D. A person who willfully violates subsection B or C is guilty of a Class 1 misdemeanor for each violation.

§ 19.2-392.2. Expungement of police and court records.
A. If a person is charged with the commission of a crime, a civil offense, or any offense defined in Title 18.2, and
1. Is acquitted, or
2. A nolle prosequi is taken or the charge is otherwise dismissed, including dismissal by accord and satisfaction pursuant to § 19.2-151, he may file a petition setting forth the relevant facts and requesting expungement of the police records and the court records relating to the charge.

B. If any person whose name or other identification has been used without his consent or authorization by another person who has been charged or arrested using such name or identification, he may file a petition with the court disposing of the charge for relief pursuant to this section. Such person shall not be required to pay any fees for the filing of a petition under this subsection. A petition filed under this subsection shall include one complete set of the petitioner's fingerprints obtained from a law-enforcement agency.

C. The petition with a copy of the warrant, summons, or indictment if reasonably available shall be filed in the circuit court of the county or city in which the case was disposed of by acquittal or being otherwise dismissed and shall contain, except where not reasonably available, the date of arrest and the name of the arresting agency. Where this information is not reasonably available, the petition shall state the reason for such unavailability. The petition shall further state the specific criminal charge or civil offense to be expunged, the date of final disposition of the charge as set forth in the petition, the petitioner's date of birth, and the full name used by the petitioner at the time of arrest.

D. A copy of the petition shall be served on the attorney for the Commonwealth of the city or county in which the petition is filed. The attorney for the Commonwealth may file an objection or answer to the petition or may give written notice to the court that he does not object to the petition within 21 days after it is served on him.

E. The petitioner shall obtain from a law-enforcement agency one complete set of the petitioner's fingerprints and shall provide that agency with a copy of the petition for expungement. The law-enforcement agency shall submit the set of fingerprints to the Central Criminal Records Exchange (CCRE) with a copy of the petition for expungement attached. The CCRE shall forward under seal to the court a copy of the petitioner's criminal history, a copy of the source documents that resulted in the CCRE entry that the petitioner wishes to expunge, if applicable, and the set of fingerprints. Upon completion of the hearing, the court shall return the fingerprint card to the petitioner. If no hearing was conducted, upon the entry of an order of expungement or an order denying the petition for expungement, the court shall cause the fingerprint card to be destroyed unless, within 30 days of the date of the entry of the order, the petitioner requests the return of the fingerprint card in person from the clerk of the court or provides the clerk of the court a self-addressed, stamped envelope for the return of the fingerprint card.

F. After receiving the criminal history record information from the CCRE, the court shall conduct a hearing on the petition. If the court finds that the continued existence and possible dissemination of information relating to the arrest of the petitioner causes or may cause circumstances which constitute a manifest injustice to the petitioner, it shall enter an order requiring the expungement of the police and court records, including electronic records, relating to the charge. Otherwise, it shall deny the petition. However, if the petitioner has no prior criminal record and the arrest was for a misdemeanor violation or the charge was for a civil offense, the petitioner shall be entitled, in the absence of good cause shown to the contrary by the Commonwealth, to expungement of the police and court records relating to the charge, and the court shall enter an order of expungement. If the attorney for the Commonwealth of the county or city in which the petition is filed (i) gives written notice to the court pursuant to subsection D that he does not object to the petition and (ii) when the charge to be expunged is a felony, stipulates in such written notice that the continued existence and possible dissemination of
information relating to the arrest of the petitioner causes or may cause circumstances which constitute a manifest injustice to the petitioner, the court may enter an order of expungement without conducting a hearing.

G. The Commonwealth shall be made party defendant to the proceeding. Any party aggrieved by the decision of the court may appeal, as provided by law in civil cases.

H. Notwithstanding any other provision of this section, when the charge is dismissed because the court finds that the person arrested or charged is not the person named in the summons, warrant, indictment or presentment, the court dismissing the charge shall, upon motion of the person improperly arrested or charged, enter an order requiring expungement of the police and court records relating to the charge. Such order shall contain a statement that the dismissal and expungement are ordered pursuant to this subsection and shall be accompanied by the complete set of the petitioner's fingerprints filed with his petition. Upon the entry of such order, it shall be treated as provided in subsection K.

I. Notwithstanding any other provision of this section, upon receiving a copy pursuant to § 2.2-402 of an absolute pardon for the commission of a crime that a person did not commit, the court shall enter an order requiring expungement of the police and court records relating to the charge and conviction. Such order shall contain a statement that the expungement is ordered pursuant to this subsection. Upon the entry of such order, it shall be treated as provided in subsection K.

J. Upon receiving a copy of a writ vacating a conviction pursuant to § 19.2-327.5 or 19.2-327.13, the court shall enter an order requiring expungement of the police and court records relating to the charge and conviction. Such order shall contain a statement that the expungement is ordered pursuant to this subsection. Upon the entry of the order, it shall be treated as provided in subsection K.

K. Upon the entry of an order of expungement, the clerk of the court shall cause a copy of such order to be forwarded to the Department of State Police, which shall, pursuant to rules and regulations adopted pursuant to § 9.1-134, direct the manner by which the appropriate expungement or removal of such records shall be effected.

L. Costs shall be as provided by § 17.1-275, but shall not be recoverable against the Commonwealth. If the court enters an order of expungement, the clerk of the court shall refund to the petitioner such costs paid by the petitioner.

M. Any order entered where (i) the court or parties failed to strictly comply with the procedures set forth in this section or (ii) the court enters an order of expungement contrary to law, shall be voidable upon motion and notice made within three years of the entry of such order.

However, (i) the attorney for the Commonwealth of the city or county may file a petition on his own motion with the clerk; (ii) designated nonattorney employees of the Department of Social Services may complete, sign, and file petitions and motions relating to the establishment, modification, or enforcement of support on forms approved by the Supreme Court of Virginia with the clerk; (iii) designated nonattorney employees of a local department of social services may complete, sign, and file with the clerk, on forms approved by the Supreme Court of Virginia, petitions for foster care review, petitions for permanency planning hearings, petitions to establish paternity, motions to establish or modify support, motions to amend or review an order, and motions for a rule to show cause; and (iv) any attorney may file petitions on behalf of his client with the clerk except petitions alleging that the subject of the petition is a child alleged to be in need of services, in need of supervision, or delinquent. Complaints alleging abuse or neglect of a child shall be referred initially to the local department of social services in accordance with the provisions of Chapter 15 (§ 63.2-1500 et seq.) of Title 63.2. Motions and other subsequent pleadings in a case shall be filed directly with the clerk. When the court service unit of any court receives a complaint alleging facts which may be sufficient to invoke the jurisdiction of the court pursuant to § 16.1-241, the unit, through an intake officer, may proceed informally to make such adjustment as is practicable without the filing of a petition or may authorize a petition to be filed by any complainant having sufficient knowledge of the matter to establish probable cause for the issuance of the petition.

An intake officer may proceed informally on a complaint alleging a child is in need of services, in need of supervision, or delinquent only if the juvenile (i) (a) is not alleged to have committed a violent juvenile felony or (ii) (b) has not previously been proceeded against informally or adjudicated delinquent for an offense that would be a felony if committed by an adult. A petition alleging that a juvenile committed a violent juvenile felony shall be filed with the court. A petition alleging that a juvenile is delinquent for an offense that would be a felony if committed by an adult shall be filed with the...
court if the juvenile had previously been proceeded against informally by intake or had been adjudicated delinquent for an offense that would be a felony if committed by an adult.

If a juvenile is alleged to be a truant pursuant to a complaint filed in accordance with § 22.1-258 and the attendance officer has provided documentation to the intake officer that the relevant school division has complied with the provisions of § 22.1-258, then the intake officer shall file a petition with the court. The intake officer may defer filing the complaint for 90 days and proceed informally by developing a truancy plan, provided that (i) the juvenile has not previously been proceeded against informally or adjudicated in need of supervision on more than two occasions for failure to comply with compulsory school attendance as provided in § 22.1-254 and (ii) the immediately previous informal action or adjudication occurred at least three calendar years prior to the current complaint. The juvenile and his parent or parents, guardian, or other person standing in loco parentis must agree, in writing, for the development of a truancy plan. The truancy plan may include requirements that the juvenile and his parent or parents, guardian, or other person standing in loco parentis participate in such programs, cooperate in such treatment, or be subject to such conditions and limitations as necessary to ensure the juvenile's compliance with compulsory school attendance as provided in § 22.1-254. The intake officer may refer the juvenile to the appropriate public agency for the purpose of developing a truancy plan using an interagency interdisciplinary team approach. The team may include qualified personnel who are reasonably available from the appropriate department of social services, community services board, local school division, court service unit, and other appropriate and available public and private agencies and may be the family assessment and planning team established pursuant to § 2.2-5207. If at the end of the 90-day period the juvenile has not successfully completed the truancy plan or the truancy program, then the intake officer shall file the petition.

Whenever informal action is taken as provided in this subsection on a complaint alleging that a child is in need of services, in need of supervision, or delinquent, the intake officer shall (i) develop a plan for the juvenile, which may include restitution and the performance of community service, based upon community resources and the circumstances which resulted in the complaint, (ii) create an official record of the action taken by the intake officer and file such record in the juvenile's case file, and (iii) advise the juvenile and the juvenile's parent, guardian, or other person standing in loco parentis and the complainant that any subsequent complaint alleging that the child is in need of supervision or delinquent based upon facts which may be sufficient to invoke the jurisdiction of the court pursuant to § 16.1-241 will result in the filing of a petition with the court.

C. The intake officer shall accept and file a petition in which it is alleged that (i) the custody, visitation, or support of a child is the subject of controversy or requires determination, (ii) a person has deserted, abandoned, or failed to provide support for any person in violation of law, (iii) a child or such child's parent, guardian, legal custodian, or other person standing in loco parentis is entitled to treatment, rehabilitation, or other services which are required by law, (iv) family abuse has occurred and a protective order is being sought pursuant to § 16.1-253.1, 16.1-253.4, or 16.1-279.1, or (v) an act of violence, force, or threat has occurred, a protective order is being sought pursuant to § 19.2-152.8, 19.2-152.9, or 19.2-152.10, and either the alleged victim or the respondent is a juvenile. If any such complainant does not file a petition, the intake officer may file it. In cases in which a child is alleged to be abused, neglected, in need of services, in need of supervision, or delinquent, if the intake officer believes that probable cause does not exist, or that the authorization of a petition will not be in the best interest of the family or juvenile or that the matter may be effectively dealt with by some agency other than the court, he may refuse to authorize the filing of a petition. The intake officer shall provide to a person seeking a protective order pursuant to § 16.1-253.1, 16.1-253.4, or 16.1-279.1 a written explanation of the conditions, procedures and time limits applicable to the issuance of protective orders pursuant to § 16.1-253.1, 16.1-253.4, or 16.1-279.1. If the person is seeking a protective order pursuant to § 19.2-152.8, 19.2-152.9, or 19.2-152.10, the intake officer shall provide a written explanation of the conditions, procedures, and time limits applicable to the issuance of protective orders pursuant to § 19.2-152.8, 19.2-152.9, or 19.2-152.10.

D. Prior to the filing of any petition alleging that a child is in need of supervision, the matter shall be reviewed by an intake officer who shall determine whether the petitioner and the child alleged to be in need of supervision have utilized or attempted to utilize treatment and services available in the community and have exhausted all appropriate nonjudicial remedies which are available to them. When the intake officer determines that the parties have not attempted to utilize available treatment or services or have not exhausted all appropriate nonjudicial remedies which are available, he shall refer the petitioner and the child alleged to be in need of supervision to the appropriate agency, treatment facility, or individual to receive treatment or services, and a petition shall not be filed. Only after the intake officer determines that the parties have made a reasonable effort to utilize available community treatment or services may he permit the petition to be filed.

E. If the intake officer refuses to authorize a petition relating to an offense that if committed by an adult would be punishable as a Class 1 misdemeanor or as a felony, the complainant shall be notified in writing at that time of the complainant's right to apply to a magistrate for a warrant. If a magistrate determines that probable cause exists, he shall issue a warrant returnable to the juvenile and domestic relations district court. The warrant shall be delivered forthwith to the juvenile court, and the intake officer shall accept and file a petition founded upon the warrant. If the court is closed and the magistrate finds that the criteria for detention or shelter care set forth in § 16.1-248.1 have been satisfied, the juvenile may be detained pursuant to the warrant issued in accordance with this subsection. If the intake officer refuses to authorize a petition relating to a child in need of services or in need of supervision, a status offense, or a misdemeanor other than Class 1, his decision is final.
Upon delivery to the juvenile court of a warrant issued pursuant to subdivision 2 of § 16.1-256, the intake officer shall accept and file a petition founded upon the warrant.

F. The intake officer shall notify the attorney for the Commonwealth of the filing of any petition which alleges facts of an offense which would be a felony if committed by an adult.

G. Notwithstanding the provisions of Article 12 (§ 16.1-299 et seq.), the intake officer shall file a report with the division superintendent of the school division in which any student who is the subject of a petition alleging that such student who is a juvenile has committed an act, wherever committed, which would be a crime if committed by an adult, or that such student who is an adult has committed a crime and is alleged to be within the jurisdiction of the court. The report shall notify the division superintendent of the filing of the petition and the nature of the offense, if the violation involves:
1. A firearm offense pursuant to Article 4 (§ 18.2-279 et seq.), 5 (§ 18.2-288 et seq.), 6 (§ 18.2-299 et seq.), 6.1 (§ 18.2-307.1 et seq.), or 7 (§ 18.2-308.1 et seq.) of Chapter 7 of Title 18.2;

6. Manufacture, sale or distribution of marijuana pursuant to Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2;
7. Arson and related crimes, pursuant to Article 1 (§ 18.2-77 et seq.) of Chapter 5 of Title 18.2;
8. Burglary and related offenses, pursuant to §§ 18.2-89 through 18.2-93;
9. Robbery pursuant to § 18.2-58;

11. Recruitment of other juveniles for a criminal street gang activity pursuant to § 18.2-46.3;
12. An act of violence by a mob pursuant to § 18.2-42.1;
13. Abduction of any person pursuant to § 18.2-47 or 18.2-48; or
14. A threat pursuant to § 18.2-60.

The failure to provide information regarding the school in which the student who is the subject of the petition may be enrolled shall not be grounds for refusing to file a petition.

The information provided to a division superintendent pursuant to this section may be disclosed only as provided in § 16.1-305.2.

H. The filing of a petition shall not be necessary:
1. In the case of violations of the traffic laws, including offenses involving bicycles, hitchhiking and other pedestrian offenses, game and fish laws, or a violation of the ordinance of any city regulating surfing or any ordinance establishing curfew violations, animal control violations, or littering violations. In such cases the court may proceed on a summons issued by the officer investigating the violation in the same manner as provided by law for adults. Additionally, an officer investigating a motor vehicle accident may, at the scene of an accident or at any other location where a juvenile who is involved in such an accident may be located, proceed on a summons in lieu of filing a petition.
2. In the case of seeking consent to apply for the issuance of a work permit pursuant to subsection H of § 16.1-241.
3. In the case of a misdemeanor violation of § 18.2-250.1, § 18.2-266, § 18.2-266.1, or § 29.1-738, or the commission of any other alcohol-related offense, or a violation of § 18.2-250.1, provided that the juvenile is released to the custody of a parent or legal guardian pending the initial court date. The officer releasing a juvenile to the custody of a parent or legal guardian shall issue a summons to the juvenile and shall also issue a summons requiring the parent or legal guardian to appear before the court with the juvenile. Disposition of the charge shall be in the manner provided in § 16.1-278.8, 16.1-278.8:01, or 16.1-278.9. If the juvenile so charged with a violation of § 18.2-51.4, § 18.2-266, § 18.2-266.1, § 18.2-272, or § 29.1-738 refuses to provide a sample of blood or breath or samples of both blood and breath for chemical analysis pursuant to §§ 18.2-268.1 through 18.2-268.12 or 29.1-738.2, the provisions of these sections shall be followed except that the magistrate shall authorize execution of the warrant as a summons. The summons shall be served on a parent or legal guardian and the juvenile, and a copy of the summons shall be forwarded to the court in which the violation is to be tried. When a violation of § 18.2-250.1 is charged by summons, the juvenile shall be entitled to have the charge referred to intake for consideration of informal proceedings pursuant to subsection B, provided that such right is exercised by written notification to the clerk not later than 10 days prior to trial. At the time such summons alleging a violation of § 18.2-250.1 is served, the officer shall also serve upon the juvenile written notice of the right to have the charge referred to intake on a form approved by the Supreme Court and make return of such service to the court. If the officer fails to make such service or return, the court shall dismiss the summons without prejudice.
4. In the case of offenses which, if committed by an adult, would be punishable as a Class 3 or Class 4 misdemeanor. In such cases the court may direct that an intake officer proceed as provided in § 16.1-237 on a summons issued by the officer investigating the violation in the same manner as provided by law for adults provided that notice of the summons to appear is mailed by the investigating officer within five days of the issuance of the summons to a parent or legal guardian of the juvenile.

§ 16.1-273. Court may require investigation of social history and preparation of victim impact statement.
A. When a juvenile and domestic relations district court or circuit court has adjudicated any case involving a child subject to the jurisdiction of the court hereunder, except for a traffic violation, a violation of the game and fish law, or a violation of any city ordinance regulating surfing or establishing curfew violations, the court before final disposition thereof may require an investigation, which (i) shall include a drug screening and (ii) may, and for the purposes of subdivision A 14 or A 17 of § 16.1-278.8 shall, include a social history of the physical, mental, and social conditions, including an assessment of any affiliation with a criminal street gang as defined in § 18.2-46.1, and personality of the child and the facts and circumstances surrounding the violation of law. However, in the case of a juvenile adjudicated delinquent on the basis of an act committed on or after January 1, 2000, which would be (a) a felony if committed by an adult, or (b) a violation under Article 1 (§ 18.2-247 et seq.) or Article 1.1 (§ 18.2-265.1 et seq.) of Chapter 7 of Title 18.2 and such offense would be punishable as a Class 1 or Class 2 misdemeanor if committed by an adult, or (c) a violation of § 18.2-250.1, the court shall order the juvenile to undergo a drug screening. If the drug screening indicates that the juvenile has a substance abuse or dependence problem, an assessment shall be completed by a certified substance abuse counselor as defined in § 54.1-3500 employed by the Department of Juvenile Justice or by a locally operated court services unit or by an individual employed by or currently under contract to such agencies and who is specifically trained to conduct such assessments under the supervision of such counselor.

B. The court also shall, on motion of the attorney for the Commonwealth with the consent of the victim, or may in its discretion, require the preparation of a victim impact statement in accordance with the provisions of § 19.2-299.1 if the court determines that the victim may have suffered significant physical, psychological, or economic injury as a result of the violation of law.

2. Which by express or implied representations purports to act like a controlled substance as a stimulant or depressant of the central nervous system and which is not commonly used or recognized for use in that particular formulation for any purpose other than for such stimulant or depressant effect, unless marketed, promoted, or sold as permitted by the United States U.S. Food and Drug Administration.

C. In determining whether a pill, capsule, tablet, or substance in any other form whatsoever, is an "imitation controlled substance," there shall be considered, in addition to all other relevant factors, comparisons with accepted methods of marketing for legitimate nonprescription drugs for medicinal purposes rather than for drug abuse or any similar nonmedicinal use, including consideration of the packaging of the drug and its appearance in overall finished dosage form, promotional materials or representations, oral or written, concerning the drug, and the methods of distribution of the drug and where and how it is sold to the public.

D. The term "marijuana" when used in this article means any part of a plant of the genus Cannabis, whether growing or not, its seeds or resin; and every compound, manufacture, salt, derivative, mixture, or preparation of such plant, its seeds, or its resin, or any extract containing one or more cannabinoids. Marijuana shall not include any oily extract containing one or more cannabinoids unless such extract contains less than 12 percent of tetrahydrocannabinol by weight, or the mature stalks of such plant, fiber produced from such stalk, oil or cake made from the seed of such plant, unless such stalks, fiber, oil or cake is combined with other parts of plants of the genus Cannabis. Marijuana shall not include (i) industrial hemp, as defined in § 3.2-4112, that is possessed by a person registered pursuant to subsection A of § 3.2-4115 or his agent or (ii) a hemp product, as defined in § 3.2-4112, containing a tetrahydrocannabinol concentration of no greater than 0.3 percent that is derived from industrial hemp, as defined in § 3.2-4112, that is grown, dealt, or processed in compliance with state or federal law.

E. The term "counterfeit controlled substance" means a controlled substance that, without authorization, bears, is packaged in a container or wrapper that bears, or is otherwise labeled to bear, the trademark, trade name, or other identifying mark, imprint or device or any likeness thereof, of a drug manufacturer, processor, packer, or distributor other than the manufacturer, processor, packer, or distributor who did in fact so manufacture, process, pack or distribute such drug.

§ 18.2-248.1 Penalties for sale, gift, distribution or possession with intent to sell, give or distribute marijuana.

Except as authorized in the Drug Control Act, Chapter 34 of Title 54 (§ 54.1-3400 et seq.), it shall be unlawful for any person to sell, give, distribute or possess with intent to sell, give, or distribute marijuana.

A violation of this section is a civil offense. Any civil penalties collected pursuant to this section shall be deposited into the Drug Offender Assessment and Treatment Fund established pursuant to § 18.2-251.02.

However, if a violation of this section occurs while an individual is operating a commercial motor vehicle as defined in § 46.2-341.4, such violation shall be reported to the Department of Motor Vehicles and shall be included on such individual’s driving record.

E. In any prosecution under this section involving marijuana in the form of cannabidiol oil or THC-A oil as those terms are defined in § 54.1-3408.3, it shall be an affirmative defense that the individual possessed such oil pursuant to a valid written certification issued by a practitioner in the course of his professional practice pursuant to § 54.1-3408.3 for treatment or to alleviate the symptoms of (i) the individual's diagnosed condition or disease, (ii) if such individual is the parent or legal guardian of a minor or of an incapacitated adult as defined in § 18.2-369, such minor's or incapacitated adult's diagnosed condition or disease, or (iii) if such individual has been designated as a registered agent pursuant to § 54.1-3408.3, the diagnosed condition or disease of his principal or, if the principal is the parent or legal guardian of a minor or of an incapacitated adult as defined in § 18.2-369, such minor's or incapacitated adult's diagnosed condition or disease. If the individual files the valid written certification with the court at least 10 days prior to trial and causes a copy of such written certification to be delivered to the attorney for the Commonwealth, such written certification shall be prima facie evidence that such oil was possessed pursuant to a valid written certification.
§ 18.2-251. Persons charged with first offense may be placed on probation; conditions; substance abuse screening, assessment treatment and education programs or services; drug tests; costs and fees; violations; discharge.

Whenever any person who has not previously been convicted of any criminal offense under this article or under any statute of the United States or of any state relating to narcotic drugs, marijuana, or stimulant, depressant, or hallucinogenic drugs, or has not previously had a proceeding against him for violation of such an offense dismissed as provided in this section, or pleads guilty to or enters a plea of not guilty to possession of a controlled substance under § 18.2-250 or to possession of marijuana under § 18.2-250.1, the court, upon such plea if the facts found by the court would justify a finding of guilt, without entering a judgment of guilt and with the consent of the accused, may defer further proceedings and place him on probation upon terms and conditions. If the court defers further proceedings, at that time the court shall determine whether the clerk of court has been provided with the fingerprint identification information or fingerprints of the person, taken by a law-enforcement officer pursuant to § 19.2-390, and, if not, shall order that the fingerprints and photograph of the person be taken by a law-enforcement officer.

As a term or condition, the court shall require the accused to undergo a substance abuse assessment pursuant to § 18.2-251.01 or 19.2-299.2, as appropriate, and enter treatment and/or education program or services, if available, such as, in the opinion of the court, may be best suited to the needs of the accused based upon consideration of the substance abuse assessment. The program or services may be located in the judicial district in which the charge is brought or in any other judicial district as the court may provide. The services shall be provided by (i) a program licensed by the Department of Behavioral Health and Developmental Services, by a similar program which is made available through the Department of Corrections, (ii) a local community-based probation services agency established pursuant to § 9.1-174, or (iii) an ASAP program certified by the Commission on VASAP.

The court shall require the person entering such program under the provisions of this section to pay all or part of the costs of the program, including the costs of the screening, assessment, testing, and treatment, based upon the accused's ability to pay unless the person is determined by the court to be indigent.

As a condition of probation, the court shall require the accused (a) to successfully complete treatment or education program or services, (b) to remain drug and alcohol free during the period of probation and submit to such tests during that period as may be necessary and appropriate to determine if the accused is drug and alcohol free; (c) to make reasonable efforts to secure and maintain employment, and (d) to comply with a plan of at least 100 hours of community service for a felony and up to 24 hours of community service for a misdemeanor. In addition to any community service required by the court pursuant to clause (d), if the court does not suspend or revoke the accused's license as a term or condition of probation for a violation of § 18.2-250.1, the court shall require the accused to comply with a plan of 50 hours of community service. Such testing shall be conducted by personnel of the supervising probation agency or personnel of any program or agency approved by the supervising probation agency.

Upon violation of a term or condition, the court may enter an adjudication of guilt and proceed as otherwise provided. Upon fulfillment of the terms and conditions, and upon determining that the clerk of court has been provided with the fingerprint identification information or fingerprints of such person, the court shall discharge the person and dismiss the proceedings against him. Discharge and dismissal under this section shall be without adjudication of guilt and is a conviction only for the purposes of applying this section in subsequent proceedings.

Notwithstanding any other provision of this section, whenever a court places an individual on probation upon terms and conditions pursuant to this section, such action shall be treated as a conviction for purposes of §§ 18.2-251, 22.1-315, and 46.2-390.1, and the driver's license forfeiture provisions of those sections shall be imposed. However, if the court places an individual on probation upon terms and conditions for a violation of § 18.2-250.1, such action shall not be treated as a conviction for purposes of § 18.2-250.1 or 46.2-390.1, provided that a court (i) may suspend or revoke an individual's driver's license as a term or condition of probation and (ii) shall suspend or revoke an individual's driver's license for a period of one year. The court may impose a term of community service or fine not exceeding $50 if the person violates § 18.2-250.1 while operating a vehicle. The provisions of this paragraph shall not be applicable to any offense for which a juvenile has had his license suspended or denied pursuant to § 16.1-278.9 for the same offense.

§ 18.2-251.02. Drug Offender Assessment and Treatment Fund.

There is hereby established in the state treasury the Drug Offender Assessment and Treatment Fund, which shall consist of moneys received from (i) fees imposed on certain drug offense convictions pursuant to § 16.1-69.48:3 and subdivisions A 10 and A 11 of § 17.1-275 and § 16.1-69.48:4 (ii) civil penalties imposed for violations of § 18.2-250.1. All moneys in the Fund shall be subject to annual appropriation by the General Assembly to the Department of Corrections, the Department of Juvenile Justice, and the Commission on VASAP to implement and operate the offender substance abuse screening and assessment program; the Department of Criminal Justice Services for the support of community-based probation and local pretrial services agencies; and the Office of the Executive Secretary of the Supreme Court of Virginia for the support of drug treatment court programs.

§ 18.2-252. Suspended sentence conditioned upon substance abuse screening, assessment, testing, and treatment or education.
The trial judge or court trying the case of any person found guilty of violating a criminal violation of any law concerning the use, in any manner, of drugs, controlled substances, narcotics, marijuana, noxious chemical substances and like substances, shall condition any suspended sentence by first requiring such person to agree to undergo a substance abuse screening pursuant to § 18.2-251.01 and to submit to such periodic substance abuse testing, to include alcohol testing, as may be directed by the court. Such testing shall be conducted by the supervising probation agency or by personnel of any program or agency approved by the supervising probation agency. The cost of such testing ordered by the court shall be paid by the Commonwealth and taxed as a part of the costs of such criminal proceedings. The judge or court shall order the person, as a condition of any suspended sentence, to undergo such treatment or education for substance abuse, if available, as the judge or court deems appropriate based upon consideration of the substance abuse assessment. The treatment or education shall be provided by a program or agency licensed by the Department of Behavioral Health and Developmental Services, by a similar program or services available through the Department of Corrections if the court imposes a sentence of one year or more or, if the court imposes a sentence of 12 months or less, by a similar program or services available through a local or regional jail, a local community-based probation services agency established pursuant to § 9.1-174, or an ASAP program certified by the Commission on ASAP.

A. Whenever any person who has not previously been convicted of any criminal offense under this article or under any statute of the United States or of any state relating to narcotic drugs, marijuana, stimulant, depressant, or hallucinogenic drugs, or has not previously had a proceeding against him for violation of such an offense dismissed as provided in § 18.2-251 is found guilty of violating any law concerning the use, in any manner, of drugs, controlled substances, narcotics, marijuana, noxious chemical substances and like substances, the judge or court shall require such person to undergo a substance abuse screening pursuant to § 18.2-251.01 and to submit to such periodic substance abuse testing, to include alcohol testing, as may be directed by the court. The cost of such testing ordered by the court shall be paid by the Commonwealth and taxed as a part of the costs of the criminal proceedings. The judge or court shall also order the person to undergo such treatment or education for substance abuse, if available, as the judge or court deems appropriate based upon consideration of the substance abuse assessment. The treatment or education shall be provided by a program or agency licensed by the Department of Behavioral Health and Developmental Services or by a similar program or services available through the Department of Corrections if the court imposes a sentence of one year or more or, if the court imposes a sentence of 12 months or less, by a similar program or services available through a local or regional jail, a local community-based probation services agency established pursuant to § 9.1-174, or an ASAP program certified by the Commission on ASAP.

B. The court trying the case of any person alleged to have committed any criminal offense designated by this article or by the Drug Control Act (§ 54.1-3400 et seq.) or in any other criminal case in which the commission of the offense was motivated by or closely related to the use of drugs and determined by the court, pursuant to a substance abuse screening and assessment, to be in need of treatment for the use of drugs may commit, based upon a consideration of the substance abuse assessment, such person, upon his conviction, to any facility for the treatment of persons with substance abuse, licensed by the Department of Behavioral Health and Developmental Services, if space is available in such facility, for a period of time not in excess of the maximum term of imprisonment specified as the penalty for conviction of such offense or, if sentence was determined by a jury, not in excess of the term of imprisonment as set by such jury. Confinement under such commitment shall be, in all regards, treated as confinement in a penal institution and the person so committed may be convicted of escape if he leaves the place of commitment without authority. A charge of escape may be prosecuted in either the jurisdiction where the treatment facility is located or the jurisdiction where the person was sentenced to commitment. The court may revoke such commitment at any time and transfer the person to an appropriate state or local correctional facility. Upon presentation of a certified statement from the director of the treatment facility to the effect that the confined person has successfully responded to treatment, the court may release such confined person prior to the termination of the period of time for which such person was confined and may suspend the remainder of the term upon such conditions as the court may prescribe.

C. The court trying a case in which commission of the criminal offense was related to the defendant's habitual abuse of alcohol and in which the court determines, pursuant to a substance abuse screening and assessment, that such defendant is in need of treatment, may commit, based upon a consideration of the substance abuse assessment, such person, upon his conviction, to any facility for the treatment of persons with substance abuse licensed by the Department of Behavioral Health and Developmental Services, if space is available in such facility, for a period of time not in excess of the maximum term of imprisonment specified as the penalty for conviction. Confinement under such commitment shall be, in all regards, treated as confinement in a penal institution and the person so committed may be convicted of escape if he leaves the place of commitment without authority. The court may revoke such commitment at any time and transfer the person to an appropriate state or local correctional facility. Upon presentation of a certified statement from the director of the treatment facility to the effect that the confined person has successfully responded to treatment, the court may release such confined person prior to the termination of the period of time for which such person was confined and may suspend the remainder of the term upon such conditions as the court may prescribe.

An applicant need not, in answer to any question concerning any arrest, criminal charge, or conviction, include a reference to or information concerning any arrest, criminal charge, or conviction when the record relating to such arrest, criminal charge, or conviction is not open for public inspection pursuant to subsection A.

D. A person who willfully violates subsection B or C is guilty of a Class 1 misdemeanor for each violation.

§ 19.2-392.2. Expungement of police and court records.

A. If a person is charged with the commission of a crime, a civil offense, or any offense defined in Title 18.2, and

1. Is acquitted, or

2. A nolle prosequi is taken or the charge is otherwise dismissed, including dismissal by accord and satisfaction pursuant to § 19.2-151, he may file a petition setting forth the relevant facts and requesting expungement of the police records and the court records relating to the charge.

B. If any person whose name or other identification has been used without his consent or authorization by another person who has been charged or arrested using such name or identification, he may file a petition with the court disposing of the charge for relief pursuant to this section. Such person shall not be required to pay any fees for the filing of a petition under this subsection. A petition filed under this subsection shall include one complete set of the petitioner's fingerprints obtained from a law-enforcement agency.

C. The petition with a copy of the warrant, summons, or indictment if reasonably available shall be filed in the circuit court of the county or city in which the case was disposed of by acquittal or being otherwise dismissed and shall contain, except where not reasonably available, the date of arrest and the name of the arresting agency. Where this information is not reasonably available, the petition shall state the reason for such unavailability. The petition shall further state the specific...
criminal charge or civil offense to be expunged, the date of final disposition of the charge as set forth in the petition, the petitioner's date of birth, and the full name used by the petitioner at the time of arrest.

D. A copy of the petition shall be served on the attorney for the Commonwealth of the city or county in which the petition is filed. The attorney for the Commonwealth may file an objection or answer to the petition or may give written notice to the court that he does not object to the petition within 21 days after it is served on him.

E. The petitioner shall obtain from a law-enforcement agency one complete set of the petitioner's fingerprints and shall provide that agency with a copy of the petition for expungement. The law-enforcement agency shall submit the set of fingerprints to the Central Criminal Records Exchange (CCRE) with a copy of the petition for expungement attached. The CCRE shall forward under seal to the court a copy of the petitioner's criminal history, a copy of the source documents that resulted in the CCRE entry that the petitioner wishes to expunge, if applicable, and the set of fingerprints. Upon completion of the hearing, the court shall return the fingerprint card to the petitioner. If no hearing was conducted, upon the entry of an order of expungement or an order denying the petition for expungement, the court shall cause the fingerprint card to be destroyed unless, within 30 days of the date of the entry of the order, the petitioner requests the return of the fingerprint card.

F. After receiving the criminal history record information from the CCRE, the court shall conduct a hearing on the petition. If the court finds that the continued existence and possible dissemination of information relating to the arrest of the petitioner causes or may cause circumstances which constitute a manifest injustice to the petitioner, it shall enter an order requiring the expungement of the police and court records, including electronic records, relating to the charge. Otherwise, it shall deny the petition. However, if the petitioner has no prior criminal record and the arrest was for a misdemeanor conviction or the charge was for a civil offense, the petitioner shall be entitled, in the absence of good cause shown to the contrary by the Commonwealth, to expungement of the police and court records relating to the charge, and the court shall enter an order of expungement. If the attorney for the Commonwealth of the county or city in which the petition is filed (i) gives written notice to the court pursuant to subsection D that he does not object to the petition and (ii) when the charge to be expunged is a felony, stipulates in such written notice that the continued existence and possible dissemination of information relating to the arrest of the petitioner causes or may cause circumstances which constitute a manifest injustice to the petitioner, the court may enter an order of expungement without conducting a hearing.

G. The Commonwealth shall be made party defendant to the proceeding. Any party aggrieved by the decision of the court may appeal, as provided by law in civil cases.

H. Notwithstanding any other provision of this section, when the charge is dismissed because the court finds that the person arrested or charged is not the person named in the summons, warrant, indictment or presentment, the court dismissing the charge shall, upon motion of the person improperly arrested or charged, enter an order requiring expungement of the police and court records relating to the charge. Such order shall contain a statement that the dismissal and expungement are ordered pursuant to this subsection and shall be accompanied by the complete set of the petitioner's fingerprints filed with his petition. Upon the entry of such order, it shall be treated as provided in subsection K.

I. Notwithstanding any other provision of this section, upon receiving a copy pursuant to § 2.2-402 of an absolute pardon for the commission of a crime that a person did not commit, the court shall enter an order requiring expungement of the police and court records relating to the charge and conviction. Such order shall contain a statement that the expungement is ordered pursuant to this subsection. Upon the entry of such order, it shall be treated as provided in subsection K.

J. Upon receiving a copy of a writ vacating a conviction pursuant to § 19.2-327.5 or 19.2-327.13, the court shall enter an order requiring expungement of the police and court records relating to the charge and conviction. Such order shall contain a statement that the expungement is ordered pursuant to this subsection. Upon the entry of the order, it shall be treated as provided in subsection K.

K. Upon the entry of an order of expungement, the clerk of the court shall cause a copy of such order to be forwarded to the Department of State Police, which shall, pursuant to rules and regulations adopted pursuant to § 9.1-134, direct the law-enforcement agency to destroy the fingerprints filed with his petition. Upon the entry of such order, it shall be treated as provided in subsection K.

L. Costs shall be as provided by § 17.1-275, but shall not be recoverable against the Commonwealth. If the court enters an order of expungement, the clerk of the court shall refund to the petitioner such costs paid by the petitioner.

M. Any order entered where (i) the court or parties failed to strictly comply with the procedures set forth in this section or (ii) the court enters an order of expungement contrary to law, shall be voidable upon motion and notice made within three years of the entry of such order.

1. That § 53.1-69.1 of the Code of Virginia is amended and reenacted as follows:

A. The Board shall have the power to review the death of any inmate who was incarcerated in a local correctional facility at the time of his death in order to determine (i) the circumstances surrounding the inmate's death, including identifying any act or omission by the facility or any employee or agent thereof that may have directly or indirectly contributed to the inmate's death, and (ii) whether the facility was in compliance with the regulations promulgated by the Board.

B. Any review conducted pursuant to this section shall be conducted in accordance with the policies and procedures for such review developed and implemented by the Board in accordance with subdivision 5 of § 53.1-5. In conducting a review pursuant to this section, the Board may exercise its power under § 53.1-6 to hold and conduct hearings, issue subpoenas, and administer oaths and take testimony thereunder. B. Out of this appropriation shall be paid:

1. The salaries of the Speaker of the House of Delegates and other members, and personnel employed by each House: the mileage of members, officers and employees, including salaries and mileage of members of legislative committees sitting during recess; public printing and related expenses required by or for the General Assembly; and the incidental expenses of the General Assembly (§§ 30-19.11 through 30-19.20, inclusive, and § 30-19.4, Code of Virginia). The salary of the Speaker of the House of Delegates shall be $36,321 per year. The salaries of other members of the House of Delegates shall be $17,640 per year.

2. Expenses of the Speaker of the House of Delegates not otherwise reimbursed, $16,200 each year, to be paid in equal monthly installments during the year.

3. In accordance with § 30-19.4, Code of Virginia, and subject to all other conditions of that section except as otherwise provided in the following paragraphs:

   a. $106,845 per calendar year for the compensation of one or more secretaries of the Speaker of the House of Delegates. Salary increases shall be governed by the provisions of Item 477 of this act.

   b. $291,517 per calendar year for the compensation of one or more legislative assistants of the Speaker of the House of Delegates. Salary increases shall be governed by the provisions of Item 477 of this act.

   c. $202,781 per calendar year for the compensation of one or more secretaries or legislative assistants for the Senate majority and minority leadership, as determined by the Majority Leader in consultation with the Chairman of the Senate Committee on Rules. Salary increases shall be governed by the provisions of Item 477 of this act.

   d.1. $44,125 per calendar year for the compensation of legislative assistants for each member of the House of Delegates and $49,641 for the compensation of legislative assistants for each member of the Senate. Salary increases granted shall be governed by the provisions of Item 477 of this act.

   2. In addition, $16,547 per calendar year for each member of the House of Delegates and $11,031 per calendar year for each member of the Senate to provide compensation for additional legislative assistant support costs incurred during the legislative session and in the operation of legislative offices within members’ districts. Salary increases granted shall be governed by the provisions of Item 477 of this act.

   e. The per diem for each legislative assistant of each member of the General Assembly, including the Speaker of the House of Delegates. Such per diem shall equal the amount authorized per session day for General Assembly members in paragraph B.5, if such

The per diem for a legislative assistant who is domiciled in the City of Richmond or whose domicile is within twenty miles of the Capitol shall equal thirty-five percent of the amount paid to a legislative assistant who maintains a temporary residence during such session. j. $70,578 per calendar year additional allowance for secretaries or legislative assistants to the Majority and Minority Leaders of the House of Delegates and the Senate and for secretaries or legislative assistants to the President Pro Tempore of the Senate, and to the Chairmen of the House Appropriations and Senate Finance Committees. Salary increases shall be governed by the provisions of Item 474 of this act.

4.a All compensation and reimbursement of expenses to members of the General Assembly and non-General Assembly members for attending a meeting described in paragraphs B.4.c., B.4.d., B.5., and B.6. shall be paid solely as provided pursuant to this item.

b. The provisions of paragraphs B.4.c. and B.4.d. of this item shall not apply during any regular session of the General Assembly or extension thereof, or during any special session of the General Assembly; provided, however, that the provisions of such paragraphs shall apply during any recess of the same.

c. Notwithstanding any other provision of law, each General Assembly member shall receive compensation for each day, or portion thereof, of attendance at an official meeting of any joint subcommittee, board, commission, authority, council, compact, or other body that has been created or established by the General Assembly or by resolution of a house of the General Assembly, provided that the member has been appointed to, or designated an official member of, such joint subcommittee, board, commission, authority, council, compact, or other body pursuant to an act of the General Assembly or a resolution of a house of the General Assembly that provides for the appointment or designation.

Notwithstanding any other provision of law, each General Assembly member shall also receive compensation for each day, or portion thereof, of attendance at an official meeting of (i) any standing committee or subcommittee thereof of the House of Delegates to which the member has been appointed, (ii) any standing committee or subcommittee thereof or Committee on Rules of the Senate to which the member has been appointed, or (iii) the Joint Rules Committee of the General Assembly. Any official meeting of a subcommittee of any of the committees described in clauses (i), (ii), or (iii) shall also be an official meeting for which the member shall receive compensation.
ITEM 1.

Notwithstanding any other provision of law, any General Assembly member whose attendance, in the written opinion of the chairman of (a) any joint subcommittee, board, commission, authority, council, or other body that has been created or established in the legislative branch of state government by the General Assembly or by resolution of a house of the General Assembly; (b) any such standing committee of the House of Delegates or of the Senate; (c) the Committee on Rules of the Senate; or (d) the Joint Rules Committee of the General Assembly, is required at an official meeting of the body shall also receive compensation for each day, or portion thereof, of attendance at such official meeting.

Any General Assembly member receiving compensation pursuant to this paragraph for attending an official meeting shall be reimbursed for his or her reasonable and necessary expenses incurred in attending such meeting. Notwithstanding any other provision of law, the reimbursement shall be provided by the respective body holding the meeting or by the entity that supports the work of the body.

d. Compensation to General Assembly members for attendance at any official meeting described under B.4.c.of this item may be at a rate equal to $300 for each day, or portion thereof, of attendance. If the member attends two or more official meetings during the same day, and at least one of which occurs in the morning and one of which occurs in the afternoon, then the member shall be compensated at a rate of $400 for the entire day, otherwise compensation is capped at the $300 per day. The payment of such compensation shall be subject to the restrictions and limitations set forth in subsections B., C., and G. of § 30-19.12, Code of Virginia. Notwithstanding any other provision of law, compensation to General Assembly members for attendance at such official meetings shall be paid by the offices of the Clerk of the House of Delegates or Clerk of the Senate, as applicable. The body holding the meeting shall as soon as practicable report the member's attendance at any official meeting of such body to the Clerk of the House of Delegates or the Clerk of the Senate, as applicable, in order to facilitate payment of the compensation. Such body shall report the member's attendance in such manner as prescribed by the respective Clerk.

5. Notwithstanding any other provision of law, whenever any General Assembly member is required to travel for official attendance as a representative of the General Assembly at any meeting, conference, seminar, workshop, or conclave, which is not conducted by the Commonwealth of Virginia or any of its agencies or instrumentalities, such member shall be entitled to (i) compensation in an amount not to exceed the per day rate set forth in paragraph B.4.d., and (ii) reimbursement for reasonable and necessary expenses incurred. Such compensation and reimbursement for expenses shall be set by the Speaker of the House of Delegates for members of the House of Delegates and by the Senate Committee on Rules for members of the Senate.

6. The provisions of this paragraph shall apply only to non-General Assembly members (hereinafter, "citizen members") of any (i) board, commission, authority, council, or other body created or established in the legislative branch of state government by the General Assembly or by resolution of a house of the General Assembly, or (ii) joint legislative committee or subcommittee.

Notwithstanding any other provision of law, any citizen member of any body described in this paragraph who is appointed at the state level, or designated an official member of such body, pursuant to an act of the General Assembly or a resolution of a house of the General Assembly that provides for the appointment or designation, shall receive compensation solely for each day, or portion thereof, of attendance at an official meeting of the same. In no event shall any citizen member be paid compensation for attending a meeting of an advisory committee or other advisory body. Subject to any contrary law that provides for a higher amount of compensation to be paid, compensation shall be paid at the rate of $50 for each day, or portion thereof, of attendance at an official meeting.

Such citizen members shall also be reimbursed for reasonable and necessary expenses incurred in attending (i) an official meeting of any body described in this paragraph, or (ii) a meeting of an advisory committee or advisory body of any body described in this paragraph.

Compensation and reimbursement of expenses to such citizen members shall be paid by the body holding the meeting (or for meetings of advisory committees or advisory bodies, the body on whose behalf the meeting is being held) or by the entity that supports the work of the body.
A citizen member, however, who is a full-time employee of the Commonwealth or any of its local political subdivisions, including any full-time faculty member of a public institution of higher education, shall not be entitled to compensation under this paragraph and shall be limited to reimbursement for his reasonable and necessary expenses incurred, which shall be reimbursed by his employer. If such full-time employee who is a citizen member is required by his employer to take annual, family and personal, or other paid leave or unpaid leave to attend an official meeting under this paragraph, then such person shall be reimbursed for his reasonable and necessary expenses incurred by the body holding the meeting, or for meetings of advisory committees or advisory bodies, the body on whose behalf the meeting is being held, or by the entity that supports the work of the body. For the purposes of this paragraph, reasonable and necessary expenses shall exclude the reimbursement for leave taken by a citizen member who is a full-time employee of the Commonwealth.

A citizen member who is also currently a treasurer, sheriff, clerk of court, commissioner of the revenue, or attorney for the Commonwealth by reason of election of the qualified county or city voters shall not be entitled to compensation under this paragraph and shall be limited to reimbursement for his reasonable and necessary expenses incurred, which shall be reimbursed within the budget already established by the Compensation Board and in the same manner as other reasonable and necessary expenses of his office are reimbursed. Full-time employees of one of the foregoing constitutional offices shall also not be entitled to compensation under this paragraph and shall be limited to reimbursement for their reasonable and necessary expenses incurred, which shall be reimbursed within the budget already established by the Compensation Board and in the same manner as other reasonable and necessary expenses of the constitutional office are reimbursed.

7. Pursuant to § 30-19.13, Code of Virginia, allowances for expenses of members of the General Assembly during any regular session of the General Assembly or extension thereof or during any special session of the General Assembly shall be paid in an amount not to exceed the maximum daily amount permitted by the Internal Revenue Service under rates established by the U.S. General Services Administration.

8. Allowance for office expenses and supplies of members of the General Assembly, in the amount of $1,250 for each month of each calendar year. An additional $500 for each month of each calendar year shall be paid to the Majority and Minority Leaders of the House of Delegates and the Senate and to the President Pro Tempore of the Senate, the Chairman or Chairs of the Senate Finance Committee, and the Chairman of the House Appropriations Committee.

C. One legislative assistant of a member of the General Assembly regularly employed on a twelve (12) consecutive month salary basis receiving 60 percent or more of the salary allotted pursuant to paragraph B.3.d.1, may, for the purposes of §§ 51.1-124.3 and 51.1-152, Code of Virginia, be deemed a "state employee" and as such will be eligible for participation in the Virginia Retirement System, the group life insurance plan, the VRS short and long term disability plans, and the state health insurance plan. Upon approval by the Joint Rules Committee, legislative assistants shall be eligible to participate in the short and long-term disability plans sponsored by the Virginia Retirement System pursuant to Chapter 11 of Title 51.1, Code of Virginia. Such legislative assistants shall not receive sick leave and family and personal leave benefits under this plan. Short-term disability benefits shall be payable from the Legislative Reversion Clearing Account.

D. Out of this appropriation the Clerk of the House of Delegates shall pay the routine maintenance and operating expenses of the General Assembly Building as apportioned to the Senate, House of Delegates, Division of Legislative Services, Joint Legislative Audit and Review Commission, or other legislative agencies. The funds appropriated to each agency in the Legislative Department for routine maintenance and operating expenses during the current biennium shall be transferred to the account established for this purpose.

E. An amount of up to $10,000 per year shall be transferred from Item 34 of this act, to reflect equivalent compensation allowances for the Lieutenant Governor as were authorized by the 1994 General Assembly. The Lieutenant Governor shall report such
increases to the Speaker of the House and the Chairman of the House Appropriations Committee and the Chairman of the Senate Finance Committee.

F.1. The Chairmen of the House Appropriations and Senate Finance Committees shall each appoint four members from their respective committees to a joint subcommittee to review public higher education funding policies and to make recommendations to their respective committees. The objective of the review is to develop policies and formulas to provide the public institutions of higher education with an equitable funding methodology that: (a) recognizes differences in institutional mission; (b) provides incentives for achievement and productivity; (c) recognizes enrollment growth; and (d) establishes funding objectives in areas such as faculty salaries, financial aid, and the appropriate share of educational and general costs that should be borne by resident students. In addition, the review shall include the development of comparable cost data concerning the delivery of higher education through an analysis of the relationship of each public institution to its national peers. The public institutions of higher education and the staff of the State Council of Higher Education for Virginia are directed to provide technical assistance, as required, to the joint subcommittee.

2. The Joint Subcommittee on Higher Education Funding Policies shall conduct an assessment of the adequacy of the current educational and general funding levels for Virginia's public institutions of higher education. The assessment shall be used to develop guidelines against which to measure funding requests for higher education. The assessment shall include, but not be limited to, the following components:

a) Updated student-to-faculty ratios based on current practice or industry norms.

b) Consideration of support staff needs and the changing requirements of support staff due to technology and privatization of services previously performed by the institutions.

c) Costs of instruction, such as equipment, utilities, facilities maintenance, and other nonpersonal services expenses.

d) Recognition of the individual mission of the institution, student characteristics, location, or other factors that may influence the costs of instruction.

e) Benchmarking of the funding guidelines against a group of peer institutions, or other appropriate comparator group, to assess the validity of the guidelines.

f) Means by which measures of institutional performance can be assessed and incorporated into funding and policy guidelines for higher education.

3. The Joint Subcommittee on Higher Education Funding Policies shall develop a more precise methodology for determining funding needs at Virginia's public institutions of higher education related to enrollment growth. The methodology should take into consideration that support staff and operations may need to be expanded when enrollment growth reaches certain levels.

4. The Joint Subcommittee may seek support from the staff of the Senate Finance and House Appropriations Committees, the public institutions of higher education, or other higher education or state agency representatives, as requested by the Joint Subcommittee. At its discretion, the Joint Subcommittee may contract for consulting services.

5. The Joint Subcommittee is hereby continued to provide direction and oversight of higher education funding policies. The Joint Subcommittee shall review and articulate policies and funding methodologies on: (a) the appropriate share of educational and general costs that should be borne by students; (b) student financial aid; (c) undergraduate medical education funding; (d) the mix of full-time and part-time faculty; (e) the mix of in-state and out-of-state students as it relates to tuition policy; and (f) the viability of statewide articulation agreements between four-year and two-year public institutions.

6. a. It is the objective of the General Assembly that funding for Virginia's public colleges and universities shall be based primarily on the funding guidelines outlined in the November, 2001 report of the Joint Subcommittee on Higher Education Funding Policies.

b. Based on the findings and recommendations of its November, 2001 report, the Joint Subcommittee shall coordinate with the State Council of Higher Education, the Secretary of
ITEM 1.
Education, and the Department of Planning and Budget in incorporating the higher education funding guidelines into the development of budget recommendations.

c. As part of its responsibilities to ensure the fair and equitable distribution and use of public funds among the public institutions of higher education, the State Council of Higher Education shall incorporate the funding guidelines established by the Joint Subcommittee into its budget recommendations to the Governor and the General Assembly.

G. The Chairmen of the Senate Finance and House Appropriations Committees shall each appoint four members from their respective committees to a joint subcommittee to review compensation of state agency heads and cabinet secretaries. The Department of Human Resource Management, the Virginia Retirement System and all other agencies and institutions of the Commonwealth are directed to provide technical assistance, as required, to the joint subcommittee.

H. 1. The Chairmen of the House Appropriations and Senate Finance Committees shall each appoint up to five members from their respective committees to a joint subcommittee to provide on-going direction and oversight of Standards of Quality funding cost policies and to make recommendations to their respective committees.

2. The Joint Subcommittee on Elementary and Secondary Education Funding shall: a) study the Commonwealth's use of the prevailing salary and cost approaches to funding the Standards of Quality, as compared with alternative approaches, such as a fixed point in time salary base that is increased annually by some minimum percentage or funding the national average teacher salary; and b) review the "federal revenue deduct" methodology, including the current use of a cap on the deduction; and c) review the methodology for establishing a consistent funding cap process for all state funded instructional and certain support positions.

3. The school divisions, the staff of the Virginia Department of Education, and staff of the Joint Legislative Audit and Review Commission, are directed to provide technical assistance, as required, to the joint subcommittee.

I. The Speaker of the House shall establish the salary for the Clerk of the House of Delegates.

J. The Senate Committee on Rules shall establish the salary for the Clerk of the Senate.

K. Notwithstanding the salaries set out in Items 2, 4, 5, and 6, the Committee on Joint Rules may establish salary ranges for such agency heads consistent with the provisions and salary ranges included in § 4-6.01 of this act.

L. Included within this appropriation is $15,400 each year from the general fund for expenses related to the Joint Subcommittee on Tax Preferences, pursuant to House Bill 777 of the 2012 Session. This includes $6,622 each year to be allocated by the Clerk of the Senate and $8,778 each year to be allocated by the Clerk of the House of Delegates.

M. Included in the appropriations for this item is $25,000 the first year and $25,000 the second year from the general fund for the operations of the Virginia Indian Commemorative Commission and the development of a monument commemorating the life, achievements, and legacy of Native Americans in the Commonwealth.

N.1. The Special Joint Subcommittee to Consult on the Plan to Close State Training Centers shall continue to conduct a review of the assumptions behind the cost and cost savings of implementing the U.S. Department of Justice (DOJ) settlement agreement including but not limited to a review of the cost of providing care in the state intellectual disability (ID) training centers and in the community and an explanation of the difference in costs.

2. The Joint Subcommittee to Consult on the Plan to Close State Training Centers, in collaboration with the Department of Behavioral Health and Developmental Services, shall develop and evaluate a plan for consideration of operating a smaller state training center to serve those individuals for which care in a training center is appropriate. The Joint Subcommittee shall evaluate and determine the operating costs, capital costs, and

consider all other relevant factors in developing the plan for consideration.

O. The Joint Commission on Transportation Accountability shall regularly review, and provide oversight of the usage of funding generated pursuant to the provisions of House Bill 2313, 2013 Session of the General Assembly. To this end, by November 15 the Secretary of Transportation, the Northern Virginia Transportation Authority and the Hampton Roads Transportation Accountability Commission shall each prepare a report on the uses of the Intercity Passenger Rail Operating and Capital Funds, the Northern Virginia Transportation Authority Fund, and the Hampton Roads Transportation Fund, respectively, each year to be presented to the Joint Commission on Transportation Accountability.

Authority: Title 17.1, Chapter 4 and § 19.2-163, Code of Virginia.
ITEM 41.

A. Out of the amounts in this Item for Trial Processes shall be paid:

1. The annual salaries of Circuit Court judges, each at $175,826 from July 1, 2020 to June 9, 2021, $175,826 from June 10, 2021 to June 30, 2022. Such salaries shall represent the total compensation from all sources for Circuit Court judges.

2. Expenses necessarily incurred for the position of judge of the Circuit Court, including clerk hire not exceeding $1,500 a year for each judge.

3. The state's share of expenses incident to the prosecution of a petition for a writ of habeas corpus by an indigent petitioner, including payment of counsel fees as fixed by the Court; the expenses shall be paid upon receipt of an appropriate order from a Circuit Court.

4. A circuit court judge shall only be reimbursed for mileage for commuting if the judge has to travel to a courthouse in a county or city other than the one in which the judge resides and the distance between the judge's residence and the courthouse is greater than 25 miles.

B. The Chief Circuit Court Judge shall restrict the appointment of special justices to conduct involuntary mental commitment hearings to those unusual instances when no General District Court or Juvenile and Domestic Relations District Court Judge can be made available or when the volume of the hearings would require more than eight hours a week.

C. There is hereby reappropriated the unexpended balance remaining at the close of business on June 30, 2020, in the appropriation made in Item 40, Chapter 854, Acts of Assembly of 2019, in the item detail Other Court Costs and Allowances (Criminal Fund) and the balance remaining in this item detail on June 30, 2021.

D. The appropriation in this Item for Other Court Costs and Allowances (Criminal Fund) shall be used to implement the provisions of § 8.01-384.1:1, Code of Virginia.

E.1. General fund appropriations for Other Court Costs and Allowances (Criminal Fund) total $128,840,989 the first year and $127,467,905 the second year in this Item and Items 36, 40, 42, 43 and 44.

2. The Chief Justice of the Supreme Court of Virginia shall determine how the amounts appropriated to Other Courts Costs and Allowances (Criminal Fund) will be allocated, consistent with statutory provisions in the Code of Virginia. Funds within these appropriations are to be used to fund fully the statutory caps on compensation applicable to attorneys appointed by the court to defend criminal charges. Should this appropriation not be sufficient to fund fully all of the statutory caps on compensation as established by § 19.2-163, Code of Virginia, that this appropriation shall be applied first to fully fund the statutory caps for the most serious noncapital felonies and then, should funds still remain in this appropriation, to the other statutory caps, in declining order of the severity of the charges to which each cap is applicable.

3. Notwithstanding the provisions of § 19.2-163, Code of Virginia, the amount of compensation allowed to counsel appointed by the court to defend a felony charge that may be punishable by death shall be calculated on an hourly basis at a rate set by the Supreme Court of Virginia.

F.1. For any hearing conducted pursuant to § 19.2-306, Code of Virginia, the circuit court shall have presented to it a sentencing revocation report prepared on a form designated by the Virginia Criminal Sentencing Commission indicating the condition or conditions of the suspended sentence, good behavior, or probation supervision that the defendant has allegedly violated.

2. For any hearing conducted pursuant to § 19.2-306 in which the defendant is cited for violation of a condition or conditions other than a new criminal offense conviction, the court shall also have presented to it the applicable probation violation guideline worksheets established pursuant to Chapter 1042 of the Acts of Assembly 2003. The court shall review and consider the suitability of the discretionary probation violation guidelines. Before imposing sentence, the court shall state for the record that such review
and consideration have been accomplished and shall make the completed worksheets a part of
the record of the case and open for inspection. In hearings in which the court imposes a
sentence that is either greater or less than that indicated by the discretionary probation
violation guidelines, the court shall file with the record of the case a written explanation of
such departure.

3. Following any hearing conducted pursuant to § 19.2-306 and the entry of a final order, the
clerk of the circuit court in which the hearing was held shall cause a copy of such order or
orders, the original sentencing revocation report, any applicable probation violation guideline
worksheets prepared in the case, and a copy of any departure explanation prepared pursuant to
subsection F.2., to be forwarded to the Virginia Criminal Sentencing Commission within 30
days.

4. The failure to follow any or all of the provisions specified in F.1. through F.3 or the failure
to follow any or all of these provisions in the prescribed manner shall not be reviewable on
appeal or the basis of any other post-hearing relief.

G. Mandated changes or improvements to court facilities pursuant to § 15.2-1643, Code of
Virginia, or otherwise, including any new construction, shall be delayed at the request of the
local governing body in which the court is located until June 30, 2022. The provisions of this
item shall not apply to facilities that were subject to litigation on or before November 30,
2008.

H. In order to reduce expenditures through the Criminal Fund for court-appointed counsel,
compensation paid to attorneys appointed pursuant to Virginia Code § 53.1-40 shall be
limited to $55 per hour, with a maximum per diem compensation of $200, except in cases
where the appointed attorney is appointed to represent indigent prisoners at more than one
state prison, and in such cases their billing shall be capped monthly at $6,000, plus reasonable
expenses, to be paid from the Criminal Fund.

I.1. Notwithstanding the provisions of § 19.2-155, Code of Virginia, in cases where an
Attorney for the Commonwealth must recuse himself from a case or a special prosecutor must
be appointed, the circuit court judge must appoint an Attorney for the Commonwealth or an
Assistant Attorney for the Commonwealth from another jurisdiction. If the circuit court judge
determines that the appointment of such Attorney for the Commonwealth or such Assistant
Attorney for the Commonwealth is not appropriate or that such an attorney or assistant is
unavailable then the judge must request approval from the Executive Secretary of the
Supreme Court for an exception to this requirement.

2. The Executive Secretary of the Supreme Court shall include in the annual report required in
paragraph A. of Item 39 information on the number of exceptions granted related to special
prosecutors and the related expenditures.

J. Notwithstanding any other provisions of Chapter 23 of Title 8.1 of the Code of Virginia, a
reasonable fee not to exceed $150 may be charged by Commissioners of Accounts for any
foreclosures on a timeshare estate to reimburse them for the reasonable costs associated
therewith.

B. Out of the amounts provided for in this Item, no expenditures shall be made to provide security devices such as magnetometers in standard use in major metropolitan airports. Personnel expenditures for operation of such equipment incidental to the duties of
courtroom and courthouse security deputies may be authorized, provided that no additional expenditures for personnel shall be approved for the principal purpose of operating these devices.

C. Notwithstanding the provisions of § 53.1-120, or any other section of the Code of Virginia, unless a judge provides the sheriff with a written order stating that a substantial security risk exists in a particular case, no courtroom security deputies may be ordered for civil cases, not more than one deputy may be ordered for criminal cases in a district court, and not more than two deputies may be ordered for criminal cases in a circuit court. In complying with such orders for additional security, the sheriff may consider other deputies present in the courtroom as part of his security force.

D. Should the scheduled opening date of any facility be delayed for which funds are available in this Item, the Director, Department of Planning and Budget, may allot such funds as the Compensation Board may request to allow the employment of staff for training purposes not more than 45 days prior to the rescheduled opening date for the facility.

E. Consistent with the provisions of paragraph B of Item 75, the board shall allocate the additional jail deputies provided in this appropriation using a ratio of one jail deputy for every 3.0 beds of operational capacity. Operational capacity shall be determined by the Department of Corrections. No additional deputy sheriffs shall be provided from this appropriation to a local jail in which the present staffing exceeds this ratio unless the jail is overcrowded. Overcrowding for these purposes shall be defined as when the average annual daily population exceeds the operational capacity. In those jails experiencing overcrowding, the board may allocate one additional jail deputy for every five average annual daily prisoners above operational capacity. Should overcrowding be reduced or eliminated in any jail, the Compensation Board shall reallocate positions previously assigned due to overcrowding to other jails in the Commonwealth that are experiencing overcrowding.

F. Two-thirds of the salaries set by the Compensation Board of medical, treatment, and inmate classification positions approved by the Compensation Board for local correctional facilities shall be paid out of this appropriation.

G.1. Subject to appropriations by the General Assembly for this purpose, the Compensation Board shall provide for a master deputy pay grade to those sheriffs' offices which had certified, on or before January 1, 1997, having a career development plan for deputy sheriffs that meet the minimum criteria set forth by the Compensation Board for such plans. The Compensation Board shall allow for additional grade 9 positions, at a level not to exceed one grade 9 master deputy per every five Compensation Board grade 7 and 8 deputy positions in each sheriff's office.

2. Each sheriff who desires to participate in the Master Deputy Program who had not certified a career development plan on or before January 1, 1997, may elect to participate by certifying to the Compensation Board that the career development plan in effect in his office meets the minimum criteria for such plans as set by the Compensation Board. Such election shall be made by July 1 for an effective date of participation the following July 1.

3. I. Any amount in the program Financial Assistance for Sheriffs' Offices and Regional Jails may be transferred between Items 68 and 69, as needed, to cover any deficits incurred in the programs Financial Assistance for Confinement of Inmates in Local and Regional Facilities, and Financial Assistance for Sheriffs' Offices and Regional Jails.

J.1. Subject to appropriations by the General Assembly for this purpose, the Compensation Board shall provide for a Sheriffs' Career Development Program.

2. Following receipt of a sheriff's certification that the minimum requirements of the Sheriffs' Career Development Program have been met, and provided that such certification is submitted by sheriffs as part of their annual budget request to the Compensation Board on or before February 1 of each year, the Compensation Board shall increase the annual salary shown in paragraph A of this Item by the percentage shown herein for a twelve-month period effective the following July 1.

a. 9.3 percent increase for all sheriffs who certify their compliance with the established minimum criteria for the Sheriffs' Career Development Program where such criteria includes that a sheriff has achieved certification in a program agreed upon by the Compensation Board and the Virginia Sheriffs' Institute by Virginia Commonwealth University, or, where such criteria include that a sheriff's office seeking accreditation has been assessed and will be considered for accreditation by the accrediting body no later than March 1, and have achieved accreditation by March 1 from the Virginia Law Enforcement Professional Standards Commission, or the Commission on Accreditation of Law Enforcement agencies, or the American Correctional Association.

3. Other constitutional officers' associations may request the General Assembly to include certification in a program agreed upon by the Compensation Board and the officers' associations by the Weldon Cooper Center for Public Service to the requirements for participation in their respective career development programs.

K. Notwithstanding the provisions of Article 7, Chapter 15, Title 56, Code of Virginia, $8,000,000 the first year and $8,000,000 the second year from the Wireless E-911 Fund is included in this appropriation for local law enforcement dispatchers to offset dispatch center operations and related costs.

L. Notwithstanding the provisions of §§ 53.1-131 through 53.1-131.3, Code of Virginia, local and regional jails may charge inmates participating in inmate work programs a reasonable daily amount, not to exceed the actual daily cost, to operate the program.

M.1. Included in this appropriation is $1,856,649 the first year and $1,856,649 the second year from the general fund for the Compensation Board to contract for services to be provided by the Virginia Center for Policing Innovation to implement and maintain the interface between all local and regional jails in the Commonwealth and the Statewide Automated Victim Information and Notification (SAVIN) system, to provide for SAVIN program coordination, and to maintain the interface between SAVIN and the Virginia Sex Offender Registry and provide for automated protective order notifications. All law enforcement agencies receiving general funds pursuant to this item shall provide the data requirements necessary to participate in the SAVIN system.

2. The data collected for purposes of the Statewide Automated Victim Information and Notification (SAVIN) system may be used to support additional public safety systems authorized by statute or the Appropriation Act. In support of these systems, the data may be used to determine or supplement risk factors, provide notifications, or data-driven information. The Commonwealth of Virginia's Chief Data Officer and the Compensation Board shall be permitted access to, and extraction of, such raw state data provided for these purposes, under terms agreed to by both the vendor collecting data under contract with the Virginia Center for Policing Innovation and the Commonwealth of Virginia's Chief Data Officer. No raw data shall be transferred beyond the SAVIN system except that which is shared with the Commonwealth of Virginia's Chief Data Officer in such mutually agreed upon manner.

N. Included in this appropriation is $2,419,030 the first year and $2,478,556 the second year from the general fund to support staffing costs associated with the expansion project
at Prince William/Manassas Regional Jail.

O. Included in this appropriation is $2,194,589 in the second year from the general fund to support staffing costs associated with the Henry County jail replacement project.

69. Financial Assistance for Confinement of Inmates in Local and Regional Facilities (35600) $59,182,111 $59,199,386

   Financial Assistance for Local Jail Per Diem (35601). $27,867,884 $27,885,159

   Fund Sources: General $59,182,111 $59,199,386

A. In the event the appropriation in this Item proves to be insufficient to fund all of its provisions, any amount remaining as of June 1, 2021, and June 1, 2022, may be reallocated among localities on a pro rata basis according to such deficiency.

B. For the purposes of this Item, the following definitions shall be applicable:

1. Effective sentence--a convicted offender's sentence as rendered by the court less any portion of the sentence suspended by the court.

2. Local responsible inmate--(a) any person arrested on a state warrant and incarcerated in a local correctional facility, as defined by § 53.1-1, Code of Virginia, prior to trial; (b) any person convicted of a misdemeanor offense and sentenced to a term in a local correctional facility; or (c) any person convicted of a felony offense and given an effective sentence of (i) twelve months or less or (ii) less than one year.

3. State responsible inmate--any person convicted of one or more felony offenses and (a) the sum of consecutive effective sentences for felonies, committed on or after January 1, 1995, is (i) more than 12 months or (ii) one year or more, or (b) the sum of consecutive effective sentences for felonies, committed before January 1, 1995, is more than two years.

C. The individual or entity responsible for operating any facility which receives funds from this Item may, if requested by the Department of Corrections, enter into an agreement with the department to accept the transfer of convicted felons, from other local facilities or from facilities operated by the Department of Corrections. In entering into any such agreements, or in effecting the transfer of offenders, the Department of Corrections shall consider the security requirements of transferred offenders and the capability of the local facility to maintain such offenders. For purposes of calculating the amount due each locality, all funds earned by the locality as a result of an agreement with the Department of Corrections shall be included as receipts from these appropriations.

D. Out of this appropriation, an amount not to exceed $377,010 the first year and $377,010 the second year from the general fund, is designated to be held in reserve for unbudgeted medical expenses incurred by local correctional facilities in the care of state responsible felons.

E. The following amounts shall be paid out of this appropriation to compensate localities for the cost of maintaining prisoners in local correctional facilities, as defined by § 53.1-1, Code of Virginia, or if the prisoner is not housed in a local correctional facility, in an alternative to incarceration program operated by, or under the authority of, the sheriff or jail board:

1. For local responsible inmates--$4 per inmate day, or, if the inmate is housed and maintained in a jail farm not under the control of the sheriff, the rate shall be $18 per inmate day.

2. For state responsible inmates--$12 per inmate day.

F. For the payment specified in paragraph E 1 of this Item for prisoners in alternative punishment or alternative to incarceration programs:

1. Such payment is intended to be made for prisoners that would otherwise be housed in a
ITEM 69.

It is not intended for prisoners that would otherwise be sentenced to community service or placed on probation.

2. No such payment shall be made unless the program has been approved by the Department of Corrections or the Department of Criminal Justice Services. Alternative punishment or alternative to incarceration programs, however, may include supervised work experience, treatment, and electronic monitoring programs.

G.1. Except as provided for in paragraph G 2, and notwithstanding any other provisions of this Item, the Compensation Board shall provide payment to any locality with an average daily jail population of under ten in FY 1995 an inmate per diem rate of $18 per day for local responsible inmates and $12 per day for state responsible inmates held in these jails in lieu of personal service costs for corrections' officers.

2. Any locality covered by the provisions of this paragraph shall be exempt from the provisions thereof provided that the locally elected sheriff, with the assistance of the Compensation Board, enters into good faith negotiations to house his prisoners in an existing local or regional jail. In establishing the per diem rate and capital contribution, if any, to be charged to such locality by a local or regional jail, the Compensation Board and the local sheriff or regional jail authority shall consider the operating support and capital contribution made by the Commonwealth, as required by §§ 15.2-1613, 15.2-1615.1, 53.1-80, and 53.1-81, Code of Virginia. The Compensation Board shall report periodically to the Chairmen of the House Appropriations and Senate Finance Committees on the progress of these negotiations and may withhold the exemption granted by this paragraph if, in the board's opinion, the local sheriff fails to negotiate in good faith.

H.1. The Compensation Board shall recover the state-funded costs associated with housing federal inmates, District of Columbia inmates or contract inmates from other states. The Compensation Board shall determine, by individual jail, the amount to be recovered by the Commonwealth by multiplying the jail's current inmate days for this population by the proportion of the jail's per inmate day salary funds provided by the Commonwealth, as identified in the most recent Jail Cost Report prepared by the Compensation Board. Beginning July 1, 2009, the Compensation Board shall determine, by individual jail, the amount to be recovered by the Commonwealth by multiplying the jail's current inmate days for this population by the proportion of the jail's per inmate day operating costs provided by the Commonwealth, excluding payments otherwise provided for in this Item, as identified in the most recent Jail Cost Report prepared by the Compensation Board. If a jail is not included in the most recent Jail Cost Report, the Compensation Board shall use the statewide average of per inmate day salary funds provided by the Commonwealth.

2. The Compensation Board shall deduct the amount to be recovered by the Commonwealth from the facility's next quarterly per diem payment for state-responsible and local-responsible inmates. Should the next quarterly per diem payment owed the locality not be sufficient against which to net the total quarterly recovery amount, the locality shall remit the remaining amount not recovered to the Compensation Board.

3. Any local or regional jail which receives funding from the Compensation Board shall give priority to the housing of local-responsible, state-responsible, and state contract inmates, in that order, as provided in paragraph H 1.

4. The Compensation Board shall not provide any inmate per diem payments to any local or regional jail which holds federal inmates in excess of the number of beds contracted for with the Department of Corrections, unless the Director, Department of Corrections, certifies to the Chairman of the Compensation Board that a) such contract beds are not required; b) the facility has operational capacity built under contract with the federal government; c) the facility has received a grant from the federal government for a portion of the capital costs; or d) the facility has applied to the Department of Corrections for participation in the contract bed program with a sufficient number of beds to meet the Department of Corrections' need or ability to fund contract beds at that facility in any given fiscal year.

5. The Compensation Board shall apply the cost recovery methodology set out in paragraph H 1 of this Item to any jail which holds inmates from another state on a contractual basis. However, recovery in such circumstances shall not be made for inmates

local correctional facility.

held pending extradition to other states or pending transfer to the Virginia Department of Corrections.

6. The provisions of this paragraph shall not apply to any local or regional jail where the cumulative federal share of capital costs exceeds the Commonwealth's cumulative capital contribution.

7. For a local or regional jail which operates bed space specifically built utilizing federal capital or grant funds for the housing of federal inmates and for which Compensation Board funding has never been authorized for staff for such bed space, the Compensation Board shall allow an exemption from the recovery provided in paragraph H.1. for a defined number of federal prisoners upon certification by the sheriff or superintendent that the federal government has paid for the construction of bed space in the facility or provided a grant for a portion of the capital cost. Such certification shall include specific funding amounts paid by the federal government, localities, and/or regional jail authorities, and the Commonwealth for the construction of bed space specifically built for the housing of federal inmates and for the construction of the jail facility in its entirety. The defined number of federal prisoners to be exempted from the recovery provided in paragraph H.1. shall be based upon the proportion of funding paid by the federal government and localities and/or regional jail authorities for the construction of bed space to house federal prisoners to the total funding paid by all sources, including the Commonwealth, for all construction costs for the jail facility in its entirety.

8. Beginning March 1, 2013, federal inmates placed in the custody of a regional jail pursuant to a work release program operated by the federal Bureau of Prisons shall be exempt from the recovery of costs associated with housing federal inmates pursuant to paragraph H.1. of this item if such federal inmates have been assigned by the federal Bureau of Prisons to a home electronic monitoring program in place for such inmates by agreement with the jail on or before January 1, 2012 and are not housed in the jail facility. However, no such exemption shall apply to any federal inmate while they are housed in the regional jail facility.

1. Any amounts in the program Financial Assistance for Confinement of Inmates in Local and Regional Facilities, may be transferred between Items 68 and 69, as needed, to cover any deficits incurred in the programs Financial Assistance for Sheriffs' Offices and Regional Jails and Financial Assistance for Confinement of Inmates in Local and Regional Facilities.

J.1. The Compensation Board shall provide an annual report on the number and diagnoses of inmates with mental illnesses in local and regional jails, the treatment services provided, and expenditures on jail mental health programs. The report shall be prepared in cooperation with the Virginia Sheriffs Association, the Virginia Association of Regional Jails, the Virginia Association of Community Services Boards, and the Department of Behavioral Health and Developmental Services, and shall be coordinated with the data submissions required for the annual jail cost report. Copies of this report shall be provided by November 1 of each year to the Governor, Director, Department of Planning and Budget, and the Chairmen of the Senate Finance and House Appropriations Committees.

2. Whenever a person is admitted to a local or regional correctional facility, the staff of the facility shall screen such person for mental illness using a scientifically validated instrument. The Commissioner of Behavioral Health and Developmental Services shall designate the instrument to be used for the screenings and such instrument shall be capable of being administered by an employee of the local or regional correctional facility, other than a health care provider, provided that such employee is trained in the administration of such instrument.

K. Out of the amounts appropriated in this item, $198,664 the first year and $215,939 the second year from the general fund is provided for the purpose of reimbursing the County of Nottoway for the expense of confining residents of the Virginia Center for Behavioral Rehabilitation arrested for new offenses and held in Piedmont Regional Jail at the expense of the County. Reimbursements by the Board are to be made quarterly, and shall be equal to demonstrated costs incurred by the County of Nottoway for confinement of these individuals, and shall not exceed the amounts provided in this paragraph for each fiscal year. Demonstrated costs may include expenses incurred in the last month of the prior fiscal year if not previously reimbursed. The County of Nottoway, the Virginia Center for Behavioral Rehabilitation, and Piedmont Regional Jail shall upon request provide the Compensation Board any information and assistance it determines is necessary to calculate amounts to be reimbursed to the County of Nottoway.

F. The Compensation Board shall monitor the Department of Taxation program regarding the collection of unpaid fines and court costs by private debt collection firms contracted by Commonwealth's attorneys and shall include, in its annual report to the General Assembly on the collection of court-ordered fines and fees for clerks of the courts and Commonwealth's attorneys, the amount of unpaid fines and costs collected by this program.

G. Out of this appropriation, $389,165 the first year and $389,165 the second year from the general fund is designated for the Compensation Board to fund five additional positions in Commonwealth's attorney's offices that shall be dedicated to prosecuting gang-related criminal activities. The board shall ensure that these positions work across jurisdictional lines, serving the Northern Virginia area (counties of Fairfax, Loudoun, Prince William, and Arlington and the cities of Falls Church, Alexandria, Manassas, Manassas Park and Fairfax).
H. In accordance with the provisions of § 19.2-349, Code of Virginia, attorneys for the Commonwealth may employ individuals, or contract with private attorneys, private collection agencies, or other state or local agencies, to assist in collection of delinquent fines, costs, forfeitures, penalties, and restitution. If the attorney for the Commonwealth employs individuals, the costs associated with employing such individuals may be paid from the proceeds of the amounts collected provided that the cost is apportioned on a pro rata basis according to the amount collected which is due the state and that which is due the locality. If the attorney for the Commonwealth does not undertake collection, the attorney for the Commonwealth shall, as soon as practicable, take steps to ensure that any agreement or contract with an individual, attorney or agency complies with the terms of the current Master Guidelines Governing Collection of Unpaid Delinquent Court-Ordered Fines and Costs Pursuant to Virginia Code § 19.2-349 promulgated by the Office of the Attorney General, the Executive Secretary of the Supreme Court, the Department of Taxation, and the Compensation Board ("the Master Guidelines"). Notwithstanding any other provision of law, the delinquent amounts owed shall be increased by seventeen (17) percent to help offset the costs associated with employing such individuals or contracting with such agencies or individuals. If such increase would exceed the contracted collection agent's fee, then the delinquent amount owed shall be increased by the percentage or amount of the collection agent's fee. Effective July 1, 2015, as provided in § 19.2-349, Code of Virginia, treasurers not being compensated on a contingency basis as of January 1, 2015 shall be prohibited from being compensated on a contingency basis but shall instead be compensated for administrative costs pursuant to § 58.1-3958. Code of Virginia. Treasurers currently collecting a contingency fee shall be eligible to contract on a contingency fee basis. Effective July 1, 2015, any treasurer collecting a contingency fee shall retain only the expenses of collection, and the excess collection shall be divided between the state and the locality in the same manner as if the collection had been done by the attorney for the Commonwealth. The attorneys for the Commonwealth shall account for the amounts collected and the fees and costs associated with the collections consistent with procedures issued by the Auditor of Public Accounts.

I. Notwithstanding the provisions of Article 7, Chapter 4, Title 38, Code of Virginia, beginning July 1, 2018, $600,000 each year from the Insurance Fraud Fund is included in this appropriation to fund multi-jurisdictional Assistant Commonwealth's Attorney positions that shall be dedicated to prosecuting insurance fraud and related criminal activities. The Department of State Police shall identify those jurisdictions most affected by insurance fraud based upon data provided by the Virginia State Police Insurance Fraud Program. The Virginia State Police Insurance Fraud Program shall ensure that these positions work across jurisdictional lines, serving jurisdictions identified as most in need of these resources as supported by data. These funds shall remain unallocated until the Compensation Board and Virginia State Police notify the Director of the Department of Planning and Budget of the joint agreements reached with the Commonwealth's Attorneys of the jurisdictions receiving the additional Assistant Commonwealth's Attorney positions and the jurisdictions to be served by these positions. The Commonwealth's Attorneys receiving such positions shall annually certify to the Compensation Board that these positions are used primarily, if not exclusively, for the prosecution of insurance fraud and related criminal activities.

J. The appropriations in this item includes $1,350,989 the first year and $1,433,928 the second year from the general fund to fund approximately twenty-five percent of the unfunded positions needed based on the fiscal year 2020 staffing standards calculation.

K. Any locality in the Commonwealth that employs the use of body worn cameras for its law enforcement officers shall be required to establish and fund one full-time equivalent entry-level Assistant Commonwealth's Attorney, at a salary no less than that established by the Compensation Board for an entry-level Commonwealth's Attorney, at a rate of one Assistant Commonwealth's Attorney for up to 75 body worn cameras employed for use by local law enforcement officers, and one Assistant Commonwealth's Attorney for every 75 body worn cameras employed for use by local law enforcement officers, thereafter. However, with the consent of the Commonwealth's Attorney, a locality may provide their Commonwealth's Attorney's office with additional funding, using a different formula than stated above, as needed to accommodate the additional workload resulting from the requirement to review, redact and present footage from body worn cameras. If, as of July 1, 2019, a locality is providing additional funding to the Commonwealth's Attorney's office specifically to address
the staffing and workload impact of the implementation of body worn cameras on that office, that additional funding shall be credited to the formula used in that locality. Any agreed upon funding formula between the impacted Commonwealth's Attorney and the locality employing body worn cameras shall be filed with the Compensation Board by July 1, 2019 and shall remain in effect unless modified by the agreement of both parties until June 30th of the following year. The term "locality" means every county or independent city with an Attorney for the Commonwealth. The term "employed for use" includes all body worn cameras maintained by the law enforcement agency or agencies of that locality, regardless of any temporary inoperability.

Whenever a clerk of a circuit court is such for a county and a city, for two or more counties, or for two or more cities, the aggregate population of such political subdivisions shall be the population for the purpose of arriving at the salary of the circuit court clerk under the provisions of this Item.

3. Except as provided in Item 75 A 2, the annual salary herein prescribed shall be full compensation for services performed by the office of the circuit court clerk as prescribed by general law, and for the additional services of acting as general receiver of the court pursuant to § 8.01-582, Code of Virginia, indexing and filing land use application fees pursuant to § 58.1-3234, Code of Virginia, and all other services provided from, or utilizing the facilities of, the office of the circuit court clerk. Out of the compensation so allowed, the clerk shall pay his bond or bonds. The remainder of the compensation so allowed shall be fee and commission income to the office of the circuit court clerk.

4. In any county or city operating under provisions of law which authorizes the governing body to fix the compensation of the clerk on a salary basis, such clerk shall receive such salary as shall be allowed by the governing body. Such salary shall not be fixed at an amount less than the amount that would be allowed the clerk under paragraphs A 1 through A 3 of this Item.
5. All clerks shall deposit all clerks' fees and state revenue with the State Treasurer in a manner consistent with § 2.2-806, Code of Virginia, unless otherwise provided by the Compensation Board as set forth in § 17.1-284, Code of Virginia or otherwise provided by law.

B. The reports filed by each circuit court clerk pursuant to § 17.1-283, Code of Virginia, for each calendar year shall include all income derived from the performance of any office, function or duty described or authorized by the Code of Virginia whether directly or indirectly related to the office of circuit court clerk, including, by way of description and not limitation, services performed as a commissioner of accounts, receiver, or licensed agent, but excluding private services performed on a personal basis which are completely unrelated to the office. The Compensation Board may suspend the allowance for office expenses for any clerk who fails to file such reports within the time prescribed by law, or when the board determines that such report does not comply with the provisions of this paragraph.

C. Each clerk of the circuit court shall submit to the Compensation Board a copy of the report required pursuant to § 19.2-349, Code of Virginia, at the same time that it is submitted to the Commonwealth's attorney.

D. Included within this appropriation are Trust and Agency funds necessary to support one position to assist circuit court clerks in implementing the recommendations of the Land Records Management Task Force Report dated January 1, 1998.

E. Notwithstanding the provisions of § 17.1-279 E, Code of Virginia, the Compensation Board may allocate to the clerk of any circuit court funds for the acquisition of equipment and software for a pilot project for the automated application for, and issuance of, marriage licenses by such court. Any such funds allocated shall be deemed to have been expended pursuant to clause (iii) of § 17.1-279 E for the purposes of the limitation on allocations set forth in that subsection.

F.1. Notwithstanding the provisions of § 17.1-279, Code of Virginia, the Compensation Board may allocate up to $978,426 the first year and $978,426 the second year of Technology Trust Fund moneys for operating expenses in the clerks' offices.

2. Notwithstanding the provisions of § 17.1-279, Code of Virginia, the Compensation Board when distributing funds to the Circuit Court Clerk's Offices from the Technology Trust Fund shall ensure that each office has at least $1,000 per year for technology related expenditures.

G. Notwithstanding § 17.1-287, Code of Virginia, any elected official funded through this Item may elect to relinquish any portion of his state funded salary established in paragraph A 1 of this Item. In any office where the official elects this option, the Compensation Board shall ensure the amount relinquished is used to fund salaries of other office staff.

H.1. For audits of clerks of the circuit court completed after July 1, 2004, the Auditor of Public Accounts shall report any internal control matter that could be reasonably expected to lead to the loss of revenues or assets, or otherwise compromise fiscal accountability. The Auditor of Public Accounts will also report on compliance with appropriate law and other financial matters of the clerks' office.

2. For internal control matters that could be reasonably expected to lead to the loss of revenues or assets, or otherwise compromise fiscal accountability, the clerk shall provide the Auditor of Public Accounts a written corrective action plan to any such audit findings within 10 business days of the audit exit conference, which will state what actions the clerk will take to remediate the finding. The clerk's response may also address the other matters in the report. During the next audit, the Auditor of Public Accounts shall determine and report if the clerk has corrected the finding related to internal control matters that could be reasonably expected to lead to the loss of revenues or assets, or otherwise compromise fiscal accountability.

3. Notwithstanding the provisions of Item 477, the Compensation Board shall not provide any salary increase to any circuit court clerk identified by the Auditor of Public Accounts who has not taken corrective action for the matters reported above.

I.1. Subject to appropriation by the General Assembly for this purpose, the Compensation Board may implement a Circuit Court Clerks' Career Development Program.

J.1. Subject to appropriation by the General Assembly for this purpose, the Compensation Board may implement a Deputy Clerks of Circuit Courts' Career Development Program.

2. K. Upon request of the attorney for the Commonwealth, the clerk of the circuit court shall contemporaneously provide the attorney for the Commonwealth copies of all documents provided to the Virginia Criminal Sentencing Commission pursuant to § 19.2-298.01 E, Code of Virginia.

L. The Compensation Board may obligate Trust and Agency funds in excess of the current biennium appropriation for the automation efforts of the clerks' offices from the Technology Trust Fund provided that sufficient cash is available to cover projected costs in each year and that sufficient revenues are projected to meet all cash obligations for new obligations as well as all other commitments and appropriations approved by the General Assembly in the biennial budget.

M. Offices of the Clerks of the Circuit Court, jails, adult detention centers, and the Department of Corrections are further authorized to enter into agreements to electronically transmit and process criminal court orders to assure timely and accurate recordation and processing of such records.

3. The board is authorized to adjust the expenses and other allowances for such officers to maintain approved permanent and temporary manpower levels.

4. Paragraphs B 1 and B 2 of this Item shall not apply to the clerks of the circuit courts and their employees specified in § 17.1-288, Code of Virginia, or those under contract pursuant to § 17.1-290, Code of Virginia.

C.1. Reimbursement by the Compensation Board for the use of vehicles purchased or leased with public funds used in the discharge of official duties shall be at a rate equal to that approved by the Joint Legislative Audit and Review Commission for Central Garage Car Pool services. No vehicle purchased or leased with public funds on or after July 1, 2002, shall display lettering on the exterior of the vehicle that includes the name of the incumbent sheriff.

2. Reimbursement by the Compensation Board for the use of personal vehicles in the discharge of official duties shall be at a rate equal to that established in § 4-5.04 e 2. of this act. All such requests for reimbursement shall be accompanied by a certification that a publicly owned or leased vehicle was unavailable for use.

D. The Compensation Board is directed to examine the current level of crowding of inmates in local jails among the several localities and to reallocate or reduce temporary positions among local jails as may be required, consistent with the provisions of this act.

E. Any new positions established in Item 75 of this act shall be allocated by the Compensation Board upon request of the constitutional officers in accordance with staffing standards and ranking methodologies approved by the Compensation Board to fulfill the requirements of any court order occurring from proceedings under § 15.2-1636.8, Code of Virginia, in accordance with the provisions of Item 68 of this act.

F. Any funds appropriated in this act for performance pay increases for designated deputies or employees of constitutional officers shall be allocated by the Compensation Board upon certification of the constitutional officer that the performance pay plan for that office meets the minimum standards for such plans as set by the Compensation Board. Nothing herein, and nothing in any performance pay plan set by the Compensation Board
or adopted by a constitutional officer, shall change the status of employees or deputies of constitutional officers from employees at will or create a property or contractual right to employment. Such deputies and employees shall continue to be employees at will who serve at the pleasure of the constitutional officers.

G. The Compensation Board shall apply the current fiscal stress factor, as determined by the Commission on Local Government, to any general fund amounts approved by the board for the purchase, lease or lease purchase of equipment for constitutional officers. In the case of equipment requests from regional jail superintendents and regional special prosecutors, the highest stress factor of a member jurisdiction will be used.

H. The Compensation Board shall not approve or commit additional funds for the operational cost, including salaries, for any local or regional jail construction, renovation, or expansion project which was not approved for reimbursement by the State Board of Corrections prior to January 1, 1996, unless: (1) the Secretary of Public Safety and Homeland Security certifies that such additional funding results in an actual cost savings to the Commonwealth or (2) an exception has been granted as provided for in Item 398 of this act.

I. Subject to appropriations by the General Assembly for this purpose, the Compensation Board may provide funding for executive management, lawful employment practices, and jail management training for constitutional officers, their employees, and regional jail superintendents.

J. Any local or regional jail that receives funding from the Compensation Board shall report inmate populations to the Compensation Board, through the local inmate data system, no less frequently than weekly. Each local or regional jail that receives funding from the Compensation Board shall use the Virginia Crime Codes (VCC) in identifying and describing offenses for persons arrested and/or detained in local and regional jails in Virginia.

K.1. The Compensation Board shall provide the Chairmen of the Senate Finance and House Appropriations Committees and the Secretaries of Finance and Administration with an annual report, on December 1 of each year, of jail revenues and expenditures for all local and regional jails and jail farms which receive funds from the Compensation Board. Information provided to the Compensation Board is to include an audited statement of revenues and expenses for inmate canteen accounts, telephone commission funds, inmate medical co-payment funds, any other fees collected from inmates and investment/interest monies for inclusion in the report.

2. Local and regional jails and jail farms and local governments receiving funds from the Compensation Board shall, as a condition of receiving such funds, provide such information as may be required by the Compensation Board, necessary to prepare the annual jail cost report.

3. If any sheriff, superintendent, county administrator, or city manager fails to send such information within five working days after the information should be forwarded, the Chairman of the Compensation Board shall notify the sheriff, superintendent, county administrator or city manager of such failure. If the information is not provided within ten working days from that date, then the chairman shall cause the information to be prepared from the books of the city, county, or regional jail and shall certify the cost thereof to the State Comptroller. The State Comptroller shall issue his warrant on the state treasury for that amount, deducting the same from any funds that may be due the sheriff or regional jail from the Commonwealth.

L. In the event of the transition of a city to town status pursuant to the provisions of Chapter 41 (§ 15.2-4100 et seq.) of Title 15.2, Code of Virginia, or the consolidation of a city and a county into a single city pursuant to the provisions of Chapter 35 (§ 15.2-3500 et seq.) of Title 15.2, Code of Virginia, subsequent to July 1, 1999, the Compensation Board shall provide funding from Items 68, 71, 72, 73, and 74 of this act, consistent with the requirements of § 15.2-1302, Code of Virginia. Notwithstanding the provisions of paragraph E of this Item, any positions in the constitutional offices of the former city or former county which are available for reallocation as a result of the transition or consolidation shall be first reallocated in accordance with Compensation Board staffing standards to the constitutional officers in the county in which the town is situated or to the consolidated city, without regard to the Compensation Board’s priority of need ranking for reallocated positions. The salary and fringe
benefit costs for these positions shall be deducted from any amounts due the county or to the consolidated city, as provided in § 15.2-1302, Code of Virginia.

M. Notwithstanding any other provisions of § 15.2-1605, Code of Virginia, the Compensation Board shall provide no reimbursement for accumulated vacation time for employees of Constitutional Officers.

N. The Compensation Board is hereby authorized to deduct, from reimbursements made each year to localities out of the amounts in Items 68, 70, 71, 72, 73, and 74 of this act, an amount equal to 100 percent of each locality's share of the insurance premium paid by the Compensation Board on behalf of the constitutional officers, directors of finance, and regional jails. From sheriffs and regional jails, the Compensation Board shall deduct an additional $80,000 each year for the costs of conducting training on managing risk in the operation of local and regional jails.

O. Effective July 1, 2007, the Compensation Board is authorized to withhold reimbursements due the locality for sheriff and jail expenses upon notification from the Superintendent of State Police that there is reason to believe that crime data reported by a locality to the Department of State Police in accordance with § 52-28, Code of Virginia, is missing, incomplete or incorrect. Upon subsequent notification by the Superintendent that the data is accurate, the Compensation Board shall make reimbursement of withheld funding due the locality when such corrections are made within the same fiscal year that funds have been withheld.

P. B. The Secretary shall develop and implement, as a component of the comprehensive economic development policy requirements as established in § 2.2-205, Code of Virginia, a strategic workforce development plan for the Commonwealth.

C. Notwithstanding any contrary provision of law, the authority and responsibilities of the Secretary of Technology referenced in § 2.2-205, § 2.2-2221, § 2.2-2221.1, § 2.2-2331.1, § 2.2-2485, § 2.2-2698, § 2.2-2738, § 15.2-2425, § 23.1-2911.1, § 23.1-3102, § 23.1-3132, § 58.1-322.02, and § 58.1-402, Code of Virginia, shall be executed by the Secretary of Commerce and Trade. Notwithstanding any contrary provision of law, the authority and responsibilities of the Secretary of Technology referenced in § 2.2-225, Code of Virginia, shall be divided between the Secretary of Administration and the Secretary of Commerce and Trade as determined by the Governor.

D.1. The Chief Workforce Development Advisor and Secretary of Commerce and Trade are hereby directed to study the development, implementation and costs of a statewide paid family and medical leave program for all employers including the Commonwealth of Virginia. In conducting this study, the designated executive branch officials shall: (i) research other states that have fully implemented paid family and medical leave; (ii) quantify economic impact on businesses and workers if a paid family and medical leave was implemented; (iii) develop an operating plan which includes designated agency or entity, staffing needs, technology requirements, implementation timeline and business practices; (iv) identify resources needed to implement a statewide program; and (v) research start up loans for paid leave programs in other states and loan payback. Such study shall be reported to the Governor and the Chairs of the House Appropriations and Senate Finance and Appropriations Committees on or before September 30, 2020.

K.1. Out of the amounts in this Item, $875,000 the first year and $875,000 the second year from the general fund shall be provided for the Southwest Virginia Cultural Heritage Foundation.

2. The foundation shall report by September 1 of each year to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees on the expenditures of the foundation and its ongoing efforts to generate revenues sufficient to sustain operations.

L.1. Out of the amounts in this Item, $34,725,000 the first year and $34,725,000 the second year from the general fund is provided for the Virginia Telecommunication Initiative. Any balances for the purposes specified in this paragraph which are unexpended on June 30, 2021, and June 30, 2022, shall not revert to the general fund but shall be carried forward and reappropriated.

2. The department shall develop appropriate criteria and guidelines for the use of the funding provided to the Virginia Telecommunication Initiative. Such criteria and guidelines shall: (i) facilitate the extension of broadband networks by the private sector and shall focus on unserved areas; (ii) attempt to identify the most cost-effective solutions, given the proposed technology and speed that is desired; (iii) give consideration to proposals that are public-private partnerships in which the private sector will own and operate the completed project; (iv) consider the number of locations where the applicant states that service will be made available, in addition to whether customers take the service in both evaluating applications and in establishing completion and accountability requirements; and, (v) require investment from the private sector partner in the project prior to making any award from the fund at an appropriate level determined by the Department. The department shall encourage additional assistance from the local governments in areas designated to receive funds to lower the overall cost and further assist in the timely completion of construction, including assistance with permits, rights of way, easement and other issues that may hinder or delay timely construction and increase the cost.

3. The department shall post electronic copies of all submitted applications to the department’s website after the deadline for application submissions has passed but before project approval, and shall establish a process for providers to challenge applications where providers assert the proposed area is served by another broadband provider.

4. The department shall consult with the Broadband Advisory Council to designate the unserved areas to receive funds. The department shall report annually to the Governor’s Broadband Advisory Council on the progress by the private sector on the designated projects.

Such framework shall include, but not be limited to, the following principles: (i) potential broadband telecommunications development and deployment solutions must be technology-neutral in order to leverage all available or emerging technologies to identify the most cost-effective plan; (ii) solutions that utilize speeds greater than the minimum technology standards as prescribed by the Virginia Telecommunications Initiative for unserved areas; (iii) maximize opportunities for private sector driven models related to construction, operations, and maintenance and open access to private-sector Internet Service Providers where public ownership of infrastructure may be proposed; (iv) facilitate broadband development and deployment-friendly policies at the regional and local level to expedite implementation of plans and projects, as well as mitigate costs, and (v) opportunities to leverage new and existing broadband infrastructure, including transoceanic and transcontinental backbone lines, to encourage new private sector job creation and investment in the Commonwealth.

5. The Virginia Growth and Opportunity Board may approve grants for assessments of commercial economic development demand and current access, and to advance the planning and engineering of broadband infrastructure that are aligned with the framework recommended by the working group, and shall give priority consideration for broadband technology development and deployment to facilitate the connectivity or upgrade of services to current and proposed business-ready sites in areas of high unemployment in qualifying regions.

Students in the high school will be provided academic, emotional, and social support needed to progress toward earning a high school diploma and reintegrating into a traditional high school setting. The Chesterfield County School Board shall submit a report regarding the planning, implementation, and outcomes of the recovery high school to the Chairs of the House Appropriations and Senate Finance and Appropriations Committee by December 1 each year.

PP. Out of this appropriation, $250,000 the first year from the general fund is provided to Winchester Public Schools for one-time support for furniture and equipment for the renovated Emil and Grace Shihadeh Innovation Center.

QQ. Such a program must provide training, coaching, and professional development to the fellowship participants, place fellowship participants for at least 800 paid hours within a pre-kindergarten classroom during a school year, work to diversify the educator pipeline, and assist fellowship participants in understanding the teacher education and licensure process in Virginia. Literacy Lab shall partner with school divisions or community-based early childhood centers in Richmond and Portsmouth. Literacy Lab shall report by August 1, 2021 to the Chairs of the House Education and Senate Education and Health Committees, Secretary of Education, and the Superintendent of Public Instruction on its activities to provide training, coaching, and professional development to the fellowship participants, including collaboration with school division partners and community-based early childhood centers, and provide metrics on the success of participants entering the educator pipeline either through employment or a teacher preparation program.

Payments out of the above amounts shall be subject to the following conditions:

#### A. Definitions

1. "March 31 Average Daily Membership," or "March 31 ADM" - The responsible school division's average daily membership for grades K-12 including (1) handicapped students ages 5-21 and (2) students for whom English is a second language who entered school for the first time after reaching their twelfth birthday, and who have not reached twenty-two years of age on or before August 1 of the school year, for the first seven (7) months (or equivalent period) of the school year through March 31 in which state funds are distributed from this appropriation. Preschool and postgraduate students shall not be included in March 31 ADM.

   a. School divisions shall take a count of September 30 fall membership and report this information to the Department of Education no later than October 15 of each year.

   b. Except as otherwise provided herein, by statute, or by precedent, all appropriations to the Department of Education shall be calculated using March 31 ADM unadjusted for half-day kindergarten programs, estimated at 1,257,188.55 the first year and 1,262,626.85 the second year. March 31 ADM for half-day kindergarten shall be adjusted at 85 percent.

   c. Students who are either (i) enrolled in a nonpublic school or (ii) receiving home instruction pursuant to § 22.1-254.1 and who are enrolled in a public school on less than a full-time basis in any mathematics, science, English, history, social science, vocational education, health education or physical education, fine arts or foreign language course, or receiving special education services required by a student's individualized education plan, shall be counted in the funded fall membership and March 31 ADM of the responsible school division. Each course shall be counted as 0.25, up to a cap of 0.5 of a student.

   d. Students enrolled in an Individualized Student Alternative Education Program (ISAEP) pursuant to § 22.1-254 E shall be counted in the March 31 Average Daily Membership of the responsible school division. School divisions shall report these students separately in their March 31 reports of Average Daily Membership.

2. "Standards of Quality" - Operations standards for grades kindergarten through 12 as prescribed by the Board of Education subject to revision by the General Assembly.

3.a. "Basic Operation Cost" - The cost per pupil, including provision for the number of instructional personnel required by the Standards of Quality for each school division with a minimum ratio of 51 professional personnel for each 1,000 pupils or proportionate number thereof, in March 31 ADM for the same fiscal year for which the costs are computed, and including provision for driver, gifted, occupational-vocational, and special education, library materials and other teaching materials, teacher sick leave, general administration, division superintendents' salaries, free textbooks (including those for free and reduced price lunch pupils), school nurses, operation and maintenance of school plant, transportation of pupils, instructional television, professional and staff improvement, remedial work, fixed charges and other costs in programs not funded by other state and/or federal aid.

   b. The state and local shares of funding resulting from the support cost calculation for...
school nurses shall be specifically identified as such and reported to school divisions annually. School divisions may spend these funds for licensed school nurse positions employed by the school division or for licensed nurses contracted by the local school division to provide school health services.

4.a. "Composite Index of Local Ability-to-Pay" - An index figure computed for each locality. The composite index is the sum of 2/3 of the index of wealth per pupil in unadjusted March 31 ADM reported for the first seven (7) months of the 2017-2018 school year and 1/3 of the index of wealth per capita (population estimates for 2017 as determined by the Weldon Cooper Center for Public Service of the University of Virginia) multiplied by the local nominal share of the costs of the Standards of Quality of 0.45 in each year. The indices of wealth are determined by combining the following constituent index elements with the indicated weighting: (1) true values of real estate and public service corporations as reported by the State Department of Taxation for the calendar year 2017 - 50 percent; (2) adjusted gross income for the calendar year 2017 as reported by the State Department of Taxation - 40 percent; (3) the sales for the calendar year 2017 which are subject to the state general sales and use tax, as reported by the State Department of Taxation - 10 percent. Each constituent index element for a locality is its sum per March 31 ADM, or per capita, expressed as a percentage of the state average per March 31 ADM, or per capita, for the same element. A locality whose composite index exceeds 0.8000 shall be considered as having an index of 0.8000 for purposes of distributing all payments based on the composite index of local ability-to-pay. Each constituent index element for a locality used to determine the composite index of local ability-to-pay for the current biennium shall be the latest available data for the specified official base year provided to the Department of Education by the responsible source agencies no later than November 15, 2019.

b. For any locality whose total calendar year 2017 Virginia Adjusted Gross Income is comprised of at least 3 percent or more by nonresidents of Virginia, such nonresident income shall be excluded in computing the composite index of ability-to-pay. The Department of Education shall compute the composite index for such localities by using adjusted gross income data which exclude nonresident income, but shall not adjust the composite index of any other localities. The Department of Taxation shall furnish to the Department of Education such data as are necessary to implement this provision.

c.1) Notwithstanding the funding provisions in § 22.1-25 D, Code of Virginia, additional state funding for future consolidations shall be as set forth in future Appropriation Acts.

2) In the case of the consolidation of Bedford County and Bedford City school divisions, the fifteen year period for the application of a new composite shall apply beginning with the fiscal year that starts on July 1, 2013. The composite index established by the Board of Education shall equal the lowest composite index that was in effect prior to July 1, 2013, of any individual localities involved in such consolidation, and this index shall remain in effect for a period of fifteen years, unless a lower composite index is calculated for the combined division through the process for computing an index as set forth above.

3) If the composite index of a consolidated school division is reduced during the course of the fifteen year period to a level that would entitle the school division to a lower interest rate for a Literary Fund loan than it received when the loan was originally released, the Board of Education shall reduce the interest rate of such loan for the remainder of the period of the loan. Such reduction shall be based on the interest rate that would apply at the time of such adjustment. This rate shall remain in effect for the duration of the loan and shall apply only to those years remaining to be paid.

d.1) When it is determined that a substantial error exists in a constituent index element, the Department of Education will make adjustments in funding for the current school year only in the division where the error occurred. The composite index of any other locality shall not be changed as a result of the adjustment. No adjustment during the biennium will be made as a result of updating of data used in a constituent index element.

2.) A payment estimated at $197,155 the first year and $198,755 the second year from the general fund shall be disbursed to Montgomery County school division for a substantial error in the composite index of the locality for the 2020-2022 biennium. The composite index of any other locality shall not be changed as a result of the adjustment for Montgomery County.
e. In the event that any school division consolidates two or more small schools, the division shall continue to receive Standards of Quality funding and provide for the required local expenditure for a period of five years as if the schools had not been consolidated. Small schools are defined as any elementary, middle, or high school with enrollment below 200, 300 and 400 students, respectively.

5. "Required Local Expenditure for the Standards of Quality" - The locality's share based on the composite index of local ability-to-pay of the cost required by all the Standards of Quality minus its estimated revenues from the state sales and use tax dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item, both of which are returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, as specified in this Item, collected by the Department of Education and distributed to school divisions in the fiscal year in which the school year begins.

6. "Required Local Match" - The locality's required share of program cost based on the composite index of local ability-to-pay for all Lottery and Incentive programs, where required, in which the school division has elected to participate in a fiscal year.

7. "Planning District Eight" - The nine localities which comprise Planning District Eight are Arlington County, Fairfax County, Loudoun County, Prince William County, Alexandria City, Fairfax City, Falls Church City, Manassas City, and Manassas Park City.

8. "State Share of the Standards of Quality" - The state share of the Standards of Quality (SOQ) shall be equal to the total funded SOQ cost for a school division less the school division's estimated revenues from the state sales and use tax dedicated to public education based on the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, adjusted for the state's share of the composite index of local ability to pay.

9. Entitlements under this Item that use school-level or division-level Free Lunch eligibility percentages to determine the entitlement amounts are based on the most recent data available as of the biennial rebenchmarking calculations made for the current biennium. For schools that participate in the Community Eligibility Provision program, such entitlements are based on the most recent Free Lunch eligibility data available prior to that school's enrollment in the Community Eligibility Provision program.

10. In the event that the general fund appropriations in this Item are not sufficient to meet the entitlements payable to school divisions pursuant to the provisions of this Item, the Department of Education is authorized to transfer any available general fund funds between these Items to address such insufficiencies. If the total general fund appropriations after such transfers remain insufficient to meet the entitlements of any program funded with general fund dollars, the Department of Education is authorized to prorate such shortfall proportionately across all of the school divisions participating in any program where such shortfall occurred.

11. The Department of Education is directed to apply a cap on inflation rates in the same manner prescribed in § 51.1-166.B, Code of Virginia, when updating funding to school divisions during the biennial rebenchmarking process.

12. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to combine the end-of-year Average Daily Membership (ADM) for those school divisions who have partnered together as a fiscal agent division and a contractual division for the purposes of calculating prevailing costs included in the Standards of Quality (SOQ).

13. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to include zeroes in the linear weighted average calculation of support non-personal costs for the purpose of calculating prevailing costs included in the Standards of Quality (SOQ).

14. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to eliminate the corresponding and appropriate object code(s) related to reported travel expenditures included the linear weighted average non-personal cost

16. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to fund transportation costs using a 15 year replacement schedule, which is the national standard guideline, for school bus replacement schedule for the purpose of calculating funded transportation costs included in the Standards of Quality (SOQ).

17. To provide additional flexibility, notwithstanding the provisions of § 22.1-79.1, Code of Virginia, any school division that was granted a waiver regarding the opening date of the school year for the 2011-2012 school year under the good cause requirements shall continue to be granted a waiver for the 2020-2021 school year and the 2021-2022 school year.

18. In the first year, to provide temporary flexibility, notwithstanding any other provision in statute or in this item, school divisions may elect to increase the teacher to pupil staffing ratios in kindergarten through grade 7 and English classes for grades 6 through 12 by one additional student; the teacher to pupil staffing ratio requirements for Elementary Resource teachers, Prevention, Intervention and Remediation, Gifted and Talented, Career and Technical funded programs (other than on Career and Technical courses where school divisions will have to maintain a maximum class size based on federal Occupational Safety & Health Administration safety requirements) are waived; and the instructional and support technology positions, and librarian staffing ratios for new hires are waived.

In the first year, school divisions shall report to the Board of Education the number and type of positions that were not filled in the previous school year and during the current school year through these flexibility provisions. The Board of Education shall include a compilation of such responses in its report on the conditions and needs of public education in the Commonwealth, that is required to be submitted to the Governor and General Assembly no later than December 1, as referenced in §§ 22.1-18 and 22.1-253.13:8 of the Code of Virginia.

**B. General Conditions**

The Standards of Quality cost in this Item related to fringe benefits shall be limited for instructional staff members to the employer's cost for a number not exceeding the number of instructional positions required by the Standards of Quality for each school division and for their salaries at the statewide prevailing salary levels as printed below.

a.1) Payment by the state to a local school division shall be based on the state share of fringe benefit costs of 55 percent of the employer's cost distributed on the basis of the composite index.

2) A locality whose composite index exceeds 0.8000 shall be considered as having an index of 0.8000 for purposes of distributing fringe benefit funds under this provision.

3) The state payment to each school division for retirement, social security, and group life insurance costs for non-instructional personnel is included in and distributed through Basic Aid.

3. In the event the statewide number of pupils in March 31 ADM results in a state share of cost exceeding the general fund appropriation in this Item, the locality's state share of Basic Aid shall be reduced proportionately so that this general fund appropriation will not be exceeded. In addition, the required local share of Basic Aid shall also be reduced proportionately to the reduction in the state's share.

4. The Department of Education shall make equitable adjustments in the computation of indices of wealth and in other state-funded accounts for localities affected by annexation, unless a court of competent jurisdiction makes such adjustments. However, only the indices of wealth and other state-funded accounts of localities party to the annexation will be adjusted.

5. In the event that the actual revenues from the state sales and use tax dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item (both of which are returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service) for sales in the fiscal year in which the school year begins are different from the number estimated as the basis for this appropriation, the estimated state sales and use tax revenues shall not be adjusted.

6. This appropriation shall be apportioned to the public schools with guidelines established by the Department of Education consistent with legislative intent as expressed in this act.

7.a. Appropriations of state funds in this Item include the number of positions required by the Standards of Quality. This Item includes a minimum of 51 professional instructional positions and aide positions (C 5); Education of the Gifted, 1.0 professional instructional position (C 6); Occupational-Vocational Education Payments and Special Education Payments; a minimum of 6.0 professional instructional positions and aide positions (C 7 and C 8) for each 1,000 pupils in March 31 ADM each year in support of the current Standards of Quality. Funding in support of one hour of additional instruction per day based on the percent of students eligible for the federal free lunch program with a pupil-teacher ratio range of 18:1 to 10:1, depending upon a school division's combined failure rate on the English and Math Standards of Learning, is included in Remedial Education Payments (C 9).

b. No actions provided in this section signify any intent of the General Assembly to mandate an increase in the number of instructional personnel per 1,000 students above the numbers explicitly stated in the preceding paragraph.

c. Appropriations in this Item include programs supported in part by transfers to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund pursuant to Part 3 of this Act. These transfers combined together with other appropriations from the general fund in this Item funds the state's share of the following revisions to the Standards of Quality pursuant to Chapters 939 & 955 of the Acts of Assembly of 2004: five elementary resource teachers per 1,000 students; one support technology position per 1,000 students; one instructional technology position per 1,000 students; and a full daily planning period for teachers at the middle and high school levels in order to relieve the financial pressure these education programs place on local real estate taxes.

d. To provide flexibility, school divisions may use the state and local funds for instructional technology resource teachers required by the Standards of Quality to employ a data coordinator position, an instructional technology resource teacher position, or a data coordinator/instructional resource teacher blended position. The data coordinator position

School divisions using these SOQ funds in this manner shall only employ instructional personnel licensed by the Board of Education.

e. To provide flexibility in the provision of reading intervention services, school divisions may use the state Early Reading Intervention initiative funding provided from the Lottery Proceeds Fund and the required local matching funds to employ reading specialists to provide the required reading intervention services. School divisions using the Early Reading Intervention Initiative funds in this manner shall only employ instructional personnel licensed by the Board of Education.

f. To provide flexibility in the provision of mathematics intervention services, school divisions may use the state Standards of Learning Algebra Readiness initiative funding provided from the Lottery Proceeds Fund and the required local matching funds to employ mathematics teacher specialists to provide the required mathematics intervention services. School divisions using the Standards of Learning Algebra Readiness initiative funding in this manner shall only employ instructional personnel licensed by the Board of Education.

g. Notwithstanding the provisions of subsection H of § 22.1-253.13:2, Code of Virginia, each school board shall employ the following full-time equivalent school counselor positions for any school that reports fall membership, according to the type of school and student enrollment: in elementary schools, one hour per day per 91 students, one full-time at 455 students, one hour per day additional time per 91 students or major fraction thereof; in middle schools, one period per 74 students, one full-time at 370 students, one additional period per 74 students or major fraction thereof; in high schools, one period per 65 students, one full-time at 325 students, one additional period per 65 students or major fraction thereof.

8.a.1) Pursuant to § 22.1-97, Code of Virginia, the Department of Education is required to make calculations at the start of the school year to ensure that school divisions have appropriated adequate funds to support their estimated required local expenditure for the corresponding state fiscal year. In an effort to reduce the administrative burden on school divisions resulting from state data collections, such as the one needed to make the aforementioned calculations, the requirements of § 22.1-97, Code of Virginia, pertaining to the adequacy of estimated required local expenditures, shall be satisfied by signed certification by each division superintendent at the beginning of each school year that sufficient local funds have been budgeted to meet all state required local effort and required local match amounts. This provision shall only apply to calculations required of the Department of Education related to estimated required local expenditures and shall not pertain to the calculations associated with actual required local expenditures after the close of the school year.

b. The total expenditures for operation, defined as total expenditures less all capital outlays, expenditures for debt service, facilities, non-regular day school programs (such as adult education, preschool, and non-local education programs), and any transfers to regional programs will be calculated.

c. The following state funds will be deducted from the amount calculated in paragraph a. above: revenues from the state sales and use tax (returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, as specified in this Item) for sales in the fiscal year in which the school year begins; total receipts from state funds (except state funds for non-regular day school programs and state
funds used for capital or debt service purposes); and the state share of any balances carried forward from the previous fiscal year. Any qualifying state funds that remain unspent at the end of the fiscal year will be added to the amount calculated in paragraph a. above.

d. Federal funds, and any federal funds carried forward from the previous fiscal year, will also be deducted from the amount calculated in paragraph a. above. Any federal funds that remain unspent at the end of the fiscal year and any capital expenditures paid from federal funds will be added to the amount calculated in paragraph a. above.

e. Tuition receipts, receipts from payments from other cities or counties, and fund transfers will also be deducted from the amount calculated in paragraph a, then

f. The final amount calculated as described above must be equal to or greater than the required local expenditure defined in paragraph A. 5.

g. The Department of Education shall collect the data necessary to perform the calculations of required local expenditure as required by this section.

h. A locality whose expenditure in fact exceeds the required amount from local funds may not reduce its expenditures unless it first complies with all of the Standards of Quality.

9. a. Any required local matching funds which a locality, as of the end of a school year, has not expended, pursuant to this Item, for the Standards of Quality shall be paid by the locality into the general fund of the state treasury. Such payments shall be made not later than the end of the school year following that in which the under expenditure occurs.

b. Whenever the Department of Education has recovered funds as defined in the preceding paragraph a., the Secretary of Education is authorized to repay to the locality affected by that action, seventy-five percent (75%) of those funds upon his determination that:

1) The local school board agrees to include the funds in its June 30 ending balance for the year following that in which the under expenditure occurs;

2) The local governing body agrees to reappropriate the funds as a supplemental appropriation to the approved budget for the second year following that in which the under expenditure occurs, in an appropriate category as requested by the local school board, for the direct benefit of the students;

3) The local school board agrees to expend these funds, over and above the funds required to meet the required local expenditure for the second year following that in which the under expenditure occurs, for a special project, the details of which must be furnished to the Department of Education for review and approval;

4) The local school board agrees to submit quarterly reports to the Department of Education on the use of funds provided through this project award; and

5) The local governing body and the local school board agree that the project award will be cancelled and the funds withdrawn if the above conditions have not been met as of June 30 of the second year following that in which the under expenditure occurs.

c. There is hereby appropriated, for the purposes of the foregoing repayment, a sum sufficient, not to exceed 75 percent of the funds deposited in the general fund pursuant to the preceding paragraph a.

10. The Department of Education shall specify the manner for collecting the required information and the method for determining if a school division has expended the local funds required to support the actual local match based on all Lottery and Incentive programs in which the school division has elected to participate. Unless specifically stated otherwise in this Item, school divisions electing to participate in any Lottery or Incentive program that requires a local funding match in order to receive state funding, shall certify to the Department of Education its intent to participate in each program by July 1 each fiscal year in a manner prescribed by the Department of Education. As part of this certification process, each division superintendent must also certify that adequate local funds have been appropriated, above the required local effort for the Standards of Quality, to support the projected required local match based on the Lottery and Incentive programs in which the school division has elected to participate. State funding for such program(s)
shall not be made until such time that the school division can certify that sufficient local funding has been appropriated to meet required local match. The Department of Education shall make calculations after the close of the fiscal year to verify that the required local match was met based on the state funds that were received.

11. Any sum of local matching funds for Lottery and Incentive program which a locality has not expended as of the end of a fiscal year in support of the required local match pursuant to this Item shall be paid by the locality into the general fund of the state treasury unless the carryover of those unspent funds is specifically permitted by other provisions of this act. Such payments shall be made no later than the end of the school year following that in which the under expenditure occurred.

12. The Superintendent of Public Instruction shall provide a report annually, no later than the first day of the General Assembly session, on the status of teacher salaries, by local school division, to the Governor and the Chairmen of the Senate Finance and House Appropriations Committees. In addition to information on average salaries by school division and statewide comparisons with other states, the report shall also include information on starting salaries by school division and average teacher salaries by school.

13. All state and local matching funds required by the programs in this Item shall be appropriated to the budget of the local school board.

14. By November 15 of each year, the Department of Planning and Budget, in cooperation with the Department of Education, shall prepare and submit a preliminary forecast of Standards of Quality expenditures, based upon the most current data available, to the Chairmen of the House Appropriations and Senate Finance Committees. In odd-numbered years, the forecast for the current and subsequent two fiscal years shall be provided. In even-numbered years, the forecast for the current and subsequent fiscal year shall be provided. The forecast shall detail the projected March 31 Average Daily Membership and the resulting impact on the education budget.

15. School divisions may choose to use state payments provided for Standards of Quality Prevention, Intervention, and Remediation in both years as a block grant for remediation purposes, without restrictions or reporting requirements, other than reporting necessary as a basis for determining funding for the program.

16. Except as otherwise provided in this act, the Superintendent of Public Instruction shall provide guidelines for the distribution and expenditure of general fund appropriations and such additional federal, private and other funds as may be made available to aid in the establishment and maintenance of the public schools.

17. At the Department of Education's option, fees for audio-visual services may be deducted from state Basic Aid payments for individual local school divisions.

18. For distributions not otherwise specified, the Department of Education, at its option, may use prior year data to calculate actual disbursements to individual localities.

19. Payments for accounts related to the Standards of Quality made to localities for public education from the general fund, as provided herein, shall be payable in twenty-four semi-monthly installments at the middle and end of each month.

20. Notwithstanding § 58.1-638 D., Code of Virginia, and other language in this Item, the Department of Education shall, for purposes of calculating the state and local shares of the Standards of Quality, apportion state sales and use tax dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/ Local Real Estate Property Tax Relief Fund in the first year based on the July 1, 2018, estimate of school age population provided by the Weldon Cooper Center for Public Service and, in the second year, based on the July 1, 2019, estimate of school age population provided by the Weldon Cooper Center for Public Service.

Notwithstanding § 58.1-638 D., Code of Virginia, and other language in this Item, the State Comptroller shall distribute the state sales and use tax revenues dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/ Local Real Estate Property Tax Relief Fund in the first year based on the July 1, 2018, estimate of school age population provided by the Weldon Cooper Center for
Public Service and, in the second year, based on the July 1, 2019, estimate of school age population provided by the Weldon Cooper Center for Public Service.

21. The school divisions within the Tobacco Region, as defined by the Tobacco Indemnification and Community Revitalization Commission, shall jointly explore ways to maximize their collective expenditure reimbursement totals for all eligible E-Rate funding.

22. This Item includes appropriations totaling an estimated $657,959,397 the first year and $666,104,670 the second year from the revenues deposited to the Lottery Proceeds Fund. These amounts are appropriated for distribution to counties, cities, and towns to support public education programs pursuant to Article X, Section 7-A Constitution of Virginia. Any county, city, or town which accepts a distribution from this fund shall provide its portion of the cost of maintaining an educational program meeting the Standards of Quality pursuant to Section 2 of Article VIII of the Constitution without the use of distributions from the fund.

23. For reporting purposes, the Department of Education shall include Lottery Proceeds Funds as state funds.

24. a. Any locality that has met its required local effort for the Standards of Quality accounts for FY 2021 and that has met its required local match for incentive or Lottery-funded programs in which the locality elected to participate in FY 2021 may carry over into FY 2022 any remaining state Direct Aid to Public Education fund balances available to help minimize any FY 2022 revenue adjustments that may occur in state funding to that locality. Localities electing to carry forward such unspent state funds must appropriate the funds to the school division for expenditure in FY 2022.

b. Any locality that has met its required local effort for the Standards of Quality accounts for FY 2022 and that has met its required local match for incentive or Lottery-funded programs in which the locality elected to participate in FY 2022 may carry over into FY 2023 any remaining state Direct Aid to Public Education fund balances available to help minimize any FY 2023 revenue adjustments that may occur in state funding to that locality. Localities electing to carry forward such unspent state funds must appropriate the funds to the school division for expenditure in FY 2023.

25. Localities are encouraged to allow school boards to carry over any unspent local allocations into the next fiscal year. Localities are also encouraged to provide increased flexibility to school boards by appropriating state and local funds for public education in a lump sum.

26. The Department of Education shall include in the annual School Performance Report Card for school divisions the percentage of each division's annual operating budget allocated to instructional costs. For this report, the Department of Education shall establish a methodology for allocating each school division's expenditures to instructional and non-instructional costs in a manner that is consistent with the funding of the Standards of Quality as approved by the General Assembly.

27. It is the intent of the General Assembly that all school divisions annually provide their employees, upon request, with a user-friendly statement of total compensation, including contract duration if less than 12 months.

28. The Department of Education, in collaboration with the Virginia Community College System, will ensure that the same policies regarding the cost for dual enrollment courses held at a community college, are consistently applied to public school students and home-schooled students alike. These policies will clearly address the school division contributions and any student charges for dual enrollment courses, and will ensure that public school students and home-school students are treated in the same manner.

29. Each school division shall report each year to the Department of Education the individual uses for the prior year of the following funds prescribed by this item: (i) Prevention, Intervention, and Remediation, (ii) At-Risk Add-On, and (iii) Early Reading Intervention. The Department shall prescribe the format and timeline required for the reporting of such information, which shall include, permitted categories of spending, personnel, both state and local contributions, and to the extent possible, the individual schools which these funds were expended. The Department shall compile and submit this
C. Apportionment

1. Subject to the conditions stated in this paragraph and in paragraph B of this Item, each locality shall receive sums as listed above within this program for the basic operation cost and payments in addition to that cost. The apportionment herein directed shall be inclusive of, and without further payment by reason of, state funds for library and other teaching materials.

2. School Employee Retirement Contributions

a. This Item provides funds to each local school board for the state share of the employer's retirement cost incurred by it, on behalf of instructional and support personnel, for subsequent transfer to the retirement allowance account as provided by Title 51.1, Chapter 1, Code of Virginia.

b. Notwithstanding § 51.1-1401, Code of Virginia, the Commonwealth shall provide payments for only the state share of the Standards of Quality fringe benefit cost of the retiree health care credit. This Item includes payments in both years based on the state share of fringe benefit costs of 55 percent of the employer's cost on funded Standards of Quality instructional and support positions, distributed based on the composite index of the local ability-to-pay.

3. School Employee Social Security Contributions

a. This Item provides funds to each local school board for the state share of the employer's Social Security cost incurred by it, on behalf of the instructional personnel for subsequent transfer to the Contribution Fund pursuant to Title 51.1, Chapter 7, Code of Virginia.

b. Appropriations for contributions in paragraphs 2 and 3 above include payments from funds derived from the principal of the Literary Fund in accordance with Article VIII, Section 8, of the Constitution of Virginia. The amounts set aside from the Literary Fund for these purposes shall not exceed $162,000,000 the first year and $83,000,000 the second year.

4. School Employee Insurance Contributions

5. Basic Aid Payments

a.1) A state share of the Basic Operation Cost, which cost per pupil in March 31 ADM is established individually for each local school division based on the number of instructional personnel required by the Standards of Quality and the statewide prevailing salary levels (adjusted in Planning District Eight for the cost of competing) as well as recognized support costs calculated on a prevailing basis for an estimated March 31 ADM.

2) This appropriation includes funding to recognize the common labor market in the Washington-Baltimore-Northern Virginia, DC-MD-VA-WV Combined Statistical Area. Standards of Quality salary payments for instructional and support positions in school divisions of the localities set out below have been adjusted for the equivalent portion of the Cost of Competing Adjustment (COCA) rates that are paid to local school divisions in Planning District Eight. For the counties of Stafford, Fauquier, Spotsylvania, Clarke, Warren, Frederick, and Culpeper and the Cities of Fredericksburg and Winchester, the SOQ payments for instructional and support positions have been increased by 25 percent each year of the SOQ rates paid to school divisions in Planning District Eight.

2) The amounts deducted from Basic Aid for the education of intellectually disabled persons shall be transferred to the Department of Behavioral Health and Developmental Services in support of the cost of educating such persons; the amount deducted from Basic Aid for the education of emotionally disturbed persons shall be used to cover extraordinary expenses incurred in the education of such persons. The Department of Education shall establish guidelines to implement these provisions and shall provide for the periodic transfer of sums due from each local school division to the Department of Behavioral Health and Developmental Services and for Special Education categorical payments. The amount of the actual transfers will be based on data accumulated during the prior school year.

e. 1) The apportionment to localities of all driver education revenues received during the school year shall be made as an undesignated component of the state share of Basic Aid in accordance with the provisions of this Item. Only school divisions complying with the standardized program established by the Board of Education shall be entitled to participate in the distribution of state funds appropriated for driver education. The Department of Education will deduct a designated amount per pupil from a school division's Basic Aid payment when the school division is not in compliance with § 22.1-205 C, Code of Virginia. f. Textbooks

1) The appropriation in this Item includes $75,370,476 the first year and $75,647,111 the second year from the general fund as the state's share of the cost of textbooks based on a per pupil amount of $107.47 the first year and $107.47 the second year. A school division shall appropriate these funds for textbooks or any other public education instructional expenditure by the school division. The state's distributions for textbooks shall be based on adjusted March 31 ADM. These funds shall be matched by the local government, based on the composite index of local ability-to-pay.

2) School divisions shall provide free textbooks to all students.

3) School divisions may use a portion of this funding to purchase Standards of Learning instructional materials. School divisions may also use these funds to purchase electronic textbooks or other electronic media resources integral to the curriculum and classroom instruction and the technical equipment required to read and access the electronic textbooks and electronic curriculum materials.

4) Any funds provided to school divisions for textbook costs that are unexpended as of June 30, 2021, or June 30, 2022, shall be carried on the books of the locality to be appropriated to the school division the following year to be used for same purpose. School divisions are permitted to carry forward any remaining balance of textbook funds until the funds are expensed for a qualifying purpose.

g. The one-cent state sales and use tax earmarked for education and the sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item which are distributed to localities on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service as specified in this Item shall be reflected in each locality's annual budget for educational purposes as a separate revenue source for the current fiscal year.
 ITEM 145.

h. The appropriation for the Standards of Quality for Public Education (SOQ) includes amounts estimated at $426,900,000 the first year and $433,700,000 the second year from the amounts transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund pursuant to Part 3 of this act which are derived from the 0.375 cent increase in the state sales and use tax levied pursuant to § 58.1-638, Code of Virginia. These additional funds are provided to local school divisions and local governments in order to relieve the financial pressure education programs place on local real estate taxes.

i. From the total amounts in paragraph h. above, an amount estimated at $284,600,000 the first year and $289,200,000 the second year (approximately 1/4 cent of sales and use tax) is appropriated to support a portion of the cost of the state's share of the following revisions to the Standards of Quality pursuant to Chapters 939 & 955 of the Acts of Assembly of 2004: five elementary resource teachers per 1,000 students; one support and one instructional technology position per 1,000 students; a full daily planning period for teachers at the middle and high school levels in order to relieve the pressure on local real estate taxes and shall be taken into account by the governing body of the county, city, or town in setting real estate tax rates.

j. From the total amounts in paragraph h. above, an amount estimated at $142,300,000 the first year and $144,600,000 the second year (approximately 1/8 cent of sales and use tax) is appropriated in this Item to distribute the remainder of the revenues collected and deposited into the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service as specified in this Item.

k. For the purposes of funding certain support positions in Basic Aid, a funding ratio methodology is used based upon the prevailing ratio of actual support positions, consistent with those recognized for SOQ funding, to actual instructional positions, consistent with those recognized for SOQ funding, as established in Chapter 781, 2009 Acts of Assembly. For the purposes of making the required spending adjustments, the appropriation and distribution of Basic Aid shall reflect this methodology. Local school divisions shall have the discretion as to where the adjustment may be made, consistent with the Standards of Quality funded in this Act.

b. The payment shall be calculated based on one hour of additional instruction per day for identified students, using the three year average percent of students eligible for the federal Free Lunch program as a proxy for students needing such services. Fall membership shall be multiplied by the three year average division-level Free Lunch eligibility percentage to determine the estimated number of students eligible for services. Pupil-teacher ratios shall be applied to the estimated number of eligible students to determine the number of instructional positions needed for each school division. The pupil-teacher ratio applied for each school division shall range from 10:1 for those divisions with the most severe combined three year average failure rates for English and math Standards of Learning test scores to 18:1 for those divisions with the lowest combined three year average failure rates for English and math Standards of Learning test scores.

c. Funding shall be matched by the local government based on the composite index of local ability-to-pay.

d. To provide flexibility in the instruction of English Language Learners who have limited English proficiency and who are at risk of not meeting state accountability standards, school divisions may use state and local funds from the SOQ Prevention, Intervention, and Remediation account to employ additional English Language Learner teachers to provide instruction to identified limited English proficiency students. Using these funds in this manner is intended to supplement the instructional services provided through the staffing standard of 20 instructional positions per 1,000 limited English proficiency students. School divisions using the SOQ Prevention, Intervention, and Remediation funds in this manner shall only employ instructional personnel licensed by the Board of Education.

e. An additional state payment estimated at $149,902,435 the first year and $173,236,717 the second year from the general fund and $58,195,186 the first year and $60,940,599 the second year from the Lottery Proceeds Fund shall be disbursed based on the estimated number of federal Free Lunch participants, in support of programs for students who are educationally at risk. The additional payment shall be based on the state share of:

1) A minimum 1.0 percent Add-On, as a percent of the per pupil basic aid cost, for each child who qualifies for the federal Free Lunch Program; and

2) An addition to the Add-On, based on the concentration of children qualifying for the federal Free Lunch Program. Based on its percentage of Free Lunch participants, each school division will receive a total between 1.0 and 23.0 percent in the first year and between 1.0 and 26.0 percent in the second year in additional basic aid per Free Lunch participant. These funds shall be matched by the local government, based on the composite index of local ability-to-pay.

3a) Local school divisions are required to spend the established At-Risk Add-On payment (state and local share) on approved programs for students who are educationally at risk.

b) To receive these funds, each school division shall certify to the Department of Education that the state and local share of the At-Risk Add-On payment will be used to support approved programs for students who are educationally at risk. These programs may include: teacher recruitment programs and incentives, Dropout Prevention, community and school-based truancy officer programs, Advancement Via Individual Determination (AVID), Project Discovery, Reading Recovery, programs for students who speak English as a Second Language, hiring additional school guidance counselors, testing coordinators, and licensed behavior analysts, or programs related to increasing the success of disadvantaged students in completing a high school degree and providing opportunities to encourage further education and training. Further, in the first year only each school division shall report by August 1 to the Department the individual uses of these funds. The Department shall compile the responses and provide them to the Chairmen of House

| Appropriations and Senate Finance Committees no later than the first day of each Regular General Assembly Session. |

4) If the Board of Education has required a local school board to submit a corrective action plan pursuant to § 22.1-253.13:3, Code of Virginia, either for the school division pursuant to a division level review, or for any schools within its division that have been designated as not meeting the standards as approved by the Board of Education, the Superintendent of Public Instruction shall determine and report to the Board of Education whether each such local school board has met its obligation to develop and submit such corrective action plan(s) and is making adequate and timely progress in implementing the plan(s). Additionally, if an academic or other review process undertaken pursuant to § 22.1-253.13:3, Code of Virginia, has identified actions for a local school board to implement, the Superintendent of Public Instruction shall determine and report to the Board of Education whether the local school board has implemented required actions. If the Superintendent certifies that a local school board has failed or refused to meet any of those obligations as referenced in a memorandum of understanding between the local school board and the Board of Education, the Board of Education shall withhold payment of some or all At-Risk Add-On funds otherwise allocated to the affected division pursuant to this allocation for the pending fiscal year. In determining the amount of At-Risk Add-On funds to be withheld, the Board of Education shall take into consideration the extent to which such funds have already been expended or contractually obligated. The local school board shall be given an opportunity to correct its failure and, if successful in a timely manner, may have some or all of its At-Risk Add-On funds restored at the Board of Education’s discretion.

f. Regional Alternative Education Programs

1) An additional state payment of $9,526,559 the first year and $9,834,814 the second year from the Lottery Proceeds Fund shall be disbursed for Regional Alternative Education programs. Such programs shall be for the purpose of educating certain expelled students and, as appropriate, students who have received suspensions from public schools and students returned to the community from the Department of Juvenile Justice.

2) Each regional program shall have a small student/staff ratio. Such staff shall include, but not be limited to education, mental health, health, and law enforcement professionals, who will collaborate to provide for the academic, psychological, and social needs of the students. Each program shall be designed to ensure that students make the transition back into the “mainstream” within their local school division.

3) a) Regional alternative education programs are funded through this Item based on the state's share of the incremental per pupil cost for providing such programs. This incremental per pupil payment shall be adjusted for the composite index of local ability-to-pay of the school division that counts such students attending such program in its March 31 Average Daily Membership. It is the intent of the General Assembly that this incremental per pupil amount be in addition to the basic aid per pupil funding provided to the affected school division for such students. Therefore, local school divisions are encouraged to provide the appropriate portion of the basic aid per pupil funding to the regional programs for students attending these programs, adjusted for costs incurred by the school division for transportation, administration, and any portion of the school day or school year that the student does not attend such program.

b) In the event a school division does not use all of the student slots it is allocated under this program, the unused slots may be reallocated or transferred to another school division.

1. A school division must request from the Department of Education the availability and possible use of any unused student slots. If any unused slots are available and if the requesting school division chooses to utilize any of the unused slots, the requesting school division shall only receive the state's share of tuition for the unused slot that was allocated in this Item for the originally designated school division.

2. However, no requesting school division shall receive more tuition funding from the state for any requested unused slot than what would have been the calculated amount for the requesting school division had the unused slot been allocated to the requesting school division in the original budget. Furthermore, the requesting school division shall pay for any remaining tuition payment necessary for using a previously unused slot.
3. The Department of Education shall provide assistance for the state share of the incremental cost of Regional Alternative Education program operations based on the composite index of local ability-to-pay.

4) Out of the appropriation included in paragraph C.38. of this item, $304,117 the first year and $612,979 the second year from the Lottery Proceeds Fund are provided for a compensation supplement payment equal to 2.0 percent of base pay on July 1, 2020, and for a compensation supplement payment equal to 2.0 percent of base pay on July 1, 2021, for Regional Alternative Education Program instructional and support positions, as referenced in paragraph C. 38. of this item.

5) The Department of Education shall develop a plan to determine and biennially rebenchmark the allocation of existing regional alternative education program slots to participating school divisions. In developing a plan, the Department shall (i) identify a mechanism to calculate slot distribution based on the number of students in a participating division requiring regional alternative education, (ii) identify needs to implement such a plan, including reporting from local school divisions, (iii) identify any legislative and Appropriation Act amendments necessary for implementation, and (iv) plan for the full implementation to rebenchmark the slot allocation of regional alternative education programs. The Department shall report the recommendation to the Secretary of Education, and the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by August 1, 2021.

g. Remedial Summer School

1) This appropriation includes $22,625,279 the first year and $22,584,988 the second year from the general fund for the state's share of Remedial Summer School Programs. These funds are available to school divisions for the operation of programs designed to remediate students who are required to attend such programs during a summer school session or during an intersession in the case of year-round schools. These funds may be used in conjunction with other sources of state funding for remediation or intervention. School divisions shall have maximum flexibility with respect to the use of these funds and the types of remediation programs offered; however, in exercising this flexibility, students attending these programs shall not be charged tuition and no high school credit may be awarded to students who participate in this program.

2) For school divisions charging students tuition for summer high school credit courses, consideration shall be given to students from households with extenuating financial circumstances who are repeating a class in order to graduate.

10. K-3 Primary Class Size Reduction Payments

a. An additional payment estimated at $141,698,697 the first year and $141,828,973 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education as an incentive for reducing class sizes in the primary grades.

b. The Department of Education shall calculate the payment based on the incremental cost of providing the lower class sizes based on the lower of the division average per pupil cost or the actual division per pupil cost.

c. Localities are required to provide a match for these funds based on the composite index of local ability-to-pay.

d. By October 15 of each year school divisions must provide data to the Department of Education that each participating school has a September 30 pupil/teacher ratio in grades K through 3 that meet the following criteria:

e. School divisions may elect to have eligible schools participate at a higher ratio, or only in a portion of grades kindergarten through three, with a commensurate reduction of state and required local funds, if local conditions do not permit participation at the established ratio and/or maximum individual class size. In the event that a school division requires additional actions to ensure participation at the established ratio and/or maximum individual class size, such actions must be completed by December 1 of the impacted school year. Special education teachers and instructional aides shall not be counted towards meeting these required pupil/teacher ratios in grades kindergarten through three.

f. The Superintendent of Public Instruction may grant waivers to school divisions for the class size requirement in eligible schools that have only one class in an affected grade level in the school.

11. Literary Fund Subsidy Program Payments

a. The Department of Education and the Virginia Public School Authority (VPSA) shall provide a program of funding for school construction and renovation through the Literary Fund and through VPSA bond sales. The program shall be used to provide funds, through Literary Fund loans and subsidies, and through VPSA bond sales, to fund a portion of the projects on the First or Second Literary Fund Waiting List, or other critical projects which may receive priority placement on the First or Second Literary Fund Waiting List by the Department of Education. Interest rate subsidies will provide school divisions with the present value difference in debt service between a Literary Fund loan and a borrowing through the VPSA. To qualify for an interest rate subsidy, the school division's project must be eligible for a Literary Fund loan and shall be subject to the same restrictions. The VPSA shall work with the Department of Education in selecting those projects to be funded through the interest rate subsidy/bond financing program, so as to ensure the maximum leverage of Literary Fund moneys and a minimum impact on the VPSA Bond Pool.

b. The Department of Education may offer Literary Fund loans from the uncommitted balances of the Literary Fund after meeting the obligations of the interest rate subsidy sales and the amounts set aside from the Literary Fund for Debt Service Payments for Education Technology and Security Equipment in this Item.

c. 1) In the event that on any scheduled payment date of bonds of the Virginia Public School Authority (VPSA) authorized under the provisions of a bond resolution adopted subsequent to June 30, 1997, issued subsequent to June 30, 1997, and not benefiting from the provisions of either § 22.1-168 (iii), (iv), and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the sum of (i) the payments on general obligation school bonds of cities, counties, and towns (localities) paid to the VPSA and (ii) the proceeds derived from the application of the provisions of § 15.2-2659, Code of Virginia, to such bonds of localities, is less than the debt service due on such bonds of the VPSA on such date, there is hereby appropriated to the VPSA, first, from available moneys of the Literary Fund and, second, from the general fund a sum equal to such deficiency.

2) The Commonwealth shall be subrogated to the VPSA to the extent of any such appropriation paid to the VPSA and shall be entitled to enforce the VPSA's remedies with respect to the defaulting locality and to full recovery of the amount of such deficiency, together with interest at the rate of the defaulting locality's bonds.

d. The chairman of the Board of Commissioners of the VPSA shall, on or before November 1 of each year, make and deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds of the VPSA issued and projected to be issued during such biennium pursuant to the bond resolution referred to in paragraph a above. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.

12. Educational Technology Payments

a. Any unobligated amounts transferred to the educational technology fund shall be disbursed
on a pro rata basis to localities. The additional funds shall be used for technology needs identified in the division’s technology plan approved by the Department of Education.

b. The Department of Education shall authorize estimated amounts as indicated in Table 1 from the Literary Fund to provide debt service payments for the education technology grant program conducted through the Virginia Public School Authority in the referenced years.

It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized for education technology grant programs. In developing the proposed 2022-2024, 2024-2026, and 2026-2028 biennial budgets for public education, the Department of Education shall include a recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt service payments for these programs in fiscal years 2023, 2024, 2025, 2026, and 2027.

d. 1) An education technology grant program shall be conducted through the Virginia Public School Authority, through the issuance of equipment notes in an amount estimated at $57,533,200 in fiscal year 2021 and $57,832,400 in fiscal year 2022. Proceeds of the notes will be used to establish a computer-based instructional and testing system for the Standards of Learning (SOL) and to develop the capability for high speed Internet connectivity at high schools followed by middle schools followed by elementary schools. School divisions shall use these funds first to develop and maintain the capability to support the administration of online SOL testing for all students with the exception of students with a documented need for a paper SOL test.

2) Grant funds from the issuance of $57,533,200 in fiscal year 2021 and $57,832,400 in fiscal year 2022 in equipment notes are based on a grant of $26,000 per school and $50,000 per school division. For purposes of this grant program, eligible schools shall include schools that are subject to state accreditation and reporting membership in grades K through 12 as of September 30, 2020, for the fiscal year 2021 issuance, and September 30, 2021, for the fiscal year 2022 issuance, as well as regional vocational centers, special education centers, alternative education centers, regular school year Governor’s Schools, CodeRVA Regional High School, and the School for the Deaf and the Blind. Schools that serve only pre-kindergarten students shall not be eligible for this grant.

3. a.) Supplemental grants shall be allocated to eligible divisions to support schools that are not fully accredited in accordance with this paragraph. Schools that include a ninth grade that administer SOL tests in Spring 2020 and that are not fully accredited for the second consecutive year, based on school accreditation ratings in effect for fiscal year 2020 and fiscal year 2021 will qualify to participate in the Virginia e-Learning Backpack Initiative in fiscal year 2021 and receive: (1) a supplemental grant of $400 per student reported in ninth grade fall membership in a qualifying school for the purchase of a laptop or tablet for that student and (2) a supplemental grant of $2,400 per qualifying school to purchase two content creation packages for teachers. Schools eligible to receive this supplemental grant in fiscal year 2021 shall continue to receive the grant for the number of subsequent years equaling the number of grades 9 through 12 in the qualifying school up to a maximum of four years. Schools that administer SOL tests in Spring 2021 and that are not fully accredited for the second consecutive year based on school accreditation ratings in effect for fiscal year 2021 and fiscal year 2022 will qualify to participate in the initiative in fiscal year 2022. Schools eligible for the supplemental grants in previous fiscal years shall continue to be eligible for the remaining years of their grant award.
ITEM 145.

Schools eligible to receive this supplemental grant in fiscal year 2022 shall continue to receive the grant for the number of subsequent years equaling the number of grades 9 through 12 in the qualifying school up to a maximum of four years. Grants awarded to qualifying schools that do not have grades 10, 11, or 12 may transition with the students to the primary receiving school for all years subsequent to grade 9. Schools are eligible to receive these grants for a period of up to four years beginning in fiscal year 2014 and shall not be eligible to receive a separate award in the future once the original award period has concluded. Schools that are fully accredited or that are new schools with conditional accreditation in their first year shall not be eligible to receive this supplemental grant.

b.) Supplemental grants allocated to school divisions for participation in the Virginia e-Learning Backpack Initiative prior to fiscal year 2017 shall be used in eligible schools for (1) the purchase of a laptop or tablet for a student reported in ninth grade fall membership, and (2) the purchase of two content creation packages for teachers per grant. The amounts for such grants shall remain unchanged.

4) Required local match:

a) Localities are required to provide a match for these funds equal to 20 percent of the grant amount, including the supplemental grants provided pursuant to paragraph g. 5). At least 25 percent of the local match, including the match for supplemental grants, shall be used for teacher training in the use of instructional technology, with the remainder spent on other required uses. The Superintendent of Public Instruction is authorized to reduce the required local match for school divisions with a composite index of local ability-to-pay below 0.2000. The Virginia School for the Deaf and the Blind is exempt from the match requirement.

b) School divisions that administer 100 percent of SOL tests online in all elementary, middle, and high schools may use up to 75 percent of their required local match to purchase targeted technology-based interventions. Such interventions may include the necessary technology and software to support online learning, technology-based content systems, content management systems, technology equipment systems, information and data management systems, and other appropriate technologies that support the individual needs of learners. School divisions that receive supplemental grants pursuant to paragraph g. 5) above shall use the funds in qualifying schools to purchase laptops and tablets for ninth grade students reported in fall membership and content creation packages for teachers.

5) The goal of the education technology grant program is to improve the instructional, remedial, and testing capabilities of the Standards of Learning for local school divisions and to increase the number of schools achieving full accreditation.

6) Funds shall be used in the following manner:

a) Each division shall use funds to reach a goal, in each high school, of: (1) a 5-to-1 student to computer ratio; (2) an Internet-ready local area network (LAN) capability; and (3) high speed access to the Internet. School connectivity (computers, LANs and network access) shall include sufficient download/upload capability to ensure that each student will have adequate access to Internet-based instructional, remedial and assessment programs.

b) When each high school in a division meets the goals established in paragraph a) above, the remaining funds shall be used to develop similar capability in first the middle schools and then the elementary schools.

c) For purposes of establishing or enhancing a computer-based instructional program supporting the Standards of Learning pursuant to paragraph g. 1) above, these grant funds may be used to purchase handheld multifunctional computing devices that support a broad range of applications and that are controlled by operating systems providing full multimedia support and mobile Internet connectivity. School divisions that elect to use these grant funds to purchase such qualifying handheld devices must continue to meet the on-line testing requirements stated in paragraph g. 1) above.

d) School divisions shall be eligible to receive supplemental grants pursuant to paragraph g. 5) above. These supplemental grants shall be used in qualifying schools for the purchase of laptops and tablets for ninth grade students reported in fall membership and content creation packages for teachers. Participating school divisions will be required to select a core set of electronic textbooks, applications and online services for productivity, learning management,
collaboration, practice, and assessment to be included on all devices. In addition, participating school divisions will assume recurring costs for electronic textbook purchases and maintenance.

e) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school divisions became one school division, whether by consolidation of only the school divisions or by consolidation of the local governments, such resulting division shall be provided funding through this program on the basis of having the same number of school divisions as existed prior to September 30, 2000.

7) Local school divisions shall maximize the use of available federal funds, including E-Rate Funds, and to the extent possible, use such funds to supplement the program and meet the goals of this program.

e. The Department of Education shall maintain criteria to determine if high schools, middle schools, or elementary schools have the capacity to meet the goals of this initiative. The Department of Education shall be responsible for the project management of this program.

f. 1) In the event that, on any scheduled payment date of bonds or notes of the Virginia Public School Authority (VPSA) issued for the purpose described in § 22.1-166.2, Code of Virginia, and not benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the available moneys in the Literary Fund are less than the amounts authorized for debt service due on such bonds or notes of the VPSA on such date, there is hereby appropriated to the VPSA from the general fund a sum equal to such deficiency.

2) The Chairman of the Board of Commissioners of the VPSA shall, on or before November 1 of each year, make and deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds and notes of the VPSA issued and projected to be issued during such biennium pursuant to the resolution referred to in paragraph 1) above. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.

g. Unobligated proceeds of the notes, including investment income derived from the proceeds of the notes may be used to pay interest on, or to decrease principal of the notes or to fund a portion of such other educational technology grants as authorized by the General Assembly.

h. 1) For the purposes of § 56-232, Code of Virginia, "Contracts of Telephone Companies with State Government" and for the purposes of § 56-234 "Contracts for Service Rendered by a Telephone Company for the State Government" shall be deemed to include communications lines into public schools which are used for educational technology. The rate structure for such lines shall be negotiated by the Superintendent of Public Instruction and the Chief Information Officer of the Virginia Information Technologies Agency. Further, the Superintendent and Director are authorized to encourage the development of "by-pass" infrastructure in localities where it fails to obtain competitive prices or prices consistent with the best rates obtained in other parts of the state.

2) The State Corporation Commission, in its consideration of the discount for services provided to elementary schools, secondary schools, and libraries and the universal service funding mechanisms as provided under § 254 of the Telecommunications Act of 1996, is hereby encouraged to make the discounts for intrastate services provided to elementary schools, secondary schools, and libraries for educational purposes as large as is prudently possible and to fund such discounts through the universal fund as provided in § 254 of the Telecommunications Act of 1996. The commission shall proceed as expeditiously as possible in implementing these discounts and the funding mechanism for intrastate services, consistent with the rules of the Federal Communications Commission aimed at the preservation and advancement of universal service.

13. Security Equipment Payments

1) A security equipment grant program shall be conducted through the Virginia Public School Authority, through the issuance of equipment notes in an amount estimated at up to
$12,000,000 in fiscal year 2021 and $12,000,000 in fiscal year 2022 in conjunction with the Virginia Public School Authority technology notes program authorized in C.12. of this Item. Proceeds of the notes will be used to help offset the related costs associated with the purchase of appropriate security equipment that will improve and help ensure the safety of students attending public schools in Virginia.

2) The Department of Education shall authorize estimated amounts as indicated in Table 1 from the Literary Fund to provide debt service payments for the security equipment grant programs conducted through the Virginia Public School Authority in the referenced years.

3) It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized for this program. In developing the proposed 2022-2024, 2024-2026, and 2026-2028 biennial budgets for public education, the Department of Education shall include a recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt service payments for these programs in fiscal years 2023, 2024, 2025, 2026, and 2027.

4) In the event that, on any scheduled payment date of bonds or notes of the Virginia Public School Authority issued for the purpose described in § 22.1-166.2, Code of Virginia, and not benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the available moneys in the Literary Fund are less than the amounts authorized for debt service due on such bonds or notes on such date, there is hereby appropriated to the Virginia Public School Authority from the general fund a sum equal to such deficiency.

The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.

6) Grant award funds from the issuance of up to $12,000,000 in fiscal year 2021 and $12,000,000 in fiscal year 2022 in equipment notes shall be distributed to eligible school divisions. The grant awards will be based on a competitive grant basis of up to $250,000 per school division. School divisions will be permitted to apply annually for grant funding. For purposes of this program, eligible schools shall include schools that are subject to state accreditation and reporting membership in grades K through 12 as of September 30, 2020, for the fiscal year 2021 issuance, and September 30, 2021, for the fiscal year 2022 issuance, as well as regional vocational centers, special education centers, alternative education centers, regular school year Governor's Schools, and the Virginia School for the Deaf and the Blind.

7) School divisions would submit their application to Department of Education by August 1 of each year based on the criteria developed by the Department of Education in collaboration with the Department of Criminal Justice Services who will provide requested technical support. Furthermore, the Department of Education will have the authority to make such grant awards to such school divisions.

8) It is also the intent of the General Assembly that, beginning with fiscal year 2020, the total amount of the grant awards shall not exceed $60,000,000 over any ongoing revolving five year period.

9) Required local match:
a) Localities are required to provide a match for these funds equal to 25 percent of the grant amount. The Superintendent of Public Instruction is authorized to reduce the required local match for school divisions with a composite index of local ability-to-pay below 0.2000. The Virginia School for the Deaf and the Blind is exempt from the match requirement.

b) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school divisions became one school division, whether by consolidation of only the school divisions or by consolidation of the local governments, such resulting division shall be provided funding through this program on the basis of having the same number of school divisions as existed prior to September 30, 2000.

c) Local school divisions shall maximize the use of available federal funds, including E-Rate Funds, and to the extent possible, use such funds to supplement the program and meet the goals of this program.

14. Virginia Preschool Initiative Payments

a.1) It is the intent of the General Assembly that a payment estimated at $97,139,047 the first year and $107,086,043 the second year from the general fund shall be disbursed by the Department of Education to schools and community-based organizations to provide quality preschool programs for at-risk four-year-olds who are residents of Virginia and unserved by Head Start program funding and for at-risk five-year-olds who are not eligible to attend kindergarten.

2) These state funds and required local matching funds shall be used to provide programs for at-risk four-year-old children, which include quality preschool education, health services, social services, parental involvement and transportation. It shall be the policy of the Commonwealth that state funds and required local matching funds for the Virginia Preschool Initiative not be used for capital outlay, not be used to supplant any Head Start federal funds provided for local early education programs, and not be used until the local Head Start grantee certifies that all local Head Start slots are filled. Programs must provide full-day or half-day and, at least, school-year services.

3) The Department of Education shall establish academic standards that are in accordance with appropriate preparation for students to be ready to successfully enter kindergarten. These standards shall be established in such a manner as to be measurable for student achievement and success. Students shall be required to be evaluated in the fall and in the spring by each participating school division and the school divisions must certify that the Virginia Preschool Initiative program follows the established standards in order to receive the funding for quality preschool education and criteria for the service components. Such standards shall align with the Virginia Standards of Learning for Kindergarten.

4) a) Grants shall be distributed based on an allocation formula providing the state share of a $6,959 per pupil grant in the first year and a $7,655 per pupil grant in the second year for 100 percent of the unserved at-risk four-year-olds in each locality for a full-day program. The number of unserved at-risk four-year-olds in each locality shall be based on the projected number of kindergarten students, updated once each biennium for the Governor's introduced biennial budget. Grants to half-day programs shall be funded based on the state share of $3,480 in the first year and $3,828 in the second year per unserved at-risk four-year-old in each locality.

b) Out of this appropriation, $2,837,266 the first year and $6,117,049 the second year from the general fund is provided to serve at-risk three-year-olds who are residents of Virginia and unserved by Head Start program funding on a pilot basis using criteria as determined by the Department of Education. Localities may apply to participate in the pilot by May 15 each year and shall be selected on a competitive basis. Pilot providers shall be required to: (i) demonstrate broad stakeholder support, (ii) track outcomes for participating children, (iii) demonstrate how they will maximize federal and state funds to preserve existing birth to five slots, including certifying that all local Head Start slots are filled, (iv) support inclusive practices of children with identified special needs, and (v) collaborate among the school division, local department of social services, programs accepting child care subsidy payments, and providers for Head Start, private child care, and early childhood special education and early intervention programs. In addition, localities shall
be selected using other criteria that include prioritizing: (i) communities with limited child care options; (ii) programs serving children in private, mixed-delivery settings; or (iii) communities that demonstrate full support of public and private providers. Grants shall be distributed based on an allocation formula providing the state share of a $6,959 per pupil grant in the first year, and a $7,655 per pupil grant in the second year. Grants to half-day programs shall be funded based on the state share of $3,480 in the first year, and $3,828 in the second year.

c) Full-day programs shall operate for a minimum of five and one-half instructional hours, excluding breaks for meals, and half-day programs shall operate for a minimum of three hours of classroom instructional time per day, excluding breaks for lunch. Virginia Preschool Initiative programs may include unstructured recreational time that is intended to develop teamwork, social skills, and overall physical fitness in any calculation of total instructional time, provided that such unstructured recreational time does not exceed 15 percent of total instructional time or teaching hours. No additional state funding is provided for programs operating greater than three hours per day but less than five and one-half hours per day. In determining the state and local shares of funding, the composite index of local ability-to-pay is capped at 0.5000.

d) For new programs in the first year of implementation only, programs operating less than a full school year shall receive state funds on a fractional basis determined by the pro-rata portion of a school year program provided. In determining the prorated state funds to be received, a school year shall be 180 days or 990 teaching hours.

b.1) Any locality that desires to participate in this grant program must submit a proposal through its chief administrator (county administrator or city manager) by May 15 of each year. The chief administrator, in conjunction with the school superintendent, shall identify a lead agency for this program within the locality. The lead agency shall be responsible for developing a local plan for the delivery of quality preschool services to at-risk children, which demonstrates the coordination of resources and the combination of funding streams in an effort to serve the greatest number of at-risk four-year-old children. Starting in fiscal year 2021, localities may apply for additional funds to serve at-risk three-year-old children on a pilot basis.

2) The proposal must demonstrate coordination with all parties necessary for the successful delivery of comprehensive services, including the schools, child care providers, local social services agency, Head Start, local health department, and other groups identified by the lead agency. The proposal must identify which entities were consulted and how the locality will ensure that federal funds are preserved and maximized including demonstrating compliance with Title I of the federal Elementary and Secondary Education Act to ensure that a Local Educational Agency receiving Title I funding coordinates with Head Start programs and other early learning programs receiving federal funds by developing Memorandums of Understanding with such agencies to coordinate services. The proposal must also demonstrate a plan for supporting inclusive practices for children with identified special needs.

3) A local match, based on the composite index of local ability-to-pay, shall be required. For purposes of meeting the local match, localities may use local expenditures for existing qualifying programs, however, at least fifty percent of the local match will be cash and no more than fifty percent will be in-kind. In-kind contributions are defined as cash outlays that are made by the locality that benefit the program but are not directly charged to the program. The value of fixed assets cannot be considered as an in-kind contribution. Philanthropic or other private funds may be contributed to the locality to be appropriated in their local budget and then utilized as local match. Localities shall also continue to pursue and coordinate other funding sources, including child care subsidies. Funds received through this program must be used to supplement, not supplant, any funds currently provided for programs within the locality. However, in the event a locality is unable to continue the previous level of support to programs for at-risk four-year-olds from Title I of the federal Elementary and Secondary Education Act (ESEA), the state and local funds provided in this grants program may be used to continue services to these Title I students. Such inability may occur due to adjustments to the allocation formula in the reauthorization of ESEA as the Every Student Succeeds Act of 2015, or due to a percentage reduction in a locality's Title I allocation in a particular year. Any locality so affected shall provide written evidence to the Superintendent of Public Instruction.
and request his approval to continue the services to Title I students.

c. Local plans must provide clear methods of service coordination for the purpose of reducing the per child cost for the service, increasing the number of at-risk children served and/or extending services for the entire year. Examples of these include:

1) "Wraparound Services" -- methods for combining funds such as child care subsidy dollars administered by local social service agencies with dollars for quality preschool education programs.

2) "Wrap-out Services" - methods for using grant funds to purchase quality preschool services to at-risk four-year-old children through an existing child care setting by purchasing comprehensive services within a setting which currently provides quality preschool education.

3) "Expansion of Service" - methods for using grant funds to purchase slots within existing programs, such as Head Start, which provides comprehensive services to at-risk three- and four-year-old children.

d. Local plans must indicate the number of at-risk four-year-old children to be served, and the eligibility criteria for participation in this program shall be consistent with the economic and educational risk factors stated in the 2015-2016 programs guidelines that are specific to: (i) family income at or below 200 percent of federal poverty guidelines, (ii) homelessness, (iii) student's parents or guardians are school dropouts, or (iv) family income is above 200 percent but at or below 350 percent of federal poverty guidelines in the case of students with special needs or disabilities. Up to 15 percent of a division's slots may be filled based on locally established eligibility criteria so as to meet the unique needs of at-risk children in the community. If applicable, local plans must also indicate the number of at-risk three-year-old children to be served using the same eligibility criteria listed above. Localities that can demonstrate that more than 15 percent of slots are needed to meet the needs of at-risk children in their community may apply for a waiver from the Superintendent of Public Instruction to use a larger percentage of their slots. Localities must demonstrate that increasing eligibility will enable the maximization of federal funds and will not have a negative impact on access for other individuals currently being served.

e.1) The Department of Education shall provide technical assistance for the administration of this grant program to provide assistance to localities in developing a comprehensive, coordinated, quality preschool program that prepares all participants for kindergarten.

2) The Department shall provide interested localities with information on models for service delivery, methods of coordinating funding streams, such as funds to match federal IV-A child care dollars, to maximize funding without supplanting existing sources of funding for the provision of services to at-risk three- and four-year-old children. A priority for technical assistance in the design of programs shall be given to localities where the majority of the at-risk three- and four-year-old population is currently unserved.

f. The Department of Education shall include in the program's application package specific information regarding the potential availability of funding for supplemental grants that may be used for one-time expenses, other than capital, related to start-up or expansion of programs, with priority given to proposals for expanding the use of partnerships with either nonprofit or for-profit providers. Furthermore, the Department is mandated to communicate to all eligible school divisions the remaining available balances in the program's adopted budget, after the fall participation reports have been submitted and finalized for such grants.

g. Out of this appropriation, $3,982,079 the first year and $3,285,258 the second year from the general fund is provided to support Virginia Preschool Initiative slots to serve children on wait lists. In each year, unused grants distributed as provided in paragraph C.14.a.4. of this Item shall be redistributed based on guidelines established by the Department of Education subject to the appropriation available for this purpose. Such guidelines shall provide the criteria used to redistribute grants and provide for the notification of grants redistribution to programs no later than July 1 of each year. The Department shall conduct this process annually, and the redistribution shall not affect the allocation formula for the subsequent year.

h.1) Out of this appropriation, $5,020,000 the first year and $5,005,000 the second year from the general fund is provided to support an add-on grant per child for approximately 2,000 children to incentivize mixed-delivery of services through private providers. These add-on grants are intended to provide funds to minimize the difference between the amount of the per-pupil grant allocation and the per-pupil cost to serve a child in a community-based or private provider setting. Recipients of the add-on grants will be encouraged to support classrooms that support inclusive practices of children with special needs. Localities shall indicate in their plans submitted pursuant to C.14.b.1 of this Item how many of their Virginia Preschool Initiative slots will be provided in community-based or private provider settings to receive the add-on grant.

2) The amount of these add-on grants shall vary by region in fiscal year 2021 and provide a grant of: (i) $3,500 per child for divisions in Planning District 8, (ii) $2,500 per child for divisions in Planning District 15, Planning District 23, and for the counties of Stafford, Fauquier, Spotsylvania, Clarke, Warren, Frederick, and Culpeper and the Cities of Fredericksburg and Winchester, and (iii) $1,500 per child in any other division.

3) The Department of Education shall develop a plan to determine the magnitude of the gap between regional prevailing child care market rates and the Virginia Preschool Initiative per pupil amount. The Department shall establish a schedule designating the amount of the add-on grants for each school division for fiscal year 2022. The amount of the add-on grant plus the Virginia Preschool Initiative per pupil amount shall not exceed prevailing child care market rates in a particular region. The Department shall report on the established schedule to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by December 1, 2020.

i. The Department of Education shall develop a plan to determine, recognize, and biennially rebenchmark the per-student funding amount of the Virginia Preschool Initiative, similar to the current formula supporting public K-12 education in Virginia. In developing such plan, the Department shall (i) identify needs to implement such plan, including reporting from local school divisions, (ii) include relevant stakeholders, including school division finance staff and local Virginia Preschool Initiative administrators, (iii) identify any legislative or Appropriation Act amendments necessary for implementation, and (iv) plan for full implementation to benchmark the per-student funding amount of the Virginia Preschool Initiative.

j. Out of this appropriation, $6,419,996 the first year and $7,062,088 the second year from the general fund is provided to support increased Virginia Preschool Initiative teacher to student ratios and class sizes, as follows:

1) Any classroom that exceeds benchmarks set by the Board of Education shall be staffed as follows: (i) one teacher shall be provided for any class of ten students or less; (ii) if the enrollment in any class exceeds ten students but does not exceed 20, a full-time teacher's aide shall be assigned to the class; and (iii) the maximum class size shall be 20 students.

2) All other classrooms shall be staffed as follows: (i) one teacher shall be employed for any class of nine students or less; (ii) if the enrollment in any class exceeds nine students but does not exceed 18, a full-time teacher's aide shall be assigned to the class; and (iii) the maximum class size shall be 18 students.

k. Out of this appropriation, $306,100 the first year and $306,100 the second year from the general fund is allocated for the Department of Education to provide grants of no more than $30,000 each for local school divisions that have applied for such funds for the sole purpose of providing financial incentives to provisionally licensed teachers teaching students enrolled in the Virginia Preschool Initiative and who are actively engaged in coursework and professional development, toward achieving the required degree and license that satisfy the licensure requirements reflected in § 22.1-299, Code of Virginia. School divisions must submit applications to the Department of Education by December 1 of each year. Priority for awarding grants shall be given to hard-to-staff schools and schools with the highest number of provisionally licensed teachers teaching students enrolled in the Virginia Preschool Initiative. The Department of Education shall develop the application process to be provided to school divisions that have provisionally licensed teachers employed and are teaching students enrolled in the Virginia Preschool Initiative.

| 1.) The Department of Education shall collect information from local programs and from pilot providers participating in the Virginia Early Childhood Foundation's pilot Mixed-Delivery Preschool Initiative established in Item 144 as needed to compile a comprehensive report on the usage of state funds detailing, but not limited to the number of calculated slots and funding allocated to each local program or pilot provider, and the number of such slots that have been filled.

2.) Such comprehensive report shall be aggregated in a manner to identify: (i) funding and the number of slots used to serve a student in a public school and non-public school setting, (ii) the number of three-year olds served, (iii) waitlist slots requested, offered, and provided, (iv) the number of students served whose families are at or below 130 percent poverty, above 130 percent but at or below 200 percent of poverty, above 200 percent but at or below 350 percent of poverty, and above 350 percent of poverty.

3.) Such comprehensive report shall include details regarding any supplemental grants awarded pursuant to paragraph f.

4.) The Department shall submit such comprehensive report to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees no later than December 31 each year.

5.) The Department shall develop a plan for comprehensive public reporting on early childhood expenditures, outcomes, and program quality to replace this reporting requirement. Such plan shall consider the components included in this reporting requirement, and include all publicly-funded providers as defined in House Bill 1012 and Senate Bill 578. The plan shall identify any fiscal, legislative, or regulatory barriers to implementing such public reporting, and shall consider integration with the Department's School Quality Profiles. Such plan shall be submitted to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by December 1, 2020.

m. Out of this appropriation, $2,042,044 the first year and $2,246,277 the second year from the general fund is provided to support approximately an additional 609 Virginia Preschool Initiative slots that were previously filled under the Virginia Preschool Initiative Plus (VPI Plus). These slots are intended to hold harmless eight school divisions that participated in VPI Plus during the 2019-2020 school year, by allocating the same number of slots to those eight school divisions.

n. Out of this appropriation, $4,432,189 the first year and $4,875,473 the second year from the general fund is provided as flexible funding available to supplement any of the other initiatives provided in section C.14 of this item.

15. Early Reading Intervention Payments

a. An additional payment of $28,874,557 the first year and $28,952,264 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to local school divisions for the purposes of providing early reading intervention services to students in grades kindergarten through 3 who demonstrate deficiencies based on their individual performance on diagnostic tests which have been approved by the Department of Education. The Department of Education shall review the tests of any local school board which requests authority to use a test other than the state-provided test to ensure that such local test uses criteria for the early diagnosis of reading deficiencies which are similar to those criteria used in the state-provided test. The Department of Education shall make the state-provided diagnostic test used in this program available to local school divisions. School divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis at a time to be determined by the Superintendent of Public Instruction.

b. These payments shall be based on the state's share of the cost of providing two and one-half hours of additional instruction each week for an estimated number of students in each school division at a student to teacher ratio of five to one. The estimated number of students in each school division in each year shall be determined by multiplying the projected number of students reported in each school division's fall membership in grades kindergarten, 1, 2, and 3 by the percent of students who are determined to need services based on diagnostic tests administered in the previous year in that school division and

c. These payments are available to any school division that certifies to the Department of Education that an intervention program will be offered to such students and that each student who receives an intervention will be assessed again at the end of that school year. At the beginning of the school year, local school divisions shall partner with the parents of those third grade students in the division who demonstrate reading deficiencies, discussing with them a developed plan for remediation and retesting. Such intervention programs, at the discretion of the local school division, may include, but not be limited to, the use of: special reading teachers; trained aides; full-time early literacy tutors; volunteer tutors under the supervision of a certified teacher; computer-based reading tutorial programs; aides to instruct in-class groups while the teacher provides direct instruction to the students who need extra assistance; or extended instructional time in the school day or year for these students. Localities receiving these payments are required to match these funds based on the composite index of local ability-to-pay.

d. In the event that a school division does not use the diagnostic test provided by the Department of Education in the year that serves as the basis for updating the funding formula for this program but has used it in past years, the Department of Education shall use the most recent data available for the division for the state-provided diagnostic test.

e. The results of all reading diagnostic tests and reading remediation shall be discussed with the student and the student's parent prior to the student being promoted to grade four.

f. Funds appropriated for Standards of Quality Prevention, Intervention, and Remediation, Remedial Summer School, or At-Risk Add-On may also be used to meet the requirements of this program.

16. Standards of Learning Algebra Readiness Payments

a. An additional payment of $15,194,903 the first year and $15,239,492 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to local school divisions for the purposes of providing math intervention services to students in grades 6, 7, 8 and 9 who are at-risk of failing the Algebra I end-of-course test, as demonstrated by their individual performance on diagnostic tests which have been approved by the Department of Education. These amounts reflect $200,000 the first year and $200,000 the second year apportioned to each school division to account for the cost of the diagnostic test. The Department of Education shall review the tests to ensure that such local test uses state-provided criteria for diagnosis of math deficiencies which are similar to those criteria used in the state-provided test. The Department of Education shall make the state-provided diagnostic test used in this program available to local school divisions. School divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis at a time to be determined by the Superintendent of Public Instruction.

b. These payments shall be based on the state's share of the cost of providing two and one-half hours of additional instruction each week for an estimated number of students in each school division at a student to teacher ratio of ten to one. The estimate number of students in each school division shall be determined by multiplying the projected number of students reported in each school division's fall membership by the percent of students that qualify for the federal Free Lunch Program.

c. These payments are available to any school division that certifies to the Department of Education that an intervention program will be offered to such students and that each student who receives an intervention will be assessed again at the end of that school year. Localities receiving these payments are required to match these funds based on the composite index of local ability-to-pay.

17. School Construction Grants Program Escrow
Notwithstanding the requirements of § 22.1-175.5, Code of Virginia, school divisions are permitted to withdraw funds from local escrow accounts established pursuant to § 22.1-175.5 to pay for recurring operational expenses incurred by the school division. Localities are not required to provide a local match of the withdrawn funds.

18. English as a Second Language Payments

A payment of $82,232,407 the first year and $95,145,149 the second year from the general fund shall be disbursed by the Department of Education to local school divisions to support the state share of 20 professional instructional positions per 1,000 students for whom English is a second language. Local school divisions shall provide a local match based on the composite index of local ability-to-pay.

19. Special Education Instruction Payments

a. The Department of Education shall establish rates for all elements of Special Education Instruction Payments.

b. Out of the appropriations in this Item, the Department of Education shall make available, subject to implementation by the Superintendent of Public Instruction, an amount estimated at $101,152,929 the first year and $101,152,929 the second year from the Lottery Proceeds Fund for the purpose of the state’s share of the tuition rates for approved public Special Education Regional Tuition school programs. Notwithstanding any contrary provision of law, the state’s share of the tuition rates shall be based on the composite index of local ability-to-pay.

c. Out of the amounts for Financial Assistance for Categorical Programs, $36,591,267 the first year and $37,546,662 the second year from the general fund is appropriated to permit the Department of Education to enter into agreements with selected local school boards for the provision of educational services to children residing in certain hospitals, clinics, and detention homes by employees of the local school boards. The portion of these funds provided for educational services to children residing in local or regional detention homes shall only be determined on the basis of children detained in such facilities through a court order issued by a court of the Commonwealth. The selection and employment of instructional and administrative personnel under such agreements will be the responsibility of the local school board in accordance with procedures as prescribed by the local school board. State payments for the first year to the local school boards operating these programs will be based on certified expenditures from the fourth quarter of FY 2020 and the first three quarters of FY 2021. State payments for the second year to the local school boards operating these programs will be based on certified expenditures from the fourth quarter of FY 2021 and the first three quarters of FY 2022.

a. It is the intention of the General Assembly that the Department of Education explore initiatives that will encourage greater cooperation between jurisdictions and the Virginia Community College System in meeting the needs of public school systems.

b. This appropriation includes $1,800,000 the first year and $1,800,000 the second year from the Lottery Proceeds Fund for secondary vocational-technical equipment. A base allocation of $2,000 each year shall be available for all divisions, with the remainder of the funding distributed on the basis of student enrollment in secondary vocational-technical courses. State funds received for secondary vocational-technical equipment must be used to supplement, not supplant, any funds currently provided for secondary vocational-technical equipment within the locality. Local school divisions are not required to provide a local match in order to receive these state funds.

c.1) This appropriation includes an additional $2,000,000 the first year and $2,000,000 the second year from the Lottery Proceeds Fund to update vocational-technical equipment to industry standards providing students with classroom experience that translates to the workforce.

2) Of this amount, $1,400,000 the first year and $1,400,000 the second year is provided for vocational-technical equipment in high-demand, high-skill, and fast-growth industry

a. An additional state payment is provided from the Lottery Proceeds Fund for the prior year's local operations costs, as determined by the Department of Education, for each pupil of school age as defined in § 22.1-1, Code of Virginia, not a resident of the school division providing his education (a) who has been placed in foster care or other custodial care within the geographical boundaries of such school division by a Virginia agency, whether state or local, which is authorized under the laws of this Commonwealth to place children; (b) who has been placed in an orphanage or children’s home which exercises legal guardianship rights; or (c) who is a resident of Virginia and has been placed, not solely for school purposes, in a child-caring institution or group home.

b. This appropriation provides $10,667,347 the first year and $11,528,816 the second year from the Lottery Proceeds Fund to support children attending public school who have been placed in foster care or other such custodial care across jurisdictional lines, as provided by subsections A and B of § 22.1-101.1, Code of Virginia. To the extent these funds are not adequate to cover the full costs specified therein, the Department is authorized to expend unobligated balances in this Item for this support.

25. Sales Tax Payments

a. This is a sum-sufficient appropriation for distribution to counties, cities and towns a portion of net revenue from the state sales and use tax, in support of the Standards of Quality (Title 22.1, Chapter 13.2, Code of Virginia) (See the Attorney General's opinion of August 3, 1982).

b. Certification of payments and distribution of this appropriation shall be made by the State Comptroller.

c. The distribution of state sales tax funds shall be made in equal bimonthly payments at the
middle and end of each month.

d. Included in this appropriation are the accelerated sales tax revenues attributable to §58.1-638 B., D., and F.1., Code of Virginia, and collected pursuant to §3-5.06 of this act.

26. Adult Literacy Payments

a. Appropriations in this Item include $125,000 the first year and $125,000 the second year from the general fund for the ongoing literacy programs conducted by Mountain Empire Community College.

b. Out of this appropriation, the Department of Education shall provide $100,000 the first year and $100,000 the second year from the general fund for the Virginia Literacy Foundation grants to support programs for adult literacy including those delivered by community-based organizations and school divisions providing services for adults with 0-9th grade reading skills.

27. Governor's School Payments

a. Out of the amounts for Governor's School Payments, the Department of Education shall provide assistance for the state share of the incremental cost of regular school year Governor's Schools based on each participating locality's composite index of local ability-to-pay. Participating school divisions must certify that no tuition is assessed to students for participation in this program.

b.1) Out of the amounts for Governor's School Payments, the Department of Education shall provide assistance for the state share of the incremental cost of summer residential Governor's Schools and Foreign Language Academies to be based on the greater of the state's share of the composite index of local ability-to-pay or 50 percent. Participating school divisions must certify that no tuition is assessed to students for participation in this program if they are enrolled in a public school.

2) Out of the amounts for Governor's School Payments, $41,000 the first year and $41,000 the second year is provided to support the Hanover Regional Summer Governor's School for Career and Technical Advancement, which was established pursuant to Chapter 425, 2014 Acts of Assembly, and Chapter 665, 2015 Acts of Assembly.

c. For the Summer Governor's Schools and Foreign Language Academies programs, the Superintendent of Public Instruction is authorized to adjust the tuition rates, types of programs offered, length of programs, and the number of students enrolled in order to maintain costs within the available state and local funds for these programs.

d. It shall be the policy of the Commonwealth that state general fund appropriations not be used for capital outlay, structural improvements, renovations, or fixed equipment costs associated with initiation of existing or proposed Governor's schools. State general fund appropriations may be used for the purchase of instructional equipment for such schools, subject to certification by the Superintendent of Public Instruction that at least an equal amount of funds has been committed by participating school divisions to such purchases.

e. The Board of Education shall not take any action that would increase the state's share of costs associated with the Governor's Schools as set forth in this Item. This provision shall not prohibit the Department of Education from submitting requests for the increased costs of existing programs resulting from updates to student enrollment for school divisions currently participating in existing programs or for school divisions that begin participation in existing programs.

f.1) Regular school year Governor's Schools are funded through this Item based on the state's share of the incremental per pupil cost for providing such programs for each student attending a Governor's School up to a cap of 1,800 students per Governor's School in the first year and a cap of 1,800 students per Governor's School in the second year. This incremental per pupil payment shall be adjusted for the composite index of the school division that counts such students attending an academic year Governor's School in their March 31 Average Daily Membership. It is the intent of the General Assembly that this incremental per pupil amount be in addition to the basic aid per pupil funding provided to the affected school division for such students. Therefore, local school divisions are
encouraged to provide the appropriate portion of the basic aid per pupil funding to the Governor's Schools for students attending these programs, adjusted for costs incurred by the school division for transportation, administration, and any portion of the day that the student does not attend a Governor's School.

2) Students attending a revolving Academic Year Governor's School program for only one semester shall be counted as 0.50 of a full-time equivalent student and will be funded for only fifty percent of the full-year funded per pupil amount. Out of the appropriation included in paragraph C. 38. of this item, $408,502 the first year and $834,740 the second year from the general fund is provided in the Academic Year Governor's School funding allocation to increase the per pupil amount the second year as an add-on for a compensation supplement payment equal to 2.0 percent of base pay on July 1, 2020, and for a compensation supplement payment equal to 2.0 percent of base pay on July 1, 2021, for Academic Year Governor's School instructional and support positions.

i. Each Academic Year Governor's School shall set diversity goals for its student body and faculty, and develop a plan to meet said goals in collaboration with community partners at public meetings. Each school shall submit a report to the Governor by October 1 of each year on its goals and status of implementing its plan. The report shall include, but not be limited to the following: utilization of universal screenings in feeder divisions; admission processes in place or under consideration that promote access for historically underserved students; and outreach and communication efforts deployed to recruit historically underserved students. The per meal reimbursement shall be $0.22; however, the department is authorized, but not required to reduce this amount proportionately in the event that the actual number of meals to be reimbursed exceeds the number on which this appropriation is based so that this appropriation is not exceeded.

b. In order to receive these funds, school divisions must certify that these funds will be used to supplement existing funds provided by the local governing body and that local funds derived from sources that are not generated by the school nutrition programs have not been reduced or eliminated. In no event shall these funds be used to reduce local tax revenues below the level appropriated to school nutrition programs in the prior year. Further, these funds must be provided to the school nutrition programs and may not be used for any other school purpose.

c.1) Out of this appropriation, $1,074,000 the first year and $1,074,000 the second year from the general fund is provided to fund an After-the-Bell Model breakfast program available on a voluntary basis to elementary, middle, and high schools where student eligibility for free or reduced lunch exceeds 45.0 percent for the participating eligible school, and to provide additional reimbursement for eligible meals served in the current traditional school breakfast program at all grade levels in any participating school. The Department of Education is directed to ensure that only eligible schools receive reimbursement funding for participating in the After-the-Bell school breakfast model. The schools participating in the program shall evaluate the educational impact of the models implemented that provide school breakfasts to students after the first bell of the school day, based on the guidelines developed by the Department of Education and submit the required report to the Department of Education no later than August 31 each year.

2) The Department of Education shall communicate, through Superintendent's Memo, to school divisions the types of breakfast serving models and the criteria that will meet the requirements for this State reimbursement, which may include, but are not limited to, breakfast in the classroom, grab and go breakfast, or a breakfast after first period. School divisions may determine the breakfast serving model that best applies to its students, so long as it occurs after the instructional day has begun. The Department of Education shall monthly transfer to each school division a reimbursement rate of $0.05 per breakfast meal that meets either of the established criteria in elementary schools and a reimbursement rate of $0.10 per breakfast meal that meets either of the established criteria in middle or high schools.

3) No later than July 1 each year, the Department of Education shall provide for a breakfast program application process for school divisions with eligible schools, including guidelines regarding specified required data to be compiled from the prior school year or years and for the upcoming school year program. The number of approved applications shall be based on the estimated number of sites that can be accommodated within the approved funding level. The Department of Education shall set criteria for establishing priority should the number of applications from eligible schools exceed the approved funding level. The reporting requirements must include: chronic absenteeism rates, student attendance and tardy arrivals, office discipline referrals, student achievement measures, teachers' and administrators' responses to the impact of the program on student hunger, student attentiveness, and overall classroom learning environment before and after implementation, and the financial impact on the division's school food program. Funded schools that do not provide data by August 31 are subject to exclusion from funding in the following year. The Department of Education shall collect and compile the results of the breakfast program and shall submit the report to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees no later than November 1 following each school year.

Authority: Title 23.1, Chapter 28, Code of Virginia.

A. This Item includes general and nongeneral fund appropriations to support institutional initiatives that help meet statewide goals described in the Restructured Higher Education Financial and Administrative Operations Act of 2005 (Chapters 933 and 945, 2005 Acts of Assembly).

B. As Virginia's public colleges and universities approach full funding of the base adequacy guidelines and as the General Assembly strives to fully fund the general fund share of the base adequacy guidelines, these funds are provided with the intent that, in exercising their authority to set tuition and fees, the Board of Visitors shall take into
consideration the impact of escalating college costs for Virginia students and families. In accordance with the cost-sharing goals set forth in § 4-2.01 b. of this act, the Board of Visitors is encouraged to limit increases on tuition and mandatory educational and general fees for in-state, undergraduate students to the extent possible.

C. In order to advance the goals outlined in TJ21 and collaboration and innovation in higher education, Richard Bland College may develop and deliver new, collaborative educational pathways and innovative educational models, including distance learning, technology-based instruction, prior learning assessments, experiential learning, stackable credentials, and competency-based programs that lead to STEM-H and other high-demand credentials and careers, with such funds as are appropriated or made available for this purpose. Richard Bland College shall strengthen educational pathways for traditional and nontraditional students, including veterans and military personnel, through the continued establishment and strengthening of cross-institutional and cross-sector partnerships including the use of innovative educational approaches in order to promote entry into high-demand fields and industries critical to the economic development of Virginia. Richard Bland College may:

1. Broker agreements between and among educational, industry, and non-profit partners and establish collaborative, innovative partnership agreements with school districts, public and private colleges and universities, economic development agencies, employers, philanthropic organizations, veterans organizations, public agencies and other partners as necessary to strengthen and streamline educational pathways from high school to work-based learning, to baccalaureate and advanced degrees that prepare individuals, including nontraditional students and veterans, for entry into STEM-H and other high-demand careers in the Commonwealth;

2. Serve as a clearing house of educational pathway and career pathway information and as a resource and referral agency for traditional and non-traditional students, including veterans;

3. Serve as an educational innovation resource center, referral agency and hub for collaboration, innovation, and information sharing among educational and industry partners to facilitate the vetting, piloting, and effective implementation of innovative, evidence-based educational resources, including open educational resources and self-paced, competency-based tools designed to maximize limited resources, improve educational outcomes, or accelerate time to credential completion;

4. Pilot and implement innovative educational approaches and technologies, and promote the development, delivery, and ongoing assessment of innovative, cost-effective degree programs and stackable credentials, including industry-recognized, competency-based credentials that are aligned with and responsive to the educational and workforce development needs of traditional and non-traditional students, including veterans and military personnel, and advance the economic development needs of employers and industries statewide;

5. Identify and implement new strategies to support economic and community development in Virginia and to expand opportunities for traditional and non-traditional students, including veterans, to prepare for high-demand fields.

6. Identify opportunities for resource sharing and new operational efficiencies in the delivery of postsecondary education and pursue additional funding by federal, state, corporate, and private philanthropic sources to support collaborative, innovative approaches to education that improve educational access and outcomes, strengthen the alignment between postsecondary education and high-demand career pathways in Virginia, and support improved educational attainment, economic opportunity, and economic development for Virginians.

7. Richard Bland College may explore shared services and other options for increased collaboration with the College of William and Mary.

D. Out of this appropriation, $1,437,750 and 13 positions each year from the general fund is designated to address the staffing recommendations of the Auditor of Public Accounts related to financial management, information technology, human resources, financial aid, and operations.

B. As Virginia's public colleges and universities approach full funding of the base adequacy guidelines and as the General Assembly strives to fully fund the general fund share of the base adequacy guidelines, these funds are provided with the intent that, in exercising their authority to set tuition and fees, the Board of Visitors shall take into consideration the impact of escalating college costs for Virginia students and families. In accordance with the cost-sharing goals set forth in § 4-2.01 b. of this act, the Board of Visitors is encouraged to limit increases on tuition and mandatory educational and general fees for in-state, undergraduate students to the extent possible.

C. Resources determined by the State Council of Higher Education for Virginia to be uniquely military shall be excluded from the base adequacy funding guidelines.

D. 1. Out of this appropriation, $395,740 the first year and $395,740 the second year from the general fund is designated to address increased degree production in Data Science and Technology, Science and Engineering, Healthcare, and Education.

2. Degree production shall be measured for Bachelors, Masters, Doctorates and First Professional awards as follows:

   a. Data Science and Technology awards shall be based on completion data contained in the State Council of Higher Education for Virginia, C-16 completion report;

   b. Science and Engineering awards shall be based on completion data contained in the State Council of Higher Education for Virginia (SCHEV), C-1 A1 completion report for the following programs Biological and Biomedical Science (26), Engineering (14) less those already counted in paragraph 2 a., Engineering Technologies (15), and Physical Sciences (42);

   c. Healthcare awards shall be based on completion data contained in the SCHEV C-1 A1 completion report for the Health Professions and Related Programs (51); and

   d. Education awards shall be based on completion data contained in the SCHEV C-1 A1 completion report for the Education Programs (13).

3. Virginia Military Institute is expected to maintain increases in:

   a. Data Science and Technology awards of 5 annually over the base year.

   b. Science and Engineering awards of 5 annually over the base year.

   c. The 2016-17 year will serve as the base year for these purposes.

4. SCHEV shall report on the progress toward these goals to the Chairmen of the House Appropriations and Senate Finance Committees annually beginning August 2020.

E. The 4-VA, a public-private partnership among George Mason University, James Madison University, the University of Virginia, Virginia Tech, Old Dominion University, Virginia Military Institute, Virginia Commonwealth University, the College of William and Mary, and CISCO Systems, Inc., utilizes emerging technologies to promote collaboration and resource sharing to increase access, reduce time to graduation and reduce unit cost while maintaining and enhancing quality. Instructional talent across the eight institutions is leveraged in the delivery of programs in foreign languages, science, technology, engineering and mathematics. The 4-VA Management Board can expand this partnership to additional institutions as appropriate to meet the goals of the 4-VA initiative. It is expected that funding will be pooled by the management board as required to support continuing efforts of the 4-VA priorities and projects.

The results of such screenings shall be provided to the commissioner of the Department of Behavioral Health and Developmental Services (DBHDS) on a monthly basis and used for the SVP population forecast process.

3. The Office of the Attorney General shall also provide to the commissioner of DBHDS, on a monthly basis, the status of all SVP cases pending before their office for purposes of forecasting the SVP population.

B. C.1. The Secretary of Health and Human Resources, in collaboration with the Secretary of Administration and the Secretary of Public Safety and Homeland Security, shall convene an interagency workgroup to oversee the development of a statewide integrated electronic health record (EHR) system. The workgroup shall include the Department of Behavioral Health and Developmental Services (DBHDS), the Virginia Department of Health, the
Department of Corrections, the Department of Planning and Budget, staff of the House Appropriations and Senate Finance Committees, and other agencies as deemed appropriate by the respective Secretaries. The purpose of the workgroup shall be to evaluate common business requirements for electronic health records to ensure consistency and interoperability with other partner state and local agencies and public and private health care entities to the extent allowed by federal and state law and regulations. The goal of the workgroup is to develop an integrated EHR which may be shared as appropriate with other partner state and local agencies and public and private health care entities. The workgroup shall evaluate the DBHDS statement of work developed for its EHR system and the DBHDS platform for potential adaption and/or use by state agencies in order to develop an integrated statewide EHR.

2. The workgroup may consider and evaluate other EHR systems that may be more appropriate to meet specific agency needs and evaluate the cost-effectiveness of pursuing a separate EHR system as compared to a statewide integrated EHR. However, the workgroup shall ensure that standards are developed to ensure that EHRs can be shared as appropriate with public and private partner agencies and health care entities.

3. The workgroup shall also develop an implementation timeline, cost estimates, and assess other issues that may need to be addressed in order to implement an integrated statewide EHR system. The timeline and cost estimates shall be used by the respective agencies to coordinate implementation. The workgroup shall report on its activities and any recommendations to the Joint Subcommittee on Health and Human Resources Oversight by November 1 of each year.

The Secretary shall convene stakeholders to include representatives of health insurers, the State Corporation Commission Bureau of Insurance, consumer advocates, and others deemed necessary to assist in developing the reinsurance program.

2. The State Corporation Commission Bureau of Insurance shall provide technical assistance to the Secretary of Health and Human Resources as requested.

3. The Secretary shall report on the reinsurance program to the Chairs of House Labor and Commerce and Senate Commerce and Labor Committees and the House Appropriations and Senate Finance and Appropriations Committees by October 1, 2020. Such report shall include an analysis of the costs and assumptions of such a reinsurance program and potential options to fund the non-federal share of costs. In addition, the report shall include suggested legislation to implement the program. Implementation of the reinsurance program shall be subject to appropriation of the non-federal share of costs by the General Assembly and approval by the United States Secretary of Health and Human Services.

E. The Secretary of Health and Human Resources shall convene a workgroup to review and make recommendations regarding the state regulation of doulas and establishing a community doula benefit for pregnant women covered by Medicaid. The workgroup shall include representatives from the Department of Medical Assistance Services, the Virginia Department of Health, and the Department of Health Professions, as well as representatives from community doula practitioners, stakeholder groups, and community organizations. The workgroup shall examine and report on the (i) federal requirements and permissibility associated with providing a Medicaid doula benefit; (ii) impact that state regulation would have on doula practitioners; (iii) a review of strategies other states have implemented; (iv) an analysis of the appropriate rates for such a benefit; and (v) the estimated costs and potential savings to the state and practitioners over the next six years. The workgroup shall report its findings and recommendations to the Governor and to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by December 1, 2020.

C. The funding formula to carry out the provisions of the Children's Services Act is as follows:
ITEM 292.

1. Allocations. The allocations for the Medicaid and non-Medicaid pools shall be the amounts specified in paragraphs B.1.b. and B.1.c. in this Item. These funds shall be distributed to each locality in each year of the biennium based on the greater of that locality's percentage of actual 1997 Children's Services Act pool fund program expenditures to total 1997 pool fund program expenditures or the latest available three-year average of actual pool fund program expenditures as reported to the state fiscal agent.

2. Local Match. All localities are required to appropriate a local match for the base year funding consisting of the actual aggregate local match rate based on actual total 1997 program expenditures for the Children's Services Act. This local match rate shall also apply to all reimbursements from the state pool of funds in this Item and carryforward expenditures submitted prior to September 30 each year for the preceding fiscal year, including administrative reimbursements under paragraph C.4. in this Item.

3.a. Notwithstanding the provisions of C.2. of this Item, beginning July 1, 2008, the local match rate for community based services for each locality shall be reduced by 50 percent.

b. Localities shall review their caseloads for those individuals who can be served appropriately by community-based services and transition those cases to the community for services. Beginning July 1, 2009, the local match rate for non-Medicaid residential services for each locality shall be 25 percent above the fiscal year 2007 base. Beginning July 1, 2011, the local match rate for Medicaid residential services for each locality shall be 25 percent above the fiscal year 2007 base.

c. By December 1 of each year, The State Executive Council (SEC) shall provide an update to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees on the outcomes of this initiative.

d. At the direction of the State Executive Council, local Community Policy and Management Teams (CPMTs) and Community Services Boards (CSBs) shall work collaboratively in their service areas to develop a local plan for intensive care coordination (ICC) services that best meets the needs of the children and families. If there is more than one CPMT in the CSB's service area, the CPMTs and the CSB may work together as a region to develop a plan for ICC services. Local CPMTs and CSBs shall also work together to determine the most appropriate and cost-effective provider of ICC services for children in their community who are placed in, or at-risk of being placed in, residential care through the Children's Services Act, in accordance with guidelines developed by the State Executive Council. The State Executive Council and Office of Children's Services shall establish guidelines for reasonable rates for ICC services and provide training and technical assistance to CPMTs and fiscal agents regarding these services.

e. The local match rate for all non-Medicaid services provided in the public schools after June 30, 2011 shall equal the fiscal year 2007 base.

4. Local Administrative Costs. Out of this appropriation, an amount equal to two percent of the fiscal year 1997 pool fund allocations, not to exceed $2,060,000 the first year and $2,060,000 the second year from the general fund, shall be allocated among all localities for administrative costs. Every locality shall be required to appropriate a local match based on the local match contribution in paragraph C.2. of this Item. Inclusive of the state allocation and local matching funds, every locality shall receive the larger of $12,500 or an amount equal to two percent of the total pool allocation. Localities are encouraged to use administrative funding to hire a full-time or part-time local coordinator for the Children's Services Act program. Localities may pool this administrative funding to hire regional coordinators.

5. Definition. For purposes of the funding formula in the Children's Services Act, "locality" means city or county.

D. Community Policy and Management Teams shall use Medicaid-funded services whenever they are available for the appropriate treatment of children and youth receiving services under the Children's Services Act. Effective July 1, 2009, pool funds shall not be spent for any service that can be funded through Medicaid for Medicaid-eligible children and youth except when Medicaid-funded services are unavailable or inappropriate for meeting the needs of a child.
E. Pursuant to subdivision 3 of § 2.2-5206, Code of Virginia, Community Policy and Management Teams shall enter into agreements with the parents or legal guardians of children receiving services under the Children's Services Act. The Office of Children's Services shall be a party to any such agreement. If the parent or legal guardian fails or refuses to pay the agreed upon sum on a timely basis and a collection action cannot be referred to the Division of Child Support Enforcement of the Department of Social Services, upon the request of the community policy management team, the Office of Children's Services shall make a claim against the parent or legal guardian for such payment through the Department of Law's Division of Debt Collection in the Office of the Attorney General.

F. The Office of Children's Services, in cooperation with the Department of Medical Assistance Services, shall provide technical assistance and training to assist residential and treatment foster care providers who provide Medicaid-reimbursable services through the Children's Services Act to become Medicaid-certified providers.

G. The Office of Children's Services shall work with the State Executive Council and the Department of Medical Assistance Services to assist Community Policy and Management Teams in appropriately accessing a full array of Medicaid-funded services for Medicaid-eligible children and youth through the Children's Services Act, thereby increasing Medicaid reimbursement for treatment services and decreasing the number of denials for Medicaid services related to medical necessity and utilization review activities.

H. Pursuant to subdivision 21 of § 2.2-2648, Code of Virginia, no later than December 20 in the odd-numbered years, the State Executive Council shall biennially publish and disseminate to members of the General Assembly and Community Policy and Management Teams a progress report on services for children, youth, and families and a plan for such services for the succeeding biennium.

I. Out of this appropriation, $275,000 the first year and $275,000 the second year from the general fund shall be used to purchase and maintain an information system to provide quality and timely child demographic, service, expenditure, and outcome data.

J. The State Executive Council shall work with the Department of Education to ensure that funding in this Item is sufficient to pay for the educational services of students that have been placed in or admitted to state or privately operated psychiatric or residential treatment facilities to meet the educational needs of the students as prescribed in the student's Individual Educational Plan (IEP).

K.1. The Office of Children's Services (OCS) shall report on funding for therapeutic foster care services including but not limited to the number of children served annually, average cost of care, type of service provided, length of stay, referral source, and ultimate disposition. In addition, the OCS shall provide guidance and training to assist localities in negotiating contracts with therapeutic foster care providers.

2. The Office of Children's Services shall report on funding for special education day treatment and residential services, including but not limited to the number of children served annually, average cost of care, type of service provided, length of stay, referral source, and ultimate disposition.

3. The Office of Children's Services shall report by December 1 of each year the information included in this paragraph to the Chairmen of the House Appropriations and Senate Finance Committees.

L. Out of this appropriation, the Director, Office of Children's Services, shall allocate $2,200,000 the first year and $2,200,000 the second year from the general fund to localities for wrap-around services for students with disabilities as defined in the Children's Services Act policy manual.

M. Notwithstanding any other provision of law, the rates paid by localities to providers of private day special education services under the Children's Services Act shall not increase more than two percent the first year above the rates paid in the prior fiscal year. All localities shall submit their contracted rates for private day education services to the Office of Children's Services by August 1 of each year.

5. The Office of Children's Services shall implement statewide rates for private day special education services based on the study in this paragraph, effective on July 1, 2021.

293.10 Notwithstanding the provisions set forth in this Act, the amounts listed below associated with increased general fund spending within this agency shall be immediately unallotted upon enactment of these appropriations from the applicable Items of this agency and any other relevant Item of this act. Further, notwithstanding the provisions of this Act, any language associated with the spending listed below shall not be applicable unless, after such unallotment, a base amount of funding remains to which such language would be applicable or unless such language previously appeared in Chapter 854, 2019 Acts of Assembly. Any amounts referenced within any other Items of this Act that reflect or include the spending amounts listed below shall have no effect. These amounts shall remain unallotted until re-enacted by the General Assembly after acceptance of a revenue forecast that confirms the revenues estimated within this Act. No agency shall spend, commit, or otherwise obligate the amounts listed below from any source of funds for any of the purposes stated below or any other funds that may be unallotted.

A. This appropriation shall only be used for the provision of loans or scholarships in accordance with regulations promulgated by the Board of Health, or for the administration, management, and reporting thereof. The department may move appropriation between scholarship or loan repayment programs as long as the scholarship or loan repayment is in accordance with the regulations promulgated by the Board of Health.

B. The Virginia Department of Health shall collaborate with the Virginia Health Care Foundation and the Department of Behavioral Health and Developmental Services, the state teaching hospitals, and other relevant stakeholders on a plan to increase the number of Virginia behavioral health practitioners, including licensed clinical psychologists, licensed clinical social workers, licensed professional counselors, child and adolescent psychiatrists, and psychiatric nurse practitioners, practicing in Virginia's community services boards, behavioral health authorities, state mental health facilities, free clinics, federally qualified health centers and other similar health safety net organizations through the use of a student loan repayment program. The program design shall address the need for behavioral health professionals in behavioral health shortage areas; the types of behavioral health practitioners needed across communities; the results of community health needs assessments that have been completed by hospitals, localities or other organizations; and shortages that may exist in high cost of living areas, which may preclude individuals from choosing employment in public and non-profit community behavioral health and safety net organizations and state mental health facilities. The program design shall include a preference for applicants who choose employment in underserved areas of the Commonwealth and contain conditions for recipients to practice in these areas for at least two years. The program shall be implemented by the Virginia Department of Health. The plan shall identify opportunities to leverage state funding for the program with funds from other sources in order to maximize the total funding for such a program. The plan shall determine how the program can complement and coordinate with existing efforts to recruit and retain Virginia behavioral health practitioners.

C.1. The Virginia Department of Health shall establish the Virginia Behavioral Health Loan Repayment Program. Eligible practitioners include: psychiatrists, licensed clinical psychologists, licensed clinical social workers, licensed professional counselors, child and adolescent psychiatrists, and psychiatric nurse practitioners. 2. For each eligible year of service provided, the practitioner shall receive a year of applicable loan repayment award in return. Loan repayment checks will be submitted at
the end of each year of service. Payments will be made directly to the lender. Practitioners must agree to a minimum of two years of practice for the behavioral health provider with the ability for two one-year renewals. The program shall require preference be given to applicants choosing to practice in underserved areas which must be a federally designated mental Health Professional Shortage Area or Medically Underserved Area within the Commonwealth. Practitioners are required to practice at Community Services Boards, behavioral health authorities, state mental health facilities, free clinics, federally qualified health centers and other similar health safety net organizations in order to be eligible for the program. The award amount is up to 25 percent of student loan debt, not to exceed $30,000 per year for Tier I professionals or $20,000 per year for Tier II professionals. In no instance shall the loan repayment exceed the total student loan debt.

3. No match contribution from practice sites or the community is required. Loan repayment awards shall be tax exempt.

4. The program shall have an Advisory Board, composed of representatives from stakeholder organizations and community members as determined by the department. The Advisory Board will meet annually and provide guidance regarding effective outreach and feedback on both programmatic processes and impact. The department shall provide an annual report to the Advisory Board on successes, challenges and opportunities with the program.

The program shall offer a $1,000 incentive for any Virginia licensed physician, physician’s assistant, or advanced practice registered nurse (APRN) who, in conjunction with a licensed and accredited Virginia public or private not-for-profit school of nursing, provides a clinical education rotation of 250 hours, which is certified as having been completed by the school. The amount of the incentive may be adjusted based on the actual number of hours completed during the clinical education rotation. The program shall seek to reduce the shortage of APRN clinical education opportunities and establish new preceptor rotations for advanced practice nursing students, especially in high demand fields such as psychiatry. The department shall report to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by November 1, 2020, on the progress of establishing the Nursing Preceptor Incentive Program.

As sources are identified, the commissioner shall work with any federal and state agencies and the Trauma System Oversight and Management Committee to assist in securing additional funding for the trauma system.

E. Notwithstanding any other provision of law or regulation, the Board of Health shall not modify the geographic or designated service areas of designated regional emergency medical services councils in effect on January 1, 2008, or make such modifications a criterion in approving or renewing applications for such designation or receiving and disbursing state funds.

F. Notwithstanding any other provision of law or regulation, funds from the $0.25 of the $4.25 for Life fee shall be provided for the payment of the initial basic level emergency medical services certification examination provided by the National Registry of Emergency Medical Technicians (NREMT). The Board of Health shall determine an allocation methodology upon recommendation by the State EMS Advisory Board to ensure that funds are available for the payment of initial NREMT testing and distributed to those individuals seeking certification as an Emergency Medical Services provider in the Commonwealth of Virginia.

Out of this appropriation, $190,000 the first year and $190,000 the second year from the Virginia Rescue Squad Assistance Fund shall be provided for national background checks on persons applying to serve as a certified or non-certified provider in a licensed emergency medical services agency. 3. In the event that the Department of Medical Assistance Services contracts with a vendor, the department shall establish the fee paid to any such contractor based on the reasonable cost of services provided. The department may not offer or pay directly or indirectly any material inducement, bonus, or other financial incentive to a program contractor based on the denial or administrative delay of medically appropriate prescription drug therapy, or on the decreased use of a particular drug or class of drugs, or a reduction in the proportion of beneficiaries who receive prescription drug therapy under the Medicaid program. Bonuses cannot be based on the percentage of cost savings generated under the benefit management of services.

c. The department shall have the authority to promulgate emergency regulations to implement these changes within 280 days or less from the enactment date of this Act.

4. In the event that the increased federal medical assistance percentages for newly eligible individuals included in 42 U.S.C. § 1396d(y)(1)[2010] of the PPACA are modified through federal law or regulation from the methodology in effect on January 1, 2014, resulting in a reduction in federal medical assistance as determined by the department in consultation with the Department of Planning and Budget, the Department of Medical Assistance Services shall disenroll and eliminate coverage for individuals who obtained coverage through 42 U.S.C. § 1396d(y)(1) [2010] of the PPACA. The disenrollment process shall include written notification to affected Medicaid beneficiaries, Medicaid managed care plans, and other providers that coverage will cease as soon as allowable under federal law following the date the department is notified of a reduction in Federal Medical Assistance Percentage.

RR.1. Effective July 1, 2014, the Department of Medical Assistance Services shall replace the current Disproportionate Share Hospital (DSH) methodology with the following methodology:

a) DSH eligible hospitals must have a total Medicaid Inpatient Utilization Rate equal to 14 percent or higher in the base year using Medicaid days eligible for Medicare DSH or a Low
Income Utilization Rate in excess of 25 percent and meet other federal requirements. Eligibility for out of state cost reporting hospitals shall be based on total Medicaid utilization or on total Medicaid NICU utilization equal to 14 percent or higher.

b) Each hospital's DSH payment shall be equal to the DSH per diem multiplied by each hospital's eligible DSH days in a base year. Days reported in provider fiscal years in state FY 2011 will be the base year for FY 2015 prospective DSH payments. DSH will be recalculated annually with an updated base year. DSH payments are subject to applicable federal limits.

c) Eligible DSH days are the sum of all Medicaid inpatient acute, psychiatric and rehabilitation days above 14 percent for each DSH hospital subject to special rules for out of state cost reporting hospitals. Eligible DSH days for out of state cost reporting hospitals shall be the higher of the number of eligible days based on the calculation in the first sentence times Virginia Medicaid utilization (Virginia Medicaid days as a percent of total Medicaid days) or the Medicaid NICU days above 14 percent times Virginia NICU Medicaid utilization (Virginia NICU Medicaid days as a percent of total NICU Medicaid days). Eligible DSH days for out of state cost reporting hospitals who qualify for DSH but who have less than 12 percent Virginia Medicaid utilization shall be 50 percent of the days that would have otherwise been eligible DSH days.

d) Additional eligible DSH days are days that exceed 28 percent Medicaid utilization for Virginia Type Two hospitals (excluding Children's Hospital of the Kings Daughters).

e) The DSH per diem shall be calculated in the following manner:

a. The DSH per diem for Type Two hospitals is calculated by dividing the total Type Two DSH allocation by the sum of eligible DSH days for all Type Two DSH hospitals. For purposes of DSH, Type Two hospitals do not include Children's Hospital of the Kings Daughters (CHKD) or any hospital whose reimbursement exceeds its federal uncompensated care cost limit. The Type Two Hospital DSH allocation shall equal the amount of DSH paid to Type Two hospitals in state FY 2014 increased annually by the percent change in the federal allotment, including any reductions as a result of the Affordable Care Act, adjusted for the state fiscal year.

b. The DSH per diem for State Inpatient Psychiatric Hospitals is calculated by dividing the total State Inpatient Psychiatric Hospital DSH allocation by the sum of eligible DSH days. The State Inpatient Psychiatric Hospital DSH allocation shall equal the amount of DSH paid in state FY 2013 increased annually by the percent change in the federal allotment, including any reductions as a result of the Affordable Care Act, adjusted for the state fiscal year.

c. The DSH per diem for CHKD shall be three times the DSH per diem for Type Two hospitals.

d. The DSH per diem for Type One hospitals shall be 17 times the DSH per diem for Type Two hospitals.

2. Each year, the department shall determine how much Type Two DSH has been reduced as a result of the Affordable Care Act and adjust the percent of cost reimbursed for outpatient hospital reimbursement.

3. The department shall convene the Hospital Payment Policy Advisory Council at least once a year to consider additional changes to the DSH methodology.

4. The department shall have the authority to implement these reimbursement changes effective July 1, 2014, and prior to completion of any regulatory process in order to effect such changes.

The department shall have authority to implement such standards and practices upon federal approval and prior to the completion of any regulatory process undertaken in order to effect such changes.

TT.1. Notwithstanding § 32.1-330 of the Code of Virginia, the Department of Medical Assistance Services shall improve the preadmission screening process for individuals who will be eligible for long-term care services, as defined in the state plan for medical assistance. The community-based screening team shall consist of a licensed health care professional and a social worker who are employees or contractors of the Department of Health or the local department of social services, or other assessors contracted by the department. The department shall not contract with any entity for whom there exists a conflict of interest. For community-based screening for children, the screening shall be performed by an individual or entity with whom the department has entered into a contract for the performance of such screenings.

2. The department shall track and monitor all requests for screenings and report on those screenings that have not been completed within 30 days of an individual’s request for screening. The screening teams and contracted entities shall use the reimbursement and tracking mechanisms established by the department.

The formula for these hospitals for indirect medical education for inpatient hospital services provided to Medicaid patients but reimbursed by capitated managed care providers shall be identical to the formula for Type One hospitals. The IME payments shall continue to be limited such that total payments to freestanding children's hospitals with greater than 50 percent Medicaid utilization do not exceed the federal uncompensated care cost limit to which disproportionate share hospital payments are subject, excluding third party reimbursement for Medicaid eligible patients. The department shall have the authority to implement these changes effective July 1, 2017, and prior to completion of any regulatory action to effect such changes.

2. The Department of Medical Assistance Services (DMAS) shall have the authority to create additional hospital supplemental payments for freestanding children's hospitals with greater than 50 percent Medicaid utilization in 2009 to replace payments that have been reduced due to the federal regulation on the definition of uncompensated care costs effective June 2, 2017. These new payments shall equal what would have been paid to the freestanding children's hospitals under the current disproportionate share hospital (DSH) formula without regard to the uncompensated care cost limit. These additional hospital supplemental payments shall take precedence over supplemental payments for private acute care hospitals. If the federal regulation is voided, DMAS shall continue DSH payments to the impacted hospitals and adjust the additional hospital supplemental payments authorized in this paragraph accordingly. The department shall have the authority to implement these changes prior to completion of any regulatory process undertaken in order to effectuate such change.

JJJ. Furthermore, it shall include a description of each type of supplemental payment and the methodology used to calculate the payments. Each report shall reflect the data for the prior three fiscal years and shall be submitted to the Chairmen of the House Appropriations and Senate Finance Committees by September 1 each year.

LLL. Effective July 1, 2018, the Department of Medical Assistance Services shall amend the State Plan for Medical Assistance to make the following changes. The department shall: (i) eliminate eligibility for Disproportionate Share Hospital (DSH) payments for Children’s National Medical Center (CNMC); (ii) increase the annual indirect medical education (IME) payments for CNMC by the amount of DSH the hospital was eligible for in fiscal year 2018; and (iii) reduce the Type 2 DSH allocation by this same amount. The department shall have the authority to implement these changes effective July 1, 2018, and prior to completion of any regulatory action to effect such change.

The department shall also have authority to promulgate any emergency regulations required to implement these necessary changes within 280 days or less from the enactment dated of this act. 2. Any new beds or renovations placed in service between the reporting year and the rate year shall be treated as a mid-year rate adjustment. No new rate will be made after April 30. Rate updates that fall between May 1 and June 30 shall be effective July 1 of the same year.

3. The department shall annualize real estate taxes, property taxes and property insurance costs that do not represent a full year’s cost.

4. Costs shall be based on currently available documentation at the time but are subject to audit. The department may use any reasonable method to estimate costs for which there is inadequate documentation. Any adjustments based on subsequent documentation or audit for a current rate year shall be applied beginning with the next rate year.

5. The department shall have 15 days from the date of the provider’s submission to determine if the filing is complete for purposes of setting a rate for a new or renovated facility. The facility shall have 15 days from the date the filing is deemed incomplete to submit the required information. The deadline for setting the rate shall be extended for 30 days after the filing is deemed complete.

6. Providers may propose a phased renovation subject to approval by the department. The
phased renovation may include reductions to available beds. Any modifications to the proposed renovation are also subject to approval by the department.

7. The department shall have the authority to implement these reimbursement changes effective July 1, 2019 and prior to the completion of any regulatory process undertaken in order to effect such change.

To the extent allowed under federal law and regulation, the Department shall further amend the State Plan and/or relevant waivers thereof to pay this "room and board" rate in effect with no discount applied to the facility directly, thus eliminating the Hospice from its role in passing-through this facility payment to the facility. To the extent federal approval of this direct payment component is dependent on whether it is in the State Plan or in relevant waivers, the Department shall implement the direct payment where federal approval is achieved. The department shall have authority to implement these changes effective July 1, 2019 and prior to the completion of any regulatory process undertaken in order to effect such change.

SSS. The Department of Medical Assistance Services and the Department of Behavioral Health and Developmental Services shall recognize the Certified Employment Support Professional (CESP) and Association of Community Rehabilitation Educators (ACRE) certifications in lieu of competency requirements for supported employment staff in the Medicaid Community Living, Family and Individual Support and Building Independence Waiver programs and shall allow providers that are Department for the Aging and Rehabilitative Services vendors that hold a national three-year accreditation from the Commission on Accreditation of Rehabilitation Facilities (CARF) to be deemed qualified to meet employment staff competency requirements, provided the provider submits the results from their CARF surveys including recommendations received to the Department of Behavioral Health and Developmental Services so that the agency can verify that there are no recommendations for the standards that address staff competency.

Behavioral Health services shall be defined to include the following: case management services, community behavioral health, early intervention services, and addiction and recovery treatment services. The rates shall be actuarially sound and the behavioral health rates shall additionally incorporate risk adjustment to account for acuity differences amongst the managed care organizations. Behavioral health services shall be defined to include the following: case management services, community behavioral health, early intervention services, and addiction and recovery treatment services. The risk adjustment shall be based on nationally accepted models, such as The Chronic Illness and Disability Payment System (COPS) or Clinical Classifications Software Refined (CCSR), and shall incorporate variables predictive of behavioral health service utilization. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. The consultant shall take into account the timeline of future minimum wage rate increases consistent with state law and analyze such impact on various Medicaid providers and their ability to serve Medicaid enrollees. The consultant shall develop recommendations that may include benchmark rates or rate ranges that will better inform the General Assembly on potential rate changes in the future. The department shall report the findings and recommendations of the consultant to the Department of Planning and Budget, and the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by December 1, 2020.

DD. A. The department shall post on its Web site information concerning (i) any application for initial licensure of or renewal of a license, denial of an application for an initial license or renewal of a license, or issuance of provisional licensure of, or for any residential facility for children located in the locality and (ii) all inspections and investigations of any residential facility for children licensed by the department, including copies of any reports of such inspections or investigations. Information concerning inspections and investigations of residential facilities for children shall be posted on the department's Web site within seven days of the issuance of any report and shall be maintained on the department's website for a period of at least six years from the date on which the report of the inspection or investigation was issued.

B. The Department of Behavioral Health and Developmental Services shall have the authority to promulgate emergency regulations to: i) ensure that licensing regulations support high quality community-based mental health services and align with the changes being made to the Medicaid behavioral health regulations for the services funded in this Act that support evidence-based, trauma-informed, prevention-focused and cost-effective services for members across the lifespan; and ii) amend the licensing regulations to align with the American Society of Addiction Medicine Levels of Care Criteria or an equivalent set of criteria into substance use licensing regulations to ensure the provision of outcome-oriented...
and strengths-based care in the treatment of addiction. The department shall seek input from the Department of Medical Assistance Services and other stakeholders to align with the implementation plan for changes being made to the Medicaid behavioral health regulations. To implement these changes, the Department of Behavioral Health and Developmental Services shall promulgate emergency regulations to become effective within 280 days or less from the enactment of this Act.

C.1. In order to minimize the risk of exposure to infectious diseases and to protect individuals served by licensed providers as well as provider and department staff, the department, at its discretion, may conduct less than one annual unannounced inspection of each service offered by each licensed provider during the 2020 calendar year. The department shall prioritize, based on available time and necessary safety precautions, annual unannounced inspections at licensed services directly affected by the Commonwealth’s settlement agreement with the United States Department of Justice.

2. Notwithstanding § 37.2-415, Code of Virginia, and regulations 12VAC35-105-50A.1.b and 12VAC35-46-90.A, the Commissioner of the Department of Behavioral Health and Developmental Services or any authorized agent may extend the period of any conditional license issued by the department beyond twelve months, until December 31, 2020.

3. During a state of emergency as declared by the Governor, the Commissioner of the Department of Behavioral Health and Developmental Services may issue licensing status letters to children’s residential providers in order to prevent lapse of children’s residential licenses due to inability to conduct an onsite inspection, and may extend the renewal period of licensed children’s residential services.

319. A. It is the intent of the General Assembly that the Department of Behavioral Health and Developmental Services proceed in transforming its system of care into a model that embodies best practices and state-of-the art services. The consumer-driven system of services and supports shall promote self-determination, empowerment, recovery, resilience, health, and the highest possible level of consumer participation in all aspects of community life. The transformed system shall include investments in a suitable array and adequate quantity of community-based services, with an emphasis on consumer choice and the appropriate use of facility resources. State facilities shall be redesigned to ensure high quality care, efficient operation, and capacity necessary for persons most in need of such care. Amounts authorized herein, and in related legislation, shall be used to support the transformation of the system of care and to promote the provision of behavioral health and developmental services in the most efficient and appropriate setting. The Department of Behavioral Health and Developmental Services may consider the use of public-private partnerships to deliver behavioral health and intellectual disability services as part of the comprehensive behavioral health and intellectual disability system of care, in facilities that are being planned for renovation or replacement. These partnerships may include contracts with private entities for facility operations, unless the Department of Behavioral Health and Developmental Services can demonstrate that continued state operation of the facility is at least as cost effective and provides at least an equivalent or higher level quality care than operation by a private entity.

B. Notwithstanding any law to the contrary, on July 1, of each year, the State Comptroller shall transfer to the general fund any special revenue fund balance accumulated by the Department of Behavioral Health and Developmental Services in excess of $25,000,000. Any special fund revenue allotted for the implementation of electronic health records shall not be counted in the balance.

C.1. Notwithstanding §4-5.10, §4-5.09 of this Act and paragraph C. of § 2.2-1156, Code of Virginia, the Department of Behavioral Health and Developmental Services is hereby authorized to deposit the entire proceeds of the sales of surplus land at state-owned behavioral health and intellectual disability facilities into a revolving trust fund. The trust fund may initially be used for expenses associated with restructuring such facilities. Remaining proceeds after such expenses shall be dedicated to continuing services for current patients as facility services are restructured. Thereafter, the fund will be used to enhance services to individuals with mental illness, intellectual disability and substance abuse problems.
2. Expenditures from the Behavioral Health and Developmental Services Trust Fund shall be subject to appropriation through an appropriations bill passed by the General Assembly.

3. Any remaining balances in the Behavioral Health and Developmental Services Trust Fund shall be carried forward to the subsequent fiscal year.

D.
