▲ Except as provided in subsection G, a registered voter voting by absentee ballot in person shall provide one of the forms of identification specified in subsection B of § 24.2-643. If he does not show one of the forms of identification specified in subsection B of § 24.2-643, he shall be allowed to vote after signing a statement, subject to felony penalties for false statements pursuant to § 24.2-1016, that he is the named registered voter he claims to be. A voter who requires assistance in voting by reason of a physical disability or an inability to read or write, and who requests assistance pursuant to § 24.2-649, may be assisted in preparation of this statement in accordance with that section. The provisions of § 24.2-649 regarding voters who are unable to sign shall be followed when assisting a voter in completing this statement. A voter who does not show one of the forms of identification specified in this subsection or does not sign this statement shall be offered a provisional ballot under the provisions of § 24.2-653. The State Board shall provide instructions to the general registrar for the handling and counting of such provisional ballots pursuant to subsection B of § 24.2-653 and this section.

B. Absentee voting in person shall be available during regular business hours. The electoral board of each county and city shall provide for absentee voting in person in the office of the general registrar. For purposes of this chapter, such office shall be open a minimum of eight hours between the hours of 8:00 a.m. and 5:00 p.m. on the first and second Saturday immediately preceding all elections. Any applicant who is in line to cast his ballot when the office of the general registrar or location being used for in-person absentee voting closes shall be permitted to cast his absentee ballot that day.

C. Additional locations in the county or city approved by the electoral boards may be available for absentee voting in person. Any such location shall have adequate facilities for the protection of all elections materials produced in the process of absentee voting in person, the voted and unvoted absentee ballots, and any voting systems in use at the location.

D. The general registrar may provide for the casting of absentee ballots in person pursuant to this section on voting systems. The Department shall prescribe the procedures for use of voting systems. The procedures shall provide for absentee voting in person on voting systems that have been certified and are currently approved by the State Board. The procedures shall be applicable and uniformly applied by the Department to all localities using comparable voting systems.

E. At least two officers of election shall be present during all hours that absentee voting in person is available and shall represent the two major political parties, except in the case of a party primary, when they may represent the party conducting the primary. However, such requirement shall not apply when (i) voting systems that are being used pursuant to subsection D are located in the office of the general registrar and (ii) the general registrar or an assistant registrar is present.

F. The Department shall include absentee ballots voted in person in its instructions for the preparation, maintenance, and reporting of ballots, pollbooks, records, and returns.

At such election, such individual shall present (i) a current and valid photo identification or (ii) a copy of a current utility bill, bank statement, government check, paycheck, or other government document that shows the name and address of the voter. The identification requirements of subsection B of § 24.2-643 and subsection A of § 24.2-653 shall not apply to such voter at such election. The Department of Elections shall provide instructions to the electoral boards for the handling and counting of such provisional ballots pursuant to subsection B of § 24.2-653 and this section.*

§ 24.2-404. Duties of Department of Elections.

A. The Department of Elections shall provide for the continuing operation and maintenance of a central recordkeeping system, the Virginia voter registration system, for all voters registered in the Commonwealth.

In order to operate and maintain the system, the Department shall:

1. Maintain a complete, separate, and accurate record of all registered voters in the Commonwealth.
2. Require the general registrars to enter the names of all registered voters into the system and to change or correct registration records as necessary.
3. Provide to each general registrar, voter confirmation documents for newly registered voters and for notice to registered voters on the system of changes and corrections in their registration records and polling places ~~and voter photo identification cards containing the voter's photograph and signature for free for those voters who do not have one of the forms of identification specified in subsection B of § 24.2-643. The Department shall promulgate rules and regulations authorizing each general registrar to obtain a photograph and signature of a voter who does not have one of the forms of identification specified in subsection B of § 24.2-643 for the purpose of providing such voter a voter photo identification card containing the voter's photograph and signature. The Department shall provide each general registrar with the equipment necessary to obtain a voter's signature and photograph and no general registrar shall be required to purchase such equipment at his own expense. Photographs and signatures obtained by a general registrar shall be submitted to the Department. The Department may contract with an outside vendor for the production and distribution of voter photo identification cards.~~

4. Require the general registrars to delete from the record of registered voters the name of any voter who (i) is deceased, (ii) is no longer qualified to vote in the county or city where he is registered due to removal of his residence, (iii) has been convicted of a felony, (iv) has been adjudicated incapacitated, (v) is known not to be a United States citizen by reason of reports from the Department of Motor Vehicles pursuant to § 24.2-410.1 or from the Department of Elections based on information received from the Systematic Alien Verification for Entitlements Program (SAVE Program) pursuant to subsection E, or (vi) is otherwise no longer qualified to vote as may be provided by law. Such action shall be taken no later than 30 days after notification from the Department. The Department shall promptly provide the information referred to in this subdivision, upon receiving it, to general registrars.

5. Retain on the system for four years a separate record for registered voters whose names have been deleted, with the reason for deletion.

6. Retain on the system permanently a separate record for information received regarding deaths, felony convictions, and adjudications of incapacity pursuant to §§ 24.2-408 through 24.2-410.

7. Provide to each general registrar, at least 16 days prior to a general or primary election and three days prior to a special election, an alphabetical list of all registered voters in each precinct or portion of a precinct in which the election is being held in the county, city, or town. These precinct lists shall be used as the official lists of qualified voters and shall

constitute the pollbooks. The Department shall provide instructions for the division of the pollbooks and precinct lists into sections to accommodate the efficient processing of voter lines at the polls. Prior to any general, primary, or special election, the Department shall provide any general registrar, upon his request, with a separate electronic list of all registered voters in the registrar's county or city. If electronic pollbooks are used in the locality or electronic voter registration inquiry devices are used in precincts in the locality, the Department shall provide a regional or statewide list of registered voters to the general registrar of the locality. The Department shall determine whether regional or statewide data is provided. Neither the pollbook nor the regional or statewide list of registered voters shall include the day and month of birth of the voter, but shall include the voter's year of birth.

8. Acquire by purchase, lease, or contract equipment necessary to execute the duties of the Department.

9. Use any source of information that may assist in carrying out the purposes of this section. All agencies of the Commonwealth shall cooperate with the Department in procuring and exchanging identification information for the purpose of maintaining the voter registration system. The Department may share any information that it receives from another agency of the Commonwealth with any Chief Election Officer of another state for the maintenance of the voter registration system.

10. Cooperate with other states and jurisdictions to develop systems to compare voters, voter history, and voter registration lists to ensure the accuracy of the voter registration rolls, to identify voters whose addresses have changed, to prevent duplication of registration in more than one state or jurisdiction, and to determine eligibility of individuals to vote in Virginia.

11. Reprint and impose a reasonable charge for the sale of any part of Title 24.2, lists of precincts and polling places, statements of election results by precinct, and any other items required of the Department by law. Receipts from such sales shall be credited to the Board for reimbursement of printing expenses.

B. The Department shall be authorized to provide for the production, distribution, and receipt of information and lists through the Virginia voter registration system by any appropriate means including, but not limited to, paper and electronic means. The Virginia Freedom of Information Act (§ 2.2-3700 et seq.) shall not apply to records about individuals maintained in this system.

C. The State Board shall institute procedures to ensure that each requirement of this section is fulfilled. As part of its procedures, the State Board shall provide that the general registrar shall mail notice of any cancellation pursuant to clause (v) of subdivision A 4 to the person whose registration is cancelled.

D. The State Board shall promulgate rules and regulations to ensure the uniform application of the law for determining a person's residence.

E. The Department shall apply to participate in the Systematic Alien Verification for Entitlements Program (SAVE Program) operated by U.S. Citizenship and Immigration Services of the U.S. Department of Homeland Security for the purposes of verifying that voters listed in the Virginia voter registration system are United States citizens. Upon approval of the application, the Department shall enter into any required memorandum of agreement with U.S. Citizenship and Immigration Services. The State Board shall promulgate rules and regulations governing the use of the immigration status and citizenship status information received from the SAVE Program.

F. The Department shall report annually by October 1 for the preceding 12 months ending August 31 to the Committees on Privileges and Elections on each of its activities undertaken to maintain the Virginia voter registration system and the results of those activities. The Department's report shall be governed by the provisions of § 2.2-608 and shall encompass activities undertaken pursuant to subdivisions A 9 and 10 and subsection E and pursuant to §§ 24.2-404.3, 24.2-404.4, 24.2-408, 24.2-409, 24.2-409.1, 24.2-410, 24.2-410.1, 24.2-427, and 24.2-428. This report shall contain the methodology used in gathering and analyzing the data. The Commissioner of Elections shall certify that the data included in the report is accurate and reliable.

§ 24.2-411.1. Offices of the Department of Motor Vehicles.

A. The Department of Motor Vehicles shall provide the opportunity to register to vote to each person who comes to an office of the Department of Motor Vehicles to:

1. Apply for, replace, or renew a driver's license;
2. Apply for, replace, or renew a special identification card; or
3. Change an address on an existing driver's license or special identification card.

B. The method used to receive an application for voter registration shall avoid duplication of the license portion of the license application and require only the minimum additional information necessary to enable registrars to determine the voter eligibility of the applicant and to administer voter registration and election laws. A person who does not sign the registration portion of the application shall be deemed to have declined to register at that time. The voter application shall include a statement that, if an applicant declines to register to vote, the fact the applicant has declined to register will remain confidential and will be used only for voter registration purposes.

Each application form distributed under this section shall be accompanied by the following statement featured prominently in boldface capital letters: "WARNING: INTENTIONALLY MAKING A MATERIALLY FALSE STATEMENT ON THIS FORM CONSTITUTES THE CRIME OF ELECTION FRAUD, WHICH IS PUNISHABLE UNDER VIRGINIA LAW AS A FELONY. VIOLATORS MAY BE SENTENCED TO UP TO 10 YEARS IN PRISON, OR UP TO 12 MONTHS IN JAIL AND/OR FINED UP TO \$2,500."

Any completed application for voter registration submitted by a person who is already registered shall serve as a written request to update his registration record. Any change of address form submitted for purposes of a motor vehicle driver's license or special identification card shall serve as notification of change of address for voter registration for the registrant involved unless the registrant states on the form that the change of address is not for voter registration purposes. If the information from the notification of change of address for voter registration indicates that the registered voter has moved to another general registrar's jurisdiction within the Commonwealth, the notification shall be treated as a request for transfer from the registered voter. The notification and the registered voter's registration record shall be transmitted as directed by the Department of Elections to the appropriate general registrar who shall send confirmation documents of the transfer to the voter pursuant to § 24.2-424. The Department of Motor Vehicles and Department of Elections shall cooperate in the prompt transmittal by electronic or other means of the notification to the appropriate general registrar.

C. The completed voter registration portion of the application shall be transmitted as directed by the Department of Elections not later than five business days after the date of receipt. The Department of Motor Vehicles and Department of Elections shall cooperate in the prompt transmittal by electronic or other means of the voter registration portion of the application to the appropriate general registrar.

D. The Department of Elections shall maintain statistical records on the number of applications to register to vote with information provided from the Department of Motor Vehicles.

E. A person who provides services at the Department of Motor Vehicles shall not disclose, except as authorized by law for official use, the social security number, or any part thereof, of any applicant for voter registration.

~~F. The Department of Motor Vehicles shall provide assistance as required in providing voter photo identification cards as provided in subdivision A 3 of § 24.2-404.~~

§ 24.2-643. Qualified voter permitted to vote; procedures at polling place; voter identification.

A. After the polls are open, each qualified voter at a precinct shall be permitted to vote. The officers of election shall ascertain that a person offering to vote is a qualified voter before admitting him to the voting booth and furnishing an official ballot to him.

B. An officer of election shall ask the voter for his full name and current residence address and the voter may give such information orally or in writing. The officer of election shall repeat, in a voice audible to party and candidate representatives present, the full name and address provided by the voter. The officer shall ask the voter to present any one of the following forms of identification: (i) *his voter confirmation documents*; (ii) *his valid Virginia driver's license, his valid United States passport, or any other photo identification issued by the Commonwealth, one of its political subdivisions, or the United States*; (iii) *any valid student identification card containing a photograph of the voter and issued by any institution of higher education located in the Commonwealth or any private school located in the Commonwealth*; ~~or~~ (iv) *any valid student identification card issued by any institution of higher education located in any other state or territory of the United States*; (v) *any valid employee identification card containing a photograph of the voter and issued by an employer of the voter in the ordinary course of the employer's business*; or (vi) *a copy of a current utility bill, bank statement, government check, paycheck, or other government document containing the name and address of the voter. The expiration date on a Virginia driver's license shall not be considered when determining the validity of the driver's license offered for purposes of this section.*

~~Any~~ Except as provided in subsection E, any voter who does not show one of the forms of identification specified in this subsection shall be allowed to vote after signing a statement, subject to felony penalties for false statements pursuant to § 24.2-1016, that he is the named registered voter he claims to be. A voter who requires assistance in voting by reason of a physical disability or an inability to read or write, and who requests assistance pursuant to § 24.2-649, may be assisted in preparation of this statement in accordance with that section. The provisions of § 24.2-649 regarding voters who are unable to sign shall be followed when assisting a voter in completing this statement. A voter who does not show one of the forms of identification specified in this subsection and does not sign this statement shall be offered a provisional ballot under the provisions of § 24.2-653. The State Board of Elections shall provide an ID-ONLY provisional ballot envelope that requires no follow-up action by the registrar or electoral board other than matching submitted identification documents from the voter for the electoral board to make a determination on whether to count the ballot.

If the voter presents one of the forms of identification listed above, if his name is found on the pollbook in a form identical to or substantially similar to the name on the presented form of identification and the name provided by the voter, if he is qualified to vote in the election, and if no objection is made, an officer shall enter, opposite the voter's name on the pollbook, the first or next consecutive number from the voter count form provided by the State Board, or shall enter that the voter has voted if the pollbook is in electronic form; an officer shall provide the voter with the official ballot; and another officer shall admit him to the voting booth. Each voter whose name has been marked on the pollbooks as present to vote and entitled to a ballot shall remain in the presence of the officers of election in the polling place until he has voted. If a line of voters who have been marked on the pollbooks as present to vote forms to await entry to the voting booths, the line shall not be permitted to extend outside of the room containing the voting booths and shall remain under observation by the officers of election.

A voter may be accompanied into the voting booth by his child age 15 or younger.

C. If the current residence address provided by the voter is different from the address shown on the pollbook, the officer of election shall furnish the voter with a change of address form prescribed by the State Board. Upon its completion, the voter shall sign the prescribed form, subject to felony penalties for making false statements pursuant to § 24.2-1016,

which the officer of election shall then place in an envelope provided for such forms for transmission to the general registrar who shall then transfer or cancel the registration of such voter pursuant to Chapter 4 (§ 24.2-400 et seq.).

D. At the time the voter is asked his full name and current residence address, the officer of election shall ask any voter for whom the pollbook indicates that an identification number other than a social security number is recorded on the Virginia voter registration system if he presently has a social security number. If the voter is able to provide his social security number, he shall be furnished with a voter registration form prescribed by the State Board to update his registration information. Upon its completion, the form shall be placed by the officer of election in an envelope provided for such forms for transmission to the general registrar. Any social security numbers so provided shall be entered by the general registrar in the voter's record on the voter registration system.

E. This subsection shall apply in the case of any individual who is required by subparagraph (b) of 52 U.S.C. § 21083 of the Help America Vote Act of 2002 to show identification the first time he votes in a federal election in the state. At such election, such individual shall present (i) a current and valid photo identification or (ii) a copy of a current utility bill, bank statement, government check, paycheck, or other government document that shows the name and address of the voter. Such individual who desires to vote in person but does not show one of the forms of identification specified in this subsection shall be offered a provisional ballot under the provisions of § 24.2-653. The identification requirements of subsection B of this section and subsection A of § 24.2-653 shall not apply to such voter at such election. The Department of Elections shall provide instructions to the electoral boards for the handling and counting of such provisional ballots pursuant to subsection B of § 24.2-653 and this section.

§ 24.2-653. Voter whose name does not appear on pollbook or who is marked as having voted; handling of provisional ballots; ballots cast after normal close of polls due to court order extending polling hours.

A. When a person offers to vote pursuant to § 24.2-652 and the general registrar is not available or cannot state that the person is registered to vote, then such person shall be allowed to vote by printed ballot in the manner provided in this section. This procedure shall also apply when required by § 24.2-643 or 24.2-651.1.

Such person shall be given a printed ballot and provide, subject to the penalties for making false statements pursuant to § 24.2-1016, on a green envelope supplied by the Department of Elections, the identifying information required on the envelope, including the last four digits of his social security number, if any, full name including the maiden or any other prior legal name, date of birth, complete address, and signature. Such person shall be asked to present one of the forms of identification specified in subsection B of § 24.2-643. *If he is unable to present one of these forms of identification, he shall sign a statement, subject to felony penalties for false statements pursuant to § 24.2-1016, that he is the named registered voter he claims to be.* The officers of election shall note on the green envelope whether or not the voter has presented one of the specified forms of identification *or signed the required statement in lieu of presenting one of the specified forms of identification.* The officers of election shall enter the appropriate information for the person in the precinct provisional ballots log in accordance with the instructions of the State Board but shall not enter a consecutive number for the voter on the pollbook nor otherwise mark his name as having voted. The officers of election shall provide an application for registration to the person offering to vote in the manner provided in this section.

The voter shall then, in the presence of an officer of election, but in a secret manner, mark the printed ballot as provided in § 24.2-644 and seal it in the green envelope. The envelope containing the ballot shall then promptly be placed in the ballot container by an officer of election.

An officer of election, by a written notice given to the voter, shall ~~(i)~~ inform him that a determination of his right to vote shall be made by the electoral board, ~~(ii)~~ and advise the voter of the beginning time and place for the board's meeting and of the voter's right to be present at that meeting, ~~and (iii) inform a.~~ *If the voter is voting provisionally when as required by § 24.2-643, an officer of election, by written notice given to the voter, shall also inform him that he may submit a copy of one of the forms of identification specified in subsection B of § 24.2-643 or a statement, signed by him subject to felony penalties for false statements pursuant to § 24.2-1016, that he is the named registered voter he claims to be to the electoral board by facsimile, electronic mail, in-person submission, or timely United States Postal Service or commercial mail delivery, to be received by the electoral board no later than noon on the third day after the election. At the meeting, the voter may request an extension of the determination of the provisional vote in order to provide information to prove that the voter is entitled to vote in the precinct pursuant to § 24.2-401. The electoral board shall have the authority to grant such extensions which it deems reasonable to determine the status of a provisional vote.*

B. The provisional votes submitted pursuant to subsection A, in their unopened envelopes, shall be sealed in a special envelope marked "Provisional Votes," inscribed with the number of envelopes contained therein, and signed by the officers of election who counted them. All provisional votes envelopes shall be delivered either (i) to the clerk of the circuit court who shall deliver all such envelopes to the secretary of the electoral board or (ii) to the general registrar in localities in which the electoral board has directed delivery of election materials to the general registrar pursuant to § 24.2-668.

The electoral board shall meet on the day following the election and determine whether each person having submitted such a provisional vote was entitled to do so as a qualified voter in the precinct in which he offered the provisional vote. If the board is unable to determine the validity of all the provisional ballots offered in the election, or has granted any voter who has offered a provisional ballot an extension as provided in subsection A, the meeting shall stand adjourned, not to exceed seven calendar days from the date of the election, until the board has determined the validity of all provisional ballots offered in the election.

One authorized representative of each political party or independent candidate in a general or special election or one authorized representative of each candidate in a primary election shall be permitted to remain in the room in which the determination is being made as an observer so long as he does not participate in the proceedings and does not impede the orderly conduct of the determination. Each authorized representative shall be a qualified voter of any jurisdiction of the Commonwealth. Each representative, who is not himself a candidate or party chairman, shall present to the electoral board a written statement designating him to be a representative of the party or candidate and signed by the county or city chairman of his political party, the independent candidate, or the primary candidate, as appropriate. If the county or city chairman is unavailable to sign such a written designation, such a designation may be made by the state or district chairman of the political party. However, no written designation made by a state or district chairman shall take precedence over a written designation made by the county or city chairman. Such statement, bearing the chairman's or candidate's original signature, may be photocopied and such photocopy shall be as valid as if the copy had been signed.

Notwithstanding the provisions of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.), attendance at meetings of the electoral board to determine the validity of provisional ballots shall be permitted only for the authorized representatives provided for in this subsection, for the persons whose provisional votes are being considered and their representative or legal counsel, and for appropriate staff and legal counsel for the electoral board.

If the electoral board determines that such person was not entitled to vote as a qualified voter in the precinct in which he offered the provisional vote, is unable to determine his right to vote, or has not been provided one of the forms of identification specified in subsection B of § 24.2-643 *or the signed statement that the voter is the registered voter he claims to be*, the envelope containing his ballot shall not be opened and his vote shall not be counted. The provisional vote shall be counted if (a) such person is entitled to vote in the precinct pursuant to § 24.2-401 or (b) the Department of Elections or the voter presents proof that indicates the voter submitted an application for registration to the Department of Motor Vehicles or other state-designated voter registration agency prior to the close of registration pursuant to § 24.2-416 and the registrar determines that the person was qualified for registration based upon the application for registration submitted by the person pursuant to subsection A. The general registrar shall notify in writing pursuant to § 24.2-114 those persons found not properly registered or whose provisional vote was not counted.

If the electoral board determines that such person was entitled to vote, the name of the voter shall be entered in a provisional votes pollbook and marked as having voted, the envelope shall be opened, and the ballot placed in a ballot container without any inspection further than that provided for in § 24.2-646.

On completion of its determination, the electoral board shall proceed to count such ballots and certify the results of its count. Its certified results shall be added to those found pursuant to § 24.2-671. No adjustment shall be made to the statement of results for the precinct in which the person offered to vote. However, any voter who cast a provisional ballot and is determined by the electoral board to have been entitled to vote shall have his name included on the list of persons who voted that is submitted to the Department of Elections pursuant to § 24.2-406.

The certification of the results of the count together with all ballots and envelopes, whether open or unopened, and other related material shall be delivered by the electoral board to the clerk of the circuit court and retained by him as provided for in §§ 24.2-668 and 24.2-669.

C. Whenever the polling hours are extended by an order of a court of competent jurisdiction, any ballots marked after the normal polling hours by persons who were not already in line at the time the polls would have closed, notwithstanding the court order, shall be treated as provisional ballots under this section. The officers of election shall mark the green envelope for each such provisional ballot to indicate that it was cast after normal polling hours due to the court order, and when preparing the materials to deliver to the registrar or electoral board, shall separate these provisional ballots from any provisional ballots used for any other reason. The electoral board shall treat these provisional ballots as provided in subsection B; however, the counted and uncounted provisional ballots marked after the normal polling hours shall be kept separate from all other ballots and recorded in a separate provisional ballots pollbook. The Department of Elections shall provide instructions to the electoral boards for the handling and counting of such provisional ballots pursuant to this section.

§ 24.2-701. (Effective for elections prior to the general election on November 3, 2020) Application for absentee ballot.

A. The State Board shall furnish each general registrar with a sufficient number of applications for official absentee ballots. The registrars shall furnish applications to persons requesting them.

The State Board shall implement a system that enables eligible persons to request and receive an absentee ballot application electronically through the Internet. Electronic absentee ballot applications shall be in a form approved by the State Board.

Except as provided in § 24.2-703, a separate application shall be completed for each election in which the applicant offers to vote. An application for an absentee ballot may be accepted the later of (i) 12 months before an election or (ii) the day following any election held in the twelfth month prior to the election in which the applicant is applying to vote.

An application that is completed in person at the same time that the applicant registers to vote shall be held and processed no sooner than the fifth day after the date that the applicant registered to vote; however, this requirement shall not be applicable to any person who is qualified to vote absentee under subdivision 2 of § 24.2-700.

Any application received before the ballots are printed shall be held and processed as soon as the printed ballots for the election are available.

For the purposes of this chapter, the general registrar's office shall be open a minimum of eight hours between the hours of 8:00 a.m. and 5:00 p.m. on the first and second Saturday immediately preceding all general elections, except May general elections, and on the Saturday immediately preceding any primary election, May general election, or special election.

Unless the applicant is disabled, all applications for absentee ballots shall be signed by the applicant who shall state, subject to felony penalties for making false statements pursuant to § 24.2-1016, that to the best of his knowledge and belief the facts contained in the application are true and correct and that he has not and will not vote in the election at any other place in Virginia or in any other state. If the applicant is unable to sign the application, a person assisting the applicant will note this fact on the applicant signature line and provide his signature, name, and address.

B. Applications for absentee ballots shall be completed in the following manner:

1. An application completed in person shall be made not less than three days prior to the election in which the applicant offers to vote and completed only in the office of the general registrar. The applicant shall sign the application in the presence of a registrar. The applicant shall provide one of the forms of identification specified in subsection B of § 24.2-643, *or if he is unable to present one of the specified forms of identification listed in that subsection, he shall sign a statement, subject to felony penalties for making false statements pursuant to § 24.2-1016, that he is the named registered voter he claims to be. § 32.1-137.2. Certification of quality assurance; application; issuance; denial; renewal.

A. Every managed care health insurance plan licensee shall request a certificate of quality assurance with reference to its managed care health insurance plans simultaneously with filing an initial application to the Bureau of Insurance for licensure. If already licensed by the Bureau of Insurance, every managed care health insurance plan licensee may file an application for quality assurance certification with the Department of Health by December 1, 1998, and shall file an application for quality assurance certification with the Department of Health by December 1, 1999, in order to obtain its certificate of quality assurance by July 1, 2000.

Application for a certificate of quality assurance shall be made on a form prescribed by the Board and shall be accompanied by a fee based upon a percentage, not to exceed one-tenth of one percent, of the proportion of direct gross premium income on business done in this Commonwealth attributable to the operation of managed care health insurance plans in the preceding biennium, sufficient to cover reasonable costs for the administration of the quality assurance program. Such fee shall not exceed \$10,000 per licensee. Whenever the account of the program shows expenses for the past biennium to be more than ~~ten~~ 10 percent greater or lesser than the funds collected, the Board shall revise the fees levied by it for certification so that the fees are sufficient, but not excessive, to cover expenses; provided that such fees shall not exceed the limits set forth in this section. Until July 1, 2014, the Department may utilize such certification funds as are needed in fulfilling its responsibilities pursuant to subsection B of § 32.1-16.

All applications, including those for renewal, shall require (i) a description of the geographic area to be served, with a map clearly delineating the boundaries of the service area or areas, (ii) a description of the complaint system required under § 32.1-137.6, (iii) a description of the procedures and programs established by the licensee to assure both availability and accessibility of adequate personnel and facilities and to assess the quality of health care services provided, and (iv) a list of the licensee's managed care health insurance plans.

B. Every managed care health insurance plan licensee certified under this article shall renew its certificate of quality assurance with the Commissioner biennially by July 1, subject to payment of the fee.

C. The Commissioner shall periodically examine or review each applicant for certificate of quality assurance or for renewal thereof.

No certificate of quality assurance may be issued or renewed unless a managed care health insurance plan licensee has filed a completed application and made payment of a fee pursuant to subsection A of this section and the Commissioner is satisfied, based upon his examination, that, to the extent appropriate for the type of managed care health insurance plan under examination, the managed care health insurance plan licensee has in place and complies with: (i) a complaint system for reasonable and adequate procedures for the timely resolution of written complaints pursuant to § 32.1-137.6; (ii) a reasonable and adequate system for assessing the satisfaction of its covered persons; (iii) a system to provide for reasonable and adequate availability of and accessibility to health care services for its covered persons; (iv) reasonable and adequate policies and procedures to encourage the appropriate provision and use of preventive services for its covered persons; (v) reasonable and adequate standards and procedures for credentialing and recredentialing the providers with whom it contracts; (vi) reasonable and adequate procedures to inform its covered persons and providers of the managed care health insurance plan licensee's policies and procedures; (vii) reasonable and adequate systems to assess, measure, and improve the health status of covered persons, including outcome measures, (viii) reasonable and adequate policies and procedures to ensure confidentiality of medical records and patient information to permit effective and confidential patient care and quality review; (ix) reasonable, timely and adequate requirements and standards pursuant to § 32.1-137.9; and (x) such other requirements as the Board may establish by regulation consistent with this article.

Upon the issuance or reissuance of a certificate, the Commissioner shall provide a copy of such certificate to the Bureau of Insurance.

D. Upon determining to deny a certificate, the Commissioner shall notify such applicant in writing stating the reasons for the denial of a certificate. A copy of such notification of denial shall be provided to the Bureau of Insurance. Appeals from a notification of denial shall be brought by a certificate applicant pursuant to the process set forth in § 32.1-137.5.

E. The State Corporation Commission shall give notice to the Commissioner of its intention to issue an order based upon a finding of insolvency, hazardous financial condition, or impairment of net worth or surplus to policyholders or an order suspending or revoking the license of a managed care health insurance plan licensee; and the Commissioner shall notify the Bureau of Insurance when he has reasonable cause to believe that a recommendation for the suspension or revocation of a certificate of quality assurance or the denial or nonrenewal of such a certificate may be made pursuant to this article. Such notifications shall be privileged and confidential and shall not be subject to subpoena.

F. No certificate of quality assurance issued pursuant to this article may be transferred or assigned without approval of the Commissioner.

G. When determining the adequacy of a managed care health insurance plan proposed provider network or the ongoing adequacy of an in-force provider network, the Commissioner shall consider whether the managed care health insurance plan proposed provider network or in-force provider network includes a sufficient number of contracted providers of emergency services and surgical or ancillary services, as those terms are defined in § 38.2-3438, at or for the managed care health insurance plan's contracted in-network hospitals to reasonably ensure that enrollees have in-network access to covered benefits delivered at that facility.

1. Without the need for any prior authorization determination, regardless of whether the emergency services are provided on an in-network or out-of-network basis;

2. Without regard to *the final diagnosis rendered to the covered person* or whether the health care provider furnishing the emergency services is a participating health care provider with respect to such services;

3. If such services are provided out-of-network, without imposing any administrative requirement or limitation on coverage that is more restrictive than the requirements or limitations that apply to such services received from an in-network provider;

4. If such services are provided out-of-network, *the health carrier shall pay the out-of-network provider in accordance with § 38.2-3445.01 less any cost-sharing requirement expressed as copayment amount or coinsurance rate cannot. However, an individual may be required to pay the excess of the amount the out-of-network provider charges over the amount the health carrier is required to pay under this section. The health carrier complies with this requirement if the health carrier provides benefits with respect to an emergency service in an amount equal to the greatest of (i) the amount negotiated with in-network providers for the emergency service, or if more than one amount is negotiated, the median of these amounts; (ii) the amount for the emergency service calculated using the same method the health carrier generally uses to determine payments for out-of-network services, such as the usual, customary, and reasonable amount; and (iii) the amount that would be paid under Medicare for the emergency service.*

A. No out-of-network provider shall balance bill an enrollee for (i) emergency services provided to an enrollee or (ii) nonemergency services provided to an enrollee at an in-network facility if the nonemergency services involve surgical or ancillary services provided by an out-of-network provider.

B. An enrollee that receives services described in subsection A satisfies his obligation to pay for the services if he pays the in-network cost-sharing requirement specified in the enrollee's or applicable group health plan contract. The enrollee's obligation shall be determined using the carrier's median in-network contracted rate for the same or similar service in the same or similar geographical area. The carrier shall provide an explanation of benefits to the enrollee and the out-of-network provider that reflects the cost-sharing requirement determined under this subsection. The obligation of an enrollee in a health benefit plan that uses no median in-network contracted rate for the services provided shall be determined as provided in § 38.2-3407.3.

C. The health carrier and the out-of-network provider shall ensure that the enrollee incurs no greater cost than the amount determined under subsection B and shall not balance bill or otherwise attempt to collect from the enrollee any amount greater than such amount. Additional amounts owed to health care providers through good faith negotiations or arbitration shall be the sole responsibility of the carrier unless the carrier is prohibited from providing the additional benefits under 26 U.S.C. § 223(c)(2) or any other federal or state law. Nothing in this subsection shall preclude a provider from collecting a past due balance on a cost-sharing requirement with interest.

D. The health carrier shall treat any cost-sharing requirement determined under subsection B in the same manner as the cost-sharing requirement for health care services provided by an in-network provider and shall apply any cost-sharing amount paid by the enrollee for such services toward the in-network maximum out-of-pocket payment obligation.

E. If the enrollee pays the out-of-network provider an amount that exceeds the amount determined under subsection B, the provider shall refund the excess amount to the enrollee within 30 business days of receipt. The provider shall pay the enrollee interest computed daily at the legal rate of interest stated in § 6.2-301 beginning on the first calendar day after the 30 business days for any unrefunded payments.

F. The amount paid to an out-of-network provider for health care services described in subsection A shall be a commercially reasonable amount, based on payments for the same or similar services provided in a similar geographic area. Within 30 calendar days of receipt of a clean claim from an out-of-network provider, the carrier shall offer to pay the provider a commercially reasonable amount. If the out-of-network provider disputes the carrier's payment, the provider shall notify the carrier no later than 30 calendar days after receipt of payment or payment notification from the carrier. If the out-of-network provider disputes the carrier's initial offer, the carrier and provider shall have 30 calendar days from the initial offer to negotiate in good faith. If the carrier and provider do not agree to a commercially reasonable payment amount within 30 calendar days and either party chooses to pursue further action to resolve the dispute, the dispute shall be resolved through arbitration as provided in § 38.2-3445.02.

G. The carrier shall make payments for services described in subsection A directly to the provider.

H. Carriers shall make available through electronic and other methods of communication generally used by a provider to verify enrollee eligibility and benefits information regarding whether an enrollee's health plan is subject to the requirements of this section.

§ 38.2-3445.02. Arbitration.

A. If good faith negotiation, as described in § 38.2-3445.01, does not result in resolution of the dispute, and the carrier or the out-of-network provider chooses to pursue further action to resolve the dispute, the carrier or out-of-network provider shall initiate arbitration to determine a commercially reasonable payment amount. To initiate arbitration, the carrier or provider shall provide written notification to the Commission and the noninitiating party no later than 10 calendar days following completion of the period of good faith negotiation provided in § 38.2-3445.01. Such notification shall state the initiating party's final offer. No later than 30 calendar days following receipt of the notification, the noninitiating party shall provide its final offer to the initiating party. The parties may reach an agreement on reimbursement during this time and before the arbitration proceeding.

B. The parties shall be permitted to bundle claims for arbitration. Multiple claims may be addressed in a single arbitration proceeding if the claims at issue (i) involve identical carrier and provider parties, (ii) involve claims with the same or related current procedural terminology codes relevant to a particular procedure, and (iii) occur within a period of two months of one another.

C. Within seven calendar days of receipt of notification from the initiating party, the Commission shall provide the parties with a list of approved arbitrators or entities that provide arbitrations. The arbitrators on the list shall not have a conflict of interest with the parties and shall be trained and have experience and be selected by the Commission as set out in the standards established by the Commission through regulation. The parties may agree on an arbitrator from the list provided by the Commission. If the parties do not agree on an arbitrator, they shall notify the Commission, and the Commission shall provide the parties with the names of five arbitrators from the list. Each party may veto up to two of the five named arbitrators. If one arbitrator remains, that arbitrator shall be the chosen arbitrator. If more than one arbitrator remains, the Commission shall choose the arbitrator from the remaining arbitrators. The parties and the Commission shall complete this process within 20 calendar days of receipt of the original list from the Commission.

D. No later than 30 days after final selection of the arbitrator pursuant to subsection C, each party shall provide written submissions in support of its position to the arbitrator. The initiating party shall include in its written submission the evidence and methodology for asserting that the amount proposed to be paid is or is not commercially reasonable. A party that fails to make timely written submissions under this subsection without good cause shown shall be considered to be in default, and the arbitrator shall require the defaulting party to pay the final offer of the nondefaulting party and may require the defaulting party to pay the arbitrator's fixed fee. Written submissions required by this subsection may be submitted electronically.

E. No later than 30 calendar days after the receipt of the parties' written submissions, the arbitrator shall (i) issue a written decision requiring payment of the final offer amount of either the initiating or noninitiating party, (ii) notify the parties of the decision, and (iii) provide the decision and the information described in subsection I to the Commission.

F. In reviewing the submissions of the parties and making a decision requiring payment of the final offer amount of either the initiating or noninitiating party, the arbitrator shall consider the following factors:

1. The evidence and methodology submitted by the parties to assert that their final offer amount is reasonable; and
2. Patient characteristics and the circumstances and complexity of the case, including time and place of service and type of facility, that are not already reflected in the provider's billing code for the service.

The arbitrator may also consider other information that a party believes is relevant to the required factors included in this subsection or other information requested by the arbitrator and information provided by the parties that is relevant to such request, including data sets developed pursuant to § 38.2-3445.03. The arbitrator shall not require extrinsic evidence of authenticity for admitting such data sets.

G. The Commission shall establish a schedule of fixed fees for the costs of arbitration. Except as provided in subsection D, such fees shall be divided equally among the parties to the arbitration. The enrollee shall not be liable for any of the costs of arbitration and shall not be required to participate in the arbitration process as a witness or otherwise.

H. Within 10 business days of a party notifying the Commission and the noninitiating party of intent to initiate arbitrations, both parties shall agree to and execute a nondisclosure agreement. The nondisclosure agreement shall not preclude the arbitrator from submitting the arbitrator's decision to the Commission or impede the Commission's duty to prepare the annual report required by subsection I.

I. The Commission shall prepare an annual report summarizing the dispute resolution information provided by arbitrators, including information related to the matters decided through arbitration as well as the following information for each dispute resolved through arbitration: the name of the carrier, the name of the health care provider, the health care provider's employer or the business entity in which the provider has an ownership interest, the health care facility where the services were provided, and the type of health care services at issues. The Commission shall post the report on the Bureau's website and submit it to the Chairs of the House Committee on Labor and Commerce and Committee on Appropriations and the Senate Committee on Commerce and Labor and Committee on Finance and Appropriations annually by July 1. The provisions of this subsection shall expire on July 1, 2025.

J. The Commission shall establish an appeals process for a party to appeal to the Commission an arbitrator's decision on the grounds that (i) the decision was substantially influenced by corruption, fraud, or other undue means; (ii) there was evident partiality, corruption, or misconduct prejudicing the rights of any party; (iii) the arbitrator exceeded his powers; or (iv) the arbitrator conducted the proceeding contrary to the provisions of this section and Commission regulations, in such a way as to materially prejudice the rights of the party.

K. The provisions of the Uniform Arbitration Act, Article 2 (§ 8.01-581.01 et seq.) of Chapter 21 of Title 8.01, shall not apply to arbitration proceedings initiated pursuant to this section.

§ 38.2-3445.03. Data sets for determining commercially reasonable payments.

A. The Commission shall contract with the nonprofit data services organization to establish a data set and business process to provide health carriers, health care providers, and arbitrators with data to assist in determining commercially reasonable payments and resolving payment disputes for out-of-network medical services rendered by health care providers.

B. Such data set and business protocols shall be (i) developed in collaboration with health carriers and health care providers and (ii) reviewed by the advisory committee established pursuant to § 32.1-276.7:1.

C. The data set shall provide the amounts for the services described in subsection A of § 38.2-3445.01. The data used to calculate the median in-network and out-of-network allowed amounts and the median billed charge amounts by geographic area, for the same or similar services, shall be drawn from commercial health plan claims and shall not include claims paid under Medicare or Medicaid or other claims paid on other than a fee-for-service basis. The 2020 data set shall be based upon the most recently available full calendar year of claims data. The data set for each subsequent year shall be adjusted by applying the Consumer Price Index-Medical Component as published by the Bureau of Labor Statistics of the U.S. Department of Labor to the previous year's data set.

§ 38.2-3445.04. Transparency.

A. The Commission, in consultation with health carriers, health care providers, and consumers, shall develop standard template language for a notice of consumer rights notifying consumers of the following:

1. The prohibition against balance billing is applicable to health benefit plans issued by health carriers in Virginia and self-funded group health plans issued by entities that elect to participate pursuant to § 38.2-3445.01.

2. Consumers cannot be balance billed for the health care services described in § 38.2-3445.01 and will receive the protections provided for in § 38.2-3445.01.

3. Consumers may be balance billed for health care services under circumstances other than those described in subsection A of § 38.2-3445.01 or if they are enrolled in a health plan to which the provisions of § 38.2-3445.01 do not apply and steps to take if the consumer is balance billed.

4. Consumers may contact the Commission if they believe they have been balance billed in violation of § 38.2-3445.01.

5. The relevant contact information for the Commission.

B. The Commission shall determine, by regulation, when and in what format health carriers, health care providers, and health care facilities shall provide consumers with the notice required by this section.

C. A health care provider shall post the following information on its website, if one is available, or, if one is not available, provide to a consumer upon written or oral request:

1. The listing of the carrier health plan provider networks with which the provider contracts or with which the facility is an in-network provider; and

2. The notice of consumer rights required by subsection A.

Posting or otherwise providing the information required in this subsection shall not relieve a health care provider of its obligation to comply with the provisions of § 38.2-3445.01.

D. Not less than 30 days prior to executing a contract with a carrier, a health care facility shall provide the carrier with a list of the nonemployed providers or provider groups contracted to provide surgical or ancillary services at the facility. The facility shall notify the carrier within 30 days of a removal from or addition to such list and shall provide an

updated list of nonemployed providers and provider groups within 14 calendar days of a request for an updated list by a carrier.

E. An in-network provider shall submit accurate information to a carrier regarding the provider's network status in a timely manner, consistent with the terms of the contract between the provider and the carrier.

F. A carrier shall update its website and provider directory no later than 30 days after the addition or termination of a provider.

G. A carrier shall provide an enrollee with (i) a clear description of the health plan's out-of-network health benefits, (ii) the notice of consumer rights required by subsection A, and (iii) notification that if the enrollee receives services from an out-of-network-provider, under circumstances other than those described in subsection A of § 38.2-3445.01, the enrollee shall have the financial responsibility for the applicable services provided outside the health plan's network in excess of applicable cost-sharing amounts and that the enrollee may be responsible for any costs in excess of those allowed by the health plan.

§ 38.2-3445.05. Enforcement.

A. If the Commission has cause to believe that any health care provider has engaged in a pattern of potential violations of § 38.2-3445.01 with no corrective action, the Commission may submit information to the Board of Medicine or the Commissioner of Health for action. Prior to such submission, the Commission may provide the provider with an opportunity to cure the alleged violations or provide an explanation as to why the actions in question were not violations of § 38.2-3445.01.

B. If any health care provider has engaged in a pattern of potential violations of § 38.2-3445.01 with no corrective action, the Board of Medicine or the Commissioner of Health may levy a fine or cost recovery upon the health care provider and take other action as permitted under the authority of the Board of Medicine or Commissioner of Health. Upon completion of its review of any potential violation submitted by the Commission or initiated directly by an enrollee, the Board of Medicine or Commissioner of Health shall notify the Commission of the results of the review, including whether the violation was substantiated and any enforcement action taken as a result of a finding of a substantiated violation.

C. If a carrier has engaged in a pattern of substantiated violations of any provision of § 38.2-3445.01, the Commission may levy a fine or apply remedies authorized pursuant to Chapter 2 (§ 38.2-200 et seq.).

D. No carrier or provider shall initiate arbitration pursuant to § 38.2-3445.02 with such frequency as to indicate a general business practice.

§ 38.2-3445.06. Applicability of certain sections.

A. Such an entity may elect to be subject to the provisions of §§ 38.2-3445 through 38.2-3445.06 in the same manner as applied to a health carrier by providing notice to the Commission annually, in a form and manner prescribed by the Commission, attesting to the plan's participation and agreeing to be bound by the provisions of §§ 38.2-3445 through 38.2-3445.06. Such entity shall amend the plan, policies, contracts, and other documents to reflect such election. In addition, the entity that elects to opt in pursuant to this section shall file current plan documentation confirming that the plan accepts the obligations of §§ 38.2-3445 through 38.2-3445.06 and attests that any amended plan documents will be filed with the Commission before the effective date of such amendments. The Commission shall post on its website a list of entities, including relevant plan information, that have elected to be subject to the provisions of §§ 38.2-3445 through 38.2-3445.06. The Commission shall update such list at least once per quarter.

B. The provisions of §§ 38.2-3445.01 and 38.2-3445.02 shall not apply to services when the provider's fees are subject to schedules or other monetary limitations under any other law, including the Virginia Workers' Compensation Act, and such sections shall not preempt any such law.

C. The provisions of §§ 38.2-3445 through 38.2-3445.05 shall apply to health coverage insurance offered to state employees pursuant to § 2.2-2818 and may apply to health insurance coverage offered to employees of local governments, local officers, teachers, and retirees, and the dependents of such employees, officers, teachers, and retirees pursuant to § 2.2-1204.

D. Except for its facilitation of arbitration pursuant to § 38.2-3445.02 and its role in any appeals process established pursuant to subsection J of § 38.2-3445.02, the Commission shall have no jurisdiction to resolve disputes arising out of § 38.2-3445.01.

[S 172]

Approved April 10, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 32.1-137.2, 38.2-3438, 38.2-3445, and 54.1-2915 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding in Article 1 of Chapter 5 of Title 32.1 a section numbered 32.1-137.07 and by adding sections numbered 38.2-3445.01 through 38.2-3445.07 as follows:

§ 32.1-137.07. Violations of certain provisions; penalty.

If the Commissioner receives a report from the State Corporation Commission that a medical care facility has engaged in a pattern of violations pursuant to § 38.2-3445.01 and the report is substantiated after investigation, the Commissioner may levy a fine upon the medical care facility in an amount not to exceed \$1,000 per violation and may take other formal or informal disciplinary action as permitted under this chapter.

§ 32.1-137.2. Certification of quality assurance; application; issuance; denial; renewal.

A. Every managed care health insurance plan licensee shall request a certificate of quality assurance with reference to its managed care health insurance plans simultaneously with filing an initial application to the Bureau of Insurance for licensure. If already licensed by the Bureau of Insurance, every managed care health insurance plan licensee may file an application for quality assurance certification with the Department of Health by December 1, 1998, and shall file an

application for quality assurance certification with the Department of Health by December 1, 1999, in order to obtain its certificate of quality assurance by July 1, 2000.

On or before July 1, 2000, the State Health Commissioner shall certify to the Bureau of Insurance that a managed care health insurance plan licensee has been issued a certificate of quality assurance by providing the Bureau of Insurance with a copy of each certificate at the time of issuance.

Application for a certificate of quality assurance shall be made on a form prescribed by the Board and shall be accompanied by a fee based upon a percentage, not to exceed one-tenth of one percent, of the proportion of direct gross premium income on business done in this Commonwealth attributable to the operation of managed care health insurance plans in the preceding biennium, sufficient to cover reasonable costs for the administration of the quality assurance program. Such fee shall not exceed \$10,000 per licensee. Whenever the account of the program shows expenses for the past biennium to be more than ~~ten~~ 10 percent greater or lesser than the funds collected, the Board shall revise the fees levied by it for certification so that the fees are sufficient, but not excessive, to cover expenses; provided that such fees shall not exceed the limits set forth in this section. Until July 1, 2014, the Department may utilize such certification funds as are needed in fulfilling its responsibilities pursuant to subsection B of § 32.1-16.

All applications, including those for renewal, shall require (i) a description of the geographic area to be served, with a map clearly delineating the boundaries of the service area or areas, (ii) a description of the complaint system required under § 32.1-137.6, (iii) a description of the procedures and programs established by the licensee to assure both availability and accessibility of adequate personnel and facilities and to assess the quality of health care services provided, and (iv) a list of the licensee's managed care health insurance plans.

B. Every managed care health insurance plan licensee certified under this article shall renew its certificate of quality assurance with the Commissioner biennially by July 1, subject to payment of the fee.

C. The Commissioner shall periodically examine or review each applicant for certificate of quality assurance or for renewal thereof.

No certificate of quality assurance may be issued or renewed unless a managed care health insurance plan licensee has filed a completed application and made payment of a fee pursuant to subsection A of this section and the Commissioner is satisfied, based upon his examination, that, to the extent appropriate for the type of managed care health insurance plan under examination, the managed care health insurance plan licensee has in place and complies with: (i) a complaint system for reasonable and adequate procedures for the timely resolution of written complaints pursuant to § 32.1-137.6; (ii) a reasonable and adequate system for assessing the satisfaction of its covered persons; (iii) a system to provide for reasonable and adequate availability of and accessibility to health care services for its covered persons; (iv) reasonable and adequate policies and procedures to encourage the appropriate provision and use of preventive services for its covered persons; (v) reasonable and adequate standards and procedures for credentialing and recredentialing the providers with whom it contracts; (vi) reasonable and adequate procedures to inform its covered persons and providers of the managed care health insurance plan licensee's policies and procedures; (vii) reasonable and adequate systems to assess, measure, and improve the health status of covered persons, including outcome measures, (viii) reasonable and adequate policies and procedures to ensure confidentiality of medical records and patient information to permit effective and confidential patient care and quality review; (ix) reasonable, timely and adequate requirements and standards pursuant to § 32.1-137.9; and (x) such other requirements as the Board may establish by regulation consistent with this article.

Upon the issuance or reissuance of a certificate, the Commissioner shall provide a copy of such certificate to the Bureau of Insurance.

D. Upon determining to deny a certificate, the Commissioner shall notify such applicant in writing stating the reasons for the denial of a certificate. A copy of such notification of denial shall be provided to the Bureau of Insurance. Appeals from a notification of denial shall be brought by a certificate applicant pursuant to the process set forth in § 32.1-137.5.

E. The State Corporation Commission shall give notice to the Commissioner of its intention to issue an order based upon a finding of insolvency, hazardous financial condition, or impairment of net worth or surplus to policyholders or an order suspending or revoking the license of a managed care health insurance plan licensee; and the Commissioner shall notify the Bureau of Insurance when he has reasonable cause to believe that a recommendation for the suspension or revocation of a certificate of quality assurance or the denial or nonrenewal of such a certificate may be made pursuant to this article. Such notifications shall be privileged and confidential and shall not be subject to subpoena.

F. No certificate of quality assurance issued pursuant to this article may be transferred or assigned without approval of the Commissioner.

G. When determining the adequacy of a managed care health insurance plan proposed provider network or the ongoing adequacy of an in-force provider network, the Commissioner shall consider whether the managed care health insurance plan proposed provider network or in-force provider network includes a sufficient number of contracted providers of emergency services and surgical or ancillary services, as those terms are defined in § 38.2-3438, at or for the managed care health insurance plan's contracted in-network hospitals to reasonably ensure that enrollees have in-network access to covered benefits delivered at that facility.

Notwithstanding any provision of § 38.2-3407.11, 38.2-4312.3, or any other section of this title to the contrary, if a health carrier providing individual or group health insurance coverage provides any benefits with respect to services in an emergency department of a hospital, the health carrier shall provide coverage for emergency services:

1. Without the need for any prior authorization determination, regardless of whether the emergency services are provided on an in-network or out-of-network basis;

2. Without regard to *the final diagnosis rendered to the covered person* or whether the health care provider furnishing the emergency services is a participating health care provider with respect to such services;

3. If such services are provided out-of-network, without imposing any administrative requirement or limitation on coverage that is more restrictive than the requirements or limitations that apply to such services received from an in-network provider;

4. If such services are provided out-of-network, *the health carrier shall pay the out-of-network provider in accordance with § 38.2-3445.01 less any cost-sharing requirement expressed as copayment amount or coinsurance rate cannot. Any such cost-sharing requirement shall not exceed the cost-sharing requirement that would apply if such services were provided in-network. However, an individual may be required to pay the excess of the amount the out-of-network provider charges over the amount the health carrier is required to pay under this section. The health carrier complies with this requirement if the health carrier provides benefits with respect to an emergency service in an amount equal to the greatest of (i) the amount negotiated with in-network providers for the emergency service; or if more than one amount is negotiated, the median of these amounts; (ii) the amount for the emergency service calculated using the same method the health carrier generally uses to determine payments for out-of-network services, such as the usual, customary, and reasonable amount; and (iii) the amount that would be paid under Medicare for the emergency service.*

A deductible may be imposed with respect to out-of-network emergency services only as a part of a deductible that generally applies to out-of-network benefits. If an out-of-pocket maximum generally applies to out-of-network benefits, that out-of-pocket maximum shall apply to out-of-network emergency services as provided in § 38.2-3445.01; and

5. Without regard to any term or condition of such coverage other than the exclusion of or coordination of benefits or an affiliation or waiting period.

§ 38.2-3445.01. Balance billing for certain services; prohibited.

A. *No out-of-network provider shall balance bill an enrollee for (i) emergency services provided to an enrollee or (ii) nonemergency services provided to an enrollee at an in-network facility if the nonemergency services involve surgical or ancillary services provided by an out-of-network provider.*

B. *An enrollee that receives services described in subsection A satisfies his obligation to pay for the services if he pays the in-network cost-sharing requirement specified in the enrollee's or applicable group health plan contract. The enrollee's obligation shall be determined using the carrier's median in-network contracted rate for the same or similar service in the same or similar geographical area. The carrier shall provide an explanation of benefits to the enrollee and the out-of-network provider that reflects the cost-sharing requirement determined under this subsection. The obligation of an enrollee in a health benefit plan that uses no median in-network contracted rate for the services provided shall be determined as provided in § 38.2-3407.3.*

C. *The health carrier and the out-of-network provider shall ensure that the enrollee incurs no greater cost than the amount determined under subsection B and shall not balance bill or otherwise attempt to collect from the enrollee any*

amount greater than such amount. Additional amounts owed to health care providers through good faith negotiations or arbitration shall be the sole responsibility of the carrier unless the carrier is prohibited from providing the additional benefits under 26 U.S.C. § 223(c)(2) or any other federal or state law. Nothing in this subsection shall preclude a provider from collecting a past due balance on a cost-sharing requirement with interest.

D. The health carrier shall treat any cost-sharing requirement determined under subsection B in the same manner as the cost-sharing requirement for health care services provided by an in-network provider and shall apply any cost-sharing amount paid by the enrollee for such services toward the in-network maximum out-of-pocket payment obligation.

E. If the enrollee pays the out-of-network provider an amount that exceeds the amount determined under subsection B, the provider shall refund the excess amount to the enrollee within 30 business days of receipt. The provider shall pay the enrollee interest computed daily at the legal rate of interest stated in § 6.2-301 beginning on the first calendar day after the 30 business days for any unrefunded payments.

F. The amount paid to an out-of-network provider for health care services described in subsection A shall be a commercially reasonable amount, based on payments for the same or similar services provided in a similar geographic area. Within 30 calendar days of receipt of a clean claim from an out-of-network provider, the carrier shall offer to pay the provider a commercially reasonable amount. If the out-of-network provider disputes the carrier's payment, the provider shall notify the carrier no later than 30 calendar days after receipt of payment or payment notification from the carrier. If the out-of-network provider disputes the carrier's initial offer, the carrier and provider shall have 30 calendar days from the initial offer to negotiate in good faith. If the carrier and provider do not agree to a commercially reasonable payment amount within 30 calendar days and either party chooses to pursue further action to resolve the dispute, the dispute shall be resolved through arbitration as provided in § 38.2-3445.02.

G. The carrier shall make payments for services described in subsection A directly to the provider.

H. Carriers shall make available through electronic and other methods of communication generally used by a provider to verify enrollee eligibility and benefits information regarding whether an enrollee's health plan is subject to the requirements of this section.

§ 38.2-3445.02. Arbitration.

A. If good faith negotiation, as described in § 38.2-3445.01, does not result in resolution of the dispute, and the carrier or the out-of-network provider chooses to pursue further action to resolve the dispute, the carrier or out-of-network provider shall initiate arbitration to determine a commercially reasonable payment amount. To initiate arbitration, the carrier or provider shall provide written notification to the Commission and the noninitiating party no later than 10 calendar days following completion of the period of good faith negotiation provided in § 38.2-3445.01. Such notification shall state the initiating party's final offer. No later than 30 calendar days following receipt of the notification, the noninitiating party shall provide its final offer to the initiating party. The parties may reach an agreement on reimbursement during this time and before the arbitration proceeding.

B. The parties shall be permitted to bundle claims for arbitration. Multiple claims may be addressed in a single arbitration proceeding if the claims at issue (i) involve identical carrier and provider parties, (ii) involve claims with the same or related current procedural terminology codes relevant to a particular procedure, and (iii) occur within a period of two months of one another.

C. Within seven calendar days of receipt of notification from the initiating party, the Commission shall provide the parties with a list of approved arbitrators or entities that provide arbitrations. The arbitrators on the list shall not have a conflict of interest with the parties and shall be trained and have experience and be selected by the Commission as set out in the standards established by the Commission through regulation. The parties may agree on an arbitrator from the list provided by the Commission. If the parties do not agree on an arbitrator, they shall notify the Commission, and the Commission shall provide the parties with the names of five arbitrators from the list. Each party may veto up to two of the five named arbitrators. If one arbitrator remains, that arbitrator shall be the chosen arbitrator. If more than one arbitrator remains, the Commission shall choose the arbitrator from the remaining arbitrators. The parties and the Commission shall complete this process within 20 calendar days of receipt of the original list from the Commission.

D. No later than 30 days after final selection of the arbitrator pursuant to subsection C, each party shall provide written submissions in support of its position to the arbitrator. The initiating party shall include in its written submission the evidence and methodology for asserting that the amount proposed to be paid is or is not commercially reasonable. A party that fails to make timely written submissions under this subsection without good cause shown shall be considered to be in default, and the arbitrator shall require the defaulting party to pay the final offer of the nondefaulting party and may require the defaulting party to pay the arbitrator's fixed fee. Written submissions required by this subsection may be submitted electronically.

E. No later than 30 calendar days after the receipt of the parties' written submissions, the arbitrator shall (i) issue a written decision requiring payment of the final offer amount of either the initiating or noninitiating party, (ii) notify the parties of the decision, and (iii) provide the decision and the information described in subsection I to the Commission.

F. In reviewing the submissions of the parties and making a decision requiring payment of the final offer amount of either the initiating or noninitiating party, the arbitrator shall consider the following factors:

1. The evidence and methodology submitted by the parties to assert that their final offer amount is reasonable; and
2. Patient characteristics and the circumstances and complexity of the case, including time and place of service and type of facility, that are not already reflected in the provider's billing code for the service.

The arbitrator may also consider other information that a party believes is relevant to the required factors included in this subsection or other information requested by the arbitrator and information provided by the parties that is relevant to such request, including data sets developed pursuant to § 38.2-3445.03. The arbitrator shall not require extrinsic evidence of authenticity for admitting such data sets.

G. The Commission shall establish a schedule of fixed fees for the costs of arbitration. Except as provided in subsection D, such fees shall be divided equally among the parties to the arbitration. The enrollee shall not be liable for any of the costs of arbitration and shall not be required to participate in the arbitration process as a witness or otherwise.

H. Within 10 business days of a party notifying the Commission and the noninitiating party of intent to initiate arbitrations, both parties shall agree to and execute a nondisclosure agreement. The nondisclosure agreement shall not preclude the arbitrator from submitting the arbitrator's decision to the Commission or impede the Commission's duty to prepare the annual report required by subsection I.

I. The Commission shall prepare an annual report summarizing the dispute resolution information provided by arbitrators, including information related to the matters decided through arbitration as well as the following information for each dispute resolved through arbitration: the name of the carrier, the name of the health care provider, the health care provider's employer or the business entity in which the provider has an ownership interest, the health care facility where the services were provided, and the type of health care services at issue. The Commission shall post the report on the Bureau's website and submit it to the Chairs of the House Committee on Labor and Commerce and Committee on Appropriations and the Senate Committee on Commerce and Labor and Committee on Finance and Appropriations annually by July 1. The provisions of this subsection shall expire on July 1, 2025.

J. The Commission shall establish an appeals process for a party to appeal to the Commission an arbitrator's decision on the grounds that (i) the decision was substantially influenced by corruption, fraud, or other undue means; (ii) there was evident partiality, corruption, or misconduct prejudicing the rights of any party; (iii) the arbitrator exceeded his powers; or (iv) the arbitrator conducted the proceeding contrary to the provisions of this section and Commission regulations, in such a way as to materially prejudice the rights of the party.

K. The provisions of the Uniform Arbitration Act, Article 2 (§ 8.01-581.01 et seq.) of Chapter 21 of Title 8.01, shall not apply to arbitration proceedings initiated pursuant to this section.

§ 38.2-3445.03. Data sets for determining commercially reasonable payments.

A. The Commission shall contract with the nonprofit data services organization to establish a data set and business process to provide health carriers, health care providers, and arbitrators with data to assist in determining commercially reasonable payments and resolving payment disputes for out-of-network medical services rendered by health care providers.

B. Such data set and business protocols shall be (i) developed in collaboration with health carriers and health care providers and (ii) reviewed by the advisory committee established pursuant to § 32.1-276.7:1.

C. The data set shall provide the amounts for the services described in subsection A of § 38.2-3445.01. The data used to calculate the median in-network and out-of-network allowed amounts and the median billed charge amounts by geographic area, for the same or similar services, shall be drawn from commercial health plan claims and shall not include claims paid under Medicare or Medicaid or other claims paid on other than a fee-for-service basis. The 2020 data set shall be based upon the most recently available full calendar year of claims data. The data set for each subsequent year shall be adjusted by applying the Consumer Price Index-Medical Component as published by the Bureau of Labor Statistics of the U.S. Department of Labor to the previous year's data set.

§ 38.2-3445.04. Transparency.

A. The Commission, in consultation with health carriers, health care providers, and consumers, shall develop standard template language for a notice of consumer rights notifying consumers of the following:

4. Consumers may contact the Commission if they believe they have been balance billed in violation of § 38.2-3445.01.

1. The listing of the carrier health plan provider networks with which the provider contracts or with which the facility is an in-network provider; and

2. The notice of consumer rights required by subsection A.

Posting or otherwise providing the information required in this subsection shall not relieve a health care provider of its obligation to comply with the provisions of § 38.2-3445.01.

D. Not less than 30 days prior to executing a contract with a carrier, a health care facility shall provide the carrier with a list of the nonemployed providers or provider groups contracted to provide surgical or ancillary services at the facility. The facility shall notify the carrier within 30 days of a removal from or addition to such list and shall provide an updated list of nonemployed providers and provider groups within 14 calendar days of a request for an updated list by a carrier.

F. A carrier shall update its website and provider directory no later than 30 days after the addition or termination of a provider.

G. A carrier shall provide an enrollee with (i) a clear description of the health plan's out-of-network health benefits, (ii) the notice of consumer rights required by subsection A, and (iii) notification that if the enrollee receives services from an out-of-network-provider, under circumstances other than those described in subsection A of § 38.2-3445.01, the enrollee shall have the financial responsibility for the applicable services provided outside the health plan's network in excess of applicable cost-sharing amounts and that the enrollee may be responsible for any costs in excess of those allowed by the health plan.

§ 38.2-3445.05. Enforcement.

A. If the Commission has cause to believe that any health care provider has engaged in a pattern of potential violations of § 38.2-3445.01 with no corrective action, the Commission may submit information to the Board of Medicine or the Commissioner of Health for action. Prior to such submission, the Commission may provide the provider with an opportunity to cure the alleged violations or provide an explanation as to why the actions in question were not violations of § 38.2-3445.01.

B. If any health care provider has engaged in a pattern of potential violations of § 38.2-3445.01 with no corrective action, the Board of Medicine or the Commissioner of Health may levy a fine or cost recovery upon the health care provider and take other action as permitted under the authority of the Board of Medicine or Commissioner of Health. Approved April 10, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 32.1-325 of the Code of Virginia is amended and reenacted as follows:

§ 32.1-325. Board to submit plan for medical assistance services to U.S. Secretary of Health and Human Services pursuant to federal law; administration of plan; contracts with health care providers.

A. The Board, subject to the approval of the Governor, is authorized to prepare, amend from time to time, and submit to the U.S. Secretary of Health and Human Services a state plan for medical assistance services pursuant to Title XIX of the United States Social Security Act and any amendments thereto. The Board shall include in such plan:

1. A provision for payment of medical assistance on behalf of individuals, up to the age of 21, placed in foster homes or private institutions by private, nonprofit agencies licensed as child-placing agencies by the Department of Social Services or placed through state and local subsidized adoptions to the extent permitted under federal statute;

2. A provision for determining eligibility for benefits for medically needy individuals which disregards from countable resources an amount not in excess of \$3,500 for the individual and an amount not in excess of \$3,500 for his spouse when such resources have been set aside to meet the burial expenses of the individual or his spouse. The amount disregarded shall be reduced by (i) the face value of life insurance on the life of an individual owned by the individual or his spouse if the cash surrender value of such policies has been excluded from countable resources and (ii) the amount of any other revocable or

irrevocable trust, contract, or other arrangement specifically designated for the purpose of meeting the individual's or his spouse's burial expenses;

3. A requirement that, in determining eligibility, a home shall be disregarded. For those medically needy persons whose eligibility for medical assistance is required by federal law to be dependent on the budget methodology for Aid to Families with Dependent Children, a home means the house and lot used as the principal residence and all contiguous property. For all other persons, a home shall mean the house and lot used as the principal residence, as well as all contiguous property, as long as the value of the land, exclusive of the lot occupied by the house, does not exceed \$5,000. In any case in which the definition of home as provided here is more restrictive than that provided in the state plan for medical assistance services in Virginia as it was in effect on January 1, 1972, then a home means the house and lot used as the principal residence and all contiguous property essential to the operation of the home regardless of value;

4. A provision for payment of medical assistance on behalf of individuals up to the age of 21, who are Medicaid eligible, for medically necessary stays in acute care facilities in excess of 21 days per admission;

5. A provision for deducting from an institutionalized recipient's income an amount for the maintenance of the individual's spouse at home;

6. A provision for payment of medical assistance on behalf of pregnant women which provides for payment for inpatient postpartum treatment in accordance with the medical criteria outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists. Payment shall be made for any postpartum home visit or visits for the mothers and the children which are within the time periods recommended by the attending physicians in accordance with and as indicated by such Guidelines or Standards. For the purposes of this subdivision, such Guidelines or Standards shall include any changes thereto within six months of the publication of such Guidelines or Standards or any official amendment thereto;

7. A provision for the payment for family planning services on behalf of women who were Medicaid-eligible for prenatal care and delivery as provided in this section at the time of delivery. Such family planning services shall begin with delivery and continue for a period of 24 months, if the woman continues to meet the financial eligibility requirements for a pregnant woman under Medicaid. For the purposes of this section, family planning services shall not cover payment for abortion services and no funds shall be used to perform, assist, encourage or make direct referrals for abortions;

8. A provision for payment of medical assistance for high-dose chemotherapy and bone marrow transplants on behalf of individuals over the age of 21 who have been diagnosed with lymphoma, breast cancer, myeloma, or leukemia and have been determined by the treating health care provider to have a performance status sufficient to proceed with such high-dose chemotherapy and bone marrow transplant. Appeals of these cases shall be handled in accordance with the Department's expedited appeals process;

9. A provision identifying entities approved by the Board to receive applications and to determine eligibility for medical assistance, which shall include a requirement that such entities (i) obtain accurate contact information, including the best available address and telephone number, from each applicant for medical assistance, to the extent required by federal law and regulations, and (ii) provide each applicant for medical assistance with information about advance directives pursuant to Article 8 (§ 54.1-2981 et seq.) of Chapter 29 of Title 54.1, including information about the purpose and benefits of advance directives and how the applicant may make an advance directive;

10. A provision for breast reconstructive surgery following the medically necessary removal of a breast for any medical reason. Breast reductions shall be covered, if prior authorization has been obtained, for all medically necessary indications. Such procedures shall be considered noncosmetic;

11. A provision for payment of medical assistance for annual pap smears;

12. A provision for payment of medical assistance services for prostheses following the medically necessary complete or partial removal of a breast for any medical reason;

13. A provision for payment of medical assistance which provides for payment for 48 hours of inpatient treatment for a patient following a radical or modified radical mastectomy and 24 hours of inpatient care following a total mastectomy or a partial mastectomy with lymph node dissection for treatment of disease or trauma of the breast. Nothing in this subdivision shall be construed as requiring the provision of inpatient coverage where the attending physician in consultation with the patient determines that a shorter period of hospital stay is appropriate;

14. A requirement that certificates of medical necessity for durable medical equipment and any supporting verifiable documentation shall be signed, dated, and returned by the physician, physician assistant, or nurse practitioner and in the durable medical equipment provider's possession within 60 days from the time the ordered durable medical equipment and supplies are first furnished by the durable medical equipment provider;

15. A provision for payment of medical assistance to (i) persons age 50 and over and (ii) persons age 40 and over who are at high risk for prostate cancer, according to the most recent published guidelines of the American Cancer Society, for one PSA test in a 12-month period and digital rectal examinations, all in accordance with American Cancer Society guidelines. For the purpose of this subdivision, "PSA testing" means the analysis of a blood sample to determine the level of prostate specific antigen;

16. A provision for payment of medical assistance for low-dose screening mammograms for determining the presence of occult breast cancer. Such coverage shall make available one screening mammogram to persons age 35 through 39, one such mammogram biennially to persons age 40 through 49, and one such mammogram annually to persons age 50 and over.

The term "mammogram" means an X-ray examination of the breast using equipment dedicated specifically for mammography, including but not limited to the X-ray tube, filter, compression device, screens, film and cassettes, with an average radiation exposure of less than one rad mid-breast, two views of each breast;

17. A provision, when in compliance with federal law and regulation and approved by the Centers for Medicare & Medicaid Services (CMS), for payment of medical assistance services delivered to Medicaid-eligible students when such services qualify for reimbursement by the Virginia Medicaid program and may be provided by school divisions;

18. A provision for payment of medical assistance services for liver, heart and lung transplantation procedures for individuals over the age of 21 years when (i) there is no effective alternative medical or surgical therapy available with outcomes that are at least comparable; (ii) the transplant procedure and application of the procedure in treatment of the specific condition have been clearly demonstrated to be medically effective and not experimental or investigational; (iii) prior authorization by the Department of Medical Assistance Services has been obtained; (iv) the patient selection criteria of the specific transplant center where the surgery is proposed to be performed have been used by the transplant team or program to determine the appropriateness of the patient for the procedure; (v) current medical therapy has failed and the patient has failed to respond to appropriate therapeutic management; (vi) the patient is not in an irreversible terminal state; and (vii) the transplant is likely to prolong the patient's life and restore a range of physical and social functioning in the activities of daily living;

19. A provision for payment of medical assistance for colorectal cancer screening, specifically screening with an annual fecal occult blood test, flexible sigmoidoscopy or colonoscopy, or in appropriate circumstances radiologic imaging, in accordance with the most recently published recommendations established by the American College of Gastroenterology, in consultation with the American Cancer Society, for the ages, family histories, and frequencies referenced in such recommendations;

20. A provision for payment of medical assistance for custom ocular prostheses;

21. Such provision shall include payment for medical assistance for follow-up audiological examinations as recommended by a physician, physician assistant, nurse practitioner, or audiologist and performed by a licensed audiologist to confirm the existence or absence of hearing loss;

22. A provision for payment of medical assistance, pursuant to the Breast and Cervical Cancer Prevention and Treatment Act of 2000 (P.L. 106-354), for certain women with breast or cervical cancer when such women (i) have been screened for breast or cervical cancer under the Centers for Disease Control and Prevention (CDC) Breast and Cervical Cancer Early Detection Program established under Title XV of the Public Health Service Act; (ii) need treatment for breast or cervical cancer, including treatment for a precancerous condition of the breast or cervix; (iii) are not otherwise covered under creditable coverage, as defined in § 2701 (c) of the Public Health Service Act; (iv) are not otherwise eligible for medical assistance services under any mandatory categorically needy eligibility group; and (v) have not attained age 65. This provision shall include an expedited eligibility determination for such women;

23. A provision for the coordinated administration, including outreach, enrollment, re-enrollment and services delivery, of medical assistance services provided to medically indigent children pursuant to this chapter, which shall be called Family Access to Medical Insurance Security (FAMIS) Plus and the FAMIS Plan program in § 32.1-351. A single application form shall be used to determine eligibility for both programs;

24. A provision, when authorized by and in compliance with federal law, to establish a public-private long-term care partnership program between the Commonwealth of Virginia and private insurance companies that shall be established through the filing of an amendment to the state plan for medical assistance services by the Department of Medical Assistance Services. The purpose of the program shall be to reduce Medicaid costs for long-term care by delaying or eliminating dependence on Medicaid for such services through encouraging the purchase of private long-term care insurance policies that have been designated as qualified state long-term care insurance partnerships and may be used as the first source of benefits for the participant's long-term care. Components of the program, including the treatment of assets for Medicaid eligibility and estate recovery, shall be structured in accordance with federal law and applicable federal guidelines;

25. A provision for the payment of medical assistance for otherwise eligible pregnant women during the first five years of lawful residence in the United States, pursuant to § 214 of the Children's Health Insurance Program Reauthorization Act of 2009 (P.L. 111-3); and

26. A provision for the payment of medical assistance for medically necessary health care services provided through telemedicine services.

B. In preparing the plan, the Board shall:

1. Work cooperatively with the State Board of Health to ensure that quality patient care is provided and that the health, safety, security, rights and welfare of patients are ensured.

2. Initiate such cost containment or other measures as are set forth in the appropriation act.

3. Make, adopt, promulgate and enforce such regulations as may be necessary to carry out the provisions of this chapter.

4. Examine, before acting on a regulation to be published in the Virginia Register of Regulations pursuant to § 2.2-4007.05, the potential fiscal impact of such regulation on local boards of social services. For regulations with potential

fiscal impact, the Board shall share copies of the fiscal impact analysis with local boards of social services prior to submission to the Registrar. The fiscal impact analysis shall include the projected costs/savings to the local boards of social services to implement or comply with such regulation and, where applicable, sources of potential funds to implement or comply with such regulation.

5. Incorporate sanctions and remedies for certified nursing facilities established by state law, in accordance with 42 C.F.R. § 488.400 et seq. "Enforcement of Compliance for Long-Term Care Facilities With Deficiencies."

C. In order to enable the Commonwealth to continue to receive federal grants or reimbursement for medical assistance or related services, the Board, subject to the approval of the Governor, may adopt, regardless of any other provision of this chapter, such amendments to the state plan for medical assistance services as may be necessary to conform such plan with amendments to the United States Social Security Act or other relevant federal law and their implementing regulations or constructions of these laws and regulations by courts of competent jurisdiction or the United States Secretary of Health and Human Services.

In the event conforming amendments to the state plan for medical assistance services are adopted, the Board shall not be required to comply with the requirements of Article 2 (§ 2.2-4006 et seq.) of Chapter 40 of Title 2.2. However, the Board shall, pursuant to the requirements of § 2.2-4002, (i) notify the Registrar of Regulations that such amendment is necessary to meet the requirements of federal law or regulations or because of the order of any state or federal court, or (ii) certify to the Governor that the regulations are necessitated by an emergency situation. Any such amendments that are in conflict with the Code of Virginia shall only remain in effect until July 1 following adjournment of the next regular session of the General Assembly unless enacted into law.

D. The Director of Medical Assistance Services is authorized to:

1. Administer such state plan and receive and expend federal funds therefor in accordance with applicable federal and state laws and regulations; and enter into all contracts necessary or incidental to the performance of the Department's duties and the execution of its powers as provided by law.

2. Enter into agreements and contracts with medical care facilities, physicians, dentists and other health care providers where necessary to carry out the provisions of such state plan. Any such agreement or contract shall terminate upon conviction of the provider of a felony. In the event such conviction is reversed upon appeal, the provider may apply to the Director of Medical Assistance Services for a new agreement or contract. Such provider may also apply to the Director for reconsideration of the agreement or contract termination if the conviction is not appealed, or if it is not reversed upon appeal.

3. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with any provider who has been convicted of or otherwise pled guilty to a felony, or pursuant to Subparts A, B, and C of 42 C.F.R. Part 1002, and upon notice of such action to the provider as required by 42 C.F.R. § 1002.212.

Part 1002.

5. Terminate or suspend a provider agreement with a home care organization pursuant to subsection E of § 32.1-162.13.

6. [Expired.]

For the purposes of this subsection, "provider" may refer to an individual or an entity.

E. In any case in which a Medicaid agreement or contract is terminated or denied to a provider pursuant to subsection D, the provider shall be entitled to appeal the decision pursuant to 42 C.F.R. § 1002.213 and to a post-determination or post-denial hearing in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). All such requests shall be in writing and be received within 15 days of the date of receipt of the notice.

The Director may consider aggravating and mitigating factors including the nature and extent of any adverse impact the agreement or contract denial or termination may have on the medical care provided to Virginia Medicaid recipients. In cases in which an agreement or contract is terminated pursuant to subsection D, the Director may determine the period of exclusion and may consider aggravating and mitigating factors to lengthen or shorten the period of exclusion, and may reinstate the provider pursuant to 42 C.F.R. § 1002.215.

F. When the services provided for by such plan are services which a marriage and family therapist, clinical psychologist, clinical social worker, professional counselor, or clinical nurse specialist is licensed to render in Virginia, the Director shall contract with any duly licensed marriage and family therapist, duly licensed clinical psychologist, licensed clinical social worker, licensed professional counselor or licensed clinical nurse specialist who makes application to be a provider of such services, and thereafter shall pay for covered services as provided in the state plan. The Board shall promulgate regulations which reimburse licensed marriage and family therapists, licensed clinical psychologists, licensed clinical social workers, licensed professional counselors and licensed clinical nurse specialists at rates based upon reasonable criteria, including the professional credentials required for licensure.

G. The Board shall prepare and submit to the Secretary of the United States Department of Health and Human Services such amendments to the state plan for medical assistance services as may be permitted by federal law to establish a program of family assistance whereby children over the age of 18 years shall make reasonable contributions, as determined by regulations of the Board, toward the cost of providing medical assistance under the plan to their parents.

H. The Department of Medical Assistance Services shall:

1. Include in its provider networks and all of its health maintenance organization contracts a provision for the payment of medical assistance on behalf of individuals up to the age of 21 who have special needs and who are Medicaid eligible, including individuals who have been victims of child abuse and neglect, for medically necessary assessment and treatment services, when such services are delivered by a provider which specializes solely in the diagnosis and treatment of child abuse and neglect, or a provider with comparable expertise, as determined by the Director.

2. Amend the Medallion II waiver and its implementing regulations to develop and implement an exception, with procedural requirements, to mandatory enrollment for certain children between birth and age three certified by the Department of Behavioral Health and Developmental Services as eligible for services pursuant to Part C of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.).

"Pharmacy benefits manager" means a person that performs pharmacy benefits management.

"Spread pricing" means the model of prescription drug pricing in which the pharmacy benefits manager charges a managed care plan a contracted price for prescription drugs, and the contracted price for the prescription drugs differs from the amount the pharmacy benefits manager directly or indirectly pays the pharmacist or pharmacy for pharmacist services.

I. The Director is authorized to negotiate and enter into agreements for services rendered to eligible recipients with special needs. The Board shall promulgate regulations regarding these special needs patients, to include persons with AIDS, ventilator-dependent patients, and other recipients with special needs as defined by the Board.

J. Except as provided in subdivision A 1 of § 2.2-4345, the provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq.) shall not apply to the activities of the Director authorized by subsection I of this section. Agreements made pursuant to this subsection shall comply with federal law and regulation.

2. That the provisions of this act shall apply to agreements entered into, amended, extended, or renewed on or after July 1, 2020.

A. The Board, subject to the approval of the Governor, is authorized to prepare, amend from time to time, and submit to the U.S. Secretary of Health and Human Services a state plan for medical assistance services pursuant to Title XIX of the United States Social Security Act and any amendments thereto. The Board shall include in such plan:

1. A provision for payment of medical assistance on behalf of individuals, up to the age of 21, placed in foster homes or private institutions by private, nonprofit agencies licensed as child-placing agencies by the Department of Social Services or placed through state and local subsidized adoptions to the extent permitted under federal statute;

2. A provision for determining eligibility for benefits for medically needy individuals which disregards from countable resources an amount not in excess of \$3,500 for the individual and an amount not in excess of \$3,500 for his spouse when such resources have been set aside to meet the burial expenses of the individual or his spouse. The amount disregarded shall be reduced by (i) the face value of life insurance on the life of an individual owned by the individual or his spouse if the cash surrender value of such policies has been excluded from countable resources and (ii) the amount of any other revocable or

irrevocable trust, contract, or other arrangement specifically designated for the purpose of meeting the individual's or his spouse's burial expenses;

3. A requirement that, in determining eligibility, a home shall be disregarded. For those medically needy persons whose eligibility for medical assistance is required by federal law to be dependent on the budget methodology for Aid to Families with Dependent Children, a home means the house and lot used as the principal residence and all contiguous property. For all other persons, a home shall mean the house and lot used as the principal residence, as well as all contiguous property, as long as the value of the land, exclusive of the lot occupied by the house, does not exceed \$5,000. In any case in which the definition of home as provided here is more restrictive than that provided in the state plan for medical assistance services in Virginia as it was in effect on January 1, 1972, then a home means the house and lot used as the principal residence and all contiguous property essential to the operation of the home regardless of value;

4. A provision for payment of medical assistance on behalf of individuals up to the age of 21, who are Medicaid eligible, for medically necessary stays in acute care facilities in excess of 21 days per admission;

5. A provision for deducting from an institutionalized recipient's income an amount for the maintenance of the individual's spouse at home;

6. A provision for payment of medical assistance on behalf of pregnant women which provides for payment for inpatient postpartum treatment in accordance with the medical criteria outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists. Payment shall be made for any postpartum home visit or visits for the mothers and the children which are within the time periods recommended by the attending physicians in accordance with and as indicated by such Guidelines or Standards. For the purposes of this subdivision, such Guidelines or Standards shall include any changes thereto within six months of the publication of such Guidelines or Standards or any official amendment thereto;

7. A provision for the payment for family planning services on behalf of women who were Medicaid-eligible for prenatal care and delivery as provided in this section at the time of delivery. Such family planning services shall begin with delivery and continue for a period of 24 months, if the woman continues to meet the financial eligibility requirements for a pregnant woman under Medicaid. For the purposes of this section, family planning services shall not cover payment for abortion services and no funds shall be used to perform, assist, encourage or make direct referrals for abortions;

8. I. The Director is authorized to negotiate and enter into agreements for services rendered to eligible recipients with special needs. The Board shall promulgate regulations regarding these special needs patients, to include persons with AIDS, ventilator-dependent patients, and other recipients with special needs as defined by the Board.

Unless the public body has provided for prequalification of bidders, the Invitation to Bid shall include a statement of any requisite qualifications of potential contractors. *Any locality may include in the Invitation to Bid criteria that may be used in determining whether a bidder who is not prequalified by the Virginia Department of Transportation is a responsible bidder pursuant to § 2.2-4301. Such criteria may include a history or good faith assurances of (i) completion by the bidder and any potential subcontractors of specified safety training programs established by the U.S. Department of Labor, Occupational Safety and Health Administration; (ii) participation by the bidder and any potential subcontractors in apprenticeship training programs approved by state agencies or the U.S. Department of Labor; or (iii) maintenance by the bidder and any potential subcontractors of records of compliance with applicable local, state, and federal laws.* No Invitation to Bid for construction services shall condition a successful bidder's eligibility on having a specified experience modification factor. 2. Public notice of the Invitation to Bid at least 10 days prior to the date set for receipt of bids by posting on the Department of General Services' central electronic procurement website or other appropriate websites. it may proceed with an award in accordance with element 5 of the process for competitive sealed bidding set forth in § 2.2-4302.1. If the public body determines that the apparent low bidder is not responsible, it shall proceed as follows:

1. Prior to the issuance of a written determination of nonresponsibility, the public body shall (i) notify the apparent low bidder in writing of the results of the evaluation, (ii) disclose the factual support for the determination, and (iii) allow the apparent low bidder an opportunity to inspect any documents that relate to the determination, if so requested by the bidder within five business days after receipt of the notice.

2. Within ~~ten~~ 10 business days after receipt of the notice, the bidder may submit rebuttal information challenging the evaluation. The public body shall issue its written determination of responsibility based on all information in the possession of the public body, including any rebuttal information, within five business days of the date the public body received the rebuttal information. At the same time, the public body shall notify, with return receipt requested, the bidder in writing of its determination.

3. Such notice shall state the basis for the determination, which shall be final unless the bidder appeals the decision within ~~ten~~ 10 days after receipt of the notice by invoking administrative procedures meeting the standards of § 2.2-4365, if available, or in the alternative by instituting legal action as provided in § 2.2-4364.

The provisions of this subsection shall not apply to procurements involving the prequalification of bidders and the rights of any potential bidders under such prequalification to appeal a decision that such bidders are not responsible.

B. If, upon appeal pursuant to § 2.2-4364 or 2.2-4365, it is determined that the decision of the public body was not (i) an honest exercise of discretion, but rather was arbitrary or capricious or (ii) in accordance with the Constitution of Virginia, applicable state law or regulation, or the terms or conditions of the Invitation to Bid, and the award of the contract in question has not been made, the sole relief shall be a finding that the bidder is a responsible bidder for the contract in question or directed award as provided in subsection A of § 2.2-4364 or both.

If it is determined that the decision of the public body was not an honest exercise of discretion, but rather was arbitrary or capricious or not in accordance with the Constitution of Virginia, applicable state law or regulation, or the terms or conditions of the Invitation to Bid, and an award of the contract has been made, the relief shall be as set forth in subsection B of § 2.2-4360.

C. A bidder contesting a determination that he is not a responsible bidder for a particular contract shall proceed under this section, and may not protest the award or proposed award under the provisions of § 2.2-4360.

D. Nothing contained in this section shall be construed to require a public body, when procuring by competitive negotiation, to furnish a statement of the reasons why a particular proposal was not deemed to be the most advantageous.

E. Any determination that a low bidder is not responsible that uses such factors listed in the Invitation to Bid as a basis for its decision shall be presumptively considered an honest exercise of discretion.

1. Upon the Ombudsman's own initiative or upon receipt of a complaint, investigate an administrative act that is alleged to be contrary to law or rule; contrary to any policy of the Department, a local department, or a child-placing agency; imposed without an adequate statement of reason; or based on irrelevant, immaterial, or erroneous grounds. The Ombudsman has sole discretion to determine if a complaint involves an administrative act.

2. Decide, in the Ombudsman's discretion, whether to investigate an administrative act.

3. Upon the Ombudsman's own initiative or upon receipt of a complaint and subject to an appropriation of funds, investigate an alleged violation of the rights of a foster parent.

4. Except as otherwise provided in this subdivision, access records and reports necessary to carry out the Ombudsman's powers and duties under this chapter to the same extent and in the same manner as provided to the Department. The Ombudsman shall be provided access to medical and mental health disorder records in the same manner as access is provided to the Department. The Ombudsman may request substance use disorder records if the Ombudsman obtains a valid consent or a court order under 42 C.F.R. Part 2. In the course of a child fatality investigation, the Ombudsman may access records from the court of jurisdiction, Attorney General, prosecuting attorney, or any attorney retained by the Department or local department and reports from a county child fatality review team to the same extent and in the same manner as provided to the Department or local department under state law.

5. Request a subpoena from a court requiring the production of a record or report necessary to carry out the Ombudsman's duties and powers, including a child fatality investigation. If the person to whom a subpoena is issued fails or refuses to produce the record or report, the Ombudsman may petition the court for enforcement of the subpoena.

6. Hold informal hearings and request that individuals appear before the Ombudsman and give testimony or produce documentary or other evidence that the Ombudsman considers relevant to a matter under investigation.

7. Make recommendations to the Governor and the General Assembly concerning the need for child protective services, adoption, or foster care legislation, policy, or practice without prior review by other offices, departments, or agencies in the executive branch in order to facilitate rapid implementation of recommendations or for suggested improvements to the recommendations. B. The Ombudsman may investigate all child fatality cases that occurred or are alleged to have occurred due to child abuse or child neglect in the following situations:

1. A child died during an active child protective services investigation or open services case, or there was a valid or invalid child protective services complaint within 12 months immediately preceding the child's death.

3. A child was returned home from foster care and there is an active foster care case.

4. A foster care case involving the deceased child or sibling was closed within 24 months immediately preceding the child's death.

C. Subject to state appropriations, an investigation under subsection B shall be completed within 12 months after the Ombudsman opens a child fatality case for investigation.

D. The Ombudsman is subject to the same standards for safeguarding the confidentiality of information under this section and the same sanctions for unauthorized release of information as the Department.

§ 2.2-444. Decision to investigate; notice; pursuing administrative remedies or channels of complaint; further investigation; violation of state or federal criminal law; complaint against child-placing agency; petition requesting court jurisdiction or termination of parental rights.

A. Upon deciding to investigate a complaint from a complainant or an individual not meeting the definition of complainant, the Ombudsman shall notify the complainant or the individual not meeting the definition of complainant of the decision to investigate and shall notify the Department or local department, adoption attorney, or child-placing agency of the intention to investigate. If the Ombudsman declines to investigate a complaint or continue an investigation, the Ombudsman shall notify the complainant or the individual not meeting the definition of complainant and the Department or local department or child-placing agency of the decision and of the reasons for the Ombudsman's action.

B. The Ombudsman shall advise a complainant of administrative remedies and may advise the individual to pursue all administrative remedies or channels of complaint open to the complainant before pursuing a complaint with the Ombudsman. Subsequent to the administrative processing of a complaint, the Ombudsman may conduct further investigations of a complaint upon the request of the complainant or upon the Ombudsman's own initiative.

C. If the Ombudsman finds in the course of an investigation that an individual's action is in violation of state or federal criminal law, the Ombudsman shall immediately report that fact to the local attorney for the Commonwealth or the Attorney General. If the complaint is against a child-placing agency, the Ombudsman shall refer the matter to the Department or local department for further action with respect to licensing or approval.

§ 2.2-445. Department and child-placing agency; duties; information to be provided to biological parent, adoptive parent, or foster parent; access to departmental computer networks.

A. The Department or local department and a child-placing agency shall do all of the following:

2. Assist the Ombudsman to obtain the necessary releases of those documents that are specifically restricted.

3. Upon the Ombudsman's request, provide the Ombudsman with progress reports concerning the administrative processing of a complaint.

4. Upon the Ombudsman's request, provide the Ombudsman the information requested under subdivision 1 or notification within 10 business days after the request that the Department or local department has determined that release of the information would violate federal or state law.

B. The Department or local department, an attorney involved with an adoption, and a child-placing agency shall provide information to a biological parent, prospective adoptive parent, or foster parent regarding the provisions of this chapter.

C. The Ombudsman shall have access, in the Ombudsman's own office, to departmental computer networks pertaining to protective services, foster care, adoption, juvenile delinquency, and the central registry, unless otherwise prohibited by state or federal law or if the release of the information to the Ombudsman would jeopardize federal funding. The cost of implementing this subsection shall be negotiated among the Office and the custodians of such networks.

§ 2.2-446. Confidentiality of record of Children's Ombudsman; disclosure; limitations; release of certain information.

A. Subject to subsections B through F, a record of the Office is confidential, shall only be used for purposes set forth in this chapter, is not subject to court subpoena, and is not discoverable in a legal proceeding. If the Ombudsman identifies action or inaction by the state through its agencies or services that failed to protect children, the Ombudsman shall provide

any findings and recommendations to the agency affected by those findings, and make those findings and recommendations available to the complainant and the General Assembly upon request, to the extent consistent with state or federal law. The Ombudsman shall not disclose any information that impairs the rights of the child or the child's parents or guardians.

B. Unless otherwise part of the public record, the Office shall not release any of the following confidential information to the general public:

1. Records relating to a mental health evaluation or treatment of a parent or child;
2. Records relating to the evaluation or treatment of a substance abuse-related disorder of a parent or child;

4. Records relating to domestic violence-related services and sexual assault services provided to a parent or child; or

The Ombudsman shall not release the address, telephone number, or other information regarding the whereabouts of a victim or suspected victim of domestic violence unless ordered to by a court.

D. Except as provided in subsection C, the Ombudsman shall not disclose information relating to an ongoing law-enforcement investigation or an ongoing child protective services investigation. The Ombudsman may release the results of its investigation to a complainant, or an individual not meeting the definition of complainant, if the Ombudsman receives notification that releasing the results of its investigation is not related to and will not interfere with an ongoing law-enforcement investigation or ongoing child protective services investigation.

E. The Ombudsman shall not disclose the identity of an individual making a child abuse or child neglect complaint unless that individual's written permission is obtained first or a court has ordered the Ombudsman to release such information.

F. The Ombudsman may release an individual's identity who makes an intentionally false report of child abuse or child neglect, subject to other laws relating to such disclosure.

§ 2.2-447. Report of findings; recommendations; consultation with individual, Department, local department, or child-placing agency; publication of adverse opinion; notice of actions; information provided to complainant; child fatality investigation; report.

2. An administrative act or omission should be modified, canceled, or corrected.
3. Reasons should be given for an administrative act or omission.
4. Other action should be taken by the Department, local department, or child-placing agency.

B. When publishing an opinion adverse to the Department, local department, or child-placing agency, the Ombudsman shall include in the publication any statement of reasonable length made to the Ombudsman by the Department, local department, or child-placing agency in defense or mitigation of the action. The Ombudsman may request to be notified by the Department, local department, or child-placing agency, within a specified time, of any action taken on any recommendation presented.

C. The Ombudsman shall notify the complainant of the actions taken by the Ombudsman and by the Department, local department, or child-placing agency.

D. The Ombudsman may provide to the complainant the following information:

1. A copy of the Ombudsman's report regarding the investigation's findings, recommendations to the Department or local department made according to the investigation, the Department or local department's response to the Ombudsman's findings and recommendations, and any epilogue to the Ombudsman's report and the Department or local department's response; or
2. Information that has otherwise been made public.

E. The Ombudsman shall not release information to the individual making the complaint if doing so could endanger the health or welfare of a child or another individual.

F. With respect to a child fatality case investigated under subsection B of § 2.2-443 and upon review of records or other information received under subdivision A 3 or 4 of § 2.2-443 in the course of a child fatality investigation, if there is no ongoing child protection proceeding involving a sibling of the child who died, the Ombudsman shall provide any necessary recommendations for improving systemic issues that are discovered during the investigation of the child fatality. § 2.2-448. Penalty for filing complaint or cooperating in investigation prohibited.

B. An individual, the Department, a local department, an adoption attorney, a child-serving agency, or a child-placing agency shall not hinder the lawful actions of the Ombudsman or employees of the Ombudsman.

C. A report by the Ombudsman is not subject to prior approval by a person outside of the Office.

§ 2.2-449. Children's Advocacy Fund.

There is hereby created in the state treasury a special nonreverting fund to be known as the Children's Advocacy Fund, referred to in this section as "the Fund." The Fund shall be established on the books of the Comptroller. All funds appropriated for such purpose, and any gifts, donations, grants, bequests, and other funds received on its behalf shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purposes of supporting the Office of the Children's Ombudsman pursuant to § 2.2-439 and for carrying out the purposes of this chapter. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Children's Ombudsman.

2. That the provisions of this act shall not become effective unless an appropriation effectuating the purposes of this act is included in a general appropriation act passed in 2020 by the General Assembly that becomes law.

CHAPTER 1096

An Act to amend the Code of Virginia by adding a section numbered 18.2-254.3, relating to the Behavioral Health Docket Act.

[S 818]

Approved April 10, 2020

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 18.2-254.3 as follows:

§ 18.2-254.3. Behavioral Health Docket Act.

A. This section shall be known and may be cited as the "Behavioral Health Docket Act."

B. The General Assembly recognizes the critical need to promote public safety and reduce recidivism by addressing co-occurring behavioral health issues, such as mental illness and substance abuse, related to persons in the criminal justice system. It is the intention of the General Assembly to enhance public safety by facilitating the creation of behavioral health dockets to accomplish this purpose.

C. The goals of behavioral health dockets shall include (i) reducing recidivism; (ii) increasing personal, familial, and societal accountability among offenders through ongoing judicial intervention; (iii) addressing mental illness and substance abuse that contribute to criminal behavior and recidivism; and (iv) promoting effective planning and use of resources within the criminal justice system and community agencies. Behavioral health dockets promote outcomes that will benefit not only the offender but society as well.

D. Behavioral health dockets are specialized criminal court dockets within the existing structure of Virginia's court system that enable the judiciary to manage its workload more efficiently. Under the leadership and regular interaction of presiding judges, and through voluntary offender participation, behavioral health dockets shall address offenders with mental health conditions and drug addictions that contribute to criminal behavior. Behavioral health dockets shall employ evidence-based practices to diagnose behavioral health illness and provide treatment, enhance public safety, reduce recidivism, ensure offender accountability, and promote offender rehabilitation in the community. Local officials shall complete a planning process recognized by the state behavioral health docket advisory committee before establishing a behavioral health docket program.

E. Administrative oversight of implementation of the Behavioral Health Docket Act shall be conducted by the Supreme Court of Virginia. The Supreme Court of Virginia shall be responsible for (i) providing oversight of the distribution of funds for behavioral health dockets; (ii) providing technical assistance to behavioral health dockets; (iii) providing training to judges who preside over behavioral health dockets; (iv) providing training to the providers of administrative, case management, and treatment services to behavioral health dockets; and (v) monitoring the completion of evaluations of the effectiveness and efficiency of behavioral health dockets in the Commonwealth.

F. A state behavioral health docket advisory committee shall be established in the judicial branch. The committee shall be chaired by the Chief Justice of the Supreme Court of Virginia, who shall appoint a vice-chair to act in his absence. The membership of the committee shall include a behavioral health circuit court judge, a behavioral health general district court judge, a behavioral health juvenile and domestic relations district court judge, the Executive Secretary of the Supreme Court or his designee, the Governor or his designee, and a representative from each of the following entities: the Commonwealth's Attorneys' Services Council, the Virginia Court Clerks' Association, the Virginia Indigent Defense

Commission, the Department of Behavioral Health and Developmental Services, the Virginia Organization of Consumers Asserting Leadership, a community services board or behavioral health authority, and a local community-based probation and pretrial services agency.

G. Each jurisdiction or combination of jurisdictions that intend to establish a behavioral health docket or continue the operation of an existing behavioral health docket shall establish a local behavioral health docket advisory committee. Jurisdictions that establish separate adult and juvenile behavioral health dockets may establish an advisory committee for each such docket. Each local behavioral health docket advisory committee shall ensure quality, efficiency, and fairness in the planning, implementation, and operation of the behavioral health dockets that serve the jurisdiction or combination of jurisdictions. Advisory committee membership may include, but shall not be limited to, the following persons or their designees: (i) the behavioral health docket judge; (ii) the attorney for the Commonwealth or, where applicable, the city or county attorney who has responsibility for the prosecution of misdemeanor offenses; (iii) the public defender or a member of the local criminal defense bar in jurisdictions in which there is no public defender; (iv) the clerk of the court in which the behavioral health docket is located; (v) a representative of the Virginia Department of Corrections or the Department of Juvenile Justice, or both, from the local office that serves the jurisdiction or combination of jurisdictions; (vi) a representative of a local community-based probation and pretrial services agency; (vii) a local law-enforcement officer; (viii) a representative of the Department of Behavioral Health and Developmental Services or a representative of local treatment providers, or both; (ix) a representative of the local community services board or behavioral health authority; (x) the behavioral health docket administrator; (xi) a public health official; (xii) the county administrator or city manager; (xiii) a certified peer recovery specialist; and (xiv) any other persons selected by the local behavioral health docket advisory committee.

H. Each local behavioral health docket advisory committee shall establish criteria for the eligibility and participation of offenders who have been determined to have problems with drug addiction, mental illness, or related issues. The committee shall ensure the use of a comprehensive, valid, and reliable screening instrument to assess whether the individual is a candidate for a behavioral health docket. Once an individual is identified as a candidate appropriate for a behavioral health court docket, a full diagnosis and treatment plan shall be prepared by qualified professionals.

Subject to the provisions of this section, neither the establishment of a behavioral health docket nor anything in this section shall be construed as limiting the discretion of the attorney for the Commonwealth to prosecute any criminal case arising therein that he deems advisable to prosecute, except to the extent that the participating attorney for the Commonwealth agrees to do so.

I. Each local behavioral health docket advisory committee shall establish policies and procedures for the operation of the docket to attain the following goals: (i) effective integration of appropriate treatment services with criminal justice system case processing; (ii) enhanced public safety through intensive offender supervision and treatment; (iii) prompt identification and placement of eligible participants; (iv) efficient access to a continuum of related treatment and rehabilitation services; (v) verified participant abstinence through frequent alcohol and other drug testing and mental health status assessments, where applicable; (vi) prompt response to participants' noncompliance with program requirements through a coordinated strategy; (vii) ongoing judicial interaction with each behavioral health docket participant; (viii) ongoing monitoring and evaluation of program effectiveness and efficiency; (ix) ongoing interdisciplinary education and training in support of program effectiveness and efficiency; and (x) ongoing collaboration among behavioral health dockets, public agencies, and community-based organizations to enhance program effectiveness and efficiency.

J. If there is cause for concern that a defendant was experiencing a crisis related to a mental health or substance abuse disorder then his case will be referred, if such referral is appropriate, to a behavioral health docket to determine eligibility for participation. Participation by an offender in a behavioral health docket shall be voluntary and made pursuant only to a written agreement entered into by and between the offender and the Commonwealth with the concurrence of the court.

K. An offender may be required to contribute to the cost of the treatment he receives while participating in a behavioral health docket pursuant to guidelines developed by the local behavioral health docket advisory committee.

L. Nothing contained in this section shall confer a right or an expectation of a right to treatment for an offender or be construed as requiring a local behavioral health docket advisory committee to accept for participation every offender.

M. The Office of the Executive Secretary shall, with the assistance of the state behavioral health docket advisory committee, develop a statewide evaluation model and conduct ongoing evaluations of the effectiveness and efficiency of all behavioral health dockets. The Executive Secretary shall submit an annual report of these evaluations to the General Assembly by December 1 of each year. B. Punitive damages may be recovered for reckless, willful, or wanton conduct resulting in the defacement of, malicious destruction of, unlawful removal of, or placement of improper markings, monuments, or statues on memorials for war veterans.

C. The party who initiates and prevails in an action authorized by this section shall be entitled to an award of the cost of the litigation, including reasonable ~~attorney's~~ attorney fees. The amount of loss caused by the destruction, defacing, damage, or removal of such property, memorial, or monument may be established by proof of the fair market cost of repair or fair market replacement value. Upon conviction, the court may order that the defendant pay restitution.

2. That Chapter 119 of the Acts of Assembly of 1890 is repealed.

3. That nothing in this act shall apply to a monument or memorial located on the property of a public institution of higher education within the City of Lexington.

An Act to amend and reenact §§ 62.1-44.36, 62.1-44.38, and 62.1-44.38:1 of the Code of Virginia, relating to water supply plans; state and local.

[H 542]

Approved April 10, 2020

Be it enacted by the General Assembly of Virginia:**1. That §§ 62.1-44.36, 62.1-44.38, and 62.1-44.38:1 of the Code of Virginia are amended and reenacted as follows:****§ 62.1-44.36. Responsibility of State Water Control Board; formulation of policy.**

Being cognizant of the crucial importance of the Commonwealth's water resources to the health and welfare of the people of Virginia; and of the need of a water supply to assure further industrial growth and economic prosperity for the Commonwealth, and recognizing the necessity for continuous cooperative planning and effective state-level guidance in the use of water resources, the State Water Control Board is assigned the responsibility for planning the development, conservation and utilization of Virginia's water resources.

The Board shall continue the study of existing water resources of ~~this~~ *the* Commonwealth, means and methods of conserving and augmenting such water resources, and existing and contemplated uses and needs of water for all purposes. Based upon these studies and ~~such~~ policies ~~as~~ *that* have been initiated by the Division of Water Resources, and after an opportunity has been given to all concerned state agencies and political subdivisions to be heard, the Board shall formulate a coordinated policy for the use and control of all the water resources of the Commonwealth and issue a statement thereof. In formulating the Commonwealth's water resources policy, the Board shall, among other things, take into consideration ~~but not be limited to~~ the following principles and policies:

(+) 1. Existing water rights are to be protected and preserved subject to the principle that all of the state waters belong to the public for use by the people for beneficial purposes without waste.

(-) 2. Adequate and safe supplies ~~should~~ *shall* be preserved and protected for human consumption, while conserving maximum supplies for other beneficial uses. When proposed uses of water are in mutually exclusive conflict or when available supplies of water are insufficient for all who desire to use them, preference shall be given to human consumption purposes over all other uses.

(+) 3. It is in the public interest that integration and coordination of uses of water, *especially by localities with shared water supplies*, and augmentation of existing supplies for all beneficial purposes be achieved for the maximum economic development thereof for the benefit of the Commonwealth as a whole.

(+) 4. In considering the benefits to be derived from drainage, consideration shall also be given to possible harmful effects upon ground water supplies and protection of wildlife.

(-) 5. The maintenance of stream flows sufficient to support aquatic life and to minimize pollution shall be fostered and encouraged.

(-) 6. Watershed development policies shall be favored, whenever possible, for the preservation of balanced multiple uses, and project construction and planning with those ends in view shall be encouraged.

(+) 7. Due regard shall be given in the planning and development of water recreation facilities to safeguard against pollution.

The statement of water resource policy shall be revised from time to time whenever the Board ~~shall determine~~ *determines* it to be in the public interest.

The initial statement of state water resource policy and any subsequent revisions thereof shall be furnished by the Board to all state agencies and to all political subdivisions of the Commonwealth.

§ 62.1-44.38. Plans and programs; registration of certain data by water users; advisory committees; committee membership for federal, state, and local agencies; water supply planning assistance.

A. The Board shall prepare plans and programs for the management of the water resources of ~~this~~ *the* Commonwealth in such a manner as to encourage, promote, and secure the maximum beneficial use and control thereof. These plans and programs shall be prepared for each major river basin of ~~this~~ *the* Commonwealth, and appropriate subbasins therein, including specifically the Potomac-Shenandoah River Basin, the Rappahannock River Basin, the York River Basin, the James River Basin, the Chowan River Basin, the Roanoke River Basin, the New River Basin, *and* the Tennessee-Big Sandy River Basin, and for those areas in the Tidewater and elsewhere in the Commonwealth not within these major river basins. Reports for each basin shall be published by the Board.

B. 1. In preparing river basin plan and program reports enumerated in subsection A ~~of this section~~, the Board shall (i) estimate current water withdrawals and use for agriculture, industry, domestic use, and other significant categories of water users; (ii) project water withdrawals and use by agriculture, industry, domestic ~~water~~ use, and other significant categories of water users; (iii) estimate, for each major river and stream, the minimum instream flows necessary during drought conditions to maintain water quality and avoid permanent damage to aquatic life in streams, bays, and estuaries; (iv) evaluate, to the extent practicable, the ability of existing subsurface and surface waters to meet current and future water uses, including minimum instream flows, during drought conditions; (v) evaluate, in cooperation with the Virginia Department of Health and local water supply managers, the current and future capability of public water systems to provide adequate quantity and quality of water; (vi) ~~identify water management problems and alternative water management plans~~

to address such problems estimate, using a data-driven method that includes multiple reasonable assumptions about supply and demand over varying time frames, the risk that each locality and region will experience water supply shortfalls; and (vii) evaluate hydrologic, environmental, economic, social, legal, jurisdictional, and other aspects of each alternative management strategy identified.

2. The Board shall direct the Department of Environmental Quality (the Department) in its facilitation of regional water planning efforts. The Department shall (i) ensure that localities coordinate sufficiently in the development of regional water plans; (ii) provide planning, policy, and technical assistance to each regional planning area, differentiated according to each area's water supply challenges, existing resources, and other factors; and (iii) ensure that each regional plan clearly identifies the region's water supply risks and proposes strategies to address those risks.

C. The Board may, by regulation, require each water user withdrawing surface or subsurface water or both during each year to register, by a date to be established by the Board, water withdrawal and use data for the previous year including the estimated average daily withdrawal, maximum daily withdrawal, sources of water withdrawn, and volume of wastewater discharge, provided that the withdrawal exceeds one million gallons in any single month for use for crop irrigation, or that the daily average during any single month exceeds 10,000 gallons per day for ~~all~~ any other users user. Location data shall be provided by each user in a coordinate system specified by the Board.

D. The Board shall establish advisory committees to assist it in the formulation of such plans or programs and in formulating recommendations called for in subsection E ~~of this section~~. In this connection, the Board may include committee membership for branches or agencies of the federal government, branches or agencies of the Commonwealth, branches or agencies of the government of any state in a river basin located within that state and Virginia, the political subdivisions of the Commonwealth, and all persons and corporations interested in or directly affected by any proposed or existing plan or program.

E. The Board shall prepare plans or programs and shall include in reports prepared under subsection A ~~of this section~~ recommended actions to be considered by the General Assembly, the agencies of the Commonwealth and local political subdivisions, the agencies of the federal government, or any other persons that the Board may deem necessary or desirable for the accomplishment of plans or programs prepared under subsection B ~~of this section~~.

F. In addition to the preparation of plans called for in subsection A ~~of this section~~, the Board, upon written request of a political subdivision of the Commonwealth, shall provide water supply planning assistance to such political subdivision, ~~to include~~ including assistance in preparing drought management strategies, water conservation programs, evaluation of alternative water sources, state enabling legislation to facilitate a specific situation, applications for federal grants or permits, or other such planning activities to facilitate intergovernmental cooperation and coordination.

§ 62.1-44.38:1. Comprehensive water supply planning process; state, regional, and local water supply plans.

A. The Board, with ~~the~~ advice and guidance from the Commissioner of Health, local governments, public service authorities, and other interested parties, shall establish a comprehensive water supply planning process for the development of local, regional, and state water supply plans consistent with the provisions of this chapter. This process shall be designed to (i) ensure that adequate and safe drinking water is available to all citizens of the Commonwealth; (ii) encourage, promote, and protect all other beneficial uses of the Commonwealth's water resources; ~~and~~; (iii) encourage, promote, and develop incentives for alternative water sources, including ~~but not limited to~~ desalinization; and (iv) encourage the development of cross-jurisdictional water supply projects.

B. ~~Local or regional water supply plans shall be prepared and submitted to the Department of Environmental Quality in accordance with~~ The Board shall adopt regulations designating regional planning areas based primarily on river basins. The Board may, as appropriate, designate multiple regional planning areas within a single river basin in order to enhance the manageability of planning within such basin. The regulations shall identify the particular regional planning area in which each locality shall participate and shall state which local stakeholder groups, including local governments, industrial and agricultural water users, public water suppliers, developers and economic development organizations, and conservation and environmental organizations, shall or may participate in coordinated water resource planning.

C. 1. Each locality in a regional planning area shall participate in cross-jurisdictional, coordinated water resource planning. Such local coordination shall accommodate existing regional groups that have already developed water supply plans, including planning district commissions, and other regional planning entities as appropriate.

2. Each locality in a regional planning area shall develop and submit, with the other localities in that planning area, a single jointly produced regional water supply plan to the Department of Environmental Quality (the Department). Such regional water supply plan shall (i) clearly identify the region's water supply risks and (ii) propose regional strategies to address those water supply risks.

3. Each regional water supply plan also shall comply with applicable criteria and guidelines developed by the Board. Such criteria and guidelines shall take into account existing local and regional water supply planning efforts and requirements imposed under other state or federal laws. The criteria and guidelines established by the Board shall not prohibit a town from entering into a regional water supply plan with an adjacent county in the same regional planning area.

4. This section is intended to inform any regional water resource planning being done in the Commonwealth pursuant to interstate compacts.

D. The Board and the Department shall prioritize the allocation of planning funds and other funds to localities that sufficiently participate in regional planning.

E. In accordance with subdivision B 2 of § 62.1-44.38, the Department shall facilitate regional planning and provide assistance to each regional planning area as needed.

CHAPTER 1107

An Act to amend and reenact § 56-577 of the Code of Virginia, relating to electric utility regulation; purchasing from competitive suppliers.

[H 868]

Approved April 10, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 56-577 of the Code of Virginia is amended and reenacted as follows:

§ 56-577. Schedule for transition to retail competition; Commission authority; exemptions; pilot programs.

A. Retail competition for the purchase and sale of electric energy shall be subject to the following provisions:

1. Each incumbent electric utility owning, operating, controlling, or having an entitlement to transmission capacity shall join or establish a regional transmission entity, which entity may be an independent system operator, to which such utility shall transfer the management and control of its transmission system, subject to the provisions of § 56-579.

2. The generation of electric energy shall be subject to regulation as specified in this chapter.

3. Subject to the provisions of subdivisions 4 and 5, only individual retail customers of electric energy within the Commonwealth, regardless of customer class, whose demand during the most recent calendar year exceeded five megawatts but did not exceed one percent of the customer's incumbent electric utility's peak load during the most recent calendar year unless such customer had noncoincident peak demand in excess of 90 megawatts in calendar year 2006 or any year thereafter, shall be permitted to purchase electric energy from any supplier of electric energy licensed to sell retail electric energy within the Commonwealth, except for any incumbent electric utility other than the incumbent electric utility serving the exclusive service territory in which such a customer is located, subject to the following conditions:

a. If such customer does not purchase electric energy from licensed suppliers, such customer shall purchase electric energy from its incumbent electric utility.

b. Except as provided in subdivision 4, the demands of individual retail customers may not be aggregated or combined for the purpose of meeting the demand limitations of this provision, any other provision of this chapter to the contrary notwithstanding. For the purposes of this section, each noncontiguous site will nevertheless constitute an individual retail customer even though one or more such sites may be under common ownership of a single person.

c. If such customer does purchase electric energy from licensed suppliers after the expiration or termination of capped rates, it shall not thereafter be entitled to purchase electric energy from the incumbent electric utility without giving five years' advance written notice of such intention to such utility, except where such customer demonstrates to the Commission, after notice and opportunity for hearing, through clear and convincing evidence that its supplier has failed to perform, or has anticipatorily breached its duty to perform, or otherwise is about to fail to perform, through no fault of the customer, and that such customer is unable to obtain service at reasonable rates from an alternative supplier. If, as a result of such proceeding, the Commission finds it in the public interest to grant an exemption from the five-year notice requirement, such customer may thereafter purchase electric energy at the costs of such utility, as determined by the Commission pursuant to subdivision 3 d hereof, for the remainder of the five-year notice period, after which point the customer may purchase electric energy from the utility under rates, terms and conditions determined pursuant to § 56-585.1. However, such customer shall be allowed to individually purchase electric energy from the utility under rates, terms, and conditions determined pursuant to § 56-585.1 if, upon application by such customer, the Commission finds that neither such customer's incumbent electric utility nor retail customers of such utility that do not choose to obtain electric energy from alternate suppliers will be adversely affected in a manner contrary to the public interest by granting such petition. In making such determination, the Commission shall take into consideration, without limitation, the impact and effect of any and all other previously approved petitions of like type with respect to such incumbent electric utility. Any customer that returns to purchase electric energy from its incumbent electric utility, before or after expiration of the five-year notice period, shall be subject to minimum stay periods equal to those prescribed by the Commission pursuant to subdivision C 1.

d. The costs of serving a customer that has received an exemption from the five-year notice requirement under subdivision 3 c hereof shall be the market-based costs of the utility, including (i) the actual expenses of procuring such electric energy from the market, (ii) additional administrative and transaction costs associated with procuring such energy, including, but not limited to, costs of transmission, transmission line losses, and ancillary services, and (iii) a reasonable

margin as determined pursuant to the provisions of subdivision A 2 of § 56-585.1. The methodology established by the Commission for determining such costs shall ensure that neither utilities nor other retail customers are adversely affected in a manner contrary to the public interest.

4. Two or more individual nonresidential retail customers of electric energy within the Commonwealth, whose individual demand during the most recent calendar year did not exceed five megawatts, may petition the Commission for permission to aggregate or combine their demands, for the purpose of meeting the demand limitations of subdivision 3, so as to become qualified to purchase electric energy from any supplier of electric energy licensed to sell retail electric energy within the Commonwealth under the conditions specified in subdivision 3. The Commission may, after notice and opportunity for hearing, approve such petition if it finds that:

a. Neither such customers' incumbent electric utility nor retail customers of such utility that do not choose to obtain electric energy from alternate suppliers will be adversely affected in a manner contrary to the public interest by granting such petition. In making such determination, the Commission shall take into consideration, without limitation, the impact and effect of any and all other previously approved petitions of like type with respect to such incumbent electric utility; and

b. Approval of such petition is consistent with the public interest.

If such petition is approved, all customers whose load has been aggregated or combined shall thereafter be subject in all respects to the provisions of subdivision 3 and shall be treated as a single, individual customer for the purposes of said subdivision. In addition, the Commission shall impose reasonable periodic monitoring and reporting obligations on such customers to demonstrate that they continue, as a group, to meet the demand limitations of subdivision 3. If the Commission finds, after notice and opportunity for hearing, that such group of customers no longer meets the above demand limitations, the Commission may revoke its previous approval of the petition, or take such other actions as may be consistent with the public interest.

5. Individual retail customers of electric energy within the Commonwealth, regardless of customer class, shall be permitted:

~~a. To purchase electric energy provided 100 percent from renewable energy from any supplier of electric energy licensed to sell retail electric energy within the Commonwealth; other than any incumbent electric utility that is not the incumbent electric utility serving the exclusive service territory in which such a customer is located; if the incumbent electric utility serving the exclusive service territory does not offer an approved tariff for electric energy provided 100 percent from renewable energy; and~~

~~b. To continue purchasing renewable energy pursuant to the terms of a power purchase agreement in effect on the date there is filed with the Commission a tariff for the incumbent electric utility that serves the exclusive service territory in which the customer is located to offer electric energy provided 100 percent from renewable energy; for the duration of such agreement.~~

6. To the extent that an incumbent electric utility has elected as of February 1, 2019, the Fixed Resource Requirement alternative as a Load Serving Entity in the PJM Region and continues to make such election and is therefore required to obtain capacity for all load and expected load growth in its service area, any customer of a utility subject to that requirement that purchases energy pursuant to subdivision 3 or 4 from a supplier licensed to sell retail electric energy within the Commonwealth shall continue to pay its incumbent electric utility for the non-fuel generation capacity and transmission related costs incurred by the incumbent electric utility in order to meet the customer's capacity obligations, pursuant to the incumbent electric utility's standard tariff that has been approved by and is on file with the Commission. In the case of such customer, the advance written notice period established in subdivisions 3 c and d shall be three years. This subdivision shall not apply to the customers of licensed suppliers that (i) had an agreement with a licensed supplier entered into before February 1, 2019, or (ii) had aggregation petitions pending before the Commission prior to January 1, 2019, unless and until any customer referenced in clause (i) or (ii) has returned to purchase electric energy from its incumbent electric utility, pursuant to the provisions of subdivision 3 or 4, and is receiving electric energy from such incumbent electric utility.

7. *Notwithstanding anything to the contrary in this section, cooperative customers that are eligible to purchase from licensed suppliers shall be subject to the following additional conditions:*

A tariff for one or more classes of residential customers filed with the Commission for approval by a cooperative on or after July 1, 2010, shall be deemed to offer a tariff for electric energy provided 100 percent from renewable energy if it provides undifferentiated electric energy and the cooperative retires a quantity of renewable energy certificates equal to 100 percent of the electric energy provided pursuant to such tariff. A tariff for one or more classes of nonresidential customers filed with the Commission for approval by a cooperative on or after July 1, 2012, shall be deemed to offer a tariff for electric energy provided 100 percent from renewable energy if it provides undifferentiated electric energy and the cooperative retires a quantity of renewable energy certificates equal to 100 percent of the electric energy provided pursuant to such tariff. For purposes of this section, "renewable energy certificate" means, with respect to cooperatives, a tradable commodity or instrument issued by a regional transmission entity or affiliate or successor thereof in the United States that validates the generation of electricity from renewable energy sources or that is certified under a generally recognized renewable energy certificate standard. One renewable energy certificate equals 1,000 kWh or one MWh of electricity generated from renewable energy. A cooperative offering electric energy provided 100 percent from renewable energy pursuant to this subdivision that involves the retirement of renewable energy certificates shall disclose to its retail customers who express an interest in purchasing energy pursuant to such tariff (i) that the renewable energy is comprised of the retirement of renewable energy certificates, (ii) the identity of the entity providing the renewable energy certificates, and

(iii) the sources of renewable energy being offered. *A cooperative customer eligible to take service under a tariff for electric energy provided 100 percent from renewable energy shall not purchase electric energy provided 100 percent from renewable energy from a licensed supplier pursuant to subdivision 5, except such customer may continue purchasing renewable energy pursuant to the terms of a power purchase agreement in effect on the date the cooperative serving it filed with the Commission such tariff for electric energy provided 100 percent from renewable energy, as set forth in this subdivision, for the duration of such agreement.*

B. The Commission shall promulgate such rules and regulations as may be necessary to implement the provisions of this section.

C. 1. By January 1, 2002, the Commission shall promulgate regulations establishing whether and, if so, for what minimum periods, customers who request service from an incumbent electric utility pursuant to subsection D of § 56-582 or a default service provider, after a period of receiving service from other suppliers of electric energy, shall be required to use such service from such incumbent electric utility or default service provider, as determined to be in the public interest by the Commission.

2. Subject to (i) the availability of capped rate service under § 56-582, and (ii) the transfer of the management and control of an incumbent electric utility's transmission assets to a regional transmission entity after approval of such transfer by the Commission under § 56-579, retail customers of such utility (a) purchasing such energy from licensed suppliers and (b) otherwise subject to minimum stay periods prescribed by the Commission pursuant to subdivision 1, shall nevertheless be exempt from any such minimum stay obligations by agreeing to purchase electric energy at the market-based costs of such utility or default providers after a period of obtaining electric energy from another supplier. Such costs shall include (i) the actual expenses of procuring such electric energy from the market, (ii) additional administrative and transaction costs associated with procuring such energy, including, but not limited to, costs of transmission, transmission line losses, and ancillary services, and (iii) a reasonable margin. The methodology of ascertaining such costs shall be determined and approved by the Commission after notice and opportunity for hearing and after review of any plan filed by such utility to procure electric energy to serve such customers. The methodology established by the Commission for determining such costs shall be consistent with the goals of (a) promoting the development of effective competition and economic development within the Commonwealth as provided in subsection A of § 56-596, and (b) ensuring that neither incumbent utilities nor retail customers that do not choose to obtain electric energy from alternate suppliers are adversely affected.

3. Notwithstanding the provisions of subsection D of § 56-582 and subsection C of § 56-585, however, any such customers exempted from any applicable minimum stay periods as provided in subdivision 2 shall not be entitled to purchase retail electric energy thereafter from their incumbent electric utilities, or from any distributor required to provide default service under subsection B of § 56-585, at the capped rates established under § 56-582, unless such customers agree to satisfy any minimum stay period then applicable while obtaining retail electric energy at capped rates.

4. The Commission shall promulgate such rules and regulations as may be necessary to implement the provisions of this subsection, which rules and regulations shall include provisions specifying the commencement date of such minimum stay exemption program.

2. That the provisions of this act shall not become effective unless reenacted by the 2021 Session of the General Assembly.

CHAPTER 1108

An Act to amend and reenact § 56-585.1 of the Code of Virginia, relating to electric utility regulation; authorized rate of return.

[S 731]

Approved April 10, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 56-585.1 of the Code of Virginia is amended and reenacted as follows:

§ 56-585.1. Generation, distribution, and transmission rates after capped rates terminate or expire.

A. During the first six months of 2009, the Commission shall, after notice and opportunity for hearing, initiate proceedings to review the rates, terms and conditions for the provision of generation, distribution and transmission services of each investor-owned incumbent electric utility. Such proceedings shall be governed by the provisions of Chapter 10 (§ 56-232 et seq.), except as modified herein. In such proceedings the Commission shall determine fair rates of return on common equity applicable to the generation and distribution services of the utility. In so doing, the Commission may use any methodology to determine such return it finds consistent with the public interest, but such return shall not be set lower than the average of the returns on common equity reported to the Securities and Exchange Commission for the three most recent annual periods for which such data are available by not less than a majority, selected by the Commission as specified in subdivision 2 b, of other investor-owned electric utilities in the peer group of the utility, nor shall the Commission set such return more than 300 basis points higher than such average. The peer group of the utility shall be determined in the manner prescribed in subdivision 2 b. The Commission may increase or decrease such combined rate of return by up to 100 basis points based on the generating plant performance, customer service, and operating efficiency of a utility, as compared to nationally recognized standards determined by the Commission to be appropriate for such purposes. In such a

proceeding, the Commission shall determine the rates that the utility may charge until such rates are adjusted. If the Commission finds that the utility's combined rate of return on common equity is more than 50 basis points below the combined rate of return as so determined, it shall be authorized to order increases to the utility's rates necessary to provide the opportunity to fully recover the costs of providing the utility's services and to earn not less than such combined rate of return. If the Commission finds that the utility's combined rate of return on common equity is more than 50 basis points above the combined rate of return as so determined, it shall be authorized either (i) to order reductions to the utility's rates it finds appropriate, provided that the Commission may not order such rate reduction unless it finds that the resulting rates will provide the utility with the opportunity to fully recover its costs of providing its services and to earn not less than the fair rates of return on common equity applicable to the generation and distribution services; or (ii) to direct that 60 percent of the amount of the utility's earnings that were more than 50 basis points above the fair combined rate of return for calendar year 2008 be credited to customers' bills, in which event such credits shall be amortized over a period of six to 12 months, as determined at the discretion of the Commission, following the effective date of the Commission's order and be allocated among customer classes such that the relationship between the specific customer class rates of return to the overall target rate of return will have the same relationship as the last approved allocation of revenues used to design base rates. Commencing in 2011, the Commission, after notice and opportunity for hearing, shall conduct reviews of the rates, terms and conditions for the provision of generation, distribution and transmission services by each investor-owned incumbent electric utility, subject to the following provisions:

1. Rates, terms and conditions for each service shall be reviewed separately on an unbundled basis, and such reviews shall be conducted in a single, combined proceeding. Pursuant to subsection A of § 56-585.1:1, the Commission shall conduct a review for a Phase I Utility in 2020, utilizing the three successive 12-month test periods beginning January 1, 2017, and ending December 31, 2019. Thereafter, reviews for a Phase I Utility will be on a triennial basis with subsequent proceedings utilizing the three successive 12-month test periods ending December 31 immediately preceding the year in which such review proceeding is conducted. Pursuant to subsection A of § 56-585.1:1, the Commission shall conduct a review for a Phase II Utility in 2021, utilizing the four successive 12-month test periods beginning January 1, 2017, and ending December 31, 2020, with subsequent reviews on a triennial basis utilizing the three successive 12-month test periods ending December 31 immediately preceding the year in which such review proceeding is conducted. All such reviews occurring after December 31, 2017, shall be referred to as triennial reviews. For purposes of this section, a Phase I Utility is an investor-owned incumbent electric utility that was, as of July 1, 1999, not bound by a rate case settlement adopted by the Commission that extended in its application beyond January 1, 2002, and a Phase II Utility is an investor-owned incumbent electric utility that was bound by such a settlement.

2. Subject to the provisions of subdivision 6, the fair rate of return on common equity applicable separately to the generation and distribution services of such utility, and for the two such services combined, and for any rate adjustment clauses approved under subdivision 5 or 6, shall be determined by the Commission during each such triennial review, as follows:

a. The Commission may use any methodology to determine such return it finds consistent with the public interest, but *for applications received by the Commission on or after January 1, 2020*, such return shall not be set lower than the average of *either (i) the returns on common equity reported to the Securities and Exchange Commission for the three most recent annual periods for which such data are available by not less than a majority, selected by the Commission as specified in subdivision 2 b, of other investor-owned electric utilities in the peer group of the utility subject to such triennial review or (ii) the authorized returns on common equity that are set by the applicable regulatory commissions for the same selected peer group*, nor shall the Commission set such return more than ~~300~~ 150 basis points higher than such average.

b. In selecting such majority of peer group investor-owned electric utilities *for applications received by the Commission on or after January 1, 2020*, the Commission shall first remove from such group the two utilities within such group that have the lowest reported *or authorized, as applicable*, returns of the group, as well as the two utilities within such group that have the highest reported *or authorized, as applicable*, returns of the group, and the Commission shall then select a majority of the utilities remaining in such peer group. In its final order regarding such triennial review, the Commission shall identify the utilities in such peer group it selected for the calculation of such limitation. For purposes of this subdivision, an investor-owned electric utility shall be deemed part of such peer group if (i) its principal operations are conducted in the southeastern United States east of the Mississippi River in either the states of West Virginia or Kentucky or in those states south of Virginia, excluding the state of Tennessee, (ii) it is a vertically-integrated electric utility providing generation, transmission and distribution services whose facilities and operations are subject to state public utility regulation in the state where its principal operations are conducted, (iii) it had a long-term bond rating assigned by Moody's Investors Service of at least Baa at the end of the most recent test period subject to such triennial review, and (iv) it is not an affiliate of the utility subject to such triennial review.

c. The Commission may, consistent with its precedent for incumbent electric utilities prior to the enactment of Chapters 888 and 933 of the Acts of Assembly of 2007, increase or decrease the utility's combined rate of return based on the Commission's consideration of the utility's performance.

d. In any Current Proceeding, the Commission shall determine whether the Current Return has increased, on a percentage basis, above the Initial Return by more than the increase, expressed as a percentage, in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the United States Department of Labor, since the date on which the Commission determined the Initial Return. If so, the

Commission may conduct an additional analysis of whether it is in the public interest to utilize such Current Return for the Current Proceeding then pending. A finding of whether the Current Return justifies such additional analysis shall be made without regard to any enhanced rate of return on common equity awarded pursuant to the provisions of subdivision 6. Such additional analysis shall include, but not be limited to, a consideration of overall economic conditions, the level of interest rates and cost of capital with respect to business and industry, in general, as well as electric utilities, the current level of inflation and the utility's cost of goods and services, the effect on the utility's ability to provide adequate service and to attract capital if less than the Current Return were utilized for the Current Proceeding then pending, and such other factors as the Commission may deem relevant. If, as a result of such analysis, the Commission finds that use of the Current Return for the Current Proceeding then pending would not be in the public interest, then the lower limit imposed by subdivision 2 a on the return to be determined by the Commission for such utility shall be calculated, for that Current Proceeding only, by increasing the Initial Return by a percentage at least equal to the increase, expressed as a percentage, in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the United States Department of Labor, since the date on which the Commission determined the Initial Return. For purposes of this subdivision:

"Current Proceeding" means any proceeding conducted under any provisions of this subsection that require or authorize the Commission to determine a fair combined rate of return on common equity for a utility and that will be concluded after the date on which the Commission determined the Initial Return for such utility.

"Current Return" means the minimum fair combined rate of return on common equity required for any Current Proceeding by the limitation regarding a utility's peer group specified in subdivision 2 a.

"Initial Return" means the fair combined rate of return on common equity determined for such utility by the Commission on the first occasion after July 1, 2009, under any provision of this subsection pursuant to the provisions of subdivision 2 a.

e. In addition to other considerations, in setting the return on equity within the range allowed by this section, the Commission shall strive to maintain costs of retail electric energy that are cost competitive with costs of retail electric energy provided by the other peer group investor-owned electric utilities.

f. The determination of such returns shall be made by the Commission on a stand-alone basis, and specifically without regard to any return on common equity or other matters determined with regard to facilities described in subdivision 6.

g. If the combined rate of return on common equity earned by the generation and distribution services is no more than 50 basis points above or below the return as so determined or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, such return is no more than 70 basis points above or below the return as so determined, such combined return shall not be considered either excessive or insufficient, respectively. However, for any test period commencing after December 31, 2012, for a Phase II Utility, and after December 31, 2013, for a Phase I Utility, if the utility has, during the test period or periods under review, earned below the return as so determined, whether or not such combined return is within 70 basis points of the return as so determined, the utility may petition the Commission for approval of an increase in rates in accordance with the provisions of subdivision 8 a as if it had earned more than 70 basis points below a fair combined rate of return, and such proceeding shall otherwise be conducted in accordance with the provisions of this section. The provisions of this subdivision are subject to the provisions of subdivision 8.

h. Any amount of a utility's earnings directed by the Commission to be credited to customers' bills pursuant to this section shall not be considered for the purpose of determining the utility's earnings in any subsequent triennial review.

3. Each such utility shall make a triennial filing by March 31 of every third year, with such filings commencing for a Phase I Utility in 2020, and such filings commencing for a Phase II Utility in 2021, consisting of the schedules contained in the Commission's rules governing utility rate increase applications. Such filing shall encompass the three successive 12-month test periods ending December 31 immediately preceding the year in which such proceeding is conducted, except that the filing for a Phase II Utility in 2021 shall encompass the four successive 12-month test periods ending December 31, 2020, and in every such case the filing for each year shall be identified separately and shall be segregated from any other year encompassed by the filing. If the Commission determines that rates should be revised or credits be applied to customers' bills pursuant to subdivision 8 or 9, any rate adjustment clauses previously implemented related to facilities utilizing simple-cycle combustion turbines described in subdivision 6, shall be combined with the utility's costs, revenues and investments until the amounts that are the subject of such rate adjustment clauses are fully recovered. The Commission shall combine such clauses with the utility's costs, revenues and investments only after it makes its initial determination with regard to necessary rate revisions or credits to customers' bills, and the amounts thereof, but after such clauses are combined as herein specified, they shall thereafter be considered part of the utility's costs, revenues, and investments for the purposes of future triennial review proceedings. In a triennial filing under this subdivision that does not result in an overall rate change a utility may propose an adjustment to one or more tariffs that are revenue neutral to the utility.

4. (Expires December 31, 2023) The following costs incurred by the utility shall be deemed reasonable and prudent:

- (i) costs for transmission services provided to the utility by the regional transmission entity of which the utility is a member, as determined under applicable rates, terms and conditions approved by the Federal Energy Regulatory Commission;
- (ii) costs charged to the utility that are associated with demand response programs approved by the Federal Energy Regulatory Commission and administered by the regional transmission entity of which the utility is a member; and
- (iii) costs incurred by the utility to construct, operate, and maintain transmission lines and substations installed in order to

provide service to a business park. Upon petition of a utility at any time after the expiration or termination of capped rates, but not more than once in any 12-month period, the Commission shall approve a rate adjustment clause under which such costs, including, without limitation, costs for transmission service; charges for new and existing transmission facilities, including costs incurred by the utility to construct, operate, and maintain transmission lines and substations installed in order to provide service to a business park; administrative charges; and ancillary service charges designed to recover transmission costs, shall be recovered on a timely and current basis from customers. Retail rates to recover these costs shall be designed using the appropriate billing determinants in the retail rate schedules.

4. (Effective January 1, 2024) The following costs incurred by the utility shall be deemed reasonable and prudent: (i) costs for transmission services provided to the utility by the regional transmission entity of which the utility is a member, as determined under applicable rates, terms and conditions approved by the Federal Energy Regulatory Commission, and (ii) costs charged to the utility that are associated with demand response programs approved by the Federal Energy Regulatory Commission and administered by the regional transmission entity of which the utility is a member. Upon petition of a utility at any time after the expiration or termination of capped rates, but not more than once in any 12-month period, the Commission shall approve a rate adjustment clause under which such costs, including, without limitation, costs for transmission service, charges for new and existing transmission facilities, administrative charges, and ancillary service charges designed to recover transmission costs, shall be recovered on a timely and current basis from customers. Retail rates to recover these costs shall be designed using the appropriate billing determinants in the retail rate schedules.

5. A utility may at any time, after the expiration or termination of capped rates, but not more than once in any 12-month period, petition the Commission for approval of one or more rate adjustment clauses for the timely and current recovery from customers of the following costs:

a. Incremental costs described in clause (vi) of subsection B of § 56-582 incurred between July 1, 2004, and the expiration or termination of capped rates, if such utility is, as of July 1, 2007, deferring such costs consistent with an order of the Commission entered under clause (vi) of subsection B of § 56-582. The Commission shall approve such a petition allowing the recovery of such costs that comply with the requirements of clause (vi) of subsection B of § 56-582;

b. Projected and actual costs for the utility to design and operate fair and effective peak-shaving programs. The Commission shall approve such a petition if it finds that the program is in the public interest; provided that the Commission shall allow the recovery of such costs as it finds are reasonable;

c. Projected and actual costs for the utility to design, implement, and operate energy efficiency programs, including a margin to be recovered on operating expenses, which margin for the purposes of this section shall be equal to the general rate of return on common equity determined as described in subdivision 2. Any such petition shall include a proposed budget for the design, implementation, and operation of the energy efficiency program. The Commission shall only approve such a petition if it finds that the program is in the public interest. If the Commission determines that an energy efficiency program or portfolio of programs is not in the public interest, its final order shall include all work product and analysis conducted by the Commission's staff in relation to that program that has bearing upon the Commission's determination. Such order shall adhere to existing protocols for extraordinarily sensitive information. As part of such cost recovery, the Commission, if requested by the utility, shall allow for the recovery of revenue reductions related to energy efficiency programs. The Commission shall only allow such recovery to the extent that the Commission determines such revenue has not been recovered through margins from incremental off-system sales as defined in § 56-249.6 that are directly attributable to energy efficiency programs.

None of the costs of new energy efficiency programs of an electric utility, including recovery of revenue reductions, shall be assigned to any large general service customer. A large general service customer is a customer that has a verifiable history of having used more than 500 kilowatts of demand from a single meter of delivery. A utility shall not charge such large general service customer, as defined by the Commission, for the costs of installing energy efficiency equipment beyond what is required to provide electric service and meter such service on the customer's premises if the customer provides, at the customer's expense, equivalent energy efficiency equipment. In all relevant proceedings pursuant to this section, the Commission shall take into consideration the goals of economic development, energy efficiency and environmental protection in the Commonwealth;

d. Projected and actual costs of participation in a renewable energy portfolio standard program pursuant to § 56-585.2 that are not recoverable under subdivision 6. The Commission shall approve such a petition allowing the recovery of such costs as are provided for in a program approved pursuant to § 56-585.2;

e. Projected and actual costs of projects that the Commission finds to be necessary to comply with state or federal environmental laws or regulations applicable to generation facilities used to serve the utility's native load obligations. The Commission shall approve such a petition if it finds that such costs are necessary to comply with such environmental laws or regulations; and

f. Projected and actual costs, not currently in rates, for the utility to design, implement, and operate programs approved by the Commission that accelerate the vegetation management of distribution rights-of-way. No costs shall be allocated to or recovered from customers that are served within the large general service rate classes for a Phase II Utility or that are served at subtransmission or transmission voltage, or take delivery at a substation served from subtransmission or transmission voltage, for a Phase I Utility.

Any rate adjustment clause approved under subdivision 5 c by the Commission shall remain in effect until the utility exhausts the approved budget for the energy efficiency program. The Commission shall have the authority to determine the duration or amortization period for any other rate adjustment clause approved under this subdivision.

6. To ensure the generation and delivery of a reliable and adequate supply of electricity, to meet the utility's projected native load obligations and to promote economic development, a utility may at any time, after the expiration or termination of capped rates, petition the Commission for approval of a rate adjustment clause for recovery on a timely and current basis from customers of the costs of (i) a coal-fueled generation facility that utilizes Virginia coal and is located in the coalfield region of the Commonwealth as described in § 15.2-6002, regardless of whether such facility is located within or without the utility's service territory, (ii) one or more other generation facilities, (iii) one or more major unit modifications of generation facilities, including the costs of any system or equipment upgrade, system or equipment replacement, or other cost reasonably appropriate to extend the combined operating license for or the operating life of one or more generation facilities utilizing nuclear power, (iv) one or more new underground facilities to replace one or more existing overhead distribution facilities of 69 kilovolts or less located within the Commonwealth, (v) one or more pumped hydroelectricity generation and storage facilities that utilize on-site or off-site renewable energy resources as all or a portion of their power source and such facilities and associated resources are located in the coalfield region of the Commonwealth as described in § 15.2-6002, regardless of whether such facility is located within or without the utility's service territory, or (vi) one or more electric distribution grid transformation projects; however, subject to the provisions of the following sentence, the utility shall not file a petition under clause (iv) more often than annually and, in such petition, shall not seek any annual incremental increase in the level of investments associated with such a petition that exceeds five percent of such utility's distribution rate base, as such rate base was determined for the most recently ended 12-month test period in the utility's latest review proceeding conducted pursuant to subdivision 3 and concluded by final order of the Commission prior to the date of filing of such petition under clause (iv). In all proceedings regarding petitions filed under clause (iv) or (vi), the level of investments approved for recovery in such proceedings shall be in addition to, and not in lieu of, levels of investments previously approved for recovery in prior proceedings under clause (iv) or (vi), as applicable. As of December 1, 2028, any costs recovered by a utility pursuant to clause (iv) shall be limited to any remaining costs associated with conversions of overhead distribution facilities to underground facilities that have been previously approved or are pending approval by the Commission through a petition by the utility under this subdivision. Such a petition concerning facilities described in clause (ii) that utilize nuclear power, facilities described in clause (ii) that are coal-fueled and will be built by a Phase I Utility, or facilities described in clause (i) may also be filed before the expiration or termination of capped rates. A utility that constructs or makes modifications to any such facility, or purchases any facility consisting of at least one megawatt of generating capacity using energy derived from sunlight and located in the Commonwealth and that utilizes goods or services sourced, in whole or in part, from one or more Virginia businesses, shall have the right to recover the costs of the facility, as accrued against income, through its rates, including projected construction work in progress, and any associated allowance for funds used during construction, planning, development and construction or acquisition costs, life-cycle costs, costs related to assessing the feasibility of potential sites for new underground facilities, and costs of infrastructure associated therewith, plus, as an incentive to undertake such projects, an enhanced rate of return on common equity calculated as specified below; however, in determining the amounts recoverable under a rate adjustment clause for new underground facilities, the Commission shall not consider, or increase or reduce such amounts recoverable because of (a) the operation and maintenance costs attributable to either the overhead distribution facilities being replaced or the new underground facilities or (b) any other costs attributable to the overhead distribution facilities being replaced. Notwithstanding the preceding sentence, the costs described in clauses (a) and (b) thereof shall remain eligible for recovery from customers through the utility's base rates for distribution service. A utility filing a petition for approval to construct or purchase a facility consisting of at least one megawatt of generating capacity using energy derived from sunlight and located in the Commonwealth and that utilizes goods or services sourced, in whole or in part, from one or more Virginia businesses may propose a rate adjustment clause based on a market index in lieu of a cost of service model for such facility. A utility seeking approval to construct or purchase a generating facility described in clause (i) or (ii) shall demonstrate that it has considered and weighed alternative options, including third-party market alternatives, in its selection process. The costs of the facility, other than return on projected construction work in progress and allowance for funds used during construction, shall not be recovered prior to the date a facility constructed by the utility and described in clause (i), (ii), (iii) or (v) begins commercial operation, the date the utility becomes the owner of a purchased generation facility consisting of at least one megawatt of generating capacity using energy derived from sunlight and located in the Commonwealth and that utilizes goods or services sourced, in whole or in part, from one or more Virginia businesses, or the date new underground facilities are classified by the utility as plant in service.

Such enhanced rate of return on common equity shall be applied to allowance for funds used during construction and to construction work in progress during the construction phase of the facility and shall thereafter be applied to the entire facility during the first portion of the service life of the facility. The first portion of the service life shall be as specified in the table below; however, the Commission shall determine the duration of the first portion of the service life of any facility, within the range specified in the table below, which determination shall be consistent with the public interest and shall reflect the Commission's determinations regarding how critical the facility may be in meeting the energy needs of the citizens of the Commonwealth and the risks involved in the development of the facility. After the first portion of the service life of the facility is concluded, the utility's general rate of return shall be applied to such facility for the remainder of its

service life. As used herein, the service life of the facility shall be deemed to begin on the date a facility constructed by the utility and described in clause (i), (ii), (iii) or (v) begins commercial operation, the date the utility becomes the owner of a purchased generation facility consisting of at least one megawatt of generating capacity using energy derived from sunlight and located in the Commonwealth and that utilizes goods or services sourced, in whole or in part, from one or more Virginia businesses, or the date new underground facilities or new electric distribution grid transformation projects are classified by the utility as plant in service, and such service life shall be deemed equal in years to the life of that facility as used to calculate the utility's depreciation expense. Such enhanced rate of return on common equity shall be calculated by adding the basis points specified in the table below to the utility's general rate of return, and such enhanced rate of return shall apply only to the facility that is the subject of such rate adjustment clause. Allowance for funds used during construction shall be calculated for any such facility utilizing the utility's actual capital structure and overall cost of capital, including an enhanced rate of return on common equity as determined pursuant to this subdivision, until such construction work in progress is included in rates. The construction of any facility described in clause (i) or (v) is in the public interest, and in determining whether to approve such facility, the Commission shall liberally construe the provisions of this title. The construction or purchase by a utility of one or more generation facilities with at least one megawatt of generating capacity, and with an aggregate rated capacity that does not exceed 5,000 megawatts, including rooftop solar installations with a capacity of not less than 50 kilowatts, and with an aggregate capacity of 50 megawatts, that use energy derived from sunlight or from wind and are located in the Commonwealth or off the Commonwealth's Atlantic shoreline, regardless of whether any of such facilities are located within or without the utility's service territory, is in the public interest, and in determining whether to approve such facility, the Commission shall liberally construe the provisions of this title. A utility may enter into short-term or long-term power purchase contracts for the power derived from sunlight generated by such generation facility prior to purchasing the generation facility. The replacement of any subset of a utility's existing overhead distribution tap lines that have, in the aggregate, an average of nine or more total unplanned outage events-per-mile over a preceding 10-year period with new underground facilities in order to improve electric service reliability is in the public interest. In determining whether to approve petitions for rate adjustment clauses for such new underground facilities that meet this criteria, and in determining the level of costs to be recovered thereunder, the Commission shall liberally construe the provisions of this title.

The conversion of any such facilities on or after September 1, 2016, is deemed to provide local and system-wide benefits and to be cost beneficial, and the costs associated with such new underground facilities are deemed to be reasonably and prudently incurred and, notwithstanding the provisions of subsection C or D, shall be approved for recovery by the Commission pursuant to this subdivision, provided that the total costs associated with the replacement of any subset of existing overhead distribution tap lines proposed by the utility with new underground facilities, exclusive of financing costs, shall not exceed an average cost per customer of \$20,000, with such customers, including those served directly by or downline of the tap lines proposed for conversion, and, further, such total costs shall not exceed an average cost per mile of tap lines converted, exclusive of financing costs, of \$750,000. A utility shall, without regard for whether it has petitioned for any rate adjustment clause pursuant to clause (vi), petition the Commission, not more than once annually, for approval of a plan for electric distribution grid transformation projects. Any plan for electric distribution grid transformation projects shall include both measures to facilitate integration of distributed energy resources and measures to enhance physical electric distribution grid reliability and security. In ruling upon such a petition, the Commission shall consider whether the utility's plan for such projects, and the projected costs associated therewith, are reasonable and prudent. Such petition shall be considered on a stand-alone basis without regard to the other costs, revenues, investments, or earnings of the utility; without regard to whether the costs associated with such projects will be recovered through a rate adjustment clause under this subdivision or through the utility's rates for generation and distribution services; and without regard to whether such costs will be the subject of a customer credit offset, as applicable, pursuant to subdivision 8 d. The Commission's final order regarding any such petition for approval of an electric distribution grid transformation plan shall be entered by the Commission not more than six months after the date of filing such petition. The Commission shall likewise enter its final order with respect to any petition by a utility for a certificate to construct and operate a generating facility or facilities utilizing energy derived from sunlight, pursuant to subsection D of § 56-580, within six months after the date of filing such petition. The basis points to be added to the utility's general rate of return to calculate the enhanced rate of return on common equity, and the first portion of that facility's service life to which such enhanced rate of return shall be applied, shall vary by type of facility, as specified in the following table:

Type of Generation Facility	Basis Points	First Portion of Service Life
Nuclear-powered	200	Between 12 and 25 years
Carbon capture compatible, clean-coal powered	200	Between 10 and 20 years
Renewable powered, other than landfill gas powered	200	Between 5 and 15 years
Coalbed methane gas powered	150	Between 5 and 15 years
Landfill gas powered	200	Between 5 and 15 years
Conventional coal or combined-cycle combustion turbine	100	Between 10 and 20 years

For generating facilities other than those utilizing nuclear power constructed pursuant to clause (ii) or those utilizing energy derived from offshore wind, as of July 1, 2013, only those facilities as to which a rate adjustment clause under this subdivision has been previously approved by the Commission, or as to which a petition for approval of such rate adjustment clause was filed with the Commission, on or before January 1, 2013, shall be entitled to the enhanced rate of return on common equity as specified in the above table during the construction phase of the facility and the approved first portion of its service life.

For generating facilities within the Commonwealth utilizing nuclear power or those utilizing energy derived from offshore wind projects located in waters off the Commonwealth's Atlantic shoreline, such facilities shall continue to be eligible for an enhanced rate of return on common equity during the construction phase of the facility and the approved first portion of its service life of between 12 and 25 years in the case of a facility utilizing nuclear power and for a service life of between 5 and 15 years in the case of a facility utilizing energy derived from offshore wind, provided, however, that, as of July 1, 2013, the enhanced return for such facilities constructed pursuant to clause (ii) shall be 100 basis points, which shall be added to the utility's general rate of return as determined under subdivision 2. Thirty percent of all costs of such a facility utilizing nuclear power that the utility incurred between July 1, 2007, and December 31, 2013, and all of such costs incurred after December 31, 2013, may be deferred by the utility and recovered through a rate adjustment clause under this subdivision at such time as the Commission provides in an order approving such a rate adjustment clause. The remaining 70 percent of all costs of such a facility that the utility incurred between July 1, 2007, and December 31, 2013, shall not be deferred for recovery through a rate adjustment clause under this subdivision; however, such remaining 70 percent of all costs shall be recovered ratably through existing base rates as determined by the Commission in the test periods under review in the utility's next review filed after July 1, 2014. Thirty percent of all costs of such a facility utilizing energy derived from offshore wind that the utility incurred between July 1, 2007, and December 31, 2013, and all of such costs incurred after December 31, 2013, may be deferred by the utility and recovered through a rate adjustment clause under this subdivision at such time as the Commission provides in an order approving such a rate adjustment clause. The remaining 70 percent of all costs of such a facility that the utility incurred between July 1, 2007, and December 31, 2013, shall not be deferred for recovery through a rate adjustment clause under this subdivision; however, such remaining 70 percent of all costs shall be recovered ratably through existing base rates as determined by the Commission in the test periods under review in the utility's next review filed after July 1, 2014.

In connection with planning to meet forecasted demand for electric generation supply and assure the adequate and sufficient reliability of service, consistent with § 56-598, planning and development activities for a new nuclear generation facility or facilities are in the public interest.

In connection with planning to meet forecasted demand for electric generation supply and assure the adequate and sufficient reliability of service, consistent with § 56-598, planning and development activities for a new utility-owned and utility-operated generating facility or facilities utilizing energy derived from sunlight or from onshore or offshore wind are in the public interest.

Construction, purchasing, or leasing activities for a new utility-owned and utility-operated generating facility or facilities utilizing energy derived from sunlight or from wind with an aggregate capacity of 5,000 megawatts, including rooftop solar installations with a capacity of not less than 50 kilowatts, and with an aggregate capacity of 50 megawatts, together with a new test or demonstration project for a utility-owned and utility-operated generating facility or facilities utilizing energy derived from offshore wind with an aggregate capacity of not more than 16 megawatts, are in the public interest. To the extent that a utility elects to recover the costs of any such new generation facility or facilities through its rates for generation and distribution services and does not petition and receive approval from the Commission for recovery of such costs through a rate adjustment clause described in clause (ii), the Commission shall, upon the request of the utility in a triennial review proceeding, provide for a customer credit reinvestment offset, as applicable, pursuant to subdivision 8 d with respect to all costs deemed reasonable and prudent by the Commission in a proceeding pursuant to subsection D of § 56-580 or in a triennial review proceeding.

Electric distribution grid transformation projects are in the public interest. To the extent that a utility elects to recover the costs of such electric distribution grid transformation projects through its rates for generation and distribution services, and does not petition and receive approval from the Commission for recovery of such costs through a rate adjustment clause described in clause (vi), the Commission shall, upon the request of the utility in a triennial review proceeding, provide for a customer credit reinvestment offset, as applicable, pursuant to subdivision 8 d with respect to all costs deemed reasonable and prudent by the Commission in a proceeding for approval of a plan for electric distribution grid transformation projects pursuant to subdivision 6 or in a triennial review proceeding.

Neither generation facilities described in clause (ii) that utilize simple-cycle combustion turbines nor new underground facilities shall receive an enhanced rate of return on common equity as described herein, but instead shall receive the utility's general rate of return during the construction phase of the facility and, thereafter, for the entire service life of the facility. No rate adjustment clause for new underground facilities shall allocate costs to, or provide for the recovery of costs from, customers that are served within the large power service rate class for a Phase I Utility and the large general service rate classes for a Phase II Utility. New underground facilities are hereby declared to be ordinary extensions or improvements in the usual course of business under the provisions of § 56-265.2.

As used in this subdivision, a generation facility is (1) "coalbed methane gas powered" if the facility is fired at least 50 percent by coalbed methane gas, as such term is defined in § 45.1-361.1, produced from wells located in the

Commonwealth, and (2) "landfill gas powered" if the facility is fired by methane or other combustible gas produced by the anaerobic digestion or decomposition of biodegradable materials in a solid waste management facility licensed by the Waste Management Board. A landfill gas powered facility includes, in addition to the generation facility itself, the equipment used in collecting, drying, treating, and compressing the landfill gas and in transmitting the landfill gas from the solid waste management facility where it is collected to the generation facility where it is combusted.

For purposes of this subdivision, "general rate of return" means the fair combined rate of return on common equity as it is determined by the Commission for such utility pursuant to subdivision 2.

Notwithstanding any other provision of this subdivision, if the Commission finds during the triennial review conducted for a Phase II Utility in 2021 that such utility has not filed applications for all necessary federal and state regulatory approvals to construct one or more nuclear-powered or coal-fueled generation facilities that would add a total capacity of at least 1500 megawatts to the amount of the utility's generating resources as such resources existed on July 1, 2007, or that, if all such approvals have been received, that the utility has not made reasonable and good faith efforts to construct one or more such facilities that will provide such additional total capacity within a reasonable time after obtaining such approvals, then the Commission, if it finds it in the public interest, may reduce on a prospective basis any enhanced rate of return on common equity previously applied to any such facility to no less than the general rate of return for such utility and may apply no less than the utility's general rate of return to any such facility for which the utility seeks approval in the future under this subdivision.

Notwithstanding any other provision of this subdivision, if a Phase II utility obtains approval from the Commission of a rate adjustment clause pursuant to subdivision 6 associated with a test or demonstration project involving a generation facility utilizing energy from offshore wind, and such utility has not, as of July 1, 2023, commenced construction as defined for federal income tax purposes of an offshore wind generation facility or facilities with a minimum aggregate capacity of 250 megawatts, then the Commission, if it finds it in the public interest, may direct that the costs associated with any such rate adjustment clause involving said test or demonstration project shall thereafter no longer be recovered through a rate adjustment clause pursuant to subdivision 6 and shall instead be recovered through the utility's rates for generation and distribution services, with no change in such rates for generation and distribution services as a result of the combination of such costs with the other costs, revenues, and investments included in the utility's rates for generation and distribution services. Any such costs shall remain combined with the utility's other costs, revenues, and investments included in its rates for generation and distribution services until such costs are fully recovered.

7. Any petition filed pursuant to subdivision 4, 5, or 6 shall be considered by the Commission on a stand-alone basis without regard to the other costs, revenues, investments, or earnings of the utility. Any costs incurred by a utility prior to the filing of such petition, or during the consideration thereof by the Commission, that are proposed for recovery in such petition and that are related to subdivision 5 a, or that are related to facilities and projects described in clause (i) of subdivision 6, or that are related to new underground facilities described in clause (iv) of subdivision 6, shall be deferred on the books and records of the utility until the Commission's final order in the matter, or until the implementation of any applicable approved rate adjustment clauses, whichever is later. Except as otherwise provided in subdivision 6, any costs prudently incurred on or after July 1, 2007, by a utility prior to the filing of such petition, or during the consideration thereof by the Commission, that are proposed for recovery in such petition and that are related to facilities and projects described in clause (ii) or clause (iii) of subdivision 6 that utilize nuclear power, or coal-fueled facilities and projects described in clause (ii) of subdivision 6 if such coal-fueled facilities will be built by a Phase I Utility, shall be deferred on the books and records of the utility until the Commission's final order in the matter, or until the implementation of any applicable approved rate adjustment clauses, whichever is later. Any costs prudently incurred after the expiration or termination of capped rates related to other matters described in subdivision 4, 5, or 6 shall be deferred beginning only upon the expiration or termination of capped rates, provided, however, that no provision of this act shall affect the rights of any parties with respect to the rulings of the Federal Energy Regulatory Commission in PJM Interconnection LLC and Virginia Electric and Power Company, 109 F.E.R.C. P 61,012 (2004). A utility shall establish a regulatory asset for regulatory accounting and ratemaking purposes under which it shall defer its operation and maintenance costs incurred in connection with (i) the refueling of any nuclear-powered generating plant and (ii) other work at such plant normally performed during a refueling outage. The utility shall amortize such deferred costs over the refueling cycle, but in no case more than 18 months, beginning with the month in which such plant resumes operation after such refueling. The refueling cycle shall be the applicable period of time between planned refueling outages for such plant. As of January 1, 2014, such amortized costs are a component of base rates, recoverable in base rates only ratably over the refueling cycle rather than when such outages occur, and are the only nuclear refueling costs recoverable in base rates. This provision shall apply to any nuclear-powered generating plant refueling outage commencing after December 31, 2013, and the Commission shall treat the deferred and amortized costs of such regulatory asset as part of the utility's costs for the purpose of proceedings conducted (a) with respect to triennial filings under subdivision 3 made on and after July 1, 2014, and (b) pursuant to § 56-245 or the Commission's rules governing utility rate increase applications as provided in subsection B. This provision shall not be deemed to change or reset base rates.

The Commission's final order regarding any petition filed pursuant to subdivision 4, 5, or 6 shall be entered not more than three months, eight months, and nine months, respectively, after the date of filing of such petition. If such petition is approved, the order shall direct that the applicable rate adjustment clause be applied to customers' bills not more than 60 days after the date of the order, or upon the expiration or termination of capped rates, whichever is later.

8. In any triennial review proceeding, for the purposes of reviewing earnings on the utility's rates for generation and distribution services, the following utility generation and distribution costs not proposed for recovery under any other subdivision of this subsection, as recorded per books by the utility for financial reporting purposes and accrued against income, shall be attributed to the test periods under review and deemed fully recovered in the period recorded: costs associated with asset impairments related to early retirement determinations made by the utility for utility generation facilities fueled by coal, natural gas, or oil or for automated meter reading electric distribution service meters; costs associated with projects necessary to comply with state or federal environmental laws, regulations, or judicial or administrative orders relating to coal combustion by-product management that the utility does not petition to recover through a rate adjustment clause pursuant to subdivision 5 e; costs associated with severe weather events; and costs associated with natural disasters. Such costs shall be deemed to have been recovered from customers through rates for generation and distribution services in effect during the test periods under review unless such costs, individually or in the aggregate, together with the utility's other costs, revenues, and investments to be recovered through rates for generation and distribution services, result in the utility's earned return on its generation and distribution services for the combined test periods under review to fall more than 50 basis points below the fair combined rate of return authorized under subdivision 2 for such periods or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, to fall more than 70 basis points below the fair combined rate of return authorized under subdivision 2 for such periods. In such cases, the Commission shall, in such triennial review proceeding, authorize deferred recovery of such costs and allow the utility to amortize and recover such deferred costs over future periods as determined by the Commission. The aggregate amount of such deferred costs shall not exceed an amount that would, together with the utility's other costs, revenues, and investments to be recovered through rates for generation and distribution services, cause the utility's earned return on its generation and distribution services to exceed the fair rate of return authorized under subdivision 2, less 50 basis points, for the combined test periods under review or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, to exceed the fair rate of return authorized under subdivision 2 less 70 basis points. Nothing in this section shall limit the Commission's authority, pursuant to the provisions of Chapter 10 (§ 56-232 et seq.), including specifically § 56-235.2, following the review of combined test period earnings of the utility in a triennial review, for normalization of nonrecurring test period costs and annualized adjustments for future costs, in determining any appropriate increase or decrease in the utility's rates for generation and distribution services pursuant to subdivision 8 a or 8 c.

If the Commission determines as a result of such triennial review that:

a. The utility has, during the test period or periods under review, considered as a whole, earned more than 50 basis points below a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points below a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, the Commission shall order increases to the utility's rates necessary to provide the opportunity to fully recover the costs of providing the utility's services and to earn not less than such fair combined rate of return, using the most recently ended 12-month test period as the basis for determining the amount of the rate increase necessary. However, in the first triennial review proceeding conducted after January 1, 2021, for a Phase II Utility, the Commission may not order a rate increase, and in all triennial reviews of a Phase I or Phase II utility, the Commission may not order such rate increase unless it finds that the resulting rates are necessary to provide the utility with the opportunity to fully recover its costs of providing its services and to earn not less than a fair combined rate of return on both its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, using the most recently ended 12-month test period as the basis for determining the permissibility of any rate increase under the standards of this sentence, and the amount thereof; and provided that, solely in connection with making its determination concerning the necessity for such a rate increase or the amount thereof, the Commission shall, in any triennial review proceeding conducted prior to July 1, 2028, exclude from this most recently ended 12-month test period any remaining investment levels associated with a prior customer credit reinvestment offset pursuant to subdivision d.

b. The utility has, during the test period or test periods under review, considered as a whole, earned more than 50 basis points above a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points above a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, the Commission shall, subject to the provisions of subdivisions 8 d and 9, direct that 60 percent of the amount of such earnings that were more than 50 basis points, or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, that 70 percent of the amount of such earnings that were more than 70 basis points, above such fair combined rate of return for the test period or periods under review, considered as a whole, shall be credited to customers' bills. Any such credits shall be amortized over a period of six to 12 months, as determined at the discretion of the Commission, following the effective date of the Commission's order, and shall be allocated among customer classes such that the relationship between the specific customer class rates of return to the overall target rate of return will have the same relationship as the last approved allocation of revenues used to design base rates; or

c. In any triennial review proceeding conducted after January 1, 2020, for a Phase I Utility or after January 1, 2021, for a Phase II Utility in which the utility has, during the test period or test periods under review, considered as a whole, earned more than 50 basis points above a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points above a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matter determined with respect to facilities described in subdivision 6, and the combined aggregate level of capital investment that the Commission has approved other than those capital investments that the Commission has approved for recovery pursuant to a rate adjustment clause pursuant to subdivision 6 made by the utility during the test periods under review in that triennial review proceeding in new utility-owned generation facilities utilizing energy derived from sunlight, or from wind, and in electric distribution grid transformation projects, as determined pursuant to subdivision 8 d, does not equal or exceed 100 percent of the earnings that are more than 70 basis points above the utility's fair combined rate of return on its generation and distribution services for the combined test periods under review in that triennial review proceeding, the Commission shall, subject to the provisions of subdivision 9 and in addition to the actions authorized in subdivision b, also order reductions to the utility's rates it finds appropriate. However, in the first triennial review proceeding conducted after January 1, 2021, for a Phase II Utility, any reduction to the utility's rates ordered by the Commission pursuant to this subdivision shall not exceed \$50 million in annual revenues, with any reduction allocated to the utility's rates for generation services, and in each triennial review of a Phase I or Phase II Utility, the Commission may not order such rate reduction unless it finds that the resulting rates will provide the utility with the opportunity to fully recover its costs of providing its services and to earn not less than a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, using the most recently ended 12-month test period as the basis for determining the permissibility of any rate reduction under the standards of this sentence, and the amount thereof; and

d. (Expires July 1, 2028) In any triennial review proceeding conducted after December 31, 2017, upon the request of the utility, the Commission shall determine, prior to directing that 70 percent of earnings that are more than 70 basis points above the utility's fair combined rate of return on its generation and distribution services for the test period or periods under review be credited to customer bills pursuant to subdivision 8 b, the aggregate level of prior capital investment that the Commission has approved other than those capital investments that the Commission has approved for recovery pursuant to a rate adjustment clause pursuant to subdivision 6 made by the utility during the test period or periods under review in both (i) new utility-owned generation facilities utilizing energy derived from sunlight, or from onshore or offshore wind, and (ii) electric distribution grid transformation projects, as determined by the utility's plant in service and construction work in progress balances related to such investments as recorded per books by the utility for financial reporting purposes as of the end of the most recent test period under review. Any such combined capital investment amounts shall offset any customer bill credit amounts, on a dollar for dollar basis, up to the aggregate level of invested or committed capital under clauses (i) and (ii). The aggregate level of qualifying invested or committed capital under clauses (i) and (ii) is referred to in this subdivision as the customer credit reinvestment offset, which offsets the customer bill credit amount that the utility has invested or will invest in new solar or wind generation facilities or electric distribution grid transformation projects for the benefit of customers, in amounts up to 100 percent of earnings that are more than 70 basis points above the utility's fair rate of return on its generation and distribution services, and thereby reduce or eliminate otherwise incremental rate adjustment clause charges and increases to customer bills, which is deemed to be in the public interest. If 100 percent of the amount of earnings that are more than 70 basis points above the utility's fair combined rate of return on its generation and distribution services, as determined in subdivision 2, exceeds the aggregate level of invested capital in new utility-owned generation facilities utilizing energy derived from sunlight, or from wind, and electric distribution grid transformation projects, as provided in clauses (i) and (ii), during the test period or periods under review, then 70 percent of the amount of such excess shall be credited to customer bills as provided in subdivision 8 b in connection with the triennial review proceeding. The portion of any costs associated with new utility-owned generation facilities utilizing energy derived from sunlight, or from wind, or electric distribution grid transformation projects that is the subject of any customer credit reinvestment offset pursuant to this subdivision shall not thereafter be recovered through the utility's rates for generation and distribution services over the service life of such facilities and shall not thereafter be included in the utility's costs, revenues, and investments in future triennial review proceedings conducted pursuant to subdivision 2 and shall not be the subject of a rate adjustment clause petition pursuant to subdivision 6. The portion of any costs associated with new utility-owned generation facilities utilizing energy derived from sunlight, or from wind, or electric distribution grid transformation projects that is not the subject of any customer credit reinvestment offset pursuant to this subdivision may be recovered through the utility's rates for generation and distribution services over the service life of such facilities and shall be included in the utility's costs, revenues, and investments in future triennial review proceedings conducted pursuant to subdivision 2 until such costs are fully recovered, and if such costs are recovered through the utility's rates for generation and distribution services, they shall not be the subject of a rate adjustment clause petition pursuant to subdivision 6. Only the portion of such costs of new utility-owned generation facilities utilizing energy derived from sunlight, or from wind, or electric distribution grid transformation projects that has not been included in any customer credit reinvestment offset pursuant to this subdivision, and not otherwise recovered through the utility's rates for generation and distribution services, may be the subject of a rate adjustment clause petition by the utility pursuant to subdivision 6.

The Commission's final order regarding such triennial review shall be entered not more than eight months after the date of filing, and any revisions in rates or credits so ordered shall take effect not more than 60 days after the date of the order. The fair combined rate of return on common equity determined pursuant to subdivision 2 in such triennial review shall apply, for purposes of reviewing the utility's earnings on its rates for generation and distribution services, to the entire three successive 12-month test periods ending December 31 immediately preceding the year of the utility's subsequent triennial review filing under subdivision 3 and shall apply to applicable rate adjustment clauses under subdivisions 5 and 6 prospectively from the date the Commission's final order in the triennial review proceeding, utilizing rate adjustment clause true-up protocols as the Commission in its discretion may determine.

9. If, as a result of a triennial review required under this subsection and conducted with respect to any test period or periods under review ending later than December 31, 2010 (or, if the Commission has elected to stagger its biennial reviews of utilities as provided in subdivision 1, under review ending later than December 31, 2010, for a Phase I Utility, or December 31, 2011, for a Phase II Utility), the Commission finds, with respect to such test period or periods considered as a whole, that (i) any utility has, during the test period or periods under review, considered as a whole, earned more than 50 basis points above a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points above a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, and (ii) the total aggregate regulated rates of such utility at the end of the most recently ended 12-month test period exceeded the annual increases in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the United States Department of Labor, compounded annually, when compared to the total aggregate regulated rates of such utility as determined pursuant to the review conducted for the base period, the Commission shall, unless it finds that such action is not in the public interest or that the provisions of subdivisions 8 b and c are more consistent with the public interest, direct that any or all earnings for such test period or periods under review, considered as a whole that were more than 50 basis points, or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points, above such fair combined rate of return shall be credited to customers' bills, in lieu of the provisions of subdivisions 8 b and c, provided that no credits shall be provided pursuant to this subdivision in connection with any triennial review unless such bill credits would be payable pursuant to the provisions of subdivision 8 d, and any credits under this subdivision shall be calculated net of any customer credit reinvestment offset amounts under subdivision 8 d. Any such credits shall be amortized and allocated among customer classes in the manner provided by subdivision 8 b. For purposes of this subdivision:

"Base period" means (i) the test period ending December 31, 2010 (or, if the Commission has elected to stagger its biennial reviews of utilities as provided in subdivision 1, the test period ending December 31, 2010, for a Phase I Utility, or December 31, 2011, for a Phase II Utility), or (ii) the most recent test period with respect to which credits have been applied to customers' bills under the provisions of this subdivision, whichever is later.

"Total aggregate regulated rates" shall include: (i) fuel tariffs approved pursuant to § 56-249.6, except for any increases in fuel tariffs deferred by the Commission for recovery in periods after December 31, 2010, pursuant to the provisions of clause (ii) of subsection C of § 56-249.6; (ii) rate adjustment clauses implemented pursuant to subdivision 4 or 5; (iii) revisions to the utility's rates pursuant to subdivision 8 a; (iv) revisions to the utility's rates pursuant to the Commission's rules governing utility rate increase applications, as permitted by subsection B, occurring after July 1, 2009; and (v) base rates in effect as of July 1, 2009.

10. For purposes of this section, the Commission shall regulate the rates, terms and conditions of any utility subject to this section on a stand-alone basis utilizing the actual end-of-test period capital structure and cost of capital of such utility, excluding any debt associated with securitized bonds that are the obligation of non-Virginia jurisdictional customers, unless the Commission finds that the debt to equity ratio of such capital structure is unreasonable for such utility, in which case the Commission may utilize a debt to equity ratio that it finds to be reasonable for such utility in determining any rate adjustment pursuant to subdivisions 8 a and c, and without regard to the cost of capital, capital structure, revenues, expenses or investments of any other entity with which such utility may be affiliated. In particular, and without limitation, the Commission shall determine the federal and state income tax costs for any such utility that is part of a publicly traded, consolidated group as follows: (i) such utility's apportioned state income tax costs shall be calculated according to the applicable statutory rate, as if the utility had not filed a consolidated return with its affiliates, and (ii) such utility's federal income tax costs shall be calculated according to the applicable federal income tax rate and shall exclude any consolidated tax liability or benefit adjustments originating from any taxable income or loss of its affiliates.

B. Nothing in this section shall preclude an investor-owned incumbent electric utility from applying for an increase in rates pursuant to § 56-245 or the Commission's rules governing utility rate increase applications; however, in any such filing, a fair rate of return on common equity shall be determined pursuant to subdivision A 2. Nothing in this section shall preclude such utility's recovery of fuel and purchased power costs as provided in § 56-249.6.

C. Except as otherwise provided in this section, the Commission shall exercise authority over the rates, terms and conditions of investor-owned incumbent electric utilities for the provision of generation, transmission and distribution services to retail customers in the Commonwealth pursuant to the provisions of Chapter 10 (§ 56-232 et seq.), including specifically § 56-235.2.

D. The Commission may determine, during any proceeding authorized or required by this section, the reasonableness or prudence of any cost incurred or projected to be incurred, by a utility in connection with the subject of the proceeding. A determination of the Commission regarding the reasonableness or prudence of any such cost shall be consistent with the Commission's authority to determine the reasonableness or prudence of costs in proceedings pursuant to the provisions of Chapter 10 (§ 56-232 et seq.). In determining the reasonableness or prudence of a utility providing energy and capacity to its customers from renewable energy resources, the Commission shall consider the extent to which such renewable energy resources, whether utility-owned or by contract, further the objectives of the Commonwealth Energy Policy set forth in §§ 67-101 and 67-102, and shall also consider whether the costs of such resources is likely to result in unreasonable increases in rates paid by customers.

E. The Commission shall promulgate such rules and regulations as may be necessary to implement the provisions of this section.

CHAPTER 1109

An Act to amend and reenact § 3.2-6546 of the Code of Virginia, relating to animal shelters; housing conditions.

[S 786]

Approved April 10, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 3.2-6546 of the Code of Virginia is amended and reenacted as follows:

§ 3.2-6546. County or city public animal shelters; confinement and disposition of animals; affiliation with foster care providers; penalties; injunctive relief.

A. For purposes of this section:

"Animal" shall not include agricultural animals.

"Rightful owner" means a person with a right of property in the animal.

B. The governing body of each county or city shall maintain or cause to be maintained a public animal shelter and shall require dogs running at large without the tag required by § 3.2-6531 or in violation of an ordinance passed pursuant to § 3.2-6538 to be confined therein. Nothing in this section shall be construed to prohibit confinement of other companion animals in such a shelter. The governing body of any county or city need not own the facility required by this section but may contract for its establishment with a private group or in conjunction with one or more other local governing bodies. The governing body shall require that:

1. The public animal shelter shall be accessible to the public at reasonable hours during the week;

2. The public animal shelter shall obtain a signed statement from each of its directors, operators, staff, or animal caregivers specifying that each individual has never been convicted of animal cruelty, neglect, or abandonment, and each shelter shall update such statement as changes occur;

3. If a person contacts the public animal shelter inquiring about a lost companion animal, the shelter shall advise the person if the companion animal is confined at the shelter or if a companion animal of similar description is confined at the shelter;

4. The public animal shelter shall maintain a written record of the information on each companion animal submitted to the shelter by a private animal shelter in accordance with subsection D of § 3.2-6548 for a period of 30 days from the date the information is received by the shelter. If a person contacts the shelter inquiring about a lost companion animal, the shelter shall check its records and make available to such person any information submitted by a private animal shelter or allow such person inquiring about a lost animal to view the written records;

5. The public animal shelter shall maintain a written record of the information on each companion animal submitted to the shelter by a releasing agency other than a public or private animal shelter in accordance with subdivision F 2 of § 3.2-6549 for a period of 30 days from the date the information is received by the shelter. If a person contacts the shelter inquiring about a lost companion animal, the shelter shall check its records and make available to such person any information submitted by such releasing agency or allow such person inquiring about a lost companion animal to view the written records; and

6. The public animal shelter shall maintain a written record of the information on each companion animal submitted to the shelter by an individual in accordance with subdivision A 2 of § 3.2-6551 for a period of 30 days from the date the information is received by the shelter. If a person contacts the shelter inquiring about a lost companion animal, the shelter shall check its records and make available to such person any information submitted by the individual or allow such person inquiring about a lost companion animal to view the written records.

C. An animal confined pursuant to this section shall be kept for a period of not less than five days, such *stray hold* period to commence on the day immediately following the day the animal is initially confined in the facility, unless sooner claimed by the rightful owner thereof.

The operator or custodian of the public animal shelter shall make a reasonable effort to ascertain whether the animal has a collar, tag, license, tattoo, or other form of identification. If such identification is found on the animal, the animal shall be held for an additional ~~five days~~ *five-day stray hold period*, unless sooner claimed by the rightful owner. If the rightful

owner of the animal can be readily identified, the operator or custodian of the shelter shall make a reasonable effort to notify the owner of the animal's confinement within the next 48 hours following its confinement.

During the ~~time~~ *stray hold period* that an animal is confined pursuant to this subsection, the operator or custodian of the public animal shelter may vaccinate the animal to prevent the risk of communicable diseases, provided that (i) all vaccines are administered in accordance with a protocol approved by a licensed veterinarian and (ii) rabies vaccines are administered by a licensed veterinarian or licensed veterinary technician under the immediate direction and supervision of a licensed veterinarian in accordance with § 3.2-6521. *Indoor enclosures used to confine the animal during the applicable stray hold period shall be constructed of materials that are durable, nonporous, impervious to moisture, and able to be thoroughly cleaned and disinfected. During the applicable stray hold period, the operator or custodian shall provide the animal with adequate care, including reasonable access to outdoor areas to ensure that the animal has adequate exercise and adequate space.*

If any animal confined pursuant to this section is claimed by its rightful owner, such owner may be charged with the actual expenses incurred in keeping the animal impounded. In addition to this and any other fees that might be levied, the locality may, after a public hearing, adopt an ordinance to charge the owner of an animal a fee for impoundment and increased fees for subsequent impoundments of the same animal.

D. If an animal confined pursuant to this section has not been claimed upon expiration of the ~~appropriate holding~~ *applicable stray hold period* as provided by subsection C, it shall be deemed abandoned and become the property of the public animal shelter.

For any animal not subject to a stray hold period, including an animal for whom the stray hold period has ended, the operator or custodian of the public animal shelter shall confine the animal in an enclosure that can safely house and allow for adequate separation of animals of different species, sexes, ages, and temperaments. Such enclosure may have both an outdoor area and an indoor area. If the facility has an outdoor area, the facility shall ensure that the outdoor areas do not present conditions that would be detrimental to the health of the animal. Indoor areas shall have a solid floor. Each operator or custodian shall ensure adequate access to water, food, and a resting platform, bedding, or perch as appropriate to the animal's species, age, and condition. Any regulation by the Board that applies to an animal not subject to a stray hold period shall not be so restrictive as to fail to allow for adequate care, adequate exercise, and adequate space, including meaningful indoor and outdoor recreation for the animal.

Such animal may be euthanized in accordance with the methods approved by the State Veterinarian or disposed of by the methods set forth in subdivisions 1 through 5. No shelter shall release more than two animals or a family of animals during any 30-day period to any one person under ~~subdivisions~~ *subdivision 2, 3, or 4.*

1. Release to any humane society, public or private animal shelter, or other releasing agency within the Commonwealth, provided that each humane society, animal shelter, or other releasing agency obtains a signed statement from each of its directors, operators, staff, or animal caregivers specifying that each individual has never been convicted of animal cruelty, neglect, or abandonment and updates such statements as changes occur;

2. Adoption by a resident of the county or city where the shelter is operated and who will pay the required license fee, if any, on such animal, provided that such resident has read and signed a statement specifying that he has never been convicted of animal cruelty, neglect, or abandonment;

3. Adoption by a resident of an adjacent political subdivision of the Commonwealth, if the resident has read and signed a statement specifying that he has never been convicted of animal cruelty, neglect, or abandonment;

4. Adoption by any other person, provided that such person has read and signed a statement specifying that he has never been convicted of animal cruelty, neglect, or abandonment and provided that no dog or cat may be adopted by any person who is not a resident of the county or city where the shelter is operated, or of an adjacent political subdivision, unless the dog or cat is first sterilized, and the shelter may require that the sterilization be done at the expense of the person adopting the dog or cat; or

5. Release for the purposes of adoption or euthanasia only, to an animal shelter, or any other releasing agency located in and lawfully operating under the laws of another state, provided that such animal shelter, or other releasing agency: (i) maintains records that would comply with § 3.2-6557; (ii) requires that adopted dogs and cats be sterilized; (iii) obtains a signed statement from each of its directors, operators, staff, and animal caregivers specifying that each individual has never been convicted of animal cruelty, neglect, or abandonment, and updates such statement as changes occur; and (iv) has provided to the public or private animal shelter or other releasing agency within the Commonwealth a statement signed by an authorized representative specifying the entity's compliance with clauses (i) through (iii), and the provisions of adequate care and performance of humane euthanasia, as necessary in accordance with the provisions of this chapter.

For purposes of recordkeeping, release of an animal by a public animal shelter to a public or private animal shelter or other releasing agency shall be considered a transfer and not an adoption. If the animal is not first sterilized, the responsibility for sterilizing the animal transfers to the receiving entity.

Any proceeds deriving from the gift, sale, or delivery of such animals shall be paid directly to the treasurer of the locality. Any proceeds deriving from the gift, sale, or delivery of such animals by a public or private animal shelter or other releasing agency shall be paid directly to the clerk or treasurer of the animal shelter or other releasing agency for the expenses of the society and expenses incident to any agreement concerning the disposing of such animal. No part of the proceeds shall accrue to any individual except for the aforementioned purposes.

E. Nothing in this section shall prohibit the immediate euthanasia of a critically injured, critically ill, or unweaned animal for humane purposes. Any animal euthanized pursuant to the provisions of this chapter shall be euthanized by one of the methods prescribed or approved by the State Veterinarian.

F. Nothing in this section shall prohibit the immediate euthanasia or disposal by the methods listed in subdivisions *D* 1 through 5 ~~of subsection D~~ of an animal that has been released to a public or private animal shelter, other releasing agency, or animal control officer by the animal's rightful owner after the rightful owner has read and signed a statement: (i) surrendering all property rights in such animal; (ii) stating that no other person has a right of property in the animal; and (iii) acknowledging that the animal may be immediately euthanized or disposed of in accordance with subdivisions *D* 1 through 5 ~~of subsection D~~.

G. Nothing in this section shall prohibit any feral dog or feral cat not bearing a collar, tag, tattoo, or other form of identification that, based on the written statement of a disinterested person, exhibits behavior that poses a risk of physical injury to any person confining the animal, from being euthanized after being kept for a period of not less than three days, at least one of which shall be a full business day, such period to commence on the day the animal is initially confined in the facility, unless sooner claimed by the rightful owner. The statement of the disinterested person shall be kept with the animal as required by § 3.2-6557. For purposes of this subsection, a disinterested person shall not include a person releasing or reporting the animal.

H. No public animal shelter shall place a companion animal in a foster home with a foster care provider unless the foster care provider has read and signed a statement specifying that he has never been convicted of animal cruelty, neglect, or abandonment, and each shelter shall update such statement as changes occur. The shelter shall maintain the original statement and any updates to such statement in accordance with this chapter and for at least so long as the shelter has an affiliation with the foster care provider.

I. A public animal shelter that places a companion animal in a foster home with a foster care provider shall ensure that the foster care provider complies with § 3.2-6503.

J. If a public animal shelter finds a direct and immediate threat to a companion animal placed with a foster care provider, it shall report its findings to the animal control agency in the locality where the foster care provider is located.

K. The governing body shall require that the public animal shelter be operated in accordance with regulations issued by the Board. If this chapter or such regulations are violated, the locality may be assessed a civil penalty by the Board or its designee in an amount that does not exceed \$1,000 per violation. Each day of the violation is a separate offense. In determining the amount of any civil penalty, the Board or its designee shall consider: (i) the history of previous violations at the shelter; (ii) whether the violation has caused injury to, death or suffering of, an animal; and (iii) the demonstrated good faith of the locality to achieve compliance after notification of the violation. All civil penalties assessed under this section shall be recovered in a civil action brought by the Attorney General in the name of the Commonwealth. Such civil penalties shall be paid into a special fund in the state treasury to the credit of the Department to be used in carrying out the purposes of this chapter.

L. If this chapter or any laws governing public animal shelters are violated, the Commissioner may bring an action to enjoin the violation or threatened violation of this chapter or the regulations pursuant thereto regarding public animal shelters, in the circuit court where the shelter is located. The Commissioner may request the Attorney General to bring such an action, when appropriate.

2. The State Police shall provide its response to the requesting dealer during the dealer's request, or by return call without delay. ~~If the criminal history record information check indicates the prospective purchaser or transferee has a disqualifying criminal record or has been acquitted by reason of insanity and committed to the custody of the Commissioner of Behavioral Health and Developmental Services, the State Police shall have until the end of the dealer's next business day to advise the dealer if its records indicate the buyer or transferee is prohibited from possessing or transporting a firearm by state or federal law. However, the log on requests made may be maintained for a period of 12 months, and such log shall consist of the name of the purchaser, the dealer identification number, the unique approval number and the transaction date.

4. On the last day of the week following the sale or transfer of any firearm, the dealer shall mail or deliver the written consent form required by subsection A to the Department of State Police. The State Police shall immediately initiate a search of all available criminal history record information to determine if the purchaser is prohibited from possessing or transporting a firearm under state or federal law. If the search discloses information indicating that the buyer or transferee is so prohibited from possessing or transporting a firearm, the State Police shall inform the chief law-enforcement officer in the jurisdiction where the sale or transfer occurred and the dealer without delay.

If the dealer has complied with the provisions of this subsection and has not received the required report from the State Police within 10 days from the date the written consent form was mailed to the Department of State Police, he shall not be deemed in violation of this section for thereafter completing the sale or transfer.~~

To establish personal identification and dual resident eligibility for purposes of this subsection, a dealer shall require any prospective purchaser to present one photo-identification form issued by a governmental agency of the prospective purchaser's state of legal residence and other documentation of dual residence within the Commonwealth. The other documentation of dual residence in the Commonwealth may include (i) evidence of currently paid personal property tax or

~~D. Nothing herein shall prevent a resident of the Commonwealth, at his option, from buying, renting or receiving a firearm from a dealer in Virginia by obtaining a criminal history record information check through the dealer as provided in subsection C.~~

~~E.~~ If any buyer or transferee is denied the right to purchase a firearm under this section, he may exercise his right of access to and review and correction of criminal history record information under § 9.1-132 or institute a civil action as provided in § 9.1-135, provided any such action is initiated within 30 days of such denial.

2. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. The qualified voters of a town, county, or supervisor's election district of a county may file a petition with the circuit court of the county asking that a referendum be held on the question of whether the sale of mixed beverages by restaurants licensed by the Board should be permitted within that jurisdiction. The petition shall be signed by qualified voters equal in number to at least 10 percent of the number registered in the town, county, or supervisor's election district on January 1 preceding its filing or at least 100 qualified voters, whichever is greater.

Petition requirements for any county shall be based on the number of registered voters in the county, including the number of registered voters in any town having a population in excess of 1,000 located within such county. B. No license shall be transferable from one person to another, or from one location to another. The Board may permit a licensee to amend the classification of an existing license without complying with the posting and publishing procedures required by § 4.1-230 if the effect of the amendment is to reduce materially the privileges of an existing license. However, if (i) the Board determines that the amendment is a device to evade the provisions of this chapter, (ii) a majority of the corporate stock of a retail licensee is sold to a new entity, or (iii) there is a change of business at the premises of a retail licensee, the Board may, within 30 days of receipt of written notice by the licensee of a change in ownership or a change of business, require the licensee to comply with any or all of the requirements of § 4.1-230. If the Board fails to exercise its authority within the 30-day period, the licensee shall not be required to reapply for a license. The licensee shall submit such written notice to the Secretary of the Board.

C. Each license shall be posted in a location conspicuous to the public at the place where the licensee carries on the business for which the license is granted.

D. The privileges conferred by any license granted by the Board, except for temporary licenses, banquet and mixed beverage special events licenses, shall continue until the last day of the twelfth month next ensuing or the last day of the designated month and year of expiration, except the license may be sooner terminated for any cause for which the Board would be entitled to refuse to grant a license, by operation of law, voluntary surrender or order of the Board.

The Board may grant licenses for one year or for multiple years, not to exceed three years, based on the fees set forth in ~~§ 4.1-231~~ *4.1-231.1*. Qualification for a multiyear license shall be determined on the basis of criteria established by the Board. Fees for multiyear licenses shall not be refundable except as provided in § 4.1-232. The Board may provide a discount for two-year or three-year licenses, not to exceed five percent of the applicable license fee, which extends for one fiscal year and shall not be altered or rescinded during such period.

The Board may permit a licensee who fails to pay:

1. The required license tax covering the continuation or reissuance of his license by midnight of the fifteenth day of the twelfth month or of the designated month of expiration, whichever is applicable, to pay the tax in lieu of posting and publishing notice and reapplying, provided payment of the tax is made within 30 days following that date and is accompanied by a civil penalty of \$25 or 10 percent of such tax, whichever is greater; and

2. The tax and civil penalty pursuant to subdivision 1 to pay the tax in lieu of posting and publishing notice and reapplying, provided payment of the tax is made within 45 days following the 30 days specified in subdivision 1 and is accompanied by a civil penalty of \$100 or 25 percent of such tax, whichever is greater.

In the case of persons holding retail licenses ~~which~~ *that* require sales of food to determine their qualifications for such licenses, the records shall also include purchases and sales of food and nonalcoholic beverages.

Notwithstanding the provisions of subsection F, electronic records of retail licensees may be stored off site, provided that such records are readily retrievable and available for electronic inspection by the Board or its special agents at the licensed premises. However, in the case that such electronic records are not readily available for electronic inspection on the licensed premises, the retail licensee may obtain Board approval, for good cause shown, to permit the retail licensee to provide the records to a special agent of the Board within three business days or less, as determined by the Board, after a request is made to inspect the records.

At any other time of day, if the retail licensee's records are not available for inspection, the retailer shall provide the records to a special agent of the Board within 24 hours after a request is made to inspect the records.

§ 4.1-205. Local licenses.

A. Subject to ~~§ 4.1-233~~ *4.1-233.1*, the governing body of a county, city or town may classify licenses and graduate the license taxes therefor in the manner it deems proper.

B. No county, city, or town shall issue a local license to any person who does not hold or secure simultaneously the proper state license. If any person holds any local license without at the same time holding the proper state license, the local license, during the period when such person does not hold the proper state license, shall confer no privileges under the provisions of this title.

For purposes of this subdivision, "land zoned agricultural" means (a) land zoned as an agricultural district or classification or (b) land otherwise permitted by a locality for limited brewery use. For purposes of this subdivision, "land zoned agricultural" does not include land zoned "residential conservation." Except for the limitation on land zoned "residential conservation," nothing in this definition shall otherwise limit or affect local zoning authority.

Limited brewery licensees shall be treated as breweries for all purposes of this title except as otherwise provided in this subdivision.

5. Winery licenses, which shall authorize the licensee to manufacture wine and to sell and deliver or ship the wine, in accordance with Board regulations, in closed containers, to persons licensed to sell the wine so manufactured at wholesale for the purpose of resale, and to persons outside the Commonwealth for resale outside the Commonwealth. Such license may be granted only to persons (i) who operate a restaurant and (ii) whose gross receipts from the sale of food cooked, or prepared, and consumed on the premises and nonalcoholic beverages served on the premises, after issuance of such license, amount to at least 45 percent of the gross receipts from the sale of mixed beverages and food. For the purposes of this subdivision, other designated areas shall include outdoor dining areas, whether or not contiguous to the licensed premises, which outdoor dining areas may have more than one means of ingress and egress to an adjacent public thoroughfare, provided such areas are under the control of the licensee and approved by the Board. Such noncontiguous designated areas shall not be approved for any retail license issued pursuant to subdivision A 5 of § 4.1-201.

If the restaurant is located on the premises of a hotel or motel with no fewer than four permanent bedrooms where food and beverage service is customarily provided by the restaurant in designated areas, bedrooms, and other private rooms of such hotel or motel, such licensee may (i) sell and serve mixed beverages for consumption in such designated areas, bedrooms, and other private rooms and (ii) sell spirits packaged in original closed containers purchased from the Board for on-premises consumption to registered guests and at scheduled functions of such hotel or motel only in such bedrooms or private rooms. If the restaurant is located on the premises of and operated by a private, nonprofit, or profit club exclusively for its members and their guests, or members of another private, nonprofit, or profit club in another city with which it has an agreement for reciprocal dining privileges, such license shall also authorize the licensees to sell and serve mixed beverages for on-premises consumption. Where such club prepares no food in its restaurant but purchases its food requirements from a restaurant licensed by the Board and located on another portion of the premises of the same hotel or motel building, this fact shall not prohibit the granting of a license by the Board to such club qualifying in all other respects. The club's gross receipts from the sale of nonalcoholic beverages consumed on the premises and food resold to its members and guests and consumed on the premises shall amount to at least 45 percent of its gross receipts from the sale of mixed beverages and food. The food sales made by a restaurant to such a club shall be excluded in any consideration of the qualifications of such restaurant for a license from the Board.

If the restaurant is located on the premises of and operated by a municipal golf course, the Board shall recognize the seasonal nature of the business and waive any applicable monthly food sales requirements for those months when weather conditions may reduce patronage of the golf course, provided that prepared food, including meals, is available to patrons

during the same months. The gross receipts from the sale of food cooked, or prepared, and consumed on the premises and nonalcoholic beverages served on the premises, after the issuance of such license, shall amount to at least 45 percent of the gross receipts from the sale of mixed beverages and food on an annualized basis.

b. In any case in which a financing corporation proposes to provide debt or equity capital in order to assist in a change of ownership of an existing wholesale licensee, the parties to the transaction shall first submit an application for a wholesale license in the name of the proposed new owner to the Board.

The Board shall be provided with all documents that pertain to the transaction at the time of the license application and shall ensure that the application complies with all requirements of law pertaining to the issuance of wholesale licenses except that if the financing corporation proposes to provide equity capital and thereby take a limited partnership interest in the applicant entity, the financing corporation shall not be required to comply with any Virginia residency requirement applicable to the issuance of wholesale licenses. In addition to the foregoing, the applicant entity shall certify to the Board and provide supporting documentation that the following requirements are met prior to issuance of the wholesale license: (i) the terms and conditions of any debt financing which the financing corporation proposes to provide are substantially the same as those available in the financial markets to other wholesale licensees who will be in competition with the applicant, (ii) the terms of any proposed equity financing transaction are such that future profits of the applicant's business shall be distributed annually to the financing corporation in direct proportion to its percentage of ownership interest received in return for its investment of equity capital, (iii) if the financing corporation proposes to provide equity capital, it shall hold an ownership interest in the applicant entity through a limited partnership interest and no other arrangement and (iv) the applicant entity shall be contractually obligated to return such debt or equity capital to the financing corporation not later than the end of the eighth full year following the effective date of the transaction thereby terminating any ownership interest or right thereto of the financing corporation.

Once the Board has issued a wholesale license pursuant to an application filed in accordance with this subdivision 3 b, any subsequent change in the partnership agreement or the financing documents shall be subject to the prior approval of the Board. In accordance with the previous paragraph, the Board may require the licensee to resubmit certifications and documentation.

c. If a financing corporation wishes to provide debt financing, including inventory financing, but not equity financing, to an existing wholesale licensee or a proposed new owner of an existing wholesale licensee, it may do so without regard to the provisions of subdivisions 3 a and 3 b of subsection B under the following circumstances and subject to the following conditions: (i) in order to secure such debt financing, a wholesale licensee or a proposed new owner thereof may grant a security interest in any of its assets, including inventory, other than the wholesale license itself or corporate stock of the wholesale licensee; in the event of default, the financing corporation may take title to any assets pledged to secure such debt but may not take title to the business of the wholesale licensee and may not manage or operate such business; (ii) debt

capital may be supplied by such financing corporation to an existing wholesale licensee or a proposed new owner of an existing wholesale licensee so long as debt capital is provided on terms and conditions which are substantially the same as those available in the financial markets to other wholesale licensees in competition with the wholesale licensee which is being so financed; and (iii) the licensee or proposed new owner shall certify to the Board and provide supporting documentation that the requirements of (i) and (ii) of this subdivision 3 c have been met.

Nothing in this section shall eliminate, affect or in any way modify the requirements of law pertaining to issuance and retention of a wholesale license as they may apply to existing wholesale licensees or new owners thereof which have received debt financing prior to the enactment of this subdivision 3 c.

4. Except for holders of retail licenses issued pursuant to subdivision A 5 of § 4.1-201, brewery licensees may sell beer to retail licensees for resale only under the following conditions: If such brewery or an affiliate or subsidiary thereof has taken title to the business of a wholesale licensee pursuant to the provisions of subdivision 3 a of subsection B, direct sale to retail licensees may be made during the 180-day period of operation allowed under that subdivision. Moreover, the holder of a brewery license may make sales of alcoholic beverages directly to retail licensees for a period not to exceed thirty days in the event that such retail licensees are normally serviced by a wholesale licensee representing that brewery which has been forced to suspend wholesale operations as a result of a natural disaster or other act of God or which has been terminated by the brewery for fraud, loss of license or assignment of assets for the benefit of creditors not in the ordinary course of business.

5. Notwithstanding any provision of this section, including but not limited to those provisions whereby certain ownership or lease arrangements may be permissible, no manufacturer, bottler, importer, broker or wholesaler of alcoholic beverages shall make an agreement, or attempt to make an agreement, with a retail licensee pursuant to which any products sold by a competitor are excluded in whole or in part from the premises on which the retail licensee's business is conducted.

6. Nothing in this section shall prohibit a winery, brewery, or distillery licensee from paying a royalty to a historical preservation entity pursuant to a bona fide intellectual property agreement that (i) authorizes the winery, brewery, or distillery licensee to manufacture wine, beer, or spirits based on authentic historical recipes and identified with brand names owned and trademarked by the historical preservation entity; (ii) provides for royalties to be paid based solely on the volume of wine, beer, or spirits manufactured using such recipes and trademarks, rather than on the sales revenues generated from such wine, beer, or spirits; and (iii) has been approved by the Board.

For purposes of this subdivision, "historical preservation entity" means an entity (a) that is exempt from income taxation under § 501(c)(3) of the Internal Revenue Code; (b) whose declared purposes include the preservation, restoration, and protection of a historic community in the Commonwealth that is the site of at least 50 historically significant houses, shops, and public buildings dating to the eighteenth century; and (c) that owns not more than 12 retail establishments in the Commonwealth for which retail licenses have been issued by the Board.

C. Subject to such exceptions as may be provided by statute or Board regulations, no manufacturer, bottler, importer, broker or wholesaler of alcoholic beverages, whether licensed in the Commonwealth or not, shall sell, rent, lend, buy for or give to any retail licensee, or to the owner of the premises in which the business of any retail licensee is conducted, any (i) money, equipment, furniture, fixtures, property, services or anything of value with which the business of such retail licensee is or may be conducted, or for any other purpose; (ii) advertising materials; and (iii) business entertainment, provided that no transaction permitted under this section or by Board regulation shall be used to require the retail licensee to partially or totally exclude from sale at its establishment alcoholic beverages of other manufacturers or wholesalers.

The provisions of this subsection shall apply to manufacturers, bottlers, importers, brokers and wholesalers selling alcoholic beverages to any governmental instrumentality or employee thereof selling alcoholic beverages at retail within the exterior limits of the Commonwealth, including all territory within these limits owned by or ceded to the United States of America.

The provisions of this subsection shall not apply to any commercial lifestyle center licensee.

§ 4.1-223. Conditions under which Board shall refuse to grant licenses.

The Board shall refuse to grant any:

1. Wholesale beer or wine license to any person, unless such person has established or will establish a place or places of business within the Commonwealth at which will be received and from which will be distributed all alcoholic beverages sold by such person in the Commonwealth. However, in special circumstances, the Board, subject to any regulations it may adopt, may permit alcoholic beverages to be received into or distributed from places other than established places of business.

2. Wholesale beer license or wholesale wine license to any entity that is owned, in whole or in part, by any manufacturer of alcoholic beverages, any subsidiary or affiliate of such manufacturer, or any person under common control with such manufacturer. This subdivision, however, shall not apply to (i) any applicant for a wholesale beer or wine license filed pursuant to subdivision B 3 b of § 4.1-216 or (ii) the nonprofit, nonstock corporation established pursuant to subdivision B 2 of § 3.2-102 in exercising any privileges granted under ~~§ 4.1-207.1~~ *subdivision 3 of § 4.1-206.2*.

As used in this subdivision, the term "manufacturer" includes any person (i) who brews, vinifies, or distills alcoholic beverages for sale or (ii) engaging in business as a contract brewer, winery, or distillery that owns alcoholic beverage product brand rights, but arranges the manufacture of such products by another person.

3. Mixed beverage license if the Board determines that in the licensed establishment there (i) is entertainment of a lewd, obscene or lustful nature including what is commonly called stripteasing, topless entertaining, and the like, or which has employees who are not clad both above and below the waist, or who uncommonly expose the body or (ii) are employees who solicit the sale of alcoholic beverages.

4. Wholesale wine license until the applicant has filed with the Board a bond payable to the Commonwealth, in a sum not to exceed \$10,000, upon a form approved by the Board, signed by the applicant or licensee and a surety company authorized to do business in the Commonwealth as surety, and conditioned upon such person's (i) securing wine only in a manner provided by law, (ii) remitting to the Board the proper tax thereon, (iii) keeping such records as may be required by law or Board regulations, and (iv) abiding by such other laws or Board regulations relative to the handling of wine by wholesale wine licensees. The Board may waive the requirement of both the surety and the bond in cases where the wholesaler has previously demonstrated his financial responsibility.

5. Mixed beverage license to any member, agent, or employee of the Board or to any corporation or other business entity in which such member, agent or employee is a stockholder or has any other economic interest.

Whenever any other elective or appointive official of the Commonwealth or any political subdivision thereof applies for such a license or continuance thereof, he shall state on the application the official position he holds, and whenever a corporation or other business entity in which any such official is a stockholder or has any other economic interests applies for such a license, it shall state on the application the full economic interest of each such official in such corporation or other business entity.

6. License authorized by this chapter until the license tax required by ~~§ 4.1-231~~ *4.1-231.1* is paid to the Board.

§ 4.1-225.1. Summary suspension in emergency circumstances; grounds; notice and hearing.

A. Notwithstanding any provisions to the contrary in Article 3 (§ 2.2-4018 et seq.) of the Administrative Process Act or § 4.1-227 or 4.1-229, the Board may summarily suspend any license or permit if it has reasonable cause to believe that an act of violence resulting in death or serious bodily injury, or a recurrence of such acts, has occurred on (i) the licensed premises, (ii) any premises immediately adjacent to the licensed premises that is owned or leased by the licensee, or (iii) any portion of public property immediately adjacent to the licensed premises, and the Board finds that there exists a continuing threat to public safety and that summary suspension of the license or permit is justified to protect the health, safety, or welfare of the public.

B. Prior to issuing an order of suspension pursuant to this section, special agents of the Board shall conduct an initial investigation and submit all findings to the Secretary of the Board within 48 hours of any such act of violence. If the Board determines suspension is warranted, it shall immediately notify the licensee of its intention to temporarily suspend his license pending the outcome of a formal investigation. Such temporary suspension shall remain effective for a minimum of 48 hours. After the 48-hour period, the licensee may petition the Board for a restricted license pending the results of the formal investigation and proceedings for disciplinary review. If the Board determines that a restricted license is warranted, the Board shall have discretion to impose appropriate restrictions based on the facts presented.

C. Upon a determination to temporarily suspend a license, the Board shall immediately commence a formal investigation. The formal investigation shall be completed within 10 days of its commencement and the findings reported immediately to the Secretary of the Board. If, following the formal investigation, the Secretary of the Board determines that suspension of the license is warranted, a hearing shall be held within five days of the completion of the formal investigation. A decision shall be rendered within 10 days of conclusion of the hearing. If a decision is not rendered within 10 days of the conclusion of the hearing, the order of suspension shall be vacated and the license reinstated. Any appeal by the licensee shall be filed within 10 days of the decision and heard by the Board within 20 days of the decision. The Board shall render a decision on the appeal within 10 days of the conclusion of the appeal hearing.

D. Service of any order of suspension issued pursuant to this section shall be made by a special agent of the Board in person and by certified mail to the licensee. The order of suspension shall take effect immediately upon service.

E. This section shall not apply to (i) temporary licenses granted under § 4.1-211 or temporary permits granted under § 4.1-212, either of which may be revoked summarily in accordance with § 4.1-211, or (ii) licenses granted pursuant to *subdivision 7 or 8 of § 4.1-206.1 or subdivision 1 or 2 or 3 of § 4.1-207 or subdivision 4 or 5 of § 4.1-208 4.1-206.2.*

§ 4.1-227. Suspension or revocation of licenses; notice and hearings; imposition of penalties.

A. Except for temporary licenses, before the Board may impose a civil penalty against a brewery licensee or suspend or revoke any license, reasonable notice of such proposed or contemplated action shall be given to the licensee in accordance with the provisions of § 2.2-4020 of the Administrative Process Act (§ 2.2-4000 et seq.).

Notwithstanding the provisions of § 2.2-4022, the Board shall, upon written request by the licensee, permit the licensee to inspect and copy or photograph all (i) written or recorded statements made by the licensee or copies thereof or the substance of any oral statements made by the licensee or a previous or present employee of the licensee to any law-enforcement officer, the existence of which is known by the Board and upon which the Board intends to rely as evidence in any adversarial proceeding under this chapter against the licensee, and (ii) designated books, papers, documents, tangible objects, buildings, or places, or copies or portions thereof, that are within the possession, custody, or control of the Board and upon which the Board intends to rely as evidence in any adversarial proceeding under this chapter against the licensee. In addition, any subpoena for the production of documents issued to any person at the request of the licensee or the Board pursuant to § 4.1-103 shall provide for the production of the documents sought within ten working days, notwithstanding anything to the contrary in § 4.1-103.

If the Board fails to provide for inspection or copying under this section for the licensee after a written request, the Board shall be prohibited from introducing into evidence any items the licensee would have lawfully been entitled to inspect or copy under this section.

The action of the Board in suspending or revoking any license or in imposing a civil penalty against the holder of a brewery license shall be subject to judicial review in accordance with the Administrative Process Act. Such review shall extend to the entire evidential record of the proceedings provided by the Board in accordance with the Administrative Process Act. An appeal shall lie to the Court of Appeals from any order of the court. Notwithstanding § 8.01-676.1, the final judgment or order of the circuit court shall not be suspended, stayed or modified by such circuit court pending appeal to the Court of Appeals. Neither mandamus nor injunction shall lie in any such case.

B. In suspending any license the Board may impose, as a condition precedent to the removal of such suspension or any portion thereof, a requirement that the licensee pay the cost incurred by the Board in investigating the licensee and in holding the proceeding resulting in such suspension, or it may impose and collect such civil penalties as it deems appropriate. In no event shall the Board impose a civil penalty exceeding \$2,000 for the first violation occurring within five years immediately preceding the date of the violation or \$5,000 for the second violation occurring within five years immediately preceding the date of the second violation. However, if the violation involved selling alcoholic beverages to a person prohibited from purchasing alcoholic beverages or allowing consumption of alcoholic beverages by underage, intoxicated, or interdicted persons, the Board may impose a civil penalty not to exceed \$3,000 for the first violation occurring within five years immediately preceding the date of the violation and \$6,000 for a second violation occurring within five years immediately preceding the date of the second violation in lieu of such suspension or any portion thereof, or both. ~~Upon making a finding that aggravating circumstances exist, the~~ *The* Board may also impose a requirement that the licensee pay for the cost incurred by the Board not exceeding ~~\$10,000~~ \$25,000 in investigating the licensee and in holding the proceeding resulting in the violation in addition to any suspension or civil penalty incurred.

C. Following notice to (i) the licensee of a hearing that may result in the suspension or revocation of his license or (ii) the applicant of a hearing to resolve a contested application, the Board may accept a consent agreement as authorized in subdivision ~~22~~ 21 of § 4.1-103. The notice shall advise the licensee or applicant of the option to (a) admit the alleged violation or the validity of the objection; (b) waive any right to a hearing or an appeal under the Virginia Administrative Process Act (§ 2.2-4000 et seq.); and (c) (1) accept the proposed restrictions for operating under the license, (2) accept the period of suspension of the licensed privileges within the Board's parameters, (3) pay a civil penalty in lieu of the period of suspension, or any portion of the suspension as applicable, or (4) proceed to a hearing.

D. In case of an offense by the holder of a brewery license, the Board may (i) require that such holder pay the costs incurred by the Board in investigating the licensee, (ii) suspend or revoke the on-premises privileges of the brewery, and (iii) impose a civil penalty not to exceed \$25,000 for the first violation, \$50,000 for the second violation, and for the third or any subsequent violation, suspend or revoke such license or, in lieu of any suspension or portion thereof, impose a civil penalty not to exceed \$100,000. Such suspension or revocation shall not prohibit the licensee from manufacturing or selling beer manufactured by it to the owners of boats registered under the laws of the United States sailing for ports of call of a foreign country or another state, and to persons outside the Commonwealth.

E. The Board shall, by regulation or written order:

1. Designate those (i) objections to an application or (ii) alleged violations that will proceed to an initial hearing;
2. Designate the violations for which a waiver of a hearing and payment of a civil charge in lieu of suspension may be accepted for a first offense occurring within three years immediately preceding the date of the violation;
3. Provide for a reduction in the length of any suspension and a reduction in the amount of any civil penalty for any retail licensee where the licensee can demonstrate that it provided to its employees alcohol server or seller training certified in advance by the Board;

4. Establish a schedule of penalties for such offenses, prescribing the appropriate suspension of a license and the civil charge acceptable in lieu of such suspension; and

5. Establish a schedule of offenses for which any penalty may be waived upon a showing that the licensee has had no prior violations within five years immediately preceding the date of the violation. No waiver shall be granted by the Board, however, for a licensee's willful and knowing violation of this title or Board regulations.

§ 4.1-230. Applications for licenses; publication; notice to localities; fees; permits.

A. Every person intending to apply for any license authorized by this chapter shall file with the Board an application on forms provided by the Board and a statement in writing by the applicant swearing and affirming that all of the information contained therein is true.

Applicants for retail licenses for establishments that serve food or are otherwise required to obtain a food establishment permit from the Department of Health or an inspection by the Department of Agriculture and Consumer Services shall provide a copy of such permit, proof of inspection, proof of a pending application for such permit, or proof of a pending request for such inspection. If the applicant provides a copy of such permit, proof of inspection, proof of a pending application for a permit, or proof of a pending request for an inspection, a license may be issued to the applicant. If a license is issued on the basis of a pending application or inspection, such license shall authorize the licensee to purchase alcoholic beverages in accordance with the provisions of this title; however, the licensee shall not sell or serve alcoholic beverages until a permit is issued or an inspection is completed.

B. In addition, each applicant for a license under the provisions of this chapter, except applicants for annual banquet, banquet, tasting, special events, club events, annual mixed beverage banquet, ~~wine or beer shipper's~~, wine and beer shipper's, delivery permit, annual arts venue, or museum licenses issued under the provisions of Chapter 2 (§ 4.1-200 et seq.), or beer or wine importer's licenses, shall post a notice of his application with the Board on the front door of the building, place or room where he proposes to engage in such business for no more than 30 days and not less than 10 days. Such notice shall be of a size and contain such information as required by the Board, including a statement that any objections shall be submitted to the Board not more than 30 days following initial publication of the notice required pursuant to this subsection.

The applicant shall also cause notice to be published at least once a week for two consecutive weeks in a newspaper published in or having a general circulation in the county, city, or town wherein such applicant proposes to engage in such business. Such notice shall contain such information as required by the Board, including a statement that any objections to the issuance of the license be submitted to the Board not later than 30 days from the date of the initial newspaper publication. In the case of ~~wine or beer shipper's licensees~~, wine and beer shipper's licensees, delivery permittees or operators of boats, dining cars, buffet cars, club cars, *buses*, and airplanes, the posting and publishing of notice shall not be required.

Except for applicants for annual banquet, banquet, tasting, mixed beverage special events, club events, annual mixed beverage banquet, ~~wine or beer shipper's~~, wine and beer shipper's, beer or wine importer's, annual arts venue, or museum licenses, the Board shall conduct a background investigation, to include a criminal history records search, which may include a fingerprint-based national criminal history records search, on each applicant for a license. However, the Board may waive, for good cause shown, the requirement for a criminal history records search and completed personal data form for officers, directors, nonmanaging members, or limited partners of any applicant corporation, limited liability company, or limited partnership.

Except for applicants for ~~wine shipper's, beer shipper's~~, wine and beer shipper's licenses, and delivery permits, the Board shall notify the local governing body of each license application through the county or city attorney or the chief law-enforcement officer of the locality. Local governing bodies shall submit objections to the granting of a license within 30 days of the filing of the application.

C. Each applicant shall pay the required application fee at the time the application is filed. Each license application fee, including annual banquet and annual mixed beverage banquet, shall be \$195, plus the actual cost charged to the Department of State Police by the Federal Bureau of Investigation or the Central Criminal Records Exchange for processing any fingerprints through the Federal Bureau of Investigation or the Central Criminal Records Exchange for each criminal history records search required by the Board, except for banquet, tasting, or mixed beverage club events licenses, in which case the application fee shall be \$15. The application fee for banquet special event and mixed beverage special event licenses shall be \$45. Application fees shall be in addition to the state license fee required pursuant to ~~§ 4.1-231~~ 4.1-231.1 and shall not be refunded.

D. Subsection A shall not apply to the continuance of licenses granted under this chapter; however, all licensees shall file and maintain with the Board a current, accurate record of the information required by the Board pursuant to subsection A and notify the Board of any changes to such information in accordance with Board regulations.

E. Every application for a permit granted pursuant to § 4.1-212 shall be on a form provided by the Board. ~~In the case of applications to solicit the sale of wine and beer or spirits, each application shall be accompanied by a fee of \$165 and \$390, respectively. The fee for each such permit shall be subject to proration to the following extent: If the permit is granted in the second quarter of any year, the fee shall be decreased by one-fourth; if granted in the third quarter of any year, the fee shall be decreased by one-half; and if granted in the fourth quarter of any year, the fee shall be decreased by three-fourths. Each such permit shall expire on June 30 next succeeding the date of issuance, unless sooner suspended or revoked by the Board.~~

Such permits shall confer upon their holders no authority to make solicitations in the Commonwealth as otherwise provided by law.

The fee for a temporary permit shall be one-twelfth of the combined fees required by this section for applicable licenses to sell wine, beer, or mixed beverages computed to the nearest cent and multiplied by the number of months for which the permit is granted.

~~The fee for a keg registration permit shall be \$65 annually.~~

~~The fee for a permit for the storage of lawfully acquired alcoholic beverages not under customs bond or internal revenue bond in warehouses located in the Commonwealth shall be \$260 annually.~~

F. The Board shall have the authority to increase state license fees from the amounts set forth in § 4.1-231.1 as it was in effect on July 1, 2021. The Board shall set the amount of such increases on the basis of the consumer price index and shall not increase fees more than once every three years. Prior to implementing any state license fee increase, the Board shall provide notice to all licensees and the general public of (i) the Board's intent to impose a fee increase and (ii) the new fee that would be required for any license affected by the Board's proposed fee increases. Such notice shall be provided on or before November 1 in any year in which the Board has decided to increase state license fees, and such increases shall become effective July 1 of the following year.

A. The provisions of this title relating to the sale of mixed beverages shall not become effective in any town, county, or supervisor's election district of a county until a majority of the voters voting in a referendum vote affirmatively on the question of whether mixed alcoholic beverages should be sold by restaurants licensed under this title. The qualified voters of a town, county, or supervisor's election district of a county may file a petition with the circuit court of the county asking that a referendum be held on the question of whether the sale of mixed beverages by restaurants licensed by the Board should be permitted within that jurisdiction. The petition shall be signed by qualified voters equal in number to at least 10 percent of the number registered in the town, county, or supervisor's election district on January 1 preceding its filing or at least 100 qualified voters, whichever is greater.

Petition requirements for any county shall be based on the number of registered voters in the county, including the number of registered voters in any town having a population in excess of 1,000 located within such county. Upon the filing of a petition, and under no other circumstances, the court shall order the election officials of the county to conduct a referendum on the question.

The clerk of the circuit court of the county shall publish notice of the referendum in a newspaper of general circulation in the town, county, or supervisor's election district once a week for three consecutive weeks prior to the referendum.

The referendum shall be ordered and held and the results certified as provided in Article 5 (§ 24.2-681 et seq.) of Chapter 6 of Title 24.2. Thereupon the court shall enter of record an order certified by the clerk of the court to be transmitted to the Board and to the governing body of the town or county. Mixed beverages permitted to be sold by such referendum may in accordance with this title be sold by restaurants licensed by the Board within the town, county, or supervisor's election district of a county on or after 30 days following the entry of the order if a majority of the voters voting in the referendum have voted "Yes."

Such towns shall be treated as separate local option units, and only residents of any such town shall be eligible to vote in any referendum held pursuant to this section for any such town. Residents of towns having a population in excess of 1,000, however, shall also be eligible to vote in any referendum held pursuant to this section for any county in which the town is located.

The provisions of this section shall not require any town created as a result of a city-to-town reversion pursuant to Chapter 41 (§ 15.2-4100 et seq.) of Title 15.2 to hold a referendum on the same question if a majority of the voters voting in the former city had previously approved the sale of mixed beverages by restaurants licensed by the Board in such city.

B. Once a referendum has been held, no other referendum on the same question shall be held in the town, county, or supervisor's election district of a county for a period of 23 months.

The appropriate license fees shall be paid for this privilege.

D. Notwithstanding the provisions of subsection A of this section and subsection C of § 4.1-122, the sale of mixed beverages by licensees, and the sale of alcoholic beverages other than beer and wine not produced by farm wineries by the Board, shall be allowed in any city in the Commonwealth.

The qualified voters of a town, county, or supervisor's election district of a county may file a petition with the circuit court of the county asking that a referendum be held on the question of whether the sale of mixed beverages by restaurants licensed by the Board should be prohibited within that jurisdiction. The petition shall be signed by qualified voters equal in number to at least 10 percent of the number registered in the town, county, or supervisor's election district on January 1 preceding its filing or at least 100 qualified voters, whichever is greater.

Petition requirements for any county shall be based on the number of registered voters in the county, including the number of registered voters in any town having a population in excess of 1,000 located within such county. Upon the filing of a petition, and under no other circumstances, the court shall order the election officials of the county to conduct a referendum on the question.

The clerk of the circuit court of the county shall publish notice of the referendum in a newspaper of general circulation in the town, county, or supervisor's election district once a week for three consecutive weeks prior to the referendum.

The question on the ballot shall be:

"Shall the sale of mixed alcoholic beverages by restaurants licensed by the Virginia Alcoholic Beverage Control Authority be prohibited in _____ (name of town, county, or supervisor's election district of county)?"

The referendum shall be ordered and held and the results certified as provided in Article 5 (§ 24.2-681 et seq.) of Chapter 6 of Title 24.2. Thereupon the court shall enter of record an order certified by the clerk of the court to be transmitted to the Board and to the governing body of the town or county. Mixed beverages prohibited from sale by such referendum shall not be sold by restaurants within the town, county, or supervisor's election district of a county on or after 30 days following the entry of the order if a majority of the voters voting in the referendum have voted "Yes."

The provisions of this section shall be applicable to towns having a population in excess of 1,000 to the same extent and subject to the same conditions and limitations as are otherwise applicable to counties under this section. Such towns shall be treated as separate local option units, and only residents of any such town shall be eligible to vote in any referendum held pursuant to this section for any such town. Residents of towns having a population in excess of 1,000, however, shall also be eligible to vote in any referendum held pursuant to this section for any county in which the town is located.

Notwithstanding the provisions of this section, the sale of mixed beverages by restaurants shall be prohibited in any town created as a result of a city-to-town reversion pursuant to Chapter 41 (§ 15.2-4100 et seq.) of Title 15.2 if a referendum on the question of whether the sale of mixed beverages by restaurants licensed under this title should be prohibited was previously held in the former city and a majority of the voters voting in such referendum voted "Yes."

B. Once a referendum has been held, no other referendum on the same question shall be held in the town, county, or supervisor's election district of a county for a period of 23 months.

C. Notwithstanding the provisions of subsection A, the sale of mixed beverages shall be allowed on property dedicated for industrial or commercial development and controlled through the provision of public utilities and covenanting of the land by any multijurisdictional industrial development authority, as set forth under Chapter 49 (§ 15.2-4900 et seq.) of Title 15.2, provided that (i) such authority operates under a partnership agreement between three or more counties, cities, or towns and such jurisdictions participate administratively and financially in the authority and (ii) the sale of mixed beverages is permitted in one of the member counties, cities, towns, or a supervisor's election district of one of the counties and that the governing board of the authority authorizes an establishment located within the confines of such property to apply to the Board for such license. A. The Board may grant the following mixed beverages licenses:

1. Mixed beverage restaurant licenses, which shall authorize the licensee to sell and serve mixed beverages for consumption in dining areas and other designated areas of such restaurant. Such license may be granted only to persons (i) who operate a restaurant and (ii) whose gross receipts from the sale of food cooked, or prepared, and consumed on the premises and nonalcoholic beverages served on the premises, after issuance of such license, amount to at least 45 percent of the gross receipts from the sale of mixed beverages and food. For the purposes of this subdivision, other designated areas shall include outdoor dining areas, whether or not contiguous to the licensed premises, which outdoor dining areas may

have more than one means of ingress and egress to an adjacent public thoroughfare, provided such areas are under the control of the licensee and approved by the Board. Such noncontiguous designated areas shall not be approved for any retail license issued pursuant to subdivision A 5 of § 4.1-201.

If the restaurant is located on the premises of a hotel or motel with no fewer than four permanent bedrooms where food and beverage service is customarily provided by the restaurant in designated areas, bedrooms, and other private rooms of such hotel or motel, such licensee may (i) sell and serve mixed beverages for consumption in such designated areas, bedrooms, and other private rooms and (ii) sell spirits packaged in original closed containers purchased from the Board for on-premises consumption to registered guests and at scheduled functions of such hotel or motel only in such bedrooms or private rooms. Where such club prepares no food in its restaurant but purchases its food requirements from a restaurant licensed by the Board and located on another portion of the premises of the same hotel or motel building, this fact shall not prohibit the granting of a license by the Board to such club qualifying in all other respects. The club's gross receipts from the sale of nonalcoholic beverages consumed on the premises and food resold to its members and guests and consumed on the premises shall amount to at least 45 percent of its gross receipts from the sale of mixed beverages and food. The food sales made by a restaurant to such a club shall be excluded in any consideration of the qualifications of such restaurant for a license from the Board.

If the restaurant is located on the premises of and operated by a municipal golf course, the Board shall recognize the seasonal nature of the business and waive any applicable monthly food sales requirements for those months when weather conditions may reduce patronage of the golf course, provided that prepared food, including meals, is available to patrons during the same months. The gross receipts from the sale of food cooked, or prepared, and consumed on the premises and nonalcoholic beverages served on the premises, after the issuance of such license, shall amount to at least 45 percent of the gross receipts from the sale of mixed beverages and food on an annualized basis.

B. This section shall not apply to:

2. Brewery, distillery, or winery licensees engaging in conduct authorized by subdivision A 5 of § 4.1-201;
3. Farm winery licensees engaging in conduct authorized by subdivision ~~§ 6~~ of § ~~4.1-207 4.1-206.1~~;

C. The General Assembly finds that it is necessary and proper to require a separation between manufacturing interests, wholesale interests, and retail interests in the production and distribution of alcoholic beverages in order to prevent suppliers from dominating local markets through vertical integration and to prevent excessive sales of alcoholic beverages caused by overly aggressive marketing techniques. The exceptions established by this section to the general prohibition against tied interests shall be limited to their express terms so as not to undermine the general prohibition and shall therefore be construed accordingly.

§ 4.1-216. Further limitations on manufacturers, bottlers, importers, brokers or wholesalers; ownership interests prohibited; exceptions; prohibited trade practices.

A. As used in this section:

"Broker" means any person, other than a manufacturer or a licensed beer or wine importer, who regularly engages in the business of bringing together sellers and purchasers of alcoholic beverages for resale and arranges for or consummates such transactions with persons in the Commonwealth to whom such alcoholic beverages may lawfully be sold and shipped into the Commonwealth pursuant to the provisions of this title.

"Manufacturer, bottler, importer, broker or wholesaler of alcoholic beverages" includes any officers or directors of any such manufacturer, bottler, importer, broker or wholesaler.

B. Except as provided in this title, no manufacturer, importer, bottler, broker or wholesaler of alcoholic beverages, whether licensed in the Commonwealth or not, shall acquire or hold any financial interest, direct or indirect, (i) in the business for which any retail license is issued or (ii) in the premises where the business of a retail licensee is conducted.

1. Subdivision B (ii) shall not apply so long as such manufacturer, bottler, importer, broker or wholesaler does not sell or otherwise furnish, directly or indirectly, alcoholic beverages or other merchandise to such retail licensee and such retailer is not required by agreement or otherwise to exclude from sale at his establishment alcoholic beverages of other manufacturers, bottlers, importers, brokers or wholesalers.

2. Service as a member of the board of directors of a corporation licensed as a retailer, the shares of stock of which are sold to the general public on any national or local stock exchange, shall not be deemed to be a financial interest, direct or indirect, in the business or the premises of the retail licensee.

3. A brewery, winery or subsidiary or affiliate thereof, hereinafter collectively referred to as a financing corporation, may participate in financing the business of a wholesale licensee in the Commonwealth by providing debt or equity capital or both but only if done in accordance with the provisions of this subsection.

a. In order to assist a proposed new owner of an existing wholesale licensee, a financing corporation may provide debt or equity capital, or both, if prior approval of the Board has been obtained pursuant to subdivision 3 b of subsection B. A financing corporation which proposes to provide equity capital shall cause the proposed new owner to form a Virginia limited partnership in which the new owner is the general partner and the financing corporation is a limited partner. If the general partner defaults on any financial obligation to the limited partner, which default has been specifically defined in the partnership agreement, or, if the new owner defaults on its obligation to pay principal and interest when due to the financing corporation as specifically defined in the loan documents, then, and only then, shall such financing corporation be allowed to take title to the business of the wholesale licensee. Notwithstanding any other law to the contrary and provided written notice has been given to the Board within two business days after taking title, the wholesale licensee may be managed and operated by such financing corporation pursuant to the existing wholesale license for a period of time not to exceed 180 days as if the license had been issued in the name of the financing corporation. On or before the expiration of such 180-day period, the financing corporation shall cause ownership of the wholesale licensee's business to be transferred to a new owner. Otherwise, on the 181st day, the license shall be deemed terminated. The financing corporation may not participate in financing the transfer of ownership to the new owner or to any other subsequent owner for a period of twenty years following the effective date of the original financing transaction; except where a transfer takes place before the expiration of the eighth full year following the effective date of the original financing transaction in which case the financing corporation may finance such transfer as long as the new owner is required to return such debt or equity capital within the originally prescribed eight-year period. The financing corporation may exercise its right to take title to, manage and operate the business of, the wholesale licensee only once during such eight-year period.

b. In any case in which a financing corporation proposes to provide debt or equity capital in order to assist in a change of ownership of an existing wholesale licensee, the parties to the transaction shall first submit an application for a wholesale license in the name of the proposed new owner to the Board.

The Board shall be provided with all documents that pertain to the transaction at the time of the license application and shall ensure that the application complies with all requirements of law pertaining to the issuance of wholesale licenses

except that if the financing corporation proposes to provide equity capital and thereby take a limited partnership interest in the applicant entity, the financing corporation shall not be required to comply with any Virginia residency requirement applicable to the issuance of wholesale licenses. In addition to the foregoing, the applicant entity shall certify to the Board and provide supporting documentation that the following requirements are met prior to issuance of the wholesale license: (i) the terms and conditions of any debt financing which the financing corporation proposes to provide are substantially the same as those available in the financial markets to other wholesale licensees who will be in competition with the applicant, (ii) the terms of any proposed equity financing transaction are such that future profits of the applicant's business shall be distributed annually to the financing corporation in direct proportion to its percentage of ownership interest received in return for its investment of equity capital, (iii) if the financing corporation proposes to provide equity capital, it shall hold an ownership interest in the applicant entity through a limited partnership interest and no other arrangement and (iv) the applicant entity shall be contractually obligated to return such debt or equity capital to the financing corporation not later than the end of the eighth full year following the effective date of the transaction thereby terminating any ownership interest or right thereto of the financing corporation.

Once the Board has issued a wholesale license pursuant to an application filed in accordance with this subdivision 3 b, any subsequent change in the partnership agreement or the financing documents shall be subject to the prior approval of the Board. In accordance with the previous paragraph, the Board may require the licensee to resubmit certifications and documentation.

c. If a financing corporation wishes to provide debt financing, including inventory financing, but not equity financing, to an existing wholesale licensee or a proposed new owner of an existing wholesale licensee, it may do so without regard to the provisions of subdivisions 3 a and 3 b of subsection B under the following circumstances and subject to the following conditions: (i) in order to secure such debt financing, a wholesale licensee or a proposed new owner thereof may grant a security interest in any of its assets, including inventory, other than the wholesale license itself or corporate stock of the wholesale licensee; in the event of default, the financing corporation may take title to any assets pledged to secure such debt but may not take title to the business of the wholesale licensee and may not manage or operate such business; (ii) debt capital may be supplied by such financing corporation to an existing wholesale licensee or a proposed new owner of an existing wholesale licensee so long as debt capital is provided on terms and conditions which are substantially the same as those available in the financial markets to other wholesale licensees in competition with the wholesale licensee which is being so financed; and (iii) the licensee or proposed new owner shall certify to the Board and provide supporting documentation that the requirements of (i) and (ii) of this subdivision 3 c have been met.

Nothing in this section shall eliminate, affect or in any way modify the requirements of law pertaining to issuance and retention of a wholesale license as they may apply to existing wholesale licensees or new owners thereof which have received debt financing prior to the enactment of this subdivision 3 c.

4. Except for holders of retail licenses issued pursuant to subdivision A 5 of § 4.1-201, brewery licensees may sell beer to retail licensees for resale only under the following conditions: If such brewery or an affiliate or subsidiary thereof has taken title to the business of a wholesale licensee pursuant to the provisions of subdivision 3 a of subsection B, direct sale to retail licensees may be made during the 180-day period of operation allowed under that subdivision. Moreover, the holder of a brewery license may make sales of alcoholic beverages directly to retail licensees for a period not to exceed thirty days in the event that such retail licensees are normally serviced by a wholesale licensee representing that brewery which has been forced to suspend wholesale operations as a result of a natural disaster or other act of God or which has been terminated by the brewery for fraud, loss of license or assignment of assets for the benefit of creditors not in the ordinary course of business.

5. Notwithstanding any provision of this section, including but not limited to those provisions whereby certain ownership or lease arrangements may be permissible, no manufacturer, bottler, importer, broker or wholesaler of alcoholic beverages shall make an agreement, or attempt to make an agreement, with a retail licensee pursuant to which any products sold by a competitor are excluded in whole or in part from the premises on which the retail licensee's business is conducted.

6. Nothing in this section shall prohibit a winery, brewery, or distillery licensee from paying a royalty to a historical preservation entity pursuant to a bona fide intellectual property agreement that (i) authorizes the winery, brewery, or distillery licensee to manufacture wine, beer, or spirits based on authentic historical recipes and identified with brand names owned and trademarked by the historical preservation entity; (ii) provides for royalties to be paid based solely on the volume of wine, beer, or spirits manufactured using such recipes and trademarks, rather than on the sales revenues generated from such wine, beer, or spirits; and (iii) has been approved by the Board.

For purposes of this subdivision, "historical preservation entity" means an entity (a) that is exempt from income taxation under § 501(c)(3) of the Internal Revenue Code; (b) whose declared purposes include the preservation, restoration, and protection of a historic community in the Commonwealth that is the site of at least 50 historically significant houses, shops, and public buildings dating to the eighteenth century; and (c) that owns not more than 12 retail establishments in the Commonwealth for which retail licenses have been issued by the Board.

C. Subject to such exceptions as may be provided by statute or Board regulations, no manufacturer, bottler, importer, broker or wholesaler of alcoholic beverages, whether licensed in the Commonwealth or not, shall sell, rent, lend, buy for or give to any retail licensee, or to the owner of the premises in which the business of any retail licensee is conducted, any (i) money, equipment, furniture, fixtures, property, services or anything of value with which the business of such retail licensee is or may be conducted, or for any other purpose; (ii) advertising materials; and (iii) business entertainment,

provided that no transaction permitted under this section or by Board regulation shall be used to require the retail licensee to partially or totally exclude from sale at its establishment alcoholic beverages of other manufacturers or wholesalers.

The provisions of this subsection shall apply to manufacturers, bottlers, importers, brokers and wholesalers selling alcoholic beverages to any governmental instrumentality or employee thereof selling alcoholic beverages at retail within the exterior limits of the Commonwealth, including all territory within these limits owned by or ceded to the United States of America.

The provisions of this subsection shall not apply to any commercial lifestyle center licensee.

1. Wholesale beer or wine license to any person, unless such person has established or will establish a place or places of business within the Commonwealth at which will be received and from which will be distributed all alcoholic beverages sold by such person in the Commonwealth. § 4.1-225.1. Summary suspension in emergency circumstances; grounds; notice and hearing.

A. Notwithstanding any provisions to the contrary in Article 3 (§ 2.2-4018 et seq.) of the Administrative Process Act or § 4.1-227 or 4.1-229, the Board may summarily suspend any license or permit if it has reasonable cause to believe that an act of violence resulting in death or serious bodily injury, or a recurrence of such acts, has occurred on (i) the licensed premises, (ii) any premises immediately adjacent to the licensed premises that is owned or leased by the licensee, or (iii) any portion of public property immediately adjacent to the licensed premises, and the Board finds that there exists a continuing threat to public safety and that summary suspension of the license or permit is justified to protect the health, safety, or welfare of the public.

B. Prior to issuing an order of suspension pursuant to this section, special agents of the Board shall conduct an initial investigation and submit all findings to the Secretary of the Board within 48 hours of any such act of violence. If the Board determines suspension is warranted, it shall immediately notify the licensee of its intention to temporarily suspend his license pending the outcome of a formal investigation. Such temporary suspension shall remain effective for a minimum of 48 hours. After the 48-hour period, the licensee may petition the Board for a restricted license pending the results of the formal investigation and proceedings for disciplinary review. If the Board determines that a restricted license is warranted, the Board shall have discretion to impose appropriate restrictions based on the facts presented.

C. Upon a determination to temporarily suspend a license, the Board shall immediately commence a formal investigation. The formal investigation shall be completed within 10 days of its commencement and the findings reported immediately to the Secretary of the Board. If, following the formal investigation, the Secretary of the Board determines that suspension of the license is warranted, a hearing shall be held within five days of the completion of the formal investigation. A decision shall be rendered within 10 days of conclusion of the hearing. If a decision is not rendered within 10 days of the conclusion of the hearing, the order of suspension shall be vacated and the license reinstated. Any appeal by the licensee shall be filed within 10 days of the decision and heard by the Board within 20 days of the decision. The Board shall render a decision on the appeal within 10 days of the conclusion of the appeal hearing.

D. Service of any order of suspension issued pursuant to this section shall be made by a special agent of the Board in person and by certified mail to the licensee. The order of suspension shall take effect immediately upon service.

E. This section shall not apply to (i) temporary licenses granted under § 4.1-211 or temporary permits granted under § 4.1-212, either of which may be revoked summarily in accordance with § 4.1-211, or (ii) licenses granted pursuant to *subdivision 7 or 8 of § 4.1-206.1* or *subdivision 1 or 2 or 3 of § 4.1-207* or *subdivision 4 or 5 of § 4.1-208* *4.1-206.2*.

§ 4.1-227. Suspension or revocation of licenses; notice and hearings; imposition of penalties.

A. Except for temporary licenses, before the Board may impose a civil penalty against a brewery licensee or suspend or revoke any license, reasonable notice of such proposed or contemplated action shall be given to the licensee in accordance with the provisions of § 2.2-4020 of the Administrative Process Act (§ 2.2-4000 et seq.).

Notwithstanding the provisions of § 2.2-4022, the Board shall, upon written request by the licensee, permit the licensee to inspect and copy or photograph all (i) written or recorded statements made by the licensee or copies thereof or the substance of any oral statements made by the licensee or a previous or present employee of the licensee to any law-enforcement officer, the existence of which is known by the Board and upon which the Board intends to rely as evidence in any adversarial proceeding under this chapter against the licensee, and (ii) designated books, papers, documents, tangible objects, buildings, or places, or copies or portions thereof, that are within the possession, custody, or control of the Board and upon which the Board intends to rely as evidence in any adversarial proceeding under this chapter against the licensee. In addition, any subpoena for the production of documents issued to any person at the request of the licensee or the Board pursuant to § 4.1-103 shall provide for the production of the documents sought within ten working days, notwithstanding anything to the contrary in § 4.1-103.

If the Board fails to provide for inspection or copying under this section for the licensee after a written request, the Board shall be prohibited from introducing into evidence any items the licensee would have lawfully been entitled to inspect or copy under this section.

The action of the Board in suspending or revoking any license or in imposing a civil penalty against the holder of a brewery license shall be subject to judicial review in accordance with the Administrative Process Act. Such review shall extend to the entire evidential record of the proceedings provided by the Board in accordance with the Administrative Process Act. An appeal shall lie to the Court of Appeals from any order of the court. Notwithstanding § 8.01-676.1, the final judgment or order of the circuit court shall not be suspended, stayed or modified by such circuit court pending appeal to the Court of Appeals. Neither mandamus nor injunction shall lie in any such case.

B. In suspending any license the Board may impose, as a condition precedent to the removal of such suspension or any portion thereof, a requirement that the licensee pay the cost incurred by the Board in investigating the licensee and in holding the proceeding resulting in such suspension, or it may impose and collect such civil penalties as it deems appropriate. In no event shall the Board impose a civil penalty exceeding \$2,000 for the first violation occurring within five years immediately preceding the date of the violation or \$5,000 for the second violation occurring within five years immediately preceding the date of the second violation. However, if the violation involved selling alcoholic beverages to a person prohibited from purchasing alcoholic beverages or allowing consumption of alcoholic beverages by underage, intoxicated, or interdicted persons, the Board may impose a civil penalty not to exceed \$3,000 for the first violation occurring within five years immediately preceding the date of the violation and \$6,000 for a second violation occurring within five years immediately preceding the date of the second violation in lieu of such suspension or any portion thereof, or

both. ~~Upon making a finding that aggravating circumstances exist, the~~ The Board may also impose a requirement that the licensee pay for the cost incurred by the Board not exceeding ~~\$10,000~~ \$25,000 in investigating the licensee and in holding the proceeding resulting in the violation in addition to any suspension or civil penalty incurred.

C. Following notice to (i) the licensee of a hearing that may result in the suspension or revocation of his license or (ii) the applicant of a hearing to resolve a contested application, the Board may accept a consent agreement as authorized in subdivision ~~22~~ 21 of § 4.1-103. The notice shall advise the licensee or applicant of the option to (a) admit the alleged violation or the validity of the objection; (b) waive any right to a hearing or an appeal under the Virginia Administrative Process Act (§ 2.2-4000 et seq.); and (c) (1) accept the proposed restrictions for operating under the license, (2) accept the period of suspension of the licensed privileges within the Board's parameters, (3) pay a civil penalty in lieu of the period of suspension, or any portion of the suspension as applicable, or (4) proceed to a hearing.

D. In case of an offense by the holder of a brewery license, the Board may (i) require that such holder pay the costs incurred by the Board in investigating the licensee, (ii) suspend or revoke the on-premises privileges of the brewery, and (iii) impose a civil penalty not to exceed \$25,000 for the first violation, \$50,000 for the second violation, and for the third or any subsequent violation, suspend or revoke such license or, in lieu of any suspension or portion thereof, impose a civil penalty not to exceed \$100,000. Such suspension or revocation shall not prohibit the licensee from manufacturing or selling beer manufactured by it to the owners of boats registered under the laws of the United States sailing for ports of call of a foreign country or another state, and to persons outside the Commonwealth.

E. The Board shall, by regulation or written order:

1. Designate those (i) objections to an application or (ii) alleged violations that will proceed to an initial hearing;
2. Designate the violations for which a waiver of a hearing and payment of a civil charge in lieu of suspension may be accepted for a first offense occurring within three years immediately preceding the date of the violation;
3. Provide for a reduction in the length of any suspension and a reduction in the amount of any civil penalty for any retail licensee where the licensee can demonstrate that it provided to its employees alcohol server or seller training certified in advance by the Board;
4. Establish a schedule of penalties for such offenses, prescribing the appropriate suspension of a license and the civil charge acceptable in lieu of such suspension; and
5. Establish a schedule of offenses for which any penalty may be waived upon a showing that the licensee has had no prior violations within five years immediately preceding the date of the violation. No waiver shall be granted by the Board, however, for a licensee's willful and knowing violation of this title or Board regulations.

§ 4.1-230. Applications for licenses; publication; notice to localities; fees; permits.

A. Every person intending to apply for any license authorized by this chapter shall file with the Board an application on forms provided by the Board and a statement in writing by the applicant swearing and affirming that all of the information contained therein is true.

If the applicant provides a copy of such permit, proof of inspection, proof of a pending application for a permit, or proof of a pending request for an inspection, a license may be issued to the applicant. If a license is issued on the basis of a pending application or inspection, such license shall authorize the licensee to purchase alcoholic beverages in accordance with the provisions of this title; however, the licensee shall not sell or serve alcoholic beverages until a permit is issued or an inspection is completed.

The court shall order that the defendant be subject to electronic monitoring by means of a GPS (Global Positioning System) tracking device, or other similar device during this period of postrelease supervision. [H 259]

Be it enacted by the General Assembly of Virginia:

1. That §§ 18.2-308.1:3 and 19.2-169.1 of the Code of Virginia are amended and reenacted as follows:

§ 18.2-308.1:3. Purchase, possession, or transportation of firearm by persons involuntarily admitted or ordered to outpatient treatment; penalty.

A. It shall be unlawful for any person (i) involuntarily admitted to a facility or ordered to mandatory outpatient treatment pursuant to § 19.2-169.2; (ii) involuntarily admitted to a facility or ordered to mandatory outpatient treatment as the result of a commitment hearing pursuant to Article 5 (§ 37.2-814 et seq.) of Chapter 8 of Title 37.2; (iii) involuntarily admitted to a facility or ordered to mandatory outpatient treatment as a minor 14 years of age or older as the result of a commitment hearing pursuant to Article 16 (§ 16.1-335 et seq.) of Chapter 11 of Title 16.1; (iv) who was the subject of a temporary detention order pursuant to § 37.2-809 and subsequently agreed to voluntary admission pursuant to § 37.2-805

~~or~~; (v) who, as a minor 14 years of age or older, was the subject of a temporary detention order pursuant to § 16.1-340.1 and subsequently agreed to voluntary admission pursuant to § 16.1-338; or (vi) who was found incompetent to stand trial and likely to remain so for the foreseeable future and whose case was disposed of in accordance with § 19.2-169.3, to purchase, possess, or transport a firearm. A violation of this subsection shall be punishable as a Class 1 misdemeanor.

B. Any person prohibited from purchasing, possessing or transporting firearms under this section may, at any time following his release from involuntary admission to a facility, his release from an order of mandatory outpatient treatment, ~~or~~ his release from voluntary admission pursuant to § 37.2-805 following the issuance of a temporary detention order, *his release from a training center, or his release as provided by § 19.2-169.3*, petition the general district court in the city or county in which he resides or, if the person is not a resident of the Commonwealth, the general district court of the city or county in which the most recent of the proceedings described in subsection A occurred to restore his right to purchase, possess, or transport a firearm. A copy of the petition shall be mailed or delivered to the attorney for the Commonwealth for the jurisdiction where the petition was filed who shall be entitled to respond and represent the interests of the Commonwealth. The court shall conduct a hearing if requested by either party. If the court determines, after receiving and considering evidence concerning the circumstances regarding the disabilities referred to in subsection A and the person's criminal history, treatment record, and reputation as developed through character witness statements, testimony, or other character evidence, that the person will not likely act in a manner dangerous to public safety and that granting the relief would not be contrary to the public interest, the court shall grant the petition. Any person denied relief by the general district court may petition the circuit court for a de novo review of the denial. Upon a grant of relief in any court, the court shall enter a written order granting the petition, in which event the provisions of subsection A do not apply. The clerk of court shall certify and forward forthwith to the Central Criminal Records Exchange, on a form provided by the Exchange, a copy of any such order.

C. As used in this section, "treatment record" shall include copies of health records detailing the petitioner's psychiatric history, which shall include the records pertaining to the commitment or adjudication that is the subject of the request for relief pursuant to this section.

§ 19.2-169.1. Raising question of competency to stand trial or plead; evaluation and determination of competency.

A. Raising competency issue; appointment of evaluators. — If, at any time after the attorney for the defendant has been retained or appointed and before the end of trial, the court finds, upon hearing evidence or representations of counsel for the defendant or the attorney for the Commonwealth, that there is probable cause to believe that the defendant, whether a juvenile transferred pursuant to § 16.1-269.1 or adult, lacks substantial capacity to understand the proceedings against him or to assist his attorney in his own defense, the court shall order that a competency evaluation be performed by at least one psychiatrist or clinical psychologist who (i) has performed forensic evaluations; (ii) has successfully completed forensic evaluation training recognized by the Commissioner of Behavioral Health and Developmental Services; (iii) has demonstrated to the Commissioner competence to perform forensic evaluations; and (iv) is included on a list of approved evaluators maintained by the Commissioner.

B. Location of evaluation. — The evaluation shall be performed on an outpatient basis at a mental health facility or in jail unless an outpatient evaluation has been conducted and the outpatient evaluator opines that a hospital-based evaluation is needed to reliably reach an opinion or unless the defendant is in the custody of the Commissioner of Behavioral Health and Developmental Services pursuant to § 19.2-169.2, 19.2-169.6, 19.2-182.2, 19.2-182.3, 19.2-182.8, 19.2-182.9, or Article 5 (§ 37.2-814 et seq.) of Chapter 8 of Title 37.2.

C. Provision of information to evaluators. — The court shall require the attorney for the Commonwealth to provide to the evaluators appointed under subsection A any information relevant to the evaluation, including, but not limited to (i) a copy of the warrant or indictment; (ii) the names and addresses of the attorney for the Commonwealth, the attorney for the defendant, and the judge ordering the evaluation; (iii) information about the alleged crime; and (iv) a summary of the reasons for the evaluation request. The court shall require the attorney for the defendant to provide any available psychiatric records and other information that is deemed relevant. The court shall require that information be provided to the evaluator within 96 hours of the issuance of the court order pursuant to this section.

D. The competency report. — Upon completion of the evaluation, the evaluators shall promptly submit a report in writing to the court and the attorneys of record concerning (i) the defendant's capacity to understand the proceedings against him; (ii) his ability to assist his attorney; and (iii) his need for treatment in the event he is found incompetent but restorable, or incompetent for the foreseeable future. If a need for restoration treatment is identified pursuant to clause (iii), the report shall state whether inpatient or outpatient treatment (*community-based or jail-based*) is recommended. *In cases where a defendant is likely to remain incompetent for the foreseeable future due to an ongoing and irreversible medical condition, and where prior medical or educational records are available to support the diagnosis, the report may recommend that the court find the defendant unrestorably incompetent to stand trial and the court may proceed with the disposition of the case in accordance with § 19.2-169.3.* No statements of the defendant relating to the time period of the alleged offense shall be included in the report. The evaluator shall also send a redacted copy of the report removing references to the defendant's name, date of birth, case number, and court of jurisdiction to the Commissioner of Behavioral Health and Developmental Services for the purpose of peer review to establish and maintain the list of approved evaluators described in subsection A.

E. The competency determination. — After receiving the report described in subsection D, the court shall promptly determine whether the defendant is competent to stand trial. A hearing on the defendant's competency is not required unless

one is requested by the attorney for the Commonwealth or the attorney for the defendant, or unless the court has reasonable cause to believe the defendant will be hospitalized under § 19.2-169.2. If a hearing is held, the party alleging that the defendant is incompetent shall bear the burden of proving by a preponderance of the evidence the defendant's incompetency. The defendant shall have the right to notice of the hearing, the right to counsel at the hearing and the right to personally participate in and introduce evidence at the hearing.

The fact that the defendant claims to be unable to remember the time period surrounding the alleged offense shall not, by itself, bar a finding of competency if the defendant otherwise understands the charges against him and can assist in his defense. Nor shall the fact that the defendant is under the influence of medication bar a finding of competency if the defendant is able to understand the charges against him and assist in his defense while medicated.

CHAPTER 1124

An Act to amend the Code of Virginia by adding in Article 5 of Chapter 15 of Title 19.2 a section numbered 19.2-266.4 and to repeal § 19.2-264.3:1.3 of the Code of Virginia, relating to ex parte requests for expert assistance in criminal cases.

[H 824]

Approved April 10, 2020

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Article 5 of Chapter 15 of Title 19.2 a section numbered 19.2-266.4 as follows:

§ 19.2-266.4. Expert assistance for indigent defendants.

A. In any case in which a defendant is (i) charged with a felony offense or a Class 1 misdemeanor and (ii) determined to be indigent by the court pursuant to § 19.2-159, the defendant or his attorney may, upon notice to the Commonwealth, move the circuit court to designate another judge in the same circuit to hear an ex parte request for appointment of a qualified expert to assist in the preparation of the defendant's defense. No ex parte proceeding, communication, or request may be considered pursuant to this section unless the defendant or his attorney states under oath or in a sworn declaration that a need for confidentiality exists. A risk that trial strategy may be disclosed unless the hearing is ex parte shall be sufficient grounds to establish a need for confidentiality.

B. Upon receiving the defendant's or his attorney's declaration of need for confidentiality, the designated ex parte judge shall conduct an ex parte hearing on the request for authorization to obtain expert assistance. This hearing shall occur as soon as practicable. After a hearing upon the motion and upon a showing that the provision of the requested expert services would materially assist the defendant in preparing his defense and the denial of such services would result in a

fundamentally unfair trial, the court shall order the appointment of a qualified expert. Any expert appointed pursuant to this subsection shall be compensated in accordance with § 19.2-332. The designated judge shall direct requests for scientific investigations to the Department of Forensic Science or Division of Consolidated Laboratory Services whenever practicable.

C. All ex parte hearings conducted under this section shall be initiated by written motion and shall be on the record. Except for the initial declaration of need for confidentiality, the record of the hearings, together with all papers filed and orders entered in connection with ex parte requests for expert assistance, all payment requests submitted by experts appointed, and the identity of all experts appointed, shall be kept under seal as part of the record of the case and shall not be disclosed. Following a decision on the motion, whether it is granted or denied, the motion, order or orders, and all other papers or information related to the proceedings or expert assistance sought shall remain under seal. On motion of any party, and for good cause shown, the court may unseal the foregoing records after the trial is concluded.

D. All ex parte proceedings, communications, or requests shall be transcribed and made part of the record available for appellate review or any other post-conviction review.

2. That § 19.2-264.3:1.3 of the Code of Virginia is repealed.

B. Every action for injury to property, including actions by a parent or guardian of an infant against a tort-feasor for expenses of curing or attempting to cure such infant from the result of a personal injury or loss of services of such infant, shall be brought within five years after the cause of action accrues. An infant's claim for medical expenses pursuant to subsection B of § 8.01-36 accruing on or after July 1, 2013, shall be governed by the applicable statute of limitations that applies to the infant's cause of action.

C. The two-year limitations period specified in subsection A shall be extended in actions for malpractice against a health care provider as follows:

2. In cases in which fraud, concealment, or intentional misrepresentation prevented discovery of the injury within the two-year period, for one year from the date the injury is discovered or, by the exercise of due diligence, reasonably should have been discovered; and

3. In a claim for the negligent failure to diagnose a malignant tumor, cancer, or an intracranial, intraspinal, or spinal schwannoma, for a period of one year from the date the diagnosis of a malignant tumor, cancer, or an intracranial, intraspinal, or spinal schwannoma is communicated to the patient by a health care provider, provided that the health care provider's underlying act or omission was on or after July 1, 2008, in the case of a malignant tumor or cancer or on or after July 1, 2016, in the case of an intracranial, intraspinal, or spinal schwannoma. Claims under this section for the negligent failure to diagnose a malignant tumor or cancer, where the health care provider's underlying act or omission occurred prior to July 1, 2008, shall be governed by the statute of limitations that existed prior to July 1, 2008. C. The failure of a law-enforcement officer to cause an audiovisual or audio recording to be made in accordance with subsection B shall not affect the admissibility of the statements made by the subject of the custodial interrogation, but such failure may be considered in determining the weight given to such evidence.

D. Any audiovisual or audio recording made in accordance to subsection B shall be preserved until such time as (i) the person is acquitted or the charges against the person are otherwise dismissed and further prosecution of such charges is prohibited by law or (ii) if convicted or adjudicated delinquent, the person has completed service of his sentence and any modification of his sentence.

CHAPTER 1131

An Act to amend and reenact § 55.1-306 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 55.1-306.1, relating to utility easements; broadband and other communications services.

[S 794]

Approved April 10, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 55.1-306 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 55.1-306.1 as follows:

§ 55.1-306. Utility easements.

A. For the purposes of this section, "utility services" means any products, services, and equipment related to energy, ~~telecommunications~~ *broadband and other communications services*, water, and sewerage.

B. Where an easement, whether appurtenant or gross, is expressly granted by an instrument recorded on or after July 1, 2006, that imposes on a servient tract of land a covenant (i) to provide an easement in the future for the benefit of utility services; (ii) to relocate, construct, or maintain facilities owned by an entity that provides utility services; or (iii) to pay the cost of such relocation, construction, or maintenance, such covenant shall be deemed for all purposes to touch and concern the servient tract, to run with the servient tract, its successors, and assigns for the benefit of the entity providing utility services, its successors, and assigns.

§ 55.1-306.1. Utility easements; expansion of broadband.

A. As used in this section, unless the context otherwise requires:

"Claim" means, in reference to litigation brought against an indemnified party, any demand, claim, cause or right of action, judgment, settlement, payment, provision of a consent decree or a consent decree, damages, attorneys fees, costs, expenses, and any other losses of any kind whatsoever associated with litigation.

"Communications provider" means a broadband or other communications service provider, including a public utility as defined in § 56-265.1, a cable operator as defined in § 15.2-2108.1:1, a local exchange carrier, competitive or incumbent, or a subsidiary or affiliate of any such entity.

"Easement" means an existing or future occupied electric distribution or communications easement with right of apportionment, including a prescriptive easement, except that "easement" does not include (i) easements that contain electric substations or other installations or facilities of a nonlinear character and (ii) electric transmission easements.

"Enterprise data center operations" has the same meaning as provided in § 58.1-422.2.

"Evidence of creditworthiness" means commercially reasonable assurance, in a form satisfactory to the incumbent utility, that the communications provider will be able to meet its obligations to indemnify as required by this section. Demonstrating that the communications provider has met the eligibility requirements for the Virginia Telecommunications Initiative (VATI), without regard to receipt of a VATI grant, pursuant to regulations or guidelines adopted by the Department of Housing and Community Development, shall be presumptive evidence of creditworthiness.

"Incumbent utility" means the entity that is the owner of the easement.

"Indemnified parties" means an incumbent utility, or any subsidiary or affiliate of any such entity, and the employees, attorneys, officers, agents, directors, representatives, or contractors of any such entity.

"Occupancy license agreement" means an uncompensated agreement between an incumbent utility and a communications provider, for use when the communications provider wishes to occupy an easement underground, that includes evidence of creditworthiness, nondiscriminatory provisions based on safety, reliability, and generally applicable engineering principles.

"Prescriptive easement" means an easement in favor of an incumbent utility or communications provider that is deemed to exist, without any requirement of adverse possession, claim of right, or exclusivity, when physical evidence, records of the incumbent utility, public records, or other evidence indicates that it has existed on the servient estate for a continuous period of 20 years or more, without intervening litigation during such period by any party with a title interest seeking the removal of utility facilities or reformation of the easement. The size of such easement shall be deemed to be the greater of the actual occupancy of the easement in the incumbent utility's usual course of business or 7.5 feet on each side of the installed facilities' center-line.

"Public utility" has the same meaning as provided in § 56-265.1.

"Sensitive site" means an underlying servient estate that is occupied by a railroad or an owner or tenant having operations related to national defense, national security, or law-enforcement purposes.

B. It is the policy of the Commonwealth that:

1. Easements for the location and use of electric and communications facilities may be used to provide or expand broadband or other communications services;

2. The use of easements, appurtenant or gross, to provide or expand broadband or other communications services is in the public interest;

3. The installation, replacement, or use of public utility conduit, including the costs of installation, replacement, or use of conduit of a sufficient size to accommodate the installation of infrastructure to provide or expand broadband or other communications services, is in the public interest;

4. The use of easements, appurtenant or gross, to provide or expand broadband or other communications services (i) does not constitute a change in the physical use of the easement, (ii) does not interfere with, impair, or take any vested or other rights of the owner or occupant of the servient estate, (iii) does not place any additional burden on the servient estate other than a de minimis burden, if any; and (iv) has value to the owner or occupant of the servient estate greater than any de minimis impact;

5. The installation and operation of broadband or other communications services within easements, appurtenant or gross, are merely changes in the manner, purpose, or degree of the granted use as appropriate to accommodate a new technology; and

6. The statements in this subsection are intended to provide guidance to courts, agencies, and political subdivisions of the Commonwealth. Nothing in this section shall be deemed to make the use of an easement for broadband or other communications services, whether appurtenant, in gross, common, exclusive, or nonexclusive, a public use for the purposes of § 1-219.1, or other applicable law.

C. The installation and operation of broadband or other communications services by an incumbent utility for that utility's own internal use, adjunctive to the operation of the electric system, or for the purposes of electric safety, reliability, energy management, and electric grid modernization, are permitted uses within the scope of every easement.

D. Absent any express prohibition on the installation and operation of broadband or other communications services in an easement that is contained in a deed or other instrument by which the easement was granted, the installation and operation of broadband or other communications services within any easement shall be deemed, as a matter of law, to be a permitted use within the scope of every easement for the location and use of electric and communications facilities.

E. Subject to compliance with any express prohibitions in a written easement, any incumbent utility or communications provider may use an easement to install, construct, provide, maintain, modify, lease, operate, repair, replace, or remove its communications equipment, system, or facilities, and provide communications services through the same, without such incumbent utility or communications provider paying additional compensation to the owner or occupant of the servient estate or to the incumbent utility, provided that no additional utility poles are installed.

F. Nothing in this section shall diminish a landowner's right to contest, in a court of competent jurisdiction, the nature or existence of a prescriptive easement that has been continuously occupied for less than 20 years.

G. Any incumbent utility or communications provider may use a prescriptive easement to install, construct, provide, maintain, modify, lease, operate, repair, replace, or remove its communications equipment, system, or facilities, and provide communications services through the same, without such incumbent utility or communications provider paying additional compensation to the owner or occupant of the servient estate or to the incumbent utility, provided that no additional utility poles are installed.

H. Any incumbent utility may grant or apportion to any communications provider rights to install, construct, provide, maintain, modify, lease, operate, repair, replace, or remove its communications equipment, system, or facilities, and to provide communications services through the incumbent utility's prescriptive easement, including the right to enter upon such easement without approval of the owner or occupant of the servient estate, such grant and use being in the public interest and within the scope of the property interests acquired by the incumbent utility when the prescriptive easement was established.

I. Notwithstanding any other provision of law, in any action for trespass, or any claim sounding in trespass or reasonably related thereto, whatever the theory of recovery, relating to real property that is brought after July 1, 2020, against an incumbent utility or a communications provider, in relation to the existence, installation, construction, maintenance, modification, operation, repair, replacement, or removal of any poles, wires, conduit, or other communications infrastructure, including fiber optic or coaxial cabling or the existence of any easement, appurtenant or gross, including a prescriptive easement, if proven, damages recoverable by any claimant bringing such claim shall be limited to actual damages only, and no consequential, special, or punitive damages shall be awarded. Damages shall be based on any reduction in the value of the land as a result of the existence, installation, construction, maintenance, modification, operation, repair, replacement, or removal of communications facilities, as such tract existed at the time that any alleged trespass began giving rise to such claim under this section. The court shall also consider any positive value that access to broadband or other communications services may add to the property's value when calculating damages. Injunctive relief to require the removal or to enjoin the operation of other communications facilities or infrastructure shall not be available when such line or facilities are placed within an existing electric utility or communications easement, appurtenant or gross, but damages as set forth in this subsection shall be the exclusive remedy.

J. Nothing in this section shall be deemed to limit any liability for personal injury or damage to tangible personal property of the landowner or occupant caused directly by the activities of the incumbent utility or communications provider while on or adjacent to the landowner's or occupant's real property.

K. Any communications provider making use of an easement pursuant to this section shall:

1. Enter into an agreement with the incumbent utility authorizing it to use an easement;
2. Adhere to such restrictions as the incumbent utility may place on the communications provider, provided that such restrictions are reasonably related to safety, reliability, or generally applicable engineering principles and are applied on a nondiscriminatory basis;

3. For underground facilities, enter into an occupancy license agreement with the incumbent utility;

4. Agree in writing to indemnify, defend, and hold harmless the indemnified parties as against any third party for any claim, including claims of trespass, arising out of its entry onto, use of, or occupancy of such easement and provide evidence of creditworthiness, as the incumbent utility may prescribe, provided that the communications provider is given timely written notice and full cooperation of the indemnified parties in defending or settling any claim, including access to records and personnel to establish the existence of an easement and its history of use by the incumbent utility, and further provided that every communications provider occupying an easement that is the subject of a claim shall be jointly and severally liable to the indemnified parties, with an obligation of equal contribution, for any claim arising out of entry onto, use of, or occupancy of an easement for communications purposes; and

5. For underground facilities, abide by the provisions of the Underground Utility Damage Prevention Act (§ 56-265.14 et seq.).

L. A communications provider, making use of an easement pursuant to this section, shall not:

1. Locate a telecommunications tower in such easement; or

2. Install any new underground facilities except pursuant to an occupancy license agreement (i) in an incumbent utility's conduit pursuant to a joint use agreement; (ii) where incumbent utility facilities are permitted underground, using a clean-cutting direct burial technique beneath the surface soil no more than 24 inches in depth and six inches in width; or (iii) riser or drop lines or equipment connection lines, followed in all cases by reasonable restoration of the surface to substantially its prior condition, provided that the landowner shall not, absent an agreement to the contrary, be responsible for relocating or reimbursing the incumbent utility or a communications provider for the cost of relocating any new underground communications facilities installed pursuant to clause (ii) of this subdivision, which relocation and associated costs shall be addressed in the occupancy license agreement. This limitation on reimbursement or payment of relocation

costs incurred as a result of development or redevelopment by the landowner shall not apply to any communications facilities in the public rights of way adjacent to or overlying the real property in question.

M. As against a communications provider, no incumbent utility shall:

1. Solely by virtue of the provisions of this section, require any additional compensation for use of an easement, unless such compensation is required expressly in a written easement or other agreement;
2. Unreasonably refuse to grant an occupancy license agreement to any communications provider;
3. Include in an occupancy license agreement requirements for title reports, surveys, or engineering drawings; or
4. Use an occupancy license agreement for dilatory purposes or to create a barrier to the deployment of broadband or other communications services.

N. Nothing in this section shall apply to those easements located on sensitive sites or housing enterprise data center operations.

O. Notwithstanding any provision of this section, a public utility or an incumbent utility may assess fees and charges and impose reasonable conditions on the use of its poles, conduits, facilities, and infrastructure, which, as regarding attachments to utility poles, shall be subject to the provisions of 47 U.S.C. § 224 for investor-owned utilities and to § 56-466.1 for electric cooperatives. The statutes of repose, limitation, and notice-of-claim requirements contained in subsections R, S, and T shall not apply as being between a communications provider and an incumbent utility.

P. Nothing in this section shall be construed to inhibit, diminish, or modify the application of the provisions of Chapter 4 (§ 56-76 et seq.) of Title 56 or § 56-231.34:1 or 56-231.50:1, as applicable.

Q. The provisions of this section shall be liberally construed. An agreement to indemnify pursuant to this section shall not be void as against public policy.

R. Notwithstanding any other provision of law, every action against an incumbent utility, public utility, or communications provider, or a subsidiary or affiliate of any such entity, in relation to the existence, installation, construction, maintenance, modification, operation, repair, replacement, or removal of any poles, wires, or other communications infrastructure, including fiber optic or coaxial cabling, whatever the theory of recovery, shall be brought within 12 months after the cause of action accrues. The cause of action shall be deemed to accrue when overhead broadband or other communications infrastructure is installed or when such underground infrastructure is discovered.

S. Notwithstanding any other provision of law, every action against an incumbent utility, public utility, or a communications provider, or a subsidiary or affiliate of any such entity, after actual notice has been given to the landowner or occupant in relation to the existence, installation, construction, maintenance, modification, operation, repair, replacement, or removal of any poles, wires, or other communications infrastructure, including fiber optic or coaxial cabling, overhead or underground, whatever the theory of recovery, shall be brought within six months after the cause of action accrues. The cause of action shall be deemed to accrue when actual notice, including notification of such six-month limitation period, is given to the landowner or occupant by first class mail to the last known mailing address of the landowner or occupant in the incumbent utility's records, or other actual notice.

T. Notwithstanding any other provision of law, every claim cognizable against any incumbent utility, public utility, or communications provider for trespass, or any claim sounding in trespass or reasonably related thereto, whatever the theory of recovery, in relation to the overhead or underground existence, installation, construction, maintenance, modification, operation, repair, replacement, or removal of any poles, wires, or other communications infrastructure, including fiber optic or coaxial cabling, shall be forever barred unless the claimant or his agent, attorney, or representative has filed a written statement addressed to the incumbent utility, and, if known, to the communications provider, of the nature of the claim, which includes the time and place at which the claim is alleged to have transpired, within 12 months after such cause of action accrued. The cause of action shall be deemed to accrue when physical overhead broadband or other communications infrastructure is installed, or when the existence of such underground infrastructure is discovered. However, if the claimant was under a disability at the time the cause of action accrued, the tolling provisions of § 8.01-229 shall apply.

CHAPTER 1132

An Act to amend and reenact § 55.1-306 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 55.1-306.1, relating to utility easements; broadband and other communications services.

[H 831]

Approved April 10, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 55.1-306 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 55.1-306.1 as follows:

§ 55.1-306. Utility easements.

A. For the purposes of this section, "utility services" means any products, services, and equipment related to energy, telecommunications broadband and other communications services, water, and sewerage.

B. Where an easement, whether appurtenant or gross, is expressly granted by an instrument recorded on or after July 1, 2006, that imposes on a servient tract of land a covenant (i) to provide an easement in the future for the benefit of utility services; (ii) to relocate, construct, or maintain facilities owned by an entity that provides utility services; or (iii) to

pay the cost of such relocation, construction, or maintenance, such covenant shall be deemed for all purposes to touch and concern the servient tract, to run with the servient tract, its successors, and assigns for the benefit of the entity providing utility services, its successors, and assigns.

§ 55.1-306.1. Utility easements; expansion of broadband.

A. As used in this section, unless the context otherwise requires:

"Claim" means, in reference to litigation brought against an indemnified party, any demand, claim, cause or right of action, judgment, settlement, payment, provision of a consent decree or a consent decree, damages, attorneys fees, costs, expenses, and any other losses of any kind whatsoever associated with litigation.

"Communications provider" means a broadband or other communications service provider, including a public utility as defined in § 56-265.1, a cable operator as defined in § 15.2-2108.1:1, a local exchange carrier, competitive or incumbent, or a subsidiary or affiliate of any such entity.

"Easement" means an existing or future occupied electric distribution or communications easement with right of apportionment, including a prescriptive easement, except that "easement" does not include (i) easements that contain electric substations or other installations or facilities of a nonlinear character and (ii) electric transmission easements.

"Enterprise data center operations" has the same meaning as provided in § 58.1-422.2.

"Evidence of creditworthiness" means commercially reasonable assurance, in a form satisfactory to the incumbent utility, that the communications provider will be able to meet its obligations to indemnify as required by this section. Demonstrating that the communications provider has met the eligibility requirements for the Virginia Telecommunications Initiative (VATI), without regard to receipt of a VATI grant, pursuant to regulations or guidelines adopted by the Department of Housing and Community Development, shall be presumptive evidence of creditworthiness.

"Incumbent utility" means the entity that is the owner of the easement.

"Indemnified parties" means an incumbent utility, or any subsidiary or affiliate of any such entity, and the employees, attorneys, officers, agents, directors, representatives, or contractors of any such entity.

"Occupancy license agreement" means an uncompensated agreement between an incumbent utility and a communications provider, for use when the communications provider wishes to occupy an easement underground, that includes evidence of creditworthiness, nondiscriminatory provisions based on safety, reliability, and generally applicable engineering principles.

"Prescriptive easement" means an easement in favor of an incumbent utility or communications provider that is deemed to exist, without any requirement of adverse possession, claim of right, or exclusivity, when physical evidence, records of the incumbent utility, public records, or other evidence indicates that it has existed on the servient estate for a continuous period of 20 years or more, without intervening litigation during such period by any party with a title interest seeking the removal of utility facilities or reformation of the easement. The size of such easement shall be deemed to be the greater of the actual occupancy of the easement in the incumbent utility's usual course of business or 7.5 feet on each side of the installed facilities' center-line.

"Public utility" has the same meaning as provided in § 56-265.1.

"Sensitive site" means an underlying servient estate that is occupied by a railroad or an owner or tenant having operations related to national defense, national security, or law-enforcement purposes.

B. It is the policy of the Commonwealth that:

1. Easements for the location and use of electric and communications facilities may be used to provide or expand broadband or other communications services;

2. The use of easements, appurtenant or gross, to provide or expand broadband or other communications services is in the public interest;

3. The installation, replacement, or use of public utility conduit, including the costs of installation, replacement, or use of conduit of a sufficient size to accommodate the installation of infrastructure to provide or expand broadband or other communications services, is in the public interest;

4. The use of easements, appurtenant or gross, to provide or expand broadband or other communications services (i) does not constitute a change in the physical use of the easement, (ii) does not interfere with, impair, or take any vested or other rights of the owner or occupant of the servient estate, (iii) does not place any additional burden on the servient estate other than a de minimis burden, if any; and (iv) has value to the owner or occupant of the servient estate greater than any de minimis impact;

5. The installation and operation of broadband or other communications services within easements, appurtenant or gross, are merely changes in the manner, purpose, or degree of the granted use as appropriate to accommodate a new technology; and

6. The statements in this subsection are intended to provide guidance to courts, agencies, and political subdivisions of the Commonwealth. Nothing in this section shall be deemed to make the use of an easement for broadband or other communications services, whether appurtenant, in gross, common, exclusive, or nonexclusive, a public use for the purposes of § 1-219.1, or other applicable law.

C. The installation and operation of broadband or other communications services by an incumbent utility for that utility's own internal use, adjunctive to the operation of the electric system, or for the purposes of electric safety, reliability, energy management, and electric grid modernization, are permitted uses within the scope of every easement.

D. Absent any express prohibition on the installation and operation of broadband or other communications services in an easement that is contained in a deed or other instrument by which the easement was granted, the installation and operation of broadband or other communications services within any easement shall be deemed, as a matter of law, to be a permitted use within the scope of every easement for the location and use of electric and communications facilities.

E. Subject to compliance with any express prohibitions in a written easement, any incumbent utility or communications provider may use an easement to install, construct, provide, maintain, modify, lease, operate, repair, replace, or remove its communications equipment, system, or facilities, and provide communications services through the same, without such incumbent utility or communications provider paying additional compensation to the owner or occupant of the servient estate or to the incumbent utility, provided that no additional utility poles are installed.

F. Nothing in this section shall diminish a landowner's right to contest, in a court of competent jurisdiction, the nature or existence of a prescriptive easement that has been continuously occupied for less than 20 years.

G. Any incumbent utility or communications provider may use a prescriptive easement to install, construct, provide, maintain, modify, lease, operate, repair, replace, or remove its communications equipment, system, or facilities, and provide communications services through the same, without such incumbent utility or communications provider paying additional compensation to the owner or occupant of the servient estate or to the incumbent utility, provided that no additional utility poles are installed.

H. Any incumbent utility may grant or apportion to any communications provider rights to install, construct, provide, maintain, modify, lease, operate, repair, replace, or remove its communications equipment, system, or facilities, and to provide communications services through the incumbent utility's prescriptive easement, including the right to enter upon such easement without approval of the owner or occupant of the servient estate, such grant and use being in the public interest and within the scope of the property interests acquired by the incumbent utility when the prescriptive easement was established.

I. Notwithstanding any other provision of law, in any action for trespass, or any claim sounding in trespass or reasonably related thereto, whatever the theory of recovery, relating to real property that is brought after July 1, 2020, against an incumbent utility or a communications provider, in relation to the existence, installation, construction, maintenance, modification, operation, repair, replacement, or removal of any poles, wires, conduit, or other communications infrastructure, including fiber optic or coaxial cabling or the existence of any easement, appurtenant or gross, including a prescriptive easement, if proven, damages recoverable by any claimant bringing such claim shall be limited to actual damages only, and no consequential, special, or punitive damages shall be awarded. Damages shall be based on any reduction in the value of the land as a result of the existence, installation, construction, maintenance, modification, operation, repair, replacement, or removal of communications facilities, as such tract existed at the time that any alleged trespass began giving rise to such claim under this section. The court shall also consider any positive value that access to broadband or other communications services may add to the property's value when calculating damages. Injunctive relief to require the removal or to enjoin the operation of other communications facilities or infrastructure shall not be available when such line or facilities are placed within an existing electric utility or communications easement, appurtenant or gross, but damages as set forth in this subsection shall be the exclusive remedy.

J. Nothing in this section shall be deemed to limit any liability for personal injury or damage to tangible personal property of the landowner or occupant caused directly by the activities of the incumbent utility or communications provider while on or adjacent to the landowner's or occupant's real property.

K. Any communications provider making use of an easement pursuant to this section shall:

1. Enter into an agreement with the incumbent utility authorizing it to use an easement;

2. Adhere to such restrictions as the incumbent utility may place on the communications provider, provided that such restrictions are reasonably related to safety, reliability, or generally applicable engineering principles and are applied on a nondiscriminatory basis;

3. For underground facilities, enter into an occupancy license agreement with the incumbent utility;

4. Agree in writing to indemnify, defend, and hold harmless the indemnified parties as against any third party for any claim, including claims of trespass, arising out of its entry onto, use of, or occupancy of such easement and provide evidence of creditworthiness, as the incumbent utility may prescribe, provided that the communications provider is given timely written notice and full cooperation of the indemnified parties in defending or settling any claim, including access to records and personnel to establish the existence of an easement and its history of use by the incumbent utility, and further provided that every communications provider occupying an easement that is the subject of a claim shall be jointly and severally liable to the indemnified parties, with an obligation of equal contribution, for any claim arising out of entry onto, use of, or occupancy of an easement for communications purposes; and

5. For underground facilities, abide by the provisions of the Underground Utility Damage Prevention Act (§ 56-265.14 et seq.).

L. A communications provider, making use of an easement pursuant to this section, shall not:

1. Locate a telecommunications tower in such easement; or

2. Install any new underground facilities except pursuant to an occupancy license agreement (i) in an incumbent utility's conduit pursuant to a joint use agreement; (ii) where incumbent utility facilities are permitted underground, using a clean-cutting direct burial technique beneath the surface soil no more than 24 inches in depth and six inches in width; or (iii) riser or drop lines or equipment connection lines, followed in all cases by reasonable restoration of the surface to

substantially its prior condition, provided that the landowner shall not, absent an agreement to the contrary, be responsible for relocating or reimbursing the incumbent utility or a communications provider for the cost of relocating any new underground communications facilities installed pursuant to clause (ii) of this subdivision, which relocation and associated costs shall be addressed in the occupancy license agreement. This limitation on reimbursement or payment of relocation costs incurred as a result of development or redevelopment by the landowner shall not apply to any communications facilities in the public rights of way adjacent to or overlying the real property in question.

M. As against a communications provider, no incumbent utility shall:

1. Solely by virtue of the provisions of this section, require any additional compensation for use of an easement, unless such compensation is required expressly in a written easement or other agreement;
2. Unreasonably refuse to grant an occupancy license agreement to any communications provider;
3. Include in an occupancy license agreement requirements for title reports, surveys, or engineering drawings; or
4. Use an occupancy license agreement for dilatory purposes or to create a barrier to the deployment of broadband or other communications services.

N. Nothing in this section shall apply to those easements located on sensitive sites or housing enterprise data center operations.

O. Notwithstanding any provision of this section, a public utility or an incumbent utility may assess fees and charges and impose reasonable conditions on the use of its poles, conduits, facilities, and infrastructure, which, as regarding attachments to utility poles, shall be subject to the provisions of 47 U.S.C. § 224 for investor-owned utilities and to § 56-466.1 for electric cooperatives. The statutes of repose, limitation, and notice-of-claim requirements contained in subsections R, S, and T shall not apply as being between a communications provider and an incumbent utility.

P. Nothing in this section shall be construed to inhibit, diminish, or modify the application of the provisions of Chapter 4 (§ 56-76 et seq.) of Title 56 or § 56-231.34:1 or 56-231.50:1, as applicable.

Q. The provisions of this section shall be liberally construed. An agreement to indemnify pursuant to this section shall not be void as against public policy.

R. Notwithstanding any other provision of law, every action against an incumbent utility, public utility, or communications provider, or a subsidiary or affiliate of any such entity, in relation to the existence, installation, construction, maintenance, modification, operation, repair, replacement, or removal of any poles, wires, or other communications infrastructure, including fiber optic or coaxial cabling, whatever the theory of recovery, shall be brought within 12 months after the cause of action accrues. The cause of action shall be deemed to accrue when overhead broadband or other communications infrastructure is installed or when such underground infrastructure is discovered.

S. Notwithstanding any other provision of law, every action against an incumbent utility, public utility, or a communications provider, or a subsidiary or affiliate of any such entity, after actual notice has been given to the landowner or occupant in relation to the existence, installation, construction, maintenance, modification, operation, repair, replacement, or removal of any poles, wires, or other communications infrastructure, including fiber optic or coaxial cabling, overhead or underground, whatever the theory of recovery, shall be brought within six months after the cause of action accrues. The cause of action shall be deemed to accrue when actual notice, including notification of such six-month limitation period, is given to the landowner or occupant by first class mail to the last known mailing address of the landowner or occupant in the incumbent utility's records, or other actual notice.

T. Notwithstanding any other provision of law, every claim cognizable against any incumbent utility, public utility, or communications provider for trespass, or any claim sounding in trespass or reasonably related thereto, whatever the theory of recovery, in relation to the overhead or underground existence, installation, construction, maintenance, modification, operation, repair, replacement, or removal of any poles, wires, or other communications infrastructure, including fiber optic or coaxial cabling, shall be forever barred unless the claimant or his agent, attorney, or representative has filed a written statement addressed to the incumbent utility, and, if known, to the communications provider, of the nature of the claim, which includes the time and place at which the claim is alleged to have transpired, within 12 months after such cause of action accrued. The cause of action shall be deemed to accrue when physical overhead broadband or other communications infrastructure is installed, or when the existence of such underground infrastructure is discovered. However, if the claimant was under a disability at the time the cause of action accrued, the tolling provisions of § 8.01-229 shall apply.

CHAPTER 1133

An Act to amend and reenact § 33.2-1526.1 of the Code of Virginia, relating to the Washington Metropolitan Area Transit Authority; allocation of funds.

[H 1586]

Approved April 11, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 33.2-1526.1 of the Code of Virginia is amended and reenacted as follows:

§ 33.2-1526.1. Use of the Commonwealth Mass Transit Fund.

A. All funds deposited pursuant to §§ 58.1-638, 58.1-638.3, 58.1-815.4, and 58.1-2289 into the Commonwealth Mass Transit Fund (the Fund), established pursuant to subdivision A 4 of § 58.1-638, shall be allocated as set forth in this section.

B. The Board may establish policies for the implementation of this section, including the determination of the state share of operating, capital, and administrative costs related to mass transit. For purposes of this section, capital costs may include debt service payments on local or agency transit bonds. Funds may be paid to any local governing body, transportation district commission, or public service corporation for the purposes as set forth in this section. No funds from the Fund shall be allocated without a local match from the recipient.

C. Each year the Director of the Department of Rail and Public Transportation shall make recommendations to the Board for the allocation of funds from the Fund. Such recommendations, and the final allocations approved by the Board, shall adhere to the following:

1. Thirty-one percent of the funds shall be allocated to support operating costs of transit providers and shall be distributed by the Board on the basis of service delivery factors, based on effectiveness and efficiency as established by the Board. Such measures and their relative weight shall be evaluated every three years and, if redefined by the Board, shall be published and made available for public comment at least one year in advance of being applied. The Washington Metropolitan Area Transit Authority (WMATA) shall not be eligible for an allocation of funds pursuant to this subdivision.

2. Twelve and one-half percent of the funds shall be allocated for capital purposes and distributed utilizing the transit capital prioritization process established by the Board pursuant to § 33.2-214.4. The Washington Metropolitan Area Transit Authority shall not be eligible for an allocation of funds pursuant to this subdivision.

3. Fifty-three and one-half percent of the funds shall be allocated to the Northern Virginia Transportation Commission for distribution to WMATA for capital purposes and operating assistance, as determined by the Commission.

4. Three percent of the funds shall be allocated for special programs, including ridesharing, transportation demand management programs, experimental transit, public transportation promotion, operation studies, and technical assistance, and may be allocated to any local governing body, planning district commission, transportation district commission, or public transit corporation. Remaining funds may also be used directly by the Department of Rail and Public Transportation to (i) finance a program administered by the Department of Rail and Public Transportation designed to promote the use of public transportation and ridesharing throughout the Commonwealth or (ii) finance up to 80 percent of the cost of development and implementation of projects with a purpose of enhancing the provision and use of public transportation services.

D. The Board may consider the transfer of funds from subdivisions C 2 and 4 to subdivision C 1 in times of statewide economic distress or statewide special need.

E. The Department of Rail and Public Transportation may reserve a balance of up to five percent of the Fund revenues in order to ensure stability in providing operating and capital funding to transit entities from year to year, provided that such balance shall not exceed five percent of revenues in a given biennium.

F. The Board may allocate up to 3.5 percent of the funds set aside for the Fund to support costs of project development, project administration, and project compliance incurred by the Department of Rail and Public Transportation in implementing rail, public transportation, and congestion management grants and programs.

G. Funds allocated to the Northern Virginia Transportation Commission (NVTC) for WMATA pursuant to subdivision C 3 shall be credited to the Counties of Arlington and Fairfax and the Cities of Alexandria, Fairfax, and Falls Church. Beginning in the fiscal year when service starts on Phase II of the Silver Line, such funds shall also be credited to Loudoun County. Funds allocated pursuant to this subsection shall be credited as follows:

1. Local obligations for debt service for WMATA rail transit bonds apportioned to each locality using WMATA's capital formula shall be paid first by NVTC, which shall use 95 percent state aid for these payments.

2. The remaining funds shall be apportioned to reflect WMATA's allocation formulas by using the related WMATA-allocated subsidies and relative shares of local transit subsidies. Capital costs shall include 20 percent of annual local bus capital expenses. Local transit subsidies and local capital costs of Loudoun County shall not be included. Hold harmless protections and obligations for NVTC's jurisdictions agreed to by NVTC on November 5, 1998, shall remain in effect.

H. Appropriations from the Fund are intended to provide a stable and reliable source of revenue, as defined by P.L. 96-184.

I. Notwithstanding any other provision of law, funds allocated to WMATA may be disbursed by the Department of Rail and Public Transportation directly to WMATA or to any other transportation entity that has an agreement to provide funding to WMATA.

J. In any year that the total Virginia operating assistance in the approved WMATA budget increases by more than ~~3~~ *three* percent from the total operating assistance in the prior year's approved WMATA budget, the Board shall withhold an amount equal to 35 percent of the funds available under subdivision C 3. The following items shall not be included in the calculation of any WMATA budget increase: (i) any service, equipment, or facility that is required by any applicable law, rule, or regulation; (ii) any capital project approved by the WMATA Board before or after the effective date of this provision; ~~and~~ (iii) any payments or obligations of any kind arising from or related to legal disputes or proceedings between or among WMATA and any other person or entity; *and (iv) any service increases approved by the WMATA Board.*

K. The Board shall withhold 20 percent of the funds available pursuant to subdivision C 3 if (i) any alternate directors participate or take action at an official WMATA Board meeting or committee meeting as Board directors for a WMATA compact member when both directors appointed by that same WMATA compact member are present at the WMATA Board meeting or committee meeting or (ii) the WMATA Board of Directors has not adopted bylaws that would prohibit such participation by alternate directors.

CHAPTER 1134

§ 23.1-230. Enrollment agreements required.

A. No postsecondary school that is required to be certified by the Council shall enroll students without entering into an enrollment agreement with each student. Such enrollment agreement shall be signed by the student and an authorized representative of the school and shall contain all disclosures prescribed by the Council.

B. No postsecondary school that is required to be certified by the Council shall condition the enrollment of a student on:

1. Entering into an agreement that requires the student to arbitrate any dispute between the student and the school, regardless of whether the agreement permits the student to opt out of the requirement to arbitrate any such dispute in the future; or

2. Entering into an agreement that requires the student to resolve a dispute on an individual basis and waive the right to class or group actions.

2. That nothing in the provisions of this act shall be construed to affect any agreement between a postsecondary school that is required to be certified by the State Council of Higher Education for Virginia pursuant to Article 3 (§ 23.1-213 et seq.) of Chapter 2 of Title 23.1 of the Code of Virginia and a student enrolled at such school to arbitrate an existing dispute that is entered into after the dispute arises.

CHAPTER 1136

[H 798]

Approved April 11, 2020

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 40.1-27.3 as follows:

§ 40.1-27.3. Retaliatory action against employee prohibited.

A. An employer shall not discharge, discipline, threaten, discriminate against, or penalize an employee, or take other retaliatory action regarding an employee's compensation, terms, conditions, location, or privileges of employment, because the employee:

1. Or a person acting on behalf of the employee in good faith reports a violation of any federal or state law or regulation to a supervisor or to any governmental body or law-enforcement official;

5. Provides information to or testifies before any governmental body or law-enforcement official conducting an investigation, hearing, or inquiry into any alleged violation by the employer of federal or state law or regulation.

B. This section does not:

1. Authorize an employee to make a disclosure of data otherwise protected by law or any legal privilege;

2. Permit an employee to make statements or disclosures knowing that they are false or that they are in reckless disregard of the truth; or

3. Permit disclosures that would violate federal or state law or diminish or impair the rights of any person to the continued protection of confidentiality of communications provided by common law.

C. A person who alleges a violation of this section may bring a civil action in a court of competent jurisdiction within one year of the employer's prohibited retaliatory action. The court may order as a remedy to the employee (i) an injunction to restrain continued violation of this section, (ii) the reinstatement of the employee to the same position held before the retaliatory action or to an equivalent position, and (iii) compensation for lost wages, benefits, and other remuneration, together with interest thereon, as well as reasonable attorney fees and costs.

§ 2.2-2203.3. Employees; employment; personnel rules.

A. Employees of the Authority shall be employed on such terms and conditions as established by the Board. The Board shall develop and adopt personnel rules, policies, and procedures to give its employees grievance rights, ensure that employment decisions shall be based upon the merit and fitness of applicants, and prohibit discrimination on the basis of race, religion, color, sex, *sexual orientation*, *gender identity*, or national origin.

B. Any employee of the Virginia Commercial Space Flight Authority who is a member of any plan providing health insurance coverage pursuant to Chapter 28 (§ 2.2-2800 et seq.) shall continue to be a member of such health insurance plan under the same terms and conditions. Notwithstanding subsection A of § 2.2-2818, the costs of providing health insurance coverage to such employees who elect to continue to be members of the state employees' health insurance plan shall be paid by the Authority. Alternatively, an employee may elect to become a member of any health insurance plan established by the Authority. The Authority is authorized to (i) establish a health insurance plan for the benefit of its employees and (ii) enter into agreements with the Department of Human Resource Management providing for the coverage of its employees under the state employees' health insurance plan, provided that such agreements require the Authority to pay the costs of providing health insurance coverage under such plan.

C. Any retired employee of the Virginia Commercial Space Flight Authority shall be eligible to receive the health insurance credit set forth in § 51.1-1400, provided the retired employee meets the eligibility criteria set forth in that section.

D. The Authority is hereby authorized to establish one or more retirement plans for the benefit of its employees (the Authority retirement plan). For purposes of such plans, the provisions of § 51.1-126.4 shall apply, *mutatis mutandis*. Any Authority employee who is a member of the Virginia Retirement System or other retirement plan as authorized by Article 4 (§ 51.1-125 et seq.) of Chapter 1 of Title 51.1 (the statutory optional retirement plan) at the time the Authority retirement plan becomes effective shall continue to be a member of the Virginia Retirement System or the statutory optional retirement plan under the same terms and conditions, unless such employee elects to become a member of the Authority retirement plan. For purposes of this subsection, the "Virginia Retirement System" shall include any hybrid retirement program established under Title 51.1.

The following rules shall apply:

1. The Authority shall collect and pay all employee and employer contributions to the Virginia Retirement System or the statutory optional retirement plan for retirement and group life insurance in accordance with the provisions of Chapter 1 (§ 51.1-124.1 et seq.) of Title 51.1 for any employee who elects to remain a member of the Virginia Retirement System or a statutory optional retirement plan.

2. Employees who elect to become members of the Authority retirement plan shall be given full credit for their creditable service as defined in § 51.1-124.3 and vesting and benefit accrual under the Authority retirement plan. For any such employee, employment with the Authority shall be treated as employment with any nonparticipating employer for purposes of the Virginia Retirement System or any statutory optional retirement plan.

3. For employees who elect to become members of the Authority retirement plan, the Virginia Retirement System or the statutory optional retirement plan, as applicable, shall transfer to the Authority retirement plan assets equal to the actuarially determined present value of the accrued basic benefits for such employees as of the transfer date. For purposes hereof, "basic benefits" means the benefits accrued under the Virginia Retirement System or under the statutory optional retirement plan based on creditable service and average final compensation as defined in § 51.1-124.3. The actuarial present value shall be determined by using the same actuarial factors and assumptions used in determining the funding needs of the Virginia Retirement System or the statutory optional retirement plan so that the transfer of assets to the Authority retirement plan will have no effect on the funded status and financial stability of the Virginia Retirement System or the statutory optional

retirement plan. The Authority shall reimburse the Virginia Retirement System for the cost of actuarial services necessary to determine the present value of the accrued basic benefit of employees who transfer to an Authority retirement plan.

4. The Authority may provide that employees of the Authority who are eligible to participate in any deferred compensation plan sponsored by the Authority shall be enrolled automatically in such plan, unless such employee elects, in a manner prescribed by the Board of the Authority, not to participate. The amount of the deferral under the automatic enrollment and the group of employees to which the automatic enrollment shall apply shall be set by the Board, provided, however, that such employees are provided the opportunity to increase or decrease the amount of the deferral in accordance with the Internal Revenue Code of 1986, as amended.

E. The Authority is hereby authorized to establish a plan providing short-term disability and long-term disability benefits for its employees.

§ 2.2-2901.1. Employment discrimination prohibited; sexual orientation or gender identity.

No agency, institution, board, bureau, commission, council, or instrumentality of the Commonwealth shall discriminate in employment on the basis of sexual orientation or gender identity.

§ 2.2-3004. Grievances qualifying for a grievance hearing; grievance hearing generally.

A. A grievance qualifying for a hearing shall involve a complaint or dispute by an employee relating to the following adverse employment actions in which the employee is personally involved, including but not limited to (i) formal disciplinary actions, including suspensions, demotions, transfers and assignments, and dismissals resulting from formal discipline or unsatisfactory job performance; (ii) the application of all written personnel policies, procedures, rules, and regulations where it can be shown that policy was misapplied or unfairly applied; (iii) discrimination on the basis of race, color, religion, political affiliation, age, disability, national origin ~~or~~, sex, *sexual orientation, or gender identity*; (iv) arbitrary or capricious performance evaluations; (v) acts of retaliation as the result of the use of or participation in the grievance procedure or because the employee has complied with any law of the United States or of the Commonwealth, has reported any violation of such law to a governmental authority, has sought any change in law before the Congress of the United States or the General Assembly, or has reported an incidence of fraud, abuse, or gross mismanagement; and (vi) retaliation for exercising any right otherwise protected by law.

B. Management reserves the exclusive right to manage the affairs and operations of state government. Management shall exercise its powers with the highest degree of trust. In any employment matter that management precludes from proceeding to a grievance hearing, management's response, including any appropriate remedial actions, shall be prompt, complete, and fair.

C. Complaints relating solely to the following issues shall not proceed to a hearing: (i) establishment and revision of wages, salaries, position classifications, or general benefits; (ii) work activity accepted by the employee as a condition of employment or which may reasonably be expected to be a part of the job content; (iii) contents of ordinances, statutes or established personnel policies, procedures, and rules and regulations; (iv) methods, means, and personnel by which work activities are to be carried on; (v) termination, layoff, demotion, or suspension from duties because of lack of work, reduction in work force, or job abolition; (vi) hiring, promotion, transfer, assignment, and retention of employees within the agency; and (vii) relief of employees from duties of the agency in emergencies.

D. Except as provided in subsection A of § 2.2-3003, decisions regarding whether a grievance qualifies for a hearing shall be made in writing by the agency head or his designee within five workdays of the employee's request for a hearing. A copy of the decision shall be sent to the employee. The employee may appeal the denial of a hearing by the agency head to the Director of the Department of Human Resource Management (the Director). Upon receipt of an appeal, the agency shall transmit the entire grievance record to the Department of Human Resource Management within five workdays. The Director shall render a decision on whether the employee is entitled to a hearing upon the grievance record and other probative evidence.

E. The hearing pursuant to § 2.2-3005 shall be held in the locality in which the employee is employed or in any other locality agreed to by the employee, employer, and hearing officer. The employee and the agency may be represented by legal counsel or a lay advocate, the provisions of § 54.1-3904 notwithstanding. The employee and the agency may call witnesses to present testimony and be cross-examined.

§ 2.2-3900. Short title; declaration of policy.

A. This chapter shall be known and cited as the Virginia Human Rights Act.

B. It is the policy of the Commonwealth to:

1. Safeguard all individuals within the Commonwealth from unlawful discrimination because of race, color, religion, national origin, sex, pregnancy, childbirth or related medical conditions, age, marital status, *sexual orientation, gender identity*, or disability, in places of public accommodation, including educational institutions and in real estate transactions;

2. *Safeguard all individuals within the Commonwealth from unlawful discrimination in employment because of race, color, religion, national origin, sex, pregnancy, childbirth or related medical conditions, age, marital status, sexual orientation, gender identity, or disability;* ~~preserve~~

3. ~~Preserve~~ the public safety, health, and general welfare; ~~and further~~

4. ~~Further~~ the interests, rights, and privileges of individuals within the Commonwealth; and

~~5.~~ 5. Protect citizens of the Commonwealth against unfounded charges of unlawful discrimination.

§ 2.2-3901. Unlawful discriminatory practice and gender discrimination defined.

Conduct that violates any Virginia or federal statute or regulation governing discrimination on the basis of race, color, religion, national origin, sex, pregnancy, childbirth or related medical conditions, age, marital status, *sexual orientation*, *gender identity*, or disability shall be an "unlawful discriminatory practice" for the purposes of this chapter.

The terms "because of sex or gender" or "on the basis of sex or gender" or terms of similar import when used in reference to discrimination in the Code and acts of the General Assembly include because of or on the basis of pregnancy, childbirth, or related medical conditions. Women affected by pregnancy, childbirth, or related medical conditions shall be treated the same for all purposes as persons not so affected but similar in their abilities or disabilities.

§ 2.2-3902. Construction of chapter; other programs to aid persons with disabilities, minors, and the elderly.

The provisions of this chapter shall be construed liberally for the accomplishment of its policies. Nothing contained in this chapter shall be deemed to repeal, supersede, or expand upon any of the provisions of any other state or federal law relating to discrimination because of race, color, religion, national origin, sex, pregnancy, childbirth or related medical conditions, age, marital status, *sexual orientation*, *gender identity*, or disability.

Nothing in this chapter shall prohibit or alter any program, service, facility, school, or privilege that is afforded, oriented, or restricted to a person because of disability or age from continuing to habilitate, rehabilitate, or accommodate that person.

In addition, nothing in this chapter shall be construed to affect any governmental program, law or activity differentiating between persons on the basis of age over the age of 18 years (i) where the differentiation is reasonably necessary to normal operation or the activity is based upon reasonable factors other than age or (ii) where the program, law or activity constitutes a legitimate exercise of powers of the Commonwealth for the general health, safety and welfare of the population at large.

Complaints filed with the Division of Human Rights of the Department of Law (the Division) in accordance with § 2.2-520 alleging unlawful discriminatory practice under a Virginia statute that is enforced by a Virginia agency shall be referred to that agency. The Division may investigate complaints alleging an unlawful discriminatory practice under a federal statute or regulation and attempt to resolve it through conciliation. Unsolved complaints shall thereafter be referred to the federal agency with jurisdiction over the complaint. Upon such referral, the Division shall have no further jurisdiction over the complaint. The Division shall have no jurisdiction over any complaint filed under a local ordinance adopted pursuant to § 15.2-965.

§ 2.2-3903. Causes of action not created.

A. Nothing in this chapter or in Article 4 (§ 2.2-520 et seq.) of Chapter 5 creates, nor shall it be construed to create, an independent or private cause of action to enforce its provisions, except as specifically provided in subsections B and C.

B. No employer employing more than five but less than 15 persons shall discharge any such employee on the basis of race, color, religion, national origin, sex, pregnancy, childbirth or related medical conditions, including lactation, *sexual orientation*, or *gender identity*. No employer employing more than five but less than 20 persons shall discharge any such employee on the basis of age if the employee is 40 years of age or older. For the purposes of this section, "lactation" means a condition that may result in the feeding of a child directly from the breast or the expressing of milk from the breast.

C. The employee may bring an action in a general district or circuit court having jurisdiction over the employer who allegedly discharged the employee in violation of this section. Any such action shall be brought within 300 days from the date of the discharge or, if the employee has filed a complaint with the Division of Human Rights of the Department of Law or a local human rights or human relations agency or commission within 300 days of the discharge, such action shall be brought within 90 days from the date that the Division or a local human rights or human relations agency or commission has rendered a final disposition on the complaint. The court may award up to 12 months' back pay with interest at the judgment rate as provided in § 6.2-302. However, if the court finds that either party engaged in tactics to delay resolution of the complaint, it may (i) diminish the award or (ii) award back pay to the date of judgment without regard to the 12-month limitation.

In any case where the employee prevails, the court shall award attorney fees from the amount recovered, not to exceed 25 percent of the back pay awarded. The court shall not award other damages, compensatory or punitive, nor shall it order reinstatement of the employee.

D. Causes of action based upon the public policies reflected in this chapter shall be exclusively limited to those actions, procedures, and remedies, if any, afforded by applicable federal or state civil rights statutes or local ordinances. Nothing in this section or § 2.2-3900 shall be deemed to alter, supersede, or otherwise modify the authority of the Division or of any local human rights or human relations commissions established pursuant to § 15.2-853 or 15.2-965.

§ 2.2-4200. Declaration of policy; discrimination prohibited in awarding contracts; definitions.

A. It is declared to be the policy of the Commonwealth to eliminate all discrimination on account of race, color, religion, sex, *sexual orientation*, *gender identity*, or national origin from the employment practices of the Commonwealth, its agencies, and government contractors.

B. In the awarding of contracts, contracting agencies shall not engage in an unlawful discriminatory practice as defined in § 2.2-3901.

C. As used in this chapter, unless the context requires a different meaning:

"Agency" means any agency or instrumentality, corporate or otherwise, of the government of the Commonwealth.

"Contractor" means any individual, partnership, corporation, or association that performs services for or supplies goods, materials, or equipment to the Commonwealth or any agency thereof.

§ 2.2-4310. Discrimination prohibited; participation of small, women-owned, minority-owned, and service disabled veteran-owned businesses and employment services organizations.

A. In the solicitation or awarding of contracts, no public body shall discriminate against a bidder or offeror because of race, religion, color, sex, *sexual orientation*, *gender identity*, national origin, age, disability, status as a service disabled veteran, or any other basis prohibited by state law relating to discrimination in employment. Whenever solicitations are made, each public body shall include businesses selected from a list made available by the Department of Small Business and Supplier Diversity, which list shall include all companies and organizations certified by the Department.

B. All public bodies shall establish programs consistent with this chapter to facilitate the participation of small businesses, businesses owned by women, minorities, and service disabled veterans, and employment services organizations in procurement transactions. The programs established shall be in writing and shall comply with the provisions of any enhancement or remedial measures authorized by the Governor pursuant to subsection C or, where applicable, by the chief executive of a local governing body pursuant to § 15.2-965.1, and shall include specific plans to achieve any goals established therein. State agencies shall submit annual progress reports on (i) small, women-owned, and minority-owned business procurement, (ii) service disabled veteran-owned business procurement, and (iii) employment services organization procurement to the Department of Small Business and Supplier Diversity in a form specified by the Department of Small Business and Supplier Diversity. Contracts and subcontracts awarded to employment services organizations and service disabled veteran-owned businesses shall be credited toward the small business, women-owned, and minority-owned business contracting and subcontracting goals of state agencies and contractors. The Department of Small Business and Supplier Diversity shall make information on service disabled veteran-owned procurement available to the Department of Veterans Services upon request.

C. Whenever there exists (i) a rational basis for small business or employment services organization enhancement or (ii) a persuasive analysis that documents a statistically significant disparity between the availability and utilization of women-owned and minority-owned businesses, the Governor is authorized and encouraged to require state agencies to implement appropriate enhancement or remedial measures consistent with prevailing law. Any enhancement or remedial measure authorized by the Governor pursuant to this subsection for state public bodies may allow for small businesses certified by the Department of Small Business and Supplier Diversity or a subcategory of small businesses established as a part of the enhancement program to have a price preference over noncertified businesses competing for the same contract award on designated procurements, provided that the bid of the certified small business or the business in such subcategory of small businesses established as a part of an enhancement program does not exceed the low bid by more than five percent.

D. In awarding a contract for services to a small, women-owned, or minority-owned business that is certified in accordance with § 2.2-1606, or to a business identified by a public body as a service disabled veteran-owned business where the award is being made pursuant to an enhancement or remedial program as provided in subsection C, the public body shall include in every such contract of more than \$10,000 the following:

"If the contractor intends to subcontract work as part of its performance under this contract, the contractor shall include in the proposal a plan to subcontract to small, women-owned, minority-owned, and service disabled veteran-owned businesses."

E. In the solicitation or awarding of contracts, no state agency, department, or institution shall discriminate against a bidder or offeror because the bidder or offeror employs ex-offenders unless the state agency, department, or institution has made a written determination that employing ex-offenders on the specific contract is not in its best interest.

F. As used in this section:

"Employment services organization" means an organization that provides community-based employment services to individuals with disabilities that is an approved Commission on Accreditation of Rehabilitation Facilities (CARF) accredited vendor of the Department for Aging and Rehabilitative Services.

"Minority individual" means an individual who is a citizen of the United States or a legal resident alien and who satisfies one or more of the following definitions:

1. "African American" means a person having origins in any of the original peoples of Africa and who is regarded as such by the community of which this person claims to be a part.

2. "Asian American" means a person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian subcontinent, or the Pacific Islands, including but not limited to Japan, China, Vietnam, Samoa, Laos, Cambodia, Taiwan, Northern Mariana Islands, the Philippines, a U.S. territory of the Pacific, India, Pakistan, Bangladesh, or Sri Lanka and who is regarded as such by the community of which this person claims to be a part.

§ 2.2-4343.1. Permitted contracts with certain religious organizations; purpose; limitations.

A. It is the intent of the General Assembly, in accordance with the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, P.L. 104-193, to authorize public bodies to enter into contracts with faith-based organizations for the purposes described in this section on the same basis as any other nongovernmental source without impairing the religious character of such organization, and without diminishing the religious freedom of the beneficiaries of assistance provided under this section.

B. For the purposes of this section, "faith-based organization" means a religious organization that is or applies to be a contractor to provide goods or services for programs funded by the block grant provided pursuant to the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, P.L. 104-193.

C. Public bodies, in procuring goods or services, or in making disbursements pursuant to this section, shall not (i) discriminate against a faith-based organization on the basis of the organization's religious character or (ii) impose conditions that (a) restrict the religious character of the faith-based organization, except as provided in subsection F, or (b) impair, diminish, or discourage the exercise of religious freedom by the recipients of such goods, services, or disbursements.

D. Public bodies shall ensure that all invitations to bid, requests for proposals, contracts, and purchase orders prominently display a nondiscrimination statement indicating that the public body does not discriminate against faith-based organizations.

E. A faith-based organization contracting with a public body (i) shall not discriminate against any recipient of goods, services, or disbursements made pursuant to a contract authorized by this section on the basis of the recipient's religion, religious belief, or refusal to participate in a religious practice; or on the basis of race, age, color, gender, *sexual orientation*, *gender identity*, or national origin and (ii) shall be subject to the same rules as other organizations that contract with public bodies to account for the use of the funds provided; however, if the faith-based organization segregates public funds into separate accounts, only the accounts and programs funded with public funds shall be subject to audit by the public body. Nothing in clause (ii) shall be construed to supersede or otherwise override any other applicable state law.

F. Consistent with the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, P.L. 104-193, funds provided for expenditure pursuant to contracts with public bodies shall not be spent for religious worship, instruction, or proselytizing; however, this prohibition shall not apply to expenditures pursuant to contracts, if any, for the services of chaplains.

G. Nothing in this section shall be construed as barring or prohibiting a faith-based organization from any opportunity to make a bid or proposal or contract on the grounds that the faith-based organization has exercised the right, as expressed in 42 U.S.C. (§ 2000 e-1 et seq.), to employ persons of a particular religion.

H. If an individual, who applies for or receives goods, services, or disbursements provided pursuant to a contract between a public body and a faith-based organization, objects to the religious character of the faith-based organization from which the individual receives or would receive the goods, services, or disbursements, the public body shall offer the individual, within a reasonable period of time after the date of his objection, access to equivalent goods, services, or disbursements from an alternative provider.

The public body shall provide to each individual who applies for or receives goods, services, or disbursements provided pursuant to a contract between a public body and a faith-based organization a notice in bold face type that states: "Neither the public body's selection of a charitable or faith-based provider of services nor the expenditure of funds under this contract is an endorsement of the provider's charitable or religious character, practices, or expression. No provider of

services may discriminate against you on the basis of religion, a religious belief, or your refusal to actively participate in a religious practice. If you object to a particular provider because of its religious character, you may request assignment to a different provider. If you believe that your rights have been violated, please discuss the complaint with your provider or notify the appropriate person as indicated in this form."

§ 4.1-101.05. Employees of the Authority.

A. Employees of the Authority shall be considered employees of the Commonwealth. Employees of the Authority shall be eligible for membership in the Virginia Retirement System or other retirement plan as authorized by Article 4 (§ 51.1-125 et seq.) of Chapter 1 of Title 51.1 and participation in all health and related insurance and other benefits, including premium conversion and flexible benefits, available to state employees as provided by law. Employees of the Authority shall be employed on such terms and conditions as established by the Board. The Board shall develop and adopt policies and procedures that afford its employees grievance rights, ensure that employment decisions shall be based upon the merit and fitness of applicants, and prohibit discrimination because of race, color, religion, national origin, sex, pregnancy, childbirth or related medical conditions, age, marital status, *sexual orientation*, *gender identity*, or disability. Notwithstanding any other provision of law, the Board shall develop, implement, and administer a paid leave program, which may include annual, personal, and sick leave or any combination thereof. All other leave benefits shall be administered in accordance with Chapter 11 (§ 51.1-1100 et seq.) of Title 51.1, except as otherwise provided in this section.

B. Notwithstanding any other provision of law, the Authority shall give preference in hiring to special agents and employees of the Department of Alcoholic Beverage Control. The Authority shall issue a written notice to all persons whose employment at the Department of Alcoholic Beverage Control will be transferred to the Authority. The date upon which such written notice is issued shall be referred to herein as the "Option Date." In order to facilitate an orderly and efficient transition and ensure the continuation of operations during the transition from the Department of Alcoholic Beverage Control (the Department) to the Authority, the Authority shall have discretion, subject to the time limitations contained herein, to determine the date upon which any employee's employment with the Department will end or be transferred to the Authority. This date shall be stated in the written notice and shall be referred to herein as the "Transition Date." No Transition Date shall occur prior to July 1, 2018, without the mutual agreement of the employee and the Authority. No Transition Date shall be set beyond December 31, 2018. Each person whose employment will be transferred to the Authority may, by written request made within 180 days of the Option Date, elect not to become employed by the Authority. Any employee of the Department of Alcoholic Beverage Control who (i) is not offered the opportunity to transfer to employment by the Authority or (ii) is not offered a position with the Authority for which the employee is qualified or is offered a position that requires relocation or a reduction in salary shall be eligible for the severance benefits conferred by the provisions of the Workforce Transition Act (§ 2.2-3200 et seq.). Any employee who accepts employment with the Authority shall not be considered to be involuntarily separated from state employment and shall not be eligible for the severance benefits conferred by the provisions of the Workforce Transition Act. Any eligibility for such severance benefits shall be contingent on the continued employment through an employee's Transition Date.

C. Notwithstanding any other provision of law to the contrary, any person whose employment is transferred to the Authority as a result of this section and who is a member of any plan for providing health insurance coverage pursuant to Chapter 28 (§ 2.2-2800 et seq.) of Title 2.2 shall continue to be a member of such health insurance plan under the same terms and conditions as if no transfer had occurred.

D. Notwithstanding any other provision of law to the contrary, any person whose employment is transferred to the Authority as a result of this section and who is a member of the Virginia Retirement System or other retirement plan as authorized by Article 4 (§ 51.1-125 et seq.) of Chapter 1 of Title 51.1 shall continue to be a member of the Virginia Retirement System or other such authorized retirement plan under the same terms and conditions as if no transfer had occurred.

E. Notwithstanding any other provision of law, any person whose employment is transferred to the Authority as a result of this section and who was subjected to a criminal history background check as a condition of employment with the Department of Alcoholic Beverage Control shall not be subject to the requirements of § 4.1-103.1, unless the Authority deems otherwise.

§ 6.2-501. Prohibited discrimination.

A. It shall be unlawful for any creditor to discriminate against any applicant, with respect to any aspect of a credit transaction:

1. On the basis of race, color, religion, national origin, sex ~~or~~, marital status, *sexual orientation*, *gender identity*, or age, provided *that* the applicant has the capacity to contract; or

2. Because all or part of the applicant's income derives from any public assistance or social services program.

B. It shall not constitute discrimination for purposes of this chapter for a creditor:

1. To make an inquiry of marital status if such inquiry is for the purpose of ascertaining the creditor's rights and remedies applicable to the particular extension of credit and not to discriminate in a determination of creditworthiness;

2. To make an inquiry of the applicant's age or of whether the applicant's income derives from any public assistance or social services program if such inquiry is for the purpose of determining the amount and probable continuance of income levels, credit history, or other pertinent element of creditworthiness as provided in regulations of the Commission;

3. To use any empirically derived credit system which considers age if such system is demonstrably and statistically sound in accordance with regulations of the Commission, except that in the operation of such system the age of an elderly applicant may not be assigned a negative factor or value; or

4. To make an inquiry or to consider the age of an elderly applicant when the age of such applicant is to be used by the creditor in the extension of credit in favor of such applicant.

C. It is not a violation of this section for a creditor to refuse to extend credit offered pursuant to:

1. Any credit assistance program expressly authorized by law for an economically disadvantaged class of persons;

2. Any credit assistance program administered by a nonprofit organization for its members or an economically disadvantaged class of persons; or

3. Any special purpose credit program offered by a profit-making organization to meet special social needs which meets standards prescribed in regulations by the Commission, if such refusal is required by or made pursuant to such program.

§ 15.2-853. Commission on human rights; human rights ordinance.

A county may enact an ordinance prohibiting discrimination in housing, real estate transactions, employment, public accommodations, credit, and education on the basis of race, color, religion, sex, pregnancy, childbirth or related medical conditions, national origin, age, marital status, *sexual orientation*, *gender identity*, or disability. The board may enact an ordinance establishing a local commission on human rights ~~which that~~ shall have the following powers and duties:

1. To promote policies to ensure that all persons be afforded equal opportunity;

2. To serve as an agency for receiving, investigating, holding hearings, processing, and assisting in the voluntary resolution of complaints regarding discriminatory practices occurring within the county; and

3. With the approval of the county attorney, to seek, through appropriate enforcement authorities, prevention of or relief from a violation of any ordinance prohibiting discrimination and to exercise such other powers and duties as provided in this article. However, the commission shall have no power itself to issue subpoenas, award damages, or grant injunctive relief.

For the purposes of this article, "person" means one or more individuals, labor unions, partnerships, corporations, associations, legal representatives, mutual companies, joint-stock companies, trusts, or unincorporated organizations.

§ 15.2-854. Investigations.

Whenever the commission on human rights has a reasonable cause to believe that any person has engaged in, or is engaging in, any violation of a county ordinance ~~which that~~ prohibits discrimination due to race, color, religion, sex, pregnancy, childbirth or related medical conditions, national origin, age, marital status, *sexual orientation*, *gender identity*, or disability, and, after making a good faith effort to obtain the data, information, and attendance of witnesses necessary to determine whether such violation has occurred, is unable to obtain such data, information, or attendance, it may request the county attorney to petition the judge of the general district court for its jurisdiction for a subpoena against any such person refusing to produce such data and information or refusing to appear as a witness, and the judge of such court may, upon good cause shown, cause the subpoena to be issued. Any witness subpoena issued under this section shall include a statement that any statements made will be under oath and that the respondent or other witness is entitled to be represented by an attorney. Any person failing to comply with a subpoena issued under this section shall be subject to punishment for contempt by the court issuing the subpoena. Any person so subpoenaed may apply to the judge who issued a subpoena to quash it.

§ 15.2-965. Human rights ordinances and commissions.

A. Any locality may enact an ordinance, not inconsistent with nor more stringent than any applicable state law, prohibiting discrimination in housing, employment, public accommodations, credit, and education on the basis of race, color, religion, sex, pregnancy, childbirth or related medical conditions, national origin, age, marital status, *sexual orientation*, *gender identity*, or disability.

B. The locality may enact an ordinance establishing a local commission on human rights ~~which that~~ shall have the powers and duties granted by the Virginia Human Rights Act (§ 2.2-3900 et seq.).

§ 15.2-1131. Establishment of personnel system for city administrative officials and employees.

Notwithstanding any contrary provisions of law, general or special, in the Cities of Norfolk, Richmond, or Virginia Beach, the city council, upon receiving any recommendations submitted to it by the city manager, may establish a personnel system for the city administrative officials and employees. Such system shall be based on merit and professional ability and shall not discriminate on the basis of race, national origin, religion, sex, age, disabilities, political affiliation ~~or~~, marital status, *sexual orientation*, or *gender identity*. The personnel system shall consist of rules and regulations ~~which that~~ provide for the general administration of personnel matters, a classification plan for employees, a uniform pay plan, and a procedure for resolving grievances of employees as provided by general law for either local government or state government employees.

§ 15.2-1500.1. Employment discrimination prohibited; sexual orientation or gender identity.

No department, office, board, commission, agency, or instrumentality of local government shall discriminate in employment on the basis of sexual orientation or gender identity.

§ 15.2-1507. Provision of grievance procedure; training programs.

A. If a local governing body fails to adopt a grievance procedure required by § 15.2-1506 or fails to certify it as provided in this section, the local governing body shall be deemed to have adopted a grievance procedure ~~which that~~ is consistent with the provisions of Chapter 30 (§ 2.2-3000 et seq.) of Title 2.2 and any regulations adopted pursuant thereto

for so long as the locality remains in noncompliance. The locality shall provide its employees with copies of the applicable grievance procedure upon request. The term "grievance" as used herein shall not be interpreted to mean negotiations of wages, salaries, or fringe benefits.

Each grievance procedure, and each amendment thereto, in order to comply with this section, shall be certified in writing to be in compliance by the city, town, or county attorney, and the chief administrative officer of the locality, and such certification filed with the clerk of the circuit court having jurisdiction in the locality in which the procedure is to apply. Local government grievance procedures in effect as of July 1, 1991, shall remain in full force and effect for 90 days thereafter, unless certified and filed as provided above within a shorter time period.

Each grievance procedure shall include the following components and features:

1. Definition of grievance. A grievance shall be a complaint or dispute by an employee relating to his employment, including but not necessarily limited to (i) disciplinary actions, including dismissals, disciplinary demotions, and suspensions, provided that dismissals shall be grievable whenever resulting from formal discipline or unsatisfactory job performance; (ii) the application of personnel policies, procedures, rules, and regulations, including the application of policies involving matters referred to in ~~subdivision clause (iii) of subdivision 2 (iii) below;~~ (iii) discrimination on the basis of race, color, creed, religion, political affiliation, age, disability, national origin ~~or~~ sex, *sexual orientation, or gender identity*; and (iv) acts of retaliation as the result of the use of or participation in the grievance procedure or because the employee has complied with any law of the United States or of the Commonwealth, has reported any violation of such law to a governmental authority, has sought any change in law before the Congress of the United States or the General Assembly, or has reported an incidence of fraud, abuse, or gross mismanagement. For the purposes of clause (iv), there shall be a rebuttable presumption that increasing the penalty that is the subject of the grievance at any level of the grievance shall be an act of retaliation.

2. Local government responsibilities. Local governments shall retain the exclusive right to manage the affairs and operations of government. Accordingly, the following complaints are nongrievable: (i) establishment and revision of wages or salaries, position classification or general benefits; (ii) work activity accepted by the employee as a condition of employment or work activity which may reasonably be expected to be a part of the job content; (iii) the contents of ordinances, statutes, or established personnel policies, procedures, rules, and regulations; (iv) failure to promote except where the employee can show that established promotional policies or procedures were not followed or applied fairly; (v) the methods, means and personnel by which work activities are to be carried on; (vi) except where such action affects an employee who has been reinstated within the previous six months as the result of the final determination of a grievance, termination, layoff, demotion or suspension from duties because of lack of work, reduction in work force, or job abolition; (vii) the hiring, promotion, transfer, assignment and retention of employees within the local government; and (viii) the relief of employees from duties of the local government in emergencies. In any grievance brought under the exception to clause (vi) ~~of this subdivision,~~ the action shall be upheld upon a showing by the local government that: ~~(i) (a) there was a valid business reason for the action and (ii) (b) the employee was notified of the reason in writing prior to the effective date of the action.~~

3. Coverage of personnel.

a. Unless otherwise provided by law, all nonprobationary local government permanent full-time and part-time employees are eligible to file grievances with the following exceptions:

- (1) Appointees of elected groups or individuals;
- (2) Officials and employees who by charter or other law serve at the will or pleasure of an appointing authority;
- (3) Deputies and executive assistants to the chief administrative officer of a locality;
- (4) Agency heads or chief executive officers of government operations;
- (5) Employees whose terms of employment are limited by law;
- (6) Temporary, limited term, and seasonal employees;

(7) Law-enforcement officers as defined in Chapter 5 (§ 9.1-500 et seq.) of Title 9.1 whose grievance is subject to the provisions of Chapter 5 (§ 9.1-500 et seq.) of Title 9.1 and who have elected to proceed pursuant to those provisions in the resolution of their grievance, or any other employee electing to proceed pursuant to any other existing procedure in the resolution of his grievance.

b. Notwithstanding the exceptions set forth in subdivision 3 ~~a above,~~ local governments, at their sole discretion, may voluntarily include employees in any of the excepted categories within the coverage of their grievance procedures.

c. The chief administrative officer of each local government, or his designee, shall determine the officers and employees excluded from the grievance procedure; and shall be responsible for maintaining an up-to-date list of the affected positions.

4. Grievance procedure availability and coverage for employees of community services boards, redevelopment and housing authorities, and regional housing authorities. Employees of community services boards, redevelopment and housing authorities created pursuant to § 36-4, and regional housing authorities created pursuant to § 36-40 shall be included in (i) a local governing body's grievance procedure or personnel system, if agreed to by the department, board, or authority and the locality or (ii) a grievance procedure established and administered by the department, board, or authority ~~which that~~ is consistent with the provisions of Chapter 30 (§ 2.2-3000 et seq.) of Title 2.2 and any regulations promulgated pursuant thereto. If a department, board, or authority fails to establish a grievance procedure pursuant to clause (i) or (ii), it shall be deemed to have adopted a grievance procedure ~~which that~~ is consistent with the provisions of Chapter 30 (§ 2.2-3000 et seq.) of Title 2.2 and any regulations adopted pursuant thereto for so long as it remains in noncompliance.

5. General requirements for procedures.

a. Each grievance procedure shall include not more than four steps for airing complaints at successively higher levels of local government management; and a final step providing for a panel hearing or a hearing before an administrative hearing officer upon the agreement of both parties.

b. Grievance procedures shall prescribe reasonable and specific time limitations for the grievant to submit an initial complaint and to appeal each decision through the steps of the grievance procedure.

c. Nothing contained in this section shall prohibit a local government from granting its employees rights greater than those contained herein, provided *that* such grant does not exceed or violate the general law or public policy of the Commonwealth.

6. Time periods.

a. It is intended that speedy attention to employee grievances be promoted, consistent with the ability of the parties to prepare for a fair consideration of the issues of concern.

b. The time for submitting an initial complaint shall not be less than 20 calendar days after the event giving rise to the grievance, but local governments may, at their option, allow a longer time period.

c. Limits for steps after initial presentation of grievance shall be the same or greater for the grievant than the time ~~which~~ *that* is allowed for local government response in each comparable situation.

d. Time frames may be extended by mutual agreement of the local government and the grievant.

7. Compliance.

a. After the initial filing of a written grievance, failure of either party to comply with all substantial procedural requirements of the grievance procedure, including the panel or administrative hearing, without just cause shall result in a decision in favor of the other party on any grievable issue, provided the party not in compliance fails to correct the noncompliance within five workdays of receipt of written notification by the other party of the compliance violation. Such written notification by the grievant shall be made to the chief administrative officer, or his designee.

b. The chief administrative officer, or his designee, at his option, may require a clear written explanation of the basis for just cause extensions or exceptions. The chief administrative officer, or his designee, shall determine compliance issues. Compliance determinations made by the chief administrative officer shall be subject to judicial review by filing petition with the circuit court within 30 days of the compliance determination.

8. Management steps.

a. The first step shall provide for an informal, initial processing of employee complaints by the immediate supervisor through a nonwritten, discussion format.

b. Management steps shall provide for a review with higher levels of local government authority following the employee's reduction to writing of the grievance and the relief requested on forms supplied by the local government. Personal face-to-face meetings are required at all of these steps.

c. With the exception of the final management step, the only persons who may normally be present in the management step meetings are the grievant, the appropriate local government official at the level at which the grievance is being heard, and appropriate witnesses for each side. Witnesses shall be present only while actually providing testimony. At the final management step, the grievant, at his option, may have present a representative of his choice. If the grievant is represented by legal counsel, local government likewise has the option of being represented by counsel.

9. Qualification for panel or administrative hearing.

a. Decisions regarding grievability and access to the procedure shall be made by the chief administrative officer of the local government, or his designee, at any time prior to the panel hearing, at the request of the local government or grievant, within 10 calendar days of the request. No city, town, or county attorney, or attorney for the Commonwealth, shall be authorized to decide the question of grievability. A copy of the ruling shall be sent to the grievant. Decisions of the chief administrative officer of the local government, or his designee, may be appealed to the circuit court having jurisdiction in the locality in which the grievant is employed for a hearing on the issue of whether the grievance qualifies for a panel hearing. Proceedings for review of the decision of the chief administrative officer or his designee shall be instituted by the grievant by filing a notice of appeal with the chief administrative officer within 10 calendar days from the date of receipt of the decision and giving a copy thereof to all other parties. Within 10 calendar days thereafter, the chief administrative officer or his designee shall transmit to the clerk of the court to which the appeal is taken: a copy of the decision of the chief administrative officer, a copy of the notice of appeal, and the exhibits. A list of the evidence furnished to the court shall also be furnished to the grievant. The failure of the chief administrative officer or his designee to transmit the record shall not prejudice the rights of the grievant. The court, on motion of the grievant, may issue a writ of certiorari requiring the chief administrative officer to transmit the record on or before a certain date.

b. Within 30 days of receipt of such records by the clerk, the court, sitting without a jury, shall hear the appeal on the record transmitted by the chief administrative officer or his designee and such additional evidence as may be necessary to resolve any controversy as to the correctness of the record. The court, in its discretion, may receive such other evidence as the ends of justice require. The court may affirm the decision of the chief administrative officer or his designee, or may reverse or modify the decision. The decision of the court shall be rendered no later than the fifteenth day from the date of the conclusion of the hearing. The decision of the court is final and is not appealable.

10. Final hearings.

a. Qualifying grievances shall advance to either a panel hearing or a hearing before an administrative hearing officer, as set forth in the locality's grievance procedure, as described below:

(1) If the grievance procedure adopted by the local governing body provides that the final step shall be an impartial panel hearing, the panel may, with the exception of those local governments covered by subdivision a (2) of this subsection, consist of one member appointed by the grievant, one member appointed by the agency head and a third member selected by the first two. In the event that agreement cannot be reached as to the final panel member, the chief judge of the circuit court of the jurisdiction wherein the dispute arose shall select the third panel member. The panel shall not be composed of any persons having direct involvement with the grievance being heard by the panel, or with the complaint or dispute giving rise to the grievance. Managers who are in a direct line of supervision of a grievant, persons residing in the same household as the grievant and the following relatives of a participant in the grievance process or a participant's spouse are prohibited from serving as panel members: spouse, parent, child, descendants of a child, sibling, niece, nephew and first cousin. No attorney having direct involvement with the subject matter of the grievance, nor a partner, associate, employee or co-employee of the attorney shall serve as a panel member.

(2) If the grievance procedure adopted by the local governing body provides for the final step to be an impartial panel hearing, local governments may retain the panel composition method previously approved by the Department of Human Resource Management and in effect as of the enactment of this statute. Modifications to the panel composition method shall be permitted with regard to the size of the panel and the terms of office for panel members, so long as the basic integrity and independence of panels are maintained. As used in this section, the term "panel" shall include all bodies designated and authorized to make final and binding decisions.

(3) When a local government elects to use an administrative hearing officer rather than a three-person panel for the final step in the grievance procedure, the administrative hearing officer shall be appointed by the Executive Secretary of the Supreme Court of Virginia. The appointment shall be made from the list of administrative hearing officers maintained by the Executive Secretary pursuant to § 2.2-4024 and shall be made from the appropriate geographical region on a rotating basis. In the alternative, the local government may request the appointment of an administrative hearing officer from the Department of Human Resource Management. If a local government elects to use an administrative hearing officer, it shall bear the expense of such officer's services.

(4) When the local government uses a panel in the final step of the procedure, there shall be a chairperson of the panel and, when panels are composed of three persons (one each selected by the respective parties and the third from an impartial source), the third member shall be the chairperson.

(5) Both the grievant and the respondent may call upon appropriate witnesses and be represented by legal counsel or other representatives at the hearing. Such representatives may examine, cross-examine, question and present evidence on behalf of the grievant or respondent before the panel or hearing officer without being in violation of the provisions of § 54.1-3904.

(6) The decision of the panel or hearing officer shall be final and binding and shall be consistent with provisions of law and written policy.

(7) The question of whether the relief granted by a panel or hearing officer is consistent with written policy shall be determined by the chief administrative officer of the local government, or his designee, unless such person has a direct personal involvement with the event or events giving rise to the grievance, in which case the decision shall be made by the attorney for the Commonwealth of the jurisdiction in which the grievance is pending.

b. Rules for panel and administrative hearings.

Unless otherwise provided by law, local governments shall adopt rules for the conduct of panel or administrative hearings as a part of their grievance procedures, or shall adopt separate rules for such hearings. Rules which that are promulgated shall include, but need not be limited to the following provisions:

(1) That neither the panels nor the hearing officer have authority to formulate policies or procedures or to alter existing policies or procedures;

(2) That panels and the hearing officer have the discretion to determine the propriety of attendance at the hearing of persons not having a direct interest in the hearing, and, at the request of either party, the hearing shall be private;

(3) That the local government provide the panel or hearing officer with copies of the grievance record prior to the hearing, and provide the grievant with a list of the documents furnished to the panel or hearing officer, and the grievant and his attorney, at least 10 days prior to the scheduled hearing, shall be allowed access to and copies of all relevant files intended to be used in the grievance proceeding;

(4) That panels and hearing officers have the authority to determine the admissibility of evidence without regard to the burden of proof, or the order of presentation of evidence, so long as a full and equal opportunity is afforded to all parties for the presentation of their evidence;

(5) That all evidence be presented in the presence of the panel or hearing officer and the parties, except by mutual consent of the parties;

(6) That documents, exhibits and lists of witnesses be exchanged between the parties or hearing officer in advance of the hearing;

(7) That the majority decision of the panel or the decision of the hearing officer, acting within the scope of its or his authority, be final, subject to existing policies, procedures and law;

(8) That the panel or hearing officer's decision be provided within a specified time to all parties; and

(9) Such other provisions as may facilitate fair and expeditious hearings, with the understanding that the hearings are not intended to be conducted like proceedings in courts, and that rules of evidence do not necessarily apply.

11. Implementation of final hearing decisions.

Either party may petition the circuit court having jurisdiction in the locality in which the grievant is employed for an order requiring implementation of the hearing decision.

B. Notwithstanding the contrary provisions of this section, a final hearing decision rendered under the provisions of this section ~~which~~ *that* would result in the reinstatement of any employee of a sheriff's office, who has been terminated for cause may be reviewed by the circuit court for the locality upon the petition of the locality. The review of the circuit court shall be limited to the question of whether the decision of the panel or hearing officer was consistent with provisions of law and written policy.

§ 15.2-1604. Appointment of deputies and employment of employees; discriminatory practices by certain officers; civil penalty.

A. It shall be an unlawful employment practice for a constitutional officer:

1. To fail or refuse to appoint or hire or to discharge any individual, or otherwise to discriminate against any individual with respect to his compensation, terms, conditions, or privileges of appointment or employment, because of such individual's race, color, religion, sex, *sexual orientation*, *gender identity*, or national origin; or

2. To limit, segregate, or classify his appointees, employees, or applicants for appointment or employment in any way ~~which~~ *that* would deprive or tend to deprive any individual of employment opportunities or otherwise adversely affect his status as an employee, because of the individual's race, color, religion, sex, *sexual orientation*, *gender identity*, or national origin.

B. Nothing in this section shall be construed to make it an unlawful employment practice for a constitutional officer to hire or appoint an individual on the basis of his sex or national origin in those instances where sex or national origin is a bona fide occupational qualification reasonably necessary to the normal operation of that particular office. The provisions of this section shall not apply to policy-making positions, confidential or personal staff positions, or undercover positions.

C. With regard to notices and advertisements:

1. Every constitutional officer shall, prior to hiring any employee, advertise such employment position in a newspaper having general circulation or a state or local government job placement service in such constitutional officer's locality except where the vacancy is to be used (i) as a placement opportunity for appointees or employees affected by layoff, (ii) as a transfer opportunity or demotion for an incumbent, (iii) to fill positions that have been advertised within the past 120 days, (iv) to fill positions to be filled by appointees or employees returning from leave with or without pay, (v) to fill temporary positions, temporary employees being those employees hired to work on special projects that have durations of three months or less, or (vi) to fill policy-making positions, confidential or personal staff positions, or special, sensitive law-enforcement positions normally regarded as undercover work.

2. No constitutional officer shall print or publish or cause to be printed or published any notice or advertisement relating to employment by such constitutional officer indicating any preference, limitation, specification, or discrimination, based on sex or national origin, except that such notice or advertisement may indicate a preference, limitation, specification, or discrimination based on sex or national origin when sex or national origin is a bona fide occupational qualification for employment.

D. Complaints regarding violations of subsection A may be made to the Division of Human Rights of the Department of Law. The Division shall have the authority to exercise its powers as outlined in Article 4 (§ 2.2-520 et seq.) of Chapter 5 of Title 2.2.

In any event, personnel actions shall be taken without regard to race, sex, *sexual orientation*, *gender identity*, color, national origin, religion, age, handicap, or political affiliation.

B. Any authority created under this chapter shall be subject to the terms of the Virginia Public Procurement Act (§ 2.2-4300 et seq.). Notwithstanding the foregoing, should the United States Department of Defense place a federal area on a list of installations to be closed or realigned under the authority granted to the United States Department of Defense pursuant to the federal Defense Base Closure And Realignment Act of 1990 (United States Public Law 101-501, as amended through the National Defense Authorization Act of Fiscal Year 2003), and such federal area is subject to the jurisdiction of an authority created by a locality, such listing of that installation shall qualify as an "emergency" under subsection F of § 2.2-4303 of the Virginia Public Procurement Act.

§ 22.1-212.6:1. Applicability of other laws, regulations, policies, and procedures.

A. Public charter schools are subject to all federal laws and authorities as set forth in this article and the charter contract with the local school board.

B. Public charter schools are subject to the same civil rights, health, and safety requirements applicable to other public schools in the Commonwealth, except as otherwise provided in this article.

C. Public charter schools are subject to the student assessment and accountability requirements applicable to other public schools in the Commonwealth, but nothing in this article precludes a public charter school from establishing additional student assessment measures that go beyond state requirements if the school's authorizer approves such measures.

D. Management committees of public charter schools are subject to and shall comply with the Virginia Freedom of Information Act (§ 2.2-3700 et seq.).

§ 22.1-295.2. Employment discrimination prohibited; sexual orientation or gender identity.

No school board or any agent or employee thereof shall discriminate in employment on the basis of sexual orientation or gender identity.

§ 22.1-306. Definitions.

As used in this article:

"Business day" means any day that the relevant school board office is open.

"Day" means calendar days unless a different meaning is clearly expressed in this article. Whenever the last day for performing an act required by this article falls on a Saturday, Sunday, or legal holiday, the act may be performed on the next day that is not a Saturday, Sunday, or legal holiday.

Each school board shall have the exclusive right to manage the affairs and operations of the school division. Accordingly, the term "grievance" shall not include a complaint or dispute by a teacher relating to (1) establishment and revision of wages or salaries, position classifications, or general benefits; (2) suspension of a teacher or nonrenewal of the contract of a teacher who has not achieved continuing contract status; (3) the establishment or contents of ordinances, statutes, or personnel policies, procedures, rules, and regulations; (4) failure to promote; (5) discharge, layoff, or suspension from duties because of decrease in enrollment, decrease in enrollment or abolition of a particular subject, or insufficient funding; (6) hiring, transfer, assignment, and retention of teachers within the school division; (7) suspension from duties in emergencies; (8) the methods, means, and personnel by which the school division's operations are to be carried on; or (9) coaching or extracurricular activity sponsorship.

§ 22.1-349.3. Establishment and operation of college partnership laboratory schools; requirements.

A. A college partnership laboratory school is subject to all federal and state laws and regulations and constitutional provisions prohibiting discrimination on the basis of disability, race, creed, color, ~~gender~~ *sex, sexual orientation, gender identity*, national origin, religion, ancestry, or need for special education services.

B. Enrollment in college partnership laboratory schools shall be open through a lottery process on a space-available basis to any student who is deemed to reside within the Commonwealth. A waiting list shall be established if adequate space is not available to accommodate all students whose parents have requested to be entered in the lottery process. Such waiting list shall also be prioritized through a lottery process, and parents shall be informed of their student's position on the list. For college partnership laboratory schools that form a collaborative partnership with one or more local school divisions in accordance with subsection G, enrollment in the college partnership laboratory school shall be administered by one of the partnering divisions.

C. A college partnership laboratory school shall be administered and managed by a governing board. Pursuant to a contract and as specified in § 22.1-349.4, a college partnership laboratory school is subject to the requirements of the Standards of Quality, including the Standards of Learning and the Standards of Accreditation, and such regulations as are determined by the Board.

D. Pursuant to a college partnership laboratory school agreement, a college partnership laboratory school is responsible for its own operations, including such budget preparation, contracts for services, and personnel matters as are specified in the agreement. A college partnership laboratory school may also negotiate and contract with a school board, the governing body of an institution of higher education, or any third party for the use of a school building or grounds, the operation and

maintenance of such building or grounds, and the provision of any service, activity, or undertaking that the college partnership laboratory school is required to perform in order to carry out the educational program described in its contract. An educational program provided to students enrolled in a local school division pursuant to a collaborative partnership between the college partnership laboratory school and the local school division is the educational program of the local school division for purposes of the Standards of Accreditation.

§ 23.1-1009. Covered institutions; operational authority; projects.

A. Each covered institution may acquire, plan, design, construct, own, rent as landlord or tenant, operate, control, remove, renovate, enlarge, equip, and maintain, directly or through stock or nonstock corporations or other entities, any project. Such project may be owned or operated by the institution, other persons, or jointly by such institution and other persons and may be operated within or outside the Commonwealth as long as (i) the operations of such project are necessary or desirable to assist the institution in carrying out its public purposes within the Commonwealth and (ii) any private benefit resulting to any such other private persons from any such project is merely incidental to the public benefit of such project.

B. Each covered institution may continue, adopt, and enforce policies for the operation of any facility, including any veterinary facility, hospital, or other health care and related facility owned or operated by the institution. Any such policies pertaining to the operation of any veterinary facility, hospital, or other health care or related facility may include the conditions of practicing any health profession or veterinary medicine in the facility, the admission and treatment of patients, the procedures for determining the qualification of patients for indigent care or other programs, and the protection of patients and employees, provided that such policies do not discriminate on the basis of race, religion, color, sex, *sexual orientation*, *gender identity*, national origin, or any other factor prohibited by law.

§ 23.1-1017. Covered institutions; operational authority; procurement.

A. Subject to the express provisions of the management agreement, each covered institution may be exempt from the provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq.), except for § 2.2-4342, which shall not be construed to require compliance with the prequalification application procedures of subsection B of § 2.2-4317, provided, however, that (i) any deviations from the Virginia Public Procurement Act in the management agreement shall be uniform across all covered institutions and (ii) the governing board of the covered institution shall adopt, and the covered institution shall comply with, policies for the procurement of goods and services, including professional services, that shall (a) be based upon competitive principles, (b) in each instance seek competition to the maximum practical degree, (c) implement a system of competitive negotiation for professional services pursuant to §§ 2.2-4303.1 and 2.2-4302.2, (d) prohibit discrimination in the solicitation and award of contracts ~~based~~ *on the basis of* the bidder's or offeror's race, religion, color, sex, *sexual orientation*, *gender identity*, national origin, age, or disability or on any other basis prohibited by state or federal law, (e) incorporate the prompt payment principles of §§ 2.2-4350 and 2.2-4354, (f) consider the impact on correctional enterprises under § 53.1-47, and (g) provide that whenever solicitations are made seeking competitive procurement of goods or services, it shall be a priority of the institution to provide for fair and reasonable consideration of small, women-owned, and minority-owned businesses and to promote and encourage a diversity of suppliers.

B. Such policies may (i) provide for consideration of the dollar amount of the intended procurement, the term of the anticipated contract, and the likely extent of competition; (ii) implement a prequalification procedure for contractors or products; and (iii) include provisions for cooperative arrangements with other covered institutions, other public or private educational institutions, or other public or private organizations or entities, including public-private partnerships, public bodies, charitable organizations, health care provider alliances or purchasing organizations or entities, state agencies or institutions of the Commonwealth or the other states, the District of Columbia, the territories, or the United States, and any combination of such organizations and entities.

C. Nothing in this section shall preclude a covered institution from requesting and utilizing the assistance of the Virginia Information Technologies Agency for information technology procurements and covered institutions are encouraged to utilize such assistance.

D. Each covered institution shall post on the Department of General Services' central electronic procurement website all Invitations to Bid, Requests for Proposal, sole source award notices, and emergency award notices to ensure visibility and access to the Commonwealth's procurement opportunities on one website.

E. As part of any procurement provisions of the management agreement, the governing board of a covered institution shall identify the public, educational, and operational interests served by any procurement rule that deviates from procurement rules in the Virginia Public Procurement Act (§ 2.2-4300 et seq.).

§ 23.1-2213. Medical center management; capital projects; leases of property; procurement.

A. The economic viability of the Medical Center, the requirement for its specialized management and operation, and the need of the Medical Center to participate in cooperative arrangements reflective of changes in health care delivery, as set forth in § 23.1-2212, depend upon the ability of the management of the Medical Center to make and promptly implement decisions necessary to conduct the affairs of the Medical Center in an efficient, competitive manner. It is critical to and in the best interests of the Commonwealth that the University continues to fulfill its mission of providing quality medical and health sciences education and related research and, through the presence of its Medical Center, continues to provide for the care, treatment, health-related services, and education activities associated with Virginia patients, including indigent and medically indigent patients. Because the ability of the University to fulfill this mission is highly dependent upon revenues derived from providing health care through its Medical Center, and because the ability of the Medical Center to continue to be a reliable source of such revenues is heavily dependent upon its ability to compete with other providers of health care that are not subject to the requirements of law applicable to agencies of the Commonwealth, the University may implement the following modifications to the management and operation of the affairs of the Medical Center in order to enhance its economic viability:

1. a. For any Medical Center capital project entirely funded by a nongeneral fund appropriation made by the General Assembly, all post-appropriation review, approval, administrative, and policy and procedure functions performed by the Department of General Services, the Division of Engineering and Buildings, the Department of Planning and Budget, and any other agency that supports the functions performed by these departments are delegated to the University, subject to the following stipulations and conditions: (i) the board shall develop and implement an appropriate system of policies, procedures, reviews, and approvals for Medical Center capital projects to which this subsection applies; (ii) the system so adopted shall provide for the review and approval of any Medical Center capital project to which this subsection applies to ensure that, except as provided in clause (iii), the cost of any such capital project does not exceed the sum appropriated for the project and the project otherwise complies with all requirements of the Code of Virginia regarding capital projects, excluding only the post-appropriation review, approval, administrative, and policy and procedure functions performed by the Department of General Services, the Division of Engineering and Buildings, the Department of Planning and Budget, and any other agency that supports the functions performed by these departments; (iii) the board may, during any fiscal year, approve a transfer of up to 15 percent of the total nongeneral fund appropriation for the Medical Center to supplement funds appropriated for a capital project of the Medical Center, provided that the board finds that the transfer is necessary to effectuate the original intention of the General Assembly in making the appropriation for the capital project in question; (iv) the University shall report to the Department of General Services on the status of any such capital project prior to commencement of construction of, and at the time of acceptance of, any such capital project; and (v) the University shall ensure that Building Officials and Code Administrators (BOCA) Code and fire safety inspections of any such project are conducted and such projects are inspected by the State Fire Marshal or his designee prior to certification for building occupancy by the University's assistant state building official to whom such inspection responsibility has been delegated pursuant to § 36-98.1. Nothing in this section shall be deemed to relieve the University of any reporting requirement pursuant to § 2.2-1513. Notwithstanding the provisions of this subsection, the terms and structure of any financing of any capital project to which this subsection applies shall be approved pursuant to § 2.2-2416.

b. No capital project to which this subsection applies shall be materially increased in size or materially changed in scope beyond the plans and justifications that were the basis for the project's appropriation unless (i) the Governor determines that such increase in size or change in scope is necessary due to an emergency or (ii) the General Assembly approves the increase or change in a subsequent appropriation for the project. After construction of any such capital project has commenced, no such increase or change shall be made during construction unless the conditions in clause (i) or (ii) have been satisfied.

2. a. The University is exempt from the provisions of § 2.2-1149 and any rules, regulations, and guidelines of the Division of Engineering and Buildings regarding leases of real property that it enters into on behalf of the Medical Center and, pursuant to policies and procedures adopted by the board, may enter into such leases subject to the following conditions: (i) the lease shall be an operating lease and not a capital lease as defined in guidelines established by the Secretary of Finance and generally accepted accounting principles; (ii) the University's decision to enter into such a lease shall be based upon cost, demonstrated need, and compliance with guidelines adopted by the board that direct that (a) competition be sought to the maximum practical degree, (b) all costs of occupancy be considered, and (c) the use of the space to be leased is necessary and efficiently planned; (iii) the form of the lease is approved by the Special Assistant Attorney General representing the University; (iv) the lease otherwise meets all requirements of law; (v) the leased property is certified for occupancy by the building official of the political subdivision in which the leased property is located; and (vi) upon entering such leases and upon any subsequent amendment of such leases, the University provides copies of all lease documents and any attachments to such lease documents to the Department of General Services.

b. Notwithstanding the provisions of § 2.2-1155 and subdivision B 1 of § 23.1-1301, but subject to policies and procedures adopted by the board, the University may lease, for a purpose consistent with the mission of the Medical Center and for a term not to exceed 50 years, property in the possession or control of the Medical Center.

c. Notwithstanding the provisions of this subdivision, the terms and structure of any financing arrangements secured by capital leases or other similar lease financing agreements shall be approved pursuant to § 2.2-2416.

3. a. Contracts awarded by the University on behalf of the Medical Center for the procurement of goods, services, including professional services, construction, or information technology and telecommunications in compliance with this subdivision are exempt from (i) the Virginia Public Procurement Act (§ 2.2-4300 et seq.), except as provided in this section; (ii) the requirements of the Division of Purchases and Supply of the Department of General Services as set forth in Article 3 (§ 2.2-1109 et seq.) of Chapter 11 of Title 2.2; (iii) the requirements of the Division of Engineering and Buildings as set forth in Article 4 (§ 2.2-1129 et seq.) of Chapter 11 of Title 2.2; and (iv) the authority of the Chief Information Officer and the Virginia Information Technologies Agency as set forth in Chapter 20.1 (§ 2.2-2005 et seq.) of Title 2.2 regarding the review and approval of contracts for (a) the construction of Medical Center capital projects and (b) information technology and telecommunications projects.

b. The University shall adopt and at all times maintain guidelines generally applicable to the procurement of goods, services, construction, and information technology and telecommunications projects by the Medical Center or by the University on behalf of the Medical Center. Such guidelines shall be based upon competitive principles and in each instance seek competition to the maximum practical degree. The guidelines shall (i) implement a system of competitive negotiation for professional services; (ii) prohibit discrimination against the bidder or offeror in the solicitation or award of contracts on the basis of the race, religion, color, sex, *sexual orientation*, *gender identity*, or national origin of the bidder or offeror; and (iii) incorporate the prompt payment principles of §§ 2.2-4350 and 2.2-4354 and may (a) take into account the dollar amount of the intended procurement, the term of the anticipated contract, and the likely extent of competition; (b) implement a prequalification procedure for contractors or products; (c) include provisions for cooperative procurement arrangements with private health or educational institutions or public agencies or institutions of the states or territories of the United States or the District of Columbia; and (d) implement provisions of law.

c. Sections 2.2-4311, 2.2-4315, 2.2-4342 (which shall not be construed to require compliance with the prequalification application procedures of subsection B of § 2.2-4317), and 2.2-4330 and §§ 2.2-4333 through 2.2-4341 and 2.2-4367 through 2.2-4377 shall continue to apply to procurements by the Medical Center and the University on behalf of the Medical Center.

B. Subject to conditions that are prescribed in the budget bill pursuant to § 2.2-1509, the State Comptroller shall credit, on a monthly basis, to the nongeneral fund operating cash balances of the Medical Center the imputed interest earned by the investment of such nongeneral fund operating cash balances, including those balances derived from patient care revenues, on deposit with the State Treasurer.

§ 23.1-2312. Establishment of a branch campus in the State of Qatar.

A. In recognition that global educational opportunities benefit the intellectual and economic interests of the Commonwealth, the board may establish, operate, and govern a branch campus of the University in the State of Qatar. The board has the same powers with respect to operation and governance of its branch campus in Qatar as are vested in the board by law with respect to the University. In operating such branch campus, the board shall provide appropriate professional opportunities for Virginia-based faculty to teach or conduct research on the Qatar campus and educational opportunities for Virginia-based students to study or conduct research on the Qatar campus.

B. Nothing contained in this section shall be deemed a waiver of the sovereign immunity of the Commonwealth or the University.

C. In its operation of any branch campus established in the State of Qatar, the board and its employees shall not discriminate on the basis of race, color, religion, national origin, ~~or~~ sex, *sexual orientation*, or *gender identity* and shall not abridge the constitutional rights of freedom of speech and religion. Any agreement that the board enters to establish, operate, or govern the branch campus in Qatar shall contain contractual assurances to the board that the branch campus shall operate without discrimination on the basis of race, color, religion, national origin, ~~or~~ sex, *sexual orientation*, or *gender identity* and without abridging the constitutional rights of freedom of speech and religion.

§ 23.1-2405. Additional powers of the Authority; operation of projects.

A. The Authority may acquire, plan, design, construct, own, rent as landlord or tenant, operate, control, remove, renovate, enlarge, equip, and maintain, directly or through stock or nonstock corporations or other entities, any project as defined in this chapter. Such projects may be owned or operated by the Authority or other parties or jointly by the Authority and other parties and may be operated within or outside the Commonwealth, so long as (i) their operations are necessary or desirable to assist the Authority in carrying out its public purposes within the Commonwealth and (ii) any private benefit resulting to any such other private parties from any such project is merely incidental to the public benefit of the project.

B. In the operation of hospitals and other health care and related facilities, the Authority may make and enforce all policies, procedures, and regulations necessary or desirable for such operation, including those relating to the conditions under which the privilege of practicing may be available in such facilities, the admission and treatment of patients, the procedures for determining the qualification of patients for indigent care or other programs, and the protection of patients and employees, provided that such policies, procedures, and regulations do not discriminate on the basis of race, religion, color, sex, *sexual orientation*, *gender identity*, or national origin.

§ 23.1-2415. Employees of the Authority.

A. Employees of the Authority shall be employed on such terms and conditions as established by the Authority. The board shall develop and adopt policies and procedures that afford its employees grievance rights, ensure that employment

decisions are based upon the merit and fitness of applicants, and prohibit discrimination on the basis of race, religion, color, sex, *sexual orientation*, *gender identity*, or national origin.

B. The Authority shall issue a written notice to all individuals whose employment is transferred to the Authority. The date upon which such written notice is issued is referred to in this section as the "Option Date." Each individual whose employment is transferred to the Authority may, by written request made within 180 days of the Option Date, elect not to become employed by the Authority. Any employee of MCV Hospitals who (i) elects not to become employed by the Authority; (ii) is not reemployed by any department, institution, board, commission, or agency of the Commonwealth; (iii) is not offered alternative employment by the Authority; (iv) is not offered a position with the Authority for which the employee is qualified; or (v) is offered a position by the Authority that requires relocation or a reduction in salary is eligible for the severance benefits conferred by the provisions of the Workforce Transition Act (§ 2.2-3200 et seq.). Any employee who accepts employment with the Authority has voluntarily separated from state employment and is not eligible for the severance benefits conferred by the provisions of the Workforce Transition Act.

C. Without limiting its power generally with respect to employees, the Authority may employ any University employee utilized in the operation of the hospital facilities and assume obligations under any employment agreement for such employee, and the University may assign any such contract to the Authority.

D. The Authority and the University may enter into agreements providing for the purchase of services of University employees utilized in the operation of the hospital facilities by paying agreed-upon amounts to cover all or part of the salaries and other costs of such employees.

E. Notwithstanding any other provision of law to the contrary, any employee whose employment is transferred to the Authority as a result of this chapter and who is a member of any plan for providing health insurance coverage pursuant to Chapter 28 (§ 2.2-2800 et seq.) of Title 2.2 shall continue to be a member of such health insurance plan under the same terms and conditions of such plan.

F. Notwithstanding subsection A of § 2.2-2818, the costs of providing health insurance coverage to employees who elect to continue to be members of the state employees' health insurance plan shall be paid by the Authority.

G. Any employee of the Authority may elect to become a member of any health insurance plan established by the Authority. The Authority may (i) establish a health insurance plan for the benefit of its employees, residents, and interns and (ii) enter into an agreement with the Department of Human Resource Management providing for the coverage of its employees, interns, and residents under the state employees' health insurance plan, provided that such agreement requires the Authority to pay the costs of providing health insurance coverage under such plan.

H. Notwithstanding any other provision of law to the contrary, any employee whose employment is transferred to the Authority as a result of this chapter and who is a member of the Virginia Retirement System or another retirement plan as authorized by Article 4 (§ 51.1-125 et seq.) of Chapter 1 of Title 51.1 shall continue to be a member of the Virginia Retirement System or such other authorized retirement plan under the same terms and conditions of such plan. Any such employee and any employee employed by the Authority between July 1, 1997, and June 30, 1998, who elected to be covered by the Virginia Retirement System may elect, during an open enrollment period from April 1, 2001, through April 30, 2001, to become a member of the retirement plan established by the Authority for the benefit of its employees pursuant to § 23.1-2416 by transferring assets equal to the actuarially determined present value of the accrued basic benefit as of the transfer date. The Authority shall reimburse the Virginia Retirement System for the actual cost of actuarial services necessary to determine the present value of the accrued basic benefit of employees who elect to transfer to the Authority's retirement plan. The following rules shall apply to such transfers:

1. With respect to any transferred employee who elects to remain a member of the Virginia Retirement System or another authorized retirement plan, the Authority shall collect and pay all employee and employer contributions to the Virginia Retirement System or such other authorized retirement plan for retirement in accordance with the provisions of Chapter 1 (§ 51.1-124.1 et seq.) of Title 51.1 for such transferred employees.

2. Transferred employees who elect to become members of the retirement plan established by the Authority for the benefit of its employees shall be given full credit for their creditable service as defined in § 51.1-124.3, vesting and benefit accrual under the retirement plan established by the Authority. For any such employee, employment with the Authority shall be treated as employment with any nonparticipating employer for purposes of the Virginia Retirement System or other retirement plan as authorized by Article 4 (§ 51.1-125 et seq.) of Chapter 1 of Title 51.1.

3. For transferred employees who elect to become members of the retirement plan established by the Authority, the Virginia Retirement System or other such authorized plan shall transfer to the retirement plan established by the Authority assets equal to the actuarially determined present value of the accrued basic benefit as of the transfer date. For the purposes of such calculation, the basic benefit is the benefit accrued under the Virginia Retirement System or another authorized retirement plan based on creditable service and average final compensation as defined in § 51.1-124.3 and determined as of the transfer date. The actuarial present value shall be determined on the same basis, using the same actuarial factors and assumptions used in determining the funding needs of the Virginia Retirement System or such other authorized retirement plan so that the transfer of assets to the retirement plan established by the Authority has no effect on the funded status and financial stability of the Virginia Retirement System or other such authorized retirement plan.

§ 23.1-3011. Discrimination prohibited.

In hiring practices and in the procurement of goods and services, the Medical School shall not discriminate against any person on the basis of race, color, religion, national origin, sex, *sexual orientation*, *gender identity*, pregnancy, childbirth or related medical conditions, age, marital status, or disability.

§ 23.1-3138. Procurement and information technology.

A. 4. Willful or reckless acts or omissions increasing the probability that a peril insured against will occur as determined from a physical inspection of the insured premises;
5. Physical changes in the property which result in the property becoming uninsurable as determined from a physical inspection of the insured premises; or
6. Foreclosure efforts by the secured party against the subject property covered by the policy that have resulted in the sale of the property by a trustee under a deed of trust as duly recorded in the land title records of the jurisdiction in which the property is located.

B. No policy or contract written to insure owner-occupied dwellings shall be terminated by an insurer by refusal to renew except at the expiration of the stated policy period or term and unless the insurer or its agent acting on behalf of the insurer mails or delivers to the named insured, at the address stated in the policy, or delivers electronically to the address provided by the named insured, written notice of the insurer's refusal to renew the policy or contract.

C. A written notice of cancellation of or refusal to renew a policy or contract written to insure owner-occupied dwellings shall:

1. State the date that the insurer proposes to terminate the policy or contract, which shall be at least 30 days after mailing or delivering to the named insured the notice of cancellation or refusal to renew. However, when the policy is being terminated for the reason set forth in subdivision A 1 ~~of subsection A of this section~~, the date that the insurer proposes to terminate the policy may be less than 30 days but at least 10 days from the date of mailing or delivery;

2. State the specific reason for terminating the policy or contract and provide for the notification required by the provisions of §§ 38.2-608 and 38.2-609 and subsection B of § 38.2-610. However, those notification requirements shall not apply when the policy is being canceled or not renewed for the reason set forth in subdivision A 1 ~~of subsection A of this section~~;

3. Advise the insured that within 10 days of receipt of the notice of termination he may request in writing that the Commissioner review the action of the insurer in terminating the policy or contract;

4. Advise the insured of his possible eligibility for fire insurance coverage through the Virginia Property Insurance Association; and

5. Be in a type size authorized by § 38.2-311.

D. Within 10 days of receipt of the notice of termination any insured or his attorney shall be entitled to request in writing to the Commissioner that he review the action of the insurer in terminating a policy or contract written to insure owner-occupied dwellings. Upon receipt of the request, the Commissioner shall promptly initiate a review to determine whether the insurer's cancellation or refusal to renew complies with the requirements of this section and of § 38.2-2113, if sent by mail or delivered electronically. The policy shall remain in full force and effect during the pendency of the review by the Commissioner except where the cancellation or refusal to renew is for reason of nonpayment of premium, in which case the policy shall terminate as of the date stated in the notice. Where the Commissioner finds from the review that the cancellation or refusal to renew has not complied with the requirements of this section or of § 38.2-2113, if sent by mail or delivered electronically, he shall immediately notify the insurer, the insured, and any other person to whom notice of cancellation or refusal to renew was required to be given by the terms of the policy that the cancellation or refusal to renew is not effective. Nothing in this section authorizes the Commissioner to substitute his judgment as to underwriting for that of the insurer.

E. Nothing in this section shall apply:

1. To any policy written to insure owner-occupied dwellings that has been in effect for less than 90 days when the notice of termination is mailed or delivered to the insured, unless it is a renewal policy;

2. If the insurer or its agent acting on behalf of the insurer has manifested its willingness to renew by issuing or offering to issue a renewal policy, certificate or other evidence of renewal, or has otherwise manifested its willingness to renew in writing to the insured. The written manifestation shall include the name of a proposed insurer, the expiration date of the policy, the type of insurance coverage, and information regarding the estimated renewal premium;

3. If the named insured or his duly constituted attorney-in-fact has notified the insurer or its agent orally, or in writing, if the insurer requires such notification to be in writing, that he wishes the policy to be canceled, or that he does not wish the policy to be renewed, or if, prior to the date of expiration, he fails to accept the offer of the insurer to renew the policy;

4. To any contract or policy written through the Virginia Property Insurance Association or any residual market facility established pursuant to Chapter 27 (§ 38.2-2700 et seq.) ~~of this title~~; or

5. If an affiliated insurer has manifested its willingness to provide coverage at a lower premium than would have been charged for the same exposures on the expiring policy. The affiliated insurer shall manifest its willingness to provide coverage by issuing a policy with the types and limits of coverage at least equal to those contained in the expiring policy unless the named insured has requested a change in coverage or limits. When such offer is made by an affiliated insurer, an offer of renewal shall not be required of the insurer of the expiring policy, and the policy issued by the affiliated insurer shall be deemed to be a renewal policy.

F. Each insurer shall maintain, for at least one year, records of cancellation and refusal to renew and copies of every notice or statement referred to in subsection E ~~of this section~~ that it sends to any of its insureds.

G. There shall be no liability on the part of and no cause of action of any nature shall arise against the Commissioner or his subordinates; any insurer, its authorized representative, its agents, or its employees; or any firm, person or corporation furnishing to the insurer information as to reasons for cancellation or refusal to renew, for any statement made by any of them in complying with this section or for providing information pertaining to the cancellation or refusal to renew.

H. Nothing in this section requires an insurer to renew a policy written to insure owner-occupied dwellings, if the insured does not conform to the occupational or membership requirements of an insurer who limits its writings to an occupation or membership of an organization.

I. No insurer or agent shall refuse to renew a policy written to insure an owner-occupied dwelling, solely because of any one or more of the following factors:

1. Age;
2. Sex;
3. Residence;
4. Race;
5. Color;
6. Creed;
7. National origin;
8. Ancestry;
9. Marital status;
10. *Sexual orientation*;
11. *Gender identity*;

12. Lawful occupation, including the military service; however, nothing in this subsection shall require any insurer to renew a policy for an insured where the insured's occupation has changed so as to increase materially the risk;

~~13.~~ 13. Credit information contained in a "consumer report," as defined in the federal Fair Credit Reporting Act, 15 U.S.C. § 1681 et seq., bearing on a natural person's creditworthiness, credit standing or credit capacity. If credit information is used, in part, as the basis for the nonrenewal, such credit information shall be based on a consumer report procured within 120 days from the effective date of the nonrenewal;

~~14.~~ 14. Any claim resulting primarily from natural causes;

~~15.~~ 15. One or more claims that were incurred more than 60 months immediately prior to the expiration of the current policy period; or

~~16.~~ 16. Any inquiry from an insured about his insurance coverage or policy provisions. For purposes of this subdivision, "inquiry" means a written or oral communication by an insured seeking information regarding coverage or policy provisions that does not notify the insurer of a loss, incident or accident, and that does not provide information indicating an increase in the hazard insured against. An insurer shall not report any inquiry as a claim to a loss history database maintained by a consumer reporting agency or insurance support organization.

Nothing in this section prohibits any insurer from setting rates in accordance with relevant actuarial data.

J. No insurer shall cancel or refuse to renew a policy written to insure an owner-occupied dwelling because an insured under the policy is a foster parent and foster children reside at the insured dwelling.

§ 38.2-2115. Discrimination in issuance of fire insurance.

No insurer or agent shall refuse to issue a policy solely because of any one or more of the following factors: the age, sex, residence, race, color, creed, national origin, ancestry, marital status, *sexual orientation*, *gender identity*, or lawful occupation, including the military service, of the person seeking insurance. Nothing in this section prohibits any insurer from limiting the issuance of policies to those who are residents of this Commonwealth, nor does it prohibit any insurer

from limiting the issuance of policies only to persons engaging in or who have engaged in a particular profession or occupation, or who are members of a particular religious sect. Nothing in this section prohibits any insurer from setting rates in accordance with relevant actuarial data.

§ 38.2-2212. Grounds and procedure for cancellation of or refusal to renew motor vehicle insurance policies; review by Commissioner.

A. The following definitions shall apply to this section:

"Cancellation" or "to cancel" means a termination of a policy during the policy period.

"Insurer" means any insurance company, association, or exchange licensed to transact motor vehicle insurance in this Commonwealth.

"Policy of motor vehicle insurance" or "policy" means a policy or contract for bodily injury or property damage liability insurance issued or delivered in this Commonwealth covering liability arising from the ownership, maintenance, or use of any motor vehicle, insuring as the named insured one individual or husband and wife who are residents of the same household, and under which the insured vehicle designated in the policy is either:

~~a.~~ 1. A motor vehicle of a private passenger, station wagon, or motorcycle type that is not used commercially, rented to others, or used as a public or livery conveyance where the term "public or livery conveyance" does not include car pools, or

~~b.~~ 2. Any other four-wheel motor vehicle which is not used in the occupation, profession, or business, other than farming, of the insured, or as a public or livery conveyance, or rented to others. The term "policy of motor vehicle insurance" or "policy" does not include (i) any policy issued through the Virginia Automobile Insurance Plan, (ii) any policy covering the operation of a garage, sales agency, repair shop, service station, or public parking place, (iii) any policy providing insurance only on an excess basis, or (iv) any other contract providing insurance to the named insured even though the contract may incidentally provide insurance on motor vehicles.

"Renewal" or "to renew" means (i) the issuance and delivery by an insurer of a policy superseding at the end of the policy period a policy previously issued and delivered by the same insurer, providing types and limits of coverage at least equal to those contained in the policy being superseded, or (ii) the issuance and delivery of a certificate or notice extending the term of a policy beyond its policy period or term with types and limits of coverage at least equal to those contained in the policy. Each renewal shall conform with the requirements of the manual rules and rating program currently filed by the insurer with the Commission. Except as provided in subsection K, any policy with a policy period or term of less than 12 months or any policy with no fixed expiration date shall for the purpose of this section be considered as if written for successive policy periods or terms of six months from the original effective date.

B. This section shall apply only to that portion of a policy of motor vehicle insurance providing the coverage required by §§ 38.2-2204, 38.2-2205, and 38.2-2206.

C. 1. No insurer shall refuse to renew a motor vehicle insurance policy solely because of any one or more of the following factors:

- a. Age;
- b. Sex;
- c. Residence;
- d. Race;
- e. Color;
- f. Creed;
- g. National origin;
- h. Ancestry;
- i. Marital status;
- j. *Sexual orientation*;

~~o.~~ q. A single claim by a single insured submitted under the medical expense coverage due to an accident for which the insured was neither wholly nor partially at fault;

~~p.~~ r. One or more claims submitted under the comprehensive or towing coverages. However, nothing in this section shall prohibit an insurer from modifying or refusing to renew the comprehensive or towing coverages at the time of renewal of the policy on the basis of one or more claims submitted by an insured under those coverages, provided that the insurer shall mail or deliver to the insured at the address shown in the policy, or deliver electronically to the address provided by the named insured, written notice of any such change in coverage at least 45 days prior to the renewal;

~~q.~~ s. Two or fewer motor vehicle accidents within a three-year period unless the accident was caused either wholly or partially by the named insured, a resident of the same household, or other customary operator;

~~¶~~ *t.* Credit information contained in a "consumer report," as defined in the federal Fair Credit Reporting Act, 15 U.S.C. § 1681 et seq., bearing on a natural person's creditworthiness, credit standing or credit capacity. If credit information is used, in part, as the basis for the nonrenewal, such credit information shall be based on a consumer report procured within 120 days from the effective date of the nonrenewal. The provisions of this subdivision shall apply only to insurance purchased primarily for personal, family, or household purposes;

~~§~~ *u.* The refusal of a motor vehicle owner as defined in § 46.2-1088.6 to provide access to recorded data from a recording device as defined in § 46.2-1088.6; or

~~¶~~ *v.* The status of the person as a foster care provider or a person in foster care.

2. Nothing in this section shall require any insurer to renew a policy for an insured where the insured's occupation has changed so as to materially increase the risk. Nothing contained in subdivisions 1 ~~h~~ *p*, ~~o~~ *q*, and ~~p~~ *r* shall prohibit an insurer from refusing to renew a policy where a claim is false or fraudulent. Nothing in this section prohibits any insurer from setting rates in accordance with relevant actuarial data.

D. No insurer shall cancel a policy except for one or more of the following reasons:

1. The named insured or any other operator who either resides in the same household or customarily operates a motor vehicle insured under the policy has had his driver's license suspended or revoked during the policy period or, if the policy is a renewal, during its policy period or the 90 days immediately preceding the last effective date.

2. The named insured fails to pay the premium for the policy or any installment of the premium, whether payable to the insurer or its agent either directly or indirectly under any premium finance plan or extension of credit.

3. The named insured or his duly constituted attorney-in-fact has notified the insurer of a change in the insured's legal residence to a state other than Virginia and the insured vehicle will be principally garaged in the new state of legal residence.

E. No cancellation or refusal to renew by an insurer of a policy of motor vehicle insurance shall be effective unless the insurer delivers or mails to the named insured at the address shown in the policy a written notice of the cancellation or refusal to renew, or the insurer delivers such notice electronically to the address provided by the named insured. The notice shall:

1. Be in a type size authorized under § 38.2-311.

2. State the effective date of the cancellation or refusal to renew. The effective date of cancellation or refusal to renew shall be at least 45 days after mailing or delivering to the insured the notice of cancellation or notice of refusal to renew. However, when the policy is being canceled or not renewed for the reason set forth in subdivision D 2 the effective date may be less than 45 days but at least 15 days from the date of mailing or delivery.

3. State the specific reason of the insurer for cancellation or refusal to renew and provide for the notification required by §§ 38.2-608, 38.2-609, and subsection B of § 38.2-610. However, those notification requirements shall not apply when the policy is being canceled or not renewed for the reason set forth in subdivision D 2.

4. Inform the insured of his right to request in writing within 15 days of the receipt of the notice that the Commissioner review the action of the insurer.

The notice of cancellation or refusal to renew shall contain the following statement to inform the insured of such right:

IMPORTANT NOTICE

Within 15 days of receiving this notice, you or your attorney may request in writing that the Commissioner of Insurance review this action to determine whether the insurer has complied with Virginia laws in canceling or nonrenewing your policy. If this insurer has failed to comply with the cancellation or nonrenewal laws, the Commissioner may require that your policy be reinstated. However, the Commissioner is prohibited from making underwriting judgments. If this insurer has complied with the cancellation or nonrenewal laws, the Commissioner does not have the authority to overturn this action.

5. Inform the insured of the possible availability of other insurance which may be obtained through his agent, through another insurer, or through the Virginia Automobile Insurance Plan.

6. If sent by mail or delivered electronically, comply with the provisions of § 38.2-2208.

Nothing in this subsection prohibits any insurer or agent from including in the notice of cancellation or refusal to renew, any additional disclosure statements required by state or federal laws, or any additional information relating to the availability of other insurance.

F. Nothing in this section shall apply:

1. If the insurer or its agent acting on behalf of the insurer has manifested its willingness to renew by issuing or offering to issue a renewal policy, certificate, or other evidence of renewal, or has manifested its willingness to renew in writing to the insured. The written manifestation shall include the name of a proposed insurer, the expiration date of the policy, the type of insurance coverage, and information regarding the estimated renewal premium. The insurer shall retain a copy of each written manifestation for a period of at least one year from the expiration date of any policy that is not renewed;

2. If the named insured, or his duly constituted attorney-in-fact, has notified the insurer or its agent orally, or in writing, if the insurer requires such notification to be in writing, that he wishes the policy to be canceled or that he does not wish the policy to be renewed, or if prior to the date of expiration he fails to accept the offer of the insurer to renew the policy;

3. To any motor vehicle insurance policy which has been in effect less than 60 days when the termination notice is mailed or delivered to the insured, unless it is a renewal policy; or

4. If an affiliated insurer has manifested its willingness to provide coverage at a lower premium than would have been charged for the same exposures on the expiring policy. The affiliated insurer shall manifest its willingness to provide coverage by issuing a policy with the types and limits of coverage at least equal to those contained in the expiring policy

unless the named insured has requested a change in coverage or limits. When such offer is made by an affiliated insurer, an offer of renewal shall not be required of the insurer of the expiring policy, and the policy issued by the affiliated insurer shall be deemed to be a renewal policy.

G. There shall be no liability on the part of and no cause of action of any nature shall arise against the Commissioner or his subordinates; any insurer, its authorized representatives, its agents, or its employees; or any person furnishing to the insurer information as to reasons for cancellation or refusal to renew, for any statement made by any of them in complying with this section or for providing information pertaining to the cancellation or refusal to renew. For the purposes of this section, no insurer shall be required to furnish a notice of cancellation or refusal to renew to anyone other than the named insured, any person designated by the named insured, or any other person to whom such notice is required to be given by the terms of the policy and the Commissioner.

H. Within 15 days of receipt of the notice of cancellation or refusal to renew, any insured or his attorney shall be entitled to request in writing to the Commissioner that he review the action of the insurer in canceling or refusing to renew the policy of the insured. Upon receipt of the request, the Commissioner shall promptly begin a review to determine whether the insurer's cancellation or refusal to renew complies with the requirements of this section and of § 38.2-2208 if the notice was sent by mail or delivered electronically. The policy shall remain in full force and effect during the pendency of the review by the Commissioner except where the cancellation or refusal to renew is for the reason set forth in subdivision D 2, in which case the policy shall terminate as of the effective date stated in the notice. Where the Commissioner finds from the review that the cancellation or refusal to renew has not complied with the requirements of this section or of § 38.2-2208, he shall immediately notify the insurer, the insured and any other person to whom such notice was required to be given by the terms of the policy that the cancellation or refusal to renew is not effective. Nothing in this section authorizes the Commissioner to substitute his judgment as to underwriting for that of the insurer. Where the Commissioner finds in favor of the insured, the Commission in its discretion may award the insured reasonable ~~attorneys'~~ attorney fees.

I. Each insurer shall maintain for at least one year, records of cancellation and refusal to renew and copies of every notice or statement referred to in subsection E that it sends to any of its insureds.

J. The provisions of this section shall not apply to any insurer that limits the issuance of policies of motor vehicle liability insurance to one class or group of persons engaged in any one particular profession, trade, occupation, or business. Nothing in this section requires an insurer to renew a policy of motor vehicle insurance if the insured does not conform to the occupational or membership requirements of an insurer who limits its writings to an occupation or membership of an organization. No insurer is required to renew a policy if the insured becomes a nonresident of Virginia.

K. Notwithstanding any other provision of this section, a motor vehicle insurance policy with a policy period or term of five months or less may expire at its expiration date when the insurer has manifested in writing its willingness to renew the policy for at least 30 days and has mailed or delivered the written manifestation to the insured at least 15 days before the expiration date of the policy. The written manifestation shall include the name of the proposed insurer, the expiration date of the policy, the type of insurance coverage, and the estimated renewal premium. The insurer shall retain a copy of the written manifestation for at least one year from the expiration date of any policy that is not renewed.

§ 38.2-2213. Discrimination in issuance of motor vehicle insurance.

No insurer or agent shall refuse to issue a motor vehicle insurance policy as defined in § 38.2-2212 solely because of any one or more of the following factors: the age, sex, residence, race, color, creed, national origin, ancestry, marital status, *sexual orientation*, *gender identity*, status of a person as a foster care provider or a person in foster care, or lawful occupation, including the military service, of the person seeking the coverage. Nothing in this section prohibits any insurer from limiting the issuance of motor vehicle insurance policies to those who are residents of this Commonwealth nor does this section prohibit any insurer from limiting the issuance of motor vehicle insurance policies only to persons engaging in or who have engaged in a particular profession or occupation, or who are members of a particular religious sect. Nothing in this section prohibits any insurer from setting rates in accordance with relevant actuarial data.

§ 38.2-3407.10. Health care provider panels.

A. As used in this section:

"Carrier" means:

1. Any insurer proposing to issue individual or group accident and sickness insurance policies providing hospital, medical and surgical or major medical coverage on an expense incurred basis;
2. Any corporation providing individual or group accident and sickness subscription contracts;
3. Any health maintenance organization providing health care plans for health care services;
4. Any corporation offering prepaid dental or optometric services plans; or
5. Any other person or organization that provides health benefit plans subject to state regulation, and includes an entity that arranges a provider panel for compensation.

"Enrollee" means any person entitled to health care services from a carrier.

"Provider" means a hospital, physician or any type of provider licensed, certified or authorized by statute to provide a covered service under the health benefit plan.

"Provider panel" means those providers with which a carrier contracts to provide health care services to the carrier's enrollees under the carrier's health benefit plan. However, such term does not include an arrangement between a carrier and providers in which any provider may participate solely on the basis of the provider's contracting with the carrier to provide services at a discounted fee-for-service rate.

B. Any such carrier that offers a provider panel shall establish and use it in accordance with the following requirements:

1. Notice of the development of a provider panel in the Commonwealth or local service area shall be filed with the Department of Health Professions.

2. Carriers shall provide a provider application and the relevant terms and conditions to a provider upon request.

C. A carrier that uses a provider panel shall establish procedures for:

1. Notifying an enrollee of:

a. The termination from the carrier's provider panel of the enrollee's primary care provider who was furnishing health care services to the enrollee; and

b. The right of an enrollee upon request to continue to receive health care services for a period of up to 90 days from the date of the primary care provider's notice of termination from a carrier's provider panel, except when a provider is terminated for cause.

2. Notifying a provider at least 90 days prior to the date of the termination of the provider, except when a provider is terminated for cause.

3. Providing reasonable notice to primary care providers in the carrier's provider panel of the termination of a specialty referral services provider.

4. Notifying the purchaser of the health benefit plan, whether such purchaser is an individual or an employer providing a health benefit plan, in whole or in part, to its employees and enrollees of the health benefit plan of:

a. A description of all types of payment arrangements that the carrier uses to compensate providers for health care services rendered to enrollees, including, but not limited to, withholds, bonus payments, capitation and fee-for-service discounts; and

b. The terms of the plan in clear and understandable language that reasonably informs the purchaser of the practical application of such terms in the operation of the plan.

D. Whenever a provider voluntarily terminates his contract with a carrier to provide health care services to the carrier's enrollees under a health benefit plan, he shall furnish reasonable notice of such termination to his patients who are enrollees under such plan.

E. A carrier may not deny an application for participation or terminate participation on its provider panel on the basis of gender, race, age, *sexual orientation*, *gender identity*, religion or national origin.

F. 1. For a period of at least 90 days from the date of the notice of a provider's termination from the carrier's provider panel, except when a provider is terminated for cause, the provider shall be permitted by the carrier to render health care services to any of the carrier's enrollees who:

a. Were in an active course of treatment from the provider prior to the notice of termination; and

b. Request to continue receiving health care services from the provider.

2. Notwithstanding the provisions of subdivision 1, any provider shall be permitted by the carrier to continue rendering health services to any enrollee who has entered the second trimester of pregnancy at the time of a provider's termination of participation, except when a provider is terminated for cause. Such treatment shall, at the enrollee's option, continue through the provision of postpartum care directly related to the delivery.

3. Notwithstanding the provisions of subdivision 1, any provider shall be permitted by the carrier to continue rendering health services to any enrollee who is determined to be terminally ill (as defined under § 1861 (dd)(3)(A) of the Social Security Act) at the time of a provider's termination of participation, except when a provider is terminated for cause. Such treatment shall, at the enrollee's option, continue for the remainder of the enrollee's life for care directly related to the treatment of the terminal illness.

4. A carrier shall reimburse a provider under this subsection in accordance with the carrier's agreement with such provider existing immediately before the provider's termination of participation.

G. 1. A carrier shall provide to a purchaser upon enrollment and make available to existing enrollees at least once a year a list of members in its provider panel, which list shall also indicate those providers who are not currently accepting new patients. Such list may be made available in a form other than a printed document, provided the purchaser or existing enrollee is given the means to request and receive a printed copy of such list.

2. The information provided under subdivision 1 shall be updated at least once a year if in paper form, and monthly if in electronic form.

H. No contract between a carrier and a provider may require that the provider indemnify the carrier for the carrier's negligence, willful misconduct, or breach of contract, if any.

I. No contract between a carrier and a provider shall require a provider, as a condition of participation on the panel, to waive any right to seek legal redress against the carrier.

J. No contract between a carrier and a provider shall prohibit, impede or interfere in the discussion of medical treatment options between a patient and a provider.

K. A contract between a carrier and a provider shall permit and require the provider to discuss medical treatment options with the patient.

L. Any carrier requiring preauthorization for medical treatment shall have personnel available to provide such preauthorization at all times when such preauthorization is required.

M. Carriers shall provide to their group policyholders written notice of any benefit reductions during the contract period at least 60 days before such benefit reductions become effective. Group policyholders shall, in turn, provide to their enrollees written notice of any benefit reductions during the contract period at least 30 days before such benefit reductions become effective. Such notice shall be provided to the group policyholder as a separate and distinct notification, and may not be combined with any other notification or marketing materials.

N. No contract between a provider and a carrier shall include provisions that require a health care provider or health care provider group to deny covered services that such provider or group knows to be medically necessary and appropriate that are provided with respect to a specific enrollee or group of enrollees with similar medical conditions.

O. If a provider panel contract between a provider and a carrier, or other entity that provides hospital, physician or other health care services to a carrier, includes provisions that require a provider, as a condition of participating in one of the carrier's or other entity's provider panels, to participate in any other provider panel owned or operated by that carrier or other entity, the contract shall contain a provision permitting the provider to refuse participation in one or more such other provider panels at the time the contract is executed. If a provider contracts with a carrier or other entity that subsequently contracts with one or more unaffiliated carriers to include such provider in the provider panels of such unaffiliated carriers, and which permits an unaffiliated carrier to impose participation terms with respect to such provider that differ materially in reimbursement rates or in managed care procedures, such as conducting economic profiling or requiring a patient to obtain primary care physician referral to a specialist, from the terms agreed to by the provider in the original contract, the provider panel contract shall contain a provision permitting the provider to refuse participation with any such unaffiliated carrier. Utilization review pursuant to Article 1.2 (§ 32.1-137.7 et seq.) of Chapter 5 of Title 32.1 shall not constitute a materially different managed care procedure. This subsection shall apply to provider panels utilized by health maintenance organizations and preferred provider organizations. For purposes of this subsection, "preferred provider organization" means a carrier that offers preferred provider contracts or policies as defined in § 38.2-3407 or preferred provider subscription contracts as defined in § 38.2-4209. The status of a physician as a member of or as being eligible for other existing or new provider panels shall not be adversely affected by the exercise of such right to refuse participation. This subsection shall not apply to the Medallion II and children's health insurance plan administered by or pursuant to contract with the Department of Medical Assistance Services.

P. A carrier that rents or leases its provider panel to unaffiliated carriers shall make available, upon request, to its providers a list of unaffiliated carriers that rent or lease its provider panel. Such list if available in electronic format shall be updated monthly. The provider shall be given the means to request and receive a printed copy of such list.

Q. The Commission shall have no jurisdiction to adjudicate controversies arising out of this section.

R. The requirements of this section shall apply to all insurance policies, contracts, and plans delivered, issued for delivery, reissued, or extended on or after July 1, 1996. However, the 90-day period referred to in subdivisions C 1 b and C 2 of this section, the requirements set forth in subdivisions F 2 and F 3, and the requirements set forth in subsections L, M, and N shall apply to contracts between carriers and providers that are entered into or renewed on or after July 1, 1999, the requirements set forth in subsection O shall apply to contracts between carriers and providers that are entered into, reissued, extended or renewed on or after July 1, 2001, and the requirements set forth in subsection P shall be effective on and after January 1, 2007.

§ 40.1-121. Requisites of apprenticeship agreement.

Every apprenticeship agreement entered into under this chapter shall contain:

2. The date of birth of the apprentice;
3. The contact information of the Program Sponsor and the Division of Registered Apprenticeship;
4. A statement of the occupation or business that the apprentice is to be taught and the time at which the apprenticeship will begin and end;
5. A statement showing the number of hours to be spent by the apprentice in work and the number of hours to be spent in related or supplemental instruction;
6. A statement setting forth a schedule of the processes in the occupation or industry division in which the apprentice is to be taught and the approximate time to be spent at each process;

9. A reference incorporating as part of the agreement the standards of the apprenticeship program as they exist on the date of the agreement and as they may be amended during the period of the agreement;

11. 12. A provision that an employer who is unable to fulfill his obligation under the apprentice agreement may, with the approval of the Commissioner, transfer such contract to any other employer if (i) the apprentice consents, (ii) such other employer agrees to assume the obligations of the apprentice agreement, and (iii) the transfer is reported to the registration agency within 30 days of the transfer; and

13. Such additional terms and conditions as may be prescribed or approved by the Commissioner not inconsistent with the provisions of this chapter.

§ 51.5-166. Eligibility criteria.

The Commissioner shall establish eligibility criteria for services to be applied by programs awarded grants pursuant to this article. Such criteria shall provide that:

1. Eligibility shall be determined without regard to sex, *sexual orientation*, *gender identity*, race, national origin, religion, or type of impairment of the person applying for the service;

2. Preference shall be given to applicants for services whose impairments are so severe that they do not presently have the potential for employment, but whose ability to live and function independently within their family settings or communities may be improved by the services for which they have applied; and

3. Services shall not be provided to people who are eligible for prevocational or supported employment services through a Medicaid home and community based waiver program.

§ 51.5-170. Eligibility.

The Commissioner shall adopt written standards for determining eligibility for vocational rehabilitation services provided or funded, in whole or in part, by the Department, which ensure that eligibility is determined without regard to sex, *sexual orientation*, *gender identity*, race, national origin, religion, or type of impairment of the person applying for services and is determined solely by reference to specific written criteria.

§ 55.1-1310. Sale or lease of manufactured home by manufactured home owner.

No landlord shall unreasonably refuse or restrict the sale or rental of a manufactured home located in his manufactured home park by a tenant. No landlord shall prohibit the manufactured home owner from placing a "for sale" sign on or in the owner's home except that the size, placement, and character of all signs are subject to the rules and regulations of the manufactured home park. Prior to selling or leasing the manufactured home, the tenant shall give notice to the landlord, including the name of the prospective vendee or lessee if the prospective vendee or lessee intends to occupy the manufactured home in that manufactured home park. The landlord shall have the burden of proving that his refusal or restriction regarding the sale or rental of a manufactured home was reasonable. Any refusal or restriction based on race, color, religion, national origin, familial status, elderliness, handicap, ~~or~~ sex, *sexual orientation*, or *gender identity* shall be conclusively presumed to be unreasonable.

§ 58.1-3651. Property exempt from taxation by classification or designation by ordinance adopted by local governing body on or after January 1, 2003.

A. Pursuant to subsection 6 (a)(6) of Article X of the Constitution of Virginia, on and after January 1, 2003, any county, city, or town may by designation or classification exempt from real or personal property taxes, or both, by ordinance adopted by the local governing body, the real or personal property, or both, owned by a nonprofit organization, including a single member limited liability company whose sole member is a nonprofit organization, that uses such property for religious, charitable, patriotic, historical, benevolent, cultural, or public park and playground purposes. The ordinance shall state the specific use on which the exemption is based, and continuance of the exemption shall be contingent on the continued use of the property in accordance with the purpose for which the organization is classified or designated. No exemption shall be provided to any organization that has any rule, regulation, policy, or practice that unlawfully discriminates on the basis of religious conviction, race, color, sex, *sexual orientation*, *gender identity*, or national origin.

B. Any ordinance exempting property by designation pursuant to subsection A shall be adopted only after holding a public hearing with respect thereto, at which citizens shall have an opportunity to be heard. The local governing body shall publish notice of the hearing once in a newspaper of general circulation in the county, city, or town where the real property is located. The notice shall include the assessed value of the real and tangible personal property for which an exemption is

requested as well as the property taxes assessed against such property. The public hearing shall not be held until at least five days after the notice is published in the newspaper. The local governing body shall collect the cost of publication from the organization requesting the property tax exemption. Before adopting any such ordinance the governing body shall consider the following questions:

1. Whether the organization is exempt from taxation pursuant to § 501(c) of the Internal Revenue Code of 1954;
2. Whether a current annual alcoholic beverage license for serving alcoholic beverages has been issued by the Board of Directors of the Virginia Alcoholic Beverage Control Authority to such organization, for use on such property;
3. Whether any director, officer, or employee of the organization is paid compensation in excess of a reasonable allowance for salaries or other compensation for personal services which such director, officer, or employee actually renders;
4. Whether any part of the net earnings of such organization inures to the benefit of any individual, and whether any significant portion of the service provided by such organization is generated by funds received from donations, contributions, or local, state or federal grants. As used in this subsection, donations shall include the providing of personal services or the contribution of in-kind or other material services;
5. Whether the organization provides services for the common good of the public;
6. Whether a substantial part of the activities of the organization involves carrying on propaganda, or otherwise attempting to influence legislation and whether the organization participates in, or intervenes in, any political campaign on behalf of any candidate for public office;
7. The revenue impact to the locality and its taxpayers of exempting the property; and
8. Any other criteria, facts and circumstances that the governing body deems pertinent to the adoption of such ordinance.

C. Any ordinance exempting property by classification pursuant to subsection A shall be adopted only after holding a public hearing with respect thereto, at which citizens shall have an opportunity to be heard. The local governing body shall publish notice of the hearing once in a newspaper of general circulation in the county, city, or town. The public hearing shall not be held until at least five days after the notice is published in the newspaper.

D. Exemptions of property from taxation under this article shall be strictly construed in accordance with Article X, Section 6 (f) of the Constitution of Virginia.

E. Nothing in this section or in any ordinance adopted pursuant to this section shall affect the validity of either a classification exemption or a designation exemption granted by the General Assembly prior to January 1, 2003, pursuant to Article 2 (§ 58.1-3606 et seq.), 3 (§ 58.1-3609 et seq.) or 4 (§ 58.1-3650 et seq.) of this chapter. An exemption granted pursuant to Article 4 (§ 58.1-3650 et seq.) of this chapter may be revoked in accordance with the provisions of § 58.1-3605.

§ 58.1-4024. Employees of the Department.

Employees of the Department shall be exempt from the provisions of the Virginia Personnel Act, Chapter 29 (§ 2.2-2900 et seq.) of Title 2.2. Personnel actions shall be taken without regard to race, sex, *sexual orientation*, *gender identity*, color, national origin, religion, age, handicap, or political affiliation.

§ 62.1-129.1. Employees; employment; personnel rules; health insurance; retirement plans.

A. Employees of the Authority shall be employed on such terms and conditions as established by the Authority. The Board of Commissioners of the Authority shall develop and adopt personnel rules, policies, and procedures to give its employees grievance rights, ensure that employment decisions shall be based upon the merit and fitness of applicants, and prohibit discrimination because of race, religion, color, sex, *sexual orientation*, *gender identity*, or national origin.

B. The Authority shall issue a written notice to its employees regarding the Authority's status. The date upon which such written notice is issued shall be referred to herein as the "option date." Each employee may, by written request made within 180 days of the option date, elect not to become employed by the Authority. Any employee of the Virginia Port Authority who: (i) elects not to become employed by the Authority and who is not reemployed by any other department, institution, board, commission or agency of the Commonwealth; (ii) is not offered the opportunity to remain employed by the Authority; or (iii) is not offered a position with the Authority for which the employee is qualified or is offered a position that requires relocation or a reduction in salary, shall be eligible for the severance benefits conferred by the provisions of the Workforce Transition Act (§ 2.2-3200 et seq.). Any employee who accepts employment with the Authority shall not be considered to be involuntarily separated from state employment and shall not be eligible for the severance benefits conferred by the Workforce Transition Act.

C. Any employee of the Authority who is a member of any plan providing health insurance coverage pursuant to Chapter 28 (§ 2.2-2800 et seq.) of Title 2.2, shall continue to be a member of such health insurance plan under the same terms and conditions. Notwithstanding subsection A of § 2.2-2818, the costs of providing health insurance coverage to such employees who elect to continue to be members of the state employees' health insurance plan shall be paid by the Authority. Alternatively, an employee may elect to become a member of any health insurance plan established by the Authority. The Authority is authorized to: (i) establish a health insurance plan for the benefit of its employees and (ii) enter into agreements with the Department of Human Resource Management providing for the coverage of its employees under the state employees' health insurance plan, provided that such agreement requires the Authority to pay the costs of providing health insurance coverage under such plan.

D. Any retired employee of the Authority shall be eligible to receive the health insurance credit set forth in § 51.1-1400 provided the retired employee meets the eligibility criteria set forth in that section.

E. Any Authority employee who is a member of the Virginia Retirement System or other retirement plan as authorized by Article 4 (§ 51.1-125 et seq.) of Chapter 1 of Title 51.1, shall continue to be a member of the Virginia Retirement System or other authorized retirement plan under the same terms and conditions. Alternatively, such employee may elect to become a member of the retirement program established by the Authority for the benefit of its employees pursuant to § 51.1-126.4. The following rules shall apply:

1. The Authority shall collect and pay all employee and employer contributions to the Virginia Retirement System or other such authorized retirement plan for retirement and group life insurance in accordance with the provisions of Chapter 1 (§ 51.1-124.1 et seq.) of Title 51.1 for any employee who elects to remain a member of the Virginia Retirement System or other such authorized retirement plan.

2. Employees who elect to become members of the alternative retirement plan established by the Authority pursuant to § 51.1-126.4 shall be given full credit for their creditable service as defined in § 51.1-124.3, and vesting and benefit accrual under the retirement plan. For any such employee, employment with the Authority shall be treated as employment with any nonparticipating employer for purposes of the Virginia Retirement System or other retirement plan authorized pursuant to Article 4 (§ 51.1-125 et seq.) of Chapter 1 of Title 51.1.

3. For employees who elect to become members of the alternative retirement plan established by the Authority, the Virginia Retirement System or other such authorized plan shall transfer to the alternative retirement plan established by the Authority, assets equal to the actuarially determined present value of the accrued basic benefits as of the transfer date. For purposes hereof, the "basic benefits" means the benefits accrued under the Virginia Retirement System or other such authorized retirement plan based on creditable service and average final compensation as defined in § 51.1-124.3. The actuarial present value shall be determined by using the same actuarial factors and assumptions used in determining the funding needs of the Virginia Retirement System or other such authorized retirement plan so that the transfer of assets to the alternative retirement plan established by the Authority will have no effect on the funded status and financial stability of the Virginia Retirement System or other such authorized retirement plan. The Authority shall reimburse the Virginia Retirement System for the cost of actuarial services necessary to determine the present value of the accrued basic benefit of employees who transfer to an Authority retirement plan.

4. The Authority may provide that employees of the Authority who are eligible to participate in the deferred compensation plan sponsored by the Authority shall be enrolled automatically in such plan, unless such employee elects, in a manner prescribed by the Board, not to participate. The amount of the deferral under the automatic enrollment and the group of employees to which the automatic enrollment shall apply shall be set by the Board; provided however, that such employees are provided the opportunity to increase or decrease the amount of the deferral in accordance with the Internal Revenue Code of 1986, as amended.

§ 63.2-608. Virginia Initiative for Education and Work (VIEW).

A. The Department shall establish and administer the Virginia Initiative for Education and Work (VIEW) to reduce long-term dependence on welfare, emphasize personal responsibility, and enhance opportunities for personal initiative and self-sufficiency by promoting the value of work. The Department shall endeavor to develop placements for VIEW participants that will enable participants to develop job skills that are likely to result in independent employment and that take into consideration the proficiency, experience, skills, and prior training of a participant.

VIEW shall recognize clearly defined responsibilities and obligations on the part of public assistance recipients and shall include a written agreement of personal responsibility requiring parents to participate in work activities while receiving TANF, earned-income disregards to reduce disincentives to work, and a limit on TANF financial assistance.

VIEW shall require all able-bodied recipients of TANF who do not meet an exemption to participate in a work activity. VIEW shall require eligible TANF recipients to participate in unsubsidized, partially subsidized or fully subsidized employment or other allowable TANF work activity as defined by federal law and enter into an agreement of personal responsibility.

B. To the maximum extent permitted by federal law, and notwithstanding other provisions of Virginia law, the Department and local departments may, through applicable procurement laws and regulations, engage the services of public and private organizations to operate VIEW and to provide services incident to such operation.

C. All VIEW participants shall be under the direction and supervision of a case manager.

D. The Department shall ensure that participants are assigned to one of the following work activities within 90 days after the approval of TANF assistance:

1. Unsubsidized private-sector employment;
2. Subsidized employment, as follows:

a. The Department shall conduct a program in accordance with this section that shall be known as the Full Employment Program (FEP). FEP replaces TANF with subsidized employment. Persons not able to find unsubsidized employment who are otherwise eligible for TANF may participate in FEP unless exempted by this chapter. FEP shall assign participants to subsidized wage-paying private-sector jobs designed to increase the participants' self-sufficiency and improve their competitive position in the workforce.

b. Participants in FEP shall be placed in full-time employment when appropriate and shall be paid by the employer at an hourly rate not less than the federal or state minimum wage, whichever is higher. At no point shall a participant's spendable income received from wages and tax credits be less than the value of TANF received prior to the work placement.

c. Every employer subject to the Virginia unemployment insurance tax shall be eligible for assignment of FEP participants, but no employer shall be required to utilize such participants. Employers shall ensure that jobs made available to FEP participants are in conformity with § 3304(a)(5) of the Federal Unemployment Tax Act. FEP participants cannot be used to displace regular workers.

d. FEP employers shall:

- (i) Endeavor to make FEP placements positive learning and training experiences;
- (ii) Provide on-the-job training to the degree necessary for the participants to perform their duties;
- (iii) Pay wages to participants at the same rate that they are paid to other employees performing the same type of work and having similar experience and employment tenure;
- (iv) Provide sick leave, holiday and vacation benefits to participants to the same extent and on the same basis that they are provided to other employees performing the same type of work and having similar employment experience and tenure;
- (v) Maintain health, safety and working conditions at or above levels generally acceptable in the industry and no less than those in which other employees perform the same type of work;
- (vi) Provide workers' compensation coverage for participants;
- (vii) Encourage volunteer mentors from among their other employees to assist participants in becoming oriented to work and the workplace; and
- (viii) Sign an agreement with the local department outlining the employer requirements to participate in FEP. All agreements shall include notice of the employer's obligation to repay FEP reimbursements in the event the employer violates FEP rules.

e. As a condition of FEP participation, employers shall be prohibited from discriminating against any person, including program participants, on the basis of race, color, sex, *sexual orientation*, *gender identity*, national origin, religion, age, or disability;

3. Part-time or temporary employment;

4. Community work experience, as follows:

a. The Department and local departments shall work with other state, regional and local agencies and governments in developing job placements that serve a useful public purpose as provided in § 482(f) of the Social Security Act, as amended. Placements shall be selected to provide skills and serve a public function. VIEW participants shall not displace regular workers.

b. The number of hours per week for participants shall be determined by combining the total dollar amount of TANF and food stamps and dividing by the minimum wage with a maximum of a work week of 32 hours, of which up to 12 hours of employment-related education and training may substitute for work experience employment; or

5. Any other allowable TANF work activity as defined by federal law.

E. Notwithstanding the provisions of subsections A and D, if a local department determines that a VIEW participant is in need of job skills and would benefit from immediate job skills training, it may place the participant in a program preparing individuals for a high school equivalency examination approved by the Board of Education, a career and technical education program targeted at skills required for particular employment opportunities, or an apprenticeship program developed by the local department in accordance with requirements established by the Department. Eligible participants include those with problems related to obtaining and retaining employment, such as participants (i) with less than a high school education, (ii) whose reading or math skills are at or below the eighth grade level, (iii) who have not retained a job for a period of at least six months during the prior two years, or (iv) who are in a treatment program for a substance abuse problem or are receiving services through a family violence treatment program. The VIEW participant may continue in a high school equivalency examination preparation program, career and technical education program, or apprenticeship program for as long as the local department determines he is progressing satisfactorily and to the extent permitted by the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193), as amended.

F. Participants may be reevaluated after a period determined by the local department and reassigned to another work component. In addition, the number of hours worked may be reduced by the local department so that a participant may complete additional training or education to further his employability.

G. Local departments shall be authorized to sanction parents up to the full amount of the TANF grant for noncompliance, unless good cause exists.

H. VIEW participants shall not be assigned to projects that require that they travel unreasonable distances from their homes or remain away from their homes overnight without their consent.

Any injury to a VIEW participant arising out of and in the course of community work experience shall be covered by the participant's existing Medicaid coverage. If a community work experience participant is unable to work due to such an accident, his status shall be reviewed to determine whether he is eligible for an exemption from the limitation on TANF financial assistance.

A community work experience participant who becomes incapacitated for 30 days or more shall be eligible for TANF financial assistance for the duration of the incapacity, if otherwise eligible.

The Board shall adopt regulations providing for the accrual of paid sick leave or other equivalent mechanism for community work experience participants.

CHAPTER 1138

An Act to amend and reenact §§ 2.2-3901 and 2.2-3903 of the Code of Virginia and to amend the Code of Virginia by adding in Chapter 39 of Title 2.2 a section numbered 2.2-3904, relating to the Virginia Human Rights Act; discrimination on the basis of pregnancy, childbirth, or related medical conditions; reasonable accommodation for the known limitations of persons related to pregnancy, childbirth, or related medical conditions.

[H 827]

Approved April 11, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 2.2-3901 and 2.2-3903 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding in Chapter 39 of Title 2.2 a section numbered 2.2-3904 as follows:

§ 2.2-3901. Unlawful discriminatory practice and gender discrimination defined.

Conduct that violates any Virginia or federal statute or regulation governing discrimination on the basis of race, color, religion, national origin, sex, pregnancy, childbirth or related medical conditions, age, marital status, or disability shall be an "unlawful discriminatory practice" for the purposes of this chapter.

The terms "because of sex or gender" or "on the basis of sex or gender" or terms of similar import when used in reference to discrimination in the Code and acts of the General Assembly include because of or on the basis of pregnancy, childbirth or related medical conditions, *including lactation*. Women affected by pregnancy, childbirth or related medical conditions shall be treated the same for all purposes as persons not so affected but similar in their abilities or disabilities.

For purposes of this chapter, "lactation" means a condition that may result in the feeding of a child directly from the breast or the expressing of milk from the breast.

§ 2.2-3903. Causes of action for unlawful discharge on the basis of race, color, religion, national origin, sex, or age; other causes of action not created.

A. Nothing in this chapter or in Article 4 (§ 2.2-520 et seq.) of Chapter 5 creates, nor shall it be construed to create, an independent or private cause of action to enforce its provisions, except as specifically provided in subsections B and C and § 2.2-3904.

B. No employer employing more than five but less than 15 persons shall discharge any such employee on the basis of race, color, religion, national origin, ~~or sex; pregnancy, childbirth or related medical conditions, including lactation~~. No employer employing more than five but less than 20 persons shall discharge any such employee on the basis of age if the employee is 40 years of age or older. ~~For the purposes of this section, "lactation" means a condition that may result in the feeding of a child directly from the breast or the expressing of milk from the breast.~~

C. The employee may bring an action in a general district or circuit court having jurisdiction over the employer who allegedly discharged the employee in violation of this section. Any such action shall be brought within 300 days from the date of the discharge or, if the employee has filed a complaint with the Division of Human Rights of the Department of Law or a local human rights or human relations agency or commission within 300 days of the discharge, such action shall be brought within 90 days from the date that the Division or a local human rights or human relations agency or commission has rendered a final disposition on the complaint. The court may award up to 12 months' back pay with interest at the judgment rate as provided in § 6.2-302. However, if the court finds that either party engaged in tactics to delay resolution of the complaint, it may (i) diminish the award or (ii) award back pay to the date of judgment without regard to the 12-month limitation.

In any case where the employee prevails, the court shall award attorney fees from the amount recovered, not to exceed 25 percent of the back pay awarded. The court shall not award other damages, compensatory or punitive, nor shall it order reinstatement of the employee.

D. Causes of action based upon the public policies reflected in this chapter shall be exclusively limited to those actions, procedures, and remedies, if any, afforded by applicable federal or state civil rights statutes or local ordinances. Nothing in this section or § 2.2-3900 *or 2.2-3904* shall be deemed to alter, supersede, or otherwise modify the authority of the Division or of any local human rights or human relations commissions established pursuant to § 15.2-853 or 15.2-965.

§ 2.2-3904. Causes of action for unlawful discrimination related to pregnancy, childbirth, or related medical conditions.

A. *As used in this section:*

"Employer" means any person, or agent of such person, employing five or more employees for each working day in each of 20 or more calendar weeks in the current or preceding calendar year.

"Lactation" means lactation as defined in § 2.2-3901.

"Reasonable accommodation" includes more frequent or longer bathroom breaks, breaks to express breast milk, access to a private location other than a bathroom for the expression of breast milk, acquisition or modification of equipment or access to or modification of employee seating, a temporary transfer to a less strenuous or hazardous position, assistance with manual labor, job restructuring, a modified work schedule, light duty assignments, and leave to recover from childbirth.

"Related medical conditions" includes lactation.

B. *No employer shall:*

1. Fail or refuse to hire, discharge, or otherwise discriminate against any individual with respect to such individual's compensation, terms, conditions, or privileges of employment on the basis of pregnancy, childbirth, or related medical conditions.

2. Refuse to make reasonable accommodation to the known limitations of a person related to pregnancy, childbirth, or related medical conditions, unless the employer can demonstrate that the accommodation would impose an undue hardship on the employer.

a. In determining whether an accommodation would constitute an undue hardship on the employer, the following shall be considered:

(1) Hardship on the conduct of the employer's business, considering the nature of the employer's operation, including composition and structure of the employer's workforce;

(2) The size of the facility where employment occurs; and

(3) The nature and cost of the accommodations needed.

b. The fact that the employer provides or would be required to provide a similar accommodation to other classes of employees shall create a rebuttable presumption that the accommodation does not impose an undue hardship on the employer.

3. Take adverse action against an employee who requests or uses a reasonable accommodation pursuant to this section. As used in this subdivision, "adverse action" includes failure to reinstate any such employee to her previous position or an equivalent position with equivalent pay, seniority, and other benefits when her need for a reasonable accommodation ceases.

4. Deny employment or promotion opportunities to an otherwise qualified applicant or employee because such employer will be required to make reasonable accommodation to the known limitations of such applicant or employee related to pregnancy, childbirth, or related medical conditions.

5. Require an employee to take leave if another reasonable accommodation can be provided to the known limitations related to the pregnancy, childbirth, or related medical conditions of such employee.

C. Each employer shall engage in a timely, good faith interactive process with an employee who has requested an accommodation pursuant to this section to determine if the requested accommodation is reasonable and, if such accommodation is determined not to be reasonable, discuss alternative accommodations that may be provided.

D. An employer shall post in a conspicuous location and include in any employee handbook information concerning (i) the prohibition against unlawful discrimination on the basis of pregnancy, childbirth, or related medical conditions and (ii) an employee's rights to reasonable accommodation for known limitations related to pregnancy, childbirth, or related medical conditions. Such information shall also be directly provided to (a) new employees upon commencement of their employment and (b) any employee within 10 days of such employee's providing notice to the employer that she is pregnant.

E. An employee or applicant who has been denied any of the rights afforded under subsection B may bring an action in a general district or circuit court having jurisdiction over the employer that allegedly denied such rights. Any such action shall be brought within two years from the date of the unlawful denial of rights, or, if the employee or applicant has filed a complaint with the Division of Human Rights of the Department of Law or a local human rights or human relations agency or commission within two years of the unlawful denial of rights, such action shall be brought within 90 days from the date that the Division or a local human rights or human relations agency or commission has rendered a final disposition on the complaint.

If the court or jury finds that an unlawful denial of rights afforded under subsection B has occurred, the court or jury may award to the plaintiff, as the prevailing party, compensatory damages, back pay, and other equitable relief. The court may also award reasonable attorney fees and costs and may grant as relief any permanent or temporary injunction, temporary restraining order, or other order, including an order enjoining the defendant from engaging in such practice, or order such affirmative action as may be appropriate.

F. The provisions of this section regarding the provision of reasonable accommodation for known limitations related to pregnancy, childbirth, and related medical conditions shall not be construed to affect any other provision of law relating to discrimination on the basis of sex or pregnancy.

2. That all employers shall provide the notice required by subsection D of § 2.2-3904 of the Code of Virginia, as created by this act, to all existing employees of such employer within 120 days of the effective date of this act.

CHAPTER 1139

An Act to amend and reenact §§ 2.2-3901 and 2.2-3903 of the Code of Virginia and to amend the Code of Virginia by adding in Chapter 39 of Title 2.2 a section numbered 2.2-3904, relating to the Virginia Human Rights Act; discrimination on the basis of pregnancy, childbirth, or related medical conditions; reasonable accommodation for the known limitations of persons related to pregnancy, childbirth, or related medical conditions.

Be it enacted by the General Assembly of Virginia:

1. That §§ 2.2-3901 and 2.2-3903 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding in Chapter 39 of Title 2.2 a section numbered 2.2-3904 as follows:

§ 2.2-3901. Unlawful discriminatory practice and gender discrimination defined.

Conduct that violates any Virginia or federal statute or regulation governing discrimination on the basis of race, color, religion, national origin, sex, pregnancy, childbirth or related medical conditions, age, marital status, or disability shall be an "unlawful discriminatory practice" for the purposes of this chapter.

The terms "because of sex or gender" or "on the basis of sex or gender" or terms of similar import when used in reference to discrimination in the Code and acts of the General Assembly include because of or on the basis of pregnancy, childbirth or related medical conditions, *including lactation*. Women affected by pregnancy, childbirth or related medical conditions shall be treated the same for all purposes as persons not so affected but similar in their abilities or disabilities.

For purposes of this chapter, "lactation" means a condition that may result in the feeding of a child directly from the breast or the expressing of milk from the breast.

§ 2.2-3903. Causes of action for unlawful discharge on the basis of race, color, religion, national origin, sex, or age; other causes of action not created.

A. Nothing in this chapter or in Article 4 (§ 2.2-520 et seq.) of Chapter 5 creates, nor shall it be construed to create, an independent or private cause of action to enforce its provisions, except as specifically provided in subsections B and C and § 2.2-3904.

B. No employer employing more than five but less than 15 persons shall discharge any such employee on the basis of race, color, religion, national origin, *or sex; pregnancy, childbirth or related medical conditions, including lactation*. No employer employing more than five but less than 20 persons shall discharge any such employee on the basis of age if the employee is 40 years of age or older. ~~For the purposes of this section, "lactation" means a condition that may result in the feeding of a child directly from the breast or the expressing of milk from the breast.~~

C. The employee may bring an action in a general district or circuit court having jurisdiction over the employer who allegedly discharged the employee in violation of this section. Any such action shall be brought within 300 days from the date of the discharge or, if the employee has filed a complaint with the Division of Human Rights of the Department of Law or a local human rights or human relations agency or commission within 300 days of the discharge, such action shall be brought within 90 days from the date that the Division or a local human rights or human relations agency or commission has rendered a final disposition on the complaint. The court may award up to 12 months' back pay with interest at the judgment rate as provided in § 6.2-302. However, if the court finds that either party engaged in tactics to delay resolution of the complaint, it may (i) diminish the award or (ii) award back pay to the date of judgment without regard to the 12-month limitation.

In any case where the employee prevails, the court shall award attorney fees from the amount recovered, not to exceed 25 percent of the back pay awarded. The court shall not award other damages, compensatory or punitive, nor shall it order reinstatement of the employee.

D. Causes of action based upon the public policies reflected in this chapter shall be exclusively limited to those actions, procedures, and remedies, if any, afforded by applicable federal or state civil rights statutes or local ordinances. Nothing in this section or § 2.2-3900 *or 2.2-3904* shall be deemed to alter, supersede, or otherwise modify the authority of the Division or of any local human rights or human relations commissions established pursuant to § 15.2-853 or 15.2-965.

§ 2.2-3904. Causes of action for unlawful discrimination related to pregnancy, childbirth, or related medical conditions.

A. As used in this section:

"Employer" means any person, or agent of such person, employing five or more employees for each working day in each of 20 or more calendar weeks in the current or preceding calendar year.

"Lactation" means lactation as defined in § 2.2-3901.

"Reasonable accommodation" includes more frequent or longer bathroom breaks, breaks to express breast milk, access to a private location other than a bathroom for the expression of breast milk, acquisition or modification of equipment or access to or modification of employee seating, a temporary transfer to a less strenuous or hazardous position, assistance with manual labor, job restructuring, a modified work schedule, light duty assignments, and leave to recover from childbirth.

"Related medical conditions" includes lactation.

B. No employer shall:

1. Fail or refuse to hire, discharge, or otherwise discriminate against any individual with respect to such individual's compensation, terms, conditions, or privileges of employment on the basis of pregnancy, childbirth, or related medical conditions.

2. Refuse to make reasonable accommodation to the known limitations of a person related to pregnancy, childbirth, or related medical conditions, unless the employer can demonstrate that the accommodation would impose an undue hardship on the employer.

a. In determining whether an accommodation would constitute an undue hardship on the employer, the following shall be considered:

(1) *Hardship on the conduct of the employer's business, considering the nature of the employer's operation, including composition and structure of the employer's workforce;*

(2) *The size of the facility where employment occurs; and*

(3) *The nature and cost of the accommodations needed.*

b. The fact that the employer provides or would be required to provide a similar accommodation to other classes of employees shall create a rebuttable presumption that the accommodation does not impose an undue hardship on the employer.

3. Take adverse action against an employee who requests or uses a reasonable accommodation pursuant to this section. As used in this subdivision, "adverse action" includes failure to reinstate any such employee to her previous position or an equivalent position with equivalent pay, seniority, and other benefits when her need for a reasonable accommodation ceases.

4. Deny employment or promotion opportunities to an otherwise qualified applicant or employee because such employer will be required to make reasonable accommodation to the known limitations of such applicant or employee related to pregnancy, childbirth, or related medical conditions.

5. Require an employee to take leave if another reasonable accommodation can be provided to the known limitations related to the pregnancy, childbirth, or related medical conditions of such employee.

C. Each employer shall engage in a timely, good faith interactive process with an employee who has requested an accommodation pursuant to this section to determine if the requested accommodation is reasonable and, if such accommodation is determined not to be reasonable, discuss alternative accommodations that may be provided.

D. An employer shall post in a conspicuous location and include in any employee handbook information concerning (i) the prohibition against unlawful discrimination on the basis of pregnancy, childbirth, or related medical conditions and (ii) an employee's rights to reasonable accommodation for known limitations related to pregnancy, childbirth, or related medical conditions. Such information shall also be directly provided to (a) new employees upon commencement of their employment and (b) any employee within 10 days of such employee's providing notice to the employer that she is pregnant.

E. An employee or applicant who has been denied any of the rights afforded under subsection B may bring an action in a general district or circuit court having jurisdiction over the employer that allegedly denied such rights. Any such action shall be brought within two years from the date of the unlawful denial of rights, or, if the employee or applicant has filed a complaint with the Division of Human Rights of the Department of Law or a local human rights or human relations agency or commission within two years of the unlawful denial of rights, such action shall be brought within 90 days from the date that the Division or a local human rights or human relations agency or commission has rendered a final disposition on the complaint.

If the court or jury finds that an unlawful denial of rights afforded under subsection B has occurred, the court or jury may award to the plaintiff, as the prevailing party, compensatory damages, back pay, and other equitable relief. The court may also award reasonable attorney fees and costs and may grant as relief any permanent or temporary injunction, temporary restraining order, or other order, including an order enjoining the defendant from engaging in such practice, or order such affirmative action as may be appropriate.

F. The provisions of this section regarding the provision of reasonable accommodation for known limitations related to pregnancy, childbirth, and related medical conditions shall not be construed to affect any other provision of law relating to discrimination on the basis of sex or pregnancy.

2. That all employers shall provide the notice required by subsection D of § 2.2-3904 of the Code of Virginia, as created by this act, to all existing employees of such employer within 120 days of the effective date of this act.

A. A grievance qualifying for a hearing shall involve a complaint or dispute by an employee relating to the following adverse employment actions in which the employee is personally involved, including ~~but not limited to~~ (i) formal disciplinary actions, including suspensions, demotions, transfers and assignments, and dismissals resulting from formal discipline or unsatisfactory job performance; (ii) the application of all written personnel policies, procedures, rules and regulations where it can be shown that policy was misapplied or unfairly applied; (iii) discrimination on the basis of race, color, religion, political affiliation, age, disability, national origin ~~or~~, sex, pregnancy, childbirth or related medical conditions, marital status, sexual orientation, gender identity, or status as a veteran; (iv) arbitrary or capricious performance evaluations; (v) acts of retaliation as the result of the use of or participation in the grievance procedure or because the employee has complied with any law of the United States or of the Commonwealth, has reported any violation of such law to a governmental authority, has sought any change in law before the Congress of the United States or the General Assembly, or has reported an incidence of fraud, abuse, or gross mismanagement; and (vi) retaliation for exercising any right otherwise protected by law.

A copy of the decision shall be sent to the employee. The employee may appeal the denial of a hearing by the agency head to the Director of the Department of Human Resource Management (the Director). Upon receipt of an appeal, the agency shall transmit the entire grievance record to the Department of Human Resource Management within five workdays. The Director

shall render a decision on whether the employee is entitled to a hearing upon the grievance record and other probative evidence.

E. The hearing pursuant to § 2.2-3005 shall be held in the locality in which the employee is employed or in any other locality agreed to by the employee, employer, and hearing officer. In addition, nothing in this chapter shall be construed to affect any governmental program, law or activity differentiating between persons on the basis of age over the age of 18 years (i) where the differentiation is reasonably necessary to normal operation or the activity is based upon reasonable factors other than age or (ii) where the program, law or activity constitutes a legitimate exercise of powers of the Commonwealth for the general health, safety and welfare of the population at large.

Unsolved complaints shall thereafter be referred to the federal agency with jurisdiction over the complaint. Upon such referral, the Division shall have no further jurisdiction over the complaint. The Division shall have no jurisdiction over any complaint filed under a local ordinance adopted pursuant to § 15.2-965.

§ 2.2-3904. Nondiscrimination in places of public accommodation; definitions.

A. As used in this section, unless the context requires a different meaning:

"Age" means being an individual who is at least 18 years of age.

"Place of public accommodation" means all places or businesses offering or holding out to the general public goods, services, privileges, facilities, advantages, or accommodations.

B. It is an unlawful discriminatory practice for any person, including the owner, lessee, proprietor, manager, superintendent, agent, or employee of any place of public accommodation, to refuse, withhold from, or deny any individual, or to attempt to refuse, withhold from, or deny any individual, directly or indirectly, any of the accommodations, advantages, facilities, services, or privileges made available in any place of public accommodation, or to segregate or discriminate against any such person in the use thereof, or to publish, circulate, issue, display, post, or mail, either directly or indirectly, any communication, notice, or advertisement to the effect that any of the accommodations, advantages, facilities, privileges, or services of any such place shall be refused, withheld from, or denied to any individual on the basis of race, color, religion, national origin, sex, pregnancy, childbirth or related medical conditions, age, sexual orientation, gender identity, marital status, disability, or status as a veteran.

C. The provisions of this section shall not apply to a private club, a place of accommodation owned by or operated on behalf of a religious corporation, association, or society that is not in fact open to the public, or any other establishment that is not in fact open to the public.

D. The provisions of this section shall not prohibit (i) discrimination against individuals who are less than 18 years of age or (ii) the provision of special benefits, incentives, discounts, or promotions by public or private programs to assist persons who are 50 years of age or older.

E. The provisions of this section shall not supersede or interfere with any state law or local ordinance that prohibits a person under the age of 21 from entering a place of public accommodation.

§ 2.2-3905. Nondiscrimination in employment; definitions; exceptions.

A. As used in this section:

"Age" means being an individual who is at least 40 years of age.

"Employee" means an individual employed by an employer.

"Employer" means a person employing 15 or more employees for each working day in each of 20 or more calendar weeks in the current or preceding calendar year, and any agent of such a person. However, (i) for purposes of unlawful discharge under subdivision B 1 on the basis of race, color, religion, national origin, status as a veteran, sex, sexual orientation, gender identity, marital status, pregnancy, or childbirth or related medical conditions including lactation, "employer" means any employer employing more than five persons and (ii) for purposes of unlawful discharge under subdivision B 1 on the basis of age, "employer" means any employer employing more than five but fewer than 20 persons.

"Employment agency" means any person, or an agent of such person, regularly undertaking with or without compensation to procure employees for an employer or to procure for employees opportunities to work for an employer.

"Joint apprenticeship committee" means the same as that term is defined in § 40.1-120.

"Labor organization" means an organization engaged in an industry, or an agent of such organization, that exists for the purpose, in whole or in part, of dealing with employers on behalf of employees concerning grievances, labor disputes, wages, rates of pay, hours, or other terms or conditions of employment. "Labor organization" includes employee representation committees, groups, or associations in which employees participate.

"Lactation" means a condition that may result in the feeding of a child directly from the breast or the expressing of milk from the breast.

B. It is an unlawful employment practice for:

1. An employer to:

a. Fail or refuse to hire, discharge, or otherwise discriminate against any individual with respect to such individual's compensation, terms, conditions, or privileges of employment because of such individual's race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions including lactation, age, status as a veteran, or national origin; or

b. Limit, segregate, or classify employees or applicants for employment in any way that would deprive or tend to deprive any individual of employment opportunities or otherwise adversely affect an individual's status as an employee, because of such individual's race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions including lactation, age, status as a veteran, or national origin.

2. An employment agency to:

a. Fail or refuse to refer for employment, or otherwise discriminate against, any individual because of such individual's race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, status as a veteran, or national origin; or

b. Classify or refer for employment any individual on the basis of such individual's race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, status as a veteran, or national origin.

3. A labor organization to:

a. Exclude or expel from its membership, or otherwise discriminate against, any individual because of such individual's race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, status as a veteran, or national origin;

b. Limit, segregate, or classify its membership or applicants for membership, or classify or fail to or refuse to refer for employment any individual, in any way that would deprive or tend to deprive such individual of employment opportunities, or would limit such employment opportunities or otherwise adversely affect an individual's status as an employee or as an

applicant for employment, because of such individual's race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, status as a veteran, or national origin; or

c. Cause or attempt to cause an employer to discriminate against an individual in violation of subdivisions a or b.

4. An employer, labor organization, or joint apprenticeship committee to discriminate against any individual in any program to provide apprenticeship or other training program on the basis of such individual's race, color, religion, sex, sexual orientation, gender identity, pregnancy, childbirth or related medical conditions, age, status as a veteran, or national origin.

5. An employer, in connection with the selection or referral of applicants or candidates for employment or promotion, to adjust the scores of, use different cutoff scores for, or otherwise alter the results of employment-related tests on the basis of race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, status as a veteran, or national origin.

6. Except as otherwise provided in this chapter, an employer to use race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, status as a veteran, or national origin as a motivating factor for any employment practice, even though other factors also motivate the practice.

7. (i) An employer to discriminate against any employees or applicants for employment, (ii) an employment agency or a joint apprenticeship committee controlling an apprenticeship or other training program to discriminate against any individual, or (iii) a labor organization to discriminate against any member thereof or applicant for membership because such individual has opposed any practice made an unlawful employment practice by this chapter or because such individual has made a charge, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under this chapter.

8. An employer, labor organization, employment agency, or joint apprenticeship committee controlling an apprenticeship or other training program to print or publish, or cause to be printed or published, any notice or advertisement relating to (i) employment by such an employer, (ii) membership in or any classification or referral for employment by such a labor organization, (iii) any classification or referral for employment by such an employment agency, or (iv) admission to, or employment in, any program established to provide apprenticeship or other training by such a joint apprenticeship committee that indicates any preference, limitation, specification, or discrimination based on race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, status as a veteran, or national origin, except that such a notice or advertisement may indicate a preference, limitation, specification, or discrimination based on religion, sex, age, or national origin when religion, sex, age, or national origin is a bona fide occupational qualification for employment.

C. Notwithstanding any other provision of this chapter, it is not an unlawful employment practice:

1. For (i) an employer to hire and employ employees; (ii) an employment agency to classify, or refer for employment, any individual; (iii) a labor organization to classify its membership or to classify or refer for employment any individual; or (iv) an employer, labor organization, or joint apprenticeship committee to admit or employ any individual in any apprenticeship or other training program on the basis of such individual's religion, sex, or age in those certain instances where religion, sex, or age is a bona fide occupational qualification reasonably necessary to the normal operation of that particular employer, employment agency, labor organization, or joint apprenticeship committee;

2. For an elementary or secondary school or institution of higher education to hire and employ employees of a particular religion if such elementary or secondary school or institution of higher education is, in whole or in substantial part, owned, supported, controlled, or managed by a particular religion or by a particular religious corporation, association, or society or if the curriculum of such elementary or secondary school or institution of higher education is directed toward the propagation of a particular religion;

3. For an employer to apply different standards of compensation, or different terms, conditions, or privileges of employment, pursuant to a bona fide seniority or merit system, or a system that measures earnings by quantity or quality of production, or to employees who work in different locations, provided that such differences are not the result of an intention to discriminate because of race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, status as a veteran, or national origin;

4. For an employer to give and to act upon the results of any professionally developed ability test, provided that such test, its administration, or an action upon the results is not designed, intended, or used to discriminate because of race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, status as a veteran, or national origin;

5. For an employer to provide reasonable accommodations related to pregnancy, childbirth or related medical conditions, and lactation, when such accommodations are requested by the employee; or

6. For an employer to condition employment or premises access based upon citizenship where the employer is subject to any requirement imposed in the interest of the national security of the United States under any security program in effect pursuant to or administered under any statute or regulation of the federal government or any executive order of the President of the United States.

D. Nothing in this chapter shall be construed to require any employer, employment agency, labor organization, or joint apprenticeship committee to grant preferential treatment to any individual or to any group because of such individual's or group's race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, status as a veteran, or national origin on account of an imbalance that may exist with respect to the total number or percentage of persons of any race, color, religion, sex, sexual orientation, gender identity, marital status,

pregnancy, childbirth or related medical conditions, age, status as a veteran, or national origin employed by any employer, referred or classified for employment by any employment agency or labor organization, admitted to membership or classified by any labor organization, or admitted to or employed in any apprenticeship or other training program, in comparison with the total number or percentage of persons of such race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, status as a veteran, or national origin in any community.

E. The provisions of this section shall not apply to the employment of individuals of a particular religion by a religious corporation, association, educational institution, or society to perform work associated with its activities.

§ 2.2-3906. Civil action by Attorney General.

A. Whenever the Attorney General has reasonable cause to believe that any person or group of persons is engaged in a pattern or practice of resistance to the full enjoyment of any of the rights granted by this chapter, or that any person or group of persons has been denied any of the rights granted by this chapter and such denial raises an issue of general public importance, the Attorney General may commence a civil action in the appropriate circuit court for appropriate relief.

B. In such civil action, the court may:

1. Award such preventive relief, including a permanent or temporary injunction, restraining order, or other order against the person responsible for a violation of this chapter, as is necessary to assure the full enjoyment of the rights granted by this chapter.

2. Assess a civil penalty against the respondent (i) in an amount not exceeding \$50,000 for a first violation and (ii) in an amount not exceeding \$100,000 for any subsequent violation. Such civil penalties are payable to the Literary Fund.

3. Award a prevailing plaintiff reasonable attorney fees and costs.

C. The court or jury may award such other relief to the aggrieved person as the court deems appropriate, including compensatory damages and punitive damages.

D. Upon timely application, any person may intervene in a civil action commenced by the Attorney General under subsection A that involves an alleged discriminatory practice pursuant to this chapter with respect to which such person is an aggrieved person. The court may grant such appropriate relief to any such intervening party as is authorized to be granted to a plaintiff in a civil action under § 2.2-3908.

§ 2.2-3907. Procedures for a charge of unlawful discrimination; notice; investigation; report; conciliation; notice of the right to file a civil action; temporary relief.

A. Any person claiming to be aggrieved by an unlawful discriminatory practice may file a complaint in writing under oath or affirmation with the Division of Human Rights of the Department of Law (the Division). The Division itself or the Attorney General may in a like manner file such a complaint. The complaint shall be in such detail as to substantially apprise any party properly concerned as to the time, place, and facts surrounding the alleged unlawful discrimination.

B. Upon perfection of a complaint filed pursuant to subsection A, the Division shall timely serve a charge on the respondent and provide all parties with a notice informing the parties of the complainant's rights, including the right to commence a civil action, and the dates within which the complainant may exercise such rights. In the notice, the Division shall notify the complainant that the charge of unlawful discrimination will be dismissed with prejudice and with no right to further proceed if a written complaint is not timely filed with the appropriate general district or circuit court.

C. The complainant and respondent may agree to voluntarily submit the charge to mediation without waiving any rights that are otherwise available to either party pursuant to this chapter and without incurring any obligation to accept the result of the mediation process. Nothing occurring in mediation shall be disclosed by the Division or admissible in evidence in any subsequent proceeding unless the complainant and the respondent agree in writing that such disclosure be made.

D. Once a charge has been issued, the Division shall conduct an investigation sufficient to determine whether there is reasonable cause to believe the alleged discrimination occurred. Such charge shall be the subject of a report made by the Division. The report shall be a confidential document subject to review by the Attorney General, authorized Division employees, and the parties. The review shall state whether there is reasonable cause to believe the alleged unlawful discrimination has been committed.

E. If the report on a charge of discrimination concludes that there is no reasonable cause to believe the alleged unlawful discrimination has been committed, the charge shall be dismissed and the complainant shall be given notice of his right to commence a civil action.

F. If the report on a charge of discrimination concludes that there is reasonable cause to believe the alleged unlawful discrimination has been committed, the complainant and respondent shall be notified of such determination and the Division shall immediately endeavor to eliminate any alleged unlawful discriminatory practice by informal methods such as conference, conciliation, and persuasion. When the Division determines that further endeavor to settle a complaint by conference, conciliation, and persuasion is unworkable and should be bypassed, the Division shall issue a notice that the case has been closed and the complainant shall be given notice of his right to commence a civil action.

G. At any time after a notice of charge of discrimination is issued, the Division or complainant may petition the appropriate court for temporary relief, pending final determination of the proceedings under this section, including an order or judgment restraining the respondent from doing or causing any act that would render ineffectual an order that a court may enter with respect to the complainant. Whether it is brought by the Division or by the complainant, the petition shall contain a certification by the Division that the particular matter presents exceptional circumstances in which irreparable injury will result from unlawful discrimination in the absence of temporary relief.

H. Upon receipt of a written request from the complainant, the Division shall promptly issue a notice of the right to file a civil action to the complainant after (i) 180 days have passed from the date the complaint was filed or (ii) the Division determines that it will be unable to complete its investigation within 180 days from the date the complaint was filed.

§ 2.2-3908. Civil actions by private parties.

A. An aggrieved person who has been provided a notice of his right to file a civil action pursuant to § 2.2-3907 may commence a timely civil action in an appropriate general district or circuit court having jurisdiction over the person who allegedly unlawfully discriminated against such person in violation of this chapter.

B. If the court or jury finds that unlawful discrimination has occurred, the court or jury may award to the plaintiff, as the prevailing party, compensatory and punitive damages and the court may award reasonable attorney fees and costs and may grant as relief any permanent or temporary injunction, temporary restraining order, or other order, including an order enjoining the defendant from engaging in such practice, or order such affirmative action as may be appropriate.

C. Upon timely application, the Attorney General may intervene in such civil action if the Attorney General certifies that the case is of general public importance. Upon intervention, the Attorney General may obtain such relief as would be available to a private party under subsection B.

§ 6.2-501. Prohibited discrimination.

A. As used in this section, "age" means being an individual who is at least 18 years of age.

B. It shall be unlawful for any creditor to discriminate against any applicant, with respect to any aspect of a credit transaction:

1. On the basis of race, color, religion, national origin, sex ~~or~~, marital status, *sexual orientation*, *gender identity*, *pregnancy*, *childbirth or related medical conditions*, ~~or~~ age, disability, or status as a veteran provided that the applicant has the capacity to contract; or

2. Because all or part of the applicant's income derives from any public assistance or social services program.

~~B-~~ C. It shall not constitute discrimination for purposes of this chapter for a creditor:

1. To make an inquiry of marital status if such inquiry is for the purpose of ascertaining the creditor's rights and remedies applicable to the particular extension of credit and not to discriminate in a determination of creditworthiness;

2. To make an inquiry of the applicant's age or of whether the applicant's income derives from any public assistance or social services program if such inquiry is for the purpose of determining the amount and probable continuance of income levels, credit history, or other pertinent element of creditworthiness as provided in regulations of the Commission;

3. To use any empirically derived credit system which considers age if such system is demonstrably and statistically sound in accordance with regulations of the Commission, except that in the operation of such system the age of an elderly applicant may not be assigned a negative factor or value; or

4. To make an inquiry or to consider the age of an elderly applicant when the age of such applicant is to be used by the creditor in the extension of credit in favor of such applicant.

~~C-~~ D. It is not a violation of this section for a creditor to refuse to extend credit offered pursuant to:

1. Any credit assistance program expressly authorized by law for an economically disadvantaged class of persons;

2. Any credit assistance program administered by a nonprofit organization for its members or an economically disadvantaged class of persons; or

3. Any special purpose credit program offered by a profit-making organization to meet special social needs which meets standards prescribed in regulations by the Commission, if such refusal is required by or made pursuant to such program.

§ 15.2-853. Commission on human rights; human rights ordinance.

A county may enact an ordinance prohibiting discrimination in housing, real estate transactions, employment, public accommodations, credit, and education on the basis of race, color, religion, sex, pregnancy, childbirth or related medical conditions, national origin, *status as a veteran*, age, marital status, *sexual orientation*, *gender identity*, or disability. The board may enact an ordinance establishing a local commission on human rights ~~which~~ that shall have the following powers and duties:

1. To promote policies to ensure that all persons be afforded equal opportunity;

2. To serve as an agency for receiving, investigating, holding hearings, processing, and assisting in the voluntary resolution of complaints regarding discriminatory practices occurring within the county; ~~and~~

3. With the approval of the county attorney, to seek, through appropriate enforcement authorities, prevention of or relief from a violation of any ordinance prohibiting discrimination; ~~and to~~

4. To exercise such other powers and duties as provided in this article. However, the commission shall have no power itself to issue subpoenas, award damages, or grant injunctive relief.

For the purposes of this article, "person" means one or more individuals, labor unions, partnerships, corporations, associations, legal representatives, mutual companies, joint-stock companies, trusts, or unincorporated organizations.

§ 15.2-854. Investigations.

Whenever the commission on human rights has a reasonable cause to believe that any person has engaged in, or is engaging in, any violation of a county ordinance ~~which~~ that prohibits discrimination due to race, color, religion, sex, pregnancy, childbirth or related medical conditions, national origin, *status as a veteran*, age, marital status, *sexual orientation*, *gender identity*, or disability, and, after making a good faith effort to obtain the data, information, and attendance of witnesses necessary to determine whether such violation has occurred, is unable to obtain such data,

information, or attendance, it may request the county attorney to petition the judge of the general district court for its jurisdiction for a subpoena against any such person refusing to produce such data and information or refusing to appear as a witness, and the judge of such court may, upon good cause shown, cause the subpoena to be issued. Any witness subpoena issued under this section shall include a statement that any statements made will be under oath and that the respondent or other witness is entitled to be represented by an attorney. Any person failing to comply with a subpoena issued under this section shall be subject to punishment for contempt by the court issuing the subpoena. Any person so subpoenaed may apply to the judge who issued a subpoena to quash it.

§ 15.2-965. Human rights ordinances and commissions.

A. Any locality may enact an ordinance, not inconsistent with nor more stringent than any applicable state law, prohibiting discrimination in housing, employment, public accommodations, credit, and education on the basis of race, color, religion, sex, pregnancy, childbirth or related medical conditions, national origin, *status as a veteran*, age, marital status, *sexual orientation*, *gender identity*, or disability.

B. The locality may enact an ordinance establishing a local commission on human rights ~~which~~ *that* shall have the powers and duties granted by the Virginia Human Rights Act (§ 2.2-3900 et seq.).

§ 15.2-1500.1. Employment discrimination prohibited.

A. As used in this section, "age" means being an individual who is at least 40 years of age.

B. No department, office, board, commission, agency, or instrumentality of local government shall discriminate in employment on the basis of race, color, religion, national origin, sex, pregnancy, childbirth or related medical conditions, age, marital status, disability, sexual orientation, gender identity, or status as a veteran.

C. The provisions of this section shall not prohibit (i) discrimination in employment on the basis of sex or age in those instances when sex or age is a bona fide occupational qualification for employment or (ii) providing preference in employment to veterans.

§ 15.2-1507. Provision of grievance procedure; training programs.

A. If a local governing body fails to adopt a grievance procedure required by § 15.2-1506 or fails to certify it as provided in this section, the local governing body shall be deemed to have adopted a grievance procedure which is consistent with the provisions of Chapter 30 (§ 2.2-3000 et seq.) of Title 2.2 and any regulations adopted pursuant thereto for so long as the locality remains in noncompliance. The locality shall provide its employees with copies of the applicable grievance procedure upon request. The term "grievance" as used herein shall not be interpreted to mean negotiations of wages, salaries, or fringe benefits.

Each grievance procedure, and each amendment thereto, in order to comply with this section, shall be certified in writing to be in compliance by the city, town or county attorney, and the chief administrative officer of the locality, and such certification filed with the clerk of the circuit court having jurisdiction in the locality in which the procedure is to apply. Local government grievance procedures in effect as of July 1, 1991, shall remain in full force and effect for 90 days thereafter, unless certified and filed as provided above within a shorter time period.

Each grievance procedure shall include the following components and features:

1. Definition of grievance. A grievance shall be a complaint or dispute by an employee relating to his employment, including ~~but not necessarily limited to~~ (i) disciplinary actions, including dismissals, disciplinary demotions, and suspensions, provided that dismissals shall be grievable whenever resulting from formal discipline or unsatisfactory job performance; (ii) the application of personnel policies, procedures, rules, and regulations, including the application of policies involving matters referred to in *clause (iii) of subdivision 2 (iii) below*; (iii) discrimination on the basis of race, color, creed, religion, political affiliation, age, disability, national origin ~~or~~, sex, *marital status, pregnancy, childbirth or related medical conditions, sexual orientation, gender identity, or status as a veteran*; and (iv) acts of retaliation as the result of the use of or participation in the grievance procedure or because the employee has complied with any law of the United States or of the Commonwealth, has reported any violation of such law to a governmental authority, has sought any change in law before the Congress of the United States or the General Assembly, or has reported an incidence of fraud, abuse, or gross mismanagement. For the purposes of clause (iv), there shall be a rebuttable presumption that increasing the penalty that is the subject of the grievance at any level of the grievance shall be an act of retaliation.

2. Local government responsibilities. Local governments shall retain the exclusive right to manage the affairs and operations of government. Accordingly, the following complaints are nongrievable: (i) establishment and revision of wages or salaries, position classification, or general benefits; (ii) work activity accepted by the employee as a condition of employment or work activity ~~which~~ *that* may reasonably be expected to be a part of the job content; (iii) the contents of ordinances, statutes, or established personnel policies, procedures, rules, and regulations; (iv) failure to promote except where the employee can show that established promotional policies or procedures were not followed or applied fairly; (v) the methods, means, and personnel by which work activities are to be carried on; (vi) except where such action affects an employee who has been reinstated within the previous six months as the result of the final determination of a grievance, termination, layoff, demotion, or suspension from duties because of lack of work, reduction in work force, or job abolition; (vii) the hiring, promotion, transfer, assignment, and retention of employees within the local government; and (viii) the relief of employees from duties of the local government in emergencies. In any grievance brought under the exception to clause (vi) ~~of this subdivision~~, the action shall be upheld upon a showing by the local government that: ~~(i) (a) there was a valid business reason for the action and (ii) (b) the employee was notified of the reason in writing prior to the effective date of the action.~~

3. Coverage of personnel.

a. Unless otherwise provided by law, all nonprobationary local government permanent full-time and part-time employees are eligible to file grievances with the following exceptions:

- (1) Appointees of elected groups or individuals;
- (2) Officials and employees who by charter or other law serve at the will or pleasure of an appointing authority;
- (3) Deputies and executive assistants to the chief administrative officer of a locality;
- (4) Agency heads or chief executive officers of government operations;
- (5) Employees whose terms of employment are limited by law;
- (6) Temporary, limited term and seasonal employees;
- (7) Law-enforcement officers as defined in Chapter 5 (§ 9.1-500 et seq.) of Title 9.1 whose grievance is subject to the provisions of Chapter 5 (§ 9.1-500 et seq.) of Title 9.1 and who have elected to proceed pursuant to those provisions in the resolution of their grievance, or any other employee electing to proceed pursuant to any other existing procedure in the resolution of his grievance.

b. Notwithstanding the exceptions set forth in subdivision 3 a above, local governments, at their sole discretion, may voluntarily include employees in any of the excepted categories within the coverage of their grievance procedures.

c. The chief administrative officer of each local government, or his designee, shall determine the officers and employees excluded from the grievance procedure, and shall be responsible for maintaining an up-to-date list of the affected positions.

4. Grievance procedure availability and coverage for employees of community services boards, redevelopment and housing authorities, and regional housing authorities. Employees of community services boards, redevelopment and housing authorities created pursuant to § 36-4, and regional housing authorities created pursuant to § 36-40 shall be included in (i) a local governing body's grievance procedure or personnel system, if agreed to by the department, board, or authority and the locality or (ii) a grievance procedure established and administered by the department, board or authority which is consistent with the provisions of Chapter 30 (§ 2.2-3000 et seq.) of Title 2.2 and any regulations promulgated pursuant thereto. If a department, board or authority fails to establish a grievance procedure pursuant to clause (i) or (ii), it shall be deemed to have adopted a grievance procedure which is consistent with the provisions of Chapter 30 (§ 2.2-3000 et seq.) of Title 2.2 and any regulations adopted pursuant thereto for so long as it remains in noncompliance.

5. General requirements for procedures.

a. Each grievance procedure shall include not more than four steps for airing complaints at successively higher levels of local government management, and a final step providing for a panel hearing or a hearing before an administrative hearing officer upon the agreement of both parties.

b. Grievance procedures shall prescribe reasonable and specific time limitations for the grievant to submit an initial complaint and to appeal each decision through the steps of the grievance procedure.

c. Nothing contained in this section shall prohibit a local government from granting its employees rights greater than those contained herein, provided such grant does not exceed or violate the general law or public policy of the Commonwealth.

6. Time periods.

a. It is intended that speedy attention to employee grievances be promoted, consistent with the ability of the parties to prepare for a fair consideration of the issues of concern.

b. The time for submitting an initial complaint shall not be less than 20 calendar days after the event giving rise to the grievance, but local governments may, at their option, allow a longer time period.

c. Limits for steps after initial presentation of grievance shall be the same or greater for the grievant than the time which is allowed for local government response in each comparable situation.

d. Time frames may be extended by mutual agreement of the local government and the grievant.

7. Compliance.

a. After the initial filing of a written grievance, failure of either party to comply with all substantial procedural requirements of the grievance procedure, including the panel or administrative hearing, without just cause shall result in a decision in favor of the other party on any grievable issue, provided the party not in compliance fails to correct the noncompliance within five workdays of receipt of written notification by the other party of the compliance violation. Such written notification by the grievant shall be made to the chief administrative officer, or his designee.

b. The chief administrative officer, or his designee, at his option, may require a clear written explanation of the basis for just cause extensions or exceptions. The chief administrative officer, or his designee, shall determine compliance issues. Compliance determinations made by the chief administrative officer shall be subject to judicial review by filing petition with the circuit court within 30 days of the compliance determination.

8. Management steps.

a. The first step shall provide for an informal, initial processing of employee complaints by the immediate supervisor through a nonwritten, discussion format.

b. Management steps shall provide for a review with higher levels of local government authority following the employee's reduction to writing of the grievance and the relief requested on forms supplied by the local government. Personal face-to-face meetings are required at all of these steps.

c. With the exception of the final management step, the only persons who may normally be present in the management step meetings are the grievant, the appropriate local government official at the level at which the grievance is being heard, and appropriate witnesses for each side. Witnesses shall be present only while actually providing testimony. At the final management step, the grievant, at his option, may have present a representative of his choice. If the grievant is represented by legal counsel, local government likewise has the option of being represented by counsel.

9. Qualification for panel or administrative hearing.

a. Decisions regarding grievability and access to the procedure shall be made by the chief administrative officer of the local government, or his designee, at any time prior to the panel hearing, at the request of the local government or grievant, within 10 calendar days of the request. No city, town, or county attorney, or attorney for the Commonwealth, shall be authorized to decide the question of grievability. A copy of the ruling shall be sent to the grievant. Decisions of the chief administrative officer of the local government, or his designee, may be appealed to the circuit court having jurisdiction in the locality in which the grievant is employed for a hearing on the issue of whether the grievance qualifies for a panel hearing. Proceedings for review of the decision of the chief administrative officer or his designee shall be instituted by the grievant by filing a notice of appeal with the chief administrative officer within 10 calendar days from the date of receipt of the decision and giving a copy thereof to all other parties. Within 10 calendar days thereafter, the chief administrative officer or his designee shall transmit to the clerk of the court to which the appeal is taken: a copy of the decision of the chief administrative officer, a copy of the notice of appeal, and the exhibits. A list of the evidence furnished to the court shall also be furnished to the grievant. The failure of the chief administrative officer or his designee to transmit the record shall not prejudice the rights of the grievant. The court, on motion of the grievant, may issue a writ of certiorari requiring the chief administrative officer to transmit the record on or before a certain date.

b. Within 30 days of receipt of such records by the clerk, the court, sitting without a jury, shall hear the appeal on the record transmitted by the chief administrative officer or his designee and such additional evidence as may be necessary to resolve any controversy as to the correctness of the record. The court, in its discretion, may receive such other evidence as the ends of justice require. The court may affirm the decision of the chief administrative officer or his designee, or may reverse or modify the decision. The decision of the court shall be rendered no later than the fifteenth day from the date of the conclusion of the hearing. The decision of the court is final and is not appealable.

10. Final hearings.

a. Qualifying grievances shall advance to either a panel hearing or a hearing before an administrative hearing officer, as set forth in the locality's grievance procedure, as described below:

(1) If the grievance procedure adopted by the local governing body provides that the final step shall be an impartial panel hearing, the panel may, with the exception of those local governments covered by subdivision (2) of this subsection, consist of one member appointed by the grievant, one member appointed by the agency head and a third member selected by the first two. In the event that agreement cannot be reached as to the final panel member, the chief judge of the circuit court of the jurisdiction wherein the dispute arose shall select the third panel member. The panel shall not be composed of any persons having direct involvement with the grievance being heard by the panel, or with the complaint or dispute giving rise to the grievance. Managers who are in a direct line of supervision of a grievant, persons residing in the same household as the grievant and the following relatives of a participant in the grievance process or a participant's spouse are prohibited from serving as panel members: spouse, parent, child, descendants of a child, sibling, niece, nephew and first cousin. No attorney having direct involvement with the subject matter of the grievance, nor a partner, associate, employee or co-employee of the attorney shall serve as a panel member.

(2) If the grievance procedure adopted by the local governing body provides for the final step to be an impartial panel hearing, local governments may retain the panel composition method previously approved by the Department of Human Resource Management and in effect as of the enactment of this statute. Modifications to the panel composition method shall be permitted with regard to the size of the panel and the terms of office for panel members, so long as the basic integrity and independence of panels are maintained. As used in this section, the term "panel" shall include all bodies designated and authorized to make final and binding decisions.

(3) When a local government elects to use an administrative hearing officer rather than a three-person panel for the final step in the grievance procedure, the administrative hearing officer shall be appointed by the Executive Secretary of the Supreme Court of Virginia. The appointment shall be made from the list of administrative hearing officers maintained by the Executive Secretary pursuant to § 2.2-4024 and shall be made from the appropriate geographical region on a rotating basis. In the alternative, the local government may request the appointment of an administrative hearing officer from the Department of Human Resource Management. If a local government elects to use an administrative hearing officer, it shall bear the expense of such officer's services.

(4) When the local government uses a panel in the final step of the procedure, there shall be a chairperson of the panel and, when panels are composed of three persons (one each selected by the respective parties and the third from an impartial source), the third member shall be the chairperson.

(5) Both the grievant and the respondent may call upon appropriate witnesses and be represented by legal counsel or other representatives at the hearing. Such representatives may examine, cross-examine, question and present evidence on behalf of the grievant or respondent before the panel or hearing officer without being in violation of the provisions of § 54.1-3904.

(6) The decision of the panel or hearing officer shall be final and binding and shall be consistent with provisions of law and written policy.

(7) The question of whether the relief granted by a panel or hearing officer is consistent with written policy shall be determined by the chief administrative officer of the local government, or his designee, unless such person has a direct personal involvement with the event or events giving rise to the grievance, in which case the decision shall be made by the attorney for the Commonwealth of the jurisdiction in which the grievance is pending.

b. Rules for panel and administrative hearings.

Unless otherwise provided by law, local governments shall adopt rules for the conduct of panel or administrative hearings as a part of their grievance procedures, or shall adopt separate rules for such hearings. Rules which are promulgated shall include, ~~but need not be limited to~~ the following provisions:

(1) That neither the panels nor the hearing officer have authority to formulate policies or procedures or to alter existing policies or procedures;

(2) That panels and the hearing officer have the discretion to determine the propriety of attendance at the hearing of persons not having a direct interest in the hearing, and, at the request of either party, the hearing shall be private;

(3) That the local government provide the panel or hearing officer with copies of the grievance record prior to the hearing, and provide the grievant with a list of the documents furnished to the panel or hearing officer, and the grievant and his attorney, at least 10 days prior to the scheduled hearing, shall be allowed access to and copies of all relevant files intended to be used in the grievance proceeding;

(4) That panels and hearing officers have the authority to determine the admissibility of evidence without regard to the burden of proof, or the order of presentation of evidence, so long as a full and equal opportunity is afforded to all parties for the presentation of their evidence;

(5) That all evidence be presented in the presence of the panel or hearing officer and the parties, except by mutual consent of the parties;

(6) That documents, exhibits and lists of witnesses be exchanged between the parties or hearing officer in advance of the hearing;

(7) That the majority decision of the panel or the decision of the hearing officer, acting within the scope of its or his authority, be final, subject to existing policies, procedures and law;

(8) That the panel or hearing officer's decision be provided within a specified time to all parties; and

(9) Such other provisions as may facilitate fair and expeditious hearings, with the understanding that the hearings are not intended to be conducted like proceedings in courts, and that rules of evidence do not necessarily apply.

11. Implementation of final hearing decisions.

Either party may petition the circuit court having jurisdiction in the locality in which the grievant is employed for an order requiring implementation of the hearing decision.

B. Notwithstanding the contrary provisions of this section, a final hearing decision rendered under the provisions of this section which would result in the reinstatement of any employee of a sheriff's office, who has been terminated for cause may be reviewed by the circuit court for the locality upon the petition of the locality. The review of the circuit court shall be limited to the question of whether the decision of the panel or hearing officer was consistent with provisions of law and written policy.

§ 15.2-1604. Appointment of deputies and employment of employees; discriminatory practices by certain officers; civil penalty.

A. It shall be an unlawful employment practice for a constitutional officer:

1. To fail or refuse to appoint or hire or to discharge any individual, or otherwise to discriminate against any individual with respect to his compensation, terms, conditions or privileges of appointment or employment, because of such individual's race, color, religion, sex ~~or~~, age, marital status, pregnancy, childbirth or related medical conditions, sexual orientation, gender identity, national origin, or status as a veteran; or

2. To limit, segregate, or classify his appointees, employees or applicants for appointment or employment in any way which would deprive or tend to deprive any individual of employment opportunities or otherwise adversely affect his status as an employee, because of the individual's race, color, religion, sex ~~or~~, age, marital status, pregnancy, childbirth or related medical conditions, sexual orientation, gender identity, national origin, or status as a veteran.

B. Nothing in this section shall be construed to make it an unlawful employment practice for a constitutional officer to hire or appoint an individual on the basis of his sex ~~or national origin or age~~ in those instances where sex ~~or national origin or age~~ is a bona fide occupational qualification reasonably necessary to the normal operation of that particular office. The provisions of this section shall not apply to policy-making positions, confidential or personal staff positions, or undercover positions.

C. With regard to notices and advertisements:

1. Every constitutional officer shall, prior to hiring any employee, advertise such employment position in a newspaper having general circulation or a state or local government job placement service in such constitutional officer's locality except where the vacancy is to be used (i) as a placement opportunity for appointees or employees affected by layoff, (ii) as a transfer opportunity or demotion for an incumbent, (iii) to fill positions that have been advertised within the past 120 days, (iv) to fill positions to be filled by appointees or employees returning from leave with or without pay, (v) to fill temporary positions, temporary employees being those employees hired to work on special projects that have durations of three months

or less, or (vi) to fill policy-making positions, confidential or personal staff positions, or special, sensitive law-enforcement positions normally regarded as undercover work.

2. No constitutional officer shall print or publish or cause to be printed or published any notice or advertisement relating to employment by such constitutional officer indicating any preference, limitation, specification, or discrimination, based on sex or national origin, except that such notice or advertisement may indicate a preference, limitation, specification, or discrimination based on sex or national origin or age when sex or national origin or age is a bona fide occupational qualification for employment.

D. Complaints regarding violations of subsection A may be made to the Division of Human Rights of the Department of Law. The Division shall have the authority to exercise its powers as ~~outlined~~ provided in Article 4 (§ 2.2-520 et seq.) of Chapter 5 of Title 2.2.

E. Any constitutional officer who willfully violates the provisions of subsection C shall be subject to a civil penalty not to exceed \$2,000.

§ 22.1-295.2. Employment discrimination prohibited.

A. For the purposes of this section, "age" means being an individual who is at least 40 years of age.

B. No school board or any agent or employee thereof shall discriminate in employment on the basis of race, color, religion, national origin, sex, pregnancy, childbirth or related medical conditions, age, marital status, disability, sexual orientation, gender identity, or status as a veteran.

C. The provisions of this section shall not prohibit (i) discrimination in employment on the basis of sex or age in those instances when sex or age is a bona fide occupational qualification for employment or (ii) providing preference in employment to veterans.

§ 22.1-306. Definitions.

As used in this article:

"Business day" means any day that the relevant school board office is open.

"Day" means calendar days unless a different meaning is clearly expressed in this article. Whenever the last day for performing an act required by this article falls on a Saturday, Sunday, or legal holiday, the act may be performed on the next day that is not a Saturday, Sunday, or legal holiday.

Each school board shall have the exclusive right to manage the affairs and operations of the school division. Accordingly, the term "grievance" shall not include a complaint or dispute by a teacher relating to (1) establishment and revision of wages or salaries, position classifications, or general benefits; (2) suspension of a teacher or nonrenewal of the contract of a teacher who has not achieved continuing contract status; (3) the establishment or contents of ordinances, statutes, or personnel policies, procedures, rules, and regulations; (4) failure to promote; (5) discharge, layoff, or suspension from duties because of decrease in enrollment, decrease in enrollment or abolition of a particular subject, or insufficient funding; (6) hiring, transfer, assignment, and retention of teachers within the school division; (7) suspension from duties in emergencies; (8) the methods, means, and personnel by which the school division's operations are to be carried on; or (9) coaching or extracurricular activity sponsorship.

While these management rights are reserved to the school board, failure to apply, where applicable, the rules, regulations, policies, or procedures as written or established by the school board is grievable.

§ 36-96.1. Declaration of policy.

A. This chapter shall be known and referred to as the Virginia Fair Housing Law.

B. It is the policy of the Commonwealth of Virginia to provide for fair housing throughout the Commonwealth, to all its citizens, regardless of race, color, religion, national origin, sex, elderliness, familial status, sexual orientation, gender identity, status as a veteran, or ~~handicap~~ disability, and to that end to prohibit discriminatory practices with respect to residential housing by any person or group of persons, in order that the peace, health, safety, prosperity, and general welfare of all the inhabitants of the Commonwealth may be protected and insured. This law shall be deemed an exercise of the police power of the Commonwealth of Virginia for the protection of the people of the Commonwealth.

§ 36-96.1:1. Definitions.

"Assistance animal" means an animal that works, provides assistance, or performs tasks for the benefit of a person with a disability, or provides emotional support that alleviates one or more identified symptoms or effects of a person's disability. Assistance animals perform many disability-related functions, including guiding individuals who are blind or have low vision, alerting individuals who are deaf or hard of hearing to sounds, providing protection or rescue assistance, pulling a wheelchair, fetching items, alerting persons to impending seizures, or providing emotional support to persons with

disabilities who have a disability-related need for such support. An assistance animal is not required to be individually trained or certified. While dogs are the most common type of assistance animal, other animals can also be assistance animals. An assistance animal is not a pet.

§ 36-96.2. Exemptions.

A. In the case of the sale of any single-family house by a private individual-owner not residing in the house at the time of the sale or who was not the most recent resident of the house prior to sale, the exemption granted shall apply only with respect to one such sale within any 24-month period, provided that such bona fide private individual owner does not own any interest in, nor is there owned or reserved on his behalf, under any express or voluntary agreement, title to or any right to all or a portion of the proceeds from the sale or rental of, more than three such single-family houses at any one time. The sale or rental of any such single-family house shall be exempt from the application of this chapter only if the house is sold or rented (i) without the use in any manner of the sales or rental facilities

or the sales or rental services of any real estate broker, agent, salesperson, or of the facilities or the services of any person in the business of selling or renting dwellings, or of any employee, independent contractor, or agent of any broker, agent, salesperson, or person and (ii) without the publication, posting, or mailing, after notice, of any advertisement or written notice in violation of this chapter. However, nothing herein shall prohibit the use of attorneys, escrow agents, abstractors, title companies, and other professional assistance as necessary to perfect or transfer the title. This exemption shall not apply to or inure to the benefit of any licensee of the Real Estate Board or regulant of the Fair Housing Board, regardless of whether the licensee is acting in his personal or professional capacity.

B. Except for subdivision A 3 of § 36-96.3, this chapter shall not apply to rooms or units in dwellings containing living quarters occupied or intended to be occupied by no more than four families living independently of each other, if the owner actually maintains and occupies one of such living quarters as his residence.

C. Nothing in this chapter shall prohibit a religious organization, association or society, or any nonprofit institution or organization operated, supervised, or controlled by or in conjunction with a religious organization, association or society, from limiting the sale, rental, or occupancy of dwellings that it owns or operates for other than a commercial purpose to persons of the same religion, or from giving preferences to such persons, unless membership in such religion is restricted on account of race, color, national origin, sex, elderliness, familial status, *sexual orientation*, *gender identity*, *status as a veteran*, or ~~handicap~~ *disability*. Nor shall anything in this chapter apply to a private membership club not in fact open to the public, which as an incident to its primary purpose or purposes provides lodging which it owns or operates for other than a commercial purpose, from limiting the rental or occupancy of such lodgings to its members or from giving preference to its members. Nor, where matters of personal privacy are involved, shall anything in this chapter be construed to prohibit any private, state-owned or state-supported educational institution, hospital, nursing home, religious or correctional institution, from requiring that persons of both sexes not occupy any single-family residence or room or unit of dwellings or other buildings, or restrooms in such room or unit in dwellings or other buildings, which it owns or operates.

D. Nothing in this chapter prohibits conduct against a person because such person has been convicted by any court of competent jurisdiction of the illegal manufacture or distribution of a controlled substance as defined in federal law.

E. It shall not be unlawful under this chapter for any owner to deny or limit the rental of housing to persons who pose a clear and present threat of substantial harm to others or to the dwelling itself.

F. A rental application may require disclosure by the applicant of any criminal convictions and the owner or managing agent may require as a condition of acceptance of the rental application that applicant consent in writing to a criminal record check to verify the disclosures made by applicant in the rental application. The owner or managing agent may collect from the applicant moneys to reimburse the owner or managing agent for the exact amount of the out-of-pocket costs for such criminal record checks. Nothing in this chapter shall require an owner or managing agent to rent a dwelling to an individual who, based on a prior record of criminal convictions involving harm to persons or property, would constitute a clear and present threat to the health or safety of other individuals.

G. Nothing in this chapter limits the applicability of any reasonable local, state or federal restriction regarding the maximum number of occupants permitted to occupy a dwelling. Owners or managing agents of dwellings may develop and implement reasonable occupancy and safety standards based on factors such as the number and size of sleeping areas or bedrooms and overall size of a dwelling unit so long as the standards do not violate local, state or federal restrictions. Nothing in this chapter prohibits the rental application or similar document from requiring information concerning the number, ages, sex and familial relationship of the applicants and the dwelling's intended occupants.

§ 36-96.3. Unlawful discriminatory housing practices.

A. It shall be an unlawful discriminatory housing practice for any person:

1. To refuse to sell or rent after the making of a bona fide offer or to refuse to negotiate for the sale or rental of, or otherwise make unavailable or deny, a dwelling to any person because of race, color, religion, national origin, sex, elderliness, ~~or~~ familial status, *sexual orientation*, *gender identity*, or *status as a veteran*;

2. To discriminate against any person in the terms, conditions, or privileges of sale or rental of a dwelling, or in the provision of services or facilities in the connection therewith to any person because of race, color, religion, national origin, sex, elderliness, ~~or~~ familial status, *sexual orientation*, *gender identity*, or *status as a veteran*;

3. To make, print, or publish, or cause to be made, printed, or published any notice, statement, or advertisement, with respect to the sale or rental of a dwelling that indicates any preference, limitation, or discrimination or an intention to make any such preference, limitation, or discrimination based on race, color, religion, national origin, sex, elderliness, familial status, *sexual orientation*, *gender identity*, *status as a veteran*, or ~~handicap~~ *disability*. The use of words or symbols associated with a particular religion, national origin, sex, or race shall be prima facie evidence of an illegal preference under this chapter which shall not be overcome by a general disclaimer. However, reference alone to places of worship including, ~~but not limited to~~, churches, synagogues, temples, or mosques in any such notice, statement, or advertisement shall not be prima facie evidence of an illegal preference;

4. To represent to any person because of race, color, religion, national origin, sex, elderliness, familial status, *sexual orientation*, *gender identity*, *status as a veteran*, or ~~handicap~~ *disability* that any dwelling is not available for inspection, sale, or rental when such dwelling is in fact so available;

5. To deny any person access to membership in or participation in any multiple listing service, real estate brokers' organization, or other service, organization or facility relating to the business of selling or renting dwellings, or to discriminate against such person in the terms or conditions of such access, membership, or participation because of race,

color, religion, national origin, sex, elderliness, familial status, *sexual orientation*, *gender identity*, *status as a veteran*, or ~~handicap~~ *disability*;

6. To include in any transfer, sale, rental, or lease of housing; any restrictive covenant that discriminates because of race, color, religion, national origin, sex, elderliness, familial status, *sexual orientation*, *gender identity*, *status as a veteran*, or ~~handicap~~ *disability* or for any person to honor or exercise; or attempt to honor or exercise any such discriminatory covenant pertaining to housing;

7. To induce or attempt to induce to sell or rent any dwelling by representations regarding the entry or prospective entry into the neighborhood of a person or persons of a particular race, color, religion, national origin, sex, elderliness, familial status, *sexual orientation*, *gender identity*, *status as a veteran*, or ~~handicap~~ *disability*;

8. To refuse to sell or rent, or refuse to negotiate for the sale or rental of, or otherwise discriminate or make unavailable or deny a dwelling because of a ~~handicap~~ *disability* of (i) the buyer or renters; (ii) a person residing in or intending to reside in that dwelling after it is so sold, rented, or made available; or (iii) any person associated with the buyer or renter; or

9. To discriminate against any person in the terms, conditions, or privileges of sale or rental of a dwelling, or in the provision of services or facilities in connection therewith because of a ~~handicap~~ *disability* of (i) that person; (ii) a person residing in or intending to reside in that dwelling after it was so sold, rented, or made available; or (iii) any person associated with that buyer or renter.

B. For the purposes of this section, discrimination includes: (i) a refusal to permit, at the expense of the ~~handicapped~~ *disabled* person, reasonable modifications of existing premises occupied or to be occupied by any person if such modifications may be necessary to afford such person full enjoyment of the premises; except that, in the case of a rental, the landlord may, where it is reasonable to do so, condition permission for a modification on the renter's agreeing to restore the interior of the premises to the condition that existed before the modification, reasonable wear and tear excepted; (ii) a refusal to make reasonable accommodations in rules, practices, policies, or services when such accommodations may be necessary to afford such person equal opportunity to use and enjoy a dwelling; or (iii) in connection with the design and construction of covered multi-family dwellings for first occupancy after March 13, 1991, a failure to design and construct dwellings in such a manner that:

1. The public use and common use areas of the dwellings are readily accessible to and usable by ~~handicapped~~ *disabled* persons;

2. All the doors designed to allow passage into and within all premises are sufficiently wide to allow passage by ~~handicapped~~ *disabled* persons in wheelchairs; and

3. All premises within covered multi-family dwelling units contain an accessible route into and through the dwelling; light switches, electrical outlets, thermostats, and other environmental controls are in accessible locations; there are reinforcements in the bathroom walls to allow later installation of grab bars; and there are usable kitchens and bathrooms such that an individual in a wheelchair can maneuver about the space. As used in this subdivision, the term "covered multi-family dwellings" means buildings consisting of four or more units if such buildings have one or more elevators and ground floor units in other buildings consisting of four or more units.

C. Compliance with the appropriate requirements of the American National Standards for Building and Facilities (commonly cited as "ANSI A117.1") or with any other standards adopted as part of regulations promulgated by HUD providing accessibility and usability for physically ~~handicapped~~ *disabled* people shall be deemed to satisfy the requirements of subdivision B 3.

D. Nothing in this chapter shall be construed to invalidate or limit any Virginia law or regulation which requires dwellings to be designed and constructed in a manner that affords ~~handicapped~~ *disabled* persons greater access than is required by this chapter.

§ 36-96.4. Discrimination in residential real estate-related transactions; unlawful practices by lenders, insurers, appraisers, etc.; deposit of state funds in such institutions.

A. It shall be unlawful for any person or other entity, including any lending institution, whose business includes engaging in residential real estate-related transactions, to discriminate against any person in making available such a transaction, or in the terms or conditions of such a transaction, or in the manner of providing such a transaction, because of race, color, religion, national origin, sex, elderliness, familial status, *sexual orientation*, *gender identity*, *status as a veteran*, or ~~handicap~~ *disability*. It shall not be unlawful, however, for any person or other entity whose business includes engaging in residential real estate transactions to require any applicant to qualify financially for the loan or loans for which such person is making application.

B. As used in this section, the term "residential real estate-related transaction" means any of the following:

1. The making or purchasing of loans or providing other financial assistance (i) for purchasing, constructing, improving, repairing, or maintaining a dwelling or (ii) secured by residential real estate; or

2. The selling, brokering, insuring or appraising of residential real property. However, nothing in this chapter shall prohibit a person engaged in the business of furnishing appraisals of real property to take into consideration factors other than race, color, religion, national origin, sex, elderliness, familial status, *sexual orientation*, *gender identity*, *status as a veteran*, or ~~handicap~~ *disability*.

C. It shall be unlawful for any state, county, city, or municipal treasurer or governmental official whose responsibility it is to account for, to invest, or manage public funds to deposit or cause to be deposited any public funds in any lending institution provided for herein which is found to be committing discriminatory practices, where such findings were upheld

by any court of competent jurisdiction. Upon such a court's judicial enforcement of any order to restrain a practice of such lending institution or for said institution to cease or desist in a discriminatory practice, the appropriate fiscal officer or treasurer of the Commonwealth or any political subdivision thereof which has funds deposited in any lending institution which is practicing discrimination, as set forth herein, shall take immediate steps to have the said funds withdrawn and redeposited in another lending institution. If for reasons of sound economic management, this action will result in a financial loss to the Commonwealth or any of its political subdivisions, the action may be deferred for a period not longer than one year. If the lending institution in question has corrected its discriminatory practices, any prohibition set forth in this section shall not apply.

§ 36-96.6. Certain restrictive covenants void; instruments containing such covenants.

A. Any restrictive covenant and any related reversionary interest, purporting to restrict occupancy or ownership of property on the basis of race, color, religion, national origin, sex, elderliness, familial status, *sexual orientation, gender identity, status as a veteran, or handicap disability*, whether heretofore or hereafter included in an instrument affecting the title to real or leasehold property, are declared to be void and contrary to the public policy of the Commonwealth.

B. Any person who is asked to accept a document affecting title to real or leasehold property may decline to accept the same if it includes such a covenant or reversionary interest until the covenant or reversionary interest has been removed from the document. Refusal to accept delivery of an instrument for this reason shall not be deemed a breach of a contract to purchase, lease, mortgage, or otherwise deal with such property.

C. No person shall solicit or accept compensation of any kind for the release or removal of any covenant or reversionary interest described in subsection A. Any person violating this subsection shall be liable to any person injured thereby in an amount equal to the greater of three times the compensation solicited or received, or \$500, plus reasonable attorneys' attorney fees and costs incurred.

D. A family care home, foster home, or group home in which individuals with physical ~~handicap~~ *disabilities*, mental illness, intellectual disability, or developmental disability reside, with one or more resident counselors or other staff persons, shall be considered for all purposes residential occupancy by a single family when construing any restrictive covenant which purports to restrict occupancy or ownership of real or leasehold property to members of a single family or to residential use or structure.

§ 55.1-1310. Sale or lease of manufactured home by manufactured home owner.

No landlord shall unreasonably refuse or restrict the sale or rental of a manufactured home located in his manufactured home park by a tenant. No landlord shall prohibit the manufactured home owner from placing a "for sale" sign on or in the owner's home except that the size, placement, and character of all signs are subject to the rules and regulations of the manufactured home park. Prior to selling or leasing the manufactured home, the tenant shall give notice to the landlord, including the name of the prospective vendee or lessee if the prospective vendee or lessee intends to occupy the manufactured home in that manufactured home park. The landlord shall have the burden of proving that his refusal or restriction regarding the sale or rental of a manufactured home was reasonable. The refusal or restriction of the sale or rental of a manufactured home exclusively or predominantly based on the age of the home shall be considered unreasonable. Any refusal or restriction based on race, color, religion, national origin, *status as a veteran, familial status, marital status, elderliness, handicap disability, or sexual orientation, gender identity, sex, or pregnancy, childbirth or related medical conditions* shall be conclusively presumed to be unreasonable.

2. That § 2.2-3903 of the Code of Virginia is repealed.

3. That any regulations implementing the provisions of § 2.2-3907 of the Code of Virginia, as created by this act, shall, so far as practicable, conform to the practices and timelines of the Equal Employment Opportunity Commission with respect to analogous federal laws and regulations, for the purpose of maintaining a workshare agreement with that agency.

§ 2.2-3704.2. Public bodies to designate FOIA officer.

A. All state public bodies, including state authorities, that are subject to the provisions of this chapter and all local public bodies *and regional public bodies* that are subject to the provisions of this chapter, shall designate and publicly identify one or more Freedom of Information Act officers (FOIA officer) whose responsibility is to serve as a point of contact for members of the public in requesting public records and to coordinate the public body's compliance with the provisions of this chapter.

B. For such state public bodies, the name and contact information of the public body's FOIA officer to whom members of the public may direct requests for public records and who will oversee the public body's compliance with the provisions

of this chapter shall be made available to the public upon request and be posted on the respective public body's official public government website at the time of designation and maintained thereafter on such website for the duration of the designation.

C. For such local public bodies *and regional public bodies*, the name and contact information of the public body's FOIA officer to whom members of the public may direct requests for public records and who will oversee the public body's compliance with the provisions of this chapter shall be made available in a way reasonably calculated to provide notice to the public, including posting at the public body's place of business, posting on its official public government website, or including such information in its publications.

D. For the purposes of this section, local public bodies shall include constitutional officers.

E. Any such FOIA officer shall possess specific knowledge of the provisions of this chapter and be trained at least ~~annually~~ *once during each consecutive period of two calendar years commencing with the date on which he last completed a training session* by legal counsel for the public body or the Virginia Freedom of Information Advisory Council (the Council) or through an online course offered by the Council. Any such training shall document that the training required by this subsection has been fulfilled.

F. The name and contact information of a FOIA officer trained by legal counsel of a public body shall be (i) submitted to the Council by July 1 of ~~each~~ *the year a FOIA officer is initially trained* on a form developed by the Council for that purpose and (ii) updated in a timely manner in the event of any changes to such information.

G. The Council shall maintain on its website a listing of all FOIA officers, including name, contact information, and the name of the public body such FOIA officers serve.

CHAPTER 1142

An Act to amend and reenact § 2.2-3704 of the Code of Virginia, relating to the Virginia Freedom of Information Act; tolling response time when requester asks for cost estimate in advance; advance deposits.

[S 153]

Approved April 11, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 2.2-3704 of the Code of Virginia is amended and reenacted as follows:

§ 2.2-3704. Public records to be open to inspection; procedure for requesting records and responding to request; charges; transfer of records for storage, etc.

A. Except as otherwise specifically provided by law, all public records shall be open to citizens of the Commonwealth, representatives of newspapers and magazines with circulation in the Commonwealth, and representatives of radio and television stations broadcasting in or into the Commonwealth during the regular office hours of the custodian of such records. Access to such records shall be provided by the custodian in accordance with this chapter by inspection or by providing copies of the requested records, at the option of the requester. The custodian may require the requester to provide his name and legal address. The custodian of such records shall take all necessary precautions for their preservation and safekeeping.

B. A request for public records shall identify the requested records with reasonable specificity. The request need not make reference to this chapter in order to invoke the provisions of this chapter or to impose the time limits for response by a public body. Any public body that is subject to this chapter and that is the custodian of the requested records shall promptly, but in all cases within five working days of receiving a request, provide the requested records to the requester or make one of the following responses in writing:

1. The requested records are being entirely withheld. Such response shall identify with reasonable particularity the volume and subject matter of withheld records, and cite, as to each category of withheld records, the specific Code section that authorizes the withholding of the records.

2. The requested records are being provided in part and are being withheld in part. Such response shall identify with reasonable particularity the subject matter of withheld portions, and cite, as to each category of withheld records, the specific Code section that authorizes the withholding of the records.

3. The requested records could not be found or do not exist. However, if the public body that received the request knows that another public body has the requested records, the response shall include contact information for the other public body.

4. It is not practically possible to provide the requested records or to determine whether they are available within the five-work-day period. Such response shall specify the conditions that make a response impossible. If the response is made within five working days, the public body shall have an additional seven work days in which to provide one of the four preceding responses.

C. Any public body may petition the appropriate court for additional time to respond to a request for records when the request is for an extraordinary volume of records or requires an extraordinarily lengthy search, and a response by the public body within the time required by this chapter will prevent the public body from meeting its operational responsibilities. Before proceeding with the petition, however, the public body shall make reasonable efforts to reach an agreement with the requester concerning the production of the records requested.

D. Subject to the provisions of subsection G, no public body shall be required to create a new record if the record does not already exist. However, a public body may abstract or summarize information under such terms and conditions as agreed between the requester and the public body.

E. Failure to respond to a request for records shall be deemed a denial of the request and shall constitute a violation of this chapter.

F. A public body may make reasonable charges not to exceed its actual cost incurred in accessing, duplicating, supplying, or searching for the requested records. No public body shall impose any extraneous, intermediary, or surplus fees or expenses to recoup the general costs associated with creating or maintaining records or transacting the general business of the public body. Any duplicating fee charged by a public body shall not exceed the actual cost of duplication. The public body may also make a reasonable charge for the cost incurred in supplying records produced from a geographic information system at the request of anyone other than the owner of the land that is the subject of the request. However, such charges shall not exceed the actual cost to the public body in supplying such records, except that the public body may charge, on a pro rata per acre basis, for the cost of creating topographical maps developed by the public body, for such maps or portions thereof, which encompass a contiguous area greater than 50 acres. All charges for the supplying of requested records shall be estimated in advance at the request of the citizen. *The period within which the public body shall respond under this section shall be tolled for the amount of time that elapses between notice of the cost estimate and the response of the requester. If the public body receives no response from the requester within 30 days of sending the cost estimate, the request shall be deemed to be withdrawn.*

G. Public records maintained by a public body in an electronic data processing system, computer database, or any other structured collection of data shall be made available to a requester at a reasonable cost, not to exceed the actual cost in accordance with subsection F. When electronic or other databases are combined or contain exempt and nonexempt records, the public body may provide access to the exempt records if not otherwise prohibited by law, but shall provide access to the nonexempt records as provided by this chapter.

Public bodies shall produce nonexempt records maintained in an electronic database in any tangible medium identified by the requester, including, where the public body has the capability, the option of posting the records on a website or delivering the records through an electronic mail address provided by the requester, if that medium is used by the public body in the regular course of business. No public body shall be required to produce records from an electronic database in a format not regularly used by the public body. However, the public body shall make reasonable efforts to provide records in any format under such terms and conditions as agreed between the requester and public body, including the payment of reasonable costs. The excision of exempt fields of information from a database or the conversion of data from one available format to another shall not be deemed the creation, preparation, or compilation of a new public record.

H. In any case where a public body determines in advance that charges for producing the requested records are likely to exceed \$200, the public body may, before continuing to process the request, require the requester to ~~agree to payment of~~ pay a deposit not to exceed the amount of the advance determination. The deposit shall be credited toward the final cost of supplying the requested records. The period within which the public body shall respond under this section shall be tolled for the amount of time that elapses between notice of the advance determination and the response of the requester.

I. Before processing a request for records, a public body may require the requester to pay any amounts owed to the public body for previous requests for records that remain unpaid 30 days or more after billing.

J. In the event a public body has transferred possession of public records to any entity, including but not limited to any other public body, for storage, maintenance, or archiving, the public body initiating the transfer of such records shall remain the custodian of such records for purposes of responding to requests for public records made pursuant to this chapter and shall be responsible for retrieving and supplying such public records to the requester. In the event a public body has transferred public records for storage, maintenance, or archiving and such transferring public body is no longer in existence, any public body that is a successor to the transferring public body shall be deemed the custodian of such records. In the event no successor entity exists, the entity in possession of the public records shall be deemed the custodian of the records for purposes of compliance with this chapter, and shall retrieve and supply such records to the requester. Nothing in this subsection shall be construed to apply to records transferred to the Library of Virginia for permanent archiving pursuant to the duties imposed by the Virginia Public Records Act (§ 42.1-76 et seq.). In accordance with § 42.1-79, the Library of Virginia shall be the custodian of such permanently archived records and shall be responsible for responding to requests for such records made pursuant to this chapter.

CHAPTER 1143

An Act to amend the Code of Virginia by adding in Chapter 1 of Title 15.2 a section numbered 15.2-111, relating to local government meetings; weather.

[S 941]

Approved April 11, 2020

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Chapter 1 of Title 15.2 a section numbered 15.2-111 as follows:

§ 15.2-111. Rescheduling or continuing meetings for weather.

By resolution adopted at a regular meeting, any political subdivision, board of zoning appeals, or other local government board, commission, or authority may fix the day or days to which a regular meeting shall be continued if the chairman, or vice-chairman if the chairman is unable to act, finds and declares that weather or other conditions are such that it is hazardous for members to attend the regular meeting. Such findings shall be communicated to the members and the press as promptly as possible. All hearings and other matters previously advertised shall be conducted at the continued meeting, and no further advertising is required.

CHAPTER 1144

An Act to amend and reenact § 15.2-1416 of the Code of Virginia, relating to local governing body meetings; public comment.

[S 977]

Approved April 11, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-1416 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-1416. Regular meetings.

A. The governing body shall assemble at a public place as the governing body may prescribe, in regular session in January for counties and in July for cities and towns. Future meetings shall be held on such days as may be prescribed by resolution of the governing body but in no event shall less than six meetings be held in each fiscal year.

B. The days, times and places of regular meetings to be held during the ensuing months shall be established at the first meeting which meeting may be referred to as the annual or organizational meeting; however, if the governing body subsequently prescribes any public place other than the initial public meeting place, or any day or time other than that initially established, as a meeting day, place or time, the governing body shall pass a resolution as to such future meeting day, place or time. § 24.2-612. List of offices and candidates filed with Department of Elections and checked for accuracy; when ballots printed; number required.

Immediately after the expiration of the time provided by law for a candidate for any office to qualify to have his name printed on the official ballot and prior to printing the ballots for an election, each general registrar shall forward to the Department of Elections a list of the county, city, or town offices to be filled at the election and the names of all candidates who have filed for each office. In addition, each general registrar shall forward the name of any candidate who failed to qualify with the reason for his disqualification. On that same day, the general registrar shall also provide a copy of the notice to each disqualified candidate. The notice shall be sent by email or regular mail to the address on the candidate's certificate of candidate qualification, and such notice shall be deemed sufficient. The Department of Elections shall promptly advise the general registrar of the accuracy of the list. The failure of any general registrar to send the list to the Department of Elections for verification shall not invalidate any election.

Each general registrar shall have printed the number of ballots he determines will be sufficient to conduct the election. Such determination shall be based on the number of active registered voters and historical election data, including voter turnout, and shall be subject to the approval by the electoral board.

Notwithstanding any other provisions of this title, the Department of Elections may print or otherwise provide one statewide paper ballot style for each paper ballot style in use for presidential and vice-presidential electors for use only by persons eligible to vote for those offices only under § 24.2-402 or only for federal elections under § 24.2-453. The Department of Elections may apportion or authorize the printer or vendor to apportion the costs for these ballots among the localities based on the number of ballots ordered. Any printer employed by the Department of Elections shall execute the statement required by § 24.2-616. The Department of Elections shall designate a representative to be present at the printing of such ballots and deliver them to the appropriate general registrars pursuant to § 24.2-617. Upon receipt of such paper ballots, the electoral board or the general registrar shall affix the seal of the electoral board. Thereafter, such ballots shall be handled and accounted for, and the votes counted as the Department of Elections shall specifically direct.

The general registrar shall make printed ballots available for absentee voting not later than 45 days prior to any election or within three business days of the receipt of a properly completed absentee ballot application, whichever is later. In the case of a special election, excluding for federal offices, if time is insufficient to meet the applicable deadline established herein, then the general registrar shall make printed ballots available as soon after the deadline as possible. For the purposes of this chapter, making printed ballots available includes mailing of such ballots or electronic transmission of such ballots pursuant to § 24.2-706 to a ~~qualified absentee voter who is eligible for an absentee ballot under subdivision A 2 of § 24.2-700 covered voter, as defined in § 24.2-452, who has applied for an absentee ballot pursuant to § 24.2-701.~~ Not later than five days after absentee ballots are made available, each general registrar shall report to the Department of Elections, in writing on a form approved by the Department of Elections, whether he has complied with the applicable deadline.

Only the names of candidates for offices to be voted on in a particular election district shall be printed on the ballots for that election district.

The general registrar shall send to the Department of Elections a statement of the number of ballots ordered to be printed, proofs of each printed ballot for verification, and copies of each final ballot. If the Department of Elections finds that, in its opinion, the number of ballots ordered to be printed by any general registrar is not sufficient, it may direct the general registrar to order the printing of a reasonable number of additional ballots.

No list or application containing an individual's social security number, or any part thereof, or the individual's day and month of birth, shall be made available for inspection or copying by anyone. The Department of Elections shall prescribe procedures for general registrars to make the information in the lists and applications available in a manner that does not reveal social security numbers or parts thereof, or an individual's day and month of birth.

B. The completion and timely delivery of an application for an absentee ballot shall be construed to be an offer by the applicant to vote in the election.

The general registrar shall note on each application received whether the applicant is or is not a registered voter. In reviewing the application for an absentee ballot, the general registrar shall not reject the application of any individual because of an error or omission on any record or paper relating to the application, if such error or omission is not material in determining whether such individual is qualified to vote absentee.

If the application has been properly completed and signed and the applicant is a registered voter of the precinct in which he offers to vote, the general registrar shall, at the time when the printed ballots for the election are available, send by the deadline set out in § 24.2-612, obtaining a certificate or other evidence of either first-class or expedited mailing or delivery from the United States Postal Service or other commercial delivery provider, or deliver to him in person in the office of the registrar, the following items and nothing else:

1. An envelope containing the folded ballot, sealed and marked "Ballot within. Do not open except in presence of a witness."
2. An envelope, with printing only on the flap side, for resealing the marked ballot, on which envelope is printed the following:

"Statement of Voter."

"I do hereby state, subject to felony penalties for making false statements pursuant to § 24.2-1016, that my FULL NAME is _____ (last, first, middle); that I am now or have been at some time since last November's general election a legal resident of _____ (STATE YOUR LEGAL RESIDENCE IN VIRGINIA including the house number, street name or rural route address, city, zip code); that I received the enclosed ballot(s) upon application to the registrar of such county or city; that I opened the envelope marked 'ballot within' and marked the ballot(s) in the presence of the witness, without assistance or knowledge on the part of anyone as to the manner in which I marked it (or I am returning the form required to report how I was assisted); that I then sealed the ballot(s) in this envelope; and that I have not voted and will not vote in this election at any other time or place.

Signature of Voter _____

Date _____

Signature of witness _____ "

For elections held after January 1, 2004, instead of the envelope containing the above oath, an envelope containing the standard oath prescribed by the presidential designee under § 101(b)(7) of the Uniformed and Overseas Citizens Absentee Voting Act (52 U.S.C. § 20301 et seq.) shall be sent to voters who are qualified to vote absentee under that Act.

When this statement has been properly completed and signed by the registered voter and witnessed, his ballot shall not be subject to challenge pursuant to § 24.2-651.

3. A properly addressed envelope for the return of the ballot to the general registrar by mail or by the applicant in person.
4. Printed instructions for completing the ballot and statement on the envelope and returning the ballot.

For federal elections held after January 1, 2004, for any voter who is required by subparagraph (b) of 52 U.S.C. § 21083 of the Help America Vote Act of 2002 to show identification the first time the voter votes in a federal election in the state, the printed instructions shall direct the voter to submit with his ballot (i) a copy of a current and valid photo identification or (ii) a copy of a current utility bill, bank statement, government check, paycheck or other government document that shows the name and address of the voter. Such individual who desires to vote by mail but who does not submit one of the forms of identification specified in this paragraph may cast such ballot by mail and the ballot shall be counted as a provisional ballot under the provisions of § 24.2-653. The Department of Elections shall provide instructions to the electoral boards for the handling and counting of such provisional ballots pursuant to subsection B of § 24.2-653 and this section.

5. For any voter entitled to vote absentee under the Uniformed and Overseas Citizens Absentee Voting Act (52 U.S.C. § 20301 et seq.), information provided by the Department of Elections specific to the voting rights and responsibilities for such citizens, or information provided by the registrar specific to the status of the voter registration and absentee ballot application of such voter, may be included.

The envelopes and instructions shall be in the form prescribed by the Department of Elections.

C. If the applicant completes his application in person under § 24.2-701 at a time when the printed ballots for the election are available, he may request that the general registrar send to him by mail the items set forth in subdivisions B 1 through 4, instead of casting the ballot in person. Such request shall be made no later than 5:00 p.m. on the seventh day prior to the election in which the applicant offers to vote, and the general registrar shall send those items to the applicant by mail, obtaining a certificate or other evidence of mailing.

D. If the applicant ~~states as the reason for his absence on election day any of the reasons set forth in subdivision A 2 of § 24.2-700~~ is a covered voter, as defined in § 24.2-452, the general registrar, at the time when the printed ballots for the election are available, shall mail by the deadline set forth in § 24.2-612 or deliver in person to the applicant in the office of the general registrar the items as set forth in subdivisions B 1 through 4 and, if necessary, an application for registration. A certificate or other evidence of mailing shall not be required. If the applicant requests that such items be sent by electronic transmission, the general registrar, at the time when the printed ballots for the election are available but not later than the deadline set forth in § 24.2-612, shall send by electronic transmission the blank ballot, the form for the envelope for returning the marked ballot, and instructions to the voter. Such materials shall be sent using the official email address or fax number of the office of the general registrar published on the Department of Elections website. The State Board of Elections may prescribe by regulation the format of the email address used for transmitting ballots to eligible voters. A general registrar may also use electronic transmission facilities provided by the Federal Voting Assistance Program. The voted ballot shall be returned to the general registrar as otherwise required by this chapter.

E. The circuit courts shall have jurisdiction to issue an injunction to enforce the provisions of this section upon the application of (i) any aggrieved voter, (ii) any candidate in an election district in whole or in part in the court's jurisdiction where a violation of this section has occurred, or is likely to occur, or (iii) the campaign committee or the appropriate district political party chairman of such candidate. Any person who fails to discharge his duty as provided in this section through willful neglect of duty and with malicious intent shall be guilty of a Class 1 misdemeanor as provided in subsection A of § 24.2-1001.

§ 24.2-709. Ballot to be returned in manner prescribed by law.

A. Any ballot returned to the office of the general registrar in any manner except as prescribed by law shall be void. Absentee ballots shall be returned to the general registrar before the closing of the polls. The registrar receiving the ballot shall (i) seal the ballot in an envelope with the statement or declaration of the voter, or both, attached to the outside and (ii) mark on each envelope the date, time, and manner of delivery. No returned absentee ballot shall be deemed void because the inner envelope containing the voted ballot is imperfectly sealed so long as the outside envelope containing the ballot envelope is sealed.

B. Notwithstanding the provisions of subsection A, ~~any absentee ballots~~ *ballot* (i) received after the close of the polls on any election day, (ii) received before 5:00 p.m. on the second business day before the State Board meets to ascertain the results of the election pursuant to this title, (iii) requested on or before but not sent by the deadline for making absentee ballots available under § 24.2-612, and (iv) cast by ~~an absentee voter who is eligible for an absentee ballot under subdivision A 2 of § 24.2-700~~ a covered voter, as defined in § 24.2-452, shall be counted pursuant to the procedures set forth in this chapter ~~and, if the voter is found entitled to vote, included in the election returns.~~ The electoral board shall prepare an amended certified abstract, which shall include the results of such ballots, and shall deliver such abstract to the State Board by the business day prior to its meeting pursuant to this title, and shall deliver a copy of such abstract to the general registrar to be available for inspection when his office is open for business.

C. Notwithstanding the provisions of clause (i) of subsection B of § 24.2-427, an absentee ballot returned by a voter in compliance with § 24.2-707 and this section who dies prior to the counting of absentee ballots on election day shall be counted pursuant to the procedures set forth in this chapter if the voter is found to have been entitled to vote at the time that he returned the ballot.

§ 24.2-1004. Illegal voting and registrations.

A. Any person who wrongfully deposits a ballot in the ballot container or casts a vote on any voting equipment, is guilty of a Class 1 misdemeanor.

B. Any person who intentionally (i) votes more than once in the same election, whether those votes are cast in Virginia or in Virginia and any other state or territory of the United States, (ii) procures, assists, or induces another to vote more than once in the same election, whether those votes are cast in Virginia or in Virginia and any other state or territory of the United States, (iii) votes knowing that he is not qualified to vote where and when the vote is to be given, or (iv) procures, assists, or induces another to vote knowing that such person is not qualified to vote where and when the vote is to be given is guilty of a Class 6 felony.

C. Any person who intentionally (i) registers to vote at more than one residence address at the same time, whether such registrations are in Virginia or in Virginia and any other state or territory of the United States, or (ii) procures, assists, or induces another to register to vote at more than one address at the same time, whether such registrations are in Virginia or in Virginia and any other state or territory of the United States, is guilty of a Class 6 felony. This subsection shall not apply to any person who, when registering to vote, changing the address at which he is registered, transferring his registration, or assisting another in registering, changing his address, or transferring his registration, provides the information required by § 24.2-418 on the applicant's place of last previous registration to vote.

D. Nothing in this section shall be construed to prohibit a ~~person entitled to vote absentee under subdivision A 2 of § 24.2-700 covered voter, as defined in § 24.2-452,~~ from casting in the same election both a state ballot and a write-in absentee ballot that is processed in the manner provided by the Uniformed and Overseas Citizens Absentee Voting Act (52 U.S.C. § 20301 et seq.). If both ballots are received prior to the close of the polls on election day, the state ballot shall be counted.

CHAPTER 1150

An Act to amend and reenact § 65.2-402.1 of the Code of Virginia, relating to workers' compensation; presumption of compensability for certain diseases.

[H 169]

Approved April 11, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 65.2-402.1 of the Code of Virginia is amended and reenacted as follows:

§ 65.2-402.1. Presumption as to death or disability from infectious disease.

A. Hepatitis, meningococcal meningitis, tuberculosis or HIV causing the death of, or any health condition or impairment resulting in total or partial disability of, any (i) salaried or volunteer firefighter, or salaried or volunteer emergency medical services personnel, (ii) member of the State Police Officers' Retirement System, (iii) member of county, city or town police departments, (iv) sheriff or deputy sheriff, (v) Department of Emergency Management hazardous materials officer, (vi) city sergeant or deputy city sergeant of the City of Richmond, (vii) Virginia Marine Police officer, (viii) conservation police officer who is a full-time sworn member of the enforcement division of the Department of Game and Inland Fisheries, (ix) Capitol Police officer, (x) special agent of the Virginia Alcoholic Beverage Control Authority appointed under the provisions of Chapter 1 (§ 4.1-100 et seq.) of Title 4.1, (xi) for such period that the Metropolitan Washington Airports Authority voluntarily subjects itself to the provisions of this chapter as provided in § 65.2-305, officer of the police force established and maintained by the Metropolitan Washington Airports Authority, (xii) officer of the police force established and maintained by the Norfolk Airport Authority, (xiii) conservation officer of the Department of Conservation and Recreation commissioned pursuant to § 10.1-115, (xiv) sworn officer of the police force established and maintained by the Virginia Port Authority, ~~or~~ (xv) ~~any~~ campus police officer appointed under Article 3 (§ 23.1-809 et seq.) of Chapter 8 of Title 23.1 and employed by any public institution of higher education, (xvi) *correctional officer as defined in § 53.1-1, or (xvii) full-time sworn member of the enforcement division of the Department of Motor Vehicles* who has a documented occupational exposure to blood or body fluids shall be presumed to be occupational diseases, suffered in the line of government duty, that are covered by this title unless such presumption is overcome by a preponderance of competent evidence to the contrary. For purposes of this section, an occupational exposure occurring on or after July 1, 2002, shall be deemed "documented" if the person covered under this section gave notice, written or otherwise, of the occupational exposure to his employer, and an occupational exposure occurring prior to July 1, 2002, shall be deemed "documented" without regard to whether the person gave notice, written or otherwise, of the occupational exposure to his employer.

B. As used in this section:

"Blood or body fluids" means blood and body fluids containing visible blood and other body fluids to which universal precautions for prevention of occupational transmission of blood-borne pathogens, as established by the Centers for Disease Control, apply. For purposes of potential transmission of hepatitis, meningococcal meningitis, tuberculosis, or HIV the term "blood or body fluids" includes respiratory, salivary, and sinus fluids, including droplets, sputum, saliva, mucus, and any other fluid through which infectious airborne or blood-borne organisms can be transmitted between persons.

"Hepatitis" means hepatitis A, hepatitis B, hepatitis non-A, hepatitis non-B, hepatitis C or any other strain of hepatitis generally recognized by the medical community.

"HIV" means the medically recognized retrovirus known as human immunodeficiency virus, type I or type II, causing immunodeficiency syndrome.

"Occupational exposure," in the case of hepatitis, meningococcal meningitis, tuberculosis or HIV, means an exposure that occurs during the performance of job duties that places a covered employee at risk of infection.

C. Persons covered under this section who test positive for exposure to the enumerated occupational diseases, but have not yet incurred the requisite total or partial disability, shall otherwise be entitled to make a claim for medical benefits pursuant to § 65.2-603, including entitlement to an annual medical examination to measure the progress of the condition, if any, and any other medical treatment, prophylactic or otherwise.

D. Whenever any standard, medically-recognized vaccine or other form of immunization or prophylaxis exists for the prevention of a communicable disease for which a presumption is established under this section, if medically indicated by the given circumstances pursuant to immunization policies established by the Advisory Committee on Immunization Practices of the United States Public Health Service, a person subject to the provisions of this section may be required by such person's employer to undergo the immunization or prophylaxis unless the person's physician determines in writing that the immunization or prophylaxis would pose a significant risk to the person's health. Absent such written declaration, failure or refusal by a person subject to the provisions of this section to undergo such immunization or prophylaxis shall disqualify the person from any presumption established by this section.

E. The presumptions described in subsection A shall only apply if persons entitled to invoke them have, if requested by the appointing authority or governing body employing them, undergone preemployment physical examinations that (i) were conducted prior to the making of any claims under this title that rely on such presumptions, (ii) were performed by physicians whose qualifications are as prescribed by the appointing authority or governing body employing such persons, (iii) included such appropriate laboratory and other diagnostic studies as the appointing authorities or governing bodies may have prescribed, and (iv) found such persons free of hepatitis, meningococcal meningitis, tuberculosis or HIV at the time of such examinations. The presumptions described in subsection A shall not be effective until six months following such examinations, unless such persons entitled to invoke such presumption can demonstrate a documented exposure during the six-month period.

F. Persons making claims under this title who rely on such presumption shall, upon the request of appointing authorities or governing bodies employing such persons, submit to physical examinations (i) conducted by physicians selected by such appointing authorities or governing bodies or their representatives and (ii) consisting of such tests and studies as may reasonably be required by such physicians. However, a qualified physician, selected and compensated by the claimant, may, at the election of such claimant, be present at such examination.

§ 24.2-612. List of offices and candidates filed with Department of Elections and checked for accuracy; when ballots printed; number required.

Immediately after the expiration of the time provided by law for a candidate for any office to qualify to have his name printed on the official ballot and prior to printing the ballots for an election, each general registrar shall forward to the Department of Elections a list of the county, city, or town offices to be filled at the election and the names of all candidates who have filed for each office. In addition, each general registrar shall forward the name of any candidate who failed to qualify with the reason for his disqualification. On that same day, the general registrar shall also provide a copy of the notice to each disqualified candidate. The notice shall be sent by email or regular mail to the address on the candidate's certificate of candidate qualification, and such notice shall be deemed sufficient. The Department of Elections shall promptly advise the general registrar of the accuracy of the list. The failure of any general registrar to send the list to the Department of Elections for verification shall not invalidate any election.

Each general registrar shall have printed the number of ballots he determines will be sufficient to conduct the election. Such determination shall be based on the number of active registered voters and historical election data, including voter turnout, and shall be subject to the approval by the electoral board.

Notwithstanding any other provisions of this title, the Department of Elections may print or otherwise provide one statewide paper ballot style for each paper ballot style in use for presidential and vice-presidential electors for use only by persons eligible to vote for those offices only under § 24.2-402 or only for federal elections under § 24.2-453. Any printer employed by the Department of Elections shall execute the statement required by § 24.2-616. The Department of Elections shall designate a representative to be present at the printing of such ballots and deliver them to the appropriate general registrars pursuant to § 24.2-617. Upon receipt of such paper ballots, the electoral board or the general registrar shall affix the seal of the electoral board. Thereafter, such ballots shall be handled and accounted for, and the votes counted as the Department of Elections shall specifically direct.

The general registrar shall make printed ballots available for absentee voting not later than 45 days prior to any election or within three business days of the receipt of a properly completed absentee ballot application, whichever is later. In the case of a special election, excluding for federal offices, if time is insufficient to meet the applicable deadline established

herein, then the general registrar shall make printed ballots available as soon after the deadline as possible. For the purposes of this chapter, making printed ballots available includes mailing of such ballots or electronic transmission of such ballots pursuant to § 24.2-706 to a ~~qualified absentee voter who is eligible for an absentee ballot under subdivision A 2 of § 24.2-700 covered voter, as defined in § 24.2-452, who has applied for an absentee ballot pursuant to § 24.2-701.~~ Not later than five days after absentee ballots are made available, each general registrar shall report to the Department of Elections, in writing on a form approved by the Department of Elections, whether he has complied with the applicable deadline.

Only the names of candidates for offices to be voted on in a particular election district shall be printed on the ballots for that election district.

The general registrar shall send to the Department of Elections a statement of the number of ballots ordered to be printed, proofs of each printed ballot for verification, and copies of each final ballot. If the Department of Elections finds that, in its opinion, the number of ballots ordered to be printed by any general registrar is not sufficient, it may direct the general registrar to order the printing of a reasonable number of additional ballots.

~~An application that is completed in person at the same time that the applicant registers to vote shall be held and processed no sooner than the fifth day after the date that the applicant registered to vote; however, this requirement shall not be applicable to any person who is qualified to vote absentee under subdivision A 2 of § 24.2-700 covered voter, as defined in § 24.2-452.~~

For the purposes of this chapter, the general registrar's office shall be open a minimum of eight hours between the hours of 8:00 a.m. and 5:00 p.m. on the first and second Saturday immediately preceding all elections.

Unless the applicant is disabled, all applications for absentee ballots shall be signed by the applicant who shall state, subject to felony penalties for making false statements pursuant to § 24.2-1016, that to the best of his knowledge and belief the facts contained in the application are true and correct and that he has not and will not vote in the election at any other place in Virginia or in any other state. If the applicant is unable to sign the application, a person assisting the applicant will note this fact on the applicant signature line and provide his signature, name, and address.

B. Applications for absentee ballots shall be completed in the following manner:

1. An application completed in person shall be completed only in the office of the general registrar and signed by the applicant in the presence of a registrar. The applicant shall provide one of the forms of identification specified in subsection B of § 24.2-643. Any applicant who does not show one of the forms of identification specified in subsection B of § 24.2-643 shall be offered a provisional ballot under the provisions of § 24.2-653.
