A prescription for a controlled substance may be issued only by a practitioner of medicine, osteopathy, podiatry, dentistry or veterinary medicine who is authorized to prescribe controlled substances, ~~or~~ by a licensed nurse practitioner pursuant to § 54.1-2957.01, a licensed certified midwife pursuant to § 54.1-2957.04, a licensed physician assistant pursuant to § 54.1-2952.1, or a TPA-certified optometrist pursuant to Article 5 (§ 54.1-3222 et seq.) of Chapter 32.

B. A prescription shall be issued only to persons or animals with whom the practitioner has a bona fide practitioner-patient relationship or veterinarian-client-patient relationship. If a practitioner is providing expedited partner therapy consistent with the recommendations of the Centers for Disease Control and Prevention, then a bona fide practitioner-patient relationship shall not be required.

A bona fide practitioner-patient relationship shall exist if the practitioner has (i) obtained or caused to be obtained a medical or drug history of the patient; (ii) provided information to the patient about the benefits and risks of the drug being prescribed; (iii) performed or caused to be performed an appropriate examination of the patient, either physically or by the use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically; and (iv) initiated additional interventions and follow-up care, if necessary, especially if a prescribed drug may have serious side effects. Except in cases involving a medical emergency, the examination required pursuant to clause (iii) shall be performed by the practitioner prescribing the controlled substance, a practitioner who practices in the same group as the practitioner prescribing the controlled substance, or a consulting practitioner.

A practitioner who has established a bona fide practitioner-patient relationship with a patient in accordance with the provisions of this subsection may prescribe Schedule II through VI controlled substances to that patient, provided that, in cases in which the practitioner has performed the examination required pursuant to clause (iii) by use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically, the prescribing of such Schedule II through V controlled substance is in compliance with federal requirements for the practice of telemedicine.

For the purpose of prescribing a Schedule VI controlled substance to a patient via telemedicine services as defined in § 38.2-3418.16, a prescriber may establish a bona fide practitioner-patient relationship by an examination through face-to-face interactive, two-way, real-time communications services or store-and-forward technologies when all of the following conditions are met: (a) the patient has provided a medical history that is available for review by the prescriber; (b) the prescriber obtains an updated medical history at the time of prescribing; (c) the prescriber makes a diagnosis at the time of prescribing; (d) the prescriber conforms to the standard of care expected of in-person care as appropriate to the patient's age and presenting condition, including when the standard of care requires the use of diagnostic testing and performance of a physical examination, which may be carried out through the use of peripheral devices appropriate to the patient's condition; (e) the prescriber is actively licensed in the Commonwealth and authorized to prescribe; (f) if the patient is a member or enrollee of a health plan or carrier, the prescriber has been credentialed by the health plan or carrier as a participating provider and the diagnosing and prescribing meets the qualifications for reimbursement by the health plan or carrier pursuant to § 38.2-3418.16; and (g) upon request, the prescriber provides patient records in a timely manner in accordance with the provisions of § 32.1-127.1:03 and all other state and federal laws and regulations. Nothing in this paragraph shall permit a prescriber to establish a bona fide practitioner-patient relationship for the purpose of prescribing a Schedule VI controlled substance when the standard of care dictates that an in-person physical examination is necessary for diagnosis. Nothing in this paragraph shall apply to: (1) a prescriber providing on-call coverage per an agreement with another prescriber or his prescriber's professional entity or employer; (2) a prescriber consulting with another prescriber regarding a patient's care; or (3) orders of prescribers for hospital out-patients or in-patients.

For purposes of this section, a bona fide veterinarian-client-patient relationship is one in which a veterinarian, another veterinarian within the group in which he practices, or a veterinarian with whom he is consulting has assumed the responsibility for making medical judgments regarding the health of and providing medical treatment to an animal as defined in § 3.2-6500, other than an equine as defined in § 3.2-6200, a group of agricultural animals as defined in § 3.2-6500, or bees as defined in § 3.2-4400, and a client who is the owner or other caretaker of the animal, group of agricultural animals, or bees has consented to such treatment and agreed to follow the instructions of the veterinarian. Evidence that a veterinarian has assumed responsibility for making medical judgments regarding the health of and providing medical treatment to an animal, group of agricultural animals, or bees shall include evidence that the veterinarian (A) has sufficient knowledge of the animal, group of agricultural animals, or bees to provide a general or preliminary diagnosis of the medical condition of the animal, group of agricultural animals, or bees; (B) has made an examination of the animal, group of agricultural animals, or bees, either physically or by the use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically or has become familiar with the care and keeping of that species of animal or bee on the premises of the client, including other premises within the same operation or production system of the client, through medically appropriate and timely visits to the premises at which the animal, group of agricultural animals, or bees are kept; and (C) is available to provide follow-up care.

C. A prescription shall only be issued for a medicinal or therapeutic purpose in the usual course of treatment or for authorized research. A prescription not issued in the usual course of treatment or for authorized research is not a valid prescription. A practitioner who prescribes any controlled substance with the knowledge that the controlled substance will be used otherwise than for medicinal or therapeutic purposes shall be subject to the criminal penalties provided in § 18.2-248 for violations of the provisions of law relating to the distribution or possession of controlled substances.

D. No prescription shall be filled unless a bona fide practitioner-patient-pharmacist relationship exists. A bona fide practitioner-patient-pharmacist relationship shall exist in cases in which a practitioner prescribes, and a pharmacist dispenses, controlled substances in good faith to a patient for a medicinal or therapeutic purpose within the course of his professional practice.

In cases in which it is not clear to a pharmacist that a bona fide practitioner-patient relationship exists between a prescriber and a patient, a pharmacist shall contact the prescribing practitioner or his agent and verify the identity of the patient and name and quantity of the drug prescribed.

Any person knowingly filling an invalid prescription shall be subject to the criminal penalties provided in § 18.2-248 for violations of the provisions of law relating to the sale, distribution or possession of controlled substances.

E. Notwithstanding any provision of law to the contrary and consistent with recommendations of the Centers for Disease Control and Prevention or the Department of Health, a practitioner may prescribe Schedule VI antibiotics and antiviral agents to other persons in close contact with a diagnosed patient when (i) the practitioner meets all requirements of a bona fide practitioner-patient relationship, as defined in subsection B, with the diagnosed patient and (ii) in the practitioner's professional judgment, the practitioner deems there is urgency to begin treatment to prevent the transmission of a communicable disease. In cases in which the practitioner is an employee of or contracted by the Department of Health or a local health department, the bona fide practitioner-patient relationship with the diagnosed patient, as required by clause (i), shall not be required.

F. A pharmacist may dispense a controlled substance pursuant to a prescription of an out-of-state practitioner of medicine, osteopathy, podiatry, dentistry, optometry, or veterinary medicine, a nurse practitioner, or a physician assistant authorized to issue such prescription if the prescription complies with the requirements of this chapter and the Drug Control Act (§ 54.1-3400 et seq.).

G. The Department shall report the results of such review and any recommendations for changes to a county's or city's local matching fund amount to the Governor and the General Assembly.

[H 2002]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-260 and 63.2-1903 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-260. Intake; petition; investigation.

A. All matters alleged to be within the jurisdiction of the court shall be commenced by the filing of a petition, except as provided in subsection H and in § 16.1-259. The form and content of the petition shall be as provided in § 16.1-262. No individual shall be required to obtain support services from the Department of Social Services prior to filing a petition seeking support for a child. Complaints, requests, and the processing of petitions to initiate a case shall be the responsibility of the intake officer. However, (i) the attorney for the Commonwealth of the city or county may file a petition on his own motion with the clerk; (ii) designated nonattorney employees of the Department of Social Services may complete, sign, and file petitions and motions relating to the establishment, modification, or enforcement of support on forms approved by the Supreme Court of Virginia with the clerk; (iii) designated nonattorney employees of a local department of social services may complete, sign, and file with the clerk, on forms approved by the Supreme Court of Virginia, petitions for foster care review, petitions for permanency planning hearings, petitions to establish paternity, motions to establish or modify support, motions to amend or review an order, and motions for a rule to show cause; and (iv) any attorney may file petitions on behalf of his client with the clerk except petitions alleging that the subject of the petition is a child alleged to be in need of services, in need of supervision, or delinquent. Complaints alleging abuse or neglect of a child shall be referred initially to the local department of social services in accordance with the provisions of Chapter 15 (§ 63.2-1500 et seq.) of Title 63.2. Motions and other subsequent pleadings in a case shall be filed directly with the clerk. The intake officer or clerk with whom the petition or motion is filed shall inquire whether the petitioner is receiving child support services or public assistance. No individual who is receiving support services or public assistance shall be denied the right to file a petition or motion to establish, modify, or enforce an order for support of a child. If the petitioner is seeking or receiving child support services or public assistance, the clerk, upon issuance of process, shall forward a copy of the petition or motion, together with notice of the court date, to the Division of Child Support Enforcement. *If a petitioner is seeking to establish child support, the intake officer shall provide the petitioner information on the possible availability of medical assistance through the Family Access to Medical Insurance Security (FAMIS) plan or other government-sponsored coverage through the Department of Medical Assistance Services.*

B. The appearance of a child before an intake officer may be by (i) personal appearance before the intake officer or (ii) use of two-way electronic video and audio communication. If two-way electronic video and audio communication is used, an intake officer may exercise all powers conferred by law. All communications and proceedings shall be conducted in the same manner as if the appearance were in person, and any documents filed may be transmitted by facsimile process. The facsimile may be served or executed by the officer or person to whom sent, and returned in the same manner, and with the same force, effect, authority, and liability as an original document. All signatures thereon shall be treated as original signatures. Any two-way electronic video and audio communication system used for an appearance shall meet the standards as set forth in subsection B of § 19.2-3.1.

When the court service unit of any court receives a complaint alleging facts which may be sufficient to invoke the jurisdiction of the court pursuant to § 16.1-241, the unit, through an intake officer, may proceed informally to make such adjustment as is practicable without the filing of a petition or may authorize a petition to be filed by any complainant having sufficient knowledge of the matter to establish probable cause for the issuance of the petition.

An intake officer may proceed informally on a complaint alleging a child is in need of services, in need of supervision, or delinquent only if the juvenile (a) is not alleged to have committed a violent juvenile felony or (b) has not previously been proceeded against informally or adjudicated delinquent for an offense that would be a felony if committed by an adult. A petition alleging that a juvenile committed a violent juvenile felony shall be filed with the court. A petition alleging that a juvenile is delinquent for an offense that would be a felony if committed by an adult shall be filed with the court if the juvenile had previously been proceeded against informally by intake or had been adjudicated delinquent for an offense that would be a felony if committed by an adult.

If a juvenile is alleged to be a truant pursuant to a complaint filed in accordance with § 22.1-258 and the attendance officer has provided documentation to the intake officer that the relevant school division has complied with the provisions

of § 22.1-258, then the intake officer shall file a petition with the court. The intake officer may defer filing the petition and proceed informally by developing a truancy plan, provided that (1) the juvenile has not previously been proceeded against informally or adjudicated in need of supervision on more than two occasions for failure to comply with compulsory school attendance as provided in § 22.1-254 and (2) the immediately previous informal action or adjudication occurred at least three calendar years prior to the current complaint. The juvenile and his parent or parents, guardian, or other person standing in loco parentis must agree, in writing, for the development of a truancy plan. The truancy plan may include requirements that the juvenile and his parent or parents, guardian, or other person standing in loco parentis participate in such programs, cooperate in such treatment, or be subject to such conditions and limitations as necessary to ensure the juvenile's compliance with compulsory school attendance as provided in § 22.1-254. The intake officer may refer the juvenile to the appropriate public agency for the purpose of developing a truancy plan using an interagency interdisciplinary team approach. The team may include qualified personnel who are reasonably available from the appropriate department of social services, community services board, local school division, court service unit, and other appropriate and available public and private agencies and may be the family assessment and planning team established pursuant to § 2.2-5207. If at the end of the deferral period the juvenile has not successfully completed the truancy plan or the truancy program, then the intake officer shall file the petition.

Whenever informal action is taken as provided in this subsection on a complaint alleging that a child is in need of services, in need of supervision, or delinquent, the intake officer shall (A) develop a plan for the juvenile, which may include restitution and the performance of community service, based upon community resources and the circumstances which resulted in the complaint, (B) create an official record of the action taken by the intake officer and file such record in the juvenile's case file, and (C) advise the juvenile and the juvenile's parent, guardian, or other person standing in loco parentis and the complainant that any subsequent complaint alleging that the child is in need of supervision or delinquent based upon facts which may be sufficient to invoke the jurisdiction of the court pursuant to § 16.1-241 may result in the filing of a petition with the court.

C. The intake officer shall accept and file a petition in which it is alleged that (i) the custody, visitation, or support of a child is the subject of controversy or requires determination, (ii) a person has deserted, abandoned, or failed to provide support for any person in violation of law, (iii) a child or such child's parent, guardian, legal custodian, or other person standing in loco parentis is entitled to treatment, rehabilitation, or other services which are required by law, (iv) family abuse has occurred and a protective order is being sought pursuant to § 16.1-253.1, 16.1-253.4, or 16.1-279.1, or (v) an act of violence, force, or threat has occurred, a protective order is being sought pursuant to § 19.2-152.8, 19.2-152.9, or 19.2-152.10, and either the alleged victim or the respondent is a juvenile. If any such complainant does not file a petition, the intake officer may file it. In cases in which a child is alleged to be abused, neglected, in need of services, in need of supervision, or delinquent, if the intake officer believes that probable cause does not exist, or that the authorization of a petition will not be in the best interest of the family or juvenile or that the matter may be effectively dealt with by some agency other than the court, he may refuse to authorize the filing of a petition. The intake officer shall provide to a person seeking a protective order pursuant to § 16.1-253.1, 16.1-253.4, or 16.1-279.1 a written explanation of the conditions, procedures and time limits applicable to the issuance of protective orders pursuant to § 16.1-253.1, 16.1-253.4, or 16.1-279.1. If the person is seeking a protective order pursuant to § 19.2-152.8, 19.2-152.9, or 19.2-152.10, the intake officer shall provide a written explanation of the conditions, procedures, and time limits applicable to the issuance of protective orders pursuant to § 19.2-152.8, 19.2-152.9, or 19.2-152.10.

D. Prior to the filing of any petition alleging that a child is in need of supervision, the matter shall be reviewed by an intake officer who shall determine whether the petitioner and the child alleged to be in need of supervision have utilized or attempted to utilize treatment and services available in the community and have exhausted all appropriate nonjudicial remedies which are available to them. When the intake officer determines that the parties have not attempted to utilize available treatment or services or have not exhausted all appropriate nonjudicial remedies which are available, he shall refer the petitioner and the child alleged to be in need of supervision to the appropriate agency, treatment facility, or individual to receive treatment or services, and a petition shall not be filed. Only after the intake officer determines that the parties have made a reasonable effort to utilize available community treatment or services may he permit the petition to be filed.

E. If the intake officer refuses to authorize a petition relating to an offense that if committed by an adult would be punishable as a Class 1 misdemeanor or as a felony, the complainant shall be notified in writing at that time of the complainant's right to apply to a magistrate for a warrant. If a magistrate determines that probable cause exists, he shall issue a warrant returnable to the juvenile and domestic relations district court. The warrant shall be delivered forthwith to the juvenile court, and the intake officer shall accept and file a petition founded upon the warrant. If the court is closed and the magistrate finds that the criteria for detention or shelter care set forth in § 16.1-248.1 have been satisfied, the juvenile may be detained pursuant to the warrant issued in accordance with this subsection. If the intake officer refuses to authorize a petition relating to a child in need of services or in need of supervision, a status offense, or a misdemeanor other than Class 1, his decision is final.

Upon delivery to the juvenile court of a warrant issued pursuant to subdivision 2 of § 16.1-256, the intake officer shall accept and file a petition founded upon the warrant.

F. The intake officer shall notify the attorney for the Commonwealth of the filing of any petition which alleges facts of an offense which would be a felony if committed by an adult.

G. Notwithstanding the provisions of Article 12 (§ 16.1-299 et seq.), the intake officer shall file a report with the division superintendent of the school division in which any student who is the subject of a petition alleging that such student who is a juvenile has committed an act, wherever committed, which would be a crime if committed by an adult, or that such student who is an adult has committed a crime and is alleged to be within the jurisdiction of the court. The report shall notify the division superintendent of the filing of the petition and the nature of the offense, if the violation involves:

1. A firearm offense pursuant to Article 4 (§ 18.2-279 et seq.), 5 (§ 18.2-288 et seq.), 6 (§ 18.2-299 et seq.), 6.1 (§ 18.2-307.1 et seq.), or 7 (§ 18.2-308.1 et seq.) of Chapter 7 of Title 18.2;
2. Homicide, pursuant to Article 1 (§ 18.2-30 et seq.) of Chapter 4 of Title 18.2;

13. Abduction of any person pursuant to § 18.2-47 or 18.2-48; or
14. A threat pursuant to § 18.2-60.

The failure to provide information regarding the school in which the student who is the subject of the petition may be enrolled shall not be grounds for refusing to file a petition.

The information provided to a division superintendent pursuant to this section may be disclosed only as provided in § 16.1-305.2.

H. The filing of a petition shall not be necessary:

1. In the case of violations of the traffic laws, including offenses involving bicycles, hitchhiking and other pedestrian offenses, game and fish laws, or a violation of the ordinance of any city regulating surfing or any ordinance establishing curfew violations, animal control violations, or littering violations. In such cases the court may proceed on a summons issued by the officer investigating the violation in the same manner as provided by law for adults. Additionally, an officer investigating a motor vehicle accident may, at the scene of the accident or at any other location where a juvenile who is involved in such an accident may be located, proceed on a summons in lieu of filing a petition.

2. In the case of seeking consent to apply for the issuance of a work permit pursuant to subsection H of § 16.1-241.

The officer releasing a juvenile to the custody of a parent or legal guardian shall issue a summons to the juvenile and shall also issue a summons requiring the parent or legal guardian to appear before the court with the juvenile. Disposition of the charge shall be in the manner provided in § 16.1-278.8, 16.1-278.8:01, or 16.1-278.9. If the juvenile so charged with a violation of § 18.2-51.4, 18.2-266, 18.2-266.1, 18.2-272, or 29.1-738 refuses to provide a sample of blood or breath or samples of both blood and breath for chemical analysis pursuant to §§ 18.2-268.1 through 18.2-268.12 or 29.1-738.2, the provisions of these sections shall be followed except that the magistrate shall authorize execution of the warrant as a summons. The summons shall be served on a parent or legal guardian and the juvenile, and a copy of the summons shall be forwarded to the court in which the violation is to be tried. When a violation of § 4.1-305 or 18.2-250.1 is charged by summons, the juvenile shall be entitled to have the charge referred to intake for consideration of informal proceedings pursuant to subsection B, provided that such right is exercised by written notification to the clerk not later than 10 days prior to trial. At the time such summons alleging a violation of § 4.1-305 or 18.2-250.1 is served, the officer shall also serve upon the juvenile written notice of the right to have the charge referred to intake on a form approved by the Supreme Court and make return of such service to the court. If the officer fails to make such service or return, the court shall dismiss the summons without prejudice.

4. In the case of offenses which, if committed by an adult, would be punishable as a Class 3 or Class 4 misdemeanor. In such cases the court may direct that an intake officer proceed as provided in § 16.1-237 on a summons issued by the officer investigating the violation in the same manner as provided by law for adults provided that notice of the summons to appear is mailed by the investigating officer within five days of the issuance of the summons to a parent or legal guardian of the juvenile.

I. Failure to comply with the procedures set forth in this section shall not divest the juvenile court of the jurisdiction granted it in § 16.1-241.

§ 63.2-1903. Authority to issue certain orders; civil penalty.

A. In the absence of a court order, the Department shall have the authority to issue orders directing the payment of child and child and spousal support and, if available at reasonable cost as defined in § 63.2-1900, to require a provision for health care coverage, including Department-sponsored health care coverage, or cash medical support, or both, for dependent children of the parents, which shall include the requirements specified for employers pursuant to subdivision B 5 of

§ 20-79.3. The Department shall have the authority to make available Department-sponsored health care coverage for children receiving child support services from the Department. If ~~health care coverage is unavailable at a reasonable cost, as defined in § 63.2-1900, or inaccessible to either parent,~~ *it appears that the gross income of the custodial parent of the dependent child is equal to or less than 200 percent of the federal poverty level promulgated by the U.S. Department of Health and Human Services from time to time,* the Department shall refer the dependent ~~children child~~ *child* to the Family Access to Medical Insurance Security plan pursuant to § 32.1-351. However, prior to referring the dependent ~~children child~~ *child* to the Family Access to Medical Insurance Security plan, the Department shall confirm that neither parent has access to health care coverage at a reasonable cost for the dependent ~~children child~~ *child*. If a child is enrolled in Department-sponsored health care coverage, the Department shall collect the cost of the coverage pursuant to subsection E of § 20-108.2.

In ordering the payment of child support, the Department shall set such support at the amount resulting from computation pursuant to the guideline set out in § 20-108.2, subject to the provisions of § 63.2-1918.

B. When a payee no longer has physical custody of a child, the Department shall have the authority to redirect child support payments to a custodial parent who has physical custody of the child when an assignment of rights has been made to the Department or an application for services has been made by such custodial parent with the Division of Child Support Enforcement.

C. The Department shall have the authority, upon notice from the Department of Medical Assistance Services, to use any existing enforcement mechanisms provided by this chapter to collect the wages, salary, or other employment income or to withhold amounts from state tax refunds of any obligor who has not used payments received from a third party to reimburse, as appropriate, either the other parent of such child or the provider of such services, to the extent necessary to reimburse the Department of Medical Assistance Services.

D. The Department may order the obligor and payee to notify each other or the Department upon request of current gross income as defined in § 20-108.2 and any other pertinent information that may affect child support amounts. For good cause shown, the Department may order that such information be provided to the Department and made available to the parties for inspection in lieu of the parties' providing such information directly to each other. The Department shall record the social security number of each party or control number issued to a party by the Department of Motor Vehicles pursuant to § 46.2-342 in the Department's file of the case.

E. The Department shall develop procedures governing the method and timing of periodic review and adjustment of child support orders established or enforced or both pursuant to Title IV-D of the Social Security Act, as amended. If there is an assignment under Title IV-A of the Social Security Act or at the request of either parent subject to the order, the Department shall initiate a review of such order every three years without requiring proof or showing of a change in circumstances and shall initiate appropriate action to adjust such order in accordance with the provisions of § 20-108.2 and subject to the provisions of § 63.2-1918.

F. In order to provide essential information for whatever establishment or enforcement actions are necessary for the collection of child support, the Commissioner, the Director of the Division of Child Support Enforcement, and district managers of Division of Child Support Enforcement offices shall have the right to (i) subpoena financial records of, or other information relating to, the noncustodial parent and obligee from any person, firm, corporation, association, or political subdivision or department of the Commonwealth and (ii) summons the noncustodial parent and obligee to appear in the Division's offices. The Commissioner, Director, and district managers may also subpoena copies of state and federal income tax returns. The district managers shall be trained in the correct use of the subpoena process prior to exercising subpoena authority. A civil penalty not to exceed \$1,000 may be assessed by the Commissioner for a failure to respond to a subpoena issued pursuant to this subsection.

G. In the absence of a court order, the Department may establish an administrative support order on an out-of-state obligor pursuant to subdivision A 8 or 9 of § 8.01-328.1 or § 20-88.35. The Department may also take action to enforce an administrative or court order on an out-of-state obligor. Service of such actions shall be in accordance with the provisions of § 8.01-296, 8.01-327 or 8.01-329 or by certified mail, return receipt requested, or electronic means in accordance with § 63.2-1917.

H. If a support order has been issued in another state but the obligor, the obligee, and the child now live in the Commonwealth, the Department may (i) enforce the order without registration, using all enforcement remedies available under this chapter, and (ii) register the order in the appropriate tribunal of the Commonwealth for enforcement or modification.

Be it enacted by the General Assembly of Virginia:

- 1. That §§ 63.2-1603, 63.2-1606, and 63.2-1609 of the Code of Virginia are amended and reenacted as follows:
§ 63.2-1603. Protection of adults; definitions.**

As used in this article:

"Act of violence, force, or threat" means the same as that term is defined in § 19.2-152.7:1.

"Adult" means any person 60 years of age or older, or any person 18 years of age or older who is incapacitated and who resides in the Commonwealth; provided, however, "adult" may include qualifying nonresidents who are temporarily in the Commonwealth and who are in need of temporary or emergency protective services.

"Emergency" means (i) that an adult is living in conditions that present a clear and substantial risk of death or immediate and serious physical harm to himself or others or (ii) that an adult has been, within a reasonable period of time, subjected to an act of violence, force, or threat or been subjected to financial exploitation.

"Financial exploitation" means the illegal, unauthorized, improper, or fraudulent use of the funds, property, benefits, resources, or other assets of an adult for another's profit, benefit, or advantage, including a caregiver or person serving in a fiduciary capacity, or that deprives the adult of his rightful use of or access to such funds, property, benefits, resources, or other assets. "Financial exploitation" includes (i) an intentional breach of a fiduciary obligation to an adult to his detriment or an intentional failure to use the financial resources of an adult in a manner that results in neglect of such adult; (ii) the acquisition, possession, or control of an adult's financial resources or property through the use of undue influence, coercion, or duress; and (iii) forcing or coercing an adult to pay for goods or services against his will for another's profit, benefit, or advantage if the adult did not agree, or was tricked, misled, or defrauded into agreeing, to pay for such goods or services.

"Financial institution staff" means any employee, agent, qualified individual, or representative of a bank, trust company, savings institution, loan association, consumer finance company, credit union, investment company, investment advisor, securities firm, accounting firm, or insurance company.

"Incapacitated person" means any adult who is impaired by reason of mental illness, intellectual disability, physical illness or disability, advanced age or other causes to the extent that the adult lacks sufficient understanding or capacity to make, communicate or carry out responsible decisions concerning his or her well-being.

§ 63.2-1606. Protection of aged or incapacitated adults; mandated and voluntary reporting.

A. Matters giving reason to suspect the abuse, neglect or exploitation of adults shall be reported immediately upon the reporting person's determination that there is such reason to suspect. Medical facilities inspectors of the Department of Health are exempt from reporting suspected abuse immediately while conducting federal inspection surveys in accordance with § 1864 of Title XVIII and Title XIX of the Social Security Act, as amended, of certified nursing facilities as defined in § 32.1-123. Reports shall be made to the local department or the adult protective services hotline in accordance with requirements of this section by the following persons acting in their professional capacity:

1. Any person licensed, certified, or registered by health regulatory boards listed in § 54.1-2503, with the exception of persons licensed by the Board of Veterinary Medicine;
2. Any mental health services provider as defined in § 54.1-2400.1;
3. Any emergency medical services provider certified by the Board of Health pursuant to § 32.1-111.5, unless such provider immediately reports the suspected abuse, neglect or exploitation directly to the attending physician at the hospital to which the adult is transported, who shall make such report forthwith;
4. Any guardian or conservator of an adult;
5. Any person employed by or contracted with a public or private agency or facility and working with adults in an administrative, supportive or direct care capacity;
6. Any person providing full, intermittent or occasional care to an adult for compensation, including, but not limited to, companion, chore, homemaker, and personal care workers; and
7. Any law-enforcement officer.

B. The report shall be made in accordance with subsection A to the local department of the county or city wherein the adult resides or wherein the adult abuse, neglect or exploitation is believed to have occurred or to the adult protective services hotline. Nothing in this section shall be construed to eliminate or supersede any other obligation to report as required by law. If a person required to report under this section receives information regarding abuse, neglect or exploitation while providing professional services in a hospital, nursing facility or similar institution, then he may, in lieu of reporting, notify the person in charge of the institution or his designee, who shall report such information, in accordance with the institution's policies and procedures for reporting such matters, immediately upon his determination that there is reason to suspect abuse, neglect or exploitation. Any person required to make the report or notification required by this subsection shall do so either orally or in writing and shall disclose all information that is the basis for the suspicion of adult abuse, neglect or exploitation. Upon request, any person required to make the report shall make available to the adult protective services worker and the local department investigating the reported case of adult abuse, neglect or exploitation any information, records or reports which document the basis for the report. All persons required to report suspected adult abuse, neglect or exploitation shall cooperate with the investigating adult protective services worker of a local department and shall make information, records and reports which are relevant to the investigation available to such worker to the extent permitted by state and federal law. Criminal investigative reports received from law-enforcement agencies shall not be further disseminated by the investigating agency nor shall they be subject to public disclosure; such reports may, however, be disclosed to the Adult Fatality Review Team as provided in § 32.1-283.5 or to a local or regional adult fatality review team as provided in § 32.1-283.6 and, if reviewed by the Team or a local or regional adult fatality review team, shall be subject to applicable confidentiality requirements of the Team or a local or regional adult fatality review team.

C. Any financial institution staff who suspects that an adult has been exploited financially may report such suspected financial exploitation and provide supporting information and records to the local department of the county or city wherein the adult resides or wherein the exploitation is believed to have occurred or to the adult protective services hotline. For purposes of this section:

"Financial exploitation" means the illegal, unauthorized, improper, or fraudulent use of the funds, property, benefits, resources, or other assets of an adult, as defined in § 63.2-1603, for another's profit, benefit, or advantage, including a caregiver or person serving in a fiduciary capacity, or that deprives the adult of his rightful use of or access to such funds, property, benefits, resources, or other assets. "Financial exploitation" includes (i) an intentional breach of a fiduciary obligation to an adult to his detriment or an intentional failure to use the financial resources of an adult in a manner that results in neglect of such adult; (ii) the acquisition, possession, or control of an adult's financial resources or property through the use of undue influence, coercion, or duress; and (iii) forcing or coercing an adult to pay for goods or services against his will for another's profit, benefit, or advantage if the adult did not agree, or was tricked, misled, or defrauded into agreeing, to pay for such goods or services.

"Financial institution staff" means any employee, agent, qualified individual, or representative of a bank, trust company, savings institution, loan association, consumer finance company, credit union, investment company, investment advisor, securities firm, accounting firm, or insurance company.

D. Any person other than those specified in subsection A who suspects that an adult is an abused, neglected or exploited adult may report the matter to the local department of the county or city wherein the adult resides or wherein the abuse, neglect or exploitation is believed to have occurred or to the adult protective services hotline.

E. Any person who makes a report or provides records or information pursuant to subsection A, C, or D, or who testifies in any judicial proceeding arising from such report, records or information, or who takes or causes to be taken with the adult's or the adult's legal representative's informed consent photographs, video recordings, or appropriate medical imaging of the adult who is subject of a report shall be immune from any civil or criminal liability on account of such report, records, information, photographs, video recordings, appropriate medical imaging or testimony, unless such person acted in bad faith or with a malicious purpose.

F. An employer of a mandated reporter shall not prohibit a mandated reporter from reporting directly to the local department or to the adult protective services hotline. Employers whose employees are mandated reporters shall notify employees upon hiring of the requirement to report.

G. Any person 14 years of age or older who makes or causes to be made a report of adult abuse, neglect, or exploitation that he knows to be false is guilty of a Class 4 misdemeanor. Any subsequent conviction of this provision is a Class 2 misdemeanor.

H. Any person who fails to make a required report or notification pursuant to subsection A shall be subject to a civil penalty of not more than \$500 for the first failure and not less than \$100 nor more than \$1,000 for any subsequent failures. Civil penalties under subdivision A 7 shall be determined by a court of competent jurisdiction, in its discretion. All other civil penalties under this section shall be determined by the Commissioner for Aging and Rehabilitative Services or his designee. The Commissioner for Aging and Rehabilitative Services shall establish by regulation a process for imposing and collecting civil penalties, and a process for appeal of the imposition of such penalty pursuant to § 2.2-4026 of the Administrative Process Act.

I. Any mandated reporter who has reasonable cause to suspect that an adult died as a result of abuse or neglect shall immediately report such suspicion to the appropriate medical examiner and to the appropriate law-enforcement agency, notwithstanding the existence of a death certificate signed by a licensed physician. The medical examiner and the law-enforcement agency shall receive the report and determine if an investigation is warranted. The medical examiner may order an autopsy. If an autopsy is conducted, the medical examiner shall report the findings to law enforcement, as appropriate, and to the local department or to the adult protective services hotline.

J. No person or entity shall be obligated to report any matter if the person or entity has actual knowledge that the same matter has already been reported to the local department or to the adult protective services hotline.

K. All law-enforcement departments and other state and local departments, agencies, authorities and institutions shall cooperate with each adult protective services worker of a local department in the detection, investigation and prevention of adult abuse, neglect and exploitation.

L. Financial institution staff may refuse to execute a transaction, may delay a transaction, or may refuse to disburse funds if the financial institution staff (i) believes in good faith that the transaction or disbursement may involve, facilitate, result in, or contribute to the financial exploitation of an adult or (ii) makes, or has actual knowledge that another person has made, a report to the local department or adult protective services hotline stating a good faith belief that the transaction or disbursement may involve, facilitate, result in, or contribute to the financial exploitation of an adult. The financial institution staff may continue to refuse to execute a transaction, delay a transaction, or refuse to disburse funds for a period no longer than 30 business days after the date upon which such transaction or disbursement was initially requested based on a good faith belief that the transaction or disbursement may involve, facilitate, result in, or contribute to the financial exploitation of an adult, unless otherwise ordered by a court of competent jurisdiction. Upon refusing to execute a transaction, delaying a transaction, or refusing to disburse funds, the financial institution shall report such refusal or delay within five business days to the local department or the adult protective services hotline. Upon request, and to the extent permitted by state and federal law, financial institution staff making a report to the local department of social services may

report any information or records relevant to the report or investigation. Absent gross negligence or willful misconduct, the financial institution and its staff shall be immune from civil or criminal liability for refusing to execute a transaction, delaying a transaction, or refusing to disburse funds pursuant to this subsection. The authority of a financial institution staff to refuse to execute a transaction, to delay a transaction, or to refuse to disburse funds pursuant to this subsection shall not be contingent upon whether financial institution staff has reported suspected financial exploitation of the adult pursuant to subsection C.

§ 63.2-1609. Emergency order for adult protective services.

A. Upon petition by the local department to the circuit court, the court may issue an order authorizing the provision of adult protective services on an emergency basis to an adult after finding on the record, based on a preponderance of the evidence, that:

1. The adult is incapacitated;
2. An emergency exists;
3. The adult lacks the capacity to consent to receive adult protective services; and
4. The proposed order is substantially supported by the findings of the local department that has investigated the case, or if not so supported, there are compelling reasons for ordering services.

B. In issuing an emergency order, the court shall adhere to the following limitations:

1. Only such adult protective services as are necessary to improve or correct the conditions creating the emergency shall be ordered, and the court shall designate the approved services in its order. In ordering adult protective services the court shall consider the right of a person to rely on nonmedical remedial treatment in accordance with a recognized religious method of healing in lieu of medical care.

2. The court shall specifically find in the emergency order whether hospitalization or a change of residence is necessary. Approval of the hospitalization or change of residence shall be stated in the order. No adult may be committed to a mental health facility under this section.

3. Adult protective services may be provided through an appropriate court order only for a period of 15 days. The original order may be renewed once for a five-day period upon a showing to the court that continuation of the original order is necessary to remove the emergency.

4. In its order the court shall appoint the petitioner or another interested person, as temporary guardian of the adult with responsibility for the adult's welfare and authority to give consent for the adult for the approved adult protective services until the expiration of the order.

5. When applicable, the court shall appoint the petitioner or another interested person as temporary conservator of the adult with responsibility and authority limited to managing the adult's estate and financial affairs related to the approved adult protective services until the expiration of the order.

6. The issuance of an emergency order and the appointment of a temporary guardian or temporary conservator shall not deprive the adult of any rights except to the extent provided for in the order or appointment.

7. The court shall set the bond of the temporary guardian and the bond and surety, if any, of the temporary conservator.

8. *Upon a finding that the adult has been, within a reasonable period of time, subjected to an act of violence, force, or threat or been subjected to financial exploitation, the court may include in its order one or more of the following conditions to be imposed on the alleged perpetrator: (i) prohibition on acts of violence, force, or threat or criminal offenses that may result in injury to person or property; (ii) prohibition on such other contacts by the alleged perpetrator with the adult or the adult's family or household members as the court deems necessary for the health and safety of such persons; or (iii) such other conditions as the court deems necessary to prevent (a) acts of violence, force, or threat; (b) criminal offenses that may result in injury to persons or property; (c) communication or other contact of any kind by the alleged perpetrator; or (d) financial exploitation by the alleged perpetrator. Any person who violates a condition imposed pursuant to this subdivision is guilty of a Class 1 misdemeanor.*

C. The petition for an emergency order shall set forth the name, address, and interest of the petitioner; the name, age, and address of the adult in need of adult protective services; the nature of the emergency, *including the nature of any acts of violence, force, or threat or financial exploitation; the date and location of any acts of violence, force, or threat or financial exploitation*; the nature of the adult's incapacity, if determinable; the proposed adult protective services; the petitioner's reasonable belief, together with facts supportive thereof, as to the existence of the facts stated in subdivisions A 1 through A 4; and facts showing the petitioner's attempts to obtain the adult's consent to the services and the outcomes of such attempts.

D. Written notice of the time, date, and place for the hearing shall be given to the adult, to his spouse, or if none, to his nearest known next of kin, *and to the alleged perpetrator if the petition alleges the adult has been subjected to an act of violence, force, or threat or financial exploitation*, and a copy of the petition shall be attached. Such notice shall be given at least 24 hours prior to the hearing for emergency intervention. The court may waive the 24-hour notice requirement upon showing that (i) immediate and reasonably foreseeable physical harm to the adult or others will result from the 24-hour delay; and (ii) reasonable attempts have been made to notify the adult, his spouse, or if none, his nearest known next of kin, *and the alleged perpetrator if the petition alleges the adult has been subjected to an act of violence, force, or threat or financial exploitation*.

E. Upon receipt of a petition for an emergency order for adult protective services, the court shall hold a hearing. The adult who is the subject of the petition shall have the right to be present and be represented by counsel at the hearing. If it is

determined that the adult is indigent, or, in the determination of the judge, lacks capacity to waive the right to counsel, the court shall locate and appoint a guardian ad litem. If the adult is indigent, the cost of the proceeding shall be borne by the Commonwealth. If the adult is not indigent, the court may order that the cost of the proceeding shall be borne by such adult. This hearing shall be held no earlier than 24 hours and no later than 72 hours after the notice required in subsection D has been given, unless such notice has been waived by the court.

F. The adult, the temporary guardian, temporary conservator, or any interested person may petition the court to have the emergency order set aside or modified at any time there is evidence that a substantial change in the circumstances of the adult for whom the emergency services were ordered has occurred.

G. Where adult protective services are rendered on the basis of an emergency order, the temporary guardian or temporary conservator shall submit to the court a report describing the circumstances thereof including the name, place, date, and nature of the services provided. This report shall become part of the court record. Such report shall be confidential and open only to such persons as may be directed by the court.

H. If the person continues to need adult protective services after the renewal order provided in subdivision B 3 has expired, the temporary guardian, temporary conservator, or local department shall immediately petition the court to appoint a guardian and, if applicable, a conservator pursuant to Chapter 20 (§ 64.2-2000 et seq.) of Title 64.2.

I. If the court finds the adult has been, within a reasonable period of time, subjected to an act of violence, force, or threat or been subjected to financial exploitation and enters an order containing any of the conditions permitted pursuant to subdivision B 8, the clerk of the circuit court shall forthwith forward an attested copy of the order containing the perpetrator's identifying information and the name, date of birth, sex, and race of each protected person provided to the court to the primary law-enforcement agency providing service and entry of protective orders and, upon receipt of the order, the primary law-enforcement agency shall enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department of State Police pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith on the perpetrator in person as provided in § 16.1-264. Upon service, the agency making service shall enter the date and time of service and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network and make due return to the court.

Upon receipt of the return of service or other proof of service pursuant to subsection C of § 16.1-264, the clerk shall forthwith forward an attested copy of the order to the primary law-enforcement agency and the agency shall forthwith verify and enter any modification as necessary into the Virginia Criminal Information Network as described in this subsection. If the order is later set aside or modified, a copy of such order shall also be attested, forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders and, upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network as described in this subsection, and the order shall be served forthwith and due return made to the court.

§ 63.2-1603. Protection of adults; definitions.

As used in this article:

"Act of violence, force, or threat" means the same as that term is defined in § 19.2-152.7:1.

"Adult" means any person 60 years of age or older, or any person 18 years of age or older who is incapacitated and who resides in the Commonwealth; provided, however, "adult" may include qualifying nonresidents who are temporarily in the Commonwealth and who are in need of temporary or emergency protective services.

"Emergency" means (i) that an adult is living in conditions that present a clear and substantial risk of death or immediate and serious physical harm to himself or others or (ii) that an adult has been, within a reasonable period of time, subjected to an act of violence, force, or threat or been subjected to financial exploitation.

"Financial exploitation" means the illegal, unauthorized, improper, or fraudulent use of the funds, property, benefits, resources, or other assets of an adult for another's profit, benefit, or advantage, including a caregiver or person serving in a fiduciary capacity, or that deprives the adult of his rightful use of or access to such funds, property, benefits, resources, or other assets. "Financial exploitation" includes (i) an intentional breach of a fiduciary obligation to an adult to his detriment or an intentional failure to use the financial resources of an adult in a manner that results in neglect of such adult; (ii) the acquisition, possession, or control of an adult's financial resources or property through the use of undue influence, coercion, or duress; and (iii) forcing or coercing an adult to pay for goods or services against his will for another's profit,

§ 63.2-1606. Protection of aged or incapacitated adults; mandated and voluntary reporting.

A. Matters giving reason to suspect the abuse, neglect or exploitation of adults shall be reported immediately upon the reporting person's determination that there is such reason to suspect. Medical facilities inspectors of the Department of Health are exempt from reporting suspected abuse immediately while conducting federal inspection surveys in accordance with § 1864 of Title XVIII and Title XIX of the Social Security Act, as amended, of certified nursing facilities as defined in § 32.1-123. Reports shall be made to the local department or the adult protective services hotline in accordance with requirements of this section by the following persons acting in their professional capacity:

1. Any person licensed, certified, or registered by health regulatory boards listed in § 54.1-2503, with the exception of persons licensed by the Board of Veterinary Medicine;
2. Any mental health services provider as defined in § 54.1-2400.1;
3. Any emergency medical services provider certified by the Board of Health pursuant to § 32.1-111.5, unless such provider immediately reports the suspected abuse, neglect or exploitation directly to the attending physician at the hospital to which the adult is transported, who shall make such report forthwith;
4. Any guardian or conservator of an adult;
5. Any person employed by or contracted with a public or private agency or facility and working with adults in an administrative, supportive or direct care capacity;
6. Any person providing full, intermittent or occasional care to an adult for compensation, including, but not limited to, companion, chore, homemaker, and personal care workers; and
7. Any law-enforcement officer.

B. The report shall be made in accordance with subsection A to the local department of the county or city wherein the adult resides or wherein the adult abuse, neglect or exploitation is believed to have occurred or to the adult protective services hotline. Nothing in this section shall be construed to eliminate or supersede any other obligation to report as required by law. If a person required to report under this section receives information regarding abuse, neglect or exploitation while providing professional services in a hospital, nursing facility or similar institution, then he may, in lieu of reporting, notify the person in charge of the institution or his designee, who shall report such information, in accordance with the institution's policies and procedures for reporting such matters, immediately upon his determination that there is reason to suspect abuse, neglect or exploitation. Any person required to make the report or notification required by this subsection shall do so either orally or in writing and shall disclose all information that is the basis for the suspicion of adult abuse, neglect or exploitation. Upon request, any person required to make the report shall make available to the adult protective services worker and the local department investigating the reported case of adult abuse, neglect or exploitation any information, records or reports which document the basis for the report. All persons required to report suspected adult abuse, neglect or exploitation shall cooperate with the investigating adult protective services worker of a local department and shall make information, records and reports which are relevant to the investigation available to such worker to the extent permitted by state and federal law. Criminal investigative reports received from law-enforcement agencies shall not be further disseminated by the investigating agency nor shall they be subject to public disclosure; such reports may, however, be disclosed to the Adult Fatality Review Team as provided in § 32.1-283.5 or to a local or regional adult fatality review team as provided in § 32.1-283.6 and, if reviewed by the Team or a local or regional adult fatality review team, shall be subject to applicable confidentiality requirements of the Team or a local or regional adult fatality review team.

C. Any financial institution staff who suspects that an adult has been exploited financially may report such suspected financial exploitation and provide supporting information and records to the local department of the county or city wherein the adult resides or wherein the exploitation is believed to have occurred or to the adult protective services hotline. For purposes of this section:

"Financial exploitation" means the illegal, unauthorized, improper, or fraudulent use of the funds, property, benefits, resources, or other assets of an adult, as defined in § 63.2-1603, for another's profit, benefit, or advantage, including a caregiver or person serving in a fiduciary capacity, or that deprives the adult of his rightful use of or access to such funds, property, benefits, resources, or other assets. "Financial exploitation" includes (i) an intentional breach of a fiduciary obligation to an adult to his detriment or an intentional failure to use the financial resources of an adult in a manner that results in neglect of such adult; (ii) the acquisition, possession, or control of an adult's financial resources or property through the use of undue influence, coercion, or duress; and (iii) forcing or coercing an adult to pay for goods or services against his will for another's profit, benefit, or advantage if the adult did not agree, or was tricked, misled, or defrauded into agreeing, to pay for such goods or services.

"Financial institution staff" means any employee, agent, qualified individual, or representative of a bank, trust company, savings institution, loan association, consumer finance company, credit union, investment company, investment advisor, securities firm, accounting firm, or insurance company.

D. Any person other than those specified in subsection A who suspects that an adult is an abused, neglected or exploited adult may report the matter to the local department of the county or city wherein the adult resides or wherein the abuse, neglect or exploitation is believed to have occurred or to the adult protective services hotline.

E. Any person who makes a report or provides records or information pursuant to subsection A, C, or D, or who testifies in any judicial proceeding arising from such report, records or information, or who takes or causes to be taken with the adult's or the adult's legal representative's informed consent photographs, video recordings, or appropriate medical imaging of the adult who is subject of a report shall be immune from any civil or criminal liability on account of such report, records, information, photographs, video recordings, appropriate medical imaging or testimony, unless such person acted in bad faith or with a malicious purpose.

F. An employer of a mandated reporter shall not prohibit a mandated reporter from reporting directly to the local department or to the adult protective services hotline. Employers whose employees are mandated reporters shall notify employees upon hiring of the requirement to report.

G. Any person 14 years of age or older who makes or causes to be made a report of adult abuse, neglect, or exploitation that he knows to be false is guilty of a Class 4 misdemeanor. Any subsequent conviction of this provision is a Class 2 misdemeanor.

H. Any person who fails to make a required report or notification pursuant to subsection A shall be subject to a civil penalty of not more than \$500 for the first failure and not less than \$100 nor more than \$1,000 for any subsequent failures. Civil penalties under subdivision A 7 shall be determined by a court of competent jurisdiction, in its discretion. All other civil penalties under this section shall be determined by the Commissioner for Aging and Rehabilitative Services or his designee. The Commissioner for Aging and Rehabilitative Services shall establish by regulation a process for imposing and collecting civil penalties, and a process for appeal of the imposition of such penalty pursuant to § 2.2-4026 of the Administrative Process Act.

I. Any mandated reporter who has reasonable cause to suspect that an adult died as a result of abuse or neglect shall immediately report such suspicion to the appropriate medical examiner and to the appropriate law-enforcement agency, notwithstanding the existence of a death certificate signed by a licensed physician. The medical examiner and the law-enforcement agency shall receive the report and determine if an investigation is warranted. The medical examiner may order an autopsy. If an autopsy is conducted, the medical examiner shall report the findings to law enforcement, as appropriate, and to the local department or to the adult protective services hotline.

J. No person or entity shall be obligated to report any matter if the person or entity has actual knowledge that the same matter has already been reported to the local department or to the adult protective services hotline.

K. All law-enforcement departments and other state and local departments, agencies, authorities and institutions shall cooperate with each adult protective services worker of a local department in the detection, investigation and prevention of adult abuse, neglect and exploitation.

L. Financial institution staff may refuse to execute a transaction, may delay a transaction, or may refuse to disburse funds if the financial institution staff (i) believes in good faith that the transaction or disbursement may involve, facilitate, result in, or contribute to the financial exploitation of an adult or (ii) makes, or has actual knowledge that another person has made, a report to the local department or adult protective services hotline stating a good faith belief that the transaction or disbursement may involve, facilitate, result in, or contribute to the financial exploitation of an adult. The financial institution staff may continue to refuse to execute a transaction, delay a transaction, or refuse to disburse funds for a period no longer than 30 business days after the date upon which such transaction or disbursement was initially requested based on a good faith belief that the transaction or disbursement may involve, facilitate, result in, or contribute to the financial exploitation of an adult, unless otherwise ordered by a court of competent jurisdiction. Upon refusing to execute a transaction, delaying a transaction, or refusing to disburse funds, the financial institution shall report such refusal or delay within five business days to the local department or the adult protective services hotline. Upon request, and to the extent permitted by state and federal law, financial institution staff making a report to the local department of social services may report any information or records relevant to the report or investigation. Absent gross negligence or willful misconduct, the financial institution and its staff shall be immune from civil or criminal liability for refusing to execute a transaction, delaying a transaction, or refusing to disburse funds pursuant to this subsection. The authority of a financial institution staff to refuse to execute a transaction, to delay a transaction, or to refuse to disburse funds pursuant to this subsection shall not be contingent upon whether financial institution staff has reported suspected financial exploitation of the adult pursuant to subsection C.

§ 63.2-1609. Emergency order for adult protective services.

A. Upon petition by the local department to the circuit court, the court may issue an order authorizing the provision of adult protective services on an emergency basis to an adult after finding on the record, based on a preponderance of the evidence, that:

1. The adult is incapacitated;
2. An emergency exists;
3. The adult lacks the capacity to consent to receive adult protective services; and

4. The proposed order is substantially supported by the findings of the local department that has investigated the case, or if not so supported, there are compelling reasons for ordering services.

B. In issuing an emergency order, the court shall adhere to the following limitations:

1. Only such adult protective services as are necessary to improve or correct the conditions creating the emergency shall be ordered, and the court shall designate the approved services in its order. In ordering adult protective services the court shall consider the right of a person to rely on nonmedical remedial treatment in accordance with a recognized religious method of healing in lieu of medical care.

2. The court shall specifically find in the emergency order whether hospitalization or a change of residence is necessary. Approval of the hospitalization or change of residence shall be stated in the order. No adult may be committed to a mental health facility under this section.

3. Adult protective services may be provided through an appropriate court order only for a period of 15 days. The original order may be renewed once for a five-day period upon a showing to the court that continuation of the original order is necessary to remove the emergency.

4. In its order the court shall appoint the petitioner or another interested person, as temporary guardian of the adult with responsibility for the adult's welfare and authority to give consent for the adult for the approved adult protective services until the expiration of the order.

5. When applicable, the court shall appoint the petitioner or another interested person as temporary conservator of the adult with responsibility and authority limited to managing the adult's estate and financial affairs related to the approved adult protective services until the expiration of the order.

6. The issuance of an emergency order and the appointment of a temporary guardian or temporary conservator shall not deprive the adult of any rights except to the extent provided for in the order or appointment.

7. The court shall set the bond of the temporary guardian and the bond and surety, if any, of the temporary conservator.

8. *Upon a finding that the adult has been, within a reasonable period of time, subjected to an act of violence, force, or threat or been subjected to financial exploitation, the court may include in its order one or more of the following conditions to be imposed on the alleged perpetrator: (i) prohibition on acts of violence, force, or threat or criminal offenses that may result in injury to person or property; (ii) prohibition on such other contacts by the alleged perpetrator with the adult or the adult's family or household members as the court deems necessary for the health and safety of such persons; or (iii) such other conditions as the court deems necessary to prevent (a) acts of violence, force, or threat; (b) criminal offenses that may result in injury to persons or property; (c) communication or other contact of any kind by the alleged perpetrator; or (d) financial exploitation by the alleged perpetrator. Any person who violates a condition imposed pursuant to this subdivision is guilty of a Class 1 misdemeanor.*

C. The petition for an emergency order shall set forth the name, address, and interest of the petitioner; the name, age, and address of the adult in need of adult protective services; the nature of the emergency, *including the nature of any acts of violence, force, or threat or financial exploitation; the date and location of any acts of violence, force, or threat or financial exploitation;* the nature of the adult's incapacity, if determinable; the proposed adult protective services; the petitioner's reasonable belief, together with facts supportive thereof, as to the existence of the facts stated in subdivisions A 1 through A 4; and facts showing the petitioner's attempts to obtain the adult's consent to the services and the outcomes of such attempts.

D. Written notice of the time, date, and place for the hearing shall be given to the adult, to his spouse, or if none, to his nearest known next of kin, *and to the alleged perpetrator if the petition alleges the adult has been subjected to an act of violence, force, or threat or financial exploitation,* and a copy of the petition shall be attached. Such notice shall be given at least 24 hours prior to the hearing for emergency intervention. The court may waive the 24-hour notice requirement upon showing that (i) immediate and reasonably foreseeable physical harm to the adult or others will result from the 24-hour delay; and (ii) reasonable attempts have been made to notify the adult, his spouse, or if none, his nearest known next of kin, *and the alleged perpetrator if the petition alleges the adult has been subjected to an act of violence, force, or threat or financial exploitation.*

E. Upon receipt of a petition for an emergency order for adult protective services, the court shall hold a hearing. The adult who is the subject of the petition shall have the right to be present and be represented by counsel at the hearing. If it is determined that the adult is indigent, or, in the determination of the judge, lacks capacity to waive the right to counsel, the court shall locate and appoint a guardian ad litem. If the adult is indigent, the cost of the proceeding shall be borne by the Commonwealth. If the adult is not indigent, the court may order that the cost of the proceeding shall be borne by such adult. This hearing shall be held no earlier than 24 hours *and no later than 72 hours* after the notice required in subsection D has been given, unless such notice has been waived by the court.

F. The adult, the temporary guardian, temporary conservator, or any interested person may petition the court to have the emergency order set aside or modified at any time there is evidence that a substantial change in the circumstances of the adult for whom the emergency services were ordered has occurred.

G. Where adult protective services are rendered on the basis of an emergency order, the temporary guardian or temporary conservator shall submit to the court a report describing the circumstances thereof including the name, place, date, and nature of the services provided. This report shall become part of the court record. Such report shall be confidential and open only to such persons as may be directed by the court.

H. If the person continues to need adult protective services after the renewal order provided in subdivision B 3 has expired, the temporary guardian, temporary conservator, or local department shall immediately petition the court to appoint a guardian and, if applicable, a conservator pursuant to Chapter 20 (§ 64.2-2000 et seq.) of Title 64.2.

I. *If the court finds the adult has been, within a reasonable period of time, subjected to an act of violence, force, or threat or been subjected to financial exploitation and enters an order containing any of the conditions permitted pursuant to subdivision B 8, the clerk of the circuit court shall forthwith forward an attested copy of the order containing the perpetrator's identifying information and the name, date of birth, sex, and race of each protected person provided to the court to the primary law-enforcement agency providing service and entry of protective orders and, upon receipt of the order, the primary law-enforcement agency shall enter the name of the person subject to the order and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network established and maintained by the Department of State Police pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the order shall be served forthwith on the perpetrator in person as provided in § 16.1-264. Upon service, the agency making service shall enter the date and time of service and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network and make due return to the court.*

Upon receipt of the return of service or other proof of service pursuant to subsection C of § 16.1-264, the clerk shall forthwith forward an attested copy of the order to the primary law-enforcement agency and the agency shall forthwith verify and enter any modification as necessary into the Virginia Criminal Information Network as described in this subsection. If the order is later set aside or modified, a copy of such order shall also be attested, forwarded forthwith to the primary law-enforcement agency responsible for service and entry of protective orders and, upon receipt of the order by the primary law-enforcement agency, the agency shall forthwith verify and enter any modification as necessary to the identifying information and other appropriate information required by the Department of State Police into the Virginia Criminal Information Network as described in this subsection, and the order shall be served forthwith and due return made to the court.

CHAPTER 209

An Act to amend and reenact § 63.2-608 of the Code of Virginia, relating to Virginia Initiative for Education and Work; Full Employment Program.

[H 2035]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That § 63.2-608 of the Code of Virginia is amended and reenacted as follows:

§ 63.2-608. Virginia Initiative for Education and Work (VIEW).

A. The Department shall establish and administer the Virginia Initiative for Education and Work (VIEW) to reduce long-term dependence on welfare, emphasize personal responsibility, and enhance opportunities for personal initiative and self-sufficiency by promoting the value of work. The Department shall endeavor to develop placements for VIEW participants that will enable participants to develop job skills that are likely to result in independent employment and that take into consideration the proficiency, experience, skills, and prior training of a participant.

VIEW shall recognize clearly defined responsibilities and obligations on the part of public assistance recipients and shall include a written agreement of personal responsibility requiring parents to participate in work activities while receiving TANF, earned-income disregards to reduce disincentives to work, and a limit on TANF financial assistance.

VIEW shall require all able-bodied recipients of TANF who do not meet an exemption to participate in a work activity. VIEW shall require eligible TANF recipients to participate in unsubsidized, partially subsidized or fully subsidized employment or other allowable TANF work activity as defined by federal law and enter into an agreement of personal responsibility.

B. To the maximum extent permitted by federal law, and notwithstanding other provisions of Virginia law, the Department and local departments may, through applicable procurement laws and regulations, engage the services of public and private organizations to operate VIEW and to provide services incident to such operation.

C. All VIEW participants shall be under the direction and supervision of a case manager.

D. The Department shall ensure that participants are assigned to one of the following work activities within 90 days after the approval of TANF assistance:

1. Unsubsidized private-sector employment;
2. Subsidized employment, as follows:

a. The Department shall conduct a program in accordance with this section that shall be known as the Full Employment Program (FEP). ~~FEP replaces TANF with subsidized employment. Persons not able to find unsubsidized employment who are otherwise eligible for TANF may participate in FEP unless exempted by this chapter. FEP shall assign participants to subsidized wage-paying private-sector jobs designed to increase the participants' self-sufficiency and improve their competitive position in the workforce.~~

b. Participants in FEP shall be placed in full-time employment when appropriate and shall be paid by the employer at an hourly rate not less than the federal or state minimum wage, whichever is higher. ~~At no point shall a participant's spendable income received from wages and tax credits be less than the value of TANF received prior to the work placement~~

Wages earned by a FEP employee during the period for which his employer receives a subsidy pursuant to subdivision c shall be disregarded in the calculation of TANF benefits.

c. Every employer subject to the Virginia unemployment insurance tax shall be eligible for assignment of FEP participants, but no employer shall be required to utilize such participants. *Pursuant to Board regulations, participating employers shall receive a subsidy of up to \$1,000 per month for each FEP employee for a period not to exceed six months.* Employers shall ensure that jobs made available to FEP participants are in conformity with § 3304(a)(5) of the Federal Unemployment Tax Act. FEP participants cannot be used to displace regular workers.

d. FEP employers shall:

- (i) Endeavor to make FEP placements positive learning and training experiences;
- (ii) Provide on-the-job training to the degree necessary for the participants to perform their duties;
- (iii) Pay wages to participants at the same rate that they are paid to other employees performing the same type of work and having similar experience and employment tenure;
- (iv) Provide sick leave, holiday and vacation benefits to participants to the same extent and on the same basis that they are provided to other employees performing the same type of work and having similar employment experience and tenure;
- (v) Maintain health, safety and working conditions at or above levels generally acceptable in the industry and no less than those in which other employees perform the same type of work;
- (vi) Provide workers' compensation coverage for participants;
- (vii) Encourage volunteer mentors from among their other employees to assist participants in becoming oriented to work and the workplace; and
- (viii) Sign an agreement with the local department outlining the employer requirements to participate in FEP. All agreements shall include notice of the employer's obligation to repay FEP reimbursements in the event the employer violates FEP rules.

e. As a condition of FEP participation, employers shall be prohibited from discriminating against any person, including program participants, on the basis of race, color, sex, sexual orientation, gender identity, national origin, religion, age, or disability;

3. Part-time or temporary employment;

4. Community work experience, as follows:

a. The Department and local departments shall work with other state, regional and local agencies and governments in developing job placements that serve a useful public purpose as provided in § 482(f) of the Social Security Act, as amended. Placements shall be selected to provide skills and serve a public function. VIEW participants shall not displace regular workers.

b. The number of hours per week for participants shall be determined by combining the total dollar amount of TANF and food stamps and dividing by the minimum wage with a maximum of a work week of 32 hours, of which up to 12 hours of employment-related education and training may substitute for work experience employment; or

5. Any other allowable TANF work activity as defined by federal law.

E. Notwithstanding the provisions of subsections A and D, if a local department determines that a VIEW participant is in need of job skills and would benefit from immediate job skills training, it may place the participant in a program preparing individuals for a high school equivalency examination approved by the Board of Education, a career and technical education program targeted at skills required for particular employment opportunities, or an apprenticeship program developed by the local department in accordance with requirements established by the Department. Eligible participants include those with problems related to obtaining and retaining employment, such as participants (i) with less than a high school education, (ii) whose reading or math skills are at or below the eighth grade level, (iii) who have not retained a job for a period of at least six months during the prior two years, or (iv) who are in a treatment program for a substance abuse problem or are receiving services through a family violence treatment program. The VIEW participant may continue in a high school equivalency examination preparation program, career and technical education program, or apprenticeship program for as long as the local department determines he is progressing satisfactorily and to the extent permitted by the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193), as amended.

F. Participants may be reevaluated after a period determined by the local department and reassigned to another work component. In addition, the number of hours worked may be reduced by the local department so that a participant may complete additional training or education to further his employability.

G. Local departments shall be authorized to sanction parents up to the full amount of the TANF grant for noncompliance, unless good cause exists.

H. VIEW participants shall not be assigned to projects that require that they travel unreasonable distances from their homes or remain away from their homes overnight without their consent.

Any injury to a VIEW participant arising out of and in the course of community work experience shall be covered by the participant's existing Medicaid coverage. If a community work experience participant is unable to work due to such an accident, his status shall be reviewed to determine whether he is eligible for an exemption from the limitation on TANF financial assistance.

A community work experience participant who becomes incapacitated for 30 days or more shall be eligible for TANF financial assistance for the duration of the incapacity, if otherwise eligible.

The Board shall adopt regulations providing for the accrual of paid sick leave or other equivalent mechanism for community work experience participants.

5. Violation of or cooperation in the violation of any provision of this chapter or the regulations of the Board; or
6. Failure to comply with any regulation of the Board required for licensure of a physician assistant.

§ 54.1-2972. When person deemed medically and legally dead; determination of death; nurses' or physician assistants' authority to pronounce death under certain circumstances.

A. A person shall be medically and legally dead if:

1. In the opinion of a physician duly authorized to practice medicine in the Commonwealth, based on the ordinary standards of medical practice, there is the absence of spontaneous respiratory and spontaneous cardiac functions and, because of the disease or condition that directly or indirectly caused these functions to cease, or because of the passage of time since these functions ceased, attempts at resuscitation would not, in the opinion of such physician, be successful in restoring spontaneous life-sustaining functions, and, in such event, death shall be deemed to have occurred at the time these functions ceased; or

2. In the opinion of a physician, who shall be duly licensed to practice medicine in the Commonwealth and board-eligible or board-certified in the field of neurology, neurosurgery, or critical care medicine, when based on the ordinary standards of medical practice, there is irreversible cessation of all functions of the entire brain, including the brain stem, and, in the opinion of such physician, based on the ordinary standards of medical practice and considering the irreversible cessation of all functions of the entire brain, including the brain stem, and the patient's medical record, further attempts at resuscitation or continued supportive maintenance would not be successful in restoring such functions, and, in such event, death shall be deemed to have occurred at the time when all such functions have ceased.

B. A registered nurse or a physician assistant ~~who practices under the supervision of a physician~~ may pronounce death if the following criteria are satisfied: (i) the nurse is employed by or the physician assistant works at (a) a home care organization as defined in § 32.1-162.7, (b) a hospice as defined in § 32.1-162.1, (c) a hospital or nursing home as defined in § 32.1-123, including state-operated hospitals for the purposes of this section, (d) the Department of Corrections, or (e) a continuing care retirement community registered with the State Corporation Commission pursuant to Chapter 49 (§ 38.2-4900 et seq.) of Title 38.2; (ii) the nurse or physician assistant is directly involved in the care of the patient; (iii) the patient's death has occurred; (iv) the patient is under the care of a physician when his death occurs; (v) the patient's death has been anticipated; (vi) the physician is unable to be present within a reasonable period of time to determine death; and (vii) there is a valid Do Not Resuscitate Order pursuant to § 54.1-2987.1 for the patient who has died. The nurse or physician assistant shall inform the patient's attending and consulting physicians of ~~his~~ *the patient's* death as soon as practicable.

The nurse or physician assistant shall have the authority to pronounce death in accordance with such procedural regulations, if any, as may be promulgated by the Board of Medicine; however, if the circumstances of the death are not anticipated or the death requires an investigation by the Office of the Chief Medical Examiner, the nurse or physician assistant shall notify the Office of the Chief Medical Examiner of the death and the body shall not be released to the funeral director.

This subsection shall not authorize a nurse or physician assistant to determine the cause of death. Determination of cause of death shall continue to be the responsibility of the attending physician, except as provided in § 32.1-263. Further, this subsection shall not be construed to impose any obligation to carry out the functions of this subsection.

This subsection shall not relieve any registered nurse or physician assistant from any civil or criminal liability that might otherwise be incurred for failure to follow statutes or Board of Nursing or Board of Medicine regulations.

C. The alternative definitions of death provided in subdivisions A 1 and A 2 may be utilized for all purposes in the Commonwealth, including the trial of civil and criminal cases.

A. The Board of Health shall establish the Virginia Immunization Information System (VIIS), a statewide immunization registry that consolidates patient immunization histories from birth to death into a complete, accurate, and definitive record that may be made available to participating health care providers throughout Virginia, to the extent funds are appropriated by the General Assembly or otherwise made available. The purposes of VIIS shall be to (i) protect the public health of all citizens of the Commonwealth, (ii) prevent ~~under-~~ *under-immunization* and over-immunization of children, (iii) ensure up-to-date recommendations for immunization scheduling to health care providers and the Board, (iv) generate parental reminder and recall notices and manufacturer recalls, (v) develop immunization coverage reports, (vi) identify areas of under-immunized population, and (vii) provide, in the event of a public health emergency, a mechanism for tracking the distribution and administration of immunizations, immune globulins, or other preventive medications or emergency treatments. *Any health care provider, as defined in § 32.1-127.1:03, in the Commonwealth that administers immunizations shall report such patient immunization information to VIIS pursuant to this section.*

B. The Board of Health shall promulgate regulations to implement the VIIS that shall address:

1. Registration of ~~voluntary~~ participants, including, but not limited to, a list of those health care entities that are authorized *and required* to participate and any forms and agreements necessary for compliance with the regulations concerning patient privacy promulgated by the federal Department of Health and Human Services;

2. Procedures for confirming, continuing, and terminating participation and disciplining any participant for unauthorized use or disclosure of any VIIS data;

3. Procedures, timelines, and formats for reporting of immunizations by participants;

4. Procedures to provide for a secure system of data entry that may include encrypted online data entry or secure delivery of data files;

8. Mechanisms for entering into data-sharing agreements with other state and regional immunization registries for the exchange, on a periodic nonemergency basis and in the event of a public health emergency, of patient immunization information, after receiving, in writing, satisfactory assurances for the preservation of confidentiality, a clear description of the data requested, specific details on the intended use of the data, and the identities of the persons with whom the data will be shared;

9. Procedures for the use of vital statistics data, including, but not necessarily limited to, the linking of birth certificates and death certificates;

10. Procedures for requesting immunization records that are in compliance with the requirements for disclosing health records set forth in § 32.1-127.1:03; such procedures shall address the approved uses for the requested data, to whom the data may be disclosed, and information on the provisions for disclosure of health records pursuant to § 32.1-127.1:03;

11. Procedures for releasing aggregate data, from which personal identifying data has been removed or redacted, to qualified persons for purposes of research, statistical analysis, and reporting; and

The Board's regulations shall also include any necessary definitions for the operation of VIIS; however, "health care entity," "health care plan," and "health care provider" shall be as defined in subsection B of § 32.1-127.1:03.

C. The establishment and implementation of VIIS is hereby declared to be a necessary public health activity to ensure the integrity of the health care system in Virginia and to prevent serious harm and serious threats to the health and safety of individuals and the public. Pursuant to the regulations concerning patient privacy promulgated by the federal Department of Health and Human Services, covered entities may disclose protected health information to the secure system established for VIIS without obtaining consent or authorization for such disclosure. Such protected health information shall be used exclusively for the purposes established in this section.

D. The Board and Commissioner of Health, any employees of the health department, any ~~voluntary~~ participant, and any person authorized to report or disclose immunization data hereunder shall be immune from civil liability in connection therewith unless such person acted with gross negligence or malicious intent.

E. This section shall not diminish the responsibility of any physician or other person to maintain accurate patient immunization data or the responsibility of any parent, guardian, or person standing in loco parentis to cause a child to be immunized in accordance with the provisions of § 32.1-46. Further, this section shall not be construed to require the immunization of any person who objects thereto on the grounds that the administration of immunizing agents conflicts with his religious tenets or practices, or any person for whom administration of immunizing agents would be detrimental to his health.

F. The Commissioner may authorize linkages between VIIS and other secure electronic databases that contain health records reported to the Department of Health, subject to all state and federal privacy laws and regulations. These health records may include newborn screening results reported pursuant to § 32.1-65, newborn hearing screening results reported pursuant to § 32.1-64.1, and blood-lead level screening results reported pursuant to § 32.1-46.1. 3. Provide to each general registrar voter confirmation documents for newly registered voters, *including voters who were automatically registered pursuant to subdivision 1*, and for notice to registered voters on the system of changes and corrections in their registration records and polling places.

§ 32.1-127. Regulations.

A. The regulations promulgated by the Board to carry out the provisions of this article shall be in substantial conformity to the standards of health, hygiene, sanitation, construction and safety as established and recognized by medical and health care professionals and by specialists in matters of public health and safety, including health and safety standards established under provisions of Title XVIII and Title XIX of the Social Security Act, and to the provisions of Article 2 (§ 32.1-138 et seq.).

The individual making contact with the family shall have completed a course in the methodology for approaching potential donor families and requesting organ or tissue donation that (a) is offered or approved by the organ procurement organization and designed in conjunction with the tissue and eye bank community and (b) encourages discretion and sensitivity according to the specific circumstances, views, and beliefs of the relevant family. The discharge planning process shall involve, to the extent possible, the other parent of the infant and any members of the patient's extended family who may participate in the follow-up care for the mother and the infant. Immediately upon identification, pursuant to § 54.1-2403.1, of any substance-abusing, postpartum woman, the hospital shall notify, subject to federal law restrictions, the community services board of the jurisdiction in which the woman resides to appoint a discharge plan manager. 12. Shall require, unless the vaccination is medically contraindicated or the resident declines the offer of the vaccination, that each certified nursing facility and nursing home provide or arrange for the administration to its residents of (i) an annual vaccination against influenza and (ii) a pneumococcal vaccination, in accordance with the most recent recommendations of the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention;

16. Shall require that each nursing home and certified nursing facility shall, upon the request of the facility's family council, send notices and information about the family council mutually developed by the family council and the administration of the nursing home or certified nursing facility, and provided to the facility for such purpose, to the listed responsible party or a contact person of the resident's choice up to six times per year. Such notices may be included together with a monthly billing statement or other regular communication. Notices and information shall also be posted in a designated location within the nursing home or certified nursing facility. No family member of a resident or other resident representative shall be restricted from participating in meetings in the facility with the families or resident representatives of other residents in the facility;

17. 20. Shall require that each hospital that provides inpatient psychiatric services establish a protocol that requires, for any refusal to admit (i) a medically stable patient referred to its psychiatric unit, direct verbal communication between the on-call physician in the psychiatric unit and the referring physician, if requested by such referring physician, and prohibits on-call physicians or other hospital staff from refusing a request for such direct verbal communication by a referring physician and (ii) a patient for whom there is a question regarding the medical stability or medical appropriateness of admission for inpatient psychiatric services due to a situation involving results of a toxicology screening, the on-call physician in the psychiatric unit to which the patient is sought to be transferred to participate in direct verbal communication, either in person or via telephone, with a clinical toxicologist or other person who is a Certified Specialist in Poison Information employed by a poison control center that is accredited by the American Association of Poison Control Centers to review the results of the toxicology screen and determine whether a medical reason for refusing admission to the psychiatric unit related to the results of the toxicology screen exists, if requested by the referring physician;

21. Shall require that each hospital that is equipped to provide life-sustaining treatment shall develop a policy governing determination of the medical and ethical appropriateness of proposed medical care, which shall include (i) a process for obtaining a second opinion regarding the medical and ethical appropriateness of proposed medical care in cases in which a physician has determined proposed care to be medically or ethically inappropriate; (ii) provisions for review of the determination that proposed medical care is medically or ethically inappropriate by an interdisciplinary medical review committee and a determination by the interdisciplinary medical review committee regarding the medical and ethical appropriateness of the proposed health care; and (iii) requirements for a written explanation of the decision reached by the interdisciplinary medical review committee, which shall be included in the patient's medical record. Such policy shall ensure that the patient, his agent, or the person authorized to make medical decisions pursuant to § 54.1-2986 (a) are informed of the patient's right to obtain his medical record and to obtain an independent medical opinion and (b) afforded reasonable opportunity to participate in the medical review committee meeting. 23. Shall require that each hospital establish a protocol requiring that, before a health care provider arranges for air medical transportation services for a patient who does not have an emergency medical condition as defined in 42 U.S.C. § 1395dd(e)(1), the hospital shall provide the patient or his authorized representative with written or electronic notice that

the patient (i) may have a choice of transportation by an air medical transportation provider or medically appropriate ground transportation by an emergency medical services provider and (ii) will be responsible for charges incurred for such transportation in the event that the provider is not a contracted network provider of the patient's health insurance carrier or such charges are not otherwise covered in full or in part by the patient's health insurance plan;

D. All facilities licensed by the Board pursuant to this article which provide treatment or care for hemophiliacs and, in the course of such treatment, stock clotting factors, shall maintain records of all lot numbers or other unique identifiers for such clotting factors in order that, in the event the lot is found to be contaminated with an infectious agent, those hemophiliacs who have received units of this contaminated clotting factor may be apprised of this contamination. Facilities which have identified a lot that is known to be contaminated shall notify the recipient's attending physician and request that he notify the recipient of the contamination. CHAPTER 220

An Act to amend the Code of Virginia by adding in Article 1 of Chapter 5 of Title 32.1 a section numbered 32.1-137.08, relating to medical care facilities; persons with disabilities; designated support persons.

[H 2162]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Article 1 of Chapter 5 of Title 32.1 a section numbered 32.1-137.08 as follows:

§ 32.1-137.08. Medical care facilities; persons with disabilities; designated support persons.

A. As used in this section:

"Activity of daily living" means a personal care task such as bathing, dressing, toileting, transferring, and eating or feeding.

"Admission" means (i) with regard to a medical care facility that is a hospital or hospice facility, accepting a person for (a) bed occupancy and care that is anticipated to span at least two midnights or (b) observation and (ii) with regard to a medical care facility that is an outpatient surgical hospital, accepting a person for care, irrespective of anticipated length of care.

"Care provider" means any person or entity responsible for the care of a person with a disability prior to admission of the person with a disability to a medical facility.

"Designated support person" means a person who is 18 years of age or older; knowledgeable about the needs of a person with a disability; and designated, orally or in writing, by the person with a disability or his guardian, authorized representative, or care provider to provide support and assistance necessary due to the specifics of the person's disability to the person with a disability at any time during which health care services are provided.

"Medical care facility" means a hospital licensed pursuant to this article that provides inpatient care, other than a hospital that is certified as a long-term acute care hospital or specialty rehabilitation hospital; an outpatient surgical hospital licensed or certified pursuant to this article; a hospice facility licensed pursuant to Article 7 (§ 32.1-162.1 et seq.); and any institution exempt from licensure pursuant to clause (vi) of § 32.1-124.

"Person with a disability" means a person who, prior to admission to a medical care facility, had a physical, sensory, mental, or emotional impairment that substantially limits one or more activities of daily living or has a record of such impairment.

"Support and assistance necessary due to the specifics of the person's disability" means support and assistance, including assistance with activities of daily living, communication, decision-making, and other supports, that is (i) necessary due to the absence, loss, diminution, or impairment of a physical, sensory, behavioral, cognitive, or emotional function of the person due to the specifics of his disability; (ii) provided by a designated support person; (iii) ongoing; and (iv) necessary for the care of, and to afford meaningful access to health care for, the person with a disability.

B. Every medical care facility shall allow a person with a disability who requires support and assistance necessary due to the specifics of the person's disability to be accompanied by a designated support person who will provide support and assistance necessary due to the specifics of the person's disability to the person with a disability during an admission. In any case in which the duration of the admission lasts more than 24 hours, the person with a disability may designate more than one designated support person. However, no medical care facility shall be required to allow more than one designated support person to be present with a person with a disability at any time.

C. A designated support person is not a visitor and shall not be subject to any restrictions on visitation adopted by a medical care facility. However, such designated support person may be required to comply with all reasonable requirements of the medical care facility adopted to protect the health and safety of the person with a disability; the designated support person; the staff and other patients of, or visitors to, the medical care facility; and the public. A medical care facility may restrict a designated support person's access to specified areas of and movement on the premises of the medical care facility when such restrictions are determined by the medical care facility to be reasonably necessary to protect the health and safety of the person with a disability; the designated support person; the staff and other patients of, or visitors to, the medical care facility; and the public.

D. A medical care facility may request that a person with a disability provide documentation indicating that he is a person with a disability and, if the person fails, refuses, or is unable to provide such documentation, perform an objective assessment of the person to determine whether he is a person with a disability; however, the failure of a hospital to perform such objective assessment shall not constitute grounds for prohibiting a designated support person from accompanying a person with a disability for the purpose of providing support and assistance necessary due to the specifics of the person's disability.

E. Every medical care facility shall (i) establish protocols to inform patients, at the time of admission, of the right of a person with a disability who requires support and assistance necessary due to the specifics of the person's disability to be accompanied by a designated support person for the purpose of providing support and assistance necessary due to the specifics of the person's disability and (ii) develop and make available to a patient, the patient's guardian, the patient's authorized representative, or the person's care provider upon request of the patient, guardian, authorized representative, or

care provider written information regarding the right of a person with a disability who requires support and assistance necessary due to the specifics of the person's disability to be accompanied by a designated support person and policies related thereto. Every medical care facility shall also make such written information available to the public on its website.

F. The Department shall develop and make available on its website information for the public regarding (i) the right of a person with a disability who requires support and assistance necessary due to the specifics of the person's disability to be accompanied by a designated support person who will provide support and assistance necessary due to the specifics of the person's disability to the person with a disability during an admission and (ii) the requirements of this section.

G. Nothing in this section shall alter the obligation of a medical care facility to provide patients with effective communication support or other required services, regardless of the presence of a designated support person or other reasonable accommodation, consistent with applicable federal or state law or regulations.

H. Nothing in this section shall be interpreted to (i) prevent a medical care facility from complying, or interfere with the ability of a medical care facility to comply, with or cause a medical care facility to violate any federal or state law or regulation, (ii) deem a designated support person to be acting under the direction or control of the medical care facility or as an agent of the medical care facility, or (iii) require any medical care facility to allow a designated support person to perform any action or provide any support or assistance necessary due to the specifics of the person's disability when the medical care facility reasonably determines that the performance of such action or provision of such support or assistance necessary due to the specifics of the person's disability would be medically or therapeutically contraindicated or would pose a threat to the health and safety of the person with a disability; the designated support person; or the staff or other patients of, or visitors to, the medical care facility.

2. That an emergency exists and this act is in force from its passage.

3. That the Board of Health shall promulgate regulations to implement the provisions of this act to be effective within 280 days of its enactment.

CHAPTER 221

An Act to amend and reenact §§ 37.2-817, 37.2-817.1, 37.2-817.2, and 37.2-817.4 of the Code of Virginia and to repeal § 37.2-817.3 of the Code of Virginia, relating to involuntary admission.

[H 2166]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 37.2-817, 37.2-817.1, 37.2-817.2, and 37.2-817.4 of the Code of Virginia are amended and reenacted as follows:

§ 37.2-817. Involuntary admission and mandatory outpatient treatment orders.

A. The district court judge or special justice shall render a decision on the petition for involuntary admission after the appointed examiner has presented the report required by § 37.2-815, and after the community services board that serves the county or city where the person resides or, if impractical, where the person is located has presented a preadmission screening report with recommendations for that person's placement, care, and treatment pursuant to § 37.2-816. These reports, if not contested, may constitute sufficient evidence upon which the district court judge or special justice may base his decision. The examiner, if not physically present at the hearing, and the treating physician at the facility of temporary detention shall be available whenever possible for questioning during the hearing through a two-way electronic video and audio or telephonic communication system as authorized in § 37.2-804.1.

8. A statement that the parents shall keep the Department informed regarding access to health insurance coverage and health insurance policy information and a statement that health care coverage shall be required for the parents' dependent children if available at reasonable cost as defined in § 63.2-1900, or pursuant to subsection A of § 63.2-1903. If a child is enrolled in Department-sponsored health care coverage, the Department shall collect the cost of the coverage pursuant to subsection E of § 20-108.2;

9. A statement of each party's right to appeal and the procedures applicable to appeals from the decision of the Commissioner;

15. A statement that a petition may be filed for suspension of any license, certificate, registration, or other authorization to engage in a profession, trade, business, occupation, or recreational activity issued by the Commonwealth to a parent as provided in § 63.2-1937 upon a delinquency for a period of 90 days or more or in amount of \$5,000 or more. The order shall indicate whether either or both parents currently hold such an authorization and, if so, the type of authorization held;

16. A statement that the Department of Motor Vehicles may suspend or refuse to renew the driving privileges of any person upon receipt of notice from the Department of Social Services that the person (i) is delinquent in the payment of child support by 90 days or in an amount of \$5,000 or more or (ii) has failed to comply with a subpoena, summons, or warrant relating to paternity or child support proceedings; and

17. A statement that on and after July 1, 1994, the Department of Social Services, as provided in § 63.2-1921 and in accordance with § 20-108.2, may initiate a review of the amount of support ordered by any court.

If no answer is received by the Commissioner within 10 days of the date of service or acceptance, the administrative support order shall be effective as provided in the notice. The Commissioner may initiate collection procedures pursuant to this chapter, Chapter 11 (§ 16.1-226 et seq.) of Title 16.1 or Title 20. The debtor and the obligee have 10 days from the date of receipt of the notice to file an answer with the Commissioner to exercise the right to an administrative hearing.

Any changes in the amount of the administrative order must be made pursuant to this section. In no event shall an administrative hearing alter or amend the amount or terms of any court order for support or decree of divorce ordering support. No administrative support order may be retroactively modified, but may be modified from the date that notice of the review has been served on the nonrequesting party. Notice of each review shall be served on the nonrequesting party (1) in accordance with the provisions of § 8.01-296, 8.01-327, or 8.01-329, (2) by certified mail, return receipt requested, (3) by electronic means, or (4) by the nonrequesting party executing a waiver. The existence of an administrative order shall not preclude either an obligor or obligee from commencing appropriate proceedings in a juvenile and domestic relations district court or a circuit court.

A minimum sample size of 0.5 percent of individual units for dispensing or distribution from each homogenized batch of *cannabis oil* is required to achieve a representative *cannabis oil* sample for analysis. *A minimum sample size, to be determined by the certified testing laboratory, from each batch of botanical cannabis is required to achieve a representative botanical cannabis sample for analysis. Botanical cannabis products shall only be tested for the following: total cannabidiol (CBD); total tetrahydrocannabinol (THC); terpenes; pesticide chemical residue; heavy metals; mycotoxins; moisture; and microbiological contaminants. Testing thresholds shall be consistent with generally accepted cannabis industry thresholds. If a sample from a batch of botanical cannabis fails testing requirements, the processor may remediate the batch and submit a sample for retesting. If the batch fails retesting, it shall be considered usable cannabis and may be processed into cannabis oil, unless the failure is related to pesticide requirements, in which case the batch shall not be considered usable cannabis and shall not be processed into cannabis oil. Any batch processed into cannabis oil shall comply with all applicable testing standards.*

[H 2219]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 38.2-3407.7, 38.2-4209.1, and 38.2-4312.1 of the Code of Virginia are amended and reenacted as follows:

§ 38.2-3407.7. Pharmacies; freedom of choice.

A. Notwithstanding any provision of § 38.2-3407 to the contrary, no insurer *or its pharmacy benefits manager, as defined in § 38.2-3465*, proposing to issue either preferred provider policies or contracts or exclusive provider policies or contracts shall prohibit any person receiving pharmacy benefits, *including specialty pharmacy benefits*, furnished thereunder from selecting, without limitation, the pharmacy of his choice to furnish such benefits. This right of selection extends to and includes any pharmacy that is a nonpreferred or nonparticipating provider and that has previously notified the insurer on its own behalf or through an intermediary, by facsimile or otherwise, of its agreement to accept reimbursement for its services at rates applicable to pharmacies that are preferred or participating providers, including any copayment consistently imposed by the insurer, as payment in full. Each insurer *or its pharmacy benefits manager* shall permit prompt electronic or telephonic transmittal of the reimbursement agreement by the pharmacy and ensure prompt verification to the pharmacy of the terms of reimbursement. In no event shall any person receiving a covered pharmacy benefit from a nonpreferred or nonparticipating provider ~~which~~ *that* has submitted a reimbursement agreement be responsible for amounts that may be charged by the nonpreferred or nonparticipating provider in excess of the copayment and the insurer's reimbursement applicable to all of its preferred or participating pharmacy providers. If a pharmacy has provided notice pursuant to this subsection through an intermediary, the insurer or its intermediary may elect to respond directly to the pharmacy instead of the intermediary. Nothing in this subsection shall (i) require an insurer or its intermediary to contract with or to disclose confidential information to a pharmacy's intermediary or (ii) prohibit an insurer or its intermediary from contracting with or disclosing confidential information to a pharmacy's intermediary.

B. No such insurer *or its pharmacy benefits manager* shall impose upon any person receiving pharmaceutical benefits furnished under any such policy or contract:

1. Any copayment, fee or condition that is not equally imposed upon all individuals in the same benefit category, class or copayment level, whether or not such benefits are furnished by pharmacists who are nonpreferred or nonparticipating providers;

2. Any monetary penalty that would affect or influence any such person's choice of pharmacy; or

3. Any reduction in allowable reimbursement for pharmacy services related to utilization of pharmacists who are nonpreferred or nonparticipating providers.

C. For purposes of this section, a prohibited condition or penalty shall include, without limitation: (i) denying immediate access to electronic claims filing to a pharmacy that is a nonpreferred or nonparticipating provider and that has complied with subsection D or (ii) requiring a person receiving pharmacy benefits to make payment at point of service, except to the extent such conditions and penalties are similarly imposed on preferred or participating providers.

D. Any pharmacy that wishes to be covered by this section shall, if requested to do so in writing by an insurer *or its pharmacy benefits manager*, within 30 days of the pharmacy's receipt of the request, execute and deliver to the insurer *or its pharmacy benefits manager* the direct service agreement or preferred or participating provider agreement that the insurer requires all of its preferred or participating providers of pharmacy benefits to execute. Any pharmacy that fails to timely execute and deliver such agreement shall not be covered by this section with respect to that insurer *or its pharmacy benefits manager* unless and until the pharmacy executes and delivers the agreement. *No pharmacy shall be precluded from obtaining a direct service agreement or participating provider agreement for retail and specialty pharmacy if the pharmacy meets the terms and conditions of participation. Any request by a pharmacy for a direct service agreement or a participating provider agreement shall be acted upon by an insurer or its pharmacy benefits manager within 60 days of receipt of the pharmacy's request or any subsequent submission of supplemental information if requested by the insurer or its pharmacy benefits manager.*

E. The Commission shall have no jurisdiction to adjudicate controversies arising out of this section.

F. Nothing in this section shall limit the authority of an insurer proposing to issue preferred provider policies or contracts or exclusive provider policies or contracts to select a single mail order pharmacy provider as the exclusive provider of pharmacy services that are delivered to the covered person's address by mail, common carrier, or delivery service. The provisions of this section shall not apply to such contracts. As used in this subsection, "mail order pharmacy provider" means a pharmacy permitted to conduct business in the Commonwealth whose primary business is to dispense a prescription drug or device under a prescriptive drug order and to deliver the drug or device to a patient primarily by mail, common carrier, or delivery service.

§ 38.2-4209.1. Pharmacies; freedom of choice.

A. Notwithstanding any provision of § 38.2-4209, no corporation providing preferred provider subscription contracts *or its pharmacy benefits manager, as defined in § 38.2-3465*, shall prohibit any person receiving pharmaceutical benefits, *including specialty pharmacy benefits*, thereunder from selecting, without limitation, the pharmacy of his choice to furnish such benefits. This right of selection extends to and includes pharmacies that are nonpreferred providers and that have previously notified the corporation *or its pharmacy benefits manager*, by facsimile or otherwise, of their agreement to accept reimbursement for their services at rates applicable to pharmacies that are preferred providers, including any copayment consistently imposed by the corporation, as payment in full. Each corporation *or its pharmacy benefits manager* shall permit prompt electronic or telephonic transmittal of the reimbursement agreement by the pharmacy and ensure payment verification to the pharmacy of the terms of reimbursement. In no event shall any person receiving a covered pharmacy benefit from a nonpreferred provider ~~which~~ *that* has submitted a reimbursement agreement be responsible for

amounts that may be charged by the nonpreferred provider in excess of the copayment and the corporation's reimbursement applicable to all of its preferred pharmacy providers.

B. No such corporation *or its pharmacy benefits manager* shall impose upon any person receiving pharmaceutical benefits furnished under any such contract:

1. Any copayment, fee or condition that is not equally imposed upon all individuals in the same benefit category, class or copayment level, whether or not such benefits are furnished by pharmacists who are nonpreferred providers;

2. Any monetary penalty that would affect or influence any such person's choice of pharmacy; or

3. Any reduction in allowable reimbursement for pharmacy services related to utilization of pharmacists who are nonpreferred providers.

C. For purposes of this section, a prohibited condition or penalty shall include, without limitation: (i) denying immediate access to electronic claims filing to a pharmacy that is a nonpreferred provider and that has complied with subsection D or (ii) requiring a person receiving pharmacy benefits to make payment at point of service, except to the extent such conditions and penalties are similarly imposed on preferred providers.

D. Any pharmacy that wishes to be covered by this section shall, if requested to do so in writing by a corporation *or its pharmacy benefits manager*, within 30 days of the pharmacy's receipt of the request, execute and deliver to the corporation *or its pharmacy benefits manager* the direct service agreement or preferred provider agreement that the corporation requires all of its preferred providers of pharmacy benefits to execute. Any pharmacy that fails to timely execute and deliver such agreement shall not be covered by this section with respect to that corporation *or its pharmacy benefits manager* unless and until the pharmacy executes and delivers the agreement. *No pharmacy shall be precluded from obtaining a direct service agreement or participating provider agreement for any retail and specialty pharmacy if the pharmacy meets the terms and conditions of participation. Any request by a pharmacy for a direct service agreement or a participating provider agreement shall be acted upon by a corporation or its pharmacy benefits manager within 60 days of receipt of the pharmacy's request or any subsequent submission of supplemental information if requested by the corporation or its pharmacy benefits manager.*

E. The Commission shall have no jurisdiction to adjudicate controversies arising out of this section.

F. Nothing in this section shall limit the authority of a corporation issuing preferred provider policies or contracts to select a single mail order pharmacy provider as the exclusive provider of pharmacy services that are delivered to the covered person's address by mail, common carrier, or delivery service. The provisions of this section shall not apply to such contracts. As used in this subsection, "mail order pharmacy provider" means a pharmacy permitted to conduct business in the Commonwealth whose primary business is to dispense a prescription drug or device under a prescriptive drug order and to deliver the drug or device to a patient primarily by mail, common carrier, or delivery service.

§ 38.2-4312.1. Pharmacies; freedom of choice.

A. Notwithstanding any other provision in this chapter, no health maintenance organization providing health care plans, *or its pharmacy benefits manager, as defined in § 38.2-3465*, shall prohibit any person receiving pharmaceutical benefits, *including specialty pharmacy benefits*, thereunder from selecting, without limitation, the pharmacy of his choice to furnish such benefits. This right of selection extends to and includes any pharmacy that is not a participating provider under any such health care plan and that has previously notified the health maintenance organization *or its pharmacy benefits manager* on its own behalf or through an intermediary, by facsimile or otherwise, of its agreement to accept reimbursement for its services at rates applicable to pharmacies that are participating providers, including any copayment consistently imposed by the plan, as payment in full. Each health maintenance organization *or its pharmacy benefits manager* shall permit prompt electronic or telephonic transmittal of the reimbursement agreement by the pharmacy and ensure prompt verification to the pharmacy of the terms of reimbursement. In no event shall any person receiving a covered pharmacy benefit from a nonparticipating provider ~~which~~ *that* has submitted a reimbursement agreement be responsible for amounts that may be charged by the nonparticipating provider in excess of the copayment and the health maintenance organization's reimbursement applicable to all of its participating pharmacy providers. If a pharmacy has provided notice pursuant to this subsection through an intermediary, the health maintenance organization or its intermediary may elect to respond directly to the pharmacy instead of the intermediary. Nothing in this subsection shall (i) require a health maintenance organization or its intermediary to contract with or to disclose confidential information to a pharmacy's intermediary or (ii) prohibit a health maintenance organization or its intermediary from contracting with or disclosing confidential information to a pharmacy's intermediary.

B. No such health maintenance organization *or its pharmacy benefits manager* shall impose upon any person receiving pharmaceutical benefits furnished under any such health care plan:

1. Any copayment, fee or condition that is not equally imposed upon all individuals in the same benefit category, class or copayment level, whether or not such benefits are furnished by pharmacists who are not participating providers;

2. Any monetary penalty that would affect or influence any such person's choice of pharmacy; or

3. Any reduction in allowable reimbursement for pharmacy services related to utilization of pharmacists who are not participating providers.

C. For purposes of this section, a prohibited condition or penalty shall include, without limitation: (i) denying immediate access to electronic claims filing to a pharmacy that is a nonparticipating provider and that has complied with subsection E or (ii) requiring a person receiving pharmacy benefits to make payment at point of service, except to the extent such conditions and penalties are similarly imposed on participating providers.

D. The provisions of this section are not applicable to any pharmaceutical benefit covered by a health care plan when those benefits are obtained from a pharmacy wholly owned and operated by, or exclusively operated for, the health maintenance organization providing the health care plan.

E. Any pharmacy that wishes to be covered by this section shall, if requested to do so in writing by a health maintenance organization *or its pharmacy benefits manager*, within 30 days of the pharmacy's receipt of the request, execute and deliver to the health maintenance organization *or its pharmacy benefits manager*, the direct service agreement or participating provider agreement that the health maintenance organization *or its pharmacy benefits manager* requires all of its participating providers of pharmacy benefits to execute. Any pharmacy that fails to timely execute and deliver such agreement shall not be covered by this section with respect to that health maintenance organization *or its pharmacy benefits manager* unless and until the pharmacy executes and delivers the agreement. *No pharmacy shall be precluded from obtaining a direct service agreement or participating provider agreement for retail and specialty pharmacy if the pharmacy meets the terms and conditions of participation. Any request by a pharmacy for a direct service agreement or a participating provider agreement shall be acted upon by a health maintenance organization or its pharmacy benefits manager within 60 days of receipt of the pharmacy's request or any subsequent submission of supplemental information if requested by the health maintenance organization or its pharmacy benefits manager.*

F. The Commission shall have no jurisdiction to adjudicate controversies arising out of this section.

G. Nothing in this section shall limit the authority of a health maintenance organization providing health care plans to select a single mail order pharmacy provider as the exclusive provider of pharmacy services that are delivered to the covered person's address by mail, common carrier, or delivery service. The provisions of this section shall not apply to such contracts. As used in this subsection, "mail order pharmacy provider" means a pharmacy permitted to conduct business in the Commonwealth whose primary business is to dispense a prescription drug or device under a prescriptive drug order and to deliver the drug or device to a patient primarily by mail, common carrier, or delivery service.

§ 64.2-2000. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Advance directive" shall have the same meaning as provided in § 54.1-2982.

"Annual report" means the report required to be filed by a guardian pursuant to § 64.2-2020.

"Conservator" means a person appointed by the court who is responsible for managing the estate and financial affairs of an incapacitated person and, where the context plainly indicates, includes a "limited conservator" or a "temporary conservator." "Conservator" includes (i) a local or regional program designated by the Department for Aging and Rehabilitative Services as a public conservator pursuant to Article 6 (§ 51.5-149 et seq.) of Chapter 14 of Title 51.5 or

(ii) any local or regional tax-exempt charitable organization established pursuant to § 501(c)(3) of the Internal Revenue Code to provide conservatorial services to incapacitated persons. Such tax-exempt charitable organization shall not be a provider of direct services to the incapacitated person. If a tax-exempt charitable organization has been designated by the Department for Aging and Rehabilitative Services as a public conservator, it may also serve as a conservator for other individuals.

"Estate" includes both real and personal property.

"Facility" means a state or licensed hospital, training center, psychiatric hospital, or other type of residential or outpatient mental health or mental retardation facility. When modified by the word "state," "facility" means a state hospital or training center operated by the Department of Behavioral Health and Developmental Services, including the buildings and land associated with it.

"Guardian" means a person appointed by the court who has the powers and duties set out in § 64.2-2019, or § 63.2-1609 if applicable, and who is responsible for the personal affairs of an incapacitated person, including responsibility for making decisions regarding the person's support, care, health, safety, habilitation, education, therapeutic treatment, and, if not inconsistent with an order of involuntary admission, residence. Where the context plainly indicates, the term includes a "limited guardian" or a "temporary guardian." The term includes (i) a local or regional program designated by the Department for Aging and Rehabilitative Services as a public guardian pursuant to Article 6 (§ 51.5-149 et seq.) of Chapter 14 of Title 51.5 or (ii) any local or regional tax-exempt charitable organization established pursuant to § 501(c)(3) of the Internal Revenue Code to provide guardian services to incapacitated persons. Such tax-exempt charitable organization shall not be a provider of direct services to the incapacitated person. If a tax-exempt charitable organization has been designated by the Department for Aging and Rehabilitative Services as a public guardian, it may also serve as a guardian for other individuals.

A finding that the individual displays poor judgment alone shall not be considered sufficient evidence that the individual is an incapacitated person within the meaning of this definition. A finding that a person is incapacitated shall be construed as a finding that the person is "mentally incompetent" as that term is used in Article II, Section 1 of the Constitution of Virginia and Title 24.2 unless the court order entered pursuant to this chapter specifically provides otherwise.

"Individualized education plan" or "IEP" means a plan or program developed annually to ensure that a child who has a disability identified under the law and is attending an elementary or secondary educational institution receives specialized instruction and related services as provided by 20 U.S.C. § 1414.

§ 64.2-2003. Appointment of guardian ad litem.

A. On the filing of every petition for guardianship or conservatorship, the court shall appoint a guardian ad litem to represent the interests of the respondent. The guardian ad litem shall be paid a fee that is fixed by the court to be paid by the petitioner or taxed as costs, as the court directs.

B. Duties of the guardian ad litem include (i) personally visiting the respondent; (ii) advising the respondent of rights pursuant to §§ 64.2-2006 and 64.2-2007 and certifying to the court that the respondent has been so advised; (iii) recommending that legal counsel be appointed for the respondent, pursuant to § 64.2-2006, if the guardian ad litem believes that counsel for the respondent is necessary; (iv) investigating the petition and evidence, requesting additional evaluation if necessary, considering whether a less restrictive alternative to guardianship or conservatorship is available, including the use of an advance directive, *supported decision-making agreement*, or durable power of attorney, and filing a report pursuant to subsection C; and (v) personally appearing at all court proceedings and conferences. If the respondent is between 17 and a half and 21 years of age and has an Individualized Education Plan (IEP) and transition plan, the guardian ad litem shall review such IEP and transition plan and include the results of his review in the report required by clause (iv).

C. In the report required by clause (iv) of subsection B, the guardian ad litem shall address the following major areas of concern: (i) whether the court has jurisdiction; (ii) whether a guardian or conservator is needed based on evaluations and reviews conducted pursuant to subsection B; (iii) the extent of the duties and powers of the guardian or conservator; (iv) the propriety and suitability of the person selected as guardian or conservator after consideration of the person's geographic location, familial or other relationship with the respondent, ability to carry out the powers and duties of the office, commitment to promoting the respondent's welfare, any potential conflicts of interests, wishes of the respondent, and recommendations of relatives; (v) a recommendation as to the amount of surety on the conservator's bond, if any; and (vi) consideration of proper residential placement of the respondent.

D. A health care provider and local school division shall disclose or make available to the guardian ad litem, upon request, any information, records, and reports concerning the respondent that the guardian ad litem determines necessary to perform his duties under this section.

§ 64.2-2007. Hearing on petition to appoint.

A. The respondent is entitled to a jury trial upon request, and may compel the attendance of witnesses, present evidence on his own behalf, and confront and cross-examine witnesses.

B. The court or the jury, if a jury is requested, shall hear the petition for the appointment of a guardian or conservator. The hearing may be held at such convenient place as the court directs, including the place where the respondent is located. The hearing shall be conducted within 120 days from the filing of the petition unless the court postpones it for cause. The proposed guardian or conservator shall attend the hearing except for good cause shown and, where appropriate, shall provide the court with a recommendation as to living arrangements and a treatment plan for the respondent. The respondent is entitled to be present at the hearing and all other stages of the proceedings. The respondent shall be present if he so requests or if his presence is requested by the guardian ad litem. Whether or not present, the respondent shall be regarded as having denied the allegations in the petition.

C. In determining the need for a guardian or a conservator and the powers and duties of any guardian or conservator, if needed, consideration shall be given to the following factors: (i) the limitations of the respondent; (ii) the development of the respondent's maximum self-reliance and independence; (iii) the availability of less restrictive alternatives, including advance directives, *supported decision-making agreements*, and durable powers of attorney; (iv) the extent to which it is necessary to protect the respondent from neglect, exploitation, or abuse; (v) the actions needed to be taken by the guardian or conservator; (vi) the suitability of the proposed guardian or conservator; and (vii) the best interests of the respondent.

D. If, after considering the evidence presented at the hearing, the court or jury determines on the basis of clear and convincing evidence that the respondent is incapacitated and in need of a guardian or conservator, the court shall appoint a suitable person, who may be the spouse of the respondent, to be the guardian or the conservator or both, giving due deference to the wishes of the respondent. If a guardian or conservator is appointed, the court shall inform him of his duties and powers pursuant to Article 2 (§ 64.2-2019 et seq.) and shall further inform the guardian or conservator that, to the extent feasible, the respondent should be encouraged to participate in decisions, act on his own behalf, and develop or maintain the capacity to manage his personal affairs if he retains any decision-making rights. Except for good cause shown, including a determination by the court that there is no acceptable alternative available to serve, the court shall not appoint as guardian or conservator for the respondent an attorney who has been engaged by the petitioner to represent the petitioner within three calendar years of the appointment. Such prohibition also applies to all other attorneys and employees of the law firm with which such attorney is associated. The court shall require the proposed guardian or conservator to certify at the time of appointment that he has disclosed to the court any such representation of the petitioner or association with a law firm that represented the petitioner within the three calendar years preceding the appointment. Compensation paid by a petitioner to an attorney or law firm for serving as a guardian or conservator shall not constitute representation of the petitioner by such attorney or law firm. In the case of a petitioner that is a medical care facility as defined in § 32.1-102.1, the court may, for good cause shown, order that the reasonable costs for the guardian or conservator be paid by the petitioner during the time the respondent is under the care of such medical care facility.

The court in its order shall make specific findings of fact and conclusions of law in support of each provision of any orders entered. The order of appointment shall be made in a form that complies with the requirements set out in § 64.2-2009.

Such notification shall also include notice to the applicant regarding his right to petition the court for an order in accordance with subsection G. ~~An~~

G. B. A certified copy of a vital record or any part thereof issued in accordance with subsection A shall be considered for all purposes the same as the original and shall be prima facie evidence of the facts therein stated, provided that the evidentiary value of a vital record filed more than one year after the event or a vital record which has been amended shall be determined by the judicial or administrative body or official before whom the certificate is offered as evidence.

C. The federal agency responsible for national vital statistics may be furnished such copies or other data from the system of vital records as it may require for national statistics if such federal agency shares in the cost of collecting, processing and transmitting such data. Such data may be used for research and medical investigations of public health importance. No other use of such data shall be made by the federal agency unless authorized by the State Registrar.

D. Other federal, state and local, public or private agencies or persons in the conduct of their official duties may, upon request and payment of a reasonable fee, be furnished copies or other data from the system of vital records for statistical or administrative purposes upon such terms or conditions as may be prescribed by the Board. Such copies or other data shall not be used for purposes other than those for which they were requested unless so authorized by the State Registrar.

F. Certified copies of birth records filed before July 1, 1960, containing statements of racial designation on the reverse thereof shall be issued without such statement as a part of the certification; nor for this purpose solely shall such certification be marked "amended."

Any American Indian or Native American whose certified copy of a birth record filed before July 1, 1960, contains a racial designation that is incorrect may obtain, without paying a fee, one certified copy of his birth record from which such incorrect racial designation has been removed. Such certification shall not be marked "amended" solely for this reason.

G. With the increased fees to be charged for vital records and the additional deposits to the Vital Statistics Automation Fund, the Board of Health shall establish, within the district health departments, a statewide system for decentralizing certification of vital records, when such records are prepared or issued from data in the custody of the State Registrar and the Board of Health. Such system shall include the Department of Motor Vehicles pursuant to the authorization in subsection A.

An Act to amend and reenact §§ 16.1-349, 16.1-350, 16.1-351, 16.1-352, and 16.1-353 of the Code of Virginia, relating to standby guardianship; triggering event.

[S 1184]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-349, 16.1-350, 16.1-351, 16.1-352, and 16.1-353 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-349. Definitions.

"Attending physician" means the physician who has primary responsibility for the treatment and care of a qualified parent.

"Designation" means a writing which (i) is voluntarily executed in conformance with the requirements of § 16.1-351 and signed by a parent and (ii) names a person to act as standby guardian.

"Determination of debilitation" means a written determination made by an attending physician that a qualified parent is chronically and substantially unable to care for a minor child as a result of a debilitating illness, disease or injury. Such a determination shall include the physician's medical opinion to a reasonable degree of medical certainty, regarding the nature, cause, extent and probable duration of the parent's debilitating condition.

"Determination of incompetence" means a written determination made by the attending physician that to a reasonable degree of medical certainty a qualified parent is chronically and substantially unable to understand the nature and consequences of decisions concerning the care of a minor child as a result of a mental or organic impairment and is consequently unable to care for the child. Such a determination shall include the physician's medical opinion, to a

reasonable degree of medical certainty, regarding the nature, cause, extent and probable duration of the parent's incompetence.

"Parent" means a genetic or adoptive parent or parent determined in accordance with the standards set forth in § 20-49.1 or § 20-158, and includes a person, other than a parent, who has physical custody of a child and who has either been awarded custody by a court or claims a right to custody.

"Qualified parent" means a parent who has (i) been diagnosed, as evidenced in writing, by a licensed physician to be afflicted with a progressive or chronic condition caused by injury, disease or illness from which, to a reasonable degree of medical probability, the patient cannot recover or (ii) *reason to anticipate possible detention, incarceration, or deportation connected to an immigration action*.

"Standby guardian" means a person who, in accordance with this article, is designated in writing or approved by the court to temporarily assume the duties of guardian of the person or guardian of the property, or both, of a minor child on behalf of or in conjunction with a qualified parent upon the occurrence of a triggering event. The term shall be so construed as to enable the parent to plan for the future care of a child, without terminating parental or legal rights, and to give the standby guardian the authority to act in a manner consistent with the known wishes of a qualified parent regarding the care, custody and support of the minor child.

"Triggering event" means the event upon the occurrence of which the standby guardian may be authorized to act. The triggering event shall be specified in the court order or written designation and shall be the earlier of a determination of incompetence or the death of the qualified parent. However, in the case of a standby guardian judicially approved pursuant to § 16.1-350, the triggering event may also be specified as the qualified parent's written consent to the commencement of the standby guardian's authority. In the case of a standby guardian designated pursuant to § 16.1-351 or 16.1-352, the triggering event may also be specified as (i) a determination of debilitation of the qualified parent ~~and~~ *or evidence of the detention, incarceration, or deportation of the qualified parent connected to an immigration action* or (ii) that parent's written consent to the commencement of the designated standby guardian's authority.

§ 16.1-350. Petition for court approval of standby guardian.

A. Upon petition of any person, the juvenile court of the jurisdiction in which a child resides may approve a person as standby guardian for a child of a qualified parent upon the occurrence of a specified triggering event. If requested in the petition, the court may also approve an alternate standby guardian identified by the petitioner, to act in the event that at any time after approval pursuant to this section the standby guardian is unable or unwilling to assume the responsibilities of the standby guardianship.

B. The petition shall state:

1. The name and address of the petitioner and his relationship to the child and the name and address of the child's qualified parent, and the name and address of any other parent of the child whose identity and whereabouts are known to the petitioner or can reasonably be ascertained;

2. The name, address and birthdate of the child;

3. The nature of the proposed triggering event, including when a qualified parent's consent would be effective in those cases where such consent is chosen as the triggering event;

4. Whether a determination of incompetence or debilitation has been made and, if so, when and by whom;

5. Whether there is a significant risk that the qualified parent will imminently become physically or mentally incapable of caring for the child or die as the result of a progressive chronic condition or illness, *or be detained, incarcerated, or deported in connection with an immigration action*; however, a petitioner shall not be required to submit ~~medical~~ documentation of a parent's medical *or immigration* status with the petition;

6. The name and address of the person proposed as standby guardian and any alternate and whether the petition requests that such person be given authority as a guardian of the person or guardian of the property of the minor, or both;

7. A statement of any known reasons as to why the child's other parent is not assuming or should not assume the responsibilities of a standby guardian;

8. Whether there is any prior judicial history regarding custody of the child or any pending litigation regarding custody of the child; and

9. The name and address of the attending physician.

C. Upon the filing of a petition, notice of the filing shall promptly be given to each parent of the child whose identity and whereabouts are known to the petitioner. The court shall direct the issuance of summonses to the child, if the child is ~~twelve~~ 12 or more years of age and the proposed standby guardian and alternate, if any, and such other persons as appear to the court to be proper or necessary parties to the proceedings including the child's parents, guardian, legal custodian or other person standing in loco parentis, if the identity and whereabouts of such persons are known. Service of the summons shall be made pursuant to § 16.1-264.

An order approving the standby guardian shall not be entered without a hearing if there is another known parent, stepparents, adult siblings, or other adult related to the child by blood, marriage, or adoption who requests a hearing within ~~ten~~ 10 days of the date that notice of the filing was sent or if there is other litigation pending regarding custody of the child.

Prior to any hearing on the petition, the court may appoint a discreet and competent attorney at law as guardian ad litem to represent the child pursuant to § 16.1-266.1. In the case of a petition filed by anyone other than a parent of the child, the court shall appoint a guardian ad litem. The qualified parent shall not be required to appear in court if the parent is medically unable to appear, except upon motion for good cause shown.

§ 16.1-351. Court order approving standby guardianship; authority; when effective.

Upon consideration of the factors set out in § 20-124.3 and finding that (i) the child's parent is a qualified parent and (ii) appointment of a standby guardian is in the best interest of the child, the court shall appoint a proper and suitable person as standby guardian and, if requested, a proper and suitable person as alternate standby guardian. However, when a petition is filed by a person other than a parent having custody of the child, the standby guardian shall be appointed only with the consent of the qualified parent unless the court finds that such consent cannot be given for medical reasons.

The order shall specify the triggering event and shall provide that the authority of the standby guardian is effective (i) (a) upon receipt by the standby guardian of (1) a determination of incompetence ~~of the parent~~, (2) a certificate of death ~~of the parent~~, (3) evidence of the detention, incarceration, or deportation of the parent connected to an immigration action, or (4) the earlier of ~~either clause (1), (2), or (3)~~ or (ii) (b) if so requested in the petition, upon receipt by the standby guardian of a written consent of the qualified parent and filing of the consent with the court. The written consent shall be executed after the entry of the court order and signed by the qualified parent, or by another in his presence and on his behalf.

As soon as practicable after entry of the order, a copy shall be served on the standby guardian.

A standby guardian shall have the powers and duties of a guardian of the person and a guardian of the property of a minor, unless otherwise specified in the order.

The standby guardian shall file with the court, as soon as practicable but in no event later than ~~thirty~~ 30 days following a parent's death, determination of incompetence ~~or~~, consent, ~~or~~ detention, incarceration, or deportation connected to an immigration action, a copy of the certificate of death, determination of incompetence ~~or~~, consent, ~~or~~ evidence of such detention, incarceration, or deportation of the qualified parent upon which his authority is based. Failure to file within the time specified shall be grounds for the court to rescind the authority of the standby guardian sua sponte or upon petition of any person but all acts undertaken by the standby guardian on behalf of and in the interests of the child shall be valid and enforceable.

§ 16.1-352. Written designation of a standby guardian by a parent; commencement of authority; court approval required.

A. A parent may execute a written designation of a standby guardian at any time. The written designation shall state:

1. The name, address and birthdate of the child affected;
2. The triggering event; and
3. The name and address of the person designated as standby guardian or alternate.

The written designation shall be signed by the parent. Another adult may sign the written designation on behalf of the parent if the parent is physically unable to do so, provided the designation is signed at the express request of the parent and in the presence of the parent. The designated standby guardian or alternate may not sign on behalf of the parent. The signed designation shall be delivered to the standby guardian and any alternate named as soon as practicable.

B. Following such delivery of the designation, the authority of a standby guardian to act for a qualified parent shall commence upon the occurrence of the specified triggering event and receipt by him of (i) a determination of incompetence; (ii) a certificate of death of the parent, ~~or~~; (iii) evidence of the detention, incarceration, or deportation of the parent connected to an immigration action; or (iv) a determination of debilitation and the qualified parent's written consent to such commencement, signed by the parent or another on his behalf and at his direction as provided in subsection A for the designation.

C. A standby guardian under a designation shall have the authority of a guardian of the person and a guardian of the property of the child, unless otherwise specified in the designation.

D. A designated standby guardian or alternate shall file a petition for approval as standby guardian. The petition shall be filed as soon as practicable after the occurrence of the triggering event but in no event later than ~~thirty~~ 30 days after the date of the commencement of his authority. The authority of the standby guardian shall cease upon his failure to so file, but shall recommence upon such filing. The petition shall be accompanied by a copy of the designation and any determinations of incapacity or debilitation or a certificate of death.

The provisions of subsection C of § 16.1-350 ~~C~~ shall apply to a petition filed pursuant to this section. The court shall enter an order approving the designated guardian as standby guardian upon finding that:

1. The person was duly designated as standby guardian pursuant to this section and the designation has not been revoked;
2. A determination of incompetence was made; a determination of debilitation was made and the parent consented to commencement of the standby ~~guardians~~ guardian's authority; ~~or~~ the parent has died as evidenced by a death certificate; ~~or~~ the parent has been detained, incarcerated, or deported in connection with an immigration action;
3. The best interests of the child will be served by approval of the standby guardian; and
4. If the petition is by an alternate, that the designated standby guardian is unwilling or unable to serve.

§ 16.1-353. Further proceedings to determine permanent guardianship, custody.

A. If the triggering event was death of the qualified parent, within ~~ninety~~ 90 days following the occurrence of the triggering event or, if later, commencement of the standby guardian's authority, the standby guardian shall (i) petition for appointment of a guardian for the child as otherwise provided by law or (ii) initiate other proceedings to determine custody of the child pursuant to Chapter 6.1 (§ 20-124.1 et seq.) of Title 20, or both.

B. In all other cases a standby guardian shall promptly after occurrence of the triggering event initiate such proceedings to determine permanent custody, absent objection by the qualified parent.

The petition shall be accompanied by:

1. The court order approving or written designation of a standby guardian; and
2. The attending physician's written determination of incompetence or debilitation or a verification of death; or evidence of the parent's detention, incarceration, or deportation in connection with an immigration action.

E. Nothing in this Compact shall affect the requirements established by a member state for the issuance of a single-state license.

Article VI. Active Duty Military Personnel or their Spouses.

Active duty military personnel, or their spouses, shall designate a home state where the individual has a current license in good standing. The issuing authority shall pay any witness fees, travel expenses, mileage and other fees required by the service statutes of the state in which the witnesses or evidence are located.

C. For purposes of taking adverse action, the home state shall give the same priority and effect to reported conduct received from a member state as it would if the conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action.

D. The home state shall complete any pending investigations of an occupational therapist or occupational therapy assistant who changes primary state of residence during the course of the investigations. The home state, where the investigations were initiated, shall also have the authority to take appropriate action(s) and shall promptly report the conclusions of the investigations to the OT Compact Commission data system. The occupational therapy compact commission data system administrator shall promptly notify the new home state of any adverse actions.

E. A member state, if otherwise permitted by state law, may recover from the affected occupational therapist or occupational therapy assistant the costs of investigations and disposition of cases resulting from any adverse action taken against that occupational therapist or occupational therapy assistant.

F. A member state may take adverse action based on the factual findings of the remote state, provided that the member state follows its own procedures for taking the adverse action.

G. Joint investigations.

1. In addition to the authority granted to a member state by its respective state occupational therapy laws and regulations or other applicable state law, any member state may participate with other member states in joint investigations of licensees.

2. *The Commission shall defend any member, officer, executive director, employee, or representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel, and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.*

3. *The Commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.*

B. *The Commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of the Compact. Notwithstanding the foregoing, in the event the Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of the Compact, or the powers granted hereunder, then such an action by the Commission shall be invalid and have no force and effect.*

C. *If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.*

D. *Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.*

E. *Prior to promulgation and adoption of a final rule or rules by the Commission, and at least 30 days in advance of the meeting at which the rule will be considered and voted upon, the Commission shall file a notice of proposed rulemaking:*

G. Prior to adoption of a proposed rule, the Commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

1. At least 25 persons;

I. If a hearing is held on the proposed rule or amendment, the Commission shall publish the place, time, and date of the scheduled public hearing. If the hearing is held via electronic means, the Commission shall publish the mechanism for access to the electronic hearing.

1. All persons wishing to be heard at the hearing shall notify the executive director of the Commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.

3. All hearings will be recorded. A copy of the recording will be made available on request.

4. Nothing in this article shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this article.

J. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

K. If no written notice of intent to attend the public hearing by interested parties is received, the Commission may proceed with promulgation of the proposed rule without a public hearing.

L. The Commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

M. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;
2. Prevent a loss of Commission or member state funds;
3. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or
4. Protect public health and safety.

N. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

Article XI. Oversight, Dispute Resolution, and Enforcement.

A. Oversight.

1. The executive, legislative, and judicial branches of state government in each member state shall enforce this Compact and take all actions necessary and appropriate to effectuate the Compact's purposes and intent. The provisions of this Compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the Compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this Compact which may affect the powers, responsibilities, or actions of the Commission.

3. The Commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, this Compact, or promulgated rules.

B. Default, technical assistance, and termination.

1. If the Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall:

a. Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default and/or any other action to be taken by the Commission; and

b. Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state may be terminated from the Compact upon an affirmative vote of a majority of the member states, and all rights, privileges and benefits conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

4. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The Commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting state.

6. The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney fees.

C. Dispute resolution.

1. Upon request by a member state, the Commission shall attempt to resolve disputes related to the Compact that arise among member states and between member and non-member states.

2. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement.

The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this Compact.

By majority vote, the Commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices against a member state in default to enforce compliance with the provisions of the Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney fees.

The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

Article XII. Date of Implementation of the Interstate Commission for Occupational Therapy Practice and Associated Rules, Withdrawal, and Amendment.

A. The Compact shall come into effect on the date on which the Compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the Commission relating to assembly and the promulgation of rules. Thereafter, the Commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the Compact.

B. Any state that joins the Compact subsequent to the Commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the Compact becomes law in that state. Any rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that state.

C. Any member state may withdraw from this Compact by enacting a statute repealing the same.

1. A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing state's occupational therapy licensing board to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

D. Nothing contained in this Compact shall be construed to invalidate or prevent any occupational therapy licensure agreement or other cooperative arrangement between a member state and a non-member state that does not conflict with the provisions of this Compact.

E. This Compact may be amended by the member states. No amendment to this Compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

Article XIII. Construction and Severability.

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any member state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this Compact shall be held contrary to the constitution of any member state, the Compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

Article XIV. Binding Effect of Compact and Other Laws.

A. A licensee providing occupational therapy in a remote state under the compact privilege shall function within the laws and regulations of the remote state.

B. Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with the Compact.

C. Any laws in a member state in conflict with the Compact are superseded to the extent of the conflict.

D. Any lawful actions of the Commission, including all rules and bylaws promulgated by the Commission, are binding upon the member states.

E. All agreements between the Commission and the member states are binding in accordance with their terms.

F. In the event any provision of the Compact exceeds the constitutional limits imposed on the legislature of any member state, the provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that member state.

2. That the Board of Medicine shall promulgate regulations to implement the provisions of this act to be effective within 280 days of its enactment.

3. That the provisions of this act shall become effective on January 1, 2022.

§ 54.1-2400.6. Hospitals, other health care institutions, home health and hospice organizations, and assisted living facilities required to report disciplinary actions against and certain disorders of health professionals; immunity from liability; failure to report.

A. The chief executive officer and the chief of staff of every hospital or other health care institution in the Commonwealth, the director of every licensed home health or hospice organization, the director of every accredited home health organization exempt from licensure, the administrator of every licensed assisted living facility, and the administrator of every provider licensed by the Department of Behavioral Health and Developmental Services in the Commonwealth shall report within 30 days, except as provided in subdivision 1, to the Director of the Department of Health Professions, or in the case of a director of a home health or hospice organization, to the Office of Licensure and Certification at the Department of Health (the Office), the following information regarding any person (i) licensed, certified, or registered by a health regulatory board or (ii) holding a multistate licensure privilege to practice nursing or an applicant for licensure, certification or registration unless exempted under subsection E:

1. Any information of which he may become aware in his official capacity indicating a reasonable belief that such a health professional is in need of treatment or has been voluntarily admitted as a patient, either at his institution or any other health care institution, for treatment of substance abuse or a psychiatric illness that may render the health professional a danger to himself, the public or his patients. If such health care professional has been involuntarily admitted as a patient, either in his own institution or any other health care institution, for treatment of substance abuse or a psychiatric illness, the report required by this section shall be made within five days of the date on which the chief executive officer, chief of staff, director, or administrator learns of the health care professional's involuntary admission.

2. Any information of which he may become aware in his official capacity indicating a reasonable belief, after review and, if necessary, an investigation or consultation with the appropriate internal boards or committees authorized to impose disciplinary action on a health professional, that a health professional may have engaged in unethical, fraudulent or unprofessional conduct as defined by the pertinent licensing statutes and regulations. The report required under this subdivision shall be submitted within 30 days of the date that the chief executive officer, chief of staff, director, or administrator determines that such reasonable belief exists.

3. Any disciplinary proceeding begun by the institution, organization, facility, or provider as a result of conduct involving (i) intentional or negligent conduct that causes or is likely to cause injury to a patient or patients, (ii) professional ethics, (iii) professional incompetence, (iv) moral turpitude, or (v) substance abuse. The report required under this subdivision shall be submitted within 30 days of the date of written communication to the health professional notifying him of the initiation of a disciplinary proceeding.

4. Any disciplinary action taken during or at the conclusion of disciplinary proceedings or while under investigation, including but not limited to denial or termination of employment, denial or termination of privileges or restriction of privileges that results from conduct involving (i) intentional or negligent conduct that causes or is likely to cause injury to a patient or patients, (ii) professional ethics, (iii) professional incompetence, (iv) moral turpitude, or (v) substance abuse. The report required under this subdivision shall be submitted within 30 days of the date of written communication to the health professional notifying him of any disciplinary action.

5. The voluntary resignation from the staff of the health care institution, home health or hospice organization, assisted living facility, or provider, or voluntary restriction or expiration of privileges at the institution, organization, facility, or provider, of any health professional while such health professional is under investigation or is the subject of disciplinary proceedings taken or begun by the institution, organization, facility, or provider or a committee thereof for any reason related to possible intentional or negligent conduct that causes or is likely to cause injury to a patient or patients, medical incompetence, unprofessional conduct, moral turpitude, mental or physical impairment, or substance abuse.

Any report required by this section shall be in writing directed to the Director of the Department of Health Professions or to the Director of the Office of Licensure and Certification at the Department of Health, shall give the name, address, and date of birth of the person who is the subject of the report and shall fully describe the circumstances surrounding the facts required to be reported. The report shall include the names and contact information of individuals with knowledge about the facts required to be reported and the names and contact information of individuals from whom the hospital or health care institution, organization, facility, or provider sought information to substantiate the facts required to be reported. All relevant medical records shall be attached to the report if patient care or the health professional's health status is at issue. The reporting hospital, health care institution, home health or hospice organization, assisted living facility, or provider shall also provide notice to the Department or the Office that it has submitted a report to the National Practitioner Data Bank under the Health Care Quality Improvement Act (42 U.S.C. § 11101 et seq.). The reporting hospital, health care institution, home health or hospice organization, assisted living facility, or provider shall give the health professional who is the subject of the report an opportunity to review the report. The health professional may submit a separate report if he disagrees with the substance of the report.

This section shall not be construed to require the hospital, health care institution, home health or hospice organization, assisted living facility, or provider to submit any proceedings, minutes, records, or reports that are privileged under § 8.01-581.17, except that the provisions of § 8.01-581.17 shall not bar (i) any report required by this section or (ii) any requested medical records that are necessary to investigate unprofessional conduct reported pursuant to this subtitle or unprofessional conduct that should have been reported pursuant to this subtitle. Under no circumstances shall compliance with this section be construed to waive or limit the privilege provided in § 8.01-581.17. [S 1227]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 32.1-325 and 32.1-351 of the Code of Virginia are amended and reenacted as follows:

§ 32.1-325. Board to submit plan for medical assistance services to U.S. Secretary of Health and Human Services pursuant to federal law; administration of plan; contracts with health care providers.

A. The Board, subject to the approval of the Governor, is authorized to prepare, amend from time to time, and submit to the U.S. Secretary of Health and Human Services a state plan for medical assistance services pursuant to Title XIX of the United States Social Security Act and any amendments thereto. The Board shall include in such plan:

1. A provision for payment of medical assistance on behalf of individuals, up to the age of 21, placed in foster homes or private institutions by private, nonprofit agencies licensed as child-placing agencies by the Department of Social Services or placed through state and local subsidized adoptions to the extent permitted under federal statute;

2. A provision for determining eligibility for benefits for medically needy individuals which disregards from countable resources an amount not in excess of \$3,500 for the individual and an amount not in excess of \$3,500 for his spouse when such resources have been set aside to meet the burial expenses of the individual or his spouse. The amount disregarded shall be reduced by (i) the face value of life insurance on the life of an individual owned by the individual or his spouse if the cash surrender value of such policies has been excluded from countable resources and (ii) the amount of any other revocable or irrevocable trust, contract, or other arrangement specifically designated for the purpose of meeting the individual's or his spouse's burial expenses;

3. A requirement that, in determining eligibility, a home shall be disregarded. For those medically needy persons whose eligibility for medical assistance is required by federal law to be dependent on the budget methodology for Aid to Families with Dependent Children, a home means the house and lot used as the principal residence and all contiguous property. For all other persons, a home shall mean the house and lot used as the principal residence, as well as all contiguous property, as long as the value of the land, exclusive of the lot occupied by the house, does not exceed \$5,000. In any case in which the definition of home as provided here is more restrictive than that provided in the state plan for medical assistance services in Virginia as it was in effect on January 1, 1972, then a home means the house and lot used as the principal residence and all contiguous property essential to the operation of the home regardless of value;

4. A provision for payment of medical assistance on behalf of individuals up to the age of 21, who are Medicaid eligible, for medically necessary stays in acute care facilities in excess of 21 days per admission;

5. A provision for deducting from an institutionalized recipient's income an amount for the maintenance of the individual's spouse at home;

6. A provision for payment of medical assistance on behalf of pregnant women which provides for payment for inpatient postpartum treatment in accordance with the medical criteria outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists. Payment shall be made for any postpartum home visit or visits for the mothers and the children which are within the time periods recommended by the attending physicians in accordance with and as indicated by such Guidelines or Standards. For the purposes of this subdivision, such Guidelines or Standards shall include any changes thereto within six months of the publication of such Guidelines or Standards or any official amendment thereto;

7. A provision for the payment for family planning services on behalf of women who were Medicaid-eligible for prenatal care and delivery as provided in this section at the time of delivery. Such family planning services shall begin with delivery and continue for a period of 24 months, if the woman continues to meet the financial eligibility requirements for a pregnant woman under Medicaid. For the purposes of this section, family planning services shall not cover payment for abortion services and no funds shall be used to perform, assist, encourage or make direct referrals for abortions;

8. A provision for payment of medical assistance for high-dose chemotherapy and bone marrow transplants on behalf of individuals over the age of 21 who have been diagnosed with lymphoma, breast cancer, myeloma, or leukemia and have

been determined by the treating health care provider to have a performance status sufficient to proceed with such high-dose chemotherapy and bone marrow transplant. Appeals of these cases shall be handled in accordance with the Department's expedited appeals process;

9. A provision identifying entities approved by the Board to receive applications and to determine eligibility for medical assistance, which shall include a requirement that such entities (i) obtain accurate contact information, including the best available address and telephone number, from each applicant for medical assistance, to the extent required by federal law and regulations, and (ii) provide each applicant for medical assistance with information about advance directives pursuant to Article 8 (§ 54.1-2981 et seq.) of Chapter 29 of Title 54.1, including information about the purpose and benefits of advance directives and how the applicant may make an advance directive;

10. A provision for breast reconstructive surgery following the medically necessary removal of a breast for any medical reason. Breast reductions shall be covered, if prior authorization has been obtained, for all medically necessary indications. Such procedures shall be considered noncosmetic;

12. A provision for payment of medical assistance services for prostheses following the medically necessary complete or partial removal of a breast for any medical reason;

13. A provision for payment of medical assistance which provides for payment for 48 hours of inpatient treatment for a patient following a radical or modified radical mastectomy and 24 hours of inpatient care following a total mastectomy or a partial mastectomy with lymph node dissection for treatment of disease or trauma of the breast. Nothing in this subdivision shall be construed as requiring the provision of inpatient coverage where the attending physician in consultation with the patient determines that a shorter period of hospital stay is appropriate;

14. A requirement that certificates of medical necessity for durable medical equipment and any supporting verifiable documentation shall be signed, dated, and returned by the physician, physician assistant, or nurse practitioner and in the durable medical equipment provider's possession within 60 days from the time the ordered durable medical equipment and supplies are first furnished by the durable medical equipment provider;

15. A provision for payment of medical assistance to (i) persons age 50 and over and (ii) persons age 40 and over who are at high risk for prostate cancer, according to the most recent published guidelines of the American Cancer Society, for one PSA test in a 12-month period and digital rectal examinations, all in accordance with American Cancer Society guidelines. For the purpose of this subdivision, "PSA testing" means the analysis of a blood sample to determine the level of prostate specific antigen;

Such coverage shall make available one screening mammogram to persons age 35 through 39, one such mammogram biennially to persons age 40 through 49, and one such mammogram annually to persons age 50 and over. The term "mammogram" means an X-ray examination of the breast using equipment dedicated specifically for mammography, including but not limited to the X-ray tube, filter, compression device, screens, film and cassettes, with an average radiation exposure of less than one rad mid-breast, two views of each breast;

17. A provision, when in compliance with federal law and regulation and approved by the Centers for Medicare & Medicaid Services (CMS), for payment of medical assistance services delivered to Medicaid-eligible students when such services qualify for reimbursement by the Virginia Medicaid program and may be provided by school divisions;

18. A provision for payment of medical assistance services for liver, heart and lung transplantation procedures for individuals over the age of 21 years when (i) there is no effective alternative medical or surgical therapy available with outcomes that are at least comparable; (ii) the transplant procedure and application of the procedure in treatment of the specific condition have been clearly demonstrated to be medically effective and not experimental or investigational; (iii) prior authorization by the Department of Medical Assistance Services has been obtained; (iv) the patient selection criteria of the specific transplant center where the surgery is proposed to be performed have been used by the transplant team or program to determine the appropriateness of the patient for the procedure; (v) current medical therapy has failed and the patient has failed to respond to appropriate therapeutic management; (vi) the patient is not in an irreversible terminal state; and (vii) the transplant is likely to prolong the patient's life and restore a range of physical and social functioning in the activities of daily living;

19. A provision for payment of medical assistance for colorectal cancer screening, specifically screening with an annual fecal occult blood test, flexible sigmoidoscopy or colonoscopy, or in appropriate circumstances radiologic imaging, in accordance with the most recently published recommendations established by the American College of Gastroenterology, in consultation with the American Cancer Society, for the ages, family histories, and frequencies referenced in such recommendations;

20. A provision for payment of medical assistance for custom ocular prostheses;

21. Such provision shall include payment for medical assistance for follow-up audiological examinations as recommended by a physician, physician assistant, nurse practitioner, or audiologist and performed by a licensed audiologist to confirm the existence or absence of hearing loss;

22. A provision for payment of medical assistance, pursuant to the Breast and Cervical Cancer Prevention and Treatment Act of 2000 (P.L. 106-354), for certain women with breast or cervical cancer when such women (i) have been screened for breast or cervical cancer under the Centers for Disease Control and Prevention (CDC) Breast and Cervical Cancer Early Detection Program established under Title XV of the Public Health Service Act; (ii) need treatment for breast or cervical cancer, including treatment for a precancerous condition of the breast or cervix; (iii) are not otherwise covered under creditable coverage, as defined in § 2701 (c) of the Public Health Service Act; (iv) are not otherwise eligible for medical assistance services under any mandatory categorically needy eligibility group; and (v) have not attained age 65. This provision shall include an expedited eligibility determination for such women;

23. A provision for the coordinated administration, including outreach, enrollment, re-enrollment and services delivery, of medical assistance services provided to medically indigent children pursuant to this chapter, which shall be called Family Access to Medical Insurance Security (FAMIS) Plus and the FAMIS Plan program in § 32.1-351. A single application form shall be used to determine eligibility for both programs;

24. A provision, when authorized by and in compliance with federal law, to establish a public-private long-term care partnership program between the Commonwealth of Virginia and private insurance companies that shall be established through the filing of an amendment to the state plan for medical assistance services by the Department of Medical Assistance Services. The purpose of the program shall be to reduce Medicaid costs for long-term care by delaying or eliminating dependence on Medicaid for such services through encouraging the purchase of private long-term care insurance policies that have been designated as qualified state long-term care insurance partnerships and may be used as the first source of benefits for the participant's long-term care. Components of the program, including the treatment of assets for Medicaid eligibility and estate recovery, shall be structured in accordance with federal law and applicable federal guidelines;

25. A provision for the payment of medical assistance for otherwise eligible pregnant women during the first five years of lawful residence in the United States, pursuant to § 214 of the Children's Health Insurance Program Reauthorization Act of 2009 (P.L. 111-3); and

26. A provision for the payment of medical assistance for medically necessary health care services provided through telemedicine services, as defined in § 38.2-3418.16, regardless of the originating site or whether the patient is accompanied by a health care provider at the time such services are provided. No health care provider who provides health care services through telemedicine services shall be required to use proprietary technology or applications in order to be reimbursed for providing telemedicine services.

For the purposes of this subdivision, "originating site" means any location where the patient is located, including any medical care facility or office of a health care provider, the home of the patient, the patient's place of employment, or any public or private primary or secondary school or postsecondary institution of higher education at which the person to whom telemedicine services are provided is located; and

27. A provision for the payment of medical assistance for the dispensing or furnishing of up to a 12-month supply of hormonal contraceptives at one time. Absent clinical contraindications, the Department shall not impose any utilization controls or other forms of medical management limiting the supply of hormonal contraceptives that may be dispensed or furnished to an amount less than a 12-month supply. Nothing in this subdivision shall be construed to (i) require a provider to prescribe, dispense, or furnish a 12-month supply of self-administered hormonal contraceptives at one time or (ii) exclude coverage for hormonal contraceptives as prescribed by a prescriber, acting within his scope of practice, for reasons other than contraceptive purposes. As used in this subdivision, "hormonal contraceptive" means a medication taken to prevent pregnancy by means of ingestion of hormones, including medications containing estrogen or progesterone, that is self-administered, requires a prescription, and is approved by the U.S. Food and Drug Administration for such purpose.

B. In preparing the plan, the Board shall:

1. Work cooperatively with the State Board of Health to ensure that quality patient care is provided and that the health, safety, security, rights and welfare of patients are ensured.

2. Initiate such cost containment or other measures as are set forth in the appropriation act.

3. Make, adopt, promulgate and enforce such regulations as may be necessary to carry out the provisions of this chapter.

4. Examine, before acting on a regulation to be published in the Virginia Register of Regulations pursuant to § 2.2-4007.05, the potential fiscal impact of such regulation on local boards of social services. For regulations with potential fiscal impact, the Board shall share copies of the fiscal impact analysis with local boards of social services prior to submission to the Registrar. The fiscal impact analysis shall include the projected costs/savings to the local boards of social services to implement or comply with such regulation and, where applicable, sources of potential funds to implement or comply with such regulation.

5. Incorporate sanctions and remedies for certified nursing facilities established by state law, in accordance with 42 C.F.R. § 488.400 et seq. "Enforcement of Compliance for Long-Term Care Facilities With Deficiencies."

6. On and after July 1, 2002, require that a prescription benefit card, health insurance benefit card, or other technology that complies with the requirements set forth in § 38.2-3407.4:2 be issued to each recipient of medical assistance services, and shall upon any changes in the required data elements set forth in subsection A of § 38.2-3407.4:2, either reissue the card or provide recipients such corrective information as may be required to electronically process a prescription claim.

C. In order to enable the Commonwealth to continue to receive federal grants or reimbursement for medical assistance or related services, the Board, subject to the approval of the Governor, may adopt, regardless of any other provision of this chapter, such amendments to the state plan for medical assistance services as may be necessary to conform such plan with amendments to the United States Social Security Act or other relevant federal law and their implementing regulations or constructions of these laws and regulations by courts of competent jurisdiction or the United States Secretary of Health and Human Services.

In the event conforming amendments to the state plan for medical assistance services are adopted, the Board shall not be required to comply with the requirements of Article 2 (§ 2.2-4006 et seq.) of Chapter 40 of Title 2.2. However, the Board shall, pursuant to the requirements of § 2.2-4002, (i) notify the Registrar of Regulations that such amendment is necessary to meet the requirements of federal law or regulations or because of the order of any state or federal court, or (ii) certify to the Governor that the regulations are necessitated by an emergency situation. Any such amendments that are in conflict with the Code of Virginia shall only remain in effect until July 1 following adjournment of the next regular session of the General Assembly unless enacted into law.

D. The Director of Medical Assistance Services is authorized to:

1. Administer such state plan and receive and expend federal funds therefor in accordance with applicable federal and state laws and regulations; and enter into all contracts necessary or incidental to the performance of the Department's duties and the execution of its powers as provided by law.

2. Enter into agreements and contracts with medical care facilities, physicians, dentists and other health care providers where necessary to carry out the provisions of such state plan. Any such agreement or contract shall terminate upon conviction of the provider of a felony. In the event such conviction is reversed upon appeal, the provider may apply to the Director of Medical Assistance Services for a new agreement or contract. Such provider may also apply to the Director for reconsideration of the agreement or contract termination if the conviction is not appealed, or if it is not reversed upon appeal.

3. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with any provider who has been convicted of or otherwise pled guilty to a felony, or pursuant to Subparts A, B, and C of 42 C.F.R. Part 1002, and upon notice of such action to the provider as required by 42 C.F.R. § 1002.212.

4. Part 1002.

5. Terminate or suspend a provider agreement with a home care organization pursuant to subsection E of § 32.1-162.13.

For the purposes of this subsection, "provider" may refer to an individual or an entity.

All such requests shall be in writing and be received within 15 days of the date of receipt of the notice.

The Director may consider aggravating and mitigating factors including the nature and extent of any adverse impact the agreement or contract denial or termination may have on the medical care provided to Virginia Medicaid recipients. In cases in which an agreement or contract is terminated pursuant to subsection D, the Director may determine the period of exclusion and may consider aggravating and mitigating factors to lengthen or shorten the period of exclusion, and may reinstate the provider pursuant to 42 C.F.R. § 1002.215.

F. When the services provided for by such plan are services which a marriage and family therapist, clinical psychologist, clinical social worker, professional counselor, or clinical nurse specialist is licensed to render in Virginia, the Director shall contract with any duly licensed marriage and family therapist, duly licensed clinical psychologist, licensed clinical social worker, licensed professional counselor or licensed clinical nurse specialist who makes application to be a provider of such services, and thereafter shall pay for covered services as provided in the state plan. The Board shall prepare and submit to the Secretary of the United States Department of Health and Human Services such amendments to the state plan for medical assistance services as may be permitted by federal law to establish a program of family assistance whereby children over the age of 18 years shall make reasonable contributions, as determined by regulations of the Board, toward the cost of providing medical assistance under the plan to their parents.

H. The Department of Medical Assistance Services shall:

1. Include in its provider networks and all of its health maintenance organization contracts a provision for the payment of medical assistance on behalf of individuals up to the age of 21 who have special needs and who are Medicaid eligible, including individuals who have been victims of child abuse and neglect, for medically necessary assessment and treatment services, when such services are delivered by a provider which specializes solely in the diagnosis and treatment of child abuse and neglect, or a provider with comparable expertise, as determined by the Director.

2. Amend the Medallion II waiver and its implementing regulations to develop and implement an exception, with procedural requirements, to mandatory enrollment for certain children between birth and age three certified by the

Department of Behavioral Health and Developmental Services as eligible for services pursuant to Part C of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.).

For the purposes of this subdivision:

"Pharmacy benefits management" means the administration or management of prescription drug benefits provided by a managed care organization for the benefit of covered individuals.

"Pharmacy benefits manager" means a person that performs pharmacy benefits management.

"Spread pricing" means the model of prescription drug pricing in which the pharmacy benefits manager charges a managed care plan a contracted price for prescription drugs, and the contracted price for the prescription drugs differs from the amount the pharmacy benefits manager directly or indirectly pays the pharmacist or pharmacy for pharmacist services.

I. The Director is authorized to negotiate and enter into agreements for services rendered to eligible recipients with special needs. The Board shall promulgate regulations regarding these special needs patients, to include persons with AIDS, ventilator-dependent patients, and other recipients with special needs as defined by the Board.

J. Except as provided in subdivision A 1 of § 2.2-4345, the provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq.) shall not apply to the activities of the Director authorized by subsection I of this section. Agreements made pursuant to this subsection shall comply with federal law and regulation.

The services shall be provided in the same manner and with the same coverage and service limitations as they are provided to children under the State Plan for Medical Assistance Services.

E. The Virginia Plan for Title XXI of the Social Security Act shall include a provision that participants in the Family Access to Medical Insurance Security Plan who have access to employer-sponsored health insurance coverage, as defined in § 32.1-351.1, may, but shall not be required to, enroll in an employer's health plan, and the Department of Medical Assistance Services or its designee shall make premium payments to such employer's plan on behalf of eligible participants if the Department of Medical Assistance Services or its designee determines that such enrollment is cost-effective, as defined in § 32.1-351.1.

F. The Family Access to Medical Insurance Security Plan shall ensure that coverage under this program does not substitute for private health insurance coverage.

G. The health care benefits provided under the Family Access to Medical Insurance Security Plan shall be through existing Department of Medical Assistance Services' contracts with health maintenance organizations and other providers, or through new contracts with health maintenance organizations, health insurance plans, other similarly licensed entities, or other entities as deemed appropriate by the Department of Medical Assistance Services, or through employer-sponsored health insurance. All eligible individuals, insofar as feasible, shall be enrolled in health maintenance organizations.

H. The Department of Medical Assistance Services may establish a centralized processing site for the administration of the program to include responding to inquiries, distributing applications and program information, and receiving and processing applications. The Family Access to Medical Insurance Security Plan shall include a provision allowing a child's application to be filed by a parent, legal guardian, authorized representative or any other adult caretaker relative with whom the child lives. The Department of Medical Assistance Services may contract with third-party administrators to provide any additional administrative services. Duties of the third-party administrators may include, but shall not be limited to, enrollment, outreach, eligibility determination, data collection, premium payment and collection, financial oversight and reporting, and such other services necessary for the administration of the Family Access to Medical Insurance Security Plan. Any centralized processing site shall determine a child's eligibility for either Title XIX or Title XXI and shall enroll eligible children in Title XIX or Title XXI. A single application form shall be used to determine eligibility for Title XIX or Title XXI of the Social Security Act, as amended, and outreach, enrollment, re-enrollment and services delivery shall be coordinated with the FAMIS Plus program pursuant to § 32.1-325. In the event that an application is denied, the applicant shall be notified of any services available in his locality that can be accessed by contacting the local department of social services.

I. The Virginia Plan for Title XXI of the Social Security Act, as amended, shall include a provision that, in addition to any centralized processing site, local social services agencies shall provide and accept applications for the Family Access to Medical Insurance Security Plan and shall assist families in the completion of applications. Contracting health plans, providers, and others may also provide applications for the Family Access to Medical Insurance Security Plan and may assist families in completion of the applications.

J. The Department of Medical Assistance Services shall develop and submit to the federal Secretary of Health and Human Services an amended Title XXI plan for the Family Access to Medical Insurance Security Plan and may revise such plan as may be necessary. Such plan and any subsequent revisions shall comply with the requirements of federal law, this chapter, and any conditions set forth in the appropriation act. In addition, the plan shall provide for coordinated implementation of publicity, enrollment, and service delivery with existing local programs throughout the Commonwealth that provide health care services, educational services, and case management services to children. In developing and revising the plan, the Department of Medical Assistance Services shall advise and consult with the Joint Commission on Health Care.

K. Funding for the Family Access to Medical Insurance Security Plan shall be provided through state and federal appropriations and shall include appropriations of any funds that may be generated through the Virginia Family Access to Medical Insurance Security Plan Trust Fund.

L. The Board of Medical Assistance Services, or the Director, as the case may be, shall adopt, promulgate, and enforce such regulations pursuant to the Administrative Process Act (§ 2.2-4000 et seq.) as may be necessary for the implementation and administration of the Family Access to Medical Insurance Security Plan.

M. Children enrolled in the Virginia Plan for Title XXI of the Social Security Act prior to implementation of these amendments shall continue their eligibility under the Family Access to Medical Insurance Security Plan and shall be given reasonable notice of any changes in their benefit packages. Continuing eligibility in the Family Access to Medical Insurance Security Plan for children enrolled in the Virginia Plan for Title XXI of the Social Security Act prior to implementation of these amendments shall be determined in accordance with their regularly scheduled review dates or pursuant to changes in income status. Families may select among the options available pursuant to subsections D and F of this section.

N. The provisions of Chapter 9 (§ 32.1-310 et seq.) of this title relating to the regulation of medical assistance shall apply, mutatis mutandis, to the Family Access to Medical Insurance Security Plan.

O. In addition, in any case in which any provision set forth in Title 38.2 excludes, exempts or does not apply to the Virginia plan for medical assistance services established pursuant to Title XIX of the Social Security Act, 42 U.S.C. § 1396 et seq. (Medicaid), such exclusion, exemption or carve out of application to Title XIX of the Social Security Act (Medicaid) shall be deemed to subsume and thus to include the Family Access to Medical Insurance Security (FAMIS) Plan, established pursuant to Title XXI of the Social Security Act, upon approval of FAMIS by the federal Centers for Medicare & Medicaid Services as Virginia's State Children's Health Insurance Program.

CHAPTER 246

An Act to amend and reenact § 24.2-706 of the Code of Virginia, relating to absentee voting; third-party absentee ballot assembly and distribution.

[S 1239]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That § 24.2-706 of the Code of Virginia is amended and reenacted as follows:

§ 24.2-706. Duty of general registrar on receipt of application; statement of voter.

A. On receipt of an application for an absentee ballot, the general registrar shall enroll the name and address of each registered applicant on an absentee voter applicant list that shall be maintained in the office of the general registrar with a file of the applications received. The list shall be available for inspection and copying and the applications shall be available for inspection only by any registered voter during regular office hours. Upon request and for a reasonable fee, the Department of Elections shall provide an electronic copy of the absentee voter applicant list to any political party or candidate. Such list shall be used only for campaign and political purposes. Any list made available for inspection and copying under this section shall contain the post office box address in lieu of the residence street address for any individual who has furnished at the time of registration or subsequently, in addition to his street address, a post office box address pursuant to subsection B of § 24.2-418.

No list or application containing an individual's social security number, or any part thereof, or the individual's day and month of birth, shall be made available for inspection or copying by anyone. The Department of Elections shall prescribe procedures for general registrars to make the information in the lists and applications available in a manner that does not reveal social security numbers or parts thereof, or an individual's day and month of birth.

B. The completion and timely delivery of an application for an absentee ballot shall be construed to be an offer by the applicant to vote in the election.

The general registrar shall note on each application received whether the applicant is or is not a registered voter. In reviewing the application for an absentee ballot, the general registrar shall not reject the application of any individual because of an error or omission on any record or paper relating to the application, if such error or omission is not material in determining whether such individual is qualified to vote absentee.

C. If the application has been properly completed and signed and the applicant is a registered voter of the precinct in which he offers to vote, the general registrar shall, at the time when the printed ballots for the election are available, send by the deadline set out in § 24.2-612, obtaining a certificate or other evidence of either first-class or expedited mailing or delivery from the United States Postal Service or other commercial delivery provider, or deliver to him in person in the office of the registrar, the following items and nothing else:

1. An envelope containing the folded ballot, sealed and marked "Ballot within. Do not open except in presence of a witness."

2. An envelope, with printing only on the flap side, for resealing the marked ballot, on which envelope is printed the following:

"Statement of Voter."

"I do hereby state, subject to felony penalties for making false statements pursuant to § 24.2-1016, that my FULL NAME is _____ (last, first, middle); that I am now or have been at some time since last November's general election a legal resident of _____ (STATE YOUR LEGAL RESIDENCE IN VIRGINIA including the house number, street name or rural route address, city, zip code); that I received the enclosed ballot(s) upon application to the registrar of such county or city; that I opened the envelope marked 'ballot within' and marked the ballot(s) in the presence of the witness, without assistance or knowledge on the part of anyone as to the manner in which I marked it (or I am returning the form required to report how I was assisted); that I then sealed the ballot(s) in this envelope; and that I have not voted and will not vote in this election at any other time or place.

Signature of Voter _____

Date _____

Signature of witness _____ "

For elections held after January 1, 2004, instead of the envelope containing the above oath, an envelope containing the standard oath prescribed by the presidential designee under § 101(b)(7) of the Uniformed and Overseas Citizens Absentee Voting Act (52 U.S.C. § 20301 et seq.) shall be sent to voters who are qualified to vote absentee under that Act.

When this statement has been properly completed and signed by the registered voter and witnessed, his ballot shall not be subject to challenge pursuant to § 24.2-651.

3. A properly addressed envelope for the return of the ballot to the general registrar by mail or by the applicant in person.

4. Printed instructions for completing the ballot and statement on the envelope and returning the ballot.

For federal elections held after January 1, 2004, for any voter who is required by subparagraph (b) of 52 U.S.C. § 21083 of the Help America Vote Act of 2002 to show identification the first time the voter votes in a federal election in the state, the printed instructions shall direct the voter to submit with his ballot (i) a copy of a current and valid photo identification or (ii) a copy of a current utility bill, bank statement, government check, paycheck or other government document that shows the name and address of the voter. Such individual who desires to vote by mail but who does not submit one of the forms of identification specified in this paragraph may cast such ballot by mail and the ballot shall be counted as a provisional ballot under the provisions of § 24.2-653.01. The Department of Elections shall provide instructions to the electoral boards for the handling and counting of such provisional ballots pursuant to § 24.2-653.01 and this section.

5. For any voter entitled to vote absentee under the Uniformed and Overseas Citizens Absentee Voting Act (52 U.S.C. § 20301 et seq.), information provided by the Department of Elections specific to the voting rights and responsibilities for such citizens, or information provided by the registrar specific to the status of the voter registration and absentee ballot application of such voter, may be included.

The envelopes and instructions shall be in the form prescribed by the Department of Elections.

D. The general registrar may contract with a third party for the printing, assembly, and mailing of the items set forth in subsection C. The general registrar shall provide to the contractor in a timely manner the names, addresses, precincts, and ballot styles of voters requesting an absentee ballot by mail. The vendor shall provide to the general registrar a report of the voters to whom the absentee ballot materials have been sent.

C. E. If the applicant completes his application in person under § 24.2-701 at a time when the printed ballots for the election are available, he may request that the general registrar send to him by mail the items set forth in subdivisions B C 1 through 4, instead of casting the ballot in person. Such request shall be made no later than 5:00 p.m. on the eleventh day prior to the election in which the applicant offers to vote, and the general registrar shall send those items to the applicant by mail, obtaining a certificate or other evidence of mailing.

D. F. If the applicant is a covered voter, as defined in § 24.2-452, the general registrar, at the time when the printed ballots for the election are available, shall mail by the deadline set forth in § 24.2-612 or deliver in person to the applicant in the office of the general registrar the items as set forth in subdivisions B C 1 through 4 and, if necessary, an application for registration. A certificate or other evidence of mailing shall not be required. If the applicant requests that such items be sent by electronic transmission, the general registrar, at the time when the printed ballots for the election are available but not later than the deadline set forth in § 24.2-612, shall send by electronic transmission the blank ballot, the form for the envelope for returning the marked ballot, and instructions to the voter. Such materials shall be sent using the official email address or fax number of the office of the general registrar published on the Department of Elections website. The State Board of Elections may prescribe by regulation the format of the email address used for transmitting ballots to eligible voters. A general registrar may also use electronic transmission facilities provided by the Federal Voting Assistance Program. The voted ballot shall be returned to the general registrar as otherwise required by this chapter.

E. G. The circuit courts shall have jurisdiction to issue an injunction to enforce the provisions of this section upon the application of (i) any aggrieved voter, (ii) any candidate in an election district in whole or in part in the court's jurisdiction where a violation of this section has occurred, or is likely to occur, or (iii) the campaign committee or the appropriate district political party chairman of such candidate. Any person who fails to discharge his duty as provided in this section through willful neglect of duty and with malicious intent shall be guilty of a Class 1 misdemeanor as provided in subsection A of § 24.2-1001.

2. That the State Board of Elections shall promulgate regulations to implement the provisions of this act to be effective within 60 days of its enactment. Such regulations shall include processes that ensure secure and timely delivery of voter information to contractors and reports of mailed absentee ballots from contractors.

Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. "Department" means the Department of Taxation.

"End user" means a person who purchases prepaid CMRS in a retail transaction.

"Prepaid CMRS" means CMRS that allows a caller to dial 911 to access the 911 system, which CMRS service is required to be paid for in advance and is sold in predetermined units or dollars of which the number declines with use in a known amount.

"Prepaid wireless E-911 charge" means the charge that is required to be collected by a dealer from an end user in the amount established under subsection B.

"Retail transaction" means the purchase of prepaid CMRS from a dealer for any purpose other than resale. If more than one item or article of prepaid CMRS is purchased by an end user, then each item or article purchased shall be deemed to be a separate retail transaction.

B. The prepaid wireless E-911 charge:

1. Shall be ~~\$0.50~~ \$0.55 per retail transaction.

2. Shall be collected by the dealer from the end user with respect to each retail transaction occurring in the Commonwealth. The amount of the prepaid wireless E-911 charge shall be either separately stated on an invoice, receipt, or other similar document that is provided to the end user by the dealer or otherwise disclosed by the dealer to the end user. For purposes of this subdivision, a retail transaction that is effected in person by an end user at a business location of the dealer shall be treated as occurring in the Commonwealth if that business location is in the Commonwealth, and any other retail transaction shall be treated as occurring in the Commonwealth if treated as occurring in the Commonwealth for purposes of the Virginia Retail Sales and Use Tax Act (§ 58.1-600 et seq.).

3. Is the liability of the end user and not of the dealer or of any CMRS provider, except that the dealer shall be liable to remit to the Department all prepaid wireless E-911 charges that the dealer collects from end users as provided in subsection E, including all prepaid wireless E-911 charges that the dealer is deemed to have collected in cases in which the charge has not been separately stated on an invoice, receipt, or other similar document provided to the end user by the dealer.

C. The amount of the prepaid wireless E-911 charge that is collected by a dealer from an end user shall not be included in the base for measuring any fee, tax, surcharge, or other charge that is imposed by the Commonwealth, any political subdivision of the Commonwealth, or any intergovernmental agency.

D. Except as otherwise expressly provided herein, the charge imposed pursuant to this section shall be collected by the Tax Commissioner and shall be implemented, enforced, and collected in the same manner as retail sales and use taxes are implemented, enforced, and collected under the Virginia Retail Sales and Use Tax Act (§ 58.1-600 et seq.). However, as provided in subdivision B 3, the prepaid wireless E-911 charge shall be the liability of the end user and not of the dealer or of any CMRS provider, except that the dealer shall be liable to remit to the Department all prepaid wireless E-911 charges that the dealer collects from end users. A dealer shall be permitted to deduct and retain five percent of prepaid wireless E-911 charges that are collected by the dealer from end users if such charges were not delinquent at the time of remittance to the Department. Nothing herein shall be construed or interpreted as limiting or restricting the discount provided under § 58.1-622 with regard to prepaid CMRS that is taxable under the Virginia Retail Sales and Use Tax Act.

The Department, after subtracting its direct costs of administration, shall deposit all remitted prepaid wireless E-911 charges into the state treasury. The Comptroller shall as soon as practicable deposit such moneys into the Wireless E-911 Fund for use by the Board in accordance with the purposes permitted by this article.

E. The Department shall develop and publish guidelines implementing the provisions of this section and shall update the guidelines as deemed necessary by the Tax Commissioner. The Tax Commissioner shall notify every dealer holding a certificate of registration under § 58.1-613 when the guidelines and any updates are published. The development and publication of the guidelines shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq.).

Among other items, the guidelines shall include provisions exempting small dealers, as defined solely by the Department, from the otherwise mandatory requirement under this section to disclose the prepaid wireless E-911 charge to the end user. The guidelines shall define a "small dealer" based, in part or in whole, upon the extent to which the dealer sells prepaid CMRS.

F. The provisions of this section shall apply to retail transactions occurring on or after January 1, 2011.

CHAPTER 249

An Act to amend and reenact § 37.2-505 of the Code of Virginia, relating to community services boards; discharge planning.

[S 1304]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That § 37.2-505 of the Code of Virginia is amended and reenacted as follows:

§ 37.2-505. Coordination of services for preadmission screening and discharge planning.

A. The community services board shall fulfill the following responsibilities:

1. Be responsible for coordinating the community services necessary to accomplish effective preadmission screening and discharge planning for persons referred to the community services board. When preadmission screening reports are required by the court on an emergency basis pursuant to Article 5 (§ 37.2-814 et seq.) of Chapter 8, the community services board shall ensure the development of the report for the court. To accomplish this coordination, the community services

board shall establish a structure and procedures involving staff from the community services board and, as appropriate, representatives from (i) the state hospital or training center serving the board's service area, (ii) the local department of social services, (iii) the health department, (iv) the Department for Aging and Rehabilitative Services office in the board's service area, (v) the local school division, and (vi) other public and private human services agencies, including licensed hospitals.

2. Provide preadmission screening services prior to the admission for treatment pursuant to § 37.2-805 or Article 5 (§ 37.2-814 et seq.) of Chapter 8 of any person who requires emergency mental health services while in a city or county served by the community services board. In the case of inmates incarcerated in a regional jail, each community services board that serves a county or city that is a participant in the regional jail shall review any existing Memorandum of Understanding between the community services board and any other community services boards that serve the regional jail to ensure that such memorandum sets forth the roles and responsibilities of each community services board in the preadmission screening process, provides for communication and information sharing protocols between the community services boards, and provides for due consideration, including financial consideration, should there be disproportionate obligations on one of the community services boards.

3. Provide, in consultation with the appropriate state hospital or training center, discharge planning for any individual who, prior to admission, resided in a city or county served by the community services board or who chooses to reside after discharge in a city or county served by the board and who is to be released from a state hospital or training center pursuant to § 37.2-837. Upon initiation of discharge planning, the community services board that serves the city or county where the individual resided prior to admission shall inform the individual that he may choose to return to the county or city in which he resided prior to admission or to any other county or city in the Commonwealth. If the individual is unable to make informed decisions regarding his care, the community services board shall so inform his authorized representative, who may choose the county or city in which the individual shall reside upon discharge. In either case and to the extent permitted by federal law, for individuals who choose to return to the county or city in which they resided prior to admission, the community services board shall make every reasonable effort to place the individuals in such county or city. The community services board serving the county or city in which he will reside following discharge shall be responsible for arranging transportation for the individual upon request following the discharge protocols developed by the Department.

The discharge plan shall be completed prior to the individual's discharge. The plan shall be prepared with the involvement and participation of the individual receiving services or his representative and must reflect the individual's preferences to the greatest extent possible. The plan shall include the mental health, developmental, substance abuse, social, educational, medical, employment, housing, legal, advocacy, transportation, and other services that the individual will need upon discharge into the community and identify the public or private agencies that have agreed to provide these services.

No individual shall be discharged from a state hospital or training center without completion by the community services board of the discharge plan described in this subdivision. If state hospital or training center staff identify an individual as ready for discharge and the community services board that is responsible for the individual's care disagrees, the community services board shall document in the treatment plan within ~~30 days~~ *72 hours* of the individual's identification any reasons for not accepting the individual for discharge. If the state hospital or training center disagrees with the community services board and the board refuses to develop a discharge plan to accept the individual back into the community, the state hospital or training center or the community services board shall ask the Commissioner to review the state hospital's or training center's determination that the individual is ready for discharge in accordance with procedures established by the Department in collaboration with state hospitals, training centers, and community services boards. If the Commissioner determines that the individual is ready for discharge, a discharge plan shall be developed by the Department to ensure the availability of adequate services for the individual and the protection of the community. The Commissioner also shall verify that sufficient state-controlled funds have been allocated to the community services board through the performance contract. If sufficient state-controlled funds have been allocated, the Commissioner may contract with a private provider, another community services board, or a behavioral health authority to deliver the services specified in the discharge plan and withhold allocated funds applicable to that individual's discharge plan from the community services board in accordance with subsections C and E of § 37.2-508.

4. Provide information, if available, to all hospitals licensed pursuant to Article 1 (§ 32.1-123 et seq.) of Chapter 5 of Title 32.1 about alcohol and substance abuse services available to minors.

B. The community services board may perform the functions set out in subdivision A 1 in the case of children by referring them to the locality's family assessment and planning team and by cooperating with the community policy and management team in the coordination of services for troubled youths and their families. The community services board may involve the family assessment and planning team and the community policy and management team, but it remains responsible for performing the functions set out in subdivisions A 2 and A 3 in the case of children.

2. That the Commissioner of Behavioral Health and Developmental Services shall establish a work group with representatives of the Virginia Association of Community Services Boards to (i) review the current process for discharging patients from state mental health hospitals, including the current assigned responsibilities of state hospital staff and community services board staff, as well as the barriers to timely discharge for patients clinically ready to discharge, and (ii) develop potential options to expedite the discharge process for individuals who can be safely discharged back into the community. The work group shall develop a plan that includes recommendations for expediting the discharge process and shall identify the necessary funding to ensure that individuals receive essential

services upon discharge and that discharges are timely. The work group shall report its findings and conclusions and its plan to the Chairmen of the House Committee on Health, Welfare and Institutions and the Senate Committee on Education and Health by September 1, 2021.

CHAPTER 250

For all other persons, a home shall mean the house and lot used as the principal residence, as well as all contiguous property, as long as the value of the land, exclusive of the lot occupied by the house, does not exceed \$5,000. Payment shall be made for any postpartum home visit or visits for the mothers and the children which are within the time periods recommended by the attending physicians in accordance with and as indicated by such Guidelines or Standards. For the purposes of this subdivision, such Guidelines or Standards shall include any changes thereto within six months of the publication of such Guidelines or Standards or any official amendment thereto;

7. A provision for the payment for family planning services on behalf of women who were Medicaid-eligible for prenatal care and delivery as provided in this section at the time of delivery. Such family planning services shall begin with delivery and continue for a period of 24 months, if the woman continues to meet the financial eligibility requirements for a pregnant woman under Medicaid. For the purposes of this section, family planning services shall not cover payment for abortion services and no funds shall be used to perform, assist, encourage or make direct referrals for abortions;

8. A provision for payment of medical assistance for high-dose chemotherapy and bone marrow transplants on behalf of individuals over the age of 21 who have been diagnosed with lymphoma, breast cancer, myeloma, or leukemia and have been determined by the treating health care provider to have a performance status sufficient to proceed with such high-dose chemotherapy and bone marrow transplant. Appeals of these cases shall be handled in accordance with the Department's expedited appeals process;

9. A provision identifying entities approved by the Board to receive applications and to determine eligibility for medical assistance, which shall include a requirement that such entities (i) obtain accurate contact information, including the best available address and telephone number, from each applicant for medical assistance, to the extent required by federal law and regulations, and (ii) provide each applicant for medical assistance with information about advance directives pursuant to Article 8 (§ 54.1-2981 et seq.) of Chapter 29 of Title 54.1, including information about the purpose and benefits of advance directives and how the applicant may make an advance directive;

10. A provision for breast reconstructive surgery following the medically necessary removal of a breast for any medical reason. Breast reductions shall be covered, if prior authorization has been obtained, for all medically necessary indications. Such procedures shall be considered noncosmetic;

11. A provision for payment of medical assistance for annual pap smears;

12. A provision for payment of medical assistance services for prostheses following the medically necessary complete or partial removal of a breast for any medical reason;

A provision for payment of medical assistance which provides for payment for 48 hours of inpatient treatment for a patient following a radical or modified radical mastectomy and 24 hours of inpatient care following a total mastectomy or a partial mastectomy with lymph node dissection for treatment of disease or trauma of the breast. Nothing in this subdivision shall be construed as requiring the provision of inpatient coverage where the attending physician in consultation with the patient determines that a shorter period of hospital stay is appropriate;

14. A requirement that certificates of medical necessity for durable medical equipment and any supporting verifiable documentation shall be signed, dated, and returned by the physician, physician assistant, or nurse practitioner and in the durable medical equipment provider's possession within 60 days from the time the ordered durable medical equipment and supplies are first furnished by the durable medical equipment provider;

15. A provision for payment of medical assistance to (i) persons age 50 and over and (ii) persons age 40 and over who are at high risk for prostate cancer, according to the most recent published guidelines of the American Cancer Society, for one PSA test in a 12-month period and digital rectal examinations, all in accordance with American Cancer Society guidelines. 17. A provision, when in compliance with federal law and regulation and approved by the Centers for Medicare & Medicaid Services (CMS), for payment of medical assistance services delivered to Medicaid-eligible students when such services qualify for reimbursement by the Virginia Medicaid program and may be provided by school divisions, *regardless of whether the student receiving care has an individualized education program or whether the health care service is included in a student's individualized education program. In the event conforming amendments to the state plan for medical assistance services are adopted, the Board shall not be required to comply with the requirements of Article 2 (§ 2.2-4006 et seq.) of Chapter 40 of Title 2.2. However, the Board shall, pursuant to the requirements of § 2.2-4002, (i) notify the Registrar of Regulations that such amendment is necessary to meet the requirements of federal law or regulations or because of the order of any state or federal court, or (ii) certify to the Governor that the regulations are necessitated by an emergency situation. The Board shall promulgate regulations regarding these special needs patients, to include persons with AIDS, ventilator-dependent patients, and other recipients with special needs as defined by the Board.

E. The Board of Medical Assistance Services shall cooperate with the Board of Education in developing a form to be included with the Individualized Education Plan (IEP) that shall be accepted by the Department of Medical Assistance Services as the plan of care (POC) and in collecting the data necessary to establish separate and specific Medicaid rates for the IEP meetings and other services delivered by school divisions to students.

The child day center, family day home, or family day system described in subsection A shall inform every individual required to undergo a background check pursuant to this section that he is entitled to obtain a copy of any background check report and to challenge the accuracy and completeness of any such report and obtain a prompt resolution

before a final determination is made of the individual's eligibility to have responsibility for the safety and well-being of children.

D. Any person making a materially false statement regarding the sworn statement or affirmation provided pursuant to subdivision B 1 is guilty of a Class 1 misdemeanor.

E. Further dissemination of the background check information is prohibited (i) other than to the Superintendent's representative or a federal or state authority or court as may be required to comply with an express requirement of law for such further dissemination or (ii) *except as provided in subsection J.*

F. A person who complies in good faith with the provisions of this section shall not be liable for any civil damages for any act or omission in the performance of duties under this section unless the act or omission was the result of gross negligence or willful misconduct.

G. Notwithstanding the provisions of subsection A, a child day center may hire for compensated employment persons who have been convicted of not more than one misdemeanor offense under § 18.2-57, or any substantially similar offense under the laws of another jurisdiction, if 10 years have elapsed following the conviction, unless the person committed such offense while employed in a child day center or the object of the offense was a minor.

H. Fees charged for the processing and administration of background checks pursuant to this section shall not exceed the actual cost to the state or the local law-enforcement agency of such processing and administration.

I. Any individual required to undergo a background check pursuant to subsection A who is (i) convicted of any barrier crime as defined in § 19.2-392.02 or (ii) found to be the subject of a founded complaint of child abuse or neglect within or outside of the Commonwealth shall notify the child day center, family day home, or family day system described in subsection A of such conviction or finding.

J. Notwithstanding the provisions of subsection A, a background check shall not be required for any individual who has completed a background check under the provisions of this section within the previous five years, provided that (i) such background check was conducted after July 1, 2017; (ii) the results of such background check indicated that the individual had not been convicted of any barrier crime as defined in § 19.2-392.02 and was not the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth; and (iii) the individual is currently or has been, within the previous 180 days, employed by or a volunteer at a child day center, family day home, family day system, or child day program described in subsection A. Prior to hiring or allowing to volunteer any individual required to undergo a background check pursuant to subsection A without the completion of a background check under the provisions of subsection B, the child day center, family day home, family day system, or child day program shall, upon the individual's written consent, obtain written certification from the Department or its designee that such individual satisfies all requirements set forth in this subsection and is eligible to serve as an employee or volunteer. If the individual meets all requirements set forth in this subsection and is eligible to serve as an employee or volunteer at the child day center, family day home, family day system, or child day program, the written certification shall also state the next date by which another background check for such person shall be completed in accordance with subsection B. Such written certifications shall not reveal the nature of any disqualifying barrier crime or founded complaint of child abuse or neglect or any other information about the individual.

§ 22.1-289.039. (Effective July 1, 2021) Records check by unlicensed child day center; penalty.

Any child day center that is exempt from licensure pursuant to § 22.1-289.031 shall require all applicants for employment, employees, applicants to serve as volunteers, and volunteers and any other person who is expected to be alone with one or more children enrolled in the child day center to obtain a background check in accordance with § 22.1-289.035. A child day center that is exempt from licensure pursuant to § 22.1-289.031 shall refuse employment or service to any person who (i) has been convicted of any barrier crime as defined in § 19.2-392.02 or (ii) is the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth. The foregoing provisions shall not apply to a parent or guardian who may be left alone with his own child. For purposes of this section, convictions shall include prior adult convictions and juvenile convictions or adjudications of delinquency based on a crime that would have been a felony if committed by an adult within or outside the Commonwealth. Further dissemination of the information provided to the facility is prohibited, *except as otherwise provided in subsection J of § 22.1-289.035.*

§ 63.2-1720.1. (Repealed effective July 1, 2021) Licensed child day centers and licensed family day homes; employment for compensation or use as volunteers of persons convicted of or found to have committed certain offenses prohibited; national background check required; penalty.

A. No child day center, family day home, or family day system licensed in accordance with the provisions of this chapter, child day center exempt from licensure pursuant to § 63.2-1716, registered family day home, family day home approved by a family day system, or child day center, family day home, or child day program that enters into a contract with the Department or a local department to provide child care services funded by the Child Care and Development Block Grant shall hire for compensated employment, continue to employ, or permit to serve as a volunteer who will be alone with, in control of, or supervising children any person who (i) has been convicted of any barrier crime as defined in § 19.2-392.02 or (ii) is the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth. All applicants for employment, employees, applicants to serve as volunteers, and volunteers shall undergo a background check in accordance with subsection B prior to employment or beginning to serve as a volunteer and every five years thereafter.

B. Any individual required to undergo a background check in accordance with subsection A shall:

1. Provide a sworn statement or affirmation disclosing whether he has ever been convicted of or is the subject of pending charges for any offense within or outside the Commonwealth and whether he has been the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth;

4. Authorize the child day center, family day home, or family day system described in subsection A to obtain a copy of the results of a criminal history record information check, a sex offender registry check, and a search of the child abuse and neglect registry or equivalent registry from any state in which the individual has resided in the preceding five years.

The individual's fingerprints and personal descriptive information obtained pursuant to subdivision 2 shall be forwarded by the Department or its designee or, in the case of a child day program operated by a local government, may be forwarded by the local law-enforcement agency through the Central Criminal Records Exchange to the Federal Bureau of Investigation for the purpose of obtaining national criminal history record information regarding such individual. Upon receipt of the individual's record or notification that no record exists, the Central Criminal Records Exchange shall forward the information to the Department, and the Department shall report to the child day center, family day home, or family day system described in subsection A as to whether the individual is eligible to have responsibility for the safety and well-being of children. In cases in which the record forwarded to the Department is lacking disposition data, the Department shall conduct research in whatever state and local recordkeeping systems are available in order to obtain complete data before reporting to the child day center, family day home, or family day system.

C. The child day center, family day home, or family day system described in subsection A shall inform every individual required to undergo a background check pursuant to this section that he is entitled to obtain a copy of any background check report and to challenge the accuracy and completeness of any such report and obtain a prompt resolution before a final determination is made of the individual's eligibility to have responsibility for the safety and well-being of children.

D. Any person making a materially false statement regarding the sworn statement or affirmation provided pursuant to subdivision B 1 is guilty of a Class 1 misdemeanor.

E. Further dissemination of the background check information is prohibited (i) other than to the Commissioner's representative or a federal or state authority or court as may be required to comply with an express requirement of law for such further dissemination or (ii) *except as provided in subsection J*.

F. A person who complies in good faith with the provisions of this section shall not be liable for any civil damages for any act or omission in the performance of duties under this section unless the act or omission was the result of gross negligence or willful misconduct.

G. Notwithstanding the provisions of subsection A, a child day center may hire for compensated employment persons who have been convicted of not more than one misdemeanor offense under § 18.2-57, or any substantially similar offense under the laws of another jurisdiction, if 10 years have elapsed following the conviction, unless the person committed such offense while employed in a child day center or the object of the offense was a minor.

H. Fees charged for the processing and administration of background checks pursuant to this section shall not exceed the actual cost to the state or the local law-enforcement agency of such processing and administration.

I. Any individual required to undergo a background check pursuant to subsection A who is (i) convicted of any barrier crime as defined in § 19.2-392.02 or (ii) found to be the subject of a founded complaint of child abuse or neglect within or outside of the Commonwealth shall notify the child day center, family day home, or family day system described in subsection A of such conviction or finding.

J. Notwithstanding the provisions of subsection A, a background check shall not be required for any individual who has completed a background check under the provisions of this section within the previous five years, provided that (i) such background check was conducted after July 1, 2017; (ii) the results of such background check indicated that the individual had not been convicted of any barrier crime as defined in § 19.2-392.02 and was not the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth; and (iii) the individual is currently or has been, within the previous 180 days, employed by or a volunteer at a child welfare agency described in subsection A. Prior to hiring or allowing to volunteer any individual required to undergo a background check pursuant to subsection A without the completion of a background check under the provisions of subsection B, the child welfare agency shall, upon the individual's written consent, obtain written certification from the Department or its designee that such individual satisfies all requirements set forth in this subsection and is eligible to serve as an employee or volunteer at the child welfare agency. If the individual meets all requirements set forth in this subsection and is eligible to serve as an employee or volunteer at the child welfare agency, the written certification shall also state the next date by which another background check for such person shall be completed in accordance with subsection B. Such written certifications shall not reveal the nature of any disqualifying barrier crime or founded complaint of child abuse or neglect or any other information about the individual.

§ 63.2-1724. (Repealed effective July 1, 2021) Records check by unlicensed child day center; penalty.

Any child day center that is exempt from licensure pursuant to § 63.2-1716 shall require all applicants for employment, employees, applicants to serve as volunteers, and volunteers and any other person who is expected to be alone with one or

more children enrolled in the child day center to obtain a background check in accordance with § 63.2-1720.1. A child day center that is exempt from licensure pursuant to § 63.2-1716 shall refuse employment or service to any person who (i) has been convicted of any barrier crime as defined in § 19.2-392.02 or (ii) is the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth. The foregoing provisions shall not apply to a parent or guardian who may be left alone with his own child. For purposes of this section, convictions shall include prior adult convictions and juvenile convictions or adjudications of delinquency based on a crime that would have been a felony if committed by an adult within or outside the Commonwealth. Further dissemination of the information provided to the facility is prohibited, *except as otherwise provided in subsection J of § 63.2-1720.1.*

2. That the provisions of §§ 19.2-389, as it is currently effective, 63.2-1720.1, and 63.2-1724 of the Code of Virginia, as amended by this act, (i) shall not become effective unless the provisions of Chapter 14.1 (§ 22.1-289.02 et seq.) of Title 22.1 of the Code of Virginia, except for § 22.1-289.04 of the Code of Virginia, become effective on a date subsequent to July 1, 2021, and (ii) shall expire upon the effective date of such provisions of Chapter 14.1 of Title 22.1 of the Code of Virginia.

3. That the provisions of §§ 19.2-389, as it shall become effective, 22.1-289.035, as it shall become effective, and 22.1-289.039, as it shall become effective, of the Code of Virginia, as amended by this act, shall become effective on January 1, 2022.

4. That the Department of Education (the Department) shall establish a two-year pilot program for the purpose of stabilizing and improving the quality of services provided in the Commonwealth's child care industry. To the extent permitted under federal law and regulations, the pilot program shall provide a fixed sum of funds to certain child care providers that have entered into a contract with the Department or its agents or designees to provide child care services funded by the Child Care and Development Block Grant and that have agreed to meet higher standards of quality and care, as determined by the Department. The fixed amount of funds disbursed to a participating child care provider shall be determined based on (i) the number of children that the provider contracts with the Department to provide care for, subject to any attendance requirements established by the Department; (ii) the Department's estimated comprehensive costs of providing high-quality, full-time child care services; and (iii) funds necessary to provide equitable compensation to child care staff. In determining which child care providers shall be permitted to participate in the pilot program, the Department shall prioritize providers that are located in areas of the Commonwealth that have the greatest need for child care services and serve families that are underserved and have the greatest need for child care services. The Department shall require all child care providers that participate in the pilot program to report to the Department (a) de-identified data regarding wages paid to employees of the provider and associated retention rates, (b) information that can be used to assess the financial stability of providers both before and during participation in the pilot program, and (c) any other information necessary to evaluate the effectiveness of the pilot program. The Department shall report to the Governor and the General Assembly no later than December 1 of each year of the pilot program. Such report shall include (1) the number of child care providers selected to participate in the pilot program; (2) the criteria for selection and other statistical information about child care providers selected to participate in the pilot program; (3) the locations of participating child care providers; (4) information regarding wages paid to employees of participating child care providers and associated retention rates; (5) information that can be used to assess the financial stability of participating child care providers both before and during participation in the pilot program; (6) child outcome analysis and evaluation; (7) actual expenditures for the pilot program; (8) the projected cost of and potential revenue sources for expanding the pilot program to all child care providers that have entered into a contract with the Department or its agents or designees to provide child care services funded by the Child Care and Development Block Grant; and (9) any other information deemed necessary by the Department to evaluate the effectiveness of the pilot program.

5. That the Department of Education (the Department) shall, in collaboration with the School Readiness Committee, identify and analyze financing strategies that can be used to support the systemic costs of high-quality child care services, ensure equitable compensation for child care staff, and better prepare children for kindergarten. The Department shall also analyze the effectiveness of using a cost-of-quality modeling system for the child care subsidy program. The Department shall report its findings to the Governor and the General Assembly no later than December 1, 2021.

CHAPTER 252

An Act to amend and reenact § 63.2-1241 of the Code of Virginia, relating to confirmatory adoption.

[S 1321]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That § 63.2-1241 of the Code of Virginia is amended and reenacted as follows:

Article 4.

Stepparent and Confirmatory Adoption.

§ 63.2-1241. Adoption of child by spouse of birth or adoptive parent or other person with legitimate interest.

A. In cases in which the spouse of a birth parent or parent by adoption *or a person with a legitimate interest* who is not the birth parent of a child wishes to adopt the child, the birth parent *or parent by adoption* and *his such parent's spouse or other person with a legitimate interest* may file a petition for adoption in the circuit court of the county or city where the birth parent *or parent by adoption* and *his such parent's spouse or other person with a legitimate interest* reside or the county or city where the child resides. The petition shall be the joint petition of the birth parent *or parent by adoption* and *his such parent's spouse or other person with a legitimate interest*, but the birth parent *or parent by adoption* shall unite in the petition for the purpose of indicating consent to the prayer thereof only. The petition shall also state whether the petitioners seek to change the name of the child.

B. The court may order the proposed adoption and change of name without referring the matter to the local director if (i) the birth parent or parent by adoption, other than the birth parent or parent by adoption joining in the petition for adoption, is deceased; (ii) the birth parent or parent by adoption, other than the birth parent or parent by adoption joining in the petition for adoption, consents to the adoption in writing and under oath; (iii) the acknowledged, adjudicated, presumed, or putative father denies paternity of the child; (iv) the birth mother swears under oath and in writing that the identity of the father is not reasonably ascertainable; (v) the child is the result of surrogacy and the birth parent, other than the birth parent joining in the petition, consents to the adoption in writing; (vi) the parent by adoption joining in the petition was not married at the time the child was adopted; or (vii) the child is 14 years of age or older and has lived in the home of the person desiring to adopt the child for at least five years. However, if the court in its discretion determines that there should be an investigation before a final order of adoption is entered, the court shall refer the matter to the local director for an investigation and report to be completed within such time as the circuit court designates. If an investigation is ordered, the circuit court shall forward a copy of the petition and all exhibits thereto to the local director and the provisions of § 63.2-1208 shall apply.

C. If an acknowledged, adjudicated, presumed, or putative birth parent or parent by adoption of a child refuses to consent to the adoption of a child by the spouse of the other birth parent or parent by adoption of the child *or other person with a legitimate interest*, the court shall determine whether consent to the adoption is withheld contrary to the best interests of the child. If the court determines that consent to the adoption is withheld contrary to the best interests of the child, the court may order the adoption and change of name without referring the matter to the local director. However, if the court in its discretion determines that there should be an investigation before a final order of adoption is entered, the circuit court shall refer the matter to the local director for an investigation and report to be completed within such time as the circuit court designates. The order of reference may include a requirement that the local director investigate factors relevant to determining whether consent of a birth parent is withheld contrary to the best interests of the child, including factors set forth in § 63.2-1205. If an investigation is ordered, the circuit court shall forward a copy of the petition and all exhibits thereto to the local director and the provisions of § 63.2-1208 shall apply.

D. In any case involving adoption of a child by a stepparent *or other person with a legitimate interest* pursuant to this section, the court may waive appointment of a guardian ad litem for the child.

E. *For the purposes of this section, "person with a legitimate interest" means the same as that term is defined in § 20-124.1.*

CHAPTER 253

An Act to amend and reenact § 20-124.2 of the Code of Virginia, relating to visitation; petition of grandparent.

[S 1325]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That § 20-124.2 of the Code of Virginia is amended and reenacted as follows:

§ 20-124.2. Court-ordered custody and visitation arrangements.

A. In any case in which custody or visitation of minor children is at issue, whether in a circuit or district court, the court shall provide prompt adjudication, upon due consideration of all the facts, of custody and visitation arrangements, including support and maintenance for the children, prior to other considerations arising in the matter. The court may enter an order pending the suit as provided in § 20-103. The procedures for determining custody and visitation arrangements shall insofar as practical, and consistent with the ends of justice, preserve the dignity and resources of family members. Mediation shall be used as an alternative to litigation where appropriate. When mediation is used in custody and visitation matters, the goals may include development of a proposal addressing the child's residential schedule and care arrangements, and how disputes between the parents will be handled in the future.

B. In determining custody, the court shall give primary consideration to the best interests of the child. The court shall consider and may award joint legal, joint physical, or sole custody, and there shall be no presumption in favor of any form of custody. The court shall assure minor children of frequent and continuing contact with both parents, when appropriate, and encourage parents to share in the responsibilities of rearing their children. As between the parents, there shall be no presumption or inference of law in favor of either. The court shall give due regard to the primacy of the parent-child relationship but may upon a showing by clear and convincing evidence that the best interest of the child would be served thereby award custody or visitation to any other person with a legitimate interest.

B1. In any case or proceeding involving the custody or visitation of a child, as to a parent, the court may, in its discretion, use the phrase "parenting time" to be synonymous with the term "visitation."

B2. *In any case or proceeding in which a grandparent has petitioned the court for visitation with a minor grandchild, and a natural or adoptive parent of the minor grandchild is deceased or incapacitated, the grandparent who is related to such deceased or incapacitated parent shall be permitted to introduce evidence of such parent's consent to visitation with the grandparent, in accordance with the rules of evidence. If the parent's consent is proven by a preponderance of the evidence, the court may then determine if grandparent visitation is in the best interest of the minor grandchild. For the purposes of this subsection, "incapacitated parent" has the same meaning ascribed to the term "incapacitated person" in § 64.2-2000.*

C. The court may order that support be paid for any child of the parties. Upon request of either party, the court may order that such support payments be made to a special needs trust or an ABLE savings trust account as defined in § 23.1-700. The court shall also order that support will continue to be paid for any child over the age of 18 who is (i) a full-time high school student, (ii) not self-supporting, and (iii) living in the home of the party seeking or receiving child support until such child reaches the age of 19 or graduates from high school, whichever first occurs. The court may also order that support be paid or continue to be paid for any child over the age of 18 who is (a) severely and permanently mentally or physically disabled, and such disability existed prior to the child reaching the age of 18 or the age of 19 if the child met the requirements of clauses (i), (ii), and (iii); (b) unable to live independently and support himself; and (c) residing in the home of the parent seeking or receiving child support. In addition, the court may confirm a stipulation or agreement of the parties which extends a support obligation beyond when it would otherwise terminate as provided by law. The court shall have no authority to decree support of children payable by the estate of a deceased party. The court may make such further decree as it shall deem expedient concerning support of the minor children, including an order that either party or both parties provide health care coverage or cash medical support, or both.

D. In any case in which custody or visitation of minor children is at issue, whether in a circuit or district court, the court may order an independent mental health or psychological evaluation to assist the court in its determination of the best interests of the child. The court may enter such order as it deems appropriate for the payment of the costs of the evaluation by the parties.

E. The court shall have the continuing authority and jurisdiction to make any additional orders necessary to effectuate and enforce any order entered pursuant to this section or § 20-103 including the authority to punish as contempt of court any willful failure of a party to comply with the provisions of the order. A parent or other person having legal custody of a child may petition the court to enjoin and the court may enter an order to enjoin a parent of the child from filing a petition relating to custody and visitation of that child for any period of time up to 10 years if doing so is in the best interests of the child and such parent has been convicted of an offense under the laws of the Commonwealth or a substantially similar law of another state, the United States, or any foreign jurisdiction which constitutes (i) murder or voluntary manslaughter, or a felony attempt, conspiracy or solicitation to commit any such offense, if the victim of the offense was a child of the parent, a child with whom the parent resided at the time the offense occurred, or the other parent of the child, or (ii) felony assault resulting in serious bodily injury, felony bodily wounding resulting in serious bodily injury, or felony sexual assault, if the victim of the offense was a child of the parent or a child with whom the parent resided at the time of the offense. When such a petition to enjoin the filing of a petition for custody and visitation is filed, the court shall appoint a guardian ad litem for the child pursuant to § 16.1-266.

F. In any custody or visitation case or proceeding wherein an order prohibiting a party from picking the child up from school is entered pursuant to this section or § 20-103, the court shall order a party to such case or proceeding to provide a copy of such custody or visitation order to the school at which the child is enrolled within three business days of such party's receipt of such custody or visitation order.

If a custody determination affects the school enrollment of the child subject to such custody order and prohibits a party from picking the child up from school, the court shall order a party to provide a copy of such custody order to the school at which the child will be enrolled within three business days of such party's receipt of such order. Such order directing a party to provide a copy of such custody or visitation order shall further require such party, upon any subsequent change in the child's school enrollment, to provide a copy of such custody or visitation order to the new school at which the child is subsequently enrolled within three business days of such enrollment.

If the court determines that a party is unable to deliver the custody or visitation order to the school, such party shall provide the court with the name of the principal and address of the school, and the court shall cause the order to be mailed by first class mail to such school principal.

Nothing in this section shall be construed to require any school staff to interpret or enforce the terms of such custody or visitation order.

CHAPTER 254

An Act to amend and reenact §§ 16.1-228, 16.1-282.1, 63.2-100, as it is currently effective and as it shall become effective, 63.2-905, 63.2-906, and 63.2-1305 of the Code of Virginia and to amend the Code of Virginia by adding in Chapter 13 of Title 63.2 a section numbered 63.2-1306, relating to State-Funded Kinship Guardianship Assistance program.

[S 1328]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-228, 16.1-282.1, 63.2-100, as it is currently effective and as it shall become effective, 63.2-905, 63.2-906, and 63.2-1305 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding in Chapter 13 of Title 63.2 a section numbered 63.2-1306 as follows:

§ 16.1-228. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Abused or neglected child" means any child:

1. Whose parents or other person responsible for his care creates or inflicts, threatens to create or inflict, or allows to be created or inflicted upon such child a physical or mental injury by other than accidental means, or creates a substantial risk of death, disfigurement or impairment of bodily or mental functions, including, but not limited to, a child who is with his parent or other person responsible for his care either (i) during the manufacture or attempted manufacture of a Schedule I or II controlled substance, or (ii) during the unlawful sale of such substance by that child's parents or other person responsible for his care, where such manufacture, or attempted manufacture or unlawful sale would constitute a felony violation of § 18.2-248;

2. Whose parents or other person responsible for his care neglects or refuses to provide care necessary for his health; however, no child who in good faith is under treatment solely by spiritual means through prayer in accordance with the tenets and practices of a recognized church or religious denomination shall for that reason alone be considered to be an abused or neglected child;

3. Whose parents or other person responsible for his care abandons such child;

4. Whose parents or other person responsible for his care commits or allows to be committed any sexual act upon a child in violation of the law;

5. Who is without parental care or guardianship caused by the unreasonable absence or the mental or physical incapacity of the child's parent, guardian, legal custodian, or other person standing in loco parentis;

6. Whose parents or other person responsible for his care creates a substantial risk of physical or mental injury by knowingly leaving the child alone in the same dwelling, including an apartment as defined in § 55.1-2000, with a person to whom the child is not related by blood or marriage and who the parent or other person responsible for his care knows has been convicted of an offense against a minor for which registration is required as a Tier III offender pursuant to § 9.1-902; or

7. Who has been identified as a victim of sex trafficking or severe forms of trafficking as defined in the federal Trafficking Victims Protection Act of 2000, 22 U.S.C. § 7102 et seq., and in the federal Justice for Victims of Trafficking Act of 2015, 42 U.S.C. § 5101 et seq.

If a civil proceeding under this chapter is based solely on the parent having left the child at a hospital or emergency medical services agency, it shall be an affirmative defense that such parent safely delivered the child to a hospital that provides 24-hour emergency services or to an attended emergency medical services agency that employs emergency medical services personnel, within 14 days of the child's birth. For purposes of terminating parental rights pursuant to § 16.1-283 and placement for adoption, the court may find such a child is a neglected child upon the ground of abandonment.

"Adoptive home" means the place of residence of any natural person in which a child resides as a member of the household and in which he has been placed for the purposes of adoption or in which he has been legally adopted by another member of the household.

"Adult" means a person 18 years of age or older.

"Ancillary crime" or "ancillary charge" means any delinquent act committed by a juvenile as a part of the same act or transaction as, or that constitutes a part of a common scheme or plan with, a delinquent act that would be a felony if committed by an adult.

"Boot camp" means a short-term secure or nonsecure juvenile residential facility with highly structured components including, but not limited to, military style drill and ceremony, physical labor, education and rigid discipline, and no less than six months of intensive aftercare.

"Child," "juvenile," or "minor" means a person who is (i) younger than 18 years of age or (ii) for purposes of the Fostering Futures program set forth in Article 2 (§ 63.2-917 et seq.) of Chapter 9 of Title 63.2, younger than 21 years of age and meets the eligibility criteria set forth in § 63.2-919.

A. In the case of a child who was the subject of a foster care plan filed with the court pursuant to § 16.1-281, a permanency planning hearing shall be held within 10 months of the dispositional hearing at which the foster care plan pursuant to § 16.1-281 was reviewed if the child (a) was placed through an agreement between the parents or guardians and the local board of social services where legal custody remains with the parents or guardians and such agreement has not been dissolved by court order; or (b) is under the legal custody of a local board of social services or a child welfare agency and has not had a petition to terminate parental rights filed on the child's behalf, has not been placed in permanent foster care, or is age 16 or over and the plan for the child is not independent living. The board or child welfare agency shall file a petition for a permanency planning hearing 30 days prior to the date of the permanency planning hearing scheduled by the court. The purpose of this hearing is to establish a permanent goal for the child and either to achieve the permanent goal or to defer such action through the approval of an interim plan for the child.

To achieve the permanent goal, the petition for a permanency planning hearing shall seek to (i) transfer the custody of the child to his prior family, or dissolve the board's placement agreement and return the child to his prior family; (ii) transfer custody of the child to a relative other than the child's prior family or to fictive kin for the purpose of establishing eligibility for the *Federal-Funded Kinship Guardianship Assistance program* pursuant to § 63.2-1305 or the *State-Funded Kinship Guardianship Assistance program pursuant to § 63.2-1306*, subject to the provisions of subsection A1; (iii) terminate residual parental rights pursuant to § 16.1-277.01 or 16.1-283; (iv) place a child who is 16 years of age or older in permanent foster care pursuant to § 63.2-908; (v) if the child has been admitted to the United States as a refugee or asylee and has attained the age of 16 years or older and the plan is independent living, direct the board or agency to provide the child with services to transition from foster care; or (vi) place a child who is 16 years of age or older in another planned permanent living arrangement in accordance with the provisions of subsection A2. If the child has been in the custody of a local board or child welfare agency for 15 of the most recent 22 months and no petition for termination of parental rights has been filed with the court, the local board or child welfare agency shall state in its petition for a permanency planning hearing (a) the reasons, pursuant to subdivision A 1, 2, or 3 of § 63.2-910.2, why a petition for termination of parental rights has not been filed and (b) the reasonable efforts made regarding reunification or transfer of custody to a relative and the timeline of such efforts. In cases in which a foster care plan approved prior to July 1, 2011, includes independent living as the goal for a child who is not admitted to the United States as an asylee or refugee, the petition shall direct the board or agency to provide the child with services to transition from foster care.

For approval of an interim plan, the petition for a permanency planning hearing shall seek to continue custody with the board or agency, or continue placement with the board through a parental agreement; or transfer custody to the board or child welfare agency from the parents or guardian of a child who has been in foster care through an agreement where the parents or guardian retains custody.

Upon receipt of the petition, if a permanency planning hearing has not already been scheduled, the court shall schedule such a hearing to be held within 30 days. The permanency planning hearing shall be held within 10 months of the dispositional hearing at which the foster care plan was reviewed pursuant to § 16.1-281. The provisions of subsection B of § 16.1-282 shall apply to this petition. The procedures of subsection C of § 16.1-282 and the provisions of subsection G of § 16.1-282 shall apply to the scheduling and notice of proceedings under this section.

A1. The following requirements shall apply to the transfer of custody of the child to a relative other than the child's prior family or to fictive kin for the purpose of establishing eligibility for the *Federal-Funded Kinship Guardianship Assistance program* pursuant to § 63.2-1305 or the *State-Funded Kinship Guardianship Assistance program pursuant to § 63.2-1306* in accordance with the provisions of clause (ii) of subsection A. Any order transferring custody of the child to a relative other than the child's prior family shall be entered only upon a finding, based upon a preponderance of the evidence, that the relative is one who, after an investigation as directed by the court, (i) is found by the court to be willing and qualified to receive and care for the child; (ii) is willing to have a positive, continuous relationship with the child; (iii) is committed to providing a permanent, suitable home for the child; and (iv) is willing and has the ability to protect the child from abuse and neglect; and the order shall so state. The court's order transferring custody to a relative should further provide, as appropriate, for any terms or conditions which would promote the child's interest and welfare.

A2. The following requirements shall apply to the selection and approval of placement in another planned permanent living arrangement as the permanent goal for the child in accordance with clause (vi) of subsection A:

1. The board or child welfare agency shall petition for alternative (vi) of subsection A only if the child has a severe and chronic emotional, physical or neurological disabling condition for which the child requires long-term residential treatment; and the board or child welfare agency has thoroughly investigated the feasibility of the alternatives listed in clauses (i) through (v) of subsection A and determined that none of those alternatives is in the best interests of the child. In a foster care plan filed with the petition pursuant to this section, the board or agency shall document the following: (i) the investigation conducted of the placement alternatives listed in clauses (i) through (v) of subsection A and why each of these is not currently in the best interest of the child; (ii) at least one compelling reason why none of the alternatives listed in clauses (i) through (v) is achievable for the child at the time placement in another planned permanent living arrangement is selected as the permanent goal for the child; (iii) the identity of the long-term residential treatment service provider; (iv) the

nature of the child's disability; (v) the anticipated length of time required for the child's treatment; and (vi) the status of the child's eligibility for admission and long-term treatment. The court shall ensure that the local department has documentation of the intensive, ongoing, and, as of the date of the hearing, unsuccessful efforts made to return the child home or secure a placement for the child with a fit and willing relative, including adult siblings, or an adoptive parent, including through efforts that utilize search technology, including social media, to find the child's biological family members. The court shall ask the child about the child's desired permanency outcome and make a judicial determination, accompanied by an explanation of the reasons that the alternatives listed in clauses (i) through (iii) of subsection A continue to not be in the best interest of the child.

2. Before approving alternative (vi) of subsection A as the plan for the child, the court shall find (i) that the child has a severe and chronic emotional, physical or neurological disabling condition; (ii) that the child requires long-term residential treatment for the disabling condition; and (iii) that none of the alternatives listed in clauses (i) through (v) of subsection A is achievable for the child at the time placement in another planned permanent living arrangement is approved as the permanent goal for the child. If the board or agency petitions for alternative (vi), alternative (vi) may be approved by the court for a period of six months at a time.

3. At the conclusion of the permanency planning hearing, if alternative (vi) of subsection A is the permanent plan, the court shall schedule a hearing to be held within six months to review the child's placement in another planned permanent living arrangement in accordance with subdivision A2 4. All parties present at the hearing at which clause (vi) of subsection A is approved as the permanent plan for the child shall be given notice of the date scheduled for the foster care review hearing. Parties not present shall be summoned to appear as provided in § 16.1-263. Otherwise, this subsection A2 shall govern the scheduling and notice for such hearings.

4. The court shall review a foster care plan for any child who is placed in another planned permanent living arrangement every six months from the date of the permanency planning hearing held pursuant to this subsection, so long as the child remains in the legal custody of the board or child welfare agency. The board or child welfare agency shall file such petitions for review pursuant to the provisions of § 16.1-282 and shall, in addition, include in the petition the information required by subdivision A2 1. The petition for foster care review shall be filed no later than 30 days prior to the hearing scheduled in accordance with subdivision A2 3. At the conclusion of the foster care review hearing, if alternative (vi) of subsection A remains the permanent plan, the court shall enter an order that states whether reasonable efforts have been made to place the child in a timely manner in accordance with the permanency plan and to monitor the child's status in another planned permanent living arrangement.

However, if at any time during the six-month approval periods permitted by this subsection, a determination is made by treatment providers that the child's need for long-term residential treatment for the child's disabling condition is eliminated, the board or agency shall immediately begin to plan for post-discharge services and shall, within 30 days of making such a determination, file a petition for a permanency planning hearing pursuant to subsection A. Upon receipt of the petition, the court shall schedule a permanency planning hearing to be held within 30 days. The provisions of subsection B of § 16.1-282 shall apply to this petition. The procedures of subsection C of § 16.1-282 and the provisions of subsection G of § 16.1-282 shall apply to proceedings under this section.

A3. The following requirements shall apply to the selection and approval of permanent foster care pursuant to clause (iv) of subsection A:

1. The court shall ensure that the local department has documentation of the intensive, ongoing, and, as of the date of the hearing, unsuccessful efforts made to return the child home or secure a placement for the child with a fit and willing relative, including adult siblings, or an adoptive parent, including through efforts that utilize search technology, including social media, to find the child's biological family members.

2. The court shall ask the child about the child's desired permanency outcome and make a judicial determination, accompanied by an explanation of the reasons that the alternatives listed in clauses (i) through (iii) of subsection A continue to not be in the best interest of the child.

B. The following requirements shall apply to the selection and approval of an interim plan for the child in accordance with subsection A:

1. The board or child welfare agency shall petition for approval of an interim plan only if the board or child welfare agency has thoroughly investigated the feasibility of the alternatives listed in clauses (i) through (v) of subsection A and determined that none of those alternatives is in the best interest of the child. If the board or agency petitions for approval of an interim plan, such plan may be approved by the court for a maximum period of six months. The board or agency shall also file a foster care plan that (i) identifies a permanent goal for the child that corresponds with one of the alternatives specified in clauses (i) through (v) of subsection A; (ii) includes provisions for accomplishing the permanent goal within six months; and (iii) summarizes the investigation conducted of the alternatives listed in clauses (i) through (v) of subsection A and why achieving each of these is not in the best interest of the child at this time. The foster care plan shall describe the child's placement, including the in-state and out-of-state placement options and whether the child's placement is in state or out of state. If the child's placement is out of state, the foster care plan shall provide the reason why the out-of-state placement is appropriate and in the best interests of the child.

2. Before approving an interim plan for the child, the court shall find:

a. When returning home remains the plan for the child, that the parent has made marked progress toward reunification with the child, the parent has maintained a close and positive relationship with the child, and the child is likely to return home within the near future, although it is premature to set an exact date for return at the time of this hearing; or

b. When returning home is not the plan for the child, that marked progress is being made to achieve the permanent goal identified by the board or child welfare agency and that it is premature to set an exact date for accomplishing the goal at the time of this hearing. The court shall consider the in-state and out-of-state placement options, and if the child has been placed out of state, determine whether the out-of-state placement is appropriate and in the best interests of the child.

3. Upon approval of an interim plan, the court shall schedule a hearing to be held within six months to determine that the permanent goal is accomplished and to enter an order consistent with alternative (i), (ii), (iii), (iv), or (v) of subsection A. All parties present at the initial permanency planning hearing shall be given notice of the date scheduled for the second permanency planning hearing. Parties not present shall be summoned to appear as provided in § 16.1-263. Otherwise, subsection A shall govern the scheduling and notice for such hearings.

C. In each permanency planning hearing and in any hearing regarding the transition of the child from foster care to independent living, the court shall consult with the child in an age-appropriate manner regarding the proposed permanency plan or transition plan for the child, unless the court finds that such consultation is not in the best interests of the child.

D. In cases in which a child is placed by the local board of social services or a licensed child-placing agency in a qualified residential treatment program as defined in § 16.1-228, the provisions of subsection E of § 16.1-281 shall apply to any hearing held pursuant to this section.

E. At the conclusion of the permanency planning hearing held pursuant to this section, whether action is taken or deferred to achieve the permanent goal for the child, the court shall enter an order that states whether reasonable efforts have been made to reunite the child with the child's prior family, if returning home is the permanent goal for the child; or whether reasonable efforts have been made to achieve the permanent goal identified by the board or agency, if the goal is other than returning the child home.

In making this determination, the court shall give consideration to whether the board or agency has placed the child in a timely manner in accordance with the foster care plan and completed the steps necessary to finalize the permanent placement of the child.

provides 24-hour emergency services or to an attended emergency medical services agency that employs emergency medical services providers, within 14 days of the child's birth. The deposit shall be made only after all credit obligations for model year 2024 and earlier have been satisfied. While manufacturers may trade or sell these proportional credits to any other manufacturer, these credits may be used to meet up to 18 percent of its ZEV program credit requirements in any model year, unless and until the required regulations are superseded by regulations updating the Advanced Clean Car Program. Legislative and citizen members may be reappointed; however, no citizen member shall serve more than four consecutive two-year terms. The remainder of any term to which a member is appointed to fill a vacancy shall not constitute a term in determining the member's term limit. Vacancies shall be filled in the same manner as the original appointments.

The Board of Directors shall elect a chairman and vice-chairman annually from among its legislative members. A majority of the members of the Board of Directors shall constitute a quorum.

The Board of Directors shall report biennially on the activities and recommendations of the Authority to the Secretary of Health and Human Resources, the Secretary of Education, the Secretary of Commerce and Trade, the Chief Workforce Development Advisor, the State Board of Health, the State Council of Higher Education for Virginia, the Joint Commission on Health Care, the Governor, and the General Assembly. In any reporting period where state general funds are appropriated to the Authority, the report shall include a detailed summary of how state general funds were expended.

The accounts and records of the Authority showing the receipt and disbursement of funds from whatever source derived shall be in a form prescribed by the Auditor of Public Accounts. The Auditor of Public Accounts, or his legally authorized representative, shall examine the accounts of the Authority as determined necessary by the Auditor of Public Accounts. The cost of such audit shall be borne by the Authority.

CHAPTER 265

An Act to amend and reenact §§ 62.1-44.15:23 and 62.1-44.15:23.1 of the Code of Virginia, relating to wetland and stream mitigation banks; proximity of impacted site.

[H 1983]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 62.1-44.15:23 and 62.1-44.15:23.1 of the Code of Virginia are amended and reenacted as follows:

§ 62.1-44.15:23. Wetland and stream mitigation banks.

A. For purposes of this section:

"Physiographic province" means one of the five physiographic provinces of Virginia designated as the Appalachian Plateaus, Blue Ridge, Coastal Plain, Piedmont, and Ridge and Valley physiographic provinces as identified on Figure 2 in the Overview of the Physiography and Vegetation of Virginia prepared by the Department of Conservation and Recreation, Division of Natural Heritage and dated February 2016. The Department of Environmental Quality may adjust the boundaries of a physiographic province to reflect site-specific boundaries based on relative elevation, relief, geomorphology, and lithology provided by the bank sponsor.

"Primary service area" means the fourth order subbasin in which the bank is located, as defined by the hydrologic unit boundaries of the National Watershed Boundary Dataset or the hydrologic unit system or dataset utilized and depicted or described in the bank's approved mitigation banking instrument, and any adjacent fourth order subbasin within the same river watershed.

"River watershed" means the Potomac River Basin; Shenandoah River Basin; James River Basin; Rappahannock River Basin; Roanoke and Yadkin Rivers Basin; Chowan River Basin, including the Dismal Swamp and Albemarle Sound; Tennessee River Basin/Big Sandy River Basin Complex; Chesapeake Bay and its Small Coastal Basins; Atlantic Ocean; York River Basin; and New River Basin.

"Secondary service area" means the area outside the primary service area but within the same physiographic province in which the bank is located and any adjacent physiographic province within the same river watershed.

"Tree canopy" includes all of the area of canopy coverage by self-supporting and healthy woody plant material exceeding five feet in height.

B. When a Virginia Water Protection Permit is conditioned upon compensatory mitigation for adverse impacts to wetlands or streams, the applicant may be permitted to satisfy all or part of such mitigation requirements by the purchase or use of credits from any wetland or stream mitigation bank in the Commonwealth, or in Maryland on property wholly surrounded by and located in the Potomac River if the mitigation banking instrument provides that the Board shall have the right to enter and inspect the property and that the mitigation bank instrument and the contract for the purchase or use of such credits may be enforced in the courts of the Commonwealth, including any banks owned by the permit applicant, that has been approved and is operating in accordance with applicable federal and state guidance, laws, or regulations for the establishment, use, and operation of mitigation banks as long as (i) the bank is in the same fourth order subbasin, as defined by the hydrologic unit boundaries of the National Watershed Boundary Dataset or by the hydrologic unit system or dataset utilized and depicted or described in the bank's approved mitigation banking instrument, as the impacted site, or in an adjacent subbasin within the same river watershed as the impacted site, is located in the bank's primary or secondary service area as provided in subsection C or it meets all the conditions found in clauses (a) through (d) and either clause (e) or (f) of this subsection; (ii) the bank is ecologically preferable to practicable onsite and offsite individual mitigation options as defined by federal wetland regulations; and (iii) the banking instrument, if approved after July 1, 1996, has been approved by a process that included public review and comment. When the bank impacted site is not located in the same subbasin or adjacent subbasin within the same river watershed as the impacted site bank's primary or secondary service area, the purchase or use of credits shall not be allowed unless the applicant demonstrates to the satisfaction of the Department of Environmental Quality that (a) the impacts will occur as a result of a Virginia Department of Transportation linear project or as the result of a locality project for a locality whose jurisdiction encompasses multiple river watersheds; (b) there is no practical same river watershed mitigation alternative; (c) the impacts are less than one acre in a single and complete project within a subbasin; (d) there is no significant harm to water quality or fish and wildlife resources within the river watershed of the impacted site; and either (e) impacts within the Chesapeake Bay watershed are mitigated within the Chesapeake Bay watershed as close as possible to the impacted site or (f) impacts within subbasins 02080108, 02080208, and 03010205, as defined by the National Watershed Boundary Dataset, are mitigated in-kind within those subbasins, as close as possible to the impacted site. For the purposes of this subsection, the hydrologic unit boundaries of the National Watershed Boundary Dataset or other hydrologic unit system may be adjusted by the Department of Environmental Quality to reflect site-specific geographic or hydrologic information provided by the bank sponsor.

For the purposes of this section, "river watershed" means the Potomac River Basin, Shenandoah River Basin, James River Basin, Rappahannock River Basin, Roanoke and Yadkin Rivers Basin, Chowan River Basin (including the Dismal Swamp and Albemarle Sound), Tennessee River Basin/Big Sandy River Basin Complex, Chesapeake Bay and its Small Coastal Basins, Atlantic Ocean, York River Basin, and the New River Basin.

C. For impacts to a site for which no credits are available to purchase (i) in the primary service area of any mitigation provider or (ii) at a price below 200 percent of the current price of credits applicable to that site from a Board-approved fund dedicated to achieving no net loss of wetland acreage and functions, a permit applicant may be permitted to purchase or use credits from the secondary service area of a mitigation provider to satisfy all or any part of such applicant's mitigation requirements. For purposes of this subsection, the permit applicant shall provide a determination of credit availability and credit price no later than the time such applicant submits to the Department (a) its proof of credit acquisition or (b) a later change to such proof.

If a permit applicant purchases or uses credits from a secondary service area, the permit applicant shall:

1. Acquire three times the credits it would have had to acquire from a bank in the primary service area for wetland impacts and two times the number of credits it would have had to acquire in the primary service area for stream impacts;

2. When submitting proof of acquisition of credits for a subdivision or development, provide to the Department a plan that the permit applicant will implement that is certified by a licensed professional engineer, surveyor, or landscape architect for the planting, preservation, or replacement of trees on the development site such that the minimum tree canopy percentage 20 years after development is projected to be as follows:

- a. Ten percent tree canopy for a site zoned for business, commercial, or industrial use;
- b. Ten percent tree canopy for a residential site zoned for 20 or more units per acre;
- c. Fifteen percent tree canopy for a residential site zoned for more than eight but fewer than 20 units per acre;
- d. Twenty percent tree canopy for a residential site zoned for more than four but not more than eight units per acre;
- e. Twenty-five percent tree canopy for a residential site zoned for more than two but not more than four units per acre; and
- f. Thirty percent tree canopy for a residential site zoned for two or fewer units per acre.

For a mixed-use development, the tree canopy percentage required pursuant to this subdivision shall be that which is applicable to the predominant use.

The tree canopy requirements established under this subsection shall not supersede any additional requirements imposed by a locality pursuant to § 15.2-961 or 15.2-961.1.

~~B. D.~~ The Department of Environmental Quality is authorized to serve as a signatory to agreements governing the operation of mitigation banks. The Commonwealth, and its officials, agencies, and employees shall not be liable for any action taken under any agreement developed pursuant to such authority.

~~C. E.~~ State agencies and localities are authorized to purchase credits from mitigation banks.

~~D. F.~~ A locality may establish, operate and sponsor wetland or stream single-user mitigation banks within the Commonwealth that have been approved and are operated in accordance with the requirements of subsection ~~A B~~, provided that such single-user banks may only be considered for compensatory mitigation for the sponsoring locality's municipal, joint municipal or governmental projects. For the purposes of this subsection, the term "sponsoring locality's municipal, joint municipal or governmental projects" means projects for which the locality is the named permittee, and for which there shall be no third-party leasing, sale, granting, transfer, or use of the projects or credits. Localities may enter into agreements with private third parties to facilitate the creation of privately sponsored wetland and stream mitigation banks having service areas developed through the procedures of subsection ~~A B~~.

§ 62.1-44.15:23.1. Wetland and Stream Replacement Fund established.

There is hereby created in the state treasury a special nonreverting fund to be known as the Wetland and Stream Replacement Fund, hereafter referred to as "the Fund." The Fund shall be established on the books of the Comptroller. All contributions to the Board pursuant to clause (iii) of subsection B of § 62.1-44.15:21 shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. The Fund shall be administered and utilized by the Department of Environmental Quality. The Fund may be used as an additional mechanism for compensatory mitigation for impacts to aquatic resources (i) that result from activities authorized under (a) Section 404 and 401 of the Clean Water Act (33 U.S.C. § 1251 et seq.), (b) the Virginia Water Protection Permit Regulation (9VAC25-210 et seq.), or (c) Section 10 of the Rivers and Harbors Act (33 U.S.C. § 403); (ii) that result from unauthorized activities in waters of the United States or state waters; and (iii) in other cases, as the appropriate regulatory agencies deem acceptable. Moneys in the Fund shall be used for the purpose of purchasing mitigation bank credits in compliance with the provisions of subsection ~~A B~~ of § 62.1-44.15:23 as soon as practicable if qualifying credits are available. If such credits are not available within three years of the collection of moneys for a specific impact, then funds shall be utilized either (1) to purchase credits from a Board-approved fund that have met the success criteria, if qualifying credits are available, (2) for the planning, construction, monitoring, and preservation of wetland and stream mitigation projects and preservation, enhancement, or restoration of upland buffers adjacent to wetlands or other state waters when used in conjunction with creation or restoration of wetlands and streams, or (3) for other water quality improvement projects as deemed acceptable by the Department of Environmental Quality. Such projects developed under clause (2) shall be developed in accordance with guidelines, responsibilities, and standards established by the Department of Environmental Quality for use, operation, and maintenance consistent with 33 CFR Part 332, governing compensatory mitigation for activities authorized by U.S. Army Corps of Engineer permits. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Director of the Department of Environmental Quality. The Department may charge a reasonable fee to administer the Fund.

CHAPTER 266

An Act to amend and reenact § 56-594.2 of the Code of Virginia, relating to small agricultural generators; definition.

[H 1994]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:**1. That § 56-594.2 of the Code of Virginia is amended and reenacted as follows:****§ 56-594.2. Small agricultural generators.**

A. As used in this section:

"Small agricultural generating facility" means an electrical generating facility that:

1. Has a capacity:
 - a. Of not more than 1.5 megawatts; and
 - b. That does not exceed 150 percent of the customer's expected annual energy consumption based on the previous 12 months of billing history or an annualized calculation of billing history if 12 months of billing history is not available;
2. Uses as its total source of fuel renewable energy;
3. Is located on the customer's premises and is interconnected with its utility through a separate meter;
4. Is interconnected and operated in parallel with an electric utility's distribution but not transmission facilities;
5. Is designed so that the electricity generated by the facility is expected to remain on the utility's distribution system; and
6. Is a qualifying small power production facility pursuant to the Public Utility Regulatory Policies Act of 1978 (P.L. 95-617).

"Small agricultural generator" means a customer that:

1. Is not an eligible agricultural customer-generator pursuant to § 56-594;
2. Operates a small agricultural generating facility as part of (i) an agricultural business or (ii) any business granted a manufacturer license pursuant to subdivisions 1 through 6 of § 4.1-206.1;
3. May be served by multiple meters that are located at separate but contiguous sites;
4. May aggregate the electricity consumption measured by the meters, solely for purposes of calculating 150 percent of the customer's expected annual energy consumption, but not for billing or retail service purposes, provided that the same utility serves all of its meters;
5. Uses not more than 25 percent of contiguous land owned or controlled by the agricultural business for purposes of the renewable energy generating facility; and
6. Issues a certification under oath as to the amount of land being used for renewable generation.

"Utility" includes supplier or distributor, as applicable.

B. A small agricultural generator electing to interconnect pursuant to this section shall:

1. Enter into a power purchase agreement with its utility to sell all of the electricity generated from its small agricultural generating facility, which power purchase agreement obligates the utility to purchase all the electricity generated, at a rate agreed upon by the parties, but at a rate not less than the utility's Commission-approved avoided cost tariff for energy and capacity;
2. Have the rights described in subsection E of § 56-594 pertaining to an eligible agricultural customer-generator as to the renewable energy certificates or other environmental attributes generated by the renewable energy generating facility;
3. Abide by the appropriate small generator interconnection process as described in 20VAC5-314; and
4. Pay to its utility any necessary additional expenses as required by this section.

C. Utilities:

1. Shall purchase, through the power purchase agreement described in subdivision B 1, all of the output of the small agricultural generator;
2. Shall recover the cost for its distribution facilities to the generating meter either through a proportional cost-sharing agreement with the small agricultural generator or through metering the total capacity and energy placed on the distribution system by the small agricultural generator;
3. Shall recover all costs incurred by the utility to purchase electricity, capacity, and renewable energy certificates from the small agricultural generator:
 - a. If the utility has a Commission-approved Renewable Energy Portfolio Standard (RPS) plan and rate adjustment clause, through the utility's RPS rate adjustment clause; or
 - b. If the utility does not have a Commission-approved RPS rate adjustment clause, through the utility's fuel adjustment clause or through the utility's cost of purchased power;
4. May conduct settlement transactions for purchased power in dollars on the small agricultural generator's electric bill or through other means of settlement, in the utility's sole discretion;
5. Shall bill the small agricultural generator eligible costs for small generator interconnection studies required pursuant to the appropriate small generator interconnection process described in subdivision B 3; and
6. Shall bill its expenses, at cost, for any additional engineering studies that a small agricultural generator is required to pay prior to interconnection.

2. That after August 1, 2021, but before January 1, 2022, the State Corporation Commission (the Commission) shall initiate a rulemaking proceeding to promulgate any changes to its regulations necessary to implement the provisions of this act. The Commission shall complete such rulemaking proceeding within 12 months of its initiation. In conducting such a proceeding, the Commission may require that notice be provided to current small agricultural generators, if any, and may publish a notice in the Virginia Register of Regulations, but no other public notice is required. An opportunity to request a hearing shall be afforded, but if no request is made, a hearing shall not be required. In the rulemaking proceeding, the electric utilities affected by this act shall be required to submit compliance filings, but no other individual proceedings shall be required or conducted.

CHAPTER 267

An Act to amend and reenact §§ 36-96.3 and 36-96.17 of the Code of Virginia, relating to the Virginia Fair Housing Law; unlawful discriminatory housing practices.

[H 2046]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:**1. That §§ 36-96.3 and 36-96.17 of the Code of Virginia are amended and reenacted as follows:****§ 36-96.3. Unlawful discriminatory housing practices.**

A. It shall be an unlawful discriminatory housing practice for any person to:

1. Refuse to sell or rent after the making of a bona fide offer or refuse to negotiate for the sale or rental of, or otherwise make unavailable or deny, a dwelling to any person because of race, color, religion, national origin, sex, elderliness, source of funds, familial status, sexual orientation, gender identity, or status as a veteran;

2. Discriminate against any person in the terms, conditions, or privileges of sale or rental of a dwelling, or in the provision of services or facilities in the connection therewith to any person because of race, color, religion, national origin, sex, elderliness, source of funds, familial status, sexual orientation, gender identity, or status as a veteran;

3. Make, print, or publish, or cause to be made, printed, or published any notice, statement, or advertisement, with respect to the sale or rental of a dwelling that indicates any preference, limitation, or discrimination or an intention to make any such preference, limitation, or discrimination on the basis of race, color, religion, national origin, sex, elderliness, familial status, source of funds, sexual orientation, gender identity, status as a veteran, or disability. The use of words or symbols associated with a particular religion, national origin, sex, or race shall be prima facie evidence of an illegal preference under this chapter that shall not be overcome by a general disclaimer. However, reference alone to places of worship, including churches, synagogues, temples, or mosques, in any such notice, statement, or advertisement shall not be prima facie evidence of an illegal preference;

4. Represent to any person because of race, color, religion, national origin, sex, elderliness, familial status, source of funds, sexual orientation, gender identity, status as a veteran, or disability that any dwelling is not available for inspection, sale, or rental when such dwelling is in fact so available;

5. Deny any person access to membership in or participation in any multiple listing service, real estate brokers' organization, or other service, organization or facility relating to the business of selling or renting dwellings or discriminate against such person in the terms or conditions of such access, membership, or participation because of race, color, religion, national origin, sex, elderliness, familial status, source of funds, sexual orientation, gender identity, status as a veteran, or disability;

6. Include in any transfer, sale, rental, or lease of housing any restrictive covenant that discriminates because of race, color, religion, national origin, sex, elderliness, familial status, source of funds, sexual orientation, gender identity, status as a veteran, or disability or for any person to honor or exercise, or attempt to honor or exercise, any such discriminatory covenant pertaining to housing;

7. Induce or attempt to induce to sell or rent any dwelling by representations regarding the entry or prospective entry into the neighborhood of a person or persons of a particular race, color, religion, national origin, sex, elderliness, familial status, source of funds, sexual orientation, gender identity, status as a veteran, or disability;

8. Refuse to sell or rent, or refuse to negotiate for the sale or rental of, or otherwise discriminate or make unavailable or deny a dwelling because of a disability of (i) the buyer or renter; (ii) a person residing in or intending to reside in that dwelling after it is so sold, rented, or made available; or (iii) any person associated with the buyer or renter; or

9. Discriminate against any person in the terms, conditions, or privileges of sale or rental of a dwelling, or in the provision of services or facilities in connection therewith because of a disability of (i) that person; (ii) a person residing in or intending to reside in that dwelling after it was so sold, rented, or made available; or (iii) any person associated with that buyer or renter.

B. For the purposes of this section, discrimination includes (i) a refusal to permit, at the expense of the disabled person, reasonable modifications of existing premises occupied or to be occupied by any person if such modifications may be necessary to afford such person full enjoyment of the premises; except that, in the case of a rental, the landlord may, where it is reasonable to do so, condition permission for a modification on the renter's agreeing to restore the interior of the premises to the condition that existed before the modification, reasonable wear and tear excepted; (ii) a refusal to make reasonable accommodations in rules, practices, policies, or services when such accommodations may be necessary to afford such person equal opportunity to use and enjoy a dwelling; or (iii) in connection with the design and construction of covered multi-family dwellings for first occupancy after March 13, 1991, a failure to design and construct dwellings in such a manner that:

1. The public use and common use areas of the dwellings are readily accessible to and usable by disabled persons;

2. All the doors designed to allow passage into and within all premises are sufficiently wide to allow passage by disabled persons in wheelchairs; and

3. All premises within covered multi-family dwelling units contain an accessible route into and through the dwelling; light switches, electrical outlets, thermostats, and other environmental controls are in accessible locations; there are

reinforcements in the bathroom walls to allow later installation of grab bars; and there are usable kitchens and bathrooms such that an individual in a wheelchair can maneuver about the space. As used in this subdivision, the term "covered multi-family dwellings" means buildings consisting of four or more units if such buildings have one or more elevators and ground floor units in other buildings consisting of four or more units.

C. *It shall be an unlawful discriminatory housing practice for any political jurisdiction or its employees or appointed commissions to discriminate in the application of local land use ordinances or guidelines, or in the permitting of housing developments, (i) on the basis of race, color, religion, national origin, sex, elderliness, familial status, source of funds, sexual orientation, gender identity, military status, or disability; (ii) because the housing development contains or is expected to contain affordable housing units occupied or intended for occupancy by families or individuals with incomes at or below 80 percent of the median income of the area where the housing development is located or is proposed to be located; or (iii) by prohibiting or imposing conditions upon the rental or sale of dwelling units, provided that the provisions of this subsection shall not be construed to prohibit ordinances related to short-term rentals as defined in § 15.2-983. It shall not be a violation of this chapter if land use decisions or decisions relating to the permitting of housing developments are based upon considerations of limiting high concentrations of affordable housing.*

D. Compliance with the appropriate requirements of the American National Standards for Building and Facilities (commonly cited as "ANSI A117.1") or with any other standards adopted as part of regulations promulgated by HUD providing accessibility and usability for physically disabled people shall be deemed to satisfy the requirements of subdivision B 3.

D. E. Nothing in this chapter shall be construed to invalidate or limit any Virginia law or regulation that requires dwellings to be designed and constructed in a manner that affords disabled persons greater access than is required by this chapter.

§ 36-96.17. Civil action by Attorney General; matters involving the legality of any local zoning or other land use ordinance; pattern or practice cases; or referral of conciliation agreement for enforcement.

A. If the Board determines, after consultation with the Office of the Attorney General, that an alleged discriminatory housing practice involves (i) the legality of any local zoning or land use ordinance or (ii) activity proscribed in subsection C of § 36-96.3, instead of issuing a charge, the Board shall immediately refer the matter to the Attorney General for civil action in the appropriate circuit court for appropriate relief. A civil action under this subsection shall be commenced no later than the expiration of ~~eighteen~~ 18 months after the date of the occurrence or the termination of the alleged discriminatory housing practice.

B. Whenever the Attorney General has reasonable cause to believe that any person or group of persons is engaged in a pattern or practice of resistance to the full enjoyment of any of the rights granted by this chapter, or that any group of persons has been denied any of the rights granted by this chapter and such denial raises an issue of general public importance, the Attorney General may commence a civil action in the appropriate circuit court for appropriate relief.

C. In the event of a breach of a conciliation agreement by a respondent, the Board may authorize a civil action by the Attorney General. The Attorney General may commence a civil action in any appropriate circuit court for appropriate relief. A civil action under this subsection shall be commenced no later than the expiration of ~~ninety~~ 90 days after the referral of such alleged breach.

D. The Attorney General, on behalf of the Board, or other party at whose request a subpoena is issued, under this chapter, may enforce such subpoena in appropriate proceedings in the appropriate circuit court.

E. In a civil action under subsections A, B, and C, the court may:

1. Award such preventive relief, including a permanent or temporary injunction, restraining order, or other order against the person responsible for a violation of this chapter as is necessary to assure the full enjoyment of the rights granted by this chapter.

2. Assess a civil penalty against the respondent (i) in an amount not exceeding \$50,000 for a first violation; and (ii) in an amount not exceeding \$100,000 for any subsequent violation.

3. Award the prevailing party reasonable ~~attorney's~~ attorney fees and costs. The Commonwealth shall be liable for such fees and costs to the extent provided by the Code of Virginia.

The court or jury may award such other relief to the aggrieved person, as the court deems appropriate, including compensatory damages, and punitive damages without limitation otherwise imposed by state law.

F. Upon timely application, any person may intervene in a civil action commenced by the Attorney General under subsection A, B, or C ~~which~~ that involves an alleged discriminatory housing practice with respect to which such person is an aggrieved person or a party to a conciliation agreement. The court may grant such appropriate relief to any such intervening party as is authorized to be granted to a plaintiff in a civil action under § 36-96.18.

CHAPTER 268

An Act to direct the State Corporation Commission to recommend policy proposals to accelerate transportation electrification in the Commonwealth; report.

[H 2282]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. § 1. *It is the policy of the Commonwealth that transportation electrification will reduce dependence on petroleum, improve air quality and public health, reduce vehicle fueling costs, and reduce emissions of greenhouse gases from the transportation sector. To achieve these goals, among other steps, it is necessary to ensure there is adequate electric vehicle charging infrastructure deployed throughout the Commonwealth. It is further the policy of the Commonwealth to promote, to the greatest extent possible, private competition and investment in transportation electrification and to enable public utilities and the public sector to complement such private investment where most effective.*

Therefore, the State Corporation Commission (Commission) shall submit a report to the General Assembly, no later than May 1, 2022, recommending policy proposals that could govern public electric utility programs to accelerate widespread transportation electrification in the Commonwealth. To guide policy proposal development, the Commission shall utilize a public process, in which the Commission, the Department of Environmental Quality, the Department of Mines, Minerals and Energy, the Department of Transportation, and appropriate stakeholders shall participate. The Commission shall identify and retain a third-party facilitator with expertise in transportation electrification to facilitate such public process.

In developing its policy recommendations, the Commission shall evaluate, among other things:

1. *Areas where utility or other public investment may best complement private efforts to effectively deploy charging infrastructure, with particular focus on low-income, minority, and rural communities;*

2. *How smart growth policies can complement and enhance the Commonwealth's transportation electrification goals; and*

3. *How utility programs, investments, or incentives to customers or third parties to facilitate the deployment of charging infrastructure and related upgrades can support or enhance (i) statewide transportation electrification, including electrification of public transit; (ii) the electrification of medium-duty and heavy-duty vehicles, school buses, vehicles at ports and airports, personal vehicles, and vehicle fleets; (iii) increased access to electric transportation and improved air quality in low-income and medium-income communities; (iv) achievement of the energy storage targets established in subsection E of § 56-585.5 of the Code of Virginia; (v) improvements to the distribution grid or to specific sites necessary to accommodate charging infrastructure; and (vi) customer education and outreach programs that increase awareness of such programs and the benefits of transportation electrification.*

The report shall also address whether and how transportation electrification can, under current law:

a. *Reduce total ratepayer rates and costs;*

b. *Assist in grid management and more efficient use of the grid, in a manner that does not increase peak demand, through time-of-use rates, managed charging programs, vehicle-to-grid programs, or other alternative rate designs;*

c. *Utilize increased generation from renewable energy resources; and*

d. *Reduce fueling costs for vehicles.*

To the extent that the Commission and stakeholders conclude that transportation electrification cannot currently deliver these benefits, then the report shall include recommendations on how public policy can change in order to do so.

§ 2. *Beginning July 1, 2021, any approved costs of any investor-owned electric utility associated with investment in transportation electrification, other than those costs approved prior to July 1, 2021, shall be recovered only through the utility's rates for generation and distribution, shall not be recovered through a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1 of the Code of Virginia, and shall not be eligible for a customer credit reinvestment offset pursuant to subdivision A 8 d of § 56-585.1 of the Code of Virginia. To the extent that the provisions of this act are inconsistent with the provisions of § 56-585.1 of the Code of Virginia, the provisions of this act shall control.*

CHAPTER 269

An Act to amend and reenact § 46.2-1063 of the Code of Virginia and to repeal §§ 46.2-746.6, 46.2-746.9, 46.2-746.12, 46.2-747, 46.2-748, 46.2-749.10, and 46.2-749.69:1 of the Code of Virginia and to repeal § 1 of Chapter 776 of the Acts of Assembly of 2010, relating to special license plates; removal.

[S 1136]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. **That § 46.2-1063 of the Code of Virginia is amended and reenacted as follows:**

§ 46.2-1063. Alteration of suspension system; bumper height limits; raising body above frame rail.

No person shall drive on a public highway any motor vehicle registered as a passenger motor vehicle if it has been modified by alteration of its altitude from the ground to the extent that its bumpers, measured to any point on the lower edge of the main horizontal bumper bar, exclusive of any bumper guards, are not within the range of fourteen inches to twenty-two inches above the ground. ~~Notwithstanding the foregoing provisions of this section, the range of bumper heights for motor vehicles bearing street rod license plates issued pursuant to § 46.2-747 shall be nine to twenty-two inches.~~

No vehicle shall be modified to cause the vehicle body or chassis to come in contact with the ground, expose the fuel tank to damage from collision, or cause the wheels to come in contact with the body under normal operation. No part of the original suspension system of a motor vehicle shall be disconnected to defeat the safe operation of its suspension system.

However, nothing contained in this section shall prevent the installation of heavy duty equipment, including shock absorbers and overload springs. Nothing contained in this section shall prohibit the driving on a public highway of a motor vehicle with normal wear to the suspension system if such normal wear does not adversely affect the control of the vehicle.

No person shall drive on a public highway any motor vehicle registered as a truck if it has been modified by alteration of its altitude from the ground to the extent that its bumpers, measured to any point on the lower edge of the main horizontal bumper bar, exclusive of any bumper guards, do not fall within the limits specified herein for its gross vehicle weight rating category. A. As used in this chapter, unless the context requires a different meaning:

"Capital investment" means an expenditure by or on behalf of a qualified company on or after January 1, 2020, in real property, tangible personal property, or both, at a facility located in an eligible county that is properly chargeable to a capital account or would be so chargeable with a proper election. The purchase or lease of machinery and tools, furniture, fixtures, and business personal property, including under an operating lease, and expected building expansion and up-fit by or on behalf of the qualified company shall qualify as capital investment.

"Eligible county" means Fairfax County.

"Facility" means the building, group of buildings, or corporate campus, including any related machinery and tools, furniture, fixtures, and business personal property, located in an eligible county, that is owned, leased, licensed, occupied, or otherwise operated by a qualified company for use in the administration, management, and operation of its business, including software development and technology research and development.

"Fund" means the Technology Development Grant Fund.

"Grants" means grants from the Fund awarded to a qualified company in an aggregate amount not to exceed \$22.5 million.

"Memorandum of understanding" means a performance agreement or related document entered into on or before August 1, 2020, among a qualified company, the Commonwealth, and VEDP that sets forth the requirements for capital investment and the creation of new full-time jobs for the qualified company to be eligible for grants from the Fund.

"New full-time job" means a job position, in which the employee of the qualified company works at the facility, for which the standard fringe benefits are provided by the company and for which the average annual wage is at least \$112,215. Each such position shall require a minimum of either (i) 35 hours of an employee's time per week for the entire normal year of the qualified company's operations, which "normal year" shall consist of at least 48 weeks, or (ii) 1,680 hours per year. Seasonal or temporary positions, positions created when a job function is shifted from an existing location in the Commonwealth, unless the position in the existing location is backfilled, and positions with construction contractors, vendors, suppliers, and similar multiplier or spin-off jobs shall not qualify as new full-time jobs. The Commonwealth may gauge compliance with the new full-time jobs requirement for a qualified company by reference to the new payroll generated by the qualified company, as indicated in the memorandum of understanding.

"Qualified company" means a technology company, including its affiliates, that between January 1, 2020, and June 30, 2025, is expected to (i) make a capital investment at a facility of at least \$64 million and (ii) create at least 1,500 new full-time jobs at the facility related to, or supportive of, its business.

"Secretary" means the Secretary of Commerce and Trade.

Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely to pay grants pursuant to this chapter. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller pursuant to subsection F.

C. A qualified company shall be eligible to receive grants each fiscal year beginning with the Commonwealth's fiscal year starting on July 1, 2021, and ending with the Commonwealth's fiscal year starting on July 1, 2026, unless such timeframe is extended in accordance with the memorandum of understanding. Grants shall be paid to the qualified company from the Fund, subject to appropriation by the General Assembly, during each such fiscal year, contingent upon the qualified company's meeting the requirements set forth in the memorandum of understanding for the number of new full-time jobs created and maintained and the amount of capital investment made. The first grant installment of \$5,625,000 shall not be awarded until the qualified company has made a capital investment of at least \$19,260,000 and has created at least 500 new full-time jobs.

D. The aggregate amount of grants payable under this section shall not exceed \$22.5 million, and grants are expected to be paid in four annual installments of \$5,625,000 each, calculated in accordance with the memorandum of understanding as follows:

immediately precedes the beginning of the fiscal year in which the grant installment is to be paid; (ii) the aggregate number of existing jobs maintained in certain other facilities operated by the qualified company in the calendar year that immediately precedes the beginning of the fiscal year in which the grant installment is to be paid; and (iii) the aggregate amount of the capital investment made through the calendar year that immediately precedes the beginning of the fiscal year in which the grant installment is to be paid. The application and evidence shall be filed with the Secretary in person, by mail, or as otherwise agreed upon in the memorandum of understanding, by no later than April 1 of each year, reflecting performance through the prior December 31. Failure to meet the filing deadline shall result in a deferral of a scheduled grant installment set forth in subsection D. For filings by mail, the postmark cancellation shall govern the date of the filing determination.

F. Within 60 days of receiving the application and evidence pursuant to subsection E, the Secretary shall certify to the Comptroller and the qualified company the amount of grants to which the qualified company is entitled for payment. Such grants shall be paid by the State Treasurer on warrant of the Comptroller in the Commonwealth's fiscal year following submission of such application. The Comptroller shall not draw any warrants for payment of grants pursuant to this chapter without a specific appropriation for the same.

G. As a condition of receipt of the grants, a qualified company shall make available to the Secretary for inspection, upon request, all documents relevant and applicable to determining whether the qualified company has met the requirements for receipt of grants as set forth in this chapter and subject to the memorandum of understanding. D. Alcoholic beverages at government stores shall be sold by employees of the Authority who shall carry out the provisions of this title and Board regulations governing the operation of government stores and the sale of alcoholic beverages, except that the Board may appoint the holder of a distiller's license or its officers and employees as agents of the Board for the sale of spirits and low alcohol beverage coolers, manufactured by or for, or blended by such licensee on the licensed premises, at government stores established by the Board (i) on the distiller's licensed premises or (ii) at the site of an event licensed by the Board and conducted for the purpose of featuring and educating the consuming public about spirits products.

Any spirits or vermouth used in such samples that are not manufactured on the licensed premises or on contiguous premises of the licensed distillery shall be purchased from the Board.

The Board shall establish guidelines governing tasting events conducted pursuant to this subsection.

Any case fee charged to a licensed distiller by the Board for moving spirits from the production and bailment area to the tasting area of a government store established by the Board on the distiller's licensed premises shall be waived if such spirits are moved by employees of the licensed distiller.

H. With respect to purchases by licensees at government stores, the Authority shall (i) accept in payment for any purchase or series of purchases cash, electronic fund transfer, credit or debit card, or check payable to the Authority, in the exact amount of any such purchase or series of purchases and (ii) provide notice to licensees on Board policies relating to the assignment of government stores from which licensees may purchase products and any procedure for the licensee to elect to make purchases from an alternative government store.

I. With respect to purchases by consumers at government stores, the Authority shall accept cash in payment for any purchase or series of purchases. The Board may adopt regulations which provide for accepting a credit card or debit card as payment. Such regulations may provide for the collection, where appropriate, of related fees, penalties and service charges for the use of a credit card or debit card by any consumer.

J. Before the Authority implements any increase in the markup on distilled spirits or any change to the markup formula for distilled spirits pursuant to § 4.1-235 that would result in an increase in the retail price of distilled spirits sold to the public, the Authority shall (i) provide at least 45 days' public notice before such a price increase takes effect; (ii) provide the opportunity for submission of written comments regarding the proposed price increase; (iii) conduct a public meeting for the purpose of receiving verbal comment regarding the proposed price increase; and (iv) consider any written or verbal comments before implementing such a price increase.

For the purposes of this subdivision, other designated areas shall include outdoor dining areas, whether or not contiguous to the licensed premises, which outdoor dining areas may have more than one means of ingress and egress to an adjacent public thoroughfare, provided such areas are under the control of the licensee and approved by the Board. Such noncontiguous designated areas shall not be approved for any retail license issued pursuant to subdivision A 5 of § 4.1-201.

If the restaurant is located on the premises of a hotel or motel with no fewer than four permanent bedrooms where food and beverage service is customarily provided by the restaurant in designated areas, bedrooms, and other private rooms of such hotel or motel, such licensee may (a) sell and serve mixed beverages for *on-premises* consumption in such designated areas, bedrooms, and other private rooms *or off-premises consumption* and (b) sell spirits packaged in original closed containers purchased from the Board for on-premises consumption to registered guests and at scheduled functions of such hotel or motel only in such bedrooms or private rooms. The club's gross receipts from the sale of nonalcoholic beverages consumed on the premises and food resold to its members and guests and consumed on the premises shall amount to at least 45 percent of its gross receipts from the sale of mixed beverages and food. The granting of a license pursuant to this subdivision shall automatically authorize the licensee to obtain a license to sell and serve wine and beer for on-premises consumption and in closed containers for off-premises consumption; however, the licensee shall be required to pay the local fee required for such additional license pursuant to § 4.1-233.1.

2. Mixed beverage caterer's licenses, which may be granted only to a person regularly engaged in the business of providing food and beverages to others for service at private gatherings or at special events, which shall authorize the licensee to sell and serve alcoholic beverages for on-premises consumption. The granting of a license pursuant to this subdivision shall automatically authorize the licensee to obtain a license to sell and serve wine and beer for on-premises consumption or in closed containers for off-premises consumption; however, the licensee shall be required to pay the local fee required for such additional license pursuant to § 4.1-233.1.

5. 1. Mixed beverage restaurant licenses, which shall authorize the licensee to sell and serve mixed beverages for *on-premises* consumption in dining areas and other designated areas of such restaurant *or off-premises consumption*. Such license may be granted only to persons (i) who operate a restaurant and (ii) whose gross receipts from the sale of food cooked, or prepared, and consumed on the premises and nonalcoholic beverages served on the premises, after issuance of such license, amount to at least 45 percent of the gross receipts from the sale of mixed beverages and food. For the purposes of this subdivision, other designated areas shall include outdoor dining areas, whether or not contiguous to the licensed premises, which outdoor dining areas may have more than one means of ingress and egress to an adjacent public thoroughfare, provided such areas are under the control of the licensee and approved by the Board. Such noncontiguous designated areas shall not be approved for any retail license issued pursuant to subdivision A 5 of § 4.1-201.

If the restaurant is located on the premises of a hotel or motel with no fewer than four permanent bedrooms where food and beverage service is customarily provided by the restaurant in designated areas, bedrooms, and other private rooms of such hotel or motel, such licensee may (a) sell and serve mixed beverages for *on-premises* consumption in such designated areas, bedrooms, and other private rooms *or off-premises consumption* and (b) sell spirits packaged in original closed containers purchased from the Board for on-premises consumption to registered guests and at scheduled functions of such hotel or motel only in such bedrooms or private rooms. The club's gross receipts from the sale of nonalcoholic beverages consumed on the premises and food resold to its members and guests and consumed on the premises shall amount

to at least 45 percent of its gross receipts from the sale of mixed beverages and food. The food sales made by a restaurant to such a club shall be excluded in any consideration of the qualifications of such restaurant for a license from the Board.

The Board may adopt such regulations as it reasonably deems necessary to implement the provisions of this section. Such regulations shall include provisions that require (1) the recipient to demonstrate, upon delivery, that he is at least 21 years of age and (2) the recipient to sign an electronic or paper form or other acknowledgement of receipt as approved by the Board.

E. G. In addition to other applicable requirements set forth in this section, the following provisions shall apply to the sale of mixed beverages for off-premises consumption and the delivery of mixed beverages pursuant to this section:

- 5. The Board may summarily revoke a licensee's privileges to sell or deliver mixed beverages for off-premises consumption for noncompliance with the provisions of this section or § 4.1-225 or 4.1-325. Any summary revocation by the Board pursuant to this paragraph (i) shall not be subject to the provisions of § 4.1-227, (ii) shall not be subject to appeal, and (iii) shall become effective upon personal service of the notice of summary revocation to the licensee or upon the fourth business day after such notice is mailed to the licensee's residence or the address listed for the licensed premises on the initial license application.

H. For purposes of §§ 4.1-234 and 4.1-236 and Chapter 6 (§ 58.1-600 et seq.) of Title 58.1, each delivery of wine or beer, or mixed beverages by a licensee or permittee shall constitute a sale in Virginia. The licensee or permittee shall collect the taxes due to the Commonwealth and remit any excise taxes monthly to the Authority and any sales taxes to the Department of Taxation, if such taxes have not already been paid.

E. I. Any manufacturer or retailer who is licensed to sell wine, beer, or both for off-premises consumption may sell such wine or beer in kegs, subject to any limitations imposed by Board regulation. § 4.1-221. Limitation on mixed beverage licensees; exceptions.

A. Unless excepted by subsection B, all alcoholic beverages sold as mixed beverages shall be purchased from the Board.

B. Mixed beverage carrier licensees may obtain from other lawful sources alcoholic beverages to be sold as mixed beverages on trains, boats or airplanes of the licensees provided there is paid to the Board in lieu of the taxes otherwise directly imposed under this chapter and any markup otherwise charged by the Board, a tax of ten cents for each of the average number of drinks of mixed beverages determined by the Board as having been consumed within the geographical confines of the Commonwealth on such trains, boats or airplanes. Such tax shall be calculated on the basis of the proportionate number of revenue passenger miles traveled within the Commonwealth by such a licensee in relation to the total quantity of all alcoholic beverages obtained either inside or outside the Commonwealth by the licensee for consumption on trains, boats or airplanes of the licensee. Such tax shall be paid to the Board on a quarterly basis.

C. The entire contents of a closed container of distilled spirits shall not be served to an individual for on-premises consumption or for off-premises consumption pursuant to § 4.1-212.1 except as may be provided by Board regulation.

The Authority shall report its findings and recommendations to the Chairmen of the House Committee on General Laws and the Senate Committee on Rehabilitation and Social Services by November 1, 2021.

CHAPTER 283

An Act to amend and reenact §§ 16.1-263, 16.1-286, and 16.1-290 of the Code of Virginia, relating to child support payments; juvenile in custody of or committed to the Department of Juvenile Justice.

[H 1912]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:**1. That §§ 16.1-263, 16.1-286, and 16.1-290 of the Code of Virginia are amended and reenacted as follows:****§ 16.1-263. Summonses.**

A. After a petition has been filed, the court shall direct the issuance of summonses, one directed to the juvenile, if the juvenile is twelve or more years of age, and another to at least one parent, guardian, legal custodian, or other person standing in loco parentis, and such other persons as appear to the court to be proper or necessary parties to the proceedings.

After a petition has been filed against an adult pursuant to subsection C or D of § 16.1-259, the court shall direct the issuance of a summons against the adult.

The summons shall require them to appear personally before the court at the time fixed to answer or testify as to the allegations of the petition. Where the custodian is summoned and such person is not a parent of the juvenile in question, a parent shall also be served with a summons. The court may direct that other proper or necessary parties to the proceedings be notified of the pendency of the case, the charge and the time and place for the hearing.

Any such summons shall be deemed a mandate of the court, and willful failure to obey its requirements shall subject any person guilty thereof to liability for punishment for contempt. Upon the failure of any person to appear as ordered in the summons, the court shall immediately issue an order for such person to show cause why he should not be held in contempt.

The parent, guardian, legal custodian, or other person standing in loco parentis shall not be summoned to appear or be punished for failure to appear in cases of adults who are brought before the court pursuant to subsection C or D of § 16.1-259 unless such person is summoned as a witness.

B. The summons shall advise the parties of their right to counsel as provided in § 16.1-266. A copy of the petition shall accompany each summons for the initial proceedings. The summons shall include notice that in the event that the juvenile is committed to the Department or to a secure local facility, at least one parent or other person legally obligated to care for and support the juvenile may be required to pay a reasonable sum for support and treatment of the juvenile pursuant to § 16.1-290. Notice of subsequent proceedings shall be provided to all parties in interest. In all cases where a party is represented by counsel and counsel has been provided with a copy of the petition and due notice as to time, date, and place of the hearing, such action shall be deemed due notice to such party, unless such counsel has notified the court that he no longer represents such party.

C. The judge may endorse upon the summons an order directing a parent or parents, guardian, or other custodian having the custody or control of the juvenile to bring the juvenile to the hearing.

D. A party, other than the juvenile, may waive service of summons by written stipulation or by voluntary appearance at the hearing.

E. No such summons or notification shall be required if the judge shall certify on the record that (i) the identity of a parent or guardian is not reasonably ascertainable or (ii) in cases in which it is alleged that a juvenile has committed a delinquent act, crime, status offense, or traffic infraction or is in need of services or supervision, the location, or in the case of a parent or guardian located outside of the Commonwealth the location or mailing address, of a parent or guardian is not reasonably ascertainable. An affidavit of the mother that the identity of the father is not reasonably ascertainable shall be sufficient evidence of this fact, provided there is no other evidence before the court which would refute such an affidavit. In cases referred to in clause (ii), an affidavit of a law-enforcement officer or juvenile probation officer that the location of a parent or guardian is not reasonably ascertainable shall be sufficient evidence of this fact, provided that there is no other evidence before the court which would refute the affidavit.

§ 16.1-286. Cost of maintenance; approval of placement; semiannual review.

A. When the court determines that the behavior of a child within its jurisdiction is such that it cannot be dealt with in the child's own locality or with the resources of his locality, the judge shall refer the child to the locality's family assessment and planning team for assessment and a recommendation for services. Based on this recommendation, the court may take custody and place the child, pursuant to the provisions of subdivision 5 of § 16.1-278.4 or subdivision A 13 b of § 16.1-278.8, in a private or locally operated public facility, or nonresidential program with funding in accordance with the Children's Services Act (§ 2.2-5200 et seq.). No child shall be placed outside the Commonwealth by a court without first complying with the appropriate provisions of Chapter 11 (§ 63.2-1100 et seq.) of Title 63.2 or with regulations of the State Board of Social Services relating to resident children placed out of the Commonwealth.

The Board shall establish a per diem allowance to cover the cost of such placements. This allowance may be drawn from funds allocated through the state pool of funds to the community policy and management team of the locality where the child resides as such residence is determined by the court. ~~The cost, however, shall not exceed that amount which would be incurred if the services required by the child were provided in a juvenile facility operated by the Department of Juvenile Justice. However, when the court determines after an investigation and a hearing that the child's parent or other person legally obligated to provide support is financially able to contribute to support of the child, the court may order that the~~

parent or other legally obligated person pay, pursuant to § 16.1-290. If the parent or other obligated person willfully fails or refuses to pay such sum, the court may proceed against him for contempt. Alternatively, the court, after reasonable notice to the obligor, may enter an order adjudicating that the obligor is delinquent and such order shall have the effect of a civil judgment when duly docketed in the manner prescribed for the docketing of other judgments for money provided.

B. The court service unit of the locality which made the placement shall be responsible for monitoring and supervising all children placed pursuant to this section. The court shall receive and review, at least semiannually, recommendations concerning the continued care of each child in such placements.

§ 16.1-290. Support of committed juvenile; support from estate of juvenile.

A. Whenever (i) legal custody of a juvenile is vested by the court in someone other than his parents or (ii) a juvenile is placed in temporary shelter care regardless of whether or not legal custody is retained by his parents, after due notice in writing to the parents, the court, pursuant to §§ 20-108.1 and 20-108.2, or the Department of Social Services, pursuant to Chapter 19 (§ 63.2-1900 et seq.) of Title 63.2, shall order the parents to pay support to the Department of Social Services. If the parents fail or refuse to pay such support, the court may proceed against them for contempt, or the order may be filed and shall have the effect of a civil judgment. *The provisions of this subsection shall not apply to a juvenile who is placed in temporary custody of the Department pursuant to subdivision A 4a of § 16.1-278.8 or committed to the Department pursuant to subdivision A 14 or A 17 of § 16.1-278.8.*

B. If a juvenile has an estate in the hands of a guardian or trustee, the guardian or trustee may be required to pay for his education and maintenance so long as there may be funds for that purpose.

C. Whenever a juvenile is placed in foster care by the court, the court shall order and decree that the parents shall pay the Department of Social Services pursuant to §§ 20-108.1, 20-108.2, 63.2-909, and 63.2-1910.

D. Whenever a juvenile is placed in temporary custody of the Department pursuant to subdivision A 4a of § 16.1-278.8 or committed to the Department pursuant to subdivision A 14 or A 17 of § 16.1-278.8, the Department shall apply for child support with the Department of Social Services. The parents shall be responsible for child support, pursuant to §§ 20-108.1 and 20-108.2, from the date the Department receives the juvenile. The Department shall notify in writing the parents of their responsibilities to pay child support from the date the Department receives the juvenile.

2. That any child support order entered pursuant to the provisions of former subsection D of § 16.1-290 of the Code of Virginia in effect prior to the enactment of this act is terminated, provided, however, that the provisions of this enactment clause do not modify, reduce, or forgive any arrearages or liens accumulated or established under any order in effect through June 30, 2021.

CHAPTER 284

An Act to amend and reenact §§ 16.1-285.1 and 16.1-285.2 of the Code of Virginia, relating to juveniles; release and review hearing for serious offender; plea agreement.

[H 1991]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-285.1 and 16.1-285.2 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-285.1. Commitment of serious offenders.

A. In the case of a juvenile fourteen years of age or older who has been found guilty of an offense which would be a felony if committed by an adult, and either (i) the juvenile is on parole for an offense which would be a felony if committed by an adult, (ii) the juvenile was committed to the state for an offense which would be a felony if committed by an adult within the immediately preceding twelve months, (iii) the felony offense is punishable by a term of confinement of greater than twenty years if the felony was committed by an adult, or (iv) the juvenile has been previously adjudicated delinquent for an offense which if committed by an adult would be a felony punishable by a term of confinement of twenty years or more, and the circuit court, or the juvenile or family court, as the case may be, finds that commitment under this section is necessary to meet the rehabilitative needs of the juvenile and would serve the best interests of the community, then the court may order the juvenile committed to the Department of Juvenile Justice for placement in a juvenile correctional center for the period of time prescribed pursuant to this section.

Alternatively, in order to determine if a juvenile, transferred from a juvenile and domestic relations district court to a circuit court pursuant to § 16.1-269.1, appropriately qualifies for commitment pursuant to this section, notwithstanding the inapplicability of the qualification criteria set forth in clauses (i) through (iv), the circuit court may consider the commitment criteria set forth in subdivisions 1, 2, and 3 of subsection B as well as other components of the juvenile's life history and, if upon such consideration in the opinion of the court the needs of the juvenile and the interests of the community would clearly best be served by commitment hereunder, may so commit the juvenile.

B. Prior to committing any juvenile pursuant to this section, the court shall consider:

1. The juvenile's age;

2. The seriousness and number of the present offenses, including (i) whether the offense was committed in an aggressive, violent, premeditated, or willful manner; (ii) whether the offense was against persons or property, with greater weight being given to offenses against persons, especially if death or injury resulted; (iii) whether the offense involved the

use of a firearm or other dangerous weapon by brandishing, displaying, threatening with or otherwise employing such weapon; and (iv) the nature of the juvenile's participation in the alleged offense;

3. The record and previous history of the juvenile in this or any other jurisdiction, including (i) the number and nature of previous contacts with courts, (ii) the number and nature of prior periods of probation, (iii) the number and nature of prior commitments to juvenile correctional centers, (iv) the number and nature of previous residential and community-based treatments, (v) whether previous adjudications and commitments were for delinquent acts that involved the infliction of serious bodily injury, and (vi) whether the offense is part of a repetitive pattern of similar adjudicated offenses; and

4. The Department's estimated length of stay.

Such commitment order must be supported by a determination that the interests of the juvenile and community require that the juvenile be placed under legal restraint or discipline and that the juvenile is not a proper person to receive treatment or rehabilitation through other juvenile programs or facilities.

C. In ordering commitment pursuant to this section, the court shall specify a period of commitment not to exceed seven years or the juvenile's twenty-first birthday, whichever shall occur first. The court may also order a period of determinate or indeterminate parole supervision to follow the commitment but the total period of commitment and parole supervision shall not exceed seven years or the juvenile's twenty-first birthday, whichever occurs first.

D. Upon receipt of a juvenile committed under the provisions of this section, the Department shall evaluate the juvenile for the purpose of considering placement of the juvenile in an appropriate juvenile correctional center for the time prescribed by the committing court. Such a placement decision shall be made based on the availability of treatment programs at the facility; the level of security at the facility; the offense for which the juvenile has been committed; and the welfare, age and gender of the juvenile.

E. The court which commits the juvenile to the Department under this section shall have continuing jurisdiction over the juvenile throughout his commitment. The continuing jurisdiction of the court shall not prevent the Department from removing the juvenile from a juvenile correctional center without prior court approval for the sole purposes of routine or emergency medical treatment, routine educational services, or family emergencies.

F. Any juvenile committed under the provisions of this section shall not be released at a time earlier than that specified by the court in its dispositional order except as provided for in § 16.1-285.2. The Department may petition the committing court, *notwithstanding the terms of any plea agreement or commitment order*, for a hearing as provided for in § 16.1-285.2 for an earlier release of the juvenile when good cause exists for an earlier release. In addition, *notwithstanding the terms of any plea agreement or commitment order*, the Department shall petition the committing court for a determination as to the continued commitment of each juvenile sentenced under this section at least sixty days prior to the second anniversary of the juvenile's date of commitment and sixty days prior to each annual anniversary thereafter.

§ 16.1-285.2. Release and review hearing for serious offender.

A. Upon receipt of a petition of the Department of Juvenile Justice for a hearing concerning a juvenile committed under § 16.1-285.1, the court shall schedule a hearing within thirty days and shall appoint counsel for the juvenile pursuant to § 16.1-266. The court shall provide a copy of the petition, the progress report required by this section, and notice of the time and place of the hearing to (i) the juvenile, (ii) the juvenile's parent, legal guardian, or person standing in loco parentis, (iii) the juvenile's guardian ad litem, if any, (iv) the juvenile's legal counsel, and (v) the attorney for the Commonwealth who prosecuted the juvenile during the delinquency proceeding. The attorney for the Commonwealth shall provide notice of the time and place of the hearing by first-class mail to the last known address of any victim of the offense for which the juvenile was committed if such victim has submitted a written request for notification to the attorney for the Commonwealth.

B. The petition shall be filed in the committing court and shall be accompanied by a progress report from the Department. This report shall describe (i) the facility and living arrangement provided for the juvenile by the Department, (ii) the services and treatment programs afforded the juvenile, (iii) the juvenile's progress toward treatment goals and objectives, which shall include a summary of his educational progress, (iv) the juvenile's potential for danger to either himself or the community, and (v) a comprehensive aftercare plan for the juvenile.

B1. The appearance of the juvenile before the court may be by (i) personal appearance before the judge, or (ii) use of two-way electronic video and audio communication. If two-way electronic video and audio communication is used, a judge may exercise all powers conferred by law and all communications and proceedings shall be conducted in the same manner as if the appearance were in person, and any documents filed may be transmitted by facsimile process. A facsimile may be served or executed by the officer or person to whom sent, and returned in the same manner, and with the same force, effect, authority, and liability as an original document. All signatures thereon shall be treated as original signatures. Any two-way electronic video and audio communication system used for an appearance shall meet the standards as set forth in subsection B of § 19.2-3.1.

C. At the hearing the court shall consider the progress report. The court may also consider additional evidence from (i) probation officers, the juvenile correctional center, treatment professionals, and the court service unit; (ii) the juvenile, his legal counsel, parent, guardian or family member; or (iii) other sources the court deems relevant. The hearing and all records relating thereto shall be governed by the confidentiality provisions of Article 12 (§ 16.1-299 et seq.) of this chapter.

D. At the conclusion of the hearing *and notwithstanding the terms of any plea agreement or commitment order*, the court shall order (i) continued commitment of the juvenile to the Department for completion of the original determinate period of commitment or such lesser time as the court may order or (ii) release of the juvenile under such terms and conditions as the court may prescribe. In making a determination under this section, the court shall consider (i) the

experiences and character of the juvenile before and after commitment, (ii) the nature of the offenses that the juvenile was found to have committed, (iii) the manner in which the offenses were committed, (iv) the protection of the community, (v) the recommendations of the Department, and (vi) any other factors the court deems relevant. The order of the court shall be final and not subject to appeal.

E. In the case of a juvenile convicted as an adult and committed as a serious offender under subdivision A 1 of § 16.1-272, at the conclusion of the review hearing *and notwithstanding the terms of any plea agreement or commitment order*, the circuit court shall order (i) the juvenile to begin serving any adult sentence in whole or in part that may include any remaining part of the original determinate period of commitment, or (ii) the suspension of the unserved portion of the adult sentence in whole or in part based upon the juvenile's successful completion of the commitment as a serious offender, or (iii) the continued commitment of the juvenile to the Department for completion of the original determinate period of commitment or such lesser time as the court may order, or (iv) the release of the juvenile under such terms and conditions as the court may prescribe.

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 9.1-207.2 as follows:

For purposes of this section only, "oriented strand board" means a wood structural panel intended as a covering material for roofs, subfloors, and walls when fastened to supports.

B. No person, local government, or agency of the Commonwealth shall burn Class A fuel materials that contain oriented strand board during live fire training activities.

C. No provision of this section shall restrict the manufacture, sale, use, or distribution of Class A fuel materials that contain oriented strand board for purposes outside of fire training activities.

CHAPTER 286

An Act to amend and reenact § 16.1-241 of the Code of Virginia, relating to special immigrant juvenile status; jurisdiction.

[S 1181]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That § 16.1-241 of the Code of Virginia is amended and reenacted as follows:

§ 16.1-241. Jurisdiction; consent for abortion.

The judges of the juvenile and domestic relations district court elected or appointed under this law shall be conservators of the peace within the corporate limits of the cities and the boundaries of the counties for which they are respectively chosen and within one mile beyond the limits of such cities and counties. Except as hereinafter provided, each juvenile and domestic relations district court shall have, within the limits of the territory for which it is created, exclusive original jurisdiction, and within one mile beyond the limits of said city or county, concurrent jurisdiction with the juvenile court or courts of the adjoining city or county, over all cases, matters and proceedings involving:

A. The custody, visitation, support, control or disposition of a child:

1. Who is alleged to be abused, neglected, in need of services, in need of supervision, a status offender, or delinquent except where the jurisdiction of the juvenile court has been terminated or divested;

2. Who is abandoned by his parent or other custodian or who by reason of the absence or physical or mental incapacity of his parents is without parental care and guardianship;

2a. Who is at risk of being abused or neglected by a parent or custodian who has been adjudicated as having abused or neglected another child in the care of the parent or custodian;

3. Whose custody, visitation or support is a subject of controversy or requires determination. In such cases jurisdiction shall be concurrent with and not exclusive of courts having equity jurisdiction, except as provided in § 16.1-244;

4. Who is the subject of an entrustment agreement entered into pursuant to § 63.2-903 or 63.2-1817 or whose parent or parents for good cause desire to be relieved of his care and custody;

5. Where the termination of residual parental rights and responsibilities is sought. In such cases jurisdiction shall be concurrent with and not exclusive of courts having equity jurisdiction, as provided in § 16.1-244;

6. Who is charged with a traffic infraction as defined in § 46.2-100; or

7. Who is alleged to have refused to take a blood test in violation of § 18.2-268.2.

In any case in which the juvenile is alleged to have committed a violent juvenile felony enumerated in subsection B of § 16.1-269.1, and for any charges ancillary thereto, the jurisdiction of the juvenile court shall be limited to conducting a preliminary hearing to determine if there is probable cause to believe that the juvenile committed the act alleged and that the juvenile was 16 years of age or older at the time of the commission of the alleged offense, and any matters related thereto. In any case in which the juvenile is alleged to have committed a violent juvenile felony enumerated in subsection C of § 16.1-269.1, and for all charges ancillary thereto, if the attorney for the Commonwealth has given notice as provided in subsection C of § 16.1-269.1, the jurisdiction of the juvenile court shall be limited to conducting a preliminary hearing to determine if there is probable cause to believe that the juvenile committed the act alleged and that the juvenile was 16 years of age or older at the time of the commission of the alleged offense, and any matters related thereto. A determination by the juvenile court following a preliminary hearing pursuant to subsection B or C of § 16.1-269.1 to certify a charge to the grand jury shall divest the juvenile court of jurisdiction over the charge and any ancillary charge. In any case in which a transfer hearing is held pursuant to subsection A of § 16.1-269.1, if the juvenile court determines to transfer the case, jurisdiction of the juvenile court over the case shall be divested as provided in § 16.1-269.6.

In all other cases involving delinquent acts, and in cases in which an ancillary charge remains after a violent juvenile felony charge has been dismissed or a violent juvenile felony has been reduced to a lesser offense not constituting a violent juvenile felony, the jurisdiction of the juvenile court shall not be divested unless there is a transfer pursuant to subsection A of § 16.1-269.1.

The authority of the juvenile court to adjudicate matters involving the custody, visitation, support, control or disposition of a child shall not be limited to the consideration of petitions filed by a mother, father or legal guardian but shall include petitions filed at any time by any party with a legitimate interest therein. W. Petitions filed by a juvenile seeking judicial authorization for a physician to perform an abortion if a minor elects not to seek consent of an authorized person.

After a hearing, a judge shall issue an order authorizing a physician to perform an abortion, without the consent of any authorized person, if he finds that (i) the minor is mature enough and well enough informed to make her abortion decision, in consultation with her physician, independent of the wishes of any authorized person, or (ii) the minor is not mature enough or well enough informed to make such decision, but the desired abortion would be in her best interest.

If the judge authorizes an abortion based on the best interests of the minor, such order shall expressly state that such authorization is subject to the physician or his agent giving notice of intent to perform the abortion; however, no such notice shall be required if the judge finds that such notice would not be in the best interest of the minor. In determining whether

notice is in the best interest of the minor, the judge shall consider the totality of the circumstances; however, he shall find that notice is not in the best interest of the minor if he finds that (a) one or more authorized persons with whom the minor regularly and customarily resides is abusive or neglectful and (b) every other authorized person, if any, is either abusive or neglectful or has refused to accept responsibility as parent, legal guardian, custodian or person standing in loco parentis.

The minor may participate in the court proceedings on her own behalf, and the court may appoint a guardian ad litem for the minor. The court shall advise the minor that she has a right to counsel and shall, upon her request, appoint counsel for her.

Notwithstanding any other provision of law, the provisions of this subsection shall govern proceedings relating to consent for a minor's abortion. Court proceedings under this subsection and records of such proceedings shall be confidential. Such proceedings shall be given precedence over other pending matters so that the court may reach a decision promptly and without delay in order to serve the best interests of the minor. Court proceedings under this subsection shall be heard and decided as soon as practicable but in no event later than four days after the petition is filed.

An expedited confidential appeal to the circuit court shall be available to any minor for whom the court denies an order authorizing an abortion without consent or without notice. Any such appeal shall be heard and decided no later than five days after the appeal is filed. The time periods required by this subsection shall be subject to subsection B of § 1-210. An order authorizing an abortion without consent or without notice shall not be subject to appeal.

No filing fees shall be required of the minor at trial or upon appeal.

If either the original court or the circuit court fails to act within the time periods required by this subsection, the court before which the proceeding is pending shall immediately authorize a physician to perform the abortion without consent of or notice to an authorized person.

Nothing contained in this subsection shall be construed to authorize a physician to perform an abortion on a minor in circumstances or in a manner that would be unlawful if performed on an adult woman.

A physician shall not knowingly perform an abortion upon an unemancipated minor unless consent has been obtained or the minor delivers to the physician a court order entered pursuant to this section and the physician or his agent provides such notice as such order may require. However, neither consent nor judicial authorization nor notice shall be required if the minor declares that she is abused or neglected and the attending physician has reason to suspect that the minor may be an abused or neglected child as defined in § 63.2-100 and reports the suspected abuse or neglect in accordance with § 63.2-1509; or if there is a medical emergency, in which case the attending physician shall certify the facts justifying the exception in the minor's medical record.

"Authorized person" means (i) a parent or duly appointed legal guardian or custodian of the minor or (ii) a person standing in loco parentis, including, but not limited to, a grandparent or adult sibling with whom the minor regularly and customarily resides and who has care and control of the minor. "Consent" means that (i) the physician has given notice of intent to perform the abortion and has received authorization from an authorized person, or (ii) at least one authorized person is present with the minor seeking the abortion and provides written authorization to the physician, which shall be witnessed by the physician or an agent thereof. In either case, the written authorization shall be incorporated into the minor's medical record and maintained as a part thereof.

"Medical emergency" means any condition which, on the basis of the physician's good faith clinical judgment, so complicates the medical condition of the pregnant minor as to necessitate the immediate abortion of her pregnancy to avert her death or for which a delay will create a serious risk of substantial and irreversible impairment of a major bodily function.

"Notice of intent to perform the abortion" means that (i) the physician or his agent has given actual notice of his intention to perform such abortion to an authorized person, either in person or by telephone, at least 24 hours previous to the performance of the abortion or (ii) the physician or his agent, after a reasonable effort to notify an authorized person, has mailed notice to an authorized person by certified mail, addressed to such person at his usual place of abode, with return receipt requested, at least 72 hours prior to the performance of the abortion.

"Perform an abortion" means to interrupt or terminate a pregnancy by any surgical or nonsurgical procedure or to induce a miscarriage as provided in § 18.2-72, 18.2-73, or 18.2-74.

"Unemancipated minor" means a minor who has not been emancipated by (i) entry into a valid marriage, even though the marriage may have been terminated by dissolution; (ii) active duty with any of the Armed Forces of the United States; (iii) willingly living separate and apart from his or her parents or guardian, with the consent or acquiescence of the parents or guardian; or (iv) entry of an order of emancipation pursuant to Article 15 (§ 16.1-331 et seq.).

X. Petitions filed pursuant to Article 17 (§ 16.1-349 et seq.) relating to standby guardians for minor children.

Y. Petitions involving minors filed pursuant to § 32.1-45.1 relating to obtaining a blood specimen or test results.

Z. Petitions filed pursuant to § 16.1-283.3 for review of voluntary agreements for continuation of services and support for persons who meet the eligibility criteria for the Fostering Futures program set forth in § 63.2-919.

The ages specified in this law refer to the age of the child at the time of the acts complained of in the petition.

Notwithstanding any other provision of law, no fees shall be charged by a sheriff for the service of any process in a proceeding pursuant to subdivision A 3, except as provided in subdivision A 6 of § 17.1-272, or subsection B, D, M, or R.

Notwithstanding the provisions of § 18.2-71, any physician who performs an abortion in violation of subsection W shall be guilty of a Class 3 misdemeanor.

C. The Board shall fix the wholesale and retail prices at which the various classes, varieties and brands of alcoholic beverages and other Board-approved products that are sold in government stores. Differences in the cost of operating stores, and market competition and conditions may be reflected in the sale price of alcoholic beverages sold at government stores. The Board may sell alcoholic beverages to federal instrumentalities (i) authorized and operating under the laws of the United States and regulations of the United States Department of Defense and (ii) located within the boundaries of federal enclaves or reservations over which the United States has acquired jurisdiction, at prices which may be greater or less than the wholesale price charged other authorized purchasers. Nothing in this subsection shall be construed to limit the authority of the Board to fix the retail price of alcoholic beverages sold at government stores, which retail price may include promotional, volume, or other discounts deemed appropriate by the Board.

D. Alcoholic beverages at government stores shall be sold by employees of the Authority who shall carry out the provisions of this title and Board regulations governing the operation of government stores and the sale of alcoholic beverages, except that the Board may appoint the holder of a distiller's license or its officers and employees as agents of the Board for the sale of spirits and low alcohol beverage coolers, manufactured by or for, or blended by such licensee on the licensed premises, at government stores established by the Board (i) on the distiller's licensed premises or (ii) at the site of an event licensed by the Board and conducted for the purpose of featuring and educating the consuming public about spirits products.

The Authority shall pay a licensed distiller making sales pursuant to an agreement authorized by this subsection a commission of not less than 20 percent of the retail price of the goods sold. If the licensed distiller makes application and meets certain requirements established by the Board, such agreement shall allow monthly revenue transfers from the licensed distiller to the Board to be submitted electronically and, notwithstanding the provisions of §§ 2.2-1802 and 4.1-116, to be limited to the amount due to the Board in applicable taxes and markups.

The Board may adopt regulations which provide for accepting a credit card or debit card as payment. Such regulations may provide for the collection, where appropriate, of related fees, penalties and service charges for the use of a credit card or debit card by any consumer.

J. Before the Authority implements any increase in the markup on distilled spirits or any change to the markup formula for distilled spirits pursuant to § 4.1-235 that would result in an increase in the retail price of distilled spirits sold to the public, the Authority shall (i) provide at least 45 days' public notice before such a price increase takes effect; (ii) provide the opportunity for submission of written comments regarding the proposed price increase; (iii) conduct a public meeting for the purpose of receiving verbal comment regarding the proposed price increase; and (iv) consider any written or verbal comments before implementing such a price increase.

The Board may discontinue any such store.

No sample may be consumed by any individual to whom alcoholic beverages may not lawfully be sold pursuant to § 4.1-304.

Notwithstanding the provision of this subsection to the contrary, an agent of the Board appointed pursuant to subsection D may give samples of spirits, beer, wine, or cider to persons to whom alcoholic beverages may be lawfully sold for on-premises consumption, provided that (i) the spirits, beer, wine, or cider samples are manufactured within the same licensed premises or on contiguous premises of such agent licensed as a distillery, brewery, or winery; (ii) no single sample shall exceed four ounces of beer, two ounces of wine or cider, or one-half ounce of spirits, unless served as a mixed beverage, in which case a single sample of spirits may contain up to one and one-half ounces of spirits; (iii) no more than 12 ounces of beer, five ounces of wine, or three ounces of spirits shall be given or sold to any person per day; and (iv) in the case of spirits samples, a method is used to track the consumption of each consumer. Such mixed beverage samples may contain spirits or vermouth not manufactured on the licensed premises or on contiguous premises of the licensed distillery, provided that at least 75 percent of the alcohol used in such samples is manufactured on the licensed premises or on contiguous premises of the licensed distillery. An agent of the Board appointed pursuant to subsection D may keep on the licensed premises no more than 10 varieties of spirits or vermouth not manufactured on the licensed premises or on contiguous premises of the licensed distillery. Any spirits or vermouth used in such samples that are not manufactured on the licensed premises or on contiguous premises of the licensed distillery shall be purchased from the Board.

The Board shall establish guidelines governing tasting events conducted pursuant to this subsection.

Any case fee charged to a licensed distiller by the Board for moving spirits from the production and bailment area to the tasting area of a government store established by the Board on the distiller's licensed premises shall be waived if such spirits are moved by employees of the licensed distiller.

H. With respect to purchases by licensees at government stores, the Authority shall (i) accept in payment for any purchase or series of purchases cash, electronic fund transfer, credit or debit card, or check payable to the Authority, in the exact amount of any such purchase or series of purchases and (ii) provide notice to licensees on Board policies relating to the assignment of government stores from which licensees may purchase products and any procedure for the licensee to elect to make purchases from an alternative government store.

I. With respect to purchases by consumers at government stores, the Authority shall accept cash in payment for any purchase or series of purchases. The Board may adopt regulations which provide for accepting a credit card or debit card as payment. Such regulations may provide for the collection, where appropriate, of related fees, penalties and service charges for the use of a credit card or debit card by any consumer.

J. Before the Authority implements any increase in the markup on distilled spirits or any change to the markup formula for distilled spirits pursuant to § 4.1-235 that would result in an increase in the retail price of distilled spirits sold to the public, the Authority shall (i) provide at least 45 days' public notice before such a price increase takes effect; (ii) provide the opportunity for submission of written comments regarding the proposed price increase; (iii) conduct a public meeting for the purpose of receiving verbal comment regarding the proposed price increase; and (iv) consider any written or verbal comments before implementing such a price increase.

§ 4.1-119. (Effective July 1, 2022) Operation of government stores.

A. Subject to the provisions of §§ 4.1-121 and 4.1-122, the Board may establish, maintain, and operate government stores for the sale of alcoholic beverages, other than beer and spirits, wine not produced by farm wineries, low alcohol beverage coolers *produced by licensed distillers*, vermouth, mixers, products used in connection with distilled spirits, including any garnish or garnishment applied to the rim of a glass of distilled spirits, as may be approved by the Board from time to time, and products licensed by the Virginia Tourism Corporation as specified in § 4.1-103 in such counties, cities, and towns considered advisable by the Board. The Board may discontinue any such store.

B. With respect to the sale of wine or cider produced by farm wineries, the Board may give preference to farm wineries that produce 2,500 cases or less of wine or cider per year.

C. The Board shall fix the wholesale and retail prices at which the various classes, varieties and brands of alcoholic beverages and other Board-approved products that are sold in government stores. Differences in the cost of operating stores, and market competition and conditions may be reflected in the sale price of alcoholic beverages sold at government stores. The Board may sell alcoholic beverages to federal instrumentalities (i) authorized and operating under the laws of the United States and regulations of the United States Department of Defense and (ii) located within the boundaries of federal enclaves or reservations over which the United States has acquired jurisdiction, at prices which may be greater or less than the wholesale price charged other authorized purchasers. Nothing in this subsection shall be construed to limit the authority of the Board to fix the retail price of alcoholic beverages sold at government stores, which retail price may include promotional, volume, or other discounts deemed appropriate by the Board.

D. Alcoholic beverages at government stores shall be sold by employees of the Authority who shall carry out the provisions of this title and Board regulations governing the operation of government stores and the sale of alcoholic beverages, except that the Board may appoint the holder of a distiller's license or its officers and employees as agents of the Board for the sale of spirits and low alcohol beverage coolers, manufactured by or for, or blended by such licensee on the licensed premises, at government stores established by the Board (i) on the distiller's licensed premises or (ii) at the site of an event licensed by the Board and conducted for the purpose of featuring and educating the consuming public about spirits products.

Such agents shall sell the spirits and low alcohol beverage coolers in accordance with the provisions of this title, Board regulations, and the terms of the agency agreement between the Authority and the licensed distiller. The Authority shall pay a licensed distiller making sales pursuant to an agreement authorized by this subsection a commission of not less than 20 percent of the retail price of the goods sold. If the licensed distiller makes application and meets certain requirements established by the Board, such agreement shall allow monthly revenue transfers from the licensed distiller to the Board to be submitted electronically and, notwithstanding the provisions of §§ 2.2-1802 and 4.1-116, to be limited to the amount due to the Board in applicable taxes and markups.

For the purposes of this subsection, "blended" means the receipt by a licensed distiller of deliveries and shipments of alcoholic beverages, other than wine and beer, in accordance with subdivision 6 of § 4.1-201 to be (a) (1) additionally aged by the receiving distillery in order to increase the quality and flavor of such alcoholic beverages or (2) used in a low alcohol beverage cooler and (b) bottled by the receiving distillery.

E. No Class 1 neutral grain spirit or alcohol, as defined by federal regulations, that is without distinctive character, aroma, taste or color shall be sold in government stores at a proof greater than 101 except upon permits issued by the Board for industrial, commercial, culinary, or medical use.

F. All alcoholic beverages sold in government stores, except for tasting samples pursuant to subsection G sold in government stores established by the Board on a distiller's licensed premises, shall be in closed containers, sealed and affixed with labels prescribed by the Board.

G. No alcoholic beverages shall be consumed in a government store by any person unless it is part of an organized tasting event conducted by (i) an employee of a manufacturer of distilled spirits or farm winery or (ii) an authorized representative of a manufacturer of distilled spirits or farm winery with a permit issued by the Board pursuant to subdivision A 14 of § 4.1-212, at which the samples of alcoholic beverages provided to any consumer do not exceed the limits for spirits or wine set forth in subdivision A 5 of § 4.1-201.1. No sample may be consumed by any individual to whom alcoholic beverages may not lawfully be sold pursuant to § 4.1-304.

Notwithstanding the provision of this subsection to the contrary, an agent of the Board appointed pursuant to subsection D may give samples of spirits, beer, wine, or cider to persons to whom alcoholic beverages may be lawfully sold for on-premises consumption, provided that (i) the spirits, beer, wine, or cider samples are manufactured within the same licensed premises or on contiguous premises of such agent licensed as a distillery, brewery, or winery; (ii) no single sample shall exceed four ounces of beer, two ounces of wine or cider, or one-half ounce of spirits, unless served as a mixed beverage, in which case a single sample of spirits may contain up to one and one-half ounces of spirits; (iii) no more than 12 ounces of beer, five ounces of wine, or three ounces of spirits shall be given or sold to any person per day; and (iv) in the case of spirits samples, a method is used to track the consumption of each consumer. Nothing in this paragraph shall prohibit such agent from serving samples of spirits as part of a mixed beverage. Such mixed beverage samples may contain spirits or vermouth not manufactured on the licensed premises or on contiguous premises of the licensed distillery, provided that at least 75 percent of the alcohol used in such samples is manufactured on the licensed premises or on contiguous premises of the licensed distillery. An agent of the Board appointed pursuant to subsection D may keep on the licensed premises no more than 10 varieties of spirits or vermouth not manufactured on the licensed premises or on contiguous premises of the licensed distillery. Any spirits or vermouth used in such samples that are not manufactured on the licensed premises or on contiguous premises of the licensed distillery shall be purchased from the Board.

The Board shall establish guidelines governing tasting events conducted pursuant to this subsection.

Any case fee charged to a licensed distiller by the Board for moving spirits from the production and bailment area to the tasting area of a government store established by the Board on the distiller's licensed premises shall be waived if such spirits are moved by employees of the licensed distiller.

H. With respect to purchases by licensees at government stores, the Authority shall (i) accept in payment for any purchase or series of purchases cash, electronic fund transfer, credit or debit card, or check payable to the Authority, in the exact amount of any such purchase or series of purchases and (ii) provide notice to licensees on Board policies relating to the assignment of government stores from which licensees may purchase products and any procedure for the licensee to elect to make purchases from an alternative government store.

I. With respect to purchases by consumers at government stores, the Authority shall accept cash in payment for any purchase or series of purchases. The Board may adopt regulations which provide for accepting a credit card or debit card as payment. Such regulations may provide for the collection, where appropriate, of related fees, penalties and service charges for the use of a credit card or debit card by any consumer.

J. Before the Authority implements any increase in the markup on distilled spirits or any change to the markup formula for distilled spirits pursuant to § 4.1-235 that would result in an increase in the retail price of distilled spirits sold to the public, the Authority shall (i) provide at least 45 days' public notice before such a price increase takes effect; (ii) provide the opportunity for submission of written comments regarding the proposed price increase; (iii) conduct a public meeting for the purpose of receiving verbal comment regarding the proposed price increase; and (iv) consider any written or verbal comments before implementing such a price increase.

2. That the provisions of this act shall become effective on January 1, 2022.

CHAPTER 292

An Act to amend the Code of Virginia by adding a section numbered 22.1-207.4:2, relating to certain school boards; student meals; participation in the Afterschool Meal Program.

[H 2135]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 22.1-207.4:2 as follows:

§ 22.1-207.4:2. Participation in the Afterschool Meal Program.

A. As used in this section:

"At-risk afterschool care center" includes locations that offer educational or enrichment activities to children or teenagers, including schools, community centers, and libraries, approved by the Department to operate the Program.

"Program" means the Afterschool Meal Program administered by the U.S. Department of Agriculture Food and Nutrition Service (FNS) Child and Adult Care Food Program (CACFP).

B. Each school board that governs a local school division that contains any public elementary or secondary school that has a student population that qualifies for free and reduced-price meals at a minimum percentage of 50 percent in the prior school year and simultaneously offers educational or enrichment activities and is consequently eligible to participate in the Program shall apply to the Department to participate in the Program for each such school to subsequently and simultaneously serve federally reimbursable meals and offer an afterschool education or enrichment program, pursuant to FNS guidelines and state health and safety standards. The Department shall administer the Program on behalf of the U.S. Department of Agriculture and shall conduct the processes for application to the Program, approval for participation in the Program, and monitoring of schools participating in the Program.

C. Nothing in this section shall be construed to prohibit any school in the local school division from applying to the Department to participate in the Program if that school offers afterschool programs that:

- 1. Provide organized and regularly scheduled afterschool activities for children after school or on the weekends, holidays, or breaks during the regular school year;*
- 2. Include educational or enrichment activities such as arts and crafts, computer lessons, or homework assistance; and*
- 3. Are located in an area that meets eligibility requirements for participation in the Program, pursuant to FNS guidelines.*

D. Nothing in this section shall be construed to prohibit any school in the local school division from partnering with agencies or organizations that participate in the Program, which partnership may include sponsoring at-risk afterschool care centers that operate at the school or at a location outside of the school and that already participate in the Program, to satisfy the requirements set forth in subsection B.

E. Any school may contact the Department for assistance in determining if a school or an afterschool program meets the requirements for eligibility to participate in the Program.

F. The Superintendent of Public Instruction shall issue a waiver to the requirement set forth in subsection B in the sole circumstance that an evaluation of a school or group of schools that is eligible to participate in the Program determines that participation in the program is not financially viable to such school or group of schools. The Department shall develop a process and criteria for considering such waivers, including a process and criteria for conducting such Program evaluations.

2. That the provisions of this act shall become effective on July 1, 2022.

CHAPTER 293

An Act to amend and reenact § 22.1-98 of the Code of Virginia, relating to public schools; severe weather conditions and other emergency situations; unscheduled remote learning days.

[S 1132]

Approved March 18, 2021

Be it enacted by the General Assembly of Virginia:

1. That § 22.1-98 of the Code of Virginia is amended and reenacted as follows:

§ 22.1-98. Reduction of state aid when length of school term below 180 days or 990 hours.

A. For the purposes of this section:

1. "Declared state of emergency" means the declaration of an emergency before or after an event, by the Governor or by officials in a locality, that requires the closure of any or all schools within a school division.

2. "Severe weather conditions or other emergency situations" means those circumstances presenting a threat to the health or safety of students that result from severe weather conditions or other emergencies, including natural and man-made disasters, energy shortages, or power failures.

B. Except as provided in this section:

1. The length of every school's term in every school division shall be at least 180 teaching days or 990 teaching hours in any school year; and

2. If the length of the term of any school or the schools in a school division shall be less than 180 teaching days or 990 teaching hours in any school year, the amount paid by the Commonwealth from the Basic School Aid Fund shall, except as otherwise hereinafter provided or as otherwise provided by law, be reduced in the same proportion as the length of the school term has been reduced in any school or the schools in the school division from 180 teaching days or 990 teaching hours.

C. Notwithstanding the requirements of subsection B, in any case in which severe weather conditions or other emergency situations, ~~as defined in this section~~, result in the closing of a school or the schools in a school division *or in an unscheduled remote learning day for a school or the schools in a school division*, the amount paid by the Commonwealth from the Basic School Aid Fund shall not be reduced if *one of the following schedule methods of make-up days, make-up hours, or unscheduled remote learning days, as appropriate in the circumstances*, is followed:

1. When severe weather conditions or other emergency situations have resulted in the closing of a school or the schools in a school division for five or fewer days, the school or the schools in the school division shall make up all missed days by adding teaching days to the school calendar or extending the length of the school day;

2. When severe weather conditions or other emergency situations have resulted in the closing of a school or the schools in a school division for six days or more, the school or the schools in the school division shall make up the first five days plus one day for each two days missed in excess of the first five by adding teaching days to the school calendar or extending the length of the school day; ~~or~~

3. When severe weather conditions or other emergency situations have resulted in the closing of any school in a school division and such school has been unable to meet the 180 teaching day requirement, the school division may make up the missed teaching days by providing its students with instructional hours equivalent to such missed teaching days to meet the minimum 990 teaching hour requirement; *or*

4. *When severe weather conditions or other emergency situations have resulted in the closing of any school in a school division for in-person instruction, the school division may declare an unscheduled remote learning day whereby the school provides instruction and student services that are consistent with guidelines established by the Department of Education to ensure the equitable provision of such services. No school division shall claim more than 10 unscheduled remote learning days in a school year unless the Superintendent of Public Instruction grants an extension.*

D. The local appropriations for educational purposes necessary to fund 180 teaching days or 990 teaching hours shall also not be proportionally reduced by any local governing body because of any reduction in the length of the term of any school or the schools in a school division authorized by subsection C.

E. The foregoing provisions of this section notwithstanding, the Board of Education may waive the requirement that school divisions provide additional teaching days or teaching hours to compensate for school closings resulting from a declared state of emergency or severe weather conditions or other emergency situations. If the local school board desires a waiver, it shall submit a request to the Board of Education. The request shall include evidence of efforts that have been made by the school division to reschedule as many days as possible and certification by the division superintendent and chairman of the local school board that every reasonable effort for making up lost teaching days or teaching hours was exhausted before requesting a waiver of this requirement. If the waiver is denied, the school division shall make up the missed instructional time in accordance with this section.

If the Board grants such a waiver, there shall be no proportionate reduction in the amount paid by the Commonwealth from the Basic School Aid Fund. Further, the local appropriations for educational purposes necessary to fund 180 teaching days or 990 teaching hours shall not be proportionally reduced by any local governing body due to any reduction in the length of the term of any school or the schools in a school division permitted by such waiver.

F. Notwithstanding the provisions of this section, the Board of Education shall waive the requirement that school divisions provide additional teaching days or teaching hours to compensate for school closings resulting from an evacuation directed and compelled by the Governor pursuant to § 44-146.17 for up to five teaching days. If the local school board desires such a waiver, it shall notify the Board of Education and provide evidence of efforts that have been made by the school division to reschedule as many days as possible and certification by the division superintendent and chairman of the local school board that every reasonable effort for making up lost teaching days or teaching hours was exhausted. After receiving such notification, the Board shall grant the waiver and there shall be no proportionate reduction in the amount paid by the Commonwealth from the Basic School Aid Fund. Further, the local appropriations for educational purposes necessary to fund 180 teaching days or 990 teaching hours shall not be proportionally reduced by any local governing body due to any reduction in the length of the term of any school or the schools in a school division permitted by such waiver.

G. If the professional personnel of any such school division actually render service for less than the contracted period for such school year and their compensation is reduced because of insufficient funds or other reason, the proportionate amount paid by the Commonwealth for the personnel component of the Basic School Aid Fund for such school year shall be reduced pro rata.

Notwithstanding any provision of law to the contrary, the school board of any school division in which the length of the term for any school or for the schools in the school division is reduced as provided in this section may pay its professional personnel such salary as they would have received if the term had not been so reduced.

H. In developing the school calendar as provided for in § 22.1-79.1, each local school board shall establish such calendars and teaching contracts in accordance with applicable regulations of the Board of Education to include contingencies for making up teaching days and teaching hours missed for emergency situations described in this section. Historical data shall be used to determine the needs of the locality including scheduled holidays and breaks and work days.

I. The Board of Education may authorize the Superintendent of Public Instruction to approve, in compliance with this section, reductions in the school term for a school or the schools in a school division without a proportionate reduction in the amount paid by the Commonwealth from the Basic School Aid Fund.

J. With the exception of the Basic School Aid Fund as provided for above, the Commonwealth shall not distribute funds to a locality for costs not incurred when the school term is reduced below 180 teaching days or 990 teaching hours.

K. As part of the annual report required by § 22.1-81, the division superintendent and local school board chairman shall certify the total number of teaching days and teaching hours each year.

[H 1987]

Approved March 24, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 32.1-325, 38.2-3418.16, and 54.1-3303 of the Code of Virginia are amended and reenacted as follows:

§ 32.1-325. Board to submit plan for medical assistance services to U.S. Secretary of Health and Human Services pursuant to federal law; administration of plan; contracts with health care providers.

A. The Board, subject to the approval of the Governor, is authorized to prepare, amend from time to time, and submit to the U.S. Secretary of Health and Human Services a state plan for medical assistance services pursuant to Title XIX of the United States Social Security Act and any amendments thereto. The Board shall include in such plan:

1. A provision for payment of medical assistance on behalf of individuals, up to the age of 21, placed in foster homes or private institutions by private, nonprofit agencies licensed as child-placing agencies by the Department of Social Services or placed through state and local subsidized adoptions to the extent permitted under federal statute;

2. A provision for determining eligibility for benefits for medically needy individuals which disregards from countable resources an amount not in excess of \$3,500 for the individual and an amount not in excess of \$3,500 for his spouse when such resources have been set aside to meet the burial expenses of the individual or his spouse. The amount disregarded shall be reduced by (i) the face value of life insurance on the life of an individual owned by the individual or his spouse if the cash surrender value of such policies has been excluded from countable resources and (ii) the amount of any other revocable or irrevocable trust, contract, or other arrangement specifically designated for the purpose of meeting the individual's or his spouse's burial expenses;

3. A requirement that, in determining eligibility, a home shall be disregarded. For those medically needy persons whose eligibility for medical assistance is required by federal law to be dependent on the budget methodology for Aid to Families with Dependent Children, a home means the house and lot used as the principal residence and all contiguous property. For all other persons, a home shall mean the house and lot used as the principal residence, as well as all contiguous property, as long as the value of the land, exclusive of the lot occupied by the house, does not exceed \$5,000. In any case in which the definition of home as provided here is more restrictive than that provided in the state plan for medical assistance services in Virginia as it was in effect on January 1, 1972, then a home means the house and lot used as the principal residence and all contiguous property essential to the operation of the home regardless of value;

5. A provision for deducting from an institutionalized recipient's income an amount for the maintenance of the individual's spouse at home;

6. A provision for payment of medical assistance on behalf of pregnant women which provides for payment for inpatient postpartum treatment in accordance with the medical criteria outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists. Payment shall be made for any postpartum home visit or visits for the mothers and the children which are within the time periods recommended by the attending physicians in accordance with and as indicated by such Guidelines or Standards. For the purposes of this subdivision, such Guidelines or Standards shall include any changes thereto within six months of the publication of such Guidelines or Standards or any official amendment thereto;

7. A provision for the payment for family planning services on behalf of women who were Medicaid-eligible for prenatal care and delivery as provided in this section at the time of delivery. Such family planning services shall begin with delivery and continue for a period of 24 months, if the woman continues to meet the financial eligibility requirements for a pregnant woman under Medicaid. For the purposes of this section, family planning services shall not cover payment for abortion services and no funds shall be used to perform, assist, encourage or make direct referrals for abortions;

8. A provision for payment of medical assistance for high-dose chemotherapy and bone marrow transplants on behalf of individuals over the age of 21 who have been diagnosed with lymphoma, breast cancer, myeloma, or leukemia and have been determined by the treating health care provider to have a performance status sufficient to proceed with such high-dose chemotherapy and bone marrow transplant. Appeals of these cases shall be handled in accordance with the Department's expedited appeals process;

9. A provision identifying entities approved by the Board to receive applications and to determine eligibility for medical assistance, which shall include a requirement that such entities (i) obtain accurate contact information, including the best available address and telephone number, from each applicant for medical assistance, to the extent required by federal law and regulations, and (ii) provide each applicant for medical assistance with information about advance directives

pursuant to Article 8 (§ 54.1-2981 et seq.) of Chapter 29 of Title 54.1, including information about the purpose and benefits of advance directives and how the applicant may make an advance directive;

10. A provision for breast reconstructive surgery following the medically necessary removal of a breast for any medical reason. Breast reductions shall be covered, if prior authorization has been obtained, for all medically necessary indications. Such procedures shall be considered noncosmetic;

11. A provision for payment of medical assistance for annual pap smears;

12. A provision for payment of medical assistance services for prostheses following the medically necessary complete or partial removal of a breast for any medical reason;

A provision for payment of medical assistance which provides for payment for 48 hours of inpatient treatment for a patient following a radical or modified radical mastectomy and 24 hours of inpatient care following a total mastectomy or a partial mastectomy with lymph node dissection for treatment of disease or trauma of the breast. Nothing in this subdivision shall be construed as requiring the provision of inpatient coverage where the attending physician in consultation with the patient determines that a shorter period of hospital stay is appropriate;

14. A requirement that certificates of medical necessity for durable medical equipment and any supporting verifiable documentation shall be signed, dated, and returned by the physician, physician assistant, or nurse practitioner and in the durable medical equipment provider's possession within 60 days from the time the ordered durable medical equipment and supplies are first furnished by the durable medical equipment provider;

15. A provision for payment of medical assistance to (i) persons age 50 and over and (ii) persons age 40 and over who are at high risk for prostate cancer, according to the most recent published guidelines of the American Cancer Society, for one PSA test in a 12-month period and digital rectal examinations, all in accordance with American Cancer Society guidelines. Such coverage shall make available one screening mammogram to persons age 35 through 39, one such mammogram biennially to persons age 40 through 49, and one such mammogram annually to persons age 50 and over. The term "mammogram" means an X-ray examination of the breast using equipment dedicated specifically for mammography, including but not limited to the X-ray tube, filter, compression device, screens, film and cassettes, with an average radiation exposure of less than one rad mid-breast, two views of each breast;

17. A provision, when in compliance with federal law and regulation and approved by the Centers for Medicare & Medicaid Services (CMS), for payment of medical assistance services delivered to Medicaid-eligible students when such services qualify for reimbursement by the Virginia Medicaid program and may be provided by school divisions;

18. A provision for payment of medical assistance services for liver, heart and lung transplantation procedures for individuals over the age of 21 years when (i) there is no effective alternative medical or surgical therapy available with outcomes that are at least comparable; (ii) the transplant procedure and application of the procedure in treatment of the specific condition have been clearly demonstrated to be medically effective and not experimental or investigational; (iii) prior authorization by the Department of Medical Assistance Services has been obtained; (iv) the patient selection criteria of the specific transplant center where the surgery is proposed to be performed have been used by the transplant team or program to determine the appropriateness of the patient for the procedure; (v) current medical therapy has failed and the patient has failed to respond to appropriate therapeutic management; (vi) the patient is not in an irreversible terminal state; and (vii) the transplant is likely to prolong the patient's life and restore a range of physical and social functioning in the activities of daily living;

19. A provision for payment of medical assistance for colorectal cancer screening, specifically screening with an annual fecal occult blood test, flexible sigmoidoscopy or colonoscopy, or in appropriate circumstances radiologic imaging, in accordance with the most recently published recommendations established by the American College of Gastroenterology, in consultation with the American Cancer Society, for the ages, family histories, and frequencies referenced in such recommendations;

20. A provision for payment of medical assistance for custom ocular prostheses;

Such provision shall include payment for medical assistance for follow-up audiological examinations as recommended by a physician, physician assistant, nurse practitioner, or audiologist and performed by a licensed audiologist to confirm the existence or absence of hearing loss;

22. A provision for payment of medical assistance, pursuant to the Breast and Cervical Cancer Prevention and Treatment Act of 2000 (P.L. 106-354), for certain women with breast or cervical cancer when such women (i) have been screened for breast or cervical cancer under the Centers for Disease Control and Prevention (CDC) Breast and Cervical Cancer Early Detection Program established under Title XV of the Public Health Service Act; (ii) need treatment for breast or cervical cancer, including treatment for a precancerous condition of the breast or cervix; (iii) are not otherwise covered under creditable coverage, as defined in § 2701 (c) of the Public Health Service Act; (iv) are not otherwise eligible for medical assistance services under any mandatory categorically needy eligibility group; and (v) have not attained age 65. This provision shall include an expedited eligibility determination for such women;

23. A provision for the coordinated administration, including outreach, enrollment, re-enrollment and services delivery, of medical assistance services provided to medically indigent children pursuant to this chapter, which shall be called Family Access to Medical Insurance Security (FAMIS) Plus and the FAMIS Plan program in § 32.1-351. A single application form shall be used to determine eligibility for both programs;

24. A provision, when authorized by and in compliance with federal law, to establish a public-private long-term care partnership program between the Commonwealth of Virginia and private insurance companies that shall be established through the filing of an amendment to the state plan for medical assistance services by the Department of Medical Assistance Services. The purpose of the program shall be to reduce Medicaid costs for long-term care by delaying or eliminating dependence on Medicaid for such services through encouraging the purchase of private long-term care insurance policies that have been designated as qualified state long-term care insurance partnerships and may be used as the first source of benefits for the participant's long-term care. Components of the program, including the treatment of assets for Medicaid eligibility and estate recovery, shall be structured in accordance with federal law and applicable federal guidelines;

25. A provision for the payment of medical assistance for otherwise eligible pregnant women during the first five years of lawful residence in the United States, pursuant to § 214 of the Children's Health Insurance Program Reauthorization Act of 2009 (P.L. 111-3); ~~and~~

26. A provision for the payment of medical assistance for medically necessary health care services provided through telemedicine services, as defined in § 38.2-3418.16, regardless of the originating site or whether the patient is accompanied by a health care provider at the time such services are provided. No health care provider who provides health care services through telemedicine services shall be required to use proprietary technology or applications in order to be reimbursed for providing telemedicine services.

For the purposes of this subdivision, "originating site" means any location where the patient is located, including any medical care facility or office of a health care provider, the home of the patient, the patient's place of employment, or any public or private primary or secondary school or postsecondary institution of higher education at which the person to whom telemedicine services are provided is located; *and*

"Remote patient monitoring services" includes monitoring of clinical patient data such as weight, blood pressure, pulse, pulse oximetry, blood glucose, and other patient physiological data, treatment adherence monitoring, and interactive videoconferencing with or without digital image upload.*

B. In preparing the plan, the Board shall:

1. Work cooperatively with the State Board of Health to ensure that quality patient care is provided and that the health, safety, security, rights and welfare of patients are ensured.

2. Initiate such cost containment or other measures as are set forth in the appropriation act.

3. Make, adopt, promulgate and enforce such regulations as may be necessary to carry out the provisions of this chapter.

4. Examine, before acting on a regulation to be published in the Virginia Register of Regulations pursuant to § 2.2-4007.05, the potential fiscal impact of such regulation on local boards of social services. For regulations with potential fiscal impact, the Board shall share copies of the fiscal impact analysis with local boards of social services prior to submission to the Registrar. The fiscal impact analysis shall include the projected costs/savings to the local boards of social services to implement or comply with such regulation and, where applicable, sources of potential funds to implement or comply with such regulation.

C. In order to enable the Commonwealth to continue to receive federal grants or reimbursement for medical assistance or related services, the Board, subject to the approval of the Governor, may adopt, regardless of any other provision of this chapter, such amendments to the state plan for medical assistance services as may be necessary to conform such plan with amendments to the United States Social Security Act or other relevant federal law and their implementing regulations or constructions of these laws and regulations by courts of competent jurisdiction or the United States Secretary of Health and Human Services.

In the event conforming amendments to the state plan for medical assistance services are adopted, the Board shall not be required to comply with the requirements of Article 2 (§ 2.2-4006 et seq.) of Chapter 40 of Title 2.2. However, the Board shall, pursuant to the requirements of § 2.2-4002, (i) notify the Registrar of Regulations that such amendment is necessary to meet the requirements of federal law or regulations or because of the order of any state or federal court, or (ii) certify to the Governor that the regulations are necessitated by an emergency situation. Any such amendments that are in conflict with the Code of Virginia shall only remain in effect until July 1 following adjournment of the next regular session of the General Assembly unless enacted into law.

D. The Director of Medical Assistance Services is authorized to:

1. Administer such state plan and receive and expend federal funds therefor in accordance with applicable federal and state laws and regulations; and enter into all contracts necessary or incidental to the performance of the Department's duties and the execution of its powers as provided by law.

2. Enter into agreements and contracts with medical care facilities, physicians, dentists and other health care providers where necessary to carry out the provisions of such state plan. Any such agreement or contract shall terminate upon conviction of the provider of a felony. In the event such conviction is reversed upon appeal, the provider may apply to the Director of Medical Assistance Services for a new agreement or contract. Such provider may also apply to the Director for reconsideration of the agreement or contract termination if the conviction is not appealed, or if it is not reversed upon appeal.

3. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with any provider who has been convicted of or otherwise pled guilty to a felony, or pursuant to Subparts A, B, and C of 42 C.F.R. Part 1002, and upon notice of such action to the provider as required by 42 C.F.R. § 1002.212.

4. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with a provider who is or has been a principal in a professional or other corporation when such corporation has been convicted of or otherwise pled guilty to any violation of § 32.1-314, 32.1-315, 32.1-316, or 32.1-317, or any other felony or has been excluded from participation in any federal program pursuant to 42 C.F.R. Part 1002.

5. Terminate or suspend a provider agreement with a home care organization pursuant to subsection E of § 32.1-162.13.

For the purposes of this subsection, "provider" may refer to an individual or an entity.

E. In any case in which a Medicaid agreement or contract is terminated or denied to a provider pursuant to subsection D, the provider shall be entitled to appeal the decision pursuant to 42 C.F.R. § 1002.213 and to a post-determination or post-denial hearing in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). All such requests shall be in writing and be received within 15 days of the date of receipt of the notice.

The Director may consider aggravating and mitigating factors including the nature and extent of any adverse impact the agreement or contract denial or termination may have on the medical care provided to Virginia Medicaid recipients. In cases in which an agreement or contract is terminated pursuant to subsection D, the Director may determine the period of exclusion and may consider aggravating and mitigating factors to lengthen or shorten the period of exclusion, and may reinstate the provider pursuant to 42 C.F.R. § 1002.215.

F. When the services provided for by such plan are services which a marriage and family therapist, clinical psychologist, clinical social worker, professional counselor, or clinical nurse specialist is licensed to render in Virginia, the Director shall contract with any duly licensed marriage and family therapist, duly licensed clinical psychologist, licensed clinical social worker, licensed professional counselor or licensed clinical nurse specialist who makes application to be a provider of such services, and thereafter shall pay for covered services as provided in the state plan. The Board shall promulgate regulations which reimburse licensed marriage and family therapists, licensed clinical psychologists, licensed clinical social workers, licensed professional counselors and licensed clinical nurse specialists at rates based upon reasonable criteria, including the professional credentials required for licensure.

G. The Board shall prepare and submit to the Secretary of the United States Department of Health and Human Services such amendments to the state plan for medical assistance services as may be permitted by federal law to establish a program of family assistance whereby children over the age of 18 years shall make reasonable contributions, as determined by regulations of the Board, toward the cost of providing medical assistance under the plan to their parents.

H. The Department of Medical Assistance Services shall:

1. Include in its provider networks and all of its health maintenance organization contracts a provision for the payment of medical assistance on behalf of individuals up to the age of 21 who have special needs and who are Medicaid eligible, including individuals who have been victims of child abuse and neglect, for medically necessary assessment and treatment services, when such services are delivered by a provider which specializes solely in the diagnosis and treatment of child abuse and neglect, or a provider with comparable expertise, as determined by the Director.

2. Amend the Medallion II waiver and its implementing regulations to develop and implement an exception, with procedural requirements, to mandatory enrollment for certain children between birth and age three certified by the Department of Behavioral Health and Developmental Services as eligible for services pursuant to Part C of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.).

3. Utilize, to the extent practicable, electronic funds transfer technology for reimbursement to contractors and enrolled providers for the provision of health care services under Medicaid and the Family Access to Medical Insurance Security Plan established under § 32.1-351.

4. Require any managed care organization with which the Department enters into an agreement for the provision of medical assistance services to include in any contract between the managed care organization and a pharmacy benefits manager provisions prohibiting the pharmacy benefits manager or a representative of the pharmacy benefits manager from conducting spread pricing with regards to the managed care organization's managed care plans. For the purposes of this subdivision:

"Pharmacy benefits management" means the administration or management of prescription drug benefits provided by a managed care organization for the benefit of covered individuals.

"Pharmacy benefits manager" means a person that performs pharmacy benefits management.

"Spread pricing" means the model of prescription drug pricing in which the pharmacy benefits manager charges a managed care plan a contracted price for prescription drugs, and the contracted price for the prescription drugs differs from the amount the pharmacy benefits manager directly or indirectly pays the pharmacist or pharmacy for pharmacist services.

I. The Director is authorized to negotiate and enter into agreements for services rendered to eligible recipients with special needs. The Board shall promulgate regulations regarding these special needs patients, to include persons with AIDS, ventilator-dependent patients, and other recipients with special needs as defined by the Board.

J. Except as provided in subdivision A 1 of § 2.2-4345, the provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq.) shall not apply to the activities of the Director authorized by subsection I of this section. Agreements made pursuant to this subsection shall comply with federal law and regulation.

§ 38.2-3418.16. Coverage for telemedicine services.

A. Notwithstanding the provisions of § 38.2-3419, each insurer proposing to issue individual or group accident and sickness insurance policies providing hospital, medical and surgical, or major medical coverage on an expense-incurred basis; each corporation providing individual or group accident and sickness subscription contracts; and each health maintenance organization providing a health care plan for health care services shall provide coverage for the cost of such health care services provided through telemedicine services, as provided in this section.

B. As used in this section:

"Originating site" means the location where the patient is located at the time services are provided by a health care provider through telemedicine services.

"Remote patient monitoring services" means the delivery of home health services using telecommunications technology to enhance the delivery of home health care, including monitoring of clinical patient data such as weight, blood pressure, pulse, pulse oximetry, blood glucose, and other condition-specific data; medication adherence monitoring; and interactive video conferencing with or without digital image upload.

"Telemedicine services" as it pertains to the delivery of health care services, means the use of electronic technology or media, including interactive audio or video, for the purpose of diagnosing or treating a patient, providing remote patient monitoring services, or consulting with other health care providers regarding a patient's diagnosis or treatment, regardless of the originating site and whether the patient is accompanied by a health care provider at the time such services are provided. "Telemedicine services" does not include an audio-only telephone, electronic mail message, facsimile transmission, or online questionnaire. *Nothing in this section shall preclude coverage for a service that is not a telemedicine service, including services delivered through real-time audio-only telephone.*

C. An insurer, corporation, or health maintenance organization shall not exclude a service for coverage solely because the service is provided through telemedicine services and is not provided through face-to-face consultation or contact between a health care provider and a patient for services appropriately provided through telemedicine services.

D. An insurer, corporation, or health maintenance organization shall not be required to reimburse the treating provider or the consulting provider for technical fees or costs for the provision of telemedicine services; however, such insurer, corporation, or health maintenance organization shall reimburse the treating provider or the consulting provider for the diagnosis, consultation, or treatment of the insured delivered through telemedicine services on the same basis that the insurer, corporation, or health maintenance organization is responsible for coverage for the provision of the same service through face-to-face consultation or contact. No insurer, corporation, or health maintenance organization shall require a provider to use proprietary technology or applications in order to be reimbursed for providing telemedicine services.

E. Nothing shall preclude the insurer, corporation, or health maintenance organization from undertaking utilization review to determine the appropriateness of telemedicine services, provided that such appropriateness is made in the same manner as those determinations are made for the treatment of any other illness, condition, or disorder covered by such policy, contract, or plan. Any such utilization review shall not require pre-authorization of emergent telemedicine services.

F. An insurer, corporation, or health maintenance organization may offer a health plan containing a deductible, copayment, or coinsurance requirement for a health care service provided through telemedicine services, provided that the deductible, copayment, or coinsurance does not exceed the deductible, copayment, or coinsurance applicable if the same services were provided through face-to-face diagnosis, consultation, or treatment.

G. No insurer, corporation, or health maintenance organization shall impose any annual or lifetime dollar maximum on coverage for telemedicine services other than an annual or lifetime dollar maximum that applies in the aggregate to all items and services covered under the policy, or impose upon any person receiving benefits pursuant to this section any copayment, coinsurance, or deductible amounts, or any policy year, calendar year, lifetime, or other durational benefit limitation or maximum for benefits or services, that is not equally imposed upon all terms and services covered under the policy, contract, or plan.

H. The requirements of this section shall apply to all insurance policies, contracts, and plans delivered, issued for delivery, reissued, or extended in the Commonwealth on and after January 1, 2021, or at any time thereafter when any term of the policy, contract, or plan is changed or any premium adjustment is made.

I. This section shall not apply to short-term travel, accident-only, or limited or specified disease policies or contracts, nor to policies or contracts designed for issuance to persons eligible for coverage under Title XVIII of the Social Security Act, known as Medicare, or any other similar coverage under federal governmental plans.

J. The coverage required by this section shall include the use of telemedicine technologies as it pertains to medically necessary remote patient monitoring services to the full extent that these services are available.

K. Prescribing of controlled substances via telemedicine shall comply with the requirements of § 54.1-3303 and all applicable federal law.

§ 54.1-3303. Prescriptions to be issued and drugs to be dispensed for medical or therapeutic purposes only.

A. A prescription for a controlled substance may be issued only by a practitioner of medicine, osteopathy, podiatry, dentistry or veterinary medicine who is authorized to prescribe controlled substances, or by a licensed nurse practitioner pursuant to § 54.1-2957.01, a licensed physician assistant pursuant to § 54.1-2952.1, or a TPA-certified optometrist pursuant to Article 5 (§ 54.1-3222 et seq.) of Chapter 32.

B. A prescription shall be issued only to persons or animals with whom the practitioner has a bona fide practitioner-patient relationship or veterinarian-client-patient relationship. If a practitioner is providing expedited partner therapy consistent with the recommendations of the Centers for Disease Control and Prevention, then a bona fide practitioner-patient relationship shall not be required.

A bona fide practitioner-patient relationship shall exist if the practitioner has (i) obtained or caused to be obtained a medical or drug history of the patient; (ii) provided information to the patient about the benefits and risks of the drug being prescribed; (iii) performed or caused to be performed an appropriate examination of the patient, either physically or by the use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically; and (iv) initiated additional interventions and follow-up care, if necessary, especially if a prescribed drug may have serious side effects. Except in cases involving a medical emergency, the examination required pursuant to clause (iii) shall be performed by the practitioner prescribing the controlled substance, a practitioner who practices in the same group as the practitioner prescribing the controlled substance, or a consulting practitioner.

A practitioner who has established a bona fide practitioner-patient relationship with a patient in accordance with the provisions of this subsection may prescribe Schedule II through VI controlled substances to that patient, ~~provided that, in cases in which the practitioner has performed the examination required pursuant to clause (iii) by use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically, the~~

A practitioner who has established a bona fide practitioner-patient relationship with a patient in accordance with the provisions of this subsection may prescribe Schedule II through VI controlled substances to that patient via telemedicine if such prescribing is in compliance with federal requirements for the practice of telemedicine and, in the case of the prescribing of such a Schedule II through V controlled substance is in compliance with federal requirements for the practice of telemedicine, the prescriber maintains a practice at a physical location in the Commonwealth or is able to make appropriate referral of patients to a licensed practitioner located in the Commonwealth in order to ensure an in-person examination of the patient when required by the standard of care.

~~For the purpose of prescribing a Schedule VI controlled substance to a patient via telemedicine services as defined in § 38.2-3418.16, a prescriber may establish a bona fide practitioner-patient relationship for the purpose of prescribing Schedule II through VI controlled substances by an examination through face-to-face interactive, two-way, real-time communications services or store-and-forward technologies when all of the following conditions are met: (a) the patient has provided a medical history that is available for review by the prescriber; (b) the prescriber obtains an updated medical history at the time of prescribing; (c) the prescriber makes a diagnosis at the time of prescribing; (d) the prescriber conforms to the standard of care expected of in-person care as appropriate to the patient's age and presenting condition, including when the standard of care requires the use of diagnostic testing and performance of a physical examination, which may be carried out through the use of peripheral devices appropriate to the patient's condition; (e) the prescriber is actively licensed in the Commonwealth and authorized to prescribe; (f) if the patient is a member or enrollee of a health plan or carrier, the prescriber has been credentialed by the health plan or carrier as a participating provider and the diagnosing and prescribing meets the qualifications for reimbursement by the health plan or carrier pursuant to § 38.2-3418.16; and (g) upon request, the prescriber provides patient records in a timely manner in accordance with the provisions of § 32.1-127.1:03 and all other state and federal laws and regulations. Nothing in this paragraph shall permit a prescriber to establish a bona fide practitioner-patient relationship for the purpose of prescribing a Schedule VI controlled substance when the standard of care dictates that an in-person physical examination is necessary for diagnosis; (h) the establishment of a bona fide practitioner-patient relationship via telemedicine is consistent with the standard of care, and the standard of care does not require an in-person examination for the purpose of diagnosis; and (i) the establishment of a bona fide practitioner patient relationship via telemedicine is consistent with federal law and regulations and any waiver thereof. Nothing in this paragraph shall apply to: (1) a prescriber providing on-call coverage per an agreement with another prescriber or his prescriber's professional entity or employer; (2) a prescriber consulting with another prescriber regarding a patient's care; or (3) orders of prescribers for hospital out-patients or in-patients.~~

For purposes of this section, a bona fide veterinarian-client-patient relationship is one in which a veterinarian, another veterinarian within the group in which he practices, or a veterinarian with whom he is consulting has assumed the responsibility for making medical judgments regarding the health of and providing medical treatment to an animal as defined in § 3.2-6500, other than an equine as defined in § 3.2-6200, a group of agricultural animals as defined in § 3.2-6500, or bees as defined in § 3.2-4400, and a client who is the owner or other caretaker of the animal, group of agricultural animals, or bees has consented to such treatment and agreed to follow the instructions of the veterinarian. Evidence that a veterinarian has assumed responsibility for making medical judgments regarding the health of and providing medical treatment to an animal, group of agricultural animals, or bees shall include evidence that the veterinarian (A) has sufficient knowledge of the animal, group of agricultural animals, or bees to provide a general or preliminary diagnosis of the medical condition of the animal, group of agricultural animals, or bees; (B) has made an examination of the animal, group of agricultural animals, or bees, either physically or by the use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically or has become familiar with the care and keeping of that species of animal or bee on the premises of the client, including other premises within the same operation or production system of the client, through medically appropriate and timely visits to the premises at which the animal, group of agricultural animals, or bees are kept; and (C) is available to provide follow-up care.

C. A prescription shall only be issued for a medicinal or therapeutic purpose in the usual course of treatment or for authorized research. A prescription not issued in the usual course of treatment or for authorized research is not a valid prescription. A practitioner who prescribes any controlled substance with the knowledge that the controlled substance will be used otherwise than for medicinal or therapeutic purposes shall be subject to the criminal penalties provided in § 18.2-248 for violations of the provisions of law relating to the distribution or possession of controlled substances.

D. No prescription shall be filled unless a bona fide practitioner-patient-pharmacist relationship exists. A bona fide practitioner-patient-pharmacist relationship shall exist in cases in which a practitioner prescribes, and a pharmacist dispenses, controlled substances in good faith to a patient for a medicinal or therapeutic purpose within the course of his professional practice.

In cases in which it is not clear to a pharmacist that a bona fide practitioner-patient relationship exists between a prescriber and a patient, a pharmacist shall contact the prescribing practitioner or his agent and verify the identity of the patient and name and quantity of the drug prescribed.

Any person knowingly filling an invalid prescription shall be subject to the criminal penalties provided in § 18.2-248 for violations of the provisions of law relating to the sale, distribution or possession of controlled substances.

E. Notwithstanding any provision of law to the contrary and consistent with recommendations of the Centers for Disease Control and Prevention or the Department of Health, a practitioner may prescribe Schedule VI antibiotics and antiviral agents to other persons in close contact with a diagnosed patient when (i) the practitioner meets all requirements of a bona fide practitioner-patient relationship, as defined in subsection B, with the diagnosed patient and (ii) in the practitioner's professional judgment, the practitioner deems there is urgency to begin treatment to prevent the transmission of a communicable disease. In cases in which the practitioner is an employee of or contracted by the Department of Health or a local health department, the bona fide practitioner-patient relationship with the diagnosed patient, as required by clause (i), shall not be required.

F. A pharmacist may dispense a controlled substance pursuant to a prescription of an out-of-state practitioner of medicine, osteopathy, podiatry, dentistry, optometry, or veterinary medicine, a nurse practitioner, or a physician assistant authorized to issue such prescription if the prescription complies with the requirements of this chapter and the Drug Control Act (§ 54.1-3400 et seq.).

G. A licensed nurse practitioner who is authorized to prescribe controlled substances pursuant to § 54.1-2957.01 may issue prescriptions or provide manufacturers' professional samples for controlled substances and devices as set forth in the Drug Control Act (§ 54.1-3400 et seq.) in good faith to his patient for a medicinal or therapeutic purpose within the scope of his professional practice.

H. A licensed physician assistant who is authorized to prescribe controlled substances pursuant to § 54.1-2952.1 may issue prescriptions or provide manufacturers' professional samples for controlled substances and devices as set forth in the Drug Control Act (§ 54.1-3400 et seq.) in good faith to his patient for a medicinal or therapeutic purpose within the scope of his professional practice.

I. A TPA-certified optometrist who is authorized to prescribe controlled substances pursuant to Article 5 (§ 54.1-3222 et seq.) of Chapter 32 may issue prescriptions in good faith or provide manufacturers' professional samples to his patients for medicinal or therapeutic purposes within the scope of his professional practice for the drugs specified on the TPA-Formulary, established pursuant to § 54.1-3223, which shall be limited to (i) analgesics included on Schedule II controlled substances as defined in § 54.1-3448 of the Drug Control Act (§ 54.1-3400 et seq.) consisting of hydrocodone in combination with acetaminophen; (ii) oral analgesics included in Schedules III through VI, as defined in §§ 54.1-3450 and 54.1-3455 of the Drug Control Act (§ 54.1-3400 et seq.), which are appropriate to relieve ocular pain; (iii) other oral Schedule VI controlled substances, as defined in § 54.1-3455 of the Drug Control Act, appropriate to treat diseases and abnormal conditions of the human eye and its adnexa; (iv) topically applied Schedule VI drugs, as defined in § 54.1-3455 of the Drug Control Act; and (v) intramuscular administration of epinephrine for treatment of emergency cases of anaphylactic shock.

J. The requirement for a bona fide practitioner-patient relationship shall be deemed to be satisfied by a member or committee of a hospital's medical staff when approving a standing order or protocol for the administration of influenza vaccinations and pneumococcal vaccinations in a hospital in compliance with § 32.1-126.4.

K. Notwithstanding any other provision of law, a prescriber may authorize a registered nurse or licensed practical nurse to approve additional refills of a prescribed drug for no more than 90 consecutive days, provided that (i) the drug is classified as a Schedule VI drug; (ii) there are no changes in the prescribed drug, strength, or dosage; (iii) the prescriber has a current written protocol, accessible by the nurse, that identifies the conditions under which the nurse may approve additional refills; and (iv) the nurse documents in the patient's chart any refills authorized for a specific patient pursuant to the protocol and the additional refills are transmitted to a pharmacist in accordance with the allowances for an authorized agent to transmit a prescription orally or by facsimile pursuant to subsection C of § 54.1-3408.01 and regulations of the Board.

2. That the Department of Medical Assistance Services shall adopt regulations for reimbursement for telemedicine services delivered through audio-only telephone, which shall include regulations for (i) services that may be delivered via audio-only telephone, (ii) reimbursement rates for services delivered via audio-only telephone, and (iii) such other regulations as the Department of Medical Assistance Services may deem necessary.

3. That the Department of Medical Assistance Services shall promulgate and adopt uniform regulations for remote patient monitoring for all Medicaid managed care organizations to implement and follow.

CHAPTER 302

An Act to amend and reenact §§ 32.1-325, 38.2-3418.16, and 54.1-3303 of the Code of Virginia, relating to telemedicine.

[S 1338]

Approved March 24, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 32.1-325, 38.2-3418.16, and 54.1-3303 of the Code of Virginia are amended and reenacted as follows:

§ 32.1-325. Board to submit plan for medical assistance services to U.S. Secretary of Health and Human Services pursuant to federal law; administration of plan; contracts with health care providers.

A. The Board, subject to the approval of the Governor, is authorized to prepare, amend from time to time, and submit to the U.S. Secretary of Health and Human Services a state plan for medical assistance services pursuant to Title XIX of the United States Social Security Act and any amendments thereto. The Board shall include in such plan:

1. A provision for payment of medical assistance on behalf of individuals, up to the age of 21, placed in foster homes or private institutions by private, nonprofit agencies licensed as child-placing agencies by the Department of Social Services or placed through state and local subsidized adoptions to the extent permitted under federal statute;

2. A provision for determining eligibility for benefits for medically needy individuals which disregards from countable resources an amount not in excess of \$3,500 for the individual and an amount not in excess of \$3,500 for his spouse when such resources have been set aside to meet the burial expenses of the individual or his spouse. The amount disregarded shall be reduced by (i) the face value of life insurance on the life of an individual owned by the individual or his spouse if the cash surrender value of such policies has been excluded from countable resources and (ii) the amount of any other revocable or irrevocable trust, contract, or other arrangement specifically designated for the purpose of meeting the individual's or his spouse's burial expenses;

3. A requirement that, in determining eligibility, a home shall be disregarded. For those medically needy persons whose eligibility for medical assistance is required by federal law to be dependent on the budget methodology for Aid to Families with Dependent Children, a home means the house and lot used as the principal residence and all contiguous property. For all other persons, a home shall mean the house and lot used as the principal residence, as well as all contiguous property, as long as the value of the land, exclusive of the lot occupied by the house, does not exceed \$5,000. In any case in which the definition of home as provided here is more restrictive than that provided in the state plan for medical assistance services in Virginia as it was in effect on January 1, 1972, then a home means the house and lot used as the principal residence and all contiguous property essential to the operation of the home regardless of value;

4. A provision for payment of medical assistance on behalf of individuals up to the age of 21, who are Medicaid eligible, for medically necessary stays in acute care facilities in excess of 21 days per admission;

5. A provision for deducting from an institutionalized recipient's income an amount for the maintenance of the individual's spouse at home;

6. A provision for payment of medical assistance on behalf of pregnant women which provides for payment for inpatient postpartum treatment in accordance with the medical criteria outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists. Payment shall be made for any postpartum home visit or visits for the mothers and the children which are within the time periods recommended by the attending physicians in accordance with and as indicated by such Guidelines or Standards. For the purposes of this subdivision, such Guidelines or Standards shall include any changes thereto within six months of the publication of such Guidelines or Standards or any official amendment thereto;

7. A provision for the payment for family planning services on behalf of women who were Medicaid-eligible for prenatal care and delivery as provided in this section at the time of delivery. Such family planning services shall begin with delivery and continue for a period of 24 months, if the woman continues to meet the financial eligibility requirements for a pregnant woman under Medicaid. For the purposes of this section, family planning services shall not cover payment for abortion services and no funds shall be used to perform, assist, encourage or make direct referrals for abortions;

8. A provision for payment of medical assistance for high-dose chemotherapy and bone marrow transplants on behalf of individuals over the age of 21 who have been diagnosed with lymphoma, breast cancer, myeloma, or leukemia and have been determined by the treating health care provider to have a performance status sufficient to proceed with such high-dose chemotherapy and bone marrow transplant. Appeals of these cases shall be handled in accordance with the Department's expedited appeals process;

9. A provision identifying entities approved by the Board to receive applications and to determine eligibility for medical assistance, which shall include a requirement that such entities (i) obtain accurate contact information, including the best available address and telephone number, from each applicant for medical assistance, to the extent required by federal law and regulations, and (ii) provide each applicant for medical assistance with information about advance directives pursuant to Article 8 (§ 54.1-2981 et seq.) of Chapter 29 of Title 54.1, including information about the purpose and benefits of advance directives and how the applicant may make an advance directive;

10. A provision for breast reconstructive surgery following the medically necessary removal of a breast for any medical reason. Breast reductions shall be covered, if prior authorization has been obtained, for all medically necessary indications. Such procedures shall be considered noncosmetic;

11. A provision for payment of medical assistance for annual pap smears;

12. A provision for payment of medical assistance services for prostheses following the medically necessary complete or partial removal of a breast for any medical reason;

13. A provision for payment of medical assistance which provides for payment for 48 hours of inpatient treatment for a patient following a radical or modified radical mastectomy and 24 hours of inpatient care following a total mastectomy or a partial mastectomy with lymph node dissection for treatment of disease or trauma of the breast. Nothing in this subdivision shall be construed as requiring the provision of inpatient coverage where the attending physician in consultation with the patient determines that a shorter period of hospital stay is appropriate;

14. A requirement that certificates of medical necessity for durable medical equipment and any supporting verifiable documentation shall be signed, dated, and returned by the physician, physician assistant, or nurse practitioner and in the durable medical equipment provider's possession within 60 days from the time the ordered durable medical equipment and supplies are first furnished by the durable medical equipment provider;

15. A provision for payment of medical assistance to (i) persons age 50 and over and (ii) persons age 40 and over who are at high risk for prostate cancer, according to the most recent published guidelines of the American Cancer Society, for one PSA test in a 12-month period and digital rectal examinations, all in accordance with American Cancer Society guidelines. For the purpose of this subdivision, "PSA testing" means the analysis of a blood sample to determine the level of prostate specific antigen;

16. A provision for payment of medical assistance for low-dose screening mammograms for determining the presence of occult breast cancer. Such coverage shall make available one screening mammogram to persons age 35 through 39, one such mammogram biennially to persons age 40 through 49, and one such mammogram annually to persons age 50 and over. The term "mammogram" means an X-ray examination of the breast using equipment dedicated specifically for mammography, including but not limited to the X-ray tube, filter, compression device, screens, film and cassettes, with an average radiation exposure of less than one rad mid-breast, two views of each breast;

17. A provision, when in compliance with federal law and regulation and approved by the Centers for Medicare & Medicaid Services (CMS), for payment of medical assistance services delivered to Medicaid-eligible students when such services qualify for reimbursement by the Virginia Medicaid program and may be provided by school divisions;

18. A provision for payment of medical assistance services for liver, heart and lung transplantation procedures for individuals over the age of 21 years when (i) there is no effective alternative medical or surgical therapy available with outcomes that are at least comparable; (ii) the transplant procedure and application of the procedure in treatment of the specific condition have been clearly demonstrated to be medically effective and not experimental or investigational; (iii) prior authorization by the Department of Medical Assistance Services has been obtained; (iv) the patient selection criteria of the specific transplant center where the surgery is proposed to be performed have been used by the transplant team or program to determine the appropriateness of the patient for the procedure; (v) current medical therapy has failed and the patient has failed to respond to appropriate therapeutic management; (vi) the patient is not in an irreversible terminal state; and (vii) the transplant is likely to prolong the patient's life and restore a range of physical and social functioning in the activities of daily living;

19. A provision for payment of medical assistance for colorectal cancer screening, specifically screening with an annual fecal occult blood test, flexible sigmoidoscopy or colonoscopy, or in appropriate circumstances radiologic imaging, in accordance with the most recently published recommendations established by the American College of Gastroenterology, in consultation with the American Cancer Society, for the ages, family histories, and frequencies referenced in such recommendations;

20. A provision for payment of medical assistance for custom ocular prostheses;

21. A provision for payment for medical assistance for infant hearing screenings and all necessary audiological examinations provided pursuant to § 32.1-64.1 using any technology approved by the United States Food and Drug Administration, and as recommended by the national Joint Committee on Infant Hearing in its most current position statement addressing early hearing detection and intervention programs. Such provision shall include payment for medical assistance for follow-up audiological examinations as recommended by a physician, physician assistant, nurse practitioner, or audiologist and performed by a licensed audiologist to confirm the existence or absence of hearing loss;

22. A provision for payment of medical assistance, pursuant to the Breast and Cervical Cancer Prevention and Treatment Act of 2000 (P.L. 106-354), for certain women with breast or cervical cancer when such women (i) have been screened for breast or cervical cancer under the Centers for Disease Control and Prevention (CDC) Breast and Cervical Cancer Early Detection Program established under Title XV of the Public Health Service Act; (ii) need treatment for breast or cervical cancer, including treatment for a precancerous condition of the breast or cervix; (iii) are not otherwise covered under creditable coverage, as defined in § 2701 (c) of the Public Health Service Act; (iv) are not otherwise eligible for medical assistance services under any mandatory categorically needy eligibility group; and (v) have not attained age 65. This provision shall include an expedited eligibility determination for such women;

23. A provision for the coordinated administration, including outreach, enrollment, re-enrollment and services delivery, of medical assistance services provided to medically indigent children pursuant to this chapter, which shall be called Family Access to Medical Insurance Security (FAMIS) Plus and the FAMIS Plan program in § 32.1-351. A single application form shall be used to determine eligibility for both programs;

24. A provision, when authorized by and in compliance with federal law, to establish a public-private long-term care partnership program between the Commonwealth of Virginia and private insurance companies that shall be established through the filing of an amendment to the state plan for medical assistance services by the Department of Medical Assistance Services. The purpose of the program shall be to reduce Medicaid costs for long-term care by delaying or eliminating dependence on Medicaid for such services through encouraging the purchase of private long-term care insurance policies that have been designated as qualified state long-term care insurance partnerships and may be used as the first source of benefits for the participant's long-term care. Components of the program, including the treatment of assets for Medicaid eligibility and estate recovery, shall be structured in accordance with federal law and applicable federal guidelines;

25. A provision for the payment of medical assistance for otherwise eligible pregnant women during the first five years of lawful residence in the United States, pursuant to § 214 of the Children's Health Insurance Program Reauthorization Act of 2009 (P.L. 111-3); and

26. A provision for the payment of medical assistance for medically necessary health care services provided through telemedicine services, as defined in § 38.2-3418.16, regardless of the originating site or whether the patient is accompanied by a health care provider at the time such services are provided. No health care provider who provides health care services through telemedicine services shall be required to use proprietary technology or applications in order to be reimbursed for providing telemedicine services.

For the purposes of this subdivision, "originating site" means any location where the patient is located, including any medical care facility or office of a health care provider, the home of the patient, the patient's place of employment, or any public or private primary or secondary school or postsecondary institution of higher education at which the person to whom telemedicine services are provided is located; and

For the purposes of this subdivision, "remote patient monitoring services" means the use of digital technologies to collect medical and other forms of health data from patients in one location and electronically transmit that information securely to health care providers in a different location for analysis, interpretation, and recommendations, and management of the patient. "Remote patient monitoring services" includes monitoring of clinical patient data such as weight, blood pressure, pulse, pulse oximetry, blood glucose, and other patient physiological data, treatment adherence monitoring, and interactive videoconferencing with or without digital image upload.*

B. In preparing the plan, the Board shall:

1. Work cooperatively with the State Board of Health to ensure that quality patient care is provided and that the health, safety, security, rights and welfare of patients are ensured.

2. Initiate such cost containment or other measures as are set forth in the appropriation act.

3. Make, adopt, promulgate and enforce such regulations as may be necessary to carry out the provisions of this chapter.

4. Examine, before acting on a regulation to be published in the Virginia Register of Regulations pursuant to § 2.2-4007.05, the potential fiscal impact of such regulation on local boards of social services. For regulations with potential fiscal impact, the Board shall share copies of the fiscal impact analysis with local boards of social services prior to submission to the Registrar. The fiscal impact analysis shall include the projected costs/savings to the local boards of social

services to implement or comply with such regulation and, where applicable, sources of potential funds to implement or comply with such regulation.

5. Incorporate sanctions and remedies for certified nursing facilities established by state law, in accordance with 42 C.F.R. § 488.400 et seq. "Enforcement of Compliance for Long-Term Care Facilities With Deficiencies."

6. On and after July 1, 2002, require that a prescription benefit card, health insurance benefit card, or other technology that complies with the requirements set forth in § 38.2-3407.4:2 be issued to each recipient of medical assistance services, and shall upon any changes in the required data elements set forth in subsection A of § 38.2-3407.4:2, either reissue the card or provide recipients such corrective information as may be required to electronically process a prescription claim.

C. In order to enable the Commonwealth to continue to receive federal grants or reimbursement for medical assistance or related services, the Board, subject to the approval of the Governor, may adopt, regardless of any other provision of this chapter, such amendments to the state plan for medical assistance services as may be necessary to conform such plan with amendments to the United States Social Security Act or other relevant federal law and their implementing regulations or constructions of these laws and regulations by courts of competent jurisdiction or the United States Secretary of Health and Human Services.

In the event conforming amendments to the state plan for medical assistance services are adopted, the Board shall not be required to comply with the requirements of Article 2 (§ 2.2-4006 et seq.) of Chapter 40 of Title 2.2. However, the Board shall, pursuant to the requirements of § 2.2-4002, (i) notify the Registrar of Regulations that such amendment is necessary to meet the requirements of federal law or regulations or because of the order of any state or federal court, or (ii) certify to the Governor that the regulations are necessitated by an emergency situation. Any such amendments that are in conflict with the Code of Virginia shall only remain in effect until July 1 following adjournment of the next regular session of the General Assembly unless enacted into law.

D. The Director of Medical Assistance Services is authorized to:

1. Administer such state plan and receive and expend federal funds therefor in accordance with applicable federal and state laws and regulations; and enter into all contracts necessary or incidental to the performance of the Department's duties and the execution of its powers as provided by law.

2. Enter into agreements and contracts with medical care facilities, physicians, dentists and other health care providers where necessary to carry out the provisions of such state plan. Any such agreement or contract shall terminate upon conviction of the provider of a felony. In the event such conviction is reversed upon appeal, the provider may apply to the Director of Medical Assistance Services for a new agreement or contract. Such provider may also apply to the Director for reconsideration of the agreement or contract termination if the conviction is not appealed, or if it is not reversed upon appeal.

3. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with any provider who has been convicted of or otherwise pled guilty to a felony, or pursuant to Subparts A, B, and C of 42 C.F.R. Part 1002, and upon notice of such action to the provider as required by 42 C.F.R. § 1002.212.

4. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with a provider who is or has been a principal in a professional or other corporation when such corporation has been convicted of or otherwise pled guilty to any violation of § 32.1-314, 32.1-315, 32.1-316, or 32.1-317, or any other felony or has been excluded from participation in any federal program pursuant to 42 C.F.R. Part 1002.

5. Terminate or suspend a provider agreement with a home care organization pursuant to subsection E of § 32.1-162.13.

For the purposes of this subsection, "provider" may refer to an individual or an entity.

E. In any case in which a Medicaid agreement or contract is terminated or denied to a provider pursuant to subsection D, the provider shall be entitled to appeal the decision pursuant to 42 C.F.R. § 1002.213 and to a post-determination or post-denial hearing in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). All such requests shall be in writing and be received within 15 days of the date of receipt of the notice.

The Director may consider aggravating and mitigating factors including the nature and extent of any adverse impact the agreement or contract denial or termination may have on the medical care provided to Virginia Medicaid recipients. In cases in which an agreement or contract is terminated pursuant to subsection D, the Director may determine the period of exclusion and may consider aggravating and mitigating factors to lengthen or shorten the period of exclusion, and may reinstate the provider pursuant to 42 C.F.R. § 1002.215.

F. When the services provided for by such plan are services which a marriage and family therapist, clinical psychologist, clinical social worker, professional counselor, or clinical nurse specialist is licensed to render in Virginia, the Director shall contract with any duly licensed marriage and family therapist, duly licensed clinical psychologist, licensed clinical social worker, licensed professional counselor or licensed clinical nurse specialist who makes application to be a provider of such services, and thereafter shall pay for covered services as provided in the state plan. The Board shall promulgate regulations which reimburse licensed marriage and family therapists, licensed clinical psychologists, licensed clinical social workers, licensed professional counselors and licensed clinical nurse specialists at rates based upon reasonable criteria, including the professional credentials required for licensure.

G. The Board shall prepare and submit to the Secretary of the United States Department of Health and Human Services such amendments to the state plan for medical assistance services as may be permitted by federal law to establish a program of family assistance whereby children over the age of 18 years shall make reasonable contributions, as determined by regulations of the Board, toward the cost of providing medical assistance under the plan to their parents.

H. The Department of Medical Assistance Services shall:

1. Include in its provider networks and all of its health maintenance organization contracts a provision for the payment of medical assistance on behalf of individuals up to the age of 21 who have special needs and who are Medicaid eligible, including individuals who have been victims of child abuse and neglect, for medically necessary assessment and treatment services, when such services are delivered by a provider which specializes solely in the diagnosis and treatment of child abuse and neglect, or a provider with comparable expertise, as determined by the Director.

2. Amend the Medallion II waiver and its implementing regulations to develop and implement an exception, with procedural requirements, to mandatory enrollment for certain children between birth and age three certified by the Department of Behavioral Health and Developmental Services as eligible for services pursuant to Part C of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.).

3. Utilize, to the extent practicable, electronic funds transfer technology for reimbursement to contractors and enrolled providers for the provision of health care services under Medicaid and the Family Access to Medical Insurance Security Plan established under § 32.1-351.

4. Require any managed care organization with which the Department enters into an agreement for the provision of medical assistance services to include in any contract between the managed care organization and a pharmacy benefits manager provisions prohibiting the pharmacy benefits manager or a representative of the pharmacy benefits manager from conducting spread pricing with regards to the managed care organization's managed care plans. For the purposes of this subdivision:

"Pharmacy benefits management" means the administration or management of prescription drug benefits provided by a managed care organization for the benefit of covered individuals.

"Pharmacy benefits manager" means a person that performs pharmacy benefits management.

"Spread pricing" means the model of prescription drug pricing in which the pharmacy benefits manager charges a managed care plan a contracted price for prescription drugs, and the contracted price for the prescription drugs differs from the amount the pharmacy benefits manager directly or indirectly pays the pharmacist or pharmacy for pharmacist services.

I. The Director is authorized to negotiate and enter into agreements for services rendered to eligible recipients with special needs. The Board shall promulgate regulations regarding these special needs patients, to include persons with AIDS, ventilator-dependent patients, and other recipients with special needs as defined by the Board.

J. Except as provided in subdivision A 1 of § 2.2-4345, the provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq.) shall not apply to the activities of the Director authorized by subsection I of this section. § 38.2-3418.16. Coverage for telemedicine services.

A. Notwithstanding the provisions of § 38.2-3419, each insurer proposing to issue individual or group accident and sickness insurance policies providing hospital, medical and surgical, or major medical coverage on an expense-incurred basis; each corporation providing individual or group accident and sickness subscription contracts; and each health maintenance organization providing a health care plan for health care services shall provide coverage for the cost of such health care services provided through telemedicine services, as provided in this section.

B. As used in this section:

"Originating site" means the location where the patient is located at the time services are provided by a health care provider through telemedicine services.

"Remote patient monitoring services" means the delivery of home health services using telecommunications technology to enhance the delivery of home health care, including monitoring of clinical patient data such as weight, blood pressure, pulse, pulse oximetry, blood glucose, and other condition-specific data; medication adherence monitoring; and interactive video conferencing with or without digital image upload.

"Telemedicine services" as it pertains to the delivery of health care services, means the use of electronic technology or media, including interactive audio or video, for the purpose of diagnosing or treating a patient, providing remote patient monitoring services, or consulting with other health care providers regarding a patient's diagnosis or treatment, regardless of the originating site and whether the patient is accompanied by a health care provider at the time such services are provided. "Telemedicine services" does not include an audio-only telephone, electronic mail message, facsimile transmission, or online questionnaire. *Nothing in this section shall preclude coverage for a service that is not a telemedicine service, including services delivered through real-time audio-only telephone.*

C. An insurer, corporation, or health maintenance organization shall not exclude a service for coverage solely because the service is provided through telemedicine services and is not provided through face-to-face consultation or contact between a health care provider and a patient for services appropriately provided through telemedicine services.

D. An insurer, corporation, or health maintenance organization shall not be required to reimburse the treating provider or the consulting provider for technical fees or costs for the provision of telemedicine services; however, such insurer, corporation, or health maintenance organization shall reimburse the treating provider or the consulting provider for the diagnosis, consultation, or treatment of the insured delivered through telemedicine services on the same basis that the insurer, corporation, or health maintenance organization is responsible for coverage for the provision of the same service through face-to-face consultation or contact. No insurer, corporation, or health maintenance organization shall require a provider to use proprietary technology or applications in order to be reimbursed for providing telemedicine services.

E. Nothing shall preclude the insurer, corporation, or health maintenance organization from undertaking utilization review to determine the appropriateness of telemedicine services, provided that such appropriateness is made in the same manner as those determinations are made for the treatment of any other illness, condition, or disorder covered by such policy, contract, or plan. Any such utilization review shall not require pre-authorization of emergent telemedicine services.

F. An insurer, corporation, or health maintenance organization may offer a health plan containing a deductible, copayment, or coinsurance requirement for a health care service provided through telemedicine services, provided that the deductible, copayment, or coinsurance does not exceed the deductible, copayment, or coinsurance applicable if the same services were provided through face-to-face diagnosis, consultation, or treatment.

G. No insurer, corporation, or health maintenance organization shall impose any annual or lifetime dollar maximum on coverage for telemedicine services other than an annual or lifetime dollar maximum that applies in the aggregate to all items and services covered under the policy, or impose upon any person receiving benefits pursuant to this section any copayment, coinsurance, or deductible amounts, or any policy year, calendar year, lifetime, or other durational benefit limitation or maximum for benefits or services, that is not equally imposed upon all terms and services covered under the policy, contract, or plan.

H. The requirements of this section shall apply to all insurance policies, contracts, and plans delivered, issued for delivery, reissued, or extended in the Commonwealth on and after January 1, 2021, or at any time thereafter when any term of the policy, contract, or plan is changed or any premium adjustment is made.

I. This section shall not apply to short-term travel, accident-only, or limited or specified disease policies or contracts, nor to policies or contracts designed for issuance to persons eligible for coverage under Title XVIII of the Social Security Act, known as Medicare, or any other similar coverage under federal governmental plans.

J. The coverage required by this section shall include the use of telemedicine technologies as it pertains to medically necessary remote patient monitoring services to the full extent that these services are available.

K. Prescribing of controlled substances via telemedicine shall comply with the requirements of § 54.1-3303 and all applicable federal law.

§ 54.1-3303. Prescriptions to be issued and drugs to be dispensed for medical or therapeutic purposes only.

A. A prescription for a controlled substance may be issued only by a practitioner of medicine, osteopathy, podiatry, dentistry or veterinary medicine who is authorized to prescribe controlled substances, or by a licensed nurse practitioner pursuant to § 54.1-2957.01, a licensed physician assistant pursuant to § 54.1-2952.1, or a TPA-certified optometrist pursuant to Article 5 (§ 54.1-3222 et seq.) of Chapter 32.

B. A prescription shall be issued only to persons or animals with whom the practitioner has a bona fide practitioner-patient relationship or veterinarian-client-patient relationship. If a practitioner is providing expedited partner therapy consistent with the recommendations of the Centers for Disease Control and Prevention, then a bona fide practitioner-patient relationship shall not be required.

A bona fide practitioner-patient relationship shall exist if the practitioner has (i) obtained or caused to be obtained a medical or drug history of the patient; (ii) provided information to the patient about the benefits and risks of the drug being prescribed; (iii) performed or caused to be performed an appropriate examination of the patient, either physically or by the use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically; and (iv) initiated additional interventions and follow-up care, if necessary, especially if a prescribed drug may have serious side effects. Except in cases involving a medical emergency, the examination required pursuant to clause (iii) shall be performed by the practitioner prescribing the controlled substance, a practitioner who practices in the same group as the practitioner prescribing the controlled substance, or a consulting practitioner.

A practitioner who has established a bona fide practitioner-patient relationship with a patient in accordance with the provisions of this subsection may prescribe Schedule II through VI controlled substances to that patient, ~~provided that, in cases in which the practitioner has performed the examination required pursuant to clause (iii) by use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically, the~~

A practitioner who has established a bona fide practitioner-patient relationship with a patient in accordance with the provisions of this subsection may prescribe Schedule II through VI controlled substances to that patient via telemedicine if such prescribing is in compliance with federal requirements for the practice of telemedicine and, in the case of the prescribing of such a Schedule II through V controlled substance is in compliance with federal requirements for the practice of telemedicine, the prescriber maintains a practice at a physical location in the Commonwealth or is able to make appropriate referral of patients to a licensed practitioner located in the Commonwealth in order to ensure an in-person examination of the patient when required by the standard of care.

~~For the purpose of prescribing a Schedule VI controlled substance to a patient via telemedicine services as defined in § 38.2-3418.16, a A prescriber may establish a bona fide practitioner-patient relationship for the purpose of prescribing Schedule II through VI controlled substances by an examination through face-to-face interactive, two-way, real-time communications services or store-and-forward technologies when all of the following conditions are met: (a) the patient has provided a medical history that is available for review by the prescriber; (b) the prescriber obtains an updated medical history at the time of prescribing; (c) the prescriber makes a diagnosis at the time of prescribing; (d) the prescriber conforms to the standard of care expected of in-person care as appropriate to the patient's age and presenting condition, including when the standard of care requires the use of diagnostic testing and performance of a physical examination, which may be carried out through the use of peripheral devices appropriate to the patient's condition; (e) the prescriber is actively licensed~~

in the Commonwealth and authorized to prescribe; (f) if the patient is a member or enrollee of a health plan or carrier, the prescriber has been credentialed by the health plan or carrier as a participating provider and the diagnosing and prescribing meets the qualifications for reimbursement by the health plan or carrier pursuant to § 38.2-3418.16; and (g) upon request, the prescriber provides patient records in a timely manner in accordance with the provisions of § 32.1-127.1:03 and all other state and federal laws and regulations. ~~Nothing in this paragraph shall permit a prescriber to establish a bona fide practitioner-patient relationship for the purpose of prescribing a Schedule VI controlled substance when the standard of care dictates that an in-person physical examination is necessary for diagnosis; (h) the establishment of a bona fide practitioner-patient relationship via telemedicine is consistent with the standard of care, and the standard of care does not require an in-person examination for the purpose of diagnosis; and (i) the establishment of a bona fide practitioner patient relationship via telemedicine is consistent with federal law and regulations and any waiver thereof.~~ Nothing in this paragraph shall apply to: (1) a prescriber providing on-call coverage per an agreement with another prescriber or his prescriber's professional entity or employer; (2) a prescriber consulting with another prescriber regarding a patient's care; or (3) orders of prescribers for hospital out-patients or in-patients.

For purposes of this section, a bona fide veterinarian-client-patient relationship is one in which a veterinarian, another veterinarian within the group in which he practices, or a veterinarian with whom he is consulting has assumed the responsibility for making medical judgments regarding the health of and providing medical treatment to an animal as defined in § 3.2-6500, other than an equine as defined in § 3.2-6200, a group of agricultural animals as defined in § 3.2-6500, or bees as defined in § 3.2-4400, and a client who is the owner or other caretaker of the animal, group of agricultural animals, or bees has consented to such treatment and agreed to follow the instructions of the veterinarian. Evidence that a veterinarian has assumed responsibility for making medical judgments regarding the health of and providing medical treatment to an animal, group of agricultural animals, or bees shall include evidence that the veterinarian (A) has sufficient knowledge of the animal, group of agricultural animals, or bees to provide a general or preliminary diagnosis of the medical condition of the animal, group of agricultural animals, or bees; (B) has made an examination of the animal, group of agricultural animals, or bees, either physically or by the use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically or has become familiar with the care and keeping of that species of animal or bee on the premises of the client, including other premises within the same operation or production system of the client, through medically appropriate and timely visits to the premises at which the animal, group of agricultural animals, or bees are kept; and (C) is available to provide follow-up care.

C. A prescription shall only be issued for a medicinal or therapeutic purpose in the usual course of treatment or for authorized research. A prescription not issued in the usual course of treatment or for authorized research is not a valid prescription. A practitioner who prescribes any controlled substance with the knowledge that the controlled substance will be used otherwise than for medicinal or therapeutic purposes shall be subject to the criminal penalties provided in § 18.2-248 for violations of the provisions of law relating to the distribution or possession of controlled substances.

D. No prescription shall be filled unless a bona fide practitioner-patient-pharmacist relationship exists. A bona fide practitioner-patient-pharmacist relationship shall exist in cases in which a practitioner prescribes, and a pharmacist dispenses, controlled substances in good faith to a patient for a medicinal or therapeutic purpose within the course of his professional practice.

In cases in which it is not clear to a pharmacist that a bona fide practitioner-patient relationship exists between a prescriber and a patient, a pharmacist shall contact the prescribing practitioner or his agent and verify the identity of the patient and name and quantity of the drug prescribed.

Any person knowingly filling an invalid prescription shall be subject to the criminal penalties provided in § 18.2-248 for violations of the provisions of law relating to the sale, distribution or possession of controlled substances.

E. Notwithstanding any provision of law to the contrary and consistent with recommendations of the Centers for Disease Control and Prevention or the Department of Health, a practitioner may prescribe Schedule VI antibiotics and antiviral agents to other persons in close contact with a diagnosed patient when (i) the practitioner meets all requirements of a bona fide practitioner-patient relationship, as defined in subsection B, with the diagnosed patient and (ii) in the practitioner's professional judgment, the practitioner deems there is urgency to begin treatment to prevent the transmission of a communicable disease. In cases in which the practitioner is an employee of or contracted by the Department of Health or a local health department, the bona fide practitioner-patient relationship with the diagnosed patient, as required by clause (i), shall not be required.

F. A pharmacist may dispense a controlled substance pursuant to a prescription of an out-of-state practitioner of medicine, osteopathy, podiatry, dentistry, optometry, or veterinary medicine, a nurse practitioner, or a physician assistant authorized to issue such prescription if the prescription complies with the requirements of this chapter and the Drug Control Act (§ 54.1-3400 et seq.).

G. A licensed nurse practitioner who is authorized to prescribe controlled substances pursuant to § 54.1-2957.01 may issue prescriptions or provide manufacturers' professional samples for controlled substances and devices as set forth in the Drug Control Act (§ 54.1-3400 et seq.) in good faith to his patient for a medicinal or therapeutic purpose within the scope of his professional practice.

H. A licensed physician assistant who is authorized to prescribe controlled substances pursuant to § 54.1-2952.1 may issue prescriptions or provide manufacturers' professional samples for controlled substances and devices as set forth in the

Drug Control Act (§ 54.1-3400 et seq.) in good faith to his patient for a medicinal or therapeutic purpose within the scope of his professional practice.

I. A TPA-certified optometrist who is authorized to prescribe controlled substances pursuant to Article 5 (§ 54.1-3222 et seq.) of Chapter 32 may issue prescriptions in good faith or provide manufacturers' professional samples to his patients for medicinal or therapeutic purposes within the scope of his professional practice for the drugs specified on the TPA-Formulary, established pursuant to § 54.1-3223, which shall be limited to (i) analgesics included on Schedule II controlled substances as defined in § 54.1-3448 of the Drug Control Act (§ 54.1-3400 et seq.) consisting of hydrocodone in combination with acetaminophen; (ii) oral analgesics included in Schedules III through VI, as defined in §§ 54.1-3450 and 54.1-3455 of the Drug Control Act (§ 54.1-3400 et seq.), which are appropriate to relieve ocular pain; (iii) other oral Schedule VI controlled substances, as defined in § 54.1-3455 of the Drug Control Act, appropriate to treat diseases and abnormal conditions of the human eye and its adnexa; (iv) topically applied Schedule VI drugs, as defined in § 54.1-3455 of the Drug Control Act; and (v) intramuscular administration of epinephrine for treatment of emergency cases of anaphylactic shock.

J. The requirement for a bona fide practitioner-patient relationship shall be deemed to be satisfied by a member or committee of a hospital's medical staff when approving a standing order or protocol for the administration of influenza vaccinations and pneumococcal vaccinations in a hospital in compliance with § 32.1-126.4.

K. Notwithstanding any other provision of law, a prescriber may authorize a registered nurse or licensed practical nurse to approve additional refills of a prescribed drug for no more than 90 consecutive days, provided that (i) the drug is classified as a Schedule VI drug; (ii) there are no changes in the prescribed drug, strength, or dosage; (iii) the prescriber has a current written protocol, accessible by the nurse, that identifies the conditions under which the nurse may approve additional refills; and (iv) the nurse documents in the patient's chart any refills authorized for a specific patient pursuant to the protocol and the additional refills are transmitted to a pharmacist in accordance with the allowances for an authorized agent to transmit a prescription orally or by facsimile pursuant to subsection C of § 54.1-3408.01 and regulations of the Board.

2. That the Department of Medical Assistance Services shall adopt regulations for reimbursement for telemedicine services delivered through audio-only telephone, which shall include regulations for (i) services that may be delivered via audio-only telephone, (ii) reimbursement rates for services delivered via audio-only telephone, and (iii) such other regulations as the Department of Medical Assistance Services may deem necessary.

3. That the Department of Medical Assistance Services shall promulgate and adopt uniform regulations for remote patient monitoring for all Medicaid managed care organizations to implement and follow.

CHAPTER 305

[H 2191]

Approved March 24, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 63.2-1505 and 63.2-1506 of the Code of Virginia are amended and reenacted as follows:

§ 63.2-1505. Investigations by local departments.

- A. An investigation requires the collection of information necessary to determine:
1. The immediate safety needs of the child;
 2. The protective and rehabilitative services needs of the child and family that will deter abuse or neglect;
 3. Risk of future harm to the child;
 4. Alternative plans for the child's safety if protective and rehabilitative services are indicated and the family is unable or unwilling to participate in services;
 5. Whether abuse or neglect has occurred;
 6. If abuse or neglect has occurred, who abused or neglected the child; and
 7. A finding of either founded or unfounded based on the facts collected during the investigation.
- B. If the local department responds to the report or complaint by conducting an investigation, the local department shall:
1. Make immediate investigation and, if the report or complaint was based upon one of the factors specified in subsection B of § 63.2-1509, the local department may file a petition pursuant to § 16.1-241.3;
 2. Complete a report and enter it into the statewide automation system maintained by the Department;
 3. Consult with the family to arrange for necessary protective and rehabilitative services to be provided to the child and his family;
 4. Petition the court for services deemed necessary including, but not limited to, removal of the child or his siblings from their home;
 5. Determine within 45 days if a report of abuse or neglect is founded or unfounded and transmit a report to such effect to the Department and to the person who is the subject of the investigation. However, upon written justification by the local department, the time for such determination may be extended not to exceed a total of 60 days or, in the event that the investigation is being conducted in cooperation with a law-enforcement agency and both parties agree that circumstances so warrant, as stated in the written justification, the time for such determination may be extended not to exceed 90 days. If

through the exercise of reasonable diligence the local department is unable to find the child who is the subject of the report, the time the child cannot be found shall not be computed as part of the total time period allowed for the investigation and determination and documentation of such reasonable diligence shall be placed in the record. In cases involving the death of a child or alleged sexual abuse of a child who is the subject of the report, the time during which records necessary for the investigation of the complaint but not created by the local department, including autopsy or medical or forensic records or reports, are not available to the local department due to circumstances beyond the local department's control shall not be computed as part of the total time period allowed for the investigation and determination, and documentation of the circumstances that resulted in the delay shall be placed in the record. In cases in which the subject of the investigation is a full-time, part-time, permanent, or temporary employee of a school division who is suspected of abusing or neglecting a child in the course of his educational employment, the time period for determining whether a report is founded or unfounded and transmitting a report to that effect to the Department and the person who is the subject of the investigation shall be mandatory, and every local department shall make the required determination and report within the specified time period without delay;

6. If a report of abuse or neglect is unfounded, transmit a report to such effect to the complainant and parent or guardian and the person responsible for the care of the child in those cases where such person was suspected of abuse or neglect; ~~and~~

7. If a report of child abuse and neglect is founded, and the subject of the report is or was at the time of the investigation or the conduct that led to the report a full-time, part-time, permanent, or temporary employee of a school division located within the Commonwealth, notify the relevant school board of the founded complaint without delay; *and*

8. *Upon request, disclose to the child's parent or guardian the location of the child, provided that (i) the investigation has not been completed and a report has not been transmitted pursuant to subdivision 5; (ii) the parent or guardian requesting disclosure of the child's location has not been the subject of a founded report of child abuse or neglect; (iii) the parent or guardian requesting disclosure of the child's location has legal custody of the child and provides to the local department any records or other information necessary to verify such custody; (iv) the local department is not aware of any court order, and has confirmed with the child's other parent or guardian or other person responsible for the care of the child that no court order has been issued, that prohibits or limits contact by the parent or guardian requesting disclosure of the child's location with the child, the child's other parent or guardian or other person responsible for the care of the child, or any member of the household in which the child is located; and (v) disclosure of the child's location to the parent or guardian will not compromise the safety of the child, the child's other parent or guardian, or any other person responsible for the care of the child.*

Any information exchanged for the purposes of this subsection shall not be considered a violation of § 63.2-102, 63.2-104, or 63.2-105.

C. Each local board may obtain and consider, in accordance with regulations adopted by the Board, statewide criminal history record information from the Central Criminal Records Exchange and shall obtain and consider results of a search of the child abuse and neglect central registry of any individual who is the subject of a child abuse or neglect investigation conducted under this section when there is evidence of child abuse or neglect and the local board is evaluating the safety of the home and whether removal will protect a child from harm. The local board shall determine whether the individual has resided in another state within at least the preceding five years and, if he has resided in another state, the local board shall request a search of the child abuse and neglect registry or equivalent registry maintained by such state. The local board also may obtain such a criminal records or registry search on all adult household members residing in the home where the individual who is the subject of the investigation resides and the child resides or visits. If a child abuse or neglect petition is filed in connection with such removal, a court may admit such information as evidence. Where the individual who is the subject of such information contests its accuracy through testimony under oath in hearing before the court, no court shall receive or consider the contested criminal history record information without certified copies of conviction. Further dissemination of the information provided to the local board is prohibited, except as authorized by law.

D. A person who has not previously participated in the investigation of complaints of child abuse or neglect in accordance with this chapter shall not participate in the investigation of any case involving a complaint of alleged sexual abuse of a child unless he (i) has completed a Board-approved training program for the investigation of complaints involving alleged sexual abuse of a child or (ii) is under the direct supervision of a person who has completed a Board-approved training program for the investigation of complaints involving alleged sexual abuse of a child. No individual may make a determination of whether a case involving a complaint of alleged sexual abuse of a child is founded or unfounded unless he has completed a Board-approved training program for the investigation of complaints involving alleged sexual abuse of a child.

E. Any individual who is the subject of a child abuse or neglect investigation conducted under this section shall notify the local department prior to changing his place of residence and provide the local department with the address of his new residence.

§ 63.2-1506. Family assessments by local departments.

A. A family assessment requires the collection of information necessary to determine:

1. The immediate safety needs of the child;
2. The protective and rehabilitative services needs of the child and family that will deter abuse or neglect;
3. Risk of future harm to the child;

4. Whether the mother of a child who was exposed in utero to a controlled substance sought substance abuse counseling or treatment prior to the child's birth; and

5. Alternative plans for the child's safety if protective and rehabilitative services are indicated and the family is unable or unwilling to participate in services.

B. When a local department has been designated as a child-protective services differential response system participant by the Department pursuant to § 63.2-1504 and responds to the report or complaint by conducting a family assessment, the local department shall:

1. Conduct an immediate family assessment and, if the report or complaint was based upon one of the factors specified in subsection B of § 63.2-1509, the local department may file a petition pursuant to § 16.1-241.3;

2. Obtain and consider the results of a search of the child abuse and neglect registry for any individual who is the subject of a family assessment. The local board shall determine whether the individual has resided in another state within at least the preceding five years, and, if he has resided in another state, the local board shall request a search of the child abuse and neglect registry or equivalent registry maintained by such state. The local board also may obtain and consider, in accordance with regulations of the Board, statewide criminal history record information from the Central Criminal Records Exchange for any individual who is the subject of a family assessment;

3. Immediately contact the subject of the report and the family of the child alleged to have been abused or neglected and give each a written and an oral explanation of the family assessment procedure. The family assessment shall be in writing and shall be completed in accordance with Board regulation;

4. Complete the family assessment within 60 days and transmit a report to such effect to the Department and to the person who is the subject of the family assessment;

5. Consult with the family to arrange for necessary protective and rehabilitative services to be provided to the child and his family. Families have the option of declining the services offered as a result of the family assessment. If the family declines the services, the case shall be closed unless the local department determines that sufficient cause exists to redetermine the case as one that needs to be investigated. In no instance shall a case be redetermined as an investigation solely because the family declines services;

6. Petition the court for services deemed necessary;

7. Make no disposition of founded or unfounded reports in which a family assessment is completed. Reports in which a family assessment is completed shall not be entered into the central registry contained in § 63.2-1515; and

8. Commence an immediate investigation, if at any time during the completion of the family assessment, the local department determines that an investigation is required; and

9. Upon request, disclose to the child's parent or guardian the location of the child, provided that (i) the family assessment has not been completed and a report has not been transmitted pursuant to subdivision 4; (ii) the parent or guardian requesting disclosure of the child's location has not been the subject of a founded report of child abuse or neglect; (iii) the parent or guardian requesting disclosure of the child's location has legal custody of the child and provides to the local department any records or other information necessary to verify such custody; (iv) the local department is not aware of any court order, and has confirmed with the child's other parent or guardian or other person responsible for the care of the child that no court order has been issued, that prohibits or limits contact by the parent or guardian requesting disclosure of the child's location with the child, the child's other parent or guardian or other person responsible for the care of the child, or any member of the household in which the child is located; and (v) disclosure of the child's location to the parent or guardian will not compromise the safety of the child, the child's other parent or guardian, or any other person responsible for the care of the child.

C. When a local department has been designated as a child-protective services differential response agency by the Department, the local department may investigate any report of child abuse or neglect, but the following valid reports of child abuse or neglect shall be investigated: (i) sexual abuse, (ii) child fatality, (iii) abuse or neglect resulting in serious injury as defined in § 18.2-371.1, (iv) cases involving a child's being left alone in the same dwelling with a person to whom the child is not related by blood or marriage and who has been convicted of an offense against a minor for which registration is required as a Tier III offender pursuant to § 9.1-902, (v) child has been taken into the custody of the local department, or (vi) cases involving a caretaker at a state-licensed child day center, religiously exempt child day center, licensed, registered or approved family day home, private or public school, hospital or any institution. If a report or complaint is based upon one of the factors specified in subsection B of § 63.2-1509, the local department shall (a) conduct a family assessment, unless an investigation is required pursuant to this subsection or other provision of law or is necessary to protect the safety of the child, and (b) develop a plan of safe care in accordance with federal law, regardless of whether the local department makes a finding of abuse or neglect.

D. Any individual who is the subject of a family assessment conducted under this section shall notify the local department prior to changing his place of residence and provide the local department with the address of his new residence.

CHAPTER 308

An Act to amend and reenact §§ 56-576 and 56-585.6 of the Code of Virginia, relating to electric utilities; Percentage of Income Payment Program.

[H 2330]

Approved March 24, 2021

development and that is located in an area of the Commonwealth designated as a qualified opportunity zone by the U.S. Secretary of the Treasury via his delegation of authority to the Internal Revenue Service.

"Combined heat and power" means a method of using waste heat from electrical generation to offset traditional processes, space heating, air conditioning, or refrigeration.

"Commission" means the State Corporation Commission.

"Community in which a majority of the population are people of color" means a U.S. Census tract where more than 50 percent of the population comprises individuals who identify as belonging to one or more of the following groups: Black, African American, Asian, Pacific Islander, Native American, other non-white race, mixed race, Hispanic, Latino, or linguistically isolated.

"Cooperative" means a utility formed under or subject to Chapter 9.1 (§ 56-231.15 et seq.).

"Covered entity" means a provider in the Commonwealth of an electric service not subject to competition but does not include default service providers.

"Covered transaction" means an acquisition, merger, or consolidation of, or other transaction involving stock, securities, voting interests or assets by which one or more persons obtains control of a covered entity.

"Curtailment" means inducing retail customers to reduce load during times of peak demand so as to ease the burden on the electrical grid.

"Customer choice" means the opportunity for a retail customer in the Commonwealth to purchase electric energy from any supplier licensed and seeking to sell electric energy to that customer.

"Demand response" means measures aimed at shifting time of use of electricity from peak-use periods to times of lower demand by inducing retail customers to curtail electricity usage during periods of congestion and higher prices in the electrical grid.

"Distribute," "distributing," or "distribution of" electric energy means the transfer of electric energy through a retail distribution system to a retail customer.

"Distributor" means a person owning, controlling, or operating a retail distribution system to provide electric energy directly to retail customers.

"Electric distribution grid transformation project" means a project associated with electric distribution infrastructure, including related data analytics equipment, that is designed to accommodate or facilitate the integration of utility-owned or customer-owned renewable electric generation resources with the utility's electric distribution grid or to otherwise enhance electric distribution grid reliability, electric distribution grid security, customer service, or energy efficiency and conservation, including advanced metering infrastructure; intelligent grid devices for real time system and asset information; automated control systems for electric distribution circuits and substations; communications networks for service meters; intelligent grid devices and other distribution equipment; distribution system hardening projects for circuits, other than the conversion of overhead tap lines to underground service, and substations designed to reduce service outages or service restoration times; physical security measures at key distribution substations; cyber security measures; energy storage systems and microgrids that support circuit-level grid stability, power quality, reliability, or resiliency or provide temporary backup energy supply; electrical facilities and infrastructure necessary to support electric vehicle charging systems; LED street light conversions; and new customer information platforms designed to provide improved customer access, greater service options, and expanded access to energy usage information.

"Electric utility" means any person that generates, transmits, or distributes electric energy for use by retail customers in the Commonwealth, including any investor-owned electric utility, cooperative electric utility, or electric utility owned or operated by a municipality.

"Energy efficiency program" means a program that reduces the total amount of electricity that is required for the same process or activity implemented after the expiration of capped rates. Energy efficiency programs include equipment, physical, or program change designed to produce measured and verified reductions in the amount of electricity required to perform the same function and produce the same or a similar outcome. Energy efficiency programs may include, but are not limited to, (i) programs that result in improvements in lighting design, heating, ventilation, and air conditioning systems, appliances, building envelopes, and industrial and commercial processes; (ii) measures, such as but not limited to the installation of advanced meters, implemented or installed by utilities, that reduce fuel use or losses of electricity and otherwise improve internal operating efficiency in generation, transmission, and distribution systems; and (iii) customer engagement programs that result in measurable and verifiable energy savings that lead to efficient use patterns and practices. Energy efficiency programs include demand response, combined heat and power and waste heat recovery, curtailment, or other programs that are designed to reduce electricity consumption so long as they reduce the total amount of electricity that is required for the same process or activity. Utilities shall be authorized to install and operate such advanced metering technology and equipment on a customer's premises; however, nothing in this chapter establishes a requirement that an energy efficiency program be implemented on a customer's premises and be connected to a customer's wiring on the customer's side of the inter-connection without the customer's expressed consent.

"Generate," "generating," or "generation of" electric energy means the production of electric energy.

"Generator" means a person owning, controlling, or operating a facility that produces electric energy for sale.

"Independent system operator" means a person that may receive or has received, by transfer pursuant to this chapter, any ownership or control of, or any responsibility to operate, all or part of the transmission systems in the Commonwealth.

"In the public interest," for purposes of assessing energy efficiency programs, describes an energy efficiency program if the Commission determines that the net present value of the benefits exceeds the net present value of the costs as determined by not less than any three of the following four tests: (i) the Total Resource Cost Test; (ii) the Utility Cost Test (also referred to as the Program Administrator Test); (iii) the Participant Test; and (iv) the Ratepayer Impact Measure Test. Such determination shall include an analysis of all four tests, and a program or portfolio of programs shall be approved if the net present value of the benefits exceeds the net present value of the costs as determined by not less than any three of the four tests. If the Commission determines that an energy efficiency program or portfolio of programs is not in the public interest, its final order shall include all work product and analysis conducted by the Commission's staff in relation to that program, including testimony relied upon by the Commission's staff, that has bearing upon the Commission's decision. If the Commission reduces the proposed budget for a program or portfolio of programs, its final order shall include an analysis of the impact such budget reduction has upon the cost-effectiveness of such program or portfolio of programs. An order by the Commission (a) finding that a program or portfolio of programs is not in the public interest or (b) reducing the proposed budget for any program or portfolio of programs shall adhere to existing protocols for extraordinarily sensitive information. In addition, an energy efficiency program may be deemed to be "in the public interest" if the program (1) provides measurable and verifiable energy savings to low-income customers or elderly customers or (2) is a pilot program of limited scope, cost, and duration, that is intended to determine whether a new or substantially revised program or technology would be cost-effective.

"Low-income geographic area" means any locality, or community within a locality, that has a median household income that is not greater than 80 percent of the local median household income, or any area in the Commonwealth designated as a qualified opportunity zone by the U.S. Secretary of the Treasury via his delegation of authority to the Internal Revenue Service.

"Low-income utility customer" means any person or household whose income is no more than 80 percent of the median income of the locality in which the customer resides. The median income of the locality is determined by the U.S. Department of Housing and Urban Development.

"Measured and verified" means a process determined pursuant to methods accepted for use by utilities and industries to measure, verify, and validate energy savings and peak demand savings. This may include the protocol established by the United States Department of Energy, Office of Federal Energy Management Programs, Measurement and Verification Guidance for Federal Energy Projects, measurement and verification standards developed by the American Society of Heating, Refrigeration and Air Conditioning Engineers (ASHRAE), or engineering-based estimates of energy and demand savings associated with specific energy efficiency measures, as determined by the Commission.

§ 56-585.6. Universal service fee; Percentage of Income Payment Program and Fund.

A. The Commission shall, after notice and opportunity for hearing, initiate a proceeding to establish the rates, terms, and conditions of a non-bypassable universal service fee to fund the Percentage of Income Payment Program (PIPP). Such universal service fee shall be allocated to retail electric customers of a Phase I and Phase II Utility on the basis of the amount of kilowatt-hours used and be established at such level to adequately address the PIPP's objectives to (i) reduce the energy burden of eligible participants by limiting electric bill payments directly to no more than six percent of the eligible participant's annual household income if the household's heating source is anything other than electricity, and to no more than 10 percent of an eligible participant's annual household income on electricity costs if the household's *primary* heating source is electricity, ~~and~~; (ii) reduce the amount of electricity used by the eligible participant's household through participation in weatherization or energy efficiency programs and energy conservation education programs; *and (iii) reduce the amount of energy, regardless of primary heating source, used by the eligible participant's household through participation in weatherization or energy efficiency programs and energy conservation education programs. The annual total cost of any programs implemented pursuant to clauses (i), (ii), and (iii) shall not exceed costs, including administrative costs, in the aggregate of (a) \$25 million for any Phase I Utility or (b) \$100 million for any Phase II Utility in any rate year in which such program costs are incurred.*

B. The Commission shall determine the reasonable administrative costs for the investor-owned utility to collect the universal service fee and remit such funds to the Percentage of Income Payment Fund *established in subsection E*, and any

other administrative costs the investor-owned utility may incur in complying with the PIPP, and shall determine the proper recovery mechanism for such costs. A Phase I and Phase II Utility shall not be eligible to earn a rate of return on any equity or costs incurred to comply with the program requirements or implementation. *The Commission shall initiate proceedings to provide for an annual true-up of the universal service fee within 60 days of the commencement of the PIPP and on an annual or semiannual basis thereafter. As part of any annual true-up case, each Phase I and Phase II Utility shall report to the Commission any data or forecasting required by the Commission regarding the participation by PIPP participants in utility energy reduction programs.*

C. The Department of Social Services (the Department), in consultation with, as it deems necessary, the Department of Housing and Community Development, shall adopt rules or establish guidelines for the adoption, implementation, and general administration of the PIPP and the Percentage of Income Payment Fund established in subsection E, consistent with this section. Such rules or guidelines shall include exemptions for terms of program participation or energy use reduction as the Department deems appropriate. The PIPP shall commence no later than one year after the Department publishes such rules or guidelines. Each Phase I and Phase II Utility shall cooperate with the requests of the Department in the implementation and administration of the PIPP. The Commission shall promulgate any rules necessary to ensure that (i) funds collected from each utility's universal service fee are directed to the Percentage of Income Payment Fund and (ii) utilities receive adequate compensation from the Fund, on a timely basis, for all reasonable costs of the PIPP, including costs associated with bill payment credits for eligible customers.

D. In carrying out the PIPP's objective of electricity usage reductions, PIPP-eligible customers may, to the extent reasonably possible, utilize existing energy efficiency or related programs approved by the Commission for a Phase I and Phase II Utility and existing and available federal, state, local, or nonprofit programs. The Department may review the needs of PIPP-eligible customers and whether gaps remain in serving such customers that are not already served by existing and available federal, state, local, or nonprofit programs to meet the energy reduction obligations of this section. The Department shall report the results of such analysis and review to the Chairs of the House Committee on Labor and Commerce and the Senate Committee on Commerce and Labor no later than November 1, 2022.

E. There is hereby created in the state treasury a special nonreverting fund to be known as the Percentage of Income Payment Fund, referred to in this section as "the Fund." The Fund shall be established on the books of the Comptroller. All funds collected from each Phase I and Phase II Utility's universal service fee shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purposes of implementation and administration of the PIPP, including any associated start-up costs. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Commissioner of the Department of Social Services or by order of the Commission in conjunction with a true-up proceeding.

2. That the State Corporation Commission shall issue an order providing for a non-bypassable universal service fee to be collected from customers of a Phase I or Phase II Utility, as those terms are defined in subdivision A 1 of § 56-585.1 of the Code of Virginia, in accordance with § 56-585.6 of the Code of Virginia, as amended by this act, as soon as practicable following the effective date of this act.

3. That the Department of Social Services is authorized to access funds in the Percentage of Income Payment Fund, established in § 56-585.6 of the Code of Virginia, as amended by this act, for the purposes outlined in subsection E of § 56-585.6 of the Code of Virginia, as amended by this act, as soon as such funds become available.

4. That in the event the Percentage of Income Payment Program (PIPP), established pursuant to § 56-585.6 of the Code of Virginia, as amended by this act, commences prior to July 1, 2023, for a Phase II Utility, as such term is defined in subdivision A 1 of § 56-585.1 of the Code of Virginia, the Department of Social Services (the Department) shall develop a memorandum of understanding, in a manner mutually agreeable to the Department and to the Phase II Utility, to render payment on behalf of each PIPP-eligible customer to the Phase II Utility until July 1, 2023, in accordance with the terms of such memorandum of understanding.

1. That § 16.1-356 of the Code of Virginia is amended and reenacted as follows:

§ 16.1-356. Raising question of competency to stand trial; evaluation and determination of competency.

A. If, at any time after the attorney for the juvenile has been retained or appointed pursuant to a delinquency proceeding and before the end of trial, the court finds, sua sponte or upon hearing evidence or representations of counsel for the juvenile or the attorney for the Commonwealth, that there is probable cause to believe that the juvenile lacks substantial capacity to understand the proceedings against him or to assist his attorney in his own defense, the court shall order that a competency evaluation be performed by at least one psychiatrist, clinical psychologist, licensed professional counselor, licensed clinical social worker, or licensed marriage and family therapist, who is qualified by training and experience in the forensic evaluation of juveniles.

The Commissioner of Behavioral Health and Developmental Services shall approve the training and qualifications for individuals authorized to conduct juvenile competency evaluations and provide restoration services to juveniles pursuant to this article. The Commissioner shall also provide all juvenile courts with a list of guidelines for the court to use in the determination of qualifying individuals as experts in matters relating to juvenile competency and restoration.

B. The evaluation shall be performed on an outpatient basis at a community services board or behavioral health authority, juvenile detention home, or juvenile justice facility unless the court specifically finds that (i) the results of the outpatient competency evaluation indicate that hospitalization of the juvenile for evaluation of competency is necessary or (ii) the juvenile is currently hospitalized in a psychiatric hospital. If one of these findings is made, the court, under authority of this subsection, may order the juvenile sent to a hospital designated by the Commissioner of Behavioral Health and Developmental Services as appropriate for the evaluation of juveniles against whom a delinquency petition has been filed.

C. The court shall require the attorney for the Commonwealth to provide to the evaluators appointed under subsection A any information relevant to the evaluation, including, but not limited to (i) a copy of the warrant or petition,; (ii) the names and addresses of the attorney for the Commonwealth, the attorney for the juvenile, and the judge ordering the evaluation; and (iii) information about the alleged offense. The court shall require the attorney for the juvenile to provide to the evaluator only the psychiatric records and other information that is deemed relevant to the evaluation of competency. The moving party shall provide the evaluator a summary of the reasons for the evaluation request. All information required

by this subsection shall be provided to the evaluator within 96 hours of the issuance of the court order requiring the evaluation and when applicable, shall be submitted prior to admission to the facility providing the inpatient evaluation. If the 96-hour period expires on a Saturday, Sunday, or other legal holiday, the 96 hours shall be extended to the next day which is not a Saturday, Sunday, or legal holiday. *The appointed evaluator or the director of the community services board, behavioral health authority, or hospital shall acknowledge receipt of the court order to the clerk of the court on a form developed by the Office of the Executive Secretary of the Supreme Court of Virginia as soon as practicable but no later than the close of business on the next business day following receipt of the court order. If the appointed evaluator or the director of the community services board, behavioral health authority, hospital, or private evaluator is unable to conduct the evaluation, he shall inform the court on the acknowledgement form.*

D. If the juvenile is hospitalized under the provisions of subsection B, the juvenile shall be hospitalized for such time as the director of the hospital deems necessary to perform an adequate evaluation of the juvenile's competency, but not to exceed 10 days from the date of admission to the hospital. All evaluations shall be completed and the report filed with the court within 14 days of receipt by the evaluator of all information required under subsection C.

E. Upon completion of the evaluation, the evaluator shall promptly and in no event exceeding 14 days after receipt of all required information submit the report in writing to the court and the attorneys of record concerning (i) the juvenile's capacity to understand the proceedings against him; (ii) his ability to assist his attorney; and (iii) his need for services in the event he is found incompetent, including a description of the suggested necessary services and least restrictive setting to assist the juvenile in restoration to competency. No statements of the juvenile relating to the alleged offense shall be included in the report.

F. After receiving the report described in subsection E, the court shall promptly determine whether the juvenile is competent to stand trial for adjudication or disposition. A hearing on the juvenile's competency is not required unless one is requested by the attorney for the Commonwealth or the attorney for the juvenile or when required under § 16.1-357 B. If a hearing is held, the party alleging that the juvenile is incompetent shall bear the burden of proving by a preponderance of the evidence the juvenile's incompetency. The juvenile shall have the right to notice of the hearing and the right to personally participate in and introduce evidence at the hearing.

If the juvenile is otherwise able to understand the charges against him and assist in his defense, a finding of incompetency shall not be made based solely on any or all of the following: (i) the juvenile's age or developmental factors, (ii) the juvenile's claim to be unable to remember the time period surrounding the alleged offense, or (iii) the fact that the juvenile is under the influence of medication.

Raising competency issue; appointment of evaluators. — If, at any time after the attorney for the defendant has been retained or appointed and before the end of trial, the court finds, upon hearing evidence or representations of counsel for the defendant or the attorney for the Commonwealth, that there is probable cause to believe that the defendant, whether a juvenile transferred pursuant to § 16.1-269.1 or adult, lacks substantial capacity to understand the proceedings against him or to assist his attorney in his own defense, the court shall order that a competency evaluation be performed by at least one psychiatrist or clinical psychologist who (i) has performed forensic evaluations; (ii) has successfully completed forensic evaluation training recognized by the Commissioner of Behavioral Health and Developmental Services; (iii) has demonstrated to the Commissioner competence to perform forensic evaluations; and (iv) is included on a list of approved evaluators maintained by the Commissioner.

B. Location of evaluation. — The evaluation shall be performed on an outpatient basis at a mental health facility or in jail unless an outpatient evaluation has been conducted and the outpatient evaluator opines that a hospital-based evaluation is needed to reliably reach an opinion or unless the defendant is in the custody of the Commissioner of Behavioral Health and Developmental Services pursuant to § 19.2-169.2, 19.2-169.6, 19.2-182.2, 19.2-182.3, 19.2-182.8, 19.2-182.9, or Article 5 (§ 37.2-814 et seq.) of Chapter 8 of Title 37.2.

C. Provision of information to evaluators. — The court shall require the attorney for the Commonwealth to provide to the evaluators appointed under subsection A any information relevant to the evaluation, including, but not limited to (i) a copy of the warrant or indictment; (ii) the names and addresses of the attorney for the Commonwealth, the attorney for the defendant, and the judge ordering the evaluation; (iii) information about the alleged crime; and (iv) a summary of the reasons for the evaluation request. The court shall require the attorney for the defendant to provide any available psychiatric records and other information that is deemed relevant. The court shall require that information be provided to the evaluator within 96 hours of the issuance of the court order pursuant to this section.

D. The competency report. — Upon completion of the evaluation, the evaluators shall promptly submit a report in writing to the court and the attorneys of record concerning (i) the defendant's capacity to understand the proceedings against him; (ii) his ability to assist his attorney; and (iii) his need for treatment in the event he is found incompetent but restorable, or incompetent for the foreseeable future. If a need for restoration treatment is identified pursuant to clause (iii), the report shall state whether inpatient or outpatient treatment (community-based or jail-based) is recommended. Outpatient treatment may occur in a local correctional facility or at a location determined by the appropriate community services board or behavioral health authority. In cases where a defendant is likely to remain incompetent for the foreseeable future due to an ongoing and irreversible medical condition, and where prior medical or educational records are available to support the diagnosis, *or if the defendant was previously determined to be unrestorably incompetent in the past two years*, the report may recommend that the court find the defendant unrestorably incompetent to stand trial and the court may proceed with the disposition of the case in accordance with § 19.2-169.3. No statements of the defendant relating to the time period of the

alleged offense shall be included in the report. The evaluator shall also send a redacted copy of the report removing references to the defendant's name, date of birth, case number, and court of jurisdiction to the Commissioner of Behavioral Health and Developmental Services for the purpose of peer review to establish and maintain the list of approved evaluators described in subsection A.

E. The competency determination. — After receiving the report described in subsection D, the court shall promptly determine whether the defendant is competent to stand trial. A hearing on the defendant's competency is not required unless one is requested by the attorney for the Commonwealth or the attorney for the defendant, or unless the court has reasonable cause to believe the defendant will be hospitalized under § 19.2-169.2. If a hearing is held, the party alleging that the defendant is incompetent shall bear the burden of proving by a preponderance of the evidence the defendant's incompetency. The defendant shall have the right to notice of the hearing, the right to counsel at the hearing and the right to personally participate in and introduce evidence at the hearing.

The fact that the defendant claims to be unable to remember the time period surrounding the alleged offense shall not, by itself, bar a finding of competency if the defendant otherwise understands the charges against him and can assist in his defense. Nor shall the fact that the defendant is under the influence of medication bar a finding of competency if the defendant is able to understand the charges against him and assist in his defense while medicated.

CHAPTER 319

An Act to amend and reenact § 46.2-345 of the Code of Virginia, relating to special identification cards; application by guardian.

[H 1961]

Approved March 24, 2021

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-345 of the Code of Virginia is amended and reenacted as follows:

§ 46.2-345. Issuance of special identification cards; fee; confidentiality; penalties.

A. On the application of any person who is a resident of the Commonwealth or, the parent of any such person who is under the age of 18, or the legal guardian of any such person who is under the age of 15, the Department shall issue a special identification card to the person, provided that:

1. Application is made on a form prescribed by the Department and includes the applicant's full legal name; year, month, and date of birth; social security number; sex; and residence address. Applicants shall be permitted to choose between "male," "female," or "non-binary" when designating the applicant's sex on the application form;

2. The applicant presents, when required by the Department, proof of identity, legal presence, residency, and social security number or non-work authorized status;

3. The Department is satisfied that the applicant needs an identification card or the applicant shows he has a bona fide need for such a card; and

4. The applicant does not hold a driver's license, commercial driver's license, temporary driver's permit, learner's permit, motorcycle learner's permit, or special identification card without a photograph.

Persons 70 years of age or older may exchange a valid Virginia driver's license for a special identification card at no fee. Special identification cards subsequently issued to such persons shall be subject to the regular fees for special identification cards.

B. The fee for the issuance of an original, duplicate, reissue, or renewal special identification card is \$2 per year, with a \$10 minimum fee. Persons 21 years old or older may be issued a scenic special identification card for an additional fee of \$5.

C. Every special identification card shall expire on the applicant's birthday at the end of the period of years for which a special identification card has been issued. At no time shall any special identification card be issued for less than three nor more than eight years, except under the provisions of subsection B of § 46.2-328.1 and except that those cards issued to children under the age of 15 shall expire on the child's sixteenth birthday. Notwithstanding these limitations, the Commissioner may extend the validity period of an expiring card if (i) the Department is unable to process an application for renewal due to circumstances beyond its control, (ii) the extension has been authorized under a directive from the Governor, and (iii) the card was not issued as a temporary special identification card under the provisions of subsection B of § 46.2-328.1. However, in no event shall the validity period be extended more than 90 days per occurrence of such conditions. Any special identification card issued to a person required to register pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1 shall expire on the applicant's birthday in years which the applicant attains an age equally divisible by five. For each person required to register pursuant to Chapter 9 of Title 9.1, the Department may not waive the requirement that each such person shall appear for each renewal or the requirement to obtain a photograph in accordance with subsection C of § 46.2-323.

D. A special identification card issued under this section may be similar in size, shape, and design to a driver's license, and include a photograph of its holder, but the card shall be readily distinguishable from a driver's license and shall clearly state that it does not authorize the person to whom it is issued to drive a motor vehicle. Every applicant for a special identification card shall appear in person before the Department to apply for a renewal, duplicate or reissue unless specifically permitted by the Department to apply in another manner.

E. Special identification cards, for persons at least 15 years old but less than 21 years old, shall be immediately and readily distinguishable from those issued to persons 21 years old or older. Distinguishing characteristics shall include unique design elements of the document and descriptors within the photograph area to identify persons who are at least 15 years old but less than 21 years old. These descriptors shall include the month, day, and year when the person will become 21 years old.

F. Special identification cards for persons under age 15 shall bear a full face photograph. The special identification card issued to persons under age 15 shall be readily distinguishable from a driver's license and from other special identification cards issued by the Department. Such cards shall clearly indicate that it does not authorize the person to whom it is issued to drive a motor vehicle.

G. Unless otherwise prohibited by law, a valid Virginia driver's license shall be surrendered upon application for a special identification card without the applicant's having to present proof of legal presence as required by § 46.2-328.1 if the Virginia driver's license is unexpired and it has not been revoked, suspended, or cancelled. The special identification card shall be considered a reissue and the expiration date shall be the last day of the month of the surrendered driver's license's month of expiration.

H. Any personal information, as identified in § 2.2-3801, which is retained by the Department from an application for the issuance of a special identification card is confidential and shall not be divulged to any person, association, corporation, or organization, public or private, except to the legal guardian or the attorney of the applicant or to a person, association, corporation, or organization nominated in writing by the applicant, his legal guardian, or his attorney. This subsection shall not prevent the Department from furnishing the application or any information thereon to any law-enforcement agency.

I. Any person who uses a false or fictitious name or gives a false or fictitious address in any application for an identification card or knowingly makes a false statement or conceals a material fact or otherwise commits a fraud in any such application shall be guilty of a Class 2 misdemeanor. However, where the name or address is given, or false statement is made, or fact is concealed, or fraud committed, with the intent to purchase a firearm or where the identification card is obtained for the purpose of committing any offense punishable as a felony, a violation of this section shall constitute a Class 4 felony.

J. The Department shall utilize the various communications media throughout the Commonwealth to inform Virginia residents of the provisions of this section and to promote and encourage the public to take advantage of its provisions.

K. The Department shall electronically transmit application information to the Department of State Police, in a format approved by the State Police, for comparison with information contained in the Virginia Criminal Information Network and National Crime Information Center Convicted Sexual Offender Registry Files, at the time of issuance of a special identification card. Whenever it appears from the records of the State Police that a person has failed to comply with the duty to register, reregister, or verify his registration information pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, the State

Police shall promptly investigate and, if there is probable cause to believe a violation has occurred, obtain a warrant or assist in obtaining an indictment charging a violation of § 18.2-472.1 in the jurisdiction in which the person made application for the special identification card.

L. When requested by the applicant, the applicant's parent if the applicant is a minor, or the applicant's guardian, and upon presentation of a signed statement by a licensed physician confirming the applicant's condition, the Department shall indicate on the applicant's special identification card that the applicant has any condition listed in subsection K of § 46.2-342 or that the applicant is blind or vision impaired.

The salary of members of council shall be determined in accordance with general law.~~

Be it enacted by the General Assembly of Virginia:

1. That § 15.2-4904 of the Code of Virginia is amended and reenacted as follows:

§ 15.2-4904. Directors; qualifications; terms; vacancies; compensation and expenses; quorum; records; certification and distribution of report concerning bond issuance.

A. The authority shall be governed by a board of directors in which all powers of the authority shall be vested and which board shall be composed of seven directors, appointed by the governing body of the locality. The seven directors shall be appointed initially for terms of one, two, three, and four years; two being appointed for one-year terms; two being appointed for two-year terms; two being appointed for three-year terms, and one being appointed for a four-year term. Subsequent appointments shall be for terms of four years, except appointments to fill vacancies, which shall be for the unexpired terms. All terms of office shall be deemed to commence upon the date of the initial appointment to the authority, and thereafter, in accordance with the provisions of the immediately preceding sentence. If at the end of any term of office of any director a successor thereto has not been appointed, then the director whose term of office has expired shall continue to hold office until his successor is appointed and qualified.

Notwithstanding the provisions of this subsection, the board of supervisors of Wise County may appoint eight members to serve on the board of the authority, with terms staggered as agreed upon by the board of supervisors; the board of supervisors of Henrico County may appoint 10 members to serve on the board of the authority, two from each magisterial district, with terms staggered as agreed upon by the board of supervisors; the board of supervisors of Roanoke County may appoint 10 members to serve on the board of the authority, two from each magisterial district, with terms staggered as agreed upon by the board of supervisors; the board of supervisors of Mathews County may appoint from five to seven members to serve on the board of the authority; the board of supervisors of King William County may appoint nine members to serve on the board of the authority, with terms staggered as agreed upon by the board of supervisors; the town council of the Town of Saint Paul may appoint 10 members to serve on the board of the authority, with terms staggered as agreed upon by the town council; however, the town council of the Town of Saint Paul may at its option return to a seven-member board by removing the last three members appointed; the board of supervisors of Russell County may appoint nine members, two of whom shall come from a town that has used its borrowing capacity to borrow \$2 million or more for industrial development, with terms staggered as agreed upon by the board of supervisors, and the town council of the Town of South Boston shall appoint two at-large members; Page County may appoint nine members, with one member from each incorporated town, one member from each magisterial district, and one member at-large, with terms staggered as

A member of the Chesapeake Economic Development Authority shall serve at the pleasure of the city council of the City of Chesapeake. No Chesapeake Economic Development Authority member shall work for the Authority within one year after serving as a member. The city council of the City of Norfolk may appoint 11 members, with terms staggered as agreed upon by the city council, and the board of supervisors of Louisa County may appoint directors to serve on the board of the authority for terms coincident with members of the board of supervisors.

In any such event, a successor shall be appointed by the governing body for the unexpired portion of the term of the member who has been removed.

B. Each director shall, upon appointment or reappointment, before entering upon his duties take and subscribe the oath prescribed by § 49-1.

C. E. Except as provided herein, four members of the board of directors shall constitute a quorum of the board for the purposes of conducting its business and exercising its powers and for all other purposes, except that no facilities owned by the authority shall be leased or disposed of in any manner without a majority vote of the members of the board of directors. No vacancy in the membership of the board shall impair the right of a quorum to exercise all the powers and perform all the duties of the board. In the case of the Economic Development Authority of Goochland County, *and the Economic Development Authority of Powhatan County*, three members of the board of directors shall constitute a quorum of the board for the purposes of conducting its business and exercising its powers and for all other purposes, except that no facilities owned by the authority shall be leased or disposed of in any manner without a majority vote of the members of the board of directors.

F. The board shall keep detailed minutes of its proceedings, which shall be open to public inspection at all times. It shall keep suitable records of its financial transactions and, unless exempted by § 30-140, it shall arrange to have the records audited annually. Copies of each such audit shall be furnished to the governing body of the locality and shall be open to public inspection.

Two copies of the report concerning issuance of bonds required to be filed with the United States Internal Revenue Service shall be certified as true and correct copies by the secretary or assistant secretary of the authority. One copy shall be furnished to the governing body of the locality and the other copy mailed to the Department of Small Business and Supplier Diversity.

C. The residential property disclosure statement shall be delivered in accordance with § 55.1-709.

D. *The Real Estate Board shall make available on its website a flood risk information form. Such form shall be substantially as follows:*

Flood Risk Information Form

The purpose of this information form is to provide property owners and potential property owners with information regarding flood risk. This information form does not determine whether a property owner will be required to purchase a flood insurance policy. That determination is made by the lender providing a loan for the property at the lender's discretion.

Mortgage lenders are mandated under the Flood Disaster Protection Act of 1973 and the National Flood Insurance Reform Act of 1994 to require the purchase of flood insurance by property owners who acquire loans from federally regulated, supervised, or insured financial institutions for the acquisition or improvement of land, facilities, or structures located within or to be located within a Special Flood Hazard Area. A Special Flood Hazard Area (SFHA) is a high-risk area defined as any land that would be inundated by a flood, also known as a base flood, having a one percent chance of occurring in a given year. The lender reviews the current National Flood Insurance Program (NFIP) maps for the community in which the property is located to determine its location relative to the published SFHA and completes the Standard Flood Hazard Determination Form (SFHDF), created by the Federal Emergency Management Agency (FEMA). If the lender determines that the structure is indeed located within a SFHA and the community is participating in the NFIP, the borrower is then notified that flood insurance will be required as a condition of receiving the loan. A similar review and notification are completed whenever a loan is sold on the secondary loan market or when the lender completes a routine review of its mortgage portfolio.

Properties that are not located in a SFHA can still flood. Flood damage is not generally covered by a standard home insurance policy. It is prudent to consider purchasing flood insurance even when flood insurance is not required by a lender. Properties not located in a SFHA may be eligible for a low-cost preferred risk flood insurance policy. Property owners and buyers are encouraged to consult with their insurance agent about flood insurance.

What is a flood? A flood is a general and temporary condition of partial or complete inundation of two or more acres of normally dry land area or of two or more properties, at least one of which is the policyholder's property, from (i) overflow of inland or tidal waters, (ii) unusual and rapid accumulation or runoff of surface waters from any source, (iii) mudflow, or (iv) collapse or subsidence of land along the shore of a lake or similar body of water as a result of erosion or undermining caused by waves or currents of water exceeding anticipated cyclical levels that result in a flood.

FEMA is required to update Flood Maps every five years. Flood zones for this property may change due to periodic map updates. To determine what flood zone or zones a property is located in a buyer can visit the website for FEMA's National Flood Insurance Program or the Virginia Department of Conservation and Recreation's Flood Risk Information System website.

§ 55.1-708.2. Required disclosures pertaining to repetitive loss.

The owner of residential real property located in the Commonwealth who has actual knowledge that the dwelling unit is a repetitive risk loss structure shall disclose such fact to the purchaser. For purposes of this section, "repetitive risk loss" means that two or more claims of more than \$1,000 were paid by the National Flood Insurance Program within any rolling 10-year period, since 1978. Such disclosure shall be provided to the purchaser on a form provided by the Real Estate Board on its website.

2. That the provisions of this act shall become effective on January 1, 2022.

D. The Commonwealth Energy Policy is intended to provide guidance to the agencies and political subdivisions of the Commonwealth in taking discretionary action with regard to energy issues, and shall not be construed to amend, repeal, or override any contrary provision of applicable law. The failure or refusal of any person to recognize the elements of the Commonwealth Energy Policy, to act in a manner consistent with the Commonwealth Energy Policy, or to take any other action whatsoever, shall not create any right, action, or cause of action or provide standing for any person to challenge the action of the Commonwealth or any of its agencies or political subdivisions.

§ 67-201. Development of the Virginia Energy Plan.

A. The Division, in consultation with the State Corporation Commission, the Department of Environmental Quality, the Clean Energy Advisory Board, solar, wind, ~~and~~ energy efficiency, *and transportation electrification* sectors, and a stakeholder group that shall include representatives of consumer, environmental, manufacturing, forestry, and agricultural organizations and natural gas and electric utilities, shall prepare a comprehensive Virginia Energy Plan (the Plan) that identifies actions over a 10-year period consistent with the goal of the Commonwealth Energy Policy set forth in § 67-102 to achieve, no later than 2045, a net-zero carbon energy economy for all sectors, including electricity, transportation, building, agricultural, and industrial sectors. The Plan shall propose actions, consistent with the objectives enumerated in § 67-101, that will implement the Commonwealth Energy Policy set forth in § 67-102.

B. In addition, the Plan shall include:

1. Projections of energy consumption in the Commonwealth, including the use of fuel sources and costs of electricity, natural gas, gasoline, coal, renewable resources, and other forms of non-greenhouse-gas-generating energy resources, such as nuclear power, used in the Commonwealth;

2. An analysis of the adequacy of electricity generation, transmission, and distribution resources in the Commonwealth for the natural gas and electric industries, and how distributed energy resources and regional generation, transmission, and distribution resources affect the Commonwealth;

3. An analysis of siting requirements for electric generation resources and natural gas and electric transmission and distribution resources, including an assessment of state and local impediments to expanded use of distributed resources and recommendations to reduce or eliminate these impediments;

4. An analysis of fuel diversity for electricity generation, recognizing the importance of flexibility in meeting future capacity needs;

5. An analysis of the efficient use of energy resources and conservation initiatives;

6. An analysis of how these Virginia-specific issues relate to regional initiatives to assure the adequacy of fuel production, generation, transmission, and distribution assets;

7. An analysis of siting of energy resource development, refining or transmission facilities to identify any disproportionate adverse impact of such activities on economically disadvantaged or minority communities;

8. With regard to any regulations proposed or promulgated by the U.S. Environmental Protection Agency to reduce carbon dioxide emissions from fossil fuel-fired electric generating units under § 111(d) of the Clean Air Act, 42 U.S.C. § 7411 (d), an analysis of (i) the costs to and benefits for energy producers and electric utility customers; (ii) the effect on energy markets and reliability; and (iii) the commercial availability of technology required to comply with such regulations;

9. An inventory of greenhouse gas emissions using a method determined by the Department of Environmental Quality for the four years prior to the issuance of the Plan; and

10. *Data regarding the number and type of electric and hybrid electric vehicles currently registered in the Commonwealth; projections of future electric vehicle sales across all vehicle classes, taking into consideration the impact of current and potential statewide policies; and analysis of the impact that the growth of electrified transit on the Commonwealth's electric system;*

11. *An analysis of the Commonwealth's current electric vehicle charging infrastructure and all future infrastructure needed to support the 2045 net-zero carbon target in the transportation sector, including chargers, make-ready electrical equipment, and supporting hardware and software needed to support the electrification of all vehicle categories used on and off roads and highways, including light-duty, medium-duty, and heavy-duty vehicles and electric bicycles, as well as that needed to electrify ground transportation at all ports and airports, with particular attention to the needs of historically economically disadvantaged communities as defined in § 56-576 and any state or local impediments to deployment; and*

12. Recommendations, based on the analyses completed under subdivisions 1 through 9 *11*, for legislative, regulatory, and other public and private actions to implement the elements of the Commonwealth Energy Policy.

C. In preparing the Plan, the Division and other agencies involved in the planning process shall utilize state geographic information systems, to the extent deemed practicable, to assess how recommendations in the Plan may affect pristine natural areas and other significant onshore natural resources. Effective October 1, 2024, interim updates on the Plan shall also contain projections for greenhouse gas emissions that would result from implementation of the Plan's recommendations.

D. In preparing the Plan, the Division and other agencies involved in the planning process shall develop a system for ascribing numerical scores to parcels of real property based on the extent to which the parcels are suitable for the siting of a wind energy facility or solar energy facility. For wind energy facilities, the scoring system shall address the wind velocity, sustained velocity, turbulence, proximity to electric power transmission systems, potential impacts to natural and historic resources and to economically disadvantaged or minority communities, and compatibility with the local land use plan. For solar energy facilities, the scoring system shall address the parcel's proximity to electric power transmission lines, potential impacts of such a facility to natural and historic resources and to economically disadvantaged or minority communities, and compatibility with the local land use plan. The system developed pursuant to this section shall allow the suitability of the parcel for the siting of a wind energy facility or solar energy facility to be compared to the suitability of other parcels so scored, and shall be based on a scale that allows the suitability of the parcel for the siting of a such an energy facility to be measured against the hypothetical score of an ideal location for such a facility.

E. After July 1, 2007, upon receipt by the Division of a recommendation from the Department of General Services, a local governing body, or the parcel's owner that a parcel of real property is a potentially suitable location for a wind energy facility or solar energy facility, the Division shall analyze the suitability of the parcel for the location of such a facility. In conducting its analysis, the Division shall ascribe a numerical score to the parcel using the scoring system developed pursuant to subsection D.

§ 67-202. Schedule.

A. The Division shall complete the Plan by July 1, 2007.

B. Prior to completion of the Plan and updates thereof, the Division shall present drafts to, and consult with, the Coal and Energy Commission and the Commission on Electric Utility Regulation.

C. The Plan shall be updated by the Division and submitted as provided in § 67-203 by July 1, 2010, October 1, 2014, and every fourth October 1 thereafter. In addition, the Division shall provide interim updates on the Plan by October 1 of the third year of each administration. Updated reports shall *specify any progress attained toward each proposed action of the Plan, as well as reassess goals for energy conservation based on progress to date in meeting the goals in the previous plan and lessons learned from attempts to meet such goals.*

D. Beginning with the Plan update in 2014, the Division shall include a section to set forth energy policy positions relevant to any potential regulations proposed or promulgated by the State Air Pollution Control Board to reduce carbon dioxide emissions from fossil fuel-fired electric generating units under § 111(d) of the Clean Air Act, 42 U.S.C. § 7411(d). In this section of the Plan, the Division shall address policy options for establishing separate standards of performance pursuant to § 111(d) of the Clean Air Act, 42 U.S.C. § 7411(d), for carbon dioxide emissions from existing fossil fuel-fired electric generating units to promote the Plan's overall goal of fuel diversity as follows:

1. The Plan shall address policy options for establishing the standards of performance for existing coal-fired electric generating units, including but not limited to the following factors:

a. The most suitable system of emission reduction that (i) takes into consideration (a) the cost and benefit of achieving such reduction, (b) any non-air quality health and environmental impacts, and (c) the energy requirements of the Commonwealth and (ii) has been adequately demonstrated for coal-fired electric generating units that are subject to the standard of performance;

b. Reductions in emissions of carbon dioxide that can be achieved through measures reasonably undertaken at each coal-fired electric generating unit; and

c. Increased efficiencies and other measures that can be implemented at each coal-fired electric generating unit to reduce carbon dioxide emissions from the unit without converting from coal to other fuels, co-firing other fuels with coal, or limiting the utilization of the unit.

2. The Plan shall also address policy options for establishing the standards of performance for existing gas-fired electric generating units, including but not limited to the following factors:

a. The application of the criteria specified in subdivisions 1 a and b to natural gas-fired electric generating units, instead of to coal-fired electric generating units; and

b. Increased efficiencies and other measures that can be reasonably implemented at the unit to reduce carbon dioxide emissions from the unit without switching from natural gas to other lower-carbon fuels or limiting the utilization of the unit.

3. The Plan shall examine policy options for state regulatory action to adopt less stringent standards or longer compliance schedules than those provided for in applicable federal rules or guidelines based on analysis of the following:

a. Consumer impacts, including any disproportionate impacts of energy price increases on lower-income populations;

b. Unreasonable cost of reducing emissions resulting from plant age, location, or basic process design;

c. Physical difficulties with or impossibility of implementing emission reduction measures;

d. The absolute cost of applying the performance standard to the unit;

e. The expected remaining useful life of the unit;

f. The economic impacts of closing the unit, including expected job losses, if the unit is unable to comply with the performance standard; and

g. Any other factors specific to the unit that make application of a less stringent standard or longer compliance schedule more reasonable.

4. The Plan shall identify options, to the maximum extent permissible, for any federally required regulation of carbon dioxide emissions from existing fossil fuel-fired electric generating units, regulatory mechanisms that provide flexibility in complying with such standards, including the averaging of emissions, emissions trading, or other alternative implementation measures that are determined to further the interests of the Commonwealth and its citizens.

CHAPTER 327

An Act to amend and reenact §§ 56-46.1, 56-585.1, 56-598, 56-601, 62.1-199, 67-103, 67-104, and 67-201 of the Code of Virginia; to amend the Code of Virginia by adding a section numbered 67-101.1; and to repeal §§ 67-101 and 67-102 of the Code of Virginia, relating to the Commonwealth Energy Policy.

[S 1284]

Approved March 24, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 56-46.1, 56-585.1, 56-598, 56-601, 62.1-199, 67-103, 67-104, and 67-201 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 67-101.1 as follows:

§ 56-46.1. Commission to consider environmental, economic and improvements in service reliability factors in approving construction of electrical utility facilities; approval required for construction of certain electrical transmission lines; notice and hearings.

A. Whenever the Commission is required to approve the construction of any electrical utility facility, it shall give consideration to the effect of that facility on the environment and establish such conditions as may be desirable or necessary to minimize adverse environmental impact. In order to avoid duplication of governmental activities, any valid permit or approval required for an electric generating plant and associated facilities issued or granted by a federal, state or local governmental entity charged by law with responsibility for issuing permits or approvals regulating environmental impact and mitigation of adverse environmental impact or for other specific public interest issues such as building codes, transportation plans, and public safety, whether such permit or approval is granted prior to or after the Commission's decision, shall be deemed to satisfy the requirements of this section with respect to all matters that (i) are governed by the permit or approval or (ii) are within the authority of, and were considered by, the governmental entity in issuing such permit or approval, and the Commission shall impose no additional conditions with respect to such matters. Nothing in this section shall affect the ability of the Commission to keep the record of a case open. Nothing in this section shall affect any right to appeal such permits or approvals in accordance with applicable law. In the case of a proposed facility located in a region that was designated as of July 1, 2001, as serious nonattainment for the one-hour ozone standard as set forth in the federal Clean Air Act, the Commission shall not issue a decision approving such proposed facility that is conditioned upon issuance of any environmental permit or approval. In every proceeding under this subsection, the Commission shall receive and give consideration to all reports that relate to the proposed facility by state agencies concerned with environmental protection; and if requested by any county or municipality in which the facility is proposed to be built, to local comprehensive plans that have been adopted pursuant to Article 3 (§ 15.2-2223 et seq.) of Chapter 22 of Title 15.2. Additionally, the Commission (a) shall consider the effect of the proposed facility on economic development within the Commonwealth, including but not limited to furtherance of the economic and job creation objectives of the Commonwealth *Clean Energy Policy* set forth in §§ ~~67-101 and 67-102~~ § 67-101.1, and (b) shall consider any improvements in service reliability that may result from the construction of such facility.

B. Subject to the provisions of subsection J, no electrical transmission line of 138 kilovolts or more shall be constructed unless the State Corporation Commission shall, after at least 30 days' advance notice by (i) publication in a newspaper or newspapers of general circulation in the counties and municipalities through which the line is proposed to be

built, (ii) written notice to the governing body of each such county and municipality, and (iii) causing to be sent a copy of the notice by first class mail to all owners of property within the route of the proposed line, as indicated on the map or sketch of the route filed with the Commission, which requirement shall be satisfied by mailing the notice to such persons at such addresses as are indicated in the land books maintained by the commissioner of revenue, director of finance or treasurer of the county or municipality, approve such line. Such notices shall include a written description of the proposed route the line is to follow, as well as a map or sketch of the route including a digital geographic information system (GIS) map provided by the public utility showing the location of the proposed route. The Commission shall make GIS maps provided under this subsection available to the public on the Commission's website. Such notices shall be in addition to the advance notice to the chief administrative officer of the county or municipality required pursuant to § 15.2-2202.

As a condition to approval the Commission shall determine that the line is needed and that the corridor or route chosen for the line will avoid or reasonably minimize adverse impact to the greatest extent reasonably practicable on the scenic assets, historic resources recorded with the Department of Historic Resources, and environment of the area concerned. To assist the Commission in this determination, as part of the application for Commission approval of the line, the applicant shall summarize its efforts to avoid or reasonably minimize adverse impact to the greatest extent reasonably practicable on the scenic assets, historic resources recorded with the Department of Historic Resources, and environment of the area concerned. In making the determinations about need, corridor or route, and method of installation, the Commission shall verify the applicant's load flow modeling, contingency analyses, and reliability needs presented to justify the new line and its proposed method of installation. If the local comprehensive plan of an affected county or municipality designates corridors or routes for electric transmission lines and the line is proposed to be constructed outside such corridors or routes, in any hearing the county or municipality may provide adequate evidence that the existing planned corridors or routes designated in the plan can adequately serve the needs of the company. Additionally, the Commission shall consider, upon the request of the governing body of any county or municipality in which the line is proposed to be constructed, (a) the costs and economic benefits likely to result from requiring the underground placement of the line and (b) any potential impediments to timely construction of the line.

C. If, prior to such approval, any interested party shall request a public hearing, the Commission shall, as soon as reasonably practicable after such request, hold such hearing or hearings at such place as may be designated by the Commission. In any hearing the public service company shall provide adequate evidence that existing rights-of-way cannot adequately serve the needs of the company.

If, prior to such approval, written requests therefor are received from the governing body of any county or municipality through which the line is proposed to be built or from 20 or more interested parties, the Commission shall hold at least one hearing in the area that would be affected by construction of the line, for the purpose of receiving public comment on the proposal. If any hearing is to be held in the area affected, the Commission shall direct that a copy of the transcripts of any previous hearings held in the case be made available for public inspection at a convenient location in the area for a reasonable time before such local hearing.

D. As used in this section, unless the context requires a different meaning:

"Environment" or "environmental" shall be deemed to include in meaning "historic," as well as a consideration of the probable effects of the line on the health and safety of the persons in the area concerned.

"Interested parties" shall include the governing bodies of any counties or municipalities through which the line is proposed to be built, and persons residing or owning property in each such county or municipality.

"Public utility" means a public utility as defined in § 56-265.1.

"Qualifying facilities" means a cogeneration or small power production facility which meets the criteria of 18 C.F.R. Part 292.

"Reasonably accommodate requests to wheel or transmit power" means:

1. That the applicant will make available to new electric generation facilities constructed after January 9, 1991, qualifying facilities and other nonutilities, a minimum of one-fourth of the total megawatts of the additional transmission capacity created by the proposed line, for the purpose of wheeling to public utility purchasers the power generated by such qualifying facilities and other nonutility facilities which are awarded a power purchase contract by a public utility purchaser in compliance with applicable state law or regulations governing bidding or capacity acquisition programs for the purchase of electric capacity from nonutility sources, provided that the obligation of the applicant will extend only to those requests for wheeling service made within the 12 months following certification by the State Corporation Commission of the transmission line and with effective dates for commencement of such service within the 12 months following completion of the transmission line; and

2. That the wheeling service offered by the applicant, pursuant to subdivision D 1, will reasonably further the purposes of the Public Utilities Regulatory Policies Act of 1978 (P. L. 95-617), as demonstrated by submitting to the Commission, with its application for approval of the line, the cost methodologies, terms, conditions, and dispatch and interconnection requirements the applicant intends, subject to any applicable requirements of the Federal Energy Regulatory Commission, to include in its agreements for such wheeling service.

E. In the event that, at any time after the giving of the notice required in subsection B, it appears to the Commission that consideration of a route or routes significantly different from the route described in the notice is desirable, the Commission shall cause notice of the new route or routes to be published and mailed in accordance with subsection B. The Commission shall thereafter comply with the provisions of this section with respect to the new route or routes to the full

extent necessary to give affected localities and interested parties in the newly affected areas the same protection afforded to affected localities and interested parties affected by the route described in the original notice.

F. Approval of a transmission line pursuant to this section shall be deemed to satisfy the requirements of § 15.2-2232 and local zoning ordinances with respect to such transmission line.

G. The Commission shall enter into a memorandum of agreement with the Department of Environmental Quality regarding the coordination of their reviews of the environmental impact of electric generating plants and associated facilities.

H. An applicant that is required to obtain (i) a certificate of public convenience and necessity from the Commission for any electric generating facility, electric transmission line, natural or manufactured gas transmission line as defined in 49 Code of Federal Regulations § 192.3, or natural or manufactured gas storage facility (hereafter, an energy facility) and (ii) an environmental permit for the energy facility that is subject to issuance by any agency or board within the Secretariat of Natural Resources, may request a pre-application planning and review process. In any such request to the Commission or the Secretariat of Natural Resources, the applicant shall identify the proposed energy facility for which it requests the pre-application planning and review process. The Commission, the Department of Environmental Quality, the Marine Resources Commission, the Department of Wildlife Resources, the Department of Historic Resources, the Department of Conservation and Recreation, and other appropriate agencies of the Commonwealth shall participate in the pre-application planning and review process. Participation in such process shall not limit the authority otherwise provided by law to the Commission or other agencies or boards of the Commonwealth. The Commission and other participating agencies of the Commonwealth may invite federal and local governmental entities charged by law with responsibility for issuing permits or approvals to participate in the pre-application planning and review process. Through the pre-application planning and review process, the applicant, the Commission, and other agencies and boards shall identify the potential impacts and approvals that may be required and shall develop a plan that will provide for an efficient and coordinated review of the proposed energy facility. The plan shall include (a) a list of the permits or other approvals likely to be required based on the information available, (b) a specific plan and preliminary schedule for the different reviews, (c) a plan for coordinating those reviews and the related public comment process, and (d) designation of points of contact, either within each agency or for the Commonwealth as a whole, to facilitate this coordination. The plan shall be made readily available to the public and shall be maintained on a dedicated website to provide current information on the status of each component of the plan and each approval process including opportunities for public comment.

I. The provisions of this section shall not apply to the construction and operation of a small renewable energy project, as defined in § 10.1-1197.5, by a utility regulated pursuant to this title for which the Department of Environmental Quality has issued a permit by rule pursuant to Article 5 (§ 10.1-1197.5 et seq.) of Chapter 11.1 of Title 10.1.

J. Approval under this section shall not be required for any transmission line for which a certificate of public convenience and necessity is not required pursuant to subdivision A of § 56-265.2.

§ 56-585.1. Generation, distribution, and transmission rates after capped rates terminate or expire.

A. During the first six months of 2009, the Commission shall, after notice and opportunity for hearing, initiate proceedings to review the rates, terms and conditions for the provision of generation, distribution and transmission services of each investor-owned incumbent electric utility. Such proceedings shall be governed by the provisions of Chapter 10 (§ 56-232 et seq.), except as modified herein. In such proceedings the Commission shall determine fair rates of return on common equity applicable to the generation and distribution services of the utility. In so doing, the Commission may use any methodology to determine such return it finds consistent with the public interest, but such return shall not be set lower than the average of the returns on common equity reported to the Securities and Exchange Commission for the three most recent annual periods for which such data are available by not less than a majority, selected by the Commission as specified in subdivision 2 b, of other investor-owned electric utilities in the peer group of the utility, nor shall the Commission set such return more than 300 basis points higher than such average. The peer group of the utility shall be determined in the manner prescribed in subdivision 2 b. The Commission may increase or decrease such combined rate of return by up to 100 basis points based on the generating plant performance, customer service, and operating efficiency of a utility, as compared to nationally recognized standards determined by the Commission to be appropriate for such purposes. In such a proceeding, the Commission shall determine the rates that the utility may charge until such rates are adjusted. If the Commission finds that the utility's combined rate of return on common equity is more than 50 basis points below the combined rate of return as so determined, it shall be authorized to order increases to the utility's rates necessary to provide the opportunity to fully recover the costs of providing the utility's services and to earn not less than such combined rate of return. If the Commission finds that the utility's combined rate of return on common equity is more than 50 basis points above the combined rate of return as so determined, it shall be authorized either (i) to order reductions to the utility's rates it finds appropriate, provided that the Commission may not order such rate reduction unless it finds that the resulting rates will provide the utility with the opportunity to fully recover its costs of providing its services and to earn not less than the fair rates of return on common equity applicable to the generation and distribution services; or (ii) to direct that 60 percent of the amount of the utility's earnings that were more than 50 basis points above the fair combined rate of return for calendar year 2008 be credited to customers' bills, in which event such credits shall be amortized over a period of six to 12 months, as determined at the discretion of the Commission, following the effective date of the Commission's order and be allocated among customer classes such that the relationship between the specific customer class rates of return to the overall target rate of return will have the same relationship as the last approved allocation of revenues used to design base rates.

Commencing in 2011, the Commission, after notice and opportunity for hearing, shall conduct reviews of the rates, terms and conditions for the provision of generation, distribution and transmission services by each investor-owned incumbent electric utility, subject to the following provisions:

1. Rates, terms and conditions for each service shall be reviewed separately on an unbundled basis, and such reviews shall be conducted in a single, combined proceeding. Pursuant to subsection A of § 56-585.1:1, the Commission shall conduct a review for a Phase I Utility in 2020, utilizing the three successive 12-month test periods beginning January 1, 2017, and ending December 31, 2019. Thereafter, reviews for a Phase I Utility will be on a triennial basis with subsequent proceedings utilizing the three successive 12-month test periods ending December 31 immediately preceding the year in which such review proceeding is conducted. Pursuant to subsection A of § 56-585.1:1, the Commission shall conduct a review for a Phase II Utility in 2021, utilizing the four successive 12-month test periods beginning January 1, 2017, and ending December 31, 2020, with subsequent reviews on a triennial basis utilizing the three successive 12-month test periods ending December 31 immediately preceding the year in which such review proceeding is conducted. All such reviews occurring after December 31, 2017, shall be referred to as triennial reviews. For purposes of this section, a Phase I Utility is an investor-owned incumbent electric utility that was, as of July 1, 1999, not bound by a rate case settlement adopted by the Commission that extended in its application beyond January 1, 2002, and a Phase II Utility is an investor-owned incumbent electric utility that was bound by such a settlement.

2. Subject to the provisions of subdivision 6, the fair rate of return on common equity applicable separately to the generation and distribution services of such utility, and for the two such services combined, and for any rate adjustment clauses approved under subdivision 5 or 6, shall be determined by the Commission during each such triennial review, as follows:

a. The Commission may use any methodology to determine such return it finds consistent with the public interest, but for applications received by the Commission on or after January 1, 2020, such return shall not be set lower than the average of either (i) the returns on common equity reported to the Securities and Exchange Commission for the three most recent annual periods for which such data are available by not less than a majority, selected by the Commission as specified in subdivision 2 b, of other investor-owned electric utilities in the peer group of the utility subject to such triennial review or (ii) the authorized returns on common equity that are set by the applicable regulatory commissions for the same selected peer group, nor shall the Commission set such return more than 150 basis points higher than such average.

b. In selecting such majority of peer group investor-owned electric utilities for applications received by the Commission on or after January 1, 2020, the Commission shall first remove from such group the two utilities within such group that have the lowest reported or authorized, as applicable, returns of the group, as well as the two utilities within such group that have the highest reported or authorized, as applicable, returns of the group, and the Commission shall then select a majority of the utilities remaining in such peer group. In its final order regarding such triennial review, the Commission shall identify the utilities in such peer group it selected for the calculation of such limitation. For purposes of this subdivision, an investor-owned electric utility shall be deemed part of such peer group if (i) its principal operations are conducted in the southeastern United States east of the Mississippi River in either the states of West Virginia or Kentucky or in those states south of Virginia, excluding the state of Tennessee, (ii) it is a vertically-integrated electric utility providing generation, transmission and distribution services whose facilities and operations are subject to state public utility regulation in the state where its principal operations are conducted, (iii) it had a long-term bond rating assigned by Moody's Investors Service of at least Baa at the end of the most recent test period subject to such triennial review, and (iv) it is not an affiliate of the utility subject to such triennial review.

c. The Commission may, consistent with its precedent for incumbent electric utilities prior to the enactment of Chapters 888 and 933 of the Acts of Assembly of 2007, increase or decrease the utility's combined rate of return based on the Commission's consideration of the utility's performance.

d. In any Current Proceeding, the Commission shall determine whether the Current Return has increased, on a percentage basis, above the Initial Return by more than the increase, expressed as a percentage, in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the United States Department of Labor, since the date on which the Commission determined the Initial Return. If so, the Commission may conduct an additional analysis of whether it is in the public interest to utilize such Current Return for the Current Proceeding then pending. A finding of whether the Current Return justifies such additional analysis shall be made without regard to any enhanced rate of return on common equity awarded pursuant to the provisions of subdivision 6. Such additional analysis shall include, but not be limited to, a consideration of overall economic conditions, the level of interest rates and cost of capital with respect to business and industry, in general, as well as electric utilities, the current level of inflation and the utility's cost of goods and services, the effect on the utility's ability to provide adequate service and to attract capital if less than the Current Return were utilized for the Current Proceeding then pending, and such other factors as the Commission may deem relevant. If, as a result of such analysis, the Commission finds that use of the Current Return for the Current Proceeding then pending would not be in the public interest, then the lower limit imposed by subdivision 2 a on the return to be determined by the Commission for such utility shall be calculated, for that Current Proceeding only, by increasing the Initial Return by a percentage at least equal to the increase, expressed as a percentage, in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the United States Department of Labor, since the date on which the Commission determined the Initial Return. For purposes of this subdivision:

"Current Proceeding" means any proceeding conducted under any provisions of this subsection that require or authorize the Commission to determine a fair combined rate of return on common equity for a utility and that will be concluded after the date on which the Commission determined the Initial Return for such utility.

"Current Return" means the minimum fair combined rate of return on common equity required for any Current Proceeding by the limitation regarding a utility's peer group specified in subdivision 2 a.

"Initial Return" means the fair combined rate of return on common equity determined for such utility by the Commission on the first occasion after July 1, 2009, under any provision of this subsection pursuant to the provisions of subdivision 2 a.

e. In addition to other considerations, in setting the return on equity within the range allowed by this section, the Commission shall strive to maintain costs of retail electric energy that are cost competitive with costs of retail electric energy provided by the other peer group investor-owned electric utilities.

f. The determination of such returns shall be made by the Commission on a stand-alone basis, and specifically without regard to any return on common equity or other matters determined with regard to facilities described in subdivision 6.

g. If the combined rate of return on common equity earned by the generation and distribution services is no more than 50 basis points above or below the return as so determined or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, such return is no more than 70 basis points above or below the return as so determined, such combined return shall not be considered either excessive or insufficient, respectively. However, for any test period commencing after December 31, 2012, for a Phase II Utility, and after December 31, 2013, for a Phase I Utility, if the utility has, during the test period or periods under review, earned below the return as so determined, whether or not such combined return is within 70 basis points of the return as so determined, the utility may petition the Commission for approval of an increase in rates in accordance with the provisions of subdivision 8 a as if it had earned more than 70 basis points below a fair combined rate of return, and such proceeding shall otherwise be conducted in accordance with the provisions of this section. The provisions of this subdivision are subject to the provisions of subdivision 8.

h. Any amount of a utility's earnings directed by the Commission to be credited to customers' bills pursuant to this section shall not be considered for the purpose of determining the utility's earnings in any subsequent triennial review.

3. Each such utility shall make a triennial filing by March 31 of every third year, with such filings commencing for a Phase I Utility in 2020, and such filings commencing for a Phase II Utility in 2021, consisting of the schedules contained in the Commission's rules governing utility rate increase applications. Such filing shall encompass the three successive 12-month test periods ending December 31 immediately preceding the year in which such proceeding is conducted, except that the filing for a Phase II Utility in 2021 shall encompass the four successive 12-month test periods ending December 31, 2020, and in every such case the filing for each year shall be identified separately and shall be segregated from any other year encompassed by the filing. If the Commission determines that rates should be revised or credits be applied to customers' bills pursuant to subdivision 8 or 9, any rate adjustment clauses previously implemented related to facilities utilizing simple-cycle combustion turbines described in subdivision 6, shall be combined with the utility's costs, revenues and investments until the amounts that are the subject of such rate adjustment clauses are fully recovered. The Commission shall combine such clauses with the utility's costs, revenues and investments only after it makes its initial determination with regard to necessary rate revisions or credits to customers' bills, and the amounts thereof, but after such clauses are combined as herein specified, they shall thereafter be considered part of the utility's costs, revenues, and investments for the purposes of future triennial review proceedings. In a triennial filing under this subdivision that does not result in an overall rate change a utility may propose an adjustment to one or more tariffs that are revenue neutral to the utility.

4. (Expires December 31, 2023) The following costs incurred by the utility shall be deemed reasonable and prudent: (i) costs for transmission services provided to the utility by the regional transmission entity of which the utility is a member, as determined under applicable rates, terms and conditions approved by the Federal Energy Regulatory Commission; (ii) costs charged to the utility that are associated with demand response programs approved by the Federal Energy Regulatory Commission and administered by the regional transmission entity of which the utility is a member; and (iii) costs incurred by the utility to construct, operate, and maintain transmission lines and substations installed in order to provide service to a business park. Upon petition of a utility at any time after the expiration or termination of capped rates, but not more than once in any 12-month period, the Commission shall approve a rate adjustment clause under which such costs, including, without limitation, costs for transmission service; charges for new and existing transmission facilities, including costs incurred by the utility to construct, operate, and maintain transmission lines and substations installed in order to provide service to a business park; administrative charges; and ancillary service charges designed to recover transmission costs, shall be recovered on a timely and current basis from customers. Retail rates to recover these costs shall be designed using the appropriate billing determinants in the retail rate schedules.

4. (Effective January 1, 2024) The following costs incurred by the utility shall be deemed reasonable and prudent: (i) costs for transmission services provided to the utility by the regional transmission entity of which the utility is a member, as determined under applicable rates, terms and conditions approved by the Federal Energy Regulatory Commission, and (ii) costs charged to the utility that are associated with demand response programs approved by the Federal Energy Regulatory Commission and administered by the regional transmission entity of which the utility is a member. Upon petition of a utility at any time after the expiration or termination of capped rates, but not more than once in any 12-month

period, the Commission shall approve a rate adjustment clause under which such costs, including, without limitation, costs for transmission service, charges for new and existing transmission facilities, administrative charges, and ancillary service charges designed to recover transmission costs, shall be recovered on a timely and current basis from customers. Retail rates to recover these costs shall be designed using the appropriate billing determinants in the retail rate schedules.

5. A utility may at any time, after the expiration or termination of capped rates, but not more than once in any 12-month period, petition the Commission for approval of one or more rate adjustment clauses for the timely and current recovery from customers of the following costs:

a. Incremental costs described in clause (vi) of subsection B of § 56-582 incurred between July 1, 2004, and the expiration or termination of capped rates, if such utility is, as of July 1, 2007, deferring such costs consistent with an order of the Commission entered under clause (vi) of subsection B of § 56-582. The Commission shall approve such a petition allowing the recovery of such costs that comply with the requirements of clause (vi) of subsection B of § 56-582;

b. Projected and actual costs for the utility to design and operate fair and effective peak-shaving programs or pilot programs. The Commission shall approve such a petition if it finds that the program is in the public interest, provided that the Commission shall allow the recovery of such costs as it finds are reasonable;

c. Projected and actual costs for the utility to design, implement, and operate energy efficiency programs or pilot programs. Any such petition shall include a proposed budget for the design, implementation, and operation of the energy efficiency program, including anticipated savings from and spending on each program, and the Commission shall grant a final order on such petitions within eight months of initial filing. The Commission shall only approve such a petition if it finds that the program is in the public interest. If the Commission determines that an energy efficiency program or portfolio of programs is not in the public interest, its final order shall include all work product and analysis conducted by the Commission's staff in relation to that program that has bearing upon the Commission's determination. Such order shall adhere to existing protocols for extraordinarily sensitive information.

Energy efficiency pilot programs are in the public interest provided that the pilot program is (i) of limited scope, cost, and duration and (ii) intended to determine whether a new or substantially revised program would be cost-effective.

Prior to January 1, 2022, the Commission shall award a margin for recovery on operating expenses for energy efficiency programs and pilot programs, which margin shall be equal to the general rate of return on common equity determined as described in subdivision 2. Beginning January 1, 2022, and thereafter, if the Commission determines that the utility meets in any year the annual energy efficiency standards set forth in § 56-596.2, in the following year, the Commission shall award a margin on energy efficiency program operating expenses in that year, to be recovered through a rate adjustment clause, which margin shall be equal to the general rate of return on common equity determined as described in subdivision 2. If the Commission does not approve energy efficiency programs that, in the aggregate, can achieve the annual energy efficiency standards, the Commission shall award a margin on energy efficiency operating expenses in that year for any programs the Commission has approved, to be recovered through a rate adjustment clause under this subdivision, which margin shall equal the general rate of return on common equity determined as described in subdivision 2. Any margin awarded pursuant to this subdivision shall be applied as part of the utility's next rate adjustment clause true-up proceeding. The Commission shall also award an additional 20 basis points for each additional incremental 0.1 percent in annual savings in any year achieved by the utility's energy efficiency programs approved by the Commission pursuant to this subdivision, beyond the annual requirements set forth in § 56-596.2, provided that the total performance incentive awarded in any year shall not exceed 10 percent of that utility's total energy efficiency program spending in that same year.

The Commission shall annually monitor and report to the General Assembly the performance of all programs approved pursuant to this subdivision, including each utility's compliance with the total annual savings required by § 56-596.2, as well as the annual and lifecycle net and gross energy and capacity savings, related emissions reductions, and other quantifiable benefits of each program; total customer bill savings that the programs produce; utility spending on each program, including any associated administrative costs; and each utility's avoided costs and cost-effectiveness results.

Notwithstanding any other provision of law, unless the Commission finds in its discretion and after consideration of all in-state and regional transmission entity resources that there is a threat to the reliability or security of electric service to the utility's customers, the Commission shall not approve construction of any new utility-owned generating facilities that emit carbon dioxide as a by-product of combusting fuel to generate electricity unless the utility has already met the energy savings goals identified in § 56-596.2 and the Commission finds that supply-side resources are more cost-effective than demand-side or energy storage resources.

As used in this subdivision, "large general service customer" means a customer that has a verifiable history of having used more than one megawatt of demand from a single site.

Large general service customers shall be exempt from requirements that they participate in energy efficiency programs if the Commission finds that the large general service customer has, at the customer's own expense, implemented energy efficiency programs that have produced or will produce measured and verified results consistent with industry standards and other regulatory criteria stated in this section. The Commission shall, no later than June 30, 2021, adopt rules or regulations (a) establishing the process for large general service customers to apply for such an exemption, (b) establishing the administrative procedures by which eligible customers will notify the utility, and (c) defining the standard criteria that shall be satisfied by an applicant in order to notify the utility, including means of evaluation measurement and verification and confidentiality requirements. At a minimum, such rules and regulations shall require that each exempted large general

service customer certify to the utility and Commission that its implemented energy efficiency programs have delivered measured and verified savings within the prior five years. In adopting such rules or regulations, the Commission shall also specify the timing as to when a utility shall accept and act on such notice, taking into consideration the utility's integrated resource planning process, as well as its administration of energy efficiency programs that are approved for cost recovery by the Commission. Savings from large general service customers shall be accounted for in utility reporting in the standards in § 56-596.2.

The notice of nonparticipation by a large general service customer shall be for the duration of the service life of the customer's energy efficiency measures. The Commission may on its own motion initiate steps necessary to verify such nonparticipant's achievement of energy efficiency if the Commission has a body of evidence that the nonparticipant has knowingly misrepresented its energy efficiency achievement.

A utility shall not charge such large general service customer for the costs of installing energy efficiency equipment beyond what is required to provide electric service and meter such service on the customer's premises if the customer provides, at the customer's expense, equivalent energy efficiency equipment. In all relevant proceedings pursuant to this section, the Commission shall take into consideration the goals of economic development, energy efficiency and environmental protection in the Commonwealth;

d. Projected and actual costs of compliance with renewable energy portfolio standard requirements pursuant to § 56-585.5 that are not recoverable under subdivision 6. The Commission shall approve such a petition allowing the recovery of such costs incurred as required by § 56-585.5, provided that the Commission does not otherwise find such costs were unreasonably or imprudently incurred;

e. Projected and actual costs of projects that the Commission finds to be necessary to mitigate impacts to marine life caused by construction of offshore wind generating facilities, as described in § 56-585.1:11, or to comply with state or federal environmental laws or regulations applicable to generation facilities used to serve the utility's native load obligations, including the costs of allowances purchased through a market-based trading program for carbon dioxide emissions. The Commission shall approve such a petition if it finds that such costs are necessary to comply with such environmental laws or regulations;

f. Projected and actual costs, not currently in rates, for the utility to design, implement, and operate programs approved by the Commission that accelerate the vegetation management of distribution rights-of-way. No costs shall be allocated to or recovered from customers that are served within the large general service rate classes for a Phase II Utility or that are served at subtransmission or transmission voltage, or take delivery at a substation served from subtransmission or transmission voltage, for a Phase I Utility; and

g. Projected and actual costs, not currently in rates, for the utility to design, implement, and operate programs approved by the Commission to provide incentives to (i) low-income, elderly, and disabled individuals or (ii) organizations providing residential services to low-income, elderly, and disabled individuals for the installation of, or access to, equipment to generate electric energy derived from sunlight, provided the low-income, elderly, and disabled individuals, or organizations providing residential services to low-income, elderly, and disabled individuals, first participate in incentive programs for the installation of measures that reduce heating or cooling costs.

Any rate adjustment clause approved under subdivision 5 c by the Commission shall remain in effect until the utility exhausts the approved budget for the energy efficiency program. The Commission shall have the authority to determine the duration or amortization period for any other rate adjustment clause approved under this subdivision.

6. To ensure the generation and delivery of a reliable and adequate supply of electricity, to meet the utility's projected native load obligations and to promote economic development, a utility may at any time, after the expiration or termination of capped rates, petition the Commission for approval of a rate adjustment clause for recovery on a timely and current basis from customers of the costs of (i) a coal-fueled generation facility that utilizes Virginia coal and is located in the coalfield region of the Commonwealth as described in § 15.2-6002, regardless of whether such facility is located within or without the utility's service territory, (ii) one or more other generation facilities, (iii) one or more major unit modifications of generation facilities, including the costs of any system or equipment upgrade, system or equipment replacement, or other cost reasonably appropriate to extend the combined operating license for or the operating life of one or more generation facilities utilizing nuclear power, (iv) one or more new underground facilities to replace one or more existing overhead distribution facilities of 69 kilovolts or less located within the Commonwealth, (v) one or more pumped hydroelectricity generation and storage facilities that utilize on-site or off-site renewable energy resources as all or a portion of their power source and such facilities and associated resources are located in the coalfield region of the Commonwealth as described in § 15.2-6002, regardless of whether such facility is located within or without the utility's service territory, or (vi) one or more electric distribution grid transformation projects; however, subject to the provisions of the following sentence, the utility shall not file a petition under clause (iv) more often than annually and, in such petition, shall not seek any annual incremental increase in the level of investments associated with such a petition that exceeds five percent of such utility's distribution rate base, as such rate base was determined for the most recently ended 12-month test period in the utility's latest review proceeding conducted pursuant to subdivision 3 and concluded by final order of the Commission prior to the date of filing of such petition under clause (iv). In all proceedings regarding petitions filed under clause (iv) or (vi), the level of investments approved for recovery in such proceedings shall be in addition to, and not in lieu of, levels of investments previously approved for recovery in prior proceedings under clause (iv) or (vi), as applicable. As of December 1, 2028, any costs recovered by a utility pursuant to clause (iv) shall be limited to any remaining costs associated with conversions of

overhead distribution facilities to underground facilities that have been previously approved or are pending approval by the Commission through a petition by the utility under this subdivision. Such a petition concerning facilities described in clause (ii) that utilize nuclear power, facilities described in clause (ii) that are coal-fueled and will be built by a Phase I Utility, or facilities described in clause (i) may also be filed before the expiration or termination of capped rates. A utility that constructs or makes modifications to any such facility, or purchases any facility consisting of at least one megawatt of generating capacity using energy derived from sunlight and located in the Commonwealth and that utilizes goods or services sourced, in whole or in part, from one or more Virginia businesses, shall have the right to recover the costs of the facility, as accrued against income, through its rates, including projected construction work in progress, and any associated allowance for funds used during construction, planning, development and construction or acquisition costs, life-cycle costs, costs related to assessing the feasibility of potential sites for new underground facilities, and costs of infrastructure associated therewith, plus, as an incentive to undertake such projects, an enhanced rate of return on common equity calculated as specified below; however, in determining the amounts recoverable under a rate adjustment clause for new underground facilities, the Commission shall not consider, or increase or reduce such amounts recoverable because of (a) the operation and maintenance costs attributable to either the overhead distribution facilities being replaced or the new underground facilities or (b) any other costs attributable to the overhead distribution facilities being replaced. Notwithstanding the preceding sentence, the costs described in clauses (a) and (b) thereof shall remain eligible for recovery from customers through the utility's base rates for distribution service. A utility filing a petition for approval to construct or purchase a facility consisting of at least one megawatt of generating capacity using energy derived from sunlight and located in the Commonwealth and that utilizes goods or services sourced, in whole or in part, from one or more Virginia businesses may propose a rate adjustment clause based on a market index in lieu of a cost of service model for such facility. A utility seeking approval to construct or purchase a generating facility that emits carbon dioxide shall demonstrate that it has already met the energy savings goals identified in § 56-596.2 and that the identified need cannot be met more affordably through the deployment or utilization of demand-side resources or energy storage resources and that it has considered and weighed alternative options, including third-party market alternatives, in its selection process.

The costs of the facility, other than return on projected construction work in progress and allowance for funds used during construction, shall not be recovered prior to the date a facility constructed by the utility and described in clause (i), (ii), (iii) or (v) begins commercial operation, the date the utility becomes the owner of a purchased generation facility consisting of at least one megawatt of generating capacity using energy derived from sunlight and located in the Commonwealth and that utilizes goods or services sourced, in whole or in part, from one or more Virginia businesses, or the date new underground facilities are classified by the utility as plant in service. In any application to construct a new generating facility, the utility shall include, and the Commission shall consider, the social cost of carbon, as determined by the Commission, as a benefit or cost, whichever is appropriate. The Commission shall ensure that the development of new, or expansion of existing, energy resources or facilities does not have a disproportionate adverse impact on historically economically disadvantaged communities. The Commission may adopt any rules it deems necessary to determine the social cost of carbon and shall use the best available science and technology, including the Technical Support Document: Technical Update of the Social Cost of Carbon for Regulatory Impact Analysis Under Executive Order 12866, published by the Interagency Working Group on Social Cost of Greenhouse Gases from the United States Government in August 2016, as guidance. The Commission shall include a system to adjust the costs established in this section with inflation.

Such enhanced rate of return on common equity shall be applied to allowance for funds used during construction and to construction work in progress during the construction phase of the facility and shall thereafter be applied to the entire facility during the first portion of the service life of the facility. The first portion of the service life shall be as specified in the table below; however, the Commission shall determine the duration of the first portion of the service life of any facility, within the range specified in the table below, which determination shall be consistent with the public interest and shall reflect the Commission's determinations regarding how critical the facility may be in meeting the energy needs of the citizens of the Commonwealth and the risks involved in the development of the facility. After the first portion of the service life of the facility is concluded, the utility's general rate of return shall be applied to such facility for the remainder of its service life. As used herein, the service life of the facility shall be deemed to begin on the date a facility constructed by the utility and described in clause (i), (ii), (iii) or (v) begins commercial operation, the date the utility becomes the owner of a purchased generation facility consisting of at least one megawatt of generating capacity using energy derived from sunlight and located in the Commonwealth and that utilizes goods or services sourced, in whole or in part, from one or more Virginia businesses, or the date new underground facilities or new electric distribution grid transformation projects are classified by the utility as plant in service, and such service life shall be deemed equal in years to the life of that facility as used to calculate the utility's depreciation expense. Such enhanced rate of return on common equity shall be calculated by adding the basis points specified in the table below to the utility's general rate of return, and such enhanced rate of return shall apply only to the facility that is the subject of such rate adjustment clause. Allowance for funds used during construction shall be calculated for any such facility utilizing the utility's actual capital structure and overall cost of capital, including an enhanced rate of return on common equity as determined pursuant to this subdivision, until such construction work in progress is included in rates. The construction of any facility described in clause (i) or (v) is in the public interest, and in determining whether to approve such facility, the Commission shall liberally construe the provisions of this title. The construction or purchase by a utility of one or more generation facilities with at least one megawatt of generating capacity, and with an aggregate rated capacity that does not exceed 16,100 megawatts, including rooftop solar installations with a

capacity of not less than 50 kilowatts, and with an aggregate capacity of 100 megawatts, that use energy derived from sunlight or from onshore wind and are located in the Commonwealth or off the Commonwealth's Atlantic shoreline, regardless of whether any of such facilities are located within or without the utility's service territory, is in the public interest, and in determining whether to approve such facility, the Commission shall liberally construe the provisions of this title. A utility may enter into short-term or long-term power purchase contracts for the power derived from sunlight generated by such generation facility prior to purchasing the generation facility. The replacement of any subset of a utility's existing overhead distribution tap lines that have, in the aggregate, an average of nine or more total unplanned outage events-per-mile over a preceding 10-year period with new underground facilities in order to improve electric service reliability is in the public interest. In determining whether to approve petitions for rate adjustment clauses for such new underground facilities that meet this criteria, and in determining the level of costs to be recovered thereunder, the Commission shall liberally construe the provisions of this title.

The conversion of any such facilities on or after September 1, 2016, is deemed to provide local and system-wide benefits and to be cost beneficial, and the costs associated with such new underground facilities are deemed to be reasonably and prudently incurred and, notwithstanding the provisions of subsection C or D, shall be approved for recovery by the Commission pursuant to this subdivision, provided that the total costs associated with the replacement of any subset of existing overhead distribution tap lines proposed by the utility with new underground facilities, exclusive of financing costs, shall not exceed an average cost per customer of \$20,000, with such customers, including those served directly by or downline of the tap lines proposed for conversion, and, further, such total costs shall not exceed an average cost per mile of tap lines converted, exclusive of financing costs, of \$750,000. A utility shall, without regard for whether it has petitioned for any rate adjustment clause pursuant to clause (vi), petition the Commission, not more than once annually, for approval of a plan for electric distribution grid transformation projects. Any plan for electric distribution grid transformation projects shall include both measures to facilitate integration of distributed energy resources and measures to enhance physical electric distribution grid reliability and security. In ruling upon such a petition, the Commission shall consider whether the utility's plan for such projects, and the projected costs associated therewith, are reasonable and prudent. Such petition shall be considered on a stand-alone basis without regard to the other costs, revenues, investments, or earnings of the utility; without regard to whether the costs associated with such projects will be recovered through a rate adjustment clause under this subdivision or through the utility's rates for generation and distribution services; and without regard to whether such costs will be the subject of a customer credit offset, as applicable, pursuant to subdivision 8 d. The Commission's final order regarding any such petition for approval of an electric distribution grid transformation plan shall be entered by the Commission not more than six months after the date of filing such petition. The Commission shall likewise enter its final order with respect to any petition by a utility for a certificate to construct and operate a generating facility or facilities utilizing energy derived from sunlight, pursuant to subsection D of § 56-580, within six months after the date of filing such petition. The basis points to be added to the utility's general rate of return to calculate the enhanced rate of return on common equity, and the first portion of that facility's service life to which such enhanced rate of return shall be applied, shall vary by type of facility, as specified in the following table:

Type of Generation Facility	Basis Points	First Portion of Service Life
Nuclear-powered	200	Between 12 and 25 years
Carbon capture compatible, clean-coal powered	200	Between 10 and 20 years
Renewable powered, other than landfill gas powered	200	Between 5 and 15 years
Coalbed methane gas powered	150	Between 5 and 15 years
Landfill gas powered	200	Between 5 and 15 years
Conventional coal or combined-cycle combustion turbine	100	Between 10 and 20 years

Only those facilities as to which a rate adjustment clause under this subdivision has been previously approved by the Commission, or as to which a petition for approval of such rate adjustment clause was filed with the Commission, on or before January 1, 2013, shall be entitled to the enhanced rate of return on common equity as specified in the above table during the construction phase of the facility and the approved first portion of its service life.

Thirty percent of all costs of such a facility utilizing nuclear power that the utility incurred between July 1, 2007, and December 31, 2013, and all of such costs incurred after December 31, 2013, may be deferred by the utility and recovered through a rate adjustment clause under this subdivision at such time as the Commission provides in an order approving such a rate adjustment clause. The remaining 70 percent of all costs of such a facility that the utility incurred between July 1, 2007, and December 31, 2013, shall not be deferred for recovery through a rate adjustment clause under this subdivision; however, such remaining 70 percent of all costs shall be recovered ratably through existing base rates as determined by the Commission in the test periods under review in the utility's next review filed after July 1, 2014. Thirty percent of all costs of a facility utilizing energy derived from offshore wind that the utility incurred between July 1, 2007, and December 31, 2013, and all of such costs incurred after December 31, 2013, may be deferred by the utility and recovered through a rate adjustment clause under this subdivision at such time as the Commission provides in an order approving such a rate adjustment clause. The remaining 70 percent of all costs of such a facility that the utility incurred between July 1, 2007, and December 31, 2013, shall not be deferred for recovery through a rate adjustment clause under this

subdivision; however, such remaining 70 percent of all costs shall be recovered ratably through existing base rates as determined by the Commission in the test periods under review in the utility's next review filed after July 1, 2014.

In connection with planning to meet forecasted demand for electric generation supply and assure the adequate and sufficient reliability of service, consistent with § 56-598, planning and development activities for a new utility-owned and utility-operated generating facility or facilities utilizing energy derived from sunlight or from onshore or offshore wind are in the public interest.

Notwithstanding any provision of Chapter 296 of the Acts of Assembly of 2018, construction, purchasing, or leasing activities for a new utility-owned and utility-operated generating facility or facilities utilizing energy derived from sunlight or from onshore wind with an aggregate capacity of 16,100 megawatts, including rooftop solar installations with a capacity of not less than 50 kilowatts, and with an aggregate capacity of 100 megawatts, together with a utility-owned and utility-operated generating facility or facilities utilizing energy derived from offshore wind with an aggregate capacity of not more than 3,000 megawatts, are in the public interest. Additionally, energy storage facilities with an aggregate capacity of 2,700 megawatts are in the public interest. To the extent that a utility elects to recover the costs of any such new generation or energy storage facility or facilities through its rates for generation and distribution services and does not petition and receive approval from the Commission for recovery of such costs through a rate adjustment clause described in clause (ii), the Commission shall, upon the request of the utility in a triennial review proceeding, provide for a customer credit reinvestment offset, as applicable, pursuant to subdivision 8 d with respect to all costs deemed reasonable and prudent by the Commission in a proceeding pursuant to subsection D of § 56-580 or in a triennial review proceeding.

Electric distribution grid transformation projects are in the public interest. To the extent that a utility elects to recover the costs of such electric distribution grid transformation projects through its rates for generation and distribution services, and does not petition and receive approval from the Commission for recovery of such costs through a rate adjustment clause described in clause (vi), the Commission shall, upon the request of the utility in a triennial review proceeding, provide for a customer credit reinvestment offset, as applicable, pursuant to subdivision 8 d with respect to all costs deemed reasonable and prudent by the Commission in a proceeding for approval of a plan for electric distribution grid transformation projects pursuant to subdivision 6 or in a triennial review proceeding.

Neither generation facilities described in clause (ii) that utilize simple-cycle combustion turbines nor new underground facilities shall receive an enhanced rate of return on common equity as described herein, but instead shall receive the utility's general rate of return during the construction phase of the facility and, thereafter, for the entire service life of the facility. No rate adjustment clause for new underground facilities shall allocate costs to, or provide for the recovery of costs from, customers that are served within the large power service rate class for a Phase I Utility and the large general service rate classes for a Phase II Utility. New underground facilities are hereby declared to be ordinary extensions or improvements in the usual course of business under the provisions of § 56-265.2.

As used in this subdivision, a generation facility is (1) "coalbed methane gas powered" if the facility is fired at least 50 percent by coalbed methane gas, as such term is defined in § 45.1-361.1, produced from wells located in the Commonwealth, and (2) "landfill gas powered" if the facility is fired by methane or other combustible gas produced by the anaerobic digestion or decomposition of biodegradable materials in a solid waste management facility licensed by the Waste Management Board. A landfill gas powered facility includes, in addition to the generation facility itself, the equipment used in collecting, drying, treating, and compressing the landfill gas and in transmitting the landfill gas from the solid waste management facility where it is collected to the generation facility where it is combusted.

For purposes of this subdivision, "general rate of return" means the fair combined rate of return on common equity as it is determined by the Commission for such utility pursuant to subdivision 2.

Notwithstanding any other provision of this subdivision, if the Commission finds during the triennial review conducted for a Phase II Utility in 2021 that such utility has not filed applications for all necessary federal and state regulatory approvals to construct one or more nuclear-powered or coal-fueled generation facilities that would add a total capacity of at least 1500 megawatts to the amount of the utility's generating resources as such resources existed on July 1, 2007, or that, if all such approvals have been received, that the utility has not made reasonable and good faith efforts to construct one or more such facilities that will provide such additional total capacity within a reasonable time after obtaining such approvals, then the Commission, if it finds it in the public interest, may reduce on a prospective basis any enhanced rate of return on common equity previously applied to any such facility to no less than the general rate of return for such utility and may apply no less than the utility's general rate of return to any such facility for which the utility seeks approval in the future under this subdivision.

Notwithstanding any other provision of this subdivision, if a Phase II utility obtains approval from the Commission of a rate adjustment clause pursuant to subdivision 6 associated with a test or demonstration project involving a generation facility utilizing energy from offshore wind, and such utility has not, as of July 1, 2023, commenced construction as defined for federal income tax purposes of an offshore wind generation facility or facilities with a minimum aggregate capacity of 250 megawatts, then the Commission, if it finds it in the public interest, may direct that the costs associated with any such rate adjustment clause involving said test or demonstration project shall thereafter no longer be recovered through a rate adjustment clause pursuant to subdivision 6 and shall instead be recovered through the utility's rates for generation and distribution services, with no change in such rates for generation and distribution services as a result of the combination of such costs with the other costs, revenues, and investments included in the utility's rates for generation and distribution

services. Any such costs shall remain combined with the utility's other costs, revenues, and investments included in its rates for generation and distribution services until such costs are fully recovered.

7. Any petition filed pursuant to subdivision 4, 5, or 6 shall be considered by the Commission on a stand-alone basis without regard to the other costs, revenues, investments, or earnings of the utility. Any costs incurred by a utility prior to the filing of such petition, or during the consideration thereof by the Commission, that are proposed for recovery in such petition and that are related to subdivision 5 a, or that are related to facilities and projects described in clause (i) of subdivision 6, or that are related to new underground facilities described in clause (iv) of subdivision 6, shall be deferred on the books and records of the utility until the Commission's final order in the matter, or until the implementation of any applicable approved rate adjustment clauses, whichever is later. Except as otherwise provided in subdivision 6, any costs prudently incurred on or after July 1, 2007, by a utility prior to the filing of such petition, or during the consideration thereof by the Commission, that are proposed for recovery in such petition and that are related to facilities and projects described in clause (ii) or clause (iii) of subdivision 6 that utilize nuclear power, or coal-fueled facilities and projects described in clause (ii) of subdivision 6 if such coal-fueled facilities will be built by a Phase I Utility, shall be deferred on the books and records of the utility until the Commission's final order in the matter, or until the implementation of any applicable approved rate adjustment clauses, whichever is later. Any costs prudently incurred after the expiration or termination of capped rates related to other matters described in subdivision 4, 5, or 6 shall be deferred beginning only upon the expiration or termination of capped rates, provided, however, that no provision of this act shall affect the rights of any parties with respect to the rulings of the Federal Energy Regulatory Commission in PJM Interconnection LLC and Virginia Electric and Power Company, 109 F.E.R.C. P 61,012 (2004). A utility shall establish a regulatory asset for regulatory accounting and ratemaking purposes under which it shall defer its operation and maintenance costs incurred in connection with (i) the refueling of any nuclear-powered generating plant and (ii) other work at such plant normally performed during a refueling outage. The utility shall amortize such deferred costs over the refueling cycle, but in no case more than 18 months, beginning with the month in which such plant resumes operation after such refueling. The refueling cycle shall be the applicable period of time between planned refueling outages for such plant. As of January 1, 2014, such amortized costs are a component of base rates, recoverable in base rates only ratably over the refueling cycle rather than when such outages occur, and are the only nuclear refueling costs recoverable in base rates. This provision shall apply to any nuclear-powered generating plant refueling outage commencing after December 31, 2013, and the Commission shall treat the deferred and amortized costs of such regulatory asset as part of the utility's costs for the purpose of proceedings conducted (a) with respect to triennial filings under subdivision 3 made on and after July 1, 2014, and (b) pursuant to § 56-245 or the Commission's rules governing utility rate increase applications as provided in subsection B. This provision shall not be deemed to change or reset base rates.

The Commission's final order regarding any petition filed pursuant to subdivision 4, 5, or 6 shall be entered not more than three months, eight months, and nine months, respectively, after the date of filing of such petition. If such petition is approved, the order shall direct that the applicable rate adjustment clause be applied to customers' bills not more than 60 days after the date of the order, or upon the expiration or termination of capped rates, whichever is later.

8. In any triennial review proceeding, for the purposes of reviewing earnings on the utility's rates for generation and distribution services, the following utility generation and distribution costs not proposed for recovery under any other subdivision of this subsection, as recorded per books by the utility for financial reporting purposes and accrued against income, shall be attributed to the test periods under review and deemed fully recovered in the period recorded: costs associated with asset impairments related to early retirement determinations made by the utility for utility generation facilities fueled by coal, natural gas, or oil or for automated meter reading electric distribution service meters; costs associated with projects necessary to comply with state or federal environmental laws, regulations, or judicial or administrative orders relating to coal combustion by-product management that the utility does not petition to recover through a rate adjustment clause pursuant to subdivision 5 e; costs associated with severe weather events; and costs associated with natural disasters. Such costs shall be deemed to have been recovered from customers through rates for generation and distribution services in effect during the test periods under review unless such costs, individually or in the aggregate, together with the utility's other costs, revenues, and investments to be recovered through rates for generation and distribution services, result in the utility's earned return on its generation and distribution services for the combined test periods under review to fall more than 50 basis points below the fair combined rate of return authorized under subdivision 2 for such periods or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, to fall more than 70 basis points below the fair combined rate of return authorized under subdivision 2 for such periods. In such cases, the Commission shall, in such triennial review proceeding, authorize deferred recovery of such costs and allow the utility to amortize and recover such deferred costs over future periods as determined by the Commission. The aggregate amount of such deferred costs shall not exceed an amount that would, together with the utility's other costs, revenues, and investments to be recovered through rates for generation and distribution services, cause the utility's earned return on its generation and distribution services to exceed the fair rate of return authorized under subdivision 2, less 50 basis points, for the combined test periods under review or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, to exceed the fair rate of return authorized under subdivision 2 less 70 basis points. Nothing in this section shall limit the Commission's authority, pursuant to the provisions of Chapter 10 (§ 56-232 et seq.), including specifically § 56-235.2, following the review of combined test period earnings of the utility in a triennial review, for normalization of nonrecurring

test period costs and annualized adjustments for future costs, in determining any appropriate increase or decrease in the utility's rates for generation and distribution services pursuant to subdivision 8 a or 8 c.

If the Commission determines as a result of such triennial review that:

a. Revenue reductions related to energy efficiency measures or programs approved and deployed since the utility's previous triennial review have caused the utility, as verified by the Commission, during the test period or periods under review, considered as a whole, to earn more than 50 basis points below a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points below a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, the Commission shall order increases to the utility's rates for generation and distribution services necessary to recover such revenue reductions. If the Commission finds, for reasons other than revenue reductions related to energy efficiency measures, that the utility has, during the test period or periods under review, considered as a whole, earned more than 50 basis points below a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points below a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, the Commission shall order increases to the utility's rates necessary to provide the opportunity to fully recover the costs of providing the utility's services and to earn not less than such fair combined rate of return, using the most recently ended 12-month test period as the basis for determining the amount of the rate increase necessary. However, in the first triennial review proceeding conducted after January 1, 2021, for a Phase II Utility, the Commission may not order a rate increase, and in all triennial reviews of a Phase I or Phase II utility, the Commission may not order such rate increase unless it finds that the resulting rates are necessary to provide the utility with the opportunity to fully recover its costs of providing its services and to earn not less than a fair combined rate of return on both its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, using the most recently ended 12-month test period as the basis for determining the permissibility of any rate increase under the standards of this sentence, and the amount thereof; and provided that, solely in connection with making its determination concerning the necessity for such a rate increase or the amount thereof, the Commission shall, in any triennial review proceeding conducted prior to July 1, 2028, exclude from this most recently ended 12-month test period any remaining investment levels associated with a prior customer credit reinvestment offset pursuant to subdivision d.

b. The utility has, during the test period or test periods under review, considered as a whole, earned more than 50 basis points above a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points above a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, the Commission shall, subject to the provisions of subdivisions 8 d and 9, direct that 60 percent of the amount of such earnings that were more than 50 basis points, or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, that 70 percent of the amount of such earnings that were more than 70 basis points, above such fair combined rate of return for the test period or periods under review, considered as a whole, shall be credited to customers' bills. Any such credits shall be amortized over a period of six to 12 months, as determined at the discretion of the Commission, following the effective date of the Commission's order, and shall be allocated among customer classes such that the relationship between the specific customer class rates of return to the overall target rate of return will have the same relationship as the last approved allocation of revenues used to design base rates; or

c. In any triennial review proceeding conducted after January 1, 2020, for a Phase I Utility or after January 1, 2021, for a Phase II Utility in which the utility has, during the test period or test periods under review, considered as a whole, earned more than 50 basis points above a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points above a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matter determined with respect to facilities described in subdivision 6, and the combined aggregate level of capital investment that the Commission has approved other than those capital investments that the Commission has approved for recovery pursuant to a rate adjustment clause pursuant to subdivision 6 made by the utility during the test periods under review in that triennial review proceeding in new utility-owned generation facilities utilizing energy derived from sunlight, or from wind, and in electric distribution grid transformation projects, as determined pursuant to subdivision 8 d, does not equal or exceed 100 percent of the earnings that are more than 70 basis points above the utility's fair combined rate of return on its generation and distribution services for the combined test periods under review in that triennial review proceeding, the Commission shall, subject to the provisions of subdivision 9 and in addition to the actions authorized in subdivision b, also order reductions to the utility's rates it finds appropriate. However, in the first triennial review proceeding conducted after January 1, 2021, for a Phase II Utility, any reduction to the utility's rates ordered by the Commission pursuant to this subdivision shall not exceed \$50 million in annual revenues, with any reduction allocated to the utility's rates for generation services, and in each triennial review of a Phase I or Phase II Utility, the Commission may not order such rate reduction unless it finds that the resulting rates will provide the

utility with the opportunity to fully recover its costs of providing its services and to earn not less than a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, using the most recently ended 12-month test period as the basis for determining the permissibility of any rate reduction under the standards of this sentence, and the amount thereof; and

d. (Expires July 1, 2028) In any triennial review proceeding conducted after December 31, 2017, upon the request of the utility, the Commission shall determine, prior to directing that 70 percent of earnings that are more than 70 basis points above the utility's fair combined rate of return on its generation and distribution services for the test period or periods under review be credited to customer bills pursuant to subdivision 8 b, the aggregate level of prior capital investment that the Commission has approved other than those capital investments that the Commission has approved for recovery pursuant to a rate adjustment clause pursuant to subdivision 6 made by the utility during the test period or periods under review in both (i) new utility-owned generation facilities utilizing energy derived from sunlight, or from onshore or offshore wind, and (ii) electric distribution grid transformation projects, as determined by the utility's plant in service and construction work in progress balances related to such investments as recorded per books by the utility for financial reporting purposes as of the end of the most recent test period under review. Any such combined capital investment amounts shall offset any customer bill credit amounts, on a dollar for dollar basis, up to the aggregate level of invested or committed capital under clauses (i) and (ii). The aggregate level of qualifying invested or committed capital under clauses (i) and (ii) is referred to in this subdivision as the customer credit reinvestment offset, which offsets the customer bill credit amount that the utility has invested or will invest in new solar or wind generation facilities or electric distribution grid transformation projects for the benefit of customers, in amounts up to 100 percent of earnings that are more than 70 basis points above the utility's fair rate of return on its generation and distribution services, and thereby reduce or eliminate otherwise incremental rate adjustment clause charges and increases to customer bills, which is deemed to be in the public interest. If 100 percent of the amount of earnings that are more than 70 basis points above the utility's fair combined rate of return on its generation and distribution services, as determined in subdivision 2, exceeds the aggregate level of invested capital in new utility-owned generation facilities utilizing energy derived from sunlight, or from wind, or electric distribution grid transformation projects, as provided in clauses (i) and (ii), during the test period or periods under review, then 70 percent of the amount of such excess shall be credited to customer bills as provided in subdivision 8 b in connection with the triennial review proceeding. The portion of any costs associated with new utility-owned generation facilities utilizing energy derived from sunlight, or from wind, or electric distribution grid transformation projects that is the subject of any customer credit reinvestment offset pursuant to this subdivision shall not thereafter be recovered through the utility's rates for generation and distribution services over the service life of such facilities and shall not thereafter be included in the utility's costs, revenues, and investments in future triennial review proceedings conducted pursuant to subdivision 2 and shall not be the subject of a rate adjustment clause petition pursuant to subdivision 6. The portion of any costs associated with new utility-owned generation facilities utilizing energy derived from sunlight, or from wind, or electric distribution grid transformation projects that is not the subject of any customer credit reinvestment offset pursuant to this subdivision may be recovered through the utility's rates for generation and distribution services over the service life of such facilities and shall be included in the utility's costs, revenues, and investments in future triennial review proceedings conducted pursuant to subdivision 2 until such costs are fully recovered, and if such costs are recovered through the utility's rates for generation and distribution services, they shall not be the subject of a rate adjustment clause petition pursuant to subdivision 6. Only the portion of such costs of new utility-owned generation facilities utilizing energy derived from sunlight, or from wind, or electric distribution grid transformation projects that has not been included in any customer credit reinvestment offset pursuant to this subdivision, and not otherwise recovered through the utility's rates for generation and distribution services, may be the subject of a rate adjustment clause petition by the utility pursuant to subdivision 6.

The Commission's final order regarding such triennial review shall be entered not more than eight months after the date of filing, and any revisions in rates or credits so ordered shall take effect not more than 60 days after the date of the order. The fair combined rate of return on common equity determined pursuant to subdivision 2 in such triennial review shall apply, for purposes of reviewing the utility's earnings on its rates for generation and distribution services, to the entire three successive 12-month test periods ending December 31 immediately preceding the year of the utility's subsequent triennial review filing under subdivision 3 and shall apply to applicable rate adjustment clauses under subdivisions 5 and 6 prospectively from the date the Commission's final order in the triennial review proceeding, utilizing rate adjustment clause true-up protocols as the Commission in its discretion may determine.

9. If, as a result of a triennial review required under this subsection and conducted with respect to any test period or periods under review ending later than December 31, 2010 (or, if the Commission has elected to stagger its biennial reviews of utilities as provided in subdivision 1, under review ending later than December 31, 2010, for a Phase I Utility, or December 31, 2011, for a Phase II Utility), the Commission finds, with respect to such test period or periods considered as a whole, that (i) any utility has, during the test period or periods under review, considered as a whole, earned more than 50 basis points above a fair combined rate of return on its generation and distribution services or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points above a fair combined rate of return on its generation and distribution services, as determined in subdivision 2, without regard to any return on common equity or other matters determined with respect to facilities described in subdivision 6, and (ii) the total aggregate regulated rates of such utility at the end of the most recently ended

12-month test period exceeded the annual increases in the United States Average Consumer Price Index for all items, all urban consumers (CPI-U), as published by the Bureau of Labor Statistics of the United States Department of Labor, compounded annually, when compared to the total aggregate regulated rates of such utility as determined pursuant to the review conducted for the base period, the Commission shall, unless it finds that such action is not in the public interest or that the provisions of subdivisions 8 b and c are more consistent with the public interest, direct that any or all earnings for such test period or periods under review, considered as a whole that were more than 50 basis points, or, for any test period commencing after December 31, 2012, for a Phase II Utility and after December 31, 2013, for a Phase I Utility, more than 70 basis points, above such fair combined rate of return shall be credited to customers' bills, in lieu of the provisions of subdivisions 8 b and c, provided that no credits shall be provided pursuant to this subdivision in connection with any triennial review unless such bill credits would be payable pursuant to the provisions of subdivision 8 d, and any credits under this subdivision shall be calculated net of any customer credit reinvestment offset amounts under subdivision 8 d. Any such credits shall be amortized and allocated among customer classes in the manner provided by subdivision 8 b. For purposes of this subdivision:

"Base period" means (i) the test period ending December 31, 2010 (or, if the Commission has elected to stagger its biennial reviews of utilities as provided in subdivision 1, the test period ending December 31, 2010, for a Phase I Utility, or December 31, 2011, for a Phase II Utility), or (ii) the most recent test period with respect to which credits have been applied to customers' bills under the provisions of this subdivision, whichever is later.

"Total aggregate regulated rates" shall include: (i) fuel tariffs approved pursuant to § 56-249.6, except for any increases in fuel tariffs deferred by the Commission for recovery in periods after December 31, 2010, pursuant to the provisions of clause (ii) of subsection C of § 56-249.6; (ii) rate adjustment clauses implemented pursuant to subdivision 4 or 5; (iii) revisions to the utility's rates pursuant to subdivision 8 a; (iv) revisions to the utility's rates pursuant to the Commission's rules governing utility rate increase applications, as permitted by subsection B, occurring after July 1, 2009; and (v) base rates in effect as of July 1, 2009.

10. For purposes of this section, the Commission shall regulate the rates, terms and conditions of any utility subject to this section on a stand-alone basis utilizing the actual end-of-test period capital structure and cost of capital of such utility, excluding any debt associated with securitized bonds that are the obligation of non-Virginia jurisdictional customers, unless the Commission finds that the debt to equity ratio of such capital structure is unreasonable for such utility, in which case the Commission may utilize a debt to equity ratio that it finds to be reasonable for such utility in determining any rate adjustment pursuant to subdivisions 8 a and c, and without regard to the cost of capital, capital structure, revenues, expenses or investments of any other entity with which such utility may be affiliated. In particular, and without limitation, the Commission shall determine the federal and state income tax costs for any such utility that is part of a publicly traded, consolidated group as follows: (i) such utility's apportioned state income tax costs shall be calculated according to the applicable statutory rate, as if the utility had not filed a consolidated return with its affiliates, and (ii) such utility's federal income tax costs shall be calculated according to the applicable federal income tax rate and shall exclude any consolidated tax liability or benefit adjustments originating from any taxable income or loss of its affiliates.

B. Nothing in this section shall preclude an investor-owned incumbent electric utility from applying for an increase in rates pursuant to § 56-245 or the Commission's rules governing utility rate increase applications; however, in any such filing, a fair rate of return on common equity shall be determined pursuant to subdivision A 2. Nothing in this section shall preclude such utility's recovery of fuel and purchased power costs as provided in § 56-249.6.

C. Except as otherwise provided in this section, the Commission shall exercise authority over the rates, terms and conditions of investor-owned incumbent electric utilities for the provision of generation, transmission and distribution services to retail customers in the Commonwealth pursuant to the provisions of Chapter 10 (§ 56-232 et seq.), including specifically § 56-235.2.

D. The Commission may determine, during any proceeding authorized or required by this section, the reasonableness or prudence of any cost incurred or projected to be incurred, by a utility in connection with the subject of the proceeding. A determination of the Commission regarding the reasonableness or prudence of any such cost shall be consistent with the Commission's authority to determine the reasonableness or prudence of costs in proceedings pursuant to the provisions of Chapter 10 (§ 56-232 et seq.). In determining the reasonableness or prudence of a utility providing energy and capacity to its customers from renewable energy resources, the Commission shall consider the extent to which such renewable energy resources, whether utility-owned or by contract, further the objectives of the Commonwealth *Clean Energy Policy* set forth in §§ ~~67-101~~ and ~~67-102~~ § 67-101.1, and shall also consider whether the costs of such resources is likely to result in unreasonable increases in rates paid by customers.

E. Notwithstanding any other provision of law, the Commission shall determine the amortization period for recovery of any appropriate costs due to the early retirement of any electric generation facilities owned or operated by any Phase I Utility or Phase II Utility. In making such determination, the Commission shall (i) perform an independent analysis of the remaining undepreciated capital costs; (ii) establish a recovery period that best serves ratepayers; and (iii) allow for the recovery of any carrying costs that the Commission deems appropriate.

F. The Commission shall promulgate such rules and regulations as may be necessary to implement the provisions of this section.

§ 56-598. Contents of integrated resource plans.

An IRP should:

1. Integrate, over the planning period, the electric utility's forecast of demand for electric generation supply with recommended plans to meet that forecasted demand and assure adequate and sufficient reliability of service, including:
 - a. Generating electricity from generation facilities that it currently operates or intends to construct or purchase;
 - b. Purchasing electricity from affiliates and third parties;
 - c. Reducing load growth and peak demand growth through cost-effective demand reduction programs; and
 - d. Utilizing energy storage facilities to help meet forecasted demand and assure adequate and sufficient reliability of service;
2. Identify a portfolio of electric generation supply resources, including purchased and self-generated electric power, that:
 - a. Consistent with § 56-585.1, is most likely to provide the electric generation supply needed to meet the forecasted demand, net of any reductions from demand side programs, so that the utility will continue to provide reliable service at reasonable prices over the long term; and
 - b. Will consider low cost energy/capacity available from short-term or spot market transactions, consistent with a reasonable assessment of risk with respect to both price and generation supply availability over the term of the plan;
3. Reflect a diversity of electric generation supply and cost-effective demand reduction contracts and services so as to reduce the risks associated with an over-reliance on any particular fuel or type of generation demand and supply resources and be consistent with the Commonwealth's energy policies as set forth in § 67-102 67-101.1; and
4. Include such additional information as the Commission requests pertaining to how the electric utility intends to meet its obligation to provide electric generation service for use by its retail customers over the planning period.

§ 56-601. Natural gas conservation and ratemaking efficiency.

A. Consistent with the objectives pertaining to *the* energy issues set forth in § 67-101 and the policy elements stated in § 67-102 67-101.1, it is in the public interest to authorize and encourage the adoption of natural gas conservation and ratemaking efficiency plans that promote the wise use of natural gas and natural gas infrastructure through the development of alternative rate designs and other mechanisms that more closely align the interests of natural gas utilities, their customers, and the Commonwealth generally, and improve the efficiency of ratemaking to more closely reflect the dynamic nature of the natural gas market, the economy, and public policy regarding conservation and energy efficiency. Such alternative rate designs and other mechanisms should, where feasible:

1. Provide utilities with better tools to work with customers to decrease the average customer's annual average weather-normalized consumption of natural gas;
2. Provide reasonable assurance of a utility's ability to recover costs of serving the public, including its cost-effective investments in conservation and energy efficiency as well as infrastructure needed to provide or maintain reliable service to the public;
3. Reward utilities for meeting or exceeding conservation and energy efficiency goals that may be established pursuant to the Virginia Energy Plan (§ 67-100 et seq.);
4. Provide customers with long-term, meaningful opportunities to more efficiently consume natural gas and mitigate their expenditures for the natural gas commodity, while ensuring that the rate design methodology used to set a utility's revenue recovery is not inconsistent with such conservation and energy efficiency goals;
5. Recognize the economic and environmental benefits of efficient use of natural gas; and
6. Preserve or enhance the utility bill savings that customers receive when they reduce their natural gas use.

B. Natural gas utilities are authorized pursuant to this chapter to file natural gas conservation and ratemaking efficiency plans that implement alternative natural gas utility rate designs and other mechanisms, in addition to or in conjunction with the cost of service methodology set forth in § 56-235.2 and performance-based regulation plans authorized by § 56-235.6, that:

1. Replace existing utility rate designs or other mechanisms that promote inefficient use of natural gas with rate designs or other mechanisms that ensure a utility's recovery of its authorized revenues is independent of the amount of customers' natural gas consumption;
2. Provide incentives for natural gas utilities to promote conservation and energy efficiency by granting recovery of the costs associated with cost-effective conservation and energy efficiency programs; and
3. Reward utilities that meet or exceed conservation and energy efficiency goals on a weather-normalized, annualized average customer basis through the implementation of cost-effective conservation and energy efficiency programs.

C. This chapter shall be construed liberally to accomplish these purposes.

The term also means any undertaking by a local government to build or facilitate the building of a recovered gas energy facility; and any local government renewable energy project, including solar, wind, biomass, waste-to-energy, and geothermal projects. The term also means any undertaking by a local government to facilitate the remediation of residential properties contaminated by the presence of defective drywall.

"Recovered gas energy facility" means a facility, located at or adjacent to (i) a solid waste management facility permitted by the Department of Environmental Quality or (ii) a sewerage system or sewage treatment work described in § 62.1-44.18 that is constructed and operated for the purpose of treating sewage and wastewater for discharge to state waters, which facility or work is constructed and operated for the purpose of (a) reclaiming or collecting methane or other combustible gas from the biodegradation or decomposition of solid waste, as defined in § 10.1-1400, that has been deposited in the solid waste management facility or sewerage system or sewage treatment work and (b) either using such gas to generate electric energy or upgrading the gas to pipeline quality and transmitting it off premises for sale or delivery to commercial or industrial purchasers or to a public utility or locality.

§ 67-101.1. Commonwealth Clean Energy Policy.

A. The Commonwealth recognizes that effectively addressing climate change and enhancing resilience will advance the health, welfare, and safety of the residents of the Commonwealth. The Commonwealth further recognizes that addressing climate change requires reducing greenhouse gas emissions across the Commonwealth's economy sufficient to reach net-zero emission by 2045 in all sectors, including the electric power, transportation, industrial, agricultural, building, and infrastructure sectors. To achieve these objectives, it shall be the policy of the Commonwealth to:

- 1. Develop energy resources necessary to produce 30 percent of Virginia's electricity from renewable energy sources by 2030 and 100 percent of Virginia's electricity from carbon-free sources by 2040;*
- 2. Enable widespread integration of distributed energy resources, including energy storage and rooftop solar, into the grid to achieve decarbonization and to enhance resilience;*
- 3. Support the distributed generation of renewable electricity by:*
 - a. Encouraging private sector investments in distributed renewable energy;*
 - b. Increasing the security of the electricity grid by supporting distributed renewable energy projects and energy storage with the potential to supply electric energy to critical facilities during a widespread power outage; and*
 - c. Enhancing the ability of private property owners to generate their own renewable energy for their own personal use from renewable energy sources on their property;*
- 4. Lead by example in state government by supporting the carbon-free energy resources required to fully decarbonize the electric power supply of the Commonwealth, including deploying 30 percent renewables by 2030, realizing 100 percent carbon-free electric power by 2040, and achieving net zero emissions by 2045;*
- 5. Maximize energy efficiency programs as defined in § 56-576, to the extent determined to be in the public interest, that are the lowest-cost energy option to reduce greenhouse gas emissions, in order to produce electricity cost savings and to create jobs and economic opportunity from the energy efficiency sector;*
- 6. Support net-zero emission targets by promoting zero-emission vehicles and infrastructure, decreasing the carbon intensity of the transportation sector, encouraging alternative transportation options, and increasing the efficiency of motor vehicles operating on Virginia's roads;*
- 7. Support electric distribution grid transformation projects as defined in § 56-576;*
- 8. Promote building and construction practices that reduce emissions associated with built environment, including energy efficiency targets, new building standards, and transit-oriented and other sustainable development practices; and*
- 9. Ensure that energy development projects avoid, minimize, and, if necessary, mitigate damage to the Commonwealth's natural and cultural resources.*

B. The Commonwealth recognizes the need to promote environmental justice and ensure that it is carried out throughout the Commonwealth, as provided in § 2.2-235, and the need to address and prevent energy inequities in historically economically disadvantaged communities, as defined in § 56-576. To achieve these objectives, it shall be the policy of the Commonwealth to:

- 1. Recognize the disproportionate and inequitable impacts of climate change on historically economically disadvantaged communities and prioritize solutions and investment in these communities to maximize the benefits of clean energy and minimize the burdens of climate change;*
- 2. Ensure the fair treatment and meaningful involvement, as those terms are defined in § 2.2-234, of all people regardless of race, color, national origin, faith, disability, or income with respect to the administration of energy laws, regulations, and policies; and*

3. Increase access to clean energy and the benefits from clean energy to historically economically disadvantaged communities.

C. As Virginia transforms its energy economy, the Commonwealth must continue to prioritize economic competitiveness and workforce development in an equitable manner. To achieve this objective, it shall be the policy of the Commonwealth to:

1. Equitably incorporate requirements for technical, policy, and economic analyses and assessments that recognize the unique attributes of different energy resources and delivery systems to identify pathways to net-zero carbon that maximize Virginia's energy reliability and resilience, economic development, and jobs;

2. Require that pathways to net-zero greenhouse gas emissions be determined on the basis of technical, policy, and economic analysis to maximize their effectiveness, optimize Virginia's economic development, support industrial employment, and create quality jobs while minimizing adverse impacts on public health, affected communities, and the environment;

3. Ensure an adequate energy supply and a Virginia-based energy production capacity, while also optimizing intrastate and interstate use of energy supply and delivery to maximize energy availability, reliability, and price opportunities to the benefit of all user classes and the Commonwealth's economy;
