf of the insurer has manifested its willingness to renew by issuing or offering to issue a renewal policy, certificate, or other evidence of renewal, or has manifested its willingness to renew in writing to the insured. The written manifestation shall include the name of a proposed insurer, the expiration date of the policy, the type of insurance coverage, and information regarding the estimated renewal premium. The insurer shall retain a copy of each written manifestation for a period of at least one year from the expiration date of any policy that is not renewed;

2. If the named insured, or his duly constituted attorney-in-fact, has notified the insurer or its agent orally, or in writing, if the insurer requires such notification to be in writing, that he wishes the policy to be canceled or that he does not wish the policy to be renewed, or if prior to the date of expiration he fails to accept the offer of the insurer to renew the policy;

3. To any motor vehicle insurance policy which has been in effect less than 60 days when the termination notice is mailed or delivered to the insured, unless it is a renewal policy; or

4. If an affiliated insurer has manifested its willingness to provide coverage at a lower premium than would have been charged for the same exposures on the expiring policy. The affiliated insurer shall manifest its willingness to provide coverage by issuing a policy with the types and limits of coverage at least equal to those contained in the expiring policy unless the named insured has requested a change in coverage or limits. When such offer is made by an affiliated insurer, an offer of renewal shall not be required of the insurer of the expiring policy, and the policy issued by the affiliated insurer shall be deemed to be a renewal policy.

G. There shall be no liability on the part of and no cause of action of any nature shall arise against the Commissioner or his subordinates; any insurer, its authorized representatives, its agents, or its employees; or any person furnishing to the insurer information as to reasons for cancellation or refusal to renew, for any statement made by any of them in complying with this section or for providing information pertaining to the cancellation or refusal to renew. For the purposes of this section, no insurer shall be required to furnish a notice of cancellation or refusal to renew to anyone other than the named insured, any person designated by the named insured, or any other person to whom such notice is required to be given by the terms of the policy and the Commissioner.

H. Within 15 days of receipt of the notice of cancellation or refusal to renew, any insured or his attorney shall be entitled to request in writing to the Commissioner that he review the action of the insurer in canceling or refusing to renew the policy of the insured. Upon receipt of the request, the Commissioner shall promptly begin a review to determine whether the insurer's cancellation or refusal to renew complies with the requirements of this section and of § 38.2-2208 if the notice was sent by mail or delivered electronically. The policy shall remain in full force and effect during the pendency of the review by the Commissioner except where the cancellation or refusal to renew is for the reason set forth in subdivision D 2, in which case the policy shall terminate as of the effective date stated in the notice. Where the Commissioner finds from the review that the cancellation or refusal to renew has not complied with the requirements of this section or of § 38.2-2208, he shall immediately notify the insurer, the insured and any other person to whom such notice was required to be given by the terms of the policy that the cancellation or refusal to renew is not effective. Nothing in this section authorizes the Commissioner to substitute his judgment as to underwriting for that of the insurer. Where the Commissioner finds in favor of the insured, the Commission in its discretion may award the insured reasonable ~~attorneys'~~ attorney fees.

I. Each insurer shall maintain for at least one year, records of cancellation and refusal to renew and copies of every notice or statement referred to in subsection E that it sends to any of its insureds.

J. The provisions of this section shall not apply to any insurer that limits the issuance of policies of motor vehicle liability insurance to one class or group of persons engaged in any one particular profession, trade, occupation, or business. Nothing in this section requires an insurer to renew a policy of motor vehicle insurance if the insured does not conform to the occupational or membership requirements of an insurer who limits its writings to an occupation or membership of an organization. No insurer is required to renew a policy if the insured becomes a nonresident of Virginia.

K. Notwithstanding any other provision of this section, a motor vehicle insurance policy with a policy period or term of five months or less may expire at its expiration date when the insurer has manifested in writing its willingness to renew the policy for at least 30 days and has mailed or delivered the written manifestation to the insured at least 15 days before the expiration date of the policy. The written manifestation shall include the name of the proposed insurer, the expiration date of the policy, the type of insurance coverage, and the estimated renewal premium. The insurer shall retain a copy of the written manifestation for at least one year from the expiration date of any policy that is not renewed.

The reissuance of refund payments pursuant to this subsection shall not affect the joint and several liability of the ~~husband and wife spouses~~ for tax liabilities for the period for which the return or returns were filed.

C. Whenever the annual income tax return of an individual income taxpayer indicates in the place provided thereon that the taxpayer has overpaid his tax for the taxable year by reason of excessive withholding or overestimating and overpaying estimated tax, or both, the amount of the overpayment as shown on his return, subject to correction for error, may be credited against the estimated income tax for the ensuing year at the taxpayer's election and according to regulations prescribed by the Department and such overpayments by either ~~a husband or wife spouse~~ on a separate return may be credited to the tax for the ensuing year of either of them or may be credited to their joint tax at the election of the person to whom the overpayment is payable; or otherwise such amount shall be refunded to him as soon as practicable. Interest on such refund shall be allowed and computed in accordance with § 58.1-1833. The making of any refund shall not absolve any taxpayer of any income tax liability which may in fact exist and the Tax Commissioner may make an assessment for any deficiency in the manner provided by law.

D. No refund under this section, however, shall be made for any overpayment of less than ~~one dollar~~ \$1 except on special written application of the taxpayer, nor shall any refund of any amount under this section be made, whether on discovery by the Department or on written application of the taxpayer, if such discovery is not made or such written application is not received within three years from the last day prescribed by law for the timely filing of the return, or within ~~sixty~~ 60 days from the final determination of any change or correction in the liability of the taxpayer for any federal tax upon which the state tax is based, whichever is later.

If the veteran's disability rating occurs after January 1, 2011, and he has a qualified primary residence on the date of the rating, then the exemption for him under this section begins on the date of such rating. However, no county, city, or town shall be liable for any interest on any refund due to the veteran for taxes paid prior to the veteran's filing of the affidavit or written statement required by § 58.1-3219.6. If the qualified veteran acquires the property after January 1, 2011, then the exemption shall begin on the date of acquisition, and the previous owner may be entitled to a refund for a pro rata portion of real property taxes paid pursuant to § 58.1-3360.

B. A county, city, or town shall provide for the exemption from real property taxes the qualifying dwelling pursuant to this section and shall provide for the exemption from real property taxes the land, not exceeding one acre, upon which it is situated. However, if a county, city, or town provides for an exemption from or deferral of real property taxes of more than one acre of land pursuant to Article 2 (§ 58.1-3210 et seq.), then the county, city, or town shall also provide an exemption for the same number of acres pursuant to this section. If the veteran owns a house that is his residence, including a manufactured home as defined in § 46.2-100 whether or not the wheels and other equipment previously used for mobility have been removed, such house or manufactured home shall be exempt even if the veteran does not own the land on which the house or manufactured home is located. If such land is not owned by the veteran, then the land is not exempt. A real property improvement other than a dwelling, including the land upon which such improvement is situated, made to such one acre or greater number of acres exempt from taxation pursuant to this subsection shall also be exempt from taxation so long as the principal use of the improvement is (i) to house or cover motor vehicles or household goods and personal effects as classified in subdivision A 14 of § 58.1-3503 and as listed in § 58.1-3504 and (ii) for other than a business purpose.

The exemption does not apply to any interest held under a leasehold or term of years.

E. 1. In the event that (i) a person is entitled to an exemption under this section by virtue of holding the property in any of the three ways set forth in subsection D and (ii) one or more other persons have an ownership interest in the property that permits them to occupy the property, then the tax exemption for the property that otherwise would have been provided shall be prorated by multiplying the amount of the exemption by a fraction that has as a numerator the number of people who are

qualified for the exemption pursuant to this section and has as a denominator the total number of all people having an ownership interest that permits them to occupy the property.

2. In the event that the primary residence is jointly owned by two or more individuals, not all of whom qualify for the exemption pursuant to subsection A or B, and no person is entitled to the exemption under this section by virtue of holding the property in any of the three ways set forth in subsection D, then the exemption shall be prorated by multiplying the amount of the exemption by a fraction that has as a numerator the percentage of ownership interest in the dwelling held by all such joint owners who qualify for the exemption pursuant to subsections A and B, and as a denominator, 100 percent.

§ 58.1-3219.6. Application for exemption.

The veteran shall be required to refile the information required by this section only if the veteran's principal place of residence changes. In the event of a surviving spouse of a veteran claiming the exemption, the surviving spouse shall also provide documentation that the veteran's death occurred on or after January 1, 2011.

[H 1359]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 17.1-513 of the Code of Virginia is amended and reenacted as follows:

§ 17.1-513. Jurisdiction of circuit courts.

The circuit courts shall have jurisdiction of proceedings by quo warranto or information in the nature of quo warranto and to issue writs of mandamus, prohibition and certiorari to all inferior tribunals created or existing under the laws of the Commonwealth, and to issue writs of mandamus in all matters of proceedings arising from or pertaining to the action of the boards of supervisors or other governing bodies of the several counties for which such courts are respectively held or in other cases in which it may be necessary to prevent the failure of justice and in which mandamus may issue according to the principles of common law. They shall have appellate jurisdiction in all cases, civil and criminal, in which an appeal may, as provided by law, be taken from the judgment or proceedings of any inferior tribunal.

They shall have original and general jurisdiction of all civil cases, except cases upon claims to recover personal property or money not of greater value than \$100, exclusive of interest, and except such cases as are assigned to some other tribunal; also in all cases for the recovery of fees in excess of \$100; penalties or cases involving the right to levy and collect toll or taxes or the validity of an ordinance or bylaw of any corporation; and also, of all cases, civil or criminal, in which an appeal may be had to the Supreme Court.

They shall have jurisdiction to hear motions filed for the purpose of modifying, dissolving, or extending a protective order pursuant to § 16.1-279.1 or 19.2-152.10 if the circuit court issued such order, unless the circuit court remanded the matter to the jurisdiction of the juvenile and domestic relations district court in accordance with § 16.1-297. They shall also have jurisdiction of all other matters, civil and criminal, made cognizable therein by law and when a motion to recover money is allowed in such tribunals, they may hear and determine the same, although it is to recover less than \$100.

While a matter is pending in a circuit court, upon motion of the plaintiff seeking to decrease the amount of the claim to within the exclusive or concurrent jurisdiction of the general district court as described in subdivision 1 of § 16.1-77, the circuit court shall order transfer of the matter to the general district court that has jurisdiction over the amended amount of the claim without requiring that the case first be dismissed or that the plaintiff suffer a nonsuit, and the tolling of the applicable statutes of limitations governing the pending matter shall be unaffected by the transfer. Except for good cause shown, no such order of transfer shall issue unless the motion to amend and transfer is made at least 10 days before trial. [S 408]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-112 and 16.1-296 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-112. All papers transmitted to appellate court; further proceedings.

The judge or clerk of any court from which an appeal is taken under this article shall promptly transmit to the clerk of the appellate court the case papers, which shall include the original warrant or warrants or other notices or pleadings with the judgment endorsed thereon, together with all pleadings, exhibits, and other papers filed in the trial of the case. The required bond, and, if applicable, the money deposited to secure such bond and the writ tax and costs paid pursuant to

§ 16.1-107 shall also be submitted, along with the fees for service of process of the notice of appeal in the circuit court. Upon receipt of the foregoing by the clerk of the appellate court, the case shall then be docketed, except that an appeal from an order of protection issued pursuant to § 19.2-152.10 shall be assigned a case number within two business days upon receipt of such appeal.

When such case has been docketed, the clerk of such appellate court shall by writing to be served, as provided in §§ 8.01-288, 8.01-293, 8.01-296, and 8.01-325, or by certified mail, with certified delivery receipt requested, notify the appellee, or by regular mail to his attorney, that such an appeal has been docketed in his office, provided that upon affidavit by the appellant or his agent in conformity with § 8.01-316 being filed with the clerk, the clerk shall post such notice at the front door of his courtroom and shall mail a copy thereof to the appellee at his last known address or place of abode or to his attorney, and he shall file a certificate of such posting and mailing with the papers in the case. No such appeal shall be heard unless it appears that the appellee or his attorney has had such notice, or that such certificate has been filed, 10 days before the date fixed for trial, or has in person or by attorney waived such notice.

If a party files an appeal of a district court order of protection entered pursuant to § 19.2-152.10, such notice of appeal shall be on a form prescribed by the Office of the Executive Secretary. The district court clerk shall contact the appellate court to determine whether the hearing on the appeal shall be set by the appellate court on (i) a date scheduled by the district court clerk with the court, (ii) on the next docket call date, or (iii) a date set for district court appeals. Once the hearing date is set and the appeal documents have been transmitted, the appellate court shall have the parties served with notice of the appeal stating the date and time of the hearing in accordance with subdivision 1 of § 8.01-296. No such hearing on the appeal shall be heard in the appellate court unless the appellee has been so served with such notice or notice has been waived by the non-moving party.

§ 16.1-296. Jurisdiction of appeals; procedure.

A. From any final order or judgment of the juvenile court affecting the rights or interests of any person coming within its jurisdiction, an appeal may be taken to the circuit court within 10 days from the entry of a final judgment, order or conviction and shall be heard de novo. However, in a case arising under the Uniform Interstate Family Support Act (§ 20-88.32 et seq.), a party may take an appeal pursuant to this section within 30 days from entry of a final order or judgment. Protective orders issued pursuant to § 16.1-279.1 in cases of family abuse and orders entered pursuant to § 16.1-278.2 are final orders from which an appeal may be taken.

B. Upon receipt of notice of such appeal the juvenile court shall forthwith transmit to the attorney for the Commonwealth a report incorporating the results of any investigation conducted pursuant to § 16.1-273, which shall be confidential in nature and made available only to the court and the attorney for the defendant (i) after the guilt or innocence of the accused has been determined or (ii) after the court has made its findings on the issues subject to appeal. After final determination of the case, the report and all copies thereof shall be forthwith returned to such juvenile court.

C. Where an appeal is taken by a child on a finding that he or she is delinquent and on a disposition pursuant to § 16.1-278.8, trial by jury on the issue of guilt or innocence of the alleged delinquent act may be had on motion of the child, the attorney for the Commonwealth or the circuit court judge. If the alleged delinquent act is one which, if committed by an adult, would constitute a felony, the child shall be entitled to a jury of 12 persons. In all other cases, the jury shall consist of seven persons. If the jury in such a trial finds the child guilty, disposition shall be by the judge pursuant to the provisions of § 16.1-278.8 after taking into consideration the report of any investigation made pursuant to § 16.1-237 or 16.1-273.

C1. In any hearing held upon an appeal taken by a child on a finding that he is delinquent and on a disposition pursuant to § 16.1-278.8, the provisions of § 16.1-302 shall apply mutatis mutandis, except in the case of trial by jury which shall be open. If proceedings in the circuit court are closed pursuant to this subsection, any records or portions thereof relating to such closed proceedings shall remain confidential.

C2. Where an appeal is taken by a juvenile on a finding that he is delinquent and on a disposition pursuant to § 16.1-278.8 and the juvenile is in a secure facility pending the appeal, the circuit court, when practicable, shall hold a hearing on the merits of the case within 45 days of the filing of the appeal. Upon receipt of the notice of appeal from the juvenile court, the circuit court shall provide a copy of the order and a copy of the notice of appeal to the attorney for the Commonwealth within seven days after receipt of notice of an appeal. The time limitations shall be tolled during any period in which the juvenile has escaped from custody. A juvenile held continuously in secure detention shall be released from confinement if there is no hearing on the merits of his case within 45 days of the filing of the appeal. The circuit court may extend the time limitations for a reasonable period of time based upon good cause shown, provided the basis for such extension is recorded in writing and filed among the papers of the proceedings.

D. When an appeal is taken in a case involving termination of parental rights brought under § 16.1-283, the circuit court shall hold a hearing on the merits of the case within 90 days of the perfecting of the appeal. An appeal of the case to the Court of Appeals shall take precedence on the docket of the Court.

E. Where an appeal is taken by an adult on a finding of guilty of an offense within the jurisdiction of the juvenile and domestic relations district court, the appeal shall be dealt with in all respects as is an appeal from a general district court pursuant to §§ 16.1-132 through 16.1-137; however, where an appeal is taken by any person on a charge of nonsupport, the procedure shall be as is provided for appeals in prosecutions under Chapter 5 (§ 20-61 et seq.) of Title 20.

F. In all other cases on appeal, proceedings in the circuit court shall be heard without a jury; however, hearing of an issue by an advisory jury may be allowed, in the discretion of the judge, upon the motion of any party. An appeal from an order of protection issued pursuant to § 16.1-279.1 shall be given precedence on the docket of the court over other civil

appeals taken to the circuit court from the district courts and shall be assigned a case number within two business days of receipt of such appeal.

If a party files an appeal of a district court order of protection entered pursuant to § 16.1-279.1, such notice of appeal shall be on a form prescribed by the Office of the Executive Secretary. The district court clerk shall contact the appellate court to determine whether the hearing on the appeal shall be set by the appellate court on (i) a date scheduled by the district court clerk with the court, (ii) on the next docket call date, or (iii) a date set for district court appeals. Once the hearing date is set and the appeal documents have been transmitted, the appellate court shall have the parties served with notice of the appeal stating the date and time of the hearing in accordance with subdivision 1 of § 8.01-296. No such hearing on the appeal shall be heard in the appellate court unless the appellee has been so served with such notice or notice has been waived by the non-moving party.

G. Costs, taxes and fees on appealed cases shall be assessed only in those cases in which a trial fee could have been assessed in the juvenile and domestic relations court and shall be collected in the circuit court, except that the appeal to circuit court of any case in which a fee either was or could have been assessed pursuant to § 16.1-69.48:5 shall also be in accordance with § 16.1-296.2.

H. No appeal bond shall be required of a party appealing from an order of a juvenile and domestic relations district court except for that portion of any order or judgment establishing a support arrearage or suspending payment of support during pendency of an appeal. In cases involving support, no appeal shall be allowed until the party applying for the same or someone for him gives bond, in an amount and with sufficient surety approved by the judge or by his clerk if there is one, to abide by such judgment as may be rendered on appeal if the appeal is perfected or, if not perfected, then to satisfy the judgment of the court in which it was rendered. Upon appeal from a conviction for failure to support or from a finding of civil or criminal contempt involving a failure to support, the juvenile and domestic relations district court may require the party applying for the appeal or someone for him to give bond, with or without surety, to insure his appearance and may also require bond in an amount and with sufficient surety to secure the payment of prospective support accruing during the pendency of the appeal. An appeal will not be perfected unless such appeal bond as may be required is filed within 30 days from the entry of the final judgment or order. However, no appeal bond shall be required of the Commonwealth or when an appeal is proper to protect the estate of a decedent, an infant, a convict or an insane person, or the interest of a county, city or town.

If bond is furnished by or on behalf of any party against whom judgment has been rendered for money, the bond shall be conditioned for the performance and satisfaction of such judgment or order as may be entered against the party on appeal, and for the payment of all damages which may be awarded against him in the appellate court. If the appeal is by a party against whom there is no recovery, the bond shall be conditioned for the payment of any damages as may be awarded against him on the appeal. The provisions of § 16.1-109 shall apply to bonds required pursuant to this subsection.

This subsection shall not apply to release on bail pursuant to other subsections of this section or § 16.1-298.

I. In all cases on appeal, the circuit court in the disposition of such cases shall have all the powers and authority granted by the chapter to the juvenile and domestic relations district court. Unless otherwise specifically provided by this Code, the circuit court judge shall have the authority to appoint counsel for the parties and compensate such counsel in accordance with the provisions of Article 6 (§ 16.1-266 et seq.) of this chapter.

J. In any case which has been referred or transferred from a circuit court to a juvenile court and an appeal is taken from an order or judgment of the juvenile court, the appeal shall be taken to the circuit court in the same locality as the juvenile court to which the case had been referred or transferred.

[S 771]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 8.01-670.1 of the Code of Virginia is amended and reenacted as follows:

§ 8.01-670.1. Appeal of interlocutory orders and decrees by permission; immunity.

A. When, prior to the commencement of trial, the circuit court has entered in any pending civil action, except any matters appealable to the Court of Appeals pursuant to § 17.1-405, an order or decree that is not otherwise appealable, any party may file in the circuit court a ~~statement of the reasons why an immediate motion requesting that the circuit court certify such order or decree for interlocutory appeal should be permitted.~~

The ~~statement~~ motion shall include a concise analysis of the statutes, rules, or cases believed to be determinative of the issues and request that the court certify in writing that the order or decree involves a question of law as to which (i) there is substantial ground for difference of opinion, (ii) there is no clear, controlling precedent on point in the decisions of the Supreme Court of Virginia or the Court of Appeals of Virginia, (iii) determination of the issues will be dispositive of a material aspect of the proceeding currently pending before the court, and (iv) ~~the court and the parties agree~~ it is in the parties' best interest to seek an interlocutory appeal. *If the request for certification is opposed by any party, the parties may brief the motion in accordance with the Rules of the Supreme Court of Virginia.*

Within ~~ten~~ 15 days of the entry of an order by the circuit court granting such certification by the circuit court, a petition for appeal may be filed with the appellate court that would have jurisdiction in an appeal from a final judgment in the proceeding. If the appellate court determines that the certification by the circuit court has sufficient merit, it may, in its discretion, permit an appeal to be taken from the interlocutory order or decree and shall notify the certifying circuit court and counsel for the parties of its decision. ~~No petitions or appeals under this section shall stay proceedings in the circuit court unless the circuit court or appellate court so orders.~~

The consideration of any petition and appeal by the appellate court shall be in accordance with the applicable provisions of the Rules of the Supreme Court of Virginia and shall not take precedence on the docket unless the court so orders.

B. *When, prior to the commencement of trial, the circuit court has entered in any pending civil action an order granting or denying a plea of sovereign, absolute, or qualified immunity that, if granted, would immunize the movant from compulsory participation in the proceeding, the order is eligible for immediate appellate review. Any person aggrieved by such order may, within 15 days of the entry of such order, file a petition for review with the appropriate appellate court in accordance with the procedures set forth in § 8.01-626.*

C. *No petitions or appeals under this section shall stay proceedings in the circuit court unless (i) the petition or appeal could be dispositive of the entire civil action or (ii) there exists good cause, other than the pending petition or appeal, to stay the proceedings.*

D. *The failure of a party to seek interlocutory review under this section shall not preclude review of the issue on appeal from a final order. An order by the appellate court denying interlocutory review under this section shall not preclude review of the issue on appeal from a final order, unless the order denying such interlocutory review provides for such preclusion.*

2. That the provisions of this act apply to civil actions that are pending as of July 1, 2020, in which trial has not yet commenced, provided that, where an order denying a plea of immunity has been entered prior to July 1, 2020, a petition for review under subsection B of § 8.01-670.1 of the Code of Virginia, as amended by this act, may be filed within 15 days of July 1, 2020.

The Department shall provide instructions to the Department of Motor Vehicles, state-designated voter registration agencies, local electoral boards, and general registrars to assist them in complying with the requirements of the Acts.

In the selection of additional registration sites as provided in § 24.2-412, consideration shall be given to accessibility so that a reasonable number of accessible sites are provided and the requirements of the above cited Acts are met.

§ 24.2-415.1. Persons authorized to receive voter registration applications.

A. Any designated employee of ~~an office of the Department of Motor Vehicles~~, a state-designated voter registration agency, or Armed Forces recruitment office shall be authorized to receive a voter registration application when hand delivered by the applicant during the hours that the office is open.

§ 24.2-418. Application for registration.

A. Each applicant to register shall provide, subject to felony penalties for making false statements pursuant to § 24.2-1016, the information necessary to complete the application to register. Unless physically disabled, he shall sign the application. The application to register shall be only on a form or forms prescribed by the State Board.

The form of the application to register shall require the applicant to provide the following information: full name; gender; date of birth; social security number, if any; whether the applicant is presently a United States citizen; address of residence in the precinct; place of last previous registration to vote; and whether the applicant has ever been adjudicated incapacitated and disqualified to vote or convicted of a felony, and if so, whether the applicant's right to vote has been restored. The form shall contain a statement that whoever votes more than once in any election in the same or different jurisdictions is guilty of a Class 6 felony. Unless directed by the applicant or as permitted in § ~~24.2-411.1~~ or 24.2-411.2 or 24.2-411.3, the registration application shall not be pre-populated with information the applicant is required to provide.

The form shall permit any individual, as follows, or member of his household, to furnish, in addition to his residence street address, a post office box address located within the Commonwealth to be included in lieu of his street address on the lists of registered voters and persons who voted, which are furnished pursuant to §§ 24.2-405 and 24.2-406, on voter registration records made available for public inspection pursuant to § 24.2-444, or on lists of absentee voter applicants furnished pursuant to § 24.2-706 or 24.2-710. The voter shall comply with the provisions of § 24.2-424 for any change in the post office box address provided under this subsection.

1. Any active or retired law-enforcement officer, as defined in § 9.1-101 and in 5 U.S.C. § 8331(20), but excluding officers whose duties relate to detention as defined in 5 U.S.C. § 8331(20);

2. Any party granted a protective order issued by or under the authority of any court of competent jurisdiction, including but not limited to courts of the Commonwealth of Virginia;

If the applicant formerly resided in another state, the general registrar shall send the information contained in the applicant's registration application to the appropriate voter registration official or other authority of another state where the applicant formerly resided, as prescribed in subdivision 15 of § 24.2-114.

§ 24.2-653. Voter whose name does not appear on pollbook or who is marked as having voted; handling of provisional ballots; ballots cast after normal close of polls due to court order extending polling hours.

A. When a person offers to vote pursuant to § 24.2-652 and the general registrar is not available or cannot state that the person is registered to vote, then such person shall be allowed to vote by printed ballot in the manner provided in this section. This procedure shall also apply when required by § 24.2-643 or 24.2-651.1.

Such person shall be given a printed ballot and provide, subject to the penalties for making false statements pursuant to § 24.2-1016, on a green envelope supplied by the Department of Elections, the identifying information required on the envelope, including the last four digits of his social security number, if any, full name including the maiden or any other prior legal name, date of birth, complete address, and signature. Such person shall be asked to present one of the forms of identification specified in subsection B of § 24.2-643. The officers of election shall note on the green envelope whether or not the voter has presented one of the specified forms of identification. The officers of election shall enter the appropriate information for the person in the precinct provisional ballots log in accordance with the instructions of the State Board but shall not enter a consecutive number for the voter on the pollbook nor otherwise mark his name as having voted. The officers of election shall provide an application for registration to the person offering to vote in the manner provided in this section.

The voter shall then, in the presence of an officer of election, but in a secret manner, mark the printed ballot as provided in § 24.2-644 and seal it in the green envelope. The envelope containing the ballot shall then promptly be placed in the ballot container by an officer of election.

An officer of election, by a written notice given to the voter, shall (i) inform him that a determination of his right to vote shall be made by the electoral board, (ii) advise the voter of the beginning time and place for the board's meeting and of the voter's right to be present at that meeting, and (iii) inform a voter voting provisionally when required by § 24.2-643 that he may submit a copy of one of the forms of identification specified in subsection B of § 24.2-643 to the electoral board by facsimile, electronic mail, in-person submission, or timely United States Postal Service or commercial mail delivery, to be received by the electoral board no later than noon on the third day after the election. At the meeting, the voter may request an extension of the determination of the provisional vote in order to provide information to prove that the voter is entitled to vote in the precinct pursuant to § 24.2-401. The electoral board shall have the authority to grant such extensions which it deems reasonable to determine the status of a provisional vote.

B. The provisional votes submitted pursuant to subsection A, in their unopened envelopes, shall be sealed in a special envelope marked "Provisional Votes," inscribed with the number of envelopes contained therein, and signed by the officers of election who counted them. All provisional votes envelopes shall be delivered either (i) to the clerk of the circuit court who shall deliver all such envelopes to the secretary of the electoral board or (ii) to the general registrar in localities in which the electoral board has directed delivery of election materials to the general registrar pursuant to § 24.2-668.

The electoral board shall meet on the day following the election and determine whether each person having submitted such a provisional vote was entitled to do so as a qualified voter in the precinct in which he offered the provisional vote. If the board is unable to determine the validity of all the provisional ballots offered in the election, or has granted any voter who has offered a provisional ballot an extension as provided in subsection A, the meeting shall stand adjourned, not to exceed seven calendar days from the date of the election, until the board has determined the validity of all provisional ballots offered in the election.

One authorized representative of each political party or independent candidate in a general or special election or one authorized representative of each candidate in a primary election shall be permitted to remain in the room in which the determination is being made as an observer so long as he does not participate in the proceedings and does not impede the orderly conduct of the determination. Each authorized representative shall be a qualified voter of any jurisdiction of the Commonwealth. Each representative, who is not himself a candidate or party chairman, shall present to the electoral board a written statement designating him to be a representative of the party or candidate and signed by the county or city chairman of his political party, the independent candidate, or the primary candidate, as appropriate. If the county or city chairman is unavailable to sign such a written designation, such a designation may be made by the state or district chairman of the political party. However, no written designation made by a state or district chairman shall take precedence over a written designation made by the county or city chairman. Such statement, bearing the chairman's or candidate's original signature, may be photocopied and such photocopy shall be as valid as if the copy had been signed.

Notwithstanding the provisions of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.), attendance at meetings of the electoral board to determine the validity of provisional ballots shall be permitted only for the authorized representatives provided for in this subsection, for the persons whose provisional votes are being considered and their representative or legal counsel, and for appropriate staff and legal counsel for the electoral board.

If the electoral board determines that such person was not entitled to vote as a qualified voter in the precinct in which he offered the provisional vote, is unable to determine his right to vote, or has not been provided one of the forms of identification specified in subsection B of § 24.2-643, the envelope containing his ballot shall not be opened and his vote shall not be counted. The provisional vote shall be counted if (a) such person is entitled to vote in the precinct pursuant to § 24.2-401 or (b) the Department of Elections or the voter presents proof that indicates the voter submitted an application for registration to ~~the Department of Motor Vehicles~~ or *either a state-designated voter registration agency or the voter's information was transmitted by the Department of Motor Vehicles to the Department of Elections pursuant to § 24.2-411.3* prior to the close of registration pursuant to § 24.2-416 and the registrar determines that the person was qualified for registration based upon the application for registration submitted by the person pursuant to subsection A. The general registrar shall notify in writing pursuant to § 24.2-114 those persons found not properly registered or whose provisional vote was not counted.

If the electoral board determines that such person was entitled to vote, the name of the voter shall be entered in a provisional votes pollbook and marked as having voted, the envelope shall be opened, and the ballot placed in a ballot container without any inspection further than that provided for in § 24.2-646.

On completion of its determination, the electoral board shall proceed to count such ballots and certify the results of its count. Its certified results shall be added to those found pursuant to § 24.2-671. No adjustment shall be made to the statement of results for the precinct in which the person offered to vote. However, any voter who cast a provisional ballot and is determined by the electoral board to have been entitled to vote shall have his name included on the list of persons who voted that is submitted to the Department of Elections pursuant to § 24.2-406.

The certification of the results of the count together with all ballots and envelopes, whether open or unopened, and other related material shall be delivered by the electoral board to the clerk of the circuit court and retained by him as provided for in §§ 24.2-668 and 24.2-669.

C. Whenever the polling hours are extended by an order of a court of competent jurisdiction, any ballots marked after the normal polling hours by persons who were not already in line at the time the polls would have closed, notwithstanding the court order, shall be treated as provisional ballots under this section. The officers of election shall mark the green envelope for each such provisional ballot to indicate that it was cast after normal polling hours due to the court order, and when preparing the materials to deliver to the registrar or electoral board, shall separate these provisional ballots from any provisional ballots used for any other reason. The electoral board shall treat these provisional ballots as provided in subsection B; however, the counted and uncounted provisional ballots marked after the normal polling hours shall be kept separate from all other ballots and recorded in a separate provisional ballots pollbook. The Department of Elections shall provide instructions to the electoral boards for the handling and counting of such provisional ballots pursuant to this section.

C. If the applicant formerly resided in another state, the general registrar shall send the information contained in the applicant's registration application to the appropriate voter registration official or other authority of another state where the applicant formerly resided, as prescribed in subdivision 15 of § 24.2-114.

§ 24.2-653. Voter whose name does not appear on pollbook or who is marked as having voted; handling of provisional ballots; ballots cast after normal close of polls due to court order extending polling hours.

A. When a person offers to vote pursuant to § 24.2-652 and the general registrar is not available or cannot state that the person is registered to vote, then such person shall be allowed to vote by printed ballot in the manner provided in this section. This procedure shall also apply when required by § 24.2-643 or 24.2-651.1.

Such person shall be given a printed ballot and provide, subject to the penalties for making false statements pursuant to § 24.2-1016, on a green envelope supplied by the Department of Elections, the identifying information required on the envelope, including the last four digits of his social security number, if any, full name including the maiden or any other prior legal name, date of birth, complete address, and signature. Such person shall be asked to present one of the forms of identification specified in subsection B of § 24.2-643. The officers of election shall note on the green envelope whether or not the voter has presented one of the specified forms of identification. The officers of election shall enter the appropriate information for the person in the precinct provisional ballots log in accordance with the instructions of the State Board but shall not enter a consecutive number for the voter on the pollbook nor otherwise mark his name as having voted. The officers of election shall provide an application for registration to the person offering to vote in the manner provided in this section.

The voter shall then, in the presence of an officer of election, but in a secret manner, mark the printed ballot as provided in § 24.2-644 and seal it in the green envelope. The envelope containing the ballot shall then promptly be placed in the ballot container by an officer of election.

An officer of election, by a written notice given to the voter, shall (i) inform him that a determination of his right to vote shall be made by the electoral board, (ii) advise the voter of the beginning time and place for the board's meeting and of the voter's right to be present at that meeting, and (iii) inform a voter voting provisionally when required by § 24.2-643 that he may submit a copy of one of the forms of identification specified in subsection B of § 24.2-643 to the electoral board by facsimile, electronic mail, in-person submission, or timely United States Postal Service or commercial mail delivery, to be received by the electoral board no later than noon on the third day after the election. At the meeting, the voter may request an extension of the determination of the provisional vote in order to provide information to prove that the voter is entitled to vote in the precinct pursuant to § 24.2-401. The electoral board shall have the authority to grant such extensions which it deems reasonable to determine the status of a provisional vote.

B. The provisional votes submitted pursuant to subsection A, in their unopened envelopes, shall be sealed in a special envelope marked "Provisional Votes," inscribed with the number of envelopes contained therein, and signed by the officers of election who counted them. All provisional votes envelopes shall be delivered either (i) to the clerk of the circuit court who shall deliver all such envelopes to the secretary of the electoral board or (ii) to the general registrar in localities in which the electoral board has directed delivery of election materials to the general registrar pursuant to § 24.2-668.

The electoral board shall meet on the day following the election and determine whether each person having submitted such a provisional vote was entitled to do so as a qualified voter in the precinct in which he offered the provisional vote. If the board is unable to determine the validity of all the provisional ballots offered in the election, or has granted any voter who has offered a provisional ballot an extension as provided in subsection A, the meeting shall stand adjourned, not to exceed seven calendar days from the date of the election, until the board has determined the validity of all provisional ballots offered in the election.

One authorized representative of each political party or independent candidate in a general or special election or one authorized representative of each candidate in a primary election shall be permitted to remain in the room in which the determination is being made as an observer so long as he does not participate in the proceedings and does not impede the orderly conduct of the determination. Each authorized representative shall be a qualified voter of any jurisdiction of the Commonwealth. Each representative, who is not himself a candidate or party chairman, shall present to the electoral board a written statement designating him to be a representative of the party or candidate and signed by the county or city chairman of his political party, the independent candidate, or the primary candidate, as appropriate. If the county or city chairman is

unavailable to sign such a written designation, such a designation may be made by the state or district chairman of the political party. However, no written designation made by a state or district chairman shall take precedence over a written designation made by the county or city chairman. Such statement, bearing the chairman's or candidate's original signature, may be photocopied and such photocopy shall be as valid as if the copy had been signed.

Notwithstanding the provisions of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.), attendance at meetings of the electoral board to determine the validity of provisional ballots shall be permitted only for the authorized representatives provided for in this subsection, for the persons whose provisional votes are being considered and their representative or legal counsel, and for appropriate staff and legal counsel for the electoral board.

If the electoral board determines that such person was not entitled to vote as a qualified voter in the precinct in which he offered the provisional vote, is unable to determine his right to vote, or has not been provided one of the forms of identification specified in subsection B of § 24.2-643, the envelope containing his ballot shall not be opened and his vote shall not be counted. The provisional vote shall be counted if (a) such person is entitled to vote in the precinct pursuant to § 24.2-401 or (b) the Department of Elections or the voter presents proof that indicates the voter submitted an application for registration to ~~the Department of Motor Vehicles or other~~ a state-designated voter registration agency *or the voter's information was transmitted by the Department of Motor Vehicles to the Department of Elections pursuant to § 24.2-411.3* prior to the close of registration pursuant to § 24.2-416 and the registrar determines that the person was qualified for registration based upon the application for registration submitted by the person pursuant to subsection A. The general registrar shall notify in writing pursuant to § 24.2-114 those persons found not properly registered or whose provisional vote was not counted.

If the electoral board determines that such person was entitled to vote, the name of the voter shall be entered in a provisional votes pollbook and marked as having voted, the envelope shall be opened, and the ballot placed in a ballot container without any inspection further than that provided for in § 24.2-646.

On completion of its determination, the electoral board shall proceed to count such ballots and certify the results of its count. Its certified results shall be added to those found pursuant to § 24.2-671. No adjustment shall be made to the statement of results for the precinct in which the person offered to vote. However, any voter who cast a provisional ballot and is determined by the electoral board to have been entitled to vote shall have his name included on the list of persons who voted that is submitted to the Department of Elections pursuant to § 24.2-406.

The certification of the results of the count together with all ballots and envelopes, whether open or unopened, and other related material shall be delivered by the electoral board to the clerk of the circuit court and retained by him as provided for in §§ 24.2-668 and 24.2-669.

C. Whenever the polling hours are extended by an order of a court of competent jurisdiction, any ballots marked after the normal polling hours by persons who were not already in line at the time the polls would have closed, notwithstanding the court order, shall be treated as provisional ballots under this section. The officers of election shall mark the green envelope for each such provisional ballot to indicate that it was cast after normal polling hours due to the court order, and when preparing the materials to deliver to the registrar or electoral board, shall separate these provisional ballots from any provisional ballots used for any other reason. The electoral board shall treat these provisional ballots as provided in subsection B; however, the counted and uncounted provisional ballots marked after the normal polling hours shall be kept separate from all other ballots and recorded in a separate provisional ballots pollbook. The Department of Elections shall provide instructions to the electoral boards for the handling and counting of such provisional ballots pursuant to this section.

§ 38.2-6506. Certification of health benefit plans as qualified health plans.

A. The Exchange, in consultation with the Bureau, shall certify a health benefit plan as a qualified health plan, unless the Exchange determines that making the plan available through the Exchange is not in the interest of qualified individuals and qualified employers in the Commonwealth, if:

1. The plan provides the essential health benefits package, except that (i) the plan shall not provide any state-mandated health benefit that is not provided in the essential health benefits package and (ii) the plan is not required to provide benefits that duplicate the minimum benefits of qualified dental plans, as set forth in subsection F, if (a) the Exchange has determined that at least one qualified dental plan is available to supplement the plan's coverage and (b) the health carrier makes prominent disclosure at the time it offers the plan, in a form approved by the Bureau, that such plan does not provide the full range of pediatric dental benefits included in the essential health benefits package and that qualified dental plans providing those benefits and other dental benefits not covered by such plan are offered through the Exchange;

C. In order to foster a competitive marketplace and consumer choice, the Exchange shall certify all health benefit plans recommended by the Bureau meeting the requirements of § 1311(c) of the Federal Act for participation in the Exchange unless it is not in the interest of qualified individuals and qualified employers. D. The Exchange shall require each health carrier seeking certification of a health benefit plan as a qualified health plan to permit individuals to learn, in a timely manner upon the request of the individual, the amount of cost-sharing, including deductibles, copayments, and coinsurance, under the individual's plan or coverage that such individual would be responsible for paying with respect to the furnishing of a specific item or service by a participating provider. At a minimum,

this information shall be made available to the individual through the Exchange's website and through other means for individuals without access to the Internet.

E. The Exchange shall apply the criteria of this section in a manner that assures a level playing field between or among health carriers participating in the Exchange.

F. The provisions of this chapter that are applicable to qualified health plans shall also apply to the extent applicable to qualified dental plans, except as modified (i) by regulations adopted by the Commission or (ii) in accordance with the following:

3. Participants in the Exchange shall have the option to purchase at least the pediatric dental benefit component of the essential health benefits package either through a separate qualified dental plan or as a part of a combined offer by a qualified health plan, provided that, with respect to a combined offer, the health and dental benefits are priced separately and also made available for purchase separately at the same price.

§ 38.2-6507. Appeal of decertification or denial of certification.

A. The Exchange shall give each health carrier the opportunity to appeal a decertification decision or the denial of certification as a qualified health plan or qualified dental plan.

1. The submission and consideration of facts, arguments, or proposals of adjustment of the plan or plans at issue; and

2. A hearing and a decision on the record, to the extent that the Exchange and the health carrier are unable to reach agreement following the submission of the information in subdivision 1.

C. Any hearing held pursuant to subsection B shall be conducted by the Commission in accordance with its rules of practice and procedure.

B. In accordance with § 1312(b) of the Federal Act, a qualified individual enrolled in any qualified health plan may pay any applicable premium owed by such individual to the health carrier issuing such qualified health plan.

§ 38.2-6506. Certification of health benefit plans as qualified health plans.

A. The Exchange, in consultation with the Bureau, shall certify a health benefit plan as a qualified health plan, unless the Exchange determines that making the plan available through the Exchange is not in the interest of qualified individuals and qualified employers in the Commonwealth, if:

1. The plan provides the essential health benefits package, except that (i) the plan shall not provide any state-mandated health benefit that is not provided in the essential health benefits package and (ii) the plan is not required to provide benefits that duplicate the minimum benefits of qualified dental plans, as set forth in subsection F, if (a) the Exchange has determined that at least one qualified dental plan is available to supplement the plan's coverage and (b) the health carrier makes prominent disclosure at the time it offers the plan, in a form approved by the Bureau, that such plan does not provide the full range of pediatric dental benefits included in the essential health benefits package and that qualified dental plans providing those benefits and other dental benefits not covered by such plan are offered through the Exchange;

2. The premium rates and policy forms have been approved by or filed with the Commission, in accordance with §§ 38.2-316 and 38.2-316.1;

3. The plan provides at least a bronze level of coverage unless the plan is certified as a qualified catastrophic plan, meets the requirements of the Federal Act for catastrophic plans, and will only be offered to individuals eligible for catastrophic coverage;

4. The plan's cost-sharing requirements do not exceed the limits established under § 1302(c)(1) of the Federal Act;

5. The health carrier offering the plan:

a. Is licensed and in good standing to offer health insurance coverage in the Commonwealth;

b. Offers (i) at least one qualified health plan in the silver level of coverage and one qualified health plan at a gold level of coverage throughout each service area in which it offers coverage through the Exchange and (ii) a child-only plan at the same level of coverage as any qualified health plan offered through the Exchange to individuals who, as of the beginning of the plan year, are less than 21 years of age;

c. Charges the same premium rate for each qualified health plan without regard to whether the plan is offered through the Exchange or directly by the health carrier or through an agent;

d. Does not charge any cancellation fees or penalties in violation of subsection D of § 38.2-6504; and

e. Complies with the regulations developed by the Secretary under § 1311(d) of the Federal Act and such other requirements as the Exchange may establish; and

6. The plan meets the requirements of certification as adopted by regulation pursuant to § 38.2-6514 or promulgated by the Secretary under § 1311(c) of the Federal Act, which include minimum standards in the areas of marketing practices, network adequacy, essential community providers in underserved areas, accreditation, quality improvement, uniform enrollment forms, and descriptions of coverage and information on quality measures for health benefit plan performance.

B. The Exchange shall not refuse to certify a health benefit plan as a qualified health plan (i) on the basis that the plan is a fee-for-service plan, (ii) through the imposition of premium price controls by the Exchange, or (iii) on the basis that the health benefit plan provides treatments necessary to prevent patients' deaths in circumstances that the Exchange determines are inappropriate or too costly.

C. In order to foster a competitive marketplace and consumer choice, the Exchange shall certify all health benefit plans recommended by the Bureau meeting the requirements of § 1311(c) of the Federal Act for participation in the Exchange unless it is not in the interest of qualified individuals and qualified employers. The Exchange shall establish and publish a transparent, objective process for decertifying qualified health plans if it is determined that it is not in the public interest to permit such plans to be offered through the Exchange.

D. The Exchange shall require each health carrier seeking certification of a health benefit plan as a qualified health plan to permit individuals to learn, in a timely manner upon the request of the individual, the amount of cost-sharing, including deductibles, copayments, and coinsurance, under the individual's plan or coverage that such individual would be responsible for paying with respect to the furnishing of a specific item or service by a participating provider. At a minimum, this information shall be made available to the individual through the Exchange's website and through other means for individuals without access to the Internet.

E. The Exchange shall apply the criteria of this section in a manner that assures a level playing field between or among health carriers participating in the Exchange.

F. The provisions of this chapter that are applicable to qualified health plans shall also apply to the extent applicable to qualified dental plans, except as modified (i) by regulations adopted by the Commission or (ii) in accordance with the following:

1. A health carrier seeking certification of a dental benefit plan as a qualified dental plan shall be licensed in the Commonwealth to offer dental coverage but need not be licensed to offer other health benefits;

2. Qualified dental plans shall be limited to dental and oral health benefits, without substantial duplication of the benefits typically offered by health benefit plans without dental coverage, and shall include, at a minimum, the pediatric dental benefits prescribed by the Secretary pursuant to § 1302(b)(1)(J) of the Federal Act and such other dental benefits as the Exchange may specify or the Secretary may specify by regulation; and

3. Participants in the Exchange shall have the option to purchase at least the pediatric dental benefit component of the essential health benefits package either through a separate qualified dental plan or as a part of a combined offer by a qualified health plan, provided that, with respect to a combined offer, the health and dental benefits are priced separately and also made available for purchase separately at the same price.

§ 38.2-6507. Appeal of decertification or denial of certification.

A. The Exchange shall give each health carrier the opportunity to appeal a decertification decision or the denial of certification as a qualified health plan or qualified dental plan.

B. The Exchange shall give each health carrier that appeals a decertification decision or the denial of certification the opportunity for:

1. The submission and consideration of facts, arguments, or proposals of adjustment of the plan or plans at issue; and

2. A hearing and a decision on the record, to the extent that the Exchange and the health carrier are unable to reach agreement following the submission of the information in subdivision 1.

C. Any hearing held pursuant to subsection B shall be conducted by the Commission in accordance with its rules of practice and procedure.

D. Any final action or order of the Commission shall be subject to judicial review in accordance with the provisions of §§ 12.1-39, 12.1-40, and 12.1-41.

§ 38.2-6508. Open enrollment periods.

§ 38.2-6509. Choice.

B. In accordance with § 1312(b) of the Federal Act, a qualified individual enrolled in any qualified health plan may pay any applicable premium owed by such individual to the health carrier issuing such qualified health plan.

C. In accordance with § 1312(d) of the Federal Act:

1. This section shall not prohibit:

a. a health carrier from offering outside of an Exchange a health benefit plan to a qualified individual or qualified employer; or

b. a qualified individual from enrolling in, or a qualified employer from selecting for its eligible employees, a health benefit plan offered outside of an Exchange; and

2. This section shall not limit the operation of any requirement under state law or regulation with respect to any policy or plan that is offered outside of the Exchange with respect to any requirement to offer benefits.

D. Nothing in this section shall restrict the choice of a qualified individual to enroll or not to enroll in a qualified health plan or to participate in an Exchange.

E. Nothing in this section shall compel an individual to enroll in a qualified health plan or to participate in an Exchange.

F. A qualified individual may enroll in any qualified health plan, except that in the case of a catastrophic plan described in § 1302(e) of the Federal Act, a qualified individual may enroll in the plan only if the individual is eligible to enroll in the plan under § 1302(e)(2) of the Federal Act.

G. In accordance with § 1312(e) of the Federal Act, the Exchange may, for a licensed agent who agrees to comply with regulatory requirements, including advance registration with the Exchange, completion of training, and adherence to privacy and security standards set by the Exchange, allow such licensed agents:

1. To enroll qualified individuals and qualified employers in any qualified health plan or any qualified dental plan offered through the Exchange for which the individual or employer is eligible; and

2. To assist qualified individuals in applying for premium tax credits and cost-sharing reductions for qualified health plans purchased through the Exchange.

§ 38.2-6510. Health Insurance Exchange Fund; assessment.

A. The Exchange shall be authorized to fund its operations through (i) special fund revenues generated by assessment fees on health carriers offering plans through the Exchange, (ii) funds described in subsection H, or (iii) such funds as the General Assembly may from time to time appropriate. All such funds received under this section and paid into the state treasury shall be deposited to a special fund designated "Health Insurance Exchange Special Fund State Corporation Commission." Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purposes of supporting the Exchange through initial start-up costs associated with establishment of the Exchange, Exchange operations, outreach, and enrollment, a Navigator program, and other means of supporting the Exchange.

B. The Exchange shall have funding from the sources described in subsection A in an amount sufficient to support its ongoing operations.

C. Assessments on health carriers shall be reasonable and necessary to support the development, operations, and prudent cash management of the Exchange. The assessment shall be based on the premium charged by a carrier for health benefits plans issued on the American Health Benefits Exchange and each qualified dental plan offered on the American Health Benefits Exchange during any period in which qualified health plans and qualified dental plans are effective on the American Health Benefits Exchange.

D. Taxes, fees, or assessments used to finance the Exchange shall be clearly disclosed by the Exchange as such.

E. Taxes, fees, or assessments used to finance the Exchange shall be considered a state tax or assessment, as defined in § 2718(a) of the PHSA and its implementing regulations, and shall be excluded from health carrier administrative costs for the purpose of calculating medical loss ratios or rebates.

F. Assessments and fees shall not affect the requirement under § 1301 of the Federal Act that carriers charge the same premium rate for each qualified health plan whether offered inside or outside the Exchange.

G. A written report on the implementation and performance of the Exchange functions during the preceding fiscal year, including, at a minimum, the manner in which funds were expended, shall be made available to the public on the website of the Exchange.

H. The Exchange is authorized to apply for and accept federal grants, other federal funds, and grants from nongovernmental organizations for the purposes of developing, implementing, and administering the Exchange.

§ 38.2-6511. Procurement, contracting, and personnel.

A. The Commission may contract with other eligible entities and enter into memoranda of understanding with other agencies of the Commonwealth to carry out any of the functions of the Exchange, including agreements with other states or federal agencies to perform joint administrative functions. Such contracts are not subject to the Virginia Public Procurement Act (§ 2.2-4300 et seq.).

B. The Exchange shall not enter into contracts with any health carrier or an affiliate of a health carrier.

C. Employees of the Exchange shall be (i) exempt from application of the Virginia Personnel Act (§ 2.2-2900 et seq.) and Chapter 30 (§ 2.2-3000 et seq.) of Title 2.2, as hereinafter amended or recodified, to the same extent as other employees of the Commission; (ii) eligible for participation in the Virginia Retirement System to the same extent as other similarly situated employees of the Commission; and (iii) compensated and managed in accordance with the Commission's practices and policies applicable to all Commission employees.

CHAPTER 920

An Act to amend and reenact § 24.2-653 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 24.2-653.2, relating to provisional voting; persons voting in split precincts.

[H 43]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 24.2-653 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 24.2-653.2 as follows:

§ 24.2-653. Voter whose name does not appear on pollbook or who is marked as having voted; handling of provisional ballots; ballots cast after normal close of polls due to court order extending polling hours.

A. When a person offers to vote pursuant to § 24.2-652 and the general registrar is not available or cannot state that the person is registered to vote, then such person shall be allowed to vote by printed ballot in the manner provided in this section. This procedure shall also apply when required by § 24.2-643 or 24.2-651.1.

Such person shall be given a printed ballot and provide, subject to the penalties for making false statements pursuant to § 24.2-1016, on a green envelope supplied by the Department of Elections, the identifying information required on the envelope, including the last four digits of his social security number, if any, full name including the maiden or any other prior legal name, date of birth, complete address, and signature. Such person shall be asked to present one of the forms of identification specified in subsection B of § 24.2-643. The officers of election shall note on the green envelope whether or not the voter has presented one of the specified forms of identification. The officers of election shall enter the appropriate information for the person in the precinct provisional ballots log in accordance with the instructions of the State Board but shall not enter a consecutive number for the voter on the pollbook nor otherwise mark his name as having voted. The officers of election shall provide an application for registration to the person offering to vote in the manner provided in this section.

The voter shall then, in the presence of an officer of election, but in a secret manner, mark the printed ballot as provided in § 24.2-644 and seal it in the green envelope. The envelope containing the ballot shall then promptly be placed in the ballot container by an officer of election.

An officer of election, by a written notice given to the voter, shall (i) inform him that a determination of his right to vote shall be made by the electoral board, (ii) advise the voter of the beginning time and place for the board's meeting and of

the voter's right to be present at that meeting, and (iii) inform a voter voting provisionally when required by § 24.2-643 that he may submit a copy of one of the forms of identification specified in subsection B of § 24.2-643 to the electoral board by facsimile, electronic mail, in-person submission, or timely United States Postal Service or commercial mail delivery, to be received by the electoral board no later than noon on the third day after the election. At the meeting, the voter may request an extension of the determination of the provisional vote in order to provide information to prove that the voter is entitled to vote in the precinct pursuant to § 24.2-401. The electoral board shall have the authority to grant such extensions which it deems reasonable to determine the status of a provisional vote.

B. The provisional votes submitted pursuant to subsection A, in their unopened envelopes, shall be sealed in a special envelope marked "Provisional Votes," inscribed with the number of envelopes contained therein, and signed by the officers of election who counted them. All provisional votes envelopes shall be delivered either (i) to the clerk of the circuit court who shall deliver all such envelopes to the secretary of the electoral board or (ii) to the general registrar in localities in which the electoral board has directed delivery of election materials to the general registrar pursuant to § 24.2-668.

The electoral board shall meet on the day following the election and determine whether each person having submitted such a provisional vote was entitled to do so as a qualified voter in the precinct in which he offered the provisional vote. *In the case of persons voting provisionally pursuant to § 24.2-653.2, the electoral board shall determine of which district the person is a qualified voter.* If the board is unable to determine the validity of all the provisional ballots offered in the election, or has granted any voter who has offered a provisional ballot an extension as provided in subsection A, the meeting shall stand adjourned, not to exceed seven calendar days from the date of the election, until the board has determined the validity of all provisional ballots offered in the election.

One authorized representative of each political party or independent candidate in a general or special election or one authorized representative of each candidate in a primary election shall be permitted to remain in the room in which the determination is being made as an observer so long as he does not participate in the proceedings and does not impede the orderly conduct of the determination. Each authorized representative shall be a qualified voter of any jurisdiction of the Commonwealth. Each representative, who is not himself a candidate or party chairman, shall present to the electoral board a written statement designating him to be a representative of the party or candidate and signed by the county or city chairman of his political party, the independent candidate, or the primary candidate, as appropriate. If the county or city chairman is unavailable to sign such a written designation, such a designation may be made by the state or district chairman of the political party. However, no written designation made by a state or district chairman shall take precedence over a written designation made by the county or city chairman. Such statement, bearing the chairman's or candidate's original signature, may be photocopied and such photocopy shall be as valid as if the copy had been signed.

Notwithstanding the provisions of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.), attendance at meetings of the electoral board to determine the validity of provisional ballots shall be permitted only for the authorized representatives provided for in this subsection, for the persons whose provisional votes are being considered and their representative or legal counsel, and for appropriate staff and legal counsel for the electoral board.

If the electoral board determines that such person was not entitled to vote as a qualified voter in the precinct *or district* in which he offered the provisional vote, is unable to determine his right to vote, or has not been provided one of the forms of identification specified in subsection B of § 24.2-643, the envelope containing his ballot shall not be opened and his vote shall not be counted. The provisional vote shall be counted if (a) such person is entitled to vote in the precinct pursuant to § 24.2-401 or (b) the Department of Elections or the voter presents proof that indicates the voter submitted an application for registration to the Department of Motor Vehicles or other state-designated voter registration agency prior to the close of registration pursuant to § 24.2-416 and the registrar determines that the person was qualified for registration based upon the application for registration submitted by the person pursuant to subsection A. The general registrar shall notify in writing pursuant to § 24.2-114 those persons found not properly registered or whose provisional vote was not counted.

If the electoral board determines that such person was entitled to vote, the name of the voter shall be entered in a provisional votes pollbook and marked as having voted, the envelope shall be opened, and the ballot placed in a ballot container without any inspection further than that provided for in § 24.2-646.

On completion of its determination, the electoral board shall proceed to count such ballots and certify the results of its count. Its certified results shall be added to those found pursuant to § 24.2-671. No adjustment shall be made to the statement of results for the precinct in which the person offered to vote. However, any voter who cast a provisional ballot and is determined by the electoral board to have been entitled to vote shall have his name included on the list of persons who voted that is submitted to the Department of Elections pursuant to § 24.2-406.

The certification of the results of the count together with all ballots and envelopes, whether open or unopened, and other related material shall be delivered by the electoral board to the clerk of the circuit court and retained by him as provided for in §§ 24.2-668 and 24.2-669.

C. Whenever the polling hours are extended by an order of a court of competent jurisdiction, any ballots marked after the normal polling hours by persons who were not already in line at the time the polls would have closed, notwithstanding the court order, shall be treated as provisional ballots under this section. The officers of election shall mark the green envelope for each such provisional ballot to indicate that it was cast after normal polling hours due to the court order, and when preparing the materials to deliver to the registrar or electoral board, shall separate these provisional ballots from any provisional ballots used for any other reason. The electoral board shall treat these provisional ballots as provided in subsection B; however, the counted and uncounted provisional ballots marked after the normal polling hours shall be kept

separate from all other ballots and recorded in a separate provisional ballots pollbook. The Department of Elections shall provide instructions to the electoral boards for the handling and counting of such provisional ballots pursuant to this section.

§ 24.2-653.2. Voters assigned to split precinct; provisional ballots.

A. Any voter who is assigned to a precinct that is split between two or more election districts and believes he was given a ballot for the district of which he is not a qualified voter may request, prior to casting the ballot, and shall be permitted to cast a provisional ballot for the district of which he believes he is a qualified voter and for the district in which the pollbook indicates he is registered. The provisional ballots shall be cast in accordance with the provisions of § 24.2-653, except that the voter shall be given a printed ballot for the district of which he believes he is a qualified voter and for the district in which the pollbook indicates he is registered, and an envelope for each ballot, which shall be labeled with the corresponding district number. After marking each printed ballot, the voter shall seal each ballot in its corresponding envelope, and the ballot envelopes shall then be sealed in the green envelope provided for in § 24.2-653.

B. At the meeting of the electoral board to determine the validity of all provisional ballots offered in the election, the electoral board shall verify in which district a voter who voted provisionally pursuant to this section is a qualified voter, and the provisional ballot cast by the voter for that district shall be counted. The electoral board shall process the ballot in accordance with the provisions of § 24.2-653 and the instructions of the State Board.

§ 32.1-249. Definitions.

2- "Fetal death" means death prior to the complete expulsion or extraction from its mother of a product of human conception, regardless of the duration of pregnancy; death is indicated by the fact that after such expulsion or extraction the fetus does not breathe or show any other evidence of life such as beating of the heart, pulsation of the umbilical cord, or definite movement of voluntary muscles.

a. "Induced termination of pregnancy" means the intentional interruption of pregnancy with the intention to produce other than a live-born infant or to remove a dead fetus and which does not result in a live birth.

b. "Spontaneous fetal death" means the expulsion or extraction of a product of human conception resulting in other than a live birth and which is not an induced termination of pregnancy.

3. "File" means the presentation of a vital record provided for in this chapter for registration by the Department.
4. "Final disposition" means the burial, interment, cremation, removal from the Commonwealth or other authorized disposition of a dead body or fetus.

6. "Live birth" means the complete or substantial expulsion or extraction from its mother of a product of human conception, irrespective of the duration of pregnancy, which, after such expulsion or extraction, breathes or shows any other evidence of life such as beating of the heart, pulsation of the umbilical cord, or definite movement of voluntary muscles, whether or not the umbilical cord has been cut or the placenta is attached.
- "Substantial expulsion or extraction" means, in the case of a headfirst presentation, the infant's entire head is outside the body of the mother or, in the case of a breech delivery, when any part of the infant's trunk past the navel is outside the body of the mother.
