However, the Department shall (i) provide a Notice of Intended Regulatory Action and (ii) provide for a 60-day public comment period prior to the Board's adoption of the regulations.

D. The provisions of this section shall not apply if:

1. The parent or guardian of the child objects thereto on the grounds that the administration of immunizing agents conflicts with his religious tenets or practices, unless an emergency or epidemic of disease has been declared by the Board;

2. The parent or guardian presents a statement from a physician licensed to practice medicine in Virginia, a licensed nurse practitioner, or a local health department that states that the physical condition of the child is such that the administration of one or more of the required immunizing agents would be detrimental to the health of the child; or

3. Because the human papillomavirus is not communicable in a school setting, a parent or guardian, at the parent's or guardian's sole discretion, may elect for the parent's or guardian's child not to receive the human papillomavirus vaccine, after having reviewed materials describing the link between the human papillomavirus and cervical cancer approved for such use by the Board.

E. For the purpose of protecting the public health by ensuring that each child receives age-appropriate immunizations, any physician, physician assistant, nurse practitioner, licensed institutional health care provider, local or district health department, the Virginia Immunization Information System, and the Department of Health may share immunization and patient locator information without parental authorization, including, but not limited to, the month, day, and year of each administered immunization; the patient's name, address, telephone number, birth date, and social security number; and the parents' names. The immunization information; the patient's name, address, telephone number, birth date, and social security number; and the parents' names shall be confidential and shall only be shared for the purposes set out in this subsection.

F. The State Board of Health shall review this section annually and make recommendations for revision by September 1 to the Governor, the General Assembly, and the Joint Commission on Health Care.

2. That the Department of Health and the Department of Education shall jointly review §§ 22.1-271.2 and 32.1-46 of the Code of Virginia as amended by this act and report to the House Committee on Health, Welfare and Institutions and the Senate Committee on Education and Health on the effectiveness of the required vaccination program in promoting public health by December 1, 2021.

3. That the provisions of this act shall become effective on July 1, 2021.

CHAPTER 1224

An Act to amend and reenact § 58.1-3660 of the Code of Virginia and to amend the Code of Virginia by adding in Article 2 of Chapter 26 of Title 58.1 a section numbered 58.1-2636, relating to solar energy projects; revenue share assessment.

[H 1131]

Approved April 22, 2020

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-3660 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding in Article 2 of Chapter 26 of Title 58.1 a section numbered 58.1-2636 as follows:

§ 58.1-2636. Revenue share for solar energy projects.

A. Any locality may by ordinance assess a revenue share of up to \$1,400 per megawatt, as measured in alternating current (AC) generation capacity of the nameplate capacity of the facility based on submissions by the facility owner to the interconnecting utility, on any solar photovoltaic (electric energy) project.

B. For purposes of this section, "solar photovoltaic (electric energy) project" shall not include any project that is (i) described in § 56-594, 56-594.01, or 56-594.2 or Chapters 358 and 382 of the Acts of Assembly of 2013, as amended; (ii) 20 megawatts or less, as measured in alternating current (AC) generation capacity, for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or before December 31, 2018; or (iii) five megawatts or less.

§ 58.1-3660. Certified pollution control equipment and facilities.

A. Certified pollution control equipment and facilities, as defined herein, are hereby declared to be a separate class of property and shall constitute a classification for local taxation separate from other such classification of real or personal property and such property. Certified pollution control equipment and facilities shall be exempt from state and local taxation pursuant to Article X, Section 6 (d) of the Constitution of Virginia.

B. As used in this section:

"Certified pollution control equipment and facilities" shall mean any property, including real or personal property, equipment, facilities, or devices, used primarily for the purpose of abating or preventing pollution of the atmosphere or waters of the Commonwealth and which the state certifying authority having jurisdiction with respect to such property has certified to the Department of Taxation as having been constructed, reconstructed, erected, or acquired in conformity with the state program or requirements for abatement or control of water or atmospheric pollution or contamination. Such property shall include, but is not limited to, any equipment used to grind, chip, or mulch trees, tree stumps, underbrush, and other vegetative cover for reuse as mulch, compost, landfill gas, synthetic or natural gas recovered from waste or other fuel, and equipment used in collecting, processing, and distributing, or generating electricity from, landfill gas or synthetic or natural gas recovered from waste, whether or not such property has been certified to the Department of Taxation by a state certifying authority. Such property shall also include solar energy equipment, facilities, or devices owned or operated by a business that collect, generate, transfer, or store thermal or electric energy whether or not such property has been certified to the Department of Taxation by a state certifying authority.

C. For solar photovoltaic (electric energy) systems, this exemption applies only to (i) projects equaling 20 megawatts or less, as measured in alternating current (AC) generation capacity, for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or before December 31, 2018; (ii) projects equaling 20 megawatts or less, as measured in alternating current (AC) generation capacity, that serve any of the public institutions of higher education listed in § 23.1-100 or any private college as defined in § 23.1-105; (iii) 80 percent of the assessed value of projects for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization (a) between January 1, 2015, and June 30, 2018, for projects greater than 20 megawatts or (b) on or after July 1, 2018, for projects greater than 20 megawatts and less than 150 megawatts, as measured in

alternating current (AC) generation capacity, and that are first in service on or after January 1, 2017; (iv) projects equaling five megawatts or less, as measured in alternating current (AC) generation capacity, for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or after January 1, 2019; and (v) 80 percent of the assessed value of all other projects equaling more than five megawatts and less than 150 megawatts, as measured in alternating current (AC) generation capacity for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or after January 1, 2019.

The D. The exemption for solar photovoltaic (electric energy) projects greater than five megawatts, as measured in alternating current (AC) generation capacity, shall not apply to any such project unless an application has been filed with the locality for the project before July 1, 2030, regardless of whether a locality assesses a revenue share on such project pursuant to the provisions of § 58.1-2636. If a locality adopts an energy revenue share ordinance under § 58.1-2636, the exemption for solar photovoltaic (electric energy) projects greater than ~~20~~ five megawatts, as measured in alternating current (AC) generation capacity, shall not apply to projects upon which construction begins after January 1, 2024 be 100 percent of the assessed value. If a locality does not adopt an energy revenue share ordinance under § 58.1-2636, the exemption for solar photovoltaic (electric energy) projects greater than five megawatts, as measured in alternating current (AC) generation capacity, for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization, shall be 80 percent of the assessed value when an application has been filed with the locality prior to July 1, 2030. For purposes of this subsection, "application has been filed with the locality" means an applicant has filed an application for a zoning confirmation from the locality for a by-right use, or an application for land use approval under the locality's zoning ordinance to include an application for a conditional use permit, special use permit, special exception, or other application as set out in the locality's zoning ordinance.

E. For pollution control equipment and facilities certified by the Virginia Department of Health, this exemption applies only to onsite sewage systems that serve 10 or more households, use nitrogen-reducing processes and technology, and are constructed, wholly or partially, with public funds. All such property as described in this definition shall not include the land on which such equipment or facilities are located.

"State certifying authority" shall mean the State Water Control Board or the Virginia Department of Health, for water pollution; the State Air Pollution Control Board, for air pollution; the Department of Mines, Minerals and Energy, for solar energy projects and for coal, oil, and gas production, including gas, natural gas, and coalbed methane gas; and the Virginia Waste Management Board, for waste disposal facilities, natural gas recovered from waste facilities, and landfill gas production facilities, and shall include any interstate agency authorized to act in place of a certifying authority of the Commonwealth.

2. That no revenue share established pursuant to this act shall retroactively apply to any solar photovoltaic (electric energy) project for which an application was filed with the locality on or before July 1, 2020, unless (i) the locality and the applicant or owner agree to revise any existing voluntary payment agreement, or enter into any new voluntary payment agreement, under which the applicant or owner agree to voluntarily waive a portion of the exemption from machinery and tools tax as provided in § 58.1-3660 of the Code of Virginia, as amended by this act, and (ii) the locality and the applicant or owner agree to substitute the amount of such voluntary payment for a similar amount of a solar energy revenue share authorized by § 58.1-2636 of the Code of Virginia, as created by this act. However, nothing in this act shall preclude an applicant or owner of a solar photovoltaic (electric energy) project previously approved by a locality from entering into a written agreement to submit such project to a local ordinance that requires a solar energy revenue share to be paid as authorized by § 58.1-2636 of the Code of Virginia, as created by this act.

"Energy efficiency program" means a program that reduces the total amount of electricity that is required for the same process or activity implemented after the expiration of capped rates. Energy efficiency programs include equipment, physical, or program change designed to produce measured and verified reductions in the amount of electricity required to perform the same function and produce the same or a similar outcome. Energy efficiency programs may include, but are not limited to, (i) programs that result in improvements in lighting design, heating, ventilation, and air conditioning systems, appliances, building envelopes, and industrial and commercial processes; (ii) measures, such as but not limited to the installation of advanced meters, implemented or installed by utilities, that reduce fuel use or losses of electricity and otherwise improve internal operating efficiency in generation, transmission, and distribution systems; and (iii) customer engagement programs that result in measurable and verifiable energy savings that lead to efficient use patterns and practices. Energy efficiency programs include demand response, combined heat and power and waste heat recovery, curtailment, or other programs that are designed to reduce electricity consumption so long as they reduce the total amount of electricity that is required for the same process or activity. Utilities shall be authorized to install and operate such advanced metering technology and equipment on a customer's premises; however, nothing in this chapter establishes a requirement that an energy efficiency program be implemented on a customer's premises and be connected to a customer's wiring on the customer's side of the inter-connection without the customer's expressed consent.

Such determination shall include an analysis of all four tests, and a program or portfolio of programs shall be approved if the net present value of the benefits exceeds the net present value of the costs as determined by not less than any three of the four tests. If the Commission determines that an energy efficiency program or portfolio of programs is not in the public interest, its final order shall include all work product and analysis conducted by the Commission's staff in relation to that program, including testimony relied upon by the Commission's staff, that has bearing upon the Commission's decision. If the Commission reduces the proposed budget for a program or portfolio of programs, its final order shall include an analysis of the impact such budget reduction has upon the cost-effectiveness of such program or portfolio of programs. An order by the Commission (a) finding that a program or portfolio of programs is not in the public interest or (b) reducing the proposed budget for any program or portfolio of programs shall adhere to existing protocols for extraordinarily sensitive information. In addition, an energy efficiency program may be deemed to be "in the public interest" if the program provides measurable and verifiable energy savings to low-income customers or elderly customers.

"Measured and verified" means a process determined pursuant to methods accepted for use by utilities and industries to measure, verify, and validate energy savings and peak demand savings. This may include the protocol established by the United States Department of Energy, Office of Federal Energy Management Programs, Measurement and Verification Guidance for Federal Energy Projects, measurement and verification standards developed by the American Society of Heating, Refrigeration and Air Conditioning Engineers (ASHRAE), or engineering-based estimates of energy and demand savings associated with specific energy efficiency measures, as determined by the Commission.

"Renewable thermal energy equivalent" means the electrical equivalent in megawatt hours of renewable thermal energy calculated by dividing (i) the heat content, measured in British thermal units (BTUs), of the renewable thermal energy at the point of transfer to a residential, commercial, institutional, or industrial process by (ii) the standard conversion factor of 3.413 million BTUs per megawatt hour.

"Renovated and improved facility" means a facility the components of which have been upgraded to enhance its operating efficiency.

"Retail customer" means any person that purchases retail electric energy for its own consumption at one or more metering points or nonmetered points of delivery located in the Commonwealth.

"Retail electric energy" means electric energy sold for ultimate consumption to a retail customer.

"Revenue reductions related to energy efficiency programs" means reductions in the collection of total non-fuel revenues, previously authorized by the Commission to be recovered from customers by a utility, that occur due to measured and verified decreased consumption of electricity caused by energy efficiency programs approved by the Commission and implemented by the utility, less the amount by which such non-fuel reductions in total revenues have been mitigated through other program-related factors, including reductions in variable operating expenses.

"Rooftop solar installation" means a distributed electric generation facility, storage facility, or generation and storage facility utilizing energy derived from sunlight, with a rated capacity of not less than 50 kilowatts, that is installed on the roof structure of an incumbent electric utility's commercial or industrial class customer, including host sites on commercial buildings, multifamily residential buildings, school or university buildings, and buildings of a church or religious body.

B. Prior to January 1, 2024, (i) the construction or purchase by a public utility of one or more solar or wind generation facilities located in the Commonwealth or off the Commonwealth's Atlantic shoreline, each having a rated capacity of less than one megawatt, including rooftop solar installations with a capacity of not less than 50 kilowatts, and having in the aggregate a rated capacity that does not exceed 500 megawatts, or (ii) the purchase by a public utility of energy, capacity, and environmental attributes from solar facilities described in clause (i) owned by persons other than a public utility is in the public interest, and the Commission shall so find if required to make a finding regarding whether such construction or purchase is in the public interest.

E. For any domestic limited liability company that files articles of conversion to become a domestic corporation and that had previously converted from a domestic corporation, the charter fee to be charged upon conversion shall be an amount equal to the difference between the amount that would be required by this section and the amount already paid as a charter fee by the domestic limited liability company when it was a domestic corporation.

F. For any domestic nonstock corporation that files articles of restatement to become a domestic corporation, the charter fee to be charged shall be an amount equal to the difference between the amount already paid as a charter fee by the domestic nonstock corporation upon its incorporation and the amount that would be required by this section to be paid in accordance with the number of authorized shares in the corporation's amended and restated articles of incorporation.

G. If no charter or entrance fee has been heretofore paid to the Commonwealth, the amount to be paid shall be the same as would have to be paid on original incorporation or application for authority to transact business.

B. The bylaws of a corporation may contain any provision that is not inconsistent with law or the articles of incorporation.

C. The bylaws may contain one or more of the following provisions:

1. A requirement that if the corporation solicits proxies or consents with respect to an election of directors, the corporation include in its proxy statement and any form of its proxy or consent, to the extent and subject to such procedures or conditions as are provided in the bylaws, one or more individuals nominated by a shareholder in addition to individuals nominated by the board of directors; and

2. A requirement that any or all internal corporate claims shall be brought exclusively in a circuit court or a federal district court in the Commonwealth and, if so specified, in any additional courts in the Commonwealth or in any other jurisdictions with in which the corporation maintains its principal office. D. A provision of the bylaws adopted under subdivision C 2 shall not have the effect of conferring jurisdiction on any court or over any person or claim, and shall not apply if none of the courts specified by such provision has the requisite personal and subject matter jurisdiction. If the court or courts specified in a provision adopted under subdivision C 2 do not have the requisite personal and subject matter jurisdiction and another court of the Commonwealth does have such jurisdiction, then the internal corporate claim may be brought in such other court of the Commonwealth, notwithstanding that such other court of the Commonwealth is not specified in such provision, and in any other court specified in such provision that has the requisite jurisdiction. No provision of the articles of incorporation or the bylaws may prohibit bringing an internal corporate claim in the courts of the Commonwealth or require any such claim to be determined by arbitration.

E. Notwithstanding subdivision B 2 of § 13.1-714, the shareholders in amending, repealing, or adopting a bylaw described in subdivision C 1 may not limit the authority of the board of directors to amend or repeal any condition or procedure set forth in, or to add any procedure or condition to, such a bylaw to provide for a reasonable, practicable, and orderly process.

D. A domestic corporation may apply to the Commission for authorization to use a name that is not distinguishable upon the Commission's records from one or more of the names described in subsection C. The Commission shall authorize use of the name applied for if the other entity consents to the use in writing and submits an undertaking in a form satisfactory to the Commission to change its name to a name that is distinguishable upon the records of the Commission from the name of the applying corporation.

E. The use of assumed names or fictitious names, as provided for in Chapter 5 (§ 59.1-69 et seq.) of Title 59.1, is not affected by this chapter.

F. The Commission, in determining whether a corporate name is distinguishable upon its records from the name of any of the business entities listed in subsection C, shall not consider any word, phrase, abbreviation, or designation required or permitted under this section and § 13.1-544.1, subsection A of § 13.1-1012, § 13.1-1104, subsection A of § 50-73.2, and subdivision A 2 of § 50-73.78 to be contained in the name of a business entity formed or organized under the laws of the Commonwealth or authorized or registered to transact business in the Commonwealth.

§ 13.1-636. Resignation of registered agent.

A. A registered agent may resign as agent for the corporation by signing and filing with the Commission a statement of resignation stating (i) the name of the corporation, (ii) the name of the agent, and (iii) that the agent resigns from serving as registered agent for the corporation. § 13.1-652. Corporation's acquisition of its own shares.

A. A corporation may acquire its own shares, and shares so acquired constitute authorized but unissued shares of the same class, if any, but undesignated as to series.

B. If the articles of incorporation prohibit the reissuance of acquired shares or if the board of directors has authorized the reduction in the number of authorized shares by the number of shares acquired, the number of authorized shares shall be reduced by the number of shares acquired effective when the certificate of amendment is effective. The corporation shall deliver to the Commission for filing articles of amendment that shall set forth:

1. The name of the corporation;

2. The reduction in the number of authorized shares, itemized by class and series;

3. The total number of authorized shares, itemized by class and series, remaining after reduction of the shares; and

C. The articles of amendment may be adopted by the board of directors without shareholder action.

D. If the Commission finds that the articles of amendment comply with the requirements of law and that all required fees have been paid, it shall issue a certificate of amendment.

§ 13.1-657. Action without meeting.

A. Action required or permitted by this chapter to be taken at a shareholders' meeting may be taken without a meeting if the action is taken by all the shareholders entitled to vote on the action, in which case no action by the board of directors shall be required. The action shall be evidenced by one or more written consents bearing the date of signature and describing the action taken, signed by all the shareholders entitled to vote on the action and delivered to the corporation's secretary for filing by the corporation with the minutes of the meeting or corporate records.

B. The articles of incorporation may authorize action by shareholders by less than unanimous written consent, provided that the taking of such action is consistent with any requirements that may be set forth in the articles of incorporation, the bylaws, or this section; however, unless the articles of incorporation of a public corporation authorized action by shareholders by less than unanimous written consent as of April 1, 2018, the shareholders of the public corporation shall not be entitled to act by less than unanimous written consent even if so authorized by the articles of incorporation if the articles of incorporation or bylaws of such public corporation allow the holders of 30 percent or fewer of

all votes entitled to be cast to demand the calling of a special meeting of shareholders. For action by shareholders by less than unanimous written consent to be valid:

1. It shall be an action that this chapter requires or permits to be taken at a shareholders' meeting;
 2. The articles of incorporation shall authorize action by shareholders by less than unanimous written consent and, if a public corporation at the time of such authorization in addition to the other limitations in this subsection B, the inclusion of the authorization in the articles of incorporation was approved by each voting group entitled to vote by the greater of:
 - a. The vote of that voting group required by the articles of incorporation to amend the articles of incorporation; ~~and~~ *or*
 - b. More than two-thirds of all votes that the voting group is entitled to cast on the amendment;
 3. At least 10 days before the holders of more than 10 percent of the outstanding shares of any voting group entitled to vote on the action to be taken have signed the written consent, the corporation's secretary shall have received a copy of the form of written consent setting forth the action to be taken;
 4. If required by this chapter, the articles of incorporation, or the bylaws, the board of directors shall have approved this action; and
 5. The holders of not less than the minimum number of outstanding shares of each voting group entitled to vote on the action that would be required to take the action at a shareholders' meeting at which all shares of each voting group entitled to vote on the action were present and voted shall have signed written consents setting forth the action to be taken.
- C. A written consent shall bear the date on which each shareholder signed the consent and be delivered to the corporation's secretary for inclusion in the minutes or filing with the corporate records.
- D. If not otherwise fixed under § 13.1-656 or 13.1-660 and if prior action by the board of directors is not required respecting the action to be taken without a meeting, the record date for determining the shareholders entitled to take action without a meeting shall be the first date on which a signed written consent is delivered to the corporation's secretary. If not otherwise fixed under § 13.1-656 or 13.1-660 and if prior action by the board of directors is required respecting the action to be taken without a meeting, the record date shall be the close of business on the day the action of the board is taken. No written consent shall be effective to take the action referred to in such consent unless, within 60 days of the earliest date on which a consent delivered to the corporation's secretary as required by this section was signed, written consents signed by the holders of shares having sufficient votes to take the corporate action have been delivered to the corporation's secretary. A written consent may be revoked by a writing to that effect delivered to the corporation's secretary before unrevoked written consents sufficient in number to take the corporate action are delivered to the corporation.
- E. A consent signed pursuant to the provisions of this section has the effect of a vote taken at a meeting and may be described as such in any document. Unless the articles of incorporation, bylaws, or a resolution of the board of directors provides for a reasonable delay to permit tabulation of written consents, the action taken by written consent shall be effective when (i) written consents signed by the holders of shares having sufficient votes to adopt or take the action are delivered to the corporation's secretary or (ii) if an effective date is specified therein, as of such date provided such consent states the date of execution by the consenting shareholder.
- F. For purposes of this section, a written consent and the signing thereof may be accomplished by one or more electronic transmissions.
- G. Any person, whether or not then a shareholder, may provide that a consent in writing as a shareholder shall be effective at a future time, including the time when an event occurs, but such future time shall not be more than 60 days after such provision is made. Any such consent shall be deemed to have been made for purposes of this section at the future time so specified for the consent to be effective, provided that (i) the person is a shareholder at such future time and (ii) the person did not revoke the consent prior to such future time. Any such consent may be revoked, in the manner provided in subsection D, prior to its becoming effective.
- H. If this chapter requires that notice of a proposed action be given to nonvoting shareholders and the action is to be taken by written consent of the voting shareholders, the corporation shall give its nonvoting shareholders written notice of the action not more than 10 days after (i) written consents sufficient to take the action have been delivered to the corporation's secretary, or (ii) such later date that tabulation of consents is completed pursuant to an authorization under subsection E. The notice shall reasonably describe the action taken and contain or be accompanied by the same material that, under any provision of this chapter, would have been required to be sent to nonvoting shareholders in a notice of a meeting at which the proposed action would have been submitted to the shareholders for action.
- I. If action is taken by less than unanimous written consent of the voting shareholders, the corporation shall give its nonconsenting voting shareholders written notice of the action not more than 10 days after (i) written consents sufficient to take the action have been delivered to the corporation's secretary or (ii) such later date that tabulation of consents is completed pursuant to an authorization under subsection E. The notice shall reasonably describe the action taken and contain or be accompanied by the same material, that under any provision of this chapter, would have been required to be sent to voting shareholders in a notice of a meeting at which the action would have been submitted to the shareholders for action.
- J. The notice requirements in subsections H and I shall not delay the effectiveness of actions taken by written consent, and a failure to comply with such notice requirements shall not invalidate actions taken by written consent, provided that this subsection shall not be deemed to limit judicial power to fashion any appropriate remedy in favor of a shareholder adversely affected by a failure to give such notice within the required time period.

§ 13.1-679. Resignation of directors.

A. A director may resign at any time by delivering a written notice of resignation to the board of directors or its chairman, or to the secretary of the corporation.

B. A resignation is effective as provided in subdivision A 9 of § 13.1-610 unless the resignation provides for a delayed effectiveness including effectiveness determined upon a future event or events. If a resignation provides for a delayed effectiveness, the board of directors may fill the pending vacancy before the effectiveness of the resignation if the board of directors provides that the successor does not take office until the effectiveness of the resignation. A resignation that is conditioned upon failing to receive a specified vote for election as a director may provide that it is irrevocable.

C. Any person whose name is of record in the office of the clerk of the Commission as a director of a corporation, and who has resigned or whose name is incorrectly of record, may file a statement to that effect with the Commission.

D. Upon the resignation of a director, the corporation may file an amended annual report with the Commission indicating the resignation of the director and the successor in office, if any.

§ 13.1-692.1. Limitation on liability of officers and directors; exception.

A. In any proceeding brought by or in the right of a corporation or brought by or on behalf of shareholders of the corporation, the damages assessed against an officer or director arising out of a single transaction, occurrence or course of conduct shall not exceed the lesser of:

1. The monetary amount, including the elimination of liability, specified in the articles of incorporation or, if approved by the shareholders, in the bylaws as a limitation on or elimination of the liability of the officer or director; or

2. The greater of (i) \$100,000 or (ii) the amount of cash compensation received by the officer or director from the corporation during the 12 months immediately preceding the act or omission for which liability was imposed.

B. The liability of an officer or director shall not be limited as provided in this section if the officer or director engaged in willful misconduct or a knowing violation of the criminal law or of any federal or state securities law, including, without limitation, any claim of unlawful insider trading or manipulation of the market for any security.

C. *No limitation or elimination of liability adopted pursuant to this section may be affected by any amendment of the articles of incorporation or bylaws with respect to any action or omission occurring before such amendment.*

§ 13.1-695. Resignation and removal of officers.

A. An officer may resign at any time by delivering a written notice to the board of directors, its chairman, the appointing officer, if any, or the corporation's secretary. A resignation is effective as provided in subdivision A 9 of § 13.1-610 unless the notice provides for a delayed effectiveness. If effectiveness of a resignation is stated to be delayed and the board of directors or the appointing officer, if any, accepts the delay, the board of directors or the appointing officer, if any, may fill the pending vacancy before the delayed effectiveness but the new officer may not take office until the vacancy occurs.

B. An officer may be removed at any time with or without cause by (i) the board of directors; (ii) the appointing officer, if any, unless the bylaws or the board of directors provides otherwise; or (iii) any other officer, if authorized by the bylaws or the board of directors. An officer's removal does not affect such officer's contract rights, if any, with the corporation. An officer's resignation does not affect the corporation's contract rights, if any, with the officer.

C. Any person who has resigned as an officer of a corporation, or whose name is of record in the office of the clerk of the Commission as an officer of a corporation, may file a statement to that effect with the Commission.

D. Upon the resignation or removal of an officer, the corporation may file an amended annual report with the Commission indicating the resignation or removal of the officer and the successor in office, if any.

E. As used in this section "appointing officer" means the officer, including any successor to that officer, who, in accordance with subsection B of § 13.1-693, appointed the officer who is resigning or being removed.

§ 13.1-712.1. (Effective July 1, 2020) Abandonment of amendment or restatement of articles of incorporation.

A. After an amendment or restatement of the articles of incorporation has been adopted and approved as required by this article, and at any time before the certificate of amendment or restatement has become effective, the amendment or restatement of the articles of incorporation may be abandoned by the corporation without action by its shareholders in the manner determined by the board of directors.

B. If articles of amendment or restatement of the articles of incorporation are abandoned after they have been filed with the Commission but before the certificate of amendment or restatement of the articles of incorporation has become effective, a statement of abandonment shall be signed by the corporation and delivered to the Commission for filing prior to the effective time and date of the certificate of amendment or restatement of the articles of incorporation. If the Commission finds that the statement of abandonment complies with the requirements of law, it shall issue a certificate of abandonment, effective as of the date and time the statement of abandonment was received by the Commission, and the amendment or restatement of the articles of incorporation shall be deemed abandoned and shall not become effective.

C. The statement of abandonment shall contain:

1. The name of the corporation;

2. The date on which the articles of amendment or restatement of the articles of incorporation were filed with the Commission;

3. The date and time on which the Commission's certificate of ~~abandonment~~ amendment or restatement becomes effective; and

4. A statement that the amendment or restatement of the articles of incorporation is being abandoned in accordance with this section.

§ 13.1-718. Action on a plan of merger or share exchange.

A. Subject to the provisions of subdivision F 4, in the case of a domestic corporation that is (i) a party to a merger, (ii) an acquired entity in a share exchange, or (iii) the acquiring entity in a share exchange:

1. The plan of merger or share exchange shall first be adopted by the board of directors.

2. Except as provided in subsections F and G and in §§ 13.1-719 and 13.1-719.1, after adopting the plan of merger or share exchange the board of directors shall submit the plan to the shareholders for their approval. The board of directors shall also transmit to the shareholders a recommendation that the shareholders approve the plan or, in the case of an offer referred to in subsection G, that the shareholders tender their shares to the offeror in response to the offer, unless the board of directors makes a determination that because of conflicts of interest or other special circumstances it should not make such a recommendation, in which case the board of directors shall inform the shareholders of the basis for that determination.

B. The board of directors may set conditions for the approval of the plan of merger or share exchange by the shareholders or the effectiveness of the plan of merger or share exchange.

C. If the plan of merger or share exchange is required to be approved by the shareholders, and if the approval is to be given at a meeting, the corporation shall notify each shareholder, whether or not entitled to vote, of the meeting of shareholders at which the plan is to be submitted for approval. The notice shall state that the purpose, or one of the purposes, of the meeting is to consider the plan and shall contain or be accompanied by a copy or summary of the plan. If the corporation is to be merged into an existing domestic or foreign corporation or eligible entity and its shareholders are to receive shares or other eligible interests or the right to receive shares or other eligible interests in the survivor, the notice shall also include or be accompanied by a copy or summary of the articles of incorporation and bylaws or organic rules of the survivor. If the corporation is to be merged into a domestic or foreign corporation or eligible entity and a new domestic or foreign corporation or eligible entity is to be created pursuant to the merger, the notice shall include or be accompanied by a copy or a summary of the articles of incorporation and bylaws or organic rules of the new corporation or eligible entity.

D. Unless the articles of incorporation, or the board of directors acting pursuant to subsection B, require a greater vote, approval of the plan of merger or share exchange requires the approval of each voting group entitled to vote on the plan by more than two-thirds of all the votes entitled to be cast by that voting group. The articles of incorporation may provide for a greater or lesser vote than that provided for in this subsection or a vote by separate voting groups so long as the vote provided for is not less than a majority of all the votes cast on the plan by each voting group entitled to vote on the plan of merger or share exchange at a meeting at which a quorum of the voting group exists.

E. Separate voting by voting groups is required:

1. Except as otherwise provided in the articles of incorporation, on a plan of merger by each class or series of shares that:

a. Is to be converted under the plan of merger into shares, other securities, eligible interests, obligations, rights to acquire shares, other securities or eligible interests, cash, other property, or any combination of the foregoing, or is proposed to be eliminated without being converted into any of the foregoing; or

b. Would be entitled to vote as a separate group on a provision in the plan that, if contained in a proposed amendment to articles of incorporation, would require action by separate voting groups under § 13.1-708;

2. Except as otherwise provided in the articles of incorporation, on a plan of share exchange, by each class or series of shares included in the exchange, with each class or series constituting a separate voting group;

3. On a plan of merger, if the voting group is entitled under the articles of incorporation to vote as a voting group to approve a plan of merger; and

4. On a plan of share exchange, if the voting group is entitled under the articles of incorporation to vote as a voting group to approve a plan of share exchange.

F. Unless the articles of incorporation otherwise provide, approval by the corporation's shareholders of a plan of merger or share exchange is not required if:

1. The corporation will survive the merger or is the acquiring corporation in a share exchange;

2. Except for amendments permitted by § 13.1-706, its articles of incorporation will not be changed;

3. Each shareholder of the corporation whose shares were outstanding immediately before the effective time of the merger or share exchange will hold the same number of shares, with identical preferences, limitations, and rights immediately after the effective time of the merger or share exchange; and

4. With respect to shares of the surviving corporation in a merger or the shares of the acquiring entity in a share exchange entity that are entitled to vote unconditionally in the election of directors, the number of shares outstanding immediately after the merger or share exchange, plus the number of shares issuable as a result of the merger or share exchange, either by the conversion of securities issued pursuant to the merger or share exchange or the exercise of options, rights, and warrants issued pursuant to the merger or share exchange, will not exceed by more than 20 percent the total number of shares of the surviving corporation outstanding immediately before the merger or share exchange.

G. Unless the articles of incorporation otherwise provide, approval by the corporation's shareholders of a plan of merger or share exchange is not required if:

1. The plan of merger or share exchange expressly (i) permits or requires such a merger or share exchange to be effected under this subsection and (ii) provides that such merger or share exchange be effected as soon as practicable following the consummation of the offer referred to in subdivision 3 if such merger or share exchange is effected under this subsection;

2. Another party to the merger, the acquiring entity in the share exchange, or a parent of another party to the merger or the acquiring entity in the share exchange, makes an offer to purchase, on the terms provided in the plan of merger or share

exchange, any and all of the outstanding shares of the corporation that, absent this subsection, would be entitled to vote on the plan of merger or share exchange, except that the offer may exclude shares of the corporation that are owned at the commencement of the offer by the corporation, the offeror, or any parent of the offeror, or by any wholly owned subsidiary of any of the foregoing;

3. The offer discloses that the plan of merger or share exchange provides that the merger or share exchange will be effected as soon as practicable following the satisfaction of the requirement set forth in subdivision 7 and that the shares of the corporation that are not tendered in response to the offer will be treated as set forth in subdivision 8;

4. The offer remains open for at least 10 business days;

5. The offeror purchases all shares properly tendered in response to the offer and not properly withdrawn;

6. The shares listed below are collectively entitled to cast at least the minimum number of votes on the merger or share exchange that, absent this subsection, would be required by this chapter and by the articles of incorporation for the approval of the merger or share exchange by the shareholders and by any other voting group entitled to vote on the merger or share exchange at a meeting at which all shares entitled to vote on the approval were present and voted:

a. Shares purchased by the offeror in accordance with the offer;

b. Shares otherwise owned by the offeror or by any parent of the offeror or any wholly owned subsidiary of any of the foregoing; and

H. I. If a corporation has not yet issued shares and its articles of incorporation do not otherwise provide, its board of directors may adopt and approve a plan of merger or share exchange on behalf of the corporation without shareholder action.

I. J. If as a result of a merger or share exchange one or more shareholders of a domestic corporation would become subject to new interest holder liability, approval of the plan of merger or share exchange requires the signing in connection with the transaction, by each such shareholder, of a separate written consent to become subject to such new interest holder liability, unless in the case of a shareholder that already has interest holder liability with respect to such domestic corporation, (i) the new interest holder liability is with respect to a domestic or foreign corporation, which may be a different or the same domestic corporation in which the person is a shareholder, and (ii) the terms and conditions of the new interest holder liability are substantially identical to those of the existing interest holder liability, other than for changes that eliminate or reduce such interest holder liability.

J. K. Shares tendered in response to an offer shall be deemed, for purposes of this section, to have been purchased in accordance with the offer at the earliest time as of which the offeror has irrevocably accepted those shares for payment and either (i) in the case of shares represented by certificates, the offeror, or the offeror's designated depository or other agent, has physically received the certificates representing those shares or (ii) in the case of shares without certificates, those shares have been transferred into the account of the offeror or its designated depository or other agent, or an agent's message relating to those shares has been received by the offeror or its designated depository or other agent.

B. A parent entity may merge (i) a subsidiary into itself or another subsidiary or (ii) itself into a subsidiary without the approval of the board of directors or the shareholders of any subsidiary and, if the parent entity is a domestic corporation,

F. The articles of incorporation of the survivor shall not be altered or amended by a merger pursuant to this section, except for amendments permitted by § 13.1-706.

G. Two or more domestic corporations may be merged into a parent entity pursuant to this section.

§ 13.1-721. Effect of merger or share exchange.

A. When a merger becomes effective:

1. The domestic or foreign corporation or eligible entity that is designated in the plan of merger as the survivor continues or comes into existence as the case may be;

2. The separate existence of every domestic or foreign corporation or eligible entity that is merged into the survivor ceases;

3. All property owned by, and every contract right possessed by, each domestic or foreign corporation or eligible entity that merges into the survivor is vested in the survivor without transfer, reversion or impairment;

4. All debts, obligations, and liabilities of each domestic or foreign corporation or eligible entity that is merged into the survivor are debts, obligations, or liabilities of the survivor;

5. The name of the survivor may, but need not be, substituted in any pending proceeding for the name of any party to the merger whose separate existence ceased in the merger;

6. If the survivor is a domestic corporation, the articles of incorporation and bylaws of the survivor are amended to the extent provided in the plan of merger;

7. The articles of incorporation and bylaws of a survivor that is a domestic corporation created by the merger become effective;

8. The shares of each domestic or foreign corporation that is a party to the merger, and the eligible interests in a domestic or foreign eligible entity that is a party to the merger, that are to be converted under the plan of merger into shares, other securities, eligible interests, obligations, rights to acquire shares, other securities, or eligible interests, cash, other property or any combination of the foregoing, are converted, and the former holders of such shares or eligible interests are entitled only to the rights provided to them in the plan of merger or to any rights they may have under Article 15 (§ 13.1-729 et seq.) or the organic law governing the foreign corporation or domestic or foreign eligible entity;

9. Except as provided by law or the plan of merger, all the rights, privileges, franchises, and immunities of each entity that was a party to the merger, other than the survivor, are the rights, privileges, franchises, and immunities of the survivor; and

10. If the survivor existed before the merger:

a. All the property and contract rights of the survivor remain its property and contract rights without transfer, reversion, or impairment;

b. The survivor remains subject to all its debts, obligations, and other liabilities; and

c. Except as provided by law or the plan of merger, the survivor continues to hold all of its rights, privileges, franchises, and immunities.

B. When a share exchange becomes effective, the shares or eligible interests in the acquired entity that are to be exchanged for shares and other securities, eligible interests, obligations, rights to acquire shares, other securities, eligible interests, cash, other property, or any combination of the foregoing, are entitled only to the rights provided to them in the plan of share exchange or to any rights they may have under Article 15 (§ 13.1-729 et seq.) or under the organic law governing the acquired entity.

C. Except as otherwise provided in the articles of incorporation of a domestic corporation or the organic law governing or organic rules of a foreign corporation or a domestic or foreign eligible entity, the effect of a merger or share exchange on interest holder liability is as follows:

1. A person who becomes subject to a new interest holder liability in respect of an entity as a result of a merger or share exchange shall have that new interest holder liability only in respect of interest holder liabilities that arise after the merger or share exchange becomes effective.

2. If a person had interest holder liability with respect to a party to the merger or the acquired entity before the merger or share exchange becomes effective with respect to shares or eligible interests of such party or acquired entity that were (i) exchanged in the merger or share exchange, (ii) were canceled in the merger, or (iii) the terms and conditions of which relating to interest holder liability were amended pursuant to the merger:

a. The merger or share exchange does not discharge that prior interest holder liability with respect to any interest holder liabilities that arose before the merger or share exchange becomes effective.

b. The provisions of the organic law governing any entity for which the person had that prior interest holder liability shall continue to apply to the collection or discharge of any interest holder liabilities preserved by subdivision C 2 a, as if the merger or share exchange had not occurred.

c. The person shall have such rights of contribution from other persons as are provided by the organic law governing the entity for which the person had that prior interest holder liability with respect to any interest holder liabilities preserved by subdivision C 2 a, as if the merger or share exchange had not occurred.

d. The person shall not, by reason of such prior interest holder liability, have interest holder liability with respect to any interest holder liabilities that arise after the merger or share exchange becomes effective.

3. If a person has interest holder liability both before and after a merger becomes effective with unchanged terms and conditions with respect to the entity that is the survivor by reason of owning the same shares or eligible interests before and after the merger becomes effective, the merger has no effect on such interest holder liability.

4. A share exchange has no effect on interest holder liability related to shares or eligible interests of the acquired entity that were not exchanged in the share exchange.

D. Upon a merger becoming effective, a foreign corporation or a foreign eligible entity that is the survivor of the merger is deemed to:

Appoint the clerk of the Commission as its agent for service of process in a *any* proceeding (i) to enforce the rights of shareholders of each domestic corporation that was a party to the merger who exercise appraisal rights or (ii) based on a cause of action against a nonsurviving domestic corporation arising during the time it was in existence under the laws of the Commonwealth, which service of process shall be made on the clerk in accordance with § 12.1-19.1; and

2. Agree that it will promptly pay the amount, if any, to which such shareholders are entitled under Article 15 (§ 13.1-729 et seq.).

E. No corporation that is required by law to be a domestic corporation, may, by merger, cease to be a domestic corporation, but every such corporation, even though a corporation of some other state, the United States or another country, shall also be a domestic corporation of the Commonwealth.

F. Except as provided in the organic law governing a party to a merger or in its articles of incorporation or organic rules, the merger does not give rise to any rights that a third party would have upon a dissolution, liquidation, or winding up of that party. The merger does not require a party to the merger to wind up the affairs of that party and does not constitute or cause its dissolution, termination, or cancellation.

G. A bequest, devise, gift, grant, or promise contained in a will or other instrument of donation, subscription, or conveyance that is made to an entity that is a party to a merger that is not the survivor and that takes effect or remains payable after the merger inures to the survivor.

§ 8.9A-503. Name of debtor and secured party.

(a) Sufficiency of debtor's name. A financing statement sufficiently provides the name of the debtor:

(1) except as otherwise provided in paragraph (3), if the debtor is a registered organization or the collateral is held in a trust that is a registered organization, only if the financing statement provides the name that is stated to be the registered organization's name on the public organic record most recently filed with or issued or enacted by the registered organization's jurisdiction of organization which purports to state, amend, or restate the registered organization's name;

(2) subject to subsection (f), if the collateral is being administered by the personal representative of a decedent, only if the financing statement provides, as the name of the debtor, the name of the decedent and, in a separate part of the financing statement, indicates that the collateral is being administered by a personal representative;

(3) if the collateral is held in a trust that is not a registered organization, only if the financing statement:

(A) provides, as the name of the debtor:

(i) if the organic record of the trust specifies a name for the trust, the name specified; or

(ii) if the organic record of the trust does not specify a name for the trust, the name of the settlor or testator; and

(B) in a separate part of the financing statement:

(i) if the name is provided in accordance with subparagraph (A)(i), indicates that the collateral is held in trust; or

(ii) if the name is provided in accordance with subparagraph (A)(ii), provides additional information sufficient to distinguish the trust from other trusts having one or more of the same settlors or the same testator and indicates that the collateral is held in a trust, unless the additional information so indicates;

(4) subject to subsection (g), if the debtor is an individual to whom the Commonwealth has issued a driver's license or ~~identification card pursuant to other document under Chapter 3 (§ 46.2-300 et seq.) of Title 46.2 that has not expired, only if it provides the name of the individual which is indicated on the driver's license or~~ ~~identification card~~ *other document*;

(5) if the debtor is an individual to whom paragraph (4) does not apply, only if it provides the individual name of the debtor or the surname and first personal name of the debtor; and

(6) in other cases:

(A) if the debtor has a name, only if it provides the organizational name of the debtor; and

(B) if the debtor does not have a name, only if it provides the names of the partners, members, associates, or other persons comprising the debtor, in a manner that each name provided would be sufficient if the person named were the debtor.

(b) Additional debtor-related information. A financing statement that provides the name of the debtor in accordance with subsection (a) is not rendered ineffective by the absence of:

(1) a trade name or other name of the debtor; or

(2) unless required under subsection (a)(6)(B), names of partners, members, associates, or other persons comprising the debtor.

(c) Debtor's trade name insufficient. A financing statement that provides only the debtor's trade name does not sufficiently provide the name of the debtor.

(d) Representative capacity. Failure to indicate the representative capacity of a secured party or representative of a secured party does not affect the sufficiency of a financing statement.

(e) Multiple debtors and secured parties. A financing statement may provide the name of more than one debtor and the name of more than one secured party.

(f) Name of decedent. The name of the decedent indicated on the order appointing the personal representative of the decedent issued by the court having jurisdiction over the collateral is sufficient as the "name of the decedent" under subsection (a)(2).

(g) Multiple driver's licenses. If the Commonwealth has issued to an individual more than one driver's license or ~~identification card~~ *other document* of a kind described in subsection (a)(4), the one that was issued most recently is the one to which subsection (a)(4) refers.

(h) Definition. In this section, the "name of the settlor or testator" means:

(1) if the settlor is a registered organization, the name of the registered organization indicated on the public organic record filed with or issued or enacted by the registered organization's jurisdiction of organization; or

(2) in other cases, the name of the settlor or testator indicated in the trust's organic record.

A. Pursuant to any proceeding arising under subsection L of § 16.1-241 or upon the entry of a decree providing (i) for the dissolution of a marriage, (ii) for a divorce, whether from the bond of matrimony or from bed and board, (iii) that neither party is entitled to a divorce, or (iv) for separate maintenance, the court may make such further decree as it shall deem expedient concerning the maintenance and support of the spouses, notwithstanding a party's failure to prove his grounds for divorce, provided that a claim for support has been properly pled by the party seeking support. However, the court shall have no authority to decree maintenance and support payable by the estate of a deceased spouse.

B. Any maintenance and support shall be subject to the provisions of § 20-109, and no permanent maintenance and support shall be awarded from a spouse if there exists in such spouse's favor a ground of divorce under the provisions of subdivision A (1) of § 20-91. However, the court may make such an award notwithstanding the existence of such ground if the court determines from clear and convincing evidence, that a denial of support and maintenance would constitute a manifest injustice, based upon the respective degrees of fault during the marriage and the relative economic circumstances of the parties.

C. The court, in its discretion, may decree that maintenance and support of a spouse be made in periodic payments for a defined duration, or in periodic payments for an undefined duration, or in a lump sum award, or in any combination thereof.

D. In addition to or in lieu of an award pursuant to subsection C, the court may reserve the right of a party to receive support in the future. In any case in which the right to support is so reserved, there shall be a rebuttable presumption that the reservation will continue for a period equal to 50 percent of the length of time between the date of the marriage and the date of separation. Once granted, the duration of such a reservation shall not be subject to modification.

E. The court, in determining whether to award support and maintenance for a spouse, shall consider the circumstances and factors which contributed to the dissolution of the marriage, specifically including adultery and any other ground for divorce under the provisions of subdivision A (3) or (6) of § 20-91 or § 20-95. In determining the nature, amount and duration of an award pursuant to this section, the court shall consider the following:

1. The obligations, needs and financial resources of the parties, including but not limited to income from all pension, profit sharing or retirement plans, of whatever nature;
2. The standard of living established during the marriage;
3. The duration of the marriage;
4. The age and physical and mental condition of the parties and any special circumstances of the family;
5. The extent to which the age, physical or mental condition or special circumstances of any child of the parties would make it appropriate that a party not seek employment outside of the home;
6. The contributions, monetary and nonmonetary, of each party to the well-being of the family;
7. The property interests of the parties, both real and personal, tangible and intangible;
8. The provisions made with regard to the marital property under § 20-107.3;
9. The earning capacity, including the skills, education and training of the parties and the present employment opportunities for persons possessing such earning capacity;
10. The opportunity for, ability of, and the time and costs involved for a party to acquire the appropriate education, training and employment to obtain the skills needed to enhance his or her earning ability;
11. The decisions regarding employment, career, economics, education and parenting arrangements made by the parties during the marriage and their effect on present and future earning potential, including the length of time one or both of the parties have been absent from the job market;
12. The extent to which either party has contributed to the attainment of education, training, career position or profession of the other party; and
13. Such other factors, including the tax consequences to each party and the circumstances and factors that contributed to the dissolution, specifically including any ground for divorce, as are necessary to consider the equities between the parties.

F. In contested cases in the circuit courts, any order granting, reserving or denying a request for spousal support shall be accompanied by written findings and conclusions of the court identifying the factors in subsection E which support the court's order. Any order granting or reserving any request for spousal support shall state whether the retirement of either party was contemplated by the court and specifically considered by the court in making its award, and, if so, the order shall state the facts the court contemplated and specifically considered as to the retirement of the party. If the court awards periodic support for a defined duration, such findings shall identify the basis for the nature, amount and duration of the award and, if appropriate, a specification of the events and circumstances reasonably contemplated by the court which support the award.

G. For purposes of this section and § 20-109, "date of separation" means the earliest date at which the parties are physically separated and at least one party intends such separation to be permanent provided the separation is continuous thereafter and "defined duration" means a period of time (i) with a specific beginning and ending date or (ii) specified in relation to the occurrence or cessation of an event or condition other than death or termination pursuant to § 20-110.

H. Where there are no minor children whom the parties have a mutual duty to support, an order directing the payment of spousal support, including those orders confirming separation agreements, entered on or after October 1, 1985, whether they are original orders or modifications of existing orders, shall contain the following:

2. The amount of periodic spousal support expressed in fixed sums, together with the payment interval, the date payments are due, and the date the first payment is due;

3. A statement as to whether there is an order for health care coverage for a party;

4. If support arrearages exist, (i) to whom an arrearage is owed and the amount of the arrearage, (ii) the period of time for which such arrearage is calculated, and (iii) a direction that all payments are to be credited to current spousal support obligations first, with any payment in excess of the current obligation applied to arrearages;

5. If spousal support payments are ordered to be paid directly to the obligee, and unless the court for good cause shown orders otherwise, the parties shall give each other and the court at least 30 days' written notice, in advance, of any change of address and any change of telephone number within 30 days after the change; and

6. Notice that in determination of a spousal support obligation, the support obligation as it becomes due and unpaid creates a judgment by operation of law.

3. Any driver education program shall require a minimum number of miles driven during the behind-the-wheel driver training.

B. The Board shall assist school divisions by preparation, publication and distribution of competent driver education instructional materials to ensure a more complete understanding of the responsibilities and duties of motor vehicle operators.

1. The named insured or any other operator who either resides in the same household or customarily operates a motor vehicle insured under the policy has had his ~~driver's license~~ *driving privileges* suspended or revoked during the policy period or, if the policy is a renewal, during its policy period or the 90 days immediately preceding the last effective date.

2. The named insured fails to pay the premium for the policy or any installment of the premium, whether payable to the insurer or its agent either directly or indirectly under any premium finance plan or extension of credit.

3. The named insured or his duly constituted attorney-in-fact has notified the insurer of a change in the insured's legal residence to a state other than Virginia and the insured vehicle will be principally garaged in the new state of legal residence.

E. No cancellation or refusal to renew by an insurer of a policy of motor vehicle insurance shall be effective unless the insurer delivers or mails to the named insured at the address shown in the policy a written notice of the cancellation or refusal to renew, or the insurer delivers such notice electronically to the address provided by the named insured. The notice shall:

1. Be in a type size authorized under § 38.2-311.

2. State the effective date of the cancellation or refusal to renew. The effective date of cancellation or refusal to renew shall be at least 45 days after mailing or delivering to the insured the notice of cancellation or notice of refusal to renew. However, when the policy is being canceled or not renewed for the reason set forth in subdivision D 2 the effective date may be less than 45 days but at least 15 days from the date of mailing or delivery.

3. State the specific reason of the insurer for cancellation or refusal to renew and provide for the notification required by §§ 38.2-608, 38.2-609, and subsection B of § 38.2-610. However, those notification requirements shall not apply when the policy is being canceled or not renewed for the reason set forth in subdivision D 2.

4. Inform the insured of his right to request in writing within 15 days of the receipt of the notice that the Commissioner review the action of the insurer.

The notice of cancellation or refusal to renew shall contain the following statement to inform the insured of such right:

IMPORTANT NOTICE

Within 15 days of receiving this notice, you or your attorney may request in writing that the Commissioner of Insurance review this action to determine whether the insurer has complied with Virginia laws in canceling or nonrenewing your policy. If this insurer has failed to comply with the cancellation or nonrenewal laws, the Commissioner may require that your policy be reinstated. However, the Commissioner is prohibited from making underwriting judgments. If this insurer has complied with the cancellation or nonrenewal laws, the Commissioner does not have the authority to overturn this action.

5. Inform the insured of the possible availability of other insurance which may be obtained through his agent, through another insurer, or through the Virginia Automobile Insurance Plan.

6. If sent by mail or delivered electronically, comply with the provisions of § 38.2-2208.

Nothing in this subsection prohibits any insurer or agent from including in the notice of cancellation or refusal to renew, any additional disclosure statements required by state or federal laws, or any additional information relating to the availability of other insurance.

F. Nothing in this section shall apply:

1. If the insurer or its agent acting on behalf of the insurer has manifested its willingness to renew by issuing or offering to issue a renewal policy, certificate, or other evidence of renewal, or has manifested its willingness to renew in writing to the insured. The written manifestation shall include the name of a proposed insurer, the expiration date of the policy, the type of insurance coverage, and information regarding the estimated renewal premium. The insurer shall retain a copy of each written manifestation for a period of at least one year from the expiration date of any policy that is not renewed;

2. If the named insured, or his duly constituted attorney-in-fact, has notified the insurer or its agent orally, or in writing, if the insurer requires such notification to be in writing, that he wishes the policy to be canceled or that he does not wish the policy to be renewed, or if prior to the date of expiration he fails to accept the offer of the insurer to renew the policy;

3. To any motor vehicle insurance policy which has been in effect less than 60 days when the termination notice is mailed or delivered to the insured, unless it is a renewal policy; or

4. If an affiliated insurer has manifested its willingness to provide coverage at a lower premium than would have been charged for the same exposures on the expiring policy. The affiliated insurer shall manifest its willingness to provide coverage by issuing a policy with the types and limits of coverage at least equal to those contained in the expiring policy unless the named insured has requested a change in coverage or limits. When such offer is made by an affiliated insurer, an offer of renewal shall not be required of the insurer of the expiring policy, and the policy issued by the affiliated insurer shall be deemed to be a renewal policy.

G. There shall be no liability on the part of and no cause of action of any nature shall arise against the Commissioner or his subordinates; any insurer, its authorized representatives, its agents, or its employees; or any person furnishing to the insurer information as to reasons for cancellation or refusal to renew, for any statement made by any of them in complying with this section or for providing information pertaining to the cancellation or refusal to renew. For the purposes of this section, no insurer shall be required to furnish a notice of cancellation or refusal to renew to anyone other than the named

insured, any person designated by the named insured, or any other person to whom such notice is required to be given by the terms of the policy and the Commissioner.

H. Within 15 days of receipt of the notice of cancellation or refusal to renew, any insured or his attorney shall be entitled to request in writing to the Commissioner that he review the action of the insurer in canceling or refusing to renew the policy of the insured. Upon receipt of the request, the Commissioner shall promptly begin a review to determine whether the insurer's cancellation or refusal to renew complies with the requirements of this section and of § 38.2-2208 if the notice was sent by mail or delivered electronically. The policy shall remain in full force and effect during the pendency of the review by the Commissioner except where the cancellation or refusal to renew is for the reason set forth in subdivision D 2, in which case the policy shall terminate as of the effective date stated in the notice. Where the Commissioner finds from the review that the cancellation or refusal to renew has not complied with the requirements of this section or of § 38.2-2208, he shall immediately notify the insurer, the insured and any other person to whom such notice was required to be given by the terms of the policy that the cancellation or refusal to renew is not effective. Nothing in this section authorizes the Commissioner to substitute his judgment as to underwriting for that of the insurer. Where the Commissioner finds in favor of the insured, the Commission in its discretion may award the insured reasonable attorneys' fees.

I. Each insurer shall maintain for at least one year, records of cancellation and refusal to renew and copies of every notice or statement referred to in subsection E that it sends to any of its insureds.

J. The provisions of this section shall not apply to any insurer that limits the issuance of policies of motor vehicle liability insurance to one class or group of persons engaged in any one particular profession, trade, occupation, or business. Nothing in this section requires an insurer to renew a policy of motor vehicle insurance if the insured does not conform to the occupational or membership requirements of an insurer who limits its writings to an occupation or membership of an organization. No insurer is required to renew a policy if the insured becomes a nonresident of Virginia.

K. Notwithstanding any other provision of this section, a motor vehicle insurance policy with a policy period or term of five months or less may expire at its expiration date when the insurer has manifested in writing its willingness to renew the policy for at least 30 days and has mailed or delivered the written manifestation to the insured at least 15 days before the expiration date of the policy. The written manifestation shall include the name of the proposed insurer, the expiration date of the policy, the type of insurance coverage, and the estimated renewal premium. The insurer shall retain a copy of the written manifestation for at least one year from the expiration date of any policy that is not renewed.

No license, permit, or special identification card shall be issued if an applicant's authorized stay in the United States is less than 30 days from the date of application. Any ~~temporary~~ limited-duration license, permit, or special identification card issued pursuant to this subsection shall clearly indicate that it is ~~temporary~~ valid for a limited period and shall state the date that it expires. Such a ~~temporary~~ limited-duration license, permit, or special identification card may be renewed only upon presentation of valid documentary evidence that the status by which the applicant qualified for the ~~temporary~~ limited-duration license, permit, or special identification has been extended by ~~the United States Immigration and Naturalization Service or the Bureau of Citizenship and Immigration Services of the Department of Homeland Security~~ *a federal court or federal agency having jurisdiction over immigration*.

C. Any license, permit, or special identification card for which an application has been made for renewal, duplication, or reissuance shall be presumed to have been issued in accordance with the provisions of subsection A, provided that, at the time the application is made, (i) the license, permit, or special identification card has not expired or been cancelled, suspended, or revoked or (ii) the license, permit, or special identification card has been canceled or suspended as a result of the applicant having been placed under medical review by the Department pursuant to § 46.2-322. The requirements of

subsection A shall apply, however, to a renewal, duplication, or reissuance if the Department is notified by a local, state, or federal government agency that the individual seeking such renewal, duplication, or reissuance is neither a citizen of the United States nor legally in the United States.

D. The Department shall cancel any license, permit, or special identification card that it has issued to an individual if it is notified by a federal government agency that the individual is neither a citizen of the United States nor legally present in the United States.

E. For any applicant who presents a document pursuant to this section proving legal presence other than citizenship, the Department shall record and provide to the State Board of Elections monthly the applicant's document number, if any, issued by an agency or court of the United States government.

§ 46.2-328.3. Driver privilege cards and permits.

A. Upon application of any person who does not meet the requirements for a driver's license or permit under subsection A or B of § 46.2-328.1, the Department may issue to the applicant a driver privilege card or permit if the Department determines that the applicant (i) has reported income and deductions from Virginia sources, as defined in § 58.1-302, or been claimed as a dependent, on an individual income tax return filed with the Commonwealth in the preceding 12 months and (ii) is not in violation of the insurance requirements set forth in Article 8 (§ 46.2-705 et seq.) of Chapter 6.

B. Driver privilege cards and permits shall confer the same privileges and shall be subject to the same provisions of this title as driver's licenses and permits issued under this chapter, unless otherwise provided, and shall be subject to the following conditions and exceptions:

1. The front of a driver privilege card or permit shall be identical in appearance to a driver's license or permit that is not a REAL ID credential and the back of the card or permit shall be identical in appearance to the restriction on the back of a limited-duration license, permit, or special identification card;

2. An applicant for a driver privilege card or permit shall not be eligible for a waiver of any part of the driver examination provided under § 46.2-325;

3. An applicant for a driver privilege card or permit shall not be required to present proof of legal presence in the United States;

4. A driver privilege card or permit shall expire on the applicant's second birthday following the date of issuance;

5. The fee for an original driver privilege card or permit shall be \$50. The Department may issue, upon application by the holder of a valid, unexpired card or permit issued under this section, and upon payment of a fee of \$50, another driver privilege card or permit that shall be valid for a period of two years from the date of issuance. The amount paid by an applicant for a driver privilege card or other document issued pursuant to this chapter shall be considered privileged information for the purposes of § 46.2-208. No applicant shall be required to provide proof of compliance with clauses (i) and (ii) of subsection A for a reissued, renewed, or duplicate card or permit; and

6. Any information collected pursuant to this section that is not otherwise collected by the Department or required for the issuance of any other driving credential issued pursuant to the provisions of this chapter and any information regarding restrictions in the Department's records related to the issuance of a credential issued pursuant to this section shall be considered privileged. Notwithstanding the provisions of § 46.2-208, such information shall not be released except upon request by the subject of the information, the parent of a minor who is the subject of the information, the guardian of the subject of the information, or the authorized representative of the subject of the information, or pursuant to a court order.

C. The Department shall not release the following information relating to the issuance of a driver privilege card or permit, except upon request by the subject of the information, the parent of a minor who is the subject of the information, the guardian of the subject of the information, or the authorized representative of the subject of the information, or pursuant to a court order, (i) proof documents submitted for the purpose of obtaining a driver privilege card or permit, (ii) the information in the Department's records indicating the type of proof documentation that was provided, or (iii) applications.

The Department shall release to any federal, state, or local governmental entity, local government group self-insurance pool, law-enforcement officer, attorney for the Commonwealth, or court, or the authorized agent of any of the foregoing, information related to the issuance of a driver privilege card or permit, the release of which is not otherwise prohibited by this section, that is required for a requester to carry out the requester's official functions if the requester provides the individual's name and other sufficient identifying information contained on the individual's record. If the requester has entered into an agreement with the Department, such agreement shall be in a manner prescribed by the Department and such agreement shall contain the legal authority that authorizes the performance of the requester's official functions and a description of how such information will be used to carry out such official functions. If the Commissioner determines that sufficient authority has not been provided by the requester to show that the purpose for which such information shall be used is one of the requester's official functions, the Commissioner shall refuse to enter into any agreement. If the requester submits a request for information in accordance with this subsection without an existing agreement to receive the information, such request shall be in a manner prescribed by the Department and such request shall contain the legal authority that authorizes the performance of the requester's official functions and a description of how such information will be used to carry out such official functions. If the Commissioner determines that sufficient authority has not been provided by the requester to show that the purpose for which such information shall be used is one of the requester's official functions, the Commissioner shall deny such request.

§ 46.2-330. Expiration and renewal of licenses; examinations required.

A. Every driver's license shall expire on the applicant's birthday at the end of the period of years for which a driver's license has been issued. At no time shall any driver's license be issued for more than eight years or less than five years, unless otherwise provided by law. Thereafter the driver's license shall be renewed on or before the birthday of the licensee and shall be valid for a period not to exceed eight years except as otherwise provided by law. Any driver's license issued to a person age 75 or older shall be issued for a period not to exceed five years. Notwithstanding these limitations, the Commissioner may extend the validity period of an expiring license if (i) the Department is unable to process an application for renewal due to circumstances beyond its control, (ii) the extension has been authorized under a directive from the Governor, and (iii) the license was not issued as a ~~temporary~~ *limited-duration* driver's license under the provisions of subsection B of § 46.2-328.1. However, in no event shall the validity period be extended more than 90 days per occurrence of such conditions. In determining the number of years for which a driver's license shall be renewed, the Commissioner shall take into consideration the examinations, conditions, requirements, and other criteria provided under this title that relate to the issuance of a license to operate a vehicle. Any driver's license issued to a person required to register pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1 shall expire on the applicant's birthday in years which the applicant attains an age equally divisible by five.

B. Within one year prior to the date shown on the driver's license as the date of expiration, the Department shall send notice, to the holder thereof, at the address shown on the records of the Department in its driver's license file, that his license will expire on a date specified therein, whether he must be reexamined, and when he may be reexamined. Nonreceipt of the notice shall not extend the period of validity of the driver's license beyond its expiration date. The license holder may request the Department to send such renewal notice to an email or other electronic address, upon provision of such address to the Department.

Any driver's license may be renewed by application after the applicant has taken and successfully completed those parts of the examination provided for in §§ 46.2-311, 46.2-325, and the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.), including vision and written tests, other than the parts of the examination requiring the applicant to drive a motor vehicle. All drivers applying in person for renewal of a license shall take and successfully complete the examination each renewal year. Every applicant for a renewal shall appear in person before the Department, unless specifically notified by the Department that renewal may be accomplished in another manner as provided in the notice. Applicants who are required to appear in person before the Department to apply for a renewal may also be required to present proof of identity, legal presence, residency, and social security number or non-work authorized status.

C. Notwithstanding any other provision of this section, the Commissioner, in his discretion, may require any applicant for renewal to be fully examined as provided in §§ 46.2-311 and 46.2-325 and the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.). Furthermore, if the applicant is less than 75 years old, the Commissioner may waive the vision examination for any applicant for renewal of a driver's license that is not a commercial driver's license and the requirement for the taking of the written test as provided in subsection B of this section, § 46.2-325, and the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.). However, in no case shall there be any waiver of the vision examination for applicants for renewal of a commercial driver's license or of the knowledge test required by the Virginia Commercial Driver's License Act for the hazardous materials endorsement on a commercial driver's license. No driver's license or learner's permit issued to any person who is 75 years old or older shall be renewed unless the applicant for renewal appears in person and either (i) passes a vision examination or (ii) presents a report of a vision examination, made within 90 days prior thereto by an ophthalmologist or optometrist, indicating that the applicant's vision meets or exceeds the standards contained in § 46.2-311.

D. Every applicant for renewal of a driver's license, whether renewal shall or shall not be dependent on any examination of the applicant, shall appear in person before the Department to apply for renewal, unless specifically notified by the Department that renewal may be accomplished in another manner as provided in the notice.

E. This section shall not modify the provisions of § 46.2-221.2.

F. 1. The Department shall electronically transmit application information, including a photograph, to the Department of State Police, in a format approved by the State Police, for comparison with information contained in the Virginia Criminal Information Network and National Crime Information Center Convicted Sexual Offender Registry files, at the time of the renewal of a driver's license. Whenever it appears from the records of the State Police that a person has failed to comply with the duty to register or reregister pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, the State Police shall promptly investigate and, if there is probable cause to believe a violation has occurred, obtain a warrant or assist in obtaining an indictment charging a violation of § 18.2-472.1 in the jurisdiction in which the person last registered or reregistered or in the jurisdiction where the person made application for licensure. The Department of State Police shall electronically transmit to the Department, in a format approved by the Department, for each person required to register pursuant to Chapter 9 of Title 9.1, registry information consisting of the person's name, all aliases that he has used or under which he may have been known, his date of birth, and his social security number as set out in § 9.1-903.

2. For each person required to register pursuant to Chapter 9 of Title 9.1, the Department may not waive the requirement that each such person shall appear for each renewal or the requirement to obtain a photograph in accordance with subsection C of § 46.2-323.

§ 46.2-332. Fees.

~~On and after January 1, 1990, the~~ *The fee for each driver's license other than a commercial driver's license shall be \$2.40 per year. This fee shall not apply to driver privilege cards or permits issued under § 46.2-328.3. If the license is a*

commercial driver's license or seasonal restricted commercial driver's license, the fee shall be \$6 per year. ~~Persons 21 years old or older may be issued a scenic driver's license, learner's permit, or commercial driver's license for an additional fee of \$5.~~ For any one or more driver's license endorsements or classifications, except a motorcycle classification, there shall be an additional fee of \$1 per year; for a motorcycle classification, there shall be an additional fee of \$2 per year. For any and all driver's license classifications, there shall be an additional fee of \$1 per year. For any revalidation of a seasonal restricted commercial driver's license, the fee shall be \$5. A fee of \$10 shall be charged to extend the validity period of a driver's license pursuant to subsection B of § 46.2-221.2.

In addition to any other fee imposed and collected by the Department, the Department shall impose and collect a service charge of \$5 upon each person who carries out the renewal of a driver's license or special identification card in any of the Department's Customer Service Centers if such renewal can be conducted by mail or telephone or by using an electronic medium in a format prescribed by the Commissioner. Such service charge shall not apply if, concurrently with the renewal of the driver's license or special identification card, the person undertakes another transaction at a Customer Service Center that cannot be conducted by mail or telephone or by using an electronic medium in a format prescribed by the Commissioner. Such service charge shall be paid by the Commissioner into the state treasury and shall be set aside as a special fund to be used to meet the expenses of the Department.

A reexamination fee of \$2 shall be charged for each administration of the knowledge portion of the driver's license examination taken by an applicant who is 18 years of age or older if taken more than once within a 15-day period. The reexamination fee shall be charged each time the examination is administered until the applicant successfully completes the examination, if taken prior to the fifteenth day.

An applicant who is less than 18 years of age who does not successfully complete the knowledge portion of the driver's license examination shall not be permitted to take the knowledge portion more than once in 15 days.

A fee of \$50 shall be charged each time an applicant for a commercial driver's license fails to keep a scheduled skills test appointment, unless such applicant cancels his appointment with the assigned driver's license examiner at least 24 hours in advance of the scheduled appointment. The Commissioner may, on a case-by-case basis, waive such fee for good cause shown. All such fees shall be paid by the Commissioner into the state treasury and set aside as a special fund to be used to meet the necessary expenses incurred by the Department.

If the applicant for a driver's license is an employee of the Commonwealth, or of any county, city, or town who drives a motorcycle or a commercial motor vehicle solely in the line of his duty, he shall be exempt from the additional fee otherwise assessable for a motorcycle classification or a commercial motor vehicle endorsement. The Commissioner may prescribe the forms as may be requisite for completion by persons claiming exemption from additional fees imposed by this section.

No additional fee above \$2.40 per year shall be assessed for the driver's license or commercial driver's license required for the operation of a school bus.

Excluding the \$2 reexamination fee, \$1.50 of all fees collected for each original or renewal driver's license, *other than a driver privilege card issued under § 46.2-328.3*, shall be paid into the driver education fund of the state treasury and expended as provided by law. Unexpended funds from the driver education fund shall be retained in the fund and be available for expenditure in ensuing years as provided therein.

All fees for motorcycle classifications shall be distributed as provided in § 46.2-1191.

This section shall supersede conflicting provisions of this chapter.

§ 46.2-333.1. Surcharges on certain fees of Department; disposition of proceeds.

Notwithstanding any contrary provision of this chapter, there are hereby imposed, in addition to other fees imposed by this chapter, the following surcharges in the following amounts:

1. For the issuance of any driver's license other than a commercial driver's license, *or a driver privilege card issued under § 46.2-328.3*, \$1.60 per year of validity of the license;
2. For the issuance of any commercial driver's license, \$1 per year of validity of the license;
3. For the reissuance or replacement of any driver's license, \$5; and
4. For the reinstatement of any driver's license, \$15.

All surcharges collected by the Department under this section shall be paid into the state treasury and shall be set aside as a special fund to be used to support the operation and activities of the Department's customer service centers.

§ 46.2-335. Learner's permits; fees; certification required.

A. The Department, on receiving from any Virginia resident over the age of 15 years and six months an application for a learner's permit or motorcycle learner's permit, may, subject to the applicant's satisfactory documentation of meeting the requirements of this chapter and successful completion of the written or automated knowledge and vision examinations and, in the case of a motorcycle learner's permit applicant, the automated motorcycle test, issue a permit entitling the applicant, while having the permit in his immediate possession, to drive a motor vehicle or, if the application is made for a motorcycle learner's permit, a motorcycle, on the highways, when accompanied by any licensed driver 21 years of age or older or by his parent or legal guardian, or by a brother, sister, half-brother, half-sister, step-brother, or step-sister 18 years of age or older. The accompanying person shall be (i) alert, able to assist the driver, and actually occupying a seat beside the driver or, for motorcycle instruction, providing immediate supervision from a separate accompanying motor vehicle and (ii) lawfully permitted to operate the motor vehicle or accompanying motorcycle at that time.

The Department shall not, however, issue a learner's permit or motorcycle learner's permit to any minor applicant required to provide evidence of compliance with the compulsory school attendance law set forth in Article 1 (§ 22.1-254

et seq.) of Chapter 14 of Title 22.1, unless such applicant is in good academic standing or, if not in such standing or submitting evidence thereof, whose parent or guardian, having custody of such minor, provides written authorization for the minor to obtain a learner's permit or motorcycle learner's permit, which written authorization shall be obtained on forms provided by the Department and indicating the Commonwealth's interest in the good academic standing and regular school attendance of such minors. Any minor providing proper evidence of the solemnization of his marriage or a certified copy of a court order of emancipation shall not be required to provide the certification of good academic standing or any written authorization from his parent or guardian to obtain a learner's permit or motorcycle learner's permit.

Such permit, except a motorcycle learner's permit, shall be valid until the holder thereof either is issued a driver's license as provided for in this chapter or no longer meets the qualifications for issuance of a learner's permit as provided in this section. Motorcycle learner's permits shall be valid for 12 months. When a motorcycle learner's permit expires, the permittee may, upon submission of an application, payment of the application fee, and successful completion of the examinations, be issued another motorcycle learner's permit valid for 12 months.

Any person 25 years of age or older who is eligible to receive an operator's license in Virginia, but who is required, pursuant to § 46.2-324.1, to be issued a learner's permit for 60 days prior to his first behind-the-wheel exam, may be issued such learner's permit even though restrictions on his driving privilege have been ordered by a court. Any such learner's permit shall be subject to the restrictions ordered by the court.

B. No driver's license shall be issued to any such person who is less than 18 years old unless, while holding a learner's permit, he has driven a motor vehicle for at least 45 hours, at least 15 of which were after sunset, as certified by his parent, foster parent, or legal guardian unless the person is married or otherwise emancipated. Such certification shall be on a form provided by the Commissioner and shall contain the following statement:

"It is illegal for anyone to give false information in connection with obtaining a driver's license. This certification is considered part of the driver's license application, and anyone who certifies to a false statement may be prosecuted. I certify that the statements made and the information submitted by me regarding this certification are true and correct."

Such form shall also include the driver's license or Department of Motor Vehicles-issued identification card number of the person making the certification.

C. No learner's permit shall authorize its holder to operate a motor vehicle with more than one passenger who is less than 21 years old, except when participating in a driver education program approved by the Department of Education or a course offered by a driver training school licensed by the Department. This passenger limitation, however, shall not apply to the members of the driver's family or household as defined in subsection B of § 46.2-334.01.

D. No learner's permit shall authorize its holder to operate a motor vehicle between midnight and four o'clock a.m.

E. Except in a driver emergency or when the vehicle is lawfully parked or stopped, no holder of a learner's permit shall operate a motor vehicle on the highways of the Commonwealth while using any cellular telephone or any other wireless telecommunications device, regardless of whether or not such device is handheld. No citation for a violation of this subsection shall be issued unless the officer issuing such citation has cause to stop or arrest the driver of such motor vehicle for the violation of some other provision of this Code or local ordinance relating to the operation, ownership, or maintenance of a motor vehicle or any criminal statute.

F. A violation of subsection C, D, or E shall not constitute negligence, be considered in mitigation of damages of whatever nature, be admissible in evidence or be the subject of comment by counsel in any action for the recovery of damages arising out of the operation, ownership, or maintenance of a motor vehicle, nor shall anything in this subsection change any existing law, rule, or procedure pertaining to any such civil action.

G. The provisions of §§ 46.2-323 and 46.2-334 relating to evidence and certification of Virginia residence and, in the case of persons of school age, compliance with the compulsory school attendance law shall apply, mutatis mutandis, to applications for learner's permits and motorcycle learner's permits issued under this section.

H. For persons qualifying for a driver's license through driver education courses approved by the Department of Education or courses offered by driver training schools licensed by the Department, the application for the learner's permit shall be used as the application for the driver's license.

I. The Department shall charge a fee of \$3 for each learner's permit and motorcycle learner's permit issued under this section. [H 1255]

Approved April 22, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 24.2-304.1, 30-265, and 53.1-10 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding in Article 2 of Chapter 3 of Title 24.2 a section numbered 24.2-304.04, by adding in Chapter 3 of Title 24.2 an article numbered 5, consisting of a section numbered 24.2-314, and by adding a section numbered 53.1-5.2 as follows:

§ 24.2-304.04. Standards and criteria for congressional and state legislative districts.

Every congressional and state legislative district shall be constituted so as to adhere to the following criteria:

1. Districts shall be so constituted as to give, as nearly as is practicable, representation in proportion to the population of the district. A deviation of no more than five percent shall be permitted for state legislative districts.

2. Districts shall be drawn in accordance with the requirements of the Constitution of the United States, including the Equal Protection Clause of the Fourteenth Amendment, and the Constitution of Virginia; federal and state laws, including the federal Voting Rights Act of 1965, as amended; and relevant judicial decisions relating to racial and ethnic fairness.

3. No district shall be drawn that results in a denial or abridgement of the right of any citizen to vote on account of race or color or membership in a language minority group. No district shall be drawn that results in a denial or abridgement of the rights of any racial or language minority group to participate in the political process and to elect representatives of their choice. A violation of this subdivision is established if, on the basis of the totality of the circumstances, it is shown that districts were drawn in such a way that members of a racial or language minority group are dispersed into districts in which they constitute an ineffective minority of voters or are concentrated into districts where they constitute an excessive majority. The extent to which members of a racial or language minority group have been elected to office in the state or the political subdivision is one circumstance that may be considered. Nothing in this subdivision shall establish a right to have members of a racial or language minority group elected in numbers equal to their proportion in the population.

4. Districts shall be drawn to give racial and language minorities an equal opportunity to participate in the political process and shall not dilute or diminish their ability to elect candidates of choice either alone or in coalition with others.

5. Districts shall be drawn to preserve communities of interest. For purposes of this subdivision, a "community of interest" means a neighborhood or any geographically defined group of people living in an area who share similar social, cultural, and economic interests. A "community of interest" does not include a community based upon political affiliation or relationship with a political party, elected official, or candidate for office.

6. Districts shall be composed of contiguous territory, with no district contiguous only by connections by water running downstream or upriver, and political boundaries may be considered.

7. Districts shall be composed of compact territory and shall be drawn employing one or more standard numerical measures of individual and average district compactness, both statewide and district by district.

8. A map of districts shall not, when considered on a statewide basis, unduly favor or disfavor any political party.

9. The whole number of persons reported in the most recent federal decennial census by the United States Bureau of the Census shall be the basis for determining district populations, except that no person shall be deemed to have gained or lost a residence by reason of conviction and incarceration in a federal, state, or local correctional facility. Persons

incarcerated in a federal, state, or local correctional facility shall be counted in the locality of their address at the time of incarceration, and the Division of Legislative Services shall adjust the census data pursuant to § 24.2-314 for this purpose.

§ 24.2-304.1. At-large and district elections; reapportionment and redistricting of districts or wards; limits.

A. Except as otherwise specifically limited by general law or special act, the governing body of each county, city, or town may provide by ordinance for the election of its members on any of the following bases: (i) at large from the county, city, or town; (ii) from single-member or multi-member districts or wards, or any combination thereof; or (iii) from any combination of at-large, single-member, and multi-member districts or wards. A change in the basis for electing the members of the governing body shall not constitute a change in the form of county government.

B. If the members are elected from districts or wards and other than entirely at large from the locality, the districts or wards shall be composed of contiguous and compact territory and shall be so constituted as to give, as nearly as is practicable, representation in proportion to the population of the district or ward. In 1971 and every 10 years thereafter, the governing body of each such locality shall reapportion the representation among the districts or wards, including, if the governing body deems it appropriate, increasing or diminishing the number of such districts or wards, in order to give, as nearly as is practicable, representation on the basis of population.

C. For the purposes of redistricting and reapportioning representation in 2001-2021 and every 10 years thereafter, the governing body of a county, city, or town shall use the most recent decennial population figures for such county, city, or town from the United States Bureau of the Census, ~~which figures are identical to those from the actual enumeration conducted by the United States Bureau of the Census for the apportionment of representatives in the United States House of Representatives, except that the~~ *as adjusted by the Division of Legislative Services pursuant to § 24.2-314. The census data for these redistricting and apportionment purposes will not include any population figure that is not allocated to specific census blocks within the Commonwealth, even though that population may have been included in the apportionment population figures of the Commonwealth for the purpose of allocating United States House of Representatives seats among the states. The governing body of any county, city, or town may elect to exclude the adult inmate population of any federal, state, or regional adult correctional facility located in the locality from the population figures used for the purposes of the decennial reapportionment and redistricting. The adult inmate population so excluded shall be based on information provided by the facility as to the adult inmate population at the facility on the date of the decennial census.*

D. Notwithstanding any other provision of general law or special act, the governing body of a county, city, or town shall not reapportion the representation in the governing body at any time other than that required following the decennial census, except as (i) provided by law upon a change in the boundaries of the county, city, or town that results in an increase or decrease in the population of the county, city, or town of more than one percent, (ii) the result of a court order, (iii) the result of a change in the form of government, or (iv) the result of an increase or decrease in the number of districts or wards other than at-large districts or wards. The foregoing provisions notwithstanding, the governing body subsequent to the decennial redistricting may adjust district or ward boundaries in order that the boundaries might coincide with state legislative or congressional district boundaries; however, no adjustment shall affect more than five percent of the population of a ward or district or 250 persons, whichever is lesser. If districts created by a reapportionment enacted subsequent to a decennial reapportionment are invalid under the provisions of this subsection, the immediately preexisting districts shall remain in force and effect until validly reapportioned in accordance with law.

"Rail facilities" includes all property or interests necessary or convenient for the acquiring, providing, using,

equipping, or maintaining of a rail facility or system, including right-of-way, trackwork, train controls, stations, and maintenance facilities.

"Transportation Board" means the Commonwealth Transportation Board.

§ 33.2-288. Declaration of public purpose; Virginia Passenger Rail Authority.

A. The General Assembly finds and determines that (i) it is the policy of the Commonwealth to improve, identify, encourage, and promote new approaches to economic development throughout the Commonwealth; (ii) passenger rail travel and services are integral to the economic development and expansion of the Commonwealth's economy; and (iii) there exists in the Commonwealth a need to increase passenger rail capacity in the Commonwealth and improve passenger rail services.

B. In order to increase passenger rail capacity, improve passenger rail services, ameliorate current and future traffic congestion on Virginia highways, and promote the industrial and economic development of the Commonwealth, there is hereby created a body corporate and political subdivision of the Commonwealth to be known as the Virginia Passenger Rail Authority. The Authority is hereby constituted as a public instrumentality exercising public and essential governmental functions, and the exercise of powers conferred by this article shall be deemed to be the performance of an essential governmental function and matters of public necessity for which public moneys may be spent and private property acquired.

C. The purpose of the Authority shall be to promote, sustain, and expand the availability of passenger and commuter rail service in the Commonwealth and to increase ridership of such service by connecting population centers with passenger and commuter rail service and increasing availability of such service.

§ 33.2-289. Board of Directors.

A. The Authority shall be governed by the Board of Directors of the Authority consisting of 15 members as follows: (i) 12 nonlegislative citizen members, appointed by the Governor, who shall serve with voting privileges; (ii) a designee of the President and Chief Executive Officer of the National Passenger Rail Corporation, who shall serve without voting privileges; (iii) the chief executive officer of a commuter rail service jointly operated by the Northern Virginia Transportation District established pursuant to § 33.2-1904 and the Potomac and Rappahannock Transportation District established pursuant to the Transportation District Act (§ 33.2-1900 et seq.), who shall serve ex officio without voting privileges; and (iv) the Director of the Department, who shall serve ex officio and shall have voting privileges only in the event of a tie. Of the 12 nonlegislative citizen members with voting privileges:

1. Three members shall reside within the boundaries of the Northern Virginia Transportation District established pursuant to § 33.2-1904. Such members may be selected from a list recommended by the Northern Virginia Transportation Commission, after due consideration of such list by the Governor;

2. Three members shall reside within the boundaries of the Potomac-Rappahannock Transportation District established pursuant to the Transportation District Act of 1964 (§ 33.2-1900 et seq.). Such members may be selected from a list recommended by the Potomac and Rappahannock Transportation Commission, after due consideration of such list by the Governor;

3. Two members shall reside within the boundaries of the Richmond Metropolitan Transportation Authority established pursuant to Chapter 29 (§ 33.2-2900 et seq.);

4. Two members shall reside within the boundaries of the Hampton Roads Transportation Accountability Commission established pursuant to Chapter 26 (§ 33.2-2600 et seq.); and

5. Two members shall reside within the boundaries of Planning District 5, 9, 10, or 11.

B. The nonlegislative citizen members appointed by the Governor shall be subject to confirmation by the General Assembly. Vacancies shall be filled by appointment by the Governor for the unexpired term and shall be effective until 30 days after the next meeting of the ensuing General Assembly and, if confirmed, thereafter for the remainder of the term. No member shall be eligible to serve more than two consecutive four-year terms. The remainder of any term for which a member is appointed to fill a vacancy shall not constitute a term in determining that member's eligibility for reappointment. No member of a governing body of a locality shall be eligible, during the term of office for which he was elected or appointed, to serve as an appointed member of the Board. The Director shall serve terms coincident with his term of office.

C. The Director of the Department shall serve as chairman of the Board. The Board shall annually elect from among its members a vice-chairman and a secretary. The Board shall also annually elect a treasurer, who need not be a member of the Board, and may also elect other subordinate officers who need not be a member of the Board, as it deems proper. The chairman or, in his absence, the vice-chairman shall preside at all meetings of the Board. In the absence of both the chairman and vice-chairman, the Board shall appoint a chairman pro tempore, who shall preside at such meetings.

D. Seven members shall constitute a quorum for the transaction of the Authority's business, and no vacancy in the membership shall impair the right of a quorum to exercise all the rights and perform all the duties of the Authority. All actions of the Board shall require the affirmative vote of a majority of the members present and voting, except that the sale of land or issuance of bonds shall require an affirmative vote of nine members present and voting.

E. The Board shall meet at least once quarterly. The Board shall determine the times and places of its regular meetings. Special meetings of the Board shall be held when requested by three or more members of the Board. Any such request for a special meeting shall be in writing, and the request shall specify the time and place of the meeting and the matters to be considered at the meeting. A reasonable effort shall be made to provide each member with notice of any special meeting. No matter not specified in the notice shall be considered at such special meeting unless all members of the Board are present.

F. The members of the Board shall be entitled to reimbursement for their reasonable travel, meal, and lodging expenses incurred in attending the meetings of the Board or while otherwise engaged in the discharge of their duties. Such expenses shall be paid out of the treasury of the Authority upon vouchers signed by the chairman of the Board or by such other person or persons as may be designated by the Board for this purpose.

§ 33.2-290. Executive Director; agents and employees.

A. The Board shall employ an Executive Director of the Authority, who shall not be a member of the Board and who shall serve at the pleasure of the Board, to direct the day-to-day operations and activities of the Authority and carry out the powers and duties conferred upon him as may be delegated to him by the Board. The Executive Director's compensation from the Commonwealth shall be fixed by the Board in accordance with law. This compensation shall be established at a level that will enable the Authority to attract and retain a capable Executive Director.

B. The Executive Director shall employ or retain such other agents or employees subordinate to the Executive Director as may be necessary, subject to the Board's approval.

C. Employees of the Authority shall be employed on such terms and conditions as established by the Authority and shall be considered employees of the Commonwealth. Employees of the Authority shall be eligible for membership in the Virginia Retirement System or other retirement plans authorized by Article 4 (§ 51.1-125 et seq.) of Chapter 1 of Title 51.1 and participation in all health and related insurance and other benefits, including premium coverage and flexible benefits, available to state employees and provided by law. The Board shall develop and adopt personnel rules, policies, and procedures to give its employees grievance rights, ensure that employment decisions shall be based upon merit and fitness of applicants, and prohibit discrimination on the basis of race, religion, color, national origin, sex, pregnancy, childbirth or related medical conditions, age, sexual orientation, marital status, or disability. Notwithstanding any other provision of law, the Board shall develop, implement, and administer a paid leave program, which may include annual, personal, and sick leave or any combination thereof. All other leave benefits shall be administered in accordance with Chapter 11 (§ 51.1-1100 et seq.) or Chapter 11.1 (§ 51.1-1150 et seq.) of Title 51.1, except as otherwise provided in this section.

§ 33.2-291. Local authorities subordinate to Authority.

Any conflict between any authority granted to localities or other entities of the Commonwealth, other than the Transportation Board and the Department, with respect to the ownership or use of rail facilities or the provision of passenger rail service, or the exercise of that authority, and the exercise of the authority granted by the Board under this article shall be resolved in favor of the exercise of such authority by the Board. Rights-of-way transferred to the Authority from a railroad shall not be subject to the requirements of any local ordinances enacted pursuant to Chapter 22 (§ 15.2-2200 et seq.) of Title 15.2.

§ 33.2-292. Powers of the Authority.

A. The Authority, in addition to other powers enumerated in this article, is hereby granted and shall have and may exercise all powers necessary or convenient for the carrying out of its statutory purposes, including, but without limiting the generality of the foregoing, the power to:

- 1. Make and adopt bylaws, rules, and regulations;*
- 2. Adopt, use, and alter at will a common seal;*
- 3. Maintain offices;*

5. Grant others the privilege to design, build, finance, operate, and maintain rail facilities;

6. Grant others the privilege to operate concessions, leases, and franchises, including but not limited to the accommodation and comfort of persons using rail facilities and the provision of ground transportation services and parking facilities for such persons;

8. Fix, alter, charge, and collect fees, rates, rentals, and other charges for the use of rail facilities, the sale of products, or services rendered by the Authority at rates to be determined by it for the purpose of providing for the payment of (i) expenses of the Authority; (ii) the costs of planning, development, construction, improvement, rehabilitation, repair, furnishing, maintenance, and operation of its rail facilities and properties; (iii) the costs of accomplishing its purposes set forth in § 33.2-288; and (iv) the principal of and interest on its obligations, and the funding of reserves for such purposes, and the costs of maintaining, repairing, and operating any rail facilities and fulfilling the terms and provisions of any agreement made with the purchasers or holders of any such obligations;

14. Receive and accept from any federal or private agency, foundation, corporation, association, or person grants, donations of money or real or personal property for the benefit of the Authority and receive and accept from the Commonwealth or any state, and any municipality, county, or other political subdivision thereof and from any other source, aid or contributions of either money, property, or other things of value to be held, used, and applied for the purposes for which such grants and contributions may be made, provided that any federal moneys so received and accepted shall be accepted and expended by the Authority upon such terms and conditions as are prescribed by the United States and as are consistent with the laws of the Commonwealth and any state moneys so received shall be accepted and expended by the Authority upon such terms and conditions as are prescribed by the Commonwealth;

15. Accept loans from the federal government, the state government, regional authorities, localities, and private sources, provided that any federal moneys so accepted shall be accepted and expended by the Authority upon such terms and conditions as are prescribed by the United States and as are consistent with laws of the Commonwealth and any state moneys so accepted shall be accepted and expended by the Authority upon such terms and conditions as are prescribed by the Commonwealth;

16. Lease or sell and convey the airspace superadjacent or subadjacent to any rail facility owned by the Authority;

17. Pledge or otherwise encumber all or any of the revenues or receipts of the Authority as security for all or any of the obligations of the Authority;

18. Participate in joint ventures with individuals, domestic or foreign stock and nonstock corporations, limited liability companies, partnerships, limited partnerships, associations, foundations, or other supporting organizations or other entities for providing passenger rail or related services or other activities that the Authority may undertake to the extent that such undertakings assist the Authority in carrying out the purposes and intent of this article;

19. Act as a "responsible public entity" for the purposes of the acquisition, construction, improvement, maintenance, or operation, or any combination thereof, of a "qualifying transportation facility" under the Public-Private Transportation Act of 1995 (§ 33.2-1800 et seq.); and

20. Undertake all actions necessary and convenient to carry out the powers granted herein.

B. Notwithstanding the provisions of this section, the Authority shall not directly operate any passenger, commuter, or other rail service.

§ 33.2-293. Acquisition, possession, and disposition of rail facilities; eminent domain.

A. The Authority shall have the right to acquire by purchase, lease, or grant rail facilities and other lands, structures, property, both real and personal, tangible and intangible, rights, rights-of-way, franchises, easements, and other interests therein, whether located within or not within the geographic boundaries of the Commonwealth, for the construction, operation, maintenance, and use of rail facilities.

B. The Authority shall have the right to hold and dispose of rail facilities and other lands, structures, property, both real and personal, tangible and intangible, rights, rights-of-way, franchises, easements, and other interests therein in the exercise of its powers and the performance of its duties under this article, including but not limited to the sale, exchange, lease, mortgage, or pledge of such property or interest therein, provided that any such disposition that involves property or interests with a fair market value in excess of \$5 million shall require the consent of the Transportation Board.

C. The Commonwealth and any agencies or political subdivisions thereof may provide services, donate, lease, sell, convey, or otherwise transfer, with or without consideration or for minimal consideration, real or personal property and make appropriations to the Authority for the design, acquisition, construction, equipping, maintenance, and operation of rail facilities and may issue bonds in the manner provided in the Public Finance Act (§ 15.2-2600 et seq.) or in its municipal charter for the purpose of providing funds to be appropriated to the Authority; the Authority may agree to assume, or reimburse such a political subdivision for, any indebtedness incurred by such political subdivision with respect to facilities conveyed by it to the Authority.

D. The Authority is authorized to acquire by the exercise of the power of eminent domain any lands, property rights, rights-of-way, franchises, easements, and other property, including public lands, parks, playgrounds, reservations, highways, or parkways, or parts thereof or rights therein, of any person, partnership, association, railroad, public service, public utility, or other corporation, or of any municipality, county, or other political subdivision, deemed necessary for the construction or the efficient operation of rail facilities or necessary in the restoration, replacement, or relocation of public or private property damaged or destroyed whenever a reasonable price cannot be agreed upon with the governing body of such municipality, county, or other political subdivision as to such property owned by it or whenever the Authority cannot agree on the terms of purchase or settlement with the other owners because of the incapacity of such owners, because of the inability to agree on the compensation to be paid or other terms of settlement or purchase, or because such owners are nonresidents of the Commonwealth, are unknown, or are unable to convey valid title to such property. Such proceedings shall be in accordance with and subject to the provisions of any and all laws of the Commonwealth applicable to the

exercise of the power of eminent domain and subject to the provisions of Chapter 2 (§ 25.1-200 et seq.) of Title 25.1. Title to any property condemned by the Authority shall immediately vest in the Authority, and the Authority shall be entitled to the immediate possession of such property upon the deposit with the clerk of the court in which such condemnation proceedings are originated of the total amount of the appraised price of the property and court costs and fees as provided by law, notwithstanding that any of the parties to such proceedings may appeal from any decision in such condemnation proceedings. Whenever the Authority makes such deposit in connection with any condemnation proceedings, the making of such deposit shall not preclude the Authority from appealing any decision rendered in such proceedings. Upon the deposit with the clerk of the court of the appraised price, any person entitled thereto may, upon petition to the court, be paid his or their pro rata share of 100 percent of such appraised price. The acceptance of such payment shall not preclude such person from appealing any decision rendered in such proceedings. If the appraisal is greater or less than the amount finally determined by the decision in such proceedings or by an appeal, the amount of the increase or decrease shall be paid or refunded to the Authority.

E. The acquisition of any such property by condemnation or by the exercise of the power of eminent domain for the purposes provided herein shall be and is declared to be a public use of such property.

F. For purposes of this section, the terms "appraised price" and "appraisal" mean the value determined by two competent real estate appraisers appointed by the Authority for such purposes.

§ 33.2-294. Issuance of bonds.

A. The Authority may issue bonds from time to time in its discretion, for any of its purposes, including the payment of all or any part of the cost of rail facilities. Notwithstanding the foregoing, any bonds issued to pay for the initial funding of capital projects shall be limited to financing capital expenditures and projects submitted for approval by the Transportation Board as set forth in § 33.2-298.

B. The Authority may issue refunding bonds for the purpose of refunding any bonds then outstanding that shall have been issued under the provisions of this article, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date fixed for redemption of such bonds. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties, and obligations of the Authority in respect of the same shall be governed by the provisions of this article insofar as the same may be applicable.

C. The bonds of each issue shall be dated such date as may be determined by the Authority; shall bear interest at such rate or rates as shall be fixed by the Authority, or as may be determined in such manner as the Authority may provide, including the determination by agents designated by the Authority under guidelines established by the Authority; shall mature at such time or times not exceeding 40 years from their date or dates, as may be determined by the Authority; and may be made redeemable before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds.

D. The Authority shall determine the form of the bonds and manner of execution of the bonds and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or outside the Commonwealth. The bonds shall be signed by the chairman or vice-chairman of the Authority or, if so authorized by the Authority, shall bear his facsimile signature and the official seal of the Authority, or, if so authorized by the Authority, a facsimile thereof shall be impressed or imprinted thereon and attested by the secretary or any assistant secretary of the Authority, or, if so authorized by the Authority, with the facsimile signature of such secretary or assistant secretary. Any coupons attached to bonds issued by the Authority shall bear the signature of the chairman or vice-chairman of the Authority or a facsimile thereof. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery, and any bonds may bear the facsimile signature of, or may be signed by, such persons as at the actual time of the execution of such bonds shall be the proper officers to sign such bonds although at the date of such bonds such persons may not have been such officers.

E. The bonds may be issued in coupon or in registered form, or both, as the Authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, for the reconversion into coupon bonds of any bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds. Bonds issued in registered form may be issued under a system of book-entry for recording the ownership and transfer of ownership of rights to receive payment of principal of, and premium on, if any, and interest on such bonds. The Authority may contract for the services of one or more banks, trust companies, financial institutions, or other entities or persons, within or outside the Commonwealth, for the authentication, registration, transfer, exchange, and payment of the bonds or may provide such services itself. The Authority may sell such bonds in such manner, either at public or private sale, and for such price as it may determine will best effect the purposes of this article.

F. The proceeds of the bonds of each issue shall be used solely for the purposes, and in furtherance of the powers, of the Authority as may be provided in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same.

G. In addition to the above powers, the Authority shall have the authority to issue interim receipts or temporary bonds as provided in § 15.2-2616 and to execute and deliver new bonds in place of bonds mutilated, lost, or destroyed as provided in § 15.2-2621.

H. All expenses incurred in carrying out the provisions of this article shall be payable solely from funds available pursuant to the provisions of this article, and no liability shall be incurred by the Authority hereunder beyond the extent to which moneys shall have been provided or received under the provisions of this article.

I. At the discretion of the Authority, any bonds issued under the provisions of this article may be secured by a trust indenture or agreement by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or outside the Commonwealth. Such trust indenture or agreement or the resolution providing for the issuance of such bonds may pledge or assign the revenues to be received and provide for the mortgage of any rail facilities or property or any part thereof. Such trust indenture or agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants providing for the repossession and sale by the Authority or any trustees under any trust indenture or agreement of any rail facilities, or part thereof, upon any default under the lease or sale of such rail facilities, setting forth the duties of the Authority in relation to the acquisition of property and the planning, development, acquisition, construction, rehabilitation, establishment, improvement, extension, enlargement, maintenance, repair, operation, and insurance of the rail facilities in connection with which such bonds shall have been authorized; the amounts of rates, rents, fees, and other charges to be charged; the collection of such rates, rents, fees, and other charges; the custody, safeguarding, and application of all moneys; and conditions or limitations with respect to the issuance of additional bonds. It is lawful for any national bank with its main office in the Commonwealth or any other state or any bank or trust company incorporated under the laws of the Commonwealth or another state that may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Any such trust indenture or agreement or resolution may set forth the rights of action by bondholders. In addition to the foregoing, any such trust indenture or agreement or resolution may contain such other provisions as the Authority may deem reasonable and proper for the security of the bondholders, including, without limitation, provisions for the assignment to a corporate trustee or escrow agent of any rights of the Authority in any project owned by, or leases or sales of any rail facilities made by, the Authority. All expenses incurred in carrying out the provisions of such trust indenture or agreement or resolution or other agreements relating to any rail facilities, including those to which the Authority may not be a party, may be treated as a part of the cost of the operation of the rail facilities.

J. No obligation of the Authority shall be deemed to constitute a debt, or pledge of the faith and credit, of the Commonwealth or of any other political subdivision thereof but shall be payable solely from the revenues and other funds of the Authority pledged thereto, excluding revenues provided from the Commonwealth Rail Fund pursuant to § 33.2-1526.4. All such obligations shall contain on the face thereof a statement to the effect that the Commonwealth, any political subdivision thereof, and the Authority shall not be obligated to pay the same or the interest thereon except from revenues and other funds of the Authority pledged thereto, and that neither the faith and credit nor the taxing power of the Commonwealth or of any political subdivision thereof is pledged to the payment of the principal of or the interest on such obligations.

K. Any bonds or refunding bonds issued under the provisions of this article and any transfer of such bonds shall at all times be free from Commonwealth and local taxation. The interest on the bonds and any refunding bonds or bond anticipation notes shall at all times be exempt from taxation by the Commonwealth and by any political subdivision thereof.

L. Neither the directors of the Board nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof.

M. Any holder of bonds issued under the provisions of this article or any of the coupons appertaining thereto, and the trustee under any trust indenture or agreement or resolution, except to the extent the rights herein given may be restricted by such trust indenture or agreement or resolution authorizing the issuance of such bonds, may either at law or in equity, by suit, action, mandamus, or other proceeding, protect and enforce any and all rights under the laws of the Commonwealth or granted hereunder or under such trust indenture or agreement or resolution and may enforce and compel the performance of all duties required by this article or by such trust indenture or agreement or resolution to be performed by the Authority or by any officer thereof, including the fixing, charging, and collecting of rates, rentals, fees, and other charges.

N. Provision may be made in the proceedings authorizing refunding bonds for the purchase of the refunded bonds in the open market or pursuant to tenders made from time to time where there is available in the escrow or sinking fund for the payment of the refunded bonds a surplus in an amount to be fixed in such proceedings.

O. 1. The Authority is hereby authorized to apply for, execute, and/or endorse applications submitted by private entities or political subdivisions of the Commonwealth to obtain federal credit assistance for one or more qualifying transportation infrastructure projects or facilities to be developed pursuant to the Public-Private Transportation Act of 1995 (§ 33.2-1800 et seq.). Any such application, agreement, and/or endorsement shall not financially obligate the Commonwealth or be construed to implicate the credit of the Commonwealth as security for any such federal credit assistance.

2. The Authority is hereby authorized to pursue or otherwise apply for, and execute, an agreement to obtain financing using a federal credit instrument for project financings otherwise authorized by this article or other acts of assembly.

§ 33.2-295. Deposit and investment of funds.

Bonds issued by the Authority under the provisions of this article are hereby made securities in which all public officers and public bodies of the Commonwealth and its political subdivisions, and all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees, and other fiduciaries may

properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities that may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivision of the Commonwealth for any purpose for which the deposit of bonds or obligations of the Commonwealth is now or may hereafter be authorized by law.

§ 33.2-296. Revenues of the Authority.

All moneys received by the Authority pursuant to this article including, without limitation, moneys received from the Commonwealth Rail Fund established pursuant to § 33.2-1526.4, whether as proceeds from the sale of bonds or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this article. The resolution authorizing the bonds of any issue or the trust indenture or agreement or resolution securing such bonds shall provide that any officer with whom, or any bank or trust company with which, such moneys shall be deposited shall act as a trustee of such moneys and shall hold and apply the same for the purposes hereof, subject to such regulations as this article and such trust indenture or agreement or resolution may provide.

§ 33.2-297. Moneys of Authority.

All moneys of the Authority, from whatever source derived, shall be paid to the treasurer of the Authority. Such moneys shall be deposited in the first instance by the treasurer in one or more banks or trust companies, in one or more special accounts. All banks and trust companies are authorized to give such security for such deposits, if required by the Authority. The moneys in such accounts shall be paid out on the warrant or other order of such person or persons as the Authority may authorize to execute such warrants or orders.

§ 33.2-298. Annual budget.

The Authority shall prepare and submit a detailed annual operating plan and budget to the Transportation Board by February 1 of each fiscal year. The Authority shall also prepare and submit for approval any proposed capital expenditures and projects for the following fiscal year to the Transportation Board by February 1. The Transportation Board shall have until May 30 to approve or deny any capital expenditures, and, in the event the Transportation Board has not approved or denied the Authority's proposed capital expenditures by such deadline, such expenditures shall be deemed approved. The operating plan and budget shall be in a form prescribed by the Transportation Board and shall include information on expenditures, indebtedness, and other information as prescribed by the Transportation Board.

§ 33.2-299. Recordkeeping; audits.

A. The accounts and records of the Authority showing the receipt and disbursement of funds from whatever source derived shall be in a form prescribed by governmental generally accepted accounting principles. Such accounts shall correspond as nearly as possible to the accounts and records for such matters maintained by enterprises.

B. The accounts of the Authority shall be audited annually by a certified public accounting firm selected by the Auditor of Public Accounts with the assistance of the Authority through a process of competitive negotiation. The cost of such audit and review shall be borne by the Authority.

C. The Authority shall submit an annual report to the Governor and the General Assembly on or before November 1 of each year. Such report shall contain the audited financial statements of the Authority for the fiscal year ending the preceding June 30.

D. The Board, the General Assembly, or the Governor may at any time request that the Office of the State Inspector General, created pursuant to § 2.2-308, review any area of the Authority's finances or operations.

§ 33.2-299.1. Exemption of Authority from personnel and procurement procedures.

The provisions of the Virginia Personnel Act (§ 2.2-2900 et seq.) and the Virginia Public Procurement Act (§ 2.2-4300 et seq.) shall not apply to the Authority in the exercise of any power conferred under this article. The Authority shall develop and adopt rules governing their procurement procedures. However, such rules adopted for the procurement of professional services with a cost expected to exceed \$80,000 shall be consistent with the provisions of §§ 2.2-4302.2, 2.2-4303.1 and 2.2-4303.2. The initial rules shall be adopted by the Board no later than six months after the first meeting of the Board.

§ 33.2-299.2. Police powers; Authority rules and regulations.

The Authority is empowered to adopt and enforce reasonable rules and regulations governing any and all activities using Authority property. Such rules and regulations shall have the force and effect of law after publication one time in full in a newspaper of general circulation in the county or city where the affected property is located.

§ 33.2-299.3. Governmental function; exemption from taxation.

The exercise of the powers granted by this article will be in all respects for the benefit of the people of the Commonwealth, for the increase of their commerce and prosperity, and for the improvement of their health and living conditions, and as the operation and maintenance of rail facilities by the Authority and the undertaking of activities in the furtherance of the purposes of the Authority will constitute the performance of the essential governmental functions, the Authority shall not be required to pay any taxes or assessments upon any rail facilities or any property acquired or used by the Authority under the provisions of this article or upon the income therefrom, including sales and use taxes on the tangible personal property used in the operations of the Authority. The exemption hereby granted shall not be construed to extend to persons conducting on the premises of any rail facility businesses for which local or state taxes would otherwise be required.

§ 33.2-299.4. Cooperation with federal agencies.

The Authority is empowered to cooperate with, and act as an agent for, the United States or any agency, department, corporation, or instrumentality thereof in the maintenance, development, improvement, and use of rail facilities of the Commonwealth and in any other matter within the purposes, duties, and powers of the Authority.

§ 33.2-299.5. Continuing responsibilities of the Transportation Board and the Department.

The Transportation Board and the Department shall cooperate and assist the Authority in the accomplishment of its purposes as set forth in § 33.2-288.

§ 33.2-299.6. Dissolution of Authority.

Whenever the Board determines that the purposes for which it was created have been substantially fulfilled or are impractical or impossible to accomplish and that all bonds theretofore issued and all other obligations therefore incurred by the Authority have been paid or that cash or a sufficient amount of United States government securities has been deposited for their payment, and upon the approval of the Governor and the General Assembly, the Board may adopt resolutions or ordinances declaring and finding that the Authority should be dissolved and that appropriate articles of dissolution shall be filed with the State Corporation Commission. Upon the filing of such articles of dissolution by the Authority, such dissolution shall become effective and the title to all funds and other property owned by the Authority at the time of such filing shall vest in the Department.

§ 33.2-299.7. Exclusions from the Virginia Freedom of Information Act; proprietary records and trade secrets.

A. Notwithstanding the provisions of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.), the Authority shall keep confidential trade secrets or confidential proprietary information, not publicly available, provided by a private person or entity pursuant to a promise of confidentiality where if such information were made public, the financial interest of the private person or entity could be adversely affected. In order for trade secrets or proprietary information to be excluded from the provisions of the Virginia Freedom of Information Act, the private person or entity shall (i) invoke such exclusion upon submission of the data or other materials for which protection from disclosure is sought, (ii) identify the data or other materials for which protection is sought, and (iii) state the reason why protection is necessary.

B. Notwithstanding the provisions of the Virginia Freedom of Information Act, the Authority shall keep confidential information submitted by a private person, entity, or other party in negotiations with the Authority, where if such information was made public prior to the execution of a business arrangement, the financial interests of bargaining positions of the public or private entity would be adversely affected.

§ 33.2-299.8. Liberal construction.

Neither this article nor anything herein contained is or shall be construed as a restriction or limitation upon any powers that the Authority might otherwise have under any laws of the Commonwealth, and this article is cumulative to any such powers. This article does and shall be construed to provide a complete, additional, and alternative method for the doing of things authorized thereby and shall be regarded as supplemental and additional to power conferred by other laws. However, except as otherwise explicitly provided herein, the issuance of bonds, notes, and other obligations and refunding bonds under the provisions of this article need not comply with the requirements of any other law of the Commonwealth applicable to the issuance of bonds, notes, and other obligations. No proceedings, notice, or approval shall be required for the issuance of any bonds, notes, and other obligations or any instrument as security therefor, except as is provided in this article.

§ 33.2-356. Funding for extraordinary repairs.

Notwithstanding any contrary provision of this Code, the Board has the authority to provide, from revenues available for ~~highway capital improvements under § 33.2-1526~~ construction programs pursuant to § 33.2-358, except for revenues pledged to secure any bonds issued for transportation purposes, for exceptionally heavy expenditures for repairs or replacements made necessary by highway damage resulting from extraordinary accidents, vandalism, weather conditions, or acts of God as well as to respond to federal funding initiatives that require matching funds.

§ 33.2-357. Revenue-sharing funds for systems in certain localities.

A. From revenues made available by the General Assembly and appropriated for the improvement, construction, reconstruction, or maintenance of the systems of state highways, the Board may make an equivalent matching allocation to any locality for designations by the governing body of up to \$5 million for use by the locality to improve, construct, maintain, or reconstruct the highway systems within such locality with up to \$2.5 million for use by the locality to maintain the highway systems within such locality. After adopting a resolution supporting the action, the governing body of the locality may request revenue-sharing funds to improve, construct, reconstruct, or maintain a highway system located in another locality or between two or more localities or to bring subdivision streets, used as such prior to the date specified in § 33.2-335, up to standards sufficient to qualify them for inclusion in the primary or secondary state highway system. All requests for funding shall be accompanied by a prioritized listing of specified projects.

B. In allocating funds under this section, the Board shall give priority to projects as follows: first, to projects that have previously received an allocation of funds pursuant to this section; second, to projects that (i) meet a transportation need identified in the Statewide Transportation Plan pursuant to § 33.2-353 or (ii) accelerate a project in a locality's capital plan; and third, to projects that address pavement resurfacing and bridge rehabilitation projects where the maintenance needs analysis determines that the infrastructure does not meet the Department's maintenance performance targets.

C. The Department shall contract with the locality for the implementation of the project. Such contract may cover either a single project or may provide for the locality's implementation of several projects. The locality shall undertake implementation of the particular project by obtaining the necessary permits from the Department in order to ensure that the

improvement is consistent with the Department's standards for such improvements. At the request of the locality, the Department may provide the locality with engineering, right-of-way acquisition, construction, or maintenance services for a project with its own forces. The locality shall provide payment to the Department for any such services. If administered by the Department, such contract shall also require that the governing body of the locality pay to the Department within 30 days the local revenue-sharing funds upon written notice by the Department of its intent to proceed. Any project having funds allocated under this program shall be initiated in such a fashion that at least a portion of such funds have been expended within one year of allocation. Any revenue-sharing funds for projects not initiated after two subsequent fiscal years of allocation may be reallocated at the discretion of the Board.

D. Total Commonwealth funds allocated by the Board under this section shall not exceed the greater of \$100 million or seven percent of funds available for distribution pursuant to subsection *B* of § 33.2-358 prior to the distribution of funds pursuant to this section, whichever is greater, in each fiscal year, subject to appropriation for such purpose. For any fiscal year in which less than the full program allocation has been allocated by the Board to specific governing bodies, those localities requesting the maximum allocation under subsection A may be allowed an additional allocation at the discretion of the Board.

E. The funds allocated by the Board under this section shall be distributed and administered in accordance with the revenue-sharing program guidelines established by the Board.

§ 33.2-358. Allocation of funds to programs.

A. For the purposes of this section:

"Bridge reconstruction and rehabilitation" means reconstruction and rehabilitation of those bridges identified by the Department as being functionally obsolete or structurally deficient.

"High priority projects" means those projects of regional or statewide significance identified by the Board that reduce congestion, increase safety, create jobs, or increase economic development.

"High-tech infrastructure improvements" means those projects or programs identified by the Board that reduce congestion, improve mobility, improve safety, provide up-to-date travel data, or improve emergency response.

B. The Board shall allocate each year from all funds made available for highway purposes such amount as it deems reasonable and necessary for the maintenance of roads within the Interstate System, the primary state highway system, and the secondary state highway system and for city and town street maintenance payments made pursuant to § 33.2-319 and payments made to counties that have withdrawn or elect to withdraw from the secondary state highway system pursuant to § 33.2-366.

C. Until July 1, 2020, after funds are set aside for administrative and general expenses and pursuant to other provisions in this title that provide for the disposition of funds prior to allocation for highway purposes, and after allocation is made pursuant to subsection B, the Board shall allocate an amount determined by the Board not to exceed \$500 million in any given year as follows: (i) 25 percent to bridge reconstruction and rehabilitation; (ii) 25 percent to advancing high priority projects statewide; (iii) 25 percent to reconstructing deteriorated Interstate System, primary state highway system, and municipality maintained primary extension pavements determined to have a Combined Condition Index of less than 60; (iv) 15 percent to projects undertaken pursuant to the Public-Private Transportation Act of 1995 (§ 33.2-1800 et seq.); (v) five percent to paving or improving unpaved highways carrying more than 50 vehicles per day; and (vi) five percent to the Innovation and Technology Transportation Fund established pursuant to § 33.2-1531 for high-tech infrastructure improvements, provided that at the discretion of the Board such percentages of funds may be adjusted in any given year to meet project cash flow needs or when funds cannot be expended due to legal, environmental, or other project management considerations. After such allocations are made, the Board may allocate each year up to 10 percent of the funds remaining for highway purposes for the undertaking and financing of rail projects that in the Board's determination will result in mitigation of highway congestion. After the foregoing allocations have been made, the Board shall allocate the remaining funds available for highway purposes, exclusive of federal funds for the Interstate System, pursuant to § 33.2-360 and any funds not allocated to a project in the Six-Year Improvement Program as follows:

50 percent for the high-priority projects program established pursuant to § 33.2-370 and 50 percent for the highway construction district grant programs established pursuant to § 33.2-371.

D. For funds allocated for fiscal years beginning on and after July 1, 2020, after B. After funds are set aside for administrative and general expenses and pursuant to other provisions in this title that provide for the disposition of funds prior to allocation for highway purposes *construction programs*, and after allocation is made pursuant to subsection B A, the Board shall allocate all remaining funds, including funds apportioned pursuant to 23 U.S.C. § 104, or any successor programs, as follows:

1. ~~Forty-five~~ *Thirty* percent of the remaining funds to state of good repair purposes as set forth in § 33.2-369;
2. ~~Twenty-seven and one-half~~ *Twenty* percent of the remaining funds to the high-priority projects program established pursuant to § 33.2-370; and

E. The funds allocated in subsection C or D shall not include any federal funds and related state match for federal funds with restrictions regarding the construction of general capacity expansion of roadways, or federal funds not under the control of the Board. Such exclusion shall not include restrictions on the location of projects to specific road classifications. C. The funds allocated in subsection B shall not include the following funds: Congestion Mitigation Air Quality funds apportioned to the state pursuant to 23 U.S.C. § 104(b)(4), or any successor program, and any state matching funds; Surface Transportation Block Grant set-aside for Transportation Alternatives pursuant to 23 U.S.C. § 213, or any successor program, and any state matching funds; Surface Transportation Block Grant Program funds subject to 23 U.S.C. § 133(d)(1)(A)(i), or any successor program, and any state matching funds; and funds received pursuant to federal programs established by the federal government after June 30, 2020, with specific rules that include major restrictions on the types of projects that may be funded, excluding restrictions on the location of projects with regard to highway functional or administrative classification or population, provided such funds are under the control of the Board.

F. D. In addition, the Board, from funds appropriated for such purpose in the general appropriation act, shall allocate additional funds to the Cities of Newport News, Norfolk, and Portsmouth and the County of Warren in such manner and apportion such funds among such localities as the Board may determine, unless otherwise provided in the general appropriation act. The localities shall use such funds to address highway maintenance and repair needs created by or associated with port operations in those localities.

G. E. Notwithstanding the provisions of this section, the General Assembly may, through the general appropriation act, permit the Governor to increase the amounts to be allocated to highway maintenance, highway construction, either or both.

§ 33.2-365. Allocation of proceeds of Commonwealth of Virginia Transportation Capital Projects Revenue Bonds.

The Board shall allocate, use, and distribute the proceeds of any bonds it is authorized to issue on or after July 1, 2007, pursuant to subdivision 10 of § 33.2-1701, as follows:

3. The remaining amount of bond proceeds shall be used for paying the costs incurred or to be incurred for construction of transportation projects with such bond proceeds used or allocated as follows: (i) first, to match federal highway funds projected to be made available and allocated to highway and public transportation capital projects to the extent determined by the Board, for purposes of allowing additional state construction funds to be allocated pursuant to § 33.2-358; (ii) second, to provide any required funding to fulfill the Commonwealth's allocation of equivalent revenue sharing matching funds pursuant to § 33.2-357 to the extent determined by the Board; and (iii) third, to pay or fund the costs of statewide or regional projects throughout the Commonwealth. Costs incurred or to be incurred for construction or funding of these transportation projects shall include environmental and engineering studies; rights-of-way acquisition; improvements to all modes of transportation; acquisition, construction, and related improvements; and any financing costs or other financing expenses relating to such bonds. Such costs may include the payment of interest on such bonds for a period during construction and not exceeding one year after completion of construction of the relevant project.

4. The total amount of bonds authorized shall be used for purposes of applying the percentages in subdivisions 1, 2, and 3.

§ 33.2-366. Funds for counties that have withdrawn or elect to withdraw from the secondary state highway system.

Pursuant to subsection ~~B A~~ of § 33.2-358, the Board shall make the following payments to counties that have withdrawn or elect to withdraw from the secondary state highway system under the provisions of § 11 of Chapter 415 of the Acts of Assembly of 1932 and that have not elected to return: to any county having withdrawn prior to June 30, 1985, and having an area greater than 100 square miles, an amount equal to \$12,529 per lane-mile for fiscal year 2014, and to any county having an area less than 100 square miles, an amount equal to \$17,218 per lane-mile for fiscal year 2014; to any county that elects to withdraw after June 30, 1985, the Board shall establish a rate per lane-mile for the first year using (i) an amount for maintenance based on maintenance standards and unit costs used by the Department to prepare its secondary state highway system maintenance budget for the year in which the county withdraws and (ii) an amount for administration equal to five percent of the maintenance figure determined in clause (i). The payment rates shall be adjusted annually by the Board in accordance with procedures established for adjusting payments to cities and towns under § 33.2-319, and lane mileage shall be adjusted annually to include (a) streets and highways accepted for maintenance in the county system by the local governing body or (b) streets and highways constructed according to standards set forth in the county subdivision ordinance or county thoroughfare plan, and being not less than the standards set by the Department. Such counties shall be eligible to receive allocations pursuant to subsection ~~C or D B~~ of § 33.2-358.

Payment of the funds shall be made in four equal sums, one in each quarter of the fiscal year.

The chief administrative officer of such counties receiving such funds shall make annual reports of expenditures to the Board, in such form as the Board shall prescribe, accounting for all expenditures, including delineation between construction and maintenance expenditures and reporting on their performance as specified in subsection B of § 33.2-352. Such reports shall be included in the scope of the annual audit of each county conducted by independent certified public accountants.

§ 33.2-372. Interstate Operations and Enhancement Program.

A. The Board shall establish the Interstate Operations and Enhancement Program (the Program) to improve the safety, reliability, and travel flow along interstate highway corridors in the Commonwealth.

B. The Board may use funds in the Program to address identified needs in the Statewide Transportation Plan pursuant to § 33.2-353 or an interstate corridor plan approved by the Board through (i) operational and transportation demand management strategies and (ii) other transportation improvements, strategies, or services.

C. The Board, with the assistance of the Office of Intermodal Planning and Investment, shall establish a process to evaluate and prioritize potential strategies and improvements, with priority given first to operational and transportation demand management strategies that improve reliability and safety of travel.

D. The Board may not use funds in the Program to supplant existing levels of support as of July 1, 2019, for existing operational and transportation demand management strategies.

E. The Board shall distribute to the Interstate 81 Corridor Improvement Fund established pursuant to 33.2-3601 an amount equal to the revenues provided to the Program multiplied by the ratio of the vehicle miles traveled on Interstate 81 by vehicles classified as Class 6 or higher by the Federal Highway Administration to the total vehicle miles traveled on all interstate highways in the Commonwealth by vehicles classified as Class 6 or higher.

F. The Board shall distribute to the Northern Virginia Transportation Authority Fund established pursuant to § 33.2-2509 an amount equal to the revenues provided to the Program multiplied by the ratio of vehicle miles traveled on interstate highways in Planning District 8 by vehicles classified as Class 6 or higher by the Federal Highway Administration to the total vehicle miles traveled on all interstate highways in the Commonwealth by vehicles classified as Class 6 or higher.

G. For any interstate highway with more than 10 percent of total vehicle miles traveled by vehicles classified as Class 6 or higher by the Federal Highway Administration, the Board shall ensure that the total long-term expenditure for each interstate highway shall be approximately equal to the proportion of the total revenue deposited in the Fund attributable to each interstate highway based on such interstate highway's proportional share of interstate vehicle miles traveled by vehicles classified as Class 6 or higher.

§ 33.2-373. Virginia Highway Safety Improvement Program.

A. The Board shall establish the Virginia Highway Safety Improvement Program (the Program) to reduce motorized and nonmotorized fatalities and severe injuries on highways in the Commonwealth, whether such highways are state or locally maintained. B. Beginning in fiscal year 2024, the Board shall, after program administration costs, allocate the funds in accordance with its adopted investment strategy pursuant to subsection C as follows:

1. At least 54 percent for infrastructure projects that address a hazardous road location or feature and address an identified highway safety problem;
2. At least 29 percent for strategies and activities to address behavioral causes of crashes that result in fatalities and severe injuries; and
3. The remaining amount for eligible purposes under this section pursuant to the investment strategy adopted pursuant to subsection C.

C. The Board shall adopt an investment strategy to guide the investments of the Program. The strategy shall cover a period of at least five years and seek to achieve a significant reduction in the anticipated number of fatalities and severe injuries over the covered period and shall give priority to projects, strategies, and activities based on the expected reduction in fatalities and severe injuries relative to cost, including improvements that are widely implemented based on a high-risk roadway feature that is correlated with a particular crash type, rather than crash frequency.

§ 33.2-374. Special Structure Program.

A. For purposes of this section, "special structure" means very large, indispensable, and unique bridges and tunnels identified by the Commissioner and approved by the Commonwealth Transportation Board.

B. The General Assembly declares it to be in the public interest that the maintenance, rehabilitation, and replacement of special structures in the Commonwealth occur timely as to provide and protect a safe and efficient highway system.

C. The Board shall establish a program for the maintenance, rehabilitation, and replacement of special structures in the Commonwealth. With the assistance of the Department of Transportation, the Board shall develop and maintain a plan for the maintenance, rehabilitation, and replacement of special structures in the Commonwealth. § 33.2-1502. Creation of the Virginia Transportation Infrastructure Bank.

A. There is hereby created in the state treasury a special nonreverting, revolving loan fund, known as the Virginia Transportation Infrastructure Bank, that is a subfund of the Transportation Trust Fund established pursuant to § 33.2-1524 33.2-1524.1. The Bank shall be established on the books of the Comptroller. The Bank shall be capitalized with (i) ~~two-thirds of all interest, dividends, and appreciation that may accrue to the Transportation Trust Fund and the Highway Maintenance and Operating Fund funds pursuant to subdivision B 3 of § 33.2-1524~~ and (ii) moneys appropriated by the General Assembly and credited to the Bank. Disbursements from the Bank shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Commissioner of Highways or his designee. Payments on

project obligations and interest earned on the moneys in the Bank shall be credited to the Bank. Any moneys remaining in the Bank, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Bank. Notwithstanding anything to the contrary set forth in this article or in the management agreement, the Board will have the right to determine the projects for which loans or other financial assistance may be provided by the Bank. Moneys in the Bank shall be used solely for the purposes enumerated in subsection C.

B. The Board, the manager, and the Secretary of Finance are authorized to enter into a management agreement which may include provisions (i) setting forth the terms and conditions under which the manager will advise the Board on the financial propriety of providing particular loans or other financial assistance; (ii) setting forth the terms and conditions under which the substantive requirements of subsections C, D, and E and § 33.2-1505 will be applied and administered; and (iii) authorizing the manager to request the Board to disburse from the moneys in the Bank the reasonable costs and expenses the manager may incur in the management and administration of the Bank and a reasonable fee to be approved by the Board for the manager's management and administrative services.

C. 1. Moneys deposited in the Bank shall be used for the purpose of making loans and other financial assistance to finance projects.

2. Each project obligation shall be payable, in whole or in part, from reliable repayment sources pledged for such purpose.

3. The interest rate on a project obligation shall be determined by reference to the current market rates for comparable obligations, the nature of the project and the financing structure therefor, and the creditworthiness of the eligible borrower and other project sponsors.

4. The repayment schedule for each project obligation shall require (i) the amortization of principal beginning within five years following the later of substantial project completion or the date of incurrence of the project obligation and (ii) a final maturity date of not more than 35 years following substantial project completion.

D. The pledge of reliable repayment sources and other property securing any project obligation may be subordinate to the pledge securing any other senior debt obligations incurred to finance the project.

E. Notwithstanding subdivision C 4, the manager may at any time following substantial project completion defer payments on a project obligation if the project is unable to generate sufficient revenues to pay the scheduled payments.

F. No loan or other financial assistance may be provided or committed to be provided by the Bank in a manner that would cause such loan or other financial assistance to be tax-supported debt within the meaning of § 2.2-2713 or be deemed to constitute a debt of the Commonwealth or a pledge of the full faith and credit of the Commonwealth but shall be payable solely from legally available moneys held by the Bank.

G. Neither the Bank nor the manager is authorized or empowered to be or to constitute (i) a bank or trust company within the jurisdiction or under the control of the Commonwealth or an agency thereof or the Comptroller of Currency of the U.S. Treasury Department or (ii) a bank, banker, or dealer in securities within the meaning of, or subject to the provisions of, any securities, securities exchange, or securities dealers law of the United States or of the Commonwealth.

§ 33.2-1510. Fund for access roads and bikeways to public recreational areas and historical sites; construction, maintenance, etc., of such facilities.

A. The General Assembly finds and declares that there is an increasing demand by the public for more public recreational areas throughout the Commonwealth, therefore creating a need for more access to these areas. There are also many sites of historical significance to which access is needed.

The General Assembly hereby declares it to be in the public interest that access roads and bikeways to public recreational areas and historical sites be provided by using funds obtained from motor fuel tax collections on motor fuel used for propelling boats and ships and funds contained in the highway portion of the Transportation Trust Fund.

B. (Effective until July 1, 2020) The Board shall, from funds allocated to the primary system, secondary system, or urban system, set aside the sum of \$3 million initially. This fund shall be expended by the Board for the construction, reconstruction, maintenance, or improvement of access roads and bikeways within localities. At the close of each succeeding fiscal year, the Board shall replenish this fund to the extent it deems necessary to carry out the purpose intended, provided the balance in the fund plus the replenishment does not exceed \$3 million.

B. (Effective July 1, 2020) Prior to making allocations pursuant to subsection ~~D~~ B of § 33.2-358, the Board shall set aside the sum of \$3 million initially. This fund shall be expended by the Board for the construction, reconstruction, maintenance, or improvement of access roads and bikeways within localities. At the close of each succeeding fiscal year, the Board shall replenish this fund to the extent it deems necessary to carry out the purpose intended, provided the balance in the fund plus the replenishment does not exceed \$3 million.

C. Upon the setting aside of the funds as provided in this section, the Board shall construct, reconstruct, maintain, or improve access roads and bikeways to public recreational areas and historical sites upon the following conditions:

1. When the Director of the Department of Conservation and Recreation has designated a public recreational area as such or when the Director of the Department of Historic Resources has determined a site or area to be historic and recommends to the Board that an access road or bikeway be provided or maintained to that area;

2. When the Board pursuant to the recommendation from the Director of the Department of Conservation and Recreation declares by resolution that the access road or bikeway be provided or maintained;

3. When the governing body of the locality in which the access road or bikeway is to be provided or maintained passes a resolution requesting the road; and

4. When the governing body of the locality in which the bikeway is to be provided or maintained adopts an ordinance pursuant to Article 7 (§ 15.2-2280 et seq.) of Chapter 22 of Title 15.2.

No access road or bikeway shall be constructed, reconstructed, maintained, or improved on privately owned property.

D. Any access road constructed, reconstructed, maintained, or improved pursuant to the provisions of this section shall become part of the primary state highway system, the secondary state highway system, or the road system of the locality in which it is located in the manner provided by law and shall thereafter be constructed, reconstructed, maintained, and improved as other roads or highways in such systems. Any bikeway path constructed, reconstructed, maintained, or improved pursuant to the provisions of this section that is not situated within the right-of-way limits of an access road that has become, or which is to become, part of the primary state highway system, the secondary state highway system, or the road system of the locality shall, upon completion, become part of and be regulated and maintained by the authority or agency maintaining the public recreational area or historical site. It shall be the responsibility of the authority, agency, or locality requesting that a bikeway be provided for a public recreational or historical site to provide the right-of-way needed for the construction, reconstruction, maintenance, or improvement of the bikeway if such is to be situated outside the right-of-way limits of an access road.

To maximize the impact of the Fund, not more than \$400,000 of recreational access funds may be allocated for each individual access road project to or within any public recreational area or historical site operated by a state agency and not more than \$250,000 of recreational access funds may be allocated for each individual access road project to or within a public recreational area or historical site operated by a locality or an authority with an additional \$100,000 if supplemented on a dollar-for-dollar basis by the locality or authority from other than highway sources. Not more than \$75,000 of recreational access funds may be allocated for each individual bikeway project to a public recreational area or historical site operated by a state agency and not more than \$60,000 of recreational access funds may be allocated for each individual bikeway project to a public recreational area or historical site operated by a locality or an authority with an additional \$15,000 if supplemented on a dollar-for-dollar basis by a locality or authority from other than highway sources.

The Board, with the concurrence of the Director of the Department of Conservation and Recreation, is hereby authorized to establish guidelines to carry out the provisions of this section.

Commonwealth of Virginia Transportation Capital Projects Revenue Bonds issued under the provisions of this chapter for projects as provided in subdivision 15 of the definition of "project" in § 33.2-1700 shall not be deemed to constitute a debt of the Commonwealth or a pledge of the full faith and credit of the Commonwealth, but such bonds shall be payable solely, subject to their appropriation by the General Assembly, (i) from the revenues deposited into the Priority Transportation Fund established pursuant to § 33.2-1527; (ii) to the extent required, from revenues legally available from the Transportation Trust Fund; and (iii) to the extent required, from any other legally available funds.

I. Commonwealth of Virginia Federal Transportation Grant Anticipation Revenue Notes issued under the provisions of Article 4 (§ 33.2-1511 et seq.) of Chapter 15 and this chapter shall not be deemed to constitute a debt of the Commonwealth or a pledge of the full faith and credit of the Commonwealth, but such notes shall be payable solely, subject to their appropriation by the General Assembly, (i) first from the project-specific reimbursements pursuant to § 33.2-1520; (ii) then, at the discretion of the Board, to the extent required, from legally available revenues of the Transportation Trust Fund; and (iii) then from such other funds, if any, that are designated by the General Assembly for such purpose.

J. Commonwealth of Virginia Interstate 81 Program Revenue Bonds issued under the provisions of this chapter shall not be deemed to constitute a debt of the Commonwealth or a pledge of the full faith and credit of the Commonwealth, but such bonds shall be payable solely from the funds provided therefor pursuant to this chapter, subject to their appropriation by the General Assembly, from revenues received from the Interstate 81 Corridor Improvement Fund from deposits thereto pursuant to § 58.1-2299.20 derived from the receipt of the regional fuels tax levied pursuant to § 58.1-2295.

K. Commonwealth of Virginia Passenger Rail Facilities Bonds issued under the provisions of this chapter shall not be deemed to constitute a debt of the Commonwealth or a pledge of the full faith and credit of the Commonwealth but such bonds shall be payable solely from the funds provided therefor from tolls, rates, fees, and charges pursuant to this chapter. All such bonds shall state on their face that the Commonwealth is not obligated to pay the same or the interest thereon except from revenues and funds provided from tolls, rates, fees, and charges pursuant to this chapter and the full faith and credit of the Commonwealth are not pledged to the payment of the principal of and interest on such bonds. The issuance of such revenue bonds under the provisions of this chapter shall not directly or indirectly or contingently obligate the Commonwealth to levy or to pledge any form of taxation whatsoever or to make any appropriation for their payment, other than to appropriate available funds from pledged revenues.

§ 33.2-1803. Approval by the responsible public entity.

A. The private entity may request approval by the responsible public entity. Any such request shall be accompanied by the following material and information unless waived by the responsible public entity in its guidelines or other instructions given, in writing, to the private entity with respect to the transportation facility or facilities that the private entity proposes to develop and/or operate as a qualifying transportation facility:

1. A topographic map (1:2,000 or other appropriate scale) indicating the location of the transportation facility or facilities;

2. A description of the transportation facility or facilities, including the conceptual design of such facility or facilities and all proposed interconnections with other transportation facilities;

3. The proposed date for development and/or operation of the transportation facility or facilities along with an estimate of the life-cycle cost of the transportation facility as proposed;

4. A statement setting forth the method by which the private entity proposes to secure any property interests required for the transportation facility or facilities;

5. Information relating to the current transportation plans, if any, of each affected locality or public entity;

6. A list of all permits and approvals required for developing and/or operating improvements to the transportation facility or facilities from local, state, or federal agencies and a projected schedule for obtaining such permits and approvals;

7. A list of public utility's, locality's, or political subdivision's facilities, if any, that will be crossed by the transportation facility or facilities and a statement of the plans of the private entity to accommodate such crossings;

8. A statement setting forth the private entity's general plans for developing and/or operating the transportation facility or facilities, including identification of any revenue, public or private, or proposed debt or equity investment or concession proposed by the private entity;

9. The names and addresses of the persons who may be contacted for further information concerning the request;

10. Information on how the private entity's proposal will address the needs identified in the appropriate state, regional, or local transportation plan by improving safety, reducing congestion, increasing capacity, enhancing economic efficiency, or any combination thereof;

11. A statement of the risks, liabilities, and responsibilities to be transferred, assigned, or assumed by the private entity for the development and/or operation of the transportation facility, including revenue risk and operations and maintenance; and

12. Such additional material and information as the responsible public entity may reasonably request pursuant to its guidelines or other written instructions.

B. The responsible public entity may request proposals from private entities for the development and/or operation of transportation facilities subject to the following:

1. For transportation facilities where the Department of Transportation, *the Virginia Passenger Rail Authority*, or the Department of Rail and Public Transportation is the responsible public entity, the Transportation Public-Private Partnership Steering Committee established pursuant to § 33.2-1803.2 has determined that moving forward with the development and/or operation of the facility pursuant to this article serves the best interest of the public.

2. A finding of public interest pursuant to § 33.2-1803.1 has been issued by the responsible public entity.

3. The responsible public entity shall not charge a fee to cover the costs of processing, reviewing, and evaluating proposals received in response to such requests.

C. The responsible public entity may grant approval of the development and/or operation of the transportation facility or facilities as a qualifying transportation facility if the responsible public entity determines that it is in the best interest of

the public. The responsible public entity may determine that the development and/or operation of the transportation facility or facilities as a qualifying transportation facility serves the best interest of the public if:

1. The private entity can develop and/or operate the transportation facility or facilities with a public contribution amount that is less than the maximum public contribution determined pursuant to subsection A of § 33.2-1803.1:1 for transportation facilities where the Department of Transportation, the *Virginia Passenger Rail Authority*, or the Department of Rail and Public Transportation is the responsible public entity;

2. There is a public need for the transportation facility or facilities the private entity proposes to develop and/or operate as a qualifying transportation facility and for transportation facilities where the Department of Transportation or the Department of Rail and Public Transportation is the responsible public entity, such facility or facilities meet a need included in the plan developed pursuant to § 33.2-353;

3. The plan for the development and/or operation of the transportation facility or facilities is anticipated to have significant benefits as determined pursuant to subdivision B 1 of § 33.2-1803.1;

4. The private entity's plans will result in the timely development and/or operation of the transportation facility or facilities or their more efficient operation; and

5. The risks, liabilities, and responsibilities transferred, assigned, or assumed by the private entity provide sufficient benefits to the public to not proceed with the development and/or operation of the transportation facility through other means of procurement available to the responsible public entity.

In evaluating any request, the responsible public entity may rely upon internal staff reports prepared by personnel familiar with the operation of similar facilities or the advice of outside advisors or consultants having relevant experience.

D. The responsible public entity shall not enter into a comprehensive agreement unless the chief executive officer of the responsible public entity certifies in writing to the Governor and the General Assembly that:

1. The finding of public interest issued pursuant to § 33.2-1803.1 is still valid;

2. The transfer, assignment, and assumption of risks, liabilities, and permitting responsibilities and the mitigation of revenue risk by the private sector have not materially changed since the finding of public interest was issued pursuant to § 33.2-1803.1; and

3. The public contribution requested by the private entity does not exceed the maximum public contribution determined pursuant to subsection A of § 33.2-1803.1:1.

Changes to the project scope that do not impact the assignment of risks or liabilities or the mitigation of revenue risk shall not be considered material changes to the finding of public interest, provided that such changes were presented in a public meeting to the Commonwealth Transportation Board, other state board, or the governing body of a locality, as appropriate.

E. The responsible public entity may charge a reasonable fee to cover the costs of processing, reviewing, and evaluating the request submitted by a private entity pursuant to subsection A, including reasonable attorney fees and fees for financial and other necessary advisors or consultants. The responsible public entity shall also develop guidelines that establish the process for the acceptance and review of a proposal from a private entity pursuant to subsections A, B, C, and D. Such guidelines shall establish a specific schedule for review of the proposal by the responsible public entity, a process for alteration of that schedule by the responsible public entity if it deems that changes are necessary because of the scope or complexity of proposals it receives, the process for receipt and review of competing proposals, and the type and amount of information that is necessary for adequate review of proposals in each stage of review. For qualifying transportation facilities that have approved or pending state and federal environmental clearances, have secured significant right-of-way, have previously allocated significant state or federal funding, or exhibit other circumstances that could reasonably reduce the amount of time to develop and/or operate the qualifying transportation facility in accordance with the purpose of this chapter, the guidelines shall provide for a prioritized documentation, review, and selection process.

F. The approval of the responsible public entity shall be subject to the private entity's entering into an interim agreement or a comprehensive agreement with the responsible public entity. For any project with an estimated construction cost of over \$50 million, the responsible public entity also shall require the private entity to pay the costs for an independent audit of any and all traffic and cost estimates associated with the private entity's proposal, as well as a review of all public costs and potential liabilities to which taxpayers could be exposed (including improvements to other transportation facilities that may be needed as a result of the proposal, failure by the private entity to reimburse the responsible public entity for services provided, and potential risk and liability in the event the private entity defaults on the comprehensive agreement or on bonds issued for the project). This independent audit shall be conducted by an independent consultant selected by the responsible public entity, and all such information from such review shall be fully disclosed.

G. In connection with its approval of the development and/or operation of the transportation facility or facilities as a qualifying transportation facility, the responsible public entity shall establish a date for the acquisition of or the beginning of construction of or improvements to the qualifying transportation facility. The responsible public entity may extend such date.

H. The responsible public entity shall take appropriate action, as more specifically set forth in its guidelines, to protect confidential and proprietary information provided by the private entity pursuant to an agreement under subdivision 11 of § 2.2-3705.6.

I. The responsible public entity may also apply for, execute, and/or endorse applications submitted by private entities to obtain federal credit assistance for qualifying projects developed and/or operated pursuant to this chapter.

§ 33.2-1803.1. Finding of public interest.

A. Prior to the meeting of the Committee pursuant to subsection C of § 33.2-1803.2, the chief executive officer of the responsible public entity shall make a finding of public interest. Such finding shall include information set forth in subsection B. For transportation facilities where the Department of Transportation, *the Virginia Passenger Rail Authority*, or the Department of Rail and Public Transportation is the responsible public entity, the Secretary of Transportation, in his role as chairman of the Board, must concur with the finding of public interest.

B. At a minimum, a finding of public interest shall contain the following information:

1. A description of the benefits expected to be realized by the responsible public entity through the development and/or operation of the transportation facility, including person throughput, congestion mitigation, safety, economic development, environmental quality, and land use.

2. An analysis of the public contribution necessary for the development and/or operation of the facility or facilities pursuant to subsection A of § 33.2-1803.1:1, including a maximum public contribution that will be allowed under the procurement.

3. A description of the benefits expected to be realized by the responsible public entity through the use of this chapter compared with the development and/or operation of the transportation facility through other options available to the responsible public entity.

4. A statement of the risks, liabilities, and responsibilities to be transferred, assigned, or assumed by the private entity, which shall include the following:

a. A discussion of whether revenue risk will be transferred to the private entity and the degree to which any such transfer may be mitigated through other provisions in the interim or comprehensive agreements;

b. A description of the risks, liabilities, and responsibilities to be retained by the responsible public entity; and

c. Other items determined appropriate by the responsible public entity in the guidelines for this chapter.

5. The determination of whether the project has a high, medium, or low level of project delivery risk and a description of how such determination was made. If the qualifying transportation facility is determined to contain high risk, a description of how the public's interest will be protected through the transfer, assignment, or assumption of risks or responsibilities by the private entity in the event that issues arise with the development and/or operation of the qualifying transportation facility.

6. If the responsible public entity proposes to enter into an interim or comprehensive agreement pursuant to subdivision 2 of § 33.2-1819, information and the rationale demonstrating that proceeding in this manner is more beneficial than proceeding pursuant to subdivision 1 of § 33.2-1819.

§ 33.2-1803.1:1. Public sector analysis and competition.

A. For any transportation facility under consideration for development and/or operation under this chapter by the Department of Transportation, *the Virginia Passenger Rail Authority*, or the Department of Rail and Public Transportation, the responsible public entity shall ensure competition throughout the procurement process by developing a public sector option based on the analysis conducted in subsection B. The public sector option shall identify a maximum public contribution.

B. The responsible public entity shall undertake, in cooperation with the Secretary of Transportation and the Secretary of Finance, a public sector analysis of the cost for the responsible entity to develop and/or operate the transportation facility or facilities being considered for development and/or operation pursuant to this chapter. At a minimum, such analysis shall contain the following information:

1. Any mitigation of risk of user-fee financing through assumptions related to competing facilities, compensation for high usage of the facility by high-occupancy vehicles, or other considerations that may mitigate the risk of user-fee financing.

2. Whether the Department of Transportation, *the Virginia Passenger Rail Authority*, or the Department of Rail and Public Transportation intends to maintain and operate the facility, or if the public sector option is based on the transfer of such responsibilities to the private sector.

3. Public contribution, if any, that would still be required to cover all costs necessary for the development and/or operation of the transportation facility in excess of financing available should the General Assembly authorize the use of debt secured by a pledge of net revenues derived from rates, fees, or other charges and the full faith and credit of the Commonwealth pursuant to Article X, Section 9 (c) of the Constitution of Virginia.

4. Funds provided to support nonuser fee generating components of the project that contribute to the benefits expected to be realized from the transportation facility pursuant to subdivision B 1 of § 33.2-1803.1.

§ 33.2-1803.2. Transportation Public-Private Partnership Steering Committee.

A. There is hereby established the Transportation Public-Private Partnership Steering Committee (the Committee) to evaluate and review financing options for the development and/or operation of transportation facility or facilities.

The Committee shall consist of the following members:

1. Two members of the Commonwealth Transportation Board;

2. The staff director of the House Committee on Appropriations, or his designee, and the staff director of the Senate Committee on Finance, or his designee;

3. A Deputy Secretary of Transportation who shall serve as the chairman;

4. The chief financial officer of either the Department of Transportation or the Department of Rail and Public Transportation, as appropriate; and

5. A nonagency public financial expert, as selected by the Secretary of Transportation.

B. Prior to the initiation of any procurement pursuant to § 33.2-1803 by the Department of Transportation, *the Virginia Passenger Rail Authority*, or the Department of Rail and Public Transportation, the Committee shall meet to review the public sector analysis and competition developed pursuant to § 33.2-1803.1:1 and concur that:

1. The assumptions regarding the project scope, benefits, and costs of the public sector option developed pursuant to § 33.2-1803.1:1 were fully and reasonably developed;

2. The assumed financing costs and valuation of both financial and construction risk mitigation included in the public sector option are financially sound and reflect the best interest of the public; and

3. The terms sheet developed for the proposed procurement contains all necessary elements.

C. After receipt of responses to the request for qualifications, but prior to the issuance of the first draft request for proposals, the Committee shall meet to determine that the development and/or operation of the transportation facility or facilities as a qualifying transportation facility serves the public interest pursuant to § 33.2-1803.1. If the Committee makes an affirmative determination, as evidenced by an affirmative vote of a majority of the members of the Committee, the Department of Transportation or the Department of Rail and Public Transportation may proceed with the procurement pursuant to § 33.2-1803.

D. Meetings of the Committee shall be open to the public, and meetings will be scheduled on an as-needed basis. However, the Committee may convene a closed session pursuant to the provisions of subdivisions A 6 and 29 of § 2.2-3711 to allow the Committee to review the public sector analysis and competition and to review proposals received pursuant to a request for qualifications.

E. The Committee shall, within 10 business days of any meeting, report on the findings of such meeting. Such report shall be made to the Chairmen of the House and Senate Committees on Transportation, the House Committee on Appropriations, and the Senate Committee on Finance.

F. Within 60 days of the execution of a comprehensive agreement pursuant to § 33.2-1803, the Department of Transportation or the Department of Rail and Public Transportation, as appropriate, shall, in closed session, brief the Committee on the details of the final bids received and the details of the evaluation of such bids.

§ 33.2-1809. Interim agreement.

A. Prior to or in connection with the negotiation of the comprehensive agreement, the responsible public entity may enter into an interim agreement with the private entity proposing the development and/or operation of the facility or facilities. Such interim agreement may (i) permit the private entity to commence activities for which it may be compensated relating to the proposed qualifying transportation facility, including project planning and development, advance right-of-way acquisition, design and engineering, environmental analysis and mitigation, survey, conducting transportation and revenue studies, and ascertaining the availability of financing for the proposed facility or facilities; (ii) establish the process and timing of the negotiation of the comprehensive agreement; and (iii) contain any other provisions related to any aspect of the development and/or operation of a qualifying transportation facility that the parties may deem appropriate.

B. Notwithstanding any provision of this chapter to the contrary, a responsible public entity may enter in to an interim agreement with multiple private entities if the responsible public entity determines in writing that it is in the public interest to do so.

C. The Department of Transportation, *the Virginia Passenger Rail Authority*, and the Department of Rail and Public Transportation shall not enter into an interim agreement for the development of a transportation facility under this chapter that either (i) establishes a process and timing of the negotiations of the comprehensive agreement or (ii) allows for competitive negotiations as set forth in § 2.2-4302.2.

§ 33.2-2300. U.S. Route 58 Corridor Development Fund.

There is hereby created in the Department of the Treasury a special nonreverting fund that shall be a part of the Transportation Trust Fund and that shall be known as the U.S. Route 58 Corridor Development Fund, referred to in this chapter as "the Fund," consisting of the first \$40 million of annual collections of ~~the state recordation taxes imposed by Chapter 8 of Title 58.1, provided, however, that this dedication shall not affect the local recordation taxes under subsection B of § 58.1-802 and § 58.1-814 from the Commonwealth Transportation Fund pursuant to § 33.2-1524.~~ The Fund shall also include such other funds as may be appropriated by the General Assembly and designated for the Fund and all interest, dividends, and appreciation that may accrue thereto. Any moneys remaining in the Fund at the end of a biennium shall not revert to the general fund, but shall remain in the Fund. Allocations from the Fund may be paid to any authority, locality, or commission for the purposes specified in § 33.2-2301.

§ 33.2-2301. U.S. Route 58 Corridor Development Program.

A. The General Assembly declares it to be in the public interest that the economic development needs and economic growth potential of south-central and Southwest Virginia be addressed by the Fund. Moneys contained in the Fund shall be used for the costs of providing an adequate, modern, safe, and efficient highway system, generally along Virginia's southern boundary (the Program), including environmental and engineering studies, rights-of-way acquisition, construction, improvements, and financing costs.

B. Allocations from the Fund shall be made annually by the Commonwealth Transportation Board for the creation and enhancement of a safe, efficient highway system connecting the communities, businesses, places of employment, and residents of the southwestern-most portion of the Commonwealth to the communities, businesses, places of employment,

and residents of the southeastern-most portion of the Commonwealth, thereby enhancing the economic development potential, employment opportunities, mobility, and quality along such highway.

C. Allocations from the Fund shall not diminish or replace allocations made or planned to be made from other sources or diminish allocations to which any highway, project, facility, district, system, or locality would be entitled under other provisions of this title, but shall be supplemental to other allocations to the end that highway resource improvements in the U.S. Route 58 Corridor may be accelerated and augmented. Notwithstanding any contrary provisions of this title, allocations from the Fund may be applied to highway projects in the Interstate System, primary or secondary state highway system, or urban highway system. Allocations under this subsection shall not be limited to projects involving only existing U.S. Route 58 but may be made to projects involving other highways, provided that the broader goal of creation of an adequate modern highway system generally along Virginia's southern boundary is served thereby.

D. The Commonwealth Transportation Board may expend such funds from all sources as may be lawfully available to initiate the Program and to support bonds and other obligations referenced in subsection F. Any moneys expended from the Transportation Trust Fund for the Program, other than moneys contained in the Fund, may be reimbursed from the Fund, to the extent permitted by Article X, Section 9 of the Constitution of Virginia.

E. The Commonwealth Transportation Board is encouraged to utilize the existing four-lane divided highways, available rights-of-way acquired for additional four-laning, bypasses, connectors, and alternate routes.

F. To the extent permitted by Article X, Section 9 of the Constitution of Virginia, moneys contained in the Fund may be used to secure payment of bonds or other obligations, and the interest thereon, issued in furtherance of the purposes of this section. In addition, the Commonwealth Transportation Board is authorized to receive, dedicate, or use legally available Transportation Trust Fund revenues and any other available sources of funds to secure the payment of bonds or other obligations, including interest thereon, in furtherance of the Program. No bond or other obligations payable from revenues of the Fund shall be issued unless specifically approved by the General Assembly. No bond or other obligations, secured in whole or in part by revenues of the Fund, shall pledge the full faith and credit of the Commonwealth.

G. Forty million dollars shall be transferred annually to the Fund with the first such transfer to be made on July 1, 1990, or as soon thereafter as reasonably practicable. Such transfer shall be made by the issuance of a treasury loan at no interest in the amount of \$40 million to the Fund to ensure that the Fund is fully funded on the first day of the fiscal year. Such treasury loan shall be repaid from the Commonwealth's portion of the state recordation tax imposed by Chapter 8 (§ 58.1-800 et seq.) of Title 58.1 designated for the Fund by § 33.2-2300 Commonwealth Transportation Fund pursuant to subsection C of § 33.2-1524. For each fiscal year following July 1, 1990, the Secretary of Finance is authorized to make additional treasury loans in the amount of \$40 million on July 1 of such fiscal years, and such treasury loans shall be repaid in a like manner as provided in this subsection.

§ 33.2-2400. Northern Virginia Transportation District Fund.

The Fund shall also include any public rights-of-way use fees appropriated by the General Assembly; any state or local revenues, including any funds distributed pursuant to § 33.2-366, that may be deposited into the Fund pursuant to a contract between a jurisdiction participating in the Northern Virginia Transportation District Program and the Commonwealth Transportation Board; and any other funds as may be appropriated by the General Assembly and designated for the Fund and all interest, dividends, and appreciation that may accrue thereto. Any moneys remaining in the Fund at the end of a biennium shall not revert to the general fund, but shall remain in the Fund, subject to the determination by the Commonwealth Transportation Board that a Category 2, 3, or 4 project may be funded.

C. On or before July 15, 1994, \$19 million shall be transferred to the Fund. Such transfer shall be made by the issuance of a treasury loan at no interest in the amount of \$19 million in the event such an amount is not included for the Fund in the general appropriation act enacted by the 1994 Session of the General Assembly. Such treasury loan shall be repaid from the Commonwealth's portion of the state recordation tax imposed by Chapter 8 (§ 58.1-800 et seq.) of Title 58.1 designated for the Fund by this section and § 58.1-816 *Commonwealth Transportation Fund pursuant to subsection C of § 33.2-1524*.

§ 33.2-2401. Northern Virginia Transportation District Program.

A. The General Assembly declares it to be in the public interest that the economic development needs and economic growth potential of Northern Virginia be addressed by a special transportation program to provide for the costs of providing an adequate, modern, safe, and efficient transportation network in Northern Virginia that shall be known as the Northern Virginia Transportation District Program (the Program), including environmental and engineering studies, rights-of-way acquisition, construction, improvements to all modes of transportation, and financing costs. The Program consists of the projects listed in clause (i) of subsection B of § 33.2-2400.

B. Allocations to the Program from the Fund shall be made annually by the Commonwealth Transportation Board for the creation and enhancement of a safe and efficient transportation system connecting the communities, businesses, places of employment, and residences of the Commonwealth, thereby enhancing the economic development potential, employment opportunities, mobility, and quality of life in the Commonwealth.

C. Except in the event that the Fund is insufficient to pay for the costs of the Program, allocations to the Program shall not diminish or replace allocations made from other sources or diminish allocations to which any district, system, or locality would be entitled under other provisions of this title but shall be supplemental to other allocations to the end that transportation improvements in the Northern Virginia Transportation District may be accelerated and augmented. Allocations under this subsection shall be limited to projects specified in subdivision 12 of § 33.2-1700.

D. The Commonwealth Transportation Board may expend such funds from all sources as may be lawfully available to initiate the Program and to support bonds and other obligations referenced in subsection E and in subsection D of § 33.2-2400.

§ 33.2-2509. Northern Virginia Transportation Authority Fund.

There is hereby created in the state treasury a special nonreverting fund for Planning District 8 to be known as the Northern Virginia Transportation Authority Fund, referred to in this chapter as "the Fund." The Fund shall be established on the books of the Comptroller. All revenues dedicated to the Fund pursuant to §§ 33.2-2400, 58.1-638, and 58.1-802.4, any other funds that may be appropriated by the General Assembly, and any funds that may be received for the credit of the Fund from any other source shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund.

The amounts dedicated to the Fund pursuant to §§ 33.2-2400, 58.1-638, and 58.1-802.4 shall be deposited monthly by the Comptroller into the Fund and thereafter distributed to the Authority as soon as practicable for use in accordance with § 33.2-2510. If the Authority determines that such moneys distributed to it exceed the amount required to meet the current needs and demands to fund transportation projects pursuant to § 33.2-2510, the Authority may invest such excess moneys to the same extent as provided in subsection A of § 33.2-1525 for excess funds in the Transportation Trust Fund.

B. Moneys in the Fund shall be used only for capital, operating, and other improvement costs identified in the Plan.

C. The amounts deposited into the Fund and the distribution and expenditure of such amounts shall not be used to calculate or reduce the share of federal, state, or local revenues otherwise available to jurisdictions along the Interstate 81 corridor. Further, such revenues and moneys shall not be included in any computation of, or formula for, a locality's ability to pay for public education, upon which appropriations of state revenues to local governments for public education are determined.

§ 46.2-214.3. Discount for multiyear registration.

A. In addition to any other fee imposed and collected by the Department, the Department shall impose and collect a service charge upon each person who carries out the registration renewal of a vehicle in any of the Department's Customer Service Centers if such registration can be conducted (i) by mail or telephone or by using an electronic medium using a format prescribed by the Commissioner, or (ii) through an agent of the Department that has entered into an agreement with the Department to perform certain services as described in subsection B of § 46.2-205. B. The service charge shall equal \$5 per vehicle registration renewal that is carried out in any Customer Service Center of the Department. The Department shall include information regarding such service charge in all vehicle registration renewal notices sent to vehicle owners.

C. All service charges imposed and collected by the Commissioner under this section shall be paid into the state treasury and shall be set aside as a special fund to be used to meet the expenses of the Department.

D. Pursuant to subsection C of § 46.2-646, for each motor vehicle, trailer, or semitrailer registered, the Commissioner may offer, at his discretion, a discount for multiyear registrations of such vehicles. The discount shall be equal to \$1 for each year of the multiyear registration or fraction thereof. The discount shall not be applicable to any motor vehicle, trailer, or semitrailer registered (i) under the International Registration Plan or (ii) as an uninsured motor vehicle. When this option is offered and chosen by the registrant, all annual and 12-month fees due at the time of registration shall be multiplied by the number of years or fraction thereof that the vehicle will be registered.

E. B. In addition to the discount authorized in subsection D A, for the renewal of registration of each motor vehicle, trailer, or semitrailer pursuant to § 46.2-646, the Commissioner shall offer a discount for renewal when such registration renewal is conducted using the Internet. The discount shall be equal to \$1. The discount shall not apply to any motor vehicle, trailer, or semitrailer registered (i) under the International Registration Plan or (ii) as an uninsured motor vehicle.

§ 46.2-332. Fees.

If the license is a commercial driver's license or seasonal restricted commercial driver's license, the fee shall be \$6 per year. Persons 21 years old or older may be issued a scenic driver's license, learner's permit, or commercial driver's license for an additional fee of \$5. For any one or more driver's license endorsements or classifications, except a motorcycle classification, there shall be an additional fee of \$1 per year; for a motorcycle classification, there shall be an additional fee of \$2 per year. For any and all driver's license classifications, there shall be an additional fee of \$1 per year. For any revalidation of a seasonal restricted commercial driver's license, the fee shall be \$5. A fee of \$10 shall be charged to extend the validity period of a driver's license pursuant to subsection B of § 46.2-221.2.

In addition to any other fee imposed and collected by the Department, the Department shall impose and collect a service charge of \$5 upon each person who carries out the renewal of a driver's license or special identification card in any of the Department's Customer Service Centers if such renewal can be conducted by mail or telephone or by using an electronic medium in a format prescribed by the Commissioner. Such service charge shall not apply if, concurrently with the renewal of the driver's license or special identification card, the person undertakes another transaction at a Customer Service Center that cannot be conducted by mail or telephone or by using an electronic medium in a format prescribed by the Commissioner. Such service charge shall be paid by the Commissioner into the state treasury and shall be set aside as a special fund to be used to meet the expenses of the Department.

A reexamination fee of \$2 shall be charged for each administration of the knowledge portion of the driver's license examination taken by an applicant who is 18 years of age or older if taken more than once within a 15-day period. The Commissioner may, on a case-by-case basis, waive such fee for good cause shown. All such fees shall be paid by the Commissioner into the state treasury and set aside as a special fund to be used to meet the necessary expenses incurred by the Department.

If the applicant for a driver's license is an employee of the Commonwealth, or of any county, city, or town who drives a motorcycle or a commercial motor vehicle solely in the line of his duty, he shall be exempt from the additional fee otherwise assessable for a motorcycle classification or a commercial motor vehicle endorsement. The Commissioner may prescribe the forms as may be requisite for completion by persons claiming exemption from additional fees imposed by this section.

No additional fee above \$2.40 per year shall be assessed for the driver's license or commercial driver's license required for the operation of a school bus.

Excluding the \$2 reexamination fee, \$1.50 of all fees collected for each original or renewal driver's license shall be paid into the driver education fund of the state treasury and expended as provided by law. Unexpended funds from the driver education fund shall be retained in the fund and be available for expenditure in ensuing years as provided therein.

Pursuant to 49 C.F.R. § 386.81, the determination of the actual civil penalties assessed is based on consideration of information available at the time the claim is made concerning the nature and gravity of the violation and, with respect to the violator, the degree of culpability, history of prior offenses, ability to pay, effect on ability to continue to do business, and such other matters as justice and public safety may require.

C. The provisions of this section shall not apply to drivers who are texting or using a handheld mobile telephone when necessary to communicate with law-enforcement officials or other emergency services.

D. The following words and phrases when used in this section only shall have the meanings respectively ascribed to them in this section except in those instances where the context clearly indicates a different meaning:

"Driving" means operating a commercial motor vehicle on a highway, including while temporarily stationary because of traffic, a traffic control device, or other momentary delays. "Use a handheld mobile telephone" means using at least one hand to hold a mobile telephone to conduct a voice communication; dialing or answering a mobile telephone by pressing more than a single button; or reaching for a mobile telephone in a manner that requires a driver to maneuver so that he is no longer in a seated driving position, restrained by a seat belt that is installed in accordance with 49 C.F.R. § 393.93 and adjusted in accordance with the vehicle manufacturer's instructions.

§ 46.2-341.20:6. Prohibition on requiring use of handheld mobile telephone or texting; motor carrier penalty.

No motor carrier shall allow or require its drivers to use a handheld mobile telephone or to text while driving a commercial motor vehicle. § 46.2-694. (Contingent expiration date) Fees for vehicles designed and used for transportation of passengers; weights used for computing fees; burden of proof.

A. The annual registration fees for motor vehicles, trailers, and semitrailers designed and used for the transportation of passengers on the highways in the Commonwealth are:

1. ~~Thirty-three~~ *a. Twenty-three* dollars for each private passenger car or motor home if the passenger car or motor home weighs 4,000 pounds or less, provided that it is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire, or is not operated under a lease without a chauffeur; however, the fee provided under this

subdivision shall apply to a private passenger car or motor home that weighs 4,000 pounds or less and is used as a TNC partner vehicle as defined in § 46.2-2000.

b. Thirty-three dollars for each motor home if the motor home weighs 4,000 pounds or less, provided that it is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire, or is not operated under a lease without a chauffeur.

~~2. Thirty-eight~~ *a. Twenty-eight* dollars for each private passenger car or motor home that weighs more than 4,000 pounds, provided that it is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire, or is not operated under a lease without a chauffeur; however, the fee provided under this subdivision shall apply to a private passenger car or motor home that weighs more than 4,000 pounds and is used as a TNC partner vehicle as defined in § 46.2-2000.

3. Thirty cents per 100 pounds or major fraction thereof for a private motor vehicle other than a motorcycle with a normal seating capacity of more than 10 adults, including the driver, if the private motor vehicle is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire or is not operated under a lease without a chauffeur. In no case shall the fee be less than \$23 if the vehicle weighs 4,000 pounds or less or \$28 if the vehicle weighs more than 4,000 pounds.

In lieu of the foregoing fee of \$0.70 per 100 pounds, a motor carrier of passengers, operating two or more vehicles both within and outside the Commonwealth and registered for insurance purposes with the Surface Transportation Board of the U.S. Department of Transportation, Federal Highway Administration, may apply to the Commissioner for prorated registration. Upon the filing of such application, in such form as the Commissioner may prescribe, the Commissioner shall apportion the registration fees provided in this subsection so that the total registration fees to be paid for such vehicles of such carrier shall be that proportion of the total fees, if there were no apportionment, that the total number of miles traveled by such vehicles of such carrier within the Commonwealth bears to the total number of miles traveled by such vehicles within and outside the Commonwealth. Such total mileage in each instance is the estimated total mileage to be traveled by such vehicles during the license year for which such fees are paid, subject to the adjustment in accordance with an audit to be made by representatives of the Commissioner at the end of such license year, the expense of such audit to be borne by the carrier being audited. Each vehicle passing into or through Virginia shall be registered and licensed in Virginia and the annual registration fee to be paid for each such vehicle shall not be less than \$33. For the purpose of determining such apportioned registration fees, only those motor vehicles, trailers, or semitrailers operated both within and outside the Commonwealth shall be subject to inclusion in determining the apportionment provided for herein.

13. An additional fee of \$4.25 per year shall be charged and collected at the time of registration of each pickup or panel truck and each motor vehicle under subdivisions 1 through 12. All funds collected from \$4 of the \$4.25 fee shall be paid into the state treasury and shall be set aside as a special fund to be used only for emergency medical services purposes. The moneys in the special emergency medical services fund shall be distributed as follows:

d. Ten percent shall be available to the State Department of Health's Office of Emergency Medical Services for use in emergency medical services; and

e. All revenues generated by the remaining \$0.25 of the \$4.25 fee approved by the 2008 Session of the General Assembly shall be deposited into the Rescue Squad Assistance Fund and used only to pay for the costs associated with the certification and recertification training of emergency medical services personnel.

The Comptroller shall clearly designate on the warrant, check, or other means of transmitting these funds that such moneys are only to be used for purposes set forth in this subdivision. Such funds shall be in addition to any local appropriations and local governing bodies shall not use these funds to supplant local funds. Each local governing body shall report annually to the Board of Health on the use of the funds returned to it pursuant to this section. In any case in which the local governing body grants the funds to a regional emergency medical services council to be distributed to the nonprofit emergency medical services agency that holds a valid license issued by the Commissioner of Health, the local governing body shall remain responsible for the proper use of the funds. If, at the end of any fiscal year, a report on the use of the funds returned to the locality pursuant to this section for that year has not been received from a local governing body, any funds due to that local governing body for the next fiscal year shall be retained until such time as the report has been submitted to the Board.

B. All motor vehicles, trailers, and semitrailers registered as provided in subsection B of § 46.2-646 shall pay a registration fee equal to one-twelfth of all fees required by subsection A of this section or § 46.2-697 for such motor vehicle, trailer, or semitrailer, computed to the nearest cent, multiplied by the number of months in the registration period for such motor vehicles, trailers, and semitrailers.

C. The manufacturer's shipping weight or scale weight shall be used for computing all fees required by this section to be based upon the weight of the vehicle.

B. The revenue derived from all county, city, or town taxes and license fees imposed on motor vehicles, trailers, or semitrailers shall be applied to general county, city, or town purposes.

C. A county, city, or town may require that no motor vehicle, trailer, or semitrailer shall be locally licensed until the applicant has produced satisfactory evidence that all personal property taxes on the motor vehicle, trailer, or semitrailer to be licensed have been paid and satisfactory evidence that any delinquent motor vehicle, trailer, or semitrailer personal

property taxes owing have been paid which have been properly assessed or are assessable against the applicant by the county, city, or town. A county, city, or town may also provide that no motor vehicle license shall be issued unless the tangible personal property taxes properly assessed or assessable by that locality on any tangible personal property used or usable as a dwelling titled by the Department of Motor Vehicles and owned by the taxpayer have been paid. Any county and any town within any such county may by agreement require that all personal property taxes assessed by either the county or the town on any vehicle be paid before licensure of such vehicle by either the county or the town.

C1. The Counties of Dinwiddie, Lee, and Wise may, by ordinance or resolution adopted after public notice and hearing and, with the consent of the treasurer, require that no license may be issued under this section unless the applicant has produced satisfactory evidence that all fees, including delinquent fees, payable to such county or local solid waste authority, for the disposal of solid waste pursuant to the Virginia Water and Waste Authorities Act (§ 15.2-5100 et seq.), or pursuant to § 15.2-2159, have been paid in full. For purposes of this subsection, all fees, including delinquent fees, payable to a county for waste disposal services described herein, shall be paid to the treasurer of such county; however, in Wise County, the fee shall be paid to the county or its agent.

D. The Counties of Arlington, Fairfax, Loudoun, and Prince William and towns within them and any city may require that no motor vehicle, trailer, or semitrailer shall be licensed by that jurisdiction unless all fines owed to the jurisdiction by the owner of the vehicle, trailer, or semitrailer for violation of the jurisdiction's ordinances governing parking of vehicles have been paid. The provisions of this subsection shall not apply to vehicles owned by firms or companies in the business of renting motor vehicles.

E. If in any county imposing license fees and taxes under this section, a town therein imposes like fees and taxes on vehicles of owners resident in the town, the owner of any vehicle subject to the fees or taxes shall be entitled, on the owner's displaying evidence that he has paid the fees or taxes, to receive a credit on the fees or taxes imposed by the county to the extent of the fees or taxes he has paid to the town. Nothing in this section shall deprive any town now imposing these licenses and taxes from increasing them or deprive any town not now imposing them from hereafter doing so, but subject to the limitations provided in subsection D. The governing body of any county and the governing body of any town in that county wherein each imposes the license tax herein provided may provide mutual agreements so that not more than one license plate or decal in addition to the state plate shall be required.

F. Notwithstanding the provisions of subsection E, in a consolidated county wherein a tier-city exists, the tier-city may, in accordance with the provisions of the agreement or plan of consolidation, impose license fees and taxes under this section in addition to those fees and taxes imposed by the county, provided that the combined county and tier-city rates do not exceed the maximum provided in subsection A. No credit shall be allowed on the fees or taxes imposed by the county for fees or taxes paid to the tier-city, except as may be provided by the consolidation agreement or plan. The governing body of any county and the governing body of any tier-city in such county wherein each imposes the license tax herein may provide by mutual agreement that no more than one license plate or decal in addition to the state license plate shall be required.

G. Any county, city, or town may by ordinance provide that it shall be unlawful for any owner or operator of a motor vehicle, trailer, or semitrailer (i) to fail to obtain and, if any required by such ordinance, to display the local license required by any ordinance of the county, city or town in which the vehicle is registered, or (ii) to display upon a motor vehicle, trailer, or semitrailer any such local license, required by ordinance to be displayed, after its expiration date. The ordinance may provide that a violation shall constitute a misdemeanor the penalty for which shall not exceed that of a Class 4 misdemeanor and may, in the case of a motor vehicle registered to a resident of the locality where such vehicle is registered, authorize the issuance by local law-enforcement officers of citations, summonses, parking tickets, or uniform traffic summonses for violations. Any such ordinance may also provide that a violation of the ordinance by the registered owner of the vehicle may not be discharged by payment of a fine except upon presentation of satisfactory evidence that the required license has been obtained. Nothing in this section shall be construed to require a county, city, or town to issue a decal or any other tangible evidence of a local license to be displayed on the licensed vehicle if the county's, city's, or town's ordinance does not require display of a decal or other evidence of payment. No ordinance adopted pursuant to this section shall require the display of any local license, decal, or sticker on any vehicle owned by a public service company, as defined in § 56-76, having a fleet of at least 2,500 vehicles garaged in the Commonwealth.

H. Except as provided by subsections E and F, no vehicle shall be subject to taxation under the provisions of this section in more than one jurisdiction. Furthermore, no person who has purchased a local vehicle license, decal, or sticker for a vehicle in one county, city, or town and then moves to and garages his vehicle in another county, city, or town shall be required to purchase another local license, decal, or sticker from the county, city, or town to which he has moved and wherein his vehicle is now garaged until the expiration date of the local license, decal, or sticker issued by the county, city, or town from which he moved.

I. Purchasers of new or used motor vehicles shall be allowed at least a 10-day grace period, beginning with the date of purchase, during which to pay license fees charged by local governments under authority of this section.

J. The treasurer or director of finance of any county, city, or town may enter into an agreement with the Commissioner whereby the Commissioner will refuse to issue or renew any vehicle registration of any applicant therefor who owes to such county, city, or town any local vehicle license fees or delinquent tangible personal property tax or parking citations. Before being issued any vehicle registration or renewal of such license or registration by the Commissioner, the applicant shall first satisfy all such local vehicle license fees and delinquent taxes or parking citations and present evidence satisfactory to the Commissioner that all such local vehicle license fees and delinquent taxes or parking citations have been paid in full.

However, a vehicle purchased by an applicant subsequent to the onset of enforcement action under this subsection may be issued an initial registration for a period of up to 90 days to allow the applicant to satisfy all applicable requirements under this subsection, provided that a fee sufficient for the registration period, as calculated under subsection B of § 46.2-694, is paid. Such initial registration shall not be eligible for the one-month registration extension provided for in § 46.2-646.2 for this same purpose. The Commissioner shall charge a reasonable fee to cover the costs of such enforcement action, and the treasurer or director of finance may add the cost of this fee to the delinquent tax bill or the amount of the parking citation. The treasurer or director of finance of any county, city, or town seeking to collect delinquent taxes or parking citations through the withholding of registration or renewal thereof by the Commissioner as provided for in this subsection shall notify the Commissioner in the manner provided for in his agreement with the Commissioner and supply to the Commissioner information necessary to identify the debtor whose registration or renewal is to be denied. Any agreement entered into pursuant to the provisions of this subsection shall provide the debtor notice of the intent to deny renewal of registration or issuance of registration for any currently unregistered vehicle at least 30 days prior to the expiration date of a current vehicle registration. For the purposes of this subsection, notice by first-class mail to the registrant's address as maintained in the records of the Department of Motor Vehicles shall be deemed sufficient. In the case of parking violations, the Commissioner shall only refuse to issue or renew the vehicle registration of any applicant therefor pursuant to this subsection for the vehicle that incurred the parking violations. The provisions of this subsection shall not apply to vehicles owned by firms or companies in the business of renting motor vehicles.

K. The governing bodies of any two or more counties, cities, or towns may enter into compacts for the regional enforcement of local motor vehicle license requirements. The governing body of each participating jurisdiction may by ordinance require the owner or operator of any motor vehicle, trailer, or semitrailer to display on his vehicle a valid local license issued by another county, city, or town that is a party to the regional compact, provided that the owner or operator is required by the jurisdiction of situs, as provided in § 58.1-3511, to obtain and display such license. The ordinance may also provide that no motor vehicle, trailer, or semitrailer shall be locally licensed until the applicant has produced satisfactory evidence that (i) all personal property taxes on the motor vehicle, trailer, or semitrailer to be licensed have been paid to all participating jurisdictions and (ii) any delinquent motor vehicle, trailer, or semitrailer personal property taxes that have been properly assessed or are assessable by any participating jurisdiction against the applicant have been paid. Any city and any county having the urban county executive form of government, the counties adjacent to such county and towns within them may require that no motor vehicle, trailer, or semitrailer shall be licensed by that jurisdiction or any other jurisdiction in the compact unless all fines owed to any participating jurisdiction by the owner of the vehicle for violation of any participating jurisdiction's ordinances governing parking of vehicles have been paid. The ordinance may further provide that a violation shall constitute a misdemeanor the penalty for which shall not exceed that of a Class 4 misdemeanor. Any such ordinance may also provide that a violation of the ordinance by the owner of the vehicle may not be discharged by payment of a fine and applicable court costs except upon presentation of satisfactory evidence that the required license has been obtained. The provisions of this subsection shall not apply to vehicles owned by firms or companies in the business of renting motor vehicles.

L. In addition to the taxes and license fees permitted in subsection A, counties, cities, and towns may charge a license fee of no more than \$1 per motor vehicle, trailer, and semitrailer. Except for the provisions of subsection B, such fee shall be subject to all other provisions of this section. All funds collected pursuant to this subsection shall be paid pursuant to § 51.1-1204 to the Volunteer Firefighters' and Rescue Squad Workers' Service Award Fund to the accounts of all members of the Fund who are volunteers for fire departments or emergency medical services agencies within the jurisdiction of the particular county, city, or town.

M. In any county, the county treasurer or comparable officer and the treasurer of any town located wholly or partially within such county may enter into a reciprocal agreement, with the approval of the respective local governing bodies, that provides for the town treasurer to collect license fees or taxes on any motor vehicle, trailer, or semitrailer owed to the county that are non-delinquent, delinquent, or both or for the county treasurer to collect license fees or taxes on any motor vehicle, trailer, or semitrailer owed to the town that are non-delinquent, delinquent, or both. A treasurer or comparable officer collecting any such license fee or tax pursuant to an agreement entered into under this subsection shall account for and pay over such amounts to the locality owed such license fee or tax in the same manner as provided by law. As used in this subsection, with regard to towns, "treasurer" means the town officer or employee vested with authority by the charter, statute, or governing body to collect local taxes.

N. For any summons issued for a violation of this section, the court may, in its discretion, dismiss the summons, where proof of compliance with this section is provided to the court on or before the court date.

CHAPTER 7.

HIGHWAY USE FEE AND MILEAGE-BASED USER FEE PROGRAM.

§ 46.2-770. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Alternative fuel vehicle" means a vehicle equipped to be powered by a combustible gas, liquid, or other source of energy that can be used to generate power to operate a highway vehicle and that is neither a motor fuel nor electricity used to recharge an electric motor vehicle or a hybrid electric motor vehicle.

"Electric motor vehicle" means a vehicle that uses electricity as its only source of motive power.

"Fuel-efficient vehicle" means a vehicle that has a combined fuel economy of 25 miles per gallon or greater.

§ 46.2-771. Purpose.

The purpose of this chapter is to ensure more equitable contributions to the Commonwealth Transportation Fund from alternative fuel vehicles, electric motor vehicles, and fuel-efficient vehicles using highways in the Commonwealth.

§ 46.2-772. Highway use fee.

A. Except as provided in subsection C, there is hereby imposed an annual highway use fee on any motor vehicle registered in the Commonwealth under § 46.2-694 or 46.2-697 that is an alternative fuel vehicle, an electric motor vehicle, or a fuel-efficient vehicle. The fee shall be collected by the Department at the time of vehicle registration. If the vehicle is registered for a period of other than one year as provided in § 46.2-646, the highway use fee shall be multiplied by the number of years or fraction thereof that the vehicle will be registered.

B. For an electric motor vehicle, the highway use fee shall be 85 percent of the amount of taxes paid under subsection A of § 58.1-2217 on fuel used by a vehicle with a combined fuel economy of 23.7 miles per gallon for the average number of miles traveled by a passenger vehicle in the Commonwealth, as determined by the Commissioner. For all other fuel-efficient vehicles, the highway use fee shall be 85 percent of the difference between the tax paid under subsection A of § 58.1-2217 on the fuel used by a vehicle with a combined fuel economy of 23.7 miles per gallon for the average number of miles traveled by a passenger vehicle in the Commonwealth in a year, as determined by the Commissioner, and the tax paid under subsection A of § 58.1-2217 on the fuel used by the vehicle being registered for the average number of miles traveled by a passenger vehicle in the Commonwealth in a year, as determined by the Commissioner.

For purposes of this chapter, the Commissioner shall use combined fuel economy as determined by the manufacturer of the vehicle. If the Commissioner is unable to obtain the manufacturer's fuel economy for a vehicle, then the Commissioner shall use the final estimate of average fuel economy, as determined by the U.S. Environmental Protection Agency, of (i) all trucks having the same model year as the vehicle being registered, if the vehicle has a gross weight between 6,000 pounds and 10,000 pounds, or (ii) all cars having the same model year as the vehicle. If data is not available for the model year of the vehicle being registered, then the Commissioner shall use available data for the model year that is closest to the model year of the vehicle being registered.

The Commissioner shall update the fees calculated under this section by July 1 of each year.

C. This section shall not apply to:

1. An auticycle, moped, or motorcycle;
2. A vehicle with a gross weight over 10,000 pounds;
3. A vehicle that is owned by a governmental entity as defined in § 58.1-2201; or
4. A vehicle that is registered under the International Registration Plan.

A vehicle shall not be subject to the fee set forth in this section in any year in which such vehicle is registered to participate in the mileage-based user fee program established pursuant to § 46.2-773.

§ 46.2-773. Mileage-based user fee program.

A. There is hereby established a mileage-based user fee program. The program shall be a voluntary program that allows owners of vehicles subject to the highway use fee pursuant to § 46.2-772 to pay a mileage-based fee in lieu of the highway use fee. No owner of a motor vehicle registered in the Commonwealth shall be required to participate in the program established pursuant to this section.

B. In any year that an owner pays the fee set forth in this section, such owner shall not be subject to the fee set forth in § 46.2-772 for the same vehicle. In no case shall the fees paid pursuant to this section during a 12-month period exceed the annual highway use fee that would have otherwise been paid.

C. The fee schedule for the mileage-based user fee program shall be calculated by dividing the amount of the highway use fee as determined pursuant to subsection B of § 46.2-772 by the average number of miles traveled by a passenger vehicle in the Commonwealth to determine a fee per mile driven.

D. The Department shall establish procedures for the collection of the fees set forth in this section. Such procedures may limit the total number of participants during the first four years of the program.

§ 46.2-774. Distribution of revenues.

All revenues collected pursuant to this chapter shall be used first to pay for the direct cost of administration of this chapter by the Department, and then shall be deposited into the Commonwealth Transportation Fund established pursuant to § 33.2-1524.

§ 46.2-1158. Frequency of inspection; scope of inspection.

Motor vehicles, trailers, and semitrailers required to be inspected pursuant to the provisions of § 46.2-1157 shall be reinspected within 12 months of the month of the first inspection and at least once every 12 months thereafter.

Each inspection shall be a complete inspection. A reinspection of a rejected vehicle by the same station during the period of validity of the rejection sticker on such vehicle, however, need only include an inspection of the item or items previously found defective unless there is found an obvious defect that would warrant further rejection of the vehicle.

A rejection sticker shall be valid for 15 calendar days beyond the day of issuance, during which time the operator of the vehicle shall not be charged for a violation of vehicle equipment requirements set forth in Article 3 (§ 46.2-1010 et seq.) through Article 9 (§ 46.2-1066 et seq.) for such vehicle. A complete inspection shall be performed on any vehicle bearing an expired rejection sticker.

The completion of the conversion process for a converted electric vehicle shall invalidate any inspection of such vehicle conducted in accordance with this section prior to the conversion. Following the initial inspection of a converted

electric vehicle, as required under § 46.2-602.3 and the provisions of this chapter, such vehicle shall be reinspected in accordance with this section.

§ 46.2-1158.02. Penalty for failure to have motor vehicle inspection.

A. Notwithstanding the penalty provisions of § 46.2-1171, a violation of § 46.2-1158 constitutes a traffic infraction. The court may, in its discretion, dismiss a summons issued under § 46.2-1158 where correction of vehicle or safety equipment defects or proof of compliance with § 46.2-1158 is provided to the court subsequent to the issuance of the summons.

B. *The operator of a motor vehicle who is cited for a violation of § 46.2-1158 shall not be cited during the same occurrence for a violation of vehicle equipment requirements set forth in Article 3 (§ 46.2-1010 et seq.) through Article 9 (§ 46.2-1066 et seq.) for such vehicle, nor shall the operator of the motor vehicle that is subject to the citation be cited for a violation of such vehicle equipment requirements for such vehicle for a period of 15 calendar days.*

§ 46.2-1507. Penalties.

Except as otherwise provided in this chapter, any person violating any of the provisions of this chapter may be assessed a civil penalty by the Board. No such civil penalty shall exceed \$1,000 for any single violation. Civil penalties collected under this chapter shall be deposited in the *Commonwealth Transportation Trust Fund* established pursuant to § 33.2-1524.

§ 46.2-1546. Registration of dealers; fees.

Every manufacturer, distributor, or dealer, before he commences to operate vehicles in his inventory for sale or resale, shall apply to the Commissioner for a dealer's certificate of vehicle registration and license plates. For the purposes of this article, a vehicle is in inventory when it is owned by or assigned to a dealer and is offered and available for sale or resale. All dealer's certificates of vehicle registration and license plates issued under this section may, at the discretion of the Commissioner, be placed in a system of staggered issue to distribute the work of issuing vehicle registration certificates and license plates as uniformly as practicable throughout the year. Dealerships which sold fewer than ~~twenty-five~~ 25 vehicles during the last ~~twelve~~ 12 months of the preceding license year shall be eligible to receive no more than two dealer's license plates; dealerships which sold at least ~~twenty-five~~ 25 but fewer than ~~fifty~~ 50 vehicles during the last ~~twelve~~ 12 months of the preceding license year shall be eligible to receive no more than four dealer's license plates. However, dealerships ~~which that~~ sold ~~fifty~~ 50 or more vehicles during their current license year may apply for additional license plates not to exceed four times the number of licensed salespersons employed by that dealership. Dealerships ~~which that~~ sold ~~fifty~~ 50 or more vehicles during the last ~~twelve~~ 12 months of the preceding license year shall be eligible to receive a number of dealer's license plates not to exceed four times the number of licensed salespersons employed by that dealership. A new applicant for a dealership shall be eligible to receive a number of dealer's license plates not to exceed four times the number of licensed salespersons employed by that dealership. For the purposes of this article, a salesperson or employee shall be considered to be employed only if he (i) works for the dealership at least ~~twenty-five~~ 25 hours each week on a regular basis and (ii) is compensated for this work. All salespersons' or employees' employment records shall be retained in accordance with the provisions of § 46.2-1529. A salesperson shall not be considered employed, within the meaning of this section, if he is an independent contractor as defined by the United States Internal Revenue Code. The fee for the issuance of dealer's license plates shall be determined by the Board, but not more than \$30 per license plate; however, the fee for the first two dealer's plates shall not be less than ~~twenty-four dollars~~ \$24 and the fee for additional dealer's license plates shall not be less than ~~ten dollars and forty cents~~ \$10.40 each. For the first two dealer's license plates issued by the Department to a dealer, ~~twenty-four dollars~~ \$24 shall be deposited into the *Commonwealth Transportation Trust Fund* established pursuant to § 33.2-1524 and the remainder shall be deposited into the Motor Vehicle Dealer Fund. For each additional dealer's license plate issued to a dealer, ~~ten dollars and forty cents~~ \$10.40 shall be deposited into the Transportation Trust Fund and the remainder shall be deposited into the Motor Vehicle Dealer Fund.

§ 46.2-1573. Hearings and other remedies; civil penalties.

A. In every case of a hearing before the Commissioner authorized under this article, the Commissioner shall give reasonable notice of each hearing to all interested parties, and the Commissioner's decision shall be binding on the parties, subject to the rights of judicial review and appeal as provided in Chapter 40 (§ 2.2-4000 et seq.) of Title 2.2. In every case of a hearing before the Commissioner authorized under this article based on a request or petition of a motor vehicle dealer, the manufacturer, factory branch, distributor, or distributor branch shall have the burden of proving by a preponderance of the evidence that the manufacturer, factory branch, distributor, or distributor branch has good cause to take the action or actions for which the dealer has filed the petition for a hearing or that such actions are reasonable if required under the relevant provision.

B. The hearing process before the Commissioner under this article shall commence within 90 days of the request for a hearing by prehearing conference between the hearing officer and the parties in person, by telephone, or by other electronic means designated by the Commissioner. The hearing officer will set the hearing on a date or dates consistent with the rights of due process of the parties. The Commissioner's decision shall be rendered within 60 days from the receipt of the hearing officer's recommendation. Hearings authorized under this article shall be presided over by a hearing officer selected from a list prepared by the Executive Secretary of the Supreme Court of Virginia within 60 days following the request for a hearing. Reasonable efforts shall be made to ensure that a hearing officer shall have at least five years of experience as a hearing officer in administrative hearings in the Commonwealth, shall have telephone and email capability, and shall be an active member of the Virginia State Bar. On request of the Commissioner, the Executive Secretary will name a hearing

officer from the list, selected on a rotation system administered by the Executive Secretary. The hearing officer shall provide recommendations to the Commissioner within 90 days of the conclusion of the hearing.

C. Notwithstanding any contrary provision of this article, the Commissioner shall initiate investigations, conduct hearings, and determine the rights of parties under this article whenever he is provided information by the Motor Vehicle Dealer Board or any other person indicating a possible violation of any provision of this article. The Commissioner shall issue a response to the Motor Vehicle Dealer Board or person reporting the alleged violation and any other party to the investigation providing an explanation of action taken under this section and the reason for such action.

D. For purposes of any matter brought to the Commissioner under subdivisions 3, 4, 5, 6 and 7b of § 46.2-1569 with respect to which the Commissioner is to determine whether there is good cause for a proposed action or whether it would be unreasonable under the circumstances, the Commissioner shall consider:

1. The volume of the affected dealer's business in the relevant market area;
2. The nature and extent of the dealer's investment in its business;
3. The adequacy of the dealer's capitalization to the franchisor's standards and the adequacy of the dealer's facilities, equipment, parts, supplies, and personnel;

8. The recommendations, if any, from a three-member panel composed of members of the Board who are franchised dealers not of the same line-make involved in the hearing and who are appointed to the panel by the Commissioner.

E. An interested party in a hearing held pursuant to subsection A of this section shall comply with the effective date of compliance established by the Commissioner in his decision in such hearing, unless a stay or extension of such date is granted by the Commissioner or the Commissioner's decision is under judicial review and appeal as provided in subsection A of this section. If, after notice to such interested party and an opportunity to comment, the Commissioner finds an interested party has not complied with his decision by the designated date of compliance, unless a stay or extension of such date has been granted by the Commissioner or the Commissioner's decision is under judicial review and appeal, the Commissioner may assess such interested party a civil penalty not to exceed \$1,000 per day of noncompliance. Civil penalties collected under this subsection shall be deposited into the *Commonwealth* Transportation Trust Fund established pursuant to § 33.2-1524.

F. During the hearing process, parties may obtain documents and materials by discovery pursuant to Rules 4:9 and 4:9A of the Supreme Court of Virginia. The parties shall exchange reports of experts, which shall meet the standard of Rule 4:1 of the Supreme Court of Virginia, at times to be established by the hearing officer. The parties may utilize any other form of discovery provided under the Rules of Supreme Court of Virginia if allowed by the hearing officer based on good cause shown. For discovery permitted under the Rules of Supreme Court of Virginia, a party may object to the discovery sought or seek to limit the discovery sought on any grounds permitted by the Rules or applicable law.

§ 46.2-1573.11. Hearings and other remedies; civil penalties.

Upon the

request of any dealer, a manufacturer or distributor shall disclose in writing to the dealer a description of how a performance standard or program is designed and all relevant information used in the application of the performance standard or program to that dealer.

E. An interested party in a hearing held pursuant to subsection A shall comply with the effective date of compliance established by the Commissioner in his decision in such hearing, unless a stay or extension of such date is granted by the Commissioner or the Commissioner's decision is under judicial review and appeal as provided in subsection A. If, after notice to such interested party and an opportunity to comment, the Commissioner finds an interested party has not complied with his decision by the designated date of compliance, unless a stay or extension of such date has been granted by the Commissioner or the Commissioner's decision is under judicial review and appeal, the Commissioner may assess such interested party a civil penalty not to exceed \$1,000 per day of noncompliance. Civil penalties collected under this subsection shall be deposited into the ~~Transportation Trust~~ *Highway Maintenance and Operating* Fund established pursuant to § 33.2-1524 § 33.2-1530.

C. Notwithstanding any contrary provision of this article, the Commissioner shall initiate investigations, conduct hearings, and determine the rights of parties under this article whenever he is provided information indicating a possible violation of any provision of this article.

D. For purposes of any matter brought to the Commissioner under subdivisions 3, 4, 5, 6, and 9 of § 46.2-1573.16 with respect to which the Commissioner is to determine whether there is good cause for a proposed action or whether it would be unreasonable under the circumstances, the Commissioner shall consider:

1. The volume of the affected dealer's business in the relevant market area;
2. The nature and extent of the dealer's investment in its business;

7. Other economic and geographical factors reasonably associated with the proposed action.

With respect to subdivision 6, any performance standard or program for measuring dealership performance that may have a material effect on a dealer, and the application of any such standard or program by a manufacturer or distributor, shall be fair, reasonable, and equitable and, if based upon a survey, shall be based upon a statistically valid sample. Upon the request of any dealer, a manufacturer or distributor shall disclose in writing to the dealer a description of how a performance standard or program is designed and all relevant information used in the application of the performance standard or program to that dealer.

§ 58.1-608.3. Entitlement to certain sales tax revenues.

A. As used in this section, the following words and terms have the following meanings, unless some other meaning is plainly intended:

"Bonds" means any obligations of a municipality for the payment of money.

"Cost," as applied to any public facility or to extensions or additions to any public facility, includes: (i) the purchase price of any public facility acquired by the municipality or the cost of acquiring all of the capital stock of the corporation owning the public facility and the amount to be paid to discharge any obligations in order to vest title to the public facility or any part of it in the municipality; (ii) expenses incident to determining the feasibility or practicability of the public facility; (iii) the cost of plans and specifications, surveys and estimates of costs and of revenues; (iv) the cost of all land, property, rights, easements and franchises acquired; (v) the cost of improvements, property or equipment; (vi) the cost of engineering, legal and other professional services; (vii) the cost of construction or reconstruction; (viii) the cost of all labor, materials, machinery and equipment; (ix) financing charges; (x) interest before and during construction and for up to one year after completion of construction; (xi) start-up costs and operating capital; (xii) payments by a municipality of its share of the cost of any multijurisdictional public facility; (xiii) administrative expense; (xiv) any amounts to be deposited to reserve or replacement funds; and (xv) other expenses as may be necessary or incident to the financing of the public facility. Any obligation or expense incurred by the public facility in connection with any of the foregoing items of cost may be regarded as a part of the cost.

"Municipality" means any county, city, town, authority, commission, or other public entity.

"Public facility" means (i) any auditorium, coliseum, convention center, or conference center, which is owned by a Virginia county, city, town, authority, or other public entity and where exhibits, meetings, conferences, conventions, seminars, or similar public events may be conducted; (ii) any hotel which is owned by a foundation whose sole purpose is to benefit a baccalaureate public institution of higher education in the Commonwealth and which is attached to and is an integral part of such facility, together with any lands reasonably necessary for the conduct of the operation of such events; (iii) any hotel which is attached to and is an integral part of such facility; (iv) any hotel that is adjacent to a convention center owned by a public entity and where the hotel owner enters into a public-private partnership whereby the locality contributes infrastructure, real property, or conference space; or (v) a sports complex consisting of a minor league baseball stadium and related tournament, training, and parking facilities, where a municipality owns a component of the sports complex. However, such public facility must be located in the City of Fredericksburg, City of Hampton, City of Lynchburg, City of Newport News, City of Norfolk, City of Portsmouth, City of Richmond, City of Roanoke, City of Salem, City of Staunton, City of Suffolk, City of Virginia Beach, City of Winchester, or Town of Wise. Any property, real, personal, or mixed, which is necessary or desirable in connection with any such auditorium, coliseum, convention center, sports complex, or conference center, including, without limitation, facilities for food preparation and serving, parking facilities, and office space, is encompassed within this definition. However, structures commonly referred to as "shopping centers" or

"malls" shall not constitute a public facility hereunder. A public facility shall not include residential condominiums, townhomes, or other residential units. In addition, only a new public facility, or a public facility which will undergo a substantial and significant renovation or expansion, shall be eligible under subsection C. A new public facility is one whose construction began after December 31, 1991. A substantial and significant renovation entails a project whose cost is at least 50 percent of the original cost of the facility being renovated and shall have begun after December 31, 1991. A substantial and significant expansion entails an increase in floor space of at least 50 percent over that existing in the preexisting facility and shall have begun after December 31, 1991; or an increase in floor space of at least 10 percent over that existing in a public facility that qualified as such under this section and was constructed after December 31, 1991.

"Sales tax revenues" means such tax collections realized under the Virginia Retail Sales and Use Tax Act (§ 58.1-600 et seq.), as limited herein. "Sales tax revenues" does not include the revenue generated by (i) the 0.5 percent sales and use tax increase enacted by the 1986 Special Session of the General Assembly which shall be paid to the *Commonwealth Transportation Trust Fund* as defined in established pursuant to § 33.2-1524, (ii) the 1.0 percent of the state sales and use tax revenue distributed among the counties and cities of the Commonwealth pursuant to subsection D of § 58.1-638 on the basis of school age population, or (iii) any sales and use tax revenues generated by increases or allocation changes imposed by the 2013 Session of the General Assembly.

B. Notwithstanding the definition of "public facility" in subsection A, a development project that meets the requirements for a "development of regional impact" set forth herein shall be deemed to be a public facility under the provisions of this section. The locality in which the public facility is located shall be entitled to all sales tax revenues generated by transactions taking place at such public facility solely to pay the cost of any bonds issued to pay the cost, or portion thereof, of such public facility pursuant to subsection C. For purposes of this subsection, the development of regional impact must be located in the City of Bristol.

For purposes of this subsection, a "development of regional impact" means a development project (i) towards which the locality contributes infrastructure or real property as part of a public-private partnership with the developer that is equal to at least 20 percent of the aggregate cost of development, (ii) that is reasonably expected to require a capital investment of at least \$50 million, (iii) that is reasonably expected to generate at least \$5 million annually in state sales and use tax revenue from sales within the development, (iv) that is reasonably expected to attract at least one million visitors annually, (v) that is reasonably expected to create at least 2,000 permanent jobs, (vi) that is located in a locality that had a rate of unemployment at least three percentage points higher than the statewide average in November 2011, and (vii) that is located in a locality that is adjacent to a state that has adopted a Border Region Retail Tourism Development District Act. Within 30 days from the date of notification by a locality that it intends to contribute infrastructure or real property as part of a public-private partnership with the developer of a development of regional impact, the Department of Taxation shall review the findings of the locality with respect to clauses (i) through (vi) and shall file a written report with the Chairmen of the House Committee on Finance, the House Committee on Appropriations, and the Senate Committee on Finance.

C. Any municipality which has issued bonds (i) after December 31, 1991, but before January 1, 1996, (ii) on or after January 1, 1998, but before July 1, 1999, (iii) on or after January 1, 1999, but before July 1, 2001, (iv) on or after July 1, 2000, but before July 1, 2003, (v) on or after July 1, 2001, but before July 1, 2005, (vi) on or after July 1, 2004, but before July 1, 2007, (vii) on or after July 1, 2009, but before July 1, 2012, (viii) on or after January 1, 2011, but prior to July 1, 2015, or (ix) on or after January 1, 2013, but prior to July 1, 2020, to pay the cost, or portion thereof, of any public facility shall be entitled to all sales tax revenues generated by transactions taking place in such public facility. In the case of a public facility described in clause (v) of the definition of public facility, all such sales tax revenues shall be applied solely to repayment of the bonds issued to pay the cost, or portion thereof, of the municipality-owned component of the sports complex. Such entitlement shall continue for the lifetime of such bonds, or any refinancing or refunding thereof, but in no event shall such entitlement exceed 35 years from the initial date that any bonds were issued to pay the cost, or a portion thereof, of any public facility, and all such sales tax revenues shall be applied to repayment of the bonds. The State Comptroller shall remit such sales tax revenues to the municipality on a quarterly basis, subject to such reasonable processing delays as may be required by the Department of Taxation to calculate the actual net sales tax revenues derived from the public facility. The State Comptroller shall make such remittances to eligible municipalities, as provided herein, notwithstanding any provisions to the contrary in the Virginia Retail Sales and Use Tax Act (§ 58.1-600 et seq.). No such remittances shall be made until construction is completed and, in the case of a renovation or expansion, until the governing body of the municipality has certified that the renovation or expansion is completed; however, in the case of any public facility consisting of more than one building or structure, such remittances shall be made on a quarterly basis beginning with the first quarter in which any sales tax revenue is generated by transactions taking place at any building or structure within such public facility, whether or not construction of all or any portion, phase, building, or structure of such public facility has been completed.

D. Nothing in this section shall be construed as authorizing the pledging of the faith and credit of the Commonwealth of Virginia, or any of its revenues, for the payment of any bonds. Any appropriation made pursuant to this section shall be made only from sales tax revenues derived from the public facility for which bonds may have been issued to pay the cost, in whole or in part, of such public facility.

§ 58.1-638. Disposition of state sales and use tax revenue.

A. The Comptroller shall designate a specific revenue code number for all the state sales and use tax revenue collected under the preceding sections of this chapter.

1. The sales and use tax revenue generated by the one-half percent sales and use tax increase enacted by the 1986 Special Session of the General Assembly shall be paid, in the manner hereinafter provided in this section, to the Commonwealth Transportation Trust Fund as defined in *established pursuant to* § 33.2-1524. Of the funds paid to the Transportation Trust Fund, an aggregate of 4.2 percent shall be set aside as the Commonwealth Port Fund as provided in this section; an aggregate of 2.4 percent shall be set aside as the Commonwealth Airport Fund as provided in this section; and an aggregate of 14.7 percent shall be set aside as the Commonwealth Mass Transit Fund as provided in this section. The Fund's share of such net revenue shall be computed as an estimate of the net revenue to be received into the state treasury each month, and such estimated payment shall be adjusted for the actual net revenue received in the preceding month. All payments shall be made to the Fund on the last day of each month.

2. There is hereby created in the Department of the Treasury a special nonreverting fund which shall be a part of the Transportation Trust Fund and which shall be known as the Commonwealth Port Fund.

a. The Commonwealth Port Fund shall be established on the books of the Comptroller and the funds remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on such funds shall remain in the Fund and be credited to it. Funds may be paid to any authority, locality or commission for the purposes hereinafter specified.

b. The amounts allocated pursuant to this section shall be allocated by the Commonwealth Transportation Board to the Board of Commissioners of the Virginia Port Authority to be used to support port capital needs and the preservation of existing capital needs of all ocean, river, or tributary ports within the Commonwealth. Expenditures for such capital needs are restricted to those capital projects specified in subsection B of § 62.1-132.1.

c. Commonwealth Port Fund revenue shall be allocated by the Board of Commissioners to the Virginia Port Authority in order to foster and stimulate the flow of maritime commerce through the ports of Virginia, including but not limited to the ports of Richmond, Hopewell, and Alexandria.

3. There is hereby created in the Department of the Treasury a special nonreverting fund which shall be part of the Transportation Trust Fund and which shall be known as the Commonwealth Airport Fund. The Commonwealth Airport Fund shall be established on the books of the Comptroller and any funds remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on the funds shall be credited to the Fund. The funds so allocated shall be allocated by the Commonwealth Transportation Board to the Virginia Aviation Board. The funds shall be allocated by the Virginia Aviation Board to any Virginia airport which is owned by the Commonwealth, a governmental subdivision thereof, or a private entity to which the public has access for the purposes enumerated in § 5.1-2.16, or is owned or leased by the Metropolitan Washington Airports Authority (MWAA), as follows:

Any new funds in excess of \$12.1 million which are available for allocation by the Virginia Aviation Board from the Commonwealth Transportation Fund, shall be allocated as follows: 60 percent to MWAA, up to a maximum annual amount of \$2 million, and 40 percent to air carrier airports as provided in subdivision A 3 a. Except for adjustments due to changes in enplaned passengers, no air carrier airport sponsor, excluding MWAA, shall receive less funds identified under subdivision A 3 a than it received in fiscal year 1994-1995.

Of the remaining amount:

a. Forty percent of the funds shall be allocated to air carrier airports, except airports owned or leased by MWAA, based upon the percentage of enplanements for each airport to total enplanements at all air carrier airports, except airports owned or leased by MWAA. No air carrier airport sponsor, however, shall receive less than \$50,000 nor more than \$2 million per year from this provision.

b. Sixty percent of the funds shall be allocated as follows:

(1) For the first six months of each fiscal year, the funds shall be allocated as follows:

(a) Forty percent of the funds shall be allocated by the Aviation Board for air carrier and reliever airports on a discretionary basis, except airports owned or leased by MWAA; and

(b) Twenty percent of the funds shall be allocated by the Aviation Board for general aviation airports on a discretionary basis; and

(2) For the second six months of each fiscal year, all remaining funds shall be allocated by the Aviation Board for all eligible airports on a discretionary basis, except airports owned or leased by MWAA.

3a. There is hereby created in the Department of the Treasury a special nonreverting fund that shall be a part of the Transportation Trust Fund and that shall be known as the Commonwealth Space Flight Fund. The Commonwealth Space Flight Fund shall be established on the books of the Comptroller and the funds remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on such funds shall remain in the Fund and be credited to it.

a. The amounts allocated to the Commonwealth Space Flight Fund pursuant to § 33.2-1526 shall be allocated by the Commonwealth Transportation Board to the Board of Directors of the Virginia Commercial Space Flight Authority to be used to support the capital needs, maintenance, and operating costs of any and all facilities owned and operated by the Virginia Commercial Space Flight Authority.

b. Commonwealth Space Flight Fund revenue shall be allocated by the Board of Directors to the Virginia Commercial Space Flight Authority in order to foster and stimulate the growth of the commercial space flight industry in Virginia.

4. There is hereby created in the Department of the Treasury a special nonreverting fund which shall be a part of the Transportation Trust Fund and which shall be known as the Commonwealth Mass Transit Fund.

a. The Commonwealth Mass Transit Fund shall be established on the books of the Comptroller and any funds remaining in such Fund at the end of the biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on such funds shall be credited to the Fund.

b. The amounts allocated pursuant to § 33.2-1526.1 shall be used to support the operating, capital, and administrative costs of public transportation at a state share determined by the Commonwealth Transportation Board, and these amounts may be used to support the capital project costs of public transportation and ridesharing equipment, facilities, and associated costs at a state share determined by the Commonwealth Transportation Board. Capital costs may include debt service payments on local or agency transit bonds.

c. There is hereby created in the Department of the Treasury a special nonreverting fund known as the Commonwealth Transit Capital Fund. The Commonwealth Transit Capital Fund shall be part of the Commonwealth Mass Transit Fund. The Commonwealth Transit Capital Fund subaccount shall be established on the books of the Comptroller and consist of such moneys as are appropriated to it by the General Assembly and of all donations, gifts, bequests, grants, endowments, and other moneys given, bequeathed, granted, or otherwise made available to the Commonwealth Transit Capital Fund. Any funds remaining in the Commonwealth Transit Capital Fund at the end of the biennium shall not revert to the general fund, but shall remain in the Commonwealth Transit Capital Fund. Interest earned on funds within the Commonwealth Transit Capital Fund shall remain in and be credited to the Commonwealth Transit Capital Fund. Proceeds of the Commonwealth Transit Capital Fund may be paid to any political subdivision, another public entity created by an act of the General Assembly, or a private entity as defined in § 33.2-1800 and for purposes as enumerated in subdivision 7 of § 33.2-1701 or expended by the Department of Rail and Public Transportation for the purposes specified in this subdivision. Revenues of the Commonwealth Transit Capital Fund shall be used to support capital expenditures involving the establishment, improvement, or expansion of public transportation services through specific projects approved by the Commonwealth Transportation Board. The Commonwealth Transit Capital Fund shall not be allocated without requiring a local match from the recipient.

B. The sales and use tax revenue generated by a one percent sales and use tax shall be distributed among the counties and cities of the Commonwealth in the manner provided in subsections C and D.

C. The localities' share of the net revenue distributable under this section among the counties and cities shall be apportioned by the Comptroller and distributed among them by warrants of the Comptroller drawn on the Treasurer of Virginia as soon as practicable after the close of each month during which the net revenue was received into the state treasury. The distribution of the localities' share of such net revenue shall be computed with respect to the net revenue received into the state treasury during each month, and such distribution shall be made as soon as practicable after the close of each such month.

D. The net revenue so distributable among the counties and cities shall be apportioned and distributed upon the basis of the latest yearly estimate of the population of cities and counties ages five to 19, provided by the Weldon Cooper Center for Public Service of the University of Virginia. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for persons who are domiciled in orphanages or charitable institutions or who are dependents living on any federal military or naval reservation or other federal property within the school division in which the institutions or federal military or naval reservation or other federal property is located. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for members of the military services who are under 20 years of age within the school division in which the parents or guardians of such persons legally reside. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for individuals receiving services in state hospitals, state training centers, or mental health facilities, persons who are confined in state or federal correctional institutions, or persons who attend the Virginia School for the Deaf and the Blind within the school division in which the parents or guardians of such persons legally reside. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for persons who attend institutions of higher education within the school division in which the student's parents or guardians legally reside. To such estimate, the Department of Education shall add the population of students with disabilities, ages two through four and 20 through 21, as provided to the Department of Education by school divisions. The revenue so apportionable and distributable is hereby appropriated to the several counties and cities for maintenance, operation, capital outlays, debt and interest payments, or other expenses incurred in the operation of the public schools, which shall be considered as funds raised from local resources. In any county, however, wherein is situated any incorporated town constituting a school division, the county treasurer shall pay into the town treasury for maintenance, operation, capital outlays, debt and interest payments, or other expenses incurred in the operation of the public schools, the proper proportionate amount received by him in the ratio that the school population of such town bears to the school population of the entire county. If the school population of any city or of any town constituting a school division is increased by the annexation of territory since the last estimate of school population provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this section, be added to the school population of such city or town as shown by the last such estimate and a proper reduction made in the school population of the county or counties from which the annexed territory was acquired.

E. Beginning July 1, 2000, of the remaining sales and use tax revenue, the revenue generated by a two percent sales and use tax, up to an annual amount of \$13 million, collected from the sales of hunting equipment, auxiliary hunting equipment, fishing equipment, auxiliary fishing equipment, wildlife-watching equipment, and auxiliary wildlife-watching

equipment in Virginia, as estimated by the most recent U.S. Department of the Interior, Fish and Wildlife Service and U.S. Department of Commerce, Bureau of the Census National Survey of Fishing, Hunting, and Wildlife-Associated Recreation, shall be paid into the Game Protection Fund established under § 29.1-101 and shall be used, in part, to defray the cost of law enforcement. Not later than 30 days after the close of each quarter, the Comptroller shall transfer to the Game Protection Fund the appropriate amount of collections to be dedicated to such Fund. At any time that the balance in the Capital Improvement Fund, established under § 29.1-101.01, is equal to or in excess of \$35 million, any portion of sales and use tax revenues that would have been transferred to the Game Protection Fund, established under § 29.1-101, in excess of the net operating expenses of the Board, after deduction of other amounts which accrue to the Board and are set aside for the Game Protection Fund, shall remain in the general fund until such time as the balance in the Capital Improvement Fund is less than \$35 million.

F. 1. Of the net revenue generated from the one-half percent increase in the rate of the state sales and use tax effective August 1, 2004, pursuant to enactments of the 2004 Special Session I of the General Assembly, the Comptroller shall transfer from the general fund of the state treasury to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund established under § 58.1-638.1 an amount equivalent to one-half of the net revenue generated from such one-half percent increase as provided in this subdivision. The transfers to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund under this subdivision shall be for one-half of the net revenue generated (and collected in the succeeding month) from such one-half percent increase for the month of August 2004 and for each month thereafter.

2. Beginning July 1, 2013, of the remaining sales and use tax revenue, an amount equal to the revenue generated by a 0.125 percent sales and use tax shall be distributed to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund established under § 58.1-638.1, and be used for the state's share of Standards of Quality basic aid payments.

3. For the purposes of the Comptroller making the required transfers under subdivision 1 and 2, the Tax Commissioner shall make a written certification to the Comptroller no later than the twenty-fifth of each month certifying the sales and use tax revenues generated in the preceding month. Within three calendar days of receiving such certification, the Comptroller shall make the required transfers to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund.

§ 58.1-2701. (Contingent expiration date) Amount of tax.

A. Except as provided in subsection C, every motor carrier shall pay a road tax per gallon equivalent to the cents per gallon credit for diesel fuel as determined under subsection A of § 58.1-2706 for the relevant period plus an additional amount per gallon, as determined by subsection B, calculated on the amount of motor fuel, diesel fuel or liquefied gases (which would not exist as liquids at a temperature of 60 degrees Fahrenheit and a pressure of 14.7 pounds per square inch absolute), used in its operations within the Commonwealth.

The tax imposed by this chapter shall be in addition to all other taxes of whatever character imposed on a motor carrier by any other provision of law.

B. The additional amount per gallon shall be determined by the Commissioner annually, effective July 1 of each year. On July 1, 2019, the additional amount per gallon shall be calculated by multiplying the average fuel economy by \$0.01125. On July 1, 2020, and each July 1 thereafter, the additional amount per gallon shall be calculated by multiplying the average fuel economy by \$0.0225. The additional amount per gallon shall be rounded to the nearest one-tenth of a cent. For purposes of this subsection, "average fuel economy" shall be calculated by dividing the total taxable miles driven in the Commonwealth by the total taxable gallons of fuel consumed in the Commonwealth, as reported in IFTA returns in the preceding taxable year.

C. In lieu of the tax imposed in subsection A, motor carriers registering qualified highway vehicles that are not registered under the International Registration Plan shall pay a fee of \$150 per year for each qualified highway vehicle regardless of whether such vehicle will be included on the motor carrier's IFTA return. For the period of July 1, 2019, through June 30, 2020, the fee shall be adjusted based on the percent change in the road tax imposed pursuant to subsection A from June 30, 2019, to July 1, 2019. The Commissioner shall adjust the fee annually on July 1 of every year thereafter based on the percentage change in the road tax imposed pursuant to subsection A for the previous fiscal year as compared to the current fiscal year. The fee is due and payable when the vehicle registration fees are paid pursuant to the provisions of Article 7 (§ 46.2-685 et seq.) of Chapter 6 of Title 46.2.

If a vehicle becomes a qualified highway vehicle before the end of its registration period, the fee due at the time the vehicle becomes a qualified highway vehicle shall be prorated monthly to the registration expiration month. Fees paid under this subsection shall not be refunded unless a full refund of the registration fee paid is authorized by law.

The Board shall ensure that for any interstate highway with more than 10 percent of total interstate truck vehicle miles traveled that the total long-term expenditure for each such interstate highway is approximately equal to the proportional revenue subject to clause (iii) that is attributable to such interstate highway. For purposes of this subdivision, "net additional revenues" means the additional revenues generated by this section pursuant to enactments of the 2019 Session of the General Assembly, minus any refunds or remittances required to be paid.~~

§ 10. *Exemption of interest from tax.*

The bonds and BANs issued under the provisions of this act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any county, city, or town, or other political subdivision thereof. The Board is hereby authorized, by and with the consent of the Governor, to issue, pursuant to the provisions of the Bond Act, revenue obligations of the Commonwealth, to be designated "Commonwealth of Virginia Interstate 81 Corridor Program Revenue Bonds, Series". The Board may issue bonds in one or multiple issues, provided that the aggregate principal amount does not exceed \$1 billion after all costs. Such amount shall include amounts needed to fund issuance costs, reserve funds, capitalized interest, and other financing expenses, but shall exclude any refunding bonds. Such aggregate principal amount shall not include the principal amount of any bonds issued to refund prior obligations issued under this Act and shall not include any pre-project completion interest that may be converted to principal in connection with any federal program borrowing undertaken pursuant to subsection D of § 6.

§ 4. The Board shall use the proceeds of any bonds, including any premium received on the sale thereof, for the exclusive purpose of paying costs incurred or to be incurred in relation to the Plan and the Program. Such costs may

include payment of bond interest during and after the construction of transportation improvements, as determined by the Board. Such costs may include expenditures for:

1. Environmental and engineering studies;
2. Acquisition of rights of way;
3. Improvements to any existing mode of transportation;
4. Acquisition of real and personal property;
5. Construction of new modes of transportation and improvements thereto;
6. Contributions to reserve funds;
7. Any financing expenses; and
8. Any purpose the Board deems necessary to implementing the Plan and the Program.

§ 5. The Board shall make proceeds of the bonds available to pay costs for the purposes identified in § 4, or to refund previously issued bonds providing funds to pay for the purposes identified in § 4. The Board may make payments to any authority, commission, locality, or other entity of the Commonwealth for purposes of paying such entity's costs related to transportation projects. The Board shall use bond proceeds together with any federal, local, or private funds that may be made available for similar purposes. The Board may use proceeds from the bonds, together with any investment earnings from such bonds, to secure the payment of principal or the purchase price and redemption premium, if any, and interest on the bonds.

§ 6. A. The Board shall determine the terms and structure of each issue of bonds, provided that its determination shall be subject to approval by the Treasury Board in accordance with § 2.2-2416 of the Code of Virginia and any amendments thereto. The bonds of each issue shall:

1. Be dated;
2. Be issued in a principal amount subject to the limitations identified in § 3;
3. Bear interest at rate or rates, which may be fixed, adjustable, variable, or a combination thereof and which may be determined according to a formula or other method;
4. Mature at a time or times not exceeding 39 years from the date of issue, except as provided in subsection D; and
5. If directed by the Board, be issued under a system of book entry for recording the ownership and transfer of ownership of rights to receive payments of principal or purchase price and redemption premium, if any, and interest on such bonds.

B. The Board may determine that bonds be made subject to purchase or redemption before their maturity or maturities, at such price or prices and under such terms and conditions it deems appropriate. The Board shall:

1. Determine the form of the bonds;
2. Determine whether the bonds are certificated or uncertificated;
3. Fix the authorized denomination of the bonds, provided that interest on the bonds shall be made payable in lawful money of the United States; and
4. Fix the place or places of payment of the bonds' principal, purchase price, redemption premium, if any, and interest, provided that such place may be the office of the State Treasurer or any bank or trust company in the United States.

C. All bonds issued under the Act shall have, as between successive holders, all the qualities and incidents of negotiable instruments under the Commonwealth's negotiable instruments laws.

D. Notwithstanding the maturity limitation prescribed in subdivision A 4, if the Board enters into an agreement with the authorization of the U.S. Department of Transportation pursuant to the provisions of subdivision 18 of § 33.2-1701 of the Code of Virginia, any loan, credit facility, or other borrowing that occurs under such agreement, including any advancement under a line of credit or lending program with an individualized prepayment schedule, shall not exceed 39 years from the first scheduled payment of principal. The first scheduled payment of principal shall be not more than five years from the initial advancement of funds under such loan, credit facility, line of credit, or other borrowing.

E. The Board may sell bonds from time to time at public or private sale for such price or prices as it determines to be in the best interest of the Commonwealth. The Board may sell bonds by competitive bidding, negotiated sale, or private placement with private lenders or governmental agencies.

§ 7. A. Any bonds issued pursuant to this act shall (i) be signed on behalf of the Board by the chairman or vice-chairman of the Board or shall bear the facsimile signature of such officer and (ii) bear the official seal of the Board, which shall be attested to by the manual or facsimile signature of the secretary or assistant secretary of the Board. If a bond bears a facsimile signature pursuant to clause (i), the bonds shall be signed by a designee of the Board, who may be an administrative assistant, a registrar, or a paying agent. If an officer whose signature or facsimile signature ceases to be an officer before the delivery of a bond that he signed, his signature or facsimile signature shall be valid and sufficient for all purposes as if he had remained an officer until delivery of such bonds.

B. If a loan, line of credit, or other borrowing is not evidenced by a bond, any agreements and instruments as may be necessary to provide evidence of such loan, line of credit, or other borrowing shall be signed on behalf of the Board by the chairman or vice-chairman of the Board. Such agreements and instruments may bear the official seal of the Board. Such agreements and instruments shall be signed by the secretary or assistant secretary of the Board.

§ 8. All expenses incurred under this Act or in connection with any bond issuance shall be paid from the proceeds of such bonds or from any available funds in the Fund.

§ 9. A. The proceeds of the bonds and of any anticipation notes authorized pursuant to the Act shall be placed by the State Treasurer in a special fund in the State Treasury or placed with a trustee in accordance with the provisions of

§ 33.2-1716 of the Code of Virginia and any amendments thereto. Such proceeds shall be disbursed only for the purpose for which such bonds and anticipation notes were issued. Proceeds derived from the sale of bonds authorized by this Act shall first be used to pay anticipation notes, if any were issued in anticipation of the sale of such bonds and renewals of such bonds.

B. Subsection A shall not apply to the proceeds of bonds when the issuance of such bonds has been anticipated by anticipation notes.

C. In accordance with subsection C of § 33.2-3601 of the Code of Virginia, proceeds of bonds and the distribution and expenditure of such proceeds shall not reduce the share of federal, state, or local revenues otherwise available to jurisdictions along the Interstate 81 corridor. Such revenues shall not affect the calculation of a locality's ability to pay for public education for purposes of determining appropriations of state revenues to localities for public education.

§ 10. The Board may receive any other funds that may be made available to pay costs of projects related to the Plan and the Program and, subject to appropriation by the General Assembly, may make available such funds for the payment of the principal, purchase price, and redemption premium, if any, and interest on bonds authorized under this Act. The Board is authorized to enter into agreements with any department or agency of the Commonwealth or any other party to allow for such funds, and any other funds, to be paid into the state treasury, or to a trustee in accordance with the provisions of § 33.2-1716 of the Code of Virginia and any amendments thereto, to pay a part of the costs of such projects, to pay any costs of issuance, to fund any part of any reserve fund, or to pay the principal or purchase price of, and redemption premium, if any, and interest on the bonds.

§ 11. In connection with the issuance or planned issuance of any bonds, the Board shall establish a fund either in the state treasury with the cooperation of the State Treasurer, or with a trustee in accordance with the provisions of § 33.2-1716 of the Code of Virginia and any amendments thereto. Such fund shall secure and be used for the payments of the bonds to the credit of which there shall be deposited such amounts, subject to appropriation by the General Assembly, necessary to pay principal, purchase price of, redemption premium if any, and interest on the bonds, as and when such costs become due and payable. Such costs shall be paid from the revenues deposited into the Interstate 81 Corridor Improvement Fund pursuant to § 58.1-2299.20 of the Code of Virginia derived from the receipt of regional fuels tax levied pursuant to § 58.1-2295 of the Code of Virginia.

§ 12. In connection with the issuance or planned issuance of any bonds, the Board may pay any necessary and appropriate support costs, including debt service or deposits to reserve funds, from revenues deposited to the Interstate 81 Corridor Improvement Fund pursuant to § 58.1-2299.20 of the Code of Virginia derived from the receipt of regional fuels tax levied pursuant to § 58.1-2295 of the Code of Virginia.

§ 13. The State Treasurer shall invest bond proceeds and moneys in any reserve funds and sinking funds related to bonds in accordance with the provisions of Chapter 18 (§ 2.2-1800 et seq.) of Title 2.2 of the Code of Virginia and any applicable law governing management of funds by a trustee pursuant to § 33.2-1716 of the Code of Virginia, and any amendments thereto.

§ 14. No tax or fee shall be imposed by the Commonwealth, a locality, or any other entity of the Commonwealth on the interest income and profit made on the sale of obligations issued under the provisions of the Act.

§ 15. Any obligation issued under this Act shall be considered a security in which any person and entity identified in § 33.2-1713 of the Code of Virginia may properly and legally invest funds.

§ 16. If any provision of this Act conflicts with a provision of the Bond Act, the provision of this Act shall control.

§ 17. This Act, being necessary for the welfare of the Commonwealth and its inhabitants, shall be liberally construed to effect the purpose of this Act.

§ 18. That should any portion of this Act be held unconstitutional by a court of competent jurisdiction, the remaining portions of this Act shall remain in effect.

16. That the provisions of this act amending §§ 58.1-802.3, 58.1-1743, and 58.1-1744 of the Code of Virginia shall become effective on May 1, 2021.

17. That notwithstanding the provisions of § 58.1-802.4 of the Code of Virginia, as created by this act, to the contrary, for the period of July 1, 2020, through April 30, 2021, the rate of the regional congestion relief fee, when the consideration or value of interest, whichever is greater, equals or exceeds \$100, shall be \$0.05 per \$100 or fraction thereof, exclusive of the value of any lien or encumbrance remaining thereon at the time of sale, whether such lien is assumed or the realty is sold subject to such lien or encumbrance.

18. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 854 of the Acts of Assembly of 2019 requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of \$50,000. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation is \$0 for periods of commitment to the custody of the Department of Juvenile Justice.

CHAPTER 1231

An Act to amend and reenact §§ 55.1-1204 and 55.1-1250 of the Code of Virginia, relating to landlord and tenant; charge for late payment of rent; restrictions.

[H 1420]

Approved April 22, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 55.1-1204 and 55.1-1250 of the Code of Virginia are amended and reenacted as follows:

§ 55.1-1204. Terms and conditions of rental agreement; payment of rent; copy of rental agreement for tenant.

A. A landlord and tenant may include in a rental agreement terms and conditions not prohibited by this chapter or other rule of law, including rent, charges for late payment of rent, the term of the agreement, automatic renewal of the rental agreement, requirements for notice of intent to vacate or terminate the rental agreement, and other provisions governing the rights and obligations of the parties.

B. The landlord shall offer the tenant a written rental agreement containing the terms governing the rental of the dwelling unit and setting forth the terms and conditions of the landlord tenant relationship. Such written rental agreement shall be effective upon the date signed by the parties.

C. If a landlord does not offer a written rental agreement, the tenancy shall exist by operation of law, consisting of the following terms and conditions:

1. The provision of this chapter shall be applicable to the dwelling unit that is being rented;

2. The duration of the rental agreement shall be for 12 months and shall not be subject to automatic renewal, except in the event of a month-to-month lease as otherwise provided for under subsection C of § 55.1-1253;

3. Rent shall be paid in 12 equal periodic installments in an amount agreed upon by the landlord and the tenant and if no amount is agreed upon, the installments shall be at fair market rent;

4. Rent payments shall be due on the first day of each month during the tenancy and shall be considered late if not paid by the fifth of the month;

5. If the rent is paid by the tenant after the fifth day of any given month, the landlord shall be entitled to charge a late charge as provided in this chapter;

6. The landlord may collect a security deposit not to exceed an amount equal to two months of rent; and

7. The parties may enter into a written rental agreement at any time during the 12-month tenancy created by this subsection.

D. Except as provided in the written rental agreement, or as provided in subsection C if no written agreement is offered, rent shall be payable without demand or notice at the time and place agreed upon by the parties. Except as provided in the written rental agreement, rent is payable at the place designated by the landlord, and periodic rent is payable at the beginning of any term of one month or less and otherwise in equal installments at the beginning of each month. If the landlord receives from a tenant a written request for a written statement of charges and payments, he shall provide the tenant with a written statement showing all debits and credits over the tenancy or the past 12 months, whichever is shorter. The landlord shall provide such written statement within 10 business days of receiving the request.

E. *A landlord shall not charge a tenant for late payment of rent unless such charge is provided for in the written rental agreement. No such late charge shall exceed the lesser of 10 percent of the periodic rent or 10 percent of the remaining balance due and owed by the tenant.*

F. Except as provided in the written rental agreement or, as provided in subsection C if no written agreement is offered, the tenancy shall be week-to-week in the case of a tenant who pays weekly rent and month-to-month in all other cases. Terminations of tenancies shall be governed by § 55.1-1253 unless the rental agreement provides for a different notice period.

G. If the rental agreement contains any provision allowing the landlord to approve or disapprove a sublessee or assignee of the tenant, the landlord shall, within 10 business days of receipt of the written application of the prospective sublessee or assignee on a form to be provided by the landlord, approve or disapprove the sublessee or assignee. Failure of the landlord to act within 10 business days is evidence of his approval.

H. The landlord shall provide a copy of any written rental agreement signed by both the tenant and the landlord to the tenant within one month of the effective date of the written rental agreement. The failure of the landlord to deliver such a rental agreement shall not affect the validity of the agreement.

I. No unilateral change in the terms of a rental agreement by a landlord or tenant shall be valid unless (i) notice of the change is given in accordance with the terms of the rental agreement or as otherwise required by law and (ii) both parties consent in writing to the change.

J. The landlord shall provide the tenant with a written receipt, upon request from the tenant, whenever the tenant pays rent in the form of cash or money order.

§ 55.1-1250. Landlord's acceptance of rent with reservation.

A. The landlord may accept full or partial payment of all rent and receive an order of possession from a court of competent jurisdiction pursuant to an unlawful detainer action filed under Article 13 (§ 8.01-124 et seq.) of Chapter 3 of Title 8.01 and proceed with eviction under § 55.1-1255, provided that the landlord has stated in a written notice to the tenant

that any and all amounts owed to the landlord by the tenant, including payment of any rent, damages, money judgment, award of attorney fees, and court costs, would be accepted with reservation and would not constitute a waiver of the landlord's right to evict the tenant from the dwelling unit. Such notice may be included in a written termination notice given by the landlord to the tenant in accordance with § 55.1-1245, and if so included, nothing herein shall be construed by a court of law or otherwise as requiring such landlord to give the tenant subsequent written notice. If the dwelling unit is a public housing unit or other housing unit subject to regulation by the U.S. Department of Housing and Urban Development, nothing in this section shall be construed to require that written notice be given to any public agency paying a portion of the rent under the rental agreement. If a landlord enters into a new written rental agreement with the tenant prior to eviction, an order of possession obtained prior to the entry of such new rental agreement is not enforceable.

B. The tenant may pay or present to the court a redemption tender for payment of all rent due and owing as of the return date, including late charges, attorney fees, and court costs, at or before the first return date on an action for unlawful detainer. For purposes of this section, "redemption tender" means a written commitment to pay all rent due and owing as of the return date, including late charges, attorney fees, and court costs, by a local government or nonprofit entity within 10 days of such return date.

C. If the tenant presents a redemption tender to the court at the return date, the court shall continue the action for unlawful detainer for 10 days following the return date for payment to the landlord of all rent due and owing as of the return date, including late charges, attorney fees, and court costs, and dismiss the action upon such payment. Should the landlord not receive full payment of all rent due and owing as of the return date, including late charges, attorney fees, and court costs, within 10 days of the return date, the court shall, without further evidence, grant to the landlord judgment for all amounts due and immediate possession of the premises.

D. In cases of unlawful detainer, a tenant may pay the landlord or the landlord's attorney or pay into court all (i) rent due and owing as of the court date as contracted for in the rental agreement, (ii) other charges and fees as contracted for in the rental agreement, (iii) late charges contracted for in the rental agreement, (iv) reasonable attorney fees as contracted for in the rental agreement or as provided by law, and (v) costs of the proceeding as provided by law, at which time the unlawful detainer proceeding shall be dismissed. If such payment has not been made as of the return date for the unlawful detainer, the tenant may pay to the landlord, the landlord's attorney, or the court all amounts claimed on the summons in unlawful detainer, including current rent, damages, late fees charges, costs of court, any civil recovery, attorney fees, and sheriff fees, no less than two business days before the date scheduled by the officer to whom the writ of eviction has been delivered to be executed. Any payments made by the tenant shall be by cashier's check, certified check, or money order. A tenant may invoke the rights granted in this section no more than one time during any 12-month period of continuous residency in the dwelling unit, regardless of the term of the rental agreement or any renewal term of the rental agreement.

2. That an emergency exists and this act is in force from its passage.

No such abstract shall include any record of any conviction or accident more than 60 months after the date of such conviction or accident unless the Commissioner or court used the conviction or accident as a reason for the suspension or revocation of a driver's license or driving privilege, in which case the revocation or suspension and any conviction or accident pertaining thereto shall cease to be included in such abstract after 60 months from the date on which the driver's license or driving privilege was reinstated. No abstract released under this subdivision shall be admissible in evidence in any court proceedings.

9. On the request of any federal, state, or local governmental entity, local government group self-insurance pool, law-enforcement officer, attorney for the Commonwealth, court, or the authorized agent of any of the foregoing, the Commissioner shall (i) compare personal information supplied by the governmental entity, local government group self-insurance pool, law-enforcement officer, attorney for the Commonwealth, court, or the authorized agent of any of the foregoing, with that contained in the Department's records and, when the information supplied by the governmental entity, local government group self-insurance pool, law-enforcement officer, attorney for the Commonwealth, court, or the authorized agent of any of the foregoing, is different from that contained in the Department's records, provide the governmental entity, local government group self-insurance pool, law-enforcement officer, attorney for the Commonwealth, court, or the authorized agent of any of the foregoing, with correct information as contained in the Department's records and (ii) provide driver and vehicle information in the form of an abstract of the record showing all convictions, accidents, and driver's license suspensions or revocations. § 46.2-882. Determining speed with various devices; certificate as to accuracy of device; arrest without warrant.

The speed of any motor vehicle may be determined by the use of (i) a laser speed determination device, (ii) radar, (iii) a microcomputer device that is physically connected to an odometer cable and both measures and records distance traveled and elapsed time to determine the average speed of a motor vehicle, or (iv) a microcomputer device that is located aboard an airplane or helicopter and measures and records distance traveled and elapsed time to determine the average speed of a motor vehicle being operated on highways within the Interstate System of highways as defined in § 33.2-100. *The speed of motor vehicles may be determined by the use of a photo speed monitoring device as authorized in § 46.2-882.1.* The results of such determinations shall be accepted as prima facie evidence of the speed of such motor vehicle in any court or legal proceeding where the speed of the motor vehicle is at issue.

In any court or legal proceeding in which any question arises about the calibration or accuracy of any laser speed determination device, radar, or microcomputer device, or photo speed monitoring device as described in this section used to determine the speed of any motor vehicle, a certificate, or a true copy thereof, showing the calibration or accuracy of (i) (a) the speedometer of any vehicle, (ii) (b) any tuning fork employed in calibrating or testing the radar or other speed determination device, or (iii) (c) any other method employed in calibrating or testing any laser speed determination device or photo speed monitoring device, and when and by whom the calibration was made, shall be admissible as evidence of the facts therein stated. No calibration or testing of such any device other than a photo speed monitoring device shall be valid for longer than six months. *No calibration or testing of a photo speed monitoring device shall be valid for longer than 12 months.*

The driver of any such motor vehicle may be arrested without a warrant under this section if the arresting officer is in uniform and displays his badge of authority and if the officer has observed the registration of the speed of such motor vehicle by the laser speed determination device, radar, or microcomputer device as described in this section, or has received a radio message from the officer who observed the speed of the motor vehicle registered by the laser speed determination device, radar, or microcomputer device as described in this section. However, in case of an arrest based on such a message, such radio message shall have been dispatched immediately after the speed of the motor vehicle was registered and furnished the license number or other positive identification of the vehicle and the registered speed to the arresting officer.

Neither State Police officers nor local law-enforcement officers shall use laser speed determination devices or radar, as described herein in airplanes or helicopters for the purpose of determining the speed of motor vehicles.

State Police officers may use laser speed determination devices, radar, and/or microcomputer devices as described in this section. All localities may use radar and laser speed determination devices to measure speed. *State Police officers and local law-enforcement may use photo speed monitoring devices to measure speed as authorized in § 46.2-882.1.* The Cities of Alexandria, Fairfax, Falls Church, Manassas, and Manassas Park and the Counties of Arlington, Fairfax, Loudoun, and Prince William and towns within such counties may use microcomputer devices as described in this section.

The Division of Purchases and Supply, pursuant to § 2.2-1112, shall determine the proper equipment used to determine the speed of motor vehicles and shall advise the respective law-enforcement officials of the same. Police chiefs and sheriffs

shall ensure that all such equipment and devices purchased on or after July 1, 1986, meet or exceed the standards established by the Division.

§ 46.2-882.1. Use of photo speed monitoring devices in highway work zones and school crossing zones; civil penalty.

A. For the purposes of this section:

"Highway work zone" has the same meaning ascribed to it in § 46.2-878.1.

"Photo speed monitoring device" means equipment that uses radar or LIDAR-based speed detection and produces one or more photographs, microphotographs, videotapes, or other recorded images of vehicles.

"School crossing zone" has the same meaning ascribed to it in § 46.2-873.

B. A state or local law-enforcement agency may place and operate a photo speed monitoring device in school crossing zones for the purposes of recording violations of § 46.2-873 and in highway work zones for the purposes of recording violations of § 46.2-878.1.

1. The operator of a vehicle shall be liable for a monetary civil penalty imposed pursuant to this section if such vehicle is found, as evidenced by information obtained from a photo speed monitoring device, to be traveling at speeds of at least 10 miles per hour above the posted school crossing zone or highway work zone speed limit within such school crossing zone or highway work zone. Such civil penalty shall not exceed \$100, and any prosecution shall be instituted and conducted in the same manner as prosecution for traffic infractions. Civil penalties collected under this section resulting from a summons issued by a local law-enforcement officer shall be paid to the locality in which such violation occurred. Civil penalties collected under this section resulting from a summons issued by a law-enforcement officer employed by the Department of State Police shall be paid into the Literary Fund.

2. If a photo speed monitoring device is used, proof of a violation of § 46.2-873 or 46.2-878.1 shall be evidenced by information obtained from such device. A certificate, or a facsimile thereof, sworn to or affirmed by a law-enforcement officer, based upon inspection of photographs, microphotographs, videotapes, or other recorded images produced by a photo speed monitoring device, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotapes, or other recorded images evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation of § 46.2-873 or 46.2-878.1.

3. In the prosecution for a violation of § 46.2-873 or 46.2-878.1 in which a summons was issued by mail, prima facie evidence that the vehicle described in the summons issued pursuant to this section was operated in violation of § 46.2-873 or 46.2-878.1, together with proof that the defendant was at the time of such violation the owner, lessee, or renter of the vehicle, shall constitute in evidence a rebuttable presumption that such owner, lessee, or renter of the vehicle was the person who committed the violation. Such presumption shall be rebutted if the owner, lessee, or renter of the vehicle (i) files an affidavit by regular mail with the clerk of the general district court that he was not the operator of the vehicle at the time of the alleged violation and provides the name and address of the person who was operating the vehicle at the time of the alleged violation or (ii) testifies in open court under oath that he was not the operator of the vehicle at the time of the alleged violation and provides the name and address of the person who was operating the vehicle at the time of the alleged violation. Such presumption shall also be rebutted if a certified copy of a police report, showing that the vehicle had been reported to the police as stolen prior to the time of the alleged violation of § 46.2-873 or 46.2-878.1, is presented, prior to the return date established on the summons issued pursuant to this section, to the court adjudicating the alleged violation.

4. Imposition of a penalty pursuant to this section by mailing a summons shall not be deemed a conviction as an operator and shall not be made part of the operating record of the person upon whom such liability is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage. However, if a law-enforcement officer uses a photo speed monitoring device to record a violation of § 46.2-873 or 46.2-878.1 and personally issues a summons at the time of the violation, the conviction that results shall be made a part of such driver's driving record and used for insurance purposes in the provision of motor vehicle insurance coverage.

5. A summons for a violation of § 46.2-873 or 46.2-878.1 issued by mail pursuant to this section may be executed pursuant to § 19.2-76.2. Notwithstanding the provisions of § 19.2-76, a summons issued by mail pursuant to this section may be executed by mailing by first-class mail a copy thereof to the owner, lessee, or renter of the vehicle. In the case of a vehicle owner, the copy shall be mailed to the address contained in the records of or accessible to the Department. In the case of a vehicle lessee or renter, the copy shall be mailed to the address contained in the records of the lessor or renter. Every such mailing shall include, in addition to the summons, a notice of (i) the summoned person's ability to rebut the presumption that he was the operator of the vehicle at the time of the alleged violation through the filing of an affidavit as provided in subdivision 3 and (ii) instructions for filing such affidavit, including the address to which the affidavit is to be sent. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3. No proceedings for contempt or arrest of a person summoned by mailing shall be instituted for failure to appear on the return date of the summons. If the summons is issued to an owner, lessee, or renter of a vehicle with a registration outside the Commonwealth and such person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons will be eligible for all legal collections activities. Any summons executed for a violation of § 46.2-873 or 46.2-878.1 issued pursuant to this section shall provide to the person summoned at least 30 days from the mailing of the summons to inspect information collected by a photo speed monitoring device in connection with the violation. If the law-enforcement agency that was operating the photo speed monitoring device does not execute a summons for a violation of § 46.2-873 or 46.2-878.1 issued pursuant to this section

within 30 days from the date of the violation, all information collected pertaining to that suspected violation shall be purged within 60 days from the date of the violation.

6. A private vendor may enter into an agreement with a law-enforcement agency to be compensated for providing a photo speed monitoring device and all related support services, including consulting, operations, and administration. However, only a law-enforcement officer may swear to or affirm the certificate required by this subsection. Any such agreement for compensation shall be based on the value of the goods and services provided, not on the number of violations paid or monetary penalties imposed. Any private vendor contracting with a law-enforcement agency pursuant to this section may enter into an agreement with the Department, in accordance with the provisions of subdivision B 31 of § 46.2-208, to obtain vehicle owner information regarding the registered owners of vehicles that committed a violation of § 46.2-873 or 46.2-878.1. Any such information provided to such private vendor shall be protected in a database.

7. Information collected by a photo speed monitoring device operated pursuant to this section shall be limited exclusively to that information that is necessary for the enforcement of school crossing zone and highway work zone speeding violations. Information provided to the operator of a photo speed monitoring device shall be protected in a database and used only for enforcement against individuals who violate the provisions of this section or § 46.2-873 or 46.2-878.1. Notwithstanding any other provision of law, all photographs, microphotographs, videotapes, or other recorded images collected by a photo speed monitoring device shall be used exclusively for enforcing school crossing zone and highway work zone speed limits and shall not be (i) open to the public; (ii) sold or used for sales, solicitation, or marketing purposes; (iii) disclosed to any other entity except as may be necessary for the enforcement of school crossing zone and highway work zone speed limits or to a vehicle owner or operator as part of a challenge to the violation; or (iv) used in a court in a pending action or proceeding unless the action or proceeding relates to a violation of this section or § 46.2-873 or 46.2-878.1, or such information is requested upon order from a court of competent jurisdiction. Information collected under this section pertaining to a specific violation shall be purged and not retained later than 60 days after the collection of any civil penalties. Any law-enforcement agency using photo speed monitoring devices shall annually certify compliance with this section and make all records pertaining to such system available for inspection and audit by the Commissioner of Highways or the Commissioner of the Department of Motor Vehicles or his designee. Any person who discloses personal information in violation of the provisions of this subdivision shall be subject to a civil penalty of \$1,000 per disclosure.

8. A conspicuous sign shall be placed within 1,000 feet of any school crossing zone or highway work zone at which a photo speed monitoring device is used, indicating the use of the device. There shall be a rebuttable presumption that such sign was in place at the time of the commission of the speed limit violation.

9. Any state or local law-enforcement agency that places and operates a photo speed monitoring device pursuant to the provisions of this section shall report to the Department of State Police, in a format to be determined by the Department of State Police, by January 15 of each year on the number of traffic violations prosecuted, the number of successful prosecutions, and the total amount of monetary civil penalties collected. The Department of State Police shall aggregate such information and report it to the General Assembly by February 15 of each year.

CHAPTER 1233

An Act to amend and reenact §§ 37.2-808 and 37.2-1104 of the Code of Virginia, relating to temporary detention for observation and treatment.

[H 1452]

Approved April 22, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 37.2-808 and 37.2-1104 of the Code of Virginia are amended and reenacted as follows:

§ 37.2-808. Emergency custody; issuance and execution of order.

A. Any magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion, an emergency custody order when he has probable cause to believe that any person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, (ii) is in need of hospitalization or treatment, and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. Any emergency custody order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

When considering whether there is probable cause to issue an emergency custody order, the magistrate may, in addition to the petition, consider (1) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (2) any past actions of the person, (3) any past mental health treatment of the person, (4) any relevant hearsay evidence, (5) any medical records available, (6) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (7) any other information available that the magistrate considers relevant to the determination of whether probable cause exists to issue an emergency custody order.

B. Any person for whom an emergency custody order is issued shall be taken into custody and transported to a convenient location to be evaluated to determine whether the person meets the criteria for temporary detention pursuant to § 37.2-809 and to assess the need for hospitalization or treatment. The evaluation shall be made by a person designated by the community services board who is skilled in the diagnosis and treatment of mental illness and who has completed a certification program approved by the Department.

C. The magistrate issuing an emergency custody order shall specify the primary law-enforcement agency and jurisdiction to execute the emergency custody order and provide transportation. However, the magistrate shall consider any request to authorize transportation by an alternative transportation provider in accordance with this section, whenever an alternative transportation provider is identified to the magistrate, which may be a person, facility, or agency, including a family member or friend of the person who is the subject of the order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner, upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the person's treating physician, if any; or other persons who are available and have knowledge of the person, and, when the magistrate deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate shall order the specified primary law-enforcement agency to execute the order, to take the person into custody, and to transfer custody of the person to the alternative transportation provider identified in the order. In such cases, a copy of the emergency custody order shall accompany the person being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the community services board or its designee responsible for conducting the evaluation. The community services board or its designee conducting the evaluation shall return a copy of the emergency custody order to the court designated by the magistrate as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

Transportation under this section shall include transportation to a medical facility as may be necessary to obtain emergency medical evaluation or treatment that shall be conducted immediately in accordance with state and federal law. Transportation under this section shall include transportation to a medical facility for a medical evaluation if a physician at the hospital in which the person subject to the emergency custody order may be detained requires a medical evaluation prior to admission.

D. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate shall order the primary law-enforcement agency from the jurisdiction served by the community services board that designated the person to perform the evaluation required in subsection B to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. If the community services board serves more than one jurisdiction, the magistrate shall designate the primary law-enforcement agency from the particular jurisdiction within the community services board's service area where the person who is the subject of the emergency custody order was taken into custody or, if the person has not yet been taken into custody, the primary law-enforcement agency from the jurisdiction where the person is presently located to execute the order and provide transportation.

E. The law-enforcement agency or alternative transportation provider providing transportation pursuant to this section may transfer custody of the person to the facility or location to which the person is transported for the evaluation required in subsection B, G, or H if the facility or location (i) is licensed to provide the level of security necessary to protect both the person and others from harm, (ii) is actually capable of providing the level of security necessary to protect the person and others from harm, and (iii) in cases in which transportation is provided by a law-enforcement agency, has entered into an agreement or memorandum of understanding with the law-enforcement agency setting forth the terms and conditions under which it will accept a transfer of custody, provided, however, that the facility or location may not require the law-enforcement agency to pay any fees or costs for the transfer of custody.

F. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing an emergency custody order pursuant to this section.

G. A law-enforcement officer who, based upon his observation or the reliable reports of others, has probable cause to believe that a person meets the criteria for emergency custody as stated in this section may take that person into custody and transport that person to an appropriate location to assess the need for hospitalization or treatment without prior authorization. A law-enforcement officer who takes a person into custody pursuant to this subsection or subsection H may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of obtaining the assessment. Such evaluation shall be conducted immediately. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the person into custody.

H. A law-enforcement officer who is transporting a person who has voluntarily consented to be transported to a facility for the purpose of assessment or evaluation and who is beyond the territorial limits of the county, city, or town in which he serves may take such person into custody and transport him to an appropriate location to assess the need for hospitalization or treatment without prior authorization when the law-enforcement officer determines (i) that the person has revoked consent to be transported to a facility for the purpose of assessment or evaluation, and (ii) based upon his observations, that

probable cause exists to believe that the person meets the criteria for emergency custody as stated in this section. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the person into custody.

I. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a person in his custody as provided in this section.

J. A representative of the primary law-enforcement agency specified to execute an emergency custody order or a representative of the law-enforcement agency employing a law-enforcement officer who takes a person into custody pursuant to subsection G or H shall notify the community services board responsible for conducting the evaluation required in subsection B, G, or H as soon as practicable after execution of the emergency custody order or after the person has been taken into custody pursuant to subsection G or H.

K. The person shall remain in custody until (i) a temporary detention order is issued *in accordance with § 37.2-809*, ~~until~~ (ii) *an order for temporary detention for observation, testing, or treatment is entered in accordance with § 37.2-1104, ending law enforcement custody*, (iii) the person is released, or ~~until~~ (iv) the emergency custody order expires. An emergency custody order shall be valid for a period not to exceed eight hours from the time of execution.

L. Nothing in this section shall preclude the issuance of an order for temporary detention for testing, observation, or treatment pursuant to § 37.2-1104 for a person who is also the subject of an emergency custody order issued pursuant to this section. In any case in which an order for temporary detention for testing, observation, or treatment is issued for a person who is also the subject of an emergency custody order, the person may be detained by a hospital emergency room or other appropriate facility for testing, observation, and treatment for a period not to exceed 24 hours, unless extended by the court as part of an order pursuant to § 37.2-1101, in accordance with subsection A C of § 37.2-1104. Upon completion of testing, observation, or treatment pursuant to § 37.2-1104, the hospital emergency room or other appropriate facility in which the person is detained shall notify the nearest community services board, and the designee of the community services board shall, as soon as is practicable and prior to the expiration of the order for temporary detention issued pursuant to § 37.2-1104, conduct an evaluation of the person to determine if he meets the criteria for temporary detention pursuant to § 37.2-809.

M. Any person taken into emergency custody pursuant to this section shall be given a written summary of the emergency custody procedures and the statutory protections associated with those procedures.

N. If an emergency custody order is not executed within eight hours of its issuance, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if such office is not open, to any magistrate serving the jurisdiction of the issuing court.

O. § 2.2-1616. Creation, administration, and management of the Small Business Investment Grant Fund.

A. As used in this section:

"Authority" means the Virginia Small Business Financing Authority.

"Eligible investor" means an individual subject to the tax imposed by § 58.1-320 or a special purpose entity established for the purpose of making investments for an individual. "Eligible investor" does not include an individual who engages in the business of making debt or equity investments in private businesses, or any person that would be allocated a portion of the grant under this section as a partner, shareholder, member, or owner of an entity that engages in such business.

"Fund" means the Small Business Investment Grant Fund.

"Pass-through entity" means the same as that term is defined in § 58.1-390.1.

"Qualified investment" means a cash investment in a qualified business in the form of equity or subordinated debt.

"Small business" means a corporation, pass-through entity, or other entity that (i) has annual gross revenues of no more than \$5 million in its most recent fiscal year; (ii) has its principal office or facility in the Commonwealth; (iii) is engaged in business primarily in or does substantially all of its production in the Commonwealth; (iv) has not obtained during its existence more than \$5 million in aggregate gross cash proceeds from the issuance of its equity or debt investments, not including commercial loans from national or state-chartered banking or savings and loan institutions; (v) has no more than 50 employees who are employed within the Commonwealth; and (vi) has been designated as such by the Authority pursuant to the provisions of this section.

"Subordinated debt" means indebtedness of a corporation, general or limited partnership, or limited liability company that (i) by its terms required no repayment of principal for the first three years after issuance, (ii) is not guaranteed by any other person or secured by any assets of the issuer or any other person, and (iii) is subordinated to all indebtedness and obligations of the issuer to national or state-chartered banking or savings and loan institutions.

B. From such funds as may be appropriated by the General Assembly and any gifts, grants, or donations from public or private sources, there is hereby created in the state treasury a special nonreverting, permanent fund to be known as the Small Business Investment Grant Fund, to be administered by the Department. The Fund shall be established on the books of the Comptroller. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund at the end of each fiscal year, including interest thereon, shall not revert to the general fund but shall remain in the Fund. Expenditures and disbursements from the Fund, which shall be in the form of grants pursuant to this section, shall be made by the State Treasurer on warrants issued by the Comptroller upon written request bearing the signature of the Director. Grants from the Fund shall only be made to applications pursuant to this section.

C. An eligible investor that makes a qualified investment in a small business on or after July 1, 2019, but prior to January 1, 2022, that has been certified by the Authority pursuant to subsection D shall be eligible for a grant in an amount equal to the lesser of 50 percent of the qualified investment or \$50,000. An eligible investor may apply for a grant for each qualified investment that is made to one or more small businesses not to exceed a total grant allocation from the Fund of \$250,000 per eligible investor.

D. A small business shall apply with the Authority to receive qualified investments eligible for the grant pursuant to this section and shall provide to the Authority such information as the Authority deems necessary to demonstrate that it meets the qualifications set forth in subsection A.

E. Any eligible investor applying for a grant pursuant to this section shall submit an application to the Authority. The Authority shall determine the amount of the grant allowable to the eligible investor for the year.

F. If an eligible investor is awarded a grant pursuant to this section and the small business in which the investment was made (i) relocates outside of the Commonwealth within two years of the award of the grant or (ii) closes within two years of the award of the grant as a result of a criminal conviction on the part of any officer, director, manager, or general partner of such business relating to his involvement with the business, such investor shall forfeit the grant and refund such moneys to the Authority.

Additionally, unless the eligible investor transfers the equity received in connection with a qualified investment as a result of (a) the liquidation of the small business issuing such equity; (b) the merger, consolidation, or other acquisition of such business with or by a party not affiliated with such business; or (c) the death of the eligible investor, any eligible investor that fails to hold such equity for at least two years shall forfeit the grant and shall pay the Authority interest on the total allowed grant at the rate of one percent per month, compounded monthly, from the date the grant was awarded to the taxpayer.

The Authority shall deposit any amounts received under this subsection into the general fund of the Commonwealth.

G. Grants shall be issued in the order that each completed eligible application is received by the Authority. In the event that the amount of eligible grants requested in a fiscal year exceeds the funds available in the Fund, such grants shall be paid in the next fiscal year in which funds are available.

H. An eligible investor shall not be awarded a grant pursuant to this section for any investment in a small business for which the eligible investor has been allowed a tax credit pursuant to § 58.1-339.4.

I. The Authority shall establish policies and procedures relating to (i) the certification of small businesses, (ii) the application for grants, and (iii) the recapture of grant awards claimed with interest in the event that the qualified investment is not held for the requisite period set forth in subsection F. Such policies and procedures shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.).

2. That §§ 2.2-1611 and 2.2-1615 of the Code of Virginia are repealed.

3. That any cash balances in the Small Business Jobs Grant Fund as of the effective date of this act shall be transferred by the Department of Small Business and Supplier Diversity to the Small Business Investment Grant Fund established pursuant to § 2.2-1616 of the Code of Virginia. The Virginia Small Business Financing Authority (the Authority) may utilize such cash balance to implement a grant program for small businesses affected by the novel coronavirus (COVID-19) pandemic public health crisis during the period for which the Governor has declared a state of emergency (the emergency). A small business must demonstrate financial stress from the emergency; be established before March 12, 2020; be in good standing; have annual gross revenues of no more than \$1.5 million in its most recent fiscal year; have no more than 25 employees, all of whom are employed within the Commonwealth; and otherwise meet the requirements of a "small business" as that term is defined in subsection A of § 2.2-1616 of the Code of Virginia. A small business shall apply with the Authority to receive a grant of up to \$5,000 pursuant to this enactment for the following eligible expenses: (i) payroll support, including paid sick, medical, or family leave, and costs related to the continuation of group health care benefits during those periods of leave; (ii) employee salaries; (iii) mortgage payments; (iv) rent (including rent under a lease agreement); (v) utilities; and (vi) principal and interest payments for any business loans from national or state-chartered banking, savings and loan institutions, or credit unions, that were incurred before or during the emergency. A small business shall provide to the Authority such information as the Authority deems necessary to demonstrate that it meets the qualifications set forth in this enactment and in subsection A of § 2.2-1616 of the Code of Virginia.

4. That an emergency exists and this act is in force from its passage.

CHAPTER 37.

CENTRAL VIRGINIA TRANSPORTATION AUTHORITY.

§ 33.2-3700. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Authority" means the Central Virginia Transportation Authority.

"Fund" means the Central Virginia Transportation Fund.

§ 33.2-3701. Central Virginia Transportation Fund.

A. There is hereby created in the state treasury a special nonreverting fund for Planning District 15 to be known as the Central Virginia Transportation Fund. The Fund shall be established on the books of the Comptroller. All revenues dedicated to the Fund pursuant to § 58.1-638 and Chapter 22.1 (§ 58.1-2291 et seq.) of Title 58.1 shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. The moneys deposited in the Fund shall be used solely for (i) transportation purposes benefiting the localities comprising Planning District 15 and (ii) administrative and operating expenses as specified in subsection B of § 33.2-3706.

B. The amounts dedicated to the Fund shall be deposited monthly by the Comptroller into the Fund and thereafter distributed to the Authority as soon as practicable for use in accordance with this chapter. If the Authority determines that such moneys distributed to it exceed the amount required to meet the current needs and demands to fund transportation purposes pursuant to this chapter, the Authority may invest such excess moneys to the same extent and in the same manner as provided in subsection A of § 33.2-1525 for excess funds in the Transportation Trust Fund.

C. The amounts deposited into the Fund and the distribution and expenditure of such amounts shall not be used to calculate or reduce the share of federal, state, or local revenues otherwise available to participating localities. Further, such revenues and moneys shall not be included in any computation of, or formula for, a locality's ability to pay for public education, upon which appropriations of state revenues to local governments for public education are determined.

D. After provision for the payment of administrative and operating expenses as specified in subsection B of § 33.2-3706, the revenues in the Fund shall be allocated as follows:

1. Thirty-five percent shall be retained by the Authority to be used for transportation-related purposes benefiting the localities comprising Planning District 15;

2. Fifteen percent shall be distributed to the Greater Richmond Transit Company (GRTC), or its successor, to provide transit and mobility services in Planning District 15; and

3. Fifty percent shall be returned, proportionally, to each locality located in Planning District 15 to be used to improve local mobility, which may include construction, maintenance, or expansion of roads, sidewalks, trails, mobility services, or transit located in the locality.

E. Each locality's share of the revenues returned pursuant to subdivision D 3 shall be the total of the taxes dedicated to the Fund that are generated or attributable to the locality divided by the total of such taxes dedicated to the Fund. Each locality shall create a separate, special fund in which all revenues received pursuant to subdivision D 3 shall be deposited. Each locality shall annually provide to the Authority sufficient documentation, as required by the Authority, showing that the revenues distributed under subdivision D 3 were used for the purposes set forth therein.

F. The projects and other transportation purposes supported by the revenues allocated under subdivisions D 1 and 2 shall be approved by the Authority.

G. The GRTC shall create a separate, special fund in which all revenues received pursuant to subdivision D 2 shall be deposited. The GRTC shall develop a plan for regional public transportation within Planning District 15 in collaboration with the Richmond Regional Transportation Planning Organization in conformance with the guidelines required by § 33.2-286. The GRTC shall annually provide to the Authority sufficient documentation, as required by the Authority, showing that the revenues distributed under subdivision D 2 were applied in accordance with Authority approval and the guidelines required by § 33.2-286.

H. The Authority shall develop a prioritization process based on an objective and quantifiable analysis that considers the benefits of projects relative to their cost. Only projects evaluated using such process may be funded pursuant to subdivision D 1.

§ 33.2-3702. Central Virginia Transportation Authority created.

The Central Virginia Transportation Authority is hereby created as a body politic and as a political subdivision of the Commonwealth. The Authority shall embrace each county, city, and town located in Planning District 15, which is established pursuant to Chapter 42 (§ 15.2-4200 et seq.) of Title 15.2.

§ 33.2-3703. Composition of Authority.

The Authority shall consist of 16 members as follows:

1. The chief elected officer, or his designee, of the governing body of each of the counties embraced by the Authority;

2. The chief elected officer, or his designee, of the City of Richmond and the Town of Ashland;

3. One member of the House of Delegates who resides in a county or city embraced by the Authority, appointed by the Speaker of the House, and one member of the Senate who resides in a county or city embraced by the Authority, appointed by the Senate Committee on Rules;

4. A member of the Commonwealth Transportation Board who resides in a locality embraced by the Authority and is appointed by the Governor; and

5. The following four persons serving ex officio as nonvoting members of the Authority: the Director of the Department of Rail and Public Transportation, or his designee; the Commissioner of Highways, or his designee; the Chief Executive Officer of the Greater Richmond Transit Company (GRTC); and the Chief Executive Officer of the Richmond Metropolitan Transportation Authority.

All members of the Authority shall serve terms coincident with their terms of office. Vacancies shall be filled in the same manner as the original appointment. If a member of the Authority who represents a locality as provided in subdivision 1 or 2 is unable to attend a meeting of the Authority, he may designate another current elected official of such governing body to attend such meeting of the Authority. Such designation shall be for the purposes of one meeting and shall be submitted in writing or electronically to the Chairman of the Authority at least 48 hours prior to the affected meeting.

The Authority shall elect a chairman and vice-chairman from among its voting membership.

The Auditor of Public Accounts, or his legally authorized representatives, shall annually audit the financial accounts of the Authority, and the cost of such audit shall be borne by the Authority.

§ 33.2-3704. Staff.

The Authority may employ a chief executive officer and such staff as it shall determine to be necessary to carry out its duties and responsibilities under this chapter. No such person shall contemporaneously serve as a member of the Authority. The Department of Transportation and the Department of Rail and Public Transportation shall make their employees available to assist the Authority, upon request.

§ 33.2-3705. Decisions of the Authority.

A majority of voting members of the Authority shall constitute a quorum. Vacancies shall not be considered in the establishment of a quorum. Votes of the chief elected officers of localities, or their designees, appointed to the Authority shall be weighted, based upon population of the locality, as follows: (i) the chief elected officers, or their designees, from the Counties of Chesterfield and Henrico and the City of Richmond shall each receive four votes; (ii) the chief elected officer, or his designee, from the County of Hanover shall receive three votes; (iii) the chief elected officers, or their designees, from the Counties of Goochland, New Kent, and Powhatan shall each receive two votes; and (iv) the chief elected officers, or their designees, from the Town of Ashland and the County of Charles City shall each receive one vote. The Delegate and Senator appointed to the Authority and the member of the Commonwealth Transportation Board appointed by the Governor shall each receive one vote. Decisions of the Authority shall require an affirmative vote of those present and voting whose votes represent at least four-fifths of the population embraced by the Authority; however, no motion to fund a specific facility or service shall fail because of this population criterion if such facility or service is not located or to be located or provided or to be provided within the county or city whose chief elected officer's or elected official's, or its respective designee's, sole negative vote caused the facility or service to fail to meet the population criterion. The population of counties and cities embraced by the Authority shall be the population as determined by the most recently preceding decennial census, except that on July 1 of the fifth year following such census, the population of each county and city shall be adjusted, based on population estimates made by the Weldon Cooper Center for Public Service of the University of Virginia.

§ 33.2-3706. Annual budget and allocation of expenses.

A. The Authority shall adopt an annual budget and develop a funding plan to be supported by the revenues allocated under subdivision D 1 of § 33.2-3701 and shall provide for such development and adoption in its bylaws. The funding plan shall provide for the expenditure of funds for transportation purposes over a four-to-six-year period and shall align with the Statewide Transportation Plan established pursuant to § 33.2-353, the long-range transportation plan of Planning District 15, or the long-range transportation plans of participating localities as much as possible. The Authority shall solicit public comment on its budget and funding plan by posting a summary of such budget and funding plan on its website and holding a public hearing. Such public hearing shall be advertised on the Authority's website and in a newspaper of general circulation in Planning District 15.

B. The administrative and operating expenses of the Authority shall be provided in an annual budget adopted by the Authority and to the extent funds for such expenses are not provided from other sources shall be paid from the Fund. Such budget shall be limited solely to the administrative and operating expenses of the Authority and shall not include any funds for construction or acquisition of transportation facilities or the maintenance or performance of any transportation service.

C. Members may be reimbursed for all reasonable and necessary expenses provided in §§ 2.2-2813 and 2.2-2825, if approved by the Authority. Funding for the costs of compensation and expenses of the members shall be provided by the Authority.

§ 33.2-3707. Authority to issue bonds.

The Authority may issue bonds and other evidences of debt as may be authorized by this section or other law. The provisions of Article 5 (§ 33.2-1920 et seq.) of Chapter 19 shall apply, *mutatis mutandis*, to the issuance of such bonds or other debt. The Authority may issue bonds or other debt in such amounts as it deems appropriate. The bonds may be supported by any funds available.

§ 33.2-3708. Powers of the Authority.

A. The Authority shall have the following powers together with all powers incidental thereto or necessary for the performance of those hereinafter stated:

1. To sue and be sued and to prosecute and defend, at law or in equity, in any court having jurisdiction of the subject matter and of the parties;
2. To adopt and use a corporate seal and to alter the same at its pleasure;
3. To procure insurance, participate in insurance plans, and provide self-insurance; however, the purchase of insurance, participation in an insurance plan, or the creation of a self-insurance plan by the Authority shall not be deemed a waiver or relinquishment of any sovereign immunity to which the Authority or its officers, directors, employees, or agents are otherwise entitled;
4. To establish bylaws and make all rules and regulations, not inconsistent with the provisions of this chapter, deemed expedient for the management of the Authority's affairs;
5. To apply for and accept money, materials, contributions, grants, or other financial assistance from the United States and agencies or instrumentalities thereof, the Commonwealth and any political subdivision, agency, or instrumentality of the Commonwealth, and any legitimate private source;
6. To acquire real and personal property or any interest therein by purchase, lease, gift, or otherwise for purposes consistent with this chapter and to hold, encumber, sell, or otherwise dispose of such land or interest for purposes consistent with this chapter;
7. To acquire by purchase, lease, contract, or otherwise, highways, bridges, or tunnels and to construct the same by purchase, lease, contract, or otherwise;
8. In consultation with the Commonwealth Transportation Board for projects that encompass a state highway, and with each city or county in which the facility or any part thereof is or is to be located, to repair, expand, enlarge, construct,

reconstruct, or renovate any or all highways, bridges, and tunnels within Planning District 15 and to acquire any real or personal property needed for any such purpose;

9. To enter into agreements or leases with public or private entities for the operation and maintenance of bridges, transit and rail facilities, and highways;

10. To make and execute contracts, deeds, mortgages, leases, and all other instruments and agreements necessary or convenient for the performance of its duties and the exercise of its powers and functions under this chapter;

11. To the extent funds are made or become available to the Authority to do so, to employ employees, agents, advisors, and consultants, including without limitation attorneys, financial advisers, engineers, and other technical advisers and, the provisions of any other law to the contrary notwithstanding, to determine their duties and compensation;

12. To exercise the powers of a locality pursuant to § 33.2-269; and

13. To the extent not inconsistent with the other provisions of this chapter, and without limiting or restricting the powers otherwise given the Authority, to exercise all of the powers given to transportation district commissions by § 33.2-1919.

B. The Authority shall comply with the provisions governing localities contained in § 15.2-2108.23.

§ 33.2-3709. Additional Powers of the Authority.

Notwithstanding any contrary provision of this title and in accordance with all applicable federal statutes and requirements, the Authority shall control and operate and may impose and collect tolls in amounts established by the Authority for the use of any new or improved highway, bridge, or tunnel, to increase capacity on such facility or to address congestion within Planning District 15, constructed by the Commission (i) with federal, state, or local funds, (ii) solely with revenues of the Authority, or (iii) with revenues under the control of the Authority. The amount of any such toll may be varied from facility to facility, by lane, by congestion levels, by day of the week, by time of day, by type or size of vehicle, by number of axles, or by any similar combination thereof or any other factor the Authority may deem proper, and a reduced rate may be established for commuters as defined by the Authority. All such tolls shall be used for programs and projects that are reasonably related to or benefit the users of the new or improved highway, bridge, or tunnel, including, but not limited to, for the debt service and other costs of bonds whose proceeds are used for construction or improvement of such highway, bridge, or tunnel.

Any tolls imposed by the Authority shall be collected by an electronic toll system that, to the extent possible, shall not impede the traffic flow of the facility or prohibit a toll facility from retaining means of nonautomated toll collection in some lanes of the facility. For all facilities tolled by the Authority, there shall be signs erected prior to the point of toll collection that clearly state how the majority of the toll revenue is being spent by the Authority to benefit the users of the facility.

§ 33.2-3710. Authority a responsible public entity under Public-Private Transportation Act of 1995.

The Authority is a responsible public entity as defined in § 33.2-1800 and shall be regulated in accordance with the terms of the Public-Private Transportation Act of 1995 (§ 33.2-1800 et seq.) and regulations and guidelines adopted pursuant thereto.

§ 33.2-3711. Continuing responsibilities of the Commonwealth Transportation Board and the Department of Transportation.

Except as otherwise explicitly provided in this chapter, until such time as the Authority and the Department of Transportation, or the Authority and the Commonwealth Transportation Board, agree otherwise in writing, the Commonwealth Transportation Board shall allocate funding to and the Department of Transportation shall perform or cause to be performed all maintenance and operation of the bridges and roadways and shall perform such other required services and activities with respect to such bridges and roadways as were being performed on July 1, 2020.

§ 33.2-3712. Continued responsibilities for local transit funding.

No locality embraced by the Authority shall reduce its local funding for public transit by more than 50 percent of what it appropriated for public transit as of July 1, 2019. Starting in fiscal year 2023, the amount required to be provided by a locality pursuant to this section shall be adjusted annually based on the greater of (i) the change in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics for the U.S. Department of Labor for the previous year, or (ii) zero.

§ 33.2-3713. Use of revenues by the Authority.

A. The Comptroller shall designate a specific revenue code number for all the state sales and use tax revenue collected under the preceding sections of this chapter.

1. The sales and use tax revenue generated by the one-half percent sales and use tax increase enacted by the 1986 Special Session of the General Assembly shall be paid, in the manner hereinafter provided in this section, to the Transportation Trust Fund as defined in § 33.2-1524. Of the funds paid to the Transportation Trust Fund, an aggregate of 4.2 percent shall be set aside as the Commonwealth Port Fund as provided in this section; an aggregate of 2.4 percent shall be set aside as the Commonwealth Airport Fund as provided in this section; and an aggregate of 14.7 percent shall be set aside as the Commonwealth Mass Transit Fund as provided in this section. The Fund's share of such net revenue shall be computed as an estimate of the net revenue to be received into the state treasury each month, and such estimated payment shall be adjusted for the actual net revenue received in the preceding month. All payments shall be made to the Fund on the last day of each month.

2. There is hereby created in the Department of the Treasury a special nonreverting fund which shall be a part of the Transportation Trust Fund and which shall be known as the Commonwealth Port Fund.

a. The Commonwealth Port Fund shall be established on the books of the Comptroller and the funds remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on such funds

shall remain in the Fund and be credited to it. Funds may be paid to any authority, locality or commission for the purposes hereinafter specified.

b. The amounts allocated pursuant to this section shall be allocated by the Commonwealth Transportation Board to the Board of Commissioners of the Virginia Port Authority to be used to support port capital needs and the preservation of existing capital needs of all ocean, river, or tributary ports within the Commonwealth. Expenditures for such capital needs are restricted to those capital projects specified in subsection B of § 62.1-132.1.

c. Commonwealth Port Fund revenue shall be allocated by the Board of Commissioners to the Virginia Port Authority in order to foster and stimulate the flow of maritime commerce through the ports of Virginia, including but not limited to the ports of Richmond, Hopewell, and Alexandria.

3. There is hereby created in the Department of the Treasury a special nonreverting fund which shall be part of the Transportation Trust Fund and which shall be known as the Commonwealth Airport Fund. The Commonwealth Airport Fund shall be established on the books of the Comptroller and any funds remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on the funds shall be credited to the Fund. The funds so allocated shall be allocated by the Commonwealth Transportation Board to the Virginia Aviation Board. The funds shall be allocated by the Virginia Aviation Board to any Virginia airport which is owned by the Commonwealth, a governmental subdivision thereof, or a private entity to which the public has access for the purposes enumerated in § 5.1-2.16, or is owned or leased by the Metropolitan Washington Airports Authority (MWAA), as follows:

Any new funds in excess of \$12.1 million which are available for allocation by the Virginia Aviation Board from the Commonwealth Transportation Fund, shall be allocated as follows: 60 percent to MWAA, up to a maximum annual amount of \$2 million, and 40 percent to air carrier airports as provided in subdivision A 3 a. Except for adjustments due to changes in enplaned passengers, no air carrier airport sponsor, excluding MWAA, shall receive less funds identified under subdivision A 3 a than it received in fiscal year 1994-1995.

Of the remaining amount:

a. Forty percent of the funds shall be allocated to air carrier airports, except airports owned or leased by MWAA, based upon the percentage of enplanements for each airport to total enplanements at all air carrier airports, except airports owned or leased by MWAA. No air carrier airport sponsor, however, shall receive less than \$50,000 nor more than \$2 million per year from this provision.

b. Sixty percent of the funds shall be allocated as follows:

(1) For the first six months of each fiscal year, the funds shall be allocated as follows:

(a) Forty percent of the funds shall be allocated by the Aviation Board for air carrier and reliever airports on a discretionary basis, except airports owned or leased by MWAA; and

(2) For the second six months of each fiscal year, all remaining funds shall be allocated by the Aviation Board for all eligible airports on a discretionary basis, except airports owned or leased by MWAA.

3a. There is hereby created in the Department of the Treasury a special nonreverting fund that shall be a part of the Transportation Trust Fund and that shall be known as the Commonwealth Space Flight Fund. The Commonwealth Space Flight Fund shall be established on the books of the Comptroller and the funds remaining in such Fund at the end of a biennium shall not revert to the general fund but shall remain in the Fund. b. Commonwealth Space Flight Fund revenue shall be allocated by the Board of Directors to the Virginia Commercial Space Flight Authority in order to foster and stimulate the growth of the commercial space flight industry in Virginia.

4. There is hereby created in the Department of the Treasury a special nonreverting fund which shall be a part of the Transportation Trust Fund and which shall be known as the Commonwealth Mass Transit Fund.

a. The Commonwealth Mass Transit Fund shall be established on the books of the Comptroller and any funds remaining in such Fund at the end of the biennium shall not revert to the general fund but shall remain in the Fund. Interest earned on such funds shall be credited to the Fund.

b. The amounts allocated pursuant to § 33.2-1526.1 shall be used to support the operating, capital, and administrative costs of public transportation at a state share determined by the Commonwealth Transportation Board, and these amounts may be used to support the capital project costs of public transportation and ridesharing equipment, facilities, and associated costs at a state share determined by the Commonwealth Transportation Board. Capital costs may include debt service payments on local or agency transit bonds.

c. There is hereby created in the Department of the Treasury a special nonreverting fund known as the Commonwealth Transit Capital Fund. The Commonwealth Transit Capital Fund shall be part of the Commonwealth Mass Transit Fund. The Commonwealth Transit Capital Fund subaccount shall be established on the books of the Comptroller and consist of such moneys as are appropriated to it by the General Assembly and of all donations, gifts, bequests, grants, endowments, and other moneys given, bequeathed, granted, or otherwise made available to the Commonwealth Transit Capital Fund. Any

funds remaining in the Commonwealth Transit Capital Fund at the end of the biennium shall not revert to the general fund, but shall remain in the Commonwealth Transit Capital Fund. Interest earned on funds within the Commonwealth Transit Capital Fund shall remain in and be credited to the Commonwealth Transit Capital Fund. Proceeds of the Commonwealth Transit Capital Fund may be paid to any political subdivision, another public entity created by an act of the General Assembly, or a private entity as defined in § 33.2-1800 and for purposes as enumerated in subdivision 7 of § 33.2-1701 or expended by the Department of Rail and Public Transportation for the purposes specified in this subdivision. Revenues of the Commonwealth Transit Capital Fund shall be used to support capital expenditures involving the establishment, improvement, or expansion of public transportation services through specific projects approved by the Commonwealth Transportation Board. The Commonwealth Transit Capital Fund shall not be allocated without requiring a local match from the recipient.

B. The sales and use tax revenue generated by a one percent sales and use tax shall be distributed among the counties and cities of the Commonwealth in the manner provided in subsections C and D.

C. The localities' share of the net revenue distributable under this section among the counties and cities shall be apportioned by the Comptroller and distributed among them by warrants of the Comptroller drawn on the Treasurer of Virginia as soon as practicable after the close of each month during which the net revenue was received into the state treasury. The distribution of the localities' share of such net revenue shall be computed with respect to the net revenue received into the state treasury during each month, and such distribution shall be made as soon as practicable after the close of each such month.

D. The net revenue so distributable among the counties and cities shall be apportioned and distributed upon the basis of the latest yearly estimate of the population of cities and counties ages five to 19, provided by the Weldon Cooper Center for Public Service of the University of Virginia. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for persons who are domiciled in orphanages or charitable institutions or who are dependents living on any federal military or naval reservation or other federal property within the school division in which the institutions or federal military or naval reservation or other federal property is located. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for members of the military services who are under 20 years of age within the school division in which the parents or guardians of such persons legally reside. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for individuals receiving services in state hospitals, state training centers, or mental health facilities, persons who are confined in state or federal correctional institutions, or persons who attend the Virginia School for the Deaf and the Blind within the school division in which the parents or guardians of such persons legally reside. Such population estimate produced by the Weldon Cooper Center for Public Service of the University of Virginia shall account for persons who attend institutions of higher education within the school division in which the student's parents or guardians legally reside. To such estimate, the Department of Education shall add the population of students with disabilities, ages two through four and 20 through 21, as provided to the Department of Education by school divisions. The revenue so apportionable and distributable is hereby appropriated to the several counties and cities for maintenance, operation, capital outlays, debt and interest payments, or other expenses incurred in the operation of the public schools, which shall be considered as funds raised from local resources. In any county, however, wherein is situated any incorporated town constituting a school division, the county treasurer shall pay into the town treasury for maintenance, operation, capital outlays, debt and interest payments, or other expenses incurred in the operation of the public schools, the proper proportionate amount received by him in the ratio that the school population of such town bears to the school population of the entire county. If the school population of any city or of any town constituting a school division is increased by the annexation of territory since the last estimate of school population provided by the Weldon Cooper Center for Public Service, such increase shall, for the purposes of this section, be added to the school population of such city or town as shown by the last such estimate and a proper reduction made in the school population of the county or counties from which the annexed territory was acquired.

E. Beginning July 1, 2000, of the remaining sales and use tax revenue, the revenue generated by a two percent sales and use tax, up to an annual amount of \$13 million, collected from the sales of hunting equipment, auxiliary hunting equipment, fishing equipment, auxiliary fishing equipment, wildlife-watching equipment, and auxiliary wildlife-watching equipment in Virginia, as estimated by the most recent U.S. Department of the Interior, Fish and Wildlife Service and U.S. Department of Commerce, Bureau of the Census National Survey of Fishing, Hunting, and Wildlife-Associated Recreation, shall be paid into the Game Protection Fund established under § 29.1-101 and shall be used, in part, to defray the cost of law enforcement. Not later than 30 days after the close of each quarter, the Comptroller shall transfer to the Game Protection Fund the appropriate amount of collections to be dedicated to such Fund. At any time that the balance in the Capital Improvement Fund, established under § 29.1-101.01, is equal to or in excess of \$35 million, any portion of sales and use tax revenues that would have been transferred to the Game Protection Fund, established under § 29.1-101, in excess of the net operating expenses of the Board, after deduction of other amounts which accrue to the Board and are set aside for the Game Protection Fund, shall remain in the general fund until such time as the balance in the Capital Improvement Fund is less than \$35 million.

F. 1. Of the net revenue generated from the one-half percent increase in the rate of the state sales and use tax effective August 1, 2004, pursuant to enactments of the 2004 Special Session I of the General Assembly, the Comptroller shall transfer from the general fund of the state treasury to the Public Education Standards of Quality/Local Real Estate Property

Tax Relief Fund established under § 58.1-638.1 an amount equivalent to one-half of the net revenue generated from such one-half percent increase as provided in this subdivision. 2. Beginning July 1, 2013, of the remaining sales and use tax revenue, an amount equal to the revenue generated by a 0.125 percent sales and use tax shall be distributed to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund established under § 58.1-638.1, and be used for the state's share of Standards of Quality basic aid payments.

Within three calendar days of receiving such certification, the Comptroller shall make the required transfers to the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund.

1. That § 46.2-116 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-116. Registration with Department of Criminal Justice Services required for tow truck drivers; penalty.

A. As used in this section and §§ 46.2-117, 46.2-118, and 46.2-119:

"Consumer" means a person who (i) has vested ownership, dominion, or title to the vehicle; (ii) is the authorized agent of the owner as defined in clause (i); or (iii) is an employee, agent, or representative of an insurance company representing any party involved in a collision that resulted in a police-requested tow who represents in writing that the insurance company had obtained the oral or written consent of the title owner or his agent or the lessee of the vehicle to obtain possession of the vehicle.

"Department" means the Department of Criminal Justice Services.

"Tow truck driver" means an individual who drives a tow truck as defined in § 46.2-100.

"Towing and recovery operator" means any person engaging in the business of providing or offering to provide services involving the use of a tow truck and services incidental to use of a tow truck. "Towing and recovery operator" shall

not include a franchised motor vehicle dealer as defined in § 46.2-1500 using a tow truck owned by a dealer when transporting a vehicle to or from a repair facility owned by the dealer when the dealer does not receive compensation from the vehicle owner for towing of the vehicle or when transporting a vehicle in which the dealer has an ownership or security interest.

B. On and after January 1, 2013, no tow truck driver shall drive any tow truck without being registered with the Department, except that this requirement shall not apply to any holder of a tow truck driver authorization document issued pursuant to former § 46.2-2814 until the expiration date of such document. The Department may offer a temporary registration or driver authorization document that is effective upon the submission of an application and that expires upon the issuance or denial of a permanent registration. Every applicant for an initial registration or renewal of registration pursuant to this section shall submit his registration application, fingerprints, and personal descriptive information to the Department and a nonrefundable application fee of \$100. The Department shall forward the personal descriptive information along with the applicant's fingerprints through the Central Criminal Records Exchange to the Federal Bureau of Investigation for the purpose of obtaining a national criminal history record check regarding such applicant. The cost of the fingerprinting and criminal history record check shall be paid by the applicant.

The Central Criminal Records Exchange, upon receipt of an applicant's record or notification that no record exists, shall make a report to the Department. If an applicant is denied registration as a tow truck driver because of the information appearing in his criminal history record, the Department shall notify the applicant that information obtained from the Central Criminal Records Exchange contributed to such denial. The information shall not be disseminated except as provided in this section.

C. 1. No registration shall be issued to any person who (i) is required to register as a sex offender as provided in § 9.1-901 or in a substantially similar law of any other state, the United States, or any foreign jurisdiction; (ii) has been convicted *within the 15 years prior to the date of the application* of a violent crime as defined in subsection C of § 17.1-805 unless such person held a valid tow truck driver authorization document on January 1, 2013, issued by the Board of Towing and Recovery Operators pursuant to former Chapter 28 (§ 46.2-2800 et seq.), and has not been convicted of a violent crime as defined in subsection C of § 17.1-805 subsequent to the abolition of the Board; or (iii) has been convicted *within the 15 years prior to the date of the application* of any crime involving the driving of a tow truck, including drug or alcohol offenses, but not traffic infraction convictions.

E. Registrations issued by the Department pursuant to this section shall be valid for a period not to exceed 24 months, unless revoked or suspended by the Department in accordance with § 46.2-117.

CHAPTER 1238

An Act to amend the Code of Virginia by adding a section numbered 56-594.3, relating to electric utility regulation; shared solar programs.

[H 1634]

Approved April 22, 2020

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 56-594.3 as follows:

§ 56-594.3. Shared solar programs.

A. As used in this section:

"Applicable bill credit rate" means the dollar-per-kilowatt-hour rate used to calculate the subscriber's bill credit.

"Bill credit" means the monetary value of the electricity, in kilowatt-hours, generated by the shared solar facility allocated to a subscriber to offset that subscriber's electricity bill.

"Low-income customer" means any person or household whose income is no more than 80 percent of the median income of the locality in which the customer resides. The median income of the locality is determined by the U.S. Department of Housing and Urban Development.

"Low-income service organization" means a nonresidential customer of an investor-owned utility whose primary purpose is to serve low-income individuals and households.

"Low-income shared solar facility" means a shared solar facility at least 30 percent of the capacity of which is subscribed by low-income customers or low-income service organizations.

"Minimum bill" means an amount determined by the Commission under subsection D that subscribers are required to, at a minimum, pay on their utility bill each month after accounting for any bill credits.

"Phase II Utility" has the same meaning as provided in subdivision A 1 of § 56-585.1.

"Shared solar facility" means a facility that:

- 1. Generates electricity by means of a solar photovoltaic device with a nameplate capacity rating that does not exceed 5,000 kilowatts of alternating current;*
- 2. Is located in the service territory of an investor-owned electric utility;*
- 3. Is connected to the electric distribution grid serving the Commonwealth;*
- 4. Has at least three subscribers;*
- 5. Has at least 40 percent of its capacity subscribed by customers with subscriptions of 25 kilowatts or less; and*
- 6. Is located on a single parcel of land.*

"Shared solar program" or "program" means the program created through the adoption of rules to allow for the development of shared solar facilities.

"Subscriber" means a retail customer of a utility that (i) owns one or more subscriptions of a shared solar facility that is interconnected with the utility and (ii) receives service in the service territory of the same utility in whose service territory the shared solar facility is located.

"Subscriber organization" means any for-profit or nonprofit entity that owns or operates one or more shared solar facilities. A subscriber organization shall not be considered a utility solely as a result of its ownership or operation of a shared solar facility.

"Subscription" means a contract or other agreement between a subscriber and the owner of a shared solar facility. A subscription shall be sized such that the estimated bill credits do not exceed the subscriber's average annual bill for the customer account to which the subscription is attributed.

"Utility" means a Phase II Utility.

B. The Commission shall establish by regulation a program that affords customers of a Phase II Utility the opportunity to participate in shared solar projects. Under its shared solar program, a utility shall provide a bill credit for the proportional output of a shared solar facility attributable to that subscriber. The shared solar program shall be administered as follows:

1. The value of the bill credit for the subscriber shall be calculated by multiplying the subscriber's portion of the kilowatt-hour electricity production from the shared solar facility by the applicable bill credit rate for the subscriber. Any amount of the bill credit that exceeds the subscriber's monthly bill, minus the minimum bill, shall be carried over and applied to the next month's bill.

2. The utility shall provide bill credits to a shared solar facility's subscribers for not less than 25 years from the date the shared solar facility becomes commercially operational.

3. The subscriber organization shall, on a monthly basis, in a standardized electronic format, and pursuant to guidelines established by the Commission, provide to the utility a subscriber list indicating the kilowatt-hours of generation attributable to each of the subscribers participating in a shared solar facility in accordance with the subscriber's portion of the output of the shared solar facility.

4. A subscriber lists may be updated monthly to reflect canceling subscribers and to add new subscribers. The utility shall apply bill credits to subscriber bills within two billing cycles following the cycle during which the energy was generated by the shared solar facility.

5. Each utility shall, on a monthly basis and in a standardized electronic format, provide to the subscriber organization a report indicating the total value of bill credits generated by the shared solar facility in the prior month, as well as the amount of the bill credit applied to each subscriber.

6. A subscriber organization may accumulate bill credits in the event that all of the electricity generated by a shared solar facility is not allocated to subscribers in a given month. On an annual basis and pursuant to guidelines established by the Commission, the subscriber organization shall furnish to the utility allocation instructions for distributing excess bill credits to subscribers.

7. All environmental attributes associated with a shared solar facility, including renewable energy certificates, shall be considered property of the subscriber organization. At the subscriber organization's discretion, such environmental attributes may be distributed to the subscribers, sold to load-serving entities with compliance obligations or other buyers, accumulated, or retired.

C. Each subscriber shall pay a minimum bill, established pursuant to subsection D, and shall receive an applicable bill credit based on the subscriber's customer class of residential, commercial, or industrial. Each class's applicable credit rate shall be calculated by the Commission annually by dividing revenues to the class by sales, measured in kilowatt-hours, to that class to yield a bill credit rate for the class (\$/kWh).

D. The Commission shall establish a minimum bill, which shall include the costs of all utility infrastructure and services used to provide electric service and administrative costs of the shared solar program. The Commission may modify the minimum bill over time. In establishing the minimum bill, the Commission shall (i) consider further costs the Commission deems relevant to ensure subscribing customers pay a fair share of the costs of providing electric services and (ii) minimize the costs shifted to customers not in a shared solar program. Low-income customers shall be exempt from the minimum bill.

E. The Commission shall approve a shared solar facility program of 150 megawatts with a minimum requirement of 30 percent low-income customers. The Commission shall approve an additional 50 megawatts of capacity upon determining that at least 45 megawatts of the aggregated shared solar capacity in the Commonwealth have been subscribed to by low-income customers. Subscriber organizations shall be allowed to demonstrate compliance with the low income requirement using either project capacity or project savings methodology. The Commission, in collaboration with the Department of Mines, Minerals and Energy, may adopt mechanisms to ensure low-income customer participation.

F. The Commission shall establish by regulation a shared solar program that complies with the provisions of subsections B, C, D, and E by January 1, 2021, and shall require each utility to file any tariffs, agreements, or forms necessary for implementation of the program within 60 days of the utility's full implementation of a new customer information platform or by July 1, 2023, whichever occurs first. Any rule or utility implementation filings approved by the Commission shall:

- 1. Reasonably allow for the creation of shared solar facilities;*
- 2. Allow all customer classes to participate in the program;*
- 3. Create a stakeholder working group including low-income community representatives and community solar providers to facilitate low-income customer and low-income service organization participation in the program;*
- 4. Encourage public-private partnerships to further the Commonwealth's clean energy and equity goals, such as state agency and affordable housing provider participation in the program as subscribers of shared solar projects;*
- 5. Not remove a customer from its otherwise applicable customer class in order to participate in a shared solar facility;*
- 6. Reasonably allow for the transferability and portability of subscriptions, including allowing a subscriber to retain a subscription to a shared solar facility if the subscriber moves within the same utility's service territory;*
- 7. Establish standards, fees, and processes for the interconnection of shared solar facilities that allow the utility to recover reasonable interconnection costs for each shared solar facility;*
- 8. Adopt standardized consumer disclosure forms;*
- 9. Allow the utility the opportunity to recover reasonable costs of administering the program;*
- 10. Ensure nondiscriminatory and efficient requirements and utility procedures for interconnecting projects;*
- 11. Address the co-location of two or more shared solar facilities on a single parcel of land and provide guidelines for determining when two or more facilities are co-located;*
- 12. Include a program implementation schedule;*
- 13. Prohibit credit checks as a means of establishing eligibility for residential customers to become subscribers;*
- 14. Require net crediting functionality as part of any new customer information platform approved by the Commission. Under net crediting, the utility shall include the shared solar subscription fee on the customer's utility bill and provide the customer with a net credit equivalent to the total bill credit value for that generation period minus the shared solar subscription fee as set by the subscriber organization. The net crediting fee shall not exceed one percent of the bill credit value. Net crediting shall be optional for subscriber organizations, and any shared solar subscription fees charged via the net crediting model shall be set to ensure that subscribers do not pay more in subscription fees than they receive in bill credits; and*

15. Allow the utility to recover as the cost of purchased power pursuant to § 56-249.6 any difference between the bill credit provided to the subscriber and the cost of energy injected into the grid by the subscriber organization.

G. Within 180 days of finalization of the Commission's adoption of regulations for the shared solar program, a utility shall, provided that the utility has successfully implemented its customer information platform, begin crediting subscriber accounts of each shared solar facility interconnected in its service territory, subject to the requirements of this section and regulations adopted thereto.

CHAPTER 1239

[H 1647]

Approved April 22, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 56-594 and 67-102 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 56-585.1:11 as follows:

A. As used in this section:

"Applicable bill credit rate" means the dollar-per-kilowatt-hour rate as defined in subsection D used to calculate a subscriber's bill credit. The applicable bill credit rate shall be set such that the shared solar program results in robust project development and shared solar program access for all customer classes.

"Bill credit" means the monetary value of the electricity, in kilowatt-hours, generated by the shared solar facility allocated to a subscriber to offset that subscriber's electricity bill.

"Investor-owned utility" means each investor-owned utility in the Commonwealth including, notwithstanding subsection G of § 56-580, any investor-owned utility whose service territory assigned to it by the Commission is located entirely within the Counties of Dickenson, Lee, Russell, Scott and Wise. "Investor-owned utility" does not include a Phase I Utility, as that term is defined in subdivision A 1 of § 56-585.1.

"Multi-family shared solar program" or "program" means the program created through the adoption of rules to allow for the development of shared solar facilities described in subsection C.

"Shared solar facility" means a facility that:

1. Generates electricity by means of a solar photovoltaic device with a nameplate capacity rating that does not exceed 3,000 kW alternating current at any single location or that does not exceed 5,000 kW alternating current at contiguous locations owned by the same entity or affiliated entities;

2. Is operated pursuant to a program whereby at least three subscribers receive a bill credit for the electricity generated from the facility in proportion to the size of their subscription;

3. Is located in the service territory of an investor-owned utility;

4. Is connected to the electric distribution grid serving the Commonwealth; and

5. Is located on a parcel of land on the premises of the multi-family utility customer or adjacent thereto.

"Subscriber" means a multi-family customer of an investor-owned electric utility that owns one or more subscriptions of a shared solar facility that is interconnected with the utility.

"Subscriber organization" means any for-profit or nonprofit entity that owns or operates one or more shared solar facilities. A "subscriber organization" shall not be considered a utility solely as a result of its ownership or operation of a shared solar facility.

"Subscription" means a contract or other agreement between a subscriber and the owner of a shared solar facility. A subscription shall be sized such that the estimated bill credits do not exceed the subscriber's average annual bill for the customer account to which the subscription is attributed.

B. The Commission shall establish by regulation a program that affords eligible multi-family customers of investor-owned utilities the opportunity to participate in shared solar projects. The regulations shall be adopted by the Commission by January 1, 2021.

C. An investor-owned utility shall provide a bill credit to a subscriber's subsequent monthly electric bill for the proportional output of a shared solar facility attributable to that subscriber. The shared solar program shall be administered as follows:

1. The value of the bill credit for the subscriber shall be calculated by multiplying the subscriber's portion of the kilowatt-hour electricity production from the shared solar facility by the applicable bill credit rate for the subscriber. Any amount of the bill credit that exceeds the subscriber's monthly bill shall be carried over and applied to the next month's bill in perpetuity;

2. The utility shall provide bill credits to a shared solar facility's subscribers for not less than 25 years from the date the shared solar facility becomes commercially operational;

3. The subscriber organization shall, on a monthly basis and in a standardized electronic format, provide to the investor-owned utility a subscriber list indicating the kilowatt-hours of generation attributable to each of the retail customers participating in a shared solar facility in accordance with the subscriber's portion of the output of the shared solar facility;

4. Lists may be updated monthly to reflect canceling subscribers and to add new subscribers. The investor-owned utility shall apply bill credits to subscriber bills within one billing cycle following the cycle during which the energy was generated by the shared solar facility;

5. The investor-owned utility shall, on a monthly basis and in a standardized electronic format, provide to the subscriber organization a report indicating the total value of bill credits generated by the shared solar facility in the prior month as well as the amount of the bill credit applied to each subscriber;

6. A subscriber organization may accumulate bill credits in the event that all of the electricity generated by a shared solar facility is not allocated to subscribers in a given month. On an annual basis, the subscriber organization shall furnish to the utility allocation instructions for distributing excess bill credits to subscribers; and

7. All environmental attributes associated with a shared solar facility, including renewable energy certificates, shall be considered property of the subscriber organization. At the subscriber organization's discretion, those attributes may be distributed to subscribers, sold to investor-owned utilities or other buyers, accumulated, or retired.

D. The Commission shall annually calculate the applicable bill credit rate as the effective retail rate of the customer's rate class, which shall be inclusive of all supply charges, delivery charges, demand charges, fixed charges, and any applicable riders or other charges to the customer. This rate shall be expressed in dollars or cents per kilowatt-hour.

E. The Commission shall establish by regulation a multi-family shared solar program by January 1, 2021, and shall require each investor-owned utility to file any tariffs, agreements, or forms necessary for implementation of the program. Any rule or utility implementation filings approved by the Commission shall:

1. Reasonably allow for the creation and financing of shared solar facilities;

2. Allow all customer classes to participate in the program, and ensure participation opportunities for all customer classes;

3. Not remove a customer from its otherwise applicable customer class in order to participate in a shared solar facility;

4. Reasonably allow for the transferability and portability of subscriptions, including allowing a subscriber to retain a subscription in a shared solar facility if the subscriber moves within the same utility territory;

5. Establish uniform standards, fees, and processes for the interconnection of shared solar facilities that allow the utility to recover reasonable interconnection costs for each shared solar facility;

6. Adopt standardized consumer disclosure forms;

7. Allow the investor-owned utilities to recover reasonable costs of administering the program;

8. Ensure nondiscriminatory and efficient requirements and utility procedures for interconnecting projects;

9. Address the collocation of two or more shared solar facilities on a single parcel of land, and provide guidelines for determining when two or more facilities are colocated; and

10. Include a program implementation schedule.

F. Within 180 days of finalization of the Commission's adoption of regulations for the shared solar program, utilities shall begin crediting subscriber accounts of each shared solar facility interconnected in its service territory.

§ 56-594. Net energy metering provisions.

A. The Commission shall establish by regulation a program that affords eligible customer-generators the opportunity to participate in net energy metering, and a program, to begin no later than July 1, 2014, for customers of investor-owned utilities and to begin no later than July 1, 2015, and to end July 1, 2019, for customers of electric cooperatives as provided in subsection G, to afford eligible agricultural customer-generators the opportunity to participate in net energy metering. The regulations may include, but need not be limited to, requirements for (i) retail sellers; (ii) owners or operators of distribution or transmission facilities; (iii) providers of default service; (iv) eligible customer-generators; (v) eligible agricultural customer-generators; or (vi) any combination of the foregoing, as the Commission determines will facilitate the provision of net energy metering, provided that the Commission determines that such requirements do not adversely affect the public interest. On and after July 1, 2017, small agricultural generators or eligible agricultural customer-generators may elect to interconnect pursuant to the provisions of this section or as small agricultural generators pursuant to § 56-594.2, but not both. Existing eligible agricultural customer-generators may elect to become small agricultural generators, but may not revert to being eligible agricultural customer-generators after such election. On and after July 1, 2019, interconnection of eligible agricultural customer-generators shall cease for electric cooperatives only, and such facilities shall interconnect solely as small agricultural generators. For electric cooperatives, eligible agricultural customer-generators whose renewable energy generating facilities were interconnected before July 1, 2019, may continue to participate in net energy metering pursuant to this section for a period not to exceed 25 years from the date of their renewable energy generating facility's original interconnection.

B. For the purpose of this section:

"Eligible agricultural customer-generator" means a customer that operates a renewable energy generating facility as part of an agricultural business, which generating facility (i) uses as its sole energy source solar power, wind power, or aerobic or anaerobic digester gas, (ii) does not have an aggregate generation capacity of more than 500 kilowatts, (iii) is located on land owned or controlled by the agricultural business, (iv) is connected to the customer's wiring on the customer's side of its interconnection with the distributor; (v) is interconnected and operated in parallel with an electric company's transmission and distribution facilities, and (vi) is used primarily to provide energy to metered accounts of the agricultural business. An eligible agricultural customer-generator may be served by multiple meters *servicing the eligible agricultural customer-generator* that are located at ~~separate but contiguous~~ *the same or adjacent* sites, such that the eligible agricultural customer-generator may aggregate in a single account the electricity consumption and generation measured by the meters, provided that the same utility serves all such meters. The aggregated load shall be served under the appropriate tariff.

"Eligible customer-generator" means a customer that owns and operates, or contracts with other persons to own, operate, or both, an electrical generating facility that (i) has a capacity of not more than ~~20~~ 25 kilowatts for residential customers and not more than ~~one megawatt~~ *three megawatts* for nonresidential customers ~~on an electrical generating facility placed in service after July 1, 2015;~~ (ii) uses as its total source of fuel renewable energy, as defined in § 56-576; (iii) is located on the ~~customer's premises~~ *land owned or leased by the customer* and is connected to the customer's wiring on the customer's side of its interconnection with the distributor; (iv) is interconnected and operated in parallel with an electric company's transmission and distribution facilities; and (v) is intended primarily to offset all or part of the customer's own electricity requirements. In addition to the electrical generating facility size limitations in clause (i), the capacity of any generating facility installed under this section ~~after~~ *between* July 1, 2015, and July 1, 2020, shall not exceed the expected annual energy consumption based on the previous 12 months of billing history or an annualized calculation of billing history if 12 months of billing history is not available. *In addition to the electrical generating facility size limitation in clause (i), in the certificated service territory of a Phase I Utility, the capacity of any generating facility installed under this section after July 1, 2020, shall not exceed 100 percent of the expected annual energy consumption based on the previous 12 months of billing history or an annualized calculation of billing history if 12 months of billing history is not available, and in the certificated service territory of a Phase II Utility, the capacity of any generating facility installed under this section after July 1, 2020, shall not exceed 150 percent of the expected annual energy consumption based on the previous 12 months of billing history or an annualized calculation of billing history if 12 months of billing history is not available.*

"Net energy metering" means measuring the difference, over the net metering period, between (i) electricity supplied to an eligible customer-generator or eligible agricultural customer-generator from the electric grid and (ii) the electricity generated and fed back to the electric grid by the eligible customer-generator or eligible agricultural customer-generator.

"Net metering period" means the 12-month period following the date of final interconnection of the eligible customer-generator's or eligible agricultural customer-generator's system with an electric service provider, and each 12-month period thereafter.

"Small agricultural generator" has the same meaning that is ascribed to that term in § 56-594.2.

C. The Commission's regulations shall ensure that (i) the metering equipment installed for net metering shall be capable of measuring the flow of electricity in two directions and (ii) any eligible customer-generator seeking to participate in net energy metering shall notify its supplier and receive approval to interconnect prior to installation of an electrical generating facility. The electric distribution company shall have 30 days from the date of notification for residential facilities, and 60 days from the date of notification for nonresidential facilities, to determine whether the interconnection requirements have been met. Such regulations shall allocate fairly the cost of such equipment and any necessary interconnection. An eligible customer-generator's electrical generating system, and each electrical generating system of an eligible agricultural customer-generator, shall meet all applicable safety and performance standards established by the National Electrical Code, the Institute of Electrical and Electronics Engineers, and accredited testing laboratories such as Underwriters Laboratories. Beyond the requirements set forth in this section and to ensure public safety, power quality, and reliability of the supplier's electric distribution system, an eligible customer-generator or eligible agricultural customer-generator whose electrical generating system meets those standards and rules shall bear all reasonable costs of equipment required for the interconnection to the supplier's electric distribution system, including costs, if any, to (a) install additional controls, (b) perform or pay for additional tests, and (c) purchase additional liability insurance.

D. The Commission shall establish minimum requirements for contracts to be entered into by the parties to net metering arrangements. Such requirements shall protect the eligible customer-generator or eligible agricultural customer-generator against discrimination by virtue of its status as an eligible customer-generator or eligible agricultural customer-generator, and permit customers that are served on time-of-use tariffs that have electricity supply demand charges contained within the electricity supply portion of the time-of-use tariffs to participate as an eligible customer-generator or eligible agricultural customer-generator. Notwithstanding the cost allocation provisions of subsection C, eligible customer-generators or eligible agricultural customer-generators served on demand charge-based time-of-use tariffs shall bear the incremental metering costs required to net meter such customers.

E. If electricity generated by an eligible customer-generator or eligible agricultural customer-generator over the net metering period exceeds the electricity consumed by the eligible customer-generator or eligible agricultural customer-generator, the customer-generator or eligible agricultural customer-generator shall be compensated for the excess electricity if the entity contracting to receive such electric energy and the eligible customer-generator or eligible agricultural customer-generator enter into a power purchase agreement for such excess electricity. Upon the written request of the eligible customer-generator or eligible agricultural customer-generator, the supplier that serves the eligible customer-generator or eligible agricultural customer-generator shall enter into a power purchase agreement with the requesting eligible customer-generator or eligible agricultural customer-generator that is consistent with the minimum requirements for contracts established by the Commission pursuant to subsection D. The power purchase agreement shall obligate the supplier to purchase such excess electricity at the rate that is provided for such purchases in a net metering standard contract or tariff approved by the Commission, unless the parties agree to a higher rate. The eligible customer-generator or eligible agricultural customer-generator owns any renewable energy certificates associated with its electrical generating facility; however, at the time that the eligible customer-generator or eligible agricultural customer-generator enters into a power purchase agreement with its supplier, the eligible customer-generator or eligible agricultural customer-generator shall have a one-time option to sell the renewable energy certificates associated with such electrical generating facility to its supplier and be compensated at an amount that is established by the Commission to reflect the value of such renewable energy certificates. Nothing in this section shall prevent the eligible customer-generator or eligible agricultural customer-generator and the supplier from voluntarily entering into an agreement for the sale and purchase of excess electricity or renewable energy certificates at mutually-agreed upon prices if the eligible customer-generator or eligible agricultural customer-generator does not exercise its option to sell its renewable energy certificates to its supplier at Commission-approved prices at the time that the eligible customer-generator or eligible agricultural customer-generator enters into a power purchase agreement with its supplier. All costs incurred by the supplier to purchase excess electricity and renewable energy certificates from eligible customer-generators or eligible agricultural customer-generators shall be recoverable through its Renewable Energy Portfolio Standard (RPS) rate adjustment clause, if the supplier has a Commission-approved RPS plan. If not, then all costs shall be recoverable through the supplier's fuel adjustment clause. For purposes of this section, "all costs" shall be defined as the rates paid to the eligible customer-generator or eligible agricultural customer-generator for the purchase of excess electricity and renewable energy certificates and any administrative costs incurred to manage the eligible customer-generator's or eligible agricultural customer-generator's power purchase arrangements. The net metering standard contract or tariff shall be available to eligible customer-generators or eligible agricultural customer-generators on a first-come, first-served basis in each electric distribution company's Virginia service area until the rated generating capacity owned and operated by eligible customer-generators, eligible agricultural customer-generators, and small agricultural generators in the Commonwealth

reaches one six percent, in the aggregate, five percent of which is available to all customers and one percent of which is available only to low-income utility customers of each electric distribution company's adjusted Virginia peak-load forecast for the previous year (the systemwide cap), and shall require the supplier to pay the eligible customer-generator or eligible agricultural customer-generator for such excess electricity in a timely manner at a rate to be established by the Commission.

On and after the earlier of (i) 2024 for a Phase I Utility or 2025 for a Phase II Utility or (ii) when the aggregate rated generating capacity owned and operated by eligible customer-generators, eligible agricultural customer-generators, and small agricultural generators in the Commonwealth reaches three percent of a Phase I or Phase II Utility's adjusted Virginia peak-load forecast for the previous year, the Commission shall conduct a net energy metering proceeding.

In any net energy metering proceeding, the Commission shall, after notice and opportunity for hearing, evaluate and establish (a) an amount customers shall pay on their utility bills each month for the costs of using the utility's infrastructure; (b) an amount the utility shall pay to appropriately compensate the customer, as determined by the Commission, for the total benefits such facilities provide; (c) the direct and indirect economic impact of net metering to the Commonwealth; and (d) any other information the Commission deems relevant. The Commission shall establish an appropriate rate structure related thereto, which shall govern compensation related to all eligible customer-generators, eligible agricultural customer-generators, and small agricultural generators, except low-income utility customers, that interconnect after the effective date established in the Commission's final order. Nothing in the Commission's final order shall affect any eligible customer-generators, eligible agricultural customer-generators, and small agricultural generators who interconnect before the effective date of such final order. As part of the net energy metering proceeding, the Commission shall evaluate the six percent aggregate net metering cap and may, if appropriate, raise or remove such cap. The Commission shall enter its final order in such a proceeding no later than 12 months after it commences such proceeding, and such final order shall establish a date by which the new terms and conditions shall apply for interconnection and shall also provide that, if the terms and conditions of compensation in the final order differ from the terms and conditions available to customers before the proceeding, low-income utility customers may interconnect under whichever terms are most favorable to them.

F. Any residential eligible customer-generator or eligible agricultural customer-generator, in the service territory of a Phase II Utility who owns and operates, or contracts with other persons to own, operate, or both, an electrical generating facility with a capacity that exceeds 10 15 kilowatts shall pay to its supplier, in addition to any other charges authorized by law, a monthly standby charge. The amount of the standby charge and the terms and conditions under which it is assessed shall be in accordance with a methodology developed by the supplier and approved by the Commission. The Commission shall approve a supplier's proposed standby charge methodology if it finds that the standby charges collected from all such eligible customer-generators and eligible agricultural customer-generators allow the supplier to recover only the portion of the supplier's infrastructure costs that are properly associated with serving such eligible customer-generators or eligible agricultural customer-generators. Such an eligible customer-generator or eligible agricultural customer-generator shall not be liable for a standby charge until the date specified in an order of the Commission approving its supplier's methodology. For customers of all other investor-owned utilities, on and after July 1, 2020, standby charges are prohibited for any residential eligible customer-generator or agricultural customer-generator.

G. On and after the later of July 1, 2019, or the effective date of regulations that the Commission is required to adopt pursuant to § 56-594.01, (i) net energy metering in the service territory of each electric cooperative shall be conducted as provided in a program implemented pursuant to § 56-594.01 and (ii) the provisions of this section shall not apply to net energy metering in the service territory of an electric cooperative except as provided in § 56-594.01.

H. The Commission may adopt such rules or establish such guidelines as may be necessary for its general administration of this section.

1. When the Commission conducts a net energy metering proceeding, it shall:

1. Investigate and determine the costs and benefits of the current net energy metering program;
2. Establish an appropriate netting measurement interval for a successor tariff that is just and reasonable in light of the costs and benefits of the net metering program in aggregate, and applicable to new requests for net energy metering service; and

3. Determine a specific avoided cost for customer-generators, the different type of customer-generator technologies where the Commission deems it appropriate, and establish the methodology for determining the compensation rate for any net excess generation determined according to the applicable net measurement interval for any new tariff.

J. In evaluating the costs and benefits of the net energy metering program, the Commission shall consider:

1. The aggregate impact of customer-generators on the electric utility's long-run marginal costs of generation, distribution, and transmission;

2. The cost of service implications of customer-generators on other customers within the same class, including an evaluation of whether customer-generators provide an adequate rate of return to the electrical utility compared to the otherwise applicable rate class when, for analytical purposes only, examined as a separate class within a cost of service study;

3. The direct and indirect economic impact of the net energy metering program to the Commonwealth; and

4. Any other information it deems relevant, including environmental and resilience benefits of customer-generator facilities.

K. Notwithstanding the provisions of this section, § 56-585.1:8, or any other provision of law to the contrary, any locality that is a nonjurisdictional customer of a Phase II Utility, as defined in § 56-585.1:3, and is in Planning District

Eight with a population greater than 1 million may (i) install solar-powered or wind-powered electric generation facilities with a rated capacity not exceeding five megawatts, whether the facilities are owned by the locality or owned and operated by a third party pursuant to a contract with the locality, on any locality-owned site within the locality and (ii) credit the electricity generated at any such facility as directed by the governing body of the locality to any one or more of the metered accounts of buildings or other facilities of the locality or the locality's public school division that are located within the locality, without regard to whether the buildings and facilities are located at the same site where the electric generation facility is located or at a site contiguous thereto. The amount of the credit for such electricity to the metered accounts of the locality or its public school division shall be identical, with respect to the rate structure, all retail rate components, and monthly charges, to the amount the locality or public school division would otherwise be charged for such amount of electricity under its contract with the public utility, without the assessment by the public utility of any distribution charges, service charges, or fees in connection with or arising out of such crediting.

§ 67-102. Commonwealth Energy Policy.

A. To achieve the objectives enumerated in § 67-101, it shall be the policy of the Commonwealth to:

1. Support research and development of, and promote the use of, renewable energy sources;
2. Ensure that the combination of energy supplies and energy-saving systems are sufficient to support the demands of economic growth;
3. Promote research and development of clean coal technologies, including but not limited to integrated gasification combined cycle systems;
4. Promote cost-effective conservation of energy and fuel supplies;
5. Ensure the availability of affordable natural gas throughout the Commonwealth by expanding Virginia's natural gas distribution and transmission pipeline infrastructure; developing coalbed methane gas resources and methane hydrate resources; encouraging the productive use of landfill gas; and siting one or more liquefied natural gas terminals;
6. Promote the generation of electricity through technologies that do not contribute to greenhouse gases and global warming;
7. Facilitate the development of new, and the expansion of existing, petroleum refining facilities within the Commonwealth;
8. Promote the use of motor vehicles that utilize alternate fuels and are highly energy efficient;
9. Support efforts to reduce the demand for imported petroleum by developing alternative technologies, including but not limited to the production of synthetic and hydrogen-based fuels, and the infrastructure required for the widespread implementation of such technologies;
10. Promote the sustainable production and use of biofuels produced from silvicultural and agricultural crops grown in the Commonwealth, and support the delivery infrastructure needed for statewide distribution to consumers;
11. Ensure that development of new, or expansion of existing, energy resources or facilities does not have a disproportionate adverse impact on economically disadvantaged or minority communities; ~~and~~
12. Ensure that energy generation and delivery systems that may be approved for development in the Commonwealth, including liquefied natural gas and related delivery and storage systems, should be located so as to minimize impacts to pristine natural areas and other significant onshore natural resources, and as near to compatible development as possible; *and*
13. *Support the distributed generation of renewable electricity by:*
 - a. *Encouraging private sector investments in distributed renewable energy;*
 - b. *Increasing the security of the electricity grid by supporting distributed renewable energy projects with the potential to supply electric energy to critical facilities during a widespread power outage; and*
 - c. *Augmenting the exercise of private property rights by landowners desiring to generate their own energy from renewable energy sources on their lands.*

B. The elements of the policy set forth in subsection A shall be referred to collectively in this title as the Commonwealth Energy Policy.

C. All agencies and political subdivisions of the Commonwealth, in taking discretionary action with regard to energy issues, shall recognize the elements of the Commonwealth Energy Policy and where appropriate, shall act in a manner consistent therewith.

D. The Commonwealth Energy Policy is intended to provide guidance to the agencies and political subdivisions of the Commonwealth in taking discretionary action with regard to energy issues, and shall not be construed to amend, repeal, or override any contrary provision of applicable law. The failure or refusal of any person to recognize the elements of the Commonwealth Energy Policy, to act in a manner consistent with the Commonwealth Energy Policy, or to take any other action whatsoever, shall not create any right, action, or cause of action or provide standing for any person to challenge the action of the Commonwealth or any of its agencies or political subdivisions.

2. That § 1 of the first enactment of Chapters 358 and 382 of the Acts of Assembly of 2013, as amended by Chapter 803 of the Acts of Assembly of 2017, is amended and reenacted as follows:

§ 1. That the State Corporation Commission (Commission) shall conduct pilot programs under which a person that owns or operates a solar-powered or wind-powered electricity generation facility located on premises owned or leased by an eligible customer-generator, as defined in § 56-594 of the Code of Virginia, shall be permitted to sell the electricity generated from such facility exclusively to such eligible customer-generator under a power purchase agreement used to

provide third party financing of the costs of such a renewable generation facility (third party power purchase agreement), subject to the following terms, conditions, and restrictions:

a. ~~A Notwithstanding subsection G of § 56-580 of the Code of Virginia or any other provision of law, a pilot program shall be conducted within the certificated service territory of each investor-owned electric utility other than a utility described in subsection G of § 56-580 of the Code of Virginia ("Pilot Utility"); provided that within the certificated service territory of an investor-owned utility that was not bound by a rate case settlement adopted by the Commission that extended in its application beyond January 1, 2002, nonprofit, private institutions of higher education as defined in § 23.1-100 of the Code of Virginia that are not being served by generation provided under subdivision A 5 of § 56-577 of the Code of Virginia shall be deemed to be customer-generators eligible to participate in the pilot program;~~

b. ~~The aggregated capacity of all generation facilities that are subject to such third party power purchase agreements at any time during the pilot program shall not exceed 50 500 megawatts for Virginia jurisdictional customers and 500 megawatts for Virginia nonjurisdictional customers for an investor-owned utility that was bound by a rate case settlement adopted by the Commission that extended in its application beyond January 1, 2002, or seven 40 megawatts for an investor-owned utility that was not bound by a rate case settlement adopted by the Commission that extended in its application beyond January 1, 2002. Such limitation on the aggregated capacity of such facilities shall constitute a portion of the existing limit of one six percent of each Pilot Utility's adjusted Virginia peak-load forecast for the previous year that is available to eligible customer-generators pursuant to subsection E of § 56-594 of the Code of Virginia. Notwithstanding any provision of this act that incorporates provisions of § 56-594, the seller and the customer shall elect either to (i) enter into their third party power purchase agreement subject to the conditions and provisions of the Pilot Utility's net energy metering program under § 56-594 or (ii) provide that electricity generated from the generation facilities subject to the third party power purchase agreement will not be net metered under § 56-594, provided that an election not to net meter under § 56-594 shall not exempt the third party power purchase agreement and the parties thereto from the requirements of this act that incorporate provisions of § 56-594;~~

c. ~~A solar-powered or wind-powered generation facility with a capacity of no less than 50 kilowatts and no more than one megawatt three megawatts shall be eligible for a third party power purchase agreement under the a pilot program; however, if the customer under such agreement is an entity with tax-exempt status in accordance with § 501(c) of the Internal Revenue Code of 1954, as amended, then such facility is eligible for the pilot program even if it does not meet the 50 kilowatts minimum size requirement. The maximum generation capacity of one megawatt three megawatts shall not affect the limits on the capacity of electrical generating capacities of 20 25 kilowatts for residential customers and 500 kilowatts three megawatts for nonresidential customers set forth in subsection B of § 56-594 of the Code of Virginia, which limitations shall continue to apply to net energy metering generation facilities regardless of whether they are the subject of a third party power purchase agreement under the pilot program;~~

d. ~~A generation facility that is the subject of a third party power purchase agreement under the pilot program shall serve only one customer, and a third party power purchase agreement shall not serve multiple customers;~~

e. ~~The customer under a third party power purchase agreement under the pilot program shall be subject to the interconnection and other requirements imposed on eligible customer-generators pursuant to subsection C of § 56-594 of the Code of Virginia, including the requirement that the customer bear the reasonable costs, as determined by the Commission, of the items described in clauses (i), (ii), and (iii) of such subsection;~~

f. ~~A third party power purchase agreement under the pilot program shall not be valid unless it conforms in all respects to the requirements of the pilot program conducted under the provisions of this act and unless the Commission and the Pilot Utility are provided written notice of the parties' intent to enter into a third party power purchase agreement not less than 30 days prior to the agreement's proposed effective date; and~~

g. ~~An affiliate of the Pilot Utility shall be permitted to offer and enter into third party power purchase arrangements on the same basis as may any other person that satisfies the requirements of being a seller under a third party power purchase agreement under the pilot program.~~

CHAPTER 1240

An Act to amend the Code of Virginia by adding a section numbered 56-585.1:11, relating to electric utilities; development of offshore wind generation facilities.

[H 1664]

Approved April 22, 2020

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 56-585.1:11 as follows:

§ 56-585.1:11. Development of offshore wind capacity.

A. As used in this section:

"Advanced clean energy buyer" means a commercial or industrial customer of a Phase II Utility, irrespective of generation supplier, (i) with an aggregate load over 100 megawatts; (ii) with an aggregate amount of at least 200 megawatts of solar or wind energy supply under contract with a term of 10 years or more from facilities located within the Commonwealth by January 1, 2024; and (iii) that directly procures from the utility the electric supply and environmental

attributes of the offshore wind facility associated with the lesser of 50 megawatts of nameplate capacity or 15 percent of the commercial or industrial customer's annual peak demand for a contract period of 15 years.

"Aggregate load" means the combined electrical load associated with selected accounts of an advanced clean energy buyer with the same legal entity name as, or in the names of affiliated entities that control, are controlled by, or are under common control of, such legal entity or are the names of affiliated entities under a common parent.

"Control" means the legal right, directly or indirectly, to direct or cause the direction of the management, actions, or policies of an affiliated entity, whether through the ability to exercise voting power, by contract, or otherwise. "Control" does not include control of an entity through a franchise or similar contractual agreement.

"Qualifying large general service customer" means a customer of a Phase II Utility, irrespective of general supplier, (i) whose peak demand during the most recent calendar year exceeded five megawatts and (ii) that contracts with the utility to directly procure electric supply and environmental attributes associated with the offshore wind facility in amounts commensurate with the customer's electric usage for a contract period of 15 years or more.

B. In order to meet the Commonwealth's clean energy goals, prior to December 31, 2034, the construction or purchase by a public utility of one or more offshore wind generation facilities located off the Commonwealth's Atlantic shoreline or in federal waters and interconnected directly into the Commonwealth, with an aggregate capacity of up to 5,200 megawatts, is in the public interest and the Commission shall so find, provided that no customers of the utility shall be responsible for costs of any such facility in a proportion greater than the utility's share of the facility.

C. 1. Pursuant to subsection B, construction by a Phase II Utility of one or more new utility-owned and utility-operated generating facilities utilizing energy derived from offshore wind and located off the Commonwealth's Atlantic shoreline, with an aggregate rated capacity of not less than 2,500 megawatts and not more than 3,000 megawatts, along with electrical transmission or distribution facilities associated therewith for interconnection is in the public interest. In acting upon any request for cost recovery by a Phase II Utility for costs associated with such a facility, the Commission shall determine the reasonableness and prudence of any such costs, provided that such costs shall be presumed to be reasonably and prudently incurred if the Commission determines that (i) the utility has complied with the competitive solicitation and procurement requirements pursuant to subsection E; (ii) the project's projected total levelized cost of energy, including any tax credit, on a cost per megawatt hour basis, inclusive of the costs of transmission and distribution facilities associated with the facility's interconnection, does not exceed 1.4 times the comparable cost, on an unweighted average basis, of a conventional simple cycle combustion turbine generating facility as estimated by the U.S. Energy Information Administration in its Annual Energy Outlook 2019; and (iii) the utility has commenced construction of such facilities for U.S. income taxation purposes prior to January 1, 2024, or has a plan for such facility or facilities to be in service prior to January 1, 2028. The Commission shall disallow costs, or any portion thereof, only if they are otherwise unreasonably and imprudently incurred. In its review, the Commission shall give due consideration to (a) the Commonwealth's renewable portfolio standards and carbon reduction requirements, (b) the promotion of new renewable generation resources, and (c) the economic development benefits of the project for the Commonwealth, including capital investments and job creation.

2. Notwithstanding the provisions of § 56-585.1, the Commission shall not grant an enhanced rate of return to a Phase II Utility for the construction of one or more new utility-owned and utility-operated generating facilities utilizing energy derived from offshore wind and located off the Commonwealth's Atlantic shoreline pursuant to this section.

3. Any such costs proposed for recovery through a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1 shall be allocated to all customers of the utility in the Commonwealth as a non-bypassable charge, regardless of the generation supplier of any such customer, other than (i) PIPP eligible utility customers, (ii) advanced clean energy buyers, and (iii) qualifying large general service customers. No electric cooperative customer of the utility shall be assigned, nor shall the utility collect from any such cooperative, any of the costs of such facilities, including electrical transmission or distribution facilities associated therewith for interconnection. The utility may petition for approval of such special contracts or rates in connection with any petition for approval of a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1 to recover the costs of the facility, and the Commission shall rule upon any such petitions in its final order in such proceeding within nine months from the date of filing.

D. In constructing any such facility contemplated in subsection B, the utility shall develop and submit a plan to the Commission for review that includes the following considerations: (i) options for utilizing local workers; (ii) the economic development benefits of the project for the Commonwealth, including capital investments and job creation; (iii) consultation with the Commonwealth's Chief Workforce Development Officer, the Chief Diversity, Equity, and Inclusion Officer, and the

A utility may give appropriate consideration to suppliers and developers that have demonstrated successful experience in offshore wind.

F. Any project shall include an environmental and fisheries mitigation plan submitted to the Commission for the construction and operation of such offshore wind facilities, provided that such plan includes an explicit description of the best management practices the bidder will employ that considers the latest science at the time the proposal is made to mitigate adverse impacts to wildlife, natural resources, ecosystems, and traditional or existing water-dependent uses. The plan shall include a summary of pre-construction assessment activities, consistent with federal requirements, to determine the spatial and temporal presence and abundance of marine mammals, sea turtles, birds, and bats, in the offshore wind lease area.

2. That the utility constructing a facility pursuant to § 56-585.1:11 of the Code of Virginia, as created by this act, shall provide the State Corporation Commission (the Commission) with reports on the facility's construction progress, including performance to construction timeline and budget, on no less than a quarterly basis throughout the construction period. [H 1726]

Approved April 22, 2020

Be it enacted by the General Assembly of Virginia:

1. That §§ 33.2-2605, 58.1-811, as it is currently effective, 58.1-816, and 58.1-1743 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding sections numbered 33.2-2600.1 and 58.1-802.4 as follows:

§ 33.2-2600.1. Hampton Roads Regional Transit Program and Fund.

A. The General Assembly declares it to be in the public interest that developing and continuing operations of reliable regional public transportation is important for a balanced and effective multimodal transportation system in the Hampton Roads region and is essential to the region's economic growth, vitality, and competitiveness. The General Assembly further declares that a special transportation program, to be known as the Hampton Roads Regional Transit Program (the Program), should provide for the costs of developing, maintaining, and improving a core regional network of transit routes and related infrastructure, rolling stock, and support facilities that have the greatest positive impacts on economic development potential, employment opportunities, mobility, environmental sustainability, and quality of life. The goal of the Program is to provide a modern, safe, and efficient core network of transit services across the Hampton Roads region. The Program shall be incorporated into strategic plans developed pursuant to § 33.2-286 and adopted by the governing board of each transit entity and shall form the basis for the regional transit planning process coordinated by the federally designated Metropolitan Planning Organization.

B. There is hereby created in the state treasury a special nonreverting fund for Planning District 23 to be known as the Hampton Roads Regional Transit Fund, referred to in this chapter as "the Regional Transit Fund." The Regional Transit Fund shall be established on the books of the Comptroller. All revenues dedicated to the Regional Transit Fund pursuant to §§ 58.1-802.4, 58.1-816, and 58.1-1743 shall be paid into the state treasury and credited to the Regional Transit Fund. Interest earned on moneys in the Regional Transit Fund shall remain in the Regional Transit Fund and be credited to it. Any moneys remaining in the Regional Transit Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Regional Transit Fund.

C. The Regional Transit Fund shall be managed by the Commission, and disbursements from the Regional Transit Fund shall be approved by the Commission consistent with the regional transit planning process developed pursuant to subsection D of § 33.2-286. The moneys deposited in the Regional Transit Fund shall be used solely for (i) the development, maintenance, improvement, and operation of a core and connected regional network of transit routes and related infrastructure, rolling stock, and support facilities, to include the operation of a regional system of interjurisdictional, high-frequency bus service, in a transportation district in Hampton Roads created pursuant to § 33.2-1903 as included in the strategic plans and regional transit planning process developed pursuant to § 33.2-286 and (ii) administrative and operating expenses of the Commission as specified in subsection B of § 33.2-2605. In the allocation of funds, priority shall

be given, when possible, to investments in the most sustainable and cost-effective operations, rolling stock, and facilities to reduce or eliminate reliance upon diesel fuels. Funds from the Regional Transit Fund shall not be used to support the expansion of light rail beyond the boundaries of a locality where light rail is operated on January 1, 2020. The amounts dedicated to the Regional Transit Fund shall be deposited monthly by the Comptroller into the Regional Transit Fund and thereafter distributed to the Commission as soon as practicable for use in accordance with this chapter. If the Commission determines that such moneys distributed to it exceed the amount required to meet the current needs and demands to fund transit projects pursuant to this chapter, the Commission may invest such excess moneys to the same extent and in the same manner as provided in subsection A of § 33.2-1525 for excess funds in the Transportation Trust Fund.

D. The amounts deposited into the Regional Transit Fund and the distribution and expenditure of such amounts shall not (i) be used to calculate or reduce the share of federal, state, or local revenues otherwise available to participating localities; (ii) allow a local government that is a member of the transportation district to reduce its local funding for public transportation purposes to an amount less than what was appropriated on July 1, 2019, for such purposes; or (iii) diminish or supplant allocations and appropriations from other sources or diminish allocations to which a transportation district, transit system, or locality would be entitled under any other provisions of law but shall supplement such funds to accelerate and augment transportation improvements in the Hampton Roads region. Further, such revenues and moneys shall not be included in any computation of, or formula for, a locality's ability to pay for public education, upon which appropriations of state revenues to local governments for public education are determined. Any amounts paid from the Regional Transit Fund shall be considered local funds when used to make a required match for state or federal transportation grant funds.

§ 33.2-2605. Annual budget and allocation of expenses.

A. The Commission shall adopt an annual budget and develop a funding plan and shall provide for such adoption in its bylaws. The funding plan shall provide for the expenditure of funds over a four- to six-year period and shall align with the Statewide Transportation Plan established pursuant to § 33.2-353 as much as possible. The Commission shall solicit public comment on its budget and funding plan by posting a summary of such budget and funding plan on its website and holding a public hearing. Such public hearing shall be advertised on the Commission's website and in a newspaper of general circulation in Planning District 23.

B. The administrative and operating expenses of the Commission shall be provided in an annual budget adopted by the Commission and to. To the extent that funds for such expenses are not provided from other sources, the expenses shall be paid from the Fund and the Regional Transit Fund on an approximately pro rata basis of the programs supported by the Fund and the Regional Transit Fund. Such budget shall be limited solely to the administrative and operating expenses of the Commission and shall not include any funds for construction or acquisition of transportation facilities or the performance of any transportation service.

C. Members may be reimbursed for all reasonable and necessary expenses provided in §§ 2.2-2813 and 2.2-2825, if approved by the Commission. Funding for the costs of compensation and expenses of the members shall be provided by the Commission.

The rate of the fee, when the consideration or value of the interest, whichever is greater, equals or exceeds \$100, shall be \$0.06 for each \$100 or fraction thereof, exclusive of the value of any lien or encumbrance remaining thereon at the time of the sale, whether such lien is assumed or the realty is sold subject to such lien or encumbrance.

The fee imposed by this section shall be paid by the grantor, or any person who signs on behalf of the grantor, of any deed, instrument, or writing subject to the fee imposed by this section; however, the grantor and grantee may arrange for the grantee to pay all or a portion of the fee.

"Locality" means any county, city, or town, school division, or other political subdivision.

"Prevailing wage rate" means the rate, amount, or level of wages, salaries, benefits, and other remuneration prevailing for the corresponding classes of mechanics, laborers, or workers employed for the same work in the same trade or occupation in the locality in which the public facility or immovable property that is the subject of public works is located, as determined by the Commissioner of Labor and Industry on the basis of applicable prevailing wage rate determinations made by the U.S. Secretary of Labor under the provisions of the Davis-Bacon Act, 40 U.S.C. § 276 et seq., as amended.

"Public works" means the operation, erection, construction, alteration, improvement, maintenance, or repair of any public facility or immovable property owned, used, or leased by a state agency or locality.

B. Notwithstanding any other provision of this chapter, each state agency, when procuring services or letting contracts for public works paid for in whole or in part by state funds, or when overseeing or administering such contracts for public works, shall ensure that its bid specifications or other public contracts applicable to the public works require bidders, offerors, contractors, and subcontractors to pay wages, salaries, benefits, and other remuneration to any mechanic, laborer, or worker employed, retained, or otherwise hired to perform services in connection with the public contract for public works at the prevailing wage rate. Each public contract for public works by a state agency shall contain a provision requiring that the remuneration to any individual performing the work of any mechanic, laborer, or worker on the work contracted to be done under the public contract shall be at a rate equal to the prevailing wage rate.

C. H. Each employer subject to the provisions of this section shall keep, maintain, and preserve (i) records relating to the wages paid to and hours worked by each individual performing the work of any mechanic, laborer, or worker and (ii) a schedule of the occupation or work classification at which each individual performing the work of any mechanic, laborer, or worker on the public works project is employed during each work day and week. The employer shall preserve these records for a minimum of six years and make such records available to the Department of Labor and Industry within 10 days of a request and shall certify that records reflect the actual hours worked and the amount paid to its workers for whatever time period they request.

I. Contractors and subcontractors performing public works for a state agency or for a locality that has adopted an ordinance described in subsection C shall post the general prevailing wage rate for each craft and classification involved, as determined by the Commissioner of Labor and Industry, including the effective date of any changes thereof, in prominent and easily accessible places at the site of the work or at any such places as are used by the contractor or subcontractors to pay workers their wages. Within 10 days of such posting, a contractor or subcontractor shall certify to the Commissioner of Labor and Industry its compliance with this subsection.

(1) except as otherwise provided in paragraph (3), if the debtor is a registered organization or the collateral is held in a trust that is a registered organization, only if the financing statement provides the name that is stated to be the registered organization's name on the public organic record most recently filed with or issued or enacted by the registered organization's jurisdiction of organization which purports to state, amend, or restate the registered organization's name;

(2) subject to subsection (f), if the collateral is being administered by the personal representative of a decedent, only if the financing statement provides, as the name of the debtor, the name of the decedent and, in a separate part of the financing statement, indicates that the collateral is being administered by a personal representative;

(3) if the collateral is held in a trust that is not a registered organization, only if the financing statement:

(A) provides, as the name of the debtor:

(i) if the organic record of the trust specifies a name for the trust, the name specified; or

(ii) if the organic record of the trust does not specify a name for the trust, the name of the settlor or testator; and

(B) in a separate part of the financing statement:

(6) in other cases:

(A) if the debtor has a name, only if it provides the organizational name of the debtor; and

(B) if the debtor does not have a name, only if it provides the names of the partners, members, associates, or other persons comprising the debtor, in a manner that each name provided would be sufficient if the person named were the debtor.

(b) Additional debtor-related information. A financing statement that provides the name of the debtor in accordance with subsection (a) is not rendered ineffective by the absence of:

(1) a trade name or other name of the debtor; or

(2) unless required under subsection (a)(6)(B), names of partners, members, associates, or other persons comprising the debtor.

(c) Debtor's trade name insufficient. A financing statement that provides only the debtor's trade name does not sufficiently provide the name of the debtor.

(e) Multiple debtors and secured parties. A financing statement may provide the name of more than one debtor and the name of more than one secured party.

(f) Name of decedent. The name of the decedent indicated on the order appointing the personal representative of the decedent issued by the court having jurisdiction over the collateral is sufficient as the "name of the decedent" under subsection (a)(2).

The rule of the Supreme Court establishing the schedule shall be prominently posted in the place where the fines are paid. Fines and costs shall be paid in accordance with the provisions of this Code or any rules or regulations promulgated thereunder.

D. Fines imposed under local traffic infraction ordinances that do not parallel provisions of state law and fulfill the criteria set out in subsection A may be prepayable in the manner set forth in subsection B if such ordinances appear in a schedule entered by order of the local circuit courts. The provisions of this section shall not apply to divorce decrees where there are no minor children whom the parties have a mutual duty to support.

§ 20-107.1. Court may decree as to maintenance and support of spouses.

A. Pursuant to any proceeding arising under subsection L of § 16.1-241 or upon the entry of a decree providing (i) for the dissolution of a marriage, (ii) for a divorce, whether from the bond of matrimony or from bed and board, (iii) that neither party is entitled to a divorce, or (iv) for separate maintenance, the court may make such further decree as it shall deem expedient concerning the maintenance and support of the spouses, notwithstanding a party's failure to prove his grounds for divorce, provided that a claim for support has been properly pled by the party seeking support. However, the court shall have no authority to decree maintenance and support payable by the estate of a deceased spouse.

B. Any maintenance and support shall be subject to the provisions of § 20-109, and no permanent maintenance and support shall be awarded from a spouse if there exists in such spouse's favor a ground of divorce under the provisions of subdivision A (1) of § 20-91. However, the court may make such an award notwithstanding the existence of such ground if the court determines from clear and convincing evidence, that a denial of support and maintenance would constitute a manifest injustice, based upon the respective degrees of fault during the marriage and the relative economic circumstances of the parties.

C. The court, in its discretion, may decree that maintenance and support of a spouse be made in periodic payments for a defined duration, or in periodic payments for an undefined duration, or in a lump sum award, or in any combination thereof.

D. In addition to or in lieu of an award pursuant to subsection C, the court may reserve the right of a party to receive support in the future. In any case in which the right to support is so reserved, there shall be a rebuttable presumption that the reservation will continue for a period equal to 50 percent of the length of time between the date of the marriage and the date of separation. Once granted, the duration of such a reservation shall not be subject to modification.

E. The court, in determining whether to award support and maintenance for a spouse, shall consider the circumstances and factors which contributed to the dissolution of the marriage, specifically including adultery and any other ground for divorce under the provisions of subdivision A (3) or (6) of § 20-91 or § 20-95. In determining the nature, amount and duration of an award pursuant to this section, the court shall consider the following:

1. The obligations, needs and financial resources of the parties, including but not limited to income from all pension, profit sharing or retirement plans, of whatever nature;

2. The standard of living established during the marriage;

3. The duration of the marriage;

4. The age and physical and mental condition of the parties and any special circumstances of the family;

5. The extent to which the age, physical or mental condition or special circumstances of any child of the parties would make it appropriate that a party not seek employment outside of the home;

6. The contributions, monetary and nonmonetary, of each party to the well-being of the family;
7. The property interests of the parties, both real and personal, tangible and intangible;
8. The provisions made with regard to the marital property under § 20-107.3;
9. The earning capacity, including the skills, education and training of the parties and the present employment opportunities for persons possessing such earning capacity;
10. The opportunity for, ability of, and the time and costs involved for a party to acquire the appropriate education, training and employment to obtain the skills needed to enhance his or her earning ability;
11. The decisions regarding employment, career, economics, education and parenting arrangements made by the parties during the marriage and their effect on present and future earning potential, including the length of time one or both of the parties have been absent from the job market;
12. The extent to which either party has contributed to the attainment of education, training, career position or profession of the other party; and
13. Such other factors, including the tax consequences to each party and the circumstances and factors that contributed to the dissolution, specifically including any ground for divorce, as are necessary to consider the equities between the parties.

F. In contested cases in the circuit courts, any order granting, reserving or denying a request for spousal support shall be accompanied by written findings and conclusions of the court identifying the factors in subsection E which support the court's order. Any order granting or reserving any request for spousal support shall state whether the retirement of either party was contemplated by the court and specifically considered by the court in making its award, and, if so, the order shall state the facts the court contemplated and specifically considered as to the retirement of the party. If the court awards periodic support for a defined duration, such findings shall identify the basis for the nature, amount and duration of the award and, if appropriate, a specification of the events and circumstances reasonably contemplated by the court which support the award.

G. For purposes of this section and § 20-109, "date of separation" means the earliest date at which the parties are physically separated and at least one party intends such separation to be permanent provided the separation is continuous thereafter and "defined duration" means a period of time (i) with a specific beginning and ending date or (ii) specified in relation to the occurrence or cessation of an event or condition other than death or termination pursuant to § 20-110.

H. Where there are no minor children whom the parties have a mutual duty to support, an order directing the payment of spousal support, including those orders confirming separation agreements, entered on or after October 1, 1985, whether they are original orders or modifications of existing orders, shall contain the following:

1. If known, the name, date of birth, and social security number of each party and, unless otherwise ordered, each party's residential and, if different, mailing address, residential and employer telephone number, ~~driver's license and number appearing on a driver's license or other document issued under Chapter 3 (§ 46.2-300 et seq.) of Title 46.2 or the comparable law of another jurisdiction~~, and the name and address of his ~~each party's~~ employer; however, when a protective order has been issued or the court otherwise finds reason to believe that a party is at risk of physical or emotional harm from the other party, information other than the name of the party at risk shall not be included in the order;
2. The amount of periodic spousal support expressed in fixed sums, together with the payment interval, the date payments are due, and the date the first payment is due;
3. A statement as to whether there is an order for health care coverage for a party;
4. If support arrearages exist, (i) to whom an arrearage is owed and the amount of the arrearage, (ii) the period of time for which such arrearage is calculated, and (iii) a direction that all payments are to be credited to current spousal support obligations first, with any payment in excess of the current obligation applied to arrearages;
5. If spousal support payments are ordered to be paid directly to the obligee, and unless the court for good cause shown orders otherwise, the parties shall give each other and the court at least 30 days' written notice, in advance, of any change of address and any change of telephone number within 30 days after the change; and
6. Notice that in determination of a spousal support obligation, the support obligation as it becomes due and unpaid creates a judgment by operation of law.

§ 22.1-205. Driver education programs.

A. The Board of Education shall establish for the public school system a standardized program of driver education in the safe operation of motor vehicles. Such program shall consist of classroom training and behind-the-wheel driver training. However, any student who participates in such a program of driver education shall meet the academic requirements established by the Board, and no student in a course shall be permitted to operate a motor vehicle without a license or ~~permit to do so~~ other document issued by the Department of Motor Vehicles under Chapter 3 (§ 46.2-300 et seq.) of Title 46.2, or the comparable law of another jurisdiction, authorizing the operation of a motor vehicle upon the highways.

1. The driver education program shall include (i) instruction concerning (a) alcohol and drug abuse; (b) aggressive driving; (c) distracted driving; (d) motorcycle awareness; (e) organ and tissue donor awareness; (f) fuel-efficient driving practices; and (g) traffic stops, including law-enforcement procedures for traffic stops, appropriate actions to be taken by drivers during traffic stops, and appropriate interactions with law-enforcement officers who initiate traffic stops, and (ii) in Planning District 8, an additional minimum 90-minute parent/student driver education component. The additional parent/student driver education component may be provided to students outside Planning District 8, at the discretion of each local school board.

2. The parent/student driver education component shall be administered as part of the classroom portion of the driver education curriculum. In Planning District 8, the parent/student driver education component shall be administered in-person. Outside Planning District 8, the parent/student driver education component may be administered either in-person or online by a public school or driver training schools that are licensed as computer-based driver education providers. For students in Planning District 8 and those students in school divisions that offer the parent/student component, the participation of the student's parent or guardian shall be required, and the program shall emphasize (i) parental responsibilities regarding juvenile driver behavior, (ii) juvenile driving restrictions pursuant to the Code of Virginia, and (iii) the dangers of driving while intoxicated and underage consumption of alcohol. Such instruction shall be developed by the Department in cooperation with the Virginia Alcohol Safety Action Program, the Department of Health, and the Department of Behavioral Health and Developmental Services, as appropriate. Nothing in this subdivision precludes any school division outside Planning District 8 from including a program of parental involvement as part of a driver education program in addition to or as an alternative to the minimum 90-minute parent/student driver education component.

3. Any driver education program shall require a minimum number of miles driven during the behind-the-wheel driver training.

B. The Board shall assist school divisions by preparation, publication and distribution of competent driver education instructional materials to ensure a more complete understanding of the responsibilities and duties of motor vehicle operators.

C. Each school board shall determine whether to offer the program of driver education in the safe operation of motor vehicles and, if offered, whether such program shall be an elective or a required course. In addition to the fee approved by the Board of Education pursuant to the appropriation act that allows local school boards to charge a per pupil fee for behind-the-wheel driver education, the Board of Education may authorize a local school board's request to assess a surcharge in order to further recover program costs that exceed state funds distributed through basic aid to school divisions offering driver education programs. Each school board may waive the fee or the surcharge in total or in part for those students it determines cannot pay the fee or surcharge. Only school divisions complying with the standardized program and regulations established by the Board of Education and the provisions of § 46.2-335 shall be entitled to participate in the distribution of state funds appropriated for driver education.

School boards in Planning District 8 shall make the 90-minute parent/student driver education component available to all students and their parents or guardians who are in compliance with § 22.1-254.

D. The actual initial driving instruction shall be conducted, with motor vehicles equipped as may be required by regulation of the Board of Education, on private or public property removed from public highways if practicable; if impracticable, then, at the request of the school board, the Commissioner of Highways shall designate a suitable section of road near the school to be used for such instruction. Such section of road shall be marked with signs, which the Commissioner of Highways shall supply, giving notice of its use for driving instruction. Such signs shall be removed at the close of the instruction period. No vehicle other than those used for driver training shall be operated between such signs at a speed in excess of 25 miles per hour. Violation of this limit shall be a Class 4 misdemeanor.

E. The Board of Education may, in its discretion, promulgate regulations for the use and certification of paraprofessionals as teaching assistants in the driver education programs of school divisions.

F. The Board of Education shall approve correspondence courses for the classroom training component of driver education. These correspondence courses shall be consistent in quality with instructional programs developed by the Board for classroom training in the public schools. Students completing the correspondence courses for classroom training, who are eligible to take behind-the-wheel driver training, may receive behind-the-wheel driver training (i) from a public school, upon payment of the required fee, if the school division offers behind-the-wheel driver training and space is available, (ii) from a driver training school licensed by the Department of Motor Vehicles, or (iii) in the case of a home schooling parent or guardian instructing his own child who meets the requirements for home school instruction under § 22.1-254.1 or subdivision B 1 of § 22.1-254, from a behind-the-wheel training course approved by the Board. Nothing herein shall be construed to require any school division to provide behind-the-wheel driver training to nonpublic school students.

If the applicant indicates a noncitizen status, the Department of Motor Vehicles shall not offer that applicant the opportunity to apply for voter registration. If the applicant indicates that he is a United States citizen and that he wishes to register to vote or change his voter registration address, the statement that he is a United States citizen shall become part of the voter registration application offered to the applicant. Information on citizenship status shall not be a determinative factor for the issuance of any document pursuant to the provisions of Chapter 3 (§ 46.2-300 et seq.) of Title 46.2.

B. Additionally, the Department of Motor Vehicles shall furnish monthly to the Department of Elections a complete list of all persons who have indicated a noncitizen status to the Department of Motor Vehicles in obtaining a ~~driver's license, commercial driver's license, temporary driver's permit, learner's permit, motorcycle learner's permit, special identification card any document,~~ or renewal thereof, issued pursuant to the provisions of Chapter 3 (§ 46.2-300 et seq.) of Title 46.2. A person who does not sign the registration portion of the application shall be deemed to have declined to register at that time. The voter application shall include a statement that, if an applicant declines to register to vote, the fact the applicant has declined to register will remain confidential and will be used only for voter registration purposes.

If the information from the notification of change of address for voter registration indicates that the registered voter has moved to another general registrar's jurisdiction within the Commonwealth, the notification shall be treated as a request for transfer from the registered voter. The notification and the registered voter's registration record shall be transmitted as directed by the Department of Elections to the appropriate general registrar who shall send confirmation documents of the transfer to the voter pursuant to § 24.2-424. The Department of Motor Vehicles and Department of Elections shall cooperate in the prompt transmittal by electronic or other means of the notification to the appropriate general registrar.

Each renewal shall conform with the requirements of the manual rules and rating program currently filed by the insurer with the Commission. Except as provided in subsection K, any policy with a policy period or term of less than 12 months or any policy with no fixed expiration date shall for the purpose of this section be considered as if written for successive policy periods or terms of six months from the original effective date.

However, nothing in this section shall prohibit an insurer from modifying or refusing to renew the comprehensive or towing coverages at the time of renewal of the policy on the basis of one or more claims submitted by an insured under those coverages, provided that the insurer shall mail or deliver to the insured at the address shown in the policy, or deliver electronically to the address provided by the named insured, written notice of any such change in coverage at least 45 days prior to the renewal;
 - q. Two or fewer motor vehicle accidents within a three-year period unless the accident was caused either wholly or partially by the named insured, a resident of the same household, or other customary operator;
 - r. Credit information contained in a "consumer report," as defined in the federal Fair Credit Reporting Act, 15 U.S.C. § 1681 et seq., bearing on a natural person's creditworthiness, credit standing or credit capacity. If credit information is used, in part, as the basis for the nonrenewal, such credit information shall be based on a consumer report procured within 120 days from the effective date of the nonrenewal. The provisions of this subdivision shall apply only to insurance purchased primarily for personal, family, or household purposes;
 - s. The refusal of a motor vehicle owner as defined in § 46.2-1088.6 to provide access to recorded data from a recording device as defined in § 46.2-1088.6; or

2. Nothing in this section shall require any insurer to renew a policy for an insured where the insured's occupation has changed so as to materially increase the risk. Nothing contained in subdivisions 1 n, o, and p shall prohibit an insurer from refusing to renew a policy where a claim is false or fraudulent. Nothing in this section prohibits any insurer from setting rates in accordance with relevant actuarial data.
- D. No insurer shall cancel a policy except for one or more of the following reasons:
1. The named insured or any other operator who either resides in the same household or customarily operates a motor vehicle insured under the policy has had his ~~driver's license~~ *driving privileges* suspended or revoked during the policy period or, if the policy is a renewal, during its policy period or the 90 days immediately preceding the last effective date.
 2. The named insured fails to pay the premium for the policy or any installment of the premium, whether payable to the insurer or its agent either directly or indirectly under any premium finance plan or extension of credit.
 3. The named insured or his duly constituted attorney-in-fact has notified the insurer of a change in the insured's legal residence to a state other than Virginia and the insured vehicle will be principally garaged in the new state of legal residence.
- E. No cancellation or refusal to renew by an insurer of a policy of motor vehicle insurance shall be effective unless the insurer delivers or mails to the named insured at the address shown in the policy a written notice of the cancellation or refusal to renew, or the insurer delivers such notice electronically to the address provided by the named insured. The notice shall:
1. Be in a type size authorized under § 38.2-311.
 2. State the effective date of the cancellation or refusal to renew. The effective date of cancellation or refusal to renew shall be at least 45 days after mailing or delivering to the insured the notice of cancellation or notice of refusal to renew. However, when the policy is being canceled or not renewed for the reason set forth in subdivision D 2 the effective date may be less than 45 days but at least 15 days from the date of mailing or delivery.
 3. State the specific reason of the insurer for cancellation or refusal to renew and provide for the notification required by §§ 38.2-608, 38.2-609, and subsection B of § 38.2-610. However, those notification requirements shall not apply when the policy is being canceled or not renewed for the reason set forth in subdivision D 2.
 4. Inform the insured of his right to request in writing within 15 days of the receipt of the notice that the Commissioner review the action of the insurer.
- The notice of cancellation or refusal to renew shall contain the following statement to inform the insured of such right:
- IMPORTANT NOTICE**
- Within 15 days of receiving this notice, you or your attorney may request in writing that the Commissioner of Insurance review this action to determine whether the insurer has complied with Virginia laws in canceling or nonrenewing

your policy. If this insurer has failed to comply with the cancellation or nonrenewal laws, the Commissioner may require that your policy be reinstated. However, the Commissioner is prohibited from making underwriting judgments. If this insurer has complied with the cancellation or nonrenewal laws, the Commissioner does not have the authority to overturn this action.

5. Inform the insured of the possible availability of other insurance which may be obtained through his agent, through another insurer, or through the Virginia Automobile Insurance Plan.

6. If sent by mail or delivered electronically, comply with the provisions of § 38.2-2208.

Nothing in this subsection prohibits any insurer or agent from including in the notice of cancellation or refusal to renew, any additional disclosure statements required by state or federal laws, or any additional information relating to the availability of other insurance.

F. Nothing in this section shall apply:

1. If the insurer or its agent acting on behalf of the insurer has manifested its willingness to renew by issuing or offering to issue a renewal policy, certificate, or other evidence of renewal, or has manifested its willingness to renew in writing to the insured. The written manifestation shall include the name of a proposed insurer, the expiration date of the policy, the type of insurance coverage, and information regarding the estimated renewal premium. The insurer shall retain a copy of each written manifestation for a period of at least one year from the expiration date of any policy that is not renewed;

2. If the named insured, or his duly constituted attorney-in-fact, has notified the insurer or its agent orally, or in writing, if the insurer requires such notification to be in writing, that he wishes the policy to be canceled or that he does not wish the policy to be renewed, or if prior to the date of expiration he fails to accept the offer of the insurer to renew the policy;

3. To any motor vehicle insurance policy which has been in effect less than 60 days when the termination notice is mailed or delivered to the insured, unless it is a renewal policy; or

4. If an affiliated insurer has manifested its willingness to provide coverage at a lower premium than would have been charged for the same exposures on the expiring policy. The affiliated insurer shall manifest its willingness to provide coverage by issuing a policy with the types and limits of coverage at least equal to those contained in the expiring policy unless the named insured has requested a change in coverage or limits. When such offer is made by an affiliated insurer, an offer of renewal shall not be required of the insurer of the expiring policy, and the policy issued by the affiliated insurer shall be deemed to be a renewal policy.

G. There shall be no liability on the part of and no cause of action of any nature shall arise against the Commissioner or his subordinates; any insurer, its authorized representatives, its agents, or its employees; or any person furnishing to the insurer information as to reasons for cancellation or refusal to renew, for any statement made by any of them in complying with this section or for providing information pertaining to the cancellation or refusal to renew. For the purposes of this section, no insurer shall be required to furnish a notice of cancellation or refusal to renew to anyone other than the named insured, any person designated by the named insured, or any other person to whom such notice is required to be given by the terms of the policy and the Commissioner.

H. Within 15 days of receipt of the notice of cancellation or refusal to renew, any insured or his attorney shall be entitled to request in writing to the Commissioner that he review the action of the insurer in canceling or refusing to renew the policy of the insured. Upon receipt of the request, the Commissioner shall promptly begin a review to determine whether the insurer's cancellation or refusal to renew complies with the requirements of this section and of § 38.2-2208 if the notice was sent by mail or delivered electronically. The policy shall remain in full force and effect during the pendency of the review by the Commissioner except where the cancellation or refusal to renew is for the reason set forth in subdivision D 2, in which case the policy shall terminate as of the effective date stated in the notice. Where the Commissioner finds from the review that the cancellation or refusal to renew has not complied with the requirements of this section or of § 38.2-2208, he shall immediately notify the insurer, the insured and any other person to whom such notice was required to be given by the terms of the policy that the cancellation or refusal to renew is not effective. Nothing in this section authorizes the Commissioner to substitute his judgment as to underwriting for that of the insurer. Where the Commissioner finds in favor of the insured, the Commission in its discretion may award the insured reasonable attorneys' fees.

I. Each insurer shall maintain for at least one year, records of cancellation and refusal to renew and copies of every notice or statement referred to in subsection E that it sends to any of its insureds.

J. The provisions of this section shall not apply to any insurer that limits the issuance of policies of motor vehicle liability insurance to one class or group of persons engaged in any one particular profession, trade, occupation, or business. Nothing in this section requires an insurer to renew a policy of motor vehicle insurance if the insured does not conform to the occupational or membership requirements of an insurer who limits its writings to an occupation or membership of an organization. No insurer is required to renew a policy if the insured becomes a nonresident of Virginia.

K. Notwithstanding any other provision of this section, a motor vehicle insurance policy with a policy period or term of five months or less may expire at its expiration date when the insurer has manifested in writing its willingness to renew the policy for at least 30 days and has mailed or delivered the written manifestation to the insured at least 15 days before the expiration date of the policy. The written manifestation shall include the name of the proposed insurer, the expiration date of the policy, the type of insurance coverage, and the estimated renewal premium. The insurer shall retain a copy of the written manifestation for at least one year from the expiration date of any policy that is not renewed.

A. *Upon application of any person who does not meet the requirements for a driver's license or permit under subsection A or B of § 46.2-328.1, the Department may issue to the applicant a driver privilege card or permit if the Department determines that the applicant (i) has reported income and deductions from Virginia sources, as defined in § 58.1-302, or been claimed as a dependent, on an individual income tax return filed with the Commonwealth in the preceding 12 months and (ii) is not in violation of the insurance requirements set forth in Article 8 (§ 46.2-705 et seq.) of Chapter 6.*

B. *Driver privilege cards and permits shall confer the same privileges and shall be subject to the same provisions of this title as driver's licenses and permits issued under this chapter, unless otherwise provided, and shall be subject to the following conditions and exceptions:*

1. *The front of a driver privilege card or permit shall be identical in appearance to a driver's license or permit that is not a REAL ID credential and the back of the card or permit shall be identical in appearance to the restriction on the back of a limited-duration license, permit, or special identification card;*

2. *An applicant for a driver privilege card or permit shall not be eligible for a waiver of any part of the driver examination provided under § 46.2-325;*

3. *An applicant for a driver privilege card or permit shall not be required to present proof of legal presence in the United States;*

4. *A driver privilege card or permit shall expire on the applicant's second birthday following the date of issuance;*

5. The fee for an original driver privilege card or permit shall be \$50. The Department may issue, upon application by the holder of a valid, unexpired card or permit issued under this section, and upon payment of a fee of \$50, another driver privilege card or permit that shall be valid for a period of two years from the date of issuance. The amount paid by an applicant for a driver privilege card or other document issued pursuant to this chapter shall be considered privileged information for the purposes of § 46.2-208. No applicant shall be required to provide proof of compliance with clauses (i) and (ii) of subsection A for a reissued, renewed, or duplicate card or permit; and

6. Any information collected pursuant to this section that is not otherwise collected by the Department or required for the issuance of any other driving credential issued pursuant to the provisions of this chapter and any information regarding restrictions in the Department's records related to the issuance of a credential issued pursuant to this section shall be considered privileged. Notwithstanding the provisions of § 46.2-208, such information shall not be released except upon request by the subject of the information, the parent of a minor who is the subject of the information, the guardian of the subject of the information, or the authorized representative of the subject of the information, or pursuant to a court order:

C. The Department shall not release the following information relating to the issuance of a driver privilege card or permit, except upon request by the subject of the information, the parent of a minor who is the subject of the information, the guardian of the subject of the information, or the authorized representative of the subject of the information, or pursuant to a court order; (i) proof documents submitted for the purpose of obtaining a driver privilege card or permit, (ii) the information in the Department's records indicating the type of proof documentation that was provided, or (iii) applications.

The Department shall release to any federal, state, or local governmental entity, local government group self-insurance pool, law-enforcement officer, attorney for the Commonwealth, or court, or the authorized agent of any of the foregoing, information related to the issuance of a driver privilege card or permit, the release of which is not otherwise prohibited by this section, that is required for a requester to carry out the requester's official functions if the requester provides the individual's name and other sufficient identifying information contained on the individual's record. If the requester has entered into an agreement with the Department, such agreement shall be in a manner prescribed by the Department and such agreement shall contain the legal authority that authorizes the performance of the requester's official functions and a description of how such information will be used to carry out such official functions. If the Commissioner determines that sufficient authority has not been provided by the requester to show that the purpose for which such information shall be used is one of the requester's official functions, the Commissioner shall refuse to enter into any agreement. If the requester submits a request for information in accordance with this subsection without an existing agreement to receive the information, such request shall be in a manner prescribed by the Department and such request shall contain the legal authority that authorizes the performance of the requester's official functions and a description of how such information will be used to carry out such official functions. If the Commissioner determines that sufficient authority has not been provided by the requester to show that the purpose for which such information shall be used is one of the requester's official functions, the Commissioner shall deny such request.

§ 46.2-330. Expiration and renewal of licenses; examinations required.

A. Every driver's license shall expire on the applicant's birthday at the end of the period of years for which a driver's license has been issued. At no time shall any driver's license be issued for more than eight years or less than five years, unless otherwise provided by law. Thereafter the driver's license shall be renewed on or before the birthday of the licensee and shall be valid for a period not to exceed eight years except as otherwise provided by law. Any driver's license issued to a person age 75 or older shall be issued for a period not to exceed five years. Notwithstanding these limitations, the Commissioner may extend the validity period of an expiring license if (i) the Department is unable to process an application for renewal due to circumstances beyond its control, (ii) the extension has been authorized under a directive from the Governor, and (iii) the license was not issued as a temporary limited-duration driver's license under the provisions of subsection B of § 46.2-328.1. However, in no event shall the validity period be extended more than 90 days per occurrence of such conditions. In determining the number of years for which a driver's license shall be renewed, the Commissioner shall take into consideration the examinations, conditions, requirements, and other criteria provided under this title that relate to the issuance of a license to operate a vehicle. Any driver's license issued to a person required to register pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1 shall expire on the applicant's birthday in years which the applicant attains an age equally divisible by five.

B. Within one year prior to the date shown on the driver's license as the date of expiration, the Department shall send notice, to the holder thereof, at the address shown on the records of the Department in its driver's license file, that his license will expire on a date specified therein, whether he must be reexamined, and when he may be reexamined. Nonreceipt of the notice shall not extend the period of validity of the driver's license beyond its expiration date. The license holder may request the Department to send such renewal notice to an email or other electronic address, upon provision of such address to the Department.

Any driver's license may be renewed by application after the applicant has taken and successfully completed those parts of the examination provided for in §§ 46.2-311, 46.2-325, and the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.), including vision and written tests, other than the parts of the examination requiring the applicant to drive a motor vehicle. All drivers applying in person for renewal of a license shall take and successfully complete the examination each renewal year. Every applicant for a renewal shall appear in person before the Department, unless specifically notified by the Department that renewal may be accomplished in another manner as provided in the notice.

Applicants who are required to appear in person before the Department to apply for a renewal may also be required to present proof of identity, legal presence, residency, and social security number or non-work authorized status.

C. Notwithstanding any other provision of this section, the Commissioner, in his discretion, may require any applicant for renewal to be fully examined as provided in §§ 46.2-311 and 46.2-325 and the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.). Furthermore, if the applicant is less than 75 years old, the Commissioner may waive the vision examination for any applicant for renewal of a driver's license that is not a commercial driver's license and the requirement for the taking of the written test as provided in subsection B of this section, § 46.2-325, and the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.). However, in no case shall there be any waiver of the vision examination for applicants for renewal of a commercial driver's license or of the knowledge test required by the Virginia Commercial Driver's License Act for the hazardous materials endorsement on a commercial driver's license. No driver's license or learner's permit issued to any person who is 75 years old or older shall be renewed unless the applicant for renewal appears in person and either (i) passes a vision examination or (ii) presents a report of a vision examination, made within 90 days prior thereto by an ophthalmologist or optometrist, indicating that the applicant's vision meets or exceeds the standards contained in § 46.2-311.

D. Every applicant for renewal of a driver's license, whether renewal shall or shall not be dependent on any examination of the applicant, shall appear in person before the Department to apply for renewal, unless specifically notified by the Department that renewal may be accomplished in another manner as provided in the notice.

E. This section shall not modify the provisions of § 46.2-221.2.

F. 1. The Department shall electronically transmit application information, including a photograph, to the Department of State Police, in a format approved by the State Police, for comparison with information contained in the Virginia Criminal Information Network and National Crime Information Center Convicted Sexual Offender Registry files, at the time of the renewal of a driver's license. Whenever it appears from the records of the State Police that a person has failed to comply with the duty to register or reregister pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, the State Police shall promptly investigate and, if there is probable cause to believe a violation has occurred, obtain a warrant or assist in obtaining an indictment charging a violation of § 18.2-472.1 in the jurisdiction in which the person last registered or reregistered or in the jurisdiction where the person made application for licensure. The Department of State Police shall electronically transmit to the Department, in a format approved by the Department, for each person required to register pursuant to Chapter 9 of Title 9.1, registry information consisting of the person's name, all aliases that he has used or under which he may have been known, his date of birth, and his social security number as set out in § 9.1-903.

2. For each person required to register pursuant to Chapter 9 of Title 9.1, the Department may not waive the requirement that each such person shall appear for each renewal or the requirement to obtain a photograph in accordance with subsection C of § 46.2-323.

§ 46.2-332. Fees.

~~On and after January 1, 1990, the~~ *The* fee for each driver's license other than a commercial driver's license shall be \$2.40 per year. *This fee shall not apply to driver privilege cards or permits issued under § 46.2-328.3.* If the license is a commercial driver's license or seasonal restricted commercial driver's license, the fee shall be \$6 per year. ~~Persons 21 years old or older may be issued a scenic driver's license, learner's permit, or commercial driver's license for an additional fee of \$5.~~ For any one or more driver's license endorsements or classifications, except a motorcycle classification, there shall be an additional fee of \$1 per year; for a motorcycle classification, there shall be an additional fee of \$2 per year. For any and all driver's license classifications, there shall be an additional fee of \$1 per year. For any revalidation of a seasonal restricted commercial driver's license, the fee shall be \$5. A fee of \$10 shall be charged to extend the validity period of a driver's license pursuant to subsection B of § 46.2-221.2.

In addition to any other fee imposed and collected by the Department, the Department shall impose and collect a service charge of \$5 upon each person who carries out the renewal of a driver's license or special identification card in any of the Department's Customer Service Centers if such renewal can be conducted by mail or telephone or by using an electronic medium in a format prescribed by the Commissioner. Such service charge shall not apply if, concurrently with the renewal of the driver's license or special identification card, the person undertakes another transaction at a Customer Service Center that cannot be conducted by mail or telephone or by using an electronic medium in a format prescribed by the Commissioner. Such service charge shall be paid by the Commissioner into the state treasury and shall be set aside as a special fund to be used to meet the expenses of the Department.

A reexamination fee of \$2 shall be charged for each administration of the knowledge portion of the driver's license examination taken by an applicant who is 18 years of age or older if taken more than once within a 15-day period. The reexamination fee shall be charged each time the examination is administered until the applicant successfully completes the examination, if taken prior to the fifteenth day.

An applicant who is less than 18 years of age who does not successfully complete the knowledge portion of the driver's license examination shall not be permitted to take the knowledge portion more than once in 15 days.

A fee of \$50 shall be charged each time an applicant for a commercial driver's license fails to keep a scheduled skills test appointment, unless such applicant cancels his appointment with the assigned driver's license examiner at least 24 hours in advance of the scheduled appointment. The Commissioner may, on a case-by-case basis, waive such fee for good cause shown. All such fees shall be paid by the Commissioner into the state treasury and set aside as a special fund to be used to meet the necessary expenses incurred by the Department.

If the applicant for a driver's license is an employee of the Commonwealth, or of any county, city, or town who drives a motorcycle or a commercial motor vehicle solely in the line of his duty, he shall be exempt from the additional fee otherwise assessable for a motorcycle classification or a commercial motor vehicle endorsement. The Commissioner may prescribe the forms as may be requisite for completion by persons claiming exemption from additional fees imposed by this section.

No additional fee above \$2.40 per year shall be assessed for the driver's license or commercial driver's license required for the operation of a school bus.

Excluding the \$2 reexamination fee, \$1.50 of all fees collected for each original or renewal driver's license, *other than a driver privilege card issued under § 46.2-328.3*, shall be paid into the driver education fund of the state treasury and expended as provided by law. Unexpended funds from the driver education fund shall be retained in the fund and be available for expenditure in ensuing years as provided therein.

All fees for motorcycle classifications shall be distributed as provided in § 46.2-1191.

This section shall supersede conflicting provisions of this chapter.

§ 46.2-333.1. Surcharges on certain fees of Department; disposition of proceeds.

Notwithstanding any contrary provision of this chapter, there are hereby imposed, in addition to other fees imposed by this chapter, the following surcharges in the following amounts:

1. For the issuance of any driver's license other than a commercial driver's license, *or a driver privilege card issued under § 46.2-328.3*, \$1.60 per year of validity of the license;

2. For the issuance of any commercial driver's license, \$1 per year of validity of the license;

3. For the reissuance or replacement of any driver's license, \$5; and

4. For the reinstatement of any driver's license, \$15.

All surcharges collected by the Department under this section shall be paid into the state treasury and shall be set aside as a special fund to be used to support the operation and activities of the Department's customer service centers.

§ 46.2-335. Learner's permits; fees; certification required.

A. The Department, on receiving from any Virginia resident over the age of 15 years and six months an application for a learner's permit or motorcycle learner's permit, may, subject to the applicant's satisfactory documentation of meeting the requirements of this chapter and successful completion of the written or automated knowledge and vision examinations and, in the case of a motorcycle learner's permit applicant, the automated motorcycle test, issue a permit entitling the applicant, while having the permit in his immediate possession, to drive a motor vehicle or, if the application is made for a motorcycle learner's permit, a motorcycle, on the highways, when accompanied by any licensed driver 21 years of age or older or by his parent or legal guardian, or by a brother, sister, half-brother, half-sister, step-brother, or step-sister 18 years of age or older. The accompanying person shall be (i) alert, able to assist the driver, and actually occupying a seat beside the driver or, for motorcycle instruction, providing immediate supervision from a separate accompanying motor vehicle and (ii) lawfully permitted to operate the motor vehicle or accompanying motorcycle at that time.

The Department shall not, however, issue a learner's permit or motorcycle learner's permit to any minor applicant required to provide evidence of compliance with the compulsory school attendance law set forth in Article 1 (§ 22.1-254 et seq.) of Chapter 14 of Title 22.1, unless such applicant is in good academic standing or, if not in such standing or submitting evidence thereof, whose parent or guardian, having custody of such minor, provides written authorization for the minor to obtain a learner's permit or motorcycle learner's permit, which written authorization shall be obtained on forms provided by the Department and indicating the Commonwealth's interest in the good academic standing and regular school attendance of such minors. Any minor providing proper evidence of the solemnization of his marriage or a certified copy of a court order of emancipation shall not be required to provide the certification of good academic standing or any written authorization from his parent or guardian to obtain a learner's permit or motorcycle learner's permit.

Such permit, except a motorcycle learner's permit, shall be valid until the holder thereof either is issued a driver's license as provided for in this chapter or no longer meets the qualifications for issuance of a learner's permit as provided in this section. Motorcycle learner's permits shall be valid for 12 months. When a motorcycle learner's permit expires, the permittee may, upon submission of an application, payment of the application fee, and successful completion of the examinations, be issued another motorcycle learner's permit valid for 12 months.

Any person 25 years of age or older who is eligible to receive an operator's license in Virginia, but who is required, pursuant to § 46.2-324.1, to be issued a learner's permit for 60 days prior to his first behind-the-wheel exam, may be issued such learner's permit even though restrictions on his driving privilege have been ordered by a court. Any such learner's permit shall be subject to the restrictions ordered by the court.

B. No driver's license shall be issued to any such person who is less than 18 years old unless, while holding a learner's permit, he has driven a motor vehicle for at least 45 hours, at least 15 of which were after sunset, as certified by his parent, foster parent, or legal guardian unless the person is married or otherwise emancipated. Such certification shall be on a form provided by the Commissioner and shall contain the following statement:

"It is illegal for anyone to give false information in connection with obtaining a driver's license. This certification is considered part of the driver's license application, and anyone who certifies to a false statement may be prosecuted. I certify that the statements made and the information submitted by me regarding this certification are true and correct."

Such form shall also include the driver's license or Department of Motor Vehicles-issued identification card number of the person making the certification.

C. No learner's permit shall authorize its holder to operate a motor vehicle with more than one passenger who is less than 21 years old, except when participating in a driver education program approved by the Department of Education or a course offered by a driver training school licensed by the Department. This passenger limitation, however, shall not apply to the members of the driver's family or household as defined in subsection B of § 46.2-334.01.

D. No learner's permit shall authorize its holder to operate a motor vehicle between midnight and four o'clock a.m.

E. Except in a driver emergency or when the vehicle is lawfully parked or stopped, no holder of a learner's permit shall operate a motor vehicle on the highways of the Commonwealth while using any cellular telephone or any other wireless telecommunications device, regardless of whether or not such device is handheld. No citation for a violation of this subsection shall be issued unless the officer issuing such citation has cause to stop or arrest the driver of such motor vehicle for the violation of some other provision of this Code or local ordinance relating to the operation, ownership, or maintenance of a motor vehicle or any criminal statute.

F. A violation of subsection C, D, or E shall not constitute negligence, be considered in mitigation of damages of whatever nature, be admissible in evidence or be the subject of comment by counsel in any action for the recovery of damages arising out of the operation, ownership, or maintenance of a motor vehicle, nor shall anything in this subsection change any existing law, rule, or procedure pertaining to any such civil action.

G. The provisions of §§ 46.2-323 and 46.2-334 relating to evidence and certification of Virginia residence and, in the case of persons of school age, compliance with the compulsory school attendance law shall apply, mutatis mutandis, to applications for learner's permits and motorcycle learner's permits issued under this section.

H. For persons qualifying for a driver's license through driver education courses approved by the Department of Education or courses offered by driver training schools licensed by the Department, the application for the learner's permit shall be used as the application for the driver's license.

I. The Department shall charge a fee of \$3 for each learner's permit and motorcycle learner's permit issued under this section. Fees for issuance of learner's permits shall be paid into the driver education fund of the state treasury; fees for issuance of motorcycle learner's permits, *other than permits issued under § 46.2-328.3*, shall be paid into the state treasury and credited to the Motorcycle Rider Safety Training Program Fund created pursuant to § 46.2-1191. It shall be unlawful for any person, after having received a learner's permit, to drive a motor vehicle without being accompanied by a licensed driver as provided in the foregoing provisions of this section; however, a learner's permit other than a motorcycle learner's permit, accompanied by documentation verifying that the driver is at least 16 years and three months old and has successfully completed an approved driver's education course, signed by the minor's parent, guardian, legal custodian or other person standing in loco parentis, shall constitute a temporary driver's license for the purpose of driving unaccompanied by a licensed driver 18 years of age or older, if all other requirements of this chapter have been met. Such temporary driver's license shall only be valid until the driver has received his permanent license pursuant to § 46.2-336.

J. Nothing in this section shall be construed to permit the issuance of a learner's permit entitling a person to drive a commercial motor vehicle, except as provided by the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.).

K. The following limitations shall apply to operation of motorcycles by all persons holding motorcycle learner's permits:

1. The operator shall wear an approved safety helmet as provided in § 46.2-910.

2. Operation shall be under the immediate supervision of a person licensed to operate a motorcycle who is 21 years of age or older.

3. No person other than the operator shall occupy the motorcycle.

L. Any violation of this section shall be punishable as a Class 2 misdemeanor.

§ 46.2-343. Duplicate driver's license, reissued driver's licenses, learner's permit; fees.

If a driver's license or learner's permit issued under the provisions of this chapter is lost, stolen, or destroyed, the person to whom it was issued may obtain a duplicate or substitute thereof on furnishing proof satisfactory to the Department that his license or permit has been lost, stolen, or destroyed, or that there are good reasons why a duplicate should be issued. Every applicant for a duplicate or reissued driver's license shall appear in person before the Department to apply, unless permitted by the Department to apply for duplicate or reissue in another manner. Applicants who are required to apply in person may be required to present proof of identity, legal presence, residency, and social security number or non-work authorized status.

There shall be a fee of ~~five dollars~~ \$5 for each duplicate license and ~~two dollars~~ \$2 for each duplicate learner's permit. ~~An additional fee of five dollars shall be charged to add or change the scene on a duplicate license or duplicate learner's permit.~~

There shall be a fee of ~~five dollars~~ \$5 for reissuance of any driver's license upon the termination of driving restrictions imposed upon the licensee by the Department or a court. ~~An additional fee of five dollars shall be charged to add or change the scene on a license upon reissuance.~~

§ 58.1-3. Secrecy of information; penalties.

A. Except in accordance with a proper judicial order or as otherwise provided by law, the Tax Commissioner or agent, clerk, commissioner of the revenue, treasurer, or any other state or local tax or revenue officer or employee, or any person to whom tax information is divulged pursuant to this section or § 58.1-512 or 58.1-2712.2, or any former officer or employee of any of the aforementioned offices shall not divulge any information acquired by him in the performance of his duties with respect to the transactions, property, including personal property, income or business of any person, firm or corporation.

Such prohibition specifically includes any copy of a federal return or federal return information required by Virginia law to be attached to or included in the Virginia return. This prohibition shall apply to any reports, returns, financial documents or other information filed with the Attorney General pursuant to the provisions of Article 3 (§ 3.2-4204 et seq.) of Chapter 42 of Title 3.2. Any person violating the provisions of this section is guilty of a Class 1 misdemeanor. The provisions of this subsection shall not be applicable, however, to:

1. Matters required by law to be entered on any public assessment roll or book;
2. Acts performed or words spoken, published, or shared with another agency or subdivision of the Commonwealth in the line of duty under state law;
3. Inquiries and investigations to obtain information as to the process of real estate assessments by a duly constituted committee of the General Assembly, or when such inquiry or investigation is relevant to its study, provided that any such information obtained shall be privileged;
4. The sales price, date of construction, physical dimensions or characteristics of real property, or any information required for building permits;
5. Copies of or information contained in an estate's probate tax return, filed with the clerk of court pursuant to § 58.1-1714, when requested by a beneficiary of the estate or an heir at law of the decedent or by the commissioner of accounts making a settlement of accounts filed in such estate;
6. Information regarding nonprofit entities exempt from sales and use tax under § 58.1-609.11, when requested by the General Assembly or any duly constituted committee of the General Assembly;
7. Reports or information filed with the Attorney General by a Stamping Agent pursuant to the provisions of Article 3 (§ 3.2-4204 et seq.), when such reports or information are provided by the Attorney General to a tobacco products manufacturer who is required to establish a qualified escrow fund pursuant to § 3.2-4201 and are limited to the brand families of that manufacturer as listed in the Tobacco Directory established pursuant to § 3.2-4206 and are limited to the current or previous two calendar years or in any year in which the Attorney General receives Stamping Agent information that potentially alters the required escrow deposit of the manufacturer. The information shall only be provided in the following manner: the manufacturer may make a written request, on a quarterly or yearly basis or when the manufacturer is notified by the Attorney General of a potential change in the amount of a required escrow deposit, to the Attorney General for a list of the Stamping Agents who reported stamping or selling its products and the amount reported. The Attorney General shall provide the list within 15 days of receipt of the request. If the manufacturer wishes to obtain actual copies of the reports the Stamping Agents filed with the Attorney General, it must first request them from the Stamping Agents pursuant to subsection C of § 3.2-4209. If the manufacturer does not receive the reports pursuant to subsection C of § 3.2-4209, the manufacturer may make a written request to the Attorney General, including a copy of the prior written request to the Stamping Agent and any response received, for copies of any reports not received. The Attorney General shall provide copies of the reports within 45 days of receipt of the request.

B. 1. Nothing contained in this section shall be construed to prohibit the publication of statistics so classified as to prevent the identification of particular reports or returns and the items thereof or the publication of delinquent lists showing the names of taxpayers who are currently delinquent, together with any relevant information which in the opinion of the Department may assist in the collection of such delinquent taxes. Notwithstanding any other provision of this section or other law, the Department, upon request by the General Assembly or any duly constituted committee of the General Assembly, shall disclose the total aggregate amount of an income tax deduction or credit taken by all taxpayers, regardless of (i) how few taxpayers took the deduction or credit or (ii) any other circumstances. This section shall not be construed to prohibit a local tax official from disclosing whether a person, firm or corporation is licensed to do business in that locality and divulging, upon written request, the name and address of any person, firm or corporation transacting business under a fictitious name. Additionally, notwithstanding any other provision of law, the commissioner of revenue is authorized to make available, upon written request stating the reason for such request, the Tax Commissioner with information obtained from local tax returns and other information pertaining to the income, sales and property of any person, firm or corporation licensed to do business in that locality.

2. Additionally, notwithstanding any other provision of law, the Department is hereby authorized to make available the names and certificate of registration numbers of dealers who are currently registered for retail sales and use tax.

3. This section shall not prohibit the Department from disclosing information to nongovernmental entities with which the Department has entered into a contract to provide services that assist it in the administration of refund processing or other services related to its administration of taxes.

4. This section shall not prohibit the Department from disclosing information to taxpayers regarding whether the taxpayer's employer or another person or entity required to withhold on behalf of such taxpayer submitted withholding records to the Department for a specific taxable year as required pursuant to subdivision C 1 of § 58.1-478.

5. This section shall not prohibit the commissioner of the revenue, treasurer, director of finance, or other similar local official who collects or administers taxes for a county, city, or town from disclosing information to nongovernmental entities with which the locality has entered into a contract to provide services that assist it in the administration of refund processing or other non-audit services related to its administration of taxes. The commissioner of the revenue, treasurer, director of

finance, or other similar local official who collects or administers taxes for a county, city, or town shall not disclose information to such entity unless he has obtained a written acknowledgement by such entity that the confidentiality and nondisclosure obligations of and penalties set forth in subsection A apply to such entity and that such entity agrees to abide by such obligations.

C. Notwithstanding the provisions of subsection A or B or any other provision of this title, the Tax Commissioner is authorized to (i) divulge tax information to any commissioner of the revenue, director of finance, or other similar collector of county, city, or town taxes who, for the performance of his official duties, requests the same in writing setting forth the reasons for such request; (ii) provide to the Commissioner of the Department of Social Services, upon entering into a written agreement, the amount of income, filing status, number and type of dependents, and Forms W-2 and 1099 to facilitate the administration of public assistance or social services benefits as defined in § 63.2-100 or child support services pursuant to Chapter 19 (§ 63.2-1900 et seq.) of Title 63.2; The Commissioner may initiate collection procedures pursuant to this chapter, Chapter 11 (§ 16.1-226 et seq.) of Title 16.1 or Title 20. The debtor and the obligee have 10 days from the date of receipt of the notice to file an answer with the Commissioner to exercise the right to an administrative hearing.

Any changes in the amount of the administrative order must be made pursuant to this section. In no event shall an administrative hearing alter or amend the amount or terms of any court order for support or decree of divorce ordering support. No administrative support order may be retroactively modified, but may be modified from the date that notice of the review has been served on the nonrequesting party. Notice of each review shall be served on the nonrequesting party (1) in accordance with the provisions of § 8.01-296, 8.01-327, or 8.01-329, (2) by certified mail, return receipt requested, (3) by electronic means, or (4) by the nonrequesting party executing a waiver. The tax rate for any machine added pursuant to this enactment clause shall be 20 percent as calculated and distributed pursuant to the method used to calculate and distribute such rate in effect for machines in existence as of January 1, 2020. For every 100 additional machines authorized pursuant to this enactment clause, the total number of live horse racing days shall be increased by one day. Excluding machines installed as of March 1, 2020, each location operating historical racing terminals shall be prohibited from having more than forty percent of its terminals manufactured by any single manufacturer. Notwithstanding the provisions of 11VAC10-47-180 and subject to the local referendum requirements of § 59.1-391 of the Code of Virginia, for the machines specifically authorized in this enactment, the Commission shall authorize up to 1,650 machines in a satellite facility in a metropolitan area with a population in excess of 2.5 million located in a jurisdiction that has passed a referendum pursuant to the requirements of § 59.1-391 of the Code of Virginia prior to January 1, 2020, and 500 machines in a metropolitan area with a population in excess of 300,000, provided that no additional machines authorized in this enactment shall be located within 35 miles of an eligible host city as described in § 58.1-4107 of the Code of Virginia, as created by this act. Except as provided herein, the Commission shall not be authorized to promulgate regulations to allow or grant a license to authorize historical horse racing terminals in excess of those permitted by the emergency regulations that became effective on October 5, 2018.

8. That a contract between an eligible host city and its preferred casino gaming operator, as those terms are defined in § 58.1-4100 of the Code of Virginia, as created by this act, shall require the operator to agree that any contractor hired for construction on the site of the casino gaming establishment (the site) shall be required to (i) pay the local prevailing wage rate as determined by the U.S. Secretary of Labor under the provisions of the Davis-Bacon Act, 40 U.S.C. § 276 et seq., as amended, to each laborer, workman, and mechanic the contractor employs on the site; (ii) participate in apprenticeship programs that have been certified by the Department of Labor and Industry or the U.S. Department of Labor; (iii) establish preferences for hiring residents of the eligible host city and adjacent localities, veterans, women, and minorities for work performed on the site; (iv) provide health insurance and retirement benefits for all full-time employees performing work on the site; and (v) require that the provisions of clauses (i) through (iv) be included in every subcontract so that the provisions will be binding upon each subcontractor. A person issued a license pursuant to subdivision B 1 shall, within seven days after receiving notification of the expiration, revocation, or termination of (i) an agreement with the U.S. Secretary of Education under 20 U.S.C. § 1078(b) or (ii) any contract awarded by the U.S. Secretary of Education under 20 U.S.C. § 1087f, provide the Commissioner with written notice of such expiration, revocation, or termination. Notwithstanding any other provision of this chapter, such person's license shall automatically expire 30 days after the expiration, revocation, or termination of such person's contract. A person seeking to act as a qualified education loan servicer following the expiration of its license may apply for a new license by filing an application that meets the requirements of §§ 6.2-2603 and 6.2-2604 and subsection B of § 6.2-2605.

E. With respect to qualified education loan servicing not conducted pursuant to (i) an agreement with the U.S. Secretary of Education under 20 U.S.C. § 1078(b) or (ii) a contract awarded by the U.S. Secretary of Education under 20 U.S.C. § 1087f, nothing in this section prevents the Commission from issuing an order to temporarily or permanently prohibit or bar any person from acting as a qualified education loan servicer or violating applicable law.

F. In the case of qualified education loan servicing conducted pursuant to (i) an agreement with the U.S. Secretary of Education under 20 U.S.C. § 1078(b) or (ii) a contract awarded by the U.S. Secretary of Education under 20 U.S.C. § 1087f, nothing in this section shall prevent the Commission from issuing a cease and desist order or injunction against any qualified education loan servicer to cease activities in violation of this act.

§ 6.2-2603. Application for license; form; content; fee.

A. An application for a license under this chapter shall be made in writing and on a form provided by the Commission.

B. The application shall set forth:

1. The name and address of the applicant, the name and address of each senior officer, and (i) if the applicant is a partnership, firm, or association, the name and address of each partner or member; (ii) if the applicant is a corporation or limited liability company, the name and address of each director, member, registered agent, and principal; or (iii) if the applicant is a business trust, the name and address of each trustee;

2. The address of the principal place of business to be licensed;

3. Such other information concerning the financial responsibility, background, experience, and general fitness of the applicant and its members, senior officers, directors, trustees, and principals as the Commissioner may require; and

4. Any other pertinent information that the Commissioner may require.

C. The application shall be accompanied by payment of a nonrefundable application fee as prescribed by the Commission. The fee shall not be abated by surrender, suspension, or revocation of the license.

D. If the Commissioner requests information to complete a deficient application and the information is not received within 60 days of the Commissioner's request, the application shall be deemed abandoned unless a request for an extension of time is received and approved by the Commissioner prior to the expiration of the 60-day period. However, this subsection shall not be construed to prohibit the Commission from denying a license application that does not meet the requirements of this chapter.

§ 6.2-2604. Bond required.

The application for a license shall be accompanied by a bond filed with the Commissioner with corporate surety authorized to execute such bond, in the principal amount as determined by the Commissioner. The amount of the bond shall be not less than \$50,000 nor more than \$500,000. The form of such bond shall be approved by the Commissioner. Such bond shall be continuously maintained thereafter in full force. Such bond shall be conditioned upon the applicant or licensee performing all written agreements pertaining to qualified education loans, correctly and accurately accounting for all funds received by the applicant or licensee in connection with qualified education loans, and conducting its business in conformity with this chapter and all applicable laws. The aggregate liability under the bond shall not exceed the penal sum of the bond.

§ 6.2-2605. Investigation of applications.

A. The Commissioner may make such investigations as he deems necessary to determine if the applicant has complied with all applicable provisions of law and regulations.

B. For the purpose of investigating individuals who are members, senior officers, directors, trustees, and principals of an applicant, such persons shall consent to a criminal history records check and submit to fingerprinting. Each member, senior officer, director, trustee, and principal shall pay for the cost of such fingerprinting and criminal history records check. Such persons shall cause their fingerprints, personal descriptive information, and records check fees to be submitted to either of the following, as prescribed by the Commissioner:

1. The Bureau, which shall forward these items to the Central Criminal Records Exchange. The Central Criminal Records Exchange shall (i) conduct a search of its own criminal history records and forward such individuals' fingerprints and personal descriptive information to the Federal Bureau of Investigation for the purpose of obtaining national criminal history record information regarding such individuals and (ii) forward the results of the state and national records searches to the Commissioner or his designee, who shall be an employee of the Commission; or

2. The Registry, provided that it is capable of processing criminal history records checks.

C. If any member, senior officer, director, trustee, or principal of an applicant fails to cause his fingerprints, personal descriptive information, or records check fees to be submitted in accordance with subsection B, the application for a qualified education loan servicer license shall be denied.

§ 6.2-2606. Qualifications.

A. Upon the filing and investigation of an application for a license, compliance by the applicant with the provisions of §§ 6.2-2603 and 6.2-2604, and compliance by the persons identified in subsection B of § 6.2-2605 with the provisions contained therein, the Commission shall issue and deliver to the applicant the license applied for to engage in business under this chapter at the location specified in the application if it finds that:

1. The financial responsibility, character, experience, and general fitness of the applicant and its members, senior officers, directors, trustees, and principals are such as to warrant belief that the business will be operated efficiently and fairly, in the public interest, and in accordance with the law;

2. The application does not contain any false statement of a material fact; and

3. The application does not omit any statement of a material fact that is required by § 6.2-2603.

B. If the Commission fails to make such findings, no license shall be issued and the Commissioner shall notify the applicant of the denial and the reasons for such denial.

§ 6.2-2607. Licenses; place of business; changes; renewal.

A. Each license shall state the address at which the principal place of business is to be conducted and shall state fully the legal name of the licensee as well as any fictitious names by which the licensee is conducting business under this chapter. Licenses shall not be transferable or assignable, by operation of law or otherwise. No licensee shall use any names other than the legal name or fictitious names set forth on the license issued by the Commission.

B. Every licensee shall notify the Commissioner, in writing, at least 30 days prior to relocating its principal place of business and confirm the change in writing within five days after such relocation.

C. Every licensee shall within 10 days notify the Commissioner, in writing, of (i) any change to its legal name; (ii) any change to or additional fictitious name by which the licensee is conducting business under this chapter; and (iii) the name, address, and position of each new member, senior officer, director, trustee, and principal. At the direction of the Commissioner, any such individual shall be treated as a member, senior officer, director, trustee, or principal of an applicant for the purpose of being investigated pursuant to subsection B of § 6.2-2605. The licensee shall provide such other information with respect to the changes and persons identified in this subsection as the Commissioner may reasonably require.

D. Every license shall remain in force until it expires or has been surrendered, revoked, or suspended. The expiration, surrender, revocation, or suspension of a license shall not affect any preexisting legal right or obligation of such licensee.

E. Notwithstanding any other provision of this chapter, a qualified education loan servicer license shall expire at the end of each calendar year unless it is renewed by a licensee prior to the expiration date. A licensee may renew its license by (i) requesting renewal through the Registry and (ii) complying with any requirements associated with such renewal request that are imposed by the Registry. If a qualified education loan servicer license has expired, the Commission may by regulation permit the former licensee to seek license reinstatement after the license expiration date by renewing its license in accordance with this subsection and paying a reinstatement fee as prescribed by the Commission.

§ 6.2-2608. Retention of records; responding to the Bureau.

A. Each licensee shall maintain in its principal place of business such books, accounts, and records as the Commissioner may reasonably require in order to determine whether such person is complying with the provisions of this chapter and other laws applicable to the conduct of its business. Such books, accounts, and records shall be maintained apart and separate from any other business in which the qualified education loan servicer is involved. Each licensee shall maintain adequate records of each qualified education loan transaction for at least three years after final payment is made on such loan or the assignment of such qualified education loan, whichever occurs first.

B. To safeguard the privacy of qualified education loan borrowers, records containing personal financial information shall be shredded, incinerated, or otherwise disposed of by a licensee in a secure manner. Licensees may arrange for the shredding, incineration, or other disposal of the records from a business record destruction vendor.

C. When the Bureau requests a written response, books, records, documentation, or other information from a licensee in connection with the Bureau's investigation, enforcement, or examination of compliance with applicable laws, the licensee shall deliver a written response as well as any requested books, records, documentation, or information within the time period specified in the Bureau's request. If no time period is specified, a written response as well as any requested books, records, documentation, or information shall be delivered by the licensee to the Bureau not later than 30 days from the date of such request. In determining the specified time period for responding to the Bureau and when considering a request for an extension of time to respond, the Bureau shall take into consideration the volume and complexity of the requested written response, books, records, documentation, or information and such other factors as the Bureau determines to be relevant under the circumstances.

§ 6.2-2609. Acquisition of control; application.

A. Except as provided in this section, no person shall acquire, directly or indirectly, 25 percent or more of the voting shares of a corporation or 25 percent or more of the ownership of any other person licensed to conduct business under this chapter unless such person first:

1. Files an application with the Commission in such form as the Commissioner may prescribe from time to time;

2. Delivers such other information to the Commissioner as the Commissioner may require concerning the financial responsibility, background, experience, and general fitness of the applicant and of any proposed new directors, senior officers, principals, trustees, or members of the licensee;

3. Submits and furnishes to the Commissioner information concerning the identity of the applicant and of any proposed new directors, senior officers, principals, trustees, or members of the licensee. Such individuals shall (i) consent to a criminal history records check, submit to fingerprinting, and pay for the cost of such fingerprinting and criminal records check and (ii) cause their fingerprints, personal descriptive information, and records check fees to be submitted to either of the following, as prescribed by the Commissioner:

a. The Bureau, who shall forward these items to the Central Criminal Records Exchange. The Central Criminal Records Exchange shall (i) conduct searches of its own criminal history records and forward such individuals' fingerprints and personal descriptive information to the Federal Bureau of Investigation for the purpose of obtaining national criminal history record information regarding such individuals and (ii) forward the results of the state and national records search to the Commissioner or his designee, who shall be an employee of the Commission; or

b. The Registry, provided that it is capable of processing criminal history records checks; and

4. Pays such application fee as the Commission may prescribe.

B. Upon the filing and investigation of an application, the Commission shall permit the applicant to acquire the interest in the licensee if it finds that the applicant and any proposed new directors, members, senior officers, trustees, and principals of the licensee have the financial responsibility, character, experience, and general fitness to warrant belief that the business will be operated efficiently and fairly, in the public interest, and in accordance with law. The Commission shall grant or deny the application within 60 days from the date a completed application accompanied by the required fee is filed unless the period is extended by order of the Commissioner giving the reasons for the extension. If the application is denied, the Commission shall notify the applicant of the denial and the reasons for the denial.

C. The provisions of this section shall not apply to the acquisition of an interest in a licensee (i) directly or indirectly, including an acquisition by merger or consolidation, by or with a person licensed or exempt from licensing under this chapter; (ii) directly or indirectly, by merger or consolidation by or with a person affiliated through common ownership with the licensee; or (iii) by bequest, descent, survivorship, or operation of law. This section shall also not apply to the acquisition of an interest in a licensee that (i) an agreement with the U.S. Secretary of Education under 20 U.S.C. § 1078(b) or (ii) is a party to a contract awarded by the U.S. Secretary of Education under 20 U.S.C. § 1087f. The person acquiring an interest in a licensee in a transaction that is exempt from filing an application by this subsection shall send written notice of such acquisition to the Commissioner within 30 days of its closing.

§ 6.2-2610. Prohibited activities; compliance with federal laws and regulations.

A. No qualified education loan servicer shall:

1. Directly or indirectly employ any scheme, device, or artifice to defraud or mislead qualified education loan borrowers;

2. Engage in any unfair or deceptive act or practice toward any person or misrepresent or omit any material information in connection with the servicing of a qualified education loan, including misrepresenting (i) the amount, nature, or terms of any fee or payment due or claimed to be due on a qualified education loan; (ii) the terms and conditions of the loan agreement; or (iii) the borrower's obligations under the loan;

3. Obtain property by fraud or misrepresentation;

4. Misapply qualified education loan payments to the outstanding balance of a qualified education loan;

5. Provide inaccurate information to a nationally recognized consumer credit bureau;

6. Fail to report both the favorable and unfavorable payment history of the borrower to a nationally recognized consumer credit bureau at least annually if the loan servicer regularly reports information to such a credit bureau;

7. Fail to communicate with an authorized representative of the borrower who provides a written authorization signed by the borrower; provided that the loan servicer may adopt procedures reasonably related to verifying that the representative is in fact authorized to act on behalf of the borrower;

8. Make any false statement of a material fact or omit any material fact in connection with any information provided to the Commission or another governmental authority; or

9. Engage in any other prohibited activities identified in regulations adopted by the Commission pursuant to this chapter.

B. A qualified education loan servicer shall comply with all federal laws and regulations applicable to the conduct of its licensed business. In addition to any other remedies provided by law, a violation of any such federal law or regulation shall be deemed a violation of this chapter and a basis upon which the Commission may take enforcement action pursuant to § 6.2-2615, 6.2-2617, or 6.2-2618.

C. A qualified education loan servicer shall not engage in abusive acts or practices when servicing a qualified education loan. An act or practice is abusive in connection with the servicing of a qualified education loan if the act or practice does either of the following:

1. Materially interferes with the ability of a borrower to understand a term or condition of a qualified education loan; or

2. Takes unreasonable advantage of:

a. A lack of understanding on the part of a qualified education loan borrower of the material risks, costs, or conditions of the qualified education loan;

b. The reasonable reliance by the borrower on a person engaged in the servicing of a qualified education loan to act in the interests of the borrower; or

c. The inability of a borrower to protect the interests of the borrower when selecting (i) a qualified education loan or (ii) a feature, term, or condition of a qualified education loan.

§ 6.2-2611. Affirmative acts required of qualified education loan servicers.

Except to the extent that this section is inconsistent with any provision of federal law or regulation, and then only to the extent of the inconsistency, a person engaged in qualified education loan servicing shall:

1. Evaluate a qualified education loan borrower for eligibility for an income-driven repayment program prior to placing the borrower in forbearance or default, if an income-driven repayment program is available to the borrower;

2. Respond to a written inquiry from a qualified education loan borrower or the representative of a qualified education loan borrower within 10 business days after receipt of the request and, within 30 business days after receipt of the request, provide information relating to the request and, if applicable, to the action the qualified education loan servicer will take to correct the account or an explanation for the qualified education loan servicer's position that the borrower's account is correct. Such 30-day period may be extended for not more than 15 days if, before the end of the 30-day period, the qualified education loan servicer notifies the borrower, or the borrower's representative, as applicable, of the extension and the reasons for the delay in responding;

3. Not furnish to a consumer reporting agency, during 60 days following receipt of a written request related to a dispute on a borrower's payment on a qualified education loan, information regarding a payment that is the subject of the written request;

4. Except as provided in federal law or required by a qualified education loan agreement, inquire of a borrower how to apply an overpayment to a qualified education loan. A borrower's direction on how to apply an overpayment to a qualified education loan shall remain in effect for any future overpayments during the term of a qualified education loan or until the borrower provides different directions. As used in this subdivision, "overpayment" means a payment on a qualified education loan that exceeds the monthly amount due from a borrower on the qualified education loan, which payment may be referred to as a prepayment;

5. Apply partial payments in a manner that minimizes late fees and negative credit reporting. If loans on a borrower's qualified education loan account have an equal level of delinquency, a qualified education loan servicer shall apply partial payments to satisfy as many individual loan payments as possible on a borrower's account. As used in this subdivision, "partial payment" means a payment on a qualified education loan account that contains multiple individual loans in an amount less than the amount necessary to satisfy the outstanding payment due on all loans in the qualified education loan account, which payment may be referred to as an underpayment;

6. Require, as a condition of a sale, an assignment, or any other transfer of the servicing of a qualified education loan, that the new loan servicer honor all benefits originally represented as available to a qualified education loan borrower during the repayment of the qualified education loan and preserve the availability of the benefits, including any benefits for which the qualified education loan borrower has not yet qualified. If a qualified education loan servicer is not also the loan holder or is not acting on behalf of the loan holder, the loan servicer satisfies the requirement of this subsection by providing the new loan servicer with information necessary for the new loan servicer to honor all benefits originally represented as available to a qualified education loan borrower during the repayment of the qualified education loan and preserve the availability of the benefits, including any benefits for which the loan borrower has not yet qualified; and

7. In the event of a sale, assignment, or other transfer of the servicing of a qualified education loan that results in a change in the identity of the person to whom a qualified education loan borrower is required to send payments or direct any communication concerning the qualified education loan:

a. Transfer to the new loan servicer all records regarding the qualified education loan borrower, the account of the loan borrower, and the qualified education loan of the loan borrower. Such records include the repayment status of the qualified education loan borrower and any benefits associated with the qualified education loan of the loan borrower. The transfer of records shall be completed within 45 days after the sale, assignment, or other transfer of the servicing of a qualified education loan;

b. Notify affected qualified education loan borrowers of the sale, assignment, or other transfer of the servicing of a qualified education loan at least seven days before the next payment on the loan is due. The notice shall include (i) the identity of the new qualified education loan servicer; (ii) the effective date of the transfer of the borrower's qualified education loan to the new loan servicer; (iii) the date on which the existing loan servicer will no longer accept payments; and (iv) the contact information for the new loan servicer; and

c. Adopt policies and procedures to verify that the new qualified education loan servicer has received all records regarding the qualified education loan borrower, the account of the qualified education loan borrower, and the qualified education loan of the borrower, including the repayment status of the qualified education loan borrower and any benefits associated with the qualified education loan of the borrower.

§ 6.2-2612. Reporting requirements.

A. Within 15 days following the occurrence of any of the following events, a licensee shall file a written report with the Commission describing such event and its expected impact upon the business of the licensee:

1. The filing of bankruptcy, reorganization, or receivership proceedings by or against the licensee;

2. The institution of administrative or regulatory proceedings against the licensee by any governmental authority;

3. Any felony indictment of the licensee or any of its members, directors, senior officers, trustees, or principals;

4. Any felony conviction of the licensee or any of its members, directors, senior officers, trustees, or principals; and

5. Such other events as the Commission may prescribe by regulation.

B. Each licensee shall file periodic written reports with the Commissioner or the Registry containing such information as the Commissioner may require concerning the licensee's business and operations. Reports shall be in the form and be submitted with such frequency and by such dates as may be prescribed by the Commissioner.

§ 6.2-2613. Investigations; examinations.

A. The Commission may, as often as it deems necessary, investigate and examine the affairs, business, premises, and records of any person licensed or required to be licensed under this chapter insofar as they pertain to any business for which a license is required by this chapter. Examinations of licensees shall be conducted at least once in each three-year period. In the course of such investigations and examinations, the owners, members, officers, directors, partners, trustees, and employees of the person being investigated or examined shall, upon demand of the person making such investigation or examination, afford full access to all premises, books, records, and information that the person making such investigation or examination deems necessary.

B. Examinations under this section may be conducted in conjunction with examinations to be performed by representatives of agencies of the federal government or another state. In lieu of conducting an examination, the Commission may accept the examination report of the federal government or another state.

§ 6.2-2614. Annual fees.

A. In order to defray the costs of their examination, supervision, and regulation, every licensee under this chapter shall pay an annual fee calculated in accordance with a schedule set by the Commission. All such fees shall be assessed on or before April 1 for every calendar year. All such fees shall be paid by the licensee to the State Treasurer on or before May 1 following each assessment.

B. In addition to the annual fee prescribed in subsection A, when it becomes necessary to examine or investigate the books and records of a licensee under this chapter at a location outside the Commonwealth, the licensee shall be liable for and shall pay to the Commission within 30 days of the presentation of an itemized statement the actual travel and reasonable living expenses incurred on account of its examination, supervision, and regulation or shall pay a reasonable per diem rate approved by the Commission.

§ 6.2-2615. Suspension or revocation of license.

A. The Commission may suspend or revoke any license issued under this chapter upon any of the following grounds:

1. Any ground for denial of a license under this chapter;
2. Any violation of the provisions of this chapter or regulations adopted by the Commission pursuant thereto, or a violation of any other law or regulation applicable to the conduct of the licensee's business;
3. A course of conduct consisting of the failure to perform written agreements with qualified education loan borrowers;
4. Failure to account for funds received or disbursed to the satisfaction of the person supplying or receiving qualified education loan funds;
5. Conviction of any felony or of a misdemeanor involving fraud, misrepresentation, or deceit;
6. Entry of a judgment against the licensee involving fraud, misrepresentation, or deceit;
7. Entry of a federal or state administrative order against the licensee for violation of any law or regulation applicable to the conduct of the licensee's business;
8. Refusal to permit an investigation or examination by the Commission;
9. Failure to pay any fee or assessment imposed by this chapter; or
10. Failure to comply with any order of the Commission.

B. For the purposes of this section, acts of any senior officer, director, member, partner, trustee, or principal shall be deemed acts of the licensee.

§ 6.2-2616. Notice of proposed suspension or revocation.

The Commission shall not revoke or suspend the license of any licensee upon any of the grounds set forth in § 6.2-2615 until it has given the licensee (i) 21 days' notice in writing of the reasons for the proposed revocation or suspension and (ii) an opportunity to introduce evidence and be heard. The notice shall be sent by certified mail to the principal place of business of such licensee and shall state with particularity the grounds for the contemplated action. Within 14 days of mailing the notice, the licensee named therein may file with the Clerk of the Commission a written request for a hearing. If a hearing is requested, the Commission shall not suspend or revoke the license except based upon findings made at such hearing. The hearing shall be conducted in accordance with the Commission's Rules.

§ 6.2-2617. Cease and desist orders.

A. If the Commission determines that any person has violated any provision of this chapter or any regulation adopted by the Commission pursuant thereto, or violated any other law or regulation applicable to the conduct of a licensee's business, the Commission may, upon 21 days' notice in writing, order such person to cease and desist from such practices and to comply with the provisions of this chapter and other applicable laws and regulations. The notice shall be sent by certified mail to the principal place of business of such person or other address authorized under § 12.1-19.1 and shall state the grounds for the contemplated action.

B. Within 14 days of mailing the notice, the person named therein may file with the clerk of the Commission a written request for a hearing. If a hearing is requested, the Commission shall not issue a cease and desist order except on the basis of findings made at the hearing. The hearing shall be conducted in accordance with the Commission's Rules. The

Commission may enforce compliance with any order issued under this section by imposition and collection of such fines and penalties as may be prescribed by law.

§ 6.2-2618. Civil penalties.

The Commission may impose a civil penalty not exceeding \$2,500 upon any person who it determines, in proceedings commenced in accordance with the Commission's Rules, has violated any of the provisions of this chapter or regulations adopted by the Commission pursuant thereto or violated any other law or regulation applicable to conduct of the person's business. For the purposes of this section, each separate violation shall be subject to the civil penalty prescribed in this section, and each day that an unlicensed person engages in the business of a qualified education loan servicer shall constitute a separate violation.

§ 6.2-2619. Private cause of action.

A. A qualified education loan servicer shall:

1. Comply with this chapter.
2. Comply with all applicable federal laws related to qualified education loan servicing, as from time to time amended, and the regulations promulgated thereunder.

B. Any person who suffers damage as a result of the failure of a qualified education loan servicer to comply with the requirements of subdivisions A 1 and 2 may bring an action against that qualified education loan servicer to recover or obtain any of the following:

- 1. Actual damages, but in no case shall the total award of damages be less than \$500 per violation;*
- 2. An order enjoining the methods, acts, or practices;*
- 3. Restitution of property;*
- 4. Punitive damages;*
- 5. Attorney fees; and*
- 6. Any other relief the court deems proper.*

C. In addition to any other remedies provided by this section or otherwise provided by law, whenever it is proven by a preponderance of the evidence that a qualified education loan servicer has engaged in conduct that substantially interferes with a borrower's right to (i) an alternative payment arrangement; (ii) loan forgiveness, cancellation, or discharge; or (iii) any other financial benefit as established under the terms of a borrower's promissory note or under the Higher Education Act of 1965, 20 U.S.C. § 1070a et seq., as amended from time to time, and regulations promulgated thereunder, the court shall award treble actual damages to the plaintiff, but in no case shall the award of damages be less than \$1,500 per violation.

D. The remedies provided in this section are not intended to be the exclusive remedies available to the qualified education loan borrower; and a qualified education loan borrower shall not be required to exhaust any administrative remedies established pursuant to this chapter or any other applicable law prior to proceeding under this section.

§ 6.2-2620. Investigating and restraining prohibited acts.

A. Notwithstanding the provisions of § 59.1-199, whenever the Attorney General has reasonable cause to believe that any person has engaged in, or is engaging in, or is about to engage in any violation of this chapter, the Attorney General is empowered to issue a civil investigative demand. The provisions of § 59.1-9.10 shall apply mutatis mutandis to civil investigative demands issued pursuant to this section.

B. Notwithstanding any other provisions of law to the contrary, the Attorney General may cause an action to be brought in the appropriate circuit court in the name of the Commonwealth to enjoin any violation of this chapter. The circuit court having jurisdiction may enjoin such violations notwithstanding the existence of an adequate remedy at law. In any action under this section, it shall not be necessary that damages be proved.

C. The circuit courts are authorized to issue temporary or permanent injunctions to restrain and prevent violations of this chapter.

§ 6.2-2621. Violation of the Virginia Consumer Protection Act.

Notwithstanding the provisions of § 59.1-199, any violation of the provisions of this chapter shall constitute a prohibited practice in accordance with § 59.1-200 and shall be subject to any and all of the enforcement provisions of the Virginia Consumer Protection Act (§ 59.1-196 et seq.).

§ 6.2-2622. Regulations.

The Commission shall adopt such regulations as it deems appropriate to effect the purposes of this chapter. Before adopting any such regulation, the Commission shall give reasonable notice of its content and shall afford interested parties an opportunity to be heard, in accordance with the Commission's Rules.

§ 19.2-389. (Effective until January 1, 2021) Dissemination of criminal history record information.

A. Criminal history record information shall be disseminated, whether directly or through an intermediary, only to:

1. Authorized officers or employees of criminal justice agencies, as defined by § 9.1-101, for purposes of the administration of criminal justice and the screening of an employment application or review of employment by a criminal justice agency with respect to its own employees or applicants, and dissemination to the Virginia Parole Board, pursuant to this subdivision, of such information on all state-responsible inmates for the purpose of making parole determinations pursuant to subdivisions 1, 2, 3, and 5 of § 53.1-136 shall include collective dissemination by electronic means every 30 days. 6. Individuals and agencies where authorized by court order or court rule;

7. The application shall be deemed approved if

notice to the contrary has not been mailed by the Commission to the applicant within 30 days of the date the application is received by the Commission. After approval, the applicant shall give written notice to the Commissioner within 10 days of the commencement of business at the additional office or relocated office.

D. Every licensee shall within 10 days notify the Commissioner, in writing, of the closing of any office and of the name, address, and position of each new senior officer, member, partner, or director and provide such other information with respect to any such change as the Commissioner may reasonably require.

E. Licenses shall:

1. Not be transferable or assignable, by operation of law or otherwise; and

2. Remain in force until they have been surrendered, revoked, or suspended. The surrender, revocation, or suspension of a license shall not affect any preexisting legal right or obligation of the licensee.

§ 6.2-1809. Retention of books, accounts, and records.

Every licensee shall maintain in its approved offices such books, accounts and records as the Commission may reasonably require in order to determine whether such licensee is complying with the provisions of this chapter and regulations adopted in furtherance thereof. Such books, accounts and records shall be maintained apart and separate from any other business in which the licensee is involved. Such records relating to ~~payday~~ *short-term* loans, including copies of checks given to a licensee as security for such loans, shall be retained for at least three years after final payment is made on any loan.

§ 6.2-1810. Loan database.

A. The Commission shall certify and contract with one or more third parties to develop, implement, and maintain a real-time, Internet-accessible database that contains such ~~payday~~ *short-term* loan information as the Commission may require from time to time by administrative rule or policy statement. ~~The database shall be operational by January 1, 2009.~~

B. The following provisions shall apply to the database:

1. Before making a ~~payday~~ *short-term* loan, a licensee shall query the database through a Commission-certified database provider and shall retain evidence of the query for the Commission's supervisory review. The database shall allow a licensee to make a ~~payday~~ *short-term* loan only if making the loan is permissible under the provisions of this chapter. During any period that the database is unavailable due to technical problems beyond the licensee's control, a licensee may rely on the ~~payday~~ loan applicant's written representations, rather than the database's information, to verify that making the loan applied for is permissible under the provisions of this chapter. Because a licensee may rely on the accuracy of the applicant's representations and the database's information, a licensee is not subject to any administrative penalty or civil liability if that information is later determined to be inaccurate.

2. The database provider shall maintain the database, take all actions it deems necessary to protect the confidentiality and security of the information contained in the database, be responsible for the confidentiality and security of such information, and own the information contained in the database. The Commission shall have access to and utilize the database as ~~an~~ *a supervision and enforcement* tool to ensure licensees' compliance with the provisions of this chapter.

3. Upon a licensee's query, the database shall advise the licensee whether the applicant is eligible for a new ~~payday~~ *short-term* loan and, if the applicant is ineligible, the reason for such ineligibility. If the database advises the licensee that the applicant is ineligible for a ~~payday~~ *short-term* loan, then the applicant shall direct any inquiry regarding the specific reason for such ineligibility to the database provider rather than to the licensee. The information contained in the ~~payday~~ *loan* database is confidential and exempt from the Freedom of Information Act (§ 2.2-3700 et seq.).

4. If a licensee and borrower consummate a ~~payday~~ loan, then the licensee shall pay a fee to defray the costs of submitting the database inquiry. The amount of the database inquiry fee shall be calculated in accordance with a schedule set by the Commission. The schedule shall bear a reasonable relationship to actual cost of the operation of the database. If a licensee submits a database inquiry but does not consummate a ~~payday~~ loan with the applicant, then the licensee shall not pay the database inquiry fee. Each licensee shall remit all database inquiry fees directly to the database provider on a weekly basis.

5. If a borrower enters into a ~~payday~~ *short-term* loan or pays or otherwise satisfies a ~~payday~~ *short-term* loan in full, ~~or if a borrower enters into an extended payment plan as provided in subdivision 26 of § 6.2-1816 or an extended term loan as provided in subdivision 27 of § 6.2-1816,~~ then the licensee making the loan shall report such event or other information to the database not later than the close of business on the date of such event.

§ 6.2-1811. Annual report.

A. Each licensee under this chapter shall annually, on or before March 25, file a written report with the Commissioner containing such information as the Commissioner may require concerning his business and operations during the preceding calendar year as to each approved office. Reports shall be made under oath and shall be in the form prescribed by the Commissioner.

B. *The Commissioner shall publish annually and make available to the public an analysis of the information required under this section and other information the Commissioner may choose to include. The published analysis shall include all of the following:*

1. *The total number of borrowers, loans, defaulted loans, and charged-off loans and the total dollar value of the charged-off loans;*

2. *The average loan size, average contracted annual percentage rate, average contracted loan charges, average loan charges actually paid, total contracted loan charges, and total loan charges actually paid;*

Prior to making a loan, a licensee shall make a reasonable attempt to verify the borrower's eligibility under this subsection that includes reviewing the files of any affiliate that is licensed under Chapter 22. Unless the Commission requires otherwise by administrative rule or policy statement, a licensee may rely on the loan applicant's written representations with respect to the applicant's obligations to lenders that are licensed under Chapter 22 (§ 6.2-2200 et seq.) but are not affiliates of the licensee, and a licensee is not subject to any administrative penalty or civil liability if such representations are later determined to be inaccurate.*

5. A licensee shall not cause any person to be obligated to the licensee in any capacity at any time in the principal amount of more than \$500 ~~\$2,500~~.

6. *Except as provided in § 6.2-1818.1, a licensee shall not (i) refinance, renew, or extend any payday short-term loan; (ii) or make a loan to a person if the loan would cause the person to have more than one payday short-term loan from any licensee outstanding at the same time; (iii) make a loan to a borrower on the same day that a borrower paid or otherwise satisfied in full a previous payday loan; (iv) make a payday loan to a person within 90 days following the date that the person has paid or otherwise satisfied in full a payday loan through an extended payment plan as provided in subdivision 26; (v) make a payday loan to a person within 45 days following the date that the person has paid or otherwise satisfied in full a fifth payday loan made within a period of 180 days as provided in subdivision 27 a; or (vi) make a payday loan to a person within the longer of (a) 90 days following the date that the person has paid or otherwise satisfied in full an extended term loan or (b) 150 days following the date that the person enters into an extended term loan, as provided in subdivision 27 b.*

12. A licensee shall not attempt to draft funds electronically from a borrower's account after two consecutive attempts have failed, unless the licensee obtains new written authorization from the borrower to transfer or withdraw funds electronically from the borrower's account.

13. A licensee shall not make a loan to a borrower to enable the borrower to (i) pay for any other product or service sold at the licensee's office location or (ii) repay any amount owed to the licensee or an affiliate of the licensee in connection with another credit transaction.

18. Before disbursing funds pursuant to a payday loan, a licensee shall provide a clear and conspicuous printed notice to the borrower indicating that a payday loan is not intended to meet long-term financial needs and that the borrower should use a payday loan only to meet short-term cash needs.

19. A borrower shall be permitted to make partial payments, in increments of not less than \$5, on the loan at any time prior to maturity, without charge. The licensee shall give the borrower signed, dated receipts for each payment made, which shall state the balance due on the loan. Upon repayment of the loan in full, the licensee shall mark the original loan agreement with the word "paid" or "canceled," return it to the borrower, and retain a copy in its records.

23. A licensee shall not make a loan to a borrower that includes an acceleration clause or demand feature that permits the licensee, in the event the borrower fails to meet the repayment terms for any outstanding balance, to terminate the loan in advance of the original maturity date and to demand repayment of the entire outstanding balance, unless both of the following conditions are met: (i) not earlier than 10 days after the borrower's payment was due, the licensee provides written notice to the borrower of the termination of the loan and (ii) in addition to the outstanding balance, the licensee collects only prorated interest and the fees earned up to termination of the loan. Interest shall not accrue on the indebtedness during the term of the extended payment plan. The borrower may prepay an extended payment plan in full at any time without penalty. If the borrower fails to pay the amount owed under the extended payment plan when due, then the licensee may immediately accelerate the unpaid loan balance.

c. If the borrower enters into an extended payment plan, then no licensee may make a payday loan to the borrower until a waiting period of 90 days shall have elapsed from the date that the borrower pays or satisfies in full the balance of the loan under the terms of the extended payment plan.

The information contained in the notice shall be in a form provided by the Bureau.

27. In addition to the other conditions set forth in this chapter, the fifth payday loan that is made to any person within a period of 180 days shall be made only in compliance with, at the option of the borrower, either of the following:

a. The fifth payday loan is made upon the same terms and conditions otherwise applicable to payday loans under the terms of this chapter, except that (i) no licensee may make a payday loan to such borrower during a period of 45 days following the date such fifth payday loan is paid or otherwise satisfied in full and (ii) the borrower may elect, at any time on or before its due date, to repay such fifth payday loan by means of an extended payment plan as provided in subdivision 26 b; or
