CHAPTER 3

An Act to amend and reenact § 63.2-1202 of the Code of Virginia, relating to legal custodian; notice of adoption proceeding.

[H 94]

Approved February 24, 2020

Be it enacted by the General Assembly of Virginia:**1. That § 63.2-1202 of the Code of Virginia is amended and reenacted as follows:****§ 63.2-1202. Parental, or agency, consent required; exceptions.**

A. No petition for adoption shall be granted, except as hereinafter provided in this section, unless written consent to the proposed adoption is filed with the petition. Such consent shall be in writing, signed under oath and acknowledged before an officer authorized by law to take acknowledgments. The consent of a birth parent for the adoption of his child placed directly by the birth parent shall be executed as provided in § 63.2-1233, and the circuit court may accept a certified copy of an order entered pursuant to § 63.2-1233 in satisfaction of all requirements of this section, provided the order clearly evidences compliance with the applicable notice and consent requirements of § 63.2-1233.

B. A birth parent who has not reached the age of 18 shall have legal capacity to give consent to adoption and perform all acts related to adoption, and shall be as fully bound thereby as if the birth parent had attained the age of 18 years.

C. Consent shall be executed:

1. By the birth mother and by any man who:

a. Is an acknowledged father under § 20-49.1;

b. Is an adjudicated father under § 20-49.8;

c. Is a presumed father under subsection D; or

d. Has registered with the Virginia Birth Father Registry pursuant to Article 7 (§ 63.2-1249 et seq.).

Verification of compliance with the notice provisions of the Virginia Birth Father Registry shall be provided to the court.

2. By the child-placing agency or the local board having custody of the child, with right to place him for adoption, through court commitment or parental agreement as provided in § 63.2-900, 63.2-903, or 63.2-1221; or an agency outside the Commonwealth that is licensed or otherwise duly authorized to place children for adoption by virtue of the laws under which it operates; and

3. By the child if he is 14 years of age or older, unless the circuit court finds that the best interests of the child will be served by not requiring such consent.

D. A man shall be presumed to be the father of a child if:

1. He and the mother of the child are married to each other and the child is born during the marriage;

2. He and the mother of the child were married to each other and the child is born within 300 days of their date of separation, as evidenced by a written agreement or decree of separation, or within 300 days after the marriage is terminated by death, annulment, declaration of invalidity, or divorce; or

3. Before the birth of the child, he and the mother of the child married each other in apparent compliance with the law, even if the attempted marriage is or could be declared invalid, and the child is born during the invalid marriage or within 300 days of their date of separation, as evidenced by a written agreement or decree of separation, or within 300 days after its termination by death, annulment, declaration of invalidity, or divorce.

Such presumption may be rebutted by sufficient evidence that would establish by a preponderance of the evidence the paternity of another man or the impossibility or improbability of cohabitation with the birth mother for a period of at least 300 days prior to the birth of the child.

E. No consent shall be required of a birth father if he denies under oath and in writing the paternity of the child. Such denial of paternity may be withdrawn no more than 10 days after it is executed. Once the child is 10 days old, any executed denial of paternity is final and constitutes a waiver of all rights with respect to the adoption of the child and cannot be withdrawn.

F. No consent shall be required of the birth father of a child when the birth father is convicted of a violation of subsection A of § 18.2-61, § 18.2-63, subsection B of § 18.2-366, or an equivalent offense of another state, the United States, or any foreign jurisdiction, and the child was conceived as a result of such violation.

G. No notice or consent shall be required of any person whose parental rights have been terminated by a court of competent jurisdiction, including foreign courts that have competent jurisdiction. No notice or consent is required of any birth parent of a child for whom a guardianship order was granted when the child was approved by the United States Citizenship and Immigration Services for purposes of adoption.

H. No consent shall be required of a birth parent who, without just cause, has neither visited nor contacted the child for a period of six months immediately prior to the filing of the petition for adoption or the filing of a petition to accept consent to an adoption. The prospective adoptive parent(s) shall establish by clear and convincing evidence that the birth parent(s), without just cause, has neither visited nor contacted the child for a period of six months immediately prior to the filing of the petition for adoption or the filing of a petition to accept consent to an adoption. This provision shall not infringe upon the

birth parent's right to be noticed and heard on the allegation of abandonment. For purposes of this section, the payment of child support, in the absence of other contact with the child, shall not be considered contact.

I. A birth father of the child may consent to the termination of all of his parental rights prior to the birth of the child.

J. The failure of the nonconsenting party to appear at any scheduled hearing, either in person or by counsel, after proper notice has been given to said party, shall constitute a waiver of any objection and right to consent to the adoption.

K. If a birth parent, legal guardian, or prospective adoptee, executing a consent, entrustment, or other documents related to the adoption, cannot provide the identification required pursuant to § 47.1-14, the birth parent, legal guardian, or prospective adoptee may execute a self-authenticating affidavit as to his identity subject to the penalties contained in § 63.2-1217.

L. A legal custodian of a child being placed for adoption, and any other named parties in pending cases in which the custody or visitation of such child is at issue, whether such case is in a circuit or district court, shall be entitled to proper notice of any adoption proceeding and an opportunity to be heard.

The time during which an offender is on furlough shall not be counted as time served against any sentence, and during any furlough, no earned sentence credit as defined in § 53.1-116, good conduct allowance or credits, or any other reduction of sentence shall accrue.

Any offender who, without proper authority or without just cause, fails to remain within the limits of confinement set by the director hereunder, or fails to return within the time prescribed to the place designated by the director in granting such authority, shall be guilty of a Class 1 misdemeanor. An offender who is found guilty of a Class 1 misdemeanor in accordance with this section shall be ineligible for further participation in a work release program during his current term of confinement.

CHAPTER 5

An Act to amend and reenact § 63.2-1506 of the Code of Virginia, relating to family assessments; timeline.

[H 778]

Approved February 24, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 63.2-1506 of the Code of Virginia is amended and reenacted as follows:

§ 63.2-1506. Family assessments by local departments.

A. A family assessment requires the collection of information necessary to determine:

1. The immediate safety needs of the child;
2. The protective and rehabilitative services needs of the child and family that will deter abuse or neglect;
3. Risk of future harm to the child;
4. Whether the mother of a child who was exposed in utero to a controlled substance sought substance abuse counseling or treatment prior to the child's birth; and
5. Alternative plans for the child's safety if protective and rehabilitative services are indicated and the family is unable or unwilling to participate in services.

B. When a local department has been designated as a child-protective services differential response system participant by the Department pursuant to § 63.2-1504 and responds to the report or complaint by conducting a family assessment, the local department shall:

1. Conduct an immediate family assessment and, if the report or complaint was based upon one of the factors specified in subsection B of § 63.2-1509, the local department may file a petition pursuant to § 16.1-241.3;

2. Obtain and consider the results of a search of the child abuse and neglect registry for any individual who is the subject of a family assessment. The local board shall determine whether the individual has resided in another state within at least the preceding five years, and, if he has resided in another state, the local board shall request a search of the child abuse and neglect registry or equivalent registry maintained by such state. The local board also may obtain and consider, in accordance with regulations of the Board, statewide criminal history record information from the Central Criminal Records Exchange for any individual who is the subject of a family assessment;

3. 5. Consult with the family to arrange for necessary protective and rehabilitative services to be provided to the child and his family. Families have the option of declining the services offered as a result of the family assessment. If the family declines the services, the case shall be closed unless the local department determines that sufficient cause exists to redetermine the case as one that needs to be investigated. In no instance shall a case be redetermined as an investigation solely because the family declines services;

6. Petition the court for services deemed necessary;

7. Make no disposition of founded or unfounded for reports in which a family assessment is completed. Reports in which a family assessment is completed shall not be entered into the central registry contained in § 63.2-1515; and

8. Commence an immediate investigation, if at any time during the completion of the family assessment, the local department determines that an investigation is required.

C. Every locality may adopt such rules or procedures necessary to ensure the compliance with and enforcement of the ordinance adopted pursuant to this section. *The ordinance may include provisions for a civil penalty not to exceed \$100 for a violation that has not been corrected within 15 days of notice of such violation. Civil penalties assessed under this section shall be paid into the treasury of the locality where the violation occurred.*

CHAPTER 9

An Act to amend and reenact § 15.2-907.1 of the Code of Virginia, relating to derelict residential buildings; civil penalty.

[H 150]

Approved February 24, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-907.1 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-907.1. Authority to require removal, repair, etc., of buildings that are declared to be derelict; civil penalty.

Any locality that has a real estate tax abatement program in accordance with this section may, by ordinance, provide that:

1. The owners of property therein shall at such time or times as the governing body may prescribe submit a plan to demolish or renovate any building that has been declared a "derelict building." For purposes of this section, "derelict building" shall mean a residential or nonresidential building or structure, whether or not construction has been completed, that might endanger the public's health, safety, or welfare and for a continuous period in excess of six months, it has been (i) vacant, (ii) boarded up in accordance with the building code, and (iii) not lawfully connected to electric service from a utility service provider or not lawfully connected to any required water or sewer service from a utility service provider.

2. If a building qualifies as a derelict building pursuant to the ordinance, the locality shall notify the owner of the derelict building that the owner is required to submit to the locality a plan, within 90 days, to demolish or renovate the building to address the items that endanger the public's health, safety, or welfare as listed in a written notification provided by the locality. Such plan may be on a form developed by the locality and shall include a proposed time within which the plan will be commenced and completed. The plan may include one or more adjacent properties of the owner, whether or not all of such properties may have been declared derelict buildings. The plan shall be subject to approval by the locality. The locality shall deliver the written notice to the address listed on the real estate tax assessment records of the locality. Written notice sent by first-class mail, with the locality obtaining a U.S. Postal Service Certificate of Mailing shall constitute delivery pursuant to this section.

3. If a locality delivers written notice and the owner of the derelict building has not submitted a plan to the locality within 90 days as provided in subdivision 2, the locality may exercise such remedies as provided in this section or as otherwise provided by law; *for residential property, such remedy may include imposition of a civil penalty not exceeding \$500 per month until such time as the owner has submitted a plan in accordance with this section; however, the total civil penalty imposed shall not exceed the cost to demolish the derelict building. Any such civil penalty shall be paid into the treasury of the locality.*

4. The owner of a building may apply to the locality and request that such building be declared a derelict building for purposes of this section.

5. The locality, upon receipt of the plan to demolish or renovate the building, at the owner's request, shall meet with the owner submitting the plan and provide information to the owner on the land use and permitting requirements for demolition or renovation.

6. If the property owner's plan is to demolish the derelict building, the building permit application of such owner shall be expedited. If the owner has completed the demolition within 90 days of the date of the building permit issuance, the locality shall refund any building and demolition permit fees. This section shall not supersede any ordinance adopted pursuant to § 15.2-2306 relative to historic districts.

7. If the property owner's plan is to renovate the derelict building, and no rezoning is required for the owner's intended use of the property, the site plan or subdivision application and the building permit, as applicable, shall be expedited. The site plan or subdivision fees may be refunded, all or in part, but in no event shall the site plan or subdivision fees exceed the lesser of 50 percent of the standard fees established by the ordinance for site plan or subdivision applications for the proposed use of the property, or \$5,000 per property. The building permit fees may be refunded, all or in part, but in no event shall the building permit fees exceed the lesser of 50 percent of the standard fees established by the ordinance for building permit applications for the proposed use of the property, or \$5,000 per property.

8. Prior to commencement of a plan to demolish or renovate the derelict building, at the request of the property owner, the real estate assessor shall make an assessment of the property in its current derelict condition. On the building permit application, the owner shall declare the costs of demolition, or the costs of materials and labor to complete the renovation. At the request of the property owner, after demolition or renovation of the derelict building, the real estate assessor shall reflect the fair market value of the demolition costs or the fair market value of the renovation improvements, and reflect such value in the real estate tax assessment records. The real estate tax on an amount equal to the costs of demolition or an amount equal to the increase in the fair market value of the renovations shall be abated for a period of not less than 15 years, and is transferable with the property. The abatement of taxes for demolition shall not apply if the structure demolished is a registered Virginia landmark or is determined by the Department of Historic Resources to contribute to the significance of a registered historic district. However, if the locality has an existing tax abatement program for less than 15 years, as of July 1, 2009, the locality may provide for a tax abatement period of not less than five years.

9. Notwithstanding the provisions of this section, the locality may proceed to make repairs and secure the building under § 15.2-906, or the locality may proceed to abate or remove a nuisance under § 15.2-900. In addition, the locality may exercise such remedies as may exist under the Uniform Statewide Building Code and may exercise such other remedies available under general and special law.

CHAPTER 10

An Act to amend and reenact § 53.1-131.2 of the Code of Virginia, relating to home/electronic incarceration program; payment to defray costs.

[H 278]

Approved February 24, 2020

Be it enacted by the General Assembly of Virginia:**1. That § 53.1-131.2 of the Code of Virginia is amended and reenacted as follows:****§ 53.1-131.2. Assignment to a home/electronic incarceration program; payment to defray costs; escape; penalty.**

A. Any court having jurisdiction for the trial of a person charged with a criminal offense, a traffic offense or an offense under Chapter 5 (§ 20-61 et seq.) of Title 20, or failure to pay child support pursuant to a court order may, if the defendant is convicted and sentenced to confinement in a state or local correctional facility, and if it appears to the court that such an offender is a suitable candidate for home/electronic incarceration, assign the offender to a home/electronic incarceration program as a condition of probation, if such program exists, under the supervision of the sheriff, the administrator of a local or regional jail, or a Department of Corrections probation and parole district office established pursuant to § 53.1-141. However, any offender who is convicted of any of the following violations of Chapter 4 (§ 18.2-30 et seq.) of Title 18.2 shall not be eligible for participation in the home/electronic incarceration program: (i) first and second degree murder and voluntary manslaughter under Article 1 (§ 18.2-30 et seq.); (ii) mob-related felonies under Article 2 (§ 18.2-38 et seq.); (iii) any kidnapping or abduction felony under Article 3 (§ 18.2-47 et seq.); (iv) any malicious felonious assault or malicious bodily wounding under Article 4 (§ 18.2-51 et seq.); (v) robbery under § 18.2-58.1; or (vi) any criminal sexual assault punishable as a felony under Article 7 (§ 18.2-61 et seq.). The court may further authorize the offender's participation in work release employment or educational or other rehabilitative programs as defined in § 53.1-131 or, as appropriate, in a court-ordered intensive case monitoring program for child support. The court shall be notified in writing by the director or administrator of the program to which the offender is assigned of the offender's place of home/electronic incarceration, place of employment, and the location of any educational or rehabilitative program in which the offender participates.

B. In any city or county in which a home/electronic incarceration program established pursuant to this section is available, the court, subject to approval by the sheriff or the jail superintendent of a local or regional jail, may assign the accused to such a program pending trial if it appears to the court that the accused is a suitable candidate for home/electronic incarceration.

C. Any person who has been sentenced to jail or convicted and sentenced to confinement in prison but is actually serving his sentence in jail, after notice to the attorney for the Commonwealth of the convicting jurisdiction, may be assigned by the sheriff to a home/electronic incarceration program under the supervision of the sheriff, the administrator of a local or regional jail, or a Department of Corrections probation and parole office established pursuant to § 53.1-141. However, if the offender violates any provision of the terms of the home/electronic incarceration agreement, the offender may have the assignment revoked and, if revoked, shall be held in the jail facility to which he was originally sentenced. Such person shall be eligible if his term of confinement does not include a sentence for a conviction of a felony violent crime, a felony sexual offense, burglary or manufacturing, selling, giving, distributing or possessing with the intent to manufacture, sell, give or distribute a Schedule I or Schedule II controlled substance. The court shall retain authority to remove the offender from such home/electronic incarceration program. The court which sentenced the offender shall be notified in writing by the sheriff or the administrator of a local or regional jail of the offender's place of home/electronic incarceration and place of employment or other rehabilitative program.

D. The Board may prescribe regulations to govern home/electronic incarceration programs.

E. Any offender or accused assigned to such a program by the court or sheriff who, without proper authority or just cause, leaves his place of home/electronic incarceration, the area to which he has been assigned to work or attend educational or other rehabilitative programs, including a court-ordered intensive case monitoring program for child support, or the vehicle or route of travel involved in his going to or returning from such place, is guilty of a Class 1 misdemeanor. An offender or accused who is found guilty of a violation of this section shall be ineligible for further participation in a home/electronic incarceration program during his current term of confinement.

F. The director or administrator of a home/electronic incarceration program who also operates a residential program may remove an offender from a home/electronic incarceration program and place him in such residential program if the offender commits a noncriminal program violation. The court shall be notified of the violation and of the placement of the offender in the residential program.

G. The director or administrator of a home/electronic incarceration program ~~shall~~ *may* charge the offender or accused a fee for participating in the program ~~to pay which shall be used~~ for the cost of home/electronic incarceration equipment. The offender or accused shall be required to pay the program for any damage to the equipment which is in his possession or for failure to return the equipment to the program.

H. Any wages earned by an offender or accused assigned to a home/electronic incarceration program and participating in work release shall be paid to the director or administrator after standard payroll deductions required by law. Distribution of the money collected shall be made in the following order of priority to:

1. Meet the obligation of any judicial or administrative order to provide support and such funds shall be disbursed according to the terms of such order;
2. Pay any fines, restitution or costs as ordered by the court;
3. Pay travel and other such expenses made necessary by his work release employment or participation in an education or rehabilitative program, including the sums specified in § 53.1-150; and
4. Defray the offender's keep.

The balance shall be credited to the offender's account or sent to his family in an amount the offender so chooses.

The Board of Corrections shall promulgate regulations governing the receipt of wages paid to persons participating in such programs, the withholding of payments and the disbursement of appropriate funds.

I. For the purposes of this section, "sheriff" means the sheriff of the jurisdiction where the person charged with the criminal offense was convicted and sentenced, provided that the sheriff may designate a deputy sheriff or regional jail administrator to assign offenders to home/electronic incarceration programs pursuant to this section.

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2308 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2308. Boards of zoning appeals to be created; membership, organization, etc.

A. Every locality that has enacted or enacts a zoning ordinance pursuant to this chapter or prior enabling laws shall establish a board of zoning appeals that shall consist of either five or seven residents of the locality, or in a town with a population of 3,500 or less, either three, five, or seven residents of the locality, appointed by the circuit court for the locality. Boards of zoning appeals for a locality within the fifteenth or nineteenth judicial circuit may be appointed by the chief judge or his designated judge or judges in their respective circuit, upon concurrence of such locality. Their terms of office shall be for five years each except that original appointments shall be made for such terms that the term of one member shall expire each year. The secretary of the board shall notify the court at least thirty days in advance of the expiration of any term of office, and shall also notify the court promptly if any vacancy occurs. Appointments to fill vacancies shall be only for the unexpired portion of the term. Members may be reappointed to succeed themselves. Members of the board shall hold no other public office in the locality except that one may be a member of the local planning commission, *and any member may be appointed to serve as an officer of election as defined in § 24.2-101*. A member whose term expires shall continue to serve until his successor is appointed and qualifies. The circuit court for the City of Chesapeake and the Circuit Court for the City of Hampton shall appoint at least one but not more than three alternates to the board of zoning appeals. At the request of the local governing body, the circuit court for any other locality may appoint not more than three alternates to the board of zoning appeals. The qualifications, terms and compensation of alternate members shall be the same as those of regular members. A regular member when he knows he will be absent from or will have to abstain from any application at a meeting shall notify the chairman twenty-four hours prior to the meeting of such fact. The chairman shall select an alternate to serve in the absent or abstaining member's place and the records of the board shall so note. Such alternate member may vote on any application in which a regular member abstains.

B. Localities may, by ordinances enacted in each jurisdiction, create a joint board of zoning appeals that shall consist of two members appointed from among the residents of each participating jurisdiction by the circuit court for each county or city, plus one member from the area at large to be appointed by the circuit court or jointly by such courts if more than one, having jurisdiction in the area. The term of office of each member shall be five years except that of the two members first appointed from each jurisdiction, the term of one shall be for two years and of the other, four years. Vacancies shall be filled for the unexpired terms. In other respects, joint boards of zoning appeals shall be governed by all other provisions of this article.

C. With the exception of its secretary and the alternates, the board shall elect from its own membership its officers who shall serve annual terms as such and may succeed themselves. The board may elect as its secretary either one of its members or a qualified individual who is not a member of the board, excluding the alternate members. A secretary who is not a member of the board shall not be entitled to vote on matters before the board. Notwithstanding any other provision of law, general or special, for the conduct of any hearing, a quorum shall be not less than a majority of all the members of the board and the board shall offer an equal amount of time in a hearing on the case to the applicant, appellant or other person aggrieved under § 15.2-2314, and the staff of the local governing body. Except for matters governed by § 15.2-2312, no action of the board shall be valid unless authorized by a majority vote of those present and voting. The board may make, alter and rescind rules and forms for its procedures, consistent with ordinances of the locality and general laws of the Commonwealth. The board shall keep a full public record of its proceedings and shall submit a report of its activities to the governing body or bodies at least once each year.

D. Within the limits of funds appropriated by the governing body, the board may employ or contract for secretaries, clerks, legal counsel, consultants, and other technical and clerical services. Members of the board may receive such

compensation as may be authorized by the respective governing bodies. Any board member or alternate may be removed for malfeasance, misfeasance or nonfeasance in office, or for other just cause, by the court that appointed him, after a hearing held after at least fifteen days' notice.

E. Notwithstanding any contrary provisions of this section, in the Cities of Portsmouth and Virginia Beach, members of the board shall be appointed by the governing body. The governing body shall also appoint at least one but not more than three alternates to the board.

As provided for in Chapters 2 (§ 63.2-200 et seq.) and 3 (§ 63.2-300 et seq.) of Title 63.2, the urban county board of supervisors in its discretion may designate either the superintendent of social services or the above-mentioned county board of social services as the local board. If the urban county board of supervisors designates the superintendent of social services as constituting the local board, the county board of social services shall serve in an advisory capacity to such officer with respect to the duties and functions imposed upon him by law.

CHAPTER 13

An Act to amend and reenact § 15.2-901 of the Code of Virginia, relating to cutting of overgrown vegetation; local authority.

[H 549]

Approved February 24, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-901 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-901. Locality may provide for removal or disposal of trash, cutting of grass, weeds, and running bamboo; penalty in certain counties; penalty.

A. Any locality may, by ordinance, provide that:

1. The owners of property therein shall, at such time or times as the governing body may prescribe, remove therefrom any and all trash, garbage, refuse, litter and other substances which might endanger the health or safety of other residents of such locality; or may, whenever the governing body deems it necessary, after reasonable notice, have such trash, garbage, refuse, litter and other like substances which might endanger the health of other residents of the locality, removed by its own agents or employees, in which event the cost or expenses thereof shall be chargeable to and paid by the owners of such property and may be collected by the locality as taxes are collected;

2. Trash, garbage, refuse, litter and other debris shall be disposed of in personally owned or privately owned receptacles that are provided for such use and for the use of the persons disposing of such matter or in authorized facilities provided for such purpose and in no other manner not authorized by law;

3. The owners of occupied or vacant developed or undeveloped property therein, including such property upon which buildings or other improvements are located, shall cut the grass, weeds and other foreign growth, including running bamboo as defined in § 15.2-901.1, on such property or any part thereof at such time or times as the governing body shall prescribe; or may, whenever the governing body deems it necessary, after reasonable notice as determined by the locality, have such grass, weeds or other foreign growth cut by its agents or employees, in which event the cost and expenses thereof shall be chargeable to and paid by the owner of such property and may be collected by the locality as taxes are collected. For purposes of this provision, one written notice per growing season to the owner of record of the subject property shall be considered reasonable notice. No such ordinance adopted by any county shall have any force and effect within the corporate

limits of any town. No such ordinance adopted by any county having a density of population of less than 500 per square mile shall have any force or effect except within the boundaries of platted subdivisions or any other areas zoned for residential, business, commercial or industrial use. No such ordinance shall be applicable to land zoned for or in active farming operation. *In any locality within Planning District 23, such ordinance may also include provisions for cutting overgrown shrubs, trees, and other such vegetation.*

B. Every charge authorized by this section with which the owner of any such property shall have been assessed and which remains unpaid shall constitute a lien against such property ranking on a parity with liens for unpaid local real estate taxes and enforceable in the same manner as provided in Articles 3 (§ 58.1-3940 et seq.) and 4 (§ 58.1-3965 et seq.) of Chapter 39 of Title 58.1. A locality may waive such liens in order to facilitate the sale of the property. Such liens may be waived only as to a purchaser who is unrelated by blood or marriage to the owner and who has no business association with the owner. All such liens shall remain a personal obligation of the owner of the property at the time the liens were imposed.

C. The governing body of any locality may by ordinance provide that violations of this section shall be subject to a civil penalty, not to exceed \$50 for the first violation, or violations arising from the same set of operative facts. The civil penalty for subsequent violations not arising from the same set of operative facts within 12 months of the first violation shall not exceed \$200. Each business day during which the same violation is found to have existed shall constitute a separate offense. The governing body of any locality may, however, by ordinance provide that such violations shall be a Class 3 misdemeanor in the event three civil penalties have previously been imposed on the same defendant for the same or similar violation, not arising from the same set of operative facts, within a 24-month period. [H 137]

Be it enacted by the General Assembly of Virginia:

1. That § 16.1-274 of the Code of Virginia is amended and reenacted as follows:

§ 16.1-274. Time for filing of reports; copies furnished to attorneys; amended reports; fees.

A. Whenever any court directs an investigation pursuant to subdivision A of § 16.1-237 or § 16.1-273 or 9.1-153, or an evaluation pursuant to § 16.1-278.5, the probation officer, court-appointed special advocate, or other agency conducting such investigation shall file such report with the clerk of the court directing the investigation. The clerk shall furnish a copy of such report to all attorneys representing parties in the matter before the court no later than 72 hours, and in cases of child custody, 15 days, prior to the time set by the court for hearing the matter. If such probation officer or other agency discovers additional information or a change in circumstance after the filing of the report, an amended report shall be filed forthwith and a copy sent to each person who received a copy of the original report. Whenever such a report is not filed or an amended report is filed, the court shall grant such continuance of the proceedings as justice requires. All attorneys receiving such report or amended report shall return such to the clerk upon the conclusion of the hearing and shall not make copies of such report or amended report or any portion thereof. However, the chief judge of each juvenile and domestic relations district court may provide for an alternative means of copying and distributing reports or amended reports filed pursuant to § 9.1-153.

Notwithstanding the provisions of §§ 16.1-69.48:2 and 17.1-275, when the court directs the appropriate local department of social services to conduct supervised visitation or directs the appropriate local department of social services or court services unit to conduct an investigation pursuant to § 16.1-273 or to provide mediation services in matters involving a child's custody, visitation, or support, the court shall assess a fee against the petitioner, the respondent, or both, in accordance with fee schedules established by the appropriate local board of social services when the service is provided by a local department of social services or by a court services unit. The fee schedules shall include (i) standards for determining the paying party's or parties' ability to pay and (ii) a scale of fees based on the paying party's or parties' income

and family size and the actual cost of the services provided. The fee charged shall not exceed the actual cost of the service. The fee shall be assessed as a cost of the case and shall be paid as prescribed by the court to the local department of social services, locally operated court services unit or Department of Juvenile Justice, whichever performed the service, unless payment is waived. The method and medium for payment for such services shall be determined by the local department of social services, Department of Juvenile Justice, or the locally operated court services unit that provided the services.

C. When a local department of social services or any court services unit is requested by another local department or court services unit in the Commonwealth or by a similar department or entity in another state to conduct an investigation involving a child's custody, visitation or support pursuant to § 16.1-273 or, in the case of a request from another state pursuant to a provision corresponding to § 16.1-273, or to provide mediation services, or for a local department of social services to provide supervised visitation, the local department or the court services unit performing the service may require payment of fees prior to conducting the investigation or providing mediation services or supervised visitation.

The guardian ad litem shall document the hours spent satisfying such face-to-face contact requirements in such certification, which shall be compensated at the same rate as that for in-court service.*

CHAPTER 22

An Act to amend and reenact § 15.2-2204 of the Code of Virginia, relating to notice by localities.

[H 166]

Approved March 2, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2204 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2204. Advertisement of plans, ordinances, etc.; joint public hearings; written notice of certain amendments.

A. Plans or ordinances, or amendments thereof, recommended or adopted under the powers conferred by this chapter need not be advertised in full, but may be advertised by reference. Every such advertisement shall contain a descriptive summary of the proposed action and a reference to the place or places within the locality where copies of the proposed plans, ordinances or amendments may be examined.

The local planning commission shall not recommend nor the governing body adopt any plan, ordinance or amendment thereof until notice of intention to do so has been published once a week for two successive weeks in some newspaper published or having general circulation in the locality; however, the notice for both the local planning commission and the governing body may be published concurrently. The notice shall specify the time and place of hearing at which persons affected may appear and present their views, not less than five days nor more than 21 days after the second advertisement appears in such newspaper. The local planning commission and governing body may hold a joint public hearing after public notice as set forth hereinabove. If a joint hearing is held, then public notice as set forth above need be given only by the governing body. The term "two successive weeks" as used in this paragraph shall mean that such notice shall be published at least twice in such newspaper with not less than six days elapsing between the first and second publication. *In any instance in which a locality in Planning District 23 has submitted a timely notice request to such newspaper and the newspaper fails to publish the notice, such locality shall be deemed to have met the notice requirements of this subsection so long as the notice was published in the next available edition of a newspaper having general circulation in the locality.* After enactment of any plan, ordinance or amendment, further publication thereof shall not be required.

B. When a proposed amendment of the zoning ordinance involves a change in the zoning map classification of 25 or fewer parcels of land, then, in addition to the advertising as required by subsection A, written notice shall be given by the local planning commission, or its representative, at least five days before the hearing to the owner or owners, their agent or the occupant, of each parcel involved; to the owners, their agent or the occupant, of all abutting property and property immediately across the street or road from the property affected, including those parcels which lie in other localities of the Commonwealth; and, if any portion of the affected property is within a planned unit development, then to such incorporated property owner's associations within the planned unit development that have members owning property located within 2,000 feet of the affected property as may be required by the commission or its agent. However, when a proposed amendment to the zoning ordinance involves a tract of land not less than 500 acres owned by the Commonwealth or by the federal government, and when the proposed change affects only a portion of the larger tract, notice need be given only to the owners of those properties that are adjacent to the affected area of the larger tract. Notice sent by registered or certified mail to the last known address of such owner as shown on the current real estate tax assessment books or current real estate tax

assessment records shall be deemed adequate compliance with this requirement. If the hearing is continued, notice shall be remailed. Costs of any notice required under this chapter shall be taxed to the applicant.

When a proposed amendment of the zoning ordinance involves a change in the zoning map classification of more than 25 parcels of land, or a change to the applicable zoning ordinance text regulations that decreases the allowed dwelling unit density of any parcel of land, then, in addition to the advertising as required by subsection A, written notice shall be given by the local planning commission, or its representative, at least five days before the hearing to the owner, owners, or their agent of each parcel of land involved, provided, however, that written notice of such changes to zoning ordinance text regulations shall not have to be mailed to the owner, owners, or their agent of lots shown on a subdivision plat approved and recorded pursuant to the provisions of Article 6 (§ 15.2-2240 et seq.) where such lots are less than 11,500 square feet. One notice sent by first class mail to the last known address of such owner as shown on the current real estate tax assessment books or current real estate tax assessment records shall be deemed adequate compliance with this requirement, provided that a representative of the local commission shall make affidavit that such mailings have been made and file such affidavit with the papers in the case. Nothing in this subsection shall be construed as to invalidate any subsequently adopted amendment or ordinance because of the inadvertent failure by the representative of the local commission to give written notice to the owner, owners or their agent of any parcel involved.

The governing body may provide that, in the case of a condominium or a cooperative, the written notice may be mailed to the unit owners' association or proprietary lessees' association, respectively, in lieu of each individual unit owner.

Whenever the notices required hereby are sent by an agency, department or division of the local governing body, or their representative, such notices may be sent by first class mail; however, a representative of such agency, department or division shall make affidavit that such mailings have been made and file such affidavit with the papers in the case.

A party's actual notice of, or active participation in, the proceedings for which the written notice provided by this section is required shall waive the right of that party to challenge the validity of the proceeding due to failure of the party to receive the written notice required by this section.

C. When a proposed comprehensive plan or amendment thereto; a proposed change in zoning map classification; or an application for special exception for a change in use or to increase by greater than 50 percent of the bulk or height of an existing or proposed building, but not including renewals of previously approved special exceptions, involves any parcel of land located within one-half mile of a boundary of an adjoining locality of the Commonwealth, then, in addition to the advertising and written notification as required by this section, written notice shall also be given by the local commission, or its representative, at least 10 days before the hearing to the chief administrative officer, or his designee, of such adjoining locality.

D. When (i) a proposed comprehensive plan or amendment thereto, (ii) a proposed change in zoning map classification, or (iii) an application for special exception for a change in use involves any parcel of land located within 3,000 feet of a boundary of a military base, military installation, military airport, excluding armories operated by the Virginia National Guard, or licensed public-use airport then, in addition to the advertising and written notification as required by this section, written notice shall also be given by the local commission, or its representative, at least 30 days before the hearing to the commander of the military base, military installation, military airport, or owner of such public-use airport, and the notice shall advise the military commander or owner of such public-use airport of the opportunity to submit comments or recommendations.

E. The adoption or amendment prior to July 1, 1996, of any plan or ordinance under the authority of prior acts shall not be declared invalid by reason of a failure to advertise or give notice as may be required by such act or by this chapter, provided a public hearing was conducted by the governing body prior to such adoption or amendment. Every action contesting a decision of a locality based on a failure to advertise or give notice as may be required by this chapter shall be filed within 30 days of such decision with the circuit court having jurisdiction of the land affected by the decision. However, any litigation pending prior to July 1, 1996, shall not be affected by the 1996 amendment to this section.

F. Notwithstanding any contrary provision of law, general or special, the City of Richmond may cause such notice to be published in any newspaper of general circulation in the city.

G. When a proposed comprehensive plan or amendment of an existing plan designates or alters previously designated corridors or routes for electric transmission lines of 150 kilovolts or more, written notice shall also be given by the local planning commission, or its representative, at least 10 days before the hearing to each electric utility with a certificated service territory that includes all or any part of such designated electric transmission corridors or routes.

H. When any applicant requesting a written order, requirement, decision, or determination from the zoning administrator, other administrative officer, or a board of zoning appeals that is subject to the appeal provisions contained in § 15.2-2311 or 15.2-2314, is not the owner or the agent of the owner of the real property subject to the written order, requirement, decision or determination, written notice shall be given to the owner of the property within 10 days of the receipt of such request. Such written notice shall be given by the zoning administrator or other administrative officer or, at the direction of the administrator or officer, the requesting applicant shall be required to give the owner such notice and to provide satisfactory evidence to the zoning administrator or other administrative officer that the notice has been given. Written notice mailed to the owner at the last known address of the owner as shown on the current real estate tax assessment books or current real estate tax assessment records shall satisfy the notice requirements of this subsection.

This subsection shall not apply to inquiries from the governing body, planning commission, or employees of the locality made in the normal course of business.

2. That the provisions of this act shall expire on July 1, 2022.**CHAPTER 23**

[H 277]

Approved March 2, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 19.2-354 of the Code of Virginia is amended and reenacted as follows:

§ 19.2-354. Authority of court to order payment of fine, costs, forfeitures, penalties or restitution in installments or upon other terms and conditions; community work in lieu of payment.

A. Whenever (i) a defendant, convicted of a traffic infraction or a violation of any criminal law of the Commonwealth or of any political subdivision thereof, or found not innocent in the case of a juvenile, is sentenced to pay a fine, restitution, forfeiture or penalty and (ii) the defendant is unable to make payment of the fine, restitution, forfeiture, or penalty and costs within 30 days of sentencing, the court shall order the defendant to pay such fine, restitution, forfeiture or penalty and any costs which the defendant may be required to pay in deferred payments or installments. The court assessing the fine, restitution, forfeiture, or penalty and costs may authorize the clerk to establish and approve individual deferred or installment payment agreements. If the defendant owes court-ordered restitution and enters into a deferred or installment payment agreement, any money collected pursuant to such agreement shall be used first to satisfy such restitution order and any collection costs associated with restitution prior to being used to satisfy any other fine, forfeiture, penalty, or cost owed. Any payment agreement authorized under this section shall be consistent with the provisions of § 19.2-354.1, including any required minimum payments or other required conditions. The requirements set forth in § 19.2-354.1 shall be posted in the clerk's office and on the court's website, if a website is available. As a condition of every such agreement, a defendant who enters into an installment or deferred payment agreement shall promptly inform the court of any change of mailing address during the term of the agreement. If the defendant is unable to make payment within 90 days of sentencing, the court may assess a one-time fee not to exceed \$10 to cover the costs of management of the defendant's account until such account is paid in full. This one-time fee shall not apply to cases in which costs are assessed pursuant to § 17.1-275.1, 17.1-275.2, 17.1-275.3, 17.1-275.4, 17.1-275.7, 17.1-275.8, or 17.1-275.9. Installment or deferred payment agreements shall include terms for payment if the defendant participates in a program as provided in subsection B or C. The court, if such sum or sums are not paid in full by the date ordered, shall proceed in accordance with § 19.2-358.

B. When a person sentenced to the Department of Corrections or a local correctional facility owes any fines, costs, forfeitures, restitution or penalties, he shall be required as a condition of participating in any work release, home/electronic incarceration or nonconsecutive days program as set forth in § 53.1-60, 53.1-131, 53.1-131.1, or 53.1-131.2 to either make full payment or make payments in accordance with his installment or deferred payment agreement while participating in such program. If, after the person has an installment or deferred payment agreement, the person fails to pay as ordered, his participation in the program may be terminated until all fines, costs, forfeitures, restitution and penalties are satisfied. The Director of the Department of Corrections and any sheriff or other administrative head of any local correctional facility shall withhold such ordered payments from any amounts due to such person. Distribution of the money collected shall be made in the following order of priority to:

1. Meet the obligation of any judicial or administrative order to provide support and such funds shall be disbursed according to the terms of such order;
2. Pay any restitution as ordered by the court;
3. Pay any fines or costs as ordered by the court;
4. Pay travel and other such expenses made necessary by his work release employment or participation in an education or rehabilitative program, including the sums specified in § 53.1-150; and
5. Defray the offender's keep.

The balance shall be credited to the offender's account or sent to his family in an amount the offender so chooses.

The Board of Corrections shall promulgate regulations governing the receipt of wages paid to persons participating in such programs, the withholding of payments and the disbursement of appropriate funds.

C. The court shall establish a program and may provide an option to any person upon whom a fine and costs have been imposed to discharge all or part of the fine or costs by earning credits for the performance of community service work (i) before or after imprisonment or (ii) in accordance with the provisions of § 19.2-316.4, 53.1-59, 53.1-60, 53.1-128, 53.1-129, or 53.1-131 during imprisonment. The program shall specify the rate at which credits are earned and provide for the manner of applying earned credits against the fine or costs. The court assessing the fine or costs against a person shall inform such person of the availability of earning credit toward discharge of the fine or costs through the performance of community service work under this program and provide such person with written notice of terms and conditions of this program. The court shall have such other authority as is reasonably necessary for or incidental to carrying out this program.

D. When the court has authorized deferred payment or installment payments, the clerk shall give notice to the defendant that upon his failure to pay as ordered he may be fined or imprisoned pursuant to § 19.2-358 and his privilege to operate a motor vehicle will be suspended pursuant to § 46.2-395.

E. The failure of the defendant to enter into a deferred payment or installment payment agreement with the court or the failure of the defendant to make payments as ordered by the agreement shall allow the Tax Commissioner to act in accordance with § 19.2-349 to collect all fines, costs, forfeitures and penalties.

Be it enacted by the General Assembly of Virginia:**1. That § 4.1-210 of the Code of Virginia is amended and reenacted as follows:****§ 4.1-210. Mixed beverages licenses.**

A. Subject to the provisions of § 4.1-124, the Board may grant the following licenses relating to mixed beverages:

1. Mixed beverage restaurant licenses, which shall authorize the licensee to sell and serve mixed beverages for consumption in dining areas and other designated areas of such restaurant. Such license may be granted only to persons (i) who operate a restaurant and (ii) whose gross receipts from the sale of food cooked or prepared, and consumed on the premises and nonalcoholic beverages served on the premises, after issuance of such license, amount to at least 45 percent of the gross receipts from the sale of mixed beverages and food. For the purposes of this subdivision, other designated areas shall include outdoor dining areas, whether or not contiguous to the licensed premises, which outdoor dining areas may have more than one means of ingress and egress to an adjacent public thoroughfare, provided such areas are under the control of the licensee and approved by the Board. Such noncontiguous designated areas shall not be approved for any retail license issued pursuant to subdivision A 5 of § 4.1-201.

If the restaurant is located on the premises of a hotel or motel with not less than four permanent bedrooms where food and beverage service is customarily provided by the restaurant in designated areas, bedrooms and other private rooms of such hotel or motel, such licensee may (i) sell and serve mixed beverages for consumption in such designated areas, bedrooms and other private rooms and (ii) sell spirits packaged in original closed containers purchased from the Board for on-premises consumption to registered guests and at scheduled functions of such hotel or motel only in such bedrooms or private rooms. If the restaurant is located on the premises of and operated by a private, nonprofit or profit club exclusively for its members and their guests, or members of another private, nonprofit or profit club in another city with which it has an agreement for reciprocal dining privileges, such license shall also authorize the licensees to sell and serve mixed beverages for on-premises consumption. Where such club prepares no food in its restaurant but purchases its food requirements from a restaurant licensed by the Board and located on another portion of the premises of the same hotel or motel building, this fact shall not prohibit the granting of a license by the Board to such club qualifying in all other respects. The club's gross receipts from the sale of nonalcoholic beverages consumed on the premises and food resold to its members and guests and consumed on the premises shall amount to at least 45 percent of its gross receipts from the sale of mixed beverages and food. The food sales made by a restaurant to such a club shall be excluded in any consideration of the qualifications of such restaurant for a license from the Board.

If the restaurant is located on the premises of and operated by a municipal golf course, the Board shall recognize the seasonal nature of the business and waive any applicable monthly food sales requirements for those months when weather conditions may reduce patronage of the golf course, provided that prepared food, including meals, is available to patrons during the same months. The gross receipts from the sale of food cooked, or prepared, and consumed on the premises and nonalcoholic beverages served on the premises, after the issuance of such license, shall amount to at least 45 percent of the gross receipts from the sale of mixed beverages and food on an annualized basis.

2. Mixed beverage caterer's licenses, which may be granted only to a person regularly engaged in the business of providing food and beverages to others for service at private gatherings or at special events, which shall authorize the licensee to sell and serve alcoholic beverages for on-premises consumption. The annual gross receipts from the sale of food cooked and prepared for service and nonalcoholic beverages served at gatherings and events referred to in this subdivision shall amount to at least 45 percent of the gross receipts from the sale of mixed beverages and food.

4. Mixed beverage special events licenses, to a duly organized nonprofit corporation or association in charge of a special event, which shall authorize the licensee to sell and serve mixed beverages for on-premises consumption in areas approved by the Board on the premises of the place designated in the license. A separate license shall be required for each day of each special event.

Mixed beverage carrier licenses to persons operating a common carrier of passengers by train, boat or airplane, which shall authorize the licensee to sell and serve mixed beverages anywhere in the Commonwealth to passengers while in transit aboard any such common carrier, and in designated rooms of establishments of air carriers at airports in the Commonwealth. For purposes of supplying its airplanes, as well as any airplanes of a licensed express carrier flying under the same brand, an air carrier licensee may appoint an authorized representative to load distilled spirits onto the same airplanes and to transport and store distilled spirits at or in close proximity to the airport where the distilled spirits will be delivered onto airplanes of the air carrier and any such licensed express carrier. The air carrier licensee shall (i) designate for purposes of its license all locations where the inventory of distilled spirits may be stored and from which the distilled spirits will be delivered onto airplanes of the air carrier and any such licensed express carrier and (ii) maintain records of all distilled spirits to be transported, stored, and delivered by its authorized representative.

CHAPTER 38

An Act to amend and reenact § 63.2-1514 of the Code of Virginia, relating to Department of Social Services; central registry; retention of records.

[H 287]

Approved March 2, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 63.2-1514 of the Code of Virginia is amended and reenacted as follows:

§ 63.2-1514. Retention of records in all reports; procedures regarding unfounded reports alleged to be made in bad faith or with malicious intent.

A. The local department shall retain the records of all reports or complaints made pursuant to this chapter, in accordance with regulations adopted by the Board. However, all records related to founded cases of child sexual abuse involving injuries or conditions, real or threatened, that result in or were likely to have resulted in serious harm to a child shall be maintained by the local department for a period of 25 years from the date of the complaint.

B. The Department shall maintain a child abuse and neglect information system that includes a central registry of founded complaints, pursuant to § 63.2-1515. The Department shall maintain all (i) unfounded investigations, (ii) family assessments, and (iii) reports or complaints determined to be not valid in a record which is separate from the central registry and accessible only to the Department and to local departments for child-protective services. The purpose of retaining these complaints or reports is to provide local departments with information regarding prior complaints or reports. In no event shall the mere existence of a prior complaint or report be used to determine that a subsequent complaint or report is founded. The subject of the complaint or report is the person who is alleged to have committed abuse or neglect. The subject of the complaint or report shall have access to his own record. The record of unfounded investigations ~~and complaints and reports determined to be not valid~~ that involved reports of child abuse or neglect shall be purged *three years after the date of the complaint or report if there are no subsequent complaints or reports regarding the same child or the person who is the*

subject of the complaint or report within such three-year period. Records of complaints and reports determined to be not valid shall be purged one year after the date of the complaint or report if there are no subsequent complaints or reports regarding the same child or the person who is the subject of the complaint or report in that one year. The local department shall retain such records for an additional period of up to two years if requested in writing by the person who is the subject of such complaint or report. The record of family assessments shall be purged three years after the date of the complaint or report if there are no subsequent complaints or reports regarding the same child or the person who is the subject of the report in that three-year period. The child-protective services records regarding the petitioner which result from such complaint or report shall be purged immediately by any custodian of such records upon presentation to the custodian of a certified copy of a court order that there has been a civil action that determined that the complaint or report was made in bad faith or with malicious intent. After purging the records, the custodian shall notify the petitioner in writing that the records have been purged.

C. At the time the local department notifies a person who is the subject of a complaint or report made pursuant to this chapter that such complaint or report is either an unfounded investigation or a completed family assessment, it shall notify him how long the record will be retained and of the availability of the procedures set out in this section regarding reports or complaints alleged to be made in bad faith or with malicious intent. Upon request, the local department shall advise the person who was the subject of an unfounded investigation if the complaint or report was made anonymously. However, the identity of a complainant or reporter shall not be disclosed.

D. Any person who is the subject of an unfounded report or complaint made pursuant to this chapter who believes that such report or complaint was made in bad faith or with malicious intent may petition the circuit court in the jurisdiction in which the report or complaint was made for the release to such person of the records of the investigation or family assessment. Such petition shall specifically set forth the reasons such person believes that such report or complaint was made in bad faith or with malicious intent. Upon the filing of such petition, the circuit court shall request and the local department shall provide to the circuit court its records of the investigation or family assessment for the circuit court's in camera review. The petitioner shall be entitled to present evidence to support his petition. If the circuit court determines that there is a reasonable question of fact as to whether the report or complaint was made in bad faith or with malicious intent and that disclosure of the identity of the complainant would not be likely to endanger the life or safety of the complainant, it shall provide to the petitioner a copy of the records of the investigation or family assessment. The original records shall be subject to discovery in any subsequent civil action regarding the making of a complaint or report in bad faith or with malicious intent.

A determination that a patient is incapable of making an informed decision may apply to a particular health care decision, to a specified set of health care decisions, or to all health care decisions. No person shall be deemed incapable of making an informed decision based solely on a particular clinical diagnosis.

B. Except as provided in subsection C, prior to providing, continuing, withholding, or withdrawing health care pursuant to an authorization that has been obtained or will be sought pursuant to this article and prior to, or as soon as reasonably practicable after initiating health care for which authorization has been obtained or will be sought pursuant to this article, and no less frequently than every 180 days while the need for health care continues, the attending physician shall certify in writing upon personal examination of the patient that the patient is incapable of making an informed decision regarding health care and shall obtain written certification from a capacity reviewer that, based upon a personal examination of the patient, the patient is incapable of making an informed decision. However, certification by a capacity reviewer shall not be required if the patient is unconscious or experiencing a profound impairment of consciousness due to trauma, stroke, or other acute physiological condition. The capacity reviewer providing written certification that a patient is incapable of making an informed decision, if required, shall not be otherwise currently involved in the treatment of the person assessed,

unless an independent capacity reviewer is not reasonably available. The cost of the assessment shall be considered for all purposes a cost of the patient's health care.

C. If a person has executed an advance directive granting an agent the authority to consent to the person's admission to a facility as defined in § 37.2-100 for mental health treatment and if the advance directive so authorizes, the person's agent may exercise such authority after a determination that the person is incapable of making an informed decision regarding such admission has been made by (i) the attending physician, (ii) a psychiatrist or licensed clinical psychologist, (iii) a licensed psychiatric nurse practitioner, (iv) a licensed physician assistant, (v) a licensed clinical social worker, or ~~(vi)~~ (vi) a designee of the local community services board as defined in § 37.2-809. Admission of a person to a facility as defined in § 37.2-100 for mental health treatment upon the authorization of the person's agent shall be subject to the requirements of § 37.2-805.1. When a person has been admitted to a facility for mental health treatment upon the authorization of an agent following such a determination, such agent may authorize specific health care for the person, consistent with the provisions of the person's advance directive, only upon a determination that the person is incapable of making an informed decision regarding such health care in accordance with subsection B.

D. If, at any time, a patient is determined to be incapable of making an informed decision, the patient shall be notified, as soon as practical and to the extent he is capable of receiving such notice, that such determination has been made before providing, continuing, withholding, or withdrawing health care as authorized by this article. Such notice shall also be provided, as soon as practical, to the patient's agent or person authorized by § 54.1-2986 to make health care decisions on his behalf.

E. A single physician may, at any time, upon personal evaluation, determine that a patient who has previously been determined to be incapable of making an informed decision is now capable of making an informed decision, provided such determination is set forth in writing.

The basis for this determination shall be documented in writing.

D. Construction may be procured only by competitive sealed bidding, except that competitive negotiation may be used in the following instances:

E. Upon a determination in writing that there is only one source practicably available for that which is to be procured, a contract may be negotiated and awarded to that source without competitive sealed bidding or competitive negotiation. The writing shall document the basis for this determination. The public body shall issue a written notice stating that only one source was determined to be practicably available, and identifying that which is being procured, the contractor selected, and the date on which the contract was or will be awarded. This notice shall be posted on the Department of General Services' central electronic procurement website or other appropriate websites, and in addition, public bodies may publish in a newspaper of general circulation on the day the public body awards or announces its decision to award the contract, whichever occurs first. Posting on the Department of General Services' central electronic procurement website shall be required of any state public body. Local public bodies are encouraged to utilize the Department of General Services' central electronic procurement website to provide the public with centralized visibility and access to the Commonwealth's procurement opportunities.

Where small purchase procedures are adopted for construction, the procedures shall not waive compliance with the Uniform State Building Code.

For state public bodies, ~~purchases informal solicitations conducted under this subsection that are expected to exceed \$30,000 shall require the (a) written informal solicitation of a minimum of four bidders or offerors and (b) posting of a public notice on the Department of General Services' central electronic procurement website or other appropriate websites. Purchase of information technology and telecommunications goods and nonprofessional services from a public auction sale shall be permitted by any authority, department, agency, or institution of the Commonwealth if approved by the Chief Information Officer of the Commonwealth. 2. Emphasize the development of core skill sets in the early years of high school.

3. Establish multiple paths toward college and career readiness for students to follow in the later years of high school. Each such pathway shall include opportunities for internships, externships, and credentialing.

4. Provide for the selection of integrated learning courses meeting the Standards of Learning and approved by the Board to satisfy graduation requirements, which shall include Standards of Learning testing, as necessary.

5. Require students to complete at least one course in fine or performing arts or career and technical education, one course in United States and Virginia history, and two sequential elective courses chosen from a concentration of courses selected from a variety of options that may be planned to ensure the completion of a focused sequence of elective courses that provides a foundation for further education or training or preparation for employment.

The career and technical education credential, when required, could include the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, the Armed Services Vocational Aptitude Battery, or the Virginia workplace readiness skills assessment. The Department of Education shall develop, maintain, and make available to each local school board a catalogue of the testing accommodations available to English language learners for each such certification, examination, assessment, and battery. Each local school board shall develop and implement policies to require each high school principal or his designee to notify each English language learner of the availability of such testing accommodations prior to the student's participation in any such certification, examination, assessment, or battery.

7. Beginning with first-time ninth grade students in the 2016-2017 school year, require students to be trained in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators, including hands-on practice of the skills necessary to perform cardiopulmonary resuscitation.

11. Establish a procedure to facilitate the acceleration of students that allows qualified students, with the recommendation of the division superintendent, without completing the 140-hour class, to obtain credit for such class upon demonstrating mastery of the course content and objectives and receiving a passing score on the relevant Standards of Learning assessment. Nothing in this section shall preclude relevant school division personnel from enforcing compulsory attendance in public schools.

12. Provide for the award of credit for passing scores on industry certifications, state licensure examinations, and national occupational competency assessments approved by the Board of Education.

School boards shall report annually to the Board of Education the number of Board-approved industry certifications obtained, state licensure examinations passed, national occupational competency assessments passed, Armed Services Vocational Aptitude Battery assessments passed, and Virginia workplace readiness skills assessments passed, and the number of career and technical education completers who graduated. These numbers shall be reported as separate categories on the School Performance Report Card.

Such industry certification and state licensure examinations may cover relevant Standards of Learning for various required classes and may, at the discretion of the Board, address some Standards of Learning for several required classes.

16. Provide for the award of verified units of credit for a satisfactory score, as determined by the Board, on the Preliminary ACT (PreACT) or Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT) examination.

17. Permit students to exceed a full course load in order to participate in courses offered by an institution of higher education that lead to a degree, certificate, or credential at such institution.

18. Permit local school divisions to waive the requirement for students to receive 140 clock hours of instruction after the student has completed the course curriculum and relevant Standards of Learning end-of-course assessment, or Board-approved substitute, provided that such student subsequently receives instruction, coursework, or study toward an industry certification approved by the local school board.

19. Permit any English language learner who previously earned a sufficient score on an Advanced Placement or International Baccalaureate foreign language examination or an SAT II Subject Test in a foreign language to substitute computer coding course credit for any foreign language course credit required to graduate, except in cases in which such foreign language course credit is required to earn an advanced diploma offered by a nationally recognized provider of college-level courses.

G. To ensure the uniform assessment of high school graduation rates, the Board shall collect, analyze, report, and make available to the public high school graduation and dropout data using a formula prescribed by the Board.

The Board shall also collect, analyze, report, and make available to the public high school graduation and dropout data using a formula that excludes any student who fails to graduate because such student is in the custody of the Department of Corrections, the Department of Juvenile Justice, or local law enforcement. For the purposes of the Standards of Accreditation, the Board shall use the graduation rate required by this subsection.

I. The Board may promulgate such regulations as may be necessary and appropriate for the collection, analysis, and reporting of such data required by subsections G and H.

D. No person shall tamper with or modify an electric power-assisted bicycle so as to change the motor-powered speed capability or engagement of an electric power-assisted bicycle, unless the label required by subdivision C 1 is replaced after modification.

E. An electric power-assisted bicycle shall operate in a manner such that the electric motor is disengaged or ceases to function when the rider stops pedaling or when the brakes are applied.

F. Except as set forth in this subsection, an electric power-assisted bicycle may be ridden in places where bicycles are allowed, including streets, highways, roads, shoulders, bicycle lanes, and bicycle or shared-use paths.

1. Be it enacted by the General Assembly of Virginia:

1. That § 58.1-608.3 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-608.3. Entitlement to certain sales tax revenues.

A. As used in this section, the following words and terms have the following meanings, unless some other meaning is plainly intended:

"Bonds" means any obligations of a municipality for the payment of money.

"Cost," as applied to any public facility or to extensions or additions to any public facility, includes: (i) the purchase price of any public facility acquired by the municipality or the cost of acquiring all of the capital stock of the corporation owning the public facility and the amount to be paid to discharge any obligations in order to vest title to the public facility or any part of it in the municipality; (ii) expenses incident to determining the feasibility or practicability of the public facility; (iii) the cost of plans and specifications, surveys and estimates of costs and of revenues; (iv) the cost of all land, property, rights, easements and franchises acquired; (v) the cost of improvements, property or equipment; (vi) the cost of engineering, legal and other professional services; (vii) the cost of construction or reconstruction; (viii) the cost of all labor, materials, machinery and equipment; (ix) financing charges; (x) interest before and during construction and for up to one year after completion of construction; (xi) start-up costs and operating capital; (xii) payments by a municipality of its share of the cost of any multijurisdictional public facility; (xiii) administrative expense; (xiv) any amounts to be deposited to reserve or replacement funds; and (xv) other expenses as may be necessary or incident to the financing of the public facility. Any obligation or expense incurred by the public facility in connection with any of the foregoing items of cost may be regarded as a part of the cost.

"Municipality" means any county, city, town, authority, commission, or other public entity.

"Public facility" means (i) any auditorium, coliseum, convention center, or conference center, which is owned by a Virginia county, city, town, authority, or other public entity and where exhibits, meetings, conferences, conventions, seminars, or similar public events may be conducted; (ii) any hotel which is owned by a foundation whose sole purpose is to benefit a baccalaureate public institution of higher education in the Commonwealth and which is attached to and is an integral part of such facility, together with any lands reasonably necessary for the conduct of the operation of such events; (iii) any hotel which is attached to and is an integral part of such facility; (iv) any hotel that is adjacent to a convention center owned by a public entity and where the hotel owner enters into a public-private partnership whereby the locality contributes infrastructure, real property, or conference space; ~~or~~ (v) a sports complex consisting of a minor league baseball stadium and related tournament, training, and parking facilities, where a municipality owns a component of the sports complex; *or (vi) any outdoor amphitheater, provided that a locality owns, wholly or partly, and contributes to financing the construction of such amphitheater.* However, such public facility must be located in the *City of Chesapeake*, *City of Fredericksburg*, *City of Hampton*, *City of Lynchburg*, *City of Newport News*, *City of Norfolk*, *City of Portsmouth*, *City of Richmond*, *City of Roanoke*, *City of Salem*, *City of Staunton*, *City of Suffolk*, *City of Virginia Beach*, *City of Winchester*, or *Town of Wise*. Any property, real, personal, or mixed, which is necessary or desirable in connection with any such auditorium, coliseum, convention center, sports complex, or conference center, including, without limitation, facilities for food preparation and serving, parking facilities, and office space, is encompassed within this definition. However, structures commonly referred to as "shopping centers" or "malls" shall not constitute a public facility hereunder. A public facility shall not include residential condominiums, townhomes, or other residential units. In addition, only a new public facility, or a public facility which will undergo a substantial and significant renovation or expansion, shall be eligible under subsection C. A new public facility is one whose construction began after December 31, 1991. A substantial and significant renovation

entails a project whose cost is at least 50 percent of the original cost of the facility being renovated and shall have begun after December 31, 1991. A substantial and significant expansion entails an increase in floor space of at least 50 percent over that existing in the preexisting facility and shall have begun after December 31, 1991; or an increase in floor space of at least 10 percent over that existing in a public facility that qualified as such under this section and was constructed after December 31, 1991.

"Sales tax revenues" means such tax collections realized under the Virginia Retail Sales and Use Tax Act (§ 58.1-600 et seq.), as limited herein. "Sales tax revenues" does not include the revenue generated by (i) the 0.5 percent sales and use tax increase enacted by the 1986 Special Session of the General Assembly which shall be paid to the Transportation Trust Fund as defined in § 33.2-1524, (ii) the 1.0 percent of the state sales and use tax revenue distributed among the counties and cities of the Commonwealth pursuant to subsection D of § 58.1-638 on the basis of school age population, or (iii) any sales and use tax revenues generated by increases or allocation changes imposed by the 2013 Session of the General Assembly.

B. Notwithstanding the definition of "public facility" in subsection A, a development project that meets the requirements for a "development of regional impact" set forth herein shall be deemed to be a public facility under the provisions of this section. The locality in which the public facility is located shall be entitled to all sales tax revenues generated by transactions taking place at such public facility solely to pay the cost of any bonds issued to pay the cost, or portion thereof, of such public facility pursuant to subsection C. For purposes of this subsection, the development of regional impact must be located in the City of Bristol.

For purposes of this subsection, a "development of regional impact" means a development project (i) towards which the locality contributes infrastructure or real property as part of a public-private partnership with the developer that is equal to at least 20 percent of the aggregate cost of development, (ii) that is reasonably expected to require a capital investment of at least \$50 million, (iii) that is reasonably expected to generate at least \$5 million annually in state sales and use tax revenue from sales within the development, (iv) that is reasonably expected to attract at least one million visitors annually, (v) that is reasonably expected to create at least 2,000 permanent jobs, (vi) that is located in a locality that had a rate of unemployment at least three percentage points higher than the statewide average in November 2011, and (vii) that is located in a locality that is adjacent to a state that has adopted a Border Region Retail Tourism Development District Act. Within 30 days from the date of notification by a locality that it intends to contribute infrastructure or real property as part of a public-private partnership with the developer of a development of regional impact, the Department of Taxation shall review the findings of the locality with respect to clauses (i) through (vi) and shall file a written report with the Chairmen of the House Committee on Finance, the House Committee on Appropriations, and the Senate Committee on Finance.

C. Any municipality which has issued bonds (i) after December 31, 1991, but before January 1, 1996, (ii) on or after January 1, 1998, but before July 1, 1999, (iii) on or after January 1, 1999, but before July 1, 2001, (iv) on or after July 1, 2000, but before July 1, 2003, (v) on or after July 1, 2001, but before July 1, 2005, (vi) on or after July 1, 2004, but before July 1, 2007, (vii) on or after July 1, 2009, but before July 1, 2012, (viii) on or after January 1, 2011, but prior to July 1, 2015, or (ix) on or after January 1, 2013, but prior to July 1, ~~2020~~ 2024, to pay the cost, or portion thereof, of any public facility shall be entitled to all sales tax revenues generated by transactions taking place in such public facility. In the case of a public facility described in clause (v) of the definition of public facility, all such sales tax revenues shall be applied solely to repayment of the bonds issued to pay the cost, or portion thereof, of the municipality-owned component of the sports complex. Such entitlement shall continue for the lifetime of such bonds, or any refinancing or refunding thereof, but in no event shall such entitlement exceed 35 years from the initial date that any bonds were issued to pay the cost, or a portion thereof, of any public facility, and all such sales tax revenues shall be applied to repayment of the bonds. The State Comptroller shall remit such sales tax revenues to the municipality on a quarterly basis, subject to such reasonable processing delays as may be required by the Department of Taxation to calculate the actual net sales tax revenues derived from the public facility. The State Comptroller shall make such remittances to eligible municipalities, as provided herein, notwithstanding any provisions to the contrary in the Virginia Retail Sales and Use Tax Act (§ 58.1-600 et seq.). No such remittances shall be made until construction is completed and, in the case of a renovation or expansion, until the governing body of the municipality has certified that the renovation or expansion is completed; however, in the case of any public facility consisting of more than one building or structure, such remittances shall be made on a quarterly basis beginning with the first quarter in which any sales tax revenue is generated by transactions taking place at any building or structure within such public facility, whether or not construction of all or any portion, phase, building, or structure of such public facility has been completed.

D. Nothing in this section shall be construed as authorizing the pledging of the faith and credit of the Commonwealth of Virginia, or any of its revenues, for the payment of any bonds. Any appropriation made pursuant to this section shall be made only from sales tax revenues derived from the public facility for which bonds may have been issued to pay the cost, in whole or in part, of such public facility.

An Act to amend the Code of Virginia by adding in Article 4 of Chapter 3 of Title 58.1 a section numbered 58.1-356, relating to reporting of payments by third-party settlement organizations.

Approved March 2, 2020

[S 211]

1. That the Code of Virginia is amended by adding in Article 4 of Chapter 3 of Title 58.1 a section numbered 58.1-356 as follows:

B. Any third-party settlement organization shall report to the Department, and to any participating payee, all information required by § 6050W of the Internal Revenue Code with respect to reportable payment transactions made on or after January 1, 2020, to such participating payee. This section shall apply only with respect to participating payees with a Virginia mailing address.

C. Any information required by this section shall be reported to the Department on forms and using an electronic medium prescribed by the Tax Commissioner. All requests for waiver shall be transmitted to the Tax Commissioner in writing.

D. Any information required by this section shall be reported to the Department and participating payees within 30 days of the relevant federal deadlines for reporting such information. This requirement shall be applied as if the de minimis limitations of § 6041(a) of the Internal Revenue Code had been imposed for federal purposes rather than the de minimis limitations of § 6050W(e) of the Internal Revenue Code.

For purposes of this section, unless the context requires otherwise:

"Redevelopment or conservation area or rehabilitation district" means a redevelopment or conservation area or a rehabilitation district established in accordance with law.

A. The governing body of any county, city, or town may, by ordinance, provide for the partial exemption from taxation of (i) new structures located in a redevelopment or conservation area or rehabilitation district or (ii) other improvements to real estate located in a redevelopment or conservation area or rehabilitation district. The governing body of a county, city, or town may (a) establish criteria for determining whether real estate qualifies for the partial exemption authorized by this section, (b) establish requirements for the square footage of new structures that would qualify for the partial exemption, and (c) place such other restrictions and conditions on such new structures or improvements as may be prescribed by ordinance.

Such exempt amount shall be a covenant that runs with the land for the period of the exemption and shall not be reduced by the local governing body or its designee during the period of the exemption, unless the local governing body or its designee by written notice has advised the property owner at the initial time of approval of the exemption that the exempt amount may be decreased during the period of such exemption. In no event, however, shall such partial exemption result in totally exempting the value of the structure.

D. Nothing in this section shall be construed so as to permit the commissioner of the revenue to list upon the land book any reduced value due to the exemption provided in subsection B.

E. The governing body of any county, city, or town may assess a fee not to exceed \$125 for residential properties, or \$250 for commercial, industrial, and/or apartment properties of six units or more, for processing an application requesting the exemption provided by this section. No property shall be eligible for such exemption unless the appropriate building permits have been acquired and the commissioner of the revenue or assessing officer has verified that the new structures or other improvements have been completed.

F. Where the construction of a new structure is achieved through demolition and replacement of an existing structure, the exemption provided in subsection A shall not apply when any structure demolished is a registered Virginia landmark or is determined by the Department of Historic Resources to contribute to the significance of a registered historic district.

[H 1378]

Approved March 2, 2020

A party who is not represented by an attorney, including a person confined in a state or local correctional facility proceeding pro se, shall sign his pleading, motion, or other paper and state his address. *The signature of a person other than counsel of record who is an active member in good standing of the Virginia State Bar or a pro se litigant is not a valid signature.* A minor who is not represented by an attorney shall sign his pleading, motion, or other paper by his next friend. Either or both parents of such minor may sign on behalf of such minor as his next friend. However, a parent may not sign on behalf of a minor if such signature is otherwise prohibited by subdivision 6 of § 64.2-716. *If a pleading, motion, or other paper is not signed in compliance with this paragraph, it is defective. Such a defect renders the pleading, motion, or other paper voidable.*

B. The signature of an attorney or party constitutes a certificate by him that (i) he has read the pleading, motion, or other paper, (ii) to the best of his knowledge, information and belief, formed after reasonable inquiry, it is well grounded in fact and is warranted by existing law or a good faith argument for the extension, modification, or reversal of existing law, and (iii) it is not interposed for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation. ~~If a pleading, written motion, or other paper is not signed, it shall be stricken unless it is signed promptly after the omission is called to the attention of the pleader or movant.~~

C. An oral motion made by an attorney or party in any court of the Commonwealth constitutes a representation by him that (i) to the best of his knowledge, information and belief formed after reasonable inquiry it is well grounded in fact and is warranted by existing law or a good faith argument for the extension, modification or reversal of existing law, and (ii) it is not interposed for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation.

D. If a pleading, motion, or other paper is signed or made in violation of this ~~rule~~ section, the court, upon motion or upon its own initiative, shall impose upon the person who signed the paper or made the motion, a represented party, or both, an appropriate sanction, which may include an order to pay to the other party or parties the amount of the reasonable expenses incurred because of the filing of the pleading, motion, or other paper or making of the motion, including a reasonable ~~attorney's fee~~ attorney fees.

E. *Failure to raise the issue of a signature defect in a pleading, motion, or other paper before the trial court's jurisdiction expires pursuant to Rule 1:1 (a) and Rule 1:1B waives any challenge to that pleading, motion, or other paper based on such a defect.*

F. *Signature defects in appellate filings, including the notice of appeal, shall be raised in the appellate court where the appeal is taken. Failure to timely raise the issue of a defective signature in an appellate pleading, motion, or other paper while the case is pending before the appellate court waives any challenge to that pleading, motion, or other paper based on such a defect.*

G. *If a signature defect is not timely and properly cured after it is brought to the attention of the pleader or movant, the pleading, motion, or other paper is invalid and shall be stricken. A signature defect shall be cured within 21 days after it is brought to the attention of the pleader or movant. W. Petitions filed by a juvenile seeking judicial authorization for a physician to perform an abortion if a minor elects not to seek consent of an authorized person.

After a hearing, a judge shall issue an order authorizing a physician to perform an abortion, without the consent of any authorized person, if he finds that (i) the minor is mature enough and well enough informed to make her abortion decision, in consultation with her physician, independent of the wishes of any authorized person, or (ii) the minor is not mature enough or well enough informed to make such decision, but the desired abortion would be in her best interest.

If the judge authorizes an abortion based on the best interests of the minor, such order shall expressly state that such authorization is subject to the physician or his agent giving notice of intent to perform the abortion; however, no such notice shall be required if the judge finds that such notice would not be in the best interest of the minor. In determining whether notice is in the best interest of the minor, the judge shall consider the totality of the circumstances; however, he shall find that notice is not in the best interest of the minor if he finds that (i) one or more authorized persons with whom the minor regularly and customarily resides is abusive or neglectful, and (ii) every other authorized person, if any, is either abusive or neglectful or has refused to accept responsibility as parent, legal guardian, custodian or person standing in loco parentis.

The minor may participate in the court proceedings on her own behalf, and the court may appoint a guardian ad litem for the minor. The court shall advise the minor that she has a right to counsel and shall, upon her request, appoint counsel for her.

Notwithstanding any other provision of law, the provisions of this subsection shall govern proceedings relating to consent for a minor's abortion. Court proceedings under this subsection and records of such proceedings shall be confidential. Such proceedings shall be given precedence over other pending matters so that the court may reach a decision promptly and without delay in order to serve the best interests of the minor. Court proceedings under this subsection shall be heard and decided as soon as practicable but in no event later than four days after the petition is filed.

An expedited confidential appeal to the circuit court shall be available to any minor for whom the court denies an order authorizing an abortion without consent or without notice. Any such appeal shall be heard and decided no later than five

days after the appeal is filed. The time periods required by this subsection shall be subject to subsection B of § 1-210. An order authorizing an abortion without consent or without notice shall not be subject to appeal.

No filing fees shall be required of the minor at trial or upon appeal.

If either the original court or the circuit court fails to act within the time periods required by this subsection, the court before which the proceeding is pending shall immediately authorize a physician to perform the abortion without consent of or notice to an authorized person.

Nothing contained in this subsection shall be construed to authorize a physician to perform an abortion on a minor in circumstances or in a manner that would be unlawful if performed on an adult woman.

A physician shall not knowingly perform an abortion upon an unemancipated minor unless consent has been obtained or the minor delivers to the physician a court order entered pursuant to this section and the physician or his agent provides such notice as such order may require. However, neither consent nor judicial authorization nor notice shall be required if the minor declares that she is abused or neglected and the attending physician has reason to suspect that the minor may be an abused or neglected child as defined in § 63.2-100 and reports the suspected abuse or neglect in accordance with § 63.2-1509; or if there is a medical emergency, in which case the attending physician shall certify the facts justifying the exception in the minor's medical record.

For purposes of this subsection:

"Authorization" means the minor has delivered to the physician a notarized, written statement signed by an authorized person that the authorized person knows of the minor's intent to have an abortion and consents to such abortion being performed on the minor.

"Authorized person" means (i) a parent or duly appointed legal guardian or custodian of the minor or (ii) a person standing in loco parentis, including, but not limited to, a grandparent or adult sibling with whom the minor regularly and customarily resides and who has care and control of the minor. Continuing services and support provided under the Fostering Futures program shall include the following, where necessary:

1. Medical care under the state plan for medical assistance;

All case plans shall be developed in consultation with the program participant and, at the participant's option, with up to two members of the case planning team who are chosen by the program participant and are not a foster parent of or caseworker for such program participant. An individual selected by a program participant to be a member of the case planning team may be removed from the team at any time if there is good cause to believe that the individual would not act in the best interests of the program participant.

CHAPTER 115

An Act to amend and reenact §§ 8.01-81 and 8.01-83 of the Code of Virginia; to amend the Code of Virginia by adding sections numbered 8.01-81.1, 8.01-83.1, 8.01-83.2, and 8.01-83.3; and to repeal § 8.01-82 of the Code of Virginia, relating to partition of property.

[H 1605]

Approved March 3, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 8.01-81 and 8.01-83 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding sections numbered 8.01-81.1, 8.01-83.1, 8.01-83.2, and 8.01-83.3 as follows:

§ 8.01-81. Who may compel partition of land; jurisdiction; validation of certain partitions of mineral rights; when shares of two or more laid off together.

Tenants in common, joint tenants, executors with the power to sell, and coparceners of real property, including mineral rights east and south of the Clinch River, shall be compellable to make partition and may compel partition, but in the case of an executor only if the power of sale is properly exercisable at that time under the circumstances; and a lien creditor or any owner of undivided estate in real estate may also compel partition for the purpose of subjecting the estate of his debtor or the rents and profits thereof to the satisfaction of his lien. Any court having general equity jurisdiction shall have jurisdiction in cases of partitions, and in the exercise of such jurisdiction, *shall order partition in kind if the real property in question is susceptible to a practicable division and* may take cognizance of all questions of law affecting the legal title that may arise in any proceedings, between such tenants in common, joint tenants, executors with the power to sell, coparceners and lien creditors.

Any two or more of the parties, if they so elect, may have their shares laid off together when partition can be conveniently made in that way. If the court orders partition in kind, the court may require that one or more parties pay one or more parties' amounts so that the payments, taken together with the court-determined value of the in-kind distributions to the parties, will make the partition in kind just and proportionate in value to the fractional interests held. If the court orders partition in kind, the court shall allocate to the parties that are unknown, unlocatable, or the subject of a default judgment a part of the property representing the combined interests of such parties as determined by the court, and such part of the property shall remain undivided.

All partitions of mineral rights heretofore had, are hereby validated.

§ 8.01-81.1. Determination of value.

A. Except as otherwise provided in subsections B and C, the court in every partition action shall order an appraisal pursuant to subsection D, and such appraisal shall inform the court's determination of fair market value under subsection F. The expense of the appraisal shall be taxed as costs.

B. If all parties have agreed to the value of the property or to another method of valuation, the court shall adopt such value or the value produced by the agreed-upon method of valuation.

C. If the court determines that the evidentiary value of an appraisal is outweighed by the cost of the appraisal, the court, after an evidentiary hearing, shall enter an order to determine the fair market value for the property.

D. If the court orders an appraisal, the court shall appoint a disinterested real estate appraiser licensed in the Commonwealth to assist the court in determining the fair market value of the property assuming sole ownership of the fee simple estate. Upon completion of the appraisal, the appraiser shall file a sworn or verified appraisal with the court and shall, within three business days of such filing, mail a notice of filing to all counsel of record stating:

1. The appraised fair market value of the property;

2. That the appraisal is available at the clerk's office; and

3. That a party may file with the court an objection to the appraisal not later than 30 days after the notice is sent, stating the grounds for the objection.

E. If an appraisal is filed with the court pursuant to subsection D, the court shall conduct a hearing to determine the fair market value of the property not sooner than 31 days after a copy of the notice of the appraisal is sent to each party under subsection D, whether or not an objection to the appraisal is filed under subdivision D 3. In addition to the court-ordered appraisal, the court may consider any other evidence of value offered by a party.

F. After a hearing under subsection E, but before considering the merits of the partition action, the court shall enter an order determining the fair market value of the property.

§ 8.01-83. Allotment to one or more parties, or sale, in lieu of partition.

~~When partition~~ A. If at least one party to a partition action petitions the court for allotment or for a partition sale, the court may order allotment pursuant to this section or, if the court determines allotment is not practicable, a sale pursuant to § 8.01-83.1.

B. Before a court is authorized to allot or sell an undivided interest in a partition action, it shall first determine that partition in kind cannot be ~~conveniently~~ practicably made, ~~the~~. When the subject land is not susceptible to a practicable division in kind, the court shall next consider an allotment of the entire subject ~~may be allotted~~ property to any one or more of the parties who will accept it for a price equal to the value determined pursuant to § 8.01-81.1, and pay therefor to the other parties such sums of money as their interest therein may entitle them to; ~~or in any case in which partition cannot be conveniently made,~~ receive, notwithstanding that any of those entitled may be a person with a disability. If a purchaser is entitled to a share of the proceeds of the sale, the purchaser is entitled to a credit against the price in an amount equal to the purchaser's share of the proceeds. The court shall make distribution of the proceeds of the allotment according to the respective rights of those entitled, taking care, when there are creditors of any deceased person who was a tenant in common, joint tenant, or coparcener, to have the proceeds of such deceased person's part applied according to the rights of such creditors.

1. When the court considers allotment, it shall require the party or parties seeking allotment to notify all of the other parties (i) that the property may be allotted to any one or more of them who is willing to accept it and (ii) of the required price.

2. In the event that multiple parties seek allotment and disputes arise concerning such allotment, the court shall consider the following in making such allotment:

a. Evidence of the collective duration of ownership or possession of the property by a party and one or more predecessors in title or predecessors in possession to the party who are or were related to the party or each other;

b. A party's sentimental attachment to the property, including any attachment arising because the property has ancestral or other unique or special value to the party;

c. The lawful use being made of the property by a party and the degree to which the party would be harmed if the party could not continue the same use of the property;

d. The degree to which the parties have contributed their pro rata share of the property taxes, insurance, and other expenses associated with maintaining ownership of the property or have contributed to the physical improvement, maintenance, or upkeep of the property; and

e. Any other relevant factor.

The court shall not consider any one of the preceding factors to be dispositive without weighing the totality of all relevant factors and circumstances.

3. After the court determines which party or parties will participate in the allotment, the court shall notify all the parties of its decision and of the amount each party is to pay or receive for its allotted share pursuant to either this subsection or subsection C. The court shall set a date, not sooner than 60 days after notification to the parties, by which each party allotted a share of the property must pay the amount due to the court. If any party allocated a share fails to pay the amount due by the required date the court shall order a sale of the entire subject property pursuant to § 8.01-83.1, unless the court determines, based on the factors in this subsection, that it will allow another party or parties to acquire such share by paying for such share within a reasonable period of time set by the court.

C. If the court determines that such allotment of the entire subject is not practicable or is not equitable, and if the interest of those who are entitled to the subject, or its proceeds, will be promoted by a sale of the entire subject, or allotment of part and sale of the residue, the court, notwithstanding any of those entitled may be a person under a disability, may order such sale, or an allotment pursuant to subsection B of a part thereof to any one or more of the parties who will accept it and

pay therefor to the other parties such sums of money as their interest therein may entitle them to, and a sale of the residue; ~~and~~. The price for the part of the property allotted to one or more parties shall be the fair market value of such part as determined by the court unless all the parties agree to a value for the part, which the court shall adopt. The sale of the residue shall be conducted pursuant to § 8.01-83.1. The court shall make distribution of the proceeds of the allotment and sale of the residue, according to the respective rights of those entitled, taking care, when there are creditors of any deceased person who was a tenant in common, joint tenant, or coparcener, to have the proceeds of such deceased person's part applied according to the rights of such creditors.

D. If the court determines neither allotment of the entire subject property nor of a party of the subject property is practicable or equitable, it shall order a sale pursuant to § 8.01-83.1.

§ 8.01-83.1. Open-market sale, sealed bids, or auction.

A. If the court orders a sale of property in a partition action under the provisions of § 8.01-83, the sale shall be an open-market sale unless the court finds that a sale by sealed bids or at auction would be more economically advantageous and in the best interests of the parties as a group.

B. If the court orders an open-market sale and the parties, not later than 10 days after the entry of the order, agree on a real estate broker licensed in the Commonwealth to offer the property for sale, the court shall appoint the broker and establish a reasonable commission. If the parties do not agree on a broker, the court shall appoint a disinterested real estate broker licensed in the Commonwealth to offer the property for sale and shall establish a reasonable commission. The broker shall offer the property for sale in a commercially reasonable manner at a price no lower than the determination of value and on the terms and conditions established by the court, including setting a reasonable time for marketing the property at its court-determined value pursuant to § 8.01-81.1.

C. If the broker appointed under subsection B obtains within a reasonable time an offer to purchase the property for at least the determination of value:

1. The broker shall promptly file a report containing (i) a description of the property to be sold to each buyer; (ii) the name of each buyer; (iii) the proposed purchase price; (iv) the terms and conditions of the proposed sale, including the terms of any owner financing; (v) the amounts to be paid to lienholders; (vi) a statement of contractual or other arrangements or conditions of the broker's commission; and (vii) other material facts relevant to the sale; and

2. The court shall hold a hearing to approve the same and shall appoint a special commissioner to make the sale and execute the deed pursuant to Article 11 (§ 8.01-96 et seq.).

D. If the broker appointed under subsection B does not obtain within a reasonable time an offer to purchase the property for at least the determination of value, the court, after a hearing, may:

1. Approve the highest outstanding offer, if any;

2. Redetermine the value of the property and order that the property continue to be offered for an additional period of time; or

3. Order that the property be sold by sealed bids or at auction.

E. If the court orders a sale by sealed bids or at auction, the court shall set terms and conditions of such sale by sealed bids or an auction.

F. If a purchaser is entitled to a share of the proceeds of the sale, the purchaser is entitled to a credit against the price in an amount equal to the purchaser's share of the proceeds.

§ 8.01-83.2. Notice by posting.

If the plaintiff in a partition action seeks an order of publication pursuant to § 8.01-316, the plaintiff, not later than 10 days after the court's determination, shall post and maintain while the action is pending a conspicuous sign on the property that is the subject of the action. The sign shall state that the action has commenced and identify the name and address of the court and the common designation by which the property is known. The court may require the plaintiff to publish on the sign the name of the plaintiff and the known defendants.

§ 8.01-83.3. Commissioners.

If the court appoints commissioners pursuant to Article 11 (§ 8.01-96 et seq.), each commissioner, in addition to the requirements and disqualifications applicable to commissioners in Article 11, shall be disinterested and impartial and not a party to or participant in the action.

2. That § 8.01-82 of the Code of Virginia is repealed.

3. That the provisions of this act shall only apply to partition actions filed on or after July 1, 2020.

a. The locality shall execute an affidavit, citing this section, to the effect that (i) criminal blight exists on the property and in the manner described therein; (ii) the locality has used diligence without effect to abate the criminal blight; and (iii) the criminal blight constitutes a present threat to the public's health, safety, or welfare.

b. The locality shall then send a notice to the owner of the property, to be sent by (i) certified mail, return receipt requested; (ii) hand delivery; or (iii) overnight delivery by a commercial service or the United States Postal Service, to the last address listed for the owner on the locality's assessment records for the property, together with a copy of such affidavit, advising that (a) the owner has up to 30 days from the date thereof to undertake corrective action to abate the criminal blight described in such affidavit and (b) the locality will, if requested to do so, assist the owner in determining and coordinating the appropriate corrective action to abate the criminal blight described in such affidavit. c. If no corrective action is undertaken during such 30-day period, or during the extension if such extension is granted by the locality, the locality shall send by certified mail, return receipt requested, an additional notice to the owner of the property, at the address stated in subdivision b, stating (i) the date on which the locality may commence corrective action to abate the criminal blight on the property or (ii) the date on which the locality may commence legal action in a court of competent jurisdiction to obtain a court order to require that the owner take such corrective action or, if the owner does not take corrective action, a court order to revoke the certificate of occupancy for such property, which date shall be no earlier than 15 days after the date of mailing of the notice. 2. If the locality undertakes corrective action with respect to the property after complying with the provisions of subdivision 1, the costs and expenses thereof shall be chargeable to and paid by the owner of such property and may be collected by the locality as taxes are collected.

3. Every charge authorized by this section with which the owner of any such property has been assessed and that remains unpaid shall constitute a lien against such property with the same priority as liens for unpaid local real estate taxes and enforceable in the same manner as provided in Articles 3 (§ 58.1-3940 et seq.) and 4 (§ 58.1-3965 et seq.) of Chapter 39 of Title 58.1.

A copy of a preliminary protective order containing any such identifying information shall be forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders. Upon receipt of the order by the primary law-enforcement agency, the

agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith on the allegedly abusing person in person as provided in § 16.1-264 and due return made to the court. However, if the order is issued by the circuit court, the clerk of the circuit court shall forthwith forward an attested copy of the order containing the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court to the primary law-enforcement agency providing service and entry of protective orders and upon receipt of the order, the primary law-enforcement agency shall enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith on the allegedly abusing person in person as provided in § 16.1-264. Upon service, the agency making service shall enter the date and time of service and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network and make due return to the court. The preliminary order shall specify a date for the full hearing. The hearing shall be held within 15 days of the issuance of the preliminary order, unless the court is closed pursuant to § 16.1-69.35 or 17.1-207 and such closure prevents the hearing from being held within such time period, in which case the hearing shall be held on the next day not a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed. If such court is closed pursuant to § 16.1-69.35 or 17.1-207, the preliminary protective order shall remain in full force and effect until it is dissolved by such court, until another preliminary protective order is entered, or until a protective order is entered. If the respondent fails to appear at this hearing because the respondent was not personally served, or if personally served was incarcerated and not transported to the hearing, the court may extend the protective order for a period not to exceed six months. The extended protective order shall be served forthwith on the respondent. However, upon motion of the respondent and for good cause shown, the court may continue the hearing. The preliminary order shall remain in effect until the hearing. Upon request after the order is issued, the clerk shall provide the petitioner with a copy of the order and information regarding the date and time of service. The order shall further specify that either party may at any time file a motion with the court requesting a hearing to dissolve or modify the order. The hearing on the motion shall be given precedence on the docket of the court. *Upon petitioner's motion to dissolve the preliminary protective order, a dissolution order may be issued ex parte by the court with or without a hearing. If an ex parte hearing is held, it shall be heard by the court as soon as practicable. If a dissolution order is issued ex parte, the court shall serve a copy of such dissolution order on respondent in conformity with §§ 8.01-286.1 and 8.01-296.*

Upon receipt of the return of service or other proof of service pursuant to subsection C of § 16.1-264, the clerk shall forthwith forward an attested copy of the preliminary protective order to the primary law-enforcement agency, and the agency shall forthwith verify and enter any modification as necessary into the Virginia Criminal Information Network as described above. If the order is later dissolved or modified, a copy of the dissolution or modification order shall also be attested, forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders, and upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network as described above and the order shall be served forthwith and due return made to the court.

C. The preliminary order is effective upon personal service on the allegedly abusing person. Except as otherwise provided in § 16.1-253.2, a violation of the order shall constitute contempt of court.

D. At a full hearing on the petition, the court may issue a protective order pursuant to § 16.1-279.1 if the court finds that the petitioner has proven the allegation of family abuse by a preponderance of the evidence.

E. Neither a law-enforcement agency, the attorney for the Commonwealth, a court nor the clerk's office, nor any employee of them, may disclose, except among themselves, the residential address, telephone number, or place of employment of the person protected by the order or that of the family of such person, except to the extent that disclosure is (i) required by law or the Rules of the Supreme Court, (ii) necessary for law-enforcement purposes, or (iii) permitted by the court for good cause.

F. As used in this section, "copy" includes a facsimile copy.

G. No fee shall be charged for filing or serving any petition or order pursuant to this section.

H. Upon issuance of a preliminary protective order, the clerk of the court shall make available to the petitioner information that is published by the Department of Criminal Justice Services for victims of domestic violence or for petitioners in protective order cases.

§ 16.1-279.1. Protective order in cases of family abuse.

A. In cases of family abuse, including any case involving an incarcerated or recently incarcerated respondent against whom a preliminary protective order has been issued pursuant to § 16.1-253.1, the court may issue a protective order to protect the health and safety of the petitioner and family or household members of the petitioner. A protective order issued under this section may include any one or more of the following conditions to be imposed on the respondent:

1. Prohibiting acts of family abuse or criminal offenses that result in injury to person or property;
2. Prohibiting such contacts by the respondent with the petitioner or family or household members of the petitioner as the court deems necessary for the health or safety of such persons;

3. Granting the petitioner possession of the residence occupied by the parties to the exclusion of the respondent; however, no such grant of possession shall affect title to any real or personal property;

4. Enjoining the respondent from terminating any necessary utility service to the residence to which the petitioner was granted possession pursuant to subdivision 3 or, where appropriate, ordering the respondent to restore utility services to that residence;

5. Granting the petitioner and, where appropriate, any other family or household member of the petitioner, exclusive use and possession of a cellular telephone number or electronic device. The court may enjoin the respondent from terminating a cellular telephone number or electronic device before the expiration of the contract term with a third-party provider. The court may enjoin the respondent from using a cellular telephone or other electronic device to locate the petitioner;

6. Granting the petitioner temporary possession or use of a motor vehicle owned by the petitioner alone or jointly owned by the parties to the exclusion of the respondent and enjoining the respondent from terminating any insurance, registration, or taxes on the motor vehicle and directing the respondent to maintain the insurance, registration, and taxes, as appropriate; however, no such grant of possession or use shall affect title to the vehicle;

7. Requiring that the respondent provide suitable alternative housing for the petitioner and, if appropriate, any other family or household member and where appropriate, requiring the respondent to pay deposits to connect or restore necessary utility services in the alternative housing provided;

8. Ordering the respondent to participate in treatment, counseling or other programs as the court deems appropriate;

10. Any other relief necessary for the protection of the petitioner and family or household members of the petitioner, including a provision for temporary custody or visitation of a minor child.

A1. If a protective order is issued pursuant to subsection A, the court may also issue a temporary child support order for the support of any children of the petitioner whom the respondent has a legal obligation to support. Such order shall terminate upon the determination of support pursuant to § 20-108.1.

B. The protective order may be issued for a specified period of time up to a maximum of two years. The protective order shall expire at 11:59 p.m. on the last day specified or at 11:59 p.m. on the last day of the two-year period if no date is specified. Prior to the expiration of the protective order, a petitioner may file a written motion requesting a hearing to extend the order. Proceedings to extend a protective order shall be given precedence on the docket of the court. If the petitioner was a family or household member of the respondent at the time the initial protective order was issued, the court may extend the protective order for a period not longer than two years to protect the health and safety of the petitioner or persons who are family or household members of the petitioner at the time the request for an extension is made. The extension of the protective order shall expire at 11:59 p.m. on the last day specified or at 11:59 p.m. on the last day of the two-year period if no date is specified. Nothing herein shall limit the number of extensions that may be requested or issued.

C. A copy of the protective order shall be served on the respondent and provided to the petitioner as soon as possible. The court, including a circuit court if the circuit court issued the order, shall forthwith, but in all cases no later than the end of the business day on which the order was issued, enter and transfer electronically to the Virginia Criminal Information Network the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court and shall forthwith forward the attested copy of the protective order containing any such identifying information to the primary law-enforcement agency responsible for service and entry of protective orders. Upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith upon the respondent and due return made to the court. Upon service, the agency making service shall enter the date and time of service and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network and make due return to the court. If the order is later dissolved or modified, a copy of the dissolution or modification order shall also be attested, forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders, and upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network as described above and the order shall be served forthwith and due return made to the court.

D. Except as otherwise provided in § 16.1-253.2, a violation of a protective order issued under this section shall constitute contempt of court.

E. The court may assess costs and attorneys' fees against either party regardless of whether an order of protection has been issued as a result of a full hearing.

F. Any judgment, order or decree, whether permanent or temporary, issued by a court of appropriate jurisdiction in another state, the United States or any of its territories, possessions or Commonwealths, the District of Columbia or by any tribal court of appropriate jurisdiction for the purpose of preventing violent or threatening acts or harassment against or contact or communication with or physical proximity to another person, including any of the conditions specified in subsection A, shall be accorded full faith and credit and enforced in the Commonwealth as if it were an order of the Commonwealth, provided reasonable notice and opportunity to be heard were given by the issuing jurisdiction to the person

against whom the order is sought to be enforced sufficient to protect such person's due process rights and consistent with federal law. A person entitled to protection under such a foreign order may file the order in any juvenile and domestic relations district court by filing with the court an attested or exemplified copy of the order. Upon such a filing, the clerk shall forthwith forward an attested copy of the order to the primary law-enforcement agency responsible for service and entry of protective orders which shall, upon receipt, enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52. Where practical, the court may transfer information electronically to the Virginia Criminal Information Network.

Upon inquiry by any law-enforcement agency of the Commonwealth, the clerk shall make a copy available of any foreign order filed with that court. A law-enforcement officer may, in the performance of his duties, rely upon a copy of a foreign protective order or other suitable evidence which has been provided to him by any source and may also rely upon the statement of any person protected by the order that the order remains in effect.

G. Either party may at any time file a written motion with the court requesting a hearing to dissolve or modify the order. Proceedings to dissolve or modify a protective order shall be given precedence on the docket of the court. *Upon petitioner's motion to dissolve the protective order, a dissolution order may be issued ex parte by the court with or without a hearing. If an ex parte hearing is held, it shall be heard by the court as soon as practicable. If a dissolution order is issued ex parte, the court shall serve a copy of such dissolution order on respondent in conformity with §§ 8.01-286.1 and 8.01-296.*

H. As used in this section:

"Copy" includes a facsimile copy; and

"Protective order" includes an initial, modified or extended protective order.

I. Neither a law-enforcement agency, the attorney for the Commonwealth, a court nor the clerk's office, nor any employee of them, may disclose, except among themselves, the residential address, telephone number, or place of employment of the person protected by the order or that of the family of such person, except to the extent that disclosure is (i) required by law or the Rules of the Supreme Court, (ii) necessary for law-enforcement purposes, or (iii) permitted by the court for good cause.

J. No fee shall be charged for filing or serving any petition or order pursuant to this section.

K. Upon issuance of a protective order, the clerk of the court shall make available to the petitioner information that is published by the Department of Criminal Justice Services for victims of domestic violence or for petitioners in protective order cases.

§ 19.2-152.9. Preliminary protective orders.

A. Upon the filing of a petition alleging that (i) the petitioner is or has been, within a reasonable period of time, subjected to an act of violence, force, or threat, or (ii) a petition or warrant has been issued for the arrest of the alleged perpetrator for any criminal offense resulting from the commission of an act of violence, force, or threat, the court may issue a preliminary protective order against the alleged perpetrator in order to protect the health and safety of the petitioner or any family or household member of the petitioner. The order may be issued in an ex parte proceeding upon good cause shown when the petition is supported by an affidavit or sworn testimony before the judge or intake officer. If an ex parte order is issued without an affidavit or a completed form as prescribed by subsection D of § 19.2-152.8 being presented, the court, in its order, shall state the basis upon which the order was entered, including a summary of the allegations made and the court's findings. Immediate and present danger of any act of violence, force, or threat or evidence sufficient to establish probable cause that an act of violence, force, or threat has recently occurred shall constitute good cause.

A preliminary protective order may include any one or more of the following conditions to be imposed on the respondent:

1. Prohibiting acts of violence, force, or threat or criminal offenses that may result in injury to person or property;
2. Prohibiting such other contacts by the respondent with the petitioner or the petitioner's family or household members as the court deems necessary for the health and safety of such persons;
3. Such other conditions as the court deems necessary to prevent (i) acts of violence, force, or threat, (ii) criminal offenses that may result in injury to person or property, or (iii) communication or other contact of any kind by the respondent; and
4. Granting the petitioner the possession of any companion animal as defined in § 3.2-6500 if such petitioner meets the definition of owner in § 3.2-6500.

B. The court shall forthwith, but in all cases no later than the end of the business day on which the order was issued, enter and transfer electronically to the Virginia Criminal Information Network the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court. A copy of a preliminary protective order containing any such identifying information shall be forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders. Upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith on the alleged perpetrator in person as provided in § 16.1-264, and due return made to the court. However, if the order is issued by the circuit court, the clerk of the circuit court shall forthwith forward an attested copy of the order containing the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the

court to the primary law-enforcement agency providing service and entry of protective orders and upon receipt of the order, the primary law-enforcement agency shall enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith on the alleged perpetrator in person as provided in § 16.1-264. Upon service, the agency making service shall enter the date and time of service and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network and make due return to the court. The preliminary order shall specify a date for the full hearing. The hearing shall be held within 15 days of the issuance of the preliminary order, unless the court is closed pursuant to § 16.1-69.35 or 17.1-207 and such closure prevents the hearing from being held within such time period, in which case the hearing shall be held on the next day not a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed. If such court is closed pursuant to § 16.1-69.35 or 17.1-207, the preliminary protective order shall remain in full force and effect until it is dissolved by such court, until another preliminary protective order is entered, or until a protective order is entered. If the respondent fails to appear at this hearing because the respondent was not personally served, the court may extend the protective order for a period not to exceed six months. The extended protective order shall be served as soon as possible on the respondent. However, upon motion of the respondent and for good cause shown, the court may continue the hearing. The preliminary order shall remain in effect until the hearing. Upon request after the order is issued, the clerk shall provide the petitioner with a copy of the order and information regarding the date and time of service. The order shall further specify that either party may at any time file a motion with the court requesting a hearing to dissolve or modify the order. The hearing on the motion shall be given precedence on the docket of the court. *Upon petitioner's motion to dissolve the preliminary protective order, a dissolution order may be issued ex parte by the court with or without a hearing. If an ex parte hearing is held, it shall be heard by the court as soon as practicable. If a dissolution order is issued ex parte, the court shall serve a copy of such dissolution order on respondent in conformity with §§ 8.01-286.1 and 8.01-296.*

Upon receipt of the return of service or other proof of service pursuant to subsection C of § 16.1-264, the clerk shall forthwith forward an attested copy of the preliminary protective order to primary law-enforcement agency and the agency shall forthwith verify and enter any modification as necessary into the Virginia Criminal Information Network as described above. If the order is later dissolved or modified, a copy of the dissolution or modification order shall also be attested, forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders, and upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network as described above and the order shall be served forthwith and due return made to the court.

C. The preliminary order is effective upon personal service on the alleged perpetrator. Except as otherwise provided, a violation of the order shall constitute contempt of court.

D. At a full hearing on the petition, the court may issue a protective order pursuant to § 19.2-152.10 if the court finds that the petitioner has proven the allegation that the petitioner is or has been, within a reasonable period of time, subjected to an act of violence, force, or threat by a preponderance of the evidence.

E. No fees shall be charged for filing or serving petitions pursuant to this section.

F. Neither a law-enforcement agency, the attorney for the Commonwealth, a court nor the clerk's office, nor any employee of them, may disclose, except among themselves, the residential address, telephone number, or place of employment of the person protected by the order or that of the family of such person, except to the extent that disclosure is (i) required by law or the Rules of the Supreme Court, (ii) necessary for law-enforcement purposes, or (iii) permitted by the court for good cause.

G. As used in this section, "copy" includes a facsimile copy.

H. Upon issuance of a preliminary protective order, the clerk of the court shall make available to the petitioner information that is published by the Department of Criminal Justice Services for victims of domestic violence or for petitioners in protective order cases.

§ 19.2-152.10. Protective order.

A. The court may issue a protective order pursuant to this chapter to protect the health and safety of the petitioner and family or household members of a petitioner upon (i) the issuance of a petition or warrant for, or a conviction of, any criminal offense resulting from the commission of an act of violence, force, or threat or (ii) a hearing held pursuant to subsection D of § 19.2-152.9. A protective order issued under this section may include any one or more of the following conditions to be imposed on the respondent:

1. Prohibiting acts of violence, force, or threat or criminal offenses that may result in injury to person or property;
2. Prohibiting such contacts by the respondent with the petitioner or family or household members of the petitioner as the court deems necessary for the health or safety of such persons;
3. Any other relief necessary to prevent (i) acts of violence, force, or threat, (ii) criminal offenses that may result in injury to person or property, or (iii) communication or other contact of any kind by the respondent; and
4. Granting the petitioner the possession of any companion animal as defined in § 3.2-6500 if such petitioner meets the definition of owner in § 3.2-6500.

B. The protective order may be issued for a specified period of time up to a maximum of two years. The protective order shall expire at 11:59 p.m. on the last day specified or at 11:59 p.m. on the last day of the two-year period if no date is

specified. Prior to the expiration of the protective order, a petitioner may file a written motion requesting a hearing to extend the order. Proceedings to extend a protective order shall be given precedence on the docket of the court. The court may extend the protective order for a period not longer than two years to protect the health and safety of the petitioner or persons who are family or household members of the petitioner at the time the request for an extension is made. The extension of the protective order shall expire at 11:59 p.m. on the last day specified or at 11:59 p.m. on the last day of the two-year period if no date is specified. Nothing herein shall limit the number of extensions that may be requested or issued.

C. A copy of the protective order shall be served on the respondent and provided to the petitioner as soon as possible. The court, including a circuit court if the circuit court issued the order, shall forthwith, but in all cases no later than the end of the business day on which the order was issued, enter and transfer electronically to the Virginia Criminal Information Network the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court and shall forthwith forward the attested copy of the protective order and containing any such identifying information to the primary law-enforcement agency responsible for service and entry of protective orders. Upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith upon the respondent and due return made to the court. D. Except as otherwise provided, a violation of a protective order issued under this section shall constitute contempt of court.

E. The court may assess costs and attorneys' fees against either party regardless of whether an order of protection has been issued as a result of a full hearing.

F. Any judgment, order or decree, whether permanent or temporary, issued by a court of appropriate jurisdiction in another state, the United States or any of its territories, possessions or Commonwealths, the District of Columbia or by any tribal court of appropriate jurisdiction for the purpose of preventing violent or threatening acts or harassment against or contact or communication with or physical proximity to another person, including any of the conditions specified in subsection A, shall be accorded full faith and credit and enforced in the Commonwealth as if it were an order of the Commonwealth, provided reasonable notice and opportunity to be heard were given by the issuing jurisdiction to the person against whom the order is sought to be enforced sufficient to protect such person's due process rights and consistent with federal law. A person entitled to protection under such a foreign order may file the order in any appropriate district court by filing with the court, an attested or exemplified copy of the order. Upon such a filing, the clerk shall forthwith forward an attested copy of the order to the primary law-enforcement agency responsible for service and entry of protective orders which shall, upon receipt, enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52. Where practical, the court may transfer information electronically to the Virginia Criminal Information Network.

Upon inquiry by any law-enforcement agency of the Commonwealth, the clerk shall make a copy available of any foreign order filed with that court. A law-enforcement officer may, in the performance of his duties, rely upon a copy of a foreign protective order or other suitable evidence which has been provided to him by any source and may also rely upon the statement of any person protected by the order that the order remains in effect.

CHAPTER 138

An Act to amend and reenact § 15.2-2261 of the Code of Virginia, relating to subdivision plats.

[H 929]

Approved March 4, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2261 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2261. Recorded plats or final site plans to be valid for not less than five years.

A. An approved final subdivision plat which has been recorded or an approved final site plan, hereinafter referred to as "recorded plat or final site plan," shall be valid for a period of not less than five years from the date of approval thereof or for such longer period as the local planning commission or other agent may, at the time of approval, determine to be reasonable, taking into consideration the size and phasing of the proposed development. A site plan shall be deemed final once it has been reviewed and approved by the locality if the only requirements remaining to be satisfied in order to obtain a building permit are the posting of any bonds and escrows or the submission of any other administrative documents, agreements, deposits, or fees required by the locality in order to obtain the permit. However, any fees that are customarily due and owing at the time of the agency review of the site plan shall be paid in a timely manner.

B. 1. Upon application of the subdivider or developer filed prior to expiration of a recorded plat or final site plan, the local planning commission or other agent may grant one or more extensions of such approval for additional periods as the commission or other agent may, at the time the extension is granted, determine to be reasonable, taking into consideration the size and phasing of the proposed development, the laws, ordinances and regulations in effect at the time of the request for an extension.

2. If the commission or other agent denies an extension requested as provided herein and the subdivider or developer contends that such denial was not properly based on the ordinance applicable thereto, the foregoing considerations for granting an extension, or was arbitrary or capricious, he may appeal to the circuit court having jurisdiction of land subject to the recorded plat or final site plan, provided that such appeal is filed with the circuit court within sixty days of the written denial by the commission or other agency.

C. For so long as the final site plan remains valid in accordance with the provisions of this section, or in the case of a recorded plat for five years after approval, no change or amendment to any local ordinance, map, resolution, rule, regulation, policy or plan adopted subsequent to the date of approval of the recorded plat or final site plan shall adversely affect the right of the subdivider or developer or his successor in interest to commence and complete an approved development in accordance with the lawful terms of the recorded plat or site plan unless the change or amendment is required to comply with state law or there has been a mistake, fraud or a change in circumstances substantially affecting the public health, safety or welfare.

D. Application for minor modifications to recorded plats or final site plans made during the periods of validity of such plats or plans established in accordance with this section shall not constitute a waiver of the provisions hereof nor shall the approval of minor modifications extend the period of validity of such plats or plans.

E. The provisions of this section shall be applicable to all recorded plats and final site plans valid on or after January 1, 1992. Nothing contained in this section shall be construed to affect (i) any litigation concerning the validity of a site plan pending prior to January 1, 1992, or any such litigation nonsuited and thereafter refiled; (ii) the authority of a governing body to impose valid conditions upon approval of any special use permit, conditional use permit or special exception; (iii) the application to individual lots on recorded plats or parcels of land subject to final site plans, to the greatest extent possible, of the provisions of any local ordinance adopted pursuant to the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.); or (iv) the application to individual lots on recorded plats or parcels of land subject to final site plans of the provisions of any local ordinance adopted to comply with the requirements of the federal Clean Water Act, Section 402 (p.) of the Stormwater Program and regulations promulgated thereunder by the Environmental Protection Agency.

F. An approved final subdivision plat that has been recorded, from which any part of the property subdivided has been conveyed to third parties (other than to the developer or local jurisdiction), or a recorded plat dedicating real property to the local jurisdiction or public body that has been accepted by such grantee, shall remain valid for an indefinite period of time unless and until any portion of the property is subject to a vacation action as set forth in §§ 15.2-2270 through 15.2-2278.

CHAPTER 139

An Act to amend and reenact § 15.2-1646 of the Code of Virginia, relating to relocation or expansion of courthouse.

[H 938]

Approved March 4, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-1646 of the Code of Virginia is amended and reenacted as follows:

If the vote is for removal, the board of supervisors shall at once proceed to acquire the necessary land at the new location, if the same has not been donated, and to erect the necessary buildings and improvements.

The relocation or expansion of a courthouse to (i) land contiguous with its present location, including contiguous property directly across a public right-of-way, or (ii) any property within 1,000 feet of the parcel upon which the courthouse is located, and within the same county or city, or town is not such a removal as to require authorization by the electorate.

The provisions of these sections requiring authorization by the electorate shall not apply, in the case of a joint court system, between Albemarle County and the City of Charlottesville, James City County and the City of Williamsburg, York County and the City of Poquoson, and Greensville County and the City of Emporia, to the relocation of the courthouse to other land within the localities which it serves, from its present location, if the governing bodies find by concurrent resolutions that the existing courthouse is inadequate and that renovation or expansion of the existing courthouse is not feasible.

CHAPTER 143

An Act to amend the Code of Virginia by adding a section numbered 15.2-2305.1, relating to affordable housing dwelling unit ordinances.

[H 1101]

Approved March 4, 2020

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 15.2-2305.1 as follows:

§ 15.2-2305.1. Affordable housing dwelling unit ordinances.

A. In furtherance of the purpose of providing affordable shelter for all, the governing body of any locality, other than localities to which § 15.2-2304 applies, may by amendment to the zoning ordinances of such locality provide for an affordable housing dwelling unit program. Such program shall address housing needs, promote a full range of housing choices, and encourage the construction and continued existence of housing affordable to low-and-moderate-income citizens by providing for increases in density to the applicant in exchange for the applicant voluntarily electing to provide such affordable housing. Any local ordinance providing optional increases in density for provision of low-and-moderate-income housing adopted before December 31, 1988, shall continue in full force and effect. Any local ordinance may authorize the governing body to (i) establish qualifying jurisdiction-wide affordable dwelling unit sales prices based on local market conditions, (ii) establish jurisdiction-wide affordable housing dwelling unit qualifying income guidelines, and (iii) offer incentives other than density increases, such as reductions or waivers of permit, development, and infrastructure fees, as the governing body deems appropriate to encourage the provision of affordable housing. Counties to which § 15.2-2304 applies shall be governed by the provisions of § 15.2-2304 for purposes of the adoption of an affordable housing dwelling unit ordinance.

B. Any zoning ordinance establishing an affordable housing dwelling unit program pursuant to this section may include reasonable regulations and provisions as to any or all of the following:

1. For application of the requirements of an affordable housing dwelling unit program to any site, as defined by the locality, or a portion thereof at one location that is the subject of an application for rezoning or special exception or site plan or subdivision plat which yields, as submitted by the applicant, at an equivalent density greater than one unit per acre and that is located within an approved sewer area.

2. The waiver of any fees associated with the construction, renovation, or rehabilitation of a structure, including but not limited to building permit fees, application review fees, and water and sewer connection fees.

3. For standards of compliance with the provisions of an affordable housing dwelling unit program and for the authority of the local governing body or its designee to enforce compliance with such standards and impose reasonable penalties for noncompliance, provided that a local zoning ordinance provide for an appeal process for any party aggrieved by a decision of the local governing body.

4. For establishment of a local housing fund as part of its affordable housing dwelling unit program to assist in achieving the affordable housing goals of the locality pursuant to this section. The local housing fund may be a dedicated fund within the other funds of the locality, but any funds received pursuant to this section shall be used for achieving the affordable housing goals of the locality. A locality shall not condition the submission, review, or approval of any application for a housing development upon a contribution by the applicant to the locality's housing trust fund.

5. For reasonable regulations requiring the affordable dwelling units to be built and offered for sale or rental concurrently with the construction and certificate of occupancy of a reasonable proportion of the market rate units.

6. For administration and regulation by a local housing authority or the local governing body or its designee of the sale and rental of affordable units.

7. For a local housing authority or local governing body or its designee to have an exclusive right to purchase up to one-third of the for-sale affordable housing dwelling units within a development within 90 days of a dwelling unit being completed and ready for purchase, provided that the remaining two-thirds of such units be offered for sale exclusively for a 90-day period to persons who meet the income criteria established by the local housing authority or the local governing body or its designee.

8. For a local housing authority or a local governing body or its designee to have an exclusive right to lease up to a specified percentage of the rental affordable dwelling units within a development within a controlled period determined by the housing authority or the local governing body or its designee, provided that the remaining for-rental affordable dwelling units within a development be offered to persons who meet the income criteria established by the local housing authority or the local governing body or its designee.

9. For the establishment of jurisdiction-wide affordable housing dwelling unit sales prices by the local housing authority or the local governing body or its designee, initially and adjusted semiannually, based on a determination of all ordinary, necessary, and reasonable costs required to construct the affordable dwelling unit prototype dwellings by private industry after considering written comment by the public, the local housing authority, or an advisory body to the local governing body, and other information such as the area's current general market and economic conditions, provided that sales prices do not include the cost of land, on-site sales commissions, and marketing expenses, but may include, among other costs, builder-paid permanent mortgage placement costs and buy-down fees and closing costs except prepaid expenses required at settlement.

10. For the establishment of jurisdiction-wide affordable dwelling unit rental prices by a local housing authority or the local governing body or its designee, initially and adjusted semiannually, based on a determination of all ordinary, necessary, and reasonable costs required to construct and market the required number of affordable dwelling rental units by private industry in the area, after considering written comment by the public, the local housing authority, or an advisory body to the local governing body, and other information such as the area's current general market and economic conditions.

11. For a requirement that the prices for the sales and rentals of affordable dwelling units subsequent to the initial sale or rental transaction be controlled by the local housing authority or the local governing body or its designee for a period of not less than 15 years nor more than 50 years after the initial sale or rental transaction for each affordable dwelling unit, provided that the ordinance further provides for reasonable rules and regulations to implement a price control provision.

C. For any building that is four stories or taller and has an elevator, the applicant may request, and the locality shall consider, the unique ancillary costs associated with living in such a building in determining whether such housing will be affordable under the definition established by the locality in its ordinance adopted pursuant to this section. However, for localities under this section in Planning District 8, nothing in this section shall apply to any elevator structure four stories or taller.

D. Any ordinance adopted hereunder shall provide that the local governing body shall have no more than 280 days in which to process site or subdivision plans proposing the development or construction of affordable housing or affordable dwelling units under such ordinance. The calculation of such period of review shall include only the time that plans are in review by the local governing body and shall not include such time as may be required for revision or modification in order to comply with lawful requirements set forth in applicable ordinances and local regulations.

E. Any zoning ordinance establishing an affordable housing dwelling unit program under this section shall adopt the following regulations and provisions to establish an affordable housing density bonus and development standards relief program:

1. Adopt procedures for processing an application authorized under this subdivision, which shall include a provision for a list of all documents and information required to be submitted with an application for a housing development.

Procedures authorized by this subdivision shall require the zoning administrator or his designee to make an official determination in writing within 30 days of the application date as to each of the following, as applicable: (i) the amount of density bonus, calculated pursuant to subdivision 2, for which the applicant is eligible; (ii) if the applicant requests a parking ratio pursuant to subdivision 4, the parking ratio for which the applicant is eligible; and (iii) if the applicant requests waivers or reductions of development standards pursuant to subdivision 3, whether the applicant has provided adequate information for the locality to make a determination as to those waivers or reductions of development standards. An appeal by a party aggrieved of an official determination pursuant to this subdivision shall be made to the board of zoning appeals pursuant to § 15.2-2311.

2. The locality shall grant a density bonus, the amount of which shall be as specified in the corresponding table accompanying this subdivision, when an applicant voluntarily seeks and agrees to construct a housing development, excluding any units permitted by the density bonus awarded pursuant to this section, that will contain at least:

a. Ten percent of the total units of a housing development deemed affordable, as defined in this section, for low-income households; or

b. Five percent of the total units of a housing development deemed affordable, as defined in this section, for very-low-income households;

For housing developments meeting the criteria of subdivision a, the density bonus shall be calculated as follows:

<i>Percentage Low-Income Units</i>	<i>Percentage Density Bonus</i>
10	20
11	21.5
12	23
13	24.5
14	26

31	51.5
32	53

5	20
6	22.5
7	25
8	27.5

For housing developments meeting the criteria of subdivision a or b, an applicant shall be awarded an increase over the otherwise maximum allowable gross residential density as of the date of application by the applicant to the locality, or, if elected by the applicant, a lesser percentage of density increase, including but not limited to no increase in density.

3. An applicant for a density bonus pursuant to subdivision 2 a or b may request a waiver or reduction of local development standards that (i) physically preclude the construction of a project at the density permitted by this section or (ii) impact the financial feasibility of a project submitted pursuant to this section. The locality shall grant the waiver or reduction of local development standards requested by the applicant unless the locality is able to make a written determination that such waiver or reduction would have a specific, adverse impact upon health, safety, or the physical environment. The locality may also recommend to the applicant modifications of the initial request for waiver or reduction of local development standards that would satisfy the locality's concerns. Nothing in this subsection shall be interpreted to require a locality to waive or reduce development standards that would have an adverse impact on any real property that is listed in the Virginia Landmarks Register or National Register of Historic Places or would be contrary to state or federal law.

4. An applicant for a density bonus pursuant to subdivision 2 a or b may request a waiver or reduction in any local parking ratios or requirements. The locality shall grant the waiver or reduction unless the locality is able to make a written determination that such waiver or reduction would have a specific, adverse impact upon health, safety, or the physical environment of residents of the locality. The locality may also recommend to the applicant modifications of the initial request for waiver or reduction of local development standards that would satisfy the locality's concerns. This subdivision does not preclude a locality from reducing or eliminating a parking requirement for development projects of any type in any location.

F. A locality establishing an affordable housing dwelling unit program in any ordinance shall establish in its general ordinances, adopted in accordance with the requirements of subsection B of § 15.2-1427, reasonable regulations and provisions as to the following:

The sales and rental price for affordable dwelling units within a development shall be established such that the owner or applicant, or both, shall not suffer economic loss as a result of providing the required affordable dwelling units. For purposes of this subsection, "economic loss" for sales units means that result when the owner or applicant of a development

fails to recoup the cost of construction and certain allowances as may be determined by the designee of the governing body for the affordable dwelling units, exclusive of the cost of land acquisition and cost voluntarily incurred but not authorized by the ordinance, upon the sale of an affordable dwelling unit.

G. Any locality establishing an affordable housing dwelling unit program pursuant to this section shall not condition the submission, review, or approval of any application for a housing development on the basis of an applicant's decision to incorporate units deemed affordable for low-income or very-low-income households.

H. Notwithstanding any other provisions of this chapter, as used in this section, unless the context requires a different meaning:

"Affordable" means, as a guideline, housing that is affordable to households with incomes at or below the area median income, provided that the occupant pays no more than 30 percent of his gross income for gross housing costs, including utilities.

"Density bonus" means a density increase over the otherwise maximum allowable gross residential density as of the date of application by the applicant to the locality, or, if elected by the applicant, a lesser percentage of density increase, including but not limited to no increase in density.

"Development standard" includes any local land use, site, or construction regulation, including but not limited to height restrictions, setback requirements, side yard requirements, minimum area requirements, minimum lot size requirements, floor area ratios, or onsite open-space requirements that applies to a residential or mixed-use development pursuant to any local ordinance, policy, resolution, or regulation.

"Housing development" means a specific work or improvement within the Commonwealth, whether multifamily residential housing or single-family residential housing, undertaken primarily to provide dwelling accommodations, including the acquisition, construction, rehabilitation, preservation, or improvement of land, buildings, and improvements thereto, for residential housing, and such other nonhousing facilities as may be incidental, related, or appurtenant thereto.

"Low-income household" means any individual or family whose incomes do not exceed 80 percent of the area median income for the locality in which the housing development is being proposed.

"Maximum allowable residential density" means the density allowed under the zoning ordinance and land use element of the comprehensive plan, or, if a range of density is permitted, means the maximum allowable density for the specific zoning range and land use element of the general plan applicable to the project. If the density allowed under the zoning ordinance is inconsistent with the density allowed under the land use element of the general plan, the general plan density shall prevail.

"Very-low-income household" means any individual or family whose incomes do not exceed 50 percent of the area median income for the locality in which the housing development is being proposed.

CHAPTER 164

An Act to amend and reenact § 56-585.1:5 of the Code of Virginia, relating to electric utility regulation; underground electric transmission line pilot program.

[H 576]

Approved March 4, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 56-585.1:5 of the Code of Virginia is amended and reenacted as follows:

§ 56-585.1:5. Pilot program for underground transmission lines.

A. There is hereby established a pilot program to further the understanding of underground electric transmission lines in regard to electric reliability, construction methods and related cost and timeline estimating, ~~and~~ the probability of meeting such projections, *and the benefits of undergrounding existing electric transmission lines to promote economic development within the Commonwealth.* The pilot program shall consist of the approval to construct qualifying electrical transmission lines of 230 kilovolts or less (but greater than 69 kilovolts) in whole or in part underground. Such pilot program shall consist of a total of two qualifying electrical transmission line projects, constructed in whole or in part underground, as specified and set forth in this section.

B. Notwithstanding any other law to the contrary, as a part of the pilot program established pursuant to this section, the Commission shall approve as a qualifying project a transmission line of 230 kilovolts or less that is pending final approval of a certificate of public convenience and necessity from the Commission as of December 31, 2017, for the construction of an electrical transmission line approximately 5.3 miles in length utilizing both overhead and underground transmission facilities, of which the underground portion shall be approximately 3.1 miles in length, which has been previously proposed for construction within or immediately adjacent to the right-of-way of an interstate highway. Once the Commission has

affirmed the project need through an order, the project shall be constructed in part underground, and the underground portion shall consist of a double circuit.

The Commission shall approve such underground construction within 30 days of receipt of the written request of the public utility to participate in the pilot program pursuant to this ~~subsection~~ *section*. The Commission shall not require the submission of additional technical and cost analyses as a condition of its approval but may request such analyses for its review. The Commission shall approve the underground construction of one contiguous segment of the transmission line that is approximately 3.1 miles in length that was previously proposed for construction within or immediately adjacent to the right-of-way of the interstate highway, for which, by resolution, the locality has indicated general community support. The remainder of the construction for the transmission line shall be aboveground. The Commission shall not be required to perform any further analysis as to the impacts of this route, including environmental impacts or impacts upon historical resources.

The electric utility may proceed to acquire right-of-way and take such other actions as it deems appropriate in furtherance of the construction of the approved transmission line, including acquiring the cables necessary for the underground installation.

C. In reviewing applications submitted by public utilities for certificates of public convenience and necessity for the construction of electrical transmission lines of 230 kilovolts or less filed between July 1, 2018, and ~~July~~ *October 1, 2020*, the Commission shall approve, consistent with the requirements of subsection D, one additional application as a qualifying project to be constructed in whole or in part underground, as a part of this pilot program. The one qualifying project shall be in addition to the qualifying project described in subsection B *and shall be the relocation or conversion of an existing 230-kilovolt overhead line to an underground line*.

D. For purposes of subsection C, a project shall be qualified to be placed underground, in whole or in part, if it meets all of the following criteria: (i) an engineering analysis demonstrates that it is technically feasible to place the proposed line, in whole or in part, underground; (ii) the governing body of each locality in which a portion of the proposed line will be placed underground indicates, by resolution, general community support for the project and that it supports the transmission line to be placed underground; (iii) a project has been filed with the Commission or is pending issuance of a certificate of public convenience and necessity by ~~July~~ *October 1, 2020*; (iv) the estimated additional cost of placing the proposed line, in whole or in part, underground does not exceed \$40 million or, if greater than \$40 million, the cost does not exceed 2.5 times the cost of placing the same line overhead, assuming accepted industry standards for undergrounding to ensure safety and reliability; if the public utility, the affected localities, and the Commission agree, a proposed underground line whose cost exceeds 2.5 times the cost of placing the line overhead may also be accepted into the pilot program; (v) the public utility requests that the project be considered as a qualifying project under this section; and (vi) the primary need of the project shall be for purposes of grid reliability, grid resiliency, or to support economic development priorities of the Commonwealth, *including the economic development priorities and the comprehensive plan of the governing body of the locality in which at least a portion of line will be placed*, and shall not be to address aging assets that would have otherwise been replaced in due course.

E. *A transmission line project that is found to meet the criteria of subsection D shall be deemed to satisfy the requirements of subsection B of § 56-46.1 with respect to a finding of the Commission that the line is needed.*

F. Approval of a transmission line pursuant to this section for inclusion in the pilot program shall be deemed to satisfy the requirements of § 15.2-2232 and local zoning ordinances with respect to such transmission line and any associated facilities, such as stations, substations, transition stations and locations, and switchyards or stations, that may be required.

~~F. G.~~ The Commission shall report annually to the Commission on Electric Utility Restructuring, the Joint Commission on Technology and Science, and the Governor on the progress of the pilot program by no later than December 1 of each year that this section is in effect. The Commission shall submit a final report to the Commission on Electric Utility Restructuring, the Joint Commission on Technology and Science, and the Governor no later than December 1, 2024, analyzing the entire program and making recommendations about the continued placement of transmission lines underground in the Commonwealth. The Commission's final report shall include, ~~but not be limited to~~, analysis and findings of the costs of underground construction and historical and future consumer rate effects of such costs, effect of underground transmission lines on grid reliability, operability (including operating voltage), probability of meeting cost and construction timeline estimates of such underground transmission lines, and *economic development*, aesthetic or other benefits attendant to the placement of transmission lines underground.

~~G. H.~~ For the qualifying projects chosen pursuant to this section and not fully recoverable as charges for new transmission facilities pursuant to subdivision A 4 of § 56-585.1, the Commission shall approve a rate adjustment clause. The rate adjustment clause shall provide for the full and timely recovery of any portion of the cost of such project not recoverable under applicable rates, terms, and conditions approved by the Federal Energy Regulatory Commission and shall include the use of the fair return on common equity most recently approved in a State Corporation Commission proceeding for such utility. Such costs shall be entirely assigned to the utility's Virginia jurisdictional customers. The Commission's final order regarding any petition filed pursuant to this subsection shall be entered not more than three months after the filing of such petition.

~~H. I.~~ The provisions of this section shall not be construed to limit the ability of the Commission to approve additional applications for placement of transmission lines underground.

✚ J. If two applications are not submitted to the Commission that meet the requirements of this section, the Commission shall document the failure of the projects to qualify for the pilot program in order to justify approving fewer than two projects to be placed underground, in whole or in part.

✚ K. Insofar as the provisions of this section are inconsistent with the provisions of any other law or local ordinance, the provisions of this section shall be controlling.

CHAPTER 165

An Act to amend and reenact § 56-585.1:5 of the Code of Virginia, relating to electric utility regulation; underground electric transmission line pilot program.

[S 782]

Approved March 4, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 56-585.1:5 of the Code of Virginia is amended and reenacted as follows:

§ 56-585.1:5. Pilot program for underground transmission lines.

A. There is hereby established a pilot program to further the understanding of underground electric transmission lines in regard to electric reliability, construction methods and related cost and timeline estimating, ~~and~~ the probability of meeting such projections, *and the benefits of undergrounding existing electric transmission lines to promote economic development within the Commonwealth.* The pilot program shall consist of the approval to construct qualifying electrical transmission lines of 230 kilovolts or less (but greater than 69 kilovolts) in whole or in part underground. Such pilot program shall consist of a total of two qualifying electrical transmission line projects, constructed in whole or in part underground, as specified and set forth in this section.

B. Notwithstanding any other law to the contrary, as a part of the pilot program established pursuant to this section, the Commission shall approve as a qualifying project a transmission line of 230 kilovolts or less that is pending final approval of a certificate of public convenience and necessity from the Commission as of December 31, 2017, for the construction of an electrical transmission line approximately 5.3 miles in length utilizing both overhead and underground transmission facilities, of which the underground portion shall be approximately 3.1 miles in length, which has been previously proposed for construction within or immediately adjacent to the right-of-way of an interstate highway. Once the Commission has affirmed the project need through an order, the project shall be constructed in part underground, and the underground portion shall consist of a double circuit.

The Commission shall approve such underground construction within 30 days of receipt of the written request of the public utility to participate in the pilot program pursuant to this ~~subsection~~ *section*. The Commission shall not require the submission of additional technical and cost analyses as a condition of its approval but may request such analyses for its review. The Commission shall approve the underground construction of one contiguous segment of the transmission line that is approximately 3.1 miles in length that was previously proposed for construction within or immediately adjacent to the right-of-way of the interstate highway, for which, by resolution, the locality has indicated general community support. The remainder of the construction for the transmission line shall be aboveground. The Commission shall not be required to perform any further analysis as to the impacts of this route, including environmental impacts or impacts upon historical resources.

The electric utility may proceed to acquire right-of-way and take such other actions as it deems appropriate in furtherance of the construction of the approved transmission line, including acquiring the cables necessary for the underground installation.

C. In reviewing applications submitted by public utilities for certificates of public convenience and necessity for the construction of electrical transmission lines of 230 kilovolts or less filed between July 1, 2018, and ~~July~~ *October* 1, 2020, the Commission shall approve, consistent with the requirements of subsection D, one additional application as a qualifying project to be constructed in whole or in part underground, as a part of this pilot program. The one qualifying project shall be in addition to the qualifying project described in subsection B *and shall be the relocation or conversion of an existing 230-kilovolt overhead line to an underground line.*

D. For purposes of subsection C, a project shall be qualified to be placed underground, in whole or in part, if it meets all of the following criteria: (i) an engineering analysis demonstrates that it is technically feasible to place the proposed line, in whole or in part, underground; (ii) the governing body of each locality in which a portion of the proposed line will be placed underground indicates, by resolution, general community support for the project and that it supports the transmission line to be placed underground; (iii) a project has been filed with the Commission or is pending issuance of a certificate of public convenience and necessity by ~~July~~ *October* 1, 2020; (iv) the estimated additional cost of placing the proposed line, in whole or in part, underground does not exceed \$40 million or, if greater than \$40 million, the cost does not exceed 2.5 times the cost of placing the same line overhead, assuming accepted industry standards for undergrounding to ensure safety and reliability; if the public utility, the affected localities, and the Commission agree, a proposed underground line whose cost exceeds 2.5 times the cost of placing the line overhead may also be accepted into the pilot program; (v) the public utility requests that the project be considered as a qualifying project under this section; and (vi) the primary need of the project shall be for purposes of grid reliability, grid resiliency, or to support economic development priorities of the

Commonwealth, including the economic development priorities and the comprehensive plan of the governing body of the locality in which at least a portion of line will be placed, and shall not be to address aging assets that would have otherwise been replaced in due course.

E. A transmission line project that is found to meet the criteria of subsection D shall be deemed to satisfy the requirements of subsection B of § 56-46.1 with respect to a finding of the Commission that the line is needed.

F. Approval of a transmission line pursuant to this section for inclusion in the pilot program shall be deemed to satisfy the requirements of § 15.2-2232 and local zoning ordinances with respect to such transmission line and any associated facilities, such as stations, substations, transition stations and locations, and switchyards or stations, that may be required.

~~F. G.~~ G. The Commission shall report annually to the Commission on Electric Utility Restructuring, the Joint Commission on Technology and Science, and the Governor on the progress of the pilot program by no later than December 1 of each year that this section is in effect. The Commission shall submit a final report to the Commission on Electric Utility Restructuring, the Joint Commission on Technology and Science, and the Governor no later than December 1, 2024, analyzing the entire program and making recommendations about the continued placement of transmission lines underground in the Commonwealth. The Commission's final report shall include, ~~but not be limited to,~~ analysis and findings of the costs of underground construction and historical and future consumer rate effects of such costs, effect of underground transmission lines on grid reliability, operability (including operating voltage), probability of meeting cost and construction timeline estimates of such underground transmission lines, and *economic development*, aesthetic or other benefits attendant to the placement of transmission lines underground.

~~G. H.~~ H. For the qualifying projects chosen pursuant to this section and not fully recoverable as charges for new transmission facilities pursuant to subdivision A 4 of § 56-585.1, the Commission shall approve a rate adjustment clause. The rate adjustment clause shall provide for the full and timely recovery of any portion of the cost of such project not recoverable under applicable rates, terms, and conditions approved by the Federal Energy Regulatory Commission and shall include the use of the fair return on common equity most recently approved in a State Corporation Commission proceeding for such utility. Such costs shall be entirely assigned to the utility's Virginia jurisdictional customers. The Commission's final order regarding any petition filed pursuant to this subsection shall be entered not more than three months after the filing of such petition.

~~H. I.~~ I. The provisions of this section shall not be construed to limit the ability of the Commission to approve additional applications for placement of transmission lines underground.

~~I. J.~~ J. If two applications are not submitted to the Commission that meet the requirements of this section, the Commission shall document the failure of the projects to qualify for the pilot program in order to justify approving fewer than two projects to be placed underground, in whole or in part.

~~J. K.~~ K. Insofar as the provisions of this section are inconsistent with the provisions of any other law or local ordinance, the provisions of this section shall be controlling.

CHAPTER 166

[H 998]

Approved March 4, 2020

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Article 5 of Chapter 9 of Title 15.2 a section numbered 15.2-984 as follows:

§ 15.2-984. Adoption of flood plain ordinances.

Any locality may by ordinance regulate the activity on, use of, or development of a flood plain in a manner consistent with any state or federal flood plain management programs and requirements. Nothing in this section shall be construed to limit a locality's authority to regulate a flood plain pursuant to § 15.2-2283 or any other provision of law.

CHAPTER 167

An Act to amend and reenact § 22.1-303 of the Code of Virginia, relating to public elementary and secondary school teachers; probationary term of service; performance evaluation.

[S 98]

Approved March 6, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-303 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-303. Probationary terms of service for teachers.

A. A probationary term of service of ~~at least three years and, at the option of the local school board, up to five years~~ in the same school division shall be required before a teacher is issued a continuing contract. School boards shall provide each

probationary teacher except probationary teachers who have prior successful teaching experience, as determined by the local school board in a school division, a mentor teacher, as described by Board guidelines developed pursuant to § 22.1-305.1, during the first year of the probationary period, to assist such probationary teacher in achieving excellence in instruction. During the probationary period, such probationary teacher shall be evaluated annually based upon the evaluation procedures developed by the employing school board for use by the division superintendent and principals in evaluating teachers as required by subsection C of § 22.1-295. A teacher in his first year of the probationary period shall be evaluated informally at least once during the first semester of the school year. The division superintendent shall consider such evaluations, among other things, in making any recommendations to the school board regarding the nonrenewal of such probationary teacher's contract as provided in § 22.1-305.

~~If the teacher's performance evaluation during the probationary period is not satisfactory, the school board shall not reemploy the teacher; however, nothing contained in this subsection shall be construed to require cause, as defined in § 22.1-307, for the nonrenewal of the contract of a teacher who has not achieved continuing contract status.~~

Any teacher hired on or after July 1, 2001, shall be required, as a condition of achieving continuing contract status, to have successfully completed training in instructional strategies and techniques for intervention for or remediation of students who fail or are at risk of failing the Standards of Learning assessments. Local school divisions shall be required to provide said training at no cost to teachers employed in their division. In the event a local school division fails to offer said training in a timely manner, no teacher will be denied continuing contract status for failure to obtain such training.

B. Once a continuing contract status has been attained in a school division in the Commonwealth, another probationary period need not be served in any other school division unless such probationary period, not to exceed two years, is made a part of the contract of employment. Further, when a teacher has attained continuing contract status in a school division in the Commonwealth and separates from and returns to teaching service in a school division in Virginia by the beginning of the third year, such teacher shall be required to serve a probationary period not to exceed two years, if made a part of the contract for employment.

C. For the purpose of calculating the years of service required to attain continuing contract status, at least 160 contractual teaching days during the school year shall be deemed the equivalent of one year in the first year of service by a teacher.

D. Teachers holding three-year local eligibility licenses issued prior to July 1, 2013, shall not be eligible for continuing contract status while teaching under the authority of such license. Upon attainment of a collegiate professional or postgraduate professional license issued by the Department of Education, such teachers shall serve a probationary term of service of ~~at least three years and, at the option of the local school board, up to five years~~ prior to being eligible for continuing contract status pursuant to this section.

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-307 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-307. Dismissal of teacher; grounds.

~~A.~~ Teachers may be dismissed for incompetency, immorality, noncompliance with school laws and regulations, disability as shown by competent medical evidence when in compliance with federal law, conviction of a felony or a crime of moral turpitude, or other good and just cause. A teacher shall be dismissed if such teacher is or becomes the subject of a founded complaint of child abuse and neglect, pursuant to § 63.2-1505, and after all rights to any administrative appeal provided by § 63.2-1526 have been exhausted. The fact of such finding, after all rights to any administrative appeal provided by § 63.2-1526 have been exhausted, shall be grounds for the local school division to recommend that the Board of Education revoke such person's license to teach. No teacher shall be dismissed or placed on probation solely on the basis of the teacher's refusal to submit to a polygraph examination requested by the school board.

~~B. For the purposes of this article, "incompetency" may be construed to include, but shall not be limited to, consistent failure to meet the endorsement requirements for the position or one or more unsatisfactory performance evaluations.~~

Such notice shall relate to only the relevant student's involvement and shall not include information concerning other students.

Whenever any student commits any reportable incident as set forth in this section, such student shall be required to participate in such prevention and intervention activities as deemed appropriate by the superintendent or his designee. Prevention and intervention activities shall be identified in the local school division's drug and violence prevention plans developed pursuant to the federal Improving America's Schools Act of 1994 (Title IV — Safe and Drug-Free Schools and Communities Act).

CHAPTER 176

An Act to amend and reenact §§ 2.2-4302.1 and 2.2-4359 of the Code of Virginia, relating to Virginia Public Procurement Act; determination of nonresponsibility; local option to include criteria in invitation to bid.

[S 380]

Approved March 6, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 2.2-4302.1 and 2.2-4359 of the Code of Virginia are amended and reenacted as follows:

§ 2.2-4302.1. Process for competitive sealed bidding.

The process for competitive sealed bidding shall include the following:

1. Issuance of a written Invitation to Bid containing or incorporating by reference the specifications and contractual terms and conditions applicable to the procurement. Unless the public body has provided for prequalification of bidders, the Invitation to Bid shall include a statement of any requisite qualifications of potential contractors. *Any locality may include in the Invitation to Bid criteria that may be used in determining whether a bidder who is not prequalified by the Virginia Department of Transportation is a responsible bidder pursuant to § 2.2-4301. Such criteria may include a history or good faith assurances of (i) completion by the bidder and any potential subcontractors of specified safety training programs established by the U.S. Department of Labor, Occupational Safety and Health Administration; (ii) participation by the bidder and any potential subcontractors in apprenticeship training programs approved by state agencies or the U.S. Department of Labor; or (iii) maintenance by the bidder and any potential subcontractors of records of compliance with applicable local, state, and federal laws.* No Invitation to Bid for construction services shall condition a successful bidder's eligibility on having a specified experience modification factor. When it is impractical to prepare initially a purchase description to support an award based on prices, an Invitation to Bid may be issued requesting the submission of unpriced offers to be followed by an Invitation to Bid limited to those bidders whose offers have been qualified under the criteria set forth in the first solicitation;

2. Public notice of the Invitation to Bid at least 10 days prior to the date set for receipt of bids by posting on the Department of General Services' central electronic procurement website or other appropriate websites. In addition, public bodies may publish in a newspaper of general circulation. Posting on the Department of General Services' central electronic procurement website shall be required of any state public body. Local public bodies are encouraged to utilize the Department of General Services' central electronic procurement website to provide the public with centralized visibility and access to the Commonwealth's procurement opportunities. In addition, bids may be solicited directly from potential contractors. Any additional solicitations shall include certified businesses selected from a list made available by the Department of Small Business and Supplier Diversity;

3. Public opening and announcement of all bids received;

4. Evaluation of bids based upon the requirements set forth in the Invitation to Bid, which may include special qualifications of potential contractors, life-cycle costing, value analysis, and any other criteria such as inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose, which are helpful in determining acceptability; and

5. Award to the lowest responsive and responsible bidder. When the terms and conditions of multiple awards are so provided in the Invitation to Bid, awards may be made to more than one bidder.

For the purposes of subdivision 1, "experience modification factor" means a value assigned to an employer as determined by a rate service organization in accordance with its uniform experience rating plan required to be filed pursuant to subsection D of § 38.2-1913.

§ 2.2-4359. Determination of nonresponsibility.

A. Following public opening and announcement of bids received on an Invitation to Bid, the public body shall evaluate the bids in accordance with element 4 of the process for competitive sealed bidding set forth in § 2.2-4302.1. At the same time, the public body shall determine whether the apparent low bidder is responsible. If the public body so determines, then it may proceed with an award in accordance with element 5 of the process for competitive sealed bidding set forth in § 2.2-4302.1. If the public body determines that the apparent low bidder is not responsible, it shall proceed as follows:

1. Prior to the issuance of a written determination of nonresponsibility, the public body shall (i) notify the apparent low bidder in writing of the results of the evaluation, (ii) disclose the factual support for the determination, and (iii) allow the apparent low bidder an opportunity to inspect any documents that relate to the determination, if so requested by the bidder within five business days after receipt of the notice.

2. Within ~~ten~~ 10 business days after receipt of the notice, the bidder may submit rebuttal information challenging the evaluation. The public body shall issue its written determination of responsibility based on all information in the possession of the public body, including any rebuttal information, within five business days of the date the public body received the rebuttal information. At the same time, the public body shall notify, with return receipt requested, the bidder in writing of its determination.

3. Such notice shall state the basis for the determination, which shall be final unless the bidder appeals the decision within ~~ten~~ 10 days after receipt of the notice by invoking administrative procedures meeting the standards of § 2.2-4365, if available, or in the alternative by instituting legal action as provided in § 2.2-4364.

The provisions of this subsection shall not apply to procurements involving the prequalification of bidders and the rights of any potential bidders under such prequalification to appeal a decision that such bidders are not responsible.

B. If, upon appeal pursuant to § 2.2-4364 or 2.2-4365, it is determined that the decision of the public body was not (i) an honest exercise of discretion, but rather was arbitrary or capricious or (ii) in accordance with the Constitution of Virginia, applicable state law or regulation, or the terms or conditions of the Invitation to Bid, and the award of the contract in question has not been made, the sole relief shall be a finding that the bidder is a responsible bidder for the contract in question or directed award as provided in subsection A of § 2.2-4364 or both.

If it is determined that the decision of the public body was not an honest exercise of discretion, but rather was arbitrary or capricious or not in accordance with the Constitution of Virginia, applicable state law or regulation, or the terms or conditions of the Invitation to Bid, and an award of the contract has been made, the relief shall be as set forth in subsection B of § 2.2-4360.

C. A bidder contesting a determination that he is not a responsible bidder for a particular contract shall proceed under this section, and may not protest the award or proposed award under the provisions of § 2.2-4360.

D. Nothing contained in this section shall be construed to require a public body, when procuring by competitive negotiation, to furnish a statement of the reasons why a particular proposal was not deemed to be the most advantageous.

E. Any determination that a low bidder is not responsible that uses such factors listed in the Invitation to Bid as a basis for its decision shall be presumptively considered an honest exercise of discretion.

CHAPTER 177

An Act to amend and reenact § 20-108.2 of the Code of Virginia, relating to initial child support order; unreimbursed medical expenses for pregnancy and birth.

[S 428]

Approved March 6, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 20-108.2 of the Code of Virginia is amended and reenacted as follows:

§ 20-108.2. Guideline for determination of child support; quadrennial review by Child Support Guidelines Review Panel; executive summary.

A. There shall be a rebuttable presumption in any judicial or administrative proceeding for child support under this title or Title 16.1 or 63.2, including cases involving split custody, shared custody, or multiple custody arrangements pursuant to subdivisions G 4, 5, and 6, that the amount of the award which would result from the application of the guidelines set forth in this section is the correct amount of child support to be awarded. In order to rebut the presumption, the court shall make written findings in the order as set out in § 20-108.1, which findings may be incorporated by reference, that the application of the guidelines would be unjust or inappropriate in a particular case as determined by relevant evidence pertaining to the

factors set out in § 20-108.1. The Department of Social Services shall set child support at the amount resulting from computations using the guidelines set out in this section pursuant to the authority granted to it in Chapter 19 (§ 63.2-1900 et seq.) of Title 63.2 and subject to the provisions of § 63.2-1918.

B. For purposes of application of the guideline, a basic child support obligation shall be computed using the schedule set out below. For combined monthly gross income amounts falling between amounts shown in the schedule, basic child support obligation amounts shall be extrapolated. However, unless one of the following exemptions applies where the sole custody child support obligation as computed pursuant to subdivision G 1 is less than the statutory minimum per month, there shall be a presumptive minimum child support obligation of the statutory minimum per month payable by the payor parent. If the gross income of the obligor is equal to or less than 150 percent of the federal poverty level promulgated by the U.S. Department of Health and Human Services from time to time, then the court, upon hearing evidence that there is no ability to pay the presumptive statutory minimum, may set an obligation below the presumptive statutory minimum provided doing so does not create or reduce a support obligation to an amount which seriously impairs the custodial parent's ability to maintain minimal adequate housing and provide other basic necessities for the child. Exemptions from this presumptive minimum monthly child support obligation shall include: parents unable to pay child support because they lack sufficient assets from which to pay child support and who, in addition, are institutionalized in a psychiatric facility; are imprisoned for life with no chance of parole; are medically verified to be totally and permanently disabled with no evidence of potential for paying child support, including recipients of Supplemental Security Income (SSI); or are otherwise involuntarily unable to produce income. "Number of children" means the number of children for whom the parents share joint legal responsibility and for whom support is being sought. The guidelines worksheet relied upon by the court or the Department of Social Services to compute a child support obligation for a support order issued by such court or the Department shall be placed in the court's file or the Department's file, and a copy of such guidelines worksheet shall be provided to the parties.

C. For purposes of this section, "gross income" means all income from all sources, and shall include, but not be limited to, income from salaries, wages, commissions, royalties, bonuses, dividends, severance pay, pensions, interest, trust income, annuities, capital gains, social security benefits except as listed below, workers' compensation benefits, unemployment insurance benefits, disability insurance benefits, veterans' benefits, spousal support, rental income, gifts, prizes or awards.

If a parent's gross income includes disability insurance benefits, it shall also include any amounts paid to or for the child who is the subject of the order and derived by the child from the parent's entitlement to disability insurance benefits. To the extent that such derivative benefits are included in a parent's gross income, that parent shall be entitled to a credit against his or her ongoing basic child support obligation for any such amounts, and, if the amount of the credit exceeds the parent's basic child support obligations, the credit may be used to reduce arrearages.

Gross income shall be subject to deduction of reasonable business expenses for persons with income from self-employment, a partnership, or a closely held business. "Gross income" shall not include:

1. Benefits from public assistance and social services programs as defined in § 63.2-100;
2. Federal supplemental security income benefits;
3. Child support received; or

4. Income received by the payor from secondary employment income not previously included in "gross income," where the payor obtained the income to discharge a child support arrearage established by a court or administrative order and the payor is paying the arrearage pursuant to the order. "Secondary employment income" includes but is not limited to income from an additional job, from self-employment, or from overtime employment. The cessation of such secondary income upon the payment of the arrearage shall not be the basis for a material change in circumstances upon which a modification of child support may be based.

For purposes of this subsection: (i) spousal support received shall be included in gross income and spousal support paid shall be deducted from gross income when paid pursuant to an order or written agreement and (ii) one-half of any self-employment tax paid shall be deducted from gross income.

Where there is an existing court or administrative order or written agreement relating to the child or children of a party to the proceeding, who are not the child or children who are the subject of the present proceeding, then there is a presumption that there shall be deducted from the gross income of the party subject to such order or written agreement, the amount that the party is actually paying for the support of a child or children pursuant to such order or agreement.

Where a party to the proceeding has a natural or adopted child or children in the party's household or primary physical custody, and the child or children are not the subject of the present proceeding, there is a presumption that there shall be deducted from the gross income of that party the amount as shown on the Schedule of Monthly Basic Child Support Obligations contained in subsection B that represents that party's support obligation based solely on that party's income as being the total income available for the natural or adopted child or children in the party's household or primary physical custody, who are not the subject of the present proceeding. Provided, however, that the existence of a party's financial responsibility for such a child or children shall not of itself constitute a material change in circumstances for modifying a previous order of child support in any modification proceeding. Any adjustment to gross income under this subsection shall not create or reduce a support obligation to an amount which seriously impairs the custodial parent's ability to maintain minimal adequate housing and provide other basic necessities for the child, as determined by the court.

In cases in which retroactive liability for support is being determined, the court or administrative agency may use the gross monthly income of the parties averaged over the period of retroactivity.

D. Except for good cause shown or the agreement of the parties, in addition to any other child support obligations established pursuant to this section, any child support order shall provide that the parents pay in proportion to their gross incomes, as used for calculating the monthly support obligation, any reasonable and necessary unreimbursed medical or dental expenses. The method of payment of those expenses shall be contained in the support order. Each parent shall pay his respective share of expenses as those expenses are incurred. Any amount paid under this subsection shall not be adjusted by, nor added to, the child support calculated in accordance with subsection G. For the purposes of this section, medical or dental expenses shall include but not be limited to eyeglasses, prescription medication, prosthetics, orthodontics, and mental health or developmental disabilities services, including but not limited to services provided by a social worker, psychologist, psychiatrist, counselor, or therapist.

D1. In any initial child support proceeding commenced within six months of the birth of a child, except for good cause shown or the agreement of the parties, in addition to any other child support obligations established pursuant to this section, the child support order shall provide that the parents pay in proportion to their gross incomes, as used for calculating the monthly support obligation, any reasonable and necessary unpaid expenses of the mother's pregnancy and the delivery of such child. Any amount paid under this subsection shall not be adjusted by, nor added to, the child support calculated in accordance with subsection G.

E. The costs for health care coverage as defined in § 63.2-1900, vision care coverage, and dental care coverage for the child or children who are the subject of the child support order that are being paid by a parent or that parent's spouse shall be added to the basic child support obligation. To determine the cost to be added to the basic child support obligation, the cost per person shall be applied to the child or children who are subject of the child support order. If the per child cost is provided by the insurer, that is the cost per person. Otherwise, to determine the cost per person, the cost of individual coverage for the policy holder shall be subtracted from the total cost of the coverage, and the remaining amount shall be divided by the number of remaining covered persons.

F. Any child-care costs incurred on behalf of the child or children due to employment of the custodial parent shall be added to the basic child support obligation. Child-care costs shall not exceed the amount required to provide quality care from a licensed source. When requested by the noncustodial parent, the court may require the custodial parent to present documentation to verify the costs incurred for child care under this subsection. Where appropriate, the court shall consider the willingness and availability of the noncustodial parent to provide child care personally in determining whether child-care costs are necessary or excessive. Upon the request of either party, and upon a showing of the tax savings a party derives from child-care cost deductions or credits, the court shall factor actual tax consequences into its calculation of the child-care costs to be added to the basic child support obligation.

G. 1. Sole custody support. The sole custody total monthly child support obligation shall be established by adding (i) the monthly basic child support obligation, as determined from the schedule contained in subsection B, (ii) costs for health care coverage to the extent allowable by subsection E, and (iii) work-related child-care costs and taking into consideration all the factors set forth in subsection B of § 20-108.1. The total monthly child support obligation shall be divided between the parents in the same proportion as their monthly gross incomes bear to their monthly combined gross income. The monthly obligation of each parent shall be computed by multiplying each parent's percentage of the parents' monthly combined gross income by the total monthly child support obligation.

However, the monthly obligation of the noncustodial parent shall be reduced by the cost for health care coverage to the extent allowable by subsection E when paid directly by the noncustodial parent or that parent's spouse. Unreimbursed medical and dental expenses shall be calculated and allocated in accordance with subsection D.

2. Split custody support. In cases involving split custody, the amount of child support to be paid shall be the difference between the amounts owed by each parent as a noncustodial parent, computed in accordance with subdivision 1, with the noncustodial parent owing the larger amount paying the difference to the other parent. Unreimbursed medical and dental expenses shall be calculated and allocated in accordance with subsection D.

For the purpose of this section and § 20-108.1, split custody shall be limited to those situations where each parent has physical custody of a child or children born of the parents, born of either parent and adopted by the other parent or adopted by both parents. For the purposes of calculating a child support obligation where split custody exists, a separate family unit exists for each parent, and child support for that family unit shall be calculated upon the number of children in that family unit who are born of the parents, born of either parent and adopted by the other parent or adopted by both parents. Where split custody exists, a parent is a custodial parent to the children in that parent's family unit and is a noncustodial parent to the children in the other parent's family unit.

3. Shared custody support.

(a) Where a party has custody or visitation of a child or children for more than 90 days of the year, as such days are defined in subdivision G 3 (c), a shared custody child support amount based on the ratio in which the parents share the custody and visitation of any child or children shall be calculated in accordance with this subdivision. The presumptive support to be paid shall be the shared custody support amount, unless a party affirmatively shows that the sole custody support amount calculated as provided in subdivision G 1 is less than the shared custody support amount. If so, the lesser amount shall be the support to be paid. For the purposes of this subsection, the following shall apply:

(i) Income share. "Income share" means a parent's percentage of the combined monthly gross income of both parents. The income share of a parent is that parent's gross income divided by the combined gross incomes of the parties.

(ii) Custody share. "Custody share" means the number of days that a parent has physical custody, whether by sole custody, joint legal or joint residential custody, or visitation, of a shared child per year divided by the number of days in the year. The actual or anticipated "custody share" of the parent who has or will have fewer days of physical custody shall be calculated for a one-year period. The "custody share" of the other parent shall be presumed to be the number of days in the year less the number of days calculated as the first parent's "custody share." For purposes of this calculation, the year may begin on such date as is determined in the discretion of the court, and the day may begin at such time as is determined in the discretion of the court. For purposes of this calculation, a day shall be as defined in subdivision G 3 (c).

(iii) Shared support need. "Shared support need" means the presumptive guideline amount of needed support for the shared child or children calculated pursuant to subsection B of this section, for the combined gross income of the parties and the number of shared children, multiplied by 1.4.

(iv) Sole custody support. "Sole custody support" means the support amount determined in accordance with subdivision G 1.

(b) Support to be paid. The shared support need of the shared child or children shall be calculated pursuant to subdivision G 3 (a) (iii). This amount shall then be multiplied by the other parent's custody share. To that sum for each parent shall be added the other parent's or that parent's spouse's cost of health care coverage to the extent allowable by subsection E, plus the other parent's work-related child-care costs to the extent allowable by subsection F. This total for each parent shall be multiplied by that parent's income share. The support amounts thereby calculated that each parent owes the other shall be subtracted one from the other and the difference shall be the shared custody support one parent owes to the other, with the payor parent being the one whose shared support is the larger. Unreimbursed medical and dental expenses shall be calculated and allocated in accordance with subsection D.

(c) Definition of a day. For the purposes of this section, "day" means a period of 24 hours; however, where the parent who has the fewer number of overnight periods during the year has an overnight period with a child, but has physical custody of the shared child for less than 24 hours during such overnight period, there is a presumption that each parent shall be allocated one-half of a day of custody for that period.

(d) Minimum standards. Any calculation under this subdivision shall not create or reduce a support obligation to an amount which seriously impairs the custodial parent's ability to maintain minimal adequate housing and provide other basic necessities for the child. If the gross income of either party is equal to or less than 150 percent of the federal poverty level promulgated by the U.S. Department of Health and Human Services from time to time, then the shared custody support calculated pursuant to this subsection shall not be the presumptively correct support and the court may consider whether the sole custody support or the shared custody support is more just and appropriate.

(e) Support modification. When there has been an award of child support based on the shared custody formula and one parent consistently fails to exercise custody or visitation in accordance with the parent's custody share upon which the award was based, there shall be a rebuttable presumption that the support award should be modified.

(f) In the event that the shared custody support calculation indicates that the net support is to be paid to the parent who would not be the parent receiving support pursuant to the sole custody calculation, then the shared support shall be deemed to be the lesser support.

4. Multiple shared custody support. In cases with different shared custody arrangements for two or more minor children of the parties, the procedures in subdivision G 3 shall apply, except that one shared guideline shall be used to determine the total amount of child support owed by one parent to the other by:

(a) Calculating each parent's custody share by adding the total number of days, as defined in subdivision G 3 (c), that each parent has with each child and dividing such total number of days by the number of children of the parties to determine the average number of shared custody days; and

(b) Using each parent's custody share as determined in subdivision G 4 (a) for each parent to calculate the child support owed, in accordance with the provisions of subdivision G 3.

5. Sole and shared custody support. In cases where one parent has sole custody of one or more minor children of the parties, and the parties share custody of one or more other minor children of the parties, the procedures in subdivisions G 1 and 3 shall apply, except that one sole custody support guideline calculation and one shared custody support guideline calculation shall be used to determine the total amount of child support owed by one parent to the other by:

(a) Calculating the sole custody support obligation by:

(i) Calculating the per child monthly basic child support obligation by determining, for the number of children of the parties, the scheduled monthly basic child support obligation and dividing that amount by the number of children of the parties;

(ii) Calculating the sole custody pro rata monthly basic child support obligation by multiplying the per child monthly basic child support obligation determined in subdivision G 5 (a) (i) by the number of children subject to the sole custody support obligation; and

(iii) Applying the sole custody pro rata monthly basic child support obligation determined in subdivision G 5 (a) (ii) to the procedures in subdivision G 1.

(b) Calculating the shared custody child support obligation by:

(i) Calculating the per child monthly basic child support obligation by determining, for the number of children of the parties, the scheduled monthly basic child support obligation and dividing that amount by the number of children of the parties;

(ii) Calculating the shared custody pro rata monthly basic child support obligation by multiplying the per child monthly basic child support obligation determined in subdivision G 5 (b) (i) by the number of children subject to the shared custody support obligation; and

(iii) Applying the shared custody pro rata monthly basic child support obligation determined in subdivision G 5 (b) (ii) to the procedures in subdivision G 3.

(c) Determining the total amount of child support owed by one parent to the other. Where one parent owes both the sole custody support obligation and the shared custody support obligation to the other parent, the total of both such obligations calculated pursuant to subdivisions G 5 (a) and G 5 (b) shall be added to determine the total amount of child support owed by one parent to the other. Where one parent owes one such obligation to the other parent, and such other parent owes the other such obligation to the other such parent, the parent owing the greater obligation amount to the other parent shall pay the difference between the obligations to such other parent.

6. Split and shared custody support. In cases where the parents have split custody of two or more children, and there is a shared custody arrangement with one or more other minor children of the parties, the procedures set forth in subdivisions G 2 and G 3 shall apply, except that one split custody child support guideline calculation and one shared custody child support guideline calculation shall be used to calculate the total amount of child support owed by one parent to the other by:

(a) Calculating the split custody child support obligation by:

(i) Calculating the per child monthly basic child custody support obligation by determining, for the number of children of the parties, the scheduled monthly basic child support obligation and dividing that amount by the number of children of the parties;

(ii) Calculating the split custody pro rata monthly basic child support obligation by multiplying the per child monthly basic child support obligation determined in subdivision G 6 (a) (i) by the number of children subject to the split custody support obligation; and

(iii) Applying the split custody pro rata monthly basic child support obligation determined in subdivision G 6 (a) (ii) for each parent to the procedures in subdivision G 2.

(b) Calculating the shared custody child support obligation by:

(i) Calculating the per child monthly basic child custody support obligation by determining, for the number of children of the parties, the scheduled monthly basic child support obligation and dividing that amount by the number of children of the parties;

(ii) Calculating the shared custody pro rata monthly basic child custody support obligation by multiplying the per child monthly basic child support obligation determined in subdivision G 6 (b) (i) by the number of children subject to the shared custody support obligation; and

(iii) Applying the shared custody pro rata monthly basic child support obligation determined in subdivision G 6 (b) (ii) to the procedures in subdivision G 3.

(c) Determining the total amount of child support owed by one parent to the other. Where one parent owes both the split custody support obligation and the shared custody support obligation to the other parent, the total of both such obligations calculated pursuant to subdivisions G 6 (a) and G 6 (b) shall be added to determine the total amount of child support owed by one parent to the other. Where one parent owes one such obligation to the other parent, and such other parent owes the other such obligation to the other such parent, the parent owing the greater obligation amount to the other parent shall pay the difference between the obligations to such other parent.

H. The Secretary of Health and Human Resources shall ensure that the guideline set out in this section is reviewed by October 31, 2001, and every four years thereafter, by the Child Support Guidelines Review Panel, consisting of 15 members comprised of four legislative members and 11 nonlegislative citizen members. Members shall be appointed as follows: three members of the House Committee for Courts of Justice, upon the recommendation of the chairman of such committee, to be appointed by the Speaker of the House of Delegates in accordance with the principles of proportional representation contained in the Rules of the House of Delegates; one member of the Senate Committee for Courts of Justice, upon the recommendation of the chairman of such committee, to be appointed by the Senate Committee on Rules; and one representative of a juvenile and domestic relations district court, one representative of a circuit court, one representative of the Department of Social Services' Division of Child Support Enforcement, three members of the Virginia State Bar, two custodial parents, two noncustodial parents, and one child advocate, upon the recommendation of the Secretary of Health and Human Resources, to be appointed by the Governor. The Panel shall determine the adequacy of the guideline for the determination of appropriate awards for the support of children by considering current research and data on the cost of and expenditures necessary for rearing children, and any other resources it deems relevant to such review. The Panel shall report its findings to the General Assembly as provided in the procedures of the Division of Legislative Automated Systems for the processing of legislative documents and reports before the General Assembly next convenes following such review.

Legislative members shall serve terms coincident with their terms of office. Nonlegislative citizen members shall serve at the pleasure of the Governor. All members may be reappointed. Appointments to fill vacancies, other than by expiration of a term, shall be made for the unexpired terms. Vacancies shall be filled in the same manner as the original appointments.

Legislative members shall receive such compensation as provided in § 30-19.12, and nonlegislative citizen members shall receive such compensation for the performance of their duties as provided in § 2.2-2813. All members shall be reimbursed for all reasonable and necessary expenses incurred in the performance of their duties as provided in §§ 2.2-2813

and 2.2-2825. Funding for the costs of compensation and expenses of the members shall be provided by the Department of Social Services.

The Department of Social Services shall provide staff support to the Panel. All agencies of the Commonwealth shall provide assistance to the Panel, upon request.

The chairman of the Panel shall submit to the Governor and the General Assembly a quadrennial executive summary of the interim activity and work of the Panel no later than the first day of 2006 regular session of the General Assembly and every four years thereafter. CHAPTER 192

An Act to amend and reenact § 20-108.1 of the Code of Virginia, relating to child support; assignment of tax credits.

[S 434]

Approved March 6, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 20-108.1 of the Code of Virginia is amended and reenacted as follows:

§ 20-108.1. Determination of child or spousal support.

A. In any proceeding on the issue of determining spousal support, the court shall consider all evidence presented relevant to any issues joined in that proceeding. The court's decision shall be rendered based upon the evidence relevant to each individual case.

B. In any proceeding on the issue of determining child support under this title, Title 16.1, or Title 63.2, the court shall consider all evidence presented relevant to any issues joined in that proceeding. The court's decision in any such proceeding shall be rendered upon the evidence relevant to each individual case. However, there shall be a rebuttable presumption in any judicial or administrative proceeding for child support, including cases involving split custody or shared custody, that the amount of the award that would result from the application of the guidelines set out in § 20-108.2 is the correct amount of child support to be awarded. Liability for support shall be determined retroactively for the period measured from the date that the proceeding was commenced by the filing of an action with any court provided the complainant exercised due diligence in the service of the respondent or, if earlier, the date an order of the Department of Social Services entered pursuant to Title 63.2 and directing payment of support was delivered to the sheriff or process server for service on the obligor.

In order to rebut the presumption, the court shall make written findings in the order, which findings may be incorporated by reference, that the application of such guidelines would be unjust or inappropriate in a particular case. The finding that rebuts the guidelines shall state the amount of support that would have been required under the guidelines, shall give a justification of why the order varies from the guidelines, and shall be determined by relevant evidence pertaining to the following factors affecting the obligation, the ability of each party to provide child support, and the best interests of the child:

1. Actual monetary support for other family members or former family members;

2. Arrangements regarding custody of the children, including the cost of visitation travel;

3. Imputed income to a party who is voluntarily unemployed or voluntarily under-employed; provided that income may not be imputed to a custodial parent when a child is not in school, child care services are not available and the cost of such child care services are not included in the computation and provided further, that any consideration of imputed income based on a change in a party's employment shall be evaluated with consideration of the good faith and reasonableness of employment decisions made by the party, including to attend and complete an educational or vocational program likely to maintain or increase the party's earning potential;

4. Any child care costs incurred on behalf of the child or children due to the attendance of a custodial parent in an educational or vocational program likely to maintain or increase the party's earning potential;

5. Debts of either party arising during the marriage for the benefit of the child;

6. Direct payments ordered by the court for maintaining life insurance coverage pursuant to subsection D, education expenses, or other court-ordered direct payments for the benefit of the child;

7. Extraordinary capital gains such as capital gains resulting from the sale of the marital abode;

8. Any special needs of a child resulting from any physical, emotional, or medical condition;

9. Independent financial resources of the child or children;

10. Standard of living for the child or children established during the marriage;

11. Earning capacity, obligations, financial resources, and special needs of each parent;

12. Provisions made with regard to the marital property under § 20-107.3, where said property earns income or has an income-earning potential;

13. Tax consequences to the parties including claims for exemptions, child tax credit, and child care credit for dependent children;

14. A written agreement, stipulation, consent order, or decree between the parties which includes the amount of child support; and

15. Such other factors as are necessary to consider the equities for the parents and children.

C. In any proceeding under this title, Title 16.1, or Title 63.2 on the issue of determining child support, the court shall have the authority to order either party or both parties to provide health care coverage or cash medical support, as defined in § 63.2-1900, or both, for dependent children if reasonable under all the circumstances and health care coverage for a spouse or former spouse.

D. In any proceeding under this title, Title 16.1, or Title 63.2 on the issue of determining child support, the court shall have the authority to order a party to (i) maintain any existing life insurance policy on the life of either party provided the party so ordered has the right to designate a beneficiary and (ii) designate a child or children of the parties as the beneficiary of all or a portion of such life insurance for so long as the party so ordered has a statutory obligation to pay child support for the child or children.

E. Except when the parties have otherwise agreed, in any proceeding under this title, Title 16.1, or Title 63.2 on the issue of determining child support, the court shall have the authority to and may, in its discretion, order one party to execute all appropriate tax forms or waivers to grant to the other party the right to take the income tax dependency exemption *and any credits resulting from such exemption* for any tax year or future years, for any child or children of the parties for federal and state income tax purposes.

F. Notwithstanding any other provision of law, any amendments to this section shall not be retroactive to a date before the effective date of the amendment, and shall not be the basis for a material change in circumstances upon which a modification of child support may be based.

G. Child support payments, whether current or arrears, received by a parent for the benefit of and owed to a child in the parent's custody, whether the payments were ordered under this title, Title 16.1, or Title 63.2, shall not be subject to garnishment. A depository wherein child support payments have been deposited on behalf of and traceable to an individual shall not be required to determine the portion of deposits that are subject to garnishment.

H. In any proceeding on the issue of determining child or spousal support or an action for separate maintenance under this title, Title 16.1, or Title 63.2, when the earning capacity, voluntary unemployment, or voluntary under-employment of a party is in controversy, the court in which the action is pending, upon the motion of any party and for good cause shown, may order a party to submit to a vocational evaluation by a vocational expert employed by the moving party, including, but not limited to, any interviews and testing as requested by the expert. The order may permit the attendance of the vocational expert at the deposition of the person to be evaluated. The order shall specify the name and address of the expert, the scope of the evaluation, and shall fix the time for filing the report with the court and furnishing copies to the parties. The court may award costs or fees for the evaluation and the services of the expert at any time during the proceedings. The provisions of this section shall not preclude the applicability of any other rule or law.

CHAPTER 193

An Act to amend and reenact §§ 8.01-81 and 8.01-83 of the Code of Virginia; to amend the Code of Virginia by adding sections numbered 8.01-81.1, 8.01-83.1, 8.01-83.2, and 8.01-83.3; and to repeal § 8.01-82 of the Code of Virginia, relating to partition of property.

[S 553]

Approved March 6, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 8.01-81 and 8.01-83 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding sections numbered 8.01-81.1, 8.01-83.1, 8.01-83.2, and 8.01-83.3 as follows:

§ 8.01-81. Who may compel partition of land; jurisdiction; validation of certain partitions of mineral rights; when shares of two or more laid off together.

Tenants in common, joint tenants, executors with the power to sell, and coparceners of real property, including mineral rights east and south of the Clinch River, shall be compellable to make partition and may compel partition, but in the case of an executor only if the power of sale is properly exercisable at that time under the circumstances; and a lien creditor or any owner of undivided estate in real estate may also compel partition for the purpose of subjecting the estate of his debtor or the rents and profits thereof to the satisfaction of his lien. Any court having general equity jurisdiction shall have jurisdiction in cases of partition; and in the exercise of such jurisdiction, *shall order partition in kind if the real property in question is susceptible to a practicable division and may take cognizance of all questions of law affecting the legal title that may arise in any proceedings, between such tenants in common, joint tenants, executors with the power to sell, coparceners and lien creditors.*

Any two or more of the parties, if they so elect, may have their shares laid off together when partition can be conveniently made in that way. If the court orders partition in kind, the court may require that one or more parties pay one or more parties' amounts so that the payments, taken together with the court-determined value of the in-kind distributions to the parties, will make the partition in kind just and proportionate in value to the fractional interests held. If the court orders partition in kind, the court shall allocate to the parties that are unknown, unlocatable, or the subject of a default judgment a part of the property representing the combined interests of such parties as determined by the court, and such part of the property shall remain undivided.

All partitions of mineral rights heretofore had, are hereby validated.

§ 8.01-81.1. Determination of value.

A. Except as otherwise provided in subsections B and C, the court in every partition action shall order an appraisal pursuant to subsection D, and such appraisal shall inform the court's determination of fair market value under subsection F. The expense of the appraisal shall be taxed as costs.

B. If all parties have agreed to the value of the property or to another method of valuation, the court shall adopt such value or the value produced by the agreed-upon method of valuation.

C. If the court determines that the evidentiary value of an appraisal is outweighed by the cost of the appraisal, the court, after an evidentiary hearing, shall enter an order to determine the fair market value for the property.

D. If the court orders an appraisal, the court shall appoint a disinterested real estate appraiser licensed in the Commonwealth to assist the court in determining the fair market value of the property assuming sole ownership of the fee simple estate. Upon completion of the appraisal, the appraiser shall file a sworn or verified appraisal with the court and shall, within three business days of such filing, mail a notice of filing to all counsel of record stating:

1. The appraised fair market value of the property;

2. That the appraisal is available at the clerk's office; and

3. That a party may file with the court an objection to the appraisal not later than 30 days after the notice is sent, stating the grounds for the objection.

E. If an appraisal is filed with the court pursuant to subsection D, the court shall conduct a hearing to determine the fair market value of the property not sooner than 31 days after a copy of the notice of the appraisal is sent to each party under subsection D, whether or not an objection to the appraisal is filed under subdivision D 3. In addition to the court-ordered appraisal, the court may consider any other evidence of value offered by a party.

F. After a hearing under subsection E, but before considering the merits of the partition action, the court shall enter an order determining the fair market value of the property.

§ 8.01-83. Allotment to one or more parties, or sale, in lieu of partition.

~~When partition~~ *A. If at least one party to a partition action petitions the court for allotment or for a partition sale, the court may order allotment pursuant to this section or, if the court determines allotment is not practicable, a sale pursuant to § 8.01-83.1.*

~~B. Before a court is authorized to allot or sell an undivided interest in a partition action, it shall first determine that partition in kind cannot be conveniently practicably made; the~~ *B. Before a court is authorized to allot or sell an undivided interest in a partition action, it shall first determine that partition in kind cannot be conveniently practicably made; the* ~~When the subject land is not susceptible to a practicable division in kind, the court shall next consider an allotment of the entire subject may be allotted property to any one or more of the parties who will accept it for a price equal to the value determined pursuant to § 8.01-81.1, and pay therefor to the other parties such sums of money as their interest therein may entitle them to; or in any case in which partition cannot be~~

~~conveniently made~~, receive, notwithstanding that any of those entitled may be a person with a disability. If a purchaser is entitled to a share of the proceeds of the sale, the purchaser is entitled to a credit against the price in an amount equal to the purchaser's share of the proceeds. The court shall make distribution of the proceeds of the allotment according to the respective rights of those entitled, taking care, when there are creditors of any deceased person who was a tenant in common, joint tenant, or coparcener, to have the proceeds of such deceased person's part applied according to the rights of such creditors.

1. When the court considers allotment, it shall require the party or parties seeking allotment to notify all of the other parties (i) that the property may be allotted to any one or more of them who is willing to accept it and (ii) of the required price.

2. In the event that multiple parties seek allotment and disputes arise concerning such allotment, the court shall consider the following in making such allotment:

a. Evidence of the collective duration of ownership or possession of the property by a party and one or more predecessors in title or predecessors in possession to the party who are or were related to the party or each other;

b. A party's sentimental attachment to the property, including any attachment arising because the property has ancestral or other unique or special value to the party;

c. The lawful use being made of the property by a party and the degree to which the party would be harmed if the party could not continue the same use of the property;

d. The degree to which the parties have contributed their pro rata share of the property taxes, insurance, and other expenses associated with maintaining ownership of the property or have contributed to the physical improvement, maintenance, or upkeep of the property; and

e. Any other relevant factor.

The court shall not consider any one of the preceding factors to be dispositive without weighing the totality of all relevant factors and circumstances.

3. After the court determines which party or parties will participate in the allotment, the court shall notify all the parties of its decision and of the amount each party is to pay or receive for its allotted share pursuant to either this subsection or subsection C. The court shall set a date, not sooner than 60 days after notification to the parties, by which each party allotted a share of the property must pay the amount due to the court. If any party allocated a share fails to pay the amount due by the required date the court shall order a sale of the entire subject property pursuant to § 8.01-83.1, unless the court determines, based on the factors in this subsection, that it will allow another party or parties to acquire such share by paying for such share within a reasonable period of time set by the court.

C. If the court determines that such allotment of the entire subject is not practicable or is not equitable, and if the interest of those who are entitled to the subject, or its proceeds, will be promoted by a sale of the entire subject, or allotment of part and sale of the residue, the court, notwithstanding any of those entitled may be a person under a disability, may order such sale, or an allotment pursuant to subsection B of a part thereof to any one or more of the parties who will accept it and pay therefor to the other parties such sums of money as their interest therein may entitle them to, and a sale of the residue; ~~and~~. The price for the part of the property allotted to one or more parties shall be the fair market value of such part as determined by the court unless all the parties agree to a value for the part, which the court shall adopt. The sale of the residue shall be conducted pursuant to § 8.01-83.1. The court shall make distribution of the proceeds of the allotment and sale of the residue, according to the respective rights of those entitled, taking care, when there are creditors of any deceased person who was a tenant in common, joint tenant, or coparcener, to have the proceeds of such deceased person's part applied according to the rights of such creditors.

D. If the court determines neither allotment of the entire subject property nor of a party of the subject property is practicable or equitable, it shall order a sale pursuant to § 8.01-83.1.

§ 8.01-83.1. Open-market sale, sealed bids, or auction.

A. If the court orders a sale of property in a partition action under the provisions of § 8.01-83, the sale shall be an open-market sale unless the court finds that a sale by sealed bids or at auction would be more economically advantageous and in the best interests of the parties as a group.

B. If the court orders an open-market sale and the parties, not later than 10 days after the entry of the order, agree on a real estate broker licensed in the Commonwealth to offer the property for sale, the court shall appoint the broker and establish a reasonable commission. If the parties do not agree on a broker, the court shall appoint a disinterested real estate broker licensed in the Commonwealth to offer the property for sale and shall establish a reasonable commission. The broker shall offer the property for sale in a commercially reasonable manner at a price no lower than the determination of value and on the terms and conditions established by the court, including setting a reasonable time for marketing the property at its court-determined value pursuant to § 8.01-81.1.

C. If the broker appointed under subsection B obtains within a reasonable time an offer to purchase the property for at least the determination of value:

1. The broker shall promptly file a report containing (i) a description of the property to be sold to each buyer; (ii) the name of each buyer; (iii) the proposed purchase price; (iv) the terms and conditions of the proposed sale, including the terms of any owner financing; (v) the amounts to be paid to lienholders; (vi) a statement of contractual or other arrangements or conditions of the broker's commission; and (vii) other material facts relevant to the sale; and

2. The court shall hold a hearing to approve the same and shall appoint a special commissioner to make the sale and execute the deed pursuant to Article 11 (§ 8.01-96 et seq.).

D. If the broker appointed under subsection B does not obtain within a reasonable time an offer to purchase the property for at least the determination of value, the court, after a hearing, may:

1. Approve the highest outstanding offer, if any;

2. Redetermine the value of the property and order that the property continue to be offered for an additional period of time; or

3. Order that the property be sold by sealed bids or at auction.

E. If the court orders a sale by sealed bids or at auction, the court shall set terms and conditions of such sale by sealed bids or an auction.

F. If a purchaser is entitled to a share of the proceeds of the sale, the purchaser is entitled to a credit against the price in an amount equal to the purchaser's share of the proceeds.

§ 8.01-83.2. Notice by posting.

If the plaintiff in a partition action seeks an order of publication pursuant to § 8.01-316, the plaintiff, not later than 10 days after the court's determination, shall post and maintain while the action is pending a conspicuous sign on the property that is the subject of the action. The sign shall state that the action has commenced and identify the name and address of the court and the common designation by which the property is known. The court may require the plaintiff to publish on the sign the name of the plaintiff and the known defendants.

§ 8.01-83.3. Commissioners.

If the court appoints commissioners pursuant to Article 11 (§ 8.01-96 et seq.), each commissioner, in addition to the requirements and disqualifications applicable to commissioners in Article 11, shall be disinterested and impartial and not a party to or participant in the action.

2. That § 8.01-82 of the Code of Virginia is repealed.

3. That the provisions of this act shall only apply to partition actions filed on or after July 1, 2020.

CHAPTER 196

An Act to amend and reenact § 20-107.1 of the Code of Virginia, relating to spousal support; reservation of right to seek; material change of circumstances.

[S 432]

Approved March 6, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 20-107.1 of the Code of Virginia is amended and reenacted as follows:

§ 20-107.1. Court may decree as to maintenance and support of spouses.

A. Pursuant to any proceeding arising under subsection L of § 16.1-241 or upon the entry of a decree providing (i) for the dissolution of a marriage, (ii) for a divorce, whether from the bond of matrimony or from bed and board, (iii) that neither party is entitled to a divorce, or (iv) for separate maintenance, the court may make such further decree as it shall deem expedient concerning the maintenance and support of the spouses, notwithstanding a party's failure to prove his grounds for divorce, provided that a claim for support has been properly pled by the party seeking support. However, the court shall have no authority to decree maintenance and support payable by the estate of a deceased spouse.

B. Any maintenance and support shall be subject to the provisions of § 20-109, and no permanent maintenance and support shall be awarded from a spouse if there exists in such spouse's favor a ground of divorce under the provisions of subdivision A (1) of § 20-91. However, the court may make such an award notwithstanding the existence of such ground if the court determines from clear and convincing evidence, that a denial of support and maintenance would constitute a manifest injustice, based upon the respective degrees of fault during the marriage and the relative economic circumstances of the parties.

C. The court, in its discretion, may decree that maintenance and support of a spouse be made in periodic payments for a defined duration, or in periodic payments for an undefined duration, or in a lump sum award, or in any combination thereof.

D. In addition to or in lieu of an award pursuant to subsection C, the court may reserve the right of a party to receive support in the future. In any case in which the right to support is so reserved, there shall be a rebuttable presumption that the reservation will continue for a period equal to 50 percent of the length of time between the date of the marriage and the date of separation. Once granted, the duration of such a reservation shall not be subject to modification. *Unless otherwise provided by stipulation or contract executed on or after July 1, 2020, or unless otherwise ordered by the court on or after July 1, 2020, a party seeking to exercise his right to support so reserved shall be required to prove a material change of circumstances as a prerequisite for the court to consider exercise of such reservation.*

E. The court, in determining whether to award support and maintenance for a spouse, shall consider the circumstances and factors which contributed to the dissolution of the marriage, specifically including adultery and any other ground for divorce under the provisions of subdivision A (3) or (6) of § 20-91 or § 20-95. In determining the nature, amount and duration of an award pursuant to this section, the court shall consider the following:

1. The obligations, needs and financial resources of the parties, including but not limited to income from all pension, profit sharing or retirement plans, of whatever nature;
2. The standard of living established during the marriage;
3. The duration of the marriage;
4. The age and physical and mental condition of the parties and any special circumstances of the family;
5. The extent to which the age, physical or mental condition or special circumstances of any child of the parties would make it appropriate that a party not seek employment outside of the home;
6. The contributions, monetary and nonmonetary, of each party to the well-being of the family;
7. The property interests of the parties, both real and personal, tangible and intangible;
8. The provisions made with regard to the marital property under § 20-107.3;
9. The earning capacity, including the skills, education and training of the parties and the present employment opportunities for persons possessing such earning capacity;

10. The opportunity for, ability of, and the time and costs involved for a party to acquire the appropriate education, training and employment to obtain the skills needed to enhance his or her earning ability;

11. The decisions regarding employment, career, economics, education and parenting arrangements made by the parties during the marriage and their effect on present and future earning potential, including the length of time one or both of the parties have been absent from the job market;

12. The extent to which either party has contributed to the attainment of education, training, career position or profession of the other party; and

13. Such other factors, including the tax consequences to each party and the circumstances and factors that contributed to the dissolution, specifically including any ground for divorce, as are necessary to consider the equities between the parties.

F. In contested cases in the circuit courts, any order granting, reserving or denying a request for spousal support shall be accompanied by written findings and conclusions of the court identifying the factors in subsection E which support the court's order. Any order granting or reserving any request for spousal support shall state whether the retirement of either party was contemplated by the court and specifically considered by the court in making its award, and, if so, the order shall state the facts the court contemplated and specifically considered as to the retirement of the party. If the court awards periodic support for a defined duration, such findings shall identify the basis for the nature, amount and duration of the award and, if appropriate, a specification of the events and circumstances reasonably contemplated by the court which support the award.

G. For purposes of this section and § 20-109, "date of separation" means the earliest date at which the parties are physically separated and at least one party intends such separation to be permanent provided the separation is continuous thereafter and "defined duration" means a period of time (i) with a specific beginning and ending date or (ii) specified in relation to the occurrence or cessation of an event or condition other than death or termination pursuant to § 20-110.

H. Where there are no minor children whom the parties have a mutual duty to support, an order directing the payment of spousal support, including those orders confirming separation agreements, entered on or after October 1, 1985, whether they are original orders or modifications of existing orders, shall contain the following:

1. If known, the name, date of birth and social security number of each party and, unless otherwise ordered, each party's residential and, if different, mailing address, residential and employer telephone number, driver's license number, and the name and address of his employer; however, when a protective order has been issued or the court otherwise finds reason to believe that a party is at risk of physical or emotional harm from the other party, information other than the name of the party at risk shall not be included in the order;

2. The amount of periodic spousal support expressed in fixed sums, together with the payment interval, the date payments are due, and the date the first payment is due;

3. A statement as to whether there is an order for health care coverage for a party;

4. If support arrearages exist, (i) to whom an arrearage is owed and the amount of the arrearage, (ii) the period of time for which such arrearage is calculated, and (iii) a direction that all payments are to be credited to current spousal support obligations first, with any payment in excess of the current obligation applied to arrearages;

5. If spousal support payments are ordered to be paid directly to the obligee, and unless the court for good cause shown orders otherwise, the parties shall give each other and the court at least 30 days' written notice, in advance, of any change of address and any change of telephone number within 30 days after the change; and

6. Notice that in determination of a spousal support obligation, the support obligation as it becomes due and unpaid creates a judgment by operation of law.

A. For the purposes of this section:

"Centralized credentialing service" means (i) gathering information relating to applications for professional staff privileges at any public or licensed private hospital or for participation as a provider in any health maintenance organization, preferred provider organization, or any similar organization and (ii) providing such information to those hospitals and organizations that utilize the service.

Additionally, for the purposes of this section, accreditation and peer review records of the American College of Radiology and the Medical Society of Virginia are considered privileged communications. Oral communications regarding a specific medical incident involving patient care, made to a quality assurance, quality of care, or peer review committee established pursuant to clause (iii), shall be privileged only to the extent made more than 24 hours after the occurrence of the medical incident. D. Notwithstanding any other provision of this section, reports or patient safety data in possession of a patient safety organization, together with the identity of the reporter and all related correspondence, documentation, analysis, results, or recommendations, shall be privileged and confidential and shall not be subject to a civil, criminal, or administrative subpoena or admitted as evidence in any civil, criminal, or administrative proceeding. Nothing in this subsection shall affect the discoverability or admissibility of facts, information, or records referenced in subsection C as related to patient care from a source other than a patient safety organization.

E. Any patient safety organization shall promptly remove all patient-identifying information after receipt of a complete patient safety data report unless such organization is otherwise permitted by state or federal law to maintain such information. Patient safety organizations shall maintain the confidentiality of all patient-identifying information and shall not disseminate such information except as permitted by state or federal law.

G. Reports of patient safety data to patient safety organizations shall not abrogate obligations to make reports to health regulatory boards or other agencies as required by state or federal law.

H. No employer shall take retaliatory action against an employee who in good faith makes a report of patient safety data to a patient safety organization.

I. Reports produced solely for purposes of self-assessment of compliance with requirements or standards of a national accrediting organization granted authority by the Centers for Medicare and Medicaid Services to ensure compliance with Medicare conditions of participation pursuant to § 1865 of Title XVIII of the Social Security Act (42 U.S.C. § 1395bb) shall be privileged and confidential and shall not be subject to subpoena or admitted as evidence in a civil or administrative proceeding. Nothing in this subsection shall affect the discoverability or admissibility of facts, information, or records referenced in subsection C as related to patient care from a source other than such accreditation body. 2. Any such employer who knowingly fails to make payment of wages in accordance with this section shall be subject to a civil penalty not to exceed \$1,000 for each violation. The Commissioner shall notify any employer who he alleges has violated any provision of this section by certified mail. Such notice shall contain a description of the alleged violation. Within 15 days of receipt of notice of the alleged violation, the employer may request an informal conference regarding such violation with the Commissioner. F. The Commissioner may require a written complaint of the violation of this section and, with the written and signed consent of an employee, may institute proceedings on behalf of an employee to enforce compliance with this section, and to collect any moneys unlawfully withheld from such employee which shall be paid to the employee entitled thereto. 2. Is requested or subpoenaed by an appropriate authority to participate in an investigation, hearing, or inquiry by an appropriate authority or in a court action.

B. The provisions of subsection A shall apply only if an employee or independent contractor who discloses information about suspected worker misclassification has done so in good faith and upon a reasonable belief that the information is accurate. Disclosures that are reckless or the employee knew or should have known were false, confidential by law, or malicious shall not be deemed good faith reports and shall not be subject to the protections provided by subsection A.

C. Any employee who is discharged, disciplined, threatened, discriminated against, or penalized in a manner prohibited by this section may file a complaint with the Commissioner. The Commissioner, with the written and signed consent of such an employee, may institute proceedings against the employer for appropriate remedies for such action, including reinstatement of the employee and recovering lost wages.

D. Any employer who discharges, disciplines, threatens, discriminates against, or penalizes an employee in a manner prohibited by this section shall be subject to a civil penalty not to exceed the amount of the employee's wages that are lost as a result of the violation. Civil penalties under this section shall be assessed by the Commissioner and paid to the Literary Fund.

[H 154]

Be it enacted by the General Assembly of Virginia:

1. That §§ 38.2-1316.1, 38.2-1316.2, 38.2-1316.4, and 38.2-1316.7 of the Code of Virginia are amended and reenacted as follows:

§ 38.2-1316.1. Definitions.

As used in this article unless the context requires another meaning:

"Accredited reinsurer" means an assuming insurer accredited pursuant to the provisions of subdivision C 2 of § 38.2-1316.2.

"Qualified United States financial institution," as used in subdivision 2 c of § 38.2-1316.4, means an institution that:

1. Is organized or, in the case of a United States office of a foreign banking organization, is licensed, under the laws of the United States or any state thereof;

2. Is regulated, supervised, and examined by the United States federal or state authorities having regulatory authority over banks and trust companies; and

3. Has been determined by either the Commission or the Securities Valuation Office of the ~~National Association of Insurance Commissioners~~ NAIC to meet such standards of financial condition and standing as are considered necessary and appropriate to regulate the quality of financial institutions whose letters of credit will be acceptable to the Commission.

"Qualified United States financial institution" means, for purposes of those provisions of this article specifying those institutions that are eligible to act as a fiduciary of a trust, an institution that:

1. Is organized or, in the case of a United States branch or agency office of a foreign banking organization, is licensed, under the laws of the United States or any state thereof and has been granted authority to operate with fiduciary powers; and

2. Is regulated, supervised and examined by federal or state authorities having regulatory authority over banks and trust companies.

"Reciprocal jurisdiction" means (i) a non-United States jurisdiction that is subject to an in-force covered agreement with the United States, each within its legal authority, or, in the case of a covered agreement between the United States and the European Union, is a member state of the European Union; (ii) a United States jurisdiction that meets the requirements for accreditation under the NAIC financial standards and accreditation program; or (iii) a qualified jurisdiction, as determined by the Commission pursuant to subdivision D 3 of § 38.2-1316.2, that is not otherwise described in clause (i) or (ii) and that meets certain additional requirements, consistent with the terms and conditions of in-force covered agreements, as specified by the Commission in regulation.

§ 38.2-1316.2. Credit allowed a domestic ceding insurer.

A. Credit for reinsurance shall be allowed a domestic ceding insurer as either an asset or a reduction from liability on account of reinsurance ceded only when the reinsurer meets the requirements of subsection C ~~or~~, D, or E of § 38.2-1316.4, provided that the Commission may adopt by regulation pursuant to subsection B of § 38.2-1316.7 specific additional requirements relating to or setting forth any one or more of the following: (i) the valuation of assets or reserve credits, (ii) the amount and forms of security supporting reinsurance arrangements described in subsection B of § 38.2-1316.7, and (iii) the circumstances pursuant to which credit will be reduced or eliminated.

B. Credit shall be allowed under subdivisions C 1, 2, and 3 only as respects cessions of those kinds or classes of business that the assuming insurer is licensed or otherwise permitted to write or assume in its state of domicile or, in the case of a U.S. branch of an alien assuming insurer, in the state through which it is entered and licensed to transact insurance or reinsurance. Credit shall be allowed under subdivision C 3 or 4 only if the applicable requirements of subsection B of 14VAC5-300-150 of the Virginia Administrative Code have been satisfied.

C. Credit shall be allowed a domestic ceding insurer for reinsurance ceded only when the assuming insurer meets one of the following criteria:

1. Credit shall be allowed when the assuming insurer is licensed to transact insurance in ~~this~~ the Commonwealth.

2. Credit shall be allowed when the assuming insurer is accredited as a reinsurer in ~~this~~ the Commonwealth. An accredited reinsurer is one which:

a. Files with the Commission evidence of its submission to the Commission's jurisdiction;

b. Submits to the Commission's authority to examine its books and records;

c. Is licensed to transact insurance or reinsurance in at least one state or, in the case of a United States branch of an alien assuming insurer, is entered through and licensed to transact insurance or reinsurance in at least one state;

d. Files annually with the Commission a copy of its annual statement filed with the insurance department of its state of domicile or entry and a copy of its most recent audited financial statement; and

e. Demonstrates to the satisfaction of the Commission that it has adequate financial capacity to meet its reinsurance obligations and is otherwise qualified to assume reinsurance from domestic insurers. An assuming insurer is deemed to meet this requirement as of the time of its application if it maintains a surplus as regards policyholders in an amount not less than \$20 million and its accreditation has not been denied by the Commission within 90 days of its initial submission.

3. Credit shall be allowed when the assuming insurer is domiciled and licensed in or, in the case of a United States branch of an alien insurer, is entered through, a state which employs standards regarding credit for reinsurance substantially similar to those applicable under this statute and the assuming insurer or United States branch of an alien assuming insurer:

a. Submits to the authority of the Commission to examine its books and records; and

b. Maintains a surplus as regards policyholders in an amount not less than \$20 million. However, unless specifically required by the Commission, this surplus requirement shall be deemed waived when reinsurance is ceded and assumed pursuant to pooling arrangements among insurers in the same holding company system.

4. Credit shall be allowed when the assuming insurer maintains a trust fund in a qualified United States financial institution for the payment of the valid claims of its United States policyholders and ceding insurers, their assigns and successors in interest. The assuming insurer shall report annually to the Commission information substantially the same as that required to be reported on the National Association of Insurance Commissioners (NAIC) NAIC Annual Statement form by licensed insurers to enable the Commission to determine the sufficiency of the trust fund.

a. In the case of a single assuming insurer, the trust shall consist of a trusteed account representing the assuming insurer's liabilities attributable to business written in the United States, and in addition, the assuming insurer shall maintain a trusteed surplus amount not less than \$20 million, except as provided in subdivision 4 b.

b. At any time after the assuming insurer has permanently discontinued underwriting new business secured by the trust for at least three full years, the commissioner with principal regulatory oversight of the trust may authorize a reduction in the required trusteed surplus, but only after a finding, based on an assessment of the risk, that the new required surplus level is adequate for the protection of United States ceding insurers, policyholders, and claimants in light of reasonably foreseeable adverse loss development. The risk assessment may involve an actuarial review, including an independent analysis of reserves and cash flows, and shall consider all material risk factors, including when applicable the lines of business involved, the stability of the incurred loss estimates and the effect of the surplus requirements on the assuming insurer's liquidity or solvency. The minimum required trusteed surplus may not be reduced to an amount less than 30 percent of the assuming insurer's liabilities attributable to reinsurance ceded by United States ceding insurers covered by the trust.

c. In the case of an association, including incorporated and individual unincorporated underwriters, the trust shall consist of a trusteed account representing the association's liabilities attributable to business written in the United States and in addition, the association shall maintain a trusteed surplus of which \$100 million shall be held jointly for the benefit of United States ceding insurers of any member of the association, the incorporated members of which shall not be engaged in any business other than underwriting as a member of the association and shall be subject to the same level of solvency regulation and control by the association's domiciliary regulator as are the unincorporated members; and the association shall make available to the Commission an annual certification of the solvency of each underwriter by the association's domiciliary regulator and its independent public accountants.

d. In the case of an association of incorporated underwriters under common administration that complies with the filing requirements contained in subdivision 4 c, and that has continuously transacted an insurance business outside the United States for at least three years, and submits to the Commission's authority to examine its books and records and bears the expense of the examination, and which has aggregate policyholders' surplus of \$10 billion; the trust shall be in an amount equal to the association's several liabilities attributable to business ceded by United States ceding insurers to any member of the association pursuant to reinsurance contracts issued in the name of such association. In addition, the association shall maintain a joint trusteed surplus of which \$100 million shall be held jointly for the benefit of United States ceding insurers of any member of the association as additional security for any such liabilities, and each member of the association shall make available to the Commission an annual certification of the member's solvency by the member's domiciliary regulator and its independent public accountant.

D. Credit shall be allowed when the reinsurance is ceded to an assuming insurer that has been certified by the Commission as a reinsurer in ~~this~~ the Commonwealth and secures its obligations in accordance with the following:

1. In order to be eligible for certification, the assuming insurer shall:

a. Be domiciled and licensed to transact insurance or reinsurance in a qualified jurisdiction, as determined by the Commission pursuant to subdivision 3;

b. Maintain minimum capital and surplus, or its equivalent, in an amount to be determined by the Commission pursuant to regulation;

c. Maintain financial strength ratings from two or more rating agencies deemed acceptable by the Commission pursuant to regulation;

d. Agree to submit to the jurisdiction of the Commonwealth, appoint the Commission as its agent for service of process in the Commonwealth, and agree to provide security for 100 percent of the assuming insurer's liabilities attributable to reinsurance ceded by United States ceding insurers if it resists enforcement of a final United States judgment;

e. Agree to meet applicable information filing requirements as determined by the Commission, both with respect to an initial application for certification and on an ongoing basis; and

f. Satisfy other requirements for certification deemed relevant by the Commission.

2. In order to be eligible for certification as a certified reinsurer, an association including incorporated and individual unincorporated underwriters, in addition to satisfying requirements of subdivision 1, shall satisfy the following requirements:

a. The association shall satisfy its minimum capital and surplus requirements through the capital and surplus equivalents, net of liabilities, of the association and its members, which shall include a joint central fund that may be applied to any unsatisfied obligation of the association or any of its members, in an amount determined by the Commission to provide adequate protection;

b. The incorporated members of the association shall not be engaged in any business other than underwriting as a member of the association and shall be subject to the same level of regulation and solvency control by the association's domiciliary regulator as are the unincorporated members; and

c. Within 90 days after its financial statements are due to be filed with the association's domiciliary regulator, the association shall provide to the Commission an annual certification by the association's domiciliary regulator of the solvency of each underwriter member; or if a certification is unavailable, financial statements prepared by independent public accountants, of each underwriter member of the association.

3. The Commission shall create and publish a list of qualified jurisdictions, under which an assuming insurer licensed and domiciled in such jurisdiction is eligible to be considered for certification by the Commission as a certified reinsurer. With regard to determinations of qualified jurisdictions:

a. In order to determine whether the domiciliary jurisdiction of a non-United States assuming insurer is eligible to be recognized as a qualified jurisdiction, the Commission shall evaluate the appropriateness and effectiveness of the reinsurance supervisory system of the jurisdiction, both initially and on an ongoing basis, and consider the rights, benefits, and the extent of reciprocal recognition afforded by the non-United States jurisdiction to reinsurers licensed and domiciled in the United States. A qualified jurisdiction must agree to share information and cooperate with the Commission with respect to all certified reinsurers domiciled within that jurisdiction. A jurisdiction may not be recognized as a qualified jurisdiction if the Commission has determined that the jurisdiction does not adequately and promptly enforce final United States judgments and arbitration awards. Additional factors may be considered in the discretion of the Commission;

b. A list of qualified jurisdictions shall be published through the NAIC Committee Process. The Commission shall consider this list in determining qualified jurisdictions. If the Commission approves a jurisdiction as qualified that does not appear on the list of qualified jurisdictions, the Commission shall provide thoroughly documented justification in accordance with criteria to be developed under regulations;

c. United States jurisdictions that meet the requirement for accreditation under the NAIC financial standards and accreditation program shall be recognized as qualified jurisdictions; and

d. If a certified reinsurer's domiciliary jurisdiction ceases to be a qualified jurisdiction, the Commission has the discretion to suspend the reinsurer's certification indefinitely, in lieu of revocation.

4. The Commission shall assign a rating to each certified reinsurer, giving due consideration to the financial strength ratings that have been assigned by rating agencies deemed acceptable to the Commission pursuant to regulation. The Commission shall publish a list of all certified reinsurers and their ratings.

5. A certified reinsurer shall secure obligations assumed from United States ceding insurers under this subsection at a level consistent with its rating, as specified in regulations promulgated by the Commission. With regard to securing obligations:

a. In order for a domestic ceding insurer to qualify for full financial statement credit for reinsurance ceded to a certified reinsurer, the certified reinsurer shall maintain security in a form acceptable to the Commission and consistent with the provisions of § 38.2-1316.4, or in a multibeneficiary trust in accordance with subdivision C 4, except as otherwise provided in this subsection;

b. If a certified reinsurer maintains a trust to fully secure its obligations subject to subdivision C 4, and chooses to secure its obligations incurred as a certified reinsurer in the form of a multibeneficiary trust, the certified reinsurer shall maintain separate trust accounts for its obligations incurred under reinsurance agreements issued or renewed as a certified reinsurer with reduced security as permitted by this subsection or comparable laws of other United States jurisdictions and for its obligations subject to subdivision C 4. It shall be a condition to the grant of certification under this section that the certified reinsurer shall have bound itself, by the language of the trust and agreement with the Commissioner with principal regulatory oversight of each such trust account, to fund, upon termination of any such trust account, out of the remaining surplus of such trust any deficiency of any other such trust account;

c. The minimum trustee surplus requirements provided in subdivision C 4 are not applicable with respect to a multibeneficiary trust maintained by a certified reinsurer for the purpose of securing obligations incurred under this subsection, except that such trust shall maintain a minimum trustee surplus of \$10 million;

d. With respect to obligations incurred by a certified reinsurer under this subsection, if the security is insufficient, the Commission shall reduce the allowable credit by an amount proportionate to the deficiency and has the discretion to impose further reductions in allowable credit upon finding that there is a material risk that the certified reinsurer's obligations will not be paid in full when due; and

e. For purposes of this subsection, a certified reinsurer whose certification has been terminated for any reason shall be treated as a certified reinsurer required to secure 100 percent of its obligations. As used in this subsection, the term "terminated" means revocation, suspension, voluntary surrender, and inactive status. If the Commission continues to assign a higher rating as permitted by other provisions of this section, this requirement does not apply to a certified reinsurer in inactive status or to a reinsurer whose certification has been suspended.

6. If an applicant for certification has been certified as a reinsurer in an NAIC accredited jurisdiction, the Commission has the discretion to defer to that jurisdiction's certification and has the discretion to defer to the rating assigned by that jurisdiction, and such assuming insurer shall be considered to be a certified reinsurer in ~~this~~ the Commonwealth.

7. A certified reinsurer that ceases to assume new business in the Commonwealth may request to maintain its certification in inactive status in order to continue to qualify for a reduction in security for its in-force business. An inactive certified reinsurer shall continue to comply with all applicable requirements of this subsection, and the Commission shall assign a rating that takes into account, if relevant, the reasons why the reinsurer is not assuming new business.

E. *Credit shall be allowed when the reinsurance is ceded to an assuming insurer in accordance with the following:*

1. *The assuming insurer shall:*

a. *Be domiciled in, or its head office shall be located in, as applicable, a reciprocal jurisdiction identified by the Commission pursuant to this subsection and shall be licensed in such reciprocal jurisdiction;*

b. *Maintain minimum capital and surplus, or its equivalent, calculated according to the methodology of its domiciliary jurisdiction, in an amount to be determined by the Commission in regulation. If the assuming insurer is an association, including incorporated and individual unincorporated underwriters, it shall maintain minimum capital and surplus equivalents, net of liabilities, calculated according to the methodology applicable in its domiciliary jurisdiction, and a central fund containing a balance in amounts to be determined by the Commission in regulation;*

c. *Maintain a minimum solvency or capital ratio, as applicable, which will be determined by the Commission in regulation. If the assuming insurer is an association, including incorporated and individual unincorporated underwriters, it shall maintain a minimum solvency or capital ratio in the reciprocal jurisdiction where the assuming insurer is domiciled or its head office is located, as applicable, and is licensed;*

d. *Agree and provide adequate assurance to the Commission, in a form specified by the Commission pursuant to regulation, as follows:*

(1) *Provide prompt written notice and explanation to the Commission if it falls below the minimum requirements set forth in subdivision b or c, or if any regulatory action is taken against it for serious noncompliance with applicable law;*

(2) *Consent in writing to the jurisdiction of the courts of the Commonwealth and to the appointment of the Commission as an agent for service of process. The Commission may require that consent for service of process be provided to the Commission and included in each reinsurance agreement. Nothing in this subdivision shall limit, or in any way alter, the capacity of parties to a reinsurance agreement to agree to alternative dispute resolution mechanisms, except to the extent such agreements are unenforceable under applicable insolvency or delinquency laws;*

(3) *Consent in writing to pay all final judgments, wherever enforcement is sought, obtained by a ceding insurer or its legal successor, that have been declared enforceable in the jurisdiction where the judgment was obtained;*

(4) *Include, in each reinsurance agreement, a provision requiring the assuming insurer to provide security in an amount equal to 100 percent of the assuming insurer's liabilities attributable to reinsurance ceded pursuant to that agreement if the assuming insurer resists enforcement of a final judgment that is enforceable under the law of the jurisdiction in which it was obtained or a properly enforceable arbitration award, whether obtained by the ceding insurer or by its legal successor on behalf of its resolution estate; and*

(5) *Confirm that it is not presently participating in any solvent scheme of arrangement that involves the Commonwealth's ceding insurers, and agree to notify the ceding insurer and the Commission and to provide security in an amount equal to 100 percent of the assuming insurer's liabilities to the ceding insurer, should the assuming insurer enter into such a solvent scheme of arrangement. Such security shall be in a form consistent with the provisions of subsection D of this section and subdivision 2 of § 38.2-1316.4 and as determined by the Commission in regulation;*

e. *Provide, or its legal successor shall provide, if requested by the Commission, on behalf of itself and any legal predecessors, certain documentation to the Commission, as specified by the Commission in regulation; and*

f. *Maintain a practice of prompt payment of claims under reinsurance agreements, pursuant to criteria set forth by regulation.*

Nothing in this subdivision 1 precludes an assuming insurer from providing the Commission with information on a voluntary basis.

2. *The assuming insurer's supervisory authority shall confirm to the Commission on an annual basis as of the preceding December 31, or at the annual date otherwise statutorily reported to the reciprocal jurisdiction, that the assuming insurer complies with the requirements set forth in subdivisions 1 b and c.*

3. *The Commission shall create and publish a list of reciprocal jurisdictions. With regard to determinations of reciprocal jurisdictions, the Commission:*

a. *Shall include (i) any non-United States jurisdiction that is subject to an in-force covered agreement with the United States, each within its legal authority, or, in the case of a covered agreement between the United States and the European Union, is a member state of the European Union; (ii) any United States jurisdiction that meets the requirements for accreditation under the NAIC financial standards and accreditation program; or (iii) any qualified jurisdiction, as determined by the Commission pursuant to subdivision D 3 of § 38.2-1316.2, that is not otherwise described in clause (i) or (ii) and that meets certain additional requirements, consistent with the terms and conditions of in-force covered agreements, as specified by the Commission in regulation;*

b. Shall consider including any other reciprocal jurisdiction included on the NAIC list published through the NAIC Committee Process. The Commission may approve a jurisdiction that does not appear on the NAIC list of reciprocal jurisdictions in accordance with criteria to be developed under regulations issued by the Commission; and

c. May remove a jurisdiction from the list of reciprocal jurisdictions upon a determination that the jurisdiction no longer meets the requirements of a reciprocal jurisdiction, in accordance with a process set forth in regulations issued by the Commission, except that the Commission shall not remove from the list a reciprocal jurisdiction described in clause (i) or (ii) of subdivision a. Upon removal of a reciprocal jurisdiction from this list, credit for reinsurance ceded to an assuming insurer that is domiciled or has its home office in that jurisdiction shall be allowed, if otherwise allowed pursuant to this section.

4. The Commission shall create and publish a list of assuming insurers that have satisfied the conditions set forth in this subsection and to which cessions shall be granted credit in accordance with this subsection. The Commission may add an assuming insurer to such list if an NAIC-accredited jurisdiction has added such assuming insurer to a list of such assuming insurers or if, upon initial eligibility, the assuming insurer submits the information to the Commission as required under subdivision 1 d and complies with any additional requirements that the Commission may impose by regulation, except to the extent that they conflict with an applicable covered agreement.

5. If the Commission determines that an assuming insurer no longer meets one or more of the requirements under this subsection, the Commission may revoke or suspend the eligibility of the assuming insurer for recognition under this subsection in accordance with procedures set forth in regulation.

a. While an assuming insurer's eligibility is suspended, no reinsurance agreement issued, amended, or renewed after the effective date of the suspension qualifies for credit except to the extent that the assuming insurer's obligations under the contract are secured in accordance with subdivision 2 of § 38.2-1316.4.

b. If an assuming insurer's eligibility is revoked, no credit for reinsurance may be granted after the effective date of the revocation with respect to any reinsurance agreements entered into by the assuming insurer, including reinsurance agreements entered into prior to the date of revocation, except to the extent that the assuming insurer's obligations under the contract are secured in a form acceptable to the Commission and consistent with the provisions of subdivision 2 of § 38.2-1316.4.

6. If subject to a legal process of rehabilitation, liquidation, or conservation, as applicable, the ceding insurer, or its representative, may seek and, if determined appropriate by the court in which the proceedings are pending, may obtain an order requiring that the assuming insurer post security for all outstanding ceded liabilities.

7. Nothing in this subsection shall limit or in any way alter the capacity of parties to a reinsurance agreement to agree on requirements for security or other terms in that reinsurance agreement, except as expressly prohibited by this article or other applicable law or regulation.

8. Credit may be taken under this subsection only for reinsurance agreements entered into, amended, or renewed on or after July 1, 2020, and only with respect to losses incurred and reserves reported on or after the later of (i) the date on which the assuming insurer has met all eligibility requirements pursuant to subdivision 1 and (ii) the effective date of the new reinsurance agreement, amendment, or renewal. This subdivision does not alter or impair a ceding insurer's right to take credit for reinsurance, to the extent that credit is not available under this subsection, as long as the reinsurance qualifies for credit under any other applicable provision of this article.

9. Nothing in this subsection shall authorize an assuming insurer to withdraw or reduce the security provided under any reinsurance agreement except as permitted by the terms of the agreement.

10. Nothing in this subsection shall limit, or in any way alter, the capacity of parties to any reinsurance agreement to renegotiate the agreement.

F. If an accredited or certified reinsurer ceases to meet the requirements for accreditation or certification, the Commission may suspend or revoke the reinsurer's accreditation or certification in accordance with the following:

1. The Commission shall give the reinsurer notice and opportunity for hearing. The suspension or revocation may not take effect until after the Commission's order on hearing, unless:

a. The reinsurer waives its right to hearing;

b. The Commission's order is based on regulatory action by the reinsurer's domiciliary jurisdiction or the voluntary surrender or termination of the reinsurer's eligibility to transact insurance or reinsurance business in its domiciliary jurisdiction or in the primary certifying state of the reinsurer under subdivision D 6; or

c. The Commission finds that an emergency requires immediate action and a court of competent jurisdiction has not stayed the Commission's action.

2. While a reinsurer's accreditation or certification is suspended, no reinsurance contract issued or renewed after the effective date of the suspension qualifies for credit except to the extent that the reinsurer's obligations under the contract are secured in accordance with § 38.2-1316.4. If a reinsurer's accreditation or certification is revoked, no credit for reinsurance may be granted after the effective date of the revocation except to the extent that the reinsurer's obligations under the contract are secured in accordance with subdivision D 5 or § 38.2-1316.4.

F. G. A ceding insurer shall take steps to manage its concentration risk and diversify its reinsurance program in the following manner:

1. A ceding insurer shall take steps to manage its reinsurance recoverables proportionate to its own book of business. A domestic ceding insurer shall notify the Commission within 30 days after reinsurance recoverables from any single

assuming insurer, or group of affiliated assuming insurers, exceeds 50 percent of the domestic ceding insurer's last reported surplus to policyholders, or after it is determined that reinsurance recoverables from any single assuming insurer, or group of affiliated assuming insurers, is likely to exceed this limit. The notification shall demonstrate that the exposure is safely managed by the domestic ceding insurer.

2. A ceding insurer shall take steps to diversify its reinsurance program. A domestic ceding insurer shall notify the Commission within 30 days after ceding to any single assuming insurer, or group of affiliated assuming insurers, more than 20 percent of the ceding insurer's gross written premium in the prior calendar year, or after it has determined that the reinsurance ceded to any single assuming insurer, or group of affiliated assuming insurers, is likely to exceed this limit. The notification shall demonstrate that the exposure is safely managed by the domestic ceding insurer.

~~G. H.~~ The trusts described in subdivision C 4 shall be established in a form acceptable to the Commission.

1. The trust instrument shall provide that contested claims shall be valid and enforceable upon the final order of any court of competent jurisdiction in the United States.

2. The trust shall vest legal title to its assets in the trustees of the trust for its United States policyholders and ceding insurers, their assigns and successors in interest.

3. The trust and the assuming insurer shall be subject to examination as determined by the Commission.

4. The trust described herein must remain in effect for as long as the assuming insurer shall have outstanding obligations due under the reinsurance agreements subject to the trust.

5. No later than February 28 of each year the trustees of the trust shall report to the Commission in writing setting forth the balance of the trust and listing the trust's investments at the preceding year end and shall certify the date of termination of the trust, if so planned, or certify that the trust shall not expire prior to the next following December 31.

§ 38.2-1316.4. Credit allowed any ceding insurer.

Credit shall be allowed any ceding insurer under the following conditions:

1. Credit shall be allowed when reinsurance is ceded to an assuming insurer not meeting the requirements of § 38.2-1316.2 but only with respect to the insurance of risks located in jurisdictions where such reinsurance is required by applicable law or regulation of that jurisdiction.

2. Credit, in the form of a reduction from liability for reinsurance ceded to an assuming insurer not meeting the requirements of § 38.2-1316.2, shall be allowed in an amount not exceeding the liabilities carried by the ceding insurer and attributable to the reinsurance, provided that the Commission may adopt by regulation pursuant to subsection B of § 38.2-1316.7 specific additional requirements relating to or setting forth any one or more of the following: (i) the valuation of assets or reserve credits, (ii) the amount and forms of security supporting reinsurance arrangements described in subsection B of § 38.2-1316.7, and (iii) the circumstances pursuant to which credit will be reduced or eliminated. Additionally, such reduction shall not exceed the amount of funds held by or on behalf of the ceding insurer, including funds held in trust for the ceding insurer, under a reinsurance contract with such assuming insurer as security for the payment of obligations thereunder, if such security is (a) held in the United States subject to withdrawal solely by, and under the exclusive control of, the ceding insurer or (b) in the case of a trust, held in a qualified United States financial institution. The required security may be in the form of:

Clean, irrevocable, unconditional letters of credit issued or confirmed by a qualified United States financial institution, as defined in this article, no later than December 31 in respect of the year for which filing is being made, and in the possession of the ceding insurer on or before the filing date of its annual statement. Letters of credit meeting applicable standards of insurer acceptability as of the dates of their issuance (or confirmation) shall, notwithstanding the issuing (or confirming) institution's subsequent failure to meet applicable standards of insurer acceptability, continue to be acceptable as security until their expiration, extension, renewal, modification or amendment, whichever first occurs.

"Covered entity" means any licensed provider of health care services, including any health care practitioner licensed by a health regulatory board of the Department of Health Professions, hospital, nursing facility, laboratory, intermediate care facility, psychiatric residential treatment facility, institution for individuals with intellectual or developmental disabilities, or prison health center, and any entity responsible for matching anatomical gift donors to potential recipients.

"Eligible individual" means an individual who is a candidate to receive an anatomical gift for transplantation and who is otherwise eligible to receive an anatomical gift for transplantation, with or without auxiliary aids and services.

"Eligible individual with a disability" means an eligible individual with a cognitive, developmental, intellectual, neurological, or physical disability.

"Services related to organ, eye, or tissue transplantation" means referral to a transplant center or specialist; inclusion on an organ, eye, or tissue transplantation waiting list; evaluation; surgery and related health care services; counseling; or post-transplantation treatment and services related to organ, eye, or tissue transplantation.

B. An eligible individual shall not be deemed ineligible to receive an anatomical gift or denied services related to organ, eye, or tissue transplantation solely because he is an eligible individual with a disability. However, an eligible individual may be deemed ineligible to receive an anatomical gift or denied services related to organ, eye, or tissue transplantation to the extent that his cognitive, developmental, intellectual, neurological, or physical disability has been determined by a health care provider, following an individualized evaluation, to be medically significant to the provision of the anatomical gift for organ, eye, or tissue transplantation.

C. If an eligible individual with a disability has the necessary support system to assist the individual in complying with post-transplantation medical requirements, his inability to independently comply with such post-transplantation medical requirements shall not be deemed to be medically significant.

D. No covered entity shall (i) place an eligible individual with a disability on an organ transplant waiting list at a position lower in priority than the position at which the eligible individual with a disability would have been placed if he did not have a disability or (ii) refuse insurance coverage for any services related to organ, eye, or tissue transplantation provided to an eligible individual with a disability.

E. A covered entity shall (i) make reasonable modifications to its policies, practices, or procedures to allow eligible individuals with disabilities access to services related to organ, eye, or tissue transplantation and (ii) take all steps necessary to ensure that an eligible individual with a disability is not denied medical services or services related to organ, eye, or tissue transplantation due to the absence of auxiliary aids or services. A covered entity shall not be required to

comply with clause (ii) if the covered entity demonstrates that taking such steps would fundamentally alter the nature of the medical services or other services related to organ, eye, or tissue transplantation or would result in an undue burden for the covered entity.

F. In cases in which a violation of this section is alleged to have occurred, a petition shall be filed in the circuit court for the jurisdiction in which the violation is alleged to have occurred or in which the individual is located. Any petition filed pursuant to this subsection shall be given priority on the docket. Any order of the court entered on such petition may grant injunctive relief, including (i) requiring auxiliary aids or services to be made available to an eligible individual with a disability; (ii) requiring the modification of a policy, practice, or procedure of a covered entity; or (iii) requiring that facilities be made accessible to and usable by an eligible individual with a disability.

G. The provisions of this section shall apply to each part of the anatomical gift and organ, eye, or tissue transplantation process.

H. The provisions of this section shall not be construed to require the provision of medically inappropriate services related to organ, eye, or tissue transplantation.

§ 38.2-3418.18. Coverage for organ, eye or tissue transplant.

1. Deny coverage to a covered person solely on the basis of the person's disability;
2. Deny a person eligibility or continued eligibility to enroll in or to renew coverage under the policy, contract, or plan for the purpose of avoiding the requirements of § 32.1-297.2;
3. Penalize a health care provider, reduce or limit the reimbursement of a health care provider, or provide monetary or nonmonetary incentives to a health care provider to induce such health care provider to act in a manner inconsistent with the requirements of § 32.1-297.2; or
4. Reduce or limit coverage for services related to organ, eye, or tissue transplant as defined in § 32.1-297.2 for an eligible individual with a disability as defined in § 32.1-297.2.

B. The provisions of this section shall apply to any policy, contract, or plan delivered, issued for delivery, or renewed in the Commonwealth on and after January 1, 2021.

C. The provisions of this section shall not apply to short-term travel, accident-only, or limited or specified disease policies; contracts designed for issuance to persons eligible for coverage under Title XVIII of the Social Security Act, known as Medicare, or any other similar coverage under state or federal government plans; or short-term nonrenewable policies of not more than six months' duration.

D. Nothing in this section shall require an insurer to provide coverage for a medically inappropriate organ, eye or tissue transplant.

Be it enacted by the General Assembly of Virginia:

1. That § 38.2-4319 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding in Article 2 of Chapter 8 of Title 32.1 a section numbered 32.1-297.2 and by adding a section numbered 38.2-3418.18 as follows:

§ 32.1-297.2. Discrimination prohibited.

A. As used in this section:

"Auxiliary aids or services" means an aid or service that is used to provide information to an individual with a cognitive, developmental, intellectual, neurological, or physical disability in a format or manner that allows the individual to better understand the information. "Auxiliary aids or services" includes (i) qualified interpreters or other effective methods of making aurally delivered materials available to persons with hearing impairments; (ii) qualified readers, taped texts, texts in accessible electronic format, or other effective methods of making visually delivered materials available to persons with visual impairments; (iii) supported decision-making services, including (a) use of a support individual to communicate information to the individual with a disability, ascertain the wishes of the individual, or assist the individual in making decisions; (b) disclosure of information to a legal guardian, authorized representative, or another individual designated by the individual with a disability for such purpose, as long as the disclosure is consistent with state and federal law; and (c) if an individual has a court-appointed guardian or other individual responsible for making medical decisions on behalf of the individual, any measures used to ensure that the individual is included in decisions involving the individual's health care and that medical decisions are made in accordance with the individual's own expressed interests; and (iv) any other aid or service that is used to provide information in a format that is easily understandable and accessible to individuals with cognitive, developmental, intellectual, neurological, or physical disability, including assistive communication technology.

"Covered entity" means any licensed provider of health care services, including any health care practitioner licensed by a health regulatory board of the Department of Health Professions, hospital, nursing facility, laboratory, intermediate care facility, psychiatric residential treatment facility, institution for individuals with intellectual or developmental disabilities, or prison health center, and any entity responsible for matching anatomical gift donors to potential recipients.

"Eligible individual" means an individual who is a candidate to receive an anatomical gift for transplantation and who is otherwise eligible to receive an anatomical gift for transplantation, with or without auxiliary aids and services.

"Eligible individual with a disability" means an eligible individual with a cognitive, developmental, intellectual, neurological, or physical disability.

"Services related to organ, eye, or tissue transplantation" means referral to a transplant center or specialist; inclusion on an organ, eye, or tissue transplantation waiting list; evaluation; surgery and related health care services; counseling; or post-transplantation treatment and services related to organ, eye, or tissue transplantation.

B. An eligible individual shall not be deemed ineligible to receive an anatomical gift or denied services related to organ, eye, or tissue transplantation solely because he is an eligible individual with a disability. However, an eligible individual may be deemed ineligible to receive an anatomical gift or denied services related to organ, eye, or tissue transplantation to the extent that his cognitive, developmental, intellectual, neurological, or physical disability has been determined by a health care provider, following an individualized evaluation, to be medically significant to the provision of the anatomical gift for organ, eye, or tissue transplantation.

C. If an eligible individual with a disability has the necessary support system to assist the individual in complying with post-transplantation medical requirements, his inability to independently comply with such post-transplantation medical requirements shall not be deemed to be medically significant.

D. No covered entity shall (i) place an eligible individual with a disability on an organ transplant waiting list at a position lower in priority than the position at which the eligible individual with a disability would have been placed if he did not have a disability or (ii) refuse insurance coverage for any services related to organ, eye, or tissue transplantation provided to an eligible individual with a disability.

E. A covered entity shall (i) make reasonable modifications to its policies, practices, or procedures to allow eligible individuals with disabilities access to services related to organ, eye, or tissue transplantation and (ii) take all steps necessary to ensure that an eligible individual with a disability is not denied medical services or services related to organ, eye, or tissue transplantation due to the absence of auxiliary aids or services. A covered entity shall not be required to comply with clause (ii) if the covered entity demonstrates that taking such steps would fundamentally alter the nature of the medical services or other services related to organ, eye, or tissue transplantation or would result in an undue burden for the covered entity.

F. In cases in which a violation of this section is alleged to have occurred, a petition shall be filed in the circuit court for the jurisdiction in which the violation is alleged to have occurred or in which the individual is located. Any petition filed pursuant to this subsection shall be given priority on the docket. Any order of the court entered on such petition may grant injunctive relief, including (i) requiring auxiliary aids or services to be made available to an eligible individual with a disability; (ii) requiring the modification of a policy, practice, or procedure of a covered entity; or (iii) requiring that facilities be made accessible to and usable by an eligible individual with a disability.

G. The provisions of this section shall apply to each part of the anatomical gift and organ, eye, or tissue transplantation process.

H. The provisions of this section shall not be construed to require the provision of medically inappropriate services related to organ, eye, or tissue transplantation.

- 1. Deny coverage to a covered person solely on the basis of the person's disability;*

B. The provisions of this section shall apply to any policy, contract, or plan delivered, issued for delivery, or renewed in the Commonwealth on and after January 1, 2021.

C. The provisions of this section shall not apply to short-term travel, accident-only, or limited or specified disease policies; contracts designed for issuance to persons eligible for coverage under Title XVIII of the Social Security Act, known as Medicare, or any other similar coverage under state or federal government plans; or short-term nonrenewable policies of not more than six months' duration.

§ 54.1-2711. Practice of dentistry.

A. Any person shall be deemed to be practicing dentistry who (i) uses the words dentist, or dental surgeon, the letters D.D.S., D.M.D., or any letters or title in connection with his name, which in any way represents him as engaged in the practice of dentistry; (ii) holds himself out, advertises, or permits to be advertised that he can or will perform dental operations of any kind; (iii) diagnoses, treats, or professes to diagnose or treat any of the diseases or lesions of the oral cavity, its contents, or contiguous structures; or (iv) extracts teeth, corrects malpositions of the teeth or jaws, takes or causes to be taken digital scans or impressions for the fabrication of appliances or dental prosthesis, supplies or repairs artificial teeth as substitutes for natural teeth, or places in the mouth and adjusts such substitutes. Taking impressions for mouth guards that may be self-fabricated or obtained over-the-counter does not constitute the practice of dentistry.

B. No person shall practice dentistry unless a bona fide dentist-patient relationship is established in person or through teledentistry. A bona fide dentist-patient relationship shall exist if the dentist has (i) obtained or caused to be obtained a health and dental history of the patient; (ii) performed or caused to be performed an appropriate examination of the patient, either physically, through use of instrumentation and diagnostic equipment through which digital scans, photographs, images, and dental records are able to be transmitted electronically, or through use of face-to-face interactive two-way real-time communications services or store-and-forward technologies; (iii) provided information to the patient about the services to be performed; and (iv) initiated additional diagnostic tests or referrals as needed. In cases in which a dentist is providing teledentistry, the examination required by clause (ii) shall not be required if the patient has been examined in person by a dentist licensed by the Board within the six months prior to the initiation of teledentistry and the patient's dental records of such examination have been reviewed by the dentist providing teledentistry.

C. No person shall deliver dental services through teledentistry unless he holds a license to practice dentistry in the Commonwealth issued by the Board and has established written or electronic protocols for the practice of teledentistry that include (i) methods to ensure that patients are fully informed about services provided through the use of teledentistry, including obtaining informed consent; (ii) safeguards to ensure compliance with all state and federal laws and regulations related to the privacy of health information; (iii) documentation of all dental services provided to a patient through teledentistry, including the full name, address, telephone number, and Virginia license number of the dentist providing such dental services; (iv) procedures for providing in-person services or for the referral of patients requiring dental services that cannot be provided by teledentistry to another dentist licensed to practice dentistry in the Commonwealth who actually practices dentistry in an area of the Commonwealth the patient can readily access; (v) provisions for the use of appropriate encryption when transmitting patient health information via teledentistry; and (vi) any other provisions required by the Board. A dentist who delivers dental services using teledentistry shall, upon request of the patient, provide health records to the patient or a dentist of record in a timely manner in accordance with § 32.1-127.1:03 and any other applicable federal or state laws or regulations. All patients receiving dental services through teledentistry shall have the right to speak or communicate with the dentist providing such services upon request.

D. Dental services delivered through use of teledentistry shall (i) be consistent with the standard of care as set forth in § 8.01-581.20, including when the standard of care requires the use of diagnostic testing or performance of a physical examination, and (ii) comply with the requirements of this chapter and the regulations of the Board.

E. In cases in which teledentistry is provided to a patient who has a dentist of record but has not had a dental wellness examination in the six months prior to the initiation of teledentistry, the dentist providing teledentistry shall recommend that the patient schedule a dental wellness examination. If a patient to whom teledentistry is provided does not have a dentist of record, the dentist shall provide or cause to be provided to the patient options for referrals for obtaining a dental wellness examination.

F. No dentist shall be supervised within the scope of the practice of dentistry by any person who is not a licensed dentist.

§ 54.1-2719. Persons engaged in construction and repair of appliances.

A. Licensed dentists may employ or engage the services of any person, firm, or corporation to construct or repair an appliance, extraorally, ~~prosthetic dentures, bridges, or other replacements for a part of a tooth, a tooth, or teeth~~ in accordance with a written or digital work order. Any appliance constructed or repaired by a person, firm, or corporation pursuant to this section shall be evaluated and reviewed by the licensed dentist who submitted the written or digital work order, or a licensed dentist in the same dental practice. A person, firm, or corporation so employed or engaged shall not be considered to be practicing dentistry. No such person, firm, or corporation shall perform any direct dental service for a patient, but they may assist a dentist in the selection of shades for the matching of prosthetic devices when the dentist sends the patient to them with a written or digital work order.

B. Any licensed dentist who employs the services of any person, firm, or corporation not working in a dental office under ~~his~~ the dentist's direct supervision to construct or repair, ~~an appliance~~ extraorally, ~~prosthetic dentures, bridges,~~

replacements, or orthodontic appliances for a part of a tooth, a tooth, or teeth, shall furnish such person, firm, or corporation with a written *or digital* work order on forms prescribed by the Board, which shall, at minimum, contain: (i) the name and address of the person, firm, or corporation; (ii) the patient's name or initials or an identification number; (iii) the date the work order was written; (iv) a description of the work to be done, including diagrams, if necessary; (v) specification of the type and quality of materials to be used; and (vi) the signature and address of the dentist.

The person, firm, or corporation shall retain the original *written work order or an electronic copy of a digital work order*, and the dentist shall retain a duplicate *of the written work order or an electronic copy of a digital work order*, for three years.

C. If the person, firm, or corporation ~~receiving~~ *receives* a written *or digital* work order from a licensed dentist ~~engages a subcontractor to perform services relative to the work order~~, a written *disclosure and* subwork order shall be furnished to *the dentist* on forms prescribed by the Board, which shall, at minimum, contain: (i) the name and address of the *person, firm, or corporation and* subcontractor; (ii) a number identifying the subwork order with the original work order; (iii) the date ~~the any~~ subwork order was written; (iv) a description of the work to be done *and the work to be done* by the subcontractor, including diagrams *or digital files*, if necessary; (v) a specification of the type and quality of materials to be used; and (vi) the signature of the person issuing the *disclosure and* subwork order.

The subcontractor shall retain the subwork order, and the issuer shall retain a duplicate *of the subwork order, which shall be* attached to the work order received from the licensed dentist, for three years.

D. No person, firm, or corporation engaged in the construction or repair of appliances shall refuse to allow the Board or its agents to inspect the files of work orders or subwork orders during ordinary business hours.

~~The provisions of this section shall not apply to a work order for the construction, reproduction, or repair, extraorally, of prosthetic dentures, bridges, or other replacements for a part of a tooth, a tooth, or teeth, done by a person, firm or corporation pursuant to a written work order received from a licensed dentist who is residing and practicing in another state.~~

[S 178]

A. In the case of a child who was the subject of a foster care plan filed with the court pursuant to § 16.1-281, a permanency planning hearing shall be held within 10 months of the dispositional hearing at which the foster care plan pursuant to § 16.1-281 was reviewed if the child (a) was placed through an agreement between the parents or guardians and the local board of social services where legal custody remains with the parents or guardians and such agreement has not been dissolved by court order; or (b) is under the legal custody of a local board of social services or a child welfare agency and has not had a petition to terminate parental rights filed on the child's behalf, has not been placed in permanent foster care, or is age 16 or over and the plan for the child is not independent living. The board or child welfare agency shall file a petition for a permanency planning hearing 30 days prior to the date of the permanency planning hearing scheduled by the court. The purpose of this hearing is to establish a permanent goal for the child and either to achieve the permanent goal or to defer such action through the approval of an interim plan for the child.

To achieve the permanent goal, the petition for a permanency planning hearing shall seek to (i) transfer the custody of the child to his prior family, or dissolve the board's placement agreement and return the child to his prior family; (ii) transfer custody of the child to a relative other than the child's prior family *or to fictive kin for the purpose of establishing eligibility for the Kinship Guardianship Assistance program pursuant to § 63.2-1305*, subject to the provisions of subsection A1; (iii) terminate residual parental rights pursuant to § 16.1-277.01 or 16.1-283; (iv) place a child who is 16 years of age or older in permanent foster care pursuant to § 63.2-908; (v) if the child has been admitted to the United States as a refugee or asylee and has attained the age of 16 years or older and the plan is independent living, direct the board or agency to provide the child with services to transition from foster care; or (vi) place a child who is 16 years of age or older in another planned permanent living arrangement in accordance with the provisions of subsection A2. In cases in which a foster care plan approved prior to July 1, 2011, includes independent living as the goal for a child who is not admitted to the United States as an asylee or refugee, the petition shall direct the board or agency to provide the child with services to transition from foster care.

For approval of an interim plan, the petition for a permanency planning hearing shall seek to continue custody with the board or agency, or continue placement with the board through a parental agreement; or transfer custody to the board or child welfare agency from the parents or guardian of a child who has been in foster care through an agreement where the parents or guardian retains custody.

Upon receipt of the petition, if a permanency planning hearing has not already been scheduled, the court shall schedule such a hearing to be held within 30 days. The permanency planning hearing shall be held within 10 months of the dispositional hearing at which the foster care plan was reviewed pursuant to § 16.1-281. The provisions of subsection B of § 16.1-282 shall apply to this petition. The procedures of subsection C of § 16.1-282 and the provisions of subsection G of § 16.1-282 shall apply to the scheduling and notice of proceedings under this section.

A1. The following requirements shall apply to the transfer of custody of the child to a relative other than the child's prior family *or to fictive kin for the purpose of establishing eligibility for the Kinship Guardianship Assistance program pursuant to § 63.2-1305* in accordance with the provisions of clause (ii) of subsection A. Any order transferring custody of the child to a relative other than the child's prior family shall be entered only upon a finding, based upon a preponderance of

the evidence, that the relative is one who, after an investigation as directed by the court, (i) is found by the court to be willing and qualified to receive and care for the child; (ii) is willing to have a positive, continuous relationship with the child; (iii) is committed to providing a permanent, suitable home for the child; and (iv) is willing and has the ability to protect the child from abuse and neglect; and the order shall so state. The court's order transferring custody to a relative should further provide, as appropriate, for any terms or conditions which would promote the child's interest and welfare.

A2. The following requirements shall apply to the selection and approval of placement in another planned permanent living arrangement as the permanent goal for the child in accordance with clause (vi) of subsection A:

1. The board or child welfare agency shall petition for alternative (vi) of subsection A only if the child has a severe and chronic emotional, physical or neurological disabling condition for which the child requires long-term residential treatment; and the board or child welfare agency has thoroughly investigated the feasibility of the alternatives listed in clauses (i) through (v) of subsection A and determined that none of those alternatives is in the best interests of the child. In a foster care plan filed with the petition pursuant to this section, the board or agency shall document the following: (i) the investigation conducted of the placement alternatives listed in clauses (i) through (v) of subsection A and why each of these is not currently in the best interest of the child; (ii) at least one compelling reason why none of the alternatives listed in clauses (i) through (v) is achievable for the child at the time placement in another planned permanent living arrangement is selected as the permanent goal for the child; (iii) the identity of the long-term residential treatment service provider; (iv) the nature of the child's disability; (v) the anticipated length of time required for the child's treatment; and (vi) the status of the child's eligibility for admission and long-term treatment. The court shall ensure that the local department has documentation of the intensive, ongoing, and, as of the date of the hearing, unsuccessful efforts made to return the child home or secure a placement for the child with a fit and willing relative, including adult siblings, or an adoptive parent, including through efforts that utilize search technology, including social media, to find the child's biological family members. The court shall ask the child about the child's desired permanency outcome and make a judicial determination, accompanied by an explanation of the reasons that the alternatives listed in clauses (i) through (iii) of subsection A continue to not be in the best interest of the child.

2. Before approving alternative (vi) of subsection A as the plan for the child, the court shall find (i) that the child has a severe and chronic emotional, physical or neurological disabling condition; (ii) that the child requires long-term residential treatment for the disabling condition; and (iii) that none of the alternatives listed in clauses (i) through (v) of subsection A is achievable for the child at the time placement in another planned permanent living arrangement is approved as the permanent goal for the child. If the board or agency petitions for alternative (vi), alternative (vi) may be approved by the court for a period of six months at a time.

3. At the conclusion of the permanency planning hearing, if alternative (vi) of subsection A is the permanent plan, the court shall schedule a hearing to be held within six months to review the child's placement in another planned permanent living arrangement in accordance with subdivision A2 4. All parties present at the hearing at which clause (vi) of subsection A is approved as the permanent plan for the child shall be given notice of the date scheduled for the foster care review hearing. Parties not present shall be summoned to appear as provided in § 16.1-263. Otherwise, this subsection A2 shall govern the scheduling and notice for such hearings.

4. The court shall review a foster care plan for any child who is placed in another planned permanent living arrangement every six months from the date of the permanency planning hearing held pursuant to this subsection, so long as the child remains in the legal custody of the board or child welfare agency. The board or child welfare agency shall file such petitions for review pursuant to the provisions of § 16.1-282 and shall, in addition, include in the petition the information required by subdivision A2 1. The petition for foster care review shall be filed no later than 30 days prior to the hearing scheduled in accordance with subdivision A2 3. At the conclusion of the foster care review hearing, if alternative (vi) of subsection A remains the permanent plan, the court shall enter an order that states whether reasonable efforts have been made to place the child in a timely manner in accordance with the permanency plan and to monitor the child's status in another planned permanent living arrangement.

However, if at any time during the six-month approval periods permitted by this subsection, a determination is made by treatment providers that the child's need for long-term residential treatment for the child's disabling condition is eliminated, the board or agency shall immediately begin to plan for post-discharge services and shall, within 30 days of making such a determination, file a petition for a permanency planning hearing pursuant to subsection A. Upon receipt of the petition, the court shall schedule a permanency planning hearing to be held within 30 days. The provisions of subsection B of § 16.1-282 shall apply to this petition. The procedures of subsection C of § 16.1-282 and the provisions of subsection G of § 16.1-282 shall apply to proceedings under this section.

A3. The following requirements shall apply to the selection and approval of permanent foster care pursuant to clause (iv) of subsection A:

1. The court shall ensure that the local department has documentation of the intensive, ongoing, and, as of the date of the hearing, unsuccessful efforts made to return the child home or secure a placement for the child with a fit and willing relative, including adult siblings, or an adoptive parent, including through efforts that utilize search technology, including social media, to find the child's biological family members.

2. The court shall ask the child about the child's desired permanency outcome and make a judicial determination, accompanied by an explanation of the reasons that the alternatives listed in clauses (i) through (iii) of subsection A continue to not be in the best interest of the child.

B. The following requirements shall apply to the selection and approval of an interim plan for the child in accordance with subsection A:

1. The board or child welfare agency shall petition for approval of an interim plan only if the board or child welfare agency has thoroughly investigated the feasibility of the alternatives listed in clauses (i) through (v) of subsection A and determined that none of those alternatives is in the best interest of the child. If the board or agency petitions for approval of an interim plan, such plan may be approved by the court for a maximum period of six months. The board or agency shall also file a foster care plan that (i) identifies a permanent goal for the child that corresponds with one of the alternatives specified in clauses (i) through (v) of subsection A; (ii) includes provisions for accomplishing the permanent goal within six months; and (iii) summarizes the investigation conducted of the alternatives listed in clauses (i) through (v) of subsection A and why achieving each of these is not in the best interest of the child at this time. The foster care plan shall describe the child's placement, including the in-state and out-of-state placement options and whether the child's placement is in state or out of state. If the child's placement is out of state, the foster care plan shall provide the reason why the out-of-state placement is appropriate and in the best interests of the child.

2. Before approving an interim plan for the child, the court shall find:

a. When returning home remains the plan for the child, that the parent has made marked progress toward reunification with the child, the parent has maintained a close and positive relationship with the child, and the child is likely to return home within the near future, although it is premature to set an exact date for return at the time of this hearing; or

b. When returning home is not the plan for the child, that marked progress is being made to achieve the permanent goal identified by the board or child welfare agency and that it is premature to set an exact date for accomplishing the goal at the time of this hearing. The court shall consider the in-state and out-of-state placement options, and if the child has been placed out of state, determine whether the out-of-state placement is appropriate and in the best interests of the child.

3. Upon approval of an interim plan, the court shall schedule a hearing to be held within six months to determine that the permanent goal is accomplished and to enter an order consistent with alternative (i), (ii), (iii), (iv), or (v) of subsection A. All parties present at the initial permanency planning hearing shall be given notice of the date scheduled for the second permanency planning hearing. Parties not present shall be summoned to appear as provided in § 16.1-263. Otherwise, subsection A shall govern the scheduling and notice for such hearings.

C. In each permanency planning hearing and in any hearing regarding the transition of the child from foster care to independent living, the court shall consult with the child in an age-appropriate manner regarding the proposed permanency plan or transition plan for the child, unless the court finds that such consultation is not in the best interests of the child.

D. In cases in which a child is placed by the local board of social services or a licensed child-placing agency in a qualified residential treatment program as defined in § 16.1-228, the provisions of subsection E of § 16.1-281 shall apply to any hearing held pursuant to this section.

E. At the conclusion of the permanency planning hearing held pursuant to this section, whether action is taken or deferred to achieve the permanent goal for the child, the court shall enter an order that states whether reasonable efforts have been made to reunite the child with the child's prior family, if returning home is the permanent goal for the child; or whether reasonable efforts have been made to achieve the permanent goal identified by the board or agency, if the goal is other than returning the child home.

In making this determination, the court shall give consideration to whether the board or agency has placed the child in a timely manner in accordance with the foster care plan and completed the steps necessary to finalize the permanent placement of the child.

§ 63.2-100. Definitions.

As used in this title, unless the context requires a different meaning:

"Abused or neglected child" means any child less than 18 years of age:

1. Whose parents or other person responsible for his care creates or inflicts, threatens to create or inflict, or allows to be created or inflicted upon such child a physical or mental injury by other than accidental means, or creates a substantial risk of death, disfigurement, or impairment of bodily or mental functions, including, but not limited to, a child who is with his parent or other person responsible for his care either (i) during the manufacture or attempted manufacture of a Schedule I or II controlled substance, or (ii) during the unlawful sale of such substance by that child's parents or other person responsible for his care, where such manufacture, or attempted manufacture or unlawful sale would constitute a felony violation of § 18.2-248;

2. Whose parents or other person responsible for his care neglects or refuses to provide care necessary for his health. However, no child who in good faith is under treatment solely by spiritual means through prayer in accordance with the tenets and practices of a recognized church or religious denomination shall for that reason alone be considered to be an abused or neglected child. Further, a decision by parents who have legal authority for the child or, in the absence of parents with legal authority for the child, any person with legal authority for the child, who refuses a particular medical treatment for a child with a life-threatening condition shall not be deemed a refusal to provide necessary care if (i) such decision is made jointly by the parents or other person with legal authority and the child; (ii) the child has reached 14 years of age and is sufficiently mature to have an informed opinion on the subject of his medical treatment; (iii) the parents or other person with legal authority and the child have considered alternative treatment options; and (iv) the parents or other person with legal authority and the child believe in good faith that such decision is in the child's best interest. Nothing in this subdivision shall be construed to limit the provisions of § 16.1-278.4;

3. Whose parents or other person responsible for his care abandons such child;
4. Whose parents or other person responsible for his care commits or allows to be committed any act of sexual exploitation or any sexual act upon a child in violation of the law;
5. Who is without parental care or guardianship caused by the unreasonable absence or the mental or physical incapacity of the child's parent, guardian, legal custodian or other person standing in loco parentis;
6. Whose parents or other person responsible for his care creates a substantial risk of physical or mental injury by knowingly leaving the child alone in the same dwelling, including an apartment as defined in § 55.1-2000, with a person to whom the child is not related by blood or marriage and who the parent or other person responsible for his care knows has been convicted of an offense against a minor for which registration is required as a violent sexual offender pursuant to § 9.1-902; or
7. Who has been identified as a victim of sex trafficking or severe forms of trafficking as defined in the Trafficking Victims Protection Act of 2000, 22 U.S.C § 7102 et seq., and in the Justice for Victims of Trafficking Act of 2015, 42 U.S.C. § 5101 et seq.

If a civil proceeding under this title is based solely on the parent having left the child at a hospital or emergency medical services agency, it shall be an affirmative defense that such parent safely delivered the child to a hospital that provides 24-hour emergency services or to an attended emergency medical services agency that employs emergency medical services providers, within 14 days of the child's birth. For purposes of terminating parental rights pursuant to § 16.1-283 and placement for adoption, the court may find such a child is a neglected child upon the ground of abandonment.

"Adoptive home" means any family home selected and approved by a parent, local board or a licensed child-placing agency for the placement of a child with the intent of adoption.

"Adoptive placement" means arranging for the care of a child who is in the custody of a child-placing agency in an approved home for the purpose of adoption.

"Adult abuse" means the willful infliction of physical pain, injury or mental anguish or unreasonable confinement of an adult as defined in § 63.2-1603.

"Adult day care center" means any facility that is either operated for profit or that desires licensure and that provides supplementary care and protection during only a part of the day to four or more aged, infirm or disabled adults who reside elsewhere, except (i) a facility or portion of a facility licensed by the State Board of Health or the Department of Behavioral Health and Developmental Services, and (ii) the home or residence of an individual who cares for only persons related to him by blood or marriage. Included in this definition are any two or more places, establishments or institutions owned, operated or controlled by a single entity and providing such supplementary care and protection to a combined total of four or more aged, infirm or disabled adults.

"Adult exploitation" means the illegal, unauthorized, improper, or fraudulent use of an adult as defined in § 63.2-1603 or his funds, property, benefits, resources, or other assets for another's profit, benefit, or advantage, including a caregiver or person serving in a fiduciary capacity, or that deprives the adult of his rightful use of or access to such funds, property, benefits, resources, or other assets. "Adult exploitation" includes (i) an intentional breach of a fiduciary obligation to an adult to his detriment or an intentional failure to use the financial resources of an adult in a manner that results in neglect of such adult; (ii) the acquisition, possession, or control of an adult's financial resources or property through the use of undue influence, coercion, or duress; and (iii) forcing or coercing an adult to pay for goods or services or perform services against his will for another's profit, benefit, or advantage if the adult did not agree, or was tricked, misled, or defrauded into agreeing, to pay for such goods or services or to perform such services.

"Adult foster care" means room and board, supervision, and special services to an adult who has a physical or mental condition. Adult foster care may be provided by a single provider for up to three adults.

"Adult neglect" means that an adult as defined in § 63.2-1603 is living under such circumstances that he is not able to provide for himself or is not being provided services necessary to maintain his physical and mental health and that the failure to receive such necessary services impairs or threatens to impair his well-being. However, no adult shall be considered neglected solely on the basis that such adult is receiving religious nonmedical treatment or religious nonmedical nursing care in lieu of medical care, provided that such treatment or care is performed in good faith and in accordance with the religious practices of the adult and there is a written or oral expression of consent by that adult.

"Adult protective services" means services provided by the local department that are necessary to protect an adult as defined in § 63.2-1603 from abuse, neglect or exploitation.

"Assisted living care" means a level of service provided by an assisted living facility for adults who may have physical or mental impairments and require at least a moderate level of assistance with activities of daily living.

1. That § 32.1-102.3 of the Code of Virginia is amended and reenacted as follows:

§ 32.1-102.3. Certificate required; criteria for determining need.

A. No person shall commence any project without first obtaining a certificate issued by the Commissioner. No certificate may be issued unless the Commissioner has determined that a public need for the project has been demonstrated. If it is determined that a public need exists for only a portion of a project, a certificate may be issued for that portion and any appeal may be limited to the part of the decision with which the appellant disagrees without affecting the remainder of the decision. Any decision to issue or approve the issuance of a certificate shall be consistent with the most recent applicable provisions of the State Medical Facilities Plan; however, if the Commissioner finds, upon presentation of appropriate evidence, that the provisions of such plan are not relevant to a rural locality's needs, inaccurate, outdated, inadequate or otherwise inapplicable, the Commissioner, consistent with such finding, may issue or approve the issuance of a certificate and shall initiate procedures to make appropriate amendments to such plan. In cases in which a provision of the State Medical Facilities Plan has been previously set aside by the Commissioner and relevant amendments to the Plan have not yet taken effect, the Commissioner's decision shall be consistent with the applicable portions of the State Medical Facilities Plan that have not been set aside and the remaining considerations in subsection B.

B. In determining whether a public need for a project has been demonstrated, the Commissioner shall consider:

1. The extent to which the proposed service or facility will provide or increase access to needed services for ~~residents~~ ~~of people~~ *in the area to be served*, and the effects that the proposed service or facility will have on access to needed services in areas having distinct and unique geographic, socioeconomic, cultural, transportation, and other barriers to access to care;
2. The extent to which the project will meet the needs of ~~the residents of people~~ *in the area to be served*, as demonstrated by each of the following: (i) the level of community support for the project demonstrated by ~~citizens~~ *people*, businesses, and governmental leaders representing the area to be served; (ii) the availability of reasonable alternatives to the proposed service or facility that would meet the needs of ~~the population~~ *people in the area to be served* in a less costly, more efficient, or more effective manner; (iii) any recommendation or report of the regional health planning agency regarding an application for a certificate that is required to be submitted to the Commissioner pursuant to subsection B of § 32.1-102.6; (iv) any costs and benefits of the project; (v) the financial accessibility of the project to ~~the residents of people~~ *in the area to be served*, including indigent ~~residents~~ *people*; and (vi) at the discretion of the Commissioner, any other factors as may be relevant to the determination of public need for a project;
3. The extent to which the application is consistent with the State Medical Facilities Plan;
4. The extent to which the proposed service or facility fosters institutional competition that benefits the area to be served while improving access to essential health care services for all ~~persons~~ *people* in the area to be served;
5. The relationship of the project to the existing health care system of the area to be served, including the utilization and efficiency of existing services or facilities;

6. The feasibility of the project, including the financial benefits of the project to the applicant, the cost of construction, the availability of financial and human resources, and the cost of capital;

7. The extent to which the project provides improvements or innovations in the financing and delivery of health services, as demonstrated by: (i) the introduction of new technology that promotes quality, cost effectiveness, or both in the delivery of health care services; (ii) the potential for provision of services on an outpatient basis; (iii) any cooperative efforts to meet regional health care needs; and (iv) at the discretion of the Commissioner, any other factors as may be appropriate; and

8. In the case of a project proposed by or affecting a teaching hospital associated with a public institution of higher education or a medical school in the area to be served, (i) the unique research, training, and clinical mission of the teaching hospital or medical school; and (ii) any contribution the teaching hospital or medical school may provide in the delivery, innovation, and improvement of health care for citizens of the Commonwealth, including indigent or underserved populations.

CHAPTER 228

An Act to amend and reenact § 63.2-1506 of the Code of Virginia, relating to family assessments; timeline.

[S 412]

Approved March 10, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 63.2-1506 of the Code of Virginia is amended and reenacted as follows:

§ 63.2-1506. Family assessments by local departments.

A. A family assessment requires the collection of information necessary to determine:

1. The immediate safety needs of the child;
2. The protective and rehabilitative services needs of the child and family that will deter abuse or neglect;
3. Risk of future harm to the child;

4. Whether the mother of a child who was exposed in utero to a controlled substance sought substance abuse counseling or treatment prior to the child's birth; and

5. Alternative plans for the child's safety if protective and rehabilitative services are indicated and the family is unable or unwilling to participate in services.

B. When a local department has been designated as a child-protective services differential response system participant by the Department pursuant to § 63.2-1504 and responds to the report or complaint by conducting a family assessment, the local department shall:

1. Conduct an immediate family assessment and, if the report or complaint was based upon one of the factors specified in subsection B of § 63.2-1509, the local department may file a petition pursuant to § 16.1-241.3;

2. Obtain and consider the results of a search of the child abuse and neglect registry for any individual who is the subject of a family assessment. The local board shall determine whether the individual has resided in another state within at least the preceding five years, and, if he has resided in another state, the local board shall request a search of the child abuse and neglect registry or equivalent registry maintained by such state. The local board also may obtain and consider, in accordance with regulations of the Board, statewide criminal history record information from the Central Criminal Records Exchange for any individual who is the subject of a family assessment;

3. Immediately contact the subject of the report and the family of the child alleged to have been abused or neglected and give each a written and an oral explanation of the family assessment procedure. The family assessment shall be in writing and shall be completed in accordance with Board regulation;

4. Complete the family assessment within ~~45~~ 60 days and transmit a report to such effect to the Department and to the person who is the subject of the family assessment. ~~However, upon written justification by the local department, the family assessment may be extended, not to exceed a total of 60 days;~~

5. Consult with the family to arrange for necessary protective and rehabilitative services to be provided to the child and his family. Families have the option of declining the services offered as a result of the family assessment. If the family declines the services, the case shall be closed unless the local department determines that sufficient cause exists to redetermine the case as one that needs to be investigated. In no instance shall a case be redetermined as an investigation solely because the family declines services;

6. Petition the court for services deemed necessary;

7. Make no disposition of founded or unfounded for reports in which a family assessment is completed. Reports in which a family assessment is completed shall not be entered into the central registry contained in § 63.2-1515; and

8. Commence an immediate investigation, if at any time during the completion of the family assessment, the local department determines that an investigation is required.

C. When a local department has been designated as a child-protective services differential response agency by the Department, the local department may investigate any report of child abuse or neglect, but the following valid reports of child abuse or neglect shall be investigated: (i) sexual abuse, (ii) child fatality, (iii) abuse or neglect resulting in serious injury as defined in § 18.2-371.1, (iv) cases involving a child's being left alone in the same dwelling with a person to whom the child is not related by blood or marriage and who has been convicted of an offense against a minor for which registration

is required as a violent sexual offender pursuant to § 9.1-902, (v) child has been taken into the custody of the local department, or (vi) cases involving a caretaker at a state-licensed child day center, religiously exempt child day center, licensed, registered or approved family day home, private or public school, hospital or any institution. If a report or complaint is based upon one of the factors specified in subsection B of § 63.2-1509, the local department shall (a) conduct a family assessment, unless an investigation is required pursuant to this subsection or other provision of law or is necessary to protect the safety of the child, and (b) develop a plan of safe care in accordance with federal law, regardless of whether the local department makes a finding of abuse or neglect.

D. Any individual who is the subject of a family assessment conducted under this section shall notify the local department prior to changing his place of residence and provide the local department with the address of his new residence.

CHAPTER 231

An Act to amend and reenact § 54.1-2983.2 of the Code of Virginia, relating to advance directives; physician assistants; capacity determinations.

[S 544]

Approved March 10, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 54.1-2983.2 of the Code of Virginia is amended and reenacted as follows:

§ 54.1-2983.2. Capacity; required determinations.

A. Every adult shall be presumed to be capable of making an informed decision unless he is determined to be incapable of making an informed decision in accordance with this article. A determination that a patient is incapable of making an informed decision may apply to a particular health care decision, to a specified set of health care decisions, or to all health care decisions. No person shall be deemed incapable of making an informed decision based solely on a particular clinical diagnosis.

B. Except as provided in subsection C, prior to providing, continuing, withholding, or withdrawing health care pursuant to an authorization that has been obtained or will be sought pursuant to this article and prior to, or as soon as reasonably practicable after initiating health care for which authorization has been obtained or will be sought pursuant to this article, and no less frequently than every 180 days while the need for health care continues, the attending physician shall certify in writing upon personal examination of the patient that the patient is incapable of making an informed decision regarding health care and shall obtain written certification from a capacity reviewer that, based upon a personal examination of the patient, the patient is incapable of making an informed decision. However, certification by a capacity reviewer shall not be required if the patient is unconscious or experiencing a profound impairment of consciousness due to trauma, stroke, or other acute physiological condition. The capacity reviewer providing written certification that a patient is incapable of making an informed decision, if required, shall not be otherwise currently involved in the treatment of the person assessed, unless an independent capacity reviewer is not reasonably available. The cost of the assessment shall be considered for all purposes a cost of the patient's health care.

C. If a person has executed an advance directive granting an agent the authority to consent to the person's admission to a facility as defined in § 37.2-100 for mental health treatment and if the advance directive so authorizes, the person's agent may exercise such authority after a determination that the person is incapable of making an informed decision regarding such admission has been made by (i) the attending physician, (ii) a psychiatrist or licensed clinical psychologist, (iii) a licensed ~~psychiatric~~ nurse practitioner, (iv) a *licensed physician assistant*, (v) a licensed clinical social worker, or ~~(vi)~~ (vi) a designee of the local community services board as defined in § 37.2-809. Such determination shall be made in writing following an in-person examination of the person and certified by the physician, psychiatrist, licensed clinical psychologist, licensed ~~psychiatric~~ nurse practitioner, *licensed physician assistant*, licensed clinical social worker, or designee of the local community services board who performed the examination prior to admission or as soon as reasonably practicable thereafter. Admission of a person to a facility as defined in § 37.2-100 for mental health treatment upon the authorization of the person's agent shall be subject to the requirements of § 37.2-805.1. When a person has been admitted to a facility for

mental health treatment upon the authorization of an agent following such a determination, such agent may authorize specific health care for the person, consistent with the provisions of the person's advance directive, only upon a determination that the person is incapable of making an informed decision regarding such health care in accordance with subsection B.

D. If, at any time, a patient is determined to be incapable of making an informed decision, the patient shall be notified, as soon as practical and to the extent he is capable of receiving such notice, that such determination has been made before providing, continuing, withholding, or withdrawing health care as authorized by this article. Such notice shall also be provided, as soon as practical, to the patient's agent or person authorized by § 54.1-2986 to make health care decisions on his behalf.

E. A single physician may, at any time, upon personal evaluation, determine that a patient who has previously been determined to be incapable of making an informed decision is now capable of making an informed decision, provided such determination is set forth in writing.

CHAPTER 232

An Act to amend and reenact § 54.1-3300.1 of the Code of Virginia, relating to collaborative practice agreements; nurse practitioners; physician assistants.

1. That § 54.1-3300.1 of the Code of Virginia is amended and reenacted as follows:

§ 54.1-3300.1. Participation in collaborative agreements; regulations to be promulgated by the Boards of Medicine and Pharmacy.

A pharmacist and his designated alternate pharmacists involved directly in patient care may participate with (i) any person licensed to practice medicine, osteopathy, or podiatry together with any person licensed, registered, or certified by a health regulatory board of the Department of Health Professions who provides health care services to patients of such person licensed to practice medicine, osteopathy, or podiatry; (ii) a physician's office as defined in § 32.1-276.3, provided that such collaborative agreement is signed by each physician participating in the collaborative practice agreement; (iii) any licensed physician assistant working ~~under the supervision of a person licensed to practice medicine, osteopathy, or podiatry in accordance with the provisions of § 54.1-2951.1;~~ or (iv) any licensed nurse practitioner working in accordance with the provisions of § 54.1-2957, involved directly in patient care in collaborative agreements which authorize cooperative procedures related to treatment using drug therapy, laboratory tests, or medical devices, under defined conditions or limitations, for the purpose of improving patient outcomes. However, no person licensed to practice medicine, osteopathy, or podiatry, *or licensed as a nurse practitioner or physician assistant*, shall be required to participate in a collaborative agreement with a pharmacist and his designated alternate pharmacists, regardless of whether a professional business entity on behalf of which the person is authorized to act enters into a collaborative agreement with a pharmacist and his designated alternate pharmacists.

No patient shall be required to participate in a collaborative procedure without such patient's consent. A patient who chooses to not participate in a collaborative procedure shall notify the prescriber of his refusal to participate in such collaborative procedure. A prescriber may elect to have a patient not participate in a collaborative procedure by contacting the pharmacist or his designated alternative pharmacists or by documenting the same on the patient's prescription.

Collaborative agreements may include the implementation, modification, continuation, or discontinuation of drug therapy pursuant to written or electronic protocols, provided implementation of drug therapy occurs following diagnosis by the prescriber; the ordering of laboratory tests; or other patient care management measures related to monitoring or improving the outcomes of drug or device therapy. No such collaborative agreement shall exceed the scope of practice of the respective parties. Any pharmacist who deviates from or practices in a manner inconsistent with the terms of a collaborative agreement shall be in violation of § 54.1-2902; such violation shall constitute grounds for disciplinary action pursuant to §§ 54.1-2400 and 54.1-3316.

Collaborative agreements may only be used for conditions which have protocols that are clinically accepted as the standard of care, or are approved by the Boards of Medicine and Pharmacy. The Boards of Medicine and Pharmacy shall jointly develop and promulgate regulations to implement the provisions of this section and to facilitate the development and implementation of safe and effective collaborative agreements between the appropriate practitioners and pharmacists. The regulations shall include guidelines concerning the use of protocols, and a procedure to allow for the approval or disapproval of specific protocols by the Boards of Medicine and Pharmacy if review is requested by a practitioner or pharmacist.

Nothing in this section shall be construed to supersede the provisions of § 54.1-3303.

B. Upon a finding that (i) the subsidiary bank has been granted such permission to engage in the trust business by the Commission or the Comptroller of the Currency and (ii) the unimpaired capital and surplus of such subsidiary bank is sufficient as prescribed in § 6.2-1003, or bond with corporate surety has been posted for any excess, or has been validly waived, the court shall enter an order substituting the subsidiary bank in every fiduciary capacity for each of the specified banks *or trust subsidiaries* under common ownership, except as may be otherwise specified in the application.

If the assessment exceeds the proper amount, he shall exonerate the applicant from the payment of so much as is erroneously charged if not paid into the treasury of the county or city. If the assessment has been paid, the governing body of the county or city shall, upon the certificate of the commissioner with the consent of the town, city or county attorney, or

if none, the attorney for the Commonwealth, that such assessment was erroneous, direct the treasurer of the county, city or town to refund the excess to the taxpayer, with interest if authorized pursuant to § 58.1-3918 or in the ordinance authorized by § 58.1-3916, or as otherwise authorized in that section. However, the governing body of the county, city or town may authorize the treasurer to approve and issue any refund up to ~~\$2,500~~ \$5,000 as a result of an erroneous assessment.

B. If the assessment is less than the proper amount, the commissioner shall assess such applicant with the proper amount. If any assessment is erroneous because of a mere clerical error or calculation, the same may be corrected as herein provided and with or without petition from the taxpayer. If such error or calculation was made in work performed by others in connection with conducting general assessments, such mistake may be corrected by the commissioner of the revenue.

C. If the commissioner of the revenue, or other official performing the duties imposed on commissioners of the revenue under this title, is satisfied that any assessment is erroneous because of a factual error made in work performed by others in connection with conducting general reassessments, he shall correct such assessment as herein provided and with or without petition from the taxpayer.

D. An error in the valuation of property subject to the rollback tax imposed under § 58.1-3237 for those years to which such tax is applicable may be corrected within three years of the assessment of the rollback tax.

E. A copy of any correction made under this section shall be certified by the commissioner or such other official to the treasurer of his county, city or town. F. In any action on application for correction under § 58.1-3980, if so requested by the applicant, the commissioner or other such official shall state in writing the facts and law supporting the action on such application and mail a copy of such writing to the applicant at his last known address.

CHAPTER 241

An Act to amend and reenact §§ 58.1-3833 and 58.1-3840 of the Code of Virginia, relating to meals tax and county food and beverage tax; exemption for farmers market and roadside stand sales up to \$2,500.

[H 342]

Approved March 10, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 58.1-3833 and 58.1-3840 of the Code of Virginia are amended and reenacted as follows:

§ 58.1-3833. County food and beverage tax.

A. 1. Any county is hereby authorized to levy a tax on food and beverages sold, for human consumption, by a restaurant, as such term is defined in § 35.1-1, not to exceed four percent of the amount charged for such food and beverages. Such tax shall not be levied on food and beverages sold through vending machines or by (i) boardinghouses that do not accommodate transients; (ii) cafeterias operated by industrial plants for employees only; (iii) restaurants to their employees as part of their compensation when no charge is made to the employee; (iv) volunteer fire departments and volunteer emergency medical services agencies; nonprofit churches or other religious bodies; or educational, charitable, fraternal, or benevolent organizations the first three times per calendar year and, beginning with the fourth time, on the first \$100,000 of gross receipts per calendar year from sales of food and beverages (excluding gross receipts from the first three times), as a fundraising activity, the gross proceeds of which are to be used by such church, religious body or organization exclusively for nonprofit educational, charitable, benevolent, or religious purposes; (v) churches that serve meals for their members as a regular part of their religious observances; (vi) public or private elementary or secondary schools or institutions of higher education to their students or employees; (vii) hospitals, medical clinics, convalescent homes, nursing homes, or other extended care facilities to patients or residents thereof; (viii) day care centers; (ix) homes for the aged, infirm, handicapped, battered women, narcotic addicts, or alcoholics; ~~or~~ (x) age-restricted apartment complexes or residences with restaurants, not open to the public, where meals are served and fees are charged for such food and beverages and are included in rental fees; or (xi) *sellers at local farmers markets and roadside stands, when such sellers' annual income from such sales does not exceed \$2,500. For the exemption described in clause (xi), the sellers' annual income shall include income from sales at all local farmers markets and roadside stands, not just those sales occurring in the locality imposing the tax.* Also, the tax shall not be levied on food and beverages: (a) when used or consumed and paid for by the Commonwealth, any political subdivision of the Commonwealth, or the United States; or (b) provided by a public or private nonprofit charitable organization or establishment to elderly, infirm, blind, handicapped, or needy persons in their homes, or at central locations; or (c) provided by private establishments that contract with the appropriate agency of the Commonwealth to offer food, food products, or beverages for immediate consumption at concession prices to elderly, infirm, blind, handicapped, or needy persons in their homes or at central locations.

2. Grocery stores and convenience stores selling prepared foods ready for human consumption at a delicatessen counter shall be subject to the tax, for that portion of the grocery store or convenience store selling such items.

3. This tax shall be levied only if the tax is approved in a referendum within the county which shall be held in accordance with § 24.2-684 and initiated either by a resolution of the board of supervisors or on the filing of a petition signed by a number of registered voters of the county equal in number to 10 percent of the number of voters registered in the county, as appropriate on January 1 of the year in which the petition is filed with the court of such county. However, no referendum initiated by a resolution of the board of supervisors shall be authorized in a county in the three calendar years subsequent to the electoral defeat of any referendum held pursuant to this section in such county. The clerk of the circuit court shall publish notice of the election in a newspaper of general circulation in the county once a week for three consecutive weeks prior to the election. If the voters affirm the levy of a local meals tax, the tax shall be effective in an amount and on such terms as the governing body may by ordinance prescribe. If such resolution of the board of supervisors or such petition states for what projects and/or purposes the revenues collected from the tax are to be used, then the question on the ballot for the referendum shall include language stating for what projects and/or purposes the revenues collected from the tax are to be used.

4. Any referendum held for the purpose of approving a county food and beverage tax pursuant to this section shall, in the language of the ballot question presented to voters, contain the following text in a paragraph unto itself: "If this food and beverage tax is adopted and a maximum tax rate of four percent is imposed, then the total tax imposed on all prepared food and beverage shall be ..." followed by the total, expressed as a percentage, of all existing ad valorem taxes applicable to the transaction added to the four percent county food and beverage tax to be approved by the referendum.

5. Notwithstanding any other provision of this section, if a county that has not imposed a county food and beverage tax adopts an ordinance or resolution pursuant to subdivision 1 of § 15.2-2607 providing for the payment of the principal and premium, if any, and interest on bonds issued in accordance with the Public Finance Act (§ 15.2-2600 et seq.) from revenue collected from a county food and beverage tax, then the ballot may provide, as a single question:

- a. The purpose or purposes of the bonds to be issued;
- b. The estimated maximum amount of such bonds proposed in the notice required in subsection A of § 15.2-2606;
- c. The request for approval by the voters of a county food and beverage tax authorized and levied in accordance with subdivision 3;
- d. The language required to be included in the ballot question as set forth in subdivision 4; and
- e. An explanation that the bonds shall be issued only if the county food and beverage tax is approved in the referendum.

Any referendum placed on the ballot pursuant to this subdivision 5 shall be submitted according to the procedures specified in § 24.2-684.

The term "beverage" as set forth herein shall mean alcoholic beverages as defined in § 4.1-100 and nonalcoholic beverages served as part of a meal. The tax shall be in addition to the sales tax currently imposed by the county pursuant to the authority of Chapter 6 (§ 58.1-600 et seq.). Collection of such tax shall be in a manner prescribed by the governing body.

B. Notwithstanding the provisions of subsection A, Roanoke County, Rockbridge County, Frederick County, Arlington County, and Montgomery County are hereby authorized to levy a tax on food and beverages sold for human consumption by a restaurant, as such term is defined in § 35.1-1 and as modified in subsection A and subject to the same exemptions, not to exceed four percent of the amount charged for such food and beverages, provided that the governing body of the respective county holds a public hearing before adopting a local food and beverage tax, and the governing body by unanimous vote adopts such tax by local ordinance. The tax shall be effective in an amount and on such terms as the governing body may by ordinance prescribe.

C. Nothing herein contained shall affect any authority heretofore granted to any county, city or town to levy a meals tax. The county tax limitations imposed pursuant to § 58.1-3711 shall apply to any tax levied under this section, mutatis mutandis. All food and beverage tax collections and all meals tax collections shall be deemed to be held in trust for the county, city or town imposing the applicable tax. The wrongful and fraudulent use of such collections other than remittance of the same as provided by law shall constitute embezzlement pursuant to § 18.2-111.

D. No county which has heretofore adopted an ordinance pursuant to subsection A shall be required to submit an amendment to its meals tax ordinance to the voters in a referendum.

E. Notwithstanding any other provision of this section, no locality shall levy any tax under this section upon (i) that portion of the amount paid by the purchaser as a discretionary gratuity in addition to the sales price; (ii) that portion of the amount paid by the purchaser as a mandatory gratuity or service charge added by the restaurant in addition to the sales price, but only to the extent that such mandatory gratuity or service charge does not exceed 20 percent of the sales price; or (iii) alcoholic beverages sold in factory sealed containers and purchased for off-premises consumption or food purchased for human consumption as "food" is defined in the Food Stamp Act of 1977, 7 U.S.C. § 2012, as amended, and federal regulations adopted pursuant to that act, except for the following items: sandwiches, salad bar items sold from a salad bar, prepackaged single-serving salads consisting primarily of an assortment of vegetables, and nonfactory sealed beverages.

§ 58.1-3840. Certain excise taxes permitted.

A. The provisions of Chapter 6 (§ 58.1-600 et seq.) to the contrary notwithstanding, any city or town having general taxing powers established by charter pursuant to or consistent with the provisions of § 15.2-1104 may impose excise taxes on cigarettes, admissions, transient room rentals, meals, and travel campgrounds. No such taxes on meals may be imposed on (i) that portion of the amount paid by the purchaser as a discretionary gratuity in addition to the sales price of the meal; (ii) that portion of the amount paid by the purchaser as a mandatory gratuity or service charge added by the restaurant in

addition to the sales price of the meal, but only to the extent that such mandatory gratuity or service charge does not exceed 20 percent of the sales price; or (iii) food and beverages sold through vending machines or on any tangible personal property purchased with food coupons issued by the United States Department of Agriculture under the Food Stamp Program or drafts issued through the Virginia Special Supplemental Food Program for Women, Infants, and Children. No such taxes on meals may be imposed when sold or provided by (a) restaurants, as such term is defined in § 35.1-1, to their employees as part of their compensation when no charge is made to the employee; (b) volunteer fire departments and volunteer emergency medical services agencies; nonprofit churches or other religious bodies; or educational, charitable, fraternal, or benevolent organizations, the first three times per calendar year and, beginning with the fourth time, on the first \$100,000 of gross receipts per calendar year from sales of meals (excluding gross receipts from the first three times), as a fundraising activity, the gross proceeds of which are to be used by such church, religious body or organization exclusively for nonprofit educational, charitable, benevolent, or religious purposes; (c) churches that serve meals for their members as a regular part of their religious observances; (d) public or private elementary or secondary schools or institutions of higher education to their students or employees; (e) hospitals, medical clinics, convalescent homes, nursing homes, or other extended care facilities to patients or residents thereof; (f) day care centers; (g) homes for the aged, infirm, handicapped, battered women, narcotic addicts, or alcoholics; ~~or~~ (h) age-restricted apartment complexes or residences with restaurants, not open to the public, where meals are served and fees are charged for such food and beverages and are included in rental fees; *or (i) sellers at local farmers markets and roadside stands, when such sellers' annual income from such sales does not exceed \$2,500. For the exemption described in clause (i), the sellers' annual income shall include income from sales at all local farmers markets and roadside stands, not just those sales occurring in the locality imposing the tax.*

Also, the tax shall not be levied on meals: (1) when used or consumed and paid for by the Commonwealth, any political subdivision of the Commonwealth, or the United States; (2) provided by a public or private nonprofit charitable organization or establishment to elderly, infirm, blind, handicapped, or needy persons in their homes, or at central locations; or (3) provided by private establishments that contract with the appropriate agency of the Commonwealth to offer food, food products, or beverages for immediate consumption at concession prices to elderly, infirm, blind, handicapped, or needy persons in their homes or at central locations.

In addition, as set forth in § 51.5-98, no blind person operating a vending stand or other business enterprise under the jurisdiction of the Department for the Blind and Vision Impaired and located on property acquired and used by the United States for any military or naval purpose shall be required to collect and remit meals taxes.

B. Notwithstanding any other provision of this section, no city or town shall levy any tax under this section upon alcoholic beverages sold in factory sealed containers and purchased for off-premises consumption or food purchased for human consumption as "food" is defined in the Food Stamp Act of 1977, 7 U.S.C. § 2012, as amended, and federal regulations adopted pursuant to that act, except for the following items: sandwiches, salad bar items sold from a salad bar, prepackaged single-serving salads consisting primarily of an assortment of vegetables, and nonfactory sealed beverages.

C. Any city or town that is authorized to levy a tax on admissions may levy the tax on admissions paid for any event held at facilities that are not owned by the city or town at a lower rate than the rate levied on admissions paid for any event held at its city- or town-owned civic centers, stadiums, and amphitheaters.

§ 58.1-3703.1. Uniform ordinance provisions.

A. Every ordinance levying a license tax pursuant to this chapter shall include provisions substantially similar to this subsection. As they apply to license taxes, the provisions required by this section shall override any limitations or requirements in Chapter 39 (§ 58.1-3900 et seq.) ~~of this title~~ to the extent that they are in conflict.

A person engaged in two or more businesses or professions carried on at the same place of business may elect to obtain one license for all such businesses and professions if all of the following criteria are satisfied: (a) each business or profession is subject to licensure at the location and has satisfied any requirements imposed by state law or other provisions of the ordinances of this jurisdiction; (b) all of the businesses or professions are subject to the same tax rate, or, if subject to different tax rates, the licensee agrees to be taxed on all businesses and professions at the

highest rate; and (c) the taxpayer agrees to supply such information as the assessor may require concerning the nature of the several businesses and their gross receipts.

Notwithstanding the foregoing, the governing body of any county, city, or town with a population greater than 50,000 may waive the license requirements provided herein for businesses with gross receipts of ~~less than \$100,000~~ \$200,000 or less.

2. Due dates and penalties.

a. Each person subject to a license tax shall apply for a license prior to beginning business if he was not subject to licensure in this jurisdiction on or before January 1 of the license year, or no later than March 1 of the license year if he had been issued a license for the preceding year. Any locality is authorized to adopt a later application date that is on or before May 1 of the license year. The application shall be on forms prescribed by the assessing official.

b. The tax shall be paid with the application in the case of any license not based on gross receipts. If the tax is measured by the gross receipts of the business, the tax shall be paid on or before the locality's fixed due date for filing license applications or a later date, including installment payment dates, or 30 or more days after beginning business, at the locality's option.

c. The assessing official may grant an extension of time in which to file an application for a license, for reasonable cause. The extension may be conditioned upon the timely payment of a reasonable estimate of the appropriate tax; the tax is then subject to adjustment to the correct tax at the end of the extension, together with interest from the due date until the date paid and, if the estimate submitted with the extension is found to be unreasonable under the circumstances, with a penalty of 10 percent of the portion paid after the due date.

d. A penalty of 10 percent of the tax may be imposed upon the failure to file an application or the failure to pay the tax by the appropriate due date. Only the late filing penalty shall be imposed by the assessing official if both the application and payment are late; however, both penalties may be assessed if the assessing official determines that the taxpayer has a history of noncompliance. In the case of an assessment of additional tax made by the assessing official, if the application and, if applicable, the return were made in good faith and the understatement of the tax was not due to any fraud, reckless or intentional disregard of the law by the taxpayer, there shall be no late payment penalty assessed with the additional tax. If any assessment of tax by the assessing official is not paid within 30 days, the treasurer or other collecting official may impose a 10 percent late payment penalty. If the failure to file or pay was not the fault of the taxpayer, the penalties shall not be imposed, or if imposed, shall be abated by the official who assessed them. In order to demonstrate lack of fault, the taxpayer must show that he acted responsibly and that the failure was due to events beyond his control.

"Acted responsibly" means that: (i) the taxpayer exercised the level of reasonable care that a prudent person would exercise under the circumstances in determining the filing obligations for the business and (ii) the taxpayer undertook significant steps to avoid or mitigate the failure, such as requesting appropriate extensions (where applicable), attempting to prevent a foreseeable impediment, acting to remove an impediment once it occurred, and promptly rectifying a failure once the impediment was removed or the failure discovered.

"Events beyond the taxpayer's control" include, but are not limited to, the unavailability of records due to fire or other casualty; the unavoidable absence (e.g., due to death or serious illness) of the person with the sole responsibility for tax compliance; or the taxpayer's reasonable reliance in good faith upon erroneous written information from the assessing official who was aware of the relevant facts relating to the taxpayer's business when he provided the erroneous information.

e. Interest shall be charged on the late payment of the tax from the due date until the date paid without regard to fault or other reason for the late payment. Whenever an assessment of additional or omitted tax by the assessing official is found to be erroneous, all interest and any penalties charged and collected on the amount of the assessment found to be erroneous shall be refunded together with interest on the refund from the date of payment or the due date, whichever is later. Interest shall be paid on the refund of any BPOL tax from the date of payment or due date, whichever is later, whether attributable to an amended return or other reason. Interest on any refund shall be paid at the same rate charged under § 58.1-3916.

No interest shall accrue on an adjustment of estimated tax liability to actual liability at the conclusion of a base year. No interest shall be paid on a refund or charged on a late payment, provided the refund or the late payment is made not more than 30 days from the date of the payment that created the refund or the due date of the tax, whichever is later.

3. Situs of gross receipts.

a. General rule. Whenever the tax imposed by this ordinance is measured by gross receipts, the gross receipts included in the taxable measure shall be only those gross receipts attributed to the exercise of a privilege subject to licensure at a definite place of business within this jurisdiction. In the case of activities conducted outside of a definite place of business, such as during a visit to a customer location, the gross receipts shall be attributed to the definite place of business from which such activities are initiated, directed, or controlled. The situs of gross receipts for different classifications of business shall be attributed to one or more definite places of business or offices as follows:

(1) The gross receipts of a contractor shall be attributed to the definite place of business at which his services are performed, or if his services are not performed at any definite place of business, then the definite place of business from which his services are directed or controlled, unless the contractor is subject to the provisions of § 58.1-3715;

(2) The gross receipts of a retailer or wholesaler shall be attributed to the definite place of business at which sales solicitation activities occur, or if sales solicitation activities do not occur at any definite place of business, then the definite place of business from which sales solicitation activities are directed or controlled; however, a wholesaler or distribution house subject to a license tax measured by purchases shall determine the situs of its purchases by the definite place of business at which or from which deliveries of the purchased goods, wares and merchandise are made to customers. Any

wholesaler who is subject to license tax in two or more localities and who is subject to multiple taxation because the localities use different measures, may apply to the Department of Taxation for a determination as to the proper measure of purchases and gross receipts subject to license tax in each locality;

(3) The gross receipts of a business renting tangible personal property shall be attributed to the definite place of business from which the tangible personal property is rented or, if the property is not rented from any definite place of business, then to the definite place of business at which the rental of such property is managed; and

(4) The gross receipts from the performance of services shall be attributed to the definite place of business at which the services are performed or, if not performed at any definite place of business, then to the definite place of business from which the services are directed or controlled.

b. Apportionment. If the licensee has more than one definite place of business and it is impractical or impossible to determine to which definite place of business gross receipts should be attributed under the general rule, the gross receipts of the business shall be apportioned between the definite places of businesses on the basis of payroll. Gross receipts shall not be apportioned to a definite place of business unless some activities under the applicable general rule occurred at, or were controlled from, such definite place of business. Gross receipts attributable to a definite place of business in another jurisdiction shall not be attributed to this jurisdiction solely because the other jurisdiction does not impose a tax on the gross receipts attributable to the definite place of business in such other jurisdiction.

c. Agreements. The assessor may enter into agreements with any other political subdivision of Virginia concerning the manner in which gross receipts shall be apportioned among definite places of business. However, the sum of the gross receipts apportioned by the agreement shall not exceed the total gross receipts attributable to all of the definite places of business affected by the agreement. Upon being notified by a taxpayer that its method of attributing gross receipts is fundamentally inconsistent with the method of one or more political subdivisions in which the taxpayer is licensed to engage in business and that the difference has, or is likely to, result in taxes on more than 100 percent of its gross receipts from all locations in the affected jurisdictions, the assessor shall make a good faith effort to reach an apportionment agreement with the other political subdivisions involved. If an agreement cannot be reached, either the assessor or taxpayer may seek an advisory opinion from the Department of Taxation pursuant to § 58.1-3701; notice of the request shall be given to the other party. Notwithstanding the provisions of § 58.1-3993, when a taxpayer has demonstrated to a court that two or more political subdivisions of Virginia have assessed taxes on gross receipts that may create a double assessment within the meaning of § 58.1-3986, the court shall enter such orders pending resolution of the litigation as may be necessary to ensure that the taxpayer is not required to pay multiple assessments even though it is not then known which assessment is correct and which is erroneous.

4. Limitations and extensions.

a. Where, before the expiration of the time prescribed for the assessment of any license tax imposed pursuant to this ordinance, both the assessing official and the taxpayer have consented in writing to its assessment after such time, the tax may be assessed at any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

b. Notwithstanding § 58.1-3903, the assessing official shall assess the local license tax omitted because of fraud or failure to apply for a license for the current license year and the six preceding license years.

c. The period for collecting any local license tax shall not expire prior to the period specified in § 58.1-3940, two years after the date of assessment if the period for assessment has been extended pursuant to this subdivision of the ordinance, two years after the final determination of an appeal for which collection has been stayed pursuant to subdivision 5 b or 5 d of this ordinance, or two years after the final decision in a court application pursuant to § 58.1-3984 or a similar law for which collection has been stayed, whichever is later.

5. Administrative appeals to commissioner of the revenue or other assessing official.

a. Definitions. For purposes of this section:

"Amount in dispute," when used with respect to taxes due or assessed, means the amount specifically identified in the administrative appeal or application for judicial review as disputed by the party filing such appeal or application.

"Appealable event" means an increase in the assessment of a local license tax payable by a taxpayer, the denial of a refund, or the assessment of a local license tax where none previously was assessed, arising out of the local assessing official's (i) examination of records, financial statements, books of account, or other information for the purpose of determining the correctness of an assessment; (ii) determination regarding the rate or classification applicable to the licensable business; (iii) assessment of a local license tax when no return has been filed by the taxpayer; or (iv) denial of an application for correction of erroneous assessment attendant to the filing of an amended application for license.

An appealable event shall include a taxpayer's appeal of the classification applicable to a business, including whether the business properly falls within a business license subclassification established by the locality, regardless of whether the taxpayer's appeal is in conjunction with an assessment, examination, audit, or any other action taken by the locality.

"Fivolous" means a finding, based on specific facts, that the party asserting the appeal is unlikely to prevail upon the merits because the appeal is (i) not well grounded in fact; (ii) not warranted by existing law or a good faith argument for the extension, modification, or reversal of existing law; (iii) interposed for an improper purpose, such as to harass, to cause unnecessary delay in the payment of tax or a refund, or to create needless cost from the litigation; or (iv) otherwise frivolous.

"Jeopardized by delay" means a finding, based upon specific facts, that a taxpayer designs to (i) depart quickly from the locality; (ii) remove his property therefrom; (iii) conceal himself or his property therein; or (iv) do any other act tending to prejudice, or to render wholly or partially ineffectual, proceedings to collect the tax for the period in question.

b. Filing and contents of administrative appeal. Any person assessed with a local license tax as a result of an appealable event as defined in this section may file an administrative appeal of the assessment within one year from the last day of the tax year for which such assessment is made, or within one year from the date of the appealable event, whichever is later, with the commissioner of the revenue or other local assessing official. The appeal must be filed in good faith and sufficiently identify the taxpayer, the tax periods covered by the challenged assessments, the amount in dispute, the remedy sought, each alleged error in the assessment, the grounds upon which the taxpayer relies, and any other facts relevant to the taxpayer's contention. The assessor may hold a conference with the taxpayer if requested by the taxpayer, or require submission of additional information and documents, an audit or further audit, or other evidence deemed necessary for a proper and equitable determination of the appeal. The assessment placed at issue in the appeal shall be deemed prima facie correct. The assessor shall undertake a full review of the taxpayer's claims and issue a written determination to the taxpayer setting forth the facts and arguments in support of his decision.

The taxpayer may at any time also file an administrative appeal of the classification applicable to the taxpayer's business, including whether the business properly falls within a business license subclassification established by the locality. However, the appeal of the classification of the business shall not apply to any license year for which the Tax Commissioner has previously issued a final determination relating to any license fee or license tax imposed upon the taxpayer's business for the year. In addition, any appeal of the classification of a business shall in no way affect or change any limitations period prescribed by law for appealing an assessment.

c. Notice of right of appeal and procedures. Every assessment made by a commissioner of the revenue or other assessing official pursuant to an appealable event shall include or be accompanied by a written explanation of the taxpayer's right to file an administrative appeal and the specific procedures to be followed in the jurisdiction, the name and address to which the appeal should be directed, an explanation of the required content of the appeal, and the deadline for filing the appeal.

For purposes of facilitating an administrative appeal of the classification applicable to a taxpayer's business, each locality imposing a tax or fee under this chapter shall maintain on its website the specific procedures to be followed in the jurisdiction with regard to such appeal and the name and address to which the appeal should be directed.

d. Suspension of collection activity during appeal. Provided a timely and complete administrative appeal is filed, collection activity with respect to the amount in dispute relating to any assessment by the commissioner of the revenue or other assessing official shall be suspended until a final determination is issued by the commissioner of the revenue or other assessing official, unless the treasurer or other official responsible for the collection of such tax (i) determines that collection would be jeopardized by delay as defined in this section; (ii) is advised by the commissioner of the revenue or other assessing official that the taxpayer has not responded to a request for relevant information after a reasonable time; or (iii) is advised by the commissioner of the revenue or other assessing official that the appeal is frivolous as defined in this section. Interest shall accrue in accordance with the provisions of subdivision 2 e of this subsection, but no further penalty shall be imposed while collection action is suspended.

e. Procedure in event of nondecision. Any taxpayer whose administrative appeal to the commissioner of the revenue or other assessing official pursuant to the provisions of subdivision 5 of this subsection has been pending for more than one year without the issuance of a final determination may, upon not less than 30 days' written notice to the commissioner of the revenue or other assessing official, elect to treat the appeal as denied and appeal the assessment or classification of the taxpayer's business to the Tax Commissioner in accordance with the provisions of subdivision 6 of this subsection. The Tax Commissioner shall not consider an appeal filed pursuant to the provisions of this subsection if he finds that the absence of a final determination on the part of the commissioner of the revenue or other assessing official was caused by the willful failure or refusal of the taxpayer to provide information requested and reasonably needed by the commissioner or other assessing official to make his determination.

6. Administrative appeal to the Tax Commissioner.
