Any firearm surrendered to and held by a law-enforcement agency pursuant to subsection C shall be returned by such agency to the person who surrendered the firearm upon the expiration or dissolution of the protective order entered pursuant to § 16.1-279.1 or 19.2-152.10. Such agency shall return the firearm within five days of receiving a written request for the return of the firearm by the person who surrendered the firearm and a copy of the receipt provided to such person by the agency. 3. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 854 of the Acts of Assembly of 2019 requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of \$50,000. Beginning January 1, 2013, employers may file payroll and tax reports, and pay the taxes required by § 60.2-511, annually, in the time, form and manner prescribed by the Commission, if the employment that is the subject of the report of taxes due under this chapter consists exclusively of domestic service in a private home of the employer, as defined in §§ 31.3121 (a)(7)-1, 31.3306 (c)(2)-1, and 31.3401 (a)(3)-1 of the Employment Tax Regulations promulgated pursuant to §§ 3121, 3306, and 3401 of the Internal Revenue Code, as amended. Also, on the basis of such information, the Commission may assess the amount of tax due from such employer and shall give written notice of such determination and assessment to such employer. Such determination and assessment shall be final (i) unless such employer, within 30 days after the mailing to the employer at his last known address or other service of the notice of such determination or assessment, applies to the Commission for a review of such determination and assessment or (ii) unless the Commission, on its own motion, sets aside, reduces or increases the same.

B. If any employer had wages payable for a calendar quarter and fails, without good cause shown, to file any report as required of him under this title with respect to wages or taxes, the Commission shall assess upon the employer a penalty of \$100, which shall be in addition to the taxes due and payable with respect to such report.

Any failure to obey such court order may be punished by the court as contempt.

B. Any person subpoenaed by the Commission who, without just cause, fails or refuses to attend and testify or to answer to any lawful inquiry or to produce books, papers, correspondence, memoranda and other records, when it is within his power to do so, shall be guilty of a Class 1 misdemeanor.

"Short-time compensation" means the unemployment benefits payable to employees in an affected unit under an approved short-time compensation plan, as distinguished from the unemployment benefits otherwise payable under the unemployment compensation provisions of this title.

"Work sharing plan" or "plan" means a plan submitted by an employer to the Commission for approval to participate in the Program.

§ 60.2-712. Application to participate in short-time compensation program.

A. The Commission shall establish and implement a short-time compensation program by January 1, 2021. The Program shall meet the requirements of 22 U.S.C. § 3306(v) and all other applicable federal and state laws.

B. An employer that wishes to participate in the Program shall submit to the Commission a signed, written work sharing plan for approval. The Commission shall develop an application form to request approval of a plan and an approval process. The application shall include:

1. The affected unit covered by the plan, including the number of employees in the unit; the percentage of employees in the affected unit covered by the plan; identification of each individual employee in the affected unit by name, social security number, and the employer's unemployment tax account number; and any other information required by the Commission to identify plan participants.

2. A description of how employees in the affected unit will be notified of the employer's participation in the plan if such application is approved, including how the employer will notify those employees in a collective bargaining unit as well as any employees in the affected unit who are not in a collective bargaining unit. If the employer does not intend to provide advance notice to employees in the affected unit, the employer shall explain in a statement in the application why it is not feasible to provide such notice.

3. A requirement that the employer identify, in the application, the usual weekly hours of work for employees in the affected unit and the specific percentage by which their hours will be reduced during all weeks covered by the plan. The percentage of reduction for which a work sharing plan application may be approved shall be not less than 10 percent and not more than 60 percent. If the plan includes any week for which the employer regularly does not provide work, including incidences due to a holiday or other plant closing, then such week shall be identified in the application.

4. Certification by the employer that, if the employer provides health benefits and retirement benefits to any employee whose usual weekly hours of work are reduced under the Program, such benefits will continue to be provided to employees participating in the Program under the same terms and conditions as though the usual weekly hours of work of such employee had not been reduced or to the same extent as other employees not participating in the Program. For defined benefit retirement plans, the hours that are reduced under the plan shall be credited for purposes of participation, vesting, and accrual of benefits as though the usual weekly hours of work had not been reduced. The dollar amount of employer contributions to a defined contribution plan that are based on a percentage of compensation may be less due to the reduction in the employee's compensation.

5. Certification by the employer that the aggregate reduction in work hours is in lieu of layoffs, whether temporary or permanent layoffs or both. The application shall include an estimate of the number of employees who would have been laid off in the absence of the plan. The employer shall also certify that new employees will not be hired in or transferred to an affected unit for the duration of the plan.

6. Certification by the employer that participation in the plan and its implementation is consistent with the employer's obligations under applicable federal and state laws.

7. Agreement by the employer to (i) furnish reports to the Commission relating to the proper conduct of the plan; (ii) allow the Commission access to all records necessary to approve or disapprove the plan application and, after approval of a plan, monitor and evaluate the plan; and (iii) follow any other directives the Commission deems necessary to implement the plan and that are consistent with the requirements for plan applications.

8. Any other provision added to the application by the Commission that the U.S. Secretary of Labor determines to be appropriate for purposes of a work sharing plan.

§ 60.2-713. Approval and disapproval of plan.

The Commission shall approve or disapprove a work sharing plan in writing within 10 working days of its receipt and promptly communicate the decision to the employer. A decision disapproving the plan shall clearly identify the reasons for the disapproval. If a plan is disapproved, the employer may submit a different work sharing plan for approval.

§ 60.2-714. Effective date, duration, and modification of plan.

A. A work sharing plan shall be effective on the date that is mutually agreed upon by the employer and the Commission, which shall be specified in the notice of approval to the employer. The plan shall expire on the date specified in the notice of approval, which shall be either the date at the end of the twelfth full calendar month after its effective date or an earlier date mutually agreed upon by the employer and the Commission. However, if a work sharing plan is revoked by the Commission under subsection B, the plan shall terminate on the date specified in the Commission's written order of revocation. An employer may terminate a plan at any time upon written notice to the Commission. Upon receipt of such notice from the employer, the Commission shall promptly notify each member of the affected unit of the termination date. An employer may submit a new application to participate in another plan at any time after the expiration or termination date.

B. The Commission may revoke approval of a work sharing plan for good cause at any time, including upon the request of any of the affected unit's employees. The revocation order shall be in writing and shall specify the reasons for the revocation and the date the revocation is effective. The Commission may periodically review the operation of each employer's plan to assure that no good cause exists for revocation of the approval of the plan. Good cause shall include failure to comply with the assurances given in the plan, unreasonable revision of productivity standards for the affected unit, conduct or occurrences tending to defeat the intent and effective operation of the plan, and violation of any criteria on which approval of the plan was based.

C. An employer may request a modification of an approved plan by filing a written request to the Commission. The request shall identify the specific provisions proposed to be modified and provide an explanation of why the proposed modification is appropriate for the plan. The Commission shall approve or disapprove the proposed modification in writing within 10 working days and promptly communicate the decision to the employer. An employer is not required to request

approval of a plan modification from the Commission if the change is not substantial, but the employer shall report every change to the plan to the Commission promptly and in writing.

§ 60.2-715. Eligibility for short-time compensation.

A. An employee is eligible to receive short-time compensation under a work sharing plan with respect to any week only if the employee is monetarily eligible for unemployment compensation, not otherwise disqualified for unemployment compensation, and:

1. During the week, the employee is employed as a member of an affected unit under an approved work sharing plan that was approved prior to that week, and the plan is in effect with respect to the week for which short-time compensation is claimed; and

2. Notwithstanding any other provisions of this title relating to availability for work and actively seeking work, the employee is available for the employee's usual hours of work with the short-time compensation employer, which may include, for purposes of this section, participating in training, including employer-sponsored training or training funded under the federal Workforce Innovation and Opportunity Act of 2014, to enhance job skills that is approved by the Commission.

B. Notwithstanding any other provision of law, an employee covered by a work sharing plan is deemed unemployed in any week during the duration of that plan if the employee's remuneration as an employee in an affected unit is reduced based on a reduction of the employee's usual weekly hours of work under an approved work sharing plan.

C. The short-term compensation program shall not serve as a subsidy of seasonal employment during the off-season, nor as a subsidy of temporary part-time or intermittent employment.

§ 60.2-716. Benefits.

A. The short-time compensation weekly benefit amount shall be the product of the regular weekly unemployment compensation amount for a week of total unemployment multiplied by the percentage of reduction in the individual's usual weekly hours of work.

B. An individual may be eligible for short-time compensation or unemployment compensation, as appropriate, except that (i) no individual shall be eligible for combined benefits in any benefit year in an amount more than the maximum entitlement established for regular unemployment compensation and (ii) no individual shall be paid short-time compensation benefits for more than 26 weeks under a plan.

C. Provisions applicable to unemployment compensation claimants shall apply to short-time compensation claimants to the extent that they are not inconsistent with the Program's provisions. An individual who files an initial claim for short-time compensation benefits shall receive a monetary determination.

D. An employee who is not provided any work during a week by the short-time compensation employer, or any other employer, and who is otherwise eligible for unemployment compensation shall be eligible for the amount of regular unemployment compensation to which he would otherwise be eligible.

E. An employee who is not provided any work by the short-time compensation employer during a week, but who works for another employer and is otherwise eligible, may be paid unemployment compensation for that week subject to the disqualifying income and other provisions applicable to claims for regular compensation.

F. An employee who has received all of the short-time compensation or combined unemployment compensation and short-time compensation available in a benefit year shall be considered an exhaustee for purposes of extended benefits and, if otherwise eligible under those provisions, shall be eligible to receive extended benefits.

2. That the provisions of § 30-19.03:1.2 of the Code of Virginia shall not apply to this act.

3. That the provisions of this act shall expire on January 1, 2021, if the Virginia Employment Commission has not, on or before such date, received adequate funding from the U.S. Department of Labor that covers the costs of information technology upgrades, training, publicity, and marketing that are incurred by the Virginia Employment Commission in connection with establishing the short-time compensation program pursuant to the first enactment of this act.

4. That, if not sooner expired pursuant to the provisions of the third enactment of this act, this act shall expire on July 1, 2022.

CHAPTER 1264

An Act to amend the Code of Virginia by adding a section numbered 56-594.3, relating to electric utility regulation; shared solar programs.

[S 629]

Approved April 22, 2020

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 56-594.3 as follows:

§ 56-594.3. Shared solar programs.

A. As used in this section:

"Applicable bill credit rate" means the dollar-per-kilowatt-hour rate used to calculate the subscriber's bill credit.

"Bill credit" means the monetary value of the electricity, in kilowatt-hours, generated by the shared solar facility allocated to a subscriber to offset that subscriber's electricity bill.

"Low-income customer" means any person or household whose income is no more than 80 percent of the median income of the locality in which the customer resides. The median income of the locality is determined by the U.S. Department of Housing and Urban Development.

"Low-income service organization" means a nonresidential customer of an investor-owned utility whose primary purpose is to serve low-income individuals and households.

"Low-income shared solar facility" means a shared solar facility at least 30 percent of the capacity of which is subscribed by low-income customers or low-income service organizations.

"Minimum bill" means an amount determined by the Commission under subsection D that subscribers are required to, at a minimum, pay on their utility bill each month after accounting for any bill credits.

"Phase II Utility" has the same meaning as provided in subdivision A 1 of § 56-585.1.

"Shared solar facility" means a facility that:

1. Generates electricity by means of a solar photovoltaic device with a nameplate capacity rating that does not exceed 5,000 kilowatts of alternating current;

2. Is located in the service territory of an investor-owned electric utility;

3. Is connected to the electric distribution grid serving the Commonwealth;

4. Has at least three subscribers;

5. Has at least 40 percent of its capacity subscribed by customers with subscriptions of 25 kilowatts or less; and

6. Is located on a single parcel of land.

"Shared solar program" or "program" means the program created through the adoption of rules to allow for the development of shared solar facilities.

"Subscriber" means a retail customer of a utility that (i) owns one or more subscriptions of a shared solar facility that is interconnected with the utility and (ii) receives service in the service territory of the same utility in whose service territory the shared solar facility is located.

"Subscriber organization" means any for-profit or nonprofit entity that owns or operates one or more shared solar facilities. A subscriber organization shall not be considered a utility solely as a result of its ownership or operation of a shared solar facility.

"Subscription" means a contract or other agreement between a subscriber and the owner of a shared solar facility. A subscription shall be sized such that the estimated bill credits do not exceed the subscriber's average annual bill for the customer account to which the subscription is attributed.

"Utility" means a Phase II Utility.

B. The Commission shall establish by regulation a program that affords customers of a Phase II Utility the opportunity to participate in shared solar projects. Under its shared solar program, a utility shall provide a bill credit for the proportional output of a shared solar facility attributable to that subscriber. The shared solar program shall be administered as follows:

1. The value of the bill credit for the subscriber shall be calculated by multiplying the subscriber's portion of the kilowatt-hour electricity production from the shared solar facility by the applicable bill credit rate for the subscriber. Any amount of the bill credit that exceeds the subscriber's monthly bill, minus the minimum bill, shall be carried over and applied to the next month's bill.

2. The utility shall provide bill credits to a shared solar facility's subscribers for not less than 25 years from the date the shared solar facility becomes commercially operational.

3. The subscriber organization shall, on a monthly basis, in a standardized electronic format, and pursuant to guidelines established by the Commission, provide to the utility a subscriber list indicating the kilowatt-hours of generation

attributable to each of the subscribers participating in a shared solar facility in accordance with the subscriber's portion of the output of the shared solar facility.

4. Subscriber lists may be updated monthly to reflect canceling subscribers and to add new subscribers. The utility shall apply bill credits to subscriber bills within two billing cycles following the cycle during which the energy was generated by the shared solar facility.

5. Each utility shall, on a monthly basis and in a standardized electronic format, provide to the subscriber organization a report indicating the total value of bill credits generated by the shared solar facility in the prior month, as well as the amount of the bill credit applied to each subscriber.

6. A subscriber organization may accumulate bill credits in the event that all of the electricity generated by a shared solar facility is not allocated to subscribers in a given month. On an annual basis and pursuant to guidelines established by the Commission, the subscriber organization shall furnish to the utility allocation instructions for distributing excess bill credits to subscribers.

7. All environmental attributes associated with a shared solar facility, including renewable energy certificates, shall be considered property of the subscriber organization. At the subscriber organization's discretion, such environmental attributes may be distributed to the subscribers, sold to load-serving entities with compliance obligations or other buyers, accumulated, or retired.

C. Each subscriber shall pay a minimum bill, established pursuant to subsection D, and shall receive an applicable bill credit based on the subscriber's customer class of residential, commercial, or industrial. Each class's applicable credit rate shall be calculated by the Commission annually by dividing revenues to the class by sales, measured in kilowatt-hours, to that class to yield a bill credit rate for the class (\$/kWh).

D. The Commission shall establish a minimum bill, which shall include the costs of all utility infrastructure and services used to provide electric service and administrative costs of the shared solar program. The Commission may modify the minimum bill over time. In establishing the minimum bill, the Commission shall (i) consider further costs the Commission deems relevant to ensure subscribing customers pay a fair share of the costs of providing electric services and (ii) minimize the costs shifted to customers not in a shared solar program. Low-income customers shall be exempt from the minimum bill.

E. The Commission shall approve a shared solar facility program of 150 megawatts with a minimum requirement of 30 percent low-income customers. The Commission shall approve an additional 50 megawatts of capacity upon determining that at least 45 megawatts of the aggregated shared solar capacity in the Commonwealth have been subscribed to by low-income customers. Subscriber organizations shall be allowed to demonstrate compliance with the low income requirement using either project capacity or project savings methodology. The Commission, in collaboration with the Department of Mines, Minerals and Energy, may adopt mechanisms to ensure low-income customer participation.

F. The Commission shall establish by regulation a shared solar program that complies with the provisions of subsections B, C, D, and E by January 1, 2021, and shall require each utility to file any tariffs, agreements, or forms necessary for implementation of the program within 60 days of the utility's full implementation of a new customer information platform or by July 1, 2023, whichever occurs first. Any rule or utility implementation filings approved by the Commission shall:

1. Reasonably allow for the creation of shared solar facilities;
2. Allow all customer classes to participate in the program;
3. Create a stakeholder working group including low-income community representatives and community solar providers to facilitate low-income customer and low-income service organization participation in the program;
4. Encourage public-private partnerships to further the Commonwealth's clean energy and equity goals, such as state agency and affordable housing provider participation in the program as subscribers of shared solar projects;
5. Not remove a customer from its otherwise applicable customer class in order to participate in a shared solar facility;
6. Reasonably allow for the transferability and portability of subscriptions, including allowing a subscriber to retain a subscription to a shared solar facility if the subscriber moves within the same utility's service territory;
7. Establish standards, fees, and processes for the interconnection of shared solar facilities that allow the utility to recover reasonable interconnection costs for each shared solar facility;
8. Adopt standardized consumer disclosure forms;
9. Allow the utility the opportunity to recover reasonable costs of administering the program;
10. Ensure nondiscriminatory and efficient requirements and utility procedures for interconnecting projects;
11. Address the co-location of two or more shared solar facilities on a single parcel of land and provide guidelines for determining when two or more facilities are co-located;
12. Include a program implementation schedule;
13. Prohibit credit checks as a means of establishing eligibility for residential customers to become subscribers;
14. Require net crediting functionality as part of any new customer information platform approved by the Commission. Under net crediting, the utility shall include the shared solar subscription fee on the customer's utility bill and provide the customer with a net credit equivalent to the total bill credit value for that generation period minus the shared solar subscription fee as set by the subscriber organization. The net crediting fee shall not exceed one percent of the bill credit value. Net crediting shall be optional for subscriber organizations, and any shared solar subscription fees charged via the

net crediting model shall be set to ensure that subscribers do not pay more in subscription fees than they receive in bill credits; and

15. Allow the utility to recover as the cost of purchased power pursuant to § 56-249.6 any difference between the bill credit provided to the subscriber and the cost of energy injected into the grid by the subscriber organization.

G. Within 180 days of finalization of the Commission's adoption of regulations for the shared solar program, a utility shall, provided that the utility has successfully implemented its customer information platform, begin crediting subscriber accounts of each shared solar facility interconnected in its service territory, subject to the requirements of this section and regulations adopted thereto.

CHAPTER 1265

An Act to amend and reenact §§ 24.2-304.1, 30-265, and 53.1-10 of the Code of Virginia and to amend the Code of Virginia by adding in Article 2 of Chapter 3 of Title 24.2 a section numbered 24.2-304.04, by adding in Chapter 3 of Title 24.2 an article numbered 5, consisting of a section numbered 24.2-314, and by adding a section numbered 53.1-5.2, relating to redistricting; congressional and state legislative districts; standards and criteria; population data.

[S 717]

Approved April 22, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 24.2-304.1, 30-265, and 53.1-10 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding in Article 2 of Chapter 3 of Title 24.2 a section numbered 24.2-304.04, by adding in Chapter 3 of Title 24.2 an article numbered 5, consisting of a section numbered 24.2-314, and by adding a section numbered 53.1-5.2 as follows:

§ 24.2-304.04. Standards and criteria for congressional and state legislative districts.

Every congressional and state legislative district shall be constituted so as to adhere to the following criteria:

1. *Districts shall be so constituted as to give, as nearly as is practicable, representation in proportion to the population of the district. A deviation of no more than five percent shall be permitted for state legislative districts.*

2. *Districts shall be drawn in accordance with the requirements of the Constitution of the United States, including the Equal Protection Clause of the Fourteenth Amendment, and the Constitution of Virginia; federal and state laws, including the federal Voting Rights Act of 1965, as amended; and relevant judicial decisions relating to racial and ethnic fairness.*

3. *No district shall be drawn that results in a denial or abridgement of the right of any citizen to vote on account of race or color or membership in a language minority group. No district shall be drawn that results in a denial or abridgement of the rights of any racial or language minority group to participate in the political process and to elect representatives of their choice. A violation of this subdivision is established if, on the basis of the totality of the circumstances, it is shown that districts were drawn in such a way that members of a racial or language minority group are dispersed into districts in which they constitute an ineffective minority of voters or are concentrated into districts where they constitute an excessive majority. The extent to which members of a racial or language minority group have been elected to office in the state or the political subdivision is one circumstance that may be considered. Nothing in this subdivision shall establish a right to have members of a racial or language minority group elected in numbers equal to their proportion in the population.*

4. *Districts shall be drawn to give racial and language minorities an equal opportunity to participate in the political process and shall not dilute or diminish their ability to elect candidates of choice either alone or in coalition with others.*

5. *Districts shall be drawn to preserve communities of interest. For purposes of this subdivision, a "community of interest" means a neighborhood or any geographically defined group of people living in an area who share similar social, cultural, and economic interests. A "community of interest" does not include a community based upon political affiliation or relationship with a political party, elected official, or candidate for office.*

6. *Districts shall be composed of contiguous territory, with no district contiguous only by connections by water running downstream or upriver, and political boundaries may be considered.*

7. *Districts shall be composed of compact territory and shall be drawn employing one or more standard numerical measures of individual and average district compactness, both statewide and district by district.*

8. *A map of districts shall not, when considered on a statewide basis, unduly favor or disfavor any political party.*

9. *The whole number of persons reported in the most recent federal decennial census by the United States Bureau of the Census shall be the basis for determining district populations, except that no person shall be deemed to have gained or lost a residence by reason of conviction and incarceration in a federal, state, or local correctional facility. Persons incarcerated in a federal, state, or local correctional facility shall be counted in the locality of their address at the time of incarceration, and the Division of Legislative Services shall adjust the census data pursuant to § 24.2-314 for this purpose.*

§ 24.2-304.1. At-large and district elections; reapportionment and redistricting of districts or wards; limits.

A. Except as otherwise specifically limited by general law or special act, the governing body of each county, city, or town may provide by ordinance for the election of its members on any of the following bases: (i) at large from the county, city, or town; (ii) from single-member or multi-member districts or wards, or any combination thereof; or (iii) from any

combination of at-large, single-member, and multi-member districts or wards. A change in the basis for electing the members of the governing body shall not constitute a change in the form of county government.

B. If the members are elected from districts or wards and other than entirely at large from the locality, the districts or wards shall be composed of contiguous and compact territory and shall be so constituted as to give, as nearly as is practicable, representation in proportion to the population of the district or ward. In 1971 and every 10 years thereafter, the governing body of each such locality shall reapportion the representation among the districts or wards, including, if the governing body deems it appropriate, increasing or diminishing the number of such districts or wards, in order to give, as nearly as is practicable, representation on the basis of population.

C. For the purposes of redistricting and reapportioning representation in ~~2001~~ 2021 and every 10 years thereafter, the governing body of a county, city, or town shall use the most recent decennial population figures for such county, city, or town from the United States Bureau of the Census, ~~which figures are identical to those from the actual enumeration conducted by the United States Bureau of the Census for the apportionment of representatives in the United States House of Representatives, except that the~~ *as adjusted by the Division of Legislative Services pursuant to § 24.2-314.* The census data for these redistricting and apportionment purposes will not include any population figure that is not allocated to specific census blocks within the Commonwealth, even though that population may have been included in the apportionment population figures of the Commonwealth for the purpose of allocating United States House of Representatives seats among the states. ~~The governing body of any county, city, or town may elect to exclude the adult inmate population of any federal, state, or regional adult correctional facility located in the locality from the population figures used for the purposes of the decennial reapportionment and redistricting. The adult inmate population so excluded shall be based on information provided by the facility as to the adult inmate population at the facility on the date of the decennial census.~~

D. Notwithstanding any other provision of general law or special act, the governing body of a county, city, or town shall not reapportion the representation in the governing body at any time other than that required following the decennial census, except as (i) provided by law upon a change in the boundaries of the county, city, or town that results in an increase or decrease in the population of the county, city, or town of more than one percent, (ii) the result of a court order, (iii) the result of a change in the form of government, or (iv) the result of an increase or decrease in the number of districts or wards other than at-large districts or wards. The foregoing provisions notwithstanding, the governing body subsequent to the decennial redistricting may adjust district or ward boundaries in order that the boundaries might coincide with state legislative or congressional district boundaries; however, no adjustment shall affect more than five percent of the population of a ward or district or 250 persons, whichever is lesser. If districts created by a reapportionment enacted subsequent to a decennial reapportionment are invalid under the provisions of this subsection, the immediately preexisting districts shall remain in force and effect until validly reapportioned in accordance with law.

Article 5.

Population Data.

§ 24.2-314. Population data; reallocation of prison populations.

A. *Persons incarcerated in federal correctional facilities and in state and local correctional facilities, as those terms are defined in § 53.1-1, shall be counted and reallocated for redistricting and reapportionment purposes in accordance with the provisions of this section and the following:*

Any person incarcerated in a federal correctional facility for whom a record is not received by the Division of Legislative Services shall be deemed to have an address at the time of incarceration that cannot be determined.*

This adjusted population data shall be used for purposes of redistricting and reapportionment and shall be the basis for congressional, state Senate, House of Delegates, and local government election districts. This adjusted population data shall not be used in the distribution of any federal or state aid.

E. The Division of Legislative Services shall make the adjusted population data available no later than 30 days following receipt of population data from the United States Bureau of the Census pursuant to P.L. 94-171. In making this data available, the Division of Legislative Services shall ensure no information regarding a specific incarcerated person's address at the time of incarceration is made public.

§ 30-265. Reapportionment of congressional and state legislative districts; United States Census population counts.

For the purposes of redrawing the boundaries of the congressional, state Senate, and House of Delegates districts after the United States Census for the year ~~2000~~ 2020 and every 10 years thereafter, the General Assembly shall use the population data provided by the United States Bureau of the Census ~~identical to those from the actual enumeration conducted by the Bureau for the apportionment of the Representatives of the United States House of Representatives following the United States decennial census, except that the~~ as adjusted by the Division of Legislative Services pursuant to § 24.2-314. B. Pursuant to § 24.2-314, the Board shall provide to the Division of Legislative Services, not later than July 1 of any year in which the decennial census is taken and in a format specified by the Division of Legislative Services, the information specified in subsection A, including the Board-assigned unique identifier.

9. To forward to the Commonwealth's Attorneys' Services Council, updated on a monthly basis, a list of all identified criminal gang members incarcerated in state correctional institutions. The list shall contain identifying information for each criminal gang member, as well as his criminal record;

10. To give notice, to the attorney for the Commonwealth prosecuting a defendant for an offense that occurred in a state correctional facility, of that defendant's known gang membership. The notice shall contain identifying information for each criminal gang member as well as his criminal record;

11. To designate employees of the Department with internal investigations authority to have the same power as a sheriff or a law-enforcement officer in the investigation of allegations of criminal behavior affecting the operations of the Department. Such employees shall be subject to any minimum training standards established by the Department of Criminal Justice Services under § 9.1-102 for law-enforcement officers prior to exercising any law-enforcement power granted under this subdivision. To provide, pursuant to § 24.2-314, to the Division of Legislative Services, not later than July 1 of any year in which the decennial census is taken and in a format specified by the Division of Legislative Services, information regarding each person incarcerated in a state correctional facility on April 1 of that year. Such information shall include, for each person incarcerated, (i) a unique identifier, other than his name or offender identification number, assigned by the Director; (ii) his residential street address at the time of incarceration, or other legal residence, if known; (iii) his race, his ethnicity as identified by him, and whether he is 18 years of age or older; and (iv) the street address of the correctional facility in which he was incarcerated on April 1 of that year.

2. That, notwithstanding the deadlines set forth in §§ 24.2-314 and 53.1-5.2 of the Code of Virginia, as created by this act, and in § 53.1-10 of the Code of Virginia, as amended by this act, the Board of Corrections shall direct the sheriffs of all local jails and the jail superintendents of all regional jails to provide to it the information required pursuant to § 53.1-5.2 of the Code of Virginia, as created by this act, by August 1, 2020; the Department of Corrections and the Board of Corrections shall provide to the Division of Legislative Services the information required pursuant to

§ 24.2-314 of the Code of Virginia, as created by this act, by September 1, 2020; and the Division of Legislative Services shall require each agency operating a federal correctional facility in the Commonwealth to provide to it the information specified in § 24.2-314 of the Code of Virginia, as created by this act, by September 1, 2020.

CHAPTER 1266

An Act to amend and reenact §§ 38.2-2204, 58.1-1734, 58.1-1735, 58.1-1736, 58.1-1738, 58.1-1741, 59.1-207.29, 59.1-207.31, and 59.1-207.32 of the Code of Virginia and to amend the Code of Virginia by adding in Title 46.2 a chapter numbered 14.1, consisting of sections numbered 46.2-1408 through 46.2-1418, relating to peer-to-peer vehicle sharing platforms.

[S 735]

Approved April 22, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 38.2-2204, 58.1-1734, 58.1-1735, 58.1-1736, 58.1-1738, 58.1-1741, 59.1-207.29, 59.1-207.31, and 59.1-207.32 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding in Title 46.2 a chapter numbered 14.1, consisting of sections numbered 46.2-1408 through 46.2-1418, as follows:

§ 38.2-2204. Liability insurance on motor vehicles, aircraft and watercraft; standard provisions; "omnibus clause."

A. No policy or contract of bodily injury or property damage liability insurance, covering liability arising from the ownership, maintenance, or use of any motor vehicle, aircraft, or private pleasure watercraft, shall be issued or delivered in this Commonwealth to the owner of such vehicle, aircraft or watercraft, or shall be issued or delivered by any insurer licensed in this Commonwealth upon any motor vehicle, aircraft, or private pleasure watercraft that is principally garaged, docked, or used in this Commonwealth, unless the policy contains a provision insuring the named insured, and any other person using or responsible for the use of the motor vehicle, aircraft, or private pleasure watercraft with the expressed or implied consent of the named insured, against liability for death or injury sustained, or loss or damage incurred within the coverage of the policy or contract as a result of negligence in the operation or use of such vehicle, aircraft, or watercraft by the named insured or by any such person; however, nothing contained in this section shall be deemed to prohibit an insurer from limiting its liability under any one policy for bodily injury or property damage resulting from any one accident or occurrence to the liability limits for such coverage set forth in the policy for any such accident or occurrence or for any one person, regardless of the number of insureds under that policy. Provided that, when one accident or occurrence involves more than one defendant who is covered by the policy, the plaintiff may recover the per person limit of the policy against each such defendant, subject to the per accident or occurrence limit of the policy. Each such policy or contract of liability insurance, or endorsement to the policy or contract, insuring private passenger automobiles, aircraft, or private pleasure watercraft principally garaged, docked, or used in this Commonwealth, that has as the named insured an individual or husband and wife and that includes, with respect to any liability insurance provided by the policy, contract or endorsement for use of a nonowned automobile, aircraft or private pleasure watercraft, any provision requiring permission or consent of the owner of such automobile, aircraft, or private pleasure watercraft for the insurance to apply, shall be construed to include permission or consent of the custodian in the provision requiring permission or consent of the owner.

B. Notwithstanding any requirements in this section to the contrary, an insurer may exclude any person from coverage under a personal umbrella or excess policy, if the exclusion is requested in writing by the first named insured and is acknowledged in writing by the excluded driver.

C. For aircraft liability insurance, such policy or contract may contain the exclusions listed in § 38.2-2227. Notwithstanding the provisions of this section or any other provisions of law, no policy or contract shall require pilot experience greater than that prescribed by the Federal Aviation Administration, except for pilots operating air taxis, or pilots operating aircraft applying chemicals, seed, or fertilizer.

D. No policy or contract of bodily injury or property damage liability insurance relating to the ownership, maintenance, or use of a motor vehicle shall be issued or delivered in this Commonwealth to the owner of such vehicle or shall be issued or delivered by an insurer licensed in this Commonwealth upon any motor vehicle principally garaged or used in this Commonwealth without an endorsement or provision insuring the named insured, and any other person using or responsible for the use of the motor vehicle with the expressed or implied consent of the named insured, against liability for death or injury sustained, or loss or damage incurred within the coverage of the policy or contract as a result of negligence in the operation or use of the motor vehicle by the named insured or by any other such person; however, nothing contained in this section shall be deemed to prohibit an insurer from limiting its liability under any one policy for bodily injury or property damage resulting from any one accident or occurrence to the liability limits for such coverage set forth in the policy for any such accident or occurrence or for any one person regardless of the number of insureds under that policy. Provided that, when one accident or occurrence involves more than one defendant who is covered by the policy, the plaintiff may recover the per person limit of the policy against each such defendant, subject to the per accident or occurrence limit of the policy. This provision shall apply notwithstanding the failure or refusal of the named insured or such other person to cooperate with the insurer under the terms of the policy. If the failure or refusal to cooperate prejudices the insurer in the defense of an action for damages arising from the operation or use of such insured motor vehicle, then the endorsement or

provision shall be void. If an insurer has actual notice of a motion for judgment or complaint having been served on an insured, the mere failure of the insured to turn the motion or complaint over to the insurer shall not be a defense to the insurer, nor void the endorsement or provision, nor in any way relieve the insurer of its obligations to the insured, provided the insured otherwise cooperates and in no way prejudices the insurer.

Where the insurer has elected to provide a defense to its insured under such circumstances and files responsive pleadings in the name of its insured, the insured shall not be subject to sanctions for failure to comply with discovery pursuant to Part Four of the Rules of the Supreme Court of Virginia unless it can be shown that the suit papers actually reached the insured, and that the insurer has failed after exercising due diligence to locate its insured, and as long as the insurer provides such information in response to discovery as it can without the assistance of the insured.

E. Any endorsement, provision or rider attached to or included in any such policy of insurance which purports or seeks to limit or reduce the coverage afforded by the provisions required by this section shall be void, except an insurer may exclude such coverage as is afforded by this section, where such coverage would inure to the benefit of the United States Government or any agency or subdivision thereof under the provisions of the Federal Tort Claims Act, the Federal Drivers Act and Public Law 86-654 District of Columbia Employee Non-Liability Act, or to the benefit of the Commonwealth under the provisions of the Virginia Tort Claims Act (§ 8.01-195.1 et seq.) and the self-insurance plan established by the Department of General Services pursuant to § 2.2-1837 for any state employee who, in the regular course of his employment, transports patients in his own personal vehicle.

F. An insurer writing a policy of bodily injury or property damage liability motor vehicle insurance, or an endorsement to such policy, may exclude coverage under a motor vehicle policy issued to the owner of a shared vehicle for use of such vehicle on a peer-to-peer vehicle sharing platform during the vehicle sharing period for (i) liability coverage for bodily injury and property damage, (ii) uninsured and underinsured motorist coverage, (iii) medical expense and loss of income benefits coverage, and (iv) collision and other than collision physical damage coverage. Nothing in this article invalidates or limits an exclusion contained in a motor vehicle liability insurance policy, including any insurance policy in use or approved for use, that excludes coverage for motor vehicles used as a public or livery conveyance. For purposes of this subsection, "peer-to-peer vehicle sharing platform," "shared vehicle," and "vehicle sharing period" have the meanings ascribed to those terms in § 46.2-1408.

Chapter 14.1.

Peer-to-Peer Vehicle Sharing.

§ 46.2-1408. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Peer-to-peer vehicle sharing" means the authorized use of a shared vehicle by a shared vehicle driver through a peer-to-peer vehicle sharing platform.

"Peer-to-peer vehicle sharing platform" means an online-enabled application, website, or system that connects vehicle owners with drivers to enable the sharing of peer-to-peer shared vehicles for financial consideration.

"Shared vehicle" means a motor vehicle that has been made available for sharing through a peer-to-peer vehicle sharing platform. "Shared vehicle" does not include a daily rental vehicle as defined in § 58.1-1735.

"Shared vehicle driver" means an individual who has been authorized to operate a shared vehicle by the shared vehicle owner under a vehicle sharing platform agreement.

"Shared vehicle owner" means the registered owner, or a person or entity designated by the registered owner, of a vehicle made available for sharing to shared vehicle drivers through a peer-to-peer vehicle sharing platform.

"Vehicle sharing delivery period" means the period of time beginning when the agent of a peer-to-peer vehicle sharing platform takes custody of the shared vehicle and ending when the shared vehicle arrives at the location agreed upon in the governing vehicle sharing platform agreement.

"Vehicle sharing period" means the period of time that commences with the vehicle sharing delivery period or, if there is no vehicle sharing delivery period, that commences when the vehicle sharing start time occurs and ends at the vehicle sharing termination time.

"Vehicle sharing platform agreement" means the terms and conditions applicable to a shared vehicle owner and a shared vehicle driver that govern the use of a shared vehicle through a peer-to-peer vehicle sharing platform.

"Vehicle sharing start time" means the time when the shared vehicle becomes subject to the control of the shared vehicle driver at or after the sharing of a shared vehicle is scheduled to begin as documented in the records of a peer-to-peer vehicle sharing platform.

"Vehicle sharing termination time" means the earliest of the following events:

1. When the shared vehicle is delivered to the location agreed upon in the vehicle sharing platform agreement on or after the expiration of the agreed-upon period of time established for the use of a shared vehicle according to the terms of the vehicle sharing platform agreement;

2. When the shared vehicle is returned to a location as alternatively agreed upon by the shared vehicle owner and shared vehicle driver within the agreed-upon period of time as communicated through a peer-to-peer vehicle sharing platform; or

3. When the shared vehicle owner, or the shared vehicle owner's authorized designee, takes possession and control of the shared vehicle.

§ 46.2-1409. Peer-to-peer insurance coverage.

A. A peer-to-peer vehicle sharing platform shall ensure that at all times during each vehicle sharing period the shared vehicle owner and the shared vehicle driver are insured under a motor vehicle liability insurance policy that provides uninsured motorist coverage and bodily injury and property damage liability coverage and that provides primary insurance coverage in an amount not less than the applicable financial responsibility limits set forth in this title and in § 38.2-2206 and:

1. Contains written recognition that the shared vehicle insured under the policy is made available and used through a peer-to-peer vehicle sharing platform; or

2. Does not exclude use of a shared vehicle by a shared vehicle driver.

B. A peer-to-peer vehicle sharing platform shall assume primary liability, except as provided in subsection C, of a shared vehicle owner for bodily injury and property damage to third parties and uninsured motorist losses during the vehicle sharing period in an amount stated in the vehicle sharing platform agreement, which amount shall not be less than the applicable financial responsibility limits set forth in this title and in § 38.2-2206.

C. Notwithstanding the definition of vehicle sharing termination time in § 46.2-1408, the assumption of liability under subsection B does not apply to any shared vehicle owner when such shared vehicle owner:

1. Performs an act, practice, or omission that constitutes fraud or makes an intentional misrepresentation of material fact to the peer-to-peer vehicle sharing platform before the vehicle sharing period in which the loss occurred; or

2. Acts in concert with a shared vehicle driver who fails to return the shared vehicle pursuant to the terms of the vehicle sharing platform agreement.

D. The insurance described under subsection A may be satisfied by motor vehicle liability insurance maintained by:

1. A shared vehicle owner;

2. A shared vehicle driver;

3. A peer-to-peer vehicle sharing platform; or

4. Any combination of a shared vehicle owner, a shared vehicle driver, and a peer-to-peer vehicle sharing platform.

E. The peer-to-peer vehicle sharing platform shall assume primary liability for a claim when it is in whole or in part providing the insurance required pursuant to subsections A and D and:

1. A dispute exists as to who was in control of the shared vehicle at the time of the loss; and

2. The peer-to-peer vehicle sharing platform does not have available, did not retain, or fails to provide the information required by § 46.2-1413.

F. The vehicle owner's insurer shall indemnify the peer-to-peer vehicle sharing platform to the extent of its obligation under the applicable insurance policy, if it is determined that the shared vehicle's owner or his designee was in control of the shared vehicle at the time of the loss.

If any insurer providing insurance coverage under subsection D pays a claim that it was not obligated to pay, such insurer shall be entitled to indemnification from the insurer of the party that had the obligation to pay the claim.

G. If insurance maintained by a shared vehicle owner or shared vehicle driver in accordance with subsection D has lapsed, has been canceled, or does not provide the required coverage, the insurer providing the insurance maintained by a peer-to-peer vehicle sharing platform shall provide coverage pursuant to subsection A beginning with the first dollar of a claim and shall have the duty to defend such claim except under circumstances set forth in subsection C.

H. Coverage under a motor vehicle liability insurance policy maintained by the peer-to-peer vehicle sharing platform shall not be dependent on another automobile insurer's first denying a claim, nor shall another motor vehicle insurance policy be required to first deny a claim.

I. Nothing in this chapter:

1. Limits the liability of the peer-to-peer vehicle sharing platform for any act or omission of the peer-to-peer vehicle sharing platform itself that results in injury to any person as a result of the use of a shared vehicle through a peer-to-peer vehicle sharing platform; or

2. Limits the ability of the peer-to-peer vehicle sharing platform to, by contract, seek indemnification from the shared vehicle owner or the shared vehicle driver for economic loss sustained by the peer-to-peer vehicle sharing platform resulting from a breach of the terms and conditions of the vehicle sharing platform agreement.

J. A peer-to-peer vehicle sharing platform shall either provide or offer for sale to the shared vehicle owner or shared vehicle driver collision and other than collision coverage for physical loss to the shared vehicle during the vehicle sharing period. Such coverage shall be in an amount not less than the actual cash value of the shared vehicle.

K. Any insurer providing coverage under subsection D, or an individual who suffers a loss arising from the use of a shared vehicle or the attorney for such insurer or individual, or a personal representative of the estate of a decedent who died as a result of a motor vehicle accident involving a shared vehicle if not represented by counsel, and who provides the peer-to-peer vehicle sharing platform with the date, approximate time, and location of the accident and, if available, the name of the shared vehicle owner and, if available, the accident report, may request in writing from the peer-to-peer vehicle sharing platform the identity of any insurer that may have provided coverage and the limits of liability, regardless of whether the insurer contests the applicability of the policy to the claim, and whether, at the approximate time of the accident, the shared vehicle was in a vehicle sharing period. The peer-to-peer vehicle sharing platform shall respond within 30 days with the requested information if such information is in the peer-to-peer vehicle sharing platform's possession. Any further exchange of information shall be covered pursuant to § 8.01-417.

§ 46.2-1410. Exemption: vicarious liability.

A peer-to-peer vehicle sharing platform and a shared vehicle owner shall be exempt from vicarious liability under any law that imposes liability solely based on vehicle ownership for any offense that occurs during a vehicle sharing period.

§ 46.2-1411. Notification of implications of lien.

At the time when a vehicle owner registers as a shared vehicle owner on a peer-to-peer vehicle sharing platform and prior to when the shared vehicle owner makes a shared vehicle available for vehicle sharing on the peer-to-peer vehicle sharing platform, the peer-to-peer vehicle sharing platform shall notify the shared vehicle owner that, if the shared vehicle has a lien against it, the use of the shared vehicle through a peer-to-peer vehicle sharing platform, including use without physical damage coverage, may violate the terms of the contract with the lienholder.

§ 46.2-1412. Insurable interest.

A. Notwithstanding any provision of law to the contrary, a peer-to-peer vehicle sharing platform shall have an insurable interest in a shared vehicle during the vehicle sharing period.

B. A peer-to-peer vehicle sharing platform may own and maintain as the named insured one or more policies of motor vehicle liability insurance that provides coverage for:

- 1. Liabilities assumed by the peer-to-peer vehicle sharing platform under a vehicle sharing platform agreement;*
- 2. Any liability of the shared vehicle owner;*
- 3. Damage or loss to the shared vehicle; or*
- 4. Any liability of the shared vehicle driver.*

§ 46.2-1413. Recordkeeping: use of vehicle in vehicle sharing.

A peer-to-peer vehicle sharing platform shall collect and verify records pertaining to the use of a shared vehicle, including a record of the identity of the shared vehicle driver, times used, locations established pursuant to the vehicle sharing platform agreement, fees paid by the shared vehicle driver, and revenues received by the shared vehicle owner, and provide such records upon request to the shared vehicle owner, the shared vehicle owner's insurer, or the shared vehicle driver's insurer to facilitate a claim coverage investigation, settlement, negotiation, or litigation. The peer-to-peer vehicle sharing platform shall retain the records for at least five years.

§ 46.2-1414. Consumer protections; disclosures.

Each vehicle sharing platform agreement shall disclose to the shared vehicle owner and the shared vehicle driver:

1. Any right of the peer-to-peer vehicle sharing platform to seek indemnification from the shared vehicle owner or the shared vehicle driver for economic loss sustained by the peer-to-peer vehicle sharing platform resulting from a breach of terms and conditions of the vehicle sharing platform agreement;

2. That a motor vehicle liability insurance policy provided by the peer-to-peer vehicle sharing platform to the shared vehicle owner for the shared vehicle or to the shared vehicle driver does not provide a defense or indemnification for any claim asserted by the peer-to-peer vehicle sharing platform;

3. That the peer-to-peer vehicle sharing platform's insurance coverage on the shared vehicle owner and the shared vehicle driver is in effect only during each vehicle sharing period and that for any use of the shared vehicle by the shared vehicle driver after the vehicle sharing termination time, the shared vehicle driver and the shared vehicle owner may not have insurance coverage;

4. The daily rate, fees, taxes, and, if applicable, any insurance or protection package costs that are charged to the shared vehicle owner or the shared vehicle driver;

5. That the shared vehicle owner's motor vehicle liability insurance may not provide coverage for a shared vehicle;

6. An emergency telephone number to personnel capable of fielding roadside assistance and other customer service inquiries;

7. That any financial responsibility requirements imposed on the shared vehicle driver as a condition of maintaining a driver's license remain in effect during the use of a shared vehicle;

8. That the use of the shared vehicle through a peer-to-peer vehicle sharing platform without physical damage coverage may violate the terms of the contract with the lienholder; and

9. That there may not be physical damage coverage under the shared vehicle owner's policy. However, if the physical damage coverage is purchased from or provided by the peer-to-peer vehicle sharing platform, no such disclosure is required.

§ 46.2-1415. Automobile safety recalls.

A. When a vehicle owner registers as a shared vehicle owner on a peer-to-peer vehicle sharing platform and prior to when the shared vehicle owner makes a shared vehicle available for vehicle sharing on the peer-to-peer vehicle sharing platform, the peer-to-peer vehicle sharing platform shall:

1. Verify that the shared vehicle does not have any safety recalls on the vehicle for which the repairs have not been made; and

2. Notify the shared vehicle owner of the requirements under subsection B.

B. 1. If the shared vehicle owner has received an actual notice of a safety recall on the vehicle, a shared vehicle owner may not make a vehicle available as a shared vehicle on a peer-to-peer vehicle sharing platform until the safety recall repair has been made.

2. If a shared vehicle owner receives an actual notice of a safety recall on a shared vehicle while the shared vehicle is available on the peer-to-peer vehicle sharing platform, the shared vehicle owner shall remove the shared vehicle from the

peer-to-peer vehicle sharing platform as soon as practicably possible after receiving the notice of the safety recall, and such vehicle shall remain off of the peer-to-peer vehicle sharing platform until the safety recall repair has been made.

3. If a shared vehicle owner receives an actual notice of a safety recall during a vehicle sharing period, such owner shall, as soon as practicably possible after receiving the notice of the safety recall, notify the peer-to-peer vehicle sharing platform about the safety recall so that the shared vehicle owner may address the safety recall repair.

§ 46.2-1416. Operation at airports.

No peer-to-peer vehicle sharing platform or shared vehicle owner shall conduct any peer-to-peer vehicle sharing on the property of any airport, unless such operation is authorized by the airport owner or operator and is in compliance with the rules and regulations of that airport. An airport may take action against a peer-to-peer vehicle sharing platform or shared vehicle owner that violates any regulation of an airport owner or operator, including suspension or revocation of the peer-to-peer vehicle sharing platform's authority to operate.

§ 46.2-1417. Responsibility for equipment.

The peer-to-peer vehicle sharing platform shall have sole responsibility for any equipment, such as a global positioning system (GPS), that is installed or placed in or on a shared vehicle to monitor or facilitate peer-to-peer vehicle sharing and shall agree to indemnify and hold harmless the shared vehicle owner for any damage to or theft of such system or equipment during a vehicle sharing period not caused by the shared vehicle owner. The peer-to-peer vehicle sharing platform has the right to seek indemnity from the shared vehicle driver for any loss or damage to such system or equipment that occurs during the vehicle sharing period.

§ 46.2-1418. No limitation on other authority.

The requirements imposed on shared vehicle owners and peer-to-peer vehicle sharing platforms shall not limit any other state or local taxing, zoning, or other regulatory authority from applying any measure applicable to any other business on a shared vehicle owner or peer-to-peer vehicle sharing platform.

Article 9.

Virginia Motor Vehicle Rental and Peer-to-Peer Vehicle Sharing Tax.

§ 58.1-1734. Title.

This article shall be known and may be cited as the "Virginia Motor Vehicle Rental and Peer-to-Peer Vehicle Sharing Tax Act."

§ 58.1-1735. Definitions.

The definitions in § 46.2-1408 shall apply, *mutatis mutandis*, to this article.

As used in this article, unless the context requires a different meaning:

"Daily rental vehicle" means a motor vehicle, except a motoreycle or a manufactured home as defined in § 46.2-100, used for rental as defined in this section and for the transportation of persons or property, whether on its own structure or by drawing another vehicle or vehicles, except (i) a motoreycle or a manufactured home as defined in § 46.2-100 or (ii) a shared vehicle as defined in § 46.2-1408.

"Gross proceeds" means the charges made or voluntary contributions received for the rental or peer-to-peer vehicle sharing of a motor vehicle where the rental or lease, or vehicle sharing platform agreement is for a period of less than 12 months. The term "gross proceeds" shall not include:

1. Cash discounts allowed and actually taken on a rental contract;
2. Finance charges, carrying charges, service charges, or interest from credit given on a rental contract;
3. Charges for motor fuels;
4. Charges for optional accidental death insurance;
5. Taxes or fees levied or imposed pursuant to Chapter 24 (§ 58.1-2400 et seq.);
6. Any violations, citations, or fines and related penalties and fees;
7. Delivery charges, pickup charges, recovery charges, or drop charges;
8. Pass-through charges;
9. Transportation charges;
10. Third-party service charges; or
11. Refueling surcharges.

"Mobile office" means an industrialized building unit not subject to federal regulation, which may be constructed on a chassis for the purpose of towing to the point of use and designed to be used with or without a permanent foundation, for commercial use and not for residential use; or two or more such units separately towable but designed to be joined together at the point of use to form a single commercial structure, and which may be designed for removal to, and installation or erection on, other sites.

"Motor vehicle" means every vehicle, except for a mobile office as herein defined, that is self-propelled or designed for self-propulsion and every vehicle drawn by or designed to be drawn by a motor vehicle, including manufactured homes as defined in § 46.2-100 and every device in, upon, and by which any person or property is, or can be, transported or drawn upon a highway, but excepting devices moved by human or animal power, devices used exclusively upon stationary rails or tracks, and vehicles, other than manufactured homes, used in the Commonwealth but not required to be licensed by the Commonwealth.

"Rental" means the transfer of the possession or use of a motor vehicle, whether or not the motor vehicle is required to be licensed by the Commonwealth, by a person for a consideration, without the transfer of the ownership of such motor

vehicle, for a period of less than 12 months. Any fee arrangement between the holder of a permit issued by the Department of Motor Vehicles for taxicab services and the driver or drivers of such taxicabs shall not be deemed a rental under this section. Any fee arrangement between a licensed driver training school and a student in that school, whereby the student may use a vehicle owned or leased by the school to perform a road skills test administered by the Department of Motor Vehicles, shall not be deemed a rental under this section.

"Rental in the Commonwealth" means any rental where a person received delivery of a motor vehicle within the Commonwealth. The term "Commonwealth" shall include all land or interest in land within the Commonwealth owned by or conveyed to the United States of America.

"Rentor" means a person engaged in the rental of motor vehicles for consideration as defined in this section.

§ 58.1-1736. Levy.

A. There is hereby levied, in addition to all other taxes and fees of every kind now imposed by law, a tax upon the rental of a motor vehicle in Virginia, without regard to whether such vehicle is required to be licensed by the Commonwealth. However, such tax shall not be levied upon a rental to a person for re-rental as an established business or part of an established business, or incidental or germane to such business.

The amount of the tax to be collected shall be determined by the Tax Commissioner by the application of the following rates against the gross proceeds:

1. Four percent of the gross proceeds from the rental in Virginia of any motor vehicle, except those with a gross vehicle weight rating or gross combination weight rating of 26,001 pounds or more.

2. In addition to the tax levied pursuant to subdivision A 1, a tax of four percent of the gross proceeds shall be levied on the rental in Virginia of any daily rental vehicle, whether or not such vehicle is required to be licensed in the Commonwealth.

3. In addition to all other applicable taxes and fees, a fee of two percent of the gross proceeds shall be imposed on the rental in Virginia of any daily rental vehicle, whether or not such vehicle is required to be licensed in the Commonwealth. For purposes of this article, the rental fee shall be implemented, enforced, and collected in the same manner that rental taxes are implemented, enforced, and collected.

B. A motor vehicle subject to the tax imposed under subdivision A 1 of this section shall be subject to the tax under subdivision A 1 or A 2 of § 58.1-2402 when it ceases to be used for rental as an established business or part of an established business, or incidental or germane to such business.

C. Any motor vehicle, trailer, or semitrailer exempt from this tax under subdivision 1 or 2 of § 58.1-1737 shall be subject to the tax when such vehicle is no longer rented by the United States government or any governmental agency thereof, or the Commonwealth of Virginia or any political subdivision thereof, unless at such time the vehicle is sold or its ownership is otherwise transferred, in which case the tax imposed by § 58.1-2402 shall apply, subject to the exemptions provided for in § 58.1-2403.

D. There is hereby levied a tax upon peer-to-peer vehicle sharing, without regard to whether a shared vehicle is required to be licensed by the Commonwealth.

1. Beginning July 1, 2020, and ending July 1, 2021, in lieu of the tax levied under subsection A, if a shared vehicle owner registers no more than 10 different shared vehicles on any combination of peer-to-peer vehicle sharing platforms at any one time, the tax shall be imposed at a rate of six and one-half percent on the gross proceeds paid by the shared vehicle driver for the peer-to-peer vehicle sharing in the Commonwealth of any shared vehicle.

2. Beginning July 1, 2021, and thereafter, in lieu of the tax levied under subsection A, if a shared vehicle owner registers no more than 10 different shared vehicles on any combination of peer-to-peer vehicle sharing platforms at any one time, the tax shall be imposed at a rate of seven percent on the gross proceeds paid by the shared vehicle driver for the peer-to-peer vehicle sharing in the Commonwealth of any shared vehicle.

3. However, if, and for so long as, a shared vehicle owner registers more than 10 different vehicles on any combination of peer-to-peer vehicle sharing platforms at any one time, the taxes levied on the gross proceeds paid by the shared vehicle driver shall be the same taxes imposed and collected on the rental of a motor vehicle and a daily rental vehicle pursuant to subdivisions A 1, 2, and 3.

E. A peer-to-peer vehicle sharing platform shall require all shared vehicle owners to certify to the peer-to-peer vehicle sharing platform whether the shared vehicle owner or any affiliate or subsidiary has registered more than 10 different shared vehicles on any combination of platforms at any one time. A shared vehicle owner is under a continuing obligation to immediately notify all platforms upon which he has vehicles registered, if the registration of a shared vehicle on a platform by the shared vehicle owner will cause the shared vehicle owner to exceed 10 or more different shared vehicles registered on any combination of peer-to-peer vehicle sharing platforms at any one time. Such notification shall occur prior to sharing any additional shared vehicles on any platform, not including those already subject to a vehicle sharing platform agreement at the time the additional vehicle is registered with the platform by the shared vehicle owner. Failure by the shared vehicle owner to immediately notify any platform shall subject the shared vehicle owner to payment of the taxes due and applicable penalties. Any affirmation or notification by the shared vehicle owner of such certifications shall require the peer-to-peer vehicle sharing platform to collect the taxes pursuant to subsection A.

§ 58.1-1738. Administration of the tax.

A. The tax on the rental of a motor vehicle pursuant to subsection A of § 58.1-1736 shall be paid by the person renting such motor vehicle, collected by the rentor of such motor vehicle, and remitted to the Tax Commissioner on or before the

twentieth day of the month following the month in which the gross proceeds from such rental were due. All of the responsibilities imposed on dealers in Chapter 6 (§ 58.1-600 et seq.) shall apply to renters for purposes of this article, except the provision in subsection A of § 58.1-615 requiring a sales or use tax return to be filed when the dealer is not liable to remit to the Tax Commissioner any tax for the period covered by the return. § 58.1-1741. Disposition of revenues.

A. After the direct costs of administering this article are recovered by the Department of Taxation, the remaining revenues collected hereunder by the Tax Commissioner shall be forthwith paid into the state treasury. Except as otherwise provided in this section, these funds shall constitute special funds within the Commonwealth Transportation Fund. Any balances remaining in these funds at the end of the year shall be available for use in subsequent years for the purposes set forth in this article, and any interest income on such funds shall accrue to these funds. The revenue so derived, after refunds have been deducted, is hereby allocated for the construction, reconstruction, and maintenance of highways and the regulation of traffic thereon and for no other purpose.

B. However, (i) all funds collected from the additional tax imposed by subdivision A 2 of § 58.1-1736 on the rental of daily rental vehicles and, beginning July 1, 2020, and ending July 1, 2021, an amount equal to a two and one-half percent tax on peer-to-peer vehicle sharing pursuant to subsection D of § 58.1-1736 and, beginning July 1, 2021, and thereafter, an amount equal to a three percent tax on peer-to-peer vehicle sharing pursuant to subsection D of § 58.1-1736 shall be distributed quarterly to the county, city, or town wherein such vehicle was delivered to the rentee or the shared vehicle driver; (ii) except as provided in clause (iii), an amount equivalent to the net additional revenues from the motor vehicle rental tax generated by enactments of the 1986 Special Session of the Virginia General Assembly which amended §§ 46.2-694, 46.2-697, and by § 58.1-1735, 58.1-1736 and this section, shall be distributed to and paid into the Transportation Trust Fund established pursuant to § 33.2-1524, a special fund within the Commonwealth Transportation Fund, and are hereby appropriated to the Commonwealth Transportation Board for transportation needs; (iii) all moneys collected from the tax on the gross proceeds from the rental in Virginia of any motor vehicle pursuant to subdivision A 1 of § 58.1-1736 at the tax rate in effect on December 31, 1986, and an amount equal to a four percent tax on the gross proceeds on peer-to-peer vehicle sharing pursuant to subsection D of § 58.1-1736 shall be paid by the Tax Commissioner into the state treasury and two-thirds of which shall be paid into the Rail Enhancement Fund established by § 33.2-1601 and one-third of which shall be deposited into the Washington Metropolitan Area Transit Authority Capital Fund pursuant to § 33.2-3401; and (iv) all additional revenues resulting from the fee imposed under subdivision A 3 of § 58.1-1736 shall be used to pay the debt service on the bonds issued by the Virginia Public Building Authority for the Statewide Agencies Radio System (STARS) for the Department of State Police pursuant to the authority granted by the 2004 Session of the General Assembly.

The provisions of this chapter apply solely to the collision damage waiver portion of the rental agreement or vehicle sharing platform agreement. The definitions in § 46.2-1408 apply, mutatis mutandis, to this section.

NOTICE: THIS CONTRACT OFFERS, FOR AN ADDITIONAL CHARGE, A COLLISION DAMAGE WAIVER TO COVER YOUR RESPONSIBILITY FOR DAMAGE TO THE VEHICLE. BEFORE DECIDING WHETHER TO

PURCHASE THE COLLISION DAMAGE WAIVER, YOU MAY WISH TO DETERMINE WHETHER YOUR OWN VEHICLE INSURANCE AFFORDS YOU COVERAGE FOR DAMAGE TO THE RENTAL VEHICLE AND THE AMOUNT OF THE DEDUCTIBLE UNDER YOUR OWN INSURANCE COVERAGE. THE PURCHASE OF THIS COLLISION DAMAGE WAIVER IS NOT MANDATORY AND MAY BE WAIVED.

B. C. Such notice shall be made on the face of the rental agreement *or vehicle sharing platform agreement* either by stamp, label, or as part of the written contract, shall be set apart in boldface type and in no smaller print than ~~ten-point~~ *10-point* type, and shall include a space for the lessee *or shared vehicle driver, as defined in § 46.2-1408*, to acknowledge his receipt of the notice.

No collision damage waiver subject to this chapter shall contain an exclusion from the waiver for damages caused by the ordinary negligence of the lessee *or shared vehicle driver, as defined in § 46.2-1408*. Any such exclusion in violation of this section shall be void. This section shall not be deemed to prohibit an exclusion from the waiver for damages caused intentionally by the lessee *or shared vehicle driver* or as a result of his willful or wanton misconduct or gross negligence, driving while intoxicated or under the influence of any drug or alcohol, or damages caused while engaging in any speed contest.

2. That the Department of Taxation may develop guidelines to implement the provisions of this act. Such guidelines shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq. of the Code of Virginia).

CHAPTER 1267

An Act to amend and reenact §§ 37.2-808 and 37.2-1104 of the Code of Virginia, relating to temporary detention for observation and treatment.

[S 738]

Approved April 22, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 37.2-808 and 37.2-1104 of the Code of Virginia are amended and reenacted as follows:

§ 37.2-808. Emergency custody; issuance and execution of order.

A. Any magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion, an emergency custody order when he has probable cause to believe that any person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, (ii) is in need of hospitalization or treatment, and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. Any emergency custody order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

When considering whether there is probable cause to issue an emergency custody order, the magistrate may, in addition to the petition, consider (1) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (2) any past actions of the person, (3) any past mental health treatment of the person, (4) any relevant hearsay evidence, (5) any medical records available, (6) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (7) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue an emergency custody order.

B. Any person for whom an emergency custody order is issued shall be taken into custody and transported to a convenient location to be evaluated to determine whether the person meets the criteria for temporary detention pursuant to § 37.2-809 and to assess the need for hospitalization or treatment. The evaluation shall be made by a person designated by the community services board who is skilled in the diagnosis and treatment of mental illness and who has completed a certification program approved by the Department.

C. The magistrate issuing an emergency custody order shall specify the primary law-enforcement agency and jurisdiction to execute the emergency custody order and provide transportation. However, the magistrate shall consider any request to authorize transportation by an alternative transportation provider in accordance with this section, whenever an alternative transportation provider is identified to the magistrate, which may be a person, facility, or agency, including a family member or friend of the person who is the subject of the order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner, upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the person's treating physician, if any; or other persons who are available and have knowledge of the person, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to

provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified primary law-enforcement agency to execute the order, to take the person into custody, and to transfer custody of the person to the alternative transportation provider identified in the order. In such cases, a copy of the emergency custody order shall accompany the person being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the community services board or its designee responsible for conducting the evaluation. The community services board or its designee conducting the evaluation shall return a copy of the emergency custody order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

Transportation under this section shall include transportation to a medical facility as may be necessary to obtain emergency medical evaluation or treatment that shall be conducted immediately in accordance with state and federal law. Transportation under this section shall include transportation to a medical facility for a medical evaluation if a physician at the hospital in which the person subject to the emergency custody order may be detained requires a medical evaluation prior to admission.

D. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall order the primary law-enforcement agency from the jurisdiction served by the community services board that designated the person to perform the evaluation required in subsection B to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. If the community services board serves more than one jurisdiction, the magistrate shall designate the primary law-enforcement agency from the particular jurisdiction within the community services board's service area where the person who is the subject of the emergency custody order was taken into custody or, if the person has not yet been taken into custody, the primary law-enforcement agency from the jurisdiction where the person is presently located to execute the order and provide transportation.

E. The law-enforcement agency or alternative transportation provider providing transportation pursuant to this section may transfer custody of the person to the facility or location to which the person is transported for the evaluation required in subsection B, G, or H if the facility or location (i) is licensed to provide the level of security necessary to protect both the person and others from harm, (ii) is actually capable of providing the level of security necessary to protect the person and others from harm, and (iii) in cases in which transportation is provided by a law-enforcement agency, has entered into an agreement or memorandum of understanding with the law-enforcement agency setting forth the terms and conditions under which it will accept a transfer of custody, provided, however, that the facility or location may not require the law-enforcement agency to pay any fees or costs for the transfer of custody.

F. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing an emergency custody order pursuant to this section.

G. A law-enforcement officer who, based upon his observation or the reliable reports of others, has probable cause to believe that a person meets the criteria for emergency custody as stated in this section may take that person into custody and transport that person to an appropriate location to assess the need for hospitalization or treatment without prior authorization. A law-enforcement officer who takes a person into custody pursuant to this subsection or subsection H may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of obtaining the assessment. Such evaluation shall be conducted immediately. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the person into custody.

H. A law-enforcement officer who is transporting a person who has voluntarily consented to be transported to a facility for the purpose of assessment or evaluation and who is beyond the territorial limits of the county, city, or town in which he serves may take such person into custody and transport him to an appropriate location to assess the need for hospitalization or treatment without prior authorization when the law-enforcement officer determines (i) that the person has revoked consent to be transported to a facility for the purpose of assessment or evaluation, and (ii) based upon his observations, that probable cause exists to believe that the person meets the criteria for emergency custody as stated in this section. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the person into custody.

I. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a person in his custody as provided in this section.

J. A representative of the primary law-enforcement agency specified to execute an emergency custody order or a representative of the law-enforcement agency employing a law-enforcement officer who takes a person into custody pursuant to subsection G or H shall notify the community services board responsible for conducting the evaluation required in subsection B, G, or H as soon as practicable after execution of the emergency custody order or after the person has been taken into custody pursuant to subsection G or H.

K. The person shall remain in custody until (i) a temporary detention order is issued *in accordance with § 37.2-809*, ~~until~~ (ii) *an order for temporary detention for observation, testing, or treatment is entered in accordance with § 37.2-1104, ending law enforcement custody*, (iii) the person is released, or ~~until~~ (iv) the emergency custody order expires. An emergency custody order shall be valid for a period not to exceed eight hours from the time of execution.

L. Nothing in this section shall preclude the issuance of an order for temporary detention for testing, observation, or treatment pursuant to § 37.2-1104 for a person who is also the subject of an emergency custody order issued pursuant to this

section. In any case in which an order for temporary detention for testing, observation, or treatment is issued for a person who is also the subject of an emergency custody order, the person may be detained by a hospital emergency room or other appropriate facility for testing, observation, and treatment for a period not to exceed 24 hours, unless extended by the court as part of an order pursuant to § 37.2-1101, in accordance with subsection A C of § 37.2-1104. Upon completion of testing, observation, or treatment pursuant to § 37.2-1104, the hospital emergency room or other appropriate facility in which the person is detained shall notify the nearest community services board, and the designee of the community services board shall, as soon as is practicable and prior to the expiration of the order for temporary detention issued pursuant to § 37.2-1104, conduct an evaluation of the person to determine if he meets the criteria for temporary detention pursuant to § 37.2-809.

M. Any person taken into emergency custody pursuant to this section shall be given a written summary of the emergency custody procedures and the statutory protections associated with those procedures.

N. If an emergency custody order is not executed within eight hours of its issuance, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if such office is not open, to any magistrate serving the jurisdiction of the issuing court.

O. In addition to the eight-hour period of emergency custody set forth in subsection G, H, or K, if the individual is detained in a state facility pursuant to subsection E of § 37.2-809, the state facility and an employee or designee of the community services board as defined in § 37.2-809 may, for an additional four hours, continue to attempt to identify an alternative facility that is able and willing to provide temporary detention and appropriate care to the individual.

P. Payments shall be made pursuant to § 37.2-804 to licensed health care providers for medical screening and assessment services provided to persons with mental illnesses while in emergency custody.

Q. No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.

§ 37.2-1104. Temporary detention in hospital for testing, observation, or treatment.

A. Upon the advice of a licensed physician who has attempted to obtain consent and upon a finding of probable cause to believe that an adult person within the court's jurisdiction is incapable of making an informed decision regarding treatment of a physical or mental condition or is incapable of communicating such a decision due to a physical or mental condition and that the medical standard of care calls for testing, observation, or treatment within the next 24 hours to prevent death or disability, or to treat an emergency medical condition that requires immediate action to avoid harm, injury, or death, ~~the~~ *As used in this section, "mental or physical condition" includes intoxication.*

~~B. The court or, if the court is unavailable, a magistrate serving the jurisdiction where the respondent is located may, with the advice of a licensed physician who has attempted to obtain informed consent of an adult person to treatment of a mental or physical condition, issue an order authorizing temporary detention of the adult person by in a hospital emergency room department or other appropriate facility and authorizing such for testing, observation, or treatment upon a finding that~~ *(i) probable cause exists to believe the person is incapable of making or communicating an informed decision regarding treatment of a physical or mental condition due to a mental or physical condition and (ii) the medical standard of care calls for observation, testing, or treatment within the next 24 hours to prevent injury, disability, death, or other harm to the person resulting from such mental or physical condition.*

~~C. The duration of temporary detention may pursuant to this section shall not be for a period exceeding exceed~~ 24 hours, unless extended by the court as part of an order authorizing treatment under § 37.2-1101. If, before completion of authorized testing, observation, or treatment, the physician determines that a person subject to an order under this subsection has become capable of making and communicating an informed decision, the physician shall rely on the person's decision on whether to consent to further testing, observation, or treatment. If, before issuance of an order under this subsection or during its period of effectiveness, the physician learns of an objection by a member of the person's immediate family to the testing, observation, or treatment, he shall so notify the court or magistrate, who shall consider the objection in determining whether to issue, modify, or terminate the order.

~~B. D.~~ A court or, if the court is unavailable, a magistrate serving the jurisdiction may issue an order authorizing temporary detention for testing, observation, or treatment for a person who is also the subject of an emergency custody order issued pursuant to § 37.2-808, if such person meets the criteria set forth in subsection A B. Such governing body shall establish precinct boundaries to be consistent with any subsequent changes to the congressional districts, Senate districts, House of Delegates districts, or local election districts. If a governing body is unable to establish a precinct with the minimum number of registered voters without splitting the precinct between two or more congressional districts, Senate districts, House of Delegates districts, or local election districts, it shall apply to the State Board for a waiver to administer a split precinct. The State Board may grant the waiver or direct the governing body to establish a precinct with fewer than the minimum number of registered voters as permitted by § 24.2-309. A governing body granted a waiver to administer a split precinct or directed to establish a precinct with fewer than the minimum number of registered voters may use such a precinct for any election held that year.*

The governing body shall establish by ordinance one polling place for each precinct.

[S 762]

Approved April 22, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-3660 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding in Article 2 of Chapter 26 of Title 58.1 a section numbered 58.1-2636 as follows:

§ 58.1-2636. Revenue share for solar energy projects.

A. Any locality may by ordinance assess a revenue share of up to \$1,400 per megawatt, as measured in alternating current (AC) generation capacity of the nameplate capacity of the facility based on submissions by the facility owner to the interconnecting utility, on any solar photovoltaic (electric energy) project.

B. For purposes of this section, "solar photovoltaic (electric energy) project" shall not include any project that is (i) described in § 56-594, 56-594.01, or 56-594.2 or Chapters 358 and 382 of the Acts of Assembly of 2013, as amended; (ii) 20 megawatts or less, as measured in alternating current (AC) generation capacity, for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or before December 31, 2018; or (iii) five megawatts or less.

§ 58.1-3660. Certified pollution control equipment and facilities.

A. Certified pollution control equipment and facilities, as defined herein, are hereby declared to be a separate class of property and shall constitute a classification for local taxation separate from other such classification of real or personal property and such property. Certified pollution control equipment and facilities shall be exempt from state and local taxation pursuant to Article X, Section 6 (d) of the Constitution of Virginia.

B. As used in this section:

"Certified pollution control equipment and facilities" shall mean any property, including real or personal property, equipment, facilities, or devices, used primarily for the purpose of abating or preventing pollution of the atmosphere or waters of the Commonwealth and which the state certifying authority having jurisdiction with respect to such property has certified to the Department of Taxation as having been constructed, reconstructed, erected, or acquired in conformity with the state program or requirements for abatement or control of water or atmospheric pollution or contamination. Such property shall include, but is not limited to, any equipment used to grind, chip, or mulch trees, tree stumps, underbrush, and

other vegetative cover for reuse as mulch, compost, landfill gas, synthetic or natural gas recovered from waste or other fuel, and equipment used in collecting, processing, and distributing, or generating electricity from, landfill gas or synthetic or natural gas recovered from waste, whether or not such property has been certified to the Department of Taxation by a state certifying authority. Such property shall also include solar energy equipment, facilities, or devices owned or operated by a business that collect, generate, transfer, or store thermal or electric energy whether or not such property has been certified to the Department of Taxation by a state certifying authority.

C. For solar photovoltaic (electric energy) systems, this exemption applies only to (i) projects equaling 20 megawatts or less, as measured in alternating current (AC) generation capacity, for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or before December 31, 2018; (ii) projects equaling 20 megawatts or less, as measured in alternating current (AC) generation capacity, that serve any of the public institutions of higher education listed in § 23.1-100 or any private college as defined in § 23.1-105; (iii) 80 percent of the assessed value of projects for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization (a) between January 1, 2015, and June 30, 2018, for projects greater than 20 megawatts or (b) on or after July 1, 2018, for projects greater than 20 megawatts and less than 150 megawatts, as measured in alternating current (AC) generation capacity, and that are first in service on or after January 1, 2017; (iv) projects equaling five megawatts or less, as measured in alternating current (AC) generation capacity, for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or after January 1, 2019; and (v) 80 percent of the assessed value of all other projects equaling more than five megawatts and less than 150 megawatts, as measured in alternating current (AC) generation capacity for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or after January 1, 2019.

The D. The exemption for solar photovoltaic (electric energy) projects greater than five megawatts, as measured in alternating current (AC) generation capacity, shall not apply to any such project unless an application has been filed with the locality for the project before July 1, 2030, regardless of whether a locality assesses a revenue share on such project pursuant to the provisions of § 58.1-2636. If a locality adopts an energy revenue share ordinance under § 58.1-2636, the exemption for solar photovoltaic (electric energy) projects greater than ~~20~~ five megawatts, as measured in alternating current (AC) generation capacity, shall not apply to projects upon which construction begins after January 1, 2024 be 100 percent of the assessed value. If a locality does not adopt an energy revenue share ordinance under § 58.1-2636, the exemption for solar photovoltaic (electric energy) projects greater than five megawatts, as measured in alternating current (AC) generation capacity, for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization, shall be 80 percent of the assessed value when an application has been filed with the locality prior to July 1, 2030. For purposes of this subsection, "application has been filed with the locality" means an applicant has filed an application for a zoning confirmation from the locality for a by-right use, or an application for land use approval under the locality's zoning ordinance to include an application for a conditional use permit, special use permit, special exception, or other application as set out in the locality's zoning ordinance.

E. For pollution control equipment and facilities certified by the Virginia Department of Health, this exemption applies only to onsite sewage systems that serve 10 or more households, use nitrogen-reducing processes and technology, and are constructed, wholly or partially, with public funds. All such property as described in this definition shall not include the land on which such equipment or facilities are located.

"State certifying authority" shall mean the State Water Control Board or the Virginia Department of Health, for water pollution; the State Air Pollution Control Board, for air pollution; the Department of Mines, Minerals and Energy, for solar energy projects and for coal, oil, and gas production, including gas, natural gas, and coalbed methane gas; and the Virginia Waste Management Board, for waste disposal facilities, natural gas recovered from waste facilities, and landfill gas production facilities, and shall include any interstate agency authorized to act in place of a certifying authority of the Commonwealth.

2. That no revenue share established pursuant to this act shall retroactively apply to any solar photovoltaic (electric energy) project for which an application was filed with the locality on or before July 1, 2020, unless (i) the locality and the applicant or owner agree to revise any existing voluntary payment agreement, or enter into any new voluntary payment agreement, under which the applicant or owner agree to voluntarily waive a portion of the exemption from machinery and tools tax as provided in § 58.1-3660 of the Code of Virginia, as amended by this act, and (ii) the locality and the applicant or owner agree to substitute the amount of such voluntary payment for a similar amount of a solar energy revenue share authorized by § 58.1-2636 of the Code of Virginia, as created by this act. However, nothing in this act shall preclude an applicant or owner of a solar photovoltaic (electric energy) project previously approved by a locality from entering into a written agreement to submit such project to a local ordinance that requires a solar energy revenue share to be paid as authorized by § 58.1-2636 of the Code of Virginia, as created by this act.

Any intermediate care facility for individuals with developmental disabilities other than an immediate care facility established for individuals with intellectual disability (ICF/IID) that has not more than 12 beds and is in an area identified as in need of residential services for individuals with intellectual disability in any plan of the Department of Behavioral Health and Developmental Services; and

6. Any specialized center or clinic or that portion of a physician's office developed for the provision of outpatient or ambulatory surgery, cardiac catheterization, computed tomographic (CT) scanning, magnetic resonance imaging (MRI),

positron emission tomographic (PET) scanning, radiation therapy, stereotactic radiotherapy other than radiotherapy performed using a linear accelerator or other medical equipment that uses concentrated doses of high-energy X-rays to perform external beam radiation therapy, or proton beam therapy.

B. The following actions undertaken by or on behalf of a medical care facility described in subsection A shall constitute a project for which a certificate of public need is required pursuant to subsection A of § 32.1-102.1:2:

1. Establishment of a medical care facility described in subsection A;
2. An increase in the total number of beds or operating rooms in an existing medical care facility described in subsection A;
3. Relocation of beds from an existing medical care facility described in subsection A to another existing medical care facility described in subsection A;
4. Addition of any new nursing home service at an existing medical care facility described in subsection A;
5. Introduction into an existing medical care facility described in subsection A of any cardiac catheterization, computed tomographic (CT) scanning, magnetic resonance imaging (MRI), medical rehabilitation, neonatal special care, open heart surgery, positron emission tomographic (PET) scanning, psychiatric, organ or tissue transplant service, radiation therapy, stereotactic radiotherapy other than radiotherapy performed using a linear accelerator or other medical equipment that uses concentrated doses of high-energy X-rays to perform external beam radiation therapy, proton beam therapy, or substance abuse treatment when such medical care facility has not provided such service in the previous 12 months;
6. Conversion of beds in an existing medical care facility described in subsection A to medical rehabilitation beds or psychiatric beds;
7. The addition by an existing medical care facility described in subsection A of any new medical equipment for the provision of cardiac catheterization, computed tomographic (CT) scanning, magnetic resonance imaging (MRI), open heart surgery, positron emission tomographic (PET) scanning, radiation therapy, stereotactic radiotherapy other than radiotherapy performed using a linear accelerator or other medical equipment that uses concentrated doses of high-energy X-rays to perform external beam radiation therapy, or proton beam therapy, other than new medical equipment for the provision of such service added to replace existing medical equipment for the provision of such service;
8. Any capital expenditure of \$15 million or more, not defined as reviewable in subdivisions 1 through 7, by or on behalf of a medical care facility described in subsection A other than a general hospital. The amounts specified in this subdivision shall be revised annually to reflect inflation using appropriate measures incorporating construction costs and medical inflation. Nothing in this subdivision shall be construed to modify or eliminate the reviewability of any project described in subdivisions 1 through 7 when undertaken by or on behalf of a general hospital; and
9. Conversion in an existing medical care facility described in subsection A of psychiatric inpatient beds approved pursuant to a Request for Applications (RFA) to nonpsychiatric inpatient beds.

C. Notwithstanding the provisions of subsection A, any nursing home affiliated with a facility that, on January 1, 1982, and thereafter; (i) is operated as a nonprofit institution, (ii) is licensed jointly by the Department as a nursing home and by the Department of Social Services as an assisted living facility, and (iii) restricts admissions such that (a) admissions to the facility are only allowed pursuant to the terms of a "life care contract" guaranteeing that the full complement of services offered by the facility is available to the resident as and when needed, (b) admissions to the assisted living facility unit of the facility are restricted to individuals defined as ambulatory by the Department of Social Services, and (c) admissions to the nursing home unit of the facility are restricted to those individuals who are residents of the assisted living facility unit of the facility shall not be subject to the requirements of this article.

D. Notwithstanding the provisions of subsection B, a certificate of public need shall not be required for the following actions undertaken by or on behalf of a medical care facility described in subsection A:

1. Relocation of up to 10 beds or 10 percent of the beds, whichever is less, (i) from one existing medical care facility described in subsection A to another existing medical care facility described in subsection A at the same site in any two-year period or (ii) in any three-year period, from one existing medical care facility described in subsection A licensed as a nursing home to any other existing medical care facility described in subsection A licensed as a nursing home that is owned or controlled by the same person and located either within the same planning district or within another planning district out of which, during or prior to that three-year period, at least 10 times that number of beds have been authorized by statute to be relocated from one or more medical care facilities described in subsection A located in that other planning district, and at least half of those beds have not been replaced; or
2. Use of up to 10 percent of beds as nursing home beds by a medical care facility described in subsection A licensed as a hospital, as provided in § 32.1-132.

E. The Department shall regularly review the types of medical care facilities subject to the provisions of this article and projects for which a certificate is required and provide to the Governor and the General Assembly, at least once every five years, a recommendation related to the continued appropriateness of requiring such types of medical care facilities to be subject to the provisions of this article and such types of projects to be subject to the requirement of a certificate. In developing such recommendations, the Department shall consider, for each type of medical care facility and project, the following criteria:

1. The current and projected future availability of the specific type of medical care facility or project;
2. The current and projected future demand for the specific type of medical care facility or project;

3. *The current and projected future rate of utilization of the specific type of medical care facility or project;*
4. *The current and projected future capacity of existing medical care facilities or projects of that specific type;*
5. *The anticipated impact of changes in population and demographics, reimbursement structures and rates, and technology on demand for and availability, utilization, and capacity of existing medical care facilities or projects of that specific type;*
6. *Existing quality, utilization, and other controls applicable to the specific type of medical care facility or project; and*
7. *Any risk to the health or well-being of the public resulting from inclusion of the specific type of medical care facility or project on such list.*

§ 32.1-102.2. Regulations.

A. The Board shall promulgate regulations that are consistent with this article and:

1. Shall establish concise procedures for the prompt review of applications for certificates consistent with the provisions of this article which may include a structured batching process which incorporates, but is not limited to, authorization for the Commissioner to request proposals for certain projects. In any structured batching process established by the Board, applications, combined or separate, for computed tomographic (CT) scanning, magnetic resonance imaging (MRI), positron emission tomographic (PET) scanning, radiation therapy, stereotactic radiotherapy, *other than radiotherapy performed using a linear accelerator or other medical equipment that uses concentrated doses of high-energy X-rays to perform external beam radiation therapy, and proton beam therapy, or nuclear imaging* shall be considered in the radiation therapy batch. A single application may be filed for a combination of (i) radiation therapy, stereotactic radiotherapy *other than radiotherapy performed using a linear accelerator or other medical equipment that uses concentrated doses of high-energy X-rays to perform external beam radiation therapy, and proton beam therapy,* and (ii) any or all of the computed tomographic (CT) scanning, magnetic resonance imaging (MRI), *and positron emission tomographic (PET) scanning, and nuclear medicine imaging;*

2. May classify projects and may eliminate one or more or all of the procedures prescribed in § 32.1-102.6 for different classifications;

3. May provide for exempting from the requirement of a certificate projects determined by the Commissioner, upon application for exemption, to be subject to the economic forces of a competitive market or to have no discernible impact on the cost or quality of health services;

4. Shall establish specific criteria for determining need in rural areas, giving due consideration to distinct and unique geographic, socioeconomic, cultural, transportation, and other barriers to access to care in such areas and providing for weighted calculations of need based on the barriers to health care access in such rural areas in lieu of the determinations of need used for the particular proposed project within the relevant health systems area as a whole;

5. May establish, on or after July 1, 1999, a schedule of fees for applications for certificates *or registration of a project* to be applied to expenses for the administration and operation of the certificate of public need program. Such fees shall not be less than \$1,000 nor exceed the lesser of one percent of the proposed expenditure for the project or \$20,000. Until such time as the Board shall establish a schedule of fees, such fees shall be one percent of the proposed expenditure for the project; however, such fees shall not be less than \$1,000 or more than \$20,000 *Certificate of Public Need Program;*

6. 5. Shall establish an expedited application and review process for any certificate for projects reviewable pursuant to subdivision B 8 of the definition of "project" in § 32.1-102.1 § 32.1-102.1:3. Regulations establishing the expedited application and review procedure shall include provisions for notice and opportunity for public comment on the application for a certificate, and criteria pursuant to which an application that would normally undergo the review process would instead undergo the full certificate of public need review process set forth in § 32.1-102.6;

7. 6. Shall establish an exemption from the requirement for a certificate, for a period of no more than 30 days, for projects involving a temporary increase in the total number of beds in an existing hospital or nursing home when the Commissioner has determined that a natural or man-made disaster has caused the evacuation of a hospital or nursing home and that a public health emergency exists due to a shortage of hospital or nursing home beds; and

8. 7. Shall require every medical care facility subject to the requirements of this article, other than a nursing home, that is not a medical care facility for which a certificate with conditions imposed pursuant to subsection F B of § 32.1-102.4 has been issued and that provides charity care, as defined in § 32.1-102.1, to annually report the amount of charity care provided.

B. The Board shall promulgate regulations providing for time limitations for schedules for completion and limitations on the exceeding of the maximum capital expenditure amount for all reviewable projects. The Commissioner shall not approve any such extension or excess unless it complies with the Board's regulations. However, the Commissioner may approve a significant change in cost for an approved project that exceeds the authorized capital expenditure by more than 20 percent, provided the applicant has demonstrated that the cost increases are reasonable and necessary under all the circumstances and do not result from any material expansion of the project as approved.

C. The Board shall also promulgate regulations authorizing the Commissioner to condition approval of a certificate on the agreement of the applicant to provide a level of charity care to indigent persons or accept patients requiring specialized care. *Such regulations shall include a methodology and formulas for uniform application of, active measuring and monitoring of compliance with, and approval of alternative plans for satisfaction of such conditions.* In addition, the Board's licensure regulations shall direct the Commissioner to condition the issuing or renewing of any license for any applicant whose certificate was approved upon such condition on whether such applicant has complied with any agreement to provide

a level of charity care to indigent persons or accept patients requiring specialized care. Except in the case of nursing homes, the value of charity care provided to individuals pursuant to this subsection shall be based on the provider reimbursement methodology utilized by the Centers for Medicare and Medicaid Services for reimbursement under Title XVIII of the Social Security Act, 42 U.S.C. § 1395 et seq.

D. The Board shall also promulgate regulations to require the registration of a project; for introduction into an existing medical care facility of any new lithotripsy, stereotactic radiosurgery, stereotactic radiotherapy performed using a linear accelerator or other medical equipment that uses concentrated doses of high-energy X-rays to perform external beam radiation therapy, obstetrical, or nuclear imaging services that the facility has never provided or has not provided in the previous 12 months; and for the addition by an existing medical care facility of any medical equipment for lithotripsy, stereotactic radiosurgery, stereotactic radiotherapy performed using a linear accelerator or other medical equipment that uses concentrated doses of high-energy X-rays to perform external beam radiation therapy, or nuclear imaging services. Replacement of existing equipment for lithotripsy, stereotactic radiosurgery, stereotactic radiotherapy other than radiotherapy performed using a linear accelerator or other medical equipment that uses concentrated doses of high-energy X-rays to perform external beam radiation therapy, or nuclear imaging services shall not require registration. Such regulations shall include provisions for (i) establishing the agreement of the applicant to provide a level of care in services or funds that matches the average percentage of indigent care provided in the appropriate health planning region and to participate in Medicaid at a reduced rate to indigents, (ii) obtaining accreditation from a nationally recognized accrediting organization approved by the Board for the purpose of quality assurance, and (iii) reporting utilization and other data required by the Board to monitor and evaluate effects on health planning and availability of health care services in the Commonwealth.

§ 32.1-102.2:1. State Medical Facilities Health Services Plan; task force Task Force.

The Board shall appoint and convene a task force of no fewer than 15 individuals to meet at least once every two years. The task force shall consist of representatives from the Department and the Division of Certificate of Public Need, representatives of regional health planning agencies, representatives of the health care provider community, representatives of the academic medical community, experts in advanced medical technology, and health insurers. The task force shall complete a review of the State Medical Facilities Plan updating or validating existing criteria in the State Medical Facilities Plan at least every four years.

A. The Board shall appoint and convene a State Health Services Plan Task Force for the purpose of advising the Board on the content of the State Health Services Plan. The Task Force shall provide recommendations related to (i) periodic revisions to the State Health Services Plan, (ii) specific objective standards of review for each type of medical care facility or project type for which a certificate of public need is required, (iii) project types that are generally noncontested and present limited health planning impacts, (iv) whether certain projects should be subject to expedited review rather than the full review process, and (v) improvements in the certificate of public need process. All such recommendations shall be developed in accordance with an analytical framework established by the Commissioner that includes a specific evaluation of whether State Health Services Plan standards are consistent with the goals of (a) meeting the health care needs of the indigent and uninsured citizens of the Commonwealth, (b) protecting the public health and safety of the citizens of the Commonwealth, (c) promoting the teaching missions of academic medical centers and private teaching hospitals, and (d) ensuring the availability of essential health care services in the Commonwealth, and are aligned with the goals and metrics of the Commonwealth's State Health Improvement Plan.

B. The Task Force shall consist of no fewer than 19 individuals appointed by the Commissioner who are broadly representative of the interests of all residents of the Commonwealth and of the various geographic regions, including two representatives of the Virginia Hospital and Healthcare Association, the Medical Society of Virginia, the Virginia Health Care Association, and physicians or administrators representing teaching hospitals affiliated with a public institution of higher education; one representative each of the Virginia Association of Health Plans, the Virginia Association of Free and Charitable Clinics, the Virginia Community Healthcare Association, LeadingAge Virginia, a company that is self-insured or full-insured for health coverage, a nonprofit organization located in the Commonwealth that engages in addressing access to health coverage for low-income individuals, and a rural locality recognized as a medically underserved area; one individual with experience in health facilities planning; and such other individuals as the Commissioner determines is appropriate.

C. The powers and duties of the Task Force shall be:

1. To develop, by November 1, 2022, recommendations for a comprehensive State Health Services Plan for adoption by the Board that includes (i) specific formulas for projecting need for medical care facilities and services subject to the requirement to obtain a certificate of public need, (ii) current statistical information on the availability of medical care facilities and services, (iii) objective criteria and standards for review of applications for projects for medical care facilities and services, and (iv) methodologies for integrating the goals and metrics of the State Health Improvement Plan established by the Commissioner into the criteria and standards for review. Criteria and standards for review included in the State Health Services Plan shall take into account current data on drive times, utilization, availability of competing services, and patient choice within and among localities included in the health planning district or region; changes and availability of new technology; and other relevant factors identified by the Task Force. The State Health Services Plan shall also include specific criteria for determining need in rural areas, giving due consideration to distinct and unique geographic, socioeconomic, cultural, transportation, and other barriers to access to care in such areas and providing for weighted

calculations of need based on the barriers to health care access in such rural areas in lieu of the determinations of need used for the particular proposed project within the relevant health planning district or region as a whole.

2. To engage the services of private consultants or request the Department to contract with any private organization for professional and technical assistance and advice or other services to assist the Task Force in carrying out its duties and functions pursuant to this section. The Task Force may also solicit the input of experts with professional competence in the subject matter of the State Health Services Plan, including (i) representatives of licensed health care providers or health care provider organizations owning or operating licensed health facilities and (ii) representatives of organizations concerned with health care consumers and the purchasers and payers of health care services; and

3. To review annually and, if necessary, develop recommendations for revisions to each section of the State Health Services Plan on a rotating schedule defined by the Task Force at least every two years following the last date of adoption by the Board.

D. The Task Force shall exercise its powers and carry out its duties to ensure:

1. The availability and accessibility of quality health services at a reasonable cost and within a reasonable geographic proximity for all people in the Commonwealth, competitive markets, and patient choice;

2. Appropriate differential consideration of the health care needs of residents in rural localities in ways that do not compromise the quality and affordability of health care services for those residents;

3. Elimination of barriers to access to care and introduction and availability of new technologies and care delivery models that result in greater integration and coordination of care, reduction in costs, and improvements in quality; and

4. Compliance with the goals of the State Health Services Plan and improvement in population health.

E. The Department shall post on its website information regarding the process by which the State Health Services Plan is created and the process by which the Department determines whether a proposed project complies with the State Health Services Plan on its website.

§ 32.1-102.3. Demonstration of public need required; criteria for determining need.

A. ~~No person shall commence any project without first obtaining a certificate issued by the Commissioner.~~ No certificate may be issued unless the Commissioner has determined that a public need for the project has been demonstrated. If it is determined that a public need exists for only a portion of a project, a certificate may be issued for that portion and any appeal may be limited to the part of the decision with which the appellant disagrees without affecting the remainder of the decision. Any decision to issue or approve the issuance of a certificate shall be consistent with the most recent applicable provisions of the State ~~Medical Facilities Health Services Plan~~; however, if the Commissioner finds, upon presentation of appropriate evidence, that the provisions of such plan are not relevant to a rural locality's needs, inaccurate, outdated, inadequate or otherwise inapplicable, the Commissioner, consistent with such finding, may issue or approve the issuance of a certificate and shall initiate procedures to make appropriate amendments to such plan. In cases in which a provision of the State ~~Medical Facilities Health Services Plan~~ has been previously set aside by the Commissioner and relevant amendments to the Plan have not yet taken effect, the Commissioner's decision shall be consistent with the applicable portions of the State ~~Medical Facilities Health Services Plan~~ that have not been set aside and the remaining considerations in subsection B.

B. In determining whether a public need for a project has been demonstrated, the Commissioner shall consider:

1. The extent to which the proposed ~~service or facility project~~ will provide or increase access to ~~needed health care~~ services for residents of the area to be served, and the effects that the proposed ~~service or facility project~~ will have on access to ~~needed health care~~ services in areas having distinct and unique geographic, socioeconomic, cultural, transportation, and other barriers to access to *health care*;

2. The extent to which the *proposed* project will meet the needs of the residents of the area to be served, as demonstrated by each of the following: (i) the level of community support for the *proposed* project demonstrated by citizens, businesses, and governmental leaders representing the area to be served; (ii) the availability of reasonable alternatives to the proposed ~~service or facility project~~ that would meet the needs of the population in a less costly, more efficient, or more effective manner; (iii) any recommendation or report of the regional health planning agency regarding an application for a certificate that is required to be submitted to the Commissioner pursuant to subsection B of § 32.1-102.6; (iv) any costs and benefits of the *proposed* project; (v) the financial accessibility of the *proposed* project to the residents of the area to be served, including indigent residents; and (vi) at the discretion of the Commissioner, any other factors as may be relevant to the determination of public need for a *proposed* project;

3. The extent to which the ~~application proposed project~~ is consistent with the State ~~Medical Facilities Health Services Plan~~;

4. The extent to which the proposed ~~service or facility project~~ fosters institutional competition that benefits the area to be served while improving access to essential health care services for all persons in the area to be served;

5. The relationship of the *proposed* project to the existing health care system of the area to be served, including the utilization and efficiency of existing services or facilities;

6. The feasibility of the *proposed* project, including the financial benefits of the *proposed* project to the applicant, the cost of construction, the availability of financial and human resources, and the cost of capital;

7. The extent to which the *proposed* project provides improvements or innovations in the financing and delivery of health *care* services, as demonstrated by: (i) the introduction of new technology that promotes quality, cost effectiveness, or both in the delivery of health care services; (ii) the potential for provision of *health care* services on an outpatient basis;

(iii) any cooperative efforts to meet regional health care needs; and (iv) at the discretion of the Commissioner, any other factors as may be appropriate; and

8. In the case of a project proposed by or affecting a teaching hospital associated with a public institution of higher education or a medical school in the area to be served, (i) the unique research, training, and clinical mission of the teaching hospital or medical school, and (ii) any contribution the teaching hospital or medical school may provide in the delivery, innovation, and improvement of health care services for citizens of the Commonwealth, including indigent or underserved populations.

§ 32.1-102.4. Conditions of certificates; monitoring; revocation of certificates; civil penalties.

A. ~~A certificate shall be issued~~ *The Commissioner may, in accordance with regulations of the Board, condition issuance of a certificate on compliance with a schedule for the completion of the proposed project and a maximum capital expenditure amount for the proposed project. The approved schedule and maximum capital expenditure for a proposed project shall be issued together with the certificate. The approved schedule may not be extended and the maximum capital expenditure may not be exceeded without the approval of the Commissioner in accordance with the regulations of the Board. The Commissioner shall not approve an extension for a schedule for completion of any project or the exceeding of the maximum capital expenditure of any project unless such extension or excess complies with the limitations provided in the regulations promulgated by the Board pursuant to § 32.1-102.2.*

The Commissioner shall monitor each project to determine its progress and compliance with the approved schedule and with the maximum capital expenditure, and may revoke the certificate for (i) lack of substantial and continuing progress toward completion of the project in accordance with the schedule or (ii) expenditures in excess of the approved maximum capital expenditure for the project.

Any person willfully violating conditions imposed pursuant to this subsection shall be subject to a civil penalty of up to \$100 per violation per day until the date of completion of the project which shall be collected by the Commissioner and paid into the Literary Fund.

For the purposes of this subsection, "completion" means conclusion of construction activities necessary for the substantial performance of the contract.

B. ~~The Commissioner shall monitor each project for which a certificate is issued to determine its progress and compliance with the schedule and with the maximum capital expenditure. The Commissioner shall also monitor all continuing care retirement communities for which a certificate is issued authorizing the establishment of a nursing home facility or an increase in the number of nursing home beds pursuant to § 32.1-102.3:2 and shall enforce compliance with the conditions for such applications which are required by § 32.1-102.3:2. Any willful violation of a provision of § 32.1-102.3:2 or conditions of a certificate of public need granted under the provisions of § 32.1-102.3:2 shall be subject to a civil penalty of up to \$100 per violation per day until the date the Commissioner determines that such facility is in compliance.~~

C. ~~A certificate may be revoked when:~~

1. ~~Substantial and continuing progress towards completion of the project in accordance with the schedule has not been made;~~

2. ~~The maximum capital expenditure amount set for the project is exceeded;~~

3. ~~The applicant has willfully or recklessly misrepresented intentions or facts in obtaining a certificate; or~~

4. ~~A continuing care retirement community applicant has failed to honor the conditions of a certificate allowing the establishment of a nursing home facility or granting an increase in the number of nursing home beds in an existing facility which was approved in accordance with the requirements of § 32.1-102.3:2.~~

D. ~~Further, the Commissioner shall not approve an extension for a schedule for completion of any project or the exceeding of the maximum capital expenditure of any project unless such extension or excess complies with the limitations provided in the regulations promulgated by the Board pursuant to § 32.1-102.2.~~

E. ~~Any person willfully violating the Board's regulations establishing limitations for schedules for completion of any project or limitations on the exceeding of the maximum capital expenditure of any project shall be subject to a civil penalty of up to \$100 per violation per day until the date of completion of the project.~~

F. ~~The Commissioner may condition~~ *shall, pursuant to the regulations of the Board, condition the approval of a certificate (i) upon the agreement of the applicant to provide care to individuals who are eligible for benefits under Title XVIII of the Social Security Act (42 U.S.C. § 1395 et seq.), Title XIX of the Social Security Act (42 U.S.C. § 1396 et seq.), and 10 U.S.C. § 1071 et seq. In addition, the Commissioner shall condition the approval of a certificate upon the agreement of the applicant to (i) provide a specified level of charity care to indigent persons or accept patients requiring specialized care or, (ii) upon the agreement of the applicant to facilitate the development and operation of primary and specialty medical care services in designated medically underserved areas of the applicant's service area, or (iii) all of the above. Except in the case of nursing homes, the value of charity care provided to individuals pursuant to this subsection shall be based on the provider reimbursement methodology utilized by the Centers for Medicare and Medicaid Services for reimbursement under Title XVIII of the Social Security Act, 42 U.S.C. § 1395 et seq.*

Every certificate holder shall develop a financial assistance policy that includes specific eligibility criteria and procedures for applying for charity care, which shall be provided to a patient at the time of admission or discharge or at the time services are provided, included with any billing statements sent to uninsured patients, posted conspicuously in public areas of the medical care facility for which the certificate was issued and posted on a website maintained by the certificate holder.

The certificate holder shall *annually* provide documentation to the Department demonstrating that the certificate holder has satisfied the conditions of the certificate, including documentation of the amount of charity care provided to patients. If the certificate holder is unable or fails to satisfy the conditions of a certificate, the Department may approve alternative methods to satisfy the conditions pursuant to a plan of compliance. ~~The plan of compliance,~~ *which* shall identify a timeframe within which the certificate holder will satisfy the conditions of the certificate, and identify how the certificate holder will satisfy the conditions of the certificate, which may include (a) making direct payments to an organization authorized under a memorandum of understanding with the Department to receive contributions satisfying conditions of a certificate, (b) making direct payments to a private nonprofit foundation that funds basic insurance coverage for indigents authorized under a memorandum of understanding with the Department to receive contributions satisfying conditions of a certificate, or (c) other documented efforts or initiatives to provide primary or specialized care to underserved populations. In cases in which the certificate holder holds more than one certificate with conditions pursuant to this subsection, and the certificate holder is unable to satisfy the conditions of one certificate, such plan of compliance may provide for satisfaction of the conditions on that certificate by providing care at a reduced rate to indigent individuals in excess of the amount required by another certificate issued to the same holder, in an amount approved by the Department provided such care is offered at the same facility. Nothing in the preceding sentence shall prohibit the satisfaction of conditions of more than one certificate among various affiliated facilities or certificates subject to a system-wide or all-inclusive charity care condition established by the Commissioner. In determining whether the certificate holder has met the conditions of the certificate pursuant to a plan of compliance, only such ~~direct payments, efforts, or initiatives made or actions~~ *undertaken* after issuance of the conditioned certificate shall be counted towards satisfaction of conditions.

Any person ~~willfully~~ refusing, failing, or neglecting to honor such agreement shall be subject to a civil penalty of up to \$100 per violation per day until the date of compliance *which shall be collected by the Commissioner and paid into the Literary Fund. For the purpose of determining the amount of a civil penalty imposed pursuant to this subsection, the date on which the person began providing services in accordance with the original certificate shall be the date from which the period of noncompliance shall be calculated.*

~~G. C.~~ The Commissioner shall (i) review every certificate of public need upon which conditions were imposed pursuant to subsection ~~F B~~ at least once every three years to determine whether such conditions continue to be appropriate or should be revised and (ii) notify each certificate holder of his conclusions regarding (a) the appropriateness of conditions imposed on the certificate and whether such conditions should be revised and (b) the process by which the certificate holder may request amendments to conditions imposed on a certificate in accordance with subsection ~~H D~~.

~~H. D.~~ Pursuant to regulations of the Board, the Commissioner may accept requests for and approve amendments to conditions of existing certificates related to the provision of care at reduced rates or to patients requiring specialized care or related to the development and operation of primary medical care services in designated medically underserved areas of the certificate holder's service area.

~~I. For the purposes of this section, "completion" means conclusion of construction activities necessary for the substantial performance of the contract.~~

~~E. In determining whether conditions imposed on a certificate of public need pursuant to subsection B are appropriate for the purposes of subsection C or should be amended in response to a request submitted pursuant to subsection D, the Commissioner shall consider any changes in the circumstances of the certificate holder resulting from changes in the financing or delivery of health care services, including changes to the Commonwealth's program of medical assistance services, and any other specific circumstances of the certificate holder.~~

§ 32.1-102.6. Administrative procedures.

~~A. To obtain a certificate for a project, the applicant shall file a completed application for a certificate with the Department and the appropriate regional health planning agency if a regional health planning agency has been designated for that region. In order to verify the date of the Department's and the appropriate regional health planning agency's receipt of the application, the applicant shall transmit the document electronically, by certified mail or a delivery service, return receipt requested, or shall deliver the document by hand, with signed receipt to be provided. Such application shall be filed in accordance with procedures established by the Department. An application submitted for review shall be considered complete when all relevant sections of the application form have responses. The applicant shall provide sufficient information to prove public need for the requested project exists without the addition of supplemental or supporting material at a later date. The Department shall ensure that only data necessary for review of an application is required to be submitted and that the application reflects statutory requirements. Nothing in this section shall prevent the Department from seeking, at its discretion, additional information from the applicant or other sources.~~

Within 10 calendar days of the date on which the document is received, the Department and the appropriate regional health planning agency, if a regional health planning agency has been designated, shall determine whether the application is complete or not and the Department shall notify the applicant, if the application is not complete, of the information needed to complete the application. If no regional health planning agency is designated for the health planning region in which the project will be located, no filing with a regional health planning agency is required and the Department shall determine if the application is complete and notify the applicant, if the application is not complete, of the information needed to complete the application.

At least 30 calendar days before any person is contractually obligated to acquire an existing medical care facility, the cost of which is \$600,000 or more, that person shall notify the Commissioner and the appropriate regional health planning

agency, if a regional health planning agency has been designated, of the intent, the services to be offered in the facility, the bed capacity in the facility and the projected impact that the cost of the acquisition will have upon the charges for services to be provided. If clinical services or beds are proposed to be added as a result of the acquisition, the Commissioner may require the proposed new owner to obtain a certificate prior to the acquisition. If no regional health planning agency is designated for the health planning region in which the acquisition will take place, no notification to a regional health planning agency shall be required.

B. For projects proposed in health planning regions with regional planning agencies, the appropriate regional health planning agency shall (i) review each completed application for a certificate within 60 calendar days of the day ~~which~~ *that* begins the appropriate batch review cycle as established by the Board by regulation pursuant to subdivision A 1 of § 32.1-102.2, such cycle not to exceed 190 days in duration; (ii) *within 10 calendar days following the start of the review cycle, solicit public comment on such application by posting notice of such application and a summary of the proposed project on a website maintained by the Department; such notice shall include information about how comments may be submitted to the regional health planning agency and the date on which the public comment period shall expire, which shall be no later than 45 calendar days following the date of the public notice; and* ~~(ii)~~ *(iii) in the case of competing applications or in response to a written request by an elected local government representative, a member of the General Assembly, the Commissioner, the applicant, or a member of the public, hold one public hearing on each application in a location in the county or city in which the project is proposed or a contiguous county or city. At least nine days prior to the public hearing, the regional health planning agency shall cause notice of the public hearing to be published in a newspaper of general circulation in the county or city where the project is proposed to be located. The regional health planning agency shall consider the comments of the local governing bodies in the planning district and all other public comments in making its decision. Such comments shall be part of the record. In no case shall a regional health planning agency hold more than two meetings on any application, one of which shall be the public hearing required pursuant to clause (iii), if any, conducted by the board of the regional health planning agency or a subcommittee of the board. The applicant shall be given the opportunity, prior to the vote by the board of the regional health planning agency or a committee of the agency, if acting for the board, on its recommendation, to respond to any comments made about the project by the regional health planning agency staff, any information in a regional health planning agency staff report, or comments by those voting members of the regional health planning agency board; however, such opportunity shall not increase the 60-calendar-day period designated herein for the regional health planning agency's review unless the applicant or applicants request a specific extension of the regional health planning agency's review period.*

The regional health planning agency shall submit its recommendations on each application and its reasons therefor to the Department within 10 calendar days after the completion of its 60-calendar-day review or such other period in accordance with the applicant's request for extension.

If the regional health planning agency has not completed its review within the specified 60 calendar days or such other period in accordance with the applicant's request for extension and submitted its recommendations on the application and the reasons therefor within 10 calendar days after the completion of its review, the Department shall, on the eleventh calendar day after the expiration of the regional health planning agency's review period, proceed as though the regional health planning agency has recommended project approval without conditions or revision.

If no regional health planning agency has been designated for a region, the Department shall (a) *within 10 calendar days following the start of the review cycle, solicit public comment on such application by posting notice of such application and a summary of the proposed project on a website maintained by the Department; such notice shall include such information about how comments may be submitted to the Department and the date on which the public comment period shall expire, which shall be no later than 45 calendar days following the date of the public notice, and* (b) *in the case of competing applications or in response to a written request by an elected local government representative, a member of the General Assembly, the Commissioner, the applicant, or a member of the public, hold one hearing on each application in a location in the county or city in which the project is proposed or a contiguous county or city. Prior to the any required hearing, the Department shall notify the local governing bodies in the planning district in which the project is proposed. At least nine days prior to the public hearing, the Department shall cause notice of the public hearing to be published in a newspaper of general circulation in the county or city where the project is proposed to be located. The Department shall consider the comments of the local governing bodies in the planning district and all other public comments in making its decision. Such comments shall be part of the record.*

C. After commencement of any public hearing and before a decision is made there shall be no ex parte contacts concerning the subject certificate or its application between (i) any person acting on behalf of the applicant or holder of a certificate or any person opposed to the issuance or in favor of revocation of a certificate of public need and (ii) any person in the Department who has authority to make a determination respecting the issuance or revocation of a certificate of public need, unless the Department has provided advance notice to all parties referred to in clause (i) of the time and place of such proposed contact.

D. The Department shall commence the review of each completed application upon the day which begins the appropriate batch review cycle and simultaneously with the review conducted by the regional health planning agency, if a regional health planning agency has been designated.

A determination whether a public need exists for a project shall be made by the Commissioner within 190 calendar days of the day which begins the appropriate batch cycle.

The 190-calendar-day review period shall begin on the date upon which the application is determined to be complete within the batching process specified in subdivision A 1 of § 32.1-102.2.

If the application is not determined to be complete within 40 calendar days from submission, the application shall be refiled in the next batch for like projects.

The Commissioner shall make determinations in accordance with the provisions of the Administrative Process Act (§ 2.2-4000 et seq.) except for those parts of the determination process for which timelines and specifications are delineated in subsection E of this section. Further, if an informal fact-finding conference is determined to be necessary by the Department or is requested by a person seeking good cause standing, the parties to the case shall include only the applicant, any person showing good cause, any third-party payor providing health care insurance or prepaid coverage to five percent or more of the patients in the applicant's service area, and the relevant health planning agency.

E. Upon entry of each completed application or applications into the appropriate batch review cycle:

1. The Department shall establish, for every application, a date between the eightieth and ninetieth calendar days within the 190-calendar-day review period for holding an informal fact-finding conference, if such conference is necessary.

2. The Department shall review every application at or before the seventy-fifth calendar day within the 190-calendar-day review period to determine whether an informal fact-finding conference is necessary.

3. Any person seeking to be made a party to the case for good cause shall notify the Department of his request and the basis therefor on or before the eightieth calendar day following the day which begins the appropriate batch review cycle, no later than four days after the Department has completed its review and submitted its recommendation on an application and has transmitted the same to the applicants and to persons who have, prior to the issuance of the report, requested a copy in writing, shall notify the Commissioner, all applicants, and the regional health planning agency, in writing and under oath, stating the grounds for good cause and providing the factual basis therefor.

4. In any case in which an informal fact-finding conference is held, a date shall be established for the closing of the record which shall not be more than 30 calendar days after the date for holding the informal fact-finding conference.

5. In any case in which an informal fact-finding conference is not held, the record shall be closed on the earlier of (i) the date established for holding the informal fact-finding conference or (ii) the date that the Department determines an informal fact-finding conference is not necessary.

6. The provisions of subsection C of § 2.2-4021 notwithstanding, if a determination whether a public need exists for a project is not made by the Commissioner within 45 calendar days of the closing of the record, the Commissioner shall notify the applicant or applicants and any persons seeking to show good cause, in writing, that the application or the application of each shall be deemed approved 25 calendar days after expiration of such 45-calendar-day period, unless the receipt of recommendations from the person performing the hearing officer functions permits the Commissioner to issue his case decision within that 25-calendar-day period. The validity or timeliness of the aforementioned notice shall not, in any event, prevent, delay or otherwise impact the effectiveness of this section.

7. In any case when a determination whether a public need exists for a project is not made by the Commissioner within 70 calendar days after the closing of the record, the application shall be deemed to be approved and the certificate shall be granted.

8. If a determination whether a public need exists for a project is not made by the Commissioner within 45 calendar days of the closing of the record, any applicant who is competing in the relevant batch or who has filed an application in response to the relevant Request For Applications issued pursuant to § 32.1-102.3:2 may, prior to the application being deemed approved, petition for immediate injunctive relief pursuant to § 2.2-4030, naming as respondents the Commissioner and all parties to the case. During the pendency of the proceeding, no applications shall be deemed to be approved. In such a proceeding, the provisions of § 2.2-4030 shall apply.

F. Deemed approvals shall be construed as the Commissioner's case decision on the application pursuant to the Administrative Process Act (§ 2.2-4000 et seq.) and shall be subject to judicial review on appeal as the Commissioner's case decision in accordance with such act.

Any person who has sought to participate in the Department's review of such deemed-to-be-approved application as a person showing good cause who has not received a final determination from the Commissioner concerning such attempt to show good cause shall be deemed to be a person showing good cause for purposes of appeal of the deemed approval of the certificate.

In any appeal of the Commissioner's case decision granting a certificate of public need pursuant to a Request for Applications issued pursuant to § 32.1-102.3:2, the court may require the appellant to file a bond pursuant to § 8.01-676.1, in such sum as shall be fixed by the court for protection of all parties interested in the case decision, conditioned on the payment of all damages and costs incurred in consequence of such appeal.

G. For purposes of this section, "good cause" shall mean means that (i) there is significant relevant information not previously presented at and not available at the time of the public hearing, (ii) there have been significant changes in factors or circumstances relating to the application subsequent to the public hearing, or (iii) there is a substantial material mistake of fact or law in the Department staff's report on the application or in the report submitted by the health planning agency.

H. The project review procedures shall provide for separation of the project review manager functions from the hearing officer functions. No person serving in the role of project review manager shall serve as a hearing officer.

I. The applicants, and only the applicants, shall have the authority to extend any of the time periods specified in this section. If all applicants consent to extending any time period in this section, the Commissioner, with the concurrence of the applicants, shall establish a new schedule for the remaining time periods.

J. This section shall not apply to applications for certificates for projects defined in subdivision A 8 of the definition of "project" in ~~§ 32.1-102.1~~ § 32.1-102.1:3. Such projects shall be subject to an expedited application and review process developed by the Board in regulation pursuant to subdivision A 2 of § 32.1-102.2.

§ 32.1-102.6:1. Revocation of a certificate.

The Commissioner shall revoke a certificate of public need for:

1. *Failure to comply with the requirements of subsection A of § 32.1-102.4 regarding schedules for completion of a project or maximum capital expenditures for a project; or*
2. *Willfully or recklessly misrepresented intentions or facts in obtaining a certificate.*

§ 32.1-102.8. Enjoining project undertaken without certificate or registration.

On petition of the Commissioner, the Board or the Attorney General, the circuit court of the county or city where a project is under construction or is intended to be constructed, located, or undertaken shall have jurisdiction to enjoin any project ~~which~~ that is constructed, undertaken, or commenced without a certificate or registration required by this article or to enjoin the admission of patients to the project or to enjoin the provision of services through the project.

§ 32.1-102.10. Commencing project without certificate or registration grounds for refusing to issue license.

Commencing any project without a certificate or registration required by this article shall constitute grounds for refusing to issue a license for such project. Persons commencing any project without a certificate or registration as required by this article shall be subject to the penalties set forth in §§ 32.1-27 and 32.1-27.1.

§ 32.1-102.11. Application of article.

A. ~~On and after July 1, 1992, every~~ Every project of an existing or proposed medical care facility, as defined in ~~§ 32.1-102.1~~, described in subsection A of § 32.1-102.1:3 shall be subject to all provisions of this article unless, with respect to such project, the owner or operator of an existing medical care facility or the developer of a proposed medical care facility (i) has, by February 1, 1992, purchased or leased equipment subject to registration pursuant to former § 32.1-102.3:4, (ii) has, by February 1, 1992, initiated construction requiring a capital expenditure exceeding one million dollars, or (iii) has made or contracted to make or otherwise legally obligated to make, during the three years ending February 1, 1992, preliminary expenditures of \$350,000 or more for a formal plan of construction of the specific project, including expenditures for site acquisition, designs, preliminary or working drawings, construction documents, or other items essential to the construction of the specific project.

Any project exempted pursuant to subdivisions (ii) and (iii) of this subsection shall be limited to such construction, services, and equipment as specifically identified in the formal plan of construction which shall have existed and been formally committed to by February 1, 1992. Further, the equipment to be exempted pursuant to subdivisions (ii) and (iii) shall be limited to the number of units and any types of medical equipment, in the case of medical equipment intended to provide any services included in subdivision B 6 of the definition of project in ~~§ 32.1-102.1~~ § 32.1-102.1:3, as are specifically identified in such plan and, in the case of all other equipment, such equipment as is appropriate for the construction and services included in such plan.

None of the exemptions provided in this subsection shall be applicable to projects which required a certificate of public need pursuant to this article on January 1, 1992.

B. Any medical care facility or entity claiming to meet one of the conditions set forth in subsection A of this section shall file a completed application for an exemption from the provisions of this article with the Commissioner by August 1, 1992. Forms for such application shall be made available by the Commissioner no later than April 1, 1992. The Commissioner may deny an exemption if the application is not complete on August 1, 1992, and the medical care facility or entity has not filed a completed application within forty-five days after notice of deficiency in the filing of the completed application. After receiving a completed application, the Commissioner shall determine whether the project has met one of the criteria for an exemption and is, therefore, exempt or has not met any of the criteria for an exemption and is, therefore, subject to all provisions of this article and shall notify the medical care facility or entity of his determination within sixty days of the date of filing of the completed application. If it is determined that an exemption exists for only a portion of a project, the Commissioner may approve an exemption for that portion and any appeal may be limited to the part of the decision with which the appellant disagrees without affecting the remainder of the decision. The Commissioner's determination shall be made in accordance with the provisions of the Administrative Process Act (§ 2.2-4000 et seq.), except that parties to the case shall include only those parties specified in § 32.1-102.6.

C. For the purposes of this section:

"Formal plan of construction" means documentary evidence indicating that the facility, the owner or operator of the facility, or the developer of a proposed facility was formally committed to the project by February 1, 1992, and describing the specific project in sufficient detail to reasonably define and confirm the scope of the project including estimated cost, intended location, any clinical health services to be involved and any types of equipment to be purchased. Such documentary evidence shall include designs, preliminary or working drawings, construction documents or other documents which have been used to explicitly define and confirm the scope of the project for the purposes of seeking architectural or construction plans or capital to the extent that such capital was committed or agreed to be provided for such project prior to February 1, 1992.

"Initiated construction" means an owner or operator of an existing facility or the developer of a proposed facility can present evidence for a specific project that (i) a construction contract has been executed; (ii) if applicable, short-term financing has been completed; (iii) if applicable, a commitment for long-term financing has been obtained; and (iv) if the project is for construction of a new facility or expansion of an existing facility, predevelopment site work and building foundations have been completed.

"Leased" means that the owner or operator of an existing medical care facility or the developer of a proposed facility has a legally binding commitment to lease the equipment pursuant to an agreement providing for fixed, periodic payments commencing no later than June 30, 1992, including a lease-purchase agreement in which the owner or operator of the facility or developer has an option to purchase the equipment for less than fair market value upon conclusion of the lease or an installment sale agreement with fixed periodic payments commencing no later than June 30, 1992.

"Purchased" means that the equipment has been acquired by the owner or operator of an existing medical care facility or the developer of a proposed medical care facility, or the owner or operator of the facility or the developer can present evidence of a legal obligation to acquire the equipment in the form of an executed contract or appropriately signed order or requisition and payment has been made in full by June 30, 1992.

§ 32.1-239. Definitions.

As used in this article the following definitions shall apply:

§ 32.1-276.5. Providers to submit data; civil penalty.

B. In addition, health maintenance organizations shall annually submit to the Commissioner, to make available to consumers who make health benefit enrollment decisions, audited data consistent with the latest version of the Health Employer Data and Information Set (HEDIS), as required by the National Committee for Quality Assurance, or any other quality of care or performance information set as approved by the Board. The Commissioner, at his discretion, may grant a waiver of the HEDIS or other approved quality of care or performance information set upon a determination by the Commissioner that the health maintenance organization has met Board-approved exemption criteria. The Board shall promulgate regulations to implement the provisions of this section.

The Commissioner shall also negotiate and contract with a nonprofit organization authorized under § 32.1-276.4 for compiling, storing, and making available to consumers the data submitted by health maintenance organizations pursuant to this section. The nonprofit organization shall assist the Board in developing a quality of care or performance information set for such health maintenance organizations and shall, at the Commissioner's discretion, periodically review this information set for its effectiveness.

C. Every medical care facility as that term is defined in ~~§ 32.1-102.1~~ § 32.1-3 that furnishes, conducts, operates, or offers any reviewable service shall report data on utilization of such service to the Commissioner, who shall contract with the nonprofit organization authorized under this chapter to collect and disseminate such data. Every medical care facility for which a certificate of public need with conditions imposed pursuant to § 32.1-102.4 is issued shall report to the Commissioner data on charity care, as that term is defined in § 32.1-102.1, provided to satisfy a condition of a certificate of public need, including (i) the total amount of such charity care the facility provided to indigent persons; (ii) the number of patients to whom such charity care was provided; (iii) the specific services delivered to patients that are reported as charity care recipients; and (iv) the portion of the total amount of such charity care provided that each service represents. The value of charity care reported shall be based on the medical care facility's submission of applicable Diagnosis Related Group codes and Current Procedural Terminology codes aligned with methodology utilized by the

Centers for Medicare and Medicaid Services for reimbursement under Title XVIII of the Social Security Act, 42 U.S.C. § 1395 et seq. Notwithstanding the foregoing, every nursing home as defined in § 32.1-123 for which a certificate of public need with conditions imposed pursuant to § 32.1-102.4 is issued shall report data on utilization and other data in accordance with regulations of the Board.

A medical care facility that fails to report data required by this subsection shall be subject to a civil penalty of up to \$100 per day per violation, which shall be collected by the Commissioner and paid into the Literary Fund.

E. Every hospital that receives a disproportionate share hospital adjustment pursuant to § 1886(d)(5)(F) of the Social Security Act shall report, in accordance with regulations of the Board consistent with recommendations of the nonprofit organization in its strategic plan submitted and provided pursuant to § 32.1-276.4, the number of inpatient days attributed to patients eligible for Medicaid but not Medicare Part A and the total amount of the disproportionate share hospital adjustment received.

F. The Board shall evaluate biennially the impact and effectiveness of such data collection.

2. That the Department of Health develop recommendations to reduce the duration of the average review cycle for applications for certificates of public need to not more than 120 days from the date of receipt of a letter of intent. In doing so, the Department shall consider changes to the current process that may result in a reduction in the duration of the review period, including elimination or revision of the review of applications for completeness, reduction of the current 70-day period for review of an application by the Department, and a requirement that a public hearing be held earlier in the process. The Department shall report its recommendations to the Governor and the General Assembly by December 1, 2020.

3. That the Secretary of Health and Human Resources implement a system by January 1, 2023, or as soon as thereafter as practicable, to ensure that data needed to evaluate whether an application for a certificate of public need is consistent with the State Health Services Plan requirements is timely and reliable, with such funds as are available.

4. That the Secretary of Health and Human Resources implement a system by January 1, 2021, or as soon thereafter as practicable, to make an inventory of capacity authorized by certificates of public need, both operational and not yet operational, available in a digital format online, with such funds as are available.

CHAPTER 1273

An Act to amend the Code of Virginia by adding a section numbered 56-585.1:11, relating to electric utilities; development of offshore wind generation facilities.

[S 860]

Approved April 22, 2020

Be it enacted by the General Assembly of Virginia:**1. That the Code of Virginia is amended by adding a section numbered 56-585.1:11 as follows:****§ 56-585.1:11. Development of offshore wind capacity.***A. As used in this section:*

"Advanced clean energy buyer" means a commercial or industrial customer of a Phase II Utility, irrespective of generation supplier, (i) with an aggregate load over 100 megawatts; (ii) with an aggregate amount of at least 200 megawatts of solar or wind energy supply under contract with a term of 10 years or more from facilities located within the Commonwealth by January 1, 2024; and (iii) that directly procures from the utility the electric supply and environmental attributes of the offshore wind facility associated with the lesser of 50 megawatts of nameplate capacity or 15 percent of the commercial or industrial customer's annual peak demand for a contract period of 15 years.

"Aggregate load" means the combined electrical load associated with selected accounts of an advanced clean energy buyer with the same legal entity name as, or in the names of affiliated entities that control, are controlled by, or are under common control of, such legal entity or are the names of affiliated entities under a common parent.

"Control" means the legal right, directly or indirectly, to direct or cause the direction of the management, actions, or policies of an affiliated entity, whether through the ability to exercise voting power, by contract, or otherwise. "Control" does not include control of an entity through a franchise or similar contractual agreement.

"Qualifying large general service customer" means a customer of a Phase II Utility, irrespective of general supplier, (i) whose peak demand during the most recent calendar year exceeded five megawatts and (ii) that contracts with the utility to directly procure electric supply and environmental attributes associated with the offshore wind facility in amounts commensurate with the customer's electric usage for a contract period of 15 years or more.

B. In order to meet the Commonwealth's clean energy goals, prior to December 31, 2034, the construction or purchase by a public utility of one or more offshore wind generation facilities located off the Commonwealth's Atlantic shoreline or in federal waters and interconnected directly into the Commonwealth, with an aggregate capacity of up to 5,200 megawatts, is in the public interest and the Commission shall so find, provided that no customers of the utility shall be responsible for costs of any such facility in a proportion greater than the utility's share of the facility.

C. 1. Pursuant to subsection B, construction by a Phase II Utility of one or more new utility-owned and utility-operated generating facilities utilizing energy derived from offshore wind and located off the Commonwealth's Atlantic shoreline, with an aggregate rated capacity of not less than 2,500 megawatts and not more than 3,000 megawatts, along with electrical transmission or distribution facilities associated therewith for interconnection is in the public interest. In acting upon any request for cost recovery by a Phase II Utility for costs associated with such a facility, the Commission shall determine the reasonableness and prudence of any such costs, provided that such costs shall be presumed to be reasonably and prudently incurred if the Commission determines that (i) the utility has complied with the competitive solicitation and procurement requirements pursuant to subsection E; (ii) the project's projected total levelized cost of energy, including any tax credit, on a cost per megawatt hour basis, inclusive of the costs of transmission and distribution facilities associated with the facility's interconnection, does not exceed 1.4 times the comparable cost, on an unweighted average basis, of a conventional simple cycle combustion turbine generating facility as estimated by the U.S. Energy Information Administration in its Annual Energy Outlook 2019; and (iii) the utility has commenced construction of such facilities for U.S. income taxation purposes prior to January 1, 2024, or has a plan for such facility or facilities to be in service prior to January 1, 2028. The Commission shall disallow costs, or any portion thereof, only if they are otherwise unreasonably and imprudently incurred. In its review, the Commission shall give due consideration to (a) the Commonwealth's renewable portfolio standards and carbon reduction requirements, (b) the promotion of new renewable generation resources, and (c) the economic development benefits of the project for the Commonwealth, including capital investments and job creation.

2. Notwithstanding the provisions of § 56-585.1, the Commission shall not grant an enhanced rate of return to a Phase II Utility for the construction of one or more new utility-owned and utility-operated generating facilities utilizing energy derived from offshore wind and located off the Commonwealth's Atlantic shoreline pursuant to this section.

3. Any such costs proposed for recovery through a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1 shall be allocated to all customers of the utility in the Commonwealth as a non-bypassable charge, regardless of the generation supplier of any such customer, other than (i) PIPP eligible utility customers, (ii) advanced clean energy buyers, and (iii) qualifying large general service customers. No electric cooperative customer of the utility shall be assigned, nor shall the utility collect from any such cooperative, any of the costs of such facilities, including electrical transmission or distribution facilities associated therewith for interconnection. The Commission may promulgate such rules, regulations, or other directives necessary to administer the eligibility for these exemptions.

4. The Commission shall permit a portion of the nameplate capacity of any such facility, in the aggregate, to be allocated to (i) advanced clean energy buyers or (ii) qualifying large general service customers, provided that no more than

10 percent of the offshore wind facility's capacity is allocated to qualifying large general service customers. A Phase II Utility shall petition the Commission for approval of a special contract with any advanced clean energy buyer, or any special rate applicable to qualifying large general service customers, pursuant to § 56-235.2, no later than 15 months prior to the projected commercial operation date of the facility, and all customer enrollments associated with such special contracts or rates shall be completed prior to commercial operation of the facility. A utility may give appropriate consideration to suppliers and developers that have demonstrated successful experience in offshore wind.

F. Any project shall include an environmental and fisheries mitigation plan submitted to the Commission for the construction and operation of such offshore wind facilities, provided that such plan includes an explicit description of the best management practices the bidder will employ that considers the latest science at the time the proposal is made to mitigate adverse impacts to wildlife, natural resources, ecosystems, and traditional or existing water-dependent uses. The plan shall include a summary of pre-construction assessment activities, consistent with federal requirements, to determine the spatial and temporal presence and abundance of marine mammals, sea turtles, birds, and bats, in the offshore wind lease area.

2. That the utility constructing a facility pursuant to § 56-585.1:11 of the Code of Virginia, as created by this act, shall provide the State Corporation Commission (the Commission) with reports on the facility's construction progress, including performance to construction timeline and budget, on no less than a quarterly basis throughout the construction period. A. The Board shall have the power and duty to monitor and, where necessary, approve actions taken by the Department of Rail and Public Transportation pursuant to Article 5 (§ 33.2-281 et seq.) in order to ensure the efficient and economical development of public transportation, the enhancement of rail transportation, and the coordination of such rail and public transportation plans with highway programs.

B. The Board shall have the power and duty to coordinate the planning for financing of transportation needs, including needs for highways, railways, seaports, airports, and public transportation and set aside funds as provided in § 33.2-1524 33.2-1524.1. To allocate funds for these needs pursuant to §§ § 33.2-358 and ~~58.1-638~~ Chapter 15 (§ 33.2-1500 et seq.), the Board shall adopt a Six-Year Improvement Program of anticipated projects and programs by July 1 of each year. This program shall be based on the most recent official *Commonwealth Transportation Trust* Fund revenue forecast and shall be consistent with a debt management policy adopted by the Board in consultation with the Debt Capacity Advisory Committee and the Department of the Treasury.

C. The Board shall have the power and duty to enter into contracts with local districts, commissions, agencies, or other entities created for transportation purposes.

D. The Board shall have the power and duty to promote increasing private investment in the Commonwealth's transportation infrastructure, including acquisition of causeways, bridges, tunnels, highways, and other transportation facilities.

E. The Board shall only include a project or program wholly or partially funded with funds from the State of Good Repair Program pursuant to § 33.2-369, the High Priority Projects Program pursuant to § 33.2-370, ~~or~~ the Highway Construction District Grant Programs pursuant to § 33.2-371, *or the Interstate Operations and Enhancement Program pursuant to § 33.2-372, or capital projects funded through the Virginia Highway Safety Improvement Program pursuant to § 33.2-373* in the Six-Year Improvement Program if the allocation of funds from those programs and other funding committed to such project or program within the six-year horizon of the Six-Year Improvement Program is sufficient to complete the project or program. The provisions of this subsection shall not apply to any project (i) the design and construction of which cannot be completed within six years, (ii) the estimated costs of which exceed \$2 billion, and (iii) that requires the Board to exercise its authority to waive the funding cap pursuant to subsection B of § 33.2-369.

However, the Board shall not reallocate any funds allocated pursuant to § 33.2-319 or 33.2-366, based on a determination of inconsistency with the Board's Statewide Transportation Plan or the Six-Year Improvement Program nor shall the Board reallocate any funds, allocated pursuant to subsection C or D of § 33.2-358, from any projects on highways controlled by any county that has withdrawn, or elects to withdraw, from the secondary system of state highways based on a determination of inconsistency with the Board's Statewide Transportation Plan or the Six-Year Improvement Program. If a locality or metropolitan planning organization requests the termination of a project, and the Department does not agree to the termination, or if a locality or metropolitan planning organization does not advance a project to the next phase of construction when requested by the Board and the Department has expended state or federal funds, the locality or the localities within the metropolitan planning organization may be required to reimburse the Department for all funds expended on the project. If, after design approval by the Chief Engineer of the Department, a locality or metropolitan planning organization requests alterations to a project that, in the aggregate, exceeds 10 percent of the total project costs, the locality or the localities within the metropolitan planning organization may be required to reimburse the Department for the additional project costs above the original estimates for making such alterations.

C. The Commonwealth and any agencies or political subdivisions thereof may provide services, donate, lease, sell, convey, or otherwise transfer, with or without consideration or for minimal consideration, real or personal property and make appropriations to the Authority for the design, acquisition, construction, equipping, maintenance, and operation of rail facilities and may issue bonds in the manner provided in the Public Finance Act (§ 15.2-2600 et seq.) or in its municipal charter for the purpose of providing funds to be appropriated to the Authority; the Authority may agree to assume, or reimburse such a political subdivision for, any indebtedness incurred by such political subdivision with respect to facilities conveyed by it to the Authority.

If the appraisal is greater or less than the amount finally determined by the decision in such proceedings or by an appeal, the amount of the increase or decrease shall be paid or refunded to the Authority.

E. The acquisition of any such property by condemnation or by the exercise of the power of eminent domain for the purposes provided herein shall be and is declared to be a public use of such property.

F. For purposes of this section, the terms "appraised price" and "appraisal" mean the value determined by two competent real estate appraisers appointed by the Authority for such purposes.

§ 33.2-294. Issuance of bonds.

A. The Authority may issue bonds from time to time in its discretion, for any of its purposes, including the payment of all or any part of the cost of rail facilities. Notwithstanding the foregoing, any bonds issued to pay for the initial funding of capital projects shall be limited to financing capital expenditures and projects submitted for approval by the Transportation Board as set forth in § 33.2-298.

B. The Authority may issue refunding bonds for the purpose of refunding any bonds then outstanding that shall have been issued under the provisions of this article, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date fixed for redemption of such bonds. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties, and obligations of the Authority in respect of the same shall be governed by the provisions of this article insofar as the same may be applicable.

C. The bonds of each issue shall be dated such date as may be determined by the Authority; shall bear interest at such rate or rates as shall be fixed by the Authority, or as may be determined in such manner as the Authority may provide, including the determination by agents designated by the Authority under guidelines established by the Authority; shall mature at such time or times not exceeding 40 years from their date or dates, as may be determined by the Authority; and may be made redeemable before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds.

D. The Authority shall determine the form of the bonds and manner of execution of the bonds and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or outside the Commonwealth. The bonds shall be signed by the chairman or vice-chairman of the Authority or, if so authorized by the Authority, shall bear his facsimile signature and the official seal of the Authority, or, if so authorized by the Authority, a facsimile thereof shall be impressed or imprinted thereon and attested by the secretary or any assistant secretary of the Authority, or, if so authorized by the Authority, with the facsimile signature of such secretary or assistant secretary. Any coupons attached to bonds issued by the Authority shall bear the signature of the chairman or vice-chairman of the Authority or a facsimile thereof. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery, and any bonds may bear the facsimile signature of, or may be signed by, such persons as at the actual time of the execution of such bonds shall be the proper officers to sign such bonds although at the date of such bonds such persons may not have been such officers.

E. The bonds may be issued in coupon or in registered form, or both, as the Authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, for the reconversion into coupon bonds of any bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds. Bonds issued in registered form may be issued under a system of book-entry for recording the ownership and transfer of ownership of rights to receive payment of principal of, and premium on, if any, and interest on such bonds. The Authority may contract for the services of one or more banks, trust companies, financial institutions, or other entities or persons, within or outside the Commonwealth, for the authentication, registration, transfer, exchange, and payment of the bonds or may provide such services itself. The Authority may sell such bonds in such manner, either at public or private sale, and for such price as it may determine will best effect the purposes of this article.

F. The proceeds of the bonds of each issue shall be used solely for the purposes, and in furtherance of the powers, of the Authority as may be provided in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same.

G. In addition to the above powers, the Authority shall have the authority to issue interim receipts or temporary bonds as provided in § 15.2-2616 and to execute and deliver new bonds in place of bonds mutilated, lost, or destroyed as provided in § 15.2-2621.

H. All expenses incurred in carrying out the provisions of this article shall be payable solely from funds available pursuant to the provisions of this article, and no liability shall be incurred by the Authority hereunder beyond the extent to which moneys shall have been provided or received under the provisions of this article.

I. At the discretion of the Authority, any bonds issued under the provisions of this article may be secured by a trust indenture or agreement by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or outside the Commonwealth. Such trust indenture or agreement or the

resolution providing for the issuance of such bonds may pledge or assign the revenues to be received and provide for the mortgage of any rail facilities or property or any part thereof. Such trust indenture or agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants providing for the repossession and sale by the Authority or any trustees under any trust indenture or agreement of any rail facilities, or part thereof, upon any default under the lease or sale of such rail facilities, setting forth the duties of the Authority in relation to the acquisition of property and the planning, development, acquisition, construction, rehabilitation, establishment, improvement, extension, enlargement, maintenance, repair, operation, and insurance of the rail facilities in connection with which such bonds shall have been authorized; the amounts of rates, rents, fees, and other charges to be charged; the collection of such rates, rents, fees, and other charges; the custody, safeguarding, and application of all moneys; and conditions or limitations with respect to the issuance of additional bonds. It is lawful for any national bank with its main office in the Commonwealth or any other state or any bank or trust company incorporated under the laws of the Commonwealth or another state that may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Any such trust indenture or agreement or resolution may set forth the rights of action by bondholders. In addition to the foregoing, any such trust indenture or agreement or resolution may contain such other provisions as the Authority may deem reasonable and proper for the security of the bondholders, including, without limitation, provisions for the assignment to a corporate trustee or escrow agent of any rights of the Authority in any project owned by, or leases or sales of any rail facilities made by, the Authority. All expenses incurred in carrying out the provisions of such trust indenture or agreement or resolution or other agreements relating to any rail facilities, including those to which the Authority may not be a party, may be treated as a part of the cost of the operation of the rail facilities.

J. No obligation of the Authority shall be deemed to constitute a debt, or pledge of the faith and credit, of the Commonwealth or of any other political subdivision thereof but shall be payable solely from the revenues and other funds of the Authority pledged thereto, excluding revenues provided from the Commonwealth Rail Fund pursuant to § 33.2-1526.4. All such obligations shall contain on the face thereof a statement to the effect that the Commonwealth, any political subdivision thereof, and the Authority shall not be obligated to pay the same or the interest thereon except from revenues and other funds of the Authority pledged thereto, and that neither the faith and credit nor the taxing power of the Commonwealth or of any political subdivision thereof is pledged to the payment of the principal of or the interest on such obligations.

K. Any bonds or refunding bonds issued under the provisions of this article and any transfer of such bonds shall at all times be free from Commonwealth and local taxation. The interest on the bonds and any refunding bonds or bond anticipation notes shall at all times be exempt from taxation by the Commonwealth and by any political subdivision thereof.

L. Neither the directors of the Board nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof.

M. Any holder of bonds issued under the provisions of this article or any of the coupons appertaining thereto, and the trustee under any trust indenture or agreement or resolution, except to the extent the rights herein given may be restricted by such trust indenture or agreement or resolution authorizing the issuance of such bonds, may either at law or in equity, by suit, action, mandamus, or other proceeding, protect and enforce any and all rights under the laws of the Commonwealth or granted hereunder or under such trust indenture or agreement or resolution and may enforce and compel the performance of all duties required by this article or by such trust indenture or agreement or resolution to be performed by the Authority or by any officer thereof, including the fixing, charging, and collecting of rates, rentals, fees, and other charges.

N. Provision may be made in the proceedings authorizing refunding bonds for the purchase of the refunded bonds in the open market or pursuant to tenders made from time to time where there is available in the escrow or sinking fund for the payment of the refunded bonds a surplus in an amount to be fixed in such proceedings.

O. 1. The Authority is hereby authorized to apply for, execute, and/or endorse applications submitted by private entities or political subdivisions of the Commonwealth to obtain federal credit assistance for one or more qualifying transportation infrastructure projects or facilities to be developed pursuant to the Public-Private Transportation Act of 1995 (§ 33.2-1800 et seq.). Any such application, agreement, and/or endorsement shall not financially obligate the Commonwealth or be construed to implicate the credit of the Commonwealth as security for any such federal credit assistance.

2. The Authority is hereby authorized to pursue or otherwise apply for, and execute, an agreement to obtain financing using a federal credit instrument for project financings otherwise authorized by this article or other acts of assembly.

§ 33.2-295. Deposit and investment of funds.

Bonds issued by the Authority under the provisions of this article are hereby made securities in which all public officers and public bodies of the Commonwealth and its political subdivisions, and all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees, and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities that may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivision of the Commonwealth for any purpose for which the deposit of bonds or obligations of the Commonwealth is now or may hereafter be authorized by law.

§ 33.2-296. Revenues of the Authority.

All moneys received by the Authority pursuant to this article including, without limitation, moneys received from the Commonwealth Rail Fund established pursuant to § 33.2-1526.4, whether as proceeds from the sale of bonds or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this article. The resolution authorizing the bonds of any issue or the trust indenture or agreement or resolution securing such bonds shall provide that any officer with whom, or any bank or trust company with which, such moneys shall be deposited shall act as a trustee of such moneys and shall hold and apply the same for the purposes hereof, subject to such regulations as this article and such trust indenture or agreement or resolution may provide.

§ 33.2-297. Moneys of Authority.

All moneys of the Authority, from whatever source derived, shall be paid to the treasurer of the Authority. Such moneys shall be deposited in the first instance by the treasurer in one or more banks or trust companies, in one or more special accounts. All banks and trust companies are authorized to give such security for such deposits, if required by the Authority. The moneys in such accounts shall be paid out on the warrant or other order of such person or persons as the Authority may authorize to execute such warrants or orders.

§ 33.2-298. Annual budget.

The Authority shall prepare and submit a detailed annual operating plan and budget to the Transportation Board by February 1 of each fiscal year. The Authority shall also prepare and submit for approval any proposed capital expenditures and projects for the following fiscal year to the Transportation Board by February 1. The Transportation Board shall have until May 30 to approve or deny any capital expenditures, and, in the event the Transportation Board has not approved or denied the Authority's proposed capital expenditures by such deadline, such expenditures shall be deemed approved. The operating plan and budget shall be in a form prescribed by the Transportation Board and shall include information on expenditures, indebtedness, and other information as prescribed by the Transportation Board.

§ 33.2-299. Recordkeeping; audits.

A. The accounts and records of the Authority showing the receipt and disbursement of funds from whatever source derived shall be in a form prescribed by governmental generally accepted accounting principles. Such accounts shall correspond as nearly as possible to the accounts and records for such matters maintained by enterprises.

B. The accounts of the Authority shall be audited annually by a certified public accounting firm selected by the Auditor of Public Accounts with the assistance of the Authority through a process of competitive negotiation. The cost of such audit and review shall be borne by the Authority.

C. The Authority shall submit an annual report to the Governor and the General Assembly on or before November 1 of each year. Such report shall contain the audited financial statements of the Authority for the fiscal year ending the preceding June 30.

D. The Board, the General Assembly, or the Governor may at any time request that the Office of the State Inspector General, created pursuant to § 2.2-308, review any area of the Authority's finances or operations.

§ 33.2-299.1. Exemption of Authority from personnel and procurement procedures.

The provisions of the Virginia Personnel Act (§ 2.2-2900 et seq.) and the Virginia Public Procurement Act (§ 2.2-4300 et seq.) shall not apply to the Authority in the exercise of any power conferred under this article. The Authority shall develop and adopt rules governing their procurement procedures. However, such rules adopted for the procurement of professional services with a cost expected to exceed \$80,000 shall be consistent with the provisions of §§ 2.2-4302.2, 2.2-4303.1 and 2.2-4303.2. The initial rules shall be adopted by the Board no later than six months after the first meeting of the Board.

§ 33.2-299.2. Police powers; Authority rules and regulations.

The Authority is empowered to adopt and enforce reasonable rules and regulations governing any and all activities using Authority property. Such rules and regulations shall have the force and effect of law after publication one time in full in a newspaper of general circulation in the county or city where the affected property is located.

§ 33.2-299.3. Governmental function; exemption from taxation.

The exercise of the powers granted by this article will be in all respects for the benefit of the people of the Commonwealth, for the increase of their commerce and prosperity, and for the improvement of their health and living conditions, and as the operation and maintenance of rail facilities by the Authority and the undertaking of activities in the furtherance of the purposes of the Authority will constitute the performance of the essential governmental functions, the Authority shall not be required to pay any taxes or assessments upon any rail facilities or any property acquired or used by the Authority under the provisions of this article or upon the income therefrom, including sales and use taxes on the tangible personal property used in the operations of the Authority. The exemption hereby granted shall not be construed to extend to persons conducting on the premises of any rail facility businesses for which local or state taxes would otherwise be required.

§ 33.2-299.4. Cooperation with federal agencies.

The Authority is empowered to cooperate with, and act as an agent for, the United States or any agency, department, corporation, or instrumentality thereof in the maintenance, development, improvement, and use of rail facilities of the Commonwealth and in any other matter within the purposes, duties, and powers of the Authority.

§ 33.2-299.5. Continuing responsibilities of the Transportation Board and the Department.

The Transportation Board and the Department shall cooperate and assist the Authority in the accomplishment of its purposes as set forth in § 33.2-288.

§ 33.2-299.6. Dissolution of Authority.

Whenever the Board determines that the purposes for which it was created have been substantially fulfilled or are impractical or impossible to accomplish and that all bonds theretofore issued and all other obligations therefore incurred by the Authority have been paid or that cash or a sufficient amount of United States government securities has been deposited for their payment, and upon the approval of the Governor and the General Assembly, the Board may adopt resolutions or ordinances declaring and finding that the Authority should be dissolved and that appropriate articles of dissolution shall be filed with the State Corporation Commission. Upon the filing of such articles of dissolution by the Authority, such dissolution shall become effective and the title to all funds and other property owned by the Authority at the time of such filing shall vest in the Department.

§ 33.2-299.7. Exclusions from the Virginia Freedom of Information Act; proprietary records and trade secrets.

A. Notwithstanding the provisions of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.), the Authority shall keep confidential trade secrets or confidential proprietary information, not publicly available, provided by a private person or entity pursuant to a promise of confidentiality where if such information were made public, the financial interest of the private person or entity could be adversely affected. In order for trade secrets or proprietary information to be excluded from the provisions of the Virginia Freedom of Information Act, the private person or entity shall (i) invoke such exclusion upon submission of the data or other materials for which protection from disclosure is sought, (ii) identify the data or other materials for which protection is sought, and (iii) state the reason why protection is necessary.

B. Notwithstanding the provisions of the Virginia Freedom of Information Act, the Authority shall keep confidential information submitted by a private person, entity, or other party in negotiations with the Authority, where if such information was made public prior to the execution of a business arrangement, the financial interests of bargaining positions of the public or private entity would be adversely affected.

§ 33.2-299.8. Liberal construction.

Neither this article nor anything herein contained is or shall be construed as a restriction or limitation upon any powers that the Authority might otherwise have under any laws of the Commonwealth, and this article is cumulative to any such powers. This article does and shall be construed to provide a complete, additional, and alternative method for the doing of things authorized thereby and shall be regarded as supplemental and additional to power conferred by other laws. However, except as otherwise explicitly provided herein, the issuance of bonds, notes, and other obligations and refunding bonds under the provisions of this article need not comply with the requirements of any other law of the Commonwealth applicable to the issuance of bonds, notes, and other obligations. No proceedings, notice, or approval shall be required for the issuance of any bonds, notes, and other obligations or any instrument as security therefor, except as is provided in this article.

§ 33.2-356. Funding for extraordinary repairs.

Notwithstanding any contrary provision of this Code, the Board has the authority to provide, from revenues available for ~~highway capital improvements under § 33.2-1526~~ construction programs pursuant to § 33.2-358, except for revenues pledged to secure any bonds issued for transportation purposes, for exceptionally heavy expenditures for repairs or replacements made necessary by highway damage resulting from extraordinary accidents, vandalism, weather conditions, or acts of God as well as to respond to federal funding initiatives that require matching funds.

§ 33.2-357. Revenue-sharing funds for systems in certain localities.

A. From revenues made available by the General Assembly and appropriated for the improvement, construction, reconstruction, or maintenance of the systems of state highways, the Board may make an equivalent matching allocation to any locality for designations by the governing body of up to \$5 million for use by the locality to improve, construct, maintain, or reconstruct the highway systems within such locality with up to \$2.5 million for use by the locality to maintain the highway systems within such locality. After adopting a resolution supporting the action, the governing body of the locality may request revenue-sharing funds to improve, construct, reconstruct, or maintain a highway system located in another locality or between two or more localities or to bring subdivision streets, used as such prior to the date specified in § 33.2-335, up to standards sufficient to qualify them for inclusion in the primary or secondary state highway system. All requests for funding shall be accompanied by a prioritized listing of specified projects.

B. In allocating funds under this section, the Board shall give priority to projects as follows: first, to projects that have previously received an allocation of funds pursuant to this section; second, to projects that (i) meet a transportation need identified in the Statewide Transportation Plan pursuant to § 33.2-353 or (ii) accelerate a project in a locality's capital plan; and third, to projects that address pavement resurfacing and bridge rehabilitation projects where the maintenance needs analysis determines that the infrastructure does not meet the Department's maintenance performance targets.

C. The Department shall contract with the locality for the implementation of the project. Such contract may cover either a single project or may provide for the locality's implementation of several projects. The locality shall undertake implementation of the particular project by obtaining the necessary permits from the Department in order to ensure that the improvement is consistent with the Department's standards for such improvements. At the request of the locality, the Department may provide the locality with engineering, right-of-way acquisition, construction, or maintenance services for a project with its own forces. The locality shall provide payment to the Department for any such services. If administered by the Department, such contract shall also require that the governing body of the locality pay to the Department within 30 days the local revenue-sharing funds upon written notice by the Department of its intent to proceed. Any project having funds allocated under this program shall be initiated in such a fashion that at least a portion of such funds have been

expended within one year of allocation. Any revenue-sharing funds for projects not initiated after two subsequent fiscal years of allocation may be reallocated at the discretion of the Board.

D. Total Commonwealth funds allocated by the Board under this section shall not exceed the greater of \$100 million or seven percent of funds available for distribution pursuant to subsection *D B* of § 33.2-358 prior to the distribution of funds pursuant to this section, whichever is greater, in each fiscal year, subject to appropriation for such purpose. For any fiscal year in which less than the full program allocation has been allocated by the Board to specific governing bodies, those localities requesting the maximum allocation under subsection A may be allowed an additional allocation at the discretion of the Board.

E. The funds allocated by the Board under this section shall be distributed and administered in accordance with the revenue-sharing program guidelines established by the Board.

§ 33.2-358. Allocation of funds to programs.

A. For the purposes of this section:

"Bridge reconstruction and rehabilitation" means reconstruction and rehabilitation of those bridges identified by the Department as being functionally obsolete or structurally deficient.

"High priority projects" means those projects of regional or statewide significance identified by the Board that reduce congestion, increase safety, create jobs, or increase economic development.

"High-tech infrastructure improvements" means those projects or programs identified by the Board that reduce congestion, improve mobility, improve safety, provide up-to-date travel data, or improve emergency response.

B. The Board shall allocate each year from all funds made available for highway purposes such amount as it deems reasonable and necessary for the maintenance of roads within the Interstate System, the primary state highway system, and the secondary state highway system and for city and town street maintenance payments made pursuant to § 33.2-319 and payments made to counties that have withdrawn or elect to withdraw from the secondary state highway system pursuant to § 33.2-366.

C. Until July 1, 2020, after funds are set aside for administrative and general expenses and pursuant to other provisions in this title that provide for the disposition of funds prior to allocation for highway purposes, and after allocation is made pursuant to subsection B, the Board shall allocate an amount determined by the Board not to exceed \$500 million in any given year as follows: (i) 25 percent to bridge reconstruction and rehabilitation; (ii) 25 percent to advancing high priority projects statewide; (iii) 25 percent to reconstructing deteriorated Interstate System, primary state highway system, and municipality maintained primary extension pavements determined to have a Combined Condition Index of less than 60; (iv) 15 percent to projects undertaken pursuant to the Public-Private Transportation Act of 1995 (§ 33.2-1800 et seq.); (v) five percent to paving or improving unpaved highways carrying more than 50 vehicles per day; and (vi) five percent to the Innovation and Technology Transportation Fund established pursuant to § 33.2-1531 for high-tech infrastructure improvements, provided that at the discretion of the Board such percentages of funds may be adjusted in any given year to meet project cash flow needs or when funds cannot be expended due to legal, environmental, or other project management considerations. After such allocations are made, the Board may allocate each year up to 10 percent of the funds remaining for highway purposes for the undertaking and financing of rail projects that in the Board's determination will result in mitigation of highway congestion. After the foregoing allocations have been made, the Board shall allocate the remaining funds available for highway purposes, exclusive of federal funds for the Interstate System, pursuant to § 33.2-360 and any funds not allocated to a project in the Six-Year Improvement Program as follows:

50 percent for the high-priority projects program established pursuant to § 33.2-370 and 50 percent for the highway construction district grant programs established pursuant to § 33.2-371.

D. For funds allocated for fiscal years beginning on and after July 1, 2020, after B. After funds are set aside for administrative and general expenses and pursuant to other provisions in this title that provide for the disposition of funds prior to allocation for highway purposes *construction programs*, and after allocation is made pursuant to subsection B A, the Board shall allocate all remaining funds, including funds apportioned pursuant to 23 U.S.C. § 104, or any successor programs, as follows:

1. ~~Forty-five~~ *Thirty* percent of the remaining funds to state of good repair purposes as set forth in § 33.2-369;
2. ~~Twenty-seven and one-half~~ *Twenty* percent of the remaining funds to the high-priority projects program established pursuant to § 33.2-370; and

E. The funds allocated in subsection C or D shall not include any federal funds and related state match for federal funds with restrictions regarding the construction of general capacity expansion of roadways, or federal funds not under the control of the Board. Such exclusion shall not include restrictions on the location of projects to specific road classifications. C. The funds allocated in subsection B shall not include the following funds: Congestion Mitigation Air Quality funds apportioned to the state pursuant to 23 U.S.C. § 104(b)(4), or any successor program, and any state matching funds; Surface Transportation Block Grant set-aside for Transportation Alternatives pursuant to 23 U.S.C. § 213, or any successor

program, and any state matching funds; Surface Transportation Block Grant Program funds subject to 23 U.S.C. § 133(d)(1)(A)(i), or any successor program, and any state matching funds; and funds received pursuant to federal programs established by the federal government after June 30, 2020, with specific rules that include major restrictions on the types of projects that may be funded, excluding restrictions on the location of projects with regard to highway functional or administrative classification or population, provided such funds are under the control of the Board.

F. D. In addition, the Board, from funds appropriated for such purpose in the general appropriation act, shall allocate additional funds to the Cities of Newport News, Norfolk, and Portsmouth and the County of Warren in such manner and apportion such funds among such localities as the Board may determine, unless otherwise provided in the general appropriation act. The localities shall use such funds to address highway maintenance and repair needs created by or associated with port operations in those localities.

G. E. Notwithstanding the provisions of this section, the General Assembly may, through the general appropriation act, permit the Governor to increase the amounts to be allocated to highway maintenance, highway construction, either or both.

§ 33.2-365. Allocation of proceeds of Commonwealth of Virginia Transportation Capital Projects Revenue Bonds.

Such reports shall be included in the scope of the annual audit of each county conducted by independent certified public accountants.

§ 33.2-372. Interstate Operations and Enhancement Program.

A. The Board shall establish the Interstate Operations and Enhancement Program (the Program) to improve the safety, reliability, and travel flow along interstate highway corridors in the Commonwealth.

B. The Board may use funds in the Program to address identified needs in the Statewide Transportation Plan pursuant to § 33.2-353 or an interstate corridor plan approved by the Board through (i) operational and transportation demand management strategies and (ii) other transportation improvements, strategies, or services.

C. The Board, with the assistance of the Office of Intermodal Planning and Investment, shall establish a process to evaluate and prioritize potential strategies and improvements, with priority given first to operational and transportation demand management strategies that improve reliability and safety of travel.

D. The Board may not use funds in the Program to supplant existing levels of support as of July 1, 2019, for existing operational and transportation demand management strategies.

E. The Board shall distribute to the Interstate 81 Corridor Improvement Fund established pursuant to 33.2-3601 an amount equal to the revenues provided to the Program multiplied by the ratio of the vehicle miles traveled on Interstate 81 by vehicles classified as Class 6 or higher by the Federal Highway Administration to the total vehicle miles traveled on all interstate highways in the Commonwealth by vehicles classified as Class 6 or higher.

F. The Board shall distribute to the Northern Virginia Transportation Authority Fund established pursuant to § 33.2-2509 an amount equal to the revenues provided to the Program multiplied by the ratio of vehicle miles traveled on interstate highways in Planning District 8 by vehicles classified as Class 6 or higher by the Federal Highway Administration to the total vehicle miles traveled on all interstate highways in the Commonwealth by vehicles classified as Class 6 or higher.

G. For any interstate highway with more than 10 percent of total vehicle miles traveled by vehicles classified as Class 6 or higher by the Federal Highway Administration, the Board shall ensure that the total long-term expenditure for each interstate highway shall be approximately equal to the proportion of the total revenue deposited in the Fund attributable to each interstate highway based on such interstate highway's proportional share of interstate vehicle miles traveled by vehicles classified as Class 6 or higher.

§ 33.2-373. Virginia Highway Safety Improvement Program.

A. The Board shall establish the Virginia Highway Safety Improvement Program (the Program) to reduce motorized and nonmotorized fatalities and severe injuries on highways in the Commonwealth, whether such highways are state or locally maintained. The Board shall use funds set aside pursuant to § 33.2-358 for the Program.

B. Beginning in fiscal year 2024, the Board shall, after program administration costs, allocate the funds in accordance with its adopted investment strategy pursuant to subsection C as follows:

2. At least 29 percent for strategies and activities to address behavioral causes of crashes that result in fatalities and severe injuries; and

3. The remaining amount for eligible purposes under this section pursuant to the investment strategy adopted pursuant to subsection C.

C. The Board shall adopt an investment strategy to guide the investments of the Program. The strategy shall cover a period of at least five years and seek to achieve a significant reduction in the anticipated number of fatalities and severe injuries over the covered period and shall give priority to projects, strategies, and activities based on the expected reduction in fatalities and severe injuries relative to cost, including improvements that are widely implemented based on a high-risk roadway feature that is correlated with a particular crash type, rather than crash frequency.

§ 33.2-374. Special Structure Program.

A. For purposes of this section, "special structure" means very large, indispensable, and unique bridges and tunnels identified by the Commissioner and approved by the Commonwealth Transportation Board.

B. The General Assembly declares it to be in the public interest that the maintenance, rehabilitation, and replacement of special structures in the Commonwealth occur timely as to provide and protect a safe and efficient highway system.

C. The Board shall establish a program for the maintenance, rehabilitation, and replacement of special structures in the Commonwealth. With the assistance of the Department of Transportation, the Board shall develop and maintain a plan for the maintenance, rehabilitation, and replacement of special structures in the Commonwealth. § 33.2-1502. Creation of the Virginia Transportation Infrastructure Bank.

A. There is hereby created in the state treasury a special nonreverting, revolving loan fund, known as the Virginia Transportation Infrastructure Bank, that is a subfund of the Transportation Trust Fund established pursuant to § 33.2-1524. 33.2-1524.1. The Bank shall be established on the books of the Comptroller. The Bank shall be capitalized with (i) two-thirds of all interest, dividends, and appreciation that may accrue to the Transportation Trust Fund and the Highway Maintenance and Operating Fund funds pursuant to subdivision B 3 of § 33.2-1524 and (ii) moneys appropriated by the General Assembly and credited to the Bank. Disbursements from the Bank shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Commissioner of Highways or his designee. Payments on project obligations and interest earned on the moneys in the Bank shall be credited to the Bank. Any moneys remaining in the Bank, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Bank. Notwithstanding anything to the contrary set forth in this article or in the management agreement, the Board will have the right to determine the projects for which loans or other financial assistance may be provided by the Bank. Moneys in the Bank shall be used solely for the purposes enumerated in subsection C.

B. The Board, the manager, and the Secretary of Finance are authorized to enter into a management agreement which may include provisions (i) setting forth the terms and conditions under which the manager will advise the Board on the financial propriety of providing particular loans or other financial assistance; (ii) setting forth the terms and conditions under which the substantive requirements of subsections C, D, and E and § 33.2-1505 will be applied and administered; and (iii) authorizing the manager to request the Board to disburse from the moneys in the Bank the reasonable costs and expenses the manager may incur in the management and administration of the Bank and a reasonable fee to be approved by the Board for the manager's management and administrative services.

C. 1. Moneys deposited in the Bank shall be used for the purpose of making loans and other financial assistance to finance projects.

2. Each project obligation shall be payable, in whole or in part, from reliable repayment sources pledged for such purpose.

3. The interest rate on a project obligation shall be determined by reference to the current market rates for comparable obligations, the nature of the project and the financing structure therefor, and the creditworthiness of the eligible borrower and other project sponsors.

4. The repayment schedule for each project obligation shall require (i) the amortization of principal beginning within five years following the later of substantial project completion or the date of incurrence of the project obligation and (ii) a final maturity date of not more than 35 years following substantial project completion.

D. The pledge of reliable repayment sources and other property securing any project obligation may be subordinate to the pledge securing any other senior debt obligations incurred to finance the project.

E. Notwithstanding subdivision C 4, the manager may at any time following substantial project completion defer payments on a project obligation if the project is unable to generate sufficient revenues to pay the scheduled payments.

F. No loan or other financial assistance may be provided or committed to be provided by the Bank in a manner that would cause such loan or other financial assistance to be tax-supported debt within the meaning of § 2.2-2713 or be deemed to constitute a debt of the Commonwealth or a pledge of the full faith and credit of the Commonwealth but shall be payable solely from legally available moneys held by the Bank.

G. Neither the Bank nor the manager is authorized or empowered to be or to constitute (i) a bank or trust company within the jurisdiction or under the control of the Commonwealth or an agency thereof or the Comptroller of Currency of the U.S. Treasury Department or (ii) a bank, banker, or dealer in securities within the meaning of, or subject to the provisions of, any securities, securities exchange, or securities dealers law of the United States or of the Commonwealth.

H. The Board or the manager may establish or direct the establishment of federal and state accounts or subaccounts as may be necessary to meet any applicable federal law requirements or desirable for the efficient administration of the Bank in accordance with this article.

§ 33.2-1510. Fund for access roads and bikeways to public recreational areas and historical sites; construction, maintenance, etc., of such facilities.

A. The General Assembly finds and declares that there is an increasing demand by the public for more public recreational areas throughout the Commonwealth, therefore creating a need for more access to these areas. There are also many sites of historical significance to which access is needed.

The General Assembly hereby declares it to be in the public interest that access roads and bikeways to public recreational areas and historical sites be provided by using funds obtained from motor fuel tax collections on motor fuel used for propelling boats and ships and funds contained in the highway portion of the Transportation Trust Fund.

B. (Effective until July 1, 2020) The Board shall, from funds allocated to the primary system, secondary system, or urban system, set aside the sum of \$3 million initially. This fund shall be expended by the Board for the construction, reconstruction, maintenance, or improvement of access roads and bikeways within localities. At the close of each succeeding fiscal year, the Board shall replenish this fund to the extent it deems necessary to carry out the purpose intended, provided the balance in the fund plus the replenishment does not exceed \$3 million.

B. (Effective July 1, 2020) Prior to making allocations pursuant to subsection *D B* of § 33.2-358, the Board shall set aside the sum of \$3 million initially. This fund shall be expended by the Board for the construction, reconstruction, maintenance, or improvement of access roads and bikeways within localities. At the close of each succeeding fiscal year, the Board shall replenish this fund to the extent it deems necessary to carry out the purpose intended, provided the balance in the fund plus the replenishment does not exceed \$3 million.

C. Upon the setting aside of the funds as provided in this section, the Board shall construct, reconstruct, maintain, or improve access roads and bikeways to public recreational areas and historical sites upon the following conditions:

1. When the Director of the Department of Conservation and Recreation has designated a public recreational area as such or when the Director of the Department of Historic Resources has determined a site or area to be historic and recommends to the Board that an access road or bikeway be provided or maintained to that area;

2. When the Board pursuant to the recommendation from the Director of the Department of Conservation and Recreation declares by resolution that the access road or bikeway be provided or maintained;

3. When the governing body of the locality in which the access road or bikeway is to be provided or maintained passes a resolution requesting the road; and

4. When the governing body of the locality in which the bikeway is to be provided or maintained adopts an ordinance pursuant to Article 7 (§ 15.2-2280 et seq.) of Chapter 22 of Title 15.2.

No access road or bikeway shall be constructed, reconstructed, maintained, or improved on privately owned property.

D. Any access road constructed, reconstructed, maintained, or improved pursuant to the provisions of this section shall become part of the primary state highway system, the secondary state highway system, or the road system of the locality in which it is located in the manner provided by law and shall thereafter be constructed, reconstructed, maintained, and improved as other roads or highways in such systems. Any bikeway path constructed, reconstructed, maintained, or improved pursuant to the provisions of this section that is not situated within the right-of-way limits of an access road that has become, or which is to become, part of the primary state highway system, the secondary state highway system, or the road system of the locality shall, upon completion, become part of and be regulated and maintained by the authority or agency maintaining the public recreational area or historical site. It shall be the responsibility of the authority, agency, or locality requesting that a bikeway be provided for a public recreational or historical site to provide the right-of-way needed for the construction, reconstruction, maintenance, or improvement of the bikeway if such is to be situated outside the right-of-way limits of an access road.

To maximize the impact of the Fund, not more than \$400,000 of recreational access funds may be allocated for each individual access road project to or within any public recreational area or historical site operated by a state agency and not more than \$250,000 of recreational access funds may be allocated for each individual access road project to or within a public recreational area or historical site operated by a locality or an authority with an additional \$100,000 if supplemented on a dollar-for-dollar basis by the locality or authority from other than highway sources. Not more than \$75,000 of recreational access funds may be allocated for each individual bikeway project to a public recreational area or historical site operated by a state agency and not more than \$60,000 of recreational access funds may be allocated for each individual bikeway project to a public recreational area or historical site operated by a locality or an authority with an additional \$15,000 if supplemented on a dollar-for-dollar basis by a locality or authority from other than highway sources.

The Board, with the concurrence of the Director of the Department of Conservation and Recreation, is hereby authorized to establish guidelines to carry out the provisions of this section.

Any funds remaining in the Commonwealth Transit Capital Fund at the end of the biennium shall not revert to the general fund, but shall remain in the Commonwealth Transit Capital Fund. Interest earned on funds within the Commonwealth Transit Capital Fund shall remain in and be credited to the Commonwealth Transit Capital Fund.

C. Proceeds of the Commonwealth Transit Capital Fund may be paid to any political subdivision, another public entity created by an act of the General Assembly, or a private entity as defined in § 33.2-1800 and for purposes as enumerated in subdivision 7 of § 33.2-1701 or expended by the Department of Rail and Public Transportation for the purposes specified in this subsection. C. The Board shall establish guidelines for the implementation the Program and review such guidelines, at a minimum, every five years. The funds in the Program shall be awarded such that on a five-year rolling average, the amount of funds awarded to each urbanized area shall be equal to a ratio of the population within the Commonwealth of such urbanized area compared to the total population within the Commonwealth of all eligible urbanized areas. The Board may through an affirmative vote of a majority of the members vote to waive this requirement for a period not to exceed two years when they find there is a need that justifies such waiver.

D. Notwithstanding the provisions of this section, the Board shall use an amount not to exceed 25 percent of the funds available to support the establishment of programs to reduce the impact of fares on low-income individuals, including reduced-fare programs and elimination of fares. The restrictions in subsection A shall not apply to funds used pursuant to this subsection.

E. The Board shall report annually to the Governor and the General Assembly on the projects and services funded by the Program. The report shall, at a minimum, include an analysis of the performance of the funded projects, the performance of the identified routes of regional significance, transit ridership, efforts funded pursuant to subsection E, and any other information the Board determines to be appropriate.

§ 33.2-1526.4. Commonwealth Rail Fund.

B. There is hereby established in the state treasury a special nonreverting fund to be known as the Commonwealth Rail Fund (the Fund). The Fund shall be established on the books of the Comptroller and shall consist of funds dedicated pursuant to subdivision 3 of § 33.2-1524.1. All such bonds shall state on their face that the Commonwealth is not obligated to pay the same or the interest thereon except from the special fund provided therefor from tolls and revenues under this chapter, from bond proceeds or earnings thereon, and from any other available sources of funds, and that the full faith and credit of the Commonwealth are not pledged to the payment of the principal or interest of such bonds. The issuance of such revenue bonds under the provisions of this chapter shall not directly or indirectly or contingently obligate the Commonwealth to levy or to pledge any form of taxation whatever therefor or to make any appropriation for their payment, other than appropriate available funds derived as revenues from tolls and charges under this chapter or derived from bond proceeds or earnings thereon and from any other available sources of funds.

The issuance of such revenue bonds under the provisions of this chapter shall not directly or indirectly or contingently obligate the Commonwealth to levy or to pledge any form of taxation whatever or to make any appropriation for their payment, other than to appropriate available funds derived as revenues under this chapter from the sources set forth in clauses (i) and (iii). Nothing in this chapter shall be construed to obligate the General Assembly to make any appropriation of the funds set forth in clause (ii) or (iv) for payment of such bonds.

C. Commonwealth of Virginia Transportation Revenue Bonds issued under the provisions of this chapter shall not be deemed to constitute a debt of the Commonwealth or a pledge of the full faith and credit of the Commonwealth, but such bonds shall be payable solely from the funds provided therefor pursuant to this chapter (i) from revenues received from the U.S. Route 58 Corridor Development Fund established pursuant to § 33.2-2300, subject to their appropriation by the General Assembly; (ii) to the extent required, from revenues legally available from the Transportation Trust Fund; and (iii) to the extent required, from any other legally available funds that may be appropriated by the General Assembly.

§ 33.2-1803. Approval by the responsible public entity.

A. The private entity may request approval by the responsible public entity. Any such request shall be accompanied by the following material and information unless waived by the responsible public entity in its guidelines or other instructions given, in writing, to the private entity with respect to the transportation facility or facilities that the private entity proposes to develop and/or operate as a qualifying transportation facility:

1. A topographic map (1:2,000 or other appropriate scale) indicating the location of the transportation facility or facilities;

2. A description of the transportation facility or facilities, including the conceptual design of such facility or facilities and all proposed interconnections with other transportation facilities;

3. The proposed date for development and/or operation of the transportation facility or facilities along with an estimate of the life-cycle cost of the transportation facility as proposed;

4. A statement setting forth the method by which the private entity proposes to secure any property interests required for the transportation facility or facilities;

5. Information relating to the current transportation plans, if any, of each affected locality or public entity;

6. A list of all permits and approvals required for developing and/or operating improvements to the transportation facility or facilities from local, state, or federal agencies and a projected schedule for obtaining such permits and approvals;

7. A list of public utility's, locality's, or political subdivision's facilities, if any, that will be crossed by the transportation facility or facilities and a statement of the plans of the private entity to accommodate such crossings;

8. A statement setting forth the private entity's general plans for developing and/or operating the transportation facility or facilities, including identification of any revenue, public or private, or proposed debt or equity investment or concession proposed by the private entity;

9. The names and addresses of the persons who may be contacted for further information concerning the request;

10. Information on how the private entity's proposal will address the needs identified in the appropriate state, regional, or local transportation plan by improving safety, reducing congestion, increasing capacity, enhancing economic efficiency, or any combination thereof;

11. A statement of the risks, liabilities, and responsibilities to be transferred, assigned, or assumed by the private entity for the development and/or operation of the transportation facility, including revenue risk and operations and maintenance; and

12. Such additional material and information as the responsible public entity may reasonably request pursuant to its guidelines or other written instructions.

B. The responsible public entity may request proposals from private entities for the development and/or operation of transportation facilities subject to the following:

1. For transportation facilities where the Department of Transportation, *the Virginia Passenger Rail Authority*, or the Department of Rail and Public Transportation is the responsible public entity, the Transportation Public-Private Partnership Steering Committee established pursuant to § 33.2-1803.2 has determined that moving forward with the development and/or operation of the facility pursuant to this article serves the best interest of the public.

2. A finding of public interest pursuant to § 33.2-1803.1 has been issued by the responsible public entity.

3. The responsible public entity shall not charge a fee to cover the costs of processing, reviewing, and evaluating proposals received in response to such requests.

C. The responsible public entity may grant approval of the development and/or operation of the transportation facility or facilities as a qualifying transportation facility if the responsible public entity determines that it is in the best interest of the public. The responsible public entity may determine that the development and/or operation of the transportation facility or facilities as a qualifying transportation facility serves the best interest of the public if:

1. The private entity can develop and/or operate the transportation facility or facilities with a public contribution amount that is less than the maximum public contribution determined pursuant to subsection A of § 33.2-1803.1:1 for transportation facilities where the Department of Transportation, *the Virginia Passenger Rail Authority*, or the Department of Rail and Public Transportation is the responsible public entity;

2. There is a public need for the transportation facility or facilities the private entity proposes to develop and/or operate as a qualifying transportation facility and for transportation facilities where the Department of Transportation or the

Department of Rail and Public Transportation is the responsible public entity, such facility or facilities meet a need included in the plan developed pursuant to § 33.2-353;

3. The plan for the development and/or operation of the transportation facility or facilities is anticipated to have significant benefits as determined pursuant to subdivision B 1 of § 33.2-1803.1;

4. The private entity's plans will result in the timely development and/or operation of the transportation facility or facilities or their more efficient operation; and

5. The risks, liabilities, and responsibilities transferred, assigned, or assumed by the private entity provide sufficient benefits to the public to not proceed with the development and/or operation of the transportation facility through other means of procurement available to the responsible public entity.

In evaluating any request, the responsible public entity may rely upon internal staff reports prepared by personnel familiar with the operation of similar facilities or the advice of outside advisors or consultants having relevant experience.

D. The responsible public entity shall not enter into a comprehensive agreement unless the chief executive officer of the responsible public entity certifies in writing to the Governor and the General Assembly that:

1. The finding of public interest issued pursuant to § 33.2-1803.1 is still valid;

2. The transfer, assignment, and assumption of risks, liabilities, and permitting responsibilities and the mitigation of revenue risk by the private sector have not materially changed since the finding of public interest was issued pursuant to § 33.2-1803.1; and

3. The public contribution requested by the private entity does not exceed the maximum public contribution determined pursuant to subsection A of § 33.2-1803.1:1.

Changes to the project scope that do not impact the assignment of risks or liabilities or the mitigation of revenue risk shall not be considered material changes to the finding of public interest, provided that such changes were presented in a public meeting to the Commonwealth Transportation Board, other state board, or the governing body of a locality, as appropriate.

E. The responsible public entity may charge a reasonable fee to cover the costs of processing, reviewing, and evaluating the request submitted by a private entity pursuant to subsection A, including reasonable attorney fees and fees for financial and other necessary advisors or consultants. The responsible public entity shall also develop guidelines that establish the process for the acceptance and review of a proposal from a private entity pursuant to subsections A, B, C, and D. Such guidelines shall establish a specific schedule for review of the proposal by the responsible public entity, a process for alteration of that schedule by the responsible public entity if it deems that changes are necessary because of the scope or complexity of proposals it receives, the process for receipt and review of competing proposals, and the type and amount of information that is necessary for adequate review of proposals in each stage of review. For qualifying transportation facilities that have approved or pending state and federal environmental clearances, have secured significant right-of-way, have previously allocated significant state or federal funding, or exhibit other circumstances that could reasonably reduce the amount of time to develop and/or operate the qualifying transportation facility in accordance with the purpose of this chapter, the guidelines shall provide for a prioritized documentation, review, and selection process.

F. The approval of the responsible public entity shall be subject to the private entity's entering into an interim agreement or a comprehensive agreement with the responsible public entity. For any project with an estimated construction cost of over \$50 million, the responsible public entity also shall require the private entity to pay the costs for an independent audit of any and all traffic and cost estimates associated with the private entity's proposal, as well as a review of all public costs and potential liabilities to which taxpayers could be exposed (including improvements to other transportation facilities that may be needed as a result of the proposal, failure by the private entity to reimburse the responsible public entity for services provided, and potential risk and liability in the event the private entity defaults on the comprehensive agreement or on bonds issued for the project). This independent audit shall be conducted by an independent consultant selected by the responsible public entity, and all such information from such review shall be fully disclosed.

G. In connection with its approval of the development and/or operation of the transportation facility or facilities as a qualifying transportation facility, the responsible public entity shall establish a date for the acquisition of or the beginning of construction of or improvements to the qualifying transportation facility. The responsible public entity may extend such date.

H. The responsible public entity shall take appropriate action, as more specifically set forth in its guidelines, to protect confidential and proprietary information provided by the private entity pursuant to an agreement under subdivision 11 of § 2.2-3705.6.

I. The responsible public entity may also apply for, execute, and/or endorse applications submitted by private entities to obtain federal credit assistance for qualifying projects developed and/or operated pursuant to this chapter.

§ 33.2-1803.1. Finding of public interest.

A. Prior to the meeting of the Committee pursuant to subsection C of § 33.2-1803.2, the chief executive officer of the responsible public entity shall make a finding of public interest. Such finding shall include information set forth in subsection B. For transportation facilities where the Department of Transportation, *the Virginia Passenger Rail Authority*, or the Department of Rail and Public Transportation is the responsible public entity, the Secretary of Transportation, in his role as chairman of the Board, must concur with the finding of public interest.

B. At a minimum, a finding of public interest shall contain the following information:

1. A description of the benefits expected to be realized by the responsible public entity through the development and/or operation of the transportation facility, including person throughput, congestion mitigation, safety, economic development, environmental quality, and land use.

2. An analysis of the public contribution necessary for the development and/or operation of the facility or facilities pursuant to subsection A of § 33.2-1803.1:1, including a maximum public contribution that will be allowed under the procurement.

3. A description of the benefits expected to be realized by the responsible public entity through the use of this chapter compared with the development and/or operation of the transportation facility through other options available to the responsible public entity.

4. A statement of the risks, liabilities, and responsibilities to be transferred, assigned, or assumed by the private entity, which shall include the following:

a. A discussion of whether revenue risk will be transferred to the private entity and the degree to which any such transfer may be mitigated through other provisions in the interim or comprehensive agreements;

b. A description of the risks, liabilities, and responsibilities to be retained by the responsible public entity; and

c. Other items determined appropriate by the responsible public entity in the guidelines for this chapter.

5. The determination of whether the project has a high, medium, or low level of project delivery risk and a description of how such determination was made. If the qualifying transportation facility is determined to contain high risk, a description of how the public's interest will be protected through the transfer, assignment, or assumption of risks or responsibilities by the private entity in the event that issues arise with the development and/or operation of the qualifying transportation facility.

6. If the responsible public entity proposes to enter into an interim or comprehensive agreement pursuant to subdivision 2 of § 33.2-1819, information and the rationale demonstrating that proceeding in this manner is more beneficial than proceeding pursuant to subdivision 1 of § 33.2-1819.

§ 33.2-1803.1:1. Public sector analysis and competition.

A. For any transportation facility under consideration for development and/or operation under this chapter by the Department of Transportation, *the Virginia Passenger Rail Authority*, or the Department of Rail and Public Transportation, the responsible public entity shall ensure competition throughout the procurement process by developing a public sector option based on the analysis conducted in subsection B. The public sector option shall identify a maximum public contribution.

B. The responsible public entity shall undertake, in cooperation with the Secretary of Transportation and the Secretary of Finance, a public sector analysis of the cost for the responsible entity to develop and/or operate the transportation facility or facilities being considered for development and/or operation pursuant to this chapter. At a minimum, such analysis shall contain the following information:

1. Any mitigation of risk of user-fee financing through assumptions related to competing facilities, compensation for high usage of the facility by high-occupancy vehicles, or other considerations that may mitigate the risk of user-fee financing.

2. Whether the Department of Transportation, *the Virginia Passenger Rail Authority*, or the Department of Rail and Public Transportation intends to maintain and operate the facility, or if the public sector option is based on the transfer of such responsibilities to the private sector.

3. Public contribution, if any, that would still be required to cover all costs necessary for the development and/or operation of the transportation facility in excess of financing available should the General Assembly authorize the use of debt secured by a pledge of net revenues derived from rates, fees, or other charges and the full faith and credit of the Commonwealth pursuant to Article X, Section 9 (c) of the Constitution of Virginia.

4. Funds provided to support nonuser fee generating components of the project that contribute to the benefits expected to be realized from the transportation facility pursuant to subdivision B 1 of § 33.2-1803.1.

§ 33.2-1803.2. Transportation Public-Private Partnership Steering Committee.

A. There is hereby established the Transportation Public-Private Partnership Steering Committee (the Committee) to evaluate and review financing options for the development and/or operation of transportation facility or facilities.

The Committee shall consist of the following members:

1. Two members of the Commonwealth Transportation Board;

2. The staff director of the House Committee on Appropriations, or his designee, and the staff director of the Senate Committee on Finance, or his designee;

3. A Deputy Secretary of Transportation who shall serve as the chairman;

4. The chief financial officer of either the Department of Transportation or the Department of Rail and Public Transportation, as appropriate; and

5. A nonagency public financial expert, as selected by the Secretary of Transportation.

B. Prior to the initiation of any procurement pursuant to § 33.2-1803 by the Department of Transportation, *the Virginia Passenger Rail Authority*, or the Department of Rail and Public Transportation, the Committee shall meet to review the public sector analysis and competition developed pursuant to § 33.2-1803.1:1 and concur that:

1. The assumptions regarding the project scope, benefits, and costs of the public sector option developed pursuant to § 33.2-1803.1:1 were fully and reasonably developed;

2. The assumed financing costs and valuation of both financial and construction risk mitigation included in the public sector option are financially sound and reflect the best interest of the public; and

3. The terms sheet developed for the proposed procurement contains all necessary elements.

C. After receipt of responses to the request for qualifications, but prior to the issuance of the first draft request for proposals, the Committee shall meet to determine that the development and/or operation of the transportation facility or facilities as a qualifying transportation facility serves the public interest pursuant to § 33.2-1803.1. If the Committee makes an affirmative determination, as evidenced by an affirmative vote of a majority of the members of the Committee, the Department of Transportation or the Department of Rail and Public Transportation may proceed with the procurement pursuant to § 33.2-1803.

D. Meetings of the Committee shall be open to the public, and meetings will be scheduled on an as-needed basis. However, the Committee may convene a closed session pursuant to the provisions of subdivisions A 6 and 29 of § 2.2-3711 to allow the Committee to review the public sector analysis and competition and to review proposals received pursuant to a request for qualifications.

E. The Committee shall, within 10 business days of any meeting, report on the findings of such meeting. Such report shall be made to the Chairmen of the House and Senate Committees on Transportation, the House Committee on Appropriations, and the Senate Committee on Finance.

F. Within 60 days of the execution of a comprehensive agreement pursuant to § 33.2-1803, the Department of Transportation or the Department of Rail and Public Transportation, as appropriate, shall, in closed session, brief the Committee on the details of the final bids received and the details of the evaluation of such bids.

§ 33.2-1809. Interim agreement.

A. Prior to or in connection with the negotiation of the comprehensive agreement, the responsible public entity may enter into an interim agreement with the private entity proposing the development and/or operation of the facility or facilities. C. The Department of Transportation, *the Virginia Passenger Rail Authority*, and the Department of Rail and Public Transportation shall not enter into an interim agreement for the development of a transportation facility under this chapter that either (i) establishes a process and timing of the negotiations of the comprehensive agreement or (ii) allows for competitive negotiations as set forth in § 2.2-4302.2.

Allocations from the Fund may be paid to any authority, locality, or commission for the purposes specified in § 33.2-2301.

§ 33.2-2301. U.S. Route 58 Corridor Development Program.

A. The General Assembly declares it to be in the public interest that the economic development needs and economic growth potential of south-central and Southwest Virginia be addressed by the Fund. Moneys contained in the Fund shall be used for the costs of providing an adequate, modern, safe, and efficient highway system, generally along Virginia's southern boundary (the Program), including environmental and engineering studies, rights-of-way acquisition, construction, improvements, and financing costs.

B. Allocations from the Fund shall be made annually by the Commonwealth Transportation Board for the creation and enhancement of a safe, efficient highway system connecting the communities, businesses, places of employment, and residents of the southwestern-most portion of the Commonwealth to the communities, businesses, places of employment, and residents of the southeastern-most portion of the Commonwealth, thereby enhancing the economic development potential, employment opportunities, mobility, and quality along such highway.

C. Allocations from the Fund shall not diminish or replace allocations made or planned to be made from other sources or diminish allocations to which any highway, project, facility, district, system, or locality would be entitled under other provisions of this title, but shall be supplemental to other allocations to the end that highway resource improvements in the U.S. Route 58 Corridor may be accelerated and augmented. Notwithstanding any contrary provisions of this title, allocations from the Fund may be applied to highway projects in the Interstate System, primary or secondary state highway

system, or urban highway system. Allocations under this subsection shall not be limited to projects involving only existing U.S. Route 58 but may be made to projects involving other highways, provided that the broader goal of creation of an adequate modern highway system generally along Virginia's southern boundary is served thereby.

The Commonwealth Transportation Board may expend such funds from all sources as may be lawfully available to initiate the Program and to support bonds and other obligations referenced in subsection F. Any moneys expended from the Transportation Trust Fund for the Program, other than moneys contained in the Fund, may be reimbursed from the Fund, to the extent permitted by Article X, Section 9 of the Constitution of Virginia.

No bond or other obligations payable from revenues of the Fund shall be issued unless specifically approved by the General Assembly. No bond or other obligations, secured in whole or in part by revenues of the Fund, shall pledge the full faith and credit of the Commonwealth.

G. Forty million dollars shall be transferred annually to the Fund with the first such transfer to be made on July 1, 1990, or as soon thereafter as reasonably practicable. Such transfer shall be made by the issuance of a treasury loan at no interest in the amount of \$40 million to the Fund to ensure that the Fund is fully funded on the first day of the fiscal year. Such treasury loan shall be repaid from the Commonwealth's portion of the state recordation tax imposed by Chapter 8 (§ 58.1-800 et seq.) of Title 58.1 designated for the Fund by § 33.2-2300 *Commonwealth Transportation Fund pursuant to subsection C of § 33.2-1524*. A. In addition to any other fee imposed and collected by the Department, the Department shall impose and collect a service charge upon each person who carries out the registration renewal of a vehicle in any of the Department's Customer Service Centers if such registration can be conducted (i) by mail or telephone or by using an electronic medium using a format prescribed by the Commissioner, or (ii) through an agent of the Department that has entered into an agreement with the Department to perform certain services as described in subsection B of § 46.2-205. The Commissioner may, on a case-by-case basis, waive such fee for good cause shown. All such fees shall be paid by the Commissioner into the state treasury and set aside as a special fund to be used to meet the necessary expenses incurred by the Department.

If the applicant for a driver's license is an employee of the Commonwealth, or of any county, city, or town who drives a motorcycle or a commercial motor vehicle solely in the line of his duty, he shall be exempt from the additional fee otherwise assessable for a motorcycle classification or a commercial motor vehicle endorsement. The Commissioner may prescribe the forms as may be requisite for completion by persons claiming exemption from additional fees imposed by this section.

No additional fee above \$2.40 per year shall be assessed for the driver's license or commercial driver's license required for the operation of a school bus.

Excluding the \$2 reexamination fee, \$1.50 of all fees collected for each original or renewal driver's license shall be paid into the driver education fund of the state treasury and expended as provided by law. Unexpended funds from the driver education fund shall be retained in the fund and be available for expenditure in ensuing years as provided therein.

"Use a handheld mobile telephone" means using at least one hand to hold a mobile telephone to conduct a voice communication; dialing or answering a mobile telephone by pressing more than a single button; or reaching for a mobile telephone in a manner that requires a driver to maneuver so that he is no longer in a seated driving position, restrained by a seat belt that is installed in accordance with 49 C.F.R. § 393.93 and adjusted in accordance with the vehicle manufacturer's instructions.

§ 46.2-341.20:6. Prohibition on requiring use of handheld mobile telephone or texting; motor carrier penalty.

A. The annual registration fees for motor vehicles, trailers, and semitrailers designed and used for the transportation of passengers on the highways in the Commonwealth are:

1. ~~Thirty-three~~ *a. Twenty-three* dollars for each private passenger car or motor home if the passenger car or motor home weighs 4,000 pounds or less, provided that it is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire, or is not operated under a lease without a chauffeur; however, the fee provided under this subdivision shall apply to a private passenger car or motor home that weighs 4,000 pounds or less and is used as a TNC partner vehicle as defined in § 46.2-2000.

b. Thirty-three dollars for each motor home if the motor home weighs 4,000 pounds or less, provided that it is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire, or is not operated under a lease without a chauffeur.

2. ~~Thirty-eight~~ *a. Twenty-eight* dollars for each private passenger car or motor home that weighs more than 4,000 pounds, provided that it is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire, or is not operated under a lease without a chauffeur; however, the fee provided under this subdivision shall

Thirty cents per 100 pounds or major fraction thereof for a private motor vehicle other than a motorcycle with a normal seating capacity of more than 10 adults, including the driver, if the private motor vehicle is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire or is not operated under a lease without a chauffeur. In no case shall the fee be less than \$23 if the vehicle weighs 4,000 pounds or less or \$28 if the vehicle weighs more than 4,000 pounds.

Such total mileage in each instance is the estimated total mileage to be traveled by such vehicles during the license year for which such fees are paid, subject to the adjustment in accordance with an audit to be made by representatives of the Commissioner at the end of such license year, the expense of such audit to be borne by the carrier being audited. Each vehicle passing into or through Virginia shall be registered and licensed in Virginia and the annual registration fee to be paid for each such vehicle shall not be less than \$33. 12. Thirteen dollars plus \$0.70 per 100 pounds or major fraction thereof for other passenger-carrying vehicles.

13. An additional fee of \$4.25 per year shall be charged and collected at the time of registration of each pickup or panel truck and each motor vehicle under subdivisions 1 through 12. All funds collected from \$4 of the \$4.25 fee shall be paid into the state treasury and shall be set aside as a special fund to be used only for emergency medical services purposes. The moneys in the special emergency medical services fund shall be distributed as follows:

a. Two percent shall be distributed to the State Department of Health to provide funding to the Virginia Association of Volunteer Rescue Squads to be used solely for the purpose of conducting volunteer recruitment, retention, and training activities;

b. Thirty percent shall be distributed to the State Department of Health to support (i) emergency medical services training programs (excluding advanced life support classes); (ii) advanced life support training; (iii) recruitment and

retention programs (all funds for such support shall be used to recruit and retain volunteer emergency medical services personnel only, including public awareness campaigns, technical assistance programs, and similar activities); (iv) emergency medical services system development, initiatives, and priorities based on needs identified by the State Emergency Medical Services Advisory Board; (v) local, regional, and statewide performance contracts for emergency medical services to meet the objectives stipulated in § 32.1-111.3; (vi) technology and radio communication enhancements; and (vii) improved emergency preparedness and response. Any funds set aside for distribution under this provision and remaining undistributed at the end of any fiscal year shall revert to the Rescue Squad Assistance Fund;

c. Thirty-two percent shall be distributed to the Rescue Squad Assistance Fund;

d. Ten percent shall be available to the State Department of Health's Office of Emergency Medical Services for use in emergency medical services; and

e. Twenty-six percent shall be returned by the Comptroller to the locality wherein such vehicle is registered, to provide funding for training of volunteer or salaried emergency medical services personnel of nonprofit emergency medical services agencies that hold a valid license issued by the Commissioner of Health and for the purchase of necessary equipment and supplies for use in such locality for emergency medical services provided by nonprofit emergency medical services agencies that hold a valid license issued by the Commissioner of Health.

All revenues generated by the remaining \$0.25 of the \$4.25 fee approved by the 2008 Session of the General Assembly shall be deposited into the Rescue Squad Assistance Fund and used only to pay for the costs associated with the certification and recertification training of emergency medical services personnel.

The Comptroller shall clearly designate on the warrant, check, or other means of transmitting these funds that such moneys are only to be used for purposes set forth in this subdivision. Such funds shall be in addition to any local appropriations and local governing bodies shall not use these funds to supplant local funds. Each local governing body shall report annually to the Board of Health on the use of the funds returned to it pursuant to this section. In any case in which the local governing body grants the funds to a regional emergency medical services council to be distributed to the nonprofit emergency medical services agency that holds a valid license issued by the Commissioner of Health, the local governing body shall remain responsible for the proper use of the funds. If, at the end of any fiscal year, a report on the use of the funds returned to the locality pursuant to this section for that year has not been received from a local governing body, any funds due to that local governing body for the next fiscal year shall be retained until such time as the report has been submitted to the Board.

B. All motor vehicles, trailers, and semitrailers registered as provided in subsection B of § 46.2-646 shall pay a registration fee equal to one-twelfth of all fees required by subsection A of this section or § 46.2-697 for such motor vehicle, trailer, or semitrailer, computed to the nearest cent, multiplied by the number of months in the registration period for such motor vehicles, trailers, and semitrailers.

C. The manufacturer's shipping weight or scale weight shall be used for computing all fees required by this section to be based upon the weight of the vehicle.

D. The applicant for registration bears the burden of proof that the vehicle for which registration is sought is entitled by weight, design, and use to be registered at the fee tendered by the applicant to the Commissioner or to his authorized agent.

§ 46.2-697. (Contingent expiration date) Fees for vehicles not designed or used for transportation of passengers.

A. Except as otherwise provided in this section, the fee for registration of all motor vehicles not designed and used for the transportation of passengers shall be \$23 plus an amount determined by the gross weight of the vehicle or combination of vehicles of which it is a part, when loaded to the maximum capacity for which it is registered and licensed, according to the schedule of fees set forth in this section. For each 1,000 pounds of gross weight, or major fraction thereof, for which any such vehicle is registered, there shall be paid to the Commissioner the fee indicated in the following schedule immediately opposite the weight group and under the classification established by the provisions of subsection B of § 46.2-711 into which such vehicle, or any combination of vehicles of which it is a part, falls when loaded to the maximum capacity for which it is registered and licensed. The fee for a pickup or panel truck shall be ~~\$33~~ \$23 if its gross weight is 4,000 pounds or less, and ~~\$38~~ \$28 if its gross weight is 4,001 pounds through 6,500 pounds. The fee shall be ~~\$39~~ \$32 for any motor vehicle with a gross weight of 6,501 pounds through 10,000 pounds.

For all such motor vehicles exceeding a gross weight of 6,500 pounds, an additional fee of ~~five dollars~~ \$5 shall be imposed.

B. In lieu of registering any motor vehicle referred to in this section for an entire licensing year, the owner may elect to register the vehicle only for one or more quarters of a licensing year, and in such case, the fee shall be ~~twenty-five~~ 25 percent of the annual fee plus ~~five dollars~~ \$5 for each quarter that the vehicle is registered.

C. When an owner elects to register and license a motor vehicle under subsection B of ~~this section~~, the provisions of §§ 46.2-646 and 46.2-688 shall not apply.

D. Notwithstanding any other provision of law, no vehicle designed, equipped, and used to tow disabled or inoperable motor vehicles shall be required to register in accordance with any gross weight other than the gross weight of the towing vehicle itself, exclusive of any vehicle being towed.

E. All registrations and licenses issued for less than a full year shall expire on the date shown on the license and registration.

§ 46.2-752. Taxes and license fees imposed by counties, cities, and towns; limitations on amounts; disposition of revenues; requiring evidence of payment of personal property taxes and certain fines; prohibiting display of licenses after expiration; failure to display valid local license required by other localities; penalty.

A. Except as provided in § 46.2-755, counties, cities, and towns may levy and assess taxes and charge license fees on motor vehicles, trailers, and semitrailers. However, none of these taxes and license fees shall be assessed or charged by any county on vehicles owned by residents of any town located in the county when such town constitutes a separate school district if the vehicles are already subject to town license fees and taxes, nor shall a town charge a license fee to any new resident of the town, previously a resident of a county within which all or part of the town is situated, who has previously paid a license fee for the same tax year to such county. The amount of the license fee or tax imposed by any county, city, or town on any motor vehicle, trailer, or semitrailer shall not be greater than the annual or one-year fee imposed by the Commonwealth on the motor vehicle, trailer, or semitrailer *in effect on January 1, 2020*. The license fees and taxes shall be imposed in such manner, on such basis, for such periods, and subject to proration for fractional periods of years, as the proper local authorities may determine.

Owners or lessees of motor vehicles, trailers, and semitrailers who have served outside of the United States in the armed services of the United States shall have a 90-day grace period, beginning on the date they are no longer serving outside the United States, in which to comply with the requirements of this section. For purposes of this section, "the armed services of the United States" includes active duty service with the regular Armed Forces of the United States or the National Guard or other reserve component.

In the case of active members of volunteer emergency medical services agencies and active members of volunteer fire departments, applications for such licenses shall be accompanied by written evidence, in a form acceptable to the locality, of their active affiliation or membership, and no member of an emergency medical services agency or member of a volunteer fire department shall be issued more than one such license free of charge,
12. All vehicles having a situs for the imposition of licensing fees under this section in the locality,

20. Vehicles owned or leased by members of the Virginia Defense Force; however, no member of the Virginia Defense Force shall be issued more than one such license free of charge.

The governing body of any county, city, or town issuing licenses under this section may by ordinance provide for a 50 percent reduction in the fee charged for the issuance of any such license issued for any vehicle owned or leased by any person who is 65 years old or older. No such discount, however, shall be available for more than one vehicle owned or leased by the same person.

The governing body of any county, city, or town issuing licenses free of charge under this subsection may by ordinance provide for (i) the limitation, restriction, or denial of such free issuance to an otherwise qualified applicant, including without limitation the denial of free issuance to a taxpayer who has failed to timely pay personal property taxes due with respect to the vehicle and (ii) the grounds for such limitation, restriction, or denial.

The situs for the imposition of licensing fees under this section shall in all cases, except as hereinafter provided, be the county, city, or town in which the motor vehicle, trailer, or semitrailer is normally garaged, stored, or parked. If it cannot be determined where the personal property is normally garaged, stored, or parked, the situs shall be the domicile of its owner. In the event the owner of the motor vehicle is a full-time student attending an institution of higher education, the situs shall be the domicile of such student, provided the student has presented sufficient evidence that he has paid a personal property tax on the motor vehicle in his domicile.

B. The revenue derived from all county, city, or town taxes and license fees imposed on motor vehicles, trailers, or semitrailers shall be applied to general county, city, or town purposes.

C. A county, city, or town may require that no motor vehicle, trailer, or semitrailer shall be locally licensed until the applicant has produced satisfactory evidence that all personal property taxes on the motor vehicle, trailer, or semitrailer to be licensed have been paid and satisfactory evidence that any delinquent motor vehicle, trailer, or semitrailer personal property taxes owing have been paid which have been properly assessed or are assessable against the applicant by the county, city, or town. A county, city, or town may also provide that no motor vehicle license shall be issued unless the tangible personal property taxes properly assessed or assessable by that locality on any tangible personal property used or usable as a dwelling titled by the Department of Motor Vehicles and owned by the taxpayer have been paid. Any county and any town within any such county may by agreement require that all personal property taxes assessed by either the county or the town on any vehicle be paid before licensure of such vehicle by either the county or the town.

C1. The Counties of Dinwiddie, Lee, and Wise may, by ordinance or resolution adopted after public notice and hearing and, with the consent of the treasurer, require that no license may be issued under this section unless the applicant has produced satisfactory evidence that all fees, including delinquent fees, payable to such county or local solid waste authority, for the disposal of solid waste pursuant to the Virginia Water and Waste Authorities Act (§ 15.2-5100 et seq.), or pursuant to § 15.2-2159, have been paid in full. For purposes of this subsection, all fees, including delinquent fees, payable to a county

for waste disposal services described herein, shall be paid to the treasurer of such county; however, in Wise County, the fee shall be paid to the county or its agent.

D. The Counties of Arlington, Fairfax, Loudoun, and Prince William and towns within them and any city may require that no motor vehicle, trailer, or semitrailer shall be licensed by that jurisdiction unless all fines owed to the jurisdiction by the owner of the vehicle, trailer, or semitrailer for violation of the jurisdiction's ordinances governing parking of vehicles have been paid. The provisions of this subsection shall not apply to vehicles owned by firms or companies in the business of renting motor vehicles.

E. If in any county imposing license fees and taxes under this section, a town therein imposes like fees and taxes on vehicles of owners resident in the town, the owner of any vehicle subject to the fees or taxes shall be entitled, on the owner's displaying evidence that he has paid the fees or taxes, to receive a credit on the fees or taxes imposed by the county to the extent of the fees or taxes he has paid to the town. Nothing in this section shall deprive any town now imposing these licenses and taxes from increasing them or deprive any town not now imposing them from hereafter doing so, but subject to the limitations provided in subsection D. The governing body of any county and the governing body of any town in that county wherein each imposes the license tax herein provided may provide mutual agreements so that not more than one license plate or decal in addition to the state plate shall be required.

F. Notwithstanding the provisions of subsection E, in a consolidated county wherein a tier-city exists, the tier-city may, in accordance with the provisions of the agreement or plan of consolidation, impose license fees and taxes under this section in addition to those fees and taxes imposed by the county, provided that the combined county and tier-city rates do not exceed the maximum provided in subsection A. No credit shall be allowed on the fees or taxes imposed by the county for fees or taxes paid to the tier-city, except as may be provided by the consolidation agreement or plan. The governing body of any county and the governing body of any tier-city in such county wherein each imposes the license tax herein may provide by mutual agreement that no more than one license plate or decal in addition to the state license plate shall be required.

G. Any county, city, or town may by ordinance provide that it shall be unlawful for any owner or operator of a motor vehicle, trailer, or semitrailer (i) to fail to obtain and, if any required by such ordinance, to display the local license required by any ordinance of the county, city or town in which the vehicle is registered, or (ii) to display upon a motor vehicle, trailer, or semitrailer any such local license, required by ordinance to be displayed, after its expiration date. The ordinance may provide that a violation shall constitute a misdemeanor the penalty for which shall not exceed that of a Class 4 misdemeanor and may, in the case of a motor vehicle registered to a resident of the locality where such vehicle is registered, authorize the issuance by local law-enforcement officers of citations, summonses, parking tickets, or uniform traffic summonses for violations. Any such ordinance may also provide that a violation of the ordinance by the registered owner of the vehicle may not be discharged by payment of a fine except upon presentation of satisfactory evidence that the required license has been obtained. Nothing in this section shall be construed to require a county, city, or town to issue a decal or any other tangible evidence of a local license to be displayed on the licensed vehicle if the county's, city's, or town's ordinance does not require display of a decal or other evidence of payment. No ordinance adopted pursuant to this section shall require the display of any local license, decal, or sticker on any vehicle owned by a public service company, as defined in § 56-76, having a fleet of at least 2,500 vehicles garaged in the Commonwealth.

H. Except as provided by subsections E and F, no vehicle shall be subject to taxation under the provisions of this section in more than one jurisdiction. Furthermore, no person who has purchased a local vehicle license, decal, or sticker for a vehicle in one county, city, or town and then moves to and garages his vehicle in another county, city, or town shall be required to purchase another local license, decal, or sticker from the county, city, or town to which he has moved and wherein his vehicle is now garaged until the expiration date of the local license, decal, or sticker issued by the county, city, or town from which he moved.

I. Purchasers of new or used motor vehicles shall be allowed at least a 10-day grace period, beginning with the date of purchase, during which to pay license fees charged by local governments under authority of this section.

J. The treasurer or director of finance of any county, city, or town may enter into an agreement with the Commissioner whereby the Commissioner will refuse to issue or renew any vehicle registration of any applicant therefor who owes to such county, city, or town any local vehicle license fees or delinquent tangible personal property tax or parking citations. Before being issued any vehicle registration or renewal of such license or registration by the Commissioner, the applicant shall first satisfy all such local vehicle license fees and delinquent taxes or parking citations and present evidence satisfactory to the Commissioner that all such local vehicle license fees and delinquent taxes or parking citations have been paid in full. However, a vehicle purchased by an applicant subsequent to the onset of enforcement action under this subsection may be issued an initial registration for a period of up to 90 days to allow the applicant to satisfy all applicable requirements under this subsection, provided that a fee sufficient for the registration period, as calculated under subsection B of § 46.2-694, is paid. Such initial registration shall not be eligible for the one-month registration extension provided for in § 46.2-646.2 for this same purpose. The Commissioner shall charge a reasonable fee to cover the costs of such enforcement action, and the treasurer or director of finance may add the cost of this fee to the delinquent tax bill or the amount of the parking citation. The treasurer or director of finance of any county, city, or town seeking to collect delinquent taxes or parking citations through the withholding of registration or renewal thereof by the Commissioner as provided for in this subsection shall notify the Commissioner in the manner provided for in his agreement with the Commissioner and supply to the Commissioner information necessary to identify the debtor whose registration or renewal is to be denied. Any agreement entered into pursuant to the provisions of this subsection shall provide the debtor notice of the intent to deny renewal of

registration or issuance of registration for any currently unregistered vehicle at least 30 days prior to the expiration date of a current vehicle registration. For the purposes of this subsection, notice by first-class mail to the registrant's address as maintained in the records of the Department of Motor Vehicles shall be deemed sufficient. In the case of parking violations, the Commissioner shall only refuse to issue or renew the vehicle registration of any applicant therefor pursuant to this subsection for the vehicle that incurred the parking violations. The provisions of this subsection shall not apply to vehicles owned by firms or companies in the business of renting motor vehicles.

K. The governing bodies of any two or more counties, cities, or towns may enter into compacts for the regional enforcement of local motor vehicle license requirements. The governing body of each participating jurisdiction may by ordinance require the owner or operator of any motor vehicle, trailer, or semitrailer to display on his vehicle a valid local license issued by another county, city, or town that is a party to the regional compact, provided that the owner or operator is required by the jurisdiction of situs, as provided in § 58.1-3511, to obtain and display such license. The ordinance may also provide that no motor vehicle, trailer, or semitrailer shall be locally licensed until the applicant has produced satisfactory evidence that (i) all personal property taxes on the motor vehicle, trailer, or semitrailer to be licensed have been paid to all participating jurisdictions and (ii) any delinquent motor vehicle, trailer, or semitrailer personal property taxes that have been properly assessed or are assessable by any participating jurisdiction against the applicant have been paid. Any city and any county having the urban county executive form of government, the counties adjacent to such county and towns within them may require that no motor vehicle, trailer, or semitrailer shall be licensed by that jurisdiction or any other jurisdiction in the compact unless all fines owed to any participating jurisdiction by the owner of the vehicle for violation of any participating jurisdiction's ordinances governing parking of vehicles have been paid. The ordinance may further provide that a violation shall constitute a misdemeanor the penalty for which shall not exceed that of a Class 4 misdemeanor. Any such ordinance may also provide that a violation of the ordinance by the owner of the vehicle may not be discharged by payment of a fine and applicable court costs except upon presentation of satisfactory evidence that the required license has been obtained. The provisions of this subsection shall not apply to vehicles owned by firms or companies in the business of renting motor vehicles.

L. In addition to the taxes and license fees permitted in subsection A, counties, cities, and towns may charge a license fee of no more than \$1 per motor vehicle, trailer, and semitrailer. Except for the provisions of subsection B, such fee shall be subject to all other provisions of this section. All funds collected pursuant to this subsection shall be paid pursuant to § 51.1-1204 to the Volunteer Firefighters' and Rescue Squad Workers' Service Award Fund to the accounts of all members of the Fund who are volunteers for fire departments or emergency medical services agencies within the jurisdiction of the particular county, city, or town.

M. In any county, the county treasurer or comparable officer and the treasurer of any town located wholly or partially within such county may enter into a reciprocal agreement, with the approval of the respective local governing bodies, that provides for the town treasurer to collect license fees or taxes on any motor vehicle, trailer, or semitrailer owed to the county that are non-delinquent, delinquent, or both or for the county treasurer to collect license fees or taxes on any motor vehicle, trailer, or semitrailer owed to the town that are non-delinquent, delinquent, or both. A treasurer or comparable officer collecting any such license fee or tax pursuant to an agreement entered into under this subsection shall account for and pay over such amounts to the locality owed such license fee or tax in the same manner as provided by law. As used in this subsection, with regard to towns, "treasurer" means the town officer or employee vested with authority by the charter, statute, or governing body to collect local taxes.

N. For any summons issued for a violation of this section, the court may, in its discretion, dismiss the summons, where proof of compliance with this section is provided to the court on or before the court date.

CHAPTER 7.

HIGHWAY USE FEE AND MILEAGE-BASED USER FEE PROGRAM.

§ 46.2-770. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Alternative fuel vehicle" means a vehicle equipped to be powered by a combustible gas, liquid, or other source of energy that can be used to generate power to operate a highway vehicle and that is neither a motor fuel nor electricity used to recharge an electric motor vehicle or a hybrid electric motor vehicle.

"Electric motor vehicle" means a vehicle that uses electricity as its only source of motive power.

"Fuel-efficient vehicle" means a vehicle that has a combined fuel economy of 25 miles per gallon or greater.

§ 46.2-771. Purpose.

The purpose of this chapter is to ensure more equitable contributions to the Commonwealth Transportation Fund from alternative fuel vehicles, electric motor vehicles, and fuel-efficient vehicles using highways in the Commonwealth.

§ 46.2-772. Highway use fee.

A. Except as provided in subsection C, there is hereby imposed an annual highway use fee on any motor vehicle registered in the Commonwealth under § 46.2-694 or 46.2-697 that is an alternative fuel vehicle, an electric motor vehicle, or a fuel-efficient vehicle. The fee shall be collected by the Department at the time of vehicle registration. If the vehicle is registered for a period of other than one year as provided in § 46.2-646, the highway use fee shall be multiplied by the number of years or fraction thereof that the vehicle will be registered.

B. For an electric motor vehicle, the highway use fee shall be 85 percent of the amount of taxes paid under subsection A of § 58.1-2217 on fuel used by a vehicle with a combined fuel economy of 23.7 miles per gallon for the average

number of miles traveled by a passenger vehicle in the Commonwealth, as determined by the Commissioner. For all other fuel-efficient vehicles, the highway use fee shall be 85 percent of the difference between the tax paid under subsection A of § 58.1-2217 on the fuel used by a vehicle with a combined fuel economy of 23.7 miles per gallon for the average number of miles traveled by a passenger vehicle in the Commonwealth in a year, as determined by the Commissioner, and the tax paid under subsection A of § 58.1-2217 on the fuel used by the vehicle being registered for the average number of miles traveled by a passenger vehicle in the Commonwealth in a year, as determined by the Commissioner.

For purposes of this chapter, the Commissioner shall use combined fuel economy as determined by the manufacturer of the vehicle. If the Commissioner is unable to obtain the manufacturer's fuel economy for a vehicle, then the Commissioner shall use the final estimate of average fuel economy, as determined by the U.S. Environmental Protection Agency, of (i) all trucks having the same model year as the vehicle being registered, if the vehicle has a gross weight between 6,000 pounds and 10,000 pounds, or (ii) all cars having the same model year as the vehicle. If data is not available for the model year of the vehicle being registered, then the Commissioner shall use available data for the model year that is closest to the model year of the vehicle being registered.

The Commissioner shall update the fees calculated under this section by July 1 of each year.

C. This section shall not apply to:

1. An autocycle, moped, or motorcycle;
2. A vehicle with a gross weight over 10,000 pounds;
3. A vehicle that is owned by a governmental entity as defined in § 58.1-2201; or
4. A vehicle that is registered under the International Registration Plan.

A vehicle shall not be subject to the fee set forth in this section in any year in which such vehicle is registered to participate in the mileage-based user fee program established pursuant to § 46.2-773.

§ 46.2-773. Mileage-based user fee program.

A. There is hereby established a mileage-based user fee program. The program shall be a voluntary program that allows owners of vehicles subject to the highway use fee pursuant to § 46.2-772 to pay a mileage-based fee in lieu of the highway use fee. No owner of a motor vehicle registered in the Commonwealth shall be required to participate in the program established pursuant to this section.

B. In any year that an owner pays the fee set forth in this section, such owner shall not be subject to the fee set forth in § 46.2-772 for the same vehicle. In no case shall the fees paid pursuant to this section during a 12-month period exceed the annual highway use fee that would have otherwise been paid.

C. The fee schedule for the mileage-based user fee program shall be calculated by dividing the amount of the highway use fee as determined pursuant to subsection B of § 46.2-772 by the average number of miles traveled by a passenger vehicle in the Commonwealth to determine a fee per mile driven.

D. The Department shall establish procedures for the collection of the fees set forth in this section. Such procedures may limit the total number of participants during the first four years of the program.

§ 46.2-774. Distribution of revenues.

All revenues collected pursuant to this chapter shall be used first to pay for the direct cost of administration of this chapter by the Department, and then shall be deposited into the Commonwealth Transportation Fund established pursuant to § 33.2-1524.

§ 46.2-1158. Frequency of inspection; scope of inspection.

Motor vehicles, trailers, and semitrailers required to be inspected pursuant to the provisions of § 46.2-1157 shall be reinspected within 12 months of the month of the first inspection and at least once every 12 months thereafter.

Each inspection shall be a complete inspection. A reinspection of a rejected vehicle by the same station during the period of validity of the rejection sticker on such vehicle, however, need only include an inspection of the item or items previously found defective unless there is found an obvious defect that would warrant further rejection of the vehicle.

A rejection sticker shall be valid for 15 calendar days beyond the day of issuance, *during which time the operator of the vehicle shall not be charged for a violation of vehicle equipment requirements set forth in Article 3 (§ 46.2-1010 et seq.) through Article 9 (§ 46.2-1066 et seq.) for such vehicle.* A complete inspection shall be performed on any vehicle bearing an expired rejection sticker.

The completion of the conversion process for a converted electric vehicle shall invalidate any inspection of such vehicle conducted in accordance with this section prior to the conversion. Following the initial inspection of a converted electric vehicle, as required under § 46.2-602.3 and the provisions of this chapter, such vehicle shall be reinspected in accordance with this section.

§ 46.2-1158.02. Penalty for failure to have motor vehicle inspection.

A. Notwithstanding the penalty provisions of § 46.2-1171, a violation of § 46.2-1158 constitutes a traffic infraction. § 58.1-608.3. Entitlement to certain sales tax revenues.

A. As used in this section, the following words and terms have the following meanings, unless some other meaning is plainly intended:

"Bonds" means any obligations of a municipality for the payment of money.

"Cost," as applied to any public facility or to extensions or additions to any public facility, includes: (i) the purchase price of any public facility acquired by the municipality or the cost of acquiring all of the capital stock of the corporation owning the public facility and the amount to be paid to discharge any obligations in order to vest title to the public facility or any part of it in the municipality; (ii) expenses incident to determining the feasibility or practicability of the public facility; (iii) the cost of plans and specifications, surveys and estimates of costs and of revenues; (iv) the cost of all land, property, rights, easements and franchises acquired; (v) the cost of improvements, property or equipment; (vi) the cost of engineering, legal and other professional services; (vii) the cost of construction or reconstruction; (viii) the cost of all labor, materials, machinery and equipment; (ix) financing charges; (x) interest before and during construction and for up to one year after completion of construction; (xi) start-up costs and operating capital; (xii) payments by a municipality of its share of the cost of any multijurisdictional public facility; (xiii) administrative expense; (xiv) any amounts to be deposited to reserve or replacement funds; and (xv) other expenses as may be necessary or incident to the financing of the public facility. Any obligation or expense incurred by the public facility in connection with any of the foregoing items of cost may be regarded as a part of the cost.

"Municipality" means any county, city, town, authority, commission, or other public entity.

"Public facility" means (i) any auditorium, coliseum, convention center, or conference center, which is owned by a Virginia county, city, town, authority, or other public entity and where exhibits, meetings, conferences, conventions, seminars, or similar public events may be conducted; (ii) any hotel which is owned by a foundation whose sole purpose is to benefit a baccalaureate public institution of higher education in the Commonwealth and which is attached to and is an integral part of such facility, together with any lands reasonably necessary for the conduct of the operation of such events; (iii) any hotel which is attached to and is an integral part of such facility; (iv) any hotel that is adjacent to a convention center owned by a public entity and where the hotel owner enters into a public-private partnership whereby the locality contributes infrastructure, real property, or conference space; or (v) a sports complex consisting of a minor league baseball stadium and related tournament, training, and parking facilities, where a municipality owns a component of the sports complex. However, such public facility must be located in the City of Fredericksburg, City of Hampton, City of Lynchburg, City of Newport News, City of Norfolk, City of Portsmouth, City of Richmond, City of Roanoke, City of Salem, City of Staunton, City of Suffolk, City of Virginia Beach, City of Winchester, or Town of Wise. Any property, real, personal, or mixed, which is necessary or desirable in connection with any such auditorium, coliseum, convention center, sports complex, or conference center, including, without limitation, facilities for food preparation and serving, parking facilities, and office space, is encompassed within this definition. However, structures commonly referred to as "shopping centers" or "malls" shall not constitute a public facility hereunder. A public facility shall not include residential condominiums, townhomes, or other residential units. In addition, only a new public facility, or a public facility which will undergo a substantial and significant renovation or expansion, shall be eligible under subsection C. A new public facility is one whose construction began after December 31, 1991. A substantial and significant renovation entails a project whose cost is at least 50 percent of the original cost of the facility being renovated and shall have begun after December 31, 1991. A substantial and significant expansion entails an increase in floor space of at least 50 percent over that existing in the preexisting facility and shall have begun after December 31, 1991; or an increase in floor space of at least 10 percent over that existing in a public facility that qualified as such under this section and was constructed after December 31, 1991.

"Sales tax revenues" means such tax collections realized under the Virginia Retail Sales and Use Tax Act (§ 58.1-600 et seq.), as limited herein. "Sales tax revenues" does not include the revenue generated by (i) the 0.5 percent sales and use tax increase enacted by the 1986 Special Session of the General Assembly which shall be paid to the *Commonwealth Transportation Trust Fund* as defined in established pursuant to § 33.2-1524, (ii) the 1.0 percent of the state sales and use tax revenue distributed among the counties and cities of the Commonwealth pursuant to subsection D of § 58.1-638 on the

basis of school age population, or (iii) any sales and use tax revenues generated by increases or allocation changes imposed by the 2013 Session of the General Assembly.

B. Notwithstanding the definition of "public facility" in subsection A, a development project that meets the requirements for a "development of regional impact" set forth herein shall be deemed to be a public facility under the provisions of this section. The locality in which the public facility is located shall be entitled to all sales tax revenues generated by transactions taking place at such public facility solely to pay the cost of any bonds issued to pay the cost, or portion thereof, of such public facility pursuant to subsection C. For purposes of this subsection, the development of regional impact must be located in the City of Bristol.

For purposes of this subsection, a "development of regional impact" means a development project (i) towards which the locality contributes infrastructure or real property as part of a public-private partnership with the developer that is equal to at least 20 percent of the aggregate cost of development, (ii) that is reasonably expected to require a capital investment of at least \$50 million, (iii) that is reasonably expected to generate at least \$5 million annually in state sales and use tax revenue from sales within the development, (iv) that is reasonably expected to attract at least one million visitors annually, (v) that is reasonably expected to create at least 2,000 permanent jobs, (vi) that is located in a locality that had a rate of unemployment at least three percentage points higher than the statewide average in November 2011, and (vii) that is located in a locality that is adjacent to a state that has adopted a Border Region Retail Tourism Development District Act. Within 30 days from the date of notification by a locality that it intends to contribute infrastructure or real property as part of a public-private partnership with the developer of a development of regional impact, the Department of Taxation shall review the findings of the locality with respect to clauses (i) through (vi) and shall file a written report with the Chairmen of the House Committee on Finance, the House Committee on Appropriations, and the Senate Committee on Finance.

C. Any municipality which has issued bonds (i) after December 31, 1991, but before January 1, 1996, (ii) on or after January 1, 1998, but before July 1, 1999, (iii) on or after January 1, 1999, but before July 1, 2001, (iv) on or after July 1, 2000, but before July 1, 2003, (v) on or after July 1, 2001, but before July 1, 2005, (vi) on or after July 1, 2004, but before July 1, 2007, (vii) on or after July 1, 2009, but before July 1, 2012, (viii) on or after January 1, 2011, but prior to July 1, 2015, or (ix) on or after January 1, 2013, but prior to July 1, 2020, to pay the cost, or portion thereof, of any public facility shall be entitled to all sales tax revenues generated by transactions taking place in such public facility. In the case of a public facility described in clause (v) of the definition of public facility, all such sales tax revenues shall be applied solely to repayment of the bonds issued to pay the cost, or portion thereof, of the municipality-owned component of the sports complex. Such entitlement shall continue for the lifetime of such bonds, or any refinancing or refunding thereof, but in no event shall such entitlement exceed 35 years from the initial date that any bonds were issued to pay the cost, or a portion thereof, of any public facility, and all such sales tax revenues shall be applied to repayment of the bonds. The State Comptroller shall remit such sales tax revenues to the municipality on a quarterly basis, subject to such reasonable processing delays as may be required by the Department of Taxation to calculate the actual net sales tax revenues derived from the public facility. The State Comptroller shall make such remittances to eligible municipalities, as provided herein, notwithstanding any provisions to the contrary in the Virginia Retail Sales and Use Tax Act (§ 58.1-600 et seq.). No such remittances shall be made until construction is completed and, in the case of a renovation or expansion, until the governing body of the municipality has certified that the renovation or expansion is completed; however, in the case of any public facility consisting of more than one building or structure, such remittances shall be made on a quarterly basis beginning with the first quarter in which any sales tax revenue is generated by transactions taking place at any building or structure within such public facility, whether or not construction of all or any portion, phase, building, or structure of such public facility has been completed.

D. Nothing in this section shall be construed as authorizing the pledging of the faith and credit of the Commonwealth of Virginia, or any of its revenues, for the payment of any bonds. Any appropriation made pursuant to this section shall be made only from sales tax revenues derived from the public facility for which bonds may have been issued to pay the cost, in whole or in part, of such public facility.

§ 58.1-638. Disposition of state sales and use tax revenue.

A. The Comptroller shall designate a specific revenue code number for all the state sales and use tax revenue collected under the preceding sections of this chapter.

The sales and use tax revenue generated by the one-half percent sales and use tax increase enacted by the 1986 Special Session of the General Assembly shall be paid, in the manner hereinafter provided in this section, to the *Commonwealth Transportation Trust Fund as defined in established pursuant to § 33.2-1524. Of the funds paid to the Transportation Trust Fund, an aggregate of 4.2 percent shall be set aside as the Commonwealth Port Fund as provided in this section; an aggregate of 2.4 percent shall be set aside as the Commonwealth Airport Fund as provided in this section; and an aggregate of 14.7 percent shall be set aside as the Commonwealth Mass Transit Fund as provided in this section.* The Fund's share of such net revenue shall be computed as an estimate of the net revenue to be received into the state treasury each month, and such estimated payment shall be adjusted for the actual net revenue received in the preceding month. All payments shall be made to the Fund on the last day of each month.

2. There is hereby created in the Department of the Treasury a special nonreverting fund which shall be a part of the *Transportation Trust Fund and which shall be known as the Commonwealth Port Fund.*

a. *The Commonwealth Port Fund shall be established on the books of the Comptroller and the funds remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on such funds*

shall remain in the Fund and be credited to it. Funds may be paid to any authority, locality or commission for the purposes hereinafter specified.

b. The amounts allocated pursuant to this section shall be allocated by the Commonwealth Transportation Board to the Board of Commissioners of the Virginia Port Authority to be used to support port capital needs and the preservation of existing capital needs of all ocean, river, or tributary ports within the Commonwealth. Expenditures for such capital needs are restricted to those capital projects specified in subsection B of § 62.1-132.1.

c. Commonwealth Port Fund revenue shall be allocated by the Board of Commissioners to the Virginia Port Authority in order to foster and stimulate the flow of maritime commerce through the ports of Virginia, including but not limited to the ports of Richmond, Hopewell, and Alexandria.

3. There is hereby created in the Department of the Treasury a special nonreverting fund which shall be part of the Transportation Trust Fund and which shall be known as the Commonwealth Airport Fund. The Commonwealth Airport Fund shall be established on the books of the Comptroller and any funds remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on the funds shall be credited to the Fund. The funds so allocated shall be allocated by the Commonwealth Transportation Board to the Virginia Aviation Board. The funds shall be allocated by the Virginia Aviation Board to any Virginia airport which is owned by the Commonwealth, a governmental subdivision thereof, or a private entity to which the public has access for the purposes enumerated in § 5.1-2.16, or is owned or leased by the Metropolitan Washington Airports Authority (MWAA), as follows:

Any new funds in excess of \$12.1 million which are available for allocation by the Virginia Aviation Board from the Commonwealth Transportation Fund, shall be allocated as follows: 60 percent to MWAA, up to a maximum annual amount of \$2 million, and 40 percent to air carrier airports as provided in subdivision A 3 a. Except for adjustments due to changes in enplaned passengers, no air carrier airport sponsor, excluding MWAA, shall receive less funds identified under subdivision A 3 a than it received in fiscal year 1994-1995.

Of the remaining amount:

a. Forty percent of the funds shall be allocated to air carrier airports, except airports owned or leased by MWAA, based upon the percentage of enplanements for each airport to total enplanements at all air carrier airports, except airports owned or leased by MWAA. No air carrier airport sponsor, however, shall receive less than \$50,000 nor more than \$2 million per year from this provision.

b. Sixty percent of the funds shall be allocated as follows:

(1) For the first six months of each fiscal year, the funds shall be allocated as follows:

(a) Forty percent of the funds shall be allocated by the Aviation Board for air carrier and reliever airports on a discretionary basis, except airports owned or leased by MWAA; and

(b) Twenty percent of the funds shall be allocated by the Aviation Board for general aviation airports on a discretionary basis; and

(2) For the second six months of each fiscal year, all remaining funds shall be allocated by the Aviation Board for all eligible airports on a discretionary basis, except airports owned or leased by MWAA.

3a. There is hereby created in the Department of the Treasury a special nonreverting fund that shall be a part of the Transportation Trust Fund and that shall be known as the Commonwealth Space Flight Fund. Except as provided in subsection C, every motor carrier shall pay a road tax per gallon equivalent to the cents per gallon credit for diesel fuel as determined under subsection A of § 58.1-2706 for the relevant period plus an additional amount per gallon, as determined by subsection B, calculated on the amount of motor fuel, diesel fuel or liquefied gases (which would not exist as liquids at a temperature of 60 degrees Fahrenheit and a pressure of 14.7 pounds per square inch absolute), used in its operations within the Commonwealth.

The tax imposed by this chapter shall be in addition to all other taxes of whatever character imposed on a motor carrier by any other provision of law.

B. The additional amount per gallon shall be determined by the Commissioner annually, effective July 1 of each year. On July 1, 2019, the additional amount per gallon shall be calculated by multiplying the average fuel economy by \$0.01125.

On July 1, 2020, and each July 1 thereafter, the additional amount per gallon shall be calculated by multiplying the average fuel economy by \$0.0225. The additional amount per gallon shall be rounded to the nearest one-tenth of a cent. For purposes of this subsection, "average fuel economy" shall be calculated by dividing the total taxable miles driven in the Commonwealth by the total taxable gallons of fuel consumed in the Commonwealth, as reported in IFTA returns in the preceding taxable year.

C. In lieu of the tax imposed in subsection A, motor carriers registering qualified highway vehicles that are not registered under the International Registration Plan shall pay a fee of \$150 per year for each qualified highway vehicle regardless of whether such vehicle will be included on the motor carrier's IFTA return. For the period of July 1, 2019, through June 30, 2020, the fee shall be adjusted based on the percent change in the road tax imposed pursuant to subsection A from June 30, 2019, to July 1, 2019. The Commissioner shall adjust the fee annually on July 1 of every year thereafter based on the percentage change in the road tax imposed pursuant to subsection A for the previous fiscal year as compared to the current fiscal year. The fee is due and payable when the vehicle registration fees are paid pursuant to the provisions of Article 7 (§ 46.2-685 et seq.) of Chapter 6 of Title 46.2.

If a vehicle becomes a qualified highway vehicle before the end of its registration period, the fee due at the time the vehicle becomes a qualified highway vehicle shall be prorated monthly to the registration expiration month. Fees paid under this subsection shall not be refunded unless a full refund of the registration fee paid is authorized by law.

The Board shall ensure that for any interstate highway with more than 10 percent of total interstate truck vehicle miles traveled that the total long-term expenditure for each such interstate highway is approximately equal to the proportional revenue subject to clause (iii) that is attributable to such interstate highway. For purposes of this subdivision, "net additional revenues" means the additional revenues generated by this section pursuant to enactments of the 2019 Session of the General Assembly, minus any refunds or remittances required to be paid.

The Transportation Board is further hereby authorized, by and with the consent of the Governor, to borrow money in anticipation of the issuance of bonds by the issuance of bond anticipation notes (BANs), including BANs issued as commercial paper. The proceeds of such bonds and BANs, excluding amounts needed to fund issuance costs, reserve funds, capitalized interest, and other financing expenses, shall be used exclusively for the purpose of providing funds, together with any other available funds made available by the Transportation Board, the Virginia Department of Rail and Public Transportation, and the Virginia Passenger Rail Authority, to pay all or a portion of the costs of (i) acquiring, constructing, renovating, expanding, enlarging, improving, installing, and equipping the Rail Improvements, as defined in the twelfth enactment of this act, and the various rail facilities, structures, and equipment constructed or acquired in connection therewith; (ii) acquiring any lands, structures, fixtures, rights-of-way, franchises, easements, and other property rights and interests related to the Rail Improvements; and (iii) demolishing, removing, or relocating any buildings, structures, or fixtures on lands acquired for the Rail Improvements (any of which may be referred to as an "authorized capital project").

§ 3. Deposit and application of proceeds.

The proceeds, including any premium, of bonds and BANs (except the proceeds of (i) bonds the issuance of which has been anticipated by BANs, (ii) refunding bonds, and (iii) refunding BANs), shall be deposited in a special capital outlay fund in the state treasury or may be placed with a trustee, and, together with the investment income thereon, shall be disbursed for paying all or any part of the costs of an authorized capital project, including financing costs. The proceeds of (a) bonds the issuance of which has been anticipated by BANs, (b) refunding bonds, and (c) refunding BANs shall be used to pay such BANs, refunded bonds, and refunded BANs.

§ 4. Details, sale of bonds and BANs.

The bonds and BANs shall be dated, and may be made redeemable before their maturity or maturities at such price or prices or within such price parameters, all as may be determined by the Transportation Board. Bonds and BANs shall be in such form, shall bear interest at such rate or rates, either at fixed rates or at rates established by formula or other method, and may contain such other provisions, including senior and subordinate lien priorities on the pledged toll revenues as provided in § 7, with respect to such bonds and BANs, all as determined by the Transportation Board. The principal of and premium, if any, and the interest on bonds and BANs shall be payable in lawful money of the United States of America. Bonds and BANs may be certificated or uncertificated as determined by the Transportation Board. The Transportation Board may contract for services of such registrars, transfer agents, or other authenticating agents as it deems appropriate to maintain a record of the persons entitled to the bonds and BANs. Bonds and BANs issued in certificated form may be issued under a system of book entry for recording the ownership and transfer of ownership of rights to receive payments on the bonds and BANs. The Treasury Board shall fix the authorized denomination or denominations of the bonds and the place or places of payment of certificated bonds and BANs, which may be at the Office of the State Treasurer or at any bank or trust company within or without the Commonwealth. Bonds shall mature at such time or times not exceeding 39 years from their date or dates, and BANs shall mature at such time or times not exceeding five years from their date or dates.

§ 5. Execution of bonds and BANs.

The bonds and BANs shall be signed on behalf of the Transportation Board by the chairman or vice-chairman of the Transportation Board, or shall bear the facsimile signature of such officer, and shall bear the official seal of the Transportation Board, which shall be attested by the manual or facsimile signature of the secretary or assistant secretary of the Transportation Board. In the event that the bonds or BANs shall bear the facsimile signature of the chairman or vice-chairman of the Transportation Board, such bonds or BANs shall be signed by such administrative assistant as the

chairman of the Transportation Board shall determine or by any registrar or paying agent that may be designated by the Transportation Board. If any officer whose signature or facsimile signature appears on any bonds or BANs ceases to be such officer before delivery, such signature or facsimile signature shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until such delivery.

§ 6. Sources for payment of expenses.

All expenses incurred under this act or in connection with the issuance of bonds or BANs shall be paid from the proceeds of bonds or BANs or from other available funds as the Transportation Board shall determine.

§ 7. Revenues.

The Transportation Board is hereby authorized (i) to fix, revise, charge, and collect tolls, rates, fees, and charges for or in connection with the use, occupancy, and services of the Inside the Beltway Express Lanes, as defined in the twelfth enactment of this act, in amounts sufficient to provide for the operating costs of the Inside the Beltway Express Lanes tolling facilities and to provide for the payment of the principal of and the premium, if any, and interest on the bonds and BANs and the debt service and sinking funds and reserves established as provided below and (ii) to pledge to the payment of the bonds or any portion thereof or BANs issued to finance or refinance the Rail Improvements the net revenues resulting from such tolls, rates, fees, and charges and remaining after payment of expenses incurred in operating the Inside the Beltway Express Lanes tolling facilities (the Toll Revenues). The Transportation Board is further authorized to create debt service and sinking funds for the payments of the principal of and premium, if any, and interest on the bonds and BANs and other reserves required by any of the purchasers.

§ 8. Investments and contracts.

A. Pending the application of the proceeds of the bonds or BANs (including refunding bonds and BANs) to the purpose for which they have been authorized and the application of funds set aside for the purpose to the payment of bonds or BANs, they may be invested by the State Treasurer or by a trustee in securities that are legal investments under the laws of the Commonwealth for public funds and sinking funds, as the case may be. Whenever the State Treasurer or trustee receives interest from the investment of the proceeds of bonds or any BANs, such interest shall become a part of the principal of the bonds and any BANs and shall be used in the same manner as required for principal of the bonds or BANs.

B. The Commonwealth may enter into any contract or other arrangement that is determined to be necessary or appropriate to place the obligation or investment of the Commonwealth, as represented by bonds, BANs, or investments, in whole or in part, on the interest rate, cash flow, or other basis desired by the Commonwealth. Such contract or other arrangement may include, without limitation, contracts commonly known as interest rate swap agreements and futures or contracts providing for payments based on levels of, or changes in, interest rates. These contracts or arrangements may be entered into by the Commonwealth in connection with, incidental to, entering into, or maintaining, any (i) agreement that secures bonds or BANs or (ii) investment, or contract providing for investment, otherwise authorized by law. These contracts and arrangements may contain such payment, security, default, remedy, and other terms and conditions as determined by the Commonwealth, after giving due consideration to the creditworthiness of the counterparty or other obligated party, including any rating by any nationally recognized rating agency, and any other criteria as may be appropriate. The determinations referred to in this subsection may be made by the Treasury Board or any public funds manager with professional investment capabilities duly authorized by the Treasury Board to make such determinations.

C. Any money set aside and pledged to secure payments of bonds, BANs, or any of the contracts entered into pursuant to this section may be invested in accordance with subsection A and may be pledged to and used to service any of the contracts or other arrangements entered into pursuant to subsection B.

§ 9. Security for bonds and BANs.

Subject to appropriation by the General Assembly of such amounts, the Toll Revenues are hereby irrevocably pledged for the payment of the principal of and premium, if any, and interest on bonds and BANs issued under this act. The proceeds of (i) bonds the issuance of which has been anticipated by BANs, (ii) refunding bonds, and (iii) refunding BANs are hereby irrevocably pledged for the payment of principal of and premium, if any, and interest on the BANs or bonds to be paid or redeemed thereby. Nothing in this act or the bonds or BANs shall be deemed to create or constitute a pledge of the faith and credit of the Commonwealth or any political subdivision thereof.

§ 10. Exemption of interest from tax.

The bonds and BANs issued under the provisions of this act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any county, city, or town, or other political subdivision thereof. The Transportation Board is authorized to take or refrain from taking any and all actions and to covenant to such effect, and to require the Transportation Board, the Virginia Department of Rail and Public Transportation, and the Virginia Passenger Rail Authority to do and to covenant likewise, to the extent that, in the judgment of the Transportation Board, it is appropriate in order that interest on the bonds and BANs may be exempt from federal income tax. Alternatively, interest on bonds and BANs may be made subject to inclusion in gross income of the holders thereof for federal income tax purposes.

§ 11. Refunding bonds and BANs.

The Transportation Board is authorized, by and with the consent of the Governor, to sell and issue, at one time or from time to time, refunding bonds and BANs of the Commonwealth and to refund any or all of the bonds and BANs, respectively, issued under this act. Refunding bonds and BANs may be issued in a principal amount up to the amount necessary to pay at maturity or redeem the bonds and BANs to be refunded and pay all issuance costs and other financing expenses of the

refunding. Such refunding bonds and BANs may be issued whether or not the obligations to be refunded are then subject to redemption.

§ 12. *Defeasance.*

Any bond or BAN for which cash or direct obligations of the United States of America shall have been set aside in escrow with the State Treasurer or a bank or trust company, within or without the Commonwealth, shall be deemed no longer outstanding under the applicable authorizing instrument, this act, and Article X, Section 9 (d) of the Constitution of Virginia.

§ 13. *Legal investments.*

All obligations issued under the provisions of this act are hereby made securities in which all public officers and bodies of the Commonwealth and political subdivisions thereof, insurance companies and associations, savings banks and savings institutions, including savings and loan associations, trust companies, beneficial and benevolent associations, administrators, guardians, executors, trustees, and other fiduciaries in the Commonwealth may properly and legally invest funds under their control.

§ 14. *Severability.*

The provisions of this act or the application thereof to any person or circumstances that are held invalid shall not affect the validity of other provisions or applications of this act which can be given effect without the invalid provisions or applications.

§ 15. *Appropriation.*

The proceeds of the bonds are hereby appropriated for disbursement from the state treasury pursuant to Article X, Section 7 of the Constitution of Virginia and § 2.2-1819 of the Code of Virginia. The general conditions and general provisions of the general appropriation act enacted pursuant to Chapter 15 (§ 2.2-1500 et seq.) of Title 2.2 of the Code of Virginia, as such general appropriation act may be amended from time to time, and all of the terms and conditions contained therein shall apply to the authorized capital project described in this act.

The first scheduled payment of principal shall be not more than five years from the initial advancement of funds under such loan, credit facility, line of credit, or other borrowing.

Such proceeds shall be disbursed only for the purpose for which such bonds and anticipation notes were issued. Proceeds derived from the sale of bonds authorized by this Act shall first be used to pay anticipation notes, if any were issued in anticipation of the sale of such bonds and renewals of such bonds.

B. Subsection A shall not apply to the proceeds of bonds when the issuance of such bonds has been anticipated by anticipation notes.

C. In accordance with subsection C of § 33.2-3601 of the Code of Virginia, proceeds of bonds and the distribution and expenditure of such proceeds shall not reduce the share of federal, state, or local revenues otherwise available to jurisdictions along the Interstate 81 corridor. Such revenues shall not affect the calculation of a locality's ability to pay for public education for purposes of determining appropriations of state revenues to localities for public education.

§ 10. The Board may receive any other funds that may be made available to pay costs of projects related to the Plan and the Program and, subject to appropriation by the General Assembly, may make available such funds for the payment of the principal, purchase price, and redemption premium, if any, and interest on bonds authorized under this Act. The Board is authorized to enter into agreements with any department or agency of the Commonwealth or any other party to allow for such funds, and any other funds, to be paid into the state treasury, or to a trustee in accordance with the provisions of

§ 33.2-1716 of the Code of Virginia and any amendments thereto, to pay a part of the costs of such projects, to pay any costs of issuance, to fund any part of any reserve fund, or to pay the principal or purchase price of, and redemption premium, if any, and interest on the bonds.

In connection with the issuance or planned issuance of any bonds, the Board shall establish a fund either in the state treasury with the cooperation of the State Treasurer, or with a trustee in accordance with the provisions of § 33.2-1716 of the Code of Virginia and any amendments thereto. Such fund shall secure and be used for the payments of the bonds to the credit of which there shall be deposited such amounts, subject to appropriation by the General Assembly, necessary to pay principal, purchase price of, redemption premium if any, and interest on the bonds, as and when such costs become due and payable. Such costs shall be paid from the revenues deposited into the Interstate 81 Corridor Improvement Fund pursuant to § 58.1-2299.20 of the Code of Virginia derived from the receipt of regional fuels tax levied pursuant to § 58.1-2295 of the Code of Virginia.

§ 12. In connection with the issuance or planned issuance of any bonds, the Board may pay any necessary and appropriate support costs, including debt service or deposits to reserve funds, from revenues deposited to the Interstate 81 Corridor Improvement Fund pursuant to § 58.1-2299.20 of the Code of Virginia derived from the receipt of regional fuels tax levied pursuant to § 58.1-2295 of the Code of Virginia.

§ 13. The State Treasurer shall invest bond proceeds and moneys in any reserve funds and sinking funds related to bonds in accordance with the provisions of Chapter 18 (§ 2.2-1800 et seq.) of Title 2.2 of the Code of Virginia and any applicable law governing management of funds by a trustee pursuant to § 33.2-1716 of the Code of Virginia, and any amendments thereto.

§ 14. No tax or fee shall be imposed by the Commonwealth, a locality, or any other entity of the Commonwealth on the interest income and profit made on the sale of obligations issued under the provisions of the Act.

§ 15. Any obligation issued under this Act shall be considered a security in which any person and entity identified in § 33.2-1713 of the Code of Virginia may properly and legally invest funds.

§ 16. If any provision of this Act conflicts with a provision of the Bond Act, the provision of this Act shall control.

§ 17. This Act, being necessary for the welfare of the Commonwealth and its inhabitants, shall be liberally construed to effect the purpose of this Act.

§ 18. That should any portion of this Act be held unconstitutional by a court of competent jurisdiction, the remaining portions of this Act shall remain in effect.

16. That the provisions of this act amending §§ 58.1-802.3, 58.1-1743, and 58.1-1744 of the Code of Virginia shall become effective on May 1, 2021.

17. That notwithstanding the provisions of § 58.1-802.4 of the Code of Virginia, as created by this act, to the contrary, for the period of July 1, 2020, through April 30, 2021, the rate of the regional congestion relief fee, when the consideration or value of interest, whichever is greater, equals or exceeds \$100, shall be \$0.05 per \$100 or fraction thereof, exclusive of the value of any lien or encumbrance remaining thereon at the time of sale, whether such lien is assumed or the realty is sold subject to such lien or encumbrance.

18. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 854 of the Acts of Assembly of 2019 requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of \$50,000. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation is \$0 for periods of commitment to the custody of the Department of Juvenile Justice.

CHAPTER 1279

An Act to amend the Code of Virginia by adding a section numbered 56-585.1:11, relating to electric utilities; development of offshore wind generation facilities.

[S 998]

Approved April 22, 2020

Be it enacted by the General Assembly of Virginia:**1. That the Code of Virginia is amended by adding a section numbered 56-585.1:11 as follows:****§ 56-585.1:11. Development of offshore wind capacity.***A. As used in this section:*

"Advanced clean energy buyer" means a commercial or industrial customer of a Phase II Utility, irrespective of generation supplier, (i) with an aggregate load over 100 megawatts; (ii) with an aggregate amount of at least 200 megawatts of solar or wind energy supply under contract with a term of 10 years or more from facilities located within the Commonwealth by January 1, 2024; and (iii) that directly procures from the utility the electric supply and environmental attributes of the offshore wind facility associated with the lesser of 50 megawatts of nameplate capacity or 15 percent of the commercial or industrial customer's annual peak demand for a contract period of 15 years.

"Aggregate load" means the combined electrical load associated with selected accounts of an advanced clean energy buyer with the same legal entity name as, or in the names of affiliated entities that control, are controlled by, or are under common control of, such legal entity or are the names of affiliated entities under a common parent.

"Control" means the legal right, directly or indirectly, to direct or cause the direction of the management, actions, or policies of an affiliated entity, whether through the ability to exercise voting power, by contract, or otherwise. "Control" does not include control of an entity through a franchise or similar contractual agreement.

"Qualifying large general service customer" means a customer of a Phase II Utility, irrespective of general supplier, (i) whose peak demand during the most recent calendar year exceeded five megawatts and (ii) that contracts with the utility to directly procure electric supply and environmental attributes associated with the offshore wind facility in amounts commensurate with the customer's electric usage for a contract period of 15 years or more.

B. In order to meet the Commonwealth's clean energy goals, prior to December 31, 2034, the construction or purchase by a public utility of one or more offshore wind generation facilities located off the Commonwealth's Atlantic shoreline or in federal waters and interconnected directly into the Commonwealth, with an aggregate capacity of up to 5,200 megawatts, is in the public interest and the Commission shall so find, provided that no customers of the utility shall be responsible for costs of any such facility in a proportion greater than the utility's share of the facility.

C. 1. Pursuant to subsection B, construction by a Phase II Utility of one or more new utility-owned and utility-operated generating facilities utilizing energy derived from offshore wind and located off the Commonwealth's Atlantic shoreline, with an aggregate rated capacity of not less than 2,500 megawatts and not more than 3,000 megawatts, along with electrical transmission or distribution facilities associated therewith for interconnection is in the public interest. In acting upon any request for cost recovery by a Phase II Utility for costs associated with such a facility, the Commission shall determine the reasonableness and prudence of any such costs, provided that such costs shall be presumed to be reasonably and prudently incurred if the Commission determines that (i) the utility has complied with the competitive solicitation and procurement requirements pursuant to subsection E; (ii) the project's projected total levelized cost of energy, including any tax credit, on a cost per megawatt hour basis, inclusive of the costs of transmission and distribution facilities associated with the facility's interconnection, does not exceed 1.4 times the comparable cost, on an unweighted average basis, of a conventional simple cycle combustion turbine generating facility as estimated by the U.S. Energy Information Administration in its Annual Energy Outlook 2019; and (iii) the utility has commenced construction of such facilities for U.S. income taxation purposes prior to January 1, 2024, or has a plan for such facility or facilities to be in service prior to January 1, 2028. The Commission shall disallow costs, or any portion thereof, only if they are otherwise unreasonably and imprudently incurred. In its review, the Commission shall give due consideration to (a) the Commonwealth's renewable portfolio standards and carbon reduction requirements, (b) the promotion of new renewable generation resources, and (c) the economic development benefits of the project for the Commonwealth, including capital investments and job creation.

2. Notwithstanding the provisions of § 56-585.1, the Commission shall not grant an enhanced rate of return to a Phase II Utility for the construction of one or more new utility-owned and utility-operated generating facilities utilizing energy derived from offshore wind and located off the Commonwealth's Atlantic shoreline pursuant to this section.

3. Any such costs proposed for recovery through a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1 shall be allocated to all customers of the utility in the Commonwealth as a non-bypassable charge, regardless of the generation supplier of any such customer; other than (i) PIPP eligible utility customers, (ii) advanced clean energy buyers, and (iii) qualifying large general service customers. No electric cooperative customer of the utility shall be assigned, nor shall the utility collect from any such cooperative, any of the costs of such facilities, including electrical transmission or distribution facilities associated therewith for interconnection. The Commission may promulgate such rules, regulations, or other directives necessary to administer the eligibility for these exemptions.

4. The Commission shall permit a portion of the nameplate capacity of any such facility, in the aggregate, to be allocated to (i) advanced clean energy buyers or (ii) qualifying large general service customers, provided that no more than

10 percent of the offshore wind facility's capacity is allocated to qualifying large general service customers. A Phase II Utility shall petition the Commission for approval of a special contract with any advanced clean energy buyer, or any special rate applicable to qualifying large general service customers, pursuant to § 56-235.2, no later than 15 months prior to the projected commercial operation date of the facility, and all customer enrollments associated with such special contracts or rates shall be completed prior to commercial operation of the facility. Any such special contract or rate may include provisions for leveled rates of service over the duration of the customer's contracted agreement with the utility, and the Commission shall determine that such special contract or rate is designed to hold nonparticipating customers harmless over its term in connection with any petition for approval by the utility. The utility may petition for approval of such special contracts or rates in connection with any petition for approval of a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1 to recover the costs of the facility, and the Commission shall rule upon any such petitions in its final order in such proceeding within nine months from the date of filing.

D. In constructing any such facility contemplated in subsection B, the utility shall develop and submit a plan to the Commission for review that includes the following considerations: (i) options for utilizing local workers; (ii) the economic development benefits of the project for the Commonwealth, including capital investments and job creation; (iii) consultation with the Commonwealth's Chief Workforce Development Officer, the Chief Diversity, Equity, and Inclusion Officer, and the Virginia Economic Development Partnership, on opportunities to advance the Commonwealth's workforce and economic development goals, including furtherance of apprenticeship and other workforce training programs; and (iv) giving priority to the hiring, apprenticeship, and training of veterans, as that term is defined in § 2.2-2000.1, local workers, and workers from historically economically disadvantaged communities.

E. Any project constructed or purchased pursuant to subsection B shall (i) be subject to competitive procurement or solicitation for a substantial majority of the services and equipment, exclusive of interconnection costs, associated with the facility's construction; (ii) involve at least one experienced developer; and (iii) demonstrate the economic development benefits within the Commonwealth, including capital investments and job creation. A utility may give appropriate consideration to suppliers and developers that have demonstrated successful experience in offshore wind.

F. Any project shall include an environmental and fisheries mitigation plan submitted to the Commission for the construction and operation of such offshore wind facilities, provided that such plan includes an explicit description of the best management practices the bidder will employ that considers the latest science at the time the proposal is made to mitigate adverse impacts to wildlife, natural resources, ecosystems, and traditional or existing water-dependent uses. The plan shall include a summary of pre-construction assessment activities, consistent with federal requirements, to determine the spatial and temporal presence and abundance of marine mammals, sea turtles, birds, and bats, in the offshore wind lease area.

2. That the utility constructing a facility pursuant to § 56-585.1:11 of the Code of Virginia, as created by this act, shall provide the State Corporation Commission (the Commission) with reports on the facility's construction progress, including performance to construction timeline and budget, on no less than a quarterly basis throughout the construction period. The Commission shall retain ongoing authority to review the reasonableness and prudence of any increases in the total projected cost of the facility during its construction period.

No less than 25 percent of the moneys disbursed from the Fund each year shall be used for projects in low-income geographic areas. Priority shall be given to projects that implement community-scale hazard mitigation activities that use nature-based solutions to reduce flood risk.

F. Any locality is authorized to secure a loan made ~~through such a low-interest loan program~~ pursuant to this section by placing a lien up to the value of the loan against any property that benefits from the loan. Such a lien shall be subordinate to each prior lien on such property, except prior liens for which the prior lienholder executes a written subordination agreement, in a form and substance acceptable to the prior lienholder in its sole and exclusive discretion, that is recorded in the land records where the property is located.

§ 10.1-1330. Clean Energy and Community Flood Preparedness.

A. The provisions of this article shall be incorporated by the Department, without further action by the Board, into the final regulation adopted by the Board on April 19, 2019, and published in the Virginia Register on May 27, 2019. Such incorporation by the Department shall be exempt from the provisions of the Virginia Administrative Process Act (§ 2.2-4000 et seq.).

B. The Director is hereby authorized to establish, implement, and manage an auction program to sell allowances into a market-based trading program consistent with the RGGI program and this article. The Director shall seek to sell 100 percent of all allowances issued each year through the allowance auction, unless the Department finds that doing so will have a negative impact on the value of allowances and result in a net loss of consumer benefit or is otherwise inconsistent with the RGGI program.

C. To the extent permitted by Article X, Section 7 of the Constitution of Virginia, the state treasury shall (i) hold the proceeds recovered from the allowance auction in an interest-bearing account with all interest directed to the account to carry out the purposes of this article and (ii) use the proceeds without further appropriation for the following purposes:

DHCD shall review and approve funding proposals for such energy efficiency programs, and DMME shall provide technical assistance upon request. Any sums remaining within the account administered by DHCD, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in such account to support low-income energy efficiency programs.

3. Three percent of the revenue shall be used to (i) cover reasonable administrative expenses of the Department in the administration of the revenue allocation, carbon dioxide emissions cap and trade program, and auction and (ii) carry out statewide climate change planning and mitigation activities.

4. Two percent of the revenue shall be used by DHCD, in partnership with DMME, to administer and implement low-income energy efficiency programs pursuant to subdivision 2.

D. The Department, the Department of Conservation and Recreation, DHCD, and DMME shall prepare a joint annual written report describing the Commonwealth's participation in RGGI, the annual reduction in greenhouse gas emissions, the revenues collected and deposited in the interest-bearing account maintained by the Department pursuant to this article, and a description of each way in which money was expended during the fiscal year. The report shall be submitted to the Governor and General Assembly by January 1, 2022, and annually thereafter.

§ 10.1-1331. Energy conversion or energy tolling agreements.

If the Governor seeks to include the Commonwealth as a full participant in RGGI or another carbon trading program with an open auction of allowances, or if the Department implements the final carbon trading regulation as approved by the Board on April 19, 2019, (the Final Regulation) in order to establish a carbon dioxide cap and trade program that limits and reduces the total carbon dioxide emissions released by certain electric generation facilities and that complies with the RGGI model rule, then (i) the definition of the term "life-of-the-unit contractual arrangement" under the Final Regulation shall include any energy conversion or energy tolling agreement that has a primary term of 20 years or more and pursuant to which the purchaser is required to deliver fuel to the CO₂ budget source or CO₂ budget unit and is entitled to receive all of the nameplate capacity and associated energy generated by such source or unit for the entire contractual period and (ii) any purchaser under an energy conversion or energy tolling agreement shall be responsible for acquiring any CO₂ allowances required under the Final Regulation in relation to a CO₂ budget source or CO₂ budget unit that is subject to such agreement.

2. That the costs of allowances purchased through a market-based trading program consistent with the provisions of Article 4 (§ 10.1-1329 et seq.) of Chapter 13 of Title 10.1 of the Code of Virginia as added by this act are deemed to

constitute environmental compliance project costs that may be recovered by a Phase I Utility or Phase II Utility, as defined in subdivision A 1 of § 56-585.1 of the Code of Virginia, pursuant to subdivision A 5 e of § 56-585.1 of the Code of Virginia.

3. That any moneys in the Virginia Shoreline Resiliency Fund as created by Chapter 762 of the Acts of Assembly of 2016 shall remain in the Virginia Community Flood Preparedness Fund pursuant to § 10.1-603.25 of the Code of Virginia, as amended and reenacted by this act.

CHAPTER 1281

An Act to amend and reenact §§ 33.2-2605, 58.1-811, as it is currently effective, 58.1-816, and 58.1-1743 of the Code of Virginia and to amend the Code of Virginia by adding sections numbered 33.2-2600.1 and 58.1-802.4, relating to transit funding in the Hampton Roads region.

[S 1038]

Approved April 22, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 33.2-2605, 58.1-811, as it is currently effective, 58.1-816, and 58.1-1743 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding sections numbered 33.2-2600.1 and 58.1-802.4 as follows:

§ 33.2-2600.1. Hampton Roads Regional Transit Program and Fund.

A. The General Assembly declares it to be in the public interest that developing and continuing operations of reliable regional public transportation is important for a balanced and effective multimodal transportation system in the Hampton Roads region and is essential to the region's economic growth, vitality, and competitiveness. The General Assembly further declares that a special transportation program, to be known as the Hampton Roads Regional Transit Program (the Program), should provide for the costs of developing, maintaining, and improving a core regional network of transit routes and related infrastructure, rolling stock, and support facilities that have the greatest positive impacts on economic development potential, employment opportunities, mobility, environmental sustainability, and quality of life. The goal of the Program is to provide a modern, safe, and efficient core network of transit services across the Hampton Roads region. The Program shall be incorporated into strategic plans developed pursuant to § 33.2-286 and adopted by the governing board of each transit entity and shall form the basis for the regional transit planning process coordinated by the federally designated Metropolitan Planning Organization.

B. There is hereby created in the state treasury a special nonreverting fund for Planning District 23 to be known as the Hampton Roads Regional Transit Fund, referred to in this chapter as "the Regional Transit Fund." The Regional Transit Fund shall be established on the books of the Comptroller. All revenues dedicated to the Regional Transit Fund pursuant to §§ 58.1-802.4, 58.1-816, and 58.1-1743 shall be paid into the state treasury and credited to the Regional Transit Fund. Interest earned on moneys in the Regional Transit Fund shall remain in the Regional Transit Fund and be credited to it. Any moneys remaining in the Regional Transit Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Regional Transit Fund.

C. The Regional Transit Fund shall be managed by the Commission, and disbursements from the Regional Transit Fund shall be approved by the Commission consistent with the regional transit planning process developed pursuant to subsection D of § 33.2-286. The moneys deposited in the Regional Transit Fund shall be used solely for (i) the development, maintenance, improvement, and operation of a core and connected regional network of transit routes and related infrastructure, rolling stock, and support facilities, to include the operation of a regional system of interjurisdictional, high-frequency bus service, in a transportation district in Hampton Roads created pursuant to § 33.2-1903 as included in the strategic plans and regional transit planning process developed pursuant to § 33.2-286 and (ii) administrative and operating expenses of the Commission as specified in subsection B of § 33.2-2605. In the allocation of funds, priority shall be given, when possible, to investments in the most sustainable and cost-effective operations, rolling stock, and facilities to reduce or eliminate reliance upon diesel fuels. Funds from the Regional Transit Fund shall not be used to support the expansion of light rail beyond the boundaries of a locality where light rail is operated on January 1, 2020. The amounts dedicated to the Regional Transit Fund shall be deposited monthly by the Comptroller into the Regional Transit Fund and thereafter distributed to the Commission as soon as practicable for use in accordance with this chapter. If the Commission determines that such moneys distributed to it exceed the amount required to meet the current needs and demands to fund transit projects pursuant to this chapter, the Commission may invest such excess moneys to the same extent and in the same manner as provided in subsection A of § 33.2-1525 for excess funds in the Transportation Trust Fund.

D. The amounts deposited into the Regional Transit Fund and the distribution and expenditure of such amounts shall not (i) be used to calculate or reduce the share of federal, state, or local revenues otherwise available to participating localities; (ii) allow a local government that is a member of the transportation district to reduce its local funding for public transportation purposes to an amount less than what was appropriated on July 1, 2019, for such purposes; or (iii) diminish or supplant allocations and appropriations from other sources or diminish allocations to which a transportation district, transit system, or locality would be entitled under any other provisions of law but shall supplement such funds to accelerate and augment transportation improvements in the Hampton Roads region. Further, such revenues and moneys shall not be

included in any computation of, or formula for, a locality's ability to pay for public education, upon which appropriations of state revenues to local governments for public education are determined. Any amounts paid from the Regional Transit Fund shall be considered local funds when used to make a required match for state or federal transportation grant funds.

§ 33.2-2605. Annual budget and allocation of expenses.

A. The Commission shall adopt an annual budget and develop a funding plan and shall provide for such adoption in its bylaws. The funding plan shall provide for the expenditure of funds over a four- to six-year period and shall align with the Statewide Transportation Plan established pursuant to § 33.2-353 as much as possible. The Commission shall solicit public comment on its budget and funding plan by posting a summary of such budget and funding plan on its website and holding a public hearing. Such public hearing shall be advertised on the Commission's website and in a newspaper of general circulation in Planning District 23.

B. The administrative and operating expenses of the Commission shall be provided in an annual budget adopted by the Commission ~~and to~~. To the extent that funds for such expenses are not provided from other sources, *the expenses* shall be paid from the Fund and the Regional Transit Fund on an approximately pro rata basis of the programs supported by the Fund and the Regional Transit Fund. Such budget shall be limited solely to the administrative and operating expenses of the Commission and shall not include any funds for construction or acquisition of transportation facilities or the performance of any transportation service.

C. Members may be reimbursed for all reasonable and necessary expenses provided in §§ 2.2-2813 and 2.2-2825, if approved by the Commission. Funding for the costs of compensation and expenses of the members shall be provided by the Commission.

§ 58.1-802.4. Regional transportation improvement fee.

In addition to any other tax or fee imposed under the provisions of this chapter, a fee, delineated as the "regional transportation improvement fee," is hereby imposed on each deed, instrument, or writing by which lands, tenements, or other realty located in a county or city located in a transportation district in Hampton Roads created pursuant to § 33.2-1903 is sold and is granted, assigned, transferred, or otherwise conveyed to or vested in the purchaser or any other person, by such purchaser's direction. The rate of the fee, when the consideration or value of the interest, whichever is greater, equals or exceeds \$100, shall be \$0.06 for each \$100 or fraction thereof, exclusive of the value of any lien or encumbrance remaining thereon at the time of the sale, whether such lien is assumed or the realty is sold subject to such lien or encumbrance.

The fee imposed by this section shall be paid by the grantor, or any person who signs on behalf of the grantor, of any deed, instrument, or writing subject to the fee imposed by this section; however, the grantor and grantee may arrange for the grantee to pay all or a portion of the fee.

No such deed, instrument, or other writing shall be admitted to record unless certification of the clerk wherein first recorded has been affixed thereto that the fee imposed pursuant to this section has been paid.

Fees imposed by this section shall be collected by the clerk of the court and deposited into the state treasury as soon as practicable. Such fees shall then be deposited into the Regional Transit Fund established in § 33.2-2600.1.

Be it enacted by the General Assembly of Virginia:

1. That § 19.2-327.1 of the Code of Virginia is amended and reenacted as follows:

§ 19.2-327.1. Motion by a convicted felon or person adjudicated delinquent for scientific analysis of newly discovered or previously untested scientific evidence; procedure.

A. Notwithstanding any other provision of law or rule of court, any person convicted of a felony or any person who was adjudicated delinquent by a circuit court of an offense that would be a felony if committed by an adult may, by motion to the circuit court that entered the original conviction or the adjudication of delinquency, apply for a new scientific investigation of any human biological evidence related to the case that resulted in the felony conviction or adjudication of delinquency if: (i) the evidence was not known or available at the time the conviction or adjudication of delinquency became final in the circuit court or the evidence was not previously subjected to testing because the testing procedure was not available at the Department of Forensic Science at the time the conviction or adjudication of delinquency became final in the circuit court; (ii) the evidence is subject to a chain of custody sufficient to establish that the evidence has not been altered, tampered with, or substituted in any way; (iii) the testing is materially relevant, noncumulative, and necessary and may prove the actual innocence of the convicted person or the person adjudicated delinquent; (iv) the testing requested involves a scientific method employed by the Department of Forensic Science generally accepted within the relevant scientific community; and (v) the person convicted or adjudicated delinquent has not unreasonably delayed the filing of the petition after the evidence or the test for the evidence became available at the Department of Forensic Science.

B. The petitioner shall assert categorically and with specificity, under oath, the facts to support the items enumerated in subsection A and (i) the crime for which the person was convicted or adjudicated delinquent, (ii) the reason or reasons the evidence was not known or tested by the time the conviction or adjudication of delinquency became final in the circuit court, and (iii) the reason or reasons that the newly discovered or untested evidence may prove the actual innocence of the person convicted or adjudicated delinquent. Such motion shall contain all relevant allegations and facts that are known to the petitioner at the time of filing and shall enumerate and include all previous records, applications, petitions, and appeals and their dispositions.

C. The petitioner shall serve a copy of such motion upon the attorney for the Commonwealth. The Commonwealth shall file its response to the motion within 30 days of the receipt of service. The court shall, no sooner than 30 and no later than 90 days after such motion is filed, hear the motion. Motions made by a petitioner under a sentence of death shall be given priority on the docket.

D. The court shall, after a hearing on the motion, set forth its findings specifically as to each of the items enumerated in subsections A and B and either (i) dismiss the motion for failure to comply with the requirements of this section or (ii) dismiss the motion for failure to state a claim upon which relief can be granted or (iii) order that the testing be done by the Department of Forensic Science based on a finding of clear and convincing evidence that the requirements of subsection A have been met.

E. The court shall order the tests to be performed by:

1. A laboratory mutually selected by the Commonwealth and the applicant; or
2. A laboratory selected by the court that ordered the testing if the Commonwealth and the applicant are unable to agree on a laboratory.

If the testing is conducted by the Department of Forensic Science and, the court shall prescribe in its order, pursuant to standards and guidelines established by the Department, the method of custody, transfer, and return of evidence submitted for scientific investigation sufficient to insure and protect the Commonwealth's interest in the integrity of the evidence. The results of any such testing shall be furnished simultaneously to the court, the petitioner and his attorney of record and the attorney for the Commonwealth. The Department of Forensic Science shall give testing priority to cases in which a sentence of death has been imposed. The results of any tests performed and any hearings held pursuant to this section shall become a part of the record.

If the testing is not conducted by the Department of Forensic Science, it shall be conducted by a laboratory that is accredited by an accrediting body that requires conformance to forensic-specific requirements and that is a signatory to the International Laboratory Accreditation Cooperation (ILAC) Mutual Recognition Arrangement with a scope of accreditation that covers the testing being performed and follows the appropriate Quality Assurance Standards issued by the Federal Bureau of Investigation.

F. Nothing in this section shall constitute grounds to delay setting an execution date pursuant to § 53.1-232.1 or to grant a stay of execution that has been set pursuant to clause (iii) or (iv) of § 53.1-232.1.

G. An action under this section or the performance of any attorney representing the petitioner under this section shall not form the basis for relief in any habeas corpus proceeding or any other appeal. Nothing in this section shall create any cause of action for damages against the Commonwealth or any of its political subdivisions or any officers, employees or agents of the Commonwealth or its political subdivisions.

H. In any petition filed pursuant to this chapter, the petitioner is entitled to representation by counsel subject to the provisions of Article 3 (§ 19.2-157 et seq.) of Chapter 10.

A. Definitions

1. "March 31 Average Daily Membership," or "March 31 ADM" - The responsible school division's average daily membership for grades K-12 including (1) handicapped students ages 5-21 and (2) students for whom English is a second language who entered school for the first time after reaching their twelfth birthday, and who have not reached twenty-two years of age on or before August 1 of the school year, for the first seven (7) months (or equivalent period)

of the school year through March 31 in which state funds are distributed from this appropriation. Preschool and postgraduate students shall not be included in March 31 ADM.

a. School divisions shall take a count of September 30 fall membership and report this information to the Department of Education no later than October 15 of each year.

b. Except as otherwise provided herein, by statute, or by precedent, all appropriations to the Department of Education shall be calculated using March 31 ADM unadjusted for half-day kindergarten programs, estimated at 1,245,570.50 the first year and ~~1,248,165.55~~ 1,251,668.01 the second year. March 31 ADM for half-day kindergarten shall be adjusted at 85 percent.

c. Students who are either (i) enrolled in a nonpublic school or (ii) receiving home instruction pursuant to § 22.1-254.1 and who are enrolled in a public school on less than a full-time basis in any mathematics, science, English, history, social science, vocational education, health education or physical education, fine arts or foreign language course, or receiving special education services required by a student's individualized education plan, shall be counted in the funded fall membership and March 31 ADM of the responsible school division. Each course shall be counted as 0.25, up to a cap of 0.5 of a student.

d. Students enrolled in an Individualized Student Alternative Education Program (ISAEP) pursuant to § 22.1-254 E shall be counted in the March 31 Average Daily Membership of the responsible school division. School divisions shall report these students separately in their March 31 reports of Average Daily Membership.

2. "Standards of Quality" - Operations standards for grades kindergarten through 12 as prescribed by the Board of Education subject to revision by the General Assembly.

3.a. "Basic Operation Cost" - The cost per pupil, including provision for the number of instructional personnel required by the Standards of Quality for each school division with a minimum ratio of 51 professional personnel for each 1,000 pupils or proportionate number thereof, in March 31 ADM for the same fiscal year for which the costs are computed, and including provision for driver, gifted, occupational-vocational, and special education, library materials and other teaching materials, teacher sick leave, general administration, division superintendents' salaries, free textbooks (including those for free and reduced price lunch pupils), school nurses, operation and maintenance of school plant, transportation of pupils, instructional television, professional and staff improvement, remedial work, fixed charges and other costs in programs not funded by other state and/or federal aid.

b. The state and local shares of funding resulting from the support cost calculation for school nurses shall be specifically identified as such and reported to school divisions annually. School divisions may spend these funds for licensed school nurse positions employed by the school division or for licensed nurses contracted by the local school division to provide school health services.

4.a. "Composite Index of Local Ability-to-Pay" - An index figure computed for each locality. The composite index is the sum of 2/3 of the index of wealth per pupil in unadjusted March 31 ADM reported for the first seven (7) months of the 2015-2016 school year and 1/3 of the index of wealth per capita (population estimates for 2015 as determined by the Weldon Cooper Center for Public Service of the University of Virginia) multiplied by the local nominal share of the costs of the Standards of Quality of 0.45 in each year. The indices of wealth are determined by combining the following constituent index elements with the indicated weighting: (1) true values of real estate and public service corporations as reported by the State Department of Taxation for the calendar year 2015 - 50 percent; (2) adjusted gross income for the calendar year 2015 as reported by the State Department of Taxation - 40 percent; (3) the sales for the calendar year 2015 which are subject to the state general sales and use tax, as reported by the State Department of Taxation - 10 percent. Each constituent index element for a locality is its sum per March 31 ADM, or per capita, expressed as a percentage of the state average per March 31 ADM, or per capita, for the same element. A locality whose composite index exceeds 0.8000 shall be considered as having an index of 0.8000 for purposes of distributing all payments based on the composite index of local ability-to-pay. Each constituent index element for a

locality used to determine the composite index of local ability-to-pay for the current biennium shall be the latest available data for the specified official base year provided to the Department of Education by the responsible source agencies no later than November 15, 2017.				
b. For any locality whose total calendar year 2015 Virginia Adjusted Gross Income is comprised of at least 3 percent or more by nonresidents of Virginia, such nonresident income shall be excluded in computing the composite index of ability-to-pay. The Department of Education shall compute the composite index for such localities by using adjusted gross income data which exclude nonresident income, but shall not adjust the composite index of any other localities. The Department of Taxation shall furnish to the Department of Education such data as are necessary to implement this provision.				
c.1) Notwithstanding the funding provisions in § 22.1-25 D, Code of Virginia, additional state funding for future consolidations shall be as set forth in future Appropriation Acts.				
2) In the case of the consolidation of Clifton Forge and Alleghany County school divisions, the fifteen year period for the application of a new composite index shall apply beginning with the fiscal year that starts on July 1, 2004. The composite index established by the Board of Education shall equal the lowest composite index that was in effect prior to July 1, 2004, of any individual localities involved in such consolidation, and this index shall remain in effect for a period of fifteen years, unless a lower composite index is calculated for the combined division through the process for computing an index as set forth above.				
3) If the composite index of a consolidated school division is reduced during the course of the fifteen year period to a level that would entitle the school division to a lower interest rate for a Literary Fund loan than it received when the loan was originally released, the Board of Education shall reduce the interest rate of such loan for the remainder of the period of the loan. Such reduction shall be based on the interest rate that would apply at the time of such adjustment. This rate shall remain in effect for the duration of the loan and shall apply only to those years remaining to be paid.				
4) In the case of the consolidation of Bedford County and Bedford City school divisions, the fifteen year period for the application of a new composite shall apply beginning with the fiscal year that starts on July 1, 2013. The composite index established by the Board of Education shall equal the lowest composite index that was in effect prior to July 1, 2013, of any individual localities involved in such consolidation, and this index shall remain in effect for a period of fifteen years, unless a lower composite index is calculated for the combined division through the process for computing an index as set forth above.				
d. When it is determined that a substantial error exists in a constituent index element, the Department of Education will make adjustments in funding for the current school year only in the division where the error occurred. The composite index of any other locality shall not be changed as a result of the adjustment. No adjustment during the biennium will be made as a result of updating of data used in a constituent index element.				
e. In the event that any school division consolidates two or more small schools, the division shall continue to receive Standards of Quality funding and provide for the required local expenditure for a period of five years as if the schools had not been consolidated. Small schools are defined as any elementary, middle, or high school with enrollment below 200, 300 and 400 students, respectively.				
5. "Required Local Expenditure for the Standards of Quality" - The locality's share based on the composite index of local ability-to-pay of the cost required by all the Standards of Quality minus its estimated revenues from the state sales and use tax dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item, both of which are returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, as specified in this Item, collected by the Department of Education and distributed to school divisions in the fiscal year in which the school year begins.				
6. "Required Local Match" - The locality's required share of program cost based on the composite index of local ability-to-pay for all Lottery and Incentive programs, where

required, in which the school division has elected to participate in a fiscal year.

7. "Planning District Eight" - The nine localities which comprise Planning District Eight are Arlington County, Fairfax County, Loudoun County, Prince William County, Alexandria City, Fairfax City, Falls Church City, Manassas City, and Manassas Park City.

8. "State Share of the Standards of Quality" - The state share of the Standards of Quality (SOQ) shall be equal to the total funded SOQ cost for a school division less the school division's estimated revenues from the state sales and use tax dedicated to public education based on the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, adjusted for the state's share of the composite index of local ability to pay.

9. Entitlements under this Item that use school-level or division-level Free Lunch eligibility percentages to determine the entitlement amounts are based on the most recent data available as of the biennial rebenchmarking calculations made for the current biennium. For schools that participate in the Community Eligibility Provision program, such entitlements are based on the most recent Free Lunch eligibility data available prior to that school's enrollment in the Community Eligibility Provision program.

10. In the event that the general fund appropriations in this Item are not sufficient to meet the entitlements payable to school divisions pursuant to the provisions of this Item, the Department of Education is authorized to transfer any available general fund funds between these Items to address such insufficiencies. If the total general fund appropriations after such transfers remain insufficient to meet the entitlements of any program funded with general fund dollars, the Department of Education is authorized to prorate such shortfall proportionately across all of the school divisions participating in any program where such shortfall occurred. In addition, the Department of Education is authorized each year to temporarily suspend textbook payments made to school divisions from Lottery funds to ensure that any shortfall in Lottery revenue can be accounted for in the remaining textbook payments to be made for the year.

11. The Department of Education is directed to apply a cap on inflation rates in the same manner prescribed in § 51.1-166.B, Code of Virginia, when updating funding to school divisions during the biennial rebenchmarking process.

12. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to combine the end-of-year Average Daily Membership (ADM) for those school divisions who have partnered together as a fiscal agent division and a contractual division for the purposes of calculating prevailing costs included in the Standards of Quality (SOQ).

13. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to include zeroes in the linear weighted average calculation of support non-personal costs for the purpose of calculating prevailing costs included in the Standards of Quality (SOQ).

14. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to eliminate the corresponding and appropriate object code(s) related to reported travel expenditures included the linear weighted average non-personal cost calculations for the purpose of calculating prevailing costs included in the Standards of Quality (SOQ).

15. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to eliminate the corresponding and appropriate object code(s) related to reported leases and rental and facility expenditures included the linear weighted average non-personal cost calculations for the purpose of calculating prevailing costs included in the Standards of Quality (SOQ).

16. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to fund transportation costs using a 15 year replacement schedule, which is the national standard guideline, for school bus replacement schedule for the purpose of calculating funded transportation costs included in the Standards of Quality (SOQ).

17. To provide temporary flexibility, notwithstanding any other provision in statute or in this Item, school divisions may elect to increase the teacher to pupil staffing ratios in kindergarten through grade 7 and English classes for grades 6 through twelve by one additional student; the teacher to pupil staffing ratio requirements for Elementary Resource teachers, Prevention, Intervention and Remediation, English as a Second Language, Gifted and Talented, Career and Technical funded programs (other than on Career and Technical courses where school divisions will have to maintain a maximum class size based on federal Occupational Safety & Health Administration safety requirements) are waived; and the instructional and support technology positions, librarians and guidance counselors staffing ratios for new hires are waived.

18. To provide additional flexibility, notwithstanding the provisions of § 22.1-79.1, Code of Virginia, any school division that was granted a waiver regarding the opening date of the school year for the 2011-2012 school year under the good cause requirements shall continue to be granted a waiver for the 2018-2019 school year and the 2019-2020 school year.

B. General Conditions

1. The Standards of Quality cost in this Item related to fringe benefits shall be limited for instructional staff members to the employer's cost for a number not exceeding the number of instructional positions required by the Standards of Quality for each school division and for their salaries at the statewide prevailing salary levels as printed below.

Instructional Position	First Year Salary	Second Year Salary
Elementary Teachers	\$48,298	\$48,298
Elementary Assistant Principals	\$68,545	\$68,545
Elementary Principals	\$85,115	\$85,115
Secondary Teachers	\$51,167	\$51,167
Secondary Assistant Principals	\$74,535	\$74,535
Secondary Principals	\$93,695	\$93,695
Instructional Aides	\$17,738	\$17,738

a.1) Payment by the state to a local school division shall be based on the state share of fringe benefit costs of 55 percent of the employer's cost distributed on the basis of the composite index.

2) A locality whose composite index exceeds 0.8000 shall be considered as having an index of 0.8000 for purposes of distributing fringe benefit funds under this provision.

3) The state payment to each school division for retirement, social security, and group life insurance costs for non-instructional personnel is included in and distributed through Basic Aid.

b. Payments to school divisions from this Item shall be calculated using March 31 Average Daily Membership adjusted for half-day kindergarten programs.

c. Payments for health insurance fringe benefits are included in and distributed through Basic Aid.

2. Each locality shall offer a school program for all its eligible pupils which is acceptable to the Department of Education as conforming to the Standards of Quality program requirements.

3. In the event the statewide number of pupils in March 31 ADM results in a state share of cost exceeding the general fund appropriation in this Item, the locality's state share of Basic Aid shall be reduced proportionately so that this general fund appropriation will not be exceeded. In addition, the required local share of Basic Aid shall also be reduced proportionately to the reduction in the state's share.

4. The Department of Education shall make equitable adjustments in the computation of indices of wealth and in other state-funded accounts for localities affected by annexation, unless a court of competent jurisdiction makes such adjustments. However, only the indices of wealth and other state-funded accounts of localities party to the annexation will be adjusted.

5. In the event that the actual revenues from the state sales and use tax dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item (both of which are returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service) for sales in the fiscal year in which the school year begins are different from the number estimated as the basis for this appropriation, the estimated state sales and use tax revenues shall not be adjusted.

6. This appropriation shall be apportioned to the public schools with guidelines established by the Department of Education consistent with legislative intent as expressed in this act.

7.a. Appropriations of state funds in this Item include the number of positions required by the Standards of Quality. This Item includes a minimum of 51 professional instructional positions and aide positions (C 5); Education of the Gifted, 1.0 professional instructional position (C 6); Occupational-Vocational Education Payments and Special Education Payments; a minimum of 6.0 professional instructional positions and aide positions (C 7 and C 8) for each 1,000 pupils in March 31 ADM each year in support of the current Standards of Quality. Funding in support of one hour of additional instruction per day based on the percent of students eligible for the federal free lunch program with a pupil-teacher ratio range of 18:1 to 10:1, depending upon a school division's combined failure rate on the English and Math Standards of Learning, is included in Remedial Education Payments (C 9).

b. No actions provided in this section signify any intent of the General Assembly to mandate an increase in the number of instructional personnel per 1,000 students above the numbers explicitly stated in the preceding paragraph.

c. Appropriations in this Item include programs supported in part by transfers to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund pursuant to Part 3 of this Act. These transfers combined together with other appropriations from the general fund in this Item funds the state's share of the following revisions to the Standards of Quality pursuant to Chapters 939 & 955 of the Acts of Assembly of 2004: five elementary resource teachers per 1,000 students; one support technology position per 1,000 students; one instructional technology position per 1,000 students; and a full daily planning period for teachers at the middle and high school levels in order to relieve the financial pressure these education programs place on local real estate taxes.

d. To provide flexibility, school divisions may use the state and local funds for instructional technology resource teachers required by the Standards of Quality to employ a data coordinator position, an instructional technology resource teacher position, or a data coordinator/instructional resource teacher blended position. The data coordinator position is intended to serve as a resource to principals and classroom teachers in the area of data analysis and interpretation for instructional and school improvement purposes, as well as for overall data management and administration of state assessments. School divisions using these SOQ funds in this manner shall only employ instructional personnel licensed by the Board of Education.

e. To provide flexibility in the provision of reading intervention services, school divisions may use the state Early Reading Intervention initiative funding provided from the Lottery Proceeds Fund and the required local matching funds to employ reading specialists to provide the required reading intervention services. School divisions using the Early Reading Intervention Initiative funds in this manner shall only employ instructional personnel licensed by the Board of Education.

f. To provide flexibility in the provision of mathematics intervention services, school divisions may use the state Standards of Learning Algebra Readiness initiative funding provided from the Lottery Proceeds Fund and the required local matching funds to employ mathematics teacher specialists to provide the required mathematics intervention services. School divisions using the Standards of Learning Algebra Readiness initiative funding in this manner shall only employ instructional personnel licensed by the Board of Education.

g. Notwithstanding the provisions of subsection H of § 22.1-253.13:2 of the Code of

In an effort to reduce the administrative burden on school divisions resulting from state data collections, such as the one needed to make the aforementioned calculations, the requirements of § 22.1-97, Code of Virginia, pertaining to the adequacy of estimated required local expenditures, shall be satisfied by signed certification by each division superintendent at the beginning of each school year that sufficient local funds have been budgeted to meet all state required local effort and required local match amounts. This provision shall only apply to calculations required of the Department of Education related to estimated required local expenditures and shall not pertain to the calculations associated with actual required local expenditures after the close of the school year.</p> <p>2) The Department of Education shall also make calculations after the close of the school year to verify that the required local effort level, based on actual March 31 Average Daily Membership, was met. Pursuant to § 22.1-97, Code of Virginia, the Department of Education shall report annually, no later than the first day of the General Assembly session, to the House Committees on Education and Appropriations and the Senate Committees on Finance and Education and Health, the results of such calculations made after the close of the school year and the degree to which each school division has met, failed to meet, or surpassed its required local expenditure. The Department of Education shall specify the calculations to determine if a school division has expended its required local expenditure for the Standards of Quality. This calculation may include but is not limited to the following calculations:</p> <p>b. The following state funds will be deducted from the amount calculated in paragraph a. above: revenues from the state sales and use tax (returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, as specified in this Item) for sales in the fiscal year in which the school year begins; total receipts from state funds (except state funds for non-regular day school programs and state funds used for capital or debt service purposes); and the state share of any balances carried forward from the previous fiscal year. Any qualifying state funds that remain unspent at the end of the fiscal year will be added to the amount calculated in paragraph a. above.</p> <p>d. Federal funds, and any federal funds carried forward from the previous fiscal year, will also be deducted from the amount calculated in paragraph a. above. 2) Local school boards may charge a per pupil fee for behind-the-wheel driver education provided, however, that the fee charged plus the per pupil basic aid reimbursement for driver education shall not exceed the actual average per pupil cost. h. The appropriation for the Standards of Quality for Public Education (SOQ) includes amounts estimated at \$389,900,000 the first year and ~~\$409,300,000~~ \$421,600,000 the second year from the amounts transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund pursuant to Part 3 of this act which are derived from the 0.375 cent increase in the state sales and use tax levied pursuant to § 58.1-638, Code of Virginia. j. From the total amounts in paragraph h. above, an amount estimated at \$130,000,000 the

For the purposes of making the required spending adjustments, the appropriation and distribution of Basic Aid shall reflect this methodology. Local school divisions shall have the discretion as to where the adjustment may be made, consistent with the Standards of Quality funded in this Act.			
	6. Education of the Gifted Payments

	b. The payment shall be calculated based on one hour of additional instruction per day for identified students, using the three year average percent of students eligible for the federal Free Lunch program as a proxy for students needing such services. Fall membership shall be multiplied by the three year average division-level Free Lunch eligibility percentage to determine the estimated number of students eligible for services. Pupil-teacher ratios shall be applied to the estimated number of eligible students to determine the number of instructional positions needed for each school division. The pupil-teacher ratio applied for each school division shall range from 10:1 for those divisions with the most severe combined three year average failure rates for English and math Standards of Learning test scores to 18:1 for those divisions with the lowest combined three year average failure rates for English and math Standards of Learning test scores.

<p>e. An additional state payment estimated at \$10,468,261 the first year and \$34,468,409 \$52,248,780 the second year from the general fund and \$100,114,539 the first year and \$86,482,069 \$69,406,736 the second year from the Lottery Proceeds Fund shall be disbursed based on the estimated number of federal Free Lunch participants, in support of programs for students who are educationally at risk. <p>2) An addition to the Add-On, based on the concentration of children qualifying for the federal Free Lunch Program. Based on its percentage of Free Lunch participants, each school division will receive a total between 1.0 and 14.5 percent in the first year and between 1.0 and 16.0 percent in the second year in additional basic aid per Free Lunch participant. These funds shall be matched by the local government, based on the composite index of local ability-to-pay.</p>				
<p>3a) Local school divisions are required to spend the established At-Risk Add-On payment (state and local share) on approved programs for students who are educationally at risk.</p>				
<p>b) To receive these funds, each school division shall certify to the Department of Education that the state and local share of the At-Risk Add-On payment will be used to support approved programs for students who are educationally at risk. These programs may include: teacher recruitment programs and incentives, Dropout Prevention, community and school-based truancy officer programs, Advancement Via Individual Determination (AVID), Project Discovery, Reading Recovery, programs for students who speak English as a Second Language, hiring additional school guidance counselors, testing coordinators, and licensed behavior analysts, or programs related to increasing the success of disadvantaged students in completing a high school degree and providing opportunities to encourage further education and training. The Department shall compile the responses and provide them to the Chairmen of House Appropriations and Senate Finance Committees no later than the first day of each Regular General Assembly Session.</p>				
<p>4) If the Board of Education has required a local school board to submit a corrective action plan pursuant to § 22.1-253.13:3, Code of Virginia, either for the school division pursuant to a division level review, or for any schools within its division that have been designated as not meeting the standards as approved by the Board of Education, the Superintendent of Public Instruction shall determine and report to the Board of Education whether each such local school board has met its obligation to develop and submit such corrective action plan(s) and is making adequate and timely progress in implementing the plan(s). Additionally, if an academic or other review process undertaken pursuant to § 22.1-253.13:3, Code of Virginia, has identified actions for a local school board to implement, the Superintendent of Public Instruction shall determine and report to the Board of Education whether the local school board has implemented required actions. If the Superintendent certifies that a local school board has failed or refused to meet any of those obligations as referenced in a memorandum of understanding between the local school board and the Board of Education, the Board of Education shall withhold payment of some or all At-Risk Add-On funds otherwise allocated to the affected division pursuant</p>

to this allocation for the pending fiscal year. In determining the amount of At-Risk Add-On funds to be withheld, the Board of Education shall take into consideration the extent to which such funds have already been expended or contractually obligated. The local school board shall be given an opportunity to correct its failure and, if successful in a timely manner, may have some or all of its At-Risk Add-On funds restored at the Board of Education's discretion.				
f. Regional Alternative Education Programs				
1) An additional state payment of \$8,767,652 the first year and \$9,434,794 \$9,403,886 the second year from the Lottery Proceeds Fund shall be disbursed for Regional Alternative Education programs. Such programs shall be for the purpose of educating certain expelled students and, as appropriate, students who have received suspensions from public schools and students returned to the community from the Department of Juvenile Justice.				
2) Each regional program shall have a small student/staff ratio. Such staff shall include, but not be limited to education, mental health, health, and law enforcement professionals, who will collaborate to provide for the academic, psychological, and social needs of the students. Each program shall be designed to ensure that students make the transition back into the "mainstream" within their local school division.				
3) a) Regional alternative education programs are funded through this Item based on the state's share of the incremental per pupil cost for providing such programs. This incremental per pupil payment shall be adjusted for the composite index of local ability-to-pay of the school division that counts such students attending such program in its March 31 Average Daily Membership. It is the intent of the General Assembly that this incremental per pupil amount be in addition to the basic aid per pupil funding provided to the affected school division for such students. Therefore, local school divisions are encouraged to provide the appropriate portion of the basic aid per pupil funding to the regional programs for students attending these programs, adjusted for costs incurred by the school division for transportation, administration, and any portion of the school day or school year that the student does not attend such program.				
b) In the event a school division does not use all of the student slots it is allocated under this program, the unused slots may be reallocated or transferred to another school division.				
1. A school division must request from the Department of Education the availability and possible use of any unused student slots. If any unused slots are available and if the requesting school division chooses to utilize any of the unused slots, the requesting school division shall only receive the state's share of tuition for the unused slot that was allocated in this Item for the originally designated school division.				
2. However, no requesting school division shall receive more tuition funding from the state for any requested unused slot than what would have been the calculated amount for the requesting school division had the unused slot been allocated to the requesting school division in the original budget. Furthermore, the requesting school division shall pay for any remaining tuition payment necessary for using a previously unused slot.				
3. The Department of Education shall provide assistance for the state share of the incremental cost of Regional Alternative Education program operations based on the composite index of local ability-to-pay.				
4) Out of this appropriation, \$673,213 \$671,339 the second year from the Lottery Proceeds Fund is provided for a compensation supplement payment equal to 3.0 percent of base pay on July 1, 2019, and for a compensation supplement payment of up to 2.0 percent of base pay on September 1, 2019, for Regional Alternative Education Program instructional and support positions, as referenced in paragraph C. 39. of this Item.

divisions shall have maximum flexibility with respect to the use of these funds and the types of remediation programs offered; however, in exercising this flexibility, students attending these programs shall not be charged tuition and no high school credit may be awarded to students who participate in this program.

2) For school divisions charging students tuition for summer high school credit courses, consideration shall be given to students from households with extenuating financial circumstances who are repeating a class in order to graduate.

3) From the amounts provided for Remedial Summer School, there is hereby appropriated \$550,000 the first year and \$550,000 the second year from the general fund to support pilot public-private partnerships between local school divisions and the Greater Richmond and Central Virginia affiliates of the Virginia Alliance of YMCAs to expand student participation opportunities in existing summer Power Scholars Academies in such partnered school divisions. The Virginia Alliance of YMCAs shall prepare and submit an evaluation report for such pilot partnerships between the school divisions and the Greater Richmond and Central Virginia YMCA affiliates to the Chairmen of House Appropriations and Senate Finance Committees no later than October 31, 2018.

10. K-3 Primary Class Size Reduction Payments

a. An additional payment estimated at \$125,175,585 the first year and ~~\$128,005,970~~ \$125,226,194 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education as an incentive for reducing class sizes in the primary grades.

b. The Department of Education shall calculate the payment based on the incremental cost of providing the lower class sizes based on the lower of the division average per pupil cost of all divisions or the actual division per pupil cost.

c. Localities are required to provide a match for these funds based on the composite index of local ability-to-pay.

d. By October 15 of each year school divisions must provide data to the Department of Education that each participating school has a September 30 pupil/teacher ratio in grades K through 3 that meet the following criteria:

Qualifying School Percentage of Students Approved	Grades K-3	Maximum Individual
Eligible for Free Lunch, Three-Year Average	School Ratio	K-3 Class Size
30% but less than 45%	19 to 1	24
45% but less than 55%	18 to 1	23
55% but less than 65%	17 to 1	22
65% but less than 70%	16 to 1	21
70% but less than 75%	15 to 1	20
75% or more	14 to 1	19

e. School divisions may elect to have eligible schools participate at a higher ratio, or only in a portion of grades kindergarten through three, with a commensurate reduction of state and required local funds, if local conditions do not permit participation at the established ratio and/or maximum individual class size. In the event that a school division requires additional actions to ensure participation at the established ratio and/or maximum individual class size, such actions must be completed by December 1 of the impacted school year. Special education teachers and instructional aides shall not be counted towards meeting these required pupil/teacher ratios in grades kindergarten through three.

f. The Superintendent of Public Instruction may grant waivers to school divisions for the class size requirement in eligible schools that have only one class in an affected grade level in the school.

11. Literary Fund Subsidy Program Payments

a. The Department of Education and the Virginia Public School Authority (VPSA) shall

<p>provide a program of funding for school construction and renovation through the Literary Fund and through VPSA bond sales. The program shall be used to provide funds, through Literary Fund loans and subsidies, and through VPSA bond sales, to fund a portion of the projects on the First or Second Literary Fund Waiting List, or other critical projects which may receive priority placement on the First or Second Literary Fund Waiting List by the Department of Education. Interest rate subsidies will provide school divisions with the present value difference in debt service between a Literary Fund loan and a borrowing through the VPSA. To qualify for an interest rate subsidy, the school division's project must be eligible for a Literary Fund loan and shall be subject to the same restrictions. The VPSA shall work with the Department of Education in selecting those projects to be funded through the interest rate subsidy/bond financing program, so as to ensure the maximum leverage of Literary Fund moneys and a minimum impact on the VPSA Bond Pool.</p> <p>b. The Virginia Public School Authority shall provide an interest rate subsidy program in fiscal year 2020 for projects that are on the Board of Education's First Priority Waiting List, and which shall only use the subsidy funding and associated VPSA borrowing as original financing for the project and not to refinance any prior debt on the project. Projects on the Literary Fund Second Priority Waiting List may participate in the Interest Rate Subsidy Program if unused subsidy appropriation remains once the participation of projects on the First Priority Waiting List is confirmed and subject to the same restrictions. However, the total cost of the subsidy program shall not exceed \$5.0 million in the second year including the subsidy payments and related issuance costs based on the parameters in Senate Bill 1093, as passed during 2019 Session. In addition, \$30.0 million in Literary Fund revenues shall be used to provide school construction loans for projects that are on the Board of Education's First Priority Waiting List.</p> <p>c. The Department of Education may offer Literary Fund loans from the uncommitted balances of the Literary Fund after meeting the obligations of the interest rate subsidy sales and the amounts set aside from the Literary Fund for Debt Service Payments for Education Technology and Security Equipment in this Item.</p> <p>d. 1) In the event that on any scheduled payment date of bonds of the Virginia Public School Authority (VPSA) authorized under the provisions of a bond resolution adopted subsequent to June 30, 1997, issued subsequent to June 30, 1997, and not benefiting from the provisions of either § 22.1-168 (iii), (iv), and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the sum of (i) the payments on general obligation school bonds of cities, counties, and towns (localities) paid to the VPSA and (ii) the proceeds derived from the application of the provisions of § 15.2-2659, Code of Virginia, to such bonds of localities, is less than the debt service due on such bonds of the VPSA on such date, there is hereby appropriated to the VPSA, first, from available moneys of the Literary Fund and, second, from the general fund a sum equal to such deficiency.</p> <p>2) The Commonwealth shall be subrogated to the VPSA to the extent of any such appropriation paid to the VPSA and shall be entitled to enforce the VPSA's remedies with respect to the defaulting locality and to full recovery of the amount of such deficiency, together with interest at the rate of the defaulting locality's bonds.</p> <p>e. The chairman of the Board of Commissioners of the VPSA shall, on or before November 1 of each year, make and deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds of the VPSA issued and projected to be issued during such biennium pursuant to the bond resolution referred to in paragraph a above. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.</p>				
12. Educational Technology Payments				
a. Any unobligated amounts transferred to the educational technology fund shall be disbursed on a pro rata basis to localities. The additional funds shall be used for technology needs identified in the division's technology plan approved by the Department of Education.				
b. The Department of Education shall authorize estimated amounts as indicated in Table 1 from the Literary Fund to provide debt service payments for the education technology grant program conducted through the Virginia Public School Authority in the referenced years.

c. It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized for education technology grant programs. In developing the proposed 2020-2022, 2022-2024, and 2024-2026 biennial budgets for public education, the Department of Education shall include a recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt service payments for these programs in fiscal years 2021, 2022, 2023, 2024, 2025, and 2026.

d. 1) An education technology grant program shall be conducted through the Virginia Public School Authority, through the issuance of equipment notes in an amount estimated at \$57,017,700 in fiscal year 2019 and ~~\$58,612,800~~ \$56,264,400 in fiscal year 2020. Proceeds of the notes will be used to establish a computer-based instructional and testing system for the Standards of Learning (SOL) and to develop the capability for high speed Internet connectivity at high schools followed by middle schools followed by elementary schools. School divisions shall use these funds first to develop and maintain the capability to support the administration of online SOL testing for all students with the exception of students with a documented need for a paper SOL test.

2) Grant funds from the issuance of \$57,017,700 in fiscal year 2019 and ~~\$58,612,800~~ \$56,264,400 in fiscal year 2020 in equipment notes are based on a grant of \$26,000 per school and \$50,000 per school division. For purposes of this grant program, eligible schools shall include schools that are subject to state accreditation and reporting membership in grades K through 12 as of September 30, 2018, for the fiscal year 2019 issuance, and September 30, 2019, for the fiscal year 2020 issuance, as well as regional vocational centers, special education centers, alternative education centers, regular school year Governor's Schools, CodeRVA Regional High School, and the School for the Deaf and the Blind. Schools that serve only pre-kindergarten students shall not be eligible for this grant.

3. a.) Supplemental grants shall be allocated to eligible divisions to support schools that are not fully accredited in accordance with this paragraph. Schools that include a ninth grade that administer SOL tests in Spring 2018 and that are not fully accredited for the second consecutive year, based on school accreditation ratings in effect for fiscal year 2018 and fiscal year 2019 will qualify to participate in the Virginia e-Learning Backpack Initiative in fiscal year 2019 and receive: (1) a supplemental grant of \$400 per student reported in ninth grade fall membership in a qualifying school for the purchase of a laptop or tablet for that student and (2) a supplemental grant of \$2,400 per qualifying school to purchase two content creation packages for teachers. Schools eligible to receive this supplemental grant in fiscal year 2019 shall continue to receive the grant for the number of subsequent years equaling the number of grades 9 through 12 in the qualifying school up to a maximum of four years. Schools that administer SOL tests in Spring 2019 and that are not fully accredited for the second consecutive year based on school accreditation ratings in effect for fiscal year 2019 and fiscal year 2020 will qualify to participate in the initiative in fiscal year 2020. Schools eligible for the supplemental grants in previous fiscal years shall continue to be eligible for the remaining years of their grant award. Schools eligible to receive this supplemental grant in fiscal year 2020 shall continue to receive the grant for the number of subsequent years equaling the number of grades 9 through 12 in the qualifying school up to a maximum of four years. Grants awarded to qualifying schools that do not have grades 10, 11, or 12 may transition with the students to the primary receiving school for all years subsequent to grade 9. Schools are eligible to receive these grants for a period of up to four years beginning in fiscal year 2014 and shall

	not be eligible to receive a separate award in the future once the original award period has concluded. Schools that are fully accredited or that are new schools with conditional accreditation in their first year shall not be eligible to receive this supplemental grant.			
	b.) Supplemental grants allocated to school divisions for participation in the Virginia e-Learning Backpack Initiative prior to fiscal year 2017 shall be used in eligible schools for (1) the purchase of a laptop or tablet for a student reported in ninth grade fall membership, and (2) the purchase of two content creation packages for teachers per grant. The amounts for such grants shall remain unchanged.			
	4) Required local match:			
	a) Localities are required to provide a match for these funds equal to 20 percent of the grant amount, including the supplemental grants provided pursuant to paragraph g. 5). At least 25 percent of the local match, including the match for supplemental grants, shall be used for teacher training in the use of instructional technology, with the remainder spent on other required uses. The Superintendent of Public Instruction is authorized to reduce the required local match for school divisions with a composite index of local ability-to-pay below 0.2000. The Virginia School for the Deaf and the Blind is exempt from the match requirement.			
	b) School divisions that administer 100 percent of SOL tests online in all elementary, middle, and high schools may use up to 75 percent of their required local match to purchase targeted technology-based interventions. Such interventions may include the necessary technology and software to support online learning, technology-based content systems, content management systems, technology equipment systems, information and data management systems, and other appropriate technologies that support the individual needs of learners. School divisions that receive supplemental grants pursuant to paragraph g.5) above shall use the funds in qualifying schools to purchase laptops and tablets for ninth grade students reported in fall membership and content creation packages for teachers.			
	5) The goal of the education technology grant program is to improve the instructional, remedial, and testing capabilities of the Standards of Learning for local school divisions and to increase the number of schools achieving full accreditation.			
	6) Funds shall be used in the following manner:			
	a) Each division shall use funds to reach a goal, in each high school, of: (1) a 5-to-1 student to computer ratio; (2) an Internet-ready local area network (LAN) capability; and (3) high speed access to the Internet. School connectivity (computers, LANs and network access) shall include sufficient download/upload capability to ensure that each student will have adequate access to Internet-based instructional, remedial and assessment programs.			
	b) When each high school in a division meets the goals established in paragraph a) above, the remaining funds shall be used to develop similar capability in first the middle schools and then the elementary schools.			
	c) For purposes of establishing or enhancing a computer-based instructional program supporting the Standards of Learning pursuant to paragraph g. 1) above, these grant funds may be used to purchase handheld multifunctional computing devices that support a broad range of applications and that are controlled by operating systems providing full multimedia support and mobile Internet connectivity. School divisions that elect to use these grant funds to purchase such qualifying handheld devices must continue to meet the on-line testing requirements stated in paragraph g. 1) above.			
	d) School divisions shall be eligible to receive supplemental grants pursuant to paragraph g.5) above. These supplemental grants shall be used in qualifying schools for the purchase of laptops and tablets for ninth grade students reported in fall membership and content creation packages for teachers. Participating school divisions will be required to select a core set of electronic textbooks, applications and online services for productivity, learning management, collaboration, practice, and assessment to be included on all devices. In addition, participating school divisions will assume recurring costs for electronic textbook purchases and maintenance.			
	e) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school divisions became one school division, whether by consolidation of only the school divisions

or by consolidation of the local governments, such resulting division shall be provided funding through this program on the basis of having the same number of school divisions as existed prior to September 30, 2000.

7) Local school divisions shall maximize the use of available federal funds, including E-Rate Funds, and to the extent possible, use such funds to supplement the program and meet the goals of this program.

e. The Department of Education shall maintain criteria to determine if high schools, middle schools, or elementary schools have the capacity to meet the goals of this initiative. The Department of Education shall be responsible for the project management of this program.

f. 1) In the event that, on any scheduled payment date of bonds or notes of the Virginia Public School Authority (VPSA) issued for the purpose described in § 22.1-166.2, Code of Virginia, and not benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the available moneys in the Literary Fund are less than the amounts authorized for debt service due on such bonds or notes of the VPSA on such date, there is hereby appropriated to the VPSA from the general fund a sum equal to such deficiency.

2) The Chairman of the Board of Commissioners of the VPSA shall, on or before November 1 of each year, make and deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds and notes of the VPSA issued and projected to be issued during such biennium pursuant to the resolution referred to in paragraph 1) above. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.

g. Unobligated proceeds of the notes, including investment income derived from the proceeds of the notes may be used to pay interest on, or to decrease principal of the notes or to fund a portion of such other educational technology grants as authorized by the General Assembly.

h. 1) For the purposes of § 56-232, Code of Virginia, "Contracts of Telephone Companies with State Government" and for the purposes of § 56-234 "Contracts for Service Rendered by a Telephone Company for the State Government" shall be deemed to include communications lines into public schools which are used for educational technology. The rate structure for such lines shall be negotiated by the Superintendent of Public Instruction and the Chief Information Officer of the Virginia Information Technologies Agency. Further, the Superintendent and Director are authorized to encourage the development of "by-pass" infrastructure in localities where it fails to obtain competitive prices or prices consistent with the best rates obtained in other parts of the state.

2) The State Corporation Commission, in its consideration of the discount for services provided to elementary schools, secondary schools, and libraries and the universal service funding mechanisms as provided under § 254 of the Telecommunications Act of 1996, is hereby encouraged to make the discounts for intrastate services provided to elementary schools, secondary schools, and libraries for educational purposes as large as is prudently possible and to fund such discounts through the universal fund as provided in § 254 of the Telecommunications Act of 1996. The commission shall proceed as expeditiously as possible in implementing these discounts and the funding mechanism for intrastate services, consistent with the rules of the Federal Communications Commission aimed at the preservation and advancement of universal service.

13. Security Equipment Payments

1) A security equipment grant program shall be conducted through the Virginia Public School Authority, through the issuance of equipment notes in an amount estimated at up to \$6,000,000 in fiscal year 2019 and \$12,000,000 in fiscal year 2020 in conjunction with the Virginia Public School Authority technology notes program authorized in C.12. of this Item. Proceeds of the notes will be used to help offset the related costs associated with the purchase of appropriate security equipment that will improve and help ensure the safety of students attending public schools in Virginia.

3) It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized for this program. In developing the proposed 2020-2022, 2022-2024, and 2024-2026 biennial budgets for public education, the Department of Education shall include a recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt service payments for these programs in fiscal years 2021, 2022, 2023, 2024, 2025, and 2026.

4) In the event that, on any scheduled payment date of bonds or notes of the Virginia Public School Authority issued for the purpose described in § 22.1-166.2, Code of Virginia, and not benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the available moneys in the Literary Fund are less than the amounts authorized for debt service due on such bonds or notes on such date, there is hereby appropriated to the Virginia Public School Authority from the general fund a sum equal to such deficiency.

5) The Chairman of the Board of Commissioners of the Virginia Public School Authority shall, on or before November 1 of each year, deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds and notes issued and projected to be issued during such biennium. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.

6) Grant award funds from the issuance of up to \$6,000,000 in fiscal year 2019 and \$12,000,000 in fiscal year 2020 in equipment notes shall be distributed to eligible school divisions. The grant awards will be based on a competitive grant basis of up to \$250,000 per school division. School divisions will be permitted to apply annually for grant funding. For purposes of this program, eligible schools shall include schools that are subject to state accreditation and reporting membership in grades K through 12 as of September 30, 2018, for the fiscal year 2019 issuance, and September 30, 2019, for the fiscal year 2020 issuance, as well as regional vocational centers, special education centers, alternative education centers, regular school year Governor's Schools, and the Virginia School for the Deaf and the Blind.

7) School divisions would submit their application to Department of Education by August 1 of each year based on the criteria developed by the Department of Education in collaboration with the Department of Criminal Justice Services who will provide requested technical support. Furthermore, the Department of Education will have the authority to make such grant awards to such school divisions.

8) It is also the intent of the General Assembly that, beginning with fiscal year 2020, the total amount of the grant awards shall not exceed \$60,000,000 over any ongoing revolving five year period.

9) Required local match:

a) Localities are required to provide a match for these funds equal to 25 percent of the grant amount. The Superintendent of Public Instruction is authorized to reduce the required local match for school divisions with a composite index of local ability-to-pay below 0.2000. The Virginia School for the Deaf and the Blind is exempt from the match requirement.

b) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school divisions became one school division, whether by consolidation of only the school divisions or by consolidation of the local governments, such resulting division shall be provided funding through this program on the basis of having the same number of school divisions as existed prior to September 30, 2000.

c) Local school divisions shall maximize the use of available federal funds, including E-Rate Funds, and to the extent possible, use such funds to supplement the program and meet the goals of this program.

14. Virginia Preschool Initiative Payments

a.1) It is the intent of the General Assembly that a payment estimated at \$70,049,572 the first year and ~~\$72,351,058~~ \$73,290,301 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to schools and community-based organizations to provide quality preschool programs for at-risk four-year-olds who are residents of Virginia and unserved by Head Start program funding and for at-risk five-year-olds who are not eligible to attend kindergarten. In no event shall distributions from the Lottery Proceeds Fund be made directly to community-based or private providers.

2) These state funds and required local matching funds shall be used to provide programs for at-risk four-year-old children, which include quality preschool education, health services, social services, parental involvement and transportation. It shall be the policy of the Commonwealth that state funds and required local matching funds for the Virginia Preschool Initiative not be used for capital outlay. Programs must provide full-day or half-day and, at least, school-year services.

3) The Department of Education shall establish academic standards that are in accordance with appropriate preparation for students to be ready to successfully enter kindergarten. These standards shall be established in such a manner as to be measurable for student achievement and success. Students shall be required to be evaluated in the fall and in the spring by each participating school division and the school divisions must certify that the Virginia Preschool Initiative program follows the established standards in order to receive the funding for quality preschool education and criteria for the service components. Such standards shall align with the Virginia Standards of Learning for Kindergarten.

4) a) Grants shall be distributed based on an allocation formula providing the state share of a \$6,326 grant for 100 percent of the unserved at-risk four-year-olds in each locality for a full-day program. The number of unserved at-risk four-year-olds in each locality shall be based on the projected number of kindergarten students, updated once each biennium for the Governor's introduced biennial budget. Half-day programs shall operate for a minimum of three hours of classroom instructional time per day, excluding breaks for lunch, and grants to half-day programs shall be funded based on the state share of \$3,163 per unserved at-risk four-year-old in each locality. Full-day programs shall operate for a minimum of five and one-half instructional hours, excluding breaks for meals. Virginia Preschool Initiative programs may include unstructured recreational time that is intended to develop teamwork, social skills, and overall physical fitness in any calculation of total instructional time, provided that such unstructured recreational time does not exceed 15 percent of total instructional time or teaching hours. No additional state funding is provided for programs operating greater than three hours per day but less than five and one-half hours per day. In determining the state and local shares of funding, the composite index of local ability-to-pay is capped at 0.5000.

b) For new programs in the first year of implementation only, programs operating less than a full school year shall receive state funds on a fractional basis determined by the pro-rata portion of a school year program provided. In determining the prorated state funds to be received, a school year shall be 180 days or 990 teaching hours.

b.1) Any locality which desires to participate in this grant program must submit a proposal through its chief administrator (county administrator or city manager) by May 15 of each year. The chief administrator, in conjunction with the school superintendent, shall identify a lead agency for this program within the locality. The lead agency shall be responsible for developing a local plan for the delivery of quality preschool services to at-risk children which demonstrates the coordination of resources and the combination of funding streams

ITEM 136.	Item Details(\$)		Appropriations(\$)	
	First Year FY2019	Second Year FY2020	First Year FY2019	Second Year FY2020
	in an effort to serve the greatest number of at-risk four-year-old children.			
	2) The proposal must demonstrate coordination with all parties necessary for the successful delivery of comprehensive services, including the schools, child care providers, local social services agency, Head Start, local health department, and other groups identified by the lead agency.			
	3) A local match, based on the composite index of local ability-to-pay, shall be required. For purposes of meeting the local match, localities may use local expenditures for existing qualifying programs, however, at least seventy-five percent of the local match will be cash and no more than twenty-five percent will be in-kind. In-kind contributions are defined as cash outlays that are made by the locality that benefit the program but are not directly charged to the program. The value of fixed assets cannot be considered as an in-kind contribution. Philanthropic or other private funds may be contributed to the locality to be appropriated in their local budget and then utilized as local match. Localities shall also continue to pursue and coordinate other funding sources, including child care subsidies. Funds received through this program must be used to supplement, not supplant, any funds currently provided for programs within the locality. However, in the event a locality is unable to continue the previous level of support to programs for at-risk four-year-olds from Title I of the federal Elementary and Secondary Education Act (ESEA), the state and local funds provided in this grants program may be used to continue services to these Title I students. Such inability may occur due to adjustments to the allocation formula in the reauthorization of ESEA as the Every Student Succeeds Act of 2015, or due to a percentage reduction in a locality's Title I allocation in a particular year. Any locality so affected shall provide written evidence to the Superintendent of Public Instruction and request his approval to continue the services to Title I students.			
	c. Local plans must provide clear methods of service coordination for the purpose of reducing the per child cost for the service, increasing the number of at-risk children served and/or extending services for the entire year. Examples of these include:			
	1) "Wraparound Services" -- methods for combining funds such as child care subsidy dollars administered by local social service agencies with dollars for quality preschool education programs.			
	2) "Wrap-out Services" - methods for using grant funds to purchase quality preschool services to at-risk four-year-old children through an existing child care setting by purchasing comprehensive services within a setting which currently provides quality preschool education.			
	3) "Expansion of Service" - methods for using grant funds to purchase slots within existing programs, such as Head Start, which provide comprehensive services to at-risk four-year-old children.			
	d.1) Local plans must indicate the number of at-risk four-year-old children to be served, and the eligibility criteria for participation in this program shall be consistent with the economic and educational risk factors stated in the 2015-2016 programs guidelines that are specific to: (i) family income at or below 200 percent of federal poverty guidelines, (ii) homelessness, (iii) student's parents or guardians are school dropouts, or (iv) family income is above 200 percent but at or below 350 percent of federal poverty guidelines in the case of students with special needs or disabilities. Up to 15 percent of a division's slots may be filled based on locally established eligibility criteria so as to meet the unique needs of at-risk children in the community.			
	2) The Department of Education is directed to compile from each school division the aggregated information as to the number of enrolled students whose families are (i) at or below 130 percent of poverty, (ii) above 130 percent but at or below 200 percent of poverty, (iii) above 200 percent but at or below 350 percent of poverty, and (iv) above 350 percent of poverty. The Department shall report this information annually, after the application and fall participation reports are submitted to the Department from the school divisions, to the Chairmen of House Appropriations and Senate Finance Committees. In addition, the Department will post and maintain the summary information by division on the Department's website in keeping with current student privacy policies.			
	e.1) The Department of Education shall provide technical assistance for the administration of this grant program to provide assistance to localities in developing a comprehensive,

coordinated, quality preschool program for serving at-risk four-year-old children.

2) The Department shall provide interested localities with information on models for service delivery, methods of coordinating funding streams, such as funds to match federal IV-A child care dollars, to maximize funding without supplanting existing sources of funding for the provision of services to at-risk four-year-old children. A priority for technical assistance in the design of programs shall be given to localities where the majority of the at-risk four-year-old population is currently unserved.

f. The Department of Education shall include in the program's application package specific information regarding the potential availability of funding for supplemental grants that may be used for one-time expenses, other than capital, related to start-up or expansion of programs, with priority given to proposals for expanding the use of partnerships with either nonprofit or for-profit providers. Furthermore, the Department is mandated to communicate to all eligible school divisions the remaining available balances in the program's adopted budget, after the fall participation reports have been submitted and finalized for such grants.

g. Beginning in school year 2019-2020, one-time waiting list slots may, subject to available funds, be provided to school divisions that have utilized 100 percent of their calculated slots in the previous school year and had a waiting list for unserved eligible children as certified by such school divisions on the Virginia Preschool Initiative Fall Verification Report submitted to the Department of Education in the previous school year. Further, eligible school divisions that may request and receive a one-time allocation of such slots in the subsequent school year, shall offer such slots to at-risk four-year old children that (i) family income at or below 200 percent of federal poverty guidelines, (ii) family income is above 200 percent but at or below 350 percent of federal poverty guidelines in the case of students with special needs or disabilities, (iii) homelessness, or (iv) student's parents or guardians are school dropouts. The amount of funding available to provide any waiting list slots to eligible school divisions shall be determined by the previous fiscal year year-end balance of the allocations in paragraph C. 14. a. 1) of this item. Further, the Department of Education shall ensure that supplemental grants for one-time expenses, other than capital, related to start-up or expansion of Virginia Preschool Initiative program in paragraph C. 14. f. of this item, are awarded and allocated first from any available balances in the program's adopted budget, after the fall participation reports have been submitted and finalized before any remaining balances are considered for waiting list slots. Any such remaining balances not awarded and allocated in the current fiscal year for start-up or expansion grants shall be carried forward to the next fiscal year to support waiting list slots. Available funding shall be provided only to eligible school divisions that report using 100 percent of the upcoming school year slot allocation in the May 15 grant proposal and report using 100 percent of the school year slot allocation on the Virginia Preschool Initiative Fall Verification Report submitted to the Department of Education for the school year that waiting list slots are provided. If a school division's Virginia Preschool Initiative Fall Verification Report submitted to the Department of Education does not certify that 100 percent of the school year calculated slot allocation is used, then the Department of Education shall withdraw enough of the granted waiting list slots and associated funding provided such that the net difference between the withdrawn waiting list slots make up the percentage deficient from the school year calculated slot allocation not used. The Department of Education shall submit a comprehensive report, detailing, but not limited to, the number of calculated slots and funding allocated to each school division, the number of calculated slots filled by each school division, supplemental grants requested and awarded by each school division, the number of waiting list slots requested by each school division, the number of waiting list slots offered to each school division, the number of waiting list slots filled by each school division and the funding allocated for the filled waiting list slots by each school division, to the Chairmen of House Appropriations and Senate Finance Committees no later than December 31, 2019, and annually thereafter.

h. Out of the appropriation in this Item, \$304,088 the first year and \$306,100 the second year from the ~~general fund~~ Lottery Proceeds Fund is allocated for the Department of Education to provide grants of no more than \$30,000 each for local school divisions that have applied for such funds for the sole purpose of providing financial incentives to provisionally licensed teachers teaching students enrolled in the Virginia Preschool

School divisions must submit applications to the Department of Education by December 1 of each year. Priority for awarding grants shall be given to hard-to-staff schools and schools with the highest number of provisionally licensed teachers teaching students enrolled in the Virginia Preschool Initiative. The Department of Education shall develop the application process to be provided to school divisions that have provisionally licensed teachers employed and are teaching students enrolled in the Virginia Preschool Initiative. Any funds not awarded from this grant program in fiscal year 2019 may be awarded for supplemental grants for one-time expenses, other than capital, related to start-up or expansion of Virginia Preschool Initiative programs in paragraph C.14.f. of this Item. Any such remaining balances not awarded and allocated in fiscal year 2019 for start-up or expansion grants shall be carried forward to fiscal year 2020 to support waiting list slots.

j. Out of the appropriation in this Item, \$75,000 the first year from the general fund is provided such that, beginning July 1, 2018, the Department of Education shall develop a plan to ensure that high quality instruction is provided in the Virginia Preschool Initiative program's individual preschool classrooms. The plan shall detail how the Department will (i) monitor and assess the quality of teacher-child interactions within each preschool classroom at least once every two years, (ii) ensure the use of evidence-based curricula is implemented in each preschool classroom and take necessary corrective action if evidence-based curriculum is not used or effective by the following school year, and, (iii) facilitate and provide individualized professional development for Virginia Preschool Initiative classroom teachers to ensure the necessary teaching skills are aligned for the pedagogy of high quality preschool classroom experiences and (iv) provide informative and complete information about how Virginia Preschool Initiative funding, from all sources, supports quality preschool experiences for children enrolled in the local public school divisions in Virginia. The plan shall also include details on the number of staff, tasks and duties, and possible funding needed to carry out these responsibilities. The Department shall submit its complete detailed plan to the Chairmen of House Appropriations and Senate Finance Committees by November 1, 2018.

The Department of Education shall review the tests of any local school board which requests authority to use a test other than the state-provided test to ensure that such local test uses criteria for the early diagnosis of reading deficiencies which are similar to those criteria used in the state-provided test. The Department of Education shall make the state-provided diagnostic test used in this program available to local school divisions. School divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis at a time to be determined by the Superintendent of Public Instruction.

b. These payments shall be based on the state's share of the cost of providing two and one-half hours of additional instruction each week for an estimated number of students in each school division at a student to teacher ratio of five to one. The estimated number of students in each school division in each year shall be determined by multiplying the projected number of students reported in each school division's fall membership in grades kindergarten, 1, 2, and 3 by the percent of students who are determined to need services based on diagnostic tests administered in the previous year in that school division and adjusted in the following manner:

	Year 1	Year 2
Kindergarten	100%	100%
Grade 1	100%	100%
Grade 2	100%	100%
Grade 3	100%	100%

Education that an intervention program will be offered to such students and that each student who receives an intervention will be assessed again at the end of that school year. At the beginning of the school year, local school divisions shall partner with the parents of those third grade students in the division who demonstrate reading deficiencies, discussing with them a developed plan for remediation and retesting. Such intervention programs, at the discretion of the local school division, may include, but not be limited to, the use of: special reading teachers; trained aides; full-time early literacy tutors; volunteer tutors under the supervision of a certified teacher; computer-based reading tutorial programs; aides to instruct in-class groups while the teacher provides direct instruction to the students who need extra assistance; or extended instructional time in the school day or year for these students. Localities receiving these payments are required to match these funds based on the composite index of local ability-to-pay.

d. In the event that a school division does not use the diagnostic test provided by the Department of Education in the year that serves as the basis for updating the funding formula for this program but has used it in past years, the Department of Education shall use the most recent data available for the division for the state-provided diagnostic test.

e. The results of all reading diagnostic tests and reading remediation shall be discussed with the student and the student's parent prior to the student being promoted to grade four.

f. Funds appropriated for Standards of Quality Prevention, Intervention, and Remediation, Remedial Summer School, or At-Risk Add-On may also be used to meet the requirements of this program.

16. Standards of Learning Algebra Readiness Payments

These amounts reflect \$200,000 the first year and \$200,000 the second year apportioned to each school division to account for the cost of the diagnostic test. The Department of Education shall review the tests to ensure that such local test uses state-provided criteria for diagnosis of math deficiencies which are similar to those criteria used in the state-provided test. The Department of Education shall make the state-provided diagnostic test used in this program available to local school divisions. School divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis at a time to be determined by the Superintendent of Public Instruction.

b. These payments shall be based on the state's share of the cost of providing two and one-half hours of additional instruction each week for an estimated number of students in each school division at a student to teacher ratio of ten to one. The estimate number of students in each school division shall be determined by multiplying the projected number of students reported in each school division's fall membership by the percent of students that qualify for the federal Free Lunch Program.

c. These payments are available to any school division that certifies to the Department of Education that an intervention program will be offered to such students and that each student who receives an intervention will be assessed again at the end of that school year. Localities receiving these payments are required to match these funds based on the composite index of local ability-to-pay.

amount of funds has been committed by participating school divisions to such purchases.

e. The Board of Education shall not take any action that would increase the state's share of costs associated with the Governor's Schools as set forth in this Item. This provision shall not prohibit the Department of Education from submitting requests for the increased costs of existing programs resulting from updates to student enrollment for school divisions currently participating in existing programs or for school divisions that begin participation in existing programs.

f.1) Regular school year Governor's Schools are funded through this Item based on the state's share of the incremental per pupil cost for providing such programs for each student attending a Governor's School up to a cap of 1,800 students per Governor's School in the first year and a cap of 1,800 students per Governor's School in the second year. This incremental per pupil payment shall be adjusted for the composite index of the school division that counts such students attending an academic year Governor's School in their March 31 Average Daily Membership. It is the intent of the General Assembly that this incremental per pupil amount be in addition to the basic aid per pupil funding provided to the affected school division for such students. Therefore, local school divisions are encouraged to provide the appropriate portion of the basic aid per pupil funding to the Governor's Schools for students attending these programs, adjusted for costs incurred by the school division for transportation, administration, and any portion of the day that the student does not attend a Governor's School.

2) Students attending a revolving Academic Year Governor's School program for only one semester shall be counted as 0.50 of a full-time equivalent student and will be funded for only fifty percent of the full-year funded per pupil amount. For purposes of this Item, revolving programs shall mean Academic Year Governor's School programs that admit students on a semester basis.

3) Students attending a continuous, non-revolving Academic Year Governor's School program shall be counted as a full-time equivalent student and will be funded for the full-year funded per pupil amount. Funding for students attending a continuous, non-revolving Academic Year Governor's School program will be adjusted based upon actual September 30th student enrollment each fiscal year. For purposes of this Item, continuous, non-revolving programs shall mean Academic Year Governor's School programs that only admit students at the beginning of the school year. Fairfax County Public Schools shall not reduce local per pupil funding for the Thomas Jefferson Governor's School below the amounts appropriated for the 2003-2004 school year.

g. All regional Governor's Schools are encouraged to provide full-day grades 9 through 12 programs.

h. Out of the appropriation included in paragraph C. 39. of this Item, ~~\$866,870~~ \$857,382 the second year from the general fund is provided in the Academic Year Governor's School funding allocation to increase the per pupil amount the second year as an add-on for a compensation supplement payment equal to 3.0 percent of base pay on July 1, 2019, and for a compensation supplement payment of up to 2.0 percent of base pay on September 1, 2019, for Academic Year Governor's School instructional and support positions.

<p>division as a reimbursement for breakfast meals served that are in excess of the baseline established by the Department of Education. The per meal reimbursement shall be \$0.22; however, the department is authorized, but not required to reduce this amount proportionately in the event that the actual number of meals to be reimbursed exceeds the number on which this appropriation is based so that this appropriation is not exceeded.</p> <p>b. In order to receive these funds, school divisions must certify that these funds will be used to supplement existing funds provided by the local governing body and that local funds derived from sources that are not generated by the school nutrition programs have not been reduced or eliminated. The funds shall be used to improve student participation in the school breakfast program. These efforts may include, but are not limited to, reducing the per meal price paid by students, reducing competitive food sales in order to improve the quality of nutritional offerings in schools, increasing access to the school breakfast program, or providing programs to increase parent and student knowledge of good nutritional practices. In no event shall these funds be used to reduce local tax revenues below the level appropriated to school nutrition programs in the prior year. Further, these funds must be provided to the school nutrition programs and may not be used for any other school purpose.</p> <p>c.1) Out of this appropriation, \$1,074,000 the first year and \$1,074,000 the second year from the general fund is provided to fund an After-the-Bell Model breakfast program available on a voluntary basis to elementary, middle, and high schools where student eligibility for free or reduced lunch exceeds 45.0 percent for the participating eligible school, and to provide additional reimbursement for eligible meals served in the current traditional school breakfast program at all grade levels in any participating school. The Department of Education is directed to ensure that only eligible schools receive reimbursement funding for participating in the After-the-Bell school breakfast model. The schools participating in the program shall evaluate the educational impact of the models implemented that provide school breakfasts to students after the first bell of the school day, based on the guidelines developed by the Department of Education and submit the required report to the Department of Education no later than August 31, 2019 for the 2018-2019 school year and no later than August 31, 2020 for the 2019-2020 school year.</p> <p>2) The Department of Education shall communicate, through Superintendent's Memo, to school divisions the types of breakfast serving models and the criteria that will meet the requirements for this State reimbursement, which may include, but are not limited to, breakfast in the classroom, grab and go breakfast, or a breakfast after first period. School divisions may determine the breakfast serving model that best applies to its students, so long as it occurs after the instructional day has begun. For the 2018-2019 and 2019-2020 school years, the Department of Education shall monthly transfer to each school division a reimbursement rate of \$0.05 per breakfast meal that meets either of the established criteria in elementary schools and a reimbursement rate of \$0.10 per breakfast meal that meets either of the established criteria in middle or high schools.</p> <p>3) No later than July 1, 2018 for the 2018-2019 school year and no later than July 1, 2019 for the 2019-2020 school year, the Department of Education shall provide for a breakfast program application process for school divisions with eligible schools, including guidelines regarding specified required data to be compiled from the prior school year or years and for the upcoming school year program. The number of approved applications shall be based on the estimated number of sites that can be accommodated within the approved funding level. The Department of Education shall set criteria for establishing priority should the number of applications from eligible schools exceed the approved funding level. The reporting requirements must include: chronic absenteeism rates, student attendance and tardy arrivals, office discipline referrals, student achievement measures, teachers' and administrators' responses to the impact of the program on student hunger, student attentiveness, and overall classroom learning environment before and after implementation, and the financial impact on the division's school food program. Funded schools that do not provide data by August 31 are subject to exclusion from funding in the following year. Secretaries. The purpose of the workgroup shall be to evaluate common business requirements for electronic health records to ensure consistency and interoperability with other partner state and local agencies and public and private health care entities to the extent allowed by federal and state law and regulations. The goal of the workgroup is to develop an integrated EHR which may be shared as appropriate with other partner state and local agencies and public and private health care entities. The workgroup shall evaluate the DBHDS statement of work developed for its EHR system and the DBHDS platform for potential adaption and/or use by state agencies in order to develop an integrated statewide EHR.

2. The workgroup may consider and evaluate other EHR systems that may be more appropriate to meet specific agency needs and evaluate the cost-effectiveness of pursuing a separate EHR system as compared to a statewide integrated EHR. However, the workgroup shall ensure that standards are developed to ensure that EHRs can be shared as appropriate with public and private partner agencies and health care entities.

3. The workgroup shall also develop an implementation timeline, cost estimates, and assess other issues that may need to be addressed in order to implement an integrated statewide EHR system. The timeline and cost estimates shall be used by the respective agencies to coordinate implementation. The workgroup shall report on its activities and any recommendations to the Joint Subcommittee on Health and Human Resources Oversight by October 15, 2018.

4. The workgroup shall produce a robust analysis of the costs and benefits of using the platform provided through Contract Number VA-121107-SMU managed by the Virginia Information Technologies Agency on behalf of the Commonwealth of Virginia in developing and implementing electronic health records for use by the Virginia Department of Health. The analysis shall consider the need for a separate domain from any other procured through the Contract. The workgroup shall report on the findings of the analysis and any recommendations to the Joint Subcommittee on Health and Human Resources Oversight by November 1, 2019.

D. The Secretary of Health and Human Resources shall convene a work group to examine recent trends in the individual insurance market and state options for stabilizing that market. The examination shall include, but not be limited to, a review of association and catastrophic health plans as well as innovative solutions that reduce individual insurance premiums and out-of-pocket costs while preserving access to comprehensive health insurance. The examination shall also consider the resources necessary to fund any proposed options. The work group shall include the Commissioner of Insurance or his designee, the Virginia Association of Health Plans, chambers of commerce, and other relevant stakeholders at the discretion of the Secretary. The Secretary shall report his findings and recommendations to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees by November 1, 2018.

E.1. The Secretary of Health and Human Resources is authorized to develop and apply for a state innovation waiver under Section 1332 of the federal Patient Protection and Affordable Care Act (42 U.S.C. 18052) to implement innovative solutions to help stabilize the individual insurance market by reducing individual insurance premiums and out-of-pocket costs while preserving access to health insurance. Such solutions may include the implementation of a state reinsurance program or high risk pool, or market stabilization program payments, among others.

2. The State Corporation Commission Bureau of Insurance shall provide technical assistance to the Secretary of Health and Human Resources as requested.

3. The Secretary shall report on the waiver plan to the House and Senate Committees on Labor and Commerce and the House Appropriations and Senate Finance Committees prior to the submission of the waiver application. Such report shall include an analysis of the costs and assumptions used to implement the waiver and any mechanism proposed to fund the non-federal share of costs. Implementation of the waiver shall be subject to appropriation of the non-federal share of costs by the General Assembly and approval by the United States Secretary of Health and Human Services.

F. The Secretary of Health and Human Resources, in collaboration with the Secretary of

<p>2. Local Match. All localities are required to appropriate a local match for the base year funding consisting of the actual aggregate local match rate based on actual total 1997 program expenditures for the Children's Services Act. This local match rate shall also apply to all reimbursements from the state pool of funds in this Item and carryforward expenditures submitted prior to September 30 each year for the preceding fiscal year, including administrative reimbursements under paragraph C.4. in this Item.</p>

	First Year	Second Year	First Year	Second Year
	FY2019	FY2020	FY2019	FY2020

methodology:

a) DSH eligible hospitals must have a total Medicaid Inpatient Utilization Rate equal to 14 percent or higher in the base year using Medicaid days eligible for Medicare DSH or a Low Income Utilization Rate in excess of 25 percent and meet other federal requirements. Eligibility for out of state cost reporting hospitals shall be based on total Medicaid utilization or on total Medicaid NICU utilization equal to 14 percent or higher.

b) Each hospital's DSH payment shall be equal to the DSH per diem multiplied by each hospital's eligible DSH days in a base year. Days reported in provider fiscal years in state FY 2011 will be the base year for FY 2015 prospective DSH payments. DSH will be recalculated annually with an updated base year. DSH payments are subject to applicable federal limits.

c) Eligible DSH days are the sum of all Medicaid inpatient acute, psychiatric and rehabilitation days above 14 percent for each DSH hospital subject to special rules for out of state cost reporting hospitals. Eligible DSH days for out of state cost reporting hospitals shall be the higher of the number of eligible days based on the calculation in the first sentence times Virginia Medicaid utilization (Virginia Medicaid days as a percent of total Medicaid days) or the Medicaid NICU days above 14 percent times Virginia NICU Medicaid utilization (Virginia NICU Medicaid days as a percent of total NICU Medicaid days). Eligible DSH days for out of state cost reporting hospitals who qualify for DSH but who have less than 12 percent Virginia Medicaid utilization shall be 50 percent of the days that would have otherwise been eligible DSH days.

d) Additional eligible DSH days are days that exceed 28 percent Medicaid utilization for Virginia Type Two hospitals (excluding Children's Hospital of the Kings Daughters).

e) The DSH per diem shall be calculated in the following manner:

a. The DSH per diem for Type Two hospitals is calculated by dividing the total Type Two DSH allocation by the sum of eligible DSH days for all Type Two DSH hospitals. For purposes of DSH, Type Two hospitals do not include Children's Hospital of the Kings Daughters (CHKD) or any hospital whose reimbursement exceeds its federal uncompensated care cost limit. The Type Two Hospital DSH allocation shall equal the amount of DSH paid to Type Two hospitals in state FY 2014 increased annually by the percent change in the federal allotment, including any reductions as a result of the Affordable Care Act, adjusted for the state fiscal year.

b. The DSH per diem for State Inpatient Psychiatric Hospitals is calculated by dividing the total State Inpatient Psychiatric Hospital DSH allocation by the sum of eligible DSH days. The State Inpatient Psychiatric Hospital DSH allocation shall equal the amount of DSH paid in state FY 2013 increased annually by the percent change in the federal allotment, including any reductions as a result of the Affordable Care Act, adjusted for the state fiscal year.

c. The DSH per diem for CHKD shall be three times the DSH per diem for Type Two hospitals.

d. The DSH per diem for Type One hospitals shall be 17 times the DSH per diem for Type Two hospitals.

2. Each year, the department shall determine how much Type Two DSH has been reduced as a result of the Affordable Care Act and adjust the percent of cost reimbursed for outpatient hospital reimbursement.

3. The department shall convene the Hospital Payment Policy Advisory Council at least once a year to consider additional changes to the DSH methodology.

4. The department shall have the authority to implement these reimbursement changes effective July 1, 2014, and prior to completion of any regulatory process in order to effect such changes.

VV. The Department of Medical Assistance Services shall have authority to amend the State Plans for Medical Assistance under Titles XIX and XXI of the Social Security Act,

The department shall have authority to implement such standards and practices upon federal approval and prior to the completion of any regulatory process undertaken in order to effect such changes.				
WW.1. Notwithstanding § 32.1-330 of the Code of Virginia, the Department of Medical Assistance Services shall improve the preadmission screening process for individuals who will be eligible for long-term care services, as defined in the state plan for medical assistance. The Joint Subcommittee for Health and Human Resources Oversight shall establish the annual target by September 15 of each year for the following two fiscal years. The target shall take into account the following: a 10-year rolling average of Medicaid expenditures by eligibility category and utilization of services, a 20-year rolling average of general fund revenue growth, and for policy decisions adopted by General Assembly during the previous Session which impact Medicaid spending.

2. In the event of an economic recession, the Joint Subcommittee may take into consideration enrollment and spending trends experienced during previous recessions in establishing the targets.

3. It is the intent of the General Assembly that the Governor abide by the spending target for Medicaid state spending, as established by the Joint Subcommittee, in developing the introduced budget each year and shall notify the Chairmen of the House Appropriations and Senate Finance Committees in the event the target cannot be met, along with the reason it cannot be met.

2. Expenditures from the Behavioral Health and Developmental Services Trust Fund shall be subject to appropriation through an appropriations bill passed by the General Assembly.

3. Any remaining balances in the Behavioral Health and Developmental Services Trust Fund shall be carried forward to the subsequent fiscal year.

D. Any funds appropriated in this Act for the purpose of complying with the settlement agreement with the United States Department of Justice pursuant to civil action no: 3:12cv059-JAG that remain unspent at the end of the fiscal year may be carried forward into the subsequent fiscal year in order to continue implementation of the agreement's requirements.

E. The Governor is hereby authorized to transfer funds from agency appropriations to the accounts of participating state employees in such amounts as may be necessary to match the contributions of the qualified participating employees, consistent with the requirements of the Code of Virginia governing the deferred compensation cash match program. Such transfers shall be made consistent with the following:

1. The maximum cash match provided to eligible employees shall not be less than \$20.00 per pay period, or \$40.00 per month, in each year of the biennium. The Governor may direct the agencies of the Commonwealth to utilize funds contained within their existing appropriations to meet these requirements.

PART 2: CAPITAL PROJECT EXPENSES

§ 2-0. GENERAL CONDITIONS

A.1. The General Assembly hereby authorizes the capital projects listed in this act. The amounts hereinafter set forth are appropriated to the state agencies named for the indicated capital projects. Amounts so appropriated and amounts reappropriated pursuant to paragraph G of this section shall be available for expenditure during the current biennium, subject to the conditions controlling the expenditures of capital project funds as provided by law. Reappropriated amounts, unless otherwise stated, are limited to the unexpended appropriation balances at the close of the previous biennium, as shown by the records of the Department of Accounts.

2. The Director, Department of Planning and Budget, may transfer appropriations listed in Part 2 of this act from the second year to the first year in accordance with § 4-1.03 a 5 of this act.

B. The five-digit number following the title of a project is the code identification number assigned for the life of the project.

C. Except as herein otherwise expressly provided, appropriations or reappropriations for structures may be used for the purchase of equipment to be used in the structures for which the funds are provided, subject to guidelines prescribed by the Governor.

D. Notwithstanding any other provisions of law, appropriations for capital projects shall be subject to the following:

1. Appropriations or reappropriations of funds made pursuant to this act for planning of capital projects shall not constitute implied approval of construction funds in a future biennium. Funds, other than the reappropriations referred to above, for the preparation of capital project proposals must come from the affected agency's existing resources.

2. No capital project for which appropriations for planning are contained in this act, nor any project for which appropriations for planning have been previously approved, shall be considered for construction funds until preliminary plans and cost estimates are reviewed by the Department of General Services. The purpose of this review is to avoid unnecessary expenditures for each project, in the interest of assuring the overall cost of the project is reasonable in relation to the purpose intended, regardless of discrete design choices.

E.1. Expenditures from Items in this act identified as "Maintenance Reserve" are to be made only for the maintenance of property, plant, and equipment as defined in § 4-4.01c of this act to the extent that funds included in the appropriation to the agency for this purpose in Part 1 of this act are insufficient.

2. Agencies and institutions of higher education can expend up to \$2,000,000 for a single repair or project, and up to \$4,000,000 for a roof replacement project, through the maintenance reserve appropriation. Such expenditures shall be subject to rules and regulations prescribed by the Governor. To the extent an agency or institution of higher education has identified a potential project that exceeds this threshold, the Director, Department of Planning and Budget, can provide exemptions to the threshold as long as the project still meets the definition of a maintenance reserve project as defined by the Department of Planning and Budget.

3. Only facilities supported wholly or in part by the general fund shall utilize general fund maintenance reserve appropriations. Facilities supported entirely by nongeneral funds shall accomplish maintenance through the use of nongeneral funds.

F. Conditions Applicable to Bond Projects

1. The capital projects listed in §§ 2-5231 and 2-5332 for the indicated agencies and institutions of higher education are hereby authorized and sums from the sources and in the amount indicated are hereby appropriated and reappropriated. The issuance of bonds in a principal amount plus amounts needed to fund issuance costs, reserve funds, and other financing expenses, including capitalized interest for any project listed in §§ 2-5231 and 2-5332 is hereby authorized.

2. The issuance of bonds for any project listed in § 2-5231 is to be separately authorized pursuant to Article X, Section 9 (c), Constitution of Virginia.

3. The issuance of bonds for any project listed in §§ 2-5231 or 2-5332 shall be authorized pursuant to § 23.1-1106, Code of Virginia.

4. In the event that the cost of any capital project listed in §§ 2-5231 and 2-5332 shall exceed the amount appropriated therefore, the Director, Department of Planning and Budget, is hereby authorized, upon request of the affected institution, to approve an increase in appropriation authority of not more than ten percent of the amount designated in §§ 2-5231 and 2-5332 for such project, from any available nongeneral fund revenues, provided that such increase shall not constitute an increase in debt issuance authorization for such capital project. Furthermore, the Director, Department of Planning and Budget, is hereby authorized to approve the expenditure of all interest earnings derived from the investment of bond proceeds in addition to the amount designated in §§ 2-5231 and 2-5332 for such capital project.

5. The interest on bonds to be issued for these projects may be subject to inclusion in gross income for federal income tax purposes.

6. Inclusion of a project in this act does not imply a commitment of state funds for temporary construction financing. In the absence of such commitment, the institution may be responsible for securing short-term financing and covering the costs from other sources of funds.

7. In the event that the Treasury Board determines not to finance all or any portion of any project listed in § 2-5231 of this act with the issuance of bonds pursuant to Article X, Section 9 (c), Constitution of Virginia, and notwithstanding any provision of law to the contrary, this act shall constitute the approval of the General Assembly to finance all or such portion of such project under the authorization of § 2-5332 of this act.

8. The General Assembly further declares and directs that, notwithstanding any other provision of law to the contrary, 50 percent of the proceeds from the sale of surplus real property pursuant to § 2.2-1147 et seq., Code of Virginia, which pertain to the general fund, and which were under the control of an institution of higher education prior to the sale, shall be deposited in a special fund set up on the books of the State Comptroller, which shall be known as the Higher Education Capital Projects Fund. Such sums shall be held in reserve, and may be used, upon appropriation, to pay debt service on bonds for the 21st Century College Program as authorized in Item C-7.10 of Chapter 924 of the Acts of Assembly of 1997.

G. Upon certification by the Director, Department of Planning and Budget, there is hereby reappropriated the appropriations unexpended at the close of the previous biennium for all authorized capital projects which meet any of the following conditions:

1. Construction is in progress.
2. Equipment purchases have been authorized by the Governor but not received.
3. Plans and specifications have been authorized by the Governor but not completed.
4. Obligations were outstanding at the end of the previous biennium.
