B. When, prior to the commencement of trial, the circuit court has entered in any pending civil action an order granting or denying a plea of sovereign, absolute, or qualified immunity that, if granted, would immunize the movant from compulsory participation in the proceeding, the order is eligible for immediate appellate review. Any person aggrieved by such order may, within 15 days of the entry of such order, file a petition for review with the Court of Appeals in accordance with the procedures set forth in § 8.01-626. If the assigned judge or judges grant the petition for review, the clerk shall refer the appeal to a panel of the court, as the court shall direct, and the parties shall prosecute the appeal in the manner provided for in the Rules of Supreme Court of Virginia.

C. No petitions or appeals under this section shall stay proceedings in the circuit court unless the circuit court or appellate court orders such a stay upon a finding that (i) the petition or appeal could be dispositive of the entire civil action or (ii) there exists good cause, other than the pending petition or appeal, to stay the proceedings.

D. The failure of a party to seek interlocutory review under this section shall not preclude review of the issue on appeal from a final order. An order by the Court of Appeals denying interlocutory review under this section shall not preclude review of the issue on appeal from a final order, unless the order denying such interlocutory review provides for such preclusion.

§ 8.01-675.6. Jurisdictional amount.

No petition shall be presented for an appeal from any judgment of a circuit court except in cases in which the controversy is for a matter of \$500 or more in value or amount, and except in cases in which it is otherwise expressly provided; nor to a judgment of any circuit court when the controversy is for a matter less in value or amount than \$500, exclusive of costs, unless there be drawn in question a freehold or franchise or the title or bounds of land, or some other matter not merely pecuniary.

§ 8.01-676.1. Security for appeal.

A. Security for costs of appeal of right to Court of Appeals *in civil cases*. A party filing a notice of an appeal of right to the Court of Appeals *in a civil case* shall simultaneously file an appeal bond or irrevocable letter of credit in the penalty of \$500, or such sum as the trial court may require, subject to subsection E, conditioned upon paying all costs and fees incurred in the Court of Appeals and the Supreme Court if it takes cognizance of the claim. If the appellant wishes suspension of execution *in a civil appeal*, the security shall also be conditioned and shall be in such sum as the trial court may require as provided in subsection C.

B. Security for costs on petition for appeal to Court of Appeals or Supreme Court. An appellant whose petition for appeal is granted by the Court of Appeals or the Supreme Court shall (if he has not done so) within 15 days from the date of the Certificate of Appeal file an appeal bond or irrevocable letter of credit in the same penalty as provided in subsection A, conditioned on the payment of all damages, costs, and fees incurred in the Court of Appeals and in the Supreme Court.

C. Security for suspension of execution. An appellant who wishes execution of the judgment or award from which an appeal is sought to be suspended during the appeal shall, subject to the provisions of subsection J, file a suspending bond or irrevocable letter of credit conditioned upon the performance or satisfaction of the judgment and payment of all damages incurred in consequence of such suspension, and except as provided in subsection D, execution shall be suspended upon the filing of such security and the timely prosecution of such appeal. Such security shall be continuing and additional security shall not be necessary except as to any additional amount ~~which~~ that may be added or to any additional requirement ~~which~~ that may be imposed by the courts.

D. Suspension of execution in decrees for support and custody; injunctions. The court from which an appeal is sought may refuse to suspend the execution of decrees for support and custody, and may also refuse suspension when a judgment refuses, grants, modifies, or dissolves an injunction.

E. Increase or decrease in penalty or other modification of security. 1. The trial court or commission may, upon the motion of any party (i) for good cause shown, modify the terms of the security for the appeal or of the security for the suspension of execution of a judgment and (ii) resolve any objection to the form or issuer of a bond or letter of credit at any

time until the Court of Appeals or the Supreme Court acts upon any similar motion. Any party aggrieved by the decision of the trial court or commission may request a review of such decision by the appellate court before which the case is pending.

2. The Court of Appeals or the Supreme Court may order that the penalty or any other terms or requirements of the security for the appeal or of the security for the suspension of execution of a judgment be modified for good cause shown (i) upon the motion of any party or (ii) if such request is made in the brief of any party filed in the Court of Appeals, or in the Petition for Appeal or the appellee's Brief in Opposition filed in the Supreme Court or the Court of Appeals.

3. Affidavits and counter-affidavits may be filed by the parties containing facts pertinent to such request. Any increase or decrease in the amount of or other modification of the security so ordered shall be effected in the clerk's office of the trial court within 15 days of the order of the trial court, the Court of Appeals, or the Supreme Court.

4. If an increase so ordered is not effected within 15 days, the appeal shall be dismissed, in the case of the security required under subsection A or B, or the suspension of execution of a judgment shall be discontinued, in the case of the security required under subsection C.

F. By whom executed. Each bond filed shall be executed by a party or another on his behalf, and by surety approved by the clerk of the court from which appeal is sought, or by the clerk of the Supreme Court or the clerk of the Court of Appeals if the bond is ordered by such Court. Any letter of credit posted as security for an appeal shall be in a form acceptable to the clerk of the court from which appeal is sought, or by the clerk of the Supreme Court or the Court of Appeals if the security is ordered by such court. The letter of credit shall be from a bank incorporated or authorized to conduct banking business under the laws of this Commonwealth or authorized to do business in this Commonwealth under the banking laws of the United States, or a federally insured savings institution located in this Commonwealth.

G. Appeal from State Corporation Commission; security for costs. When an appeal of right is entered from the State Corporation Commission to the Supreme Court, and no suspension of the order, judgment, or decree appealed from is requested, such appeal bond or letter of credit shall be filed when and in the amount required by the clerk of the Supreme Court, whose action shall be subject to review by the Supreme Court.

H. Appeal from State Corporation Commission; suspension. Any judgment, order, or decree of the State Corporation Commission subject to appeal to the Supreme Court may be suspended by the Commission or by the Supreme Court pending decision of the appeal if the Commission or the Supreme Court deems such suspension necessary for the proper administration of justice but only upon the written application of an appellant after reasonable notice to all other parties in interest and the filing of a suspending bond or irrevocable letter of credit with such conditions, in such penalty, and with such surety thereon as the Commission or the Supreme Court may deem sufficient. But no surety shall be required if the appellant is any county, city or town of this Commonwealth, or the Commonwealth.

I. Forms of bonds; letters of credit; where filed. The Clerk of the Supreme Court shall prescribe separate forms for bonds, one for costs alone, one for suspension of execution, and one for both and a form for irrevocable letters of credit, to which the bond or bonds or irrevocable letters of credit given shall substantially conform. The forms for each bond and the letter of credit shall be published in the Rules of Court. It shall be sufficient if the bond or letter of credit, when executed as required, is filed with the trial court, clerk of the Virginia Workers' Compensation Commission, or the clerk of the State Corporation Commission, whichever is applicable, and no personal appearance in the trial court, Virginia Workers' Compensation Commission, or State Corporation Commission by the principal, the surety on the bond or the bank issuing the letter of credit shall be required as a condition precedent to its filing.

J. In any civil litigation under any legal theory, the amount of the suspending bond or irrevocable letter of credit to be furnished during the pendency of all appeals or discretionary reviews of any judgment granting legal, equitable, or any other form of relief in order to stay the execution thereon during the entire course of appellate review by any courts shall be set in accordance with applicable laws or court rules, and the amount of the suspending bond or irrevocable letter of credit shall include an amount equivalent to one year's interest calculated from the date of the notice of appeal in accordance with § 8.01-682. However, the total suspending bond or irrevocable letter of credit that is required of an appellant and all of its affiliates shall not exceed \$25 million, regardless of the value of the judgment.

K. Dissipation of assets. If the appellee proves by a preponderance of the evidence that a party bringing an appeal, for whom the suspending bond or irrevocable letter of credit requirement has been limited or waived, is purposefully dissipating its assets or diverting assets outside the jurisdiction of the United States courts for the purpose of evading the judgment, the limitation or waiver shall be rescinded and a court may require the appellant to post a suspending bond or irrevocable letter of credit in an amount up to the full amount of the judgment. Dissipation of assets shall not include those ongoing expenditures made from assets of the kind that the appellant made in the regular course of business prior to the judgment being appealed, such as the payment of stock dividends and other financial incentives to the shareholders of publicly owned companies, continued participation in charitable and civic activities, and other expenditures consistent with the exercise of good business judgment.

L. For good cause shown, a court may otherwise waive the filing of a suspending bond or irrevocable letter of credit as to the damages in excess of, or other than, the compensatory damages. Subject to the provisions of subsection K, the parties may agree to waive the requirement of a suspending bond or irrevocable letter of credit or agree to a suspending bond or irrevocable letter of credit in an amount less than the compensatory damages.

M. Exemption. When an appeal is proper to protect the estate of a decedent or person under disability, or to protect the interest of the Commonwealth or any county, city, or town of this Commonwealth, no security for appeal shall be required.

N. Indigents. No person who is an indigent shall be required to post security for an appeal bond.

O. Virginia Workers' Compensation Commission. No claimant who files an appeal from a final decision of the Virginia Workers' Compensation Commission with the Court of Appeals shall be required to post security for costs as provided in subsection A ~~or B~~ if such claimant has not returned to his employment or by reason of his disability is unemployed. Such claimant shall file an affidavit describing his disability and employment status with the Court of Appeals together with a motion to waive the filing of the security under subsection A ~~or B~~.

P. Time for filing security for appeal. The appeal bond or letter of credit prescribed in subsections A and B is not jurisdictional and the time for filing such security in cases before the Court of Appeals or the Supreme Court may be extended by a judge or justice of the court before which the case is pending on motion for good cause shown and to attain the ends of justice. The effect of failing to perfect an appeal bond shall be governed by the Rules of Supreme Court of Virginia.

Q. Consideration of appeal bond, suspending bond, or letter of credit by Court of Appeals or Supreme Court. A determination on an issue affecting an appeal bond, suspending bond, or letter of credit in a case before the Court of Appeals or the Supreme Court may be considered by an individual judge of such court rather than by a panel of judges.

R. This section applies to injunction bonds required pursuant to § 8.01-631.

S. In accordance with § 1-205, if the party required to post an appeal or suspending bond tenders such bond together with cash in the full amount required by this section to the clerk specified in this section, no surety shall be required.

§ 9.1-909. Relief from registration, reregistration, or verification.

A. Upon expiration of three years from the date upon which the duty to register as a Tier III offender or murderer is imposed, the person required to register may petition the court in which he was convicted or, if the conviction occurred outside of the Commonwealth, the circuit court in the jurisdiction where he currently resides, for relief from the requirement to verify his registration information four times each year at three-month intervals. After five years from the date of his last conviction for a violation of § 18.2-472.1, a Tier III offender or murderer may petition for relief from the requirement to verify his registration information every month. A person who is required to register may similarly petition the circuit court for relief from the requirement to verify his registration twice each year after five years from the date of his last conviction for a violation of § 18.2-472.1. The court shall hold a hearing on the petition, on notice to the attorney for the Commonwealth, to determine whether the person suffers from a mental abnormality or a personality disorder that makes the person a menace to the health and safety of others or significantly impairs his ability to control his sexual behavior. Prior to the hearing the court shall order a comprehensive assessment of the applicant by a panel of three certified sex offender treatment providers as defined in § 54.1-3600. A report of the assessment shall be filed with the court prior to the hearing. The costs of the assessment shall be taxed as costs of the proceeding.

If, after consideration of the report and such other evidence as may be presented at the hearing, the court finds by clear and convincing evidence that the person does not suffer from a mental abnormality or a personality disorder that makes the person a menace to the health and safety of others or significantly impairs his ability to control his sexual behavior, the petition shall be granted and the duty to verify his registration information more frequently than once a year shall be terminated. The court shall promptly notify the State Police upon entry of an order granting the petition. The person shall, however, be under a continuing duty to register annually for life. If the petition is denied, the duty to verify his registration information with the same frequency as before shall continue. ~~An appeal from the~~ A denial of a petition shall ~~lie to the Supreme Court~~ be appealable pursuant to § 17.1-405.

A petition for relief pursuant to this subsection may not be filed within three years from the date on which any previous petition for such relief was denied.

B. The duly appointed guardian of a person convicted of an offense requiring registration, reregistration, or verification of his registration information as either a Tier I, Tier II, or Tier III offender or murderer, who due to a physical condition is incapable of (i) reoffending and (ii) reregistering or verifying his registration information, may petition the court in which the person was convicted for relief from the requirement to reregister or verify his registration information. The court shall hold a hearing on the petition, on notice to the attorney for the Commonwealth, to determine whether the person suffers from a physical condition that makes the person (i) no longer a menace to the health and safety of others and (ii) incapable of reregistering or verifying his registration information. Prior to the hearing the court shall order a comprehensive assessment of the applicant by at least two licensed physicians other than the person's primary care physician. A report of the assessment shall be filed with the court prior to the hearing. The costs of the assessment shall be taxed as costs of the proceeding.

If, after consideration of the report and such other evidence as may be presented at the hearing, the court finds by clear and convincing evidence that due to his physical condition the person (i) no longer poses a menace to the health and safety of others and (ii) is incapable of reregistering or verifying his registration information, the petition shall be granted and the duty to reregister or verify his registration information shall be terminated. However, for a person whose duty to reregister or verify his registration information was terminated under this subsection, the Department of State Police shall, annually for Tier I or Tier II offenders and quarterly for persons convicted of Tier III offenses and murder, verify and report to the attorney for the Commonwealth in the jurisdiction in which the person resides that the person continues to suffer from the physical condition that resulted in such termination.

The court shall promptly notify the State Police upon entry of an order granting the petition to terminate the duty to reregister.

If the petition is denied, the duty to reregister shall continue. An appeal from the denial of a petition shall be to the ~~Virginia Supreme Court of Appeals~~.

A petition for relief pursuant to this subsection may not be filed within three years from the date on which any previous petition for such relief was denied.

If, at any time, the person's physical condition changes so that he is capable of reoffending, reregistering, or verifying his registration information, the attorney for the Commonwealth shall file a petition with the circuit court in the jurisdiction where the person resides and the court shall hold a hearing on the petition, with notice to the person and his guardian, to determine whether the person still suffers from a physical condition that makes the person (i) no longer a menace to the health and safety of others and (ii) incapable of reregistering or verifying his registration information. If the petition is granted, the duty to reregister shall commence from the date of the court's order. An appeal from the denial or granting of a petition shall be to the ~~Virginia Supreme Court of Appeals~~. Prior to the hearing the court shall order a comprehensive assessment of the applicant by at least two licensed physicians other than the person's primary care physician. A report of the assessment shall be filed with the court prior to the hearing. The costs of the assessment shall be taxed as costs of the proceeding.

§ 15.2-1627. Duties of attorneys for the Commonwealth and their assistants.

A. No attorney for the Commonwealth, or assistant attorney for the Commonwealth, shall be required to carry out any duties as a part of his office in civil matters of advising the governing body and all boards, departments, agencies, officials and employees of his county or city; of drafting or preparing county or city ordinances; of defending or bringing actions in which the county or city, or any of its boards, departments or agencies, or officials and employees thereof, shall be a party; or in any other manner of advising or representing the county or city, its boards, departments, agencies, officials and employees, except in matters involving the enforcement of the criminal law within the county or city.

B. The attorney for the Commonwealth and assistant attorney for the Commonwealth shall be a part of the department of law enforcement of the county or city in which he is elected or appointed, and shall have the duties and powers imposed upon him by general law, including the duty of prosecuting all warrants, indictments or informations charging a felony, and he may in his discretion, prosecute Class 1, 2 and 3 misdemeanors, or any other violation, the conviction of which carries a penalty of confinement in jail, or a fine of \$500 or more, or both such confinement and fine. He shall enforce all forfeitures, and carry out all duties imposed upon him by § 2.2-3126. He may enforce the provisions of § 18.2-250.1, 18.2-268.3, 29.1-738.2, or 46.2-341.26:3. *He may, in his discretion, file a notice of appeal with the circuit court for the appeal of a criminal case for which he was the prosecuting attorney and he may appear and represent the Commonwealth in any criminal case on appeal before the Court of Appeals or the Supreme Court for which he was the prosecuting attorney, provided that the Attorney General consented to such appearance pursuant to § 2.2-511.*

He shall also represent the Commonwealth in an appeal of a civil matter related to the enforcement of a criminal law or a criminal case for which he was the prosecuting attorney, including a petition for expungement of a defendant's criminal record, an action of forfeiture filed in accordance with the provisions of Chapter 22.1 (§ 19.2-386.1 et seq.) of Title 19.2, or any matter which he may enforce pursuant to this section.

§ 15.2-1643. Circuit courts to order court facilities to be repaired.

A. When it appears to the circuit court for any county or city, from the report of persons appointed to examine the court facilities, or otherwise, that the court facilities of such county or city are insecure, out of repair, or otherwise pose a danger to the health, welfare and safety of court employees or the public, the court shall enter an order, in the name and on behalf of the Commonwealth against the supervisors of the county, or the members of the council of the city, as the case may be, to show cause why a mandamus should not issue, commanding them to cause the court facilities of such county or city to be made secure, or put in good repair, or rendered otherwise safe as the case may be, and to proceed as in other cases of mandamus, to cause the necessary work to be done. The court shall cause a copy of such order to be served upon each supervisor or member of the council, as the case may be.

B. Upon the entry of such order, as provided in subsection A hereof, the chief judge of the circuit shall forthwith notify the Chief Justice of the Supreme Court of the entry thereof. Upon receipt of the notice, the Chief Justice shall assign a judge of a circuit remote from the circuit wherein the repairs are alleged to be necessary to hear and determine whether, after consideration of such matters as set forth in subdivisions 1 through 4, the court facilities are in fact insecure or out of repair or otherwise pose a danger to the health, welfare and safety of court employees or the public and the extent to which repairs, if any, are necessary.

Before a mandamus is issued, if the concerned governing body elects, or if the pleadings allege that the court facilities are in fact insecure or out of repair, or otherwise pose a danger to the health, welfare and safety of court employees or the public, the local governing body shall appoint a five-member panel, three of whom shall be qualified by training and experience as either an architect or a professional engineer, not representing the same firms, to review the court facilities in question and make recommendations to the local governing body and circuit court judge assigned by the Chief Justice concerning the construction or repairs deemed necessary.

In making their recommendations, the panel shall consider matters such as, but not limited to, the following:

1. Security provisions to safeguard court personnel, participants and the public;
2. Efficient layout and circulation patterns to maximize public access, promote efficient operations, and accommodate the diverse users;

3. Provision of administrative and service areas, judges' chambers, hearing rooms, conference rooms, prison holding areas, and public information areas; and

4. Comfort, safety and obsolescence of the existing facility or any part thereof.

The existing facilities shall be considered in relationship to their location and the extent of their use, and their failure to meet any of these general considerations shall not necessarily be deemed a cause for determining them inadequate.

In making their recommendations, the panel may consult recognized national standard works in the field.

All costs, fees and expenses of the five-member panel, after approval by the local governing body, shall be paid by the county or city that appointed the panel.

C. If, after hearing, the court finds that the court facilities are not insecure or out of repair or otherwise unsafe, or having been in such condition, that the necessary repairs have been made, the court shall vacate the order. If the court finds that the court facilities are insecure or out of repair or otherwise unsafe, it shall issue its mandamus as provided in subsection A.

D. Appeals shall be allowed to the Supreme Court of Virginia Appeals as appeals from courts of equity are allowed.

E. Nothing in this section shall be construed to authorize a circuit court to require that an additional or replacement courthouse be constructed.

§ 15.2-2139. Special court; costs.

The costs in the proceedings before the special court shall be paid by the party instituting the proceedings and shall be the same as in other civil cases; the costs shall also include the per diem and expenses of the court reporter, if any, and, in the discretion of the court, a reasonable allowance to the court for secretarial services in connection with the preparation of the written opinion. In the event of an appeal, the Supreme Court of Virginia Appeals shall determine by whom the appellate costs shall be paid. *If an appeal is taken from the judgment of the Court of Appeals, the Supreme Court, in matters in which it grants the petition for appeal, shall determine by whom the appellate costs shall be paid.*

§ 15.2-2140. Dispute between jurisdictions; appeals.

A. An appeal may be granted by the Supreme Court of Virginia, or any judge thereof, to filed in the Court of Appeals by any party from the judgment of the special court, and the appeal shall be heard and determined without reference to the principles of demurrer to evidence. The special court shall certify the facts in the case to the Supreme Court of Appeals, and the evidence shall be considered as on appeal in proceedings under Chapter 2 (§ 25.1-200 et seq.) of Title 25.1. In any case, by consent of all parties of record, a motion to dismiss may be made at any time before final judgment on appeal.

B. If the judgment of the special court is reversed on appeal, or if the judgment is modified, the Supreme Court of Appeals shall enter such order as the special court should have entered, and the order shall be final.

C. *If an appeal is taken from the judgment of the Court of Appeals, the Supreme Court, in matters in which it grants the petition for appeal, shall consider the appeal consistent with the procedures set forth in subsection A and shall enter such order as the special court should have entered.*

§ 15.2-2656. Appeals.

An appeal from the final judgment of the circuit court in a bond validation proceeding may be taken to the Supreme Court of Virginia Appeals. No appeal shall be allowed unless a notice of appeal is filed in the circuit court within 15 days after the date on which the final judgment of the court is entered and unless the appealing party's petition for appeal opening brief is filed with the Supreme Court of Virginia Appeals within 30 days after the date on which the final judgment of the court is entered. When a notice of appeal is timely and properly filed with the clerk of the circuit court, the clerk shall certify and transmit the record to the Clerk of the Supreme Court of Virginia Appeals within 30 days after the date on which the final judgment of the circuit court is entered and the Court of Appeals shall give the appeal an expedited review. Failure of the clerk to comply with this requirement shall not affect the jurisdiction of the Supreme Court of Virginia Appeals to consider the appeal. *If the Supreme Court of Virginia grants the petition for appeal, it shall be placed on the privileged docket.*

§ 15.2-3104. Procedure when commissioners fail to agree.

If the commissioners fail to agree upon the location of the line, they shall so report to the circuit courts for their respective localities, stating in their reports the points and grounds of disagreement and describing fully the conflicting lines. Either locality may file a petition in the circuit court for either locality to have a court, constituted as hereinafter provided, ascertain and establish the true boundary line in doubt or dispute. Such petition shall describe, with reasonable certainty, the location contended for and shall state the grounds of such contention. A plat, showing the location contended for, filed with the petition, may serve the purposes of such description. The petitioner shall make the other locality the party defendant, and the case shall be commenced by serving a copy of the petition upon the county attorney, if any, or the attorney for the Commonwealth of such county, the city attorney of such city or the town attorney of such town. No formal plea or answer to the petition shall be necessary, but the defendant shall state its grounds of defense in writing, describing, with the same degree of certainty required of the petitioner, the line as contended for by the defendant, and the locality shall be deemed to be at issue. The issue shall be the true location of the boundary line so in doubt or dispute.

The case shall be heard and decided by a court without a jury presided over by three judges as follows: the judge of the circuit court for the petitioning locality, the judge of the circuit court for the defendant locality, and a judge of some circuit court in this Commonwealth remote from the localities, to be designated by the Chief Justice. When the localities are within the same circuit, the Chief Justice shall designate a third judge from an adjoining circuit. The court shall hear the case upon the evidence introduced in the manner in which evidence is introduced in common-law cases and shall ascertain and establish the true boundary line by a majority decision, and shall give judgment accordingly. Costs shall be awarded as the

court shall determine. The judgment of the court shall be recorded in the common-law order book and in the current deed book of the court and indexed in the names of the localities, and, unless reversed, shall forever settle, determine, designate and establish the true boundary line. A copy of any final judgment shall be certified to the Secretary of the Commonwealth. ~~An appeal may be granted by the Supreme Court, or any justice thereof, to either~~ *Either party may appeal* from the judgment of the court to the *Court of Appeals*, and the cost of such appeal shall be awarded to the party substantially prevailing. *If an appeal is taken from the judgment of the Court of Appeals, the Supreme Court, in matters in which it grants the petition for appeal, shall render a decision and award the costs of the appeal to the party that substantially prevailed.*

§ 15.2-3217. Court granting annexation to exist for 10 years.

The special court shall not be dissolved after rendering a decision granting any motion or petition for annexation, but shall remain in existence for a period of ~~ten~~ 10 years from the effective date of any annexation order entered, or from the date of any decision of the Supreme Court *or the Court of Appeals* affirming such an order. Vacancies occurring in the court during such ~~ten-year~~ 10-year period shall be filled as provided in § 15.2-3004.

The court may be reconvened at any time during the ~~ten-year~~ 10-year period on its own motion, or on motion of the governing body of the county, or of the city or town, or on petition of not less than ~~fifty~~ 50 registered voters or property owners in the area annexed; however, if the area annexed contains fewer than 100 registered voters or property owners, a majority of such registered voters or property owners may petition for the reconvening of the court.

The court shall have power and it shall be its duty, at any time during such period, to enforce the performance of the terms and conditions under which annexation was granted, and to issue appropriate process to compel such performance. The court may, in its discretion, award ~~attorneys'~~ attorney fees, and court and other reasonable costs to the party or parties on whose motion the court is reconvened.

Any such action of the court shall be subject to review by the ~~Supreme~~ *Court of Appeals* in the same manner as is provided with respect to the original decision of the court.

§ 15.2-3221. Appeals; how heard.

An appeal may be ~~granted by the Supreme Court, or any justice thereof~~ *made to the Court of Appeals*. The special court shall certify the facts in the case to the ~~Supreme~~ *Court of Appeals*, and the evidence shall be considered as on appeal in proceedings under Chapter 2 (§ 25.1-200 et seq.) of Title 25.1. *If an appeal is taken from the judgment of the Court of Appeals, the Supreme Court, in matters in which it grants the petition for appeal, shall consider the appeal consistent with the procedures set forth herein and shall enter such order as the special court should have entered.* In any case, by consent of all parties of record, the motion to annex may be dismissed at any time before final judgment on appeal.

§ 15.2-3222. What order to be entered by the Supreme Court or the Court of Appeals.

If the judgment of the special court is reversed on appeal, or if the judgment is modified, the ~~Supreme~~ *Court of Appeals* shall enter such order as the special court should have entered, *certify a copy of the order to the Secretary of the Commonwealth*, and such order shall be final. ~~In the event that the Supreme Court enters such order, a copy of the order shall be certified to the Secretary of the Commonwealth unless appealed to the Supreme Court.~~ *If an appeal is taken from the judgment of the Court of Appeals, the Supreme Court, in matters in which it grants the petition for appeal, shall consider the appeal consistent with the procedures set forth in § 15.2-3221, shall enter such order as the special court should have entered, and shall certify the order to the Secretary of the Commonwealth.*

§ 15.2-3227. Annexation proceedings final for 10 years.

Except by mutual agreement of the governing bodies affected, no city or town, having instituted proceedings to annex territory of a county, shall again seek to annex territory of such county within the ~~ten~~ 10 years next succeeding the effective date of annexation in any proceeding under this article or previous acts. In the event annexation is denied, such prohibition shall begin with the date of the final order of the court denying annexation or, in the case of an appeal to the Supreme Court *or the Court of Appeals*, with the date of the final order of the Supreme Court *or the Court of Appeals*. However, a city or town moving to dismiss the proceedings before a hearing on its merits may file a new petition five years after the filing of the petition in the prior suit. No county shall, except with the consent of its governing body, be made defendant in any annexation proceeding brought by any city within such ~~ten-year~~ 10-year period.

Notwithstanding the foregoing provisions, a city shall have the right to file and maintain an annexation proceeding against any county against which it has not filed such a proceeding during the preceding ~~thirteen~~ 13 years.

The provisions of this section shall not apply to any petition for annexation brought by a city or town, within such ~~ten-year~~ 10-year period, if the previous petition was dismissed due to a procedural defect, lack of jurisdiction, or any defense other than the merits of the case. The provisions of this section shall not apply to a city or town ~~which~~ *that* institutes an annexation proceeding by filing notice with the Commission on Local Government but which subsequently fails to petition the court to grant such annexation. In that event, however, the city or town shall not again institute proceedings for annexation against the county for at least two years after the date the Commission renders its final report on the initial proceeding.

This section shall also apply to any city ~~which~~ *that* was a town at the time of the filing of such petition.

§ 15.2-3244. Appeal from such order.

Any one or more of the petitioners, or the defendants, or any inhabitants of the town, who may feel themselves aggrieved by an order declaring territory to be abandoned as provided by this article, or by the refusal to enter such order, may, at any time within ~~sixty~~ 60 days from the date of the order, upon giving bond for costs, the amount thereof to be fixed by the court, ~~apply~~ *appeal* to the ~~Supreme~~ *Court of Appeals* for a writ of error and ~~supersedeas~~ *Court of Appeals* according to the

general law. *Any one or more of the petitioners, or the defendants, or any inhabitants of the town, who may feel themselves aggrieved by any decision of the Court of Appeals rendered pursuant to this section, may, at any time within 30 days from the date of the order, upon giving bond for costs, the amount thereof to be fixed by the court, apply to the Supreme Court for a writ of error and supersedeas according to the general law.*

A law-enforcement officer may, in the performance of his duties, rely upon a copy of a foreign protective order or other suitable evidence which has been provided to him by any source and may also rely upon the statement of any person protected by the order that the order remains in effect.

H. Either party may at any time file a written motion with the court requesting a hearing to dissolve or modify the order. Proceedings to modify or dissolve a protective order shall be given precedence on the docket of the court. Upon petitioner's motion to dissolve the protective order, a dissolution order may be issued ex parte by the court with or without a hearing. If an ex parte hearing is held, it shall be heard by the court as soon as practicable. If a dissolution order is issued ex parte, the court shall serve a copy of such dissolution order on respondent in conformity with §§ 8.01-286.1 and 8.01-296.

I. Neither a law-enforcement agency, the attorney for the Commonwealth, a court nor the clerk's office, nor any employee of them, may disclose, except among themselves, the residential address, telephone number, or place of employment of the person protected by the order or that of the family of such person, except to the extent that disclosure is (i) required by law or the Rules of the Supreme Court, (ii) necessary for law-enforcement purposes, or (iii) permitted by the court for good cause.

Such motion shall identify by the style, date, and Court of Appeals record number of the judgment sought to be appealed, and, if one was assigned in a prior attempt to appeal the judgment to the Supreme Court, shall give the record number assigned in the Supreme Court in that proceeding, and shall set forth the specific facts establishing the said error, neglect, or fault. If the error, neglect, or fault is alleged to be that of an attorney representing the appellant, the motion shall be accompanied by the affidavit of the attorney whose error, neglect, or

§ 55.1-1833. Lien for assessments.

A. The association shall have a lien, once perfected, on every lot for unpaid assessments levied against that lot in accordance with the provisions of this chapter and all lawful provisions of the declaration. The lien, once perfected, shall be prior to all other subsequent liens and encumbrances except (i) real estate tax liens on that lot, (ii) liens and encumbrances recorded prior to the recordation of the declaration, and (iii) sums unpaid on and owing under any mortgage or deed of trust recorded prior to the perfection of such lien. The provisions of this subsection shall not affect the priority of mechanics' and materialmen's liens. Notice of a memorandum of lien to a holder of a credit line deed of trust under § 55.1-318 shall be given in the same fashion as if the association's lien were a judgment.

B. The association, in order to perfect the lien given by this section, shall file, before the expiration of 12 months from the time the first such assessment became due and payable in the clerk's office of the circuit court in the county or city in which such development is situated, a memorandum, verified by the oath of the principal officer of the association or such other officer or officers as the declaration may specify, which contains the following:

1. The name of the development;
2. A description of the lot;
3. The name or names of the persons constituting the owners of that lot;
4. The amount of unpaid assessments currently due or past due relative to such lot together with the date when each fell due;
5. The date of issuance of the memorandum;
6. The name of the association and the name and current address of the person to contact to arrange for payment or release of the lien; and
7. A statement that the association is obtaining a lien in accordance with the provisions of the Property Owners' Association Act as set forth in Chapter 18 (§ 55.1-1800 et seq.) of Title 55.1.

It shall be the duty of the clerk in whose office such memorandum is filed as provided in this section to record and index the same as provided in subsection D, in the names of the persons identified in such memorandum as well as in the name of the association. The cost of recording and releasing the memorandum shall be taxed against the person found liable in any judgment or order enforcing such lien.

C. Prior to filing a memorandum of lien, a written notice shall be sent to the property owner by certified mail, at the property owner's last known address, informing the property owner that a memorandum of lien will be filed in the circuit court clerk's office of the applicable county or city. The notice shall be sent at least 10 days before the actual filing date of the memorandum of lien.

D. Notwithstanding any other provision of this section or any other provision of law requiring documents to be recorded in the miscellaneous lien books or the deed books in the clerk's office of any court, on or after July 1, 1989, all memoranda of liens arising under this section shall be recorded in the deed books in the clerk's office. Any memorandum shall be indexed in the general index to deeds, and the general index shall identify the lien as a lien for lot assessments.

E. No action to enforce any lien perfected under subsection B shall be brought or action to foreclose any lien perfected under subsection I shall be initiated after 36 months from the time when the memorandum of lien was recorded; however, the filing of a petition to enforce any such lien in any action in which the petition may be properly filed shall be regarded as the institution of an action under this section. Nothing in this subsection shall extend the time within which any such lien may be perfected.

F. The judgment or order in an action brought pursuant to this section shall include reimbursement for costs and reasonable attorney fees of the prevailing party. If the association prevails, it may also recover interest at the legal rate for the sums secured by the lien from the time each such sum became due and payable.

G. When payment or satisfaction is made of a debt secured by the lien perfected by subsection B, the lien shall be released in accordance with the provisions of § 55.1-339. Any lien that is not so released shall subject the lien creditor to the penalty set forth in subdivision B 1 of § 55.1-339. For the purposes of § 55.1-339, the principal officer of the association, or any other officer or officers as the declaration may specify, shall be deemed the duly authorized agent of the lien creditor.

H. Nothing in this section shall be construed to prohibit actions at law to recover sums for which subsection A creates a lien, maintainable pursuant to § 55.1-1828.

I. At any time after perfecting the lien pursuant to this section, the property owners' association may sell the lot at public sale, subject to prior liens. For purposes of this section, the association shall have the power both to sell and convey the lot and shall be deemed the lot owner's statutory agent for the purpose of transferring title to the lot. A nonjudicial foreclosure sale shall be conducted in compliance with the following:

1. The association shall give notice to the lot owner prior to advertisement required by subdivision 4. The notice shall specify (i) the debt secured by the perfected lien; (ii) the action required to satisfy the debt secured by the perfected lien; (iii) the date, not less than 60 days from the date the notice is given to the lot owner, by which the debt secured by the lien must be satisfied; and (iv) that failure to satisfy the debt secured by the lien on or before the date specified in the notice may result in the sale of the lot. The notice shall further inform the lot owner of the right to bring a court action in the circuit court of the county or city where the lot is located to assert the nonexistence of a debt or any other defense of the lot owner to the sale.

2. After expiration of the 60-day notice period specified in subdivision 1, the association may appoint a trustee to conduct the sale. The appointment of the trustee shall be filed in the clerk's office of the circuit court in the county or city in which such development is situated. It shall be the duty of the clerk in whose office such appointment is filed to record and index the same as provided in subsection D, in the names of the persons identified in such appointment as well as in the name of the association. The association, at its option, may from time to time remove the trustee and appoint a successor trustee.

3. If the lot owner meets the conditions specified in this subdivision prior to the date of the foreclosure sale, the lot owner shall have the right to have enforcement of the perfected lien discontinued prior to the sale of the lot. Those conditions are that the lot owner (i) satisfy the debt secured by lien that is the subject of the nonjudicial foreclosure sale and (ii) pay all expenses and costs incurred in perfecting and enforcing the lien, including advertising costs and reasonable attorney fees.

4. In addition to the advertisement required by subdivision 5, the association shall give written notice of the time, date, and place of any proposed sale in execution of the lien, including the name, address, and telephone number of the trustee, by hand delivery or by mail to (i) the present owner of the property to be sold at his last known address as such owner and address appear in the records of the association, (ii) any lienholder who holds a note against the property secured by a deed of trust recorded at least 30 days prior to the proposed sale and whose address is recorded with the deed of trust, and (iii) any assignee of such a note secured by a deed of trust, provided that the assignment and address of the assignee are likewise recorded at least 30 days prior to the proposed sale. Mailing a copy of the advertisement or the notice containing the same information to the owner by certified or registered mail no less than 14 days prior to such sale and to lienholders and their assigns, at the addresses noted in the memorandum of lien, by United States mail, postage prepaid, no less than 14 days prior to such sale, shall be a sufficient compliance with the requirement of notice.

5. The advertisement of sale by the association shall be in a newspaper having a general circulation in the county or city in which the property to be sold, or any portion of such property, is located pursuant to the following provisions:

a. The association shall advertise once a week for four successive weeks; however, if the property or some portion of such property is located in a city or in a county immediately contiguous to a city, publication of the advertisement on five different days, which may be consecutive days, shall be deemed adequate. The sale shall be held on any day following the day of the last advertisement that is no earlier than eight days following the first advertisement nor more than 30 days following the last advertisement.

b. Such advertisement shall be placed in that section of the newspaper where legal notices appear or where the type of property being sold is generally advertised for sale. The advertisement of sale, in addition to such other matters as the association finds appropriate, shall set forth a description of the property to be sold, which description need not be as extensive as that contained in the deed of trust but shall identify the property by street address, if any, or, if none, shall give the general location of the property with reference to streets, routes, or known landmarks. Where available, tax map identification may be used but is not required. The advertisement shall also include the date, time, place, and terms of sale and the name of the association. It shall set forth the name, address, and telephone number of the representative, agent, or attorney who may be able to respond to inquiries concerning the sale.

c. In addition to the advertisement required by subdivisions a and b, the association may further advertise as the association finds appropriate.

6. In the event of postponement of sale, which postponement shall be at the discretion of the association, advertisement of such postponed sale shall be in the same manner as the original advertisement of sale.

7. Failure to comply with the requirements for advertisement contained in this section shall, upon petition, render a sale of the property voidable by the court.

8. The association shall have the following powers and duties upon a sale:

a. Written one-price bids may be made and shall be received by the trustee from the association or any person for entry by announcement at the sale. Any person other than the trustee may bid at the foreclosure sale, including a person who has submitted a written one-price bid. Upon request to the trustee, any other bidder in attendance at a foreclosure sale shall be permitted to inspect written bids. Unless otherwise provided in the declaration, the association may bid to purchase the lot at a foreclosure sale. The association may own, lease, encumber, exchange, sell, or convey the lot. Whenever the written bid of the association is the highest bid submitted at the sale, such written bid shall be filed by the trustee with his account of sale

required under subdivision I 10 and § 64.2-1309. The written bid submitted pursuant to this subsection may be prepared by the association, its agent, or its attorney.

b. The association may require any bidder at any sale to post a cash deposit of as much as 10 percent of the sale price before his bid is received, which shall be refunded to him if the property is not sold to him. The deposit of the successful bidder shall be applied to his credit at settlement, or, if such bidder fails to complete his purchase promptly, the deposit shall be applied to pay the costs and expenses of the sale, and the balance, if any, shall be retained by the association in connection with that sale.

c. The property owners' association shall receive and receipt for the proceeds of sale, no purchaser being required to see to the application of the proceeds, and apply the same in the following order: first, to the reasonable expenses of sale, including attorney fees; second, to the satisfaction of all taxes, levies, and assessments, with costs and interest; third, to the satisfaction of the lien for the owners' assessments; fourth, to the satisfaction in the order of priority of any remaining inferior claims of record; and fifth, to pay the residue of the proceeds to the owner or his assigns, provided, however, that, as to the payment of such residue, the association shall not be bound by any inheritance, devise, conveyance, assignment, or lien of or upon the owner's equity, without actual notice thereof prior to distribution.

9. The trustee shall deliver to the purchaser a trustee's deed conveying the lot with special warranty of title. The trustee shall not be required to take possession of the property prior to the sale of such property or to deliver possession of the lot to the purchaser at the sale.

10. The trustee shall file an accounting of the sale with the commissioner of accounts pursuant to § 64.2-1309, and every account of a sale shall be recorded pursuant to § 64.2-1310. In addition, the accounting shall be made available for inspection and copying pursuant to § 55.1-1815 upon the written request of the prior lot owner, the current lot owner, or any holder of a recorded lien against the lot at the time of the sale. The association shall maintain a copy of the accounting for at least 12 months following the foreclosure sale.

11. If the sale of a lot is made pursuant to subsection I and the accounting is made by the trustee, the title of the purchaser at such sale shall not be disturbed unless within 12 months from the confirmation of the accounting by the commissioner of accounts the sale is set aside by the court or an appeal is *allowed by filed in the Court of Appeals or granted by* the Supreme Court of Virginia and an order is entered requiring such sale to be set aside.

§ 55.1-1966. Lien for assessments.

A. The unit owners' association shall have a lien on each condominium unit for unpaid assessments levied against that condominium unit in accordance with the provisions of this chapter and all lawful provisions of the condominium instruments. The lien, once perfected, shall be prior to all other liens and encumbrances except (i) real estate tax liens on that condominium unit, (ii) liens and encumbrances recorded prior to the recordation of the declaration, and (iii) sums unpaid on any first mortgages or first deeds of trust recorded prior to the perfection of such lien for assessments and securing institutional lenders. The provisions of this subsection shall not affect the priority of mechanics' and materialmen's liens.

B. Notwithstanding any other provision of this section, or any other provision of law requiring documents to be recorded in the miscellaneous lien books or the deed books in the clerk's office of any court, on or after July 1, 1974, all memoranda of liens arising under this section shall, in the discretion of the clerk, be recorded in the miscellaneous lien books or the deed books in such clerk's office. Any such memorandum shall be indexed in the general index to deeds, and such general index shall identify the lien as a lien for condominium assessments.

C. In order to perfect the lien given by this section, the unit owners' association shall file a memorandum verified by the oath of the principal officer of the unit owners' association, or such other officer as the condominium instruments may specify, before the expiration of 90 days from the time the first such assessment became due and payable. The memorandum shall be filed in the clerk's office of the circuit court in the county or city in which such condominium is situated. The memorandum shall contain the following:

1. A description of the condominium unit in accordance with the provisions of § 55.1-1909.
2. The name or names of the persons constituting the unit owners of that condominium unit.
3. The amount of unpaid assessments currently due or past due together with the date when each fell due.
4. The date of issuance of the memorandum.

The clerk in whose office such memorandum is filed shall record and index the memorandum as provided in subsection B, in the names of the persons identified in such memorandum as well as in the name of the unit owners' association. The cost of recording such memorandum shall be taxed against the person found liable in any judgment enforcing such lien.

D. No action to enforce any lien perfected under subsection C shall be brought or action to foreclose any lien perfected under subsection I shall be initiated after 36 months from the time when the memorandum of lien was recorded; however, the filing of a petition to enforce any such lien in any action in which such petition may be properly filed shall be regarded as the institution of an action under this section. Nothing in this subsection shall extend the time within which any such lien may be perfected.

E. The judgment in an action brought pursuant to this section shall include reimbursement for costs and attorney fees of the prevailing party. If the association prevails, it may also recover interest at the legal rate for the sums secured by the lien from the time each such sum became due and payable.

F. When payment or satisfaction is made of a debt secured by the lien perfected by subsection C, such lien shall be released in accordance with the provisions of § 55.1-339. Any lien that is not so released shall subject the lien creditor to the

penalty set forth in subdivision B 1 of § 55.1-339. For the purposes of that section, the principal officer of the unit owners' association, or such other officer as the condominium instruments may specify, shall be deemed the duly authorized agent of the lien creditor.

G. Nothing in this section shall be construed to prohibit actions at law to recover sums for which subsection A creates a lien, maintainable pursuant to § 55.1-1915.

H. Any unit owner or purchaser of a condominium unit, having executed a contract for the disposition of such condominium unit, shall be entitled upon request to a recordable statement setting forth the amount of unpaid assessments currently levied against that unit. Such request shall be in writing, directed to the principal officer of the unit owners' association or to such other officer as the condominium instruments may specify. Failure to furnish or make available such a statement within 10 days of the receipt of such request shall extinguish the lien created by subsection A as to the condominium unit involved. Such statement shall be binding on the unit owners' association, the executive board, and every unit owner. Payment of a fee not exceeding \$10 may be required as a prerequisite to the issuance of such a statement if the condominium instruments so provide.

I. At any time after perfecting the lien pursuant to this section, the unit owners' association may sell the unit at public sale, subject to prior liens. For purposes of this section, the unit owners' association shall have the power both to sell and convey the unit and shall be deemed the unit owner's statutory agent for the purpose of transferring title to the unit. A nonjudicial foreclosure sale shall be conducted in compliance with the following:

1. The unit owners' association shall give notice to the unit owner prior to advertisement required by subdivision 4. The notice shall specify (i) the debt secured by the perfected lien; (ii) the action required to satisfy the debt secured by the perfected lien; (iii) the date, not less than 60 days from the date the notice is given to the unit owner, by which the debt secured by the lien must be satisfied; and (iv) that failure to satisfy the debt secured by the lien on or before the date specified in the notice may result in the sale of the unit. The notice shall further inform the unit owner of the right to bring a court action in the circuit court of the county or city where the condominium is located to assert the nonexistence of a debt or any other defense of the unit owner to the sale.

2. After expiration of the 60-day notice period provided in subdivision 1, the unit owners' association may appoint a trustee to conduct the sale. The appointment of the trustee shall be filed in the clerk's office of the circuit court in the county or city in which the condominium is located. The clerk in whose office such appointment is filed shall record and index the appointment as provided in subsection C, in the names of the persons identified therein as well as in the name of the unit owners' association. The unit owners' association, at its option, may from time to time remove the trustee and appoint a successor trustee.

3. If the unit owner meets the conditions specified in this subdivision prior to the date of the foreclosure sale, the unit owner shall have the right to have enforcement of the perfected lien discontinued prior to the sale of the unit. Those conditions are that the unit owner (a) satisfy the debt secured by lien that is the subject of the nonjudicial foreclosure sale and (b) pays all expenses and costs incurred in perfecting and enforcing the lien, including advertising costs and reasonable attorney fees.

4. In addition to the advertisement required by subdivision 5, the unit owners' association shall give written notice of the time, date, and place of any proposed sale in execution of the lien, and shall include the name, address, and telephone number of the trustee, by personal delivery or by mail to (i) the present owner of the condominium unit to be sold at his last known address as such owner and address appear in the records of the unit owners' association, (ii) any lienholder who holds a note against the condominium unit secured by a deed of trust recorded at least 30 days prior to the proposed sale and whose address is recorded with the deed of trust, and (iii) any assignee of such a note secured by a deed of trust provided the assignment and address of the assignee are likewise recorded at least 30 days prior to the proposed sale. Mailing a copy of the advertisement or the notice containing the same information to the owner by certified or registered mail no less than 14 days prior to such sale and to the lienholders and their assigns, at the addresses noted in the memorandum of lien, by ordinary mail no less than 14 days prior to such sale shall be a sufficient compliance with the requirement of notice.

5. The advertisement of sale by the unit owners' association shall be in a newspaper having a general circulation in the locality in which the condominium unit to be sold, or any portion of such unit, is located pursuant to the following provisions:

a. The unit owners' association shall advertise once a week for four successive weeks; however, if the condominium unit or some portion of such unit is located in a city or in a county immediately contiguous to a city, publication of the advertisement five different days, which may be consecutive days, shall be deemed adequate. The sale shall be held on any day following the day of the last advertisement that is no earlier than eight days following the first advertisement nor more than 30 days following the last advertisement.

b. Such advertisement shall be placed in that section of the newspaper where legal notices appear or where the type of property being sold is generally advertised for sale. The advertisement of sale, in addition to such other matters as the unit owners' association finds appropriate, shall set forth a description of the condominium unit to be sold, which description need not be as extensive as that contained in the deed of trust but shall identify the condominium unit by street address, if any, or, if none, shall give the general location of the condominium unit with reference to streets, routes, or known landmarks. Where available, tax map identification may be used but is not required. The advertisement shall also include the date, time, place, and terms of sale and the name of the unit owners' association. The advertisement shall set forth the

name, address, and telephone number of the representative, agent, or attorney who may be able to respond to inquiries concerning the sale.

c. In addition to the advertisement required by subdivisions a and b, the unit owners' association may give such other further and different advertisement as the association finds appropriate.

6. In the event of postponement of a sale, which postponement shall be at the discretion of the unit owners' association, advertisement of such postponed sale shall be in the same manner as the original advertisement of sale.

7. Failure to comply with the requirements for advertisement contained in this section shall, upon petition, render a sale of the condominium unit voidable by the court.

8. In the event of a sale, the unit owners' association shall have the following powers and duties:

a. Written one-price bids may be made and shall be received by the trustee from the unit owners' association or any person for entry by announcement at the sale. Any person other than the trustee may bid at the foreclosure sale, including a person who has submitted a written one-price bid. Upon request to the trustee, any other bidder in attendance at a foreclosure sale shall be permitted to inspect written bids. Unless otherwise provided in the condominium instruments, the unit owners' association may bid to purchase the unit at a foreclosure sale. The unit owners' association may own, lease, encumber, exchange, sell, or convey the unit. Whenever the written bid of the unit owners' association is the highest bid submitted at the sale, such written bid shall be filed by the trustee with his account of sale required under subdivision 10 of this subsection and § 64.2-1309. The written bid submitted pursuant to this subsection may be prepared by the unit owners' association or its agent or attorney.

b. The unit owners' association may require of any bidder at any sale a cash deposit of as much as 10 percent of the sale price before his bid is received, which shall be refunded to him if the condominium unit is not sold to him. The deposit of the successful bidder shall be applied to his credit at settlement, or if such bidder fails to complete his purchase promptly, the deposit shall be applied to pay the costs and expenses of the sale, and the balance, if any, shall be retained by the unit owners' association in connection with that sale.

c. The unit owners' association shall receive and receipt for the proceeds of sale, no purchaser being required to see to the application of the proceeds, and apply the same in the following order: first, to the reasonable expenses of sale, including reasonable attorney fees; second, to the satisfaction of all taxes, levies, and assessments, with costs and interest; third, to the satisfaction of the lien for the unit owners' assessments; fourth, to the satisfaction in the order of priority of any remaining inferior claims of record; and fifth, to pay the residue of the proceeds to the unit owner or his assigns, provided, however, that the association as to such residue shall not be bound by any inheritance, devise, conveyance, assignment, or lien of or upon the unit owner's equity, without actual notice of such encumbrance prior to distribution.

9. The trustee shall deliver to the purchaser a trustee's deed conveying the unit with special warranty of title. The trustee shall not be required to take possession of the condominium unit prior to the sale or to deliver possession of the unit to the purchaser at the sale.

10. The trustee shall file an accounting of the sale with the commissioner of accounts pursuant to § 64.2-1309 and every account of a sale shall be recorded pursuant to § 64.2-1310. In addition, the accounting shall be made available for inspection and copying pursuant to § 55.1-1945 upon the written request of the prior unit owner, current unit owner, or any holder of a recorded lien against the unit at the time of the sale. The unit owners' association shall maintain a copy of the accounting for at least 12 months following the foreclosure sale.

11. If the sale of a unit is made pursuant to this subsection and the accounting is made by the trustee, the title of the purchaser at such sale shall not be disturbed unless within 12 months from the confirmation of the accounting by the commissioner of accounts, the sale is set aside by the court or an appeal is ~~allowed~~ *filed in the Court of Appeals or granted* by the Supreme Court of Virginia and an order is entered requiring such sale to be set aside.

§ 55.1-2211. Time-share estate owners' association control liens.

A. The board of directors of the association shall have the authority to adopt regular annual assessments and to levy periodic special assessments against each of the time-share estate unit owners and to collect the same from such owners according to law if the purpose in so doing is determined by the board of directors to be in the best interest of the time-share project or time-share program and the proceeds are used to either pay common expenses or fund a reserve. In addition, the board of directors of the association shall have the authority to collect, on behalf of the developer or on its own account, the maintenance fee imposed by the developer pursuant to § 55.1-2210. The authority hereby granted and conferred upon the association shall exist notwithstanding any covenants and restrictions of record applicable to the project stated to the contrary, and any such covenants and restrictions are hereby declared void.

B. The developer may provide that it not be obligated to pay all or a portion of any assessment, dues, or other charges of the association, however denominated, passed, or adopted, pursuant to subsection A, if such developer so provides, in bold type, in the time-share instrument for the time-share estate project. If no such provision exists, the developer shall be responsible to pay the same assessment, dues, or other charges that a time-share estate owner is obligated to pay for each of its unsold time-shares existing at the end of the fiscal year of the association and no more if the board of directors of the association so determines. In no event shall either a time-share expense or the dues, assessment, or charges of the association discriminate against the developer.

C. The association shall have a lien on every time-share estate within its project for unpaid and past due regular or special assessments levied against that estate in accordance with the provisions of this chapter and for all unpaid and past

due maintenance fees. The exemption created by § 34-4 shall not be claimed against the debt or lien of the association created by this section.

The association, in order to perfect the lien given by this subsection, shall file, before the expiration of four years from the time such special or regular assessment or maintenance fee became due, in the clerk's office of the county or city in which the project is situated, a memorandum verified by the oath of any officer of the association or its managing agent and containing the following information:

1. The name and location of the project;
2. The name and address of each owner of the time-share on which the lien exists and a description of the unit in which the time-share is situated;
3. The amount of past due special or regular assessments or past due maintenance fees applicable to the time-share, together with the date when each became due;
4. The amount of any other charges owing occasioned by the failure of the owner to pay the assessments or maintenance fees, including late charges, interest, postage and handling, attorney fees, recording costs, and release fees;
5. The name, address, and telephone number of the association's trustee, if known at the time, who will be called upon by the association to foreclose on the lien upon the owner's failure to pay as provided in this subsection; and
6. The date of issuance of the memorandum.

Notwithstanding any other provision of this chapter, or any other provision of law requiring documents to be recorded in the deed books of the clerk's office of any court, from July 1, 1981, all memoranda of liens arising under this subsection shall be recorded in the deed books in such clerk's office. Any such memorandum shall be indexed in the general index to deeds, and such general index shall identify the lien as a lien for time-share estate regular or special assessments or maintenance fees.

The clerk in whose office such memorandum is filed as provided in this subsection shall record and index such memorandum as provided in this subsection, in the names of the persons identified in such memorandum as well as in the name of the time-share estates owners' association. The cost of recording such memorandum shall be taxed against the owner of the time-share on which the lien is placed. The filing with the clerk of one memorandum on which is listed two or more delinquent time-share estate unit owners is permitted in order to perfect the lien hereby allowed, and the cost of filing in this event shall be the clerk's fee as prescribed in subdivision A 2 of § 17.1-275.

D. At any time after perfecting the lien pursuant to this section, the association may sell the time-share estate at a public sale, subject to prior liens. For purposes of this section, the association shall have the power both to sell and convey the time-share estate and shall be deemed the time-share estate owner's statutory agent for the purpose of transferring title to the time-share estate. A nonjudicial foreclosure sale shall be conducted by a trustee and in accordance with the following:

1. The association shall give notice to the time-share estate owner, prior to advertisement, as required by subdivision 4. The notice shall specify (i) the debt secured by the perfected lien; (ii) the action required to satisfy the debt secured by the perfected lien; (iii) the date, not less than 60 days from the date the notice is given to the time-share estate owner, by which the debt secured by the lien shall be satisfied; and (iv) that failure to satisfy the debt secured by the lien on or before the date specified in the notice may result in the sale of the time-share estate. The notice shall further inform the time-share estate owner of the right to bring a court action in the circuit court of the county or city where the time-share project is located to assert the nonexistence of a debt or any other defenses of the time-share estate owner to the sale.

2. After expiration of the 60-day notice period provided in subdivision 1, the association may appoint a trustee to conduct the sale. The appointment of the trustee shall be filed in the clerk's office of the circuit court in the county or city in which the time-share project is located. It shall be the duty of the clerk in whose office such appointment is filed to record and index the same, as provided in this subsection, in the names of the persons identified therein as well as in the name of the association. The association, at its option, may from time to time remove the trustee and appoint a successor trustee.

3. If, prior to the date of the foreclosure sale, the time-share estate owner (i) satisfies the debt secured by lien that is the subject of the nonjudicial foreclosure sale and (ii) pays all expenses and costs incurred in perfecting and enforcing the lien, including advertising costs and reasonable attorney fees, the time-share estate owner shall have the right to have enforcement of the perfected lien discontinued prior to the sale of the time-share estate.

4. In addition to the advertisement required by subdivision 5, the association shall give written notice of the time, date, and place of any proposed sale in execution of the lien, including the name, address, and telephone number of the trustee, by personal delivery or by mail to (i) the present owner of the time-share estate to be sold at his last known address as such owner and address appear in the records of the association, (ii) any lienholder that holds a note against the time-share estate secured by a deed of trust recorded at least 30 days prior to the proposed sale and whose address is recorded with the deed of trust, and (iii) any assignee of such a note secured by a deed of trust, provided that the assignment and address of the assignee are likewise recorded at least 30 days prior to the proposed sale. Mailing a copy of the advertisement or the notice containing the same information to the owner by certified or registered mail no less than 14 days prior to such sale and to the lienholders and their assigns, at the addresses noted in the memorandum of lien, by regular mail no less than 14 days prior to such sale shall be a sufficient compliance with the requirement of notice.

5. The advertisement of sale by the association shall be in a newspaper having a general circulation in the county or city wherein the time-share estate to be sold and the time-share project, or any portion of such project, lies pursuant to the following provisions:

a. The association shall advertise once a week for four successive weeks; however, if the time-share estate and the time-share project or some portion of such project is located in a city or in a county immediately contiguous to a city, publication of the advertisement five different days, which may be consecutive days, shall be deemed adequate. The sale shall be held on any day following the day of the last advertisement that is no earlier than eight days following the first advertisement nor more than 30 days following the last advertisement.

b. Such advertisement shall be placed in that section of the newspaper where legal notices appear or where the type of time-share estate being sold is generally advertised for sale. The advertisement of sale, in addition to such other matters as the association finds appropriate, shall set forth:

(1) A description of the time-share estate to be sold, which description need not be as extensive as that contained in the deed of trust, but shall identify the time-share project by street address, if any, or, if none, shall give the general location of such time-share project with reference to streets, routes, or known landmarks with further identification of the time-share estate to be sold. Where available, tax map identification may be used. The advertisement shall also include the date, time, place, and terms of sale and the name of the association. It shall set forth the name, address, and telephone number of the representative, agent, or attorney who is authorized to respond to inquiries concerning the sale; or

(2) In lieu of the requirements of subdivision (1), the advertisement shall set forth the date, time, place, and terms of sale and the name of the association; the street address of the time-share estate to be sold, if any, or, if none, the general location of the time-share project; and the name, address, and telephone number of the representative, agent, or attorney who is authorized to respond to inquiries and give additional information concerning the time-share estate to be sold, including providing in hard copy or electronic form a description of the time-share estate to be sold by street address, if any, or, if none, by the general location of the time-share project with reference to streets, routes, or known landmarks, and, where available, tax map identification. The advertisement under this subdivision (2) shall also include a website address where the information contained in subdivision (1) is displayed for the time-share estate to be sold.

c. In addition to the advertisement required by subdivisions 5 a and b, the association may give such other further and different advertisement as the association finds appropriate.

6. In the event of postponement of the sale, which postponement shall be at the discretion of the association, advertisement of the postponed sale shall be in the same manner as the original advertisement of sale.

7. Failure to comply with the requirements for advertisement contained in this section shall, upon petition, render a sale of the property voidable by the court. Such petition shall be filed within 60 days of the sale or the right to do so shall lapse.

8. In the event of a sale, the association shall have the following powers and duties:

a. The association may sell two or more time-share estates at the sale. Written one-price bids may be made and shall be received by the trustee from the association or any person for entry by announcement at the sale. Any person other than the trustee may bid at the foreclosure sale, including a person that has submitted a written one-price bid. Upon request to the trustee, any other bidder in attendance at a foreclosure sale shall be permitted to inspect written bids. Unless otherwise provided in the time-share instrument, the association may bid to purchase the time-share estate at a foreclosure sale. The association may own, lease, encumber, exchange, sell, or convey the time-share estate. Whenever the written bid of the association is the highest bid submitted at the sale, such written bid shall be filed by the trustee with his account of sale required under subdivision 10 of this subsection and § 64.2-1309. The written bid submitted pursuant to this subsection may be prepared by the association, its agent, or its attorney.

b. The association may require of any bidder at any sale a cash deposit of as much as one-third of the sale price before his bid is received, which shall be refunded to him if the time-share estate is not sold to him through action of the trustee. The deposit of the successful bidder shall be applied to his credit at settlement; if such bidder fails to complete his purchase promptly, the deposit shall be applied to pay the costs and expenses of the sale, and the balance, if any, shall be retained by the association in connection with that sale.

c. The association shall receive and receipt for the proceeds of sale, no purchaser being required to see to the application of the proceeds, and shall apply such proceeds in the following order: first, to the reasonable expenses of sale, including reasonable attorney fees; second, to the satisfaction of all taxes, levies, and assessments, with costs and interest; third, to the satisfaction of the lien for the time-share estate owners' assessments; fourth, to the satisfaction in the order of priority of any remaining inferior claims of record; and fifth, to pay the residue of the proceeds to the time-share estate owner or his assigns, provided, however, that the association as to such residue shall not be bound by any inheritance, devise, conveyance, assignment, or lien of or upon the unit owner's equity, without actual notice thereof prior to distribution.

9. The trustee shall deliver to the purchaser a trustee's deed conveying the time-share estate with special warranty of title. The trustee shall not be required to take possession of the time-share estate prior to the sale of such estate or deliver possession of the time-share estate to the purchaser at the sale.

10. If the sale of a time-share estate is made pursuant to this subsection and the accounting is made by the trustee, the title of the purchaser at such sale shall not be disturbed unless, within six months from the date of foreclosure, the sale is set aside by the court or an appeal is ~~allowed by~~ *filed in the Court of Appeals or granted by the Supreme Court of Virginia* and an order is entered requiring such sale to be set aside.

When payment or satisfaction is made of a debt secured by the lien perfected by this subsection, such lien shall be released in accordance with the provisions of § 55.1-339. For the purposes of § 55.1-339, any officer of the time-share estate owners' association or its managing agent shall be deemed the duly authorized agent of the lien creditor.

E. The commissioner of accounts to whom an account of sale is returned in connection with the foreclosure of either a lien under subsection C or a purchase money deed of trust taken back by the developer in the sale of a time-share in order to satisfy § 64.2-1309 shall be entitled to a fee, not to exceed \$70, on each foreclosure of a lien under subsection C and not to exceed \$125 on each foreclosure of a purchase money deed of trust taken back by the developer.

F. Any time-share owner within the project having executed a contract for the disposition of the time-share shall be entitled, upon request, to a recordable statement setting forth the amount of unpaid regular or special assessments or maintenance fees currently levied against that time-share. Such request shall be in writing, directed to the president of the time-share estate owners' association, and delivered to the principal office of the association. Failure of the association to furnish or make available such statement within 20 days from the actual receipt of such written request shall extinguish the lien created by subsection C as to the time-share involved. Payment of a fee reflecting the reasonable cost of materials and labor, not to exceed the actual cost of such materials and labor, may be required as a prerequisite to the issuance of such a statement.

§ 57-2.02. Religious freedom preserved; definitions; applicability; construction; remedies.

B. C. Nothing in this section shall be construed to (i) authorize any government entity to burden any religious belief or (ii) affect, interpret or in any way address those portions of Article 1, Section 16 of the Constitution of Virginia, the Virginia Act for Religious Freedom (§ 57-1 et seq.), and the First Amendment to the United States Constitution that prohibit laws respecting the establishment of religion. Granting government funds, benefits or exemptions, to the extent permissible under clause (ii) of this subsection, shall not constitute a violation of this section. As used in this subsection, "granting" used with respect to government funding, benefits, or exemptions shall not include the denial of government funding, benefits, or exemptions.

D. A person whose religious exercise has been burdened by government in violation of this section may assert that violation as a claim or defense in any judicial or administrative proceeding and may obtain declaratory and injunctive relief from a circuit court, but shall not obtain monetary damages. A person who prevails in any proceeding to enforce this section against a government entity may recover his reasonable costs and attorney fees. The provisions of this subsection relating to attorney fees shall not apply to criminal prosecutions.

E. Nothing in this section shall prevent any governmental institution or facility from maintaining health, safety, security or discipline.

F. The decision of the circuit court to grant or deny declaratory and injunctive relief may be appealed by ~~petition~~ to the Court of Appeals of Virginia.

§ 58.1-527. Appeals from hearings.

A. Within ~~thirty~~ 30 days after the decision of the claimant agency upon a hearing pursuant to § 58.1-526 has become final, the debtor aggrieved thereby may secure judicial review thereof by commencing an action in the circuit court of the county or of the city, or if the city has no circuit court, then in the circuit court of the county in which such city is geographically located, in which the debtor resides or in which the principal office of the claimant agency is geographically located. In such action against the claimant agency for review of its decision, the claimant agency shall be named a defendant in a petition for judicial review. This section shall not be construed to confer jurisdiction on the circuit court to review questions of federal income tax law when the claimant agency is the Internal Revenue Service.

B. Such petition shall also state the grounds upon which review is sought and shall be served upon the head of the claimant agency or upon such person as the claimant agency may designate. With its answer, the claimant agency shall certify and file with the court all documents and papers and a transcript of all testimony taken in the matter, together with its findings of fact and decision therein. In any judicial proceedings under this article, the findings of the claimant agency as to the facts shall be sustained if supported by the evidence. Such actions and the questions so certified shall be heard in a summary manner at the earliest possible date. An appeal may be taken from the decision of such court to the ~~Supreme~~ Court of Appeals in conformity with the general law governing appeals in equity cases.

C. It shall not be necessary in any proceeding under this section to enter exceptions to the rulings of the claimant agency, and no bond shall be required upon an appeal to any court.

D. Notwithstanding the other provisions of this section, if the claimant agency is otherwise subject to the Administrative Process Act (§ 2.2-4000 et seq.), appeals of such agency's decision as it relates to the debtor shall be held in accordance with Article 5 (§ 2.2-4025 et seq.) of the Administrative Process Act.

§ 58.1-1828. Appeal.

The Tax Commissioner or the taxpayer may take an appeal from any final order of the court to the ~~Supreme Court of Appeals~~.

§ 58.1-2282. Appeal of Commissioner's decisions.

A. Any person against whom an assessment, order or decision of the Commissioner has been adversely rendered, which assessment, order, or decision relates to the collection of unreported, incorrectly or fraudulently reported taxes, the granting or canceling of a license, the filing of a bond, an increase in the amount of a bond, a change of surety on a bond, the filing of reports, the examination of records, or any other matter wherein the findings are in the discretion of the Commissioner, may, within ~~thirty~~ 30 days from the date thereof, file a petition of appeal from such assessment, order, or decision, in the circuit court in the city or county wherein such person resides, provided that any petition for a refund for taxes timely paid shall be filed within one year of the date of payment. A copy of the petition shall be sent to the Commissioner at the time of the filing with the court. The original shall show, by certificate, the date of mailing such copy to the Commissioner.

B. In any proceeding under this section, the assessments by the Commissioner shall be presumed correct. The burden of proof shall be upon the petitioner to show that the assessment was incorrect and contrary to law. The circuit court is authorized to enter judgment against such person for the taxes, penalty, and interest due. The failure by any such person to appeal under the provisions of this section within the time period specified shall render the assessment, order, or decision of the Commissioner conclusively valid and binding upon such person. Such person or the Commissioner may ~~petition the Court of Appeals~~ appeal from the final decision of the circuit court to the *Court of Appeals*.

§ 58.1-3147. Appeal.

Any locality or taxpayer aggrieved by the action of a court of record under this article may appeal to the ~~Supreme Court of Appeals~~.

§ 63.2-1710. Appeal from refusal, denial of renewal, or revocation of license.

A. Whenever the Commissioner refuses to issue a license or to renew a license or revokes a license for an assisted living facility, adult day care center, or child welfare agency operated by an agency of the Commonwealth, the provisions of § 63.2-1710.2 shall apply. Whenever the Commissioner refuses to issue a license or to renew a license or revokes a license for an assisted living facility, adult day care center, or child welfare agency other than an assisted living facility, adult day care center, or child welfare agency operated by an agency of the Commonwealth, the provisions of the Administrative Process Act (§ 2.2-4000 et seq.) shall apply, except that all appeals from notice of the Commissioner's intent to refuse to issue or renew, or revoke a license shall be received in writing from the assisted living facility, adult day care center or child welfare agency operator within ~~fifteen~~ 15 days of the date of receipt of the notice. Judicial review of a final review agency decision shall be in accordance with the provisions of the Administrative Process Act. No stay may be granted upon appeal to the ~~Virginia Supreme Court of Appeals~~.

B. In every appeal to a court of record, the Commissioner shall be named defendant.

C. An appeal, taken as provided in this section, shall operate to stay any criminal prosecution for operation without a license.

D. When issuance or renewal of a license as an assisted living facility or adult day care center has been refused by the Commissioner, the applicant shall not thereafter for a period of one year apply again for such license unless the Commissioner in his sole discretion believes that there has been such a change in the conditions on account of which he refused the prior application as to justify considering the new application. When an appeal is taken by the applicant pursuant to subsection A, the one-year period shall be extended until a final decision has been rendered on appeal.

E. When issuance or renewal of a license for a child welfare agency has been refused by the Commissioner, the applicant shall not thereafter for a period of six months apply again for such license unless the Commissioner in his sole discretion believes that there has been such a change in the conditions on account of which he refused the prior application as to justify considering the new application. When an appeal is taken by the applicant pursuant to subsection A, the six-month period shall be extended until a final decision has been rendered on appeal.

2. That §§ 8.01-670.1 and 8.01-672 of the Code of Virginia are repealed.

3. That any case for which a notice of appeal to the Supreme Court has been filed prior to January 1, 2022, shall continue in the Supreme Court of Virginia and shall not be affected by the provisions of this act.

4. That any case for which a petition for appeal in a criminal case to the Court of Appeals has been filed prior to January 1, 2022, and a decision on such petition remains pending, such petition for appeal shall be deemed granted and the clerk of the Court of Appeals shall certify the granting of such petition to the trial court and all counsel. Such case shall be considered mature for purposes of further proceedings from the date of such certificate.

5. That the Office of the Executive Secretary of the Supreme Court of Virginia shall report to the House Committee for Courts of Justice and the Senate Committee on the Judiciary detailing the expanded workload of the Court of Appeals of Virginia pursuant to the first enactment of this act each year following the enactment of the first enactment clause of this act for three years by January 1 of such year. The first such report shall be made by January 1, 2023.

6. That the provisions of this act amending § 17.1-400 of the Code of Virginia shall become effective in due course and that the remaining provisions of this act shall become effective on January 1, 2022.

2. Otherwise, only those portions of the books and records containing information subject to an exclusion under subsection C may be withheld or redacted, and all portions of the books and records that are not so excluded shall be available for examination and copying, provided that the requesting member shall be responsible to the association for paying or reimbursing the association for any reasonable costs incurred by the association in responding to the request for the books and records and review for redaction of the same.

E. Prior to providing copies of any books and records to a member in good standing under this section, the association may impose and collect a charge, reflecting the reasonable costs of materials and labor, not to exceed the actual costs of such materials and labor. The bylaws shall specify an officer or his agent who shall, at least 14 days in advance of any annual or regularly scheduled meeting and at least seven days in advance of any other meeting, send to each member notice of the time, place, and purposes of such meeting. B. Notice of the time, date, and place of each meeting of the board of directors or of any subcommittee or other committee of the board of directors shall be published where it is reasonably calculated to be available to a majority of the lot owners.

A lot owner may make a request to be notified on a continual basis of any such meetings. Such request shall be made at least once a year in writing and include the lot owner's name, address, zip code, and any email address as appropriate. Notice of the time, date, and place shall be sent to any lot owner requesting notice (i) by first-class mail or email in the case of meetings of the board of directors or (ii) by email in the case of meetings of any subcommittee or other committee of the board of directors.

Notice, reasonable under the circumstances, of special or emergency meetings shall be given contemporaneously with the notice provided to members of the association's board of directors or any subcommittee or other committee of the board of directors conducting the meeting.

time such documents are furnished to the members of the board of directors or any subcommittee or committee of the board of directors.

Any member may record any portion of a meeting that is required to be open. The audio equipment shall be sufficient for any member in attendance to hear what is said by any member of the board of directors participating in the meeting who is not physically present.~~

Except for the election of officers, voting by secret or written ballot in an open meeting shall be a violation of this chapter.

C. The board of directors or any subcommittee or other committee of the board of directors may (i) convene in executive session to consider personnel matters; (ii) consult with legal counsel; (iii) discuss and consider contracts, pending or probable litigation, and matters involving violations of the declaration or rules and regulations adopted pursuant to such declaration for which a member or his family members, tenants, guests, or other invitees are responsible; or (iv) discuss and consider the personal liability of members to the association, upon the affirmative vote in an open meeting to assemble in executive session. The motion shall state specifically the purpose for the executive session. Reference to the motion and the stated purpose for the executive session shall be included in the minutes. The board of directors shall restrict the consideration of matters during such portions of meetings to only those purposes specifically exempted and stated in the motion. No contract, motion, or other action adopted, passed, or agreed to in executive session shall become effective unless the board of directors or subcommittee or other committee of the board of directors, following the executive session, reconvenes in open meeting and takes a vote on such contract, motion, or other action, which shall have its substance reasonably identified in the open meeting. The requirements of this section shall not require the disclosure of information in violation of law.

D. Subject to reasonable rules adopted by the board of directors, the board of directors shall provide a designated period of time during a *each* meeting to allow members an opportunity to comment on any matter relating to the association. During a meeting at which the agenda is limited to specific topics or at a special meeting, the board of directors may limit the comments of members to the topics listed on the meeting agenda.

Voting on, consent to, and approval of any matter under any declaration or bylaw provision or any provision of this chapter may be accomplished by electronic means, provided that a record is created as evidence of such vote, consent, or approval and maintained as long as such record would be required to be maintained in nonelectronic form. *If the vote, consent, or approval is required to be obtained by secret ballot, the electronic means shall protect the identity of the voter. If the electronic means cannot protect the identity of the voter, another means of voting shall be used.*

E. Subject to other provisions of law, no action required or permitted by any declaration or bylaw provision or any provision of this chapter need be acknowledged before a notary public if the identity and signature of such person can otherwise be authenticated to the satisfaction of the ~~executive~~ board of directors.

F. *Any meeting of the association, the board of directors, or any committee may be held entirely or partially by electronic means, provided that the board of directors has adopted guidelines for the use of electronic means for such meetings. Such guidelines shall ensure that persons accessing such meetings are authorized to do so and that persons entitled to participate in such meetings have an opportunity to do so. The board of directors shall determine whether any such meeting may be held entirely or partially by electronic means.*

G. If any person does not have the capability or desire to conduct business using electronic means, the association shall make *available a reasonable accommodation alternative*, at its expense, for such person to conduct business with the association without use of such electronic means.

~~G. H.~~ This section shall not apply to any notice related to an enforcement action by the association, an assessment lien, or foreclosure proceedings in enforcement of an assessment lien.

§ 55.1-1900. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Capital components" means those items, whether or not a part of the common elements, for which the unit owners' association has the obligation for repair, replacement, or restoration and for which the executive board determines funding is necessary.

"Common elements" means all portions of the condominium other than the units.

"Common expenses" means all expenditures lawfully made or incurred by or on behalf of the unit owners' association, together with all funds lawfully assessed for the creation or maintenance of reserves pursuant to the provisions of the condominium instruments.

"Common interest community manager" means the same as that term is defined in § 54.1-2345.

"Condominium" means real property, and any incidents to or interests in such real property, lawfully subject to this chapter by the recordation of condominium instruments pursuant to the provisions of this chapter. No project shall be deemed a condominium within the meaning of this chapter unless the undivided interests in the common elements are vested in the unit owners.

"Condominium instruments" means, collectively, the declaration, bylaws, and plats and plans recorded pursuant to the provisions of this chapter. Any exhibit, schedule, or certification recorded with a condominium instrument shall be deemed an integral part of that condominium instrument. Once recorded, any amendment or certification of any condominium instrument shall be deemed an integral part of the affected condominium instrument if such amendment or certification was made in accordance with the provisions of this chapter.

"Condominium unit" means a unit together with the undivided interest in the common elements appertaining to that unit.

"Contractable condominium" means a condominium from which one or more portions of the submitted land may be withdrawn in accordance with the provisions of the declaration and of this chapter. If such withdrawal can occur only by the expiration or termination of one or more leases, then the condominium shall not be deemed a contractable condominium.

"Conversion condominium" means a condominium containing structures that before the recording of the declaration were wholly or partially occupied by persons other than those who have contracted for the purchase of condominium units and those who occupy with the consent of such purchasers.

"Convertible land" means a portion of the common elements within which additional units or limited common elements may be created in accordance with the provisions of this chapter.

"Convertible space" means a portion of a structure within the condominium that a declarant may convert into one or more units or common elements, including limited common elements, in accordance with the provisions of the declaration and this chapter.

"Declarant" means any person, or group of persons acting in concert, that (i) offers to dispose of its interest in a condominium unit not previously disposed of, including an institutional lender that may not have succeeded to or accepted any special declarant rights pursuant to § 55.1-1947; (ii) reserves or succeeds to any special declarant right; or (iii) applies for registration of the condominium. However, for the purposes of clauses (i) and (iii), "declarant" does not include an institutional lender that acquires title by foreclosure or deed in lieu of foreclosure unless such lender offers to dispose of its interest in a condominium unit not previously disposed of to anyone not in the business of selling real estate for his own account, except as otherwise provided in § 55.1-1947. "Declarant" does not include an individual who acquires title to a condominium unit at a foreclosure sale.

"Dispose" or "disposition" refers to any voluntary transfer of a legal or equitable interest in a condominium unit to a purchaser, but does not include the transfer or release of security for a debt.

"Electronic means" means any form of communication, not directly involving the physical transmission of paper, that creates a record that may be retained, retrieved, and reviewed by a recipient of such communication. *A meeting conducted by electronic means includes a meeting conducted via teleconference, videoconference, Internet exchange, or other electronic methods.* Any term used in this definition that is defined in § 59.1-480 of the Uniform Electronic Transactions Act has the meaning set forth in that section.

"Institutional lender" means one or more commercial or savings banks, savings and loan associations, trust companies, credit unions, industrial loan associations, insurance companies, pension funds, or business trusts, including real estate investment trusts, any other lender regularly engaged in financing the purchase, construction, or improvement of real estate, or any assignee of loans made by such a lender, or any combination of any of the foregoing entities.

"Land" is a three-dimensional concept and includes parcels with upper or lower boundaries, or both upper and lower boundaries, as well as parcels extending ab solo usque ad coelum. Parcels of airspace constitute land within the meaning of this chapter. Any requirement in this chapter of a legally sufficient description shall be deemed to include a requirement that the upper or lower boundaries, if any, of the parcel in question be identified with reference to established datum.

"Leasehold condominium" means a condominium in all or any portion of which each unit owner owns an estate for years in his unit, or in the land within which that unit is situated, or both, with all such leasehold interests due to expire naturally at the same time. A condominium including leased land, or an interest in such land, within which no units are situated or to be situated is not a leasehold condominium within the meaning of this chapter.

"Limited common element" means a portion of the common elements reserved for the exclusive use of those entitled to the use of one or more, but less than all, of the units.

"Nonbinding reservation agreement" means an agreement between the declarant and a prospective purchaser that is in no way binding on the prospective purchaser and that may be canceled without penalty at the sole discretion of the prospective purchaser.

"Offer" means any inducement, solicitation, or attempt to encourage any person to acquire any legal or equitable interest in a condominium unit, except as security for a debt. Nothing that expressly states that the condominium has not been registered with the Common Interest Community Board and that no unit in the condominium can or will be offered for sale until such time as the condominium has been so registered shall be considered an "offer."

Substantially identical units shall be assigned the same par value, but units located at substantially different heights above the ground, or having substantially different views, or having substantially different amenities or other characteristics that might result in differences in market value may be considered substantially identical within the meaning of §§ 55.1-1917 and 55.1-1918.

"Person" means a natural person, corporation, partnership, association, trust, or other entity capable of holding title to real property, or any combination thereof.

"Purchaser" means any person, other than a declarant, that acquires by means of a voluntary transfer a legal or equitable interest in a condominium unit, other than (i) a leasehold interest, including renewal options, of less than 20 years or (ii) as security for a debt.

"Settlement agent" means the same as that term is defined in § 55.1-1000.

"Size" means the number of cubic feet, or the number of square feet of ground or floor space, within each unit as computed by reference to the plat and plans and rounded to the nearest whole number. Certain spaces within the units, including attic, basement, or garage space, may be omitted from such calculation or partially discounted by the use of a ratio, so long as the same basis of calculation is employed for all units in the condominium and so long as that basis is described in the declaration.

"Special declarant rights" means any right reserved for the benefit of a declarant, or of a person or group of persons that becomes a declarant, to (i) expand an expandable condominium; (ii) contract a contractable condominium; (iii) convert convertible land or convertible space or both; (iv) appoint or remove any officers of the unit owners' association or the executive board pursuant to subsection A of § 55.1-1943; (v) exercise any power or responsibility otherwise assigned by any condominium instrument or by this chapter to the unit owners' association, any officer, or the executive board; or (vi) maintain sales offices, management offices, model units, and signs pursuant to § 55.1-1929.

"Unit owner" means one or more persons that own a condominium unit or, in the case of a leasehold condominium, whose leasehold interest in the condominium extends for the entire balance of the unexpired term. "Unit owner" includes any purchaser of a condominium unit at a foreclosure sale, regardless of whether the deed is recorded in the land records where the unit is located. "Unit owner" does not include any person holding an interest in a condominium unit solely as security for a debt.

If the electronic means cannot protect the identity of the voter, another means of voting shall be used.*

Such guidelines shall ensure that persons accessing such meetings are authorized to do so and that persons entitled to participate in such meetings have an opportunity to do so. The executive board shall determine whether any such meeting may be held entirely or partially by electronic means.*

G. If any person does not have the capability or desire to conduct business using electronic means, the unit owners' association shall make *available* a reasonable ~~accommodation~~ *alternative*, at its expense, for such person to conduct business with the unit owners' association without use of such electronic means.

~~G. H.~~ This section shall not apply to any notice related to an enforcement action by the unit owners' association, an assessment lien, or foreclosure proceedings in enforcement of an assessment lien.

All meetings of the unit owners' association or the executive board, including any subcommittee or other committee of such association or board, shall be open to all unit owners of record. The executive board shall not use work sessions or other informal gatherings of the executive board to circumvent the open meeting requirements of this section. ~~The unit owners' association may, to the extent that the condominium instruments or adopted rules expressly provide, send notice by electronic means if consented to by the officer to whom the notice is given.~~ Minutes of the meetings of the executive board shall be recorded and shall be available as provided in § 55.1-1945.

2. A unit owner may make a request to be notified on a continual basis of any such meetings, which request shall be made at least once a year in writing and include the unit owners' name, address, zip code, and any email address as appropriate. Notice of the time, date, and place shall be sent to any unit owner requesting notice (i) by first-class mail or email in the case of meetings of the executive board or (ii) by email in the case of meetings of any subcommittee or other committee of the executive board or of a subcommittee or other committee of the unit owners' association.

B. Unless the condominium instruments specify a larger majority, a quorum shall be deemed to be present throughout any meeting of the executive board if persons entitled to cast one-half of the votes in that body are present at the beginning of such meeting.

C. On petition of the unit owners' association or any unit owner entitled to vote, the circuit court of the county or city in which the condominium or the greater part of such condominium is located may order an annual meeting of the unit owners' association be held for the purpose of the election of members of the executive board, provided that:

1. No annual meeting as required by § 55.1-1949 has been held due to the failure to obtain a quorum of unit owners as specified in the condominium instruments; and

2. The unit owners' association has made good faith attempts to convene a duly called annual meeting of the unit owners' association in three successive years, which attempts have proven unsuccessful due to the failure to obtain a quorum.

The court may set the quorum for the meeting and enter other orders necessary to convene the meeting.

A unit owner filing a petition under this subsection shall provide a copy of the petition to the executive board at least 10 business days prior to filing.

§ 55.1-1953. Meetings of unit owners' association and executive board; voting by unit owners; proxies.

A. The bylaws may allocate to each unit depicted on plats and plans that comply with subsections A and B of § 55.1-1920 a number of votes in the unit owners' association proportionate to the undivided interest in the common elements appertaining to each such unit.

B. Otherwise, the bylaws shall allocate to each such unit an equal number of votes in the unit owners' association, subject to the following exception: Each convertible space so depicted shall be allocated a number of votes in the unit owners' association proportionate to the size of each such space, vis-a-vis the aggregate size of all units so depicted, while the remaining votes in the unit owners' association shall be allocated equally to the other units so depicted.

C. Since a unit owner may be more than one person, if only one of such persons is present at a meeting of the unit owners' association, that person shall be entitled to cast the votes appertaining to that unit. If more than one of such persons is present, the vote appertaining to that unit shall be cast only in accordance with their unanimous agreement unless the condominium instruments expressly provide otherwise, and such consent shall be conclusively presumed if any one of them purports to cast the votes appertaining to that unit without protest being made forthwith by any of the others to the person presiding over the meeting. For purposes of this subsection, "person" is deemed to include any natural person having authority to execute deeds on behalf of any person, excluding natural persons, that is, either alone or in conjunction with another person, a unit owner.

D. The votes appertaining to any unit may be cast pursuant to a proxy duly executed by or on behalf of the unit owner, or, in cases where the unit owner is more than one person, by or on behalf of all such unit owners. No such proxy shall be revocable except by actual notice to the person presiding over the meeting, by the unit owner or by any of such persons, that it be revoked. Except to the extent otherwise provided in the condominium instruments, any proxy is void if it is not dated, or if it purports to be revocable without the required notice. Any proxy shall be void if not signed by or on behalf of the unit owner. If the unit owner is more than one person, any such unit owner may object to the proxy at or prior to the meeting, whereupon the proxy shall be deemed revoked. Any proxy shall terminate after the first meeting held on or after the date of that proxy or any recess or adjournment of that meeting. The proxy shall include a brief explanation of the effect of leaving the proxy uninstructed. ~~To the extent the condominium instruments or the condominium's rules and regulations expressly so provide, a vote or proxy may be submitted by electronic means, provided that any such electronic means shall either set forth or be submitted with information from which it can be determined that the electronic means was authorized by the unit owner or the unit owner's proxy.~~

E. *Unless expressly prohibited by the condominium instruments, a unit owner may vote at a meeting of the unit owners' association in person, by proxy, or by absentee ballot. Such voting may take place by electronic means, provided that the executive board has adopted guidelines for such voting by electronic means. Unit owners voting by absentee ballot or proxy shall be deemed to be present at the meeting for all purposes.*

F. If 50 percent or more of the votes in the unit owners' association appertain to 25 percent or less of the units, then in any case where a majority vote is required by the condominium instruments or by this chapter, the requirement for such a majority shall be deemed to include, in addition to the specified majority of the votes, assent by the unit owners of a like majority of the units.

F. G. All votes appertaining to units owned by the unit owners' association shall be deemed present for quorum purposes at all duly called meetings of the unit owners' association and shall be deemed cast in the same proportions as the votes cast by unit owners other than the unit owners' association.

G. H. Except to the extent that the condominium instruments provide otherwise, the voting interest allocated to the unit or member that has been suspended by the unit owners' association or the executive board pursuant to the condominium instruments shall not be counted in the total number of voting interests used to determine the quorum for any meeting or vote under the condominium instruments.

CHAPTER 495

An Act to amend the Code of Virginia by adding in Chapter 3 of Title 58.1 an article numbered 13.4, consisting of sections numbered 58.1-439.29 and 58.1-439.30, relating to Virginia housing opportunity tax credit.

[S 1197]

Approved March 31, 2021

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Chapter 3 of Title 58.1 an article numbered 13.4, consisting of sections numbered 58.1-439.29 and 58.1-439.30, as follows:

Article 13.4.

Virginia Housing Opportunity Tax Credit Act.

§ 58.1-439.29. Definitions.

As used in this article, unless the context requires a different meaning:

"Authority" means the Virginia Housing Development Authority, or its successor agency.

"Credit period" means the credit period as defined in § 42(f)(1) of the Internal Revenue Code, as amended.

"Eligibility certificate" means a certificate issued by the Authority to the owner of a qualified project certifying that such project qualifies for the Virginia housing opportunity tax credit authorized by this article, and specifying the amount of housing opportunity tax credits that the owner of such qualified project may claim in each year of the credit period. The Authority shall issue an eligibility certificate to a qualified project upon the Authority's approval of a final cost certification that complies with the Authority's requirements.

"Federal low-income housing tax credit" means the federal tax credit as provided in § 42 of the Internal Revenue Code, as amended.

"Housing opportunity tax credit" or "tax credit" means the tax credit created by this article.

"Qualified project" means a qualified low-income building, as defined in § 42(c) of the Internal Revenue Code, as amended, that is located in Virginia, is placed in service on or after January 1, 2021, and is issued an eligibility certificate.

"Qualified taxpayer" means a taxpayer owning an interest, direct or indirect, through one or more pass-through entities, in a qualified project at any time prior to filing a tax return claiming a housing opportunity tax credit.

"Taxpayer" means an individual, corporation, S corporation, partnership, limited partnership, limited liability partnership, limited liability company, joint venture, or nonprofit organization.

"Virginia tax liability" means the income taxes imposed by Articles 2 (§ 58.1-320 et seq.), 6 (§ 58.1-360 et seq.), and 10 (§ 58.1-400 et seq.) of this chapter; Chapter 12 (§ 58.1-1200 et seq.), Article 1 (§ 58.1- 2500 et seq.) of Chapter 25, and Article 2 (§ 58.1-2620 et seq.) of Chapter 26. An insurance company claiming a housing opportunity tax credit against the taxes, licenses, and other fees, fines, and penalties imposed by Article 1 of Chapter 25, including any retaliatory tax imposed on insurance companies by the Code of Virginia, shall not be required to pay any additional tax as a result of claiming the housing opportunity tax credit. The housing opportunity tax credit may fully offset any retaliatory tax imposed by the Code of Virginia.

§ 58.1-439.30. Tax credit.

A. A housing opportunity tax credit shall be allowed for each qualified project for each year of the credit period, in an amount equal to the amount of federal low-income housing tax credit allocated or allowed by the Authority to such qualified project, except that there shall be no reduction in the tax credit allowable in the first year of the credit period due to the calculation in 26 U.S.C. § 42(f)(2).

B. For taxable years beginning on and after January 1, 2021, but before January 1, 2026, a qualified taxpayer may claim a housing opportunity tax credit against its Virginia tax liability prior to reduction by any other credits allowed the taxpayer. The housing opportunity tax credit may be allocated by pass-through entities to some or all of its partners, members, or shareholders in any manner agreed to by such persons, regardless of whether or not any such person is allocated or allowed any portion of any federal low-income housing tax credit with respect to the qualified project, whether or not the allocation of the housing opportunity tax credit under the terms of the agreement has substantial economic effect within the meaning of § 704(b) of the Internal Revenue Code, and whether or not any such person is deemed a partner for federal income tax purposes as long as the partner or member would be considered a partner or member as defined under applicable state law, and has been admitted as a partner or member on or prior to the date for filing the qualified taxpayer's tax return, including any amendments thereto, with respect to the year of the housing opportunity tax credit. Such pass-through entities or qualified taxpayer may assign all or any part of its interest, including its interest in the tax credits,

to one or more pass-through entities or qualified taxpayers, and the qualified taxpayer shall be able to claim the housing opportunity tax credit so long as its interest is acquired prior to the filing of its tax return claiming the housing opportunity tax credit.

C. The housing opportunity tax credit authorized by this article shall not be refundable. Any housing opportunity tax credit not used in a taxable year may be carried forward for the succeeding five years.

D. A qualified taxpayer claiming a housing opportunity tax credit shall submit a copy of the eligibility certificate at the time of filing its tax return with the Department. If the owner of the qualified project has applied to the Authority for the eligibility certificate but the Authority has not yet issued the eligibility certificate at the time the qualified taxpayer files its original tax return claiming the housing opportunity tax credit, the taxpayer may claim the housing opportunity tax credit based upon the amount of tax credit set forth in the carryover allocation or 42(m) letter, as applicable, issued to the qualified project and shall amend its tax return to include the eligibility certificate upon its receipt. If the amount of tax credit in the eligibility certificate is different than the amount of tax credit previously claimed, the taxpayer shall adjust the tax credit amount claimed on the amended tax return.

E. If under § 42 of the Internal Revenue Code, as amended, a portion of any federal low-income housing credits taken on a qualified project is required to be recaptured or is otherwise disallowed during the credit period, the taxpayer claiming housing opportunity tax credits with respect to such project shall also be required to recapture a portion of any tax credits authorized by this article. The percentage of housing opportunity tax credits subject to recapture shall be equal to the percentage of federal low-income housing credits subject to recapture or otherwise disallowed during such period. Any tax credits recaptured or disallowed shall increase the income tax liability of the qualified taxpayer who claimed the tax credits in a like amount and shall be included on the tax return of the qualified taxpayer submitted for the taxable year in which the recapture or disallowance event is identified.

F. The Authority shall administer the housing opportunity tax credit program and shall be authorized to promulgate the regulations and guidelines necessary to implement and administer the provisions of this article. Such regulations and guidelines may include the imposition of application, allocation, certification, and monitoring fees designed to recoup the costs of the Authority in administering the housing opportunity tax credit program. The Authority may also promulgate regulations and guidelines in consultation with the Department to allow a qualified project to elect in its application to the Authority to sell all or any portion of its credits awarded pursuant to this article to one or more unrelated taxpayers. Regulations and guidelines regarding the sale of credits, if promulgated, shall not take effect prior to January 1, 2023, and shall not apply to credits awarded prior to January 1, 2023.

G. The total amount of tax credits authorized under this article shall not exceed \$15 million per calendar year.

A. As used in this section:

"Affordability program" means a program or package of broadband services which may include educational programming or access to educational content, offered by a private broadband service provider to school-age children and their families at a lower price, or with specialized services, compared to the broadband services offered by the private broadband service provider to the general public.

Under such agreements, the school board may award grants or subsidies to private broadband service providers to reduce or eliminate the cost of sponsored program broadband services provided to qualifying student households; and*
- 5. Utilize any federal, state, or local funds that are not otherwise restricted to pay grants or subsidies to support sponsored programs, including any federal funds that may be available through the Coronavirus Aid, Relief, and Economic Security (CARES) Act, P.L. 116-36, the Coronavirus Response and Relief Supplemental Appropriations Act of 2021, or similar legislation.*

§ 62.1-44.15:55.1. Department review of erosion and sediment control plans for solar projects.

A. Any locality that does not operate a regulated MS4 and for which the Department did not administer a VSMP as of July 1, 2020, shall notify the Department if it decides to have the Department provide the locality with (i) review of the erosion and sediment control plan required by subsection A of § 62.1-44.15:55 and (ii) a recommendation on the plan's compliance with the requirements of this article and the Board's regulations, for any solar project and its associated infrastructure with a rated electrical generation capacity exceeding five megawatts.

B. The VESCP authority for a locality that notifies the Department pursuant to subsection A shall, within five days of receiving an erosion and sediment control plan, forward such plan to the Department for review. If a plan forwarded to the Department is incomplete, the Department shall return the plan to the VESCP authority immediately and the application process shall start over. If a plan forwarded to the Department is complete, the Department shall review it for compliance with the requirements of this article and the Board's regulations and provide a recommendation to the VESCP authority. In addition, the State Forester shall cooperate with counties, municipalities, corporations and individuals in preparing plans and providing technical assistance, based on generally accepted scientific forestry principles, for the protection, management and replacement of trees, wood lots and timber tracts and the establishment and preservation of urban forests, under an agreement that the parties obtaining such assistance shall pay the field and traveling expenses of the person employed in preparing such plans. The State Forester also shall assist landowners and law-enforcement agencies with regard to reported cases of timber theft. *The State Forester shall develop and implement forest conservation and management strategies to improve wildlife habitat and corridors, incorporating applicable elements of any wildlife action plan developed by the Department of Wildlife Resources and the Wildlife Corridor Action Plan developed pursuant to § 29.1-579.*

B. § 29.1-579. Wildlife Corridor Action Plan; adoption.

A. The Department, in collaboration with the Department of Transportation, *the Department of Forestry*, and the Department of Conservation and Recreation, shall create a Wildlife Corridor Action Plan.

B. The Plan shall:

1. Identify wildlife corridors, existing or planned barriers to movement along such corridors, and areas with a high risk of wildlife-vehicle collisions. The Plan shall list habitat that is identified as of high quality for priority species and ecosystem health; migration routes of native, game, and migratory species using the best available science and Department surveys, including landscape-scale data from the ConserveVirginia database or a similar land conservation strategy database maintained by the Department of Conservation and Recreation; lands containing a high prevalence of existing human barriers, including roads, dams, power lines, and pipelines; areas identified as of high risk of wildlife-vehicle collisions; habitat identified by the Department as being occupied by rare or at-risk species; and habitat identified as Critical Habitat under the federal Endangered Species Act of 1973, P.L. 93-205, as amended.

2. Prioritize and recommend wildlife crossing projects intended to promote driver safety and wildlife connectivity. The Plan shall describe each such project and include descriptions of wildlife crossing infrastructure or other mitigation techniques recommended to meet Plan goals.

3. Contain maps utilizing the ConserveVirginia public portal, or a similar land conservation strategy public portal maintained by the Department of Conservation and Recreation, and other relevant state databases that detail high-priority areas for wildlife corridor infrastructure and any other information necessary to meet the goals of the Plan.

C. The Secretary of Natural Resources and the Secretary of Transportation shall jointly submit the Plan to the Chairs of the House Committee on Agriculture, Chesapeake and Natural Resources and the Senate Committee on Agriculture,

Conservation and Natural Resources no later than September 1, 2022, and shall jointly submit an updated version of the Plan every four years thereafter.

D. The Department shall assist state agencies and political subdivisions, and by request any federal agency, in considering and incorporating, where applicable, wildlife corridors and the recommendations of the Plan when developing any governmental strategic plan, map, or action. The Department shall publish the plan and any subsequent updates on its website.

§ 33.2-353. Commonwealth Transportation Board to develop and update Statewide Transportation Plan.

A. The Board shall, with the assistance of the Office of Intermodal Planning and Investment, conduct a comprehensive review of statewide transportation needs in a Statewide Transportation Plan setting forth assessment of capacity needs for all corridors of statewide significance, regional networks, and improvements to promote urban development areas established pursuant to § 15.2-2223.1. The assessment shall consider all modes of transportation. Such corridors shall be planned to include multimodal transportation improvements, and the plan shall consider corridor location in planning for any major transportation infrastructure, including environmental impacts and the comprehensive land use plan of the locality in which the corridor is planned. In the designation of such corridors, the Board shall not be constrained by local, district, regional, or modal plans.

The Statewide Transportation Plan shall be updated as needed but no less than once every four years. The plan shall promote economic development and all transportation modes, intermodal connectivity, environmental quality, accessibility for people and freight, and transportation safety.

B. The Statewide Transportation Plan shall establish goals, objectives, and priorities that cover at least a 20-year planning horizon, in accordance with federal transportation planning requirements. The plan shall include quantifiable measures and achievable goals relating to, but not limited to, congestion reduction and safety, transit and high-occupancy vehicle facility use, job-to-housing ratios, job and housing access to transit and pedestrian facilities, air quality, movement of freight by rail, and per capita vehicle miles traveled. The Board shall consider such goals in evaluating and selecting transportation improvement projects for inclusion in the Six-Year Improvement Program pursuant to § 33.2-214.

C. The plan shall incorporate the measures and goals of the approved long-range plans developed by the applicable regional organizations. Each such plan shall be summarized in a public document and made available to the general public upon presentation to the Governor and General Assembly.

D. It is the intent of the General Assembly that this plan assess transportation needs and assign priorities to projects on a statewide basis, avoiding the production of a plan that is an aggregation of local, district, regional, or modal plans.

E. The plan shall consider and incorporate, where applicable, wildlife corridors and any recommendation of the Wildlife Corridor Action Plan developed pursuant to § 29.1-579.

2. That in the development of the Virginia Wildlife Action Plan, or any successor publication, the Department of Wildlife Resources shall consider and incorporate, where applicable, wildlife corridors and any recommendation of the Wildlife Corridor Action Plan developed pursuant to § 29.1-579 of the Code of Virginia, as amended by this act.

CHAPTER 499

[S 1287]

Approved March 31, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 18.2-340.19 and 18.2-340.28 of the Code of Virginia are amended and reenacted as follows:

§ 18.2-340.19. Regulations of the Board.

A. The Board shall adopt regulations that:

1. Require, as a condition of receiving a permit, that the applicant use a predetermined percentage of its gross receipts for (i) those lawful religious, charitable, community or educational purposes for which the organization is specifically chartered or organized or (ii) those expenses relating to the acquisition, construction, maintenance or repair of any interest in real property involved in the operation of the organization and used for lawful religious, charitable, community or educational purposes. In the case of the conduct of Texas Hold'em poker tournaments, the regulations shall provide that the predetermined percentage of gross receipts may be used for expenses related to compensating operators contracted by the qualified organization to administer such events. The regulation may provide for a graduated scale of percentages of gross receipts to be used in the foregoing manner based upon factors the Board finds appropriate to and consistent with the purpose of charitable gaming.

2. Specify the conditions under which a complete list of the organization's members who participate in the management, operation or conduct of charitable gaming may be required in order for the Board to ascertain the percentage of Virginia residents in accordance with subdivision A 3 of § 18.2-340.24.

Membership lists furnished to the Board or Department in accordance with this subdivision shall not be a matter of public record and shall be exempt from disclosure under the provisions of the Freedom of Information Act (§ 2.2-3700 et seq.).

3. Prescribe fees for processing applications for charitable gaming permits. Such fees may reflect the nature and extent of the charitable gaming activity proposed to be conducted.

4. Establish requirements for the audit of all reports required in accordance with § 18.2-340.30.

5. Define electronic and mechanical equipment used in the conduct of charitable gaming. Board regulations shall include capacity for such equipment to provide full automatic daubing as numbers are called. For the purposes of this subdivision, electronic or mechanical equipment for instant bingo, pull tabs, or seal cards shall include such equipment that displays facsimiles of instant bingo, pull tabs, or seal cards and are used solely for the purpose of dispensing or opening such paper or electronic cards, or both; but shall not include (i) devices operated by dropping one or more coins or tokens into a slot and pulling a handle or pushing a button or touchpoint on a touchscreen to activate one to three or more reels marked into horizontal segments by varying symbols, where the predetermined prize amount depends on how and how many of the symbols line up when the rotating reels come to rest, or (ii) other similar devices that display flashing lights or illuminations, or bells, whistles, or other sounds, solely intended to entice players to play. *Such regulations shall not prohibit the use of multiple video monitors or touchscreens on an electronic pull tab device.*

6. Prescribe the conditions under which a qualified organization may (i) provide food and nonalcoholic beverages to its members who participate in the management, operation or conduct of bingo; (ii) permit members who participate in the management, operation or conduct of bingo to play bingo; and (iii) subject to the provisions of subdivision 12 of § 18.2-340.33, permit nonmembers to participate in the conduct of bingo so long as the nonmembers are under the direct supervision of a bona fide member of the organization during the bingo game.

7. Prescribe the conditions under which a qualified organization may sell raffle tickets for a raffle drawing that will be held outside the Commonwealth pursuant to subsection B of § 18.2-340.26.

8. Prescribe the conditions under which persons who are bona fide members of a qualified organization or a child, above the age of 13 years, of a bona fide member of such organization may participate in the conduct or operation of bingo games.

9. Prescribe the conditions under which a person below the age of 18 years may play bingo, provided such person is accompanied by his parent or legal guardian.

10. Require all qualified organizations that are subject to Board regulations to post in a conspicuous place in every place where charitable gaming is conducted a sign which bears a toll-free telephone number for "Gamblers Anonymous" or other organization which provides assistance to compulsive gamblers.

11. Prescribe the conditions under which a qualified organization may sell network bingo cards in accordance with § 18.2-340.28:1 and establish a percentage of proceeds derived from network bingo sales to be allocated to (i) prize pools, (ii) the organization conducting the network bingo, and (iii) the network bingo provider. The regulations shall also establish procedures for the retainage and ultimate distribution of any unclaimed prize.

12. Prescribe the conditions under which a qualified organization may manage, operate or contract with operators of, or conduct Texas Hold'em poker tournaments.

B. In addition to the powers and duties granted pursuant to § 2.2-2456 and this article, the Board may, by regulation, approve variations to the card formats for bingo games provided such variations result in bingo games that are conducted in a manner consistent with the provisions of this article. Board-approved variations may include, but are not limited to, bingo games commonly referred to as player selection games and 90-number bingo.

§ 18.2-340.28. Conduct of instant bingo, network bingo, pull tabs and seal cards.

A. Upon the submission to the clerk of a locality of a written petition, signed by the business owners in the proposed tourism improvement district who will pay more than 50 percent of the fees proposed to be charged, a locality may initiate proceedings to form a tourism improvement district. The amount of the fees attributable to a business owned by the same business owner who is in excess of 40 percent of the amount of all fees proposed to be charged shall not be included in determining whether the petition is signed by business owners who will pay more than 50 percent of the total amount of fees proposed to be charged.

Any petition shall include a summary of the tourism improvement district plan. That summary shall include a map showing the boundaries of the tourism improvement district, information specifying where the complete tourism improvement district plan can be obtained, and information specifying that the complete tourism improvement district plan shall be furnished by the signatories of the petition upon request.

§ 15.2-2413.4. Hearing on a proposed tourism improvement district.

A. After the filing of the tourism improvement district plan pursuant to § 15.2-2413.2 and the submission of a petition pursuant to § 15.2-2413.3, a locality may adopt a resolution containing:

1. A copy of the tourism improvement district plan;

5. The place, if any, other than the clerk's office, where the tourism improvement district plan may be inspected in advance of the hearing if the locality determines that, in the public interest, any additional place of inspection is necessary or desirable.

B. Any objection shall be made orally or in writing by any interested person. Every written objection shall be filed with the clerk at or before the time fixed for the public hearing. The locality may waive any irregularity in the form or content of any written objection. A written objection may be withdrawn in writing at any time before the conclusion of the public hearing. Each written objection shall contain a description of the business in which the person filing the objection is interested, sufficient to identify the business, and, if a person filing is not shown on the official records of the locality as the owner of the business, the objection shall contain or be accompanied by written evidence that the person subscribing is the owner of the business or the authorized representative. A written objection that does not comply with this section shall not be counted in determining a majority objection. If written objections are received from the owners or authorized representatives of businesses in the proposed tourism improvement district that will pay 50 percent or more of the fees proposed to be charged and objections are not withdrawn so as to reduce the objections to less than 50 percent, no further proceedings to charge the proposed fee against such businesses, as contained in the tourism improvement district plan, shall be taken for a period of one year from the date of the finding by the locality of such majority objection.

C. The locality shall cause a copy of the resolution adopted under subsection A, or a summary thereof, to be published at least once in a newspaper in general circulation in the locality, the first publication to be not less than 10 days and not more than 30 days before the date set for the hearing. Not less than 10 days and not more than 30 days before the date set for the hearing, the locality shall mail a copy of the resolution or a summary thereof to each owner of a business that is proposed to be charged a fee within the proposed tourism improvement district at the address shown on the localities most recent list of businesses. If the locality publishes or mails a summary of the resolution, such summary shall include the address of the clerk, a statement that copies of the resolution shall be made available free of charge to the public, the activities proposed, the total estimated annual amount proposed to be expended for activities, and a statement indicating the rights of owners to object pursuant to subsection B.

D. If a tourism improvement district includes multiple localities or portions thereof, the notice and hearing process set forth in this section shall be conducted by the lead locality. A lead locality may not form a tourism improvement district within the territorial jurisdiction of another locality without that locality granting by majority vote of the governing body consent to the lead locality.

§ 15.2-2413.5. Establishment or extension of the tourism improvement district.

A. Not earlier than 30 days after the conclusion of the last day of the public hearing held pursuant to § 15.2-2413.4, the governing body of the locality that conducted the hearing process shall determine:

1. Whether the notice of hearing for all hearings required to be held was published and mailed as required by law and is otherwise sufficient;
2. Whether all the businesses charged a fee within the boundaries of the proposed tourism improvement district or extension will benefit from the establishment or extension of the tourism improvement district; and
3. Whether the establishment or extension of the tourism improvement district is in the public interest.

B. If the locality determines the question of subdivision A 3 in the negative, or if the requisite number of owners file objections as provided in subsection B of § 15.2-2413.4, the locality shall not establish or extend the tourism improvement district, as applicable. Thereafter, no plan for the establishment or extension of a tourism improvement district to include any business proposed to be included in the disapproved tourism improvement district may be submitted until the expiration of at least one year from the date of disapproval.

C. If the locality shall find that notice was incorrectly or insufficiently given or that any business charged a fee within the boundaries of the proposed tourism improvement district or extension is not benefited thereby or that certain businesses benefited thereby had not been included therein, it shall call a further hearing at a definite place and time not less than 10 days and not more than 30 days after this determination. In the resolution calling such hearing, it shall specify the necessary changes, if any, to the boundaries of the proposed tourism improvement district or extension to be made in order that all of the benefited businesses are included in the general tourism improvement district, and only those businesses deemed benefited shall be subject to fees within such tourism improvement district. Notice of the further hearing shall be published and mailed in the manner provided in § 15.2-2413.4, except that, where boundaries are to be altered, this notice shall also specify the manner in which it is proposed to alter the boundaries of the proposed tourism improvement district or extension. The further hearing shall be conducted in the same manner as the original hearing.

D. If a locality determines in the affirmative all questions in subsection A, it may by ordinance establish a tourism improvement district and any ordinances provided for in § 15.2-2413.6.

§ 15.2-2413.6. Local ordinances related to tourism improvement districts.

A. Any locality establishing a tourism improvement district may enact ordinances on any of the following subjects that provide for:

1. Activities and other additional services required for tourism promotion or events or for enhancement of the tourism improvement district;

4. The charging of fees on all benefited businesses within a tourism improvement district, which shall be charged on the basis of the estimated benefit to such businesses within the tourism improvement district;

5. The classifying of businesses for purposes of determining the benefit to the businesses of the activities provided pursuant to this article;

6. A process for the collection of revenues from fees from benefited businesses; and

7. Forming a tourism improvement district in cooperation with, and that includes, other localities.

§ 15.2-2413.7. Amendment to the tourism improvement district plan.

A. At any time after the establishment or extension of a tourism improvement district pursuant to the provisions of this article, the tourism improvement district plan upon which the establishment or extension was based, may, upon the recommendation of the administering nonprofit, be amended by the locality after compliance with the procedures set forth in this section.

B. Amendments to the tourism improvement district plan that provide for changes to the boundaries of the tourism improvement district or any change in the method of determining fees upon which the business fee is based may be adopted by ordinance, provided that the locality shall, after a public hearing, determine that it is in the public interest to authorize the changes to the boundaries of the tourism improvement district or the changes to the method of determining fees. The locality shall give notice of the hearing by publication of a notice on the locality's website or in at least one newspaper having general circulation in the tourism improvement district specifying the time when and the place where the hearing will be held and stating any changes to the boundaries of the tourism improvement district, or any change in the method of determining fees upon which the business fee is based. The notice shall be published at least 10 days prior to the date specified for the hearing.

C. Amendments to the tourism improvement district plan that provide for the tourism improvement district to incur indebtedness in order to provide for additional activities, that provide for an increase only in the amount to be expended annually for activities, or that provide for an increase in the total maximum amount to be expended for activities in the tourism improvement district may be adopted by ordinance. Prior to the adoption of an ordinance making one or more of the amendments as described in this subsection, the governing body shall, after a public hearing, determine that it is in the public interest to authorize the tourism improvement district to incur indebtedness to provide for additional activities, to increase the amount to be expended annually, or to increase the total maximum amount to be expended for activities in the tourism improvement district, or any applicable combination of the foregoing. Notice of the hearing shall be published and mailed in the manner provided in § 15.2-2413.4.

§ 15.2-2413.8. Establishment of separate benefit zones within tourism improvement district; categories of businesses.

The locality may establish one or more separate benefit zones within the tourism improvement district based upon the degree of benefit derived from the activities to be provided within the benefit zone and may impose a different fee within each benefit zone. The locality may also define categories of businesses based upon the degree of benefit that each will derive from the activities to be provided within the tourism improvement district and may impose a different fee or rate of fee on each category of business, or on each category of business within each zone.

§ 15.2-2413.9. Expenses of the tourism improvement district.

A. A locality may appropriate funds to pay expenses associated with the tourism improvement district. A locality may appropriate funds to the administering nonprofit.

B. A locality may issue bonds and other obligations subject to the provisions of the Public Finance Act of 1991 (§ 15.2-2600 et seq.) for the purpose of funding the costs of the tourism improvement district plan. Principal and interest payments on such bonds may be paid from the proceeds of any fees imposed under this article.

C. No funds raised pursuant to this article shall be used by the locality for any purposes other than funding the expenses of the tourism improvement district.

§ 15.2-2413.10. Administering nonprofit.

A. Any locality establishing a tourism improvement district may contract with an administering nonprofit for the purpose of carrying out such activities as may be prescribed in the tourism improvement district plan.

B. The administering nonprofit may make recommendations to the locality with respect to any matter involving or relating to the tourism improvement district.

§ 15.2-2413.11. Dissolution.

A. Any tourism improvement district established or extended pursuant to the provisions of this article, where there is no indebtedness, outstanding and unpaid, incurred to accomplish any of the purposes of the tourism improvement district, may be dissolved by majority vote of the local governing body. The tourism improvement district may be dissolved if the locality determines there has been misappropriation of funds, malfeasance, or a violation of law in connection with the management of the tourism improvement district. In the event of dissolution of a tourism improvement district, any remaining revenues, after all outstanding debts are paid, derived from the charge of fees, or derived from the sale of assets acquired with the revenues, or from bond reserve or construction funds, shall be appropriated for the purposes of the tourism improvement district plan or shall be refunded to the businesses that are charged a fee by applying the same method and basis that was used to determine the tourism improvement district fees that were charged.

B. During the operation of the tourism improvement district, there shall be a 30-day period each year in which owners of benefited businesses may request dissolution of the tourism improvement district. The first such period shall begin one year after the date of establishment of the tourism improvement district and shall continue for 30 days. The next such 30-day period shall begin two years after the date of the establishment of the tourism improvement district. Each successive year of operation of the tourism improvement district shall have such a 30-day period. Upon the written petition of the owners or authorized representatives of businesses in the tourism improvement district who pay 50 percent or more of the fees charged, the locality may by majority vote of the local governing body dissolve the tourism improvement district.

C. The locality shall hold a hearing on any proposed dissolution.

2. That if any provision of this act or the application thereof to any person or circumstance shall be adjudged invalid by any court of competent jurisdiction, such order or judgment shall be confined in its operation to the controversy in which it was rendered and shall not affect or invalidate the remainder of any of the provisions of this act or the application of any part thereof to any other person or circumstance and to this end the provisions of each section of this act are hereby declared to be severable.

The Department or the Board shall act on any certification request within a reasonable period of time pursuant to federal law. Absent such written declaration, failure or refusal by a person subject to the provisions of this section to undergo such immunization shall disqualify the person from the presumptions described in subsection B.

The presumptions described in subsection B shall apply to any person entitled to invoke them for any death or disability occurring on or after March 12, 2020, caused by infection from the COVID-19 virus, provided that for any such death or disability that occurred on or after March 12, 2020, and prior to December 31, 2021, and;

C. The child day center, family day home, or family day system described in subsection A shall inform every individual required to undergo a background check pursuant to this section that he is entitled to obtain a copy of any background check report and to challenge the accuracy and completeness of any such report and obtain a prompt resolution before a final determination is made of the individual's eligibility to have responsibility for the safety and well-being of children.

D. Any person making a materially false statement regarding the sworn statement or affirmation provided pursuant to subdivision B 1 is guilty of a Class 1 misdemeanor.

E. Further dissemination of the background check information is prohibited (i) other than to the Commissioner's representative or a federal or state authority or court as may be required to comply with an express requirement of law for such further dissemination or (ii) *except as provided in subsection J.*

F. A person who complies in good faith with the provisions of this section shall not be liable for any civil damages for any act or omission in the performance of duties under this section unless the act or omission was the result of gross negligence or willful misconduct.

G. Notwithstanding the provisions of subsection A, a child day center may hire for compensated employment persons who have been convicted of not more than one misdemeanor offense under § 18.2-57, or any substantially similar offense under the laws of another jurisdiction, if 10 years have elapsed following the conviction, unless the person committed such offense while employed in a ~~child day~~ child day center or the object of the offense was a minor.

H. Fees charged for the processing and administration of background checks pursuant to this section shall not exceed the actual cost to the state or the local law-enforcement agency of such processing and administration.

Prior to hiring or allowing to volunteer any individual required to undergo a background check pursuant to subsection A without the completion of a background check under the provisions of subsection B, the child welfare agency shall, upon the individual's written consent, obtain written certification from the Department or its designee that such individual satisfies all requirements set forth in this subsection and is eligible to serve as an employee or volunteer at the child welfare agency. If the individual meets all requirements set forth in this subsection and is eligible to serve as an employee or volunteer at the child welfare agency, the written certification shall also state the next date by which another background check for such person shall be completed in accordance with subsection B. Such written certifications shall not reveal the nature of any disqualifying barrier crime or founded complaint of child abuse or neglect or any other information about the individual.

§ 63.2-1724. (Repealed effective July 1, 2021) Records check by unlicensed child day center; penalty.

Any child day center that is exempt from licensure pursuant to § 63.2-1716 shall require all applicants for employment, employees, applicants to serve as volunteers, and volunteers and any other person who is expected to be alone with one or more children enrolled in the child day center to obtain a background check in accordance with § 63.2-1720.1. A child day center that is exempt from licensure pursuant to § 63.2-1716 shall refuse employment or service to any person who (i) has been convicted of any barrier crime as defined in § 19.2-392.02 or (ii) is the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth. The foregoing provisions shall not apply to a parent or guardian who may be left alone with his own child. For purposes of this section, convictions shall include prior adult convictions and juvenile convictions or adjudications of delinquency based on a crime that would have been a felony if committed by an adult within or outside the Commonwealth. subsequent to July 1, 2021, and (ii) shall expire upon the effective date of such provisions of Chapter 14.1 of Title 22.1 of the Code of Virginia.

4. That the Department of Education (the Department) shall establish a two-year pilot program for the purpose of stabilizing and improving the quality of services provided in the Commonwealth's child care industry. To the extent permitted under federal law and regulations, the pilot program shall provide a fixed sum of funds to certain child care providers that have entered into a contract with the Department or its agents or designees to provide child care services funded by the Child Care and Development Block Grant and that have agreed to meet higher standards of quality and care, as determined by the Department. The fixed amount of funds disbursed to a participating child care provider shall be determined based on (i) the number of children that the provider contracts with the Department to provide care for, subject to any attendance requirements established by the Department; (ii) the Department's estimated comprehensive costs of providing high-quality, full-time child care services; and (iii) funds necessary to provide equitable compensation to child care staff. In determining which child care providers shall be permitted to participate in the pilot program, the Department shall prioritize providers that are located in areas of the Commonwealth that have the greatest need for child care services and serve families that are underserved and have the greatest need for child care services. The Department shall require all child care providers that participate in the pilot program to report to the Department (a) de-identified data regarding wages paid to employees of the provider and associated retention rates, (b) information that can be used to assess the financial stability of providers both before and during participation in the pilot program, and (c) any other information necessary to evaluate the effectiveness of the pilot program. The Department shall report to the Governor and the General Assembly no later than December 1 of each year of the pilot program. Such report shall include (1) the number of child care providers selected to participate in the pilot program; (2) the criteria for selection and other statistical information about child care providers selected to participate in the pilot program; (3) the locations of participating child care providers; (4) information regarding wages paid to employees of participating child care providers and associated retention rates; (5) information that can be used to assess the financial stability of participating child care providers both before and during participation in the pilot program; (6) child outcome analysis and evaluation; (7) actual expenditures for the pilot program; (8) the projected cost of and potential revenue sources for expanding the pilot program to all child care providers that have entered into a contract with the Department or its agents or designees to provide child care services funded by the Child Care and Development Block Grant; and (9) any other information deemed necessary by the Department to evaluate the effectiveness of the pilot program.

5. That the Department of Education (the Department) shall, in collaboration with the School Readiness Committee, identify and analyze financing strategies that can be used to support the systemic costs of high-quality child care services, ensure equitable compensation for child care staff, and better prepare children for kindergarten. The Department shall also analyze the effectiveness of using a cost-of-quality modeling system for the child care subsidy program. The Department shall report its findings to the Governor and the General Assembly no later than December 1, 2021.

CHAPTER 511

An Act to amend and reenact § 11-4.6 of the Code of Virginia, relating to liability of contractor for wages of subcontractor's employees.

[S 1209]

Approved March 31, 2021

Be it enacted by the General Assembly of Virginia:

1. That § 11-4.6 of the Code of Virginia is amended and reenacted as follows:

§ 11-4.6. Liability of contractor for wages of subcontractor's employees.

A. As used in this section, unless the context requires a different meaning:

"Construction contract" means a contract between a general contractor and a subcontractor relating to the construction, alteration, repair, or maintenance of a building, structure, or appurtenance thereto, including moving, demolition, and excavation connected therewith, or any provision contained in any contract relating to the construction of projects other than buildings.

"General contractor" and "subcontractor" have the meanings ascribed thereto in § 43-1, *except that those terms shall not include persons solely furnishing materials.*

B. Any construction contract entered into on or after July 1, 2020, shall be deemed to include a provision under which the general contractor and the subcontractor at any tier are jointly and severally liable to pay any subcontractor's employees at any tier the greater of (i) all wages due to a subcontractor's employees at such rate and upon such terms as shall be provided in the employment agreement between the subcontractor and its employees or (ii) the amount of wages that the subcontractor is required to pay to its employees under the provisions of applicable law, including the provisions of the Virginia Minimum Wage Act (§ 40.1-28.8 et seq.) and the *federal* Fair Labor Standards Act (29 U.S.C. § 201 et seq.).

C. A general contractor shall be deemed to be the employer of a subcontractor's employees at any tier for purposes of § 40.1-29. If the wages due to the subcontractor's employees under the terms of the employment agreement between a

subcontractor and its employees are not paid, the general contractor shall be subject to all penalties, criminal and civil, to which an employer that fails or refuses to pay wages is subject under § 40.1-29. Any liability of a general contractor pursuant to § 40.1-29 shall be joint and several with the subcontractor that failed or refused to pay the wages to its employees.

D. Except as otherwise provided in a contract between the general contractor and the subcontractor, the subcontractor shall indemnify the general contractor for any wages, damages, interest, penalties, or attorney fees owed as a result of the subcontractor's failure to pay wages to the subcontractor's employees as provided in subsection B, unless the subcontractor's failure to pay the wages was due to the general contractor's failure to pay moneys due to the subcontractor in accordance with the terms of their construction contract.

E. The provisions of this section shall only apply if (i) it can be demonstrated that the general contractor knew or should have known that the subcontractor was not paying his employees all wages due, (ii) the construction contract is related to a project other than a single family residential project, and (iii) the value of the project, or an aggregate of projects under one construction contract, is greater than \$500,000. *As evidence a general contractor may offer a written certification, under oath, from the subcontractor in direct privity of contract with the general contractor stating that (a) the subcontractor and each of his sub-subcontractors has paid all employees all wages due for the period during which the wages are claimed for the work performed on the project and (b) to the subcontractor's knowledge all sub-subcontractors below the subcontractor, regardless of tier, have similarly paid their employees all such wages. Any person who falsely signs such certification shall be personally liable to the general contractor for fraud and any damages the general contractor may incur.*

CHAPTER 512

a labor organization, (iii) any classification or referral for employment by such an employment agency, or (iv) admission to, or employment in, any program established to provide apprenticeship or other training by such a joint apprenticeship committee that indicates any preference, limitation, specification, or discrimination based on race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, status as a veteran, or national origin, except that such a notice or advertisement may indicate a preference, limitation, specification, or discrimination based on religion, sex, age, or national origin when religion, sex, age, or national origin is a bona fide occupational qualification for employment.

C. Notwithstanding any other provision of this chapter, it is not an unlawful employment practice:

1. For (i) an employer to hire and employ employees; (ii) an employment agency to classify, or refer for employment, any individual; (iii) a labor organization to classify its membership or to classify or refer for employment any individual; or (iv) an employer, labor organization, or joint apprenticeship committee to admit or employ any individual in any apprenticeship or other training program on the basis of such individual's religion, sex, or age in those certain instances where religion, sex, or age is a bona fide occupational qualification reasonably necessary to the normal operation of that particular employer, employment agency, labor organization, or joint apprenticeship committee;

3. For an employer to apply different standards of compensation, or different terms, conditions, or privileges of employment, pursuant to a bona fide seniority or merit system, or a system that measures earnings by quantity or quality of production, or to employees who work in different locations, provided that such differences are not the result of an intention to discriminate because of race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, status as a veteran, or national origin;

4. For an employer to give and to act upon the results of any professionally developed ability test, provided that such test, its administration, or an action upon the results is not designed, intended, or used to discriminate because of race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, status as a veteran, or national origin;

D. Nothing in this chapter shall be construed to require any employer, employment agency, labor organization, or joint apprenticeship committee to grant preferential treatment to any individual or to any group because of such individual's or group's race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, status as a veteran, or national origin on account of an imbalance that may exist with respect to the total number or percentage of persons of any race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, status as a veteran, or national origin employed by any employer, referred or classified for employment by any employment agency or labor organization, admitted to membership or classified by any labor organization, or admitted to or employed in any apprenticeship or other training program, in comparison with the total number or percentage of persons of such race, color, religion, sex, sexual orientation, gender identity, marital status, pregnancy, childbirth or related medical conditions, age, status as a veteran, or national origin in any community.

E. The provisions of this section shall not apply to the employment of individuals of a particular religion by a religious corporation, association, educational institution, or society to perform work associated with its activities.

2. To an employee or employees is guilty of a Class 6 felony (i) if the value of the wages earned and not paid is \$10,000 or more or (ii) regardless of the value of the wages earned and not paid, if the conviction is a second or subsequent conviction under this section.

For purposes of this section, the determination as to the "value of the wages earned" shall be made by combining all wages the employer failed or refused to pay pursuant to this section.

F. The Commissioner may require a written complaint of the violation of this section and, with the written and signed consent of an employee, may institute proceedings on behalf of an employee to enforce compliance with this section, and to collect any moneys unlawfully withheld from such employee which shall be paid to the employee entitled thereto. In addition, following the issuance of a final order by the Commissioner or a court, the Commissioner may engage private

counsel, approved by the Attorney General, to collect any moneys owed to the employee or the Commonwealth. Upon entry of a final order of the Commissioner, or upon entry of a judgment, against the employer, the Commissioner or the court shall assess attorney fees of one-third of the amount set forth in the final order or judgment.

H. Any employer who knowingly fails to make payment of wages in accordance with subsection A shall be subject to a civil penalty not to exceed \$1,000 for each violation. The Commissioner shall notify any employer that he alleges has violated any provision of this section by certified mail. Such notice shall contain a description of the alleged violation. Within 15 days of receipt of notice of the alleged violation, the employer may request an informal conference regarding such violation with the Commissioner. In determining the amount of any penalty to be imposed, the Commissioner shall consider the size of the business of the employer charged and the gravity of the violation. The decision of the Commissioner shall be final. Civil penalties owed under this section shall be paid to the Commissioner for deposit into the general fund of the State Treasurer. The Commissioner shall prescribe procedures for the payment of proposed assessments of penalties that are not contested by employers. The Department may suspend, revoke, or refuse to renew the permit of any supplier or manufacturer for any conduct described in clause (a) or (b) of subsection B or for any violation of this article or regulation of the Board. Before taking any such action, the Department shall give the supplier or manufacturer a written statement of the grounds upon which it proposes to take such action and an opportunity to be heard. Every hearing in a contested case shall be conducted in accordance with the Administrative Process Act (§ 2.2-4000 et seq.).

D. Each supplier shall document each sale of charitable gaming supplies, including electronic games of chance systems, and other items incidental to the conduct of charitable gaming, such as markers, wands or tape, to a qualified organization on an invoice which clearly shows (i) the name and address of the qualified organization to which such supplies or items were sold; (ii) the date of the sale; (iii) the name or form and serial number of each deal of instant bingo cards and pull-tab raffle cards, the quantity of deals sold and the price per deal paid by the qualified organization; (iv) the serial number of the top sheet in each packet of bingo paper, the serial number for each series of uncollated bingo paper, and the cut, color and quantity of bingo paper sold; and (v) any other information with respect to charitable gaming supplies, including electronic games of chance systems, or other items incidental to the conduct of charitable gaming as the Board may prescribe by regulation. A legible copy of the invoice shall accompany the electronic games of chance systems when delivered to the qualified organization or supplier.

E. Each supplier and manufacturer shall maintain a legible copy of each invoice required by subsection D for a period of three years from the date of sale. Each supplier and manufacturer shall make such documents immediately available for inspection and copying to any agent or employee of the Department upon request made during normal business hours. This subsection shall not limit the right of the Department to require the production of any other documents in the possession of the supplier or manufacturer which relate to its transactions with qualified organizations. All documents and other information of a proprietary nature furnished to the Department in accordance with this subsection shall not be a matter of public record and shall be exempt from disclosure under the provisions of the *Virginia* Freedom of Information Act (§ 2.2-3700 et seq.).

F. Each supplier and manufacturer shall provide to the Department the results of background checks and any other records or documents necessary for the Department to enforce the provisions of subsections B and C.

2. That the provisions of this act that amend subsections B and C of § 18.2-340.34 of the Code of Virginia to require the Department of Agriculture and Consumer Services to refuse to issue a permit, or to suspend, revoke, or refuse to renew a permit that has already been issued, to a supplier or manufacturer under certain circumstances shall not apply to offenses committed or suspensions or revocations imposed prior to July 1, 2021.

3. That, notwithstanding §§ 18.2-340.26:1, 18.2-340.27, 18.2-340.28, and 18.2-340.28:1 of the Code of Virginia, as amended by this act, any organization that conducted bingo, network bingo, instant bingo, pull tabs, or seal cards at a location outside of the county, city, or town in which its principal office, as registered with the State Corporation Commission, is located or an adjoining county, city, or town on or before February 1, 2021, may continue to conduct bingo, network bingo, instant bingo, pull tabs, or seal cards at such locations until June 30, 2022.

4. That, except as otherwise provided in subdivision A 1 of § 18.2-340.19 of the Code of Virginia, as amended by this act, the Charitable Gaming Board shall not adjust the percentage of gross receipts, as set forth in 11VAC15-40-20 as it was in effect on January 1, 2021, that an organization with a charitable gaming permit must use for religious, charitable, community, or educational purposes or for certain real property expenses until a study is completed by a joint subcommittee of the Senate Committee on General Laws and Technology, the Senate Committee on Finance and Appropriations, the House Committee on General Laws, and the House Committee on Appropriations. The joint subcommittee shall have a total membership of eight members that shall consist of two members from each committee, to be appointed by the respective committee chairmen. Legal, research, policy analysis, and other services as requested by the joint subcommittee shall be provided by the Division of Legislative Services. All agencies of the Commonwealth, including the Department of Agriculture and Consumer Services' Office of Charitable and Regulatory Programs, shall provide assistance to the joint subcommittee for this study, upon request. The joint subcommittee shall complete its meetings by November 1, 2021, and report its findings to the General Assembly no later than the first day of the 2022 Regular Session of the General Assembly.

5. That, notwithstanding the provisions of subdivision 15 of the definition of "organization" in § 18.2-340.16 of the Code of Virginia, as amended by this act, any nonprofit organization that (i) is exempt from income tax pursuant to § 501(c) of the Internal Revenue Code; (ii) raises funds by conducting raffles, bingo, instant bingo, pull tabs, or seal cards; and (iii) was issued a charitable gaming permit between January 1, 2018, and January 1, 2021, may generate more than \$40,000 in annual gross receipts from conducting such raffles, bingo, instant bingo, pull tabs, or seal cards until July 1, 2022, provided that such gross receipts, less expenses and prizes, are used exclusively for charitable, educational, religious, or community purposes. Be it enacted by the General Assembly of Virginia:

1. § 1. *Notwithstanding any other provision of law to the contrary, the local governing body of the County of Loudoun or Prince William or the City of Manassas or Manassas Park may enter into a contract with the State Board of Health (the Board) to provide local health services in such county or city. A local governing body that enters into a contract with the Board pursuant to this act shall not eliminate any service required by law or reduce the level of service below that required by law. In addition, such local governing body shall not eliminate or reduce the level of any service currently delivered in connection with the Commonwealth's program of medical assistance.*

Any contract executed between the local governing body of the County of Loudoun or Prince William or the City of Manassas or Manassas Park and the Board shall set forth the rights and responsibilities of the local governing body for the delivery of health services and shall require that the local governing body, with the concurrence of the State Health Commissioner, appoint the local director of health services in accordance with local procedures, who shall be employed full time as an employee of the local governing body and shall be responsible for directing all state-mandated public health programs. All employees of the local health department operated by the local governing body shall be employees of the local governing body.

The local governing body of a county or city that enters into a contract with the Board pursuant to this act shall operate the local health department, pursuant to the terms of the contract, with such local appropriations and any state funds as may be made available to it, pursuant to the general appropriation act. State funds for the operation of health services and facilities shall continue to be allocated to the county or city as if such services were provided in a county or city without such a contract.

Any county or city that enters into a contract with the Board pursuant to this act shall be the sole owner of all equipment and supplies, including all equipment and supplies used by the local health department at the time of execution of the contract, that were or are purchased for providing public health services, regardless of the source of the funds for such purchases.

The power to contract conferred by this act shall not be deemed to confer any additional authority to impose fees for local health services upon a county or city that enters into a contract with the Board pursuant to this act.

CHAPTER 522

An Act to amend and reenact §§ 24.2-603, 24.2-704, 24.2-706, 24.2-707, 24.2-709, 24.2-709.1, 24.2-710, 24.2-711, and 24.2-712 of the Code of Virginia and to amend the Code of Virginia by adding sections numbered 24.2-103.2 and

24.2-707.1, relating to absentee voting; establishment of drop-off locations; preprocessing of returned absentee ballots before election day; cure process; accessibility for voters with visual impairment or print disability.

[S 1245]

Approved April 7, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 24.2-603, 24.2-704, 24.2-706, 24.2-707, 24.2-709, 24.2-709.1, 24.2-710, 24.2-711, and 24.2-712 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding sections numbered 24.2-103.2 and 24.2-707.1 as follows:

§ 24.2-103.2. Duties of the Department of Elections related to accessible absentee voting.

The Department of Elections shall make available to all localities a tool to allow a voter with a visual impairment or print disability to electronically and accessibly receive and mark his absentee ballot using screen reader assistive technology. The Department shall develop instructions regarding the use and availability of such tool, including instructions on making the tool available to voters and counting ballots voted with such tool.

§ 24.2-603. Hours polls to be open; closing the polls.

At all elections, the polls shall be open at each polling place at 6:00 a.m. on the day of the election and closed at 7:00 p.m. on the same day except as provided for central absentee voter precincts pursuant to subsection F G of § 24.2-712.

At 6:45 p.m. an officer of election shall announce that the polls will close in fifteen minutes. The officers of election shall list the names of all qualified voters in line before the polling place at 7:00 p.m. and permit those voters and no others to vote after 7:00 p.m.

§ 24.2-704. Applications and ballots for persons requiring assistance in voting; penalty.

A. The application for an absentee ballot shall provide space for the applicant to indicate that he will require assistance to vote his absentee ballot by reason of blindness, disability, or inability to read or write.

B. On receipt of an application from an applicant who indicated that he will require assistance due to a visual impairment or print disability, the general registrar shall offer to provide to the applicant a ballot marking tool with screen reader assistive technology made available pursuant to § 24.2-103.2. If the applicant opts to use such tool, the general registrar shall send by mail to him a ballot return envelope and accessible instructions provided by the Department for using such tool and returning the marked ballot. The general registrar shall cause the outer envelope containing the ballot return envelope and accessible instructions to have a tactile marking that identifies the outer envelope as the outer envelope to the voter. For purposes of this section, "tactile marking" includes a hole punch, a cut corner, or a tactile sticker.

An absentee voter using such tool shall return the marked absentee ballot in accordance with the instructions provided by the Department.

No ballot marked with the electronic ballot marking tool shall be rejected because the ballot was printed on regular paper. No ballot marked with the electronic ballot marking tool shall be rejected on the basis of the position of the voter's signature or address on the ballot return envelope as long as the voter's signature or address is anywhere on the ballot return envelope.

C. On receipt of an application from an applicant marked to indicate that he will require assistance due to any other disability or if an applicant offered the ballot marking tool pursuant to subsection B declines to use such tool, the general registrar shall deliver, with the items required by § 24.2-706, the voter assistance form furnished by the State Board pursuant to § 24.2-649. The voter and any person assisting him shall complete the form by signing the request for assistance and statement required of the assistant. If the voter is unable to sign the request, the witness will note this fact on the line for signature of voter. The provisions of § 24.2-649 shall apply to absentee voting and assistance for absentee voters. Any person who willfully violates the provisions of this section or § 24.2-649 in providing assistance to a person who is voting absentee shall be guilty of a Class 5 felony.

§ 24.2-706. Duty of general registrar on receipt of application; statement of voter.

A. On receipt of an application for an absentee ballot, the general registrar shall enroll the name and address of each registered applicant on an absentee voter applicant list that shall be maintained in the office of the general registrar with a file of the applications received. The list shall be available for inspection and copying and the applications shall be available for inspection only by any registered voter during regular office hours. Upon request and for a reasonable fee, the Department of Elections shall provide an electronic copy of the absentee voter applicant list to any political party or candidate. Such list shall be used only for campaign and political purposes. Any list made available for inspection and copying under this section shall contain the post office box address in lieu of the residence street address for any individual who has furnished at the time of registration or subsequently, in addition to his street address, a post office box address pursuant to subsection B of § 24.2-418.

No list or application containing an individual's social security number, or any part thereof, or the individual's day and month of birth, shall be made available for inspection or copying by anyone. The Department of Elections shall prescribe procedures for general registrars to make the information in the lists and applications available in a manner that does not reveal social security numbers or parts thereof, or an individual's day and month of birth.

B. The completion and timely delivery of an application for an absentee ballot shall be construed to be an offer by the applicant to vote in the election.

The general registrar shall note on each application received whether the applicant is or is not a registered voter. In reviewing the application for an absentee ballot, the general registrar shall not reject the application of any individual because of an error or omission on any record or paper relating to the application, if such error or omission is not material in determining whether such individual is qualified to vote absentee.

If the application has been properly completed and signed and the applicant is a registered voter of the precinct in which he offers to vote, the general registrar shall, at the time when the printed ballots for the election are available, send by the deadline set out in § 24.2-612, obtaining a certificate or other evidence of either first-class or expedited mailing or delivery from the United States Postal Service or other commercial delivery provider, or deliver to him in person in the office of the registrar, the following items and nothing else:

1. An envelope containing the folded ballot, sealed and marked "Ballot within. Do not open except in presence of a witness."

2. An envelope, with printing only on the flap side, for resealing the marked ballot, on which envelope is printed the following:

"Statement of Voter."

"I do hereby state, subject to felony penalties for making false statements pursuant to § 24.2-1016, that my FULL NAME is _____ (last, first, middle); that I am now or have been at some time since last November's general election a legal resident of _____ (STATE YOUR LEGAL RESIDENCE IN VIRGINIA including the house number, street name or rural route address, city, zip code); that I received the enclosed ballot(s) upon application to the registrar of such county or city; that I opened the envelope marked 'ballot within' and marked the ballot(s) in the presence of the witness, without assistance or knowledge on the part of anyone as to the manner in which I marked it (or I am returning the form required to report how I was assisted); that I then sealed the ballot(s) in this envelope; and that I have not voted and will not vote in this election at any other time or place.

Signature of Voter _____

Date _____

Signature of witness _____ "

For elections held after January 1, 2004, instead of the envelope containing the above oath, an envelope containing the standard oath prescribed by the presidential designee under § 101(b)(7) of the Uniformed and Overseas Citizens Absentee Voting Act (52 U.S.C. § 20301 et seq.) shall be sent to voters who are qualified to vote absentee under that Act.

When this statement has been properly completed and signed by the registered voter and witnessed, his ballot shall not be subject to challenge pursuant to § 24.2-651.

3. A properly addressed envelope for the return of the ballot to the general registrar by mail or by the applicant in person, *or to a drop-off location*.

4. Printed instructions for completing the ballot and statement on the envelope and returning the ballot. *Such instructions shall include information on the sites of all drop-off locations in the county or city.*

For federal elections held after January 1, 2004, for any voter who is required by subparagraph (b) of 52 U.S.C. § 21083 of the Help America Vote Act of 2002 to show identification the first time the voter votes in a federal election in the state, the printed instructions shall direct the voter to submit with his ballot (i) a copy of a current and valid photo identification or (ii) a copy of a current utility bill, bank statement, government check, paycheck or other government document that shows the name and address of the voter. Such individual who desires to vote by mail but who does not submit one of the forms of identification specified in this paragraph may cast such ballot by mail and the ballot shall be counted as a provisional ballot under the provisions of § 24.2-653.01. The Department of Elections shall provide instructions to the electoral boards for the handling and counting of such provisional ballots pursuant to § 24.2-653.01 and this section.

5. For any voter entitled to vote absentee under the Uniformed and Overseas Citizens Absentee Voting Act (52 U.S.C. § 20301 et seq.), information provided by the Department of Elections specific to the voting rights and responsibilities for such citizens, or information provided by the registrar specific to the status of the voter registration and absentee ballot application of such voter, may be included.

The envelopes and instructions shall be in the form prescribed by the Department of Elections.

C. If the applicant completes his application in person under § 24.2-701 at a time when the printed ballots for the election are available, he may request that the general registrar send to him by mail the items set forth in subdivisions B 1 through 4, instead of casting the ballot in person. Such request shall be made no later than 5:00 p.m. on the eleventh day prior to the election in which the applicant offers to vote, and the general registrar shall send those items to the applicant by mail, obtaining a certificate or other evidence of mailing.

D. If the applicant is a covered voter, as defined in § 24.2-452, the general registrar, at the time when the printed ballots for the election are available, shall mail by the deadline set forth in § 24.2-612 or deliver in person to the applicant in the office of the general registrar the items as set forth in subdivisions B 1 through 4 and, if necessary, an application for registration. A certificate or other evidence of mailing shall not be required. If the applicant requests that such items be sent by electronic transmission, the general registrar, at the time when the printed ballots for the election are available but not later than the deadline set forth in § 24.2-612, shall send by electronic transmission the blank ballot, the form for the envelope for returning the marked ballot, and instructions to the voter. Such materials shall be sent using the official email address or fax number of the office of the general registrar published on the Department of Elections website. The State

Board of Elections may prescribe by regulation the format of the email address used for transmitting ballots to eligible voters. A general registrar may also use electronic transmission facilities provided by the Federal Voting Assistance Program. The voted ballot shall be returned to the general registrar as otherwise required by this chapter.

E. The circuit courts shall have jurisdiction to issue an injunction to enforce the provisions of this section upon the application of (i) any aggrieved voter, (ii) any candidate in an election district in whole or in part in the court's jurisdiction where a violation of this section has occurred, or is likely to occur, or (iii) the campaign committee or the appropriate district political party chairman of such candidate. Any person who fails to discharge his duty as provided in this section through willful neglect of duty and with malicious intent shall be guilty of a Class 1 misdemeanor as provided in subsection A of § 24.2-1001.

§ 24.2-707. How ballots marked and returned.

A. On receipt of a mailed absentee ballot, the voter shall, in the presence of a witness, (i) open the sealed envelope marked "ballot within" and (ii) mark and refold the ballot, as provided in §§ 24.2-644 and 24.2-646 without assistance and without making known how he marked the ballot, except as provided by § 24.2-704.

After the voter has marked his absentee ballot, he shall (a) enclose the ballot in the envelope provided for that purpose, (b) seal the envelope, (c) fill in and sign the statement printed on the back of the envelope in the presence of a witness, who shall sign the same envelope, (d) enclose the ballot envelope and any required assistance form within the envelope directed to the general registrar, and (e) seal that envelope and mail it to the office of the general registrar or deliver it personally to the general registrar. A voter's failure to provide in the statement on the back of the envelope his full middle name or his middle initial shall not be a material omission, rendering his ballot void, unless the voter failed to provide in the statement on the back of the envelope his full first and last name. A voter's failure to provide the date, or any part of the date, including the year, on which he signed the statement printed on the back of the envelope shall not be considered a material omission and shall not render his ballot void. For purposes of this chapter, "mail" shall include delivery by a commercial delivery service, but shall not include delivery by a personal courier service or another individual except as provided by §§ 24.2-703.2 and 24.2-705.

B. A mailed absentee ballot shall be returned (i) by mail to the office of the general registrar, (ii) by the voter in person to the general registrar, or (iii) to a drop-off location established pursuant to § 24.2-707.1. For purposes of this subsection, "mail" includes a delivery by a commercial delivery service but does not include delivery by a personal courier service or other individual except as provided by §§ 24.2-703.2 and 24.2-705.

C. Failure to follow the procedures set forth in this section shall render the applicant's ballot void.

§ 24.2-707.1. Drop-off locations for return of absentee ballots.

A. The general registrar of each county or city shall establish at the office of the general registrar and each voter satellite office in operation for an election a drop-off location for the purpose of allowing the deposit of completed absentee ballots for such election. On the day of the election, there shall also be a drop-off location at each polling place in operation for the election. The general registrar may establish additional drop-off locations within the county or city as he deems necessary. All drop-off locations shall be accessible; be on public property, unless located at a polling place; and otherwise comply with any criteria for drop-off locations set by the Department.

B. The Department shall set standards for the establishment and operation of drop-off locations, including necessary security requirements. The Department shall submit such standards annually by October 1 to the Chairmen of the House and Senate Committees on Privileges and Elections, the Senate Committee on Finance and Appropriations, and the House Committee on Appropriations.

C. Not later than 55 days prior to any election, the general registrar shall post notice of the sites of the drop-off locations in the locality in the office of the general registrar and on the official website of the county or city. Such notice shall remain in the office of the general registrar and on the official website of the county or city for the duration of the period during which absentee ballots may be returned.

D. Absentee ballots shall be collected from drop-off locations in accordance with the instructions provided by the Department. Such instructions shall include chain of custody requirements and recordkeeping requirements. Absentee ballots shall be collected at least daily by (i) two officers of election or electoral board members representing the two major political parties where practicable or (ii) two employees from the office of the general registrar, unless the drop-off location is in the office of the general registrar, in which case the general registrar or an assistant general registrar may collect the absentee ballots.

§ 24.2-709. Ballot to be returned in manner prescribed by law.

A. Any ballot returned to the office of the general registrar or to a drop-off location in any manner except as prescribed by law shall be void. Absentee ballots shall be returned to the general registrar or to a drop-off location before the closing of the polls. Any voter who is in line to return an absentee ballot at a drop-off location by 7:00 p.m. on the day of the election shall be permitted to deposit his absentee ballot. The registrar receiving the ballot shall (i) seal the ballot in an envelope with the statement or declaration of the voter, or both, attached to the outside and (ii) mark on each envelope the date, time, and manner of delivery. No returned absentee ballot shall be deemed void because (a) the inner envelope containing the voted ballot is imperfectly sealed so long as the outside envelope containing the ballot envelope is sealed or (b) it is not returned sealed in the outside envelope so long as it is returned sealed in the inner envelope.

B. Notwithstanding the provisions of subsection A, any absentee ballot (i) returned to the general registrar after the closing of the polls on election day but before noon on the third day after the election and (ii) postmarked on or before the

date of the election shall be counted pursuant to the procedures set forth in this chapter if the voter is found entitled to vote. For purposes of this subsection, a postmark shall include any other official indicia of confirmation of mailing by the United States Postal Service or other postal or delivery service.

C. Notwithstanding the provisions of subsection A, any absentee ballot (i) received after the close of the polls on any election day, (ii) received before 5:00 p.m. on the second business day before the State Board meets to ascertain the results of the election pursuant to this title, (iii) requested on or before but not sent by the deadline for making absentee ballots available under § 24.2-612, and (iv) cast by a covered voter, as defined in § 24.2-452, shall be counted pursuant to the procedures set forth in this chapter if the voter is found entitled to vote. The electoral board shall prepare an amended certified abstract, which shall include the results of such ballots, and shall deliver such abstract to the State Board by the business day prior to its meeting pursuant to this title, and shall deliver a copy of such abstract to the general registrar to be available for inspection when his office is open for business.

D. Notwithstanding the provisions of clause (i) of subsection B of § 24.2-427, an absentee ballot returned by a voter in compliance with § 24.2-707 and this section who dies prior to the counting of absentee ballots on election day shall be counted pursuant to the procedures set forth in this chapter if the voter is found to have been entitled to vote at the time that he returned the ballot.

§ 24.2-709.1. Processing returned absentee ballots before election day; cure process.

~~Each general registrar shall take one or more of the following measures as needed to expedite counting absentee ballots returned by mail before election day:~~ (i) *A. On receipt of an absentee ballot returned in person or by mail to the office of the general registrar or to a drop-off location before election day, the general registrar shall mark the date of receipt in the voter's record and shall examine the ballot envelopes envelope to verify completion of the required voter affirmation;* (ii) *mark the pollbook, or the absentee voter applicant list if the pollbook is not available, that the voter has voted;* or (iii) *open the sealed ballot envelopes and insert the ballots in optical scan counting equipment or other secure ballot container without initiating any ballot count totals. If the general registrar proceeds to open sealed ballot envelopes as provided in clause (iii), at A voter affirmation statement shall not be deemed to be incomplete on the sole basis of the voter's failure to provide (i) his full name or his middle initial, as long as the voter provided his full first and last name, or (ii) the date, or any part of the date, including the year, on which he signed the statement.*

B. If the voter affirmation has been completed as required, the general registrar may open the sealed ballot envelope and insert the ballot in optical scan counting equipment or other secure ballot container without initiating any ballot count totals. If a general registrar does not choose to do so, the sealed ballot envelope shall be deposited into a secure container provided for such purpose, in which it shall remain until the general registrar initiates the process of opening the sealed ballot envelopes deposited into the secure container and inserting such ballots into optical scan counting equipment without initiating any ballot count totals. Such process shall be at the general registrar's discretion at any time prior to the seventh day immediately preceding the election but shall be mandatory beginning on the seventh day immediately preceding the election.

At least two officers of election, one representing each political party, shall be present during all hours when a general registrar uses the expedited procedures sealed ballot envelopes are opened as authorized in or required by this section subsection. No person present while sealed ballot envelopes are opened and ballots are inserted into counting equipment or other secure ballot container pursuant to clause (iii) shall disclose any information concerning the ballots.

In the event that circumstances prevent a general registrar from complying with the provisions of this subsection, such failure shall not be grounds for contesting the election pursuant to Article 2 (§ 24.2-803 et seq.) of Chapter 8 and shall not invalidate the absentee ballots.

C. For any absentee ballot received by the Friday immediately preceding the day of the election, if the general registrar finds during the examination of the ballot envelope that the required voter affirmation was not correctly or completely filled out or that a procedure required by § 24.2-707 was not properly followed, and such error or failure would render the ballot void by law, the general registrar shall enter into the voter's record in the voter registration system that the absentee ballot has an issue requiring correction in order for it to be counted. This information shall be included on any absentee voter applicant list provided pursuant to subsection C of § 24.2-710.

Within three days of such finding, the registrar shall notify the voter in writing or by email of the error or failure and shall provide information to the voter on how to correct the issue so his ballot may be counted. The voter shall be entitled to make such necessary corrections before noon on the third day after the election, and his ballot shall then be counted pursuant to the procedures set forth in this chapter if he is found to be entitled to vote. No absentee ballot needing correction shall be delivered to the officers of election at the appropriate precinct until the voter is provided the opportunity to make the necessary corrections pursuant to this subsection.

The general registrar may issue a new absentee ballot to the voter if necessary and shall preserve the first ballot with other spoiled ballots.

§ 24.2-710. Absentee voter applicant lists.

On receipt of an absentee ballot, the electoral board or general registrar shall mark the date of receipt in the appropriate column opposite the name and address of the voter on the absentee voter applicant list maintained in the general registrar's office. A board member or registrar shall deposit the return envelope and the unopened ballot envelope in an appropriate container provided for the purpose, in which they shall remain until the day of the election, unless the registrar opts to open sealed ballot envelopes in order to expedite the counting of absentee ballots in accordance with § 24.2-709.1.

A. The provisions of this subsection shall apply only to those localities not using an electronic pollbook. On the day before the election, the general registrar shall (i) make out in triplicate on a form prescribed by the State Board the absentee voter applicant list containing the names of all persons who applied for an absentee ballot through the third day before the election and (ii) by noon on the day before the election, deliver two copies of the list to the electoral board. The general registrar shall make out a supplementary list containing the names of all persons voting absentee in person or applying to vote absentee pursuant to § 24.2-705 for delivery by 5:00 p.m. on the day before the election. The supplementary list shall be deemed part of the absentee voter applicant list and shall be prepared and delivered in accordance with the instructions of the State Board. The general registrar shall maintain one copy of the list in his office for two years as a public record open for inspection upon request during regular office hours.

B. On the day before the election, the electoral board shall deliver one copy of the list provided to it by the general registrar to the chief officer of election for each precinct. The list shall be attested by the secretary of the electoral board who shall be responsible for the delivery of the attested lists to the chief officer of election for each precinct.

Absentee ballots shall be accepted only from voters whose names appear on the attested list.

~~Before the polls close on the day of the election, the electoral board shall deliver the absentee ballot containers to, and obtain a receipt from, the officers of election at each appropriate precinct. Any ballot returned to the electoral board or general registrar prior to the closing of the polls, but after the ballot container has been delivered, shall be delivered in an appropriate container to the officers of election at each appropriate precinct. The containers shall be sealed prior to delivery to the officers and shall contain the sealed absentee ballots, the accompanying return envelopes, and a copy of the absentee voter applicant list for each precinct.~~

If the county or city uses a central absentee voter precinct pursuant to § 24.2-712, the lists and containers shall be delivered, as provided in this section, to the officers of election for the absentee precinct.

~~Before noon on the day following the election, the general registrar shall deliver all applications for absentee ballots for the election, under seal, to the clerk of the circuit court for the county or city, except that the general registrar may retain all applications for absentee ballots until the electoral board has ascertained the results of the election pursuant to § 24.2-671, and has determined the validity of and counted all provisional ballots pursuant to § 24.2-653.01, at which point all applications shall then be delivered, under seal, to the clerk of the circuit court for the county or city. The clerk shall retain the sealed applications with the counted ballots.~~

The secretary of the electoral board shall deliver all absentee ballots received after the election to the clerk of the circuit court.

C. Upon request, the State Board shall provide an electronic copy of the absentee voter applicant list to any political party or candidate. Such lists shall be used only for campaign and political purposes. In no event shall any list furnished under this section contain (a) any voter's social security number or any part thereof, (b) any voter's day and month of birth, or (c) the residence address of any voter who has provided a post office box address to be used on public lists pursuant to § 24.2-418.

§ 24.2-711. Duties of electoral board, general registrar, and officers of election.

A. Before the polls open, the officers of election at each precinct shall mark, for each person on the absentee voter applicant list, the letters "AB" (meaning absentee ballot) in the voting record column on the pollbook. The pollbook may be so marked prior to election day by the general registrar, the secretary of the electoral board, or staff under the direction of the general registrar or the secretary, or when the pollbook is produced by the State Board pursuant to § 24.2-404. If the pollbook has been marked prior to election day, before the polls open the officers of election at each precinct shall check the marks for accuracy and make any additions or corrections required.

The chief officer of election shall keep the copy of the absentee voter applicant list in the polling place as a public record open for inspection upon request at all times while the polls are open.

If a voter, whose name appears on the absentee voter applicant list, has not returned an unused ballot and offers to vote in his precinct, the officers of election in the precinct shall determine the matter pursuant to §§ 24.2-653.1 and 24.2-708.

Immediately after the close of the polls, the container of absentee ballots shall be opened by the officers of election. As each ballot envelope is removed from the container, the name of the voter shall be called and checked as if the voter were voting in person. If the voter is found entitled to vote, an officer shall mark the voter's name on the pollbook with the first or next consecutive number from the voter count form, or shall enter that the voter has voted if the pollbook is in electronic form. The ballot envelope shall then be opened, and the ballot deposited in the ballot container without being unfolded or examined. If the voter is found not entitled to vote, the unopened envelope shall be rejected. An unopened envelope shall not be rejected on the sole basis of a voter's failure to provide in the statement on the back of the unopened envelope his full middle name or his middle initial, unless the voter also failed to provide his full first and last name. An unopened envelope shall not be rejected on the sole basis of a voter's failure to provide the date, or any part of the date, including the year, on which he signed the statement printed on the back of the envelope. At least two officers of election, one representing each political party, shall write and sign a statement of the cause for rejection on the envelope or on an attachment to the envelope.

When all ballots have been accounted for and either voted or rejected, the officers shall place the empty ballot envelopes, the return envelopes, and any rejected ballot envelopes, in one envelope provided for the purpose and seal and deliver it with the ballots cast at the election as provided in this title.

B. Before noon on the day following the election, the general registrar shall deliver all applications for absentee ballots for the election, under seal, to the clerk of the circuit court for the county or city, except that the general registrar may retain all applications for absentee ballots until the electoral board has ascertained the results of the election pursuant to § 24.2-671, and has determined the validity of and counted all provisional ballots pursuant to § 24.2-653.01, at which point all applications shall then be delivered, under seal, to the clerk of the circuit court for the county or city. The clerk shall retain the sealed applications with the counted ballots.

C. The secretary of the electoral board shall deliver all absentee ballots received after the election to the clerk of the circuit court.

If the officers cannot produce such records, the voter shall be allowed to vote in person at the absentee voter precinct and have his vote counted with other absentee votes. If the voter's appeal is denied, the provisions of § 24.2-708 shall be applicable, and the officers shall advise the voter that he may vote on presentation of a statement signed by him that he has not received an absentee ballot and subject to felony penalties for making false statements pursuant to § 24.2-1016.

D. Absentee ballots ~~may shall~~ be processed as required by ~~§ 24.2-711~~ 24.2-709.1 by the officers of election at the central absentee voter precinct prior to the closing of the polls. § 37.2-808. Emergency custody; issuance and execution of order.

A. Any magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion, *or a court may issue pursuant to § 19.2-271.6*, an emergency custody order when he has probable cause to believe that any person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, (ii) is in need of hospitalization or treatment, and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. Any emergency custody order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

When considering whether there is probable cause to issue an emergency custody order, the magistrate may, in addition to the petition, *or the court may pursuant to § 19.2-271.6*, consider (1) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (2) any past actions of the person, (3) any past mental health treatment of the person, (4) any relevant hearsay evidence, (5) any medical records available, (6) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (7) any other information available that the magistrate *or the court* considers relevant to the determination of whether probable cause exists to issue an emergency custody order.

B. Any person for whom an emergency custody order is issued shall be taken into custody and transported to a convenient location to be evaluated to determine whether the person meets the criteria for temporary detention pursuant to § 37.2-809 and to assess the need for hospitalization or treatment. The evaluation shall be made by a person designated by the community services board who is skilled in the diagnosis and treatment of mental illness and who has completed a certification program approved by the Department.

C. The magistrate *or court* issuing an emergency custody order shall specify the primary law-enforcement agency and jurisdiction to execute the emergency custody order and provide transportation. However, the magistrate *or court* shall consider any request to authorize transportation by an alternative transportation provider in accordance with this section, whenever an alternative transportation provider is identified to the magistrate *or court*, which may be a person, facility, or agency, including a family member or friend of the person who is the subject of the order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner, upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the person's treating physician, if any; or other persons who are available and have knowledge of the person, and, when the magistrate *or court* deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative transportation provider, the magistrate *or court* shall order the specified primary law-enforcement agency to execute the order, to take the person into custody, and to transfer custody of the person to the alternative transportation provider identified in the order. In such cases, a copy of the emergency custody order shall accompany the person being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the community services board or its designee responsible for conducting the evaluation. The community services board or its designee conducting the evaluation shall return a copy of the emergency custody order to the court designated by the magistrate *or the court that issued the emergency custody order* as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

Transportation under this section shall include transportation to a medical facility as may be necessary to obtain emergency medical evaluation or treatment that shall be conducted immediately in accordance with state and federal law. Transportation under this section shall include transportation to a medical facility for a medical evaluation if a physician at the hospital in which the person subject to the emergency custody order may be detained requires a medical evaluation prior to admission.

D. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate *or court* shall order the primary law-enforcement agency from the jurisdiction served by the community services board that designated the person to perform the evaluation required in subsection B to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. If the community services board serves more than one jurisdiction, the magistrate *or court* shall designate the primary law-enforcement agency from the particular jurisdiction within the community services board's service area where the person who is the subject of the emergency custody order was taken into custody or, if the person has not yet been taken into custody, the primary law-enforcement agency from the jurisdiction where the person is presently located to execute the order and provide transportation.

E. The law-enforcement agency or alternative transportation provider providing transportation pursuant to this section may transfer custody of the person to the facility or location to which the person is transported for the evaluation required in subsection B, G, or H if the facility or location (i) is licensed to provide the level of security necessary to protect both the person and others from harm, (ii) is actually capable of providing the level of security necessary to protect the person and others from harm, and (iii) in cases in which transportation is provided by a law-enforcement agency, has entered into an agreement or memorandum of understanding with the law-enforcement agency setting forth the terms and conditions under which it will accept a transfer of custody, provided, however, that the facility or location may not require the law-enforcement agency to pay any fees or costs for the transfer of custody.

F. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing an emergency custody order pursuant to this section.

G. A law-enforcement officer who, based upon his observation or the reliable reports of others, has probable cause to believe that a person meets the criteria for emergency custody as stated in this section may take that person into custody and transport that person to an appropriate location to assess the need for hospitalization or treatment without prior authorization. A law-enforcement officer who takes a person into custody pursuant to this subsection or subsection H may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of obtaining the assessment. Such evaluation shall be conducted immediately. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the person into custody.

H. A law-enforcement officer who is transporting a person who has voluntarily consented to be transported to a facility for the purpose of assessment or evaluation and who is beyond the territorial limits of the county, city, or town in which he serves may take such person into custody and transport him to an appropriate location to assess the need for hospitalization

or treatment without prior authorization when the law-enforcement officer determines (i) that the person has revoked consent to be transported to a facility for the purpose of assessment or evaluation, and (ii) based upon his observations, that probable cause exists to believe that the person meets the criteria for emergency custody as stated in this section. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the person into custody.

I. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a person in his custody as provided in this section.

J. A representative of the primary law-enforcement agency specified to execute an emergency custody order or a representative of the law-enforcement agency employing a law-enforcement officer who takes a person into custody pursuant to subsection G or H shall notify the community services board responsible for conducting the evaluation required in subsection B, G, or H as soon as practicable after execution of the emergency custody order or after the person has been taken into custody pursuant to subsection G or H.

K. The person shall remain in custody until (i) a temporary detention order is issued in accordance with § 37.2-809, (ii) an order for temporary detention for observation, testing, or treatment is entered in accordance with § 37.2-1104, ending law enforcement custody, (iii) the person is released, or (iv) the emergency custody order expires. An emergency custody order shall be valid for a period not to exceed eight hours from the time of execution.

L. Nothing in this section shall preclude the issuance of an order for temporary detention for testing, observation, or treatment pursuant to § 37.2-1104 for a person who is also the subject of an emergency custody order issued pursuant to this section. In any case in which an order for temporary detention for testing, observation, or treatment is issued for a person who is also the subject of an emergency custody order, the person may be detained by a hospital emergency room or other appropriate facility for testing, observation, and treatment for a period not to exceed 24 hours, unless extended by the court as part of an order pursuant to § 37.2-1101, in accordance with subsection C of § 37.2-1104. Upon completion of testing, observation, or treatment pursuant to § 37.2-1104, the hospital emergency room or other appropriate facility in which the person is detained shall notify the nearest community services board, and the designee of the community services board shall, as soon as is practicable and prior to the expiration of the order for temporary detention issued pursuant to § 37.2-1104, conduct an evaluation of the person to determine if he meets the criteria for temporary detention pursuant to § 37.2-809.

M. Any person taken into emergency custody pursuant to this section shall be given a written summary of the emergency custody procedures and the statutory protections associated with those procedures.

N. If an emergency custody order is not executed within eight hours of its issuance, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if such office is not open, to any magistrate serving the jurisdiction of the issuing court.

O. In addition to the eight-hour period of emergency custody set forth in subsection G, H, or K, if the individual is detained in a state facility pursuant to subsection E of § 37.2-809, the state facility and an employee or designee of the community services board as defined in § 37.2-809 may, for an additional four hours, continue to attempt to identify an alternative facility that is able and willing to provide temporary detention and appropriate care to the individual.

P. Payments shall be made pursuant to § 37.2-804 to licensed health care providers for medical screening and assessment services provided to persons with mental illnesses while in emergency custody.

Q. No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.

2. That the Office of the Executive Secretary of the Supreme Court of Virginia shall collect the following data and report such data annually to the Chairmen of the Senate Committee on the Judiciary and the House Committee for Courts of Justice by December 1, 2021, and December 1, 2022: (i) the number of cases in which a defendant introduces evidence concerning his mental condition pursuant to § 19.2-271.6 of the Code of Virginia, as created by this act; (ii) the number of cases in which such evidence is introduced and a jury or court finds that a defendant did not have the intent required for the offense charged due to a mental illness as defined in § 19.2-271.6 of the Code of Virginia, as created by this act, an intellectual or developmental disability, or autism spectrum disorder; (iii) the number of cases in which the court issues an emergency custody order pursuant to § 37.2-808 of the Code of Virginia, as amended by this act, after a jury or the court finds that a defendant did not have the intent required for the offense charged due to a mental illness as defined in § 19.2-271.6 of the Code of Virginia, as created by this act, an intellectual or developmental disability, or autism spectrum disorder; and (iv) if an emergency custody order is issued in such case, the number of defendants for whom no subsequent temporary detention order is issued and who are released, the number of defendants for whom a subsequent temporary detention order is issued, and the number of defendants who are subsequently involuntarily admitted.

The reports shall contain such information as is required by the Exchange and shall be accompanied by fingerprints of the individual arrested for each charge. Effective January 1, 2006, the corresponding photograph of the individual arrested shall accompany the report. Fingerprint cards prepared by a law-enforcement agency for inclusion in a national criminal justice file shall be forwarded to the Exchange for transmittal to the appropriate bureau. Nothing in this section shall preclude each local law-enforcement agency from maintaining its own separate photographic database. Fingerprints and photographs required to be taken pursuant to this subsection or subdivision A 3c of § 19.2-123 may be taken at the facility where the magistrate is located, including a regional jail, even if the accused is not committed to jail.

Law-enforcement agencies and clerks of court shall only submit reports to the Central Criminal Records Exchange only for those offenses enumerated in this subsection. Only reports received for those offenses enumerated in this subsection shall be included in the Central Criminal Records Exchange.

2. For persons arrested and released on summonses in accordance with subsection B of § 19.2-73 or § 19.2-74, such report shall not be required until (i) a conviction is entered and no appeal is noted or if an appeal is noted, the conviction is upheld upon appeal or the person convicted withdraws his appeal; (ii) the court defers or dismisses the proceeding pursuant to § 18.2-57.3, 18.2-251, or 19.2-303.2; or (iii) an acquittal by reason of insanity pursuant to § 19.2-182.2 is entered. Upon such conviction or acquittal, the court shall remand the individual to the custody of the office of the chief law-enforcement officer of the county or city. It shall be the duty of the chief law-enforcement officer, or his designee who may be the arresting officer, to ensure that such report is completed for each charge after a determination of guilt or acquittal by reason of insanity. The court shall require the officer to complete the report immediately following the person's conviction or acquittal, and the individual shall be discharged from custody forthwith, unless the court has imposed a jail sentence to be served by him or ordered him committed to the custody of the Commissioner of Behavioral Health and Developmental Services.

Upon finding such person in violation of the terms or conditions of a suspended sentence or probation for such felony offense, the court shall order that the fingerprints and photograph of such person be taken by a law-enforcement officer for each such offense and submitted to the Central Criminal Records Exchange.

4. Upon finding such person in violation of the terms or conditions of a suspended sentence or probation for such felony offense, the court shall order that the fingerprints and photograph of such person be taken by a law-enforcement officer for each such offense and submitted to the Central Criminal Records Exchange.

5. If the accused is in custody when an indictment or presentment is found or made, or information is filed, and no process is awarded, the attorney for the Commonwealth shall so notify the court of such at the time of first appearance for each indictment, presentment, or information for which a report is required upon arrest pursuant to subdivision 1, and the court shall order that the fingerprints and photograph of the accused be taken for each offense by a law-enforcement officer or by the agency that has custody of the accused at the time of first appearance. The law-enforcement officer or agency taking the fingerprints and photograph shall submit a report to the Central Criminal Records Exchange for each offense.

B. Within 72 hours following the receipt of (i) a warrant or *capias* for the arrest of any person on a charge of a felony or (ii) a Governor's warrant of arrest of a person issued pursuant to § 19.2-92, the law-enforcement agency which received the warrant shall enter the person's name and other appropriate information required by the Department of State Police into the "information systems" known as the Virginia Criminal Information Network (VCIN), established and maintained by the

Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52 and the National Crime Information Center (NCIC), maintained by the Federal Bureau of Investigation. The report shall include the person's name, date of birth, social security number and such other known information which the State Police or Federal Bureau of Investigation may require. Where feasible and practical, the magistrate or court issuing the warrant or capias may transfer information electronically into VCIN. When the information is electronically transferred to VCIN, the court or magistrate shall forthwith forward the warrant or capias to the local police department or sheriff's office. When criminal process has been ordered destroyed pursuant to § 19.2-76.1, the law-enforcement agency destroying such process shall ensure the removal of any information relating to the destroyed criminal process from the VCIN and NCIC.

B1. Within 72 hours following the receipt of a written statement issued by a parole officer pursuant to § 53.1-149 or 53.1-162 authorizing the arrest of a person who has violated the provisions of his post-release supervision or probation, the law-enforcement agency that received the written statement shall enter, or cause to be entered, the person's name and other appropriate information required by the Department of State Police into the "information systems" known as the Virginia Criminal Information Network (VCIN), established and maintained by the Department pursuant to Chapter 2 (§ 52-12 et seq.) of Title 52.

C. For offenses not charged on a summons in accordance with subsection B of § 19.2-73 or § 19.2-74, the clerk of each circuit court and district court shall make an electronic report to the Central Criminal Records Exchange of (i) any dismissal, including a dismissal pursuant to § 18.2-57.3, 18.2-251, or 19.2-303.2, indefinite postponement or continuance, charge still pending due to mental incompetency or incapacity, deferral, nolle prosequi, acquittal, or conviction of, including any sentence imposed, or failure of a grand jury to return a true bill as to, any person charged with an offense listed in subsection A, including any action that may have resulted from an indictment, presentment or information, or any finding that the person is in violation of the terms or conditions of a suspended sentence or probation for a felony offense and (ii) any adjudication of delinquency based upon an act that, if committed by an adult, would require fingerprints to be filed pursuant to subsection A. For offenses listed in subsection A and charged on a summons in accordance with subsection B of § 19.2-73 or § 19.2-74, such electronic report by the clerk of each circuit court and district court to the Central Criminal Records Exchange may be submitted but shall not be required until (a) a conviction is entered and no appeal is noted or, if an appeal is noted, the conviction is upheld upon appeal or the person convicted withdraws his appeal; (b) the court defers or dismisses the proceeding pursuant to § 18.2-57.3, 18.2-251, or 19.2-303.2; or (c) an acquittal by reason of insanity pursuant to § 19.2-182.2 is entered. The clerk of each circuit court shall make an electronic report to the Central Criminal Records Exchange of any finding that a person charged on a summons is in violation of the terms or conditions of a suspended sentence or probation for a felony offense. ~~In the case of offenses not required to be reported to the Exchange by subsection A, the reports of any of the foregoing dispositions shall be filed by the law-enforcement agency making the arrest with the arrest record required to be maintained by § 15.2-1722.~~ Upon conviction of any person, including juveniles tried and convicted in the circuit courts pursuant to § 16.1-269.1, whether sentenced as adults or juveniles, for an offense for which registration is required as defined in § 9.1-902, the clerk shall within seven days of sentencing submit a report to the Sex Offender and Crimes Against Minors Registry. The report to the Registry shall include the name of the person convicted and all aliases that he is known to have used, the date and locality of the conviction for which registration is required, his date of birth, social security number, and last known address, and specific reference to the offense for which he was convicted. No report of conviction or adjudication in a district court shall be filed unless the period allowed for an appeal has elapsed and no appeal has been perfected. In the event that the records in the office of any clerk show that any conviction or adjudication has been nullified in any manner, he shall also make a report of that fact to the Exchange and, if appropriate, to the Registry. In addition, each clerk of a circuit court, upon receipt of certification thereof from the Supreme Court, shall report to the Exchange or the Registry, or to the law-enforcement agency making the arrest in the case of offenses not required to be reported to the Exchange, on forms provided by the Exchange or Registry, as the case may be, any reversal or other amendment to a prior sentence or disposition previously reported. When criminal process is ordered destroyed pursuant to § 19.2-76.1, the clerk shall report such action to the law-enforcement agency that entered the warrant or capias into the VCIN.

D. In addition to those offenses enumerated in subsection A, the Central Criminal Records Exchange may receive, classify, and file any other fingerprints, photographs, and records of ~~arrest or~~ confinement submitted to it by any ~~law-enforcement agency or any~~ correctional institution or the Department of Corrections. Unless otherwise prohibited by law, any such fingerprints, photographs, and records received by the Central Criminal Records Exchange from any correctional institution or the Department of Corrections may be classified and filed as criminal history record information.

E. Corrections officials, sheriffs, and jail superintendents of regional jails, responsible for maintaining correctional status information, as required by the regulations of the Department of Criminal Justice Services, with respect to individuals about whom reports have been made under the provisions of this chapter shall make reports of changes in correctional status information to the Central Criminal Records Exchange. The reports to the Exchange shall include any commitment to or release or escape from a state or local correctional facility, including commitment to or release from a parole or probation agency.

F. Any pardon, reprieve or executive commutation of sentence by the Governor shall be reported to the Exchange by the office of the Secretary of the Commonwealth.

G. Officials responsible for reporting disposition of charges, and correctional changes of status of individuals under this section, including those reports made to the Registry, shall adopt procedures reasonably designed at a minimum (i) to ensure

that such reports are accurately made as soon as feasible by the most expeditious means and in no instance later than 30 days after occurrence of the disposition or correctional change of status and (ii) to report promptly any correction, deletion, or revision of the information.

H. Upon receiving a correction, deletion, or revision of information, the Central Criminal Records Exchange shall notify all criminal justice agencies known to have previously received the information.

I. As used in this section:

CHAPTER 23.2.

SEALING OF CRIMINAL HISTORY RECORD INFORMATION AND COURT RECORDS.

§ 19.2-392.5. *Sealing defined; effect of sealing.*

A. As used in this chapter, unless the context requires a different meaning, "sealing" means to (i) restricting dissemination of criminal history record information contained in the Central Criminal Records Exchange, including any records relating to an arrest, charge, or conviction, in accordance with the purposes set forth in § 19.2-392.13 and pursuant to the rules and regulations adopted pursuant to § 9.1-128 and the procedures adopted pursuant to § 9.1-134 and (ii) prohibiting dissemination of court records related to an arrest, charge, or conviction, unless such dissemination is authorized by a court order for one or more of the purposes set forth in § 19.2-392.13. "Sealing" may be required either by the issuance of a court order following the filing of a petition or automatically by operation of law under the processes set forth in this chapter.

B. The provisions of this chapter shall only apply to adults who were arrested, charged, or convicted of a criminal offense and to juveniles who were tried in circuit court pursuant to § 16.1-269.1.

C. Records relating to an arrest, charge, or conviction that have been sealed may be disseminated only for purposes set forth in § 19.2-392.13 and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134. The court, except as provided in subsection B of § 19.2-392.14, and any law-enforcement agency shall reply to any inquiry that no record exists with respect to an arrest, charge, or conviction that has been sealed, unless such information is permitted to be disclosed pursuant to § 19.2-392.13 and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134. A clerk of any court and the Executive Secretary of the Supreme Court shall be immune from any cause of action arising from the production of sealed court records, including electronic records, absent gross negligence or willful misconduct. This subsection shall not be construed to limit, withdraw, or overturn any defense or immunity already existing in statutory or common law or to affect any cause of action accruing prior to the effective date of this section.

D. Except as otherwise provided in this section, upon entry of an order for sealing, the person who was arrested, charged, or convicted of the offense that was ordered to be sealed may deny or not disclose to any state or local government agency or to any private employer in the Commonwealth that such an arrest, charge, or conviction occurred. Except as otherwise provided in this section, no person as to whom an order for sealing has been entered shall be held thereafter under any provision of law to be guilty of perjury or otherwise giving a false statement by reason of that person's denial or failure to disclose any information concerning an arrest, charge, or conviction that has been sealed.

E. A person who is the subject of the order of sealing entered pursuant to § 19.2-392.7, 19.2-392.8, 19.2-392.9, 19.2-392.11, or 19.2-392.12 may not deny or fail to disclose information to any employer or prospective employer about an offense that has been ordered to be sealed if:

1. The person is applying for full-time employment or part-time employment with, or to be a volunteer with, the State Police or a police department or sheriff's office that is a part of or administered by the Commonwealth or any political subdivision thereof;

2. This Code requires the employer to make such an inquiry;

3. Federal law requires the employer to make such an inquiry;

4. The position, or access to the premises in or upon which any part of the duties of such position is performed or is to be performed, is subject to any requirement imposed in the interest of the national security of the United States under any security program in effect pursuant to or administered under any contract with, or statute or regulation of, the United States or any Executive Order of the President; or

5. The rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134 allow the employer to access such sealed records.

Failure to disclose such sealed arrest, charge, or conviction, if such failure to disclose was knowing or willful, shall be a ground for prosecution of perjury as provided for in § 18.2-434.

F. An order to seal an arrest, charge, or conviction entered pursuant to § 19.2-392.7, 19.2-392.8, 19.2-392.9, 19.2-392.11, or 19.2-392.12 shall not relieve the person who was arrested, charged, or convicted of any obligation to pay all fines, costs, forfeitures, penalties, or restitution in relation to the offense that was ordered to be sealed.

G. Any arrest, charge, or conviction sealed pursuant to § 19.2-392.7, 19.2-392.8, 19.2-392.9, 19.2-392.11, or 19.2-392.12 may be admissible and considered in proceedings relating to the care and custody of a child. A person as to whom an order for sealing has been entered may be required to disclose a sealed arrest, charge, or conviction as part of such proceedings. Failure to disclose such sealed arrest, charge, or conviction, if such failure to disclose was knowing or willful, shall be a ground for prosecution of perjury as provided for in § 18.2-434.

H. Any arrest, charge, or conviction sealed pursuant to § 19.2-392.7, 19.2-392.8, 19.2-392.9, 19.2-392.11, or 19.2-392.12 shall not be (i) disclosed in any sentencing report; (ii) considered when ascertaining the punishment of a defendant; or (iii) considered in any hearing on the issue of bail, release, or detention of a defendant.

I. Any arrest, charge, or conviction sealed pursuant to § 19.2-392.7, 19.2-392.8, 19.2-392.9, 19.2-392.11, or 19.2-392.12 shall not constitute a barrier crime as defined in § 19.2-392.02, except as otherwise required under federal law.

J. A person shall be required to disclose any felony conviction sealed pursuant to § 19.2-392.12 for purposes of determining that person's eligibility to be empaneled as a member of a jury. Failure to disclose such conviction, if such failure to disclose was knowing or willful, shall be a ground for prosecution of perjury as provided for in § 18.2-434.

§ 19.2-392.6. Automatic sealing of offenses resulting in a deferred and dismissed disposition or conviction.

A. If a person was charged with an offense in violation of § 4.1-305 or 18.2-250.1, and such offense was deferred and dismissed as provided in § 4.1-305 or 18.2-251, such offense, including any records relating to such offense, shall be ordered to be automatically sealed in the manner set forth in § 19.2-392.7, subject to the provisions of subsections C and D.

B. If a person was convicted of a violation of any of the following sections, such conviction, including any records relating to such conviction, shall be ordered to be automatically sealed in the manner set forth in § 19.2-392.7, subject to the provisions of subsections C and D: § 4.1-305, 18.2-96, 18.2-103, 18.2-119, 18.2-120, or 18.2-134; a misdemeanor violation of § 18.2-248.1; or § 18.2-250.1 or 18.2-415.

C. Subject to the provisions of subsection D, any offense listed under subsection A and any conviction listed under subsection B shall be ordered to be automatically sealed if seven years have passed since the date of the dismissal or conviction and the person charged with or convicted of such offense has not been convicted of violating any law of the Commonwealth that requires a report to the Central Criminal Records Exchange under subsection A of § 19.2-390 or any other state, the District of Columbia, or the United States or any territory thereof, excluding traffic infractions under Title 46.2, during that time period.

D. No offense listed under subsection A shall be automatically sealed if, on the date of the deferral or dismissal, the person was convicted of another offense that is not eligible for automatic sealing under subsection A or B. No conviction listed under subsection B shall be automatically sealed if, on the date of the conviction, the person was convicted of another offense that is not eligible for automatic sealing under subsection A or B.

E. This section shall not be construed as prohibiting a person from seeking sealing in the circuit court pursuant to the provisions of § 19.2-392.12.

§ 19.2-392.7. Process for automatic sealing of offenses resulting in a conviction or deferred disposition.

A. On at least a monthly basis, the Department of State Police shall determine which offenses in the Central Criminal Records Exchange meet the criteria for automatic sealing set forth in § 19.2-392.6.

B. After reviewing the offenses under subsection A, the Department of State Police shall provide an electronic list of all offenses that meet the criteria for automatic sealing set forth in § 19.2-392.6 to the Executive Secretary of the Supreme Court and to any circuit court clerk who maintains a case management system that interfaces with the Department of State Police under subsection B1 of § 17.1-502.

C. Upon receipt of the electronic list from the Department of State Police provided under subsection B, on at least a monthly basis the Executive Secretary of the Supreme Court shall provide an electronic list of all offenses that meet the criteria for automatic sealing set forth in § 19.2-392.6 to the clerk of each circuit court in the jurisdiction where the case was finalized, if such circuit court clerk participates in the case management system maintained by the Executive Secretary.

D. Upon receipt of the electronic list provided under subsection B or C, on at least a monthly basis the clerk of each circuit court shall prepare an order and the chief judge of that circuit court shall enter such order directing that the offenses that meet the criteria for automatic sealing set forth in § 19.2-392.6 be automatically sealed under the process described in § 19.2-392.13. Such order shall contain the names of the persons charged with or convicted of such offenses.

E. The clerk of each circuit court shall provide an electronic copy of any order entered under subsection D to the Department of State Police on at least a monthly basis. Upon receipt of such order, the Department of State Police shall proceed as set forth in § 19.2-392.13.

F. Any order to seal issued pursuant to this section shall be sealed and may only be disseminated for the purposes set forth in § 19.2-392.13 and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134.

G. If an offense is automatically sealed contrary to law, the automatic sealing of that particular offense shall be voidable upon motion and notice made within two years of the entry of the order to automatically seal such offense.

§ 19.2-392.8. Automatic sealing of offenses resulting in acquittal, nolle prosequi, or dismissal.

A. If a person is charged with the commission of a misdemeanor offense, excluding traffic infractions under Title 46.2, and (i) the person is acquitted, (ii) a nolle prosequi is entered, or (iii) the charge is otherwise dismissed, excluding any charge that is deferred and dismissed after a finding of facts sufficient to justify a finding of guilt, the court disposing of the matter shall, at the time the acquittal, nolle prosequi, or dismissal is entered, order that the charge be automatically sealed under the process described in § 19.2-392.13, unless the attorney for the Commonwealth or any other person advises the court at the time the acquittal, nolle prosequi, or dismissal is entered that:

1. The charge is ancillary to another charge that resulted in a conviction or a finding of facts sufficient to justify a finding of guilt;
2. A nolle prosequi is entered or the charge is dismissed as part of a plea agreement;
3. Another charge arising out of the same facts and circumstances is pending against the person;
4. The Commonwealth intends to reinstitute the charge or any other charge arising out of the same facts and circumstances within three months;
5. Good cause exists, as established by the Commonwealth by a preponderance of the evidence, that such charge should not be automatically sealed; or
6. The person charged with the offense objects to such automatic sealing.

B. If a person is charged with the commission of a felony offense and is acquitted, or the charge against him is dismissed with prejudice, he may immediately upon the acquittal or dismissal orally request that the records relating to the charge be sealed. Upon such request and with the concurrence of the attorney for the Commonwealth, the court shall order the automatic sealing of records relating to the arrest or charge under the process described in § 19.2-392.13.

C. If the court enters an order of sealing pursuant to subsection A or B, the court shall advise the person that the offense has been ordered to be automatically sealed.

D. Any denial by the court to enter a sealing order under subsection A or B shall be without prejudice, and the person may seek expungement in the circuit court pursuant to the provisions of § 19.2-392.2. Entry of a sealing order under subsection A or B shall not prohibit the person from seeking expungement in the circuit court pursuant to the provisions of § 19.2-392.2.

E. Any order to seal issued pursuant to this section shall be sealed and may only be disseminated for the purposes set forth in § 19.2-392.13 and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134.

F. If an offense is automatically sealed contrary to law, the automatic sealing of that particular offense shall be voidable upon motion and notice made within two years of the entry of the order to automatically seal such offense.

§ 19.2-392.9. Automatic sealing for mistaken identity or unauthorized use of identifying information.

A. If (i) a person is charged or arrested as a result of mistaken identity or (ii) a person's name or other identification is used without his consent or authorization by another person who is charged or arrested using such name or identification, and a nolle prosequi is entered or the charge is otherwise dismissed, the attorney for the Commonwealth or any other person requesting the nolle prosequi or dismissal shall notify the court of the mistaken identity or unauthorized use of identifying information at the time such request is made. Upon such notification, the court disposing of the matter shall, at the time the nolle prosequi or dismissal is entered, order that the charge be automatically sealed under the process described in § 19.2-392.13, unless the person charged or arrested as a result of the mistaken identity or unauthorized use of identifying information objects to such automatic sealing.

B. If the court enters an order of sealing pursuant to subsection A, the court shall advise the person charged that the offense has been ordered to be automatically sealed.

C. Any denial by the court to enter a sealing order under subsection A shall be without prejudice. Entry of a sealing order or the denial of entry of a sealing order under subsection A shall not prohibit the person from seeking expungement in the circuit court pursuant to the provisions of § 19.2-392.2.

D. Any order to seal issued pursuant to this section shall be sealed and may only be disseminated for the purposes set forth in § 19.2-392.13 and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134.

E. If an offense is automatically sealed contrary to law, the automatic sealing of that particular offense shall be voidable upon motion and notice made within two years of the entry of the order to automatically seal such offense.

§ 19.2-392.10. Process for automatic sealing of offenses resulting in acquittal, nolle prosequi, or dismissal.

§ 19.2-392.11. Automatic sealing of misdemeanor offenses resulting in acquittal, nolle prosequi, or dismissal for persons with no convictions or deferred and dismissed offenses on their criminal history record.

A. On at least an annual basis, the Department of State Police shall review the Central Criminal Records Exchange and identify all persons with finalized misdemeanor case dispositions that resulted in (i) an acquittal, (ii) a nolle prosequi, or (iii) a dismissal, excluding any charge that was deferred and dismissed after a finding of facts sufficient to justify a

finding of guilt, where the criminal history record of such person contains no convictions for any criminal offense for a violation of any law of the Commonwealth that requires a report to the Central Criminal Records Exchange under subsection A of § 19.2-390 and where such criminal history record contains no arrests or charges for a violation of any law of the Commonwealth that requires a report to the Central Criminal Records Exchange under subsection A of § 19.2-390 in the past three years, excluding traffic infractions under Title 46.2. For purposes of this subsection, any offense on the person's criminal history record that has previously been ordered to be sealed shall not be deemed a conviction.

B. Upon identification of the finalized case dispositions under subsection A, the Department of State Police shall provide an electronic list of such offenses to the Executive Secretary of the Supreme Court and to any circuit court clerk who maintains a case management system that interfaces with the Department of State Police under subsection B1 of § 17.1-502.

C. Upon receipt of the electronic list from the Department of State Police provided under subsection B, on at least an annual basis the Executive Secretary of the Supreme Court shall provide an electronic list of such offenses to the clerk of each circuit court in the jurisdiction where the case was finalized, if such circuit court clerk participates in the case management system maintained by the Executive Secretary.

F. Any order to seal issued pursuant to this section shall be sealed and may only be disseminated for the purposes set forth in § 19.2-392.13 and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134.

G. This section shall not be construed as prohibiting a person from seeking expungement in the circuit court pursuant to the provisions of § 19.2-392.2. Entry of a sealing order pursuant to this section shall not prohibit a person from seeking expungement in the circuit court pursuant to the provisions of § 19.2-392.2.

H. If an offense is automatically sealed contrary to law, the automatic sealing of that particular offense shall be voidable upon motion and notice made within two years of the entry of the order to automatically seal such offense.

I. If an offense is automatically sealed pursuant to the procedure set forth in this section and such offense was not ordered to be automatically sealed at the time of acquittal, nolle prosequi, or dismissal for one or more of the reasons set forth in § 19.2-392.8, the automatic sealing of such offense shall be voidable upon motion and notice made within two years of the entry of the order to automatically seal such offense.

§ 19.2-392.12. Sealing of offenses resulting in a deferred and dismissed disposition or conviction by petition.

A. Except for a conviction or deferral and dismissal of a violation of § 18.2-36.1, 18.2-36.2, 18.2-51.4, 18.2-51.5, 18.2-57.2, 18.2-266, or 46.2-341.24, a person who has been convicted of or had a charge deferred and dismissed for a (i) misdemeanor offense, (ii) Class 5 or 6 felony, or (iii) violation of § 18.2-95 or any other felony offense in which the defendant is deemed guilty of larceny and punished as provided in § 18.2-95 may file a petition setting forth the relevant facts and requesting sealing of the criminal history record information and court records relating to the charge or conviction, provided that such person has (a) never been convicted of a Class 1 or 2 felony or any other felony punishable by imprisonment for life, (b) not been convicted of a Class 3 or 4 felony within the past 20 years, or (c) not been convicted of any other felony within the past 10 years of his petition.

B. A person shall not be required to pay any fees or costs for filing a petition pursuant to this section if such person files a petition to proceed without the payment of fees and costs, and the court with which such person files his petition finds such person to be indigent pursuant to § 19.2-159.

C. The petition with a copy of the warrant, summons, or indictment, if reasonably available, shall be filed in the circuit court of the county or city in which the case was disposed of and shall contain, except when not reasonably available, the date of arrest, the name of the arresting agency, and the date of conviction. When this information is not reasonably available, the petition shall state the reason for such unavailability. The petition shall further state the charge or conviction to be sealed, the date of final disposition of the charge or conviction as set forth in the petition; the petitioner's date of birth, sex, race, and social security number, if available; and the full name used by the petitioner at the time of arrest or summons. A petitioner may only have two petitions granted pursuant to this section within his lifetime.

D. The Commonwealth shall be made party to the proceeding. The petitioner shall provide a copy of the petition by delivery or by first-class mail, postage prepaid, to the attorney for the Commonwealth of the city or county in which the petition is filed. The attorney for the Commonwealth may file an objection or answer to the petition or may give written notice to the court that he does not object to the petition within 21 days after it is delivered to him or received in the mail.

E. Upon receipt of the petition, the circuit court shall order that the attorney for the Commonwealth or a law-enforcement officer, as defined in § 9.1-101, provide the court with a sealed copy of the criminal history record of the petitioner. Upon completion of the hearing, the court shall cause the criminal history record to be destroyed unless, within 30 days of the date of the entry of the final order in the matter, the petitioner or the attorney for the Commonwealth notes an appeal to the Supreme Court of Virginia.

F. After receiving the criminal history record of the petitioner, the court may conduct a hearing on the petition. The court shall enter an order requiring the sealing of the criminal history record information and court records, including electronic records, relating to the charge or conviction, only if the court finds that all criteria in subdivisions 1 through 4 are met, as follows:

1. During a period after the date of (i) dismissal of a deferred charge, (ii) conviction, or (iii) release from incarceration of the charge or conviction set forth in the petition, whichever date occurred later, the person has not been convicted of violating any law of the Commonwealth that requires a report to the Central Criminal Records Exchange under subsection A of § 19.2-390 or any other state, the District of Columbia, or the United States or any territory thereof, excluding traffic infractions under Title 46.2, for:

a. Seven years for any misdemeanor offense; or

b. Ten years for any felony offense;

2. If the records relating to the offense indicate that the occurrence leading to the deferral or conviction involved the use or dependence upon alcohol or any narcotic drug or any other self-administered intoxicant or drug of whatsoever nature, the petitioner has demonstrated his rehabilitation;

3. The petitioner has not previously obtained the sealing of two other deferrals or convictions arising out of different sentencing events; and

4. The continued existence and possible dissemination of information relating to the charge or conviction of the petitioner causes or may cause circumstances that constitute a manifest injustice to the petitioner.

G. If the attorney for the county or city in which the petition is filed (i) gives written notice to the court pursuant to subsection D that he does not object to the petition and (ii) stipulates in such written notice that the petitioner is eligible to have such offense sealed, and the continued existence and possible dissemination of information relating to the charge or conviction of the petitioner causes or may cause circumstances that constitute a manifest injustice to the petitioner, the court may enter an order of sealing without conducting a hearing.

H. Any party aggrieved by the decision of the court may appeal, as provided by law in civil cases.

I. Upon the entry of an order of sealing, the clerk of the court shall cause an electronic copy of such order to be forwarded to the Department of State Police. Such electronic order shall contain the petitioner's full name, date of birth, sex, race, and social security number; if available, as well as the petitioner's state identification number from the criminal history record, the court case number of the charge or conviction to be sealed, if available, and the document control number; if available. Upon receipt of such electronic order, the Department of State Police shall seal such records in accordance with § 19.2-392.13. When sealing such charge or conviction, the Department of State Police shall include a notation on the criminal history record that such offense was sealed pursuant to this section. The Department of State Police shall also electronically notify the Office of the Executive Secretary of the Supreme Court and any other agencies and individuals known to maintain or to have obtained such a record that such record has been ordered to be sealed and may only be disseminated in accordance with § 19.2-392.13 and pursuant to the rules and regulations adopted pursuant to § 9.1-128 and the procedures adopted pursuant to § 9.1-134.

J. Costs shall be as provided by § 17.1-275 but shall not be recoverable against the Commonwealth. Any costs collected pursuant to this section shall be deposited in the Sealing Fee Fund created pursuant to § 17.1-205.1.

K. Any order entered where (i) the court or parties failed to strictly comply with the procedures set forth in this section or (ii) the court enters an order for the sealing of records contrary to law shall be voidable upon motion and notice made within two years of the entry of such order.

L. If a petitioner qualifies to file a petition for sealing of records without the payment of fees and costs pursuant to subsection B and has requested court-appointed counsel, the court shall then appoint counsel to file the petition for sealing of records and represent the petitioner in the sealed records proceedings. Counsel appointed to represent such a petitioner shall be compensated for his services subject to guidelines issued by the Executive Secretary of the Supreme Court of Virginia, in a total amount not to exceed \$120, as determined by the court, and such compensation shall be paid from the Sealing Fee Fund as provided in § 17.1-205.1.

M. A petition filed under this section and any responsive pleadings filed by the attorney for the Commonwealth shall be maintained under seal by the clerk unless otherwise ordered by the court. Any order to seal issued pursuant to this section shall be sealed and may only be disseminated for the purposes set forth in § 19.2-392.13 and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134.

N. A conviction or deferral and dismissal of § 18.2-36.1, 18.2-36.2, 18.2-51.4, 18.2-51.5, 18.2-57.2, 18.2-266, or 46.2-341.24 is ineligible for the sealing of records under this section.

O. Nothing in this chapter shall prohibit the circuit court from entering an order to seal a charge or conviction under this section when such charge or conviction is eligible for sealing under some other section of this chapter.

§ 19.2-392.13. Disposition of records when an offense is sealed; permitted uses of sealed records.

A. Upon electronic notification that a court order for sealing has been entered pursuant to § 19.2-392.7, 19.2-392.8, 19.2-392.9, 19.2-392.11, or 19.2-392.12, the Department of State Police shall not disseminate any criminal history record information contained in the Central Criminal Records Exchange, including any records relating to an arrest, charge, or conviction, that was ordered to be sealed, except for purposes set forth in this section and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134. Upon receipt of such electronic notification, the Department of State Police shall electronically notify those agencies and individuals known to maintain or to have

obtained such a record that such record has been ordered to be sealed and may only be disseminated for purposes set forth in this section and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134. Any records maintained electronically that are transformed or transferred by whatever means to an offline system or to a confidential and secure area inaccessible from normal use within the system in which the record is maintained shall be considered sealed, provided that such records are accessible only to the manager of the records or their designee.

B. Upon entry of a court order for sealing pursuant to § 19.2-392.7, 19.2-392.8, 19.2-392.9, 19.2-392.11, or 19.2-392.12, the Executive Secretary of the Supreme Court and any circuit court clerk who maintains a case management system that interfaces with the Department of State Police under subsection B1 of § 17.1-502 shall ensure that the court record of such arrest, charge, or conviction is not available for public online viewing as directed by subsections B and C of § 17.1-293.1. Additionally, upon entry of such an order for sealing, the clerk of court shall not disseminate any court record of such arrest, charge, or conviction, except as provided in subsections D and E.

C. Records relating to an arrest, charge, or conviction that was ordered to be sealed pursuant to § 19.2-392.7, 19.2-392.8, 19.2-392.9, 19.2-392.11, or 19.2-392.12 shall not be open for public inspection or otherwise disclosed, provided that such records may be disseminated and used for the following purposes: (i) to make the determination as provided in § 18.2-308.2:2 of eligibility to possess or purchase a firearm; (ii) for fingerprint comparison utilizing the fingerprints maintained in the Automated Fingerprint Information System; (iii) to the Virginia Criminal Sentencing Commission for its research purposes; (iv) to any full-time or part-time employee of the State Police or a police department or sheriff's office that is a part of or administered by the Commonwealth or any political subdivision thereof for the purpose of screening any person for full-time employment or part-time employment with, or to be a volunteer with, the State Police or a police department or sheriff's office that is a part of or administered by the Commonwealth or any political subdivision thereof; (v) to the State Health Commissioner or his designee for the purpose of screening any person who applies to be a volunteer with or an employee of an emergency medical services agency as provided in § 32.1-111.5; (vi) to any full-time or part-time employee of the Department of Forensic Science for the purpose of screening any person for full-time or part-time employment with the Department of Forensic Science; (vii) to the chief law-enforcement officer of a locality, or his designee who shall be an individual employed as a public safety official of the locality, that has adopted an ordinance in accordance with §§ 15.2-1503.1 and 19.2-389 for the purpose of screening any person who applies to be a volunteer with or an employee of an emergency medical services agency as provided in § 32.1-111.5; (viii) to any full-time or part-time employee of the Department of Motor Vehicles, any employer as defined in § 46.2-341.4, or any medical examiner as defined in 49 C.F.R. § 390.5 for the purpose of complying with the regulations of the Federal Motor Carrier Safety Administration; (ix) to any employer or prospective employer or its designee where federal law requires the employer to inquire about prior criminal charges or convictions; (x) to any employer or prospective employer or its designee where the position that a person is applying for, or where access to the premises in or upon which any part of the duties of such position is performed or is to be performed, is subject to any requirement imposed in the interest of the national security of the United States under any security program in effect pursuant to or administered under any contract with, or statute or regulation of, the United States or any Executive Order of the President; (xi) to any person authorized to engage in the collection of court costs, fines, or restitution under subsection C of § 19.2-349 for purposes of collecting such court costs, fines, or restitution; (xii) to administer and utilize the DNA Analysis and Data Bank set forth in Article 1.1 (§ 19.2-310.2 et seq.) of Chapter 18; (xiii) to publish decisions of the Supreme Court, Court of Appeals, or any circuit court; (xiv) to any full-time or part-time employee of a court, the Office of the Executive Secretary, the Division of Legislative Services, or the Chairs of the House Committee for Courts of Justice and the Senate Committee on the Judiciary for the purpose of screening any person for full-time or part-time employment as a clerk, magistrate, or judge with a court or the Office of the Executive Secretary; (xv) to any employer or prospective employer or its designee where this Code or a local ordinance requires the employer to inquire about prior criminal charges or convictions; (xvi) to any employer or prospective employer or its designee that is allowed access to such sealed records in accordance with the rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134; (xvii) to any business screening service for purposes of complying with § 19.2-392.16; (xviii) to any attorney for the Commonwealth and any person accused of a violation of law, or counsel for the accused, in order to comply with any constitutional and statutory duties to provide exculpatory, mitigating, and impeachment evidence to an accused; (xix) to any party in a criminal or civil proceeding for use as authorized by law in such proceeding; (xx) to any party for use in a protective order hearing as authorized by law; (xxi) to the Department of Social Services or any local department of social services for purposes of performing any statutory duties as required under Title 63.2; (xxii) to any party in a proceeding relating to the care and custody of a child for use as authorized by law in such proceeding; (xxiii) to the attorney for the Commonwealth and the court for purposes of determining eligibility for sealing pursuant to the provisions of § 19.2-392.12; (xxiv) to determine a person's eligibility to be empaneled as a juror; and (xxv) to the person arrested, charged, or convicted of the offense that was sealed.

D. Upon request from any person to access a paper or a digital image of a court record, the clerk of court shall determine whether such record is open to public access and inspection. If the clerk of court determines that the court record has been sealed, such record shall not be provided to the requestor without an order from the court that entered the order to seal the court record. Any order from a court that allows access to a paper or a digital image of a court record that has been sealed shall only be issued for one or more of the purposes set forth in subsection C. Such order to access a paper or a digital image of a court record that has been sealed shall allow the requestor to photocopy such court record. No fee shall

be charged to any person filing a motion to access a paper or a digital image of a court record that has been sealed if the person filing such motion is the same person who was arrested, charged, or convicted of the offense that was sealed.

E. No access shall be provided to electronic records in an appellate court, circuit court, or district court case management system maintained by the Executive Secretary of the Supreme Court or in a case management system maintained by a clerk of the circuit court for any arrest, charge, or conviction that was ordered to be sealed pursuant to § 19.2-392.7, 19.2-392.8, 19.2-392.9, 19.2-392.11, or 19.2-392.12, except to the Virginia Criminal Sentencing Commission for its research purposes. Such electronic records may be disseminated to the Virginia Criminal Sentencing Commission without a court order.

F. If a pleading or case document in a court record that was sealed is included among other court records that have not been ordered to be sealed, the clerk of court shall not be required to prohibit dissemination of that record. The Supreme Court, Court of Appeals, and any circuit court shall not be required to prohibit dissemination of any published or unpublished opinion relating to an arrest, charge, or conviction that was ordered to be sealed.

G. The Department of Motor Vehicles shall not seal any conviction or any charge that was deferred and dismissed after a finding of facts sufficient to justify a finding of guilt (i) in violation of federal regulatory record retention requirements or (ii) in violation of federal program requirements if the Department of Motor Vehicles is required to suspend a person's driving privileges as a result of a conviction or deferral and dismissal ordered to be sealed. Upon receipt of an order directing that an offense be sealed, the Department of Motor Vehicles shall seal all records if the federal regulatory record retention period has run and all federal program requirements associated with a suspension have been satisfied. However, if the Department of Motor Vehicles cannot seal an offense pursuant to this subsection at the time it is ordered, the Department of Motor Vehicles shall (a) notify the Department of State Police of the reason the record cannot be sealed and cite the authority prohibiting sealing at the time it is ordered; (b) notify the Department of State Police of the date, if known at the time when the sealing is ordered, on which such record can be sealed; (c) seal such record on that date; and (d) notify the Department of State Police when such record has been sealed within the Department of Motor Vehicles' records.

H. No arrest, charge, or conviction that has been sealed may be used to impeach the credibility of a testifying witness at any hearing or trial unless (i) its probative value, supported by specific facts and circumstances, substantially outweighs its prejudicial effect and (ii) the proponent gives an adverse party reasonable written notice of the intent to use it so that the party has a fair opportunity to contest its use.

I. The provisions of this section shall not prohibit the disclosure of sealed criminal history record information or any information from such records among law-enforcement officers and attorneys when such disclosures are made by such officers or attorneys while engaged in the performance of their duties for purposes solely relating to the disclosure or use of exculpatory, mitigating, and impeachment evidence or between attorneys for the Commonwealth when related to the prosecution of a separate crime.

§ 19.2-392.14. Disclosure of sealed records; penalty.

A. It is unlawful for any person having or acquiring access to sealed criminal history record information or a court record, including any records relating to an arrest, charge, or conviction, that was ordered to be sealed pursuant to § 19.2-392.7, 19.2-392.8, 19.2-392.9, 19.2-392.11, or 19.2-392.12, to disclose such record or any information from such record to another person, except in accordance with the purposes set forth in § 19.2-392.13 and pursuant to the rules and regulations adopted pursuant to § 9.1-128 and the procedures adopted pursuant to § 9.1-134.

B. A clerk of court shall not be in violation of this section if such clerk informs a person requesting access to a sealed court record that such court record has been sealed and can only be accessed pursuant to a court order.

C. Any person who willfully violates this section is guilty of a Class 1 misdemeanor. Any person who maliciously and intentionally violates this section is guilty of a Class 6 felony.

§ 19.2-392.15. Prohibited practices by employers, educational institutions, agencies, etc., of state and local governments; penalty.

A. Except as provided in subsection B, agencies, officials, and employees of state and local governments, private employers that are not subject to federal laws or regulations in the hiring process, and educational institutions shall not, in any application, interview, or otherwise, require an applicant for employment or admission to disclose information concerning any arrest, charge, or conviction against him that has been sealed. An applicant need not, in answer to any question concerning any arrest, charge, or conviction, include a reference to or information concerning arrests, charges, or convictions that has been sealed.

B. The provisions of subsection A shall not apply if:

1. The person is applying for full-time employment or part-time employment with, or to be a volunteer with, the State Police or a police department or sheriff's office that is a part of or administered by the Commonwealth or any political subdivision thereof;

2. This Code requires the employer to make such an inquiry;

3. Federal law requires the employer to make such an inquiry;

4. The position, or access to the premises in or upon which any part of the duties of such position is performed or is to be performed, is subject to any requirement imposed in the interest of the national security of the United States under any security program in effect pursuant to or administered under any contract with, or statute or regulation of, the United States or any Executive Order of the President; or

5. The rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134 allow the employer to access such sealed records.

C. Agencies, officials, and employees of state and local governments shall not, in any application, interview, or otherwise, require an applicant for a license, permit, registration, or governmental service to disclose information concerning any arrest, charge, or conviction against him that has been sealed. An applicant need not, in answer to any question concerning any arrest, charge, or conviction, include a reference to or information concerning arrests, charges, or convictions that has been sealed. Such an application may not be denied solely because of the applicant's refusal to disclose information concerning any arrest, charge, or conviction against him that has been sealed.

D. No person, as defined in § 36-96.1:1, shall, in any application for the sale or rental of a dwelling, as defined in § 36-96.1:1, require an applicant to disclose information concerning any arrest, charge, or conviction against him that has been sealed. An applicant need not, in answer to any question concerning any arrest, charge, or conviction, include a reference to or information concerning arrests, charges, or convictions that has been sealed. Such an application may not be denied solely because of the applicant's refusal to disclose information concerning any arrest, charge, or conviction against him that has been sealed.

E. No insurance company, as defined in § 38.2-100, shall, in any application for insurance, as defined in § 38.2-100, require an applicant to disclose information concerning any arrest, charge, or conviction against him that has been sealed. An applicant need not, in answer to any question concerning any arrest, charge, or conviction, include a reference to or information concerning arrests, charges, or convictions that has been sealed. Such an application may not be denied solely because of the applicant's refusal to disclose information concerning any arrest, charge, or conviction against him that has been sealed.

F. If any entity or person listed under subsections A, C, D, or E includes a question about a prior arrest, charge, or conviction in an application for one or more of the purposes set forth in such subsections, such application shall include, or such entity or person shall provide, a notice to the applicant that information concerning an arrest, charge, or conviction that has been sealed does not have to be disclosed in the application. Such notice need not be included on any application for one or more of the purposes set forth in subsection B.

G. A person who willfully violates this section is guilty of a Class 1 misdemeanor for each violation.

§ 19.2-392.16. Dissemination of criminal history records and traffic history records by business screening services.

A. For the purposes of this section:

"Business screening service" means a person engaged in the business of collecting, assembling, evaluating, or disseminating Virginia criminal history records or traffic history records on individuals.

"Business screening service" does not include any government entity or the news media.

"Criminal history record" means any information collected by a business screening service on individuals containing any personal identifying information, photograph, or other identifiable descriptions pertaining to an individual and any information regarding arrests, detentions, indictments, or other formal criminal charges, and any disposition arising therefrom, including acquittal, sentencing, correctional supervision, or release.

"Delete" means that a criminal history record shall not be disseminated in any manner, except to any entity authorized to receive and use such information pursuant to § 19.2-392.13 and pursuant to the rules and regulations adopted pursuant to § 9.1-128 and the procedures adopted pursuant to § 9.1-134, but may be retained in order to resolve any disputes relating to this section, the accuracy of the record consistent with the federal Fair Credit Reporting Act, 15 U.S.C. § 1681 et seq., or the Gramm-Leach-Bliley Act, 15 U.S.C. § 6801 et seq.

"Sealed record" means a Virginia criminal history record or a traffic history record that has been sealed pursuant to § 19.2-392.7, 19.2-392.10, 19.2-392.11, or 19.2-392.12.

"Traffic history record" means any information collected by a business screening service on individuals containing any personal identifying information, photograph, or other identifiable descriptions pertaining to an individual and any information regarding arrests, detentions, indictments, or other formal traffic infraction charges, and any disposition arising therefrom.

B. If a business screening service knows that a criminal history record or a traffic history record has been sealed, the business screening service shall promptly delete the record.

C. A business screening service shall register with the Department of State Police to electronically receive copies of orders of sealing provided to the Department of State Police pursuant to §§ 19.2-392.7, 19.2-392.10, 19.2-392.11, and 19.2-392.12. The Department of State Police may charge an annual licensing fee to the business screening service for accessing such information, with a portion of such fee to be used to cover the cost of providing such records and the remainder of such fee to be deposited into the Sealing Fee Fund pursuant to § 17.1-205.1. The contract between the Department of State Police and the business screening service shall prohibit dissemination of the orders of sealing and shall require compliance by the business screening service with the provisions of subsections D, E, and F. The orders of sealing received by the business screening service shall remain confidential and shall not be disseminated or resold. The orders of sealing shall be used for the sole purpose of deleting criminal history records that have been sealed. The business screening service shall destroy the copies of the orders of sealing after deleting the information contained in such orders from sealed records. The Department of State Police shall require that the business screening service seeking access to the information identify themselves, certify the purposes for which the information is sought, and certify that the information will be used for no other purpose. The Department of State Police shall further require that a business screening service acknowledge

receipt of all electronic copies of orders of sealing provided by the Department of State Police. The Department of State Police shall maintain a public list within its website identifying the business screening services that are licensed to receive such records.

D. A business screening service that disseminates a criminal history record or a traffic history record on or after the effective date of this section shall include the date when the record was collected by the business screening service and a notice that the information may include records that have been sealed since that date.

E. A business screening service shall implement and follow reasonable procedures to assure that it does not maintain or sell criminal history records or traffic history records that are inaccurate or incomplete. If the completeness or accuracy of a criminal history record or traffic history record maintained by a business screening service is disputed by the individual who is the subject of the record, the business screening service shall, without charge, investigate the disputed record. If, upon investigation, the business screening service determines that the record does not accurately reflect the content of the official record, the business screening service shall correct the disputed record so as to accurately reflect the content of the official record. If the disputed record is found to have been sealed pursuant to § 19.2-392.7, 19.2-392.10, 19.2-392.11, or 19.2-392.12, the business screening service shall promptly delete the record. A business screening service may terminate an investigation of a disputed record if the business screening service reasonably determines that the dispute is frivolous, which may be based on the failure of the subject of the record to provide sufficient information to investigate the disputed record. Upon making a determination that the dispute is frivolous, the business screening service shall inform the subject of the record of the specific reasons why it has determined that the dispute is frivolous and shall provide a description of any information required to investigate the disputed record. The business screening service shall notify the subject of the disputed record of the correction or deletion of the record or of the termination or completion of the investigation related to the record within 30 days of the date when the business screening service receives notice of the dispute from the subject of the record.

F. A business screening service shall implement procedures for individuals to submit a request to obtain their own criminal history record and traffic history record information maintained by the business screening service and any other information that may be sold to another entity by the business screening service regarding the individual.

G. A business screening service that violates this section is liable to the person who is the subject of the criminal history record or traffic history record for a penalty of \$1,000 or actual damages caused by the violation, whichever is greater, plus costs and reasonable attorney fees. Within 10 days of service of any suit by an individual, the business screening service may make a cure offer in writing to the individual claiming to have suffered a loss as a result of a violation of this section. Such offer shall be in writing and include one or more things of value, including the payment of money. A cure offer shall be reasonably calculated to remedy a loss claimed by the individual, as well as any attorney fees or other fees, expenses, or other costs of any kind that such individual may incur in relation to such loss. No cure offer shall be admissible in any proceeding initiated under this section, unless the cure offer is delivered by the business screening service to the individual claiming loss or to any attorney representing such individual prior to the filing of the business screening service's initial responsive pleading in such proceeding. The business screening service shall not be liable for such individual's attorney fees and court costs incurred following delivery of the cure offer unless the actual damages found to have been sustained and awarded, without consideration of attorney fees and court costs, exceed the value of the cure offer.

H. The Attorney General may file a civil action to enforce this section. If the court finds that a business screening service has willfully engaged in an act or practice in violation of this section, the Attorney General may recover for the Literary Fund, upon petition to the court, a civil penalty of not more than \$2,500 per violation. For the purposes of this section, prima facie evidence of a willful violation may be shown when the Attorney General notifies the alleged violator by certified mail that an act or practice is a violation of this section and the alleged violator, after receipt of said notice, continues to engage in the act or practice. In any civil action pursuant to this subsection, in addition to any civil penalty awarded, the Attorney General may also recover any costs and reasonable expenses incurred by the state in investigating and preparing the case, not to exceed \$1,000 per violation, and attorney fees. Such additional costs and expenses shall be paid into the general fund of the Commonwealth.

I. A. The regulations promulgated by the Board to carry out the provisions of this article shall be in substantial conformity to the standards of health, hygiene, sanitation, construction and safety as established and recognized by medical and health care professionals and by specialists in matters of public health and safety, including health and safety standards established under provisions of Title XVIII and Title XIX of the Social Security Act, and to the provisions of Article 2 (§ 32.1-138 et seq.).

§ 63.2-1732. Regulations for assisted living facilities.

A. The Board shall have the authority to adopt and enforce regulations to carry out the provisions of this subtitle and to protect the health, safety, welfare, and individual rights of residents of assisted living facilities and to promote their highest level of functioning. Such regulations shall take into consideration cost constraints of smaller operations in complying with such regulations and shall provide a procedure whereby a licensee or applicant may request, and the Commissioner may grant, an allowable variance to a regulation pursuant to § 63.2-1703.

B. Regulations shall include standards for staff qualifications and training; facility design, functional design, and equipment; services to be provided to residents; administration of medicine; allowable medical conditions for which care can be provided; and medical procedures to be followed by staff, including provisions for physicians' services, restorative care, and specialized rehabilitative services. The Board shall adopt regulations on qualifications and training for employees of an assisted living facility in a direct care position. "Direct care position" means supervisors, assistants, aides, or other employees of a facility who assist residents in their daily living activities.

C. Regulations for a Medication Management Plan in a licensed assisted living facility shall be developed by the Board, in consultation with the Board of Nursing and the Board of Pharmacy. Such regulations shall (i) establish the elements to be contained within a Medication Management Plan, including a demonstrated understanding of the responsibilities associated with medication management by the facility; standard operating and record-keeping procedures; staff qualifications, training and supervision; documentation of daily medication administration; and internal monitoring of plan conformance by the facility; (ii) include a requirement that each assisted living facility shall establish and maintain a written Medication Management Plan that has been approved by the Department; and (iii) provide that a facility's failure to

conform to any approved Medication Management Plan shall be subject to the sanctions set forth in § 63.2-1709 or 63.2-1709.2.

D. The Board shall amend 22VAC40-73-450 governing assisted living facility individualized service plans to require (i) that individualized service plans be reviewed and updated (a) at least once every 12 months or (b) sooner if modifications to the plan are needed due to a significant change, as defined in 22VAC40-73-10, in the resident's condition and (ii) that any deviation from the individualized service plan (a) be documented in writing or electronically, (b) include a description of the circumstances warranting deviation and the date such deviation will occur, (c) certify that notice of such deviation was provided to the resident or his legal representative, (d) be included in the resident's file, and (e) in the case of deviations that are made due to a significant change in the resident's condition, be signed by an authorized representative of the assisted living facility and the resident or his legal representative.

E. Regulations shall require all licensed assisted living facilities with six or more residents to be able to connect by July 1, 2007, to a temporary emergency electrical power source for the provision of electricity during an interruption of the normal electric power supply. The installation shall be in compliance with the Uniform Statewide Building Code.

F. Regulations for medical procedures in assisted living facilities shall be developed in consultation with the State Board of Health and adopted by the Board, and compliance with these regulations shall be determined by Department of Health or Department inspectors as provided by an interagency agreement between the Department and the Department of Health.

G. In developing regulations to determine the number of assisted living facilities for which an assisted living facility administrator may serve as administrator of record, the Board shall consider (i) the number of residents in each of the facilities, (ii) the travel time between each of the facilities, and (iii) the qualifications of the on-site manager under the supervision of the administrator of record.

H. Regulations shall require that each assisted living facility register with the Department of State Police to receive notice of the registration, reregistration, or verification of registration information of any person required to register with the Sex Offender and Crimes Against Minors Registry pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1 within the same or a contiguous zip code area in which the facility is located, pursuant to § 9.1-914.

I. Regulations shall require that each assisted living facility ascertain, prior to admission, whether a potential resident is required to register with the Sex Offender and Crimes Against Minors Registry pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, if the facility anticipates the potential resident will have a length of stay greater than three days or in fact stays longer than three days.

J. During a declared public health emergency related to a communicable disease of public health threat, regulations shall require each assisted living facility to establish a protocol to allow residents to receive visits from a rabbi, priest, minister, or clergy of any religious denomination or sect consistent with guidance from the Centers for Disease Control and Prevention and the Centers for Medicare and Medicaid Services and subject to compliance with any executive order, order of public health, Department guidance, or any other applicable federal or state guidance having the effect of limiting visitation. Such protocol may restrict the frequency and duration of visits and may require visits to be conducted virtually using interactive audio or video technology. Any such protocol may require the person visiting a resident pursuant to this subsection to comply with all reasonable requirements of the assisted living facility adopted to protect the health and safety of the person, residents, and staff of the assisted living facility.

Be it enacted by the General Assembly of Virginia:

1. That § 65.2-402.1 of the Code of Virginia is amended and reenacted as follows:

§ 65.2-402.1. Presumption as to death or disability from infectious disease.

Chapter 8 of Title 23.1 and employed by any public institution of higher education,; (xvi) correctional officer as defined in § 53.1-1~~;~~ or (xvii) full-time sworn member of the enforcement division of the Department of Motor Vehicles who has a documented occupational exposure to blood or body fluids shall be presumed to be occupational diseases, suffered in the line of government duty, that are covered by this title unless such presumption is overcome by a preponderance of competent evidence to the contrary. For purposes of this ~~section~~ *subsection*, an occupational exposure occurring on or after July 1, 2002, shall be deemed "documented" if the person covered under this ~~section~~ *subsection* gave notice, written or otherwise, of the occupational exposure to his employer, and an occupational exposure occurring prior to July 1, 2002, shall be deemed "documented" without regard to whether the person gave notice, written or otherwise, of the occupational exposure to his employer. For any correctional officer as defined in § 53.1-1 or full-time sworn member of the enforcement division of the Department of Motor Vehicles, the presumption shall not apply if such individual was diagnosed with hepatitis, meningococcal meningitis, or HIV before July 1, 2020.

B. COVID-19 causing the death of, or any health condition or impairment resulting in total or partial disability of, any (i) firefighter, as defined in § 65.2-102; (ii) law-enforcement officer, as defined in § 9.1-101; (iii) correctional officer, as defined in § 53.1-1; or (iv) regional jail officer shall be presumed to be an occupational disease, suffered in the line of duty, as applicable, that is covered by this title unless such presumption is overcome by a preponderance of competent evidence to the contrary. For the purposes of this section, the COVID-19 virus shall be established by a positive diagnostic test for COVID-19, an incubation period consistent with COVID-19, and signs and symptoms of COVID-19 that require medical treatment.

C. As used in this section:

"Blood or body fluids" means blood and body fluids containing visible blood and other body fluids to which universal precautions for prevention of occupational transmission of blood-borne pathogens, as established by the Centers for Disease Control, apply. For purposes of potential transmission of hepatitis, meningococcal meningitis, tuberculosis, or HIV the term "blood or body fluids" includes respiratory, salivary, and sinus fluids, including droplets, sputum, saliva, mucous, and any other fluid through which infectious airborne or blood-borne organisms can be transmitted between persons.

"Hepatitis" means hepatitis A, hepatitis B, hepatitis non-A, hepatitis non-B, hepatitis C, or any other strain of hepatitis generally recognized by the medical community.

"HIV" means the medically recognized retrovirus known as human immunodeficiency virus, type I or type II, causing immunodeficiency syndrome.

~~C. D.~~ *D.* Persons covered under this section who test positive for exposure to the enumerated occupational diseases, but have not yet incurred the requisite total or partial disability, shall otherwise be entitled to make a claim for medical benefits pursuant to § 65.2-603, including entitlement to an annual medical examination to measure the progress of the condition, if any, and any other medical treatment, prophylactic or otherwise.

~~D. E.~~ *E.* Whenever any standard, medically-recognized vaccine or other form of immunization or prophylaxis exists for the prevention of a communicable disease for which a presumption is established under this section, if medically indicated by the given circumstances pursuant to immunization policies established by the Advisory Committee on Immunization Practices of the United States Public Health Service, a person subject to the provisions of this section may be required by such person's employer to undergo the immunization or prophylaxis unless the person's physician determines in writing that the immunization or prophylaxis would pose a significant risk to the person's health. Absent such written declaration, failure or refusal by a person subject to the provisions of this section to undergo such immunization or prophylaxis shall disqualify the person from any presumption established by this section.

~~E. F. 1.~~ *F. 1.* The presumptions described in subsection A shall only apply if persons entitled to invoke them have, if requested by the appointing authority or governing body employing them, undergone preemployment physical examinations that (i) were conducted prior to the making of any claims under this title that rely on such presumptions,; (ii) were performed by physicians whose qualifications are as prescribed by the appointing authority or governing body employing such persons,; (iii) included such appropriate laboratory and other diagnostic studies as the appointing authorities or governing bodies may have prescribed,; and (iv) found such persons free of hepatitis, meningococcal meningitis, tuberculosis or HIV at the time of such examinations. The presumptions described in subsection A shall not be effective until six months following such examinations, unless such persons entitled to invoke such presumption can demonstrate a documented exposure during the six-month period.

2. The presumptions described in subsection B shall apply to any person entitled to invoke them for any death or disability occurring on or after July 1, 2020, caused by infection from the COVID-19 virus, provided that for any such death or disability that occurred on or after July 1, 2020, and prior to December 31, 2021, the claimant received a diagnosis of COVID-19 from a licensed physician, after either a presumptive positive test or a laboratory confirmed test for COVID-19, and presented with signs and symptoms of COVID-19 that required medical treatment.

~~F. G.~~ *G.* Persons making claims under this title who rely on such presumption shall, upon the request of appointing authorities or governing bodies employing such persons, submit to physical examinations (i) conducted by physicians selected by such appointing authorities or governing bodies or their representatives and (ii) consisting of such tests and studies as may reasonably be required by such physicians. However, a qualified physician, selected and compensated by the claimant, may, at the election of such claimant, be present at such examination.

[S 1395]

Approved April 7, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 24.2-105, as it shall become effective, 24.2-306, 24.2-649, 24.2-1000, 24.2-1005, and 24.2-1005.1 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 24.2-104.1, by adding a section numbered 24.2-1005.2, and by adding in Title 24.2 a chapter numbered 1.1, consisting of sections numbered 24.2-125 through 24.2-131, as follows:

§ 24.2-104.1. Civil actions by Attorney General.

A. Whenever the Attorney General has reasonable cause to believe that a violation of an election law has occurred and that the rights of any voter or group of voters have been affected by such violation, the Attorney General may commence a civil action in the appropriate circuit court for appropriate relief.

B. In such civil action, the court may:

1. Award such preventive relief, including a permanent or temporary injunction, restraining order, or other order against the person responsible for a violation of this title, as is necessary to assure the full enjoyment of the rights granted by this title.

2. Assess a civil penalty against the respondent (i) in an amount not exceeding \$50,000 for a first violation and (ii) in an amount not exceeding \$100,000 for any subsequent violation. Such civil penalties are payable to the Voter Education and Outreach Fund established pursuant to § 24.2-131.

3. Award a prevailing plaintiff reasonable attorney fees and costs.

C. The court or jury may award such other relief to the aggrieved person as the court deems appropriate, including compensatory damages and punitive damages.

§ 24.2-105. (Effective September 1, 2021) Prescribing various forms.

A. The State Board shall prescribe appropriate forms and records for the registration of voters, conduct of elections, and implementation of this title, which shall be used throughout the Commonwealth.

B. The State Board shall prescribe voting and election materials in languages other than English for use by a county, city, or town that is subject to the requirements of § 24.2-124 § 24.2-128. For purposes of this subsection, voting and election materials mean registration or voting notices, forms, and instructions. For purposes of this subsection, registration notices mean any notice of voter registration approval, denial, or cancellation, required by the provisions of Chapter 4 (§ 24.2-400 et seq.).

The State Board may make available voting and election materials in any additional languages other than those required by subsection A of § 24.2-124 § 24.2-128 as it deems necessary and appropriate. The State Board may accept voting and election materials translated by volunteers but shall verify the accuracy of such translations prior to making the translated materials available to a county, city, or town, or any voter.

*CHAPTER 1.1.**RIGHTS OF VOTERS.***§ 24.2-125. Definitions.**

For purposes of this chapter, "protected class" means a group of citizens protected from discrimination based on race or color or membership in a language minority group.

§ 24.2-126. Vote denial or dilution.

A. No voting qualification or prerequisite to voting or standard, practice, or procedure shall be imposed or applied by the state or any locality in a manner that results in a denial or abridgement of the right of any citizen of the United States to vote based on race or color or membership in a language minority group.

B. A violation of subsection A is established if, on the basis of the totality of circumstances, it is shown that the political processes leading to nomination or election in the state or a locality are not equally open to participation by members of a protected class in that its members have less opportunity than other members of the electorate to participate in the political processes or to elect representatives of their choice. The extent to which members of a protected class have been elected to office in the state or locality is one circumstance that may be considered.

C. Nothing in this section shall be construed to establish a right to have members of a protected class elected in numbers equal to their proportion in the population.

§ 24.2-127. Impairment of voting rights of registered voters.

Nothing in this chapter shall be construed to deny, impair, or otherwise adversely affect the right to vote of any registered voter.

§ 24.2-128. Minority language accessibility.

A. The State Board shall designate a county, city, or town as a covered locality if it determines, in consultation with the Director of the Census, on the basis of the 2010 American Community Survey census data and subsequent American Community Survey data in five-year increments, or comparable census data, that (i) more than five percent of the citizens of voting age of such county, city, or town are members of a single language minority and are unable to speak or understand English adequately enough to participate in the electoral process; (ii) more than 10,000 of the citizens of voting age of such county, city, or town are members of a single language minority and are unable to speak or understand English adequately enough to participate in the electoral process; or (iii) in the case of a county, city, or town containing all or any part of an Indian reservation, more than five percent of the American Indian citizens of voting age within the Indian reservation are members of a single language minority and are unable to speak or understand English adequately enough to participate in the electoral process.

B. Whenever a covered locality provides any voting or election materials, it shall provide such materials in the language of the applicable minority group as well as in the English language. For purposes of this requirement, "voting or election materials" means registration or voting notices, forms, instructions, assistance, voter information pamphlets, ballots, sample ballots, candidate qualification information, and notices regarding changes to local election districts, precincts, or polling places. For purposes of this requirement, "registration notices" means any notice of voter registration

approval, denial, or cancellation required by the provisions of Chapter 4 (§ 24.2-400 et seq.). A covered locality may distribute such materials in the preferred language identified by the voter.

C. The Attorney General, or any qualified voter who is a member of a language minority group for whom a covered locality is required to provide voting or election materials in such language, may institute a cause of action in the circuit court of the covered locality to compel the provision of the voting or election materials in the language of the applicable minority group. In such action, the court may, in its discretion, allow a private plaintiff a reasonable attorney fee as part of the costs, if such plaintiff is the prevailing party.

§ 24.2-129. Covered practices; actions required prior to enactment or administration.

A. For the purposes of this section:

"Certification of no objection" means a certification issued by the Attorney General that there is no objection to the enactment or administration of a covered practice by a locality because the covered practice neither has the purpose or effect of denying or abridging the right to vote based on race or color or membership in a language minority group nor will result in the retrogression in the position of members of a racial or ethnic group with respect to their effective exercise of the electoral franchise.

"Covered practice" means:

1. Any change to the method of election of members of a governing body or an elected school board by adding seats elected at large or by converting one or more seats elected from a single-member district to one or more at-large seats or seats from a multi-member district;

2. Any change, or series of changes within a 12-month period, to the boundaries of the locality that reduces by more than five percentage points the proportion of the locality's voting age population that is composed of members of a single racial or language minority group, as determined by the most recent American Community Survey data;

3. Any change to the boundaries of election districts or wards in the locality, including changes made pursuant to a decennial redistricting measure;

4. Any change that restricts the ability of any person to provide interpreter services to voters in any language other than English or that limits or impairs the creation or distribution of voting or election materials in any language other than English; or

5. Any change that reduces the number of or consolidates or relocates polling places in the locality, except where permitted by law in the event of an emergency.

"Voting age population" means the resident population of persons who are 18 years of age or older, as determined by the most recent American Community Survey data available at the time any change to a covered practice is published pursuant to subsection B.

B. Prior to enacting or seeking to administer any voting qualification or prerequisite to voting, or any standard, practice, or procedure with respect to voting, that is a covered practice, the governing body shall cause to be published on the official website for the locality the proposed covered practice and general notice of opportunity for public comment on the proposed covered practice. The governing body shall also publicize the notice through press releases and such other media as will best serve the purpose and subject involved. Such notice shall be made at least 45 days in advance of the last date prescribed in the notice for public comment.

Public comment shall be accepted for a period of no fewer than 30 days. During this period, the governing body shall afford interested persons an opportunity to submit data, views, and arguments in writing by mail, fax, or email, or through an online public comment forum on the official website for the locality if one has been established. The governing body shall conduct at least one public hearing during this period to receive public comment on the proposed covered practice.

The governing body may make changes to the proposed covered practice in response to public comment received. If doing so, the revised covered practice shall be published and public comment shall be accepted in accordance with this subsection, except the public comment period shall be no fewer than 15 days.

C. Following the public comment period or periods prescribed in subsection B, the governing body shall publish the final covered practice, which shall include a plain English description of the practice and the text of an ordinance giving effect to the practice, maps of proposed boundary changes, or other relevant materials, and notice that the covered practice will take effect in 30 days. During this 30-day waiting period, any person who will be subject to or affected by the covered practice may challenge in the circuit court of the locality where the covered practice is to be implemented the covered practice as (i) having the purpose or effect of denying or abridging the right to vote on the basis of race or color or membership in a language minority group or (ii) resulting in the retrogression in the position of members of a racial or ethnic group with respect to their effective exercise of the electoral franchise. In such action, the court may, in its discretion, allow a private plaintiff a reasonable attorney fee as part of the costs, if such plaintiff is the prevailing party.

D. The governing body of a locality seeking to administer or implement a covered practice, in lieu of following the provisions of subsections B and C, may submit the proposed covered practice to the Office of the Attorney General for issuance of a certification of no objection. Such practice shall not be given effect until the Attorney General has issued such certification. A certification of no objection shall be deemed to have been issued if the Attorney General does not interpose an objection within 60 days of the governing body's submission or if, upon good cause shown and to facilitate an expedited approval within 60 days of the governing body's submission, the Attorney General has affirmatively indicated that no such objection will be made. An affirmative indication by the Attorney General that no objection will be made or the absence of

an objection to the covered practice by the Attorney General shall not bar a subsequent action to enjoin enforcement of such qualification, prerequisite, standard, practice, or procedure.

§ 24.2-130. At-large method of election; limitations; violations; remedies.

A. An at-large method of election, including one that combines at-large elections with district- or ward-based elections, shall not be imposed or applied by the governing body of any locality in a manner that impairs the ability of members of a protected class, as defined in § 24.2-125, to elect candidates of its choice or its ability to influence the outcome of an election, as a result of the dilution or the abridgement of the rights of voters who are members of a protected class.

B. A violation of subsection A is established if it is shown that racially polarized voting occurs in local elections and that this, in combination with the method of election, dilutes the voting strength of members of a protected class. For purposes of this subsection, "racially polarized voting" refers to the extent to which the candidate preferences of members of the protected class and other voters in the jurisdiction have differed in recent elections for the office at issue and other offices in which the voters have been presented with a choice between candidates who are members of the protected class and candidates who are not members of the protected class. A finding of racially polarized voting or a violation of subsection A shall not be precluded by the fact that members of a protected class are not geographically compact or concentrated in a locality. Proof of an intent on the part of voters or elected officials to discriminate against members of a protected class shall not be required to prove a violation of subsection A.

C. Any voter who is a member of a protected class, as defined in § 24.2-125, and who resides in a locality where a violation of this section is alleged shall be entitled to initiate a cause of action in the circuit court of the county or city in which the locality is located. In such action, the court may, in its discretion, allow a private plaintiff a reasonable attorney fee as part of the costs, if such plaintiff is the prevailing party.

D. Upon a finding of a violation of this section, the court shall implement appropriate remedies that are tailored to remedy the violation.

§ 24.2-131. Voter Education and Outreach Fund.

There is hereby created in the state treasury a special nonreverting fund to be known as the Voter Outreach and Education Fund, referred to in this section as "the Fund." The Fund shall be established on the books of the Comptroller. All penalties and charges directed to this fund by § 24.2-104.1 and all other funds from any public or private source directed to the Fund shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purposes of educating voters and persons qualified to be voters on the rights ensured to them pursuant to federal and state constitutional and statutory law and remedies. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Secretary of Administration or his designee.

§ 24.2-306. Changes not to be enacted within 60 days of general election; notice requirements.

A. No change in any local election district, precinct, or polling place shall be enacted within 60 days next preceding any general election. ~~Notice~~ In addition to the requirements set forth in § 24.2-129, notice shall be published prior to enactment in a newspaper having general circulation in the election district or precinct once a week for two successive weeks. The published notice shall state where descriptions and maps of proposed boundary and polling place changes may be inspected.

B. Notice of any adopted change in any election district, town, precinct, or polling place other than in the location of the office of the general registrar shall be mailed to all registered voters whose election district, town, precinct, or polling place is changed at least 15 days prior to the next general, special, or primary election in which the voters will be voting in the changed election district, town, precinct, or polling place. Notice of a change in the location of the office of the general registrar shall be given by posting on the official website of the county or city, by posting at not less than 10 public places, or by publication once in a newspaper of general circulation in the county or city within not more than 21 days in advance of the change or within seven days following the change.

C. Each county, city, and town shall comply with the applicable requirements of law, including §§ 24.2-304.3 and 30-395, and send copies of enacted changes, including a Geographic Information System (GIS) map showing the new boundaries of the districts or precincts, to the local electoral board, the Department, and the Division of Legislative Services. CHAPTER 529

An Act to amend and reenact §§ 16.1-253 and 16.1-253.2 of the Code of Virginia, relating to violations of protective orders; preliminary child protective order.

[S 1415]

Approved April 7, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-253 and 16.1-253.2 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-253. Preliminary protective order.

A. Upon the motion of any person or upon the court's own motion, the court may issue a preliminary protective order, after a hearing, if necessary to protect a child's life, health, safety or normal development pending the final determination of any matter before the court. The order may require a child's parents, guardian, legal custodian, other person standing in loco parentis or other family or household member of the child to observe reasonable conditions of behavior for a specified length of time. These conditions shall include any one or more of the following:

1. To abstain from offensive conduct against the child, a family or household member of the child or any person to whom custody of the child is awarded;
2. To cooperate in the provision of reasonable services or programs designed to protect the child's life, health or normal development;
3. To allow persons named by the court to come into the child's home at reasonable times designated by the court to visit the child or inspect the fitness of the home and to determine the physical or emotional health of the child;
4. To allow visitation with the child by persons entitled thereto, as determined by the court;
5. To refrain from acts of commission or omission which tend to endanger the child's life, health or normal development;

6. To refrain from such contact with the child or family or household members of the child, as the court may deem appropriate, including removal of such person from the residence of the child. However, prior to the issuance by the court of an order removing such person from the residence of the child, the petitioner must prove by a preponderance of the evidence that such person's probable future conduct would constitute a danger to the life or health of such child, and that there are no less drastic alternatives which could reasonably and adequately protect the child's life or health pending a final determination on the petition; or

7. To grant the person on whose behalf the order is issued the possession of any companion animal as defined in § 3.2-6500 if such person meets the definition of owner in § 3.2-6500.

B. A preliminary protective order may be issued ex parte upon motion of any person or the court's own motion in any matter before the court, or upon petition. The motion or petition shall be supported by an affidavit or by sworn testimony in person before the judge or intake officer which establishes that the child would be subjected to an imminent threat to life or health to the extent that delay for the provision of an adversary hearing would be likely to result in serious or irreparable injury to the child's life or health. If an ex parte order is issued without an affidavit being presented, the court, in its order, shall state the basis upon which the order was entered, including a summary of the allegations made and the court's findings. Following the issuance of an ex parte order the court shall provide an adversary hearing to the affected parties within the shortest practicable time not to exceed five business days after the issuance of the order.

C. Prior to the hearing required by this section, notice of the hearing shall be given at least 24 hours in advance of the hearing to the guardian ad litem for the child, to the parents, guardian, legal custodian, or other person standing in loco parentis of the child, to any other family or household member of the child to whom the protective order may be directed and to the child if he or she is 12 years of age or older. The notice provided herein shall include (i) the time, date and place for the hearing and (ii) a specific statement of the factual circumstances which allegedly necessitate the issuance of a preliminary protective order.

F. If a petition alleging abuse or neglect of a child has been filed, at the hearing pursuant to this section the court shall determine whether the allegations of abuse or neglect have been proven by a preponderance of the evidence. Any finding of abuse or neglect shall be stated in the court order. However, if, before such a finding is made, a person responsible for the care and custody of the child, the child's guardian ad litem or the local department of social services objects to a finding being made at the hearing, the court shall schedule an adjudicatory hearing to be held within 30 days of the date of the initial preliminary protective order hearing. The adjudicatory hearing shall be held to determine whether the allegations of abuse and neglect have been proven by a preponderance of the evidence. Parties who are present at the hearing shall be given notice of the date set for the adjudicatory hearing and parties who are not present shall be summoned as provided in § 16.1-263. The adjudicatory hearing shall be held and an order may be entered, although a party to the hearing fails to appear and is not represented by counsel, provided personal or substituted service was made on the person, or the court determines that such person cannot be found, after reasonable effort, or in the case of a person who is without the Commonwealth, the person cannot be found or his post office address cannot be ascertained after reasonable effort.

Any preliminary protective order issued shall remain in full force and effect pending the adjudicatory hearing.

dispositional hearing shall nonetheless be scheduled at the hearing pursuant to this section. All parties present at the hearing shall be given notice of the date and time scheduled for the dispositional hearing; parties who are not present shall be summoned to appear as provided in § 16.1-263.

H. Nothing in this section enables the court to remove a child from the custody of his or her parents, guardian, legal custodian or other person standing in loco parentis, except as provided in § 16.1-278.2, and no order hereunder shall be entered against a person over whom the court does not have jurisdiction.

I. Neither a law-enforcement agency, the attorney for the Commonwealth, a court nor the clerk's office, nor any employee of them, may disclose, except among themselves, the residential address, telephone number, or place of employment of the person protected by the order or that of the family of such person, except to the extent that disclosure is (i) required by law or the Rules of the Supreme Court, (ii) necessary for law-enforcement purposes, or (iii) permitted by the court for good cause.

Be it enacted by the General Assembly of Virginia:**1. That § 15.2-2306 of the Code of Virginia is amended and reenacted as follows:****§ 15.2-2306. Preservation of historical sites and architectural areas.**

A. 1. Any locality may adopt an ordinance setting forth the historic landmarks within the locality as established by the Virginia Board of Historic Resources, and any other buildings or structures within the locality having an important historic, architectural, archaeological or cultural interest, any historic areas within the locality as defined by § 15.2-2201, and areas of unique architectural value located within designated conservation, rehabilitation or redevelopment districts, amending the existing zoning ordinance and delineating one or more historic districts, adjacent to such landmarks, buildings and structures, or encompassing such areas, or encompassing parcels of land contiguous to arterial streets or highways (as designated pursuant to Title 33.2, including § 33.2-319 of that title) found by the governing body to be significant routes of tourist access to the locality or to designated historic landmarks, buildings, structures or districts therein or in a contiguous locality. A governing body may provide in the ordinance that the applicant must submit documentation that any development in an area of the locality of known historical or archaeological significance will preserve or accommodate the historical or archaeological resources. An amendment of the zoning ordinance and the establishment of a district or districts shall be in accordance with the provisions of Article 7 (§ 15.2-2280 et seq.) of this chapter. The governing body may provide for a review board to administer the ordinance and may provide compensation to the board. The ordinance may include a provision that no building or structure, including signs, shall be erected, reconstructed, altered or restored within any such district unless approved by the review board or, on appeal, by the governing body of the locality as being architecturally compatible with the historic landmarks, buildings or structures therein.

2. Subject to the provisions of subdivision 3 of this subsection the governing body may provide in the ordinance that no historic landmark, building or structure within any district shall be razed, demolished or moved until the razing, demolition or moving thereof is approved by the review board, or, on appeal, by the governing body after consultation with the review board.

The filing of the petition shall stay the decision of the governing body pending the outcome of the appeal to the court, except that the filing of the petition shall not stay the decision of the governing body if the decision denies the right to raze or demolish a historic landmark, building or structure. The court may reverse or modify the decision of the governing body, in whole or in part, if it finds upon review that the decision of the governing body is contrary to law or that its decision is arbitrary and constitutes an abuse of discretion, or it may affirm the decision of the governing body.

In addition to the right of appeal hereinabove set forth, the owner of a historic landmark, building or structure, the razing or demolition of which is subject to the provisions of subdivision 2 of this subsection, shall, as a matter of right, be entitled to raze or demolish such landmark, building or structure provided that: (i) he has applied to the governing body for such right, (ii) the owner has for the period of time set forth in the same schedule hereinafter contained and at a price reasonably related to its fair market value, made a bona fide offer to sell the landmark, building or structure, and the land pertaining thereto, to the locality or to any person, firm, corporation, government or agency thereof, or political subdivision or agency thereof, which gives reasonable assurance that it is willing to preserve and restore the landmark, building or structure and the land pertaining thereto, and (iii) no bona fide contract, binding upon all parties thereto, shall have been executed for the sale of any such landmark, building or structure, and the land pertaining thereto, prior to the expiration of the applicable time period set forth in the time schedule hereinafter contained. Any appeal which may be taken to the court from the decision of the governing body, whether instituted by the owner or by any other proper party, notwithstanding the provisions heretofore stated relating to a stay of the decision appealed from shall not affect the right of the owner to make the bona fide offer to sell referred to above. No offer to sell shall be made more than one year after a final decision by the governing body, but thereafter the owner may renew his request to the governing body to approve the razing or demolition of the historic landmark, building or structure. The time schedule for offers to sell shall be as follows: three months when the offering price is less than \$25,000; four months when the offering price is \$25,000 or more but less than \$40,000; five months when the offering price is \$40,000 or more but less than \$55,000; six months when the offering price is \$55,000 or more but less than \$75,000; seven months when the offering price is \$75,000 or more but less than \$90,000; and twelve months when the offering price is \$90,000 or more.

4. The governing body is authorized to acquire in any legal manner any historic area, landmark, building or structure, land pertaining thereto, or any estate or interest therein which, in the opinion of the governing body should be acquired, preserved and maintained for the use, observation, education, pleasure and welfare of the people; provide for their

renovation, preservation, maintenance, management and control as places of historic interest by a department of the locality or by a board, commission or agency specially established by ordinance for the purpose; charge or authorize the charging of compensation for the use thereof or admission thereto; lease, subject to such regulations as may be established by ordinance, any such area, property, lands or estate or interest therein so acquired upon the condition that the historic character of the area, landmark, building, structure or land shall be preserved and maintained; or to enter into contracts with any person, firm or corporation for the management, preservation, maintenance or operation of any such area, landmark, building, structure, land pertaining thereto or interest therein so acquired as a place of historic interest; however, the locality shall not use the right of condemnation under this subsection unless the historic value of such area, landmark, building, structure, land pertaining thereto, or estate or interest therein is about to be destroyed.

The authority to enter into contracts with any person, firm or corporation as stated above may include the creation, by ordinance, of a resident curator program such that private entities through lease or other contract may be engaged to manage, preserve, maintain, or operate, including the option to reside in, any such historic area, property, lands, or estate owned or leased by the locality. Any leases or contracts entered into under this provision shall require that all maintenance and improvement be conducted in accordance with established treatment standards for historic landmarks, areas, buildings, and structures. For purposes of this section, leases or contracts that preserve historic landmarks, buildings, structures, or areas are deemed to be consistent with the purposes of use, observation, education, pleasure, and welfare of the people as stated above so long as the lease or contract provides for reasonable public access consistent with the property's nature and use. The Department of Historic Resources shall provide technical assistance to local governments, at their request, to assist in developing resident curator programs.

B. Notwithstanding any contrary provision of law, general or special, in the City of Portsmouth no approval of any governmental agency or review board shall be required for the construction of a ramp to serve the handicapped at any structure designated pursuant to the provisions of this section.

C. Any locality that establishes or expands a local historic district pursuant to this section shall identify and inventory all landmarks, buildings, or structures in the areas being considered for inclusion within the proposed district. Prior to adoption of an ordinance establishing or expanding a local historic district, the locality shall (i) provide for public input from the community and affected property owners in accordance with § 15.2-2204; (ii) establish written criteria to be used to determine which properties should be included within a local historic district; and (iii) review the inventory and the criteria to determine which properties in the areas being considered for inclusion within the proposed district meet the criteria to be included in a local historic district. Local historic district boundaries may be adjusted to exclude properties along the perimeter that do not meet the criteria. The locality shall include only the geographical areas in a local historic district where a majority of the properties meet the criteria established by the locality in accordance with this section. However, parcels of land contiguous to arterial streets or highways found by the governing body to be significant routes of tourist access to the locality or to designated historic landmarks, buildings, structures, or districts therein, or in a contiguous locality may be included in a local historic district notwithstanding the provisions of this subsection.

D. *Any locality utilizing the urban county executive form of government may include a provision in any ordinance adopted pursuant to this section that would allow public access to any such historic area, landmark, building, or structure, or land pertaining thereto, or providing that no subdivision shall occur within any historic district unless approved by the review board or, on appeal, by the governing body of the locality as being compatible with the historic nature of such area, landmarks, buildings, or structures therein with regard to any parcel or parcels that collectively are (i) adjacent to a navigable river and a national park and (ii) in part or as a whole subject to an easement granted to the National Park Service or Virginia Outdoors Foundation granted on or after January 1, 1973.*

2. That an emergency exists and this act is in force from its passage.

B. The energy manager shall:

1. Maintain a list of the facilities owned and leased by his agency, including buildings and interior spaces. Such list shall indicate energy usage and any prior energy audit or energy saving performance contract.

2. Enter energy and water consumption and building-related information into the ENERGY STAR Portfolio Manager account for any building or facility over 5,000 square feet, beginning with the largest facilities not yet accounted for, as follows:

- a. By January 1, 2021, five percent of agency facilities;
- b. By January 1, 2022, 20 percent of agency facilities;

3. By January 1, 2021, or as each utility account is established, whichever is later, coordinate with the Department of ~~Mines, Minerals and~~ Energy (DMME) to link utility accounts to the state portfolio master account and to provide to DMME ~~the Department of Energy~~ access to such ENERGY STAR Portfolio Manager account.

4. On an ongoing basis, identify priority buildings and spaces for energy audits or energy saving performance contracts. In determining priorities, the energy manager may consider how energy usage may be reduced and the feasibility of installing energy saving or on-site renewable energy systems.

5. Provide to ~~DMME the Department of Energy~~ the priority building list on an annual basis.

§ 2.2-1157. Exploration for and extraction of minerals on state-owned uplands.

A. The Department of ~~Mines, Minerals and~~ Energy, in cooperation with the Division, shall develop, with the assistance of affected state agencies, departments, and institutions, a State Minerals Management Plan (the Plan). The Plan shall include provisions for the holding of public hearings and the public advertising for competitive bids or proposals for mineral exploration, leasing, and extraction activities on state-owned uplands. Sales of mineral exploration permits and leases for these lands shall be administered by the Division, with the advice of the Department of ~~Mines, Minerals and~~ Energy.

B. Upon receiving the recommendation of both the Director of the Department of General Services and the Director of the Department of ~~Mines, Minerals and~~ Energy, the Governor shall determine whether the proposed mineral exploration, leasing, or extraction of minerals on state-owned uplands is in the public interest. No state-owned uplands shall be approved for mineral exploration, leasing, or extraction without a public hearing in the locality where the affected land or the greater portion thereof is located and a competitive bid or proposal process as described in the Plan. The provisions of this section shall not apply to the extraction of minerals on state-owned uplands pursuant to an oil or gas pooling order unless the well through which the extraction will occur is situated on such land.

For purposes of this section, "state-owned uplands" means lands owned by the Commonwealth that (i) lie landward of the mean low water mark in tidal areas or (ii) have an elevation above the average surface water level in nontidal areas.

C. The agencies, departments, or institutions proposing or receiving applications for mineral exploration, leasing or extraction on state-owned uplands shall, through their boards or commissions, recommend all such activities to the Division following guidelines set forth in the Plan. The Division and the Department of ~~Mines, Minerals and~~ Energy shall review and recommend to the Governor such proposed activities. Such agencies, departments or institutions, through their boards or commissions, may execute the leases or contracts that have been approved by the Governor.

D. The proceeds from all such sales or leases above the costs of the sale to the Department of ~~Mines, Minerals and~~ Energy or to the agency, department or institution sponsoring the sale shall be paid into the general fund of the state treasury, so long as the sales or leases pertain to general fund agencies or the property involved was originally acquired through the general fund. Net proceeds from sales or leases of special-fund agency properties or property acquired through a gift shall be retained by such agency or institution or used in accordance with the original terms of the gift if so stated.

E. Mining, leasing, and extraction activities in state-owned submerged lands shall be authorized and administered by the Virginia Marine Resources Commission pursuant to Title 28.2 (§ 28.2-100 et seq.).

§ 2.2-1176.1. Alternative Fuel Vehicle Conversion Fund established.

There is hereby created in the state treasury a special nonreverting fund to be known as the Alternative Fuel Vehicle Conversion Fund, hereinafter referred to as "the Fund." The Fund shall consist of such moneys appropriated by the General Assembly and any other funds available from donations, grants, in-kind contributions, and other funds as may be received for the purposes stated herein. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purposes of assisting agencies of the Commonwealth with the incremental cost of state-owned alternative fuel vehicles and local government and agencies thereof and local school divisions with the incremental cost of such local government-owned alternative fuel vehicles. Moneys in the Fund may be used in conjunction with or as matching funds for any eligible federal grants for the same purpose. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Director.

As used in this section, "incremental cost" means the entire cost of a certified conversion of an existing vehicle to use at least one alternative fuel or the additional cost of purchasing a new vehicle equipped to operate on at least one alternative fuel over the normal cost of a similar vehicle equipped to operate on a conventional fuel such as gasoline or diesel fuel.

The Director, in consultation with the Director of the Department of ~~Mines, Minerals and Energy~~, shall establish guidelines for contributions and reimbursements from the Fund for the purchase or conversion of state-owned or local government-owned vehicles.

§ 10.1-606.3. Requirement for development in dam break inundation zones.

A. For any development proposed within the boundaries of a dam break inundation zone that has been mapped in accordance with § 10.1-606.2, the locality shall, as part of a preliminary plan review pursuant to § 15.2-2260, or as part of a plan review pursuant to § 15.2-2259 if no preliminary review has been conducted, (i) review the dam break inundation zone map on file with the locality for the affected impounding structure, (ii) notify the dam owner, and (iii) within 10 days forward a request to the Department of Conservation and Recreation to make a determination of the potential impacts of the proposed development on the spillway design flood standards required of the dam. The Department shall notify the dam

owner and the locality of its determination within 45 days of the receipt of the request. Upon receipt of the Department's determination, the locality shall complete the review in accordance with § 15.2-2259 or 15.2-2260. If a locality has not received a determination within 45 days of the Department's receipt of the request, the Department shall be deemed to have no comments, and the locality shall complete its review. Such inaction by the Department shall not affect the Board's authority to regulate the impounding structure in accordance with this article.

If the Department determines that the plan of development would change the spillway design flood standards of the impounding structure, the locality shall not permit development as defined in § 15.2-2201 or redevelopment in the dam break inundation zone unless the developer or subdivider agrees to alter the plan of development so that it does not alter the spillway design flood standard required of the impounding structure or he contributes payment to the necessary upgrades to the affected impounding structure pursuant to § 15.2-2243.1.

The developer or subdivider shall provide the dam owner and all affected localities with information necessary for the dam owner to update the dam break inundation zone map to reflect any new development within the dam break inundation zone following completion of the development.

The requirements of this subsection shall not apply to any development proposed downstream of a dam for which a dam break inundation zone map is not on file with the locality as of the time of the official submission of a development plan to the locality.

B. The locality is authorized to map the dam break inundation zone in accordance with criteria set out in the Virginia Impounding Structure Regulations (4VAC50-20) and recover the costs of such mapping from the owner of an impounding structure for which a dam break inundation zone map is not on file with the locality and a map has not been prepared by the impounding structure owner.

C. This section shall not be construed to supersede or conflict with the authority granted to the Department of ~~Mines, Minerals and Energy~~ for the regulation of mineral extraction activities in the Commonwealth as set out in Title 45.1. Nothing in this section shall be interpreted to permit the impairment of a vested right in accordance with § 15.2-2307.

§ 10.1-659. Flood protection programs; coordination.

The provisions of this chapter shall be coordinated with the Virginia Coastal Resilience Master Plan and federal, state, and local flood prevention and water quality programs to minimize loss of life, property damage, and negative impacts on the environment. The Department shall also coordinate with soil and water conservation districts, Virginia Cooperative Extension agents, and planning district commissions, and shall coordinate and cooperate with localities in rendering assistance to such localities in their efforts to comply with the planning, subdivision of land, and zoning provisions of Chapter 22 (§ 15.2-2200 et seq.) of Title 15.2. The Director and either the Special Assistant to the Governor for Coastal Adaptation and Protection or the Chief Resilience Officer shall jointly hold meetings of representatives of these programs, entities, and localities in order to determine, coordinate, and prioritize the Commonwealth's efforts and expenditures to increase flooding resilience. The Department shall cooperate with other public and private agencies having flood plain management programs and shall coordinate its responsibilities under this article and any other law. These activities shall constitute the Commonwealth's flood prevention and protection program.

§ 10.1-1194. Watershed Planning and Permitting Coordination Task Force created; membership; duties.

A. There is hereby created the Watershed Planning and Permitting Coordination Task Force, which shall be referred to in this article as the Task Force. The Task Force shall be composed of the Directors, or their designees, of the Department of Environmental Quality, the Department of Conservation and Recreation, the Department of Forestry, the Department of ~~Mines, Minerals and Energy~~, and the Commissioner, or his designee, of the Department of Agriculture and Consumer Services.

B. The Task Force shall meet at least quarterly on such dates and times as the members determine. A majority of the Task Force shall constitute a quorum.

§ 10.1-1330. Clean Energy and Community Flood Preparedness.

A. The provisions of this article shall be incorporated by the Department, without further action by the Board, into the final regulation adopted by the Board on April 19, 2019, and published in the Virginia Register on May 27, 2019. Such incorporation by the Department shall be exempt from the provisions of the Virginia Administrative Process Act (§ 2.2-4000 et seq.).

B. The Director is hereby authorized to establish, implement, and manage an auction program to sell allowances into a market-based trading program consistent with the RGGI program and this article. The Director shall seek to sell 100 percent of all allowances issued each year through the allowance auction, unless the Department finds that doing so will have a negative impact on the value of allowances and result in a net loss of consumer benefit or is otherwise inconsistent with the RGGI program.

C. To the extent permitted by Article X, Section 7 of the Constitution of Virginia, the state treasury shall (i) hold the proceeds recovered from the allowance auction in an interest-bearing account with all interest directed to the account to carry out the purposes of this article and (ii) use the proceeds without further appropriation for the following purposes:

1. Forty-five percent of the revenue shall be credited to the account established pursuant to the Fund for the purpose of assisting localities and their residents affected by recurrent flooding, sea level rise, and flooding from severe weather events.

2. Fifty percent of the revenue shall be credited to an account administered by DHCD to support low-income energy efficiency programs, including programs for eligible housing developments. DHCD shall review and approve funding proposals for such energy efficiency programs, and ~~DMME~~ DOE shall provide technical assistance upon request. Any sums remaining within the account administered by DHCD, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in such account to support low-income energy efficiency programs.

3. Three percent of the revenue shall be used to (i) cover reasonable administrative expenses of the Department in the administration of the revenue allocation, carbon dioxide emissions cap and trade program, and auction and (ii) carry out statewide climate change planning and mitigation activities.

4. Two percent of the revenue shall be used by DHCD, in partnership with ~~DMME~~ DOE, to administer and implement low-income energy efficiency programs pursuant to subdivision 2.

D. The Department, the Department of Conservation and Recreation, DHCD, and ~~DMME~~ DOE shall prepare a joint annual written report describing the Commonwealth's participation in RGGI, the annual reduction in greenhouse gas emissions, the revenues collected and deposited in the interest-bearing account maintained by the Department pursuant to this article, and a description of each way in which money was expended during the fiscal year. The report shall be submitted to the Governor and General Assembly by January 1, 2022, and annually thereafter.

§ 10.1-1406.2. Conditional exemption for coal and mineral mining overburden or solid waste.

The provisions of this chapter shall not apply to coal or mineral mining overburden returned to the mine site or solid wastes from the extraction, beneficiation, and processing of coal or minerals that are managed in accordance with requirements promulgated by the Department of ~~Mines, Minerals and Energy~~.

§ 11-34.3. Energy Performance-Based Contract Procedures; required contract provisions.

A. Any contracting entity may enter into an energy performance-based contract with an energy performance contractor to significantly reduce energy costs to a level established by the public body or operating costs of a facility through one or more energy conservation or operational efficiency measures. For the purposes of this chapter, energy conservation or operational efficiency measures shall not include roof replacement projects.

B. The energy performance contractor shall be selected through competitive sealed bidding or competitive negotiation as set forth in § 2.2-4302.1 or 2.2-4302.2. The evaluation of the request for proposal shall analyze the estimates of all costs of installation, maintenance, repairs, debt service, post installation project monitoring and reporting. Notwithstanding any other provision of law, any contracting entity may purchase energy conservation or operational efficiency measures under an energy performance-based contract entered into by another contracting entity pursuant to this chapter even if it did not participate in the request for proposals if the request for proposals specified that the procurement was being conducted on behalf of other contracting entities.

C. Before entering into a contract for energy conservation measures and facility technology infrastructure upgrades and modernization measures, the contracting entity shall require the performance contractor to provide a payment and performance bond relating to the installation of energy conservation measures and facility technology infrastructure upgrades and modernization measures in the amount the contracting entity finds reasonable and necessary to protect its interests.

D. Prior to the design and installation of the energy conservation measure, the contracting entity shall obtain from the energy performance contractor a report disclosing all costs associated with the energy conservation measure and providing an estimate of the amount of the energy cost savings. After reviewing the report, the contracting entity may enter into an energy performance-based contract if it finds (i) the amount the entity would spend on the energy conservation measures and facility and technology infrastructure upgrades and modernization measures recommended in the report will not exceed the amount to be saved in energy and operation costs more than 20 years from the date of installation, based on life-cycle costing calculations, if the recommendations in the report were followed and (ii) the energy performance contractor provides a written guarantee that the energy and operating cost savings will meet or exceed the costs of the system. The contract may provide for payments over a period of time not to exceed 20 years.

E. The term of any energy performance-based contract shall expire at the end of each fiscal year but may be renewed annually up to 20 years, subject to the contracting entity making sufficient annual appropriations based upon continued realized cost savings. Such contracts shall stipulate that the agreement does not constitute a debt, liability, or obligation of the contracting entity, or a pledge of the faith and credit of the contracting entity. Such contract may also provide capital contributions for the purchase and installation of energy conservation and facility and technology infrastructure upgrades and modernization measures that cannot be totally funded by the energy and operational savings.

F. An energy performance-based contract shall include the following provisions:

1. A guarantee by the energy performance contractor that annual energy and operational cost savings will meet or exceed the amortized cost of energy conservation measures. The guaranteed energy savings contract shall include a written guarantee of the qualified provider that either the energy or operational cost savings, or both, will meet or exceed within 20 years the costs of the energy and operational savings measures. The qualified provider shall reimburse the contracting entity for any shortfall of guaranteed energy savings projected in the contract.

2. A requirement that the energy performance contractor to whom the contract is awarded provide a 100 percent performance guarantee bond to the contracting entity for the installation and faithful performance of the installed energy savings measures as outlined in the contract document.

3. A requirement that the energy performance contractor provide to the contracting entity an annual reconciliation of the guaranteed energy cost savings. The energy performance contractor shall be liable for any annual savings shortfall that may occur.

G. The Department of ~~Mines, Minerals and Energy~~ (the Department) shall make a reasonable effort, as long as workload permits, to:

1. Provide general advice, upon request, to local governments that wish to consider pursuit of an energy performance-based contract pursuant to this section;

2. Annually compile a list of performance-based contracts entered into by local governments of which the Department may become aware.

§ 15.2-958.3. Financing clean energy, resiliency, and stormwater management programs.

A. Any locality may, by ordinance, authorize contracts to provide loans for the initial acquisition and installation of clean energy, resiliency, or stormwater management improvements with free and willing property owners of both existing properties and new construction. Such an ordinance shall include but not be limited to the following:

1. The kinds of renewable energy production and distribution facilities, energy usage efficiency improvements, resiliency improvements, water usage efficiency improvements, or stormwater management improvements for which loans may be offered. Resiliency improvements may include mitigation of flooding or the impacts of flooding or stormwater management improvements with a preference for natural or nature-based features and living shorelines as defined in § 28.2-104.1;

2. The proposed arrangement for such loan program, including (i) a statement concerning the source of funding that will be used to pay for work performed pursuant to the contracts; (ii) the interest rate and time period during which contracting property owners would repay the loan; and (iii) the method of apportioning all or any portion of the costs incidental to financing, administration, and collection of the arrangement among the consenting property owners and the locality;

3. (i) A minimum and maximum aggregate dollar amount that may be financed with respect to a property and (ii) if a locality or other public body is originating the loan, a maximum aggregate dollar amount that may be financed with respect to loans originated by the locality or other public body;

4. In the case of a loan program described in clause (ii) of subdivision 3, a method for setting requests from property owners for financing in priority order in the event that requests appear likely to exceed the authorization amount of the loan program. Priority shall be given to those requests from property owners who meet established income or assessed property value eligibility requirements;

5. Identification of a local official authorized to enter into contracts on behalf of the locality. A locality may contract with a third party for professional services to administer such loan program;

1. Shall have the same priority status as a property tax lien against real property, except that such voluntary special assessment lien shall have priority over any previously recorded mortgage or deed of trust lien only if (i) a written subordination agreement, in a form and substance acceptable to each prior lienholder in its sole and exclusive discretion, is executed by the holder of each mortgage or deed of trust lien on the property and recorded with the special assessment lien in the land records where the property is located, and (ii) evidence that the property owner is current on payments on loans secured by a mortgage or deed of trust lien on the property and on property tax payments, that the property owner is not insolvent or in bankruptcy proceedings, and that the title of the benefited property is not in dispute is submitted to the locality prior to recording of the special assessment lien;

2. Shall run with the land, and that portion of the assessment under the assessment contract that has not yet become due is not eliminated by foreclosure of a property tax lien;

3. May be enforceable by the local government in the same manner that a property tax lien against real property may be enforced by the local government. A local government shall be entitled to recover costs and expenses, including attorney fees, in a suit to collect a delinquent installment of an assessment in the same manner as in a suit to collect a delinquent property tax; and

4. May incur interest and penalties for delinquent installments of the assessment in the same manner as delinquent property taxes.

F. Prior to the enactment of an ordinance pursuant to this section, a public hearing shall be held at which interested persons may object to or inquire about the proposed loan program or any of its particulars. The public hearing shall be advertised once a week for two successive weeks in a newspaper of general circulation in the locality.

"Phase II Utility" has the same meaning as provided in subdivision A 1 of § 56-585.1.

"Previously developed project site" means any property, including related buffer areas, if any, that has been previously disturbed or developed for non-single-family residential, nonagricultural, or nonsilvicultural use, regardless of whether such property currently is being used for any purpose. "Previously developed project site" includes a brownfield as defined in § 10.1-1230 or any parcel that has been previously used (i) for a retail, commercial, or industrial purpose; (ii) as a parking lot; (iii) as the site of a parking lot canopy or structure; (iv) for mining, which is any lands affected by coal mining that took place before August 3, 1977, or any lands upon which extraction activities have been permitted by the Department of Mines, Minerals and Energy under Title 45.1; (v) for quarrying; or (vi) as a landfill.

"Total electric energy" means total electric energy sold to retail customers in the Commonwealth service territory of a Phase I or Phase II Utility, other than accelerated renewable energy buyers, by the incumbent electric utility or other retail supplier of electric energy in the previous calendar year, excluding an amount equivalent to the annual percentages of the electric energy that was supplied to such customer from nuclear generating plants located within the Commonwealth in the

previous calendar year, provided such nuclear units were operating by July 1, 2020, or from any zero-carbon electric generating facilities not otherwise RPS eligible sources and placed into service in the Commonwealth after July 1, 2030.

"Zero-carbon electricity" means electricity generated by any generating unit that does not emit carbon dioxide as a by-product of combusting fuel to generate electricity.

B. 1. By December 31, 2024, except for any coal-fired electric generating units (i) jointly owned with a cooperative utility or (ii) owned and operated by a Phase II Utility located in the coalfield region of the Commonwealth that co-fires with biomass, any Phase I and Phase II Utility shall retire all generating units principally fueled by oil with a rated capacity in excess of 500 megawatts and all coal-fired electric generating units operating in the Commonwealth.

2. By December 31, 2028, each Phase I and II Utility shall retire all biomass-fired electric generating units that do not co-fire with coal.

3. By December 31, 2045, each Phase I and II Utility shall retire all other electric generating units located in the Commonwealth that emit carbon as a by-product of combusting fuel to generate electricity.

4. A Phase I or Phase II Utility may petition the Commission for relief from the requirements of this subsection on the basis that the requirement would threaten the reliability or security of electric service to customers. The Commission shall consider in-state and regional transmission entity resources and shall evaluate the reliability of each proposed retirement on a case-by-case basis in ruling upon any such petition.

C. Each Phase I and Phase II Utility shall participate in a renewable energy portfolio standard program (RPS Program) that establishes annual goals for the sale of renewable energy to all retail customers in the utility's service territory, other than accelerated renewable energy buyers pursuant to subsection G, regardless of whether such customers purchase electric supply service from the utility or from suppliers other than the utility. To comply with the RPS Program, each Phase I and Phase II Utility shall procure and retire Renewable Energy Certificates (RECs) originating from renewable energy standard eligible sources (RPS eligible sources). For purposes of complying with the RPS Program from 2021 to 2024, a Phase I and Phase II Utility may use RECs from any renewable energy facility, as defined in § 56-576, provided that such facilities are located in the Commonwealth or are physically located within the PJM Interconnection, LLC (PJM) region. However, at no time during this period or thereafter may any Phase I or Phase II Utility use RECs from (i) renewable thermal energy, (ii) renewable thermal energy equivalent, (iii) biomass-fired facilities that are outside the Commonwealth, or (iv) biomass-fired facilities operating in the Commonwealth as of January 1, 2020, that supply 10 percent or more of their annual net electrical generation to the electric grid or more than 15 percent of their annual total useful energy to any entity other than the manufacturing facility to which the generating source is interconnected. From compliance year 2025 and all years after, each Phase I and Phase II Utility may only use RECs from RPS eligible sources for compliance with the RPS Program.

In order to qualify as RPS eligible sources, such sources must be (a) electric-generating resources that generate electric energy derived from solar or wind located in the Commonwealth or off the Commonwealth's Atlantic shoreline or in federal waters and interconnected directly into the Commonwealth or physically located within the PJM region; (b) falling water resources located in the Commonwealth or physically located within the PJM region that were in operation as of January 1, 2020, that are owned by a Phase I or Phase II Utility or for which a Phase I or Phase II Utility has entered into a contract prior to January 1, 2020, to purchase the energy, capacity, and renewable attributes of such falling water resources; (c) non-utility-owned resources from falling water that (1) are less than 65 megawatts, (2) began commercial operation after December 31, 1979, or (3) added incremental generation representing greater than 50 percent of the original nameplate capacity after December 31, 1979, provided that such resources are located in the Commonwealth or are physically located within the PJM region; (d) waste-to-energy or landfill gas-fired generating resources located in the Commonwealth and in operation as of January 1, 2020, provided that such resources do not use waste heat from fossil fuel combustion or forest or woody biomass as fuel; or (e) biomass-fired facilities in operation in the Commonwealth and in operation as of January 1, 2020, that supply no more than 10 percent of their annual net electrical generation to the electric grid or no more than 15 percent of their annual total useful energy to any entity other than the manufacturing facility to which the generating source is interconnected. Regardless of any future maintenance, expansion, or refurbishment activities, the total amount of RECs that may be sold by any RPS eligible source using biomass in any year shall be no more than the number of megawatt hours of electricity produced by that facility in 2019; however, in no year may any RPS eligible source using biomass sell RECs in excess of the actual megawatt-hours of electricity generated by such facility that year. In order to comply with the RPS Program, each Phase I and Phase II Utility may use and retire the environmental attributes associated with any existing owned or contracted solar, wind, or falling water electric generating resources in operation, or proposed for operation, in the Commonwealth or physically located within the PJM region, with such resource qualifying as a Commonwealth-located resource for purposes of this subsection, as of January 1, 2020, provided such renewable attributes are verified as RECs consistent with the PJM-EIS Generation Attribute Tracking System.

The RPS Program requirements shall be a percentage of the total electric energy sold in the previous calendar year and shall be implemented in accordance with the following schedule:

A Phase II Utility shall meet one percent of the RPS Program requirements in any given compliance year with solar, wind, or anaerobic digestion resources of one megawatt or less located in the Commonwealth, with not more than 3,000 kilowatts at any single location or at contiguous locations owned by the same entity or affiliated entities and, to the extent that low-income qualifying projects are available, then no less than 25 percent of such one percent shall be composed of low-income qualifying projects.

Beginning with the 2025 compliance year and thereafter, at least 75 percent of all RECs used by a Phase II Utility in a compliance period shall come from RPS eligible resources located in the Commonwealth.

Any Phase I or Phase II Utility may apply renewable energy sales achieved or RECs acquired in excess of the sales requirement for that RPS Program to the sales requirements for RPS Program requirements in the year in which it was generated and the five calendar years after the renewable energy was generated or the RECs were created. To the extent that a Phase I or Phase II Utility procures RECs for RPS Program compliance from resources the utility does not own, the utility shall be entitled to recover the costs of such certificates at its election pursuant to § 56-249.6 or subdivision A 5 d of § 56-585.1.

D. Each Phase I or Phase II Utility shall petition the Commission for necessary approvals to procure zero-carbon electricity generating capacity as set forth in this subsection and energy storage resources as set forth in subsection E. To the extent that a Phase I or Phase II Utility constructs or acquires new zero-carbon generating facilities or energy storage resources, the utility shall petition the Commission for the recovery of the costs of such facilities, at the utility's election, either through its rates for generation and distribution services or through a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1. All costs not sought for recovery through a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1 associated with generating facilities provided by sunlight or onshore or offshore wind are also eligible to be applied by the utility as a customer credit reinvestment offset as provided in subdivision A 8 of § 56-585.1. Costs associated with the purchase of energy, capacity, or environmental attributes from facilities owned by the persons other than the utility required by this subsection shall be recovered by the utility either through its rates for generation and distribution services or pursuant to § 56-249.6.

1. Each Phase I Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of 600 megawatts of generating capacity using energy derived from sunlight or onshore wind.

d. Nothing in this subdivision 1 shall prohibit such Phase I Utility from constructing, acquiring, or entering into agreements to purchase the energy, capacity, and environmental attributes of more than 600 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, provided the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

2. By December 31, 2035, each Phase II Utility shall petition the Commission for necessary approvals to (i) construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of 16,100 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, which shall include 1,100 megawatts of solar generation of a nameplate capacity not to exceed three megawatts per individual project and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar facilities owned by persons other than a utility, including utility affiliates and deregulated affiliates and (ii) pursuant to § 56-585.1:11, construct or purchase one or more offshore wind generation facilities located off the Commonwealth's Atlantic shoreline or in federal waters and interconnected directly into the Commonwealth with an aggregate capacity of up to 5,200 megawatts. At least 200 megawatts of the 16,100 megawatts shall be placed on previously developed project sites.

a. By December 31, 2024, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 3,000 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

b. By December 31, 2027, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 3,000 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

c. By December 31, 2030, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 4,000 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and

35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

d. By December 31, 2035, each Phase II Utility shall petition the Commission for necessary approvals to construct, acquire, or enter into agreements to purchase the energy, capacity, and environmental attributes of at least 6,100 megawatts of additional generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, and 35 percent of such generating capacity procured shall be from the purchase of energy, capacity, and environmental attributes from solar or onshore wind facilities owned by persons other than the utility, with the remainder, in the aggregate, being from construction or acquisition by such Phase II Utility.

e. Nothing in this subdivision 2 shall prohibit such Phase II Utility from constructing, acquiring, or entering into agreements to purchase the energy, capacity, and environmental attributes of more than 16,100 megawatts of generating capacity located in the Commonwealth using energy derived from sunlight or onshore wind, provided the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

3. Nothing in this section shall prohibit a utility from petitioning the Commission to construct or acquire zero-carbon electricity or from entering into contracts to procure the energy, capacity, and environmental attributes of zero-carbon electricity generating resources in excess of the requirements in subsection B. The Commission shall determine whether to approve such petitions on a stand-alone basis pursuant to §§ 56-580 and 56-585.1, provided that the Commission's review shall also consider whether the proposed generating capacity (i) is necessary to meet the utility's native load, (ii) is likely to lower customer fuel costs, (iii) will provide economic development opportunities in the Commonwealth, and (iv) serves a need that cannot be more affordably met with demand-side or energy storage resources.

Each Phase I and Phase II Utility shall, at least once every year, conduct a request for proposals for new solar and wind resources. Such requests shall quantify and describe the utility's need for energy, capacity, or renewable energy certificates. The requests for proposals shall be publicly announced and made available for public review on the utility's website at least 45 days prior to the closing of such request for proposals. The requests for proposals shall provide, at a minimum, the following information: (a) the size, type, and timing of resources for which the utility anticipates contracting; (b) any minimum thresholds that must be met by respondents; (c) major assumptions to be used by the utility in the bid evaluation process, including environmental emission standards; (d) detailed instructions for preparing bids so that bids can be evaluated on a consistent basis; (e) the preferred general location of additional capacity; and (f) specific information concerning the factors involved in determining the price and non-price criteria used for selecting winning bids. A utility may evaluate responses to requests for proposals based on any criteria that it deems reasonable but shall at a minimum consider the following in its selection process: (1) the status of a particular project's development; (2) the age of existing generation facilities; (3) the demonstrated financial viability of a project and the developer; (4) a developer's prior experience in the field; (5) the location and effect on the transmission grid of a generation facility; (6) benefits to the Commonwealth that are associated with particular projects, including regional economic development and the use of goods and services from Virginia businesses; and (7) the environmental impacts of particular resources, including impacts on air quality within the Commonwealth and the carbon intensity of the utility's generation portfolio.

4. In connection with the requirements of this subsection, each Phase I and Phase II Utility shall, commencing in 2020 and concluding in 2035, submit annually a plan and petition for approval for the development of new solar and onshore wind generation capacity. Such plan shall reflect, in the aggregate and over its duration, the requirements of subsection D concerning the allocation percentages for construction or purchase of such capacity. Such petition shall contain any request for approval to construct such facilities pursuant to subsection D of § 56-580 and a request for approval or update of a rate adjustment clause pursuant to subdivision A 6 of § 56-585.1 to recover the costs of such facilities. Such plan shall also include the utility's plan to meet the energy storage project targets of subsection E, including the goal of installing at least 10 percent of such energy storage projects behind the meter. In determining whether to approve the utility's plan and any associated petition requests, the Commission shall determine whether they are reasonable and prudent and shall give due consideration to (i) the RPS and carbon dioxide reduction requirements in this section, (ii) the promotion of new renewable generation and energy storage resources within the Commonwealth, and associated economic development, and (iii) fuel savings projected to be achieved by the plan. Notwithstanding any other provision of this title, the Commission's final order regarding any such petition and associated requests shall be entered by the Commission not more than six months after the date of the filing of such petition.

5. If, in any year, a Phase I or Phase II Utility is unable to meet the compliance obligation of the RPS Program requirements or if the cost of RECs necessary to comply with RPS Program requirements exceeds \$45 per megawatt hour, such supplier shall be obligated to make a deficiency payment equal to \$45 for each megawatt-hour shortfall for the year of noncompliance, except that the deficiency payment for any shortfall in procuring RECs for solar, wind, or anaerobic digesters located in the Commonwealth shall be \$75 per megawatts hour for resources one megawatt and lower. The amount of any deficiency payment shall increase by one percent annually after 2021. A Phase I or Phase II Utility shall be entitled to recover the costs of such payments as a cost of compliance with the requirements of this subsection pursuant to subdivision A 5 d of § 56-585.1. All proceeds from the deficiency payments shall be deposited into an interest-bearing account administered by the Department of ~~Mines, Minerals and Energy~~. In administering this account, the Department of ~~Mines, Minerals and Energy~~ shall manage the account as follows: (i) 50 percent of total revenue shall be directed to job training programs in historically economically disadvantaged communities; (ii) 16 percent of total revenue shall be directed to

energy efficiency measures for public facilities; (iii) 30 percent of total revenue shall be directed to renewable energy programs located in historically economically disadvantaged communities; and (iv) four percent of total revenue shall be directed to administrative costs.

E. To enhance reliability and performance of the utility's generation and distribution system, each Phase I and Phase II Utility shall petition the Commission for necessary approvals to construct or acquire new, utility-owned energy storage resources.

1. By December 31, 2035, each Phase I Utility shall petition the Commission for necessary approvals to construct or acquire 400 megawatts of energy storage capacity. Nothing in this subdivision shall prohibit a Phase I Utility from constructing or acquiring more than 400 megawatts of energy storage, provided that the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

2. By December 31, 2035, each Phase II Utility shall petition the Commission for necessary approvals to construct or acquire 2,700 megawatts of energy storage capacity. Nothing in this subdivision shall prohibit a Phase II Utility from constructing or acquiring more than 2,700 megawatts of energy storage, provided that the utility receives approval from the Commission pursuant to §§ 56-580 and 56-585.1.

3. No single energy storage project shall exceed 500 megawatts in size, except that a Phase II Utility may procure a single energy storage project up to 800 megawatts.

4. All energy storage projects procured pursuant to this subsection shall meet the competitive procurement protocols established in subdivision D 3.

5. After July 1, 2020, at least 35 percent of the energy storage facilities placed into service shall be (i) purchased by the public utility from a party other than the public utility or (ii) owned by a party other than a public utility, with the capacity from such facilities sold to the public utility. By January 1, 2021, the Commission shall adopt regulations to achieve the deployment of energy storage for the Commonwealth required in subdivisions 1 and 2, including regulations that set interim targets and update existing utility planning and procurement rules. The regulations shall include programs and mechanisms to deploy energy storage, including competitive solicitations, behind-the-meter incentives, non-wires alternatives programs, and peak demand reduction programs.

F. All costs incurred by a Phase I or Phase II Utility related to compliance with the requirements of this section or pursuant to § 56-585.1:11, including (i) costs of generation facilities powered by sunlight or onshore or offshore wind, or energy storage facilities, that are constructed or acquired by a Phase I or Phase II Utility after July 1, 2020, (ii) costs of capacity, energy, or environmental attributes from generation facilities powered by sunlight or onshore or offshore wind, or falling water, or energy storage facilities purchased by the utility from persons other than the utility through agreements after July 1, 2020, and (iii) all other costs of compliance, including costs associated with the purchase of RECs associated with RPS Program requirements pursuant to this section shall be recovered from all retail customers in the service territory of a Phase I or Phase II Utility as a non-bypassable charge, irrespective of the generation supplier of such customer, except (a) as provided in subsection G for an accelerated renewable energy buyer or (b) as provided in subdivision C 3 of § 56-585.1:11, with respect to the costs of an offshore wind generation facility, for a PIPP eligible utility customer or an advanced clean energy buyer or qualifying large general service customer, as those terms are defined in § 56-585.1:11. If a Phase I or Phase II Utility serves customers in more than one jurisdiction, such utility shall recover all of the costs of compliance with the RPS Program requirements from its Virginia customers through the applicable cost recovery mechanism, and all associated energy, capacity, and environmental attributes shall be assigned to Virginia to the extent that such costs are requested but not recovered from any system customers outside the Commonwealth.

By September 1, 2020, the Commission shall direct the initiation of a proceeding for each Phase I and Phase II Utility to review and determine the amount of such costs, net of benefits, that should be allocated to retail customers within the utility's service territory which have elected to receive electric supply service from a supplier of electric energy other than the utility, and shall direct that tariff provisions be implemented to recover those costs from such customers beginning no later than January 1, 2021. Thereafter, such charges and tariff provisions shall be updated and trued up by the utility on an annual basis, subject to continuing review and approval by the Commission.

G. 1. An accelerated renewable energy buyer may contract with a Phase I or Phase II Utility, or a person other than a Phase I or Phase II Utility, to obtain (i) RECs from RPS eligible resources or (ii) bundled capacity, energy, and RECs from solar or wind generation resources located within the PJM region and initially placed in commercial operation after January 1, 2015. Such an accelerated renewable energy buyer may offset all or a portion of its electric load for purposes of RPS compliance through such arrangements. An accelerated renewable energy buyer shall be exempt from the assignment of non-bypassable RPS compliance costs pursuant to subsection F, with the exception of the costs of an offshore wind generating facility pursuant to § 56-585.1:11, based on the amount of RECs obtained pursuant to this subsection in proportion to the customer's total electric energy consumption, on an annual basis, however, an accelerated renewable energy buyer obtaining RECs only shall not be exempt from costs related to procurement of new solar or onshore wind generation capacity, energy, or environmental attributes, or energy storage facilities by the utility pursuant to subsections D and E. To the extent that an accelerated renewable energy buyer contracts for the capacity of new solar or wind generation resources pursuant to this subsection, the aggregate amount of such nameplate capacity shall be offset from the utility's procurement requirements pursuant to subsection D. All RECs associated with contracts entered into by an accelerated renewable energy buyer with the utility, or a person other than the utility, for an RPS Program shall not be credited to the

utility's compliance with its RPS requirements, and the calculation of the utility's RPS Program requirements shall not include the electric load covered by customers certified as accelerated renewable energy buyers.

2. Each Phase I or Phase II Utility shall certify, and verify as necessary, to the Commission that the accelerated renewable energy buyer has satisfied the exemption requirements of this subsection for each year, or an accelerated renewable energy buyer may choose to certify satisfaction of this exemption by reporting to the Commission individually. The Commission may promulgate such rules and regulations as may be necessary to implement the provisions of this subsection.

3. Provided that no incremental costs associated with any contract between a Phase I or Phase II Utility and an accelerated renewable energy buyer is allocated to or recovered from any other customer of the utility, any such contract with an accelerated renewable energy buyer that is a jurisdictional customer of the utility shall not be deemed a special rate or contract requiring Commission approval pursuant to § 56-235.2.

H. No customer of a Phase II Utility with a peak demand in excess of 100 megawatts in 2019 that elected pursuant to subdivision A 3 of § 56-577 to purchase electric energy from a competitive service provider prior to April 1, 2019, shall be allocated any non-bypassable charges pursuant to subsection F for such period that the customer is not purchasing electric energy from the utility, and such customer's electric load shall not be included in the utility's RPS Program requirements. No customer of a Phase I Utility that elected pursuant to subdivision A 3 of § 56-577 to purchase electric energy from a competitive service provider prior to February 1, 2019, shall be allocated any non-bypassable charges pursuant to subsection F for such period that the customer is not purchasing electric energy from the utility, and such customer's electric load shall not be included in the utility's RPS Program requirements.

I. Nothing in this section shall apply to any entity organized under Chapter 9.1 (§ 56-231.15 et seq.).

J. The Commission shall adopt such rules and regulations as may be necessary to implement the provisions of this section, including a requirement that participants verify whether the RPS Program requirements are met in accordance with this section.

§ 56-594.3. Shared solar programs.

A. As used in this section:

"Applicable bill credit rate" means the dollar-per-kilowatt-hour rate used to calculate the subscriber's bill credit.

"Bill credit" means the monetary value of the electricity, in kilowatt-hours, generated by the shared solar facility allocated to a subscriber to offset that subscriber's electricity bill.

"Low-income customer" means any person or household whose income is no more than 80 percent of the median income of the locality in which the customer resides. The median income of the locality is determined by the U.S. Department of Housing and Urban Development.

"Low-income service organization" means a nonresidential customer of an investor-owned utility whose primary purpose is to serve low-income individuals and households.

"Low-income shared solar facility" means a shared solar facility at least 30 percent of the capacity of which is subscribed by low-income customers or low-income service organizations.

"Minimum bill" means an amount determined by the Commission under subsection D that subscribers are required to, at a minimum, pay on their utility bill each month after accounting for any bill credits.

"Phase II Utility" has the same meaning as provided in subdivision A 1 of § 56-585.1.

"Shared solar facility" means a facility that:

1. Generates electricity by means of a solar photovoltaic device with a nameplate capacity rating that does not exceed 5,000 kilowatts of alternating current;

2. Is located in the service territory of an investor-owned electric utility;

3. Is connected to the electric distribution grid serving the Commonwealth;

4. Has at least three subscribers;

5. Has at least 40 percent of its capacity subscribed by customers with subscriptions of 25 kilowatts or less; and

6. Is located on a single parcel of land.

"Shared solar program" or "program" means the program created through the adoption of rules to allow for the development of shared solar facilities.

"Subscriber" means a retail customer of a utility that (i) owns one or more subscriptions of a shared solar facility that is interconnected with the utility and (ii) receives service in the service territory of the same utility in whose service territory the shared solar facility is located.

"Subscriber organization" means any for-profit or nonprofit entity that owns or operates one or more shared solar facilities. A subscriber organization shall not be considered a utility solely as a result of its ownership or operation of a shared solar facility.

"Subscription" means a contract or other agreement between a subscriber and the owner of a shared solar facility. A subscription shall be sized such that the estimated bill credits do not exceed the subscriber's average annual bill for the customer account to which the subscription is attributed.

"Utility" means a Phase II Utility.

B. The Commission shall establish by regulation a program that affords customers of a Phase II Utility the opportunity to participate in shared solar projects. Under its shared solar program, a utility shall provide a bill credit for the proportional output of a shared solar facility attributable to that subscriber. The shared solar program shall be administered as follows:

1. The value of the bill credit for the subscriber shall be calculated by multiplying the subscriber's portion of the kilowatt-hour electricity production from the shared solar facility by the applicable bill credit rate for the subscriber. Any amount of the bill credit that exceeds the subscriber's monthly bill, minus the minimum bill, shall be carried over and applied to the next month's bill.

2. The utility shall provide bill credits to a shared solar facility's subscribers for not less than 25 years from the date the shared solar facility becomes commercially operational.

3. The subscriber organization shall, on a monthly basis, in a standardized electronic format, and pursuant to guidelines established by the Commission, provide to the utility a subscriber list indicating the kilowatt-hours of generation attributable to each of the subscribers participating in a shared solar facility in accordance with the subscriber's portion of the output of the shared solar facility.

4. Subscriber lists may be updated monthly to reflect canceling subscribers and to add new subscribers. The utility shall apply bill credits to subscriber bills within two billing cycles following the cycle during which the energy was generated by the shared solar facility.

5. Each utility shall, on a monthly basis and in a standardized electronic format, provide to the subscriber organization a report indicating the total value of bill credits generated by the shared solar facility in the prior month, as well as the amount of the bill credit applied to each subscriber.

6. A subscriber organization may accumulate bill credits in the event that all of the electricity generated by a shared solar facility is not allocated to subscribers in a given month. On an annual basis and pursuant to guidelines established by the Commission, the subscriber organization shall furnish to the utility allocation instructions for distributing excess bill credits to subscribers.

7. All environmental attributes associated with a shared solar facility, including renewable energy certificates, shall be considered property of the subscriber organization. At the subscriber organization's discretion, such environmental attributes may be distributed to the subscribers, sold to load-serving entities with compliance obligations or other buyers, accumulated, or retired.

C. Each subscriber shall pay a minimum bill, established pursuant to subsection D, and shall receive an applicable bill credit based on the subscriber's customer class of residential, commercial, or industrial. Each class's applicable credit rate shall be calculated by the Commission annually by dividing revenues to the class by sales, measured in kilowatt-hours, to that class to yield a bill credit rate for the class (\$/kWh).

D. The Commission shall establish a minimum bill, which shall include the costs of all utility infrastructure and services used to provide electric service and administrative costs of the shared solar program. The Commission may modify the minimum bill over time. In establishing the minimum bill, the Commission shall (i) consider further costs the Commission deems relevant to ensure subscribing customers pay a fair share of the costs of providing electric services and (ii) minimize the costs shifted to customers not in a shared solar program. Low-income customers shall be exempt from the minimum bill.

E. The Commission shall approve a shared solar facility program of 150 megawatts with a minimum requirement of 30 percent low-income customers. The Commission shall approve an additional 50 megawatts of capacity upon determining that at least 45 megawatts of the aggregated shared solar capacity in the Commonwealth have been subscribed to by low-income customers. Subscriber organizations shall be allowed to demonstrate compliance with the low income requirement using either project capacity or project savings methodology. The Commission, in collaboration with the Department of Mines, Minerals and Energy, may adopt mechanisms to ensure low-income customer participation.

F. The Commission shall establish by regulation a shared solar program that complies with the provisions of subsections B, C, D, and E by January 1, 2021, and shall require each utility to file any tariffs, agreements, or forms necessary for implementation of the program within 60 days of the utility's full implementation of a new customer information platform or by July 1, 2023, whichever occurs first. Any rule or utility implementation filings approved by the Commission shall:

1. Reasonably allow for the creation of shared solar facilities;
2. Allow all customer classes to participate in the program;
3. Create a stakeholder working group including low-income community representatives and community solar providers to facilitate low-income customer and low-income service organization participation in the program;
4. Encourage public-private partnerships to further the Commonwealth's clean energy and equity goals, such as state agency and affordable housing provider participation in the program as subscribers of shared solar projects;
5. Not remove a customer from its otherwise applicable customer class in order to participate in a shared solar facility;
6. Reasonably allow for the transferability and portability of subscriptions, including allowing a subscriber to retain a subscription to a shared solar facility if the subscriber moves within the same utility's service territory;
7. Establish standards, fees, and processes for the interconnection of shared solar facilities that allow the utility to recover reasonable interconnection costs for each shared solar facility;
8. Adopt standardized consumer disclosure forms;
9. Allow the utility the opportunity to recover reasonable costs of administering the program;
10. Ensure nondiscriminatory and efficient requirements and utility procedures for interconnecting projects;
11. Address the co-location of two or more shared solar facilities on a single parcel of land and provide guidelines for determining when two or more facilities are co-located;

12. Include a program implementation schedule;

13. Prohibit credit checks as a means of establishing eligibility for residential customers to become subscribers;

14. Require net crediting functionality as part of any new customer information platform approved by the Commission.

Under net crediting, the utility shall include the shared solar subscription fee on the customer's utility bill and provide the customer with a net credit equivalent to the total bill credit value for that generation period minus the shared solar subscription fee as set by the subscriber organization. The net crediting fee shall not exceed one percent of the bill credit value. Net crediting shall be optional for subscriber organizations, and any shared solar subscription fees charged via the net crediting model shall be set to ensure that subscribers do not pay more in subscription fees than they receive in bill credits; and

15. Allow the utility to recover as the cost of purchased power pursuant to § 56-249.6 any difference between the bill credit provided to the subscriber and the cost of energy injected into the grid by the subscriber organization.

G. Within 180 days of finalization of the Commission's adoption of regulations for the shared solar program, a utility shall, provided that the utility has successfully implemented its customer information platform, begin crediting subscriber accounts of each shared solar facility interconnected in its service territory, subject to the requirements of this section and regulations adopted thereto.

§ 56-596.2. Energy efficiency programs; financial assistance for low-income customers.

A. Notwithstanding subsection G of § 56-580, or any other provision of law, each incumbent investor-owned electric utility shall develop proposed energy efficiency programs. Any program shall provide for the submission of a petition or petitions for approval to design, implement, and operate energy efficiency programs pursuant to subdivision A 5 c of § 56-585.1. At least 15 percent of such proposed costs of energy efficiency programs shall be allocated to programs designed to benefit low-income, elderly, or disabled individuals or veterans.

B. Notwithstanding any other provision of law, each investor-owned incumbent electric utility shall implement energy efficiency programs and measures to achieve the following total annual energy savings:

1. For Phase I electric utilities:

a. In calendar year 2022, at least 0.5 percent of the average annual energy jurisdictional retail sales by that utility in 2019;

b. In calendar year 2023, at least 1.0 percent of the average annual energy jurisdictional retail sales by that utility in 2019;

c. In calendar year 2024, at least 1.5 percent of the average annual energy jurisdictional retail sales by that utility in 2019; and

d. In calendar year 2025, at least 2.0 percent of the average annual energy jurisdictional retail sales by that utility in 2019;

2. For Phase II electric utilities:

a. In calendar year 2022, at least 1.25 percent of the average annual energy jurisdictional retail sales by that utility in 2019;

b. In calendar year 2023, at least 2.5 percent of the average annual energy jurisdictional retail sales by that utility in 2019;

c. In calendar year 2024, at least 3.75 percent of the average annual energy jurisdictional retail sales by that utility in 2019; and

d. In calendar year 2025, at least 5.0 percent of the average annual energy jurisdictional retail sales by that utility in 2019; and

3. For the time period 2026 through 2028, and for every successive three-year period thereafter, the Commission shall establish new energy efficiency savings targets. In advance of the effective date of such targets, the Commission shall, after notice and opportunity for hearing, initiate proceedings to establish such targets. As part of such proceeding, the Commission shall consider the feasibility of achieving energy efficiency goals and future energy efficiency savings through cost-effective programs and measures. The Commission shall annually review the feasibility of the energy efficiency program savings in this section and report to the Chairs of the House Committee on Labor and Commerce and the Senate Committee on Commerce and Labor and the Secretary of Natural Resources and the Secretary of Commerce and Trade on such feasibility by October 1, 2022, and each year thereafter.

C. The projected costs for the utility to design, implement, and operate such energy efficiency programs and portfolios of programs shall be no less than an aggregate amount of \$140 million for a Phase I Utility and \$870 million for a Phase II Utility for the period beginning July 1, 2018, and ending July 1, 2028, including any existing approved energy efficiency programs. In developing such portfolio of energy efficiency programs and portfolios of programs, each utility shall utilize a stakeholder process, to be facilitated by an independent monitor compensated under the funding provided pursuant to subsection E of § 56-592.1, to provide input and feedback on (i) the development of such energy efficiency programs and portfolios of programs; (ii) compliance with the total annual energy savings set forth in this subsection and how such savings affect utility integrated resource plans; (iii) recommended policy reforms by which the General Assembly or the Commission can ensure maximum and cost-effective deployment of energy efficiency technology across the Commonwealth; and (iv) best practices for evaluation, measurement, and verification for the purposes of assessing compliance with the total annual energy savings set forth in subsection B. Utilities shall utilize the services of a third party to perform evaluation, measurement, and verification services to determine a utility's total annual savings as required by this subsection, as well as the annual and lifecycle net and gross energy and capacity savings, related emissions reductions, and other quantifiable benefits of each program; total customer bill savings that the programs and portfolios produce; and utility spending on each program, including any associated administrative costs. The third-party evaluator shall include and review each utility's avoided costs and cost-benefit analyses. The findings and reports of such third parties shall be concurrently provided to both the Commission and the utility, and the Commission shall make each such final annual report easily and

publicly accessible online. Such stakeholder process shall include the participation of representatives from each utility, relevant directors, deputy directors, and staff members of the Commission who participate in approval and oversight of utility energy efficiency savings programs, the office of Consumer Counsel of the Attorney General, the Department of ~~Mines, Minerals and Energy~~, energy efficiency program implementers, energy efficiency providers, residential and small business customers, and any other interested stakeholder whom the independent monitor deems appropriate for inclusion in such process. The independent monitor shall convene meetings of the participants in the stakeholder process not less frequently than twice in each calendar year during the period beginning July 1, 2019, and ending July 1, 2028. The independent monitor shall report on the status of the energy efficiency stakeholder process, including (a) the objectives established by the stakeholder group during this process related to programs to be proposed, (b) recommendations related to programs to be proposed that result from the stakeholder process, and (c) the status of those recommendations, in addition to the petitions filed and the determination thereon, to the Governor, the Commission, and the Chairmen of the House Committee on Labor and Commerce and the Senate Committee on Commerce and Labor on July 1, 2019, and annually thereafter through July 1, 2028.

D. Nothing in this section shall apply to any entity organized under Chapter 9.1 (§ 56-231.15 et seq.).

§ 58.1-439.2. Coalfield employment enhancement tax credit.

A. For tax years beginning on and after January 1, 1996, but before January 1, 2017, and on and after January 1, 2018, but before January 1, 2023, any person who has an economic interest in coal mined in the Commonwealth shall be allowed a credit against the tax imposed by § 58.1-400 and any other tax imposed by the Commonwealth in accordance with the following:

1. For metallurgical coal mined by underground methods, the credit amount shall be based on the seam thickness as follows:

Seam Thickness	Credit per Ton
36" and under	\$2.00
Above 36"	\$1.00

The seam thickness shall be based on the weighted average isopach mapping of actual metallurgical coal thickness by mine as certified by a professional engineer. Copies of such certification shall be maintained by the person qualifying for the credit under this section for a period of three years after the credit is applied for and received and shall be available for inspection by the Department of Taxation. The Department of ~~Mines, Minerals and Energy~~ is hereby authorized to audit all information upon which the isopach mapping is based.

2. For metallurgical coal mined by surface mining methods, a credit in the amount of 40 cents (\$0.40) per ton for coal sold in 1996, and each year thereafter.

B. In addition to the credit allowed in subsection A, for tax years beginning on and after January 1, 1996, but before January 1, 2023, any person who is a producer of coalbed methane shall be allowed a credit in the amount of one cent (\$.01) per million BTUs of coalbed methane produced in the Commonwealth against the tax imposed by § 58.1-400 and any other tax imposed by the Commonwealth on such person.

C. For purposes of this section, economic interest is the same as the economic ownership interest required by § 611 of the Internal Revenue Code which was in effect on December 31, 1977. A party who only receives an arm's length royalty shall not be considered as having an economic interest in coal mined in the Commonwealth.

D. If the credit exceeds the person's state tax liability for the tax year, the excess shall be redeemable by the Tax Commissioner on behalf of the Commonwealth for 90 percent of the face value within 90 days after filing the return; however, for credit earned in tax years beginning on and after January 1, 2002, such excess shall be redeemable by the Tax Commissioner on behalf of the Commonwealth for 85 percent of the face value within 90 days after filing the return. The remaining 10 or 15 percent of the value of the credit being redeemed, as applicable for such tax year, shall be deposited by the Commissioner in a regional economic development fund administered by the Virginia Coalfield Economic Development Authority to be used for regional economic diversification in accordance with guidelines developed by the Virginia Coalfield Economic Development Authority and the Virginia Economic Development Partnership.

E. No person may utilize more than one of the credits on a given ton of coal described in subsection A. No person may claim a credit pursuant to this section for any ton of coal for which a credit has been claimed under § 58.1-433.1 or 58.1-2626.1. Persons who qualify for the credit may not apply such credit to their tax returns prior to January 1, 1999, and only one year of credits shall be allowed annually beginning in 1999.

F. The amount of credit allowed pursuant to subsection A shall be the amount of credit earned multiplied by the person's employment factor. The person's employment factor shall be the percentage obtained by dividing the total number of coal mining jobs of the person filing the return, including the jobs of the contract operators of such person, as reflected in the annual tonnage reports filed with the Department of ~~Mines, Minerals and Energy~~ for the year in which the credit was earned by the total number of coal mining jobs of such persons or operators as reflected in the annual tonnage reports for the year immediately prior to the year in which the credit was earned. In no case shall the credit claimed exceed that amount set forth in subsection A.

G. The tax credit allowed under this section shall be claimed in the third taxable year following the taxable year in which the credit was earned and allowed.

H. As used in this section, "metallurgical coal" means bituminous coal used for the manufacture of iron and steel with calorific value of 14,000 BTUs or greater on a moisture and ash free basis.

§ 58.1-439.12:02. Biodiesel and green diesel fuels producers tax credit.

A. For purposes of this section:

"Biodiesel fuel" means a fuel composed of mono-alkyl esters of long-chain fatty acids derived from vegetable oils or animal fats, designated B100, and meeting the requirements of ASTM D6751.

"Green diesel fuel" means a fuel produced from nonfossil renewable resources including agricultural or silvicultural plants, animal fats, residue and waste generated from the production, processing, and marketing of agricultural products, silvicultural products, and other renewable resources, and meeting applicable ASTM specifications.

"Feedstock" means the agricultural or other renewable resources, whether plant or animal derived, used to produce biodiesel or green diesel fuels.

"Producer" means any person, entity, or agricultural cooperative association, as defined in the Agricultural Cooperative Association Act (§ 13.1-312 et seq.) that, in a calendar year, produces in the Commonwealth up to two million gallons of biodiesel or green diesel fuels using feedstock originating domestically within the United States.

B. For taxable years beginning on or after January 1, 2008, any taxpayer who is a biodiesel fuel or green diesel fuel producer shall be entitled to a nonrefundable credit against the taxes imposed by § 58.1-320 or 58.1-400 in an amount equal to \$0.01 per gallon of biodiesel or green diesel fuels produced by such taxpayer. However, the annual amount of the credit shall not exceed \$5,000. The taxpayer shall be eligible for the credit during the first three years of production of biodiesel or green diesel fuels.

Any taxpayer entitled to a credit under this section may transfer unused but otherwise allowable credits for use by another taxpayer on Virginia income tax returns. A taxpayer who transfers any amount of the credit in accordance with this section shall file a notification of such transfer to the Department of Taxation in accordance with procedures and forms prescribed by the Tax Commissioner.

C. The Department of ~~Mines, Minerals and Energy~~ shall certify that the biodiesel or green diesel fuels producer has satisfied the requirements of this section for the taxable year in which the credit is allowed. In addition, the taxpayer shall submit with his income tax return all documentation as required by the Department of Taxation. Any credit not usable for the taxable year may be carried over the next three taxable years. The amount of the credit allowed pursuant to this section shall not exceed the tax imposed for such taxable year.

D. For purposes of this section, the amount of any credit attributable to a partnership, electing small business corporation (S corporation), or limited liability company shall be allocated to the individual partners, shareholders, or members, respectively, in proportion to their ownership or interest in such business entity.

§ 58.1-3660. Certified pollution control equipment and facilities.

A. Certified pollution control equipment and facilities, as defined herein, are hereby declared to be a separate class of property and shall constitute a classification for local taxation separate from other such classification of real or personal property and such property. Certified pollution control equipment and facilities shall be exempt from state and local taxation pursuant to Article X, Section 6 (d) of the Constitution of Virginia.

B. As used in this section:

"Certified pollution control equipment and facilities" means any property, including real or personal property, equipment, facilities, or devices, used primarily for the purpose of abating or preventing pollution of the atmosphere or waters of the Commonwealth and which the state certifying authority having jurisdiction with respect to such property has certified to the Department of Taxation as having been constructed, reconstructed, erected, or acquired in conformity with the state program or requirements for abatement or control of water or atmospheric pollution or contamination, except that in the case of equipment, facilities, devices, or other property intended for use by any political subdivision in conjunction with the operation of its water, wastewater, stormwater, or solid waste management facilities or systems, including property that may be financed pursuant to Chapter 22 (§ 62.1-224 et seq.) of Title 62.1, the state certifying authority having jurisdiction with respect to such property shall, upon the request of the political subdivision, make such certification prospectively for property to be constructed, reconstructed, erected, or acquired for such purposes. Such property shall include, but is not limited to, any equipment used to grind, chip, or mulch trees, tree stumps, underbrush, and other vegetative cover for reuse as mulch, compost, landfill gas, synthetic or natural gas recovered from waste or other fuel, and equipment used in collecting, processing, and distributing, or generating electricity from, landfill gas or synthetic or natural gas recovered from waste, whether or not such property has been certified to the Department of Taxation by a state certifying authority. Such property shall also include solar energy equipment, facilities, or devices owned or operated by a business that collect, generate, transfer, or store thermal or electric energy whether or not such property has been certified to the Department of Taxation by a state certifying authority. All such property as described in this definition shall not include the land on which such equipment or facilities are located.

"State certifying authority" means the State Water Control Board or the Virginia Department of Health, for water pollution; the State Air Pollution Control Board, for air pollution; the Department of ~~Mines, Minerals and Energy~~, for solar energy projects and for coal, oil, and gas production, including gas, natural gas, and coalbed methane gas; and the Virginia Waste Management Board, for waste disposal facilities, natural gas recovered from waste facilities, and landfill gas production facilities, and shall include any interstate agency authorized to act in place of a certifying authority of the Commonwealth.

C. For solar photovoltaic (electric energy) systems, this exemption applies only to (i) projects equaling 20 megawatts or less, as measured in alternating current (AC) generation capacity, for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or before December 31, 2018; (ii) projects equaling 20 megawatts or less, as measured in alternating current (AC) generation capacity, that serve any of the public institutions of higher education listed in § 23.1-100 or any private college as defined in § 23.1-105; (iii) 80 percent of the assessed value of projects for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization (a) between January 1, 2015, and June 30, 2018, for projects greater than 20 megawatts or (b) on or after July 1, 2018, for projects greater than 20 megawatts and less than 150 megawatts, as measured in alternating current (AC) generation capacity, and that are first in service on or after January 1, 2017; (iv) projects equaling five megawatts or less, as measured in alternating current (AC) generation capacity, for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or after January 1, 2019; and (v) 80 percent of the assessed value of all other projects equaling more than five megawatts and less than 150 megawatts, as measured in alternating current (AC) generation capacity for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or after January 1, 2019.

D. The exemption for solar photovoltaic (electric energy) projects greater than five megawatts, as measured in alternating current (AC) generation capacity, shall not apply to any such project unless an application has been filed with the locality for the project before July 1, 2030, regardless of whether a locality assesses a revenue share on such project pursuant to the provisions of § 58.1-2636. If a locality adopts an energy revenue share ordinance under § 58.1-2636, the exemption for solar photovoltaic (electric energy) projects greater than five megawatts, as measured in alternating current (AC) generation capacity, shall be 100 percent of the assessed value. If a locality does not adopt an energy revenue share ordinance under § 58.1-2636, the exemption for solar photovoltaic (electric energy) projects greater than five megawatts, as measured in alternating current (AC) generation capacity, for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization, shall be 80 percent of the assessed value when an application has been filed with the locality prior to July 1, 2030. For purposes of this subsection, "application has been filed with the locality" means an applicant has filed an application for a zoning confirmation from the locality for a by-right use or an application for land use approval under the locality's zoning ordinance to include an application for a conditional use permit, special use permit, special exception, or other application as set out in the locality's zoning ordinance.

E. For pollution control equipment and facilities certified by the Virginia Department of Health, this exemption applies only to onsite sewage systems that serve 10 or more households, use nitrogen-reducing processes and technology, and are constructed, wholly or partially, with public funds.

F. Notwithstanding any provision to the contrary, for any solar photovoltaic project described in clauses (iii) and (v) of subsection C for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or after January 1, 2019, the amount of the exemption shall be as follows: 80 percent of the assessed value in the first five years in service after commencement of commercial operation, 70 percent of the assessed value in the second five years in service, and 60 percent of the assessed value for all remaining years in service.

§ 58.1-3706. Limitation on rate of license taxes.

A. Except as specifically provided in this section and except for the fee authorized in § 58.1-3703, no local license tax imposed pursuant to the provisions of this chapter, except §§ 58.1-3712 and 58.1-3713, or any other provision of this title or any charter, shall be imposed on any person whose gross receipts from a business, profession or occupation subject to licensure are less than: (i) \$100,000 in any locality with a population greater than 50,000; or (ii) \$50,000 in any locality with a population of 25,000 but no more than 50,000. Any business with gross receipts of more than \$100,000, or \$50,000, as applicable, may be subject to the tax at a rate not to exceed the rate set forth below for the class of enterprise listed:

1. For contracting, and persons constructing for their own account for sale, sixteen cents per \$100 of gross receipts;
2. For retail sales, twenty cents per \$100 of gross receipts;
3. For financial, real estate and professional services, fifty-eight cents per \$100 of gross receipts; and
4. For repair, personal and business services, and all other businesses and occupations not specifically listed or exempt in this section, thirty-six cents per \$100 of gross receipts.

The rate limitations prescribed in this section shall not be applicable to license taxes on (i) wholesalers, which shall be governed by § 58.1-3716; (ii) public service companies, which shall be governed by § 58.1-3731; (iii) carnivals, circuses and speedways, which shall be governed by § 58.1-3728; (iv) fortune-tellers, which shall be governed by § 58.1-3726; (v) massage parlors; (vi) itinerant merchants or peddlers, which shall be governed by § 58.1-3717; (vii) permanent coliseums, arenas, or auditoriums having a maximum capacity in excess of 10,000 persons and open to the public, which shall be governed by § 58.1-3729; (viii) savings institutions and credit unions, which shall be governed by § 58.1-3730; (ix) photographers, which shall be governed by § 58.1-3727; and (x) direct sellers, which shall be governed by § 58.1-3719.1.

B. Any county, city or town which had, on January 1, 1978, a license tax rate, for any of the categories listed in subsection A, higher than the maximum prescribed in subsection A may maintain a higher rate in such category, but no higher than the rate applicable on January 1, 1978, subject to the following conditions:

1. A locality may not increase a rate on any category which is at or above the maximum prescribed for such category in subsection A.

2. If a locality increases the rate on a category which is below the maximum, it shall apply all revenue generated by such increase to reduce the rate on a category or categories which are above such maximum.

3. A locality shall lower rates on categories which are above the maximums prescribed in subsection A for any tax year after 1982 if it receives more revenue in tax year 1981, or any tax year thereafter, than the revenue base for such year. The revenue base for tax year 1981 shall be the amount of revenue received from all categories in tax year 1980, plus one-third of the amount, if any, by which such revenue received in tax year 1981 exceeds the revenue received for tax year 1980. The revenue base for each tax year after 1981 shall be the revenue base of the preceding tax year plus one-third of the increase in the revenues of the subsequent tax year over the revenue base of the preceding tax year. If in any tax year the amount of revenues received from all categories exceeds the revenue base for such year, the rates shall be adjusted as follows: The revenues of those categories with rates at or below the maximum shall be subtracted from the revenue base for such year. The resulting amount shall be allocated to the category or categories with rates above the maximum in a manner determined by the locality, and divided by the gross receipts of such category for the tax year. The resulting rate or rates shall be applicable to such category or categories for the second tax year following the year whose revenue was used to make the calculation.

C. Any person engaged in the short-term rental business as defined in § 58.1-3510.4 shall be classified in the category of retail sales for license tax rate purposes.

D. 1. Any person, firm, or corporation designated as the principal or prime contractor receiving identifiable federal appropriations for research and development services as defined in § 31.205-18 (a) of the Federal Acquisition Regulation in the areas of (i) computer and electronic systems, (ii) computer software, (iii) applied sciences, (iv) economic and social sciences, and (v) electronic and physical sciences shall be subject to a license tax rate not to exceed three cents per \$100 of such federal funds received in payment of such contracts upon documentation provided by such person, firm or corporation to the local commissioner of revenue or finance officer confirming the applicability of this subsection.

2. Any gross receipts properly reported to a Virginia locality, classified for license tax purposes by that locality in accordance with subdivision 1 of this subsection, and on which a license tax is due and paid, or which gross receipts defined by subdivision 1 of this subsection are properly reported to but exempted by a Virginia locality from taxation, shall not be subject to local license taxation by any other locality in the Commonwealth.

3. Notwithstanding the provisions of subdivision D 1, in any county operating under the county manager plan of government, the following shall govern the taxation of the licensees described in subdivision D 1. Persons, firms, or corporations designated as the principal or prime contractors receiving identifiable federal appropriations for research and development services as defined in § 31.205-18 (a) of the Federal Acquisition Regulation in the areas of (i) computer and electronic systems, (ii) computer software, (iii) applied sciences, (iv) economic and social sciences, and (v) electronic and physical sciences may be separately classified by any such county and subject to tax at a license tax rate not to exceed the limits set forth in subsections A through C above as to such federal funds received in payment of such contracts upon documentation provided by such persons, firms, or corporations to the local commissioner of revenue or finance officer confirming the applicability of this subsection.

E. In any case in which the Department of ~~Mines, Minerals and Energy~~ determines that the weekly U.S. Retail Gasoline price (regular grade) for PADD 1C (Petroleum Administration for Defense District — Lower Atlantic Region) has increased by 20% or greater in any one-week period over the immediately preceding one-week period and does not fall below the increased rate for at least 28 consecutive days immediately following the week of such increase, then, notwithstanding any tax rate on retailers imposed by the local ordinance, the gross receipts taxes on fuel sales of a gas retailer made in the following license year shall not exceed 110% of the gross receipts taxes on fuel sales made by such retailer in the license year of such increase. For license years beginning on or after January 1, 2006, every gas retailer shall maintain separate records for fuel sales and nonfuel sales and shall make such records available upon request by the local tax official.

The provisions of this subsection shall not apply to any person or entity (i) not conducting business as a gas retailer in the county, city, or town for the entire license year immediately preceding the license year of such increase or (ii) that was subject to a license fee in the county, city, or town pursuant to § 58.1-3703 for the license year immediately preceding the license year of such increase.

The Department of ~~Mines, Minerals and Energy~~ shall determine annually if such increase has occurred and remained in effect for such 28-day period.

§ 58.1-3745. Lien on real estate and personal property of businesses severing coal.

There shall be a priority lien upon a debtor's estate for all taxes due and owing under the authority granted by this chapter. Such lien shall be inferior only to real estate and personal property taxes, levies, and penalties; any obligation, bond, or instrument used in lieu of a bond to the Department of ~~Mines, Minerals and Energy~~ under Title 45.1; and liens benefiting the Commonwealth. This lien shall not require a distraint action prior to enforcement.

The purchaser at a sale of real estate to which the lien under this section applies shall cause the proceeds of such sale to be applied to the payment of all taxes and levies assessed and due under the authority granted by this chapter, the provisions of § 55.1-324 notwithstanding. The words "taxes" and "levies" as used in this section include the penalties and interest accruing on such taxes and levies in pursuance of law. In addition to existing remedies for the collection of taxes and levies, the lien imposed hereby shall be enforceable in the same manner as provided in Article 4 (§ 58.1-3965 et seq.) of

Chapter 39. There shall be a further lien upon the rents of such real estate, whether the same be in money or in kind, for taxes and levies of the current year.

§ 62.1-44.15:21. Impacts to wetlands.

A. Permits shall address avoidance and minimization of wetland impacts to the maximum extent practicable. A permit shall be issued only if the Board finds that the effect of the impact, together with other existing or proposed impacts to wetlands, will not cause or contribute to a significant impairment of state waters or fish and wildlife resources.

B. Permits shall contain requirements for compensating impacts on wetlands. Such compensation requirements shall be sufficient to achieve no net loss of existing wetland acreage and functions and may be met through (i) wetland creation or restoration, (ii) purchase or use of mitigation bank credits pursuant to § 62.1-44.15:23, (iii) contribution to the Wetland and Stream Replacement Fund established pursuant to § 62.1-44.15:23.1 to provide compensation for impacts to wetlands, streams, or other state waters that occur in areas where neither mitigation bank credits nor credits from a Board-approved fund that have met the success criteria are available at the time of permit application, or (iv) contribution to a Board-approved fund dedicated to achieving no net loss of wetland acreage and functions. The Board shall evaluate the appropriate compensatory mitigation option on a case-by-case basis with consideration for which option is practicable and ecologically and environmentally preferable, including, in terms of replacement of acreage and functions, which option offers the greatest likelihood of success and avoidance of temporal loss of acreage and function. This evaluation shall be consistent with the U.S. Army Corps of Engineers Compensatory Mitigation for Losses of Aquatic Resources (33 C.F.R. Part 332). When utilized in conjunction with creation, restoration, or mitigation bank credits, compensation may incorporate (a) preservation or restoration of upland buffers adjacent to wetlands or other state waters or (b) preservation of wetlands.

C. The Board shall utilize the U.S. Army Corps of Engineers' "Wetlands Delineation Manual, Technical Report Y-87-1, January 1987, Final Report" as the approved method for delineating wetlands. The Board shall adopt appropriate guidance and regulations to ensure consistency with the U.S. Army Corps of Engineers' implementation of delineation practices. The Board shall also adopt guidance and regulations for review and approval of the geographic area of a delineated wetland. Any such approval of a delineation shall remain effective for a period of five years; however, if the Board issues a permit pursuant to this article for an activity in the delineated wetland within the five-year period, the approval shall remain effective for the term of the permit. Any delineation accepted by the U.S. Army Corps of Engineers as sufficient for its exercise of jurisdiction pursuant to § 404 of the Clean Water Act shall be determinative of the geographic area of that delineated wetland.

D. The Board shall develop general permits for such activities in wetlands as it deems appropriate. General permits shall include such terms and conditions as the Board deems necessary to protect state waters and fish and wildlife resources from significant impairment. The Board is authorized to waive the requirement for a general permit or deem an activity in compliance with a general permit when it determines that an isolated wetland is of minimal ecological value. The Board shall develop general permits for:

1. Activities causing wetland impacts of less than one-half of an acre;
2. Facilities and activities of utilities and public service companies regulated by the Federal Energy Regulatory Commission or State Corporation Commission, except for construction of any natural gas transmission pipeline that is greater than 36 inches inside diameter pursuant to a certificate of public convenience and necessity under § 7c of the federal Natural Gas Act (15 U.S.C. § 717f(c)). No Board action on an individual or general permit for such facilities shall alter the siting determination made through Federal Energy Regulatory Commission or State Corporation Commission approval. The Board and the State Corporation Commission shall develop a memorandum of agreement pursuant to §§ 56-46.1, 56-265.2, 56-265.2:1, and 56-580 to ensure that consultation on wetland impacts occurs prior to siting determinations;
3. Coal, natural gas, and coalbed methane gas mining activities authorized by the Department of Mines, Minerals and Energy, and sand mining;
4. Virginia Department of Transportation or other linear transportation projects; and
5. Activities governed by nationwide or regional permits approved by the Board and issued by the U.S. Army Corps of Engineers. Conditions contained in the general permits shall include, but not be limited to, filing with the Board any copies of preconstruction notification, postconstruction report, and certificate of compliance required by the U.S. Army Corps of Engineers.

E. Within 15 days of receipt of an individual permit application, the Board shall review the application for completeness and either accept the application or request additional specific information from the applicant. Provided the application is not administratively withdrawn, the Board shall, within 120 days of receipt of a complete application, issue the permit, issue the permit with conditions, deny the permit, or decide to conduct a public meeting or hearing. If a public meeting or hearing is held, it shall be held within 60 days of the decision to conduct such a proceeding, and a final decision as to the permit shall be made within 90 days of completion of the public meeting or hearing. A permit application may be administratively withdrawn from processing by the Board if the application is incomplete or for failure by the applicant to provide the required information after 60 days from the date of the latest written information request made by the Board. Such administrative withdrawal shall occur after the Board has provided (i) notice to the applicant and (ii) an opportunity for an informal fact-finding proceeding pursuant to § 2.2-4019. An applicant may request a suspension of application review by the Board. A submission by the applicant making such a request shall not preclude the Board from administratively withdrawing an application. Resubmittal of a permit application for the same or similar project, after such time that the original permit application was administratively withdrawn, shall require submittal of an additional permit

application fee and may be subject to additional notice requirements. In addition, for an individual permit application related to an application to the Federal Energy Regulatory Commission for a certificate of public convenience and necessity pursuant to § 7c of the federal Natural Gas Act (15 U.S.C. § 717f(c)) for construction of any natural gas transmission pipeline greater than 36 inches inside diameter, the Board shall complete its consideration within the one-year period established under 33 U.S.C. § 1341(a).

F. Within 15 days of receipt of a general permit coverage application, the Board shall review the application for completeness and either accept the application or request additional specific information from the applicant. Provided the application is not administratively withdrawn, the Board shall, within 45 days of receipt of a complete application, deny, approve, or approve with conditions any application for coverage under a general permit within 45 days of receipt of a complete preconstruction application. The application shall be deemed approved if the Board fails to act within 45 days. A permit coverage application may be administratively withdrawn from processing by the Board if the application is incomplete or for failure by the applicant to provide the required information after 60 days from the date of the latest written application request made by the Board. Such administrative withdrawal shall occur after the Board has provided (i) notice to the applicant and (ii) an opportunity for an informal fact-finding proceeding pursuant to § 2.2-4019. An applicant may request suspension of an application review by the Board. A submission by the applicant making such a request shall not preclude the Board from administratively withdrawing an application. Resubmittal of a permit coverage application for the same or similar project, after such time that the original permit application was administratively withdrawn, shall require submittal of an additional permit application fee and may be subject to additional notice requirements.

G. No Virginia Water Protection Permit shall be required for impacts to wetlands caused by activities governed under Chapter 13 (§ 28.2-1300 et seq.) of Title 28.2 or normal agricultural activities or normal silvicultural activities. This section shall also not apply to normal residential gardening, lawn and landscape maintenance, or other similar activities that are incidental to an occupant's ongoing residential use of property and of minimal ecological impact. The Board shall develop criteria governing this exemption and shall specifically identify the activities meeting these criteria in its regulations.

H. No Virginia Water Protection Permit shall be required for impacts caused by the construction or maintenance of farm or stock ponds, but other permits may be required pursuant to state and federal law. For purposes of this exclusion, farm or stock ponds shall include all ponds and impoundments that do not fall under the authority of the Virginia Soil and Water Conservation Board pursuant to Article 2 (§ 10.1-604 et seq.) of Chapter 6 pursuant to normal agricultural or silvicultural activities.

I. No Virginia Water Protection Permit shall be required for wetland and open water impacts to a stormwater management facility that was created on dry land for the purpose of conveying, treating, or storing stormwater, but other permits may be required pursuant to local, state, or federal law. The Department shall adopt guidance to ensure that projects claiming this exemption create no more than minimal ecological impact.

J. An individual Virginia Water Protection Permit shall be required for impacts to state waters for the construction of any natural gas transmission pipeline greater than 36 inches inside diameter pursuant to a certificate of public convenience and necessity under § 7c of the federal Natural Gas Act (15 U.S.C. § 717f(c)). For purposes of this subsection:

1. Each wetland and stream crossing shall be considered as a single and complete project; however, only one individual Virginia Water Protection Permit addressing all such crossings shall be required for any such pipeline. Notwithstanding the requirement for only one such individual permit addressing all such crossings, individual review of each proposed water body crossing with an upstream drainage area of five square miles or greater shall be performed.

2. All pipelines shall be constructed in a manner that minimizes temporary and permanent impacts to state waters and protects water quality to the maximum extent practicable, including by the use of applicable best management practices that the Board determines to be necessary to protect water quality.

3. The Department shall assess an administrative charge to any applicant for such project to cover the direct costs of services rendered associated with its responsibilities pursuant to this subsection. This administrative charge shall be in addition to any fee assessed pursuant to § 62.1-44.15:6.

§ 62.1-44.15:66. No limitation on authority of Department of Energy.

The provisions of this article shall not limit the powers or duties of the Department of ~~Mines, Minerals and Energy~~ as they relate to strip mine reclamation under Chapters 16 (§ 45.1-180 et seq.) and 19 (§ 45.1-226 et seq.) of Title 45.1 or oil or gas exploration under the Virginia Gas and Oil Act (§ 45.1-361.1 et seq.).

§ 62.1-195.1. Chesapeake Bay; drilling for oil or gas prohibited.

A. Notwithstanding any other law, a person shall not drill for oil or gas in the waters of the Chesapeake Bay or any of its tributaries. In Tidewater Virginia, as defined in § 62.1-44.15:68, a person shall not drill for oil or gas in, whichever is the greater distance, as measured landward of the shoreline:

1. Those Chesapeake Bay Preservation Areas, as defined in § 62.1-44.15:68, which a local government designates as "Resource Protection Areas" and incorporates into its local comprehensive plan. "Resource Protection Areas" shall be defined according to the criteria developed by the State Water Control Board pursuant to § 62.1-44.15:72; or

2. Five hundred feet from the shoreline of the waters of the Chesapeake Bay or any of its tributaries.

B. In the event that any person desires to drill for oil or gas in any area of Tidewater Virginia where drilling is not prohibited by the provisions of subsection A, he shall submit to the Department of ~~Mines, Minerals and Energy~~ as part of his application for permit to drill an environmental impact assessment. The environmental impact assessment shall include:

1. The probabilities and consequences of accidental discharge of oil or gas into the environment during drilling, production, and transportation on:

- a. Finfish, shellfish, and other marine or freshwater organisms;
- b. Birds and other wildlife that use the air and water resources;
- c. Air and water quality; and
- d. Land and water resources;

2. Recommendations for minimizing any adverse economic, fiscal, or environmental impacts; and

3. An examination of the secondary environmental effects of induced economic development due to the drilling and production.

C. Upon receipt of an environmental impact assessment, the Department of ~~Mines, Minerals and Energy~~ shall notify the Department of Environmental Quality to coordinate a review of the environmental impact assessment. The Department of Environmental Quality shall:

1. Publish in the Virginia Register of Regulations a notice sufficient to identify the environmental impact assessment and providing an opportunity for public review of and comment on the assessment. The period for public review and comment shall not be less than 30 days from the date of publication;

2. Submit the environmental impact assessment to all appropriate state agencies to review the assessment and submit their comments to the Department of Environmental Quality; and

3. Based upon the review by all appropriate state agencies and the public comments received, submit findings and recommendations to the Department of ~~Mines, Minerals and Energy~~, within 90 days after notification and receipt of the environmental impact assessment from the Department.

D. The Department of ~~Mines, Minerals and Energy~~ may not grant a permit under § 45.1-361.29 until it has considered the findings and recommendations of the Department of Environmental Quality.

E. The Department of Environmental Quality shall, in conjunction with other state agencies and in conformance with the Administrative Process Act (§ 2.2-4000 et seq.), develop criteria and procedures to assure the orderly preparation and evaluation of environmental impact assessments required by this section.

F. A person may drill an exploratory well or a gas well in any area of Tidewater Virginia where drilling is not prohibited by the provisions of subsection A only if:

1. For directional drilling, the person has the permission of the owners of all lands to be directionally drilled into;

2. The person files an oil discharge contingency plan and proof of financial responsibility to implement the plan, both of which have been filed with and approved by the State Water Control Board. For purposes of this section, the oil discharge contingency plan shall comply with the requirements set forth in § 62.1-44.34:15. The Board's regulations governing the amount of any financial responsibility required shall take into account the type of operation, location of the well, the risk of discharge or accidental release, the potential damage or injury to state waters or sensitive natural resource features or the impairment of their beneficial use that may result from discharge or release, the potential cost of containment and cleanup, and the nature and degree of injury or interference with general health, welfare and property that may result from discharge or accidental release;

3. All land-disturbing activities resulting from the construction and operation of the permanent facilities necessary to implement the contingency plan and the area within the berm will be located outside of those areas described in subsection A;

4. The drilling site is stabilized with boards or gravel or other materials which will result in minimal amounts of runoff;

5. Persons certified in blowout prevention are present at all times during drilling;

6. Conductor pipe is set as necessary from the surface;

7. Casing is set and pressure grouted from the surface to a point at least 2500 feet below the surface or 300 feet below the deepest known ground water, as defined in § 62.1-255, for a beneficial use, as defined in § 62.1-10, whichever is deeper;

8. Freshwater-based drilling mud is used during drilling;

9. There is no onsite disposal of drilling muds, produced contaminated fluids, waste contaminated fluids or other contaminated fluids;

10. Multiple blow-out preventers are employed; and

11. The person complies with all requirements of Chapter 22.1 (§ 45.1-361.1 et seq.) of Title 45.1 and regulations promulgated thereunder.

G. The provisions of subsection A and subdivisions F 1 and 4 through 9 shall be enforced consistent with the requirements of Chapter 22.1 (§ 45.1-361.1 et seq.) of Title 45.1.

H. In the event that exploration activities in Tidewater Virginia result in a finding by the Director of the Department of ~~Mines, Minerals and Energy~~ that production of commercially recoverable quantities of oil is likely and imminent, the Director of the Department of ~~Mines, Minerals and Energy~~ shall notify the Secretary of Commerce and Trade and the Secretary of Natural Resources. At that time, the Secretaries shall develop a joint report to the Governor and the General Assembly assessing the environmental risks and safeguards; transportation issues; state-of-the-art oil production well technology; economic impacts; regulatory initiatives; operational standards; and other matters related to the production of oil in the region. No permits for oil production wells shall be issued until (i) the Governor has had an opportunity to review the report and make recommendations, in the public interest, for legislative and regulatory changes, (ii) the General Assembly, during the next upcoming regular session, has acted on the Governor's recommendations or on its own initiatives, and (iii) any resulting legislation has become effective. The report by the Secretaries and the Governor's

recommendations shall be completed within 18 months of the findings of the Director of the Department of Mines, Minerals and Energy.

§ 62.1-243. Withdrawals for which surface water withdrawal permit not required.

A. No surface water withdrawal permit shall be required for (i) any nonconsumptive use, (ii) any water withdrawal of less than 300,000 gallons in any single month, (iii) any water withdrawal from a farm pond collecting diffuse surface water and not situated on a perennial stream as defined in the United States Geological Survey 7.5-minute series topographic maps, (iv) any withdrawal in any area which has not been declared a surface water management area, or (v) any withdrawal from a wastewater treatment system permitted by the State Water Control Board or the Department of Mines, Minerals and Energy.

B. No political subdivision or investor-owned water company permitted by the Department of Health shall be required to obtain a surface water withdrawal permit for:

1. Any withdrawal in existence on July 1, 1989; however, a permit shall be required in a declared surface water management area before the daily rate of any such existing withdrawal is increased beyond the maximum daily withdrawal made before July 1, 1989.

2. Any withdrawal not in existence on July 1, 1989, if the person proposing to make the withdrawal has received a § 401 certification from the State Water Control Board pursuant to the requirements of the Clean Water Act to install any necessary withdrawal structures and make such withdrawal; however, a permit shall be required in any surface water management area before any such withdrawal is increased beyond the amount authorized by the said certification.

3. Any withdrawal in existence on July 1, 1989, from an instream impoundment of water used for public water supply purposes; however, during periods when permit conditions in a surface water management area are in force under regulations adopted by the Board pursuant to § 62.1-249, and when the rate of flow of natural surface water into the impoundment is equal to or less than the average flow of natural surface water at that location, the Board may require the release of water from the impoundment at a rate not exceeding the existing rate of flow of natural surface water into the impoundment.

Withdrawals by a political subdivision or investor-owned water company permitted by the Department of Health shall be affected by subdivision 3 of subsection B only at the option of that political subdivision or investor-owned water company.

To qualify for any exemption in subsection B of this section, the political subdivision making the withdrawal, or the political subdivision served by an authority making the withdrawal, shall have instituted a water conservation program approved by the Board which includes: (i) use of water saving plumbing fixtures in new and renovated plumbing as provided under the Uniform Statewide Building Code; (ii) a water loss reduction program; (iii) a water use education program; and (iv) ordinances prohibiting waste of water generally and providing for mandatory water use restrictions, with penalties, during water shortage emergencies. The Board shall review all such water conservation programs to ensure compliance with (i) through (iv) of this paragraph.

C. No existing beneficial consumptive user shall be required to obtain a surface water withdrawal permit for:

1. Any withdrawal in existence on July 1, 1989; however, a permit shall be required in a declared surface water management area before the daily rate of any such existing withdrawal is increased beyond the maximum daily withdrawal made before July 1, 1989.

2. Any withdrawal not in existence on July 1, 1989, if the person proposing to make the withdrawal has received a § 401 certification from the State Water Control Board pursuant to the requirements of the Clean Water Act to install any necessary withdrawal structures and make such withdrawal; however, a permit shall be required in any surface water management area before any such withdrawal is increased beyond the amount authorized by the said certification.

To qualify for either exemption in subsection C of this section, the beneficial consumptive user shall have instituted a water management program approved by the Board which includes: (i) use of water-saving plumbing; (ii) a water loss reduction program; (iii) a water use education program; and (iv) mandatory reductions during water shortage emergencies. However, these reductions shall be on an equitable basis with other uses exempted under subsection B of this section. The Board shall review all such water management programs to ensure compliance with (i) through (iv) of this paragraph.

D. The Board shall issue certificates for any withdrawals exempted pursuant to subsections B and C of this section. Such certificates shall include conservation or management programs as conditions thereof.

§ 62.1-256. Duties of Board.

The Board shall have the following duties and powers:

1. To issue ground water withdrawal permits in accordance with regulations adopted by the Board;
2. To issue special orders as provided in § 62.1-268;
3. To study, investigate and assess ground water resources and all problems concerned with the quality and quantity of ground water located wholly or partially in the Commonwealth, and to make such reports and recommendations as may be necessary to carry out the provisions of this chapter;
4. To require any person withdrawing ground water for any purpose anywhere in the Commonwealth, whether or not declared to be a ground water management area, to furnish to the Board such information with regard to such ground water withdrawal and the use thereof as may be necessary to carry out the provisions of this chapter, excluding ground water withdrawals occurring in conjunction with activities related to exploration for and production of oil, gas, coal or other minerals regulated by the Department of Mines, Minerals and Energy;

5. To prescribe and enforce requirements that naturally flowing wells be plugged or destroyed, or be capped or equipped with valves so that flow of ground water may be completely stopped when said ground water is not currently being applied to a beneficial use;

6. To enter at reasonable times and under reasonable circumstances, any establishment or upon any property, public or private, for the purposes of obtaining information, conducting surveys or inspections, or inspecting wells and springs, and to duly authorize agents to do the same, to ensure compliance with any permits, standards, policies, rules, regulations, rulings and special orders which it may adopt, issue or establish to carry out the provisions of this chapter;

7. To issue special exceptions pursuant to § 62.1-267;

8. To adopt such regulations as it deems necessary to administer and enforce the provisions of this chapter; and

9. To delegate to its Executive Director any of the powers and duties invested in it to administer and enforce the provisions of this chapter except the adoption and promulgation of rules, standards or regulations; the revocation of permits; and the issuance, modification, or revocation of orders except in case of an emergency as provided in subsection B of § 62.1-268.

§ 62.1-259. Certain withdrawals; permit not required.

No ground water withdrawal permit shall be required for (i) withdrawals of less than 300,000 gallons a month; (ii) temporary construction dewatering; (iii) temporary withdrawals associated with a state-approved ground water remediation; (iv) the withdrawal of ground water for use by a ground water heat pump where the discharge is reinjected into the aquifer from which it is withdrawn; (v) the withdrawal from a pond recharged by ground water without mechanical assistance; (vi) the withdrawal of water for geophysical investigations, including pump tests; (vii) the withdrawal of ground water coincident with exploration for and extraction of coal or activities associated with coal mining regulated by the Department of Mines, Minerals and Energy; (viii) the withdrawal of ground water coincident with the exploration for or production of oil, gas or other minerals other than coal, unless such withdrawal adversely impacts aquifer quantity or quality or other ground water users within a ground water management area; (ix) the withdrawal of ground water in any area not declared a ground water management area; or (x) the withdrawal of ground water pursuant to a special exception issued by the Board.

§ 63.2-805. Home Energy Assistance Program; report; survey.

A. The General Assembly declares that it is the policy of this Commonwealth to support the efforts of public agencies, private utility service providers, and charitable and community groups seeking to assist low-income Virginians in meeting their residential energy needs. To this end, the Department is designated as the state agency responsible for coordinating state efforts in this regard.

B. There is hereby created in the state treasury a special nonreverting fund to be known as the Home Energy Assistance Fund, hereinafter the "Fund." Moneys in the Fund shall be used to:

1. Supplement the assistance provided through the Department's administration of the federal Low-Income Home Energy Assistance Program Block Grant; and

2. Assist the Commonwealth in maximizing the amount of federal funds available under the Low-Income Home Energy Assistance Program and the Weatherization Assistance Program by providing funds to comply with fund-matching requirements, and by means of leveraging in accordance with the rules set by the Home Energy Assistance Program.

The Fund shall be established on the books of the Comptroller. The Fund shall consist of donations and contributions to the Fund and such moneys as shall be appropriated by the General Assembly. Interest earned on money in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purposes set forth in this section. The State Treasurer shall make expenditures and disbursements from the Fund on warrants issued by the Comptroller upon written request signed by the Commissioner. Up to twelve percent of the Fund may be used to pay the Department's expenses in administering the Home Energy Assistance Program.

C. The Department shall establish and operate the Home Energy Assistance Program. In administering the Home Energy Assistance Program, it shall be the responsibility of the Department to:

1. Administer distributions from the Fund;

2. Lead and facilitate meetings with the Department of Housing and Community Development, the Department of Mines, Minerals and Energy, and other agencies of the Commonwealth, as well as any nonstate programs that elect to participate in the Home Energy Assistance Program, for the purpose of sharing information directed at alleviating the seasonal energy needs of low-income Virginians, including needs for weatherization assistance services;

3. Collect and analyze data regarding the amounts of energy assistance provided through the Department, categorized by fuel type in order to identify the unmet need for energy assistance in the Commonwealth;

4. Develop and maintain a statewide list of available private and governmental resources for low-income Virginians in need of energy assistance; and

5. Report annually to the Governor and the General Assembly on or before October 1 of each year through October 1, 2007, and biennially thereafter, on the effectiveness of low-income energy assistance programs in meeting the needs of low-income Virginians. In preparing the report, the Department shall:

a. Conduct a survey biennially in each year that the report is due to the General Assembly that shall collect information regarding the extent to which the Commonwealth's efforts in assisting low-income Virginians are adequate and are not duplicative of similar services provided by utility services providers, charitable organizations and local governments;

b. Obtain information on energy programs in other states; and

c. Obtain necessary information from the Department of Housing and Community Development, the Department of ~~Mines, Minerals and Energy~~, and other agencies of the Commonwealth, as well as any nonstate programs that elect to participate in the Home Energy Assistance Program, to complete the biennial survey and to compile the required report. The Department of Housing and Community Development, the Department of ~~Mines, Minerals and Energy~~, and other agencies of the Commonwealth, as well as any nonstate programs that elect to participate in the Home Energy Assistance Program, shall provide the necessary information to the Department.

The Department is authorized to assume responsibility for administering all or any portion of any private, voluntary low-income energy assistance program upon the application of the administrator thereof, on such terms as the Department and such administrator shall agree and in accordance with applicable law and regulations. If the Department assumes administrative responsibility for administering such a voluntary program, it is authorized to receive funds collected through such voluntary program and distribute them through the Fund.

D. Local departments may, to the extent that funds are available, promote interagency cooperation at the local level by providing technical assistance, data collection and service delivery.

E. Subject to Board regulations and to the availability of state or private funds for low-income households in need of energy assistance, the Department is authorized to:

1. Receive state and private funds for such services; and
2. Disburse funds to state agencies, and vendors of energy services, to provide energy assistance programs for low-income households.

F. Actions of the Department relating to the review, allocation and awarding of benefits and grants shall be exempt from the provisions of Article 3 (§ 2.2-4018 et seq.) and Article 4 (§ 2.2-4024 et seq.) of Chapter 40 of the Administrative Process Act (§ 2.2-4000 et seq.).

G. No employee or former employee of the Department shall divulge any information acquired by him in the performance of his duties with respect to the income or assistance eligibility of any individual or household obtained in the course of administering the Home Energy Assistance Program, except in accordance with proper judicial order. The provisions of this section shall not apply to (i) acts performed or words spoken or published in the line of duty under law; (ii) inquiries and investigations to obtain information as to the implementation of this chapter by a duly constituted committee of the General Assembly, or when such inquiry or investigation is relevant to its study, provided that any such information shall be privileged; or (iii) the publication of statistics so classified as to prevent the identification of any individual or household.

§ 24.2-104.1. Civil actions by Attorney General.

A. Whenever the Attorney General has reasonable cause to believe that a violation of an election law has occurred and that the rights of any voter or group of voters have been affected by such violation, the Attorney General may commence a civil action in the appropriate circuit court for appropriate relief.

B. In such civil action, the court may:

1. Award such preventive relief, including a permanent or temporary injunction, restraining order, or other order against the person responsible for a violation of this title, as is necessary to assure the full enjoyment of the rights granted by this title.

2. Assess a civil penalty against the respondent (i) in an amount not exceeding \$50,000 for a first violation and (ii) in an amount not exceeding \$100,000 for any subsequent violation. Such civil penalties are payable to the Voter Education and Outreach Fund established pursuant to § 24.2-131.

§ 24.2-105. (Effective September 1, 2021) Prescribing various forms.

A. The State Board shall prescribe appropriate forms and records for the registration of voters, conduct of elections, and implementation of this title, which shall be used throughout the Commonwealth.

B. The State Board shall prescribe voting and election materials in languages other than English for use by a county, city, or town that is subject to the requirements of § 24.2-124 § 24.2-128. For purposes of this subsection, voting and election materials mean registration or voting notices, forms, and instructions. For purposes of this subsection, registration notices mean any notice of voter registration approval, denial, or cancellation, required by the provisions of Chapter 4 (§ 24.2-400 et seq.).

The State Board may make available voting and election materials in any additional languages other than those required by subsection A of § 24.2-124 § 24.2-128 as it deems necessary and appropriate. The State Board may accept voting and election materials translated by volunteers but shall verify the accuracy of such translations prior to making the translated materials available to a county, city, or town, or any voter.

CHAPTER 1.1.

RIGHTS OF VOTERS.

§ 24.2-125. Definitions.

For purposes of this chapter, "protected class" means a group of citizens protected from discrimination based on race or color or membership in a language minority group.

§ 24.2-126. Vote denial or dilution.

A. No voting qualification or prerequisite to voting or standard, practice, or procedure shall be imposed or applied by the state or any locality in a manner that results in a denial or abridgement of the right of any citizen of the United States to vote based on race or color or membership in a language minority group.

B. A violation of subsection A is established if, on the basis of the totality of circumstances, it is shown that the political processes leading to nomination or election in the state or a locality are not equally open to participation by members of a protected class in that its members have less opportunity than other members of the electorate to participate in the political processes or to elect representatives of their choice. The extent to which members of a protected class have been elected to office in the state or locality is one circumstance that may be considered.

C. Nothing in this section shall be construed to establish a right to have members of a protected class elected in numbers equal to their proportion in the population.

§ 24.2-127. Impairment of voting rights of registered voters.

Nothing in this chapter shall be construed to deny, impair, or otherwise adversely affect the right to vote of any registered voter.

§ 24.2-128. Minority language accessibility.

A. The State Board shall designate a county, city, or town as a covered locality if it determines, in consultation with the Director of the Census, on the basis of the 2010 American Community Survey census data and subsequent American Community Survey data in five-year increments, or comparable census data, that (i) more than five percent of the citizens of voting age of such county, city, or town are members of a single language minority and are unable to speak or understand English adequately enough to participate in the electoral process; (ii) more than 10,000 of the citizens of voting age of such county, city, or town are members of a single language minority and are unable to speak or understand English adequately enough to participate in the electoral process; or (iii) in the case of a county, city, or town containing all or any part of an Indian reservation, more than five percent of the American Indian citizens of voting age within the Indian reservation are members of a single language minority and are unable to speak or understand English adequately enough to participate in the electoral process.

B. Whenever a covered locality provides any voting or election materials, it shall provide such materials in the language of the applicable minority group as well as in the English language. For purposes of this requirement, "voting or election materials" means registration or voting notices, forms, instructions, assistance, voter information pamphlets, ballots, sample ballots, candidate qualification information, and notices regarding changes to local election districts, precincts, or polling places. For purposes of this requirement, "registration notices" means any notice of voter registration approval, denial, or cancellation required by the provisions of Chapter 4 (§ 24.2-400 et seq.). A covered locality may distribute such materials in the preferred language identified by the voter.

C. The Attorney General, or any qualified voter who is a member of a language minority group for whom a covered locality is required to provide voting or election materials in such language, may institute a cause of action in the circuit court of the covered locality to compel the provision of the voting or election materials in the language of the applicable minority group. In such action, the court may, in its discretion, allow a private plaintiff a reasonable attorney fee as part of the costs, if such plaintiff is the prevailing party.

§ 24.2-129. Covered practices; actions required prior to enactment or administration.

A. For the purposes of this section:

"Certification of no objection" means a certification issued by the Attorney General that there is no objection to the enactment or administration of a covered practice by a locality because the covered practice neither has the purpose or effect of denying or abridging the right to vote based on race or color or membership in a language minority group nor will result in the retrogression in the position of members of a racial or ethnic group with respect to their effective exercise of the electoral franchise.

"Covered practice" means:

1. Any change to the method of election of members of a governing body or an elected school board by adding seats elected at large or by converting one or more seats elected from a single-member district to one or more at-large seats or seats from a multi-member district;

2. Any change, or series of changes within a 12-month period, to the boundaries of the locality that reduces by more than five percentage points the proportion of the locality's voting age population that is composed of members of a single racial or language minority group, as determined by the most recent American Community Survey data;

3. Any change to the boundaries of election districts or wards in the locality, including changes made pursuant to a decennial redistricting measure;

4. Any change that restricts the ability of any person to provide interpreter services to voters in any language other than English or that limits or impairs the creation or distribution of voting or election materials in any language other than English; or

5. Any change that reduces the number of or consolidates or relocates polling places in the locality, except where permitted by law in the event of an emergency.

"Voting age population" means the resident population of persons who are 18 years of age or older, as determined by the most recent American Community Survey data available at the time any change to a covered practice is published pursuant to subsection B.

B. Prior to enacting or seeking to administer any voting qualification or prerequisite to voting, or any standard, practice, or procedure with respect to voting, that is a covered practice, the governing body shall cause to be published on the official website for the locality the proposed covered practice and general notice of opportunity for public comment on the proposed covered practice. The governing body shall also publicize the notice through press releases and such other media as will best serve the purpose and subject involved. Such notice shall be made at least 45 days in advance of the last date prescribed in the notice for public comment.

Public comment shall be accepted for a period of no fewer than 30 days. During this period, the governing body shall afford interested persons an opportunity to submit data, views, and arguments in writing by mail, fax, or email, or through an online public comment forum on the official website for the locality if one has been established. The governing body shall conduct at least one public hearing during this period to receive public comment on the proposed covered practice.

The governing body may make changes to the proposed covered practice in response to public comment received. If doing so, the revised covered practice shall be published and public comment shall be accepted in accordance with this subsection, except the public comment period shall be no fewer than 15 days.

C. Following the public comment period or periods prescribed in subsection B, the governing body shall publish the final covered practice, which shall include a plain English description of the practice and the text of an ordinance giving effect to the practice, maps of proposed boundary changes, or other relevant materials, and notice that the covered practice will take effect in 30 days. During this 30-day waiting period, any person who will be subject to or affected by the covered practice may challenge in the circuit court of the locality where the covered practice is to be implemented the covered practice as (i) having the purpose or effect of denying or abridging the right to vote on the basis of race or color or membership in a language minority group or (ii) resulting in the retrogression in the position of members of a racial or ethnic group with respect to their effective exercise of the electoral franchise. In such action, the court may, in its discretion, allow a private plaintiff a reasonable attorney fee as part of the costs, if such plaintiff is the prevailing party.

D. The governing body of a locality seeking to administer or implement a covered practice, in lieu of following the provisions of subsections B and C, may submit the proposed covered practice to the Office of the Attorney General for issuance of a certification of no objection. Such practice shall not be given effect until the Attorney General has issued such

certification. A certification of no objection shall be deemed to have been issued if the Attorney General does not interpose an objection within 60 days of the governing body's submission or if, upon good cause shown and to facilitate an expedited approval within 60 days of the governing body's submission, the Attorney General has affirmatively indicated that no such objection will be made. An affirmative indication by the Attorney General that no objection will be made or the absence of an objection to the covered practice by the Attorney General shall not bar a subsequent action to enjoin enforcement of such qualification, prerequisite, standard, practice, or procedure.

§ 24.2-130. At-large method of election; limitations; violations; remedies.

A. An at-large method of election, including one that combines at-large elections with district- or ward-based elections, shall not be imposed or applied by the governing body of any locality in a manner that impairs the ability of members of a protected class, as defined in § 24.2-125, to elect candidates of its choice or its ability to influence the outcome of an election, as a result of the dilution or the abridgement of the rights of voters who are members of a protected class.

B. A violation of subsection A is established if it is shown that racially polarized voting occurs in local elections and that this, in combination with the method of election, dilutes the voting strength of members of a protected class. For purposes of this subsection, "racially polarized voting" refers to the extent to which the candidate preferences of members of the protected class and other voters in the jurisdiction have differed in recent elections for the office at issue and other offices in which the voters have been presented with a choice between candidates who are members of the protected class and candidates who are not members of the protected class. A finding of racially polarized voting or a violation of subsection A shall not be precluded by the fact that members of a protected class are not geographically compact or concentrated in a locality. Proof of an intent on the part of voters or elected officials to discriminate against members of a protected class shall not be required to prove a violation of subsection A.

C. Any voter who is a member of a protected class, as defined in § 24.2-125, and who resides in a locality where a violation of this section is alleged shall be entitled to initiate a cause of action in the circuit court of the county or city in which the locality is located. In such action, the court may, in its discretion, allow a private plaintiff a reasonable attorney fee as part of the costs, if such plaintiff is the prevailing party.

D. Upon a finding of a violation of this section, the court shall implement appropriate remedies that are tailored to remedy the violation.

§ 24.2-131. Voter Education and Outreach Fund.

There is hereby created in the state treasury a special nonreverting fund to be known as the Voter Outreach and Education Fund, referred to in this section as "the Fund." The Fund shall be established on the books of the Comptroller. All penalties and charges directed to this fund by § 24.2-104.1 and all other funds from any public or private source directed to the Fund shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the Fund shall be used solely for the purposes of educating voters and persons qualified to be voters on the rights ensured to them pursuant to federal and state constitutional and statutory law and remedies. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Secretary of Administration or his designee.

§ 24.2-306. Changes not to be enacted within 60 days of general election; notice requirements.

A. No change in any local election district, precinct, or polling place shall be enacted within 60 days next preceding any general election. ~~Notice~~ In addition to the requirements set forth in § 24.2-129, notice shall be published prior to enactment in a newspaper having general circulation in the election district or precinct once a week for two successive weeks. The published notice shall state where descriptions and maps of proposed boundary and polling place changes may be inspected.

B. Notice of any adopted change in any election district, town, precinct, or polling place other than in the location of the office of the general registrar shall be mailed to all registered voters whose election district, town, precinct, or polling place is changed at least 15 days prior to the next general, special, or primary election in which the voters will be voting in the changed election district, town, precinct, or polling place. Notice of a change in the location of the office of the general registrar shall be given by posting on the official website of the county or city, by posting at not less than 10 public places, or by publication once in a newspaper of general circulation in the county or city within not more than 21 days in advance of the change or within seven days following the change.

C. Each county, city, and town shall comply with the applicable requirements of law, including §§ 24.2-304.3 and 30-395, and send copies of enacted changes, including a Geographic Information System (GIS) map showing the new boundaries of the districts or precincts, to the local electoral board, the Department, and the Division of Legislative Services. Any county, city, or town that does not have GIS capabilities may request the Department of Elections to create on its behalf a GIS map showing the boundaries of the new districts or precincts, and the Department of Elections shall create such a map.

§ 24.2-649. Assistance for certain voters; penalties.

A. Any voter age 65 or older or physically disabled may request and then shall be handed a printed ballot by an officer of election outside the polling place but within 150 feet of the entrance to the polling place. The voter shall mark the printed ballot in the officer's presence but in a secret manner and, obscuring his vote, return the ballot to the officer. The officer shall

immediately return to the polling place and shall deposit a paper ballot in the ballot container in accordance with § 24.2-646 or a machine-readable ballot in the ballot scanner machine in accordance with the instructions of the State Board.

Any county or city that has acquired an electronic voting machine that is so constructed as to be easily portable may use the voting machine in lieu of a printed ballot for the voter requiring assistance pursuant to this subsection. However, the electronic voting machine may be used in lieu of a printed ballot only so long as: (i) the voting machine remains in the plain view of two officers of election representing two political parties, or in a primary election, two officers of election representing the party conducting the primary, provided that if the use of two officers for this purpose would result in too few officers remaining in the polling place to meet legal requirements, the voting machine shall remain in plain view of one officer who shall be either the chief officer or the assistant chief officer and (ii) the voter casts his ballot in a secret manner unless the voter requests assistance pursuant to this section. After the voter has completed voting his ballot, the officer or officers shall immediately return the voting machine to its assigned location inside the polling place. The machine number, the time that the machine was removed and the time that it was returned, the number on the machine's public counter before the machine was removed and the number on the same counter when it was returned, and the name or names of the officer or officers who accompanied the machine shall be recorded on the statement of results.

B. Any qualified voter who requires assistance to vote by reason of physical disability or inability to read or write may, if he so requests, be assisted in voting. If he is blind, he may designate an officer of election or any other person to assist him. If he is unable to read and write or disabled for any cause other than blindness, he may designate an officer of election or some other person to assist him other than the voter's employer or agent of that employer, or officer or agent of the voter's union.

The officer of election or other person so designated shall not enter the booth with the voter unless (i) the voter signs a request stating that he requires assistance by reason of physical disability or inability to read or write and (ii) the officer of election or other person signs a statement that he is not the voter's employer or an agent of that employer, or an officer or agent of the voter's union, and that he will act in accordance with the requirements of this section. The request and statement shall be on a single form furnished by the State Board. If the voter is unable to sign the request, his own mark acknowledged by him before an officer of election shall be sufficient signature, provided no mark shall be required of a voter who is blind. An officer of election shall advise the voter and person assisting the voter of the requirements of this section and record the name of the voter and the name and address of the person assisting him.

The officer of election or other person so designated shall assist the qualified voter in the preparation of his ballot in accordance with his instructions and without soliciting his vote or in any manner attempting to influence his vote and shall not in any manner divulge or indicate, by signs or otherwise, how the voter voted on any office or question. If a printed ballot is used, the officer or other person so designated shall deposit the ballot in the ballot container in accordance with § 24.2-646 or in the ballot scanner machine in accordance with the instructions of the State Board.

C. If the voter requires assistance in a language other than English and has not designated a person to assist him, an officer of election, ~~before he assists~~ *may assist as an interpreter, but shall first* inquire of the representatives authorized to be present pursuant to § 24.2-604.4 whether they have a volunteer available who can interpret for the voter. One representative interpreter for each party or candidate, insofar as available, shall be permitted to observe the officer of election communicate with the voter. *In any locality designated as a covered locality pursuant to § 24.2-128, the local electoral board shall ensure that interpretation services in the language of the applicable minority group are available and easily accessible to voters needing assistance pursuant to this subsection.* The voter may designate one of the volunteer party or candidate interpreters to provide assistance. A person so designated by the voter shall meet all the requirements of this section for a person providing assistance.

D. A person who willfully violates subsection B or C is guilty of a Class 1 misdemeanor. In addition, the provisions of § 24.2-1016 and its felony penalties for false statements shall be applicable to any request or statement signed pursuant to this section, and the provisions of §§ 24.2-704 and 24.2-1012 and the felony penalties for violations of the law related to providing assistance to absentee voters shall be applicable in such cases.

E. In any precinct in which an electronic voting machine is available that provides an audio ballot, the officers of election shall notify a voter requiring assistance pursuant to this section that such machine is available for him to use to vote in privacy without assistance and the officers of election shall instruct the voter on the use of the voting machine. Nothing in this section shall be construed to require a voter to use the machine unassisted.

The action shall be instituted in the circuit court of the locality where the violation occurred. A registered voter to whom such false information is communicated shall be entitled to institute an action for preventative relief, including an application for a permanent or temporary injunction, restraining order; or other order; against the person communicating such false information. The action shall be instituted in the circuit court of either the jurisdiction from which the communication was made or the jurisdiction in which the communication was received. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

CHAPTER 534

An Act to amend and reenact §§ 16.1-269.1 and 18.2-58 of the Code of Virginia, relating to robbery; penalties.

[H 1936]

Approved April 7, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-269.1 and 18.2-58 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-269.1. Trial in circuit court; preliminary hearing; direct indictment; remand.

A. Except as provided in subsections B and C, if a juvenile 14 years of age or older at the time of an alleged offense is charged with an offense which would be a felony if committed by an adult, the court shall, on motion of the attorney for the Commonwealth and prior to a hearing on the merits, hold a transfer hearing and may retain jurisdiction or transfer such juvenile for proper criminal proceedings to the appropriate circuit court having criminal jurisdiction of such offenses if committed by an adult. Any transfer to the appropriate circuit court shall be subject to the following conditions:

1. Notice as prescribed in §§ 16.1-263 and 16.1-264 shall be given to the juvenile and his parent, guardian, legal custodian or other person standing in loco parentis; or attorney;

2. The juvenile court finds that probable cause exists to believe that the juvenile committed the delinquent act as alleged or a lesser included delinquent act which would be a felony if committed by an adult;

3. The juvenile is competent to stand trial. The juvenile is presumed to be competent and the burden is on the party alleging the juvenile is not competent to rebut the presumption by a preponderance of the evidence; and

4. The court finds by a preponderance of the evidence that the juvenile is not a proper person to remain within the jurisdiction of the juvenile court. In determining whether a juvenile is a proper person to remain within the jurisdiction of the juvenile court, the court shall consider, but not be limited to, the following factors:

- a. The juvenile's age;
- b. The seriousness and number of alleged offenses, including (i) whether the alleged offense was committed in an aggressive, violent, premeditated, or willful manner; (ii) whether the alleged offense was against persons or property, with greater weight being given to offenses against persons, especially if death or bodily injury resulted; (iii) whether the maximum punishment for such an offense is greater than 20 years confinement if committed by an adult; (iv) whether the alleged offense involved the use of a firearm or other dangerous weapon by brandishing, threatening, displaying or otherwise employing such weapon; and (v) the nature of the juvenile's participation in the alleged offense;
- c. Whether the juvenile can be retained in the juvenile justice system long enough for effective treatment and rehabilitation;
- d. The appropriateness and availability of the services and dispositional alternatives in both the criminal justice and juvenile justice systems for dealing with the juvenile's problems;
- e. The record and previous history of the juvenile in this or other jurisdictions, including (i) the number and nature of previous contacts with juvenile or circuit courts, (ii) the number and nature of prior periods of probation, (iii) the number and nature of prior commitments to juvenile correctional centers, (iv) the number and nature of previous residential and community-based treatments, (v) whether previous adjudications and commitments were for delinquent acts that involved the infliction of serious bodily injury, and (vi) whether the alleged offense is part of a repetitive pattern of similar adjudicated offenses;
- f. Whether the juvenile has previously absconded from the legal custody of a juvenile correctional entity in this or any other jurisdiction;
- g. The extent, if any, of the juvenile's degree of intellectual disability or mental illness;
- h. The juvenile's school record and education;
- i. The juvenile's mental and emotional maturity; and
- j. The juvenile's physical condition and physical maturity.

No transfer decision shall be precluded or reversed on the grounds that the court failed to consider any of the factors specified in subdivision 4.

B. The juvenile court shall conduct a preliminary hearing whenever a juvenile 16 years of age or older is charged with murder in violation of § 18.2-31, 18.2-32 or 18.2-40, or aggravated malicious wounding in violation of § 18.2-51.2. If the juvenile is 14 years of age or older, but less than 16 years of age, then the court may proceed, on motion of the attorney for the Commonwealth, as provided in subsection A.

C. The juvenile court shall conduct a preliminary hearing whenever a juvenile 16 years of age or older is charged with murder in violation of § 18.2-33; felonious injury by mob in violation of § 18.2-41; abduction in violation of § 18.2-48; malicious wounding in violation of § 18.2-51; malicious wounding of a law-enforcement officer in violation of § 18.2-51.1; felonious poisoning in violation of § 18.2-54.1; adulteration of products in violation of § 18.2-54.2; robbery in violation of *subdivision B 1 or 2 of* § 18.2-58 or carjacking in violation of § 18.2-58.1; rape in violation of § 18.2-61; forcible sodomy in violation of § 18.2-67.1; object sexual penetration in violation of § 18.2-67.2; manufacturing, selling, giving, distributing, or possessing with intent to manufacture, sell, give, or distribute a controlled substance or an imitation controlled substance in violation of § 18.2-248 if the juvenile has been previously adjudicated delinquent on two or more occasions of violating § 18.2-248 provided the adjudications occurred after the juvenile was at least 16 years of age; manufacturing, selling, giving, distributing, or possessing with intent to manufacture, sell, give, or distribute methamphetamine in violation of § 18.2-248.03 if the juvenile has been previously adjudicated delinquent on two or more occasions of violating § 18.2-248.03 provided the adjudications occurred after the juvenile was at least 16 years of age; or felonious manufacturing, selling, giving, distributing, or possessing with intent to manufacture, sell, give, or distribute anabolic steroids in violation of § 18.2-248.5 if the juvenile has been previously adjudicated delinquent on two or more occasions of violating § 18.2-248.5 provided the adjudications occurred after the juvenile was at least 16 years of age, provided the attorney for the Commonwealth gives written notice of his intent to proceed pursuant to this subsection. Prior to giving written notice of his intent to proceed pursuant to this subsection, the attorney for the Commonwealth shall submit a written request to the director of the court services unit to complete a report as described in subsection B of § 16.1-269.2 unless waived by the juvenile and his attorney or other legal representative. The report shall be filed with the court and mailed or delivered to (i) the attorney for the Commonwealth and (ii) counsel for the juvenile, or, if the juvenile is not represented by counsel, to the juvenile and a parent, guardian, or other person standing in loco parentis with respect to the juvenile, within 21 days of the date of the written request. After reviewing the report, if the attorney for the Commonwealth still intends to proceed pursuant to this subsection, he shall then provide the written notice of such intent, which shall include affirmation that he reviewed the report. The notice shall be filed with the court and mailed or delivered to counsel for the juvenile or, if the juvenile is not then represented by counsel, to the juvenile and a parent, guardian or other person standing in loco parentis with respect to the juvenile at least seven days prior to the preliminary hearing. If the attorney for the Commonwealth elects not to give such notice, if he elects to withdraw the notice prior to certification of the charge to the grand jury, or if the juvenile is 14 years of age or older, but less than 16 years of age, he may proceed as provided in subsection A.

D. Upon a finding of probable cause pursuant to a preliminary hearing under subsection B or C, the juvenile court shall certify the charge, and all ancillary charges, to the grand jury. Such certification shall divest the juvenile court of jurisdiction as to the charge and any ancillary charges. Nothing in this subsection shall divest the juvenile court of jurisdiction over any matters unrelated to such charge and ancillary charges which may otherwise be properly within the jurisdiction of the juvenile court.

If the court does not find probable cause to believe that the juvenile has committed the violent juvenile felony as charged in the petition or warrant or if the petition or warrant is terminated by dismissal in the juvenile court, the attorney for the Commonwealth may seek a direct indictment in the circuit court. If the petition or warrant is terminated by nolle prosequi in the juvenile court, the attorney for the Commonwealth may seek an indictment only after a preliminary hearing in juvenile court.

If the court finds that the juvenile was not (i) for the purposes of subsection A, 14 years of age or older or (ii) for purposes of subsection B or C, 16 years of age or older, at the time of the alleged commission of the offense or that the conditions specified in subdivision A 1, 2, or 3 have not been met, the case shall proceed as otherwise provided for by law.

E. An indictment in the circuit court cures any error or defect in any proceeding held in the juvenile court except with respect to the juvenile's age. If an indictment is terminated by nolle prosequi, the Commonwealth may reinstate the proceeding by seeking a subsequent indictment.

§ 18.2-58. Robbery; penalties.

~~If any~~ A. For the purposes of this section, "serious bodily injury" means the same as that term is defined in § 18.2-51.4.

~~B. Any person who commits robbery by partial strangulation, or suffocation, or by striking or beating, or by other violence to the person, or by assault or otherwise putting a person in fear of serious bodily harm, or by the threat or presenting of firearms, or other deadly weapon or instrumentality whatsoever, he shall be~~ is guilty of a felony and shall be punished by confinement in a state correctional facility for life or any term not less than five years as follows:

Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation is \$0 for periods of imprisonment in state adult correctional facilities and cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

CHAPTER 535

An Act to amend and reenact §§ 16.1-281, 16.1-283, 63.2-906, and 63.2-910.2 of the Code of Virginia, relating to foster care; termination of parental rights; relatives and fictive kin.

[H 1962]

Approved April 7, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 16.1-281, 16.1-283, 63.2-906, and 63.2-910.2 of the Code of Virginia are amended and reenacted as follows:

§ 16.1-281. Foster care plan.

A. In any case in which (i) a local board of social services places a child through an agreement with the parents or guardians where legal custody remains with the parents or guardian, or (ii) legal custody of a child is given to a local board of social services or a child welfare agency, the local department of social services or child welfare agency shall prepare a foster care plan for such child, as described hereinafter. The individual family service plan developed by the family assessment and planning team pursuant to § 2.2-5208 may be accepted by the court as the foster care plan if it meets the requirements of this section.

The representatives of such department or agency shall involve *in the development of the plan* the child's parent(s) ~~in the development of the plan~~, except when parental rights have been terminated or the local department of social services or child welfare agency has made diligent efforts to locate the parent(s) and such parent(s) cannot be located, *relatives and fictive kin who are interested in the child's welfare*, and any other person or persons standing in loco parentis at the time the board or child welfare agency obtained custody or the board placed the child. The representatives of such department or agency shall involve a child who is ~~14~~ 12 years of age or older in the development of the plan and, at the option of such child, up to two members of the case planning team who are chosen by the child and who are not a foster parent of, or caseworker for, the child. A child under ~~14~~ 12 years of age may be involved in the development of the plan if such involvement is consistent with the best interests of the child. In cases where either the parent(s) or child is not involved in the development of the plan, the department or agency shall include in the plan a full description of the reasons therefor.

The department or child welfare agency shall file the plan with the juvenile and domestic relations district court within 45 days following the transfer of custody or the board's placement of the child unless the court, for good cause shown, allows an extension of time, which shall not exceed an additional 60 days. However, a foster care plan shall be filed in accordance with the provisions of § 16.1-277.01 with a petition for approval of an entrustment agreement. A foster care plan need not be prepared if the child is returned to his prior family or placed in an adoptive home within 45 days following transfer of custody to the board or agency or the board's placement of the child.

B. The foster care plan shall describe in writing (i) the programs, care, services and other support which will be offered to the child and his parents and other prior custodians; (ii) the participation and conduct which will be sought from the child's parents and other prior custodians; (iii) the visitation and other contacts which will be permitted between the child and his parents and other prior custodians, and between the child and his siblings; (iv) the nature of the placement or placements which will be provided for the child; (v) for school-age children, the school placement of the child; (vi) for children 14 years of age and older, the child's needs and goals in the areas of counseling, education, housing, employment, and money management skills development, along with specific independent living services that will be provided to the child to help him reach these goals; and (vii) for children 14 years and older, an explanation of the child's rights with respect to education, health, visitation, court participation, and the right to stay safe and avoid exploitation. The foster care plan shall include all documentation specified in 42 U.S.C. § 675(5)(l) and § 63.2-905.3. If the child in foster care is placed in a qualified residential treatment program as defined in § 16.1-228, the foster care plan shall also include the report and documentation set forth in subsection A of § 63.2-906.1. If the child in foster care is pregnant or is the parent of a child, the foster care plan shall also include (a) a list of the services and programs to be provided to or on behalf of the child to ensure parental readiness or capability and (b) a description of the foster care prevention strategy for any child born to the child in foster care. In cases in which a foster care plan approved prior to July 1, 2011, identifies independent living as the goal for the child, and in cases involving children admitted to the United States as refugees or asylees who are 16 years of age or older and for whom the goal is independent living, the plan shall also describe the programs and services which will help the child prepare for the transition from foster care to independent living. If consistent with the child's health and safety, the plan shall be designed to support reasonable efforts which lead to the return of the child to his parents or other prior custodians within the shortest practicable time which shall be specified in the plan. The child's health and safety shall be the paramount concern of the court and the agency throughout the placement, case planning, service provision and review process. For a child 14 years of age and older, the plan shall include a signed acknowledgment by the child that the child has received a copy of the plan and that the rights contained therein have been explained to the child in an age-appropriate manner.

If the department or child welfare agency concludes that it is not reasonably likely that the child can be returned to his prior family within a practicable time, consistent with the best interests of the child, the department, child welfare agency or team shall (1) include a full description of the reasons for this conclusion; (2) provide information on the opportunities for placing the child with a relative or in an adoptive home; (3) design the plan to lead to the child's successful placement with a relative ~~if a subsequent transfer of custody to the relative is planned, or fictive kin for the purpose of establishing eligibility for the Federal-Funded Kinship Guardianship Assistance program established pursuant to § 63.2-1305 or the State-Funded Kinship Guardianship Assistance program established pursuant to § 63.2-1306~~ or in an adoptive home within the shortest practicable time; and (4) if neither of such placements is feasible, explain why permanent foster care is the plan for the child or independent living is the plan for the child in cases involving children admitted to the United States as refugees or asylees who are 16 years of age or older and for whom the goal is independent living.

The local board or other child welfare agency having custody of the child shall not be required by the court to make reasonable efforts to reunite the child with a parent if the court finds that (A) the residual parental rights of the parent regarding a sibling of the child have previously been involuntarily terminated; (B) the parent has been convicted of an offense under the laws of the Commonwealth or a substantially similar law of any other state, the United States or any foreign jurisdiction that constitutes murder or voluntary manslaughter, or a felony attempt, conspiracy or solicitation to commit any such offense, if the victim of the offense was a child of the parent, a child with whom the parent resided at the time such offense occurred or the other parent of the child; (C) the parent has been convicted of an offense under the laws of the Commonwealth or a substantially similar law of any other state, the United States or any foreign jurisdiction that constitutes felony assault resulting in serious bodily injury or felony bodily wounding resulting in serious bodily injury or felony sexual assault, if the victim of the offense was a child of the parent or a child with whom the parent resided at the time of such offense; or (D) based on clear and convincing evidence, the parent has subjected any child to aggravated circumstances, or abandoned a child under circumstances which would justify the termination of residual parental rights pursuant to subsection D of § 16.1-283.

As used in this section:

"Aggravated circumstances" means torture, chronic or severe abuse, or chronic or severe sexual abuse, if the victim of such conduct was a child of the parent or child with whom the parent resided at the time such conduct occurred, including the failure to protect such a child from such conduct, which conduct or failure to protect: (i) evinces a wanton or depraved indifference to human life, or (ii) has resulted in the death of such a child or in serious bodily injury to such a child.

"Chronic abuse" or "chronic sexual abuse" means recurring acts of physical abuse that place the child's health, safety and well-being at risk.

"Independent living" has the meaning set forth in § 63.2-100.

"Serious bodily injury" means bodily injury that involves substantial risk of death, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ or mental faculty.

"Severe abuse" or "severe sexual abuse" may include an act or omission that occurred only once, but otherwise meets the definition of "aggravated circumstances."

Within 30 days of making a determination that reasonable efforts to reunite the child with the parents are not required, the court shall hold a permanency planning hearing pursuant to § 16.1-282.1.

C. A copy of the entire foster care plan shall be sent by the court to the child, if he is 12 years of age or older; the guardian ad litem for the child, the attorney for the child's parents or for any other person standing in loco parentis at the time the board or child welfare agency obtained custody or the board placed the child, to the parents or other person standing in loco parentis, and such other persons as appear to the court to have a proper interest in the plan. However, a copy of the plan shall not be sent to a parent whose parental rights regarding the child have been terminated. A copy of the plan shall be sent by the court to the foster parents. A hearing shall be held for the purpose of reviewing and approving the foster care plan. The hearing shall be held within 60 days of (i) the child's initial foster care placement, if the child was placed through an agreement between the parents or guardians and the local department of social services or a child welfare agency; (ii) the original preliminary removal order hearing, if the child was placed in foster care pursuant to § 16.1-252; (iii) the hearing on the petition for relief of custody, if the child was placed in foster care pursuant to § 16.1-277.02; or (iv) the dispositional hearing at which the child was placed in foster care and an order was entered pursuant to § 16.1-278.2, 16.1-278.3, 16.1-278.4, 16.1-278.5, 16.1-278.6, or 16.1-278.8. However, the hearing shall be held in accordance with the provisions of § 16.1-277.01 with a petition for approval of an entrustment agreement. If the judge makes any revision in any part of the foster care plan, a copy of the changes shall be sent by the court to all persons who received a copy of the original of that part of the plan.

C1. Any order transferring custody of the child to a relative other than the child's prior family shall be entered only upon a finding, based upon a preponderance of the evidence, that the relative is one who, after an investigation as directed by the court, (i) is found by the court to be willing and qualified to receive and care for the child; (ii) is willing to have a positive, continuous relationship with the child; (iii) is committed to providing a permanent, suitable home for the child; and (iv) is willing and has the ability to protect the child from abuse and neglect; and the order shall so state. The court's order transferring custody to a relative should further provide for, as appropriate, any terms or conditions which would promote the child's interest and welfare; ongoing provision of social services to the child and the child's custodian; and court review of the child's placement.

C2. Any order entered at the conclusion of the hearing that has the effect of achieving a permanent goal for the child by terminating residual parental rights pursuant to § 16.1-277.01, 16.1-277.02, 16.1-278.3, or 16.1-283; by placing the child in permanent foster care pursuant to clause (iv) of subsection A of § 16.1-282.1; or, in cases in which independent living was identified as the goal for a child in a foster care plan approved prior to July 1, 2011, or in which a child has been admitted to the United States as a refugee or asylee and is over 16 years of age and independent living has been identified as the permanency goal for the child, by directing the board or agency to provide the child with services to achieve independent living status, if the child has attained the age of 16 years, pursuant to clause (v) of subsection A of § 16.1-282.1 shall state whether reasonable efforts have been made to place the child in a timely manner in accordance with the foster care plan and to complete the steps necessary to finalize the permanent placement of the child.

D. The court in which the foster care plan is filed shall be notified immediately if the child is returned to his parents or other persons standing in loco parentis at the time the board or agency obtained custody or the board placed the child.

E. 1. In cases in which a child is placed by the local board of social services or a licensed child-placing agency in a qualified residential treatment program as defined in § 16.1-228, a hearing shall be held within 60 days of such placement. Prior to such hearing, the qualified residential treatment program shall file with the court the assessment report prepared pursuant to clause (viii) of the definition of qualified residential treatment program set forth in § 16.1-228. The court shall (i) consider the assessment report prepared by a qualified individual pursuant to clause (viii) of the definition of qualified residential treatment program set forth in § 16.1-228 and submitted pursuant to this subsection; (ii) consider the report and documentation required under subsection A of § 63.2-906.1 and filed with the foster care or permanency plan; (iii) determine whether the needs of the child can be met through placement in a foster home or, if not, whether placement in the qualified residential treatment program would provide the most effective and appropriate level of care for the child in the least restrictive environment and be consistent with the short-term and long-term goals established for the child in his foster care or permanency plan; and (iv) approve or deny the placement of the child in the qualified residential treatment program. The hearing required by this subsection may be held in conjunction with a dispositional hearing held pursuant to subsection C, a foster care review hearing held pursuant to § 16.1-282, a permanency planning hearing held pursuant to § 16.1-282.1, or an annual foster care review hearing held pursuant to § 16.1-282.2, provided that such hearing has already been scheduled by the court and is held within 60 days of the child's placement in the qualified residential treatment program.

2. If the child remains placed in the qualified residential treatment program during any subsequent hearings held pursuant to subsection C or § 16.1-282, 16.1-282.1, or 16.1-282.2, the local board of social services or licensed child-placing agency shall present evidence at such hearing that demonstrates (i) that the ongoing assessment of the child's strengths and needs continues to support the determination that the child's needs cannot be met through placement in a foster home and that the child's placement in the qualified residential treatment program provides the most effective and

appropriate level of care for the child in the least restrictive environment and is consistent with the short-term and long-term goals established for the child in his foster care or permanency plan; (ii) the specific treatment or service needs of the child that will be met in the qualified residential treatment program and the length of time the child is expected to need such treatment or services; and (iii) the efforts made by the local board of social services to prepare the child to return home or to be placed with a fit and willing relative, legal guardian, or adoptive parent, or in a foster home. The court shall review such evidence and approve or deny the continued placement of the child in the qualified residential treatment program.

F. At the conclusion of the hearing at which the initial foster care plan is reviewed, the court shall schedule a foster care review hearing to be held within four months in accordance with § 16.1-282. However, if an order is entered pursuant to subsection C2, the court shall schedule a foster care review hearing to be held within 12 months of the entry of such order in accordance with the provisions of § 16.1-282.2. Parties who are present at the hearing at which the initial foster care plan is reviewed shall be given notice of the date set for the foster care review hearing and parties who are not present shall be summoned as provided in § 16.1-263.

G. Nothing in this section shall limit the authority of the juvenile judge or the staff of the juvenile court, upon order of the judge, to review the status of children in the custody of local boards of social services or placed by local boards of social services on its own motion. The court shall appoint an attorney to act as guardian ad litem to represent the child any time a hearing is held to review the foster care plan filed for the child or to review the child's status in foster care.

§ 16.1-283. Termination of residual parental rights.

A. The residual parental rights of a parent or parents may be terminated by the court as hereinafter provided in a separate proceeding if the petition specifically requests such relief. No petition seeking termination of residual parental rights shall be accepted by the court prior to the filing of a foster care plan, pursuant to § 16.1-281, which documents termination of residual parental rights as being in the best interests of the child. The court may hear and adjudicate a petition for termination of parental rights in the same proceeding in which the court has approved a foster care plan which documents that termination is in the best interests of the child. The court may terminate the residual parental rights of one parent without affecting the rights of the other parent. The local board of social services or a licensed child-placing agency need not have identified an available and eligible family to adopt a child for whom termination of parental rights is being sought prior to the entry of an order terminating parental rights.

Any order terminating residual parental rights shall be accompanied by an order continuing or granting custody to a local board of social services or to a licensed child-placing agency or ~~granting transferring~~ custody or guardianship to a person with a legitimate interest, ~~subject to the provisions of subsection A1.~~ However, in such cases the court shall give a consideration to granting custody to a person with a legitimate interest, *and if custody is not granted to a person with a legitimate interest, the judge shall communicate to the parties the basis for such decision either orally or in writing.* An order continuing or granting custody to a local board of social services or to a licensed child-placing agency shall indicate whether that board or agency shall have the authority to place the child for adoption and consent thereto.

The summons shall be served upon the parent or parents and the other parties specified in § 16.1-263. Written notice of the hearing shall also be provided to the foster parents of the child, a relative providing care for the child, and any preadoptive parents for the child informing them that they may appear as witnesses at the hearing to give testimony and otherwise participate in the proceeding. The persons entitled to notice and an opportunity to be heard need not be made parties to the proceedings. The summons or notice of hearing shall clearly state the consequences of a termination of residual parental rights. Service shall be made pursuant to § 16.1-264.

A1. Any order transferring custody of the child to a person with a legitimate interest pursuant to subsection A shall be entered only upon a finding, based upon a preponderance of the evidence, that such person is one who, after an investigation as directed by the court, (i) is found by the court to be willing and qualified to receive and care for the child; (ii) is willing to have a positive, continuous relationship with the child; (iii) is committed to providing a permanent, suitable home for the child; and (iv) is willing and has the ability to protect the child from abuse and neglect; and the order shall so state. The court's order transferring custody to a person with a legitimate interest should further provide, as appropriate, for any terms and conditions ~~which~~ *that* would promote the child's interest and welfare.

B. The residual parental rights of a parent or parents of a child found by the court to be neglected or abused and placed in foster care as a result of (i) court commitment; (ii) an entrustment agreement entered into by the parent or parents; or (iii) other voluntary relinquishment by the parent or parents may be terminated if the court finds, based upon clear and convincing evidence, that it is in the best interests of the child and that:

1. The neglect or abuse suffered by such child presented a serious and substantial threat to his life, health or development; and

2. It is not reasonably likely that the conditions which resulted in such neglect or abuse can be substantially corrected or eliminated so as to allow the child's safe return to his parent or parents within a reasonable period of time. In making this determination, the court shall take into consideration the efforts made to rehabilitate the parent or parents by any public or private social, medical, mental health or other rehabilitative agencies prior to the child's initial placement in foster care.

Proof of any of the following shall constitute prima facie evidence of the conditions set forth in subdivision B 2:

a. The parent or parents have a mental or emotional illness or intellectual disability of such severity that there is no reasonable expectation that such parent will be able to undertake responsibility for the care needed by the child in accordance with his age and stage of development;

b. The parent or parents have habitually abused or are addicted to intoxicating liquors, narcotics or other dangerous drugs to the extent that proper parental ability has been seriously impaired and the parent, without good cause, has not responded to or followed through with recommended and available treatment which could have improved the capacity for adequate parental functioning; or

c. The parent or parents, without good cause, have not responded to or followed through with appropriate, available and reasonable rehabilitative efforts on the part of social, medical, mental health or other rehabilitative agencies designed to reduce, eliminate or prevent the neglect or abuse of the child.

C. The residual parental rights of a parent or parents of a child placed in foster care as a result of court commitment, an entrustment agreement entered into by the parent or parents or other voluntary relinquishment by the parent or parents may be terminated if the court finds, based upon clear and convincing evidence, that it is in the best interests of the child and that:

1. The parent or parents have, without good cause, failed to maintain continuing contact with and to provide or substantially plan for the future of the child for a period of six months after the child's placement in foster care notwithstanding the reasonable and appropriate efforts of social, medical, mental health or other rehabilitative agencies to communicate with the parent or parents and to strengthen the parent-child relationship. Proof that the parent or parents have failed without good cause to communicate on a continuing and planned basis with the child for a period of six months shall constitute prima facie evidence of this condition; or

2. The parent or parents, without good cause, have been unwilling or unable within a reasonable period of time not to exceed 12 months from the date the child was placed in foster care to remedy substantially the conditions which led to or required continuation of the child's foster care placement, notwithstanding the reasonable and appropriate efforts of social, medical, mental health or other rehabilitative agencies to such end. Proof that the parent or parents, without good cause, have failed or been unable to make substantial progress towards elimination of the conditions which led to or required continuation of the child's foster care placement in accordance with their obligations under and within the time limits or goals set forth in a foster care plan filed with the court or any other plan jointly designed and agreed to by the parent or parents and a public or private social, medical, mental health or other rehabilitative agency shall constitute prima facie evidence of this condition. The court shall take into consideration the prior efforts of such agencies to rehabilitate the parent or parents prior to the placement of the child in foster care.

D. The residual parental rights of a parent or parents of a child found by the court to be neglected or abused upon the ground of abandonment may be terminated if the court finds, based upon clear and convincing evidence, that it is in the best interests of the child and that:

1. The child was abandoned under such circumstances that either the identity or the whereabouts of the parent or parents cannot be determined; and

2. The child's parent or parents, guardian, or relatives have not come forward to identify such child and claim a relationship to the child within three months following the issuance of an order by the court placing the child in foster care; and

3. Diligent efforts have been made to locate the child's parent or parents, *guardian, or relatives* without avail.

E. The residual parental rights of a parent or parents of a child who is in the custody of a local board or licensed child-placing agency may be terminated by the court if the court finds, based upon clear and convincing evidence, that it is in the best interests of the child and that (i) the residual parental rights of the parent regarding a sibling of the child have previously been involuntarily terminated; (ii) the parent has been convicted of an offense under the laws of the Commonwealth or a substantially similar law of any other state, the United States or any foreign jurisdiction that constitutes murder or voluntary manslaughter, or a felony attempt, conspiracy or solicitation to commit any such offense, if the victim of the offense was a child of the parent, a child with whom the parent resided at the time such offense occurred or the other parent of the child; (iii) the parent has been convicted of an offense under the laws of the Commonwealth or a substantially similar law of any other state, the United States or any foreign jurisdiction that constitutes felony assault resulting in serious bodily injury or felony bodily wounding resulting in serious bodily injury or felony sexual assault, if the victim of the offense was a child of the parent or a child with whom the parent resided at the time of such offense; or (iv) the parent has subjected any child to aggravated circumstances.

As used in this section:

"Aggravated circumstances" means torture, chronic or severe abuse, or chronic or severe sexual abuse, if the victim of such conduct was a child of the parent or a child with whom the parent resided at the time such conduct occurred, including the failure to protect such a child from such conduct, which conduct or failure to protect: (i) evinces a wanton or depraved indifference to human life, or (ii) has resulted in the death of such a child or in serious bodily injury to such a child.

"Chronic abuse" or "chronic sexual abuse" means recurring acts of physical abuse which place the child's health, safety and well-being at risk.

"Serious bodily injury" means bodily injury that involves substantial risk of death, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ or mental faculty.

"Severe abuse" or "severe sexual abuse" may include an act or omission that occurred only once, but otherwise meets the definition of "aggravated circumstances."

The local board or other child welfare agency having custody of the child shall not be required by the court to make reasonable efforts to reunite the child with a parent who has been convicted of one of the felonies specified in this subsection or who has been found by the court to have subjected any child to aggravated circumstances.

F. The local board or licensed child-placing agency to which authority is given to place the child for adoption and consent thereto after an order terminating parental rights is entered shall file a written Adoption Progress Report with the juvenile court on the progress being made to place the child in an adoptive home. The report shall be filed with the court every six months from the date of the final order terminating parental rights until a final order of adoption is entered on behalf of the child in the circuit court. At the conclusion of the hearing at which termination of parental rights is ordered and authority is given to the local board or licensed child-placing agency to place the child for adoption, the juvenile court shall schedule a date by which the board or agency shall file the first written Adoption Progress Report required by this section. A copy of the Adoption Progress Report shall be sent by the court to the guardian ad litem for the child. The court may schedule a hearing on the report with or without the request of a party.

G. Notwithstanding any other provisions of this section, residual parental rights shall not be terminated if it is established that the child, if he is 14 years of age or older or otherwise of an age of discretion as determined by the court, objects to such termination. However, residual parental rights of a child 14 years of age or older may be terminated over the objection of the child, if the court finds that any disability of the child reduces the child's developmental age and that the child is not otherwise of an age of discretion.

§ 63.2-906. Foster care plans; permissible plan goals; court review of foster children.

A. Each child who is committed or entrusted to the care of a local board or to a licensed child-placing agency or who is placed through an agreement between a local board and the parent, parents or guardians, where legal custody remains with the parent, parents or guardians, shall have a foster care plan prepared by the local department, the child welfare agency, or the family assessment and planning team established pursuant to § 2.2-5207, as specified in § 16.1-281. The representatives of such local department, child welfare agency, or team shall (i) involve *in the development of the plan* the child's parent(s) ~~in the development of the plan~~, except when parental rights have been terminated or the local department or child welfare agency has made diligent efforts to locate the parent(s) and such parent(s) cannot be located, *relatives and fictive kin who are interested in the child's welfare*, and any other person or persons standing in loco parentis at the time the board or child welfare agency obtained custody or the board or the child welfare agency placed the child and (ii) for any child for whom reunification remains the goal, meet and consult with the child's parent(s) or other person standing in loco parentis, provided that the parent(s) or other person has been located and parental rights have not been terminated, no less than once every two months and at all critical decision-making points throughout the child's foster care case. If reunification is not the goal for the child, the local board, child welfare agency, or team shall provide information to the child's parents regarding the parents' option to voluntarily terminate parental rights, unless a parent's parental rights have been terminated. The representatives of such department, child welfare agency, or team shall involve the child in the development of the plan, if (a) *the child is 12 years of age or older or (b) the child is younger than 12 years of age and such involvement is consistent with the best interests of the child*. In cases where either the parent(s) or child is not involved in the development of the plan, the department, child welfare agency, or team shall include in the plan a full description of the reasons therefor in accordance with § 16.1-281.

A court may place a child in the care and custody of ~~(a)~~ (1) a public agency in accordance with § 16.1-251 or 16.1-252; ~~and (b)~~ or (2) a public or licensed private child-placing agency in accordance with § 16.1-278.2, 16.1-278.4, 16.1-278.5, 16.1-278.6, or 16.1-278.8. Children may be placed by voluntary relinquishment in the care and custody of a public or private agency in accordance with § 16.1-277.01 or §§ 16.1-277.02 and 16.1-278.3. Children may be placed through an agreement where legal custody remains with the parent, parents or guardians in accordance with §§ 63.2-900 and 63.2-903, or § 2.2-5208.

B. Each child in foster care shall be assigned a permanent plan goal to be reviewed and approved by the juvenile and domestic relations district court having jurisdiction of the child's case. Permissible plan goals are to:

1. Transfer custody of the child to his prior family;
2. Transfer custody of the child to a relative other than his prior family or to fictive kin for the purpose of establishing eligibility for the Kinship Guardianship Assistance program pursuant to § 63.2-1305;
3. Finalize an adoption of the child;
4. Place a child who is 16 years of age or older in permanent foster care;
5. Transition to independent living if, and only if, the child is admitted to the United States as a refugee or asylee; or
6. Place a child who is 16 years of age or older in another planned permanent living arrangement in accordance with subsection A2 of § 16.1-282.1.

C. Each child in foster care shall be subject to the permanency planning and review procedures established in §§ 16.1-281, 16.1-282, and 16.1-282.1.

§ 63.2-910.2. Petition to terminate parental rights.

A. If a child has been in foster care under the responsibility of a local board for 15 of the most recent 22 months or if the parent of a child in foster care has been convicted of an offense under the laws of the Commonwealth or a substantially similar law of any other state, the United States, or any foreign jurisdiction that constitutes (i) murder or voluntary manslaughter, or a felony attempt, conspiracy, or solicitation to commit any such offense, if the victim of the offense was a child of the parent, a child with whom the parent resided at the time such offense occurred, or the other parent of the child; or (ii) felony assault resulting in serious bodily injury or felony bodily wounding resulting in serious bodily injury or felony sexual assault, if the victim of the offense was a child of the parent or a child with whom the parent resided at the time of

such offense, the local board shall file a petition to terminate the parental rights of the child's parents and concurrently identify, recruit, process, and approve a qualified family for adoption of the child, unless:

1. At the option of the local board, the child is being cared for by a relative;

2. The local board has determined that the filing of such a petition would not be in the best interests of the child and has documented a compelling reason for such determination in the child's foster care plan, *such as (i) a relative has shown the will and ability to care for the child or (ii) the parent's incarceration or participation in a court-ordered residential substance abuse treatment program constitutes the primary factor in the child's placement in foster care, and termination of parental rights is not in the child's best interests*; or

3. The local board has not provided to the family of the child, within the time period established in the child's foster care plan, services deemed necessary for the child's safe return home or has not otherwise made reasonable efforts to return the child home, if required under § 473(a)(15)(B)(ii) of Title IV-E of the Social Security Act (42 U.S.C. § 673).

B. As used in this section, "serious bodily injury" means bodily injury that involves substantial risk of death, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ, or mental faculty.

CHAPTER 536

An Act to amend and reenact § 58.1-112 of the Code of Virginia, relating to authorizing Tax Commissioner to waive accrual of interest in the event that the Governor declares a state of emergency; emergency.

[H 1999]

Approved April 7, 2021

Be it enacted by the General Assembly of Virginia:

1. That § 58.1-112 of the Code of Virginia is amended and reenacted as follows:

§ 58.1-112. Return filing frequency; waiver of penalties.

A. In the case of any return or payment for a tax administered by the Department that is required to be filed or paid more often than annually, the Tax Commissioner shall have the authority to set thresholds or other conditions in which such returns or payments for all or any class of taxpayers may be filed or paid less frequently, but at least annually.

B. The Tax Commissioner shall have the authority to waive penalties and grant extensions of time to file a return or pay a tax, or both, to any class of taxpayers when the Tax Commissioner in his discretion finds that the normal due date has caused, or would, cause, undue hardship to the class of taxpayers because of a natural disaster or other reason.

C. *The Tax Commissioner shall have the authority to waive interest for any class of taxpayers when the Tax Commissioner in his discretion finds that imposing interest has caused, or would cause, undue hardship to the class of taxpayers because of a natural disaster or other reason. The Tax Commissioner may grant a waiver of interest only to the extent that the Governor declares a state of emergency to exist in the Commonwealth pursuant to subdivision (7) of § 44-146.17 with respect to such natural disaster or other reason.*

D. Any action of the Department under this section shall be exempt from the Administrative Process Act and the Virginia Register Act, but the Department shall preserve the reason for its action among its records. The Department shall promulgate its action in a manner that is reasonably calculated to inform the affected class of the action.

2. That an emergency exists and this act is in force from its passage.

CHAPTER 537

An Act to amend the Code of Virginia by adding in Article 1 of Chapter 17 of Title 15.2 a section numbered 15.2-1723.2 and by adding a section numbered 23.1-815.1, relating to facial recognition technology; authorization of use by local law-enforcement agencies and public institutions of higher education.

[H 2031]

Approved April 7, 2021

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Article 1 of Chapter 17 of Title 15.2 a section numbered 15.2-1723.2 and by adding a section numbered 23.1-815.1 as follows:

§ 15.2-1723.2. Facial recognition technology; approval.

A. *For purposes of this section, "facial recognition technology" means an electronic system for enrolling, capturing, extracting, comparing, and matching an individual's geometric facial data to identify individuals in photos, videos, or real time. "Facial recognition technology" does not include the use of an automated or semi-automated process to redact a recording in order to protect the privacy of a subject depicted in the recording prior to release or disclosure of the recording outside of the law-enforcement agency if the process does not generate or result in the retention of any biometric data or surveillance information.*

B. *No local law-enforcement agency shall purchase or deploy facial recognition technology unless such purchase or deployment of facial recognition technology is expressly authorized by statute. For purposes of this section, a statute that*

does not refer to facial recognition technology shall not be construed to provide express authorization. Such statute shall require that any facial recognition technology purchased or deployed by the local law-enforcement agency be maintained under the exclusive control of such local law-enforcement agency and that any data contained by such facial recognition technology be kept confidential, not be disseminated or resold, and be accessible only by a search warrant issued pursuant to Chapter 5 (§ 19.2-52 et seq.) of Title 19.2 or an administrative or inspection warrant issued pursuant to law.

C. Nothing in this section shall apply to commercial air service airports.

§ 23.1-815.1. Facial recognition technology; approval.

A. For purposes of this subsection, "facial recognition technology" means an electronic system for enrolling, capturing, extracting, comparing, and matching an individual's geometric facial data to identify individuals in photos, videos, or real time. "Facial recognition technology" does not include the use of an automated or semi-automated process to redact a recording in order to protect the privacy of a subject depicted in the recording prior to release or disclosure of the recording outside of the law-enforcement agency if the process does not generate or result in the retention of any biometric data or surveillance information.

B. No campus police department shall purchase or deploy facial recognition technology unless such purchase or deployment of facial recognition technology is expressly authorized by statute. For purposes of this section, a statute that does not refer to facial recognition technology shall not be construed to provide express authorization. Such statute shall require that any facial recognition technology purchased or deployed by the campus police department be maintained under the exclusive control of such campus police department and that any data contained by such facial recognition technology be kept confidential, not be disseminated or resold, and be accessible only by a search warrant issued pursuant to Chapter 5 (§ 19.2-52 et seq.) of Title 19.2 or an administrative or inspection warrant issued pursuant to law.

2. That local law-enforcement agencies and campus police departments at public institutions of higher education using facial recognition technology prior to July 1, 2021, are prohibited from using such technology on or after July 1, 2021, unless and until such use is authorized by an act of the General Assembly pursuant to the provisions of this act.

CHAPTER 538

An Act to amend and reenact §§ 19.2-303, 19.2-303.1, and 19.2-306 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 19.2-306.1, relating to probation, revocation, and suspension of sentence; limitations.

[H 2038]

Approved April 7, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 19.2-303, 19.2-303.1, and 19.2-306 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding a section numbered 19.2-306.1 as follows:

§ 19.2-303. Suspension or modification of sentence; probation; taking of fingerprints and blood, saliva, or tissue sample as condition of probation.

After conviction, whether with or without jury, the court may suspend imposition of sentence or suspend the sentence in whole or part and in addition may place the defendant on probation under such conditions as the court shall determine, including monitoring by a GPS (Global Positioning System) tracking device, or other similar device, or may, as a condition of a suspended sentence, require the defendant to make at least partial restitution to the aggrieved party or parties for damages or loss caused by the offense for which convicted, or to perform community service, or both, under terms and conditions which shall be entered in writing by the court. *The court may fix the period of probation for up to the statutory maximum period for which the defendant might originally have been sentenced to be imprisoned. Any period of supervised probation shall not exceed five years from the release of the defendant from any active period of incarceration. The limitation on the period of probation shall not apply to the extent that an additional period of probation is necessary (i) for the defendant to participate in a court-ordered program or (ii) if a defendant owes restitution and is still subject to restitution compliance review hearings in accordance with § 19.2-305.1.* The defendant may be ordered by the court to pay the cost of the GPS tracking device or other similar device. If, however, the court suspends or modifies any sentence fixed by a jury pursuant to § 19.2-295, the court shall file a statement of the reasons for the suspension or modification in the same manner as the statement required pursuant to subsection B of § 19.2-298.01. The judge, after convicting the defendant of any offense for which a report to the Central Criminal Records Exchange is required in accordance with subsection A of § 19.2-390, shall determine whether a copy of the defendant's fingerprints or fingerprint identification information has been provided by a law-enforcement officer to the clerk of court for each such offense. In any case where fingerprints or fingerprint identification information has not been provided by a law-enforcement officer to the clerk of court, the judge shall require that fingerprints and a photograph be taken by a law-enforcement officer as a condition of probation or of the suspension of the imposition or execution of any sentence for such offense. Such fingerprints shall be submitted to the Central Criminal Records Exchange under the provisions of subsection D of § 19.2-390.

In those courts having electronic access to the Local Inmate Data System (LIDS) within the courtroom, prior to or upon sentencing, the clerk of court shall also determine by reviewing LIDS whether a blood, saliva, or tissue sample has been

taken for DNA analysis and submitted to the DNA data bank maintained by the Department of Forensic Science pursuant to Article 1.1 (§ 19.2-310.2 et seq.) of Chapter 18 of this title. In any case in which the clerk has determined that a DNA sample or analysis is not stored in the DNA data bank, or in any case in which electronic access to LIDS is not available in the courtroom, the court shall order that the defendant appear within 30 days before the sheriff or probation officer and allow the sheriff or probation officer to take the required sample. The order shall also require that, if the defendant has not appeared and allowed the sheriff or probation officer to take the required sample by the date stated in the order, then the sheriff or probation officer shall report to the court the defendant's failure to appear and provide the required sample.

After conviction and upon sentencing of an active participant or member of a criminal street gang, the court may, as a condition for suspending the imposition of the sentence in whole or in part or for placing the accused on probation, place reasonable restrictions on those persons with whom the accused may have contact. Such restrictions may include prohibiting the accused from having contact with anyone whom he knows to be a member of a criminal street gang, except that contact with a family or household member, as defined in § 16.1-228, shall be permitted unless expressly prohibited by the court.

~~In~~ *Notwithstanding any other provision of law, in any case where a defendant is convicted of a violation of § 18.2-48, 18.2-61, 18.2-63, 18.2-67.1, 18.2-67.2, 18.2-67.3, 18.2-370, or 18.2-370.1, committed on or after July 1, 2006, and some portion of the sentence is suspended, the judge shall order that the period of suspension shall be for a length of time at least equal to the statutory maximum period for which the defendant might originally have been sentenced to be imprisoned, and the defendant shall be placed on probation for that period of suspension subject to revocation by the court. The conditions of probation may include such conditions as the court shall determine, including active supervision. Where the conviction is for a violation of clause (iii) of subsection A of § 18.2-61, subdivision A 1 of § 18.2-67.1, or subdivision A 1 of § 18.2-67.2, the court shall order that at least three years of the probation include active supervision of the defendant under a postrelease supervision program operated by the Department of Corrections, and for at least three years of such active supervision, the defendant shall be subject to electronic monitoring by means of a GPS (Global Positioning System) tracking device, or other similar device.*

If a person is sentenced to jail upon conviction of a misdemeanor or a felony, the court may, at any time before the sentence has been completely served, suspend the unserved portion of any such sentence, place the person on probation ~~for such time as the court shall determine~~ *in accordance with the provisions of this section*, or otherwise modify the sentence imposed.

If a person has been sentenced for a felony to the Department of Corrections but has not actually been transferred to a receiving unit of the Department, the court which heard the case, if it appears compatible with the public interest and there are circumstances in mitigation of the offense, may, at any time before the person is transferred to the Department, suspend or otherwise modify the unserved portion of such a sentence. The court may place the person on probation ~~for such time as the court shall determine~~ *in accordance with the provisions of this section.*

§ 19.2-303.1. Fixing period of suspension of sentence.

~~In any case where a court suspends the imposition or execution of a sentence, it may fix the period of suspension for a reasonable time, having due regard to the gravity of the offense, without regard up to the statutory maximum period for which the defendant might originally have been sentenced to be imprisoned. The limitation on the period of suspension shall not apply to the extent that an additional period of suspension is necessary for the defendant to participate in a court-ordered program.~~

§ 19.2-306. Revocation of suspension of sentence and probation.

A. In any case in which the court has suspended the execution or imposition of sentence, the court may revoke the suspension of sentence for any cause the court deems sufficient that occurred at any time within the probation period, or within the period of suspension fixed by the court. If neither a probation period nor a period of suspension was fixed by the court, then the court may revoke the suspension for any cause the court deems sufficient that occurred within the maximum period for which the defendant might originally have been sentenced to be imprisoned.

B. The court may not conduct a hearing to revoke the suspension of sentence unless the court issues process to notify the accused or to compel his appearance before the court within *90 days of receiving notice of the alleged violation or within one year after the expiration of the period of probation or the period of suspension, whichever is sooner*; or, in the case of a failure to pay restitution, within three years after such expiration. If neither a probation period nor a period of suspension was fixed by the court, then the court shall issue process within ~~one year~~ *six months* after the expiration of the maximum period for which the defendant might originally have been sentenced to be incarcerated. Such notice and service of process may be waived by the defendant, in which case the court may proceed to determine whether the defendant has violated the conditions of suspension.

C. If the court, after hearing, finds good cause to believe that the defendant has violated the terms of suspension, then: (i) ~~if the court originally suspended the imposition of sentence, the court shall revoke the suspension, and the court may pronounce whatever sentence might have been originally imposed or~~ (ii) ~~if the court originally suspended the execution of the sentence, the court shall revoke the suspension and the original sentence shall be in full force and effect~~ *revoke the suspension and impose a sentence in accordance with the provisions of § 19.2-306.1.* The court may again suspend all or any part of this sentence *for a period up to the statutory maximum period for which the defendant might originally have been sentenced to be imprisoned, less any time already served*, and may place the defendant upon terms and conditions or probation. *The court shall measure the period of any suspension of sentence from the date of the entry of the original*

sentencing order. However, if a court finds that a defendant has absconded from the jurisdiction of the court, the court may extend the period of probation or suspended sentence for a period not to exceed the length of time that such defendant absconded.

D. If any court has, after hearing, found no cause to impose a sentence that might have been originally imposed, or to revoke a suspended sentence or probation, then any further hearing to impose a sentence or revoke a suspended sentence or probation, based solely on the alleged violation for which the hearing was held, shall be barred.

E. Nothing contained herein shall be construed to deprive any person of his right to appeal in the manner provided by law to the circuit court having criminal jurisdiction from a judgment or order revoking any suspended sentence.

§ 19.2-306.1. Limitation on sentence upon revocation of suspension of sentence; exceptions.

A. For the purposes of this section, "technical violation" means a violation based on the probationer's failure to (i) report any arrest, including traffic tickets, within three days to the probation officer; (ii) maintain regular employment or notify the probation officer of any changes in employment; (iii) report within three days of release from incarceration; (iv) permit the probation officer to visit his home and place of employment; (v) follow the instructions of the probation officer, be truthful and cooperative, and report as instructed; (vi) refrain from the use of alcoholic beverages to the extent that it disrupts or interferes with his employment or orderly conduct; (vii) refrain from the use, possession, or distribution of controlled substances or related paraphernalia; (viii) refrain from the use, ownership, possession, or transportation of a firearm; (ix) gain permission to change his residence or remain in the Commonwealth or other designated area without permission of the probation officer; or (x) maintain contact with the probation officer whereby his whereabouts are no longer known to the probation officer. Multiple technical violations arising from a single course of conduct or a single incident or considered at the same revocation hearing shall not be considered separate technical violations for the purposes of sentencing pursuant to this section.

B. If the court finds the basis of a violation of the terms and conditions of a suspended sentence or probation is that the defendant was convicted of a criminal offense that was committed after the date of the suspension, or has violated another condition other than (i) a technical violation or (ii) a good conduct violation that did not result in a criminal conviction, then the court may revoke the suspension and impose or resuspend any or all of that period previously suspended.

C. The court shall not impose a sentence of a term of active incarceration upon a first technical violation of the terms and conditions of a suspended sentence or probation, and there shall be a presumption against imposing a sentence of a term of active incarceration for any second technical violation of the terms and conditions of a suspended sentence or probation. However, if the court finds, by a preponderance of the evidence, that the defendant committed a second technical violation and he cannot be safely diverted from active incarceration through less restrictive means, the court may impose not more than 14 days of active incarceration for a second technical violation. The court may impose whatever sentence might have been originally imposed for a third or subsequent technical violation. For the purposes of this subsection, a first technical violation based on clause (viii) or (x) of subsection A shall be considered a second technical violation, and any subsequent technical violation also based on clause (viii) or (x) of subsection A shall be considered a third or subsequent technical violation.

D. The limitations on sentencing in this section shall not apply to the extent that an additional term of incarceration is necessary to allow a defendant to be evaluated for or to participate in a court-ordered drug, alcohol, or mental health treatment program. In such case, the court shall order the shortest term of incarceration possible to achieve the required evaluation or participation.

CHAPTER 539

An Act to amend and reenact §§ 60.2-619 and 60.2-633 of the Code of Virginia, relating to unemployment compensation; continuation of benefits; repayment of overpayments.

[H 2040]

Approved April 7, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 60.2-619 and 60.2-633 of the Code of Virginia are amended and reenacted as follows:

§ 60.2-619. Determinations and decisions by deputy; appeals therefrom.

A. 1. A representative designated by the Commission as a deputy, shall promptly examine the claim. On the basis of the facts found by him, the deputy shall either:

a. Determine whether or not such claim is valid, and if valid, the week with respect to which benefits shall commence, the weekly benefit amount payable and the maximum duration thereof; or

b. Refer such claim or any question involved therein to any appeal tribunal or to the Commission, which tribunal or Commission shall make its determination in accordance with the procedure described in § 60.2-620.

2. When the payment or denial of benefits will be determined by the provisions of subdivision 2 of § 60.2-612, the deputy shall promptly transmit his full finding of fact with respect to that subdivision to any appeal tribunal, which shall make its determination in accordance with the procedure described in § 60.2-620.

B. Upon the filing of an initial claim for benefits, the Commission shall cause an informatory notice of such filing to be mailed to the most recent 30-day or 240-hour employing unit of the claimant and all subsequent employing units, and any

reimbursable employing units ~~which~~ *that* may be liable for reimbursement to the Commission for any benefits paid. However, the failure to furnish such notice shall not have any effect upon the claim for benefits. *If a claimant has had a determination of initial eligibility for benefits under this chapter, as evidenced by the issuance of compensation or waiting-week credit, payments shall continue, subject to a presumption of continued eligibility and in accordance with the terms of this subsection, until a determination is made that provides the claimant notice and an opportunity to be heard. When a question concerning continued eligibility for benefits arises, a determination shall be made as to whether it affects future weeks of benefits or only past weeks. With respect to future weeks, presumptive payment shall not be made until but no later than the end of the week following the week in which such issue arises, regardless of the type of issue. With respect to past weeks, presumptive payment shall be issued immediately, regardless of the type of issue. Notice shall be given to individuals who receive payments under such presumption that pending eligibility may affect their entitlement to the payment and may result in an overpayment that requires repayment.*

C. Notice of determination upon a claim shall be promptly given to the claimant by delivering or by mailing such notice to the claimant's last known address. In addition, notice of any determination ~~which~~ *that* involves the application of the provisions of § 60.2-618, together with the reasons therefor, shall be promptly given in the same manner to the most recent 30-day or 240-hour employing unit by whom the claimant was last employed and any subsequent employing unit which is a party. The Commission may dispense with the giving of notice of any determination to any employing unit, and such employing unit shall not be entitled to such notice if it has failed to respond timely or adequately to a written request of the Commission for information, as required by § 60.2-528.1, from which the deputy may have determined that the claimant may be ineligible or disqualified under any provision of this title. The deputy shall promptly notify the claimant of any decision made by him at any time which in any manner denies benefits to the claimant for one or more weeks.

D. Such determination or decision shall be final unless the claimant or any such employing unit files an appeal from such determination or decision (i) within 30 calendar days after the delivery of such notification, (ii) within 30 calendar days after such notification was mailed to his last known address, or (iii) within 30 days after such notification was mailed to the last known address of an interstate claimant. For good cause shown, the 30-day period may be extended.

E. Benefits shall be paid promptly in accordance with a determination or redetermination under this chapter, or decision of an appeal tribunal, the Commission, the Board of Review or a reviewing court under §§ 60.2-625 and 60.2-631 upon the issuance of such determination, redetermination or decision, regardless of the pendency of the period to file an appeal or petition for judicial review that is provided in this chapter, or the pendency of any such appeal or review. Such benefits shall be paid unless or until such determination, redetermination or decision has been modified or reversed by a subsequent redetermination or decision, in which event benefits shall be paid or denied for weeks of unemployment thereafter in accordance with such modifying or reversing redetermination or decision. If a decision of an appeal tribunal allowing benefits is affirmed in any amount by the Commission, benefits shall continue to be paid until such time as a court decision has become final so that no further appeal can be taken. If an appeal is taken from the Commission's decision, benefits paid shall result in a benefit charge to the account of the employer under § 60.2-530 only when, and as of the date on which, as the result of an appeal, the courts finally determine that the Commission should have awarded benefits to the claimant or claimants involved in such appeal.

§ 60.2-633. Receiving benefits to which not entitled.

A. Any person who has received any sum as benefits under this title to which he was not entitled shall be liable to repay such sum to the Commission. For purposes of this section, "benefits under this title" includes benefits under an unemployment benefit program of the United States or of any other state. In the event the claimant does not refund the overpayment, the Commission shall deduct from any future benefits such sum payable to him under this title. *The Commission shall waive the requirement to repay the overpayment after an individual case review if (i) the overpayment was made without fault on the part of the individual and (ii) requiring repayment would be contrary to equity and good conscience.*

For the purposes of this section:

1. *An overpayment made "without fault on the part of the individual" shall include overpayments that (i) result from administrative error; (ii) are the result of inducement, solicitation, or coercion on the part of the employer; or (iii) result from the employer's failure to respond timely or adequately to the Commission's request for information, as required by § 60.2-528.1. An overpayment shall not be considered "without fault on the part of the individual" if such overpayment was the result of (a) a reversal in the appeals process, unless the employer failed to respond timely or adequately to the Commission's request for information regarding the individual's separation from employment; (b) a programming, technological, or automated system error not directly associated with an individual claim that results in erroneous payments to a group of individuals; or (c) fraud.*

2. *It shall be contrary to equity and good conscience if requiring repayment of an overpayment would deprive the individual of the income required to provide for basic necessities, including shelter, food, medicine, child care, or any other essential living expenses.*

~~However, if an overpayment of benefits under this chapter, but not under an unemployment benefit program of the United States or of any other state, occurred due to administrative error, B. For any overpayment where repayment is not forgiven, the Commission shall have the authority to negotiate the terms of repayment, which shall include (i) deducting up to 50 percent of the payable amount for any future week of benefits claimed, rounded down to the next lowest dollar until~~

the overpayment is satisfied; (ii) forgoing collection of the payable amount until the recipient has found employment as defined in § 60.2-212; or (iii) determining and instituting an individualized repayment plan.

The Commission shall collect an overpayment of benefits under this chapter caused by administrative error only by offset against future benefits or a negotiated repayment plan; however, the Commission may institute any other method of collection if the individual fails to enter into or comply with the terms of the repayment plan. Administrative error shall not include decisions reversed in the appeals process. ~~In addition, the overpayment~~

Overpayments where the obligation to repay has not been waived may be collectible by civil action in the name of the Commission. Amounts collected in this manner may be subject to an interest charge as prescribed in § 58.1-15 from the date of judgment and may be subject to fees and costs. Collection activities for any benefit overpayment established of ~~five dollars~~ \$5 or less may be suspended. The Commission may, for good cause, determine as uncollectible and discharge from its records any benefit overpayment which remains unpaid after the expiration of seven years from the date such overpayment was determined, or immediately upon the death of such person or upon his discharge in bankruptcy occurring subsequently to the determination of overpayment. Any existing overpayment balance not equal to an even dollar amount shall be rounded to the next lowest even dollar amount.

~~B. C.~~ The Commission is authorized to accept repayment of benefit overpayments by use of a credit card. The Virginia Employment Commission shall add to such payment a service charge for the acceptance of such card. Such service charge shall not exceed the percentage charged to the Virginia Employment Commission for use of such card.

D. No determination with respect to benefit overpayments shall be issued until after a determination or decision that finds a claimant ineligible or disqualified for benefits previously paid has become final.

~~C. E.~~ Final orders of the Commission with respect to benefit overpayments may be recorded, enforced, and satisfied as orders or decrees of a circuit court upon certification of such orders by the Commissioner as may be appropriate.

2. That the Virginia Employment Commission (the Commission) shall notify each person with an unpaid overpayment of benefits established for claim weeks paid commencing March 15, 2020, under Chapter 6 (§ 60.2-600 et seq.) of Title 60.2 of the Code of Virginia, or under an unemployment benefit program of the United States or any other state, that such individual may be entitled to a waiver of obligation to repay such overpayment and shall provide 30 days from the date of such notification for the individual to request a waiver of repayment. For good cause shown, the Commission may extend the 30-day period for requesting a waiver. The Commission shall conduct an individualized review and adjudicate any request received in accordance with the provisions of § 60.2-619 of the Code of Virginia, as amended by this act, and any individual who is denied a waiver shall have the right to appeal as provided in subsection D of § 60.2-619 of the Code of Virginia, as amended by this act. In ruling on any waiver request, the Commission shall apply the provisions of Title 60.2 or, if applicable, the overpayment waiver provisions of any unemployment compensation program of the United States.

3. That the provisions of this act that allow the waiver of any obligation to repay overpayments established for the week commencing March 15, 2020, through the week commencing June 27, 2021, shall apply only to overpayment balances that remain outstanding. Amounts already paid or collected against such overpayments shall not be reimbursed to the claimant, except for benefits paid under the Pandemic Unemployment Assistance program.

4. That notwithstanding any provision to the contrary, the Virginia Employment Commission may suspend or forgo referring any overpayment established since March 15, 2020, to the collections process established under § 2.2-4806 of the Code of Virginia. However, the authority to suspend or forgo such referrals shall expire on July 1, 2022.

5. That all costs to the Unemployment Compensation Fund (the Fund) resulting from the provisions of this act for overpayments of benefits under Chapter 6 (§ 60.2-600 et seq.) of Title 60.2 of the Code of Virginia shall be reimbursed to the Fund from the general fund in the general appropriation act. For an overpayment waived pursuant to this act, no employer shall be responsible for (i) reimbursing benefits or (ii) benefits charges, except as provided in § 60.2-528.1 of the Code of Virginia.

6. That the provisions of this act shall expire on July 1, 2022.

D. For a person who is charged with an offense giving rise to a rebuttable presumption against bail, any judicial officer may set or admit such person to bail in accordance with this section.

E. The judicial officer shall consider the following factors and such others as it deems appropriate in determining, for the purpose of rebuttal of the presumption against bail described in subsection B, whether there are conditions of release that will reasonably assure the appearance of the person as required and the safety of the public:

The bondsman shall pay a \$15 fee payable to the state treasury to be credited to the Literary Fund, upon requesting the defendant's Virginia criminal history record issued pursuant to § 19.2-389. The bondsman shall review the record on the premises and promptly return the record to the magistrate after reviewing it.

3. Juvenile and domestic relations case.

a. § 19.2-271.6. Evidence of defendant's mental condition admissible; notice to Commonwealth.

A. For the purposes of this section:

"Developmental disability" means the same as that term is defined in § 37.2-100.

"Intellectual disability" means the same as that term is defined in § 37.2-100.

"Mental illness" means a disorder of thought, mood, perception, or orientation that significantly impairs judgment or capacity to recognize reality.

B. For purposes of this section, to establish the underlying mental condition the defendant must show that his condition existed at the time of the offense and that the condition satisfies the diagnostic criteria for (i) a mental illness, (ii) a developmental disability or intellectual disability, or (iii) autism spectrum disorder as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association.

In the event that such notice is not given, and the person proffers such evidence at his trial as a defense, then the court may in its discretion either allow the Commonwealth a continuance or, under appropriate circumstances, bar the defendant from presenting such evidence. The period of any such continuance shall not be counted for speedy trial purposes under § 19.2-243.

If a defendant intends to introduce expert testimony pursuant to this section, the defendant shall provide the Commonwealth with (a) any written report of the expert witness setting forth the witness's opinions and the bases and reasons for those opinions, or, if there is no such report, a written summary of the expected expert testimony setting forth the witness's opinions and bases and reasons for those opinions, and (b) the witness's qualifications and contact information.

C. The defendant, when introducing evidence pursuant to this section, shall permit the Commonwealth to inspect, copy, or photograph any written reports of any physical or mental examination of the accused made in connection with the case, provided that no statement made by the accused in the course of such an examination disclosed pursuant to this subsection shall be used by the Commonwealth in its case in chief, whether the examination was conducted with or without the consent of the accused.

D. Nothing in this section shall prevent the Commonwealth from introducing relevant, admissible evidence, including expert testimony, in rebuttal to evidence introduced by the defendant pursuant to this section.

E. Nothing in this section shall be construed as limiting the authority of the court from entering an emergency custody order pursuant to subsection A of § 37.2-808.

F. Nothing in this section shall be construed to affect the requirements for a defense of insanity pursuant to Chapter 11 (§ 19.2-167 et seq.).

G. Nothing in this section shall be construed as permitting the introduction of evidence of voluntary intoxication.

§ 19.2-299. Investigations and reports by probation officers in certain cases.

Unless the defendant or the attorney for the Commonwealth objects, the court may order that the report contain no more than the defendant's criminal history, any history of substance abuse, any physical or health-related problems as may be pertinent, including any diagnoses of an intellectual or developmental disability as defined in § 37.2-100, and any applicable sentencing guideline worksheets. This expedited report shall be subject to all the same procedures as all other sentencing reports and sentencing guidelines worksheets. The probation officer, after having furnished a copy of this report at least five days prior to sentencing to counsel for the accused and the attorney for the Commonwealth for their permanent use, shall submit his report in advance of the sentencing hearing to the judge in chambers, who shall keep such report confidential. Counsel for the accused may provide the accused with a copy of the presentence report. The probation officer shall be available to testify from this report in open court in the presence of the accused, who shall have been provided with a copy of the presentence report by his counsel or advised of its contents and be given the right to cross-examine the investigating officer as to any matter contained therein and to present any additional facts bearing upon the matter. The report of the

investigating officer shall at all times be kept confidential by each recipient, and shall be filed as a part of the record in the case. Any report so filed shall be made available only by court order and shall be sealed upon final order by the court, except that such reports or copies thereof shall be available at any time to any criminal justice agency, as defined in § 9.1-101, of this or any other state or of the United States; to any agency where the accused is referred for treatment by the court or by probation and parole services; and to counsel for any person who has been indicted jointly for the same felony as the person subject to the report. Subject to the limitations set forth in § 37.2-901, any report prepared pursuant to the provisions hereof shall without court order be made available to counsel for the person who is the subject of the report if that person (a) is charged with a felony subsequent to the time of the preparation of the report or (b) has been convicted of the crime or crimes for which the report was prepared and is pursuing a post-conviction remedy. Such report shall be made available for review without a court order to incarcerated persons who are eligible for release by the Virginia Parole Board, or such person's counsel, pursuant to regulations promulgated by the Virginia Parole Board for that purpose. The presentence report shall be in a form prescribed by the Department of Corrections. In all cases where such report is not ordered, a simplified report shall be prepared on a form prescribed by the Department of Corrections. For the purposes of this subsection, information regarding the accused's participation or membership in a criminal street gang may include the characteristics, specific rivalries, common practices, social customs and behavior, terminology, and types of crimes that are likely to be committed by that criminal street gang.

B. As a part of any presentence investigation conducted pursuant to subsection A when the offense for which the defendant was convicted was a felony, the court probation officer shall advise any victim of such offense in writing that he may submit to the Virginia Parole Board a written request (i) to be given the opportunity to submit to the Board a written statement in advance of any parole hearing describing the impact of the offense upon him and his opinion regarding the defendant's release and (ii) to receive copies of such other notifications pertaining to the defendant as the Board may provide pursuant to subsection B of § 53.1-155.

C. As part of any presentence investigation conducted pursuant to subsection A when the offense for which the defendant was convicted was a felony drug offense set forth in Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2, the presentence report shall include any known association of the defendant with illicit drug operations or markets.

D. As a part of any presentence investigation conducted pursuant to subsection A, when the offense for which the defendant was convicted was a felony, not a capital offense, committed on or after January 1, 2000, the defendant shall be required to undergo a substance abuse screening pursuant to § 18.2-251.01.

§ 37.2-808. Emergency custody; issuance and execution of order.

A. Any magistrate shall issue, upon the sworn petition of any responsible person, treating physician, or upon his own motion, *or a court may issue pursuant to § 19.2-271.6*, an emergency custody order when he has probable cause to believe that any person (i) has a mental illness and that there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, (ii) is in need of hospitalization or treatment, and (iii) is unwilling to volunteer or incapable of volunteering for hospitalization or treatment. Any emergency custody order entered pursuant to this section shall provide for the disclosure of medical records pursuant to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

When considering whether there is probable cause to issue an emergency custody order, the magistrate may, in addition to the petition, *or the court may pursuant to § 19.2-271.6*, consider (1) the recommendations of any treating or examining physician or psychologist licensed in Virginia, if available, (2) any past actions of the person, (3) any past mental health treatment of the person, (4) any relevant hearsay evidence, (5) any medical records available, (6) any affidavits submitted, if the witness is unavailable and it so states in the affidavit, and (7) any other information available that the magistrate *or the court* considers relevant to the determination of whether probable cause exists to issue an emergency custody order.

B. Any person for whom an emergency custody order is issued shall be taken into custody and transported to a convenient location to be evaluated to determine whether the person meets the criteria for temporary detention pursuant to § 37.2-809 and to assess the need for hospitalization or treatment. The evaluation shall be made by a person designated by the community services board who is skilled in the diagnosis and treatment of mental illness and who has completed a certification program approved by the Department.

C. The magistrate *or court* issuing an emergency custody order shall specify the primary law-enforcement agency and jurisdiction to execute the emergency custody order and provide transportation. However, the magistrate *or court* shall consider any request to authorize transportation by an alternative transportation provider in accordance with this section, whenever an alternative transportation provider is identified to the magistrate *or court*, which may be a person, facility, or agency, including a family member or friend of the person who is the subject of the order, a representative of the community services board, or other transportation provider with personnel trained to provide transportation in a safe manner, upon determining, following consideration of information provided by the petitioner; the community services board or its designee; the local law-enforcement agency, if any; the person's treating physician, if any; or other persons who are available and have knowledge of the person, and, when the magistrate *or court* deems appropriate, the proposed alternative transportation provider, either in person or via two-way electronic video and audio or telephone communication system, that the proposed alternative transportation provider is available to provide transportation, willing to provide transportation, and able to provide transportation in a safe manner. When transportation is ordered to be provided by an alternative

transportation provider, the magistrate *or court* shall order the specified primary law-enforcement agency to execute the order, to take the person into custody, and to transfer custody of the person to the alternative transportation provider identified in the order. In such cases, a copy of the emergency custody order shall accompany the person being transported pursuant to this section at all times and shall be delivered by the alternative transportation provider to the community services board or its designee responsible for conducting the evaluation. The community services board or its designee conducting the evaluation shall return a copy of the emergency custody order to the court designated by the magistrate *or the court that issued the emergency custody order* as soon as is practicable. Delivery of an order to a law-enforcement officer or alternative transportation provider and return of an order to the court may be accomplished electronically or by facsimile.

Transportation under this section shall include transportation to a medical facility as may be necessary to obtain emergency medical evaluation or treatment that shall be conducted immediately in accordance with state and federal law. Transportation under this section shall include transportation to a medical facility for a medical evaluation if a physician at the hospital in which the person subject to the emergency custody order may be detained requires a medical evaluation prior to admission.

D. In specifying the primary law-enforcement agency and jurisdiction for purposes of this section, the magistrate *or court* shall order the primary law-enforcement agency from the jurisdiction served by the community services board that designated the person to perform the evaluation required in subsection B to execute the order and, in cases in which transportation is ordered to be provided by the primary law-enforcement agency, provide transportation. If the community services board serves more than one jurisdiction, the magistrate *or court* shall designate the primary law-enforcement agency from the particular jurisdiction within the community services board's service area where the person who is the subject of the emergency custody order was taken into custody or, if the person has not yet been taken into custody, the primary law-enforcement agency from the jurisdiction where the person is presently located to execute the order and provide transportation.

E. The law-enforcement agency or alternative transportation provider providing transportation pursuant to this section may transfer custody of the person to the facility or location to which the person is transported for the evaluation required in subsection B, G, or H if the facility or location (i) is licensed to provide the level of security necessary to protect both the person and others from harm, (ii) is actually capable of providing the level of security necessary to protect the person and others from harm, and (iii) in cases in which transportation is provided by a law-enforcement agency, has entered into an agreement or memorandum of understanding with the law-enforcement agency setting forth the terms and conditions under which it will accept a transfer of custody, provided, however, that the facility or location may not require the law-enforcement agency to pay any fees or costs for the transfer of custody.

F. A law-enforcement officer may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of executing an emergency custody order pursuant to this section.

G. A law-enforcement officer who, based upon his observation or the reliable reports of others, has probable cause to believe that a person meets the criteria for emergency custody as stated in this section may take that person into custody and transport that person to an appropriate location to assess the need for hospitalization or treatment without prior authorization. A law-enforcement officer who takes a person into custody pursuant to this subsection or subsection H may lawfully go or be sent beyond the territorial limits of the county, city, or town in which he serves to any point in the Commonwealth for the purpose of obtaining the assessment. Such evaluation shall be conducted immediately. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the person into custody.

H. A law-enforcement officer who is transporting a person who has voluntarily consented to be transported to a facility for the purpose of assessment or evaluation and who is beyond the territorial limits of the county, city, or town in which he serves may take such person into custody and transport him to an appropriate location to assess the need for hospitalization or treatment without prior authorization when the law-enforcement officer determines (i) that the person has revoked consent to be transported to a facility for the purpose of assessment or evaluation, and (ii) based upon his observations, that probable cause exists to believe that the person meets the criteria for emergency custody as stated in this section. The period of custody shall not exceed eight hours from the time the law-enforcement officer takes the person into custody.

I. Nothing herein shall preclude a law-enforcement officer or alternative transportation provider from obtaining emergency medical treatment or further medical evaluation at any time for a person in his custody as provided in this section.

J. A representative of the primary law-enforcement agency specified to execute an emergency custody order or a representative of the law-enforcement agency employing a law-enforcement officer who takes a person into custody pursuant to subsection G or H shall notify the community services board responsible for conducting the evaluation required in subsection B, G, or H as soon as practicable after execution of the emergency custody order or after the person has been taken into custody pursuant to subsection G or H.

K. The person shall remain in custody until (i) a temporary detention order is issued in accordance with § 37.2-809, (ii) an order for temporary detention for observation, testing, or treatment is entered in accordance with § 37.2-1104, ending law enforcement custody, (iii) the person is released, or (iv) the emergency custody order expires. An emergency custody order shall be valid for a period not to exceed eight hours from the time of execution.

L. Nothing in this section shall preclude the issuance of an order for temporary detention for testing, observation, or treatment pursuant to § 37.2-1104 for a person who is also the subject of an emergency custody order issued pursuant to this section. In any case in which an order for temporary detention for testing, observation, or treatment is issued for a person who is also the subject of an emergency custody order, the person may be detained by a hospital emergency room or other appropriate facility for testing, observation, and treatment for a period not to exceed 24 hours, unless extended by the court as part of an order pursuant to § 37.2-1101, in accordance with subsection C of § 37.2-1104. Upon completion of testing, observation, or treatment pursuant to § 37.2-1104, the hospital emergency room or other appropriate facility in which the person is detained shall notify the nearest community services board, and the designee of the community services board shall, as soon as is practicable and prior to the expiration of the order for temporary detention issued pursuant to § 37.2-1104, conduct an evaluation of the person to determine if he meets the criteria for temporary detention pursuant to § 37.2-809.

M. Any person taken into emergency custody pursuant to this section shall be given a written summary of the emergency custody procedures and the statutory protections associated with those procedures.

N. If an emergency custody order is not executed within eight hours of its issuance, the order shall be void and shall be returned unexecuted to the office of the clerk of the issuing court or, if such office is not open, to any magistrate serving the jurisdiction of the issuing court.

O. In addition to the eight-hour period of emergency custody set forth in subsection G, H, or K, if the individual is detained in a state facility pursuant to subsection E of § 37.2-809, the state facility and an employee or designee of the community services board as defined in § 37.2-809 may, for an additional four hours, continue to attempt to identify an alternative facility that is able and willing to provide temporary detention and appropriate care to the individual.

P. Payments shall be made pursuant to § 37.2-804 to licensed health care providers for medical screening and assessment services provided to persons with mental illnesses while in emergency custody.

Q. No person who provides alternative transportation pursuant to this section shall be liable to the person being transported for any civil damages for ordinary negligence in acts or omissions that result from providing such alternative transportation.

2. That the Office of the Executive Secretary of the Supreme Court of Virginia shall collect the following data and report such data annually to the Chairmen of the Senate Committee on the Judiciary and the House Committee for Courts of Justice by December 1, 2021, and December 1, 2022: (i) the number of cases in which a defendant introduces evidence concerning his mental condition pursuant to § 19.2-271.6 of the Code of Virginia, as created by this act; (ii) the number of cases in which such evidence is introduced and a jury or court finds that a defendant did not have the intent required for the offense charged due to a mental illness as defined in § 19.2-271.6 of the Code of Virginia, as created by this act, an intellectual or developmental disability, or autism spectrum disorder; (iii) the number of cases in which the court issues an emergency custody order pursuant to § 37.2-808 of the Code of Virginia, as amended by this act, after a jury or the court finds that a defendant did not have the intent required for the offense charged due to a mental illness as defined in § 19.2-271.6 of the Code of Virginia, as created by this act, an intellectual or developmental disability, or autism spectrum disorder; and (iv) if an emergency custody order is issued in such case, the number of defendants for whom no subsequent temporary detention order is issued and who are released, the number of defendants for whom a subsequent temporary detention order is issued, and the number of defendants who are subsequently involuntarily admitted.

3. That the Joint Subcommittee to Study Mental Health Services in the Commonwealth in the Twenty-First Century (the Joint Subcommittee) shall study, consider, and provide recommendations regarding the relevant standard of danger to self or others that may be appropriately applied to persons found not guilty under this act in the issuance of emergency custody orders, involuntary temporary detention orders, or the ordering of other mandatory mental health treatments in accordance with Article 4 (§ 37.2-808 et seq.) or Article 5 (§ 37.2-814 et seq.) of Chapter 8 of Title 37.2 of the Code of Virginia. The Joint Subcommittee shall report its findings, conclusions, and recommendations to the Chairmen of the Senate Committee on the Judiciary and the House Committee for Courts of Justice by December 1, 2021.

CHAPTER 541

An Act to amend and reenact §§ 20-108.1 and 63.2-1918 of the Code of Virginia, relating to child support obligations; party's incarceration not deemed voluntary unemployment or underemployment.

[H 2055]

Approved April 7, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 20-108.1 and 63.2-1918 of the Code of Virginia are amended and reenacted as follows:

§ 20-108.1. Determination of child or spousal support.

A. In any proceeding on the issue of determining spousal support, the court shall consider all evidence presented relevant to any issues joined in that proceeding. The court's decision shall be rendered based upon the evidence relevant to each individual case.

B. In any proceeding on the issue of determining child support under this title, Title 16.1, or Title 63.2, the court shall consider all evidence presented relevant to any issues joined in that proceeding. The court's decision in any such proceeding shall be rendered upon the evidence relevant to each individual case. However, there shall be a rebuttable presumption in any judicial or administrative proceeding for child support, including cases involving split custody or shared custody, that the amount of the award that would result from the application of the guidelines set out in § 20-108.2 is the correct amount of child support to be awarded. Liability for support shall be determined retroactively for the period measured from the date that the proceeding was commenced by the filing of an action with any court provided the complainant exercised due diligence in the service of the respondent or, if earlier, the date an order of the Department of Social Services entered pursuant to Title 63.2 and directing payment of support was delivered to the sheriff or process server for service on the obligor.

In order to rebut the presumption, the court shall make written findings in the order, which findings may be incorporated by reference, that the application of such guidelines would be unjust or inappropriate in a particular case. The finding that rebuts the guidelines shall state the amount of support that would have been required under the guidelines, shall give a justification of why the order varies from the guidelines, and shall be determined by relevant evidence pertaining to the following factors affecting the obligation, the ability of each party to provide child support, and the best interests of the child:

1. Actual monetary support for other family members or former family members;
2. Arrangements regarding custody of the children, including the cost of visitation travel;
3. Imputed income to a party who is voluntarily unemployed or voluntarily ~~under-employed~~; *underemployed*, provided that (i) income may not be imputed to a custodial parent when a child is not in school, child care services are not available, and the cost of such child care services are not included in the computation and ~~provided further, that~~; (ii) any consideration of imputed income based on a change in a party's employment shall be evaluated with consideration of the good faith and reasonableness of employment decisions made by the party, including to attend and complete an educational or vocational program likely to maintain or increase the party's earning potential; and (iii) *a party's current incarceration alone, as defined in § 8.01-195.10, for 180 or more consecutive days, other than for a crime against the child that is the subject of the child support order or the custodial parent of that child, shall not be deemed voluntary unemployment or voluntary underemployment. In addition, notwithstanding subsection F, a party's incarceration for 180 or more consecutive days, other than for failure to pay child support as ordered or for a crime against the child that is the subject of the child support order or the custodial parent of that child, shall be a material change in circumstances upon which a modification of child support may be based;*
4. Any child care costs incurred on behalf of the child or children due to the attendance of a custodial parent in an educational or vocational program likely to maintain or increase the party's earning potential;
5. Debts of either party arising during the marriage for the benefit of the child;
6. Direct payments ordered by the court for maintaining life insurance coverage pursuant to subsection D, education expenses, or other court-ordered direct payments for the benefit of the child;
7. Extraordinary capital gains such as capital gains resulting from the sale of the marital abode;
8. Any special needs of a child resulting from any physical, emotional, or medical condition;
9. Independent financial resources of the child or children;
10. Standard of living for the child or children established during the marriage;
11. Earning capacity, obligations, financial resources, and special needs of each parent;
12. Provisions made with regard to the marital property under § 20-107.3, where said property earns income or has an income-earning potential;
13. Tax consequences to the parties including claims for exemptions, child tax credit, and child care credit for dependent children;
14. A written agreement, stipulation, consent order, or decree between the parties which includes the amount of child support; and
15. Such other factors as are necessary to consider the equities for the parents and children.

C. In any proceeding under this title, Title 16.1, or Title 63.2 on the issue of determining child support, the court shall have the authority to order either party or both parties to provide health care coverage or cash medical support, as defined in § 63.2-1900, or both, for dependent children if reasonable under all the circumstances and health care coverage for a spouse or former spouse.

D. In any proceeding under this title, Title 16.1, or Title 63.2 on the issue of determining child support, the court shall have the authority to order a party to (i) maintain any existing life insurance policy on the life of either party provided the party so ordered has the right to designate a beneficiary and (ii) designate a child or children of the parties as the beneficiary of all or a portion of such life insurance for so long as the party so ordered has a statutory obligation to pay child support for the child or children.

E. Except when the parties have otherwise agreed, in any proceeding under this title, Title 16.1, or Title 63.2 on the issue of determining child support, the court shall have the authority to and may, in its discretion, order one party to execute all appropriate tax forms or waivers to grant to the other party the right to take the income tax dependency exemption and any credits resulting from such exemption for any tax year or future years, for any child or children of the parties for federal and state income tax purposes.

F. Notwithstanding any other provision of law, any amendments to this section shall not be retroactive to a date before the effective date of the amendment, and shall not be the basis for a material change in circumstances upon which a modification of child support may be based.

G. Child support payments, whether current or arrears, received by a parent for the benefit of and owed to a child in the parent's custody, whether the payments were ordered under this title, Title 16.1, or Title 63.2, shall not be subject to garnishment. A depository wherein child support payments have been deposited on behalf of and traceable to an individual shall not be required to determine the portion of deposits that are subject to garnishment.

H. In any proceeding on the issue of determining child or spousal support or an action for separate maintenance under this title, Title 16.1, or Title 63.2, when the earning capacity, voluntary unemployment, or voluntary ~~under-employment~~ *underemployment* of a party is in controversy, the court in which the action is pending, upon the motion of any party and for good cause shown, may order a party to submit to a vocational evaluation by a vocational expert employed by the moving party, including, but not limited to, any interviews and testing as requested by the expert. The order may permit the attendance of the vocational expert at the deposition of the person to be evaluated. The order shall specify the name and address of the expert, the scope of the evaluation, and shall fix the time for filing the report with the court and furnishing copies to the parties. The court may award costs or fees for the evaluation and the services of the expert at any time during the proceedings. The provisions of this section shall not preclude the applicability of any other rule or law.

§ 63.2-1918. Administrative establishment of obligations.

The Department shall set child support at the amount resulting from computations pursuant to the guideline set out in § 20-108.2 in determining the required monthly support obligation, the amount of support obligation arrearage, if any, and the amount to be paid periodically against such arrearage. There shall be a rebuttable presumption that the amount of the award which would result from the application of the guidelines is the correct amount of child support to be awarded. In order to rebut the presumption the Department shall make written findings in its order that the application of the guidelines would be unjust or inappropriate in a particular case as determined by relevant evidence pertaining to support for other children in the household or other children for whom any administrative or court order exists, or relevant evidence pertaining to imputed income to a person who is voluntarily unemployed or who fails to provide verification of income upon request of the Department; provided that income may not be imputed to the custodial parent because (i) a child is not regularly attending school, (ii) child care services are not available, or (iii) the cost of such child care services are not added to the basic child support obligation. *In addition, a party's current incarceration alone, as defined in § 8.01-195.10, for 180 or more consecutive days, other than for a crime against the child that is the subject of the child support order or the custodial parent of that child, shall not be deemed voluntary unemployment or voluntary underemployment.* Additional factors that may lead to rebuttal of the presumption shall be determined by Department regulation.

2. That the provisions of this act shall only apply to petitions for child support commenced on or after July 1, 2021, and petitions for modifications of such orders, and that the provisions of this act shall not be construed to create a material change in circumstances for the purposes of modifying an existing child support order.

3. That the provisions of this act shall not become effective unless reenacted by the 2022 Session of the General Assembly.

CHAPTER 542

An Act to amend and reenact §§ 9.1-101, as it is currently effective and as it shall become effective, 9.1-128, 9.1-134, 17.1-293.1, 17.1-502, 19.2-72, 19.2-74, 19.2-310.7, 19.2-340, 19.2-389.3, and 19.2-390 of the Code of Virginia and to amend the Code of Virginia by adding in Article 1 of Chapter 2 of Title 17.1 a section numbered 17.1-205.1 and by adding in Title 19.2 a chapter numbered 23.2, consisting of sections numbered 19.2-392.5 through 19.2-392.17, relating to sealing of criminal records; penalties.

In the event that the records in the office of any clerk show that any conviction or adjudication has been nullified in any manner, he shall also make a report of that fact to the Exchange and, if appropriate, to the Registry. In addition, each clerk of a circuit court, upon receipt of certification thereof from the Supreme Court, shall report to the Exchange or the Registry, or to the law-enforcement agency making the arrest in the case of offenses not required to be reported to the Exchange, on forms provided by the Exchange or Registry, as the case may be, any reversal or other amendment to a prior sentence or disposition previously reported. B. The provisions of this chapter shall only apply to adults who were arrested, charged, or convicted of a criminal offense and to juveniles who were tried in circuit court pursuant to § 16.1-269.1.

§ 19.2-392.8. Automatic sealing of offenses resulting in acquittal, nolle prosequi, or dismissal.

A. If a person is charged with the commission of a misdemeanor offense, excluding traffic infractions under Title 46.2, and (i) the person is acquitted, (ii) a nolle prosequi is entered, or (iii) the charge is otherwise dismissed, excluding any charge that is deferred and dismissed after a finding of facts sufficient to justify a finding of guilt, the court disposing of the matter shall, at the time the acquittal, nolle prosequi, or dismissal is entered, order that the charge be automatically sealed under the process described in § 19.2-392.13, unless the attorney for the Commonwealth or any other person advises the court at the time the acquittal, nolle prosequi, or dismissal is entered that:

1. The charge is ancillary to another charge that resulted in a conviction or a finding of facts sufficient to justify a finding of guilt;

2. A nolle prosequi is entered or the charge is dismissed as part of a plea agreement;

3. Another charge arising out of the same facts and circumstances is pending against the person;

4. The Commonwealth intends to reinstitute the charge or any other charge arising out of the same facts and circumstances within three months;

5. Good cause exists, as established by the Commonwealth by a preponderance of the evidence, that such charge should not be automatically sealed; or

6. The person charged with the offense objects to such automatic sealing.

B. If a person is charged with the commission of a felony offense and is acquitted, or the charge against him is dismissed with prejudice, he may immediately upon the acquittal or dismissal orally request that the records relating to the charge be sealed. Upon such request and with the concurrence of the attorney for the Commonwealth, the court shall order the automatic sealing of records relating to the arrest or charge under the process described in § 19.2-392.13.

C. If the court enters an order of sealing pursuant to subsection A or B, the court shall advise the person that the offense has been ordered to be automatically sealed.

D. Any denial by the court to enter a sealing order under subsection A or B shall be without prejudice, and the person may seek expungement in the circuit court pursuant to the provisions of § 19.2-392.2. Entry of a sealing order under

subsection A or B shall not prohibit the person from seeking expungement in the circuit court pursuant to the provisions of § 19.2-392.2.

E. Any order to seal issued pursuant to this section shall be sealed and may only be disseminated for the purposes set forth in § 19.2-392.13 and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134.

F. If an offense is automatically sealed contrary to law, the automatic sealing of that particular offense shall be voidable upon motion and notice made within two years of the entry of the order to automatically seal such offense.

§ 19.2-392.9. Automatic sealing for mistaken identity or unauthorized use of identifying information.

A. If (i) a person is charged or arrested as a result of mistaken identity or (ii) a person's name or other identification is used without his consent or authorization by another person who is charged or arrested using such name or identification, and a nolle prosequi is entered or the charge is otherwise dismissed, the attorney for the Commonwealth or any other person requesting the nolle prosequi or dismissal shall notify the court of the mistaken identity or unauthorized use of identifying information at the time such request is made. Upon such notification, the court disposing of the matter shall, at the time the nolle prosequi or dismissal is entered, order that the charge be automatically sealed under the process described in § 19.2-392.13, unless the person charged or arrested as a result of the mistaken identity or unauthorized use of identifying information objects to such automatic sealing.

B. If the court enters an order of sealing pursuant to subsection A, the court shall advise the person charged that the offense has been ordered to be automatically sealed.

C. Any denial by the court to enter a sealing order under subsection A shall be without prejudice. Entry of a sealing order or the denial of entry of a sealing order under subsection A shall not prohibit the person from seeking expungement in the circuit court pursuant to the provisions of § 19.2-392.2.

D. Any order to seal issued pursuant to this section shall be sealed and may only be disseminated for the purposes set forth in § 19.2-392.13 and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134.

E. If an offense is automatically sealed contrary to law, the automatic sealing of that particular offense shall be voidable upon motion and notice made within two years of the entry of the order to automatically seal such offense.

§ 19.2-392.10. Process for automatic sealing of offenses resulting in acquittal, nolle prosequi, or dismissal.

A. On at least a monthly basis, the Executive Secretary of the Supreme Court and any circuit court clerk who maintains a case management system that interfaces with the Department of State Police under subsection B1 of § 17.1-502 shall provide an electronic list of all offenses in such case management system to the Department of State Police that were ordered to be automatically sealed pursuant to §§ 19.2-392.8 and 19.2-392.9.

B. Upon receipt of the electronic lists under subsection A, the Department of State Police shall proceed as set forth in § 19.2-392.13.

§ 19.2-392.11. Automatic sealing of misdemeanor offenses resulting in acquittal, nolle prosequi, or dismissal for persons with no convictions or deferred and dismissed offenses on their criminal history record.

A. On at least an annual basis, the Department of State Police shall review the Central Criminal Records Exchange and identify all persons with finalized misdemeanor case dispositions that resulted in (i) an acquittal, (ii) a nolle prosequi, or (iii) a dismissal, excluding any charge that was deferred and dismissed after a finding of facts sufficient to justify a finding of guilt, where the criminal history record of such person contains no convictions for any criminal offense for a violation of any law of the Commonwealth that requires a report to the Central Criminal Records Exchange under subsection A of § 19.2-390 and where such criminal history record contains no arrests or charges for a violation of any law of the Commonwealth that requires a report to the Central Criminal Records Exchange under subsection A of § 19.2-390 in the past three years, excluding traffic infractions under Title 46.2. For purposes of this subsection, any offense on the person's criminal history record that has previously been ordered to be sealed shall not be deemed a conviction.

B. Upon identification of the finalized case dispositions under subsection A, the Department of State Police shall provide an electronic list of such offenses to the Executive Secretary of the Supreme Court and to any circuit court clerk who maintains a case management system that interfaces with the Department of State Police under subsection B1 of § 17.1-502.

C. Upon receipt of the electronic list from the Department of State Police provided under subsection B, on at least an annual basis the Executive Secretary of the Supreme Court shall provide an electronic list of such offenses to the clerk of each circuit court in the jurisdiction where the case was finalized, if such circuit court clerk participates in the case management system maintained by the Executive Secretary.

D. Upon receipt of the electronic list provided under subsection B or C, on at least an annual basis the clerk of each circuit court shall prepare an order and the chief judge of that circuit court shall enter such order directing that the offenses be automatically sealed under the process described in § 19.2-392.13. Such order shall contain the names of the persons charged with such offenses.

E. The clerk of each circuit court shall provide an electronic copy of any order entered under subsection D to the Department of State Police on at least an annual basis. Upon receipt of such order, the Department of State Police shall proceed as set forth in § 19.2-392.13.

F. Any order to seal issued pursuant to this section shall be sealed and may only be disseminated for the purposes set forth in § 19.2-392.13 and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134.

G. This section shall not be construed as prohibiting a person from seeking expungement in the circuit court pursuant to the provisions of § 19.2-392.2. Entry of a sealing order pursuant to this section shall not prohibit a person from seeking expungement in the circuit court pursuant to the provisions of § 19.2-392.2.

H. If an offense is automatically sealed contrary to law, the automatic sealing of that particular offense shall be voidable upon motion and notice made within two years of the entry of the order to automatically seal such offense.

I. If an offense is automatically sealed pursuant to the procedure set forth in this section and such offense was not ordered to be automatically sealed at the time of acquittal, nolle prosequi, or dismissal for one or more of the reasons set forth in § 19.2-392.8, the automatic sealing of such offense shall be voidable upon motion and notice made within two years of the entry of the order to automatically seal such offense.

§ 19.2-392.12. Sealing of offenses resulting in a deferred and dismissed disposition or conviction by petition.

A. Except for a conviction or deferral and dismissal of a violation of § 18.2-36.1, 18.2-36.2, 18.2-51.4, 18.2-51.5, 18.2-57.2, 18.2-266, or 46.2-341.24, a person who has been convicted of or had a charge deferred and dismissed for a (i) misdemeanor offense, (ii) Class 5 or 6 felony, or (iii) violation of § 18.2-95 or any other felony offense in which the defendant is deemed guilty of larceny and punished as provided in § 18.2-95 may file a petition setting forth the relevant facts and requesting sealing of the criminal history record information and court records relating to the charge or conviction, provided that such person has (a) never been convicted of a Class 1 or 2 felony or any other felony punishable by imprisonment for life, (b) not been convicted of a Class 3 or 4 felony within the past 20 years, or (c) not been convicted of any other felony within the past 10 years of his petition.

B. A person shall not be required to pay any fees or costs for filing a petition pursuant to this section if such person files a petition to proceed without the payment of fees and costs, and the court with which such person files his petition finds such person to be indigent pursuant to § 19.2-159.

C. The petition with a copy of the warrant, summons, or indictment, if reasonably available, shall be filed in the circuit court of the county or city in which the case was disposed of and shall contain, except when not reasonably available, the date of arrest, the name of the arresting agency, and the date of conviction. When this information is not reasonably available, the petition shall state the reason for such unavailability. The petition shall further state the charge or conviction to be sealed; the date of final disposition of the charge or conviction as set forth in the petition; the petitioner's date of birth, sex, race, and social security number, if available; and the full name used by the petitioner at the time of arrest or summons. A petitioner may only have two petitions granted pursuant to this section within his lifetime.

D. The Commonwealth shall be made party to the proceeding. The petitioner shall provide a copy of the petition by delivery or by first-class mail, postage prepaid, to the attorney for the Commonwealth of the city or county in which the petition is filed. The attorney for the Commonwealth may file an objection or answer to the petition or may give written notice to the court that he does not object to the petition within 21 days after it is delivered to him or received in the mail.

E. Upon receipt of the petition, the circuit court shall order that the attorney for the Commonwealth or a law-enforcement officer, as defined in § 9.1-101, provide the court with a sealed copy of the criminal history record of the petitioner. Upon completion of the hearing, the court shall cause the criminal history record to be destroyed unless, within 30 days of the date of the entry of the final order in the matter, the petitioner or the attorney for the Commonwealth notes an appeal to the Supreme Court of Virginia.

F. After receiving the criminal history record of the petitioner, the court may conduct a hearing on the petition. The court shall enter an order requiring the sealing of the criminal history record information and court records, including electronic records, relating to the charge or conviction, only if the court finds that all criteria in subdivisions 1 through 4 are met, as follows:

1. During a period after the date of (i) dismissal of a deferred charge, (ii) conviction, or (iii) release from incarceration of the charge or conviction set forth in the petition, whichever date occurred later, the person has not been convicted of violating any law of the Commonwealth that requires a report to the Central Criminal Records Exchange under subsection A of § 19.2-390 or any other state, the District of Columbia, or the United States or any territory thereof, excluding traffic infractions under Title 46.2, for:

- a. Seven years for any misdemeanor offense; or
- b. Ten years for any felony offense;

2. If the records relating to the offense indicate that the occurrence leading to the deferral or conviction involved the use or dependence upon alcohol or any narcotic drug or any other self-administered intoxicant or drug of whatsoever nature, the petitioner has demonstrated his rehabilitation;

3. The petitioner has not previously obtained the sealing of two other deferrals or convictions arising out of different sentencing events; and

4. The continued existence and possible dissemination of information relating to the charge or conviction of the petitioner causes or may cause circumstances that constitute a manifest injustice to the petitioner.

G. If the attorney for the Commonwealth of the county or city in which the petition is filed (i) gives written notice to the court pursuant to subsection D that he does not object to the petition and (ii) stipulates in such written notice that the petitioner is eligible to have such offense sealed, and the continued existence and possible dissemination of information relating to the charge or conviction of the petitioner causes or may cause circumstances that constitute a manifest injustice to the petitioner, the court may enter an order of sealing without conducting a hearing.

H. Any party aggrieved by the decision of the court may appeal, as provided by law in civil cases.

I. Upon the entry of an order of sealing, the clerk of the court shall cause an electronic copy of such order to be forwarded to the Department of State Police. Such electronic order shall contain the petitioner's full name, date of birth, sex, race, and social security number, if available, as well as the petitioner's state identification number from the criminal history record, the court case number of the charge or conviction to be sealed, if available, and the document control number, if available. Upon receipt of such electronic order, the Department of State Police shall seal such records in accordance with § 19.2-392.13. When sealing such charge or conviction, the Department of State Police shall include a notation on the criminal history record that such offense was sealed pursuant to this section. The Department of State Police shall also electronically notify the Office of the Executive Secretary of the Supreme Court and any other agencies and individuals known to maintain or to have obtained such a record that such record has been ordered to be sealed and may only be disseminated in accordance with § 19.2-392.13 and pursuant to the rules and regulations adopted pursuant to § 9.1-128 and the procedures adopted pursuant to § 9.1-134.

J. Costs shall be as provided by § 17.1-275 but shall not be recoverable against the Commonwealth. Any costs collected pursuant to this section shall be deposited in the Sealing Fee Fund created pursuant to § 17.1-205.1.

K. Any order entered where (i) the court or parties failed to strictly comply with the procedures set forth in this section or (ii) the court enters an order for the sealing of records contrary to law shall be voidable upon motion and notice made within two years of the entry of such order.

L. If a petitioner qualifies to file a petition for sealing of records without the payment of fees and costs pursuant to subsection B and has requested court-appointed counsel, the court shall then appoint counsel to file the petition for sealing of records and represent the petitioner in the sealed records proceedings. Counsel appointed to represent such a petitioner shall be compensated for his services subject to guidelines issued by the Executive Secretary of the Supreme Court of Virginia, in a total amount not to exceed \$120, as determined by the court, and such compensation shall be paid from the Sealing Fee Fund as provided in § 17.1-205.1.

M. A petition filed under this section and any responsive pleadings filed by the attorney for the Commonwealth shall be maintained under seal by the clerk unless otherwise ordered by the court. Any order to seal issued pursuant to this section shall be sealed and may only be disseminated for the purposes set forth in § 19.2-392.13 and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134.

N. A conviction or deferral and dismissal of § 18.2-36.1, 18.2-36.2, 18.2-51.4, 18.2-51.5, 18.2-57.2, 18.2-266, or 46.2-341.24 is ineligible for the sealing of records under this section.

O. Nothing in this chapter shall prohibit the circuit court from entering an order to seal a charge or conviction under this section when such charge or conviction is eligible for sealing under some other section of this chapter.

§ 19.2-392.13. Disposition of records when an offense is sealed; permitted uses of sealed records.

A. Upon electronic notification that a court order for sealing has been entered pursuant to § 19.2-392.7, 19.2-392.8, 19.2-392.9, 19.2-392.11, or 19.2-392.12, the Department of State Police shall not disseminate any criminal history record information contained in the Central Criminal Records Exchange, including any records relating to an arrest, charge, or conviction, that was ordered to be sealed, except for purposes set forth in this section and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134. Upon receipt of such electronic notification, the Department of State Police shall electronically notify those agencies and individuals known to maintain or to have obtained such a record that such record has been ordered to be sealed and may only be disseminated for purposes set forth in this section and pursuant to rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134. Any records maintained electronically that are transformed or transferred by whatever means to an offline system or to a confidential and secure area inaccessible from normal use within the system in which the record is maintained shall be considered sealed, provided that such records are accessible only to the manager of the records or their designee.

B. Upon entry of a court order for sealing pursuant to § 19.2-392.7, 19.2-392.8, 19.2-392.9, 19.2-392.11, or 19.2-392.12, the Executive Secretary of the Supreme Court and any circuit court clerk who maintains a case management system that interfaces with the Department of State Police under subsection B1 of § 17.1-502 shall ensure that the court record of such arrest, charge, or conviction is not available for public online viewing as directed by subsections B and C of § 17.1-293.1. Additionally, upon entry of such an order for sealing, the clerk of court shall not disseminate any court record of such arrest, charge, or conviction, except as provided in subsections D and E.

C. Records relating to an arrest, charge, or conviction that was ordered to be sealed pursuant to § 19.2-392.7, 19.2-392.8, 19.2-392.9, 19.2-392.11, or 19.2-392.12 shall not be open for public inspection or otherwise disclosed, provided that such records may be disseminated and used for the following purposes: (i) to make the determination as provided in § 18.2-308.2:2 of eligibility to possess or purchase a firearm; (ii) for fingerprint comparison utilizing the fingerprints maintained in the Automated Fingerprint Information System; (iii) to the Virginia Criminal Sentencing Commission for its research purposes; (iv) to any full-time or part-time employee of the State Police or a police department or sheriff's office that is a part of or administered by the Commonwealth or any political subdivision thereof for the purpose of screening any person for full-time employment or part-time employment with, or to be a volunteer with, the State Police or a police department or sheriff's office that is a part of or administered by the Commonwealth or any political subdivision thereof; (v) to the State Health Commissioner or his designee for the purpose of screening any person who applies to be a volunteer with or an employee of an emergency medical services agency as provided in § 32.1-111.5; (vi) to any full-time or part-time employee of the Department of Forensic Science for the purpose of screening any person for full-time or part-time

employment with the Department of Forensic Science; (vii) to the chief law-enforcement officer of a locality, or his designee who shall be an individual employed as a public safety official of the locality, that has adopted an ordinance in accordance with §§ 15.2-1503.1 and 19.2-389 for the purpose of screening any person who applies to be a volunteer with or an employee of an emergency medical services agency as provided in § 32.1-111.5; (viii) to any full-time or part-time employee of the Department of Motor Vehicles, any employer as defined in § 46.2-341.4, or any medical examiner as defined in 49 C.F.R. § 390.5 for the purpose of complying with the regulations of the Federal Motor Carrier Safety Administration; (ix) to any employer or prospective employer or its designee where federal law requires the employer to inquire about prior criminal charges or convictions; (x) to any employer or prospective employer or its designee where the position that a person is applying for, or where access to the premises in or upon which any part of the duties of such position is performed or is to be performed, is subject to any requirement imposed in the interest of the national security of the United States under any security program in effect pursuant to or administered under any contract with, or statute or regulation of, the United States or any Executive Order of the President; (xi) to any person authorized to engage in the collection of court costs, fines, or restitution under subsection C of § 19.2-349 for purposes of collecting such court costs, fines, or restitution; (xii) to administer and utilize the DNA Analysis and Data Bank set forth in Article 1.1 (§ 19.2-310.2 et seq.) of Chapter 18; (xiii) to publish decisions of the Supreme Court, Court of Appeals, or any circuit court; (xiv) to any full-time or part-time employee of a court, the Office of the Executive Secretary, the Division of Legislative Services, or the Chairs of the House Committee for Courts of Justice and the Senate Committee on the Judiciary for the purpose of screening any person for full-time or part-time employment as a clerk, magistrate, or judge with a court or the Office of the Executive Secretary; (xv) to any employer or prospective employer or its designee where this Code or a local ordinance requires the employer to inquire about prior criminal charges or convictions; (xvi) to any employer or prospective employer or its designee that is allowed access to such sealed records in accordance with the rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134; (xvii) to any business screening service for purposes of complying with § 19.2-392.16; (xviii) to any attorney for the Commonwealth and any person accused of a violation of law, or counsel for the accused, in order to comply with any constitutional and statutory duties to provide exculpatory, mitigating, and impeachment evidence to an accused; (xix) to any party in a criminal or civil proceeding for use as authorized by law in such proceeding; (xx) to any party for use in a protective order hearing as authorized by law; (xxi) to the Department of Social Services or any local department of social services for purposes of performing any statutory duties as required under Title 63.2; (xxii) to any party in a proceeding relating to the care and custody of a child for use as authorized by law in such proceeding; (xxiii) to the attorney for the Commonwealth and the court for purposes of determining eligibility for sealing pursuant to the provisions of § 19.2-392.12; (xxiv) to determine a person's eligibility to be empaneled as a juror; and (xxv) to the person arrested, charged, or convicted of the offense that was sealed.

D. Upon request from any person to access a paper or a digital image of a court record, the clerk of court shall determine whether such record is open to public access and inspection. If the clerk of court determines that the court record has been sealed, such record shall not be provided to the requestor without an order from the court that entered the order to seal the court record. Any order from a court that allows access to a paper or a digital image of a court record that has been sealed shall only be issued for one or more of the purposes set forth in subsection C. Such order to access a paper or a digital image of a court record that has been sealed shall allow the requestor to photocopy such court record. No fee shall be charged to any person filing a motion to access a paper or a digital image of a court record that has been sealed if the person filing such motion is the same person who was arrested, charged, or convicted of the offense that was sealed.

E. No access shall be provided to electronic records in an appellate court, circuit court, or district court case management system maintained by the Executive Secretary of the Supreme Court or in a case management system maintained by a clerk of the circuit court for any arrest, charge, or conviction that was ordered to be sealed pursuant to § 19.2-392.7, 19.2-392.8, 19.2-392.9, 19.2-392.11, or 19.2-392.12, except to the Virginia Criminal Sentencing Commission for its research purposes. Such electronic records may be disseminated to the Virginia Criminal Sentencing Commission without a court order.

F. If a pleading or case document in a court record that was sealed is included among other court records that have not been ordered to be sealed, the clerk of court shall not be required to prohibit dissemination of that record. The Supreme Court, Court of Appeals, and any circuit court shall not be required to prohibit dissemination of any published or unpublished opinion relating to an arrest, charge, or conviction that was ordered to be sealed.

G. The Department of Motor Vehicles shall not seal any conviction or any charge that was deferred and dismissed after a finding of facts sufficient to justify a finding of guilt (i) in violation of federal regulatory record retention requirements or (ii) in violation of federal program requirements if the Department of Motor Vehicles is required to suspend a person's driving privileges as a result of a conviction or deferral and dismissal ordered to be sealed. Upon receipt of an order directing that an offense be sealed, the Department of Motor Vehicles shall seal all records if the federal regulatory record retention period has run and all federal program requirements associated with a suspension have been satisfied. However, if the Department of Motor Vehicles cannot seal an offense pursuant to this subsection at the time it is ordered, the Department of Motor Vehicles shall (a) notify the Department of State Police of the reason the record cannot be sealed and cite the authority prohibiting sealing at the time it is ordered; (b) notify the Department of State Police of the date, if known at the time when the sealing is ordered, on which such record can be sealed; (c) seal such record on that date; and (d) notify the Department of State Police when such record has been sealed within the Department of Motor Vehicles' records.

H. No arrest, charge, or conviction that has been sealed may be used to impeach the credibility of a testifying witness at any hearing or trial unless (i) its probative value, supported by specific facts and circumstances, substantially outweighs its prejudicial effect and (ii) the proponent gives an adverse party reasonable written notice of the intent to use it so that the party has a fair opportunity to contest its use.

I. The provisions of this section shall not prohibit the disclosure of sealed criminal history record information or any information from such records among law-enforcement officers and attorneys when such disclosures are made by such officers or attorneys while engaged in the performance of their duties for purposes solely relating to the disclosure or use of exculpatory, mitigating, and impeachment evidence or between attorneys for the Commonwealth when related to the prosecution of a separate crime.

§ 19.2-392.14. Disclosure of sealed records; penalty.

A. It is unlawful for any person having or acquiring access to sealed criminal history record information or a court record, including any records relating to an arrest, charge, or conviction, that was ordered to be sealed pursuant to § 19.2-392.7, 19.2-392.8, 19.2-392.9, 19.2-392.11, or 19.2-392.12, to disclose such record or any information from such record to another person, except in accordance with the purposes set forth in § 19.2-392.13 and pursuant to the rules and regulations adopted pursuant to § 9.1-128 and the procedures adopted pursuant to § 9.1-134.

B. A clerk of court shall not be in violation of this section if such clerk informs a person requesting access to a sealed court record that such court record has been sealed and can only be accessed pursuant to a court order.

C. Any person who willfully violates this section is guilty of a Class 1 misdemeanor. Any person who maliciously and intentionally violates this section is guilty of a Class 6 felony.

§ 19.2-392.15. Prohibited practices by employers, educational institutions, agencies, etc., of state and local governments; penalty.

A. Except as provided in subsection B, agencies, officials, and employees of state and local governments, private employers that are not subject to federal laws or regulations in the hiring process, and educational institutions shall not, in any application, interview, or otherwise, require an applicant for employment or admission to disclose information concerning any arrest, charge, or conviction against him that has been sealed. An applicant need not, in answer to any question concerning any arrest, charge, or conviction, include a reference to or information concerning arrests, charges, or convictions that has been sealed.

B. The provisions of subsection A shall not apply if:

1. The person is applying for full-time employment or part-time employment with, or to be a volunteer with, the State Police or a police department or sheriff's office that is a part of or administered by the Commonwealth or any political subdivision thereof;

2. This Code requires the employer to make such an inquiry;

3. Federal law requires the employer to make such an inquiry;

4. The position, or access to the premises in or upon which any part of the duties of such position is performed or is to be performed, is subject to any requirement imposed in the interest of the national security of the United States under any security program in effect pursuant to or administered under any contract with, or statute or regulation of, the United States or any Executive Order of the President; or

5. The rules and regulations adopted pursuant to § 9.1-128 and procedures adopted pursuant to § 9.1-134 allow the employer to access such sealed records.

C. Agencies, officials, and employees of state and local governments shall not, in any application, interview, or otherwise, require an applicant for a license, permit, registration, or governmental service to disclose information concerning any arrest, charge, or conviction against him that has been sealed. An applicant need not, in answer to any question concerning any arrest, charge, or conviction, include a reference to or information concerning arrests, charges, or convictions that has been sealed. Such an application may not be denied solely because of the applicant's refusal to disclose information concerning any arrest, charge, or conviction against him that has been sealed.

D. No person, as defined in § 36-96.1:1, shall, in any application for the sale or rental of a dwelling, as defined in § 36-96.1:1, require an applicant to disclose information concerning any arrest, charge, or conviction against him that has been sealed. An applicant need not, in answer to any question concerning any arrest, charge, or conviction, include a reference to or information concerning arrests, charges, or convictions that has been sealed. Such an application may not be denied solely because of the applicant's refusal to disclose information concerning any arrest, charge, or conviction against him that has been sealed.

E. No insurance company, as defined in § 38.2-100, shall, in any application for insurance, as defined in § 38.2-100, require an applicant to disclose information concerning any arrest, charge, or conviction against him that has been sealed. An applicant need not, in answer to any question concerning any arrest, charge, or conviction, include a reference to or information concerning arrests, charges, or convictions that has been sealed. Such an application may not be denied solely because of the applicant's refusal to disclose information concerning any arrest, charge, or conviction against him that has been sealed.

F. If any entity or person listed under subsections A, C, D, or E includes a question about a prior arrest, charge, or conviction in an application for one or more of the purposes set forth in such subsections, such application shall include, or such entity or person shall provide, a notice to the applicant that information concerning an arrest, charge, or conviction

that has been sealed does not have to be disclosed in the application. Such notice need not be included on any application for one or more of the purposes set forth in subsection B.

G. A person who willfully violates this section is guilty of a Class 1 misdemeanor for each violation.

§ 19.2-392.16. Dissemination of criminal history records and traffic history records by business screening services.

A. For the purposes of this section:

"Business screening service" means a person engaged in the business of collecting, assembling, evaluating, or disseminating Virginia criminal history records or traffic history records on individuals.

"Business screening service" does not include any government entity or the news media.

"Criminal history record" means any information collected by a business screening service on individuals containing any personal identifying information, photograph, or other identifiable descriptions pertaining to an individual and any information regarding arrests, detentions, indictments, or other formal criminal charges, and any disposition arising therefrom, including acquittal, sentencing, correctional supervision, or release.

"Delete" means that a criminal history record shall not be disseminated in any manner, except to any entity authorized to receive and use such information pursuant to § 19.2-392.13 and pursuant to the rules and regulations adopted pursuant to § 9.1-128 and the procedures adopted pursuant to § 9.1-134, but may be retained in order to resolve any disputes relating to this section, the accuracy of the record consistent with the federal Fair Credit Reporting Act, 15 U.S.C. § 1681 et seq., or the Gramm-Leach-Bliley Act, 15 U.S.C. § 6801 et seq.

"Sealed record" means a Virginia criminal history record or a traffic history record that has been sealed pursuant to § 19.2-392.7, 19.2-392.10, 19.2-392.11, or 19.2-392.12.

"Traffic history record" means any information collected by a business screening service on individuals containing any personal identifying information, photograph, or other identifiable descriptions pertaining to an individual and any information regarding arrests, detentions, indictments, or other formal traffic infraction charges, and any disposition arising therefrom.

B. If a business screening service knows that a criminal history record or a traffic history record has been sealed, the business screening service shall promptly delete the record.

C. A business screening service shall register with the Department of State Police to electronically receive copies of orders of sealing provided to the Department of State Police pursuant to §§ 19.2-392.7, 19.2-392.10, 19.2-392.11, and 19.2-392.12. The Department of State Police may charge an annual licensing fee to the business screening service for accessing such information, with a portion of such fee to be used to cover the cost of providing such records and the remainder of such fee to be deposited into the Sealing Fee Fund pursuant to § 17.1-205.1. The contract between the Department of State Police and the business screening service shall prohibit dissemination of the orders of sealing and shall require compliance by the business screening service with the provisions of subsections D, E, and F. The orders of sealing received by the business screening service shall remain confidential and shall not be disseminated or resold. The orders of sealing shall be used for the sole purpose of deleting criminal history records that have been sealed. The business screening service shall destroy the copies of the orders of sealing after deleting the information contained in such orders from sealed records. The Department of State Police shall require that the business screening service seeking access to the information identify themselves, certify the purposes for which the information is sought, and certify that the information will be used for no other purpose. The Department of State Police shall further require that a business screening service acknowledge receipt of all electronic copies of orders of sealing provided by the Department of State Police. The Department of State Police shall maintain a public list within its website identifying the business screening services that are licensed to receive such records.

D. A business screening service that disseminates a criminal history record or a traffic history record on or after the effective date of this section shall include the date when the record was collected by the business screening service and a notice that the information may include records that have been sealed since that date.

E. A business screening service shall implement and follow reasonable procedures to assure that it does not maintain or sell criminal history records or traffic history records that are inaccurate or incomplete. If the completeness or accuracy of a criminal history record or traffic history record maintained by a business screening service is disputed by the individual who is the subject of the record, the business screening service shall, without charge, investigate the disputed record. If, upon investigation, the business screening service determines that the record does not accurately reflect the content of the official record, the business screening service shall correct the disputed record so as to accurately reflect the content of the official record. If the disputed record is found to have been sealed pursuant to § 19.2-392.7, 19.2-392.10, 19.2-392.11, or 19.2-392.12, the business screening service shall promptly delete the record. A business screening service may terminate an investigation of a disputed record if the business screening service reasonably determines that the dispute is frivolous, which may be based on the failure of the subject of the record to provide sufficient information to investigate the disputed record. Upon making a determination that the dispute is frivolous, the business screening service shall inform the subject of the record of the specific reasons why it has determined that the dispute is frivolous and shall provide a description of any information required to investigate the disputed record. The business screening service shall notify the subject of the disputed record of the correction or deletion of the record or of the termination or completion of the investigation related to the record within 30 days of the date when the business screening service receives notice of the dispute from the subject of the record.

F. A business screening service shall implement procedures for individuals to submit a request to obtain their own criminal history record and traffic history record information maintained by the business screening service and any other information that may be sold to another entity by the business screening service regarding the individual.

G. A business screening service that violates this section is liable to the person who is the subject of the criminal history record or traffic history record for a penalty of \$1,000 or actual damages caused by the violation, whichever is greater, plus costs and reasonable attorney fees. Within 10 days of service of any suit by an individual, the business screening service may make a cure offer in writing to the individual claiming to have suffered a loss as a result of a violation of this section. Such offer shall be in writing and include one or more things of value, including the payment of money. A cure offer shall be reasonably calculated to remedy a loss claimed by the individual, as well as any attorney fees or other fees, expenses, or other costs of any kind that such individual may incur in relation to such loss. No cure offer shall be admissible in any proceeding initiated under this section, unless the cure offer is delivered by the business screening service to the individual claiming loss or to any attorney representing such individual prior to the filing of the business screening service's initial responsive pleading in such proceeding. The business screening service shall not be liable for such individual's attorney fees and court costs incurred following delivery of the cure offer unless the actual damages found to have been sustained and awarded, without consideration of attorney fees and court costs, exceed the value of the cure offer.

H. The Attorney General may file a civil action to enforce this section. If the court finds that a business screening service has willfully engaged in an act or practice in violation of this section, the Attorney General may recover for the Literary Fund, upon petition to the court, a civil penalty of not more than \$2,500 per violation. For the purposes of this section, prima facie evidence of a willful violation may be shown when the Attorney General notifies the alleged violator by certified mail that an act or practice is a violation of this section and the alleged violator, after receipt of said notice, continues to engage in the act or practice. In any civil action pursuant to this subsection, in addition to any civil penalty awarded, the Attorney General may also recover any costs and reasonable expenses incurred by the state in investigating and preparing the case, not to exceed \$1,000 per violation, and attorney fees. Such additional costs and expenses shall be paid into the general fund of the Commonwealth.

I. A business screening service that disseminates criminal history records or traffic history records in the Commonwealth is deemed to have consented to service of process in the Commonwealth and to the jurisdiction of courts of the Commonwealth for actions involving a violation of this section or for the recovery of remedies under this section.

J. A business screening service that is a consumer reporting agency and that is in compliance with the applicable provisions of the federal Fair Credit Reporting Act, 15 U.S.C. § 1681 et seq., or the Gramm-Leach-Bliley Act, 15 U.S.C. § 6801 et seq., is considered to be in compliance with the comparable provisions of this section. A business screening service is subject to the state remedies under this section if its actions would violate this section and federal law.

K. Any business screening service or person who engages in the conduct of a business screening service, as set forth in this section, that fails to register with the Department of State Police as required by subsection C and that disseminates criminal history records or traffic history records in the Commonwealth may be subject to (i) suit by any person injured by such dissemination and (ii) enforcement actions by the Attorney General as set forth in subsection H.

§ 19.2-392.17. Traffic infractions deemed sealed.

A. Any record of a traffic infraction under Title 46.2 that is not punishable as a criminal offense shall be deemed to be sealed after 11 years from the date of final disposition of the offense, unless such sealing is prohibited under federal or state law. No record of any such traffic infraction shall be disseminated, unless such dissemination is authorized pursuant to § 19.2-392.13 and pursuant to the rules and regulations adopted pursuant to § 9.1-128 and the procedures adopted pursuant to § 9.1-134.

B. The Department of Motor Vehicles shall not seal any traffic infraction under Title 46.2 (i) in violation of federal regulatory record retention requirements or (ii) in violation of federal program requirements if the Department of Motor Vehicles is required to suspend a person's driving privileges as a result of the traffic infraction that was ordered to be sealed. Upon receipt of an order directing that a traffic infraction be sealed, the Department of Motor Vehicles shall seal all records if the federal regulatory record retention period has run and all federal program requirements associated with a suspension have been satisfied. However, if the Department of Motor Vehicles cannot seal a traffic infraction pursuant to this subsection at the time it is ordered, the Department of Motor Vehicles shall (a) notify the Department of State Police of the reason the record cannot be sealed and cite the authority prohibiting sealing at the time it is ordered; (b) notify the Department of State Police of the date, if known at the time when the sealing is ordered, on which such record can be sealed; (c) seal such record on that date; and (d) notify the Department of State Police when such record has been sealed within the Department of Motor Vehicles' records.

C. The Department of Motor Vehicles shall not seal a record of a traffic infraction if a customer is subject to an administrative suspension order issued pursuant to Driver Improvement Program requirements under § 46.2-498, 46.2-499, or 46.2-506, issued in part or in whole, as a result of an accumulation of traffic infractions, and less than two years has passed since the date that the suspension order was complied with.

2. That the Department of State Police shall delete all records from the Central Criminal Records Exchange that were not required to be reported to the Central Criminal Records Exchange under subdivision A 1 of § 19.2-390 of the Code of Virginia, as amended by this act, by July 1, 2021.

3. That the Attorney General, after consultation with the Committee on District Courts, the Superintendent of State Police, and the Commissioner of the Department of Motor Vehicles, shall amend the uniform summons described in

§ 46.2-388 of the Code of Virginia to reflect the amendments to the provisions of subsection C of § 19.2-74 of the Code of Virginia, as amended by this act, by July 1, 2021.

4. That the provisions of §§ 9.1-101, 9.1-128, 9.1-134, 17.1-293.1, 17.1-502, 19.2-310.7, and 19.2-389.3 of the Code of Virginia, as amended by this act, and Chapter 23.2 (§ 19.2-392.5 et seq.) of Title 19.2 of the Code of Virginia, as created by this act, shall become effective on the earlier of (i) the first day of the fourth month following notification of the Chair of the Virginia Code Commission and the Chairs of the Senate Committee on the Judiciary and the House Committee for Courts of Justice by the Superintendent of State Police that the Executive Secretary of the Supreme Court of Virginia, the Department of State Police, and any circuit court clerk who maintains a case management system that interfaces with the Department of State Police under subsection B1 of § 17.1-502 of the Code of Virginia, as amended by this act, have automated systems to exchange information as required by §§ 19.2-392.7, 19.2-392.10, 19.2-392.11, and 19.2-392.12 of the Code of Virginia, as created by this act, or (ii) July 1, 2025.

5. That the Department of State Police shall first transmit the list required under subsection B of § 19.2-392.7 of the Code of Virginia, as created by this act, not later than the earlier of (i) the first day of the third month following the effective date of this act as provided in clause (i) of the fourth enactment of this act or (ii) October 1, 2025.

6. That the Executive Secretary of the Supreme Court of Virginia, the Department of State Police, and any circuit court clerk who maintains a case management system that interfaces with the Department of State Police under subsection B1 of § 17.1-502 of the Code of Virginia, as amended by this act, shall automate systems to exchange information as required by §§ 19.2-392.7, 19.2-392.10, 19.2-392.11, and 19.2-392.12 of the Code of Virginia, as created by this act, not later than July 1, 2025.

7. That the Executive Secretary of the Supreme Court of Virginia shall develop a form for requesting and authorizing access to a sealed court record as set forth in section D of § 19.2-392.13 of the Code of Virginia, as created by this act, not later than July 1, 2025.

8. That the Department of State Police shall purchase Criminal History, Expungement, Master Name Index, Rap Back, Civil Commitment, Applicant Tracking, and such other solutions or services as may be necessary to implement this act. The purchase of these solutions or services shall not be subject to the provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq. of the Code of Virginia).

9. That the Virginia State Crime Commission shall consult with stakeholders to determine and recommend methods to educate the public on the sealing process and the effects of an order to seal an arrest, charge, or conviction and shall report on such recommended methods by December 15, 2021.

10. That the Executive Secretary of the Supreme Court of Virginia, the Department of State Police, and any circuit court clerk who maintains a case management system that interfaces with the Department of State Police under subsection B1 of § 17.1-502 of the Code of Virginia, as amended by this act, shall each provide a report to the Virginia State Crime Commission on the progress of implementing automated systems to exchange information as required by §§ 19.2-392.7, 19.2-392.10, 19.2-392.11, and 19.2-392.12 of the Code of Virginia, as created by this act, by November 1, 2021, and by November 1 of each year thereafter until the automated systems have been fully implemented.

11. That the Department of State Police shall determine the feasibility and cost of implementing an automated system to review out-of-state criminal history records and report to the Virginia State Crime Commission by November 1, 2021, and by November 1 of each year thereafter until such determination has been made.

12. That the Virginia Court Clerks' Association shall determine the necessary staffing and technology costs of implementing the provisions of this act and report to the Virginia State Crime Commission by November 1, 2021, and by November 1 of each year thereafter until such determination has been made.

13. That the Department of State Police shall consult with the Department of Motor Vehicles in determining the form and content of the electronic notice to be provided to the Department of Motor Vehicles as required in subsection A of § 19.2-392.13 of the Code of Virginia, as created by this act.

14. That the Department of Criminal Justice Services shall develop regulations governing the dissemination of sealed criminal history record information as directed by subsection D of § 9.1-128 of the Code of Virginia, as amended by this act, and the sealing of criminal history record information as directed by § 9.1-134 of the Code of Virginia, as amended by this act, in accordance with § 19.2-392.13 of the Code of Virginia, as created by this act.

15. That the Virginia State Crime Commission (the Commission) shall continue its current study on expungement; that such study shall include (i) the interplay between the current expungement statute and the sealing of criminal history record information and court records; (ii) the feasibility of destroying or purging expunged or sealed criminal history record information and court records; (iii) permissible uses of criminal history record information and court records; (iv) plea agreements in relation to the expungement or sealing of criminal history record information and court records; and (v) any other relevant matters that arise during the course of the study; and that the Commission shall report its findings by December 15, 2021. Such report shall also include a recommendation on how to create a review process for any proposed changes to the expungement or sealing of criminal history record information and court records.

16. That the Department of State Police shall develop a form contract for purposes of providing information regarding sealed criminal history record information to business screening services pursuant to § 19.2-392.16 of the Code of Virginia, as created by this act.

17. That the provisions of this act may result in a net increase in periods of imprisonment or commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 1289 of the Acts of Assembly of 2020 requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of \$50,000. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary appropriation cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.

CHAPTER 543

An Act to amend the Code of Virginia by adding in Title 19.2 a chapter numbered 19.4, consisting of sections numbered 19.2-327.15 through 19.2-327.20, relating to issuance of writ of vacatur for victims of commercial sex trafficking.

[H 2133]

Approved April 7, 2021

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Title 19.2 a chapter numbered 19.4, consisting of sections numbered 19.2-327.15 through 19.2-327.20, as follows:

CHAPTER 19.4.

ISSUANCE OF WRIT OF VACATUR FOR VICTIMS OF COMMERCIAL SEX TRAFFICKING.

§ 19.2-327.15. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Qualifying offense" means a conviction or adjudication of delinquency for any violation of § 18.2-346 or 18.2-347.

"Victim of sex trafficking" means any person convicted or adjudicated delinquent of a qualifying offense in the Commonwealth who committed such offense as a direct result of being solicited, invited, recruited, encouraged, forced, intimidated, or deceived by another to engage in acts of prostitution or unlawful sexual intercourse for money or its equivalent, as described in subsection A of § 18.2-346, regardless of whether any other person has been charged or convicted of an offense related to the sex trafficking of such person.

§ 19.2-327.16. Issuance of writ of vacatur for victims of commercial sex trafficking.

A. Notwithstanding any other provision of law or rule of court, upon a petition of a person who was convicted or adjudicated delinquent of a qualifying offense, the circuit court of the county or city in which the conviction or adjudication of delinquency was entered shall have the authority to issue writs of vacatur under this chapter.

B. The Rules of Supreme Court of Virginia governing practice and procedures in civil actions shall be applicable to proceedings under this chapter.

C. The circuit court shall have the authority to conduct hearings on petitions for vacatur.

D. Any party aggrieved by the decision of the circuit court may appeal the decision to the Supreme Court of Virginia.

§ 19.2-327.17. Contents and form of the petition for vacatur.

A. Any victim of sex trafficking may file a petition for vacatur setting forth the relevant facts and requesting that the judgment of a conviction or adjudication of delinquency be vacated. Such petition shall allege categorically and with specificity, under oath, all of the following:

1. The petitioner was convicted or adjudicated delinquent of a qualifying offense, including the date on which the qualifying offense occurred, the date of final disposition on which the conviction or adjudication of delinquency was entered, the petitioner's date of birth, and the full name used by the petitioner at the time of the offense;

2. The petitioner committed the qualifying offense as a direct result of being a victim of sex trafficking; and

3. Whether the petitioner has previously filed any other petition in accordance with this chapter in any circuit court and, if so, the disposition of such petition.

B. Such petition shall contain all relevant allegations of facts that are known to the petitioner at the time of filing. The petition shall be filed on a form provided by the Supreme Court. If the petitioner fails to submit a completed form, the circuit court may allow the petitioner to amend the petition to correct any deficiency. If the petitioner fails to submit a completed form containing the allegations set forth in subsection A, or if the circuit court has previously dismissed a petition for vacatur from the same petitioner for the same qualifying offense following a hearing conducted pursuant to § 19.2-327.18, the court may dismiss the petition. Any false statement in the petition, if such statement is knowingly or willfully made, shall be a ground for prosecution of perjury as provided for in § 18.2-434.

C. The petitioner shall obtain from a law-enforcement agency one complete set of the petitioner's fingerprints and shall file those fingerprints with the circuit court with the petition.

D. The Commonwealth shall be made party defendant to the proceeding. The petitioner shall provide a copy of the petition by delivery or by first-class mail, postage prepaid, to the attorney for the Commonwealth of the city or county in which the petition is filed. The attorney for the Commonwealth may file an objection or answer to the petition or may give written notice to the court that he does not object to the petition within 30 days after receipt of the petition. Upon the motion of the attorney for the Commonwealth and for good cause shown, the court may allow the attorney for the Commonwealth up to an additional 30 days to respond to the petition.

E. A person convicted or adjudicated delinquent of multiple qualifying offenses shall include all qualifying offenses in one petition, if such convictions or adjudications were all entered in the same city or county. A person convicted or adjudicated delinquent of qualifying offenses in different cities or counties shall file petitions in the circuit courts of the cities or counties in which the convictions or adjudications of delinquency were entered.

§ 19.2-327.18. Hearing on petition for vacatur.

A. If the attorney for the Commonwealth of the county or city in which the petition is filed (i) gives written notice to the court that he does not object to the petition and (ii) stipulates in such written notice that the petitioner was convicted or adjudicated delinquent of a qualifying offense and that the petitioner committed the qualifying offense as a direct result of being a victim of sex trafficking, the circuit court may grant the writ and vacate the qualifying offense without conducting a hearing.

B. If the attorney for the Commonwealth of the county or city in which the petition is filed objects to the petition or does not file an answer, the court shall conduct a hearing on the petition after reasonable notice has been provided to both the petitioner and the attorney for the Commonwealth. The attorney for the Commonwealth shall make reasonable efforts to notify any victim, as defined in § 19.2-11.01, of any qualifying offense of such hearing. The circuit court shall not be required to conduct a hearing if it has previously dismissed a petition for vacatur from the same petitioner for the same qualifying offense.

C. Upon finding that the petitioner has by a preponderance of the evidence proven the elements contained in subsection A of § 19.2-327.17, the circuit court shall grant the writ and vacate the qualifying offense. If the petitioner fails to prove any of these elements, the court shall dismiss the petition.

D. The court may grant the writ and vacate the qualifying offense regardless of whether any person other than the petitioner has been charged or convicted of an offense related to the petitioner being a victim of sex trafficking.

§ 19.2-327.19. Relief under writ of vacatur.

A. Upon granting a writ of vacatur pursuant to subsection C of § 19.2-327.18, the circuit court shall provide the petitioner with a copy of the writ, and such copy shall be sufficient proof that the person named in the writ is no longer under any disability, disqualification, or other adverse consequence resulting from the vacated conviction or adjudication of delinquency.

B. If a writ of vacatur is granted, and no appeal is made to the Supreme Court, or the Supreme Court refuses or denies the Commonwealth's petition for appeal or upholds the decision of the circuit court, an order of expungement for the qualifying offense shall be entered by the circuit court. Upon entry of the order of expungement, the clerk of court shall cause a copy of the writ of vacatur, the order of expungement, and the complete set of petitioner's fingerprints to be forwarded to the Department of State Police, which shall expunge the qualifying offense.

C. The writ to vacate the qualifying offense shall not be expunged pursuant to subsection B and shall be maintained by the circuit court. Access to the writ may be provided only upon court order. Any person seeking access to the writ may file a written motion setting forth why such access is needed. The court shall issue an order to disclose the writ upon the written motion of the petitioner named in the writ. The court may issue an order to disclose the writ if it finds that such disclosure best serves the interests of justice.

D. Costs shall be as provided in § 17.1-275 but shall not be recoverable against the Commonwealth. If the circuit court enters a writ of vacatur, the clerk of the court shall refund to the petitioner such costs paid by the petitioner.

E. If the court enters a writ of vacatur, the petitioner shall be entitled to a refund of all fines, costs, forfeitures, and penalties paid in relation to the qualifying offense that was vacated. If the clerk of the court where the conviction was entered is in possession of any records detailing any fines, costs, forfeitures, and penalties paid by the petitioner for a qualifying offense that was vacated, the petitioner shall be entitled to a refund of such amount. If the clerk of the court where the conviction was entered is no longer in possession of any records detailing any fines, costs, forfeitures, and penalties paid by the petitioner for a qualifying offense that was vacated, a refund shall be provided only upon a showing by the petitioner of the amount of fines, costs, forfeitures, and penalties paid.

§ 19.2-327.20. Claims of relief.

Except for appeals to the Supreme Court of Virginia as authorized by subsection D of § 19.2-327.16, an action under this chapter or the performance of any attorney representing the petitioner under this chapter shall not form the basis for relief in any habeas corpus or appellate proceeding. Nothing in this chapter shall create any cause of action for damages against the Commonwealth or any of its political subdivisions or any officers, employees, or agents of the Commonwealth or its political subdivisions.

CHAPTER 544

An Act to amend and reenact §§ 24.2-411.3, 24.2-643, 46.2-203.2, 46.2-216.1, 46.2-323.01, 46.2-323.1, 46.2-346, 46.2-600.1, and 58.1-3 of the Code of Virginia and to amend the Code of Virginia by adding in Article 7 of Chapter 3 of Title 46.2 a section numbered 46.2-345.3, relating to identification privilege cards; fee; confidentiality; penalties.

[H 2138]

Be it enacted by the General Assembly of Virginia:

1. That §§ 24.2-411.3, 24.2-643, 46.2-203.2, 46.2-216.1, 46.2-323.01, 46.2-323.1, 46.2-346, 46.2-600.1, and 58.1-3 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding in Article 7 of Chapter 3 of Title 46.2 a section numbered 46.2-345.3 as follows:

§ 24.2-411.3. Registration of Department of Motor Vehicles customers.

A. Each person coming into an office of the Department of Motor Vehicles or accessing its website in order to (i) apply for, replace, or renew a driver's license or other document issued under Chapter 3 (§ 46.2-300 et seq.) of Title 46.2 except driver privilege cards or permits issued pursuant to § 46.2-328.3 or *identification privilege cards issued pursuant to § 46.2-345.3*; or (ii) change an address on an existing driver's license or other document issued under Chapter 3 (§ 46.2-300 et seq.) of Title 46.2 except driver privilege cards or permits issued pursuant to § 46.2-328.3 or *identification privilege cards issued pursuant to § 46.2-345.3* shall be presented with (a) a question asking whether or not the person is a United States citizen and (b) the option to decline to have his information transmitted to the Department of Elections for voter registration purposes. The citizenship question and option to decline shall be accompanied by a statement that intentionally making a materially false statement during the transaction constitutes election fraud and is punishable under Virginia law as a felony.

The Department of Motor Vehicles may not transmit the information of any person who so declines. The Department of Motor Vehicles may not transmit the information of any person who indicates that he is not a United States citizen, nor may such person be asked any additional questions relevant to voter registration but not relevant to the purpose for which the person came to an office of the Department of Motor Vehicles or accessed its website.

B. For each person who does not select the option to decline to have his information transmitted to the Department of Elections for voter registration purposes and who has identified himself as a United States citizen, the Department of Motor Vehicles shall request any information as may be required by the State Board to ensure that the person meets all voter registration eligibility requirements.

C. The Department of Motor Vehicles shall electronically transmit to the Department of Elections, in accordance with the standards set by the State Board, the information collected pursuant to subsection B for any person who (i) has indicated that he is a United States citizen, (ii) has indicated that he is 17 years of age or older, and (iii) at the time of such transaction did not decline to have his information transmitted to the Department of Elections for voter registration purposes.

D. The Department of Elections shall use the information transmitted to determine whether a person already has a registration record in the voter registration system.

1. For any person who does not yet have a registration record in the voter registration system, the Department of Elections shall transmit the information to the appropriate general registrar. The general registrar shall accept or reject the registration of such person in accordance with the provisions of this chapter.

2. For any person who already has a registration record in the voter registration system, if the information indicates that the voter has moved within the Commonwealth, the Department of Elections shall transmit the information and the registration record to the appropriate general registrar, who shall treat such transmittal as a request for transfer and process it in accordance with the provisions of this chapter.

3. General registrars shall not register any person who does not satisfy all voter eligibility requirements.

§ 24.2-643. Qualified voter permitted to vote; procedures at polling place; voter identification.

A. After the polls are open, each qualified voter at a precinct shall be permitted to vote. The officers of election shall ascertain that a person offering to vote is a qualified voter before admitting him to the voting booth and furnishing an official ballot to him.

B. An officer of election shall ask the voter for his full name and current residence address and the voter may give such information orally or in writing. The officer of election shall verify with the voter his full name and address and shall repeat, in a voice audible to party and candidate representatives present, the full name provided by the voter. CHAPTER 545

[H 2167]

Approved April 7, 2021

Be it enacted by the General Assembly of Virginia:

1. That §§ 53.1-136 and 53.1-155 of the Code of Virginia are amended and reenacted as follows:

§ 53.1-136. Powers and duties of Board; notice of release of certain inmates.

In addition to the other powers and duties imposed upon the Board by this article, the Board shall:

1. Adopt, subject to approval by the Governor, general rules governing the granting of parole and eligibility requirements, which shall be published and posted for public review;

2. Adopt, subject to approval by the Governor, rules providing for the granting of parole to those prisoners who are eligible for parole pursuant to § 53.1-165.1 on the basis of demonstrated maturity and rehabilitation and the lesser culpability of juvenile offenders;

3. a. Release on parole for such time and upon such terms and conditions as the Board shall prescribe, persons convicted of felonies and confined under the laws of the Commonwealth in any correctional facility in Virginia when those persons become eligible and are found suitable for parole, according to those rules adopted pursuant to subdivisions 1 and 2;

b. Establish the conditions of postrelease supervision authorized pursuant to § 18.2-10 and subsection A of § 19.2-295.2;

c. Notify by certified mail at least 21 business days prior to release on the Department of Corrections of its decision to grant discretionary parole of any or conditional release to an inmate. The Department of Corrections shall set the release date for such inmate no sooner than 30 business days from the date that the Department of Corrections receives such notification from the Chairman of the Board, except that the Department of Corrections may set an earlier release date in the case of an inmate granted conditional release pursuant to § 53.1-40.02. In the case of an inmate granted parole who was convicted of a felony and sentenced to a term of 10 or more years, or an inmate granted conditional release, the Board shall notify the attorney for the Commonwealth in the jurisdiction where the inmate was sentenced. In the case of parole granted for medical reasons, where death is imminent, the attorney for the Commonwealth may be notified (i) by electronic means at least 21 business days prior to such inmate's release that such inmate has been granted discretionary parole or conditional release pursuant to § 53.1-40.01 or 53.1-40.02 or (ii) by telephone or other electronic means prior to such inmate's release that such inmate has been granted conditional release pursuant to § 53.1-40.02 where death is imminent. Nothing in this section shall be construed to alter the obligations of the Board under § 53.1-155 for investigation prior to release on discretionary parole;

d. Provide that in any case where a person who is released on parole or postrelease supervision has been committed to the Department of Behavioral Health and Developmental Services under the provisions of Chapter 9 (§ 37.2-900 et seq.) of Title 37.2 the conditions of his parole or postrelease supervision shall include the requirement that the person comply with all conditions given him by the Department of Behavioral Health and Developmental Services and that he follow all of the terms of his treatment plan;

4. Revoke parole and any period of postrelease and order the reincarceration of any parolee or felon serving a period of postrelease supervision or impose a condition of participation in any component of the Statewide Community-Based Corrections System for State-Responsible Offenders (§ 53.1-67.2 et seq.) on any eligible parolee, when, in the judgment of the Board, he has violated the conditions of his parole or postrelease supervision or is otherwise unfit to be on parole or on postrelease supervision;

5. Issue final discharges to persons released by the Board on parole when the Board is of the opinion that the discharge of the parolee will not be incompatible with the welfare of such person or of society;

6. Make investigations and reports with respect to any commutation of sentence, pardon, reprieve or remission of fine, or penalty when requested by the Governor;

7. Publish monthly by the fifteenth day of each month a statement regarding the action taken by the Board on the parole of prisoners during the prior month. The statement shall list (i) the name of each prisoner considered for parole, (ii) the offense of which the prisoner was convicted, (iii) the jurisdiction in which such offense was committed, (iv) the amount of time the prisoner has served and indicate whether parole was granted or denied, as well as, (v) whether the prisoner was granted or denied parole, and (vi) the basis for the grant or denial of parole as described in subdivision 3 a. However, in the case of a prisoner granted parole, the information set forth in clauses (i) through (vi) regarding such prisoner shall be included in the statement published in the month immediately succeeding the month in which notification of the decision to grant parole was given to the attorney for the Commonwealth and any victims; and

8. Ensure that each person eligible for parole receives a timely and thorough review of his suitability for release on parole, including a review of any relevant post-sentencing information. If parole is denied, the basis for the denial of parole shall be in writing and shall give specific reasons for such denial to such inmate.

§ 53.1-155. Investigation prior to release; transition assistance.

A. No person shall be released on parole by the Board until a thorough investigation has been made into the prisoner's history, physical and mental condition and character and his conduct, employment and attitude while in prison. The Board shall also determine that his release on parole will not be incompatible with the interests of society or of the prisoner. The provisions of this section shall not be applicable to persons released on parole pursuant to § 53.1-159.

B. An investigation conducted pursuant to this section shall include notification that a victim may submit to the Virginia Parole Board evidence concerning the impact that the release of the prisoner will have on such victim. This notification shall be sent to the last address provided to the Board by any victim of a crime for which the prisoner was incarcerated. If additional victim research is necessary, electronic notification shall be sent to the attorney for the Commonwealth and the director of the victim/witness program, if one exists, of the jurisdiction in which the offense occurred. The Board shall endeavor diligently to contact the victim prior to making any decision to release any inmate on discretionary parole. The victim of a crime for which the prisoner is incarcerated may present to the Board oral or written testimony concerning the impact that the release of the prisoner will have on the victim, and the Board shall consider such testimony in its review. Once testimony is submitted by a victim, such testimony shall remain in the prisoner's parole file and shall be considered by the Board at every parole review. The victim of a crime for which the prisoner is incarcerated may submit a written request in writing or by electronic means to the Board to be notified of (i) the prisoner's parole eligibility date and mandatory release date as determined by the Department of Corrections, (ii) any parole-related interview dates, and (iii) the Board's decision regarding parole for the prisoner. The victim may request that the Board only notify the victim if, following its review, the Board is inclined to grant parole to the prisoner, in which case the victim shall have forty-five days to present written or oral testimony for the Board's consideration. If the victim has requested to be notified only if the Board is inclined to grant parole and no testimony, either written or oral, is received from the victim within at

least forty-five days of the date of the Board's notification, the Board shall render its decision based on information available to it in accordance with subsection A. The definition of victim in § 19.2-11.01 shall apply to this section.

Although any information presented by the victim of a crime for which the prisoner is incarcerated shall be retained in the prisoner's parole file and considered by the Board, such information shall not infringe on the Board's authority to exercise its decision-making authority.

C. Notwithstanding the provisions of subsection A, if a physical or mental examination of a prisoner eligible for parole has been conducted within the last twelve months, and the prisoner has not required medical or psychiatric treatment within a like period while incarcerated, the prisoner may be released on parole by the Parole Board directly from a local correctional facility.

The Department shall offer each prisoner to be released on parole or under mandatory release who has been sentenced to serve a term of imprisonment of at least three years the opportunity to participate in a transition program within six months of such prisoner's projected or mandatory release date. The program shall include advice for job training opportunities, recommendations for living a law-abiding life, and financial literacy information. The Secretary of Public Safety and Homeland Security shall prescribe guidelines to govern these programs.

2. That the Virginia Parole Board (the Board) shall include in its monthly statements regarding actions taken by the Board on the parole of prisoners the information required by the provisions of this act amending subdivision 7 of § 53.1-136 of the Code of Virginia no later than December 15, 2021.

Be it enacted by the General Assembly of Virginia:

1. That § 65.2-402.1 of the Code of Virginia is amended and reenacted as follows:

§ 65.2-402.1. Presumption as to death or disability from infectious disease.

A. Hepatitis, meningococcal meningitis, tuberculosis or HIV causing the death of, or any health condition or impairment resulting in total or partial disability of, any (i) salaried or volunteer firefighter, or salaried or volunteer emergency medical services personnel; (ii) member of the State Police Officers' Retirement System; (iii) member of county, city, or town police departments; (iv) sheriff or deputy sheriff; (v) Department of Emergency Management hazardous materials officer; (vi) city sergeant or deputy city sergeant of the City of Richmond; (vii) Virginia Marine Police officer; (viii) conservation police officer who is a full-time sworn member of the enforcement division of the Department of Wildlife Resources; (ix) Capitol Police officer; (x) special agent of the Virginia Alcoholic Beverage Control Authority appointed under the provisions of Chapter 1 (§ 4.1-100 et seq.) of Title 4.1; (xi) for such period that the Metropolitan Washington Airports Authority voluntarily subjects itself to the provisions of this chapter as provided in § 65.2-305, officer of the police force established and maintained by the Metropolitan Washington Airports Authority; (xii) officer of the police force established and maintained by the Norfolk Airport Authority; (xiii) conservation officer of the Department of Conservation and Recreation commissioned pursuant to § 10.1-115; (xiv) sworn officer of the police force established and maintained by the Virginia Port Authority; (xv) campus police officer appointed under Article 3 (§ 23.1-809 et seq.) of Chapter 8 of Title 23.1 and employed by any public institution of higher education; (xvi) correctional officer as defined in § 53.1-1; or (xvii) full-time sworn member of the enforcement division of the Department of Motor Vehicles who has a documented occupational exposure to blood or body fluids shall be presumed to be occupational diseases, suffered in the line of government duty, that are covered by this title unless such presumption is overcome by a preponderance of competent evidence to the contrary. For purposes of this ~~section~~ subsection, an occupational exposure occurring on or after July 1, 2002, shall be deemed "documented" if the person covered under this ~~section~~ subsection gave notice, written or otherwise, of the occupational exposure to his employer, and an occupational exposure occurring prior to July 1, 2002, shall be deemed "documented" without regard to whether the person gave notice, written or otherwise, of the occupational exposure to his employer. For any correctional officer as defined in § 53.1-1 or full-time sworn member of the enforcement division of the Department of Motor Vehicles, the presumption shall not apply if such individual was diagnosed with hepatitis, meningococcal meningitis, or HIV before July 1, 2020.

B. *COVID-19 causing the death of, or any health condition or impairment resulting in total or partial disability of, any (i) firefighter, as defined in § 65.2-102; (ii) law-enforcement officer, as defined in § 9.1-101; (iii) correctional officer, as defined in § 53.1-1; or (iv) regional jail officer shall be presumed to be an occupational disease, suffered in the line of duty, as applicable, that is covered by this title unless such presumption is overcome by a preponderance of competent evidence to the contrary. For the purposes of this section, the COVID-19 virus shall be established by a positive diagnostic test for COVID-19, an incubation period consistent with COVID-19, and signs and symptoms of COVID-19 that require medical treatment.*

C. As used in this section:

"Blood or body fluids" means blood and body fluids containing visible blood and other body fluids to which universal precautions for prevention of occupational transmission of blood-borne pathogens, as established by the Centers for Disease Control, apply. For purposes of potential transmission of hepatitis, meningococcal meningitis, tuberculosis, or HIV the term "blood or body fluids" includes respiratory, salivary, and sinus fluids, including droplets, sputum, saliva, mucous, and any other fluid through which infectious airborne or blood-borne organisms can be transmitted between persons.

"Hepatitis" means hepatitis A, hepatitis B, hepatitis non-A, hepatitis non-B, hepatitis C, or any other strain of hepatitis generally recognized by the medical community.

"HIV" means the medically recognized retrovirus known as human immunodeficiency virus, type I or type II, causing immunodeficiency syndrome.

"Occupational exposure," in the case of hepatitis, meningococcal meningitis, tuberculosis or HIV, means an exposure that occurs during the performance of job duties that places a covered employee at risk of infection.

~~C.~~ D. Persons covered under this section who test positive for exposure to the enumerated occupational diseases, but have not yet incurred the requisite total or partial disability, shall otherwise be entitled to make a claim for medical benefits pursuant to § 65.2-603, including entitlement to an annual medical examination to measure the progress of the condition, if any, and any other medical treatment, prophylactic or otherwise.

~~D.~~ E. Whenever any standard, medically-recognized vaccine or other form of immunization or prophylaxis exists for the prevention of a communicable disease for which a presumption is established under this section, if medically indicated by the given circumstances pursuant to immunization policies established by the Advisory Committee on Immunization Practices of the United States Public Health Service, a person subject to the provisions of this section may be required by such person's employer to undergo the immunization or prophylaxis unless the person's physician determines in writing that the immunization or prophylaxis would pose a significant risk to the person's health. Absent such written declaration, failure or refusal by a person subject to the provisions of this section to undergo such immunization or prophylaxis shall disqualify the person from any presumption established by this section.

~~E.~~ F. I. The presumptions described in subsection A shall only apply if persons entitled to invoke them have, if requested by the appointing authority or governing body employing them, undergone preemployment physical examinations that (i) were conducted prior to the making of any claims under this title that rely on such presumptions;

(ii) were performed by physicians whose qualifications are as prescribed by the appointing authority or governing body employing such persons; (iii) included such appropriate laboratory and other diagnostic studies as the appointing authorities or governing bodies may have prescribed; and (iv) found such persons free of hepatitis, meningococcal meningitis, tuberculosis or HIV at the time of such examinations. The presumptions described in subsection A shall not be effective until six months following such examinations, unless such persons entitled to invoke such presumption can demonstrate a documented exposure during the six-month period.

2. *The presumptions described in subsection B shall apply to any person entitled to invoke them for any death or disability occurring on or after July 1, 2020, caused by infection from the COVID-19 virus, provided that for any such death or disability that occurred on or after July 1, 2020, and prior to December 31, 2021, the claimant received a diagnosis of COVID-19 from a licensed physician, after either a presumptive positive test or a laboratory confirmed test for COVID-19, and presented with signs and symptoms of COVID-19 that required medical treatment.*

F. G. Persons making claims under this title who rely on such presumption shall, upon the request of appointing authorities or governing bodies employing such persons, submit to physical examinations (i) conducted by physicians selected by such appointing authorities or governing bodies or their representatives and (ii) consisting of such tests and studies as may reasonably be required by such physicians. However, a qualified physician, selected and compensated by the claimant, may, at the election of such claimant, be present at such examination.

The same plan shall be offered to all part-time state employees, but the total cost shall be paid by such part-time employees. The Department of Human Resource Management shall administer this section. The plan chosen shall provide means whereby coverage for the families or dependents of state employees may be purchased. Except for part-time employees, the Commonwealth may pay all or a portion of the cost thereof, and for such portion as the Commonwealth does not pay, the employee, including a part-time employee, may purchase the coverage by paying the additional cost over the cost of coverage for an employee.

Such contribution shall be financed through appropriations provided by law.

B. The plan shall:

1. Include coverage for low-dose screening mammograms for determining the presence of occult breast cancer. Such coverage shall make available one screening mammogram to persons age 35 through 39, one such mammogram biennially to persons age 40 through 49, and one such mammogram annually to persons age 50 and over and may be limited to a benefit of \$50 per mammogram subject to such dollar limits, deductibles, and coinsurance factors as are no less favorable than for physical illness generally.

The term "mammogram" shall mean an X-ray examination of the breast using equipment dedicated specifically for mammography, including but not limited to the X-ray tube, filter, compression device, screens, film, and cassettes, with an average radiation exposure of less than one rad mid-breast, two views of each breast.

In order to be considered a screening mammogram for which coverage shall be made available under this section:

a. The mammogram shall be (i) ordered by a health care practitioner acting within the scope of his licensure and, in the case of an enrollee of a health maintenance organization, by the health maintenance organization provider; (ii) performed by a registered technologist; (iii) interpreted by a qualified radiologist; and (iv) performed under the direction of a person licensed to practice medicine and surgery and certified by the American Board of Radiology or an equivalent examining body. A copy of the mammogram report shall be sent or delivered to the health care practitioner who ordered it;

b. The equipment used to perform the mammogram shall meet the standards set forth by the Virginia Department of Health in its radiation protection regulations; and

c. The mammography film shall be retained by the radiologic facility performing the examination in accordance with the American College of Radiology guidelines or state law.

2. Include coverage for postpartum services providing inpatient care and a home visit or visits that shall be in accordance with the medical criteria, outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists. Such coverage shall be provided incorporating any changes in such Guidelines or Standards within six months of the publication of such Guidelines or Standards or any official amendment thereto.

3. Include an appeals process for resolution of complaints that shall provide reasonable procedures for the resolution of such complaints and shall be published and disseminated to all covered state employees. The appeals process shall be compliant with federal rules and regulations governing nonfederal, self-insured governmental health plans. The appeals process shall include a separate expedited emergency appeals procedure that shall provide resolution within time frames established by federal law. For appeals involving adverse decisions as defined in § 32.1-137.7, the Department shall contract with one or more independent review

organizations to review such decisions. Independent review organizations are entities that conduct independent external review of adverse benefit determinations. The Department shall adopt regulations to assure that the independent review organization conducting the reviews has adequate standards, credentials and experience for such review. The independent review organization shall examine the final denial of claims to determine whether the decision is objective, clinically valid, and compatible with established principles of health care. The decision of the independent review organization shall (i) be in writing, (ii) contain findings of fact as to the material issues in the case and the basis for those findings, and (iii) be final and binding if consistent with law and policy.

Prior to assigning an appeal to an independent review organization, the Department shall verify that the independent review organization conducting the review of a denial of claims has no relationship or association with ~~(i)~~ (a) the covered person or the covered person's authorized representative; ~~(ii)~~ (b) the treating health care provider, or any of its employees or affiliates; ~~(iii)~~ (c) the medical care facility at which the covered service would be provided, or any of its employees or affiliates; or ~~(iv)~~ (d) the development or manufacture of the drug, device, procedure or other therapy that is the subject of the final denial of a claim. The independent review organization shall not be a subsidiary of, nor owned or controlled by, a health plan, a trade association of health plans, or a professional association of health care providers. There shall be no liability on the part of and no cause of action shall arise against any officer or employee of an independent review organization for any actions taken or not taken or statements made by such officer or employee in good faith in the performance of his powers and duties.

4. Include coverage for early intervention services. For purposes of this section, "early intervention services" means medically necessary speech and language therapy, occupational therapy, physical therapy and assistive technology services and devices for dependents from birth to age three who are certified by the Department of Behavioral Health and Developmental Services as eligible for services under Part H of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.). Medically necessary early intervention services for the population certified by the Department of Behavioral Health and Developmental Services shall mean those services designed to help an individual attain or retain the capability to function age-appropriately within his environment, and shall include services that enhance functional ability without effecting a cure.

For persons previously covered under the plan, there shall be no denial of coverage due to the existence of a preexisting condition. The cost of early intervention services shall not be applied to any contractual provision limiting the total amount of coverage paid by the insurer to or on behalf of the insured during the insured's lifetime.

5. Include coverage for prescription drugs and devices approved by the United States Food and Drug Administration for use as contraceptives.

6. Not deny coverage for any drug approved by the United States Food and Drug Administration for use in the treatment of cancer on the basis that the drug has not been approved by the United States Food and Drug Administration for the treatment of the specific type of cancer for which the drug has been prescribed, if the drug has been recognized as safe and effective for treatment of that specific type of cancer in one of the standard reference compendia.

7. Not deny coverage for any drug prescribed to treat a covered indication so long as the drug has been approved by the United States Food and Drug Administration for at least one indication and the drug is recognized for treatment of the covered indication in one of the standard reference compendia or in substantially accepted peer-reviewed medical literature.

8. Include coverage for equipment, supplies and outpatient self-management training and education, including medical nutrition therapy, for the treatment of insulin-dependent diabetes, insulin-using diabetes, gestational diabetes and noninsulin-using diabetes if prescribed by a health care professional legally authorized to prescribe such items under law. To qualify for coverage under this subdivision, diabetes outpatient self-management training and education shall be provided by a certified, registered or licensed health care professional.

9. Include coverage for reconstructive breast surgery. For purposes of this section, "reconstructive breast surgery" means surgery performed on and after July 1, 1998, (i) coincident with a mastectomy performed for breast cancer or (ii) following a mastectomy performed for breast cancer to reestablish symmetry between the

two breasts. For persons previously covered under the plan, there shall be no denial of coverage due to preexisting conditions.

10. Include coverage for annual pap smears, including coverage, on and after July 1, 1999, for annual testing performed by any FDA-approved gynecologic cytology screening technologies.

11. Include coverage providing a minimum stay in the hospital of not less than 48 hours for a patient following a radical or modified radical mastectomy and 24 hours of inpatient care following a total mastectomy or a partial mastectomy with lymph node dissection for treatment of breast cancer. Nothing in this subdivision shall be construed as requiring the provision of inpatient coverage where the attending physician in consultation with the patient determines that a shorter period of hospital stay is appropriate.

12. Include coverage (i) to persons age 50 and over and (ii) to persons age 40 and over who are at high risk for prostate cancer, according to the most recent published guidelines of the American Cancer Society, for one PSA test in a 12-month period and digital rectal examinations, all in accordance with American Cancer Society guidelines. For the purpose of this subdivision, "PSA testing" means the analysis of a blood sample to determine the level of prostate specific antigen.

13. Permit any individual covered under the plan direct access to the health care services of a participating specialist (i) authorized to provide services under the plan and (ii) selected by the covered individual. The plan shall have a procedure by which an individual who has an ongoing special condition may, after consultation with the primary care physician, receive a referral to a specialist for such condition who shall be responsible for and capable of providing and coordinating the individual's primary and specialty care related to the initial specialty care referral. If such an individual's care would most appropriately be coordinated by such a specialist, the plan shall refer the individual to a specialist. For the purposes of this subdivision, "special condition" means a condition or disease that is ~~(i)~~ (a) life-threatening, degenerative, or disabling and ~~(ii)~~ (b) requires specialized medical care over a prolonged period of time. Within the treatment period authorized by the referral, such specialist shall be permitted to treat the individual without a further referral from the individual's primary care provider and may authorize such referrals, procedures, tests, and other medical services related to the initial referral as the individual's primary care provider would otherwise be permitted to provide or authorize. The plan shall have a procedure by which an individual who has an ongoing special condition that requires ongoing care from a specialist may receive a standing referral to such specialist for the treatment of the special condition. If the primary care provider, in consultation with the plan and the specialist, if any, determines that such a standing referral is appropriate, the plan or issuer shall make such a referral to a specialist. Nothing contained herein shall prohibit the plan from requiring a participating specialist to provide written notification to the covered individual's primary care physician of any visit to such specialist. Such notification may include a description of the health care services rendered at the time of the visit.

14. Include provisions allowing employees to continue receiving health care services for a period of up to 90 days from the date of the primary care physician's notice of termination from any of the plan's provider panels. The plan shall notify any provider at least 90 days prior to the date of termination of the provider, except when the provider is terminated for cause.

For a period of at least 90 days from the date of the notice of a provider's termination from any of the plan's provider panels, except when a provider is terminated for cause, a provider shall be permitted by the plan to render health care services to any of the covered employees who (i) were in an active course of treatment from the provider prior to the notice of termination and (ii) request to continue receiving health care services from the provider.

Notwithstanding the provisions of this subdivision, any provider shall be permitted by the plan to continue rendering health services to any covered employee who has entered the second trimester of pregnancy at the time of the provider's termination of participation, except when a provider is terminated for cause. Such treatment shall, at the covered employee's option, continue through the provision of postpartum care directly related to the delivery.

Notwithstanding the provisions of this subdivision, any provider shall be permitted to continue rendering health services to any covered employee who is determined to be terminally ill (as defined under § 1861(dd)(3)(A) of the Social Security Act) at the time of a provider's termination of participation, except when

a provider is terminated for cause. Such treatment shall, at the covered employee's option, continue for the remainder of the employee's life for care directly related to the treatment of the terminal illness.

A provider who continues to render health care services pursuant to this subdivision shall be reimbursed in accordance with the carrier's agreement with such provider existing immediately before the provider's termination of participation.

15. Include coverage for patient costs incurred during participation in clinical trials for treatment studies on cancer, including ovarian cancer trials.

The reimbursement for patient costs incurred during participation in clinical trials for treatment studies on cancer shall be determined in the same manner as reimbursement is determined for other medical and surgical procedures. Such coverage shall have durational limits, dollar limits, deductibles, copayments and coinsurance factors that are no less favorable than for physical illness generally.

For purposes of this subdivision:

"Cooperative group" means a formal network of facilities that collaborate on research projects and have an established NIH-approved peer review program operating within the group. "Cooperative group" includes (i) the National Cancer Institute Clinical Cooperative Group and (ii) the National Cancer Institute Community Clinical Oncology Program.

"FDA" means the Federal Food and Drug Administration.

"Multiple project assurance contract" means a contract between an institution and the federal Department of Health and Human Services that defines the relationship of the institution to the federal Department of Health and Human Services and sets out the responsibilities of the institution and the procedures that will be used by the institution to protect human subjects.

"NIH" means the National Institutes of Health.

"Patient" means a person covered under the plan established pursuant to this section.

Coverage for patient costs incurred during clinical trials for treatment studies on cancer shall be provided if the treatment is being conducted in a Phase II, Phase III, or Phase IV clinical trial. Such treatment may, however, be provided on a case-by-case basis if the treatment is being provided in a Phase I clinical trial.

The treatment described in the previous paragraph shall be provided by a clinical trial approved by:

- a. The National Cancer Institute;
- b. An NCI cooperative group or an NCI center;
- c. The FDA in the form of an investigational new drug application;
- d. The federal Department of Veterans Affairs; or

The facility and personnel providing the treatment shall be capable of doing so by virtue of their experience, training, and expertise.

Coverage under this subdivision shall apply only if:

- (1) There is no clearly superior, noninvestigational treatment alternative;
- (2) The available clinical or preclinical data provide a reasonable expectation that the treatment will be at least as effective as the noninvestigational alternative; and
- (3) The patient and the physician or health care provider who provides services to the patient under the plan conclude that the patient's participation in the clinical trial would be appropriate, pursuant to procedures established by the plan.

16. Include coverage providing a minimum stay in the hospital of not less than 23 hours for a covered employee following a laparoscopy-assisted vaginal hysterectomy and 48 hours for a covered employee

following a vaginal hysterectomy, as outlined in Milliman & Robertson's nationally recognized guidelines. Nothing in this subdivision shall be construed as requiring the provision of the total hours referenced when the attending physician, in consultation with the covered employee, determines that a shorter hospital stay is appropriate.

17. Include coverage for biologically based mental illness.

For purposes of this subdivision, a "biologically based mental illness" is any mental or nervous condition caused by a biological disorder of the brain that results in a clinically significant syndrome that substantially limits the person's functioning; specifically, the following diagnoses are defined as biologically based mental illness as they apply to adults and children: schizophrenia, schizoaffective disorder, bipolar disorder, major depressive disorder, panic disorder, obsessive-compulsive disorder, attention deficit hyperactivity disorder, autism, and drug and alcoholism addiction.

Coverage for biologically based mental illnesses shall neither be different nor separate from coverage for any other illness, condition or disorder for purposes of determining deductibles, benefit year or lifetime durational limits, benefit year or lifetime dollar limits, lifetime episodes or treatment limits, copayment and coinsurance factors, and benefit year maximum for deductibles and copayment and coinsurance factors.

Nothing shall preclude the undertaking of usual and customary procedures to determine the appropriateness of, and medical necessity for, treatment of biologically based mental illnesses under this option, provided that all such appropriateness and medical necessity determinations are made in the same manner as those determinations made for the treatment of any other illness, condition or disorder covered by such policy or contract.

Access to surgery for morbid obesity shall not be restricted based upon dietary or any other criteria not approved by the National Institutes of Health. For purposes of this subdivision, "morbid obesity" means (i) a weight that is at least 100 pounds over or twice the ideal weight for frame, age, height, and gender as specified in the 1983 Metropolitan Life Insurance tables, (ii) a body mass index (BMI) equal to or greater than 35 kilograms per meter squared with comorbidity or coexisting medical conditions such as hypertension, cardiopulmonary conditions, sleep apnea, or diabetes, or (iii) a BMI of 40 kilograms per meter squared without such comorbidity. The coverage for colorectal cancer screening shall not be more restrictive than or separate from coverage provided for any other illness, condition or disorder for purposes of determining deductibles, benefit year or lifetime durational limits, benefit year or lifetime dollar limits, lifetime episodes or treatment limits, copayment and coinsurance factors, and benefit year maximum for deductibles and copayments and coinsurance factors.
