M. Medication aides registered by the Board of Nursing pursuant to Article 7 (§ 54.1-3041 et seq.) of Chapter 30 may administer drugs that would otherwise be self-administered to residents of any assisted living facility licensed by the Department of Social Services. A registered medication aide shall administer drugs pursuant to this section in accordance with the prescriber's instructions pertaining to dosage, frequency, and manner of administration; in accordance with regulations promulgated by the Board of Pharmacy relating to security and recordkeeping; in accordance with the assisted

N. In addition, this section shall not prevent the administration of drugs by a person who administers such drugs in accordance with a physician's instructions pertaining to dosage, frequency, and manner of administration and with written authorization of a parent, and in accordance with school board regulations relating to training, security and record keeping, when the drugs administered would be normally self-administered by a student of a Virginia public school. Training for such persons shall be accomplished through a program approved by the local school boards, in consultation with the local departments of health.

O. In addition, this section shall not prevent the administration of drugs by a person to (i) a child in a child day program as defined in § 63.2-100 and regulated by the State Board of Social Services or a local government pursuant to § 15.2-914, or (ii) a student of a private school that is accredited pursuant to § 22.1-19 as administered by the Virginia Council for Private Education, provided such person (a) has satisfactorily completed a training program for this purpose approved by the Board of Nursing and taught by a registered nurse, licensed practical nurse, nurse practitioner, physician assistant, doctor of medicine or osteopathic medicine, or pharmacist; (b) has obtained written authorization from a parent or guardian; (c) administers drugs only to the child identified on the prescription label in accordance with the prescriber's instructions pertaining to dosage, frequency, and manner of administration; and (d) administers only those drugs that were dispensed from a pharmacy and maintained in the original, labeled container that would normally be self-administered by the child or student, or administered by a parent or guardian to the child or student.

P. In addition, this section shall not prevent the administration or dispensing of drugs and devices by persons if they are authorized by the State Health Commissioner in accordance with protocols established by the State Health Commissioner pursuant to § 32.1-42.1 when (i) the Governor has declared a disaster or a state of emergency or the United States Secretary of Health and Human Services has issued a declaration of an actual or potential bioterrorism incident or other actual or potential public health emergency; (ii) it is necessary to permit the provision of needed drugs or devices; and (iii) such persons have received the training necessary to safely administer or dispense the needed drugs or devices. Such persons shall administer or dispense all drugs or devices under the direction, control, and supervision of the State Health Commissioner.

Q. Nothing in this title shall prohibit the administration of normally self-administered drugs by unlicensed individuals to a person in his private residence.

R. This section shall not interfere with any prescriber issuing prescriptions in compliance with his authority and scope of practice and the provisions of this section to a Board agent for use pursuant to subsection G of § 18.2-258.1. Such prescriptions issued by such prescriber shall be deemed to be valid prescriptions.

S. Nothing in this title shall prevent or interfere with dialysis care technicians or dialysis patient care technicians who are certified by an organization approved by the Board of Health Professions or persons authorized for provisional practice pursuant to Chapter 27.01 (§ 54.1-2729.1 et seq.), in the ordinary course of their duties in a Medicare-certified renal dialysis facility, from administering heparin, topical needle site anesthetics, dialysis solutions, sterile normal saline solution, and blood volumizers, for the purpose of facilitating renal dialysis treatment, when such administration of medications occurs under the orders of a licensed physician, nurse practitioner, or physician assistant and under the immediate and direct supervision of a licensed registered nurse. Nothing in this chapter shall be construed to prohibit a patient care dialysis technician trainee from performing dialysis care as part of and within the scope of the clinical skills instruction segment of a supervised dialysis technician training program, provided such trainee is identified as a "trainee" while working in a renal dialysis facility.

The dialysis care technician or dialysis patient care technician administering the medications shall have demonstrated competency as evidenced by holding current valid certification from an organization approved by the Board of Health Professions pursuant to Chapter 27.01 (§ 54.1-2729.1 et seq.).

T. Persons who are otherwise authorized to administer controlled substances in hospitals shall be authorized to administer influenza or pneumococcal vaccines pursuant to § 32.1-126.4.

U. Pursuant to a specific order for a patient and under his direct and immediate supervision, a prescriber may authorize the administration of controlled substances by personnel who have been properly trained to assist a doctor of medicine or osteopathic medicine, provided the method does not include intravenous, intrathecal, or epidural administration and the prescriber remains responsible for such administration.

V. A physician assistant, nurse, or dental hygienist may possess and administer topical fluoride varnish pursuant to an oral or written order or a standing protocol issued by a doctor of medicine, osteopathic medicine, or dentistry.

W. A prescriber, acting in accordance with guidelines developed pursuant to § 32.1-46.02, may authorize the administration of influenza vaccine to minors by a licensed pharmacist, registered nurse, licensed practical nurse under the direction and immediate supervision of a registered nurse, or emergency medical services provider who holds an advanced life support certificate issued by the Commissioner of Health when the prescriber is not physically present.

X. Notwithstanding the provisions of § 54.1-3303, pursuant to an oral, written, or standing order issued by a prescriber or a standing order issued by the Commissioner of Health or his designee authorizing the dispensing of naloxone or other opioid antagonist used for overdose reversal in the absence of an oral or written order for a specific patient issued by a prescriber, and in accordance with protocols developed by the Board of Pharmacy in consultation with the Board of Medicine and the Department of Health, a pharmacist, a health care provider providing services in a hospital emergency

department, and emergency medical services personnel, as that term is defined in § 32.1-111.1, may dispense naloxone or other opioid antagonist used for overdose reversal and a person to whom naloxone or other opioid antagonist has been dispensed pursuant to this subsection may possess and administer naloxone or other opioid antagonist used for overdose reversal to a person who is believed to be experiencing or about to experience a life-threatening opioid overdose. Law-enforcement officers as defined in § 9.1-101, employees of the Department of Forensic Science, employees of the Office of the Chief Medical Examiner, employees of the Department of General Services Division of Consolidated Laboratory Services, employees of the Department of Corrections designated as probation and parole officers or as correctional officers as defined in § 53.1-1, employees of regional jails, school nurses, local health department employees that are assigned to a public school pursuant to an agreement between the local health department and the school board, other school board employees or individuals contracted by a school board to provide school health services, and firefighters who have completed a training program may also possess and administer naloxone or other opioid antagonist used for overdose reversal and may dispense naloxone or other opioid antagonist used for overdose reversal pursuant to an oral, written, or standing order issued by a prescriber or a standing order issued by the Commissioner of Health or his designee in accordance with protocols developed by the Board of Pharmacy in consultation with the Board of Medicine and the Department of Health.

Y. Notwithstanding any other law or regulation to the contrary, a person who is acting on behalf of an organization that provides services to individuals at risk of experiencing an opioid overdose or training in the administration of naloxone for overdose reversal may dispense naloxone to a person who has received instruction on the administration of naloxone for opioid overdose reversal, provided that such dispensing is (i) pursuant to a standing order issued by a prescriber and (ii) in accordance with protocols developed by the Board of Pharmacy in consultation with the Board of Medicine and the Department of Health. If the person acting on behalf of an organization dispenses naloxone in an injectable formulation with a hypodermic needle or syringe, he shall first obtain authorization from the Department of Behavioral Health and Developmental Services to train individuals on the proper administration of naloxone by and proper disposal of a hypodermic needle or syringe, and he shall obtain a controlled substance registration from the Board of Pharmacy. The Board of Pharmacy shall not charge a fee for the issuance of such controlled substance registration. The dispensing may occur at a site other than that of the controlled substance registration provided the entity possessing the controlled substances registration maintains records in accordance with regulations of the Board of Pharmacy. No person who dispenses naloxone on behalf of an organization pursuant to this subsection shall charge a fee for the dispensing of naloxone that is greater than the cost to the organization of obtaining the naloxone dispensed. A person to whom naloxone has been dispensed pursuant to this subsection may possess naloxone and may administer naloxone to a person who is believed to be experiencing or about to experience a life-threatening opioid overdose.

Z. Pursuant to a written order or standing protocol issued by the prescriber within the course of his professional practice, such prescriber may authorize, with the consent of the parents as defined in § 22.1-1, an employee of (i) a school board, (ii) a school for students with disabilities as defined in § 22.1-319 licensed by the Board of Education, or (iii) a private school accredited pursuant to § 22.1-19 as administered by the Virginia Council for Private Education who is trained in the administration of injected medications for the treatment of adrenal crisis resulting from a condition causing adrenal insufficiency to administer such medication to a student diagnosed with a condition causing adrenal insufficiency when the student is believed to be experiencing or about to experience an adrenal crisis. Such authorization shall be effective only when a licensed nurse, nurse practitioner, physician, or physician assistant is not present to perform the administration of the medication.

[H 1670]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 54.1-3408.3, 54.1-3442.6, and 54.1-3442.7 of the Code of Virginia are amended and reenacted as follows:

"Cannabidiol oil" does not include industrial hemp, as defined in § 3.2-4112, that is grown, dealt, or processed in compliance with state or federal law, *unless it has been acquired and formulated with cannabis plant extract by a pharmaceutical processor.*

"Practitioner" means a practitioner of medicine or osteopathy licensed by the Board of Medicine, a physician assistant licensed by the Board of Medicine, or a nurse practitioner jointly licensed by the Board of Medicine and the Board of Nursing.

B. A practitioner in the course of his professional practice may issue a written certification for the use of cannabidiol oil or THC-A oil for treatment or to alleviate the symptoms of any diagnosed condition or disease determined by the practitioner to benefit from such use.

C. The written certification shall be on a form provided by the Office of the Executive Secretary of the Supreme Court developed in consultation with the Board of Medicine. Such written certification shall contain the name, address, and telephone number of the practitioner, the name and address of the patient issued the written certification, the date on which the written certification was made, and the signature of the practitioner. Such written certification issued pursuant to subsection B shall expire no later than one year after its issuance unless the practitioner provides in such written certification an earlier expiration.

The number of permits that the Board may issue or renew in any year is limited to one for each health service area established by the Board of Health. Permits shall be displayed in a conspicuous place on the premises of the pharmaceutical processor.

pharmaceutical processor may possess at any one time; (x) the secure disposal of plant remains; (xi) a process for registering a cannabidiol oil and THC-A oil product; (xii) dosage limitations, which shall provide that each dispensed dose of cannabidiol oil or THC-A not exceed 10 milligrams of tetrahydrocannabinol; ~~and~~ (xiii) a process for the wholesale distribution of and the transfer of cannabidiol oil and THC-A oil products between pharmaceutical processors; and (xiv) a process for acquiring oil from industrial hemp extract and formulating such oil extract with Cannabis plant extract into allowable dosages of cannabidiol oil.

E. The Board shall require an applicant for a pharmaceutical processor permit to submit to fingerprinting and provide personal descriptive information to be forwarded along with his fingerprints through the Central Criminal Records Exchange to the Federal Bureau of Investigation for the purpose of obtaining criminal history record information regarding the applicant. The cost of fingerprinting and the criminal history record search shall be paid by the applicant. The Central Criminal Records Exchange shall forward the results of the criminal history background check to the Board or its designee, which shall be a governmental entity.

F. In addition to other employees authorized by the Board, a pharmaceutical processor may employ individuals who may have less than two years of experience (i) to perform cultivation-related duties under the supervision of an individual who has received a degree in horticulture or a certification recognized by the Board or who has at least two years of experience cultivating plants and (ii) to perform extraction-related duties under the supervision of an individual who has a degree in chemistry or pharmacology or at least two years of experience extracting chemicals from plants.

H. Every pharmaceutical processor shall adopt policies for pre-employment drug screening and regular, ongoing, random drug screening of employees.

I. A pharmaceutical processor may acquire oil from industrial hemp extract processed in Virginia, and in compliance with state or federal law, from a registered industrial hemp dealer or processor. A pharmaceutical processor may process and formulate such oil extract with cannabis plant extract into an allowable dosage of cannabidiol oil. Oil from industrial hemp acquired by a pharmaceutical processor is subject to the same third-party testing requirements that may apply to cannabis plant extract. Testing shall be performed by a laboratory located in Virginia and in compliance with state law. The industrial hemp dealer or processor shall provide such third-party testing results to the pharmaceutical processor before oil from industrial hemp may be acquired.

Prior to any subsequent dispensing of each written certification, the pharmacist, pharmacy technician, or delivery agent shall view the current written certification; a current photo identification of the patient, registered agent, parent, or legal guardian; and the current board registration issued to the patient, registered agent, parent, or legal guardian. No pharmaceutical processor shall dispense more than a 90-day supply for any patient during any 90-day period. The Board shall establish in regulation an amount of cannabidiol oil or THC-A oil that constitutes a 90-day supply to treat or alleviate the symptoms of a patient's diagnosed condition or disease.

B. A pharmaceutical processor shall dispense only cannabidiol oil and THC-A oil that has been cultivated and produced on the premises of a pharmaceutical processor permitted by the Board or cannabidiol oil that has been formulated with oil from industrial hemp acquired by a pharmaceutical processor from a registered industrial hemp dealer or processor pursuant to § 54.1-3442.6. A pharmaceutical processor may begin cultivation upon being issued a permit by the Board.

An Act to amend and reenact § 63.2-1606 of the Code of Virginia, relating to adult abuse; financial exploitation; required report by financial institution.

[S 391]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. **That § 63.2-1606 of the Code of Virginia is amended and reenacted as follows:**

§ 63.2-1606. Protection of aged or incapacitated adults; mandated and voluntary reporting.

A. Matters giving reason to suspect the abuse, neglect or exploitation of adults shall be reported immediately upon the reporting person's determination that there is such reason to suspect. Medical facilities inspectors of the Department of Health are exempt from reporting suspected abuse immediately while conducting federal inspection surveys in accordance with § 1864 of Title XVIII and Title XIX of the Social Security Act, as amended, of certified nursing facilities as defined in § 32.1-123. Reports shall be made to the local department or the adult protective services hotline in accordance with requirements of this section by the following persons acting in their professional capacity:

1. Any person licensed, certified, or registered by health regulatory boards listed in § 54.1-2503, with the exception of persons licensed by the Board of Veterinary Medicine;
2. Any mental health services provider as defined in § 54.1-2400.1;
3. Any emergency medical services provider certified by the Board of Health pursuant to § 32.1-111.5, unless such provider immediately reports the suspected abuse, neglect or exploitation directly to the attending physician at the hospital to which the adult is transported, who shall make such report forthwith;
4. Any guardian or conservator of an adult;
5. Any person employed by or contracted with a public or private agency or facility and working with adults in an administrative, supportive or direct care capacity;
6. Any person providing full, intermittent or occasional care to an adult for compensation, including, but not limited to, companion, chore, homemaker, and personal care workers; and
7. Any law-enforcement officer.

B. The report shall be made in accordance with subsection A to the local department of the county or city wherein the adult resides or wherein the adult abuse, neglect or exploitation is believed to have occurred or to the adult protective

services hotline. Nothing in this section shall be construed to eliminate or supersede any other obligation to report as required by law. If a person required to report under this section receives information regarding abuse, neglect or exploitation while providing professional services in a hospital, nursing facility or similar institution, then he may, in lieu of reporting, notify the person in charge of the institution or his designee, who shall report such information, in accordance with the institution's policies and procedures for reporting such matters, immediately upon his determination that there is reason to suspect abuse, neglect or exploitation. Any person required to make the report or notification required by this subsection shall do so either orally or in writing and shall disclose all information that is the basis for the suspicion of adult abuse, neglect or exploitation. Upon request, any person required to make the report shall make available to the adult protective services worker and the local department investigating the reported case of adult abuse, neglect or exploitation any information, records or reports which document the basis for the report. All persons required to report suspected adult abuse, neglect or exploitation shall cooperate with the investigating adult protective services worker of a local department and shall make information, records and reports which are relevant to the investigation available to such worker to the extent permitted by state and federal law. Criminal investigative reports received from law-enforcement agencies shall not be further disseminated by the investigating agency nor shall they be subject to public disclosure; such reports may, however, be disclosed to the Adult Fatality Review Team as provided in § 32.1-283.5 or to a local or regional adult fatality review team as provided in § 32.1-283.6 and, if reviewed by the Team or a local or regional adult fatality review team, shall be subject to applicable confidentiality requirements of the Team or a local or regional adult fatality review team.

C. Any financial institution staff who suspects that an adult has been exploited financially may report such suspected financial exploitation and provide supporting information and records to the local department of the county or city wherein the adult resides or wherein the exploitation is believed to have occurred or to the adult protective services hotline. For purposes of this section:

"Financial exploitation" means the illegal, unauthorized, improper, or fraudulent use of the funds, property, benefits, resources, or other assets of an adult, as defined in § 63.2-1603, for another's profit, benefit, or advantage, including a caregiver or person serving in a fiduciary capacity, or that deprives the adult of his rightful use of or access to such funds, property, benefits, resources, or other assets. "Financial exploitation" includes (i) an intentional breach of a fiduciary obligation to an adult to his detriment or an intentional failure to use the financial resources of an adult in a manner that results in neglect of such adult; (ii) the acquisition, possession, or control of an adult's financial resources or property through the use of undue influence, coercion, or duress; and (iii) forcing or coercing an adult to pay for goods or services against his will for another's profit, benefit, or advantage if the adult did not agree, or was tricked, misled, or defrauded into agreeing, to pay for such goods or services.

"Financial institution staff" means any employee, agent, qualified individual, or representative of a bank, trust company, savings institution, loan association, consumer finance company, credit union, investment company, investment advisor, securities firm, accounting firm, or insurance company.

D. Any person other than those specified in subsection A who suspects that an adult is an abused, neglected or exploited adult may report the matter to the local department of the county or city wherein the adult resides or wherein the abuse, neglect or exploitation is believed to have occurred or to the adult protective services hotline.

E. Any person who makes a report or provides records or information pursuant to subsection A, C, or D, or who testifies in any judicial proceeding arising from such report, records or information, or who takes or causes to be taken with the adult's or the adult's legal representative's informed consent photographs, video recordings, or appropriate medical imaging of the adult who is subject of a report shall be immune from any civil or criminal liability on account of such report, records, information, photographs, video recordings, appropriate medical imaging or testimony, unless such person acted in bad faith or with a malicious purpose.

F. An employer of a mandated reporter shall not prohibit a mandated reporter from reporting directly to the local department or to the adult protective services hotline. Employers whose employees are mandated reporters shall notify employees upon hiring of the requirement to report.

G. Any person 14 years of age or older who makes or causes to be made a report of adult abuse, neglect, or exploitation that he knows to be false is guilty of a Class 4 misdemeanor. Any subsequent conviction of this provision is a Class 2 misdemeanor.

H. Any person who fails to make a required report or notification pursuant to subsection A shall be subject to a civil penalty of not more than \$500 for the first failure and not less than \$100 nor more than \$1,000 for any subsequent failures. Civil penalties under subdivision A 7 shall be determined by a court of competent jurisdiction, in its discretion. All other civil penalties under this section shall be determined by the Commissioner for Aging and Rehabilitative Services or his designee. The Commissioner for Aging and Rehabilitative Services shall establish by regulation a process for imposing and collecting civil penalties, and a process for appeal of the imposition of such penalty pursuant to § 2.2-4026 of the Administrative Process Act.

I. Any mandated reporter who has reasonable cause to suspect that an adult died as a result of abuse or neglect shall immediately report such suspicion to the appropriate medical examiner and to the appropriate law-enforcement agency, notwithstanding the existence of a death certificate signed by a licensed physician. The medical examiner and the law-enforcement agency shall receive the report and determine if an investigation is warranted. The medical examiner may order an autopsy. If an autopsy is conducted, the medical examiner shall report the findings to law enforcement, as appropriate, and to the local department or to the adult protective services hotline.

J. No person or entity shall be obligated to report any matter if the person or entity has actual knowledge that the same matter has already been reported to the local department or to the adult protective services hotline.

K. All law-enforcement departments and other state and local departments, agencies, authorities and institutions shall cooperate with each adult protective services worker of a local department in the detection, investigation and prevention of adult abuse, neglect and exploitation.

L. Financial institution staff may refuse to execute a transaction, may delay a transaction, or may refuse to disburse funds if the financial institution staff (i) believes in good faith that the transaction or disbursement may involve, facilitate, result in, or contribute to the financial exploitation of an adult or (ii) makes, or has actual knowledge that another person has made, a report to the local department or adult protective services hotline stating a good faith belief that the transaction or disbursement may involve, facilitate, result in, or contribute to the financial exploitation of an adult. The financial institution staff may continue to refuse to execute a transaction, delay a transaction, or refuse to disburse funds for a period no longer than 30 business days after the date upon which such transaction or disbursement was initially requested based on a good faith belief that the transaction or disbursement may involve, facilitate, result in, or contribute to the financial exploitation of an adult, unless otherwise ordered by a court of competent jurisdiction. *Upon refusing to execute a transaction, delaying a transaction, or refusing to disburse funds, the financial institution shall report such refusal or delay within five business days to the local department or the adult protective services hotline.* Upon request, and to the extent permitted by state and federal law, financial institution staff making a report to the local department of social services may report any information or records relevant to the report or investigation. Absent gross negligence or willful misconduct, the financial institution and its staff shall be immune from civil or criminal liability for refusing to execute a transaction, delaying a transaction, or refusing to disburse funds pursuant to this subsection. The authority of a financial institution staff to refuse to execute a transaction, to delay a transaction, or to refuse to disburse funds pursuant to this subsection shall not be contingent upon whether financial institution staff has reported suspected financial exploitation of the adult pursuant to subsection C.

CHAPTER 934

An Act to amend and reenact §§ 16.1-282.1 and 63.2-906 of the Code of Virginia, relating to foster care; termination of parental rights; independent living needs assessments; supervisory spans of control.

[S 472]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-282.1 and 63.2-906 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-282.1. Permanency planning hearing for children in foster care.

A. In the case of a child who was the subject of a foster care plan filed with the court pursuant to § 16.1-281, a permanency planning hearing shall be held within 10 months of the dispositional hearing at which the foster care plan pursuant to § 16.1-281 was reviewed if the child (a) was placed through an agreement between the parents or guardians and the local board of social services where legal custody remains with the parents or guardians and such agreement has not been dissolved by court order; or (b) is under the legal custody of a local board of social services or a child welfare agency and has not had a petition to terminate parental rights filed on the child's behalf, has not been placed in permanent foster care, or is age 16 or over and the plan for the child is not independent living. The board or child welfare agency shall file a petition for a permanency planning hearing 30 days prior to the date of the permanency planning hearing scheduled by the

court. The purpose of this hearing is to establish a permanent goal for the child and either to achieve the permanent goal or to defer such action through the approval of an interim plan for the child.

To achieve the permanent goal, the petition for a permanency planning hearing shall seek to (i) transfer the custody of the child to his prior family, or dissolve the board's placement agreement and return the child to his prior family; (ii) transfer custody of the child to a relative other than the child's prior family, subject to the provisions of subsection A1; (iii) terminate residual parental rights pursuant to § 16.1-277.01 or 16.1-283; (iv) place a child who is 16 years of age or older in permanent foster care pursuant to § 63.2-908; (v) if the child has been admitted to the United States as a refugee or asylee and has attained the age of 16 years or older and the plan is independent living, direct the board or agency to provide the child with services to transition from foster care; or (vi) place a child who is 16 years of age or older in another planned permanent living arrangement in accordance with the provisions of subsection A2. *If the child has been in the custody of a local board or child welfare agency for 15 of the most recent 22 months and no petition for termination of parental rights has been filed with the court, the local board or child welfare agency shall state in its petition for a permanency planning hearing (a) the reasons, pursuant to subdivision A 1, 2, or 3 of § 63.2-910.2, why a petition for termination of parental rights has not been filed and (b) the reasonable efforts made regarding reunification or transfer of custody to a relative and the timeline of such efforts.* In cases in which a foster care plan approved prior to July 1, 2011, includes independent living as the goal for a child who is not admitted to the United States as an asylee or refugee, the petition shall direct the board or agency to provide the child with services to transition from foster care.

For approval of an interim plan, the petition for a permanency planning hearing shall seek to continue custody with the board or agency, or continue placement with the board through a parental agreement; or transfer custody to the board or child welfare agency from the parents or guardian of a child who has been in foster care through an agreement where the parents or guardian retains custody.

Upon receipt of the petition, if a permanency planning hearing has not already been scheduled, the court shall schedule such a hearing to be held within 30 days. The permanency planning hearing shall be held within 10 months of the dispositional hearing at which the foster care plan was reviewed pursuant to § 16.1-281. The provisions of subsection B of § 16.1-282 shall apply to this petition. The procedures of subsection C of § 16.1-282 and the provisions of subsection G of § 16.1-282 shall apply to the scheduling and notice of proceedings under this section.

A1. The following requirements shall apply to the transfer of custody of the child to a relative other than the child's prior family in accordance with the provisions of clause (ii) of subsection A. Any order transferring custody of the child to a relative other than the child's prior family shall be entered only upon a finding, based upon a preponderance of the evidence, that the relative is one who, after an investigation as directed by the court, (i) is found by the court to be willing and qualified to receive and care for the child; (ii) is willing to have a positive, continuous relationship with the child; (iii) is committed to providing a permanent, suitable home for the child; and (iv) is willing and has the ability to protect the child from abuse and neglect; and the order shall so state. The court's order transferring custody to a relative should further provide, as appropriate, for any terms or conditions which would promote the child's interest and welfare.

A2. The following requirements shall apply to the selection and approval of placement in another planned permanent living arrangement as the permanent goal for the child in accordance with clause (vi) of subsection A:

1. The board or child welfare agency shall petition for alternative (vi) of subsection A only if the child has a severe and chronic emotional, physical or neurological disabling condition for which the child requires long-term residential treatment; and the board or child welfare agency has thoroughly investigated the feasibility of the alternatives listed in clauses (i) through (v) of subsection A and determined that none of those alternatives is in the best interests of the child. In a foster care plan filed with the petition pursuant to this section, the board or agency shall document the following: (i) the investigation conducted of the placement alternatives listed in clauses (i) through (v) of subsection A and why each of these is not currently in the best interest of the child; (ii) at least one compelling reason why none of the alternatives listed in clauses (i) through (v) is achievable for the child at the time placement in another planned permanent living arrangement is selected as the permanent goal for the child; (iii) the identity of the long-term residential treatment service provider; (iv) the nature of the child's disability; (v) the anticipated length of time required for the child's treatment; and (vi) the status of the child's eligibility for admission and long-term treatment. The court shall ensure that the local department has documentation of the intensive, ongoing, and, as of the date of the hearing, unsuccessful efforts made to return the child home or secure a placement for the child with a fit and willing relative, including adult siblings, or an adoptive parent, including through efforts that utilize search technology, including social media, to find the child's biological family members. The court shall ask the child about the child's desired permanency outcome and make a judicial determination, accompanied by an explanation of the reasons that the alternatives listed in clauses (i) through (iii) of subsection A continue to not be in the best interest of the child.

2. Before approving alternative (vi) of subsection A as the plan for the child, the court shall find (i) that the child has a severe and chronic emotional, physical or neurological disabling condition; (ii) that the child requires long-term residential treatment for the disabling condition; and (iii) that none of the alternatives listed in clauses (i) through (v) of subsection A is achievable for the child at the time placement in another planned permanent living arrangement is approved as the permanent goal for the child. If the board or agency petitions for alternative (vi), alternative (vi) may be approved by the court for a period of six months at a time.

3. At the conclusion of the permanency planning hearing, if alternative (vi) of subsection A is the permanent plan, the court shall schedule a hearing to be held within six months to review the child's placement in another planned permanent

living arrangement in accordance with subdivision A2 4. All parties present at the hearing at which clause (vi) of subsection A is approved as the permanent plan for the child shall be given notice of the date scheduled for the foster care review hearing. Parties not present shall be summoned to appear as provided in § 16.1-263. Otherwise, this subsection A2 shall govern the scheduling and notice for such hearings.

4. The court shall review a foster care plan for any child who is placed in another planned permanent living arrangement every six months from the date of the permanency planning hearing held pursuant to this subsection, so long as the child remains in the legal custody of the board or child welfare agency. The board or child welfare agency shall file such petitions for review pursuant to the provisions of § 16.1-282 and shall, in addition, include in the petition the information required by subdivision A2 1. The petition for foster care review shall be filed no later than 30 days prior to the hearing scheduled in accordance with subdivision A2 3. At the conclusion of the foster care review hearing, if alternative (vi) of subsection A remains the permanent plan, the court shall enter an order that states whether reasonable efforts have been made to place the child in a timely manner in accordance with the permanency plan and to monitor the child's status in another planned permanent living arrangement.

However, if at any time during the six-month approval periods permitted by this subsection, a determination is made by treatment providers that the child's need for long-term residential treatment for the child's disabling condition is eliminated, the board or agency shall immediately begin to plan for post-discharge services and shall, within 30 days of making such a determination, file a petition for a permanency planning hearing pursuant to subsection A. Upon receipt of the petition, the court shall schedule a permanency planning hearing to be held within 30 days. The provisions of subsection B of § 16.1-282 shall apply to this petition. The procedures of subsection C of § 16.1-282 and the provisions of subsection G of § 16.1-282 shall apply to proceedings under this section.

A3. The following requirements shall apply to the selection and approval of permanent foster care pursuant to clause (iv) of subsection A:

1. The court shall ensure that the local department has documentation of the intensive, ongoing, and, as of the date of the hearing, unsuccessful efforts made to return the child home or secure a placement for the child with a fit and willing relative, including adult siblings, or an adoptive parent, including through efforts that utilize search technology, including social media, to find the child's biological family members.

2. The court shall ask the child about the child's desired permanency outcome and make a judicial determination, accompanied by an explanation of the reasons that the alternatives listed in clauses (i) through (iii) of subsection A continue to not be in the best interest of the child.

B. The following requirements shall apply to the selection and approval of an interim plan for the child in accordance with subsection A:

1. The board or child welfare agency shall petition for approval of an interim plan only if the board or child welfare agency has thoroughly investigated the feasibility of the alternatives listed in clauses (i) through (v) of subsection A and determined that none of those alternatives is in the best interest of the child. If the board or agency petitions for approval of an interim plan, such plan may be approved by the court for a maximum period of six months. The board or agency shall also file a foster care plan that (i) identifies a permanent goal for the child that corresponds with one of the alternatives specified in clauses (i) through (v) of subsection A; (ii) includes provisions for accomplishing the permanent goal within six months; and (iii) summarizes the investigation conducted of the alternatives listed in clauses (i) through (v) of subsection A and why achieving each of these is not in the best interest of the child at this time. The foster care plan shall describe the child's placement, including the in-state and out-of-state placement options and whether the child's placement is in state or out of state. If the child's placement is out of state, the foster care plan shall provide the reason why the out-of-state placement is appropriate and in the best interests of the child.

2. Before approving an interim plan for the child, the court shall find:

a. When returning home remains the plan for the child, that the parent has made marked progress toward reunification with the child, the parent has maintained a close and positive relationship with the child, and the child is likely to return home within the near future, although it is premature to set an exact date for return at the time of this hearing; or

b. When returning home is not the plan for the child, that marked progress is being made to achieve the permanent goal identified by the board or child welfare agency and that it is premature to set an exact date for accomplishing the goal at the time of this hearing. The court shall consider the in-state and out-of-state placement options, and if the child has been placed out of state, determine whether the out-of-state placement is appropriate and in the best interests of the child.

3. Upon approval of an interim plan, the court shall schedule a hearing to be held within six months to determine that the permanent goal is accomplished and to enter an order consistent with alternative (i), (ii), (iii), (iv), or (v) of subsection A. All parties present at the initial permanency planning hearing shall be given notice of the date scheduled for the second permanency planning hearing. Parties not present shall be summoned to appear as provided in § 16.1-263. Otherwise, subsection A shall govern the scheduling and notice for such hearings.

C. In each permanency planning hearing and in any hearing regarding the transition of the child from foster care to independent living, the court shall consult with the child in an age-appropriate manner regarding the proposed permanency plan or transition plan for the child, unless the court finds that such consultation is not in the best interests of the child.

D. In cases in which a child is placed by the local board of social services or a licensed child-placing agency in a qualified residential treatment program as defined in § 16.1-228, the provisions of subsection E of § 16.1-281 shall apply to any hearing held pursuant to this section.

E. At the conclusion of the permanency planning hearing held pursuant to this section, whether action is taken or deferred to achieve the permanent goal for the child, the court shall enter an order that states whether reasonable efforts have been made to reunite the child with the child's prior family, if returning home is the permanent goal for the child; or whether reasonable efforts have been made to achieve the permanent goal identified by the board or agency, if the goal is other than returning the child home.

In making this determination, the court shall give consideration to whether the board or agency has placed the child in a timely manner in accordance with the foster care plan and completed the steps necessary to finalize the permanent placement of the child.

§ 63.2-906. Foster care plans; permissible plan goals; court review of foster children.

A. Each child who is committed or entrusted to the care of a local board or to a licensed child-placing agency or who is placed through an agreement between a local board and the parent, parents or guardians, where legal custody remains with the parent, parents or guardians, shall have a foster care plan prepared by the local department, the child welfare agency, or the family assessment and planning team established pursuant to § 2.2-5207, as specified in § 16.1-281. The representatives of such local department, child welfare agency, or team shall (i) involve the child's parent(s) in the development of the plan, except when parental rights have been terminated or the local department or child welfare agency has made diligent efforts to locate the parent(s) and such parent(s) cannot be located, and any other person or persons standing in loco parentis at the time the board or child welfare agency obtained custody or the board or the child welfare agency placed the child and (ii) for any child for whom reunification remains the goal, meet and consult with the child's parent(s) or other person standing in loco parentis, provided that the parent(s) or other person has been located and parental rights have not been terminated, no less than once every two months and at all critical decision-making points throughout the child's foster care case. *If reunification is not the goal for the child, the local board, child welfare agency, or team shall provide information to the child's parents regarding the parents' option to voluntarily terminate parental rights, unless a parent's parental rights have been terminated.* The representatives of such department, child welfare agency, or team shall involve the child in the development of the plan, if such involvement is consistent with the best interests of the child. In cases where either the parent(s) or child is not involved in the development of the plan, the department, child welfare agency, or team shall include in the plan a full description of the reasons therefor in accordance with § 16.1-281.

A court may place a child in the care and custody of (a) a public agency in accordance with § 16.1-251 or 16.1-252, and (b) a public or licensed private child-placing agency in accordance with § 16.1-278.2, 16.1-278.4, 16.1-278.5, 16.1-278.6, or 16.1-278.8. Children may be placed by voluntary relinquishment in the care and custody of a public or private agency in accordance with § 16.1-277.01 or §§ 16.1-277.02 and 16.1-278.3. Children may be placed through an agreement where legal custody remains with the parent, parents or guardians in accordance with §§ 63.2-900 and 63.2-903, or § 2.2-5208.

B. Each child in foster care shall be assigned a permanent plan goal to be reviewed and approved by the juvenile and domestic relations district court having jurisdiction of the child's case. Permissible plan goals are to:

1. Transfer custody of the child to his prior family;
2. Transfer custody of the child to a relative other than his prior family;
3. Finalize an adoption of the child;
4. Place a child who is 16 years of age or older in permanent foster care;
5. Transition to independent living if, and only if, the child is admitted to the United States as a refugee or asylee; or
6. Place a child who is 16 years of age or older in another planned permanent living arrangement in accordance with subsection A2 of § 16.1-282.1.

C. Each child in foster care shall be subject to the permanency planning and review procedures established in §§ 16.1-281, 16.1-282, and 16.1-282.1.

2. That the Board of Social Services shall promulgate regulations that (i) establish clear guidance for local boards of social services (local boards) and child-placing agencies regarding acceptable reasons for not filing a petition for termination of parental rights, case planning protocols, and applicable timelines; (ii) require local boards and child-placing agencies to consult with the Commissioner of Social Services (the Commissioner) or his designee regarding case planning for children who have been in the custody of the local board or agency for 12 months and for whom reunification remains a goal; (iii) require local boards and child-placing agencies to (a) conduct independent living needs assessments and develop transition plans within 30 days of a child in foster care reaching 14 years of age or within 30 days of a child who is 14 years of age or older entering foster care and (b) update such assessments and plans annually; and (iv) require local boards and child-placing agencies to report to the Commissioner or his designee all instances in which a petition for termination of parental rights has not been filed for a child who has been in the custody of a local board or child-placing agency for 15 of the most recent 22 months, which shall include a clear description of the reasons why such petition has not been filed and the reasonable efforts made regarding reunification or placement of the child with a relative. The Commissioner shall compile the information set forth in clause (iv) into a de-identified annual report and provide such report to all local boards and child-placing agencies. The Commissioner shall use the information contained in the report to establish a training program that educates local boards and child-placing agencies regarding common errors made by local boards and child-placing agencies when declining to file a petition for termination of parental rights.

3. That the Commissioner of Social Services shall develop clear guidance documents for local boards of social services and child-placing agencies that explain the process through which a parent may voluntarily terminate parental rights and the manner in which such information should be relayed to the parent.

4. That the Commissioner of Social Services (the Commissioner) shall establish a work group to review the feasibility and costs of establishing a standard for supervisory spans of control that would limit the number of caseworkers that a foster care supervisor may oversee. The Commissioner shall report the findings and recommendations of the work group to the Chairmen of the Senate Committee on Finance and the House Committee on Appropriations by November 30, 2020.

CHAPTER 937

An Act to amend and reenact §§ 19.2-169.1 and 19.2-169.2 of the Code of Virginia, relating to competency to stand trial; outpatient treatment.

[S 683]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 19.2-169.1 and 19.2-169.2 of the Code of Virginia are amended and reenacted as follows:

§ 19.2-169.1. Raising question of competency to stand trial or plead; evaluation and determination of competency.

A. Raising competency issue; appointment of evaluators. — If, at any time after the attorney for the defendant has been retained or appointed and before the end of trial, the court finds, upon hearing evidence or representations of counsel for the defendant or the attorney for the Commonwealth, that there is probable cause to believe that the defendant, whether a juvenile transferred pursuant to § 16.1-269.1 or adult, lacks substantial capacity to understand the proceedings against him or to assist his attorney in his own defense, the court shall order that a competency evaluation be performed by at least one psychiatrist or clinical psychologist who (i) has performed forensic evaluations; (ii) has successfully completed forensic evaluation training recognized by the Commissioner of Behavioral Health and Developmental Services; (iii) has demonstrated to the Commissioner competence to perform forensic evaluations; and (iv) is included on a list of approved evaluators maintained by the Commissioner.

B. Location of evaluation. — The evaluation shall be performed on an outpatient basis at a mental health facility or in jail unless an outpatient evaluation has been conducted and the outpatient evaluator opines that a hospital-based evaluation is needed to reliably reach an opinion or unless the defendant is in the custody of the Commissioner of Behavioral Health and Developmental Services pursuant to § 19.2-169.2, 19.2-169.6, 19.2-182.2, 19.2-182.3, 19.2-182.8, 19.2-182.9, or Article 5 (§ 37.2-814 et seq.) of Chapter 8 of Title 37.2.

C. Provision of information to evaluators. — The court shall require the attorney for the Commonwealth to provide to the evaluators appointed under subsection A any information relevant to the evaluation, including, but not limited to (i) a copy of the warrant or indictment; (ii) the names and addresses of the attorney for the Commonwealth, the attorney for the defendant, and the judge ordering the evaluation; (iii) information about the alleged crime; and (iv) a summary of the reasons for the evaluation request. The court shall require the attorney for the defendant to provide any available psychiatric records and other information that is deemed relevant. The court shall require that information be provided to the evaluator within 96 hours of the issuance of the court order pursuant to this section.

D. The competency report. — Upon completion of the evaluation, the evaluators shall promptly submit a report in writing to the court and the attorneys of record concerning (i) the defendant's capacity to understand the proceedings against him; (ii) his ability to assist his attorney; and (iii) his need for treatment in the event he is found incompetent but restorable, or incompetent for the foreseeable future. If a need for restoration treatment is identified pursuant to clause (iii), the report shall state whether inpatient or outpatient treatment is recommended. *Outpatient treatment may occur in a local correctional facility or at a location determined by the appropriate community services board or behavioral health authority.* No statements of the defendant relating to the time period of the alleged offense shall be included in the report. The evaluator shall also send a redacted copy of the report removing references to the defendant's name, date of birth, case number, and court of jurisdiction to the Commissioner of Behavioral Health and Developmental Services for the purpose of peer review to establish and maintain the list of approved evaluators described in subsection A.

E. The competency determination. — After receiving the report described in subsection D, the court shall promptly determine whether the defendant is competent to stand trial. A hearing on the defendant's competency is not required unless one is requested by the attorney for the Commonwealth or the attorney for the defendant, or unless the court has reasonable cause to believe the defendant will be hospitalized under § 19.2-169.2. If a hearing is held, the party alleging that the

defendant is incompetent shall bear the burden of proving by a preponderance of the evidence the defendant's incompetency. The defendant shall have the right to notice of the hearing, the right to counsel at the hearing and the right to personally participate in and introduce evidence at the hearing.

The fact that the defendant claims to be unable to remember the time period surrounding the alleged offense shall not, by itself, bar a finding of competency if the defendant otherwise understands the charges against him and can assist in his defense. Nor shall the fact that the defendant is under the influence of medication bar a finding of competency if the defendant is able to understand the charges against him and assist in his defense while medicated.

§ 19.2-169.2. Disposition when defendant found incompetent.

A. Upon finding pursuant to subsection E of § 19.2-169.1 that the defendant, including a juvenile transferred pursuant to § 16.1-269.1, is incompetent, the court shall order that the defendant receive treatment to restore his competency on an outpatient basis or, if the court specifically finds that the defendant requires inpatient hospital treatment, at a hospital designated by the Commissioner of Behavioral Health and Developmental Services as appropriate for treatment of persons under criminal charge. *Outpatient treatment may occur in a local correctional facility or at a location determined by the appropriate community services board or behavioral health authority.* Notwithstanding the provisions of § 19.2-178, if the court orders inpatient hospital treatment, the defendant shall be transferred to and accepted by the hospital designated by the Commissioner as soon as practicable, but no later than 10 days, from the receipt of the court order requiring treatment to restore the defendant's competency. If the 10-day period expires on a Saturday, Sunday, or other legal holiday, the 10 days shall be extended to the next day that is not a Saturday, Sunday, or legal holiday. Any psychiatric records and other information that have been deemed relevant and submitted by the attorney for the defendant pursuant to subsection C of § 19.2-169.1 and any reports submitted pursuant to subsection D of § 19.2-169.1 shall be made available to the director of the community services board or behavioral health authority or his designee or to the director of the treating inpatient facility or his designee within 96 hours of the issuance of the court order requiring treatment to restore the defendant's competency. If the 96-hour period expires on a Saturday, Sunday, or other legal holiday, the 96 hours shall be extended to the next day that is not a Saturday, Sunday, or legal holiday.

B. If, at any time after the defendant is ordered to undergo treatment under subsection A of this section, the director of the community services board or behavioral health authority or his designee or the director of the treating inpatient facility or his designee believes the defendant's competency is restored, the director or his designee shall immediately send a report to the court as prescribed in subsection D of § 19.2-169.1. The court shall make a ruling on the defendant's competency according to the procedures specified in subsection E of § 19.2-169.1.

C. The clerk of court shall certify and forward forthwith to the Central Criminal Records Exchange, on a form provided by the Exchange, a copy of an order for treatment issued pursuant to subsection A.

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 8.01-413, 8.01-581.20, 16.1-340.1, 20-124.6, 32.1-127.1:03, 37.2-809, 38.2-608, 53.1-40.2, and 54.1-2969 of the Code of Virginia are amended and reenacted as follows:

§ 8.01-413. Certain copies of health care provider's records or papers of patient admissible; right of patient, his attorney and authorized insurer to copies of such records or papers; subpoena; damages, costs and attorney fees.

A. In any case where the health care provider's original records or papers of any patient in a hospital or institution for the treatment of physical or mental illness are admissible or would be admissible as evidence, any typewritten copy, photograph, photostatted copy, or microphotograph or printout or other hard copy generated from computerized or other electronic storage, microfilm, or other photographic, mechanical, electronic, imaging, or chemical storage process thereof shall be admissible as evidence in any court of the Commonwealth in like manner as the original, if the printout or hard copy or microphotograph or photograph is properly authenticated by the employees having authority to release or produce the original records or papers.

Any health care provider whose records or papers relating to any such patient are subpoenaed for production as provided by law may comply with the subpoena by a timely mailing to the clerk issuing the subpoena or in whose court the action is pending properly authenticated copies, photographs or microphotographs in lieu of the originals. The court whose clerk issued the subpoena or, in the case of an attorney-issued subpoena, in which the action is pending, may, after notice to such health care provider, enter an order requiring production of the originals, if available, of any stored records or papers whose copies, photographs or microphotographs are not sufficiently legible.

Except as provided in subsection G, the party requesting the subpoena duces tecum or on whose behalf an attorney-issued subpoena duces tecum was issued shall be liable for the reasonable charges of the health care provider for the service of maintaining, retrieving, reviewing, preparing, copying, and mailing the items produced pursuant to subsections B2, B3, B4, and B6, as applicable.

B. Copies of a health care provider's records or papers shall be furnished within 30 days of receipt of such request to the patient, his attorney, his executor or administrator, or an authorized insurer upon such patient's, attorney's, executor's, administrator's, or authorized insurer's written request, which request shall comply with the requirements of subsection E of § 32.1-127.1:03. If a health care provider is unable to provide such records or papers within 30 days of receipt of such request, such provider shall notify the requester of such records or papers in writing of the reason for the delay and shall have no more than 30 days after the date of such written notice to comply with such request.

However, copies of a patient's records or papers shall not be furnished to such patient when the patient's treating physician ~~or~~, clinical psychologist, or *clinical social worker* in the exercise of professional judgment, has made a part of the patient's records or papers a written statement that in his opinion the furnishing to or review by the patient of such records or papers would be reasonably likely to endanger the life or physical safety of the patient or another person, or that such records or papers make reference to a person, other than a health care provider, and the access requested would be reasonably likely to cause substantial harm to such referenced person. In any such case, if requested by the patient or his attorney or authorized insurer, such records or papers shall be furnished within 30 days of the date of such request to the patient's attorney or authorized insurer, rather than to the patient.

If the records or papers are not provided to the patient in accordance with this section, then, if requested by the patient, the health care provider denying the request shall comply with the patient's request to either (i) provide a copy of the records

or papers to a physician ~~or~~, clinical psychologist, or *clinical social worker* of the patient's choice whose licensure, training, and experience, relative to the patient's condition, are at least equivalent to that of the treating physician ~~or~~, clinical psychologist, or *clinical social worker* upon whose opinion the denial is based, who shall, at the patient's expense, make a judgment as to whether to make the records or papers available to the patient or (ii) designate a physician ~~or~~, clinical psychologist, or *clinical social worker* whose licensure, training, and experience, relative to the patient's condition, are at least equivalent to that of the treating physician ~~or~~, clinical psychologist, or *clinical social worker* upon whose opinion the denial is based and who did not participate in the original decision to deny the patient's request for his records or papers, who shall, at the expense of the provider denying access to the patient, review the records or papers and make a judgment as to whether to make the records or papers available to the patient. In either such event, the health care provider denying the request shall comply with the judgment of the reviewing physician ~~or~~, clinical psychologist, or *clinical social worker*.

Except as provided in subsection G, a reasonable charge may be made by the health care provider maintaining the records or papers for the cost of the services relating to the maintenance, retrieval, review, and preparation of the copies of the records or papers, pursuant to subsections B2, B3, B4, and B6, as applicable. Any health care provider receiving such a request from a patient's attorney or authorized insurer shall require a writing signed by the patient confirming the attorney's or authorized insurer's authority to make the request, which shall comply with the requirements of subsection G of § 32.1-127.1:03, and shall accept a photocopy, facsimile, or other copy of the original signed by the patient as if it were an original.

B1. A health care provider shall produce the records or papers in either paper, hard copy, or electronic format, as requested by the requester. If the health care provider does not maintain the items being requested in an electronic format and does not have the capability to produce such items in an electronic format, such items shall be produced in paper or other hard copy format.

B2. When the records or papers requested pursuant to subsection B1 are produced in paper or hard copy format from records maintained in (i) paper or other hard copy format or (ii) electronic storage, a health care provider may charge the requester a reasonable fee not to exceed \$0.50 per page for up to 50 pages and \$0.25 per page thereafter for such copies, \$1 per page for hard copies from microfilm or other micrographic process, and a fee for search and handling not to exceed \$20, plus all postage and shipping costs.

B3. When the records or papers requested pursuant to subsection B1 are produced in electronic format from records or papers maintained in electronic storage, a health care provider may charge the requester a reasonable fee not to exceed \$0.37 per page for up to 50 pages and \$0.18 per page thereafter for such copies and a fee for search and handling not to exceed \$20, plus all postage and shipping costs. Except as provided in subsection B4, the total amount charged to the requester for records or papers produced in electronic format pursuant to this subsection, including any postage and shipping costs and any search and handling fee, shall not exceed \$150 for any request made on and after July 1, 2017, but prior to July 1, 2021, or \$160 for any request made on or after July 1, 2021.

B4. When any portion of records or papers requested to be produced in electronic format is stored in paper or other hard copy format at the time of the request and not otherwise maintained in electronic storage, a health care provider may charge a fee pursuant to subsection B2 for the production of such portion, and such production of such portion is not subject to any limitations set forth in subsection B3, whether such portion is produced in paper or other hard copy format or converted to electronic format as requested by the requester. Any other portion otherwise maintained in electronic storage shall be produced electronically. The total search and handling fee shall not exceed \$20 for any production made pursuant to this subsection where the production contains both records or papers in electronic format and records or papers in paper or other hard copy format.

B5. Upon request, a patient's account balance or itemized listing of charges maintained by a health care provider shall be supplied at no cost up to three times every 12 months to either the patient or the patient's attorney.

B6. When the record requested is an X-ray series or study or other imaging study and is requested to be produced electronically, a health care provider may charge the requester a reasonable fee, which shall not exceed \$25 per X-ray series or study or other imaging study, and a fee for search and handling, which shall not exceed \$10, plus all postage and shipping costs. When an X-ray series or study or other imaging study is requested to be produced in hard copy format, or when a health care provider does not maintain such X-ray series or study or other imaging study being requested in an electronic format or does not have the capability to produce such X-ray series or study or other imaging study in an electronic format, a health care provider may charge the requester a reasonable fee, which may include a fee for search and handling not to exceed \$10 and the actual cost of supplies for and labor of copying the requested X-ray series or study or other imaging study, plus all postage and shipping costs.

B7. Upon request by the patient, or his attorney, of records or papers as to the cost to produce such records or papers, a health care provider shall inform the patient, or his attorney, of the most cost-effective method to produce such a request pursuant to subsection B2, B3, B4, or B6, as applicable.

B8. Production of records or papers to the patient, or his attorney, requested pursuant to this section shall not be withheld or delayed solely on the grounds of nonpayment for such records or papers.

C. Upon the failure of any health care provider to comply with any written request made in accordance with subsection B within the period of time specified in that subsection and within the manner specified in subsections E and F of § 32.1-127.1:03, the patient, his attorney, his executor or administrator, or authorized insurer may cause a subpoena duces tecum to be issued. The subpoena may be issued (i) upon filing a request therefor with the clerk of the circuit court wherein

any eventual suit would be required to be filed, and upon payment of the fees required by subdivision A 18 of § 17.1-275, and fees for service or (ii) by the patient's attorney in a pending civil case in accordance with § 8.01-407 without payment of the fees established in subdivision A 23 of § 17.1-275.

A sheriff shall not be required to serve an attorney-issued subpoena that is not issued at least five business days prior to the date production of the record is desired.

No subpoena duces tecum for records or papers shall set a return date by which the health care provider must comply with such subpoena earlier than 15 days from the date of the subpoena, except by order of a court or administrative agency for good cause shown. When a court or administrative agency orders that records or papers be disclosed pursuant to a subpoena duces tecum earlier than 15 days from the date of the subpoena, a copy of such order shall accompany such subpoena.

As to a subpoena duces tecum issued with at least a 15-day return date, if no motion to quash is filed within 15 days of the issuance of the subpoena, the party requesting the subpoena duces tecum or the party on whose behalf the subpoena was issued shall certify to the subpoenaed health care provider that (a) the time for filing a motion to quash has elapsed and (b) no such motion was filed. Upon receipt of such certification, the subpoenaed health care provider shall comply with the subpoena duces tecum by returning the specified records or papers by either (1) the return date on the subpoena or (2) five days after receipt of such certification, whichever is later.

The subpoena shall direct the health care provider to produce and furnish copies of the records or papers to the requester or clerk, who shall then make the same available to the patient, his attorney, or his authorized insurer.

If the court finds that a health care provider willfully refused to comply with a written request made in accordance with subsection B, either (A) by failing over the previous six-month period to respond to a second or subsequent written request, properly submitted to the health care provider in writing with complete required information, without good cause or (B) by imposing a charge in excess of the reasonable expense of making the copies and processing the request for records or papers, the court may award damages for all expenses incurred by the patient or authorized insurer to obtain such copies, including a refund of fees if payment has been made for such copies, court costs, and reasonable attorney fees.

If the court further finds that such subpoenaed records or papers, subpoenaed pursuant to this subsection, or requested records or papers, requested pursuant to subsection B, are not produced for a reason other than compliance with § 32.1-127.1:03 or an inability to retrieve or access such records or papers, as communicated in writing to the subpoenaing party or requester within the time period required by subsection B, such subpoenaing party or requester shall be entitled to a rebuttable presumption that expenses and attorney fees related to the failure to produce such records or papers shall be awarded by the court.

D. The provisions of this section shall apply to any health care provider whose office is located within or outside the Commonwealth if the records pertain to any patient who is a party to a cause of action in any court in the Commonwealth, and shall apply only to requests made by the patient, his attorney, his executor or administrator, or any authorized insurer, in anticipation of litigation or in the course of litigation.

E. As used in this section, "health care provider" has the same meaning as provided in § 32.1-127.1:03 and includes an independent medical copy retrieval service contracted to provide the service of retrieving, reviewing, and preparing such copies for distribution.

F. Notwithstanding the authorization to admit as evidence patient records in the form of microphotographs, prescription dispensing records maintained in or on behalf of any pharmacy registered or permitted in the Commonwealth shall only be stored in compliance with §§ 54.1-3410, 54.1-3411 and 54.1-3412.

G. The provisions of this section governing fees that may be charged by a health care provider whose records are subpoenaed or requested pursuant to this section shall not apply in the case of any request by a patient for a copy of his own records, which shall be governed by subsection J of § 32.1-127.1:03. This subsection shall not be construed to affect other provisions of state or federal statute, regulation or any case decision relating to charges by health care providers for copies of records requested by any person other than a patient when requesting his own records pursuant to subsection J of § 32.1-127.1:03.

§ 8.01-581.20. Standard of care in proceeding before medical malpractice review panel; expert testimony; determination of standard in action for damages.

A. In any proceeding before a medical malpractice review panel or in any action against a physician, clinical psychologist, *clinical social worker*, podiatrist, dentist, nurse, hospital, or other health care provider to recover damages alleged to have been caused by medical malpractice where the acts or omissions so complained of are alleged to have occurred in this Commonwealth, the standard of care by which the acts or omissions are to be judged shall be that degree of skill and diligence practiced by a reasonably prudent practitioner in the field of practice or specialty in this Commonwealth and the testimony of an expert witness, otherwise qualified, as to such standard of care, shall be admitted; provided, however, that the standard of care in the locality or in similar localities in which the alleged act or omission occurred shall be applied if any party shall prove by a preponderance of the evidence that the health care services and health care facilities available in the locality and the customary practices in such locality or similar localities give rise to a standard of care which is more appropriate than a statewide standard. Any health care provider who is licensed to practice in Virginia shall be presumed to know the statewide standard of care in the specialty or field of practice in which he is qualified and certified. This presumption shall also apply to any person who, but for the lack of a Virginia license, would be defined as a health care provider under this chapter, provided that such person is licensed in some other state of the United States and meets the

educational and examination requirements for licensure in Virginia. An expert witness who is familiar with the statewide standard of care shall not have his testimony excluded on the ground that he does not practice in this Commonwealth. A witness shall be qualified to testify as an expert on the standard of care if he demonstrates expert knowledge of the standards of the defendant's specialty and of what conduct conforms or fails to conform to those standards and if he has had active clinical practice in either the defendant's specialty or a related field of medicine within one year of the date of the alleged act or omission forming the basis of the action.

The provisions of this section shall apply to expert witnesses testifying on the standard of care as it relates to professional services in nursing homes.

B. In any action for damages resulting from medical malpractice, any issue as to the standard of care to be applied shall be determined by the jury, or the court trying the case without a jury.

C. In any action described in this section, each party may designate, identify, or call to testify at trial no more than two expert witnesses per medical discipline on any issue presented. The court may permit a party, for good cause shown, to designate, identify, or call to testify at trial additional expert witnesses. The number of treating health care providers who may serve as expert witnesses pursuant to § 8.01-399 shall not be limited pursuant to this subsection, except for good cause shown. If the court permits a party to designate, identify, or call additional experts, the court may order that party to pay all costs incurred in the discovery of such additional experts. For good cause shown, pursuant to the Rules of Supreme Court of Virginia, the court may limit the number of expert witnesses other than those identified in this subsection whom a party may designate, identify, or call to testify at trial.

§ 16.1-340.1. Involuntary temporary detention; issuance and execution of order.

A. A magistrate shall issue, upon the sworn petition of a minor's treating physician or parent or, if the parent is not available or is unable or unwilling to file a petition, by any responsible adult, including the person having custody over a minor in detention or shelter care pursuant to an order of a juvenile and domestic relations district court, or upon his own motion and only after an evaluation conducted in-person or by means of a two-way electronic video and audio communication system as authorized in § 16.1-345.1 by an employee or designee of the local community services board to determine whether the minor meets the criteria for temporary detention, a temporary detention order if it appears from all evidence readily available, including any recommendation from a physician ~~or~~, clinical psychologist, *or clinical social worker* treating the person, that (i) because of mental illness, the minor (a) presents a serious danger to himself or others to the extent that severe or irremediable injury is likely to result, as evidenced by recent acts or threats, or (b) is experiencing a serious deterioration of his ability to care for himself in a developmentally age-appropriate manner, as evidenced by delusional thinking or by a significant impairment of functioning in hydration, nutrition, self-protection, or self-control; and (ii) the minor is in need of compulsory treatment for a mental illness and is reasonably likely to benefit from the proposed treatment. The magistrate shall also consider the recommendations of the minor's parents and of any treating or examining physician licensed in Virginia if available either verbally or in writing prior to rendering a decision. To the extent possible, the petition shall contain the information required by § 16.1-339.1. Any temporary detention order entered pursuant to this section shall be effective until such time as the juvenile and domestic relations district court serving the jurisdiction in which the minor is located conducts a hearing pursuant to subsection B of § 16.1-341. Any temporary detention order entered pursuant to this section shall provide for the disclosure of medical records pursuant to subsection B of § 16.1-337. This subsection shall not preclude any other disclosures as required or permitted by law.

B. When considering whether there is probable cause to issue a temporary detention order, the magistrate may, in addition to the petition, consider (i) the recommendations of any treating or examining physician ~~or~~, psychologist, *or clinical social worker* licensed in Virginia, if available, (ii) any past actions of the minor, (iii) any past mental health treatment of the minor, (iv) any relevant hearsay evidence, (v) any medical records available, (vi) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (vii) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue a temporary detention order.

C. A magistrate may issue a temporary detention order without an emergency custody order proceeding. A magistrate may issue a temporary detention order without a prior evaluation pursuant to subsection A if (i) the minor has been personally examined within the previous 72 hours by an employee or designee of the local community services board or (ii) there is a significant physical, psychological, or medical risk to the minor or to others associated with conducting such evaluation.

D. An employee or designee of the local community services board shall determine the facility of temporary detention in accordance with the provisions of § 16.1-340.1:1 for all minors detained pursuant to this section. An employee or designee of the local community services board may change the facility of temporary detention and may designate an alternative facility for temporary detention at any point during the period of temporary detention if it is determined that the alternative facility is a more appropriate facility for temporary detention of the minor given the specific security, medical, or behavioral health needs of the minor. In cases in which the facility of temporary detention is changed following transfer of custody to an initial facility of temporary detention, transportation of the minor to the alternative facility of temporary detention shall be provided in accordance with the provisions of § 16.1-340.2. The initial facility of temporary detention shall be identified on the preadmission screening report and indicated on the temporary detention order; however, if an employee or designee of the local community services board designates an alternative facility, that employee or designee shall provide written notice forthwith, on a form developed by the Executive Secretary of the Supreme Court of Virginia, to the clerk of the issuing court of the name and address of the alternative facility. Subject to the provisions of § 16.1-340.1:1,

if a facility of temporary detention cannot be identified by the time of the expiration of the period of emergency custody pursuant to § 16.1-340, the minor shall be detained in a state facility for the treatment of minors with mental illness and such facility shall be indicated on the temporary detention order. Except for minors who are detained for a criminal offense by a juvenile and domestic relations district court and who require hospitalization in accordance with this article, the minor shall not be detained in a jail or other place of confinement for persons charged with criminal offenses and shall remain in the custody of law enforcement until the minor is either detained within a secure facility or custody has been accepted by the appropriate personnel designated by either the initial facility of temporary detention identified in the temporary detention order or by the alternative facility of temporary detention designated by the employee or designee of the local community services board pursuant to this subsection.

E. Any facility caring for a minor placed with it pursuant to a temporary detention order is authorized to provide emergency medical and psychiatric services within its capabilities when the facility determines that the services are in the best interests of the minor within its care. The costs incurred as a result of the hearings and by the facility in providing services during the period of temporary detention shall be paid and recovered pursuant to § 37.2-804. The maximum costs reimbursable by the Commonwealth pursuant to this section shall be established by the State Board of Medical Assistance Services based on reasonable criteria. The State Board of Medical Assistance Services shall, by regulation, establish a reasonable rate per day of inpatient care for temporary detention.

F. The employee or designee of the local community services board who is conducting the evaluation pursuant to this section shall determine, prior to the issuance of the temporary detention order, the insurance status of the minor. Where coverage by a third party payor exists, the facility seeking reimbursement under this section shall first seek reimbursement from the third party payor. The Commonwealth shall reimburse the facility only for the balance of costs remaining after the allowances covered by the third party payor have been received.

G. The duration of temporary detention shall be sufficient to allow for completion of the examination required by § 16.1-342, preparation of the preadmission screening report required by § 16.1-340.4, and initiation of mental health treatment to stabilize the minor's psychiatric condition to avoid involuntary commitment where possible, but shall not exceed 96 hours prior to a hearing. If the 96-hour period herein specified terminates on a Saturday, Sunday, or legal holiday, the minor may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, or legal holiday. The minor may be released, pursuant to § 16.1-340.3, before the 96-hour period herein specified has run.

H. If a temporary detention order is not executed within 24 hours of its issuance, or within a shorter period as is specified in the order, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if the office is not open, to any magistrate serving the jurisdiction of the issuing court. Subsequent orders may be issued upon the original petition within 96 hours after the petition is filed. However, a magistrate must again obtain the advice of an employee or designee of the local community services board prior to issuing a subsequent order upon the original petition. Any petition for which no temporary detention order or other process in connection therewith is served on the subject of the petition within 96 hours after the petition is filed shall be void and shall be returned to the office of the clerk of the issuing court.

I. For purposes of this section a healthcare provider or an employee or designee of the local community services board shall not be required to encrypt any email containing information or medical records provided to a magistrate unless there is reason to believe that a third party will attempt to intercept the email.

J. The employee or designee of the local community services board who is conducting the evaluation pursuant to this section shall, if he recommends that the minor should not be subject to a temporary detention order, inform the petitioner and an on-site treating physician of his recommendation.

K. Each community services board shall provide to each juvenile and domestic relations district court and magistrate's office within its service area a list of employees and designees who are available to perform the evaluations required herein.

§ 20-124.6. Access to minor's records.

A. Notwithstanding any other provision of law, neither parent, regardless of whether such parent has custody, shall be denied access to the academic or health records of that parent's minor child unless otherwise ordered by the court for good cause shown or pursuant to subsection B.

B. In the case of health records, access may also be denied if the minor's treating physician ~~or the minor's treating~~ clinical psychologist, *or clinical social worker* has made a part of the minor's record a written statement that, in the exercise of his professional judgment, the furnishing to or review by the requesting parent of such health records would be reasonably likely to cause substantial harm to the minor or another person. If a health care entity denies a parental request for access to, or copies of, a minor's health record, the health care entity denying the request shall comply with the provisions of subsection F of § 32.1-127.1:03. The minor or his parent, either or both, shall have the right to have the denial reviewed as specified in subsection F of § 32.1-127.1:03 to determine whether to make the minor's health record available to the requesting parent.

C. For the purposes of this section, the meaning of the term "health record" or the plural thereof and the term "health care entity" shall be as defined in subsection B of § 32.1-127.1:03.

§ 32.1-127.1:03. Health records privacy.

A. There is hereby recognized an individual's right of privacy in the content of his health records. Health records are the property of the health care entity maintaining them, and, except when permitted or required by this section or by other

provisions of state law, no health care entity, or other person working in a health care setting, may disclose an individual's health records.

Pursuant to this subsection:

1. Health care entities shall disclose health records to the individual who is the subject of the health record, except as provided in subsections E and F and subsection B of § 8.01-413.

2. Health records shall not be removed from the premises where they are maintained without the approval of the health care entity that maintains such health records, except in accordance with a court order or subpoena consistent with subsection C of § 8.01-413 or with this section or in accordance with the regulations relating to change of ownership of health records promulgated by a health regulatory board established in Title 54.1.

3. No person to whom health records are disclosed shall redisclose or otherwise reveal the health records of an individual, beyond the purpose for which such disclosure was made, without first obtaining the individual's specific authorization to such redisclosure. This redisclosure prohibition shall not, however, prevent (i) any health care entity that receives health records from another health care entity from making subsequent disclosures as permitted under this section and the federal Department of Health and Human Services regulations relating to privacy of the electronic transmission of data and protected health information promulgated by the United States Department of Health and Human Services as required by the Health Insurance Portability and Accountability Act (HIPAA)(42 U.S.C. § 1320d et seq.) or (ii) any health care entity from furnishing health records and aggregate or other data, from which individually identifying prescription information has been removed, encoded or encrypted, to qualified researchers, including, but not limited to, pharmaceutical manufacturers and their agents or contractors, for purposes of clinical, pharmaco-epidemiological, pharmaco-economic, or other health services research.

Procedures set forth in this section shall apply only to requests for health records not specifically governed by other provisions of state law.

F. If any health care entity denies a request for copies of or electronic access to health records based on such statement, the health care entity shall inform the individual of the individual's right to designate, in writing, at his own expense, another reviewing physician ~~or~~, clinical psychologist, *or clinical social worker* whose licensure, training and experience relative to the individual's condition are at least equivalent to that of the physician ~~or~~, clinical psychologist, *or clinical social worker* upon whose opinion the denial is based. The designated reviewing physician ~~or~~, clinical psychologist, *or clinical social worker* shall make a judgment as to whether to make the health record available to the individual.

The health care entity denying the request shall also inform the individual of the individual's right to request in writing that such health care entity designate, at its own expense, a physician ~~or~~, clinical psychologist, *or clinical social worker*, whose licensure, training, and experience relative to the individual's condition are at least equivalent to that of the physician ~~or~~, clinical psychologist, *or clinical social worker* upon whose professional judgment the denial is based and who did not participate in the original decision to deny the health records, who shall make a judgment as to whether to make the health record available to the individual. The health care entity shall comply with the judgment of the reviewing physician ~~or~~, clinical psychologist, *or clinical social worker*. The health care entity shall permit copying and examination of the health record by such other physician ~~or~~, clinical psychologist, *or clinical social worker* designated by either the individual at his own expense or by the health care entity at its expense.

Any health record copied for review by any such designated physician ~~or~~, clinical psychologist, or *clinical social worker* shall be accompanied by a statement from the custodian of the health record that the individual's treating physician ~~or~~, clinical psychologist, or *clinical social worker* determined that the individual's review of his health record would be reasonably likely to endanger the life or physical safety of the individual or would be reasonably likely to cause substantial harm to a person referenced in the health record who is not a health care provider.

Further, nothing herein shall be construed as giving, or interpreted to bestow the right to receive copies of, or otherwise obtain access to, psychotherapy notes to any individual or any person authorized to act on his behalf.

H. Pursuant to this subsection:

1. Unless excepted from these provisions in subdivision 9, no party to a civil, criminal or administrative action or proceeding shall request the issuance of a subpoena duces tecum for another party's health records or cause a subpoena duces tecum to be issued by an attorney unless a copy of the request for the subpoena or a copy of the attorney-issued subpoena is provided to the other party's counsel or to the other party if pro se, simultaneously with filing the request or issuance of the subpoena. No party to an action or proceeding shall request or cause the issuance of a subpoena duces tecum for the health records of a nonparty witness unless a copy of the request for the subpoena or a copy of the attorney-issued subpoena is provided to the nonparty witness simultaneously with filing the request or issuance of the attorney-issued subpoena.

No subpoena duces tecum for health records shall set a return date earlier than 15 days from the date of the subpoena except by order of a court or administrative agency for good cause shown. When a court or administrative agency directs that health records be disclosed pursuant to a subpoena duces tecum earlier than 15 days from the date of the subpoena, a copy of the order shall accompany the subpoena.

Any party requesting a subpoena duces tecum for health records or on whose behalf the subpoena duces tecum is being issued shall have the duty to determine whether the individual whose health records are being sought is pro se or a nonparty.

In instances where health records being subpoenaed are those of a pro se party or nonparty witness, the party requesting or issuing the subpoena shall deliver to the pro se party or nonparty witness together with the copy of the request for subpoena, or a copy of the subpoena in the case of an attorney-issued subpoena, a statement informing them of their rights and remedies. The statement shall include the following language and the heading shall be in boldface capital letters:

NOTICE TO INDIVIDUAL

The attached document means that (insert name of party requesting or causing issuance of the subpoena) has either asked the court or administrative agency to issue a subpoena or a subpoena has been issued by the other party's attorney to your doctor, other health care providers (names of health care providers inserted here) or other health care entity (name of health care entity to be inserted here) requiring them to produce your health records. Your doctor, other health care provider or other health care entity is required to respond by providing a copy of your health records. If you believe your health records should not be disclosed and object to their disclosure, you have the right to file a motion with the clerk of the court or the administrative agency to quash the subpoena. If you elect to file a motion to quash, such motion must be filed within

15 days of the date of the request or of the attorney-issued subpoena. You may contact the clerk's office or the administrative agency to determine the requirements that must be satisfied when filing a motion to quash and you may elect to contact an attorney to represent your interest. If you elect to file a motion to quash, you must notify your doctor, other health care provider(s), or other health care entity, that you are filing the motion so that the health care provider or health care entity knows to send the health records to the clerk of court or administrative agency in a sealed envelope or package for safekeeping while your motion is decided.

2. Any party filing a request for a subpoena duces tecum or causing such a subpoena to be issued for an individual's health records shall include a Notice in the same part of the request in which the recipient of the subpoena duces tecum is directed where and when to return the health records. Such notice shall be in boldface capital letters and shall include the following language:

NOTICE TO HEALTH CARE ENTITIES

A COPY OF THIS SUBPOENA DUCES TECUM HAS BEEN PROVIDED TO THE INDIVIDUAL WHOSE HEALTH RECORDS ARE BEING REQUESTED OR HIS COUNSEL. YOU OR THAT INDIVIDUAL HAS THE RIGHT TO FILE A MOTION TO QUASH (OBJECT TO) THE ATTACHED SUBPOENA. IF YOU ELECT TO FILE A MOTION TO QUASH, YOU MUST FILE THE MOTION WITHIN 15 DAYS OF THE DATE OF THIS SUBPOENA.

YOU MUST NOT RESPOND TO THIS SUBPOENA UNTIL YOU HAVE RECEIVED WRITTEN CERTIFICATION FROM THE PARTY ON WHOSE BEHALF THE SUBPOENA WAS ISSUED THAT THE TIME FOR FILING A MOTION TO QUASH HAS ELAPSED AND THAT:

NO MOTION TO QUASH WAS FILED; OR

ANY MOTION TO QUASH HAS BEEN RESOLVED BY THE COURT OR THE ADMINISTRATIVE AGENCY AND THE DISCLOSURES SOUGHT ARE CONSISTENT WITH SUCH RESOLUTION.

IF YOU RECEIVE NOTICE THAT THE INDIVIDUAL WHOSE HEALTH RECORDS ARE BEING REQUESTED HAS FILED A MOTION TO QUASH THIS SUBPOENA, OR IF YOU FILE A MOTION TO QUASH THIS SUBPOENA, YOU MUST SEND THE HEALTH RECORDS ONLY TO THE CLERK OF THE COURT OR ADMINISTRATIVE AGENCY THAT ISSUED THE SUBPOENA OR IN WHICH THE ACTION IS PENDING AS SHOWN ON THE SUBPOENA USING THE FOLLOWING PROCEDURE:

PLACE THE HEALTH RECORDS IN A SEALED ENVELOPE AND ATTACH TO THE SEALED ENVELOPE A COVER LETTER TO THE CLERK OF COURT OR ADMINISTRATIVE AGENCY WHICH STATES THAT CONFIDENTIAL HEALTH RECORDS ARE ENCLOSED AND ARE TO BE HELD UNDER SEAL PENDING A RULING ON THE MOTION TO QUASH THE SUBPOENA. THE SEALED ENVELOPE AND THE COVER LETTER SHALL BE PLACED IN AN OUTER ENVELOPE OR PACKAGE FOR TRANSMITTAL TO THE COURT OR ADMINISTRATIVE AGENCY.

3. Upon receiving a valid subpoena duces tecum for health records, health care entities shall have the duty to respond to the subpoena in accordance with the provisions of subdivisions 4, 5, 6, 7, and 8.

4. Except to deliver to a clerk of the court or administrative agency subpoenaed health records in a sealed envelope as set forth, health care entities shall not respond to a subpoena duces tecum for such health records until they have received a certification as set forth in subdivision 5 or 8 from the party on whose behalf the subpoena duces tecum was issued.

If the health care entity has actual receipt of notice that a motion to quash the subpoena has been filed or if the health care entity files a motion to quash the subpoena for health records, then the health care entity shall produce the health records, in a securely sealed envelope, to the clerk of the court or administrative agency issuing the subpoena or in whose court or administrative agency the action is pending. The court or administrative agency shall place the health records under seal until a determination is made regarding the motion to quash. The securely sealed envelope shall only be opened on order of the judge or administrative agency. In the event the court or administrative agency grants the motion to quash, the health records shall be returned to the health care entity in the same sealed envelope in which they were delivered to the court or administrative agency. In the event that a judge or administrative agency orders the sealed envelope to be opened to review the health records in camera, a copy of the order shall accompany any health records returned to the health care entity. The health records returned to the health care entity shall be in a securely sealed envelope.

5. If no motion to quash is filed within 15 days of the date of the request or of the attorney-issued subpoena, the party on whose behalf the subpoena was issued shall have the duty to certify to the subpoenaed health care entity that the time for filing a motion to quash has elapsed and that no motion to quash was filed. Any health care entity receiving such certification shall have the duty to comply with the subpoena duces tecum by returning the specified health records by either the return date on the subpoena or five days after receipt of the certification, whichever is later.

6. In the event that the individual whose health records are being sought files a motion to quash the subpoena, the court or administrative agency shall decide whether good cause has been shown by the discovering party to compel disclosure of the individual's health records over the individual's objections. In determining whether good cause has been shown, the court or administrative agency shall consider (i) the particular purpose for which the information was collected; (ii) the degree to which the disclosure of the records would embarrass, injure, or invade the privacy of the individual; (iii) the effect of the disclosure on the individual's future health care; (iv) the importance of the information to the lawsuit or proceeding; and (v) any other relevant factor.

7. Concurrent with the court or administrative agency's resolution of a motion to quash, if subpoenaed health records have been submitted by a health care entity to the court or administrative agency in a sealed envelope, the court or

administrative agency shall: (i) upon determining that no submitted health records should be disclosed, return all submitted health records to the health care entity in a sealed envelope; (ii) upon determining that all submitted health records should be disclosed, provide all the submitted health records to the party on whose behalf the subpoena was issued; or (iii) upon determining that only a portion of the submitted health records should be disclosed, provide such portion to the party on whose behalf the subpoena was issued and return the remaining health records to the health care entity in a sealed envelope.

8. Following the court or administrative agency's resolution of a motion to quash, the party on whose behalf the subpoena duces tecum was issued shall have the duty to certify in writing to the subpoenaed health care entity a statement of one of the following:

a. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are consistent with such resolution; and, therefore, the health records previously delivered in a sealed envelope to the clerk of the court or administrative agency will not be returned to the health care entity;

b. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are consistent with such resolution and that, since no health records have previously been delivered to the court or administrative agency by the health care entity, the health care entity shall comply with the subpoena duces tecum by returning the health records designated in the subpoena by the return date on the subpoena or five days after receipt of certification, whichever is later;

c. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are not consistent with such resolution; therefore, no health records shall be disclosed and all health records previously delivered in a sealed envelope to the clerk of the court or administrative agency will be returned to the health care entity;

d. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are not consistent with such resolution and that only limited disclosure has been authorized. The certification shall state that only the portion of the health records as set forth in the certification, consistent with the court or administrative agency's ruling, shall be disclosed. The certification shall also state that health records that were previously delivered to the court or administrative agency for which disclosure has been authorized will not be returned to the health care entity; however, all health records for which disclosure has not been authorized will be returned to the health care entity; or

e. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are not consistent with such resolution and, since no health records have previously been delivered to the court or administrative agency by the health care entity, the health care entity shall return only those health records specified in the certification, consistent with the court or administrative agency's ruling, by the return date on the subpoena or five days after receipt of the certification, whichever is later.

A copy of the court or administrative agency's ruling shall accompany any certification made pursuant to this subdivision.

9. The provisions of this subsection have no application to subpoenas for health records requested under § 8.01-413, or issued by a duly authorized administrative agency conducting an investigation, audit, review or proceedings regarding a health care entity's conduct.

The provisions of this subsection shall apply to subpoenas for the health records of both minors and adults.

Nothing in this subsection shall have any effect on the existing authority of a court or administrative agency to issue a protective order regarding health records, including, but not limited to, ordering the return of health records to a health care entity, after the period for filing a motion to quash has passed.

A subpoena for substance abuse records must conform to the requirements of federal law found in 42 C.F.R. Part 2, Subpart E.

I. Health care entities may testify about the health records of an individual in compliance with §§ 8.01-399 and 8.01-400.2.

J. If an individual requests a copy of his health record from a health care entity, the health care entity may impose a reasonable cost-based fee, which shall include only the cost of supplies for and labor of copying the requested information, postage when the individual requests that such information be mailed, and preparation of an explanation or summary of such information as agreed to by the individual. For the purposes of this section, "individual" shall subsume a person with authority to act on behalf of the individual who is the subject of the health record in making decisions related to his health care.

K. Nothing in this section shall prohibit a health care provider who prescribes or dispenses a controlled substance required to be reported to the Prescription Monitoring Program established pursuant to Chapter 25.2 (§ 54.1-2519 et seq.) of Title 54.1 to a patient from disclosing information obtained from the Prescription Monitoring Program and contained in a patient's health care record to another health care provider when such disclosure is related to the care or treatment of the patient who is the subject of the record.

§ 37.2-809. Involuntary temporary detention; issuance and execution of order.

A. For the purposes of this section:

"Designee of the local community services board" means an examiner designated by the local community services board who (i) is skilled in the assessment and treatment of mental illness, (ii) has completed a certification program approved by the Department, (iii) is able to provide an independent examination of the person, (iv) is not related by blood or marriage to the person being evaluated, (v) has no financial interest in the admission or treatment of the person being

evaluated, (vi) has no investment interest in the facility detaining or admitting the person under this article, and (vii) except for employees of state hospitals and of the U.S. Department of Veterans Affairs, is not employed by the facility.

"Employee" means an employee of the local community services board who is skilled in the assessment and treatment of mental illness and has completed a certification program approved by the Department.

"Investment interest" means the ownership or holding of an equity or debt security, including shares of stock in a corporation, interests or units of a partnership, bonds, debentures, notes, or other equity or debt instruments.

B. A magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion and only after an evaluation conducted in-person or by means of a two-way electronic video and audio communication system as authorized in § 37.2-804.1 by an employee or a designee of the local community services board to determine whether the person meets the criteria for temporary detention, a temporary detention order if it appears from all evidence readily available, including any recommendation from a physician or, clinical psychologist, or *clinical social worker* treating the person, that the person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs; (ii) is in need of hospitalization or treatment; and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. The magistrate shall also consider, if available, (a) information provided by the person who initiated emergency custody and (b) the recommendations of any treating or examining physician licensed in Virginia either verbally or in writing prior to rendering a decision. Any temporary detention order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

C. When considering whether there is probable cause to issue a temporary detention order, the magistrate may, in addition to the petition, consider (i) the recommendations of any treating or examining physician or, psychologist, or *clinical social worker* licensed in Virginia, if available, (ii) any past actions of the person, (iii) any past mental health treatment of the person, (iv) any relevant hearsay evidence, (v) any medical records available, (vi) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (vii) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue a temporary detention order.

D. A magistrate may issue a temporary detention order without an emergency custody order proceeding. A magistrate may issue a temporary detention order without a prior evaluation pursuant to subsection B if (i) the person has been personally examined within the previous 72 hours by an employee or a designee of the local community services board or (ii) there is a significant physical, psychological, or medical risk to the person or to others associated with conducting such evaluation.

E. An employee or a designee of the local community services board shall determine the facility of temporary detention in accordance with the provisions of § 37.2-809.1 for all individuals detained pursuant to this section. An employee or designee of the local community services board may change the facility of temporary detention and may designate an alternative facility for temporary detention at any point during the period of temporary detention if it is determined that the alternative facility is a more appropriate facility for temporary detention of the individual given the specific security, medical, or behavioral health needs of the person. In cases in which the facility of temporary detention is changed following transfer of custody to an initial facility of temporary custody, transportation of the individual to the alternative facility of temporary detention shall be provided in accordance with the provisions of § 37.2-810. The initial facility of temporary detention shall be identified on the preadmission screening report and indicated on the temporary detention order; however, if an employee or designee of the local community services board designates an alternative facility, that employee or designee shall provide written notice forthwith, on a form developed by the Executive Secretary of the Supreme Court of Virginia, to the clerk of the issuing court of the name and address of the alternative facility. Subject to the provisions of § 37.2-809.1, if a facility of temporary detention cannot be identified by the time of the expiration of the period of emergency custody pursuant to § 37.2-808, the individual shall be detained in a state facility for the treatment of individuals with mental illness and such facility shall be indicated on the temporary detention order. Except as provided in § 37.2-811 for inmates requiring hospitalization in accordance with subdivision A 2 of § 19.2-169.6, the person shall not be detained in a jail or other place of confinement for persons charged with criminal offenses and shall remain in the custody of law enforcement until the person is either detained within a secure facility or custody has been accepted by the appropriate personnel designated by either the initial facility of temporary detention identified in the temporary detention order or by the alternative facility of temporary detention designated by the employee or designee of the local community services board pursuant to this subsection. The person detained or in custody pursuant to this section shall be given a written summary of the temporary detention procedures and the statutory protections associated with those procedures.

F. Any facility caring for a person placed with it pursuant to a temporary detention order is authorized to provide emergency medical and psychiatric services within its capabilities when the facility determines that the services are in the best interests of the person within its care. The costs incurred as a result of the hearings and by the facility in providing services during the period of temporary detention shall be paid and recovered pursuant to § 37.2-804. The maximum costs reimbursable by the Commonwealth pursuant to this section shall be established by the State Board of Medical Assistance Services based on reasonable criteria. The State Board of Medical Assistance Services shall, by regulation, establish a reasonable rate per day of inpatient care for temporary detention.

G. The employee or the designee of the local community services board who is conducting the evaluation pursuant to this section shall determine, prior to the issuance of the temporary detention order, the insurance status of the person. Where coverage by a third party payor exists, the facility seeking reimbursement under this section shall first seek reimbursement from the third party payor. The Commonwealth shall reimburse the facility only for the balance of costs remaining after the allowances covered by the third party payor have been received.

H. The duration of temporary detention shall be sufficient to allow for completion of the examination required by § 37.2-815, preparation of the preadmission screening report required by § 37.2-816, and initiation of mental health treatment to stabilize the person's psychiatric condition to avoid involuntary commitment where possible, but shall not exceed 72 hours prior to a hearing. If the 72-hour period herein specified terminates on a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed, the person may be detained, as herein provided, until the close of business on the next day that is not a Saturday, Sunday, legal holiday, or day on which the court is lawfully closed. The person may be released, pursuant to § 37.2-813, before the 72-hour period herein specified has run.

I. If a temporary detention order is not executed within 24 hours of its issuance, or within a shorter period as is specified in the order, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if the office is not open, to any magistrate serving the jurisdiction of the issuing court. Subsequent orders may be issued upon the original petition within 96 hours after the petition is filed. However, a magistrate must again obtain the advice of an employee or a designee of the local community services board prior to issuing a subsequent order upon the original petition. Any petition for which no temporary detention order or other process in connection therewith is served on the subject of the petition within 96 hours after the petition is filed shall be void and shall be returned to the office of the clerk of the issuing court.

J. The Executive Secretary of the Supreme Court of Virginia shall establish and require that a magistrate, as provided by this section, be available seven days a week, 24 hours a day, for the purpose of performing the duties established by this section. Each community services board shall provide to each general district court and magistrate's office within its service area a list of its employees and designees who are available to perform the evaluations required herein.

K. For purposes of this section, a health care provider or designee of a local community services board or behavioral health authority shall not be required to encrypt any email containing information or medical records provided to a magistrate unless there is reason to believe that a third party will attempt to intercept the email.

L. If the employee or designee of the community services board who is conducting the evaluation pursuant to this section recommends that the person should not be subject to a temporary detention order, such employee or designee shall (i) inform the petitioner, the person who initiated emergency custody if such person is present, and an onsite treating physician of his recommendation; (ii) promptly inform such person who initiated emergency custody that the community services board will facilitate communication between the person and the magistrate if the person disagrees with recommendations of the employee or designee of the community services board who conducted the evaluation and the person who initiated emergency custody so requests; and (iii) upon prompt request made by the person who initiated emergency custody, arrange for such person who initiated emergency custody to communicate with the magistrate as soon as is practicable and prior to the expiration of the period of emergency custody. The magistrate shall consider any information provided by the person who initiated emergency custody and any recommendations of the treating or examining physician and the employee or designee of the community services board who conducted the evaluation and consider such information and recommendations in accordance with subsection B in making his determination to issue a temporary detention order. The individual who is the subject of emergency custody shall remain in the custody of law enforcement or a designee of law enforcement and shall not be released from emergency custody until communication with the magistrate pursuant to this subsection has concluded and the magistrate has made a determination regarding issuance of a temporary detention order.

M. For purposes of this section, "person who initiated emergency custody" means any person who initiated the issuance of an emergency custody order pursuant to § 37.2-808 or a law-enforcement officer who takes a person into custody pursuant to subsection G of § 37.2-808.

§ 38.2-608. Access to recorded personal information.

A. If any individual, after proper identification, submits a written request to an insurance institution, agent, or insurance-support organization for access to recorded personal information about the individual that is reasonably described by the individual and reasonably able to be located and retrieved by the insurance institution, agent, or insurance-support organization, the insurance institution, agent, or insurance-support organization shall within 30 business days from the date the request is received:

1. Inform the individual of the nature and substance of the recorded personal information in writing, by telephone, or by other oral communication, whichever the insurance institution, agent, or insurance-support organization prefers;

2. Permit the individual to see and copy, in person, the recorded personal information pertaining to him or to obtain a copy of the recorded personal information by mail, whichever the individual prefers, unless the recorded personal information is in coded form, in which case an accurate translation in plain language shall be provided in writing;

3. Disclose to the individual the identity, if recorded, of those persons to whom the insurance institution, agent, or insurance-support organization has disclosed the personal information within two years prior to such request, and if the identity is not recorded, the names of those insurance institutions, agents, insurance-support organizations or other persons to whom such information is normally disclosed; and

4. Provide the individual with a summary of the procedures by which he may request correction, amendment, or deletion of recorded personal information.

B. Any personal information provided pursuant to subsection A of this section shall identify the source of the information if it is an institutional source.

C. Medical-record information supplied by a medical-care institution or medical professional and requested under subsection A of this section, together with the identity of the medical professional or medical care institution that provided the information, shall be supplied either directly to the individual or to a medical professional designated by the individual and licensed to provide medical care with respect to the condition to which the information relates, whichever the individual prefers. If the individual elects to have the information disclosed to a medical professional designated by him, the insurance institution, agent or insurance-support organization shall notify the individual, at the time of the disclosure, that it has provided the information to the medical professional.

However, disclosure directly to the individual may be denied if a treating physician ~~or treating~~, clinical psychologist, or *clinical social worker* has determined, in the exercise of professional judgment, that the disclosure requested would be reasonably likely to endanger the life or physical safety of the individual or another person or that the information requested makes reference to a person other than a health care provider and disclosure of such information would be reasonably likely to cause substantial harm to the referenced person.

If disclosure to the individual is denied, upon the individual's request, the insurance institution, agent or insurance support organization shall either (i) designate a physician ~~or~~, clinical psychologist, or *clinical social worker* acceptable to the insurance institution, agent or insurance support organization, who was not directly involved in the denial, and whose licensure, training, and experience relative to the individual's condition are at least equivalent to that of the physician ~~or~~, clinical psychologist, or *clinical social worker* who made the original determination, who shall, at the expense of the insurance institution, agent or insurance support organization, make a judgment as to whether to make the information available to the individual; or (ii) if the individual so requests, make the information available, at the individual's expense to a physician ~~or~~, clinical psychologist, or *clinical social worker* selected by the individual, whose licensure, training and experience relative to the individual's condition are at least equivalent to that of the physician ~~or~~, clinical psychologist, or *clinical social worker* who made the original determination, who shall make a judgment as to whether to make the information available to the individual. The insurance institution, agent, or insurance support organization shall comply with the judgment of the reviewing physician ~~or~~, clinical psychologist, or *clinical social worker* made in accordance with the foregoing procedures.

D. Except for personal information provided under § 38.2-610, an insurance institution, agent, or insurance-support organization may charge a reasonable fee to cover the costs incurred in providing a copy of recorded personal information to individuals.

E. The obligations imposed by this section upon an insurance institution or agent may be satisfied by another insurance institution or agent authorized to act on its behalf. With respect to the copying and disclosure of recorded personal information pursuant to a request under subsection A of this section, an insurance institution, agent, or insurance-support organization may make arrangements with an insurance-support organization or a consumer reporting agency to copy and disclose recorded personal information on its behalf.

F. The rights granted to individuals in this section shall extend to all natural persons to the extent information about them is collected and maintained by an insurance institution, agent or insurance-support organization in connection with an insurance transaction. The rights granted to all natural persons by this subsection shall not extend to information about them that relates to and is collected in connection with or in reasonable anticipation of a claim or civil or criminal proceeding involving them.

G. For purposes of this section, the term "insurance-support organization" does not include "consumer reporting agency."

§ 53.1-40.2. Involuntary admission of prisoners with mental illness.

A. Upon the petition of the Director or his designee, any district court judge or any special justice, as defined by § 37.2-100, of the county or city where the prisoner is located may issue an order authorizing involuntary admission of a prisoner who is sentenced and committed to the Department of Corrections and who is alleged or reliably reported to have a mental illness to a degree that warrants hospitalization.

B. Such prisoner may be involuntarily admitted to a hospital or facility for the care and treatment of persons with mental illness by complying with the following admission procedures:

1. A hearing on the petition shall be scheduled as soon as possible, allowing the prisoner an opportunity to prepare any defenses which he may have, obtain independent evaluation and expert opinion at his own expense, and summons other witnesses.

2. Prior to such hearing, the judge or special justice shall fully inform the prisoner of the allegations of the petition, the standard upon which he may be admitted involuntarily, the right of appeal from such hearing to the circuit court, and the right to jury trial on appeal. The judge or special justice shall ascertain if the prisoner is represented by counsel, and, if he is not represented by counsel, the judge or special justice shall appoint an attorney to represent the prisoner.

3. The judge or special justice shall require an examination of such prisoner by a psychiatrist, *clinical psychologist*, or *clinical social worker* who is licensed in Virginia ~~or a clinical psychologist who is licensed in Virginia~~ or, if such psychiatrist ~~or~~, clinical psychologist, or *clinical social worker* is not available, a physician or psychologist who is licensed

in Virginia and who is qualified in the diagnosis of mental illness. The judge or special justice shall summons the examiner, who shall certify that he has personally examined the individual and has probable cause to believe that the prisoner does or does not have mental illness, that there does or does not exist a substantial likelihood that, as a result of mental illness, the prisoner will, in the near future, cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, and that the prisoner does or does not require involuntary hospitalization. The judge or special justice may accept written certification of the examiner's findings if the examination has been personally made within the preceding five days and if there is no objection to the acceptance of such written certification by the prisoner or his attorney.

4. If the judge or special justice, after observing the prisoner and obtaining the necessary positive certification and other relevant evidence, finds specifically that (i) the prisoner has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the prisoner will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, and (ii) alternatives to involuntary admission have been investigated and deemed unsuitable and there is no less restrictive alternative to such admission, the judge or special justice shall by written order and specific findings so certify and order that the prisoner be placed in a hospital or other facility designated by the Director for a period not to exceed 180 days from the date of the court order. Such placement shall be in a hospital or other facility for the care and treatment of persons with mental illness that is licensed or operated by the Department of Behavioral Health and Developmental Services.

5. The judge or special justice shall also order that the relevant medical records of such prisoner be released to the hospital, facility, or program in which he is placed upon request of the treating physician or director of the hospital, facility, or program.

6. The Department shall prepare the forms required in procedures for admission as approved by the Attorney General. These forms, which shall be the legal forms used in such admissions, shall be distributed by the Department to the clerks of the general district courts of the various counties and cities of the Commonwealth and to the directors of the respective state hospitals.

§ 54.1-2969. Authority to consent to surgical and medical treatment of certain minors.

A. Whenever any minor who has been separated from the custody of his parent or guardian is in need of surgical or medical treatment, authority commensurate with that of a parent in like cases is conferred, for the purpose of giving consent to such surgical or medical treatment, as follows:

1. Upon judges with respect to minors whose custody is within the control of their respective courts.

2. Upon local directors of social services or their designees with respect to (i) minors who are committed to the care and custody of the local board by courts of competent jurisdiction, (ii) minors who are taken into custody pursuant to § 63.2-1517, and (iii) minors who are entrusted to the local board by the parent, parents or guardian, when the consent of the parent or guardian cannot be obtained immediately and, in the absence of such consent, a court order for such treatment cannot be obtained immediately.

3. Upon the Director of the Department of Corrections or the Director of the Department of Juvenile Justice or his designees with respect to any minor who is sentenced or committed to his custody.

4. Upon the principal executive officers of state institutions with respect to the wards of such institutions.

5. Upon the principal executive officer of any other institution or agency legally qualified to receive minors for care and maintenance separated from their parents or guardians, with respect to any minor whose custody is within the control of such institution or agency.

6. Upon any person standing in loco parentis, or upon a conservator or custodian for his ward or other charge under disability.

B. Whenever the consent of the parent or guardian of any minor who is in need of surgical or medical treatment is unobtainable because such parent or guardian is not a resident of the Commonwealth or his whereabouts is unknown or he cannot be consulted with promptness reasonable under the circumstances, authority commensurate with that of a parent in like cases is conferred, for the purpose of giving consent to such surgical or medical treatment, upon judges of juvenile and domestic relations district courts.

C. Whenever delay in providing medical or surgical treatment to a minor may adversely affect such minor's recovery and no person authorized in this section to consent to such treatment for such minor is available within a reasonable time under the circumstances, no liability shall be imposed upon qualified emergency medical services personnel as defined in § 32.1-111.1 at the scene of an accident, fire or other emergency, a licensed health professional, or a licensed hospital by reason of lack of consent to such medical or surgical treatment. However, in the case of a minor 14 years of age or older who is physically capable of giving consent, such consent shall be obtained first.

D. Whenever delay in providing transportation to a minor from the scene of an accident, fire or other emergency prior to hospital admission may adversely affect such minor's recovery and no person authorized in this section to consent to such transportation for such minor is available within a reasonable time under the circumstances, no liability shall be imposed upon emergency medical services personnel as defined in § 32.1-111.1, by reason of lack of consent to such transportation. However, in the case of a minor 14 years of age or older who is physically capable of giving consent, such consent shall be obtained first.

E. A minor shall be deemed an adult for the purpose of consenting to:

1. Medical or health services needed to determine the presence of or to treat venereal disease or any infectious or contagious disease that the State Board of Health requires to be reported;

2. Medical or health services required in case of birth control, pregnancy or family planning except for the purposes of sexual sterilization;

3. Medical or health services needed in the case of outpatient care, treatment or rehabilitation for substance abuse as defined in § 37.2-100; or

4. Medical or health services needed in the case of outpatient care, treatment or rehabilitation for mental illness or emotional disturbance.

A minor shall also be deemed an adult for the purpose of accessing or authorizing the disclosure of medical records related to subdivisions 1 through 4.

F. Except for the purposes of sexual sterilization, any minor who is or has been married shall be deemed an adult for the purpose of giving consent to surgical and medical treatment.

G. A pregnant minor shall be deemed an adult for the sole purpose of giving consent for herself and her child to surgical and medical treatment relating to the delivery of her child when such surgical or medical treatment is provided during the delivery of the child or the duration of the hospital admission for such delivery; thereafter, the minor mother of such child shall also be deemed an adult for the purpose of giving consent to surgical and medical treatment for her child.

H. Any minor 16 years of age or older may, with the consent of a parent or legal guardian, consent to donate blood and may donate blood if such minor meets donor eligibility requirements. However, parental consent to donate blood by any minor 17 years of age shall not be required if such minor receives no consideration for his blood donation and the procurer of the blood is a nonprofit, voluntary organization.

I. Any judge, local director of social services, Director of the Department of Corrections, Director of the Department of Juvenile Justice, or principal executive officer of any state or other institution or agency who consents to surgical or medical treatment of a minor in accordance with this section shall make a reasonable effort to notify the minor's parent or guardian of such action as soon as practicable.

J. Nothing in subsection G shall be construed to permit a minor to consent to an abortion without complying with § 16.1-241.

K. Nothing in subsection E shall prevent a parent, legal guardian or person standing in loco parentis from obtaining (i) the results of a minor's nondiagnostic drug test when the minor is not receiving care, treatment or rehabilitation for substance abuse as defined in § 37.2-100 or (ii) a minor's other health records, except when the minor's treating physician ~~or the minor's treating~~, clinical psychologist, *or clinical social worker* has determined, in the exercise of his professional judgment, that the disclosure of health records to the parent, legal guardian, or person standing in loco parentis would be reasonably likely to cause substantial harm to the minor or another person pursuant to subsection B of § 20-124.6.

E. Upon dissolution of an emergency medical services agency established pursuant to this section, any property that was in the possession of such emergency medical services agency and that was purchased using public funds shall be offered to a city or county served by the emergency medical services agency to be used for the public good.

1. That the Code of Virginia is amended by adding a section numbered 23.1-401.2 as follows:

§ 23.1-401.2. Student journalists; freedom of speech and the press.

A. As used in this section:

"Institution-sponsored student media" means any material that is prepared, substantially written, published, or broadcast by a student journalist at a public institution of higher education under the direction of a student media adviser and distributed or generally made available to members of the student body. "Institution-sponsored student media" does not include any media intended for distribution or transmission solely in the course in which the media is produced.

"Student journalist" means a student enrolled at a public institution of higher education who gathers, compiles, writes, edits, photographs, records, or prepares information for inclusion in institution-sponsored student media.

"Student media adviser" means an employee of a public institution of higher education who is appointed, designated, or employed to supervise or provide instruction relating to institution-sponsored student media.

B. Except as provided in subsection C, a student journalist has the right to exercise freedom of speech and the press in institution-sponsored student media, including determining the news and opinion content of institution-sponsored student media, regardless of whether the media is supported financially by the governing board of the institution, supported through the use of campus facilities, or produced in conjunction with a course in which the student is enrolled.

C. No student journalist has the right to exercise freedom of speech or the press in institution-sponsored student media when such media:

1. Is libelous or slanderous;

2. Constitutes an unwarranted invasion of privacy;

3. Violates federal or state law; or

4. So incites students as to create a clear and present danger of the commission of an unlawful act, the violation of institution policy, or the material and substantial disruption of the orderly operation of the institution.

D. No student media adviser shall be dismissed, suspended, disciplined, reassigned, or transferred for (i) taking reasonable and appropriate action to protect a student journalist who engages in conduct that is protected by subsection B or (ii) refusing to infringe on conduct by a student journalist that is protected by subsection B, the First Amendment to the United States Constitution, or the Constitution of Virginia.

CHAPTER 948

An Act to amend the Code of Virginia by adding in Article 1 of Chapter 3 of Title 40.1 a section numbered 40.1-28.7:7, relating to covenants not to compete; low-wage employees; civil penalty.

[H 330]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Article 1 of Chapter 3 of Title 40.1 a section numbered 40.1-28.7:7 as follows:

§ 40.1-28.7:7. Covenants not to compete prohibited as to low-wage employees; civil penalty.

A. As used in this section:

"Covenant not to compete" means a covenant or agreement, including a provision of a contract of employment, between an employer and employee that restrains, prohibits, or otherwise restricts an individual's ability, following the termination of the individual's employment, to compete with his former employer. A "covenant not to compete" shall not restrict an employee from providing a service to a customer or client of the employer if the employee does not initiate contact with or solicit the customer or client.

"Low-wage employee" means an employee whose average weekly earnings, calculated by dividing the employee's earnings during the period of 52 weeks immediately preceding the date of termination of employment by 52, or if an

employee worked fewer than 52 weeks, by the number of weeks that the employee was actually paid during the 52-week period, are less than the average weekly wage of the Commonwealth as determined pursuant to subsection B of § 65.2-500. "Low-wage employee" includes interns, students, apprentices, or trainees employed, with or without pay, at a trade or occupation in order to gain work or educational experience. "Low-wage employee" also includes an individual who has independently contracted with another person to perform services independent of an employment relationship and who is compensated for such services by such person at an hourly rate that is less than the median hourly wage for the Commonwealth for all occupations as reported, for the preceding year, by the Bureau of Labor Statistics of the U.S. Department of Labor. For the purposes of this section, "low-wage employee" shall not include any employee whose earnings are derived, in whole or in predominant part, from sales commissions, incentives, or bonuses paid to the employee by the employer.

B. No employer shall enter into, enforce, or threaten to enforce a covenant not to compete with any low-wage employee.

C. Nothing in this section shall serve to limit the creation or application of nondisclosure agreements intended to prohibit the taking, misappropriating, threatening to misappropriate, or sharing of certain information, including trade secrets, as defined in § 59.1-336, and proprietary or confidential information.

D. A low-wage employee may bring a civil action in a court of competent jurisdiction against any former employer or other person that attempts to enforce a covenant not to compete against such employee in violation of this section. An action under this section shall be brought within two years of the latter of (i) the date the covenant not to compete was signed, (ii) the date the low-wage employee learns of the covenant not to compete, (iii) the date the employment relationship is terminated, or (iv) the date the employer takes any step to enforce the covenant not to compete. The court shall have jurisdiction to void any covenant not to compete with a low-wage employee and to order all appropriate relief, including enjoining the conduct of any person or employer, ordering payment of liquidated damages, and awarding lost compensation, damages, and reasonable attorney fees and costs. No employer may discharge, threaten, or otherwise discriminate or retaliate against a low-wage employee for bringing a civil action pursuant to this section.

E. Any employer that violates the provisions of subsection B as determined by the Commissioner shall be subject to a civil penalty of \$10,000 for each violation. Civil penalties owed under this subsection shall be paid to the Commissioner for deposit in the general fund.

F. If the court finds a violation of the provisions of this section, the plaintiff shall be entitled to recover reasonable costs, including costs and reasonable fees for expert witnesses, and attorney fees from the former employer or other person who attempts to enforce a covenant not to compete against such plaintiff.

G. Every employer shall post a copy of this section or a summary approved by the Department in the same location where other employee notices required by state or federal law are posted. An employer that fails to post a copy of this section or an approved summary of this section shall be issued by the Department a written warning for the first violation, shall be subject to a civil penalty not to exceed \$250 for a second violation, and shall be subject to a civil penalty not to exceed \$1,000 for a third and each subsequent violation as determined by the Commissioner. Civil penalties owed under this subsection shall be paid to the Commissioner for deposit in the general fund.

The Commissioner shall prescribe procedures for the payment of proposed assessments of penalties that are not contested by employers. Such procedures shall include provisions for an employer to consent to abatement of the alleged violation and to pay a proposed penalty or a negotiated sum in lieu of such penalty without admission of any civil liability arising from such alleged violation.

2. That the provisions of this act shall be applicable to covenants not to compete that are entered into on or after July 1, 2020.

CHAPTER 949

An Act to amend the Code of Virginia by adding in Article 1 of Chapter 3 of Title 40.1 a section numbered 40.1-28.7:7, relating to covenants not to compete; low-wage employees; civil penalty.

[S 480]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Article 1 of Chapter 3 of Title 40.1 a section numbered 40.1-28.7:7 as follows:

§ 40.1-28.7:7. Covenants not to compete prohibited as to low-wage employees; civil penalty.

A. As used in this section:

"Covenant not to compete" means a covenant or agreement, including a provision of a contract of employment, between an employer and employee that restrains, prohibits, or otherwise restricts an individual's ability, following the termination of the individual's employment, to compete with his former employer. A "covenant not to compete" shall not restrict an employee from providing a service to a customer or client of the employer if the employee does not initiate contact with or solicit the customer or client.

"Low-wage employee" means an employee whose average weekly earnings, calculated by dividing the employee's earnings during the period of 52 weeks immediately preceding the date of termination of employment by 52, or if an employee worked fewer than 52 weeks, by the number of weeks that the employee was actually paid during the 52-week period, are less than the average weekly wage of the Commonwealth as determined pursuant to subsection B of § 65.2-500. "Low-wage employee" includes interns, students, apprentices, or trainees employed, with or without pay, at a trade or occupation in order to gain work or educational experience. "Low-wage employee" also includes an individual who has independently contracted with another person to perform services independent of an employment relationship and who is compensated for such services by such person at an hourly rate that is less than the median hourly wage for the Commonwealth for all occupations as reported, for the preceding year, by the Bureau of Labor Statistics of the U.S. Department of Labor. For the purposes of this section, "low-wage employee" shall not include any employee whose earnings are derived, in whole or in predominant part, from sales commissions, incentives, or bonuses paid to the employee by the employer.

B. No employer shall enter into, enforce, or threaten to enforce a covenant not to compete with any low-wage employee.

C. Nothing in this section shall serve to limit the creation or application of nondisclosure agreements intended to prohibit the taking, misappropriating, threatening to misappropriate, or sharing of certain information, including trade secrets, as defined in § 59.1-336, and proprietary or confidential information.

D. A low-wage employee may bring a civil action in a court of competent jurisdiction against any former employer or other person that attempts to enforce a covenant not to compete against such employee in violation of this section. An action under this section shall be brought within two years of the latter of (i) the date the covenant not to compete was signed, (ii) the date the low-wage employee learns of the covenant not to compete, (iii) the date the employment relationship is terminated, or (iv) the date the employer takes any step to enforce the covenant not to compete. The court shall have jurisdiction to void any covenant not to compete with a low-wage employee and to order all appropriate relief, including enjoining the conduct of any person or employer, ordering payment of liquidated damages, and awarding lost compensation, damages, and reasonable attorney fees and costs. No employer may discharge, threaten, or otherwise discriminate or retaliate against a low-wage employee for bringing a civil action pursuant to this section.

E. Any employer that violates the provisions of subsection B as determined by the Commissioner shall be subject to a civil penalty of \$10,000 for each violation. Civil penalties owed under this subsection shall be paid to the Commissioner for deposit in the general fund.

F. If the court finds a violation of the provisions of this section, the plaintiff shall be entitled to recover reasonable costs, including costs and reasonable fees for expert witnesses, and attorney fees from the former employer or other person who attempts to enforce a covenant not to compete against such plaintiff.

G. Every employer shall post a copy of this section or a summary approved by the Department in the same location where other employee notices required by state or federal law are posted. An employer that fails to post a copy of this section or an approved summary of this section shall be issued by the Department a written warning for the first violation, shall be subject to a civil penalty not to exceed \$250 for a second violation, and shall be subject to a civil penalty not to exceed \$1,000 for a third and each subsequent violation as determined by the Commissioner. Civil penalties owed under this subsection shall be paid to the Commissioner for deposit in the general fund.

The Commissioner shall prescribe procedures for the payment of proposed assessments of penalties that are not contested by employers. Such procedures shall include provisions for an employer to consent to abatement of the alleged violation and to pay a proposed penalty or a negotiated sum in lieu of such penalty without admission of any civil liability arising from such alleged violation.

2. The provisions of this act shall be applicable to covenants not to compete that are entered into on or after July 1, 2020.

CHAPTER 950

B. Any employee who is discharged or in any other manner discriminated against in a manner prohibited by this section may file a complaint with the Commissioner, and the Commissioner, with the written and signed consent of an employee, may

CHAPTER 952

An Act to amend and reenact § 22.1-253.13:2 of the Code of Virginia, relating to minimum staffing ratio for school counselors.

[S 880]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-253.13:2 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-253.13:2. Standard 2. Instructional, administrative, and support personnel.

A. The Board shall establish requirements for the licensing of teachers, principals, superintendents, and other professional personnel.

B. School boards shall employ licensed instructional personnel qualified in the relevant subject areas.

C. Each school board shall assign licensed instructional personnel in a manner that produces divisionwide ratios of students in average daily membership to full-time equivalent teaching positions, excluding special education teachers, principals, assistant principals, school counselors, and librarians, that are not greater than the following ratios: (i) 24 to one in kindergarten with no class being larger than 29 students; if the average daily membership in any kindergarten class exceeds 24 pupils, a full-time teacher's aide shall be assigned to the class; (ii) 24 to one in grades one, two, and three with no class being larger than 30 students; (iii) 25 to one in grades four through six with no class being larger than 35 students; and (iv) 24 to one in English classes in grades six through 12. After September 30 of any school year, anytime the number of students in a class exceeds the class size limit established by this subsection, the local school division shall notify the parent of each student in such class of such fact no later than 10 days after the date on which the class exceeded the class size limit. Such notification shall state the reason that the class size exceeds the class size limit and describe the measures that the local school division will take to reduce the class size to comply with this subsection.

Within its regulations governing special education programs, the Board shall seek to set pupil/teacher ratios for pupils with intellectual disability that do not exceed the pupil/teacher ratios for self-contained classes for pupils with specific learning disabilities.

Further, school boards shall assign instructional personnel in a manner that produces schoolwide ratios of students in average daily memberships to full-time equivalent teaching positions of 21 to one in middle schools and high schools. School divisions shall provide all middle and high school teachers with one planning period per day or the equivalent, unencumbered of any teaching or supervisory duties.

D. Each local school board shall employ with state and local basic, special education, gifted, and career and technical education funds a minimum number of licensed, full-time equivalent instructional personnel for each 1,000 students in average daily membership (ADM) as set forth in the appropriation act. Calculations of kindergarten positions shall be based on full-day kindergarten programs. Beginning with the March 31 report of average daily membership, those school divisions offering half-day kindergarten with pupil/teacher ratios that exceed 30 to one shall adjust their average daily membership for kindergarten to reflect 85 percent of the total kindergarten average daily memberships, as provided in the appropriation act.

E. In addition to the positions supported by basic aid and in support of regular school year programs of prevention, intervention, and remediation, state funding, pursuant to the appropriation act, shall be provided to fund certain full-time equivalent instructional positions for each 1,000 students in grades K through 12 who are identified as needing prevention, intervention, and remediation services. State funding for prevention, intervention, and remediation programs provided pursuant to this subsection and the appropriation act may be used to support programs for educationally at-risk students as identified by the local school boards.

To provide algebra readiness intervention services required by § 22.1-253.13:1, school divisions may employ mathematics teacher specialists to provide the required algebra readiness intervention services. School divisions using the Standards of Learning Algebra Readiness Initiative funding in this manner shall only employ instructional personnel licensed by the Board of Education.

F. In addition to the positions supported by basic aid and those in support of regular school year programs of prevention, intervention, and remediation, state funding, pursuant to the appropriation act, shall be provided to support 17 full-time equivalent instructional positions for each 1,000 students identified as having limited English proficiency, which positions may include dual language teachers who provide instruction in English and in a second language.

To provide flexibility in the instruction of English language learners who have limited English proficiency and who are at risk of not meeting state accountability standards, school divisions may use state and local funds from the Standards of Quality Prevention, Intervention, and Remediation account to employ additional English language learner teachers or dual language teachers to provide instruction to identified limited English proficiency students. Using these funds in this manner is intended to supplement the instructional services provided in this section. School divisions using the SOQ Prevention, Intervention, and Remediation funds in this manner shall employ only instructional personnel licensed by the Board of Education.

G. In addition to the full-time equivalent positions required elsewhere in this section, each local school board shall employ the following reading specialists in elementary schools, one full-time in each elementary school at the discretion of the local school board. One reading specialist employed by each local school board that employs a reading specialist shall have training in the identification of and the appropriate interventions, accommodations, and teaching techniques for students with dyslexia or a related disorder and shall serve as an advisor on dyslexia and related disorders. Such reading specialist shall have an understanding of the definition of dyslexia and a working knowledge of (i) techniques to help a student on the continuum of skills with dyslexia; (ii) dyslexia characteristics that may manifest at different ages and grade levels; (iii) the basic foundation of the keys to reading, including multisensory, explicit, systemic, and structured reading instruction; and (iv) appropriate interventions, accommodations, and assistive technology supports for students with dyslexia.

To provide reading intervention services required by § 22.1-253.13:1, school divisions may employ reading specialists to provide the required reading intervention services. School divisions using the Early Reading Intervention Initiative funds in this manner shall employ only instructional personnel licensed by the Board of Education.

H. Each local school board shall employ, at a minimum, the following full-time equivalent positions for any school that reports fall membership, according to the type of school and student enrollment:

1. Principals in elementary schools, one half-time to 299 students, one full-time at 300 students; principals in middle schools, one full-time, to be employed on a 12-month basis; principals in high schools, one full-time, to be employed on a 12-month basis;

2. Assistant principals in elementary schools, one half-time at 600 students, one full-time at 900 students; assistant principals in middle schools, one full-time for each 600 students; assistant principals in high schools, one full-time for each 600 students; and school divisions that employ a sufficient number of assistant principals to meet this staffing requirement may assign assistant principals to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary;

3. Librarians in elementary schools, one part-time to 299 students, one full-time at 300 students; librarians in middle schools, one-half time to 299 students, one full-time at 300 students, two full-time at 1,000 students; librarians in high schools, one half-time to 299 students, one full-time at 300 students, two full-time at 1,000 students. Local school divisions that employ a sufficient number of librarians to meet this staffing requirement may assign librarians to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary; and

4. School counselors:

a. Effective with the ~~2019-2020~~ 2020-2021 school year, in elementary schools, one hour per day per 75 students, one full-time at 375 students, one hour per day additional time per 75 students or major fraction thereof; in middle schools, one period per 65 students, one full-time at 325 students, one additional period per 65 students or major fraction thereof; in high schools, one period per 60 students, one full-time at 300 students, one additional period per 60 students or major fraction thereof.

b. *Effective with the 2021-2022 school year, local school boards shall employ one full-time equivalent school counselor position per 325 students in grades kindergarten through 12.*

~~b.~~ c. Local school divisions that employ a sufficient number of school counselors to meet the school counselor staffing requirements set forth in this subdivision may assign school counselors to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or high schools.

I. Local school boards shall employ five full-time equivalent positions per 1,000 students in grades kindergarten through five to serve as elementary resource teachers in art, music, and physical education.

J. Local school boards shall employ two full-time equivalent positions per 1,000 students in grades kindergarten through 12, one to provide technology support and one to serve as an instructional technology resource teacher.

To provide flexibility, school divisions may use the state and local funds for instructional technology resource teachers to employ a data coordinator position, an instructional technology resource teacher position, or a data coordinator/instructional resource teacher blended position. The data coordinator position is intended to serve as a resource to principals and classroom teachers in the area of data analysis and interpretation for instructional and school improvement purposes, as well as for overall data management and administration of state assessments. School divisions using these funds in this manner shall employ only instructional personnel licensed by the Board of Education.

K. Local school boards may employ additional positions that exceed these minimal staffing requirements. These additional positions may include, but are not limited to, those funded through the state's incentive and categorical programs as set forth in the appropriation act.

L. A combined school, such as kindergarten through 12, shall meet at all grade levels the staffing requirements for the highest grade level in that school; this requirement shall apply to all staff, except for school counselors, and shall be based on the school's total enrollment; school counselor staff requirements shall, however, be based on the enrollment at the various school organization levels, i.e., elementary, middle, or high school. The Board of Education may grant waivers from these staffing levels upon request from local school boards seeking to implement experimental or innovative programs that are not consistent with these staffing levels.

M. School boards shall, however, annually, on or before December 31, report to the public (i) the actual pupil/teacher ratios in elementary school classrooms in the local school division by school for the current school year; and (ii) the actual pupil/teacher ratios in middle school and high school in the local school division by school for the current school year. Actual pupil/teacher ratios shall include only the teachers who teach the grade and class on a full-time basis and shall exclude resource personnel. School boards shall report pupil/teacher ratios that include resource teachers in the same annual report. Any classes funded through the voluntary kindergarten through third grade class size reduction program shall be identified as such classes. Any classes having waivers to exceed the requirements of this subsection shall also be identified. Schools shall be identified; however, the data shall be compiled in a manner to ensure the confidentiality of all teacher and pupil identities.

N. Students enrolled in a public school on a less than full-time basis shall be counted in ADM in the relevant school division. Students who are either (i) enrolled in a nonpublic school or (ii) receiving home instruction pursuant to § 22.1-254.1, and who are enrolled in public school on a less than full-time basis in any mathematics, science, English, history, social science, career and technical education, fine arts, foreign language, or health education or physical education course shall be counted in the ADM in the relevant school division on a pro rata basis as provided in the appropriation act. Each such course enrollment by such students shall be counted as 0.25 in the ADM; however, no such nonpublic or home school student shall be counted as more than one-half a student for purposes of such pro rata calculation. Such calculation shall not include enrollments of such students in any other public school courses.

O. Each local school board shall provide those support services that are necessary for the efficient and cost-effective operation and maintenance of its public schools.

For the purposes of this title, unless the context otherwise requires, "support services positions" shall include the following:

1. Executive policy and leadership positions, including school board members, superintendents and assistant superintendents;

2. Fiscal and human resources positions, including fiscal and audit operations;

3. Student support positions, including (i) social workers and social work administrative positions; (ii) school counselor administrative positions not included in subdivision H 4; (iii) homebound administrative positions supporting instruction; (iv) attendance support positions related to truancy and dropout prevention; and (v) health and behavioral positions, including school nurses and school psychologists;

4. Instructional personnel support, including professional development positions and library and media positions not included in subdivision H 3;

5. Technology professional positions not included in subsection J;

6. Operation and maintenance positions, including facilities; pupil transportation positions; operation and maintenance professional and service positions; and security service, trade, and laborer positions;

7. Technical and clerical positions for fiscal and human resources, student support, instructional personnel support, operation and maintenance, administration, and technology; and

8. School-based clerical personnel in elementary schools; part-time to 299 students, one full-time at 300 students; clerical personnel in middle schools; one full-time and one additional full-time for each 600 students beyond 200 students and one full-time for the library at 750 students; clerical personnel in high schools; one full-time and one additional full-time for each 600 students beyond 200 students and one full-time for the library at 750 students. Local school divisions that employ a sufficient number of school-based clerical personnel to meet this staffing requirement may assign the clerical personnel to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary.

Pursuant to the appropriation act, support services shall be funded from basic school aid.

School divisions may use the state and local funds for support services to provide additional instructional services.

P. Notwithstanding the provisions of this section, when determining the assignment of instructional and other licensed personnel in subsections C through J, a local school board shall not be required to include full-time students of approved virtual school programs.

2. That the provisions of this act shall not become effective unless an appropriation effectuating the purposes of this act is included in a general appropriation act passed in 2020 by the General Assembly that becomes law.

CHAPTER 953

An Act to amend and reenact § 22.1-253.13:2 of the Code of Virginia, relating to minimum staffing ratio for school counselors.

[H 1508]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-253.13:2 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-253.13:2. Standard 2. Instructional, administrative, and support personnel.

A. The Board shall establish requirements for the licensing of teachers, principals, superintendents, and other professional personnel.

B. School boards shall employ licensed instructional personnel qualified in the relevant subject areas.

C. Each school board shall assign licensed instructional personnel in a manner that produces divisionwide ratios of students in average daily membership to full-time equivalent teaching positions, excluding special education teachers, principals, assistant principals, school counselors, and librarians, that are not greater than the following ratios: (i) 24 to one in kindergarten with no class being larger than 29 students; if the average daily membership in any kindergarten class exceeds 24 pupils, a full-time teacher's aide shall be assigned to the class; (ii) 24 to one in grades one, two, and three with no class being larger than 30 students; (iii) 25 to one in grades four through six with no class being larger than 35 students; and (iv) 24 to one in English classes in grades six through 12. After September 30 of any school year, anytime the number of students in a class exceeds the class size limit established by this subsection, the local school division shall notify the parent of each student in such class of such fact no later than 10 days after the date on which the class exceeded the class size limit. Such notification shall state the reason that the class size exceeds the class size limit and describe the measures that the local school division will take to reduce the class size to comply with this subsection.

Within its regulations governing special education programs, the Board shall seek to set pupil/teacher ratios for pupils with intellectual disability that do not exceed the pupil/teacher ratios for self-contained classes for pupils with specific learning disabilities.

Further, school boards shall assign instructional personnel in a manner that produces schoolwide ratios of students in average daily memberships to full-time equivalent teaching positions of 21 to one in middle schools and high schools. School divisions shall provide all middle and high school teachers with one planning period per day or the equivalent, unencumbered of any teaching or supervisory duties.

D. Each local school board shall employ with state and local basic, special education, gifted, and career and technical education funds a minimum number of licensed, full-time equivalent instructional personnel for each 1,000 students in average daily membership (ADM) as set forth in the appropriation act. Calculations of kindergarten positions shall be based on full-day kindergarten programs. Beginning with the March 31 report of average daily membership, those school divisions offering half-day kindergarten with pupil/teacher ratios that exceed 30 to one shall adjust their average daily membership for kindergarten to reflect 85 percent of the total kindergarten average daily memberships, as provided in the appropriation act.

E. In addition to the positions supported by basic aid and in support of regular school year programs of prevention, intervention, and remediation, state funding, pursuant to the appropriation act, shall be provided to fund certain full-time equivalent instructional positions for each 1,000 students in grades K through 12 who are identified as needing prevention, intervention, and remediation services. State funding for prevention, intervention, and remediation programs provided pursuant to this subsection and the appropriation act may be used to support programs for educationally at-risk students as identified by the local school boards.

To provide algebra readiness intervention services required by § 22.1-253.13:1, school divisions may employ mathematics teacher specialists to provide the required algebra readiness intervention services. School divisions using the Standards of Learning Algebra Readiness Initiative funding in this manner shall only employ instructional personnel licensed by the Board of Education.

F. To provide flexibility in the instruction of English language learners who have limited English proficiency and who are at risk of not meeting state accountability standards, school divisions may use state and local funds from the Standards of

Quality Prevention, Intervention, and Remediation account to employ additional English language learner teachers or dual language teachers to provide instruction to identified limited English proficiency students. Using these funds in this manner is intended to supplement the instructional services provided in this section. School divisions using the SOQ Prevention, Intervention, and Remediation funds in this manner shall employ only instructional personnel licensed by the Board of Education.

G. In addition to the full-time equivalent positions required elsewhere in this section, each local school board shall employ the following reading specialists in elementary schools, one full-time in each elementary school at the discretion of the local school board. One reading specialist employed by each local school board that employs a reading specialist shall have training in the identification of and the appropriate interventions, accommodations, and teaching techniques for students with dyslexia or a related disorder and shall serve as an advisor on dyslexia and related disorders. Such reading specialist shall have an understanding of the definition of dyslexia and a working knowledge of (i) techniques to help a student on the continuum of skills with dyslexia; (ii) dyslexia characteristics that may manifest at different ages and grade levels; (iii) the basic foundation of the keys to reading, including multisensory, explicit, systemic, and structured reading instruction; and (iv) appropriate interventions, accommodations, and assistive technology supports for students with dyslexia.

To provide reading intervention services required by § 22.1-253.13:1, school divisions may employ reading specialists to provide the required reading intervention services. School divisions using the Early Reading Intervention Initiative funds in this manner shall employ only instructional personnel licensed by the Board of Education.

H. Each local school board shall employ, at a minimum, the following full-time equivalent positions for any school that reports fall membership, according to the type of school and student enrollment:

1. Principals in elementary schools, one half-time to 299 students, one full-time at 300 students; principals in middle schools, one full-time, to be employed on a 12-month basis; principals in high schools, one full-time, to be employed on a 12-month basis;

2. Assistant principals in elementary schools, one half-time at 600 students, one full-time at 900 students; assistant principals in middle schools, one full-time for each 600 students; assistant principals in high schools, one full-time for each 600 students; and school divisions that employ a sufficient number of assistant principals to meet this staffing requirement may assign assistant principals to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary;

Librarians in elementary schools, one part-time to 299 students, one full-time at 300 students; librarians in middle schools, one-half time to 299 students, one full-time at 300 students, two full-time at 1,000 students; librarians in high schools, one half-time to 299 students, one full-time at 300 students, two full-time at 1,000 students. Local school divisions that employ a sufficient number of librarians to meet this staffing requirement may assign librarians to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary; and

4. School counselors:

a. Effective with the ~~2019-2020~~ 2020-2021 school year, in elementary schools, one hour per day per 75 students, one full-time at 375 students, one hour per day additional time per 75 students or major fraction thereof; in middle schools, one period per 65 students, one full-time at 325 students, one additional period per 65 students or major fraction thereof; in high schools, one period per 60 students, one full-time at 300 students, one additional period per 60 students or major fraction thereof.

b. *Effective with the 2021-2022 school year, local school boards shall employ one full-time equivalent school counselor position per 325 students in grades kindergarten through 12.*

~~b.~~ c. Local school divisions that employ a sufficient number of school counselors to meet the school counselor staffing requirements set forth in this subdivision may assign school counselors to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or high schools.

The data coordinator position is intended to serve as a resource to principals and classroom teachers in the area of data analysis and interpretation for instructional and school improvement purposes, as well as for overall data management and administration of state assessments. School divisions using these funds in this manner shall employ only instructional personnel licensed by the Board of Education.

K. Local school boards may employ additional positions that exceed these minimal staffing requirements. These additional positions may include, but are not limited to, those funded through the state's incentive and categorical programs as set forth in the appropriation act.

L. A combined school, such as kindergarten through 12, shall meet at all grade levels the staffing requirements for the highest grade level in that school; this requirement shall apply to all staff, except for school counselors, and shall be based on the school's total enrollment; school counselor staff requirements shall, however, be based on the enrollment at the various school organization levels, i.e., elementary, middle, or high school. [H 1552]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 3.2-6500 of the Code of Virginia is amended and reenacted as follows:

§ 3.2-6500. Definitions.

As used in this chapter unless the context requires a different meaning:

"Abandon" means to desert, forsake, or absolutely give up an animal without having secured another owner or custodian for the animal or by failing to provide the elements of basic care as set forth in § 3.2-6503 for a period of four consecutive days.

"Adequate care" or "care" means the responsible practice of good animal husbandry, handling, production, management, confinement, feeding, watering, protection, shelter, transportation, treatment, and, when necessary, euthanasia, appropriate for the age, species, condition, size and type of the animal and the provision of veterinary care when needed to prevent suffering or impairment of health.

"Adequate exercise" or "exercise" means the opportunity for the animal to move sufficiently to maintain normal muscle tone and mass for the age, species, size, and condition of the animal.

"Adequate feed" means access to and the provision of food that is of sufficient quantity and nutritive value to maintain each animal in good health; is accessible to each animal; is prepared so as to permit ease of consumption for the age, species, condition, size and type of each animal; is provided in a clean and sanitary manner; is placed so as to minimize contamination by excrement and pests; and is provided at suitable intervals for the species, age, and condition of the animal, but at least once daily, except as prescribed by a veterinarian or as dictated by naturally occurring states of hibernation or fasting normal for the species.

"Adequate shelter" means provision of and access to shelter that is suitable for the species, age, condition, size, and type of each animal; provides adequate space for each animal; is safe and protects each animal from injury, rain, sleet, snow, hail, direct sunlight, the adverse effects of heat or cold, physical suffering, and impairment of health; is properly lighted; is properly cleaned; enables each animal to be clean and dry, except when detrimental to the species; during hot weather, is properly shaded and does not readily conduct heat; during cold weather, has a windbreak at its entrance and provides a quantity of bedding material consisting of ~~straw~~ hay, cedar shavings, or the equivalent that is sufficient to protect the animal from cold and promote the retention of body heat; and, for dogs and cats, provides a solid surface, resting platform, pad, floor mat, or similar device that is large enough for the animal to lie on in a normal manner and can be maintained in a sanitary manner. Under this chapter, shelters whose wire, grid, or slat floors (i) permit the animals' feet to pass through the openings, (ii) sag under the animals' weight, or (iii) otherwise do not protect the animals' feet or toes from injury are not adequate shelter. *The outdoor tethering of an animal shall not constitute the provision of adequate shelter (a) unless the animal is safe from predators and well suited and well equipped to tolerate its environment; (b) during the effective period for a hurricane warning or tropical storm warning issued for the area by the National Weather Service; or (c) (1) during a heat advisory issued by a local or state authority, (2) when the actual or effective outdoor temperature is 85 degrees Fahrenheit or higher or 32 degrees Fahrenheit or lower, or (3) during the effective period for a severe weather warning issued for the area by the National Weather Service, including a winter storm, tornado, or severe thunderstorm warning, unless an animal control officer, having inspected an animal's individual circumstances in clause (c) (1), (2), or (3), has determined the animal to be safe from predators and well suited and well equipped to tolerate its environment.*

"Adequate space" means sufficient space to allow each animal to (i) easily stand, sit, lie, turn about, and make all other normal body movements in a comfortable, normal position for the animal and (ii) interact safely with other animals in the enclosure. When an animal is tethered, "adequate space" means that the tether to which the animal is attached permits the above actions and is appropriate to the age and size of the animal; is attached to the animal by a properly applied collar, halter, or harness that is configured so as to protect the animal from injury and prevent the animal or tether from becoming entangled with other objects or animals, or from extending over an object or edge that could result in the strangulation or injury of the animal; is at least ~~ten~~ 15 feet in length or ~~three~~ four times the length of the animal, as measured from the tip of its nose to the base of its tail, whichever is greater, except when the animal is being walked on a leash or is attached by a tether to a lead line *or when an animal control officer, having inspected an animal's individual circumstances, has determined that in such an individual case, a tether of at least 10 feet or three times the length of the animal, but shorter than 15 feet or four times the length of the animal, makes the animal more safe, more suited, and better equipped to tolerate its environment than a longer tether;* does not, by its material, size, or weight or any other characteristic, cause injury or pain to the animal; does not weigh more than one-tenth of the animal's body weight; and does not have weights or other heavy objects attached to it. The walking of an animal on a leash by its owner shall not constitute the tethering of the animal for the purpose of this definition. When freedom of movement would endanger the animal, temporarily and appropriately restricting movement of the animal according to professionally accepted standards for the species is considered provision of adequate space. The provisions of this definition that relate to tethering shall not apply to agricultural animals.

"Adequate water" means provision of and access to clean, fresh, potable water of a drinkable temperature that is provided in a suitable manner, in sufficient volume, and at suitable intervals appropriate for the weather and temperature, to maintain normal hydration for the age, species, condition, size and type of each animal, except as prescribed by a veterinarian or as dictated by naturally occurring states of hibernation or fasting normal for the species; and is provided in clean, durable receptacles that are accessible to each animal and are placed so as to minimize contamination of the water by excrement and pests or an alternative source of hydration consistent with generally accepted husbandry practices.

§ 29.1-529. Killing of deer, elk or bear damaging fruit trees, crops, livestock, or personal property; wildlife creating a hazard to aircraft or motor vehicles.

A. Whenever deer, elk or bear are damaging fruit trees, crops, livestock or personal property utilized for commercial agricultural production in the Commonwealth, the owner or lessee of the lands on which such damage is done shall immediately report the damage to the Director or his designee for investigation. If after investigation the Director or his designee finds that deer or bear are responsible for the damage, he shall authorize in writing the owner, lessee or any other person designated by the Director or his designee to kill such deer or bear when they are found upon the land upon which the damages occurred. However, the Director or his designee shall have the option of authorizing nonlethal control measures rather than authorizing the killing of elk or bear, provided that such measures occur within a reasonable period of time; and whenever deer cause damage on parcels of land of five acres or less, except when such acreage is used for commercial agricultural production, the Director or his designee shall have discretion as to whether to issue a written authorization to kill the deer. The Director or his designee may limit such authorization by specifying in writing the number of animals to be killed and duration for which the authorization is effective and may in proximity to residential areas and under other appropriate circumstances limit or prohibit the authorization between 11:00 p.m. and one-half hour before sunrise of the following day. The Director or his designees issuing these authorizations shall specify in writing that only antlerless deer shall be killed, unless the Director or his designee determines that there is clear and convincing evidence that the damage was done by deer with antlers. Any owner or lessee of land who has been issued a written authorization shall not be issued an authorization in subsequent years unless he can demonstrate to the satisfaction of the Director or his designee that during the period following the prior authorization, the owner or his designee has hunted bear or deer on the land for which he received a previous authorization.

B. Subject to the provisions of subsection A, the Director or his designee may issue a written authorization to kill deer causing damage to residential plants, whether ornamental, noncommercial agricultural, or other types of residential plants. The Director may charge a fee not to exceed actual costs. The holder of this written authorization shall be subject to local ordinances, including those regulating the discharge of firearms.

C. Whenever wildlife is creating a hazard to the operation of any aircraft or to the facilities connected with the operation of aircraft, the person or persons responsible for the safe operation of the aircraft or facilities shall report such fact to the Director or his designee for investigation. If after investigation the Director or his designee finds that wildlife is creating a hazard, he shall authorize such person or persons or their representatives to kill wildlife when the wildlife is found to be creating such a hazard. As used in this subsection, the term "wildlife" shall not include any federally protected species.

D. Whenever deer are creating a hazard to the operation of motor vehicle traffic within the corporate limits of any city or town, the operator of a motor vehicle or chief law-enforcement officer of the city or town may report such fact to the Director or his designee for investigation. If after investigation the Director or his designee finds that deer are creating a hazard within such city or town, he may authorize responsible persons, or their representatives, to kill the deer when they are found to be creating such a hazard.

E. Whenever deer are damaging property in a locality in which deer herd population reduction has been recommended in the current Deer Management Plan adopted by the Board, the owner or lessee of the lands on which such damage is being done may report such damage to the Director or his designee for investigation. If after investigation the Director or his designee finds that deer are responsible for the damage, he may authorize in writing the owner, lessee or any other person designated by the Director or his designee to kill such deer when they are found upon the land upon which the damages occurred. The Director or his designee also may limit such authorization by specifying in writing the number of animals to be killed and the period of time for which the authorization is effective. The requirement in subsection A of this section, that an owner or lessee of land demonstrate that during the period following the prior authorization deer or bear have been

hunted on his land, shall not apply to any locality that conducts a deer population control program authorized by the Department.

F. The Director or his designee may revoke or refuse to reissue any authorization granted under this section when it has been shown by a preponderance of the evidence that an abuse of the authorization has occurred. Such evidence may include a complaint filed by any person with the Department alleging that an abuse of the written authorization has occurred. Any person aggrieved by the issuance, denial or revocation of a written authorization can appeal the decision to the Department of Game and Inland Fisheries. Any person convicted of violating any provision of the hunting and trapping laws and regulations shall be entitled to receive written authorization to kill deer or bear. However, such person shall not (i) be designated as a shooter nor (ii) carry out the authorized activity for a person who has received such written authorization for a period of at least two years and up to five years following his most recent conviction for violating any provision of the hunting and trapping laws and regulations. In determining the appropriate length of this restriction, the Director shall take into account the nature and severity of the most recent violation and of any past violations of the hunting and trapping laws and regulations by the applicant. No person shall be designated as a shooter under this section during a period when such person's hunting license or privileges to hunt have been suspended or revoked.

G. The Director or his designee may authorize, subject to the provisions of this section, the killing of deer over bait within the political boundaries of any city or town, or any county with a special late antlerless season, in the Commonwealth when requested by a certified letter from the governing body of such locality.

H. The parts of any deer or bear killed pursuant to this section or wildlife killed pursuant to subsection C shall not be used for the purposes of taxidermy, mounts, or any public display unless authorized by the Director or his designee. However, the meat of any such animal may be used for human consumption. The carcass and any unused meat of any such animal shall be disposed of within 24 hours of being killed. Any person who violates any provision of this subsection is guilty of a Class 3 misdemeanor.

I. It is unlawful to willfully and intentionally impede any person who is engaged in the lawful killing of a bear or deer pursuant to written authorization issued under this section. Any person convicted of a violation of this subsection is guilty of a Class 3 misdemeanor.

A. For the purposes of this section, "solid blaze orange" means a safety orange or fluorescent orange hue and "solid blaze pink" means a safety pink or fluorescent pink hue.

B. During any firearms deer season, except during the special season for hunting deer with a muzzle-loading rifle only, in counties and cities designated by the Board, every hunter and every person accompanying a hunter shall (i) wear a solid blaze orange or solid blaze pink hat, except that the bill or brim of the hat may be a color or design other than solid blaze orange or solid blaze pink, or solid blaze orange or solid blaze pink upper body clothing that is visible from 360 degrees, (ii) display at least 100 square inches of solid blaze orange or solid blaze pink material at shoulder level within body reach visible from 360 degrees, or (iii) when hunting from an enclosed ground blind, display at least 100 square inches of solid blaze orange or solid blaze pink material visible from 360 degrees attached to or immediately above a blind.

C. During the special season for hunting deer with a muzzle-loading rifle only, in counties and cities designated by the Board, every muzzleloader deer hunter and every person accompanying a muzzleloader deer hunter shall wear (i) a solid blaze orange or solid blaze pink hat, except that the bill or brim of the hat may be a color or design other than solid blaze orange or solid blaze pink, or (ii) solid blaze orange or solid blaze pink upper body clothing, either of which shall be visible from 360 degrees, unless such person is physically located in a tree stand or other stationary hunting location.

D. Any person violating the provisions of this section shall, upon conviction, pay a fine of \$25.

E. Violations of this section shall not be admissible in any civil action for personal injury or death as evidence of negligence, contributory negligence, or assumption of the risk.

F. This section shall not apply when (i) hunting waterfowl from stationary or floating blinds, (ii) hunting waterfowl over decoys, (iii) hunting waterfowl in wetlands as defined in § 28.2-1300, (iv) hunting waterfowl from a boat or other floating conveyance, (v) hunting doves, (vi) participating in hunting dog field trials permitted by the Board of Game and Inland Fisheries, (vii) on horseback while hunting foxes with hounds but without firearms, or (viii) hunting with a bow and arrow in areas where the discharge of firearms is prohibited by state law or local ordinance.

§ 29.1-530.4. Duty of certain entities to report hunting incidents.

Any law-enforcement agency or emergency medical services provider that receives a report that a person engaged in hunting as defined in § 29.1-100 has suffered serious bodily injury or death shall immediately give notice of the incident to the Department of Game and Inland Fisheries.

§ 29.1-532. Dams and fishways.

Any dam or other object in a watercourse, which obstructs navigation or the passage of fish, shall be deemed a nuisance, unless it is used to work a mill, factory or other machine or engine useful to the public, and is allowed by law or order of court. Any person owning or having control of any dam or other obstruction in the streams of the Commonwealth which may interfere with the free passage of anadromous and other migratory fish, shall provide every such dam or other obstruction with a suitable fishway unless the Board considers it unnecessary. The purpose of such a fishway is for anadromous and other migratory fish to have free passage up and down the streams during March, April, May and June, and down the streams throughout the remaining months. "Suitable fishway" means a fishway which passes significant numbers of the target fishes, as determined by the Board.

Owners of such dams or other authorized obstructions shall maintain and keep fishways operational, in good repair, and restore them in case of destruction.

Owners of dams or other obstructions which are not authorized by law must have the obstacles removed at their expense when the Board determines that the obstacles interfere with the free passage of anadromous and other migratory fish within the streams of the Commonwealth.

The circuit court of the county or city in which the dam is situated, after reasonable notice to the parties or party interested and upon satisfactory proof of the failure to comply, may order any necessary construction or destruction to be initiated or put in good repair at the expense of the owner of the dam or other obstruction. All such construction or destruction must be initiated within one year of the court order and completed within three years of the court order.

Any person failing to comply with this section shall pay as a penalty a percentage of the estimated cost of construction or destruction equal to the percentage specified on the judgment rate of interest pursuant to § 6.2-302, and the Board shall provide construction or destruction cost estimates.

Penalties collected pursuant to this section shall be directed to the Department of ~~Game and Inland Fisheries~~.

This section shall not apply to the Meherrin River within the Counties of Brunswick and Greensville, nor to the Meherrin River within or between the Counties of Lunenburg and Mecklenburg, nor to the Nottoway River between the Counties of Lunenburg and Nottoway, nor to Abram's Creek in Shawnee district, Frederick County, nor to the James River between the City of Lynchburg and the County of Amherst, nor to the James River within the City of Richmond and between the City of Richmond and Henrico County, except that the exemption for those dams west of Virginia Route 161 which are located on the James River within the City of Richmond and between the City of Richmond and Henrico County shall expire on January 1, 1990, nor any streams within the Counties of Augusta, Lunenburg, Mecklenburg, Louisa, Buckingham, Halifax, Montgomery, Pulaski, Franklin, Russell, Tazewell, Giles, Bland, Craig, Wythe, Carroll and Grayson, nor to that part of any stream that forms a part of the boundary of Halifax and Franklin Counties. Furthermore, no fish ladders shall be required on dams twenty feet or more in height. The City of Richmond shall continue to work with the Department of ~~Game and Inland Fisheries~~ toward implementing and funding a plan for breaching dams to provide fishways for the passage of anadromous and other migratory fish.

§ 29.1-735.3. Regulation of parasail operators.

The Board of ~~Game and Inland Fisheries~~ shall promulgate regulations applicable to the commercial operations of parasail operators on waters of the Commonwealth. Such regulations shall take into consideration the operating standards and guidelines of the Professional Association of Parasail Operators.

§ 33.2-909. Abandonment of highway, landing, or railroad crossing; procedure.

A. The governing body of any county on its own motion or upon petition of any interested landowner may cause any section of the secondary state highway system, or any crossing by the highway of the lines of a railroad company or crossing by the lines of a railroad company of the highway, deemed by it to be no longer necessary for the uses of the secondary state highway system to be abandoned altogether as a public highway, a public landing, or a public railroad crossing by complying substantially with the procedure provided in this section.

B. The governing body of the county shall give notice of its intention to abandon any such highway, landing, or railroad crossing (i) by posting a notice of such intention at least three days before the first day of a regular term of the circuit court at the front door of the courthouse of the county in which the section of the highway, landing, or railroad crossing sought to be abandoned as a public highway, public landing, or public railroad crossing is located or (ii) by posting notice in at least three places on and along the highway, landing, or railroad crossing sought to be abandoned for at least 30 days and in either case by publishing notice of its intention in two or more issues of a newspaper having general circulation in the county. In addition, the governing body of the county shall give notice of its intention to abandon such highway, landing, or railroad crossing to the Board or the Commissioner of Highways. In any case in which the highway, landing, or railroad crossing proposed to be abandoned lies in two or more counties, the governing bodies of such counties shall not abandon such highway, landing, or railroad crossing unless and until all affected governing bodies agree. The procedure in such cases shall conform mutatis mutandis to the procedure prescribed for the abandonment of a highway, landing, or railroad crossing located entirely within a county.

When the governing body of a county gives notice of intention to abandon a public landing, the governing body shall also give such notice to the Department of ~~Game and Inland Fisheries~~ *Wildlife Resources*.

C. If one or more landowners in the county whose property abuts the highway, landing, or railroad crossing proposed to be abandoned, or if only a section of a highway, landing, or railroad crossing is proposed to be abandoned, whose property abuts such section, or the Board or the Department of ~~Game and Inland Fisheries~~ *Wildlife Resources*, in the case of a public landing, files a petition with the governing body of the county within 30 days after notice is posted and published as provided in this section, the governing body of the county shall hold a public hearing on the proposed abandonment and shall give notice of the time and place of the hearing by publishing such information in at least two issues in a newspaper having general circulation in the county and shall also give notice to the Board or, if a public landing is sought to be abandoned, to the Department of ~~Game and Inland Fisheries~~ *Wildlife Resources*.

D. If a petition for a public hearing is not filed as provided in this section, or if after a public hearing is held the governing body of the county is satisfied that no public necessity exists for the continuance of the section of the secondary highway as a public highway or the railroad crossing as a public railroad crossing or the landing as a public landing or that the safety and welfare of the public would be served best by abandoning the section of highway, the landing, or the railroad crossing as a public highway, public landing, or public railroad crossing, the governing body of the county shall (i) within four months of the 30-day period during which notice was posted where no petition for a public hearing was filed or (ii) within four months after the public hearing adopt an ordinance or resolution abandoning the section of highway as a public highway, or the landing as a public landing, or the railroad crossing as a public railroad crossing, and with that ordinance or resolution the section of highway shall cease to be a public highway, a public landing, or a public railroad

crossing. If the governing body is not so satisfied, it shall dismiss the application within the applicable four months provided in this subsection.

E. A finding by the governing body of a county that a section of the secondary state highway system is no longer necessary for the uses of the secondary state highway system may be made if the following conditions exist:

1. The highway is located within a residence district as defined in § 46.2-100;
2. The residence district is located within a county having a density of population exceeding 1,000 per square mile;
3. Continued operation of the section of highway in question constitutes a threat to the public safety and welfare; and
4. Alternate routes for use after abandonment of the highway are readily available.

F. In considering the abandonment of any section of highway under the provisions of this section, due consideration shall be given to the historic value, if any, of such highway.

G. Any ordinance or resolution of abandonment issued in compliance with this section shall give rise in subsequent proceedings, if any, to a presumption of adequate justification for the abandonment.

H. No public landing shall be abandoned unless the Board of ~~Game and Inland Fisheries~~ *Wildlife Resources* shall by resolution concur in such abandonment.

§ 33.2-910. Appeal to circuit court.

Any one or more of the landowners whose property abuts the highway, landing, or railroad crossing proposed to be abandoned, or if only a section of a highway, landing, or railroad crossing is proposed to be abandoned, whose property abuts such section of the highway, landing, or railroad crossing, and who petitioned for a public hearing under § 33.2-909 or the Commissioner of Highways, or if a public landing is proposed to be abandoned, the Director of the Department of ~~Game and Inland Fisheries~~ *Wildlife Resources*, may within 30 days from the adoption of an ordinance or resolution by the governing body of the county appeal from the ordinance or resolution to the circuit court of the county in which the section of highway, the public landing, or the railroad crossing sought to be abandoned under § 33.2-909 is located. Where the governing body of the county fails to adopt an ordinance or resolution pursuant to § 33.2-909, such person or persons named in this section shall within 30 days from such failure have a right of appeal to the appropriate circuit court. Such appeal shall be filed by petition in the clerk's office of such court, setting out the ordinance or resolution appealed from or the cause appealed from where no ordinance or resolution was adopted and the grounds of such appeal. Upon the filing of such petition, the clerk of the circuit court shall docket the appeal, giving it a preferred status, and if the appeal is by any of the landowners who filed a petition with the governing body of the county for a public hearing, notice of such appeal shall be served upon each member of the governing body of the county pursuant to § 8.01-300 and either the Commissioner of Highways or the Director of the Department of ~~Game and Inland Fisheries~~ *Wildlife Resources*, as applicable, and if the appeal is by either the Commissioner of Highways or the Director of the Department of ~~Game and Inland Fisheries~~ *Wildlife Resources*, notice of such appeal shall be served upon the governing body of the county and the landowners who filed petition with the governing body of the county for a public hearing. No such appeal shall be tried by the court within 10 days after notice is given, as provided in this section unless such notice is waived. The circuit court shall decide the appeal based upon the record and upon such other evidence as may be presented by the parties. Upon the hearing of the appeal, the court shall ascertain and by its order determine whether adequate justification exists for the decision of the governing body of the county that public necessity exists for the continuance of the section of highway, landing, or the railroad crossing as a public highway, public landing, or public railroad crossing or whether the welfare of the public will be served best by abandoning the section of the highway, landing, or the railroad crossing as a public highway, public landing, or public railroad crossing and shall enter its order accordingly.

Upon any such appeal, if it appears to the court that by the abandonment of such section of highway, landing, or railroad crossing as a public highway, public landing, or public railroad crossing any party to such appeal would be deprived of access to a public highway, the court may cause the railroad company and the governing body of the county, or either, to be made parties to the proceedings, if not already parties, and may enter such orders as seem just and proper for keeping open such section of highway, landing, or railroad crossing for the benefit of such party or parties.

B. In the case of any boat or aircraft subject to a chattel mortgage, security agreement, deed of trust, or other instrument securing money, the keeper of the marina, hangar, or tie-down shall have a lien thereon for his reasonable charges for storage under this section not to exceed \$500 and for alteration and repair under § 43-33 not to exceed \$1,000. If the secured party does not, within seven business days of receipt of the notice, take or refuse redelivery to it or its designee, the lienor shall be entitled to priority for the full amount of storage charges, not to exceed \$500. Notwithstanding a redelivery, the watercraft shall be subject to subsection D.

C. In addition, any person furnishing services involving the towing and recovery of a boat or aircraft shall have a lien for all normal costs incident thereto, if the person asserting the lien gives written notice within seven days of receipt of the boat or aircraft by certified mail, return receipt requested, to all secured parties of record at the Department of ~~Game and Inland Fisheries~~ *Wildlife Resources*.

§ 56-46.1. Commission to consider environmental, economic and improvements in service reliability factors in approving construction of electrical utility facilities; approval required for construction of certain electrical transmission lines; notice and hearings.

A. Whenever the Commission is required to approve the construction of any electrical utility facility, it shall give consideration to the effect of that facility on the environment and establish such conditions as may be desirable or necessary to minimize adverse environmental impact. In order to avoid duplication of governmental activities, any valid permit or approval required for an electric generating plant and associated facilities issued or granted by a federal, state or local governmental entity charged by law with responsibility for issuing permits or approvals regulating environmental impact and mitigation of adverse environmental impact or for other specific public interest issues such as building codes, transportation plans, and public safety, whether such permit or approval is granted prior to or after the Commission's decision, shall be deemed to satisfy the requirements of this section with respect to all matters that (i) are governed by the permit or approval or (ii) are within the authority of, and were considered by, the governmental entity in issuing such permit or approval, and the Commission shall impose no additional conditions with respect to such matters. Nothing in this section shall affect the ability of the Commission to keep the record of a case open. Nothing in this section shall affect any right to appeal such permits or approvals in accordance with applicable law. In the case of a proposed facility located in a region that was designated as of July 1, 2001, as serious nonattainment for the one-hour ozone standard as set forth in the federal Clean Air Act, the Commission shall not issue a decision approving such proposed facility that is conditioned upon issuance of any environmental permit or approval. In every proceeding under this subsection, the Commission shall receive and give consideration to all reports that relate to the proposed facility by state agencies concerned with environmental protection; and if requested by any county or municipality in which the facility is proposed to be built, to local comprehensive plans that have been adopted pursuant to Article 3 (§ 15.2-2223 et seq.) of Chapter 22 of Title 15.2. Additionally, the Commission (a) shall consider the effect of the proposed facility on economic development within the Commonwealth, including but not limited to furtherance of the economic and job creation objectives of the Commonwealth Energy Policy set forth in §§ 67-101 and 67-102, and (b) shall consider any improvements in service reliability that may result from the construction of such facility.

B. Subject to the provisions of subsection J, no electrical transmission line of 138 kilovolts or more shall be constructed unless the State Corporation Commission shall, after at least 30 days' advance notice by (i) publication in a newspaper or newspapers of general circulation in the counties and municipalities through which the line is proposed to be

built, (ii) written notice to the governing body of each such county and municipality, and (iii) causing to be sent a copy of the notice by first class mail to all owners of property within the route of the proposed line, as indicated on the map or sketch of the route filed with the Commission, which requirement shall be satisfied by mailing the notice to such persons at such addresses as are indicated in the land books maintained by the commissioner of revenue, director of finance or treasurer of the county or municipality, approve such line. Such notices shall include a written description of the proposed route the line is to follow, as well as a map or sketch of the route including a digital geographic information system (GIS) map provided by the public utility showing the location of the proposed route. The Commission shall make GIS maps provided under this subsection available to the public on the Commission's website. Such notices shall be in addition to the advance notice to the chief administrative officer of the county or municipality required pursuant to § 15.2-2202. As a condition to approval the Commission shall determine that the line is needed and that the corridor or route the line is to follow will reasonably minimize adverse impact on the scenic assets, historic districts and environment of the area concerned. To assist the Commission in this determination, as part of the application for Commission approval of the line, the applicant shall summarize its efforts to reasonably minimize adverse impact on the scenic assets, historic districts, and environment of the area concerned. In making the determinations about need, corridor or route, and method of installation, the Commission shall verify the applicant's load flow modeling, contingency analyses, and reliability needs presented to justify the new line and its proposed method of installation. If the local comprehensive plan of an affected county or municipality designates corridors or routes for electric transmission lines and the line is proposed to be constructed outside such corridors or routes, in any hearing the county or municipality may provide adequate evidence that the existing planned corridors or routes designated in the plan can adequately serve the needs of the company. Additionally, the Commission shall consider, upon the request of the governing body of any county or municipality in which the line is proposed to be constructed, (a) the costs and economic benefits likely to result from requiring the underground placement of the line and (b) any potential impediments to timely construction of the line.

C. If, prior to such approval, any interested party shall request a public hearing, the Commission shall, as soon as reasonably practicable after such request, hold such hearing or hearings at such place as may be designated by the Commission. In any hearing the public service company shall provide adequate evidence that existing rights-of-way cannot adequately serve the needs of the company.

If, prior to such approval, written requests therefor are received from the governing body of any county or municipality through which the line is proposed to be built or from 20 or more interested parties, the Commission shall hold at least one hearing in the area that would be affected by construction of the line, for the purpose of receiving public comment on the proposal. If any hearing is to be held in the area affected, the Commission shall direct that a copy of the transcripts of any previous hearings held in the case be made available for public inspection at a convenient location in the area for a reasonable time before such local hearing.

D. As used in this section, unless the context requires a different meaning:

"Environment" or "environmental" shall be deemed to include in meaning "historic," as well as a consideration of the probable effects of the line on the health and safety of the persons in the area concerned.

"Interested parties" shall include the governing bodies of any counties or municipalities through which the line is proposed to be built, and persons residing or owning property in each such county or municipality.

"Public utility" means a public utility as defined in § 56-265.1.

"Qualifying facilities" means a cogeneration or small power production facility which meets the criteria of 18 C.F.R. Part 292.

"Reasonably accommodate requests to wheel or transmit power" means:

1. That the applicant will make available to new electric generation facilities constructed after January 9, 1991, qualifying facilities and other nonutilities, a minimum of one-fourth of the total megawatts of the additional transmission capacity created by the proposed line, for the purpose of wheeling to public utility purchasers the power generated by such qualifying facilities and other nonutility facilities which are awarded a power purchase contract by a public utility purchaser in compliance with applicable state law or regulations governing bidding or capacity acquisition programs for the purchase of electric capacity from nonutility sources, provided that the obligation of the applicant will extend only to those requests for wheeling service made within the 12 months following certification by the State Corporation Commission of the transmission line and with effective dates for commencement of such service within the 12 months following completion of the transmission line; and

2. That the wheeling service offered by the applicant, pursuant to subdivision D 1, will reasonably further the purposes of the Public Utilities Regulatory Policies Act of 1978 (P. L. 95-617), as demonstrated by submitting to the Commission, with its application for approval of the line, the cost methodologies, terms, conditions, and dispatch and interconnection requirements the applicant intends, subject to any applicable requirements of the Federal Energy Regulatory Commission, to include in its agreements for such wheeling service.

E. In the event that, at any time after the giving of the notice required in subsection B, it appears to the Commission that consideration of a route or routes significantly different from the route described in the notice is desirable, the Commission shall cause notice of the new route or routes to be published and mailed in accordance with subsection B. The Commission shall thereafter comply with the provisions of this section with respect to the new route or routes to the full extent necessary to give affected localities and interested parties in the newly affected areas the same protection afforded to affected localities and interested parties affected by the route described in the original notice.

F. Approval of a transmission line pursuant to this section shall be deemed to satisfy the requirements of § 15.2-2232 and local zoning ordinances with respect to such transmission line.

G. The Commission shall enter into a memorandum of agreement with the Department of Environmental Quality regarding the coordination of their reviews of the environmental impact of electric generating plants and associated facilities.

The Commission, the Department of Environmental Quality, the Marine Resources Commission, the Department of ~~Game and Inland Fisheries~~ *Wildlife Resources*, the Department of Historic Resources, the Department of Conservation and Recreation, and other appropriate agencies of the Commonwealth shall participate in the pre-application planning and review process. The Commission and other participating agencies of the Commonwealth may invite federal and local governmental entities charged by law with responsibility for issuing permits or approvals to participate in the pre-application planning and review process. Through the pre-application planning and review process, the applicant, the Commission, and other agencies and boards shall identify the potential impacts and approvals that may be required and shall develop a plan that will provide for an efficient and coordinated review of the proposed energy facility. The plan shall include (a) a list of the permits or other approvals likely to be required based on the information available, (b) a specific plan and preliminary schedule for the different reviews, (c) a plan for coordinating those reviews and the related public comment process, and (d) designation of points of contact, either within each agency or for the Commonwealth as a whole, to facilitate this coordination. The plan shall be made readily available to the public and shall be maintained on a dedicated website to provide current information on the status of each component of the plan and each approval process including opportunities for public comment.

I. The provisions of this section shall not apply to the construction and operation of a small renewable energy project, as defined in § 10.1-1197.5, by a utility regulated pursuant to this title for which the Department of Environmental Quality has issued a permit by rule pursuant to Article 5 (§ 10.1-1197.5 et seq.) of Chapter 11.1 of Title 10.1.

The Secretary of Finance may request records or receipts of all distributions by the Federation of Virginia Food Banks of such moneys contributed for purposes of ensuring compliance with the requirements of this subdivision.

D. Unless otherwise specified and subject to the requirements in § 58.1-344.2, all moneys collected for each entity in subsections B and C shall be deposited into the state treasury. The Tax Commissioner shall determine annually the total amount designated for each entity in subsections B and C on all individual income tax returns and shall report the same to the State Treasurer, who shall credit that amount to each entity's respective special fund.

§ 58.1-1405. Time for payment of tax.

A. Except as provided in paragraph B of this section, the tax levied pursuant to this chapter shall be paid by the purchaser or user of such watercraft and collected by the Tax Commissioner at the time the owner is required to apply to the Department of ~~Game and Inland Fisheries~~ *Wildlife Resources* for a title. Except as otherwise provided in § 58.1-1404, no title shall be issued unless the applicant for title shows to the satisfaction of the Department of ~~Game and Inland Fisheries~~ *Wildlife Resources* that such tax has been paid.

B. The tax on the gross receipts from the lease or charter of watercraft shall be paid by the registered dealer collecting such receipts to the Commissioner on or before the twentieth day of each month following the month in which such receipts were collected.

§ 58.1-1410. Disposition of funds.

Funds collected hereunder by the Tax Commissioner shall be paid into the general fund of the state treasury and allocated to the game protection fund in the following manner:

For Fiscal Year	Percentage of Collections
1996	50%
1997	50%
1998	50%
1999	75%
2000 and thereafter	100%

Not later than thirty days after the close of each quarter, the Comptroller shall transfer to the game protection fund the appropriate percentage of collections to be dedicated to such fund. The Comptroller may make such adjustments as necessary in subsequent quarters subject to the audit report of the Auditor of Public Accounts.

Such funds shall be made available only to the Department of ~~Game and Inland Fisheries~~ *Wildlife Resources* for the following: boating-related activities and expenses, and to enhance and improve recreation opportunities for boaters, including but not limited to land acquisition, capital projects, maintenance, and facilities for boating access to the waters of the Commonwealth; boating safety law enforcement, including salaries, benefits, equipment and overtime expenses for

conservation police officers so assigned; boating and other aquatic resource educational activities, including personnel, and education and safety materials; boating-related expenses for required reporting to federal and state officials; information management costs, including personnel, hardware, and software needed to better serve boating customers; and related administrative costs for boating-related activities, including human resources, accounting, public relations, administration and facilities to support and house necessary boating-related personnel and equipment.

§ 58.1-2289. Disposition of tax revenue generally.

A. Unless otherwise provided in this section, all taxes and fees, including civil penalties, collected by the Commissioner pursuant to this chapter, less a reasonable amount to be allocated for refunds, shall be promptly paid into the state treasury and shall constitute special funds within the Commonwealth Transportation Fund. Any balances remaining in these funds at the end of the year shall be available for use in subsequent years for the purposes set forth in this chapter, and any interest income on such funds shall accrue to these funds.

The Governor is hereby authorized to transfer out of such fund an amount necessary for the inspection of gasoline and motor grease measuring and distributing equipment, and for the inspection and analysis of gasoline for purity.

B. The tax collected on each gallon of aviation fuel sold and delivered or used in this Commonwealth, less refunds, shall be paid into a special fund of the state treasury. Proceeds of this special fund within the Commonwealth Transportation Fund shall be disbursed upon order of the Department of Aviation, on warrants of the Comptroller, to defray the cost of the administration of the laws of this Commonwealth relating to aviation, for the construction, maintenance and improvement of airports and landing fields to which the public now has or which it is proposed shall have access, and for the promotion of aviation in the interest of operators and the public generally.

C. One-half cent of the tax collected on each gallon of fuel on which a refund has been paid for gasoline, gasohol, diesel fuel, blended fuel, or alternative fuel, for fuel consumed in tractors and unlicensed equipment used for agricultural purposes shall be paid into a special fund of the state treasury, known as the Virginia Agricultural Foundation Fund, to be disbursed to make certain refunds and defray the costs of the research and educational phases of the agricultural program, including supplemental salary payments to certain employees at Virginia Polytechnic Institute and State University, the Department of Agriculture and Consumer Services and the Virginia Truck and Ornamentals Research Station, including reasonable expenses of the Virginia Agricultural Council.

D. One and one-half cents of the tax collected on each gallon of fuel used to propel a commercial watercraft upon which a refund has been paid shall be paid to the credit of the Game Protection Fund of the state treasury to be made available to the Board of ~~Game and Inland Fisheries~~ *Wildlife Resources* until expended for the purposes provided generally in subsection C of § 29.1-701, including acquisition, construction, improvement and maintenance of public boating access areas on the public waters of this Commonwealth and for other activities and purposes of direct benefit and interest to the boating public and for no other purpose. However, one and one-half cents per gallon on fuel used by commercial fishing, oystering, clamming, and crabbing boats shall be paid to the Department of Transportation to be used for the construction, repair, improvement and maintenance of the public docks of this Commonwealth used by said commercial watercraft. Any expenditures for the acquisition, construction, improvement and maintenance of the public docks shall be made according to a plan developed by the Virginia Marine Resources Commission.

From the tax collected pursuant to the provisions of this chapter from the sales of gasoline used for the propelling of watercraft, after deduction for lawful refunds, there shall be paid into the state treasury for use by the Marine Resources Commission, the Virginia Soil and Water Conservation Board, the State Water Control Board, and the Commonwealth Transportation Board to (i) improve the public docks as specified in this section, (ii) improve commercial and sports fisheries in Virginia's tidal waters, (iii) make environmental improvements including, without limitation, fisheries management and habitat enhancement in the Chesapeake and its tributaries, and (iv) further the purposes set forth in § 33.2-1510, a sum as established by the General Assembly.

E. Of the remaining revenues deposited into the Commonwealth Transportation Fund pursuant to this chapter less refunds authorized by this chapter: (i) 80 percent shall be deposited into the Highway Maintenance and Operating Fund established pursuant to § 33.2-1530, (ii) 11.3 percent shall be deposited into the Transportation Trust Fund established pursuant to § 33.2-1524, (iii) four percent shall be deposited into the Priority Transportation Fund, (iv) 3.7 percent shall be deposited into the Commonwealth Mass Transit Fund established pursuant to subdivision A 4 of § 58.1-638, and (v) one percent shall be transferred to a special fund within the Commonwealth Transportation Fund in the state treasury, to be used to meet the necessary expenses of the Department of Motor Vehicles.

§ 58.1-3510.4. Short-term rental property; short-term rental businesses.

A. For purposes of this article, "short-term rental property" means all tangible personal property held for rental and owned by a person engaged in the short-term rental business as defined in subsection B, excluding (i) trailers as defined in § 46.2-100, and (ii) other tangible personal property required to be licensed or registered with the Department of Motor Vehicles, Department of ~~Game and Inland Fisheries~~ *Wildlife Resources*, or Department of Aviation.

Short-term rental property shall constitute a classification of merchants' capital that is separate from other classifications of merchants' capital. For local property taxation purposes, the governing body of any county, city, or town may tax short-term rental property pursuant to § 58.1-3509 or may impose the tax authorized under § 58.1-3510.6, but not both.

B. A person is engaged in the short-term rental business if:

1. Not less than 80 percent of the gross rental receipts of such business during the preceding year arose from transactions involving the rental of short-term rental property, other than heavy equipment property as defined in

subdivision 2, for periods of 92 consecutive days or less, including all extensions and renewals to the same person or a person affiliated with the lessee; or

2. Not less than 60 percent of the gross rental receipts of such business during the preceding year arose from transactions involving the rental of heavy equipment property for periods of 270 consecutive days or less, including all extensions and renewals to the same person or a person affiliated with the lessee. For the purposes of this subdivision, "heavy equipment property" means rental property of an industry that is described under code 532412 or 532490 of the 2002 North American Industry Classification System as published by the United States Census Bureau, excluding office furniture, office equipment, and programmable computer equipment and peripherals as defined in § 58.1-3503 A 16.

C. For purposes of determining whether a person is engaged in the short-term rental business as defined in subsection B, (i) a person is "affiliated" with the lessee of rental property if such person is an officer, director, partner, member, shareholder, parent or subsidiary of the lessee, or if such person and the lessee have any common ownership interest in excess of five percent, (ii) any rental to a person affiliated with the lessee shall be treated as rental receipts but shall not qualify for purposes of the 80 percent requirement of subdivision 1 of subsection B or the 60 percent requirement of subdivision 2 of subsection B, and (iii) any rental of personal property which also involves the provision of personal services for the operation of the personal property rented shall not be treated as gross receipts from rental, provided however that the delivery and installation of tangible personal property shall not mean operation for the purposes of this subdivision.

D. A person who has not previously been engaged in the short-term rental business who applies for a certificate of registration pursuant to § 58.1-3510.5 shall be eligible for registration upon his certification that he anticipates meeting the requirements of a specific subdivision of subsection B, designated by the applicant at the time of application, during the year for which registration is sought.

E. In the event that the commissioner of the revenue makes a written determination that a rental business previously certified as short-term rental business pursuant to § 58.1-3510.5 has failed to meet either of the tests set forth in subsection B during a preceding tax year, such business shall lose its certification as a short-term rental business and shall be subject to the business personal property tax with respect to all rental property for the tax year in which such certification is lost and any subsequent tax years until such time as the rental business obtains recertification pursuant to § 58.1-3510.5. In the event that a rental business loses its certification as a short-term rental business pursuant to this subsection, such business shall not be required to refund to customers daily rental property taxes previously collected in good faith and shall not be subject to assessment for business personal property taxes with respect to rental property for tax years preceding the year in which the certification is lost unless the commissioner makes a written determination that the business obtained its certification by knowingly making materially false statements in its application, in which case the commissioner may assess the taxpayer the amount of the difference between short-term rental property taxes remitted by such business during the period in which the taxpayer wrongfully held certification and the business personal property taxes that would have been due during such period but for the certification obtained by the making of the materially false statements. Any such assessment, and any determination not to certify or to decertify a rental business as a short-term rental business as defined in this subsection, may be appealed pursuant to the procedures and requirements set forth in § 58.1-3983.1 for appeals of local business taxes, which shall apply mutatis mutandis to such assessments and certification decisions.

F. A rental business that has been decertified pursuant to the provisions of subsection E shall be eligible for recertification for a subsequent tax year upon a showing that it has met one of the tests provided in subsection B for at least ten months of operations during the present tax year.

§ 58.1-3942. Security interests no bar to distress.

A. No security interest in goods or chattels shall prevent the same from being distrained and sold for taxes or levies assessed thereon, no matter in whose possession they may be found.

B. Prior to such sale for distress, the treasurer, sheriff, constable or collector, or other party conducting the sale shall give notice to any secured party of record as his name and address shall appear on the records of the Department of Motor Vehicles, the Department of ~~Game and Inland Fisheries~~ *Wildlife Resources*, the State Corporation Commission, or in the office of the clerk of any circuit court where the debtor has resided to the knowledge of the party to whom the tax is owing during a one-year period prior to the sale. Notice shall also be given to any secured party of whom the party to whom the tax is owing shall have knowledge.

C. A security interest perfected prior to any distraint for taxes shall have priority over all taxes, except those specifically assessed either per item or in bulk against the goods and chattels so assessed. Taxes specifically assessed either per item or in bulk against goods and chattels shall constitute a lien against the property so assessed and shall have priority over all security interests. For purposes of this section, a merchant's capital tax shall be deemed to be specifically assessed against all inventory in the merchant's possession at the time of distraint, or at the time such inventory is repossessed by the holder of a security interest therein. For purposes of this section, taxes specifically assessed in bulk means an assessment against the specific class of property distrained.

D. The title conveyed to the purchaser of goods and chattels at a sale for taxes specifically assessed either per item or in bulk against such goods and chattels distrained shall be free of all claims of any creditor, including the claims of any secured party of record, provided that notice was given to such creditor as required by subsection B. The person conducting the sale shall apply the proceeds of the sale first to unpaid taxes, penalty, and accrued interest, and then to the claims of secured parties of record, in the order of their priority, before delivering any sum remaining to the person or estate assessed with taxes.

E. Notwithstanding any provision of this section to the contrary, no highway vehicle as defined in § 58.1-3941 purchased by a bona fide purchaser for value from the person or estate assessed with taxes shall be liable to levy or distress for such taxes unless the purchaser knew at the time of purchase that the taxes had been specifically assessed against such vehicle.

F. The purchaser of a motor vehicle sold under this section shall receive a sales receipt and an affidavit of the treasurer, sheriff, constable or collector, or other party conducting the sale affirming that he has complied with the provisions of this section, and shall be entitled to apply to and receive from the Department of Motor Vehicles a certificate of title and registration card for the vehicle.

If the previously issued weapon is no longer available, a weapon of like kind may be substituted for that weapon. This privilege shall also extend to any former Superintendent of the Department of State Police who leaves service after a minimum of five years. This privilege shall also extend to any person listed in this subsection who is eligible for retirement with at least 10 years of service who resigns on or after July 1, 1991, in good standing from one of the agencies listed in this section to accept a position covered by the Virginia Retirement System. Other weapons issued by the agencies listed in this subsection for personal duty use of an officer may, with approval of the agency head, be sold to the officer subject to the qualifications of this section at a fair market price determined as in subsection B, so long as the weapon is a type and configuration that can be purchased at a regular hardware or sporting goods store by a private citizen without restrictions other than the instant background check.

B. The agencies listed in subsection A may allow any full-time sworn law-enforcement officer who retires with five or more years of service, but less than 10, to purchase the service handgun issued to him by the agency at a price equivalent to the weapon's fair market value on the date of the officer's retirement. Any full-time sworn law-enforcement officer employed by any of the agencies listed in subsection A who is retired for disability as a result of a nonservice-incurred disability may purchase the service handgun issued to him by the agency at a price equivalent to the weapon's fair market value on the date of the officer's retirement. Determinations of fair market value may be made by reference to a recognized pricing guide.

Determinations of fair market value may be made by reference to a recognized pricing guide.

E. Any officer who at the time of his retirement is a full-time sworn law-enforcement officer with a state agency listed in subsection A, when the agency allows purchases of service handguns, and who retires after 10 years of state service, even if a portion of his service was with another state agency, may purchase the service handgun issued to him by the agency from which he retires at a price of \$1.

F. The sheriff of Hanover County may allow any auxiliary or volunteer deputy sheriff with a minimum of 10 years of service, upon leaving office, to purchase for \$1 the service handgun issued to him.

G. H. The agencies listed in subsection A may allow any full-time sworn law-enforcement officer currently employed by the agency to purchase his service handgun, with the approval of the chief law-enforcement officer of the agency, at a fair market price. This subsection shall only apply when the agency has purchased new service handguns for its officers, and the handgun subject to the sale is no longer used by the agency or officer in the course of duty.

The Board shall, from time to time, but at least once every three years, hold public hearings pursuant to § 2.2-4007.01 but, upon the request of an affected person or upon its own motion, hold hearings pursuant to § 2.2-4009, for the purpose of reviewing the standards of quality, and, as appropriate, adopting, modifying, or canceling such standards. Whenever the Board considers the adoption, modification, amendment or cancellation of any standard, it shall give due consideration to, among other factors, the economic and social costs and benefits which can reasonably be expected to obtain as a consequence of the standards as adopted, modified, amended or cancelled. The Board shall also give due consideration to the public health standards issued by the Virginia Department of Health with respect to issues of public health policy and protection. If the Board does not follow the public health standards of the Virginia Department of Health, the Board's reason for any deviation shall be made in writing and published for any and all concerned parties.

However, to the extent allowed by federal law, any person holding a certificate issued by the Board that is intending to upgrade the permitted facility by installing technology, control equipment, or other apparatus that the permittee demonstrates to the satisfaction of the Director will result in improved energy efficiency, reduction in the amount of nutrients discharged, and improved water quality shall not be required to obtain a new, modified, or amended permit. The permit holder shall provide the demonstration anticipated by this subdivision to the Department no later than 30 days prior to commencing construction.

(5a) All certificates issued by the Board under this chapter shall have fixed terms. The term of a Virginia Pollution Discharge Elimination System permit shall not exceed five years. The term of a Virginia Water Protection Permit shall be based upon the projected duration of the project, the length of any required monitoring, or other project operations or permit conditions; however, the term shall not exceed 15 years. The term of a Virginia Pollution Abatement permit shall not exceed 10 years, except that the term of a Virginia Pollution Abatement permit for confined animal feeding operations shall be 10 years. The term of a certificate issued by the Board shall not be extended by modification beyond the maximum duration and the certificate shall expire at the end of the term unless an application for a new permit has been timely filed as required by the regulations of the Board and the Board is unable, through no fault of the permittee, to issue a new permit before the expiration date of the previous permit.

(5b) Any certificate issued by the Board under this chapter may, after notice and opportunity for a hearing, be amended or revoked on any of the following grounds or for good cause as may be provided by the regulations of the Board:

1. The owner has violated any regulation or order of the Board, any condition of a certificate, any provision of this chapter, or any order of a court, where such violation results in a release of harmful substances into the environment or poses a substantial threat of release of harmful substances into the environment or presents a hazard to human health or the violation is representative of a pattern of serious or repeated violations which, in the opinion of the Board, demonstrates the owner's disregard for or inability to comply with applicable laws, regulations, or requirements;

2. The owner has failed to disclose fully all relevant material facts or has misrepresented a material fact in applying for a certificate, or in any other report or document required under this law or under the regulations of the Board;

3. The activity for which the certificate was issued endangers human health or the environment and can be regulated to acceptable levels by amendment or revocation of the certificate; or

4. There exists a material change in the basis on which the permit was issued that requires either a temporary or a permanent reduction or elimination of any discharge controlled by the certificate necessary to protect human health or the environment.

(5c) Any certificate issued by the Board under this chapter relating to dredging projects governed under Chapter 12 (§ 28.2-1200 et seq.) or Chapter 13 (§ 28.2-1300 et seq.) of Title 28.2 may be conditioned upon a demonstration of financial responsibility for the completion of compensatory mitigation requirements. Financial responsibility may be demonstrated by a letter of credit, a certificate of deposit or a performance bond executed in a form approved by the Board. If the U.S. Army Corps of Engineers requires demonstration of financial responsibility for the completion of compensatory mitigation required for a particular project, then the mechanism and amount approved by the U.S. Army Corps of Engineers shall be used to meet this requirement.

(6) To make investigations and inspections, to ensure compliance with any certificates, standards, policies, rules, regulations, rulings and special orders which it may adopt, issue or establish and to furnish advice, recommendations, or instructions for the purpose of obtaining such compliance. In recognition of §§ 32.1-164 and 62.1-44.18, the Board and the State Department of Health shall enter into a memorandum of understanding establishing a common format to consolidate and simplify inspections of sewage treatment plants and coordinate the scheduling of the inspections. The new format shall ensure that all sewage treatment plants are inspected at appropriate intervals in order to protect water quality and public health and at the same time avoid any unnecessary administrative burden on those being inspected.

(7) To adopt rules governing the procedure of the Board with respect to: (a) hearings; (b) the filing of reports; (c) the issuance of certificates and special orders; and (d) all other matters relating to procedure; and to amend or cancel any rule adopted. Public notice of every rule adopted under this section shall be by such means as the Board may prescribe.

Except as otherwise provided by a separate article, orders issued pursuant to this subsection may include civil penalties of up to \$32,500 per violation, not to exceed \$100,000 per order. The Board may assess penalties under this subsection if (a) the person has been issued at least two written notices of alleged violation by the Department for the same or substantially related violations at the same site, (b) such violations have not been resolved by demonstration that there was no violation, by an order issued by the Board or the Director, or by other means, (c) at least 130 days have passed since the issuance of the first notice of alleged violation, and (d) there is a finding that such violations have occurred after a hearing conducted in accordance with subdivision (8b). The actual amount of any penalty assessed shall be based upon the severity of the violations, the extent of any potential or actual environmental harm, the compliance history of the facility or person, any economic benefit realized from the noncompliance, and the ability of the person to pay the penalty. The Board shall provide the person with the calculation for the proposed penalty prior to any hearing conducted for the issuance of an order that assesses penalties pursuant to this subsection. The issuance of a notice of alleged violation by the Department shall not be considered a case decision as defined in § 2.2-4001. Any notice of alleged violation shall include a description of each violation, the specific provision of law violated, and information on the process for obtaining a final decision or fact finding from the Department on whether or not a violation has occurred, and nothing in this section shall preclude an owner from seeking such a determination. Such civil penalties shall be paid into the state treasury and deposited by the State Treasurer into the Virginia Environmental Emergency Response Fund (§ 10.1-2500 et seq.), except that civil penalties assessed for violations of Article 9 (§ 62.1-44.34:8 et seq.) or Article 11 (§ 62.1-44.34:14 et seq.) shall be paid into the Virginia Petroleum Storage Tank Fund in accordance with § 62.1-44.34:11, and except that civil penalties assessed for violations of Article 2.3 (§ 62.1-44.15:24 et seq.) shall be paid in accordance with the provisions of § 62.1-44.15:48.

(8b) Such special orders are to be issued only after a hearing before a hearing officer appointed by the Supreme Court in accordance with § 2.2-4020 or, if requested by the person, before a quorum of the Board with at least 30 days' notice to the affected owners, of the time, place and purpose thereof, and they shall become effective not less than 15 days after service as provided in § 62.1-44.12; provided that if the Board finds that any such owner is grossly affecting or presents an imminent and substantial danger to (i) the public health, safety or welfare, or the health of animals, fish or aquatic life; (ii) a public water supply; or (iii) recreational, commercial, industrial, agricultural or other reasonable uses, it may issue, without advance notice or hearing, an emergency special order directing the owner to cease such pollution or discharge immediately,

and shall provide an opportunity for a hearing, after reasonable notice as to the time and place thereof to the owner, to affirm, modify, amend or cancel such emergency special order. If an owner who has been issued such a special order or an emergency special order is not complying with the terms thereof, the Board may proceed in accordance with § 62.1-44.23, and where the order is based on a finding of an imminent and substantial danger, the court shall issue an injunction compelling compliance with the emergency special order pending a hearing by the Board. If an emergency special order requires cessation of a discharge, the Board shall provide an opportunity for a hearing within 48 hours of the issuance of the injunction.

(8c) The provisions of this section notwithstanding, the Board may proceed directly under § 62.1-44.32 for any past violation or violations of any provision of this chapter or any regulation duly promulgated hereunder.

(8d) With the consent of any owner who has violated or failed, neglected or refused to obey any regulation or order of the Board, any condition of a permit or any provision of this chapter, the Board may provide, in an order issued by the Board against such person, for the payment of civil charges for past violations in specific sums not to exceed the limit specified in § 62.1-44.32 (a). Such civil charges shall be instead of any appropriate civil penalty which could be imposed under § 62.1-44.32 (a) and shall not be subject to the provisions of § 2.2-514. Such civil charges shall be paid into the state treasury and deposited by the State Treasurer into the Virginia Environmental Emergency Response Fund (§ 10.1-2500 et seq.), excluding civil charges assessed for violations of Article 9 (§ 62.1-44.34:8 et seq.) or 10 (§ 62.1-44.34:10 et seq.) of Chapter 3.1, or a regulation, administrative or judicial order, or term or condition of approval relating to or issued under those articles, or civil charges assessed for violations of Article 2.3 (§ 62.1-44.15:24 et seq.), or a regulation, administrative or judicial order, or term or condition of approval relating to or issued under that article.

The amendments to this section adopted by the 1976 Session of the General Assembly shall not be construed as limiting or expanding any cause of action or any other remedy possessed by the Board prior to the effective date of said amendments.

(8e) The Board shall develop and provide an opportunity for public comment on guidelines and procedures that contain specific criteria for calculating the appropriate penalty for each violation based upon the severity of the violations, the extent of any potential or actual environmental harm, the compliance history of the facility or person, any economic benefit realized from the noncompliance, and the ability of the person to pay the penalty.

(8f) Before issuing a special order under subdivision (8a) or by consent under (8d), with or without an assessment of a civil penalty, to an owner of a sewerage system requiring corrective action to prevent or minimize overflows of sewage from such system, the Board shall provide public notice of and reasonable opportunity to comment on the proposed order. Any such order under subdivision (8d) may impose civil penalties in amounts up to the maximum amount authorized in § 309(g) of the Clean Water Act. Any person who comments on the proposed order shall be given notice of any hearing to be held on the terms of the order. In any hearing held, such person shall have a reasonable opportunity to be heard and to present evidence. If no hearing is held before issuance of an order under subdivision (8d), any person who commented on the proposed order may file a petition, within 30 days after the issuance of such order, requesting the Board to set aside such order and provide a formal hearing thereon. If the evidence presented by the petitioner in support of the petition is material and was not considered in the issuance of the order, the Board shall immediately set aside the order, provide a formal hearing, and make such petitioner a party. If the Board denies the petition, the Board shall provide notice to the petitioner and make available to the public the reasons for such denial, and the petitioner shall have the right to judicial review of such decision under § 62.1-44.29 if he meets the requirements thereof.

(9) To make such rulings under §§ 62.1-44.16, 62.1-44.17, and 62.1-44.19 as may be required upon requests or applications to the Board, the owner or owners affected to be notified by certified mail as soon as practicable after the Board makes them and such rulings to become effective upon such notification.

(10) To adopt such regulations as it deems necessary to enforce the general water quality management program of the Board in all or part of the Commonwealth, except that a description of provisions of any proposed regulation which are more restrictive than applicable federal requirements, together with the reason why the more restrictive provisions are needed, shall be provided to the standing committee of each house of the General Assembly to which matters relating to the content of the regulation are most properly referable.

(11) To investigate any large-scale killing of fish.

(a) Whenever the Board shall determine that any owner, whether or not he shall have been issued a certificate for discharge of waste, has discharged sewage, industrial waste, or other waste into state waters in such quantity, concentration or manner that fish are killed as a result thereof, it may effect such settlement with the owner as will cover the costs incurred by the Board and by the Department of ~~Game and Inland Fisheries~~ *Wildlife Resources* in investigating such killing of fish, plus the replacement value of the fish destroyed, or as it deems proper, and if no such settlement is reached within a reasonable time, the Board shall authorize its executive secretary to bring a civil action in the name of the Board to recover from the owner such costs and value, plus any court or other legal costs incurred in connection with such action.

(b) If the owner is a political subdivision of the Commonwealth, the action may be brought in any circuit court within the territory embraced by such political subdivision. If the owner is an establishment, as defined in this chapter, the action shall be brought in the circuit court of the city or the circuit court of the county in which such establishment is located. If the owner is an individual or group of individuals, the action shall be brought in the circuit court of the city or circuit court of the county in which such person or any of them reside.

(c) For the purposes of this subsection the State Water Control Board shall be deemed the owner of the fish killed and the proceedings shall be as though the State Water Control Board were the owner of the fish. The fact that the owner has or held a certificate issued under this chapter shall not be raised as a defense in bar to any such action.

(d) The proceeds of any recovery had under this subsection shall, when received by the Board, be applied, first, to reimburse the Board for any expenses incurred in investigating such killing of fish. The balance shall be paid to the Board of ~~Game and Inland Fisheries~~ *Wildlife Resources* to be used for the fisheries' management practices as in its judgment will best restore or replace the fisheries' values lost as a result of such discharge of waste, including, where appropriate, replacement of the fish killed with game fish or other appropriate species. Any such funds received are hereby appropriated for that purpose.

(e) Nothing in this subsection shall be construed in any way to limit or prevent any other action which is now authorized by law by the Board against any owner.

(f) Notwithstanding the foregoing, the provisions of this subsection shall not apply to any owner who adds or applies any chemicals or other substances that are recommended or approved by the State Department of Health to state waters in the course of processing or treating such waters for public water supply purposes, except where negligence is shown.

(12) To administer programs of financial assistance for planning, construction, operation, and maintenance of water quality control facilities for political subdivisions in the Commonwealth.

(13) To establish policies and programs for effective area-wide or basin-wide water quality control and management. The Board may develop comprehensive pollution abatement and water quality control plans on an area-wide or basin-wide basis. In conjunction with this, the Board, when considering proposals for waste treatment facilities, is to consider the feasibility of combined or joint treatment facilities and is to ensure that the approval of waste treatment facilities is in accordance with the water quality management and pollution control plan in the watershed or basin as a whole. In making such determinations, the Board is to seek the advice of local, regional, or state planning authorities.

(14) To establish requirements for the treatment of sewage, industrial wastes and other wastes that are consistent with the purposes of this chapter; however, no treatment shall be less than secondary or its equivalent, unless the owner can demonstrate that a lesser degree of treatment is consistent with the purposes of this chapter.

(15) To promote and establish requirements for the reclamation and reuse of wastewater that are protective of state waters and public health as an alternative to directly discharging pollutants into waters of the state. The requirements shall address various potential categories of reuse and may include general permits and provide for greater flexibility and less stringent requirements commensurate with the quality of the reclaimed water and its intended use. The requirements shall be developed in consultation with the Department of Health and other appropriate state agencies. This authority shall not be construed as conferring upon the Board any power or duty duplicative of those of the State Board of Health.

(16) To establish and implement policies and programs to protect and enhance the Commonwealth's wetland resources. Regulatory programs shall be designed to achieve no net loss of existing wetland acreage and functions. Voluntary and incentive-based programs shall be developed to achieve a net resource gain in acreage and functions of wetlands. The Board shall seek and obtain advice and guidance from the Virginia Institute of Marine Science in implementing these policies and programs.

(17) To establish additional procedures for obtaining a Virginia Water Protection Permit pursuant to §§ 62.1-44.15:20 and 62.1-44.15:22 for a proposed water withdrawal involving the transfer of water resources between major river basins within the Commonwealth that may impact water basins in another state. Such additional procedures shall not apply to any water withdrawal in existence as of July 1, 2012, except where the expansion of such withdrawal requires a permit under §§ 62.1-44.15:20 and 62.1-44.15:22, in which event such additional procedures may apply to the extent of the expanded withdrawal only. The applicant shall provide as part of the application (i) an analysis of alternatives to such a transfer, (ii) a comprehensive analysis of the impacts that would occur in the source and receiving basins, (iii) a description of measures to mitigate any adverse impacts that may arise, (iv) a description of how notice shall be provided to interested parties, and (v) any other requirements that the Board may adopt that are consistent with the provisions of this section and §§ 62.1-44.15:20 and 62.1-44.15:22 or regulations adopted thereunder. This subdivision shall not be construed as limiting or expanding the Board's authority under §§ 62.1-44.15:20 and 62.1-44.15:22 to issue permits and impose conditions or limitations on the permitted activity.

(18) To be the lead agency for the Commonwealth's nonpoint source pollution management program, including coordination of the nonpoint source control elements of programs developed pursuant to certain state and federal laws, including § 319 of the federal Clean Water Act and § 6217 of the federal Coastal Zone Management Act. Further responsibilities include the adoption of regulations necessary to implement a nonpoint source pollution management program in the Commonwealth, the distribution of assigned funds, the identification and establishment of priorities to address nonpoint source related water quality problems, the administration of the Statewide Nonpoint Source Advisory Committee, and the development of a program for the prevention and control of soil erosion, sediment deposition, and nonagricultural runoff to conserve Virginia's natural resources.

§ 62.1-44.15. (For effective date, see Acts 2016, cc. 68 and 758, as amended by Acts 2017, c. 345) Powers and duties; civil penalties.

It shall be the duty of the Board and it shall have the authority:

(1) [Repealed.]

(2) To study and investigate all problems concerned with the quality of state waters and to make reports and recommendations.

(2a) To study and investigate methods, procedures, devices, appliances, and technologies that could assist in water conservation or water consumption reduction.

(2b) To coordinate its efforts toward water conservation with other persons or groups, within or without the Commonwealth.

(2c) To make reports concerning, and formulate recommendations based upon, any such water conservation studies to ensure that present and future water needs of the citizens of the Commonwealth are met.

(3a) To establish such standards of quality and policies for any state waters consistent with the general policy set forth in this chapter, and to modify, amend, or cancel any such standards or policies established and to take all appropriate steps to prevent quality alteration contrary to the public interest or to standards or policies thus established, except that a description of provisions of any proposed standard or policy adopted by regulation which are more restrictive than applicable federal requirements, together with the reason why the more restrictive provisions are needed, shall be provided to the standing committee of each house of the General Assembly to which matters relating to the content of the standard or policy are most properly referable. The Board shall, from time to time, but at least once every three years, hold public hearings pursuant to § 2.2-4007.01 but, upon the request of an affected person or upon its own motion, hold hearings pursuant to § 2.2-4009, for the purpose of reviewing the standards of quality, and, as appropriate, adopting, modifying, or canceling such standards. Whenever the Board considers the adoption, modification, amendment, or cancellation of any standard, it shall give due consideration to, among other factors, the economic and social costs and benefits which can reasonably be expected to obtain as a consequence of the standards as adopted, modified, amended, or cancelled. The Board shall also give due consideration to the public health standards issued by the Virginia Department of Health with respect to issues of public health policy and protection. If the Board does not follow the public health standards of the Virginia Department of Health, the Board's reason for any deviation shall be made in writing and published for any and all concerned parties.

(3b) Except as provided in subdivision (3a), such standards and policies are to be adopted or modified, amended, or cancelled in the manner provided by the Administrative Process Act (§ 2.2-4000 et seq.).

(4) To conduct or have conducted scientific experiments, investigations, studies, and research to discover methods for maintaining water quality consistent with the purposes of this chapter. To this end the Board may cooperate with any public or private agency in the conduct of such experiments, investigations, and research and may receive in behalf of the Commonwealth any moneys that any such agency may contribute as its share of the cost under any such cooperative agreement. Such moneys shall be used only for the purposes for which they are contributed and any balance remaining after the conclusion of the experiments, investigations, studies, and research, shall be returned to the contributors.

(5) To issue, revoke, or amend certificates and land-disturbance approvals under prescribed conditions for (a) the discharge of sewage, stormwater, industrial wastes, and other wastes into or adjacent to state waters; (b) the alteration otherwise of the physical, chemical, or biological properties of state waters; (c) excavation in a wetland; or (d) on and after October 1, 2001, the conduct of the following activities in a wetland: (i) new activities to cause draining that significantly alters or degrades existing wetland acreage or functions, (ii) filling or dumping, (iii) permanent flooding or impounding, or (iv) new activities that cause significant alteration or degradation of existing wetland acreage or functions. However, to the extent allowed by federal law, any person holding a certificate issued by the Board that is intending to upgrade the permitted facility by installing technology, control equipment, or other apparatus that the permittee demonstrates to the satisfaction of the Director will result in improved energy efficiency, reduction in the amount of nutrients discharged, and improved water quality shall not be required to obtain a new, modified, or amended permit. The permit holder shall provide the demonstration anticipated by this subdivision to the Department no later than 30 days prior to commencing construction.

(5a) All certificates issued by the Board under this chapter shall have fixed terms. The term of a Virginia Pollution Discharge Elimination System permit shall not exceed five years. The term of a Virginia Water Protection Permit shall be based upon the projected duration of the project, the length of any required monitoring, or other project operations or permit conditions; however, the term shall not exceed 15 years. The term of a Virginia Pollution Abatement permit shall not exceed 10 years, except that the term of a Virginia Pollution Abatement permit for confined animal feeding operations shall be 10 years. The Department of Environmental Quality shall inspect all facilities for which a Virginia Pollution Abatement permit has been issued to ensure compliance with statutory, regulatory, and permit requirements. Department personnel performing inspections of confined animal feeding operations shall be certified under the voluntary nutrient management training and certification program established in § 10.1-104.2. The term of a certificate issued by the Board shall not be extended by modification beyond the maximum duration and the certificate shall expire at the end of the term unless an application for a new permit has been timely filed as required by the regulations of the Board and the Board is unable, through no fault of the permittee, to issue a new permit before the expiration date of the previous permit.

(5b) Any certificate or land-disturbance approval issued by the Board under this chapter may, after notice and opportunity for a hearing, be amended or revoked on any of the following grounds or for good cause as may be provided by the regulations of the Board:

1. The owner has violated any regulation or order of the Board, any condition of a certificate or land-disturbance approval, any provision of this chapter, or any order of a court, where such violation results in a release of harmful substances into the environment, poses a substantial threat of release of harmful substances into the environment, causes unreasonable property degradation, or presents a hazard to human health or the violation is representative of a pattern of

serious or repeated violations which, in the opinion of the Board, demonstrates the owner's disregard for or inability to comply with applicable laws, regulations, or requirements;

2. The owner has failed to disclose fully all relevant material facts or has misrepresented a material fact in applying for a certificate or land-disturbance approval, or in any other report or document required under this law or under the regulations of the Board;

3. The activity for which the certificate or land-disturbance approval was issued endangers human health or the environment or causes unreasonable property degradation and can be regulated to acceptable levels or practices by amendment or revocation of the certificate or land-disturbance approval; or

4. There exists a material change in the basis on which the certificate, land-disturbance approval, or permit was issued that requires either a temporary or a permanent reduction or elimination of any discharge or land-disturbing activity controlled by the certificate, land-disturbance approval, or permit necessary to protect human health or the environment or stop or prevent unreasonable degradation of property.

(5c) Any certificate issued by the Board under this chapter relating to dredging projects governed under Chapter 12 (§ 28.2-1200 et seq.) or Chapter 13 (§ 28.2-1300 et seq.) of Title 28.2 may be conditioned upon a demonstration of financial responsibility for the completion of compensatory mitigation requirements. Financial responsibility may be demonstrated by a letter of credit, a certificate of deposit, or a performance bond executed in a form approved by the Board. If the U.S. Army Corps of Engineers requires demonstration of financial responsibility for the completion of compensatory mitigation required for a particular project, then the mechanism and amount approved by the U.S. Army Corps of Engineers shall be used to meet this requirement.

(6) To make investigations and inspections, to ensure compliance with the conditions of any certificates, land-disturbance approvals, standards, policies, rules, regulations, rulings, and orders that it may adopt, issue, or establish, and to furnish advice, recommendations, or instructions for the purpose of obtaining such compliance. In recognition of §§ 32.1-164 and 62.1-44.18, the Board and the State Department of Health shall enter into a memorandum of understanding establishing a common format to consolidate and simplify inspections of sewage treatment plants and coordinate the scheduling of the inspections. The new format shall ensure that all sewage treatment plants are inspected at appropriate intervals in order to protect water quality and public health and at the same time avoid any unnecessary administrative burden on those being inspected.

(7) To adopt rules governing the procedure of the Board with respect to (a) hearings; (b) the filing of reports; (c) the issuance of certificates and orders; and (d) all other matters relating to procedure; and to amend or cancel any rule adopted. Public notice of every rule adopted under this section shall be by such means as the Board may prescribe.

(8a) Except as otherwise provided in subdivision (19) and Article 2.3 (§ 62.1-44.15:24 et seq.), to issue special orders to owners, including owners as defined in § 62.1-44.15:24, who (i) are permitting or causing the pollution, as defined by § 62.1-44.3, of state waters or the unreasonable degradation of property to cease and desist from such pollution or degradation, (ii) have failed to construct facilities in accordance with final approved plans and specifications to construct such facilities in accordance with final approved plans and specifications, (iii) have violated the terms and provisions of a certificate or land-disturbance approval issued by the Board to comply with such terms and provisions, (iv) have failed to comply with a directive from the Board to comply with such directive, (v) have contravened duly adopted and promulgated water quality standards and policies to cease and desist from such contravention and to comply with such water quality standards and policies, (vi) have violated the terms and provisions of a pretreatment permit issued by the Board or by the owner of a publicly owned treatment works to comply with such terms and provisions, or (vii) have contravened any applicable pretreatment standard or requirement to comply with such standard or requirement; and also to issue such orders to require any owner to comply with the provisions of this chapter and any decision of the Board. Except as otherwise provided by a separate article, orders issued pursuant to this subdivision may include civil penalties of up to \$32,500 per violation, not to exceed \$100,000 per order. The Board may assess penalties under this subdivision if (a) the person has been issued at least two written notices of alleged violation by the Department for the same or substantially related violations at the same site, (b) such violations have not been resolved by demonstration that there was no violation, by an order issued by the Board or the Director, or by other means, (c) at least 130 days have passed since the issuance of the first notice of alleged violation, and (d) there is a finding that such violations have occurred after a hearing conducted in accordance with subdivision (8b). The actual amount of any penalty assessed shall be based upon the severity of the violations, the extent of any potential or actual environmental harm, the compliance history of the facility or person, any economic benefit realized from the noncompliance, and the ability of the person to pay the penalty. The Board shall provide the person with the calculation for the proposed penalty prior to any hearing conducted for the issuance of an order that assesses penalties pursuant to this subdivision. The issuance of a notice of alleged violation by the Department shall not be considered a case decision as defined in § 2.2-4001. Any notice of alleged violation shall include a description of each violation, the specific provision of law violated, and information on the process for obtaining a final decision or fact finding from the Department on whether or not a violation has occurred, and nothing in this section shall preclude an owner from seeking such a determination. Such civil penalties shall be paid into the state treasury and deposited by the State Treasurer into the Virginia Environmental Emergency Response Fund (§ 10.1-2500 et seq.), except that civil penalties assessed for violations of Article 9 (§ 62.1-44.34:8 et seq.) or Article 11 (§ 62.1-44.34:14 et seq.) shall be paid into the Virginia Petroleum Storage Tank Fund in accordance with § 62.1-44.34:11, and except that civil penalties assessed for violations of subdivision (19) or

Article 2.3 (§ 62.1-44.15:24 et seq.) shall be paid into the Stormwater Local Assistance Fund in accordance with § 62.1-44.15:29.1.

(8b) Such special orders are to be issued only after a hearing before a hearing officer appointed by the Supreme Court in accordance with § 2.2-4020 or, if requested by the person, before a quorum of the Board with at least 30 days' notice to the affected owners, of the time, place, and purpose thereof, and they shall become effective not less than 15 days after service as provided in 62.1-44.12, provided that if the Board finds that any such owner is grossly affecting or presents an imminent and substantial danger to (i) the public health, safety, or welfare, or the health of animals, fish, or aquatic life; (ii) a public water supply; or (iii) recreational, commercial, industrial, agricultural, or other reasonable uses, it may issue, without advance notice or hearing, an emergency special order directing the owner to cease such pollution or discharge immediately, and shall provide an opportunity for a hearing, after reasonable notice as to the time and place thereof to the owner, to affirm, modify, amend, or cancel such emergency special order. If an owner who has been issued such a special order or an emergency special order is not complying with the terms thereof, the Board may proceed in accordance with 62.1-44.23, and where the order is based on a finding of an imminent and substantial danger, the court shall issue an injunction compelling compliance with the emergency special order pending a hearing by the Board. If an emergency special order requires cessation of a discharge, the Board shall provide an opportunity for a hearing within 48 hours of the issuance of the injunction.

(8c) The provisions of this section notwithstanding, the Board may proceed directly under § 62.1-44.32 for any past violation or violations of any provision of this chapter or any regulation duly promulgated hereunder.

(8d) Except as otherwise provided in subdivision (19), subdivision 2 of § 62.1-44.15:25, or § 62.1-44.15:63, with the consent of any owner who has violated or failed, neglected, or refused to obey any regulation or order of the Board, any condition of a certificate, land-disturbance approval, or permit, or any provision of this chapter, the Board may provide, in an order issued by the Board against such person, for the payment of civil charges for past violations in specific sums not to exceed the limit specified in subsection (a) of § 62.1-44.32. Such civil charges shall be instead of any appropriate civil penalty which could be imposed under subsection (a) of § 62.1-44.32 and shall not be subject to the provisions of § 2.2-514. Such civil charges shall be paid into the state treasury and deposited by the State Treasurer into the Virginia Environmental Emergency Response Fund (§ 10.1-2500 et seq.), excluding civil charges assessed for violations of Article 9 (§ 62.1-44.34:8 et seq.) or 10 (§ 62.1-44.34:10 et seq.) of Chapter 3.1, or a regulation, administrative or judicial order, or term or condition of approval relating to or issued under those articles, or civil charges assessed for violations of Article 2.3 (§ 62.1-44.15:24 et seq.) or 2.5 (§ 62.1-44.15:67 et seq.) or a regulation, administrative or judicial order, or term or condition of approval relating to or issued under Article 2.3 or 2.5.

The amendments to this section adopted by the 1976 Session of the General Assembly shall not be construed as limiting or expanding any cause of action or any other remedy possessed by the Board prior to the effective date of said amendments.

(8e) The Board shall develop and provide an opportunity for public comment on guidelines and procedures that contain specific criteria for calculating the appropriate penalty for each violation based upon the severity of the violations, the extent of any potential or actual environmental harm, the compliance history of the facility or person, any economic benefit realized from the noncompliance, and the ability of the person to pay the penalty.

(8f) Before issuing a special order under subdivision (8a) or by consent under (8d), with or without an assessment of a civil penalty, to an owner of a sewerage system requiring corrective action to prevent or minimize overflows of sewage from such system, the Board shall provide public notice of and reasonable opportunity to comment on the proposed order. Any such order under subdivision (8d) may impose civil penalties in amounts up to the maximum amount authorized in § 309(g) of the Clean Water Act. Any person who comments on the proposed order shall be given notice of any hearing to be held on the terms of the order. In any hearing held, such person shall have a reasonable opportunity to be heard and to present evidence. If no hearing is held before issuance of an order under subdivision (8d), any person who commented on the proposed order may file a petition, within 30 days after the issuance of such order, requesting the Board to set aside such order and provide a formal hearing thereon. If the evidence presented by the petitioner in support of the petition is material and was not considered in the issuance of the order, the Board shall immediately set aside the order, provide a formal hearing, and make such petitioner a party. If the Board denies the petition, the Board shall provide notice to the petitioner and make available to the public the reasons for such denial, and the petitioner shall have the right to judicial review of such decision under § 62.1-44.29 if he meets the requirements thereof.

(9) To make such rulings under §§ 62.1-44.16, 62.1-44.17, and 62.1-44.19 as may be required upon requests or applications to the Board, the owner or owners affected to be notified by certified mail as soon as practicable after the Board makes them and such rulings to become effective upon such notification.

(10) To adopt such regulations as it deems necessary to enforce the general soil erosion control and stormwater management program and water quality management program of the Board in all or part of the Commonwealth, except that a description of provisions of any proposed regulation which are more restrictive than applicable federal requirements, together with the reason why the more restrictive provisions are needed, shall be provided to the standing committee of each house of the General Assembly to which matters relating to the content of the regulation are most properly referable.

(11) To investigate any large-scale killing of fish.

(a) Whenever the Board shall determine that any owner, whether or not he shall have been issued a certificate for discharge of waste, has discharged sewage, industrial waste, or other waste into state waters in such quantity, concentration,

or manner that fish are killed as a result thereof, it may effect such settlement with the owner as will cover the costs incurred by the Board and by the Department of ~~Game and Inland Fisheries~~ *Wildlife Resources* in investigating such killing of fish, plus the replacement value of the fish destroyed, or as it deems proper, and if no such settlement is reached within a reasonable time, the Board shall authorize its executive secretary to bring a civil action in the name of the Board to recover from the owner such costs and value, plus any court or other legal costs incurred in connection with such action.

(b) If the owner is a political subdivision of the Commonwealth, the action may be brought in any circuit court within the territory embraced by such political subdivision. If the owner is an establishment, as defined in this chapter, the action shall be brought in the circuit court of the city or the circuit court of the county in which such establishment is located. If the owner is an individual or group of individuals, the action shall be brought in the circuit court of the city or circuit court of the county in which such person or any of them reside.

(c) For the purposes of this subsection the State Water Control Board shall be deemed the owner of the fish killed and the proceedings shall be as though the State Water Control Board were the owner of the fish. The fact that the owner has or held a certificate issued under this chapter shall not be raised as a defense in bar to any such action.

(d) The proceeds of any recovery had under this subsection shall, when received by the Board, be applied, first, to reimburse the Board for any expenses incurred in investigating such killing of fish. (f) Notwithstanding the foregoing, the provisions of this subsection shall not apply to any owner who adds or applies any chemicals or other substances that are recommended or approved by the State Department of Health to state waters in the course of processing or treating such waters for public water supply purposes, except where negligence is shown.

(12) To administer programs of financial assistance for planning, construction, operation, and maintenance of water quality control facilities for political subdivisions in the Commonwealth.

(13) To establish policies and programs for effective area-wide or basin-wide water quality control and management. The Board may develop comprehensive pollution abatement and water quality control plans on an area-wide or basin-wide basis. Voluntary and incentive-based programs shall be developed to achieve a net resource gain in acreage and functions of wetlands. The Board shall seek and obtain advice and guidance from the Virginia Institute of Marine Science in implementing these policies and programs.

(17) To establish additional procedures for obtaining a Virginia Water Protection Permit pursuant to §§ 62.1-44.15:20 and 62.1-44.15:22 for a proposed water withdrawal involving the transfer of water resources between major river basins within the Commonwealth that may impact water basins in another state. Such additional procedures shall not apply to any water withdrawal in existence as of July 1, 2012, except where the expansion of such withdrawal requires a permit under §§ 62.1-44.15:20 and 62.1-44.15:22, in which event such additional procedures may apply to the extent of the expanded withdrawal only. The applicant shall provide as part of the application (i) an analysis of alternatives to such a transfer, (ii) a comprehensive analysis of the impacts that would occur in the source and receiving basins, (iii) a description of measures to mitigate any adverse impacts that may arise, (iv) a description of how notice shall be provided to interested parties, and (v) any other requirements that the Board may adopt that are consistent with the provisions of this section and §§ 62.1-44.15:20 and 62.1-44.15:22 or regulations adopted thereunder. This subdivision shall not be construed as limiting or expanding the Board's authority under §§ 62.1-44.15:20 and 62.1-44.15:22 to issue permits and impose conditions or limitations on the permitted activity.

(18) To be the lead agency for the Commonwealth's nonpoint source pollution management program, including coordination of the nonpoint source control elements of programs developed pursuant to certain state and federal laws, including § 319 of the federal Clean Water Act and § 6217 of the federal Coastal Zone Management Act. Further

responsibilities include the adoption of regulations necessary to implement a nonpoint source pollution management program in the Commonwealth, the distribution of assigned funds, the identification and establishment of priorities to address nonpoint source related water quality problems, the administration of the Statewide Nonpoint Source Advisory Committee, and the development of a program for the prevention and control of soil erosion, sediment deposition, and nonagricultural runoff to conserve Virginia's natural resources.

(19) To review for compliance with the provisions of this chapter the Virginia Erosion and Stormwater Management Programs adopted by localities pursuant to § 62.1-44.15:27, the Virginia Erosion and Sediment Control Programs adopted by localities pursuant to subdivision B 3 of § 62.1-44.15:27, and the programs adopted by localities pursuant to the Chesapeake Bay Preservation Act (§ 62.1-44.15:67 et seq.). The Board shall develop and implement a schedule for conducting such program reviews as often as necessary but at least once every five years. Following the completion of a compliance review in which deficiencies are found, the Board shall establish a schedule for the locality to follow in correcting the deficiencies and bringing its program into compliance. If the locality fails to bring its program into compliance in accordance with the compliance schedule, then the Board is authorized to (i) issue a special order to any locality imposing a civil penalty not to exceed \$5,000 per violation with the maximum amount not to exceed \$50,000 per order for noncompliance with the state program, to be paid into the state treasury and deposited in the Stormwater Local Assistance Fund established in § 62.1-44.15:29.1 or (ii) with the consent of the locality, provide in an order issued against the locality for the payment of civil charges for violations in lieu of civil penalties, in specific sums not to exceed the limit stated in this subdivision. Such civil charges shall be in lieu of any appropriate civil penalty that could be imposed under subsection (a) of § 62.1-44.32 and shall not be subject to the provisions of § 2.2-514. The Board shall not delegate to the Department its authority to issue special orders pursuant to clause (i). In lieu of issuing an order, the Board is authorized to take legal action against a locality pursuant to § 62.1-44.23 to ensure compliance.

§ 62.1-44.15:5.01. Coordinated review of water resources projects.

A. Applications for water resources projects that require an individual Virginia Water Protection Permit and a Virginia Marine Resources permit under § 28.2-1205 shall be submitted and processed through a joint application and review process.

B. The Director and the Commissioner of the Virginia Marine Resources Commission, in consultation with the Virginia Institute of Marine Science, the Department of ~~Game and Inland Fisheries~~ *Wildlife Resources*, the Department of Historic Resources, the Department of Health, the Department of Conservation and Recreation, the Virginia Department of Agriculture and Consumer Services, and any other appropriate or interested state agency, shall coordinate the joint review process to ensure the orderly evaluation of projects requiring both permits.

C. The joint review process shall include, but not be limited to, provisions to ensure that: (i) the initial application for the project shall be advertised simultaneously by the Department of Environmental Quality and the Virginia Marine Resources Commission; (ii) project reviews shall be completed by all state agencies that have been asked to review and provide comments within 45 days of project notification by the Department of Environmental Quality and the Virginia Marine Resources Commission; (iii) the Board and the Virginia Marine Resources Commission shall coordinate permit issuance and, to the extent practicable, shall take action on the permit application no later than one year after the agencies have received complete applications; (iv) to the extent practicable, the Board and the Virginia Marine Resources Commission shall take action concurrently, but no more than six months apart; and (v) upon taking its final action on each permit, the Board and the Virginia Marine Resources Commission shall provide each other with notification of their actions and any and all supporting information, including any background materials or exhibits used in the application. Any state agency asked to review and provide comments in accordance with clause (ii) shall provide such comments within 45 days of project notification by the Department of Environmental Quality and the Virginia Marine Resources Commission or be deemed to have waived its right to provide comment.

D. If requested by the applicant, the Department of Environmental Quality shall convene a preapplication review panel to assist applicants for water resources projects in the early identification of issues related to the protection of beneficial instream and offstream uses of state waters. The Virginia Marine Resources Commission, the Virginia Institute of Marine Science, the Department of ~~Game and Inland Fisheries~~ *Wildlife Resources*, the Department of Conservation and Recreation, and the Department of Environmental Quality shall participate in the preapplication review panel by providing information and guidance on the potential natural resource impacts and regulatory implications of the options being considered by the applicant. However, the participation by these agencies in such a review process shall not limit any authority they may exercise pursuant to state and federal laws or regulations.

§ 62.1-44.15:6. Permit fee regulations.

A. The Board shall promulgate regulations establishing a fee assessment and collection system to recover a portion of the State Water Control Board's, the Department of ~~Game and Inland Fisheries~~ *Wildlife Resources'* and the Department of Conservation and Recreation's direct and indirect costs associated with the processing of an application to issue, reissue, amend or modify any permit or certificate, which the Board has authority to issue under this chapter and Chapters 24 (§ 62.1-242 et seq.) and 25 (§ 62.1-254 et seq.) of this title, from the applicant for such permit or certificate for the purpose of more efficiently and expeditiously processing permits. The fees shall be exempt from statewide indirect costs charged and collected by the Department of Accounts. The Board shall have no authority to charge such fees where the authority to issue such permits has been delegated to another agency that imposes permit fees.

B1. Permit fees charged an applicant for a Virginia Pollutant Discharge Elimination System permit or a Virginia Pollution Abatement permit shall reflect the average time and complexity of processing a permit in each of the various categories of permits and permit actions. However, notwithstanding any other provision of law, in no instance shall the Board charge a fee for a permit pertaining to a farming operation engaged in production for market or for a permit pertaining to maintenance dredging for federal navigation channels or other Corps of Engineers- or Department of the Navy-sponsored dredging projects or for the regularly scheduled renewal of an individual permit for an existing facility. Fees shall be charged for a major modification or reissuance of a permit initiated by the permittee that occurs between permit issuance and the stated expiration date. No fees shall be charged for a modification or amendment made at the Board's initiative. In no instance shall the Board exceed the following amounts for the processing of each type of permit/certificate category:

The fee for the major modification of a permit or certificate that occurs between the permit issuance and expiration dates shall be 50 percent of the maximum amount established by this subsection. No fees shall be charged for minor modifications or minor amendments to such permits. For the purpose of this subdivision, "minor modifications" or "minor amendments" means specific types of changes defined by the Board that are made to keep the permit current with routine changes to the facility or its operation that do not require extensive review. A minor permit modification or amendment does not substantially alter permit conditions, increase the size of the operation, or reduce the capacity of the facility to protect human health or the environment.

B2. Each permitted facility shall pay a permit maintenance fee to the Board by October 1 of each year, not to exceed the following amounts:

Permit maintenance fees shall be collected annually and shall be remitted by October 1 of each year. For a local government or public service authority with permits for multiple facilities in a single jurisdiction, the permit maintenance fees for permits held as of April 1, 2004, shall not exceed \$20,000 per year. No permit maintenance fee shall be assessed for facilities operating under a general permit or for permits pertaining to a farming operation engaged in production for market.

B3. Permit application fees charged for Virginia Water Protection Permits, ground water withdrawal permits, and surface water withdrawal permits shall reflect the average time and complexity of processing a permit in each of the various categories of permits and permit actions and the size of the proposed impact. Only one permit fee shall be assessed for a water protection permit involving elements of more than one category of permit fees under this section. The fee shall be assessed based upon the primary purpose of the proposed activity. In no instance shall the Board charge a fee for a permit pertaining to maintenance dredging for federal navigation channels or other U.S. Army Corps of Engineers- or Department of the Navy-sponsored dredging projects, and in no instance shall the Board exceed the following amounts for the processing of each type of permit/certificate category:

2. Ground Water Withdrawal	\$9,000
3. Surface Water Withdrawal	\$12,000

No fees shall be charged for minor modifications or minor amendments to such permits. For the purpose of this subdivision, "minor modifications" or "minor amendments" means specific types of changes defined by the Board that are made to keep the permit current with routine changes to the facility or its operation that do not require extensive review. A minor permit modification or amendment does not substantially alter permit conditions, increase the size of the operation, or reduce the capacity of the facility to protect human health or the environment.

C. When promulgating regulations establishing permit fees, the Board shall take into account the permit fees charged in neighboring states and the importance of not placing existing or prospective industries in the Commonwealth at a competitive disadvantage.

D. Beginning January 1, 1998, and January 1 of every even-numbered year thereafter, the Board shall make a report on the implementation of the water permit program to the Senate Committee on Agriculture, Conservation and Natural Resources, the Senate Committee on Finance, the House Committee on Appropriations, the House Committee on Agriculture, Chesapeake and Natural Resources and the House Committee on Finance. The report shall include the following: (i) the total costs, both direct and indirect, including the costs of overhead, water quality planning, water quality assessment, operations coordination, and surface water and ground water investigations, (ii) the total fees collected by

permit category, (iii) the amount of general funds allocated to the Board, (iv) the amount of federal funds received, (v) the Board's use of the fees, the general funds, and the federal funds, (vi) the number of permit applications received by category, (vii) the number of permits issued by category, (viii) the progress in eliminating permit backlogs, (ix) the timeliness of permit processing, and (x) the direct and indirect costs to neighboring states of administering their water permit programs, including what activities each state categorizes as direct and indirect costs, and the fees charged to the permit holders and applicants.

E. Fees collected pursuant to this section shall not supplant or reduce in any way the general fund appropriation to the Board.

F. Permit fee schedules shall apply to permit programs in existence on July 1, 1992, any additional permits that may be required by the federal government and administered by the Board, or any new permit required pursuant to any law of the Commonwealth.

G. The Board is authorized to promulgate regulations establishing a schedule of reduced permit fees for facilities that have established a record of compliance with the terms and requirements of their permits and shall establish criteria by regulation to provide for reductions in the annual fee amount assessed for facilities accepted into the Department's programs to recognize excellent environmental performance.

§ 62.1-44.15:20. Virginia Water Protection Permit.

A. Except in compliance with an individual or general Virginia Water Protection Permit issued in accordance with this article, it shall be unlawful to:

1. Excavate in a wetland;
2. On or after October 1, 2001, conduct the following in a wetland:
 - a. New activities to cause draining that significantly alters or degrades existing wetland acreage or functions;
 - b. Filling or dumping;
 - c. Permanent flooding or impounding; or
 - d. New activities that cause significant alteration or degradation of existing wetland acreage or functions; or
3. Alter the physical, chemical, or biological properties of state waters and make them detrimental to the public health, animal or aquatic life, or to the uses of such waters for domestic or industrial consumption, or for recreation, or for other uses unless authorized by a certificate issued by the Board.

B. The Board shall, after providing an opportunity for public comment, issue a Virginia Water Protection Permit if it has determined that the proposed activity is consistent with the provisions of the Clean Water Act and the State Water Control Law and will protect instream beneficial uses.

C. Prior to the issuance of a Virginia Water Protection Permit, the Board shall consult with and give full consideration to any relevant information contained in the state water supply plan described in subsection A of § 62.1-44.38:1 as well as to the written recommendations of the following agencies: the Department of ~~Game and Inland Fisheries~~ *Wildlife Resources*, the Department of Conservation and Recreation, the Virginia Marine Resources Commission, the Department of Health, the Department of Agriculture and Consumer Services, and any other interested and affected agencies. When considering the state water supply plan, nothing shall be construed to limit the operation or expansion of an electric generation facility located on a man-made lake or impoundment built for the purpose of providing cooling water to such facility. Such consultation shall include the need for balancing instream uses with offstream uses. Agencies may submit written comments on proposed permits within 45 days after notification by the Board. If written comments are not submitted by an agency within this time period, the Board shall assume that the agency has no comments on the proposed permit and deem that the agency has waived its right to comment. After the expiration of the 45-day period, any such agency shall have no further opportunity to comment.

D. Issuance of a Virginia Water Protection Permit shall constitute the certification required under § 401 of the Clean Water Act, except for any applicant to the Federal Energy Regulatory Commission for a certificate of public convenience and necessity pursuant to § 7c of the federal Natural Gas Act (15 U.S.C. § 717f(c)) to construct any natural gas transmission pipeline greater than 36 inches inside diameter, in which case issuance of a Virginia Water Protection Permit pursuant to this article and a certification issued pursuant to Article 2.6 (§ 62.1-44.15:80 et seq.) shall together constitute the certification required under § 401 of the federal Clean Water Act.

E. No locality may impose wetlands permit requirements duplicating state or federal wetlands permit requirements. In addition, no locality shall impose or establish by ordinance, policy, plan, or any other means provisions related to the location of wetlands or stream mitigation in satisfaction of aquatic resource impacts regulated under a Virginia Water Protection Permit or under a permit issued by the U.S. Army Corps of Engineers pursuant to § 404 of the Clean Water Act. However, a locality's determination of allowed uses within zoning classifications or its approval of the siting or construction of wetlands or stream mitigation banks or other mitigation projects shall not be affected by the provisions of this subsection.

F. The Board shall assess compensation implementation, inventory permitted wetland impacts, and work to prevent unpermitted impacts to wetlands.

§ 62.1-44.15:81. Application and preparation of draft certification conditions.

A. Any applicant for a federal license or permit for a natural gas transmission pipeline greater than 36 inches inside diameter subject to § 7c of the federal Natural Gas Act (15 U.S.C. § 717f(c)) shall submit a separate application, at the same time the Joint Permit Application is submitted, to the Department containing a description of all activities that will occur in upland areas, including activities in or related to (i) slopes with a grade greater than 15 percent; (ii) karst geology features,

including sinkholes and underground springs; (iii) proximity to sensitive streams and wetlands identified by the Department of Conservation and Recreation or the Department of ~~Game and Inland Fisheries~~ *Wildlife Resources*; (iv) seasonally high water tables; (v) water impoundment structures and reservoirs; and (vi) areas with highly erodible soils, low pH, and acid sulfate soils.

B. At any time during the review of the application, but prior to issuing a certification pursuant to this article, the Department may issue an information request to the applicant for any relevant additional information necessary to determine (i) if any activities related to the applicant's project in upland areas are likely to result in a discharge to state waters and (ii) how the applicant proposes to minimize water quality impacts to the maximum extent practicable to protect water quality. The information request shall provide a reasonable amount of time for the applicant to respond.

C. The Department shall review the information contained in the application and any additional information obtained through any information requests issued pursuant to subsection B to determine if any activities described in the application or in any additional information requests (i) are likely to result in a discharge to state waters with the potential to adversely impact water quality and (ii) will not be addressed by the Virginia Water Protection Permit issued for the activity pursuant to Article 2.2 (§ 62.1-44.15:20 et seq.). The Department of ~~Game and Inland Fisheries~~ *Wildlife Resources*, the Department of Conservation and Recreation, the Department of Health, and the Department of Agriculture and Consumer Services shall consult with the Department during the review of the application and any additional information obtained through any information requests issued pursuant to subsection B. Following the conclusion of its review, the Department shall develop a draft certification for public comment and potential issuance by the Department or the Board pursuant to § 62.1-44.15:02 that contains any additional conditions for activities in upland areas necessary to protect water quality. The Department shall make the information contained in the application and any additional information obtained through any information requests issued pursuant to subsection B available to the public.

D. Notwithstanding any applicable annual standards and specifications for erosion and sediment control or stormwater management pursuant to Article 2.3 (§ 62.1-44.15:24 et seq.) or 2.4 (§ 62.1-44.15:51 et seq.), the applicant shall not commence land-disturbing activity prior to approval by the Department of an erosion and sediment control plan and stormwater management plan in accordance with applicable regulations. The Department shall act on any plan submittal within 60 days after initial submittal of a completed plan to the Department. The Department may issue either approval or disapproval and shall provide written rationale for any disapproval. The Department shall act on any plan that has been previously disapproved within 30 days after the plan has been revised and resubmitted for approval.

E. No action by either the Department or the Board on a certification pursuant to this article shall alter the siting determination made through Federal Energy Regulatory Commission or State Corporation Commission approval.

F. The Department shall assess an administrative charge to the applicant to cover the direct costs of services rendered associated with its responsibilities pursuant to this section.

§ 62.1-44.19:6. Citizen right-to-know provisions.

A. The Board, based on the information in the 303(d) and 305(b) reports, shall:

1. Request the Department of ~~Game and Inland Fisheries~~ *Wildlife Resources* or the Virginia Marine Resources Commission to post notices at public access points to all toxic impaired waters. The notice shall be prepared by the Board and shall contain (i) the basis for the impaired designation and (ii) a statement of the potential health risks provided by the Virginia Department of Health. The Board shall annually notify local newspapers, and persons who request notice, of any posting and its contents. The Board shall coordinate with the Virginia Marine Resources Commission and the Department of ~~Game and Inland Fisheries~~ *Wildlife Resources* to assure that adequate notice of posted waters is provided to those purchasing hunting and fishing licenses.

2. Maintain a "citizen hot-line" for citizens to obtain, either telephonically or electronically, information about the condition of waterways, including information on toxics, toxic discharges, permit violations and other water quality related issues.

3. Make information regarding the presence of toxics in fish tissue and sediments available to the public on the Internet and through other reasonable means for at least five years after the information is received by the Department of Environmental Quality. The Department of Environmental Quality shall post on the Internet and in the Virginia Register on or about January 1 and July 1 of each year an announcement of any new data that has been received over the past six months and shall make a copy of the information available upon request.

B. The Board shall provide to a local newspaper the discharge information reported to the Director of the Department of Environmental Quality pursuant to § 62.1-44.5, when the Virginia Department of Health determines that the discharge may be detrimental to the public health or the Board determines that the discharge may impair beneficial uses of state waters.

§ 62.1-44.33. Board to adopt regulations; tidal waters no discharge zones.

A. The State Water Control Board is empowered and directed to adopt all necessary regulations for the purpose of controlling the discharge of sewage and other wastes from both documented and undocumented boats and vessels on all navigable and nonnavigable waters within this Commonwealth. No such regulation shall impose restrictions that are more restrictive than the regulations applicable under federal law; provided, however, the Board may adopt such regulations as are reasonably necessary with respect to: (i) vessels regularly berthed in marinas or other places where vessels are moored, in order to limit or avoid the closing of shellfish grounds; and (ii) no discharge zones. Documented and undocumented boats and vessels are prohibited from discharging into the Chesapeake Bay and the tidal portions of its tributaries sewage that has

not been treated by a Coast Guard-approved Marine Sanitation Device (MSD Type 1 or Type 2); however, the discharge of treated or untreated sewage by such boats and vessels is prohibited in areas that have been designated as no discharge zones by the United States Environmental Protection Agency. Any discharges, as defined in 9VAC25-71-10, that are incidental to the normal operation of a vessel shall not constitute a violation of this section.

B. The tidal creeks of the Commonwealth are hereby established as no discharge zones for the discharge of sewage and other wastes from documented and undocumented boats and vessels. Criteria for the establishment of no discharge zones shall be premised on the improvement of impaired tidal creeks. Nothing in this section shall be construed to discourage the proper use of Type 1 and Type 2 Marine Sanitation Devices, as defined under 33 U.S.C. § 1332, in authorized areas other than properly designated no discharge zones. The Board shall adopt regulations for designated no discharge zones requiring (i) boats and vessels without installed toilets to dispose of any collected sewage from portable toilets or other containment devices at marina facilities approved by the Department of Health for collection of sewage wastes, or otherwise dispose of sewage in a manner that complies with state law; (ii) all boats and vessels with installed toilets to have a marine sanitation device to allow sewage holding capacity unless the toilets are rendered inoperable; (iii) all houseboats having installed toilets to have a holding tank with the capability of collecting and holding sewage and disposing of collected sewage at a pump-out facility; if the houseboats lack such tank then the marine sanitation device shall comply with clause (iv); (iv) y-valves, macerator pump valves, discharge conveyances or any other through-hull fitting valves capable of allowing a discharge of sewage from marine sanitation devices shall be secured in the closed position while in a no discharge zone by use of a padlock, nonreleasable wire tie, or removal of the y-valve handle. The method chosen shall present a physical barrier to the use of the y-valve or toilet; and (v) every owner or operator of a marina within a designated no discharge zone to notify boat patrons leasing slips of the sewage discharge restriction in the no discharge zone. As a minimum, notification shall consist of no discharge zone information in the slip rental contract and a sign indicating the area is a designated no discharge zone.

In formulating regulations pursuant to this section, the Board shall consult with the State Department of Health, the Department of ~~Game and Inland Fisheries~~ *Wildlife Resources*, and the Marine Resources Commission for the purpose of coordinating such regulations with the activities of such agencies.

For purposes of this section, "no discharge zone" means an area where the Commonwealth has received an affirmative determination from the U.S. Environmental Protection Agency that there are adequate facilities for the removal of sewage from vessels (holding tank pump-out facilities) in accordance with 33 U.S.C. § 1322 (f)(3), and where federal approval has been received allowing a complete prohibition of all treated or untreated discharges of sewage from all vessels.

C. Violation of such regulations and violations of the prohibitions created by this section on the discharge of treated and untreated sewage from documented and undocumented boats and vessels shall, upon conviction, be a Class 1 misdemeanor. Every law-enforcement officer of this Commonwealth and its subdivisions shall have the authority to enforce the regulations adopted under the provisions of this section and to enforce the prohibitions on the discharge of treated and untreated sewage created by this section.

§ 62.1-44.34:25. Virginia Spill Response Council created; purpose; membership.

A. There is hereby created the Virginia Spill Response Council. The purpose of the Council is to (i) improve the Commonwealth's capability to respond in a timely and coordinated fashion to incidents involving the discharge of oil or hazardous materials which pose a threat to the environment, its living resources, and the health, safety, and welfare of the people of the Commonwealth and (ii) provide an ongoing forum for discussions between agencies which are charged with the prevention of, and response to, oil spills and hazardous materials incidents, and those agencies responsible for the remediation of such incidents.

B. The Secretary of Natural Resources and the Secretary of Public Safety and Homeland Security, upon the advice of the director of the agency, shall select one representative from each of the following agencies to serve as a member of the Council: Department of Emergency Management, State Water Control Board, Department of Environmental Quality, Virginia Marine Resources Commission, Department of ~~Game and Inland Fisheries~~ *Wildlife Resources*, Department of Health, Department of Fire Programs, and the Council on the Environment.

C. The Secretary of Natural Resources or his designee shall serve as chairman of the Council.

§ 62.1-250. State agency review.

Prior to the creation of a surface water management area, or the issuance of a permit within one, the Board shall consult and cooperate with, and give full consideration to the written recommendations of, the following agencies: the Department of ~~Game and Inland Fisheries~~ *Wildlife Resources*, the Department of Conservation and Recreation, the Virginia Marine Resources Commission, the Department of Health, and any other interested and affected agencies. Such consultation shall include the need for development of a means in the surface water management area for balancing instream uses with offstream uses. Agencies may submit written comments on proposed permits within forty-five days after notification by the Board. The Board shall assume that if written comments are not submitted by an agency, within the time period, the agency has no comments on the proposed permits.

§ 65.2-402. Presumption as to death or disability from respiratory disease, hypertension or heart disease, cancer.

A. Respiratory diseases that cause (i) the death of volunteer or salaried firefighters or Department of Emergency Management hazardous materials officers or (ii) any health condition or impairment of such firefighters or Department of Emergency Management hazardous materials officers resulting in total or partial disability shall be presumed to be

occupational diseases, suffered in the line of duty, that are covered by this title unless such presumption is overcome by a preponderance of competent evidence to the contrary.

B. Hypertension or heart disease causing the death of, or any health condition or impairment resulting in total or partial disability of (i) salaried or volunteer firefighters, (ii) members of the State Police Officers' Retirement System, (iii) members of county, city or town police departments, (iv) sheriffs and deputy sheriffs, (v) Department of Emergency Management hazardous materials officers, (vi) city sergeants or deputy city sergeants of the City of Richmond, (vii) Virginia Marine Police officers, (viii) conservation police officers who are full-time sworn members of the enforcement division of the Department of ~~Game and Inland Fisheries~~ *Wildlife Resources*, (ix) Capitol Police officers, (x) special agents of the Virginia Alcoholic Beverage Control Authority appointed under the provisions of Chapter 1 (§ 4.1-100 et seq.) of Title 4.1, (xi) for such period that the Metropolitan Washington Airports Authority voluntarily subjects itself to the provisions of this chapter as provided in § 65.2-305, officers of the police force established and maintained by the Metropolitan Washington Airports Authority, (xii) officers of the police force established and maintained by the Norfolk Airport Authority, (xiii) sworn officers of the police force established and maintained by the Virginia Port Authority, and (xiv) campus police officers appointed under Article 3 (§ 23.1-809 et seq.) of Chapter 8 of Title 23.1 and employed by any public institution of higher education shall be presumed to be occupational diseases, suffered in the line of duty, that are covered by this title unless such presumption is overcome by a preponderance of competent evidence to the contrary.

C. Leukemia or pancreatic, prostate, rectal, throat, ovarian or breast cancer causing the death of, or any health condition or impairment resulting in total or partial disability of, any volunteer or salaried firefighter, Department of Emergency Management hazardous materials officer, commercial vehicle enforcement officer or motor carrier safety trooper employed by the Department of State Police, or full-time sworn member of the enforcement division of the Department of Motor Vehicles having completed 12 years of continuous service who has a contact with a toxic substance encountered in the line of duty shall be presumed to be an occupational disease, suffered in the line of duty, that is covered by this title, unless such presumption is overcome by a preponderance of competent evidence to the contrary. For the purposes of this section, a "toxic substance" is one which is a known or suspected carcinogen, as defined by the International Agency for Research on Cancer, and which causes, or is suspected to cause, leukemia or pancreatic, prostate, rectal, throat, ovarian or breast cancer.

D. The presumptions described in subsections A, B, and C shall only apply if persons entitled to invoke them have, if requested by the private employer, appointing authority or governing body employing them, undergone preemployment physical examinations that (i) were conducted prior to the making of any claims under this title that rely on such presumptions, (ii) were performed by physicians whose qualifications are as prescribed by the private employer, appointing authority or governing body employing such persons, (iii) included such appropriate laboratory and other diagnostic studies as the private employer, appointing authorities or governing bodies may have prescribed, and (iv) found such persons free of respiratory diseases, hypertension, cancer or heart disease at the time of such examinations.

E. Persons making claims under this title who rely on such presumptions shall, upon the request of private employers, appointing authorities or governing bodies employing such persons, submit to physical examinations (i) conducted by physicians selected by such employers, authorities, bodies or their representatives and (ii) consisting of such tests and studies as may reasonably be required by such physicians. However, a qualified physician, selected and compensated by the claimant, may, at the election of such claimant, be present at such examination.

F. Whenever a claim for death benefits is made under this title and the presumptions of this section are invoked, any person entitled to make such claim shall, upon the request of the appropriate private employer, appointing authority or governing body that had employed the deceased, submit the body of the deceased to a postmortem examination as may be directed by the Commission. A qualified physician, selected and compensated by the person entitled to make the claim, may, at the election of such claimant, be present at such postmortem examination.

G. Volunteer emergency medical services personnel, volunteer law-enforcement chaplains, auxiliary and reserve deputy sheriffs, and auxiliary and reserve police are not included within the coverage of this section.

H. For purposes of this section, "firefighter" includes special forest wardens designated pursuant to § 10.1-1135 and any persons who are employed by or contract with private employers primarily to perform firefighting services.

§ 65.2-402.1. Presumption as to death or disability from infectious disease.

A. Hepatitis, meningococcal meningitis, tuberculosis or HIV causing the death of, or any health condition or impairment resulting in total or partial disability of, any (i) salaried or volunteer firefighter, or salaried or volunteer emergency medical services personnel, (ii) member of the State Police Officers' Retirement System, (iii) member of county, city or town police departments, (iv) sheriff or deputy sheriff, (v) Department of Emergency Management hazardous materials officer, (vi) city sergeant or deputy city sergeant of the City of Richmond, (vii) Virginia Marine Police officer, (viii) conservation police officer who is a full-time sworn member of the enforcement division of the Department of ~~Game and Inland Fisheries~~ *Wildlife Resources*, (ix) Capitol Police officer, (x) special agent of the Virginia Alcoholic Beverage Control Authority appointed under the provisions of Chapter 1 (§ 4.1-100 et seq.) of Title 4.1, (xi) for such period that the Metropolitan Washington Airports Authority voluntarily subjects itself to the provisions of this chapter as provided in § 65.2-305, officer of the police force established and maintained by the Metropolitan Washington Airports Authority, (xii) officer of the police force established and maintained by the Norfolk Airport Authority, (xiii) conservation officer of the Department of Conservation and Recreation commissioned pursuant to § 10.1-115, (xiv) sworn officer of the police force established and maintained by the Virginia Port Authority, or (xv) any campus police officer appointed under Article 3

(§ 23.1-809 et seq.) of Chapter 8 of Title 23.1 and employed by any public institution of higher education, who has a documented occupational exposure to blood or body fluids shall be presumed to be occupational diseases, suffered in the line of government duty, that are covered by this title unless such presumption is overcome by a preponderance of competent evidence to the contrary. For purposes of this section, an occupational exposure occurring on or after July 1, 2002, shall be deemed "documented" if the person covered under this section gave notice, written or otherwise, of the occupational exposure to his employer, and an occupational exposure occurring prior to July 1, 2002, shall be deemed "documented" without regard to whether the person gave notice, written or otherwise, of the occupational exposure to his employer.

B. As used in this section:

"Blood or body fluids" means blood and body fluids containing visible blood and other body fluids to which universal precautions for prevention of occupational transmission of blood-borne pathogens, as established by the Centers for Disease Control, apply. For purposes of potential transmission of hepatitis, meningococcal meningitis, tuberculosis, or HIV the term "blood or body fluids" includes respiratory, salivary, and sinus fluids, including droplets, sputum, saliva, mucus, and any other fluid through which infectious airborne or blood-borne organisms can be transmitted between persons.

"Hepatitis" means hepatitis A, hepatitis B, hepatitis non-A, hepatitis non-B, hepatitis C or any other strain of hepatitis generally recognized by the medical community.

"Occupational exposure," in the case of hepatitis, meningococcal meningitis, tuberculosis or HIV, means an exposure that occurs during the performance of job duties that places a covered employee at risk of infection.

C. Persons covered under this section who test positive for exposure to the enumerated occupational diseases, but have not yet incurred the requisite total or partial disability, shall otherwise be entitled to make a claim for medical benefits pursuant to § 65.2-603, including entitlement to an annual medical examination to measure the progress of the condition, if any, and any other medical treatment, prophylactic or otherwise.

D. Whenever any standard, medically-recognized vaccine or other form of immunization or prophylaxis exists for the prevention of a communicable disease for which a presumption is established under this section, if medically indicated by the given circumstances pursuant to immunization policies established by the Advisory Committee on Immunization Practices of the United States Public Health Service, a person subject to the provisions of this section may be required by such person's employer to undergo the immunization or prophylaxis unless the person's physician determines in writing that the immunization or prophylaxis would pose a significant risk to the person's health. Absent such written declaration, failure or refusal by a person subject to the provisions of this section to undergo such immunization or prophylaxis shall disqualify the person from any presumption established by this section.

E. The presumptions described in subsection A shall only apply if persons entitled to invoke them have, if requested by the appointing authority or governing body employing them, undergone preemployment physical examinations that (i) were conducted prior to the making of any claims under this title that rely on such presumptions, (ii) were performed by physicians whose qualifications are as prescribed by the appointing authority or governing body employing such persons, (iii) included such appropriate laboratory and other diagnostic studies as the appointing authorities or governing bodies may have prescribed, and (iv) found such persons free of hepatitis, meningococcal meningitis, tuberculosis or HIV at the time of such examinations. The presumptions described in subsection A shall not be effective until six months following such examinations, unless such persons entitled to invoke such presumption can demonstrate a documented exposure during the six-month period.

F. Persons making claims under this title who rely on such presumption shall, upon the request of appointing authorities or governing bodies employing such persons, submit to physical examinations (i) conducted by physicians selected by such appointing authorities or governing bodies or their representatives and (ii) consisting of such tests and studies as may reasonably be required by such physicians. However, a qualified physician, selected and compensated by the claimant, may, at the election of such claimant, be present at such examination.

§ 19.2-258.1. Trial of traffic infractions; measure of proof; failure to appear.

For any traffic infraction cases tried in a district court, the court shall hear and determine the case without the intervention of a jury. For any traffic infraction case appealed to a circuit court, the defendant shall have the right to trial by jury. The defendant shall be presumed innocent until proven guilty beyond a reasonable doubt.

When a person charged with a traffic infraction fails to enter a written or court appearance, he shall be deemed to have waived court hearing and the case may be heard in his absence, after which he shall be notified of the court's finding- ~~He shall be advised that if he fails to comply with any order of the court therein, the court may order suspension of his driver's license as provided in § 46.2-395 but, however,~~ the court shall not issue a warrant for his failure to appear pursuant to § 46.2-938.

§ 19.2-354. Authority of court to order payment of fine, costs, forfeitures, penalties or restitution in installments or upon other terms and conditions; community work in lieu of payment.

A. Whenever (i) a defendant, convicted of a traffic infraction or a violation of any criminal law of the Commonwealth or of any political subdivision thereof, or found not innocent in the case of a juvenile, is sentenced to pay a fine, restitution, forfeiture or penalty and (ii) the defendant is unable to make payment of the fine, restitution, forfeiture, or penalty and costs within 30 days of sentencing, the court shall order the defendant to pay such fine, restitution, forfeiture or penalty and any costs which the defendant may be required to pay in deferred payments or installments. The court assessing the fine, restitution, forfeiture, or penalty and costs may authorize the clerk to establish and approve individual deferred or installment payment agreements. If the defendant owes court-ordered restitution and enters into a deferred or installment payment agreement, any money collected pursuant to such agreement shall be used first to satisfy such restitution order and any collection costs associated with restitution prior to being used to satisfy any other fine, forfeiture, penalty, or cost owed. Any payment agreement authorized under this section shall be consistent with the provisions of § 19.2-354.1, including any required minimum payments or other required conditions. The requirements set forth in § 19.2-354.1 shall be posted in the clerk's office and on the court's website, if a website is available. As a condition of every such agreement, a defendant who enters into an installment or deferred payment agreement shall promptly inform the court of any change of mailing address during the term of the agreement. If the defendant is unable to make payment within 90 days of sentencing, the court may assess a one-time fee not to exceed \$10 to cover the costs of management of the defendant's account until such account is paid in full. This one-time fee shall not apply to cases in which costs are assessed pursuant to § 17.1-275.1, 17.1-275.2, 17.1-275.3, 17.1-275.4, 17.1-275.7, 17.1-275.8, or 17.1-275.9. Installment or deferred payment agreements shall include terms for payment if the defendant participates in a program as provided in subsection B or C. The court, if such sum or sums are not paid in full by the date ordered, shall proceed in accordance with § 19.2-358.

B. When a person sentenced to the Department of Corrections or a local correctional facility owes any fines, costs, forfeitures, restitution or penalties, he shall be required as a condition of participating in any work release, home/electronic

incarceration or nonconsecutive days program as set forth in § 53.1-60, 53.1-131, 53.1-131.1, or 53.1-131.2 to either make full payment or make payments in accordance with his installment or deferred payment agreement while participating in such program. If, after the person has an installment or deferred payment agreement, the person fails to pay as ordered, his participation in the program may be terminated until all fines, costs, forfeitures, restitution and penalties are satisfied. The Director of the Department of Corrections and any sheriff or other administrative head of any local correctional facility shall withhold such ordered payments from any amounts due to such person. Distribution of the money collected shall be made in the following order of priority to:

1. Meet the obligation of any judicial or administrative order to provide support and such funds shall be disbursed according to the terms of such order;
2. Pay any restitution as ordered by the court;
3. Pay any fines or costs as ordered by the court;
4. Pay travel and other such expenses made necessary by his work release employment or participation in an education or rehabilitative program, including the sums specified in § 53.1-150; and
5. Defray the offender's keep.

The balance shall be credited to the offender's account or sent to his family in an amount the offender so chooses.

The Board of Corrections shall promulgate regulations governing the receipt of wages paid to persons participating in such programs, the withholding of payments and the disbursement of appropriate funds.

C. The court shall establish a program and may provide an option to any person upon whom a fine and costs have been imposed to discharge all or part of the fine or costs by earning credits for the performance of community service work before or after imprisonment. The program shall specify the rate at which credits are earned and provide for the manner of applying earned credits against the fine or costs. The court assessing the fine or costs against a person shall inform such person of the availability of earning credit toward discharge of the fine or costs through the performance of community service work under this program and provide such person with written notice of terms and conditions of this program. The court shall have such other authority as is reasonably necessary for or incidental to carrying out this program.

D. When the court has authorized deferred payment or installment payments, the clerk shall give notice to the defendant that upon his failure to pay as ordered he may be fined or imprisoned pursuant to § 19.2-358 ~~and his privilege to operate a motor vehicle will be suspended pursuant to § 46.2-395.~~

E. The failure of the defendant to enter into a deferred payment or installment payment agreement with the court or the failure of the defendant to make payments as ordered by the agreement shall allow the Tax Commissioner to act in accordance with § 19.2-349 to collect all fines, costs, forfeitures and penalties.

§ 19.2-354.1. Deferred or installment payment agreements.

A. For purposes of this section:

"Deferred payment agreement" means an agreement in which no installment payments are required and the defendant agrees to pay the full amount of the fines and costs at the end of the agreement's stated term.

"Fines and costs" means all fines, court costs, forfeitures, and penalties assessed in any case by a single court against a defendant for the commission of any crime or traffic infraction. "Fines and costs" includes restitution unless the court orders a separate payment schedule for restitution.

"Installment payment agreement" means an agreement in which the defendant agrees to make monthly or other periodic payments until the fines and costs are paid in full.

"Modified deferred payment agreement" means a deferred payment agreement in which the defendant also agrees to use best efforts to make monthly or other periodic payments.

B. The court shall give a defendant ordered to pay fines and costs written notice of the availability of deferred, modified deferred, and installment payment agreements and, if a community service program has been established, the availability of earning credit toward discharge of fines and costs through the performance of community service work. The court shall offer any defendant who is unable to pay in full the fines and costs within 30 days of sentencing the opportunity to enter into a deferred payment agreement, modified deferred payment agreement, or installment payment agreement.

C. The court shall not deny a defendant the opportunity to enter into a deferred, modified deferred, or installment payment agreement solely (i) because of the category of offense for which the defendant was convicted or found not innocent, (ii) because of the total amount of all fines and costs, (iii) because the defendant previously defaulted under the terms of a payment agreement, (iv) because the fines and costs have been referred for collections pursuant to § 19.2-349, *or* (v) because the defendant has not established a payment history; ~~or (vi) because the defendant is eligible for a restricted driver's license under subsection E of § 46.2-395.~~

D. In determining the length of time to pay under a deferred, modified deferred, or installment payment agreement and the amount of the payments, a court shall take into account the defendant's financial resources and obligations, including any fines and costs owed by the defendant in other courts. In assessing the defendant's ability to pay, the court shall use a written financial statement, on a form developed by the Executive Secretary of the Supreme Court, setting forth the defendant's financial resources and obligations or conduct an oral examination of the defendant to determine his financial resources and obligations. ~~The court may require the defendant to present a summary prepared by the Department of Motor Vehicles of the other courts in which the defendant also owes fines and costs.~~ The length of a payment agreement and the amount of the payments shall be reasonable in light of the defendant's financial resources and obligations and shall not be

based solely on the amount of fines and costs. The court may offer a payment agreement combining an initial period during which no payment of fines and costs is required followed by a period of installment payments.

E. A court may require a down payment as a condition of a defendant entering a deferred, modified deferred, or installment payment agreement. Any down payment shall be a minimal amount to demonstrate the defendant's commitment to paying the fines and costs. In the case of an installment payment agreement, the required down payment may not exceed (i) if the fines and costs owed are \$500 or less, 10 percent of such amount or (ii) if the fines and costs owed are more than \$500, five percent of such amount or \$50, whichever is greater. A defendant may make a larger down payment than what is provided by this subsection.

F. All fines and costs that a defendant owes for all cases in any single court may be incorporated into one payment agreement, unless otherwise ordered by the court in specific cases. A payment agreement shall include only those outstanding fines and costs for which the limitations period set forth in § 19.2-341 has not run.

G. Any payment received within 10 days of its due date shall be considered to be timely made.

H. At any time during the duration of a payment agreement, the defendant may request a modification of the agreement in writing on a form provided by the Executive Secretary of the Supreme Court, and the court may grant such modification based on a good faith showing of need.

I. A court shall consider a request by a defendant who has defaulted on a payment agreement to enter into a subsequent payment agreement. In determining whether to approve the request for a subsequent payment agreement, the court shall consider any change in the defendant's circumstances. A court shall require a down payment to enter into a subsequent payment agreement, provided that the down payment required to enter into a subsequent payment agreement shall not exceed (i) if the fines and costs owed are \$500 or less, 10 percent of such amount or (ii) if the fines and costs owed are more than \$500, five percent of such amount or \$50, whichever is greater. When a defendant enters into a subsequent payment agreement, a court shall not require a defendant to establish a payment history on the subsequent payment agreement before restoring the defendant's driver's license.

§ 33.2-503. HOT lanes enforcement.

Any person operating a motor vehicle on designated HOT lanes shall make arrangements with the HOT lanes operator for payment of the required toll prior to entering such HOT lanes. The operator of a vehicle who enters the HOT lanes in an unauthorized vehicle, in violation of the conditions for use of such HOT lanes established pursuant to § 33.2-502, without payment of the required toll or without having made arrangements with the HOT lanes operator for payment of the required toll shall have committed a violation of this section, which may be enforced in the following manner:

1. On a form prescribed by the Supreme Court, a summons for a violation of this section may be executed by a law-enforcement officer, when such violation is observed by such officer. The form shall contain the option for the operator of the vehicle to prepay the unpaid toll and all penalties, administrative fees, and costs.

2. a. A HOT lanes operator shall install and operate, or cause to be installed or operated, a photo-enforcement system at locations where tolls are collected for the use of such HOT lanes.

b. A summons for a violation of this section may be executed when such violation is evidenced by information obtained from a photo-enforcement system as defined in this chapter. A certificate, sworn to or affirmed by a technician employed or authorized by the HOT lanes operator, or a facsimile of such a certificate, based on inspection of photographs, microphotographs, videotapes, or other recorded images produced by a photo-enforcement system, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape, or other recorded images evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation under this subdivision 2. Any vehicle rental or vehicle leasing company, if named in a summons, shall be released as a party to the action if it provides to the HOT lanes operator a copy of the vehicle rental agreement or lease or an affidavit identifying the renter or lessee prior to the date of hearing set forth in the summons. Upon receipt of such rental agreement, lease, or affidavit, a summons shall be issued for the renter or lessee identified therein. Release of this information shall not be deemed a violation of any provision of the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et seq.) or the Insurance Information and Privacy Protection Act (§ 38.2-600 et seq.).

c. On a form prescribed by the Supreme Court, a summons issued under this subdivision 2 may be executed as provided in § 19.2-76.2. Such form shall contain the option for the owner or operator to prepay the unpaid toll and all penalties, administrative fees, and costs. A summons for a violation of this section may set forth multiple violations occurring within one jurisdiction. Notwithstanding the provisions of § 19.2-76, a summons for a violation of this section may be executed by mailing by first-class mail a copy thereof to the address of the owner or, if the owner has named and provided a valid address for the operator of the vehicle at the time of the violation in an affidavit executed pursuant to subdivision e, such named operator of the vehicle. Such summons shall be signed either originally or by electronic signature. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3.

d. No summons may be issued by a HOT lanes operator for a violation of this section unless the HOT lanes operator can demonstrate that (i) there was an attempt to collect the unpaid tolls and applicable administrative fees through debt collection not less than 30 days prior to issuance of the summons and (ii) 120 days have elapsed since the unpaid toll or, in a summons for multiple violations, 120 days have elapsed since the most recent unpaid toll noticed on the summons. For purposes of this subdivision, "debt collection" means the collection of unpaid tolls and applicable administrative fees by

(a) retention of a third-party debt collector or (b) collection practices undertaken by employees of a HOT lanes operator that are materially similar to a third-party debt collector.

e. The owner of such vehicle shall be given reasonable notice by way of a summons as provided in this subdivision 2 that his vehicle had been used in violation of this section, and such owner shall be given notice of the time and place of the hearing and notice of the civil penalty and costs for such offense.

It shall be prima facie evidence that the vehicle described in the summons issued pursuant to subdivision 2 was operated in violation of this section. Records obtained from the Department of Motor Vehicles pursuant to § 33.2-504 and certified in accordance with § 46.2-215 or from the equivalent agency in another state and certified as true and correct copies by the head of such agency or his designee identifying the owner of such vehicle shall give rise to a rebuttable presumption that the owner of the vehicle is the person named in the summons.

Upon the filing of an affidavit with the court at least 14 days prior to the hearing date by the owner of the vehicle stating that he was not the operator of the vehicle on the date of the violation and providing the legal name and address of the operator of the vehicle at the time of the violation, a summons will also be issued to the alleged operator of the vehicle at the time of the offense. The affidavit shall constitute prima facie evidence that the person named in the affidavit was driving the vehicle at all the relevant times relating to the matter named in the affidavit.

If the owner of the vehicle produces a certified copy of a police report showing that the vehicle had been reported to the police as stolen prior to the time of the alleged offense and remained stolen at the time of the alleged offense, then the court shall dismiss the summons issued to the owner of the vehicle.

3. a. The HOT lanes operator may impose and collect an administrative fee in addition to the unpaid toll so as to recover the expenses of collecting the unpaid toll, which administrative fee shall be reasonably related to the actual cost of collecting the unpaid toll and not exceed \$100 per violation. The operator of the vehicle shall pay the unpaid tolls and any administrative fee detailed in a notice or invoice issued by a HOT lanes operator. If paid within 60 days of notification, the administrative fee shall not exceed \$25. The HOT lanes operator shall notify the owner of the vehicle of any unpaid tolls and administrative fees by mailing an invoice pursuant to § 46.2-819.6.

b. Upon a finding by a court of competent jurisdiction that the operator of the vehicle observed by a law-enforcement officer under subdivision 1 or the vehicle described in the summons for a violation issued pursuant to evidence obtained by a photo-enforcement system under subdivision 2 was in violation of this section, the court shall impose a civil penalty upon the operator of such vehicle issued a summons under subdivision 1, or upon the operator or owner of such vehicle issued a summons under subdivision 2, payable to the HOT lanes operator as follows: for a first offense, \$50; for a second offense, \$100; for a third offense within a period of two years of the second offense, \$250; and for a fourth and subsequent offense within a period of three years of the second offense, \$500, together with, in each case, the unpaid toll, all accrued administrative fees imposed by the HOT lanes operator as authorized by this section, and applicable court costs. The court shall remand penalties, the unpaid toll, and administrative fees assessed for violation of this section to the treasurer or director of finance of the county or city in which the violation occurred for payment to the HOT lanes operator for expenses associated with operation of the HOT lanes and payments against any bonds or other liens issued as a result of the construction of the HOT lanes. No person shall be subject to prosecution under both subdivisions 1 and 2 for actions arising out of the same transaction or occurrence.

c. Notwithstanding subdivisions a and b, for a first conviction of an operator or owner of a vehicle under this section, the total amount for the first conviction shall not exceed \$2,200, including civil penalties and administrative fees regardless of the total number of offenses the operator or owner of a vehicle is convicted of on that date.

d. Upon a finding by a court that a resident of the Commonwealth has violated this section, in the event such person fails to pay the required penalties, fees, and costs, the court shall notify the Commissioner of the Department of Motor Vehicles, who shall suspend all of the registration certificates and license plates issued for any motor vehicles registered solely in the name of such person and shall not issue any registration certificate or license plate for any other vehicle that such person seeks to register solely in his name until the court has notified the Commissioner of the Department of Motor Vehicles that such penalties, fees, and costs have been paid. Upon a finding by a court that a nonresident of the Commonwealth has violated this section, in the event that such person fails to pay the required penalties, fees, and costs, the court shall notify the Commissioner of the Department of Motor Vehicles, who shall, when the vehicle is registered in a state with which the Commonwealth has entered into an agreement to enforce tolling violations pursuant to § 46.2-819.9, provide to the entity authorized to issue vehicle registration certificates or license plates in the state in which the vehicle is registered sufficient evidence of the court's finding to take action against the vehicle registration certificate or license plates in accordance with the terms of the agreement, until the court has notified the Commissioner of the Department of Motor Vehicles that such penalties, fees, and costs have been paid. Upon receipt of such notification from the court, the Commissioner of the Department of Motor Vehicles shall notify the state where the vehicle is registered of such payment. The HOT lanes operator and the Commissioner of the Department of Motor Vehicles may enter into an agreement whereby the HOT lanes operator may reimburse the Department of Motor Vehicles for its reasonable costs to develop, implement, and maintain this enforcement mechanism, and that specifies that the Commissioner of the Department of Motor Vehicles shall have an obligation to suspend such registration certificates or to provide notice to such entities in other states so long as the HOT lanes operator makes the required reimbursements in a timely manner in accordance with the agreement.

e. An action brought under subdivision 1 or 2 shall be commenced within two years of the commission of the offense and shall be considered a traffic infraction. Except as provided in subdivisions 4 and 5, imposition of a civil penalty

pursuant to this section shall not be deemed a conviction as an operator of a motor vehicle under Title 46.2 and shall not be made part of the driving record of the person upon whom such civil penalty is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage. ~~The provisions of § 46.2-395 shall not be applicable to any civil penalty, fee, unpaid toll, fine, or cost imposed or ordered paid under this section for a violation of subdivision 1 or 2.~~

4. a. The HOT lanes operator may restrict the usage of the HOT lanes to designated vehicle classifications pursuant to an interim or final comprehensive agreement executed pursuant to § 33.2-1808 or 33.2-1809. Notice of any such vehicle classification restrictions shall be provided through the placement of signs or other markers prior to and at all HOT lanes entrances.

b. Any person driving an unauthorized vehicle on the designated HOT lanes is guilty of a traffic infraction, which shall not be a moving violation, and shall be punishable as follows: for a first offense, by a fine of \$125; for a second offense within a period of five years from a first offense, by a fine of \$250; for a third offense within a period of five years from a first offense, by a fine of \$500; and for a fourth and subsequent offense within a period of five years from a first offense, by a fine of \$1,000. No person shall be subject to prosecution under both this subdivision and subdivision 1 or 2 for actions arising out of the same transaction or occurrence.

Upon a conviction under this subdivision, the court shall furnish to the Commissioner of the Department of Motor Vehicles, in accordance with § 46.2-383, an abstract of the record of such conviction, which shall become a part of the person's driving record. Notwithstanding the provisions of § 46.2-492, no driver demerit points shall be assessed for any violation of this subdivision, except that persons convicted of a second, third, fourth, or subsequent violation within five years of a first offense shall be assessed three demerit points for each such violation.

5. The operator of a vehicle who enters the HOT lanes by crossing through any barrier, buffer, or other area separating the HOT lanes from other lanes of travel is guilty of a violation of § 46.2-852, unless the vehicle is a state or local law-enforcement vehicle, firefighting truck, or emergency medical services vehicle used in the performance of its official duties. No person shall be subject to prosecution both under this subdivision and under subdivision 1, 2, or 4 for actions arising out of the same transaction or occurrence.

Upon a conviction under this subdivision, the court shall furnish to the Commissioner of the Department of Motor Vehicles in accordance with § 46.2-383 an abstract of the record of such conviction, which shall become a part of the convicted person's driving record.

6. No person shall be subject to prosecution both under this section and under § 33.2-501, 46.2-819, or 46.2-819.1 for actions arising out of the same transaction or occurrence.

7. Any action under this section shall be brought in the general district court of the county or city in which the violation occurred.

§ 46.2-203.1. Provision of updated addresses by persons completing forms; acknowledgment of future receipt of official notices.

Whenever any person completes a form for an application, certificate of title, registration card, license plate, driver's license, and any other form requisite for the purpose of this title, or whenever any person is issued a summons for a violation of the motor vehicle laws of the Commonwealth, he shall provide his current address on the form or summons. By signing the form or summons, the person acknowledges that (i) the address is correct, (ii) any official notice, including an order of suspension, will be sent by prepaid first class mail to the address on the signed form with the most current date, and (iii) the notice shall be deemed to have been accepted by the person at that address. ~~In addition, upon signing a summons for a violation of the motor vehicle laws, the person shall acknowledge that his failure to appear in court and pay fines and costs could result in suspension of his operator's license.~~

§ 46.2-301. Driving while license, permit, or privilege to drive suspended or revoked.

A. In addition to any other penalty provided by this section, any motor vehicle administratively impounded or immobilized under the provisions of § 46.2-301.1 may, in the discretion of the court, be impounded or immobilized for an additional period of up to 90 days upon conviction of an offender for driving while his driver's license, learner's permit, or privilege to drive a motor vehicle has been suspended or revoked for (i) a violation of § 18.2-36.1, 18.2-51.4, 18.2-266, 18.2-272, or 46.2-341.24 or a substantially similar ordinance or law in any other jurisdiction or (ii) driving after adjudication as an habitual offender, where such adjudication was based in whole or in part on an alcohol-related offense, or where such person's license has been administratively suspended under the provisions of § 46.2-391.2. However, if, at the time of the violation, the offender was driving a motor vehicle owned by another person, the court shall have no jurisdiction over such motor vehicle but may order the impoundment or immobilization of a motor vehicle owned solely by the offender at the time of arrest. All costs of impoundment or immobilization, including removal or storage expenses, shall be paid by the offender prior to the release of his motor vehicle.

B. Except as provided in §§ 46.2-304 and 46.2-357, no resident or nonresident (i) whose driver's license, learner's permit, or privilege to drive a motor vehicle has been suspended or revoked or (ii) who has been directed not to drive by any court or by the Commissioner, or (iii) who has been forbidden, as prescribed by operation of any statute of the Commonwealth or a substantially similar ordinance of any county, city or town, to operate a motor vehicle in the Commonwealth shall thereafter drive any motor vehicle or any self-propelled machinery or equipment on any highway in the Commonwealth until the period of such suspension or revocation has terminated or the privilege has been reinstated or a restricted license is issued pursuant to subsection E. ~~A clerk's notice of suspension of license for failure to pay fines or costs given in accordance with § 46.2-395 shall be sufficient notice for the purpose of maintaining a conviction under this section.~~

For the purposes of this section, the phrase "motor vehicle or any self-propelled machinery or equipment" shall not include mopeds.

C. A violation of subsection B is a Class 1 misdemeanor. A third or subsequent offense occurring within a 10-year period shall include a mandatory minimum term of confinement in jail of 10 days. However, the court shall not be required to impose a mandatory minimum term of confinement in any case where a motor vehicle is operated in violation of this section in a situation of apparent extreme emergency which requires such operation to save life or limb.

D. Upon a violation of subsection B, the court shall suspend the person's license or privilege to drive a motor vehicle for the same period for which it had been previously suspended or revoked. In the event the person violated subsection B by driving during a period of suspension or revocation which was not for a definite period of time, the court shall suspend the person's license, permit or privilege to drive for an additional period not to exceed 90 days, to commence upon the expiration of the previous suspension or revocation or to commence immediately if the previous suspension or revocation has expired; ~~however, in the event that the person violated subsection B by driving during a period of suspension imposed pursuant to § 46.2-395, the additional 90-day suspension imposed pursuant to this subsection shall run concurrently with the suspension imposed pursuant to § 46.2-395 in accordance with subsection F of § 46.2-395.~~

E. Any person who is otherwise eligible for a restricted license may petition each court that suspended his license pursuant to subsection D for authorization for a restricted license, provided that the period of time for which the license was suspended by the court pursuant to subsection D, if measured from the date of conviction, has expired, even though the suspension itself has not expired. A court may, for good cause shown, authorize the Department of Motor Vehicles to issue a restricted license for any of the purposes set forth in subsection E of § 18.2-271.1. No restricted license shall be issued unless each court that issued a suspension of the person's license pursuant to subsection D authorizes the Department to issue a restricted license. Any restricted license issued pursuant to this subsection shall be in effect until the expiration of any and all suspensions issued pursuant to subsection D, except that it shall automatically terminate upon the expiration, cancellation, suspension, or revocation of the person's license or privilege to drive for any other cause. No restricted license issued pursuant to this subsection shall permit a person to operate a commercial motor vehicle as defined in the Commercial Driver's License Act (§ 46.2-341.1 et seq.). The court shall forward to the Commissioner a copy of its authorization entered pursuant to this subsection, which shall specifically enumerate the restrictions imposed and contain such information regarding the person to whom such a license is issued as is reasonably necessary to identify the person. The court shall also provide a copy of its authorization to the person, who may not operate a motor vehicle until receipt from the Commissioner of a restricted license. A copy of the restricted license issued by the Commissioner shall be carried at all times while operating a motor vehicle.

F. Any person who operates a motor vehicle or any self-propelled machinery or equipment in violation of the terms of a restricted license issued pursuant to subsection E of § 18.2-271.1 is not guilty of a violation of this section but is guilty of a violation of § 18.2-272.

§ 46.2-361. Restoration of privilege after driving while license revoked or suspended for failure to furnish proof of financial responsibility or pay uninsured motorist fee.

A. Any person who has been found to be an habitual offender, where the determination or adjudication was based in part and dependent on a conviction as set out in subdivision 1 c of former § 46.2-351, may, after three years from the date of the final order of a court entered under this article, or if no such order was entered then the notice of the determination or adjudication by the Commissioner, petition the court in which he was found to be an habitual offender, or the circuit court in the political subdivision in which he then resides, for restoration of his privilege to drive a motor vehicle in the Commonwealth. In no event, however, shall the provisions of this subsection apply when such person's determination or adjudication was also based in part and dependent on a conviction as set out in subdivision 1 b of former § 46.2-351. In such case license restoration shall be in compliance with the provisions of § 46.2-360.

B. Any person who has been found to be an habitual offender, where the determination or adjudication was based entirely upon a combination of convictions of § 46.2-707 and convictions as set out in subdivision 1 c of former § 46.2-351, may, after ~~payment in full of all outstanding fines, costs and judgments relating to his determination; and~~ furnishing proof of (i) financial responsibility and (ii) compliance with the provisions of Article 8 (§ 46.2-705 et seq.) of Chapter 6 of this title or both, if applicable, petition the court in which he was found to be an habitual offender, or the circuit court in the political subdivision in which he then resides, for restoration of his privilege to drive a motor vehicle in the Commonwealth.

C. This section shall apply only where the conviction or convictions as set out in subdivision 1 c of former § 46.2-351 resulted from a suspension or revocation ordered pursuant to (i) *former* § 46.2-395 for failure to pay fines and costs, (ii) § 46.2-459 for failure to furnish proof of financial responsibility, or (iii) § 46.2-417 for failure to satisfy a judgment, provided *that* the judgment has been paid in full prior to the time of filing the petition or was a conviction under § 46.2-302 or former § 46.1-351.

D. On any such petition, the court, in its discretion, may restore to the person his privilege to drive a motor vehicle, on whatever conditions the court may prescribe, if the court is satisfied from the evidence presented that the petitioner does not constitute a threat to the safety and welfare of himself or others with respect to the operation of a motor vehicle; ~~and that he has satisfied in full all outstanding court costs, court fines and judgments relating to determination as an habitual offender and~~ has furnished proof of financial responsibility, if applicable.

E. A copy of any petition filed hereunder shall be served on the attorney for the Commonwealth for the jurisdiction wherein the petition was filed, and shall also be served on the Commissioner of the Department of Motor Vehicles, who

shall provide to the attorney for the Commonwealth a certified copy of the petitioner's driving record. The Commissioner shall also advise the attorney for the Commonwealth whether there is anything in the records maintained by the Department that might make the petitioner ineligible for restoration, and may also provide notice of any potential ineligibility to the Attorney General's Office, which may join in representing the interests of the Commonwealth where it appears that the petitioner is not eligible for restoration. The hearing on a petition filed pursuant to this article shall not be set for a date sooner than ~~thirty~~ 30 days after the petition is filed and served as provided herein.

§ 46.2-383. Courts to forward abstracts of records or furnish abstract data of conviction by electronic means in certain cases; records in office of Department; inspection; clerk's fee for reports.

A. In the event (i) a person is convicted of a charge described in subdivision 1 or 2 of § 46.2-382 or § 46.2-382.1 ~~or~~, (ii) ~~a person fails or refuses to pay any fine, costs, forfeiture, restitution or penalty, or any installment thereof, imposed in any traffic case, or~~ (iii) a person forfeits bail or collateral or other deposit to secure the defendant's appearance on the charges, unless the conviction has been set aside or the forfeiture vacated, ~~or~~ (iv) ~~(iii)~~ a court assigns a defendant to a driver education program or alcohol treatment or rehabilitation program, or both such programs, as authorized by § 18.2-271.1, ~~or~~ ~~(iv)~~ (iv) compliance with the court's probation order is accepted by the court in lieu of a conviction under § 18.2-266 or the requirements specified in § 18.2-271 as provided in § 18.2-271.1, or ~~(v)~~ (v) there is rendered a judgment for damages against a person as described in § 46.2-382, every district court or clerk of a circuit court shall forward an abstract of the record to the Commissioner within 18 days after such conviction, ~~failure or refusal to pay,~~ forfeiture, assignment, or acceptance, and in the case of civil judgments, on the request of the judgment creditor or his attorney, within 30 days after judgment has become final. No abstract of the record in a district court shall be forwarded to the Commissioner unless the period allowed for an appeal has elapsed and no appeal has been perfected. On or after July 1, 2013, in the event that a conviction or adjudication has been nullified by separate order of the court, the clerk shall forward to the Commissioner an abstract of that record.

B. Abstract data of conviction may be furnished to the Commissioner by electronic means provided that the content of the abstract and the certification complies with the requirements of § 46.2-386. In cases where the abstract data is furnished by electronic means, the paper abstract shall not be required to be forwarded to the Commissioner. The Commissioner shall develop a method to ensure that all data is received accurately. The Commissioner, with the approval of the Governor, may destroy the record of any conviction, forfeiture, assignment, acceptance, or judgment, when three years has elapsed from the date thereof, except records of conviction or forfeiture on charges of reckless driving and speeding, which records may be destroyed when five years has elapsed from the date thereof, and further excepting those records that alone, or in connection with other records, will require suspension or revocation or disqualification of a license or registration under any applicable provisions of this title.

C. The records required to be kept may, in the discretion of the Commissioner, be kept by electronic media or by photographic processes and when so done the abstract of the record may be destroyed.

D. The Code section and description of an offense referenced in an abstract for any juvenile adjudication obtained from a district court or clerk of circuit court pursuant to subdivision A 9 of § 16.1-278.8, § 16.1-278.9, clause (iii) of subdivision 1 of § 46.2-382, or any other provision of law that does not involve an offense referenced in subsection A or an offense involving the operation of a motor vehicle shall be available only to the person himself, his parent or guardian, law-enforcement officers, attorneys for the Commonwealth, and courts.

§ 46.2-391.1. Suspension of registration certificates and plates upon suspension or revocation of driver's license.

Whenever the Commissioner, under the authority of law of the Commonwealth, suspends or revokes the driver's license of any person upon receiving record of that person's conviction, ~~or whenever the Commissioner is notified that a court has suspended a person's driving privilege pursuant to § 46.2-395,~~ the Commissioner shall also suspend all of the registration certificates and license plates issued for any motor vehicles registered solely in the name of such person and shall not issue any registration certificate or license plate for any other vehicle that such person seeks to register solely in his name. ~~Except for persons whose privileges have been suspended by a court pursuant to § 46.2-395, the~~ The Commissioner shall not suspend such registration certificates or license plates in the event ~~that~~ such person has previously given or gives and thereafter maintains proof of his financial responsibility in the future, in the manner specified in this chapter, with respect to each and every motor vehicle owned and registered by such person. In this event it shall be lawful for said vehicle or vehicles to be operated during this period of suspension by any duly licensed driver when so authorized by the owner.

§ 46.2-416. Notice of suspension or revocation of license.

A. Whenever it is provided in this title that a driver's license may or shall be suspended or revoked either by the Commissioner or by a court, notice of the suspension or revocation or any certified copy of the decision or order of the Commissioner may be sent by the Department by certified mail to the driver at the most recent address of the driver on file at the Department. ~~If the driver has previously been notified by mail or in person of the suspension or revocation or of an impending suspension for failure to pay fines and costs pursuant to § 46.2-395, whether notice is given by the court or law enforcement officials as provided by law, and the Department has been notified by the court that notice was so given and the fines and costs were not paid within 30 days, no notice of suspension shall be sent by the Department to the driver.~~ If the certificate of the Commissioner or someone designated by him for that purpose shows that the notice or copy has been so sent or provided, it shall be deemed prima facie evidence that the notice or copy has been sent and delivered or otherwise provided to the driver for all purposes involving the application of the provisions of this title. In the discretion of the Commissioner, service may be made as provided in § 8.01-296, which service on the driver shall be made by delivery in

writing to the driver in person in accordance with subdivision 1 of § 8.01-296 by a sheriff or deputy sheriff in the county or city in which the address is located, who shall, as directed by the Commissioner, take possession of any suspended or revoked license, registration card, or set of license plates or decals and return them to the office of the Commissioner. No such service shall be made if, prior to service, the driver has complied with the requirement which caused the issuance of the decision or order. In any such case, return shall be made to the Commissioner.

B. In lieu of making a direct payment to sheriffs as a fee for delivery of the Department's processes, the Commissioner shall effect a transfer of funds, on a monthly basis, to the Compensation Board to be used to provide additional support to sheriffs' departments. The amount of funds so transferred shall be as provided in the general appropriation act.

C. The Department may contract with the United States Postal Service or an authorized agent to use the National Change of Address System for the purpose of obtaining current address information for a person whose name appears in customer records maintained by the Department. If the Department receives information from the National Change of Address System indicating that a person whose name appears in a Department record has submitted a permanent change of address to the Postal Service, the Department may then update its records with the mailing address obtained from the National Change of Address System.

§ 46.2-808.2. Violations committed within highway safety corridor; report on benefits.

Notwithstanding any other provision of law, the fine for any moving violation of any provision of this chapter while operating a motor vehicle in a designated highway safety corridor pursuant to § 33.2-253 shall be no more than \$500 for any violation that is a traffic infraction and not less than \$200 for any violation that is a criminal offense. The otherwise applicable fines set forth in Rule 3B:2 of the Rules of the Supreme Court shall be doubled in the case of a waiver of appearance and a plea of guilty under § 16.1-69.40:1 or 19.2-254.2 for a violation of a provision of this chapter while operating a motor vehicle in a designated highway safety corridor pursuant to § 33.2-253. The Commissioner of Highways shall report, on an annual basis, statistical data related to benefits derived from the designation of such highway safety corridors. This information may be posted on the Virginia Department of Transportation's official website. Notwithstanding the provisions of § 46.2-1300, the governing bodies of counties, cities, and towns may not adopt ordinances providing for penalties under this section.

§ 46.2-819.1. Installation and use of photo-monitoring system or automatic vehicle identification system in conjunction with electronic or manual toll facilities; penalty.

A. For purposes of this section:

"Automatic vehicle identification device" means an electronic device that communicates by wireless transmission with an automatic vehicle identification system.

"Automatic vehicle identification system" means an electronic vehicle identification system installed to work in conjunction with a toll collection device that automatically produces an electronic record of each vehicle equipped with an automatic vehicle identification device that uses a toll facility.

"Debt collection" means the collection of unpaid tolls and applicable administrative fees by (i) retention of a third-party debt collector or (ii) collection practices undertaken by employees of a toll facility operator that are materially similar to a third-party debt collector.

"Operator of a toll facility other than the Department of Transportation" means any agency, political subdivision, authority, or other entity that operates a toll facility.

"Owner" means the registered owner of a vehicle on record with the Department of Motor Vehicles or with the equivalent agency in another state. "Owner" does not include a vehicle rental or vehicle leasing company.

"Photo-monitoring system" means a vehicle sensor installed to work in conjunction with a toll collection device that automatically produces one or more photographs, one or more microphotographs, a videotape, or other recorded images of each vehicle at the time it is used or operated in violation of this section.

B. The operator of any toll facility or the locality within which such toll facility is located may install and operate or cause to be installed and operated a photo-monitoring system or automatic vehicle identification system, or both, at locations where tolls are collected for the use of such toll facility. The operator of a toll facility shall send an invoice or bill for unpaid tolls to the owner of a vehicle as part of an electronic or manual toll collection process pursuant to § 46.2-819.6 prior to seeking remedies under this section.

C. Information collected by a photo-monitoring system or automatic vehicle identification system installed and operated pursuant to subsection B shall be limited exclusively to that information that is necessary for the collection of unpaid tolls. Notwithstanding any other provision of law, all photographs, microphotographs, electronic images, or other data collected by a photo-monitoring system or automatic vehicle identification system shall be used exclusively for the collection of unpaid tolls and shall not (i) be open to the public; (ii) be sold and/or used for sales, solicitation, or marketing purposes; (iii) be disclosed to any other entity except as may be necessary for the collection of unpaid tolls or to a vehicle owner or operator as part of a challenge to the imposition of a toll; and (iv) be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation of this section or upon order from a court of competent jurisdiction. Information collected under this section shall be purged and not retained later than 30 days after the collection and reconciliation of any unpaid tolls, administrative fees, and/or civil penalties. Any entity operating a photo-monitoring system or automatic vehicle identification system shall annually certify compliance with this section and make all records pertaining to such system available for inspection and audit by the Commissioner of Highways or the Commissioner of the Department of Motor Vehicles or their designee. Any violation of this subsection shall constitute a Class 1 misdemeanor. In

addition to any fines or other penalties provided for by law, any money or other thing of value obtained as a result of a violation of this section shall be forfeited to the Commonwealth.

The toll facility operator may impose and collect an administrative fee in addition to the unpaid toll so as to recover the expenses of collecting the unpaid toll, which administrative fee shall be reasonably related to the actual cost of collecting the unpaid toll and not exceed \$100 per violation. Such fee may be levied upon the operator of the vehicle after the first unpaid toll has been documented. The operator of the vehicle shall pay the unpaid toll and any administrative fee detailed in an invoice for the unpaid toll issued by a toll facility operator. If paid within 60 days of notification, the administrative fee shall not exceed \$25.

D. If the matter proceeds to court, the owner or operator of a vehicle shall be liable for a civil penalty as follows: for a first offense, \$50; for a second offense within one year from the first offense, \$100; for a third offense within two years from the second offense, \$250; and for a fourth and any subsequent offense within three years from the second offense, \$500 plus, in each case, the unpaid toll, all accrued administrative fees imposed by the toll facility operator, and applicable court costs if the vehicle is found, as evidenced by information obtained from a photo-monitoring system or automatic vehicle identification system as provided in this section, to have used such a toll facility without payment of the required toll.

E. Notwithstanding subsections C and D, for a first conviction of an operator or owner of a vehicle under this section, the total amount for the first conviction shall not exceed \$2,200, including civil penalties and administrative fees regardless of the total number of offenses the operator or owner of a vehicle is convicted of on that date.

F. No summons may be issued by a toll facility operator for a violation of this section unless the toll facility operator can demonstrate that (i) there was an attempt to collect the unpaid tolls and applicable administrative fees through debt collection not less than 30 days prior to issuance of the summons and (ii) 120 days have elapsed since the unpaid toll or, in a summons for multiple violations, 120 days have elapsed since the most recent unpaid toll noticed on the summons.

G. Any action under this section shall be brought in the general district court of the county or city in which the toll facility is located and shall be commenced within two years of the commission of the offense. Such action shall be considered a traffic infraction. The attorney for the Commonwealth may represent the interests of the toll facility operator. Any authorized agent or employee of a toll facility operator acting on behalf of a governmental entity shall be allowed the privileges accorded by § 16.1-88.03 in such cases.

H. Proof of a violation of this section shall be evidenced by information obtained from a photo-monitoring system or automatic vehicle identification system as provided in this section. A certificate, sworn to or affirmed by a technician employed or authorized by the operator of a toll facility or by the locality wherein the toll facility is located, or a facsimile of such a certificate, based on inspection of photographs, microphotographs, videotapes, or other recorded images produced by a photo-monitoring system, or of electronic data collected by an automatic vehicle identification system, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape, or other recorded images or electronic data evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation under this section. A record of communication by an automatic vehicle identification device with the automatic vehicle identification system at the time of a violation of this section shall be prima facie evidence that the automatic vehicle identification device was located in the vehicle registered to use such device in the records of the Department of Transportation.

I. On a form prescribed by the Supreme Court, a summons for a violation of this section may be executed as provided in § 19.2-76.2. A summons for a violation of this section may set forth multiple violations occurring within one jurisdiction. Notwithstanding the provisions of § 19.2-76, a summons for a violation of this section may be executed by mailing by first-class mail a copy thereof to the address of the owner or, if the owner has named and provided a valid address for the operator of the vehicle at the time of the violation in an affidavit executed pursuant to this subsection, such named operator of the vehicle. Such summons shall be signed either originally or by electronic signature. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3.

Upon a finding by a court of competent jurisdiction that the vehicle described in the summons issued pursuant to this subsection was in violation of this section, the court shall impose a civil penalty upon the owner or operator of such vehicle in accordance with the amounts specified in subsection D, together with applicable court costs, the operator's administrative fee, and the toll due. Penalties assessed as the result of action initiated by the Department of Transportation shall be remanded by the clerk of the court that adjudicated the action to the Department of Transportation's Toll Facilities Revolving Account. Penalties assessed as the result of action initiated by an operator of a toll facility other than the Department of Transportation shall be remanded by the clerk of the court that adjudicated the action to the treasurer or director of finance of the county or city in which the violation occurred for payment to the toll facility operator.

The owner of such vehicle shall be given reasonable notice by way of a summons as provided in this subsection that his vehicle had been used in violation of this section, and such owner shall be given notice of the time and place of the hearing as well as the civil penalty and costs for such offense. The toll facility operator may offer to the owner an option to pay the unpaid toll and fees plus a reduced civil penalty of \$25 for a first or second offense or \$50 for a third, fourth, or subsequent offense, as specified on the summons, provided the owner actually pays to the toll facility operator the entire amount so calculated at least 14 days prior to the hearing date specified on the summons. If the owner accepts such offer and such amount is actually received by the toll facility operator at least 14 days prior to the hearing date specified on the summons,

the toll facility operator shall move the court at least five business days prior to the date set for trial to dismiss the summons issued to the owner of the vehicle, and the court shall dismiss upon such motion.

It shall be prima facie evidence that the vehicle described in the summons issued pursuant to this subsection was operated in violation of this section. Records obtained from the Department of Motor Vehicles pursuant to § 46.2-208 and certified in accordance with § 46.2-215 or from the equivalent agency in another state and certified as true and correct copies by the head of such agency or his designee identifying the owner of such vehicle shall give rise to a rebuttable presumption that the owner of the vehicle is the person named in the summons.

Upon either (i) the filing of an affidavit with the toll facility operator within 14 days of receipt of an invoice for an unpaid toll from the toll facility operator or (ii) the filing of an affidavit with the court at least 14 days prior to the hearing date by the owner of the vehicle stating that he was not the operator of the vehicle on the date of the violation and providing the legal name and address of the operator of the vehicle at the time of the violation, an invoice and/or summons, as appropriate, will also be issued to the alleged operator of the vehicle at the time of the offense.

In any action against a vehicle operator, an affidavit made by the owner providing the name and address of the vehicle operator at the time of the violation shall constitute prima facie evidence that the person named in the affidavit was operating the vehicle at all the relevant times relating to the matter named in the affidavit.

If the owner of the vehicle produces for the toll facility operator or the court a certified copy of a police report showing that the vehicle had been reported to the police as stolen prior to the time of the alleged offense and remained stolen at the time of the alleged offense, then the toll facility operator shall not pursue the owner for the unpaid toll and, if a summons has been issued, the court shall dismiss the summons issued to the owner of the vehicle.

J. Upon a finding by a court that a person has two or more unpaid tolls and such person fails to pay the required penalties, fees, and unpaid tolls, the court shall notify the Commissioner of the Department of Motor Vehicles, who shall refuse to issue or renew any vehicle registration certificate of any applicant or the license plate issued for the vehicle driven in the commission of the offense or, when the vehicle is registered in a state with which the Commonwealth has entered into an agreement to enforce tolling violations pursuant to § 46.2-819.9, who shall provide to the entity authorized to issue vehicle registration certificates or license plates in the state in which the vehicle is registered sufficient evidence of the court's finding to take action against the vehicle registration certificate or license plates in accordance with the terms of the agreement, until the court has notified the Commissioner that such penalties, fees, and unpaid tolls have been paid. Upon receipt of such notification from the court, the Commissioner of the Department of Motor Vehicles shall notify the state where the vehicle is registered of such payment. If it is proven that the vehicle owner was not the operator at the time of the offense and upon a finding by a court that the person identified in an affidavit pursuant to subsection I as the operator violated this section and such person fails to pay the required penalties, fees, and unpaid tolls, the court shall notify the Commissioner, who shall refuse to issue or renew any vehicle registration certificate of any applicant or the license plate issued for any vehicle owned or co-owned by such person or, when such vehicle is registered in a state with which the Commonwealth has entered into an agreement to enforce tolling violations pursuant to § 46.2-819.9, who shall provide to the entity authorized to issue vehicle registration certificates or license plates in the state in which the vehicle is registered sufficient evidence of the court's finding to take action against the vehicle registration certificate or license plates in accordance with the terms of the agreement, until the court has notified the Commissioner that such penalties, fees, and unpaid tolls have been paid. Upon receipt of such notification from the court, the Commissioner of the Department of Motor Vehicles shall notify the state where the vehicle is registered of such payment. Such funds representing payment of unpaid tolls and all administrative fees of the toll facility operator shall be transferred from the court to the Department of Transportation's Toll Facilities Revolving Account or, in the case of an action initiated by an operator of a toll facility other than the Department of Transportation, to the treasurer or director of finance of the county or city in which the violation occurred for payment to the toll facility operator. The Commissioner shall collect a \$40 administrative fee from the owner or operator of the vehicle to defray the cost of processing and removing an order to deny registration or registration renewal.

K. Any vehicle rental or vehicle leasing company, if it receives an invoice or is named in a summons, shall be released as a party to the action if it provides the operator of the toll facility a copy of the vehicle rental agreement or lease or an affidavit identifying the renter or lessee within 30 days of receipt of the invoice or at least 14 days prior to the date of hearing set forth in the summons. Upon receipt of such rental agreement, lease, or affidavit, a notice shall be mailed to the renter or lessee identified therein. Release of this information shall not be deemed a violation of any provision of the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et seq.) or the Insurance Information and Privacy Protection Act (§ 38.2-600 et seq.). The toll facility operator shall allow at least 30 days from the date of such mailing before pursuing other remedies under this section. In any action against the vehicle operator, a copy of the vehicle rental agreement, lease, or affidavit identifying the renter or lessee of the vehicle at the time of the violation is prima facie evidence that the person named in the rental agreement, lease, or affidavit was operating the vehicle at all the relevant times relating to the matter named in the summons.

L. Imposition of a civil penalty pursuant to this section shall not be deemed a conviction as an operator and shall not be made part of the driving record of the person upon whom such civil penalty is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage. ~~The provisions of § 46.2-395 shall not be applicable to any civil penalty, fee, unpaid toll, fine, or cost imposed or ordered paid under this section for a violation of this section.~~

M. The operator of a toll facility may enter into an agreement with the Department of Motor Vehicles, in accordance with the provisions of subdivision B 21 of § 46.2-208, to obtain vehicle owner information regarding the owners of vehicles

that fail to pay tolls required for the use of toll facilities and with the Department of Transportation to obtain any information that is necessary to conduct electronic toll collection. Such agreement may include any information that may be obtained by the Department of Motor Vehicles in accordance with any agreement entered into pursuant to § 46.2-819.9. Information provided to the operator of a toll facility shall only be used for the collection of unpaid tolls and the operator of the toll facility shall be subject to the same conditions and penalties regarding release of the information as contained in subsection C.

N. No person shall be subject to both the provisions of this section and to prosecution under § 46.2-819 for actions arising out of the same transaction or occurrence.

§ 46.2-819.3. Use of toll facility without payment of toll; enforcement; penalty.

A. For purposes of this section:

"Debt collection" means the collection of unpaid tolls and applicable administrative fees by (i) retention of a third-party debt collector or (ii) collection practices undertaken by employees of a toll facility operator that are materially similar to a third-party debt collector.

"Operator of a toll facility other than the Department of Transportation" means any agency, political subdivision, authority, or other entity that operates a toll facility.

"Owner" means the registered owner of a vehicle on record with the Department of Motor Vehicles or with the equivalent agency in another state. "Owner" does not include a vehicle rental or vehicle leasing company.

B. The toll facility operator may impose and collect an administrative fee in addition to the unpaid toll so as to recover the expenses of collecting the unpaid toll, which administrative fee shall be reasonably related to the actual cost of collecting the unpaid toll and not exceed \$100 per violation. Such fee shall not be levied on a first unpaid toll unless the written promise to pay executed pursuant to subsection F remains unpaid after 30 days. The person who executed the written promise to pay pursuant to subsection F shall pay the unpaid toll and any administrative fee detailed in an invoice or bill issued by a toll facility operator. If paid within 60 days of notification, the administrative fee shall not exceed \$25.

C. If the matter proceeds to court, the owner or operator of the vehicle shall be liable for a civil penalty as follows: for a first offense, \$50; for a second offense within one year from the first offense, \$100; for a third offense within two years from the second offense, \$250; and for a fourth and any subsequent offense within three years from the second offense, \$500 plus, in each case, the unpaid toll, all accrued administrative fees imposed by the toll facility operator and applicable court costs if the vehicle operator is found, as evidenced by information obtained from the toll facility operator, to have used such a toll facility without payment of the required toll.

D. Notwithstanding subsections B and C, for a first conviction of an operator or owner of a vehicle under this section, the total amount for the first conviction shall not exceed \$2,200, including civil penalties and administrative fees regardless of the total number of offenses the operator or owner of a vehicle is convicted of on that date.

E. No summons may be issued by a toll facility operator for a violation of this section unless the toll facility operator can demonstrate that (i) there was an attempt to collect the unpaid tolls and applicable administrative fees through debt collection not less than 30 days prior to issuance of the summons and (ii) 120 days have elapsed since the unpaid toll or, in a summons for multiple violations, 120 days have elapsed since the most recent unpaid toll noticed on the summons.

F. A written promise to pay an unpaid toll within a specified period of time executed by the operator of a motor vehicle, accompanied by a certificate sworn to or affirmed by an authorized agent of the toll facility that the unpaid toll was not paid within such specified period, shall be prima facie evidence of the facts contained therein.

G. The operator of a toll facility shall send an invoice or bill to the owner of a motor vehicle using a toll facility without payment of the specified toll as part of an electronic or manual toll collection process pursuant to § 46.2-819.6, prior to seeking remedies under this section. Any action under this section shall be brought in the general district court of the county or city in which the toll facility is located and shall be commenced within two years of the commission of the offense. Such an action shall be considered a traffic infraction. The attorney for the Commonwealth may represent the interests of the toll facility operator. Any authorized agent or employee of a toll facility operator acting on behalf of a governmental entity shall be allowed the privileges accorded by § 16.1-88.03 in such cases.

H. Upon a finding by a court of competent jurisdiction that the operator of a motor vehicle identified in the summons issued pursuant to subsection J was in violation of this section, the court shall impose a civil penalty upon the operator of a motor vehicle in accordance with the amounts specified in subsection C, together with applicable court costs, the operator's administrative fee, and the toll due. Penalties assessed as the result of action initiated by the Department of Transportation shall be remanded by the clerk of the court that adjudicated the action to the Department of Transportation's Toll Facilities Revolving Account. Penalties assessed as the result of action initiated by an operator of a toll facility other than the Department of Transportation shall be remanded by the clerk of the court that adjudicated the action to the treasurer or director of finance of the county or city in which the violation occurred for payment to the toll facility operator.

I. The toll facility operator may offer to the owner an option to pay the unpaid toll and fees plus a reduced civil penalty of not more than \$25 for a first or second offense or not more than \$50 for a third, fourth, or subsequent offense, as specified on the summons, provided the owner actually pays to the toll facility operator the entire amount so calculated at least 14 days prior to the hearing date specified on the summons. If the owner accepts such offer and such amount is actually received by the toll facility operator at least 14 days prior to the hearing date specified on the summons, the toll facility operator shall move the court at least five business days prior to the date set for trial to dismiss the summons issued to the owner of the vehicle, and the court shall dismiss upon such motion.

J. A summons for a violation of this section may be executed as provided in § 19.2-76.2. A summons for a violation of this section may set forth multiple violations occurring within one jurisdiction. Notwithstanding the provisions of § 19.2-76, a summons for a violation of this section may be executed by mailing by first-class mail a copy thereof to the address of the operator of a motor vehicle as shown on the written promise to pay executed pursuant to subsection F or records of the Department of Motor Vehicles. Such summons shall be signed either originally or by electronic signature. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this subsection, the summons shall be executed in the manner set out in § 19.2-76.3.

K. Upon a finding by a court that a person has three or more unpaid tolls and such person fails to pay the required penalties, fees, and unpaid tolls, the court shall notify the Commissioner of the Department of Motor Vehicles, who shall refuse to issue or renew any vehicle registration certificate of any applicant or the license plate issued for any vehicle owned or co-owned by the offender or, when the vehicle is registered in a state with which the Commonwealth has entered into an agreement to enforce tolling violations pursuant to § 46.2-819.9, who shall provide to the entity authorized to issue vehicle registration certificates or license plates in the state in which the vehicle is registered sufficient evidence of the court's finding to take action against the vehicle registration certificate or license plates in accordance with the terms of the agreement. Upon receipt of such notification from the court, the Commissioner of the Department of Motor Vehicles shall notify the state where the vehicle is registered of such payment. The Commissioner shall collect a \$40 administrative fee from the owner or operator of the vehicle to defray the cost of processing and removing an order to deny registration or registration renewal.

L. Imposition of a civil penalty pursuant to this section shall not be deemed a conviction as an operator and shall not be made part of the driving record of the person upon whom such civil penalty is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage. ~~The provisions of § 46.2-395 shall not be applicable to any civil penalty, fee, unpaid toll, fine, or cost imposed or ordered paid under this section for a violation of this section.~~

M. No person shall be subject to both the provisions of this section and to prosecution under § 46.2-819 for actions arising out of the same transaction or occurrence.

§ 46.2-819.3:1. Installation and use of video-monitoring system and automatic vehicle identification system in conjunction with all-electronic toll facilities; penalty.

A. For purposes of this section:

"Automatic vehicle identification device" means an electronic device that communicates by wireless transmission with an automatic vehicle identification system.

"Automatic vehicle identification system" means an electronic vehicle identification system installed to work in conjunction with a toll collection device that automatically produces an electronic record of each vehicle equipped with an automatic vehicle identification device that uses a toll facility.

"Debt collection" means the collection of unpaid tolls and applicable administrative fees by (i) retention of a third-party debt collector or (ii) collection practices undertaken by employees of a toll facility operator that are materially similar to a third-party debt collector.

"Operator" means a person who was driving a vehicle that was the subject of a toll violation but who is not the owner of the vehicle.

"Operator of a toll facility other than the Department of Transportation" means any agency, political subdivision, authority, or other entity that operates a toll facility.

"Owner" means the registered owner of a vehicle on record with the Department of Motor Vehicles or with the equivalent agency in another state. "Owner" does not mean a vehicle rental or vehicle leasing company.

"Video-monitoring system" means a vehicle sensor installed to work in conjunction with a toll collection device that automatically produces one or more photographs, one or more microphotographs, a videotape, or other recorded images of each vehicle at the time it is used or operated in violation of this section.

B. The operator of any toll facility or the locality within which such toll facility is located may install and operate or cause to be installed and operated a video-monitoring system in conjunction with an automatic vehicle identification system on facilities for which tolls are collected for the use of such toll facility and that do not offer manual toll collection. A video-monitoring system shall include, but not be limited to, electronic systems that monitor and capture images of vehicles using a toll facility to enable toll collection for vehicles that do not pay using a toll collection device. The operator of a toll facility shall send an invoice for unpaid tolls in accordance with the requirements of § 46.2-819.6 to the owner of a vehicle as part of a video-monitoring toll collection process, prior to seeking remedies under this section.

C. Information collected by a video-monitoring system in conjunction with an automatic vehicle identification system installed and operated pursuant to subsection B shall be limited exclusively to that information that is necessary for the collection of unpaid tolls and establishing when violations occur, including use in any proceeding to determine whether a violation occurred. Notwithstanding any other provision of law, all images or other data collected by a video-monitoring system in conjunction with an automatic vehicle identification system shall be protected in a database with security comparable to that of the Department of Motor Vehicles' system and used exclusively for the collection of unpaid tolls and for efforts to pursue violators of this section and shall not (i) be open to the public; (ii) be sold and/or used for sales, solicitation, or marketing purposes other than those of the toll facility operator to facilitate toll payment; (iii) be disclosed to any other entity except as may be necessary for the collection of unpaid tolls or to a vehicle owner or operator as part of a challenge to the imposition of a toll; and/or (iv) be used in a court in a pending action or proceeding unless the action or

proceeding relates to a violation of this section or upon order from a court of competent jurisdiction. Except as provided above, information collected under this section shall be purged and not retained later than 30 days after the collection and reconciliation of any unpaid tolls, administrative fees, and/or civil penalties. Any entity operating a video-monitoring system in conjunction with an automatic vehicle identification system shall annually certify compliance with this section and make all records pertaining to such system available for inspection and audit by the Commissioner of Highways or the Commissioner of the Department of Motor Vehicles or their designee. Any violation of this subsection shall constitute a Class 1 misdemeanor. In addition to any fines or other penalties provided for by law, any money or other thing of value obtained as a result of a violation of this section shall be forfeited to the Commonwealth.

If a vehicle uses a toll facility without paying the toll, the owner or operator shall be in violation of this section if he refuses to pay the toll within 30 days of notification. The toll facility operator may impose and collect an administrative fee in addition to the unpaid toll so as to recover the expenses of collecting the unpaid toll, which administrative fee shall be reasonably related to the actual cost of collecting the unpaid toll and not exceed \$100 per violation. Such fee shall not be levied upon the owner or operator of the vehicle unless the toll has not been paid by the owner or operator within 30 days after receipt of the invoice for the unpaid toll, which nonpayment for 30 days shall constitute the violation of this section. Once such a violation has occurred, the owner or operator of the vehicle shall pay the unpaid tolls and any administrative fee detailed in the invoice for the unpaid toll issued by a toll facility operator. If paid within 60 days of the toll violation, the administrative fee shall not exceed \$25.

The toll facility operator may levy charges for the direct cost of use of and processing for a video-monitoring system and to cover the cost of the invoice, which are in addition to the toll and may not exceed double the amount of the base toll, provided that potential toll facility users are provided notice before entering the facility by conspicuous signs that clearly indicate that the toll for use of the facility could be tripled for any vehicle that does not have an active, functioning automatic vehicle identification device registered for and in use in the vehicle using the toll facility, and such signs are posted at a location where the operator can still choose to avoid the use of the toll facility if he chooses not to pay the toll.

A person receiving an invoice for an unpaid toll under this section may (a) pay the toll and administrative fees directly to the toll facility operator or (b) file with the toll facility operator a notice, on a form provided by the toll facility operator as required under subsection B of § 46.2-819.6, to contest liability for a toll violation. The notice to contest liability for a toll violation may be filed by any person receiving an invoice for an unpaid toll by mailing or delivering the notice to the toll facility operator within 60 days of receiving such invoice for an unpaid toll. Upon receipt of such notice, the toll facility operator may issue a summons pursuant to subsection I and may not seek withholding of registration or renewal thereof under subsection L until a court of competent jurisdiction has found the alleged violator liable for tolls under this section.

D. If the matter proceeds to court, the owner or operator of a vehicle shall be liable for a civil penalty as follows: for a first offense, \$50; for a second offense within one year from the first offense, \$100; for a third offense within two years from the second offense, \$250; and for a fourth and any subsequent offense within three years from the second offense, \$500; plus, in each case, the unpaid toll, all accrued administrative fees imposed by the toll facility operator, and applicable court costs if the vehicle is found, as evidenced by information obtained from a video-monitoring system in conjunction with an automatic vehicle identification system as provided in this section, to have used such a toll facility without payment of the required toll within 30 days of receipt of the invoice for the toll.

E. Notwithstanding subsections C and D, for a first conviction of an operator or owner of a vehicle under this section the total amount for the first conviction shall not exceed \$2,200, including civil penalties and administrative fees regardless of the total number of offenses the operator or owner of a vehicle is convicted of on that date.

F. No summons may be issued by a toll facility operator for a violation of this section unless the toll facility operator can demonstrate that (i) there was an attempt to collect the unpaid tolls and applicable administrative fees through debt collection not less than 30 days prior to issuance of the summons and (ii) 120 days have elapsed since the unpaid toll or, in a summons for multiple violations, 120 days have elapsed since the most recent unpaid toll noticed on the summons.

G. Any action under this section shall be brought in the general district court of the county or city in which the toll facility is located and shall be commenced within two years of the commission of the offense. Such action shall be considered a traffic infraction. The attorney for the Commonwealth may represent the interests of the toll facility operator. Any authorized agent or employee of a toll facility operator acting on behalf of a governmental entity shall be allowed the privileges accorded by § 16.1-88.03 in such cases.

H. Proof of a violation of this section shall be evidenced by information obtained from a video-monitoring system or automatic vehicle identification system as provided in this section. A certificate, sworn to or affirmed by a technician employed or authorized by the operator of a toll facility or by the locality wherein the toll facility is located, or a facsimile of such a certificate, based on inspection of photographs, microphotographs, videotapes, or other recorded images produced by a video-monitoring system or of electronic data collected by an automatic vehicle identification system, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape, or other recorded images or electronic data evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation under this section. A record of communication by an automatic vehicle identification device with the automatic vehicle identification system at the time of a violation of this section shall be prima facie evidence that the automatic vehicle identification device was located in the vehicle registered to use such device in the records of the Department of Transportation.

I. On a form prescribed by the Supreme Court, a summons for a violation of this section may be executed as provided in § 19.2-76.2. A summons for a violation of this section may set forth multiple violations occurring within one jurisdiction. Notwithstanding the provisions of § 19.2-76, a summons for a violation of unpaid tolls may be executed by mailing by first-class mail a copy thereof to the address of the owner or, if the owner has named and provided a valid address for the operator of the vehicle at the time of the violation in an affidavit executed pursuant to subsection J, such named operator of the vehicle. Such summons shall be signed either originally or by electronic signature. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3.

J. Upon a finding by a court of competent jurisdiction that the vehicle described in the summons issued pursuant to subsection I was in violation of this section, the court shall impose a civil penalty upon the owner or operator of such vehicle in accordance with the amounts specified in subsection D, together with applicable court costs, the operator's administrative fee, and the toll due. Penalties assessed as the result of action initiated by the Department of Transportation shall be remanded by the clerk of the court that adjudicated the action to the Department of Transportation's Toll Facilities Revolving Account. Penalties assessed as the result of action initiated by an operator of a toll facility other than the Department of Transportation shall be remanded by the clerk of the court that adjudicated the action to the treasurer or director of finance of the county or city in which the violation occurred for payment to the toll facility operator.

The owner of such vehicle shall be given reasonable notice by way of a summons as provided in subsection I that his vehicle had been used in violation of this section, and such owner shall be given notice of the time and place of the hearing as well as the civil penalty and costs for such offense.

It shall be prima facie evidence that the vehicle described in the summons issued pursuant to subsection I was operated in violation of this section. Records obtained from the Department of Motor Vehicles pursuant to subsection P and certified in accordance with § 46.2-215 or from the equivalent agency in another state and certified as true and correct copies by the head of such agency or his designee identifying the owner of such vehicle shall give rise to a rebuttable presumption that the owner of the vehicle is the person named in the summons.

Upon the filing of an affidavit by the owner of the vehicle with the toll facility operator within 14 days of receipt of an invoice for unpaid toll or a summons stating that such owner was not the operator of the vehicle on the date of the violation and providing the legal name and address of the operator of the vehicle at the time of the violation, an invoice for unpaid toll or summons, whichever the case may be, will also be issued to the alleged operator of the vehicle at the time of the offense.

In any action against a vehicle operator, an affidavit made by the owner providing the name and address of the vehicle operator at the time of the violation shall constitute prima facie evidence that the person named in the affidavit was operating the vehicle at all the relevant times relating to the matter named in the affidavit.

If the owner of the vehicle produces for the toll facility operator or the court a certified copy of a police report showing that the vehicle had been reported to the police as stolen prior to the time of the alleged offense and remained stolen at the time of the alleged offense, then the toll facility operator shall not pursue the owner for the unpaid toll contained in the invoice for unpaid toll or the court shall dismiss the summons issued to the owner of the vehicle.

K. Upon a finding by a court that a person has two or more unpaid tolls and such person fails to pay the required penalties, fees, and unpaid tolls, then the court or toll facility operator shall notify the Commissioner of the Department of Motor Vehicles, who shall refuse to issue or renew any vehicle registration certificate of any applicant or the license plate issued for the vehicle driven in the commission of the offense or, when the vehicle is registered in a state with which the Commonwealth has entered into an agreement to enforce tolling violations pursuant to § 46.2-819.9, who shall provide to the entity authorized to issue vehicle registration certificates or license plates in the state in which the vehicle is registered sufficient evidence of the court's finding to take action against the vehicle registration certificate or license plates in accordance with the terms of the agreement, until the court has notified the Commissioner that such penalties, fees, and unpaid tolls have been paid. Upon receipt of such notification from the court, the Commissioner of the Department of Motor Vehicles shall notify the state where the vehicle is registered of such payment. If it is proven that the vehicle owner was not the operator at the time of the offense and upon a finding by a court that the person identified in an affidavit pursuant to subsection J as the operator violated this section and such person fails to pay the required penalties, fees, and unpaid tolls, the court shall notify the Commissioner, who shall refuse to issue or renew any vehicle registration certificate of any applicant or the license plate issued for any vehicle owned or co-owned by such person or, when such vehicle is registered in a state with which the Commonwealth has entered into an agreement to enforce tolling violations pursuant to § 46.2-819.9, who shall provide to the entity authorized to issue vehicle registration certificates or license plates in the state in which the vehicle is registered sufficient evidence of the court's finding to take action against the vehicle registration certificate or license plates in accordance with the terms of the agreement, until the court has notified the Commissioner that such penalties, fees, and unpaid tolls have been paid. Upon receipt of such notification from the court, the Commissioner of the Department of Motor Vehicles shall notify the state where the vehicle is registered of such payment. Such funds representing payment of unpaid tolls and all administrative fees of the toll facility operator shall be transferred from the court to the Department of Transportation's Toll Facilities Revolving Account or, in the case of an action initiated by an operator of a toll facility other than the Department of Transportation, to the treasurer or director of finance of the county or city in which the violation occurred for payment to the toll facility operator. The Commissioner shall collect a \$40 administrative fee from the owner or operator of the vehicle to defray the cost of processing and removing an order to deny registration or registration renewal.

L. If an owner of a vehicle has received at least one invoice for two or more unpaid tolls in accordance with § 46.2-819.6 by certified mail and has (i) failed to pay the unpaid tolls and administrative fees and (ii) failed to file a notice to contest liability for a toll violation, then the toll facility operator may notify the Commissioner, who shall, if no form contesting liability has been timely filed with the toll facility operator pursuant to this section, refuse to issue or renew the vehicle registration certificate of any applicant therefor or the license plate issued for any vehicle driven in the commission of the offense until the toll facility operator has notified the Commissioner that such fees and unpaid tolls have been paid.

If the vehicle owner was not the operator at the time of the offense and the person identified in an affidavit pursuant to subsection J as the operator has received at least one invoice for two or more unpaid tolls in accordance with § 46.2-819.6 by certified mail and such person has (a) failed to pay the unpaid tolls and administrative fees and (b) failed to file a notice to contest liability for a toll violation, then the toll facility operator may notify the Commissioner, who shall, if no form contesting liability has been timely filed with the toll facility operator pursuant to this section, refuse to issue or renew any vehicle registration certificate of any applicant therefor or the license plate issued for any vehicle owned or co-owned by such person until the toll facility operator has notified the Commissioner that such fees and unpaid tolls have been paid.

The Commissioner may only refuse to issue or renew any vehicle registration pursuant to this subsection upon the request of a toll facility operator if such toll facility operator has entered into an agreement with the Commissioner whereby the Commissioner will refuse to issue or renew any vehicle registration of any applicant therefor who owes unpaid tolls and administrative fees to the toll facility operator. The toll facility operator seeking to collect unpaid tolls and administrative fees through the withholding of registration or renewal thereof by the Commissioner as provided for in this subsection shall notify the Commissioner in the manner provided for in his agreement with the Commissioner and supply to the Commissioner information necessary to identify the violator whose registration or renewal is to be denied. The Commissioner shall charge a \$40 fee to defray the cost of processing and withholding the registration or registration renewal, and the toll facility operator may add this fee to the amount of the unpaid tolls and administrative fees. Any agreement entered into pursuant to the provisions of this subsection shall provide for the Department to send the violator notice of the intent to deny renewal of registration at least 30 days prior to the expiration date of a current vehicle registration and such notice shall include a form, as required under subsection B of § 46.2-819.6, to contest liability of the underlying toll violation. The notice provided by the Commissioner shall include instructions for filing the form to contest liability with the toll facility operator within 21 days after the date of mailing of the Commissioner's notice. Upon timely receipt of the form, the toll facility operator shall notify the Commissioner, who shall refrain from withholding the registration or renewal thereof, after which the toll facility operator may proceed to issue a summons for unpaid toll. For the purposes of this subsection, notice by first-class mail to the registrant's address as maintained in the records of the Department shall be deemed sufficient.

M. Any vehicle rental or vehicle leasing company, if it receives an invoice for unpaid toll or is named in a summons, shall be released as a party to the action if it provides the operator of the toll facility a copy of the vehicle rental agreement or lease or an affidavit identifying the renter or lessee within 30 days of receipt of the invoice or summons. Upon receipt of such rental agreement, lease, or affidavit, an invoice for unpaid toll shall be mailed to the renter or lessee identified therein. Release of this information shall not be deemed a violation of any provision of the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et seq.) or the Insurance Information and Privacy Protection Act (§ 38.2-600 et seq.). The toll facility operator shall allow at least 30 days from the date of such mailing before pursuing other remedies under this section. In any action against the vehicle operator, a copy of the vehicle rental agreement, lease, or affidavit identifying the renter or lessee of the vehicle at the time of the violation is prima facie evidence that the person named in the rental agreement, lease, or affidavit was operating the vehicle at all the relevant times relating to the matter named in the summons.

N. Imposition of a civil penalty pursuant to this section shall not be deemed a conviction as an operator and shall not be made part of the driving record of the person upon whom such civil penalty is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage. ~~The provisions of § 46.2-395 shall not be applicable to any civil penalty, fee, unpaid toll, fine, or cost imposed or ordered paid under this section for a violation of this section.~~

O. The toll facility operator may offer to the owner an option to pay the unpaid toll and fees plus a reduced civil penalty of \$25 for a first or second offense or \$50 for a third, fourth, or subsequent offense, as specified on the summons, provided the owner actually pays to the toll facility operator the entire amount so calculated at least 14 days prior to the hearing date specified on the summons. If the owner accepts such offer and such amount is actually received by the toll facility operator at least 14 days prior to the hearing date specified on the summons, the toll facility operator shall move the court at least five business days prior to the date set for trial to dismiss the summons issued to the owner of the vehicle, and the court shall dismiss upon such motion.

P. The operator of a toll facility may enter into an agreement with the Department, in accordance with the provisions of subdivision B 21 of § 46.2-208, to obtain vehicle owner information regarding the owners of vehicles that fail to pay tolls required for the use of toll facilities and with the Department of Transportation to obtain any information that is necessary to conduct electronic toll collection. Such agreement may include any information that may be obtained by the Department of Motor Vehicles in accordance with any agreement entered into pursuant to § 46.2-819.9. Information provided to the operator of a toll facility shall be used only for the collection of unpaid tolls, and the operator of the toll facility shall be subject to the same conditions and penalties regarding release of the information as contained in subsection C.

Q. No person shall be subject to both the provisions of this section and to prosecution under § 46.2-819 for actions arising out of the same transaction or occurrence.

§ 46.2-819.5. Enforcement through use of photo-monitoring system or automatic vehicle identification system in conjunction with usage of Dulles Access Highway.

A. A photo-monitoring system or automatic vehicle identification system established at locations along the Dulles Access Highway, in order to identify vehicles that are using the Dulles Access Highway in violation of the Metropolitan Washington Airports Authority (Authority) regulation regarding usage, which makes violations of the regulation subject to civil penalties, shall be administered in accordance with this section. The civil penalties for violations of such regulation may not exceed the following: \$50 for the first violation; \$100 for a second violation within one year from the first violation; \$250 for a third violation within two years from the second violation; and \$500 for a fourth and any subsequent violation within three years from the second violation. In the event a violation of the Authority regulation is identified via the photo-monitoring system or automatic vehicle identification system, the operator of the Dulles Access Highway shall send a notice of the violation, of the applicable civil penalty and of any administrative fee calculated in accordance with subsection C to the registered owner of the vehicle identified by the system prior to seeking further remedies under this section. Upon receipt of the notice, the registered owner of the vehicle may elect to avoid any action by the operator to enforce the violation in court by waiving his right to a court hearing, pleading guilty to the violation, and paying a reduced civil penalty along with any applicable administrative fee to the operator. Should the recipient of the notice make such an election, the amount of the reduced civil penalty shall be as follows: \$30 for the first violation; \$50 for a second violation within one year from the first violation; \$125 for a third violation within two years from the second violation; and \$250 for a fourth and any subsequent violations within three years from the second violation.

B. Information collected by the photo-monitoring system or automatic vehicle identification system referenced in subsection A shall be limited exclusively to that information that is necessary for identifying those drivers who improperly use the Dulles Access Highway in violation of the Authority regulation. Notwithstanding any other provision of law, all photographs, microphotographs, electronic images, or other data collected by a photo-monitoring system or automatic vehicle identification system shall be used exclusively for the identification of violators and shall not (i) be open to the public; (ii) be sold or used for sales, solicitation, or marketing purposes; (iii) be disclosed to any other entity except as may be necessary for the identification of violators or to a vehicle owner or operator as part of a challenge to the imposition of a civil penalty; or (iv) be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation of the Authority regulation governing usage of the Dulles Access Highway or upon order from a court of competent jurisdiction. Information collected by the system shall be protected in a database with security comparable to that of the Department of Motor Vehicles' system, and be purged and not retained later than 30 days after the collection and reconciliation of any civil penalties and administrative fees. The operator of the Dulles Access Highway shall annually certify compliance with this subsection and make all records pertaining to such system available for inspection and audit by the Commissioner of Highways or the Commissioner of the Department of Motor Vehicles or their designee. Any violation of this subsection shall constitute a Class 1 misdemeanor. In addition to any fines or other penalties provided for by law, any money or other thing of value obtained as a result of a violation of this subsection shall be forfeited to the Commonwealth.

C. The operator of the Dulles Access Highway may impose and collect an administrative fee, in addition to the civil penalty established by regulation, so as to recover the expenses of collecting the civil penalty, which administrative fee shall be reasonably related to the actual cost of collecting the civil penalty and shall not exceed \$100 per violation. Such fee shall not be levied upon the operator of the vehicle until a second violation has been documented within 12 months of an initial violation, in which case the fee shall apply to such second violation and to any additional violation occurring thereafter. If the recipient of the notice referenced in subsection A makes the election provided by that subsection, the administrative fee shall not exceed \$25.

D. If the election provided for in subsection A is not made, the operator of the Dulles Access Highway may proceed to enforce the violation in court. If the matter proceeds to court, the registered owner or operator of a vehicle shall be liable for the civil penalty set out in the Authority regulation governing usage of the Dulles Access Highway, any applicable administrative fees calculated in accordance with subsection C and applicable court costs if the vehicle is found, as evidenced by information obtained from a photo-monitoring system or automatic vehicle identification system as provided in this section, to have used the Dulles Access Highway in violation of the Authority regulation; provided, that the civil penalty may not exceed the amount of the penalty identified in subsection A.

E. Any action under this section shall be brought in the General District Court of the county in which the violation occurred.

F. Proof of a violation of the Authority regulation governing the use of the Dulles Access Highway shall be evidenced by information obtained from the photo-monitoring system or automatic vehicle identification system referenced in subsection A. A certificate, sworn to or affirmed by a technician employed or authorized by the operator of the Dulles Access Highway, or a facsimile of such a certificate, that is based on inspection of photographs, microphotographs, videotapes, or other recorded images or electronic data produced by the photo-monitoring system shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape, or other recorded images or electronic data evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation under this section.

G. A summons issued under this section, which describes a vehicle that, on the basis of a certificate referenced in subsection F, is alleged to have been operated in violation of the Authority regulation governing usage of the Dulles Access Highway, shall be prima facie evidence that such vehicle was operated in violation of the Authority regulation.

H. Upon a finding by a court that the vehicle described in the summons issued under this section was in violation of the Authority regulation, the court shall impose a civil penalty upon the registered owner or operator of such vehicle in accordance with the penalty amounts specified in subsection D, together with any applicable court costs and applicable administrative fees calculated in accordance with subsection C. Civil penalties and administrative fees assessed as a result of an action initiated under this section and collected by the court shall be remanded by the clerk of the court that adjudicated the action to the treasurer or director of finance of the county or city in which the violation occurred for payment to the operator of the Dulles Access Highway.

The registered owner of a vehicle shall be given reasonable notice of an enforcement action in court by way of a summons that informs the owner that his vehicle has been used in violation of the Authority regulation governing the use of the Dulles Access Highway and of the time and place of the court hearing, as well as of the civil penalty and court costs for the violation. Upon the filing of an affidavit with the court at least 14 days prior to the hearing date by the registered owner of the vehicle stating that he was not the driver of the vehicle on the date of the violation and providing the legal name and address of the operator of the vehicle at the time of the violation, a summons shall be issued to such alleged operator of the vehicle.

In any action against such a vehicle operator, an affidavit made by the registered owner providing the name and address of the vehicle operator at the time of the violation shall constitute prima facie evidence that the person named in the affidavit was operating the vehicle at all the relevant times relating to the matter addressed in the affidavit.

If the registered owner of the vehicle produces a certified copy of a police report showing that the vehicle had been reported to the police as stolen prior to the time of the alleged offense and remained stolen at the time of the alleged offense, then the court shall dismiss the summons issued to the registered owner of the vehicle.

I. Upon a finding by a court that a person has three or more violations of the Authority regulation governing the use of the Dulles Access Highway and has failed to pay the required civil penalties, administrative fees and court costs into the court, the court shall notify the Commissioner of the Department of Motor Vehicles, who shall refuse to issue or renew any vehicle registration certificate to or for such person or the license plate for the vehicle owned by such person until the court has notified the Commissioner that such civil penalties, fees, and costs have been paid. The Commissioner shall collect a \$40 administrative fee from such person to defray the cost of responding to court notices given pursuant to this subsection.

J. For purposes of this section, "operator of the Dulles Access Highway" means the Metropolitan Washington Airports Authority; "owner" means the registered owner of a vehicle on record with the Department of Motor Vehicles; "photo-monitoring system" means equipment that produces one or more photographs, microphotographs, videotapes, or other recorded images of vehicles at the time they are used or operated in violation of the Authority regulation governing the use of the Dulles Access Highway; "automatic vehicle identification system" means an electronic vehicle identification system that automatically produces an electronic record of each vehicle equipped with an automatic vehicle identification device that uses monitored portions of the Dulles Access Highway; and "automatic vehicle identification device" means an electronic device that communicates by wireless transmission with an automatic vehicle identification system.

K. Any vehicle rental or vehicle leasing company, if named in a summons, shall be released as a party to the action if it provides the operator of the Dulles Access Highway with a copy of the vehicle rental agreement or lease, or an affidavit that identifies the renter or lessee, prior to the date of hearing set forth in the summons. Upon receipt of such rental agreement, lease, or affidavit, a summons shall be issued to such renter or lessee. Release of this information shall not be deemed a violation of any provision of the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et seq.) or the Insurance Information and Privacy Protection Act (§ 38.2-600 et seq.). In any action against the renter or lessee, a copy of the vehicle rental agreement, lease, or affidavit identifying the renter or lessee of the vehicle at the time of the violation shall be prima facie evidence that the person named in the rental agreement, lease, or affidavit was operating the vehicle at all the relevant times relating to the matter named in the summons.

L. Imposition of a civil penalty pursuant to this section shall not be deemed a conviction as an operator and shall not be made a part of the driving record of the person upon whom such civil penalty is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage. ~~The provisions of § 46.2-395 shall not be applicable to any civil penalty, administrative fee, or cost imposed or ordered paid under this section.~~

M. On a form prescribed by the Supreme Court, a summons for a violation of the Authority regulation governing the use of the Dulles Access Highway may be executed pursuant to § 19.2-76.2. The operator of the Dulles Access Highway or its personnel or agents mailing such summons shall be considered conservators of the peace for the sole and limited purpose of mailing such summons. Pursuant to § 19.2-76.2, the summons for a violation of the Authority regulation governing usage of the Dulles Access Highway may be executed by mailing by first-class mail a copy thereof to the address of the owner of the vehicle as shown on the records of the Department of Motor Vehicles or, if the registered owner or rental or leasing company has named and provided a valid address for the operator of the vehicle at the time of the violation as provided in this section, to the address of such named operator of the vehicle. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3.

N. The operator of the Dulles Access Highway may enter into an agreement with the Department of Motor Vehicles, in accordance with the provisions of subdivision B 21 of § 46.2-208, to obtain vehicle owner information regarding the registered owners of vehicles that improperly use the Dulles Access Highway. Information provided to the operator of the Dulles Access Highway shall only be used in the enforcement of the Authority regulation governing use of the Dulles Access Highway, and the operator shall be subject to the same conditions and penalties regarding release of the information as contained in subsection B.

O. Should other vehicle recognition technology become available that is appropriate to be used for the purpose of monitoring improper usage of the Dulles Access Highway, the operator of the Dulles Access Highway shall be permitted to use any such technology that has been approved for use by the Virginia State Police, the Commonwealth of Virginia, or any of its localities.

P. All civil penalties paid to the operator of the Dulles Access Highway pursuant to this section shall be used by the operator of the Dulles Access Highway only for the operation and improvement of the Dulles Corridor, including the Dulles Toll Road.

§ 46.2-940. When arresting officer shall take person before issuing authority.

If any person is: (i) believed by the arresting officer to have committed a felony; (ii) believed by the arresting officer to be likely to disregard a summons issued under § 46.2-936; or (iii) refuses to give a written promise to appear under the provisions of § 46.2-936 ~~or § 46.2-945~~, the arresting officer shall promptly take him before a magistrate or other issuing authority having jurisdiction and proceed in accordance with the provisions of § 19.2-82. The magistrate or other authority may issue either a summons or warrant as he shall determine proper.

§ 46.2-1200.1. Abandoning motor vehicles prohibited; penalty.

No person shall cause any motor vehicle to become an abandoned motor vehicle as defined in § 46.2-1200. In any prosecution for a violation of this section, proof that the defendant was, at the time that the vehicle was found abandoned, the owner of the vehicle shall constitute in evidence a rebuttable presumption that the owner was the person who committed the violation. Such presumption, however, shall not arise if the owner of the vehicle provided notice to the Department, as provided in § 46.2-604, that he had sold or otherwise transferred the ownership of the vehicle.

A summons for a violation of this section shall be executed by mailing a copy of the summons by first-class mail to the address of the owner of the vehicle as shown on the records of the Department of Motor Vehicles. If the person fails to appear on the date of return set out in the summons, a new summons shall be issued and delivered to the sheriff of the county, city, or town for service on the accused personally. If the person so served then fails to appear on the date of return set out in the summons, proceedings for contempt shall be instituted.

Any person convicted of a violation of this section shall be subject to a civil penalty of no more than \$500. ~~If any person fails to pay any such penalty, his privilege to drive a motor vehicle on the highways of the Commonwealth shall be suspended as provided in § 46.2-395.~~

All penalties collected under this section shall be paid into the state treasury to be credited to the Literary Fund as provided in § 46.2-114.

2. That § 46.2-395 and Article 18 (§§ 46.2-944.1 through 46.2-947) of Chapter 8 of Title 46.2 of the Code of Virginia are repealed.

3. That the Commissioner of the Department of Motor Vehicles shall reinstate a person's privilege to drive a motor vehicle that was suspended prior to July 1, 2019, solely pursuant to § 46.2-395 of the Code of Virginia and shall waive all fees relating to reinstating such person's driving privileges. Nothing in this act shall require the Commissioner to reinstate a person's driving privileges if such privileges have been otherwise lawfully suspended or revoked or if such person is otherwise ineligible for a driver's license.

An Act to amend and reenact §§ 19.2-258.1, 19.2-354, 19.2-354.1, 33.2-503, 46.2-203.1, 46.2-301, 46.2-361, 46.2-383, 46.2-391.1, 46.2-416, 46.2-819.1, 46.2-819.3, 46.2-819.3:1, 46.2-819.5, 46.2-940, and 46.2-1200.1 of the Code of Virginia; to amend the Code of Virginia by adding a section numbered 46.2-808.2; and to repeal § 46.2-395 and Article 18 (§§ 46.2-944.1 through 46.2-947) of Chapter 8 of Title 46.2 of the Code of Virginia, relating to suspension of driver's license for nonpayment of fines or costs.

[S 1]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 19.2-258.1, 19.2-354, 19.2-354.1, 33.2-503, 46.2-203.1, 46.2-301, 46.2-361, 46.2-383, 46.2-391.1, 46.2-416, 46.2-819.1, 46.2-819.3, 46.2-819.3:1, 46.2-819.5, 46.2-940, and 46.2-1200.1 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 46.2-808.2 as follows:

§ 19.2-258.1. Trial of traffic infractions; measure of proof; failure to appear.

For any traffic infraction cases tried in a district court, the court shall hear and determine the case without the intervention of a jury. For any traffic infraction case appealed to a circuit court, the defendant shall have the right to trial by jury. The defendant shall be presumed innocent until proven guilty beyond a reasonable doubt.

When a person charged with a traffic infraction fails to enter a written or court appearance, he shall be deemed to have waived court hearing and the case may be heard in his absence, after which he shall be notified of the court's finding. ~~He shall be advised that if he fails to comply with any order of the court therein, the court may order suspension of his driver's license as provided in § 46.2-395 but; however,~~ the court shall not issue a warrant for his failure to appear pursuant to § 46.2-938.

§ 19.2-354. Authority of court to order payment of fine, costs, forfeitures, penalties or restitution in installments or upon other terms and conditions; community work in lieu of payment.

A. Whenever (i) a defendant, convicted of a traffic infraction or a violation of any criminal law of the Commonwealth or of any political subdivision thereof, or found not innocent in the case of a juvenile, is sentenced to pay a fine, restitution, forfeiture or penalty and (ii) the defendant is unable to make payment of the fine, restitution, forfeiture, or penalty and costs within 30 days of sentencing, the court shall order the defendant to pay such fine, restitution, forfeiture or penalty and any costs which the defendant may be required to pay in deferred payments or installments. The court assessing the fine, restitution, forfeiture, or penalty and costs may authorize the clerk to establish and approve individual deferred or installment payment agreements. If the defendant owes court-ordered restitution and enters into a deferred or installment payment agreement, any money collected pursuant to such agreement shall be used first to satisfy such restitution order and any collection costs associated with restitution prior to being used to satisfy any other fine, forfeiture, penalty, or cost owed. Any payment agreement authorized under this section shall be consistent with the provisions of § 19.2-354.1, including any required minimum payments or other required conditions. The requirements set forth in § 19.2-354.1 shall be posted in the clerk's office and on the court's website, if a website is available. As a condition of every such agreement, a defendant who enters into an installment or deferred payment agreement shall promptly inform the court of any change of mailing address during the term of the agreement. If the defendant is unable to make payment within 90 days of sentencing, the court may assess a one-time fee not to exceed \$10 to cover the costs of management of the defendant's account until such account is paid in full. This one-time fee shall not apply to cases in which costs are assessed pursuant to § 17.1-275.1, 17.1-275.2, 17.1-275.3, 17.1-275.4, 17.1-275.7, 17.1-275.8, or 17.1-275.9. Installment or deferred payment agreements shall include terms for payment if the defendant participates in a program as provided in subsection B or C. The court, if such sum or sums are not paid in full by the date ordered, shall proceed in accordance with § 19.2-358.

B. When a person sentenced to the Department of Corrections or a local correctional facility owes any fines, costs, forfeitures, restitution or penalties, he shall be required as a condition of participating in any work release, home/electronic incarceration or nonconsecutive days program as set forth in § 53.1-60, 53.1-131, 53.1-131.1, or 53.1-131.2 to either make full payment or make payments in accordance with his installment or deferred payment agreement while participating in such program. If, after the person has an installment or deferred payment agreement, the person fails to pay as ordered, his participation in the program may be terminated until all fines, costs, forfeitures, restitution and penalties are satisfied. The Director of the Department of Corrections and any sheriff or other administrative head of any local correctional facility shall withhold such ordered payments from any amounts due to such person. Distribution of the money collected shall be made in the following order of priority to:

1. Meet the obligation of any judicial or administrative order to provide support and such funds shall be disbursed according to the terms of such order;
2. Pay any restitution as ordered by the court;
3. Pay any fines or costs as ordered by the court;
4. Pay travel and other such expenses made necessary by his work release employment or participation in an education or rehabilitative program, including the sums specified in § 53.1-150; and
5. Defray the offender's keep.

The balance shall be credited to the offender's account or sent to his family in an amount the offender so chooses.

The Board of Corrections shall promulgate regulations governing the receipt of wages paid to persons participating in such programs, the withholding of payments and the disbursement of appropriate funds.

C. The court shall establish a program and may provide an option to any person upon whom a fine and costs have been imposed to discharge all or part of the fine or costs by earning credits for the performance of community service work before or after imprisonment. The program shall specify the rate at which credits are earned and provide for the manner of applying earned credits against the fine or costs. The court assessing the fine or costs against a person shall inform such person of the availability of earning credit toward discharge of the fine or costs through the performance of community service work under this program and provide such person with written notice of terms and conditions of this program. The court shall have such other authority as is reasonably necessary for or incidental to carrying out this program.

D. When the court has authorized deferred payment or installment payments, the clerk shall give notice to the defendant that upon his failure to pay as ordered he may be fined or imprisoned pursuant to § 19.2-358 ~~and his privilege to operate a motor vehicle will be suspended pursuant to § 46.2-395.~~

E. The failure of the defendant to enter into a deferred payment or installment payment agreement with the court or the failure of the defendant to make payments as ordered by the agreement shall allow the Tax Commissioner to act in accordance with § 19.2-349 to collect all fines, costs, forfeitures and penalties.

§ 19.2-354.1. Deferred or installment payment agreements.

A. For purposes of this section:

"Deferred payment agreement" means an agreement in which no installment payments are required and the defendant agrees to pay the full amount of the fines and costs at the end of the agreement's stated term.

"Fines and costs" means all fines, court costs, forfeitures, and penalties assessed in any case by a single court against a defendant for the commission of any crime or traffic infraction. "Fines and costs" includes restitution unless the court orders a separate payment schedule for restitution.

"Installment payment agreement" means an agreement in which the defendant agrees to make monthly or other periodic payments until the fines and costs are paid in full.

"Modified deferred payment agreement" means a deferred payment agreement in which the defendant also agrees to use best efforts to make monthly or other periodic payments.

B. The court shall give a defendant ordered to pay fines and costs written notice of the availability of deferred, modified deferred, and installment payment agreements and, if a community service program has been established, the availability of earning credit toward discharge of fines and costs through the performance of community service work. The court shall offer any defendant who is unable to pay in full the fines and costs within 30 days of sentencing the opportunity to enter into a deferred payment agreement, modified deferred payment agreement, or installment payment agreement.

C. The court shall not deny a defendant the opportunity to enter into a deferred, modified deferred, or installment payment agreement solely (i) because of the category of offense for which the defendant was convicted or found not innocent, (ii) because of the total amount of all fines and costs, (iii) because the defendant previously defaulted under the terms of a payment agreement, (iv) because the fines and costs have been referred for collections pursuant to § 19.2-349, or (v) because the defendant has not established a payment history; ~~or (vi) because the defendant is eligible for a restricted driver's license under subsection E of § 46.2-395.~~

D. In determining the length of time to pay under a deferred, modified deferred, or installment payment agreement and the amount of the payments, a court shall take into account the defendant's financial resources and obligations, including any fines and costs owed by the defendant in other courts. In assessing the defendant's ability to pay, the court shall use a written financial statement, on a form developed by the Executive Secretary of the Supreme Court, setting forth the defendant's financial resources and obligations or conduct an oral examination of the defendant to determine his financial resources and obligations. ~~The court may require the defendant to present a summary prepared by the Department of Motor Vehicles of the other courts in which the defendant also owes fines and costs.~~ The length of a payment agreement and the amount of the payments shall be reasonable in light of the defendant's financial resources and obligations and shall not be based solely on the amount of fines and costs. The court may offer a payment agreement combining an initial period during which no payment of fines and costs is required followed by a period of installment payments.

E. A court may require a down payment as a condition of a defendant entering a deferred, modified deferred, or installment payment agreement. Any down payment shall be a minimal amount to demonstrate the defendant's commitment to paying the fines and costs. In the case of an installment payment agreement, the required down payment may not exceed (i) if the fines and costs owed are \$500 or less, 10 percent of such amount or (ii) if the fines and costs owed are more than \$500, five percent of such amount or \$50, whichever is greater. A defendant may make a larger down payment than what is provided by this subsection.

F. All fines and costs that a defendant owes for all cases in any single court may be incorporated into one payment agreement, unless otherwise ordered by the court in specific cases. A payment agreement shall include only those outstanding fines and costs for which the limitations period set forth in § 19.2-341 has not run.

G. Any payment received within 10 days of its due date shall be considered to be timely made.

H. At any time during the duration of a payment agreement, the defendant may request a modification of the agreement in writing on a form provided by the Executive Secretary of the Supreme Court, and the court may grant such modification based on a good faith showing of need.

I. A court shall consider a request by a defendant who has defaulted on a payment agreement to enter into a subsequent payment agreement. In determining whether to approve the request for a subsequent payment agreement, the court shall consider any change in the defendant's circumstances. A court shall require a down payment to enter into a subsequent payment agreement, provided that the down payment required to enter into a subsequent payment agreement shall not exceed (i) if the fines and costs owed are \$500 or less, 10 percent of such amount or (ii) if the fines and costs owed are more than \$500, five percent of such amount or \$50, whichever is greater. When a defendant enters into a subsequent payment agreement, a court shall not require a defendant to establish a payment history on the subsequent payment agreement before restoring the defendant's driver's license.

§ 33.2-503. HOT lanes enforcement.

Any person operating a motor vehicle on designated HOT lanes shall make arrangements with the HOT lanes operator for payment of the required toll prior to entering such HOT lanes. The operator of a vehicle who enters the HOT lanes in an unauthorized vehicle, in violation of the conditions for use of such HOT lanes established pursuant to § 33.2-502, without payment of the required toll or without having made arrangements with the HOT lanes operator for payment of the required toll shall have committed a violation of this section, which may be enforced in the following manner:

1. On a form prescribed by the Supreme Court, a summons for a violation of this section may be executed by a law-enforcement officer, when such violation is observed by such officer. The form shall contain the option for the operator of the vehicle to prepay the unpaid toll and all penalties, administrative fees, and costs.

2. a. A HOT lanes operator shall install and operate, or cause to be installed or operated, a photo-enforcement system at locations where tolls are collected for the use of such HOT lanes.

b. A summons for a violation of this section may be executed when such violation is evidenced by information obtained from a photo-enforcement system as defined in this chapter. A certificate, sworn to or affirmed by a technician employed or authorized by the HOT lanes operator, or a facsimile of such a certificate, based on inspection of photographs, microphotographs, videotapes, or other recorded images produced by a photo-enforcement system, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape, or other recorded images evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation under this subdivision 2. Any vehicle rental or vehicle leasing company, if named in a summons, shall be released as a party to the action if it provides to the HOT lanes operator a copy of the vehicle rental agreement or lease or an affidavit identifying the renter or lessee prior to the date of hearing set forth in the summons. Upon receipt of such rental agreement, lease, or affidavit, a summons shall be issued for the renter or lessee identified therein. Release of this information shall not be deemed a violation of any provision of the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et seq.) or the Insurance Information and Privacy Protection Act (§ 38.2-600 et seq.).

c. On a form prescribed by the Supreme Court, a summons issued under this subdivision 2 may be executed as provided in § 19.2-76.2. Such form shall contain the option for the owner or operator to prepay the unpaid toll and all penalties, administrative fees, and costs. A summons for a violation of this section may set forth multiple violations occurring within one jurisdiction. Notwithstanding the provisions of § 19.2-76, a summons for a violation of this section may be executed by mailing by first-class mail a copy thereof to the address of the owner or, if the owner has named and provided a valid address for the operator of the vehicle at the time of the violation in an affidavit executed pursuant to subdivision e, such named operator of the vehicle. Such summons shall be signed either originally or by electronic signature. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3.

d. No summons may be issued by a HOT lanes operator for a violation of this section unless the HOT lanes operator can demonstrate that (i) there was an attempt to collect the unpaid tolls and applicable administrative fees through debt collection not less than 30 days prior to issuance of the summons and (ii) 120 days have elapsed since the unpaid toll or, in a summons for multiple violations, 120 days have elapsed since the most recent unpaid toll noticed on the summons. For purposes of this subdivision, "debt collection" means the collection of unpaid tolls and applicable administrative fees by (a) retention of a third-party debt collector or (b) collection practices undertaken by employees of a HOT lanes operator that are materially similar to a third-party debt collector.

e. The owner of such vehicle shall be given reasonable notice by way of a summons as provided in this subdivision 2 that his vehicle had been used in violation of this section, and such owner shall be given notice of the time and place of the hearing and notice of the civil penalty and costs for such offense.

It shall be prima facie evidence that the vehicle described in the summons issued pursuant to subdivision 2 was operated in violation of this section. Records obtained from the Department of Motor Vehicles pursuant to § 33.2-504 and certified in accordance with § 46.2-215 or from the equivalent agency in another state and certified as true and correct copies by the head of such agency or his designee identifying the owner of such vehicle shall give rise to a rebuttable presumption that the owner of the vehicle is the person named in the summons.

Upon the filing of an affidavit with the court at least 14 days prior to the hearing date by the owner of the vehicle stating that he was not the operator of the vehicle on the date of the violation and providing the legal name and address of the operator of the vehicle at the time of the violation, a summons will also be issued to the alleged operator of the vehicle at the time of the offense. The affidavit shall constitute prima facie evidence that the person named in the affidavit was driving the vehicle at all the relevant times relating to the matter named in the affidavit.

If the owner of the vehicle produces a certified copy of a police report showing that the vehicle had been reported to the police as stolen prior to the time of the alleged offense and remained stolen at the time of the alleged offense, then the court shall dismiss the summons issued to the owner of the vehicle.

3. a. The HOT lanes operator may impose and collect an administrative fee in addition to the unpaid toll so as to recover the expenses of collecting the unpaid toll, which administrative fee shall be reasonably related to the actual cost of collecting the unpaid toll and not exceed \$100 per violation. The operator of the vehicle shall pay the unpaid tolls and any administrative fee detailed in a notice or invoice issued by a HOT lanes operator. If paid within 60 days of notification, the administrative fee shall not exceed \$25. The HOT lanes operator shall notify the owner of the vehicle of any unpaid tolls and administrative fees by mailing an invoice pursuant to § 46.2-819.6.

b. Upon a finding by a court of competent jurisdiction that the operator of the vehicle observed by a law-enforcement officer under subdivision 1 or the vehicle described in the summons for a violation issued pursuant to evidence obtained by a photo-enforcement system under subdivision 2 was in violation of this section, the court shall impose a civil penalty upon the operator of such vehicle issued a summons under subdivision 1, or upon the operator or owner of such vehicle issued a summons under subdivision 2, payable to the HOT lanes operator as follows: for a first offense, \$50; for a second offense, \$100; for a third offense within a period of two years of the second offense, \$250; and for a fourth and subsequent offense within a period of three years of the second offense, \$500, together with, in each case, the unpaid toll, all accrued administrative fees imposed by the HOT lanes operator as authorized by this section, and applicable court costs. The court shall remand penalties, the unpaid toll, and administrative fees assessed for violation of this section to the treasurer or

director of finance of the county or city in which the violation occurred for payment to the HOT lanes operator for expenses associated with operation of the HOT lanes and payments against any bonds or other liens issued as a result of the construction of the HOT lanes. No person shall be subject to prosecution under both subdivisions 1 and 2 for actions arising out of the same transaction or occurrence.

c. Notwithstanding subdivisions a and b, for a first conviction of an operator or owner of a vehicle under this section, the total amount for the first conviction shall not exceed \$2,200, including civil penalties and administrative fees regardless of the total number of offenses the operator or owner of a vehicle is convicted of on that date.

d. Upon a finding by a court that a resident of the Commonwealth has violated this section, in the event such person fails to pay the required penalties, fees, and costs, the court shall notify the Commissioner of the Department of Motor Vehicles, who shall suspend all of the registration certificates and license plates issued for any motor vehicles registered solely in the name of such person and shall not issue any registration certificate or license plate for any other vehicle that such person seeks to register solely in his name until the court has notified the Commissioner of the Department of Motor Vehicles that such penalties, fees, and costs have been paid. Upon a finding by a court that a nonresident of the Commonwealth has violated this section, in the event that such person fails to pay the required penalties, fees, and costs, the court shall notify the Commissioner of the Department of Motor Vehicles, who shall, when the vehicle is registered in a state with which the Commonwealth has entered into an agreement to enforce tolling violations pursuant to § 46.2-819.9, provide to the entity authorized to issue vehicle registration certificates or license plates in the state in which the vehicle is registered sufficient evidence of the court's finding to take action against the vehicle registration certificate or license plates in accordance with the terms of the agreement, until the court has notified the Commissioner of the Department of Motor Vehicles that such penalties, fees, and costs have been paid. Upon receipt of such notification from the court, the Commissioner of the Department of Motor Vehicles shall notify the state where the vehicle is registered of such payment. The HOT lanes operator and the Commissioner of the Department of Motor Vehicles may enter into an agreement whereby the HOT lanes operator may reimburse the Department of Motor Vehicles for its reasonable costs to develop, implement, and maintain this enforcement mechanism, and that specifies that the Commissioner of the Department of Motor Vehicles shall have an obligation to suspend such registration certificates or to provide notice to such entities in other states so long as the HOT lanes operator makes the required reimbursements in a timely manner in accordance with the agreement.

e. An action brought under subdivision 1 or 2 shall be commenced within two years of the commission of the offense and shall be considered a traffic infraction. Except as provided in subdivisions 4 and 5, imposition of a civil penalty pursuant to this section shall not be deemed a conviction as an operator of a motor vehicle under Title 46.2 and shall not be made part of the driving record of the person upon whom such civil penalty is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage. ~~The provisions of § 46.2-395 shall not be applicable to any civil penalty, fee, unpaid toll, fine, or cost imposed or ordered paid under this section for a violation of subdivision 1 or 2.~~

4. a. The HOT lanes operator may restrict the usage of the HOT lanes to designated vehicle classifications pursuant to an interim or final comprehensive agreement executed pursuant to § 33.2-1808 or 33.2-1809. Notice of any such vehicle classification restrictions shall be provided through the placement of signs or other markers prior to and at all HOT lanes entrances.

b. Any person driving an unauthorized vehicle on the designated HOT lanes is guilty of a traffic infraction, which shall not be a moving violation, and shall be punishable as follows: for a first offense, by a fine of \$125; for a second offense within a period of five years from a first offense, by a fine of \$250; for a third offense within a period of five years from a first offense, by a fine of \$500; and for a fourth and subsequent offense within a period of five years from a first offense, by a fine of \$1,000. No person shall be subject to prosecution under both this subdivision and subdivision 1 or 2 for actions arising out of the same transaction or occurrence.

Upon a conviction under this subdivision, the court shall furnish to the Commissioner of the Department of Motor Vehicles, in accordance with § 46.2-383, an abstract of the record of such conviction, which shall become a part of the person's driving record. Notwithstanding the provisions of § 46.2-492, no driver demerit points shall be assessed for any violation of this subdivision, except that persons convicted of a second, third, fourth, or subsequent violation within five years of a first offense shall be assessed three demerit points for each such violation.

5. The operator of a vehicle who enters the HOT lanes by crossing through any barrier, buffer, or other area separating the HOT lanes from other lanes of travel is guilty of a violation of § 46.2-852, unless the vehicle is a state or local law-enforcement vehicle, firefighting truck, or emergency medical services vehicle used in the performance of its official duties. No person shall be subject to prosecution both under this subdivision and under subdivision 1, 2, or 4 for actions arising out of the same transaction or occurrence.

Upon a conviction under this subdivision, the court shall furnish to the Commissioner of the Department of Motor Vehicles in accordance with § 46.2-383 an abstract of the record of such conviction, which shall become a part of the convicted person's driving record.

6. No person shall be subject to prosecution both under this section and under § 33.2-501, 46.2-819, or 46.2-819.1 for actions arising out of the same transaction or occurrence.

7. Any action under this section shall be brought in the general district court of the county or city in which the violation occurred.

§ 46.2-203.1. Provision of updated addresses by persons completing forms; acknowledgment of future receipt of official notices.

Whenever any person completes a form for an application, certificate of title, registration card, license plate, driver's license, and any other form requisite for the purpose of this title, or whenever any person is issued a summons for a violation of the motor vehicle laws of the Commonwealth, he shall provide his current address on the form or summons. By signing the form or summons, the person acknowledges that (i) the address is correct, (ii) any official notice, including an order of suspension, will be sent by prepaid first class mail to the address on the signed form with the most current date, and (iii) the notice shall be deemed to have been accepted by the person at that address. ~~In addition, upon signing a summons for a violation of the motor vehicle laws, the person shall acknowledge that his failure to appear in court and pay fines and costs could result in suspension of his operator's license.~~

§ 46.2-301. Driving while license, permit, or privilege to drive suspended or revoked.

A. In addition to any other penalty provided by this section, any motor vehicle administratively impounded or immobilized under the provisions of § 46.2-301.1 may, in the discretion of the court, be impounded or immobilized for an additional period of up to 90 days upon conviction of an offender for driving while his driver's license, learner's permit, or privilege to drive a motor vehicle has been suspended or revoked for (i) a violation of § 18.2-36.1, 18.2-51.4, 18.2-266, 18.2-272, or 46.2-341.24 or a substantially similar ordinance or law in any other jurisdiction or (ii) driving after adjudication as an habitual offender, where such adjudication was based in whole or in part on an alcohol-related offense, or where such person's license has been administratively suspended under the provisions of § 46.2-391.2. However, if, at the time of the violation, the offender was driving a motor vehicle owned by another person, the court shall have no jurisdiction over such motor vehicle but may order the impoundment or immobilization of a motor vehicle owned solely by the offender at the time of arrest. All costs of impoundment or immobilization, including removal or storage expenses, shall be paid by the offender prior to the release of his motor vehicle.

B. Except as provided in §§ 46.2-304 and 46.2-357, no resident or nonresident (i) whose driver's license, learner's permit, or privilege to drive a motor vehicle has been suspended or revoked or (ii) who has been directed not to drive by any court or by the Commissioner, or (iii) who has been forbidden, as prescribed by operation of any statute of the Commonwealth or a substantially similar ordinance of any county, city or town, to operate a motor vehicle in the Commonwealth shall thereafter drive any motor vehicle or any self-propelled machinery or equipment on any highway in the Commonwealth until the period of such suspension or revocation has terminated or the privilege has been reinstated or a restricted license is issued pursuant to subsection E. ~~A clerk's notice of suspension of license for failure to pay fines or costs given in accordance with § 46.2-395 shall be sufficient notice for the purpose of maintaining a conviction under this section.~~ For the purposes of this section, the phrase "motor vehicle or any self-propelled machinery or equipment" shall not include mopeds.

C. A violation of subsection B is a Class 1 misdemeanor. A third or subsequent offense occurring within a 10-year period shall include a mandatory minimum term of confinement in jail of 10 days. However, the court shall not be required to impose a mandatory minimum term of confinement in any case where a motor vehicle is operated in violation of this section in a situation of apparent extreme emergency which requires such operation to save life or limb.

D. Upon a violation of subsection B, the court shall suspend the person's license or privilege to drive a motor vehicle for the same period for which it had been previously suspended or revoked. In the event the person violated subsection B by driving during a period of suspension or revocation which was not for a definite period of time, the court shall suspend the person's license, permit or privilege to drive for an additional period not to exceed 90 days, to commence upon the expiration of the previous suspension or revocation or to commence immediately if the previous suspension or revocation has expired; ~~however, in the event that the person violated subsection B by driving during a period of suspension imposed pursuant to § 46.2-395, the additional 90-day suspension imposed pursuant to this subsection shall run concurrently with the suspension imposed pursuant to § 46.2-395 in accordance with subsection F of § 46.2-395.~~

E. Any person who is otherwise eligible for a restricted license may petition each court that suspended his license pursuant to subsection D for authorization for a restricted license, provided that the period of time for which the license was suspended by the court pursuant to subsection D, if measured from the date of conviction, has expired, even though the suspension itself has not expired. A court may, for good cause shown, authorize the Department of Motor Vehicles to issue a restricted license for any of the purposes set forth in subsection E of § 18.2-271.1. No restricted license shall be issued unless each court that issued a suspension of the person's license pursuant to subsection D authorizes the Department to issue a restricted license. Any restricted license issued pursuant to this subsection shall be in effect until the expiration of any and all suspensions issued pursuant to subsection D, except that it shall automatically terminate upon the expiration, cancellation, suspension, or revocation of the person's license or privilege to drive for any other cause. No restricted license issued pursuant to this subsection shall permit a person to operate a commercial motor vehicle as defined in the Commercial Driver's License Act (§ 46.2-341.1 et seq.). The court shall forward to the Commissioner a copy of its authorization entered pursuant to this subsection, which shall specifically enumerate the restrictions imposed and contain such information regarding the person to whom such a license is issued as is reasonably necessary to identify the person. The court shall also provide a copy of its authorization to the person, who may not operate a motor vehicle until receipt from the Commissioner of a restricted license. A copy of the restricted license issued by the Commissioner shall be carried at all times while operating a motor vehicle.

F. Any person who operates a motor vehicle or any self-propelled machinery or equipment in violation of the terms of a restricted license issued pursuant to subsection E of § 18.2-271.1 is not guilty of a violation of this section but is guilty of a violation of § 18.2-272.

§ 46.2-361. Restoration of privilege after driving while license revoked or suspended for failure to furnish proof of financial responsibility or pay uninsured motorist fee.

A. Any person who has been found to be an habitual offender, where the determination or adjudication was based in part and dependent on a conviction as set out in subdivision 1 c of former § 46.2-351, may, after three years from the date of the final order of a court entered under this article, or if no such order was entered then the notice of the determination or adjudication by the Commissioner, petition the court in which he was found to be an habitual offender, or the circuit court in the political subdivision in which he then resides, for restoration of his privilege to drive a motor vehicle in the Commonwealth. In no event, however, shall the provisions of this subsection apply when such person's determination or adjudication was also based in part and dependent on a conviction as set out in subdivision 1 b of former § 46.2-351. In such case license restoration shall be in compliance with the provisions of § 46.2-360.

B. Any person who has been found to be an habitual offender, where the determination or adjudication was based entirely upon a combination of convictions of § 46.2-707 and convictions as set out in subdivision 1 c of former § 46.2-351, may, after ~~payment in full of all outstanding fines, costs and judgments relating to his determination, and~~ furnishing proof of (i) financial responsibility and (ii) compliance with the provisions of Article 8 (§ 46.2-705 et seq.) of Chapter 6 of this title or both, if applicable, petition the court in which he was found to be an habitual offender, or the circuit court in the political subdivision in which he then resides, for restoration of his privilege to drive a motor vehicle in the Commonwealth.

C. This section shall apply only where the conviction or convictions as set out in subdivision 1 c of former § 46.2-351 resulted from a suspension or revocation ordered pursuant to (i) *former* § 46.2-395 for failure to pay fines and costs, (ii) § 46.2-459 for failure to furnish proof of financial responsibility, or (iii) § 46.2-417 for failure to satisfy a judgment, provided *that* the judgment has been paid in full prior to the time of filing the petition or was a conviction under § 46.2-302 or former § 46.1-351.

D. On any such petition, the court, in its discretion, may restore to the person his privilege to drive a motor vehicle, on whatever conditions the court may prescribe, if the court is satisfied from the evidence presented that the petitioner does not constitute a threat to the safety and welfare of himself or others with respect to the operation of a motor vehicle, ~~and that he has satisfied in full all outstanding court costs, court fines and judgments relating to determination as an habitual offender and has furnished proof of financial responsibility, if applicable.~~

E. A copy of any petition filed hereunder shall be served on the attorney for the Commonwealth for the jurisdiction wherein the petition was filed, and shall also be served on the Commissioner of the Department of Motor Vehicles, who shall provide to the attorney for the Commonwealth a certified copy of the petitioner's driving record. The Commissioner shall also advise the attorney for the Commonwealth whether there is anything in the records maintained by the Department that might make the petitioner ineligible for restoration, and may also provide notice of any potential ineligibility to the Attorney General's Office, which may join in representing the interests of the Commonwealth where it appears that the petitioner is not eligible for restoration. The hearing on a petition filed pursuant to this article shall not be set for a date sooner than ~~thirty~~ 30 days after the petition is filed and served as provided herein.

§ 46.2-383. Courts to forward abstracts of records or furnish abstract data of conviction by electronic means in certain cases; records in office of Department; inspection; clerk's fee for reports.

A. In the event (i) a person is convicted of a charge described in subdivision 1 or 2 of § 46.2-382 or § 46.2-382.1 ~~or~~, (ii) ~~a person fails or refuses to pay any fine, costs, forfeiture, restitution or penalty, or any installment thereof, imposed in any traffic case, or~~ (iii) a person forfeits bail or collateral or other deposit to secure the defendant's appearance on the charges, unless the conviction has been set aside or the forfeiture vacated, ~~or~~ ~~(iv)~~ (iii) a court assigns a defendant to a driver education program or alcohol treatment or rehabilitation program, or both such programs, as authorized by § 18.2-271.1, ~~or~~ ~~(v)~~ (iv) compliance with the court's probation order is accepted by the court in lieu of a conviction under § 18.2-266 or the requirements specified in § 18.2-271 as provided in § 18.2-271.1, or ~~(vi)~~ (v) there is rendered a judgment for damages against a person as described in § 46.2-382, every district court or clerk of a circuit court shall forward an abstract of the record to the Commissioner within 18 days after such conviction, ~~failure or refusal to pay, forfeiture, assignment, or acceptance, and in the case of civil judgments, on the request of the judgment creditor or his attorney, within 30 days after judgment has become final.~~ No abstract of the record in a district court shall be forwarded to the Commissioner unless the period allowed for an appeal has elapsed and no appeal has been perfected. On or after July 1, 2013, in the event that a conviction or adjudication has been nullified by separate order of the court, the clerk shall forward to the Commissioner an abstract of that record.

B. Abstract data of conviction may be furnished to the Commissioner by electronic means provided that the content of the abstract and the certification complies with the requirements of § 46.2-386. In cases where the abstract data is furnished by electronic means, the paper abstract shall not be required to be forwarded to the Commissioner. The Commissioner shall develop a method to ensure that all data is received accurately. The Commissioner, with the approval of the Governor, may destroy the record of any conviction, forfeiture, assignment, acceptance, or judgment, when three years has elapsed from the date thereof, except records of conviction or forfeiture on charges of reckless driving and speeding, which records may be destroyed when five years has elapsed from the date thereof, and further excepting those records that alone, or in connection with other records, will require suspension or revocation or disqualification of a license or registration under any applicable provisions of this title.

C. The records required to be kept may, in the discretion of the Commissioner, be kept by electronic media or by photographic processes and when so done the abstract of the record may be destroyed.

D. The Code section and description of an offense referenced in an abstract for any juvenile adjudication obtained from a district court or clerk of circuit court pursuant to subdivision A 9 of § 16.1-278.8, § 16.1-278.9, clause (iii) of subdivision 1 of § 46.2-382, or any other provision of law that does not involve an offense referenced in subsection A or an offense involving the operation of a motor vehicle shall be available only to the person himself, his parent or guardian, law-enforcement officers, attorneys for the Commonwealth, and courts.

§ 46.2-391.1. Suspension of registration certificates and plates upon suspension or revocation of driver's license.

Whenever the Commissioner, under the authority of law of the Commonwealth, suspends or revokes the driver's license of any person upon receiving record of that person's conviction, ~~or whenever the Commissioner is notified that a court has suspended a person's driving privilege pursuant to § 46.2-395,~~ the Commissioner shall also suspend all of the registration certificates and license plates issued for any motor vehicles registered solely in the name of such person and shall not issue any registration certificate or license plate for any other vehicle that such person seeks to register solely in his name. ~~Except for persons whose privileges have been suspended by a court pursuant to § 46.2-395,~~ *The* Commissioner shall not suspend such registration certificates or license plates in the event *that* such person has previously given or gives and thereafter maintains proof of his financial responsibility in the future, in the manner specified in this chapter, with respect to each and every motor vehicle owned and registered by such person. In this event it shall be lawful for said vehicle or vehicles to be operated during this period of suspension by any duly licensed driver when so authorized by the owner.

§ 46.2-416. Notice of suspension or revocation of license.

A. Whenever it is provided in this title that a driver's license may or shall be suspended or revoked either by the Commissioner or by a court, notice of the suspension or revocation or any certified copy of the decision or order of the Commissioner may be sent by the Department by certified mail to the driver at the most recent address of the driver on file at the Department. ~~If the driver has previously been notified by mail or in person of the suspension or revocation or of an impending suspension for failure to pay fines and costs pursuant to § 46.2-395, whether notice is given by the court or law enforcement officials as provided by law, and the Department has been notified by the court that notice was so given and the fines and costs were not paid within 30 days, no notice of suspension shall be sent by the Department to the driver.~~ If the certificate of the Commissioner or someone designated by him for that purpose shows that the notice or copy has been so sent or provided, it shall be deemed prima facie evidence that the notice or copy has been sent and delivered or otherwise provided to the driver for all purposes involving the application of the provisions of this title. In the discretion of the Commissioner, service may be made as provided in § 8.01-296, which service on the driver shall be made by delivery in writing to the driver in person in accordance with subdivision 1 of § 8.01-296 by a sheriff or deputy sheriff in the county or city in which the address is located, who shall, as directed by the Commissioner, take possession of any suspended or revoked license, registration card, or set of license plates or decals and return them to the office of the Commissioner. No such service shall be made if, prior to service, the driver has complied with the requirement which caused the issuance of the decision or order. In any such case, return shall be made to the Commissioner.

B. In lieu of making a direct payment to sheriffs as a fee for delivery of the Department's processes, the Commissioner shall effect a transfer of funds, on a monthly basis, to the Compensation Board to be used to provide additional support to sheriffs' departments. The amount of funds so transferred shall be as provided in the general appropriation act.

C. The Department may contract with the United States Postal Service or an authorized agent to use the National Change of Address System for the purpose of obtaining current address information for a person whose name appears in customer records maintained by the Department. If the Department receives information from the National Change of Address System indicating that a person whose name appears in a Department record has submitted a permanent change of address to the Postal Service, the Department may then update its records with the mailing address obtained from the National Change of Address System.

§ 46.2-808.2. Violations committed within highway safety corridor; report on benefits.

Notwithstanding any other provision of law, the fine for any moving violation of any provision of this chapter while operating a motor vehicle in a designated highway safety corridor pursuant to § 33.2-253 shall be no more than \$500 for any violation that is a traffic infraction and not less than \$200 for any violation that is a criminal offense. The otherwise applicable fines set forth in Rule 3B:2 of the Rules of the Supreme Court shall be doubled in the case of a waiver of appearance and a plea of guilty under § 16.1-69.40:1 or 19.2-254.2 for a violation of a provision of this chapter while operating a motor vehicle in a designated highway safety corridor pursuant to § 33.2-253. The Commissioner of Highways shall report, on an annual basis, statistical data related to benefits derived from the designation of such highway safety corridors. This information may be posted on the Virginia Department of Transportation's official website. Notwithstanding the provisions of § 46.2-1300, the governing bodies of counties, cities, and towns may not adopt ordinances providing for penalties under this section.

§ 46.2-819.1. Installation and use of photo-monitoring system or automatic vehicle identification system in conjunction with electronic or manual toll facilities; penalty.

A. For purposes of this section:

"Automatic vehicle identification device" means an electronic device that communicates by wireless transmission with an automatic vehicle identification system.

"Automatic vehicle identification system" means an electronic vehicle identification system installed to work in conjunction with a toll collection device that automatically produces an electronic record of each vehicle equipped with an automatic vehicle identification device that uses a toll facility.

"Debt collection" means the collection of unpaid tolls and applicable administrative fees by (i) retention of a third-party debt collector or (ii) collection practices undertaken by employees of a toll facility operator that are materially similar to a third-party debt collector.

"Operator of a toll facility other than the Department of Transportation" means any agency, political subdivision, authority, or other entity that operates a toll facility.

"Owner" means the registered owner of a vehicle on record with the Department of Motor Vehicles or with the equivalent agency in another state. "Owner" does not include a vehicle rental or vehicle leasing company.

"Photo-monitoring system" means a vehicle sensor installed to work in conjunction with a toll collection device that automatically produces one or more photographs, one or more microphotographs, a videotape, or other recorded images of each vehicle at the time it is used or operated in violation of this section.

B. The operator of any toll facility or the locality within which such toll facility is located may install and operate or cause to be installed and operated a photo-monitoring system or automatic vehicle identification system, or both, at locations where tolls are collected for the use of such toll facility. The operator of a toll facility shall send an invoice or bill for unpaid tolls to the owner of a vehicle as part of an electronic or manual toll collection process pursuant to § 46.2-819.6 prior to seeking remedies under this section.

C. Information collected by a photo-monitoring system or automatic vehicle identification system installed and operated pursuant to subsection B shall be limited exclusively to that information that is necessary for the collection of unpaid tolls. Notwithstanding any other provision of law, all photographs, microphotographs, electronic images, or other data collected by a photo-monitoring system or automatic vehicle identification system shall be used exclusively for the collection of unpaid tolls and shall not (i) be open to the public; (ii) be sold and/or used for sales, solicitation, or marketing purposes; (iii) be disclosed to any other entity except as may be necessary for the collection of unpaid tolls or to a vehicle owner or operator as part of a challenge to the imposition of a toll; and (iv) be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation of this section or upon order from a court of competent jurisdiction. Information collected under this section shall be purged and not retained later than 30 days after the collection and reconciliation of any unpaid tolls, administrative fees, and/or civil penalties. Any entity operating a photo-monitoring system or automatic vehicle identification system shall annually certify compliance with this section and make all records pertaining to such system available for inspection and audit by the Commissioner of Highways or the Commissioner of the Department of Motor Vehicles or their designee. Any violation of this subsection shall constitute a Class 1 misdemeanor. In addition to any fines or other penalties provided for by law, any money or other thing of value obtained as a result of a violation of this section shall be forfeited to the Commonwealth.

The toll facility operator may impose and collect an administrative fee in addition to the unpaid toll so as to recover the expenses of collecting the unpaid toll, which administrative fee shall be reasonably related to the actual cost of collecting the unpaid toll and not exceed \$100 per violation. Such fee may be levied upon the operator of the vehicle after the first unpaid toll has been documented. The operator of the vehicle shall pay the unpaid toll and any administrative fee detailed in an invoice for the unpaid toll issued by a toll facility operator. If paid within 60 days of notification, the administrative fee shall not exceed \$25.

D. If the matter proceeds to court, the owner or operator of a vehicle shall be liable for a civil penalty as follows: for a first offense, \$50; for a second offense within one year from the first offense, \$100; for a third offense within two years from the second offense, \$250; and for a fourth and any subsequent offense within three years from the second offense, \$500 plus, in each case, the unpaid toll, all accrued administrative fees imposed by the toll facility operator, and applicable court costs if the vehicle is found, as evidenced by information obtained from a photo-monitoring system or automatic vehicle identification system as provided in this section, to have used such a toll facility without payment of the required toll.

E. Notwithstanding subsections C and D, for a first conviction of an operator or owner of a vehicle under this section, the total amount for the first conviction shall not exceed \$2,200, including civil penalties and administrative fees regardless of the total number of offenses the operator or owner of a vehicle is convicted of on that date.

F. No summons may be issued by a toll facility operator for a violation of this section unless the toll facility operator can demonstrate that (i) there was an attempt to collect the unpaid tolls and applicable administrative fees through debt collection not less than 30 days prior to issuance of the summons and (ii) 120 days have elapsed since the unpaid toll or, in a summons for multiple violations, 120 days have elapsed since the most recent unpaid toll noticed on the summons.

G. Any action under this section shall be brought in the general district court of the county or city in which the toll facility is located and shall be commenced within two years of the commission of the offense. Such action shall be considered a traffic infraction. The attorney for the Commonwealth may represent the interests of the toll facility operator. Any authorized agent or employee of a toll facility operator acting on behalf of a governmental entity shall be allowed the privileges accorded by § 16.1-88.03 in such cases.

H. Proof of a violation of this section shall be evidenced by information obtained from a photo-monitoring system or automatic vehicle identification system as provided in this section. A certificate, sworn to or affirmed by a technician employed or authorized by the operator of a toll facility or by the locality wherein the toll facility is located, or a facsimile of such a certificate, based on inspection of photographs, microphotographs, videotapes, or other recorded images produced by a photo-monitoring system, or of electronic data collected by an automatic vehicle identification system, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape, or other recorded images or electronic data evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for

such violation under this section. A record of communication by an automatic vehicle identification device with the automatic vehicle identification system at the time of a violation of this section shall be prima facie evidence that the automatic vehicle identification device was located in the vehicle registered to use such device in the records of the Department of Transportation.

I. On a form prescribed by the Supreme Court, a summons for a violation of this section may be executed as provided in § 19.2-76.2. A summons for a violation of this section may set forth multiple violations occurring within one jurisdiction. Notwithstanding the provisions of § 19.2-76, a summons for a violation of this section may be executed by mailing by first-class mail a copy thereof to the address of the owner or, if the owner has named and provided a valid address for the operator of the vehicle at the time of the violation in an affidavit executed pursuant to this subsection, such named operator of the vehicle. Such summons shall be signed either originally or by electronic signature. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3.

Upon a finding by a court of competent jurisdiction that the vehicle described in the summons issued pursuant to this subsection was in violation of this section, the court shall impose a civil penalty upon the owner or operator of such vehicle in accordance with the amounts specified in subsection D, together with applicable court costs, the operator's administrative fee, and the toll due. Penalties assessed as the result of action initiated by the Department of Transportation shall be remanded by the clerk of the court that adjudicated the action to the Department of Transportation's Toll Facilities Revolving Account. Penalties assessed as the result of action initiated by an operator of a toll facility other than the Department of Transportation shall be remanded by the clerk of the court that adjudicated the action to the treasurer or director of finance of the county or city in which the violation occurred for payment to the toll facility operator.

The owner of such vehicle shall be given reasonable notice by way of a summons as provided in this subsection that his vehicle had been used in violation of this section, and such owner shall be given notice of the time and place of the hearing as well as the civil penalty and costs for such offense. The toll facility operator may offer to the owner an option to pay the unpaid toll and fees plus a reduced civil penalty of \$25 for a first or second offense or \$50 for a third, fourth, or subsequent offense, as specified on the summons, provided the owner actually pays to the toll facility operator the entire amount so calculated at least 14 days prior to the hearing date specified on the summons. If the owner accepts such offer and such amount is actually received by the toll facility operator at least 14 days prior to the hearing date specified on the summons, the toll facility operator shall move the court at least five business days prior to the date set for trial to dismiss the summons issued to the owner of the vehicle, and the court shall dismiss upon such motion.

It shall be prima facie evidence that the vehicle described in the summons issued pursuant to this subsection was operated in violation of this section. Records obtained from the Department of Motor Vehicles pursuant to § 46.2-208 and certified in accordance with § 46.2-215 or from the equivalent agency in another state and certified as true and correct copies by the head of such agency or his designee identifying the owner of such vehicle shall give rise to a rebuttable presumption that the owner of the vehicle is the person named in the summons.

Upon either (i) the filing of an affidavit with the toll facility operator within 14 days of receipt of an invoice for an unpaid toll from the toll facility operator or (ii) the filing of an affidavit with the court at least 14 days prior to the hearing date by the owner of the vehicle stating that he was not the operator of the vehicle on the date of the violation and providing the legal name and address of the operator of the vehicle at the time of the violation, an invoice and/or summons, as appropriate, will also be issued to the alleged operator of the vehicle at the time of the offense.

In any action against a vehicle operator, an affidavit made by the owner providing the name and address of the vehicle operator at the time of the violation shall constitute prima facie evidence that the person named in the affidavit was operating the vehicle at all the relevant times relating to the matter named in the affidavit.

If the owner of the vehicle produces for the toll facility operator or the court a certified copy of a police report showing that the vehicle had been reported to the police as stolen prior to the time of the alleged offense and remained stolen at the time of the alleged offense, then the toll facility operator shall not pursue the owner for the unpaid toll and, if a summons has been issued, the court shall dismiss the summons issued to the owner of the vehicle.

J. Upon a finding by a court that a person has two or more unpaid tolls and such person fails to pay the required penalties, fees, and unpaid tolls, the court shall notify the Commissioner of the Department of Motor Vehicles, who shall refuse to issue or renew any vehicle registration certificate of any applicant or the license plate issued for the vehicle driven in the commission of the offense or, when the vehicle is registered in a state with which the Commonwealth has entered into an agreement to enforce tolling violations pursuant to § 46.2-819.9, who shall provide to the entity authorized to issue vehicle registration certificates or license plates in the state in which the vehicle is registered sufficient evidence of the court's finding to take action against the vehicle registration certificate or license plates in accordance with the terms of the agreement, until the court has notified the Commissioner that such penalties, fees, and unpaid tolls have been paid. Upon receipt of such notification from the court, the Commissioner of the Department of Motor Vehicles shall notify the state where the vehicle is registered of such payment. If it is proven that the vehicle owner was not the operator at the time of the offense and upon a finding by a court that the person identified in an affidavit pursuant to subsection I as the operator violated this section and such person fails to pay the required penalties, fees, and unpaid tolls, the court shall notify the Commissioner, who shall refuse to issue or renew any vehicle registration certificate of any applicant or the license plate issued for any vehicle owned or co-owned by such person or, when such vehicle is registered in a state with which the Commonwealth has entered into an agreement to enforce tolling violations pursuant to § 46.2-819.9, who shall provide to

the entity authorized to issue vehicle registration certificates or license plates in the state in which the vehicle is registered sufficient evidence of the court's finding to take action against the vehicle registration certificate or license plates in accordance with the terms of the agreement, until the court has notified the Commissioner that such penalties, fees, and unpaid tolls have been paid. Upon receipt of such notification from the court, the Commissioner of the Department of Motor Vehicles shall notify the state where the vehicle is registered of such payment. Such funds representing payment of unpaid tolls and all administrative fees of the toll facility operator shall be transferred from the court to the Department of Transportation's Toll Facilities Revolving Account or, in the case of an action initiated by an operator of a toll facility other than the Department of Transportation, to the treasurer or director of finance of the county or city in which the violation occurred for payment to the toll facility operator. The Commissioner shall collect a \$40 administrative fee from the owner or operator of the vehicle to defray the cost of processing and removing an order to deny registration or registration renewal.

K. Any vehicle rental or vehicle leasing company, if it receives an invoice or is named in a summons, shall be released as a party to the action if it provides the operator of the toll facility a copy of the vehicle rental agreement or lease or an affidavit identifying the renter or lessee within 30 days of receipt of the invoice or at least 14 days prior to the date of hearing set forth in the summons. Upon receipt of such rental agreement, lease, or affidavit, a notice shall be mailed to the renter or lessee identified therein. Release of this information shall not be deemed a violation of any provision of the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et seq.) or the Insurance Information and Privacy Protection Act (§ 38.2-600 et seq.). The toll facility operator shall allow at least 30 days from the date of such mailing before pursuing other remedies under this section. In any action against the vehicle operator, a copy of the vehicle rental agreement, lease, or affidavit identifying the renter or lessee of the vehicle at the time of the violation is prima facie evidence that the person named in the rental agreement, lease, or affidavit was operating the vehicle at all the relevant times relating to the matter named in the summons.

L. Imposition of a civil penalty pursuant to this section shall not be deemed a conviction as an operator and shall not be made part of the driving record of the person upon whom such civil penalty is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage. ~~The provisions of § 46.2-395 shall not be applicable to any civil penalty, fee, unpaid toll, fine, or cost imposed or ordered paid under this section for a violation of this section.~~

M. The operator of a toll facility may enter into an agreement with the Department of Motor Vehicles, in accordance with the provisions of subdivision B 21 of § 46.2-208, to obtain vehicle owner information regarding the owners of vehicles that fail to pay tolls required for the use of toll facilities and with the Department of Transportation to obtain any information that is necessary to conduct electronic toll collection. Such agreement may include any information that may be obtained by the Department of Motor Vehicles in accordance with any agreement entered into pursuant to § 46.2-819.9. Information provided to the operator of a toll facility shall only be used for the collection of unpaid tolls and the operator of the toll facility shall be subject to the same conditions and penalties regarding release of the information as contained in subsection C.

N. No person shall be subject to both the provisions of this section and to prosecution under § 46.2-819 for actions arising out of the same transaction or occurrence.

§ 46.2-819.3. Use of toll facility without payment of toll; enforcement; penalty.

A. For purposes of this section:

"Debt collection" means the collection of unpaid tolls and applicable administrative fees by (i) retention of a third-party debt collector or (ii) collection practices undertaken by employees of a toll facility operator that are materially similar to a third-party debt collector.

"Operator of a toll facility other than the Department of Transportation" means any agency, political subdivision, authority, or other entity that operates a toll facility.

"Owner" means the registered owner of a vehicle on record with the Department of Motor Vehicles or with the equivalent agency in another state. "Owner" does not include a vehicle rental or vehicle leasing company.

B. The toll facility operator may impose and collect an administrative fee in addition to the unpaid toll so as to recover the expenses of collecting the unpaid toll, which administrative fee shall be reasonably related to the actual cost of collecting the unpaid toll and not exceed \$100 per violation. Such fee shall not be levied on a first unpaid toll unless the written promise to pay executed pursuant to subsection F remains unpaid after 30 days. The person who executed the written promise to pay pursuant to subsection F shall pay the unpaid toll and any administrative fee detailed in an invoice or bill issued by a toll facility operator. If paid within 60 days of notification, the administrative fee shall not exceed \$25.

C. If the matter proceeds to court, the owner or operator of the vehicle shall be liable for a civil penalty as follows: for a first offense, \$50; for a second offense within one year from the first offense, \$100; for a third offense within two years from the second offense, \$250; and for a fourth and any subsequent offense within three years from the second offense, \$500 plus, in each case, the unpaid toll, all accrued administrative fees imposed by the toll facility operator and applicable court costs if the vehicle operator is found, as evidenced by information obtained from the toll facility operator, to have used such a toll facility without payment of the required toll.

D. Notwithstanding subsections B and C, for a first conviction of an operator or owner of a vehicle under this section, the total amount for the first conviction shall not exceed \$2,200, including civil penalties and administrative fees regardless of the total number of offenses the operator or owner of a vehicle is convicted of on that date.

E. No summons may be issued by a toll facility operator for a violation of this section unless the toll facility operator can demonstrate that (i) there was an attempt to collect the unpaid tolls and applicable administrative fees through debt

collection not less than 30 days prior to issuance of the summons and (ii) 120 days have elapsed since the unpaid toll or, in a summons for multiple violations, 120 days have elapsed since the most recent unpaid toll noticed on the summons.

F. A written promise to pay an unpaid toll within a specified period of time executed by the operator of a motor vehicle, accompanied by a certificate sworn to or affirmed by an authorized agent of the toll facility that the unpaid toll was not paid within such specified period, shall be prima facie evidence of the facts contained therein.

G. The operator of a toll facility shall send an invoice or bill to the owner of a motor vehicle using a toll facility without payment of the specified toll as part of an electronic or manual toll collection process pursuant to § 46.2-819.6, prior to seeking remedies under this section. Any action under this section shall be brought in the general district court of the county or city in which the toll facility is located and shall be commenced within two years of the commission of the offense. Such an action shall be considered a traffic infraction. The attorney for the Commonwealth may represent the interests of the toll facility operator. Any authorized agent or employee of a toll facility operator acting on behalf of a governmental entity shall be allowed the privileges accorded by § 16.1-88.03 in such cases.

H. Upon a finding by a court of competent jurisdiction that the operator of a motor vehicle identified in the summons issued pursuant to subsection J was in violation of this section, the court shall impose a civil penalty upon the operator of a motor vehicle in accordance with the amounts specified in subsection C, together with applicable court costs, the operator's administrative fee, and the toll due. Penalties assessed as the result of action initiated by the Department of Transportation shall be remanded by the clerk of the court that adjudicated the action to the Department of Transportation's Toll Facilities Revolving Account. Penalties assessed as the result of action initiated by an operator of a toll facility other than the Department of Transportation shall be remanded by the clerk of the court that adjudicated the action to the treasurer or director of finance of the county or city in which the violation occurred for payment to the toll facility operator.

I. The toll facility operator may offer to the owner an option to pay the unpaid toll and fees plus a reduced civil penalty of not more than \$25 for a first or second offense or not more than \$50 for a third, fourth, or subsequent offense, as specified on the summons, provided the owner actually pays to the toll facility operator the entire amount so calculated at least 14 days prior to the hearing date specified on the summons. If the owner accepts such offer and such amount is actually received by the toll facility operator at least 14 days prior to the hearing date specified on the summons, the toll facility operator shall move the court at least five business days prior to the date set for trial to dismiss the summons issued to the owner of the vehicle, and the court shall dismiss upon such motion.

J. A summons for a violation of this section may be executed as provided in § 19.2-76.2. A summons for a violation of this section may set forth multiple violations occurring within one jurisdiction. Notwithstanding the provisions of § 19.2-76, a summons for a violation of this section may be executed by mailing by first-class mail a copy thereof to the address of the operator of a motor vehicle as shown on the written promise to pay executed pursuant to subsection F or records of the Department of Motor Vehicles. Such summons shall be signed either originally or by electronic signature. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this subsection, the summons shall be executed in the manner set out in § 19.2-76.3.

K. Upon a finding by a court that a person has three or more unpaid tolls and such person fails to pay the required penalties, fees, and unpaid tolls, the court shall notify the Commissioner of the Department of Motor Vehicles, who shall refuse to issue or renew any vehicle registration certificate of any applicant or the license plate issued for any vehicle owned or co-owned by the offender or, when the vehicle is registered in a state with which the Commonwealth has entered into an agreement to enforce tolling violations pursuant to § 46.2-819.9, who shall provide to the entity authorized to issue vehicle registration certificates or license plates in the state in which the vehicle is registered sufficient evidence of the court's finding to take action against the vehicle registration certificate or license plates in accordance with the terms of the agreement. Upon receipt of such notification from the court, the Commissioner of the Department of Motor Vehicles shall notify the state where the vehicle is registered of such payment. The Commissioner shall collect a \$40 administrative fee from the owner or operator of the vehicle to defray the cost of processing and removing an order to deny registration or registration renewal.

L. Imposition of a civil penalty pursuant to this section shall not be deemed a conviction as an operator and shall not be made part of the driving record of the person upon whom such civil penalty is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage. ~~The provisions of § 46.2-395 shall not be applicable to any civil penalty, fee, unpaid toll, fine, or cost imposed or ordered paid under this section for a violation of this section.~~

M. No person shall be subject to both the provisions of this section and to prosecution under § 46.2-819 for actions arising out of the same transaction or occurrence.

§ 46.2-819.3:1. Installation and use of video-monitoring system and automatic vehicle identification system in conjunction with all-electronic toll facilities; penalty.

A. For purposes of this section:

"Automatic vehicle identification device" means an electronic device that communicates by wireless transmission with an automatic vehicle identification system.

"Automatic vehicle identification system" means an electronic vehicle identification system installed to work in conjunction with a toll collection device that automatically produces an electronic record of each vehicle equipped with an automatic vehicle identification device that uses a toll facility.

"Debt collection" means the collection of unpaid tolls and applicable administrative fees by (i) retention of a third-party debt collector or (ii) collection practices undertaken by employees of a toll facility operator that are materially similar to a third-party debt collector.

"Operator" means a person who was driving a vehicle that was the subject of a toll violation but who is not the owner of the vehicle.

"Operator of a toll facility other than the Department of Transportation" means any agency, political subdivision, authority, or other entity that operates a toll facility.

"Owner" means the registered owner of a vehicle on record with the Department of Motor Vehicles or with the equivalent agency in another state. "Owner" does not mean a vehicle rental or vehicle leasing company.

"Video-monitoring system" means a vehicle sensor installed to work in conjunction with a toll collection device that automatically produces one or more photographs, one or more microphotographs, a videotape, or other recorded images of each vehicle at the time it is used or operated in violation of this section.

B. The operator of any toll facility or the locality within which such toll facility is located may install and operate or cause to be installed and operated a video-monitoring system in conjunction with an automatic vehicle identification system on facilities for which tolls are collected for the use of such toll facility and that do not offer manual toll collection. A video-monitoring system shall include, but not be limited to, electronic systems that monitor and capture images of vehicles using a toll facility to enable toll collection for vehicles that do not pay using a toll collection device. The operator of a toll facility shall send an invoice for unpaid tolls in accordance with the requirements of § 46.2-819.6 to the owner of a vehicle as part of a video-monitoring toll collection process, prior to seeking remedies under this section.

C. Information collected by a video-monitoring system in conjunction with an automatic vehicle identification system installed and operated pursuant to subsection B shall be limited exclusively to that information that is necessary for the collection of unpaid tolls and establishing when violations occur, including use in any proceeding to determine whether a violation occurred. Notwithstanding any other provision of law, all images or other data collected by a video-monitoring system in conjunction with an automatic vehicle identification system shall be protected in a database with security comparable to that of the Department of Motor Vehicles' system and used exclusively for the collection of unpaid tolls and for efforts to pursue violators of this section and shall not (i) be open to the public; (ii) be sold and/or used for sales, solicitation, or marketing purposes other than those of the toll facility operator to facilitate toll payment; (iii) be disclosed to any other entity except as may be necessary for the collection of unpaid tolls or to a vehicle owner or operator as part of a challenge to the imposition of a toll; and/or (iv) be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation of this section or upon order from a court of competent jurisdiction. Except as provided above, information collected under this section shall be purged and not retained later than 30 days after the collection and reconciliation of any unpaid tolls, administrative fees, and/or civil penalties. Any entity operating a video-monitoring system in conjunction with an automatic vehicle identification system shall annually certify compliance with this section and make all records pertaining to such system available for inspection and audit by the Commissioner of Highways or the Commissioner of the Department of Motor Vehicles or their designee. Any violation of this subsection shall constitute a Class 1 misdemeanor. In addition to any fines or other penalties provided for by law, any money or other thing of value obtained as a result of a violation of this section shall be forfeited to the Commonwealth.

If a vehicle uses a toll facility without paying the toll, the owner or operator shall be in violation of this section if he refuses to pay the toll within 30 days of notification. The toll facility operator may impose and collect an administrative fee in addition to the unpaid toll so as to recover the expenses of collecting the unpaid toll, which administrative fee shall be reasonably related to the actual cost of collecting the unpaid toll and not exceed \$100 per violation. Such fee shall not be levied upon the owner or operator of the vehicle unless the toll has not been paid by the owner or operator within 30 days after receipt of the invoice for the unpaid toll, which nonpayment for 30 days shall constitute the violation of this section. Once such a violation has occurred, the owner or operator of the vehicle shall pay the unpaid tolls and any administrative fee detailed in the invoice for the unpaid toll issued by a toll facility operator. If paid within 60 days of the toll violation, the administrative fee shall not exceed \$25.

The toll facility operator may levy charges for the direct cost of use of and processing for a video-monitoring system and to cover the cost of the invoice, which are in addition to the toll and may not exceed double the amount of the base toll, provided that potential toll facility users are provided notice before entering the facility by conspicuous signs that clearly indicate that the toll for use of the facility could be tripled for any vehicle that does not have an active, functioning automatic vehicle identification device registered for and in use in the vehicle using the toll facility, and such signs are posted at a location where the operator can still choose to avoid the use of the toll facility if he chooses not to pay the toll.

A person receiving an invoice for an unpaid toll under this section may (a) pay the toll and administrative fees directly to the toll facility operator or (b) file with the toll facility operator a notice, on a form provided by the toll facility operator as required under subsection B of § 46.2-819.6, to contest liability for a toll violation. The notice to contest liability for a toll violation may be filed by any person receiving an invoice for an unpaid toll by mailing or delivering the notice to the toll facility operator within 60 days of receiving such invoice for an unpaid toll. Upon receipt of such notice, the toll facility operator may issue a summons pursuant to subsection I and may not seek withholding of registration or renewal thereof under subsection L until a court of competent jurisdiction has found the alleged violator liable for tolls under this section.

D. If the matter proceeds to court, the owner or operator of a vehicle shall be liable for a civil penalty as follows: for a first offense, \$50; for a second offense within one year from the first offense, \$100; for a third offense within two years from

the second offense, \$250; and for a fourth and any subsequent offense within three years from the second offense, \$500; plus, in each case, the unpaid toll, all accrued administrative fees imposed by the toll facility operator, and applicable court costs if the vehicle is found, as evidenced by information obtained from a video-monitoring system in conjunction with an automatic vehicle identification system as provided in this section, to have used such a toll facility without payment of the required toll within 30 days of receipt of the invoice for the toll.

E. Notwithstanding subsections C and D, for a first conviction of an operator or owner of a vehicle under this section the total amount for the first conviction shall not exceed \$2,200, including civil penalties and administrative fees regardless of the total number of offenses the operator or owner of a vehicle is convicted of on that date.

F. No summons may be issued by a toll facility operator for a violation of this section unless the toll facility operator can demonstrate that (i) there was an attempt to collect the unpaid tolls and applicable administrative fees through debt collection not less than 30 days prior to issuance of the summons and (ii) 120 days have elapsed since the unpaid toll or, in a summons for multiple violations, 120 days have elapsed since the most recent unpaid toll noticed on the summons.

G. Any action under this section shall be brought in the general district court of the county or city in which the toll facility is located and shall be commenced within two years of the commission of the offense. Such action shall be considered a traffic infraction. The attorney for the Commonwealth may represent the interests of the toll facility operator. Any authorized agent or employee of a toll facility operator acting on behalf of a governmental entity shall be allowed the privileges accorded by § 16.1-88.03 in such cases.

H. Proof of a violation of this section shall be evidenced by information obtained from a video-monitoring system or automatic vehicle identification system as provided in this section. A certificate, sworn to or affirmed by a technician employed or authorized by the operator of a toll facility or by the locality wherein the toll facility is located, or a facsimile of such a certificate, based on inspection of photographs, microphotographs, videotapes, or other recorded images produced by a video-monitoring system or of electronic data collected by an automatic vehicle identification system, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape, or other recorded images or electronic data evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation under this section. A record of communication by an automatic vehicle identification device with the automatic vehicle identification system at the time of a violation of this section shall be prima facie evidence that the automatic vehicle identification device was located in the vehicle registered to use such device in the records of the Department of Transportation.

I. On a form prescribed by the Supreme Court, a summons for a violation of this section may be executed as provided in § 19.2-76.2. A summons for a violation of this section may set forth multiple violations occurring within one jurisdiction. Notwithstanding the provisions of § 19.2-76, a summons for a violation of unpaid tolls may be executed by mailing by first-class mail a copy thereof to the address of the owner or, if the owner has named and provided a valid address for the operator of the vehicle at the time of the violation in an affidavit executed pursuant to subsection J, such named operator of the vehicle. Such summons shall be signed either originally or by electronic signature. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3.

J. Upon a finding by a court of competent jurisdiction that the vehicle described in the summons issued pursuant to subsection I was in violation of this section, the court shall impose a civil penalty upon the owner or operator of such vehicle in accordance with the amounts specified in subsection D, together with applicable court costs, the operator's administrative fee, and the toll due. Penalties assessed as the result of action initiated by the Department of Transportation shall be remanded by the clerk of the court that adjudicated the action to the Department of Transportation's Toll Facilities Revolving Account. Penalties assessed as the result of action initiated by an operator of a toll facility other than the Department of Transportation shall be remanded by the clerk of the court that adjudicated the action to the treasurer or director of finance of the county or city in which the violation occurred for payment to the toll facility operator.

The owner of such vehicle shall be given reasonable notice by way of a summons as provided in subsection I that his vehicle had been used in violation of this section, and such owner shall be given notice of the time and place of the hearing as well as the civil penalty and costs for such offense.

It shall be prima facie evidence that the vehicle described in the summons issued pursuant to subsection I was operated in violation of this section. Records obtained from the Department of Motor Vehicles pursuant to subsection P and certified in accordance with § 46.2-215 or from the equivalent agency in another state and certified as true and correct copies by the head of such agency or his designee identifying the owner of such vehicle shall give rise to a rebuttable presumption that the owner of the vehicle is the person named in the summons.

Upon the filing of an affidavit by the owner of the vehicle with the toll facility operator within 14 days of receipt of an invoice for unpaid toll or a summons stating that such owner was not the operator of the vehicle on the date of the violation and providing the legal name and address of the operator of the vehicle at the time of the violation, an invoice for unpaid toll or summons, whichever the case may be, will also be issued to the alleged operator of the vehicle at the time of the offense.

In any action against a vehicle operator, an affidavit made by the owner providing the name and address of the vehicle operator at the time of the violation shall constitute prima facie evidence that the person named in the affidavit was operating the vehicle at all the relevant times relating to the matter named in the affidavit.

If the owner of the vehicle produces for the toll facility operator or the court a certified copy of a police report showing that the vehicle had been reported to the police as stolen prior to the time of the alleged offense and remained stolen at the

time of the alleged offense, then the toll facility operator shall not pursue the owner for the unpaid toll contained in the invoice for unpaid toll or the court shall dismiss the summons issued to the owner of the vehicle.

K. Upon a finding by a court that a person has two or more unpaid tolls and such person fails to pay the required penalties, fees, and unpaid tolls, then the court or toll facility operator shall notify the Commissioner of the Department of Motor Vehicles, who shall refuse to issue or renew any vehicle registration certificate of any applicant or the license plate issued for the vehicle driven in the commission of the offense or, when the vehicle is registered in a state with which the Commonwealth has entered into an agreement to enforce tolling violations pursuant to § 46.2-819.9, who shall provide to the entity authorized to issue vehicle registration certificates or license plates in the state in which the vehicle is registered sufficient evidence of the court's finding to take action against the vehicle registration certificate or license plates in accordance with the terms of the agreement, until the court has notified the Commissioner that such penalties, fees, and unpaid tolls have been paid. Upon receipt of such notification from the court, the Commissioner of the Department of Motor Vehicles shall notify the state where the vehicle is registered of such payment. If it is proven that the vehicle owner was not the operator at the time of the offense and upon a finding by a court that the person identified in an affidavit pursuant to subsection J as the operator violated this section and such person fails to pay the required penalties, fees, and unpaid tolls, the court shall notify the Commissioner, who shall refuse to issue or renew any vehicle registration certificate of any applicant or the license plate issued for any vehicle owned or co-owned by such person or, when such vehicle is registered in a state with which the Commonwealth has entered into an agreement to enforce tolling violations pursuant to § 46.2-819.9, who shall provide to the entity authorized to issue vehicle registration certificates or license plates in the state in which the vehicle is registered sufficient evidence of the court's finding to take action against the vehicle registration certificate or license plates in accordance with the terms of the agreement, until the court has notified the Commissioner that such penalties, fees, and unpaid tolls have been paid. Upon receipt of such notification from the court, the Commissioner of the Department of Motor Vehicles shall notify the state where the vehicle is registered of such payment. Such funds representing payment of unpaid tolls and all administrative fees of the toll facility operator shall be transferred from the court to the Department of Transportation's Toll Facilities Revolving Account or, in the case of an action initiated by an operator of a toll facility other than the Department of Transportation, to the treasurer or director of finance of the county or city in which the violation occurred for payment to the toll facility operator. The Commissioner shall collect a \$40 administrative fee from the owner or operator of the vehicle to defray the cost of processing and removing an order to deny registration or registration renewal.

L. If an owner of a vehicle has received at least one invoice for two or more unpaid tolls in accordance with § 46.2-819.6 by certified mail and has (i) failed to pay the unpaid tolls and administrative fees and (ii) failed to file a notice to contest liability for a toll violation, then the toll facility operator may notify the Commissioner, who shall, if no form contesting liability has been timely filed with the toll facility operator pursuant to this section, refuse to issue or renew the vehicle registration certificate of any applicant therefor or the license plate issued for any vehicle driven in the commission of the offense until the toll facility operator has notified the Commissioner that such fees and unpaid tolls have been paid.

If the vehicle owner was not the operator at the time of the offense and the person identified in an affidavit pursuant to subsection J as the operator has received at least one invoice for two or more unpaid tolls in accordance with § 46.2-819.6 by certified mail and such person has (a) failed to pay the unpaid tolls and administrative fees and (b) failed to file a notice to contest liability for a toll violation, then the toll facility operator may notify the Commissioner, who shall, if no form contesting liability has been timely filed with the toll facility operator pursuant to this section, refuse to issue or renew any vehicle registration certificate of any applicant therefor or the license plate issued for any vehicle owned or co-owned by such person until the toll facility operator has notified the Commissioner that such fees and unpaid tolls have been paid.

The Commissioner may only refuse to issue or renew any vehicle registration pursuant to this subsection upon the request of a toll facility operator if such toll facility operator has entered into an agreement with the Commissioner whereby the Commissioner will refuse to issue or renew any vehicle registration of any applicant therefor who owes unpaid tolls and administrative fees to the toll facility operator. The toll facility operator seeking to collect unpaid tolls and administrative fees through the withholding of registration or renewal thereof by the Commissioner as provided for in this subsection shall notify the Commissioner in the manner provided for in his agreement with the Commissioner and supply to the Commissioner information necessary to identify the violator whose registration or renewal is to be denied. The Commissioner shall charge a \$40 fee to defray the cost of processing and withholding the registration or registration renewal, and the toll facility operator may add this fee to the amount of the unpaid tolls and administrative fees. Any agreement entered into pursuant to the provisions of this subsection shall provide for the Department to send the violator notice of the intent to deny renewal of registration at least 30 days prior to the expiration date of a current vehicle registration and such notice shall include a form, as required under subsection B of § 46.2-819.6, to contest liability of the underlying toll violation. The notice provided by the Commissioner shall include instructions for filing the form to contest liability with the toll facility operator within 21 days after the date of mailing of the Commissioner's notice. Upon timely receipt of the form, the toll facility operator shall notify the Commissioner, who shall refrain from withholding the registration or renewal thereof, after which the toll facility operator may proceed to issue a summons for unpaid toll. For the purposes of this subsection, notice by first-class mail to the registrant's address as maintained in the records of the Department shall be deemed sufficient.

M. Any vehicle rental or vehicle leasing company, if it receives an invoice for unpaid toll or is named in a summons, shall be released as a party to the action if it provides the operator of the toll facility a copy of the vehicle rental agreement

or lease or an affidavit identifying the renter or lessee within 30 days of receipt of the invoice or summons. Upon receipt of such rental agreement, lease, or affidavit, an invoice for unpaid toll shall be mailed to the renter or lessee identified therein. Release of this information shall not be deemed a violation of any provision of the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et seq.) or the Insurance Information and Privacy Protection Act (§ 38.2-600 et seq.). The toll facility operator shall allow at least 30 days from the date of such mailing before pursuing other remedies under this section. In any action against the vehicle operator, a copy of the vehicle rental agreement, lease, or affidavit identifying the renter or lessee of the vehicle at the time of the violation is prima facie evidence that the person named in the rental agreement, lease, or affidavit was operating the vehicle at all the relevant times relating to the matter named in the summons.

N. Imposition of a civil penalty pursuant to this section shall not be deemed a conviction as an operator and shall not be made part of the driving record of the person upon whom such civil penalty is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage. ~~The provisions of § 46.2-395 shall not be applicable to any civil penalty, fee, unpaid toll, fine, or cost imposed or ordered paid under this section for a violation of this section.~~

O. The toll facility operator may offer to the owner an option to pay the unpaid toll and fees plus a reduced civil penalty of \$25 for a first or second offense or \$50 for a third, fourth, or subsequent offense, as specified on the summons, provided the owner actually pays to the toll facility operator the entire amount so calculated at least 14 days prior to the hearing date specified on the summons. If the owner accepts such offer and such amount is actually received by the toll facility operator at least 14 days prior to the hearing date specified on the summons, the toll facility operator shall move the court at least five business days prior to the date set for trial to dismiss the summons issued to the owner of the vehicle, and the court shall dismiss upon such motion.

P. The operator of a toll facility may enter into an agreement with the Department, in accordance with the provisions of subdivision B 21 of § 46.2-208, to obtain vehicle owner information regarding the owners of vehicles that fail to pay tolls required for the use of toll facilities and with the Department of Transportation to obtain any information that is necessary to conduct electronic toll collection. Such agreement may include any information that may be obtained by the Department of Motor Vehicles in accordance with any agreement entered into pursuant to § 46.2-819.9. Information provided to the operator of a toll facility shall be used only for the collection of unpaid tolls, and the operator of the toll facility shall be subject to the same conditions and penalties regarding release of the information as contained in subsection C.

Q. No person shall be subject to both the provisions of this section and to prosecution under § 46.2-819 for actions arising out of the same transaction or occurrence.

§ 46.2-819.5. Enforcement through use of photo-monitoring system or automatic vehicle identification system in conjunction with usage of Dulles Access Highway.

A. A photo-monitoring system or automatic vehicle identification system established at locations along the Dulles Access Highway, in order to identify vehicles that are using the Dulles Access Highway in violation of the Metropolitan Washington Airports Authority (Authority) regulation regarding usage, which makes violations of the regulation subject to civil penalties, shall be administered in accordance with this section. The civil penalties for violations of such regulation may not exceed the following: \$50 for the first violation; \$100 for a second violation within one year from the first violation; \$250 for a third violation within two years from the second violation; and \$500 for a fourth and any subsequent violation within three years from the second violation. In the event a violation of the Authority regulation is identified via the photo-monitoring system or automatic vehicle identification system, the operator of the Dulles Access Highway shall send a notice of the violation, of the applicable civil penalty and of any administrative fee calculated in accordance with subsection C to the registered owner of the vehicle identified by the system prior to seeking further remedies under this section. Upon receipt of the notice, the registered owner of the vehicle may elect to avoid any action by the operator to enforce the violation in court by waiving his right to a court hearing, pleading guilty to the violation, and paying a reduced civil penalty along with any applicable administrative fee to the operator. Should the recipient of the notice make such an election, the amount of the reduced civil penalty shall be as follows: \$30 for the first violation; \$50 for a second violation within one year from the first violation; \$125 for a third violation within two years from the second violation; and \$250 for a fourth and any subsequent violations within three years from the second violation.

B. Information collected by the photo-monitoring system or automatic vehicle identification system referenced in subsection A shall be limited exclusively to that information that is necessary for identifying those drivers who improperly use the Dulles Access Highway in violation of the Authority regulation. Notwithstanding any other provision of law, all photographs, microphotographs, electronic images, or other data collected by a photo-monitoring system or automatic vehicle identification system shall be used exclusively for the identification of violators and shall not (i) be open to the public; (ii) be sold or used for sales, solicitation, or marketing purposes; (iii) be disclosed to any other entity except as may be necessary for the identification of violators or to a vehicle owner or operator as part of a challenge to the imposition of a civil penalty; or (iv) be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation of the Authority regulation governing usage of the Dulles Access Highway or upon order from a court of competent jurisdiction. Information collected by the system shall be protected in a database with security comparable to that of the Department of Motor Vehicles' system, and be purged and not retained later than 30 days after the collection and reconciliation of any civil penalties and administrative fees. The operator of the Dulles Access Highway shall annually certify compliance with this subsection and make all records pertaining to such system available for inspection and audit by the Commissioner of Highways or the Commissioner of the Department of Motor Vehicles or their designee. Any violation

of this subsection shall constitute a Class 1 misdemeanor. In addition to any fines or other penalties provided for by law, any money or other thing of value obtained as a result of a violation of this subsection shall be forfeited to the Commonwealth.

C. The operator of the Dulles Access Highway may impose and collect an administrative fee, in addition to the civil penalty established by regulation, so as to recover the expenses of collecting the civil penalty, which administrative fee shall be reasonably related to the actual cost of collecting the civil penalty and shall not exceed \$100 per violation. Such fee shall not be levied upon the operator of the vehicle until a second violation has been documented within 12 months of an initial violation, in which case the fee shall apply to such second violation and to any additional violation occurring thereafter. If the recipient of the notice referenced in subsection A makes the election provided by that subsection, the administrative fee shall not exceed \$25.

D. If the election provided for in subsection A is not made, the operator of the Dulles Access Highway may proceed to enforce the violation in court. If the matter proceeds to court, the registered owner or operator of a vehicle shall be liable for the civil penalty set out in the Authority regulation governing usage of the Dulles Access Highway, any applicable administrative fees calculated in accordance with subsection C and applicable court costs if the vehicle is found, as evidenced by information obtained from a photo-monitoring system or automatic vehicle identification system as provided in this section, to have used the Dulles Access Highway in violation of the Authority regulation; provided, that the civil penalty may not exceed the amount of the penalty identified in subsection A.

E. Any action under this section shall be brought in the General District Court of the county in which the violation occurred.

F. Proof of a violation of the Authority regulation governing the use of the Dulles Access Highway shall be evidenced by information obtained from the photo-monitoring system or automatic vehicle identification system referenced in subsection A. A certificate, sworn to or affirmed by a technician employed or authorized by the operator of the Dulles Access Highway, or a facsimile of such a certificate, that is based on inspection of photographs, microphotographs, videotapes, or other recorded images or electronic data produced by the photo-monitoring system shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape, or other recorded images or electronic data evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation under this section.

G. A summons issued under this section, which describes a vehicle that, on the basis of a certificate referenced in subsection F, is alleged to have been operated in violation of the Authority regulation governing usage of the Dulles Access Highway, shall be prima facie evidence that such vehicle was operated in violation of the Authority regulation.

H. Upon a finding by a court that the vehicle described in the summons issued under this section was in violation of the Authority regulation, the court shall impose a civil penalty upon the registered owner or operator of such vehicle in accordance with the penalty amounts specified in subsection D, together with any applicable court costs and applicable administrative fees calculated in accordance with subsection C. Civil penalties and administrative fees assessed as a result of an action initiated under this section and collected by the court shall be remanded by the clerk of the court that adjudicated the action to the treasurer or director of finance of the county or city in which the violation occurred for payment to the operator of the Dulles Access Highway.

The registered owner of a vehicle shall be given reasonable notice of an enforcement action in court by way of a summons that informs the owner that his vehicle has been used in violation of the Authority regulation governing the use of the Dulles Access Highway and of the time and place of the court hearing, as well as of the civil penalty and court costs for the violation. Upon the filing of an affidavit with the court at least 14 days prior to the hearing date by the registered owner of the vehicle stating that he was not the driver of the vehicle on the date of the violation and providing the legal name and address of the operator of the vehicle at the time of the violation, a summons shall be issued to such alleged operator of the vehicle.

In any action against such a vehicle operator, an affidavit made by the registered owner providing the name and address of the vehicle operator at the time of the violation shall constitute prima facie evidence that the person named in the affidavit was operating the vehicle at all the relevant times relating to the matter addressed in the affidavit.

If the registered owner of the vehicle produces a certified copy of a police report showing that the vehicle had been reported to the police as stolen prior to the time of the alleged offense and remained stolen at the time of the alleged offense, then the court shall dismiss the summons issued to the registered owner of the vehicle.

I. Upon a finding by a court that a person has three or more violations of the Authority regulation governing the use of the Dulles Access Highway and has failed to pay the required civil penalties, administrative fees and court costs into the court, the court shall notify the Commissioner of the Department of Motor Vehicles, who shall refuse to issue or renew any vehicle registration certificate to or for such person or the license plate for the vehicle owned by such person until the court has notified the Commissioner that such civil penalties, fees, and costs have been paid. The Commissioner shall collect a \$40 administrative fee from such person to defray the cost of responding to court notices given pursuant to this subsection.

J. For purposes of this section, "operator of the Dulles Access Highway" means the Metropolitan Washington Airports Authority; "owner" means the registered owner of a vehicle on record with the Department of Motor Vehicles; "photo-monitoring system" means equipment that produces one or more photographs, microphotographs, videotapes, or other recorded images of vehicles at the time they are used or operated in violation of the Authority regulation governing the use of the Dulles Access Highway; "automatic vehicle identification system" means an electronic vehicle identification system that automatically produces an electronic record of each vehicle equipped with an automatic vehicle identification

device that uses monitored portions of the Dulles Access Highway; and "automatic vehicle identification device" means an electronic device that communicates by wireless transmission with an automatic vehicle identification system.

K. Any vehicle rental or vehicle leasing company, if named in a summons, shall be released as a party to the action if it provides the operator of the Dulles Access Highway with a copy of the vehicle rental agreement or lease, or an affidavit that identifies the renter or lessee, prior to the date of hearing set forth in the summons. Upon receipt of such rental agreement, lease, or affidavit, a summons shall be issued to such renter or lessee. Release of this information shall not be deemed a violation of any provision of the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et seq.) or the Insurance Information and Privacy Protection Act (§ 38.2-600 et seq.). In any action against the renter or lessee, a copy of the vehicle rental agreement, lease, or affidavit identifying the renter or lessee of the vehicle at the time of the violation shall be prima facie evidence that the person named in the rental agreement, lease, or affidavit was operating the vehicle at all the relevant times relating to the matter named in the summons.

L. Imposition of a civil penalty pursuant to this section shall not be deemed a conviction as an operator and shall not be made a part of the driving record of the person upon whom such civil penalty is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage. ~~The provisions of § 46.2-395 shall not be applicable to any civil penalty, administrative fee, or cost imposed or ordered paid under this section.~~

M. On a form prescribed by the Supreme Court, a summons for a violation of the Authority regulation governing the use of the Dulles Access Highway may be executed pursuant to § 19.2-76.2. The operator of the Dulles Access Highway or its personnel or agents mailing such summons shall be considered conservators of the peace for the sole and limited purpose of mailing such summons. Pursuant to § 19.2-76.2, the summons for a violation of the Authority regulation governing usage of the Dulles Access Highway may be executed by mailing by first-class mail a copy thereof to the address of the owner of the vehicle as shown on the records of the Department of Motor Vehicles or, if the registered owner or rental or leasing company has named and provided a valid address for the operator of the vehicle at the time of the violation as provided in this section, to the address of such named operator of the vehicle. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3.

N. The operator of the Dulles Access Highway may enter into an agreement with the Department of Motor Vehicles, in accordance with the provisions of subdivision B 21 of § 46.2-208, to obtain vehicle owner information regarding the registered owners of vehicles that improperly use the Dulles Access Highway. Information provided to the operator of the Dulles Access Highway shall only be used in the enforcement of the Authority regulation governing use of the Dulles Access Highway, and the operator shall be subject to the same conditions and penalties regarding release of the information as contained in subsection B.

O. Should other vehicle recognition technology become available that is appropriate to be used for the purpose of monitoring improper usage of the Dulles Access Highway, the operator of the Dulles Access Highway shall be permitted to use any such technology that has been approved for use by the Virginia State Police, the Commonwealth of Virginia, or any of its localities.

P. All civil penalties paid to the operator of the Dulles Access Highway pursuant to this section shall be used by the operator of the Dulles Access Highway only for the operation and improvement of the Dulles Corridor, including the Dulles Toll Road.

§ 46.2-940. When arresting officer shall take person before issuing authority.

If any person is: (i) believed by the arresting officer to have committed a felony; (ii) believed by the arresting officer to be likely to disregard a summons issued under § 46.2-936; or (iii) refuses to give a written promise to appear under the provisions of § 46.2-936 ~~or § 46.2-945~~, the arresting officer shall promptly take him before a magistrate or other issuing authority having jurisdiction and proceed in accordance with the provisions of § 19.2-82. The magistrate or other authority may issue either a summons or warrant as he shall determine proper.

§ 46.2-1200.1. Abandoning motor vehicles prohibited; penalty.

No person shall cause any motor vehicle to become an abandoned motor vehicle as defined in § 46.2-1200. In any prosecution for a violation of this section, proof that the defendant was, at the time that the vehicle was found abandoned, the owner of the vehicle shall constitute in evidence a rebuttable presumption that the owner was the person who committed the violation. Such presumption, however, shall not arise if the owner of the vehicle provided notice to the Department, as provided in § 46.2-604, that he had sold or otherwise transferred the ownership of the vehicle.

A summons for a violation of this section shall be executed by mailing a copy of the summons by first-class mail to the address of the owner of the vehicle as shown on the records of the Department of Motor Vehicles. If the person fails to appear on the date of return set out in the summons, a new summons shall be issued and delivered to the sheriff of the county, city, or town for service on the accused personally. If the person so served then fails to appear on the date of return set out in the summons, proceedings for contempt shall be instituted.

Any person convicted of a violation of this section shall be subject to a civil penalty of no more than \$500. ~~If any person fails to pay any such penalty, his privilege to drive a motor vehicle on the highways of the Commonwealth shall be suspended as provided in § 46.2-395.~~

All penalties collected under this section shall be paid into the state treasury to be credited to the Literary Fund as provided in § 46.2-114.

2. That § 46.2-395 and Article 18 (§§ 46.2-944.1 through 46.2-947) of Chapter 8 of Title 46.2 of the Code of Virginia are repealed.

3. That the Commissioner of the Department of Motor Vehicles shall reinstate a person's privilege to drive a motor vehicle that was suspended prior to July 1, 2019, solely pursuant to § 46.2-395 of the Code of Virginia and shall waive all fees relating to reinstating such person's driving privileges. Nothing in this act shall require the Commissioner to reinstate a person's driving privileges if such privileges have been otherwise lawfully suspended or revoked or if such person is otherwise ineligible for a driver's license.

CHAPTER 966

An Act to amend and reenact §§ 58.1-439.12:03 and 58.1-609.6 of the Code of Virginia, relating to motion picture production tax credit; media-related exemptions.

[H 1318]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 58.1-439.12:03 and 58.1-609.6 of the Code of Virginia are amended and reenacted as follows:

§ 58.1-439.12:03. Motion picture production tax credit.

A. For taxable years beginning on and after January 1, 2011, but prior to January 1, ~~2022~~ 2027, any motion picture production company with qualifying expenses of at least \$250,000 with respect to a motion picture production filmed in Virginia shall be allowed a refundable credit against the taxes imposed by § 58.1-320 or 58.1-400 in an amount equal to 15 percent of the production company's qualifying expenses or 20 percent of such expenses if the production is filmed in an economically distressed area of the Commonwealth. The Virginia Economic Development Partnership Authority shall designate which areas of the Commonwealth are deemed to be economically distressed areas. The credit shall be computed based on all of the taxpayer's qualifying expenses incurred with respect to the production, not just the qualifying expenses incurred during the taxable year. The refundable tax credits allowed under this section are for one tax year only. Where a motion picture production continues for more than one year, a separate application for each tax year the production continues must be made. The grant of a refundable tax credit for a motion picture film production does not create a presumption that the production will receive a refundable tax credit for subsequent tax years. Effective on January 1, 2013, for purposes of eligibility for refundable tax credits, a motion picture film production shall include digital interactive media production.

"Qualifying expenses" means the sum of the following amounts spent in the Commonwealth by a production company in connection with the production of a motion picture filmed in the Commonwealth:

1. Goods and services leased or purchased. For goods with a purchase price of \$25,000 or more, the amount included in qualifying expenses is the purchase price less the fair market value of the good at the time the production is completed.

2. Compensation and wages, except in the case of each individual who directly or indirectly receives compensation in excess of \$1 million for personal services with respect to a single production. In such a case, only the first \$1 million of salary shall be considered a qualifying expense. An individual is deemed to receive compensation indirectly when a production company pays a personal service company or an employee leasing company that pays the individual.

B. 1. In addition to the refundable credit authorized under subsection A, such production company shall be allowed an additional refundable credit equal to 10 percent of the total aggregate payroll for Virginia residents employed in connection with the production of a film in the Commonwealth when total production costs in the Commonwealth are at least \$250,000 but not more than \$1 million. This additional credit shall be equal to 20 percent of the total aggregate payroll for Virginia residents employed in connection with such production when total production costs in the Commonwealth exceed \$1 million.

2. In addition to the credits authorized under subsection A and subdivision B 1, such production company shall be allowed an additional refundable credit equal to 10 percent of the total aggregate payroll for Virginia residents employed for the first time as actors or members of a production crew in connection with the production of a film in the Commonwealth.

C. 1. For purposes of this section, in the case of an episodic television series, an entire season of episodes shall be deemed to be one production.

2. No credit shall be allowed under this section for any production that (i) is political advertising, (ii) is a television production of a news program or live sporting event, (iii) contains obscene material, or (iv) is a reality television production.

D. 1. The issuance of refundable tax credits under this section shall be in accordance with procedures, qualifying criteria, and deadlines established by the Department and the ~~Virginia Film Office~~ Virginia Tourism Authority. The qualifying criteria established by the ~~Virginia Film Office~~ Virginia Tourism Authority shall take into account whether the production involves physical production within the Commonwealth of Virginia, the number of residents of Virginia that will be employed in the production and the level of compensation they will be paid, the extent to which the production will contribute to the support and expansion of existing production companies in Virginia, the extent to which the production will impact existing local businesses and the local economy, the extent to which the production will involve existing and new companies located in Virginia, and other relevant considerations. The taxpayer shall apply for a credit by submitting such forms as prescribed by the ~~Virginia Film Office~~ Virginia Tourism Authority, prior to the start of production in Virginia.

2. Any taxpayer seeking credits under this section must enter into a memorandum of understanding with the ~~Virginia Film Office~~ *Virginia Tourism Authority* that at a minimum provides the requirements that the taxpayer must meet in order to receive the credits, including but not limited to the estimated amount of money to be spent in Virginia, the timeline for completing production in Virginia, and the maximum amount of credits allocated to the taxpayer.

3. Once the taxpayer has satisfied all of the requirements in the memorandum of understanding to the satisfaction of the ~~Virginia Film Office~~ *Virginia Tourism Authority* and completed production in Virginia, ~~the taxpayer may claim the applicable amount of credits up to the amount that has been allocated by the Virginia Film Office on a~~ *the Virginia Tourism Authority shall certify the final tax credit amount to the taxpayer and to the Tax Commissioner. In addition, such certificate shall specify the fiscal year in which such tax credit may be refunded by the Department of Taxation. The tax return filed for the taxable year in which the Virginia production activities are completed shall contain information specifying the amount of tax credit and shall specify the fiscal year in which such tax credit may be refunded.* The return must state the name of the production, provide a description of the production, and include a detailed accounting of the qualifying expenses with respect to which a credit is claimed.

4. *The Virginia Tourism Authority shall report to the Tax Commissioner on an annual basis the amount of tax credits that have been authorized for each fiscal year and the amount of tax credits that may be claimed for the current fiscal year by each taxpayer.*

5. *No interest shall be paid pursuant to § 58.1-1833 on any tax credit issued by the Department under this section.*

E. A taxpayer allowed a credit under this section must maintain and make available for inspection any information or records required by the Tax Commissioner. The taxpayer has the burden of proving eligibility for a credit and the amount of the credit. The Tax Commissioner shall consult with the ~~Virginia Film Office~~ *Virginia Tourism Authority* in order to determine the amount of qualifying expenses.

F. For purposes of this section, the amount of any credit attributable to a partnership, electing small business corporation (S corporation), or limited liability company may be allocated to the individual partners, shareholders, or members, respectively, in proportion to their ownership or interest in such business entities.

G. The total amount of credits allocated to all taxpayers under this section shall not exceed \$2.5 million in the 2010-2012 biennium, \$5 million in the 2012-2014 biennium, and \$6.5 million in fiscal year 2015 and each fiscal year thereafter.

H. The Department of Taxation, in consultation with the ~~Virginia Film Office~~ *Virginia Tourism Authority*, must publish by November 1 of each year for the 12-month period ending the preceding December 31 the following information:

1. Location of sites used in a production for which a credit was claimed;
2. Qualifying expenses for which a credit was claimed, classified by whether the expenses were for goods, services, or compensation paid by the production company;
3. Number of people employed in the Commonwealth with respect to credits claimed; and
4. Total cost to the Commonwealth's general fund of the credits claimed.

Notwithstanding any provision of § 58.1-3 or any other law, such information shall be published by the Department, even if such information is not classified, so as to prevent the identification of particular taxpayers, reports, or returns and items.

I. The Tax Commissioner shall develop guidelines implementing the provisions of this section, including but not limited to the definition of "qualifying expenses" and setting forth the recordkeeping requirements applicable to production companies claiming this credit. Such guidelines shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq.).

§ 58.1-609.6. Media-related exemptions.

CHAPTER 967

An Act to amend and reenact §§ 58.1-439.12:03 and 58.1-609.6 of the Code of Virginia, relating to motion picture production tax credit; media-related exemptions.

[S 923]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 58.1-439.12:03 and 58.1-609.6 of the Code of Virginia are amended and reenacted as follows:

§ 58.1-439.12:03. Motion picture production tax credit.

A. For taxable years beginning on and after January 1, 2011, but prior to January 1, ~~2022~~ 2027, any motion picture production company with qualifying expenses of at least \$250,000 with respect to a motion picture production filmed in Virginia shall be allowed a refundable credit against the taxes imposed by § 58.1-320 or 58.1-400 in an amount equal to 15 percent of the production company's qualifying expenses or 20 percent of such expenses if the production is filmed in an economically distressed area of the Commonwealth. The Virginia Economic Development Partnership Authority shall designate which areas of the Commonwealth are deemed to be economically distressed areas. The credit shall be computed based on all of the taxpayer's qualifying expenses incurred with respect to the production, not just the qualifying expenses incurred during the taxable year. The refundable tax credits allowed under this section are for one tax year only. Where a motion picture production continues for more than one year, a separate application for each tax year the production continues must be made. The grant of a refundable tax credit for a motion picture film production does not create a presumption that the production will receive a refundable tax credit for subsequent tax years. Effective on January 1, 2013, for purposes of eligibility for refundable tax credits, a motion picture film production shall include digital interactive media production.

"Qualifying expenses" means the sum of the following amounts spent in the Commonwealth by a production company in connection with the production of a motion picture filmed in the Commonwealth:

1. Goods and services leased or purchased. For goods with a purchase price of \$25,000 or more, the amount included in qualifying expenses is the purchase price less the fair market value of the good at the time the production is completed.

2. Compensation and wages, except in the case of each individual who directly or indirectly receives compensation in excess of \$1 million for personal services with respect to a single production. In such a case, only the first \$1 million of salary shall be considered a qualifying expense. An individual is deemed to receive compensation indirectly when a production company pays a personal service company or an employee leasing company that pays the individual.

B. 1. In addition to the refundable credit authorized under subsection A, such production company shall be allowed an additional refundable credit equal to 10 percent of the total aggregate payroll for Virginia residents employed in connection with the production of a film in the Commonwealth when total production costs in the Commonwealth are at least \$250,000 but not more than \$1 million. This additional credit shall be equal to 20 percent of the total aggregate payroll for Virginia

residents employed in connection with such production when total production costs in the Commonwealth exceed \$1 million.

2. In addition to the credits authorized under subsection A and subdivision B 1, such production company shall be allowed an additional refundable credit equal to 10 percent of the total aggregate payroll for Virginia residents employed for the first time as actors or members of a production crew in connection with the production of a film in the Commonwealth.

C. 1. For purposes of this section, in the case of an episodic television series, an entire season of episodes shall be deemed to be one production.

2. No credit shall be allowed under this section for any production that (i) is political advertising, (ii) is a television production of a news program or live sporting event, (iii) contains obscene material, or (iv) is a reality television production.

D. 1. The issuance of refundable tax credits under this section shall be in accordance with procedures, qualifying criteria, and deadlines established by the Department and the ~~Virginia Film Office~~ *Virginia Tourism Authority*. The qualifying criteria established by the ~~Virginia Film Office~~ *Virginia Tourism Authority* shall take into account whether the production involves physical production within the Commonwealth of Virginia, the number of residents of Virginia that will be employed in the production and the level of compensation they will be paid, the extent to which the production will contribute to the support and expansion of existing production companies in Virginia, the extent to which the production will impact existing local businesses and the local economy, the extent to which the production will involve existing and new companies located in Virginia, and other relevant considerations. The taxpayer shall apply for a credit by submitting such forms as prescribed by the ~~Virginia Film Office~~ *Virginia Tourism Authority*, prior to the start of production in Virginia.

2. Any taxpayer seeking credits under this section must enter into a memorandum of understanding with the ~~Virginia Film Office~~ *Virginia Tourism Authority* that at a minimum provides the requirements that the taxpayer must meet in order to receive the credits, including but not limited to the estimated amount of money to be spent in Virginia, the timeline for completing production in Virginia, and the maximum amount of credits allocated to the taxpayer.

3. Once the taxpayer has satisfied all of the requirements in the memorandum of understanding to the satisfaction of the ~~Virginia Film Office~~ *Virginia Tourism Authority* and completed production in Virginia, ~~the taxpayer may claim the applicable amount of credits up to the amount that has been allocated by the Virginia Film Office on a~~ *the Virginia Tourism Authority shall certify the final tax credit amount to the taxpayer and to the Tax Commissioner. In addition, such certificate shall specify the fiscal year in which such tax credit may be refunded by the Department of Taxation. The tax return filed for the taxable year in which the Virginia production activities are completed shall contain information specifying the amount of tax credit and shall specify the fiscal year in which such tax credit may be refunded.* The return must state the name of the production, provide a description of the production, and include a detailed accounting of the qualifying expenses with respect to which a credit is claimed.

4. *The Virginia Tourism Authority shall report to the Tax Commissioner on an annual basis the amount of tax credits that have been authorized for each fiscal year and the amount of tax credits that may be claimed for the current fiscal year by each taxpayer.*

5. *No interest shall be paid pursuant to § 58.1-1833 on any tax credit issued by the Department under this section.*

E. A taxpayer allowed a credit under this section must maintain and make available for inspection any information or records required by the Tax Commissioner. The taxpayer has the burden of proving eligibility for a credit and the amount of the credit. The Tax Commissioner shall consult with the ~~Virginia Film Office~~ *Virginia Tourism Authority* in order to determine the amount of qualifying expenses.

F. For purposes of this section, the amount of any credit attributable to a partnership, electing small business corporation (S corporation), or limited liability company may be allocated to the individual partners, shareholders, or members, respectively, in proportion to their ownership or interest in such business entities.

G. The total amount of credits allocated to all taxpayers under this section shall not exceed \$2.5 million in the 2010-2012 biennium, \$5 million in the 2012-2014 biennium, and \$6.5 million in fiscal year 2015 and each fiscal year thereafter.

H. The Department of Taxation, in consultation with the ~~Virginia Film Office~~ *Virginia Tourism Authority*, must publish by November 1 of each year for the 12-month period ending the preceding December 31 the following information:

1. Location of sites used in a production for which a credit was claimed;
2. Qualifying expenses for which a credit was claimed, classified by whether the expenses were for goods, services, or compensation paid by the production company;
3. Number of people employed in the Commonwealth with respect to credits claimed; and
4. Total cost to the Commonwealth's general fund of the credits claimed.

Notwithstanding any provision of § 58.1-3 or any other law, such information shall be published by the Department, even if such information is not classified, so as to prevent the identification of particular taxpayers, reports, or returns and items.

I. The Tax Commissioner shall develop guidelines implementing the provisions of this section, including but not limited to the definition of "qualifying expenses" and setting forth the recordkeeping requirements applicable to production companies claiming this credit. Such guidelines shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq.).

§ 58.1-609.6. Media-related exemptions.

The tax imposed by this chapter or pursuant to the authority granted in §§ 58.1-605 and 58.1-606 shall not apply to the following:

As used in this subdivision, "administrative supplies" includes, but is not limited to, letterhead, envelopes, and other stationery; and invoices, billing forms, payroll forms, price lists, time cards, computer cards, and similar supplies. Notwithstanding the provisions of subdivision 5 or the definition of "advertising" contained in § 58.1-602, (i) any advertising business located outside the Commonwealth which purchases printing from a printer within the Commonwealth shall not be deemed the user or consumer of the printed materials when such purchases would have been exempt under this subdivision, and (ii) from July 1, 1995, through June 30, 2002, and beginning July 1, 2002, and ending July 1, 2022, any advertising business which purchases printing from a printer within the Commonwealth shall not be deemed the user or consumer of the printed materials when such purchases would have been exempt under subdivision 3 or this subdivision, provided that the advertising agency shall certify to the Tax Commissioner, upon request, that such printed material was distributed outside the Commonwealth and such certification shall be retained as a part of the transaction record and shall be subject to further review by the Tax Commissioner.

CHAPTER 968

An Act to amend and reenact § 51.1-155 of the Code of Virginia, relating to Virginia Retirement System; retired law-enforcement officers employed as school security officers.

[H 1495]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 51.1-155 of the Code of Virginia is amended and reenacted as follows:

§ 51.1-155. Service retirement allowance.

A. Retirement allowance. — A member shall receive an annual retirement allowance, payable for life, as follows:

1. Normal retirement. — The allowance shall equal 1.70 percent of his average final compensation multiplied by the amount of his creditable service. Notwithstanding the foregoing, for a member who (i) is a person who becomes a member on or after July 1, 2010, or (ii) does not have at least 60 months of creditable service as of January 1, 2013, the allowance shall equal the sum of (a) 1.65 percent of his average final compensation multiplied by the amount of his creditable service performed or purchased on or after January 1, 2013, and (b) 1.70 percent of his average final compensation multiplied by the amount of all other creditable service.

2. Early retirement; applicable to teachers, state employees, and certain others. — The allowance shall be determined in the same manner as for normal retirement with creditable service and average final compensation being determined as of the date of actual retirement. If the member has less than 30 years of service at retirement, the amount of the retirement allowance shall be reduced on an actuarial equivalent basis for the period by which the actual retirement date precedes the earlier of (i) his normal retirement date or (ii) the first date on which he would have completed a total of 30 years of creditable service. The provisions of this subdivision shall apply to teachers and state employees. These provisions shall also apply to employees of any political subdivision that participates in the retirement system if the political subdivision makes the election provided in subdivision 3.

3. Early retirement; applicable to employees of certain political subdivisions, any person who becomes a member on or after July 1, 2010, and any member who does not have at least 60 months of creditable service as of January 1, 2013. — The allowance shall be determined in the same manner as for normal retirement with creditable service and average final compensation being determined as of the date of actual retirement. If the creditable service of the member equals 30 or more years but the sum of his age at retirement plus his creditable service at retirement is less than 90, the amount of the retirement allowance shall be reduced on an actuarial equivalent basis for the period by which the actual retirement date precedes the earlier of (i) his normal retirement date or (ii) the first date on which the sum of his then attained age plus his then creditable service would have been equal to 90 or more had he remained in service until such date. If the member has less than 30 years of creditable service, the retirement allowance shall be reduced for the period by which the actual retirement date precedes the earlier of (i) his normal retirement date or (ii) the first date on which he would have completed a total of at least 30 years of creditable service and his then creditable service plus his then attained age would have been equal to 90 or more.

The provisions of this subdivision shall apply to the employees of any political subdivision that participates in the retirement system and any other employees as provided by law. The participating political subdivision may, however, elect to provide its employees with the early retirement allowance set forth in subdivision 2. No such election shall be made for a person who becomes a member on or after July 1, 2010, or a member who does not have at least 60 months of creditable service as of January 1, 2013. Any election pursuant to this subdivision shall be set forth in a legally adopted resolution.

Notwithstanding the foregoing, a political subdivision by legally adopted resolution may declare to the Board that, for purposes of this subdivision, subdivisions B 1 and B 3 and subsection D of § 51.1-153, any person who meets the definition of "emergency medical services personnel" in § 32.1-111.1 or is employed as a firefighter or law-enforcement officer as those terms are defined in § 15.2-1512.2 (i) shall not be considered a person who becomes a member on or after July 1, 2010, and (ii) shall be deemed to have at least 60 months of creditable service as of January 1, 2013. Such resolution shall be irrevocable.

4. Additional allowance. — In addition to the allowance payable under subdivisions 1, 2, and 3, a member shall receive an additional allowance which shall be the actuarial equivalent, for his attained age at the time of retirement, of the excess of his accumulated contributions transferred from the abolished system to the retirement system, including interest credited at the rate of two percent compounded annually since the transfer to the date of retirement, over the annual amounts equal to four percent of his annual creditable compensation at the date of abolishment for a period equal to his period of membership in the abolished system.

5. 50/10 retirement. — The allowance shall be payable in a monthly stream of payments equal to the greater of (i) the actuarial equivalent of the benefit the member would have received had he terminated service and deferred retirement to age 55 or (ii) the actuarially calculated present value of the member's accumulated contributions, including accrued interest.

B. Beneficiary serving in position covered by this title.

1. Except as provided in subdivisions 2 ~~and~~, 3, ~~and~~ 4, if a beneficiary of a service retirement allowance under this chapter or the provisions of Chapters 2 (§ 51.1-200 et seq.), 2.1 (§ 51.1-211 et seq.), or 3 (§ 51.1-300 et seq.) is at any time in service as an employee in a position covered for retirement purposes under the provisions of this or any chapter other than Chapter 6 (§ 51.1-600 et seq.), 6.1 (§ 51.1-607 et seq.), or 7 (§ 51.1-700 et seq.), his retirement allowance shall cease while so employed. Any member who retires and later returns to covered employment shall not be entitled to select a different retirement option for a subsequent retirement.

2. Active members of the General Assembly who are eligible to receive a retirement allowance under this title, excluding their service as a member of the General Assembly, shall be eligible to receive a retirement allowance based on their creditable service and average final compensation for service other than as a member of the General Assembly. Such members of the General Assembly shall continue to be reported as any other members of the retirement system. Upon ceasing to serve in the General Assembly, members of the General Assembly receiving a retirement allowance based on their creditable service and average final compensation for service other than as a member of the General Assembly shall have their retirement allowance recomputed prospectively to include their service as a member of the General Assembly. Active members of the General Assembly shall be prohibited from receiving a service retirement allowance under this title based solely on their service as a member of the General Assembly.

3. (Expires July 1, 2025) Any person receiving a service retirement allowance under this chapter, who is hired as a local school board instructional or administrative employee required to be licensed by the Board of Education, may elect to continue to receive the retirement allowance during such employment, under the following conditions:

(a) The person has been receiving such retirement allowance for a ~~certain period of time~~ *at least 12 calendar months* preceding his employment ~~as provided by law~~;

(b) The person is not receiving a retirement benefit pursuant to an early retirement incentive program from any local school division within the Commonwealth; and

(c) At the time the person is employed, the position to which he is assigned is among those identified by the Superintendent of Public Instruction pursuant to subdivision 4 of § 22.1-23, by the relevant division superintendent, pursuant to § 22.1-70.3, or by the relevant local school board, pursuant to subdivision 9 of § 22.1-79.

If the person elects to continue to receive the retirement allowance during the period of such employment, then his service performed and compensation received during such period of time will not increase, decrease, or affect in any way his retirement benefits before, during, or after such employment.

4. Any person receiving a service retirement allowance under this title for service as a sworn law-enforcement officer and who is employed in a local school division as a school security officer, as defined in § 9.1-101, may elect to continue to receive the retirement allowance during such employment under the following conditions: (i) the person has a break in service of at least 12 calendar months between retirement for service as a sworn law-enforcement officer and employment as a school security officer; (ii) the person is not receiving a retirement benefit pursuant to an early retirement incentive program from any local school division within the Commonwealth; (iii) the person is not receiving a retirement benefit pursuant to an early retirement incentive program from any employer, as defined in § 51.1-124.3; and (iv) the person did not participate in any incentive program established under the second or third enactment of Chapters 152 and 811 of the Acts of Assembly of 1995. If the person elects to continue to receive the retirement allowance during the period of such employment, then his service performed and compensation received during such period of time will not increase, decrease, or affect in any way his retirement benefits before, during, or after such employment, nor shall such person be eligible to receive any retirement benefits available to him pursuant to Chapter 6.1 (§ 51.1-607 et seq.). In addition, the employer shall include the person's compensation in membership payroll subject to employer contributions under § 51.1-145.

At least once in each four-year period, in conjunction with the actuarial investigation made under subdivision A 4 of § 51.1-124.22, there shall be an actuarial investigation made of the experience under subdivisions B 3 and 4 of this section, and the retirement system shall submit a report to the General Assembly advising it of the results of such investigation.

CHAPTER 969

An Act to amend and reenact § 51.1-155 of the Code of Virginia, relating to Virginia Retirement System; retired law-enforcement officers employed as school security officers.

[S 54]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 51.1-155 of the Code of Virginia is amended and reenacted as follows:

§ 51.1-155. Service retirement allowance.

A. Retirement allowance. — A member shall receive an annual retirement allowance, payable for life, as follows:

1. Normal retirement. — The allowance shall equal 1.70 percent of his average final compensation multiplied by the amount of his creditable service. Notwithstanding the foregoing, for a member who (i) is a person who becomes a member on or after July 1, 2010, or (ii) does not have at least 60 months of creditable service as of January 1, 2013, the allowance shall equal the sum of (a) 1.65 percent of his average final compensation multiplied by the amount of his creditable service performed or purchased on or after January 1, 2013, and (b) 1.70 percent of his average final compensation multiplied by the amount of all other creditable service.

2. Early retirement; applicable to teachers, state employees, and certain others. — The allowance shall be determined in the same manner as for normal retirement with creditable service and average final compensation being determined as of the date of actual retirement. If the member has less than 30 years of service at retirement, the amount of the retirement allowance shall be reduced on an actuarial equivalent basis for the period by which the actual retirement date precedes the earlier of (i) his normal retirement date or (ii) the first date on which he would have completed a total of 30 years of creditable service. The provisions of this subdivision shall apply to teachers and state employees. These provisions shall also apply to employees of any political subdivision that participates in the retirement system if the political subdivision makes the election provided in subdivision 3.

3. Early retirement; applicable to employees of certain political subdivisions, any person who becomes a member on or after July 1, 2010, and any member who does not have at least 60 months of creditable service as of January 1, 2013. — The allowance shall be determined in the same manner as for normal retirement with creditable service and average final compensation being determined as of the date of actual retirement. If the creditable service of the member equals 30 or more years but the sum of his age at retirement plus his creditable service at retirement is less than 90, the amount of the retirement allowance shall be reduced on an actuarial equivalent basis for the period by which the actual retirement date precedes the earlier of (i) his normal retirement date or (ii) the first date on which the sum of his then attained age plus his then creditable service would have been equal to 90 or more had he remained in service until such date. If the member has less than 30 years of creditable service, the retirement allowance shall be reduced for the period by which the actual retirement date precedes the earlier of (i) his normal retirement date or (ii) the first date on which he would have completed

a total of at least 30 years of creditable service and his then creditable service plus his then attained age would have been equal to 90 or more.

The provisions of this subdivision shall apply to the employees of any political subdivision that participates in the retirement system and any other employees as provided by law. The participating political subdivision may, however, elect to provide its employees with the early retirement allowance set forth in subdivision 2. No such election shall be made for a person who becomes a member on or after July 1, 2010, or a member who does not have at least 60 months of creditable service as of January 1, 2013. Any election pursuant to this subdivision shall be set forth in a legally adopted resolution.

Notwithstanding the foregoing, a political subdivision by legally adopted resolution may declare to the Board that, for purposes of this subdivision, subdivisions B 1 and B 3 and subsection D of § 51.1-153, any person who meets the definition of "emergency medical services personnel" in § 32.1-111.1 or is employed as a firefighter or law-enforcement officer as those terms are defined in § 15.2-1512.2 (i) shall not be considered a person who becomes a member on or after July 1, 2010, and (ii) shall be deemed to have at least 60 months of creditable service as of January 1, 2013. Such resolution shall be irrevocable.

4. Additional allowance. — In addition to the allowance payable under subdivisions 1, 2, and 3, a member shall receive an additional allowance which shall be the actuarial equivalent, for his attained age at the time of retirement, of the excess of his accumulated contributions transferred from the abolished system to the retirement system, including interest credited at the rate of two percent compounded annually since the transfer to the date of retirement, over the annual amounts equal to four percent of his annual creditable compensation at the date of abolishment for a period equal to his period of membership in the abolished system.

5. 50/10 retirement. — The allowance shall be payable in a monthly stream of payments equal to the greater of (i) the actuarial equivalent of the benefit the member would have received had he terminated service and deferred retirement to age 55 or (ii) the actuarially calculated present value of the member's accumulated contributions, including accrued interest.

B. Beneficiary serving in position covered by this title.

1. Except as provided in subdivisions 2 ~~and~~ 3, ~~and~~ 4, if a beneficiary of a service retirement allowance under this chapter or the provisions of Chapters 2 (§ 51.1-200 et seq.), 2.1 (§ 51.1-211 et seq.), or 3 (§ 51.1-300 et seq.) is at any time in service as an employee in a position covered for retirement purposes under the provisions of this or any chapter other than Chapter 6 (§ 51.1-600 et seq.), 6.1 (§ 51.1-607 et seq.), or 7 (§ 51.1-700 et seq.), his retirement allowance shall cease while so employed. Any member who retires and later returns to covered employment shall not be entitled to select a different retirement option for a subsequent retirement.

2. Active members of the General Assembly who are eligible to receive a retirement allowance under this title, excluding their service as a member of the General Assembly, shall be eligible to receive a retirement allowance based on their creditable service and average final compensation for service other than as a member of the General Assembly. Such members of the General Assembly shall continue to be reported as any other members of the retirement system. Upon ceasing to serve in the General Assembly, members of the General Assembly receiving a retirement allowance based on their creditable service and average final compensation for service other than as a member of the General Assembly shall have their retirement allowance recomputed prospectively to include their service as a member of the General Assembly. Active members of the General Assembly shall be prohibited from receiving a service retirement allowance under this title based solely on their service as a member of the General Assembly.

1. That §§ 16.1-241, 16.1-269.1, 16.1-269.2, and 16.1-277.1 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-241. Jurisdiction; consent for abortion.

The judges of the juvenile and domestic relations district court elected or appointed under this law shall be conservators of the peace within the corporate limits of the cities and the boundaries of the counties for which they are respectively chosen and within one mile beyond the limits of such cities and counties. Except as hereinafter provided, each juvenile and domestic relations district court shall have, within the limits of the territory for which it is created, exclusive original jurisdiction, and within one mile beyond the limits of said city or county, concurrent jurisdiction with the juvenile court or courts of the adjoining city or county, over all cases, matters and proceedings involving:

A. The custody, visitation, support, control or disposition of a child:

1. Who is alleged to be abused, neglected, in need of services, in need of supervision, a status offender, or delinquent except where the jurisdiction of the juvenile court has been terminated or divested;

2. Who is abandoned by his parent or other custodian or who by reason of the absence or physical or mental incapacity of his parents is without parental care and guardianship;

2a. Who is at risk of being abused or neglected by a parent or custodian who has been adjudicated as having abused or neglected another child in the care of the parent or custodian;

3. Whose custody, visitation or support is a subject of controversy or requires determination. In such cases jurisdiction shall be concurrent with and not exclusive of courts having equity jurisdiction, except as provided in § 16.1-244;

4. Who is the subject of an entrustment agreement entered into pursuant to § 63.2-903 or 63.2-1817 or whose parent or parents for good cause desire to be relieved of his care and custody;

5. Where the termination of residual parental rights and responsibilities is sought. In such cases jurisdiction shall be concurrent with and not exclusive of courts having equity jurisdiction, as provided in § 16.1-244;

6. Who is charged with a traffic infraction as defined in § 46.2-100; or

7. Who is alleged to have refused to take a blood test in violation of § 18.2-268.2.

In any case in which the juvenile is alleged to have committed a violent juvenile felony enumerated in subsection B of § 16.1-269.1, and for any charges ancillary thereto, the jurisdiction of the juvenile court shall be limited to conducting a

preliminary hearing to determine if there is probable cause to believe that the juvenile committed the act alleged and that the juvenile was ~~14~~ 16 years of age or older at the time of the commission of the alleged offense, and any matters related thereto. In any case in which the juvenile is alleged to have committed a violent juvenile felony enumerated in subsection C of § 16.1-269.1, and for all charges ancillary thereto, if the attorney for the Commonwealth has given notice as provided in subsection C of § 16.1-269.1, the jurisdiction of the juvenile court shall be limited to conducting a preliminary hearing to determine if there is probable cause to believe that the juvenile committed the act alleged and that the juvenile was ~~14~~ 16 years of age or older at the time of the commission of the alleged offense, and any matters related thereto. A determination by the juvenile court following a preliminary hearing pursuant to subsection B or C of § 16.1-269.1 to certify a charge to the grand jury shall divest the juvenile court of jurisdiction over the charge and any ancillary charge. In any case in which a transfer hearing is held pursuant to subsection A of § 16.1-269.1, if the juvenile court determines to transfer the case, jurisdiction of the juvenile court over the case shall be divested as provided in § 16.1-269.6.

In all other cases involving delinquent acts, and in cases in which an ancillary charge remains after a violent juvenile felony charge has been dismissed or a violent juvenile felony has been reduced to a lesser offense not constituting a violent juvenile felony, the jurisdiction of the juvenile court shall not be divested unless there is a transfer pursuant to subsection A of § 16.1-269.1.

The authority of the juvenile court to adjudicate matters involving the custody, visitation, support, control or disposition of a child shall not be limited to the consideration of petitions filed by a mother, father or legal guardian but shall include petitions filed at any time by any party with a legitimate interest therein. A party with a legitimate interest shall be broadly construed and shall include, but not be limited to, grandparents, step-grandparents, stepparents, former stepparents, blood relatives and family members. A party with a legitimate interest shall not include any person (i) whose parental rights have been terminated by court order, either voluntarily or involuntarily, (ii) whose interest in the child derives from or through a person whose parental rights have been terminated by court order, either voluntarily or involuntarily, including, but not limited to, grandparents, stepparents, former stepparents, blood relatives and family members, if the child subsequently has been legally adopted, except where a final order of adoption is entered pursuant to § 63.2-1241, or (iii) who has been convicted of a violation of subsection A of § 18.2-61, § 18.2-63, subsection B of § 18.2-366, or an equivalent offense of another state, the United States, or any foreign jurisdiction, when the child who is the subject of the petition was conceived as a result of such violation. J. All offenses in which one family or household member is charged with an offense in which another family or household member is the victim and all offenses under § 18.2-49.1.

In prosecution for felonies over which the court has jurisdiction, jurisdiction shall be limited to determining whether or not there is probable cause. Any objection based on jurisdiction under this subsection shall be made before a jury is impaneled and sworn in a jury trial or, in a nonjury trial, before the earlier of when the court begins to hear or receive evidence or the first witness is sworn, or it shall be conclusively waived for all purposes. Any such objection shall not affect or be grounds for challenging directly or collaterally the jurisdiction of the court in which the case is tried.

K. Petitions filed by a natural parent, whose parental rights to a child have been voluntarily relinquished pursuant to a court proceeding, to seek a reversal of the court order terminating such parental rights. No such petition shall be accepted, however, after the child has been placed in the home of adoptive parents.

V. W. Petitions filed by a juvenile seeking judicial authorization for a physician to perform an abortion if a minor elects not to seek consent of an authorized person.

After a hearing, a judge shall issue an order authorizing a physician to perform an abortion, without the consent of any authorized person, if he finds that (i) the minor is mature enough and well enough informed to make her abortion decision, in consultation with her physician, independent of the wishes of any authorized person, or (ii) the minor is not mature enough or well enough informed to make such decision, but the desired abortion would be in her best interest.

If the judge authorizes an abortion based on the best interests of the minor, such order shall expressly state that such authorization is subject to the physician or his agent giving notice of intent to perform the abortion; however, no such notice shall be required if the judge finds that such notice would not be in the best interest of the minor. In determining whether notice is in the best interest of the minor, the judge shall consider the totality of the circumstances; however, he shall find that notice is not in the best interest of the minor if he finds that ~~(i)~~ (a) one or more authorized persons with whom the minor regularly and customarily resides is abusive or neglectful; and ~~(ii)~~ (b) every other authorized person, if any, is either abusive or neglectful or has refused to accept responsibility as parent, legal guardian, custodian or person standing in loco parentis.

The minor may participate in the court proceedings on her own behalf, and the court may appoint a guardian ad litem for the minor. The court shall advise the minor that she has a right to counsel and shall, upon her request, appoint counsel for her.

Notwithstanding any other provision of law, the provisions of this subsection shall govern proceedings relating to consent for a minor's abortion. Court proceedings under this subsection and records of such proceedings shall be confidential. Such proceedings shall be given precedence over other pending matters so that the court may reach a decision promptly and without delay in order to serve the best interests of the minor. Court proceedings under this subsection shall be heard and decided as soon as practicable but in no event later than four days after the petition is filed.

An expedited confidential appeal to the circuit court shall be available to any minor for whom the court denies an order authorizing an abortion without consent or without notice. Any such appeal shall be heard and decided no later than five days after the appeal is filed. The time periods required by this subsection shall be subject to subsection B of § 1-210. An order authorizing an abortion without consent or without notice shall not be subject to appeal.

No filing fees shall be required of the minor at trial or upon appeal.

If either the original court or the circuit court fails to act within the time periods required by this subsection, the court before which the proceeding is pending shall immediately authorize a physician to perform the abortion without consent of or notice to an authorized person.

Nothing contained in this subsection shall be construed to authorize a physician to perform an abortion on a minor in circumstances or in a manner that would be unlawful if performed on an adult woman.

A physician shall not knowingly perform an abortion upon an unemancipated minor unless consent has been obtained or the minor delivers to the physician a court order entered pursuant to this section and the physician or his agent provides such notice as such order may require. However, neither consent nor judicial authorization nor notice shall be required if the minor declares that she is abused or neglected and the attending physician has reason to suspect that the minor may be an abused or neglected child as defined in § 63.2-100 and reports the suspected abuse or neglect in accordance with § 63.2-1509; or if there is a medical emergency, in which case the attending physician shall certify the facts justifying the exception in the minor's medical record.

"Consent" means that (i) the physician has given notice of intent to perform the abortion and has received authorization from an authorized person, or (ii) at least one authorized person is present with the minor seeking the abortion and provides written authorization to the physician, which shall be witnessed by the physician or an agent thereof. In either case, the written authorization shall be incorporated into the minor's medical record and maintained as a part thereof.

"Medical emergency" means any condition which, on the basis of the physician's good faith clinical judgment, so complicates the medical condition of the pregnant minor as to necessitate the immediate abortion of her pregnancy to avert her death or for which a delay will create a serious risk of substantial and irreversible impairment of a major bodily function.

"Notice of intent to perform the abortion" means that (i) the physician or his agent has given actual notice of his intention to perform such abortion to an authorized person, either in person or by telephone, at least 24 hours previous to the performance of the abortion; or (ii) the physician or his agent, after a reasonable effort to notify an authorized person, has mailed notice to an authorized person by certified mail, addressed to such person at his usual place of abode, with return receipt requested, at least 72 hours prior to the performance of the abortion.

"Perform an abortion" means to interrupt or terminate a pregnancy by any surgical or nonsurgical procedure or to induce a miscarriage as provided in § 18.2-72, 18.2-73, or 18.2-74.

"Unemancipated minor" means a minor who has not been emancipated by (i) entry into a valid marriage, even though the marriage may have been terminated by dissolution; (ii) active duty with any of the Armed Forces of the United States; (iii) willingly living separate and apart from his or her parents or guardian, with the consent or acquiescence of the parents or guardian; or (iv) entry of an order of emancipation pursuant to Article 15 (§ 16.1-331 et seq.).

Y. Petitions involving minors filed pursuant to § 32.1-45.1 relating to obtaining a blood specimen or test results.

The ages specified in this law refer to the age of the child at the time of the acts complained of in the petition.

Notwithstanding any other provision of law, no fees shall be charged by a sheriff for the service of any process in a proceeding pursuant to subdivision A 3, except as provided in subdivision A 6 of § 17.1-272, or subsection B, D, M, or R.

Notwithstanding the provisions of § 18.2-71, any physician who performs an abortion in violation of subsection W shall be guilty of a Class 3 misdemeanor.

§ 16.1-269.1. Trial in circuit court; preliminary hearing; direct indictment; remand.

A. Except as provided in subsections B and C, if a juvenile 14 years of age or older at the time of an alleged offense is charged with an offense which would be a felony if committed by an adult, the court shall, on motion of the attorney for the Commonwealth and prior to a hearing on the merits, hold a transfer hearing and may retain jurisdiction or transfer such juvenile for proper criminal proceedings to the appropriate circuit court having criminal jurisdiction of such offenses if committed by an adult. Any transfer to the appropriate circuit court shall be subject to the following conditions:

4. The court finds by a preponderance of the evidence that the juvenile is not a proper person to remain within the jurisdiction of the juvenile court. In determining whether a juvenile is a proper person to remain within the jurisdiction of the juvenile court, the court shall consider, but not be limited to, the following factors:

- a. The juvenile's age;
- b. The seriousness and number of alleged offenses, including (i) whether the alleged offense was committed in an aggressive, violent, premeditated, or willful manner; (ii) whether the alleged offense was against persons or property, with greater weight being given to offenses against persons, especially if death or bodily injury resulted; (iii) whether the maximum punishment for such an offense is greater than 20 years confinement if committed by an adult; (iv) whether the alleged offense involved the use of a firearm or other dangerous weapon by brandishing, threatening, displaying or otherwise employing such weapon; and (v) the nature of the juvenile's participation in the alleged offense;
- c. Whether the juvenile can be retained in the juvenile justice system long enough for effective treatment and rehabilitation;
- d. The appropriateness and availability of the services and dispositional alternatives in both the criminal justice and juvenile justice systems for dealing with the juvenile's problems;
- e. The record and previous history of the juvenile in this or other jurisdictions, including (i) the number and nature of previous contacts with juvenile or circuit courts, (ii) the number and nature of prior periods of probation, (iii) the number and nature of prior commitments to juvenile correctional centers, (iv) the number and nature of previous residential and community-based treatments, (v) whether previous adjudications and commitments were for delinquent acts that involved the infliction of serious bodily injury, and (vi) whether the alleged offense is part of a repetitive pattern of similar adjudicated offenses;

- g. The extent, if any, of the juvenile's degree of intellectual disability or mental illness;
- h. The juvenile's school record and education;
- i. The juvenile's mental and emotional maturity; and
- j. The juvenile's physical condition and physical maturity.

No transfer decision shall be precluded or reversed on the grounds that the court failed to consider any of the factors specified in subdivision 4.

B. The juvenile court shall conduct a preliminary hearing whenever a juvenile ~~14~~ 16 years of age or older is charged with murder in violation of § 18.2-31, 18.2-32 or 18.2-40, or aggravated malicious wounding in violation of § 18.2-51.2. *If the juvenile is 14 years of age or older, but less than 16 years of age, then the court may proceed, on motion of the attorney for the Commonwealth, as provided in subsection A.*

C. The juvenile court shall conduct a preliminary hearing whenever a juvenile ~~14~~ 16 years of age or older is charged with murder in violation of § 18.2-33; felonious injury by mob in violation of § 18.2-41; abduction in violation of § 18.2-48; malicious wounding in violation of § 18.2-51; malicious wounding of a law-enforcement officer in violation of § 18.2-51.1; felonious poisoning in violation of § 18.2-54.1; adulteration of products in violation of § 18.2-54.2; robbery in violation of § 18.2-58 or carjacking in violation of § 18.2-58.1; rape in violation of § 18.2-61; forcible sodomy in violation of § 18.2-67.1; object sexual penetration in violation of § 18.2-67.2; manufacturing, selling, giving, distributing, or possessing with intent to manufacture, sell, give, or distribute a controlled substance or an imitation controlled substance in violation of § 18.2-248 if the juvenile has been previously adjudicated delinquent on two or more occasions of violating § 18.2-248 provided the adjudications occurred after the juvenile was at least ~~14~~ 16 years of age; manufacturing, selling, giving, distributing, or possessing with intent to manufacture, sell, give, or distribute methamphetamine in violation of § 18.2-248.03 if the juvenile has been previously adjudicated delinquent on two or more occasions of violating § 18.2-248.03 provided the adjudications occurred after the juvenile was at least ~~14~~ 16 years of age; or felonious manufacturing, selling, giving, distributing, or possessing with intent to manufacture, sell, give, or distribute anabolic steroids in violation of § 18.2-248.5 if the juvenile has been previously adjudicated delinquent on two or more occasions of violating § 18.2-248.5 provided the adjudications occurred after the juvenile was at least ~~14~~ 16 years of age, provided the attorney for the Commonwealth gives written notice of his intent to proceed pursuant to this subsection. *Prior to giving written notice of his intent to proceed pursuant to this subsection, the attorney for the Commonwealth shall submit a written request to the director of the court services unit to complete a report as described in subsection B of § 16.1-269.2 unless waived by the juvenile and his attorney or other legal representative. The report shall be filed with the court and mailed or delivered to (i) the attorney for the Commonwealth and (ii) counsel for the juvenile, or, if the juvenile is not represented by counsel, to the juvenile and a parent, guardian, or other person standing in loco parentis with respect to the juvenile, within 21 days of the date of the written request. After reviewing the report, if the attorney for the Commonwealth still intends to proceed pursuant to this subsection, he shall then provide the written notice of such intent, which shall include affirmation that he reviewed the report. The notice shall be filed with the court and mailed or delivered to counsel for the juvenile or, if the juvenile is not then represented by counsel, to the juvenile and a parent, guardian or other person standing in loco parentis with respect to the juvenile at least seven days prior to the preliminary hearing. If the attorney for the Commonwealth elects not to give such notice, ~~or~~ if he elects to withdraw the notice prior to certification of the charge to the grand jury, or if the juvenile is 14 years of age or older, but less than 16 years of age, he may proceed as provided in subsection A.*

D. Upon a finding of probable cause pursuant to a preliminary hearing under subsection B or C, the juvenile court shall certify the charge, and all ancillary charges, to the grand jury. Such certification shall divest the juvenile court of jurisdiction as to the charge and any ancillary charges. Nothing in this subsection shall divest the juvenile court of jurisdiction over any matters unrelated to such charge and ancillary charges which may otherwise be properly within the jurisdiction of the juvenile court.

If the court does not find probable cause to believe that the juvenile has committed the violent juvenile felony as charged in the petition or warrant or if the petition or warrant is terminated by dismissal in the juvenile court, the attorney for the Commonwealth may seek a direct indictment in the circuit court. If the petition or warrant is terminated by nolle prosequi in the juvenile court, the attorney for the Commonwealth may seek an indictment only after a preliminary hearing in juvenile court.

If the court finds that the juvenile was not (i) for the purposes of subsection A, 14 years of age or older or (ii) for purposes of subsection B or C, 16 years of age or older; at the time of the alleged commission of the offense or that the conditions specified in subdivision A 1, 2, or 3 have not been met, the case shall proceed as otherwise provided for by law.

E. An indictment in the circuit court cures any error or defect in any proceeding held in the juvenile court except with respect to the juvenile's age. If an indictment is terminated by nolle prosequi, the Commonwealth may reinstate the proceeding by seeking a subsequent indictment.

§ 16.1-269.2. Admissibility of statement; investigation and report; bail.

A. Statements made by the juvenile at the transfer hearing provided for under § 16.1-269.1 shall not be admissible against him over objection in any criminal proceedings following the transfer, except for purposes of impeachment.

B. Prior to a transfer hearing pursuant to subsection A of § 16.1-269.1 or a preliminary hearing pursuant to subsection C of § 16.1-269.1, a study and report to the court, in writing, relevant to the factors set out in subdivision A 4 of § 16.1-269.1, as well as an assessment of any affiliation with a criminal street gang as defined in § 18.2-46.1, shall be made by the probation services or other qualified agency designated by the court. Upon motion of the attorney for the Commonwealth for a transfer hearing pursuant to subsection A of § 16.1-269.1, the attorney for the Commonwealth shall provide notice to the designated probation services or other qualified agency of the need for a transfer report. Counsel for the juvenile and the attorney for the Commonwealth shall have full access to the study and report and any other report or data concerning the juvenile which are available to the court. The court shall not consider the report until a finding has been made concerning probable cause. If the court so orders, the study and report may be expanded to include matters provided for in § 16.1-273, whereupon it may also serve as the report required by this subsection, but on the condition that it will not be submitted to the judge who will preside at any subsequent hearings except as provided for by law.

C. After the completion of the hearing, whether or not the juvenile court decides to retain jurisdiction over the juvenile or transfer such juvenile for criminal proceedings in the circuit court, the juvenile court shall set bail for the juvenile in accordance with Chapter 9 (§ 19.2-119 et seq.) of Title 19.2, if bail has not already been set.

§ 16.1-277.1. Time limitation.

A. When a child is held continuously in secure detention, he shall be released from confinement if there is no adjudicatory or transfer hearing conducted by the court for the matters upon which he was detained within twenty-one days from the date he was first detained.

B. If a child is not held in secure detention or is released from same after having been confined, an adjudicatory or transfer hearing on the matters charged in the petition or petitions issued against him shall be conducted within 120 days from the date the petition or petitions are filed.

C. When a child is held in secure detention after the completion of his adjudicatory hearing or is detained when the juvenile court has retained jurisdiction as a result of a transfer hearing, he shall be released from such detention if the disposition hearing is not completed within thirty days from the date of the adjudicatory or transfer hearing.

D. The time limitations provided for in this section shall be tolled during any period in which (i) the whereabouts of the child are unknown, (ii) the child has escaped from custody, or (iii) the child has failed to appear pursuant to a court order, or (iv) a report is being prepared pursuant to the written request by the attorney for the Commonwealth in accordance with subsection C of § 16.1-269.1. The limitations also may be extended by the court for a reasonable period of time based upon good cause shown, provided that the basis for such extension is recorded in writing and filed among the papers of the proceedings. For the purposes of this section, good cause includes, but is not limited to, extension of limitations necessary to obtain the presence of a witness to testify regarding the results of scientific analyses or examinations and good cause shown by the director of the court services unit completing a report pursuant to subsection C of § 16.1-269.1 that additional time is needed for the completion of the report.

CHAPTER 988

An Act to amend and reenact §§ 16.1-241, 16.1-269.1, 16.1-269.2, and 16.1-277.1 of the Code of Virginia, relating to juveniles; trial as an adult.

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-241, 16.1-269.1, 16.1-269.2, and 16.1-277.1 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-241. Jurisdiction; consent for abortion.

The judges of the juvenile and domestic relations district court elected or appointed under this law shall be conservators of the peace within the corporate limits of the cities and the boundaries of the counties for which they are respectively chosen and within one mile beyond the limits of such cities and counties. Except as hereinafter provided, each juvenile and domestic relations district court shall have, within the limits of the territory for which it is created, exclusive original jurisdiction, and within one mile beyond the limits of said city or county, concurrent jurisdiction with the juvenile court or courts of the adjoining city or county, over all cases, matters and proceedings involving:

A. The custody, visitation, support, control or disposition of a child:

1. Who is alleged to be abused, neglected, in need of services, in need of supervision, a status offender, or delinquent except where the jurisdiction of the juvenile court has been terminated or divested;

2. Who is abandoned by his parent or other custodian or who by reason of the absence or physical or mental incapacity of his parents is without parental care and guardianship;

2a. Who is at risk of being abused or neglected by a parent or custodian who has been adjudicated as having abused or neglected another child in the care of the parent or custodian;

3. Whose custody, visitation or support is a subject of controversy or requires determination. In such cases jurisdiction shall be concurrent with and not exclusive of courts having equity jurisdiction, except as provided in § 16.1-244;

4. Who is the subject of an entrustment agreement entered into pursuant to § 63.2-903 or 63.2-1817 or whose parent or parents for good cause desire to be relieved of his care and custody;

5. Where the termination of residual parental rights and responsibilities is sought. In such cases jurisdiction shall be concurrent with and not exclusive of courts having equity jurisdiction, as provided in § 16.1-244;

6. Who is charged with a traffic infraction as defined in § 46.2-100; or

7. Who is alleged to have refused to take a blood test in violation of § 18.2-268.2.

In any case in which the juvenile is alleged to have committed a violent juvenile felony enumerated in subsection B of § 16.1-269.1, and for any charges ancillary thereto, the jurisdiction of the juvenile court shall be limited to conducting a preliminary hearing to determine if there is probable cause to believe that the juvenile committed the act alleged and that the juvenile was ~~14~~ 16 years of age or older at the time of the commission of the alleged offense, and any matters related thereto. In any case in which the juvenile is alleged to have committed a violent juvenile felony enumerated in subsection C of § 16.1-269.1, and for all charges ancillary thereto, if the attorney for the Commonwealth has given notice as provided in subsection C of § 16.1-269.1, the jurisdiction of the juvenile court shall be limited to conducting a preliminary hearing to determine if there is probable cause to believe that the juvenile committed the act alleged and that the juvenile was ~~14~~ 16 years of age or older at the time of the commission of the alleged offense, and any matters related thereto. A determination by the juvenile court following a preliminary hearing pursuant to subsection B or C of § 16.1-269.1 to certify a charge to the grand jury shall divest the juvenile court of jurisdiction over the charge and any ancillary charge. In any case in which a transfer hearing is held pursuant to subsection A of § 16.1-269.1, if the juvenile court determines to transfer the case, jurisdiction of the juvenile court over the case shall be divested as provided in § 16.1-269.6.

In all other cases involving delinquent acts, and in cases in which an ancillary charge remains after a violent juvenile felony charge has been dismissed or a violent juvenile felony has been reduced to a lesser offense not constituting a violent juvenile felony, the jurisdiction of the juvenile court shall not be divested unless there is a transfer pursuant to subsection A of § 16.1-269.1.

The authority of the juvenile court to adjudicate matters involving the custody, visitation, support, control or disposition of a child shall not be limited to the consideration of petitions filed by a mother, father or legal guardian but shall include petitions filed at any time by any party with a legitimate interest therein. A party with a legitimate interest shall be broadly construed and shall include, but not be limited to, grandparents, step-grandparents, stepparents, former stepparents, blood relatives and family members. A party with a legitimate interest shall not include any person (i) whose parental rights have been terminated by court order, either voluntarily or involuntarily, (ii) whose interest in the child derives from or through a person whose parental rights have been terminated by court order, either voluntarily or involuntarily, including, but not limited to, grandparents, stepparents, former stepparents, blood relatives and family members, if the child subsequently has been legally adopted, except where a final order of adoption is entered pursuant to § 63.2-1241, or (iii) who has been convicted of a violation of subsection A of § 18.2-61, § 18.2-63, subsection B of § 18.2-366, or an equivalent offense of another state, the United States, or any foreign jurisdiction, when the child who is the subject of the petition was conceived as a result of such violation. The authority of the juvenile court to consider a petition involving the custody of a child shall not be proscribed or limited where the child has previously been awarded to the custody of a local board of social services.

A1. Making specific findings of fact required by state or federal law to enable a child to apply for or receive a state or federal benefit.

B. The admission of minors for inpatient treatment in a mental health facility in accordance with the provisions of Article 16 (§ 16.1-335 et seq.) and the involuntary admission of a person with mental illness or judicial certification of eligibility for admission to a training center for persons with intellectual disability in accordance with the provisions of

Chapter 8 (§ 37.2-800 et seq.) of Title 37.2. Jurisdiction of the involuntary admission and certification of adults shall be concurrent with the general district court.

C. Except as provided in subsections D and H, judicial consent to such activities as may require parental consent may be given for a child who has been separated from his parents, guardian, legal custodian or other person standing in loco parentis and is in the custody of the court when such consent is required by law.

D. Judicial consent for emergency surgical or medical treatment for a child who is neither married nor has ever been married, when the consent of his parent, guardian, legal custodian or other person standing in loco parentis is unobtainable because such parent, guardian, legal custodian or other person standing in loco parentis (i) is not a resident of the Commonwealth, (ii) has his whereabouts unknown, (iii) cannot be consulted with promptness, reasonable under the circumstances, or (iv) fails to give such consent or provide such treatment when requested by the judge to do so.

E. Any person charged with deserting, abandoning or failing to provide support for any person in violation of law.

F. Any parent, guardian, legal custodian or other person standing in loco parentis of a child:

1. Who has been abused or neglected;

2. Who is the subject of an entrustment agreement entered into pursuant to § 63.2-903 or 63.2-1817 or is otherwise before the court pursuant to subdivision A 4; or

3. Who has been adjudicated in need of services, in need of supervision, or delinquent, if the court finds that such person has by overt act or omission induced, caused, encouraged or contributed to the conduct of the child complained of in the petition.

G. Petitions filed by or on behalf of a child or such child's parent, guardian, legal custodian or other person standing in loco parentis for the purpose of obtaining treatment, rehabilitation or other services that are required by law to be provided for that child or such child's parent, guardian, legal custodian or other person standing in loco parentis. Jurisdiction in such cases shall be concurrent with and not exclusive of that of courts having equity jurisdiction as provided in § 16.1-244.

H. Judicial consent to apply for a work permit for a child when such child is separated from his parents, legal guardian or other person standing in loco parentis.

I. The prosecution and punishment of persons charged with ill-treatment, abuse, abandonment or neglect of children or with any violation of law that causes or tends to cause a child to come within the purview of this law, or with any other offense against the person of a child. In prosecution for felonies over which the court has jurisdiction, jurisdiction shall be limited to determining whether or not there is probable cause.

J. All offenses in which one family or household member is charged with an offense in which another family or household member is the victim and all offenses under § 18.2-49.1.

In prosecution for felonies over which the court has jurisdiction, jurisdiction shall be limited to determining whether or not there is probable cause. Any objection based on jurisdiction under this subsection shall be made before a jury is impaneled and sworn in a jury trial or, in a nonjury trial, before the earlier of when the court begins to hear or receive evidence or the first witness is sworn, or it shall be conclusively waived for all purposes. Any such objection shall not affect or be grounds for challenging directly or collaterally the jurisdiction of the court in which the case is tried.

K. Petitions filed by a natural parent, whose parental rights to a child have been voluntarily relinquished pursuant to a court proceeding, to seek a reversal of the court order terminating such parental rights. No such petition shall be accepted, however, after the child has been placed in the home of adoptive parents.

L. Any person who seeks spousal support after having separated from his spouse. A decision under this subdivision shall not be res judicata in any subsequent action for spousal support in a circuit court. A circuit court shall have concurrent original jurisdiction in all causes of action under this subdivision.

Petitions filed for the purpose of obtaining an order of protection pursuant to § 16.1-253.1, 16.1-253.4, or 16.1-279.1, and all petitions filed for the purpose of obtaining an order of protection pursuant to § 19.2-152.8, 19.2-152.9, or 19.2-152.10 if either the alleged victim or the respondent is a juvenile.

N. Any person who escapes or remains away without proper authority from a residential care facility in which he had been placed by the court or as a result of his commitment to the Virginia Department of Juvenile Justice.

O. Petitions for emancipation of a minor pursuant to Article 15 (§ 16.1-331 et seq.).

P. Petitions for enforcement of administrative support orders entered pursuant to Chapter 19 (§ 63.2-1900 et seq.) of Title 63.2, or by another state in the same manner as if the orders were entered by a juvenile and domestic relations district court upon the filing of a certified copy of such order in the juvenile and domestic relations district court.

Q. Petitions for a determination of parentage pursuant to Chapter 3.1 (§ 20-49.1 et seq.) of Title 20. A circuit court shall have concurrent original jurisdiction to the extent provided for in § 20-49.2.

R. [Repealed.]

S. Petitions filed by school boards against parents pursuant to §§ 16.1-241.2 and 22.1-279.3.

T. Petitions to enforce any request for information or subpoena that is not complied with or to review any refusal to issue a subpoena in an administrative appeal regarding child abuse and neglect pursuant to § 63.2-1526.

U. Petitions filed in connection with parental placement adoption consent hearings pursuant to § 63.2-1233. Such proceedings shall be advanced on the docket so as to be heard by the court within 10 days of filing of the petition, or as soon thereafter as practicable so as to provide the earliest possible disposition.

V. Petitions filed for the purpose of obtaining the court's assistance with the execution of consent to an adoption when the consent to an adoption is executed pursuant to the laws of another state and the laws of that state provide for the execution of consent to an adoption in the court of the Commonwealth.

W. Petitions filed by a juvenile seeking judicial authorization for a physician to perform an abortion if a minor elects not to seek consent of an authorized person.

After a hearing, a judge shall issue an order authorizing a physician to perform an abortion, without the consent of any authorized person, if he finds that (i) the minor is mature enough and well enough informed to make her abortion decision, in consultation with her physician, independent of the wishes of any authorized person, or (ii) the minor is not mature enough or well enough informed to make such decision, but the desired abortion would be in her best interest.

If the judge authorizes an abortion based on the best interests of the minor, such order shall expressly state that such authorization is subject to the physician or his agent giving notice of intent to perform the abortion; however, no such notice shall be required if the judge finds that such notice would not be in the best interest of the minor. In determining whether notice is in the best interest of the minor, the judge shall consider the totality of the circumstances; however, he shall find that notice is not in the best interest of the minor if he finds that (i) one or more authorized persons with whom the minor regularly and customarily resides is abusive or neglectful, and (ii) every other authorized person, if any, is either abusive or neglectful or has refused to accept responsibility as parent, legal guardian, custodian or person standing in loco parentis.

The minor may participate in the court proceedings on her own behalf, and the court may appoint a guardian ad litem for the minor. The court shall advise the minor that she has a right to counsel and shall, upon her request, appoint counsel for her.

Notwithstanding any other provision of law, the provisions of this subsection shall govern proceedings relating to consent for a minor's abortion. Court proceedings under this subsection and records of such proceedings shall be confidential. Such proceedings shall be given precedence over other pending matters so that the court may reach a decision promptly and without delay in order to serve the best interests of the minor. Court proceedings under this subsection shall be heard and decided as soon as practicable but in no event later than four days after the petition is filed.

An expedited confidential appeal to the circuit court shall be available to any minor for whom the court denies an order authorizing an abortion without consent or without notice. Any such appeal shall be heard and decided no later than five days after the appeal is filed. The time periods required by this subsection shall be subject to subsection B of § 1-210. An order authorizing an abortion without consent or without notice shall not be subject to appeal.

No filing fees shall be required of the minor at trial or upon appeal.

If either the original court or the circuit court fails to act within the time periods required by this subsection, the court before which the proceeding is pending shall immediately authorize a physician to perform the abortion without consent of or notice to an authorized person.

Nothing contained in this subsection shall be construed to authorize a physician to perform an abortion on a minor in circumstances or in a manner that would be unlawful if performed on an adult woman.

A physician shall not knowingly perform an abortion upon an unemancipated minor unless consent has been obtained or the minor delivers to the physician a court order entered pursuant to this section and the physician or his agent provides such notice as such order may require. However, neither consent nor judicial authorization nor notice shall be required if the minor declares that she is abused or neglected and the attending physician has reason to suspect that the minor may be an abused or neglected child as defined in § 63.2-100 and reports the suspected abuse or neglect in accordance with § 63.2-1509; or if there is a medical emergency, in which case the attending physician shall certify the facts justifying the exception in the minor's medical record.

For purposes of this subsection:

"Authorization" means the minor has delivered to the physician a notarized, written statement signed by an authorized person that the authorized person knows of the minor's intent to have an abortion and consents to such abortion being performed on the minor.

"Authorized person" means (i) a parent or duly appointed legal guardian or custodian of the minor or (ii) a person standing in loco parentis, including, but not limited to, a grandparent or adult sibling with whom the minor regularly and customarily resides and who has care and control of the minor. Any person who knows he is not an authorized person and who knowingly and willfully signs an authorization statement consenting to an abortion for a minor is guilty of a Class 3 misdemeanor.

"Consent" means that (i) the physician has given notice of intent to perform the abortion and has received authorization from an authorized person, or (ii) at least one authorized person is present with the minor seeking the abortion and provides written authorization to the physician, which shall be witnessed by the physician or an agent thereof. In either case, the written authorization shall be incorporated into the minor's medical record and maintained as a part thereof.

"Medical emergency" means any condition which, on the basis of the physician's good faith clinical judgment, so complicates the medical condition of the pregnant minor as to necessitate the immediate abortion of her pregnancy to avert her death or for which a delay will create a serious risk of substantial and irreversible impairment of a major bodily function.

"Notice of intent to perform the abortion" means that (i) the physician or his agent has given actual notice of his intention to perform such abortion to an authorized person, either in person or by telephone, at least 24 hours previous to the performance of the abortion; or (ii) the physician or his agent, after a reasonable effort to notify an authorized person, has

mailed notice to an authorized person by certified mail, addressed to such person at his usual place of abode, with return receipt requested, at least 72 hours prior to the performance of the abortion.

"Perform an abortion" means to interrupt or terminate a pregnancy by any surgical or nonsurgical procedure or to induce a miscarriage as provided in § 18.2-72, 18.2-73, or 18.2-74.

"Unemancipated minor" means a minor who has not been emancipated by (i) entry into a valid marriage, even though the marriage may have been terminated by dissolution; (ii) active duty with any of the Armed Forces of the United States; (iii) willingly living separate and apart from his or her parents or guardian, with the consent or acquiescence of the parents or guardian; or (iv) entry of an order of emancipation pursuant to Article 15 (§ 16.1-331 et seq.).

X. Petitions filed pursuant to Article 17 (§ 16.1-349 et seq.) relating to standby guardians for minor children.

Y. Petitions involving minors filed pursuant to § 32.1-45.1 relating to obtaining a blood specimen or test results.

The ages specified in this law refer to the age of the child at the time of the acts complained of in the petition.

Notwithstanding any other provision of law, no fees shall be charged by a sheriff for the service of any process in a proceeding pursuant to subdivision A 3, except as provided in subdivision A 6 of § 17.1-272, or subsection B, D, M, or R.

Notwithstanding the provisions of § 18.2-71, any physician who performs an abortion in violation of subsection W shall be guilty of a Class 3 misdemeanor.

§ 16.1-269.1. Trial in circuit court; preliminary hearing; direct indictment; remand.

A. Except as provided in subsections B and C, if a juvenile 14 years of age or older at the time of an alleged offense is charged with an offense which would be a felony if committed by an adult, the court shall, on motion of the attorney for the Commonwealth and prior to a hearing on the merits, hold a transfer hearing and may retain jurisdiction or transfer such juvenile for proper criminal proceedings to the appropriate circuit court having criminal jurisdiction of such offenses if committed by an adult. Any transfer to the appropriate circuit court shall be subject to the following conditions:

1. Notice as prescribed in §§ 16.1-263 and 16.1-264 shall be given to the juvenile and his parent, guardian, legal custodian or other person standing in loco parentis; or attorney;

2. The juvenile court finds that probable cause exists to believe that the juvenile committed the delinquent act as alleged or a lesser included delinquent act which would be a felony if committed by an adult;

3. The juvenile is competent to stand trial. The juvenile is presumed to be competent and the burden is on the party alleging the juvenile is not competent to rebut the presumption by a preponderance of the evidence; and

4. The court finds by a preponderance of the evidence that the juvenile is not a proper person to remain within the jurisdiction of the juvenile court. In determining whether a juvenile is a proper person to remain within the jurisdiction of the juvenile court, the court shall consider, but not be limited to, the following factors:

a. The juvenile's age;

b. The seriousness and number of alleged offenses, including (i) whether the alleged offense was committed in an aggressive, violent, premeditated, or willful manner; (ii) whether the alleged offense was against persons or property, with greater weight being given to offenses against persons, especially if death or bodily injury resulted; (iii) whether the maximum punishment for such an offense is greater than 20 years confinement if committed by an adult; (iv) whether the alleged offense involved the use of a firearm or other dangerous weapon by brandishing, threatening, displaying or otherwise employing such weapon; and (v) the nature of the juvenile's participation in the alleged offense;

c. Whether the juvenile can be retained in the juvenile justice system long enough for effective treatment and rehabilitation;

d. The appropriateness and availability of the services and dispositional alternatives in both the criminal justice and juvenile justice systems for dealing with the juvenile's problems;

e. The record and previous history of the juvenile in this or other jurisdictions, including (i) the number and nature of previous contacts with juvenile or circuit courts, (ii) the number and nature of prior periods of probation, (iii) the number and nature of prior commitments to juvenile correctional centers, (iv) the number and nature of previous residential and community-based treatments, (v) whether previous adjudications and commitments were for delinquent acts that involved the infliction of serious bodily injury, and (vi) whether the alleged offense is part of a repetitive pattern of similar adjudicated offenses;

f. Whether the juvenile has previously absconded from the legal custody of a juvenile correctional entity in this or any other jurisdiction;

g. The extent, if any, of the juvenile's degree of intellectual disability or mental illness;

h. The juvenile's school record and education;

i. The juvenile's mental and emotional maturity; and

j. The juvenile's physical condition and physical maturity.

No transfer decision shall be precluded or reversed on the grounds that the court failed to consider any of the factors specified in subdivision 4.

B. The juvenile court shall conduct a preliminary hearing whenever a juvenile ~~14~~ 16 years of age or older is charged with murder in violation of § 18.2-31, 18.2-32 or 18.2-40, or aggravated malicious wounding in violation of § 18.2-51.2. *If the juvenile is 14 years of age or older, but less than 16 years of age, then the court may proceed, on motion of the attorney for the Commonwealth, as provided in subsection A.*

C. The juvenile court shall conduct a preliminary hearing whenever a juvenile ~~14~~ 16 years of age or older is charged with murder in violation of § 18.2-33; felonious injury by mob in violation of § 18.2-41; abduction in violation of § 18.2-48;

The report shall be filed with the court and mailed or delivered to (i) the attorney for the Commonwealth and (ii) counsel for the juvenile, or, if the juvenile is not represented by counsel, to the juvenile and a parent, guardian, or other person standing in loco parentis with respect to the juvenile, within 21 days of the date of the written request. After reviewing the report, if the attorney for the Commonwealth still intends to proceed pursuant to this subsection, he shall then provide the written notice of such intent, which shall include affirmation that he reviewed the report.* The notice shall be filed with the court and mailed or delivered to counsel for the juvenile or, if the juvenile is not then represented by counsel, to the juvenile and a parent, guardian or other person standing in loco parentis with respect to the juvenile at least seven days prior to the preliminary hearing. D. Upon a finding of probable cause pursuant to a preliminary hearing under subsection B or C, the juvenile court shall certify the charge, and all ancillary charges, to the grand jury. Such certification shall divest the juvenile court of jurisdiction as to the charge and any ancillary charges. Nothing in this subsection shall divest the juvenile court of jurisdiction over any matters unrelated to such charge and ancillary charges which may otherwise be properly within the jurisdiction of the juvenile court.

If the court does not find probable cause to believe that the juvenile has committed the violent juvenile felony as charged in the petition or warrant or if the petition or warrant is terminated by dismissal in the juvenile court, the attorney for the Commonwealth may seek a direct indictment in the circuit court. If the petition or warrant is terminated by nolle prosequi in the juvenile court, the attorney for the Commonwealth may seek an indictment only after a preliminary hearing in juvenile court.

If the court finds that the juvenile was not (i) for the purposes of subsection A, 14 years of age or older or (ii) for purposes of subsection B or C, 16 years of age or older, at the time of the alleged commission of the offense or that the conditions specified in subdivision A 1, 2, or 3 have not been met, the case shall proceed as otherwise provided for by law.

E. An indictment in the circuit court cures any error or defect in any proceeding held in the juvenile court except with respect to the juvenile's age. If an indictment is terminated by nolle prosequi, the Commonwealth may reinstate the proceeding by seeking a subsequent indictment.

§ 16.1-269.2. Admissibility of statement; investigation and report; bail.

Upon motion of the attorney for the Commonwealth for a transfer hearing pursuant to subsection A of § 16.1-269.1, the attorney for the Commonwealth shall provide notice to the designated probation services or other qualified agency of the need for a transfer report. Counsel for the juvenile and the attorney for the Commonwealth shall have full access to the study and report and any other report or data concerning the juvenile which are available to the court. The court shall not consider the report until a finding has been made concerning probable cause. If the court so orders, the study and report may be expanded to include matters provided for in § 16.1-273, whereupon it may also serve as the report required by this subsection, but on the condition that it will not be submitted to the judge who will preside at any subsequent hearings except as provided for by law.

C. After the completion of the hearing, whether or not the juvenile court decides to retain jurisdiction over the juvenile or transfer such juvenile for criminal proceedings in the circuit court, the juvenile court shall set bail for the juvenile in accordance with Chapter 9 (§ 19.2-119 et seq.) of Title 19.2, if bail has not already been set.

§ 16.1-277.1. Time limitation.

A. When a child is held continuously in secure detention, he shall be released from confinement if there is no adjudicatory or transfer hearing conducted by the court for the matters upon which he was detained within twenty-one days from the date he was first detained.

C. When a child is held in secure detention after the completion of his adjudicatory hearing or is detained when the juvenile court has retained jurisdiction as a result of a transfer hearing, he shall be released from such detention if the disposition hearing is not completed within thirty days from the date of the adjudicatory or transfer hearing.

D. The time limitations provided for in this section shall be tolled during any period in which (i) the whereabouts of the child are unknown, (ii) the child has escaped from custody, ~~or~~ (iii) the child has failed to appear pursuant to a court order, *or* (iv) a report is being prepared pursuant to the written request by the attorney for the Commonwealth in accordance with subsection C of § 16.1-269.1. The limitations also may be extended by the court for a reasonable period of time based upon good cause shown, provided that the basis for such extension is recorded in writing and filed among the papers of the proceedings. For the purposes of this section, good cause includes, ~~but is not limited to,~~ extension of limitations necessary to obtain the presence of a witness to testify regarding the results of scientific analyses or examinations *and good cause shown by the director of the court services unit completing a report pursuant to subsection C of § 16.1-269.1 that additional time is needed for the completion of the report.*

CHAPTER 991

An Act to amend and reenact § 18.2-308.2:2 of the Code of Virginia, relating to purchase of handguns; limitation on handgun purchases; penalty.

[H 812]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 18.2-308.2:2 of the Code of Virginia is amended and reenacted as follows:

§ 18.2-308.2:2. Criminal history record information check required for the transfer of certain firearms.

A. Any person purchasing from a dealer a firearm as herein defined shall consent in writing, on a form to be provided by the Department of State Police, to have the dealer obtain criminal history record information. Such form shall include only the written consent; the name, birth date, gender, race, citizenship, and social security number and/or any other identification number; the number of firearms by category intended to be sold, rented, traded, or transferred; and answers by the applicant to the following questions: (i) has the applicant been convicted of a felony offense or found guilty or adjudicated delinquent as a juvenile 14 years of age or older at the time of the offense of a delinquent act that would be a felony if committed by an adult; (ii) is the applicant subject to a court order restraining the applicant from harassing, stalking, or threatening the applicant's child or intimate partner, or a child of such partner, or is the applicant subject to a protective order; and (iii) has the applicant ever been acquitted by reason of insanity and prohibited from purchasing, possessing or transporting a firearm pursuant to § 18.2-308.1:1 or any substantially similar law of any other jurisdiction, been adjudicated legally incompetent, mentally incapacitated or adjudicated an incapacitated person and prohibited from purchasing a firearm pursuant to § 18.2-308.1:2 or any substantially similar law of any other jurisdiction, or been involuntarily admitted to an inpatient facility or involuntarily ordered to outpatient mental health treatment and prohibited from purchasing a firearm pursuant to § 18.2-308.1:3 or any substantially similar law of any other jurisdiction.

B. 1. No dealer shall sell, rent, trade or transfer from his inventory any such firearm to any other person who is a resident of Virginia until he has (i) obtained written consent and the other information on the consent form specified in subsection A, and provided the Department of State Police with the name, birth date, gender, race, citizenship, and social security and/or any other identification number and the number of firearms by category intended to be sold, rented, traded or transferred and (ii) requested criminal history record information by a telephone call to or other communication authorized by the State Police and is authorized by subdivision 2 to complete the sale or other such transfer. To establish personal identification and residence in Virginia for purposes of this section, a dealer must require any prospective purchaser to present one photo-identification form issued by a governmental agency of the Commonwealth or by the United States Department of Defense that demonstrates that the prospective purchaser resides in Virginia. For the purposes of this section and establishment of residency for firearm purchase, residency of a member of the armed forces shall include both the state in which the member's permanent duty post is located and any nearby state in which the member resides and from which he commutes to the permanent duty post. A member of the armed forces whose photo identification issued by the Department of Defense does not have a Virginia address may establish his Virginia residency with such photo identification and either permanent orders assigning the purchaser to a duty post, including the Pentagon, in Virginia or the purchaser's Leave and Earnings Statement. When the photo identification presented to a dealer by the prospective purchaser is a driver's license or other photo identification issued by the Department of Motor Vehicles, and such identification form contains a date of issue, the dealer shall not, except for a renewed driver's license or other photo identification issued by the Department of Motor Vehicles, sell or otherwise transfer a firearm to the prospective purchaser until 30 days after the date of issue of an original or duplicate driver's license unless the prospective purchaser also presents a copy of his Virginia Department of Motor Vehicles driver's record showing that the original date of issue of the driver's license was more than 30 days prior to the attempted purchase.

In addition, no dealer shall sell, rent, trade, or transfer from his inventory any assault firearm to any person who is not a citizen of the United States or who is not a person lawfully admitted for permanent residence.

Upon receipt of the request for a criminal history record information check, the State Police shall (a) review its criminal history record information to determine if the buyer or transferee is prohibited from possessing or transporting a firearm by state or federal law, (b) inform the dealer if its record indicates that the buyer or transferee is so prohibited, and (c) provide the dealer with a unique reference number for that inquiry.

2. The State Police shall provide its response to the requesting dealer during the dealer's request, or by return call without delay. If the criminal history record information check indicates the prospective purchaser or transferee has a disqualifying criminal record or has been acquitted by reason of insanity and committed to the custody of the Commissioner of Behavioral Health and Developmental Services, the State Police shall have until the end of the dealer's next business day to advise the dealer if its records indicate the buyer or transferee is prohibited from possessing or transporting a firearm by state or federal law. If not so advised by the end of the dealer's next business day, a dealer who has fulfilled the requirements of subdivision 1 may immediately complete the sale or transfer and shall not be deemed in violation of this section with respect to such sale or transfer. In case of electronic failure or other circumstances beyond the control of the State Police, the dealer shall be advised immediately of the reason for such delay and be given an estimate of the length of such delay. After such notification, the State Police shall, as soon as possible but in no event later than the end of the dealer's next business day, inform the requesting dealer if its records indicate the buyer or transferee is prohibited from possessing or transporting a firearm by state or federal law. A dealer who fulfills the requirements of subdivision 1 and is told by the State Police that a response will not be available by the end of the dealer's next business day may immediately complete the sale or transfer and shall not be deemed in violation of this section with respect to such sale or transfer.

3. Except as required by subsection D of § 9.1-132, the State Police shall not maintain records longer than 30 days, except for multiple handgun transactions for which records shall be maintained for 12 months, from any dealer's request for a criminal history record information check pertaining to a buyer or transferee who is not found to be prohibited from possessing and transporting a firearm under state or federal law. However, the log on requests made may be maintained for a period of 12 months, and such log shall consist of the name of the purchaser, the dealer identification number, the unique approval number and the transaction date.

4. On the last day of the week following the sale or transfer of any firearm, the dealer shall mail or deliver the written consent form required by subsection A to the Department of State Police. The State Police shall immediately initiate a search of all available criminal history record information to determine if the purchaser is prohibited from possessing or transporting a firearm under state or federal law. If the search discloses information indicating that the buyer or transferee is so prohibited from possessing or transporting a firearm, the State Police shall inform the chief law-enforcement officer in the jurisdiction where the sale or transfer occurred and the dealer without delay.

5. Notwithstanding any other provisions of this section, rifles and shotguns may be purchased by persons who are citizens of the United States or persons lawfully admitted for permanent residence but residents of other states under the terms of subsections A and B upon furnishing the dealer with one photo-identification form issued by a governmental agency of the person's state of residence and one other form of identification determined to be acceptable by the Department of Criminal Justice Services.

6. For the purposes of this subsection, the phrase "dealer's next business day" shall not include December 25.

C. No dealer shall sell, rent, trade or transfer from his inventory any firearm, except when the transaction involves a rifle or a shotgun and can be accomplished pursuant to the provisions of subdivision B 5 to any person who is not a resident of Virginia unless he has first obtained from the Department of State Police a report indicating that a search of all available criminal history record information has not disclosed that the person is prohibited from possessing or transporting a firearm under state or federal law. The dealer shall obtain the required report by mailing or delivering the written consent form required under subsection A to the State Police within 24 hours of its execution. If the dealer has complied with the provisions of this subsection and has not received the required report from the State Police within 10 days from the date the written consent form was mailed to the Department of State Police, he shall not be deemed in violation of this section for thereafter completing the sale or transfer.

D. Nothing herein shall prevent a resident of the Commonwealth, at his option, from buying, renting or receiving a firearm from a dealer in Virginia by obtaining a criminal history record information check through the dealer as provided in subsection C.

E. If any buyer or transferee is denied the right to purchase a firearm under this section, he may exercise his right of access to and review and correction of criminal history record information under § 9.1-132 or institute a civil action as provided in § 9.1-135, provided any such action is initiated within 30 days of such denial.

F. Any dealer who willfully and intentionally requests, obtains, or seeks to obtain criminal history record information under false pretenses, or who willfully and intentionally disseminates or seeks to disseminate criminal history record information except as authorized in this section shall be guilty of a Class 2 misdemeanor.

CHAPTER 992

[S 69]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 18.2-308.2:2 of the Code of Virginia is amended and reenacted as follows:

§ 18.2-308.2:2. Criminal history record information check required for the transfer of certain firearms.

A. Any person purchasing from a dealer a firearm as herein defined shall consent in writing, on a form to be provided by the Department of State Police, to have the dealer obtain criminal history record information. Such form shall include only the written consent; the name, birth date, gender, race, citizenship, and social security number and/or any other identification number; the number of firearms by category intended to be sold, rented, traded, or transferred; and answers by the applicant to the following questions: (i) has the applicant been convicted of a felony offense or found guilty or adjudicated delinquent as a juvenile 14 years of age or older at the time of the offense of a delinquent act that would be a felony if committed by an adult; (ii) is the applicant subject to a court order restraining the applicant from harassing, stalking, or threatening the applicant's child or intimate partner, or a child of such partner, or is the applicant subject to a protective order; and (iii) has the applicant ever been acquitted by reason of insanity and prohibited from purchasing, possessing or transporting a firearm pursuant to § 18.2-308.1:1 or any substantially similar law of any other jurisdiction, been adjudicated legally incompetent, mentally incapacitated or adjudicated an incapacitated person and prohibited from purchasing a firearm pursuant to § 18.2-308.1:2 or any substantially similar law of any other jurisdiction, or been involuntarily admitted to an inpatient facility or involuntarily ordered to outpatient mental health treatment and prohibited from purchasing a firearm pursuant to § 18.2-308.1:3 or any substantially similar law of any other jurisdiction.

B. 1. No dealer shall sell, rent, trade or transfer from his inventory any such firearm to any other person who is a resident of Virginia until he has (i) obtained written consent and the other information on the consent form specified in subsection A, and provided the Department of State Police with the name, birth date, gender, race, citizenship, and social security and/or any other identification number and the number of firearms by category intended to be sold, rented, traded or transferred and (ii) requested criminal history record information by a telephone call to or other communication authorized by the State Police and is authorized by subdivision 2 to complete the sale or other such transfer. To establish personal identification and residence in Virginia for purposes of this section, a dealer must require any prospective purchaser to present one photo-identification form issued by a governmental agency of the Commonwealth or by the United States Department of Defense that demonstrates that the prospective purchaser resides in Virginia. For the purposes of this section and establishment of residency for firearm purchase, residency of a member of the armed forces shall include both the state in which the member's permanent duty post is located and any nearby state in which the member resides and from which he commutes to the permanent duty post. A member of the armed forces whose photo identification issued by the Department of Defense does not have a Virginia address may establish his Virginia residency with such photo identification and either permanent orders assigning the purchaser to a duty post, including the Pentagon, in Virginia or the purchaser's Leave and Earnings Statement. When the photo identification presented to a dealer by the prospective purchaser is a driver's license or other photo identification issued by the Department of Motor Vehicles, and such identification form contains a date of issue, the dealer shall not, except for a renewed driver's license or other photo identification issued by the Department of Motor Vehicles, sell or otherwise transfer a firearm to the prospective purchaser until 30 days after the date of issue of an original or duplicate driver's license unless the prospective purchaser also presents a copy of his Virginia Department of Motor Vehicles driver's record showing that the original date of issue of the driver's license was more than 30 days prior to the attempted purchase.

In addition, no dealer shall sell, rent, trade, or transfer from his inventory any assault firearm to any person who is not a citizen of the United States or who is not a person lawfully admitted for permanent residence.

Upon receipt of the request for a criminal history record information check, the State Police shall (a) review its criminal history record information to determine if the buyer or transferee is prohibited from possessing or transporting a firearm by state or federal law, (b) inform the dealer if its record indicates that the buyer or transferee is so prohibited, and (c) provide the dealer with a unique reference number for that inquiry.

2. The State Police shall provide its response to the requesting dealer during the dealer's request, or by return call without delay. If the criminal history record information check indicates the prospective purchaser or transferee has a disqualifying criminal record or has been acquitted by reason of insanity and committed to the custody of the Commissioner of Behavioral Health and Developmental Services, the State Police shall have until the end of the dealer's next business day to advise the dealer if its records indicate the buyer or transferee is prohibited from possessing or transporting a firearm by state or federal law. If not so advised by the end of the dealer's next business day, a dealer who has fulfilled the requirements of subdivision 1 may immediately complete the sale or transfer and shall not be deemed in violation of this section with respect to such sale or transfer. In case of electronic failure or other circumstances beyond the control of the State Police, the dealer shall be advised immediately of the reason for such delay and be given an estimate of the length of such delay. After such notification, the State Police shall, as soon as possible but in no event later than the end of the dealer's next business day, inform the requesting dealer if its records indicate the buyer or transferee is prohibited from possessing or transporting a firearm by state or federal law. A dealer who fulfills the requirements of subdivision 1 and is told by the State Police that a response will not be available by the end of the dealer's next business day may immediately complete the sale or transfer and shall not be deemed in violation of this section with respect to such sale or transfer.

3. Except as required by subsection D of § 9.1-132, the State Police shall not maintain records longer than 30 days, except for multiple handgun transactions for which records shall be maintained for 12 months, from any dealer's request for a criminal history record information check pertaining to a buyer or transferee who is not found to be prohibited from possessing and transporting a firearm under state or federal law. However, the log on requests made may be maintained for a period of 12 months, and such log shall consist of the name of the purchaser, the dealer identification number, the unique approval number and the transaction date.

4. On the last day of the week following the sale or transfer of any firearm, the dealer shall mail or deliver the written consent form required by subsection A to the Department of State Police. The State Police shall immediately initiate a search of all available criminal history record information to determine if the purchaser is prohibited from possessing or transporting a firearm under state or federal law. If the search discloses information indicating that the buyer or transferee is so prohibited from possessing or transporting a firearm, the State Police shall inform the chief law-enforcement officer in the jurisdiction where the sale or transfer occurred and the dealer without delay.

5. Notwithstanding any other provisions of this section, rifles and shotguns may be purchased by persons who are citizens of the United States or persons lawfully admitted for permanent residence but residents of other states under the terms of subsections A and B upon furnishing the dealer with one photo-identification form issued by a governmental agency of the person's state of residence and one other form of identification determined to be acceptable by the Department of Criminal Justice Services.

6. For the purposes of this subsection, the phrase "dealer's next business day" shall not include December 25.

C. No dealer shall sell, rent, trade or transfer from his inventory any firearm, except when the transaction involves a rifle or a shotgun and can be accomplished pursuant to the provisions of subdivision B 5 to any person who is not a resident of Virginia unless he has first obtained from the Department of State Police a report indicating that a search of all available criminal history record information has not disclosed that the person is prohibited from possessing or transporting a firearm under state or federal law. The dealer shall obtain the required report by mailing or delivering the written consent form required under subsection A to the State Police within 24 hours of its execution. If the dealer has complied with the provisions of this subsection and has not received the required report from the State Police within 10 days from the date the written consent form was mailed to the Department of State Police, he shall not be deemed in violation of this section for thereafter completing the sale or transfer.

D. Nothing herein shall prevent a resident of the Commonwealth, at his option, from buying, renting or receiving a firearm from a dealer in Virginia by obtaining a criminal history record information check through the dealer as provided in subsection C.

E. If any buyer or transferee is denied the right to purchase a firearm under this section, he may exercise his right of access to and review and correction of criminal history record information under § 9.1-132 or institute a civil action as provided in § 9.1-135, provided any such action is initiated within 30 days of such denial.

F. Any dealer who willfully and intentionally requests, obtains, or seeks to obtain criminal history record information under false pretenses, or who willfully and intentionally disseminates or seeks to disseminate criminal history record information except as authorized in this section shall be guilty of a Class 2 misdemeanor.

A National Instant Criminal Background Check System (NICS) check shall be performed prior to such purchase, trade or transfer of firearms.

§ 19.2-327.2. Issuance of writ of actual innocence based on biological evidence.

Notwithstanding any other provision of law or rule of court, upon a petition of a person who was convicted of a felony ~~upon a plea of not guilty~~ or who was adjudicated delinquent ~~upon a plea of not guilty~~ by a circuit court of an offense that would be a felony if committed by an adult, ~~or for any person, regardless of the plea, sentenced to death, or convicted or adjudicated delinquent of (i) a Class 1 felony, (ii) a Class 2 felony, or (iii) any felony for which the maximum penalty is imprisonment for life,~~ the Supreme Court shall have the authority to issue writs of actual innocence under this chapter. The writ shall lie to the circuit court that entered the felony conviction or adjudication of delinquency and that court shall have the authority to conduct hearings, as provided for in § 19.2-327.5, on such a petition as directed by order from the Supreme Court.

§ 19.2-327.2:1. Petition for writ of actual innocence joined by Attorney General; release of prisoner; bond hearing.

The Attorney General may join in a petition for a writ of actual innocence made pursuant to § 19.2-327.2. When such petition is so joined, the petitioner may file a copy of the petition and attachments thereto and the Attorney General's answer with the circuit court that entered the felony conviction *or adjudication of delinquency* and move the court for a hearing to consider release of the person on bail pursuant to Chapter 9 (§ 19.2-119 et seq.). Upon hearing and for good cause shown, the court may order the person released from custody to the terms and conditions of bail so established, pending a ruling by the Supreme Court on the writ under § 19.2-327.5.

§ 19.2-327.3. Contents and form of the petition based on previously unknown or untested human biological evidence of actual innocence.

A. The petitioner shall allege categorically and with specificity, under oath, the following: (i) the crime for which the petitioner was convicted or the offense for which the petitioner was adjudicated delinquent, ~~and that such conviction or adjudication of delinquency was upon a plea of not guilty or that the person is under a sentence of death or convicted of (a) a Class 1 felony, (b) a Class 2 felony, or (c) any felony for which the maximum penalty is imprisonment for life;~~ (ii) that the petitioner is actually innocent of the crime for which he was convicted or adjudicated delinquent; (iii) an exact description of the human biological evidence and the scientific testing supporting the allegation of innocence; (iv) that the evidence was not previously known or available to the petitioner or his trial attorney of record at the time the conviction or adjudication of delinquency became final in the circuit court, or if known, the reason that the evidence was not subject to the scientific testing set forth in the petition; (v) the date the test results under § 19.2-327.1 became known to the petitioner or any attorney of record; (vi) that the petitioner or his attorney of record has filed the petition within 60 days of obtaining the test results under § 19.2-327.1; (vii) the reason or reasons the evidence will prove that no rational trier of fact would have found proof of guilt or delinquency beyond a reasonable doubt; and (viii) for any conviction or adjudication of delinquency that became final in the circuit court after June 30, 1996, that the evidence was not available for testing under § 9.1-1104. The Supreme Court may issue a stay of execution pending proceedings under the petition. Nothing in this chapter shall constitute grounds to delay setting an execution date pursuant to § 53.1-232.1 or to grant a stay of execution that has been set pursuant to clause (iii) or (iv) of § 53.1-232.1.

B. Such petition shall contain all relevant allegations of facts that are known to the petitioner at the time of filing and shall enumerate and include all previous records, applications, petitions, and appeals and their dispositions. A copy of any test results shall be filed with the petition. The petition shall be filed on a form provided by the Supreme Court. If the petitioner fails to submit a completed form, the Court may dismiss the petition or return the petition to the prisoner pending

the completion of such form. The petitioner shall be responsible for all statements contained in the petition. Any false statement in the petition, if such statement is knowingly or willfully made, shall be a ground for prosecution and conviction of perjury as provided for in § 18.2-434.

C. The Supreme Court shall not accept the petition unless it is accompanied by a duly executed return of service in the form of a verification that a copy of the petition and all attachments has been served on the attorney for the Commonwealth of the jurisdiction where the conviction or adjudication of delinquency occurred and the Attorney General or an acceptance of service signed by these officials, or any combination thereof. The Attorney General shall have 30 days after receipt of the record by the clerk of the Supreme Court in which to file a response to the petition. The response may contain a proffer of any evidence pertaining to the guilt or delinquency or innocence of the petitioner that is not included in the record of the case, including evidence that was suppressed at trial.

D. The Supreme Court may, when the case has been before a trial or appellate court, inspect the record of any trial or appellate court action, and the Court may, in any case, award a writ of certiorari to the clerk of the respective court below, and have brought before the Court the whole record or any part of any record.

E. In any petition filed pursuant to this chapter, the petitioner is entitled to representation by counsel subject to the provisions of Article 3 (§ 19.2-157 et seq.) of Chapter 10.

§ 19.2-327.5. Relief under writ.

Upon consideration of the petition, the response by the Commonwealth, previous records of the case, the record of any hearing held under this chapter and the record of any hearings held pursuant to § 19.2-327.1, and if applicable, any findings certified from the circuit court pursuant to § 19.2-327.4, the Supreme Court shall either dismiss the petition for failure to state a claim or assert grounds upon which relief shall be granted; or upon a hearing the Court shall (i) dismiss the petition for failure to establish allegations sufficient to justify the issuance of the writ or (ii) only upon a finding of ~~clear and convincing~~ *by a preponderance of the evidence* that the petitioner has proven all of the allegations contained in clauses (iv) through (viii) of subsection A of § 19.2-327.3, and upon a finding that no rational trier of fact would have found proof of guilt or delinquency beyond a reasonable doubt, grant the writ, and vacate the conviction or adjudication of delinquency, or in the event that the Court finds that no rational trier of fact would have found sufficient evidence beyond a reasonable doubt as to one or more elements of the offense for which the petitioner was convicted or adjudicated delinquent, but the Court finds that there remains in the original trial record evidence sufficient to find the petitioner guilty or delinquent beyond a reasonable doubt of a lesser included offense, the Court shall modify the conviction or adjudication of delinquency accordingly and remand the case to the circuit court for resentencing. The burden of proof in a proceeding brought pursuant to this chapter shall be upon the convicted or delinquent person seeking relief. If a writ vacating a conviction or adjudication of delinquency is granted, the Court shall forward a copy of the writ to the circuit court, where an order of expungement shall be immediately granted.

§ 19.2-327.10. Issuance of writ of actual innocence based on nonbiological evidence.

Notwithstanding any other provision of law or rule of court, upon a petition of a person who was convicted of a felony ~~upon a plea of not guilty~~, or the petition of a person who was adjudicated delinquent; ~~upon a plea of not guilty~~, by a circuit court of an offense that would be a felony if committed by an adult, the Court of Appeals shall have the authority to issue writs of actual innocence under this chapter. ~~Only one such writ based upon such conviction or adjudication of delinquency may be filed by a petitioner.~~ The writ shall lie to the circuit court that entered the conviction or the adjudication of delinquency and that court shall have the authority to conduct hearings, as provided for in this chapter, on such a petition as directed by order from the Court of Appeals. In accordance with §§ 17.1-411 and 19.2-317, either party may appeal a final decision of the Court of Appeals to the Supreme Court of Virginia. Upon an appeal from the Court of Appeals, the Supreme Court of Virginia shall have the authority to issue writs in accordance with the provisions of this chapter.

§ 19.2-327.10:1. Petition for writ of actual innocence joined by Attorney General; release of prisoner; bond hearing.

The Attorney General may join in a petition for a writ of actual innocence made pursuant to § 19.2-327.10. When such petition is so joined, the petitioner may file a copy of the petition and attachments thereto and the Attorney General's answer with the circuit court that entered the felony conviction *or adjudication of delinquency* and move the court for a hearing to consider release of the person on bail pursuant to Chapter 9 (§ 19.2-119 et seq.). Upon hearing and for good cause shown, the court may order the person released from custody subject to the terms and conditions of bail so established, pending a ruling by the Court of Appeals on the writ under § 19.2-327.13.

§ 19.2-327.11. Contents and form of the petition based on previously unknown or unavailable evidence of actual innocence.

A. The petitioner shall allege categorically and with specificity, under oath, all of the following: (i) the crime for which the petitioner was convicted or the offense for which the petitioner was adjudicated delinquent; ~~and that such conviction or adjudication of delinquency was upon a plea of not guilty~~; (ii) that the petitioner is actually innocent of the crime for which he was convicted or the offense for which he was adjudicated delinquent; (iii) an exact description of (a) the previously unknown or unavailable evidence supporting the allegation of innocence or (b) *the previously untested evidence and the scientific testing supporting the allegation of innocence*; (iv) (a) that such evidence was previously unknown or unavailable to the petitioner or his trial attorney of record at the time the conviction or adjudication of delinquency became final in the circuit court or (b) *if known, the reason that the evidence was not subject to scientific testing set forth in the petition*; (v) the date (a) the previously unknown or unavailable evidence became known or available to the petitioner; and the

circumstances under which it was discovered or (b) the results of the scientific testing of previously untested evidence became known to the petitioner or any attorney of record; (vi) (a) that the previously unknown or unavailable evidence is such as could not, by the exercise of diligence, have been discovered or obtained before the expiration of 21 days following entry of the final order of conviction or adjudication of delinquency by the circuit court or (b) that the testing procedure was not available at the time the conviction or adjudication of delinquency became final in the circuit court; (vii) that the previously unknown ~~or~~, unavailable, or untested evidence is material and, when considered with all of the other evidence in the current record, will prove that no rational trier of fact would have found proof of guilt or delinquency beyond a reasonable doubt; and (viii) that the previously unknown ~~or~~, unavailable, or untested evidence is not merely cumulative, corroborative, or collateral. Nothing in this chapter shall constitute grounds to delay setting an execution date pursuant to § 53.1-232.1 or to grant a stay of execution that has been set pursuant to clause (iii) or (iv) of § 53.1-232.1 or to delay or stay any other appeals following conviction or adjudication of delinquency, or petitions to any court. Human biological evidence may not be used as the sole basis for seeking relief under this writ but may be used in conjunction with other evidence.

B. Such petition shall contain all relevant allegations of facts that are known to the petitioner at the time of filing; shall be accompanied by all relevant documents, affidavits, and test results; and shall enumerate and include all relevant previous records, applications, petitions, and appeals and their dispositions. The petition shall be filed on a form provided by the Supreme Court. If the petitioner fails to submit a completed form, the Court of Appeals may dismiss the petition or return the petition to the petitioner pending the completion of such form. Any false statement in the petition, if such statement is knowingly or willfully made, shall be a ground for prosecution of perjury as provided for in § 18.2-434.

C. In cases brought by counsel for the petitioner, the Court of Appeals shall not accept the petition unless it is accompanied by a duly executed return of service in the form of a verification that a copy of the petition and all attachments have been served on the attorney for the Commonwealth of the jurisdiction where the conviction or adjudication of delinquency occurred and the Attorney General, or an acceptance of service signed by these officials, or any combination thereof. In cases brought by petitioners pro se, the Court of Appeals shall not accept the petition unless it is accompanied by a certificate that a copy of the petition and all attachments have been sent, by certified mail, to the attorney for the Commonwealth of the jurisdiction where the conviction or adjudication of delinquency occurred and the Attorney General. If the Court of Appeals does not summarily dismiss the petition, it shall so notify in writing the Attorney General, the attorney for the Commonwealth, and the petitioner. The Attorney General shall have 60 days after receipt of such notice in which to file a response to the petition that may be extended for good cause shown; however, nothing shall prevent the Attorney General from filing an earlier response. The response may contain a proffer of any evidence pertaining to the guilt or delinquency or innocence of the petitioner that is not included in the record of the case, including evidence that was suppressed at trial.

D. The Court of Appeals may inspect the record of any trial or appellate court action, and the Court may, in any case, award a writ of certiorari to the clerk of the respective court below, and have brought before the Court the whole record or any part of any record. If, in the judgment of the Court, the petition fails to state a claim, or if the assertions of previously unknown ~~or~~, unavailable, or untested evidence, even if true, would fail to qualify for the granting of relief under this chapter, the Court may dismiss the petition summarily, without any hearing or a response from the Attorney General.

E. In any petition filed pursuant to this chapter that is not summarily dismissed, the petitioner is entitled to representation by counsel subject to the provisions of Article 3 (§ 19.2-157 et seq.) and Article 4 (§ 19.2-163.3 et seq.) of Chapter 10. The Court of Appeals may, in its discretion, appoint counsel prior to deciding whether a petition should be summarily dismissed.

§ 19.2-327.13. Relief under writ.

Upon consideration of the petition, the response by the Commonwealth, previous records of the case, the record of any hearing held under this chapter, and, if applicable, any findings certified from the circuit court pursuant to an order issued under this chapter, the Court of Appeals, if it has not already summarily dismissed the petition, shall either dismiss the petition for failure to state a claim or assert grounds upon which relief shall be granted; or the Court shall (i) dismiss the petition for failure to establish previously unknown ~~or~~, unavailable, or untested evidence sufficient to justify the issuance of the writ, or (ii) only upon a finding that the petitioner has proven by ~~clear and convincing~~ a preponderance of the evidence all of the allegations contained in clauses (iv) through (viii) of subsection A of § 19.2-327.11, and upon a finding that no rational trier of fact would have found proof of guilt or delinquency beyond a reasonable doubt, grant the writ, and vacate the conviction or finding of delinquency, or in the event that the Court finds that no rational trier of fact would have found sufficient evidence beyond a reasonable doubt as to one or more elements of the offense for which the petitioner was convicted or adjudicated delinquent, but the Court finds that there remains in the original trial record evidence sufficient to find the petitioner guilty or delinquent beyond a reasonable doubt of a lesser included offense, the Court shall modify the order of conviction or delinquency accordingly and remand the case to the circuit court that entered the conviction or adjudication of delinquency for resentencing. The burden of proof in a proceeding brought pursuant to this chapter shall be upon the convicted or delinquent person seeking relief. If a writ vacating a conviction or adjudication of delinquency is granted, and no appeal is made to the Supreme Court, or the Supreme Court denies the Commonwealth's petition for appeal or upholds the decision of the Court of Appeals to grant the writ, the Court of Appeals shall forward a copy of the writ to the circuit court, where an order of expungement shall be immediately granted.

§ 19.2-327.2. Issuance of writ of actual innocence based on biological evidence.

Notwithstanding any other provision of law or rule of court, upon a petition of a person who was convicted of a felony upon a plea of not guilty or who was adjudicated delinquent upon a plea of not guilty by a circuit court of an offense that would be a felony if committed by an adult, or for any person, regardless of the plea, sentenced to death, or convicted or adjudicated delinquent of (i) a Class 1 felony; (ii) a Class 2 felony; or (iii) any felony for which the maximum penalty is imprisonment for life, the Supreme Court shall have the authority to issue writs of actual innocence under this chapter. The writ shall lie to the circuit court that entered the felony conviction or adjudication of delinquency and that court shall have the authority to conduct hearings, as provided for in § 19.2-327.5, on such a petition as directed by order from the Supreme Court.

§ 19.2-327.2:1. Petition for writ of actual innocence joined by Attorney General; release of prisoner; bond hearing.

The Attorney General may join in a petition for a writ of actual innocence made pursuant to § 19.2-327.2. When such petition is so joined, the petitioner may file a copy of the petition and attachments thereto and the Attorney General's answer with the circuit court that entered the felony conviction or adjudication of delinquency and move the court for a hearing to consider release of the person on bail pursuant to Chapter 9 (§ 19.2-119 et seq.). Upon hearing and for good cause shown, the court may order the person released from custody subject to the terms and conditions of bail so established, pending a ruling by the Supreme Court on the writ under § 19.2-327.5.

§ 19.2-327.3. Contents and form of the petition based on previously unknown or untested human biological evidence of actual innocence.

A. The petitioner shall allege categorically and with specificity, under oath, the following: (i) the crime for which the petitioner was convicted or the offense for which the petitioner was adjudicated delinquent, and that such conviction or adjudication of delinquency was upon a plea of not guilty or that the person is under a sentence of death or convicted of (a) a Class 1 felony; (b) a Class 2 felony; or (c) any felony for which the maximum penalty is imprisonment for life; (ii) that the petitioner is actually innocent of the crime for which he was convicted or adjudicated delinquent; (iii) an exact description of the human biological evidence and the scientific testing supporting the allegation of innocence; (iv) that the evidence was not previously known or available to the petitioner or his trial attorney of record at the time the conviction or adjudication of delinquency became final in the circuit court, or if known, the reason that the evidence was not subject to the scientific testing set forth in the petition; (v) the date the test results under § 19.2-327.1 became known to the petitioner or any attorney of record; (vi) that the petitioner or his attorney of record has filed the petition within 60 days of obtaining the test results under § 19.2-327.1; (vii) the reason or reasons the evidence will prove that no rational trier of fact would have found proof of guilt or delinquency beyond a reasonable doubt; and (viii) for any conviction or adjudication of delinquency that became final in the circuit court after June 30, 1996, that the evidence was not available for testing under § 9.1-1104. The Supreme Court may issue a stay of execution pending proceedings under the petition. Nothing in this chapter shall constitute grounds to delay setting an execution date pursuant to § 53.1-232.1 or to grant a stay of execution that has been set pursuant to clause (iii) or (iv) of § 53.1-232.1.

B. Such petition shall contain all relevant allegations of facts that are known to the petitioner at the time of filing and shall enumerate and include all previous records, applications, petitions, and appeals and their dispositions. A copy of any test results shall be filed with the petition. The petition shall be filed on a form provided by the Supreme Court. If the petitioner fails to submit a completed form, the Court may dismiss the petition or return the petition to the prisoner pending the completion of such form. The petitioner shall be responsible for all statements contained in the petition. Any false statement in the petition, if such statement is knowingly or willfully made, shall be a ground for prosecution and conviction of perjury as provided for in § 18.2-434.

C. The Supreme Court shall not accept the petition unless it is accompanied by a duly executed return of service in the form of a verification that a copy of the petition and all attachments has been served on the attorney for the Commonwealth of the jurisdiction where the conviction or adjudication of delinquency occurred and the Attorney General or an acceptance of service signed by these officials, or any combination thereof. The Attorney General shall have 30 days after receipt of the record by the clerk of the Supreme Court in which to file a response to the petition. The response may contain a proffer of any evidence pertaining to the guilt or delinquency or innocence of the petitioner that is not included in the record of the case, including evidence that was suppressed at trial.

D. The Supreme Court may, when the case has been before a trial or appellate court, inspect the record of any trial or appellate court action, and the Court may, in any case, award a writ of certiorari to the clerk of the respective court below, and have brought before the Court the whole record or any part of any record.

E. In any petition filed pursuant to this chapter, the petitioner is entitled to representation by counsel subject to the provisions of Article 3 (§ 19.2-157 et seq.) of Chapter 10.

§ 19.2-327.5. Relief under writ.

Upon consideration of the petition, the response by the Commonwealth, previous records of the case, the record of any hearing held under this chapter and the record of any hearings held pursuant to § 19.2-327.1, and if applicable, any findings certified from the circuit court pursuant to § 19.2-327.4, the Supreme Court shall either dismiss the petition for failure to state a claim or assert grounds upon which relief shall be granted; or upon a hearing the Court shall (i) dismiss the petition for failure to establish allegations sufficient to justify the issuance of the writ or (ii) only upon a finding of ~~clear and convincing by a preponderance of the evidence~~ that the petitioner has proven all of the allegations contained in clauses (iv) through (viii) of subsection A of § 19.2-327.3, and upon a finding that no rational trier of fact would have found proof of guilt or delinquency beyond a reasonable doubt, grant the writ, and vacate the conviction or adjudication of delinquency, or in the event that the Court finds that no rational trier of fact would have found sufficient evidence beyond a reasonable doubt as to one or more elements of the offense for which the petitioner was convicted or adjudicated delinquent, but the Court finds that there remains in the original trial record evidence sufficient to find the petitioner guilty or delinquent beyond a reasonable doubt of a lesser included offense, the Court shall modify the conviction or adjudication of delinquency accordingly and remand the case to the circuit court for resentencing. The burden of proof in a proceeding brought pursuant to this chapter shall be upon the convicted or delinquent person seeking relief. If a writ vacating a conviction or adjudication of delinquency is granted, the Court shall forward a copy of the writ to the circuit court, where an order of expungement shall be immediately granted.

§ 19.2-327.10. Issuance of writ of actual innocence based on nonbiological evidence.

Notwithstanding any other provision of law or rule of court, upon a petition of a person who was convicted of a felony ~~upon a plea of not guilty~~, or the petition of a person who was adjudicated delinquent, ~~upon a plea of not guilty~~, by a circuit court of an offense that would be a felony if committed by an adult, the Court of Appeals shall have the authority to issue writs of actual innocence under this chapter. ~~Only one such writ based upon such conviction or adjudication of delinquency may be filed by a petitioner.~~ The writ shall lie to the circuit court that entered the conviction or the adjudication of delinquency and that court shall have the authority to conduct hearings, as provided for in this chapter, on such a petition as directed by order from the Court of Appeals. In accordance with §§ 17.1-411 and 19.2-317, either party may appeal a final decision of the Court of Appeals to the Supreme Court of Virginia. Upon an appeal from the Court of Appeals, the Supreme Court of Virginia shall have the authority to issue writs in accordance with the provisions of this chapter.

§ 19.2-327.10:1. Petition for writ of actual innocence joined by Attorney General; release of prisoner; bond hearing.

The Attorney General may join in a petition for a writ of actual innocence made pursuant to § 19.2-327.10. When such petition is so joined, the petitioner may file a copy of the petition and attachments thereto and the Attorney General's answer with the circuit court that entered the felony conviction or *adjudication of delinquency* and move the court for a hearing to consider release of the person on bail pursuant to Chapter 9 (§ 19.2-119 et seq.). Upon hearing and for good cause shown, the court may order the person released from custody subject to the terms and conditions of bail so established, pending a ruling by the Court of Appeals on the writ under § 19.2-327.13.

§ 19.2-327.11. Contents and form of the petition based on previously unknown or unavailable evidence of actual innocence.

A. The petitioner shall allege categorically and with specificity, under oath, all of the following: (i) the crime for which the petitioner was convicted or the offense for which the petitioner was adjudicated delinquent, ~~and that such conviction or adjudication of delinquency was upon a plea of not guilty~~; (ii) that the petitioner is actually innocent of the crime for which he was convicted or the offense for which he was adjudicated delinquent; (iii) an exact description of (a) the previously unknown or unavailable evidence supporting the allegation of innocence or (b) *the previously untested evidence and the scientific testing supporting the allegation of innocence*; (iv) (a) that such evidence was previously unknown or unavailable to the petitioner or his trial attorney of record at the time the conviction or adjudication of delinquency became final in the circuit court or (b) *if known, the reason that the evidence was not subject to scientific testing set forth in the petition*; (v) the date (a) the previously unknown or unavailable evidence became known or available to the petitioner, and the circumstances under which it was discovered or (b) *the results of the scientific testing of previously untested evidence became known to the petitioner or any attorney of record*; (vi) (a) that the previously unknown or unavailable evidence is such as could not, by the exercise of diligence, have been discovered or obtained before the expiration of 21 days following entry of the final order of conviction or adjudication of delinquency by the circuit court or (b) *that the testing procedure was not available at the time the conviction or adjudication of delinquency became final in the circuit court*; (vii) *that the previously unknown or, unavailable, or untested evidence is material and, when considered with all of the other evidence in the current record, will prove that no rational trier of fact would have found proof of guilt or delinquency beyond a reasonable doubt*; and (viii) *that the previously unknown or, unavailable, or untested evidence is not merely cumulative, corroborative, or collateral. Nothing in this chapter shall constitute grounds to delay setting an execution date pursuant to § 53.1-232.1 or to grant a stay of execution that has been set pursuant to clause (iii) or (iv) of § 53.1-232.1 or to delay or stay*

any other appeals following conviction or adjudication of delinquency, or petitions to any court. Human biological evidence may not be used as the sole basis for seeking relief under this writ but may be used in conjunction with other evidence.

B. Such petition shall contain all relevant allegations of facts that are known to the petitioner at the time of filing; shall be accompanied by all relevant documents, affidavits, and test results; and shall enumerate and include all relevant previous records, applications, petitions, and appeals and their dispositions. The petition shall be filed on a form provided by the Supreme Court. Any false statement in the petition, if such statement is knowingly or willfully made, shall be a ground for prosecution of perjury as provided for in § 18.2-434.

C. CHAPTER 995

An Act to amend and reenact §§ 16.1-309.1, 19.2-83.2, 53.1-218, and 53.1-219 of the Code of Virginia, relating to inquiry and report of immigration status; persons charged with or convicted of certain crimes.

[H 1150]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-309.1, 19.2-83.2, 53.1-218, and 53.1-219 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-309.1. Exception as to confidentiality.

A. Notwithstanding any other provision of this article, where consideration of public interest requires, the judge shall make available to the public the name and address of a juvenile and the nature of the offense for which a juvenile has been adjudicated delinquent (i) for an act which would be a Class 1, 2, or 3 felony, forcible rape, robbery or burglary or a related offense as set out in Article 2 (§ 18.2-89 et seq.) of Chapter 5 of Title 18.2 if committed by an adult or (ii) in any case where a juvenile is sentenced as an adult in circuit court.

B. 1. a. At any time prior to disposition, if a juvenile charged with a delinquent act which would constitute a felony if committed by an adult, or held in custody by a law-enforcement officer, or held in a secure facility pursuant to such charge becomes a fugitive from justice, the attorney for the Commonwealth or, upon notice to the Commonwealth's attorney, the Department of Juvenile Justice or a locally operated court services unit, may, with notice to the juvenile's attorney of record, petition the court having jurisdiction of the offense to authorize public release of the juvenile's name, age, physical description and photograph, the charge for which he is sought or for which he was adjudicated and any other information which may expedite his apprehension. Upon a showing that the juvenile is a fugitive and for good cause, the court shall order release of this information to the public. If a juvenile charged with a delinquent act that would constitute a felony if committed by an adult, or held in custody by a law-enforcement officer, or held in a secure facility pursuant to such charge becomes a fugitive from justice at a time when the court is not in session, the Commonwealth's attorney, the Department of Juvenile Justice, or a locally operated court services unit may, with notice to the juvenile's attorney of record, authorize the public release of the juvenile's name, age, physical description and photograph, the charge for which he is sought, and any other information which may expedite his apprehension.

b. At any time prior to disposition, if a juvenile charged with a delinquent act which would constitute a misdemeanor if committed by an adult, or held in custody by a law-enforcement officer, or held in a secure facility pursuant to such charge becomes a fugitive from justice, the attorney for the Commonwealth may, with notice to the juvenile's attorney of record, petition the court having jurisdiction of the offense to authorize public release of the juvenile's name, age, physical description and photograph, the charge for which he is sought or for which he was adjudicated and any other information which may expedite his apprehension. Upon a showing that the juvenile is a fugitive and for good cause, the court shall order release of this information to the public. If a juvenile charged with a delinquent act that would constitute a misdemeanor if committed by an adult, or held in custody by a law-enforcement officer, or held in a secure facility pursuant to such charge becomes a fugitive from justice at a time when the court is not in session, the attorney for the Commonwealth may, with notice to the juvenile's attorney of record, authorize the public release of the juvenile's name, age, physical description and photograph, the charge for which he is sought, and any other information which may expedite his apprehension.

2. After final disposition, if a juvenile (i) found to have committed a delinquent act becomes a fugitive from justice or (ii) who has been committed to the Department of Juvenile Justice pursuant to subdivision 14 of § 16.1-278.8 or 16.1-285.1 becomes a fugitive from justice by escaping from a facility operated by or under contract with the Department or from the custody of any employee of such facility, the Department may release to the public the juvenile's name, age, physical description and photograph, the charge for which he is sought or for which he was committed, and any other information which may expedite his apprehension. The Department shall promptly notify the attorney for the Commonwealth of the jurisdiction in which the juvenile was tried whenever information is released pursuant to this subdivision. If a juvenile specified in clause (i) being held after disposition in a secure facility not operated by or under contract with the Department becomes a fugitive by such escape, the attorney for the Commonwealth of the locality in which the facility is located may release the information as provided in this subdivision.

C. Whenever a juvenile 14 years of age or older is charged with a delinquent act that would be a criminal violation of Article 2 (§ 18.2-38 et seq.) of Chapter 4 of Title 18.2, a felony involving a weapon, a felony violation of Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2, or an "act of violence" as defined in subsection A of § 19.2-297.1 if committed by an adult, the judge may, where consideration of the public interest requires, make the juvenile's name and address available to the public.

D. Upon the request of a victim of a delinquent act that would be a felony or that would be a misdemeanor violation of § 16.1-253.2, 18.2-57, 18.2-57.2, 18.2-60.3, 18.2-60.4, 18.2-67.4, or 18.2-67.5 if committed by an adult, the court may order that such victim be informed of the charge or charges brought, the findings of the court, and the disposition of the case. For purposes of this section, "victim" shall be defined as in § 19.2-11.01.

E. Upon request, the judge or clerk may disclose if an order of emancipation of a juvenile pursuant to § 16.1-333 has been entered, provided (i) the order is not being appealed, (ii) the order has not been terminated, or (iii) there has not been a judicial determination that the order is void ab initio.

F. Notwithstanding any other provision of law, a copy of any court order that imposes a curfew or other restriction on a juvenile may be provided to the chief law-enforcement officer of the county or city wherein the juvenile resides. The chief law-enforcement officer shall only disclose information contained in the court order to other law-enforcement officers in the conduct of official duties.

G. Notwithstanding any other provision of law, where consideration of public safety requires, the Department and locally operated court service unit shall release information relating to a juvenile's criminal street gang involvement, if any, and the criminal street gang-related activity and membership of others, as criminal street gang is defined in § 18.2-46.1, obtained from an investigation or supervision of a juvenile and shall include the identity or identifying information of the juvenile; however, the Department and local court service unit shall not release the identifying information of a juvenile not

affiliated with or involved in a criminal street gang unless that information relates to a specific criminal act. Such information shall be released to any State Police, local police department, sheriff's office, or law-enforcement task force that is a part of or administered by the Commonwealth or any political subdivision thereof, and that is responsible for the prevention and detection of crime and the enforcement of the penal, traffic, or highway laws of the Commonwealth. The exchange of information shall be for the purpose of an investigation into criminal street gang activity.

H. Notwithstanding any other provision of Article 12 (§ 16.1-299 et seq.), ~~an intake officer~~ *a clerk of the court* shall report to the Bureau of Immigration and Customs Enforcement of the ~~United States~~ *U.S.* Department of Homeland Security a juvenile who has been detained in a secure facility ~~based on an allegation that the juvenile committed~~ *but only upon an adjudication of delinquency or finding of guilt for a violent juvenile felony* and ~~who the intake officer has probable cause to believe when there is evidence that the juvenile is in the United States illegally.~~

§ 19.2-83.2. Jail officer to ascertain citizenship of inmate.

Whenever any person is taken into custody at any jail *for a felony offense*, the sheriff or other officer in charge of such facility shall inquire as to whether the person (i) was born in a country other than the United States; and (ii) is a citizen of a country other than the United States. CHAPTER 998

An Act to amend and reenact §§ 55.1-1204, 55.1-1206, 55.1-1208, and 55.1-1226 of the Code of Virginia, relating to landlord and tenant, damage insurance in lieu of security deposit.

[H 1333]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 55.1-1204, 55.1-1206, 55.1-1208, and 55.1-1226 of the Code of Virginia are amended and reenacted as follows:

§ 55.1-1204. Terms and conditions of rental agreement; payment of rent; copy of rental agreement for tenant.

A. A landlord and tenant may include in a rental agreement terms and conditions not prohibited by this chapter or other rule of law, including rent, charges for late payment of rent, the term of the agreement, automatic renewal of the rental agreement, requirements for notice of intent to vacate or terminate the rental agreement, and other provisions governing the rights and obligations of the parties.

B. The landlord shall offer the tenant a written rental agreement containing the terms governing the rental of the dwelling unit and setting forth the terms and conditions of the landlord tenant relationship. Such written rental agreement shall be effective upon the date signed by the parties.

C. If a landlord does not offer a written rental agreement, the tenancy shall exist by operation of law, consisting of the following terms and conditions:

1. The provision of this chapter shall be applicable to the dwelling unit that is being rented;

2. The duration of the rental agreement shall be for 12 months and shall not be subject to automatic renewal, except in the event of a month-to-month lease as otherwise provided for under subsection C of § 55.1-1253;

3. Rent shall be paid in 12 equal periodic installments in an amount agreed upon by the landlord and the tenant and if no amount is agreed upon, the installments shall be at fair market rent;

4. Rent payments shall be due on the first day of each month during the tenancy and shall be considered late if not paid by the fifth of the month;

5. If the rent is paid by the tenant after the fifth day of any given month, the landlord shall be entitled to charge a late charge as provided in this chapter;

6. The landlord may collect a security deposit *in an amount, or require damage insurance coverage for an amount, or any combination thereof*, not to exceed ~~an~~ a total amount equal to two months of rent; and

7. The parties may enter into a written rental agreement at any time during the 12-month tenancy created by this subsection.

D. Except as provided in the written rental agreement, or as provided in subsection C if no written agreement is offered, rent shall be payable without demand or notice at the time and place agreed upon by the parties. Except as provided in the written rental agreement, rent is payable at the place designated by the landlord, and periodic rent is payable at the beginning of any term of one month or less and otherwise in equal installments at the beginning of each month. If the landlord receives from a tenant a written request for a written statement of charges and payments, he shall provide the tenant with a written statement showing all debits and credits over the tenancy or the past 12 months, whichever is shorter. The landlord shall provide such written statement within 10 business days of receiving the request.

E. Except as provided in the written rental agreement or, as provided in subsection C if no written agreement is offered, the tenancy shall be week-to-week in the case of a tenant who pays weekly rent and month-to-month in all other cases. Terminations of tenancies shall be governed by § 55.1-1253 unless the rental agreement provides for a different notice period.

F. If the rental agreement contains any provision allowing the landlord to approve or disapprove a sublessee or assignee of the tenant, the landlord shall, within 10 business days of receipt of the written application of the prospective sublessee or

assignee on a form to be provided by the landlord, approve or disapprove the sublessee or assignee. Failure of the landlord to act within 10 business days is evidence of his approval.

G. The landlord shall provide a copy of any written rental agreement signed by both the tenant and the landlord to the tenant within one month of the effective date of the written rental agreement. The failure of the landlord to deliver such a rental agreement shall not affect the validity of the agreement.

H. No unilateral change in the terms of a rental agreement by a landlord or tenant shall be valid unless (i) notice of the change is given in accordance with the terms of the rental agreement or as otherwise required by law and (ii) both parties consent in writing to the change.

I. The landlord shall provide the tenant with a written receipt, upon request from the tenant, whenever the tenant pays rent in the form of cash or money order.

§ 55.1-1206. Landlord may obtain certain insurance for tenant.

A. A landlord may require as a condition of tenancy that a tenant have commercial insurance coverage as specified in the rental agreement to secure the performance by the tenant of the terms and conditions of the rental agreement and pay for the cost of premiums for such insurance coverage obtained by the landlord, generally known as "damage insurance." As provided in § 55.1-1200, such payments shall not be deemed a security deposit, but shall be rent. However, as provided in § 55.1-1208, the landlord shall not require a tenant to pay both a security deposit and the cost of damage insurance premiums, if the total amount of any security deposit and damage insurance ~~premiums coverage~~ exceeds the amount of two months' periodic rent. The landlord shall notify a tenant in writing that the tenant has the right to obtain a separate policy from the landlord's policy for damage insurance. If a tenant elects to obtain a separate policy, the tenant shall submit to the landlord written proof of such coverage and shall maintain such coverage at all times during the term of the rental agreement. Where a landlord obtains damage insurance coverage on behalf of a tenant, the insurance policy shall provide coverage for the tenant as an insured. The landlord shall recover from the tenant the actual costs of such insurance coverage and may recover administrative or other fees associated with administration of a damage insurance policy, including a tenant opting out of the insurance coverage provided by the landlord pursuant to this subsection. If a landlord obtains damage insurance for his tenants, the landlord shall provide to each tenant, prior to execution of the rental agreement, a summary of the insurance policy or certificate evidencing the coverage being provided and upon request of the tenant make available a copy of the insurance policy.

B. A landlord may require as a condition of tenancy that a tenant have renter's insurance as specified in the rental agreement that is a combination multi-peril policy containing fire, miscellaneous property, and personal liability coverage insuring personal property located in dwelling units not occupied by the owner. A landlord may require a tenant to pay for the cost of premiums for such insurance obtained by the landlord, in order to provide such coverage for the tenant as part of rent or as otherwise provided in this section. As provided in § 55.1-1200, such payments shall not be deemed a security deposit but shall be rent. The landlord shall notify a tenant in writing that the tenant has the right to obtain a separate policy from the landlord's policy for renter's insurance. If a tenant elects to obtain a separate policy, the tenant shall submit to the landlord written proof of such coverage and shall maintain such coverage at all times during the term of the rental agreement. If a tenant allows his renter's insurance policy required by the rental agreement to lapse for any reason, the landlord may provide any landlord's renter's insurance coverage to such tenant. The tenant shall be obligated to pay for the cost of premiums for such insurance as rent or as otherwise provided herein until the tenant has provided written documentation to the landlord showing that the tenant has reinstated his own renter's insurance coverage.

C. If the landlord requires that such premiums be paid prior to the commencement of the tenancy, the total amount of all security deposits ~~and~~ insurance ~~premiums coverage~~ for damage insurance, and *insurance premiums for renter's insurance* shall not exceed the amount of two months' periodic rent. Otherwise, the landlord may add a monthly amount as additional rent to recover the costs of such insurance coverage.

D. Where a landlord obtains renter's insurance coverage on behalf of a tenant, the insurance policy shall provide coverage for the tenant as an insured. The landlord shall recover from the tenant the actual costs of such insurance coverage and may recover administrative or other fees associated with the administration of a renter's insurance program, including a tenant opting out of the insurance coverage provided to the tenant pursuant to this subsection. If a landlord obtains renter's insurance for his tenants, the landlord shall provide to each tenant, prior to execution of the rental agreement, a summary of the insurance policy prepared by the insurer or certificate evidencing the coverage being provided and upon request of the tenant make available a copy of the insurance policy. Such summary or certificate shall include a statement regarding whether the insurance policy contains a waiver of subrogation provision. Any failure of the landlord to provide such summary or certificate, or to make available a copy of the insurance policy, shall not affect the validity of the rental agreement.

If the rental agreement does not require the tenant to obtain renter's insurance, the landlord shall provide a written notice to the tenant, prior to the execution of the rental agreement, stating that (i) the landlord is not responsible for the tenant's personal property, (ii) the landlord's insurance coverage does not cover the tenant's personal property, and (iii) if the tenant wishes to protect his personal property, he should obtain renter's insurance. The notice shall inform the tenant that any such renter's insurance obtained by the tenant does not cover flood damage and advise the tenant to contact the Federal Emergency Management Agency (FEMA) or visit the websites for FEMA's National Flood Insurance Program or for the Virginia Department of Conservation and Recreation's Flood Risk Information System to obtain information regarding whether the property is located in a special flood hazard area. Any failure of the landlord to provide such notice shall not

affect the validity of the rental agreement. If the tenant requests translation of the notice from the English language to another language, the landlord may assist the tenant in obtaining a translator or refer the tenant to an electronic translation service. In doing so, the landlord shall not be deemed to have breached any of his obligations under this chapter or otherwise become liable for any inaccuracies in the translation. The landlord shall not charge a fee for such assistance or referral.

E. Nothing in this section shall be construed to prohibit the landlord from recovering from the tenant, as part of the rent, the tenant's prorated share of the actual costs of other insurance coverages provided by the landlord relative to the premises, or the tenant's prorated share of a self-insurance program held in an escrow account by the landlord, including the landlord's administrative or other fees associated with the administration of such coverages. The landlord may apply such funds held in escrow to pay claims pursuant to the landlord's self-insurance plan.

§ 55.1-1208. Prohibited provisions in rental agreements.

A. A rental agreement shall not contain provisions that the tenant:

1. Agrees to waive or forgo rights or remedies under this chapter;

2. Agrees to waive or forgo rights or remedies pertaining to the 120-day conversion or rehabilitation notice required in the Virginia Condominium Act (§ 55.1-1900 et seq.) or the Virginia Real Estate Cooperative Act (§ 55.1-2100 et seq.) or under § 55.1-1410;

3. Authorizes any person to confess judgment on a claim arising out of the rental agreement;

4. Agrees to pay the landlord's attorney fees except as provided in this chapter;

5. Agrees to the exculpation or limitation of any liability of the landlord to the tenant arising under law or to indemnify the landlord for that liability or any associated costs;

6. Agrees as a condition of tenancy in public housing to a prohibition or restriction of any lawful possession of a firearm within individual dwelling units unless required by federal law or regulation; or

7. Agrees to both the payment of a security deposit and the provision of a bond or commercial insurance policy purchased by the tenant to secure the performance of the terms and conditions of a rental agreement, if the total of the security deposit and the bond or insurance ~~premium~~ coverage exceeds the amount of two months' periodic rent.

B. Any provision prohibited by subsection A that is included in a rental agreement is unenforceable. If a landlord brings an action to enforce any such provision, the tenant may recover actual damages sustained by him and reasonable attorney fees.

§ 55.1-1226. Security deposits.

A. No landlord may demand or receive a security deposit, however denominated, in an amount or value in excess of two months' periodic rent. Upon termination of the tenancy, such security deposit, whether it is property or money held by the landlord as security as provided in this section, may be applied by the landlord solely to (i) the payment of accrued rent, including the reasonable charges for late payment of rent specified in the rental agreement; (ii) the payment of the amount of damages that the landlord has suffered by reason of the tenant's noncompliance with § 55.1-1227, less reasonable wear and tear; (iii) other damages or charges as provided in the rental agreement; or (iv) actual damages for breach of the rental agreement pursuant to § 55.1-1251. The security deposit and any deductions, damages, and charges shall be itemized by the landlord in a written notice given to the tenant, together with any amount due to the tenant, within 45 days after the termination date of the tenancy. As of the date of the termination of the tenancy or the date the tenant vacates the dwelling unit, whichever occurs last, the tenant shall be required to deliver possession of the dwelling unit to the landlord. If the termination date is prior to the expiration of the rental agreement or any renewal thereof, or the tenant has not given proper notice of termination of the rental agreement, the tenant shall be liable for actual damages pursuant to § 55.1-1251, in which case, the landlord shall give written notice of security deposit disposition within the 45-day period but may retain any security balance to apply against any financial obligations of the tenant to the landlord pursuant to this chapter or the rental agreement. If the tenant fails to vacate the dwelling unit as of the termination of the tenancy, the landlord may file an unlawful detainer action pursuant to § 8.01-126.

B. Where there is more than one tenant subject to a rental agreement, unless otherwise agreed to in writing by each of the tenants, disposition of the security deposit shall be made with one check being payable to all such tenants and sent to a forwarding address provided by one of the tenants. The landlord shall make the security deposit disposition within the 45-day time period required by subsection A, but if no forwarding address is provided to the landlord, the landlord may continue to hold such security deposit in escrow. If a tenant fails to provide a forwarding address to the landlord to enable the landlord to make a refund of the security deposit, upon the expiration of one year from the date of the end of the 45-day time period, the landlord may remit such sum to the State Treasurer as unclaimed property on a form prescribed by the administrator that includes the name; social security number, if known; and last known address of each tenant on the rental agreement. If the landlord or managing agent is a real estate licensee, compliance with this subsection shall be deemed compliance with § 54.1-2108 and corresponding regulations of the Real Estate Board.

C. Nothing in this section shall be construed by a court of law or otherwise as entitling the tenant, upon the termination of the tenancy, to an immediate credit against the tenant's delinquent rent account in the amount of the security deposit. The landlord shall apply the security deposit in accordance with this section within the 45-day time period required by subsection A. However, provided that the landlord has given prior written notice in accordance with this section, the landlord may withhold a reasonable portion of the security deposit to cover an amount of the balance due on the water, sewer, or other utility account that is an obligation of the tenant to a third-party provider under the rental agreement for the dwelling unit, and upon payment of such obligations the landlord shall provide written confirmation to the tenant within

10 days, along with payment to the tenant of any balance otherwise due to the tenant. In order to withhold such funds as part of the disposition of the security deposit, the landlord shall have so advised the tenant of his rights and obligations under this section in (i) a termination notice to the tenant in accordance with this chapter, (ii) a written notice to the tenant confirming the vacating date in accordance with this section, or (iii) a separate written notice to the tenant at least 15 days prior to the disposition of the security deposit. Any written notice to the tenant shall be given in accordance with § 55.1-1202.

The tenant may provide the landlord with written confirmation of the payment of the final water, sewer, or other utility bill for the dwelling unit, in which case the landlord shall refund the security deposit, unless there are other authorized deductions, within the 45-day period required by subsection A. If the tenant provides such written confirmation after the expiration of the 45-day period, the landlord shall refund any remaining balance of the security deposit held to the tenant within 10 days following the receipt of such written confirmation provided by the tenant. If the landlord otherwise receives confirmation of payment of the final water, sewer, or other utility bill for the dwelling unit, the landlord shall refund the security deposit, unless there are other authorized deductions, within the 45-day period.

D. Nothing in this section shall be construed to prohibit the landlord from making the disposition of the security deposit prior to the 45-day period required by subsection A and charging an administrative fee to the tenant for such expedited processing, if the rental agreement so provides and the tenant requests expedited processing in a separate written document.

E. The landlord shall notify the tenant in writing of any deductions provided by this section to be made from the tenant's security deposit during the course of the tenancy. Such notification shall be made within 30 days of the date of the determination of the deduction and shall itemize the reasons in the same manner as provided in subsection F. No such notification shall be required for deductions made less than 30 days prior to the termination of the rental agreement. If the landlord willfully fails to comply with this section, the court shall order the return of the security deposit to the tenant, together with actual damages and reasonable attorney fees, unless the tenant owes rent to the landlord, in which case the court shall order an amount equal to the security deposit credited against the rent due to the landlord. In the event that damages to the premises exceed the amount of the security deposit and require the services of a third-party contractor, the landlord shall give written notice to the tenant advising him of that fact within the 45-day period required by subsection A. If notice is given as prescribed in this subsection, the landlord shall have an additional 15-day period to provide an itemization of the damages and the cost of repair. This section shall not preclude the landlord or tenant from recovering other damages to which he may be entitled under this chapter. The holder of the landlord's interest in the premises at the time of the termination of the tenancy, regardless of how the interest is acquired or transferred, is bound by this section and shall be required to return any security deposit received by the original landlord that is duly owed to the tenant, whether or not such security deposit is transferred with the landlord's interest by law or equity, regardless of any contractual agreements between the original landlord and his successors in interest.

F. The landlord shall:

1. Maintain and itemize records for each tenant of all deductions from security deposits provided for under this section that the landlord has made by reason of a tenant's noncompliance with § 55.1-1227, or for any other reason set out in this section, during the preceding two years; and

2. Permit a tenant or his authorized agent or attorney to inspect such tenant's records of deductions at any time during normal business hours.

G. Upon request by the landlord to a tenant to vacate, or within five days after receipt of notice by the landlord of the tenant's intent to vacate, the landlord shall provide written notice to the tenant of the tenant's right to be present at the landlord's inspection of the dwelling unit for the purpose of determining the amount of security deposit to be returned. If the tenant desires to be present when the landlord makes the inspection, he shall, in writing, so advise the landlord, who in turn shall notify the tenant of the date and time of the inspection, which must be made within 72 hours of delivery of possession. Following the move-out inspection, the landlord shall provide the tenant with a written security deposit disposition statement, including an itemized list of damages. If additional damages are discovered by the landlord after the security deposit disposition has been made, nothing in this section shall be construed to preclude the landlord from recovery of such damages against the tenant, provided, however, that the tenant may present into evidence a copy of the move-out report to support the tenant's position that such additional damages did not exist at the time of the move-out inspection.

H. If the tenant has any assignee or sublessee, the landlord shall be entitled to hold a security deposit from only one party in compliance with the provisions of this section.

1. The landlord may permit a tenant to provide damage insurance coverage in lieu of the payment of a security deposit. Such damage insurance in lieu of a security deposit shall conform to the following criteria:

- 1. The insurance company is licensed by the Virginia State Corporation Commission;*

- 2. The insurance permits the payment of premiums on a monthly basis, unless the tenant selects a different payment schedule;*

- 3. The coverage is effective upon the payment of the first premium and remains effective for the entire lease term;*

- 4. The coverage provided per claim is no less than the amount the landlord requires for security deposits;*

- 5. The insurance company agrees to approve or deny payment of a claim in accordance with regulations adopted by the State Corporation Commission's Bureau of Insurance; and*

- 6. The insurance company shall notify the landlord within 10 days if the damage policy lapses or is canceled.*

J. Each landlord may designate one or more damage insurance companies from which the landlord will accept damage insurance in lieu of a security deposit. Such insurers shall be identified in the written lease agreement.

K. A tenant who initially opts to provide damage insurance in lieu of a security deposit may, at any time without consent of the landlord, opt to pay the full security deposit to the landlord in lieu of maintaining a damage insurance policy. The landlord shall not alter the terms of the lease in the event a tenant opts to pay the full amount of the security deposit pursuant to this subsection.

1. That § 19.2-120 of the Code of Virginia is amended and reenacted as follows:

§ 19.2-120. Admission to bail.

Prior to conducting any hearing on the issue of bail, release or detention, the judicial officer shall, to the extent feasible, obtain the person's criminal history.

A. A person who is held in custody pending trial or hearing for an offense, civil or criminal contempt, or otherwise shall be admitted to bail by a judicial officer, unless there is probable cause to believe that:

1. He will not appear for trial or hearing or at such other time and place as may be directed, or
2. His liberty will constitute an unreasonable danger to himself or the public.

B. The judicial officer shall presume, subject to rebuttal, that no condition or combination of conditions will reasonably assure the appearance of the person or the safety of the public if the person is currently charged with:

1. An act of violence as defined in § 19.2-297.1;
2. An offense for which the maximum sentence is life imprisonment or death;
3. A violation of § 18.2-248, 18.2-248.01, 18.2-255, or 18.2-255.2 involving a Schedule I or II controlled substance if

 - (ii) the person was previously convicted as a "drug kingpin" as defined in § 18.2-248;
4. A violation of § 18.2-308.1, 18.2-308.2, or 18.2-308.4 and which relates to a firearm and provides for a mandatory minimum sentence;

5. Any felony, if the person has been convicted of two or more offenses described in subdivision 1 or 2, whether under the laws of the Commonwealth or substantially similar laws of the United States;

6. Any felony committed while the person is on release pending trial for a prior felony under federal or state law or on release pending imposition or execution of sentence or appeal of sentence or conviction;

7. An offense listed in subsection B of § 18.2-67.5:2 and the person had previously been convicted of an offense listed in § 18.2-67.5:2 or a substantially similar offense under the laws of any state or the United States and the judicial officer finds probable cause to believe that the person who is currently charged with one of these offenses committed the offense charged;

8. A violation of § 18.2-374.1 or 18.2-374.3 where the offender has reason to believe that the solicited person is under 15 years of age and the offender is at least five years older than the solicited person;

9. A violation of § 18.2-46.2, 18.2-46.3, 18.2-46.5, or 18.2-46.7;

10. A violation of § 18.2-36.1, 18.2-51.4, 18.2-266, or 46.2-341.24 and the person has, within the past five years of the instant offense, been convicted three times on different dates of a violation of any combination of these Code sections, or any ordinance of any county, city, or town or the laws of any other state or of the United States substantially similar thereto, and has been at liberty between each conviction;

11. A second or subsequent violation of § 16.1-253.2 or 18.2-60.4 or a substantially similar offense under the laws of any state or the United States;

12. A violation of subsection B of § 18.2-57.2;

13. A violation of subsection C of § 18.2-460 charging the use of threats of bodily harm or force to knowingly attempt to intimidate or impede a witness;

14. A violation of § 18.2-51.6 if the alleged victim is a family or household member as defined in § 16.1-228; or

15. A violation of § 18.2-355, 18.2-356, 18.2-357, or 18.2-357.1.

C. The judicial officer shall presume, subject to rebuttal, that no condition or combination of conditions will reasonably assure the appearance of the person or the safety of the public if the person is being arrested pursuant to § 19.2-81.6.

~~D. A judicial officer who is a magistrate, clerk, or deputy clerk of a district court or circuit court may not admit to bail, that is not set by a judge, any person who is charged with an offense giving rise to a rebuttable presumption against bail as set out in subsection B or C without the concurrence of an attorney for the Commonwealth. For a person who is charged with an offense giving rise to a rebuttable presumption against bail, any judge judicial officer may set or admit such person~~

to bail in accordance with this section ~~after notice and an opportunity to be heard has been provided to the attorney for the Commonwealth.~~

E. The ~~court~~ *judicial officer* shall consider the following factors and such others as it deems appropriate in determining, for the purpose of rebuttal of the presumption against bail described in subsection B, whether there are conditions of release that will reasonably assure the appearance of the person as required and the safety of the public:

1. The nature and circumstances of the offense charged;

2. The history and characteristics of the person, including his character, physical and mental condition, family ties, employment, financial resources, length of residence in the community, community ties, past conduct, history relating to drug or alcohol abuse, criminal history, membership in a criminal street gang as defined in § 18.2-46.1, and record concerning appearance at court proceedings; and

3. The nature and seriousness of the danger to any person or the community that would be posed by the person's release.

F. The judicial officer shall inform the person of his right to appeal from the order denying bail or fixing terms of bond or recognizance consistent with § 19.2-124.

G. If the judicial officer sets a secured bond and the person engages the services of a licensed bail bondsman, the magistrate executing recognizance for the accused shall provide the bondsman, upon request, with a copy of the person's Virginia criminal history record, if readily available, to be used by the bondsman only to determine appropriate reporting requirements to impose upon the accused upon his release. The bondsman shall pay a \$15 fee payable to the state treasury to be credited to the Literary Fund, upon requesting the defendant's Virginia criminal history record issued pursuant to § 19.2-389. The bondsman shall review the record on the premises and promptly return the record to the magistrate after reviewing it.

CHAPTER 1000

An Act to amend and reenact §§ 19.2-386.1, 19.2-386.10, 19.2-386.29, 19.2-386.31, 19.2-386.32, 19.2-386.34, and 19.2-386.35 of the Code of Virginia, relating to forfeiture of property used in connection with the commission of crimes; finding of guilt required; reporting requirements.

[H 1522]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 19.2-386.1, 19.2-386.10, 19.2-386.29, 19.2-386.31, 19.2-386.32, 19.2-386.34, and 19.2-386.35 of the Code of Virginia are amended and reenacted as follows:

§ 19.2-386.1. Commencing an action of forfeiture.

A. Except as otherwise specifically provided by law, whenever any property is forfeited to the Commonwealth by reason of the violation of any law, or if any statute provides for the forfeiture of any property or money, or if any property or money be seized as forfeited for a violation of any of the provisions of this Code, the Commonwealth shall follow the procedures set forth in this chapter.

B. An action against any property subject to seizure under the provisions of Chapter 22.2 (§ 19.2-386.15 et seq.) shall be commenced by the filing of an information in the clerk's office of the circuit court. Any information shall be filed in the name of the Commonwealth by the attorney for the Commonwealth or may be filed by the Attorney General if so requested by the attorney for the Commonwealth. Venue for an action of forfeiture shall lie in the county or city where (i) the property is located, (ii) the property is seized, or (iii) an owner of the property *or the person in whose custody the property is found* could be prosecuted for the illegal conduct alleged to give rise to the forfeiture. Such information shall (a) name as parties defendant all owners and lienholders then known or of record and the trustees named in any deed of trust securing such lienholder, (b) specifically describe the property, (c) set forth in general terms the grounds for forfeiture of the named property, (d) pray that the same be condemned and sold or otherwise be disposed of according to law, and (e) ask that all persons concerned or interested be notified to appear and show cause why such property should not be forfeited. In all cases, an information shall be filed within three years of the date of actual discovery by the Commonwealth of the last act giving rise to the forfeiture or the action for forfeiture will be barred.

C. *Any action of forfeiture commenced under this section shall be stayed until the court in which the owner of the property or the person in whose custody the property is found is being prosecuted for an offense authorizing the forfeiture finds the owner or the person in whose custody the property is found guilty of any offense that authorizes forfeiture of such property, and any property eligible for forfeiture under the provisions of any statute shall be forfeited only upon such finding of guilt of the owner or the person in whose custody the property is found, regardless of whether the owner or the person in whose custody the property is found has been sentenced. If no such finding is made by the court, all property seized shall be released from seizure no later than 21 days from the date the stay terminates. However, property that has been seized may be forfeited pursuant to the procedures set forth in this chapter even though no finding of guilt is made if (i) such forfeiture is ordered by a court pursuant to a lawful plea agreement or (ii) the owner of the property or the person in whose custody the property was found has not submitted a written demand for the return of the property with the law-enforcement agency that seized the property within 21 days from the date the stay terminates.*

§ 19.2-386.10. Forfeiture; default judgment; remission; trial.

A. A party defendant who fails to appear as provided in § 19.2-386.9 shall be in default. The forfeiture shall be deemed established as to the interest of any party in default upon entry of judgment as provided in § 19.2-386.11. Within 21 days after entry of judgment, any party defendant against whom judgment has been so entered may petition the Department of Criminal Justice Services for remission of his interest in the forfeited property. For good cause shown and upon proof by a preponderance of the evidence that the party defendant's interest in the property is exempt under subdivision 2, 3, or 4 of § 19.2-386.8, the Department of Criminal Justice Services shall grant the petition and direct the state treasury to either (i) remit to the party defendant an amount not exceeding the party defendant's interest in the proceeds of sale of the forfeited property after deducting expenses incurred and payable pursuant to subsection B of § 19.2-386.12 or (ii) convey clear and absolute title to the forfeited property in extinguishment of such interest.

If any party defendant appears in accordance with § 19.2-386.9, the court shall proceed to trial of the case, unless trial by jury is demanded by the Commonwealth or any party defendant. At trial, the Commonwealth has the burden of proving by clear and convincing evidence that the property is subject to forfeiture under this chapter. Upon such a showing by the Commonwealth, the claimant has the burden of proving by a preponderance of the evidence that the claimant's interest in the property is exempt under subdivision 2, 3, or 4 of § 19.2-386.8.

B. The information and trial thereon shall be independent of any criminal proceeding against any party or other person for violation of law. ~~However, upon motion and for good cause shown, the court may stay a forfeiture proceeding that is related to any warrant, indictment, or information.~~

§ 19.2-386.29. Forfeiture of certain weapons used in commission of criminal offense.

All pistols, shotguns, rifles, dirks, bowie knives, switchblade knives, ballistic knives, razors, slingshots, brass or metal knucks, blackjacks, stun weapons, and other weapons used by any person in the commission of a criminal offense, shall, ~~upon conviction of such person,~~ be forfeited to the Commonwealth by order of the court trying the case. The court shall dispose of such weapons as it deems proper by entry of an order of record. Such disposition may include the destruction of the weapons or, subject to any registration requirements of federal law, sale of the firearms to a licensed dealer in such firearms in accordance with the provisions of Chapter 22.1 (§ 19.2-386.1 et seq.) regarding sale of property forfeited to the Commonwealth.

The court may authorize the seizing law-enforcement agency to use the weapon for a period of time as specified in the order. When the seizing agency ceases to so use the weapon, it shall be disposed of as otherwise provided in this section.

However, upon petition to the court and notice to the attorney for the Commonwealth, the court, upon good cause shown, shall return any such weapon to its lawful owner after conclusion of all relevant proceedings if such owner (i) did not know and had no reason to know of the conduct giving rise to the forfeiture and (ii) is not otherwise prohibited by law from possessing the weapon. The owner shall acknowledge in a sworn affidavit to be filed with the record in the case or cases that he has retaken possession of the weapon involved.

§ 19.2-386.31. Seizure and forfeiture of property used in connection with the exploitation and solicitation of children.

All audio and visual equipment, electronic equipment, devices and other personal property used in connection with the possession, production, distribution, publication, sale, possession with intent to distribute or making of child pornography that constitutes a violation of § 18.2-374.1 or 18.2-374.1:1, or in connection with the solicitation of a person less than 18 years of age that constitutes a violation of § 18.2-374.3 shall be subject to lawful seizure by a law-enforcement officer and shall be subject to forfeiture to the Commonwealth pursuant to Chapter 22.1 (§ 19.2-386.1 et seq.). The Commonwealth shall file an information and notice of seizure in accordance with the procedures in Chapter 22.1 (§ 19.2-386.1 et seq.); ~~however, any forfeiture action shall be stayed until conviction of the person whose property is subject to forfeiture. Upon his conviction, the court may dispose of the issue of forfeiture or may continue the civil case allowing the defendant time to answer, at the court's discretion.~~

§ 19.2-386.32. Seizure and forfeiture of property used in connection with the abduction of children.

All moneys and other property, real and personal, owned by a person and used to further the abduction of a child in violation of § 18.2-47, 18.2-48, or 18.2-48.1 are subject to lawful seizure by a law-enforcement officer and are subject to forfeiture to the Commonwealth pursuant to Chapter 22.1 (§ 19.2-386.1 et seq.) ~~by order of the court in which a conviction under § 18.2-47, 18.2-48, or 18.2-48.1 is obtained.~~

§ 19.2-386.34. Forfeiture of vehicle used in a felony violation of § 18.2-266.

The vehicle solely owned and operated by the accused during the commission of a felony violation of § 18.2-266 shall be subject to seizure and forfeiture. After an arrest upon a felony violation of § 18.2-266, the vehicle may be forfeited to the Commonwealth pursuant to the procedures set forth in Chapter 22.1 (§ 19.2-386.1 et seq.). ~~Any seizure shall be stayed until conviction and the exhaustion of all appeals at which time, if the information has been filed, the Commonwealth shall give notice of seizure to all appropriate parties pursuant to § 19.2-386.3.~~

An immediate family member of the owner of any motor vehicle for which an information has been filed under this section who was not the driver at the time of the violation may petition the court in which such information was filed for the release of the motor vehicle. If the immediate family member proves by a preponderance of the evidence that his immediate family has only one motor vehicle and will suffer a substantial hardship if that motor vehicle is seized and forfeited, the court, in its discretion, may release the vehicle.

In the event *that* the vehicle was sold to a bona fide purchaser subsequent to the arrest but prior to seizure in order to avoid seizure and forfeiture, the Commonwealth shall have a right of action against the seller for the proceeds of the sale.

§ 19.2-386.35. Seizure of property used in connection with certain offenses.

All money, equipment, motor vehicles, and other personal and real property of any kind or character together with any interest or profits derived from the investment of such proceeds or other property that (i) was used in connection with the commission of, or in an attempt to commit, a violation of subsection B of § 18.2-47, § 18.2-48 or 18.2-59, subsection B of § 18.2-346, or § 18.2-347, 18.2-348, 18.2-348.1, 18.2-349, 18.2-355, 18.2-356, 18.2-357, 18.2-357.1, 40.1-29, 40.1-100.2, or 40.1-103; (ii) is traceable to the proceeds of some form of activity that violates subsection B of § 18.2-47, § 18.2-48 or 18.2-59, subsection B of § 18.2-346, or § 18.2-347, 18.2-348, 18.2-348.1, 18.2-349, 18.2-355, 18.2-356, 18.2-357, 40.1-29, 40.1-100.2, or 40.1-103; or (iii) was used to or intended to be used to promote some form of activity that violates subsection B of § 18.2-47, § 18.2-48 or 18.2-59, subsection B of § 18.2-346, or § 18.2-347, 18.2-348, 18.2-348.1, 18.2-349, 18.2-355, 18.2-356, 18.2-357, 40.1-29, 40.1-100.2, or 40.1-103 is subject to lawful seizure by a law-enforcement officer and subject to forfeiture to the Commonwealth pursuant to Chapter 22.1 (§ 19.2-386.1 et seq.). ~~Any forfeiture action under this section shall be stayed until conviction, and property eligible for forfeiture pursuant to this section shall be forfeited only upon the entry of a final judgment of conviction for an offense listed in this section; if no such judgment is entered, all property seized pursuant to this section shall be released from seizure.~~

Real property shall not be subject to seizure unless the minimum prescribed punishment for the violation is a term of imprisonment of not less than five years.

All seizures and forfeitures under this section shall be governed by Chapter 22.1 (§ 19.2-386.1 et seq.), and the procedures specified therein shall apply, mutatis mutandis, to all forfeitures under this section.

CHAPTER 1001

An Act to amend and reenact § 15.2-4905 of the Code of Virginia, relating to industrial development authorities; Town of Front Royal.

[H 1572]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-4905 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-4905. Powers of authority.

The authority shall have the following powers together with all powers incidental thereto or necessary for the performance of those hereinafter stated:

1. To sue and be sued and to prosecute and defend, at law or in equity, in any court having jurisdiction of the subject matter and of the parties;
2. To adopt and use a corporate seal and to alter the same at pleasure;
3. To enter into contracts; however, any written contract of the authority shall contain provisions addressing the issue of whether attorney's fees shall be recoverable by the prevailing party in the event the contract is subject to litigation;
4. To acquire, whether by purchase, exchange, gift, lease or otherwise, and to improve, maintain, equip and furnish one or more authority facilities including all real and personal properties which the board of directors of the authority may deem necessary in connection therewith and regardless of whether any such facilities shall then be in existence;
5. To lease to others any or all of its facilities and to charge and collect rent therefor and to terminate any such lease upon the failure of the lessee to comply with any of the obligations thereof; and to include in any such lease, if desired, a provision that the lessee thereof shall have options to renew such lease or to purchase any or all of the leased facilities, or that upon payment of all of the indebtedness of the authority it may lease or convey any or all of its facilities to the lessee thereof with or without consideration;
6. To sell, exchange, donate, and convey any or all of its facilities or properties whenever its board of directors shall find any such action to be in furtherance of the purposes for which the authority was organized;
7. To issue its bonds for the purpose of carrying out any of its powers including specifically, but without intending to limit any power conferred by this section or this chapter, the issuance of bonds to provide long-term financing of any pollution control facility, whether any such facility was constructed prior to or after the enactment hereof or the receipt of a commitment from an authority to undertake financing pursuant hereto, unless the major part of the proceeds of such bonds will be used to redeem any prior long-term financing of such facility other than financings pursuant to this chapter or any similar law;
8. As security for the payment of the principal of and interest on any bonds so issued and any agreements made in connection therewith, to mortgage and pledge any or all of its facilities or any part or parts thereof, whether then owned or thereafter acquired, and to pledge the revenues therefrom or from any part thereof or from any loans made by the authority;
9. To employ and pay compensation to such employees and agents, including attorneys, and real estate brokers whether engaged by the authority or otherwise, as the board of directors shall deem necessary in carrying on the business of the authority;

10. To exercise all powers expressly given the authority by the governing body of the locality which established the authority and to establish bylaws and make all rules and regulations, not inconsistent with the provisions of this chapter, deemed expedient for the management of the authority's affairs;

11. To appoint an industrial advisory committee or similar committee or committees to advise the authority, consisting of such number of persons as it may deem advisable. Such persons may be compensated such amount per regular, special, or committee meeting as may be approved by the appointing authority, not to exceed \$50 per meeting day, and may be reimbursed for necessary traveling and other expenses incurred while on the business of the authority;

12. To borrow money and to accept contributions, grants and other financial assistance from the United States of America and agencies or instrumentalities thereof, the Commonwealth, or any political subdivision, agency, or public instrumentality of the Commonwealth, for or in aid of the construction, acquisition, ownership, maintenance or repair of the authority facilities, for the payment of principal of any bond of the authority, interest thereon, or other cost incident thereto, or in order to make loans in furtherance of the purposes of this chapter of such money, contributions, grants, and other financial assistance, and to this end the authority shall have the power to comply with such conditions and to execute such agreements, trust indentures, and other legal instruments as may be necessary, convenient or desirable and to agree to such terms and conditions as may be imposed; and

13. To make loans or grants to any person, partnership, association, corporation, business, or governmental entity in furtherance of the purposes of this chapter including for the purposes of promoting economic development, provided that such loans or grants shall be made only from revenues of the authority which have not been pledged or assigned for the payment of any of the authority's bonds, and to enter into such contracts, instruments, and agreements as may be expedient to provide for such loans and any security therefor. An authority may also be permitted to forgive loans or other obligations if it is deemed to further economic development. The word "revenues" as used in this subdivision includes contributions, grants and other financial assistance, as set out in subdivision 12.

The authority shall not have power to operate any facility as a business other than as lessor and shall not have the power to operate any single or multi-family housing facilities. However, the authority shall have the power to apply for, establish, operate and maintain a foreign-trade zone in accordance with the provisions of Chapter 14 (§ 62.1-159 et seq.) of Title 62.1. Any meeting held by the board of directors at which formal action is taken shall be open to the public.

If a locality has created an industrial development authority pursuant to this chapter or any other provision of law, no other such authority, not created by such locality, shall finance facilities, except pollution control facilities, within the boundaries of such locality, unless the governing body of such locality in which the facilities are located or are proposed to be located, concurs with the inducement resolution adopted by the authority, and shows such concurrence in a duly adopted resolution. Notwithstanding the foregoing, nothing contained herein shall be deemed to invalidate or otherwise impair any existing financing by an authority or the financing of any facilities for which application has been made to an authority prior to July 1, 1981.

Notwithstanding the provisions of this section, and notwithstanding the provisions of any other law, general or special, nothing herein shall be deemed to impair the authority of the town council of the Town of Front Royal from creating its own independent industrial development authority, separate and apart for all purposes from any currently existing or future industrial development authority. The court, including a circuit court if the circuit court issued the order, shall forthwith, but in all cases no later than the end of the business day on which the order was issued, enter and transfer electronically to the Virginia Criminal Information Network the respondent's identifying information and the name, date of birth, sex, and race of each protected person provided to the court and shall forthwith forward the attested copy of the protective order and containing any such

identifying information to the primary law-enforcement agency responsible for service and entry of protective orders. Upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith upon the respondent and due return made to the court. Upon service, the agency making service shall enter the date and time of service and other appropriate information required into the Virginia Criminal Information Network and make due return to the court. If the order is later dissolved or modified, a copy of the dissolution or modification order shall also be attested, forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders, and upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network as described above and the order shall be served forthwith and due return made to the court.

~~Ⓔ. E.~~ Except as otherwise provided, a violation of a protective order issued under this section shall constitute contempt of court.

~~Ⓔ. F.~~ The court may assess costs and attorneys' fees against either party regardless of whether an order of protection has been issued as a result of a full hearing.

~~Ⓔ. G.~~ Any judgment, order or decree, whether permanent or temporary, issued by a court of appropriate jurisdiction in another state, the United States or any of its territories, possessions or Commonwealths, the District of Columbia or by any tribal court of appropriate jurisdiction for the purpose of preventing violent or threatening acts or harassment against or contact or communication with or physical proximity to another person, including any of the conditions specified in subsection A, shall be accorded full faith and credit and enforced in the Commonwealth as if it were an order of the Commonwealth, provided reasonable notice and opportunity to be heard were given by the issuing jurisdiction to the person against whom the order is sought to be enforced sufficient to protect such person's due process rights and consistent with federal law. A person entitled to protection under such a foreign order may file the order in any appropriate district court by filing with the court, an attested or exemplified copy of the order. Upon such a filing, the clerk shall forthwith forward an attested copy of the order to the primary law-enforcement agency responsible for service and entry of protective orders which shall, upon receipt, enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52. Where practical, the court may transfer information electronically to the Virginia Criminal Information Network.

Upon inquiry by any law-enforcement agency of the Commonwealth, the clerk shall make a copy available of any foreign order filed with that court. A law-enforcement officer may, in the performance of his duties, rely upon a copy of a foreign protective order or other suitable evidence which has been provided to him by any source and may also rely upon the statement of any person protected by the order that the order remains in effect.

~~Ⓔ. H.~~ Either party may at any time file a written motion with the court requesting a hearing to dissolve or modify the order. Proceedings to modify or dissolve a protective order shall be given precedence on the docket of the court.

~~Ⓔ. I.~~ Neither a law-enforcement agency, the attorney for the Commonwealth, a court nor the clerk's office, nor any employee of them, may disclose, except among themselves, the residential address, telephone number, or place of employment of the person protected by the order or that of the family of such person, except to the extent that disclosure is (i) required by law or the Rules of the Supreme Court, (ii) necessary for law-enforcement purposes, or (iii) permitted by the court for good cause.

~~Ⓔ. J.~~ No fees shall be charged for filing or serving petitions pursuant to this section.

~~Ⓔ. K.~~ As used in this section:

"Copy" includes a facsimile copy; and

"Protective order" includes an initial, modified or extended protective order.

~~Ⓔ. L.~~ Upon issuance of a protective order, the clerk of the court shall make available to the petitioner information that is published by the Department of Criminal Justice Services for victims of domestic violence or for petitioners in protective order cases.

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation is \$0 for periods of imprisonment in state adult correctional facilities and cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

CHAPTER 1006

An Act to amend and reenact § 15.2-2308 of the Code of Virginia, relating to board of zoning appeals; dual office holding.

[S 292]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-2308 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-2308. Boards of zoning appeals to be created; membership, organization, etc.

A. Every locality that has enacted or enacts a zoning ordinance pursuant to this chapter or prior enabling laws shall establish a board of zoning appeals that shall consist of either five or seven residents of the locality, or in a town with a population of 3,500 or less, either three, five, or seven residents of the locality, appointed by the circuit court for the locality. Boards of zoning appeals for a locality within the fifteenth or nineteenth judicial circuit may be appointed by the chief judge or his designated judge or judges in their respective circuit, upon concurrence of such locality. Their terms of office shall be for five years each except that original appointments shall be made for such terms that the term of one member shall expire each year. The secretary of the board shall notify the court at least thirty days in advance of the expiration of any term of office, and shall also notify the court promptly if any vacancy occurs. Appointments to fill vacancies shall be only for the unexpired portion of the term. Members may be reappointed to succeed themselves. Members of the board shall hold no other public office in the locality except that one may be a member of the local planning commission, *and any member may be appointed to serve as an officer of election as defined in § 24.2-101*. A member whose term expires shall continue to serve until his successor is appointed and qualifies. The circuit court for the City of Chesapeake and the Circuit Court for the City of Hampton shall appoint at least one but not more than three alternates to the board of zoning appeals. At the request of the local governing body, the circuit court for any other locality may appoint not more than three alternates to the board of zoning appeals. The qualifications, terms and compensation of alternate members shall be the same as those of regular members. A regular member when he knows he will be absent from or will have to abstain from any application at a meeting shall notify the chairman twenty-four hours prior to the meeting of such fact. The chairman shall select an alternate to serve in the absent or abstaining member's place and the records of the board shall so note. Such alternate member may vote on any application in which a regular member abstains.

B. Localities may, by ordinances enacted in each jurisdiction, create a joint board of zoning appeals that shall consist of two members appointed from among the residents of each participating jurisdiction by the circuit court for each county or city, plus one member from the area at large to be appointed by the circuit court or jointly by such courts if more than one, having jurisdiction in the area. The term of office of each member shall be five years except that of the two members first appointed from each jurisdiction, the term of one shall be for two years and of the other, four years. Vacancies shall be filled for the unexpired terms. In other respects, joint boards of zoning appeals shall be governed by all other provisions of this article.

C. With the exception of its secretary and the alternates, the board shall elect from its own membership its officers who shall serve annual terms as such and may succeed themselves. The board may elect as its secretary either one of its members or a qualified individual who is not a member of the board, excluding the alternate members. A secretary who is not a member of the board shall not be entitled to vote on matters before the board. Notwithstanding any other provision of law, general or special, for the conduct of any hearing, a quorum shall be not less than a majority of all the members of the board and the board shall offer an equal amount of time in a hearing on the case to the applicant, appellant or other person aggrieved under § 15.2-2314, and the staff of the local governing body. Except for matters governed by § 15.2-2312, no action of the board shall be valid unless authorized by a majority vote of those present and voting. The board may make, alter and rescind rules and forms for its procedures, consistent with ordinances of the locality and general laws of the Commonwealth. The board shall keep a full public record of its proceedings and shall submit a report of its activities to the governing body or bodies at least once each year.

D. Within the limits of funds appropriated by the governing body, the board may employ or contract for secretaries, clerks, legal counsel, consultants, and other technical and clerical services. Members of the board may receive such compensation as may be authorized by the respective governing bodies. Any board member or alternate may be removed for malfeasance, misfeasance or nonfeasance in office, or for other just cause, by the court that appointed him, after a hearing held after at least fifteen days' notice.

E. Notwithstanding any contrary provisions of this section, in the Cities of Portsmouth and Virginia Beach, members of the board shall be appointed by the governing body. The governing body shall also appoint at least one but not more than three alternates to the board.

CHAPTER 1007

An Act to amend and reenact §§ 18.2-270.1, 18.2-270.2, 18.2-271.1, and 18.2-272 of the Code of Virginia, relating to driving under the influence; remote alcohol monitoring; penalty.

[S 439]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 18.2-270.1, 18.2-270.2, 18.2-271.1, and 18.2-272 of the Code of Virginia are amended and reenacted as follows:

§ 18.2-270.1. Ignition interlock systems; penalty.

A. For purposes of this section and § 18.2-270.2:

"Commission" means the Commission on VASAP.

"Department" means the Department of Motor Vehicles.

"Ignition interlock system" means a device that (i) connects a motor vehicle ignition system to an analyzer that measures a driver's blood alcohol content; (ii) prevents a motor vehicle ignition from starting if a driver's blood alcohol content exceeds 0.02 percent; and (iii) is equipped with the ability to perform a rolling retest and to electronically log the blood alcohol content during ignition, attempted ignition, and rolling retest.

"Remote alcohol monitoring device" means an unsupervised mobile testing device with the ability to confirm the location and presence of alcohol in a person and that is capable of scheduled, random, and on-demand tests that provide immediate, or as-requested, results. A testing device may be worn or used by persons ordered by the court to provide measurements of the presence of alcohol in their blood.

"Rolling retest" means a test of the vehicle operator's blood alcohol content required at random intervals during operation of the vehicle, which triggers the sounding of the horn and flashing of lights if (i) the test indicates that the operator has a blood alcohol content which exceeds 0.02 percent or (ii) the operator fails to take the test.

B. In addition to any penalty provided by law for a conviction under § 18.2-51.4 or 18.2-266 or a substantially similar ordinance of any county, city, or town, any court of proper jurisdiction shall, as a condition of a restricted license, prohibit an offender from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system for any period of time not to exceed the period of license suspension and restriction, not less than six consecutive months without alcohol-related violations of the interlock requirements. The court shall, *as a condition of a restricted license* for a conviction under § 18.2-51.4, a second or subsequent offense of § 18.2-266 or a substantially similar ordinance of any county, city, or town, or as a condition of license restoration pursuant to subsection C of § 18.2-271.1 or § 46.2-391, require that such a system be installed on each motor vehicle, as defined in § 46.2-100, owned by or registered to the offender, in whole or in part, for ~~such~~ any period of time *not less than six consecutive months without alcohol-related violations of the interlock requirements*. Such condition shall be in addition to any purposes for which a restricted license may be issued pursuant to § 18.2-271.1. ~~The~~ *Whenever an ignition interlock system is required, the court may order the installation of an ignition interlock system to commence immediately upon conviction. A fee of \$20 to cover court and administrative costs related to the ignition interlock system shall be paid by any such offender to the clerk of the court. The court shall require the offender to install an electronic log device with the ignition interlock system on a vehicle designated by the court to measure the blood alcohol content at each attempted ignition and random rolling retest during operation of the vehicle. The offender shall be enrolled in and supervised by an alcohol safety action program pursuant to § 18.2-271.1 and to conditions established by regulation under § 18.2-270.2 by the Commission during the period for which the court has ordered installation of the ignition interlock system. The offender shall be further required to provide to such program, at least quarterly during the period of court ordered ignition interlock installation, a printout from such electronic log indicating the offender's blood alcohol content during such ignitions, attempted ignitions, and rolling retests, and showing attempts to circumvent or tamper with the equipment. The period of time during which the offender (i) is prohibited from operating a motor vehicle that is not equipped with an ignition interlock system or (ii) is required to have an ignition interlock system installed on each motor vehicle owned by or registered to the offender, in whole or in part, shall be calculated from the date the offender is issued a restricted license by the court; however, such period of time shall be tolled upon the expiration of the restricted license issued by the court until such time as the person is issued a restricted license by the Department.*

C. *However, upon motion of an offender, if (i) a conviction was under § 18.2-266 or a substantially similar ordinance of any county, city, or town; (ii) the conviction was for a first offense; (iii) the offender was an adult at the time of the offense; and (iv) the offender's blood alcohol content was less than 0.15, the only restriction of a restricted license that the court shall impose is to prohibit the offender from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system for not less than 12 consecutive months without alcohol-related violations of the interlock requirements.*

D. In any case in which the court requires the installation of an ignition interlock system, the court shall order the offender not to operate any motor vehicle that is not equipped with such a system for the period of time that the interlock restriction is in effect. The clerk of the court shall file with the Department of Motor Vehicles a copy of the order, which shall become a part of the offender's operator's license record maintained by the Department. The Department shall issue to the offender for the period during which the interlock restriction is imposed a restricted license which shall appropriately set forth the restrictions required by the court under this subsection and any other restrictions imposed upon the offender's driving privilege, and shall also set forth any exception granted by the court under subsection ~~F~~ I.

~~D~~. E. *The court may, upon motion of an offender who is ineligible to receive a restricted license in accordance with subsection C, order that the offender (i) use a remote alcohol monitoring device for a period of time coextensive with the period of time of the prohibition imposed under subsection B and (ii) refrain from alcohol consumption during such period of time. Additionally, upon such motion and pursuant to § 18.2-271.1, the court may issue a restricted license to operate a motor vehicle for any purpose to a person who is prohibited from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system when such person is ordered to use a remote alcohol monitoring device pursuant to this subsection and has a functioning, certified ignition interlock system installed on each motor vehicle, as defined in § 46.2-100, owned by or registered to the offender, in whole or in part.*

A fee of \$20 to cover court and administrative costs related to the remote alcohol monitoring device shall be paid by any such offender to the clerk of the court. The offender shall be enrolled in and supervised by an alcohol safety action program pursuant to § 18.2-271.1 and shall comply with all conditions established by regulation under § 18.2-270.2 by the Commission during the period for which the court has ordered the use of a remote alcohol monitoring device. The offender

shall be further required to provide to such program, at least quarterly during the period of time the offender is ordered to use a remote alcohol monitoring device, a copy of the data from such device indicating the offender's blood alcohol content and showing attempts to circumvent or tamper with the device. The period of time during which the offender is required to use a remote alcohol monitoring device shall be calculated from the date the offender is issued a restricted license by the court; however, such period of time shall be tolled upon the expiration of the restricted license issued by the court until such time as the person is issued a restricted license by the Department.

F. The offender shall be ordered to provide the appropriate ASAP program, within 30 days of the effective date of the order of court, proof of the installation of the ignition interlock system, and, if applicable, proof that the offender is using a remote alcohol monitoring device. The Program shall require the offender to have the system and device monitored and calibrated for proper operation at least every 30 days by an entity approved by the Commission under the provisions of § 18.2-270.2 and to demonstrate proof thereof. The offender shall pay the cost of leasing or buying and monitoring and maintaining the ignition interlock system and the remote alcohol monitoring device. Absent good cause shown, the court may revoke the offender's driving privilege for failing to (i) timely install such system or use such device or (ii) have the system or device properly monitored and calibrated.

E. G. No person shall start or attempt to start a motor vehicle equipped with an ignition interlock system for the purpose of providing an operable motor vehicle to a person who is prohibited under this section from operating a motor vehicle that is not equipped with an ignition interlock system. No person shall tamper with, or in any way attempt to circumvent the operation of, an ignition interlock system that has been installed in the motor vehicle of a person under this section. Except as authorized in subsection F I, no person shall knowingly furnish a motor vehicle not equipped with a functioning ignition interlock system to any person prohibited under subsection B from operating any motor vehicle which that is not equipped with such system. A violation of this subsection is punishable as a Class 1 misdemeanor.

H. No person shall tamper with, or in any way attempt to circumvent the operation of, a remote alcohol monitoring device that an offender is ordered to use under this section. A violation of this subsection is punishable as a Class 1 misdemeanor.

Any person who violates this subsection shall have his restricted license issued pursuant to subsection E, as it shall become effective on July 1, 2021, revoked. The court may, in its discretion and for good cause shown, provide that such person be issued a restricted permit to operate a motor vehicle in accordance with the terms of a restricted license issued pursuant to subsection E of § 18.2-271.1.

F. I. Any person prohibited from operating a motor vehicle under subsection B may, solely in the course of his employment, operate a motor vehicle that is owned or provided by his employer without installation of an ignition interlock system, if the court expressly permits such operation as a condition of a restricted license at the request of the employer; such person shall not be permitted to operate any other vehicle without a functioning ignition interlock system and, in no event, shall such person be permitted to operate a school bus, school vehicle, or a commercial motor vehicle as defined in § 46.2-341.4. This subsection shall not apply if such employer is an entity wholly or partially owned or controlled by the person otherwise prohibited from operating a vehicle without an ignition interlock system.

G. J. The Commission shall promulgate such regulations and forms as are necessary to implement the procedures outlined in this section.

§ 18.2-270.2. Ignition interlock system and remote alcohol monitoring device; certification by Commission on VASAP; regulations; sale or lease; monitoring use; reports.

A. The Executive Director of the Commission on VASAP or his designee shall, pursuant to approval by the Commission, certify ignition interlock systems for use in ~~the~~ the Commonwealth and adopt regulations and forms for the installation, maintenance and certification of such ignition interlock systems.

The regulations adopted shall include requirements that ignition interlock systems:

1. Do not impede the safe operation of the vehicle;
2. Minimize opportunities to be bypassed, circumvented or tampered with, and provide evidence thereof;
3. Correlate accurately with established measures of blood alcohol content and be calibrated according to the manufacturer's specifications;
4. Work accurately and reliably in an unsupervised environment;
5. Have the capability to provide an accurate written measure of blood alcohol content for each ignition, attempted ignition, and rolling retest, and record each attempt to circumvent or tamper with the equipment;
6. Minimize inconvenience to other users;
7. Be manufactured or distributed by an entity responsible for installation, user training, service, and maintenance, and meet the safety and operational requirements promulgated by the National Highway Transportation Safety Administration;
8. Operate reliably over the range of motor vehicle environments or motor vehicle manufacturing standards;
9. Be manufactured by an entity which is adequately insured against liability, in an amount established by the Commission, including product liability and installation and maintenance errors;
10. Provide for an electronic log of the driver's experience with the system with an information management system capable of electronically delivering information to the agency supervising the interlock user within ~~twenty-four~~ 24 hours of the collection of such information from the datalogger; and
11. Provide for a rolling retest of the operator's blood alcohol content.

B. The Executive Director of the Commission on VASAP or his designee shall, pursuant to approval by the Commission, certify remote alcohol monitoring devices for use in the Commonwealth and adopt regulations and forms for the installation, maintenance, and certification of such remote alcohol monitoring devices.

C. Such regulations shall also provide for the establishment of a fund, using a percentage of fees received by the manufacturer or distributor providing ignition interlock services or remote alcohol monitoring devices, to afford persons found by the court to be indigent all or part of the costs of an ignition interlock system or remote alcohol monitoring device.

D. The Commission shall design and adopt a warning label to be affixed to an ignition interlock system or remote alcohol monitoring device upon installation. The warning label shall state that a person tampering with, or attempting to circumvent the ignition interlock system ~~shall be~~ or remote alcohol monitoring device is guilty of a Class 1 misdemeanor and, upon conviction, shall be subject to a fine or incarceration or both.

E. The Commission shall publish a list of certified ignition interlock systems and remote alcohol monitoring devices and shall ensure that such systems and devices are available throughout the Commonwealth. The local alcohol safety action program shall make the list available to eligible offenders, who shall have the responsibility and authority to choose which certified ignition interlock company and certified remote alcohol monitoring company will supply the offender's equipment. A manufacturer or distributor of an ignition interlock system or a remote alcohol monitoring device that seeks to sell or lease the ignition interlock system or remote alcohol monitoring device to persons subject to the provisions of § 18.2-270.1 shall pay the reasonable costs of obtaining the required certification, as set forth by the Commission.

~~*F. A person may not sell or lease or offer to sell or lease an ignition interlock system or a remote alcohol monitoring device to any person subject to the provisions of § 18.2-270.1 unless:*~~

- ~~1. The system or device has been certified by the Commission; and~~
- ~~2. The warning label adopted by the Commission is affixed to the system.~~

~~*G. A manufacturer or distributor of an ignition interlock system or remote alcohol monitoring device shall provide such services as may be required at no cost to the Commonwealth. Such services shall include a toll free, twenty-four hour 24-hour telephone number for the users of ignition interlock systems or remote alcohol monitoring devices.*~~

§ 18.2-271.1. Probation, education, and rehabilitation of person charged or convicted; person convicted under law of another state or federal law.

A. Any person convicted of a first or second offense of § 18.2-266, or any ordinance of a county, city, or town similar to the provisions thereof, or provisions of subsection A of § 46.2-341.24, shall be required by court order, as a condition of probation or otherwise, to enter into and successfully complete an alcohol safety action program in the judicial district in which such charge is brought or in any other judicial district upon such terms and conditions as the court may set forth. However, upon motion of a person convicted of any such offense following an assessment of the person conducted by an alcohol safety action program, the court, for good cause, may decline to order participation in such a program if the assessment by the alcohol safety action program indicates that intervention is not appropriate for such person. In no event shall such persons be permitted to enter any such program which is not certified as meeting minimum standards and criteria established by the Commission on the Virginia Alcohol Safety Action Program (VASAP) pursuant to this section and to § 18.2-271.2. However, any person charged with a violation of a first or second offense of § 18.2-266, or any ordinance of a county, city, or town similar to the provisions thereof, or provisions of subsection A of § 46.2-341.24, may, at any time prior to trial, enter into an alcohol safety action program in the judicial district in which such charge is brought or in any other judicial district. Any person who enters into such program prior to trial may pre-qualify with the program to have an ignition interlock system installed on any motor vehicle owned or operated by him. However, no ignition interlock company shall install an ignition interlock system on any such vehicle until a court issues to the person a restricted license with the ignition interlock restriction.

B. The court shall require the person entering such program under the provisions of this section to pay a fee of no less than \$250 but no more than \$300. A reasonable portion of such fee, as may be determined by the Commission on VASAP, but not to exceed 10 percent, shall be forwarded monthly to be deposited with the State Treasurer for expenditure by the Commission on VASAP, and the balance shall be held in a separate fund for local administration of driver alcohol rehabilitation programs. Upon a positive finding that the defendant is indigent, the court may reduce or waive the fee. In addition to the costs of the proceeding, fees as may reasonably be required of defendants referred for intervention under any such program may be charged.

C. Upon conviction of a violation of § 18.2-266 or any ordinance of a county, city or town similar to the provisions thereof, or subsection A of § 46.2-341.24, the court shall impose the sentence authorized by § 18.2-270 or 46.2-341.28 and the license revocation as authorized by § 18.2-271. In addition, if the conviction was for a second offense committed within less than 10 years after a first such offense, the court shall order that restoration of the person's license to drive be conditioned upon the installation of an ignition interlock system on each motor vehicle, as defined in § 46.2-100, owned by or registered to the person, in whole or in part, for a period of six months beginning at the end of the three year license revocation, unless such a system has already been installed for six months prior to that time pursuant to a restricted license order under subsection E. Upon a finding that a person so convicted is required to participate in the program described herein, the court shall enter the conviction on the warrant, and shall note that the person so convicted has been referred to such program. The court may then proceed to issue an order in accordance with subsection E, if the court finds that the person so convicted is eligible for a restricted license. If the court finds good cause for a person not to participate in such program or subsequently that such person has violated, without good cause, any of the conditions set forth by the court in

entering the program, the court shall dispose of the case as if no program had been entered, in which event the revocation provisions of § 46.2-389 and subsection A of § 46.2-391 shall be applicable to the conviction. The court shall, upon final disposition of the case, send a copy of its order to the Commissioner of the Department of Motor Vehicles. If such order provides for the issuance of a restricted license, the Commissioner of the Department of Motor Vehicles, upon receipt thereof, shall issue a restricted license. The period of time during which the person (i) is prohibited from operating a motor vehicle that is not equipped with an ignition interlock system ~~or~~, (ii) is required to have an ignition interlock system installed on each motor vehicle owned by or registered to the person, in whole or in part, *or (iii) is required to use a remote alcohol monitoring device* shall be calculated from the date the person is issued a restricted license by the court; however, such period of time shall be tolled upon the expiration of the restricted license issued by the court until such time as the person is issued a restricted license by the Department of Motor Vehicles. Appeals from any such disposition shall be allowed as provided by law. The time within which an appeal may be taken shall be calculated from the date of the final disposition of the case or any motion for rehearing, whichever is later.

D. Any person who has been convicted under the law of another state or the United States of an offense substantially similar to the provisions of § 18.2-266 or subsection A of § 46.2-341.24, and whose privilege to operate a motor vehicle in this Commonwealth is subject to revocation under the provisions of § 46.2-389 and subsection A of § 46.2-391, may petition the general district court of the county or city in which he resides that he be given probation and assigned to a program as provided in subsection A and that, upon entry into such program, he be issued an order in accordance with subsection E. If the court finds that such person would have qualified therefor if he had been convicted in this Commonwealth of a violation of § 18.2-266 or subsection A of § 46.2-341.24, the court may grant the petition and may issue an order in accordance with subsection E as to the period of license suspension or revocation imposed pursuant to § 46.2-389 or subsection A of § 46.2-391. The court (i) shall, as a condition of a restricted license, prohibit such person from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system for a period of time not to exceed the period of license suspension and restriction, not less than six consecutive months without alcohol-related violations of interlock requirements, *and (ii) may, upon request of such person and as a condition of a restricted license, require such person to use a remote alcohol monitoring device in accordance with the provisions of subsection E of § 18.2-270.1, as it shall become effective on July 1, 2021.* Such order shall be conditioned upon the successful completion of a program by the petitioner. If the court subsequently finds that such person has violated any of the conditions set forth by the court, the court shall dispose of the case as if no program had been entered and shall notify the Commissioner, who shall revoke the person's license in accordance with the provisions of § 46.2-389 or subsection A of § 46.2-391. A copy of the order granting the petition or subsequently revoking or suspending such person's license to operate a motor vehicle shall be forthwith sent to the Commissioner of the Department of Motor Vehicles. The period of time during which the person (a) is prohibited from operating a motor vehicle that is not equipped with an ignition interlock system *or (b) is required to use a remote alcohol monitoring device* shall be calculated from the date the person is issued a restricted license by the court; however, such period of time shall be tolled upon the expiration of the restricted license issued by the court until such time as the person is issued a restricted license by the Department of Motor Vehicles.

No period of license suspension or revocation shall be imposed pursuant to this subsection which, when considered together with any period of license suspension or revocation previously imposed for the same offense under the law of another state or the United States, results in such person's license being suspended for a period in excess of the maximum periods specified in this subsection.

E. The property management agreement may be terminated by either party upon provision of written notice to the other party at least 30 days prior to the intended termination date. Any funds received or held by the real estate licensee acting as a managing agent shall be disbursed only in accordance with the terms of the property management agreement or as otherwise provided by law.

For the purposes of this subsection, "blended" means the receipt by a licensed distiller of deliveries and shipments of alcoholic beverages, other than wine and beer, in accordance with subdivision 6 of § 4.1-201 to be (a)(1) additionally aged by the receiving distillery in order to increase the quality and flavor of such alcoholic beverages or (2) used in a low alcohol beverage cooler and (b) bottled by the receiving distillery.

E. No Class 1 neutral grain spirit or alcohol, as defined by federal regulations, that is without distinctive character, aroma, taste or color shall be sold in government stores at a proof greater than 101 except upon permits issued by the Board for industrial, commercial, culinary, or medical use.

F. All alcoholic beverages sold in government stores, except for tasting samples pursuant to subsection G sold in government stores established by the Board on a distiller's licensed premises, shall be in closed containers, sealed and affixed with labels prescribed by the Board.

G. No alcoholic beverages shall be consumed in a government store by any person unless it is part of an organized tasting event conducted by (i) an employee of a manufacturer of distilled spirits or farm winery or (ii) an authorized representative of a manufacturer of distilled spirits or farm winery with a permit issued by the Board pursuant to subdivision A 15 of § 4.1-212, at which the samples of alcoholic beverages provided to any consumer do not exceed the limits for spirits or wine set forth in subdivision A 5 of § 4.1-201.1. No sample may be consumed by any individual to whom alcoholic beverages may not lawfully be sold pursuant to § 4.1-304.

Notwithstanding the provision of this subsection to the contrary, an agent of the Board appointed pursuant to subsection D may give samples of spirits, beer, wine, or cider to persons to whom alcoholic beverages may be lawfully sold for on-premises consumption, provided that (i) the spirits, beer, wine, or cider samples are manufactured within the same licensed premises or on contiguous premises of such agent licensed as a distillery, brewery, or winery; (ii) no single sample shall exceed four ounces of beer, two ounces of wine or cider, or one-half ounce of spirits, unless served as a mixed beverage, in which case a single sample of spirits may contain up to one and one-half ounces of spirits; (iii) no more than four total samples of alcoholic beverage products or, in the case of spirits samples, no more than three ounces of spirits shall be given or sold to any person per day; and (iv) in the case of spirits samples, a method is used to track the consumption of each consumer. Nothing in this paragraph shall prohibit such agent from serving samples of spirits as part of a mixed beverage. Such mixed beverage samples may contain spirits or vermouth not manufactured on the licensed premises or on contiguous premises of the licensed distillery, provided that at least 75 percent of the alcohol used in such samples is manufactured on the licensed premises or on contiguous premises of the licensed distillery. An agent of the Board appointed pursuant to subsection D may keep on the licensed premises no more than 10 varieties of spirits or vermouth not manufactured on the licensed premises or on contiguous premises of the licensed distillery. Any spirits or vermouth used in such samples that are not manufactured on the licensed premises or on contiguous premises of the licensed distillery shall be purchased from the Board.

The Board shall establish guidelines governing tasting events conducted pursuant to this subsection.

Any case fee charged to a licensed distiller by the Board for moving spirits from the production and bailment area to the tasting area of a government store established by the Board on the distiller's licensed premises shall be waived if such spirits are moved by employees of the licensed distiller.

H. I. With respect to purchases by consumers at government stores, the Authority shall accept cash in payment for any purchase or series of purchases. The Board may adopt regulations which provide for accepting a credit card or debit card as payment. Such regulations may provide for the collection, where appropriate, of related fees, penalties and service charges for the use of a credit card or debit card by any consumer.

J. Before the Authority implements any increase in the markup on distilled spirits or any change to the markup formula for distilled spirits pursuant to § 4.1-235 that would result in an increase in the retail price of distilled spirits sold to the public, the Authority shall (i) provide at least 45 days' public notice before such a price increase takes effect; (ii) provide the opportunity for submission of written comments regarding the proposed price increase; (iii) conduct a public meeting for the purpose of receiving verbal comment regarding the proposed price increase; and (iv) consider any written or verbal comments before implementing such a price increase.

CHAPTER 1018

An Act to amend and reenact § 46.2-301 of the Code of Virginia, relating to driving while license, permit, or privilege to drive suspended or revoked; mandatory minimum.

[S 711]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-301 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-301. Driving while license, permit, or privilege to drive suspended or revoked.

A. In addition to any other penalty provided by this section, any motor vehicle administratively impounded or immobilized under the provisions of § 46.2-301.1 may, in the discretion of the court, be impounded or immobilized for an additional period of up to 90 days upon conviction of an offender for driving while his driver's license, learner's permit, or privilege to drive a motor vehicle has been suspended or revoked for (i) a violation of § 18.2-36.1, 18.2-51.4, 18.2-266, 18.2-272, or 46.2-341.24 or a substantially similar ordinance or law in any other jurisdiction or (ii) driving after adjudication as an habitual offender, where such adjudication was based in whole or in part on an alcohol-related offense, or where such person's license has been administratively suspended under the provisions of § 46.2-391.2. However, if, at the time of the violation, the offender was driving a motor vehicle owned by another person, the court shall have no jurisdiction over such motor vehicle but may order the impoundment or immobilization of a motor vehicle owned solely by the offender at the time of arrest. All costs of impoundment or immobilization, including removal or storage expenses, shall be paid by the offender prior to the release of his motor vehicle.

B. Except as provided in §§ 46.2-304 and 46.2-357, no resident or nonresident (i) whose driver's license, learner's permit, or privilege to drive a motor vehicle has been suspended or revoked or (ii) who has been directed not to drive by any court or by the Commissioner, or (iii) who has been forbidden, as prescribed by operation of any statute of the Commonwealth or a substantially similar ordinance of any county, city or town, to operate a motor vehicle in the Commonwealth shall thereafter drive any motor vehicle or any self-propelled machinery or equipment on any highway in the Commonwealth until the period of such suspension or revocation has terminated or the privilege has been reinstated or a restricted license is issued pursuant to subsection E. A clerk's notice of suspension of license for failure to pay fines or costs given in accordance with § 46.2-395 shall be sufficient notice for the purpose of maintaining a conviction under this section. For the purposes of this section, the phrase "motor vehicle or any self-propelled machinery or equipment" shall not include mopeds.

C. A violation of subsection B is a Class 1 misdemeanor. ~~A third or subsequent offense occurring within a 10-year period shall include a mandatory minimum term of confinement in jail of 10 days. However, the court shall not be required to impose a mandatory minimum term of confinement in any case where a motor vehicle is operated in violation of this section in a situation of apparent extreme emergency which requires such operation to save life or limb.~~

D. Upon a violation of subsection B, the court shall suspend the person's license or privilege to drive a motor vehicle for the same period for which it had been previously suspended or revoked. In the event the person violated subsection B by driving during a period of suspension or revocation which was not for a definite period of time, the court shall suspend the person's license, permit or privilege to drive for an additional period not to exceed 90 days, to commence upon the expiration of the previous suspension or revocation or to commence immediately if the previous suspension or revocation has expired; however, in the event that the person violated subsection B by driving during a period of suspension imposed

pursuant to § 46.2-395, the additional 90-day suspension imposed pursuant to this subsection shall run concurrently with the suspension imposed pursuant to § 46.2-395 in accordance with subsection F of § 46.2-395.

E. Any person who is otherwise eligible for a restricted license may petition each court that suspended his license pursuant to subsection D for authorization for a restricted license, provided that the period of time for which the license was suspended by the court pursuant to subsection D, if measured from the date of conviction, has expired, even though the suspension itself has not expired. A court may, for good cause shown, authorize the Department of Motor Vehicles to issue a restricted license for any of the purposes set forth in subsection E of § 18.2-271.1. No restricted license shall be issued unless each court that issued a suspension of the person's license pursuant to subsection D authorizes the Department to issue a restricted license. Any restricted license issued pursuant to this subsection shall be in effect until the expiration of any and all suspensions issued pursuant to subsection D, except that it shall automatically terminate upon the expiration, cancellation, suspension, or revocation of the person's license or privilege to drive for any other cause. No restricted license issued pursuant to this subsection shall permit a person to operate a commercial motor vehicle as defined in the Commercial Driver's License Act (§ 46.2-341.1 et seq.). The court shall forward to the Commissioner a copy of its authorization entered pursuant to this subsection, which shall specifically enumerate the restrictions imposed and contain such information regarding the person to whom such a license is issued as is reasonably necessary to identify the person. The court shall also provide a copy of its authorization to the person, who may not operate a motor vehicle until receipt from the Commissioner of a restricted license. A copy of the restricted license issued by the Commissioner shall be carried at all times while operating a motor vehicle.

F. Any person who operates a motor vehicle or any self-propelled machinery or equipment in violation of the terms of a restricted license issued pursuant to subsection E of § 18.2-271.1 is not guilty of a violation of this section but is guilty of a violation of § 18.2-272.

CHAPTER 1019

A. Any person who drives or operates any motor vehicle *on any highway, as defined in § 46.2-100, in the Commonwealth, or any engine or train in the Commonwealth*, during the time for which he was deprived of the right to do so (i) upon conviction of a violation of § 18.2-268.3 or 46.2-341.26:3 or of an offense set forth in subsection E of § 18.2-270, (ii) by § 18.2-271 or 46.2-391.2, (iii) after his license has been revoked pursuant to § 46.2-389 or 46.2-391, or (iv) in violation of the terms of a restricted license issued pursuant to subsection E of § 18.2-271.1, is guilty of a Class 1 misdemeanor except as otherwise provided in § 46.2-391, and is subject to administrative revocation of his driver's license pursuant to §§ 46.2-389 and 46.2-391. Any person convicted of three violations of this section committed within a 10-year period is guilty of a Class 6 felony.

Nothing in this section or § 18.2-266, 18.2-270, or 18.2-271 shall be construed as conflicting with or repealing any ordinance or resolution of any *county, city, or town or county which that* restricts still further the right of such persons to drive or operate any such vehicle or conveyance.

B. Regardless of compliance with any other restrictions on his privilege to drive or operate a motor vehicle, it shall be a violation of this section for any person whose privilege to drive or operate a motor vehicle has been restricted, suspended or revoked because of a violation of § 18.2-36.1, 18.2-51.4, 18.2-266, 18.2-268.3, 46.2-341.24, or 46.2-341.26:3 or a similar ordinance or law of another state or the United States to drive or operate a motor vehicle *on any highway, as defined in § 46.2-100, in the Commonwealth* while he has a blood alcohol content of 0.02 percent or more.

Any person suspected of a violation of this subsection shall be entitled to a preliminary breath test in accordance with the provisions of § 18.2-267, shall be deemed to have given his implied consent to have samples of his blood, breath or both taken for analysis pursuant to the provisions of § 18.2-268.2, and, when charged with a violation of this subsection, shall be subject to the provisions of §§ 18.2-268.1 through 18.2-268.12.

C. Any person who drives or operates a motor vehicle *on any highway, as defined in § 46.2-100, in the Commonwealth* without a certified ignition interlock system as required by § 46.2-391.01 is guilty of a Class 1 misdemeanor and is subject to administrative revocation of his driver's license pursuant to §§ 46.2-389 and 46.2-391.

CHAPTER 1020

An Act to amend the Code of Virginia by adding in Article 4 of Chapter 12 of Title 55.1 a section numbered 55.1-1244.1, relating to property; landlord and tenant; tenant's remedy by repair.

[S 905]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Article 4 of Chapter 12 of Title 55.1 a section numbered 55.1-1244.1 as follows:

§ 55.1-1244.1. Tenant's remedy by repair.

A. For purposes of this section, "actual costs" means (i) the amount paid on an invoice to a third-party licensed contractor or a licensed pesticide business by a tenant, local government, or nonprofit entity or (ii) the amount donated by a third-party contractor or pesticide business as reflected on such contractor's or pesticide business's invoice.

B. If (i) there exists in the dwelling unit a condition that constitutes a material noncompliance by the landlord with the rental agreement or with provisions of law or that, if not promptly corrected, will constitute a fire hazard or serious threat to the life, health, or safety of occupants of the premises, including an infestation of rodents or a lack of heat, hot or cold running water, light, electricity, or adequate sewage disposal facilities, and (ii) the tenant has notified the landlord of the condition in writing, the landlord shall take reasonable steps to make the repair or to remedy such condition within 14 days of receiving notice from the tenant.

C. If the landlord does not take reasonable steps to repair or remedy the offending condition within 14 days of receiving a tenant's notice pursuant to subsection B, the tenant may contract with a third-party contractor licensed by the Board for Contractors or, in the case of a rodent infestation, a pesticide business employing commercial applicators or registered technicians who are licensed, certified, and registered with the Department of Agriculture and Consumer Services pursuant to Chapter 39 (§ 3.2-3900 et seq.) of Title 3.2, to repair or remedy the condition specified in the notice. A tenant who contracts with a third-party licensed contractor or pesticide business is entitled to recover the actual costs incurred for the work performed, not exceeding the greater of one month's rent or \$1,500. Unless the tenant has been reimbursed by the landlord, the tenant may deduct the actual costs incurred for the work performed pursuant to the contract with the third-party contractor or pesticide business after submitting to the landlord an itemized statement accompanied by receipts for purchased items and third-party contractor or pest control services.

D. A local government or nonprofit entity may procure the services of a third-party licensed contractor or pesticide business on behalf of the tenant pursuant to subsection B. Such assistance shall have no effect on the tenant's entitlement under this section to be reimbursed by the landlord or to make a deduction from the periodic rent.

E. A tenant may not repair a property condition at the landlord's expense under this section to the extent that (i) the property condition was caused by an act or omission of the tenant, an authorized occupant, or a guest or invitee; (ii) the landlord was unable to remedy the property condition because the landlord was denied access to the dwelling unit; or (iii) the landlord had already remedied the property condition prior to the tenant's contracting with a licensed third-party contractor or pesticide business pursuant to subsection C.

CHAPTER 1021

An Act to amend and reenact § 44-146.19 of the Code of Virginia, relating to emergency services and disaster law; political subdivisions.

[S 1008]

Approved April 9, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 44-146.19 of the Code of Virginia is amended and reenacted as follows:

§ 44-146.19. Powers and duties of political subdivisions.

A. Each political subdivision within the Commonwealth shall be within the jurisdiction of and served by the Department of Emergency Management and be responsible for local disaster mitigation, preparedness, response and recovery. Each political subdivision shall maintain in accordance with state disaster preparedness plans and programs an agency of emergency management which, except as otherwise provided under this chapter, has jurisdiction over and services the entire political subdivision.

B. Each political subdivision shall have a director of emergency management who, after the term of the person presently serving in this capacity has expired and in the absence of an executive order by the Governor, shall be the following:

1. In the case of a city, the mayor or city manager, who shall appoint a coordinator of emergency management with consent of council;

2. In the case of a county, a member of the board of supervisors selected by the board or the chief administrative officer for the county, who shall appoint a coordinator of emergency management with the consent of the governing body;

3. A coordinator of emergency management shall be appointed by the council of any town to ensure integration of its organization into the county emergency management organization;

4. In the case of the Town of Chincoteague and of towns with a population in excess of 5,000 having an emergency management organization separate from that of the county, the mayor or town manager shall appoint a coordinator of emergency services with consent of council;

5. In Smyth County and in York County, the chief administrative officer for the county shall appoint a director of emergency management, with the consent of the governing body, who shall appoint a coordinator of emergency management with the consent of the governing body.

C. Whenever the Governor has declared a state of emergency, each political subdivision within the disaster area may, under the supervision and control of the Governor or his designated representative, control, restrict, allocate or regulate the use, sale, production and distribution of food, fuel, clothing and other commodities, materials, goods, services and resource systems which fall only within the boundaries of that jurisdiction and which do not impact systems affecting adjoining or other political subdivisions, enter into contracts and incur obligations necessary to combat such threatened or actual disaster, protect the health and safety of persons and property and provide emergency assistance to the victims of such disaster. In exercising the powers vested under this section, under the supervision and control of the Governor, the political subdivision may proceed without regard to time-consuming procedures and formalities prescribed by law (except mandatory constitutional requirements) pertaining to the performance of public work, entering into contracts, incurring of obligations, employment of temporary workers, rental of equipment, purchase of supplies and materials, levying of taxes, and appropriation and expenditure of public funds.

D. The director of each local organization for emergency management may, in collaboration with (i) other public and private agencies within the Commonwealth or (ii) other states or localities within other states, develop or cause to be developed mutual aid arrangements for reciprocal assistance in case of a disaster too great to be dealt with unassisted. Such arrangements shall be consistent with state plans and programs and it shall be the duty of each local organization for emergency management to render assistance in accordance with the provisions of such mutual aid arrangements. *Except where a mutual aid arrangement for reciprocal assistance exists between localities, no locality shall prohibit another locality from providing emergency medical services across local boundaries solely on the basis of financial considerations.*

E. Each local and interjurisdictional agency shall prepare and keep current a local or interjurisdictional emergency operations plan for its area. The plan shall include, but not be limited to, responsibilities of all local agencies and shall establish a chain of command, and a provision that the Department of Criminal Justice Services and the Virginia Criminal Injuries Compensation Fund shall be contacted immediately to deploy assistance in the event of an emergency as defined in the emergency response plan when there are victims as defined in § 19.2-11.01. The Department of Criminal Justice Services and the Virginia Criminal Injuries Compensation Fund shall be the lead coordinating agencies for those individuals determined to be victims, and the plan shall also contain current contact information for both agencies. Every four years, each local and interjurisdictional agency shall conduct a comprehensive review and revision of its emergency operations plan to ensure that the plan remains current, and the revised plan shall be formally adopted by the locality's governing body. In the case of an interjurisdictional agency, the plan shall be formally adopted by the governing body of each of the localities encompassed by the agency. Each political subdivision having a nuclear power station or other nuclear facility within 10 miles of its boundaries shall, if so directed by the Department of Emergency Management, prepare and keep current an appropriate emergency plan for its area for response to nuclear accidents at such station or facility.

F. All political subdivisions shall provide (i) an annually updated emergency management assessment and (ii) data related to emergency sheltering capabilities, including emergency shelter locations, evacuation zones, capacity by person, medical needs capacity, current wind rating, standards compliance, backup power, and lead agency for staffing, to the State Coordinator of Emergency Management on or before May 1 of each year.

G. By July 1, 2005, all localities with a population greater than 50,000 shall establish an alert and warning plan for the dissemination of adequate and timely warning to the public in the event of an emergency or threatened disaster. The governing body of the locality, in consultation with its local emergency management organization, shall amend its local emergency operations plan that may include rules for the operation of its alert and warning system, to include sirens, Emergency Alert System (EAS), NOAA Weather Radios, or other personal notification systems, amateur radio operators, or any combination thereof.

H. Localities that have established an agency of emergency management shall have authority to require the review of, and suggest amendments to, the emergency plans of nursing homes, assisted living facilities, adult day care centers, and child day care centers that are located within the locality.

Certified pollution control equipment and facilities shall be exempt from state and local taxation pursuant to Article X, Section 6 (d) of the Constitution of Virginia.

B. As used in this section:

"Certified pollution control equipment and facilities" ~~shall mean~~ *means* any property, including real or personal property, equipment, facilities, or devices, used primarily for the purpose of abating or preventing pollution of the atmosphere or waters of the Commonwealth and which the state certifying authority having jurisdiction with respect to such property has certified to the Department of Taxation as having been constructed, reconstructed, erected, or acquired in conformity with the state program or requirements for abatement or control of water or atmospheric pollution or contamination. Such property shall include, but is not limited to, any equipment used to grind, chip, or mulch trees, tree stumps, underbrush, and other vegetative cover for reuse as mulch, compost, landfill gas, synthetic or natural gas recovered from waste or other fuel, and equipment used in collecting, processing, and distributing, or generating electricity from, landfill gas or synthetic or natural gas recovered from waste, whether or not such property has been certified to the Department of Taxation by a state certifying authority. Such property shall also include solar energy equipment, facilities, or devices owned or operated by a business that collect, generate, transfer, or store thermal or electric energy whether or not such property has been certified to the Department of Taxation by a state certifying authority.

C. For solar photovoltaic (electric energy) systems, this exemption applies only to (i) projects equaling 20 megawatts or less, as measured in alternating current (AC) generation capacity, for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or before December 31, 2018; (ii) projects equaling 20 megawatts or less, as measured in alternating current (AC) generation capacity, that serve any of the public institutions of higher education listed in § 23.1-100 or any private college as defined in § 23.1-105; (iii) 80 percent of the assessed value of projects for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization (a) between January 1, 2015, and June 30, 2018, for projects greater than 20 megawatts or (b) on or after July 1, 2018, for projects greater than 20 megawatts and less than 150 megawatts, as measured in alternating current (AC) generation capacity, and that are first in service on or after January 1, 2017; (iv) projects equaling five megawatts or less, as measured in alternating current (AC) generation capacity, for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or after January 1, 2019; and (v) 80 percent of the assessed value of all other projects equaling more than five megawatts and less than 150 megawatts, as measured in alternating current (AC) generation capacity for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or after January 1, 2019.

D. The exemption for solar photovoltaic (electric energy) projects greater than ~~20~~ five megawatts, as measured in alternating current (AC) generation capacity, shall not apply to ~~any such project projects upon which construction begins after January 1, 2024 unless an application has been filed with the locality for the project before July 1, 2030.~~ For purposes of this section, "application has been filed with the locality" means an applicant has filed an application for a zoning confirmation from the locality for a by-right use or an application for land use approval under the locality's zoning ordinance to include an application for a conditional use permit, special use permit, special exception, or other application as set out in the locality's zoning ordinance.

E. All such property as described in this definition shall not include the land on which such equipment or facilities are located.

"State certifying authority" ~~shall mean~~ means the State Water Control Board or the Virginia Department of Health, for water pollution; the State Air Pollution Control Board, for air pollution; the Department of Mines, Minerals and Energy, for solar energy projects and for coal, oil, and gas production, including gas, natural gas, and coalbed methane gas; and the Virginia Waste Management Board, for waste disposal facilities, natural gas recovered from waste facilities, and landfill gas production facilities, and shall include any interstate agency authorized to act in place of a certifying authority of the Commonwealth.

F. Notwithstanding any provision to the contrary, for any solar photovoltaic project described in clauses (iii) and (v) of subsection C for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or after January 1, 2019, the amount of the exemption shall be as follows: 80 percent of the assessed value in the first five years in service after commencement of commercial operation, 70 percent of the assessed value in the second five years in service, and 60 percent of the assessed value for all remaining years in service.

[H 1417]

Approved April 10, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 58.1-311, 58.1-499, and 58.1-1823 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding in Chapter 3 of Title 58.1 a section numbered 58.1-311.2 and by adding an article numbered 9.1, consisting of sections numbered 58.1-396 through 58.1-399.7, as follows:

§ 58.1-311. Report of change in federal taxable income.

If the amount of any individual, estate, trust or corporate taxpayer's federal taxable income reported on his federal income tax return for any taxable year is changed or corrected by the United States Internal Revenue Service or other competent authority, or as the result of a renegotiation of a contract or subcontract with the United States, the taxpayer shall file an amended return, or such other form as the Department may prescribe, reporting such change or correction in federal taxable income within one year after the final determination date, as defined in § 58.1-311.2, ~~or~~ for such change, correction, or renegotiation, or as otherwise required by the Department, and shall concede the accuracy of such determination or state wherein it is erroneous. However, if the Department has sufficient information from which to compute the proper additional tax and the taxpayer has paid such tax, then the taxpayer is not required to file an amended individual income tax return. Any taxpayer filing an amended federal income tax return shall also file within one year thereafter an amended return under this chapter and shall give such information as the Department may require. The Department may by regulation prescribe such exceptions to the requirements of this section as it deems appropriate.

§ 58.1-311.2. Final determination date.

As used in § 58.1-311, "final determination date" means:

1. Except as provided in subdivisions 1 and 2, if the federal adjustment arises from an Internal Revenue Service audit or other action by the Internal Revenue Service, the final determination date is the first day on which no federal adjustments arising from that audit or other action remain to be finally determined, whether by Internal Revenue Service decision with

respect to which all rights of appeal have been waived or exhausted, by agreement, or, if appealed or contested, by a final decision with respect to which all rights of appeal have been waived or exhausted. For agreements required to be signed by the Internal Revenue Service and the taxpayer, the final determination date is the date on which the last party signed the agreement.

2. For federal adjustments arising from an Internal Revenue Service audit or other action by the Internal Revenue Service, if the taxpayer filed as a member of a combined or consolidated return under § 58.1-442, the final determination date means the first day on which no related federal adjustments arising from that audit remain to be finally determined, as described in subdivision 1, for the entire group.

3. If the federal adjustment results from filing an amended federal return, a federal refund claim, or an administrative adjustment request, as that term is used in § 58.1-396, or if it is a federal adjustment reported on an amended federal return or other similar report filed pursuant to § 6225(c) of the Internal Revenue Code, the final determination date means the day on which the amended return, refund claim, administrative adjustment request, or other similar report was filed.

Partnerships and partners shall report final federal adjustments arising from a partnership-level audit or an administrative adjustment request and make required payments pursuant to the provisions of this article and shall not be required to comply with the provisions of § 58.1-311. This section shall not apply to adjustments required to be reported for federal income tax purposes pursuant to § 6225(a)(2) of the Internal Revenue Code and shall not apply to the distributive share of adjustments that have been reported as required under § 58.1-311.

The actions of the state partnership representative shall be binding on the direct partners and indirect partners of the partnership.

B. The state partnership representative for a reviewed year is the partnership's federal partnership representative unless the partnership designates in writing another person as its state partnership representative.

C. The Department shall establish reasonable qualifications and procedures for designating a person, other than a federal partnership representative, to be the state partnership representative.

§ 58.1-399. Reporting and payment requirements for a partnership subject to a final federal adjustment.

A. Except as otherwise provided in this article, any final federal adjustment shall be reported pursuant to the provisions of subsection B. This subsection shall not apply to a final federal adjustment for which election has been properly made pursuant to § 58.1-399.1.

B. No later than 90 days after the final determination date, a partnership shall:

C. Except as provided under § 58.1-321, no later than one year after the final determination date, each direct partner subject to tax pursuant to the provisions of Article 2 (§ 58.1-320 et seq.), 6 (§ 58.1-360 et seq.), or 10 (§ 58.1-400) shall:

- 1. File a federal adjustments report that identifies the distributive share of adjustments reported to such direct partner under subdivision B 2; and*
- 2. Pay any additional amount of tax due as if final federal adjustments had been properly reported, including any penalty and interest due under this title. Such payment may be reduced by any credit for related amounts paid or withheld and remitted on behalf of the direct partner pursuant to subdivision B 3, 4, or 5.*

§ 58.1-399.1. Elective payment by a partnership.

A. Notwithstanding §§ 58.1-390.2 and 58.1-399, an audited partnership may make an elective payment pursuant to the provisions of this section. Such partnership shall:

- 1. No later than 90 days after the final determination date, file a completed federal adjustments report, which shall include any information required by the Department;*

B. The elective payment amount shall be the amount of final federal adjustments, subject to the following modifications:

- 1. The elective payment amount shall exclude the distributive share of final federal adjustments that is reported to a direct exempt partner;*
- 2. For the total distributive shares of the remaining final federal adjustments reported to (i) any direct corporate partner subject to tax under § 58.1-400 and (ii) any direct exempt partner subject to tax under § 58.1-400 on its unrelated business income or other taxable income, such adjustments shall be apportioned or allocated, as applicable, pursuant to the provisions of §§ 58.1-405 through 58.1-423 and, after such apportionment or allocation, shall be multiplied by the tax rate specified in § 58.1-400 and, after such multiplication, shall be included in the elective payment;*
- 3. For the total distributive shares of the remaining final federal adjustments reported to any nonresident direct partner that is subject to tax under Article 2 (§ 58.1-320 et seq.) or 6 (§ 58.1-360 et seq.), such adjustments shall be sourced to Virginia pursuant to applicable laws governing sourcing, and any adjustments sourced to Virginia shall be multiplied by the highest tax rate specified in § 58.1-320 and, after such multiplication, shall be included in the elective payment;*
- 4. For the total distributive shares of the remaining final federal adjustments reported to any tiered partner, the elective payment shall include the amount specified in this subdivision. Subject to the modifications specified in this subdivision, the amount shall (i) include that portion of the adjustments that are of a type that would be sourced to Virginia pursuant to applicable laws governing sourcing, and (ii) include all adjustments that are of a type that would not be subject to sourcing in Virginia pursuant to applicable laws governing sourcing. However, the amount specified in clause (ii) shall exclude any*

amount that can be established, under guidelines issued by the Department, to be properly (a) allocable to a nonresident indirect partner; (b) allocable to a partner that is not subject to tax on such amount, or (c) excludable under procedures for alternative reporting and payment as specified in § 58.1-399.3. The amount specified in clauses (i) and (ii), as reduced by the exclusions specified in clauses (a), (b), and (c), shall be multiplied by the highest tax rate specified in § 58.1-320 or 58.1-360, as applicable, and, after such multiplication, shall be included in the elective payment;

5. For the total distributive shares of the remaining final federal adjustments reported to any resident direct partner that is subject to tax under § 58.1-320 or 58.1-360, such adjustments shall be multiplied by the highest tax rate specified in § 58.1-320 or 58.1-360, as applicable, and, after such multiplication, shall be included in the elective payment; and

6. Any penalty and interest provided for by this title shall be included in the elective payment.

§ 58.1-399.2. Tiered partners.

A. The following categories of partners shall be subject to the reporting and payment requirements specified in § 58.1-399, entitled to make elections as provided in § 58.1-399.1, and entitled to elect an alternative reporting and payment method as provided in § 58.1-399.3:

1. Any direct tiered partner of an audited partnership;
2. Any indirect tiered partner of an audited partnership; and
3. Any partner of a partner specified in subdivision 1 or 2.

B. A partner subject to the provisions of subsection A shall make required reports and payments no later than 90 days after the time for filing and providing statements to tiered partners and their partners pursuant to the provisions of § 6226 of the Internal Revenue Code and any regulations promulgated thereunder. The Department may establish procedures and deadlines for reports and payments required pursuant to this section.

§ 58.1-399.3. Alternative reporting and payment method.

Under procedures adopted by and subject to the approval of the Department, an audited partnership or a tiered partner may enter into an agreement with the Department to use an alternative reporting and payment method. However, the Department shall enter into such agreement only if such audited partnership or tiered partner demonstrates, to the satisfaction of the Department, that the alternative method is reasonably expected to provide for the reporting and payment of taxes, penalties, and interest due under the provisions of this article. Application for approval of an alternative reporting and payment method shall be made by the audited partnership or tiered partner within the applicable time period specified in § 58.1-399.1 or 58.1-399.2.

§ 58.1-399.4. Effect of election.

A. If a partnership or partner makes an election pursuant to § 58.1-399.1 or 58.1-399.3, such election shall not be revocable by such partnership or partner. However, the Department may make a discretionary determination that allows such election to be revoked.

B. If properly reported and paid by the audited partnership or tiered partner, the amount determined pursuant to § 58.1-399.1 or 58.1-399.3 shall be treated as paid in lieu of taxes owed by a direct or indirect partner, to the extent applicable, on the final federal adjustments. A direct partner or indirect partner shall be prohibited from claiming any subtraction, deduction, credit, or refund for such amount. This section shall not prohibit a partner that is a direct partner and a resident partner from (i) claiming a credit against taxes paid to Virginia pursuant to § 58.1-332 or (ii) claiming a credit for any amount paid by the audited partnership or tiered partner on the resident partner's behalf to another jurisdiction in accordance with the provisions of § 58.1-332.

§ 58.1-399.5. Failure to pay.

If an audited partnership or tiered partner fails to timely make any report or payment required by this article, the Department may assess the direct and indirect partners of such partnership or partner for any taxes owed.

§ 58.1-399.6. De minimis exception.

The Department may establish a de minimis tax liability amount. If a partner or partnership has a tax liability less than such amount, the Department may exempt such partner or partnership from the reporting and payment requirements of this article.

§ 58.1-399.7. Administration.

A. For partners and partnerships subject to the provisions of this article, the Department shall assess, collect from, and refund any Virginia income tax, interest, and penalties arising from final federal adjustments as set forth in this article. If any partner or partnership makes an election pursuant to § 58.1-399.1, the Department shall assess and collect in-lieu-of amounts, interest, and penalties arising from final federal adjustments as if the in-lieu-of-amounts are a corporate income tax imposed pursuant to the provisions of Article 10 (§ 58.1-400 et seq.). Penalties and interest imposed on a partner or partnership shall be determined based on the date the partnership return for the reviewed year originally was due. If any partner or partnership subject to § 58.1-399 fails to file its federal adjustments report within the time required, the provisions of § 58.1-394.1 shall be applicable to such report, mutatis mutandis.

B. Notwithstanding the provisions of subsection C of § 58.1-312 and clause (ii) of § 58.1-1823, an assessment shall be issued and an amended return for refund shall be filed by the following dates:

1. If a partner or partnership files with the Department a federal adjustments report or an amended Virginia tax return within the time period specified in § 58.1-399, or § 58.399.1, as applicable, the Department may assess any amounts, including taxes, in-lieu-of-amounts, interest, and penalties arising from those federal adjustments, if the Department issues

a notice of assessment to the partner or partnership no later than the expiration of the one-year period following the date of filing with the Department of the federal adjustments report.

2. If a partner or partnership fails to file the federal adjustments report within the time period specified in § 58.1-399, or § 58.399.1, as applicable, or if the federal adjustments report filed by the partner or partnership omits final federal adjustments or understates the correct amount of tax owed, the Department may assess amounts or additional amounts including taxes, in-lieu-of-amounts, interest, and penalties arising from the final federal adjustments, if the Department issues a notice of assessment to the partner or partnership no later than the expiration of the one-year period following the date of filing with the Department of the federal adjustments report.

3. An amended return for refund arising from federal adjustments made by the Internal Revenue Service shall be filed no later than one year from the date a federal adjustments report, as required by § 58.1-399, or § 58.399.1, as applicable, was due to the Department, including any extensions issued pursuant to the provisions of this section. The partner or partnership may, on the federal adjustments report, report additional tax due, report a claim for refund or credit of a tax, and make any other adjustments resulting from adjustments to the partner's or partnership's federal taxable income, including adjustments to its net operating losses.

4. Unless otherwise agreed to in writing by the partnership or partner and the Department, any adjustments by the Department or by the partner or partnership that are made pursuant to the one-year statute of limitations provided for in this subsection are limited to adjustments to the partner's or partnership's tax liability that arise from federal adjustments.

C. The one-year statute of limitations provided for in subsection B may be extended:

1. Automatically, upon written notice to the Department, by 60 days for an audited partnership or a tiered partner that has 10,000 or more direct partners; or

2. By written agreement between the partnership or partner and the Department pursuant to § 58.1-101.

D. 1. Any extension granted pursuant to subsection C shall extend by an equal time period the last day for the Department to assess any additional amounts arising from the adjustments to federal taxable income and the period for filing a claim for refund or credit of taxes.

2. The one-year statute of limitations provided for in subsection B shall not affect the time within which or the amount for which an assessment may otherwise be made or a refund sought under this title.

§ 58.1-499. Refunds to individual taxpayers; crediting overpayment against estimated tax for ensuing year.

A. In the case of any overpayment of any tax, addition to tax, interest or penalties imposed on an individual income taxpayer by this chapter, whether by reason of excessive withholding, overestimating and overpaying estimated tax, error on the part of the taxpayer, or an erroneous assessment of tax, the Tax Commissioner shall order a refund of the amount of the overpayment to the taxpayer. The overpayment shall be refunded out of the state treasury on the order of the Tax Commissioner upon the Comptroller.

B. If a refund of an overpayment of individual income tax payments is made payable jointly to a husband and wife who receive a final divorce decree after filing a joint income tax return, separate income tax returns on a single form, an amendment thereto, or other claim resulting in the issuance of a refund, the Tax Commissioner shall order the reissuance of the refund in separate checks to the husband and to the wife if the unnegotiated joint refund check is returned to Department with a certification, in a form satisfactory to the Department, made by one spouse that the other spouse refuses to endorse the joint refund check or cannot be located. In making such certification, the spouse returning the check shall agree to indemnify the Commonwealth for any amounts that the Commonwealth may be required to pay to the other spouse with respect to such refund. A certified copy of the final divorce decree, including any agreement with respect to the division of property between the spouses, shall be provided with the certification. If the final divorce decree addresses the apportionment or ownership of the refunded amount, the refund shall be apportioned and separate payments ordered as provided therein. If the final divorce decree does not address the apportionment or ownership of the refunded amount, the amount of the refund shall be divided equally between the husband and wife. The reissuance of refund payments pursuant to this subsection shall not affect the joint and several liability of the husband and wife for tax liabilities for the period for which the return or returns were filed.

C. Whenever the annual income tax return of an individual income taxpayer indicates in the place provided thereon that the taxpayer has overpaid his tax for the taxable year by reason of excessive withholding or overestimating and overpaying estimated tax, or both, the amount of the overpayment as shown on his return, subject to correction for error, may be credited against the estimated income tax for the ensuing year at the taxpayer's election and according to regulations prescribed by the Department and such overpayments by either a husband or wife on a separate return may be credited to the tax for the ensuing year of either of them or may be credited to their joint tax at the election of the person to whom the overpayment is payable; or otherwise such amount shall be refunded to him as soon as practicable. Interest on such refund shall be allowed and computed in accordance with § 58.1-1833. The making of any refund shall not absolve any taxpayer of any income tax liability which may in fact exist and the Tax Commissioner may make an assessment for any deficiency in the manner provided by law.

D. No refund under this section, however, shall be made for any overpayment of less than one dollar except on special written application of the taxpayer, nor shall any refund of any amount under this section be made, whether on discovery by the Department or on written application of the taxpayer, if such discovery is not made or such written application is not received within three years from the last day prescribed by law for the timely filing of the return, or within ~~sixty days~~ *sixty days* one

year from the final determination ~~of date~~, as defined in § 58.1-311.2, for any change or correction in the liability of the taxpayer for any federal tax upon which the state tax is based, whichever is later.

E. Notwithstanding the provisions of the Setoff Debt Collection Act, Article 21 (§ 58.1-520 et seq.) of this chapter, whenever any taxpayer is entitled to a refund under this section, or under § 58.1-309 or §§ 58.1-1821 through 58.1-1830 and such taxpayer owes the Commonwealth a past due income tax, or balance thereof, for any year, the amount of such refund may be credited on such past due income tax or balance, to the extent indicated.

§ 58.1-1823. Reassessment and refund upon the filing of amended return or the payment of an assessment.

Any person filing a tax return or paying an assessment required for any tax administered by the Department may file an amended return with the Department within the later of (i) three years from the last day prescribed by law for the timely filing of the return; (ii) one year from the final determination ~~of date~~, as defined in § 58.1-311.2, for any change or correction in the liability of the taxpayer for any federal tax upon which the state tax is based, provided that the refund does not exceed the amount of the decrease in Virginia tax attributable to such federal change or correction; (iii) two years from the filing of an amended Virginia return resulting in the payment of additional tax, provided that the amended return raises issues relating solely to such prior amended return and that the refund does not exceed the amount of the payment with such prior amended return; (iv) two years from the payment of an assessment, provided that the amended return raises issues relating solely to such assessment and that the refund does not exceed the amount of such payment; or (v) one year from the final determination of any change or correction in the income tax of the taxpayer for any other state, provided that the refund does not exceed the amount of the decrease in Virginia tax attributable to such change or correction. If the Department is satisfied, by evidence submitted to it or otherwise, that the tax assessed and paid upon the original return exceeds the proper amount, the Department may reassess the taxpayer and order that any amount excessively paid be refunded to him. The Department may reduce such refund by the amount of any taxes, penalties and interest which are due for the period covered by the amended return, or any past-due taxes, penalties and interest which have been assessed within the appropriate period of limitations. Any order of the Department denying such reassessment and refund, or the failure of the Department to act thereon within three months shall, as to matters first raised by the amended return, be deemed an assessment for the purpose of enabling the taxpayer to pursue the remedies allowed under this chapter.

2. That the Department of Taxation shall develop guidelines implementing the provisions of this act. Such guidelines shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq. of the Code of Virginia).

3. That the provisions of this act amending §§ 58.1-311, 58.1-499, and 58.1-1823 of the Code of Virginia shall be effective for all changes or corrections by the Internal Revenue Service or other competent authority, or as the result of a renegotiation of a contract or subcontract with the United States with a final determination date on or after July 1, 2020. For the purpose of this enactment clause, "final determination date" means the same as that term is defined in § 58.1-311.2 of the Code of Virginia, as created by this act.

CHAPTER 1031

An Act to amend and reenact § 46.2-924 of the Code of Virginia, relating to yielding the right-of-way to pedestrians; stopping.

[H 1705]

Approved April 10, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-924 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-924. Drivers to stop for pedestrians; installation of certain signs; penalty.

A. The driver of any vehicle on a highway shall yield the right-of-way to any pedestrian crossing such highway *by stopping and remaining stopped until such pedestrian has passed the lane in which the vehicle is stopped:*

1. At any clearly marked crosswalk, whether at ~~mid-block~~ *midblock* or at the end of any block;
2. At any regular pedestrian crossing included in the prolongation of the lateral boundary lines of the adjacent sidewalk at the end of a block; *or*
3. At any intersection when the driver is approaching on a highway ~~or street~~ where the ~~legal maximum~~ speed ~~does not exceed~~ *limit is not more than 35 miles per hour.*

B. *When a vehicle is stopped pursuant to subsection A, the driver of any other vehicle approaching from an adjacent lane or from behind the stopped vehicle shall not overtake and pass such stopped vehicle.*

C. Notwithstanding the provisions of subsection A, at intersections or crosswalks where the movement of traffic is being regulated by law-enforcement officers or traffic control devices, the driver shall yield according to the direction of the law-enforcement officer or device.

No pedestrian shall enter or cross an intersection in disregard of approaching traffic.

The drivers of vehicles entering, crossing, or turning at intersections shall change their course, slow down, or stop if necessary to permit pedestrians to cross such intersections safely and expeditiously.

Pedestrians crossing highways at intersections shall at all times have the right-of-way over vehicles making turns into the highways being crossed by the pedestrians.

~~€~~ D. The governing body of Arlington County, Fairfax County, Loudoun County and any town therein, the City of Alexandria, the City of Fairfax, the City of Falls Church, and the Town of Ashland may by ordinance provide for the installation and maintenance of highway signs at marked crosswalks specifically requiring operators of motor vehicles, at the locations where such signs are installed, to yield the right-of-way to pedestrians crossing or attempting to cross the highway. Any operator of a motor vehicle who fails at such locations to yield the right-of-way to pedestrians as required by such signs shall be guilty of a traffic infraction punishable by a fine of no less than \$100 or more than \$500. The Department of Transportation shall develop criteria for the design, location, and installation of such signs. The provisions of this section shall not apply to any limited access highway.

~~Đ~~ E. Where a shared-use path crosses a highway at a clearly marked crosswalk and there are no traffic control signals at such crossing, the local governing body may by ordinance require pedestrians, cyclists, and any other users of such shared-use path to come to a complete stop prior to entering such crosswalk. Such local ordinance may provide for a fine not to exceed \$100 for violations. Any locality adopting such an ordinance shall install and maintain stop signs, consistent with standards adopted by the Commonwealth Transportation Board and to the extent necessary in coordination with the Department of Transportation. At such crosswalks, no user of such shared-use path shall enter the crosswalk in disregard of approaching traffic.

~~Ɔ~~ F. A locality adopting an ordinance under subsection ~~Đ~~ E shall coordinate the enforcement and placement of any stop signs affecting a shared-use path owned and operated by a park authority formed under Chapter 57 (§ 15.2-5700 et seq.) of Title 15.2 with such authority.

CHAPTER 1032

An Act to amend and reenact § 58.1-439.12:04 of the Code of Virginia, relating to tax credit for participating landlords.

[S 200]

Approved April 10, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-439.12:04 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-439.12:04. Tax credit for participating landlords.

A. As used in this section, unless the context clearly shows otherwise, the term or phrase:

"Dwelling unit" means an individual housing unit in an apartment building, an individual housing unit in multifamily residential housing, a single-family residence, or any similar individual housing unit.

"Eligible census tract" means a census tract in Virginia in which less than 10 percent of the residents live below the poverty level, as defined by the United States government and determined by the most recent United States census.

"Eligible housing area" means ~~a~~ an eligible census tract in (i) the Richmond Metropolitan Statistical Area, (ii) the Washington-Arlington-Alexandria Metropolitan Statistical Area, or (iii) the Virginia Beach-Norfolk-Newport News Metropolitan Statistical Area in which less than 10 percent of the residents live below the poverty level, as defined by the United States government and determined by the most recent United States census.

"Housing authority" means a housing authority created under Article 1 (§ 36-1 et seq.) of Chapter 1 of Title 36 or other government agency that is authorized by the United States government under the United States Housing Act of 1937 (42 U.S.C. § 1437 et seq.) to administer a housing choice voucher program, or the authorized agent of such a housing authority that is authorized to act upon that authority's behalf. The term shall also include the Virginia Housing Development Authority.

"Housing choice voucher" means tenant-based assistance by a housing authority pursuant to 42 U.S.C. § 1437f et seq.

"Participating landlord" means any person engaged in the business of the rental of dwelling units who is (i) subject to the Virginia Residential Landlord and Tenant Act (§ 55.1-1200 et seq.) and (ii) performing obligations under a contract with a housing authority relating to the rental of qualified housing units.

"Qualified housing unit" means a dwelling unit that is located in an eligible housing area for which a portion of the rent is paid by a housing authority, which payment is pursuant to a housing choice voucher program.

B. For taxable years beginning on or after January 1, 2010, *but before January 1, 2025*, a participating landlord renting a qualified housing unit shall be eligible for a credit against the tax levied pursuant to § 58.1-320 or 58.1-400 in an amount equal to 10 percent of the fair market value of the rent for the unit, computed for that portion of the taxable year in which the unit was rented by such landlord to a tenant participating in a housing choice voucher program. The Department of Housing and Community Development shall administer and issue the tax credit under this section. If (i) the same parcel of real property contains four or more dwelling units and (ii) the total number of qualified housing units on the parcel in the relevant taxable year exceeds 25 percent of the total dwelling units on the parcel, then the tax credit under this section shall apply only to a limited number of qualified housing units with regard to such parcel of real property, with the limited number being equal to 25 percent of the total dwelling units on such parcel of real property in the taxable year.

C. The Department of Housing and Community Development shall issue tax credits under this section on a fiscal year basis. The maximum amount of tax credits that may be issued under this section in each fiscal year shall be \$250,000.

D. Participating landlords shall apply to the Department of Housing and Community Development for tax credits under this section. The Department of Housing and Community Development shall determine the credit amount allowable

to the participating landlord for the taxable year and shall also determine the fair market value of the rent for the qualified housing unit based on the fair market rent approved by the United States Department of Housing and Urban Development as the basis for the tenant-based assistance provided through the housing choice voucher program for the qualified housing unit. In issuing tax credits under this section, the Department of Housing and Community Development shall provide a written certification to the participating landlord, which certification shall report the amount of the tax credit approved by the Department. The participating landlord shall attach the certification to the applicable income tax return.

E. The Board of Housing and Community Development shall establish and issue guidelines for purposes of implementing the provisions of this section. The guidelines shall provide for the allocation of tax credits among participating landlords requesting credits. The guidelines shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.).

F. In no case shall the amount of credit taken by a participating landlord for any taxable year exceed the total amount of tax imposed by this chapter for the taxable year. If the amount of credit issued by the Department of Housing and Community Development for a taxable year exceeds the landlord's tax liability imposed by this chapter for such taxable year, then the amount that exceeds the tax liability may be carried over for credit against the income taxes of the participating landlord in the next five taxable years or until the total amount of the tax credit issued has been taken, whichever is sooner. Credits granted to a partnership, limited liability company, or electing small business corporation (S corporation) shall be allocated to the individual partners, members, or shareholders, respectively, in proportion to their ownership or interest in such business entities.

G. In the event that the amount of the qualified requests for tax credits for participating landlords in the fiscal year exceeds \$250,000, the Department of Housing and Community Development shall pro rate the tax credits among the qualified applicants.

CHAPTER 1033

[S 277]

Approved April 10, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 58.1-322.03 and 58.1-402 of the Code of Virginia are amended and reenacted as follows:

§ 58.1-322.03. Virginia taxable income; deductions.

In computing Virginia taxable income pursuant to § 58.1-322, there shall be deducted from Virginia adjusted gross income as defined in § 58.1-321:

1. a. The amount allowable for itemized deductions for federal income tax purposes where the taxpayer has elected for the taxable year to itemize deductions on his federal return, but reduced by the amount of income taxes imposed by the Commonwealth or any other taxing jurisdiction and deducted on such federal return and increased by an amount that, when added to the amount deducted under § 170 of the Internal Revenue Code for mileage, results in a mileage deduction at the state level for such purposes at a rate of 18 cents per mile; or

b. Provided that the taxpayer has not itemized deductions for the taxable year on his federal income tax return: (i) for taxable years beginning before January 1, 2019, and on and after January 1, 2026, \$3,000 for single individuals and \$6,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return) and (ii) for taxable years beginning on and after January 1, 2019, but before January 1, 2026, \$4,500 for single individuals and \$9,000 for married persons (one-half of such amounts in the case of a married individual filing a separate return). For purposes of this section, any person who may be claimed as a dependent on another taxpayer's return for the taxable year may compute the deduction only with respect to earned income.

2. a. A deduction in the amount of \$930 for each personal exemption allowable to the taxpayer for federal income tax purposes.

b. Each blind or aged taxpayer as defined under § 63(f) of the Internal Revenue Code shall be entitled to an additional personal exemption in the amount of \$800.

The additional deduction for blind or aged taxpayers allowed under this subdivision shall be allowable regardless of whether the taxpayer itemizes deductions for the taxable year for federal income tax purposes.

3. A deduction equal to the amount of employment-related expenses upon which the federal credit is based under § 21 of the Internal Revenue Code for expenses for household and dependent care services necessary for gainful employment.

4. An additional \$1,000 deduction for each child residing for the entire taxable year in a home under permanent foster care placement as defined in § 63.2-908, provided that the taxpayer can also claim the child as a personal exemption under § 151 of the Internal Revenue Code.

5. a. A deduction in the amount of \$12,000 for individuals born on or before January 1, 1939.

b. A deduction in the amount of \$12,000 for individuals born after January 1, 1939, who have attained the age of 65. This deduction shall be reduced by \$1 for every \$1 that the taxpayer's adjusted federal adjusted gross income exceeds \$50,000 for single taxpayers or \$75,000 for married taxpayers. For married taxpayers filing separately, the deduction shall

be reduced by \$1 for every \$1 that the total combined adjusted federal adjusted gross income of both spouses exceeds \$75,000.

For the purposes of this subdivision, "adjusted federal adjusted gross income" means federal adjusted gross income minus any benefits received under Title II of the Social Security Act and other benefits subject to federal income taxation solely pursuant to § 86 of the Internal Revenue Code, as amended.

6. The amount an individual pays as a fee for an initial screening to become a possible bone marrow donor, if (i) the individual is not reimbursed for such fee or (ii) the individual has not claimed a deduction for the payment of such fee on his federal income tax return.

7. a. A deduction shall be allowed to the purchaser or contributor for the amount paid or contributed during the taxable year for a prepaid tuition contract or college savings trust account entered into with the Virginia College Savings Plan, pursuant to Chapter 7 (§ 23.1-700 et seq.) of Title 23.1. Except as provided in subdivision b, the amount deducted on any individual income tax return in any taxable year shall be limited to \$4,000 per prepaid tuition contract or college savings trust account. No deduction shall be allowed pursuant to this subdivision 7 if such payments or contributions are deducted on the purchaser's or contributor's federal income tax return. If the purchase price or annual contribution to a college savings trust account exceeds \$4,000, the remainder may be carried forward and subtracted in future taxable years until the purchase price or college savings trust contribution has been fully deducted; however, except as provided in subdivision b, in no event shall the amount deducted in any taxable year exceed \$4,000 per contract or college savings trust account. Notwithstanding the statute of limitations on assessments contained in § 58.1-312, any deduction taken hereunder shall be subject to recapture in the taxable year or years in which distributions or refunds are made for any reason other than (i) to pay qualified higher education expenses, as defined in § 529 of the Internal Revenue Code or (ii) the beneficiary's death, disability, or receipt of a scholarship. For the purposes of this subdivision, "purchaser" or "contributor" means the person shown as such on the records of the Virginia College Savings Plan as of December 31 of the taxable year. In the case of a transfer of ownership of a prepaid tuition contract or college savings trust account, the transferee shall succeed to the transferor's tax attributes associated with a prepaid tuition contract or college savings trust account, including, but not limited to, carryover and recapture of deductions.

b. A purchaser of a prepaid tuition contract or contributor to a college savings trust account who has attained age 70 shall not be subject to the limitation that the amount of the deduction not exceed \$4,000 per prepaid tuition contract or college savings trust account in any taxable year. Such taxpayer shall be allowed a deduction for the full amount paid for the contract or contributed to a college savings trust account, less any amounts previously deducted.

8. The total amount an individual actually contributed in funds to the Virginia Public School Construction Grants Program and Fund, established in Chapter 11.1 (§ 22.1-175.1 et seq.) of Title 22.1, provided that the individual has not claimed a deduction for such amount on his federal income tax return.

9. An amount equal to 20 percent of the tuition costs incurred by an individual employed as a primary or secondary school teacher licensed pursuant to Chapter 15 (§ 22.1-289.1 et seq.) of Title 22.1 to attend continuing teacher education courses that are required as a condition of employment; however, the deduction provided by this subdivision shall be available only if (i) the individual is not reimbursed for such tuition costs and (ii) the individual has not claimed a deduction for the payment of such tuition costs on his federal income tax return.

10. The amount an individual pays annually in premiums for long-term health care insurance, provided that the individual has not claimed a deduction for federal income tax purposes, or, for taxable years beginning before January 1, 2014, a credit under § 58.1-339.11. For taxable years beginning on and after January 1, 2014, no such deduction for long-term health care insurance premiums paid by the individual during the taxable year shall be allowed if the individual has claimed a federal income tax deduction for such taxable year for long-term health care insurance premiums paid by him.

11. Contract payments to a producer of quota tobacco or a tobacco quota holder, or their spouses, as provided under the American Jobs Creation Act of 2004 (P.L. 108-357), but only to the extent that such payments have not been subtracted pursuant to subsection D of § 58.1-402, as follows:

a. If the payment is received in installment payments, then the recognized gain may be subtracted in the taxable year immediately following the year in which the installment payment is received.

b. If the payment is received in a single payment, then 10 percent of the recognized gain may be subtracted in the taxable year immediately following the year in which the single payment is received. The taxpayer may then deduct an equal amount in each of the nine succeeding taxable years.

12. An amount equal to 20 percent of the sum paid by an individual pursuant to Chapter 6 (§ 58.1-600 et seq.), not to exceed \$500 in each taxable year, in purchasing for his own use the following items of tangible personal property: (i) any clothes washers, room air conditioners, dishwashers, and standard size refrigerators that meet or exceed the applicable energy star efficiency requirements developed by the U.S. Environmental Protection Agency and the U.S. Department of Energy; (ii) any fuel cell that (a) generates electricity using an electrochemical process, (b) has an electricity-only generation efficiency greater than 35 percent, and (c) has a generating capacity of at least two kilowatts; (iii) any gas heat pump that has a coefficient of performance of at least 1.25 for heating and at least 0.70 for cooling; (iv) any electric heat pump hot water heater that yields an energy factor of at least 1.7; (v) any electric heat pump that has a heating system performance factor of at least 8.0 and a cooling seasonal energy efficiency ratio of at least 13.0; (vi) any central air conditioner that has a cooling seasonal energy efficiency ratio of at least 13.5; (vii) any advanced gas or oil water heater that

has an energy factor of at least 0.65; (viii) any advanced oil-fired boiler with a minimum annual fuel-utilization rating of 85; (ix) any advanced oil-fired furnace with a minimum annual fuel-utilization rating of 85; and (x) programmable thermostats.

13. The lesser of \$5,000 or the amount actually paid by a living donor of an organ or other living tissue for unreimbursed out-of-pocket expenses directly related to the donation that arose within 12 months of such donation, provided that the donor has not taken a medical deduction in accordance with the provisions of § 213 of the Internal Revenue Code for such expenses. For a regulated investment company and a real estate investment trust, such term means the "investment company taxable income" and "real estate investment trust taxable income," respectively, to which shall be added in each case any amount of capital gains and any other income taxable to the corporation under federal law which shall be further adjusted as provided in subsections B, C, D, E, and G.

B. There shall be added to the extent excluded from federal taxable income:

(2) The related member derives at least one-third of its gross revenues from the licensing of intangible property to parties who are not related members, and the transaction giving rise to the expenses and costs between the corporation and

the related member was made at rates and terms comparable to the rates and terms of agreements that the related member has entered into with parties who are not related members for the licensing of intangible property; or

(3) The corporation can establish to the satisfaction of the Tax Commissioner that the intangible expenses and costs meet both of the following: (i) the related member during the same taxable year directly or indirectly paid, accrued or incurred such portion to a person who is not a related member, and (ii) the transaction giving rise to the intangible expenses and costs between the corporation and the related member did not have as a principal purpose the avoidance of any portion of the tax due under this chapter.

b. A corporation required to add to its federal taxable income intangible expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of intangible expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such intangible expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related intangible expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

c. Nothing in subdivision B 8 shall be construed to limit or negate the Department's authority under § 58.1-446;

9. a. For taxable years beginning on and after January 1, 2004, the amount of any interest expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with one or more related members to the extent such expenses and costs were deductible or deducted in computing federal taxable income for Virginia purposes. This addition shall not be required for any portion of the interest expenses and costs, if:

(1) The related member has substantial business operations relating to interest-generating activities, in which the related member pays expenses for at least five full-time employees who maintain, manage, defend or are otherwise responsible for operations or administration relating to the interest-generating activities; and

(2) The interest expenses and costs are not directly or indirectly for, related to or in connection with the direct or indirect acquisition, maintenance, management, sale, exchange, or disposition of intangible property; and

funds; (c) financing the expansion of the business operations; or (d) restructuring the debt of related members, or the pass-through of acquisition-related indebtedness to related members.

b. A corporation required to add to its federal taxable income interest expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of interest expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such interest expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related interest expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

After September 30 of any school year, anytime the number of students in a class exceeds the class size limit established by this subsection, the local school division shall notify the parent of each student in such class of such fact no later than 10 days after the date on which the class exceeded the class size limit. Such notification shall state the reason that the class size exceeds the class size limit and describe the measures that the local school division will take to reduce the class size to comply with this subsection.

Within its regulations governing special education programs, the Board shall seek to set pupil/teacher ratios for pupils with intellectual disability that do not exceed the pupil/teacher ratios for self-contained classes for pupils with specific learning disabilities.

Further, school boards shall assign instructional personnel in a manner that produces schoolwide ratios of students in average daily memberships to full-time equivalent teaching positions of 21 to one in middle schools and high schools. School divisions shall provide all middle and high school teachers with one planning period per day or the equivalent, unencumbered of any teaching or supervisory duties.

D. Each local school board shall employ with state and local basic, special education, gifted, and career and technical education funds a minimum number of licensed, full-time equivalent instructional personnel for each 1,000 students in average daily membership (ADM) as set forth in the appropriation act. Calculations of kindergarten positions shall be based on full-day kindergarten programs. Beginning with the March 31 report of average daily membership, those school divisions offering half-day kindergarten with pupil/teacher ratios that exceed 30 to one shall adjust their average daily membership for kindergarten to reflect 85 percent of the total kindergarten average daily memberships, as provided in the appropriation act.

E. In addition to the positions supported by basic aid and in support of regular school year programs of prevention, intervention, and remediation, state funding, pursuant to the appropriation act, shall be provided to fund certain full-time equivalent instructional positions for each 1,000 students in grades K through 12 who are identified as needing prevention, intervention, and remediation services. State funding for prevention, intervention, and remediation programs provided pursuant to this subsection and the appropriation act may be used to support programs for educationally at-risk students as identified by the local school boards.

To provide algebra readiness intervention services required by § 22.1-253.13:1, school divisions may employ mathematics teacher specialists to provide the required algebra readiness intervention services. School divisions using the Standards of Learning Algebra Readiness Initiative funding in this manner shall only employ instructional personnel licensed by the Board of Education.

F. In addition to the positions supported by basic aid and those in support of regular school year programs of prevention, intervention, and remediation, state funding, pursuant to the *general* appropriation act, shall be provided to support ~~47~~ (i) *18.5 full-time equivalent instructional positions in the 2020-2021 school year for each 1,000 students identified as having limited English proficiency and* (ii) *20 full-time equivalent instructional positions in the 2021-2022 school year and thereafter for each 1,000 students identified as having limited English proficiency*, which positions may include dual language teachers who provide instruction in English and in a second language.

To provide flexibility in the instruction of English language learners who have limited English proficiency and who are at risk of not meeting state accountability standards, school divisions may use state and local funds from the Standards of Quality Prevention, Intervention, and Remediation account to employ additional English language learner teachers or dual language teachers to provide instruction to identified limited English proficiency students. Using these funds in this manner is intended to supplement the instructional services provided in this section. School divisions using the SOQ Prevention, Intervention, and Remediation funds in this manner shall employ only instructional personnel licensed by the Board of Education.

G. In addition to the full-time equivalent positions required elsewhere in this section, each local school board shall employ the following reading specialists in elementary schools, one full-time in each elementary school at the discretion of the local school board. One reading specialist employed by each local school board that employs a reading specialist shall have training in the identification of and the appropriate interventions, accommodations, and teaching techniques for students with dyslexia or a related disorder and shall serve as an advisor on dyslexia and related disorders. Such reading specialist shall have an understanding of the definition of dyslexia and a working knowledge of (i) techniques to help a student on the continuum of skills with dyslexia; (ii) dyslexia characteristics that may manifest at different ages and grade levels; (iii) the basic foundation of the keys to reading, including multisensory, explicit, systemic, and structured reading instruction; and (iv) appropriate interventions, accommodations, and assistive technology supports for students with dyslexia.

To provide reading intervention services required by § 22.1-253.13:1, school divisions may employ reading specialists to provide the required reading intervention services. School divisions using the Early Reading Intervention Initiative funds in this manner shall employ only instructional personnel licensed by the Board of Education.

H. Each local school board shall employ, at a minimum, the following full-time equivalent positions for any school that reports fall membership, according to the type of school and student enrollment:

1. Principals in elementary schools, one half-time to 299 students, one full-time at 300 students; principals in middle schools, one full-time, to be employed on a 12-month basis; principals in high schools, one full-time, to be employed on a 12-month basis;

2. Assistant principals in elementary schools, one half-time at 600 students, one full-time at 900 students; assistant principals in middle schools, one full-time for each 600 students; assistant principals in high schools, one full-time for each 600 students; and school divisions that employ a sufficient number of assistant principals to meet this staffing requirement may assign assistant principals to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary;

3. Librarians in elementary schools, one part-time to 299 students, one full-time at 300 students; librarians in middle schools, one-half time to 299 students, one full-time at 300 students, two full-time at 1,000 students; librarians in high schools, one half-time to 299 students, one full-time at 300 students, two full-time at 1,000 students. Local school divisions that employ a sufficient number of librarians to meet this staffing requirement may assign librarians to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary; and

4. School counselors:

a. Effective with the 2019-2020 school year, in elementary schools, one hour per day per 75 students, one full-time at 375 students, one hour per day additional time per 75 students or major fraction thereof; in middle schools, one period per 65 students, one full-time at 325 students, one additional period per 65 students or major fraction thereof; in high schools, one period per 60 students, one full-time at 300 students, one additional period per 60 students or major fraction thereof.

b. Local school divisions that employ a sufficient number of school counselors to meet the school counselor staffing requirements set forth in this subdivision may assign school counselors to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or high schools.

I. Local school boards shall employ five full-time equivalent positions per 1,000 students in grades kindergarten through five to serve as elementary resource teachers in art, music, and physical education.

J. Local school boards shall employ two full-time equivalent positions per 1,000 students in grades kindergarten through 12, one to provide technology support and one to serve as an instructional technology resource teacher.

To provide flexibility, school divisions may use the state and local funds for instructional technology resource teachers to employ a data coordinator position, an instructional technology resource teacher position, or a data coordinator/instructional resource teacher blended position. The data coordinator position is intended to serve as a resource to principals and classroom teachers in the area of data analysis and interpretation for instructional and school improvement purposes, as well as for overall data management and administration of state assessments. School divisions using these funds in this manner shall employ only instructional personnel licensed by the Board of Education.

K. Local school boards may employ additional positions that exceed these minimal staffing requirements. These additional positions may include, but are not limited to, those funded through the state's incentive and categorical programs as set forth in the appropriation act.

L. A combined school, such as kindergarten through 12, shall meet at all grade levels the staffing requirements for the highest grade level in that school; this requirement shall apply to all staff, except for school counselors, and shall be based on the school's total enrollment; school counselor staff requirements shall, however, be based on the enrollment at the various school organization levels, i.e., elementary, middle, or high school. The Board of Education may grant waivers from these staffing levels upon request from local school boards seeking to implement experimental or innovative programs that are not consistent with these staffing levels.

M. School boards shall, however, annually, on or before December 31, report to the public (i) the actual pupil/teacher ratios in elementary school classrooms in the local school division by school for the current school year; and (ii) the actual pupil/teacher ratios in middle school and high school in the local school division by school for the current school year. Actual pupil/teacher ratios shall include only the teachers who teach the grade and class on a full-time basis and shall exclude resource personnel. School boards shall report pupil/teacher ratios that include resource teachers in the same annual report. Any classes funded through the voluntary kindergarten through third grade class size reduction program shall be identified as such classes. Any classes having waivers to exceed the requirements of this subsection shall also be identified. Schools shall be identified; however, the data shall be compiled in a manner to ensure the confidentiality of all teacher and pupil identities.

N. Students enrolled in a public school on a less than full-time basis shall be counted in ADM in the relevant school division. Students who are either (i) enrolled in a nonpublic school or (ii) receiving home instruction pursuant to § 22.1-254.1, and who are enrolled in public school on a less than full-time basis in any mathematics, science, English, history, social science, career and technical education, fine arts, foreign language, or health education or physical education course shall be counted in the ADM in the relevant school division on a pro rata basis as provided in the appropriation act. Each such course enrollment by such students shall be counted as 0.25 in the ADM; however, no such nonpublic or home school student shall be counted as more than one-half a student for purposes of such pro rata calculation. Such calculation shall not include enrollments of such students in any other public school courses.

O. Each local school board shall provide those support services that are necessary for the efficient and cost-effective operation and maintenance of its public schools.

For the purposes of this title, unless the context otherwise requires, "support services positions" shall include the following:

1. Executive policy and leadership positions, including school board members, superintendents and assistant superintendents;
2. Fiscal and human resources positions, including fiscal and audit operations;
3. Student support positions, including (i) social workers and social work administrative positions; (ii) school counselor administrative positions not included in subdivision H 4; (iii) homebound administrative positions supporting instruction; (iv) attendance support positions related to truancy and dropout prevention; and (v) health and behavioral positions, including school nurses and school psychologists;
4. Instructional personnel support, including professional development positions and library and media positions not included in subdivision H 3;
5. Technology professional positions not included in subsection J;
6. Operation and maintenance positions, including facilities; pupil transportation positions; operation and maintenance professional and service positions; and security service, trade, and laborer positions;
7. Technical and clerical positions for fiscal and human resources, student support, instructional personnel support, operation and maintenance, administration, and technology; and
8. School-based clerical personnel in elementary schools; part-time to 299 students, one full-time at 300 students; clerical personnel in middle schools; one full-time and one additional full-time for each 600 students beyond 200 students and one full-time for the library at 750 students; clerical personnel in high schools; one full-time and one additional full-time for each 600 students beyond 200 students and one full-time for the library at 750 students. Local school divisions that employ a sufficient number of school-based clerical personnel to meet this staffing requirement may assign the clerical personnel to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary.

Pursuant to the appropriation act, support services shall be funded from basic school aid.

School divisions may use the state and local funds for support services to provide additional instructional services.

P. Notwithstanding the provisions of this section, when determining the assignment of instructional and other licensed personnel in subsections C through J, a local school board shall not be required to include full-time students of approved virtual school programs.

CHAPTER 1035

An Act to amend and reenact § 22.1-253.13:2 of the Code of Virginia, relating to the Standards of Quality; state funding; ratios of teachers to English language learners.

[S 910]

Approved April 10, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-253.13:2 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-253.13:2. Standard 2. Instructional, administrative, and support personnel.

A. The Board shall establish requirements for the licensing of teachers, principals, superintendents, and other professional personnel.

B. School boards shall employ licensed instructional personnel qualified in the relevant subject areas.

C. Each school board shall assign licensed instructional personnel in a manner that produces divisionwide ratios of students in average daily membership to full-time equivalent teaching positions, excluding special education teachers, principals, assistant principals, school counselors, and librarians, that are not greater than the following ratios: (i) 24 to one in kindergarten with no class being larger than 29 students; if the average daily membership in any kindergarten class exceeds 24 pupils, a full-time teacher's aide shall be assigned to the class; (ii) 24 to one in grades one, two, and three with no class being larger than 30 students; (iii) 25 to one in grades four through six with no class being larger than 35 students; and (iv) 24 to one in English classes in grades six through 12. After September 30 of any school year, anytime the number of students in a class exceeds the class size limit established by this subsection, the local school division shall notify the parent of each student in such class of such fact no later than 10 days after the date on which the class exceeded the class size limit. Such notification shall state the reason that the class size exceeds the class size limit and describe the measures that the local school division will take to reduce the class size to comply with this subsection.

Within its regulations governing special education programs, the Board shall seek to set pupil/teacher ratios for pupils with intellectual disability that do not exceed the pupil/teacher ratios for self-contained classes for pupils with specific learning disabilities.

Further, school boards shall assign instructional personnel in a manner that produces schoolwide ratios of students in average daily memberships to full-time equivalent teaching positions of 21 to one in middle schools and high schools. School divisions shall provide all middle and high school teachers with one planning period per day or the equivalent, unencumbered of any teaching or supervisory duties.

D. Each local school board shall employ with state and local basic, special education, gifted, and career and technical education funds a minimum number of licensed, full-time equivalent instructional personnel for each 1,000 students in average daily membership (ADM) as set forth in the appropriation act. Calculations of kindergarten positions shall be based on full-day kindergarten programs. Beginning with the March 31 report of average daily membership, those school divisions offering half-day kindergarten with pupil/teacher ratios that exceed 30 to one shall adjust their average daily membership for kindergarten to reflect 85 percent of the total kindergarten average daily memberships, as provided in the appropriation act.

E. In addition to the positions supported by basic aid and in support of regular school year programs of prevention, intervention, and remediation, state funding, pursuant to the appropriation act, shall be provided to fund certain full-time equivalent instructional positions for each 1,000 students in grades K through 12 who are identified as needing prevention, intervention, and remediation services. State funding for prevention, intervention, and remediation programs provided pursuant to this subsection and the appropriation act may be used to support programs for educationally at-risk students as identified by the local school boards.

To provide algebra readiness intervention services required by § 22.1-253.13:1, school divisions may employ mathematics teacher specialists to provide the required algebra readiness intervention services. School divisions using the Standards of Learning Algebra Readiness Initiative funding in this manner shall only employ instructional personnel licensed by the Board of Education.

F. In addition to the positions supported by basic aid and those in support of regular school year programs of prevention, intervention, and remediation, state funding, pursuant to the *general* appropriation act, shall be provided to support ~~17~~ (i) *18.5 full-time equivalent instructional positions in the 2020-2021 school year for each 1,000 students identified as having limited English proficiency and* (ii) *20 full-time equivalent instructional positions in the 2021-2022 school year and thereafter* for each 1,000 students identified as having limited English proficiency, which positions may include dual language teachers who provide instruction in English and in a second language.

To provide flexibility in the instruction of English language learners who have limited English proficiency and who are at risk of not meeting state accountability standards, school divisions may use state and local funds from the Standards of Quality Prevention, Intervention, and Remediation account to employ additional English language learner teachers or dual language teachers to provide instruction to identified limited English proficiency students. Using these funds in this manner is intended to supplement the instructional services provided in this section. School divisions using the SOQ Prevention, Intervention, and Remediation funds in this manner shall employ only instructional personnel licensed by the Board of Education.

G. In addition to the full-time equivalent positions required elsewhere in this section, each local school board shall employ the following reading specialists in elementary schools, one full-time in each elementary school at the discretion of the local school board. One reading specialist employed by each local school board that employs a reading specialist shall have training in the identification of and the appropriate interventions, accommodations, and teaching techniques for students with dyslexia or a related disorder and shall serve as an advisor on dyslexia and related disorders. Such reading specialist shall have an understanding of the definition of dyslexia and a working knowledge of (i) techniques to help a student on the continuum of skills with dyslexia; (ii) dyslexia characteristics that may manifest at different ages and grade levels; (iii) the basic foundation of the keys to reading, including multisensory, explicit, systemic, and structured reading instruction; and (iv) appropriate interventions, accommodations, and assistive technology supports for students with dyslexia.

To provide reading intervention services required by § 22.1-253.13:1, school divisions may employ reading specialists to provide the required reading intervention services. School divisions using the Early Reading Intervention Initiative funds in this manner shall employ only instructional personnel licensed by the Board of Education.

H. Each local school board shall employ, at a minimum, the following full-time equivalent positions for any school that reports fall membership, according to the type of school and student enrollment:

1. Principals in elementary schools, one half-time to 299 students, one full-time at 300 students; principals in middle schools, one full-time, to be employed on a 12-month basis; principals in high schools, one full-time, to be employed on a 12-month basis;

2. Assistant principals in elementary schools, one half-time at 600 students, one full-time at 900 students; assistant principals in middle schools, one full-time for each 600 students; assistant principals in high schools, one full-time for each 600 students; and school divisions that employ a sufficient number of assistant principals to meet this staffing requirement may assign assistant principals to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary;

Local school divisions that employ a sufficient number of librarians to meet this staffing requirement may assign librarians to schools within the division according to the area of greatest need, regardless of whether such schools are elementary, middle, or secondary; and

4. School counselors:

a. Effective with the 2019-2020 school year, in elementary schools, one hour per day per 75 students, one full-time at 375 students, one hour per day additional time per 75 students or major fraction thereof; in middle schools, one period per

65 students, one full-time at 325 students, one additional period per 65 students or major fraction thereof; in high schools, one period per 60 students, one full-time at 300 students, one additional period per 60 students or major fraction thereof.

b. I. Local school boards shall employ five full-time equivalent positions per 1,000 students in grades kindergarten through five to serve as elementary resource teachers in art, music, and physical education.

J. Local school boards shall employ two full-time equivalent positions per 1,000 students in grades kindergarten through 12, one to provide technology support and one to serve as an instructional technology resource teacher.

To provide flexibility, school divisions may use the state and local funds for instructional technology resource teachers to employ a data coordinator position, an instructional technology resource teacher position, or a data coordinator/instructional resource teacher blended position. The data coordinator position is intended to serve as a resource to principals and classroom teachers in the area of data analysis and interpretation for instructional and school improvement purposes, as well as for overall data management and administration of state assessments. School divisions using these funds in this manner shall employ only instructional personnel licensed by the Board of Education.

K. Local school boards may employ additional positions that exceed these minimal staffing requirements. These additional positions may include, but are not limited to, those funded through the state's incentive and categorical programs as set forth in the appropriation act.

L. A combined school, such as kindergarten through 12, shall meet at all grade levels the staffing requirements for the highest grade level in that school; this requirement shall apply to all staff, except for school counselors, and shall be based on the school's total enrollment; school counselor staff requirements shall, however, be based on the enrollment at the various school organization levels, i.e., elementary, middle, or high school. Actual pupil/teacher ratios shall include only the teachers who teach the grade and class on a full-time basis and shall exclude resource personnel. School boards shall report pupil/teacher ratios that include resource teachers in the same annual report. Schools shall be identified; however, the data shall be compiled in a manner to ensure the confidentiality of all teacher and pupil identities.

N. Students enrolled in a public school on a less than full-time basis shall be counted in ADM in the relevant school division. Students who are either (i) enrolled in a nonpublic school or (ii) receiving home instruction pursuant to § 22.1-254.1, and who are enrolled in public school on a less than full-time basis in any mathematics, science, English, history, social science, career and technical education, fine arts, foreign language, or health education or physical education course shall be counted in the ADM in the relevant school division on a pro rata basis as provided in the appropriation act. Each such course enrollment by such students shall be counted as 0.25 in the ADM; however, no such nonpublic or home school student shall be counted as more than one-half a student for purposes of such pro rata calculation. Such calculation shall not include enrollments of such students in any other public school courses.

Approved April 10, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 40.1-29 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 11-4.6 as follows:

§ 11-4.6. Liability of contractor for wages of subcontractor's employees.

A. *As used in this section, unless the context requires a different meaning:*

"Construction contract" means a contract between a general contractor and a subcontractor relating to the construction, alteration, repair, or maintenance of a building, structure, or appurtenance thereto, including moving, demolition, and excavation connected therewith, or any provision contained in any contract relating to the construction of projects other than buildings.

subcontractor's failure to pay the wages was due to the general contractor's failure to pay moneys due to the subcontractor in accordance with the terms of their construction contract.

E. The provisions of this section shall only apply if (i) it can be demonstrated that the general contractor knew or should have known that the subcontractor was not paying his employees all wages due, (ii) the construction contract is related to a project other than a single family residential project, and (iii) the value of the project, or an aggregate of projects under one construction contract, is greater than \$500,000.

However, an employer that elects not to pay wages or salaries in accordance with clause (i) or (ii) to an employee who is hired after January 1, 2010, shall be permitted to pay wages or salaries by credit to a prepaid debit card or card account in accordance with clause (iv), even though such employee has not affirmatively consented thereto, if the employee fails to designate an account at a financial institution in accordance with clause (iii) and the employer arranges for such card or card account to be issued through a network system through which the employee shall have the ability to make at least one free withdrawal or transfer per pay period, which withdrawal may be for any sum in such card or card account as the employee may elect, using such card or card account at financial institutions participating in such network system.

C. No employer shall withhold any part of the wages or salaries of any employee except for payroll, wage, or withholding taxes or in accordance with law, without the written and signed authorization of the employee. On each regular pay date, each employer other than an employer engaged in agricultural employment including agribusiness and forestry shall provide to each employee a written statement, by a paystub or online accounting, that shows the name and address of the employer, the number of hours worked during the pay period, the rate of pay, the gross wages earned by the employee during the pay period, and the amount and purpose of any deductions therefrom. An employer engaged in agricultural employment including agribusiness and forestry, upon request of its employee, shall furnish the employee a written statement of the gross wages earned by the employee during any pay period and the amount and purpose of any deductions therefrom.

For purposes of this section, the determination as to the "value of the wages earned" shall be made by combining all wages the employer failed or refused to pay pursuant to this section.

F. The Commissioner may require a written complaint of the violation of this section and, with the written and signed consent of an employee, may institute proceedings on behalf of an employee to enforce compliance with this section, and to collect any moneys unlawfully withheld from such employee which shall be paid to the employee entitled thereto. In addition, following the issuance of a final order by the Commissioner or a court, the Commissioner may engage private

counsel, approved by the Attorney General, to collect any moneys owed to the employee or the Commonwealth. Upon entry of a final order of the Commissioner, or upon entry of a judgment, against the employer, the Commissioner or the court shall assess ~~attorney's~~ attorney fees of one-third of the amount set forth in the final order or judgment.

G. In addition to being subject to any other penalty provided by the provisions of this section, any employer who fails to make payment of wages in accordance with subsection A shall be liable for the payment of all wages due, *and an additional equal amount as liquidated damages*, plus interest at an annual rate of eight percent accruing from the date the wages were due.

H. *Any employer who knowingly fails to make payment of wages in accordance with subsection A shall be subject to a civil penalty not to exceed \$1,000 for each violation. The Commissioner shall notify any employer that he alleges has violated any provision of this section by certified mail. Such notice shall contain a description of the alleged violation. The decision of the Commissioner shall be final.* Civil penalties owed under this section shall be paid to the Commissioner for deposit into the general fund of the State Treasurer. The Commissioner shall prescribe procedures for the payment of proposed assessments of penalties ~~which that~~ are not contested by employers. Such procedures shall include provisions for an employer to consent to abatement of the alleged violation and pay a proposed penalty or a negotiated sum in lieu of such penalty without admission of any civil liability arising from such alleged violation.

I. Final orders of the Commissioner, the general district courts, or the circuit courts may be recorded, enforced, and satisfied as orders or decrees of a circuit court upon certification of such orders by the Commissioner or the court as appropriate.

J. *In addition to any civil or criminal penalty provided by this section, and without regard to any exhaustion of alternative administrative remedies provided for in this section, if an employer fails to pay wages to an employee in accordance with this section, the employee may bring an action, individually, jointly, with other aggrieved employees, or on behalf of similarly situated employees as a collective action consistent with the collective action procedures of the Fair Labor Standards Act, 29 U.S.C. § 216(b), against the employer in a court of competent jurisdiction to recover payment of the wages, and the court shall award the wages owed, an additional equal amount as liquidated damages, and reasonable attorney fees and costs. If the court finds that the employer knowingly failed to pay wages to an employee in accordance with this section, the court shall award the employee an amount equal to triple the amount of wages due and reasonable attorney fees and costs.*

K. *As used in this section, a person acts "knowingly" if the person, with respect to information, (i) has actual knowledge of the information; (ii) acts in deliberate ignorance of the truth or falsity of the information; or (iii) acts in reckless disregard of the truth or falsity of the information. Establishing that a person acted knowingly shall not require proof of specific intent to defraud.*

L. *An action under this section shall be commenced within three years after the cause of action accrued. The period for filing is tolled upon the filing of an administrative action under subsection F until the employee has been informed that the action has been resolved or until the employee has withdrawn the complaint, whichever is sooner.*

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 854 of the Acts of Assembly of 2019 requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of \$50,000. § 24.2-673.1. Ranked choice voting.

A. For purposes of this section:

"Ranked choice voting" means a method of casting and tabulating votes in which (i) voters rank candidates in order of preference, (ii) tabulation proceeds in rounds such that in each of round either a candidate or candidates are elected or the last-place candidate is defeated, (iii) votes for voters' next-ranked candidates are transferred from elected or defeated candidates, and (iv) tabulation ends when the number of candidates elected equals the number of offices to be filled.

"Ranked choice voting" is known as "instant runoff voting" when electing a single office and "single transferable vote" when electing multiple offices.

"Ranking" means the ordinal number assigned on a ballot by a voter to a candidate to express the voter's preference for that candidate. Ranking number one is the highest ranking, ranking number two is the next-highest ranking, and so on, consecutively, up to the number of candidates indicated on the ballot.

B. Elections of members of a county board of supervisors or a city council may be conducted by ranked choice voting pursuant to this section. The decision to conduct an election by ranked choice voting shall be made, in consultation with the local electoral board and general registrar, by a majority vote of the board of supervisors or city council that the office being elected serves.

C. The State Board may promulgate regulations for the proper and efficient administration of elections determined by ranked choice voting, including (i) procedures for tabulating votes in rounds, (ii) procedures for determining winners in elections for offices to which only one candidate is being elected and to which more than one candidate is being elected, and (iii) standards for ballots pursuant to § 24.2-613, notwithstanding the provisions of subsection E of that section.

D. The State Board may administer or prescribe standards for a voter outreach and public information program for use by any locality conducting ranked choice voting pursuant to this section.

Any completed application for voter registration submitted by a person who is already registered shall serve as a written request to update his registration record. Any change of address form submitted for purposes of a motor vehicle driver's license or special identification card shall serve as notification of change of address for voter registration for the registrant involved unless the registrant states on the form that the change of address is not for voter registration purposes. If the information from the notification of change of address for voter registration indicates that the registered voter has moved to another general registrar's jurisdiction within the Commonwealth, the notification shall be treated as a request for transfer from the registered voter. The notification and the registered voter's registration record shall be transmitted as directed by the Department of Elections to the appropriate general registrar who shall send confirmation documents of the transfer to the voter pursuant to § 24.2-424. The Department of Motor Vehicles and Department of Elections shall cooperate in the prompt transmittal by electronic or other means of the notification to the appropriate general registrar.

C. If the current residence address provided by the voter is different from the address shown on the pollbook, the officer of election shall furnish the voter with a change of address form prescribed by the State Board. Upon its completion, the voter shall sign the prescribed form, subject to felony penalties for making false statements pursuant to § 24.2-1016, which the officer of election shall then place in an envelope provided for such forms for transmission to the general registrar who shall then transfer or cancel the registration of such voter pursuant to Chapter 4 (§ 24.2-400 et seq.).

D. At the time the voter is asked his full name and current residence address, the officer of election shall ask any voter for whom the pollbook indicates that an identification number other than a social security number is recorded on the Virginia voter registration system if he presently has a social security number. If the voter is able to provide his social security number, he shall be furnished with a voter registration form prescribed by the State Board to update his registration information. Upon its completion, the form shall be placed by the officer of election in an envelope provided for such forms for transmission to the general registrar. Any social security numbers so provided shall be entered by the general registrar in the voter's record on the voter registration system.

E. *This subsection shall apply in the case of any individual who is required by subparagraph (b) of 52 U.S.C. § 21083 of the Help America Vote Act of 2002 to show identification the first time he votes in a federal election in the state. At such election, such individual shall present (i) a current and valid photo identification or (ii) a copy of a current utility bill, bank statement, government check, paycheck, or other government document that shows the name and address of the voter. Such individual who desires to vote in person but does not show one of the forms of identification specified in this subsection shall be offered a provisional ballot under the provisions of § 24.2-653. The identification requirements of subsection B of this section and subsection A of § 24.2-653 shall not apply to such voter at such election. The Department of Elections shall provide instructions to the electoral boards for the handling and counting of such provisional ballots pursuant to subsection B of § 24.2-653 and this section.*

§ 24.2-653. Voter whose name does not appear on pollbook or who is marked as having voted; handling of provisional ballots; ballots cast after normal close of polls due to court order extending polling hours.

A. When a person offers to vote pursuant to § 24.2-652 and the general registrar is not available or cannot state that the person is registered to vote, then such person shall be allowed to vote by printed ballot in the manner provided in this section. This procedure shall also apply when required by § 24.2-643 or 24.2-651.1.

Such person shall be given a printed ballot and provide, subject to the penalties for making false statements pursuant to § 24.2-1016, on a green envelope supplied by the Department of Elections, the identifying information required on the envelope, including the last four digits of his social security number, if any, full name including the maiden or any other prior legal name, date of birth, complete address, and signature. Such person shall be asked to present one of the forms of identification specified in subsection B of § 24.2-643. *If he is unable to present one of these forms of identification, he shall sign a statement, subject to felony penalties for false statements pursuant to § 24.2-1016, that he is the named registered voter he claims to be.* The officers of election shall note on the green envelope whether or not the voter has presented one of the specified forms of identification or signed the required statement in lieu of presenting one of the specified forms of identification. The officers of election shall enter the appropriate information for the person in the precinct provisional ballots log in accordance with the instructions of the State Board but shall not enter a consecutive number for the voter on the pollbook nor otherwise mark his name as having voted. The officers of election shall provide an application for registration to the person offering to vote in the manner provided in this section.

The voter shall then, in the presence of an officer of election, but in a secret manner, mark the printed ballot as provided in § 24.2-644 and seal it in the green envelope. The envelope containing the ballot shall then promptly be placed in the ballot container by an officer of election.

An officer of election, by a written notice given to the voter, shall ~~(i)~~ inform him that a determination of his right to vote shall be made by the electoral board; ~~(ii)~~ and advise the voter of the beginning time and place for the board's meeting and of the voter's right to be present at that meeting; ~~and (iii) inform a.~~ *If the voter is voting provisionally when as required by § 24.2-643, an officer of election, by written notice given to the voter, shall also inform him that he may submit a copy of one of the forms of identification specified in subsection B of § 24.2-643 or a statement, signed by him subject to felony penalties for false statements pursuant to § 24.2-1016, that he is the named registered voter he claims to be to the electoral board by facsimile, electronic mail, in-person submission, or timely United States Postal Service or commercial mail delivery, to be received by the electoral board no later than noon on the third day after the election. At the meeting, the voter may request an extension of the determination of the provisional vote in order to provide information to prove that the voter is entitled to vote in the precinct pursuant to § 24.2-401. The electoral board shall have the authority to grant such extensions which it deems reasonable to determine the status of a provisional vote.*

B. The provisional votes submitted pursuant to subsection A, in their unopened envelopes, shall be sealed in a special envelope marked "Provisional Votes," inscribed with the number of envelopes contained therein, and signed by the officers of election who counted them. All provisional votes envelopes shall be delivered either (i) to the clerk of the circuit court who shall deliver all such envelopes to the secretary of the electoral board or (ii) to the general registrar in localities in which the electoral board has directed delivery of election materials to the general registrar pursuant to § 24.2-668.

The electoral board shall meet on the day following the election and determine whether each person having submitted such a provisional vote was entitled to do so as a qualified voter in the precinct in which he offered the provisional vote. If the board is unable to determine the validity of all the provisional ballots offered in the election, or has granted any voter who has offered a provisional ballot an extension as provided in subsection A, the meeting shall stand adjourned, not to exceed seven calendar days from the date of the election, until the board has determined the validity of all provisional ballots offered in the election.

One authorized representative of each political party or independent candidate in a general or special election or one authorized representative of each candidate in a primary election shall be permitted to remain in the room in which the determination is being made as an observer so long as he does not participate in the proceedings and does not impede the orderly conduct of the determination. Each authorized representative shall be a qualified voter of any jurisdiction of the Commonwealth. Each representative, who is not himself a candidate or party chairman, shall present to the electoral board a written statement designating him to be a representative of the party or candidate and signed by the county or city chairman of his political party, the independent candidate, or the primary candidate, as appropriate. If the county or city chairman is unavailable to sign such a written designation, such a designation may be made by the state or district chairman of the political party. However, no written designation made by a state or district chairman shall take precedence over a written designation made by the county or city chairman. Such statement, bearing the chairman's or candidate's original signature, may be photocopied and such photocopy shall be as valid as if the copy had been signed.

Notwithstanding the provisions of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.), attendance at meetings of the electoral board to determine the validity of provisional ballots shall be permitted only for the authorized representatives provided for in this subsection, for the persons whose provisional votes are being considered and their representative or legal counsel, and for appropriate staff and legal counsel for the electoral board.

If the electoral board determines that such person was not entitled to vote as a qualified voter in the precinct in which he offered the provisional vote, is unable to determine his right to vote, or has not been provided one of the forms of identification specified in subsection B of § 24.2-643 *or the signed statement that the voter is the named registered voter he claims to be*, the envelope containing his ballot shall not be opened and his vote shall not be counted. The provisional vote shall be counted if (a) such person is entitled to vote in the precinct pursuant to § 24.2-401 or (b) the Department of Elections or the voter presents proof that indicates the voter submitted an application for registration to the Department of Motor Vehicles or other state-designated voter registration agency prior to the close of registration pursuant to § 24.2-416 and the registrar determines that the person was qualified for registration based upon the application for registration submitted by the person pursuant to subsection A. The general registrar shall notify in writing pursuant to § 24.2-114 those persons found not properly registered or whose provisional vote was not counted.

If the electoral board determines that such person was entitled to vote, the name of the voter shall be entered in a provisional votes pollbook and marked as having voted, the envelope shall be opened, and the ballot placed in a ballot container without any inspection further than that provided for in § 24.2-646.

On completion of its determination, the electoral board shall proceed to count such ballots and certify the results of its count. Its certified results shall be added to those found pursuant to § 24.2-671. No adjustment shall be made to the statement of results for the precinct in which the person offered to vote. However, any voter who cast a provisional ballot and is determined by the electoral board to have been entitled to vote shall have his name included on the list of persons who voted that is submitted to the Department of Elections pursuant to § 24.2-406.

The certification of the results of the count together with all ballots and envelopes, whether open or unopened, and other related material shall be delivered by the electoral board to the clerk of the circuit court and retained by him as provided for in §§ 24.2-668 and 24.2-669.

C. Whenever the polling hours are extended by an order of a court of competent jurisdiction, any ballots marked after the normal polling hours by persons who were not already in line at the time the polls would have closed, notwithstanding the court order, shall be treated as provisional ballots under this section. The officers of election shall mark the green envelope for each such provisional ballot to indicate that it was cast after normal polling hours due to the court order, and when preparing the materials to deliver to the registrar or electoral board, shall separate these provisional ballots from any provisional ballots used for any other reason. The electoral board shall treat these provisional ballots as provided in subsection B; however, the counted and uncounted provisional ballots marked after the normal polling hours shall be kept separate from all other ballots and recorded in a separate provisional ballots pollbook. The Department of Elections shall provide instructions to the electoral boards for the handling and counting of such provisional ballots pursuant to this section.
