a. Any person assessed with a local license tax as a result of a determination or that has received a determination with regard to the person's appeal of the license classification or subclassification applicable to the person's business, upon an administrative appeal to the commissioner of the revenue or other assessing official pursuant to subdivision 5 of this subsection, that is adverse to the position asserted by the taxpayer in such appeal may appeal such assessment or determination to the Tax Commissioner within 90 days of the date of the determination by the commissioner of the revenue or other assessing official. The appeal shall be in such form as the Tax Commissioner may prescribe and the taxpayer shall serve a copy of the appeal upon the commissioner of the revenue or other assessing official. The Tax Commissioner shall permit the commissioner of the revenue or other assessing official to participate in the proceedings, and shall issue a determination to the taxpayer within 90 days of receipt of the taxpayer's application, unless the taxpayer and the assessing official are notified that a longer period will be required. The appeal shall proceed in the same manner as an application pursuant to § 58.1-1821, and the Tax Commissioner pursuant to § 58.1-1822 may issue an order correcting such assessment or correcting the license classification or subclassification of the business and the related license tax or fee liability.

b. Suspension of collection activity during appeal. On receipt of a notice of intent to file an appeal to the Tax Commissioner under subdivision 6 a of this subsection, collection activity with respect to the amount in dispute relating to

any assessment by the commissioner of the revenue or other assessing official shall be suspended until a final determination is issued by the Tax Commissioner, unless the treasurer or other official responsible for the collection of such tax (i) determines that collection would be jeopardized by delay as defined in this section; (ii) is advised by the commissioner of the revenue or other assessing official, or the Tax Commissioner, that the taxpayer has not responded to a request for relevant information after a reasonable time; or (iii) is advised by the commissioner of the revenue or other assessing official that the appeal is frivolous as defined in this section. Interest shall accrue in accordance with the provisions of subdivision 2 e of this subsection, but no further penalty shall be imposed while collection action is suspended. The requirement that collection activity be suspended shall cease unless an appeal pursuant to subdivision 6 a of this subsection is filed and served on the necessary parties within 30 days of the service of notice of intent to file such appeal.

c. Implementation of determination of Tax Commissioner. Promptly upon receipt of the final determination of the Tax Commissioner with respect to an appeal pursuant to subdivision 6 a of this subsection, the commissioner of the revenue or other assessing official shall take those steps necessary to calculate the amount of tax owed by or refund due to the taxpayer consistent with the Tax Commissioner's determination and shall provide that information to the taxpayer and to the treasurer or other official responsible for collection in accordance with the provisions of this subdivision.

(1) If the determination of the Tax Commissioner sets forth a specific amount of tax due, the commissioner of the revenue or other assessing official shall certify the amount to the treasurer or other official responsible for collection, and the treasurer or other official responsible for collection shall issue a bill to the taxpayer for such amount due, together with interest accrued and penalty, if any is authorized by this section, within 30 days of the date of the determination of the Tax Commissioner.

(2) If the determination of the Tax Commissioner sets forth a specific amount of refund due, the commissioner of the revenue or other assessing official shall certify the amount to the treasurer or other official responsible for collection, and the treasurer or other official responsible for collection shall issue a payment to the taxpayer for such amount due, together with interest accrued pursuant to this section, within 30 days of the date of the determination of the Tax Commissioner.

(3) If the determination of the Tax Commissioner does not set forth a specific amount of tax due, or otherwise requires the commissioner of the revenue or other assessing official to undertake a new or revised assessment that will result in an obligation to pay a tax that has not previously been paid in full, the commissioner of the revenue or other assessing official shall promptly commence the steps necessary to undertake such new or revised assessment, and provide the same to the taxpayer within 60 days of the date of the determination of the Tax Commissioner, or within 60 days after receipt from the taxpayer of any additional information requested or reasonably required under the determination of the Tax Commissioner, whichever is later. The commissioner of the revenue or other assessing official shall certify the new assessment to the treasurer or other official responsible for collection, and the treasurer or other official responsible for collection shall issue a bill to the taxpayer for the amount due, together with interest accrued and penalty, if any is authorized by this section, within 30 days of the date of the new assessment.

(4) If the determination of the Tax Commissioner does not set forth a specific amount of refund due, or otherwise requires the commissioner of the revenue or other assessing official to undertake a new or revised assessment that will result in an obligation on the part of the locality to make a refund of taxes previously paid, the commissioner of the revenue or other assessing official shall promptly commence the steps necessary to undertake such new or revised assessment or to determine the amount of refund due in the case of a correction to the license classification or subclassification of the business, and provide the same to the taxpayer within 60 days of the date of the determination of the Tax Commissioner, or within 60 days after receipt from the taxpayer of any additional information requested or reasonably required under the determination of the Tax Commissioner, whichever is later. The commissioner of the revenue or other assessing official shall certify the new assessment or refund amount to the treasurer or other official responsible for collection, and the treasurer or other official responsible for collection shall issue a refund to the taxpayer for the amount of tax due, together with interest accrued, within 30 days of the date of the new assessment or determination of the amount of the refund.

7. Judicial review of determination of Tax Commissioner.

a. Judicial review. Following the issuance of a final determination of the Tax Commissioner pursuant to subdivision 6 a of this subsection, the taxpayer or commissioner of the revenue or other assessing official may apply to the appropriate circuit court for judicial review of the determination, or any part thereof, pursuant to § 58.1-3984. In any such proceeding for judicial review of a determination of the Tax Commissioner, the burden shall be on the party challenging the determination of the Tax Commissioner, or any part thereof, to show that the ruling of the Tax Commissioner is erroneous with respect to the part challenged. Neither the Tax Commissioner nor the Department of Taxation shall be made a party to an application to correct an assessment merely because the Tax Commissioner has ruled on it.

b. Suspension of payment of disputed amount of tax due upon taxpayer's notice of intent to initiate judicial review.

(1) On receipt of a notice of intent to file an application for judicial review, pursuant to § 58.1-3984, of a determination of the Tax Commissioner pursuant to subdivision 6 a of this subsection, and upon payment of the amount of the tax relating to any assessment by the commissioner of the revenue or other assessing official that is not in dispute together with any penalty and interest then due with respect to such undisputed portion of the tax, the treasurer or other collection official shall further suspend collection activity while the court retains jurisdiction unless the court, upon appropriate motion after notice and an opportunity to be heard, determines that (i) the taxpayer's application for judicial review is frivolous, as defined in this section; (ii) collection would be jeopardized by delay, as defined in this section; or (iii) suspension of collection would cause substantial economic hardship to the locality. For purposes of determining whether substantial economic hardship to

the locality would arise from a suspension of collection activity, the court shall consider the cumulative effect of then-pending appeals filed within the locality by different taxpayers that allege common claims or theories of relief.

(2) Upon a determination that the appeal is frivolous, that collection may be jeopardized by delay, or that suspension of collection would result in substantial economic hardship to the locality, the court may require the taxpayer to pay the amount in dispute or a portion thereof, or to provide surety for payment of the amount in dispute in a form acceptable to the court.

(3) No suspension of collection activity shall be required if the application for judicial review fails to identify with particularity the amount in dispute or the application does not relate to any assessment by the commissioner of the revenue or other assessing official.

(4) The requirement that collection activity be suspended shall cease unless an application for judicial review pursuant to § 58.1-3984 is filed and served on the necessary parties within 30 days of the service of the notice of intent to file such application.

(5) The suspension of collection activity authorized by this subdivision shall not be applicable to any appeal of a local license tax that is initiated by the direct filing of an action pursuant to § 58.1-3984 without prior exhaustion of the appeals provided by subdivisions 5 and 6 of this subsection.

c. Suspension of payment of disputed amount of refund due upon locality's notice of intent to initiate judicial review.

(1) Payment of any refund determined to be due pursuant to the determination of the Tax Commissioner of an appeal pursuant to subdivision 6 a of this subsection shall be suspended if the locality assessing the tax serves upon the taxpayer, within 60 days of the date of the determination of the Tax Commissioner, a notice of intent to file an application for judicial review of the Tax Commissioner's determination pursuant to § 58.1-3984 and pays the amount of the refund not in dispute, including tax and accrued interest. Payment of such refund shall remain suspended while the court retains jurisdiction unless the court, upon appropriate motion after notice and an opportunity to be heard, determines that the locality's application for judicial review is frivolous, as defined in this section.

(2) No suspension of refund activity shall be permitted if the locality's application for judicial review fails to identify with particularity the amount in dispute.

(3) The suspension of the obligation to make a refund shall cease unless an application for judicial review pursuant to § 58.1-3984 is filed and served on the necessary parties within 30 days of the service of the notice of intent to file such application.

d. Accrual of interest on unpaid amount of tax. Interest shall accrue in accordance with the provisions of subdivision 2 e of this subsection, but no further penalty shall be imposed while collection action is suspended.

8. Rulings.

Any taxpayer or authorized representative of a taxpayer may request a written ruling regarding the application of a local license tax to a specific situation from the commissioner of the revenue or other assessing official. Any person requesting such a ruling must provide all facts relevant to the situation placed at issue and may present a rationale for the basis of an interpretation of the law most favorable to the taxpayer. In addition, the taxpayer or authorized representative may request a written ruling with regard to the classification applicable to the taxpayer's business, including whether the business properly falls within a business license subclassification established by the locality.

Any misrepresentation or change in the applicable law or the factual situation as presented in the ruling request shall invalidate any such ruling issued. A written ruling may be revoked or amended prospectively if (i) there is a change in the law, a court decision, or the guidelines issued by the Department of Taxation upon which the ruling was based or (ii) the assessor notifies the taxpayer of a change in the policy or interpretation upon which the ruling was based. However, any person who acts on a written ruling which later becomes invalid shall be deemed to have acted in good faith during the period in which such ruling was in effect.

9. Record-keeping and audits. Every person who is assessable with a local license tax shall keep sufficient records to enable the assessor to verify the correctness of the tax paid for the license years assessable and to enable the assessor to ascertain what is the correct amount of tax that was assessable for each of those years. All such records, books of accounts and other information shall be open to inspection and examination by the assessor in order to allow the assessor to establish whether a particular receipt is directly attributable to the taxable privilege exercised within this jurisdiction. The assessor shall provide the taxpayer with the option to conduct the audit in the taxpayer's local business office, if the records are maintained there. In the event the records are maintained outside this jurisdiction, copies of the appropriate books and records shall be sent to the assessor's office upon demand.

B. Transitional provisions.

1. A locality which changes its license year from a fiscal year to a calendar year and adopts a due date for license applications between March 1 and May 1, inclusive, shall not be required to prorate any license tax to reflect a license year of less than 12 months, whether the tax is a flat amount or measured by gross receipts, provided that no change is made in the taxable year for measuring gross receipts.

2. The provisions of this section relating to penalties, interest, and administrative and judicial review of an assessment shall be applicable to assessments made on and after January 1, 1997, even if for an earlier license year. The provisions relating to agreements extending the period for assessing tax shall be effective for agreements entered into on and after July 1, 1996. The provisions permitting an assessment of a license tax for up to six preceding years in certain circumstances shall not be construed to permit the assessment of tax for a license year beginning before January 1, 1997.

3. Every locality shall adopt a fixed due date for license applications between March 1 and May 1, inclusive, no later than the 2007 license year.

Approved March 10, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 59.1-444.2 and 59.1-444.3 of the Code of Virginia are amended and reenacted as follows:

§ 59.1-444.2. Security freezes.

A. As used in this section, "security freeze" means a notice placed in a consumer's credit report, at the request of the consumer and subject to certain exceptions, that prohibits the consumer reporting agency from releasing the consumer's credit report or score relating to the extension of credit.

B. A consumer may request that a security freeze be placed on his or her credit report by sending a request in writing by certified mail, or such other secure method authorized by a consumer reporting agency, to a consumer reporting agency at an address designated by the consumer reporting agency to receive such requests. This subsection does not prevent a consumer reporting agency from advising a third party that a security freeze is in effect with respect to the consumer's credit report.

C. A consumer reporting agency shall place a security freeze on a consumer's credit report no later than three business days after receiving from the consumer:

1. A written request described in subsection B; *and*

2. Proper identification; ~~and~~

~~3. Payment of a fee not to exceed \$5, if applicable.~~

A consumer reporting agency shall place a security freeze on a consumer's credit report no later than one business day after receiving such a request, if such request is made electronically at an address designated by the consumer reporting agency to receive such requests.

D. The consumer reporting agency shall send a written confirmation of the placement of the security freeze to the consumer within 10 business days. Upon placing the security freeze on the consumer's credit report, the consumer reporting agency shall provide the consumer with a unique personal identification number or password, or similar device to be used by the consumer when providing authorization for the release of his credit report for a specific period of time or for a specific party.

E. If the consumer wishes to allow his credit report to be accessed for a specific period of time or for a specific party while a freeze is in place, he shall contact the consumer reporting agency using a point of contact designated by the consumer reporting agency, request that the freeze be temporarily lifted, and provide the following:

1. Proper identification;

2. The unique personal identification number or password provided by the consumer reporting agency pursuant to subsection D; and

3. The proper information regarding the time period or the specific party for which the report shall be available to users of the credit report.

F. A consumer reporting agency:

1. Shall comply with a request made under subsection E:

a. Within three business days after receiving the request if the request is made at a postal address designated by the agency to receive such requests; or

b. Within 15 minutes after the consumer's request is received by the consumer reporting agency through the electronic contact method chosen by the consumer reporting agency in accordance with this section;

2. Is not required to temporarily lift a security freeze within the time provided in subdivision 1 b if:

a. The consumer fails to meet the requirements of subsection E; or

b. The consumer reporting agency's ability to temporarily lift the security freeze within 15 minutes is prevented by:

3. May develop procedures involving the use of telephone, fax, the Internet, or other electronic media to receive and process a request from a consumer to temporarily lift a freeze on a credit report pursuant to subsection E in an expedited manner.

G. A consumer reporting agency shall remove or temporarily lift a freeze placed on a consumer's credit report only in the following cases:

1. Upon a consumer request, pursuant to subsection E or subsection J; or

2. If the consumer's credit report was frozen due to a material misrepresentation of fact by the consumer. If a consumer reporting agency intends to remove a freeze upon a consumer's credit report pursuant to this subdivision, the consumer reporting agency shall notify the consumer in writing prior to removing the freeze on the consumer's credit report.

H. If a third party requests access to a consumer credit report on which a security freeze is in effect, and this request is in connection with an application for credit or any other use, and the consumer does not allow his or her credit report to be accessed for that period of time, the third party may treat the application as incomplete.

I. If a consumer requests a security freeze, the consumer reporting agency shall disclose the process of placing and temporarily lifting a freeze; and the process for allowing access to information from the consumer's credit report for a period of time while the freeze is in place.

J. A security freeze shall remain in place until the consumer requests, using a point of contact designated by the consumer reporting agency, that the security freeze be removed. A consumer reporting agency shall remove a security freeze within three business days of receiving a request for removal from the consumer, who provides:

1. Proper identification; and

2. The unique personal identification number or password or similar device provided by the consumer reporting agency pursuant to subsection D.

Written confirmation is not required for technical modifications of a consumer's official information, including name and street abbreviations, complete spellings, or transposition of numbers or letters. "Virginia Consumers Have the Right to Obtain a Security Freeze.

You have a right to place a "security freeze" on your credit report, which will prohibit a consumer reporting agency from releasing information in your credit report without your express authorization. A security freeze must be requested in writing by certified mail. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, government services or payments, rental housing, employment, investment, license, cellular phone, utilities, digital signature, Internet credit card transaction, or other services, including an extension of credit at point of sale. When you place a security freeze on your credit report, you will be provided a personal identification number or password to use if you choose to remove the freeze on your credit report or authorize the release of your credit report for a period of time or for a specific party after the freeze is in place. To provide that authorization you must contact the consumer reporting agency and provide all of the following:

1. The personal identification number or password;
2. Proper identification to verify your identity; and

Reviewing the account includes activities related to account maintenance, monitoring, credit line increases, and account upgrades and enhancements.

You have a right to bring civil action against anyone, including a consumer reporting agency, who improperly obtains access to a file, knowingly or willfully misuses file data, or fails to correct inaccurate file data.

~~Unless you are a victim of identity theft with a police report to verify the crimes, a~~ A consumer reporting agency ~~has~~ *does not have* the right to charge you ~~up to \$5 a fee~~ to place a freeze on your credit report."

Q. Any person who willfully fails to comply with any requirement imposed under this section or § 59.1-444.3 with respect to any consumer is liable to that consumer in an amount equal to the sum of:

U. Notwithstanding any other provision of law:

1. The exclusive authority to bring an action for any violation of subdivision F 1 b shall be with the Attorney General. In any action brought under this subsection, the Attorney General may cause an action to be brought in the name of the Commonwealth to enjoin the violation and to recover damages for aggrieved consumers consistent with the limits stated in subsections Q and S for such violations.

2. In any action brought under this subsection, if the court finds a willful violation, the court may, in its discretion, also award a civil penalty of not more than \$1,000 per violation, to be deposited in the Literary Fund of the Commonwealth.

3. In any action brought under this subsection, the Attorney General may recover any costs, the reasonable expenses incurred in investigating and preparing the case, and attorney fees.

In the discretion of the Treasury Board, bonds and BANs may be issued at one time or from time to time and may be sold and issued at the same time with other general obligation bonds and BANs, respectively, of the Commonwealth authorized pursuant to Article X, Section 9 (a) (3), (b), and (c) of the Constitution of Virginia, as separate issues or as a combined issue, designated "Commonwealth of Virginia General Obligation Bonds Bond Anticipation Notes, Series"

If any officer whose signature or facsimile signature appears on any bonds or BANs ceases to be such officer before delivery, such signature or facsimile signature shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until such delivery, and any bond or BAN may bear the facsimile signature of, or may be signed by, such persons as at the actual time of execution are the proper officers to sign such bond or BAN, although at the date of such bond or BAN, such persons may not have been such officers.

§ 6. *Sources for payment of expenses.*

All expenses incurred under this Act shall be paid from the proceeds of bonds or BANs, from payments made by the institutions for which the capital projects were authorized in § 2, or from any other available funds as the Treasury Board shall determine.

§ 7. *Revenues.*

Each institution of higher learning named above is hereby authorized (i) to fix, revise, charge, and collect rates, fees, and charges for or in connection with the use, occupancy, and services of each capital project set forth above or the system of which such capital project is a part and (ii) to pledge to the portion of the bonds or BANs issued for such capital project the net revenues resulting from such rates, fees, and charges and remaining after payment of the expenses of operating the project or system, as the case may be. Each such institution is further authorized to create debt service and sinking funds for the payments of the principal of, premium, if any, and interest on the bonds and other reserves required by any agency of the United States of America purchasing the bonds or any portion thereof.

§ 8. *Investments and contracts.*

A. Pending the application of the proceeds of the bonds or BANs (including refunding bonds and BANs) to the purpose for which they have been authorized and the application of funds set aside for the purpose to the payment of bonds or BANs, they may be invested by the State Treasurer in securities that are legal investments under the laws of the Commonwealth for public funds and sinking funds, as the case may be. Whenever the State Treasurer receives interest from the investment of the proceeds of bonds or any BANs, such interest shall become a part of the principal of the bonds or any BANs and shall be used in the same manner as required for principal of the bonds or BANs.

B. The Commonwealth may enter into any contract or other arrangement that is determined to be necessary or appropriate to place the obligation or investment of the Commonwealth, as represented by bonds, BANs, or investments, in whole or in part, on the interest rate, cash flow, or other basis desired by the Commonwealth. Such contract or other

arrangement may include without limitation, contracts commonly known as interest rate swap agreements and futures or contracts providing for payments based on levels of, or changes in, interest rates. These contracts or arrangements may be entered into by the Commonwealth in connection with, or incidental to, entering into, or maintaining any (i) agreement which secures bonds or BANs or (ii) investment, or contract providing for investment, otherwise authorized by law. These contracts and arrangements may contain such payment, security, default, remedy, and other terms and conditions as determined by the Commonwealth, after giving due consideration to the creditworthiness of the counterparty or other obligated party, including any rating by any nationally recognized rating agency, and any other criteria as may be appropriate. The determinations referred to in this paragraph may be made by the Treasury Board or any public funds manager with professional investment capabilities duly authorized by the Treasury Board to make such determinations.

C. Any money set aside and pledged to secure payments of bonds, BANs, or any of the contracts entered into pursuant to this section may be invested in accordance with paragraph A and may be pledged to and used to service any of the contracts or other arrangements entered into pursuant to paragraph B.

§ 9. Security for bonds and BANs.

The net revenues of the capital projects set forth above and the full faith and credit of the Commonwealth are hereby irrevocably pledged for the payment of the principal of and the interest on bonds and BANs (unless the Treasury Board, by and with the consent of the Governor, shall provide otherwise) issued under this Act. The proceeds of (i) bonds the issuance of which has been anticipated by BANs, (ii) refunding bonds and (iii) refunding BANs are hereby irrevocably pledged for the payment of principal of and interest and any premium on the BANs or bonds to be paid or redeemed thereby. In the event the net revenues pledged to the payment of the bonds or BANs are insufficient in any fiscal year for the timely payment of the principal of, premium, if any, and interest on the bonds or BANs, where the full faith and credit of the Commonwealth have been pledged, the General Assembly shall appropriate a sum sufficient therefor or the Governor shall direct payment therefor from the general fund revenues of the Commonwealth.

§ 10. Exemption of interest from tax.

The bonds and BANs issued under the provisions of this Act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any county, city, or town, or other political subdivision thereof. The Treasury Board is authorized to take or refrain from taking any and all actions and to covenant to such effect, and to require the participating institutions to do and to covenant likewise, to the extent that, in the judgment of the Treasury Board, it is appropriate in order that interest on the bonds and BANs may be exempt from federal income tax. Alternatively, interest on bonds and BANs may be made subject to inclusion in gross income of the holders thereof for federal income tax purposes.

§ 11. Refunding bonds and BANs.

The Treasury Board is authorized, by and with the consent of the Governor, to sell and issue, at one time or from time to time, refunding bonds and BANs of the Commonwealth, to refund any or all of the bonds and BANs, respectively, issued under this Act or otherwise authorized pursuant to Article X, Section 9 (c), Constitution of Virginia. Refunding bonds and BANs may be issued in a principal amount up to the amount necessary to pay at maturity or redeem the bonds and BANs to be refunded and pay all issuance costs and other financing expenses of the refunding. Such refunding bonds and BANs may be issued whether or not the obligations to be refunded are then subject to redemption.

§ 12. Defeasance.

Any bond or BAN for which cash or direct obligations of the United States of America shall have been set aside in escrow with the State Treasurer or a bank or trust company, within or without the Commonwealth, shall be deemed no longer outstanding under the applicable authorizing instrument, this Act, and Article X, Section 9 (c) or (b), as the case may be, of the Constitution of Virginia.

§ 13. Severability.

The provisions of this Act or the application thereof to any person or circumstance which are held invalid shall not affect the validity of other provisions or applications of this Act which can be given effect without the invalid provisions or applications.

2. That § 2 of the first enactment of Chapters 285 and 358 of the Acts of Assembly of 2018 is amended and reenacted as follows:

§ 2. Authorization of bonds and bond anticipation notes.

The Treasury Board is hereby authorized, by and with the consent of the Governor, to sell and issue, pursuant to Article X, Section 9 (c) of the Constitution of Virginia, at one time or from time to time, bonds of the Commonwealth, to be designated "Commonwealth of Virginia Institutions of Higher Education Bonds, Series" in an aggregate principal amount not exceeding \$21,000,000, plus amounts needed to fund issuance costs, reserve funds, construction period interest, and other financing expenses. The Treasury Board is further hereby authorized, by and with the consent of the Governor, to borrow money in anticipation of the issuance of bonds by the issuance of bond anticipation notes (BANs), including BANs issued as commercial paper. The proceeds of such bonds and BANs, excluding amounts needed to fund issuance costs, reserve funds, and other financing expenses, shall be used exclusively for the purpose of providing funds, with any other available funds, for paying all or a portion of the costs of acquiring, constructing, renovating, enlarging, improving, and equipping revenue-producing capital projects at institutions of higher education of the Commonwealth as follows:

CHAPTER 257

An Act to amend and reenact § 58.1-3975 of the Code of Virginia, relating to delinquent tax lands; threshold for nonjudicial sale.

[H 1582]

Approved March 10, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-3975 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-3975. Nonjudicial sale of tax delinquent real properties of minimal size and value.

A. Notwithstanding any other provision of this title, the treasurer or other officer responsible for collecting taxes may sell, at public auction, any ~~unimproved~~ parcel of real property that is assessed at ~~\$10,000 or less than \$5,000~~, provided that the taxes on such parcel are delinquent on December 31 following the third anniversary of the date on which such taxes have become due.

B. The treasurer or other officer responsible for collecting taxes may in addition sell, at public auction, any parcel of real property that is assessed at ~~no less than \$5,000 more than \$10,000~~ but ~~less no more than \$20,000~~ \$25,000, provided that the taxes on such parcel are delinquent on December 31 following the third anniversary of the date on which such taxes have become due, it is not subject to a recorded mortgage or deed of trust lien, and such parcel:

1. Is unimproved and measures ~~less no more than 4,000~~ 43,560 square feet ~~(.0918 acre)~~ (1.0 acre);
2. Is unimproved and is determined to be unsuitable for building due to the size, shape, zoning, floodway, or other environmental designations of the parcel made by the locality's zoning administrator or other official designated by the locality to administer its zoning ordinance and carry out the duties set forth in subdivision A 4 of § 15.2-2286;
3. Has a structure on it that has been condemned by the local building official pursuant to applicable law or ordinance;
4. Has been declared by the locality a nuisance as that term is defined in § 15.2-900;
5. Contains a derelict building as that term is defined in § 15.2-907.1; or
6. Has been declared by the locality to be blighted as that term is defined in § 36-3.

For purposes of determining the area of any parcel, the area or acreage found in the locality's land book shall be determinative.

C. At least 30 days prior to conducting a sale under this section, the treasurer or other officer responsible for collecting taxes shall:

1. Send notice by certified or registered mail to the record owner or owners of such property and anyone appearing to have an interest in the property at their last known address as contained in the records of the treasurer or other officer responsible for collecting taxes; and

2. Post notice of such sale at the property location, if such property has frontage on any public or private street, and at the circuit courthouse of the locality.

D. The treasurer or other officer responsible for collecting taxes shall also cause a notice of sale to be published in the legal classified section of a newspaper of general circulation in the locality in which the property is located at least seven days but no more than 21 days prior to the sale; however, if the annual taxes assessed on the property are less than \$500, such notice may be placed, in lieu of publication, on the treasurer's or local government's website beginning at least 21 days prior to sale and through the date of sale. The pro rata costs of posting notice, publication, and mailing shall become a part of the tax and shall be collected if payment is made in redemption of such real property.

E. The treasurer or other officer responsible for collecting taxes may advertise and sell multiple parcels at the same time and place pursuant to one notice of sale.

F. The treasurer or other officer responsible for collecting taxes may enter into an agreement with the owner of such parcel for payment over time.

G. The owner of any property, or other interested party, may redeem it at any time prior to the date of the sale by paying all accumulated taxes, penalties, interest, and costs thereon, including reasonable attorney fees. Partial payment of delinquent taxes, penalties, interest, or costs shall be insufficient to redeem the property and shall not operate to suspend, invalidate, or nullify any sale brought pursuant to this section.

H. At the time of sale, the treasurer or other officer responsible for collecting taxes shall sell to the highest bidder at public auction each parcel that has not been redeemed by the owner. Such sale shall be free and clear of the locality's tax lien, but shall not affect easements or other rights of record recorded prior to the date of sale or liens recorded prior to the date of sale unless the treasurer has given the lienholder written notice of the sale at least 30 days prior to the sale, at the lienholder's address of record and through his registered agent, if any. The treasurer or other officer responsible for collecting taxes shall tender a special warranty deed pursuant to this section to effectuate the conveyance of the parcel to the highest bidder.

I. If the sale proceeds are insufficient to pay the amounts owed in full, the treasurer or other officer responsible for collecting taxes may remove the unpaid taxes from the books and mark the same as satisfied. The sale proceeds shall be applied first to the costs of sale, then to the taxes, penalty, interest, and fees due on the parcel, and thereafter to any other taxes or other charges owed by the former owner to the jurisdiction.

J. Any excess proceeds shall remain the property of the former owner, subject to claims of creditors, and shall be kept by the treasurer or other officer responsible for collecting taxes in an interest-bearing escrow account. If any petition for excess proceeds is made to the treasurer or other officer responsible for collecting taxes under this section, the treasurer or officer holding the funds shall forward the funds to the locality's circuit court clerk to be ~~impleaded~~ *interpleaded* along with a copy of the claim for excess proceeds. A copy of such transmission shall be forwarded to the claimant. The burden of scheduling a hearing with the circuit court on the claim shall be that of the claimant and shall be made within two years of the date of the sale of the property that generated the excess funds. In the event that funds remain with the court two years after the date of the sale, the locality may petition to have the funds distributed to the locality's general fund. If no claim for payment of excess proceeds is made within two years after the date of sale, the treasurer or other responsible officer shall deposit the excess proceeds in the jurisdiction's general fund.

K. If the sale does not produce a successful bidder, the treasurer or other responsible officer shall add the costs of sale incurred by the jurisdiction to the delinquent real estate account.

§ 38.2-625. Notice to Commissioner.

A. If a licensee has determined that a cybersecurity event has actually occurred, such licensee shall notify the Commissioner, in accordance with requirements prescribed by the Commission, as promptly as possible but in no event later than three business days from such determination if:

1. The licensee is a domestic insurance company, or in the case of a producer, the Commonwealth is the licensee's home state and the cybersecurity event meets threshold and other requirements prescribed by the Commission; or
2. The licensee reasonably believes that the nonpublic information involved is of 250 or more consumers residing in the Commonwealth or the licensee is required under federal law or the laws of another state to provide notice of the cybersecurity event to any government body, self-regulatory agency, or other supervisory body.

B. Notice provided pursuant to this section shall be in electronic form and shall include as much of the following information as possible:

1. The date of the cybersecurity event;
2. A description of how the nonpublic information was exposed, lost, stolen, or breached, including the specific roles and responsibilities of third-party service providers, if any;
3. How the cybersecurity event was discovered;
4. Whether any lost, stolen, or breached information has been recovered and, if so, how this was done;
5. The identity of the source of the cybersecurity event;
6. Whether the licensee has filed a police report or has notified any regulatory, government, or law-enforcement agencies and, if so, when such notification was provided;
7. A description of the specific types of information acquired without authorization. Specific types of information include particular data elements such as medical information, financial information, or other information allowing identification of the consumer;
8. The period during which the information system was compromised by the cybersecurity event;
9. The number of consumers in the Commonwealth affected by the cybersecurity event. The licensee shall provide the best estimate in the initial report to the Commissioner and update this estimate with each subsequent report to the Commissioner pursuant to this section;
10. The results of any internal review identifying a lapse in either automated controls or internal procedures, or confirming that all automated controls or internal procedures were followed;
11. A description of efforts being undertaken to remediate the situation that permitted the cybersecurity event to occur;
12. A copy of the licensee's consumer privacy policy and a statement outlining the steps the licensee will take to investigate and notify consumers affected by the cybersecurity event; and
13. The name of a contact person who is both familiar with the cybersecurity event and authorized to act for the licensee.

C. A licensee shall have a continuing obligation to update and supplement initial and subsequent notifications to the Commissioner concerning the cybersecurity event.

D. Each licensee shall notify consumers in compliance with § 38.2-626, and provide a copy of the notice sent to consumers under such section to the Commissioner, when a licensee is required to notify the Commissioner under this section.

E. If there is a cybersecurity event in a system maintained by a third-party service provider, the licensee, once it has become aware of such cybersecurity event, shall treat such event as it would under this section, unless the third-party service provider provides notice in accordance with this section. The computation of a licensee's deadlines shall begin on the day after the third-party service provider notifies a licensee of the cybersecurity event or the licensee otherwise has actual knowledge of the cybersecurity event, whichever is sooner.

F. If a cybersecurity event involves nonpublic information that is used by a licensee that is acting as an assuming insurer or is in the possession, control, or custody of a licensee that is acting as an assuming insurer or its third-party service provider and the licensee does not have a direct contractual relationship with the affected consumers, the licensee shall notify its affected ceding insurers and the head of its supervisory state agency of its state of domicile within three business days of making the determination or receiving notice from its third-party service provider that a cybersecurity

event has occurred. Ceding insurers that have a direct contractual relationship with affected consumers shall fulfill the consumer notification requirements imposed under § 38.2-626 and any other notification requirements relating to a cybersecurity event imposed under this section.

G. If there is a cybersecurity event involving nonpublic information that is in the possession, custody, or control of a licensee that is an insurer or its third-party service provider and for which a consumer accessed the insurer's services through an independent insurance producer, the insurer shall notify the producers of record of all affected consumers as soon as practicable as directed by the Commissioner. The insurer is excused from this obligation for those instances in which it does not have the current producer of record information for any individual consumer.

H. Nothing in this article shall prevent or abrogate an agreement between a licensee and another licensee, a third-party service provider, or any other party to fulfill any of the investigation requirements imposed under § 38.2-624 or notice requirements imposed under this section.

§ 38.2-626. Notice to consumers.

A. A licensee that maintains consumers' nonpublic information shall notify the consumer of any cybersecurity event without unreasonable delay after making a determination or receiving notice the cybersecurity event has occurred, if consumers' nonpublic information was accessed and acquired by an unauthorized person or such licensee reasonably believes consumers' nonpublic information was accessed and acquired by an unauthorized person and the cybersecurity event has a reasonable likelihood of causing or has caused identity theft or other fraud to such consumers. Such notice shall include a description of the following:

1. The incident in general terms;
2. The type of nonpublic information that was subject to the unauthorized access and acquisition;
3. The general acts of the licensee to protect the consumer's nonpublic information from further unauthorized access;
4. A telephone number that the consumer may call for further information and assistance, if one exists; and
5. Advice that directs the consumer to remain vigilant by reviewing account statements and monitoring the consumer's credit reports.

B. Notice to consumers under this section shall be given as written notice to the last known postal address in the records of the licensee, telephone notice, or electronic notice. However, if the licensee required to provide notice demonstrates that the cost of providing notice will exceed \$50,000, the affected class of consumers to be notified exceeds 100,000 consumers, or the licensee does not have sufficient contact information or consent to provide notice, substitute notice may be provided. Substitute notice shall consist of (i) e-mail notice if the licensee has e-mail addresses for the members of the affected class of consumers; (ii) conspicuous posting of the notice on the website of the licensee if the licensee maintains a website; and (iii) notice to major statewide media.

C. In the event that a licensee provides notice to more than 1,000 consumers at one time pursuant to this section, the licensee shall also notify, without unreasonable delay, all consumer reporting agencies that compile and maintain files on consumers on a nationwide basis, as defined in 15 U.S.C. § 1681a (p), of the timing, distribution, and content of the notice.

D. Notice required by this section shall not be considered a debt communication as defined by the Fair Debt Collection Practices Act in 15 U.S.C. § 1692a.

E. Notice required by this section and § 38.2-625 may be delayed if, after the person notifies a law-enforcement agency, the law-enforcement agency determines and advises the person that the notice will impede a criminal or civil investigation or jeopardize national or homeland security. Notice shall be made without unreasonable delay after the law-enforcement agency determines that the notification will no longer impede the investigation or jeopardize national or homeland security.

F. If there is a cybersecurity event in a system maintained by a third-party service provider, the licensee, once it has become aware of such cybersecurity event, shall treat such event as it would under this section, unless the third-party service provider provides notice in accordance with this section. The computation of a licensee's deadlines shall begin on the day after the third-party service provider notifies a licensee of the cybersecurity event or the licensee otherwise has actual knowledge of the cybersecurity event, whichever is sooner.

§ 38.2-627. Powers and duties of the Commission; exclusive state standards.

A. The Commissioner may examine and investigate the affairs of any licensee to determine whether a licensee has been or is engaged in any conduct in violation of this article. This power is in addition to the powers that the Commissioner has under Article 4 of Chapter 13 (38.2-1300 et seq.) and Chapter 18 (38.2-1800 et seq.). Any such investigation or examination shall be conducted pursuant to Chapters 13 and 18.

B. Whenever the Commissioner has reason to believe that a licensee has been or is engaged in conduct in the Commonwealth that violates this article, the Commissioner may take action that is necessary or appropriate to enforce the provisions of this article.

C. The Commission may examine and investigate the affairs of any insurance-support organization that acts on behalf of an insurance institution or agent as defined in § 38.2-602 and that either (i) transacts business in the Commonwealth or (ii) transacts business outside the Commonwealth and has an effect on a person residing in the Commonwealth, in order to determine whether the insurance-support organization has been or is engaged in any conduct in violation of this article.

D. The Commission shall adopt rules and regulations implementing the provisions of this article.

E. This article and any rules adopted pursuant to this article establish the exclusive state standards applicable to licensees for data security, the security of nonpublic information, the investigation of cybersecurity events, and notification of cybersecurity events for those individuals and entities subject to this article.

§ 38.2-628. Confidentiality.

A. Any documents, materials, or other information in the control or possession of the Bureau that are furnished by a licensee or an employee or agent thereof acting on behalf of licensee pursuant to subsection H of § 38.2-623 or subdivisions B 2, 3, 4, 5, 8, 10, and 11 § 38.2-625, or that are obtained by the Commissioner in an investigation or examination pursuant to § 38.2-627, shall be confidential by law and privileged, shall not be subject to § 12.1-19, shall not be subject to subpoena, and shall not be subject to discovery or admissible in evidence in any private civil action. However, the Commissioner is authorized to use the documents, materials, or other information in the furtherance of any regulatory or legal action brought as a part of the Commissioner's duties.

B. Neither the Commissioner nor any person who received documents, materials, or other information while acting under the authority of the Commissioner shall be permitted or required to testify in any private civil action concerning any confidential documents, materials, or information subject to subsection A.

C. In order to assist in the performance of the Commissioner's duties under this article, the Commissioner may:

2. Receive documents, materials, or information, including otherwise confidential and privileged documents, materials, or information, from the NAIC, its affiliates, or its subsidiaries and from regulatory and law-enforcement officials of other foreign or domestic jurisdictions, and shall maintain as confidential or privileged any documents, materials, or information received with notice or the understanding that it is confidential or privileged under the laws of the jurisdiction that is the source of the documents, materials, or information;

3. Share documents, materials, or other information subject to subsection A with a third-party consultant or vendor provided the consultant agrees in writing to maintain the confidentiality and privileged status of the documents, materials, or other information; and

4. Enter into agreements governing sharing and use of information consistent with this subsection.

D. No waiver of any applicable privilege or claim of confidentiality in the documents, materials, or information shall occur as a result of disclosure to the Commissioner under this section or as a result of sharing as authorized in subsection C.

E. Documents, materials, or other information in the possession or control of the NAIC or a third-party consultant or vendor as a result of an examination or investigation pursuant to subsection H of § 38.2-623 or subdivisions B 2, 3, 4, 5, 8, 10, and 11 of § 38.2-625 shall be confidential by law and privileged, shall not be subject to § 12.1-19, shall not be subject to subpoena, and shall not be subject to discovery in any private civil action.

F. Nothing in this article shall prohibit the Commissioner from releasing final, adjudicated actions that are open to public inspection to a database or other clearinghouse service maintained by the NAIC, its affiliates, or its subsidiaries.

§ 38.2-629. Exceptions.

A. The following exceptions shall apply to this article:

1. A licensee subject to HIPAA that has established and maintains an information security program pursuant to such statutes, rules, regulations, or procedures established thereunder shall be considered to meet the requirements of § 38.2-623, provided that licensee is compliant with, and submits a written statement certifying its compliance with, the same, and certifies that it will protect nonpublic information not subject to HIPAA in the same manner it protects information that is subject to HIPAA, and any such licensee that investigates a cybersecurity event and notifies consumers in accordance with HIPAA and any HIPAA-established rules, regulations, or procedures shall be considered compliant with the requirements of §§ 38.2-624 and 38.2-626.

A. As used in this section, unless the context requires a different meaning:

"Capital investment" means an expenditure or an asset transfer from a site of a qualified company located outside of an eligible county to the facility, by or on behalf of the qualified company, on or after October 1, 2018, in real property, tangible personal property, or both, at a facility located in an eligible county that is properly chargeable to a capital account or would be so chargeable with a proper election. The purchase or lease of furniture; fixtures; business personal property; machinery and tools, including under an operating lease; and expected building expansion and up-fit by or on behalf of a qualified company shall qualify as a capital investment.

"Eligible county" means the County of Pulaski.

"Facility" means a truck manufacturing facility to be expanded, equipped, improved, or operated by a qualified company in an eligible county.

"Fund" means the Truck Manufacturing Grant Fund.

"Grants" means grants from the Fund awarded to a qualified company, in an aggregate not to exceed \$16.5 million, intended to be used to pay or reimburse a qualified company for costs related to construction and renovation of a facility. A qualified company may use the grant payment for any lawful purpose.

"Memorandum of understanding" means a performance agreement or related document entered into on or before August 1, 2020, by a qualified company, the Commonwealth, and VEDP that sets forth the requirements for capital investments and the creation of new full-time jobs by a qualified company in order for a qualified company to be eligible for grants from the Fund.

"New full-time job" means a job position, in which position the employee of a qualified company works at a facility, for which the average annual wage is at least equal to the wage required by the memorandum of understanding, and for which a qualified company provides standard fringe benefits. Such position shall require a minimum of either (i) 35 hours of an employee's time per week for the entire normal year of a qualified company's operations, which "normal year" shall consist of at least 48 weeks, or (ii) 1,680 hours per year. Seasonal or temporary positions, and positions created when a job function is shifted from an existing location in the Commonwealth, shall not qualify as new full-time jobs. Other positions,

Grants paid pursuant to this chapter shall be subject to appropriation by the General Assembly during each such fiscal year, and contingent on a qualified company meeting the requirements set forth in this chapter and the memorandum of understanding for the number of new full-time jobs created and maintained and the amount of capital investment made related to the construction or renovation of a facility. The first grant installment of \$2 million shall not be awarded until a qualified company has made a capital investment related to the construction and renovation of a facility of at least \$46.8 million and has retained at least 2,700 full-time positions at the facility.

calendar year of the submission of the application and evidence. The Comptroller shall not draw any warrant to issue checks for grants under this chapter without a specific appropriation for the same.

G. As a condition of receipt of grants, a qualified company shall make available to the Secretary for inspection, upon request, of all documents relevant and applicable to determining whether a qualified company has met the requirements for receipt of grants as set forth in this chapter and subject to a memorandum of understanding. CHAPTER 269

An Act to amend and reenact §§ 2.2-2336 and 2.2-2905 of the Code of Virginia, relating to the Fort Monroe Authority; exemption from the Virginia Personnel Act.

[S 980]

Approved March 10, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 2.2-2336 and 2.2-2905 of the Code of Virginia are amended and reenacted as follows:

§ 2.2-2336. Short title; declaration of public purpose; Fort Monroe Authority created; successor in interest to Fort Monroe Federal Area Development Authority.

A. This article shall be known and may be cited as the Fort Monroe Authority Act.

B. The General Assembly finds and declares that:

1. Fort Monroe, located on a barrier spit at Hampton Roads Harbor and the southern end of Chesapeake Bay where the Old Point Comfort lighthouse has been welcoming ships since 1802, is one of the Commonwealth's most important cultural treasures. Strategically located near Virginia's Historic Triangle of Williamsburg, Yorktown, and Jamestown, the 565-acre site has been designated a National Historic Landmark District;

2. As a result of decisions made by the federal Defense Base Closure and Realignment Commission (known as the BRAC Commission), Fort Monroe will cease to be an army base in 2011, and at that time most of the site will revert to the Commonwealth;

3. The planning phase of Fort Monroe's transition from use as a United States Army base was managed by the Fort Monroe Federal Area Development Authority (FMFADA), originally established by the City of Hampton pursuant to legislation enacted by the General Assembly in 2007. The Fort Monroe Federal Area Development Authority, a partnership between the City and the Commonwealth, has fulfilled its primary purpose of formulating a reuse plan for Fort Monroe;

4. It is the policy of the Commonwealth to protect the historic resources at Fort Monroe, provide public access to the Fort's historic resources and recreational opportunities, exercise exemplary stewardship of the Fort's natural resources, and maintain Fort Monroe in perpetuity as a place that is a desirable one in which to reside, do business, and visit, all in a way that is economically sustainable;

5. Fort Monroe's status is unique. Municipal services will need to be provided to Fort Monroe's visitors, residents, and businesses. Both the Commonwealth and the FMFADA are signatories to a Programmatic Agreement under Section 106 of the National Historic Preservation Act that requires several specific actions be taken, including the enforcement of design standards to be adopted by the FMFADA or its successor to govern any new development or building restoration or renovation at Fort Monroe. There exists a need for an entity that can manage the property for the Commonwealth and ensure adherence to the findings, declarations, and policies set forth in this section; and

6. The creation of an authority for this purpose is in the public interest, serves a public purpose, and will promote the health, safety, welfare, convenience, and prosperity of the people of the Commonwealth.

C. The Fort Monroe Authority is created, with the duties and powers set forth in this article, as a public body corporate and as a political subdivision of the Commonwealth. The Authority is constituted as a public instrumentality exercising public functions, and the exercise by the Authority of the duties and powers conferred by this article shall be deemed and held to be the performance of an essential governmental function of the Commonwealth. The exercise of the powers granted by this article and its public purpose shall be in all respects for the benefit of the inhabitants of the Commonwealth.

D. The Fort Monroe Authority is the successor in interest to that political subdivision formerly known as the Fort Monroe Federal Area Development Authority. As such, the Authority stands in the place and stead of, and assumes all rights and duties formerly of, the Fort Monroe Federal Area Development Authority, including but not limited to all leases, contracts, grants-in-aid, and all other agreements of whatsoever nature; holds title to all realty and personalty formerly held by the Fort Monroe Federal Area Development Authority; and may exercise all powers that might at any time past have been exercised by the Fort Monroe Federal Area Development Authority, including the powers and authorities of a Local Redevelopment Authority under the provisions of any and all applicable federal laws, including the Defense Base Closure and Realignment Act of 2005.

E. The Fort Monroe Authority shall be subject to the Virginia Public Procurement Act (§ 2.2-4300 et seq.) and the Board shall adopt procedures consistent with that Act to govern its procurement processes.

F. Employees of the Fort Monroe Authority shall be eligible for membership in the Virginia Retirement System and all of the health and related insurance and other benefits, including premium conversion and flexible benefits, available to state employees as provided by law.

G. The provisions of the Virginia Personnel Act (§ 2.2-2900 et seq.) shall not apply to the Fort Monroe Authority.

§ 2.2-2905. Certain officers and employees exempt from chapter.

The provisions of this chapter shall not apply to:

1. Officers and employees for whom the Constitution specifically directs the manner of selection;
2. Officers and employees of the Supreme Court and the Court of Appeals;
3. Officers appointed by the Governor, whether confirmation by the General Assembly or by either house thereof is required or not;

Any filing made with the Commission pursuant to any exemption created under this subdivision shall be accompanied by a \$250 fee;

14. c. The aggregate price of securities in an offering under this exemption does not exceed \$2 million, which sum the Commission, by rule or order, may increase or decrease;

d. The total consideration paid by any purchaser of securities in an offering under this exemption does not exceed \$10,000, unless the purchaser is an accredited investor as defined by Rule 501 of the U.S. Securities and Exchange Commission's Regulation D (17 C.F.R. § 230.501). e. No compensation is paid to employees, agents, or other persons for the solicitation of, or based on the sale of, securities in connection with an offering of securities under this exemption to any person who is not registered as a broker-dealer or agent, except to the extent permitted by rule or order of the Commission;

f. Neither the issuer nor any person related to the issuer is subject to disqualification as established by the Commission by rule or order; and

However, for an offering conducted in accordance with the U.S. Securities and Exchange Commission's Rule 147A, the entity issuing the security may be formed or organized outside the Commonwealth, provided that the entity has its principal place of business in the Commonwealth and satisfies at least one of the doing business requirements in 17 C.F.R. § 230.147A (c) 2.*

The Commission may assess and collect in connection with any filing pursuant to this exemption a nonrefundable fee in an amount to be set by the Commission by rule or order, provided such amount shall not exceed \$500; and

CHAPTER 280

Chapters 285 and 358 of the Acts of Assembly of 2018 to change the Project Title for a project for The College of William and Mary in Virginia; emergency.

[S 580]

Approved March 11, 2020

Whereas, Article X, Section 9 (c) of the Constitution of Virginia provides that the General Assembly may authorize the creation of debt secured by a pledge of net revenues derived from rates, fees, or other charges and the full faith and credit of the Commonwealth of Virginia, provided that such debt is created for specific revenue-producing capital projects, including their enlargement or improvement, at, among others, institutions of higher education of the Commonwealth; and

Be it enacted by the General Assembly of Virginia:

1. § 1. Title.

§ 3. Application of proceeds.

The proceeds, including any premium, of bonds and BANs (except the proceeds of (i) bonds the issuance of which has been anticipated by BANs, (ii) refunding bonds, and (iii) refunding BANs), shall be deposited in a special capital outlay fund in the state treasury and, together with the investment income thereon, shall be disbursed by the State Treasurer for paying costs of acquiring, constructing, renovating, enlarging, improving, and equipping the authorized capital projects, including financing costs. The proceeds of (i) bonds the issuance of which has been anticipated by BANs, (ii) refunding bonds and (iii) refunding BANs shall be used to pay such BANs, refunded bonds, and refunded BANs.

§ 4. Details, sale of bonds and BANs.

Bonds and BANs shall be dated and may be made redeemable before their maturity or maturities at such price or prices or within such price parameters, all as may be determined by the Treasury Board, by and with the consent of the Governor. Bonds and BANs shall be in such form, shall bear interest at such rate or rates, either at fixed rates or at rates established by formula or other method, and may contain such other provisions, all as determined by the Treasury Board or, when authorized by the Treasury Board, the State Treasurer. The principal of and premium, if any, and the interest on bonds and BANs shall be payable in lawful money of the United States of America. Bonds and BANs may be certificated or uncertificated as determined by the Treasury Board. The Treasury Board may contract for services of such registrars, transfer agents, or other authenticating agents as it deems appropriate to maintain a record of the persons entitled to the bonds and BANs. Bonds and BANs issued in certificated form may be issued under a system of book entry for recording the ownership and transfer of ownership of rights to receive payments on the bonds and BANs. The Treasury Board shall fix the authorized denomination or denominations of the bonds and the place or places of payment of certificated bonds and BANs, which may be at the Office of the State Treasurer or at any bank or trust company within or without the Commonwealth. Bonds shall mature at such time or times not exceeding thirty years from their date or dates, and BANs shall mature at such time or times not exceeding five years from their date or dates.

The Treasury Board may sell bonds and BANs in such manner, by competitive bidding, negotiated sale, or private placement, and for such price or within such price parameters as it may determine, by and with the consent of the Governor, to be in the best interest of the Commonwealth.

In the discretion of the Treasury Board, bonds and BANs may be issued at one time or from time to time and may be sold and issued at the same time with other general obligation bonds and BANs, respectively, of the Commonwealth authorized pursuant to Article X, Section 9 (a) (3), (b), and (c) of the Constitution of Virginia, as separate issues or as a combined issue, designated "Commonwealth of Virginia General Obligation Bonds Bond Anticipation Notes, Series"

§ 5. Execution of bonds and BANs.

Certificated bonds and BANs shall be signed on behalf of the Commonwealth by the Governor and by the State Treasurer, or shall bear their facsimile signatures, and shall bear the lesser seal of the Commonwealth or a facsimile thereof. If the bonds or BANs bear the facsimile signature of the State Treasurer, they shall be signed by such administrative assistant as the State Treasurer shall determine or by such registrar or paying agent as may be designated to sign them by the Treasury Board. If any officer whose signature or facsimile signature appears on any bonds or BANs ceases to be such officer before delivery, such signature or facsimile signature shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until such delivery, and any bond or BAN may bear the facsimile signature of, or may be signed by, such persons as at the actual time of execution are the proper officers to sign such bond or BAN, although at the date of such bond or BAN, such persons may not have been such officers.

§ 6. Sources for payment of expenses.

All expenses incurred under this Act shall be paid from the proceeds of bonds or BANs, from payments made by the institutions for which the capital projects were authorized in § 2, or from any other available funds as the Treasury Board shall determine.

§ 7. Revenues.

Each institution of higher learning named above is hereby authorized (i) to fix, revise, charge, and collect rates, fees, and charges for or in connection with the use, occupancy, and services of each capital project set forth above or the system of which such capital project is a part and (ii) to pledge to the portion of the bonds or BANs issued for such capital project the net revenues resulting from such rates, fees, and charges and remaining after payment of the expenses of operating the project or system, as the case may be. Each such institution is further authorized to create debt service and sinking funds for the payments of the principal of, premium, if any, and interest on the bonds and other reserves required by any agency of the United States of America purchasing the bonds or any portion thereof.

§ 8. Investments and contracts.

A. Pending the application of the proceeds of the bonds or BANs (including refunding bonds and BANs) to the purpose for which they have been authorized and the application of funds set aside for the purpose to the payment of bonds or BANs, they may be invested by the State Treasurer in securities that are legal investments under the laws of the Commonwealth for public funds and sinking funds, as the case may be. Whenever the State Treasurer receives interest from the investment of the proceeds of bonds or any BANs, such interest shall become a part of the principal of the bonds or any BANs and shall be used in the same manner as required for principal of the bonds or BANs.

B. The Commonwealth may enter into any contract or other arrangement that is determined to be necessary or appropriate to place the obligation or investment of the Commonwealth, as represented by bonds, BANs, or investments, in whole or in part, on the interest rate, cash flow, or other basis desired by the Commonwealth. Such contract or other arrangement may include without limitation, contracts commonly known as interest rate swap agreements and futures or contracts providing for payments based on levels of, or changes in, interest rates. These contracts or arrangements may be entered into by the Commonwealth in connection with, or incidental to, entering into, or maintaining any (i) agreement which secures bonds or BANs or (ii) investment, or contract providing for investment, otherwise authorized by law. These contracts and arrangements may contain such payment, security, default, remedy, and other terms and conditions as determined by the Commonwealth, after giving due consideration to the creditworthiness of the counterparty or other obligated party, including any rating by any nationally recognized rating agency, and any other criteria as may be

appropriate. The determinations referred to in this paragraph may be made by the Treasury Board or any public funds manager with professional investment capabilities duly authorized by the Treasury Board to make such determinations.

C. Any money set aside and pledged to secure payments of bonds, BANs, or any of the contracts entered into pursuant to this section may be invested in accordance with paragraph A and may be pledged to and used to service any of the contracts or other arrangements entered into pursuant to paragraph B.

§ 9. Security for bonds and BANs.

The net revenues of the capital projects set forth above and the full faith and credit of the Commonwealth are hereby irrevocably pledged for the payment of the principal of and the interest on bonds and BANs (unless the Treasury Board, by and with the consent of the Governor, shall provide otherwise) issued under this Act. The proceeds of (i) bonds the issuance of which has been anticipated by BANs, (ii) refunding bonds and (iii) refunding BANs are hereby irrevocably pledged for the payment of principal of and interest and any premium on the BANs or bonds to be paid or redeemed thereby. In the event the net revenues pledged to the payment of the bonds or BANs are insufficient in any fiscal year for the timely payment of the principal of, premium, if any, and interest on the bonds or BANs, where the full faith and credit of the Commonwealth have been pledged, the General Assembly shall appropriate a sum sufficient therefor or the Governor shall direct payment therefor from the general fund revenues of the Commonwealth.

§ 10. Exemption of interest from tax.

The bonds and BANs issued under the provisions of this Act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any county, city, or town, or other political subdivision thereof. The Treasury Board is authorized to take or refrain from taking any and all actions and to covenant to such effect, and to require the participating institutions to do and to covenant likewise, to the extent that, in the judgment of the Treasury Board, it is appropriate in order that interest on the bonds and BANs may be exempt from federal income tax. Alternatively, interest on bonds and BANs may be made subject to inclusion in gross income of the holders thereof for federal income tax purposes.

§ 11. Refunding bonds and BANs.

The Treasury Board is authorized, by and with the consent of the Governor, to sell and issue, at one time or from time to time, refunding bonds and BANs of the Commonwealth, to refund any or all of the bonds and BANs, respectively, issued under this Act or otherwise authorized pursuant to Article X, Section 9 (c), Constitution of Virginia. Refunding bonds and BANs may be issued in a principal amount up to the amount necessary to pay at maturity or redeem the bonds and BANs to be refunded and pay all issuance costs and other financing expenses of the refunding. Such refunding bonds and BANs may be issued whether or not the obligations to be refunded are then subject to redemption.

§ 12. Defeasance.

Any bond or BAN for which cash or direct obligations of the United States of America shall have been set aside in escrow with the State Treasurer or a bank or trust company, within or without the Commonwealth, shall be deemed no longer outstanding under the applicable authorizing instrument, this Act, and Article X, Section 9 (c) or (b), as the case may be, of the Constitution of Virginia.

§ 13. Severability.

CHAPTER 284

An Act to amend and reenact § 24.2-802, as it is currently effective and as it shall become effective, of the Code of Virginia, relating to recounts; procedure for certain ballots.

[H 179]

Approved March 11, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 24.2-802, as it is currently effective and as it shall become effective, of the Code of Virginia is amended and reenacted as follows:

§ 24.2-802. (Effective until July 1, 2020) Procedure for recount.

A. The State Board of Elections shall promulgate standards for (i) the proper handling and security of voting and counting machines, ballots, and other materials required for a recount, (ii) accurate determination of votes based upon objective evidence and taking into account the counting machine and form of ballots approved for use in the Commonwealth, and (iii) any other matters that will promote a timely and accurate resolution of the recount. The chief judge of the circuit court or the full recount court may, consistent with State Board of Elections standards, resolve disputes over the application of the standards and direct all other appropriate measures to ensure the proper conduct of the recount.

The recount procedures to be followed throughout the election district shall be as uniform as practicable, taking into account the types of ballots and voting and counting machines in use in the election district.

In preparation for the recount, the clerks of the circuit courts shall (a) secure all printed ballots and other election materials in sealed boxes; (b) place all of the sealed boxes in a vault or room not open to the public or to anyone other than the clerk and his staff; (c) cause such vault or room to be securely locked except when access is necessary for the clerk and his staff; and (d) certify that these security measures have been taken in whatever form is deemed appropriate by the chief judge.

B. Within seven calendar days of the filing of the petition for a recount of any election other than an election for presidential electors, or within five calendar days of the filing of a petition for a recount of an election for presidential electors, the chief judge of the circuit court shall call a preliminary hearing at which (i) motions may be disposed of and (ii) the rules of procedure may be fixed, both subject to review by the full court. As part of the preliminary hearing, the chief judge may permit the petitioner and his counsel, together with each other party and his counsel and at least two members of the electoral board and the custodians, to examine any direct recording electronic machine of the type that prints returns when the print-out sheets are not clearly legible. The petitioner and his counsel and each other party and their counsel under supervision of the electoral board and its agents shall also have access to pollbooks and other materials used in the election for examination purposes, provided that individual ballots cast in the election shall not be examined at the preliminary hearing. The chief judge during the preliminary hearing shall review all security measures taken for all ballots and voting and counting machines and direct, as he deems necessary, all appropriate measures to ensure proper security to conduct the recount.

The chief judge, subject to review by the full court, may set the place or places for the recount and may order the delivery of election materials to a central location and the transportation of voting and counting machines to a central location in each county or city under appropriate safeguards.

After the full court is appointed under § 24.2-801 or 24.2-801.1, it shall call a hearing at which all motions shall be disposed of and the rules of procedure shall be fixed finally, and it shall issue a written order setting out such rules of procedure. The court shall call for the advice and cooperation of the Department, the State Board, or any local electoral board, as appropriate, and such boards or agency shall have the duty and authority to assist the court. The court shall fix procedures that shall provide for the accurate determination of votes in the election.

The determination of the votes in a recount shall be based on votes cast in the election and shall not take into account (a) any absentee ballots or provisional ballots sought to be cast but ruled invalid and not cast in the election, (b) ballots cast only for administrative or test purposes and voided by the officers of election, or (c) ballots spoiled by a voter and replaced with a new ballot.

The eligibility of any voter to have voted shall not be an issue in a recount. Commencing upon the filing of the recount, nothing shall prevent the discovery or disclosure of any evidence that could be used pursuant to § 24.2-803 in contesting the results of an election.

C. The court shall permit each candidate, or petitioner and governing body or chief executive officer, to select an equal number of the officers of election to be recount officials and to count printed ballots, or in the case of direct recording electronic machines, to redetermine the vote. The number shall be fixed by the court and be sufficient to conduct the recount within a reasonable period. The court may permit each party to the recount to submit a list of alternate officials in the number the court directs. There shall be at least one team of recount officials to recount printed ballots and to redetermine the vote cast on direct recording electronic machines of the type that prints returns for the election district at large in which the recount is being held. There shall be at least one team from each locality using ballot scanner machines to insert the ballots into one or more scanners. The ballot scanner machines shall be programmed to count only votes cast for parties to the recount or for or against the question in a referendum recount. Each team shall be composed of one representative of each party.

The court may provide that if, at the time of the recount, any recount official fails to appear, the remaining recount officials present shall appoint substitute recount officials who shall possess the same qualifications as the recount officials for whom they substitute. The court may select pairs of recount coordinators to serve for each county or city in the election district who shall be members of the county or city electoral board and represent different political parties. The court shall have authority to summon such officials and coordinators. On the request of any party to the recount, the court shall allow that party to appoint one representative observer for each team of recount officials. The representative observers shall have an unobstructed view of the work of the recount officials. The expenses of its representatives shall be borne by each party.

D. The court (i) shall supervise the recount and (ii) may require delivery of any or all pollbooks used and any or all ballots cast at the election, or may assume supervision thereof through the recount coordinators and officials.

The redetermination of the vote in a recount shall be conducted as follows:

1. For paper ballots, the recount officials shall hand count the paper ballots using the standards promulgated by the State Board pursuant to subsection A.

2. For direct recording electronic machines (DREs), the recount officials shall open the envelopes with the printouts and read the results from the printouts. If the printout is not clear, or on the request of the court, the recount officials shall rerun the printout from the machine or examine the counters as appropriate.

3. For ballot scanner machines, the recount officials shall rerun all the machine-readable ballots through a scanner programmed to count only the votes for the office or issue in question in the recount and to set aside all ballots containing write-in votes, overvotes, and undervotes. The ballots that are set aside, any ballots not accepted by the scanner, and any ballots for which a scanner could not be programmed to meet the programming requirements of this subdivision, shall be hand counted using the standards promulgated by the State Board pursuant to subsection A. If the total number of machine-readable ballots reported as counted by the scanner plus the total number of ballots set aside by the scanner do not equal the total number of ballots rerun through the scanner, then all ballots cast on ballot scanner machines for that precinct shall be set aside to be counted by hand using the standards promulgated by the State Board pursuant to subsection A. Prior to running the machine-readable ballots through the ballot scanner machine, the recount officials shall ensure that logic and accuracy tests have been successfully performed on each scanner after the scanner has been programmed. The result calculated for ballots accepted by the ballot scanner machine during the recount shall be considered the correct determination for those machine-readable ballots unless the court finds sufficient cause to rule otherwise.

There shall be only one redetermination of the vote in each precinct.

Prior to the conclusion of the recount of each precinct, the recount officials shall segregate all ballots for which there is a question regarding the ballot's validity.

At the conclusion of the recount of each precinct, the recount officials shall write down the number of valid ballots cast, this number being obtained from the ballots cast in the precinct, or from the ballots cast as shown on the statement of results if the ballots cannot be found, for each of the two candidates or for and against the question. They shall submit the ballots or the statement of results used, as to the validity of which questions exist, to the court. The written statement of any one recount official challenging a ballot shall be sufficient to require its submission to the court. If, on all direct recording electronic machines, the number of persons voting in the election, or the number of votes cast for the office or on the question, totals more than the number of names on the pollbooks of persons voting on the voting machines, the figures recorded by the machines shall be accepted as correct.

At the conclusion of the recount of all precincts, after allowing the parties to inspect the questioned ballots, and after hearing arguments, the court shall rule on the validity of all questioned ballots and votes. *The court may not consider the validity of any ballots not set aside prior to the conclusion of the recount of each precinct.* After determining all matters pertaining to the recount and redetermination of the vote as raised by the parties, the court shall certify to the State Board and the electoral board or boards (a) the vote for each party to the recount and declare the person who received the higher number of votes to be nominated or elected, as appropriate, or (b) the votes for and against the question and declare the outcome of the referendum. The Department shall post on the Internet any and all changes made during the recount to the results as previously certified by it pursuant to § 24.2-679.

E. Costs of the recount shall be assessed against the counties and cities comprising the election district when (i) the candidate petitioning for the recount is declared the winner; (ii) the petitioners in a recount of a referendum win the recount; or (iii) there was between the candidate apparently nominated or elected and the candidate petitioning for the recount a difference of not more than one-half of one percent of the total vote cast for the two such candidates as determined by the State Board or electoral board prior to the recount. Otherwise the costs of the recount shall be assessed against the candidate

petitioning for the recount or the petitioners in a recount of a referendum. If more than one candidate petitions for a recount, the court may assess costs in an equitable manner between the counties and cities and any such candidate if both are liable for costs under this subsection. Costs incurred to date shall be assessed against any candidate or petitioner who defaults or withdraws his petition.

F. The court shall determine the costs of the recount subject to the following limitations: (i) no per diem payment shall be assessed for salaried election officials; (ii) no per diem payment to officers of election serving as recount officials shall exceed two-thirds of the per diem paid such officers by the county or city for service on election day; and (iii) per diem payments to alternates shall be allowed only if they serve.

G. Any petitioner who may be assessed with costs under subsection E shall post a bond with surety with the court in the amount of \$10 per precinct in the area subject to recount. If the petitioner wins the recount, the bond shall not be forfeit. If the petitioner loses the recount, the bond shall be forfeit only to the extent of the assessed costs. If the assessed costs exceed the bond, he shall be liable for such excess.

H. The recount proceeding shall be final and not subject to appeal.

I. For the purposes of this section:

"Overvote" means a ballot on which a voter casts a vote for a greater number of candidates or positions than the number for which he was lawfully entitled to vote and no vote shall be counted with respect to that office or issue.

"Undervote" means a ballot on which a voter casts a vote for a lesser number of candidates or positions than the number for which he was lawfully entitled to vote.

§ 24.2-802. (Effective July 1, 2020) Procedure for recount.

A. The State Board of Elections shall promulgate standards for (i) the proper handling and security of voting systems, ballots, and other materials required for a recount, (ii) accurate determination of votes based upon objective evidence and taking into account the voting system and form of ballots approved for use in the Commonwealth, and (iii) any other matters that will promote a timely and accurate resolution of the recount. The chief judge of the circuit court or the full recount court may, consistent with State Board of Elections standards, resolve disputes over the application of the standards and direct all other appropriate measures to ensure the proper conduct of the recount.

The recount procedures to be followed throughout the election district shall be as uniform as practicable, taking into account the types of ballots and voting systems in use in the election district.

In preparation for the recount, the clerks of the circuit courts shall (a) secure all printed ballots and other election materials in sealed boxes; (b) place all of the sealed boxes in a vault or room not open to the public or to anyone other than the clerk and his staff; (c) cause such vault or room to be securely locked except when access is necessary for the clerk and his staff; and (d) certify that these security measures have been taken in whatever form is deemed appropriate by the chief judge.

B. Within seven calendar days of the filing of the petition for a recount of any election other than an election for presidential electors, or within five calendar days of the filing of a petition for a recount of an election for presidential electors, the chief judge of the circuit court shall call a preliminary hearing at which (i) motions may be disposed of and (ii) the rules of procedure may be fixed, both subject to review by the full court. The petitioner and his counsel and each other party and their counsel under supervision of the electoral board and its agents shall have access to pollbooks and other materials used in the election for examination purposes, provided that individual ballots cast in the election shall not be examined at the preliminary hearing. The chief judge during the preliminary hearing shall review all security measures taken for all ballots and voting systems and direct, as he deems necessary, all appropriate measures to ensure proper security to conduct the recount.

The chief judge, subject to review by the full court, may set the place or places for the recount and may order the delivery of election materials to a central location and the transportation of voting systems to a central location in each county or city under appropriate safeguards.

After the full court is appointed under § 24.2-801 or 24.2-801.1, it shall call a hearing at which all motions shall be disposed of and the rules of procedure shall be fixed finally, and it shall issue a written order setting out such rules of procedure. The court shall call for the advice and cooperation of the Department, the State Board, or any local electoral board, as appropriate, and such boards or agency shall have the duty and authority to assist the court. The court shall fix procedures that shall provide for the accurate determination of votes in the election.

The determination of the votes in a recount shall be based on votes cast in the election and shall not take into account (a) any absentee ballots or provisional ballots sought to be cast but ruled invalid and not cast in the election, (b) ballots cast only for administrative or test purposes and voided by the officers of election, or (c) ballots spoiled by a voter and replaced with a new ballot.

The eligibility of any voter to have voted shall not be an issue in a recount. Commencing upon the filing of the recount, nothing shall prevent the discovery or disclosure of any evidence that could be used pursuant to § 24.2-803 in contesting the results of an election.

C. The court shall permit each candidate, or petitioner and governing body or chief executive officer, to select an equal number of the officers of election to be recount officials and to count printed ballots. The number shall be fixed by the court and be sufficient to conduct the recount within a reasonable period. The court may permit each party to the recount to submit a list of alternate officials in the number the court directs. There shall be at least one team from each locality using ballot scanner machines to insert the ballots into one or more scanners. The ballot scanner machines shall be programmed to

count only votes cast for parties to the recount or for or against the question in a referendum recount. Each team shall be composed of one representative of each party.

The court may provide that if, at the time of the recount, any recount official fails to appear, the remaining recount officials present shall appoint substitute recount officials who shall possess the same qualifications as the recount officials for whom they substitute. The court may select pairs of recount coordinators to serve for each county or city in the election district who shall be members of the county or city electoral board and represent different political parties. On the request of any party to the recount, the court shall allow that party to appoint one representative observer for each team of recount officials. The representative observers shall have an unobstructed view of the work of the recount officials. The expenses of its representatives shall be borne by each party.

D. The court (i) shall supervise the recount and (ii) may require delivery of any or all pollbooks used and any or all ballots cast at the election, or may assume supervision thereof through the recount coordinators and officials.

The redetermination of the vote in a recount shall be conducted as follows:

1. For paper ballots, the recount officials shall hand count the paper ballots using the standards promulgated by the State Board pursuant to subsection A.

2. For ballot scanner machines, the recount officials shall rerun all the machine-readable ballots through a scanner programmed to count only the votes for the office or issue in question in the recount and to set aside all ballots containing write-in votes, overvotes, and undervotes. The ballots that are set aside, any ballots not accepted by the scanner, and any ballots for which a scanner could not be programmed to meet the programming requirements of this subdivision, shall be hand counted using the standards promulgated by the State Board pursuant to subsection A. If the total number of machine-readable ballots reported as counted by the scanner plus the total number of ballots set aside by the scanner do not equal the total number of ballots rerun through the scanner, then all ballots cast on ballot scanner machines for that precinct shall be set aside to be counted by hand using the standards promulgated by the State Board pursuant to subsection A. The result calculated for ballots accepted by the ballot scanner machine during the recount shall be considered the correct determination for those machine-readable ballots unless the court finds sufficient cause to rule otherwise.

There shall be only one redetermination of the vote in each precinct.

Prior to the conclusion of the recount of each precinct, the recount officials shall segregate all ballots for which there is a question regarding the ballot's validity.

At the conclusion of the recount of each precinct, the recount officials shall write down the number of valid ballots cast, this number being obtained from the ballots cast in the precinct, or from the ballots cast as shown on the statement of results if the ballots cannot be found, for each of the two candidates or for and against the question. They shall submit the ballots or the statement of results used, as to the validity of which questions exist, to the court. The written statement of any one recount official challenging a ballot shall be sufficient to require its submission to the court. If, on all ballot scanners, the number of persons voting in the election, or the number of votes cast for the office or on the question, totals more than the number of names on the pollbooks of persons voting on the voting machines, the figures recorded by the machines shall be accepted as correct.

At the conclusion of the recount of all precincts, after allowing the parties to inspect the questioned ballots, and after hearing arguments, the court shall rule on the validity of all questioned ballots and votes. *The court may not consider the validity of any ballots not set aside prior to the conclusion of the recount of each precinct.* After determining all matters pertaining to the recount and redetermination of the vote as raised by the parties, the court shall certify to the State Board and the electoral board or boards (a) the vote for each party to the recount and declare the person who received the higher number of votes to be nominated or elected, as appropriate, or (b) the votes for and against the question and declare the outcome of the referendum. The Department shall post on the Internet any and all changes made during the recount to the results as previously certified by it pursuant to § 24.2-679.

E. Costs of the recount shall be assessed against the counties and cities comprising the election district when (i) the candidate petitioning for the recount is declared the winner; (ii) the petitioners in a recount of a referendum win the recount; or (iii) there was between the candidate apparently nominated or elected and the candidate petitioning for the recount a difference of not more than one-half of one percent of the total vote cast for the two such candidates as determined by the State Board or electoral board prior to the recount. Otherwise the costs of the recount shall be assessed against the candidate petitioning for the recount or the petitioners in a recount of a referendum. If more than one candidate petitions for a recount, the court may assess costs in an equitable manner between the counties and cities and any such candidate if both are liable for costs under this subsection. Costs incurred to date shall be assessed against any candidate or petitioner who defaults or withdraws his petition.

F. The court shall determine the costs of the recount subject to the following limitations: (i) no per diem payment shall be assessed for salaried election officials; (ii) no per diem payment to officers of election serving as recount officials shall exceed two-thirds of the per diem paid such officers by the county or city for service on election day; and (iii) per diem payments to alternates shall be allowed only if they serve.

CHAPTER 287

An Act to amend and reenact § 24.2-106 of the Code of Virginia, relating to local electoral boards; terms to begin January 1.

[H 237]

Such designee shall be any other judge who sits in the judicial circuit. Any vacancy occurring on a board shall be filled by the same authority for the unexpired term. In the event of the temporary absence, or disability that precludes the performance of duties, of one or more members that prevents attaining a quorum, the chief judge or his designee, for good cause, may appoint, on a meeting-to-meeting basis, a temporary member to the electoral board. The temporary appointee must be eligible for appointment and to the extent practicable maintain representation of political parties under this section. The clerk of the circuit court shall send to the State Board a copy of each order making an appointment to an electoral board.

Two electoral board members shall be of the political party that cast the highest number of votes for Governor at that election. When the Governor was not elected as the candidate of a political party, representation shall be given to each of the political parties having the highest and next highest number of members of the General Assembly at the time of the appointment and two board members shall be of the political party having the highest number of members in the General Assembly. The political party entitled to the appointment shall make and file recommendations with the judges for the appointment not later than ~~January 15 of the year of an appointment to a full term~~ *December 15 of the year of an expiration of a term* or, in the case of an appointment to fill a vacancy, within 30 days of the date of death or notice of resignation of the member being replaced. Its recommendations shall contain the names of at least three qualified voters of the county or city for each appointment. The chief judge, or his designee, shall promptly make such appointment from the recommendations (i) after receipt of the political party's recommendation or (ii) after ~~January 15~~ *December 15* for a full term or after the 30-day period expires for a vacancy appointment, whichever of the events described in clause (i) or (ii) first occurs.

The chief judge of the judicial circuit for the county or city, or his designee, shall not appoint to the electoral board (a) any person who is the spouse of an electoral board member or the general registrar for the county or city; (b) any person, or the spouse of any person, who is the parent, grandparent, sibling, child, or grandchild of an electoral board member or the general registrar of the county or city; or (c) any person who is ineligible to serve under the provisions of this section.

Electoral board members shall serve three-year terms and be appointed to staggered terms, one term to expire at midnight on the last day of ~~February~~ *December* each year, *unless the results of an election have not been certified by the board or a recount of an election has not concluded, in which case the term shall expire at midnight on the day the results are certified or the recount is concluded.* No three-year term shall be shortened to comply with the political party representation requirements of this section.

B. The board shall elect one of its members as chairman and another as secretary. The chairman and the secretary shall represent different political parties, unless the representative of the second-ranked political party declines in writing to accept the unfilled office. At any time that the secretary is incapacitated in such a way that makes it impossible for the secretary to carry out the duties of the position, the board may designate one of its other members as acting secretary. Any such designation shall be made in an open meeting and recorded in the minutes of the board.

The secretary of the electoral board shall immediately notify the State Board of any change in the membership or officers of the electoral board and shall keep the Board informed of the name, residence and mailing addresses, and home and business telephone numbers of each electoral board member.

C. No member of an electoral board shall be eligible to offer for or hold an office to be filled in whole or in part by qualified voters of his jurisdiction. If a member resigns to offer for or hold such office, the vacancy shall be filled as provided in this section.

No member of an electoral board shall be the spouse, grandparent, parent, sibling, child, or grandchild, or the spouse of a grandparent, parent, sibling, child, or grandchild, of a candidate for or holder of an elective office filled in whole or in part by any voters within the jurisdiction of the electoral board.

No member of an electoral board shall serve as the chairman of a state, local or district level political party committee or as a paid worker in the campaign of a candidate for nomination or election to an office filled by election in whole or in part by the qualified voters of the jurisdiction of the electoral board.

D. Each member of the electoral board shall attend an annual training program provided by the State Board during the first year of his appointment and the first year of any subsequent reappointment.

If the voter is ill and confined to his residence, a licensed physician, provider as defined in § 37.2-403, or an accredited religious practitioner attending the applicant shall certify on the form to the incapacity of the applicant and the applicant's inability to be present at the polls on election day. If the voter is bereaved, a licensed physician, an accredited religious practitioner, or a funeral service licensee (as defined in § 54.1-2800) shall certify on the form to the incapacity of the applicant and the applicant's inability to be present at the polls on election day. If the voter is otherwise incapacitated as determined by the general registrar, the general registrar shall certify on the form to the incapacity of the applicant and the applicant's inability to be present at the polls on election day. The applicant shall sign the application and state, subject to felony penalties for making false statements pursuant to § 24.2-1016, that to the best of his knowledge and belief the facts contained in the application are true and correct. The incapacitated voter shall vote the absentee ballot as provided by law and mark it in the presence of the designated representative. The Board may require the vendor to pay a reasonable application fee when he files his request for testing or certification of new or upgraded voting equipment. Receipts from such fees shall be credited to the Board for reimbursement of testing and certification expenses. In addition to any other materials that may be required, a current statement of the financial status of the vendor, including any assets and liabilities, shall be filed with the Board; if the vendor is not the manufacturer of the equipment for which application is made, such a statement shall also be filed for the manufacturer. These statements shall be exempt from the provisions of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.). The Board shall require, at a site of its choosing, a demonstration of such equipment and ballots and may require that a production model of the equipment and a supply of ballots be provided to the Board for testing purposes. The Board shall also require the vendor to provide documentation of the practices recommended by the vendor to ensure the optimum security and functionality of the system.

B. The Board may approve any kind of electronic voting system that meets the following requirements:

1. It shall provide clear instructions for voters on how to mark or select their choice and cast that vote.
2. It shall provide facilities for voting for all offices at any election and on as many questions as may be submitted at any election.
3. It shall be capable of processing ballots for all parties holding a primary election on the same day, but programmable in such a way that an individual ballot cast by a voter is limited to the party primary election in which the voter chooses to participate.
4. It shall require votes for presidential and vice presidential electors to be cast for the presidential and vice presidential electors of one party by one operation. The ballot shall contain the words "Electors for" preceded by the name of the party or other authorized designation and followed by the names of the candidates for the offices of President and Vice President.
5. It shall enable the voter to cast votes for as many persons for an office as lawfully permitted, but no more. It shall prevent the voter from casting a vote for the same person more than once for the same office. However, ballot scanner machines shall not be required to prevent a voter from voting for a greater number of candidates than he is lawfully entitled to.
6. It shall enable the voter to cast a vote on any question on which he is lawfully permitted to vote, but no other.
7. It shall provide the voter with an opportunity to correct any error before a ballot is cast.
8. It shall correctly register or record and accurately count all votes cast for candidates and on questions.

9. It shall be provided with a "protective counter," whereby any operation of the machine before or after the election will be detected.

10. It shall be provided with a counter that at all times during an election shall show how many persons have voted.

11. It shall ensure voting in absolute secrecy. Ballot scanner machines shall provide for the secrecy of the ballot and a method to conceal the voted ballot.

12. It shall be programmable to allow ballots to be separated when necessary.

13. *It shall retain each printed ballot cast.*

14. Ballot scanner machines shall report, if possible, the number of ballots on which a voter undervoted or overvoted.

C. After its examination of the equipment, ballots, and other materials submitted by the vendors, the Board shall prepare and file in its office a report of its finding as to (i) the apparent capability of such equipment to accurately count, register, and report votes; (ii) whether the system can be conveniently used without undue confusion to the voter; (iii) its accessibility to voters with disabilities; (iv) whether the system can be safely used without undue potential for fraud; (v) the ease of its operation and transportation by voting equipment custodians and officers of election; (vi) the financial stability of the vendor and manufacturer; (vii) whether the system meets the requirements of this title; (viii) whether the system meets federal requirements; (ix) whether issues of reliability and security identified with the system by other state governments have been adequately addressed by the vendor; and (x) whether, in the opinion of the Board, the potential for approval of such system is such as to justify further examination and testing.

D. If the Board determines that there is such potential and prior to its final determination as to approval or disapproval of such system, the Board shall obtain a report by an independent electronics or engineering consultant as to (i) whether the system accurately counts, registers, and reports votes; (ii) whether it is capable of storing and retaining existing votes in a permanent memory in the event of power failure during and after the election; (iii) the number of separate memory capabilities for the storage of recorded votes; (iv) its mechanical and electronic perfections and imperfections; (v) the audit trail provided by the system; (vi) the anticipated frequency of repair; (vii) the ease of repair; (viii) the anticipated life of the equipment; (ix) its potential for fraudulent use; (x) its accessibility to voters with disabilities; (xi) the ease of its programming, transportation, and operation by voting equipment custodians and officers of election; and (xii) any other matters deemed necessary by the Board. Failure by an applicant to cooperate with the consultant by furnishing information and production equipment and ballots requested shall be deemed a withdrawal of the application, but nothing in this section shall require the disclosure of trade secrets by the applicant. If such trade secrets are essential to the proper analysis of the system and are provided for that reason, the consultant shall subscribe to an oath subject to the penalty for perjury that he will neither disclose nor make use of such information except as necessary for the system analysis. The report of the consultant shall be filed in the office of the Board.

E. In preparing the reports cited in subsections C and D, the Board shall require, as a condition of certification, that the system is comprehensively examined by individuals including at least one expert in election management and one in computer system security. The Board shall develop, in conjunction with the above listed individuals, a specific set of items to be examined and tested as part of the certification process to further elaborate on the requirements identified in this section.

F. If the Board determines that there is potential for approval of the system and prior to its final determination, the Board shall also require that the system be tested in an actual election in one or more counties or cities. Its use at such election shall be as valid for all purposes as if it had been legally approved by the Board and adopted by the counties or cities.

G. If, following testing, the Board approves any voting system and its ballots for use, the Board shall so notify the electoral boards of each county and city. Systems so approved may be adopted for use at elections as herein provided. No form of voting system and ballots not so approved shall be adopted by any county or city. Any voting system and ballots approved for use by the Board shall be deemed to meet the requirements of this title and any applicable federal laws, and their use in any election shall be valid.

H. A vendor whose voting system is approved for use shall provide updates concerning its recommended practices for optimum security and functionality of the system, as may be requested by the Board. Any product for which requested updates are not provided shall be deemed non-compliant and may be decertified at the discretion of the Board.

I. The Board shall have the authority to investigate, at its discretion, any voting system certified in Virginia to ensure that it continues to meet the standards outlined in subsections C and D. The Board may, at its discretion, decertify any voting system based on significant problems detected with the voting system in Virginia or on reports provided by federal authorities or other state election officials.

§ 24.2-668. Pollbooks, statements of results, and ballots to be sealed and delivered to clerk or general registrar.

A. After ascertaining the results and before adjourning, the officers shall put the pollbooks, the duplicate statements of results, and any printed inspection and return sheets in the envelopes provided by the State Board. The officers shall seal the envelopes and direct them to the clerk of the circuit court for the county or city. The pollbooks, statements, and sheets thus sealed and directed, the sealed counted ballots envelope or container, and the unused, defaced, spoiled and set aside ballots properly accounted for, packaged and sealed, shall be conveyed by one of the officers to be determined by lot, if they cannot otherwise agree, to the clerk of court by noon on the day following the election.

The clerk shall retain custody of the pollbooks, ~~paper printed~~ ballots, and other elections materials until the time has expired for initiating a recount, contest, or other proceeding in which the pollbooks, ~~paper printed~~ ballots, and other

elections materials may be needed as evidence and there is no proceeding pending. The clerk shall (i) secure all pollbooks, ~~paper printed~~ ballots and other election materials in sealed boxes; (ii) place all of the sealed boxes in a vault or room not open to the public or to anyone other than the clerk and his staff; (iii) cause such vault or room to be securely locked except when access is necessary for the clerk and his staff; and (iv) upon the initiation of a recount, certify that these security measures have been taken in whatever form is deemed appropriate by the chief judge.

After that time the clerk shall deliver the pollbooks to the general registrar who shall return the pollbooks or transfer a copy of the electronic data to the State Board as directed by § 24.2-114 for voting credit purposes. After the pollbooks are returned by the State Board, the general registrar shall retain the pollbooks in his principal office for two years from the date of the election. The clerk shall retain the statement of results and any printed inspection and return sheets for two years and may then destroy them.

B. The local electoral board or general registrar may direct that the officers of election, in lieu of conveying the materials to the clerk of the circuit court as provided in subsection A, shall convey the materials to the principal office of the general registrar on the night of the election or the morning following the election as the board directs. The general registrar shall secure and retain the materials in his office and shall convey to the clerk of the court, by noon of the day following the ascertainment of the results of the election by the electoral board, all of the election materials. The general registrar shall retain for public inspection one copy of the statement of results.

C. If an electronic pollbook is used, the data disc or cartridge containing the electronic records of the election, or, alternately, a printed copy of the pollbook records of those who voted, shall be transmitted, sealed and retained as required by this section, and otherwise treated as the pollbook for that election for all purposes subsequent to the election. Nothing in this title shall be construed to require that the equipment or software used to produce the electronic pollbook be sealed or retained along with the pollbook, provided that the records for the election have been transferred or printed according to the instructions of the State Board.

CHAPTER 295

An Act to amend and reenact § 24.2-106 of the Code of Virginia, relating to local electoral boards; office vacated if board member ceases to be qualified voter of county or city.

[H 1285]

Approved March 11, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 24.2-106 of the Code of Virginia is amended and reenacted as follows:

§ 24.2-106. Appointment and terms; vacancies; chairman and secretary; certain prohibitions; training.

A. There shall be in each county and city an electoral board composed of three members who *shall be qualified voters of such county or city*. The members shall be appointed by the chief judge of the judicial circuit for the county or city or that judge's designee. Such designee shall be any other judge who sits in the judicial circuit. Any vacancy occurring on a board shall be filled by the same authority for the unexpired term.

In the event of the temporary absence, or disability that precludes the performance of duties, of one or more members that prevents attaining a quorum, the chief judge or his designee, for good cause, may appoint, on a meeting-to-meeting basis, a temporary member to the electoral board. The temporary appointee must be eligible for appointment and to the extent practicable maintain representation of political parties under this section.

The clerk of the circuit court shall send to the State Board a copy of each order making an appointment to an electoral board.

In the appointment of the electoral board, representation shall be given to each of the two political parties having the highest and next highest number of votes in the Commonwealth for Governor at the last preceding gubernatorial election. Two electoral board members shall be of the political party that cast the highest number of votes for Governor at that election. When the Governor was not elected as the candidate of a political party, representation shall be given to each of the political parties having the highest and next highest number of members of the General Assembly at the time of the appointment and two board members shall be of the political party having the highest number of members in the General Assembly.

The political party entitled to the appointment shall make and file recommendations with the judges for the appointment not later than January 15 of the year of an appointment to a full term or, in the case of an appointment to fill a vacancy, within 30 days of the date of death or notice of resignation of the member being replaced. Its recommendations shall contain the names of at least three qualified voters of the county or city for each appointment. The chief judge, or his designee, shall promptly make such appointment from the recommendations (i) after receipt of the political party's recommendation or (ii) after January 15 for a full term or after the 30-day period expires for a vacancy appointment, whichever of the events described in clause (i) or (ii) first occurs.

The chief judge of the judicial circuit for the county or city, or his designee, shall not appoint to the electoral board (a) any person who is the spouse of an electoral board member or the general registrar for the county or city; (b) any person, or the spouse of any person, who is the parent, grandparent, sibling, child, or grandchild of an electoral board member or the general registrar of the county or city; or (c) any person who is ineligible to serve under the provisions of this section.

Electoral board members shall serve three-year terms and be appointed to staggered terms, one term to expire at midnight on the last day of February each year. No three-year term shall be shortened to comply with the political party representation requirements of this section.

B. The board shall elect one of its members as chairman and another as secretary. The chairman and the secretary shall represent different political parties, unless the representative of the second-ranked political party declines in writing to accept the unfilled office. At any time that the secretary is incapacitated in such a way that makes it impossible for the secretary to carry out the duties of the position, the board may designate one of its other members as acting secretary. Any such designation shall be made in an open meeting and recorded in the minutes of the board.

The secretary of the electoral board shall immediately notify the State Board of any change in the membership or officers of the electoral board and shall keep the Board informed of the name, residence and mailing addresses, and home and business telephone numbers of each electoral board member.

C. No member of an electoral board shall be eligible to offer for or hold an office to be filled in whole or in part by qualified voters of his jurisdiction. If a member resigns to offer for or hold such office, the vacancy shall be filled as provided in this section.

No member of an electoral board shall be the spouse, grandparent, parent, sibling, child, or grandchild, or the spouse of a grandparent, parent, sibling, child, or grandchild, of a candidate for or holder of an elective office filled in whole or in part by any voters within the jurisdiction of the electoral board.

No member of an electoral board shall serve as the chairman of a state, local or district level political party committee or as a paid worker in the campaign of a candidate for nomination or election to an office filled by election in whole or in part by the qualified voters of the jurisdiction of the electoral board.

If an electoral board member ceases to be a qualified voter of the county or city for which he was appointed, his office shall be deemed vacant and the vacancy shall be filled as provided in this section.

D. Each member of the electoral board shall attend an annual training program provided by the State Board during the first year of his appointment and the first year of any subsequent reappointment.

Any voter who does not show one of the forms of identification specified in this subsection shall be offered a provisional ballot under the provisions of § 24.2-653. The State Board of Elections shall provide an ID-ONLY provisional ballot envelope that requires no follow-up action by the registrar or electoral board other than matching submitted identification documents from the voter for the electoral board to make a determination on whether to count the ballot.

If the voter presents one of the forms of identification listed above, if his name is found on the pollbook in a form identical to or substantially similar to the name on the presented form of identification and the name provided by the voter, if he is qualified to vote in the election, and if no objection is made, an officer shall enter, opposite the voter's name on the pollbook, the first or next consecutive number from the voter count form provided by the State Board, or shall enter that the voter has voted if the pollbook is in electronic form; an officer shall provide the voter with the official ballot; and another officer shall admit him to the voting booth. Each voter whose name has been marked on the pollbooks as present to vote and entitled to a ballot shall remain in the presence of the officers of election in the polling place until he has voted. C. If the current residence address provided by the voter is different from the address shown on the pollbook, the officer of election shall furnish the voter with a change of address form prescribed by the State Board. Upon its completion, the voter shall sign the prescribed form, subject to felony penalties for making false statements pursuant to § 24.2-1016, which the officer of election shall then place in an envelope provided for such forms for transmission to the general registrar who shall then transfer or cancel the registration of such voter pursuant to Chapter 4 (§ 24.2-400 et seq.).

D. If the voter is able to provide his social security number, he shall be furnished with a voter registration form prescribed by the State Board to update his registration information. Upon its completion, the form shall be placed by the officer of election in an envelope provided for such forms for transmission to the general registrar. Any social security numbers so provided shall be entered by the general registrar in the voter's record on the voter registration system.

When the name and number of the last qualified voter have been entered on the pollbook, the officer of election responsible for that pollbook shall sign a statement on the check sheet, or on a separate form if an electronic pollbook is used, certifying the number of qualified registrants who have voted. The ~~State Board~~ *Department* shall provide instructions to the local electoral boards, general registrars, and officers of election for the conduct of the election and for procedures for entering a voting record for each voter and recording each voter's name, including voters unable to enter the polling place, and for verifying the accurate entry of the voting record for each registrant on the Virginia Voter Registration System. Notwithstanding any other provision of this title, for any election held on or after November 1, 2010 2020, all pollbooks provided by the ~~State Board~~ *Department* shall be in electronic form only.

CHAPTER 299

An Act to amend and reenact §§ 18.2-308.1:3 and 19.2-169.1 of the Code of Virginia, relating to unrestorably incompetent defendant; competency report.

[S 670]

Approved March 11, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 18.2-308.1:3 and 19.2-169.1 of the Code of Virginia are amended and reenacted as follows:

§ 18.2-308.1:3. Purchase, possession, or transportation of firearm by persons involuntarily admitted or ordered to outpatient treatment; penalty.

A. It shall be unlawful for any person (i) involuntarily admitted to a facility or ordered to mandatory outpatient treatment pursuant to § 19.2-169.2; (ii) involuntarily admitted to a facility or ordered to mandatory outpatient treatment as the result of a commitment hearing pursuant to Article 5 (§ 37.2-814 et seq.) of Chapter 8 of Title 37.2; (iii) involuntarily admitted to a facility or ordered to mandatory outpatient treatment as a minor 14 years of age or older as the result of a commitment hearing pursuant to Article 16 (§ 16.1-335 et seq.) of Chapter 11 of Title 16.1; (iv) who was the subject of a temporary detention order pursuant to § 37.2-809 and subsequently agreed to voluntary admission pursuant to § 37.2-805 ~~or~~; (v) who, as a minor 14 years of age or older, was the subject of a temporary detention order pursuant to § 16.1-340.1 and subsequently agreed to voluntary admission pursuant to § 16.1-338; or (vi) who was found incompetent to stand trial and likely to remain so for the foreseeable future and whose case was disposed of in accordance with § 19.2-169.3, to purchase, possess, or transport a firearm. A violation of this subsection shall be punishable as a Class 1 misdemeanor.

B. Any person prohibited from purchasing, possessing or transporting firearms under this section may, at any time following his release from involuntary admission to a facility, his release from an order of mandatory outpatient treatment, ~~or~~ his release from voluntary admission pursuant to § 37.2-805 following the issuance of a temporary detention order, *his release from a training center, or his release as provided by § 19.2-169.3*, petition the general district court in the city or county in which he resides or, if the person is not a resident of the Commonwealth, the general district court of the city or county in which the most recent of the proceedings described in subsection A occurred to restore his right to purchase, possess, or transport a firearm. A copy of the petition shall be mailed or delivered to the attorney for the Commonwealth for the jurisdiction where the petition was filed who shall be entitled to respond and represent the interests of the Commonwealth. The court shall conduct a hearing if requested by either party. If the court determines, after receiving and considering evidence concerning the circumstances regarding the disabilities referred to in subsection A and the person's criminal history, treatment record, and reputation as developed through character witness statements, testimony, or other character evidence, that the person will not likely act in a manner dangerous to public safety and that granting the relief would not be contrary to the public interest, the court shall grant the petition. Any person denied relief by the general district court may petition the circuit court for a de novo review of the denial. Upon a grant of relief in any court, the court shall enter a written order granting the petition, in which event the provisions of subsection A do not apply. The clerk of court shall certify and forward forthwith to the Central Criminal Records Exchange, on a form provided by the Exchange, a copy of any such order.

C. As used in this section, "treatment record" shall include copies of health records detailing the petitioner's psychiatric history, which shall include the records pertaining to the commitment or adjudication that is the subject of the request for relief pursuant to this section.

§ 19.2-169.1. Raising question of competency to stand trial or plead; evaluation and determination of competency.

A. Raising competency issue; appointment of evaluators. — If, at any time after the attorney for the defendant has been retained or appointed and before the end of trial, the court finds, upon hearing evidence or representations of counsel for the defendant or the attorney for the Commonwealth, that there is probable cause to believe that the defendant, whether a juvenile transferred pursuant to § 16.1-269.1 or adult, lacks substantial capacity to understand the proceedings against him or to assist his attorney in his own defense, the court shall order that a competency evaluation be performed by at least one psychiatrist or clinical psychologist who (i) has performed forensic evaluations; (ii) has successfully completed forensic evaluation training recognized by the Commissioner of Behavioral Health and Developmental Services; (iii) has demonstrated to the Commissioner competence to perform forensic evaluations; and (iv) is included on a list of approved evaluators maintained by the Commissioner.

B. Location of evaluation. — The evaluation shall be performed on an outpatient basis at a mental health facility or in jail unless an outpatient evaluation has been conducted and the outpatient evaluator opines that a hospital-based evaluation is needed to reliably reach an opinion or unless the defendant is in the custody of the Commissioner of Behavioral Health and Developmental Services pursuant to § 19.2-169.2, 19.2-169.6, 19.2-182.2, 19.2-182.3, 19.2-182.8, 19.2-182.9, or Article 5 (§ 37.2-814 et seq.) of Chapter 8 of Title 37.2.

C. Provision of information to evaluators. — The court shall require the attorney for the Commonwealth to provide to the evaluators appointed under subsection A any information relevant to the evaluation, including, but not limited to (i) a copy of the warrant or indictment; (ii) the names and addresses of the attorney for the Commonwealth, the attorney for the defendant, and the judge ordering the evaluation; (iii) information about the alleged crime; and (iv) a summary of the reasons for the evaluation request. The court shall require the attorney for the defendant to provide any available psychiatric records and other information that is deemed relevant. The court shall require that information be provided to the evaluator within 96 hours of the issuance of the court order pursuant to this section.

D. The competency report. — Upon completion of the evaluation, the evaluators shall promptly submit a report in writing to the court and the attorneys of record concerning (i) the defendant's capacity to understand the proceedings against him; (ii) his ability to assist his attorney; and (iii) his need for treatment in the event he is found incompetent but restorable, or incompetent for the foreseeable future. If a need for restoration treatment is identified pursuant to clause (iii), the report shall state whether inpatient or outpatient treatment (*community-based or jail-based*) is recommended. *In cases where a defendant is likely to remain incompetent for the foreseeable future due to an ongoing and irreversible medical condition,*

and where prior medical or educational records are available to support the diagnosis, the report may recommend that the court find the defendant unrestorably incompetent to stand trial and the court may proceed with the disposition of the case in accordance with § 19.2-169.3. No statements of the defendant relating to the time period of the alleged offense shall be included in the report. The evaluator shall also send a redacted copy of the report removing references to the defendant's name, date of birth, case number, and court of jurisdiction to the Commissioner of Behavioral Health and Developmental Services for the purpose of peer review to establish and maintain the list of approved evaluators described in subsection A.

E. The competency determination. — After receiving the report described in subsection D, the court shall promptly determine whether the defendant is competent to stand trial. A hearing on the defendant's competency is not required unless one is requested by the attorney for the Commonwealth or the attorney for the defendant, or unless the court has reasonable cause to believe the defendant will be hospitalized under § 19.2-169.2. If a hearing is held, the party alleging that the defendant is incompetent shall bear the burden of proving by a preponderance of the evidence the defendant's incompetency. The defendant shall have the right to notice of the hearing, the right to counsel at the hearing and the right to personally participate in and introduce evidence at the hearing.

The fact that the defendant claims to be unable to remember the time period surrounding the alleged offense shall not, by itself, bar a finding of competency if the defendant otherwise understands the charges against him and can assist in his defense. Nor shall the fact that the defendant is under the influence of medication bar a finding of competency if the defendant is able to understand the charges against him and assist in his defense while medicated.

CHAPTER 300

An Act to amend and reenact §§ 22.1-296.4 and 63.2-1515 of the Code of Virginia, relating to Department of Social Services; central registry; electronic requests and responses.

Be it enacted by the General Assembly of Virginia:

1. That §§ 22.1-296.4 and 63.2-1515 of the Code of Virginia are amended and reenacted as follows:

§ 22.1-296.4. Child abuse and neglect data required.

A. Every school board and every governing board or administrator of a private school accredited pursuant to § 22.1-19 shall require, as a condition of employment, that any applicant who is offered or accepts employment requiring direct contact with students, whether full-time or part-time, permanent or temporary, provide written consent and the necessary personal information for the school board, governing board, or administrator to obtain a search of the registry of founded complaints of child abuse and neglect maintained by the Department of Social Services pursuant to § 63.2-1515. The school board, governing board, or administrator shall ensure that all such searches are requested in conformance with the regulations of the Board of Social Services. In addition, where the applicant has resided in another state within the last five years, the school board, governing board, or administrator shall require as a condition of employment that such applicant provide written consent and the necessary personal information for the school board, governing board, or administrator to obtain information from each relevant state as to whether the applicant was the subject of a founded complaint of child abuse and neglect in such state. The school board, governing board or administrator shall take reasonable steps to determine whether the applicant was the subject of a founded complaint of child abuse and neglect in the relevant state. The Department of Social Services shall maintain a database of central child abuse and neglect registries in other states that provide access to out-of-state school boards, for use by local school boards, governing boards, and administrators. The applicant may be required to pay the cost of any search conducted pursuant to this subsection at the discretion of the school board, governing board, or administrator. From such funds as may be available for this purpose, however, the school board or the governing board or administrator may pay for the search.

The Department of Social Services shall respond to such request by the school board, governing board, or administrator in cases where there is no match within the central registry regarding applicants for employment within 10 business days of receipt of such request. In cases where there is a match within the central registry regarding applicants for employment, the Department of Social Services shall respond to such request by the school board, governing board, or administrator within 30 business days of receipt of such request. The *request and response* may be *sent electronically or by first-class mail or facsimile transmission*.

B. If the response obtained pursuant to subsection A indicates that the applicant is the subject of a founded case of child abuse and neglect, such applicant shall be denied employment or the employment shall be rescinded.

C. If an applicant is denied employment because of information appearing on his record in the registry, the school board, governing board, or administrator shall provide a copy of the information obtained from the registry to the applicant. The information provided to the school board, governing board, or administrator by the Department of Social Services shall be confidential and shall not be disseminated by the school board, governing board, or administrator.

§ 63.2-1515. Central registry; disclosure of information.

The central registry shall contain such information as shall be prescribed by Board regulation; however, when the founded case of abuse or neglect does not name the parents or guardians of the child as the abuser or neglecter, and the abuse or neglect occurred in a licensed or unlicensed child day center, a licensed, registered or approved family day home, a

private or public school, or a children's residential facility, the child's name shall not be entered on the registry without consultation with and permission of the parents or guardians. If a child's name currently appears on the registry without consultation with and permission of the parents or guardians for a founded case of abuse and neglect that does not name the parents or guardians of the child as the abuser or neglector, such parents or guardians may have the child's name removed by written request to the Department. The information contained in the central registry shall not be open to inspection by the public. However, appropriate disclosure may be made in accordance with Board regulations.

The Department shall respond to requests for a search of the central registry made by (i) local departments, (ii) local school boards, and (iii) governing boards or administrators of private schools accredited pursuant to § 22.1-19 regarding applicants for employment, pursuant to § 22.1-296.4, in cases where there is no match within the central registry within 10 business days of receipt of such requests. In cases where there is a match within the central registry regarding applicants for employment, the Department shall respond to requests made by local departments, local school boards, and governing boards or administrators within 30 business days of receipt of such requests. The *request and response* may be *sent electronically* or by first-class mail or facsimile transmission.

The Department shall disclose information in the central registry to the Chairmen of the Committees for the Courts of Justice of the Senate and House of Delegates for the purpose of determining if any person being considered for election to any judgeship has been the subject of any founded complaint of child abuse or neglect.

Approved March 11, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 38.2-3418.17 of the Code of Virginia is amended and reenacted as follows:

§ 38.2-3418.17. Coverage for autism spectrum disorder.

A. Notwithstanding the provisions of § 38.2-3419 and any other provision of law, each insurer proposing to issue accident and sickness insurance policies providing hospital, medical and surgical, or major medical coverage on an expense-incurred basis; each corporation providing accident and sickness subscription contracts; and each health maintenance organization providing a health care plan for health care services shall, as provided in this section, provide coverage for the diagnosis of autism spectrum disorder and the treatment of autism spectrum disorder, in individuals (i) from January 1, 2012, until January 1, 2016, from age two years through age six years; (ii) from January 1, 2016, until January 1, 2020, from age two years through age 10 years; and (iii) from and after January 1, 2020, of any age, subject to the annual maximum benefit limitation set forth in subsection K and to the provisions of subsection G. If an individual who is

being treated for autism spectrum disorder becomes older than the applicable maximum age set forth in the preceding sentence and continues to need treatment, this section does not preclude coverage of treatment and services. In addition to the requirements imposed on health insurance issuers by § 38.2-3436, an insurer shall not terminate coverage or refuse to deliver, issue, amend, adjust, or renew coverage of an individual solely because the individual is diagnosed with autism spectrum disorder or has received treatment for autism spectrum disorder.

B. For purposes of this section:

"Applied behavior analysis" means the design, implementation, and evaluation of environmental modifications, using behavioral stimuli and consequences, to produce socially significant improvement in human behavior, including the use of direct observation, measurement, and functional analysis of the relationship between environment and behavior.

"Pharmacy care" means medications prescribed by a licensed physician and any health-related services deemed medically necessary to determine the need or effectiveness of the medications.

"Psychiatric care" means direct or consultative services provided by a psychiatrist licensed in the state in which the psychiatrist practices.

The prescribing practitioner shall be independent of the provider of applied behavior analysis.

"Treatment plan" means a plan for the treatment of autism spectrum disorder developed by a licensed physician or a licensed psychologist pursuant to a comprehensive evaluation or reevaluation performed in a manner consistent with the most recent clinical report or recommendation of the American Academy of Pediatrics or the American Academy of Child and Adolescent Psychiatry.

C. Except for inpatient services, if an individual is receiving treatment for an autism spectrum disorder, an insurer, corporation, or health maintenance organization shall have the right to request a review of that treatment, including an independent review, not more than once every 12 months unless the insurer, corporation, or health maintenance organization and the individual's licensed physician or licensed psychologist agree that a more frequent review is necessary. The cost of obtaining any review, including an independent review, shall be covered under the policy, contract, or plan.

D. Coverage under this section will not be subject to any visit limits, and shall be neither different nor separate from coverage for any other illness, condition, or disorder for purposes of determining deductibles, lifetime dollar limits, copayment and coinsurance factors, and benefit year maximum for deductibles and copayment and coinsurance factors.

E. Nothing shall preclude the undertaking of usual and customary procedures, including prior authorization, to determine the appropriateness of, and medical necessity for, treatment of autism spectrum disorder under this section, provided that all such appropriateness and medical necessity determinations are made in the same manner as those determinations are made for the treatment of any other illness, condition, or disorder covered by such policy, contract, or plan.

F. The provisions of this section shall not apply to (i) short-term travel, accident only, limited, or specified disease policies; (ii) short-term nonrenewable policies of not more than six months' duration; ~~or (iii) policies, contracts, or plans issued in the individual market or small group markets; or (iv) policies or contracts designed for issuance to persons eligible for coverage under Title XVIII of the Social Security Act, known as Medicare, or any other similar coverage under state or federal governmental plans.~~

H. Any coverage required pursuant to this section shall be in addition to the coverage required by § 38.2-3418.5 and other provisions of law. This section shall not be construed as diminishing any coverage required by § 38.2-3412.1. This section shall not be construed as affecting any obligation to provide services to an individual under an individualized family service plan, an individualized education program, or an individualized service plan.

I. Pursuant to the provisions of § 2.2-2818.2, this section shall apply to health coverage offered to state employees pursuant to § 2.2-2818 and to health insurance coverage offered to employees of local governments, local officers, teachers, and retirees, and the dependents of such employees, teachers, and retirees pursuant to § 2.2-1204.

J. Notwithstanding any provision of this section to the contrary:

1. An insurer, corporation, or health maintenance organization, or a governmental entity providing coverage for such treatment pursuant to subsection I, is exempt from providing coverage for behavioral health treatment required under this section and not covered by the insurer, corporation, health maintenance organization, or governmental entity providing coverage for such treatment pursuant to subsection I as of December 31, 2011, if:

a. An actuary, affiliated with the insurer, corporation, or health maintenance organization, who is a member of the American Academy of Actuaries and meets the American Academy of Actuaries' professional qualification standards for rendering an actuarial opinion related to health insurance rate making, certifies in writing to the Commissioner of Insurance that:

(1) Based on an analysis to be completed no more frequently than one time per year by each insurer, corporation, or health maintenance organization, or such governmental entity, for the most recent experience period of at least one year's duration, the costs associated with coverage of behavioral health treatment required under this section, and not covered as of December 31, 2011, exceeded one percent of the premiums charged over the experience period by the insurer, corporation, or health maintenance organization; and

(2) Those costs solely would lead to an increase in average premiums charged of more than one percent for all insurance policies, subscription contracts, or health care plans commencing on inception or the next renewal date, based on the premium rating methodology and practices the insurer, corporation, or health maintenance organization, or such governmental entity, employs; and

b. The Commissioner approves the certification of the actuary;

2. An exemption allowed under subdivision 1 shall apply for a one-year coverage period following inception or next renewal date of all insurance policies, subscription contracts, or health care plans issued or renewed during the one-year period following the date of the exemption, after which the insurer, corporation, or health maintenance organization, or such governmental entity, shall again provide coverage for behavioral health treatment required under this section;

3. An insurer, corporation, or health maintenance organization, or such governmental entity, may claim an exemption for a subsequent year, but only if the conditions specified in subdivision 1 again are met; and

4. Notwithstanding the exemption allowed under subdivision 1, an insurer, corporation, or health maintenance organization, or such a governmental entity, may elect to continue to provide coverage for behavioral health treatment required under this section.

K. Coverage for applied behavior analysis under this section will be subject to an annual maximum benefit of \$35,000, unless the insurer, corporation, or health maintenance organization elects to provide coverage in a greater amount.

L. As of January 1, 2014, to the extent that this section requires benefits that exceed the essential health benefits specified under § 1302(b) of the federal Patient Protection and Affordable Care Act (H.R. 3590), as amended (the ACA), the specific benefits that exceed the specified essential health benefits shall not be required of a qualified health plan when the plan is offered in the Commonwealth by a health carrier through a health benefit exchange established under § 1311 of the ACA. Nothing in this subsection shall nullify application of this section to plans offered outside such an exchange.

CHAPTER 312

An Act to amend and reenact § 15.2-2286 of the Code of Virginia, relating to solar energy projects; national standards.

[H 656]

Approved March 12, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2286 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2286. Permitted provisions in zoning ordinances; amendments; applicant to pay delinquent taxes; penalties.

A. A zoning ordinance may include, among other things, reasonable regulations and provisions as to any or all of the following matters:

1. For variances or special exceptions, as defined in § 15.2-2201, to the general regulations in any district.
2. For the temporary application of the ordinance to any property coming into the territorial jurisdiction of the governing body by annexation or otherwise, subsequent to the adoption of the zoning ordinance, and pending the orderly amendment of the ordinance.
3. For the granting of special exceptions under suitable regulations and safeguards; notwithstanding any other provisions of this article, the governing body of any locality may reserve unto itself the right to issue such special exceptions. Conditions imposed in connection with residential special use permits, wherein the applicant proposes affordable housing, shall be consistent with the objective of providing affordable housing. When imposing conditions on residential projects specifying materials and methods of construction or specific design features, the approving body shall consider the impact of the conditions upon the affordability of housing.

The governing body or the board of zoning appeals of the City of Norfolk may impose a condition upon any special exception relating to retail alcoholic beverage control licensees which provides that such special exception will automatically expire upon a change of ownership of the property, a change in possession, a change in the operation or management of a facility or upon the passage of a specific period of time.

The governing body of the City of Richmond may impose a condition upon any special use permit issued after July 1, 2000, relating to retail alcoholic beverage licensees which provides that such special use permit shall be subject to an automatic review by the governing body upon a change in possession, a change in the owner of the business, or a transfer of majority control of the business entity. Upon review by the governing body, it may either amend or revoke the special use permit after notice and a public hearing as required by § 15.2-2206.

4. For the administration and enforcement of the ordinance including the appointment or designation of a zoning administrator who may also hold another office in the locality. The zoning administrator shall have all necessary authority on behalf of the governing body to administer and enforce the zoning ordinance. His authority shall include (i) ordering in writing the remedying of any condition found in violation of the ordinance; (ii) insuring compliance with the ordinance, bringing legal action, including injunction, abatement, or other appropriate action or proceeding subject to appeal pursuant to § 15.2-2311; and (iii) in specific cases, making findings of fact and, with concurrence of the attorney for the governing body, conclusions of law regarding determinations of rights accruing under § 15.2-2307 or subsection C of § 15.2-2311.

Whenever the zoning administrator has reasonable cause to believe that any person has engaged in or is engaging in any violation of a zoning ordinance that limits occupancy in a residential dwelling unit, which is subject to a civil penalty that may be imposed in accordance with the provisions of § 15.2-2209, and the zoning administrator, after a good faith effort to obtain the data or information necessary to determine whether a violation has occurred, has been unable to obtain such information, he may request that the attorney for the locality petition the judge of the general district court for his jurisdiction for a subpoena duces tecum against any such person refusing to produce such data or information. The judge of the court, upon good cause shown, may cause the subpoena to be issued. Any person failing to comply with such subpoena shall be subject to punishment for contempt by the court issuing the subpoena. Any person so subpoenaed may apply to the judge who issued the subpoena to quash it.

Notwithstanding the provisions of § 15.2-2311, a zoning ordinance may prescribe an appeal period of less than 30 days, but not less than 10 days, for a notice of violation involving temporary or seasonal commercial uses, parking of commercial trucks in residential zoning districts, maximum occupancy limitations of a residential dwelling unit, or similar short-term, recurring violations.

Where provided by ordinance, the zoning administrator may be authorized to grant a modification from any provision contained in the zoning ordinance with respect to physical requirements on a lot or parcel of land, including but not limited to size, height, location or features of or related to any building, structure, or improvements, if the administrator finds in writing that: (i) the strict application of the ordinance would produce undue hardship; (ii) such hardship is not shared generally by other properties in the same zoning district and the same vicinity; and (iii) the authorization of the modification will not be of substantial detriment to adjacent property and the character of the zoning district will not be changed by the granting of the modification. Prior to the granting of a modification, the zoning administrator shall give, or require the applicant to give, all adjoining property owners written notice of the request for modification, and an opportunity to respond to the request within 21 days of the date of the notice. The zoning administrator shall make a decision on the application for modification and issue a written decision with a copy provided to the applicant and any adjoining landowner who responded in writing to the notice sent pursuant to this paragraph. The decision of the zoning administrator shall constitute a decision within the purview of § 15.2-2311, and may be appealed to the board of zoning appeals as provided by that section. Decisions of the board of zoning appeals may be appealed to the circuit court as provided by § 15.2-2314.

The zoning administrator shall respond within 90 days of a request for a decision or determination on zoning matters within the scope of his authority unless the requester has agreed to a longer period.

5. For the imposition of penalties upon conviction of any violation of the zoning ordinance. Any such violation shall be a misdemeanor punishable by a fine of not more than \$1,000. If the violation is uncorrected at the time of the conviction, the court shall order the violator to abate or remedy the violation in compliance with the zoning ordinance, within a time period established by the court. Failure to remove or abate a zoning violation within the specified time period shall constitute a separate misdemeanor offense punishable by a fine of not more than \$1,000; any such failure during a succeeding 10-day period shall constitute a separate misdemeanor offense punishable by a fine of not more than \$1,500; and any such failure during any succeeding 10-day period shall constitute a separate misdemeanor offense for each 10-day period punishable by a fine of not more than \$2,000.

However, any conviction resulting from a violation of provisions regulating the number of unrelated persons in single-family residential dwellings shall be punishable by a fine of up to \$2,000. Failure to abate the violation within the specified time period shall be punishable by a fine of up to \$5,000, and any such failure during any succeeding 10-day period shall constitute a separate misdemeanor offense for each 10-day period punishable by a fine of up to \$7,500. However, no such fine shall accrue against an owner or managing agent of a single-family residential dwelling unit during the pendency of any legal action commenced by such owner or managing agent of such dwelling unit against a tenant to eliminate an overcrowding condition in accordance with the Virginia Residential Landlord and Tenant Act (§ 55.1-1200 et seq.). A conviction resulting from a violation of provisions regulating the number of unrelated persons in single-family residential dwellings shall not be punishable by a jail term.

6. For the collection of fees to cover the cost of making inspections, issuing permits, advertising of notices and other expenses incident to the administration of a zoning ordinance or to the filing or processing of any appeal or amendment thereto.

7. For the amendment of the regulations or district maps from time to time, or for their repeal. Whenever the public necessity, convenience, general welfare, or good zoning practice requires, the governing body may by ordinance amend, supplement, or change the regulations, district boundaries, or classifications of property. Any such amendment may be initiated (i) by resolution of the governing body; (ii) by motion of the local planning commission; or (iii) by petition of the owner, contract purchaser with the owner's written consent, or the owner's agent therefor, of the property which is the subject of the proposed zoning map amendment, addressed to the governing body or the local planning commission, who shall forward such petition to the governing body; however, the ordinance may provide for the consideration of proposed amendments only at specified intervals of time, and may further provide that substantially the same petition will not be reconsidered within a specific period, not exceeding one year. Any such resolution or motion by such governing body or commission proposing the rezoning shall state the above public purposes therefor.

In any county having adopted such zoning ordinance, all motions, resolutions or petitions for amendment to the zoning ordinance, and/or map shall be acted upon and a decision made within such reasonable time as may be necessary which shall not exceed 12 months unless the applicant requests or consents to action beyond such period or unless the applicant withdraws his motion, resolution or petition for amendment to the zoning ordinance or map, or both. In the event of and upon such withdrawal, processing of the motion, resolution or petition shall cease without further action as otherwise would be required by this subdivision.

8. For the submission and approval of a plan of development prior to the issuance of building permits to assure compliance with regulations contained in such zoning ordinance.

9. For areas and districts designated for mixed use developments or planned unit developments as defined in § 15.2-2201.

10. For the administration of incentive zoning as defined in § 15.2-2201.

11. For provisions allowing the locality to enter into a voluntary agreement with a landowner that would result in the downzoning of the landowner's undeveloped or underdeveloped property in exchange for a tax credit equal to the amount of excess real estate taxes that the landowner has paid due to the higher zoning classification. The locality may establish reasonable guidelines for determining the amount of excess real estate tax collected and the method and duration for applying the tax credit. For purposes of this section, "downzoning" means a zoning action by a locality that results in a reduction in a formerly permitted land use intensity or density.

12. Provisions for requiring and considering Phase I environmental site assessments based on the anticipated use of the property proposed for the subdivision or development that meet generally accepted national standards for such assessments, such as those developed by the American Society for Testing and Materials, and Phase II environmental site assessments, that also meet accepted national standards, such as, but not limited to, those developed by the American Society for Testing and Materials, if the locality deems such to be reasonably necessary, based on findings in the Phase I assessment, and in accordance with regulations of the United States Environmental Protection Agency and the American Society for Testing and Materials. A reasonable fee may be charged for the review of such environmental assessments. Such fees shall not exceed an amount commensurate with the services rendered, taking into consideration the time, skill, and administrative expense involved in such review.

13. *Provisions to incorporate generally accepted national environmental protection and product safety standards for the use of solar panels and battery technologies for solar photovoltaic (electric energy) projects, such as those developed for existing product certifications and standards including the National Sanitation Foundation/American National Standards Institute No. 457, International Electrotechnical Commission No. 61215-2, Institute of Electrical and Electronics Engineers Standard 1547, and Underwriters Laboratories No. 61730-2.*

14. Provisions for requiring disclosure and remediation of contamination and other adverse environmental conditions of the property prior to approval of subdivision and development plans.

~~14.~~ 15. For the enforcement of provisions of the zoning ordinance that regulate the number of persons permitted to occupy a single-family residential dwelling unit, provided such enforcement is in compliance with applicable local, state and federal fair housing laws.

~~15.~~ 16. For the issuance of inspection warrants by a magistrate or court of competent jurisdiction. The zoning administrator or his agent may make an affidavit under oath before a magistrate or court of competent jurisdiction and, if such affidavit establishes probable cause that a zoning ordinance violation has occurred, request that the magistrate or court grant the zoning administrator or his agent an inspection warrant to enable the zoning administrator or his agent to enter the subject dwelling for the purpose of determining whether violations of the zoning ordinance exist. After issuing a warrant under this section, the magistrate or judge shall file the affidavit in the manner prescribed by § 19.2-54. After executing the warrant, the zoning administrator or his agents shall return the warrant to the clerk of the circuit court of the city or county wherein the inspection was made. The zoning administrator or his agent shall make a reasonable effort to obtain consent from the owner or tenant of the subject dwelling prior to seeking the issuance of an inspection warrant under this section.

B. Prior to the initiation of an application by the owner of the subject property, the owner's agent, or any entity in which the owner holds an ownership interest greater than 50 percent, for a special exception, special use permit, variance, rezoning or other land disturbing permit, including building permits and erosion and sediment control permits, or prior to the issuance of final approval, the authorizing body may require the applicant to produce satisfactory evidence that any delinquent real estate taxes, nuisance charges, stormwater management utility fees, and any other charges that constitute a lien on the

subject property, that are owed to the locality and have been properly assessed against the subject property, have been paid, unless otherwise authorized by the treasurer.

An owner of residential real property who has actual knowledge of a privately owned stormwater management facility located on such property shall disclose to the purchaser the long-term maintenance and inspection requirements for the facility. Such disclosure shall be provided to the purchaser in accordance with this chapter and on a form provided by the Real Estate Board on its website.

§ 62.1-44.15:28. (For expiration date, see Acts 2016, cc. 68 and 758, as amended by Acts 2017, c. 345) Development of regulations.

A. The Board is authorized to adopt regulations that specify minimum technical criteria and administrative procedures for Virginia Stormwater Management Programs. The regulations shall:

1. Establish standards and procedures for administering a VSMP;
2. Establish minimum design criteria for measures to control nonpoint source pollution and localized flooding, and incorporate the stormwater management regulations adopted pursuant to the Erosion and Sediment Control Law (§ 62.1-44.15:51 et seq.), as they relate to the prevention of stream channel erosion. These criteria shall be periodically modified as required in order to reflect current engineering methods;
3. Require the provision of long-term responsibility for and maintenance of stormwater management control devices and other techniques specified to manage the quality and quantity of runoff;
4. Require as a minimum the inclusion in VSMPs of certain administrative procedures that include, but are not limited to, specifying the time period within which a VSMP authority shall grant land-disturbing activity approval, the conditions and processes under which approval shall be granted, the procedures for communicating disapproval, the conditions under which an approval may be changed, and requirements for inspection of approved projects;
5. Establish by regulations a statewide permit fee schedule to cover all costs associated with the implementation of a VSMP related to land-disturbing activities of one acre or greater. Such fee attributes include the costs associated with plan review, VSMP registration statement review, permit issuance, state-coverage verification, inspections, reporting, and compliance activities associated with the land-disturbing activities as well as program oversight costs. The fee schedule shall also include a provision for a reduced fee for land-disturbing activities between 2,500 square feet and up to one acre in Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.) localities. The fee schedule shall be governed by the following:

a. The revenue generated from the statewide stormwater permit fee shall be collected utilizing, where practicable, an online payment system, and the Department's portion shall be remitted to the State Treasurer for deposit in the Virginia Stormwater Management Fund established pursuant to § 62.1-44.15:29. However, whenever the Board has approved a VSMP, no more than 30 percent of the total revenue generated by the statewide stormwater permit fees collected shall be

remitted to the State Treasurer for deposit in the Virginia Stormwater Management Fund, with the balance going to the VSMP authority.

b. Fees collected pursuant to this section shall be in addition to any general fund appropriation made to the Department or other supporting revenue from a VSMP; however, the fees shall be set at a level sufficient for the Department and the VSMP to fully carry out their responsibilities under this article and its attendant regulations and local ordinances or standards and specifications where applicable. When establishing a VSMP, the VSMP authority shall assess the statewide fee schedule and shall have the authority to reduce or increase such fees, and to consolidate such fees with other program-related charges, but in no case shall such fee changes affect the amount established in the regulations as available to the Department for program oversight responsibilities pursuant to subdivision 5 a. A VSMP's portion of the fees shall be used solely to carry out the VSMP's responsibilities under this article and its attendant regulations, ordinances, or annual standards and specifications.

c. Until July 1, 2014, the fee for coverage under the General Permit for Discharges of Stormwater from Construction Activities issued by the Board, or where the Board has issued an individual permit or coverage under the General Permit for Discharges of Stormwater from Construction Activities for an entity for which it has approved annual standards and specifications, shall be \$750 for each large construction activity with sites or common plans of development equal to or greater than five acres and \$450 for each small construction activity with sites or common plans of development equal to or greater than one acre and less than five acres. On and after July 1, 2014, such fees shall only apply where coverage has been issued under the Board's General Permit for Discharges of Stormwater from Construction Activities to a state agency or federal entity for which it has approved annual standards and specifications. After establishment, such fees may be modified in the future through regulatory actions.

d. Until July 1, 2014, the Department is authorized to assess a \$125 reinspection fee for each visit to a project site that was necessary to check on the status of project site items noted to be in noncompliance and documented as such on a prior project inspection.

e. In establishing the fee schedule under this subdivision, the Department shall ensure that the VSMP authority portion of the statewide permit fee for coverage under the General Permit for Discharges of Stormwater from Construction Activities for small construction activity involving a single family detached residential structure with a site or area, within or outside a common plan of development or sale, that is equal to or greater than one acre but less than five acres shall be no greater than the VSMP authority portion of the fee for coverage of sites or areas with a land-disturbance acreage of less than one acre within a common plan of development or sale.

f. When any fees are collected pursuant to this section by credit cards, business transaction costs associated with processing such payments may be additionally assessed;

6. Establish statewide standards for stormwater management from land-disturbing activities of one acre or greater, except as specified otherwise within this article, and allow for the consolidation in the permit of a comprehensive approach to addressing stormwater management and erosion and sediment control, consistent with the provisions of the Erosion and Sediment Control Law (§ 62.1-44.15:51 et seq.) and this article. However, such standards shall also apply to land-disturbing activity exceeding an area of 2,500 square feet in all areas of the jurisdictions designated as subject to the Chesapeake Bay Preservation Area Designation and Management Regulations;

7. Establish a procedure by which a stormwater management plan that is approved for a residential, commercial, or industrial subdivision shall govern the development of the individual parcels, including those parcels developed under subsequent owners;

8. Notwithstanding the provisions of subdivision A 5, establish a procedure by which neither a registration statement nor payment of the Department's portion of the statewide permit fee established pursuant to that subdivision shall be required for coverage under the General Permit for Discharges of Stormwater from Construction Activities for construction activity involving a single-family detached residential structure, within or outside a common plan of development or sale;

9. Provide for reciprocity with programs in other states for the certification of proprietary best management practices;

10. Require that VSMPs maintain after-development runoff rate of flow and characteristics that replicate, as nearly as practicable, the existing predevelopment runoff characteristics and site hydrology, or improve upon the contributing share of the existing predevelopment runoff characteristics and site hydrology if stream channel erosion or localized flooding is an existing predevelopment condition. Except where more stringent requirements are necessary to address total maximum daily load requirements or to protect exceptional state waters, any land-disturbing activity that provides for stormwater management shall satisfy the conditions of this subsection if the practices are designed to (i) detain the water quality volume and to release it over 48 hours; (ii) detain and release over a 24-hour period the expected rainfall resulting from the one year, 24-hour storm; and (iii) reduce the allowable peak flow rate resulting from the 1.5-year, two-year, and 10-year, 24-hour storms to a level that is less than or equal to the peak flow rate from the site assuming it was in a good forested condition, achieved through multiplication of the forested peak flow rate by a reduction factor that is equal to the runoff volume from the site when it was in a good forested condition divided by the runoff volume from the site in its proposed condition, and shall be exempt from any flow rate capacity and velocity requirements for natural or man-made channels as defined in any regulations promulgated pursuant to this section or any ordinances adopted pursuant to § 62.1-44.15:27 or 62.1-44.15:33;

11. Encourage low-impact development designs, regional and watershed approaches, and nonstructural means for controlling stormwater;

12. Promote the reclamation and reuse of stormwater for uses other than potable water in order to protect state waters and the public health and to minimize the direct discharge of pollutants into state waters;

13. Establish procedures to be followed when a locality that operates a VSMP wishes to transfer administration of the VSMP to the Department;

14. Establish a statewide permit fee schedule for stormwater management related to municipal separate storm sewer system permits;

15. Provide for the evaluation and potential inclusion of emerging or innovative stormwater control technologies that may prove effective in reducing nonpoint source pollution; ~~and~~

16. *Require the owner of property that is zoned for residential use and on which is located a privately owned stormwater management facility serving one or more residential properties to record the long-term maintenance and inspection requirements for such facility with the deed for the owner's property; and*

17. Require that all final plan elements, specifications, or calculations whose preparation requires a license under Chapter 4 (§ 54.1-400 et seq.) or 22 (§ 54.1-2200 et seq.) of Title 54.1 be appropriately signed and sealed by a professional who is licensed to engage in practice in the Commonwealth. Nothing in this subdivision shall authorize any person to engage in practice outside his area of professional competence.

B. The Board may integrate and consolidate components of the regulations implementing the Erosion and Sediment Control program and the Chesapeake Bay Preservation Area Designation and Management program with the regulations governing the Virginia Stormwater Management Program (VSMP) Permit program or repeal components so that these programs may be implemented in a consolidated manner that provides greater consistency, understanding, and efficiency for those regulated by and administering a VSMP.

§ 62.1-44.15:28. (For effective date, see Acts 2016, cc. 68 and 758, as amended by Acts 2017, c. 345) Development of regulations.

The Board is authorized to adopt regulations that establish requirements for the effective control of soil erosion, sediment deposition, and stormwater, including nonagricultural runoff, that shall be met in any VESMP to prevent the unreasonable degradation of properties, stream channels, waters, and other natural resources, and that specify minimum technical criteria and administrative procedures for VESMPs. The regulations shall:

1. Establish standards and procedures for administering a VESMP;

2. Establish minimum standards of effectiveness of the VESMP and criteria and procedures for reviewing and evaluating its effectiveness. The minimum standards of program effectiveness established by the Board shall provide that (i) no soil erosion control and stormwater management plan shall be approved until it is reviewed by a plan reviewer certified pursuant to § 62.1-44.15:30, (ii) each inspection of a land-disturbing activity shall be conducted by an inspector certified pursuant to § 62.1-44.15:30, and (iii) each VESMP shall contain a program administrator, a plan reviewer, and an inspector, each of whom is certified pursuant to § 62.1-44.15:30 and all of whom may be the same person;

3. Be based upon relevant physical and developmental information concerning the watersheds and drainage basins of the Commonwealth, including data relating to land use, soils, hydrology, geology, size of land area being disturbed, proximate water bodies and their characteristics, transportation, and public facilities and services;

4. Include any survey of lands and waters as the Board deems appropriate or as any applicable law requires to identify areas, including multijurisdictional and watershed areas, with critical soil erosion and sediment problems;

5. Contain conservation standards for various types of soils and land uses, which shall include criteria, techniques, and methods for the control of soil erosion and sediment resulting from land-disturbing activities;

6. Establish water quality and water quantity technical criteria. These criteria shall be periodically modified as required in order to reflect current engineering methods;

7. Require the provision of long-term responsibility for and maintenance of stormwater management control devices and other techniques specified to manage the quality and quantity of runoff;

8. Require as a minimum the inclusion in VESMPs of certain administrative procedures that include, but are not limited to, specifying the time period within which a VESMP authority shall grant land-disturbance approval, the conditions and processes under which such approval shall be granted, the procedures for communicating disapproval, the conditions under which an approval may be changed, and requirements for inspection of approved projects;

9. Establish a statewide fee schedule to cover all costs associated with the implementation of a VESMP related to land-disturbing activities where permit coverage is required, and for land-disturbing activities where the Board serves as a VESMP authority or VSMP authority. Such fee attributes include the costs associated with plan review, permit registration statement review, permit issuance, permit coverage verification, inspections, reporting, and compliance activities associated with the land-disturbing activities as well as program oversight costs. The fee schedule shall also include a provision for a reduced fee for a land-disturbing activity that disturbs 2,500 square feet or more but less than one acre in an area of a locality designated as a Chesapeake Bay Preservation Area pursuant to the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.). The fee schedule shall be governed by the following:

a. The revenue generated from the statewide fee shall be collected utilizing, where practicable, an online payment system, and the Department's portion shall be remitted to the State Treasurer for deposit in the Virginia Stormwater Management Fund established pursuant to § 62.1-44.15:29. However, whenever the Board has approved a VESMP, no more than 30 percent of the total revenue generated by the statewide fees collected shall be remitted to the State Treasurer for deposit in the Virginia Stormwater Management Fund, with the balance going to the VESMP authority;

b. Fees collected pursuant to this section shall be in addition to any general fund appropriation made to the Department or other supporting revenue from a VESMP; however, the fees shall be set at a level sufficient for the Department, the Board, and the VESMP to fully carry out their responsibilities under this article and local ordinances or standards and specifications where applicable. When establishing a VESMP, the VESMP authority shall assess the statewide fees pursuant to the schedule and shall have the authority to reduce or increase such fees, and to consolidate such fees with other program-related charges, but in no case shall such fee changes affect the amount established in the regulations as available to the Department for program oversight responsibilities pursuant to subdivision a. A VESMP's portion of the fees shall be used solely to carry out the VESMP's responsibilities under this article and associated ordinances;

c. In establishing the fee schedule under this subdivision, the Department shall ensure that the VESMP authority portion of the statewide fee for coverage under the General Permit for Discharges of Stormwater from Construction Activities for small construction activity involving a single-family detached residential structure with a site or area, within or outside a common plan of development or sale, that is equal to or greater than one acre but less than five acres shall be no greater than the VESMP authority portion of the fee for coverage of sites or areas with a land-disturbance acreage of less than one acre within a common plan of development or sale;

d. When any fees are collected pursuant to this section by credit cards, business transaction costs associated with processing such payments may be additionally assessed;

e. Notwithstanding the other provisions of this subdivision 9, establish a procedure by which neither a registration statement nor payment of the Department's portion of the statewide fee established pursuant to this subdivision 9 shall be required for coverage under the General Permit for Discharges of Stormwater from Construction Activities for construction activity involving a single-family detached residential structure, within or outside a common plan of development or sale;

10. Establish statewide standards for soil erosion control and stormwater management from land-disturbing activities;

11. Establish a procedure by which a soil erosion control and stormwater management plan or stormwater management plan that is approved for a residential, commercial, or industrial subdivision shall govern the development of the individual parcels, including those parcels developed under subsequent owners;

12. Provide for reciprocity with programs in other states for the certification of proprietary best management practices;

13. Require that VESMPs maintain after-development runoff rate of flow and characteristics that replicate, as nearly as practicable, the existing predevelopment runoff characteristics and site hydrology, or improve upon the contributing share of the existing predevelopment runoff characteristics and site hydrology if stream channel erosion or localized flooding is an existing predevelopment condition.

a. Except where more stringent requirements are necessary to address total maximum daily load requirements or to protect exceptional state waters, any land-disturbing activity that was subject to the water quantity requirements that were in effect pursuant to this article prior to July 1, 2014, shall be deemed to satisfy the conditions of this subsection if the practices are designed to (i) detain the water volume equal to the first one-half inch of runoff multiplied by the impervious surface of the land development project and to release it over 48 hours; (ii) detain and release over a 24-hour period the expected rainfall resulting from the one year, 24-hour storm; and (iii) reduce the allowable peak flow rate resulting from the 1.5-year, two-year, and 10-year, 24-hour storms to a level that is less than or equal to the peak flow rate from the site assuming it was in a good forested condition, achieved through multiplication of the forested peak flow rate by a reduction factor that is equal to the runoff volume from the site when it was in a good forested condition divided by the runoff volume from the site in its proposed condition. Any land-disturbing activity that complies with these requirements shall be exempt from any flow rate capacity and velocity requirements for natural or man-made channels as defined in any regulations promulgated pursuant to this section or any ordinances adopted pursuant to § 62.1-44.15:27 or 62.1-44.15:33;

b. Any stream restoration or relocation project that incorporates natural channel design concepts is not a man-made channel and shall be exempt from any flow rate capacity and velocity requirements for natural or man-made channels as defined in any regulations promulgated pursuant to this article;

14. Encourage low-impact development designs, regional and watershed approaches, and nonstructural means for controlling stormwater;

15. Promote the reclamation and reuse of stormwater for uses other than potable water in order to protect state waters and the public health and to minimize the direct discharge of pollutants into state waters;

16. Establish procedures to be followed when a locality chooses to change the type of program it administers pursuant to subsection D of § 62.1-44.15:27;

17. Establish a statewide permit fee schedule for stormwater management related to MS4 permits;

18. Provide for the evaluation and potential inclusion of emerging or innovative stormwater control technologies that may prove effective in reducing nonpoint source pollution; ~~and~~

19. *Require the owner of property that is zoned for residential use and on which is located a privately owned stormwater management facility serving one or more residential properties to record the long-term maintenance and inspection requirements for such facility with the deed for the owner's property; and*

20. Require that all final plan elements, specifications, or calculations whose preparation requires a license under Chapter 4 (§ 54.1-400 et seq.) or 22 (§ 54.1-2200 et seq.) of Title 54.1 be appropriately signed and sealed by a professional who is licensed to engage in practice in the Commonwealth. Nothing in this subdivision shall authorize any person to engage in practice outside his area of professional competence.

CHAPTER 314

CHAPTER 326

An Act to amend and reenact § 8.01-195.11 of the Code of Virginia and for the relief of Winston Lamont Scott, relating to compensation for wrongful incarceration.

[H 460]

Approved March 12, 2020

Whereas, Winston Lamont Scott (Mr. Scott) spent more than five years in prison within the Virginia Department of Corrections for crimes he did not commit; and

Whereas, on July 24, 1975, the Fairfax County Police Department responded to a rape that occurred at an apartment in Reston, Virginia; and

Whereas, the victim erroneously identified Mr. Scott as her assailant based upon a composite sketch and photo lineup conducted more than two months after the incident took place; and

Whereas, Mr. Scott denied committing the rape and testified at trial that he was at other locations at the time the incident took place; and

Whereas, Mr. Scott testified that he did not own a car and that he spent the night of July 24, 1975, at a friend's house, that of Bobby Reid (Mr. Reid), that was nearly five miles away from the victim's apartment; and

Whereas, both Mr. Reid and Beverly Reid, Mr. Reid's mother, testified that Mr. Scott spent the night at their house and they saw Mr. Scott the next morning; and

Whereas, forensic examination of bodily secretions found on the victim's jeans did not match Mr. Scott's blood type; and

Whereas, on January 26, 1976, Mr. Scott was convicted of rape, carnal knowledge, and burglary and was sentenced to a combined 14 years' incarceration for the crimes; and

Whereas, on May 26, 1981, Mr. Scott was granted parole, and on February 18, 1986, Mr. Scott was discharged from parole; and

Whereas, in 2005, Governor Mark Warner ordered the Department of Forensic Science (DFS) to test biological evidence collected and retained by DFS relating to criminal cases tried between 1973 and 1988, using DNA testing that was not available when those cases were tried; and

Whereas, in 2010, pursuant to this order, DFS conducted tests on biological evidence samples it retained from Mr. Scott's case, specifically DNA testing of the victim's vaginal swabs and a semen stain on the victim's jeans; and

Whereas, in 2017, DFS performed DNA testing on a buccal swab from Mr. Scott, which concluded that "Scott is eliminated as a contributor of the DNA profile" of the stain found on the victim's jeans; and

Whereas, Mr. Scott filed a petition for a writ of actual innocence, pursuant to Chapter 19.2 (§ 19.2-327.2 et seq.) of Title 19.2, on September 28, 2017, based on previously unavailable DNA evidence; and

Whereas, the Supreme Court of Virginia found that Mr. Scott had proven his actual innocence claim by clear and convincing evidence as required by § 19.2-327.5; and

Whereas, on March 7, 2019, the Supreme Court of Virginia granted Mr. Scott's petition, vacated his convictions, and issued a writ of actual innocence; and

Whereas, Mr. Scott, as a result of his wrongful incarceration, lost more than five years of his freedom and countless life experiences and opportunities, including family relations, the opportunity to further his education, and the opportunity to earn potential income from gainful employment during his years of incarceration; and

Whereas, Mr. Scott has no other means to obtain adequate relief except by action of this body; now, therefore,

Be it enacted by the General Assembly of Virginia:

1. That § 8.01-195.11 of the Code of Virginia is amended and reenacted as follows:

§ 8.01-195.11. Compensation for wrongful incarceration.

A. Any person who is convicted of a felony by a county or city circuit court of the Commonwealth and is wrongfully incarcerated for such felony may be awarded compensation in an amount equal to 90 percent of the inflation adjusted Virginia per capita personal income as reported by the Bureau of Economic Analysis of the U.S. Department of Commerce for each year of incarceration, or portion thereof.

B. Any compensation computed pursuant to subsection A and approved by the General Assembly shall be paid by the Comptroller by his warrant on the State Treasurer in favor of the person found to have been wrongfully incarcerated. The person wrongfully incarcerated shall be paid an initial lump sum equal to 20 percent of the compensation award with the remaining 80 percent of the principal of the compensation award to be used by the State Treasurer to purchase an annuity from any A+ rated company, including any A+ rated company from which the Virginia Lottery may purchase an annuity, to provide equal monthly payments to such person for a period certain of 25 years commencing no later than one year after the effective date of the appropriation. The annuity shall provide that it shall not be sold, discounted, or used as securitization for loans and mortgages by the person awarded compensation. The annuity shall, however, contain beneficiary provisions providing for the annuity's continued disbursement in the event of the death of the person awarded compensation. All payments or costs of annuities under this section shall be made by check issued by the State Treasurer on warrant of the Comptroller.

Notwithstanding the foregoing, in the event that the person wrongfully incarcerated is 60 years of age or older or is terminally ill, the General Assembly may (i) pay 100 percent of the compensation computed pursuant to subsection A as a lump sum to the person wrongfully incarcerated or (ii) purchase an annuity for a period certain that is less than 25 years. For the purposes of this section, "terminally ill" means that the individual has a medical prognosis, as certified by a licensed physician, that his life expectancy is five years or less if the illness runs its normal course.

C. Any person who is convicted of a felony by a county or city circuit court of the Commonwealth and is wrongfully incarcerated for such felony shall receive a transition assistance grant of \$15,000 to be paid from the Criminal Fund, which amount shall be deducted from any award received pursuant to subsection B, within 30 days of receipt of the written request for the disbursement of the transition assistance grant to the Executive Secretary of the Supreme Court of Virginia. Payment of the transition assistance grant from the Criminal Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Executive Secretary of the Supreme Court of Virginia. In addition, such person shall be entitled to receive reimbursement up to \$10,000 for tuition for career and technical training within the Virginia Community College System contingent upon successful completion of the training. Reimbursement for tuition shall be provided by the comprehensive community college at which the career or technical training was completed.

2. § 1. That there is hereby appropriated from the general fund of the state treasury the sum of \$159,535 for the relief of Winston Lamont Scott, to be paid by check issued by the State Treasurer on warrant of the Comptroller upon execution of a release of all claims Mr. Scott may have against the Commonwealth or any agency, instrumentality, office, employee, or political subdivision in connection with the aforesaid occurrence.

The compensation, subject to the execution of the release described herein, shall be paid as a single lump sum of \$159,535 to be paid to Mr. Scott by check issued by the State Treasurer on warrant of the Comptroller within 60 days immediately following the execution of such release.

§ 2. That Mr. Scott shall be entitled to receive career and technical training within the Virginia Community College System free of tuition charges, up to a maximum of \$10,000. The cost for the tuition benefit shall be paid by the community

college at which the career or technical training is provided. The tuition benefit provided by this section shall expire on January 1, 2025.

§ 3. That upon written request as provided in subsection C of § 8.01-195.11 of the Code of Virginia, Mr. Scott shall be entitled to a transition assistance grant of \$15,000 to be paid from the Criminal Fund, which amount shall be deducted from any award received pursuant to § 1 of this act.

2. That the provisions of § 8.01-195.12 of the Code of Virginia shall apply to any compensation awarded under this act.

Without limiting the foregoing, any semiconductor equipment, fuel, power, energy, supplies, or other

Except as otherwise provided by law, "integrated process" does not mean general maintenance or administration.

"Internet" means collectively, the myriad of computer and telecommunications facilities, which comprise the interconnected worldwide network of computer networks.

The determination of whether any manufacturing, mining, processing, refining or conversion activity is industrial in nature shall be made without regard to plant size, existence or size of finished product inventory, degree of mechanization, amount of capital investment, number of employees or other factors relating principally to the size of the business. Further, "industrial in nature" includes, but is not limited to, those businesses classified in codes 10 through 14 and 20 through 39 published in the Standard Industrial Classification Manual for 1972 and any supplements issued thereafter.

The terms "retail sale" and a "sale at retail" specifically include the following: (i) the sale or charges for any room or rooms, lodgings, or accommodations furnished to transients for less than 90 continuous days by any hotel, motel, inn, tourist camp, tourist cabin, camping grounds, club, or any other place in which rooms, lodging, space, or accommodations are regularly furnished to transients for a consideration; (ii) sales of tangible personal property to persons for resale when because of the operation of the business, or its very nature, or the lack of a place of business in which to display a certificate of registration, or the lack of a place of business in which to keep records, or the lack of adequate records, or because such persons are minors or transients, or because such persons are engaged in essentially service businesses, or for any other reason there is likelihood that the Commonwealth will lose tax funds due to the difficulty of policing such business operations; (iii) the separately stated charge made for automotive refinish repair materials that are permanently applied to or affixed to a motor vehicle during its repair; and (iv) the separately stated charge for equipment available for lease or purchase by a provider of satellite television programming to the customer of such programming. The terms "retail sale" and a "sale at retail" also specifically include the separately stated charge made for supplies used during automotive repairs whether or not there is transfer of title or possession of the supplies and whether or not the supplies are attached to the automobile. The purchase of such supplies by an automotive repairer for sale to the customer of such repair services shall be deemed a sale for resale.

"Sales price" means the total amount for which tangible personal property or services are sold, including any services that are a part of the sale, valued in money, whether paid in money or otherwise, and includes any amount for which credit is given to the purchaser, consumer, or lessee by the dealer, without any deduction therefrom on account of the cost of the property sold, the cost of materials used, labor or service costs, losses or any other expenses whatsoever. "Sales price" does not include (i) any cash discount allowed and taken; (ii) finance charges, carrying charges, service charges or interest from credit extended on sales of tangible personal property under conditional sale contracts or other conditional contracts providing for deferred payments of the purchase price; (iii) separately stated local property taxes collected; (iv) that portion of the amount paid by the purchaser as a discretionary gratuity added to the price of a meal; or (v) that portion of the amount paid by the purchaser as a mandatory gratuity or service charge added by a restaurant to the price of a meal, but only to the extent that such mandatory gratuity or service charge does not exceed 20 percent of the price of the meal. Where used articles are taken in trade, or in a series of trades as a credit or part payment on the sale of new or used articles, the tax levied by this chapter shall be paid on the net difference between the sales price of the new or used articles and the credit for the used articles.

"Semiconductor equipment" means (i) machinery or tools or repair parts or replacements thereof; (ii) the related accessories, components, pedestals, bases, or foundations used in connection with the operation of the equipment, without regard to the proximity to the equipment, the method of attachment, or whether the equipment or accessories are affixed to the realty; (iii) semiconductor wafers and other property or supplies used to install, test, calibrate or recalibrate, characterize, condition, measure, or maintain the equipment and settings thereof; and (iv) equipment and supplies used for quality control testing of product, materials, equipment, or processes; or the measurement of equipment performance or

production parameters regardless of where or when the quality control, testing, or measuring activity takes place, how the activity affects the operation of equipment, or whether the equipment and supplies come into contact with the product.

§ 58.1-605. To what extent and under what conditions cities and counties may levy local sales taxes; collection thereof by Commonwealth and return of revenue to each city or county entitled thereto.

A. No county, city or town shall impose any local general sales or use tax or any local general retail sales or use tax except as authorized by this section or § 58.1-605.1.

B. The council of any city and the governing body of any county may levy a general retail sales tax at the rate of one percent to provide revenue for the general fund of such city or county. Such tax shall be added to the rate of the state sales tax imposed by §§ 58.1-603 and 58.1-604 and shall be subject to all the provisions of this chapter and the rules and regulations published with respect thereto. No discount under § 58.1-622 shall be allowed on a local sales tax.

C. 1. The council of any city and the governing body of any county desiring to impose a local sales tax under this section may do so by the adoption of an ordinance stating its purpose and referring to this section, and providing that such ordinance shall be effective on the first day of a month at least 60 days after its adoption. A certified copy of such ordinance shall be forwarded to the Tax Commissioner so that it will be received within five days after its adoption.

2. Prior to any change in the rate of any local sales and use tax, the Tax Commissioner shall provide remote sellers with at least 30 days' notice. Any change in the rate of any local sales and use tax shall only become effective on the first day of a calendar quarter. Failure to provide notice pursuant to this section shall require the Commonwealth and the locality to apply the preceding effective rate until 30 days after notification is provided.

D. Any local sales tax levied under this section shall be administered and collected by the Tax Commissioner in the same manner and subject to the same penalties as provided for the state sales tax.

E. All local sales tax moneys collected by the Tax Commissioner under this section shall be paid into the state treasury to the credit of a special fund which is hereby created on the Comptroller's books under the name "Collections of Local Sales Taxes." Such local sales tax moneys shall be credited to the account of each particular city or county levying a local sales tax under this section. The basis of such credit shall be the city or county in which the sales were made as shown by the records of the Department and certified by it monthly to the Comptroller, namely, the city or county of location of each place of business of every dealer paying the tax to the Commonwealth without regard to the city or county of possible use by the purchasers. If a dealer has any place of business located in more than one political subdivision by reason of the boundary line or lines passing through such place of business, the amount of sales tax paid by such a dealer with respect to such place of business shall be treated for the purposes of this section as follows: one-half shall be assignable to each political subdivision where two are involved, one-third where three are involved, and one-fourth where four are involved.

F. As soon as practicable after the local sales tax moneys have been paid into the state treasury in any month for the preceding month, the Comptroller shall draw his warrant on the Treasurer of Virginia in the proper amount in favor of each city or county entitled to the monthly return of its local sales tax moneys, and such payments shall be charged to the account of each such city or county under the special fund created by this section. If errors are made in any such payment, or adjustments are otherwise necessary, whether attributable to refunds to taxpayers, or to some other fact, the errors shall be corrected and adjustments made in the payments for the next two months as follows: one-half of the total adjustment shall be included in the payments for the next two months. In addition, the payment shall include a refund of amounts erroneously not paid to the city or county and not previously refunded during the three years preceding the discovery of the error. A correction and adjustment in payments described in this subsection due to the misallocation of funds by the dealer shall be made within three years of the date of the payment error.

G. Such payments to counties are subject to the qualification that in any county wherein is situated any incorporated town constituting a special school district and operated as a separate school district under a town school board of three members appointed by the town council, the county treasurer shall pay into the town treasury for general governmental purposes the proper proportionate amount received by him in the ratio that the school age population of such town bears to the school age population of the entire county. If the school age population of any town constituting a separate school district is increased by the annexation of territory since the last estimate of school age population provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this section, be added to the school age population of such town as shown by the last such estimate and a proper reduction made in the school age population of the county or counties from which the annexed territory was acquired.

H. One-half of such payments to counties are subject to the further qualification, other than as set out in subsection G, that in any county wherein is situated any incorporated town not constituting a separate special school district that has complied with its charter provisions providing for the election of its council and mayor for a period of at least four years immediately prior to the adoption of the sales tax ordinance, the county treasurer shall pay into the town treasury of each such town for general governmental purposes the proper proportionate amount received by him in the ratio that the school age population of each such town bears to the school age population of the entire county, based on the latest estimate provided by the Weldon Cooper Center for Public Service. The preceding requirement pertaining to the time interval between compliance with election provisions and adoption of the sales tax ordinance shall not apply to a tier-city. If the school age population of any such town not constituting a separate special school district is increased by the annexation of territory or otherwise since the last estimate of school age population provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this section, be added to the school age population of such town as shown by the last such estimate and a proper reduction made in the school age population of the county or counties from which the annexed territory was acquired.

I. Notwithstanding the provisions of subsection H, the board of supervisors of a county may, in its discretion, appropriate funds to any incorporated town not constituting a separate school district within such county that has not complied with the provisions of its charter relating to the elections of its council and mayor, an amount not to exceed the amount it would have received from the tax imposed by this chapter if such election had been held; however, Halifax County, *Henry County*, *Northampton County*, *Patrick County*, and *Pittsylvania County* may appropriate any amount to any such incorporated town.

J. It is further provided that if any incorporated town which would otherwise be eligible to receive funds from the county treasurer under subsection G or H be located in a county that does not levy a general retail sales tax under the provisions of this law, such town may levy a general retail sales tax at the rate of one percent to provide revenue for the general fund of the town, subject to all the provisions of this section generally applicable to cities and counties. Any tax levied under the authority of this subsection shall in no case continue to be levied on or after the effective date of a county ordinance imposing a general retail sales tax in the county within which such town is located.

The question on the ballot for the referendum shall include language stating (i) that the revenues from the sales tax shall be used solely for capital projects for the construction or renovation of schools and (ii) the date on which the sales tax shall expire.

C. Only local sales tax moneys collected in that qualifying locality shall be deposited in that locality's fund.*

F. As soon as practicable after the local sales tax moneys have been paid into the state treasury in any month for the preceding month, the Comptroller shall draw his warrant on the State Treasurer in the proper amount in favor of ~~Halifax County~~ *each qualifying locality*, and such payments shall be charged to the account of ~~Halifax County~~ *the qualifying locality* under ~~the~~ *its* special fund created by this section. If errors are made in any such payment, or adjustments are otherwise necessary, whether attributable to refunds to taxpayers or to some other fact, the errors shall be corrected and adjustments made in the payments for the next two months as follows: one-half of the total adjustment shall be included in the payment for each of the next two months. In addition, the payment shall include a refund of amounts erroneously not paid to ~~Halifax County~~ *each qualifying locality* and not previously refunded during the three years preceding the discovery of the error. A correction and adjustment in payments described in this subsection due to the misallocation of funds by the dealer shall be made within three years of the date of the payment error.

Such tax shall be added to the rates of the state and local use tax imposed by this chapter and shall be subject to all the provisions of this chapter, and all amendments thereof, and the rules and regulations published with respect thereto, except that no discount under § 58.1-622 shall be allowed on a local use tax.

2. Any tax imposed pursuant to this section shall expire (i) if the capital projects for the construction or renovation of schools are to be financed by bonds or loans, on the date by which such bonds or loans shall be repaid or (ii) if the capital projects for the construction or renovation of schools are not to be financed by bonds or loans, on a date chosen by the governing body and specified in any resolution passed pursuant to the provisions of subsection B. Such ordinance shall state the date on which the use tax shall expire. A certified copy of such ordinance shall be forwarded to the Tax Commissioner so that it will be received within five days after its adoption.

D. The local use tax authorized by this section shall not apply to transactions to which the sales tax applies, the situs of which for state and local sales tax purposes is the locality of location of each place of business of every dealer paying the tax to the Commonwealth without regard to the locality of possible use by the purchasers. However, the local use tax authorized by this section shall apply to tangible personal property purchased outside the Commonwealth for use or consumption within the locality imposing the local use tax, or stored within the locality for use or consumption, where the property would have been subject to the sales tax if it had been purchased within the Commonwealth. The local use tax shall also apply to leases or rentals of tangible personal property where the place of business of the lessor is outside the Commonwealth and such leases or rentals are subject to the state tax. Moreover, the local use tax shall apply in all cases in which the state use tax applies.

E. Out-of-state dealers who hold certificates of registration to collect the use tax from their customers for remittance to the Commonwealth shall, to the extent reasonably practicable, in filing their monthly use tax returns with the Tax Commissioner, break down their shipments into the Commonwealth by counties and cities so as to show the county or city of destination. If, however, the out-of-state dealer is unable accurately to assign any shipment to a particular county or city, the local use tax on the tangible personal property involved shall be remitted to the Commonwealth by such dealer without attempting to assign the shipment to any county or city.

F. Local use tax revenue shall be deposited in the special fund established pursuant to subsection E of § 58.1-605.1. The Comptroller shall distribute the revenue to ~~Halifax County~~ *the qualifying locality*.

[H 790]

Approved March 12, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 8.01-512.4, 34-4, 34-6, 34-14, 34-17, and 34-21 of the Code of Virginia are amended and reenacted as follows:

§ 8.01-512.4. Notice of exemptions from garnishment and lien.

No summons in garnishment shall be issued or served, nor shall any notice of lien be served on a financial institution pursuant to § 8.01-502.1, unless a notice of exemptions and claim for exemption form are attached. The notice shall contain the following statement:

NOTICE TO JUDGMENT DEBTOR

HOW TO CLAIM EXEMPTIONS FROM GARNISHMENT AND LIEN

The attached Summons in Garnishment or Notice of Lien has been issued on request of a creditor who holds a judgment against you. The Summons may cause your property or wages to be held or taken to pay the judgment.

The law provides that certain property and wages cannot be taken in garnishment. Such property is said to be exempted. A summary of some of the major exemptions is set forth in the request for hearing form. There is no exemption solely because you are having difficulty paying your debts.

If you claim an exemption, you should (i) fill out the claim for exemption form and (ii) deliver or mail the form to the clerk's office of this court. You have a right to a hearing within seven business days from the date you file your claim with the court. If the creditor is asking that your wages be withheld, the method of computing the amount of wages ~~which that~~ are exempt from garnishment by law is indicated on the Summons in Garnishment attached. You do not need to file a claim for exemption to receive this exemption, but if you believe the wrong amount is being withheld you may file a claim for exemption.

On the day of the hearing you should come to court ready to explain why your property is exempted, and you should bring any documents ~~which that~~ may help you prove your case. If you do not come to court at the designated time and prove that your property is exempt, you may lose some of your rights.

It may be helpful to you to seek the advice of an attorney in this matter.

However, structures commonly referred to as "shopping centers" or "malls" shall not constitute a public facility hereunder. A public facility shall not include residential condominiums, townhomes, or other residential units. In addition, only a new public facility, or a public facility which will undergo a substantial and significant renovation or expansion, shall be eligible under subsection C. A new public facility is one whose construction began after December 31, 1991. A substantial and significant renovation entails a project whose cost is at least 50 percent of the original cost of the facility being renovated and shall have begun after December 31, 1991. A substantial and significant expansion entails an increase in floor space of at least 50 percent over that existing in the preexisting facility and shall have begun after December 31, 1991; or an increase in floor space of at least 10 percent over that existing in a public facility that qualified as such under this section and was constructed after December 31, 1991.

"Sales tax revenues" means such tax collections realized under the Virginia Retail Sales and Use Tax Act (§ 58.1-600 et seq.), as limited herein. "Sales tax revenues" does not include the revenue generated by (i) the 0.5 percent sales and use tax increase enacted by the 1986 Special Session of the General Assembly which shall be paid to the Transportation Trust Fund as defined in § 33.2-1524, (ii) the 1.0 percent of the state sales and use tax revenue distributed among the counties and cities of the Commonwealth pursuant to subsection D of § 58.1-638 on the basis of school age population, or (iii) any sales and use tax revenues generated by increases or allocation changes imposed by the 2013 Session of the General Assembly.

B. Notwithstanding the definition of "public facility" in subsection A, a development project that meets the requirements for a "development of regional impact" set forth herein shall be deemed to be a public facility under the provisions of this section. The locality in which the public facility is located shall be entitled to all sales tax revenues

generated by transactions taking place at such public facility solely to pay the cost of any bonds issued to pay the cost, or portion thereof, of such public facility pursuant to subsection C. For purposes of this subsection, the development of regional impact must be located in the City of Bristol.

For purposes of this subsection, a "development of regional impact" means a development project (i) towards which the locality contributes infrastructure or real property as part of a public-private partnership with the developer that is equal to at least 20 percent of the aggregate cost of development, (ii) that is reasonably expected to require a capital investment of at least \$50 million, (iii) that is reasonably expected to generate at least \$5 million annually in state sales and use tax revenue from sales within the development, (iv) that is reasonably expected to attract at least one million visitors annually, (v) that is reasonably expected to create at least 2,000 permanent jobs, (vi) that is located in a locality that had a rate of unemployment at least three percentage points higher than the statewide average in November 2011, and (vii) that is located in a locality that is adjacent to a state that has adopted a Border Region Retail Tourism Development District Act. Within 30 days from the date of notification by a locality that it intends to contribute infrastructure or real property as part of a public-private partnership with the developer of a development of regional impact, the Department of Taxation shall review the findings of the locality with respect to clauses (i) through (vi) and shall file a written report with the Chairmen of the House Committee on Finance, the House Committee on Appropriations, and the Senate Committee on Finance.

C. Any municipality which has issued bonds (i) after December 31, 1991, but before January 1, 1996, (ii) on or after January 1, 1998, but before July 1, 1999, (iii) on or after January 1, 1999, but before July 1, 2001, (iv) on or after July 1, 2000, but before July 1, 2003, (v) on or after July 1, 2001, but before July 1, 2005, (vi) on or after July 1, 2004, but before July 1, 2007, (vii) on or after July 1, 2009, but before July 1, 2012, (viii) on or after January 1, 2011, but prior to July 1, 2015, or (ix) on or after January 1, 2013, but prior to July 1, ~~2020~~ 2024, to pay the cost, or portion thereof, of any public facility shall be entitled to all sales tax revenues generated by transactions taking place in such public facility. In the case of a public facility described in clause (v) of the definition of public facility, all such sales tax revenues shall be applied solely to repayment of the bonds issued to pay the cost, or portion thereof, of the municipality-owned component of the sports complex. Such entitlement shall continue for the lifetime of such bonds, or any refinancing or refunding thereof, but in no event shall such entitlement exceed 35 years from the initial date that any bonds were issued to pay the cost, or a portion thereof, of any public facility, and all such sales tax revenues shall be applied to repayment of the bonds. The State Comptroller shall remit such sales tax revenues to the municipality on a quarterly basis, subject to such reasonable processing delays as may be required by the Department of Taxation to calculate the actual net sales tax revenues derived from the public facility. The State Comptroller shall make such remittances to eligible municipalities, as provided herein, notwithstanding any provisions to the contrary in the Virginia Retail Sales and Use Tax Act (§ 58.1-600 et seq.). No such remittances shall be made until construction is completed and, in the case of a renovation or expansion, until the governing body of the municipality has certified that the renovation or expansion is completed; however, in the case of any public facility consisting of more than one building or structure, such remittances shall be made on a quarterly basis beginning with the first quarter in which any sales tax revenue is generated by transactions taking place at any building or structure within such public facility, whether or not construction of all or any portion, phase, building, or structure of such public facility has been completed.

D. Nothing in this section shall be construed as authorizing the pledging of the faith and credit of the Commonwealth of Virginia, or any of its revenues, for the payment of any bonds. Any appropriation made pursuant to this section shall be made only from sales tax revenues derived from the public facility for which bonds may have been issued to pay the cost, in whole or in part, of such public facility.

c. The aggregate price of securities in an offering under this exemption does not exceed \$2 million, which sum the Commission, by rule or order, may increase or decrease;

d. The total consideration paid by any purchaser of securities in an offering under this exemption does not exceed \$10,000, unless the purchaser is an accredited investor as defined by Rule 501 of the U.S. Securities and Exchange Commission's Regulation D (17 C.F.R. § 230.501). e. f. Neither the issuer nor any person related to the issuer is subject to disqualification as established by the Commission by rule or order; and

(7) *Requirements that the entity issuing the security is formed, organized, or existing under the laws of the Commonwealth. However, for an offering conducted in accordance with the U.S. Securities and Exchange Commission's Rule 147A, the entity issuing the security may be formed or organized outside the Commonwealth, provided that the entity has its principal place of business in the Commonwealth and satisfies at least one of the doing business requirements in 17 C.F.R. § 230.147A (c) 2.*

The Commission may assess and collect in connection with any filing pursuant to this exemption a nonrefundable fee in an amount to be set by the Commission by rule or order, provided such amount shall not exceed \$500; and

[H 1615]

Approved March 12, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-803 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-803. Deeds of trust or mortgages; maximum tax.

A. 1. Except as provided in this section, a recordation tax on deeds of trust or mortgages is hereby imposed at a rate of 25 cents on every \$100 or portion thereof of the amount of bonds or other obligations secured thereby. In the event of an open, credit line, or revolving deed of trust, the amount of the obligation for purposes of this section shall be the maximum amount secured that may be outstanding at any one time, regardless of the amount owed or outstanding at the time the instrument is recorded.

2. In any case in which the amount which may be secured under a deed of trust or mortgage is not ascertainable, or in which the obligations described are not fully secured because they exceed the fair market value of the property conveyed, the tax shall be based upon the fair market value of the property conveyed, determined as of the date of the deed of trust or mortgage. The fair market value of the property shall include the value of any realty required by the terms of the deed of trust or mortgage to be constructed thereon.

B. On deeds of trust or mortgages upon the works and property of a railroad lying partly within the Commonwealth and partly without the Commonwealth, the tax shall be only upon such proportion of the amount of bonds, or other obligations secured thereby, as the number of miles of the line of such company in the Commonwealth bears to the whole number of miles of the line of such company conveyed by such deed of trust or mortgage.

On ~~deeds a deed~~ a deed of trust or ~~mortgages conveying~~ mortgage (i) that conveys (a) property lying partly within the Commonwealth and partly outside the Commonwealth or ~~(ii)~~ (b) property within the Commonwealth to secure bonds or obligations secured by deeds of trust or mortgages on property outside the Commonwealth and (ii) that secures the entire amount of such bonds or obligations, the tax herein imposed shall be only upon such proportion of the bonds or obligations as the actual value of the property located within the Commonwealth, or which may be brought into the Commonwealth, bears to the actual value of the entire amount of property conveyed by such deed of trust or mortgage or to the entire amount of property conveyed by all of such deeds of trust or mortgages to secure the bonds or obligations, as applicable, subject to the limitations set forth in subdivision A 2.

C. On deeds of trust or mortgages, which provide for an initial issue of bonds, to be followed thereafter by additional bonds, unlimited in amount, if such deed of trust or mortgage provides that as and when such additional bonds are issued a supplemental indenture shall be recorded in the office in which the original deed of trust or mortgage is first recorded, which supplement shall contain a statement as to the amount of the additional bonds to be issued, then the tax shall be paid upon the initial amount of bonds when the original deed of trust is recorded and thereafter on each additional amount of bonds when the supplemental indenture relating to such additional bonds is recorded.

D. 1. On deeds of trust, mortgages, or other instruments that are supplemental to, wrap around, or modify the terms of an existing deed of trust or mortgage, on which the tax imposed hereunder has already been paid, the tax shall be paid only on that portion of the face amount of the bond or obligation secured thereby which is in addition to the amount of the original debt or obligation secured by the deed of trust or mortgage on which tax has been paid. The tax shall be calculated using the rate scale in subsection F, starting at the point on the scale that applies to the first dollar in excess of the amount of the original debt or obligation secured by the prior instrument. In the event of an open, credit line, or revolving deed of trust, the additional amount secured shall be the amount by which the original obligation secured by the supplemental instrument exceeds the maximum obligation secured by the prior instrument, regardless of the amount owed or outstanding at the time those instruments were recorded. The instrument shall certify the amount of the original debt or obligation secured, subject to the limitation set forth in subdivision A 2.

2. If the principal amount of the obligation secured by the prior instrument is increased by the supplemental instrument, the tax imposed under this section shall be paid only on the amount of the increase over the original amount secured by the prior instrument. If the bonds or other obligations secured by a prior instrument were not fully secured because they exceeded the fair market value of the property conveyed and the tax paid on the prior instrument was based upon the fair

market value of the property conveyed pursuant to subdivision A 2, then the foregoing tax shall be paid on the increase, if any, in the value of such property since the recordation of the prior instrument.

3. The supplemental instrument, or any cover sheet submitted with the supplemental instrument, shall include the original principal amount of the bonds or other obligations secured by the prior instrument, the deed book and page number or instrument number, as applicable, of the prior instrument, and, if applicable with regard to the calculation of the tax paid on the prior instrument, any increase in the fair market value of the property conveyed.

E. 1. On deeds of trust or mortgages, the purpose of which is to secure the refinancing of an existing debt, which debt is secured by a deed of trust or mortgage on which the tax imposed hereunder has been paid, the tax shall be paid on the amount of the bond or other obligation secured thereby, subject to the limitation set forth in subdivision A 2, in accordance with the following schedule:

On the first \$10 million of value as determined pursuant to this section, 18 cents (\$0.18) upon every \$100 or portion thereof;

For purposes of this subsection, the term "value" means the amount of the bond or other obligation secured by the refinancing deed of trust.

F. The maximum tax on the recordation of any deed of trust or mortgage or on any indenture supplemental thereto, other than instruments subject to subdivision E 1, shall be determined in accordance with the following schedule:

On the first \$10 million of value as determined pursuant to this section, 25 cents (\$0.25) upon every \$100 or portion thereof;

Each school shall maintain a copy of the school safety audit, which may exclude such security plans, walk-through checklists, and vulnerability assessment components, within the office of the school principal and shall make a copy of such report available for review upon written request.

Each school shall submit a copy of its school safety audit to the relevant school division superintendent. The division superintendent shall collate and submit all such school safety audits, in the prescribed format and manner of submission, to

the Virginia Center for School and Campus Safety and shall make available upon request to the chief law-enforcement officer of the locality the results of such audits.

C. The division superintendent shall establish a school safety audit committee to include, if available, representatives of parents, teachers, local law-enforcement, emergency services agencies, local community services boards, and judicial and public safety personnel. The school safety audit committee shall review the completed school safety audits and submit any plan, as needed, for improving school safety to the division superintendent for submission to the local school board.

D. Each school board shall ensure that every school that it supervises shall develop a written school crisis, emergency management, and medical emergency response plan, consistent with the definition provided in this section, and shall include the chief law-enforcement officer, the fire chief, the chief of the emergency medical services agency, the executive director of the relevant regional emergency medical services council, and the emergency management official of the locality, or their designees, in the development of such plans. Each school division shall designate an emergency manager. The Department of Education and the Virginia Center for School and Campus Safety shall provide technical assistance to the school divisions of the Commonwealth in the development of the school crisis, emergency management, and medical emergency response plans that describe the components of a medical emergency response plan developed in coordination with local emergency medical services providers, the training of school personnel and students to respond to a life-threatening emergency, and the equipment required for this emergency response. The local school board ~~and~~ the chief law-enforcement officer, the fire chief, the chief of the emergency medical services agency, the executive director of the relevant regional emergency medical services council, and the emergency management official of the locality, or their designees, shall annually review the written school crisis, emergency management, and medical emergency response plans. The local school board shall have the authority to withhold or limit the review of any security plans and specific vulnerability assessment components as provided in subdivision 4 of § 2.2-3705.2. The local school division superintendent shall certify this review in writing to the Virginia Center for School and Campus Safety no later than August 31 of each year.

Upon consultation with local school boards, division superintendents, the Virginia Center for School and Campus Safety, and the Coordinator of Emergency Management, the Board of Education shall develop, and may revise as it deems necessary, a model school crisis, emergency management, and medical emergency response plan for the purpose of assisting the public schools in Virginia in developing viable, effective crisis, emergency management, and medical emergency response plans. Such model shall set forth recommended effective procedures and means by which parents can contact the relevant school or school division regarding the location and safety of their school children and by which school officials may contact parents, with parental approval, during a critical event or emergency.

E. Each school board shall ensure that every public school it supervises employs at least one school administrator who has completed, either in-person or online, school safety training for public school personnel conducted by the Virginia Center for School and Campus Safety in accordance with subdivision A 1 of § 9.1-184. However, such requirement shall not apply if such required training is not available online.

CHAPTER 341

An Act to amend and reenact §§ 18.2-268.3 and 46.2-391.2 of the Code of Virginia, relating to refusal of tests; restricted license.

[H 34]

Approved March 12, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 18.2-268.3 and 46.2-391.2 of the Code of Virginia are amended and reenacted as follows:

§ 18.2-268.3. Refusal of tests; penalties; procedures.

A. It is unlawful for a person who is arrested for a violation of § 18.2-266 or 18.2-266.1 or subsection B of § 18.2-272 or of a similar ordinance to unreasonably refuse to have samples of his breath taken for chemical tests to determine the alcohol content of his blood as required by § 18.2-268.2, and any person who so unreasonably refuses is guilty of a violation of this subsection, which is punishable as follows:

1. A first violation is a civil offense. For a first offense, the court shall suspend the defendant's privilege to drive for a period of one year. This suspension period is in addition to the suspension period provided under § 46.2-391.2.

2. If a person is found to have violated this subsection and within 10 years prior to the date of the refusal he was found guilty of any of the following: a violation of this section, a violation of § 18.2-266, or a violation of any offense listed in subsection E of § 18.2-270 arising out of separate occurrences or incidents, he is guilty of a Class 1 misdemeanor. A conviction under this subdivision shall of itself operate to deprive the person of the privilege to drive for a period of three years from the date of the judgment of conviction. This revocation period is in addition to the suspension period provided under § 46.2-391.2.

B. It is unlawful for a person who is arrested for a violation of § 18.2-266 or 18.2-266.1 or subsection B of § 18.2-272 or of a similar ordinance to unreasonably refuse to have samples of his blood taken for chemical tests to determine the alcohol or drug content of his blood as required by § 18.2-268.2 and any person who so unreasonably refuses is guilty of a violation of this subsection, which is a civil offense and is punishable as follows:

1. For a first offense, the court shall suspend the defendant's privilege to drive for a period of one year. This suspension period is in addition to the suspension period provided under § 46.2-391.2.

2. If a person is found to have violated this subsection and within 10 years prior to the date of the refusal he was found guilty of any of the following: a violation of this section, a violation of § 18.2-266, or a violation of any offense listed in subsection E of § 18.2-270 arising out of separate occurrences or incidents, such violation shall of itself operate to deprive the person of the privilege to drive for a period of three years from the date of the judgment. This revocation period is in addition to the suspension period provided under § 46.2-391.2.

C. When a person is arrested for a violation of § 18.2-51.4, 18.2-266, or 18.2-266.1 or subsection B of § 18.2-272 or of a similar ordinance and such person refuses to permit blood or breath or both blood and breath samples to be taken for testing as required by § 18.2-268.2, the arresting officer shall advise the person, from a form provided by the Office of the Executive Secretary of the Supreme Court (i) that a person who operates a motor vehicle upon a highway in the Commonwealth is deemed thereby, as a condition of such operation, to have consented to have samples of his blood and breath taken for chemical tests to determine the alcohol or drug content of his blood, (ii) that a finding of unreasonable refusal to consent may be admitted as evidence at a criminal trial, (iii) that the unreasonable refusal to do so constitutes grounds for the revocation of the privilege of operating a motor vehicle upon the highways of the Commonwealth, (iv) of the civil penalties for unreasonable refusal to have blood or breath or both blood and breath samples taken, and (v) of the criminal penalty for unreasonable refusal to have breath samples taken within 10 years of a prior conviction for driving while intoxicated or unreasonable refusal, which is a Class 1 misdemeanor. The form from which the arresting officer shall advise the person arrested shall contain a brief statement of the law requiring the taking of blood or breath samples, a statement that a finding of unreasonable refusal to consent may be admitted as evidence at a criminal trial, and the penalties for refusal. The Office of the Executive Secretary of the Supreme Court shall make the form available on the Internet and the form shall be considered an official publication of the Commonwealth for the purposes of § 8.01-388.

D. The arresting officer shall, under oath before the magistrate, execute the form and certify (i) that the defendant has refused to permit blood or breath or both blood and breath samples to be taken for testing; (ii) that the officer has read the portion of the form described in subsection C to the arrested person; (iii) that the arrested person, after having had the portion of the form described in subsection C read to him, has refused to permit such sample or samples to be taken; and (iv) how many, if any, violations of this section, § 18.2-266, or any offense described in subsection E of § 18.2-270 the

arrested person has been convicted of within the last 10 years. Such sworn certification shall constitute probable cause for the magistrate to issue a warrant or summons charging the person with unreasonable refusal. The magistrate shall attach the executed and sworn advisement form to the warrant or summons. The warrant or summons for a first offense under subsection A or any offense under subsection B shall be executed in the same manner as a criminal warrant or summons. If the person arrested has been taken to a medical facility for treatment or evaluation of his medical condition, the arresting officer may read the advisement form to the person at the medical facility, and issue, on the premises of the medical facility, a summons for a violation of this section in lieu of securing a warrant or summons from the magistrate. The magistrate or arresting officer, as the case may be, shall forward the executed advisement form and warrant or summons to the appropriate court.

E. A defendant who is found guilty of a first offense and whose license is suspended pursuant to subdivision A 1 or B 1 may petition the court 30 days after the date of conviction for a restricted license and the court may, for good cause shown, provide that the defendant is issued a restricted license during the remaining period of suspension, or any portion thereof, for any of the purposes set forth in subsection E of § 18.2-271.1. No restricted license issued pursuant to this subsection shall permit any person to operate a commercial motor vehicle as defined in the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.). If the court grants such petition and issues the defendant a restricted license, the court shall order (i) that reinstatement of the defendant's license to drive be conditioned upon (a) the installation of an ignition interlock system on each motor vehicle, as defined in § 46.2-100, owned by or registered to the person, in whole or in part, for a period of time not to exceed the period of license suspension and restriction, not less than six consecutive months without alcohol-related violations of the interlock requirements and (b) the requirement that such person not operate any motor vehicle that is not equipped with such a system for the period of time that the interlock restriction is in effect and (ii) that, as a condition of probation or otherwise, the defendant enter into and successfully complete an alcohol safety action program in the judicial district in which such charge is brought or in any other judicial district upon such terms and conditions as the court may set forth. However, upon motion of a person convicted of any such offense following an assessment of the person conducted by an alcohol safety action program, the court, for good cause, may decline to order participation in such a program if the assessment conducted by the alcohol safety action program indicates that intervention is not appropriate for such person. In no event shall such persons be permitted to enter any such program that is not certified as meeting minimum standards and criteria established by the Commission on the Virginia Alcohol Safety Action Program (VASAP) pursuant to this section and to § 18.2-271.2. The court shall require the person entering such program under the provisions of this section to pay a fee of no less than \$250 but no more than \$300. A reasonable portion of such fee, as may be determined by the Commission on VASAP, but not to exceed 10 percent, shall be forwarded monthly to be deposited with the State Treasurer for expenditure by the Commission on VASAP, and the balance shall be held in a separate fund for local administration of driver alcohol rehabilitation programs. Upon a positive finding that the defendant is indigent, the court may reduce or waive the fee. In addition to the costs of the proceeding, fees as may reasonably be required of defendants referred for intervention under any such program may be charged.

If the court grants a restricted license to any person pursuant to this section, the court shall order such person to surrender his driver's license to be disposed of in accordance with the provisions of § 46.2-398 and shall forward to the Commissioner of the Department of Motor Vehicles a copy of its order entered pursuant to this subsection. This order shall specifically enumerate the restrictions imposed and contain such information regarding the person to whom such a permit is issued as is reasonably necessary to identify such person. The court shall also provide a copy of its order to such person who may operate a motor vehicle on the order until receipt from the Commissioner of the Department of Motor Vehicles of a restricted license, but only if the order provides for a restricted license for that period. A copy of the order and, after receipt thereof, the restricted license shall be carried at all times by such person while operating a motor vehicle. The period of time during which the person is prohibited from operating a motor vehicle that is not equipped with an ignition interlock system shall be calculated from the date the person is issued a restricted license by the court; however, such period of time shall be tolled upon the expiration of the restricted license issued by the court until such time as the person is issued a restricted license by the Department of Motor Vehicles. Any person who operates a motor vehicle in violation of any restrictions imposed pursuant to this section shall be guilty of a violation of § 18.2-272. The provisions of subsection F of § 18.2-271.1 shall apply to this subsection mutatis mutandis, except as herein provided.

F. Notwithstanding any other provisions of this section or of § 18.2-271.1, nothing in this section shall permit the court to suspend, reduce, limit, or otherwise modify any disqualification from operating a commercial motor vehicle imposed under the provisions of the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.).

§ 46.2-391.2. Administrative suspension of license or privilege to operate a motor vehicle.

A. If a breath test is taken pursuant to § 18.2-268.2 or any similar ordinance or § 46.2-341.26:2 and (i) the results show a blood alcohol content of 0.08 percent or more by weight by volume or 0.08 grams or more per 210 liters of breath, or (ii) the results, for persons under 21 years of age, show a blood alcohol concentration of 0.02 percent or more by weight by volume or 0.02 grams or more per 210 liters of breath or (iii) the person refuses to submit to the breath or blood test in violation of § 18.2-268.3 or any similar ordinance or § 46.2-341.26:3, and upon issuance of a petition or summons, or upon issuance of a warrant by the magistrate, for a violation of § 18.2-51.4, 18.2-266, or 18.2-266.1, or any similar ordinance, or § 46.2-341.24 or upon the issuance of a warrant or summons by the magistrate or by the arresting officer at a medical facility for a violation of § 18.2-268.3, or any similar ordinance, or § 46.2-341.26:3, the person's license shall be suspended immediately or in the case of (a) an unlicensed person, (b) a person whose license is otherwise suspended or revoked, or

(c) a person whose driver's license is from a jurisdiction other than the Commonwealth, such person's privilege to operate a motor vehicle in the Commonwealth shall be suspended immediately. The period of suspension of the person's license or privilege to drive shall be seven days, unless the petition, summons or warrant issued charges the person with a second or subsequent offense. If the person is charged with a second offense the suspension shall be for 60 days. If not already expired, the period of suspension shall expire on the day and time of trial of the offense charged on the petition, summons or warrant, except that it shall not so expire during the first seven days of the suspension. If the person is charged with a third or subsequent offense, the suspension shall be until the day and time of trial of the offense charged on the petition, summons or warrant.

A law-enforcement officer, acting on behalf of the Commonwealth, shall serve a notice of suspension personally on the arrested person. When notice is served, the arresting officer shall promptly take possession of any driver's license held by the person and issued by the Commonwealth and shall promptly deliver it to the magistrate. Any driver's license taken into possession under this section shall be forwarded promptly by the magistrate to the clerk of the general district court or, as appropriate, the court with jurisdiction over juveniles of the jurisdiction in which the arrest was made together with any petition, summons or warrant, the results of the breath test, if any, and the report required by subsection B. A copy of the notice of suspension shall be forwarded forthwith to both (1) the general district court or, as appropriate, the court with jurisdiction over juveniles of the jurisdiction in which the arrest was made and (2) the Commissioner. Transmission of this information may be made by electronic means.

The clerk shall promptly return the suspended license to the person at the expiration of the suspension. Whenever a suspended license is to be returned under this section or § 46.2-391.4, the person may elect to have the license returned in person at the clerk's office or by mail to the address on the person's license or to such other address as he may request.

B. Promptly after arrest and service of the notice of suspension, the arresting officer shall forward to the magistrate a sworn report of the arrest that shall include (i) information which adequately identifies the person arrested and (ii) a statement setting forth the arresting officer's grounds for belief that the person violated § 18.2-51.4, 18.2-266, or 18.2-266.1, or a similar ordinance, or § 46.2-341.24 or refused to submit to a breath or blood test in violation of § 18.2-268.3 or a similar ordinance or § 46.2-341.26:3. The report required by this subsection shall be submitted on forms supplied by the Supreme Court.

C. Any person whose license or privilege to operate a motor vehicle has been suspended under subsection A may, during the period of the suspension, request the general district court or, as appropriate, the court with jurisdiction over juveniles of the jurisdiction in which the arrest was made to review that suspension. The court shall review the suspension within the same time period as the court hears an appeal from an order denying bail or fixing terms of bail or terms of recognizance, giving this matter precedence over all other matters on its docket. If the person proves to the court by a preponderance of the evidence that the arresting officer did not have probable cause for the arrest, that the magistrate did not have probable cause to issue the warrant, or that there was not probable cause for issuance of the petition, the court shall rescind the suspension, or that portion of it that exceeds seven days if there was not probable cause to charge a second offense or 60 days if there was not probable cause to charge a third or subsequent offense, and the clerk of the court shall forthwith, or at the expiration of the reduced suspension time, (i) return the suspended license, if any, to the person unless the license has been otherwise suspended or revoked, (ii) deliver to the person a notice that the suspension under § 46.2-391.2 has been rescinded or reduced, and (iii) forward to the Commissioner a copy of the notice that the suspension under § 46.2-391.2 has been rescinded or reduced. Otherwise, the court shall affirm the suspension. If the person requesting the review fails to appear without just cause, his right to review shall be waived.

The court's findings are without prejudice to the person contesting the suspension or to any other potential party as to any proceedings, civil or criminal, and shall not be evidence in any proceedings, civil or criminal.

D. If a person whose license or privilege to operate a motor vehicle is suspended under subsection A is convicted under § 18.2-36.1, 18.2-51.4, 18.2-266, or 18.2-266.1 or subdivision A 1 or B 1 of § 18.2-268.3, or any similar ordinance, or § 46.2-341.24 during the suspension imposed by subsection A, and if the court decides to issue the person a restricted permit under subsection E of § 18.2-271.1 or subsection E of § 18.2-268.3, such restricted permit shall not be issued to the person before the expiration of the first seven days of the suspension imposed under subsection A.

of \$5 shall be assessed as court costs in each criminal or traffic case in which the Virginia State Police issued the summons, ticket, or citation. All fees collected pursuant to this section shall be deposited into the state treasury and credited to the Virginia State Police Electronic Summons System Fund.

B. There is hereby created in the state treasury a special nonreverting fund to be known as the Virginia State Police Electronic Summons System Fund, referred to in this section as "the Fund." The Fund shall be established on the books of the Comptroller. All fees collected under this section, moneys appropriated directly to the Fund, and any other grants or gifts made to the Fund shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purposes of funding software, hardware, and associated equipment costs for the implementation and maintenance of an electronic summons system. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Superintendent of the Virginia State Police or his designee.

§ 17.1-279.1. Additional assessment for electronic summons system.

Any county, city, or town, through its governing body, may assess an additional sum not in excess of \$5 as part of the costs in each criminal or traffic case in the district or circuit courts located where such cases are brought in which the defendant is charged with a violation of any statute or ordinance, which violation in the case of towns arose within the town, and where the defendant is charged with a violation of any such statute or ordinance by a local law-enforcement agency. The imposition of such assessment shall be by ordinance of the governing body, which may provide for different sums in circuit courts and district courts. The assessment shall be collected by the clerk of the court in which the action is filed, remitted to the treasurer of the appropriate county, city, or town, and held by such treasurer subject to disbursements by the governing body to a local law-enforcement agency solely to fund software, hardware, and associated equipment costs for the implementation and maintenance of an electronic summons system. The imposition of a town assessment shall replace any county fee that would otherwise apply.

CHAPTER 344

An Act to amend and reenact § 15.2-2316.4:2 of the Code of Virginia, relating to zoning for wireless communications infrastructure.

[H 554]

Approved March 12, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2316.4:2 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2316.4:2. Application reviews.

A. In its receiving, consideration, and processing of a complete application submitted under subsection A of § 15.2-2316.4:1 or for any zoning approval required for a standard process project, a locality shall not:

1. Disapprove an application on the basis of:
 - a. The applicant's business decision with respect to its designed service, customer demand for service, or quality of its service to or from a particular site;
 - b. The applicant's specific need for the project, including the applicant's desire to provide additional wireless coverage or capacity; or
 - c. The wireless facility technology selected by the applicant for use at the project;
2. Require an applicant to provide proprietary, confidential, or other business information to justify the need for the project, including propagation maps and telecommunications traffic studies, or information reviewed by a federal agency as part of the approval process for the same structure and wireless facility, provided that a locality may require an applicant to provide a copy of any approval granted by a federal agency, including conditions imposed by that agency;
3. Require the removal of existing wireless support structures or wireless facilities, wherever located, as a condition for approval of an application. A locality may adopt reasonable rules with respect to the removal of abandoned wireless support structures or wireless facilities;
4. Impose surety requirements, including bonds, escrow deposits, letters of credit, or any other types of financial surety, to ensure that abandoned or unused wireless facilities can be removed, unless the locality imposes similar requirements on other permits for other types of similar commercial development. Any such instrument shall not exceed a reasonable estimate of the direct cost of the removal of the wireless facilities;
5. Discriminate or create a preference on the basis of the ownership, including ownership by the locality, of any property, structure, base station, or wireless support structure, when promulgating rules or procedures for siting wireless facilities or for evaluating applications;
6. Impose any unreasonable requirements or obligations regarding the presentation or appearance of a project, including unreasonable requirements relating to (i) the kinds of materials used or (ii) the arranging, screening, or landscaping of wireless facilities or wireless structures;

7. Impose any requirement that an applicant purchase, subscribe to, use, or employ facilities, networks, or services owned, provided, or operated by a locality, in whole or in part, or by any entity in which a locality has a competitive, economic, financial, governance, or other interest;

8. Condition or require the approval of an application solely on the basis of the applicant's agreement to allow any wireless facilities provided or operated, in whole or in part, by a locality or by any other entity, to be placed at or co-located with the applicant's project;

9. Impose a setback or fall zone requirement for a project that is larger than a setback or fall zone area that is imposed on other types of similar structures of a similar size, including utility poles;

10. Limit the duration of the approval of an application, except a locality may require that construction of the approved project shall commence within two years of final approval and be diligently pursued to completion; or

11. Require an applicant to perform services unrelated to the project described in the application, including restoration work on any surface not disturbed by the applicant's project.

B. Nothing in this article shall prohibit a locality from disapproving an application submitted under subsection A of § 15.2-2316.4:1 or for any zoning approval required for a standard process project:

1. On the basis of the fact that the proposed height of any wireless support structure, wireless facility, or wireless support structure with attached wireless facilities exceeds 50 feet above ground level, provided that the locality follows a local ordinance or regulation that does not unreasonably discriminate between the applicant and other wireless services providers, wireless infrastructure providers, providers of telecommunications services, and other providers of functionally equivalent services; or

2. That proposes to locate a new structure, or to co-locate a wireless facility, in an area where all cable and public utility facilities are required to be placed underground by a date certain or encouraged to be undergrounded as part of a transportation improvement project or rezoning proceeding as set forth in objectives contained in a comprehensive plan, if:

a. The undergrounding requirement or comprehensive plan objective existed at least three months prior to the submission of the application;

b. The locality allows the co-location of wireless facilities on existing utility poles, government-owned structures with the government's consent, existing wireless support structures, or a building within that area;

c. The locality allows the replacement of existing utility poles and wireless support structures with poles or support structures of the same size or smaller within that area; and

d. The disapproval of the application does not unreasonably discriminate between the applicant and other wireless services providers, wireless infrastructure providers, providers of telecommunications services, and other providers of functionally equivalent services.

The locality may also disapprove an application if the applicant has not given written notice to adjacent landowners at least 15 days before it applies to locate a new structure in the area.

C. Nothing in this article shall prohibit an applicant from voluntarily submitting, and the locality from accepting, any conditions that otherwise address potential visual or aesthetic effects resulting from the placement of a new structure or facility.

D. Nothing in this article shall prohibit a locality from disapproving an application submitted under a standard process project on the basis of the availability of existing wireless support structures within a reasonable distance that could be used for co-location at reasonable terms and conditions without imposing technical limitations on the applicant.

2. That the provisions of the first enactment of this bill shall become effective on January 1, 2021.

3. That by January 1, 2021, the Virginia Department of Aviation, in consultation with representatives of the unmanned aircraft system industry, small and medium-sized businesses utilizing unmanned aircraft systems, localities, and other stakeholders, shall develop rules and regulations specific to take-offs and landings pursuant to the provisions of this act. 1. That § 8.01-271.1 of the Code of Virginia is amended and reenacted as follows:

§ 8.01-271.1. Signing of pleadings, motions, and other papers; oral motions; sanctions.

A. Except as otherwise provided in §§ 16.1-260 and 63.2-1901, every pleading, ~~written~~ motion, ~~and~~ or other paper of a party represented by an attorney shall be signed by at least one attorney of record *who is an active member in good standing of the Virginia State Bar* in his individual name, and the attorney's address shall be stated on the first pleading filed by that attorney in the action. [H 933]

Approved March 18, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-282.1, 63.2-100, 63.2-900.1, 63.2-906, and 63.2-1305 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-282.1. Permanency planning hearing for children in foster care.

A. In the case of a child who was the subject of a foster care plan filed with the court pursuant to § 16.1-281, a permanency planning hearing shall be held within 10 months of the dispositional hearing at which the foster care plan pursuant to § 16.1-281 was reviewed if the child (a) was placed through an agreement between the parents or guardians and the local board of social services where legal custody remains with the parents or guardians and such agreement has not been dissolved by court order; or (b) is under the legal custody of a local board of social services or a child welfare agency and has not had a petition to terminate parental rights filed on the child's behalf, has not been placed in permanent foster care, or is age 16 or over and the plan for the child is not independent living. The board or child welfare agency shall file a petition for a permanency planning hearing 30 days prior to the date of the permanency planning hearing scheduled by the court. The purpose of this hearing is to establish a permanent goal for the child and either to achieve the permanent goal or to defer such action through the approval of an interim plan for the child.

To achieve the permanent goal, the petition for a permanency planning hearing shall seek to (i) transfer the custody of the child to his prior family, or dissolve the board's placement agreement and return the child to his prior family; (ii) transfer custody of the child to a relative other than the child's prior family or to fictive kin for the purpose of establishing eligibility for the Kinship Guardianship Assistance program pursuant to § 63.2-1305, subject to the provisions of subsection A1; (iii) terminate residual parental rights pursuant to § 16.1-277.01 or 16.1-283; (iv) place a child who is 16 years of age or older in permanent foster care pursuant to § 63.2-908; (v) if the child has been admitted to the United States as a refugee or asylee and has attained the age of 16 years or older and the plan is independent living, direct the board or agency to provide the child with services to transition from foster care; or (vi) place a child who is 16 years of age or older in another planned permanent living arrangement in accordance with the provisions of subsection A2. In cases in which a foster care plan approved prior to July 1, 2011, includes independent living as the goal for a child who is not admitted to the United States as an asylee or refugee, the petition shall direct the board or agency to provide the child with services to transition from foster care.

For approval of an interim plan, the petition for a permanency planning hearing shall seek to continue custody with the board or agency, or continue placement with the board through a parental agreement; or transfer custody to the board or child welfare agency from the parents or guardian of a child who has been in foster care through an agreement where the parents or guardian retains custody.

Upon receipt of the petition, if a permanency planning hearing has not already been scheduled, the court shall schedule such a hearing to be held within 30 days. The permanency planning hearing shall be held within 10 months of the dispositional hearing at which the foster care plan was reviewed pursuant to § 16.1-281. The provisions of subsection B of § 16.1-282 shall apply to this petition. The procedures of subsection C of § 16.1-282 and the provisions of subsection G of § 16.1-282 shall apply to the scheduling and notice of proceedings under this section.

A1. The following requirements shall apply to the transfer of custody of the child to a relative other than the child's prior family or to fictive kin for the purpose of establishing eligibility for the Kinship Guardianship Assistance program pursuant to § 63.2-1305 in accordance with the provisions of clause (ii) of subsection A. Any order transferring custody of the child to a relative other than the child's prior family shall be entered only upon a finding, based upon a preponderance of the evidence, that the relative is one who, after an investigation as directed by the court, (i) is found by the court to be willing and qualified to receive and care for the child; (ii) is willing to have a positive, continuous relationship with the child; (iii) is committed to providing a permanent, suitable home for the child; and (iv) is willing and has the ability to protect the child from abuse and neglect; and the order shall so state. The court's order transferring custody to a relative should further provide, as appropriate, for any terms or conditions which would promote the child's interest and welfare.

A2. The following requirements shall apply to the selection and approval of placement in another planned permanent living arrangement as the permanent goal for the child in accordance with clause (vi) of subsection A:

1. The board or child welfare agency shall petition for alternative (vi) of subsection A only if the child has a severe and chronic emotional, physical or neurological disabling condition for which the child requires long-term residential treatment; and the board or child welfare agency has thoroughly investigated the feasibility of the alternatives listed in clauses (i) through (v) of subsection A and determined that none of those alternatives is in the best interests of the child. In a foster care plan filed with the petition pursuant to this section, the board or agency shall document the following: (i) the investigation conducted of the placement alternatives listed in clauses (i) through (v) of subsection A and why each of these is not currently in the best interest of the child; (ii) at least one compelling reason why none of the alternatives listed in clauses (i) through (v) is achievable for the child at the time placement in another planned permanent living arrangement is selected as the permanent goal for the child; (iii) the identity of the long-term residential treatment service provider; (iv) the

nature of the child's disability; (v) the anticipated length of time required for the child's treatment; and (vi) the status of the child's eligibility for admission and long-term treatment. The court shall ensure that the local department has documentation of the intensive, ongoing, and, as of the date of the hearing, unsuccessful efforts made to return the child home or secure a placement for the child with a fit and willing relative, including adult siblings, or an adoptive parent, including through efforts that utilize search technology, including social media, to find the child's biological family members. The court shall ask the child about the child's desired permanency outcome and make a judicial determination, accompanied by an explanation of the reasons that the alternatives listed in clauses (i) through (iii) of subsection A continue to not be in the best interest of the child.

2. Before approving alternative (vi) of subsection A as the plan for the child, the court shall find (i) that the child has a severe and chronic emotional, physical or neurological disabling condition; (ii) that the child requires long-term residential treatment for the disabling condition; and (iii) that none of the alternatives listed in clauses (i) through (v) of subsection A is achievable for the child at the time placement in another planned permanent living arrangement is approved as the permanent goal for the child. If the board or agency petitions for alternative (vi), alternative (vi) may be approved by the court for a period of six months at a time.

3. At the conclusion of the permanency planning hearing, if alternative (vi) of subsection A is the permanent plan, the court shall schedule a hearing to be held within six months to review the child's placement in another planned permanent living arrangement in accordance with subdivision A2 4. All parties present at the hearing at which clause (vi) of subsection A is approved as the permanent plan for the child shall be given notice of the date scheduled for the foster care review hearing. Parties not present shall be summoned to appear as provided in § 16.1-263. Otherwise, this subsection A2 shall govern the scheduling and notice for such hearings.

4. The court shall review a foster care plan for any child who is placed in another planned permanent living arrangement every six months from the date of the permanency planning hearing held pursuant to this subsection, so long as the child remains in the legal custody of the board or child welfare agency. The board or child welfare agency shall file such petitions for review pursuant to the provisions of § 16.1-282 and shall, in addition, include in the petition the information required by subdivision A2 1. The petition for foster care review shall be filed no later than 30 days prior to the hearing scheduled in accordance with subdivision A2 3. At the conclusion of the foster care review hearing, if alternative (vi) of subsection A remains the permanent plan, the court shall enter an order that states whether reasonable efforts have been made to place the child in a timely manner in accordance with the permanency plan and to monitor the child's status in another planned permanent living arrangement.

However, if at any time during the six-month approval periods permitted by this subsection, a determination is made by treatment providers that the child's need for long-term residential treatment for the child's disabling condition is eliminated, the board or agency shall immediately begin to plan for post-discharge services and shall, within 30 days of making such a determination, file a petition for a permanency planning hearing pursuant to subsection A. Upon receipt of the petition, the court shall schedule a permanency planning hearing to be held within 30 days. The provisions of subsection B of § 16.1-282 shall apply to this petition. The procedures of subsection C of § 16.1-282 and the provisions of subsection G of § 16.1-282 shall apply to proceedings under this section.

A3. The following requirements shall apply to the selection and approval of permanent foster care pursuant to clause (iv) of subsection A:

1. The court shall ensure that the local department has documentation of the intensive, ongoing, and, as of the date of the hearing, unsuccessful efforts made to return the child home or secure a placement for the child with a fit and willing relative, including adult siblings, or an adoptive parent, including through efforts that utilize search technology, including social media, to find the child's biological family members.

2. The court shall ask the child about the child's desired permanency outcome and make a judicial determination, accompanied by an explanation of the reasons that the alternatives listed in clauses (i) through (iii) of subsection A continue to not be in the best interest of the child.

B. The following requirements shall apply to the selection and approval of an interim plan for the child in accordance with subsection A:

1. The board or child welfare agency shall petition for approval of an interim plan only if the board or child welfare agency has thoroughly investigated the feasibility of the alternatives listed in clauses (i) through (v) of subsection A and determined that none of those alternatives is in the best interest of the child. If the board or agency petitions for approval of an interim plan, such plan may be approved by the court for a maximum period of six months. The board or agency shall also file a foster care plan that (i) identifies a permanent goal for the child that corresponds with one of the alternatives specified in clauses (i) through (v) of subsection A; (ii) includes provisions for accomplishing the permanent goal within six months; and (iii) summarizes the investigation conducted of the alternatives listed in clauses (i) through (v) of subsection A and why achieving each of these is not in the best interest of the child at this time. The foster care plan shall describe the child's placement, including the in-state and out-of-state placement options and whether the child's placement is in state or out of state. If the child's placement is out of state, the foster care plan shall provide the reason why the out-of-state placement is appropriate and in the best interests of the child.

2. Before approving an interim plan for the child, the court shall find:

a. When returning home remains the plan for the child, that the parent has made marked progress toward reunification with the child, the parent has maintained a close and positive relationship with the child, and the child is likely to return home within the near future, although it is premature to set an exact date for return at the time of this hearing; or

b. When returning home is not the plan for the child, that marked progress is being made to achieve the permanent goal identified by the board or child welfare agency and that it is premature to set an exact date for accomplishing the goal at the time of this hearing. The court shall consider the in-state and out-of-state placement options, and if the child has been placed out of state, determine whether the out-of-state placement is appropriate and in the best interests of the child.

3. Upon approval of an interim plan, the court shall schedule a hearing to be held within six months to determine that the permanent goal is accomplished and to enter an order consistent with alternative (i), (ii), (iii), (iv), or (v) of subsection A. All parties present at the initial permanency planning hearing shall be given notice of the date scheduled for the second permanency planning hearing. Parties not present shall be summoned to appear as provided in § 16.1-263. Otherwise, subsection A shall govern the scheduling and notice for such hearings.

C. In each permanency planning hearing and in any hearing regarding the transition of the child from foster care to independent living, the court shall consult with the child in an age-appropriate manner regarding the proposed permanency plan or transition plan for the child, unless the court finds that such consultation is not in the best interests of the child.

D. In cases in which a child is placed by the local board of social services or a licensed child-placing agency in a qualified residential treatment program as defined in § 16.1-228, the provisions of subsection E of § 16.1-281 shall apply to any hearing held pursuant to this section.

E. At the conclusion of the permanency planning hearing held pursuant to this section, whether action is taken or deferred to achieve the permanent goal for the child, the court shall enter an order that states whether reasonable efforts have been made to reunite the child with the child's prior family, if returning home is the permanent goal for the child; or whether reasonable efforts have been made to achieve the permanent goal identified by the board or agency, if the goal is other than returning the child home.

In making this determination, the court shall give consideration to whether the board or agency has placed the child in a timely manner in accordance with the foster care plan and completed the steps necessary to finalize the permanent placement of the child.

§ 63.2-100. Definitions.

As used in this title, unless the context requires a different meaning:

"Abused or neglected child" means any child less than 18 years of age:

1. Whose parents or other person responsible for his care creates or inflicts, threatens to create or inflict, or allows to be created or inflicted upon such child a physical or mental injury by other than accidental means, or creates a substantial risk of death, disfigurement, or impairment of bodily or mental functions, including, but not limited to, a child who is with his parent or other person responsible for his care either (i) during the manufacture or attempted manufacture of a Schedule I or II controlled substance, or (ii) during the unlawful sale of such substance by that child's parents or other person responsible for his care, where such manufacture, or attempted manufacture or unlawful sale would constitute a felony violation of § 18.2-248;

2. Whose parents or other person responsible for his care neglects or refuses to provide care necessary for his health. However, no child who in good faith is under treatment solely by spiritual means through prayer in accordance with the tenets and practices of a recognized church or religious denomination shall for that reason alone be considered to be an abused or neglected child. Further, a decision by parents who have legal authority for the child or, in the absence of parents with legal authority for the child, any person with legal authority for the child, who refuses a particular medical treatment for a child with a life-threatening condition shall not be deemed a refusal to provide necessary care if (i) such decision is made jointly by the parents or other person with legal authority and the child; (ii) the child has reached 14 years of age and is sufficiently mature to have an informed opinion on the subject of his medical treatment; (iii) the parents or other person with legal authority and the child have considered alternative treatment options; and (iv) the parents or other person with legal authority and the child believe in good faith that such decision is in the child's best interest. Nothing in this subdivision shall be construed to limit the provisions of § 16.1-278.4;

4. Whose parents or other person responsible for his care commits or allows to be committed any act of sexual exploitation or any sexual act upon a child in violation of the law;

6. Whose parents or other person responsible for his care creates a substantial risk of physical or mental injury by knowingly leaving the child alone in the same dwelling, including an apartment as defined in § 55.1-2000, with a person to whom the child is not related by blood or marriage and who the parent or other person responsible for his care knows has been convicted of an offense against a minor for which registration is required as a violent sexual offender pursuant to § 9.1-902; or

7. Who has been identified as a victim of sex trafficking or severe forms of trafficking as defined in the Trafficking Victims Protection Act of 2000, 22 U.S.C § 7102 et seq., and in the Justice for Victims of Trafficking Act of 2015, 42 U.S.C. § 5101 et seq.

§ 51.1-155. Service retirement allowance.

A. Retirement allowance. — A member shall receive an annual retirement allowance, payable for life, as follows:

1. Normal retirement. — The allowance shall equal 1.70 percent of his average final compensation multiplied by the amount of his creditable service. Notwithstanding the foregoing, for a member who (i) is a person who becomes a member on or after July 1, 2010, or (ii) does not have at least 60 months of creditable service as of January 1, 2013, the allowance shall equal the sum of (a) 1.65 percent of his average final compensation multiplied by the amount of his creditable service performed or purchased on or after January 1, 2013, and (b) 1.70 percent of his average final compensation multiplied by the amount of all other creditable service.

2. Early retirement; applicable to teachers, state employees, and certain others. — The allowance shall be determined in the same manner as for normal retirement with creditable service and average final compensation being determined as of the date of actual retirement. If the member has less than 30 years of service at retirement, the amount of the retirement allowance shall be reduced on an actuarial equivalent basis for the period by which the actual retirement date precedes the earlier of (i) his normal retirement date or (ii) the first date on which he would have completed a total of 30 years of creditable service. The provisions of this subdivision shall apply to teachers and state employees. These provisions shall also apply to employees of any political subdivision that participates in the retirement system if the political subdivision makes the election provided in subdivision 3.

3. Early retirement; applicable to employees of certain political subdivisions, any person who becomes a member on or after July 1, 2010, and any member who does not have at least 60 months of creditable service as of January 1, 2013. — The allowance shall be determined in the same manner as for normal retirement with creditable service and average final compensation being determined as of the date of actual retirement. If the creditable service of the member equals 30 or more years but the sum of his age at retirement plus his creditable service at retirement is less than 90, the amount of the retirement allowance shall be reduced on an actuarial equivalent basis for the period by which the actual retirement date precedes the earlier of (i) his normal retirement date or (ii) the first date on which the sum of his then attained age plus his then creditable service would have been equal to 90 or more had he remained in service until such date. If the member has less than 30 years of creditable service, the retirement allowance shall be reduced for the period by which the actual retirement date precedes the earlier of (i) his normal retirement date or (ii) the first date on which he would have completed a total of at least 30 years of creditable service and his then creditable service plus his then attained age would have been equal to 90 or more.

The provisions of this subdivision shall apply to the employees of any political subdivision that participates in the retirement system and any other employees as provided by law. The participating political subdivision may, however, elect to provide its employees with the early retirement allowance set forth in subdivision 2. No such election shall be made for a person who becomes a member on or after July 1, 2010, or a member who does not have at least 60 months of creditable service as of January 1, 2013. Any election pursuant to this subdivision shall be set forth in a legally adopted resolution.

Notwithstanding the foregoing, a political subdivision by legally adopted resolution may declare to the Board that, for purposes of this subdivision, subdivisions B 1 and B 3 and subsection D of § 51.1-153, any person who meets the definition of "emergency medical services personnel" in § 32.1-111.1 or is employed as a firefighter or law-enforcement officer as those terms are defined in § 15.2-1512.2 (i) shall not be considered a person who becomes a member on or after July 1, 2010, and (ii) shall be deemed to have at least 60 months of creditable service as of January 1, 2013. Such resolution shall be irrevocable.

4. Additional allowance. — In addition to the allowance payable under subdivisions 1, 2, and 3, a member shall receive an additional allowance which shall be the actuarial equivalent, for his attained age at the time of retirement, of the excess of his accumulated contributions transferred from the abolished system to the retirement system, including interest credited at the rate of two percent compounded annually since the transfer to the date of retirement, over the annual amounts equal to four percent of his annual creditable compensation at the date of abolishment for a period equal to his period of membership in the abolished system.

5. 50/10 retirement. — The allowance shall be payable in a monthly stream of payments equal to the greater of (i) the actuarial equivalent of the benefit the member would have received had he terminated service and deferred retirement to age 55 or (ii) the actuarially calculated present value of the member's accumulated contributions, including accrued interest.

B. Beneficiary serving in position covered by this title.

1. Except as provided in subdivisions 2 and 3, if a beneficiary of a service retirement allowance under this chapter or the provisions of Chapters 2 (§ 51.1-200 et seq.), 2.1 (§ 51.1-211 et seq.), or 3 (§ 51.1-300 et seq.) is at any time in service as an employee in a position covered for retirement purposes under the provisions of this or any chapter other than Chapter 6 (§ 51.1-600 et seq.), 6.1 (§ 51.1-607 et seq.), or 7 (§ 51.1-700 et seq.), his retirement allowance shall cease while so employed. Any member who retires and later returns to covered employment shall not be entitled to select a different retirement option for a subsequent retirement.

2. Active members of the General Assembly who are eligible to receive a retirement allowance under this title, excluding their service as a member of the General Assembly, shall be eligible to receive a retirement allowance based on their creditable service and average final compensation for service other than as a member of the General Assembly. Such members of the General Assembly shall continue to be reported as any other members of the retirement system. Upon ceasing to serve in the General Assembly, members of the General Assembly receiving a retirement allowance based on their creditable service and average final compensation for service other than as a member of the General Assembly shall have their retirement allowance recomputed prospectively to include their service as a member of the General Assembly. Active members of the General Assembly shall be prohibited from receiving a service retirement allowance under this title based solely on their service as a member of the General Assembly.

3. (Expires July 1, 2025) Any person receiving a service retirement allowance under this chapter, who is hired ~~as~~ *by* a local school board *as an* instructional or administrative employee required to be licensed by the Board of Education *or as a school bus driver*, may elect to continue to receive the retirement allowance during such employment, under the following conditions:

(a) The person has been receiving such retirement allowance for a certain period of time preceding his employment as provided by law;

(b) The person is not receiving a retirement benefit pursuant to an early retirement incentive program from any local school division within the Commonwealth; and

(c) At the time the person is employed, the position to which he is assigned is among those identified by the Superintendent of Public Instruction pursuant to subdivision 4 of § 22.1-23, by the relevant division superintendent, pursuant to § 22.1-70.3, or by the relevant local school board, pursuant to subdivision 9 of § 22.1-79.

If the person elects to continue to receive the retirement allowance during the period of such employment, then his service performed and compensation received during such period of time will not increase, decrease, or affect in any way his retirement benefits before, during, or after such employment.

[H 594]

Approved March 18, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 55.1-1226 of the Code of Virginia is amended and reenacted as follows:

§ 55.1-1226. Security deposits.

A. No landlord may demand or receive a security deposit, however denominated, in an amount or value in excess of two months' periodic rent. Upon termination of the tenancy *or the date the tenant vacates the dwelling unit, whichever occurs last*, such security deposit, whether it is property or money held by the landlord as security as provided in this section, may be applied by the landlord solely to (i) the payment of accrued rent, including the reasonable charges for late payment of rent specified in the rental agreement; (ii) the payment of the amount of damages that the landlord has suffered by reason of the tenant's noncompliance with § 55.1-1227, less reasonable wear and tear; (iii) other damages or charges as provided in the rental agreement; or (iv) actual damages for breach of the rental agreement pursuant to § 55.1-1251. The security deposit and any deductions, damages, and charges shall be itemized by the landlord in a written notice given to the tenant, together with any amount due to the tenant, within 45 days after the termination date of the tenancy. As of the date of the termination of the tenancy or the date the tenant vacates the dwelling unit, whichever occurs last, the tenant shall be required to deliver possession of the dwelling unit to the landlord. If the termination date is prior to the expiration of the rental agreement or any renewal thereof, or the tenant has not given proper notice of termination of the rental agreement, the tenant shall be liable for actual damages pursuant to § 55.1-1251, in which case, the landlord shall give written notice of security deposit disposition within the 45-day period but may retain any security balance to apply against any financial obligations of the tenant to the landlord pursuant to this chapter or the rental agreement. If the tenant fails to vacate the dwelling unit as of the termination of the tenancy, the landlord may file an unlawful detainer action pursuant to § 8.01-126.

B. Where there is more than one tenant subject to a rental agreement, unless otherwise agreed to in writing by each of the tenants, disposition of the security deposit shall be made with one check being payable to all such tenants and sent to a forwarding address provided by one of the tenants. The landlord shall make the security deposit disposition within the 45-day time period required by subsection A, but if no forwarding address is provided to the landlord, the landlord may continue to hold such security deposit in escrow. If a tenant fails to provide a forwarding address to the landlord to enable the landlord to make a refund of the security deposit, upon the expiration of one year from the date of the end of the 45-day time period, the landlord may remit such sum to the State Treasurer as unclaimed property on a form prescribed by the administrator that includes the name; social security number, if known; and last known address of each tenant on the rental agreement. If the landlord or managing agent is a real estate licensee, compliance with this subsection shall be deemed compliance with § 54.1-2108 and corresponding regulations of the Real Estate Board.

C. Nothing in this section shall be construed by a court of law or otherwise as entitling the tenant, upon the termination of the tenancy, to an immediate credit against the tenant's delinquent rent account in the amount of the security deposit. The landlord shall apply the security deposit in accordance with this section within the 45-day time period required by subsection A. However, provided that the landlord has given prior written notice in accordance with this section, the landlord may withhold a reasonable portion of the security deposit to cover an amount of the balance due on the water, sewer, or other utility account that is an obligation of the tenant to a third-party provider under the rental agreement for the dwelling unit, and upon payment of such obligations the landlord shall provide written confirmation to the tenant within 10 days, along with payment to the tenant of any balance otherwise due to the tenant. In order to withhold such funds as part of the disposition of the security deposit, the landlord shall have so advised the tenant of his rights and obligations under this section in (i) a termination notice to the tenant in accordance with this chapter, (ii) a written notice to the tenant confirming the vacating date in accordance with this section, or (iii) a separate written notice to the tenant at least 15 days prior to the disposition of the security deposit. Any written notice to the tenant shall be given in accordance with § 55.1-1202.

The tenant may provide the landlord with written confirmation of the payment of the final water, sewer, or other utility bill for the dwelling unit, in which case the landlord shall refund the security deposit, unless there are other authorized deductions, within the 45-day period required by subsection A. If the tenant provides such written confirmation after the expiration of the 45-day period, the landlord shall refund any remaining balance of the security deposit held to the tenant within 10 days following the receipt of such written confirmation provided by the tenant. If the landlord otherwise receives confirmation of payment of the final water, sewer, or other utility bill for the dwelling unit, the landlord shall refund the security deposit, unless there are other authorized deductions, within the 45-day period.

D. Nothing in this section shall be construed to prohibit the landlord from making the disposition of the security deposit prior to the 45-day period required by subsection A and charging an administrative fee to the tenant for such

expedited processing, if the rental agreement so provides and the tenant requests expedited processing in a separate written document.

E. The landlord shall notify the tenant in writing of any deductions provided by this section to be made from the tenant's security deposit during the course of the tenancy. Such notification shall be made within 30 days of the date of the determination of the deduction and shall itemize the reasons in the same manner as provided in subsection F. No such notification shall be required for deductions made less than 30 days prior to the termination of the rental agreement. If the landlord willfully fails to comply with this section, the court shall order the return of the security deposit to the tenant, together with actual damages and reasonable attorney fees, unless the tenant owes rent to the landlord, in which case the court shall order an amount equal to the security deposit credited against the rent due to the landlord. In the event that damages to the premises exceed the amount of the security deposit and require the services of a third-party contractor, the landlord shall give written notice to the tenant advising him of that fact within the 45-day period required by subsection A. If notice is given as prescribed in this subsection, the landlord shall have an additional 15-day period to provide an itemization of the damages and the cost of repair. This section shall not preclude the landlord or tenant from recovering other damages to which he may be entitled under this chapter. The holder of the landlord's interest in the premises at the time of the termination of the tenancy, regardless of how the interest is acquired or transferred, is bound by this section and shall be required to return any security deposit received by the original landlord that is duly owed to the tenant, whether or not such security deposit is transferred with the landlord's interest by law or equity, regardless of any contractual agreements between the original landlord and his successors in interest.

F. The landlord shall:

1. Maintain and itemize records for each tenant of all deductions from security deposits provided for under this section that the landlord has made by reason of a tenant's noncompliance with § 55.1-1227, or for any other reason set out in this section, during the preceding two years; and

2. Permit a tenant or his authorized agent or attorney to inspect such tenant's records of deductions at any time during normal business hours.

G. Upon request by the landlord to a tenant to vacate, or within five days after receipt of notice by the landlord of the tenant's intent to vacate, the landlord shall provide written notice to the tenant of the tenant's right to be present at the landlord's inspection of the dwelling unit for the purpose of determining the amount of security deposit to be returned. If the tenant desires to be present when the landlord makes the inspection, he shall, in writing, so advise the landlord, who in turn shall notify the tenant of the date and time of the inspection, which must be made within 72 hours of delivery of possession. Following the move-out inspection, the landlord shall provide the tenant with a written security deposit disposition statement, including an itemized list of damages. If additional damages are discovered by the landlord after the security deposit disposition has been made, nothing in this section shall be construed to preclude the landlord from recovery of such damages against the tenant, provided, however, that the tenant may present into evidence a copy of the move-out report to support the tenant's position that such additional damages did not exist at the time of the move-out inspection.

H. If the tenant has any assignee or sublessee, the landlord shall be entitled to hold a security deposit from only one party in compliance with the provisions of this section.

B. The governing body of such locality may grant a condition that includes (i) dedication of real property of substantial value or (ii) substantial cash payments for or construction of substantial public improvements, the need for which is not generated solely by the granting of a conditional use permit, so long as such conditions are reasonably related to the project.

C. Once a condition is granted pursuant to subsection B, such condition shall continue in effect until a subsequent amendment changes the zoning on the property for which the conditions were granted. However, such conditions shall continue if the subsequent amendment is part of a comprehensive implementation of a new or substantially revised zoning ordinance.

[H 38]

Approved March 23, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 59.1-310.3 and 59.1-310.5 of the Code of Virginia are amended and reenacted as follows:

§ 59.1-310.3. Notice to customers; liability.

A. A tanning facility shall give each customer a written statement warning that:

1. Failure to use the eye protection provided to the customer by the tanning facility may result in damage to the eyes;
2. Overexposure to ultraviolet light causes burns;
3. Repeated exposure may result in premature aging of the skin and skin cancer;
4. Abnormal skin sensitivity or burning may be caused by reactions of ultraviolet light to certain (i) foods; (ii) cosmetics; or (iii) medications, including tranquilizers, diuretics, antibiotics, high blood pressure medicines, or birth control pills; and

5. Any person taking a prescription or over-the-counter drug should consult a physician prior to using a tanning device.

B. Prior to allowing a prospective customer to use a tanning device, the owner or his designee shall obtain on the written statement the signature of each customer on a duplicate of the written statement provided to the customer under subsection A. ~~In addition, the owner or his designee shall obtain, every six months, the signature of the parent or legal guardian of a prospective customer who is under the age of 15 and is not emancipated under Virginia law.~~

C. Compliance with the notice requirements does not affect the liability of a tanning facility owner or a manufacturer of a tanning device.

D. The signed duplicates of the written statements provided under subsection A may be retained at a location other than the tanning facility if an electronic or facsimile image of the original is readily available at each of an owner's tanning facilities.

§ 59.1-310.5. Operational requirements.

A. A tanning facility shall have an operator present during operating hours. The operator shall be sufficiently knowledgeable in the correct operation of the tanning devices used at the facility and shall inform and assist each customer in the proper use of the tanning device.

B. The owner or his designee shall identify the skin type of the customer based on the Fitzpatrick scale, document the skin type of the customer, and advise the customer of the customer's maximum time of recommended exposure in the tanning device.

C. Before each use of a tanning device, the operator shall provide the customer with properly sanitized protective eyewear that protects the eyes from ultraviolet radiation and allows adequate vision to maintain balance. The operator shall not allow a person to use a tanning device if that person has not been provided protective eyewear. The operator shall also instruct each customer how to use suitable physical aids, such as handrails and markings on the floor, to maintain proper exposure distance as recommended by the manufacturer of the tanning device.

D. After each use of a tanning device, the owner or his designee shall clean the device with a cleaner or sanitizer capable of killing bacteria from any previous use.

E. The tanning facility shall use a timer with an accuracy of at least plus or minus ten percent of any selected time interval. The facility shall limit the exposure time of a customer on a tanning device to the maximum exposure time recommended by the manufacturer. The facility shall control the interior temperature of a tanning device so that it may not exceed 100 degrees Fahrenheit.

F. Either each time a customer uses a tanning facility or each time a person executes or renews a contract to use a tanning facility, the person shall sign a written statement acknowledging that the person has read and understood the required warnings before using the device and agrees to use the protective eyewear that the tanning facility provides.

G. *No individual under the age of 18 shall be allowed to use any tanning device, other than a spray tanning device that does not emit ultraviolet light, at a tanning facility.* The owner shall be responsible for ensuring that each customer using the tanning facility is of legal age to do so.

For the purposes of this section, "phototherapy device" means a device that emits ultraviolet radiation and is used in the diagnosis or treatment of disease or injury.*

CHAPTER 388

An Act to amend and reenact §§ 36-96.2, 55.1-1203, and 55.1-1209 of the Code of Virginia, relating to Virginia Fair Housing Law; Virginia Residential Landlord and Tenant Act; status as a victim of family abuse; evidence of eligibility to become a tenant; confidentiality of tenant records.

[H 99]

Approved March 23, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 36-96.2, 55.1-1203, and 55.1-1209 of the Code of Virginia are amended and reenacted as follows:

§ 36-96.2. Exemptions.

A. Except as provided in subdivision A 3 of § 36-96.3 and subsections A, B, and C of § 36-96.6, this chapter shall not apply to any single-family house sold or rented by an owner, provided that such private individual does not own more than three single-family houses at any one time. In the case of the sale of any single-family house by a private individual-owner not residing in the house at the time of the sale or who was not the most recent resident of the house prior to sale, the exemption granted shall apply only with respect to one such sale within any 24-month period; provided that such bona fide private individual owner does not own any interest in, nor is there owned or reserved on his behalf, under any express or voluntary agreement, title to or any right to all or a portion of the proceeds from the sale or rental of, more than three such single-family houses at any one time. The sale or rental of any such single-family house shall be exempt from the application of this chapter only if the house is sold or rented (i) without the use in any manner of the sales or rental facilities or the sales or rental services of any real estate broker, agent, salesperson, or of the facilities or the services of any person in the business of selling or renting dwellings, or of any employee, independent contractor, or agent of any broker, agent, salesperson, or person and (ii) without the publication, posting, or mailing, after notice, of any advertisement or written notice in violation of this chapter. However, nothing herein shall prohibit the use of attorneys, escrow agents, abstractors, title companies, and other professional assistance as necessary to perfect or transfer the title. This exemption shall not apply to or inure to the benefit of any licensee of the Real Estate Board or regulant of the Fair Housing Board, regardless of whether the licensee is acting in his personal or professional capacity.

B. Except for subdivision A 3 of § 36-96.3, this chapter shall not apply to rooms or units in dwellings containing living quarters occupied or intended to be occupied by no more than four families living independently of each other, if the owner actually maintains and occupies one of such living quarters as his residence.

C. Nothing in this chapter shall prohibit a religious organization, association or society, or any nonprofit institution or organization operated, supervised, or controlled by or in conjunction with a religious organization, association or society, from limiting the sale, rental, or occupancy of dwellings that it owns or operates for other than a commercial purpose to persons of the same religion, or from giving preferences to such persons, unless membership in such religion is restricted on

account of race, color, national origin, sex, elderliness, familial status, or handicap. Nor shall anything in this chapter apply to a private membership club not in fact open to the public, which as an incident to its primary purpose or purposes provides lodging which it owns or operates for other than a commercial purpose, from limiting the rental or occupancy of such lodgings to its members or from giving preference to its members. Nor, where matters of personal privacy are involved, shall anything in this chapter be construed to prohibit any private, state-owned or state-supported educational institution, hospital, nursing home, religious or correctional institution, from requiring that persons of both sexes not occupy any single-family residence or room or unit of dwellings or other buildings, or restrooms in such room or unit in dwellings or other buildings, which it owns or operates.

D. Nothing in this chapter prohibits conduct against a person because such person has been convicted by any court of competent jurisdiction of the illegal manufacture or distribution of a controlled substance as defined in federal law.

E. It shall not be unlawful under this chapter for any owner to deny or limit the rental of housing to persons who pose a clear and present threat of substantial harm to others or to the dwelling itself.

F. A rental application may require disclosure by the applicant of any criminal convictions and the owner or managing agent may require as a condition of acceptance of the rental application that applicant consent in writing to a criminal record check to verify the disclosures made by applicant in the rental application. The owner or managing agent may collect from the applicant moneys to reimburse the owner or managing agent for the exact amount of the out-of-pocket costs for such criminal record checks. Nothing in this chapter shall require an owner or managing agent to rent a dwelling to an individual who, based on a prior record of criminal convictions involving harm to persons or property, would constitute a clear and present threat to the health or safety of other individuals.

G. Nothing in this chapter limits the applicability of any reasonable local, state or federal restriction regarding the maximum number of occupants permitted to occupy a dwelling. Owners or managing agents of dwellings may develop and implement reasonable occupancy and safety standards based on factors such as the number and size of sleeping areas or bedrooms and overall size of a dwelling unit so long as the standards do not violate local, state or federal restrictions. Nothing in this chapter prohibits the rental application or similar document from requiring information concerning the number, ages, sex and familial relationship of the applicants and the dwelling's intended occupants.

H. Nothing in this chapter shall prohibit a landlord from considering evidence of an applicant's status as a victim of family abuse, as defined in § 16.1-228, to mitigate any adverse effect of an otherwise qualified applicant's application pursuant to subsection D of § 55.1-1203.

§ 55.1-1203. Application; deposit, fee, and additional information.

A. Any landlord may require a refundable application deposit in addition to a nonrefundable application fee. If the applicant fails to rent the unit for which application was made, from the application deposit the landlord shall refund to the applicant within 20 days after the applicant's failure to rent the unit or the landlord's rejection of the application all sums in excess of the landlord's actual expenses and damages together with an itemized list of such expenses and damages. If, however, the application deposit was made by cash, certified check, cashier's check, or postal money order, such refund shall be made within 10 days of the applicant's failure to rent the unit if the failure to rent is due to the landlord's rejection of the application. If the landlord fails to comply with this section, the applicant may recover as damages suffered by him that portion of the application deposit wrongfully withheld and reasonable attorney fees.

B. A landlord may request that a prospective tenant provide information that will enable the landlord to determine whether each applicant may become a tenant. The landlord may photocopy each applicant's driver's license or other similar photo identification, containing either the applicant's social security number or control number issued by the Department of Motor Vehicles pursuant to § 46.2-342. However, a landlord shall not photocopy a U.S. government-issued identification so long as to do so is a violation of 18 U.S.C. § 701. The landlord may require, for the purpose of determining whether each applicant is eligible to become a tenant in the landlord's dwelling unit, that each applicant provide a social security number issued by the U.S. Social Security Administration or an individual taxpayer identification number issued by the U.S. Internal Revenue Service.

C. An application fee shall not exceed \$50, exclusive of any actual out-of-pocket expenses paid by the landlord to a third party performing background, credit, or other pre-occupancy checks on the applicant. However, where an application is being made for a dwelling unit that is a public housing unit or other housing unit subject to regulation by the U.S. Department of Housing and Urban Development, an application fee shall not exceed \$32, exclusive of any actual out-of-pocket expenses paid to a third party by the landlord performing background, credit, or other pre-occupancy checks on the applicant.

D. A landlord shall consider evidence of an applicant's status as a victim of family abuse, as defined in § 16.1-228, to mitigate any adverse effect of an otherwise qualified applicant's low credit score. In order to establish the applicant's status as a victim of family abuse, an applicant may submit to the landlord (i) a letter from a sexual and domestic violence program, a housing counselor certified by the U.S. Department of Housing and Urban Development, or an attorney representing the applicant; (ii) a law-enforcement incident report; or (iii) a court order. If a landlord does not comply with this section, the applicant may recover actual damages, including all amounts paid to the landlord as an application fee, application deposit, or reimbursement for any of the landlord's out-of-pocket expenses that were charged to the prospective tenant, along with attorney fees.

§ 55.1-1209. Confidentiality of tenant records.

A. No landlord or managing agent shall release information about a tenant or prospective tenant in the possession of the landlord or managing agent to a third party unless:

1. The tenant or prospective tenant has given prior written consent;
2. The information is a matter of public record as defined in § 2.2-3701;
3. The information is a summary of the tenant's rent payment record, including the amount of the tenant's periodic rent payment;
4. The information is a copy of a material noncompliance notice that has not been remedied or a termination notice given to the tenant under § 55.1-1245 and the tenant did not remain in the premises after such notice was given;
5. The information is requested by a local, state, or federal law-enforcement or public safety official in the performance of his duties;
6. The information is requested pursuant to a subpoena in a civil case;
7. The information is requested by a local commissioner of the revenue in accordance with § 58.1-3901;
8. The information is requested by a contract purchaser of the landlord's property, provided that the contract purchaser agrees in writing to maintain the confidentiality of such information;
9. The information is requested by a lender of the landlord for financing or refinancing of the property;
10. The information is requested by the commanding officer, military housing officer, or military attorney of the tenant;
11. The third party is the landlord's attorney or the landlord's collection agency;
12. The information is otherwise provided in the case of an emergency;
13. The information is requested by the landlord to be provided to the managing agent or a successor to the managing agent; or
14. The information is requested by an employee or independent contractor of the United States to obtain census information pursuant to federal law.

B. *Any information received by a landlord pursuant to § 55.1-1203 shall remain a confidential tenant record and shall not be released to any person except in response to a subpoena.*

C. A tenant may designate a third party to receive duplicate copies of a summons that has been issued pursuant to § 8.01-126 and of written notices from the landlord relating to the tenancy. Where such a third party has been designated by the tenant, the landlord shall mail the duplicate copy of any summons issued pursuant to § 8.01-126 or notice to the designated third party at the same time the summons or notice is mailed to or served upon the tenant. Nothing in this subsection shall be construed to grant standing to any third party designated by the tenant to challenge actions of the landlord in which notice was mailed pursuant to this subsection. The failure of the landlord to give notice to a third party designated by the tenant shall not affect the validity of any judgment entered against the tenant.

~~C.~~ D. A landlord or managing agent may enter into an agreement with a third-party service provider to maintain tenant records in electronic form or other medium. In such case, the landlord and managing agent shall not be liable under this section in the event of a breach of the electronic data of such third-party service provider, except in the case of gross negligence or intentional act. Nothing in this section shall be construed to require a landlord or managing agent to indemnify such third-party service provider.

~~D.~~ E. A tenant may request a copy of his tenant records in paper or electronic form. If the rental agreement so provides, a landlord may charge a tenant requesting more than one copy of his records the actual costs of preparing copies of such records. However, if the landlord makes available tenant records to each tenant by electronic portal, the tenant shall not be required to pay for access to such portal.

4. Chapter 117 (18 U.S.C. § 2421 et seq.) of Title 18 of the United States Code or sex trafficking (as described in § 1591 of Title 18, U.S.C.).

F. "Any offense listed in subsection B," "criminal homicide" as defined in this section, "murder" as defined in this section, and "sexually violent offense" as defined in this section includes (i) any similar offense under the laws of any foreign country or any political subdivision thereof or the United States or any political subdivision thereof or (ii) any offense for which registration in a sex offender and crimes against minors registry is required under the laws of the jurisdiction where the offender was convicted.

G. Juveniles adjudicated delinquent shall not be required to register; however, where the offender is a juvenile over the age of 13 at the time of the offense who is tried as a juvenile and is adjudicated delinquent on or after July 1, 2005, of any offense for which registration is required, the court may, in its discretion and upon motion of the attorney for the Commonwealth, find that the circumstances of the offense require offender registration. In making its determination, the court shall consider all of the following factors that are relevant to the case: (i) the degree to which the delinquent act was committed with the use of force, threat, or intimidation, (ii) the age and maturity of the complaining witness, (iii) the age and maturity of the offender, (iv) the difference in the ages of the complaining witness and the offender, (v) the nature of the relationship between the complaining witness and the offender, (vi) the offender's prior criminal history, and (vii) any other aggravating or mitigating factors relevant to the case. The attorney for the Commonwealth may file such a motion at any

time during which the offender is within the jurisdiction of the court for the offense that is the basis for such motion. Prior to any hearing on such motion, the court shall appoint a qualified and competent attorney-at-law to represent the offender unless an attorney has been retained and appears on behalf of the offender or counsel has already been appointed.

H. Prior to entering judgment of conviction of an offense for which registration is required if the victim of the offense was a minor, physically helpless, or mentally incapacitated, when the indictment, warrant, or information does not allege that the victim of the offense was a minor, physically helpless, or mentally incapacitated, the court shall determine by a preponderance of the evidence whether the victim of the offense was a minor, physically helpless, or mentally incapacitated, as defined in § 18.2-67.10, and shall also determine the age of the victim at the time of the offense if it determines the victim to be a minor. When such a determination is required, the court shall advise the defendant of its determination and of the defendant's right to make a motion to withdraw a plea of guilty or nolo contendere pursuant to § 19.2-296. If the court grants the defendant's motion to withdraw his plea of guilty or of nolo contendere, his case shall be heard by another judge, unless the parties agree otherwise. Failure to make such determination or so advise the defendant does not otherwise invalidate the underlying conviction.

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 854 of the Acts of Assembly of 2019 requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of \$50,000. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

§ 46.2-1004. Trademark or name and instructions required.

Each device or other equipment mentioned in § 46.2-1002 and offered for sale in the Commonwealth shall bear a trademark or name or be identified in keeping with the Superintendent's regulations and shall be accompanied by printed instructions as to the proper mounting, use, and candlepower *or lumens* of any bulbs to be used therewith and any particular methods of mounting or adjustments necessary to meet the requirements of this title and any regulation of the Superintendent.

§ 46.2-1012. Headlights, auxiliary headlights, tail lights, brake lights, auxiliary lights, and illumination of license plates on motorcycles or autocycles.

Every motorcycle or autocycle shall be equipped with at least one headlight which shall be of a type that has been approved by the Superintendent and shall be capable of projecting sufficient light to the front of such motorcycle or autocycle to render discernible a person or object at a distance of 200 feet. However, the lights shall not project a glaring or dazzling light to persons approaching such motorcycles or autocycles. In addition, each motorcycle or autocycle may be equipped with not more than two auxiliary headlights of a type approved by the Superintendent except as otherwise provided in this section.

Motorcycles or autocycles may be equipped with means of modulating the high beam of their headlights between high and low beam at a rate of 200 to 280 flashes per minute. Such headlights shall not be so modulated during periods when headlights would ordinarily be required to be lighted under § 46.2-1030.

Every motorcycle or autocycle registered in the Commonwealth and operated on the highways of the Commonwealth shall be equipped with at least one brake light of a type approved by the Superintendent. Motorcycles or autocycles may be equipped with one or more auxiliary brake lights of a type approved by the Superintendent. The Superintendent may by regulation prescribe or limit the size, number, location, and configuration of such auxiliary brake lights.

Every motorcycle or autocycle shall carry at the rear at least one or more red lights plainly visible in clear weather from a distance of 500 feet to the rear of such vehicle. Such tail lights shall be constructed and so mounted in their relation to the rear license plate as to illuminate the license plate with a white light so that the same may be read from a distance of 50 feet to the rear of such vehicle. Alternatively, a separate white light shall be so mounted as to illuminate the rear license plate from a distance of 50 feet to the rear of such vehicle. Any such tail lights or special white light shall be of a type approved by the Superintendent.

Motorcycles or autocycles may be equipped with a means of varying the brightness of the vehicle's brake light upon application of the vehicle's brakes.

§ 46.2-1020. Other permissible lights.

A vehicle equipped with lighting devices as authorized in this section shall be operated by a police chaplain only if he has successfully completed a course of training in the safe operation of a motor vehicle under emergency conditions and a certificate attesting to such successful completion, signed by the course instructor, is carried at all times in the vehicle when operated by the police chaplain to whom the certificate applies.

Unless such lighting device (i) is both covered and unlit or (ii) has a clear lens, any reflector in such lighting device is clear, and such lighting device is unlit, no motor vehicle that is equipped with any lighting device other than lights required or permitted in this article, required or approved by the Superintendent, or required by the federal Department of Transportation shall be operated on any highway in the Commonwealth. Nothing in this section shall permit any vehicle, not otherwise authorized, to be equipped with colored emergency lights, whether blinking or steady-burning.

B. Before authorizing a vehicle to be used as a TNC partner vehicle, a transportation network company shall confirm that the vehicle meets the requirements of subsection A and shall provide each TNC partner with proof of any TNC insurance policy maintained by the transportation network company.

For each TNC partner vehicle it authorizes, a transportation network company shall issue trade dress to the TNC partner associated with that vehicle. The trade dress shall be sufficient to identify the transportation network company or digital platform with which the vehicle is affiliated and shall be displayed in a manner that complies with Virginia law. The trade dress shall be of such size, shape, and color as to be readily identifiable during daylight hours from a distance of 50 feet while the vehicle is not in motion and shall be reflective, illuminated, or otherwise patently visible in darkness. The trade dress may take the form of a removable device that meets the identification and visibility requirements of this subsection.

Notwithstanding any other provision of this title, a TNC partner vehicle may be equipped with no more than two removable, illuminated, interior, TNC-issued, trade dress devices that assist passengers in identifying and communicating with TNC partners. Such devices may use a single steady-burning color while the TNC partner is logged in to a transportation network company's associated digital platform and may change to a different steady-burning color once the TNC partner accepts a request to transport a passenger and is within 0.4 miles of such passenger. The illuminated display on each such device shall not (i) exceed five candlepower *or* 62.85 lumens; (ii) exceed 20 square inches; (iii) utilize red, blue, or amber lights; (iv) project a glaring or dazzling light; or (v) attach to the windshield.

The transportation network company shall submit to the Department proof that the transportation network company has established the trade dress required under this subsection by filing with the Department an illustration or photograph of the trade dress. Any TNC that issues an illuminated removable interior trade dress device for use in the Commonwealth shall file with the Department the specifications of such device, including the default color.

A TNC partner shall keep the trade dress issued under this subsection visible at all times while the vehicle is being operated as a TNC partner vehicle.

No person shall operate a vehicle bearing trade dress issued under this subsection without the authorization of the transportation network company issuing the trade dress.

CHAPTER 402

An Act to amend and reenact § 15.2-2286 of the Code of Virginia, relating to solar energy projects; national standards.

[S 875]

Approved March 23, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2286 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2286. Permitted provisions in zoning ordinances; amendments; applicant to pay delinquent taxes; penalties.

A. A zoning ordinance may include, among other things, reasonable regulations and provisions as to any or all of the following matters:

1. For variances or special exceptions, as defined in § 15.2-2201, to the general regulations in any district.

2. For the temporary application of the ordinance to any property coming into the territorial jurisdiction of the governing body by annexation or otherwise, subsequent to the adoption of the zoning ordinance, and pending the orderly amendment of the ordinance.

3. For the granting of special exceptions under suitable regulations and safeguards; notwithstanding any other provisions of this article, the governing body of any locality may reserve unto itself the right to issue such special exceptions. Conditions imposed in connection with residential special use permits, wherein the applicant proposes affordable housing, shall be consistent with the objective of providing affordable housing. When imposing conditions on residential projects specifying materials and methods of construction or specific design features, the approving body shall consider the impact of the conditions upon the affordability of housing.

The governing body or the board of zoning appeals of the City of Norfolk may impose a condition upon any special exception relating to retail alcoholic beverage control licensees which provides that such special exception will automatically expire upon a change of ownership of the property, a change in possession, a change in the operation or management of a facility or upon the passage of a specific period of time.

The governing body of the City of Richmond may impose a condition upon any special use permit issued after July 1, 2000, relating to retail alcoholic beverage licensees which provides that such special use permit shall be subject to an automatic review by the governing body upon a change in possession, a change in the owner of the business, or a transfer of majority control of the business entity. Upon review by the governing body, it may either amend or revoke the special use permit after notice and a public hearing as required by § 15.2-2206.

4. For the administration and enforcement of the ordinance including the appointment or designation of a zoning administrator who may also hold another office in the locality. The zoning administrator shall have all necessary authority on behalf of the governing body to administer and enforce the zoning ordinance. His authority shall include (i) ordering in writing the remedying of any condition found in violation of the ordinance; (ii) insuring compliance with the ordinance, bringing legal action, including injunction, abatement, or other appropriate action or proceeding subject to appeal pursuant to § 15.2-2311; and (iii) in specific cases, making findings of fact and, with concurrence of the attorney for the governing body, conclusions of law regarding determinations of rights accruing under § 15.2-2307 or subsection C of § 15.2-2311.

Whenever the zoning administrator has reasonable cause to believe that any person has engaged in or is engaging in any violation of a zoning ordinance that limits occupancy in a residential dwelling unit, which is subject to a civil penalty that may be imposed in accordance with the provisions of § 15.2-2209, and the zoning administrator, after a good faith effort to obtain the data or information necessary to determine whether a violation has occurred, has been unable to obtain such information, he may request that the attorney for the locality petition the judge of the general district court for his jurisdiction for a subpoena duces tecum against any such person refusing to produce such data or information. The judge of the court, upon good cause shown, may cause the subpoena to be issued. Any person failing to comply with such subpoena shall be subject to punishment for contempt by the court issuing the subpoena. Any person so subpoenaed may apply to the judge who issued the subpoena to quash it.

Notwithstanding the provisions of § 15.2-2311, a zoning ordinance may prescribe an appeal period of less than 30 days, but not less than 10 days, for a notice of violation involving temporary or seasonal commercial uses, parking of commercial trucks in residential zoning districts, maximum occupancy limitations of a residential dwelling unit, or similar short-term, recurring violations.

Where provided by ordinance, the zoning administrator may be authorized to grant a modification from any provision contained in the zoning ordinance with respect to physical requirements on a lot or parcel of land, including but not limited to size, height, location or features of or related to any building, structure, or improvements, if the administrator finds in writing that: (i) the strict application of the ordinance would produce undue hardship; (ii) such hardship is not shared generally by other properties in the same zoning district and the same vicinity; and (iii) the authorization of the modification will not be of substantial detriment to adjacent property and the character of the zoning district will not be changed by the granting of the modification. Prior to the granting of a modification, the zoning administrator shall give, or require the applicant to give, all adjoining property owners written notice of the request for modification, and an opportunity to respond to the request within 21 days of the date of the notice. The zoning administrator shall make a decision on the application for modification and issue a written decision with a copy provided to the applicant and any adjoining landowner who responded in writing to the notice sent pursuant to this paragraph. The decision of the zoning administrator shall constitute a decision within the purview of § 15.2-2311, and may be appealed to the board of zoning appeals as provided by that section. Decisions of the board of zoning appeals may be appealed to the circuit court as provided by § 15.2-2314.

The zoning administrator shall respond within 90 days of a request for a decision or determination on zoning matters within the scope of his authority unless the requester has agreed to a longer period.

5. For the imposition of penalties upon conviction of any violation of the zoning ordinance. Any such violation shall be a misdemeanor punishable by a fine of not more than \$1,000. If the violation is uncorrected at the time of the conviction, the court shall order the violator to abate or remedy the violation in compliance with the zoning ordinance, within a time period established by the court. Failure to remove or abate a zoning violation within the specified time period shall constitute a separate misdemeanor offense punishable by a fine of not more than \$1,000; any such failure during a succeeding 10-day period shall constitute a separate misdemeanor offense punishable by a fine of not more than \$1,500; and any such failure during any succeeding 10-day period shall constitute a separate misdemeanor offense for each 10-day period punishable by a fine of not more than \$2,000.

However, any conviction resulting from a violation of provisions regulating the number of unrelated persons in single-family residential dwellings shall be punishable by a fine of up to \$2,000. Failure to abate the violation within the specified time period shall be punishable by a fine of up to \$5,000, and any such failure during any succeeding 10-day period shall constitute a separate misdemeanor offense for each 10-day period punishable by a fine of up to \$7,500. However, no such fine shall accrue against an owner or managing agent of a single-family residential dwelling unit during the pendency of any legal action commenced by such owner or managing agent of such dwelling unit against a tenant to eliminate an overcrowding condition in accordance with the Virginia Residential Landlord and Tenant Act (§ 55.1-1200 et seq.). A conviction resulting from a violation of provisions regulating the number of unrelated persons in single-family residential dwellings shall not be punishable by a jail term.

6. For the collection of fees to cover the cost of making inspections, issuing permits, advertising of notices and other expenses incident to the administration of a zoning ordinance or to the filing or processing of any appeal or amendment thereto.

7. For the amendment of the regulations or district maps from time to time, or for their repeal. Whenever the public necessity, convenience, general welfare, or good zoning practice requires, the governing body may by ordinance amend, supplement, or change the regulations, district boundaries, or classifications of property. Any such amendment may be initiated (i) by resolution of the governing body; (ii) by motion of the local planning commission; or (iii) by petition of the owner, contract purchaser with the owner's written consent, or the owner's agent therefor, of the property which is the subject of the proposed zoning map amendment, addressed to the governing body or the local planning commission, who

shall forward such petition to the governing body; however, the ordinance may provide for the consideration of proposed amendments only at specified intervals of time, and may further provide that substantially the same petition will not be reconsidered within a specific period, not exceeding one year. Any such resolution or motion by such governing body or commission proposing the rezoning shall state the above public purposes therefor.

In any county having adopted such zoning ordinance, all motions, resolutions or petitions for amendment to the zoning ordinance, and/or map shall be acted upon and a decision made within such reasonable time as may be necessary which shall not exceed 12 months unless the applicant requests or consents to action beyond such period or unless the applicant withdraws his motion, resolution or petition for amendment to the zoning ordinance or map, or both. In the event of and upon such withdrawal, processing of the motion, resolution or petition shall cease without further action as otherwise would be required by this subdivision.

8. For the submission and approval of a plan of development prior to the issuance of building permits to assure compliance with regulations contained in such zoning ordinance.

9. For areas and districts designated for mixed use developments or planned unit developments as defined in § 15.2-2201.

10. For the administration of incentive zoning as defined in § 15.2-2201.

11. For provisions allowing the locality to enter into a voluntary agreement with a landowner that would result in the downzoning of the landowner's undeveloped or underdeveloped property in exchange for a tax credit equal to the amount of excess real estate taxes that the landowner has paid due to the higher zoning classification. The locality may establish reasonable guidelines for determining the amount of excess real estate tax collected and the method and duration for applying the tax credit. For purposes of this section, "downzoning" means a zoning action by a locality that results in a reduction in a formerly permitted land use intensity or density.

12. Provisions for requiring and considering Phase I environmental site assessments based on the anticipated use of the property proposed for the subdivision or development that meet generally accepted national standards for such assessments, such as those developed by the American Society for Testing and Materials, and Phase II environmental site assessments, that also meet accepted national standards, such as, but not limited to, those developed by the American Society for Testing and Materials, if the locality deems such to be reasonably necessary, based on findings in the Phase I assessment, and in accordance with regulations of the United States Environmental Protection Agency and the American Society for Testing and Materials. A reasonable fee may be charged for the review of such environmental assessments. Such fees shall not exceed an amount commensurate with the services rendered, taking into consideration the time, skill, and administrative expense involved in such review.

13. Provisions to incorporate generally accepted national environmental protection and product safety standards for the use of solar panels and battery technologies for solar photovoltaic (electric energy) projects, such as those developed for existing product certifications and standards including the National Sanitation Foundation/American National Standards Institute No. 457, International Electrotechnical Commission No. 61215-2, Institute of Electrical and Electronics Engineers Standard 1547, and Underwriters Laboratories No. 61730-2.

14. Provisions for requiring disclosure and remediation of contamination and other adverse environmental conditions of the property prior to approval of subdivision and development plans.

~~14.~~ 15. For the enforcement of provisions of the zoning ordinance that regulate the number of persons permitted to occupy a single-family residential dwelling unit, provided such enforcement is in compliance with applicable local, state and federal fair housing laws.

~~15.~~ 16. For the issuance of inspection warrants by a magistrate or court of competent jurisdiction. The zoning administrator or his agent may make an affidavit under oath before a magistrate or court of competent jurisdiction and, if such affidavit establishes probable cause that a zoning ordinance violation has occurred, request that the magistrate or court grant the zoning administrator or his agent an inspection warrant to enable the zoning administrator or his agent to enter the subject dwelling for the purpose of determining whether violations of the zoning ordinance exist. After issuing a warrant under this section, the magistrate or judge shall file the affidavit in the manner prescribed by § 19.2-54. After executing the warrant, the zoning administrator or his agents shall return the warrant to the clerk of the circuit court of the city or county wherein the inspection was made. The zoning administrator or his agent shall make a reasonable effort to obtain consent from the owner or tenant of the subject dwelling prior to seeking the issuance of an inspection warrant under this section.

B. Prior to the initiation of an application by the owner of the subject property, the owner's agent, or any entity in which the owner holds an ownership interest greater than 50 percent, for a special exception, special use permit, variance, rezoning or other land disturbing permit, including building permits and erosion and sediment control permits, or prior to the issuance of final approval, the authorizing body may require the applicant to produce satisfactory evidence that any delinquent real estate taxes, nuisance charges, stormwater management utility fees, and any other charges that constitute a lien on the subject property, that are owed to the locality and have been properly assessed against the subject property, have been paid, unless otherwise authorized by the treasurer.

The Commission may modify such requirements, subject to such limitations and conditions which the Commission finds appropriate. In promulgating an exemption, the Commission may consider the nature of the coverage, the person or persons to be insured or covered, the competence of the buyer or other parties to the contract, and other criteria the Commission considers relevant.

The Board may retain some or all of this uncommitted funding for an identified 9-1-1 funding need or for a reserve balance pursuant to a reserve balance policy adopted by the Board.

E. After the end of each fiscal year, on a schedule adopted by the Board, the Board shall audit the grant funding received by all recipients to ensure it was utilized in accordance with the grant requirements. Each funding recipient shall provide such verification of such costs as may be requested by the Board. Any overpayment shall be refunded to the Board or credited to payments during the then-current fiscal year, on such schedule as the Board shall determine. 1. That § 15.2-1517 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-1517. Insurance for employees and retired employees of localities and other local governmental entities; participation by certain volunteers.

A. Any locality may provide group life, accident, and health insurance programs for its officers and employees; employees of boards, commissions, agencies, or authorities created by or controlled by such locality; or employees of boards, commissions, agencies, or authorities that are political subdivisions of the Commonwealth and work in close cooperation with such locality. In addition, any locality that provides such a health insurance program may allow eligible members of approved volunteer fire or rescue companies, as determined by the locality, to participate in such a health insurance program. Such programs may be through a program of self-insurance, purchased insurance, or partial self-insurance and purchased insurance, whichever is determined to be the most cost effective. The total cost of such policies or protection may be paid entirely by the locality or shared with the employee. The governing body of any locality may provide for its retired officers and retired employees, *including retired employees of boards, commissions, agencies, or authorities that are political subdivisions of the Commonwealth and work in close cooperation with such locality*, to be eligible for such group life, accident, and health insurance programs. The cost of such insurance for retired officers and retired employees may be paid in whole or in part by the locality. The governing body of any locality may permit members of approved volunteer fire or rescue companies to participate in its group health insurance programs, subject to the eligibility criteria established by the locality. The cost of a volunteer's participation in such a health insurance program shall be paid for in full by the participating volunteer. Any locality may fund the cost of a volunteer's participation in a mental health treatment and counseling program that is offered to individual members of approved volunteer fire or rescue companies and is comparable to an employee assistance program offered to paid employees of the locality.

B. In the event a county or city elects to provide one or more of such programs for its officers and employees, it shall provide such programs to the constitutional officers and their employees on the same basis as provided to other officers and employees, unless the constitutional officers and employees are covered under a state program, and the cost of such local program shall be borne entirely by the locality or shared with the employee.

C. 1. Except as otherwise provided herein, in the event the governing body of any locality elects to provide group accident and health insurance for its officers and employees, including constitutional officers and their employees, such programs shall require that upon retirement, or upon the effective date of this provision for those who have previously retired, any such individual with (i) at least 15 years of continuous employment with the locality or (ii) less than 15 years of continuous employment who has retired due to line-of-duty injuries may choose to continue his coverage with the insurer at the retiree's expense until such individual attains 65 years of age at the insurer's customary premium rate applicable (a) to such policies, (b) to the class of risk to which the person then belongs, and (c) to his age.

2. The governing body, when providing this coverage, may further provide that the retiree be rated separately from the active employees covered under the group plan offered by such governing body.

3. Any locality that has not offered the opportunity to continue group health coverage provided by the locality as required by subdivision 1 to its retirees who had retired on or before June 30, 1993, and who meet the criteria for such coverage as set forth in subdivision 1, shall do so by July 1, 2000. Any retiree from the service of a locality who had retired on or before June 30, 1993, and who meets the criteria to continue his group health coverage from the locality under subdivision 1 who has not yet elected to continue his group health coverage from the locality shall elect whether to do so by July 1, 2000.

4. Nothing herein shall prohibit a locality from providing group accident and health coverage or benefits for its retirees in addition to the coverage required under this section.

D. Any locality that offers group health plans to its employees and the employees of constitutional officers and its retirees, as provided by this section or otherwise, may provide in the plan providing such coverage that any retiree who is participating in a group health plan provided by the locality who subsequently terminates his participation in such plan may not thereafter rejoin a group health plan provided by the locality.

Any dealer making a sale for resale which is not in strict compliance with such regulations shall be personally liable for payment of the tax.

The terms "retail sale" and a "sale at retail" specifically include the following: (i) the sale or charges for any room or rooms, lodgings, or accommodations furnished to transients for less than 90 continuous days by any hotel, motel, inn, tourist camp, tourist cabin, camping grounds, club, or any other place in which rooms, lodging, space, or accommodations are regularly furnished to transients for a consideration; (ii) sales of tangible personal property to persons for resale when because of the operation of the business, or its very nature, or the lack of a place of business in which to display a certificate of registration, or the lack of a place of business in which to keep records, or the lack of adequate records, or because such persons are minors or transients, or because such persons are engaged in essentially service businesses, or for any other reason there is likelihood that the Commonwealth will lose tax funds due to the difficulty of policing such business operations; (iii) the separately stated charge made for automotive refinish repair materials that are permanently applied to or affixed to a motor vehicle during its repair; and (iv) the separately stated charge for equipment available for lease or purchase by a provider of satellite television programming to the customer of such programming. "Sales price" means the total amount for which tangible personal property or services are sold, including any services that are a part of the sale, valued in money, whether paid in money or otherwise, and includes any amount for which credit is given to the purchaser, consumer, or lessee by the dealer, without any deduction therefrom on account of the cost of the property sold, the cost of materials used, labor or service costs, losses or any other expenses whatsoever. "Sales price" does not include (i) any cash discount allowed and taken; (ii) finance charges, carrying charges, service charges or interest from credit extended on sales of tangible personal property under conditional sale contracts or other conditional contracts providing for deferred payments of the purchase price; (iii) separately stated local property taxes collected; (iv) that portion of the amount paid by the purchaser as a discretionary gratuity added to the price of a meal; or (v) that portion of the amount paid by the purchaser as a mandatory gratuity or service charge added by a restaurant to the price of a meal, but only to the extent that such mandatory gratuity or service charge does not exceed 20 percent of the price of the meal. Where used articles are taken in trade, or in a series of trades as a credit or part payment on the sale of new or used articles, the tax levied by this chapter shall be paid on the net difference between the sales price of the new or used articles and the credit for the used articles.

§ 58.1-605. To what extent and under what conditions cities and counties may levy local sales taxes; collection thereof by Commonwealth and return of revenue to each city or county entitled thereto.

A. No county, city or town shall impose any local general sales or use tax or any local general retail sales or use tax except as authorized by this section or § 58.1-605.1.

B. The council of any city and the governing body of any county may levy a general retail sales tax at the rate of one percent to provide revenue for the general fund of such city or county. Such tax shall be added to the rate of the state sales tax imposed by §§ 58.1-603 and 58.1-604 and shall be subject to all the provisions of this chapter and the rules and regulations published with respect thereto. No discount under § 58.1-622 shall be allowed on a local sales tax.

C. 1. The council of any city and the governing body of any county desiring to impose a local sales tax under this section may do so by the adoption of an ordinance stating its purpose and referring to this section, and providing that such ordinance shall be effective on the first day of a month at least 60 days after its adoption. A certified copy of such ordinance shall be forwarded to the Tax Commissioner so that it will be received within five days after its adoption.

2. Prior to any change in the rate of any local sales and use tax, the Tax Commissioner shall provide remote sellers with at least 30 days' notice. Any change in the rate of any local sales and use tax shall only become effective on the first day of a calendar quarter. Failure to provide notice pursuant to this section shall require the Commonwealth and the locality to apply the preceding effective rate until 30 days after notification is provided.

D. Any local sales tax levied under this section shall be administered and collected by the Tax Commissioner in the same manner and subject to the same penalties as provided for the state sales tax.

E. All local sales tax moneys collected by the Tax Commissioner under this section shall be paid into the state treasury to the credit of a special fund which is hereby created on the Comptroller's books under the name "Collections of Local Sales Taxes." Such local sales tax moneys shall be credited to the account of each particular city or county levying a local sales tax under this section. The basis of such credit shall be the city or county in which the sales were made as shown by the records of the Department and certified by it monthly to the Comptroller, namely, the city or county of location of each place of business of every dealer paying the tax to the Commonwealth without regard to the city or county of possible use by the purchasers. If a dealer has any place of business located in more than one political subdivision by reason of the boundary line or lines passing through such place of business, the amount of sales tax paid by such a dealer with respect to such place of business shall be treated for the purposes of this section as follows: one-half shall be assignable to each political subdivision where two are involved, one-third where three are involved, and one-fourth where four are involved.

F. As soon as practicable after the local sales tax moneys have been paid into the state treasury in any month for the preceding month, the Comptroller shall draw his warrant on the Treasurer of Virginia in the proper amount in favor of each city or county entitled to the monthly return of its local sales tax moneys, and such payments shall be charged to the account of each such city or county under the special fund created by this section. If errors are made in any such payment, or adjustments are otherwise necessary, whether attributable to refunds to taxpayers, or to some other fact, the errors shall be corrected and adjustments made in the payments for the next two months as follows: one-half of the total adjustment shall be included in the payments for the next two months. In addition, the payment shall include a refund of amounts erroneously not paid to the city or county and not previously refunded during the three years preceding the discovery of the error. A correction and adjustment in payments described in this subsection due to the misallocation of funds by the dealer shall be made within three years of the date of the payment error.

G. Such payments to counties are subject to the qualification that in any county wherein is situated any incorporated town constituting a special school district and operated as a separate school district under a town school board of three members appointed by the town council, the county treasurer shall pay into the town treasury for general governmental purposes the proper proportionate amount received by him in the ratio that the school age population of such town bears to the school age population of the entire county. If the school age population of any town constituting a separate school district is increased by the annexation of territory since the last estimate of school age population provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this section, be added to the school age population of such town as shown by the last such estimate and a proper reduction made in the school age population of the county or counties from which the annexed territory was acquired.

H. One-half of such payments to counties are subject to the further qualification, other than as set out in subsection G, that in any county wherein is situated any incorporated town not constituting a separate special school district that has complied with its charter provisions providing for the election of its council and mayor for a period of at least four years immediately prior to the adoption of the sales tax ordinance, the county treasurer shall pay into the town treasury of each such town for general governmental purposes the proper proportionate amount received by him in the ratio that the school age population of each such town bears to the school age population of the entire county, based on the latest estimate provided by the Weldon Cooper Center for Public Service. The preceding requirement pertaining to the time interval between compliance with election provisions and adoption of the sales tax ordinance shall not apply to a tier-city. If the school age population of any such town not constituting a separate special school district is increased by the annexation of territory or otherwise since the last estimate of school age population provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this section, be added to the school age population of such town as shown by the last such estimate and a proper reduction made in the school age population of the county or counties from which the annexed territory was acquired.

I. Notwithstanding the provisions of subsection H, the board of supervisors of a county may, in its discretion, appropriate funds to any incorporated town not constituting a separate school district within such county that has not complied with the provisions of its charter relating to the elections of its council and mayor, an amount not to exceed the amount it would have received from the tax imposed by this chapter if such election had been held; however, Halifax County and Mecklenburg County may appropriate any amount to any such incorporated town.

J. It is further provided that if any incorporated town which would otherwise be eligible to receive funds from the county treasurer under subsection G or H be located in a county that does not levy a general retail sales tax under the provisions of this law, such town may levy a general retail sales tax at the rate of one percent to provide revenue for the general fund of the town, subject to all the provisions of this section generally applicable to cities and counties. Any tax levied under the authority of this subsection shall in no case continue to be levied on or after the effective date of a county ordinance imposing a general retail sales tax in the county within which such town is located.

The question on the ballot for the referendum shall include language stating (i) that the revenues from the sales tax shall be used solely for capital projects for the construction or renovation of schools and (ii) the date on which the sales tax shall expire.

C. E. All local sales tax moneys collected by the Tax Commissioner under this section shall be paid into the state treasury to the credit of a special fund that is hereby created on the Comptroller's books for *each qualifying locality* under the name "Collections of Additional Local Sales Taxes in ~~Halifax County~~ _____ (INSERT NAME OF THE QUALIFYING LOCALITY)." ~~The~~ *Each* fund shall be administered as provided in § 58.1-605. *A separate fund shall be created for each qualifying locality. Only local sales tax moneys collected in that qualifying locality shall be deposited in that locality's fund.*

F. As soon as practicable after the local sales tax moneys have been paid into the state treasury in any month for the preceding month, the Comptroller shall draw his warrant on the State Treasurer in the proper amount in favor of ~~Halifax County~~ *each qualifying locality*, and such payments shall be charged to the account of ~~Halifax County~~ *the qualifying locality* under ~~the~~ *its* special fund created by this section. If errors are made in any such payment, or adjustments are otherwise necessary, whether attributable to refunds to taxpayers or to some other fact, the errors shall be corrected and adjustments made in the payments for the next two months as follows: one-half of the total adjustment shall be included in the payment for each of the next two months. In addition, the payment shall include a refund of amounts erroneously not paid to ~~Halifax County~~ *each qualifying locality* and not previously refunded during the three years preceding the discovery of the error. A correction and adjustment in payments described in this subsection due to the misallocation of funds by the dealer shall be made within three years of the date of the payment error.

G. The revenues from this tax shall be used solely for capital projects for new construction or major renovation of schools in ~~Halifax County~~ *the qualifying locality*, including bond and loan financing costs related to such construction or renovation.

§ 58.1-606.1. Additional local use tax in certain localities; use of revenues for construction or renovation of schools.

The governing body of ~~Halifax County~~ *a qualifying locality* may levy a use tax at the rate of such sales tax under § 58.1-605.1 to provide revenue for capital projects for the construction or renovation of schools in ~~Halifax County~~ *such locality*. Such tax shall be added to the rates of the state and local use tax imposed by this chapter and shall be subject to all the provisions of this chapter, and all amendments thereof, and the rules and regulations published with respect thereto, except that no discount under § 58.1-622 shall be allowed on a local use tax.

2. Any tax imposed pursuant to this section shall expire (i) if the capital projects for the construction or renovation of schools are to be financed by bonds or loans, on the date by which such bonds or loans shall be repaid or (ii) if the capital projects for the construction or renovation of schools are not to be financed by bonds or loans, on a date chosen by the governing body and specified in any resolution passed pursuant to the provisions of subsection B. Such expiration date shall not be more than 20 years after the date of the resolution passed pursuant to the provisions of subsection B.

B. The governing body of ~~Halifax County~~ *the qualifying locality*, if it elects to impose a local use tax under this section may do so only if it has previously imposed the local sales tax authorized by § 58.1-605.1, by the adoption of an ordinance stating its purpose and referring to this section and providing that the local use tax shall become effective on the first day of a month at least 120 days after its adoption. A certified copy of such ordinance shall be forwarded to the Tax Commissioner so that it will be received within five days after its adoption.

C. D. The local use tax authorized by this section shall not apply to transactions to which the sales tax applies, the situs of which for state and local sales tax purposes is the locality of location of each place of business of every dealer paying the tax to the Commonwealth without regard to the locality of possible use by the purchasers. However, the local use tax authorized by this section shall apply to tangible personal property purchased outside the Commonwealth for use or consumption within the locality imposing the local use tax, or stored within the locality for use or consumption, where the property would have been subject to the sales tax if it had been purchased within the Commonwealth. The local use tax shall also apply to leases or rentals of tangible personal property where the place of business of the lessor is outside the Commonwealth and such leases or rentals are subject to the state tax. Moreover, the local use tax shall apply in all cases in which the state use tax applies.

E. Out-of-state dealers who hold certificates of registration to collect the use tax from their customers for remittance to the Commonwealth shall, to the extent reasonably practicable, in filing their monthly use tax returns with the Tax Commissioner, break down their shipments into the Commonwealth by counties and cities so as to show the county or city of destination. If, however, the out-of-state dealer is unable accurately to assign any shipment to a particular county or city, the local use tax on the tangible personal property involved shall be remitted to the Commonwealth by such dealer without attempting to assign the shipment to any county or city.

F. Local use tax revenue shall be deposited in the special fund established pursuant to subsection E of § 58.1-605.1. The Comptroller shall distribute the revenue to ~~Halifax County~~ *the qualifying locality*.

Further, "industrial in nature" includes, but is not limited to, those businesses classified in codes 10 through 14 and 20 through 39 published in the Standard Industrial Classification Manual for 1972 and any supplements issued thereafter.

"Open video system" means an open video system authorized pursuant to 47 U.S.C. § 573 and, for purposes of this chapter only, also includes Internet service regardless of whether the provider of such service is also a telephone common carrier.

§ 58.1-605. To what extent and under what conditions cities and counties may levy local sales taxes; collection thereof by Commonwealth and return of revenue to each city or county entitled thereto.

A. No county, city or town shall impose any local general sales or use tax or any local general retail sales or use tax except as authorized by this section or § 58.1-605.1.

B. The council of any city and the governing body of any county may levy a general retail sales tax at the rate of one percent to provide revenue for the general fund of such city or county. Such tax shall be added to the rate of the state sales tax imposed by §§ 58.1-603 and 58.1-604 and shall be subject to all the provisions of this chapter and the rules and regulations published with respect thereto. No discount under § 58.1-622 shall be allowed on a local sales tax.

C. 1. The council of any city and the governing body of any county desiring to impose a local sales tax under this section may do so by the adoption of an ordinance stating its purpose and referring to this section, and providing that such ordinance shall be effective on the first day of a month at least 60 days after its adoption. A certified copy of such ordinance shall be forwarded to the Tax Commissioner so that it will be received within five days after its adoption.

2. Prior to any change in the rate of any local sales and use tax, the Tax Commissioner shall provide remote sellers with at least 30 days' notice. Any change in the rate of any local sales and use tax shall only become effective on the first day of a calendar quarter. Failure to provide notice pursuant to this section shall require the Commonwealth and the locality to apply the preceding effective rate until 30 days after notification is provided.

D. Any local sales tax levied under this section shall be administered and collected by the Tax Commissioner in the same manner and subject to the same penalties as provided for the state sales tax.

E. All local sales tax moneys collected by the Tax Commissioner under this section shall be paid into the state treasury to the credit of a special fund which is hereby created on the Comptroller's books under the name "Collections of Local Sales Taxes." Such local sales tax moneys shall be credited to the account of each particular city or county levying a local sales tax under this section. The basis of such credit shall be the city or county in which the sales were made as shown by the records of the Department and certified by it monthly to the Comptroller, namely, the city or county of location of each place of business of every dealer paying the tax to the Commonwealth without regard to the city or county of possible use by the purchasers. If a dealer has any place of business located in more than one political subdivision by reason of the boundary line or lines passing through such place of business, the amount of sales tax paid by such a dealer with respect to such place of business shall be treated for the purposes of this section as follows: one-half shall be assignable to each political subdivision where two are involved, one-third where three are involved, and one-fourth where four are involved.

F. As soon as practicable after the local sales tax moneys have been paid into the state treasury in any month for the preceding month, the Comptroller shall draw his warrant on the Treasurer of Virginia in the proper amount in favor of each city or county entitled to the monthly return of its local sales tax moneys, and such payments shall be charged to the account of each such city or county under the special fund created by this section. If errors are made in any such payment, or adjustments are otherwise necessary, whether attributable to refunds to taxpayers, or to some other fact, the errors shall be corrected and adjustments made in the payments for the next two months as follows: one-half of the total adjustment shall be included in the payments for the next two months. In addition, the payment shall include a refund of amounts erroneously not paid to the city or county and not previously refunded during the three years preceding the discovery of the error. A

correction and adjustment in payments described in this subsection due to the misallocation of funds by the dealer shall be made within three years of the date of the payment error.

G. Such payments to counties are subject to the qualification that in any county wherein is situated any incorporated town constituting a special school district and operated as a separate school district under a town school board of three members appointed by the town council, the county treasurer shall pay into the town treasury for general governmental purposes the proper proportionate amount received by him in the ratio that the school age population of such town bears to the school age population of the entire county. If the school age population of any town constituting a separate school district is increased by the annexation of territory since the last estimate of school age population provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this section, be added to the school age population of such town as shown by the last such estimate and a proper reduction made in the school age population of the county or counties from which the annexed territory was acquired.

H. One-half of such payments to counties are subject to the further qualification, other than as set out in subsection G, that in any county wherein is situated any incorporated town not constituting a separate special school district that has complied with its charter provisions providing for the election of its council and mayor for a period of at least four years immediately prior to the adoption of the sales tax ordinance, the county treasurer shall pay into the town treasury of each such town for general governmental purposes the proper proportionate amount received by him in the ratio that the school age population of each such town bears to the school age population of the entire county, based on the latest estimate provided by the Weldon Cooper Center for Public Service. The preceding requirement pertaining to the time interval between compliance with election provisions and adoption of the sales tax ordinance shall not apply to a tier-city. If the school age population of any such town not constituting a separate special school district is increased by the annexation of territory or otherwise since the last estimate of school age population provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this section, be added to the school age population of such town as shown by the last such estimate and a proper reduction made in the school age population of the county or counties from which the annexed territory was acquired.

I. Notwithstanding the provisions of subsection H, the board of supervisors of a county may, in its discretion, appropriate funds to any incorporated town not constituting a separate school district within such county that has not complied with the provisions of its charter relating to the elections of its council and mayor, an amount not to exceed the amount it would have received from the tax imposed by this chapter if such election had been held; however, Halifax County and Mecklenburg County may appropriate any amount to any such incorporated town.

J. It is further provided that if any incorporated town which would otherwise be eligible to receive funds from the county treasurer under subsection G or H be located in a county that does not levy a general retail sales tax under the provisions of this law, such town may levy a general retail sales tax at the rate of one percent to provide revenue for the general fund of the town, subject to all the provisions of this section generally applicable to cities and counties. Any tax levied under the authority of this subsection shall in no case continue to be levied on or after the effective date of a county ordinance imposing a general retail sales tax in the county within which such town is located.

E. All local sales tax moneys collected by the Tax Commissioner under this section shall be paid into the state treasury to the credit of a special fund that is hereby created on the Comptroller's books *for each qualifying locality* under the name "Collections of Additional Local Sales Taxes in ~~Halifax County~~ *(INSERT NAME OF THE QUALIFYING LOCALITY)*." ~~The~~ *Each* fund shall be administered as provided in § 58.1-605. *A separate fund shall be created for each qualifying locality. Only local sales tax moneys collected in that qualifying locality shall be deposited in that locality's fund.*

F. As soon as practicable after the local sales tax moneys have been paid into the state treasury in any month for the preceding month, the Comptroller shall draw his warrant on the State Treasurer in the proper amount in favor of ~~Halifax County~~ *each qualifying locality*, and such payments shall be charged to the account of ~~Halifax County~~ *the qualifying locality* under ~~the~~ *its* special fund created by this section. If errors are made in any such payment, or adjustments are otherwise necessary, whether attributable to refunds to taxpayers or to some other fact, the errors shall be corrected and adjustments made in the payments for the next two months as follows: one-half of the total adjustment shall be included in the payment for each of the next two months. In addition, the payment shall include a refund of amounts erroneously not paid to ~~Halifax County~~ *each qualifying locality* and not previously refunded during the three years preceding the discovery of the error. A correction and adjustment in payments described in this subsection due to the misallocation of funds by the dealer shall be made within three years of the date of the payment error.

G. The revenues from this tax shall be used solely for capital projects for new construction or major renovation of schools in ~~Halifax County~~ *the qualifying locality*, including bond and loan financing costs related to such construction or renovation.

§ 58.1-606.1. Additional local use tax in certain localities; use of revenues for construction or renovation of schools.

A. 1. The governing body of ~~Halifax County~~ *a qualifying locality* may levy a use tax at the rate of such sales tax under § 58.1-605.1 to provide revenue for capital projects for the construction or renovation of schools in ~~Halifax County~~ *such locality*. Such tax shall be added to the rates of the state and local use tax imposed by this chapter and shall be subject to all the provisions of this chapter, and all amendments thereof, and the rules and regulations published with respect thereto, except that no discount under § 58.1-622 shall be allowed on a local use tax.

2. Any tax imposed pursuant to this section shall expire (i) if the capital projects for the construction or renovation of schools are to be financed by bonds or loans, on the date by which such bonds or loans shall be repaid or (ii) if the capital projects for the construction or renovation of schools are not to be financed by bonds or loans, on a date chosen by the governing body and specified in any resolution passed pursuant to the provisions of subsection B. Such expiration date shall not be more than 20 years after the date of the resolution passed pursuant to the provisions of subsection B.

B. The governing body of ~~Halifax County~~ *the qualifying locality*, if it elects to impose a local use tax under this section may do so only if it has previously imposed the local sales tax authorized by § 58.1-605.1, by the adoption of an ordinance stating its purpose and referring to this section and providing that the local use tax shall become effective on the first day of a month at least 120 days after its adoption. Such ordinance shall state the date on which the use tax shall expire. A certified copy of such ordinance shall be forwarded to the Tax Commissioner so that it will be received within five days after its adoption.

C. D. The local use tax authorized by this section shall not apply to transactions to which the sales tax applies, the situs of which for state and local sales tax purposes is the locality of location of each place of business of every dealer paying the tax to the Commonwealth without regard to the locality of possible use by the purchasers. However, the local use tax authorized by this section shall apply to tangible personal property purchased outside the Commonwealth for use or consumption within the locality imposing the local use tax, or stored within the locality for use or consumption, where the property would have been subject to the sales tax if it had been purchased within the Commonwealth. The local use tax shall also apply to leases or rentals of tangible personal property where the place of business of the lessor is outside the Commonwealth and such leases or rentals are subject to the state tax. Moreover, the local use tax shall apply in all cases in which the state use tax applies.

E. Out-of-state dealers who hold certificates of registration to collect the use tax from their customers for remittance to the Commonwealth shall, to the extent reasonably practicable, in filing their monthly use tax returns with the Tax Commissioner, break down their shipments into the Commonwealth by counties and cities so as to show the county or city of destination. If, however, the out-of-state dealer is unable accurately to assign any shipment to a particular county or city, the local use tax on the tangible personal property involved shall be remitted to the Commonwealth by such dealer without attempting to assign the shipment to any county or city.

F. Local use tax revenue shall be deposited in the special fund established pursuant to subsection E of § 58.1-605.1. The Comptroller shall distribute the revenue to ~~Halifax County~~ *the qualifying locality*.

The amount of the annual credit for each new green job shall be \$500 for each annual salary that is \$50,000 or more. The credit shall be first allowed for the taxable year in which the job has been filled for at least one year and for each of the four succeeding taxable years provided the job is continuously filled during the respective taxable year. Each taxpayer qualifying under this section shall be allowed the credit for up to 350 green jobs.

B. As used in this section:

The Secretary of Commerce and Trade shall develop a detailed definition and list of jobs that qualify for the credit provided in this section and shall post them on his website.

"Job" means employment of an indefinite duration of an individual whose primary work activity is related directly to the field of renewable, alternative energies and for which the standard fringe benefits are paid by the taxpayer, requiring a minimum of either (i) 35 hours of an employee's time per week for the entire normal year of such taxpayer's operations, which "normal year" must consist of at least 48 weeks, or (ii) 1,680 hours per year. D. The amount of the credit *that may be claimed in any single taxable year* shall not exceed the ~~total amount of tax taxpayer's liability for taxes~~ imposed by this chapter for ~~the~~ that taxable year ~~in which the green job was continuously filled~~. If the amount of credit allowed *under this section* exceeds the taxpayer's tax liability for *the taxable year in which the green job was continuously filled* such taxable year, the amount that exceeds the tax liability may be carried over for credit against the income taxes of the taxpayer in the next five taxable years or until the total amount of the tax credit has been taken, whichever is sooner.

E. Credits granted to a partnership, limited liability company, or electing small business corporation (S corporation) shall be allocated to the individual partners, members, or shareholders, respectively, in proportion to their ownership or interest in such business entities.

F. If the taxpayer is eligible for the tax credits under this section and creates green jobs in an enterprise zone, as defined in § 59.1-539, such taxpayer may also qualify for the benefits under the Enterprise Zone Grant Program (§ 59.1-538 et seq.).

A taxpayer shall not be allowed a tax credit pursuant to this section for any green job for which the taxpayer is allowed (i) a major business facility job tax credit pursuant to § 58.1-439 or (ii) a federal tax credit for investments in manufacturing facilities for clean energy technologies that would foster investment and job creation in clean energy manufacturing.

CHAPTER 430

An Act to amend and reenact § 58.1-439.12:04 of the Code of Virginia, relating to tax credit for participating landlords.

[H 590]

Approved March 23, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-439.12:04 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-439.12:04. Tax credit for participating landlords.

A. As used in this section, unless the context clearly shows otherwise, the term or phrase:

"Dwelling unit" means an individual housing unit in an apartment building, an individual housing unit in multifamily residential housing, a single-family residence, or any similar individual housing unit.

"Eligible census tract" means a census tract in Virginia in which less than 10 percent of the residents live below the poverty level, as defined by the United States government and determined by the most recent United States census.

"Eligible housing area" means ~~a~~ an eligible census tract in (i) the Richmond Metropolitan Statistical Area, (ii) the Washington-Arlington-Alexandria Metropolitan Statistical Area, or (iii) the Virginia Beach-Norfolk-Newport News Metropolitan Statistical Area ~~in which less than 10 percent of the residents live below the poverty level, as defined by the United States government and determined by the most recent United States census.~~

"Housing authority" means a housing authority created under Article 1 (§ 36-1 et seq.) of Chapter 1 of Title 36 or other government agency that is authorized by the United States government under the United States Housing Act of 1937 (42 U.S.C. § 1437 et seq.) to administer a housing choice voucher program, or the authorized agent of such a housing authority that is authorized to act upon that authority's behalf. The term shall also include the Virginia Housing Development Authority.

"Housing choice voucher" means tenant-based assistance by a housing authority pursuant to 42 U.S.C. § 1437f et seq.

"Participating landlord" means any person engaged in the business of the rental of dwelling units who is (i) subject to the Virginia Residential Landlord and Tenant Act (§ 55.1-1200 et seq.) and (ii) performing obligations under a contract with a housing authority relating to the rental of qualified housing units.

"Qualified housing unit" means a dwelling unit that is located in an eligible housing area for which a portion of the rent is paid by a housing authority, which payment is pursuant to a housing choice voucher program.

B. For taxable years beginning on or after January 1, 2010, *but before January 1, 2025*, a participating landlord renting a qualified housing unit shall be eligible for a credit against the tax levied pursuant to § 58.1-320 or 58.1-400 in an amount equal to 10 percent of the fair market value of the rent for the unit, computed for that portion of the taxable year in which the unit was rented by such landlord to a tenant participating in a housing choice voucher program. The Department of Housing and Community Development shall administer and issue the tax credit under this section. If (i) the same parcel of real property contains four or more dwelling units and (ii) the total number of qualified housing units on the parcel in the relevant taxable year exceeds 25 percent of the total dwelling units on the parcel, then the tax credit under this section shall apply only to a limited number of qualified housing units with regard to such parcel of real property, with the limited number being equal to 25 percent of the total dwelling units on such parcel of real property in the taxable year.

C. The Department of Housing and Community Development shall issue tax credits under this section on a fiscal year basis. The maximum amount of tax credits that may be issued under this section in each fiscal year shall be \$250,000.

D. Participating landlords shall apply to the Department of Housing and Community Development for tax credits under this section. The Department of Housing and Community Development shall determine the credit amount allowable to the participating landlord for the taxable year and shall also determine the fair market value of the rent for the qualified housing unit based on the fair market rent approved by the United States Department of Housing and Urban Development as the basis for the tenant-based assistance provided through the housing choice voucher program for the qualified housing unit. In issuing tax credits under this section, the Department of Housing and Community Development shall provide a written certification to the participating landlord, which certification shall report the amount of the tax credit approved by the Department. The participating landlord shall attach the certification to the applicable income tax return.

E. The Board of Housing and Community Development shall establish and issue guidelines for purposes of implementing the provisions of this section. The guidelines shall provide for the allocation of tax credits among participating landlords requesting credits. The guidelines shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.).

F. In no case shall the amount of credit taken by a participating landlord for any taxable year exceed the total amount of tax imposed by this chapter for the taxable year. If the amount of credit issued by the Department of Housing and Community Development for a taxable year exceeds the landlord's tax liability imposed by this chapter for such taxable year, then the amount that exceeds the tax liability may be carried over for credit against the income taxes of the participating landlord in the next five taxable years or until the total amount of the tax credit issued has been taken, whichever is sooner. Credits granted to a partnership, limited liability company, or electing small business corporation (S corporation) shall be allocated to the individual partners, members, or shareholders, respectively, in proportion to their ownership or interest in such business entities.

G. In the event that the amount of the qualified requests for tax credits for participating landlords in the fiscal year exceeds \$250,000, the Department of Housing and Community Development shall pro rate the tax credits among the qualified applicants.

§ 51.1-155. Service retirement allowance.

A. Retirement allowance. — A member shall receive an annual retirement allowance, payable for life, as follows:

1. Normal retirement. — The allowance shall equal 1.70 percent of his average final compensation multiplied by the amount of his creditable service. Notwithstanding the foregoing, for a member who (i) is a person who becomes a member on or after July 1, 2010, or (ii) does not have at least 60 months of creditable service as of January 1, 2013, the allowance shall equal the sum of (a) 1.65 percent of his average final compensation multiplied by the amount of his creditable service performed or purchased on or after January 1, 2013, and (b) 1.70 percent of his average final compensation multiplied by the amount of all other creditable service.
2. Early retirement; applicable to teachers, state employees, and certain others. — The allowance shall be determined in the same manner as for normal retirement with creditable service and average final compensation being determined as of the date of actual retirement. If the member has less than 30 years of service at retirement, the amount of the retirement allowance shall be reduced on an actuarial equivalent basis for the period by which the actual retirement date precedes the

earlier of (i) his normal retirement date or (ii) the first date on which he would have completed a total of 30 years of creditable service. The provisions of this subdivision shall apply to teachers and state employees. These provisions shall also apply to employees of any political subdivision that participates in the retirement system if the political subdivision makes the election provided in subdivision 3.

3. Early retirement; applicable to employees of certain political subdivisions, any person who becomes a member on or after July 1, 2010, and any member who does not have at least 60 months of creditable service as of January 1, 2013. — The allowance shall be determined in the same manner as for normal retirement with creditable service and average final compensation being determined as of the date of actual retirement. If the creditable service of the member equals 30 or more years but the sum of his age at retirement plus his creditable service at retirement is less than 90, the amount of the retirement allowance shall be reduced on an actuarial equivalent basis for the period by which the actual retirement date precedes the earlier of (i) his normal retirement date or (ii) the first date on which the sum of his then attained age plus his then creditable service would have been equal to 90 or more had he remained in service until such date. If the member has less than 30 years of creditable service, the retirement allowance shall be reduced for the period by which the actual retirement date precedes the earlier of (i) his normal retirement date or (ii) the first date on which he would have completed a total of at least 30 years of creditable service and his then creditable service plus his then attained age would have been equal to 90 or more.

The provisions of this subdivision shall apply to the employees of any political subdivision that participates in the retirement system and any other employees as provided by law. The participating political subdivision may, however, elect to provide its employees with the early retirement allowance set forth in subdivision 2. No such election shall be made for a person who becomes a member on or after July 1, 2010, or a member who does not have at least 60 months of creditable service as of January 1, 2013. Any election pursuant to this subdivision shall be set forth in a legally adopted resolution.

Notwithstanding the foregoing, a political subdivision by legally adopted resolution may declare to the Board that, for purposes of this subdivision, subdivisions B 1 and B 3 and subsection D of § 51.1-153, any person who meets the definition of "emergency medical services personnel" in § 32.1-111.1 or is employed as a firefighter or law-enforcement officer as those terms are defined in § 15.2-1512.2 (i) shall not be considered a person who becomes a member on or after July 1, 2010, and (ii) shall be deemed to have at least 60 months of creditable service as of January 1, 2013. Such resolution shall be irrevocable.

4. Additional allowance. — In addition to the allowance payable under subdivisions 1, 2, and 3, a member shall receive an additional allowance which shall be the actuarial equivalent, for his attained age at the time of retirement, of the excess of his accumulated contributions transferred from the abolished system to the retirement system, including interest credited at the rate of two percent compounded annually since the transfer to the date of retirement, over the annual amounts equal to four percent of his annual creditable compensation at the date of abolishment for a period equal to his period of membership in the abolished system.

5. 50/10 retirement. — The allowance shall be payable in a monthly stream of payments equal to the greater of (i) the actuarial equivalent of the benefit the member would have received had he terminated service and deferred retirement to age 55 or (ii) the actuarially calculated present value of the member's accumulated contributions, including accrued interest.

B. Beneficiary serving in position covered by this title.

1. Except as provided in subdivisions 2 and 3, if a beneficiary of a service retirement allowance under this chapter or the provisions of Chapters 2 (§ 51.1-200 et seq.), 2.1 (§ 51.1-211 et seq.), or 3 (§ 51.1-300 et seq.) is at any time in service as an employee in a position covered for retirement purposes under the provisions of this or any chapter other than Chapter 6 (§ 51.1-600 et seq.), 6.1 (§ 51.1-607 et seq.), or 7 (§ 51.1-700 et seq.), his retirement allowance shall cease while so employed. Any member who retires and later returns to covered employment shall not be entitled to select a different retirement option for a subsequent retirement.

2. Active members of the General Assembly who are eligible to receive a retirement allowance under this title, excluding their service as a member of the General Assembly, shall be eligible to receive a retirement allowance based on their creditable service and average final compensation for service other than as a member of the General Assembly. Such members of the General Assembly shall continue to be reported as any other members of the retirement system. Upon ceasing to serve in the General Assembly, members of the General Assembly receiving a retirement allowance based on their creditable service and average final compensation for service other than as a member of the General Assembly shall have their retirement allowance recomputed prospectively to include their service as a member of the General Assembly. Active members of the General Assembly shall be prohibited from receiving a service retirement allowance under this title based solely on their service as a member of the General Assembly.

3. (Expires July 1, 2025) Any person receiving a service retirement allowance under this chapter, who is hired ~~as~~ by a local school board as an instructional or administrative employee required to be licensed by the Board of Education or as a school bus driver, may elect to continue to receive the retirement allowance during such employment, under the following conditions:

(a) The person has been receiving such retirement allowance for a certain period of time preceding his employment as provided by law;

(b) The person is not receiving a retirement benefit pursuant to an early retirement incentive program from any local school division within the Commonwealth; and

(c) At the time the person is employed, the position to which he is assigned is among those identified by the Superintendent of Public Instruction pursuant to subdivision 4 of § 22.1-23, by the relevant division superintendent, pursuant to § 22.1-70.3, or by the relevant local school board, pursuant to subdivision 9 of § 22.1-79.

If the person elects to continue to receive the retirement allowance during the period of such employment, then his service performed and compensation received during such period of time will not increase, decrease, or affect in any way his retirement benefits before, during, or after such employment.

CHAPTER 442

An Act to amend and reenact § 15.2-2286 of the Code of Virginia, relating to zoning; alcoholic beverage control licenses.

[H 731]

Approved March 25, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2286 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2286. Permitted provisions in zoning ordinances; amendments; applicant to pay delinquent taxes; penalties.

A. A zoning ordinance may include, among other things, reasonable regulations and provisions as to any or all of the following matters:

1. For variances or special exceptions, as defined in § 15.2-2201, to the general regulations in any district.
2. For the temporary application of the ordinance to any property coming into the territorial jurisdiction of the governing body by annexation or otherwise, subsequent to the adoption of the zoning ordinance, and pending the orderly amendment of the ordinance.
3. For the granting of special exceptions under suitable regulations and safeguards; notwithstanding any other provisions of this article, the governing body of any locality may reserve unto itself the right to issue such special exceptions. Conditions imposed in connection with residential special use permits, wherein the applicant proposes affordable housing, shall be consistent with the objective of providing affordable housing. When imposing conditions on residential projects specifying materials and methods of construction or specific design features, the approving body shall consider the impact of the conditions upon the affordability of housing.

The governing body or the board of zoning appeals of the ~~City of~~ *Cities of Hampton and Norfolk* may impose a condition upon any special exception *or use permit* relating to retail alcoholic beverage control licenses which provides that such special exception *or use permit* will automatically expire upon a change of ownership of the property, a change in possession, a change in the operation or management of a facility, or ~~upon~~ the passage of a specific period of time.

The governing body of the City of Richmond may impose a condition upon any special use permit issued after July 1, 2000, relating to retail alcoholic beverage licensees which provides that such special use permit shall be subject to an automatic review by the governing body upon a change in possession, a change in the owner of the business, or a transfer of majority control of the business entity. Upon review by the governing body, it may either amend or revoke the special use permit after notice and a public hearing as required by § 15.2-2206.

4. For the administration and enforcement of the ordinance including the appointment or designation of a zoning administrator who may also hold another office in the locality. The zoning administrator shall have all necessary authority on behalf of the governing body to administer and enforce the zoning ordinance. His authority shall include (i) ordering in writing the remedying of any condition found in violation of the ordinance; (ii) insuring compliance with the ordinance, bringing legal action, including injunction, abatement, or other appropriate action or proceeding subject to appeal pursuant to § 15.2-2311; and (iii) in specific cases, making findings of fact and, with concurrence of the attorney for the governing body, conclusions of law regarding determinations of rights accruing under § 15.2-2307 or subsection C of § 15.2-2311.

Whenever the zoning administrator has reasonable cause to believe that any person has engaged in or is engaging in any violation of a zoning ordinance that limits occupancy in a residential dwelling unit, which is subject to a civil penalty that may be imposed in accordance with the provisions of § 15.2-2209, and the zoning administrator, after a good faith effort to obtain the data or information necessary to determine whether a violation has occurred, has been unable to obtain such information, he may request that the attorney for the locality petition the judge of the general district court for his jurisdiction for a subpoena duces tecum against any such person refusing to produce such data or information. The judge of the court, upon good cause shown, may cause the subpoena to be issued. Any person failing to comply with such subpoena shall be subject to punishment for contempt by the court issuing the subpoena. Any person so subpoenaed may apply to the judge who issued the subpoena to quash it.

Notwithstanding the provisions of § 15.2-2311, a zoning ordinance may prescribe an appeal period of less than 30 days, but not less than 10 days, for a notice of violation involving temporary or seasonal commercial uses, parking of commercial trucks in residential zoning districts, maximum occupancy limitations of a residential dwelling unit, or similar short-term, recurring violations.

Where provided by ordinance, the zoning administrator may be authorized to grant a modification from any provision contained in the zoning ordinance with respect to physical requirements on a lot or parcel of land, including but not limited to size, height, location or features of or related to any building, structure, or improvements, if the administrator finds in writing that: (i) the strict application of the ordinance would produce undue hardship; (ii) such hardship is not shared generally by other properties in the same zoning district and the same vicinity; and (iii) the authorization of the modification will not be of substantial detriment to adjacent property and the character of the zoning district will not be changed by the granting of the modification. Prior to the granting of a modification, the zoning administrator shall give, or require the applicant to give, all adjoining property owners written notice of the request for modification, and an opportunity to respond to the request within 21 days of the date of the notice. The zoning administrator shall make a decision on the application for modification and issue a written decision with a copy provided to the applicant and any adjoining landowner who responded in writing to the notice sent pursuant to this paragraph. The decision of the zoning administrator shall constitute a decision within the purview of § 15.2-2311, and may be appealed to the board of zoning appeals as provided by that section. Decisions of the board of zoning appeals may be appealed to the circuit court as provided by § 15.2-2314.

The zoning administrator shall respond within 90 days of a request for a decision or determination on zoning matters within the scope of his authority unless the requester has agreed to a longer period.

5. For the imposition of penalties upon conviction of any violation of the zoning ordinance. Any such violation shall be a misdemeanor punishable by a fine of not more than \$1,000. If the violation is uncorrected at the time of the conviction, the court shall order the violator to abate or remedy the violation in compliance with the zoning ordinance, within a time period established by the court. Failure to remove or abate a zoning violation within the specified time period shall constitute a separate misdemeanor offense punishable by a fine of not more than \$1,000; any such failure during a succeeding 10-day period shall constitute a separate misdemeanor offense punishable by a fine of not more than \$1,500; and any such failure during any succeeding 10-day period shall constitute a separate misdemeanor offense for each 10-day period punishable by a fine of not more than \$2,000.

However, any conviction resulting from a violation of provisions regulating the number of unrelated persons in single-family residential dwellings shall be punishable by a fine of up to \$2,000. Failure to abate the violation within the specified time period shall be punishable by a fine of up to \$5,000, and any such failure during any succeeding 10-day period shall constitute a separate misdemeanor offense for each 10-day period punishable by a fine of up to \$7,500. However, no such fine shall accrue against an owner or managing agent of a single-family residential dwelling unit during the pendency of any legal action commenced by such owner or managing agent of such dwelling unit against a tenant to eliminate an overcrowding condition in accordance with the Virginia Residential Landlord and Tenant Act (§ 55.1-1200 et seq.). A conviction resulting from a violation of provisions regulating the number of unrelated persons in single-family residential dwellings shall not be punishable by a jail term.

6. For the collection of fees to cover the cost of making inspections, issuing permits, advertising of notices and other expenses incident to the administration of a zoning ordinance or to the filing or processing of any appeal or amendment thereto.

7. For the amendment of the regulations or district maps from time to time, or for their repeal. Whenever the public necessity, convenience, general welfare, or good zoning practice requires, the governing body may by ordinance amend, supplement, or change the regulations, district boundaries, or classifications of property. Any such amendment may be initiated (i) by resolution of the governing body; (ii) by motion of the local planning commission; or (iii) by petition of the owner, contract purchaser with the owner's written consent, or the owner's agent therefor, of the property which is the subject of the proposed zoning map amendment, addressed to the governing body or the local planning commission, who shall forward such petition to the governing body; however, the ordinance may provide for the consideration of proposed amendments only at specified intervals of time, and may further provide that substantially the same petition will not be reconsidered within a specific period, not exceeding one year. Any such resolution or motion by such governing body or commission proposing the rezoning shall state the above public purposes therefor.

In any county having adopted such zoning ordinance, all motions, resolutions or petitions for amendment to the zoning ordinance, and/or map shall be acted upon and a decision made within such reasonable time as may be necessary which shall not exceed 12 months unless the applicant requests or consents to action beyond such period or unless the applicant withdraws his motion, resolution or petition for amendment to the zoning ordinance or map, or both. In the event of and upon such withdrawal, processing of the motion, resolution or petition shall cease without further action as otherwise would be required by this subdivision.

8. For the submission and approval of a plan of development prior to the issuance of building permits to assure compliance with regulations contained in such zoning ordinance.

9. For areas and districts designated for mixed use developments or planned unit developments as defined in § 15.2-2201.

10. For the administration of incentive zoning as defined in § 15.2-2201.

11. For provisions allowing the locality to enter into a voluntary agreement with a landowner that would result in the downzoning of the landowner's undeveloped or underdeveloped property in exchange for a tax credit equal to the amount of excess real estate taxes that the landowner has paid due to the higher zoning classification. The locality may establish reasonable guidelines for determining the amount of excess real estate tax collected and the method and duration for applying the tax credit. For purposes of this section, "downzoning" means a zoning action by a locality that results in a reduction in a formerly permitted land use intensity or density.

12. Provisions for requiring and considering Phase I environmental site assessments based on the anticipated use of the property proposed for the subdivision or development that meet generally accepted national standards for such assessments, such as those developed by the American Society for Testing and Materials, and Phase II environmental site assessments, that also meet accepted national standards, such as, but not limited to, those developed by the American Society for Testing and Materials, if the locality deems such to be reasonably necessary, based on findings in the Phase I assessment, and in accordance with regulations of the United States Environmental Protection Agency and the American Society for Testing and Materials. A reasonable fee may be charged for the review of such environmental assessments. Such fees shall not exceed an amount commensurate with the services rendered, taking into consideration the time, skill, and administrative expense involved in such review.

13. Provisions for requiring disclosure and remediation of contamination and other adverse environmental conditions of the property prior to approval of subdivision and development plans.

14. For the enforcement of provisions of the zoning ordinance that regulate the number of persons permitted to occupy a single-family residential dwelling unit, provided such enforcement is in compliance with applicable local, state and federal fair housing laws.

15. For the issuance of inspection warrants by a magistrate or court of competent jurisdiction. The zoning administrator or his agent may make an affidavit under oath before a magistrate or court of competent jurisdiction and, if such affidavit establishes probable cause that a zoning ordinance violation has occurred, request that the magistrate or court grant the zoning administrator or his agent an inspection warrant to enable the zoning administrator or his agent to enter the subject dwelling for the purpose of determining whether violations of the zoning ordinance exist. After issuing a warrant under this section, the magistrate or judge shall file the affidavit in the manner prescribed by § 19.2-54. After executing the warrant, the zoning administrator or his agents shall return the warrant to the clerk of the circuit court of the city or county wherein the inspection was made. The zoning administrator or his agent shall make a reasonable effort to obtain consent from the owner or tenant of the subject dwelling prior to seeking the issuance of an inspection warrant under this section.

B. Prior to the initiation of an application by the owner of the subject property, the owner's agent, or any entity in which the owner holds an ownership interest greater than 50 percent, for a special exception, special use permit, variance, rezoning or other land disturbing permit, including building permits and erosion and sediment control permits, or prior to the issuance of final approval, the authorizing body may require the applicant to produce satisfactory evidence that any delinquent real estate taxes, nuisance charges, stormwater management utility fees, and any other charges that constitute a lien on the subject property, that are owed to the locality and have been properly assessed against the subject property, have been paid, unless otherwise authorized by the treasurer.

CHAPTER 443

An Act to amend and reenact § 15.2-2286 of the Code of Virginia, relating to zoning; alcoholic beverage control licensees. [S 676]

Approved March 25, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2286 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2286. Permitted provisions in zoning ordinances; amendments; applicant to pay delinquent taxes; penalties.

A. A zoning ordinance may include, among other things, reasonable regulations and provisions as to any or all of the following matters:

1. For variances or special exceptions, as defined in § 15.2-2201, to the general regulations in any district.

2. For the temporary application of the ordinance to any property coming into the territorial jurisdiction of the governing body by annexation or otherwise, subsequent to the adoption of the zoning ordinance, and pending the orderly amendment of the ordinance.

3. For the granting of special exceptions under suitable regulations and safeguards; notwithstanding any other provisions of this article, the governing body of any locality may reserve unto itself the right to issue such special exceptions. Conditions imposed in connection with residential special use permits, wherein the applicant proposes affordable housing, shall be consistent with the objective of providing affordable housing. When imposing conditions on residential projects specifying materials and methods of construction or specific design features, the approving body shall consider the impact of the conditions upon the affordability of housing.

The governing body or the board of zoning appeals of the ~~City of~~ *Cities of Hampton and Norfolk* may impose a condition upon any special exception *or use permit* relating to retail alcoholic beverage control licensees which provides that such special exception *or use permit* will automatically expire upon a change of ownership of the property, a change in possession, a change in the operation or management of a facility, or ~~upon~~ the passage of a specific period of time.

The governing body of the City of Richmond may impose a condition upon any special use permit issued after July 1, 2000, relating to retail alcoholic beverage licensees which provides that such special use permit shall be subject to an automatic review by the governing body upon a change in possession, a change in the owner of the business, or a transfer of majority control of the business entity. Upon review by the governing body, it may either amend or revoke the special use permit after notice and a public hearing as required by § 15.2-2206.

4. For the administration and enforcement of the ordinance including the appointment or designation of a zoning administrator who may also hold another office in the locality. The zoning administrator shall have all necessary authority on behalf of the governing body to administer and enforce the zoning ordinance. His authority shall include (i) ordering in writing the remedying of any condition found in violation of the ordinance; (ii) insuring compliance with the ordinance, bringing legal action, including injunction, abatement, or other appropriate action or proceeding subject to appeal pursuant to § 15.2-2311; and (iii) in specific cases, making findings of fact and, with concurrence of the attorney for the governing body, conclusions of law regarding determinations of rights accruing under § 15.2-2307 or subsection C of § 15.2-2311.

Whenever the zoning administrator has reasonable cause to believe that any person has engaged in or is engaging in any violation of a zoning ordinance that limits occupancy in a residential dwelling unit, which is subject to a civil penalty that may be imposed in accordance with the provisions of § 15.2-2209, and the zoning administrator, after a good faith effort to obtain the data or information necessary to determine whether a violation has occurred, has been unable to obtain such information, he may request that the attorney for the locality petition the judge of the general district court for his jurisdiction for a subpoena duces tecum against any such person refusing to produce such data or information. The judge of the court, upon good cause shown, may cause the subpoena to be issued. Any person failing to comply with such subpoena shall be subject to punishment for contempt by the court issuing the subpoena. Any person so subpoenaed may apply to the judge who issued the subpoena to quash it.

Notwithstanding the provisions of § 15.2-2311, a zoning ordinance may prescribe an appeal period of less than 30 days, but not less than 10 days, for a notice of violation involving temporary or seasonal commercial uses, parking of commercial trucks in residential zoning districts, maximum occupancy limitations of a residential dwelling unit, or similar short-term, recurring violations.

Where provided by ordinance, the zoning administrator may be authorized to grant a modification from any provision contained in the zoning ordinance with respect to physical requirements on a lot or parcel of land, including but not limited to size, height, location or features of or related to any building, structure, or improvements, if the administrator finds in writing that: (i) the strict application of the ordinance would produce undue hardship; (ii) such hardship is not shared generally by other properties in the same zoning district and the same vicinity; and (iii) the authorization of the modification will not be of substantial detriment to adjacent property and the character of the zoning district will not be changed by the granting of the modification. Prior to the granting of a modification, the zoning administrator shall give, or require the applicant to give, all adjoining property owners written notice of the request for modification, and an opportunity to respond to the request within 21 days of the date of the notice. The zoning administrator shall make a decision on the application for modification and issue a written decision with a copy provided to the applicant and any adjoining landowner who responded

in writing to the notice sent pursuant to this paragraph. The decision of the zoning administrator shall constitute a decision within the purview of § 15.2-2311, and may be appealed to the board of zoning appeals as provided by that section. Decisions of the board of zoning appeals may be appealed to the circuit court as provided by § 15.2-2314.

The zoning administrator shall respond within 90 days of a request for a decision or determination on zoning matters within the scope of his authority unless the requester has agreed to a longer period.

5. For the imposition of penalties upon conviction of any violation of the zoning ordinance. Any such violation shall be a misdemeanor punishable by a fine of not more than \$1,000. If the violation is uncorrected at the time of the conviction, the court shall order the violator to abate or remedy the violation in compliance with the zoning ordinance, within a time period established by the court. Failure to remove or abate a zoning violation within the specified time period shall constitute a separate misdemeanor offense punishable by a fine of not more than \$1,000; any such failure during a succeeding 10-day period shall constitute a separate misdemeanor offense punishable by a fine of not more than \$1,500; and any such failure during any succeeding 10-day period shall constitute a separate misdemeanor offense for each 10-day period punishable by a fine of not more than \$2,000.

A conviction resulting from a violation of provisions regulating the number of unrelated persons in single-family residential dwellings shall not be punishable by a jail term.

6. For the collection of fees to cover the cost of making inspections, issuing permits, advertising of notices and other expenses incident to the administration of a zoning ordinance or to the filing or processing of any appeal or amendment thereto.

7. For the amendment of the regulations or district maps from time to time, or for their repeal. Whenever the public necessity, convenience, general welfare, or good zoning practice requires, the governing body may by ordinance amend, supplement, or change the regulations, district boundaries, or classifications of property. Any such amendment may be initiated (i) by resolution of the governing body; (ii) by motion of the local planning commission; or (iii) by petition of the owner, contract purchaser with the owner's written consent, or the owner's agent therefor, of the property which is the subject of the proposed zoning map amendment, addressed to the governing body or the local planning commission, who shall forward such petition to the governing body; however, the ordinance may provide for the consideration of proposed amendments only at specified intervals of time, and may further provide that substantially the same petition will not be reconsidered within a specific period, not exceeding one year. Any such resolution or motion by such governing body or commission proposing the rezoning shall state the above public purposes therefor.

In any county having adopted such zoning ordinance, all motions, resolutions or petitions for amendment to the zoning ordinance, and/or map shall be acted upon and a decision made within such reasonable time as may be necessary which shall not exceed 12 months unless the applicant requests or consents to action beyond such period or unless the applicant withdraws his motion, resolution or petition for amendment to the zoning ordinance or map, or both. In the event of and upon such withdrawal, processing of the motion, resolution or petition shall cease without further action as otherwise would be required by this subdivision.

8. For the submission and approval of a plan of development prior to the issuance of building permits to assure compliance with regulations contained in such zoning ordinance.

9. For areas and districts designated for mixed use developments or planned unit developments as defined in § 15.2-2201.

11. For provisions allowing the locality to enter into a voluntary agreement with a landowner that would result in the downzoning of the landowner's undeveloped or underdeveloped property in exchange for a tax credit equal to the amount of excess real estate taxes that the landowner has paid due to the higher zoning classification. A reasonable fee may be charged for the review of such environmental assessments. Such fees shall not exceed an amount commensurate with the services rendered, taking into consideration the time, skill, and administrative expense involved in such review.

13. Provisions for requiring disclosure and remediation of contamination and other adverse environmental conditions of the property prior to approval of subdivision and development plans.

14. For the enforcement of provisions of the zoning ordinance that regulate the number of persons permitted to occupy a single-family residential dwelling unit, provided such enforcement is in compliance with applicable local, state and federal fair housing laws.

15. For the issuance of inspection warrants by a magistrate or court of competent jurisdiction. The zoning administrator or his agent may make an affidavit under oath before a magistrate or court of competent jurisdiction and, if such affidavit establishes probable cause that a zoning ordinance violation has occurred, request that the magistrate or court grant the zoning administrator or his agent an inspection warrant to enable the zoning administrator or his agent to enter the subject dwelling for the purpose of determining whether violations of the zoning ordinance exist. After issuing a warrant under this section, the magistrate or judge shall file the affidavit in the manner prescribed by § 19.2-54. After executing the warrant, the zoning administrator or his agents shall return the warrant to the clerk of the circuit court of the city or county wherein the inspection was made. [H 646]

Approved March 25, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 62.1-44.15, as it is currently effective and as it shall become effective, of the Code of Virginia is amended and reenacted as follows:

§ 62.1-44.15. (For expiration date, see Acts 2016, cc. 68 and 758, as amended by Acts 2017, c. 345) Powers and duties; civil penalties.

It shall be the duty of the Board and it shall have the authority:

(1) [Repealed.]

(2) To study and investigate all problems concerned with the quality of state waters and to make reports and recommendations.

(2a) To study and investigate methods, procedures, devices, appliances, and technologies that could assist in water conservation or water consumption reduction.

(2b) To coordinate its efforts toward water conservation with other persons or groups, within or without the Commonwealth.

(2c) To make reports concerning, and formulate recommendations based upon, any such water conservation studies to ensure that present and future water needs of the citizens of the Commonwealth are met.

(3a) To establish such standards of quality and policies for any state waters consistent with the general policy set forth in this chapter, and to modify, amend or cancel any such standards or policies established and to take all appropriate steps to prevent quality alteration contrary to the public interest or to standards or policies thus established, except that a description of provisions of any proposed standard or policy adopted by regulation which are more restrictive than applicable federal requirements, together with the reason why the more restrictive provisions are needed, shall be provided to the standing committee of each house of the General Assembly to which matters relating to the content of the standard or policy are most properly referable. The Board shall, from time to time, but at least once every three years, hold public hearings pursuant to § 2.2-4007.01 but, upon the request of an affected person or upon its own motion, hold hearings pursuant to § 2.2-4009, for the purpose of reviewing the standards of quality, and, as appropriate, adopting, modifying, or canceling such standards. Whenever the Board considers the adoption, modification, amendment or cancellation of any standard, it shall give due consideration to, among other factors, the economic and social costs and benefits which can reasonably be expected to obtain as a consequence of the standards as adopted, modified, amended or cancelled. The Board shall also give due consideration to the public health standards issued by the Virginia Department of Health with respect to issues of public health policy and protection. If the Board does not follow the public health standards of the Virginia Department of Health, the Board's reason for any deviation shall be made in writing and published for any and all concerned parties.

(3b) Except as provided in subdivision (3a), such standards and policies are to be adopted or modified, amended or cancelled in the manner provided by the Administrative Process Act (§ 2.2-4000 et seq.).

(4) To conduct or have conducted scientific experiments, investigations, studies, and research to discover methods for maintaining water quality consistent with the purposes of this chapter. To this end the Board may cooperate with any public or private agency in the conduct of such experiments, investigations and research and may receive in behalf of the Commonwealth any moneys that any such agency may contribute as its share of the cost under any such cooperative agreement. Such moneys shall be used only for the purposes for which they are contributed and any balance remaining after the conclusion of the experiments, investigations, studies, and research, shall be returned to the contributors.

(5) To issue, revoke or amend certificates under prescribed conditions for: (a) the discharge of sewage, industrial wastes and other wastes into or adjacent to state waters; (b) the alteration otherwise of the physical, chemical or biological properties of state waters; (c) excavation in a wetland; or (d) on and after October 1, 2001, the conduct of the following activities in a wetland: (i) new activities to cause draining that significantly alters or degrades existing wetland acreage or functions, (ii) filling or dumping, (iii) permanent flooding or impounding, or (iv) new activities that cause significant alteration or degradation of existing wetland acreage or functions. However, to the extent allowed by federal law, any person holding a certificate issued by the Board that is intending to upgrade the permitted facility by installing technology, control equipment, or other apparatus that the permittee demonstrates to the satisfaction of the Director will result in improved energy efficiency, reduction in the amount of nutrients discharged, and improved water quality shall not be required to obtain a new, modified, or amended permit. The permit holder shall provide the demonstration anticipated by this subdivision to the Department no later than 30 days prior to commencing construction.

(5a) All certificates issued by the Board under this chapter shall have fixed terms. The term of a Virginia Pollution Discharge Elimination System permit shall not exceed five years. The term of a Virginia Water Protection Permit shall be based upon the projected duration of the project, the length of any required monitoring, or other project operations or permit conditions; however, the term shall not exceed 15 years. The term of a Virginia Pollution Abatement permit shall not exceed 10 years, except that the term of a Virginia Pollution Abatement permit for confined animal feeding operations shall be 10 years. The Department of Environmental Quality shall inspect all facilities for which a Virginia Pollution Abatement permit has been issued to ensure compliance with statutory, regulatory, and permit requirements. Department personnel performing inspections of confined animal feeding operations shall be certified under the voluntary nutrient management training and certification program established in § 10.1-104.2. The term of a certificate issued by the Board shall not be extended by modification beyond the maximum duration and the certificate shall expire at the end of the term unless an application for a new permit has been timely filed as required by the regulations of the Board and the Board is unable, through no fault of the permittee, to issue a new permit before the expiration date of the previous permit.

(5b) Any certificate issued by the Board under this chapter may, after notice and opportunity for a hearing, be amended or revoked on any of the following grounds or for good cause as may be provided by the regulations of the Board:

1. The owner has violated any regulation or order of the Board, any condition of a certificate, any provision of this chapter, or any order of a court, where such violation results in a release of harmful substances into the environment or poses a substantial threat of release of harmful substances into the environment or presents a hazard to human health or the violation is representative of a pattern of serious or repeated violations which, in the opinion of the Board, demonstrates the owner's disregard for or inability to comply with applicable laws, regulations, or requirements;

2. The owner has failed to disclose fully all relevant material facts or has misrepresented a material fact in applying for a certificate, or in any other report or document required under this law or under the regulations of the Board;

3. The activity for which the certificate was issued endangers human health or the environment and can be regulated to acceptable levels by amendment or revocation of the certificate; or

4. There exists a material change in the basis on which the permit was issued that requires either a temporary or a permanent reduction or elimination of any discharge controlled by the certificate necessary to protect human health or the environment.

(5c) Any certificate issued by the Board under this chapter relating to dredging projects governed under Chapter 12 (§ 28.2-1200 et seq.) or Chapter 13 (§ 28.2-1300 et seq.) of Title 28.2 may be conditioned upon a demonstration of financial responsibility for the completion of compensatory mitigation requirements. Financial responsibility may be demonstrated by a letter of credit, a certificate of deposit or a performance bond executed in a form approved by the Board. If the U.S. Army Corps of Engineers requires demonstration of financial responsibility for the completion of compensatory mitigation required for a particular project, then the mechanism and amount approved by the U.S. Army Corps of Engineers shall be used to meet this requirement.

(6) To make investigations and inspections, to ensure compliance with any certificates, standards, policies, rules, regulations, rulings and special orders which it may adopt, issue or establish and to furnish advice, recommendations, or instructions for the purpose of obtaining such compliance. In recognition of §§ 32.1-164 and 62.1-44.18, the Board and the State Department of Health shall enter into a memorandum of understanding establishing a common format to consolidate and simplify inspections of sewage treatment plants and coordinate the scheduling of the inspections. The new format shall ensure that all sewage treatment plants are inspected at appropriate intervals in order to protect water quality and public health and at the same time avoid any unnecessary administrative burden on those being inspected.

(7) To adopt rules governing the procedure of the Board with respect to: (a) hearings; (b) the filing of reports; (c) the issuance of certificates and special orders; and (d) all other matters relating to procedure; and to amend or cancel any rule adopted. Public notice of every rule adopted under this section shall be by such means as the Board may prescribe.

The Board may assess penalties under this ~~subsection~~ *subdivision* if (a) the person has been issued at least two written notices of alleged violation by the Department for the same or substantially related violations at the same site, (b) such violations have not been resolved by demonstration that there was no violation, by an order issued by the Board or the Director, or by other means, (c) at least 130 days have passed since the issuance of the first notice of alleged violation, and (d) there is a finding that such violations have occurred after a hearing conducted in accordance with subdivision (8b). The actual amount of any penalty assessed shall be based upon the severity of the violations, the extent of any potential or actual environmental harm, the compliance history of the facility or person, any economic benefit realized from the noncompliance, and the ability of the person to pay the penalty. The Board shall provide the person with the calculation for the proposed penalty prior to any hearing conducted for the issuance of an order that assesses penalties pursuant to this ~~subsection~~ *subdivision*. The issuance of a notice of alleged violation by the Department shall not be considered a case decision as defined in § 2.2-4001. Any notice of alleged violation shall include a description of each violation, the specific provision of law violated, and information on the process for obtaining a final decision or fact finding from the Department on whether or not a violation has occurred, and nothing in this section shall preclude an owner from seeking such a determination. If an owner who has been issued such a special order or an

emergency special order is not complying with the terms thereof, the Board may proceed in accordance with § 62.1-44.23, and where the order is based on a finding of an imminent and substantial danger, the court shall issue an injunction compelling compliance with the emergency special order pending a hearing by the Board. If an emergency special order requires cessation of a discharge, the Board shall provide an opportunity for a hearing within 48 hours of the issuance of the injunction.

(8c) The provisions of this section notwithstanding, the Board may proceed directly under § 62.1-44.32 for any past violation or violations of any provision of this chapter or any regulation duly promulgated hereunder.

(8d) With the consent of any owner who has violated or failed, neglected or refused to obey any regulation or order of the Board, any condition of a permit or any provision of this chapter, the Board may provide, in an order issued by the Board against such person, for the payment of civil charges for past violations in specific sums not to exceed the limit specified in § 62.1-44.32 (a). Such civil charges shall be instead of any appropriate civil penalty which could be imposed under § 62.1-44.32 (a) and shall not be subject to the provisions of § 2.2-514. Such civil charges shall be paid into the state treasury and deposited by the State Treasurer into the Virginia Environmental Emergency Response Fund (§ 10.1-2500 et seq.), excluding civil charges assessed for violations of Article 9 (§ 62.1-44.34:8 et seq.) or 10 (§ 62.1-44.34:10 et seq.) of Chapter 3.1, or a regulation, administrative or judicial order, or term or condition of approval relating to or issued under those articles, or civil charges assessed for violations of Article 2.3 (§ 62.1-44.15:24 et seq.), or a regulation, administrative or judicial order, or term or condition of approval relating to or issued under that article.

(8e) The Board shall develop and provide an opportunity for public comment on guidelines and procedures that contain specific criteria for calculating the appropriate penalty for each violation based upon the severity of the violations, the extent of any potential or actual environmental harm, the compliance history of the facility or person, any economic benefit realized from the noncompliance, and the ability of the person to pay the penalty.

(8f) Before issuing a special order under subdivision (8a) or by consent under (8d), with or without an assessment of a civil penalty, to an owner of a sewerage system requiring corrective action to prevent or minimize overflows of sewage from such system, the Board shall provide public notice of and reasonable opportunity to comment on the proposed order. Any such order under subdivision (8d) may impose civil penalties in amounts up to the maximum amount authorized in § 309(g) of the Clean Water Act. Any person who comments on the proposed order shall be given notice of any hearing to be held on the terms of the order. In any hearing held, such person shall have a reasonable opportunity to be heard and to present evidence. If no hearing is held before issuance of an order under subdivision (8d), any person who commented on the proposed order may file a petition, within 30 days after the issuance of such order, requesting the Board to set aside such order and provide a formal hearing thereon. If the evidence presented by the petitioner in support of the petition is material and was not considered in the issuance of the order, the Board shall immediately set aside the order, provide a formal hearing, and make such petitioner a party. If the Board denies the petition, the Board shall provide notice to the petitioner and make available to the public the reasons for such denial, and the petitioner shall have the right to judicial review of such decision under § 62.1-44.29 if he meets the requirements thereof.

The Board may assess a penalty under this subdivision if (i) the person has been issued at least two written notices of alleged violation by the Department for violations involving the same pipeline; (ii) such violations have not been resolved by a demonstration that there was no violation, by an order issued by the Board or the Director, including an order pursuant to subdivision (8d), or by other means; and (iii) there is a finding that such violation occurred after a hearing was conducted (a) before a hearing officer appointed by the Supreme Court, (b) in accordance with § 2.2-4020, and (c) with at least 30 days' notice to such person of the time, place, and purpose thereof. Such order shall become effective not less than 15 days after service as provided in § 62.1-44.12. The actual amount of any penalty assessed shall be based upon the severity of the violation, the extent of any potential or actual environmental harm, the compliance history of the person, any economic benefit realized from the noncompliance, and the ability of the person to pay the penalty. The Board shall provide the person with the calculation for the proposed penalty prior to any hearing conducted for the issuance of an order that assesses penalties pursuant to this subdivision. The issuance of a notice of alleged violation by the Department shall not be a case decision as defined in § 2.2-4001. Any notice of alleged violation shall include a description of each violation, the specific provision of law violated, and information on the process for obtaining a final decision or fact-finding from the Department on whether or not a violation has occurred, and nothing in this subdivision shall preclude a person from seeking such a determination. Such civil penalties shall be paid into the state treasury and deposited by the State Treasurer into the Virginia Environmental Emergency Response Fund (§ 10.1-2500 et seq.), except that civil penalties assessed for violations of Article 2.3 (§ 62.1-44.15:24 et seq.) or 2.4 (§ 62.1-44.15:51 et seq.) shall be paid into the state treasury and deposited by the State Treasurer into the Virginia Stormwater Management Fund (§ 62.1-44.15:29).*

(b) If the owner is a political subdivision of the Commonwealth, the action may be brought in any circuit court within the territory embraced by such political subdivision. (c) For the purposes of this ~~subsection~~ *subdivision 11*, the State Water Control Board shall be deemed the owner of the fish killed and the proceedings shall be as though the State Water Control Board were the owner of the fish. The fact that the owner has or held a certificate issued under this chapter shall not be raised as a defense in bar to any such action.

(d) The proceeds of any recovery had under this ~~subsection~~ *subdivision 11* shall, when received by the Board, be applied, first, to reimburse the Board for any expenses incurred in investigating such killing of fish. The balance shall be paid to the Board of Game and Inland Fisheries to be used for the fisheries' management practices as in its judgment will best restore or replace the fisheries' values lost as a result of such discharge of waste, including, where appropriate, replacement of the fish killed with game fish or other appropriate species. Any such funds received are hereby appropriated for that purpose.

(e) Nothing in this ~~subsection~~ *subdivision 11* shall be construed in any way to limit or prevent any other action which is now authorized by law by the Board against any owner.

(f) Notwithstanding the foregoing, the provisions of this ~~subsection~~ *subdivision 11* shall not apply to any owner who adds or applies any chemicals or other substances that are recommended or approved by the State Department of Health to state waters in the course of processing or treating such waters for public water supply purposes, except where negligence is shown.

(12) To administer programs of financial assistance for planning, construction, operation, and maintenance of water quality control facilities for political subdivisions in the Commonwealth.

(13) To establish policies and programs for effective area-wide or basin-wide water quality control and management. The Board may develop comprehensive pollution abatement and water quality control plans on an area-wide or basin-wide basis. In conjunction with this, the Board, when considering proposals for waste treatment facilities, is to consider the feasibility of combined or joint treatment facilities and is to ensure that the approval of waste treatment facilities is in accordance with the water quality management and pollution control plan in the watershed or basin as a whole. In making such determinations, the Board is to seek the advice of local, regional, or state planning authorities.

(14) To establish requirements for the treatment of sewage, industrial wastes and other wastes that are consistent with the purposes of this chapter; however, no treatment shall be less than secondary or its equivalent, unless the owner can demonstrate that a lesser degree of treatment is consistent with the purposes of this chapter.

(15) To promote and establish requirements for the reclamation and reuse of wastewater that are protective of state waters and public health as an alternative to directly discharging pollutants into waters of the state. The requirements shall address various potential categories of reuse and may include general permits and provide for greater flexibility and less stringent requirements commensurate with the quality of the reclaimed water and its intended use. The requirements shall be developed in consultation with the Department of Health and other appropriate state agencies. This authority shall not be construed as conferring upon the Board any power or duty duplicative of those of the State Board of Health.

(16) To establish and implement policies and programs to protect and enhance the Commonwealth's wetland resources. Regulatory programs shall be designed to achieve no net loss of existing wetland acreage and functions. Voluntary and incentive-based programs shall be developed to achieve a net resource gain in acreage and functions of wetlands. The Board shall seek and obtain advice and guidance from the Virginia Institute of Marine Science in implementing these policies and programs.

(17) To establish additional procedures for obtaining a Virginia Water Protection Permit pursuant to §§ 62.1-44.15:20 and 62.1-44.15:22 for a proposed water withdrawal involving the transfer of water resources between major river basins within the Commonwealth that may impact water basins in another state. Such additional procedures shall not apply to any water withdrawal in existence as of July 1, 2012, except where the expansion of such withdrawal requires a permit under §§ 62.1-44.15:20 and 62.1-44.15:22, in which event such additional procedures may apply to the extent of the expanded withdrawal only. The applicant shall provide as part of the application (i) an analysis of alternatives to such a transfer, (ii) a

comprehensive analysis of the impacts that would occur in the source and receiving basins, (iii) a description of measures to mitigate any adverse impacts that may arise, (iv) a description of how notice shall be provided to interested parties, and (v) any other requirements that the Board may adopt that are consistent with the provisions of this section and §§ 62.1-44.15:20 and 62.1-44.15:22 or regulations adopted thereunder. This subdivision shall not be construed as limiting or expanding the Board's authority under §§ 62.1-44.15:20 and 62.1-44.15:22 to issue permits and impose conditions or limitations on the permitted activity.

(18) To be the lead agency for the Commonwealth's nonpoint source pollution management program, including coordination of the nonpoint source control elements of programs developed pursuant to certain state and federal laws, including § 319 of the federal Clean Water Act and § 6217 of the federal Coastal Zone Management Act. Further responsibilities include the adoption of regulations necessary to implement a nonpoint source pollution management program in the Commonwealth, the distribution of assigned funds, the identification and establishment of priorities to address nonpoint source related water quality problems, the administration of the Statewide Nonpoint Source Advisory Committee, and the development of a program for the prevention and control of soil erosion, sediment deposition, and nonagricultural runoff to conserve Virginia's natural resources.

§ 62.1-44.15. (For effective date, see Acts 2016, cc. 68 and 758, as amended by Acts 2017, c. 345) Powers and duties; civil penalties.

It shall be the duty of the Board and it shall have the authority:

(1) [Repealed.]

(2) To study and investigate all problems concerned with the quality of state waters and to make reports and recommendations.

(2a) To study and investigate methods, procedures, devices, appliances, and technologies that could assist in water conservation or water consumption reduction.

(2b) To coordinate its efforts toward water conservation with other persons or groups, within or without the Commonwealth.

(2c) To make reports concerning, and formulate recommendations based upon, any such water conservation studies to ensure that present and future water needs of the citizens of the Commonwealth are met.

(3a) To establish such standards of quality and policies for any state waters consistent with the general policy set forth in this chapter, and to modify, amend, or cancel any such standards or policies established and to take all appropriate steps to prevent quality alteration contrary to the public interest or to standards or policies thus established, except that a description of provisions of any proposed standard or policy adopted by regulation which are more restrictive than applicable federal requirements, together with the reason why the more restrictive provisions are needed, shall be provided to the standing committee of each house of the General Assembly to which matters relating to the content of the standard or policy are most properly referable. The Board shall, from time to time, but at least once every three years, hold public hearings pursuant to § 2.2-4007.01 but, upon the request of an affected person or upon its own motion, hold hearings pursuant to § 2.2-4009, for the purpose of reviewing the standards of quality, and, as appropriate, adopting, modifying, or canceling such standards. Whenever the Board considers the adoption, modification, amendment, or cancellation of any standard, it shall give due consideration to, among other factors, the economic and social costs and benefits which can reasonably be expected to obtain as a consequence of the standards as adopted, modified, amended, or cancelled. The Board shall also give due consideration to the public health standards issued by the Virginia Department of Health with respect to issues of public health policy and protection. If the Board does not follow the public health standards of the Virginia Department of Health, the Board's reason for any deviation shall be made in writing and published for any and all concerned parties.

(3b) Except as provided in subdivision (3a), such standards and policies are to be adopted or modified, amended, or cancelled in the manner provided by the Administrative Process Act (§ 2.2-4000 et seq.).

(4) To conduct or have conducted scientific experiments, investigations, studies, and research to discover methods for maintaining water quality consistent with the purposes of this chapter. To this end the Board may cooperate with any public or private agency in the conduct of such experiments, investigations, and research and may receive in behalf of the Commonwealth any moneys that any such agency may contribute as its share of the cost under any such cooperative agreement. Such moneys shall be used only for the purposes for which they are contributed and any balance remaining after the conclusion of the experiments, investigations, studies, and research, shall be returned to the contributors.

(5) To issue, revoke, or amend certificates and land-disturbance approvals under prescribed conditions for (a) the discharge of sewage, stormwater, industrial wastes, and other wastes into or adjacent to state waters; (b) the alteration otherwise of the physical, chemical, or biological properties of state waters; (c) excavation in a wetland; or (d) on and after October 1, 2001, the conduct of the following activities in a wetland: (i) new activities to cause draining that significantly alters or degrades existing wetland acreage or functions, (ii) filling or dumping, (iii) permanent flooding or impounding, or (iv) new activities that cause significant alteration or degradation of existing wetland acreage or functions. However, to the extent allowed by federal law, any person holding a certificate issued by the Board that is intending to upgrade the permitted facility by installing technology, control equipment, or other apparatus that the permittee demonstrates to the satisfaction of the Director will result in improved energy efficiency, reduction in the amount of nutrients discharged, and improved water quality shall not be required to obtain a new, modified, or amended permit. The permit holder shall provide the demonstration anticipated by this subdivision to the Department no later than 30 days prior to commencing construction.

(5a) All certificates issued by the Board under this chapter shall have fixed terms. The term of a Virginia Pollution Discharge Elimination System permit shall not exceed five years. The term of a Virginia Water Protection Permit shall be based upon the projected duration of the project, the length of any required monitoring, or other project operations or permit conditions; however, the term shall not exceed 15 years. The term of a Virginia Pollution Abatement permit shall not exceed 10 years, except that the term of a Virginia Pollution Abatement permit for confined animal feeding operations shall be 10 years. The Department of Environmental Quality shall inspect all facilities for which a Virginia Pollution Abatement permit has been issued to ensure compliance with statutory, regulatory, and permit requirements. Department personnel performing inspections of confined animal feeding operations shall be certified under the voluntary nutrient management training and certification program established in § 10.1-104.2. The term of a certificate issued by the Board shall not be extended by modification beyond the maximum duration and the certificate shall expire at the end of the term unless an application for a new permit has been timely filed as required by the regulations of the Board and the Board is unable, through no fault of the permittee, to issue a new permit before the expiration date of the previous permit.

(5b) Any certificate or land-disturbance approval issued by the Board under this chapter may, after notice and opportunity for a hearing, be amended or revoked on any of the following grounds or for good cause as may be provided by the regulations of the Board:

1. The owner has violated any regulation or order of the Board, any condition of a certificate or land-disturbance approval, any provision of this chapter, or any order of a court, where such violation results in a release of harmful substances into the environment, poses a substantial threat of release of harmful substances into the environment, causes unreasonable property degradation, or presents a hazard to human health or the violation is representative of a pattern of serious or repeated violations which, in the opinion of the Board, demonstrates the owner's disregard for or inability to comply with applicable laws, regulations, or requirements;

2. The owner has failed to disclose fully all relevant material facts or has misrepresented a material fact in applying for a certificate or land-disturbance approval, or in any other report or document required under this law or under the regulations of the Board;

3. The activity for which the certificate or land-disturbance approval was issued endangers human health or the environment or causes unreasonable property degradation and can be regulated to acceptable levels or practices by amendment or revocation of the certificate or land-disturbance approval; or

4. There exists a material change in the basis on which the certificate, land-disturbance approval, or permit was issued that requires either a temporary or a permanent reduction or elimination of any discharge or land-disturbing activity controlled by the certificate, land-disturbance approval, or permit necessary to protect human health or the environment or stop or prevent unreasonable degradation of property.

(5c) Any certificate issued by the Board under this chapter relating to dredging projects governed under Chapter 12 (§ 28.2-1200 et seq.) or Chapter 13 (§ 28.2-1300 et seq.) of Title 28.2 may be conditioned upon a demonstration of financial responsibility for the completion of compensatory mitigation requirements. Financial responsibility may be demonstrated by a letter of credit, a certificate of deposit, or a performance bond executed in a form approved by the Board. If the U.S. Army Corps of Engineers requires demonstration of financial responsibility for the completion of compensatory mitigation required for a particular project, then the mechanism and amount approved by the U.S. Army Corps of Engineers shall be used to meet this requirement.

(6) To make investigations and inspections, to ensure compliance with the conditions of any certificates, land-disturbance approvals, standards, policies, rules, regulations, rulings, and orders that it may adopt, issue, or establish, and to furnish advice, recommendations, or instructions for the purpose of obtaining such compliance. In recognition of §§ 32.1-164 and 62.1-44.18, the Board and the State Department of Health shall enter into a memorandum of understanding establishing a common format to consolidate and simplify inspections of sewage treatment plants and coordinate the scheduling of the inspections. The new format shall ensure that all sewage treatment plants are inspected at appropriate intervals in order to protect water quality and public health and at the same time avoid any unnecessary administrative burden on those being inspected.

(7) To adopt rules governing the procedure of the Board with respect to (a) hearings; (b) the filing of reports; (c) the issuance of certificates and orders; and (d) all other matters relating to procedure; and to amend or cancel any rule adopted. Public notice of every rule adopted under this section shall be by such means as the Board may prescribe.

(8a) Except as otherwise provided in subdivision (19) and Article 2.3 (§ 62.1-44.15:24 et seq.), to issue special orders to owners, including owners as defined in § 62.1-44.15:24, who (i) are permitting or causing the pollution, as defined by § 62.1-44.3, of state waters or the unreasonable degradation of property to cease and desist from such pollution or degradation, (ii) have failed to construct facilities in accordance with final approved plans and specifications to construct such facilities in accordance with final approved plans and specifications, (iii) have violated the terms and provisions of a certificate or land-disturbance approval issued by the Board to comply with such terms and provisions, (iv) have failed to comply with a directive from the Board to comply with such directive, (v) have contravened duly adopted and promulgated water quality standards and policies to cease and desist from such contravention and to comply with such water quality standards and policies, (vi) have violated the terms and provisions of a pretreatment permit issued by the Board or by the owner of a publicly owned treatment works to comply with such terms and provisions, or (vii) have contravened any applicable pretreatment standard or requirement to comply with such standard or requirement; and also to issue such orders to require any owner to comply with the provisions of this chapter and any decision of the Board. Except as otherwise

provided by a separate article, orders issued pursuant to this subdivision may include civil penalties of up to \$32,500 per violation, not to exceed \$100,000 per order. The Board may assess penalties under this subdivision if (a) the person has been issued at least two written notices of alleged violation by the Department for the same or substantially related violations at the same site, (b) such violations have not been resolved by demonstration that there was no violation, by an order issued by the Board or the Director, or by other means, (c) at least 130 days have passed since the issuance of the first notice of alleged violation, and (d) there is a finding that such violations have occurred after a hearing conducted in accordance with subdivision (8b). The actual amount of any penalty assessed shall be based upon the severity of the violations, the extent of any potential or actual environmental harm, the compliance history of the facility or person, any economic benefit realized from the noncompliance, and the ability of the person to pay the penalty. The Board shall provide the person with the calculation for the proposed penalty prior to any hearing conducted for the issuance of an order that assesses penalties pursuant to this subdivision. The issuance of a notice of alleged violation by the Department shall not be considered a case decision as defined in § 2.2-4001. Any notice of alleged violation shall include a description of each violation, the specific provision of law violated, and information on the process for obtaining a final decision or fact finding from the Department on whether or not a violation has occurred, and nothing in this section shall preclude an owner from seeking such a determination. Such civil penalties shall be paid into the state treasury and deposited by the State Treasurer into the Virginia Environmental Emergency Response Fund (§ 10.1-2500 et seq.), except that civil penalties assessed for violations of Article 9 (§ 62.1-44.34:8 et seq.) or Article 11 (§ 62.1-44.34:14 et seq.) shall be paid into the Virginia Petroleum Storage Tank Fund in accordance with § 62.1-44.34:11, and except that civil penalties assessed for violations of subdivision (19) or Article 2.3 (§ 62.1-44.15:24 et seq.) shall be paid into the Stormwater Local Assistance Fund in accordance with § 62.1-44.15:29.1.

(8b) Such special orders are to be issued only after a hearing before a hearing officer appointed by the Supreme Court in accordance with § 2.2-4020 or, if requested by the person, before a quorum of the Board with at least 30 days' notice to the affected owners, of the time, place, and purpose thereof, and they shall become effective not less than 15 days after service as provided in 62.1-44.12, provided that if the Board finds that any such owner is grossly affecting or presents an imminent and substantial danger to (i) the public health, safety, or welfare, or the health of animals, fish, or aquatic life; (ii) a public water supply; or (iii) recreational, commercial, industrial, agricultural, or other reasonable uses, it may issue, without advance notice or hearing, an emergency special order directing the owner to cease such pollution or discharge immediately, and shall provide an opportunity for a hearing, after reasonable notice as to the time and place thereof to the owner, to affirm, modify, amend, or cancel such emergency special order. If an owner who has been issued such a special order or an emergency special order is not complying with the terms thereof, the Board may proceed in accordance with 62.1-44.23, and where the order is based on a finding of an imminent and substantial danger, the court shall issue an injunction compelling compliance with the emergency special order pending a hearing by the Board. If an emergency special order requires cessation of a discharge, the Board shall provide an opportunity for a hearing within 48 hours of the issuance of the injunction.

(8c) The provisions of this section notwithstanding, the Board may proceed directly under § 62.1-44.32 for any past violation or violations of any provision of this chapter or any regulation duly promulgated hereunder.

(8d) Except as otherwise provided in subdivision (19), subdivision 2 of § 62.1-44.15:25, or § 62.1-44.15:63, with the consent of any owner who has violated or failed, neglected, or refused to obey any regulation or order of the Board, any condition of a certificate, land-disturbance approval, or permit, or any provision of this chapter, the Board may provide, in an order issued by the Board against such person, for the payment of civil charges for past violations in specific sums not to exceed the limit specified in subsection (a) of § 62.1-44.32. Such civil charges shall be instead of any appropriate civil penalty which could be imposed under subsection (a) of § 62.1-44.32 and shall not be subject to the provisions of § 2.2-514. Such civil charges shall be paid into the state treasury and deposited by the State Treasurer into the Virginia Environmental Emergency Response Fund (§ 10.1-2500 et seq.), excluding civil charges assessed for violations of Article 9 (§ 62.1-44.34:8 et seq.) or 10 (§ 62.1-44.34:10 et seq.) of Chapter 3.1, or a regulation, administrative or judicial order, or term or condition of approval relating to or issued under those articles, or civil charges assessed for violations of Article 2.3 (§ 62.1-44.15:24 et seq.) or 2.5 (§ 62.1-44.15:67 et seq.) or a regulation, administrative or judicial order, or term or condition of approval relating to or issued under Article 2.3 or 2.5.

The amendments to this section adopted by the 1976 Session of the General Assembly shall not be construed as limiting or expanding any cause of action or any other remedy possessed by the Board prior to the effective date of said amendments.

(8e) The Board shall develop and provide an opportunity for public comment on guidelines and procedures that contain specific criteria for calculating the appropriate penalty for each violation based upon the severity of the violations, the extent of any potential or actual environmental harm, the compliance history of the facility or person, any economic benefit realized from the noncompliance, and the ability of the person to pay the penalty.

(8f) Before issuing a special order under subdivision (8a) or by consent under (8d), with or without an assessment of a civil penalty, to an owner of a sewerage system requiring corrective action to prevent or minimize overflows of sewage from such system, the Board shall provide public notice of and reasonable opportunity to comment on the proposed order. Any such order under subdivision (8d) may impose civil penalties in amounts up to the maximum amount authorized in § 309(g) of the Clean Water Act. Any person who comments on the proposed order shall be given notice of any hearing to be held on the terms of the order. In any hearing held, such person shall have a reasonable opportunity to be heard and to present

evidence. If no hearing is held before issuance of an order under subdivision (8d), any person who commented on the proposed order may file a petition, within 30 days after the issuance of such order, requesting the Board to set aside such order and provide a formal hearing thereon. If the evidence presented by the petitioner in support of the petition is material and was not considered in the issuance of the order, the Board shall immediately set aside the order, provide a formal hearing, and make such petitioner a party. If the Board denies the petition, the Board shall provide notice to the petitioner and make available to the public the reasons for such denial, and the petitioner shall have the right to judicial review of such decision under § 62.1-44.29 if he meets the requirements thereof.

(8g) *To issue special orders for violations of this chapter to persons constructing or operating any natural gas transmission pipeline greater than 36 inches inside diameter. An order issued pursuant to this subdivision may include a civil penalty of up to \$50,000 per violation, not to exceed \$500,000 per order. The Board may assess a penalty under this subdivision if (i) the person has been issued at least two written notices of alleged violation by the Department for violations involving the same pipeline; (ii) such violations have not been resolved by a demonstration that there was no violation, by an order issued by the Board or the Director, including an order pursuant to subdivision (8d), or by other means; and (iii) there is a finding that such violation occurred after a hearing was conducted (a) before a hearing officer appointed by the Supreme Court, (b) in accordance with § 2.2-4020, and (c) with at least 30 days' notice to such person of the time, place, and purpose thereof. Such order shall become effective not less than 15 days after service as provided in § 62.1-44.12. The actual amount of any penalty assessed shall be based upon the severity of the violation, the extent of any potential or actual environmental harm, the compliance history of the person, any economic benefit realized from the noncompliance, and the ability of the person to pay the penalty. The Board shall provide the person with the calculation for the proposed penalty prior to any hearing conducted for the issuance of an order that assesses penalties pursuant to this subdivision. The issuance of a notice of alleged violation by the Department shall not be a case decision as defined in § 2.2-4001. Any notice of alleged violation shall include a description of each violation, the specific provision of law violated, and information on the process for obtaining a final decision or fact-finding from the Department on whether or not a violation has occurred, and nothing in this subdivision shall preclude a person from seeking such a determination. Such civil penalties shall be paid into the state treasury and deposited by the State Treasurer into the Virginia Environmental Emergency Response Fund (§ 10.1-2500 et seq.), except that civil penalties assessed for violations of Article 2.3 (§ 62.1-44.15:24 et seq.) or 2.4 (§ 62.1-44.15:51 et seq.) shall be paid into the state treasury and deposited by the State Treasurer into the Virginia Stormwater Management Fund (§ 62.1-44.15:29).*

(9) To make such rulings under §§ 62.1-44.16, 62.1-44.17, and 62.1-44.19 as may be required upon requests or applications to the Board, the owner or owners affected to be notified by certified mail as soon as practicable after the Board makes them and such rulings to become effective upon such notification.

(10) To adopt such regulations as it deems necessary to enforce the general soil erosion control and stormwater management program and water quality management program of the Board in all or part of the Commonwealth, except that a description of provisions of any proposed regulation which are more restrictive than applicable federal requirements, together with the reason why the more restrictive provisions are needed, shall be provided to the standing committee of each house of the General Assembly to which matters relating to the content of the regulation are most properly referable.

(11) To investigate any large-scale killing of fish.

(a) Whenever the Board shall determine that any owner, whether or not he shall have been issued a certificate for discharge of waste, has discharged sewage, industrial waste, or other waste into state waters in such quantity, concentration, or manner that fish are killed as a result thereof, it may effect such settlement with the owner as will cover the costs incurred by the Board and by the Department of Game and Inland Fisheries in investigating such killing of fish, plus the replacement value of the fish destroyed, or as it deems proper, and if no such settlement is reached within a reasonable time, the Board shall authorize its executive secretary to bring a civil action in the name of the Board to recover from the owner such costs and value, plus any court or other legal costs incurred in connection with such action.

(b) If the owner is a political subdivision of the Commonwealth, the action may be brought in any circuit court within the territory embraced by such political subdivision. If the owner is an establishment, as defined in this chapter, the action shall be brought in the circuit court of the city or the circuit court of the county in which such establishment is located. If the owner is an individual or group of individuals, the action shall be brought in the circuit court of the city or circuit court of the county in which such person or any of them reside.

(c) For the purposes of this ~~subsection~~ *subdivision 11*, the State Water Control Board shall be deemed the owner of the fish killed and the proceedings shall be as though the State Water Control Board were the owner of the fish. The fact that the owner has or held a certificate issued under this chapter shall not be raised as a defense in bar to any such action.

(d) The proceeds of any recovery had under this ~~subsection~~ *subdivision 11* shall, when received by the Board, be applied, first, to reimburse the Board for any expenses incurred in investigating such killing of fish. The balance shall be paid to the Board of Game and Inland Fisheries to be used for the fisheries' management practices as in its judgment will best restore or replace the fisheries' values lost as a result of such discharge of waste, including, where appropriate, replacement of the fish killed with game fish or other appropriate species. Any such funds received are hereby appropriated for that purpose.

(e) Nothing in this ~~subsection~~ *subdivision 11* shall be construed in any way to limit or prevent any other action which is now authorized by law by the Board against any owner.

(f) Notwithstanding the foregoing, the provisions of this ~~subsection~~ *subdivision 11* shall not apply to any owner who adds or applies any chemicals or other substances that are recommended or approved by the State Department of Health to state waters in the course of processing or treating such waters for public water supply purposes, except where negligence is shown.

(12) To administer programs of financial assistance for planning, construction, operation, and maintenance of water quality control facilities for political subdivisions in the Commonwealth.

(13) To establish policies and programs for effective area-wide or basin-wide water quality control and management. The Board may develop comprehensive pollution abatement and water quality control plans on an area-wide or basin-wide basis. In conjunction with this, the Board, when considering proposals for waste treatment facilities, is to consider the feasibility of combined or joint treatment facilities and is to ensure that the approval of waste treatment facilities is in accordance with the water quality management and pollution control plan in the watershed or basin as a whole. In making such determinations, the Board is to seek the advice of local, regional, or state planning authorities.

(14) To establish requirements for the treatment of sewage, industrial wastes, and other wastes that are consistent with the purposes of this chapter; however, no treatment shall be less than secondary or its equivalent, unless the owner can demonstrate that a lesser degree of treatment is consistent with the purposes of this chapter.

(15) To promote and establish requirements for the reclamation and reuse of wastewater that are protective of state waters and public health as an alternative to directly discharging pollutants into waters of the state. The requirements shall address various potential categories of reuse and may include general permits and provide for greater flexibility and less stringent requirements commensurate with the quality of the reclaimed water and its intended use. The requirements shall be developed in consultation with the Department of Health and other appropriate state agencies. This authority shall not be construed as conferring upon the Board any power or duty duplicative of those of the State Board of Health.

(16) To establish and implement policies and programs to protect and enhance the Commonwealth's wetland resources. Regulatory programs shall be designed to achieve no net loss of existing wetland acreage and functions. Voluntary and incentive-based programs shall be developed to achieve a net resource gain in acreage and functions of wetlands. The Board shall seek and obtain advice and guidance from the Virginia Institute of Marine Science in implementing these policies and programs.

(17) To establish additional procedures for obtaining a Virginia Water Protection Permit pursuant to §§ 62.1-44.15:20 and 62.1-44.15:22 for a proposed water withdrawal involving the transfer of water resources between major river basins within the Commonwealth that may impact water basins in another state. Such additional procedures shall not apply to any water withdrawal in existence as of July 1, 2012, except where the expansion of such withdrawal requires a permit under §§ 62.1-44.15:20 and 62.1-44.15:22, in which event such additional procedures may apply to the extent of the expanded withdrawal only. The applicant shall provide as part of the application (i) an analysis of alternatives to such a transfer, (ii) a comprehensive analysis of the impacts that would occur in the source and receiving basins, (iii) a description of measures to mitigate any adverse impacts that may arise, (iv) a description of how notice shall be provided to interested parties, and (v) any other requirements that the Board may adopt that are consistent with the provisions of this section and §§ 62.1-44.15:20 and 62.1-44.15:22 or regulations adopted thereunder. This subdivision shall not be construed as limiting or expanding the Board's authority under §§ 62.1-44.15:20 and 62.1-44.15:22 to issue permits and impose conditions or limitations on the permitted activity.

(18) To be the lead agency for the Commonwealth's nonpoint source pollution management program, including coordination of the nonpoint source control elements of programs developed pursuant to certain state and federal laws, including § 319 of the federal Clean Water Act and § 6217 of the federal Coastal Zone Management Act. Further responsibilities include the adoption of regulations necessary to implement a nonpoint source pollution management program in the Commonwealth, the distribution of assigned funds, the identification and establishment of priorities to address nonpoint source related water quality problems, the administration of the Statewide Nonpoint Source Advisory Committee, and the development of a program for the prevention and control of soil erosion, sediment deposition, and nonagricultural runoff to conserve Virginia's natural resources.

(19) To review for compliance with the provisions of this chapter the Virginia Erosion and Stormwater Management Programs adopted by localities pursuant to § 62.1-44.15:27, the Virginia Erosion and Sediment Control Programs adopted by localities pursuant to subdivision B 3 of § 62.1-44.15:27, and the programs adopted by localities pursuant to the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.). The Board shall develop and implement a schedule for conducting such program reviews as often as necessary but at least once every five years. Following the completion of a compliance review in which deficiencies are found, the Board shall establish a schedule for the locality to follow in correcting the deficiencies and bringing its program into compliance. If the locality fails to bring its program into compliance in accordance with the compliance schedule, then the Board is authorized to (i) issue a special order to any locality imposing a civil penalty not to exceed \$5,000 per violation with the maximum amount not to exceed \$50,000 per order for noncompliance with the state program, to be paid into the state treasury and deposited in the Stormwater Local Assistance Fund established in § 62.1-44.15:29.1 or (ii) with the consent of the locality, provide in an order issued against the locality for the payment of civil charges for violations in lieu of civil penalties, in specific sums not to exceed the limit stated in this subdivision. Such civil charges shall be in lieu of any appropriate civil penalty that could be imposed under subsection (a) of § 62.1-44.32 and shall not be subject to the provisions of § 2.2-514. Be it enacted by the General Assembly of Virginia:

1. That § 56-46.1 of the Code of Virginia is amended and reenacted as follows:

§ 56-46.1. Commission to consider environmental, economic and improvements in service reliability factors in approving construction of electrical utility facilities; approval required for construction of certain electrical transmission lines; notice and hearings.

A. Whenever the Commission is required to approve the construction of any electrical utility facility, it shall give consideration to the effect of that facility on the environment and establish such conditions as may be desirable or necessary to minimize adverse environmental impact. In order to avoid duplication of governmental activities, any valid permit or approval required for an electric generating plant and associated facilities issued or granted by a federal, state or local governmental entity charged by law with responsibility for issuing permits or approvals regulating environmental impact and mitigation of adverse environmental impact or for other specific public interest issues such as building codes, transportation plans, and public safety, whether such permit or approval is granted prior to or after the Commission's decision, shall be deemed to satisfy the requirements of this section with respect to all matters that (i) are governed by the permit or approval or (ii) are within the authority of, and were considered by, the governmental entity in issuing such permit or approval, and the Commission shall impose no additional conditions with respect to such matters. Nothing in this section shall affect the ability of the Commission to keep the record of a case open. Nothing in this section shall affect any right to appeal such permits or approvals in accordance with applicable law. In the case of a proposed facility located in a region that was designated as of July 1, 2001, as serious nonattainment for the one-hour ozone standard as set forth in the federal Clean Air Act, the Commission shall not issue a decision approving such proposed facility that is conditioned upon issuance of any environmental permit or approval. In every proceeding under this subsection, the Commission shall receive and give consideration to all reports that relate to the proposed facility by state agencies concerned with environmental protection; and if requested by any county or municipality in which the facility is proposed to be built, to local comprehensive plans that have been adopted pursuant to Article 3 (§ 15.2-2223 et seq.) of Chapter 22 of Title 15.2. Additionally, the Commission (a) shall consider the effect of the proposed facility on economic development within the Commonwealth, including but not limited to furtherance of the economic and job creation objectives of the Commonwealth Energy Policy set forth in §§ 67-101 and 67-102, and (b) shall consider any improvements in service reliability that may result from the construction of such facility.

B. Subject to the provisions of subsection J, no electrical transmission line of 138 kilovolts or more shall be constructed unless the State Corporation Commission shall, after at least 30 days' advance notice by (i) publication in a newspaper or newspapers of general circulation in the counties and municipalities through which the line is proposed to be built, (ii) written notice to the governing body of each such county and municipality, and (iii) causing to be sent a copy of the notice by first class mail to all owners of property within the route of the proposed line, as indicated on the map or sketch of the route filed with the Commission, which requirement shall be satisfied by mailing the notice to such persons at such addresses as are indicated in the land books maintained by the commissioner of revenue, director of finance or treasurer of the county or municipality, approve such line. Such notices shall include a written description of the proposed route the line is to follow, as well as a map or sketch of the route including a digital geographic information system (GIS) map provided by the public utility showing the location of the proposed route. The Commission shall make GIS maps provided under this subsection available to the public on the Commission's website. Such notices shall be in addition to the advance notice to the chief administrative officer of the county or municipality required pursuant to § 15.2-2202.

As a condition to approval the Commission shall determine that the line is needed and that the corridor or route *chosen for the line is to follow* will ~~reasonably minimize avoid adverse impact on the scenic assets, historic districts and environment of the area concerned.~~ *or reasonably minimize adverse impact to the greatest extent reasonably practicable on the scenic assets, historic resources recorded with the Department of Historic Resources, and environment of the area concerned.* To assist the Commission in this determination, as part of the application for Commission approval of the line, the applicant shall summarize its efforts to ~~avoid or reasonably minimize adverse impact on the scenic assets, historic districts adverse impact to the greatest extent reasonably practicable on the scenic assets, historic resources recorded with the Department of Historic Resources,~~ and environment of the area concerned. In making the determinations about need, corridor or route, and method of installation, the Commission shall verify the applicant's load flow modeling, contingency analyses, and reliability needs presented to justify the new line and its proposed method of installation. If the local comprehensive plan of an affected county or municipality designates corridors or routes for electric transmission lines and the line is proposed to be constructed outside such corridors or routes, in any hearing the county or municipality may

provide adequate evidence that the existing planned corridors or routes designated in the plan can adequately serve the needs of the company. Additionally, the Commission shall consider, upon the request of the governing body of any county or municipality in which the line is proposed to be constructed, (a) the costs and economic benefits likely to result from requiring the underground placement of the line and (b) any potential impediments to timely construction of the line.

C. If, prior to such approval, any interested party shall request a public hearing, the Commission shall, as soon as reasonably practicable after such request, hold such hearing or hearings at such place as may be designated by the Commission. In any hearing the public service company shall provide adequate evidence that existing rights-of-way cannot adequately serve the needs of the company.

If, prior to such approval, written requests therefor are received from the governing body of any county or municipality through which the line is proposed to be built or from 20 or more interested parties, the Commission shall hold at least one hearing in the area that would be affected by construction of the line, for the purpose of receiving public comment on the proposal. If any hearing is to be held in the area affected, the Commission shall direct that a copy of the transcripts of any previous hearings held in the case be made available for public inspection at a convenient location in the area for a reasonable time before such local hearing.

D. As used in this section, unless the context requires a different meaning:

"Environment" or "environmental" shall be deemed to include in meaning "historic," as well as a consideration of the probable effects of the line on the health and safety of the persons in the area concerned.

"Interested parties" shall include the governing bodies of any counties or municipalities through which the line is proposed to be built, and persons residing or owning property in each such county or municipality.

"Public utility" means a public utility as defined in § 56-265.1.

"Qualifying facilities" means a cogeneration or small power production facility which meets the criteria of 18 C.F.R. Part 292.

"Reasonably accommodate requests to wheel or transmit power" means:

1. That the applicant will make available to new electric generation facilities constructed after January 9, 1991, qualifying facilities and other nonutilities, a minimum of one-fourth of the total megawatts of the additional transmission capacity created by the proposed line, for the purpose of wheeling to public utility purchasers the power generated by such qualifying facilities and other nonutility facilities which are awarded a power purchase contract by a public utility purchaser in compliance with applicable state law or regulations governing bidding or capacity acquisition programs for the purchase of electric capacity from nonutility sources, provided that the obligation of the applicant will extend only to those requests for wheeling service made within the 12 months following certification by the State Corporation Commission of the transmission line and with effective dates for commencement of such service within the 12 months following completion of the transmission line; and

2. That the wheeling service offered by the applicant, pursuant to subdivision D 1, will reasonably further the purposes of the Public Utilities Regulatory Policies Act of 1978 (P. L. 95-617), as demonstrated by submitting to the Commission, with its application for approval of the line, the cost methodologies, terms, conditions, and dispatch and interconnection requirements the applicant intends, subject to any applicable requirements of the Federal Energy Regulatory Commission, to include in its agreements for such wheeling service.

E. In the event that, at any time after the giving of the notice required in subsection B, it appears to the Commission that consideration of a route or routes significantly different from the route described in the notice is desirable, the Commission shall cause notice of the new route or routes to be published and mailed in accordance with subsection B. The Commission shall thereafter comply with the provisions of this section with respect to the new route or routes to the full extent necessary to give affected localities and interested parties in the newly affected areas the same protection afforded to affected localities and interested parties affected by the route described in the original notice.

F. Approval of a transmission line pursuant to this section shall be deemed to satisfy the requirements of § 15.2-2232 and local zoning ordinances with respect to such transmission line.

G. The Commission shall enter into a memorandum of agreement with the Department of Environmental Quality regarding the coordination of their reviews of the environmental impact of electric generating plants and associated facilities.

H. An applicant that is required to obtain (i) a certificate of public convenience and necessity from the Commission for any electric generating facility, electric transmission line, natural or manufactured gas transmission line as defined in 49 Code of Federal Regulations § 192.3, or natural or manufactured gas storage facility (hereafter, an energy facility) and (ii) an environmental permit for the energy facility that is subject to issuance by any agency or board within the Secretariat of Natural Resources, may request a pre-application planning and review process. In any such request to the Commission or the Secretariat of Natural Resources, the applicant shall identify the proposed energy facility for which it requests the pre-application planning and review process. The Commission, the Department of Environmental Quality, the Marine Resources Commission, the Department of Game and Inland Fisheries, the Department of Historic Resources, the Department of Conservation and Recreation, and other appropriate agencies of the Commonwealth shall participate in the pre-application planning and review process. Participation in such process shall not limit the authority otherwise provided by law to the Commission or other agencies or boards of the Commonwealth. The Commission and other participating agencies of the Commonwealth may invite federal and local governmental entities charged by law with responsibility for issuing permits or approvals to participate in the pre-application planning and review process. Through the pre-application

planning and review process, the applicant, the Commission, and other agencies and boards shall identify the potential impacts and approvals that may be required and shall develop a plan that will provide for an efficient and coordinated review of the proposed energy facility. The plan shall include (a) a list of the permits or other approvals likely to be required based on the information available, (b) a specific plan and preliminary schedule for the different reviews, (c) a plan for coordinating those reviews and the related public comment process, and (d) designation of points of contact, either within each agency or for the Commonwealth as a whole, to facilitate this coordination. The plan shall be made readily available to the public and shall be maintained on a dedicated website to provide current information on the status of each component of the plan and each approval process including opportunities for public comment.

I. The provisions of this section shall not apply to the construction and operation of a small renewable energy project, as defined in § 10.1-1197.5, by a utility regulated pursuant to this title for which the Department of Environmental Quality has issued a permit by rule pursuant to Article 5 (§ 10.1-1197.5 et seq.) of Chapter 11.1 of Title 10.1.

J. Approval under this section shall not be required for any transmission line for which a certificate of public convenience and necessity is not required pursuant to subdivision A of § 56-265.2.
